Dear Mother & all,

Boy I have not heard from you for an age. I would like to know what is the matter with Alice and how she is doing.

There is very little to write about. I was up north on eight days pass. And sent you a few things which I think I mentioned in my last letter. I hope you receive them ok. I

would like Grandma's people's address in Ireland so when I come back to Blighty I may visit them.

Well I have been on three drafts and did not go but I guess I am

going with the fourth. I
think we leave to-night
or to-morrow night. So
if future please send my
mail to 2nd Batt. B.C.F., France.
Say would you mind sending
me the Severnland Review.
Tell Arch to keep that insurance
paid up. And if he is
called up to join the flying
corp. that is the only service.
Has John enlisted? If not
tell him to join the flying
corp.

Hoping you are all
well, I am

Your loving son
Gordon
