SUMMERLAND, B. C., OCTOBER 30, 1908

No. 13

DUNCAN ROSS ON POLITICAL ISSUES

Duncan Ross and Senator Bostock Address the Electors of Summerland--Liberal Candidate Discusses Tariff and Other Matters.

Before a large gathering of voters of this district Mr. Duncan Ross, Liberal candidate for Yale-Cariboo, dealt with issues that are before the public in this campaign. In a speech lasting about an hour and a half he touched upon many matters, and was listened to with interest by those in attendance, no Opposition speakers being present. Capt. Ramsay occupied the chair, and accompanying him on the platform were Senator Bostock and Mr. Duncan Ross. After a few brief remarks the Chairman called upon Senator Bostock to address the meeting.

On rising Senator Bostock expressed his pleasure to be in Summerland to support the candidature of Mr. Duncan Ross in this contest. I have been in Summerland before, he said, but it was a great many years ago, and I want to congratulate you very much on the advance that has been made in the development of this district. It was quite a marvel to me to see the way that this country round here has been developed and laid out into fruit lots, and I think that if you make as much progress in the next five years as you have done in the last five years, this will be one of the finest spots in the whole of the Okanagan Valley, and the progress made here is only a sample of the development all over the country.

The policy of the Government has been the development of the country by transportation, and the development of the resources of the country. The country as a whole has shown by the vote on Monday last that they appreciate the way that the Government has carried on the affairs of the country during the last 12 years. The Conservative Party do not seem to have had any decided policy to put before the people and they have tried to make out charges against the Government, insinuating in various ways that something had been going on that the people of Canada should be ashamed of.

Speaking of the policy of the preferential

tariff with the Mother Country, he reminded the audience how the trade between the two countries had increased, and how that market had been secured for the natural products of this country.

Discussing transportation he outlined the policy of the Liberal Government showing how they had developed the cold storage facilities on the railways, terminal points and steamship lines, with the result that the products of the Dominion could be placed on the English market in a very much better way than in former times.

Speaking on the work of the Railway Commission he explained the policy of the Government, and stated that in the past session the Commission had been increased in number and given further powers to enable them to deal also with the rates of the various telegraph and telephone companies. Senator Bostock also discussed the All Red Route, and submitted particulars of the proposed service, by which the trade between the Mother Country and Australasia would pass through Canada, and the country become the highway of the Empire.

Here the Chairman asked if there were any Opposition speakers who wished to address the meeting. No one responding to the invitation the Chairman called upon Mr. Duncan Ross to address the electors.

Mr. Ross' Address.

I am glad, Mr. Chairman, to have again an opportunity of addressing the people of Summerland. I came to you a stranger four years ago, asking you for your votes. I return after four years' service again asking you for your votes. I had the advantage, or the disadvantage, four years ago, of having no record to defend and no past experience as a parliamentarian to justify. In this contest, after four years' service, there has necessarily been more or less criticism of the work which I have done, and of the record of that Government which I

have the honor to represent. It is, therefore, my duty, as far as possible to justify the record of the Government, and to justify any public acts of my own while I represented you in Parliament. Before doing so might I congratulate the town of Summerland upon the presence of so many ladies at this meeting. It is always a healthy sign to see the fair sex taking an interest in public matters, and they are always an influence in keeping mere man good and orderly in a public meeting. My only regret is that they have not the right of franchise in this country, because I know that, if they had, I would get all their votes.

Discussing the criticism of Mr. Burrell in his recent speech, with regard to the deferred election in this constituency, the speaker denied the statement that the election could have been held on the same day as the general election, and explained how, according to the existing laws regulating the Dominion elections, it was impossible to have the election in Yale-Cariboo on an earlier date than that appointed.

Speaking on the fruit question he contended that the matter of transportation facilities was of much greater importance to the fruit grower than the question of the tariff on imported fruits, and maintained that the policy of the Liberal Government has stimulated a competition between the C.P.R. and the Great Northern that was likely to materially assist in the reduction of freights.

Regarding the Aylesworth Bill, the speaker submitted some of the principal clauses. He illustrated how, in many districts, only one half of the people on the voters' list had a right to vote in that district, and explained that the effect and purpose of the Bill was to remedy this evil, which obtains under existing conditions.

Replying to the criticism of the policy of the Government in regard to the Grand Trunk Pacific, Mr. Ross denied that the Premier had ever made any statement that the Government end of the railway would only cost \$13,000,000. Admitting that Sir Wilfrid Laurier had under estimated the cost, he pointed out that it was no uncommon thing for the most up-to-date Railway Corporations in the United States to exceed their estimates for new railways. The railway, he declared, when completed, would

form the shortest route to the Orient by 250 miles, and that with the least curvatures and lowest grades, and passing through an undeveloped portion of the country, it would open up thousands of square miles of the northern portion of Canada.

Passing on to the question of the public scandals and the serious charges brought against his party, the speaker submitted some particulars regarding the timber scandals. Going back on the Conservative records, he contended that when the Opposition were in power whole blocks of fifty square miles of timber had been handed over to members of their government, for which no consideration was ever received, and he challenged any of the Opposition to produce evidence to show that the Liberal Party had not always awarded the timber limits to the highest bidder.

Speaking on the Oriental question, Mr. Ross reminded his audience that in 1896 when the Liberal Government came into power they increased the head tax on Chinese from \$50 to \$100 per head, and how as that head tax failed to meet the necessities of the case they increased it again to \$500 per head. Dwelling at some length on the treaty between Great Britain and Japan and the consequent difficulty in dealing with the Japanese in the same way, he outlined the policy of the government toward the Japanese emigration, and explained how the arrangements made with the Japanese Government had met the difficulties of the case until 1907 when the large influx of Japanese, brought to the country under contract to work for the C.P.R. or other large corporations, had culminated in the unfortunate riots in Vancouver last year.

Mr. Ross concluded his remarks by referring to the opening up of the rich section of country south of the Okanagan, which he declared was along the lines of the progressive policy adopted by his party.

COLLEGE NOTES.

The football teams of the College and Peachland met on the campus on Saturday afternoon, and after a strenuous tussle in which three men were rendered hors-de-combat, Peachland were victorious by 2-0. After playing somewhat loosely in the first half the College boys were distinctly unlucky in being unable to score during the second period; for despite the fact that they were minus their two star forwards the play was all in their opponent's territory, and only the splendid Peachland de-

fence prevented the College from scoring. However, we hope to turn the tables when next we meet. Cam. Robinson sustained a nasty kick soon after half time and is still limping about in consequence; but Finlay McWilliams has recovered from the effects of his tumble.

The Literary Society held their initial gathering on Saturday evening, and a pleasant time was the result of their efforts. President R. C. Robinson was in the chair, and various important items of business having been dispatched in as expeditious a manner as possible, the programme opened with a rousing college song. Humorous recitations were rendered by Messrs. W. Watson and G. Clay, and with a jumbled geographical name competition provided the audience with lots of fun. After two well rendered songs by Mr. J. W. S. Logie and another college song the meeting dispersed with "God Save the King."

College students and friends, look out for the "Okanagan Lyceum," the first number of which will appear before the Christmas holidays.

The classes have lately re-organized themselves, so the air will soon be thick with challenges, whilst coats and waists will soon be adorned with class colors.

Owing to the absence of Principal Sawyer the classes have been temporarily re-arranged. We shall be glad when he returns that we may resume the usual curriculum.

SUMMERLAND CIVILIAN RIFLE ASSOCIATION.

On Saturday last a match was shot off with Penticton on the Summerland range, with the result detailed below. The same day the District Officer Commanding (Col. Holmes) inspected the books, arms and range of the association, expressing himself as well satisfied with the result of his inspection.

There will be no further practice on the old range, and members are notified that a special general meeting will be held on Thursday, November 5th, to consider the question of a new range.

MUNICIPAL COUNCIL MEETING.

The Summerland Municipal Council met in the Council chamber at 8:30 a.m., on Monday, October 19th. Minutes of previous meeting were read and adopted. Communications were received from T. J. McAlpine, throwing up contracts Nos. 22 and 23, and from G. A. Henderson, enclosing copy of offer of Amelius Jarvis & Co., Toronto, for the debentures of the municipality. Tenders were received for a number of road contracts. The public works committee reported recommending that the following tenders be accepted: Nos. 10, 11a, 13, 15a, 16 20a, 11a, 22, 22a, 23, 23a, 24a, 34, 35, 36, 37, 38, 38a, 38b. On motion the report was adopted.

On motion of Councillors Ritchie and Brown the clerk was authorized to notify each tenderer that under no consideration will the Council sanction the throwing up of any contract without their consent. Any contractor violating said condition will be debarred from tendering in the future.

The clerk was instructed to call for tenders for a number of new contracts.

The road commissioner was instructed to report on the Garnet Valley road, and the two Lake Shore Gulch roads at as early a date as possible.

On motion of Councillors Brown and Gartrell the offer of Amelius Jarvis & Co., Toronto, for the Summerland debentures at ninety cents on the dollar, was accepted.

Council then adjourned to meet on November 2nd, 9 a.m.

YALE-CARIBOO.

The last Dominion election in Yale-Cariboo occurred November 22, 1904. In that contest there were 4,442 ballots cast, of which 48 were spoiled and 26 rejected, leaving 4,348 ballots counted. In detail the results for each party in the the eight provincial ridings in Yale-Cariboo were officially reported as follow:

	Burrell.	Ross.	Mills.
	Con.	Lib.	Soc.
Cariboo	153	164	1
Grand Forks	268	199	163
Greenwood	140	232	180
Kamloops	382	422	25
Lillooet	142	98	4
Okanagan	509	530	47
Similkameen	126	192	49
Yale	140	184	8
Totals	1850	2011	487

A study of the above table shows that Mr. Ross had 161 majority out of a total of 4,358 votes counted. In spite of the closeness of the totals, Mr. Ross had a majority in six out of the eight ridings, the only ones giving Mr. Burrell a majority being Grand Forks and Lillooet. The Socialists cast a little over one-tenth of the total vote.

LOCAL NEWS

Summerland Lodge L.O.L., No. 2036, will hold its regular monthly meeting on Tuesday evening, November 3rd.

A sale of home-made bread, buns, biscuits, cakes, pies, tarts, candy, etc., will be held in the Fruit Company's store on Saturday, November 7th, by the Ladies' Aid of the Methodist Church. Afternoon tea will also be served. Come and get ready for Thanksgiving.

The Orangemen of Summerland have decided join their brethren of Peachland in celebrating the "Gun Powder Plot" on November 5th, in Peachland Orange Hall. A boat will run from Summerland to Peachland on the evening of that date.

Mr. C. B. Moore has bought Mr. Ritchie's fruit land on the old Gartrell property in Peach Valley, more lately known as the Ritchie-Black property. Mr. Moore intends to improve about eighty acres immediately and the balance of about ninety acres he will offer for sale.

On Monday night in the Methodist Church a meeting was held in the interests of the Local Option Campaign. Mrs. Spofford, Provincial President of the W. C. T. U., was present and delivered a short address, setting before the meeting the object and need of organizing a Local Option League in Summerland. A committee was appointed consisting of representatives from each of the churches, whose duty it shall be to call a meeting and organize such a league at some future date.

The attention of the municipal council is directed to the deplorable condition of the street between the Bank of Montreal and E. I. Scott's jewelry store. For several yards close to the sidewalk the earth has fallen away leaving a dangerous hole for pedestrians to cross during the dark evenings. What might have proved a serious accident occurred on Wednesday evening about six o'clock. While crossing the street Miss Van der Nest had the misfortune in stepping off the sidewalk to alight in this hole, and although not seriously injured was badly shaken up. We trust that at the council meeting on Monday next some action will be taken to improve this portion of the business thoroughfare.

The Odd Fellows of Summerland held a meeting on Tuesday evening at which a number of old members were present. Steps were taken to institute a lodge in

Summerland immediately. Committees appointed at a previous meeting reported on matters in hand, the results of these reports being so favorable that organization was at once proceeded with. The lodge will start with over twenty old members, among whom are many past grands, besides a number of candidates who are anxious to join. The date of institution will be fixed at a meeting to be held in the Orange Hall on Thursday of next week, when all old members are requested to be present.

Mark D. Manchester, engineer for the Summerland Development Company, and his gang of ten men who have spent the past month or six weeks at the headwaters of Trout Creek erecting a dam to increase the water supply for irrigation purposes, returned to Summerland on Wednesday evening. The work accomplished consisted of a dam 183 feet in length and nine feet high, being erected at the headwaters, and will insure an ample supply of water for all purposes next season. The cold weather at that altitude prevented further work being done this fall, but it is the intention of the Company to improve the system still further during the coming summer.

LOST

On Wednesday evening between the high flume and Thomas Moore's place a canvas sack containing clothing, etc. Finder will please return to The Review Office.

NOTICE

Mrs. R. C. Lipsett came up Tuesday morning from Summerland for a few days' visit with her sister Mrs. J. B. Robinson.

The heating system in the school was near enough completed last week, so that work began again in all three rooms on Monday.

Rev. J. J. Nixon continues to add to his reputation as a nimrod. This time a coyote fell victim to his skill with the rifle. Dublin papers please copy.

The work of municipal organization is being proceeded with as fast as possible. The boundaries have been arranged and the necessary advertising begins this week.

Miss Alice McDougald returned last week from an extended trip to Summerland. She was accompanied by Miss Candace, who had been spending a few days with relatives in Summerland.

Messrs. Morrison and Wright are spending a few days at the Glen inspecting the work of the gang who are working on the dam. When completed this dam will make a reservoir which will hold enough water to prevent any possibility of a shortage in dry years.

The Orangemen purpose giving an "at home" in the Orange Hall on the evening of November 5th. A choice programme of music and addresses is being prepared, and the wives and lady friends of the Orangemen are requested to provide refreshments for the evening.

Mr. W. Agur, who has lived for some years in the fruit growing regions of Australia, is another newcomer. While there he was engaged in the care of fruit trees, and is an expert pruner and gardener. He is making his home for the winter with Mr. Seth Davidson.

The past week saw the arrival in Peachland of two new families who intend to make their homes here. The first to arrive were Mr. and Mrs. Orr with their four young people. They came from Chilliwack and are in search of a drier climate. Until they get a house built on their lot on Beach Avenue they are living in Mr. Sid. Lang's house. Mr. and Mrs. W. Clement with four children hail from Arnprior, Ontario. They have not yet purchased a lot, but are busy inspecting some offered for sale. At present they are staying at Mr. Walter Cossar's.

Mrs. Metcalf, of Winnipeg, came in by Monday's boat, to spend the winter with her daughter, Mrs. Wm. Douglas. She was on one of the trains delayed near Moose Jaw by the wreck in the deep snow. When the line was cleared they passed through cuts in the drifts with snow nearly as high as the coaches.

Mrs. Spofford, of Victoria, held a meeting in the Hall Sunday evening in the interests of the Local Option movement. There was a crowded house to listen to her interesting talk on the subject. It was decided to organize a branch here and some of the committees were appointed, the officers to be appointed at a later meeting.

Quite a goodly number of enthusiastic politicians who felt that they could not sleep without election returns assembled in the Orange Hall Monday evening and discussed with great interest the returns as they came in. It was a great relief to some of the crowd to find that the country was safe again. There were others who did not share in their enthusiasm however.

The football team journeyed to Summerland last Saturday to meet the College boys in a friendly match. The score was 2-0 in favor of Peachland. Although beaten the College lads played a fast game with good combination, but they were lighter than the Peachlanders, and their forwards failed to break through the strong defence of the visitors. It is expected that the return match will be played on the Peachland grounds next Saturday.

The following have recently been added to the fiction department of the Peachland Reading Room Library: The American Prisoner, by Eden Phillpotts; The Changling, by Sir Walter Besant; The Affair of the Inn, by K. D. Wiggins; The Frontiersman, by Chas. Egbert Craddock; Ensign Knightly, by A. E. W. Mason; The Descent of Man, by Edith Wharton; Barlasch of the Guard, by Marrison; The Farm of the Dagger, by Phillpotts; Mr. Whitman, by Ely Pullen; Darrell of the Blessed Isles; The Abbess of Ulaye, Weyman; The Food of the Gods, by Wells; Polly Pat's Parish, by Kirkland; Holy Orders, by Corelli; A Prophet in Babylon, by Dawson; Wuthering Heights, by Emily Bronte; Salem Chapel, by Oliphant; The Dove in the Eagle's Nest, by Yonge; A Tale of Two Cities, by Dickens; Kenilworth, The Bride of Lammermoor and Woodstock, by Scott. Others are on the way.

Public notice is hereby given that one month after the date hereof the undersigned and others intend to make application to His Honor, James Dunsmuir, Lieutenant-Governor in Council, at Victoria, under the provisions of the "Municipalities Incorporation Act, 1896," and Amending Acts of the statutes of the Province of British Columbia, for Letters Patent under the Great Seal to incorporate into a District Municipality under the name of "The Corporation of the District of Peachland," that certain tract of land, situate in the County and District of Yale, the limit and extent of which is described as follows: Commencing at the South East corner of lot 2690 on Okanagan Lake, thence due North to North East corner of said lot; thence due West along the North boundary thereof to the North West corner of said lot; thence due South along the West boundary thereof to the North East corner of lot 449; thence due West along the North boundaries of said lot 449 and lot 1174 to the North West corner of the last mentioned lot; thence due south along the West boundary of said last mentioned lot to its intersection with the North boundary of lot 220; thence along the North boundary of the last mentioned lot, due West, to the North West corner thereof; thence due West along the North boundary of lot 902 a distance of 19.87 chains; thence due South a distance of 19.01 chains; thence due West a distance of 20 chains to the North West corner of last mentioned lot, such point being also the North East corner of lot 1800; thence along the North and West boundaries of last mentioned lot to the intersection of said West boundary with the North boundary of lot 490; thence along the North boundaries of said lot 490 and lot 1185 due west to the North West corner of last mentioned lot; thence due South along the West boundary of said last mentioned lot to the North East corner of lot 2534; thence due West along the North boundary of last mentioned lot a distance of 60.07 chains; thence due South a distance of 20 chains; thence due West a distance of 20 chains to the North West corner of said lot; thence due South a distance of 20 chains to the intersection of the West boundary of the last mentioned lot with the North boundary of lot 1274; thence along the North boundary of last mentioned lot, due West, to the North West corner thereof; thence South along the West boundaries of said last mentioned lot and lot 2338 to the South West corner of last mentioned lot; thence due East along the South boundary of last mentioned lot to its intersection with the West boundary of lot 912; thence along the West boundary of the last mentioned lot, due South, to the South West corner thereof; thence due east along the South boundary thereof to its intersection with the West boundary of lot 221; thence along the said West boundary of last mentioned lot, due South, to the South West corner thereof; thence due East along the South boundary of the last mentioned lot to the shore of the said Okanagan Lake; thence in a Northerly and Easterly direction, following the shore of the said Lake, to the point of commencement.

A RUSE, NOT A CRIME.

Yale-Cariboo has been condemned with certain other constituencies to delay expression of its sentiments towards the present government till two weeks after the rest of Canada have passed on their case. This has been loudly condemned by the opposition speakers. Attempts have been made to make out that it is a crime against the electorate to do such a thing. But thoughtful electors will hardly be deceived by any such cries. They will make a sharp distinction between a political ruse and a political crime. If Mr. Ross and his government have done nothing more serious than that it cannot be said this constituency has a case against him.

It is true we would rather have expressed ourselves on the 26th since we like cold pan-cakes no better than other people. It is true also that the election could have been held at that date since the Tories in other less favorable days had no trouble in covering the ground in the requisite time. And the fact that this was not done is a self-evident confession of weakness on the part of Mr. Ross and his colleagues. Clearly they were afraid to take a fair chance in the general scrimmage, and, therefore, sought the advantage which comes from the undue influence of example upon the indeterminate. The hope in the game is that if the government, which was supposed stronger in other constituencies, is sustained, the weakling voters of Yale-Cariboo will decide they had better fall in line with the crowd, on the ground that what the majority have chosen must be the better way. It is sad but true that there are always those who will, through weakness, surrender the right of

private judgment. They do not respect their own thinking and so are sucked into the stronger current of the thought of others.

This by-election ruse is always the resort only of the desperate, since it is not only a confession of weakness but it is liable to work both ways. Should the opposition be returned to power the candidate is then sure to be hanged high as Haman by the same spineless vote to which he catered.

For this reason the fact that we are condemned to a by-election should not be regarded as a crime. It is only a ruse, inconvenient no doubt to the elector, but one which does not rob him of any right, and one which, if he chooses to resent it, may readily be made very disastrous to the perpetrator.

Let us be fair and not class such pardonable tactics of the hard-pressed with crimes like those of robbing the elector of his ballot, condoning the offences of party agents or stealing the patrimony of the people wholesale for interested friends.

The People's Press is the latest star in the firmament of our provincial journalism. It is published in Victoria as the provincial organ of the Reform League, and its crest declares it "devoted to moral, social and economic betterment." It is printed on glazed paper, illustrated by cartoons, and edited by Mr. Phil. R. Smith. As it is well stocked with reading matter in which "social and economic betterment" figures largely, and as this is a day of social unrest in which people are feeling around after better conditions, political, moral and economic, The People's Press should find its own welcome in thousands of British Columbia homes. The Review wishes its contemporary of the social pruning shears all success in its gallant attempt to make this part of the nation a whole lot better than it is. There is certainly room for improvement in more than one direction.

It is stated at the Trade and Commerce department that if navigation of the Great Lakes can be depended on until the end of November half of this year's grain crop of the Canadian west will have been moved to the Atlantic seaboard before frost sets in.

The Canadian Locomotive Works at Kingston, Ont., has just closed a deal with the Grand Trunk Pacific Railway Company for forty engines to be delivered during the coming year.

Summerland Municipality

Tenders for Roadwork

Tenders will be received by the undersigned up to six o'clock Saturday, October 31st, 1908, marked "Road Tender" for the following road contracts:

- No. 14—Making of road from Geo. Anderson's up gulch to Thos. Moore's.
- No. 39—Making of road on Sixth Street to Lake Woodlands.
- No. 40—Making of road from N.E. of Block 15, Lot 508, to Block 7, Lot 508.
- No. 41—Repairing of road south of Block 4, Lot 508.
- No. 42—Making of road east side of Blocks 8 and 12, Lot 2196, Peach Valley.
- No. 43—Making of road west side of Block 6, Lot 2543, Prairie Valley.
- No. 44—Repairing of road from S. W. corner of Block 29, Lot 474, running south.
- No. 45—Making and repairing road west side of Blocks 10 and 11, Lot 473.

LOCAL NEWS

Mrs. (Rev.) Jas. Hood spent a few days in Peachland this week.

Mr. E. A. Eigel returned from the coast on Wednesday evening.

G. S. B. Perry of the Pacific Coast Pipe Company spent Monday and Tuesday in town in the interests of his firm.

Bill have been posted around Summerland announcing that Mr. Clifford Sifton will address the electors of this district in the interests of Mr. Duncan Ross, in Empire Hall on Tuesday evening, October 3rd.

Mr. and Mrs. W. J. Lawrence, who have resided in Summerland for the past five years, left on Wednesday evening for Spokane, where they will reside in future. A number of friends were at the wharf to say farewell.

Mr. and Mrs. Geo. E. French and child of Hedley arrived in Summerland on Thursday and are the guests of Mr. and Mrs. Geo. N. Gartrell. Mr. French has accepted a position on the Vernon News, and left for Vernon on Friday morning, Mrs. French remaining for a few weeks in town.

Mr. F. H. H. Fysh arrived a few days ago from a residence of several years in Dawson, and is spending a short time in Victoria before leaving for his future home in Summerland. He will be accompanied by Mrs. Fysh who has been a visitor here for two or three months.—Vancouver Province.

Grace Bonner, the impersonator and ventriloquist, gave an entertainment in the Methodist Church on Friday evening, October 23rd. The presentation of the various characters in "Esmeralda" was cleverly done. On account of the short notice of her appearance here, there were not as many present as would have attended had there been more time to advertise the entertainment.

Mr. R. H. English, having disposed of his livery business, wishes to thank the citizens of Summerland and the travelling public for past favors and patronage, and to announce that as manager of the Transfer Company he will be prepared to cater to the public as in the past, and having assumed the management of the Summerland Fruit Company, desires a continuance of the confidence of the people and hopes to merit the same by fair dealing in all transactions.

Naramata

Mrs. Thos. Wellband returned Friday night from a two weeks' visit with friends in Vancouver.

Mr. F. H. Latimer of Penticton, accompanied by his wife, visited Naramata on business during the week.

A number of Naramata ladies are practicing for the turkey shoot on Thanksgiving Day.

Instead of the concert, a dance and social will be given in the opera house on the night of Thanksgiving Day under the auspices of the Athletic Association.

The Orillia conveyed a party of our young men on Tuesday evening to Penticton to hear an address by Duncan Ross, the Liberal candidate for Yale-Cariboo.

Service was conducted in the opera house on Sunday evening by Rev. A. T. Baker of Penticton. A large congregation and a refreshing service were the result. Mr. Crawshaw sang a baritone solo "Nazareth" (Gounod), very effectively.

Mrs. Anna L. Gillespie returned Monday night from a two months' tour of the western states. Her son, Fred. W. Manchester, who has been selling real estate in the prairie provinces, also came in on the same boat.

On Tuesday night an entertainment was given by Miss Grace Bonner, impersonator and ventriloquist, of Seattle, Wash., the proceeds of which were given toward the purchase of a school library. There are twenty-four pupils attending school and a library would be a valued acquisition.

Registered at the Hotel Naramata are, Messrs. W. A. Logan, S. McLellan, — Tooth, E. Thomas, of Penticton; D. Watson, C. C. Wharton, W. G. Parkinson, G. A. McWilliams, Rev. Solly, M. G. Stock, of Summerland; W. B. Raincock, Victoria; Norman T. Ellis, Norwich, Eng.; Geo. W. Irving, H. N. Alexander and H. P. Wilson of Peachland.

If the mild weather continues more grain will have left Thunder Bay this fall than at any time in the history of the Canadian middle west. From 400 to 500 cars are leaving Winnipeg daily with grain, and returning with fuel for the north-west. The condition of the transportation facilities is first class. Even the old wheat is being cleaned out of the elevators.

The members of the Scotch Agricultural Commission, who recently made a tour of the west, are greatly delighted with what they have seen. They state that as a result of their investigations it may be expected that Canada will get more of the desirable class of immigrants wanted here, and fewer or none of the classes not wanted.

RESULTS OF MONDAY'S ELECTION.

The Dominion election held on Monday last resulted in a Liberal victory, although the majority of the Laurier administration has been somewhat reduced. The latest returns give the government a majority of forty-nine with six seats to hear from. In Nova Scotia the Conservatives gained 5, in Manitoba 4, and in British Columbia 3. The Liberal majority was reduced from 62 to 49 according to latest reports. Ralph Smith, Nanaimo, was the only Liberal elected in British Columbia. One Cabinet Minister, Hon. Wm. Templeman, was defeated in Victoria. At the nominations held in the Comox-Atlin constituency on Wednesday, William Sloan, Liberal candidate, was elected by acclamation, no other candidate being offered in nomination.

HALLOWE'EN FORTUNE TELLING.

A new manner of fortune telling for the Hallowe'en party was tried on such an occasion last year. A shallow box has placed in it a set of letters of the alphabet, such as is used in playing the game of letters. A number of blanks are placed in the box also. The would-be seeker for knowledge of the future is blind-folded and puts his or her hand into the box, withdrawing only one slip at a time. The drawing should be repeated until three slips have been taken out. The letters are supposed to show the initials of one's future partner in life. If only blanks are drawn then the seeker is doomed to single blessedness. One letter and two blanks are held to signify an engagement but not a marriage.

No longer do a ring, a thimble and a piece of money answer for a fortune telling cake for girls. No, indeed! The day is long passed when marriage, spinsterhood and rich inheritances were the only careers open to women. A twentieth century cake must have a tiny glass bottle, standing for either a doctor or a trained nurse, a little china doll meaning a teacher, and as many other symbols as the ingenuity of the host-may devise.

Misses Lane & Long, fashionable dress-makers, wish to announce to the ladies of Summerland and Naramata that they have opened dressmaking parlors at Peachland, and solicit a share of their patronage. They will be in Summerland and Naramata every Tuesday.

FRUIT MEN IN PARLIAMENT.

The following appeared recently in the Canadian Horticulturist:

More horticulturists should be in Parliament and in our Legislative Assemblies. There is need for men who know something about fruit growing and kindred pursuits. The enacting of legislation that has to do with the progress of our fruit industry requires the support of men acquainted with the business.

It is with pleasure, therefore, that we learn of the nomination of Mr. Martin Burrell to contest the Yale-Cariboo constituency in the next Dominion election. Aside from politics (and we do not know the party that he supports) Mr. Burrell is eminently fitted for a place in Parliament, no matter to what side of politics he belongs. His long experience as a fruit grower, the excellent work he did at the Dominion Fruit Conference in 1906, the manner in which he performed his duties as representative for British Columbia at the big fruit shows of England and the great interest that he takes in the fruit industry of Canada, make him highly deserving of the confidence of the electors. Furthermore, the retirement of M. E. D. Smith, M.P., the Conservative member for South Wentworth, Ontario, and the fact that Mr. A. A. Wright, M.P., the Liberal member for South Renfrew, will not be a candidate at the next election, both of whom have done valuable work in the interests of our industry, demand the election of one or more men to continue the work.

B. C. TRAFFIC INCREASES.

F. F. Busted, general superintendent of the Pacific division of the C. P. R., who was in Winnipeg last week, said:

"Everything is progressing rapidly in the coast province, and traffic is now very heavy. The good crops in Manitoba and the western provinces are, of course, responsible for it all, not that there is much wheat moving in the coast province, but because the good crop in Manitoba has restored a feeling of confidence. The lumber traffic is particularly heavy for this season of the year, and all the mills are beginning to receive larger orders. Heavy shipments are being sent east to consumers in Manitoba and Saskatchewan. The tourist traffic is, of course, over and in this department the year's business was such that the company's officials were well pleased. All through the summer months the travel was heavy and thousands of people visited the famous resorts of British Columbia."

YOUR PATRONAGE SOLICITED

LOCAL NEWS

Capt. Ramsay spent Friday at Okanagan Centre.

Dr. White and J. R. Brown returned on Tuesday from Keremeos, having spent a few days in that end of the valley.

At the baseball meeting held last week very few turned up and it was decided to call another meeting at a later date.

Harry Reynold arrived in town on Tuesday, having made the trip from Quesnel to Summerland on horseback.

What's the matter with the football team? Why don't they get out and practice these days?

Mr. C. S. Stevens went up the valley on Monday to get the telephone line in good working order for election returns.

Don't forget the old-fashioned tea-meeting to be held in Empire Hall by the Ladies' Aid of the Presbyterian Church on Thanksgiving Day.

Rev. R. J. McIntyre addressed a large meeting of Orangemen in Kamloops last Tuesday evening in the interests of that order.

Mrs. James Gartrell returned last week from an extended visit in the east. She spent a few days in Kelowna visiting her daughter en route home.

On Sunday morning in the Methodist Church a special temperance object lesson will be given by the pastor to the boys and girls present.

Rev. W. Gourd of Vancouver spent a few days in town this week on his way back to see his ranch in Alberta. He was very favorably impressed with the possibilities of this place.

Miss McIntyre, Mr. I. B. Fulton, Mr. J. J. Wallace and Dr. Sawyer left on Monday for Revelstoke, where they attend the Provincial Sunday School Convention held there this week.

Rev. Dr. Sipprell, principal of Columbian College, New Westminster, was a visitor in the valley this week, giving Summerland a call on Friday. He returned but recently from California where he had been recuperating.

Capt. J. M. and Mrs. Stevens and Mr. Kendall of Penticton spent Wednesday in town. The trip was made by vehicles. On their return they were accompanied by Miss Cooper and Miss Kerr who will spend a few days in Penticton.

Between now and the 12th of November next, the date of the election in this district, the electors of Summerland will have an opportunity of hearing Premier McBride, Hon. Mr. Bowser or the Hon. Mr. Haultain of Regina discuss public matters affecting the electing of a member to represent us in the house of Commons. Any one of the above gentlemen should draw the entire community to his meeting, but naturally would prefer to hear our Premier.

Dr. R. Mathison, dentist, will be in Summerland on November 16, and will remain for two weeks.

LEGISLATIVE
NOV 10 1908
VICTORIA, B.C.

PREMIER SCOTT OF SASKATCHEWAN

ADDRESSES ELECTORS OF SUMMERLAND

Empire Hall was well filled on Tuesday evening by the electors of Summerland who assembled to hear the political issues of the day discussed by Hon. Walter Scott, Premier of Saskatchewan, who is touring Yale-Cariboo in the interests of Mr. Duncan Ross, Liberal candidate in this constituency. Mr. Clifford Sifton had been advertized to be in attendance, and a wave of disappointment was noticeable in the audience when it was learned that his place would be taken by Hon. Walter Scott.

Colonel Cartwright occupied the chair during the evening, and on the platform were Hon. Walter Scott, Premier of Saskatchewan; Mr. Frank Callendar of Peachland, and Mr. J. R. Brown. After a few brief remarks the chairman introduced to the audience the first speaker of the evening, Mr. Frank Callendar. Mr. Callendar upon rising, received a good reception. It was evident from the outset that the speaker was an amateur in the political arena, but the audience listened with interest while he eulogized the Liberal party in general, and gave a little early history of what occurred in Eastern Canada in 1878 and also during his residence in the Northwest in 1900. The chairman in introducing the next speaker, assured the audience that a treat was in store for them when Hon. Mr. Scott would be heard on the political questions of the day.

On rising Hon. Mr. Scott was accorded a hearty reception, the applause lasting several minutes. The first question touched upon was the matter of deferred election which the speaker contended was an absolute necessity in order to give all voters an opportunity to exercise the franchise. The next matter dealt with by Mr. Scott was the question of Better Terms. He criticized Premier McBride for his action at the Conference of Premiers two years ago in not accepting the terms offered by that body. The settlement, as explained by Hon. Mr. Scott, might possibly work out to the advantage of the province one hundred years hence when there would be

a population of millions in British Columbia, but it is apparent from the figures quoted that the present generation would be very little better off by this new arrangement, but admitting the justness of the claim that British Columbia should receive more than the other provinces of Confederation.

The Asiatic question was the next subject to receive attention, and Hon. Mr. Scott appealed to the audience for imperial unity, contending that owing to the treaty existing between England and Japan, no action could be taken which would tend to abrogate this treaty, explaining that Mr. Lemieux's mission to Japan had resulted in stopping the emigration of Japanese, except in very limited numbers.

The Autonomy Bills, passed by the Dominion-parliament prior to the establishment of the provinces of Alberta and Saskatchewan, also were explained by the speaker at some length.

Transportation was the theme to which Hon. Mr. Scott devoted considerable attention. He went back to the early days in Manitoba and the Territories and contrasted the difference particularly in the last twelve years of Liberal administration. There were several interruptions from the audience during this part of his speech, which culminated in Mr. Hector Sutherland taking the platform at the close, and stating several facts which the Premier admitted were correct. The result of a half hour's talk on the transportation problem can be summed up in a very few words, namely: that the Liberal party of Canada stands for new roads and competition, while the Conservative party stands for the C.P.R. and monopoly.

Hon. Mr. Scott referred to the numerous charges of corruption which had been hurled at the government during the recent election, and denounced the Opposition for its tactics in this connection.

In conclusion the speaker appealed to the electors to rally to the support of Mr. Ross on the 12th. The meeting closed with three cheers for Mr. Ross, Premier Scott and the Liberal party.

THE TRI-WEEKLY MAIL SERVICE.

The tri-weekly mail service in Okanagan Valley was inaugurated this week and for the next six months the citizens of the various towns and the country generally will be deprived of daily communication with the outside. In former years there may have been cause for a service of this kind owing to the limited population in the Valley, but with the influx of settlers due to the development of the fruit industry, conditions have changed. It is understood that the C. P. R. is only paid by the Post Office Department to deliver the mails three times a week during the winter months, and this being the case, the only redress under the circumstances is an appeal to the Postmaster-General at Ottawa. The rural mail delivery which has received so much attention during the past few weeks will undoubtedly be established, and if this is such an important matter in other parts of the Dominion, surely the thousands of business men and others along the Okanagan Lake, a distance of about sixty miles, are entitled to a little consideration at the hands of the Post Office Department. There is no doubt that were proper representations of the conditions laid before the Department by a delegation composed of business men from this valley something could be done to ensure a daily service the year round. Let the business men of the various towns get together and see what can be done to secure this much needed improvement in the mail service.

With the Aberdeen alternating with the Okanagan on the route, as it is at present and is likely to do for some time, it should be an easy matter to arrange for the delivery of mails daily for the present at least.

LOCAL OPTION TO BE DISCUSSED.

A local option convention has been called for November 25, in the Oddfellows' Hall, Vancouver, to take steps for the securing of the option in every municipality. The object of the convention is to form a British Columbia Local Option League, "which shall consist of the entire population of the province, and to weld into a solid and serviceable mass the temperance unions and moral reform associations now in existence."

LOCAL NEWS

Miss Lillian Brown, daughter of Mr. J. R. Brown, had the misfortune in stepping out of a rig to slip and badly sprain her hand. While no bones were broken the injury is very painful.

Mr. T. C. Stinson has purchased the cottage with fifty feet of ground, at present occupied by Mr. James English, and will remove to his new residence in the near future.

Up to the time of going to press no definite information could be obtained as to where the poll will be held in this district next Thursday, or who had been appointed deputy returning officer.

Arrangements have been made by both Liberals and Conservatives to get the results of the election on Thursday evening next. At both committee rooms the results will be posted as received.

A turkey shoot will be held at the rifle range on Thanksgiving Day, both rifle and trap shooting. Full arrangements have been completed, and with fine weather a good day's sport is assured.

The Oddfellows held an organization meeting on Thursday evening, when arrangements were made for securing a charter and the necessary lodge requisites. The lodge will be instituted on or about December 15th.

Thanksgiving services will be held on Sunday in the Methodist Church. In the morning the Rev. A. T. Robinson will conduct the service, and in the evening Rev. R. J. McIntyre will occupy the pulpit.

Nelson Bros. have been awarded the contract for the new public school building to be erected at Parkdale. The plans show a beautiful building in architecture. The work has already been commenced and the structure is to be completed by January 1st.

Mr. E. B. May, manager of the Bank of Montreal, Summerland, returned on Monday from a three weeks' vacation. Mr. May spent some time at the Glacier, where he was joined by Mrs. May, who was returning from a visit to the Old Country. From the Glacier Mr. and Mrs. May travelled down the Arrow Lakes to Nelson and from there to Midway, returning by way of stage. They spent several days in the Kootenay. Mr. May, after a close inspection of conditions in the Kootenay, is more impressed than ever with the possibilities of the Okanagan Valley.

MUNICIPAL COUNCIL MEETING.

The regular monthly meeting of the Summerland Municipal Council was held on Monday morning. Minutes of previous meeting were read and adopted. Communications were received from the Vancouver Rubber Company, giving prices on fire hose, and an account from T. J. McAlpin for work done on Contract No. 15, cancelled by Council.

The monthly accounts were passed for payment amounting to \$1,224.15.

On motion of Councillors Brown and Gartrell the report of the Finance Committee was adopted.

The Public Works Committee reported, recommending that the following road contracts be awarded: 39, Woodlands, J. C. Webster, \$128; 41, T. J. McAlpin, \$110; 44, B. H. Sherk, \$50; 45, B. H. Sherk, \$120. On Motion of Councillors Thompson and Ritchie the report was adopted.

In connection with a communication from the Summerland Development Company in regard to the fire hydrants, the following were appointed fire wardens, who should be thoroughly posted in the use of the hydrants and how to turn on the water and make hose connections, so that in case of fire there would be no delay for want of knowledge: Adam Stark, chief; Messrs. Bartlett, English, Watson, Mellor, Burtch, McAlpin and Hatfield.

The Reeve and Treasurer were authorized to effect a loan with the Bank of Montreal in one or more sums, in all not exceeding \$10,000, to be repaid out of the proceeds of the sale of Municipal debentures. The Clerk was instructed to have a by-law prepared for submission to the electors in January for the transfer of \$4,000 raised to purchase a municipal building site, the same to be devoted to roads and bridges. Also to see that the owners of public buildings comply with the regulations in regard to requiring all doors to open outward.

A number of road contracts were agreed on, and the Clerk was instructed to have same advertised in this week's issue of The Review.

The Council then adjourned to meet on Monday, November 16th, at 8:30 a. m.

The Vancouver Daily Province is issuing an excellent premium to subscribers. It is a large steel engraving of Hon. Richard McBride, premier of British Columbia, suitable for framing, and should adorn the home of every British Columbian.

LOCAL NEWS

C. W. Armstrong, representing Henderson Bros., wholesale druggists, Vancouver, spent a few days in town this week. While here he occupied his time improving his fruit lot. Mrs. Armstrong will arrive about the first of the year to reside in Summerland.

A cordial invitation is extended to the people of Summerland to a mock trial to be held in the auditorium of Okanagan College, under the auspices of the Okanagan Lyceum, on Saturday evening at 8 o'clock. The case to be tried is that of Fluffy Ruffels vs. Von Bismark, for breach of promise.

All young people between the ages of five and fifty are invited to the meetings of the Summerland Y.P.C.A. on Tuesday evenings in the Methodist Church at 8 o'clock. Next Tuesday a paper will be read on the subject of "Talents," based on Matt. 25, 13-30, and all will be invited to take part in the discussion.

A surprise party was given on Saturday evening at the home of Mr. and Mrs. V. Taylor, about twenty-five being present. The first part of the evening was devoted to cards and various games, and later in the evening the jolly party enjoyed a couple of hours of dancing. Refreshments were served about 11.30, and the party dispersed after singing Auld Lang Syne.

A meeting will be held on Monday evening, 16th, in the Methodist Church, for the purpose of appointing a permanent committee to secure signatures on a petition to the local Legislature requesting them to enact a Local Option law. Short speeches will be delivered by local clergy and Prof. Sawyer. Suitable music will be furnished. The general public is invited.

Thanksgiving has been changed from Thursday to Monday this year. The practice in Canada and the United States has been to have it fall in the middle of the week so that the tendency might be for the people to attend Thanksgiving services in the churches, and to make it in some measure a holy day instead of a mere holiday. By setting it forward to Monday at the request of those who desire to convert it into a portion of a glorified week-end, the purpose for which the day was first appointed is lost from sight.

See John Tait's ad. this week.

**Summerland Municipality
Tenders for Roadwork**

Tenders will be received by the undersigned up to six o'clock Saturday, November 14th, 1908, marked "Road Tender" for the following road contracts:

No. 14—Making of road from Geo. Anderson's up gulch to Thos. Moore's.

No. 40—Making of road from N.E. of Block 15, to Block 7, Lot 508.

No. 43—Making of road west side of Block 6, Lot 2543, Prairie Valley.

No. 47—Making of road from Block 18, Lot 441, to Blocks on Lot 1073.

No. 48—Repairing of road in Peach Valley.

No. 49—Making of a ditch on south side of Blocks 11, 17, and 7 in Lot 474.

No. 50—Repairing and shaling of road from School House to Development Co.'s office.

No. 51—Making of road from Geo. Anderson's to west side of Shaughnessy Avenue.

No. 52—Repairing of road in Peach Orchard near Block of F. D. Cooper's.

No. 53—Making of road on west side of Block 6, Lot 473.

No. 54—Making of side walk on Ninth Street to Laundry; removing and laying new side walk on Shaughnessy Avenue.

No. 55—Making of side walk from Elliott's store to connect with present side walk on Shaughnessy Avenue.

No. 56—Making of side walk from Shaughnessy Avenue to Watson's lot.

The Road Commissioner will be on the grounds to give details of the nature of the work to be done as follows:

- | | |
|----------------------------|-----------------------|
| Tuesday, Nov. 10.—Contract | No. 40, at 9 a.m. |
| | No. 47, at 10.30 a.m. |
| | No. 48, at 11.30 a.m. |
| | No. 49, at 1 p.m. |
| | No. 43, at 2 p.m. |
| | No. 50, at 4 p.m. |
| Wednesday, Nov. 11.— | No. 53, at 9 a.m. |
| | No. 52, at 10 a.m. |
| | No. 51, at 11 a.m. |
| | No. 54, } at 2 p.m. |
| | No. 55, } |
| | No. 56, } |

The lowest or any tender not necessarily accepted. No tender will be entertained by Council that has not the number of Contract tendered for.

NOTICE

Senator Bostock was a visitor here for a day last week.

Mrs. C. W. White is spending a week with Mrs. Caesar of Okanagan Centre.

Mr. George Beveridge of Kelowna was in town over Sunday, the guest of his sister, Mrs. Harry Cossar.

On Wednesday evening Mr. Martin Burrell, accompanied by Mr. Cowan of Vancouver, is to hold a meeting in the Orange Hall.

Peachlanders may be prepared for a big surprise in a matrimonial affair in the near future. No names can be mentioned at present—but just watch out!

Rev. J. F. Jones visited Revelstoke last week, representing the Sunday Schools of Peachland at the Provincial Sunday School Convention.

Hon. Walter Scott was in town Tuesday. While here he was the guest of Mr. F. S. Callendar. The Premier was en route to Summerland where he held a meeting in the interests of Mr. Ross Tuesday evening.

The social given by the Young Peoples' Society of the Presbyterian Church last Friday evening was a great success. The house was crowded to the doors with a good natured, jolly crowd of young people. A good programme was rendered by the musical folk of the church and a substantial sum added to the piano fund.

An event of considerable importance to the ladies of the community was the arrival last week of the Misses Lane & Long of Calgary, who have opened up a millinery and dressmaking establishment in town. Besides looking after the wants of the Peachland ladies in these lines, we understand they contemplate visiting Summerland once a week.

The first steps toward the organization of a board of trade were taken Tuesday evening, when a meeting called for the purpose, appointed a committee consisting of Messrs. Morrin, Morrison and Lang to ascertain the necessary steps and report at a later meeting. There are a good many questions of local importance which necessitate dealing with governments or corporations, and it is felt that in dealing with these, our requests will meet with a better reception if emanating from such a body as a board of trade.

One of the advantages of the "deferred elections" is that it has given an opportu-

ity for the electors to hear some of the big guns on both sides. Monday night the Hon. Frank Oliver, Minister of the Interior, paid us a visit and held a meeting in the interests of Mr. Duncan Ross. He was accompanied by Mr. Swanson of Kamloops who opened the programme of the evening by a very clear and interesting speech. At the conclusion of Mr. Swanson's address the chairman introduced the Minister of the Interior, who was heartily received by the audience. The Hon. Frank indulges in no flights of oratory, but has, in a marked degree, the ability to put his case clearly and strongly before his audience, and any misapprehension as to his meaning, on the part of any intelligent listener, must have been wilful.

The action of the C.P.R. in changing the Okanagan from a daily to a tri-weekly service so early in the season has caused a good deal of unfavorable comment. Some concerted action by all the towns interested should be taken to induce the Company to restore the daily service. The volume of business done earlier in the season and the passenger traffic now surely warrant them in making the request. If the C.P.R. were interested in retarding the settlement of the Valley, no better way could be taken to do so than by giving poor service on the lake. It is to be hoped that pressure may be brought to bear upon them that will induce them to give us a daily boat all the year.

Two travelling libraries from McGill University, Montreal, and comprising sixty-six volumes and one hundred stereoscopic views of Ireland have been added to the Reading Room Library during the past week. Several of the books in these libraries are on Canadian topics. The Library now has on hand a fair collection of Canadian books, as follow: Seven volumes of Parkman's History; The Romance of Canadian History, by Edgar; Canada under British Rule, by Bourinot; Canada, by J. N. MacIlraith; The Life of Sir John A. Macdonald, by Joseph Pope; How Canada is Governed, by Sir John G. Bourinot; Canadian Citizenship, Millar; The Canadian Annual Review, J. Castell Hopkins; The Life of Wolfe, Bradley; In Old France and New, McLennan; Round the Empire, Parkin; The Making of the Empire, Temple; The Boy Tramps or Across Canada, J. McD. Oxley; With Wolfe in Canada, Henty; The Selkirk Range, A. O. Wheeler; Canada, published by the Dominion Government; The Story of the Trapper, Laut; Public Men and Public Life in Canada, Young; Founders of the Empire, Gibbs.

Public notice is hereby given that one month after the date hereof the undersigned, and others intend to make application to His Honor, James Dunsmuir, Lieutenant-Governor in Council, at Victoria, under the provisions of the "Municipalities Incorporation Act, 1896," and Amending Acts of the statutes of the Province of British Columbia, for Letters Patent under the Great Seal to incorporate into a District Municipality under the name of "The Corporation of the District of Peachland," that certain tract of land, situate in the County and District of Yale, the limit and extent of which is described as follows: Commencing at the South East corner of lot 2690 on Okanagan Lake, thence due North to North East corner of said lot; thence due West along the North boundary thereof to the North West corner of said lot; thence due South along the West boundary thereof to the North East corner of lot 449; thence due West along the North boundaries of said lot 449 and lot 1174 to the North West corner of the last mentioned lot; thence due south along the West boundary of said last mentioned lot to its intersection with the North boundary of lot 220; thence along the North boundary of the last mentioned lot, due West, to the North West corner thereof; thence due West along the North boundary of lot 902 a distance of 19.87 chains; thence due South a distance of 19.01 chains; thence due West a distance of 20 chains to the North West corner of last mentioned lot, such point being also the North East corner of lot 1800; thence along the North and West boundaries of last mentioned lot to the intersection of said West boundary with the North boundary of lot 490; thence along the North boundaries of said lot 490 and lot 1185 due west to the North West corner of last mentioned lot; thence due South along the West boundary of said last mentioned lot, to the North East corner of lot 2534; thence due West along the North boundary of last mentioned lot a distance of 60.07 chains; thence due South a distance of 20 chains; thence due West a distance of 20 chains to the North West corner of said lot; thence due South a distance of 20 chains to the intersection of the West boundary of the last mentioned lot with the North boundary of lot 1274; thence along the North boundary of last mentioned lot, due West, to the North West corner thereof; thence South along the West boundaries of said last mentioned lot and lot 2338 to the South West corner of last mentioned lot; thence due East along the South boundary of last mentioned lot to its intersection with the West boundary of lot 912; thence along the West boundary of the last mentioned lot, due South, to the South West corner thereof; thence due east along the South boundary thereof to its intersection with the West boundary of lot 221; thence along the said West boundary of last mentioned lot, due South, to the South West corner thereof; thence due East along the South boundary of the last mentioned lot to the shore of the said Okanagan Lake; thence in a Northerly and Easterly direction, following the shore of the said Lake, to the point of commencement.

Dated at Peachland, B. C., this 26th day of October, A. D. 1908.

SATURDAY, NOVEMBER 7, 1902.

NOT SO BAD AS THEY LOOK.

Temperance and moral reform leagues are being organized throughout the province with a view to securing a local option act at the next session of the British Columbia legislature. It is the purpose of the leaders of the campaign to bring such pressure to bear on the government as will make it impossible to doubt that the electors now want the right enjoyed by every other province of the Dominion—that of saying in their respective municipalities whether or no they will have licensed bars in their midst.

The request for local option is a very reasonable one. On the face of it, if bars are desirable things to have the people of the municipality will no doubt have sufficient sense to provide for them. Otherwise they should not be a municipality, but be still kept in the leading strings of the paternal government till they are able to know what is good for them. The fact that a charter is granted, however, is evidence that they are regarded as knowing how to take care of their own local affairs. And if bars are not good for them then what right has any body of men to override their will in the interests of a particular class?

We do not believe for a moment that the McBride government, or any other government in Canada, is specially interested in abetting the liquor interests. They probably all believe that prohibition is in itself a thing desirable. What they do not believe in, is that so called temperance people are sincere. Men and parties who have leaned on them have found them broken reeds. Party not principle was what counted on election day. Heavenly senti-

ments evaporated in the earthly ballot box, and so, inasmuch as their work of legislation has to do with the actual, not the sentimental, they do not feel like following the will-o-the-wisp.

Nor are they to be too heartily condemned for that. In the last analysis the will of the people is not expressed to them by sentiment, but by ballots. By ballots they are placed in power and by ballots they are removed. Anything, therefore, which has absolute right to command their attention must be expressed in terms of ballots.

The liquor interests understand this and so don't waste much time and energy in spectacular appeals. They say little, but go after the voter every time, and so they win, not because it is just, but because they understand the constitution of Canada.

It is true there are certain moral aspects of the case touching a legislator's personal relations to the evils about him; but temperance people, theoretically at least, have nothing to do with that part of his life. It is not to them but to a Higher Power he must give an account for that, and they may not usurp the divine prerogative of judgment. It is with him in his legislative capacity they are concerned. The only acts by which they know him are his acts of parliament. If these acts defy the will of the people then he is to be reprehended; but the will of the people can be finally known only by ballots. Pulpit and press are of meaning to him only as they stand for ballots. To say otherwise is to override the constitution under which alone he is invested with power.

It becomes all temperance workers therefore to concentrate their batteries on the elector. It is he, not the legislator, who needs converting, and needs educating. When he begins to take the matter of temperance seriously the men in parliament will be falling over themselves in their haste to do so too; as witness more than one constituency in the United State in which the temperance vote is now the object of the politician's most earnest devotions, and at the same time his greatest fear.

Local option and prohibition itself will come very suddenly, and would come tomorrow were even those who now profess it to take it in such deadly seriousness that they would vote against their own fathers or against the Apostle Paul opposing. Till they get there the politicians who have not only to make laws but to execute them, may be excused if they go on with their knitting just as if nobody had spoken. The fact is politicians are not half so bad as they look.

LOCAL NEWS

Capt. Ramsay returned on Monday from a visit to Okanagan Centre.

Mr. S. B. Snider, of the B. C. Permanent Loan and Savings Company, spent a few days in town last week.

Mr. L. S. Smith, who has been relieving Mr. E. B. May for the past two weeks, returned to Vernon on Tuesday.

Mr. T. F. Guy has disposed of his barber business to Mr. J. Woods, and left for Peachland on Tuesday.

Mr. and Mrs. F. H. H. Fysh arrived in town on Saturday last, and have taken up their residence at Peach Orchard.

Mrs. Rawley of Vancouver has recently arrived in Summerland and will remain with her daughter Miss Rawley until the New Year.

Miss Lowe, sister of our Primary School teacher, arrived from Alberta on Friday night, and will reside with her sister at Mr. Bartholemew's.

Mr. D. H. Watson, superintendent of the Summerland Development Company, left on Tuesday for Brandon and Winnipeg in the interests of the Company. He will be absent several weeks.

The Ladies' Aid of the Presbyterian Church has completed details for the Thanksgiving supper on Monday evening. After the supper a good programme will be rendered. A good time for everyone is assured.

By the appearance of the main thoroughfares on Sunday morning the youth of the town apparently had a good evening's amusement on Hallowe'en. Portions of the street and wharf were hardly passable owing to the numerous obstructions. There is no fault to find with boys (or young men) enjoying themselves on this occasion so long as no serious damage results to persons or property; but when the fire fighting apparatus of the town is tampered with it is time to call a halt. Had a fire started early on Sunday morning the volunteer brigade would have found the equipment in a deplorable condition, the hose having been detached from the hose reel and things generally put out of place. Surely there are plenty of innocent pranks to indulge in without menacing the lives and property of the citizens.

Dr. R. Mathison, dentist, will be in Summerland on November 16, and will remain for two weeks.

IDEAL WEATHER.

While inhabitants of the prairies are being snowed up and with even blizzards in which one or more lives have been lost recently, Summerland is enjoying ideal weather. There has not been a sign of snow as yet and but one or two slight frosts, not enough to damage the flowers in the gardens, which are still in full bloom. But this is not all. Ripe, delicious and fully matured raspberries were picked on Wednesday on a fruit lot within a mile of town. There have been only a few showers during the fall season; in fact, the warm, bright, sunny mornings make it hard to realize that we are only a little more than six weeks from Christmas. In reality we are enjoying balmy, invigorating, spring weather well into the month of November.

ORANGEMEN VISIT PEACHLAND.

On Thursday evening the Orangemen of Summerland and Naramata with their wives and friends visited Peachland, being guests of the Loyal Orange Lodge and the W. C. T. U. The launches Naramata and Maud Moore left early in the evening with about 25 on board. The evening's entertainment consisted of a programme of speeches, recitations, vocal and instrumental music, several of the visitors taking part. After the entertainment a supper was given and a most enjoyable evening was spent. It is hoped that a similar entertainment will be furnished in Summerland with residents of Peachland as guests. The launches arrived home about 1 a.m., the trip down the lake also being thoroughly enjoyed.

MONTHLY SCHOOL REPORT.

Superintendent Robson gives the following figures for attendance at the various schools during the month of October:

Central School—Enrolment 48, attendance, 46.

Primary School—Enrolment, 36, attendance, 30.

Garnet Valley School—Enrolment, 25, attendance, 23.

Prairie Valley School—Enrolment, 10, attendance, 9.

The following scholars headed their classes for the month:

Senior fourth—Lillian Brown.

Junior " Harvey Phinney.

Senior third—Willie Ramsay.

CLIFFORD SIFTON RETURNS EAST.

Mr. Clifford Sifton who was billed to address the electors of Summerland this week did not put in an appearance owing to urgent business in the East. People are wondering what that important mission was. Has Hon. Thos. Greenway's sudden demise anything to do with it? Some people are uncharitable enough to suggest that Clifford is looking out for a job on the Railway Commission.

Mr. and Mrs. Reid and children of Vernon, who have spent the past week visiting at the home of Mr. John Tait, returned to Vernon on Thursday.

SCHOOL TRUSTEES' WORK.

The first complete report of the work of the British Columbia Association of School Trustees, the fifth convention of which will take place at Revelstoke during the second week of November, has just been issued. The report has been printed by the government press, Victoria, free of cost, and its pages afford evidence of the useful work that has been accomplished by the Association since its establishment in 1905. Unfortunately, it may be said, there are several school boards in the province which have not yet joined the Association, and an appeal is being made to these by means of a special circular to come in and strengthen the body, and bear a share of the expenses necessarily involved in carrying on the work. It is to be hoped that this appeal will be fruitful in good results. The primary object of the Association is to improve the work of the school administration, which free and open discussion of pertinent subjects can alone secure. Another very useful result of these periodical gatherings is that they insure similarity of action by all the boards of trustees throughout the province.

Some testimonial to the value of the Association's work is afforded by the fact that the provincial government looks to it for advice upon all matters connected with the administration of the public schools.

BANKER'S OPINION.

Much of keen observation and sound reflection went into a statement made by E. Clarence Jones, a New York banker. Commenting upon the prospect for revival of business, Mr. Jones said: "It must be remembered that a year ago almost everybody was living beyond his means, and a great many on credit. The automobiles of the latter and even their clothes, were not paid for. When the crisis came, everybody shut off buying unnecessary things and tried to get along with only what was necessary. The effect of this was tremendous. Take any one branch of business. For instance, if every man and woman in America buys one extra suit of clothes or a dress in one year, think of the meaning to that one branch of trade, and what the loss of that extra order means. In the event of good crops business will be normal, but we shall not have the extraordinary conditions of two years ago. Our business will grow again to where it was, but it will be a gradual, strong growth, and there will not be so much piling up of extravagance on the credit system, tearing down perfectly good buildings and rearing enormous skyscrapers in their places, just because the necessary money can be borrowed."

ACCLIMATIZED TESTED STOCK

Seeds, Plants, Trees

For the Farm, Garden, Lawn or Conservatory

Reliable varieties at reasonable prices. No borers, no scale, no fumigation to damage stock. No windy agents to annoy you.

Extra choice lot of fruit trees now coming on for fall trade, consisting of 50,000 Peach, Pear, Plum and Cherry; 70,000 Apple in leading varieties; 100,000 small fruit plants. Strictly home-grown without irrigation and our own propagation from bearing stock. Tons of bulbs for fall planting. Choice grass and grain seeds always in stock.

Fertilizers, Bee Supplies, Spray Pumps, Spraying Materials, Cut Flowers, etc. Oldest established nurseries on the mainland of B. C.

HON. THOMAS GREENWAY.

Regardless of political opinion, readers everywhere will be sorry to hear of the death of Hon. Thomas Greenway, which occurred last Friday in Ottawa.

For many years Mr. Greenway has been a prominent figure in Western affairs. The earlier attempts to secure for him a seat in Parliament were not successful, but when once he got there he remained.

Mr. Greenway and Mr. Joseph Martin were a strong political pair in opposition but they possessed too many like characteristics to pull well together in the responsibilities of office.

Although his ardent anticipations as to the future of the prairies were not immediately realized, although many years passed after the first great Winnipeg boom before the province of Manitoba and the Northwest Territories gave promise of becoming the wheat producing regions of the Empire and eventually of the world, Mr. Greenway's faith never faltered for a moment. He entered public life, conquered the Norquay government, became premier of Manitoba, brought Clifford Sifton into the political arena, and actually became the chief figure in a combination which was the prin-

cipal factor in promoting the movement which has resulted in such an immense increase in the population of the prairie provinces, and incidentally in creating the prosperity which has been so conspicuous a feature of the Laurier regime. Mr. Greenway was recently appointed a member of the Dominion Railway Commission, his knowledge of conditions in the Northwest, where the problem of transportation and of the relations between railways and shippers is so acute, eminently qualifying him for the post. But his health of late had not been robust, and he passed away practically at the post of public duty after a career honorable to himself and of unquestioned value to Canada. Mr. Greenway was one of the "makers of Canada." His name will be associated in the history of the country with that land of promise, the Northwest.

It cannot be said of Mr. Greenway that he did not "finish his work." He made for himself a lasting reputation both as a politician and a farmer. His name is indelibly written in the early history of Manitoba.

Gordon, Conservative, has been declared elected by 21 majority by the recount in Nipissing.

ORGANIZING BOARD OF TRADE.

A movement is on foot among the business men of Summerland to organize a board of trade. This is an important matter, and citizens generally should take an active interest. The various boards of trade in the Valley desire that every town be represented so that united action may be taken on questions which vitally effect the Okanagan Valley.

With such important matters as a daily mail service, better telegraphic communication and the question of bringing the advantages of the famous Okanagan more prominently before the outside public, there is ample scope for a local organization. It is proposed to hold a meeting of business men and others interested at an early date at which delegates from Vernon, Kelowna, Armstrong and other places will be present to lay before the meeting the various matters requiring undivided attention.

CHOSEN FRIENDS ESTABLISH COUNCIL.

Mr. H. W. Madill, accompanied by his wife, has been in town for the past week in the interests of the Canadian Order of Chosen Friends, and as a result of his efforts here, a local council of that order was organized on Thursday evening at a meeting held in Orange Hall. Mr. Madill expresses great hopes for the work of the order here, and will remain in Summerland until after the next meeting, which will be held Monday, 16th inst.

The following officers were elected: Past Councilor, Mr. B. C. Moore; Chief Councilor, Mr. D. Williams; Vice-Councilor, Mr. V. Taylor; Recorder, Rev. J. R. McIntyre; Assistant Recorder, Mrs. R. J. McIntyre; Treasurer, Mrs. D. Williams; Prelate, Miss S. McIntyre; Marshal, Mr. R. Wolverton; Warden, Mrs. G. Morgan; Guard, Mr. A. Thompson; Sentry, Mr. J. Steenson; Organist, Mrs. D. Williams. Trustees: 1 year, J. Tait; 2 years, V. Taylor; 3 years, B. C. Moore. Medical Examiner, Dr. F. W. Andrew.

Penticton is the proud owner of a good race track. This has been made under the supervision of Mr. Huycke who has been working on it day in and day out for quite a long time. Mr. Huycke has very generously given his time and work, and does not intend to charge a cent for it, because he's so fond of horses.

Take in the supper and concert in Empire Hall on Monday. Supper from 6 to 8.

Comfortable Goods for the Cool Weather

We are showing this week a magnificent range of

Ladies' Norfolk Coats in brown, green, cardinal and white. Knitted Waist-coats in the same colors. Golf Blouses in assorted colors.

For the children and girls we have a fine line of Cashmere Sweaters in cardinal, resida and navy, with polo caps to match. This is a beautiful line of goods and well worth your inspection.

For the men we have a Fine Cashmere Sweater in a particularly pretty shade of cardinal, which we think is a little bit the nicest thing of its kind that has yet been shown.

The prices on all these goods are particularly low, as we import them direct from the factory in England. Do not fail to look these over. You will be sure to find just the thing you are looking for.

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 1

SUMMERLAND, B. C., NOVEMBER 14, 1908

No. 15

REPUBLICANS WIN.

Taft's Majority in the Electoral College Is Over One Hundred and Sixty-three.

If the Democrats of Canada have been successful at the polls this year the Tories have triumphed in the United States. Mr. Taft's majority in the electoral college is over 163. That means that Theodore Roosevelt's policy of broad interest in foreign affairs and practical sympathy with troubles at home is to be maintained. The trusts will be still in power but a little less insolent than of yore, and the gallant Mr. Bryan is down and out for all time to come. Either money interests were too strong for him or the people were afraid to trust him as legislator in the unsettled conditions finding place in the wake of the panic. Possibly Mr. Lawson was right in saying the panic itself was precipitated by the plutocrats to create just that fear in the public mind for election purposes.

However that may be the world cannot but raise its hat to the splendid courage of the gentleman who for the third time has bared his bosom to the poisoned dagger of defeat, at the call of his political friends, for what he believed to be the weal of the nation. Mr. Bryan may in one way seem to have joined the Clays, Conklins and Burrs of White House ambitions, but in moral grandeur of character he outstrips them all, and is worthy even in defeat of the best traditions of the best men of the republic. One thing was always clear: if he could not carry the party banner to victory no other man could.

THREE EXECUTIONS DECEMBER 18th.

Lee Chung, the convicted slayer of the aged Ha Hing, will be hanged at New Westminster on December 18, the same day and perhaps the same hour that the negro, Pertella, will pay with his life the penalty for murder committed in that city and Jenkins will be led to the gallows for the murder of Mary Morrison in Hazelmere. It will be the first time within the criminal records of Canada for three executions on the same day.

As in the scene of the sentencing of Pertella, there was an audible silence in the court when Lee Chung was asked if he had anything to say before the sentence of the court should be pronounced.

THE MAIL ORDER BUSINESS.

Within the past few weeks Summerland has been deluged with catalogues from large departmental stores in Winnipeg and on the Coast, soliciting mail order business. One of these has been refused space in the Review for advertising. We do this in the interests of the local merchants. If we believe it the right thing to do to refuse advertising that has for its object the injury of local business houses, then all citizens should patronize home trade.

For the next month or six weeks we look for the best business in the year in all lines. Is it fair to those who are catering to your wants for the balance of the year for a smaller volume of business that they should lose the cream of the trade? Give this matter serious consideration and patronize home industry.

NATIONAL APPLE SHOW.

British Columbia will be strongly represented at the National Apple Show in Spokane, December 7th to 12th. More than 200 entries will come from the province, including district and individual displays. The interest shown by the growers of British Columbia has decided the board of trustees to make the show an international event after this year.

In further recognition of the Canadians H. J. Neely, secretary and manager, has taken up the matter of the removal of duty on exhibits sent from British Columbia, with every prospect that his request will be granted. United States Senator Piles of Washington, has interested himself in the matter and has presented the request to the secretary of the treasury. Mr. Neely has also addressed Hon. Sidney Fisher, secretary of agriculture at Ottawa, with the request that he send officials of his department to act as judges at the National Apple Show.

Messrs. J. W. Ross and Wm. Simpson are at present busily engaged in selecting and packing an exhibit of Summerland apples. The exhibit will contain about 75 boxes of different varieties, and is undoubtedly a fine collection. They are confident that they will bring back several prizes, and demonstrate that Summerland can produce prize apples as well as peaches.

FINISH SURVEY TO PENTICTON.

C.P.R. Has Run Preliminary Line from Nicola to Foot of Okanagan Lake.

The C.P.R. has just completed a preliminary survey of the route which the extension of the Spences Bridge-Nicola line may take from Nicola to Penticton. Ultimately the line will be continued from Penticton to Midway, where it will link up with the Columbia & Western Railway, finally furnishing a C. P. R. line from Vancouver to the Boundary country.

Whether the C.P.R. or the Great Northern Railway will be the first to connect the Kootenay country with the coast is a matter of considerable speculation. The roads have started construction from opposite ends, the C.P.R. from Spences Bridge and the Great Northern from Midway, and both are surveying and building a little more all the time.

The survey just completed by the C.P.R. was carried out by Mr. H. E. Cary of the company's engineering staff. He started the work in April and has just returned to Vancouver. The line traverses one hundred and sixty miles in running between Nicola and Penticton, and it is learned that excellent grades have been secured.

The route, while not given exactly for publication, lies through the Similkameen Valley and into the Okanagan, where it skirts the town of Summerland en route to Penticton. Beyond the latter point in the direction of Midway the C.P.R. already has a number of preliminary surveys of possible routes.

It is not presumed that any immediate results will follow the completion of the survey carried out by Mr. Cary, but reports and field notes are now being compiled for transmission to headquarters, and it is possible another step toward the construction of the line may be taken next summer.

HON. J. H. AGNEW DIED TUESDAY.

Hon. J. H. Agnew, provincial treasurer of Manitoba, died on Tuesday morning from appendicitis, after having hovered between life and death for a week. Mr. Agnew is the third provincial treasurer appointed by the Roblin administration to die in office.

GOVERNMENT CANDIDATES DEFEATED.

Yale-Cariboo and Kootenay Will Send Opposition Members to Ottawa—Large Majorities.

The deferred elections in Yale-Cariboo and Kootenay held on Thursday resulted in the defeat of both government candidates by large majorities. In Kootenay the latest advices give Goodeve a majority of 1,000 over Smith Curtis. In Yale-Cariboo Martin Burrell, the Conservative candidate, is leading by nearly 800 with a few outlying polls to hear from which cannot affect the general result. Evidently both parties in Yale-Cariboo got a surprise, the general impression being that the election would be close with Martin Burrell as favorite. Duncan Ross' own town of Greenwood gave his opponent a majority of 12, while Grand Forks, the home town of Martin Burrell, gave him a majority of 97. The following is the result of the poll at the principal places in the Okanagan Valley:

	Burrell	Ross	Bunting
Penticton	108	49	3
Naramata	20	9	1
Summerland	97	78	11
Peachland	66	23	3
Westbank	5	11	3
Kelowna	152	87	11
Okanagan Landing	23	10	1
Vernon	301	223	40
Lumby	41	47	2
Armstrong	173	95	3
Enderby	98	72	13
Total	1084	704	91

COLLEGE NOTES.

On Friday 6th inst. the College football team journeyed to Peachland to play the return match with the team of that place. Although beaten 2-1, the College boys gave a very creditable display, considering the rough state of the ground. There was no scoring during the first half, Peachland having most of the play. Early in the second half the home team scored, but the College soon equalized by one of the Peachland backs putting through his own goal. Later the home team again scored, a beautiful corner kick being headed through. The College were continually pressing, but could not get close enough to score. But we are improving and hope to beat our doughty opponents yet. We are visiting Penticton on Saturday, 14th, and hope to return with the laurels of victory.

The bi-monthly gathering of the Okanagan Lyceum was held last Saturday night, the programme being a mock trial. The auditorium was filled, the public being well

represented, and all voted the affair well worth attending. Judge Denton presided, the case being Miss Fluffy Ruffels vs. Von Bismark for breach of promise. The parties are perhaps better known as Messrs. E. Church and F. McWilliams. R. Stevens and W. Duncan were the lawyers for the plaintiff, both delivered impressive speeches showing that Bismark actually proposed to Miss Ruffels. The defendant was represented by A. Clouston and R. C. Robinson. All witnesses were subjected to searching cross examinations by the lawyers, and after about one and a half minutes of deliberation, the jury found the defendant liable for damages to the extent of thirteen and a quarter cents. He was also prohibited from entering any house where dwells an unmarried member of the gentler sex.

Mr. C. R. Sayer, Y.M.C.A. organizer, of Winnipeg, paid us a flying visit on Wednesday evening. He found the boys keen on having a branch of the Y.M.C.A. connected with the College, and by a unanimous vote it was decided to organize at once. The constitution was read and adopted, and Mr. Sayer gave a short history the Association and some hints and advice which should prove helpful to the officers in the management of the new branch.

Another romance of the Fernie fire culminated last week when J. A. Murray, locomotive engineer on the Canadian Pacific, was married to Miss Lillie A. Gullickson. They first met when the fire was at its height at Fernie. Miss Gullickson was a passenger on the locomotive when the fearless Murray braved death to haul refugees through walls of fire.

More than six hundred houses have been started in Fernie since the big fire. Some of them are finished and occupied, and some are well under way, while others have only been started. This is a remarkable record for less than three months.

REVIEW OF PROVINCIAL WEEKLIES.

One of the compensations in my work is the weekly pleasure I derive in reading the local papers published in this province. The rural press of British Columbia will rank with that of any other province in Canada, though I fear it is not always appreciated as it should be in its own locality. Almost without exception, the weekly papers of British Columbia are clean, bright and interesting. They boost their districts, stand for what is good and wholesome in public and private life, and most of them are ably edited.

It is an axiom in the newspaper business that a community generally appreciates its newspaper only after it has ceased publication. Few towns realize what a force for progress a newspaper is. This is abundantly evident in the meagre support accorded many of the local papers in British Columbia. A newspaper is a public institution and in modern life a necessity. Yet many of the supporters of a paper feel when they pay for an advertisement in its columns, or the yearly subscription that they are making a charity contribution to the editor. As a rule, both the advertiser and the subscriber get a good deal more than they pay for. The editor is constantly being called upon for favor for which it never occurs to the recipient he should pay. Few communities ever think they should contribute as a whole to the support of the local paper though it may week after week devote columns to the spread of information about its district—information that goes broadcast to the world, and which is of inestimable value to the town. But if a grant of a few hundred dollars were made to the paper for this service there would likely be an immediate outcry against graft.

People who complain about the smallness or inefficiency of their local paper should ascertain to what extent it is supported. Every editor worth his salt wants to produce a big paper and a good one, but no publisher can give more than he gets. If his support is weak his paper cannot be a big one. One can tell at a glance the sort of support a newspaper gets in its home town, and the impression created is distinct, and favorable or unfavorable according to the apparent prosperity of the paper which, to the people, reflects that of the town in which it is published. Not a few towns and districts in British Columbia are remiss in this respect. Some have papers which don't deserve one, and most of them have better papers than they have a right to expect. They starve the paper and in so doing militate against their own interests. The matter is rarely discussed by the papers themselves, and for that reason those who should give it their attention seldom think of it. The people of a rural community can make no better investment than their contributions to the support of their local papers. —Saturday Sunset.

BRONCHO BUSTERS' FALL ROUND-UP.

A spectator stationed on College Hill about one o'clock on Thanksgiving Day would have entertained grave fears as to the safety of his friend Clarence Pineo, judging from the number of reckless riders who seemed to be streaking in from all points of the horizon, with his lumber pile as their objective point.

However, it was not a Fenian Raid or anything more wild and woolly than the fall round-up of the Summerland Broncho Busters, and if the way in which Mr. Pineo's features parted company in his genial and characteristic smile, could be taken as an indication, then he must have rather enjoyed the experience.

Some twenty-five riders followed in the wake of Alkalie Ike, Head Puncher, (E. C. Graham when he's at home) as he put spurs to his cayuse and headed for the bunch grass. The grub wagon, under the guidance of Hirsute Harry (H. A. Glennie) trundled along behind the stampede, and the Rounder-up, alias Cultus Johnnie, alias the Terror of the Plains, alias Jack Logie, (our pacific pill pounder in private life), with set teeth and a grim look on his face, took up his position at the tail end of the procession, evidently resolved to hold his job against all comers.

Everything proceeded with a smoothness and uneventfulness only equalled by a deferred election, until the first stopping place at the western end of Prairie Valley, when Mrs. Angwin's horse wearied of his responsibility as bearer of the Duenna and sat down for a rest.

On the banks of Trout Creek the party turned in one direction and the grub wagon in another. No blame could be attached to the driver as the fair cargo he carried must have been very distracting; but the fact remains that he lost himself so thoroughly that for some time all efforts to find him proved unavailing, until the Rounder-up came to the rescue and guided the hungry Broncho Busters to where the camp fire crackled merrily and the refreshing aroma of hot coffee made them forget the fact that it was growing late and the home trail was a long one.

The return trip was made without incident, and a tired but happy bunch voted the fall round-up a complete success.

Special Thanksgiving service will be held in Empire Hall Sunday evening, at 7 o'clock also special music by the choir. Everybody welcome.

**Summerland Municipality
Tenders for Roadwork**

Tenders will be received by the undersigned up to six o'clock Saturday, November 14th, 1908, marked "Road Tender" for the following road contracts:

- No. 14—Making of road from Geo. Anderson's up gulch to Thos. Moore's.
- No. 40—Making of road from N.E. of Block 15, to Block 7, Lot 508.
- No. 43—Making of road west side of Block 6, Lot 2543, Prairie Valley.
- No. 47—Making of road from Block 18, Lot 441, to Blocks on Lot 1073.
- No. 48—Repairing of road in Peach Valley.
- No. 49—Making of a ditch on south side of Blocks 11, 17, and 7 in Lot 474.
- No. 50—Repairing and shaling of road from School House to Development Co.'s office.
- No. 51—Making of road from Geo. Anderson's to west side of Shaughnessy Avenue.
- No. 52—Repairing of road in Peach Orchard near Block of F. D. Cooper's.
- No. 53—Making of road on west side of Block 6, Lot 473.
- No. 54—Making of side walk on Ninth Street to Laundry; removing and laying new side walk on Shaughnessy Avenue.
- No. 55—Making of side walk from Elliott's store to connect with present side walk on Shaughnessy Avenue.
- No. 56—Making of side walk from Shaughnessy Avenue to Watson's lot.

The Road Commissioner will be on the grounds to give details of the nature of the work to be done as follows:

- Tuesday, Nov. 10.—Contract No. 40, at 9 a.m.

NOTICE

Miss S. B. Matheson spent Thanksgiving with friends in Penticton.

BORN—On Friday, November 6th, to Rev. and Mrs. T. N. Ritchie, a daughter.

Miss A. E. Elliott, of Westbank, spent Thanksgiving with her relatives in town.

Dr. and Mrs. Lipsett drove up from Summerland on Saturday returning Monday afternoon.

Mrs. Pollard, with Miss Jean and Master Wilbur spent Thanksgiving at Okanagan Centre, the guest of Mr. and Mrs. Caesar.

On Monday evening a Thanksgiving service was held in the Presbyterian Church. Rev. J. F. Jones preached and the choir rendered several appropriate selections.

Mr. and Mrs. McLellan of Rogers Pass are here for a few days visiting Mrs. Anslow. Mr. McLellan is special constable over construction work gangs along the C.P.R. near Rogers Pass.

Mr. J. L. Elliott, accompanied by Mrs. J. M. Elliott and Master Franklin, visited his son Ronald in the Kelowna Hospital on Saturday. Ronald is rapidly recovering, and his chief complaint now is over the limited nature of the bill of fare.

Mrs. Mills, of Hamiota, Man., is visiting her parents, Mr. and Mrs. Michael, as is also her daughter, Mrs. Hyde, of Creston, B.C. Mrs. Hyde is an accomplished pianiste and has delighted Peachlanders by her performances at a couple of concerts lately.

Monday evening the Epworth League of Methodist Church was at home to its friends and a goodly number turned out to enjoy the League's hospitality. The social committee of which Miss Jennie Lewis is head, had the entertainment in charge, and is to be congratulated on the success of the evening.

Our popular butcher, Mr. B. S. Brown, left for Calgary Tuesday morning to take unto himself a wife. The lady he is to wed is Miss Ester Ray, who spent the summer here, a member of Lieutenant-Governor Bulyea's household. The happy couple returned home Friday. They have the best wishes of all for their prosperity and happiness.

The nominating committee have made the following appointments for our branch

of the Local Option League: President, R. J. Hogg; Vice-President, L. D. McColl; Secretary, C. G. Elliott. A meeting of the branch will be held in the Hall Sunday evening at 8 o'clock, at which questions of interest to the Local Option movement will be discussed.

The concert and at home given by the Orangemen on November 5th was a splendid success. The hall was packed to the doors, for the fame of Guy Fawkes' night concert is well established. The program on this occasion was one of the very best ever listened to by a Peachland audience. Local talent was supplemented by some of the best vocalists of Summerland and Naramata, which places sent two boat loads of Orangemen and their friends. Rev. J. F. Jones made a most efficient chairman, while Mr. R. Mitchell, the general overseer of orangism in the west, resplendent in orange regalia, and beaming benignity and hospitality, welcomed everybody, and kept an eye on proceedings generally. At the conclusion a bountiful repast was served, provided by friends of the order.

Our football team has been busy lately. Last Friday the college boys came up for a game, and gave them a good stiff argument although a lighter team. The Peachlanders seemed to have considerably the better of the play, especially in the first half, but scored no goals, though they made a good many shots on goal. In the second half the collegians got a larger share of the play. A well placed corner by Tom Buchanan was converted into a goal and soon afterwards the visitors scored one. With the score 1-1 the play became fast and furious, and both goal keepers were called upon to defend the nets several times. Finally Tom Buchanan sent one in from the wing which was too much for Stevens. This ended the scoring. For the home team Lionel Aitkens in front of the goal was a stumbling block to the visitors' forwards. All the forwards worked well, but the work of Ames and Buchanan seemed most effective. Altogether it was a fine game, and although the College lads were beaten they were far from disgraced. Monday the boys went to Penticton for the return match with the team of that burgh. They report a good match, fairly evenly matched teams, with the score 4-2 in favor of Peachland. The "Clovelly," of Kelowna carried them to Penticton.

Public notice is hereby given that one month after the date hereof the undersigned and others intend to make application to His Honor, James Dunsmuir, Lieutenant-Governor in Council, at Victoria, under the provisions of the "Municipalities Incorporation Act, 1896," and Amending Acts of the statutes of the Province of British Columbia, for Letters Patent under the Great Seal to incorporate into a District Municipality under the name of "The Corporation of the District of Peachland," that certain tract of land, situate in the County and District of Yale, the limit and extent of which is described as follows: Commencing at the South East corner of lot 2690 on Okanagan Lake, thence due North to North East corner of said lot; thence due West along the North boundary thereof to the North West corner of said lot; thence due South along the West boundary thereof to the North East corner of lot 449; thence due West along the North boundaries of said lot 449 and lot 1174 to the North West corner of the last mentioned lot; thence due south along the West boundary of said last mentioned lot to its intersection with the North boundary of lot 220; thence along the North boundary of the last mentioned lot, due West, to the North West corner thereof; thence due West along the North boundary of lot 902 a distance of 19.87 chains; thence due South a distance of 19.01 chains; thence due West a distance of 20 chains to the North West corner of last mentioned lot, such point being also the North East corner of lot 1800; thence along the North and West boundaries of last mentioned lot to the intersection of said West boundary with the North boundary of lot 490; thence along the North boundaries of said lot 490 and lot 1185 due west to the North West corner of last mentioned lot; thence due South along the West boundary of said last mentioned lot to the North East corner of lot 2534; thence due West along the North boundary of last mentioned lot a distance of 60.07 chains; thence due South a distance of 20 chains; thence due West a distance of 20 chains to the North West corner of said lot; thence due South a distance of 20 chains to the intersection of the West boundary of the last mentioned lot with the North boundary of lot 1274; thence along the North boundary of last mentioned lot, due West, to the North West corner thereof; thence South along the West boundaries of said last mentioned lot and lot 2338 to the South West corner of last mentioned lot; thence due East along the South boundary of last mentioned lot to its intersection with the West boundary of lot 912; thence along the West boundary of the last mentioned lot, due South, to the South West corner thereof; thence due east along the South boundary thereof to its intersection with the West boundary of lot 221; thence along the said West boundary of last mentioned lot, due South, to the South West corner thereof; thence due East along the South boundary of the last mentioned lot to the shore of the said Okanagan Lake; thence, in a Northerly and Easterly direction, following the shore of the said Lake, to the point of commencement.

Dated at Peachland, B. C., this 26th day of October, A. D. 1908.

- M. N. MORRISON, Peachland.

SATURDAY, NOVEMBER 14, 1908.

TIME TO SPEAK UP.

One of the things that need mending in the Okanagan is the mail service in the southern part of the Valley. Without notice of any kind to the public here the C.P.R. last week ceased running a daily boat up and down and the Government ceased carrying a daily mail. Those who had made plans for travel which did not square with the new schedule, unmade them, thinking uncomplimentary things all the while; and those who came for mail or with important mail to send out, not only thought but said things about the C. P. R. and the Government which must have made their left ears tingle if there be truth in the old belief touching human ears and the nasty things said about us.

While we have sympathy for ourselves and others who have been inconvenienced in this way, and while we think it quite possible the C.P.R. has many things to answer for, national pride of all who travel though it may be, we yet believe that in fairness to that corporation we have no right to expect them to run a daily service if the lake trade is not sufficient to warrant it, since they are not and do not claim to be a charitable organization.

It has been said that they have to keep the Okanagan staff anyway for the tri-weekly service, and therefore the cost could be little more than the coal used in the extra trips, and they should therefore put themselves out that much for the public if necessary. We may not, however, know their business affairs. The assumption is they know their business in C. P. R. offices even better than we. Report has it that the extra trips before the change cost them fifty dollars a day, or three hundred a week

more than would otherwise have been the case. If that be so what right have we to expect the C.P.R. to make any such contribution to our comfort and convenience? None at all. The road is not run on any such basis, and if it were it wouldn't be long till the receiver took it over, since there is probably no other fraction of the 5,000 miles or so of road which could not put up a similar case.

The mail service, however, is a different matter. The Government of Canada is not dependent on the C.P.R. down the lake so long as there is a good road beside it. This it has for years recognized so far as Kelowna is concerned. Kelowna people raised a fuss years ago when left in our position, and the result was a tri-weekly stage from Vernon to Kelowna that alternates with the boat service.

Now why should not that service be extended down the west side of the lake? There is a ferry service across from Kelowna and another from Summerland to Naramata, with a Government road from there to Penticton, nine miles. There are four towns and seven post offices ministering to somewhere in the neighborhood of 3,000 people along that route, and yet we are still left in the lists of back woods communities.

It is time we got busy and let the people in Ottawa know the situation. They are probably busy down there and anyway take it for granted that when we really want a thing very badly we will speak up for it. That's how other places get things. Let us have a try at it too, and if we prime our representative to Ottawa properly on the matter he will no doubt be ready to do his utmost in presenting a case so reasonable on the face of it.

We are not asking for something new or impracticable. We have had a daily mail service for two summers. All we want is a continuance by trail for the six months of what has been already given us by boat. It is in matters like this a Board of Trade shines.

The annual convention of B. C. School Trustees will be held in Revelstoke on Wednesday and Thursday, November 18 and 19. The convention promises to be the most important of any previous ones and a large number of important questions will be discussed. Addresses by prominent men of the day will be delivered and it is to be hoped that Revelstoke will rise to the occasion and welcome the delegates who will attend from all points.

LOCAL NEWS

S. O'Neill and wife of Vernon spent the past week in Summerland and district, renewing old acquaintances.

Mr. Ed. Garnett and family, who have spent the past two months on the prairies, returned on Monday's boat.

Rev. James and Mrs. Hood entertained the members of the choir of the Presbyterian Church and friends on Friday evening last. A pleasant time was spent with games, music, etc., the gathering breaking up about midnight.

Mr. Thomas Garnett returned home from a trip to Virden, Man., on Monday evening, having disposed of a car of apples while in the east.

A meeting is being called at the Fruit Company's store on Monday evening, November 16th, for the purpose of organizing a night school for the coming winter. Among those who have taken the initiative are several business men. All interested are requested to be on hand at 8 o'clock.

The Ladies' Aid of the Methodist Church held a successful sale of pastry, etc., in the Fruit Company's store on Saturday last. Tea and cake were served during the afternoon and evening, the ladies being kept busy catering to the wants of the visitors. The collection of cooked materials was varied, and the delicious articles were eagerly sought by all present.

The Summerland Development Company is making extensive improvements to the electric light plant. A larger water wheel has arrived to replace the present one which is inadequate. It will supply extra power, and is a much needed improvement. This was found necessary owing to the increasing population and the demand for more light. Another improvement is the installation of the metre system. Up to the present a flat rate per light has been charged. This has been unsatisfactory owing to numbers of lights being left continually burning whether in use or not, the result being that the plant had to be overworked to meet the demand. In future, with the metre system in vogue, a great deal of this difficulty will be overcome, not only in the matter of lights continually burning, but also in reducing the size of globes. The new rate per thousand kilowatts is reasonable, and undoubtedly the new system will work more satisfactorily to all concerned.

Naramata

Mrs. A. D. McKay spent a few days with friends in Peachland last week.

Mrs. A. B. Moreland was the guest of Mrs. Wellband on Friday.

Mrs. J. Atkinson of Summerland, accompanied by her sister Mrs. Pickin of Victoria, spent Friday in town.

Mr. Thos. Wellband left for the East last week, expecting to return about Christmas time.

Rev. A. T. Robinson of Summerland was the guest of Dr. W. C. McKechnie on Thanksgiving Day.

Mr. and Mrs. Mark Manchester and family visited Naramata for a few days this week, taking in the sports on Monday.

Mr. and Mrs. R. A. F. Morse of Spokane were the guests of Mr. and Mrs. J. M. Robinson the early part of the week.

Registered at the Hotel Naramata were Mr. Jones, Vernon; H. W. Madill and wife, Vancouver; J. Graham, E. Raincock, Summerland; Chas Wilson, Peachland.

The Maud Moore conveyed a party to Summerland on Wednesday evening to attend the Conservative meeting held in Empire Hall.

A very successful meeting of the Unity Club was held with Mrs. J. M. Robinson on Friday last, a large number of ladies being present. After the usual business a social hour was spent and much enjoyed by all. The club then adjourned to meet next week with Mrs. McDowell of Summerland.

On Thursday evening of last week the entertainers of Naramata assisted in a programme at Peachland given by the Orangemen. The launch Naramata made record time for the number on board, and the party report a pleasant outing and glorious night on the water.

Thanksgiving Day turned out to be a gathering of the clans for Naramata, when families from their respective ranches visited the town en masse. The sports for the day were put on by the Athletic Association and proved a great credit to the committee having the events in charge. At 11 a.m. the turkey shoot took place, which created a good deal of enthusiasm fostering somewhat the community spirit and healthful sport. The athletic programme for the afternoon included putting the shot, throwing the hammer, foot races, and a football game. In the evening a very successful dance was given in the Opera House, about twenty-five couples being present. Alto-

gether the Association has made its influence felt for good in the community, and we hope it has come to stay. Winners of the respective events were: Turkey shoot—men, Messrs. F. Manchester, Wolstencroft and Kenyon; ladies, Mesdames McKechnie and Scaife; children, Master Wilbur Wellband. Putting the shot, H. Boothe. Throwing the hammer, H. Boothe. Hop, step and jump, J. M. Shreck. Obstacle race, W. L. Nuttall. Hundred-yard dash, H. Sharpe. Children under 12, Violet Mitchell; under 16, Adelaide Hayward.

BAPTIST CONVENTION AT VANCOUVER.

About a year ago the Baptist churches of the four provinces of Western Canada were organized into a convention at Calgary, Alta., the several provincial conventions having in the previous summer agreed upon such a union. This convention will hold its first regular annual meeting in Vancouver from November 20th to the 24th. On the 18th inst. the B. C. convention will meet for its final session. The meetings will be mainly reminiscent. Suitable addresses of an historical nature will be given, ending with a prophetic message from Supt. Stackhouse.

On the 19th the B. C. Association will be organized for the purpose mainly of supervising Baptist missions within the province.

Summerland promises to be pretty strongly represented in each of the gatherings. Pastor Estabrook, Dr. Sawyer, Mr. and Mrs. James Ritchie and Mr. J. J. Wallace go as delegates, while Messrs. J. E. Phinney, J. F. Falkner, and F. J. Tingley will probably join them.

An exceptionally low rate has been secured. By paying a first class fare one way a return ticket may be procured, which must be signed by the agent in Vancouver and an extra 50 cents be paid in order to make it valid for return. This is an excursion rate and will apply to others than delegates to the convention.

A PARTING SHOT.

Mr. A. S. Blakemore of Victoria fired the parting shot before elections here on Wednesday night in the Conservative interests. Attorney-General Bowser was to have been present also, but could not come on account of insufficient convalescence from an attack of pneumonia. However, Mr. Blakemore made good use of the extra time, speaking wisely, clearly and to the point throughout. He dealt with the Grand Trunk Pacific deal, the Asiatic question, the record of Mr. Ross in the House and other campaign issues, and was heard with genuine interest by all. He said many things Messrs. Scott and Ross forgot to say and said them in a very effective way indeed. But the crowd in attendance was not so large as at the other meetings, probably because of insufficient notice.

A CORRECTION.

In our article last week with reference to the tri-weekly mail service we stated that the C. P. R. was paid for only three mails during the winter. We have learned that this is not correct, and that the Company is paid by the Post Office department for each delivery. So it is up to the C. P. R. to deliver the goods.

A meeting will be held on Monday evening, 16th, in the Methodist Church, for the purpose of appointing a permanent committee to secure signatures on a petition to the local Legislature requesting them to enact a Local Option law. Short speeches will be delivered by local clergy and Prof. Sawyer. Suitable music will be furnished. The general public is invited.

D & A Corsets

Come and see them. They are an excellent make.
Also the fall and winter styles for hats.
Our opening this week was a splendid success, for which we extend thanks to our patrons.

WESTWARD HO!

The November number of this Magazine presents that variety of subjects which makes its contents so piquant. The fiction ranges over nearly all the themes with which it is ever interestedly concerned; and the style of the contributions is of the most commendable order.

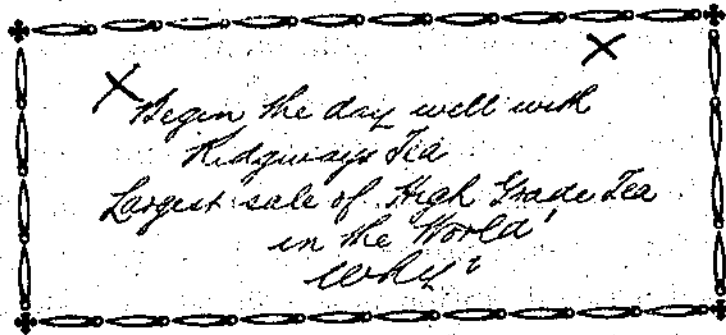

"The Expiation of John Reedham" is a serial story by Annie S. Swan which, notwithstanding its sadness and sorrow, is fraught with rapt interest; and each new transition of it is more and more thrilling until its final culmination. Patrick Vaux gives another of his rapid sketches of the arts and intrigues of war, under the title, Where the Eagle Flies Seaward, and the prowess of those who ride the main is illumined by the perfidy which the author shows often to exist among recreants there. She Tested Him forms the subject of a variegated domestic story by Mrs. J. H. Skinner; Fox and Hound, by L. Harward; and A Guilty Conscience, by H. A. Black. All of these are high in their class and sure to be appreciated.

The number is particularly strong in articles. Bonnycastle Dale is fresh as usual in his description, Following Game with Camera, Rod and Gun. Captain G. Godson Godson takes us on a tour in an automobile through the Transvaal, the Free State, and Cape Colony; and his fine photographs enhance the value and interest of his descriptions. Under the head of Potential Canada there are three articles—one on High River, Alberta, another on Summerland, B. C., another on Calgary, Alberta, and another on The Nechaco Valley. All these are intensely interesting as exemplifications of Potential Canada. The whole number is, in fact, essentially Canadian in the higher sense of an enlarged horizon.

SEVERE STORM IN NORTH.

The worst storm this year occurred last week at Prince Rupert, having lasted five days. During the storm the gasoline launch, Vina, was driven on the rocks near Essington. Several fishing boats also met a similar fate. The river boat, Skeena, which should have left her port several days before for upper river points, was compelled to lie over at Prince Rupert as the captain was afraid to attempt to face the storm with the vessel.

It is rumored that a general election will be held in Alberta in the middle of December. Dissolution will probably take place some time during this month.

Sixty days after date we intend applying to the Chief Commissioner of Lands and Works for permission to purchase the following lands situate in Kamloops Division of Yale District.

Commencing at a post set in south bank of North Fork of Trout Creek about thirty miles from Okanagan Lake;

Thence east eighty chains; thence north forty chains; thence north forty chains; thence west forty chains; thence north sixty chains; thence west twenty chains; thence south eighty chains; thence west twenty chains; thence south twenty chains to point of commencement, containing four hundred acres.

Purpose for which required—Reservoir site.

AN Orchard in Summerland assures an income to a healthy man.

AN Accident & Sickness Policy assures an income to a sick man.

A Life Policy takes care of the family when he is dead.

A good Fire Policy is useful in either case.

We can fill the bill with 22 acres for \$2,500; a policy against accident and sickness with the London & Lancashire Guarantee & Accident Co., or the Dominion of Canada Guarantee & Accident Co., and protect from fire with one or more of the soundest companies in the world, including the London & Lancashire, Imperial Underwriters, Norwich Union, etc.

Orchard Plans made from your own list of trees, with key showing name of every tree.

Exchange Barber Shop

J. B. WOODS, Proprietor

Having bought out the barber business of Mr. T. F. Guy, I am prepared to give the public first-class service in all branches of the trade.

YOUR PATRONAGE SOLICITED

LOCAL NEWS

The balance of the turkeys from the Thanksgiving shoot will be shot off on Saturday, commencing at 12 o'clock.

Mr. and Mrs. Bennett of Dawson City came in on Monday evening for a short visit with Mr. Fysh and family of Peach Orchard.

On Sunday Morning in the Methodist Church, the pastor, Rev. R. J. McIntyre, will take as his subject, "The Tongue, its Power for Good or Evil."

Rev. A. T. Robinson was the preacher of an able and interesting Thanksgiving sermon at the Baptist service last Sunday morning.

W. J. Robinson, who has spent the past two weeks on the coast, returned on Wednesday evening. Mr. Robinson says it is a relief to be at home again and away from the rain and fog, which has been the worst for years on the coast.

On Monday last some of the business men of town met informally to talk over the question of forming a Board of Trade in Summerland. They decided it was the thing to do, and called a meeting for Friday in the Hotel Summerland for the purpose organization. On Monday they are to meet Mr. G. A. Henderson and Mr. Dixon of the Associated Boards of Trade for the valley, and hear from them of the advantages of cooperation in matters of general interest to the Okanagan. This looks like a move in the right direction.

The annual Thanksgiving supper and concert given on Monday by the Ladies' Aid of the Presbyterian Church was a grand success. Between 250 and 300 persons partook of the sumptuous repast provided by the ladies, and all speakers of the evening, which included Mr. J. M. Robinson, Rev. Mr. Solly, Mr. C. S. Stevens and Rev. Mr. McIntyre, were loud in their praises of the excellent arrangements provided by the ladies. The concert following the supper was also an enjoyable part of the evening's entertainment, and consisted of recitations, vocal and instrumental music, by some of Summerland's best talent. The members of the Ladies' Aid wish to thank all who in any way contributed to the success of the evening.

Dr. Mathison, dentist, will be in Summerland on November 17, and will remain for two weeks.

SUMMERLAND, B. C., NOVEMBER 21, 1908

No. 16

C.P.R. OFFICIALS INSPECT SITE.

Wharf with car slip and cold storage plant for Summerland.

Mr. F. F. Busted, general superintendent of the western division; Mr. T. Kilpatrick, superintendent of Revelstoke; Mr. W. E. Broughton, right of way agent, Vancouver; Captain J. C. Gore, superintendent of the B. C. lake and river service and J. R. Forde, resident engineer of Revelstoke, composed a party of C. P. R. officials who visited Summerland on Monday evening.

The object of this visit was for the purpose of looking into the transportation problem on the lake. The selection of a site for a new wharf, with car slip and cold storage facilities for Summerland may be the final result of the visit. It is understood that the site favored for the wharf is the one occupied at present by the Okanagan Lake Boat Company, Ltd.

The matter will be laid before the annual meeting of western officials to be held in Winnipeg early in the new year.

On the return trip on Tuesday morning the steamer was held up for an hour while a delegation consisting of Mr. J. M. Robinson, Mr. R. H. Agur, president and Mr. C. H. Cordy, secretary of the Summerland Board of Trade, waited upon the officials in connection with a daily boat service for the winter months. The result was the assurance of a daily boat, the steamer Aberdeen alternating with the Okanagan on the route. Another improvement is the changing of the time of leaving the Landing, the steamers in future to depart an hour earlier.

The Board of Trade has now in hand the matter of arranging with the Post Office Department for a daily mail, which will no doubt be inaugurated at an early date.

By order-in-council the Dominion government has given Vancouver a perpetual lease of Stanley park, one of the finest natural parks in the world.

The returns from Newfoundland give the result of the elections in that ancient colony as a tie, 18 to 18. This will mean that the Bond administration has not been sustained and will be compelled to make another appeal to the country.

BOARD OF TRADE ORGANIZED.

Business Men of Summerland Form Board of Trade. Important Matter will be Taken up.

At a well attended meeting held at the Hotel Summerland on Friday, November 13th, the following were elected as officers and members of the council for the Summerland Board of Trade: President, Mr. R. H. Agur; Vice-President, Mr. Jas. Ritchie; Members of Council, Messrs. J. M. Robinson, A. Stark, R. H. English, H. C. Mellor, E. B. May, and Professor Sawyer; Secretary-Treasurer, Mr. Chas. H. Cordy. It was decided that the President, Vice-President and Secretary-Treasurer be appointed a committee to draft constitution and by-laws, and submit same to a general meeting at an early date.

The objects of the Board of Trade are in general those for which most Boards of Trade are formed, namely, advertising the place, fostering and increasing the local trade, taking all legitimate means to redress any public grievances, and otherwise to act as the voice of the fruit growing and commercial part of the inhabitants.

The first question to be taken up, in conjunction with the Central Okanagan Board which this Board will join, is that of a daily mail. To give full weight to an expression of opinion on this and other points it is essential that everyone financially interested in Summerland should become a member, not only on account of the monetary support, but in order that an expression of opinion from the Board may be a solid expression of the place as a whole, and thus carry the weight which will make it effective.

The annual subscription is \$4.00, payable half-yearly in advance.

FRUIT COMPANY TO DO BUSINESS IN B. C.

The Belgo-Canadian Fruit Lands Company has been formed at Antwerp with a capital of 1,500,000 francs to do business in British Columbia.

News has been received from Mr. R. M. Palmer, who is in charge of British Columbia fruit in England, that this province carried off the gold medal at Bath, and the silver-gilt medal at the Crystal Palace, London. These are the highest awards in these shows.

THANKS ELECTORS OF YALE-CARIBOO.

Martin Burrell, M.P. Sends Acknowledgement to Congratulatory Messages and Letters.

Grand Forks, B. C.,

November 16, 1908.

Dear Sir:

Would you permit me through the columns of your paper to thank the many friends through your district, who gave me such a splendid support in the recent campaign.

I realize that the questions of Japanese Immigration and Better Terms were responsible for the strong endorsement of the Conservative side, and I also realize that throughout the great fruit growing districts I received much assistance from those who considered that the horticultural interests of British Columbia had not sufficient attention in the House of Commons.

The task of defeating a Government candidate in the face of persistent appeals to support those who had control of the national purse strings was not easy. It is intensely gratifying therefore, to find that the majority of the people expressed themselves so strongly for principle as against expediency.

It has not been a personal victory, but I may be pardoned for thanking most deeply the many friends who worked so loyally and unselfishly for me during the campaign.

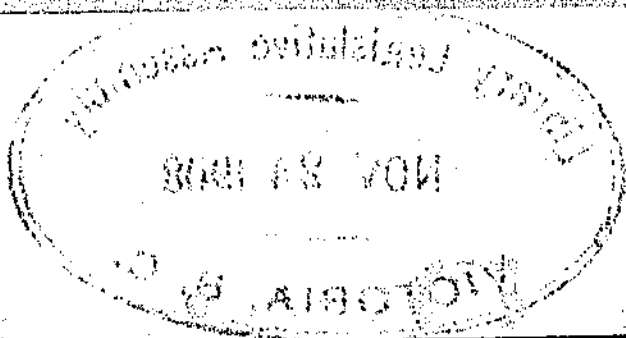

To the work of the officers and members of the various Conservative associations through Yale-Cariboo the results of the 12th are chiefly due, but I also recognize that in this election I owe not a little to those who, despite of party ties, gave me their support.

It is impossible for me to answer personally all those who have so kindly written their congratulations, and I trust they will be good enough to let me tell them in this way that I deeply value their good wishes, and to assure them that if I fail in the performance of my duty as their Member it will not be for the want of trying earnestly to do that duty both in the letter and spirit.

I am, Sir,

Yours very truly,

MARTIN BURRELL

COLLEGE NOTES.

The weakness of the College football team in front of goal was amply demonstrated during the game at Penticton on Saturday last. From start to finish the home team was outplayed, and it is no exaggeration to say that the College score should have gone into double figures instead of one goal each half. In spite of repeated attacks on their goal, Penticton were the first to score, Stevens saving a shot but failing to clear before the ball was rushed through. Shortly after, however, a miskick by the opposing right back enabled the College to equalize. This put an end to the scoring for the first half, although had the College shooting been up to its usual standard, a different tale might have been told. Midway through the second half a foul enabled Cliff McWilliams to score the winning goal. Soon after this the Penticton left wing made a sharp burst down the field, and had not Stevens stopped a fast shot the game might have ended a draw. If Penticton visit the campus we must learn to shoot better if we wish to improve our goal average.

At the usual Tuesday evening meeting in the College auditorium, the Rev. R. J. McIntyre gave a very interesting talk on "Character Building." At the conclusion of the address the organization of the College branch of the Y.M.C.A. was completed, and the following officers were elected: President, W. Watson; Vice-President, F. A. Williams; Secretary, Ed. Church; Treasurer, C. McNeill. Now the organization has been completed, it is to be hoped the Association will settle down to work in real earnest.

A PRESENTATION.

On Wednesday evening a pleasant surprise awaited Mr. John Dawnton, who for some time has been in the employ of Messrs. Gartrell & Burch, when a number of young men assembled at the restaurant and presented him with a gold watch and chain. Mr. William Simpson made the presentation in a few well chosen words, the recipient responding and expressing his surprise as well as pleasure at the handsome present. Attached to the chain was a locket on which was engraved "From the Summerland Boys." Mr. Dawnton left for Kelowna on Thursday morning where he will join the ranks of the benedicts.

WHARF TO BE LIGHTED.

A number of public spirited citizens have generously subscribed the necessary funds to install lights on the wharf as far as the C.P.R. freight shed. This is a much needed improvement and will be a great convenience to travellers and the general public during the winter months.

Dr. and Mrs. Mathison arrived in town Monday. They will remain about two weeks.

VALUE OF FRUIT LANDS.

The editor of the Fruit Grower, published at St. Joseph, Mo., has just returned from a trip through the northwestern orchards, and in his write-up has this to say of the values of fruit lands :

'Raw land, with water right, can be bought for from \$150 to \$500 per acre ; improved land costs from \$500 to \$700 per acre, and bearing orchards sell for from \$1,000 to \$1,500 per acre—and many are not for sale at any price.

"These prices may seem high, but they are not prices on a boom basis. As a rule, only one who appreciates the possibilities of fruit culture will pay these prices, and when it comes to the top-notch sales, they are usually made to persons living in the community, who are acquainted with the land and its possibilities. Many interesting stories were told us of the advance in price of lands, for the greatest advance has been made within the past few years. We were shown one tract of land which a certain had agreed to buy six years ago for \$30 per acre. Before the papers could be signed the intended purchaser got drunk and backed down, leaving the land in the possession of the original owner, who then sold to a third person for \$40 per acre. This same tract, without improvements, has just been sold for \$600 per acre. It's expensive to get drunk at any time, and especially when deals like this are being consummated."

An exceedingly sad occurrence took place on the Naas river recently, says the Port Essington Loyalist. A white man named Haines, who was married to an Indian woman, died under circumstances that were most distressing. Haines' wife went away to visit her friends, leaving her husband and a little son in the cabin. During her absence Haines' boat went adrift, and he swam out on the cold waters of the Naas, and brought the boat back. He caught cold, and finding that he was a very sick man, cooked up a quantity of food, and told his little boy, who was only six years old, that he was going to sleep for a long time, and that he must not be frightened. The lad was to cover his father's face when he found he was asleep, and not to disturb him, and as there was lots of food he was not to bother him, but eat when he felt hungry. Haines died, and the little boy was alone in the cabin for four days with his dead father before anyone visited them.

Peachland News

(Continued from page 5)

At the conclusion of the Sunday evening services a mass meeting was held in the Hall in the interests of the Local Option League. Two resolutions were introduced: one commending the Local Option League and its work; the other, condemning the action of inconsiderate individuals who bring in intoxicants to the town. Both of these were passed unanimously by standing votes.

The Peachland Reading Room Library is making a specialty of furnishing the pupils of the public school with the supplementary reading matter which is recommended for the various grades by the Department of Education and other educational authorities. There are now on hand about one hundred volumes suitable for the purpose. We published last week a list of Canadian and Empire books. Here are some of the nature study books which are now in the library, viz.: Days out of Doors, Abbott; Birds, Bees and Sharp Eyes, Burroughs; The Stories Mother Nature Told, Andrews; The Water Babies, Kingsley; The First Year Nature Book, Citizen Bird, Wright and Corres; The Plant World, Vincent; According to Season, Parsons; Flash Lights on Nature, Grant Allen; Lessons on the Human Body, Hallock; Zoology, Tenney; Beasts of the Field, Long; Insects Injurious to Fruit, Saunders; Parables from Nature, Gatty. At the last meeting of the Reading Room Committee a resolution was passed to the effect that any pupil in the school might get books from the library on the order of either of the teachers, no matter whether the pupil's parents were subscribers or not.

PROVINCIAL AND GENERAL.

That the greatest need of the interior of this province—one that over-shadows every other question that has been raised during the recent political campaign—is railway competition, to free it from the octopus-like grasp of the C.P.R., was instanced on Okanagan Lake last week. Because it suited its policy of big dividends, the company has imposed upon the thriving section of country surrounding this lake a tri-weekly service by the steamer Okanagan, at a few days' notice. This is but another instance of the total disregard on the part of the C.P.R. for the needs of the people. If a daily service is needed on the railroad run—which was demonstrated four years

ago to be so—then the lake towns are also entitled to a daily service. The C.P.R. is nothing if it is not inconsistent. —Observer.

NOTICE

Rev. J. J. Nixon spent a couple of days in Kelowna this week.

BORN—On November 18, to Mr. and Mrs. J. L. Elliott, a son.

Mr. F. H. LeQuesne drove a commercial man to Summerland on Tuesday afternoon.

The welcome news reaches us that the C.P.R. has agreed to run the Aberdeen alternately with the Okanagan. This is a step in the right direction, and if new arrangements can be made for the carrying of the mails we shall have once more proper connection with the outside world.

Mr. W. J. Garroway and his son Cecil left Thursday for a five months' trip to the Old Country. A number of neighbors gave them a surprise party one evening last week. Quite a crowd was present and a very pleasant evening spent. All join in wishing them a safe and pleasant trip.

Mr. and Mrs. B. J. Brown arrived by Friday evening's boat, and were met at the wharf by a large crowd of townspeople who showered the blushing groom most plentifully with rice. Mr. Brown very generously treated the crowd at the store and might will have been spared the serenade later in the evening conducted by some irresponsibles.

Monday evening the C.P.R. engineer passed through and left papers to be signed by property owners in Beach avenue, giving their consent to the building of a slip to extend from the present wharf to 3rd street. This slip is to enable the company to run cars off the barges which they are building now, and will do away with the extra handling at the Landing. Needless to say owners of property very gladly signed the paper.

Last Saturday the Kelowna football team came down to play the return match with our boys. They had a strong eleven, and a very evenly balanced pair of teams struggled for an hour and twenty minutes. The Kelowna defence was particularly strong, and although our forwards had a good share of the play and worked well, they were not often able to penetrate the visitors' strong defence. The score was 2-1 in favor of Kelowna but it was any one's game right up until the whistle blew. Dr. Nash made an impartial referee. Next Saturday the South Okanagan team are expected down for a game.

A launch load of citizens set out bravely for Kelowna one day last week. All went well until near Galletly's the engine quit. They used oil, monkey wrenches, gasoline and imprecations, but all, all of no avail. Finally about two o'clock the critter woke up, and they came home trying to look as though they had been at Kelowna, in which some succeeded. Had it not been for a ham sandwich one lady happened to have in her pocket, it is probable they would have suffered with hunger.

The committee appointed to secure information concerning the organization of a Board of Trade reported to a meeting held in the reading room last Friday evening. It was deemed advisable to organize, and the following officers were elected: President, W. A. Lang; Vice-President, T. N. Ritchie; Secretary-Treasurer, J. A. Moran; Councillors, L. D. McColl, C. G. Elliott and N. N. Morrison. Organization was carried far enough so that properly qualified officers will be prepared to act in conjunction with other Boards of Trade in any matters affecting the whole valley.

Mr. and Mrs. R. A. F. Moore of Spokane have been in Peachland for a week renewing old acquaintances and making new ones. They were among the first settlers of Peachland, but left here eight years ago. Naturally they see great changes in the vicinity, and find very few familiar faces. Fyfe was Peachland's most famous hunter in the olden days. Indeed, so far had his fame as a deadly shot spread, that it reached the ears of the deer themselves, and it is reported that on one of his expeditions when he leveled his rifle at a ten pronged buck, the old fellow called out, "Say, are you Fyfe Moore?" and receiving a reply in the affirmative, said, "Well, you needn't shoot; I'll go with you." Naturally enough Fyfe hankered after monich again so getting two old cronies, Thompson and Jim Elliott, spent Monday in the hills, and maintained his reputation by securing the only deer seen all day. While here they are the guests of Mrs. Town.

(Continued on page 4)

A special feature of interest at the Union Sunday School last Sunday morning was a report on the Sunday School Convention, which met at Revelstoke last week, by Miss S. McIntyre. Mr. W. H. Irwin, Provincial Superintendent in Manitoba, also addressed the school, and gave some sterling advice to both old and young.

Public notice is hereby given that one month after the date hereof the undersigned and others intend to make application to His Honor, James Dunsmuir, Lieutenant-Governor in Council, at Victoria, under the provisions of the "Municipalities Incorporation Act, 1896," and Amending Acts of the statutes of the Province of British Columbia, for Letters Patent under the Great Seal to incorporate into a District Municipality under the name of "The Corporation of the District of Peachland," that certain tract of land, situate in the County and District of Yale, the limit and extent of which is described as follows: Commencing at the South East corner of lot 2690 on Okanagan Lake, thence due North to North East corner of said lot; thence due West along the North boundary thereof to the North West corner of said lot; thence due South along the West boundary thereof to the North East corner of lot 449; thence due West along the North boundaries of said lot 449 and lot 1174 to the North West corner of the last mentioned lot; thence due south along the West boundary of said last mentioned lot to its intersection with the North boundary of lot 220; thence along the North boundary of the last mentioned lot, due West, to the North West corner thereof; thence due West along the North boundary of lot 902 a distance of 19.87 chains; thence due South a distance of 19.01 chains; thence due West a distance of 20 chains to the North West corner of last mentioned lot, such point being also the North East corner of lot 1800; thence along the North and West boundaries of last mentioned lot to the intersection of said West boundary with the North boundary of lot 490; thence along the North boundaries of said lot 490 and lot 1185 due west to the North West corner of last mentioned lot; thence due South along the West boundary of said last mentioned lot to the North East corner of lot 2534; thence due West along the North boundary of last mentioned lot a distance of 60.07 chains; thence due South a distance of 20 chains; thence due West a distance of 20 chains to the North West corner of said lot; thence due South a distance of 20 chains to the intersection of the West boundary of the last mentioned lot with the North boundary of lot 1274; thence along the North boundary of last mentioned lot, due West, to the North West corner thereof; thence South along the West boundaries of said last mentioned lot and lot 2338 to the South West corner of last mentioned lot; thence due East along the South boundary of last mentioned lot to its intersection with the West boundary of lot 912; thence along the West boundary of the last mentioned lot, due South, to the South West corner thereof; thence due east along the South boundary thereof to its intersection with the West boundary of lot 221; thence along the said West boundary of last mentioned lot, due South, to the South West corner thereof; thence due East along the South boundary of the last mentioned lot to the shore of the said Okanagan Lake; thence in a Northerly and Easterly direction, following the shore of the said Lake, to the point of commencement.

Dated at Peachland, B. C., this 26th day of October, A. D. 1908.

THE TURN DOWN.

The Liberal member for Yale-Cariboo was not defeated on the 12th; he was turned down, snowed under and embalmed for perpetual oblivion. So was the Government candidate in Kootenay, the adjoining constituency. But why? Doubtless because some resented the deferring of our elections; some resented the federal government's duplicity in the Asiatic question; some think the government too strong already, and some because they think Mr. Burrell as a clean man and a horticulturist ought to be in the House in the interests of what is destined to be a very large and important source of the wealth of this province.

Whatever the cause or causes may have been for the overwhelming turn over, every true Canadian should be glad to see that such a thing is possible. It is an omen of good. The men of the west have asserted their right to think for themselves in matters political. The chain gang system of partyism has received a jolt. Men of the far west have refused to be driven. They have claimed their prerogative and mounted the throne of judgment. Long may they sit there. If Demos be king let him reign. Let him rule with a rod of iron at the polls, and it will not be long till the whole brood of aristocrats, plutocrats, demagogues and corporation heelers at the capital will have been bowed out of court.

It is a significant and inspiring sign of the better day ahead that the men who found it hardest in both parties to scramble back to their seats, were the men who had

at least left themselves open to the suspicion of having tried the "ways that are dark and tricks that are vain."

If now, following our example, Canada will but begin to make ready to turn the government out, not because it is a Grit government particularly, but on general principles, and keep on in that direction with their successors, should they not show cause every session why they should see another one; it will not be long till Canadian politics are purged of all that makes it about as much as a clean man's reputation is worth to be known as a member of parliament.

In speaking of this phase of our Canadian life the London, Eng., Standard of Empire says:

"The public has been told in most emphatic and direct terms of government contracts and franchises put up to sale by persons holding high official positions, of land grants made on inequitable terms through political influence, of ratepayers being shamefully plundered over the construction of government railways. Sometimes the stories are denied, sometimes they have been treated with contemptuous (or it may be conscious) silence; sometimes they are met with counter-charges of equally disgraceful conduct on the part of the accusers. It is neither our business nor our desire to make comment on what is, after all, a purely local affair. But we should be doing our Canadian kinsmen an ill service if we attempted to hide from them the symptoms of uneasiness which have been caused in England by these accusations and counter-accusations. It must be remembered that at the present moment in the United States Mr. Hearst is startling the world at least twice a week with the most stupendous disclosures of "graft" that have yet been made even in that graft-ridden country, and it has come as a most unpleasant surprise to many people at Home to read similar accusations being tossed to and fro in the Canadian elections."

When the Canadian people begin to concentrate their attention on turning their governments out instead of on putting them in, electors won't have to feel that they ought to apologize for being around three years and a half out of four.

Sir Henri Joly de Lotbiniere, former Lieutenant-Governor of British Columbia, died Monday morning at Quebec at the advanced age of 79.

LOCAL NEWS

Mrs. P. B. H. Ramsay returned on Wednesday evening from a visit to the coast.

W. Eugene Knox, impersonator and reader, will give an entertainment in Empire Hall on Friday evening, November 27.

Hon. Wm. Hespeler of Winnipeg arrived in Summerland on Wednesday evening, and is a guest of his son, Mr. A. A.E. Hespeler, at Eberstein Ranch.

Mr. J. D. Kennedy of Red Deer is spending the week in Summerland. This is his second visit this year, having spent a week or ten days here last May.

Nurse Keir of the Winnipeg General Hospital arrived in town on Friday evening to fill a vacancy in Glenburn Cottage Hospital.

The two-year-old son of Mr. and Mrs. E. I. Scott had the misfortune to fall and break his collar bone. Dr. Smith set the fracture and his patient is doing as well as can be expected.

There is to be a grand gathering of the clans and a concert on St. Andrew's night, Monday, November 30. A committee of local Scotchmen are busy making elaborate preparations, and a rare treat is in store for all. Don't miss it.

A special Thanksgiving service was held in the Presbyterian Church on Sunday evening last, conducted by the pastor, Rev. Jas. Hood. The choir rendered special music during the service, Miss Thompson of Penticton singing a solo. A large congregation was present.

Rev. H. G. Estabrook, Mr. J. J. Wallace and Dr. Sawyer left on Tuesday morning for Vancouver to attend the Baptist convention being held in that city. Mr. I. B. Fulton left on Thursday morning for the same destination and will attend the convention.

Mrs. L. H. MacDowell of the Hotel Summerland entertained the members of the Naramata Unity Club and Summerland friends on Friday afternoon. The Naramata brought the club across the lake, and a special carriage and attendants conveyed the worthy president, Mrs. Welband, from the boat to the hotel. During the afternoon music and addresses were rendered, and later dainty refreshments were served by the hostess. The party returned to Naramata on the Okanagan early in the evening.

Summerland Council, C.O.C.F., No. 561, met in an adjourned meeting on Monday night for the purpose of installing the officers elect. After the various officers had been installed, three candidates were given the initiatory. Organizer Madill and wife left Tuesday morning, well pleased with the prospects of the order here.

Naramata

Mr. Fred Manchester has gone to the coast on business.

The gang of men under Foreman Kent, at work on the irrigation ditch south of Four Mile Creek, expect to finish this week.

Mr. W. H. Irwin, General Superintendent of Sunday Schools in Manitoba, spent a few days this week looking over some fruit lots here, finally purchasing ten acres.

Mr. Cossar has taken the contract of clearing and grading the sports grounds opposite the park. The grounds are to be put in first class condition by April 1st, 1909.

The final plans for the Naramata hotel have been prepared by Mr. W. A. Peters. Tenders will be called for immediately. The building is to be delivered by June 1st, 1909.

Mr. W. C. McKechnie sang a solo, "One Sweetly Solemn Thought" (Ambrose) at the service held in the Opera House on Sunday evening.

Mr. Harold Endicott and Mr. Stork are the responsible parties for a fine big buck that was dragged into town on Tuesday night. A bullet from Harold's rifle brought him down, a second shot only wounding the accompanying doe.

The Unity Club held its weekly meeting with Mrs. MacDowell of Summerland last Friday. The lady proved herself a royal hostess, and the delicious refreshments served during the afternoon left nothing to be desired. Business was dispensed with and the afternoon devoted to a social time. The following Friday was voted as Summerland Day, when the Summerland ladies are supposed to find their way over to the residence and hospitality of Mrs. Thos. Wellband.

On Friday night last a meeting of the N.A.A. & A. Association was called to elect a president to replace Dr. W. C. McKechnie, who is about to leave for the coast. Mr. Harry Hill was unanimously elected to the office. The retiring president was handed a pipe by Mr. Scaife, on behalf of the Association, expressing at the same time their united feeling of regret at losing Dr. McKechnie from the town.

RAILWAY CONSTRUCTION MAY SOON BEGIN.

C.P.R. Officials Will Inspect Route Between Coutlee and Penticton.

The inspection to be made next week by C.P.R. officials of the route which was last summer surveyed between Coutlee and Penticton is looked upon as being significant of the start of construction on this line during the coming year.

It was learned last week that R. Marpole, general executive assistant of the C.P.R., would leave Monday to go over the route in company with the H. J. Cambie, consulting engineer, and H. E. Carry, the engineer who directed the survey last summer. The survey was started in April and lasted till the close of October, the distance covered being in the neighborhood of 180 miles.

Messrs. Marpole, Cambie and Carry proceeded from Vancouver to Coutlee on the Spence's Bridge branch line, and from there they will drive over the entire distance to Penticton, at the foot of Okanagan Lake. The exact route of the line is of course secret, but it is generally known that the Coldwater River will be followed for some distance south of Coutlee, and that the line will pass quite close to Summerland, on Okanagan Lake.

MUNICIPAL COUNCIL MEETING.

A special meeting of the Summerland Municipal Council was held on Monday, November 16. Reeve Agur and all Councillors, except Councillor Ritchie being present.

A communication was received from G. A. Henderson in connection with the sale of debentures, which was referred to Clerk for attention.

A petition from J. M. Sutherland and others requesting a sidewalk along the lake shore from end of present sidewalk near old wharf to Peach Orchard, which was held over for consideration.

The Public Works Committee reported recommending that tenders for the following road contracts be accepted: Nos. 43, 47, 48, 49, 50, 51 and 53. The report was adopted.

It was decided that one of the Councillors accompany the Road Commissioner in all cases where tenders for road contracts are called for, and shall also inspect contracts when completed.

The Council adjourned to meet on Monday, November 30, at 9 a.m.

Returning Officer J. H. Ingram was sent up for trial on a charge of changing the voters' list at poll 3 in Brandon during the recent Dominion election. R. Purdon, deputy returning officer, was the only witness examined. The case of C. Redpath of Souris has been remanded for another week.

HOW IT HAPPENED.

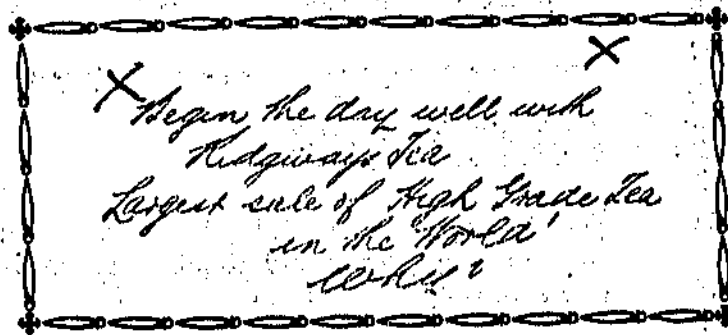

The Boundary Creek Times, Duncan Ross' Organ, Tells What Caused Disaster.

The tidal wave of unreasoning and unreasonable hostility to the policies of the Laurier government, which began at the coast, overwhelmed the Liberals of Yale-Cariboo and Kootenay yesterday.

The Oriental question and Better Terms exploited by local Tories and backed up by unscrupulous misuse of patronage and power by the McBride government secured majorities in favor of the two Conservative candidates which surprised even the most enthusiastic members of that party. In Yale-Cariboo where a victory for Mr. Ross was generally conceded by those best acquainted with the district, large majorities were secured by Mr. Burrell in all the centres of population. Of all the towns and cities in the district, Phoenix alone came up to the expectations of the local Liberal committee, who are entitled to the greatest credit for the splendid work done by them. Even Greenwood, Mr. Ross' home town, gave Mr. Burrell a majority, although the night before the election Conservatives conceded a Liberal majority

of 50. The story of the deal by which such an extraordinary result was secured in Greenwood can best be told in a later issue. It begins with the selling out of Greenwood business men by the passage of that silly Board of Trade resolution, and ends up by the clubbing of 25 out of 27 voters employed by the local smelter into voting for the Tory candidate.

In Kootenay the result is even more disastrous for the Liberal party, Mr. Smith Curtis, who was counted a sure winner, being downed by the same forces which defeated five out of a solid delegation of seven Liberal members from British Columbia.

LOCAL NEWS

Mr. and Mrs. James Ritchie left on Saturday for Vancouver.

On Sunday evening in the Methodist Church the sacrament of the Lord's Supper will be administered.

Rev. R. J. McIntyre will hold service on Sunday at 11 a.m., in the Prairie Valley schoolhouse. All are cordially invited.

Mr. Fysh of Peach Orchard left for the coast on business Tuesday. He expects to be away over a week.

On Monday night a rather heavy gale was blowing, and a number of small craft moored a short distance from shore dragged their anchors and ran aground. Mr. Adam Stark's launch capsized and sank.

The Ladies' Aid of the Methodist Church will hold a concert in Empire Hall, on Tuesday, December 8. The programme will include vocal and instrumental music, an artistic drill by young ladies, and selections by the Summerland Brass Band.

Mr. Leeland of Lethbridge is among the visitors to town during the week. He is delighted with our mild climate, and reports that he expects his sister and her husband in to spend the winter in the land of summer.

On Wednesday the Quarterly Board of the Methodist Church appointed a committee to see about erecting a hall for athletic purposes as a gymnasium, and running in connection a library and reading room. It is expected a building will be erected as quickly as possible, suitable for basketball, indoor baseball, etc., with bath rooms, and that a men's club be organized and run on modern lines. Particulars will probably be made public in the next issue of the paper.

On Monday evening in the Methodist Church an enthusiastic meeting was held in the interests of the Local Option Campaign. Addresses were delivered by Revs. Estabrook, Hood, Solly, McIntyre and Dr. Sawyer, along the line of the desirability of obtaining from the government the privilege of voting on Local Option in each municipality. Methods of work were outlined and officers elected to carry on the campaign. The officers elected were, President, Dr. Sawyer; Vice-President, J. L. Logie; Secretary-Treasurer, B. C. Moore; these, with the resident ministers, to form an executive. Dr. Sawyer was appointed representative to the provincial Local Option Convention which will meet in Vancouver November 25th.

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 1

SUMMERLAND, B. C., NOVEMBER 28, 1908

No. 17

LOOKING TO THE FUTURE.

Immediate Action Necessary to Ensure Proper Handling of All Fruits Next Season.

The fruit crop of the year 1908 has now been practically all marketed, and probably the least said about the way it has been handled the better. However, the trouble did not occur at the point of shipment, the local exchanges doing their work in a thorough manner. The same can hardly be said of the manner in which the Central Exchange looked after its end of the business. According to reports there is still a considerable sum due the producers for goods supplied months ago, the result being that a most unsatisfactory state of affairs exists in almost every fruit district in the Okanagan Valley. And this is only a repetition of what has happened in other years.

The proper marketing of fruit is an important question, and one which should be given serious consideration immediately if the fruit grower is to receive adequate compensation for his labors. The average product of a ten-acre fruit lot should in a very few years yield the owner (and most assuredly would under proper conditions) sufficient to allow him to live in ease for the remainder of his days. The question now before the fruit growers of this district is what is the best course to pursue to attain the desired results?

One of the most important matters in this connection in Summerland is the establishment of a large and up-to-date cannery, suitable to handle all the surplus fruit. Last season with only a small percentage of the orchards producing heavily, a much better price would have been secured had there been such an institution in operation here. And what about the coming season with hundreds of orchards in full bearing?

Then another important matter is the marketing of vegetables. During the past season hundreds of tons were shipped to outside canneries, which after deducting transportation charges, left a very small margin for the producer. With the establishment of a cannery with capacity for handling such vegetables as peas, beans, corn, tomatoes, etc., the production would be increased an hundred fold, thus enabling the rancher who is struggling to de-

velop his fruit lot to live in comparative ease during the four or five years required to bring his orchard to the producing stage.

There is at present a project on foot for the establishment of a cannery by the Summerland Fruit Company, the site having been already purchased. The capacity, of course, as in all other business projects, will be limited to the amount of capital at the Company's disposal. Would it not be a good idea for the business men and fruit growers to get together and discuss the question with the Company, and if necessary come to their assistance by subscribing sufficient capital to enable them to erect a cannery capable of handling all surplus fruit and vegetables? A cannery under capable management is undoubtedly a good investment, an illustration of which was demonstrated in the efficient management of the Peachland cannery for the past season, which although a comparatively small institution netted its shareholders a substantial dividend on capital invested. There is no reason why a similar institution, with a somewhat enlarged capacity to enable it to handle the product of a much larger area, with efficient management, would not pay good dividends on the capital invested.

This is a question deserving immediate consideration by all concerned, so that before another season arrives, all surplus fruit and vegetables will have a ready market, and the producer will not be compelled to accept any price offered or let his products lie waste on the ground.

The freight rates is another question which should be given serious consideration by all interested in the fruit industry, and already a movement is on foot with this object in view. Now that we have a Board of Trade working in conjunction with other towns in the Valley, united action will undoubtedly produce good results.

LEGISLATURE TO MEET IN JANUARY.

Announcement was made in Victoria on Tuesday that the British Columbia Legislature will meet on January 21, 1909.

One of the noblest works of creation is the man who always pays the printer, and he who pays him quickly, is twice as noble.—Ledge.

MATTERS MUNICIPAL.

The Question of Cattle Running at Large Should Receive Consideration.

Now that the time is approaching for the election of Reeve and Councillors, some matters of importance to the ranchers and citizens of the town should be taken into consideration. One of these that effects the town and district generally is the question of cattle being allowed to run at large all hours of the day and night. It is now between four and five years since the first fruit lots were fenced and in many instances the fence posts are beginning to decay, and are not in condition to resist the encroachment of animals. During the past season several complaints were heard of this nuisance and considerable damage was done in the outlying districts. In the town citizens are compelled to build strong fences to protect their properties, where the more picturesque plan of hedges on the street line in front of the residences would add greatly to the appearance of streets. By the passage of a by-law prohibiting animals running at large the nuisance would be overcome, and the parties owning lots in the district would not be compelled to construct new fences and expend hundreds of dollars to protect their properties. It seems a mistake the fruit growers should be forced to replace fences before they have received any substantial remuneration from the money already expended in the development of their fruit lots.

As stated above a by-law passed by the Council would set at rest this question for all time.

FRUIT GROWERS' CONVENTION.

The sixteenth annual international convention of the Northwest Fruit Growers' Association will be held in Portland, Oregon, on Wednesday, Thursday and Friday, December 2, 3 and 4. The Association will meet at 9:30 a.m., on Wednesday, December 2nd, and will continue in session two days, with the third day for sight-seeing as the guests of the city of Portland. Wednesday evening the Portland Commercial Club will tender a reception to the visiting horticulturists, and Friday will be devoted to getting glimpses of Portland and

WEDDING BELLS.

Tait-Holder.

A very pretty wedding took place at Prospect Hill, the home of Mr. and Mrs. George Graham, on Wednesday the 25th inst., when Miss Alice Holder was joined in the holy bonds of matrimony to Mr. Magnus Tait.

Rev. James Hood, Presbyterian minister, officiated; Miss Chrissie Tait, sister of the groom, acted as bridesmaid, while Mr. Alex. Steven supported the groom.

Punctually at the hour of 5 o'clock, to the accompanying strains of the Wedding March played by Miss Bena Logie, the bride, who was charmingly attired, was led into the room by her father; her fresh, pretty face, aglow with radiant smiles, making a visible impression on the company.

The ceremony was very brief, and ere the contracting parties had yet begun to realize they were the centre of interest, the compact was indissolubly sealed and they were permitted to receive the congratulations of the many friends present.

Afterwards the whole company sat down to a sumptuous repast prepared by Mrs. Graham. The couple left at an early hour followed by showers of rice, while their conveyance was made more attractive by the number of old shoes attached. Their new home is at Trout Creek, where a pretty cottage has been built. Here we leave them with the fervent wishes that theirs may be a truly happy life, with no passing cloud to disturb the serenity in which they now find themselves.

The presents were numerous, testifying to the popularity in which the young couple are held in the community.

NEW POWER WHEEL INSTALLED.

The Summerland Development Company has installed a new Pelton water wheel in the electric light station. The service was shut down at 12:30 on Wednesday morning and by 5 in the evening the service was again in operation, everything running like clock work. Much credit is due Mr. M. D. Manchester and his staff for the manner in which the work was accomplished. This will give the company ample power for all purposes, a much needed improvement. The old wheel was all right in its day, but could not keep pace with the progress of the town. There are now about 700 lights in operation, and when the entire service is equipped with the meter system it is expected that the plant will handle at least 1000 lights.

PROVINCIAL AND GENERAL.

R. G. Tatlow, finance minister of British Columbia, and W. E. Scott recently visited the offices of the Post Mercury with the object of bringing more prominently under their notice the claims of British Columbia to preferential selection for intending emigrants, especially those who may be influenced by the bugbear of Canadian snows and the cold season, which may be correct to some extent elsewhere, but is not so in British Columbia.

The British Columbia fruit-growers are not the only ones to feel adverse effects from the unfair American competition, as the following despatch from Toronto shows: "At the annual meeting of the Ontario Horticultural Association it was said that the tariff on fruits must be increased or the express rates in Canada considerably reduced if the fruit-growers of Canada are to hold their own against American competitors."

At a large political convention Hon. J. A. Calder was tendered the nomination for Saltcoats constituency, to fill the vacancy caused by the resignation of Thomas MacNutt, from the provincial legislature. The ballot showed a large majority for Calder and on motion of Mr. Kinarson, the nomination was made unanimous, amid great cheering. Hon. Walter Scott and Hon. J. A. Calder were present, and addressed the convention.

The Ontario fruit growers in convention decided to ask the government to revise the tariff and give more protection to small fruits and vegetables. The claim was made that Canadian products were spoiled by importations from the United States, especially of strawberries and peaches.

While he has not yet made any official statement it is understood that Mayor Bethune of Vancouver will not be a candidate for mayor for a third term. This will probably mean a decided re-arrangement among the backers of mayoralty candidates.

George Frederick Johnson, who killed his boarding-house keeper, Mrs. Humphries, last July at Kenora, Ontario, was found guilty and sentenced to be hanged on January 20th.

Hugh Armstrong, member for Portage la Prairie, was last Thursday sworn in as provincial treasurer in the Roblin government, succeeding J. H. Agnew, deceased.

The Summerland Review

DR. HALL'S LECTURE.

Last Sunday evening a Summerland audience composed of men, had the very great privilege of hearing a forceful and eloquent address by Dr. Ernest Hall of Victoria. His address was illustrated by lantern views which deeply impressed his audience.

The meeting was brought about by the pastor withdrawing the regular service of the church, an act which was greatly appreciated by the large and attentive audience.

Dr. Hall is one of the leading physicians of the West, is well known also for his interest in public affairs, he being school trustee in Victoria for years, and was also the candidate of the Labor party in Victoria during the last provincial election.

The meeting was opened at 7 o'clock, Dr. Smith being in the chair. A brief address in a few well chosen words was made by the chairman. Rev. McIntyre also added a few remarks, and stated that Dr. Hall was not seeking notoriety, nor was he attempting to make something on the side. His work was wholly gratuitous; he had never received, nor would he ever accept a dollar for such work. His services were eagerly sought by leading universities in the United States, but he saw fit to come to the smaller places because the work was on his heart and he had a message to deliver. Dr. Hall was well received upon rising and after expressing pleasure at being present, among other remarks, he said perhaps many in the audience had thought the temperature of hell had been going down, but he wished to show them that it was rising as viewed from his standpoint. The theme may be stated as "The awful effects of sin from a physiological standpoint," "The wages of sin is death."

His was a scathing arraignment of the liquor traffic and the social evil.

He showed that alcohol was not a food, and that instead of assisting digestion, it was a great hindrance, and when certain quantities were taken it embarrassed digestion altogether, so that the drinker was compelled to vomit.

It was not a stimulant, but a narcotic, which for a time paralyzed certain nerves which govern the contractions of the heart.

It was an enemy of morality, statistics showing it to be the chief cause of crime. It predisposed to disease. Sir. Wm. Gull said before the House of Lords commission, "I hardly know any more powerful cause of disease than alcohol." The

brothel would, in all probability, not exist if it was not for the liquor traffic.

The social evil was handled in a very frank and effective manner. The speaker eloquently described the awful harvest that man shall reap, who sows to the flesh. Said he, "He shall reap it with the sickle of grief and anguish, and thresh it with the flail of remorse and death. 'He that soweth to the flesh shall of the flesh reap corruption.'"

He condemned in strong language and passionate tone the custom of young ladies marrying the reformed prodigal. He may have become a Christian but that doesn't make him physically fit to marry a pure young lady, and he appealed to fathers to stand as the guardians of their homes, against that which would mean sorrow to the young wife and grief to the offspring. This man has no right to ask for the hand of your daughter in marriage, and when women once know the awful results of the immoral lives of men, they will very speedily demand from them the same standard of purity as men do from women.

The pictures thrown on the screen were taken from life and were such as to cause one to shudder. In some cases sin had wrought such havoc as to make the subject almost unrecognizable as a human being.

After the lecture the meeting was thrown open for discussion and for over an hour questions were asked and answered, among those taking part being Drs. Andrew, Smith and McIntyre, Rev. McIntyre, Mr. J. M. Robinson, Mr. J. W. S. Logie, Mr. McLaine, Mr. Beavis, and others. A hearty vote of thanks was passed amid prolonged applause. The meeting closed at 10 o'clock.

At the last regular meeting of the Pen-tiction Board of Trade, several important resolutions were adopted, among them being the changing of Sicamous Junction to Okanagan Junction. The Review was the first paper to suggest such change some weeks ago, and which was subsequently taken up by nearly all the Valley papers. Would it not be a good idea for the united boards to take some definite action to try and bring about this much desired change.

SUMMERLAND 8 A.M. and 8:30 P.M.

NARAMATA - 8:30 A.M. and 4:30 P.M.

Extra Trip Tuesday—

SUMMERLAND 11 A.M. NARAMATA 11:30

Peachland

Mr. H. L. DeBeck of Penticton was in town Tuesday. While here he purchased one of Mr. W. A. Lang's Jersey cows.

Miss Lulu Brown is spending the winter with her aunt, Mrs. Doidge of Summerland. She will attend Okanagan College this winter.

Mrs. Henry of Oak River, Man., is visiting her parents, Mr. and Mrs. Michaels. She is accompanied by six healthy, stirring children, so it is likely grandpa's "shelally" may be kept busy these days.

Master Ronald Elliott returned from Kelowna Hospital Monday. While looking somewhat pale and still unsteady on his pins he is well on the road to complete recovery from his attack of typhoid fever.

Mr. Murray is so far convalescent as to be able to be moved to town on Tuesday in a launch. He is making his home with Mr. and Mrs. R. J. Hogg until his recovery is completed.

Mr. J. L. Vicory returned last week from a trip to Honolulu. He reports having had a fine voyage and a good trip generally. His fit looking condition quite bears out his statement.

Miss Florr Steele left Saturday to spend the winter in her old home in Wisconsin. She has taken such an active part in the social and religious life of the community that she will be missed very greatly this winter. However, we hope to see her among us again in the spring.

Mr. J. H. Clements, a recent arrival from Arnprive, Ontario, has bought a lot on Beach Avenue, adjoining the hotel property, from Mrs. Somerset. It is his intention to open up a grocery business here as soon as he can get the building erected. The real estate transfer was made by C. G. Elliott.

Dr. Connolly of Vancouver, who visited here with Rev. J. J. Nixon for a few weeks last fall, after travelling around the country ever since, has returned to spend the winter, having seen no place where the climate suited him so well as here. He is accompanied by Mrs. Connolly this time. They have taken up their residence in Mr. Sid Lang's house.

Dr. Nash has begun the erection of a block on his lot on the corner of 3rd Street and Beach Avenue. He intends to use the whole ground floor for an up-to-date drug

store. The upper story will be fitted up later for offices and apartments. Mr. Jack Campbell has the contract for the building.

Mr. Charles Somerville returned Monday from a three months' trip to Goodlands, Man. This was his annual trip to be present at the harvesting and threshing of the grain on his large farms in that vicinity. He reports a very fair crop with good prices and the grain nearly all marketed.

The football team from South Okanagan visited us on Saturday. Having beaten Kelowna, broken a man's jaw and disabled several players, it was felt that they had something of a reputation, and that to be in the running at all our boys would have to extend themselves to their limit. However, before the play had been going many minutes it was seen that the Peachland forwards had the ball most of the time and were continually bearing down on the visitors' goal. But as often as they got into that region it was also seen that a couple of long geared backs managed to connect with the ball and by vigorous kicks relieve the situation. There could be but one ending, however, to such a steady bombardment as their goal was subjected to, and shortly before half time a goal was scored. In the second half our boys cut loose and scored six goals while the visitors failed to get one, although a few times they got near the goal. That the score was not twice as large was due to the two reliable defence men. The whole of the second half was a game between Peachland forwards and the South Okanagan defence, for around the rest of the team our boys simply played rings. Our team goes to Summerland on Saturday but a different tale may be told after that game.

ANOTHER WEEKLY FOR KELOWNA.

A new weekly paper is being established in Kelowna and will make its appearance shortly. The title of the new publication is the Orchard City Record, the editor and proprietor being C. H. Leathley.

NOTHING WRONG WITH OUR STATUS.

An article entitled "Our Unworthy Status" appeared a short time ago in the Journal of the Canadian Bankers' Association. It was written by Mr. F. Blake Crofton of Halifax, and it has been receiving some notice in journals that have more than a parochial outlook. The writer thinks it is "strange that a virile people with a growing population now exceeding that of England and Scotland at the time of their union, should not claim a co-ordinate in lieu of a subordinate position; strange, that having come of age, it should be content to remain in tutelage, without a vote upon the Imperial establishments or foreign politics, and further strange that it should still waive the rights and shirk the responsibilities of nationhood, whether as an independent State or a full partner in the British Empire, or in some other Sovereign nation."

He admits, however, that "In recent years we have done something toward our defence, and the present government has given a preference to British goods, in partial return for benefits received," but thinks "our position still to some extent resembles that of the hermit-crab. We take shelter under the shell of Great Britain, and pay inadequately for the shelter. Our reciprocation of benefits is incomplete. We give nothing to the Navy."

The dangers he sees are, a tendency to pettiness in politics from want of outlook, insecurity because unrelated to the United States and loosely related to the Motherland, and lastly, the danger that in some hour of difference "the Dominion and the

Empire might part in anger and Canada might swell the number of "Americans unfriendly to Britain," which would of course break to shivers the big peace club of the Anglo-Saxon race federation.

Mr. Crofton's article is written in a clear and interesting style, but from the standpoint of practical politics it is, in our judgment, of little value. It is setting up a man of straw and fighting spectres. The whole beautiful structure is built up on false major premise, viz., that Canada has come of age, and it collapses at a touch.

Canada has not yet come of age. Canada is a youth. Not a child; not a man; but a youth. Now in the right order of nature the business of a youth is not to worry his soul out as to how he shall help his paternal ancestor defend the roof tree and provide for the home. Not at any rate till he is called on to do so. His business is to develop his own powers, and become a man, and when he becomes a man then he must pick up the man's burden and carry it like a man.

All of which Canada will cheerfully do when the time comes. This Dominion will certainly one day be a separate and independent nation; or, it will be admitted as a "full partner" in the British Empire; or it will be a full fledged partner in the United States. But just now the republic is friendly and what have we got to do with European politics? Or what has European politics to do with us? Why should we get mixed up in the foreign affairs of the Empire, and lend a hand in policing the Balkan or spanking the Grand Lhama of Thibet, when we have to sit up nights at home building railways or giving paragoric to teething Doukhobors in our own Northwest? Canada's business is to grow strong as quickly as possible, for only by growing strong numerically and commercially can we inspire in the breasts of foreign enemies in Europe or elsewhere, those sentiments of respect or of fear which shall be worth more to John Bull than ten battalions of soldiers or many ironclads. Great territory doesn't make a great nation.

These pleadings that Canada be allowed to play a bigger part in the complicated affairs of the Empire smack of the yeastiness of youth. They are well meant but not to be taken too seriously. They are the promise of better things to come, as wise old John knows as he pats the youngster on the head and tells him he'll be a better man than his daddy some day.

Meanwhile there is no cause for alarm or reproach. No one would dare to annex us

by force were we free, and England isn't building war ships on our account. She embarked on her present policy of naval supremacy when Canada was known only for its wild beast hides, and she embarked on it because the daring Napoleon had well nigh throttled her and her factories by planning a combined attack of the French, Dutch and Spanish fleets on her naval forces, with a view to a land invasion following. And she would go on building ships if we fell into the United States tomorrow or issued a declaration of independence. Incidentally she affords us some protection, it is true; but incidentally the lion's whelp is getting big enough to be of use to her too.

When we have developed our resources and attained our growth, then independence or an honorable partnership will come of itself and we shall build forts and man ships and commit folly and murder wholesale like the rest of them. But at present we have something of much more importance to do, and while we are attending strictly to that there won't anything very serious go wrong with our "status" "The duty of the hour is the duty of the life."

LOCAL NEWS

Hon. Wm. Hespeler and Mr. A. Æ. Hespeler visited Kelowna Tuesday.

Mr. and Mrs. James Ritchie returned on Monday evening from a visit to the coast. Mr. Ritchie was unfortunately indisposed while away and was compelled to spend most of his time in his room.

J. W. Gellatly, representing the Rosefield Nurseries of Gellatly, spent a few days in town this week in the interests of his firm.

Mr. F. W. Bentley arrived in Summerland from Washington State this week. He has spent the past two years at North Yakima studying fruit growing, sorting, packing and cold storage, and should be a valuable acquisition to the population of Summerland.

A very pleasant evening was spent at the home of Miss Raleigh, when a number of girl friends assembled and gave Miss Alice Holder, the guest of the evening, a linen shower, in honor of her wedding. The gentlemen arrived about nine o'clock and a sewing contest was engaged in. Mr. Walter Verity won the 1st prize for hemming an apron, while Miss Edna Garnett dressed the best Polly Piper.

On Saturday last four large electric lights were swung on the wharf which have greatly improved this thoroughfare for pedestrians going to and from the boat during the winter evenings. This improvement was badly needed and will eliminate any possible danger of persons unconsciously walking off the side of the wharf, as has been the case in one or two instances.

Naramata

Mr. H. J. Wells of Battle Creek, Mich., has been the guest of Mr. and Mrs. Gillespie during the week.

Mrs. Dr. Mathison spent a day in town this week.

Major and Mrs. Hutton of Summerland paid an initial visit to Naramata last Saturday.

Capt. J. Niblock, superintendent of the western division of the C. P. R. from Winnipeg to Calgary, and party, including Messrs. J. C. Miller, W. McKenty, F. W. Alexander, were the guests of Mr. J. M. Robinson during the week. Needless to say all are charmed with Naramata. The Captain bought a large block of land when here last spring, and not being satisfied with that insisted that his friends see this land of promise for themselves. Mr. Robinson took the party to Peachland in his yacht Naramata on Thursday.

Messrs. A. B. Campbell, J. H. Bryan and Jas. Goldie of Penticton registered at the Hotel Naramata this week.

Dr. W. C. McKechnie leaves Saturday morning of this week for Vancouver, where he expects to build up a practice and make his permanent home. Mrs. McKechnie and children will follow later after spending a few days in Summerland.

Mr. L. E. Van Hise, engineer, left Saturday morning for the coast.

Messrs. H. F. Peters and P. Johnstone, both of Vancouver, spent a day in town this week on business.

NO DUTY ON B. C. APPLES.

The management of the national apple show was informed last week by the United States treasury department that all exhibits from British Columbia and Canadian points which are to be returned will be passed duty free. The duty on apples is 25 cents a bushel, which would make a considerable expense for the Canadian exhibits if they should have to pay this impost.

A newspaper is an index of the community in which it is published. When it is filled with bright local ads, the world at a distance is liable to come in with its money, for generosity and progression attract those with similar ideas. When a paper has a lean array of ads, within its columns the world sighs and exclaims: "That poor town is dead or dying. Let us send a bunch of flowers for the funeral."

COLLEGE NOTES.

In the College auditorium on Saturday evening Dr. Ernest Hall, of Victoria, delivered an illustrated lantern lecture to the boys of the College. That his candid remarks were appreciated was amply shown by the applause which greeted him at the close of his lecture, which was rendered all the more interesting by the pictures thrown on to the screen.

At the conclusion of the address the regular meeting of the Lyceum was held, when the subject "Resolved: that anticipation is better than realization" was debated. F. Hayward opened strongly for the affirmative, and B. Blair replied for the negative. Miss Duncan then followed for the anticipation, after which Miss Florence Ramsey made some interesting remarks about realization. A. Peck closed the argument for the affirmative with some breezy remarks, whilst the negative was closed by C. McWilliams. In summing up for anticipation F. Hayward very strongly discounted some of his opponents' arguments, and in spite of Cliff McWilliams's able summing up for the negative the judges divided in favor of the affirmative. The criticism by Prof. Denton evoked much laughter and applause. On account of the lateness of the hour the business of the evening was postponed until Monday.

The Summerland Odd Fellows held another organization meeting on Tuesday evening when final arrangements were made for the institution of a branch of the order. The charter, lodge requisites and regalia are expected in a few days and the institution will take place between December 1st and 15th. A degree team will be present from some of the Valley lodges to confer the degrees on the night of institution.

Peachland and Summerland football teams meet to-day on the College campus in a friendly tussle. Following are the names of the players in their positions: Goal, Fred Baker; backs, Bert Nelson, Cliff McWilliams; half-backs, Fred Brind, John McDougald, Ed. Church; forwards, Campbell Robinson, Frank Hayward, H. Edmeads, H. Sharpe and W. Atkinson; reserve, Frank Williams; referee, Fred Mallett.

The concert to be given by the Ladies' Aid of the Methodist Church on Dec. 8th promises to be interesting. The programme includes an artistic drill by young ladies and selections by the Summerland Band.

A bazaar will be held on Thursday, Dec. 3rd, opening at 3 p.m., in aid of St. Peter's Church. Concert and competitions, Christmas tree, fish pond and refreshments.

The Maud Moore will run on Sunday night at 6:30 to Naramata, taking all who wish to attend the service conducted by Rev. McIntyre in the Hall.

Arrangements have been completed for the Scotch concert to be held on Monday night, Nov. 30th. An excellent programme is being provided and a treat is in store for those attending.

The regular service of the Methodist Church on Sunday morning will be withdrawn and a mass meeting in the interests of Temperance will be held at 11 o'clock. Dr. Sawyer and Rev. McIntyre will speak. Special music will be rendered and some of the children shall take part. All are invited.

TRIBUTE TO MARTIN BURRELL.

The election of Mr. Martin Burrell will add greatly to the debating strength of the Dominion House of Commons. He is one of the best speakers in Western Canada. He is widely read, and fulfils Lord Brougham's definition of the nearly perfect man—he knows a little about everything and everything about something. The subject of which he is absolute master is fruit-growing, and the man who has never heard Mr. Burrell discussing his favorite topic has yet a pleasure to be gratified. When Mr. Fielding, the present finance minister, was in British Columbia a few years ago, he heard Mr. Burrell in his best mood replying to a toast, and the impression he made upon Mr. Fielding was similar to the experience of many others who have listened to him. To a friend later on in the evening, Mr. Fielding said, "That is one of the most interesting speeches I ever listened to." It will thus be seen that Mr. Burrell will be a useful man in parliament composed of men who have never yet taken much interest in fruit-growing. Particularly is British Columbia, where fruit-growing is just in its infancy,

to be congratulated on having a man in parliament who is interested in the industry and who has the power to command attention. His election to the Dominion House will have a beneficial effect on the fruit-growing industry in this province.—Ladysmith Chronicle.

As an illustration of the expanding business of Mr. M. J. Henry, the foremost nurseryman of Western Canada, it might be mentioned that recently shipments were made from his head nursery, 3010 Westminister Road, Vancouver, to St. George, Bermuda, to China, and to Bellray Castle, the home of Sir Arthur Middleton, Northumberland, England.

LOCAL NEWS

Mrs. Tunstall left for Vernon on Thursday's boat.

Mr. B. C. Moore left on Thursday morning on a business trip to Vancouver.

Mr. H. T. Lechmere left on Thursday on a several months' trip to England.

Mr. Fred Baker, Mr. Chas. Burtch and Mr. W. A. Peters visited Kelowna on Thursday.

Rev. W. H. Redman of Birtle, Man., arrived in town Wednesday and is a guest of Mr. James Ritchie.

Mr. J. A. Kirk, civil engineer and surveyor, has opened offices in the building recently occupied by Mr. V. Taylor, opposite the Bank of Montreal.

Plans are being prepared on an extensive scale for the erection of a Men's Club building beside the Methodist Church.

Mr. and Mrs. B. Van Spankeren of Lethbridge, Alta., are visitors at the home of Mr. B. H. Sherk. They are pleased with the country in general, and will make their home here.

The death occurred on Wednesday of the eight-year-old daughter of Mr. and Mrs. Smith of Prairie Valley. The funeral took place on Thursday from St. Peter's Church, Rev. H. A. Solly officiating. Mr. and Mrs. Smith have the sympathy of the entire community in their bereavement.

The street improvement work is going on rapidly, the grading and shaling being pushed to completion. A new six-foot sidewalk, the material for which is already on the ground, is under construction which will add greatly to the appearance of the town. The new grade will require an adjustment of some entrances to blocks. The office of the Development Company is being raised to conform with the new level.

On Monday evening Mr. J. Niblock, superintendent, Mr. Jas. Miller, train dispatcher, Mr. A. W. Alexander, resident engineer, and Mr. W. McKenty, bridge superintendent, officials of the C.P.R. at Calgary, arrived in Summerland, and were met at the wharf by Mr. J. M. Robinson, who conveyed them to Naramata in his private launch. On Wednesday the party spent the day looking over Summerland and district. Mr. Niblock some time ago purchased a twenty acre lot across the lake and is having it improved and planted. In the near future he will erect a handsome residence on the property.

SUMMERLAND, B. C., DECEMBER 5, 1908

No. 18

ST. ANDREW'S NIGHT.

Local Scotchmen Arrange Good Programme for Annual Celebration.

The Scotch concert given in Empire Hall, on St. Andrew's night was well attended and proved an enjoyable entertainment. This was perhaps the best Scotch concert ever given in Summerland, each number on the lengthy programme being heartily encored. The hall was packed to the doors by a particularly good natured crowd, including many visitors from Peachland and Penticton and Naramata. The committee in charge had the hall decorated with the various tartans, and each member wore a plaid tie and rosette. The Rev. James Hood occupied the chair, and in his opening remarks reminded the audience that the Scotchmen were "it" for one night in the year and that was on the occasion of the birthday of Scotland's patron saint, November 30th, which was celebrated in a fitting manner from one end of the continent to the other. Some variation from the programme was found necessary owing to the inability of some of the performers to be present.

The following programme was rendered:

Piano Selection	-	Mrs. Sinclair
Solo, "I'm Glad ma Heart is ma Own"		Miss Thompson
Violin Selection	-	Mr. Jas. Pollock
Solo, "Sing tae Me th' Auld Scotch Sangs"		Miss B. Thompson
Bagpipe Selection	-	Mr. Cameron
Dialogue, "Matrimonial Advertisement"		Misses Raleigh, English, Tait. Messrs. Steven and Thornber.
Solo "Scotland Yet"		Mr. A. Smith
Solo "Annie Laurie"		Miss McDougald
Recitation, "Death of General Wauchope"		Mr. W. A. McKenzie
Solo "Caller Herrin"		Mrs. Mitchell
Solo	-	Mr. John Steuart
Solo "The Land o' the Leal"		Miss B. Brown
Banjo Selections,	-	Messrs. Nelson and Whitefield.
Bagpipe Selection	-	Mr. Cameron
Solo	-	Mrs. Smith
Solo "Bonnie Dundee"		Mr. Miller
Solo "I'm Getting a Big Girl Now"		Miss Thompson.
"Auld Lang Syne"		

At the conclusion of the programme a hearty vote of thanks was extended to all assisting in the programme, particularly

those from Penticton, Peachland and Naramata. It was also announced that refreshments had been provided for the visitors, and headed by the bagpipes the crowd marched down the street to the residence of Mr. R. H. English where the repast so thoughtfully arranged by the committee, was thoroughly enjoyed. During this interval the hall was cleared for dancing and the crowd returned to the hall about 11:30, tripping the light fantastic until the wee sma' hours.

The launch Maud Moore made special trips to Penticton and Naramata for the conveyance of the visitors.

The committee are to be congratulated for the manner in which they arranged the details of the evening.

Another commendable feature was the appearance on the programme of talent from the neighboring towns of Penticton, Peachland and Naramata, demonstrating the good feeling existing among the southern lake towns.

The following committee had charge of arrangements:

Messrs. J. Armit, J. Steven, W. Nicoll, A. Rankin, J. Fyffe, R. Pollock, Rev. Hood, A. G. Smith, A. Black; A. H. Steven, Secretary; Jno. Tait, Convener.

BIG POTATO YIELD.

From one pound planted in 22 hills 155 and one quarter pounds were harvested, equivalent to 40,986 pounds per acre. The variety was a new, thoroughbred, blight resisting, English potato of Smith's celebrated selected strains, and shows what can be done in increasing yields by careful and intelligent selection. The above yield would have been materially increased had the water supply been more plentiful during the most important season of their growth. The above yield was obtained by G. W. McLaren.

HIGH-CLASS ENTERTAINMENT.

The entertainment given by Professor Knox in the Empire Hall on Friday evening last was one of the best seen in Summerland. His impersonations and different characters were perfect and kept his audience interested. The hall was comfortably filled and everyone went away more than satisfied with the evening's entertainment. We bespeak a capacity house for Professor Knox on his next visit here.

BRITISH COLUMBIA WON GOLD MEDALS.

Fruit from This Province Carried Off First Honors in Competition with the Whole Empire.

The Colonial Fruit exhibition was opened on November 28th by Lord Strathcona. British Columbia had a grand show, carrying off the gold medal for apple display, and ten subsidiary medals. The subsidiary awards were: Silver and gilt knightian medal—Kamloops district; Kaslo District Horticultural association: Thomas Earl, Lytton. Silver knightian medal—Summerland district; Mrs. J. A. Smith, Spences Bridge. Silver banksian medal—Salmon Arm Farmers' exchange. Bronze banksian medal—Victoria District; Salt Spring Island; James Johnstone, Nelson; James Gartrell, Summerland; Chilliwack district.

Ontario and Nova Scotia governments also won gold medals for collections of fruit. Nova Scotia also won 14 subsidiary medals.

PRINCIPAL'S REPORT.

The following report on Education was presented by Principal Sawyer at the Baptist Convention held in Vancouver last week. The extract concerns Okanagan College.

The building is splendidly equipped with modern appliances and furnishing. Besides the principal six other teachers were employed in different departments. Four courses were offered, viz., college preparatory, commercial, instrumental and vocal music. The enrolment in these courses, according to the report was: High school, 42; commercial, 14; piano, 16; voice, 15. The total enrollment, exclusive of choral pupils, was 72 for the year. The educational board holds in trust in real estate, building, furniture, investment of legacy, sustentation pledges good for 8 years, a total of \$67,400. The enrolment for the present year has already exceeded that of the whole of the past year. While the receipts from various sources have been encouraging, yet owing to the general financial depression a deficit of almost \$3,000 is reported.

PARLIAMENT TO MEET JANUARY 9th.

The opening of the new parliament is formally postponed till January 9.

SUCCESSFUL BAZAAR.

The bazaar given by the ladies of St. Peter's Guild in Empire Hall on Thursday was a success and proved the ladies to be capable managers.

The centre of attraction was the fish pond for the children, presided over by Mrs. Steuart and Mrs. Hespeler. The fancy work booth, gaily decorated, was in charge of Mrs. Solly, Mrs. Cartwright and Mrs. Pineo. Home-made cooking was in charge of Mrs. Helmer. In the games of chance, the candle competition in charge of Mrs. Kerr and the guessing competition superintended by Mrs. Anderson drew the attention of visitors during the afternoon. The gypsy fortune tellers did a land office business under the direction of Misses Kerr and Ramsay.

The crowd that indulged in afternoon tea was handled without confusion by Mrs. Agur, Mrs. May and Mrs. Gallagher.

At the entertainment in the evening a fine programme was rendered, the following taking part:

- Piano Solo, Miss Ramsay.
- Solo, Miss Davison.
- Recitation, Miss Mallett.
- Solo, Miss Bartholomew.
- Solo, Mr. Dent.
- Quartette, Misses Davison and Brown, Messrs. Peters and Duncan.
- Solo, Mr. Peters.
- Charade, Mrs. Peters, Miss Cooper, Misses Cartwright and Mr. Zimmerman.

After paying expenses the ladies of the Guild cleared a handsome sum, and desire to thank all those who contributed to the success of the bazaar.

**Summerland Municipality
Tenders for Roadwork**

Tenders will be received by the undersigned up to 6 o'clock Saturday, December 12th, for the following road contracts:

No. 14.—Making of a road along the gulch, commencing at Elliott's store to road north of Thos. Moore's.

No. 54.—The repairing and shaling of road to the Methodist Church.

The road commissioner will be on the grounds to give details of the nature of the work to be done as follows:

Tuesday, December 8th, commencing at the Methodist Church at 9:30, a.m.

ROBLIN GOVERNMENT ENDORSED.

Duncan Cameron, Conservative, will be the representative of Gilbert Plains in the Legislature to succeed Glen Campbell. In the by-election held November 17th, he defeated Cummings, the Liberal nominee, by a good majority margin, in a spirited and hot contest. Cameron had 43 majority, with only one poll to hear from, and as there were only eight votes in all at that poll, his election is assured. The Liberals gave a desperate effort to carry the riding and the constituency was flooded with speakers, workers and heelers. Edward Brown made the fight a personal one, and stumped the whole riding. The Government were confident of winning, and the defeat of Cummings came as a great disappointment. As the Liberals made the telephone and railway policy of the government the issue, the result is regarded as a thorough endorsement of the Roblin government.

PROVINCIAL AND GENERAL.

"Going, going, gone!" Hardly had the last word left his mouth when Lewis Levy, a picturesque auctioneer of unredeemed pawned goods on Park Row, dropped dead on his block. He had just accepted a bid of \$63 for a split second watch and, curiously enough 63 was his own age. Levy was married and was formerly a prosperous merchant. Physicians say that heart disease was the cause of his death.

The feeling entertained by the late George D. Wolf of Sommerdale, toward Charles W. Wenzel, his son-in-law, was shown in the following paragraph in his will, which was admitted to probate recently. "Fifty cents to be paid to my son-in-law, Charles W. Wenzel, a native of Huntingdon, Pa., to enable him to buy a good stout rope with which to hang himself."

The Winnipeg city council has decided to go ahead with the construction of a power plant situated on the rapids of the Winnipeg river, where electric power will be distributed and brought to the city. Half a million dollars has been spent and contracts will be let at once for the expenditure of \$1,500,000, to be followed next year by contracts to aggregate another million.

The election in the district of Milestone for the legislature has been protested, and the Liberals have entered action to unseat A. E. Whitmore, member-elect for that division.

SUMMERLAND CIVILIAN RIFLE ASSOCIATION.

The following orders are published by instruction from the District Officer Commanding:

The annual inspection of Civilian Rifle Associations, 1908, having been completed, the District Officer Commanding desires to point out to all concerned the necessity of more care being taken in the following cases:

(I). All Associations should be in possession of a duplicate (not copy) service roll.

(II). The following books should be carefully kept: minute book, in which all proceedings should be recorded; cash book, in which all receipts and expenditures from any source should be shown; practice record book, in which all free ammunition should be accounted for, each shot fired to be shown and by whom.

(III). As many officers and members as practicable should parade for inspection by the Inspecting Officer and if possible a practice under his supervision should be carried out on the rifle range.

As due intimation is in every case given of the time of arrival of the Inspecting Officer, care should be taken that an officer of the Association should meet him and afford him every assistance in the carrying out of his duties.

The Captain of the Association should

have everything in readiness for the Inspecting Officer, and not as in many cases leave it to him to find out as best he can, often without success, the condition and working of the Association.

A laxity as regards the carrying out of the regulations is very prevalent, and in some cases absolute ignorance of same on the part of officers who should know better is very apparent. This must be remedied.

Attention is called to the illegality of any officer or member expending in one year more than the full allowance of Government ammunition to each individual, at present 100 rounds.

Much more promptness regarding the replies to letters, rendering of returns, etc., is necessary. Great carelessness exists in some Associations as regards this important matter. All books, papers, letters, etc., should be carefully kept and transferred from time to time as changes of officers occur.

As regards the Associations lately inspected, some are in a very good, and some are, the District Officer Commanding regrets to say, in a very discreditable condition.

As regards the first he desires to mention the Civilian Association of Summerland, B. C., the management of which reflects the greatest credit on the Captain, Mr. G. N. Gartrell, and the Secretary-

Treasurer, Mr. F. J. Nixon, and all concerned.

With reference to the latter he leaves it with those with whom he regretted to have to find fault, to take such steps as are urgently necessary to place their Association in a creditable condition or to send in promptly their application to disband.

(Signed) A. D. MACDONALD,

Captain, R. C. A.

Peachland

Mr. F. H. LeQuesne is spending a few days in Penticton this week.

BORN—On November 27th, to Mr. and Mrs. Thos. A. Burgess, a daughter.

Several of our people attended the St. Andrew's concert in Summerland Monday night.

During the early part of the football match in Summerland, Billy Coldham sprained his ankle. He is somewhat better but is still confined to the house.

Three of our young men, Ted Smith, Frank Smith and Jas. Reavelle, left for the Old Country Tuesday morning. The last two have been star forwards on the football team all fall, Frank Smith usually doing a large part of the scoring. Quite a crowd gathered at the wharf to see them off and wish them a pleasant trip.

The people of Peachland are enjoying a treat this week. Rev. Walter Russell is holding evangelistic services and has proven himself a man of rare spiritual gifts and power. While a Presbyterian, Mr. Russell gladly works with all denominations and is equally acceptable to all. There is but one regret expressed on all sides, and that is that he can stay but one week. However, he hopes to visit us again in the spring, and make a longer stay.

Mrs. Metcalfe, mother of Mrs. Wm. Douglas, who has been visiting her daughter for a couple of months here, succumbed to an attack of typhoid fever Wednesday morning. A sad feature of the case is that the whole Douglas family is down with the fever, and Mrs. Douglas' case is considered serious. The bereaved ones have the sympathy of the whole community in their loss.

The entertainment given by Eugene Knox of Tacoma University last Saturday night was certainly the finest thing of the kind ever seen in Peachland. His impersonations were perfect and immensely enjoyed by the audience. So many travelling performers and tramps are of such a low order of merit that people hardly know when to go or when to stay at home. This in a measure accounted for a rather small crowd. But should Mr. Knox ever again visit Peachland, standing room would beat a premium.

The football game in Summerland last Saturday resulted in another win for our team—score 1-0. Not a very large margin this time, but considering that the team opposing them was picked from the College and Summerland, and that the referee turned his blind eye towards to fouls during the last twenty minutes, the boys feel that they came off very well.

The following books have recently been added to the Peachland Reading Room Library: The World's Famous Orations, edited by Wm. Jennings Bryan, 10 volumes; The Seven Lamps of Architecture, by Ruskin; The Poet at the Breakfast Table, The Autocrat of the Breakfast Table, and The Professor at the Breakfast Table, by Oliver W. Holmes; The Diary of Samuel Pepys, 2 volumes; Wordsworth's Poems, 2 volumes; Shelly's Poems, 2 volumes; Shakespears's Works, 3 volumes; Masterpieces of the World's Great Painters, 5 volumes; The Victorian Poets, by E. C. Stedman; Guy Manering, The Fair Maid of Perth and Rob Roy, by Scott; Oliver Twist, by Dickens; The Cloister and the Hearth, Chas. Reade; A Book of Golden Deeds, Yonge; The Young Burglers, Henty; The Three Musketeers, Twenty Years After, Marguerite de Valois, and Chivot the Jester, Dumas; and Blackie's Modern Cyclopecia, 8 volumes. Since September 1st upwards of 100 volumes have been purchased by the library. Besides these there are 66 volumes in the McGill University travelling library. That means there are upwards of 166 new volumes now in the library.

At the regular meeting of Summerland Lodge L. O. L., No. 2036, the following officers were elected for the ensuing term: W. M., Rev. R. J. McIntyre (re-elected); D. M., Hugh Walton (re-elected); Chaplain, H. C. Mellor; Secretary, C. N. Borton

Notice

Land Act, Osoyoos Land District,
District of Yale.

Take notice that Robert Henry Huston of Peachland, occupation rancher, intends to apply for permission to purchase the following described land: Commencing at a post planted about a mile in an easterly direction from the North East corner of pre-emption No. 5364, thence north twenty chains; thence west twenty chains; thence south twenty chains; thence east twenty chains to point of commencement and containing forty acres more or less.
ROBERT HENRY HUSTON.
November 30th, 1908.

(re-elected); Financial Secretary, W. Atkinson; Treasurer, J. Blewitt; Lecturer, V. Taylor; Director of Ceremonies, Amos Elliott (re-elected). The Lodge proposes to hold an at home in the near future.

BORN—On Dec 3, at Glenburne Cottage Hospital, Summerland, to Mr. and Mrs. G. B. Anslow of Peachland, a son.

Chas. H. Cordy

Notary Public

AN Orchard in Summerland assures an income to a healthy man.

AN Accident & Sickness Policy assures an income to a sick man.

A Life Policy takes care of the family when he is dead.

A good Fire Policy is useful in either case.

We can fill the bill with 22 acres for \$2,500; a policy against accident and sickness with the London & Lancashire Guarantee & Accident Co., or the Dominion of Canada Guarantee & Accident Co., and protect from fire with one or more of the soundest companies in the world, including the London & Lancashire, Imperial Underwriters, Norwich Union, etc.

Orchard Plans made from your own list of trees, with key showing name of every tree.

SATURDAY, DECEMBER 5, 1908.

MATTERS MUNICIPAL.

We are now approaching the time of year when it becomes necessary to again elect a municipal council. Two courses are open in that event, viz., to re-elect the gentlemen who have already served us, provided they are willing to serve us again, or to elect others to take their places. It is time the electors of the municipality began to do some thinking as to what they want for 1909 in this connection. On general principles it is not fair to the municipality to begin thinking about this on nomination day. That invites to pocket politics and soon becomes a pernicious influence. What is wanted is a timely and healthy interest that will canvass before hand in the houses and in the market place the records of the past administration and the possibilities of the future.

We seize this occasion to pay our tribute to the unselfish service rendered by public men generally and in this particular case by our own municipal councillors.

The affairs of the corporation do not run themselves and few people realize what time must be taken from business affairs by somebody to see that they go at all. It is all too fashionable to abuse members of a civic council severally or collectively, and to accuse them of manoeuvring things to suit their own individual interests. Sometimes, alas, they do; but who can tell in how far they have been helped into that course by the indifference of the electors on the one hand or their carping, unsympathetic criticisms on the other. The boy or the man whose best efforts are either unappreciated or misconstrued is very apt to become either discouraged or cynical. If

he gets discouraged he quits, and if he gets cynical he concludes that if he has the bad name he might as well have the game, since, in the words of a certain English immortal, "the public is a hass" anyway.

Now we would be sorry to see the work of our municipal fathers unappreciated. Heaven has blessed us with a good set of men for the shaping of our early years of corporate existence. The Reeve is a gentleman of such arduous business training and excellent preuse as might grace the executive chair of any city in the Dominion. He is surrounded by men whose characters have been above reproach. And these gentlemen have made it their concern to drop their own affairs for a whole day at a stretch once a month and oftener, no matter how busy they might be, and without remuneration or expectation of reward, give their individual attention to matters effecting the general weal. It would be a shame to us, therefore, and a reproach were such service to be unappreciated by the ratepayers at large.

Nor do we think it has been, for though there may have been murmurs now and then as to the wisdom of certain expenditures during the past two years, our councillors are held in deserved esteem.

Some way should be devised whereby fitting recognition of minor trusts honorably discharged by our public men could be made by those whom they served. Meanwhile it won't hurt Reeve or Councillor to let him know you have been following his work in the council with interest. That will inspire him to do better next time since it is a kind of small guarantee that somebody cares whether things go right or not.

Summerland has again demonstrated to the world the superiority of the fruit grown in this district. At the Colonial Fruit Exhibition in London, Eng., recently the Summerland exhibit carried Silver Knightian medal, and Mr. James Gartrell was among the winners of Bronze Banksian medals. Summerland is the only district in the Okanagan Valley represented in the list of prize winners.

The famous Knapp roller boat, built years ago at a cost of \$125,000, was sold for scrap iron, fetching \$600. The boat was built on the theory that while the body was stationary the ends would roll over the waters and that tremendous speed would be attained. The boat, however, never did more than five miles an hour and the difficulty of man-aging always made her trips dangerous to other craft.

LOCAL NEWS

Mr. R. H. Agur visited Vernon this week.

Mr. F. Brind left on Tuesday morning for a three months' trip to England.

J. W. S. Logie visited Penticton on Monday evening.

Mrs. Urquehart of Peachland spent the past week in Summerland with her daughter Mrs. (Rev.) James Hood.

Martin Burrell, M. P., and Mrs. Burrell were passengers south on the Okanagan on Monday evening.

Mr. C. H. Cordy left on Tuesday for Revelstoke on business in connection with the Fruitgrowers' Exchange. He will visit Vernon on his return.

Dr. Sawyer, Mr. J. J. Wallace, Rev. H. G. Estabrook and Mr. I. B. Fulton returned on Friday evening from Vancouver, where they attended the Baptist convention held there recently.

The concert to be given by the Ladies' Aid of the Methodist Church on Dec. 8th promises to be interesting. The programme includes an artistic drill by young ladies and selections by the Summerland Band.

Mr. W. J. Ross and Mr. Wm. Simpson left on Monday with the exhibit of Summerland apples for the National Apple Show being held in Spokane this month. The route taken was by way of Penticton on to Keremeos by spring wagons. From there the fruit was sent forward by the Great Northern. This was considered the best means of transportation, thus avoiding several transfers, which would have been necessary had the shipment gone by the C. P. R. The consignment consisted of about seventy-five boxes.

Bills are out announcing a meeting of ratepayers and fruitgrowers of the district to be held in Empire Hall to-day (Saturday) at 2 p.m., to discuss the question of building and operating a cannery in Summerland and if possible to organize a company for that purpose. This is an important matter and some action must be taken immediately to provide for the proper handling of the fruit crop next year. It is understood that the Municipal Council has interested itself in the project and may render substantial financial assistance. The matter was discussed at the meeting of the Council held on Monday.

FOOTBALL MATCH.

The town football boys received an eye-opener on Saturday last when the Peachland Football Club visited the campus. The result was a win for the visitors by 1-0. The town boys are undoubtedly better footballers, but are out of practice, and this was lamentably in evidence on Saturday. The only goal of the match was scored almost before the home team had settled down to work a nice centre from the wing enabling the Peachland centre forward to put the ball past Baker with a close shot. This aroused the Summerland boys, but their weakness in front of goal, due to lack of practice, prevented them from scoring. Shortly before half-time the Peachland left half had the misfortune to sprain his ankle and had to retire from the game, a substitute taking his place. The home team gradually settled down to a fairly good game, but half time arrived with no change in the score. During the second period the game became faster, the town having most of the game. Despite some spirited attacks, the visiting goal keeper having to save one or two good shots, the scores remained unaltered. Had it not been for the fine kicking and tackling of Bert Nelson and Cliff McWilliams at full back it is safe to predict that Peachland would have scored repeatedly during the first half. In goal Fred Baker made some good saves, and J. McDougald did some excellent work at centre half. But if the town expects to win matches, they must settle down to some hard practice.

MONTHLY SCHOOL REPORT.

The attendance at the public schools for November is as follows: Central—Enrolment, 49; attendance, 44.4. Primary—Enrolment, 34; attendance, 30.7. Garnet Valley—Enrolment, 25; attendance, 22.8. Prairie Valley—Enrolment, 10; attendance, 8.5.

The pupils of the Central School who made the highest standing in their respective classes for November are as follows: Sr. 4th, Ruth Fulton; Jr. 4th, Kenneth Fysh; 3rd Class, Lena McColloch.

The new Central School building is being rapidly completed. It is now roofed and sided in, and the interior is nearly ready for the plasterers. In all probability the building will be ready for occupancy at the beginning of the next term.

MUNICIPAL COUNCIL MEETING.

The Summerland Municipal Council met on Monday in special session with Reeve Agur in the chair and all Councillors present except Councillor Gartrell.

Minutes of previous meeting were read and communications received from F. H. Latimer, C. E., with profile of road up gulch to T. Moore's; F. F. Busted, re. C.P.R. wharf on lake shore; Municipality of Coldstream, re. appointment of weeds and pest inspector for Valley, and copy of the Reeve's reply to same; B. H. Sherk, re. change in road to Baptist Church, and other changes in his present contract with offer which was accepted by Council; The Summerland Fruit Company, re. the municipality guaranteeing the interest on \$30,000 at 8 per cent. for a period of ten years, for the erection of an up-to-date cannery.

By-law No. 15, known as the Road and Bridges By-law, 1908, was read a first time. On motion the council went into committee of the whole, with Reeve Agur in the chair and the by-law passed its second reading.

The Public Works Committee reported recommending that the offer of Mr. Sherk for road contract No. 15 at \$96 be accepted. The report was adopted.

On motion of Councillors Ritchie and Thompson it was decided to hold a poll on by-law No. 15, which requires the assent of the electors, on Thursday, Dec., 23rd, in the Council Chamber, between 9 a.m. and 5 p.m., and at the same time a referendum be taken on amending By-law No. 3, relating to the question of cattle running at large, Mr. J. L. Logie, clerk, to be returning officer. With reference to the communication from Mr. F. F. Busted of the C.P.R., it was resolved that in the event of the Company constructing a satisfactory slip and dock for cars, warehouse and cold storage entering of fruit prior to loading; that the Municipality considering the amount of the investment and general benefit, will consent to the government granting foreshore rights along the municipal highway for a distance of 300 feet running north from the old dock along the lake shore.

Moved by Councillor Thompson and seconded by Councillor Brown that the clerk be authorized to have agreement and by-law prepared to submit to the electors for approval, guaranteeing the Summerland Fruit Company the interest on \$30,000 at 8 per cent. per annum, provided that they proceed at once with the erection and completion of a cannery at Summerland with a capacity of not less than 12,000 cans per day, if the earnings of the Company

are not sufficient to pay that amount on the investment.

Complaint was made of certain outside parties for selling various kinds of goods without a trade licence. The clerk was instructed to see that the by-law was strictly adhered to.

The clerk was also instructed to communicate with J. P. Burnyeat, C.E., in regard to survey of the Garnet Valley road.

FRUITGROWERS ARE STARTING AGITATION.

Seek Co-operation of Board of Trade in Effort to Secure Reduction in Freight and Express Rates.

Freight and express rates on fruit shipped from interior points to the prairie provinces and from the interior to Vancouver must be reduced.

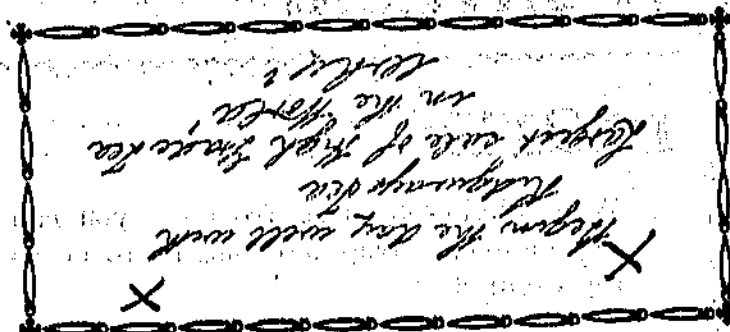

This is the slogan of the British Columbia Fruitgrowers' association which comprises in its membership nearly every fruitgrower in the province. The agitation is fast taking shape and soon strong representations will be made to the railway and express companies. The association has invited the support of various public bodies in this city. The matter will likely be taken up at the next meeting of the board of trade.

Mr. W. J. Brandrith of Ladner, as secretary of the association, takes an active part in the movement. He declares that the margin of profit to the fruitgrower, after paying expenses, is so small as to be unremunerative, and this is true especially of shipments of peaches, grapes and tomatoes. It is claimed that if lower rates were secured the fruit of British Columbia would soon drive out foreign products. The as-

sertion is also made that local fruit dealers could not handle Okanagan peaches this season owing to prohibitive rates.

A new paper, "The Observer" is announced for Revelstoke; the first issue appeared on December 4. It is understood that E. A. Haggan, formerly editor of the Revelstoke Mail-Herald, is editor.

There is a rumor that Hon. Rodolphe Lemieux, postmaster-general, will be knighted New Year's for services rendered the Dominion and the Empire while at Tokyo some months ago, and for his efforts to establish favorable postage rates between Canada and the motherland.

President Bredt of Regina Agricultural and Industrial Exhibition Association, has again taken up the question of the Dominion fair for 1910. The action of the Brandon fair board in moving to secure the fair for that year is the cause of the activity in Regina.

LOCAL NEWS

Mrs. Dr. Lipsett visited Peachland on Thursday.

Mr. Fysh of Peach Orchard returned from the coast on Monday evening's boat.

Hon. Wm. Hespeler returned from a trip to Penticton on Thursday, the launch, Maud Moore, making a special trip.

Miss Jackson returned to Penticton on Wednesday after spending a few days, the guest of Miss Mary Sutherland.

Mr. and Mrs. Towns were among those from Peachland who attended the St. Andrew's concert on Monday evening.

The sacrament of the Lord's Supper will be administered in the church following the Methodist service Sunday evening.

There will be no service in the school house in Prairie Valley Sunday morning on account of Rev. McIntyre taking the service in Penticton.

Mr. F. G. McIntyre from Saskatchewan came into town Wednesday evening, on a visit to his brother at the Methodist parsonage.

The W.C.T.U. held an interesting meeting on Thursday afternoon in the church. Mrs. Hood delivered an excellent address on the pledge, for which she was tendered a hearty vote of thanks by the ladies.

Mrs. B. H. Van Spankeren of Lethbridge comes to Summerland with the reputation of being one of the best elocutionists in the west. She will appear on the platform at the concert in Empire Hall, Tuesday evening next.

The Athletic Club of Naramata will hold one of their popular dancing parties in the opera house on the evening of December 9th, for the benefit of the gymnasium fund. A cordial invitation is extended to all. Tickets will be 50 cents.

A concert will be given in Empire Hall on Tuesday evening under the auspices of the Ladies' Aid of the Methodist Church. The Band will be present and render several selections. Some of the best local talent will contribute numbers on the programme.

"A crowded church;" "An interested audience;" "An impressive programme," etc., were some of the remarks heard with reference to last Sunday morning's temperance mass meeting. The advocates of Local Option are certainly not asleep and great hopes are entertained as to the outcome of the appeal to the government for legislation on the question.

FRUIT GROWERS' EXCHANGE MEETS.

Interesting Reports From the Central Exchange in Revelstoke. Read.

The Fruit Growers' Exchange met on Wednesday in the Orange Hall to hear the report of Secretary Cordy, who attended the meeting of the directors of the Central Exchange in Revelstoke last week. The meeting was well attended. Mr. Vickey of Peachland came down to help thresh things out. Those gentlemen went there loaded up with complaints, but came back feeling that there was something to be said for the Central.

The case presented by the Central was to the effect that the fruit growers of the local exchanges had fallen down on their estimates when it came to delivering the goods. This compromised them with the wholesalers who naturally depended on them. It was suggested that next year a hard and fast contract for delivery be made with the grower.

Another difficulty had been the very limited capital they had on which to work—practically their commission and a government grant to handle a business which ran above \$107,000.00. The third difficulty was found in the inefficient help in the northwest, which their hard circumstances obliged them to retain. Lastly, that wholesalers needed watching, as showing a disposition not to give fair reports as to the condition in which cars of fruit arrived. To remedy this it is proposed to move Mr. Hagar's office to Calgary, having him meet the directors at some point in the province when necessary.

Complaint was made of the lack of uniformity in the pack. This gave Washington an advantage with the wholesaler. Mr. Vickey testified to the satisfaction derived at this point by their central packing house.

At the close of the meeting a hearty vote of thanks was tendered Mr. Vickey for his neighborly interest in giving us the benefit of his own experience and that of other fruit growers in his vicinity.

The Canadian Pacific railway company are running special Christmas excursions to eastern Canada from December 1 to December 31 at special rates good to return within three months from the date of purchase.

SUCCESSFUL ENTERTAINMENT.

The concert on Tuesday evening under the auspices of the Ladies' Aid of the Methodist Church was a decided success, and thoroughly enjoyed by all who braved the touch of winter to attend. A crowded house greeted the entertainers, not one of whom failed to attend as advertised by programme. The audience was in good humor and repeatedly called for more, thus lengthening the programme considerably.

Rev. McIntyre opened proceedings, stating there would be no chairman, but that each number would come on in the order of programme.

The Band aroused enthusiasm, rendering in fine form the first number, and was met with such a burst of applause that they had to respond.

The following is the programme:

1. Selection - Summerland Band
 2. Recitation - Miss Evelyn Brown
 3. Duet - Messrs. Smith and Beavis
 4. Solo - Mrs. E. I. Scott
 5. Recitation - Miss Mallett
 6. Solo - Miss Ethel Brown
 7. Male Quartette - Messrs. Scott, Smith, Beavis and Thornber
 8. Solo - Mr. J. W. S. Logie
- Intermission, during which the young ladies sold home-made candy.
9. Quartette - Members of Band
 10. Flower Drill by Twelve Young Ladies
 11. Recitation - Miss Mallett
 12. Solo - Miss Bartholomew
 13. Recitation - Mrs. Van Spankeren
 14. Solo - Mr. Ward Duncan
 15. Selection - Summerland Band

Special mention might be made of the singing of Miss Bartholomew, who was never heard in Summerland to better advantage, also the recitations of Miss Mallett and Mrs. Van Spankeren. The latter is a new comer and comes with the reputation of being a star, which reputation was fully sustained.

Some one was heard to remark that there was not a weak number on the programme, which speaks well for the evening's entertainment.

Before the closing number Rev. McIntyre on behalf of the ladies thanked all who had contributed to the evening's entertainment and invited them to the parsonage for refreshment. The invitation was accepted by many who appreciated very much the lunch of tea and cake.

ENTHUSIASTIC MEETING.

Large Attendance of Fruit Growers and Business Men.—Ten Thousand Dollars Subscribed.

The meeting called on Saturday afternoon last for the purpose of discussing ways and means for the establishment of an up-to-date cannery to meet the requirements of the coming season was largely attended by fruitgrowers and business men generally. Mr. J. M. Sutherland was moved to the chair and Mr. Stinson to act as secretary. After considerable discussion a move was made looking toward the desired end. It was proposed to organize a company with sufficient capital to equip and carry on a canning business next year.

Mr. Ritchie stated that \$6000 would install machinery capable of turning out 12,000 cans per day. Site, building, etc., would bring that up to \$10,000, and with \$8,000 or \$10,000 more paid up he thought it would be possible to have the working capital of \$30,000 which would be necessary for successful operation.

Emphasis was laid on the imperative need of speedy action if the plant was to be ready for 1909 crop, and it was further stated that with a very little extra expense the plans would turn out 40,000 tins per day.

After a general discussion of an hour and a half and the subscribing on the spot of \$10,000 worth of stock, Messrs. Mellor, Hespeler, Ritchie, Solly, English, and H. Sutherland were appointed a provisional board of directors to solicit further subscriptions and to seek incorporation.

OKANAGAN FRUIT PRODUCTION.

Mr. W. Crawly Ricardo, manager of the Coldstream ranch near Vernon, and in which the Earl of Aberdeen owns a controlling interest, is at the Hotel Vancouver. Mr. Ricardo stated that the fruit crop in the Okanagan district last season was large and of excellent quality. Extensive shipments were made to the prairie provinces.

A petition against the return of Ralph Smith as member for Namaino was filed by Barnard & Robertson for petitioners, F. M. Rattenbury and J. W. Saunders. The petition sets forth the usual charges against the member-elect and his agents.

A SPLENDID NUMBER.

The December number of Westward Ho! fully equals if it does not surpass the sanguine announcement of its publishers. Its Christmas greetings are suffused with that glow of hope which is sure to awaken a responsive chord in the patrons and friends to whom they are addressed. The greetings with the artistic colored design are altogether chaste and unique. The reproduction of views of the Franco-British Exhibition, which are most interesting to Canadians is certainly superb and well worthy of preservation as a memento.

The fiction stands high, and exhales the spirit of Christmas in such plenitude that it transports us into the joys and raptures of the season. But good as it is, in respect of deep and abiding and soul stirring pathos it is transcended by the poetry.

KELOWNA'S NEW PAPER.

The initial number of the Orchard City Record, Kelowna's new weekly, appeared on December 3. The paper comprises eight pages and is neat typographically. It is well printed, on fine paper, and has a large advertising patronage. We welcome the Record to our exchange list, and wish it every success.

The officers, non-commissioned, and men of the Armstrong Independent Company of Infantry are holding their first annual ball on Friday 18th inst. at Armstrong, and extend an invitation to the members of the Summerland Civilian Rifle Association to be present. This infantry company has just recently been formed, being largely composed of the late Rifle Association there and a brilliant future is predicted for it.

Mr. Henry recently supplied the full order for ornamental trees, shrubs and vines for the Empress Hotel, Victoria. This order was secured in open competition with many outside points. The total weight of the shipment was over four tons, probably the largest shipment ever sent to a single purchaser on Vancouver Island. This is only another instance of the phenomenal development of this great industry.

MUNICIPAL COUNCIL MEETING.

The Summerland Municipal Council met on Monday morning with all councillors present. Minutes of previous meeting were read and confirmed.

Communications were received from the Union of B. C. Municipalities, re. annual meeting to be held at Vernon on January 6th; Billings & Cochrane, re. Agreement By-law, guaranteeing interest on debentures for cannery; Summerland Development Co., re. street lighting after December 1st; Bank of Montreal, re. debenture papers sent bank, and the Vancouver Rubber Co., re. price of hose and soliciting order.

The Finance Committee reported recommending the payment of accounts amounting to \$2,930.88. On motion the report was adopted.

Moved by Councillor Ritchie, seconded by Councillor Thompson that C. P. Nelson be appointed auditor of the municipal and school board accounts for the year 1908.

Moved by Councillor Brown and seconded by Councillor Gartrell that J. L. Logie be appointed returning officer for the municipal nominations to be held on January 11, 1909, and in the event of a poll being necessary the same be held on the 16th January, 1909, in the Council Chamber, Summerland, between the hours of 9 a.m. and 5 p.m.

On motion a grant of \$50 was made to the Civilian Rifle Association.

The Reeve and Clerk were appointed a delegation to attend the convention of the Union of Municipalities to be held at Vernon on January 6th.

Council then adjourned to meet on Monday, December 14th.

As a means of shortening up the session of Parliament the suggestion has been made that departmental estimates, before being taken up by the house itself, should first be referred to a special committee which would be empowered to receive full explanations of successive votes.

The Hazen Government received a severe reverse by the defeat in Northumberland and Carleton county by-elections of both Conservative candidates. In the general provincial election in last March they carried these seats by 1500 and 500 respectively.

C. H. Parmelee, ex-M.P. for Shefford, has been appointed King's printer in the place of Dr. S. E. Dawson, who has retired after 17 years' service.

SCHOOL BOARD MEETING.

The regular monthly meeting of the School Board was held on Monday afternoon with all members present. A communication was received from J. C. Robson, Principal, which suggested the closing of the Prairie Valley School temporarily, owing to the small attendance. By doing this Mr. Spurr could take a department in the new Central School. By a more equal distribution of the scholars at the Central, including the Prairie Valley pupils, the superintendent believes that more efficient work can be accomplished than under the present allotment and classification.

A synopsis of the proposed arrangement is as follows: Central, Div. 1—33 present class, 3 from Prairie Valley, 2 from Garnet Valley; total, 38. Central, Div. 2—12 from 3rd class, 10 all grades, 6 from Prairie Valley; total, 28. Garnet Valley—26, less 2 promoted to Central; total, 24. Primary Division—34 less 10 sent to Division 2, and 4 added from 3rd; total, 28.

Mr. J. C. Webster appeared before the board in regard to the establishment of a school at Trout Creek. Moved by Trustee Ritchie seconded by Trustee Brown that on a list of schools being made out in the proposed school district and handed to the secretary that he at once take up with the Department of Education the matter of having a school erected and a teacher employed for Trout Creek.

On motion it was decided with due regard to parties concerned and the fact that the suggestions made by the principal are in the best interests of greater efficiency in school work, this board approves of the suggestions made and will arrange to have the same put into effect on completion of the new Central School.

The regular monthly accounts were passed before adjournment.

Rev. Dr. Spencer, pastor of Emmanuel Baptist church, Victoria, it is reported contemplates accepting the offer made to him at the Local Option convention in Vancouver to act as organizer for the province. At the time Dr. Spencer did not see his way clear to accept the offer. Since that, however, he has considered the matter and feels that he should probably accept the position. It is expected, therefore, that he may resign his pastorate in that city and give his time entirely to the work of the Local Option campaign.

Constable Tooth of Penticton was a visitor in town on Wednesday.

Winnipeg lawyers have filed a petition against the election of Clifford Sifton.

**Municipality of Summerland
REFERENDUM**

Re By-law No. 3, known as Pound By-Law
Under and by virtue of authority of Section 50, Clause 189, of the Municipal Clauses Act.

The Council of the Municipality of Summerland require the presence of the electors at a Poll to be held in the Council Chamber on Wednesday, December 23rd, 1908, between the hours of 9 a.m. and 7 p.m., for the purpose of obtaining their opinions on "Shall Live Stock be Permitted to Run at Large within the Municipality of Summerland."

In the event of a majority of the electors voting nay, the Council will amend said By-law prohibiting all Live Stock from running at large in the Municipality.

JOHN L. LOGIE,
Returning Officer.

**Municipality of Summerland
BY-LAW NO. 15**

A By-Law to authorize the expenditure of \$4,000.00 on Roads and Bridges raised on Debentures issued under By-law No. 11, being "The Municipal Building Site Loan By-Law, 1907."

WHEREAS on the Fourth day of November, 1907, the Corporation of the District of Summerland duly passed a By-law for the purpose of raising the sum of \$5,000 on the credit of the Municipality by way of Debentures, which said Debentures were to be made payable in twenty years from date thereof with interest half yearly at the rate of five per cent. per annum, such moneys when raised to be used to purchase lands for municipal purposes, for the Corporation of the District of Summerland;

AND WHEREAS such By-law received the assent of the electors of the said Municipality on the 22nd day of November, 1907, and was reconsidered and finally passed by the said Municipal Council on the 25th day of November, 1907, and in all other respects was passed under the authority of and in compliance with the Municipal Clauses Act, 1896, and Amending Acts;

AND WHEREAS Debentures were issued under the said By-law to the full amount thereby authorized and sold, and the proceeds derived from such sale to the extent of \$1,000 were applied as provided in said By-law;

AND WHEREAS the Municipal Council of the said district deem it undesirable to expend the balance of said moneys, \$4,000, realized from the sale of such debentures for the purposes mentioned in such By-law, and think it expedient to expend the same on the construction and improvement of roads and bridges in such Municipality.

BE IT, THEREFORE, enacted by the Reeve and Council of the Corporation of the District of Summerland, in open meeting assembled, as follows:

1.—That in lieu of expending the balance of the monies, \$4,000, realized from the sale of the Debentures issued under By-law No. 11, being "The Municipal Building Site Loan By-law, 1907," for the purposes therein mentioned, the same be expended in the improvement and construction of roads and bridges in the Municipality.

2.—That this By-law shall, before the final passage thereof, receive the assent of the electors of the said Municipality in the manner provided by the Municipal Clauses Act, 1896, and Amending Acts.

3.—This By-law may be cited for all purposes as the "District of Summerland Road and Bridges By-law, 1908."

Passed by the Municipal Council this 7th day of December, 1908.

Received the assent of the electors of the Municipality of Summerland the day of December, 1908.

Reconsidered and finally passed by the Municipal Council the day of December, 1908.

Reeve,
Clerk, M. C.

Take notice that the above is a true copy of the proposed By-law upon which the vote of the electors of the Municipality will be taken at the Council Chamber in Summerland on Wednesday, December 23rd, 1908, between the hours of 9 a.m. and 7 p.m.

JOHN L. LOGIE,
Municipal Clerk.

SUMMERLAND, B. C.

Peachland

Miss Annie Seaton returned from Cochrane, Alberta, last Friday.

Miss Effie Kennedy spent last Saturday in Kelowna.

BORN—On December 7th, to Mr. and Mrs. C. G. Elliott, a daughter.

Mr. W. A. Lang is spending a few days in Vernon this week.

Miss Effie Keyes is visiting in Summerland for a few days.

The Douglas family are slowly improving but Mrs. Douglas and Harley are still very weak. There is hope, however, of their recovery now, we understand.

Rev. C. W. White has sold his property across Trepanier Creek to Tom Buchanan. This was a very desirable piece of property. Tom evidently knows a good thing when he sees it.

Mrs. Mills, who has been visiting her parents, Mr. and Mrs. Robert Michaels, for a couple of months set out for her home in Hamiota Man. last Saturday. On her way she will visit her daughter, Mrs. Hyde in the Kootenay.

Rev. J. H. Wright of Kelowna exchanged work with Rev. J. J. Nixon last Sunday. It was Columbian College day here. At the conclusion of the service a collection was taken up in aid of the College funds, and a substantial sum realized.

A musical treat was enjoyed Wednesday evening of this week when a quartette of talented Kelowna entertainers gave a concert in the Presbyterian church. They came under the auspices of the Young Peoples' Society of the Presbyterian church and drew a full house.

The petition to the Lieutenant-Governor asking for the formation of a municipality is being circulated this week and has been gladly signed by all the registered property owners excepting one. Quite a number who have the deeds of their places have neglected to register them, hence are not qualified to sign the petition. It is expected that the letters patent will be issued and the organization completed by the end of the year.

The young ladies of the Handicraft Club are busy preparing for a birthday social December 15th. Each guest is expected to contribute the number of cents equal-

ent to his or her age in years. The committee on credentials will be at the door and pass judgement on all age certificates. These will be accepted as authentic if taken from the Parish Register or Family Bible.

Mr. Umphrey of Gilpin, Sask. arrived in town Saturday with quite a bunch of stock—about eighty head of horses and cattle. Mr. Umphrey was out here for a couple of weeks last summer and was so impressed with the possibilities of this as a grazing country that he determined to sell out in Saskatchewan and move his stock out here. He purchased thirty acres of land from Mr. W. A. Lang and 320 acres from Mr. Jas. Cossar, and has now arrived with his horses and cattle to take possession. He drove the bunch over the trail from the Landing. When he unloaded from the cars there ten head of the horses "took to drink" and died from the effects.

SATURDAY, DECEMBER 12, 1908.

PERILOUS ENOUGH.

Political activities in the east suggest endless possibilities for trouble all round in the future. Some hopeful people make light of the thought of danger from that source, but others are far from being easy in mind while reflecting on the situation. We confess a sympathy with the latter class, not because it is easy to be pessimistic but because "Facts are chieftains who win a ding au' daur na be disputit," and there are several facts in this case which in statesmanship should not be ignored, since it is never good policy to under-rate an antagonist.

For instance there is the significant fact that the Chinese are not a child race. It is true they have appeared such. The powers of Europe have been in the habit of boxing their ears and telling them to be good at will without reprisal. They even got so far as to think of partitioning their empire and were prevented only by their own internicine jealousies. That certainly looks as if they were dealing with a child race.

But for all that the Chinese were not and are not a child race such as we find in Africa. China was and is yet a drowsy giant, but there is a vast difference between a child and a sleepy giant. The child may be helpless, but woe to the oppressor when the afflicted giant awakes.

And that is just what China is doing. She is waking up and when she is fully awake she will astonish the world.

The evidences of this awakening are abundant on every hand. Educationally, she is instituting a western school system and in one seventh of her territory has

abolished idol processions. She has gripped with the strangle hold of a Japanese wrestler the opium traffic which had enslaved one hundred millions of her subjects. A Canadian government can't handle a similar evil that has laid a few thousands by the heels. She has begun building railways and exploiting her own vast coal and mineral resources, recalling from America thousands of her own sons who have acquired a knowledge of the mechanical arts, till, it is said, in a few years we shall not have one of them left on these shores. She has had for several years foreign officers drilling an army of 500,000 fighting men day and night the year round, and these men she has equipped with modern arms. She can drill soldiers for a mere pittance and support an army on the waste of a European commissariat. She will in due course have an army that is not numbered by thousands but by millions. She will be able to afford to lose an army of a million a month, or more than Europe could put in the field in a year, and it would be making times better for the rest of the 400,000,000 if she did. Their loss would not be noticed. She is a self-contained country, raising most of what she needs within her own borders. And lastly she has men who in brain power are the equals of any in the world. The world has no more serious students nor a more thrifty and practical people. They are essentially commercial in their instincts. How many shirts go astray in a Chinese laundry? They have exact minds, and when these minds get busy in statecraft, something is going to happen.

China is not a child, therefore, but a giant. The clear brain of Napoleon recognized this a century ago when he remarked, "China is a sleeping giant; let him sleep."

But China is awake and stretching herself. She is developing and arming. It may not be to-day or to-morrow, but probably on the next day she will have her house in order, her navy on the sea, and then an outlet for her surplus population such as Japan sought in Corea will furnish the necessary goal and motive for a war of conquest. Canada would be a likely field if not Siberia and Europe. Centuries ago her Tartar hordes swarmed over the Dnieper and the Danube in overwhelming numbers. They may swarm again.

If it be admitted that it would be all but impossible to swarm to advantage in the face of machine guns so far from the home base, there is still the peril of an Asiatic federation against the western world.

- A PIECE OF RICH CUT GLASS.

Not so hard to select from a jewelry stock something to please

"The Ladies"

Will be pleased to show you what we have and the prices

E. I. Scott

Jeweller and Optician Summerland

India is becoming restless and Japan finds repose after victory in building new war-vessels and drilling new battalions of soldiers. Why? The vessels are turned out in her own yards, and the military powder is made in her own arsenals. Given, therefore, some copper colored Caesar or Napoleon, who is not only warrior but statesman, why should not the 700,000,000 of the east with their own vessels, rice and gun powder, make things lively for the rest of us? The situation may be perilous enough when one thinks of the brilliant military and naval strategy, ambitious plans, desperate valor and successful issue of the late little affair between Russia and Japan.

In the chaos of street improvements introduced lately by the Council the old watering trough disappeared. It has been gone some months now and teamsters who are getting tired of driving over the sidewalk to the lake are enquiring as to when it is to be reinstated. For the sake of tempers, teams and sidewalk it is to be hoped that universal convenience will soon reappear. It is one of the little things that have a big meaning sometimes.

PIANOS AND ORGANS

Those who want anything in the above lines can be supplied at right prices. I buy for cash direct from the manufacturer, and am therefore in a position to give close prices, especially for cash. Goods delivered to any station in the Valley.
G. A. McWILLIAMS
Summerland, B. C.

LOCAL NEWS

Mr. Norman Ellis left on Thursday morning on a visit to the coast.

Dr. Wright of Vancouver who is visiting in the Valley spent Tuesday evening in our town and took in the concert.

Miss L. Lane of Peachland visited Mrs. Dr. Lipsett on Tuesday and was also renewing the acquaintance of Miss McIntyre.

The Union Sunday School it is learned will give a Christmas tree entertainment on Christmas evening in the church.

The Bachelors of Summerland are advised to get themselves ready for another banquet to be given them at an early date.

Messrs. Smith and McKenzie have made arrangements to flood and keep the ice at the reservoir beyond Prairie Valley in good shape during the balance of the season. They are making provision for curling, skating and hockey. The ice will be ready for Saturday (weather permitting) and will be free to all for that day, after which a moderate price will be charged.

During the past week nearly all the towns at the Northern end of the lake organized curling clubs, and are getting in shape to enjoy the sport. Some weeks ago the attention of local curlers was directed to the matter of early organization, so that should favorable weather arrive they would be ready. Up to the present no move has been made in this direction and some old curlers are getting anxious. It is the intention to hold a bonspiel of all Okanagan curlers some time during the winter, and why should not Summerland be represented? At present the weather is unfavorable for curling, but organization could be completed.

NARAMATA

Mr. and Mrs. J. M. Robinson left last Saturday for a short visit to friends in Vancouver.

Mrs. W. Mitchell and daughter, Miss Freda, paid Penticton a flying visit recently.

Mr. Hayward, who met with such a painful accident to his arm and shoulder some weeks ago is rapidly regaining strength.

The Athletic Association are about to conduct a library in connection with other club works. Word has been received by the secretary that the first instalment of books has been shipped from Montreal and is expected to reach here soon.

Mr. King of Winnipeg, who has been prospecting in the Valley for some time, has decided that Naramata is just the place for him. He has been fortunate in securing a very choice five acre lot from Dr. Lipsett, at a price which indicated the upward trend of real estate values here.

Mrs. Gillespie, with the assistance of Miss Hatfield and others, is busy preparing the children for the usual Christmas concert. Several practices have been held on Saturday forenoons, and needless to say a successful event is anticipated.

Summerland Municipality

Tenders for Roadwork

Tenders will be received by the undersigned up to 6 o'clock Saturday, December 12th, for the following road contracts:

No. 14.—Making of a road along the gulch, commencing at Elliott's store to road north of Thos. Moore's.

COMMUNICATION.

Editor Review, — There seems to exist in the minds of a great many of the ratepayers of the municipality an idea that when the by-law for four thousand dollars was passed a year ago for a municipal site that any part of this money not expended on a site could be used for a municipal building but such is not the case. The expenditure of the balance of this money must again be submitted to the ratepayers for their approval either for a municipal building or, as the council unanimously decided, for the most needed roads, sidewalks etc. The amount raised by the first by-law for roads and bridges is now spent and the question of how to meet the urgent need for further improvement of the roads was considered by the council as the most pressing need at the present time. We have the money in hand. It must either remain in the bank or be spent where it will do the most good. We can get along without a municipal building for a time but we must have better roads now that our orchards are coming into bearing. The poll on this by-law is on the 23rd inst., and I hope that the ratepayers will give it their hearty support.

Yours
J. L. LOGIE.

OWNERSHIP OF TELEPHONES TALKED.

It is probable that the Nelson board of trade will present to the convention of the associated boards of the upper country, meeting early in the year, a resolution on the ownership of all telephones within the province by the Provincial Government.

A resolution affirming this was passed by the associated boards at the Moyie convention in February last, but no action has been taken by the Provincial Government. In the interim however, the Conservative party has affirmed its belief in such a step in a most marked manner, and it is therefore possible that some steps may be taken in the session of the Provincial Government meeting in January next.

Attorney-General Bowser says that specific charges will have to be preferred against Magistrate Williams of Vancouver, by complainants, before the provincial government will seriously consider disposing of him. Magistrate Williams has received severe criticism by the press of Vancouver lately for the outrageous sentences imposed on the youth of the city.

While no formal resignation can take place till Parliament meets and a speaker is chosen, it is understood that Sir Wilfrid Laurier has already intimated that he will elect to sit for his old constituency of Quebec East, and give up the Ottawa seat, to which he was elected in October.

The Opportunity of a Life Time

is now within the reach of the man with a little capital, who thinks the limits of a ten acre lot are too small to confine his attention to. Here is a property consisting of 178 acres, 28 acres of which are under water, only two miles distant from Summerland and the C.P.R. wharf, and considerably less than that from Okanagan College. The irrigable portion of the property is first class orchard land with no stones, and can all be brought under cultivation at once. The 150 acres of range land enables the purchaser to engage in dairying and stock raising pursuits, while his fruit trees are nearing the bearing stage. Just think of the extent of the holding, its close proximity to town and college, and then ask yourself the question, what would be a reasonable figure to give for such a property. Is it worth a 2-cent stamp to enquire for full information?

The Summerland Supply Co., Ltd.

POST OFFICE RULES DISREGARDED.

The many post offices of Canada whether of large or small centres of population, now have their walls adorned with sundry notices to the public regarding different classes of mail matter.

Although usually of bold lettering, these warnings are utterly disregarded in many cases, if read at all.

The postal rules governing the parcel-post to foreign countries are more often transgressed, with the vexing result that the parcel must lie in the dead letter office until the postage is sent by the addressee whatever country it may be intended for.

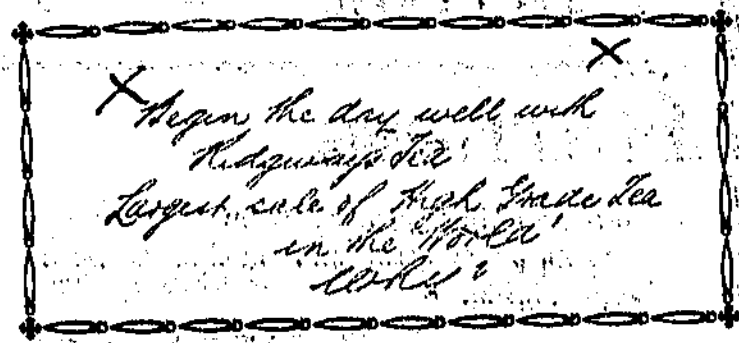

The rate for parcels posted in Canada passing to places in Canada or United States is one cent per ounce or fraction; but with other countries and Canada there is a special rate for each, which is clearly shown in the postal guide with which all postmasters are supplied.

For instance, a parcel addressed to England, Scotland or Ireland, even if only weighing a fraction of an ounce, must be prepaid sixteen cents, and bear a customs declaration of contents and value. Otherwise it promptly finds its way to the near-

est dead letter office, where it is opened, and if the sender's name and address are not within, the person addressed is notified for the postage.

It is most regrettable that Christmas parcels should lie for weeks in the dead-letter offices, while the luckless, would-be recipients, who probably were expecting the parcels, anathematize the Canadian postal system.

Ninty thousand head of cattle been have exported this season to Britain from the western prairies, averaging \$50 a head. This means that a total of four and a half million dollars has gone to the farmers and ranchers from this trade.

Dr. McDonald, the returning officer for Yale-Cariboo, was to have held a final recount of the ballots at Kamloops last Thursday but owing to absence of six boxes the recount has been adjourned for another week.

LOCAL NEWS

All resident Odd Fellows are urgently requestly to meet in the Council Chamber on Monday evening, December 14th, at 8 o'clock sharp, to practice degree work.

Mrs. Albert Doherty, who is a patient in the Cottage Hospital, and has been seriously ill for several days, rallied yesterday. Her friends hope the improvement will be maintained.

Nurse Sinclair wishes to thank the ladies of St Peter's Guild for the generous contribution of preserved fruit to the Cottage Hospital; also Mrs. Loomer for cushions; Mrs. Moreland, bandages and wringer; Mrs. Cordy, old linen.

Mr. S. E. Whiting, representing the Northwestern Register Co., Ltd., Winnipeg, has made arrangements and secured sufficient ads. to install an electric sign cabinet in the Hotel Summerland. Thirty ads. will appear and a library of 100 books will be available for advertisers and guests of the hotel.

Postmaster Hayes has this week made extensive alternations in the post office building. A re-arrangement of the office generally, with additional boxes and a handsome frontpiece adds greatly to its appearance. Besides giving the interior of the office more space the general public has also been looked after by better accommodation on the outside.

Rev. James Hood left Saturday for Enderby where he will conduct the anniversary services in the Presbyterian Church on Sunday. He will also remain to take part in the annual social to be held on the following Tuesday evening. Rev. A. T. Robinson will occupy the pulpit at the regular evening service on Sunday in the absence of the pastor.

The boys of the Maritime Province residing in Summerland, held a meeting on Thursday evening and inaugurated a M.A. A.A., with the following officers: President, Prof. Denton; Secretary-Treasurer, N. Phinney; Captian, G. A. MacLaine. Various Committees: Profs. Denton, Sten-derson, Mr. Harrison; Messrs. Corbit, Tingley, Christie; Messrs. Spurr, Chas. Phinney; Messrs. Borton, Harrison, Hatfield. It is the intention of the Association to promote hockey this season. They solicit the support of all interested. The Association desire to thank Mr. McWilliams for kindly placing his office at their disposal.

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 1

SUMMERLAND, B. C., DECEMBER 19, 1908

No. 20

WHY DON'T WE GET OUR DAILY MAIL.

Why is it that with a boat passing our doors every day we cannot prevail on the Dominion Government to give us back our daily mail? If it were for something new, untried, doubtful and expensive we were asking there might be some small excuse for delaying the mail of the thousands of people in the lower half of the Okanagan Valley; but in view of the fact that we have had the service all summer; that the government has still in its employ the men who served us in this capacity, still standing in the same old places, and that the C.P.R. was moved by the appeals of the people to accede very courteously to their request to restore a daily boat service even at some cost to themselves, why is it that the government can not be persuaded to make its servants, who stand in their places and whose salaries we are paying, pass on at once the letters in their possession to their rightful owners? Why is it that business has to be retarded thus wantonly in the towns of the lower part of the Okanagan Valley?

Citizens are beginning to wonder if it is because the electors of this part of Canada in the exercise of their civil rights chose to turn down the government candidate, Mr. Ross, at the last election. But surely that is a wild surmise. Surely Canada and its politics has not come to a pass like that, whereat friend and foe and the business of the country as a whole must needs suffer that malignant feelings on the part of the government members should be appeased? The gentlemen in Ottawa have not sunk so low as that, whatever their past failings may have been.

This matter has been brought to the attention of the government, but as among the sufferers we would like once more to call their attention to the injustice that is being done the people in the lower half of the Okanagan Valley by this long and needless delay in granting us a simple right. Were the matter in the hands of business men it would have been settled by wire a month ago.

It is said that there is a coal field of 800,000,000 tons extent, 130 miles west of Edmonton. That will be good news for plains dwellers.

THE QUESTION.

The following is the question before Review readers in its referendum on the Local Option issue which is to come up in the provincial parliament at its next session:

"That a message be transmitted from His Majesty to the Legislative Assembly of the Province of British Columbia at the ensuing session thereof, laying before the said Legislative Assembly for consideration, a bill having for its object the bringing into force an Act as a Statute of the Province of British Columbia, vesting in the residents of the Province power from time to time by ballot and on the basis on which from time to time the right of franchise is accorded in municipal elections to determine on the local option system, whether or not the traffic in intoxicating liquors shall be permitted or prohibited in respect of each of the portions of the province which in the Bill transmitted with message may be designated as a separate district for local option purposes, and that the elections take place on the day on which municipal elections are held and that every such election be decided by a majority of votes cast thereat."

YES	
NO	

Conditions of Voting.

1. Every voter must be a Review subscriber resident in British Columbia.
2. Every voter must sign his name to his ballot. This is to prevent ballot stuffing.
3. Every ballot must be returned to the Review office before 9 o'clock, p.m., on January 6th, 1909.

And the undersigned hereby faithfully pledges himself to destroy every ballot when he has counted them and to keep in violate the names and confidence of all voters.

(Signed) J. F. WATKINS,
Manager Review Pub. Co.

SANTA CLAUS NEXT WEEK.

These are the days when the pleasant agony of Christmas begins to cast its baleful psychological shadow athwart the soul of every serious minded citizen. It is not the shadow of the big turkey sputtering on the platter, full of remorse as the recollection of him may be; but it is the annual nerve-racking soul-disturbing, insanity-breeding struggle with the part of Santa Claus which every pater is supposed to play.

It was an idiotic mistake to have launched Santa Claus as a member of the male sex in the first place. A fluttering lady angel with a male drudge to haul the stuff around would have done just as well, and it would have saved many a gray head and worked out far truer to nature; for the dear women—are they not always next door to paradise when they find themselves cut loose among a bewildering array of pretty things, with instructions to "get something that will suit for goodness sake," and doesn't the "mere man," after all his carking anxieties on the subject find that somehow in the end it always comes out anyway that the part he has to play is that of the inglorious packhorse. That's where he belongs; that's his real sphere. "Custom, the hood-winked angel of the blind and dead" has been hornswoggling us all these years, and got us off our beat. Let us arise and fight like men against the false glory of a part that "hath murdered sleep" and led us to the dizzy heights of distraction we were never made to tread.

James Sharpe, the lunatic who created so much trouble in Manitoba in his effort to join forces with the fanatical Doukhobors, has been arrested in Kansas after a bloody affray in which he shot several policemen. It is to the credit of the Manitoba government and the terrors of the N. W. Mounted police that he was prevented joining the Doukhs. Had he found himself at the head of that mob, there would certainly have been lively times in Saskatchewan.

Word comes that Kelowna has carried off \$4600 in prizes for apples at the great fruit exposition in Spokane. That is something to be proud of, as it is quite probable the world never saw such an apple show before in all its history. The president in Washington touched the button that opened the fair. Congratulations to our neighbors up the lake.

NEW BOOKS IN PEACHLAND LIBRARY.

The following are some of the books recently added to the Peachland Reading Room Library: The Queens of England, Wilmot; The Starling, Mcleod; A Thousand Miles Up the Nile, Edwards; Jacknapes, Ewing; Wild Animals at Play, Thompson-Seaton; Poor Jack, Marryatt; The World's Discoveries, Johnson; The Talisman, Scott; Little Lord Fauntleroy, Burnett; Scotland, Grierson; Chronicles of the Schonberg Cotta Family, Charles; Van Bibber and Other Stories, Davis; In the Irish Brigade, Henty; True Story Book, Lang; Fair Winds Farm, Molesworth; Baffling the Blockade, Oxley; The Wreck of the Chancellor, Verne; Two Parrots, Winth; Not Quite Eighteen, Collidge; Final Reckoning, Henty; Indoors and Out, Optic; Wings and Fetters, Kingsley.

The editor should attend the services of every church twice each Sunday, be present at and take part in every social and public function, spend two thirds of his time in the public service and the remainder in writing glowing accounts of every local happening, tell the truth only when his readers want to hear it, manufacture news if there is none, never be caught in a lie, always smile even when he has bills to meet, listen patiently to every man who tells him how a paper should be run, fill his columns with free advertising matter, and never think of receiving anything in return.—Pentiction Press.

That's right, Press. Not even a complimentary ticket to the show that has received \$5.00 worth of free advertising!

The Ottawa Journal intimates that the reason why they are using moving pictures to advertise Canada in the Old Country is because Canada won't stand still long enough to have any other kind taken. That's so. Even His Majesty's post office in our midst presents a clean change of front this week, for which we are all glad. The very sidewalks are changing as a certain gentleman who nearly jarred the buttons off his shirt in trying to drop out of the P. O. to the sidewalk is prepared to attest.

W. Skinner of the staff of the Vernon News was a visitor in town over Sunday and was the guest of J. C. Robson.

For the baby. Some of the daintiest soft-sole "Cacks" ever imported.—Taylor.

EVANGELIST COMING IN MARCH.

The local churches have made arrangements with Rev. Mr. Russell, a Presbyterian evangelist whose work is interdenominational in character to come to Summerland in March 1909, for a series of meetings. He has lately been engaged in the upper end of the Valley, and for a short time got down to Peachland, where they were so pleased with him that they insisted on having him back again at such future time as his engagements would allow. March is the earliest date at which he could reach Summerland, and if half the papers have said about the reverend gentleman be true he will be worth hearing. The meetings are to be conducted here on a union basis.

Concerning Mr. Russell's work in Vernon the Okanagan says:

"Evangelist Russell is greatly encouraged with the response of the people of Vernon to his call for special work and prayer. From the very first his services have grown in interest and in numbers. Little do those wonder at this who have been anything like regular attendants at the meetings. The sermons and addresses he gives are extraordinary for enthusiasm and spiritual power. The congregations literally hang upon his words and all seem to appreciate the unique character of his work. He certainly builds for eternity for his effort is a finished product and so are the results which follow. There is an absence of mere sentiment or sensationalism which is too often manifest in evangelistic work, and which as most people know, are not always followed with the permanent results to be desired. He is a clear and forceful interpreter of the Word, and the listeners' respect for the same is greatly deepened at every service. In the convert this feature lays the foundation of a religious career, while the vital truths given point to the lives of older Christians and young alike.

President Roosevelt declares he will enter an action against the New York World, which recently accused him of lying and grafting in connection with the Panama canal purchase from the original French company. It is claimed \$40,000,000 were paid for truck that could have been bought in open market for \$4,000,000. The article did not deal in veiled language, but came out with the baldest and most unmistakable kind of prose, at the same time calling on Congress to hold an investigation.

AN ESSAY ON MAN.

Man that is born of a woman is small potatoes and few in a hill. He rises up today and flourishes like a ragweed, and to-morrow or the next day the undertaker hath him. He goeth forth in the morning warbling like a lark and is knocked out in one round and two seconds. In the midst of life he is in debt, and the tax collector pursues him wherever he goeth. The banister of life is full of splinters, and he slideth down with considerable rapidity. He cometh home at eventide and meeteth the wheelbarrow in his path. It riseth up and smiteth him to the earth, and falleth upon him, and runneth one of its legs into his ear. In the gentle spring time he putteth on his summer clothes, and a blizzard striketh him far from home and filleth him with cuss words and rheumatism. He buyeth a watch dog, and when he cometh from the club the watch dog treeth him, and sitteth near him until rosy morn. He goeth to the racecourse and betteth his money on the brown mare, and the bay gelding with a blaze face winneth. He marieth a red-headed heiress with a wart on her nose, and the next day the parent ancestor goeth under with a crash and great liabilities, and cometh home to live with his beloved son-in-law.—Ex.

Summerland Municipality
Tenders for Roadwork

Tenders will be received by the undersigned up to six o'clock Saturday, Dec. 26th, for the following road contracts.

No. 28—The making of a road between Blocks 41 and 42, lot 475. This road has to be corduroyed or properly brushed, then covered with earth a width of 20 feet, six inches deep, and then shale six inches deep for a width of twelve feet. The earth to be taken from the adjacent hill in such a manner as to properly lower the grade on said hill.

No. 40—The making of a road from N. E. corner of block 15 block 7, lot 508.

No. 56—The shaling of the road from east of the Summerland School west to where the flume crosses the road west of Dr. Lipsett's house.

The Road Commissioner will be on the ground to give details of the nature of the work as follows:

No. 56, Monday, December 21, at 9 a.m. No. 40, Monday, December 21, at 10:30 a.m.

The lowest or any tender not necessarily accepted;

J. L. LOGIE;
Municipal Clerk.

Misses Edey and McIntyre went to Kelowna on business during the week.

Municipality of Summerland
REFERENDUM

Re By-law No. 3, known as Pound By-Law

Under and by virtue of authority of Section 50, Clause 189, of the Municipal Clauses Act.

The Council of the Municipality of Summerland require the presence of the electors at a Poll to be held in the Council Chamber on Wednesday, December 23rd, 1908, between the hours of 9 a.m. and 7 p.m., for the purpose of obtaining their opinions on "Shall Live Stock be Permitted to Run at Large within the Municipality of Summerland."

In the event of a majority of the electors voting nay, the Council will amend said By-law prohibiting all Live Stock from running at large in the Municipality.

JOHN L. LOGIE,
Returning Officer.

Municipality of Summerland
BY-LAW NO. 15

A By-Law to authorize the expenditure of \$4,000.00 on Roads and Bridges raised on Debentures issued under By-law No. 11, being "The Municipal Building Site Loan By-Law, 1907."

WHEREAS on the Fourth day of November, 1907, the Corporation of the District of Summerland duly passed a By-law for the purpose of raising the sum of \$5,000 on the credit of the Municipality by way of Debentures, which said Debentures were to be made payable in twenty years from date thereof with interest half yearly at the rate of five per cent. per annum, such moneys when raised to be used to purchase lands for municipal purposes for the Corporation of the District of Summerland;

AND WHEREAS such By-law received the assent of the electors of the said Municipality on the 22nd day of November, 1907, and was reconsidered and finally passed by the said Municipal Council on the 25th day of November, 1907, and in all other respects was passed under the authority of and in compliance with the Municipal Clauses Act, 1896, and Amending Acts;

AND WHEREAS Debentures were issued under the said By-law to the full amount thereby authorized and sold, and the proceeds derived from such sale to the extent of \$1,000 were applied as provided in said By-law;

AND WHEREAS the Municipal Council of the said district deem it undesirable to expend the balance of said moneys, \$4,000, realized from the sale of such debentures for the purposes mentioned in such By-law, and think it expedient to expend the same on the construction and improvement of roads and bridges in such Municipality.

BE IT, THEREFORE, enacted by the Reeve and Council of the Corporation of the District of Summerland, in open meeting assembled, as follows:

1.—That in lieu of expending the balance of the moneys, \$4,000, realized from the sale of the Debentures issued under By-law No. 11, being "The Municipal Building Site Loan By-law, 1907," for the purposes therein mentioned, the same be expended in the improvement and construction of roads and bridges in the Municipality.

2.—That this By-law shall, before the final passage thereof, receive the assent of the electors of the said Municipality in the manner provided by the Municipal Clauses Act, 1896, and Amending Acts.

3.—This By-law may be cited for all purposes as the "District of Summerland Road and Bridges By-law, 1908."

Passed by the Municipal Council this 7th day of December, 1908.

Received the assent of the electors of the Municipality of Summerland the day of December, 1908.

Reconsidered and finally passed by the Municipal Council the day of December, 1908.

Reeve,
Clerk, M. C.

Take notice that the above is a true copy of the proposed By-law upon which the vote of the electors of the Municipality will be taken at the Council Chamber in Summerland on Wednesday, December 23rd, 1908, between the hours of 9 a.m. and 7 p.m.

JOHN L. LOGIE,
Municipal Clerk.

FAIRBANKS-MORSE MOTORS

Peachland

Rev. C. W. Whyte spent a couple of days in Kelowna this week.

Dr. and Mrs. A. K. Connolly were in Kelowna on Tuesday.

Mr. W. A. Lang spent a couple of days in Vernon last week.

The six week-old baby of Mr. and Mrs. T. N. Ritchie is suffering from a severe attack of pneumonia.

Mr. R. J. Hogg, who had been spending a few days in Vernon, returned Monday evening.

Mr. Lloyd Affleck left on Saturday's boat for Nelson, B. C., where he expects to spend the winter. Mr. Affleck is too good to lose and we hope to see him back again in the spring.

Mr. Martin Stuart who has been working in the packing house all season left Monday morning for San Francisco, where he has secured a good position with a large nursery firm. He expects to return early next summer.

Mr. Paul Murray is rapidly recovering from his attack of typhoid. He went to Kelowna this week to spend a few days and from there will probably go to the coast before Christmas. He expects to resume pedagogic duties the first of the year.

The Handicraft Club held their Birthday Social Tuesday evening. Quite a goodly number were not ashamed to confess their ages to the door keeper, so the Hall was fairly well filled. A good programme of songs and recitations was given, and after a half hour spent socially, boxes of candy made by members of the club were auctioned off. Mr. Alex Angus proved a very capably auctioneer, and a neat sum was realized for the funds of the club.

The whole community is in mourning over the death of Mrs. William Douglas which occurred last Thursday evening. Her death is a loss to the whole community and each one felt that a friend had been taken away. She was a most active member of the Methodist church and of a noble Christian character; possessed of a splendid enthusiasm and good executive ability. Any work entrusted to her was sure to be well and faithfully done. She was organist in her church and a most efficient teacher of the primary class in the Sabbath school.

Miss Ethel White is home from Vancouver on a visit to her parents, Mr. and

Mrs. D. J. White. Miss White has concluded a brilliant course in drawing and is now attending the Provincial Normal School, from which she will graduate as a drawing specialist in June next year. Her friends here are delighted with her success, and hope it may continue through her Normal course. Miss White visited the public schools this week and taught a lesson in each of the rooms.

Sunday evening there was a mass meeting in the Orange hall at the close of the evening services, called by the Local Option League. The speaker of the evening was Rev J. T. Jones who gave a very interesting report of the Local Option convention which he attended at the coast recently. At the close of the meeting the two petitions were presented and a large number of signatures secured. The executive are arranging for a series of meetings to keep the matter of local option permanently before the public during the next few weeks.

Mr. Madoc of Okanagan Centre brought a party of land seekers here in his launch Friday evening. Sometime during the night the heavy wind caused the launch to break loose from her mooring, and Saturday morning it was found washed up on the beach. The waves were running too high all day to get her off, but towards evening the wind went down and Messrs. Miller and Silver succeeded in getting her into deep water again, and she was tied to the wharf once more. Sunday morning she was found full of water at the bottom of the lake. It required a good deal of hard work to get her afloat, but this was accomplished and the party set out as before.

The annual meeting of the Board of Trade was held in the reading room last Tuesday evening. While there was a fair attendance there were not as many as was hoped there would be. However, it was decided that there were enough present to warrant proceeding with election and the following officers were elected for the ensuing year: President; William Logie; V. P., T. N. Ritchie; Sec., Treas., J. A. Moran; Civic Committee, W. A. Lang, C. G. Elliott, H. McDougall; Financial, Immigration and Advertising; J. L. Vicary, M. N. Morrison, A. J. C. Clarence; Transportation and Conventions; R. J. Hogg, L. D. McColl, J. A. Moran; Councillors; H. McDougall, Grant Lang, C. W. Whyte.

ORDER IN THE BACK SEATS!

Complaints have been heard lately with increasing frequency of the bad order that has come, through the past few months, to characterize the back seats in Empire Hall during any public performance. Talking while the programme is in progress, and stamping of the feet—no small feet at that by the way the building shakes at the noise thereof—and ear splitting whistles, which are evidently designed rather to show the labial dexterity of some animated, self-conscious and half-blown wind-bag than to express his appreciation of the performer's efforts, have been making the lives of concert goers miserable by spoiling their evening's pleasure. If they have to sit anywhere in the vicinity of the seats referred to they feel like paying half a dollar to get out on the condition that they never again be asked either directly or indirectly to return.

It is not long since the pedal performances referred to were so marked during certain selections on the programme as to make it hard to tell whether the performers were accompanying the feet or the feet were accompanying the performers. The one was not less prominent than the other, and the gentlemen on the platform would certainly have been justified in rising to enquire whose turn it was, or three-fourths of the audience to ask how long they would have to suffer.

That kind of thing is injurious in two ways: it tends to hurt those who are engaged in the concert business by inducing people to stay away, unless there is a gilt-edge security that the pleasure derived from the front of the hall will more than

make up for the annoyance from the rear, and it tends to give the community as a whole a black eye when strangers are present, whether on the stage or off it.

If an audience wishes to express its appreciation of a performer's work, good manners prescribe that that appreciation shall be shown by the clapping of the hands, and, if required, by cries of "Encore," "Bravo" and the like. The whistling, cat-calls, and pedal action varieties of expression belong to the Bowery or the back woods. When, therefore, strangers are received in that manner they naturally conclude, since Hooliganism is usually confined to cities, that we are a back woods community, which does not know any better and is doing the best it can, in its own clownish way, to show appreciation of a good thing.

As the people of Summerland are not just of the backwoods type, and as the offenders in this case are chiefly youths, it is up to the latter to be more considerate of the feelings of others, who may like themselves have paid for a seat at the show, and to be more careful of the good name of our community, which in this way has already suffered not a little by their thoughtlessness. Any man can act like a boor in public but it is nothing to his credit if he does so. No man can afford not to be a gentleman at all times and it is certainly no mark of a gentleman to be regardless of the feelings and rights of others, the usages of ordinary polite society and the good name of the place in which one lives.

THE REVIEW REFERENDUM.

One of the lively issues of the coming session of the local house is the local option bill to be introduced at the instigation of the members of the Local Option Leagues, throughout the province. Two petitions are being widely circulated for signatures from Cranbrook to Victoria. One is for the local member. It is being signed by residents who have attained their majority. The other is to be presented to the Lieutenant-Governor-in-Council, and it will be signed by provincial electors only. The Local League has begun a vigorous campaign for signatures in Summerland this week. In order therefore to test the feeling of our citizens The Review is taking a ballot on the question. The polls will remain open until January 9, on which date the ballots will be counted and the results will be made known later on.

For particulars see another column and remember that it is NOT a vote to oust the

Summerland

saloon, but a vote to the effect that Parliament give us the right to oust it if we want to, instead of having the government at Victoria say whether or no a saloon shall be planted in our midst, willy-nilly. That this proposed measure would vest that right in the people of the municipality themselves as the ones most concerned. If you think the municipality or district should be allowed to do as it likes in this matter, vote for the measure by marking your ballot opposite the YES. If you think the government at Victoria should have the right to settle a saloon here whether we want it or not, mark your ballot opposite the NO, and return the ballot to The Review office before January 6, 1909,

LOCAL NEWS

H. W. Corbitt left on Thursday for St. John's N. B.

Miss Eedy of the firm of Eedy & McIntyre visited Kelowna this week.

J. R. Doherty of Balcomo left on Thursday for a three months' visit to Ontario.

Mr. D. D. Lapsley left on Friday last on a trip to the coast returning Monday evening.

The express office will be open until 9 p.m., next week up to Thursday evening for the convenience of the general public.

It is said the shareholders of the nascent Canning Company at their meeting last Saturday decided to purchase from Mr. Stark, three lots on the lake front opposite the livery stable at a cost of \$3000.

The electric bulbs on the wharf are a great convenience at night. It is pleasing to note also that notwithstanding the hard times the C.P.R. is manfully making its contribution of an oil lamp and a tin reflector at the station door.

The College boys are kicking up their heels to-day and otherwise celebrating the freedom of the Christmas recess. The young lady students are also. That is they are celebrating the day of freedom, but "otherwise," otherwise.

On Friday evening last a number of Summerland people attended the Lawn Tennis Ball held at Penticton. Among those attending were: Misses Ramsey, Cartwright, Kerr, Bentley, Rothery and Sutherland, and Mrs. R. H. Agur; Messrs. Agur, Walker, Kerr, Zimmerman, Theid and Naper.

NARAMATA

W. J. Robinson visited with his family during the week end.

Miss Lane, dressmaker from Peachland, paid us a flying visit on Tuesday.

Mr. and Mrs. J. M. Robinson returned from the coast cities on Monday night.

Mr. and Mrs. R. King, who arrived recently from Winnipeg, have taken up their residence in R. Kent's cottage.

H. B. Cossar and workmen after a successful season's operations have returned to Peachland.

The Naramata has been docked for the winter to undergo alterations and repairs. R. Wilkins has the work in hand.

Ho for skating! That's what we purpose doing, if Jack Frost will favor us with the right article of weather.

The pupils of the local school have been hard at work writing off the term-end examinations. The results will be published next week.

Real estate continues to move. A number of properties have changed hands during the week and others are reported as good as sold. Of the former the sale of C. W. Johnson's pre-emption to Hon. W. Hespeler, Winnipeg, is the most important.

Messrs. W. G. Bradley, T. Y. Simpson and T. Hook of Revelstoke, engineer in the employ of the C.P.R., were engaged for a few days taking levels and depths preparatory to the construction of a wharf.

During the brief period of snow the younger members of our community took much pleasure in coasting down the hills behind the town. Needless to say the same crowd are daily wishing for the return of "The Beautiful."

The Unity Club held its last meeting across in Summerland at the home of Mrs. R. C. Lipsett. The attendance was large, and the interest manifested in the object for which the organization exists was keen. At the close a dainty luncheon was served by the hostess assisted by Miss Gwen Robinson and Miss White.

Miss M. Mallett who has been attending Okanagan Collage, and, been heard to advantage on a number of programmes, has returned to spend Christmas with her parents in Brandon.

The Summerland Drug Company

A VIVID SHORT SERMON.

From a recent issue of the Calgary Herald was clipped the following extract, which in our opinion contains about the best short sermon on temperance we have ever read:

"Any one who drinks three glasses of whiskey a day for one year and pays 10 cents a drink for it can have in exchange at any of the firms whose names appear on this card:

- | | |
|----------------------------|-----------------------|
| 3 barrels flour. | 10 lbs. candy |
| 20 bushels potatoes. | 3 dozen cans toma- |
| 200 lbs. granulated sugar. | toes. |
| 1 barrel crackers. | 10 dozen pickles. |
| 1 lb. pepper. | 10 dozen oranges. |
| 2 lbs. tea. | 10 dozen bananas. |
| 50 lbs. salt. | 2 dozen cans corn. |
| 20 lbs. rice. | 18 dozen matches. |
| 50 lbs. butter. | 1-2 bushel beans. |
| 10 lbs. cheese. | 100 cakes soap. |
| 25 lbs. coffee. | 12 pkgs. rolled oats. |

for the same money, and get \$15.30 premium for making the change in his expenditures."

A band of young people drove out to Trout creek Tuesday evening and spent a pleasant time on the ice, which they found in first class condition.

The W. M. S., and Ladies' Aid of the Methodist church were entertained at the home of Mrs J. C. Robson on Wednesday afternoon.

Mr. Corbett, who has been on his fruit lot during the summer, returned on Wednesday for a visit with his parents in Nova Scotia.

The Opportunity of a Life Time

is now within the reach of the man with a little capital, who thinks the limits of a ten acre lot are too small to confine his attention to. Here is a property consisting of 178 acres, 28 acres of which are under water, only two miles distant from Summerland and the C.P.R. wharf, and considerably less than that from Okanagan College. The irrigable portion of the property is first class orchard land with no stones, and can all be brought under cultivation at once. The 150 acres of range land enables the purchaser to engage in dairying and stock raising pursuits, while his fruit trees are nearing the bearing stage. Just think of the extent of the holding, its close proximity to town and college, and then ask yourself the question, what would be a reasonable figure to give for such a property. Is it worth a 2-cent stamp to enquire for full information?

LOCAL NEWS

Hon. Wm. Hespeler, who has been visiting here for some time, left on Monday for Winnipeg.

Rev. R. McIntyre will preach in Prairie Valley school house on Sunday morning at 11 o'clock.

A bible study class has been organized to meet Wednesday evenings in the Methodist Church.

We have a nice line of Ladies', Misses' and Children's felt Romeo's. They make dainty presents.—See Taylor.

Okanagan Lodge, No. 58, I.O.O.F., was instituted on Thursday evening. A full report will appear next week.

The Curling Club held their annual meeting on Wednesday evening, when officers were elected for the season.

A dainty Christmas present for hubby is a pair of house slippers.—See Taylor.

A Christmas song service will be given in the Methodist Church Sunday evening. Special music will be rendered by the choir assisted by some local talent.

The Union school will give a Christmas tre entertainment in the Methodist church on Christmas night. The programme will be given by the boys and girls.

In line with the circulation of the petition, and the general progress of the Local Option Campaign now inaugurated throughout British Columbia, Pastor Estabrook will discuss special phases of the Temperance question at both Baptist services next Sunday, at 10:30 a.m. in town, and 3 p.m. on the flat.

Mr. Iapsley, Mr. Fred Manchester and Mr. and Mrs. J. M. Robinson came in on Monday's boat after a week's sojourn at the coast. They think the Okanagan's good enough for them and don't wonder that people should develop webbed feet if they live long down there.

On Tuesday evening at 8 o'clock a meeting of the men of Summerland will be held in the Methodist Church to organize a men's club. The Methodist Church is undertaking to erect a building in which there will be a reading room, parlors, library, baths, and a hall suitable for indoor games and gymnasium purposes. The value of this to the men of Summerland and athletic clubs is inestimable, and it is hoped there will be a large turnout.
