SUMMERLAND, B.C., AUGUST 7, 1909

No. 53

## MERRY MAKING AT ORPHANS' HOME

**GLOOM CHASER ENJOYED BY MANY GUESTS IN SYLVAN DELL.**

**An Evening of Laughter, Song and Story—Chinese Lanterns Suspended Among Foliage and a Bonfire Vie with the Light of the Moon.**

"A. L. Moreland, R. Mathison, E. R. Butler, A. H. Steven. At Home, Tuesday, August 3rd, 7:30 to 10:30 p. m. The Orphanage."

So the invitation ran. The orphans were lavish with their invitations, consequently the "Orphanage" was a very popular place on Tuesday evening last. Judging by the crowd, all the invitations must have been accepted.

Curiosity as to how the poor orphans really existed in their lonely camp maybe was responsible for the presence of the ladies and the probability of a good time accounted for the men folk.

The visitors were received by Mesdames Wellband and Hood, who were acting as sponsors for the Orphans.

As the visitors neared the retreat and caught sight of the grounds, the illuminations just made them hurry along to be amongst it all. From the surrounding trees decorative Chinese lanterns were hung in festoons and a glorious bonfire lit up the place with a cheery glow.

After the guests had seated themselves on the many and varied seats spread around for their comfort, music and conversation were the order of the hour and the time sped all too rapidly. Messrs. F. Manchester, W. Robinson, J. Robinson, W. Greaves and T. Moore were responsible for an impromptu string band and coon and other songs were rendered at intervals. The hosts were going around among the guests, making everybody feel at home in a right royal manner. A busy hive of workers was an hand to serve refreshments and necessarily so when one considers that close upon 90 guests were assembled.

During the evening a little surprise was sprung upon one of the lady visitors. As it was her birthday, she was presented with a cake. Some of the guests no doubt wondered why "She's a jolly good fellow" was

sung with such gusto by a few in an out of the way corner. The foregoing was the reason. When the cake was cut, great excitement was manifested as to who should discover the button, thimble, etc. One of the orphans secured the former. The finders of the latter kept silent.

About 10:30 the guests gathered around the fire and sung "Auld Lang Syne" with great zest and then the party came to a close with the singing of the National Anthem.

The orphans are to be congratulated on their great "At Home" and no doubt feel quite elated that it passed off so well. The participants will recall the event with pleasure through many a long day.

### DRIVER'S, ATTENTION!!

It is the request of the Municipal Council that all parties travelling by the high flume road should take the road by Mr. Anderson's house WHEN COMING TO TOWN, and the road around by the spring WHEN GOING FROM TOWN.

### NEW ANGLICAN CHURCH.

**Plans Laid for Handsome Edifice to be Erected Near Rectory.**

The members of St. Peter's Anglican church are looking forward to owning a more commodious and conveniently located church edifice. Tenders are being called for a building which will, when completed, cost in the neighborhood of \$7000. It is proposed to advance the work in proportion to the money in sight and probably \$3000 will be expended this year making the place habitable for the winter, leaving the completion of the structure until next year.

The edifice will be erected on the grounds adjoining the rectory just beyond the electric light dam. The front and side elevations show the building to be of ornamental design and it will be a credit to the English Church community.

## COLLEGE MAKES ANOTHER STRIDE

**LADIES BUILDING TO BE ERECTED AT AN OUTLAY OF \$15,000.**

**Sophomore Work to be Taken up this Year—College Finances in Excellent Condition—New Building to be Ready by New Year.**

The past year has been a good one in the history of Okanagan college.

In point of attendance there has been a gratifying increase in the enrolment. The gain in this regard was 38 per cent. This in itself would be encouraging, but when we couple with this the growth in the earning power of the institution, there is reason for profound satisfaction.

The returns from the student body during 1908-1909 show an increase of about 300 per cent. To express these facts in another form, the enrolment rose from 72 in 1907-8, to 100 in 1908-9; the income from the students mounted from about \$4000 to a trifle under \$12,000.

During the first year named the deficit was about \$10,000; during the year just closed the institution has nearly paid expenses running behind only a few hundred dollars. A full school demands little more in the way of expense than one half filled calls for. Another year ought to put the college well on its feet.

The Principal during his recent visit to the coast found a gratifying increase in the interest taken in the college and its work. The work of the past two years is beginning to make itself felt and the students from outside Summerland, on their return home have proved themselves sincere and ardent canvassers for the college. Their testimony regarding the worth of the institution counts for more than any statements from teacher or manager. The energetic, effective work during the three months he acted as travelling secretary for the college, did much to inform the people and awaken an intelligent interest in the work of the institution.

At the convention in Victoria, the Principal presented the facts of the case and urged the claims of the young women for a residence in connection with the college. The members of the convention gave their

hearty and unanimous approval of the proposal of the Educational board to proceed at once to erect a ladies' residence at a cost approximating \$15,000. In line with this vote of the convention, plans are already formulated and in process of development by which it is hoped that a suitable building may be in readiness for use after the Christmas holidays. Further particulars of this project will be given later.

The number of students from the coast is likely to be considerably augmented when college reopens. The demand for accommodation for girls is especially noticeable.

The board has authorized the faculty to advance the college another year and accordingly provision will be made during 1909-10 to take up the regular work of the sophomore year. Already there are several who are expecting to enter this class. Further announcements regarding the details of next year's work will be made from time to time.

**CELEBRATE SILVER WEDDING.**

Between thirty-five and forty of the friends of Dr. E. W. Sawyer, the esteemed Principal of Okanagan college, and Mrs. Sawyer, assembled in the park, at Peach Orchard on Thursday afternoon and presented them with a handsome set of silver ware in recognition of the fact that they had on that day reached another important mile stone in the journey of life—that of the twenty-fifth anniversary of their wedding day.

After enjoying an hour or two in conversation beneath the trees, tables, prepared for the occasion were spread with a sumptuous repast prepared by the ladies.

After the cravings of the inner man (and woman) had been supplied, Dr. McIntyre who acted as master of ceremonies, set the ball rolling by making a short congratulatory speech in which he warmly felicitated the guests of honor on the attainment of their silver wedding. The speaker himself was also the recipient of a little sheaf of good wishes as the occasion happened to be his birthday.

Addresses in keeping with the occasion were made by Rev. G. H. Estabrook, who made the presentation, Rev. D. E. Hatt, of Vancouver, Rev. Mr. Reid, of Lethbridge, J. J. Wallace, C. S. Stevens and others, to which Dr. Sawyer made a suitable reply.

The Review unites in extending congratulations to Principal and Mrs. Sawyer, and hopes to have the pleasure of recording their Golden wedding twenty-five years hence.

### PERAMBULATING MONUMENT.

#### Turtle Carries Carved on Shell Memorandum of Bygone Days.

The Teeswater News says: Away back in the summer of 1890 as a bunch of 8th concession school boys were playing on the banks of the Teeswater river, near where it crosses the road, they captured a large mud turtle, that is, one with a shell about a foot square. Among the boys were Mat. Scott, now of Revelstoke, B. C. Scott wished to make a record of the incident and with a pocket knife carved in the shell of the turtle his initials and the date—1890. The reptile was then given its liberty and was not again heard of for ten years. In the summer of 1900 it fell into the hands of Mr. Walter Pinnell, who, reading the record of its previous capture, carved on the back of the turtle his initials and the date.

These facts were recalled a couple of weeks ago—nineteen years after its first appearance and nine years after its second adventure—when Mr. Thomas Elliott was the capturer of this old denizen of the river. He very naturally followed the example of Scott and Pinnell and added his initials to those already on the turtle's shell. The fact that each time the turtle was caught within a comparatively short reach of the river, would indicate that these creatures live their long and sleepy lives within a very limited area. If this one lives out the two hundred years which is said to be the life of a turtle, it may yet be carrying on its back a lengthy history.

### Local News Items.

Telephone linemen left on Monday on an inspection of lake shore telephone lines.

Mr. Anderson, representing the Dominion government, is in the valley looking for a site for an experimental fruit station.

News has been received in Summerland of the death of Mrs. Jos. E. Seagram, of Waterloo, Ont.

The members of the Presbyterian church choir picniced at Paradise on Thursday afternoon.

Miss Luno, assistant teacher to Principal Robson has arrived from Medicine Hat, prepared for the work of the fall term.

Rev. and Mrs. Finch, of Thornhill, Man., who have been on a six weeks vacation in the west spent a few days this week as the guests of Mr. J. Conway.

It is reported that Miss Marvel Mallett, who was a student of Okanagan College last term has been operated upon for appendicitis in one of the coast hospitals.

Rev. Dr. Whittington of Vancouver, formerly principal of Columbian college, also Superintendent of Mission in B. C. was a

visitor in town during the past week and occupied the pulpit of the Methodist church on Sunday evening. He preached a powerful expository sermon from the text "He that hath seen Me hath seen the Father also." Should Dr. Whittington preach again the church would doubtless be filled.

**News from Peachland**

Miss Louise Lane of Summerland has been in town for a few days, the guest of Mrs. H. B. Cossar.

Mr. J. L. Elliott and Rev. J. J. Nixon are spending a few days in the hills, "doing duty" on Mr. Elliott's pre-emption and incidentally, should a bear appear on the scene "his riverrnce" may be trusted to deal with him with his new rifle.

Mr. H. Lang spent Thursday in town looking over the Lake road. Work will probably begin on it this week.

The municipal work has already begun on the Glen road, the Board of Works having appointed Mr. F. Bywater, foreman.

We are pleased to report that Mrs. Geo. Mitchell, who has been quite seriously ill for a couple of weeks, is rapidly recovering.

Mr. Wm. Freele is leaving this week for a trip to Seattle and other coast cities. He is accompanied by Mr. and Mrs. Alex. Reid of Elgin, Man., who are bound for Seattle. They dropped in here for a few days to visit their old neighbors, the McCalls and Gibsons as well as Mr. Freele.

Mr. and Mrs. Proctor of Toronto are camping for a couple of weeks with the Blannerhassetts.

The cannery is running full time now. Beans are coming in plentifully and tomatoes are becoming common. There is promise of a very large crop of tomatoes and canning of the ripe ones will soon be in full swing.

Mr. John McLaughlin sr., met with an accident Wednesday morning which might very easily have had a fatal ending. He was sent by road foreman Bywater to gather up a few planks along the road below Deep Creek. Going to the fartherest one, he loaded it on and started for the next lot without binding it. Going down a small hill it slipped forward and struck one of the horses. They immediately started to run and getting beyond Mr. McLaughlin's control, dashed across a ravine instead of following the road around it. Mr. McLaughlin was thrown off and run over by the waggon. In the mix-up an arm was badly broken and he has sustained several bad bruises about the head and body as well. In spite of his injuries he managed to walk nearly two miles, when he was picked up by Mr. A. J. McKenzie and driven to town, where his injuries were attended to by Dr. Crompton. Probably

owing to having no load the team escaped with scarcely a scratch, and were found mixed up in a brush pile near Deep Creek.

Mrs. A. D. Ferguson has gone to Vancouver for a month's visit with friends there.

Miss Pearl Babbit left last week for her home in Nova Scotia. After spending the summer there she goes to Toronto in the Fall to begin training for a nurse.

Mr. James Ritchie spent Tuesday in town inspecting property here.

Norman Pope caught a deer (note the spelling) last week. A coyote chased three fawns down over the hills and one came down to the lake shore where it was easily captured with a rope by Mr. Pope. It is a very tame little creature and seems to rather enjoy its captivity.

**GOOD BALL.**

Lee Ford Tannehill—One triple play. This is the entry in the big book of baseball history of July 11, 1909, in the game between the White Sox and Boston Red Sox. It was great, and came about in this way. Lord opened the fifth innings with a clean drive to centre for a single. Speaker followed with a little slap which went to such a peculiar position that neither Purtell nor Tannehill could get the ball, putting him on first and Lord on second. Then Doc. Gessler pasted one on the nose for a line drive just to the left of second base. Tannehill on the run glued the sphere to his mit, about two feet above the ground, stepped on second base as he ran, tossing the ball to Isbel on first base. Of course Lord had already started for the third and Speaker was well on his way to second when Lee caught the ball. It was all over in less time than it takes to tell about it.—Free Press.

Over 17,000 lobsters have been brought over from Halifax, and put in the sea near Nanaimo for propagating purposes.

### THE SECOND MILE.

In this issue The Review enters on its second year with acknowledgements to the Supreme Disposer of all events.

The past twelve months were faced, not without those interesting conjectures which attend the launching of every new craft on the fickle sea of journalism. The constituency seemed rather small, while the expense involved was not slight, for whatever the weaknesses of the people in this vicinity may be, it is certain a love for the cheap and shabby is not among them. It was necessary to lay in a plant capable of turning out the finest quality of work and to have craftsmen behind the plant who were not merely mechanics but artists.

This size up of the situation we have found to be correct. The ambition to turn out work that would rank with that of the finest offices in the large cities has met with the cordial support of our business men and the public generally. They have made it possible for us to do even better than we had planned. We set out to publish an eight page paper, running twelve pages for the first three weeks only, but we have not yet got back to the smaller size nor are we likely to do so.

And the sheriff has not yet gathered us in.

If we have tried to publish a journal which would not be a discredit to the communities it represents, we have been glad every day that it has been our privilege to represent them. We believe in them and in their future with all our might. Peachland has been hard hit this year by frost and has suffered in preceding years while blazing out the path to commercial prosperity in the fine fruit business, but no one

who knows the splendid pluck of Peachland people and who has cast an eye over their magnificent orchards, can doubt for a moment what the future has in store for them. That this is their own belief also may be inferred from the fact that they have recently authorized their enterprising council to go ahead with electric-light, roads and fire protection schemes.

Summerland has also been moving apace. Public school privileges have been extended; Okanagan College finds it imperative to erect a ladies' building to meet its rapidly increasing patronage; roads have been shaled, gravelled and extended in every direction; new places of business have been added to the directory and a number of very handsome residences have been erected in various parts of the municipality. And were it not that a thing unprecedented, a late spring frost, destroyed many of our peach blossoms, we have reason to believe that a large cannery would now be doing business on the water front. Real estate has been moving with reasonable freedom and the indications that the Crow's Nest Pass road, the short line of the C.P.R. will pass through the heart of Summerland, have become steadily stronger.

On the bright future of Naramata we remarked at length last week. Thus it will be seen that our first birthday is made brighter by the fact that our immediate friends have been progressing too. "Happiness was born a twin." May each succeeding year be larger, fuller, grander than the last, till wealth, leisure, culture and common sense shall have rounded us all out and polished us off to the limit of our possibilities.

### RIFLE ASSOCIATION.

On Saturday last, the first of the series of shoots for the Dominion Salver took place on the range. Sixteen members were present and the leading scores were as follows:

	200	500	600	Total
F. Munro	27	32	33	92
H. Dunsdon	31	28	29	88
J. Dunsdon	30	32	26	88
M. Steuart	31	32	25	88
O. Smith	32	32	24	88
B. Steuart	29	31	21	81
V. Taylor	26	26	28	80

Half a ton of apples, peaches and apricots were shipped to prairie points on Tuesday's boat, the largest consignment of the season from local shippers.

### COUNCIL MEETING.

There was a full representation of the municipal council at the regular monthly meeting which was held on Monday last.

Communications were received from Messrs, Billings & Cochrane re Domestic Water by-law and by-law re the Lake Shore Telephone Company's franchise; the department of Agriculture with reference to the visit of Major Shepherd to the province to lecture on road making; Summerland Board of Trade re domestic water supply urging the municipal council to have the same put in at once; department of public works, Ottawa, acknowledging receipt of communication of council, protesting against the suspension of dredging operations in the river at Penticton and stating that orders had been given to at once resume operations; Provincial Constable Tooth re lake shore squatter; W. A. Doyle, re want of a culvert across road on east side of his lot and from J. A. Kirk re his account for surveying the gulch road in lot 508.

Ritchie—Thomson—That plan of subdivision of block 5, lot 455; block 1, 58 and 61 in lot 3640; block 15 in lot 479 and block 2 in lot 2-508 be and are hereby approved of by the council.—Carried.

The Finance committee reported, recommended payment of the following accounts:

G. Morgan, Gulch rd., Cont., 40	\$ 50.00
Summerland Drug Co., stationery,	7.55
Summerland Development Co.,	18.60
Summerland Fruit Co.,	75

Geo. Campbell, work on roads	25.50
W. Woods, “ “	5.00
A. Beech, “ “	5.00
	<b>\$807.60</b>

The report was adopted, and the council adjourned.

D. F. McKaig, of North Yakima, who has spent several weeks in town looking up the prospects for the establishment of a branch for the manufacture of the famous "Rex" spray in the city, has been most successful in interesting local capital in the concern and has left to make arrangements for the incorporation of a company to manufacture the spray. Mr. A. P. McKenzie will have the management of the concern for the present.—Okanagan.

**:: Naramata Notes ::**

Last Friday evening the Entertainers put on their musical and vaudeville entertainment. The show was a huge success and it would not be too much to say that some members of the company could rival the average professional. On the programme which consisted of 15 numbers, there was not a weak selection, as each item received an enthusiastic encore.

Mrs. A. Tovel and Mr. Fred Manchester made a special hit in their duet "Tell me Dusky Maiden" while the closing piece, the "Arab Love Song." Mr. Manchester and chorus showed both soloist and chorus off to advantage and proved a spectacular finish to one of Naramata's finest concerts.

Throughtout, the company was dressed in brilliant Oriental costumes which lent color and added much to the effectiveness of the concert. Much credit is due to Mrs. A. L. Gillespie for the way in which she trained the company and directed the entertainment.

Mrs. George Gray, of Summerland came over to Naramata on Wednesday to visit Mrs. A. T. Robinson in their camp for a few days.

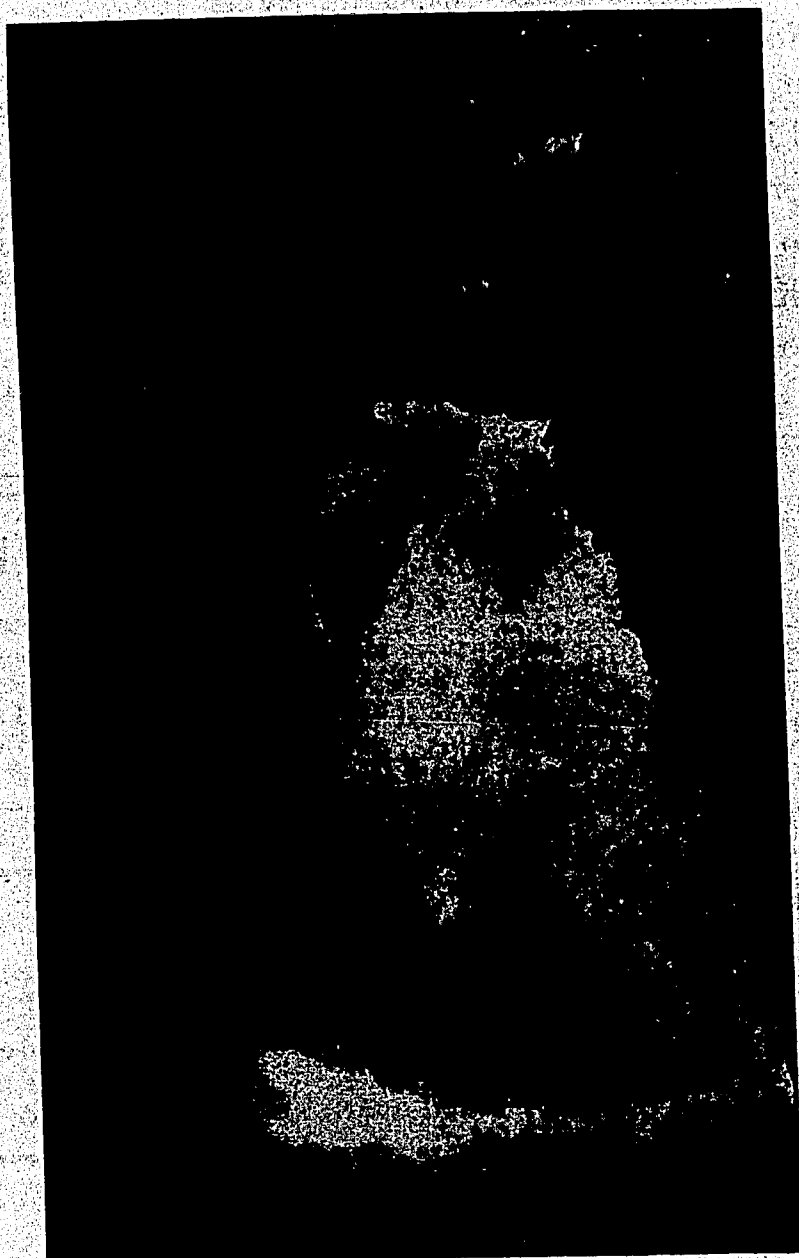

For the past few days Mrs. George Williams of Summerland has been visiting Mr. and Mrs. Jas. Williams.

On Thursday Mr. J. M. Robinson, family and friends left on a houseboat trip to the Landing. They expect to be away for 10 days and on the way back will take in the Kelowna regatta.

A large party of Naramata people went across the lake to Summerland on Tuesday evening to attend the "At Home" given by the Orphans of Summerland. The Naramata people thoroughly enjoyed the function.

Miss Alice Kennedy of Keremeos is visiting her college friend, Miss Gwen. Robinson. She was met at Penticton by the "Naramata" on Wednesday evening.

On Thursday afternoon a baseball game of a decidedly good brand was played on the diamond on the sports ground. Nine innings were played and the seniors won out by the narrow margin of 6-4. The Seniors were represented by Glennie and Baker battery, Blewitt, McIntyre, Borten, Conway, Walker, Robinson, Grieve. Juniors—Manchester and Clouston battery, Prentis, Manuel, Woods, Tingley, C. Phinney, N. Phinney.

## Local Happenings.

The Maud Moore will make a special trip to Kelowna on the second day of the regatta, Aug., 12.

Mr. Jas. Ritchie returned from Kaleden on Monday, attended council and left for Vernon on business on Tuesday.

Rev. G. J. Coulter Whyte has temporarily assumed the management of the Garnet Valley Lumber yard on the Flat.

Mr. R. W. Derrick sang a solo in the Methodist church on Sunday night to a large congregation, which was very much enjoyed.

Reeve R. H. Agur left on Thursday morning for the coast and will take in the big Irrigation convention at Spokane, Wash., before returning.

Miss Zella M. Collins who has been visiting Naramata friends, left on Wednesday morning for Kelowna, from thence will continue her journey to the coast.

Mr. and Mrs. S. K. Balfour of Hamilton Ontario, were guests at the hotel this week. They visited their friend Mr. Zimmerman of Trout Creek, during their stay.

Rev. D. E. Hatt arrived in town on Tuesday evening and took a trip out to Kaleden on Wednesday in company with Rev. Mr. Reed of Lethbridge, Dr. Sawyer and others.

The Fruit Company expects that fruit packing will be in full swing next week, and plans are already laid for the reopening of that department for the business of the season.

C. Main who has been visiting at Kelowna for some time, was a visitor in Summerland this week. He is the owner of considerable property in the valley and may make his home in the district.

Naramata artists are planning to give a baseball benefit in Empire hall in the not distant future. The reputation of the artists is so great and the object so popular that a bumper house is assured.

Prof. J. M. Palmer M.A., principal of Mount Allison male college of Sackville, N. B., arrived in town on Monday evening's boat and was the guest of Dr. and Mrs. Lipsett. During the evening a number of old Sackville friends dropped in and a regular old times re-union was held. Prof. Palmer continued his journey to Seattle and other Sound cities on Tuesday morning.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**  
If it does write us and we will only be too glad to give you all the desired information

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

## ODE TO THE LAKE.

BY A. E. BLOOMFIELD.

Lake, lake, O glorious lake,  
As onward your course you silently take,  
Whence comest thou and where do you go?  
I would like to find your course I trow.  
Your placid bosom reflects yon mount,  
And the water within you's clear as a fount,  
I can see the fish in your depth quite plain,  
As they swim here there, and back again.  
As yonder steamer wends its way,  
It churns you into foam and spray,  
And smaller craft upon you ride,  
Making their way to the other side.  
Methinks you could tell many a tale,  
Of Indian wars that did prevail,  
Before white man looked on your crest;  
Before his boats disturbed your rest.  
Full many a terrible Indian war,  
You've looked upon in days of yore.  
Full many an Indian warrior brave,  
Your dark blue depth has made his grave.  
But mighty lake wend on your way;  
I'll not disturb your rippling lay.  
I can only hope for you the best,  
That God can send to make you blest.

## ANENT AUTOMOBILES.

On the front page will be observed a request to drivers, by the municipal council, which it will be well to emphasize.

The object of the request is to protect the travelling public from danger of accidents which might occur should automobiles or other equine terrors be travelling to and from town. Should the wish of the council be complied with, the precipitous road to and from town will lose its terrors, as an automobile must then either be running along in front or chugging up behind and in either case there will be no danger of a horse or horses trying to turn around and strike off in the opposite direction, leaving vehicle and passengers behind.

Automobiles are bound to come—we would all have them if we could afford it and the sooner the horses of the district become accustomed to them the better.

All that is necessary is a modicum of common sense on the part of the automobilist and a firm hand and steady nerve on the part of the driver. When horses once become convinced that the auto intends to do them no injury, everything will be lovely. The only difficulty is, that some horses like some men, need a pile of convincing.

## AMONG THE CHURCHES.

Prayer meeting in church Wednesday at 7:30 p.m. Empire hall, Friday, 7:30 p.m.

REV. H. G. ESTABROOK, B. A., Pastor.

## KELOWNA S. S. PICNIC.

On Thursday morning a merry crowd of youngsters, representing the various Sunday schools of Kelowna, with their teachers, parents, guardians and friends, 350 strong, came down from Kelowna on board the Aberdeen and a large barge and picniced at the Athletic grounds at Bulyea point.

Swings were put up and every preparation made for a good time, and judging from appearances, no one was disappointed. The visitors themselves were loud in their praise of the grounds as a picnic resort, and there is no doubt but that as the days go by, the grounds which are so admirably suited to the purpose will become increasingly popular with both residents and people from outside points.

Hon. John Dryden, minister of Agriculture in three successive governments, those of Sir Oliver Mowatt and Hon. Mr. Ross, died on Thursday evening, July 29, at his home in Toronto. Anaemia was the cause of death. Victoria Times.

SUMMERLAND, B.C.

Hon. Jos. Martin of pugilistic fame is still looking for political honors in England and has been given the Liberal nomination for East St. Pancras in London.

It is reported that settlers at Notch Hill, who have been on land there for years, have been told that their homesteads for which they have no entry, are liable to be cut down to only 40 acres each, and they are getting up a petition asking that this be not done.—Salmon Arm Observer.

The suggestion to commemorate in a suitable manner the anniversary of the beginning of the hundred years of peace be-

tween Canada and the United States, took another step forward when the Queen Victoria park commissioners encouraged the idea and resolved to press the matter forward. A commemorative arch to span the Niagara river nearer the falls than the present bridge, is the form which the majority of people along both sides of the frontier would like the memorial to take, and the commissioners are understood to favor the suggestion.. Funds collected from both countries would pay for the erection and endowment of the bridge, so that it would be free to the people of both nations as long as it stood. Times.

## ELEVEN PERISH IN VERNON FIRE

**OKANAGAN HOTEL ABLAZE AT TWO IN THE MORNING.**

**Firemen on Scene in Few Minutes to Find Building a Mass of Flames---All Avenues of Escape cut off---Eight in the Hospital.**

One of the most appalling disasters in the history, not only of the Okanagan Valley, but of the west, occurred in Vernon on Tuesday morning last when the Okanagan hotel, a large brick veneer structure in the heart of the city was burned to the ground, and with it twelve of the inmates perished. Eight others were more or less severely burned and are in the hospital.

The fire was discovered by a policeman about 2 a.m. The alarm was immediately turned in and a few minutes only elapsed before the brigade was on hand, but by that time the building was a seething mass of flames and every means of egress was closed to those within.

The task of searching for the remains was a gruesome one, and the ten bodies recovered were too charred to be recognizable.

The dead are Wilbur Smith, J. J. Funston, James Anderson, J. Fuerst, G. Jarratt, G. McKay, G. Settgest, J. Chatbee, a Bohemian, and a man named Hickling. The latter lost his life in an attempt to save one of the domestics, after having saved Miss Sigalet, the daughter of one of the proprietors.

The premises of the Royal Bank of Canada, P. Burns & Co., Morris drugstore and F. A. Lorange's real estate office were considerably damaged.

The hotel belonged to Sigalet & Albert and the loss is about \$25,000 with \$10,000 insurance.

The work of supplanting the Hindus at the Fraser river mills with French Canadians is to start this month. Twenty families will be included in the first arrivals and they will be housed in buildings put up by the Fraser River Mills company for its employees.—New Westminster News.

## CUSTOMS OFFICE IN SUMMERLAND

**ANOTHER FORWARD STEP RECORDED IN HISTORY OF DISTRICT.**

**Now no Longer Necessary to Send to Vernon for Dutiable Postal Parcels—Postmaster Hayes Receives Appointment of Customs Officer.**

The information that Summerland now has a postal customs department, will be welcome tidings to all who have business dealings outside of Canada's borders.

On Monday last in accordance with instructions received from Victoria, Postmaster Hayes became responsible for the handling of dutiable postal parcels for the Summerland district and formally opened a postal customs department.

Hitherto all dutiable goods have been held up at Vernon and over an article valued at only a few dollars, on occasions reams of correspondence has been entailed. Such occurrences are now a thing of the past and such business can be transacted first hand.

In a larger sense also, the installation of a customs office is gratifying as it emphasizes the fact that Summerland has now safely weathered the experimental stage and has reached a status of importance seldom attained at such an early stage in the history of a district.

Within the past few months it has been necessary to more than double the accommodation for handling freight at the C.P.R. freight sheds and a vast amount of time and correspondence is lost in writing and re-writing about dutiable express and freight and it is sincerely hoped that the next important step will very shortly be taken—that of providing a general customs office for the clearing of all classes of dutiable goods in Summerland.

Only those who are actively engaged in the handling of goods from foreign countries realize just how much of a time and labor saver such an office would be, and just how much it is to be desired.

The Summerland Fruit Company is opening up a branch of its business in connection with the Garnett Valley lumber yard on the Flat.

## FRUIT THIEVES GETTING BUSY

**NIGHT PROWLERS ARE RELIEVING FRUIT TREES OF BURDENS.**

**Council May Offer Reward of \$100 for Capture of Vandals---High Time for Growers to Plan for Mutual Protection.**

Fruit thieves are getting in their work in the district. Residents are waking up in the mornings to find their fruit trees relieved of their burdens and no sign of a message to say where it has gone or who has taken it.

According to reports all sections of the district are being touched and it is high time that definite action be taken to put a sudden check on the depredators.

It is understood that the council will set the ball rolling with an offer of \$100 for information leading to the conviction of the thieves. So far as can be ascertained none of the stolen fruit is being sold locally or shipped out of the district. That being the case, the victims may make startling discoveries by getting out a few search warrants and going through the cupboards and cellars of suspects.

Fruit stealing in a district such as this comes under the same category as cattle and sheep stealing in stock raising districts or shop lifting in the business sections. The fruit is the stock in trade of the grower and every pailful of fruit stolen means just that much reduction of his income.

If growers would come together and discuss the matter, without doubt steps could be taken and plans laid to put an effectual stop to the nuisance.

The new chemical engine for fire protection purposes, arrived in Salmon Arm on Sunday and was unloaded and given a test by a representative of the company from which it was purchased. Those present claim that the showing made was very satisfactory indeed. A huge bonfire of boxes was made in the lane at the rear of the Alexandra hotel, and was quickly extinguished.—Observer.

The Holy Ghost society of Maine assert positively that the world will come to an end on the 15th of next September.—Times.

**Local News Items.**

Mrs. W. H. Garnett of Garnett Valley, will shortly leave for the coast where she expects to make her home. She is selling her household goods by public auction on the 28th inst.

Miss Davie and Miss Wing, the former a sister of Mrs. Cartwright, who have been visiting at Col. Cartwright's, left on Tuesday morning for Seattle. Miss Vida Cartwright accompanied them.

Mrs. H. Elsey of Pilot Mound, Man., is spending a few days in the district visiting friends. It is probable that she will shortly in company with Mr. Elsey and family, make her home in Summerland.

On Monday last the Seetsum, owned by Lear of Penticton, sailed past on the way to compete in the yacht races at Kelowna. During the day Ed. Sawyer left with the Spider and the Agurs with the Onaway, with the same object in view.

To avoid delay of steamer at the wharf and also the crush at the ticket office, the tickets for Naramata regatta may be purchased the day before or the morning of the regatta, at a cost of 15c return, children half price.

A lecture on horticulture will be delivered in Empire Hall on Tuesday evening Aug. 28th at 8 o'clock, by Professor John Craig of Cornell University. This is one of a series of lectures being delivered in the west by Professor Craig and it is hoped that as many as possible will arrange to be present, as none are better qualified to speak on the theme than the lecturer.

Mr. C. Quipp of Vancouver with Mrs. Quipp and daughter are among the most recent arrivals to be enrolled as residents of the district. Mr. Quipp has purchased ten acres of unimproved land from Mr. Jas. White in the Trout Creek district and has gone into camp there with his family. Mr. Quipp proposes going ahead with the improving of the property.

Mr. T. Marsham who purchased E. E. Chapman's property near the Baptist church last week, sold again this week at an advance of a thousand dollars on the purchase price. The purchaser is Mr. W. S. McGee who bought the Marsham's pre-emption some months ago, and Mr. Marsham's acre lot and dwelling house in Prairie Valley. Mr. and Mrs. McGee will reside on the latter property.

**Regatta No. Three**

of the 1909 Series will be held at

**NARAMATA**

Under the Auspices of the Naramata Amateur Athletic and Aquatic Association, on

**THURSDAY AUG. 26,**

**Commencing with a Band Concert from 1-30 to 2-0**

Given by the Summerland Brass and Reed Band

The great success of the last regatta has spurred the management to greater efforts and everything points to one of the most exciting and spectacular events of the season. Arrangements for handling the crowd are greatly improved, the capacity of the grandstand has been nearly doubled and the arrangements are complete in every way for providing the brightest and snappiest five hours sport ever offered the public in the Okanagan. On the enlarged grandstand there are 20 boxes, seating 8 persons each. Box seats 50c., full box, \$3. Grand stand seats 25c. Those desiring boxes should file applications early with Mr. Geo. Wolstencroft, Naramata.

The following is a List of Events for which valuable prizes will be offered:

**Sailing : Race : Handicap**

Mens Double Sculls Greasy Pole

**War Canoe Race, 15 Paddles**

For the Robinson Cup and Medals

Mixed Double Sculls Single Canoe Race

SWIMMING AND DIVING

**Junior War Canoe Race**

9 Paddles, Boys under 20 for Price Ellison Silver Medals. This is the Final Race for these Medals

Mixed Double Canoe Race

Men's Double Canoe Race

**Senior War Canoe Race**

9 Paddles For S. C. Smith Lumber Co. Silver Medals

**BASEBALL MATCH:**

**Kelowna Summerland**

For the Price Ellison Cup. This promises to be the most exciting baseball match of the season. Each club stands with one game to its credit. The winner of this match takes Mr. Ellison's beautiful trophy.

Arrangements have been made for the S. S. Aberdeen to leave Kelowna at 12-15, calling at Peachland and Summerland. Returning, will leave Naramata at 8-30 p.m.

Kelowna	-	\$1.30 return	Children
Peachland	-	\$1.00 "	half
Summerland	-	.15 "	price

Souvenir Programs containing a sketch of Naramata as a Summer Resort by Rev. A. T. Robinson, M.A., a poem "Naramata" by Mrs. Anna L. Gillespie, cuts showing the opening ceremony by His Honor Dr. G. H. Bulyea and Premier McBride; also the chief races start and finish, in the last regatta, together with the program of the three regattas of the series will be on sale at ten cents each.

SUMMERLAND B.C.

Improved Fruit Lots a Speciality.

The Katalla Herald, a newsy little sheet published in the heart of Alaska, has ceased to be, after running for two years. Its obituary notice appeared in the issue of July 24th. No reason is given for closing shop and the editor thanks all for loyal support.

**Local Happenings.**

Mrs. R. J. Falcon rejoined Mr. Falcon here on Tuesday last after a lengthy visit in England.

R. P. Thomson of Montreal, is a guest at the hotel and is writing up the district in the interest of an eastern magazine.

R. R. Brown of Winnipeg, Adj. of the 90th regiment and well known in the prairie capital, spent a few days in town this week.

The framework of Dr. McIntyre's handsome residence on the Flat is about completed and work has been commenced on the interior.

Mr and Mrs. B. H. Sherk reached home on Thursday morning after a few weeks visit on the prairies. They returned by the Crow's Nest branch.

To meet the increasing demand for building material, the Richardson Lumber Co. are bringing their saw mill five miles nearer town right in the centre of one of their timber limits.

On Sunday evening Rev. R. J. McIntyre will preach on "Woman's Sphere and Influence." All gentlemen attending the service are requested to wear a flower out of respect for the ladies.

Mr. and Mrs. James Ritchie returned home early in the week from Kaleden where they have been camping. Mrs. Ritchie returned there on Tuesday evening and will entertain Mrs. G. H. V. Bulyea and other friends there next week. Mr. Ritchie went to Vernon on business on Wednesday.

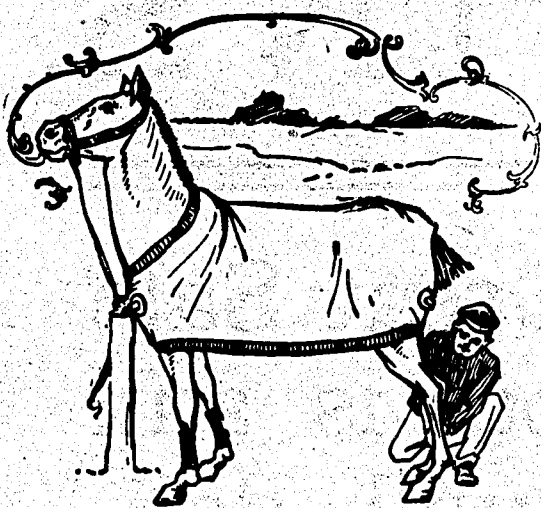

The large cut glass salver and pendant presented by Col. Cartwright for competition by the local rifle club, are on exhibition in the Supply Company's window. The distances were 200, 500 and 600 yards. The first prize was won by V. Taylor and the latter by O. Smith. Basil Steuart came a close third.

Mr. J. D. Harrison of Nictaux, in the Annapolis Valley, N. S., accompanied by his mother and sister spent a few days here this week. Mr. Harrison is an expert on the fruit question and was for many years in that business in the East Indies and has for the last five or six years been fruit growing in the choicest section of Nova Scotia. Mr. Harrison is greatly pleased with the Okanagan and may return here to make his home after taking a trip through the fruit growing sections of the coast.

## Provincial and General

It is stated that the Italian government, through its ambassador at London, will shortly enter into negotiations having as their object the conclusion of a commercial treaty with Canada.—Province.

Revelstoke Board of Trade is erecting a publicity building near the C.P.R. station. Photographs and products of the district will be on exhibition.

Mrs. and Miss Logan of Amherst, N. S. were the guests of Miss Grace Estabrook a few days ago. Miss Logan is an old college chum of Miss Estabrook's and at the present time holds the position of instructor of nursing in one of the institutions of New York city.

London, Aug. 10---A final effort was begun on Saturday by Indian sympathizers to prevent the execution of Nadar Lal Dhingra, convicted of the murder of Sir William Curzon Wylie and Dr. Cawas Lalacca at the Imperial institute on the night of July 1. There is little chance of the attempt succeeding. Dhingra himself hopes that the effort on his behalf will fail. He is both a fatalist and a fanatic.

The festive sockeyes are swarming up the Fraser river so thickly that fishing boats are swamping. Six hundred to the boat has been the average.

### STRATHCONA MAY RESIGN.

There is every reason to believe that Lord Strathcona will insist upon retiring as High Commissioner in London for Canada. His Lordship is now in his 89th year, and succeeded Sir Chas. Tupper as High Commissioner in 1896. There are of course rumors current as to Sir Wilfrid Laurier going to London, but apart from that the names most prominently mentioned in succession to Lord Strathcona include those of Sir Hugh Montague Allan, of the Allan Steamship Line and Sir Edward Clouston, Bart., Vice President and General Manager of the Bank of Montreal.

Cricketers are urged to turn out to practice as several matches are in sight.

The Maud Moore made a special trip to Kelowna on Wednesday last with Major and Mrs. Hutton and party.

**News from Peachland**

Mr. J. Tooth, real estate agent of Kelowna, was in town Tuesday evening.

Miss Rita Huston is spending a few days with friends in Kelowna.

Mrs. T. N. Ritchie is enjoying a trip to Kaleden this week.

In the absence of Rev. J. T. Jones, the Rev. Mr. Reed of Lethbridge, occupied the Baptist pulpit on Sunday.

Mr. William Logan left last week for a few weeks holiday among friends in the east.

Mr. and Mrs. Sid E. Lang left Thursday morning for their home in Winnipeg, where Mr. Lang resumes his work in the provincial normal school, in a few days.

A good many Peachland people are taking in the Kelowna regatta. The war canoe went up on Thursday. The boys have done considerable practising and have had but one upset so far. However, as the rule is, only swimmers need apply all got safely to shore.

Mr. John McLoughlin has so far recovered from his accident of last week as to be able to go home Tuesday afternoon, and although still suffering considerably is well on the road to recovery from all except the broken arm, that will take some time to mend.

The Okanagan Fruit and Produce company has rented McColl & Freele's warehouse and is now buying all kinds of fruit offered. Mr. H. Hardy is head packer and is busy preparing, early apples and tomatoes are coming in quite plentifully, Draight Bros., so far furnishing the largest shipments.

Speaking of tomatoes though, if you want to see a crop, visit Mr. Geo. Mitchell's patch. Some of the rows look as though some one had emptied a basketful or two on each vine, and such vines! Mr. Mitchell certainly has the promise of the best crop ever seen in Peachland.

Real estate has been booming the past week. Mr. Geo. Needham sold his two lots just out of town to Mr. T. N. Ritchie. There Mr Ritchie will in the near future build a fine residence. Dr. Crompton bought the piece of land adjoining Mr. Needham's and owns now the small village of four cottages. And the last deal was the sale of an acre by C. G. Elliott to Mr. Oliver Keating. This acre lies next the recreation ground and takes the house and stable.

Mr. and Mrs. W. A. Lang left for Seattle last Saturday. While in Victoria Mr. Lang interviewed the government concerning a High School and a telegram received last evening announced that the establishment of one had been authorized by the government. While away Mr. Lang will also look up the prices of electrical supplies for the new electric light system to be established.

Work has started on the Lake shore road this week and Mr. Jas. Michael has a large gang of men and teams clearing a road along the lake shore from the recreation grounds northward, for it is the intention to follow the lake shore as far as the wharf on the north side of Trepannier Creek, also past the part familiarly known as "The Bump" a lake road will be made, and from there to the mill. This will give nearly four miles of a lake shore drive on the level and will be a very pretty drive, as well as miss several bad grades of the old roadway.

**WATER NOTICE.**

NOTICE is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a licence in the Osoyoos Division of Yale District.

- (a) The name, address and occupation of the applicant is Henry Vivian Ackland of Summerland, B.C., rancher.
- (b) The name of the lake, stream or source is a spring situated near the north-west corner of lot 2894, in a south-easterly direction therefrom.
- (c) The point of diversion is at the spring.
- (d) The quantity of water applied for is one half cubic foot per second.
- (e) The character of the proposed works is a small reservoir ditch and flume.
- (f) The premises on which the water is to be used is H. V. Ackland's pre-emption, No. 3957.
- (g) The purposes for which the water is to be used is domestic.
- (j) Area of Crown land intended to be occupied by the proposed works: None.
- (k) This notice was posted on the 24th day of July, 1909, and application will be made to the Commissioner on the 24th day of Aug, 1909.
- (l) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet: The Summerland Fruit Co., Ltd., Summerland, B. C., owners of lot 2894.  
H. VIVIAN ACKLAND.

### REDEEM THE WILDERNESS.

A matter which must sooner or later be faced by the government is that of the idle Indian reserves which bar the progress of civilization in the choicest sections of this province.

Whoever selected the land now held by the aborigines was a wise man in his day and generation. He had an eye in his head. The very heart of the agricultural and pastoral lands of the province has gone to the dusky tribes as a result of his sagacity.

With that we have no quarrel. There surely could be none on earth with better titles to the land than they who from time immemorial had roamed over it. The least the white man could do in taking possession of his wilds was to allow the poor Indian a decent place in which to sequester himself, and it would ill become us or anyone else to begrudge him his dole of land for that purpose.

When, however, the red man refuses to move on; when the lands he holds are held to no good purpose, but are rather held to the prejudice of the interest of the world at large, then the aspect of the case changes and those considerations which formerly upheld him lose their force. Nature knows no exceptions. Every man must either use or lose. "From him that hath not shall be taken away even that which he seemeth to have." Outside of us is a great force making for the progress of the race. Woe unto that man or that nation which would ignore or defy it. Spanish misrule and Boer exclusiveness may shriek of natural and inalienable rights, but the fact is, no man or nation has any rights contravening the general march towards that

"One far off, divine event,  
Towards which the whole creation moves."

And so it comes that the aborigine must adapt himself to the new environment and keep somewhere in the procession or it will roll over him without even so much as a look back to see what has become of his remains.

Now it is evident the Indians of this valley don't care a picayune about the procession. At Penticton, at Westbank and elsewhere they have thousands of acres of choicest land devoted to the culture of a few scrub cayuses. So far as we are aware they make no pretense of stock raising, still less do they pretend to till the soil. They toil not neither do they spin, tho that perhaps is none of our business; but what does seem to be our business is that they hinder our growth when they neither use these lands themselves nor allow others to use them. Lands capable of ministering mightily to the life of the world.

Property rights are sacred, and we respect them; but for all that, railways may be run through our own houses and over our own grave yards since the good of the whole is more than the good of the part.

To deprive the Indians of their lands without just compensation would be criminal; yet since they have neither the brains nor the means to develop what they possess, why should not others be allowed to do it for them? If every Indian had ten acres under irrigation, with perhaps something by way of cash compensation besides, he would really be far better off than he is now with a simple community interest in a larger area of sage brush. He might even get a powerful impetus towards horticulture—which after all is his manifest destiny if he remains among us. If he should not remain, doubtless an exchange of lands could be arranged.

But whether by purchase, and small allotments, or by exchange of reserves for land more removed from our foetid civilization, something should be done towards redeeming the wilderness that is fast becoming an eyesore among the blossoming orchards of the Okanagan valley.

The Dominion government has lately taken over 10,000 acres of reserve land near Ponoka for settlement; it has found a way to do similarly, at Prince Rupert, and we do not see why it should not do so again in this valley. So far as we know the Indian has lost nothing by the transfer of Siwash flat some years

ago, while the province at large has manifestly gained as well as the municipality of Summerland.

### AFTER INDIAN LANDS.

Spokane, Aug. 9—Swarming around the net-covered cage at Cœur d'Alene, Idaho, hundreds of eager men and women waited this morning for little Helen Hamilton's eyes to be blindfolded that she might plunge her hands into a heap of 105,000 envelopes and draw out the name of the man who had won the right to first choice of all the 1500 homesteads and timber claims on the Cœur d'Alene Indian reservation.

At Spokane 30 miles away, other anxious and excited crowds surged around bulletin boards or snapped up extras giving the names of the winners.

On Thursday the drawing will be repeated in Montana's great Flathead Indian reserve. Though not one in thirty of those who have applied for Cœur d'Alene lands can secure a homestead, some rich prizes are to be distributed among those whose names are first to appear.

### AMONG THE CHURCHES.

E. E. Samson was a passenger to Kelowna on Wednesday.

On Thursday afternoon the last home championship baseball game between Kelowna and Summerland will be played at 4 p.m. at Bulyea Point. Come and cheer the boys to victory.

Miss Wilson who is at present at Hedley, has received the appointment of matron of the Summerland Hospital and will assume charge on Sept. 1st. Next week the hospital will be closed until the end of the month for renovation.

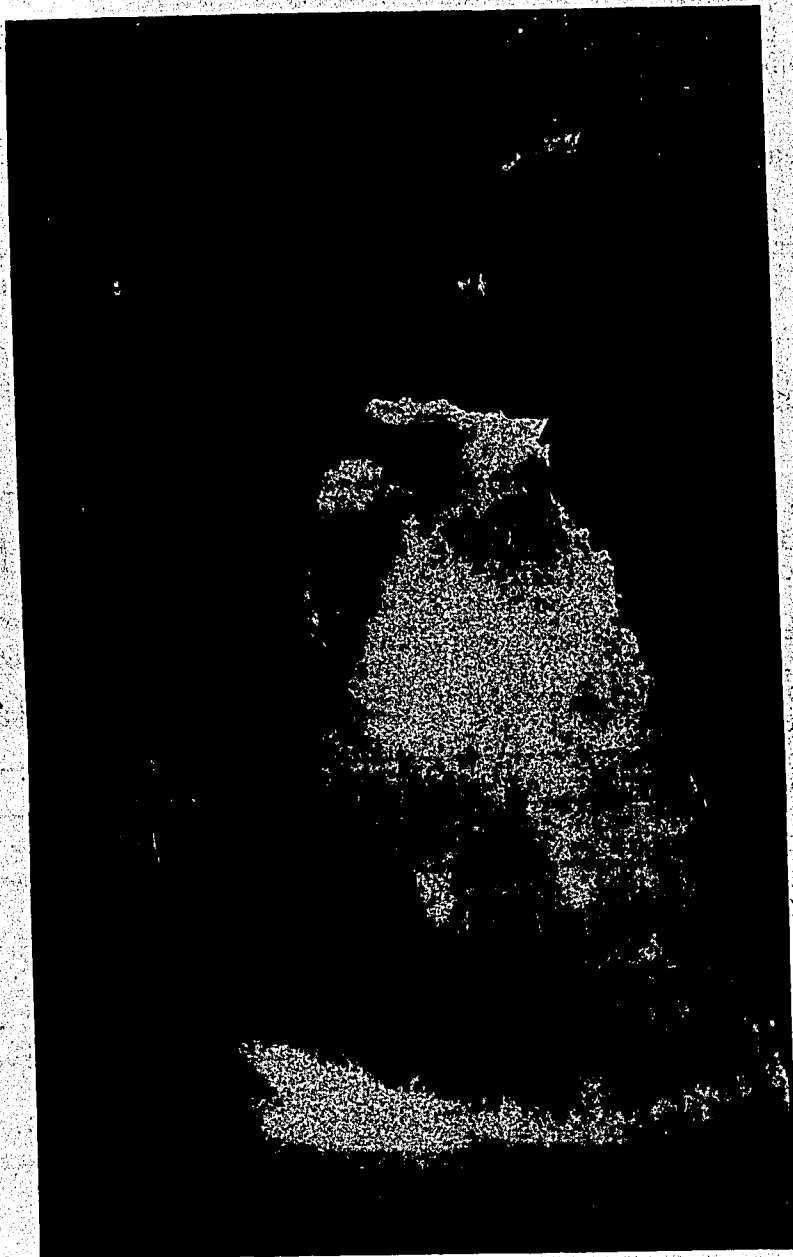

J. C. S. Bennett, official C.P.R. photographer spent a few days in the district this week and took a number of views of the district which will later be used in C.P.R. advertising matter. The presence of the photographer doubtless arose from the vigorous kick made by the Summerland Board of Trade, on account of Summerland not being mentioned on the last map issued. Hereafter the Pearl of the Okanagan Valley will doubtless receive the acknowledgment due her.

The next big event in the entertainment line will be the vaudeville programme by the Naramata artists who gave such an enjoyable evening in the Naramata opera house recently. The Naramata people have already established a reputation as entertainers and the offer of their services for a baseball benefit is greatly appreciated and it is fully expected that Summerlanders will be patriotic enough and appreciative enough to give them a capacity house. Even then they need not pat themselves on the back for being patriotic, as they will get more than the worth of their money.

### AT THE TENNIS COURT.

The Summerland tennis club played at Mission on Friday last and came out victorious. One of the usual players was absent but Mrs. May made an admirable substitute. Of the seven events Summerland won five.

On Thursday afternoon the Vernon tennis players were defeated by the locals on the home courts in Prairie Valley. Messrs. Dodwell and Plant; Theed and May; Fosberry and Faulder represented Summerland and of the nine games, the locals won seven.

## KELOWNA REGATTA.

### Excellent Sport at Orchard City--Summerland Captures Fair share of Prizes.

Those who attended the big regatta at Kelowna returned with stories of a good time and enough excitement to carry them safely through until the great day at Naramata. Summerland athletes acquitted themselves very creditably and captured a large number of prizes.

The senior war canoe race was as usual the event of the day and was a strenuous test of skill and endurance. Naramata and Peachland were sadly outdistanced and did not attempt to finish. Kelowna and Summerland were see-sawing from start to finish, sometimes one, sometimes the other having an advantage. A little extra spurt near the goal landed Kelowna in a few feet ahead. Summerland boys did nobly and greatly surprised their opponents who expected a walk over. They had a right to expect to win as they have been practising hard. With a win each for Kelowna and Summerland, the final race at Naramata at the next regatta should be a hair-raiser.

Some of the Summerland winners were:

Mens single canoe—1. Walker, 2. Robinson; double canoe—1. Walker and Robinson; 2. Nicholl and Tait.

Agur's Onaway won the yacht race, the Seetsum, owned by Lear of Penticton came in 2nd.

G. Gartrell won second place in the motor race in spite of being handicapped several minutes over the winning boat.

Mixed double canoe—1. Miss Robinson, W. Nicholl; mens double sculls—2. Agur brothers. Kelowna took the junior war canoe race by default.

The baseball game, Summerland vs Kelowna was all Summerland the score being 12-3 in favor of the visitors. The win also made Summerland league champions for the third time.

The Kelownas were minus Eastman, but Tredgold pitched a good game. For Summerland, Hancock and Baker made a good battery. McIntyre made a couple of brilliant line drive catches which evoked considerable applause.

The usual teams played and Kelowna's popular "Red" impartially umpired the game.

Score by innings—

Summerland 2-1-3-3-0-0-0-3-12.

Kelowna 2-0-0-0-1-0-0-0-3.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**

If it does write us and we will only be too glad to give you all the desired information

# The Summerland Review

## HORTICULTURAL LECTURER.

John Craig, professor of horticulture at Cornell university, a former Montrealler and for ten years horticulturist at the Dominion experimental farm at Ottawa is on his way westward says the Province. He is making a tour across the Dominion and will pay particular attention to the fruit growing districts of B. C., where at the instance of the Dominion deputy minister of agriculture, he will deliver eight or ten lectures on fruitgrowing.

Interviewed in Montreal Prof. Craig said he had not been in British Columbia for 10 years and he was anxious to witness the progress that was being made there, especially after seeing the very fine display of British Columbia fruit at the national apple show at Seattle last fall, at which he was a judge.

The production of fruit on this continent did not keep pace with the demand, said Professor Craig, and that meant steadily increased prices. The reason was that fruitgrowing is beset by more difficulties than it used to be. For that reason the battle is now to the strong. The great mass of fruit growers are still inert. They plant but do not cultivate, and consequently every year they will find it increasingly difficult to wake a living. Those who study scientific and commercial fruitgrowing are the only ones who can succeed in the future.

## LOCATES AT COAST.

### H. J. Spurr, Formerly of Summerland Secures Position in New Westminster.

The Daily News of New Westminster says: At a special meeting of the board of school trustees, another of the vacancies in the teaching staff of the New Westminster public schools was satisfactorily filled.

The appointment was that of H. J. Spurr, B. A., who on the opening of the coming term will probably take over one of the rooms at the Lord Kelvin school. Mr. Spurr is a B. A., of Wolfville, N. S., and has had considerable experience as a teacher. His last post was in Summerland, B. C.

SUMMERLAND, B.C.

The Northern Pacific railroad has sent a large force of firefighters as can be spared to Bonners Ferry to fight a forest fire which is said to be threatening the Kootenay forests. The reports received at the forestry headquarters at Missoula, Mont., say that the flames have assumed alarming proportions and that great damage will result if they are not checked quickly. Fires are also reported along Clark's Fork and Gold Creek, across the Idaho mountain line. The Idaho forestry department has asked for aid from the Montana side and men are being sent.—Victoria Times.

Manitoba has been visited by a series of

exceptionally severe thunder storms. Many people have been killed, buildings have been burned and crops destroyed.

Mr. J. S. Rear has returned from the Okanagan Valley, where he spent a week, several side trips being made through the valley from Vernon in Mr. Rear's automobile. The ranches of the valley never looked in better shape than at present declared Mr. Rear, and in that opinion he was heartily seconded by those who made the trip with him. The fruit production of the Okanagan will this season be the greatest since the development of its horticultural possibilities was undertaken.—Province.

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 2

SUMMERLAND, B.C., AUGUST 21, 1909

No. 55

## FRUIT PACKING IN FULL SWING

### SHIPMENT OF LOCAL FRUIT TO BE SENT TO TORONTO EXHIBITION.

Season Commences With Daily Shipment of a ton and a half of Peaches—Fruit of Excellent Quality—Apples will be Plentiful.

The fruit packing house beneath the Fruit company's store is a busy place these days and is getting busier every day.

Mr. W. Simpson has charge of the work and at the present time a ton and a half of peaches, or 150 boxes are being shipped out daily in addition to large shipments of tomatoes, apples, plums and other fruits.

Mr. Simpson has been requested by the government to pack from 25 to 50 lbs., of choice fruit to be shown at the big fruit exhibition soon to be held at Toronto.

The exhibit will shortly be forwarded as requested and it will be a surprise if further honors are not showered upon Summerland as a result.

Apples promise to be an exceedingly good crop this year and with a large number of young orchards coming into bearing a big pack is inevitable. The quality of the fruit is excellent and will grade uniformly high.

### LIKES SUMMERLAND.

#### Fruit Packing Expert Considers That the Okanagan Excels the Yakima District.

J. L. Berkley of Vernon was a visitor in town this week and spent a couple of days in the local fruit packing house. Mr. Berkley is the representative of the Okanagan Fruit Growers Union and it is his duty to visit the places where fruit packing is being carried on and to give expert instruction on fruit packing where necessary, to all putting up fruit for the Union.

Mr. Berkley was pleased to find that no instruction was necessary here, as Mr. Simpson is fully versed in the most up-to-date methods. He was greatly taken with Summerland and surprised at the immense acreage already under cultivation and the vast amount of irrigable land still unimproved below irrigation. He was through the Yakima country recently and states that this district will pack double the proportionate quantity of fruit packed through that section. Summerland will rank near the top in the quantity and quality of fruit packed. Mr. Berkley left for the south on Wednesday.

## VALUABLE FACTS FOR ORCHARDISTS

### ASSISTANT GOV'T FRUIT INSPECTOR GIVES USEFUL INFORMATION.

Gives List of Bulletins on Fruit, Vegetables, and Grass Culture, Pests, etc., and Sources from Which They are Obtainable.

In reply to a private communication asking as to the best method of procuring information on general horticulture, Mr. B. Hoy a graduate of the Guelph Agricultural college, who holds the position of assistant government fruit inspector under the local legislature, gives the following valuable information which will be of interest to all progressive fruit growers:

From Ontario Agricultural College, Guelph, Ont.

No. 136, Some Bacterial diseases of plants prevalent in Ontario.

No. 144, Apple culture.

No. 146, Uses of fruits, vegetables and honey.

No. 150, The common fungus and insect pests of growing vegetable crops.

No. 154, Insecticides and fungicides.

No. 555 Farm Forestry.

No. 158, Insects and fungus diseases affecting fruit trees. Revised Dec. 1907.

No. 164, Legume bacteria.

No. 171, Insects affecting vegetables and fungus diseases affecting vegetables.

From Washington Experimental station, Pullman, Wash.

Bulletin No. 25, Pruning orchard trees.

No. 47, The variegated cut worm.

No. 83, Some important plant diseases.

No. 87, Raspberries, blackberries and Logan berries.

No. 88, Lime as a fertilizer.

No. 76, The economical preparation of the sulphur lime spray.

From Oregon Agricultural college, Corvallis, Oregon.

No. 75, Insecticides and fungicides.

No. 105, Culture of small fruits.

No. 104, Pollination of the apple.

From Colorado Agricultural College, Fort Collins, Col.

No. 133, A few orchard plant lice.

No. 134, Orchard plant lice and their remedies.

No. 140, Strawberry growing in Colorado.

No. 139, Pruning mature fruit trees.

No. 138, Some bacterial diseases of plants.

## HOSPITAL AFFAIRS UNDER DEBATE

### BOARD MEETS AND LAYS WISE PLANS FOR THE FUTURE.

Competent Matron Engaged and will Assume Control First of the Month—Interior of Hospital to be Adorned and Facilities Added.

The regular monthly business meeting of the Summerland Hospital board was held on Tuesday afternoon, with the president Mr. W. J. Robinson in the chair. All but two members of the board were present at the meeting and the best kind of a spirit prevailed throughout the session. The great interest evinced in hospital affairs augurs well for the future and insures its permanency.

One of the chief matters before the board was that of appointing a competent matron to take charge on Sept. 1st. After much debate and enquiry, Miss Wilson, of Hedley, who is very highly recommended as a competent nurse and a lady of wide experience was appointed matron.

The salary decided upon was \$60.00 per month, her retaining the position to be governed by her competency. It was decided to engage a general servant to assist in the work of the hospital.

The accounts presented by the Summerland Supply company were referred to the Ladies' Auxiliary.

The treasurer was authorized to pay an account of \$213.40, being the balance due upon hospital equipment.

The tender of W. Atkinson for kalsominizing the hospital was accepted on condition that the ladies of the Auxiliary are allowed the privilege of selecting tints and the work be concluded by Sept. 1st.

It was also decided to engage a competent book keeper to keep the hospital finances in proper shape and the treasurer was authorized to secure the necessary books.

A linen cupboard is to be secured and placed downstairs for general convenience.

Other conveniences of a minor but necessary character were also authorized by the board.

Some valuable information may also be received by writing to the Central experimental farm, Ottawa.

## Local Happenings.

Chief Engineer Cartwright of the C.P.R. spent a few days this week with his cousin Col. Cartwright.

Mr. S. Phipps, superintendent of motive power for the coast division of the C. P. R., accompanied by Mrs. Phipps, was a guest at the home of Mrs. R. M. Ross this week.

A ready made house was shipped into Summerland this week, accompanied by an expert to superintend its erection. Dr. Munro is the importer of the house, which will be erected on his property here.

Mr. W. R. Rodd, of Sackville, N. B., is the guest of his father-in-law, Mr. J. F. Faulkner. Mr. Rodd, who is a druggist by profession, attended the druggists convention at Banff, and later visited the A. Y. P.

Mark Manchester, accompanied by Jack Robinson, left on Thursday for the dam, 35 miles back at Trout Creek headwaters, for the purpose of releasing some of the stored up water into the mains. There is absolutely no possibility of Summerland orchardists ever being called upon to cry for water as the supply is practically unlimited.

Hon. F. T. Brentnall and his daughters Miss Brentnall and Mrs. Harris, all of Brisbane, Australia, are the guests of Rev. A. T. Robinson and Mrs. Robinson this week. The honorable gentleman is a leading statesman, journalist and financier of the Commonwealth. Though considerably past the three score and ten mark, he is still active in public affairs. Mrs. Harris is State president of the W. C. T. U.

A party of coons calling themselves the Harris Minstrels blew in from nowhere in particular on Tuesday last, and at noon paraded the streets making strange noises on various wind instruments, which was supposed to be music. They advertised an entertainment in the evening, to be followed by a dance—ladies free. As was expected not more than a score of people went to the show and they went out of curiosity, or under a misapprehension. To the honor of Summerland be it recorded that no one turned out to the dance. The people of the district are always ready for a good time and refined amusements, but it must be of that calibre and for the benefit of roving entertainers it may be said that none others need apply.

# Regatta No. Three

of the 1909 Series will be held at

## NARAMATA

Under the Auspices of the Naramata Amateur Athletic and Aquatic Association, on

**THURSDAY AUG. 26,**

**Commencing with a Band Concert from 1-30 to 2-0**

Given by the Summerland Brass and Reed Band

The great success of the last regatta has spurred the management to greater efforts and everything points to one of the most exciting and spectacular events of the season. Arrangements for handling the crowd are greatly improved, the capacity of the grandstand has been nearly doubled and the arrangements are complete in every way for providing the brightest and snappiest five hours sport ever offered the public in the Okanagan. On the enlarged grandstand there are 20 boxes, seating 8 persons each. Box seats 50c., full box, \$3. Grand stands 25c. Those desiring boxes should place applications early with Mr. Geo. Wolstencroft, Naramata.

The following is a List of Events for which valuable prizes will be offered:

### Sailing : Race : Handicap

Mens Double Sculls Greasy Pole

### War Canoe Race, 15 Paddles

In the hospital board report on the front page, the matron is reported as having been engaged at a salary of \$60.00 per month. This should have read \$50.00. A housekeeper is to be engaged at a salary of \$20.00 per month.

**TRIP TO KALEDEN.**

**Mr. and Mrs. James Ritchie Entertain Large Party of Visitors at New Town site.**

On Tuesday last, the Maud Moore conveyed a large party of ladies and gentlemen to Penticton where tally-ho's were in waiting which conveyed the visitors to the lower Okanagan where the Kaleden and the Sya were in readiness to convey the party down the lake.

From the wharf the guests were escorted to a veritable bower beneath the trees where they were received by Mrs. Jas. Ritchie, assisted by Mrs. (Rev.) T. N. Ritchie, of Peachland.

A dainty lunch was partaken of and after a siesta, the guests were driven over the benches and introduced to the beauties of the place and needless to say all the guests were delighted with the place and impressed with its possibilities.

It was on the programme to take a trip out to the falls, but the arch enemy of mankind, Father Time, hustled things along with such remarkable rapidity that the trip had to be abandoned.

Tea was served beneath the trees as before and speeches were made and a vote of thanks tendered Mr. and Mrs. Ritchie for a most enjoyable day. Among the speakers were Col. Cartwright, Hon. F. T. Brentnall, Rev. A. T. Robinson, Mr. Zimmerman and others. A recitation was given by Miss Palk, the well-known Winnipeg elocutionist, who was a member of the party, which added much to the enjoyment of the hour.

Among the guests were Col. and Mrs. Cartwright, Mr. and Mrs. and Miss Zimmerman, Rev. and Mrs. A. T. Robinson, Hon. F. T. Brentnall, Miss Tait, Miss Palk, Dr. and Mrs. Lipsett, Mrs. A. Stark, Mrs. Ross, Mr. C. P. Nelson and Mr. A. Steven who was in charge of the party.

Miss E. Palk of Winnipeg, well known throughout Manitoba as an elocutionist of ability, is the guest of Dr. and Mrs. Lipsett

Word has been received that Mr. Eastman the late pitcher and manager of the Kelowna baseball nine will be in the box next week at the Naramata Regatta. The tidings are generally welcome as an interesting game is thereby assured. There is a rumor afloat to the effect that Mr. and Mrs. Eastman may make their home at Peachland. Should that be the case it is very probable that Peachland will serve up a baseball team for next years series.

### Okanagan College Notes

Mr. D. C. McIntosh, an honor graduate of McMaster university has been appointed instructor during Prof. Perry's absence. Mr. McIntosh has spent some time in study in Oxford, England and at the University of Chicago. He comes well recommended for scholarship and teaching ability. His brother, D. H. McIntosh, late of Brandon is under appointment as assistant professor at Yale, succeeding Dr. Frank K. Saunders who lately resigned to become President of Washburn College, Kansas.

A gentleman in Summerland, after reading the last college notes sat down and wrote out a cheque for \$100 which he sent to Treasurer Wallace with kind expressions of good wishes. Such unsolicited acts afford great encouragement to those in charge of the college.

At a meeting of the executive committee of the board held on Wednesday, Miss Katherine C. McLeod was appointed Lady Principal to enter on her duties when the new building for ladies shall be ready.

Miss McLeod is a sister of Miss Grace Dean McLeod, a writer of note, and is herself a writer of no mean ability. For four years Miss McLeod was a teacher and then Superintendent in the Missionary training department of the Spellman Seminary, Atlanta, Georgia. The President and Dean of this institution say, "We take great pleasure in speaking of her rare Christian culture and earnest piety. She is a thorough teacher and especially gifted in exposition of the bible, both in the class room and in public assemblies. On all occasions she is quiet, dignified, refined and devoted to service for the good of others."

Subsequently she served for several years as principal of the Kawaiahao seminary, a missionary institution for young women of various nationalities in Honolulu. The secretary of the Hawaiian Board of missions, in connection with which this is maintained says "I came into close relations with Miss McLeod. I have no hesitation in recommending her as an unusually able teacher, a remarkable financial manager, a woman of fine executive ability and in every way decidedly successful in her position."

Although Miss McLeod is not a college graduate she has done a large amount of special work in some of the best universities in America. During the past year  
Continued on page nine.

**CRICKET MATCH.**

**Summerland 89—Mission 101**

On Thursday the Summerland eleven journeyed to Mission by the Maud Moore to meet the Mission eleven in a friendly match.

A very interesting and exciting game was the result, and a goodly number of spectators were present.

The day was ideal for cricket and the ground was a rather good one, with an exceptionally good pitch.

For Summerland McIntyre made a splendid score—43 not out, and Marshall followed a fair second with 16 to his credit.

Summerland was first at the wicket and totalled a score of 89 and Mission equalled them at the fall of the 9th wicket.

The teams were as follows:

Summerland	Mission
C. J. Huddlestone 2	B. E. Mitchell 0
C. A. Marshall 16	R. Bartholomew 2
C. N. Higgin 1	A. Montgomery 15
Maj. E. E. Hutton 0	A. Bennett 0
R. W. Deans 7	C. Baillie 16
J. M'Intyre (not out) 43	H. C. Mallam 18
W. Fosbery (capt.) 9	J. Well 2
H. V. Ackland 0	J. H. Thompson 2
M. Beavis 0	W. D. Walker 18
D. Williams 0	T. Thornitoe 16
N. T. Ellis 0	A. B. Simeon 2
	78 91
Extras 11	10

**RIFLE ASSOCIATION.**

Result of last Saturday's scores in the second shoot for the Dominion Salver:

	200	500	600	Total
M. Stuart	28	32	31	91
H. Dunsdon	32	32	27	91
F. Munro	31	29	27	87
V. Taylor	23	29	34	86
J. Dunsdon	29	29	28	86
O. Smith	30	33	23	86
A. E. Nelson	28	33	25	86
B. Stuart	31	31	23	85
S. A. Liddell	25	30	26	81
W. Nelson	32	26	22	80

On shooting off the tie for the Price Ellison Cup H. Dunsdon won out by one point. 5 shots at 200 yards:-

H. Dunsdon	4 5 5 4 5	- 23
O. Smith	4 5 5 4 4	- 22
F. Munro	4 4 5 4 4	- 21

Rev. R. J. McIntyre will deliver a special object sermon to the children in the Methodist church at 10:30 a.m. on Sunday.

**WATER NOTICE.**

### BEAUTIFY THE OKANAGAN.

"Paint the lily and gild refined gold," says the poet in fine scorn of man's thumbing of his Creator's work. Nevertheless it is true that man has improved on the looks of nature more than once, while a thousand times over he has scarred her face to his own personal advantage.

The Okanagan is beautiful but it can be made more so, and the more beautiful it becomes the greater is its value commercially as well as aesthetically. For instance this valley, which is undoubtedly one of the greatest assets of the province, could be made more attractive by having a good road all around the lake. The day of automobiles is at hand. The increasing perfection of these machines; their increased output in less elaborate and more serviceable forms; their gradually diminishing prices and their greater speed in action, all tend to relegate the horse more and more to the cultivation of the family plot and make for the day when it will be highly desirable to breakfast in Summerland and lunch in Vernon, returning the same afternoon.

As the valley grows in population tourists in increasing numbers will be attracted to her sunny skies. To these it would be an immense attraction that they could complete the long ellipse of Okanagan lake in a day or two by a lake shore route in their comfortable touring cars, calling at the various towns by the way for rest and refreshment. Over part of that course a trail has already been built by the government, but what we need is a lake level road thoroughly well made.

Of course it will cost, but it would not need to be done all at once. The distances between nearby towns might first be cov-

ered and after that so many miles each year. We do not want to bleed the province or get from the provincial treasury what is not fairly coming to us. Neither do we want to see one of the richest, most fertile, populous and beautiful sections of the province come short of its destiny because an unrighteous portion of the ducats she contributes in the general tax gathering have been lured to some sequestered bog-hole for the benefit of miners who never mine and settlers who never settle. The Okanagan is a crown jewel, one of the show places of the province, and as such it should receive that polishing and setting which shall best enable it to set forth the possibilities from the standpoint of health pleasure and business, of the most glorious province in all our fair Dominion.

That province or nation which has most nearly perfected her roads has advanced furthest in the arts of civilization. Rome and ancient Peru might be cited as typical examples. "Roads of iron" as the French call their railways are the acme of transportation facilities, and that country is relatively greatest which has most of them; but the roads of iron will never take the place of the turnpike, nor do more than a fraction of its business. Governments therefore should invest in roads, and our government in a good lake level road around the Okanagan.

And what is more, some provision might well be made, whether by individuals or municipalities or by both, to have shade trees planted along the roads we have. That would lend beauty to the landscape, increase the pleasure of driving, help the moisture secretion and give a home-like aspect to the community. Anyone who has driven or strolled along the wooded country roads about Charlottetown, P.E.I., or any other place in which the country roads are so many shady avenues, will agree that the outcome is worth more than all the labor involved.

### WANTED---A LADIES' BATHING HOUSE.

The great need of a ladies' bathing house is gradually forcing itself upon the attention of the people of Summerland. The men have a place for a bathing house, which at least offers the privacy of a dressing room handy to town and the privilege is appreciated—but what about the poor girls.

Trees are not thick enough or foliage dense enough to form an Edenic, leafy bower in which sufficient privacy for dressing purposes can be secured, and people

who live contiguous to the sad sea waves are not always willing to accommodate casuals with a place to dress even supposing the acquaintance could muster up enough courage to ask such a courtesy.

The lake and the summer bathing are among the best features of Summerland, and it does seem a pity that the ladies, old and young of the district should be deprived of such healthful and invigorating amusement for lack of even make shift facilities.

Peach Orchard offers splendid advantages as a bathing resort, and is it not possible that either by private subscription or by means of a public grant from the civic authorities, sufficient money could be procured to meet the need right away while the hot weather lasts.

By way of a suggestion to the ladies themselves. Why not get together, appoint committees, interview the council for a site and a grant. Then canvas every man young and old for a subscription and blacklist those who are ungallant enough to decline to dig down. The money in sight and the size and shape of the building decided upon, coax his worship the reeve to proclaim a civic half holiday and invite every able bodied man capable of wielding a hammer and a saw to turn out with the necessary weapons and help to rustle up the building to the music provided by the band, and lemonade and cake provided by the ladies, thus giving the affair all the features of a citizens picnic.

### A PROMINENT VISITOR.

This (Saturday) evening, Hon. Sidney Fisher will be a visitor in Summerland and will be entertained at a smoker by the business men of the district. It is rumored that one of the objects of the ministers visit is to spy out the land with a view to locating the proposed government experimental farm. Summerland presents many features, in fact all the features to recommend it as a desirable place for the location of such a station. The district is varied and presents all the features to be found in the various sections of the valley.

During the evening, fruit will be served and the secretary C. H. Cordy, requests that all able to donate a small quantity of choice fruit for the occasion will leave the same at his office.

At Rosebank Ranch, Trout Creek, a lovely half pound trout was picked up off the lot, having come down by mistake with the irrigation water.

**:: Naramata Notes ::**

Prof. A. G. Campbell spent Sunday over in Summerland.

Mr. J. F. Huggard of Winnipeg came in Monday evening to pay Naramata a few days visit.

Mr. T. R. Wellband returned home on Thursday to spend a week with his family before going on to the coast.

Mr. Jas Crawshaw and Mr. Walter Land left last week for the coast. From thence they expect to go to Australia.

Dr. and Mrs. Lipsett of Summerland and Miss Palk of Winnipeg, spent a day in Naramata last week, visiting friends.

Mrs. Jas. Williams, who for the last few weeks has been very ill, is at still in a very critical condition. Her many friends here hope for a speedy recovery.

Last Friday Mr. J. M. Robinson and party returned from a week's houseboat tour to Okanagan Landing, two days of which were spent at the Kelowna regatta.

Mr. Arthur Dawson, captain of the war canoe team, and Mr. Wm. Nuttal, another member have left for the lower country. We hope to see the boys return next spring.

Mr. and Mrs. J. S. Gillespie left last Wednesday for Spokane, Wash., to act as delegates to the International Irrigation Convention which is being held there. While away they will attend the Seattle fair.

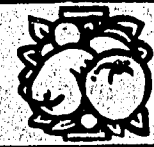

On Thursday last, Mr. Howard Rounds came in from Battle Creek, Michigan, to accept the position of stenographer and hotel clerk which was recently vacated by Mr. Jas. Pollock.

On Wednesday evening Mrs. F. W. Law received news that her husband had met with a painful accident. In crossing one of the crowded streets in Toronto he was struck down by an automobile and sustained severe injuries to one of his legs.

Elaborate preparations are being made for the third and final regatta of the 1909 series, which is to be held on Naramata Day, Aug. 26th. A distinctive feature for this event is to be a souvenir programme which will contain a poem on Naramata, also a description of the place and the origin and meaning of the name. Cuts of the town and various events in the previous regatta's inserted in the programme, should make this a handsome booklet.

Continued from page four.

she has been at Columbia university, N. Y. where she has been pursuing special work in the department of English and teaching. Her native ability increased and moulded by varied experiences as a teacher and woman of affairs combined with her thorough course of training in her special department, English literature. renders her peculiarly fitted to assume the headship of the ladies department of Okanagan college. It is not expected that Miss McLeod will begin her work here until the new building is ready for occupation. in the meantime she will occupy herself in further study and research in and around Boston.

Mrs. Charles Quandt of Winnipeg, is the guest of Mr. and Mrs. D. H. Watson.

Miss Tait of Prince Albert, is visiting at the home of her aunt, Mrs. W. Watson.

Mr. and Mrs. J. S. Gillespie have returned from Spokane, where Mr. Gillespie attended the big irrigation convention.

A special meeting of the Women's Hospital Auxiliary will be held in the council chamber on Tuesday Aug. 24th at 3 p.m. Business of importance will be conducted.

### Provincial and General

Jim Hill is a "busted" man and we are glad of it. The great railroad magnate has at last got his deserts. Not a soul in the whole Jimhilkameen valley has any sympathy for him. A gang of notables, in which "our Dick" was one, recently unveiled a bust of the robust railroader at the Seattle exposition. Long live Jim in the flesh and bronze. —Similkameen Star.

Grand Forks was again visited by fire last week to the tune of \$10,000. The Columbia meat market and the Harvey residence were wiped out in short order. —Gazette.

It is credibly reported that track-layers will reach Hedley this week. —Gazette.

Harry Reynolds, Garnett Valley

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**

If it does write us and we will only be too glad to give you all the desired information

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

## Establish Your Home IN SUMMERLAND

By securing a large lot in Peach Orchard at once where  
 —————you have every convenience and comfort—————

**Others are doing it - - WHY NOT YOU?**

The price and terms will be made to suit any purchaser for a short time. Remember! the first to buy has the choice.

**C. H. CORDY**  
 Real Estate Broker.

**J. M. SUTHERLAND**  
 Telephone Gray 2.

**Local News Items.**

Mr. J. M. Sutherland took a business trip to Vernon last Wednesday.

The Baptist church pulpit will be occupied during the next two Sundays by Rev. Mr. Palmer, late of Kamloops.

Mr. Harrison and party of Nictaux N. S. who have been visiting here, left for the coast on Tuesday last.

The new building of the Prairie Valley Canning Co. has been completed, and everything is now ready for the tomatoe crop. They hope to handle 15,000 3lb cans this season.

Mr. W. C. Calder, of Calgary, a recent visitor in Summerland, has purchased a fine ten acre property in Prairie Valley. He has decided also to buy a lot near town on which to build a residence. He will probably come here to reside next summer.

Mr. R. Trowsee, a Calgary business man was a visitor in town last week and has purchased the magnificent 10 acre orchard on Jones Flat from Mr. D. H. Scott of Brandon. The property was considered a tremendous snap at \$3,200.

It is said that some young men have been bathing in the reservoir which is the source of the town water supply. If this be true it is a sad case of keeping the outside of the cup and the platter clean. There should be a penalty attached to liberties of that kind.

This afternoon (Saturday) the Young C. E. Society of the Parkdale Baptist church is engineering a basket picnic to Spray Falls on the other side of the lake. The Maud Moore and the barge will leave the wharf at 2:30 sharp and the return trip will be made shortly after 8 o'clock. All are invited to go and enjoy themselves.

The ladies of the W. C. T. U. are planning another elocutionary contest which promises to be of unusual interest. In the past six silver medal contests have been conducted. The six winners are now working hard on their selections and will compete for a gold medal.

On Tuesday next July 24th a lecture on Horticulture will be delivered in Empire Hall, by Professor John Craig of Cornell University. Prof. Craig is delivering a series of lectures throughout the province under the auspices of the Farmer's Institute. Mr. Martin Burrell, M. P. will also be present and address the meeting. It is hoped that as many as possible will be on hand at 8 o'clock sharp to hear the lecture.
