

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 1

SUMMERLAND, B. C., JANUARY 2, 1909

No. 22

A SAD FATALITY.

Two Employees of the Summerland Hotel Die from Exposure.

Early on Christmas morning, Arthur Wilson, assistant cook, Chas. Blair, cook, and Arthur Chapman, waiter, all negroes, and employees of the Hotel Summerland, left for Penticton for the purpose of celebrating mass, there being no Catholic denomination in Summerland. The party were travelling on horseback, and in due course reached their destination. After spending several hours in Penticton, where it is reported at least two of the party indulged in liquor rather freely, a start was made for home, their instructions being that they were to arrive back in time to prepare the Christmas dinner at the hotel. They left Penticton for Summerland about noon in a snow storm, and when about five miles on the journey it is supposed that one of them was thrown and his horse got away. Chapman and Wilson started out to capture the animal and during the chase Wilson was thrown. Chapman continued the chase and after proceeding about a mile in the hills his saddle turned and he was also thrown off. He continued for some distance on foot in a vain endeavour to round up the horses. In the meantime Wilson and Blair were together and were awaiting the return of Chapman. By this time it was getting dusk, and seeing a light in the distance, which was apparently in Penticton, Wilson left Blair by the road side and started for the light, Blair being in no condition to travel. Unable to reach the light, Wilson returned and tried to locate Blair, but could not do so. He then lay down on a brush heap to await the morning. When daylight came he could find no trace of either Blair or Chapman, and thinking they had gone on to Summerland he started on foot, arriving here about 2 p.m. Saturday, in a deplorable condition. About the same time word came from Penticton that Blair had been found dead, and parties from both Summerland and Penticton started in search of Chapman, who was still missing. There being a slight fall of snow on Christmas morning, the parties followed the tracks, and about a mile and a half from the road on the side of a hill, Chapman's body was found lying under a tree, life being extinct. The bodies were

taken to Penticton where a post-mortem examination and inquest was held. The post-mortem was held on the body of Arthur Chapman, the result being that his organs were found to be in a normal condition and no trace of liquor, the verdict of the coroner's inquest was death from exposure.

It is supposed that Chapman, becoming thoroughly exhausted in his endeavour to catch the horses, sat down under the tree and fell to sleep, from which he never awakened. Blair undoubtedly fell asleep from the influence of liquor, as a quantity was found in his pocket.

Blair, Watson and Chapman had only resided in Summerland for a few months and apparently did not realize the danger of lying down unsheltered. While there was a few degrees of frost during the night, it is quite apparent that had they kept moving nothing serious would have happened. Wilson, the only man to return, on finding his limbs begin to stiffen, got up and kept moving until morning.

Of the two unfortunates, Chapman was better known to the citizens of Summerland, and was of a jovial disposition and a general favorite. He had been in the employ of Mrs. MacDowell previous to coming here and was held in high esteem by her.

The remains were interred at Penticton on Wednesday, a Catholic priest officiating.

FRUIT GROWERS' BULLETIN.

The spraying bulletin issued by the Provincial Board of Horticulture through Mr. Thomas Cunningham, inspector of fruit pests, has now reached its third edition, another 30,000 copies having just been issued.

"The present value of the orchards of British Columbia," says Mr. Cunningham, "has reached the enormous sum of fifteen million dollars, and they are increasing in value at the rate of not less than twenty-five per cent. annually. It is quite safe to estimate the value of these orchards five years hence at thirty million dollars.

In view of this marvellous development, it behooves every man in this province who has the slightest regard for the permanent prosperity of this beautiful and highly-favored country to spare no effort to keep our orchards and gardens clean, and the quality of our fruit up to the highest standard.

This can only be done by close attention to thorough cultivation, pruning and the intelligent use of insecticides and fungicides."

THE QUESTION.

The following is the question before Review readers in its referendum on the Local Option issue which is to come up in the provincial parliament at its next session:

"That a message be transmitted from His Majesty to the Legislative Assembly of the Province of British Columbia at the ensuing session thereof, laying before the said Legislative Assembly for consideration, a bill having for its object the bringing into force an Act as a Statute of the Province of British Columbia, vesting in the residents of the Province power from time to time by ballot and on the basis on which from time to time the right of franchise is accorded in municipal elections to determine on the local option system, whether or not the traffic in intoxicating liquors shall be permitted or prohibited in respect of each of the portions of the province which in the Bill transmitted with message may be designated as a separate district for local option purposes, and that the elections take place on the day on which municipal elections are held and that every such election be decided by a majority of votes cast thereat."

YES	
NO	

Conditions of Voting.

1. Every voter must be a Review subscriber resident in British Columbia.
2. Every voter must sign his name to his ballot. This is to prevent ballot stuffing.
3. Every ballot must be returned to the Review office before 9 o'clock, p.m., on January 6th, 1909.

And the undersigned hereby faithfully pledges himself to destroy every ballot when he has counted them and to keep in violation the names and confidence of all voters.

(Signed) J. F. WATKINS,
Manager Review Pub. Co.

WEDDING BELLS.

The home of Mr. and Mrs. Doidge, Jones' Flat, was the scene of an exceedingly interesting ceremony on the evening of Thursday, December 24th, when their niece Miss Ethel May Doidge was joined in the holy bonds of matrimony to Mr. Martin L. Beavis. Rev. R. J. McIntyre officiated, Miss E. Brown, of Peachland, was bridesmaid, while Mr. Alex. H. Steven supported the groom.

Shortly after the appointed hour, 8 o'clock, the bride elect attended by her uncle and charmingly attired in a gown of white silk crepe-de-chene and carrying a shower bouquet of lillies of the valley and carnations came into the room wearing a radiant smile. The uniting ceremony lasted but a short while, and the happy couple were then the recipients of hearty congratulations from their many friends present.

The culinary arrangements were in the capable hands of Mrs. J. J. Mitchell, who excelled herself in the preparation of the repast to which the entire company sat down. The presents were many and valuable, that of the groom to the bride being a handsome gold watch. The bride was also the recipient of a beautiful silver tea service from the boarders of the Hotel Summerland, where she was employed as waitress for the past two years, in which capacity she made a host of friends for herself.

The happy couple have taken up house-keeping on Shaughnessy Avenue, where they will be glad to welcome their old friends.

SUMMERLAND

THOMAS TALYOR HAS ASSUMED OFFICE.

By the appointment of Mr. Taylor the department of lands and works is divided, Hon. F. J. Fulton retaining the lands and Hon. Mr. Taylor becoming the minister of public works.

The new minister has been in public life in this province for some time. He was born in London, Ont., in 1865, and was educated at the public schools and commercial college there. He served two years as an articled clerk in the office of Taylor & Taylor, barristers in that city, and in 1875 moved west to Winnipeg. In 1888 he removed to Donald and worked in the mechanical and stores department of the C.P.R. for a time. In 1894 he took management of a store at Trout Lake for C. B. Hume & Co., of Revelstoke. In 1895 he was appointed mining recorder for Trout Lake mining division, and two years later retired from the store management, retaining the position in the civil service.

In 1900 he was elected to the legislature and has sat continuously in the House since that time. Upon the present government taking office Mr. Taylor, who has been a great friend of Premier McBride, was made Conservative whip, a position he retained up to the present. In 1897 he married Miss Georgie Larson.

The new minister is not often heard in debate on the floor of the House, but on occasion is a ready speaker.

ARE DEPARTMENTS ROTTEN WITH GRAFT?

Will the revelations in connection with Mr. Justice Cassels' investigation of the marine and fisheries department lead to a public inquiry into the conduct of sister departments?

There is a well-defined rumor that the examination of the government books by the commission counsel and their accountants shows that the same loose methods which have characterized the bookkeeping in Hon. Mr. Brodeur's department extend to other federal departments, notably that of public works. The scope of the present inquiry is restricted by the commission to the one department, but the examinations would be of material benefit to the public service.

The work on the big spiral tunnel which the C. P. R. are constructing through the Big Hill at Cathedral Peak and Wapta mountain is proceeding very satisfactorily, and it will be in use early in the summer of 1909.

LOCAL NEWS

Rev. A. T. Robinson left on Monday morning for Agassiz.

Rev. R. J. McIntyre will preach on Sunday morning at 11 o'clock in Prairie Valley School House.

Remember that The Review Local Option Poll closes on Wednesday next. So send along your ballots.

The regular meeting of Summerland Lodge No. 58, L. O. L., will hold its regu-meeting on Tuesday evening next.

Mr. W. J. Ross, who was taken suddenly ill on Sunday is still in a critical condition, but hopes are entertained for his recovery.

Mr. and Mrs. J. F. Watkins entertained a number of young people on Wednesday evening. The time was spent in cards and dancing.

Mr. D. D. Lapsley, who has been in charge of the grocery department of The Summerland Supply Co., left to-day for Vancouver, where he has accepted a position as traveller with J. Leckie & Co., Boot and Shoe Manufacturers.

The C.O.C.F. met on Tuesday night and elected officers for next year as follows:— Past Councillor, D. Williams; C. C., John Tait; V. C., G. Morgan; Recorder, R. J. McIntyre; Asst. R., Mrs. R. J. McIntyre; Treas., Mrs. D. Williams; Prelate, Miss E. McIntyre; Marshall, E. T. Mountford; Warden, Miss H. Manuel; Guard, W. E. Grieves; Sentry, F. McArthur; Organist, D. Williams.

Bright and happy faces greeted a crowded house at the Union Sunday School entertainment and Xmas Tree on Xmas night. The programme was not too lengthy so that the children were not asleep when the tree which was loaded with gifts came to be stripped. Through some misunderstanding, Santa Claus did not arrive to present the gifts, so four young men undertook the work and were kept busy for some time.

The home of Mr. and Mrs. J. R. Brown was the scene of a happy gathering on Tuesday evening, when the members of Mr. C. S. Stevens' class in the Union Sunday School met for a social time. Some guessing contests were engaged in with vigor, which provoked a continuous round of merriment, and Miss Myrtle Conway contributed to the enjoyment of the evening by reciting. After refreshments had been served, Mr. Stevens was presented with an address by Mr. Cliff McWilliams, and a morocco bound travelling

case by Miss May Conway, on behalf of the class, as a token of their esteem and appreciation of his work among them. Mrs. Stevens also received a table doyley. With a few well chosen words Mr. Stevens tendered his thanks, and after some hearty singing, which culminated in Auld Lang Syne, the party broke up about midnight, the faces of all testifying to the good time spent.

A sad occurrence on the 17th inst. was the death of Mrs. Pickings, of Victoria, the daughter of Mr. and Mrs. Atkinson, of Garnet Valley. The deceased lady had come here on a visit to her parents but was taken sick and after a three weeks' illness succumbed in spite of medical aid. The funeral service was held in the Methodist Church on Monday afternoon and quite largely attended considering the weather and the busy nature of the season. Rev. H. G. Estabrook assisted by pastors McIntyre and Hood, conducted the service. Mr. and Mrs. Atkinson and Mr. Pickings wish to thank their many friends for the sympathy shown them in their sad bereavement.

An exclamation of delight is bound to escape you when you first see our collection of jewelry. No one could keep silent in the face of such an array of pretty brooches, stickpins, waist and shirt fasteners, etc. Your delight with the jewelry will not be lessened when you learn the price. It will be increased as time proves the reliability of anything you buy.—E. I. Scott.

MEETING ADJOURNED.

Matters in connection with the establishment of a cannery are still in progress. A meeting was announced for Saturday last but was postponed owing to the slim attendance. This was probably due to the meeting being called during the holiday week. This matter should be pushed forward with all possible haste as some time is sure to elapse before the machinery can be placed on the ground and in operation for the season. A meeting will be held on Saturday, Jan. 2nd in the office of the Fruit Co. at 2 p.m. All who subscribed stock and others interested are requested to be present.

SUMMERLAND, . . . B. C.

Peachland

Mrs. Scaife, of Naramata spent Christmas with Mr. and Mrs. Gummow.

Miss Essie Brown was in town for a few days this week.

Rev. and Mrs. Hood with their family spent Christmas in Peachland, the guests of Mrs. Urquhart.

Misses Gertrude and Olive Gummow are spending a part of their holidays with friends in Naramata.

Mr. and Mrs. H. Bartlett of Newfoundland are visiting their brother-in-law, Mr. J. H. Clements.

Mr. and Mrs. R. E. Taylor of Summerland were up here for Christmas, at Mrs. Taylor's home, Mr. John McLaughlin's.

The English church held their first service in their new building on Sunday last. Service was held both morning and evening and was well attended.

Mr. J. H. Clements is building a fine two storey building on his recently purchased lot. The structure is 24 x 30. The ground floor will be for his store and overhead will be finished off for apartments.

The Methodist Sunday School held their Christmas entertainment last Monday evening, and while no elaborate preparations had been made, a very pleasant evening was spent.

No word has yet come as to whether our request for Municipal Organization has been granted by the government or not. Some are fearful that it may be "pigeon-holed" or miscarry somehow and prevent the organisation for another year.

The faithful practice of the Methodist choir was rewarded by their ability to render well their special Christmas music last Sunday evening. Special mention should be made of a ladies' quartette, consisting of Mrs. J. L. Elliott, Mrs. Vivian, Mrs. Mitchell and Miss Keyes. Seldom has a more beautiful piece of music been heard in Peachland than was their selection Sunday evening. Rev. J. J. Nixon preached an appropriate sermon which was listened to attentively by the large congregation. The choir are much indebted to Mr. Hardy for his kindness in driving the members to practice several times.

An organized exodus of East Indians direct from India to Louisiana to take the place of negro laborers is the latest scheme to furnish work for the Hindus.

PROVINCIAL AND GENERAL.

Although Summerland was not as successful as Kelowna in winning any of the big prizes at the Spokane Apple Show, the enterprising residents of that town are to be congratulated upon their public spirit in sending a fine exhibit to the fair. The editor can, from personal observation, vouch for the fact that the Summerland display of fruit was a remarkably good one, and reflected credit upon the Okanagan Valley. It served to do its share in advertising the district at the biggest apple show ever held, and those responsible for getting up the shipment cannot be too highly commended for the good work which they have accomplished in this direction.—Vernon News.

Local option carried in ten municipalities of Manitoba last week and was defeated in ten others. Among the latter was Kildonan, adjoining the city of Winnipeg, where it had been in force for one year. Emerson town went dry, but in Morris, Selkirk, Carberry, Russell, Swan River, the liquor interests won.

Joe Martin leaves Vancouver for England Feb. 1. He has closed some real estate interests and is giving up law practice. He will argue Canadian cases before the privy council and may seek admission to the English bar. He is certain to take a hand in old country politics.

SATURDAY, JANUARY 2, 1909.

ANNO DOMINI, 1909.

By the time this issue reaches most of our readers, the year 1908 will be a thing of the past, and the thing of the future, 1909, will become the living present. He is a poor man indeed, or an old one, who does not close the volume of the former with regrets for past failures, and open that of the latter with real longings for bigger and better things than ever before.

It is fashionable to observe somewhat cynically about this time of the year that the way to a certain place noted for its heat is paved with good intentions. But the observation is hardly wise. A good intention particularly if crystallized into a resolution, is a good thing and one that tends upward always. It is with the counter resolutions the boulevard referred to is paved. Let us therefore have all kinds of good resolutions for 1909, including a resolution to keep the resolutions we have made.

Let us forget the slips and misfortunes of the past, or if we remember them at all, remember them only as index fingers to the future. As Phillips Brooks was wont to say "the only way to save the past is by making a future out of it." The future will be enough to absorb our whole attention, for there are many new trails to be travelled, new tasks to be performed, new lessons to be learned, and we simply cannot afford to carry the corpses of the past with us in 1909. To do so is to invite more failures.

As home seekers and home builders may we be glad that others are to enter into our labors and inhabit the homes we have toiled to erect. The long sight is the truer. "After me the deluge" is a sentiment utterly unworthy the year 1909 in this Okanagan Val-

ley. The man who steers by that is as certain to be a failure as that he wont be overlooked when it comes to the distribution of the tax notices; but the man who thinks of posterity in building his home and his life is sure to be a prize package to his own generation. The man who looks up is sure to lift up. The year 1908, notwithstanding its financial gales, has been one of substantial progress in this valley. But there are better days ahead. We are going to make better time in 1909 than ever before. The work of the Provincial Government Exhibitions in the old world is beginning to bear fruit. So will Mr. De Hart's brave display in Spokane a few weeks ago. So will the advertising done by real estate men in the North-west and elsewhere. Enquiries as to the Okanagan are on the increase. People of means are in greater numbers becoming interested, and that means other home builders and a rising tide of prosperity.

There are problems to be solved in 1909 of course. Among them the most serious is that of the marketing and transportation of fruit. But that is one which will in due course be adjusted, as it has been in Washington, California, and elsewhere, and as it was in the case of Manitoba wheat in the eighties. Only, may the towns of the Okanagan valley stand together. May the year 1909 minimize differences and emphasize the essential unities of interest among us. May croakers and knockers disappear and the tribe of the larger loyalists increase. May we all abound in hope, enlarge in faith and sympathy, and "root" for home and Okanagan valley in the full conviction that a Higher Power has vouchsafed to us for development a heritage full of meaning to the larger world without.

SPLendid B. C. FRUIT.

The following is from the weekly report of the Dominion Department of Trade and Commerce dated December 21st:

"I went through Smithfield market yesterday and inspected barrel after barrel of apples from British Columbia and Nova Scotia. The fruit from both provinces was exceedingly fine, but much that came from Ontario was not up to the anticipated standard. Barrow's Stores devoted a large window to a display of British Columbian apples which were the delight of crowds of spectators. The apples were a magnificent color, large in size and solid in flesh, and Birmingham, I feel sure, will look forward to these British Columbian shipments year by year, if the quality is maintained."

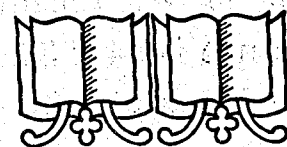

Overstocked

LOCAL NEWS

Splendid skating is in full blast at the reservoir, and several parties spent Christmas afternoon on the ice.

Mr. Thos. Collinge, of Victoria, has arrived in town and has accepted a position on the Review Staff.

Miss Edna Brae of Chilliwack has been engaged by the School Board for the Trout Creek school which will open shortly.

The Legge-Willis Company will present a triple bill—Kitty Clive, Barbara, and Chiselling—in the Empire Hall on Jan. 7th.

The Municipal Council held its last session for 1908 on Monday morning and wound up the business for the year. A report of the proceedings appears in another column.

Mr. Ralph Wolverton, who has been an employee of the Review for several months, left on Monday evening to join his parents at Greenacre, Washington.

The Vernon News last week issued a handsome Christmas number illustrated by various half-tones of the valley, including fruit growing and farming, scenes at Enderby, Armstrong, Vernon, Kelowna, Summerland and Penticton.

Road work is progressing in town to such an extent that in a few weeks Summerland streets will all be graded and macadamised, and when the new walks under construction are completed a big improvement in the thoroughfares will be apparent.

Nurse Sinclair desires to thank the Garnet Valley Mission Band for the contribution of fruit which they so kindly sent to the Cottage Hospital, also Mrs. Estabrook, Mrs. Peters, Mrs. Arkell and others for their various donations.

At the regular meeting of Okanagan Lodge, No 58, I.O.O.F., on Thursday evening last, Mr. J. F. Watkins was the recipient of a handsome present in the shape of a silver-mounted pipe, case, and pouch, as a token of appreciation of services rendered in instituting the lodge. The interest manifested by the members generally, old and young, of this the latest addition to the fraternal societies in Summerland, leaves no doubt as to its success. Already numerous applications for admission have been received and it is expected that after the new year holidays the lodge will be worked overtime conferring degrees. In our account of the Installation of Officers last week, we omitted one very important office, that of Conductor, which is held by Mr. C. G. Phinney, P.G.

D & A Corsets

NARAMATA

Mrs. Hannaford is visiting Mr. and Mrs. Wolstencroft.

J. M. Robinson leaves on Saturday on an extended business trip to Toronto, Montreal and other eastern centres.

A. G. Robertson has completed the erection of a tidy little kitchen as an addition to his cottage.

Miss Freda Mitchell was so unfortunate as to slip on some ice early last week, spraining her ankle. It is expected that she will soon be able to be around.

Rev. R. J. McIntyre delivered an instructive Xmas message on Sunday night on The Birth of Christ. Mr. Crawshaw was heard to good advantage in an appropriate solo at the close.

The Athletic Club have opened to the public a small but well selected library, secured as a loan from McGill University. It is the wish that every reader in Naramata may have an opportunity to avail themselves of the privileges thus afforded.

The Choral Singers! Did you hear them sing Christmas Eve?—Didn't?—Then you missed some really good music. Yes, we heard the Choral Singers of Naramata on Thursday night sing several appropriate songs. Let it be an annual event boys.

SHE WON THE CHOCOLATES.—A well known young lady of our town some months ago casually announced her intention to go in swimming on an average of four days a week till Christmas. A young man, also well known in Naramata, put up the bet that she could not or wouldn't. But our young heroine fulfilled her pledge and won the chocolates—and good health.

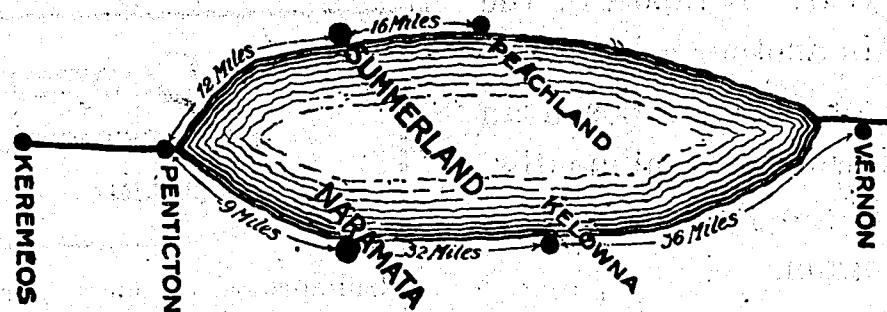

The following programme was given in the Opera House on Tuesday night. Rather a formidable list of numbers, but everything was run off in such apple-pie order, and the numbers were so well interspersed, that the time did not seem long. A pleasing feature was an occasional telephone message, advising the audience of the advent of Santa Claus: Opening Chorus by the Children; Recitation, Marguerite Robinson; Recitation Willie Wilkins; Recitation, Harold Mitchell; Solo, J. Shaw Gillespie; Recitation, Dora Williams; Recitation, Willie Mitchell; Recitation, Cecil Scaife; Solo, Margaret Mitchell; Recitation, Esprey Scaife; Violin Solo, Mr. Jas. Pollock; Song and Chorus by Misses Gladys, Kathleen, Dorothy and Marguerite Robinson, Misses Edith and Adelaide Hayward, Misses Bessie and Violet Mitchell;

Recitation, Miss Gwen. Robinson; Solo, Mr. F. C. Manchester; Recitation, Dorothy Robinson; Recitation, Violet Mitchell; Song, Miss A. Hayward; Song, Mr. A. S. Miller; Recitation, Miss B. Mitchell; Duet, Messrs. Hill and Crawshaw; Sketch by Messrs. Hill, Crawshaw, Land, Nuttall and Kenyon; Recitation, Roy Boothe; Character Song, Violet and Willie Mitchell; Pictures and Dumbbells by Snr. and Jnr. Classes; Recitation, Gladys Robinson; Solo, Mr. Crawshaw; Recitation, Kathleen Robinson; Finale, School.

What did we tell you? wasn't our concert alright? and didn't everybody turn out? and didn't everybody enjoy themselves?

Now, Mr. Editor, it would tax your space beyond reasonable limit if we were to speak of the high merit of even half the numbers, but we might be permitted to make special mention of one or two items. One of the cutest numbers was the song by the mascot little tot, Margaret Mitchell, and one of the best numbers was the exhibition of Delsarte in pantomime, by a senior class. Altogether the entertainment was a complete and unqualified success and reflects great credit on the management.

A number went over from Summerland, among whom were Dr. and Mrs. Lipsett, Mrs. and Miss Urquhart and Mr. and Mrs. J. F. Watkins.

MUNICIPAL COUNCIL MEETING.

The Summerland Municipal Council met on Monday last with Reeve Agur in the chair and Councillors Brown and Thompson present. Councillors Gartrell and Ritchie being absent. Communications were received from the Attorney-General re burial of De Beer; from Bank of Montreal re debenture sale; from Dr. Smith, Medical Health Officer; from J. L. Logie, reporting result of poll on Dec. 23rd; F. H. Latimer with specification of Gulch road.

The Finance committee recommended the payment of accounts amounting to \$1,466.95.

The Public Works committee recommended that road contracts Nos. 28, 49, 56, 54 and 55 be awarded.

On motion By-law No. 15, known as the Roads and Bridges By-law, 1908, was reconsidered, and the Reeve and clerk were authorized to sign and seal same.

By-law No. 16 was considered and passed its first, second and third readings and carried.

The clerk was instructed to endeavor to arrange, if possible, De Beer's accounts and the shaling contract of Mr. B. H. Sherk.

PROVINCIAL AND GENERAL.

The wheat record of this year continues. Up to November 30th twice as many cars of wheat were inspected as during any previous autumn to that date. The total was 43,837,000 bushels. Of the 48,898 cars of grain moved, the Canadian Pacific hauled 30,900, the Canadian Northern 14,212, the Great Northern (to Duluth) 2604, and the Grand Trunk Pacific 1182. This last item is particularly noteworthy, showing as it does the big traffic that will be ready for this line next year.

Mr. T. J. Smith has returned from the East and announced the completion of the transfer of the coal mines of the Diamond Vale Coal and Iron Mines Ltd., to the new company styled the Diamond Vale Collieries, Ltd., for \$400,000 comprising \$150,000 in cash and \$250,000 worth of stock in the new corporation. Mr. Smith also disposed of a new debenture issue of \$50,000.

According to advices received at the Vancouver offices of the C. P. R., the Imperial Limited, known on the Pacific section westbound and eastbound as Nos. 1 and 2, will be discontinued after January 1. This will leave a one-train-a-day service, but it is thought that the Imperial Limited will be renewed as soon as business picks up again.

A meeting of great interest to fruit growers is being arranged for to take place at Revelstoke in February, at which representatives of the various fruit growers' associations in B. C., together with representatives of the C. P. R. and express companies will discuss the important matters of freight and express rates as affecting the fruit-growing industry.

The death took place by drowning on Tuesday last at Lumby, of Thomas Earl Norris, the six-year-old son of Mr. and Mrs. Thomas Norris. The little one was playing on the ice of the creek with some other children, and stepping into an air-hole sank before help could reach him. The body was secured a few minutes after the accident.

The C. P. R. has decided to establish a department of industries to be in charge of F. W. Peters. The idea was suggested by Mr. Whyte and was approved of by Sir Thomas Shaughnessy. It will be used to encourage industries in the chief centres along the company's system.

The Opportunity of a Life Time

is now within the reach of the man with a little capital, who thinks the limits of a ten acre lot are too small to confine his attention to. Here is a property consisting of 178 acres, 28 acres of which are under water, only two miles distant from Summerland and the C. P. R. wharf, and considerably less than that from Okanagan College. The irrigable portion of the property is first class orchard land with no stones, and can all be brought under cultivation at once. The 150 acres of range land enables the purchaser to engage in dairying and stock raising pursuits, while his fruit trees are nearing the bearing stage. Just think of the extent of the holding, its close proximity to town and college, and then ask yourself the question, what would be a reasonable figure to give for such a property. Is it worth a 2-cent stamp to enquire for full information?

JAMES RITCHIE

Parkdale, Summerland

The seventeenth national irrigation congress will meet in Spokane August 9, 1909. This date has been set as most convenient for those desiring to visit Yellowstone Park. George W. Barstow of Barstow, Texas, president, and B. A. Fowler, Phoenix, Arizona, secretary, are officers of the congress.

Two by-elections will be held January 9 in this province. One in Revelstoke is necessitated by the fact that Hon. Thomas Taylor, new minister of works, must appeal again to his constituents, and the other in Nanaimo necessitated by the resignation of J. H. Hawthornthwaite.

LOCAL NEWS

BIRTH—In Vernon, on December 29, to Mr. and Mrs. Geo. Gartrell, a son.

Mr. W. J. Robinson spent Tuesday and Wednesday in Kelowna.

Mrs. Dr. Lipsett visited Peachland on Thursday.

Mrs. and Miss Urquhart of Peachland have been the guests of Rev. and Mrs. Hood during the week.

Miss Jessie Halliday of Vernon spent Christmas with Mr. and Mrs. E. I. Scott, returning home on Tuesday.

Mr. J. C. Freeman of Okanagan Centre spent Christmas holidays at Mr. McLaren on Jones Flat.

Mr. F. McIntyre of Saskatchewan who has been visiting at the parsonage left for Salmon Arm Tuesday morning.

On Sunday morning, pastor Estabrook will speak in the Methodist Church on various phases of Sunday School work.

A large party of young folk saw the old year out and the New Year in at the residence of Mr. and Mrs. Magnus Tait, Trout Creek.

The young men who are on the membership committee of the men's club are finding no difficulty in securing members and a very large membership is expected.

Mr. and Mrs. Stinson entertained a number of friends on Tuesday evening. The time was spent in games, etc., all present thoroughly enjoying the evening's entertainment.

On Tuesday evening the Sunday School children of the Presbyterian Church assembled in Empire Hall, and enjoyed a couple of hours playing games and eating oranges, candies, nuts, etc. A pleasant time was spent by the little folk.

Invitations are being sent out for the First Annual Congregational Banquet in connection with the Methodist Church, which is to be held in the Church Jan. 8th, and promises to be a big event. The boys' and girls' banquet will follow on Saturday Jan. 9th at 11 a.m. in the Church.

By mutual consent the Union Sunday School which has existed for several years between Methodists and Baptists of Summerland has been dissolved. On Sunday next the Baptists will organized their school at 2.30 p.m. in Empire Hall, which will be the meeting place of the school for the present.

SUMMERLAND, B. C., JANUARY 9, 1909

No. 23

DELIGHTFUL SOCIAL FUNCTION.

Miss Florence Gwendoline Robinson Makes Her Debut.

Bona Vista, the handsome home of Mr. and Mrs. J. M. Robinson, was the scene of a function of unusual interest Wednesday afternoon, the occasion being the formal presentation to society by Mrs. Robinson of her daughter, Miss Gwendoline. In spite of the inclemency of the weather the house was filled with invited guests.

Miss Robinson, who stood by her mother receiving her friends, looked very charming gowned in a soft white silk with chiffon trimmings.

Mrs. Robinson wore black silk with Honiton lace trimmings. Those assisting were Mrs. Alex. Moreland, who was attired in a soft French grey gown with empire sash and girdle, and Mrs. R. C. Lipsett in black lace and embroidered chiffon.

The tea urn was presided over by Mrs. Thos. Wellband, who wore blue crepe de chine and white lace with picture hat, and Mrs. Geo. Gray gowned in black with cardinal trimmings and cardinal hat. Mrs. J. Shaw Gillespie and Mrs. R. C. Lipsett poured coffee. Mrs. Gillespie wore champagne silk and chiffon. They were assisted by Mrs. L. H. MacDowell in blue silk voile and Honiton lace, Miss Nellie Bartholomew in blue silk and white lace, Miss Hayes daintily gowned in light silk mull, and Miss Evelyn Brown gowned in green taffeta.

The dining room was beautiful in its decorations of pink and green. The table was suspended from the ceiling with ropes of smilax, festooned with pink chiffon and carnations, with large silver candelabra on the sideboard covered with pink rose shades. The room made a beautiful frame for the happy faces of the fair debutante and her many friends.

The library was handsome in its Christmas decorations of red and green, embellished with magnificent red chrysanthemums. The parlor color scheme was green and white, white chrysanthemums and white carnations being the flowers used. The reception hall was dainty in its decoration of green and yellow chrysanthemums—indeed there was a profusion of flowers everywhere, and with the bright open log fire in the library one almost forgot that it

was wintry and cold, for only Summerland was found indoors.

During the reception Mrs. Sinclair rendered instrumental selections in a most pleasing manner. Miss Nellie Bartholomew gave two delightful solos and gracefully responded to an encore. The great charm of the afternoon was its informality, due to the gracious hospitality of Mrs. Robinson, whose welcome to each friend was so genial and warm that all thought of formality was lost. The guests lingered until a late hour, and in the parting left sincere good wishes with the hostess and her bright young daughter, who made her debut under such pleasant auspices.

Among those who were present were:—Mrs. D. Bentley, Mr. T. Dale, Miss Brown, Miss Evelyn Brown, Mrs. H. Bristow, Mrs. Geo. Gray, Mrs. Conway, Mrs. F. A. Fysh, Miss Conway, Mrs. J. E. Phinney, Miss G. Phinney, Mrs. Wallace, Mrs. Fulton, Mrs. H. Ireland, Miss Ireland, Mrs. E. B. May, Mrs. Cooper, Mrs. Hector Sutherland, Miss Mary Sutherland, Mrs. Jas. Hood, Mrs. J. F. Watkins, Mrs. C. Smith, Mrs. A. Stark, Mrs. T. C. Stinson, Mrs. D. D. Lapsley, Mrs. R. H. English, Miss English, Mrs. Sinclair, Mrs. R. C. Lipsett, Mrs. J. C. Robson, Mrs. R. J. McIntyre, Miss Edey, Mrs. W. H. Hayes, Miss Hayes, Miss Florence Hayes, Miss Nellie Bartholomew, Mrs. Alex. Moreland, Mrs. L. H. MacDowell, Mrs. C. S. Stevens, Mrs. Seaman Hatfield, Mrs. E. I. Scott, Mrs. C. E. Gray. Mrs. J. S. Gillespie, Mrs. Thos. Wellband, Miss Miriam White, of Naramata; Mrs. Campbell of Brampton, Ont.; Mrs. Urquhart and Miss Urquhart, of Peachland.

LOCAL OPTION POLL.

Whatever the cause may have been, the fact is, that the Review local option plebiscite has resulted in a very light poll. It stands as follows:

For local option	-	42
Against	-	0

It is evident therefore, that so far as the wind blows at all, it is wholly favorable to the campaign now being so vigorously prosecuted throughout the province in favor of local autonomy in dealing with the liquor business.

TO RAISE THE STANDARD.

One of the items which must sooner or later receive consideration in this vicinity, and for that matter in this whole valley, is the question of raising the standard of horses and cattle. It costs more to raise a scrub than a thoroughbred, and when he is raised it is difficult to sell him, whereas first-class stock always commands a market.

It must be said that the type of horse as yet most seen in the Okanagan is not one whereof to brag. It is not beautiful, however useful it may be at times.

But the day is not far distant when beauty of form and action will be at a premium. Good blood and the gentle nature that goes with it will be in demand, and the man who has only "plugs" will find himself loaded up with goods of an unmarketable variety.

In this connection it is encouraging to learn that Mr. T. J. Smith, with his usual enterprise, is bringing to Summerland a young stallion of most distinguished lineage, to help improve the quality of our horse flesh.

The horse is Milverton from the famous Seagram stables of Waterloo, Ont. He was sired by the imported horse Milner, the brother of Bassetlaw "sire of a hundred winners." Milner is the foal of Marquesa and St. Simon. Marquesa's sire was Blair Athol, winner of the Derby and descendant of a long line of illustrious winners. St. Simon also was unbeaten and stood at the head of winning sires in England for years. In color Milverton is a very dark brown.

Mr. Smith is bringing a similarly bred horse into the Nicola Valley in which his Diamond Vale Coal Co. has large interests. He has also purchased Cannie Campbell, a five-year-old Northumberland Plate Winner, with whom he intends to defend the Gold Seal Challenge Cup won by Summerland at the big horse show in Vancouver last year.

Mayor Carrick of Port Arthur, says he has completed arrangements with the Canadian Northern railway for the erection of a hotel in Port Arthur to cost \$250,000.

John Bean, United States consul here and secretary of trade, died last Tuesday.

The Ontario legislature is expected to open the first week in February.

WHERE DOES IT COME FROM?

Summerland has broken another record. Two years ago Mr. Price Ellison, M.P.P., told an audience in Empire Hall that the weather was unprecedented for severity in the 30 years of his residence in this valley. The lowest reading in 1907 was 12 below zero at night by Mr. J. M. Robinson's self-registering thermometer. Last year it got down to 2 below for one night only. This year it has brought us back to our prairie homes by dipping to 16 at the government station in Prairie Valley. Business has been practically at a standstill, and everyone is praying for the usual speedy relief and enquiring where the ware comes from anyway, and if the earthquake in Scicily has anything to do with it. The trouble is our houses and clothing were never intended for this kind of thing.

A PRACTICAL CHURCH.

The Rev. McIntyre and the Board of Trustees of the Methodist Church at Summerland, in building a Y. M. C. A. at that town have set an example of practical Christianity that may well be emulated throughout B. C. and especially in the Okanagan. The Rev. McIntyre is a lover of clean healthy exercise, he knows full well that healthy minds are the product of healthy bodies; that the training youth receives in a gymnasium is an important step in the foundation of character; and his associates are as one with him. They know that the young man is a restless animal, he must have something to do and that the want of it leads him astray. The Methodist church of Summerland have proved that they are above the usual run of churches; and they have made a move that will be of inestimable benefit to themselves and to the people of Summerland. We heartily congratulate them. Would that one at least of our churches would follow their worthy example; they would find a willing helper in the Advertiser.—Armstrong Advertiser

Two of the most destructive earthquakes in history ocured in Southern Europe. In 1755, in Lisbon, the capital of Portugal, 40,000 persons were killed and the city destroyed.

Messina was utterly destroyed in 1783 by a series which claimed 40,000 victims in the city alone.

The San Francisco earthquake ocured on April 18, 1906. The death loss has never been definitely ascertained.

PROVINCIAL AND GENERAL.

The railway commission has issued a circular which is of interest to all parties having cases before it. It points out that in the past on hearing of applications it was shown frequently that many parties affected were not notified to be in attendance. The board now lays down the rule that no application will be received by the commission unless there is proof of service on all interests concerned. In the event of orders being consented to proof of such consent must be adduced. Not only must notice be given, but plans have to be furnished.

The honor of moving and seconding the address in the Commons in reply to the speech from the throne has been entrusted by the government to W. F. Todd, M.P. for Charlotte, N.B., who defeated G. W. Ganong, ex-M.P., and I. Turcotte, M.P., who defeated Mr. Robitaille, ex-M.P. in Quebec county. Both are new members of the House. Mr. Todd, who will move the address in reply, redeemed a constituency held for many years by the opposition, and Mr. Turcotte carried his riding against a former Labor member.

Canadians are accumulating money faster than the banks and business men can dispose of it in profitable investments, declares Consul Seyfert, commenting on a remarkable condition in Canada's financial affairs, as reflected in the October bank statement issued from Ottawa. Bank deposits in Canada during October increased \$11,362,879 while the business of the country absorbed in current and call loans only \$3,322,014.

Commissioner Donly announces the railway to Manzanillo, on the Pacific Mexican coast, has been opened. He states this puts British Columbia merchants on an equal footing with the Canadian and United States States merchants of the Atlantic coast for trade with Mexico city.

A thousand people attended the reception to Lord and Lady Grey last Thursday in Montreal, a function that marked the end of the governor-general's stay of a month in the city. An address was presented by the mayor, to which his excellency made an appropriate reply.

The Northern Okanagan Poultry Association will hold its first annual show at Enderby on January 28, 29, and 30. Liberal prizes will be offered in all classes Dr. Bell will be the judge.

SUMMERLAND CIVILIAN RIFLE ASSOCIATION

All members are requested to attend the annual general meeting to be held on Monday, 11th inst. in the Orange Hall at 8 p.m. when an account of the past year's work will be given, and plans made for the coming season.

HOUSEHOLD HINTS.

In making salads do not chop your meats and celery in a chopping bowl. Cut into the desired sized pieces with scissors. This is quicker, neater and cleaner than the old way.

When baking cake or bread if the oven gets to hot, the temperature may be reduced by placing a pan of cold water in the oven.

In preparing bread for toast and for sandwiches, where the crust is to be removed, try using a pair of sharp scissors to trim the edges. It takes much less time and makes a neater job. Keep a pair of scissors in your kitchen especially for this purpose.

For boiling salmon the water must be boiling, but for all other fish it should only be warm.

If five or six potatoes are added to the sponge, the bread will keep moist much longer.

New bread may be cut quite evenly if the knife is slightly heated.

Before cooking canned goods place in a colander and drain off all juice and rinse with cold water. The seasoning must be supplied with good fresh butter, milk, salt and pepper. Leave no canned goods in a can that has been opened. Remove at once.

To prevent salt in salt bottles from becoming damp and lumpy, when filling them put in ten to twelve pieces of rice. This will not come through the holes in the cover of the salt-celars, but will break the lumps of salt and gather the moisture; thus the salt is always dry and fine.

Oranges and lemons will keep well if hung in a wire net in a cool, airy place.

Never put salt into soup when cooking until it is skimmed, as salt prevents the scum from rising.

When the icing of a cake is difficult to cut the knife should be dipped in hot water.

When making apple pie the flavor is much improved and the apples will keep a good color if a few drops of lemon juice are squeezed over the apples just before the paste is put on.

On Tuesday evening a number of pupils who had been spending the vacation at their homes in various parts of the province, returned to Summerland to resume their studies at Okanagan College which re-opened on Wednesday.

Weather permitting, a game of hockey will be played on Balcomo rink between the teams of Okanagan College and the Maritime Provinces.

DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership heretofore existing between George Norman Gartrell, of Summerland, in the Province of British Columbia, and Charles Edward Burtch, of same place and province, under the firm name of "Gartrell & Burtch, Butchers," has this day been dissolved by mutual consent. All accounts and liabilities are to be assumed by the said George Norman Gartrell, who will carry on the business.

Signed and sealed this First day of January, in the year of our Lord, One Thousand Nine Hundred and Nine.

GEO. W. GARTRELL
C. E. BURTCH

In the presence of W. J. ROBINSON

Municipality of Summerland

Public notice is hereby given to the electors of the Municipality of Summerland that I require the presence of the said electors at the Council Chamber, Summerland, on the eleventh day of January, 1909, at 12 o'clock noon, for the purpose of electing persons to represent them in the Municipal Council as Reeve and Councillors, and in the Municipal School Board as Trustees.

The mode of nomination of candidates shall be as follows:

The candidates shall be nominated in writing; the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 p.m. on the day of the nomination, and in the event of a poll being necessary such poll will be opened on the sixteenth day of January, 1909, at the Council Chamber in Summerland.

Of which every person is hereby required to take notice and govern himself accordingly.

The qualifications for Reeve, Councillor and Trustee are as follows:

The qualification for Reeve shall be his being a male British subject, and having been for the three months next preceding the day of nomination, the registered owner in the Land Registry office of land or real property situate within the Municipality of the assessed value on the last Municipal or Provincial Assessment Roll of Five Hundred Dollars, or more, over and above any registered judgment or charge, and being otherwise duly qualified as a voter.

The qualification for Councillor shall be his being a male British subject and having been for the three months next preceding the day of his nomination the registered owner in the Land Registry Office of land or real property situate within the Municipality of the assessed value on the last Municipal or Provincial Assessment Roll of two hundred and fifty dollars or more, over and above any registered judgment or charge, or being a homesteader, lessee from the Crown or pre-emptor, who has resided within the municipality for the space of one year or more immediately preceding the nomination, or who being a homesteader, lessee from the Crown or pre-emptor, who has resided within the Municipality for a portion of the year immediately preceding the nomination, and who during the remainder of the said year has been the owner of the said land of which he formerly was a homesteader lessee from the Crown or pre-emptor, and who is assessed for five hundred dollars, or more, on the last Municipal or Provincial Assessment Roll over and above any registered judgment or charge, and being otherwise qualified as a voter.

The qualification for Trustee being any person being a homesteader in the School District and being a British subject of the full age of twenty-one years and otherwise qualified to vote at an election of School Trustees in the said School District, shall be eligible to be elected or to serve as a School Trustee.

Given under my hand at Summerland, this first day of January, 1909.

J. L. LOGIE,
Returning Officer.

INSURANCE AND FINANCIAL AGENT

SUMMERLAND, - - B. C.

Peachland

There have been no mosquitoes this week. Dr. Connolly moved into Hamilton Lang's house on Beach Avenue last week.

Miss A. E. Elliott returned to West Bank Monday morning to resume teaching.

Dr. and Mrs. Lipsett and the cat spent New Year's in town.

Mr. H. McDougall is busy getting settled in his new house this week. It is a good time to test the power of his new furnace.

Miss Ethel White returned to Vancouver last Saturday to resume her studies in the Provincial Normal School.

Mrs. and Miss Urquhart have been spending a few days with Rev. Hood in Summerland.

Rev. J. J. Nixon finds the ventilation too good in the parsonage this week, so is taking up his residence with Dr. Connolly.

Miss M. White returned to Naramata last Saturday after spending New Year's Day with friends here.

Mrs. J. R. Brown of Summerland spent a few days with her old friends Mr. and Mrs. J. B. Robinson, returning home on Monday afternoon.

Mr. W. A. Lang returned Tuesday from a trip to the Coast. He was accompanied by his brother-in-law Dr. Cameron Goodwin of Los Angeles, Cal.

The public schools opened last Monday with a fair attendance, considering the chilly nature of the weather. As a teacher has not yet been secured for the primary department, Miss Olive Young has been engaged until one arrives to take charge.

CRITICISES POSTAL SERVICE.

The Postmaster-General announces that his department is able to show a surplus on the year's operations running considerably over a million dollars. This news would be received with more pleasure by the public did it carry with it a conviction that the requirements of the people for postal facilities had been met in anything approaching an adequate degree of efficiency. In the Okanagan there will be a general feeling that a slice of this surplus could be spent to great advantage. The residents of such important places as Peachland, Summerland and Penticton have to be content during the winter months with a mail service three times a week, though a steamer calls daily at these points. Little wonder that the residents of these flourishing and

populous towns feel that they have a distinct grievance against the department! Another instance of the miserable service in this district is to be found in the manner in which the mails to Mabel Lake are handled. This district gets only a weekly service from Lumby, and a letter posted in Vernon on Thursday will not reach Mabel Lake until Friday of the following week, taking eight days to travel about twenty-five miles. Economy in the administration of a public department is all right; but when a surplus is piled up by curtailing expenses that are entirely justifiable and necessary it is time to call for a change of methods, even if the Postmaster-General should not be able to point with pride to a big balance on the credit side of the ledger. —Vernon News.

SATURDAY, JANUARY 9, 1909.

TARDY JUSTICE.

At last justice has been meted out to Abe Reuf, the boss of San Francisco. After a protracted trial he has been sentenced to fourteen years in the penitentiary, much to the satisfaction of the better element in the United States and elsewhere.

For years this scheming pettifogger and grafter, in collusion with one Schmidt, his tool, the Mayor of the city, and a group of city councillors, has held despotic sway over the affairs of half a million people. Ward politics were so organized on a corrupt basis that only creatures amenable to bribe or threat stood a ghost of a chance of being elected. Blackmail of all kinds was levied on the vice of the city. Indeed the most gorgeous hell's were owned and operated by the mayor and councillors, and woe unto the policeman who dared interfere with their preserves; woe unto the magistrate who dared to mete out even-handed justice to their proteges when arrested, and woe unto the business man who would dare make an outcry against the iniquities he knew to be rampant in the city hall. The way would soon be made hard for him in the conduct of his business; he would soon be hedged about with restrictions which gave his hated rivals a long advantage. If no vexatious enactments were on the books they would be provided for the occasion.

Stringent regulations fettered also the building trades, and indeed all operative industrial functions in the city. When the builder or other victim greased the palms of the grafters as per assessment made, the regulations were relaxed in his favor. Where the tax was not paid, endless fault was found, delays were occasioned and such

hardships entailed as made it imperative that he quit business or bow gracefully to the yoke. His patrons were not concerned with the cause of his delay; they knew only what it meant to them, and that they and their friends might better deal with some man who didn't seem to have any interruptions in his work.

Thus legitimate enterprise as well as crooks and other irregulars of all kinds were hampered, hounded or protected according as they paid or did not pay their civic blackmail on demand.

Behind the whole system was the master Black Hand of Abraham Reuf, lawyer, screening himself well, and as he thought, securely, behind a series of dummies in the Council and out of it. Into his hands a respectable share of the loot never failed to filter down silently as the dew comes down upon the grass in the night.

In the upheaval following the earthquake when they could not keep their sacriligious hands off the provisions sent to the homeless and starving by the civilized world, the patience of men reached its limit. Master sleuths were put on the trail, their records were investigated, arrest and imprisonment followed and then the long battle with the very throne of justice itself began.

For a long time the issue of that struggle seemed to be in doubt. The prisoner fared not as other male factors. His bed was made easy for him in his prison. The wheels of the chariot of justice drove heavily. Many moons waxed and waned without bringing the retributive thunderbolt to a focus on Abe's head. Grafters in other cities admired, copied and waited. Good citizens the world over looked for the issue with bated breath. And at last it has come. Wrong is on the scaffold and right is on the throne. Vice has been discouraged and Reform has been nerved for other fields of strife. San Francisco has redeemed her name by shaking off the horrid incubus, and through her throes who judged her nation by her course of action will be compelled to believe Justice is not fallen in the streets of the Republic; however she may have been staggered.

Yet surely it is a shame and no good omen that Justice should so long have parleyed with that gilded viper of our civilization.

A statement was made on Jan. 2nd to the effect that at the forthcoming convention of Ontario Liberals, Editor MacDonald, of the Toronto Globe, will be elected leader of the party. The present leader, Hon. A. G. Macay has announced his intention of resigning.

LOCAL NEWS

Mr. A. Æ. Hespelar visited Penticton this week.

Miss Rothery left on Tuesday morning for Vancouver.

The new residence being built by Dr. Lipsett is nearing completion.

Mr. W. J. Robinson visited Peachland on Monday.

Mr. Jas. English removed to his new residence on Shaughnessy avenue on Monday.

Mr. J. J. Logan of Vancouver spent Monday in town in the interests of the Presbyterian College.

Mr. T. J. Smith of Vancouver spent a few days in town leaving on Tuesday morning for the coast.

Mr. B. McLellan and Mrs. R. H. English spent New Year's at Okanagan Falls, returning Monday.

Miss Dickson, who had been visiting Capt. and Mrs. P. B. H. Ramsey for a few days returned to Vernon on Saturday morning.

Miss Ramsay and Miss Florence Ramsay returned from Vernon on Wednesday's boat where they have been spending Christmas and New Year's.

Mr. W. J. Robinson has installed a large safety deposit safe for the convenience of small business places and private parties who are not in possession of a safe. Valuables and paper may be deposited at a nominal sum.

On Saturday evening Rev. D. E. Hatt, General Secretary of Baptist Missions in and for the Province, will give one of his popular "Drummond Recitals" under the auspices of the Okanagan Lyceum, in the College Chapel—see posters for particulars.

On Monday evening another opportunity for hearing Mr. Patterson will be given when he will address a gathering in the new building on the Flat. It is expected that Mr. Hatt and others will take part at this gathering.

Two by-elections will be held on January 9th in this province. One in Revelstoke, necessitated by the fact that Hon. Thomas Taylor, the new minister of works, must appeal again to his constituents, and another in Nanaimo, necessitated by the resignation of Mr. Hawthornthwaite.

It is reported that William Sloan will probably resign his seat in Comox-Atlin to make way for the election of Hon. William Templeman.

HAPPY & PROSPEROUS

NEW YEAR.

Thanking you for your liberal patronage in the past - - I remain Respectfully yours,

E. A. GAGEL.

Naramata

R. Wilkins completed a small wood contract with the school last Saturday.

Miss White spent New Year's Day visiting friends at Peachland.

Mr. W. H. Pefley has commenced the erection of a stable on his ten-acre lot recently purchased in the sub-division.

Mr. and Mrs. O. H. Pollard of Peachland spent a short time here recently as guests of T. R. Wellband and wife.

V. Taylor and wife and family were guests of Mr. and Mrs. Mulford during the New Year festivities.

It is reported that Mrs. Scaife contemplates removing to Vancouver where Mr. Scaife has secured a lucrative position.

The recent ball given under the auspices of The Entertainers' Society on New Year's Eve was a pronounced success.

Mr. Jas. Pollock has resigned his position as stenographer in the real estate office here, and is at present enjoying a few days rest with his parents in Summerland.

During the course of the evening an informal discussion took place relative to the advisability of forming, in the valley, a Dancing Club, to hold dances at regular periods in the different towns. No action was taken.

What has struck us? What has struck us? Two things: a Cyclone and a Bread Famine. Yes, and we might add—a Ferry Famine. Yet, who'll blame the boat, or the two men in the boat, for not coming over to-night (Tuesday). Rather awkward, but—Cheer up, the worst is yet to come!!!

The many little details which go to make an affair of this kind enjoyable were looked after with that thoughtfulness for which Naramata we think will soon be noted, and all present seemed to enjoy the entertainment. If there were any exceptions it was in the case of the young men who left their young lady friends at home, thus causing a dearth of the fair sex.

OUR APPLES IN AUSTRALIA.

U. S. Shipment full of Codlin Moth—Okanagan Fruit free from Pest.

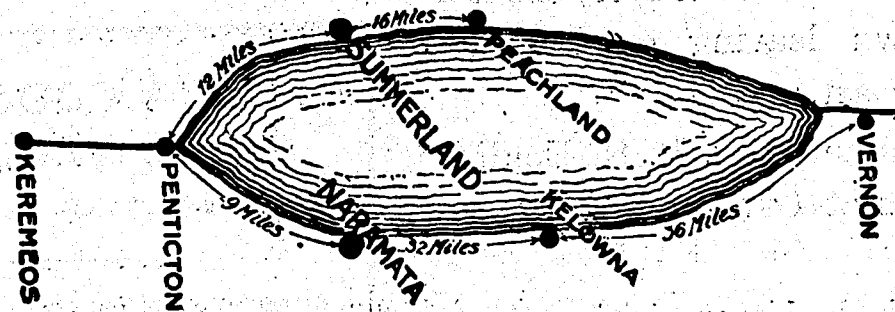

Vancouver Dec. 26.—The steamer Miowera which reached Sydney on October 24 from Puget Sound, carried 20,000 cases of American apples. Of these 5,000 were dropped at New Zealand, and 15,000 taken to Sydney.

When they were discharged in Sydney cocoons of codlin moth were found along the joints of a certain number of cases, state mail advices just received from Sydney.

Mr. Hunter, one of the firm of Walker & Co. the owners of the apples, said: "These are American apples. The Canadian ones from Lord Aberdeen's orchard by the Marama were a beautiful lot. There is a pest law in America, but at the stage when the apples have to be packed for sending here

it is impossible to see the moth. As the apple gets ripe on the voyage the grub bores his way out and gets into the case. By the time the cargo arrives the grub is in the case, not in the apples. By boiling the case and burning the paper you get rid of every infection. There can be no harm done by this shipment.

Rules for discovering counterfeit money are published in an eastern exchange. Thanks: but what we want is rules for locating the genuine article.—Ex.

LOCAL OPTION.

Editor Review,—

Permit me to draw your attention to the fact that a great wave of Temperance and Moral reform is sweeping over our Province. From the Rockies to the coast islands municipalities are organized or being organized for the purpose of signing petitions to the Government asking that a Local Option Bill be passed at the next session of the Legislature giving the people the right to say whether they will have the drink in their midst or not. Such a law would enable the people to vote yea or nay, and would be a fair way of dealing with this question for British Columbia.

We are asking that the majority rule and that the civic election day be the day of voting in every municipality and district asking for it. This is no party question, but the people's question; it has no political axe to grind, and it is hoped the Government and Opposition alike will endorse the people's wish as will be expressed by the signature of electors.

Thirty-five million people in the United States are living under prohibition or local option laws. Oregon has closed five hundred saloons during the last fifteen months at the rate of thirty a day, it is reported, and the few men engaged in the liquor business are finding good employment in better callings, while millions of dollars are going into the pockets and homes of the business and working-men. Thirteen hundred municipalities east of the rockies are under local option law and are thriving in business in consequence thereof.

Why should the beautiful Province of British Columbia be behind eastern Canada and ridden by the liquor traffic? Of all the Canadian Provinces, B.C. needs this law most. It is a fair proposition and one which must commend itself to every fair-minded man.

May I ask, Mr. Editor, for your insertion of this letter and endorsement of the principle of giving the people the right of saying YES or NO to the question before the public.

Yours etc.,

D. SPENCER,

Office: Supt. Local Option.
Vancouver.

SPECIAL SERVICES.

The services in connection with the Baptist Church for next Sunday promise to be of more than ordinary interest. Rev. W. T. Stackhouse, General Superintendent of Baptist Missions in Western Canada will be

the chief speaker on each occasion. As Mr. Stackhouse is to be present at the dedication of the new Baptist Church in Penticton on Sunday evening, there will be a re-arrangement of the times for the Baptist and Methodist services in town so as to afford opportunity for the largest possible number of our citizens to hear the distinguished preacher. Mr. Stackhouse has been one of the foremost promoters of the Layman's Missionary movement throughout Canada. A cordial invitation is hereby given to those in all the denominations interested in Missions to be present in the Methodist Church on Sunday morning at 10 o'clock—not 10-30—when Mr. Stackhouse will speak on this subject. The Baptist Sunday Schools for the day will be recalled, and at 2-30 p.m. the formal dedicatory services of the new Baptist Meeting House on the flat will be held. Mr. Stackhouse will again be the chief speaker.

The following telegram was received by Pastor Estabrook:— "Stackhouse sick. Patterson of Calgary will take dedication and other services." — Though we regret exceedingly the illness of Mr. Stackhouse, yet no more competent substitute could be found than Rev. Mr. Patterson, whom many will remember as the preacher of the vacalauate sermon connected with the closing exercises at the College last June.

FERTILIZING ORCHARDS.

Why should it be necessary to enrich the orchard soil? In the first place because there is an annual draft on the available soil plant food by the trees. We have done a considerable amount of work on the chemistry of the apple and I compute from our analysis that the following amounts of the essential elements of fertility are removed in ten years per acre (i.e., by 40 trees, when the orchard is in full bearing) : Nitrogen, 600-650 lbs. ; phosphoric acid, 135-150 lbs. ; potash, 700-850 lbs. These amounts are distributed, of course, between root, trunk, branches, twigs, leaves and fruit ; a part is locked up in the wood of the tree, a part is lost in the leaves and fruit. Compared with other farm crops, the orchard is not exhausted in the sense that term is usually applied, but nevertheless our results show the necessity for a continual supply of plant food in an available form.

Some years ago we analysed four well known varieties of apples and from the data then obtained, and assuming a yield of 160 barrels per acre, I calculate that the amount of plant food removed in the fruit from this area, per annum, would be from 9 to 10 lbs. of nitrogen, 5 to 6 lbs. of phosphoric acid and 32 to 35 lbs. of potash. These amounts are by no means excessive.

We also analysed the leaves of the apple tree, collected in May and September. We found that, as the leaves ripened, there was a considerable return of the plant food they contained to the wood so that the fallen Autumn leaves are not as rich in potash and phosphoric acid as when they were younger. However, 1,000 lbs. of the leaves in September still green and containing a percentage of moisture, would contain nearly 9 lbs. of nitrogen, almost 2 lbs. of phosphoric acid and approximately 6 lbs of potash. It has been estimated that in the fallen leaves per acre an annual loss may ensue of approximately 23 lbs. of nitrogen, 6 lbs. of phosphoric acid and 12 lbs. of potash. A part of this may, of course, be returned to the soil, but owing to high winds in the Autumn, it is extremely doubtful if much of it gets back to where it came from, unless there is a cover crop to hold the flying leaves. So far as the soil is concerned, the plant food stored up in the wood and that in the fruit must, of course, be regarded as lost.

Without unduly lengthening this paper, I cannot discuss in any detail the losses of soil plant food in other ways. If the orchard is in sod and the hay removed the exhaust is greater than that incidental to

The Opportunity of a Life Time

is now within the reach of the man with a little capital, who thinks the limits of a ten acre lot are too small to confine his attention to. Here is a property consisting of 178 acres, 28 acres of which are under water, only two miles distant from Summerland and the C.P.R. wharf, and considerably less than that from Okanagan College. The irrigable portion of the property is first class orchard land with no stones, and can all be brought under cultivation at once. The 150 acres of range land enables the purchaser to engage in dairying and stock raising pursuits, while his fruit trees are nearing the bearing stage. Just think of the extent of the holding, its close proximity to town and college, and then ask yourself the question, what would be a reasonable figure to give for such a property. Is it worth a 2-cent stamp to enquire for full information?

JAMES RITCHIE Parkdale, Summerland

the growth of the trees. If on the other hand, the soil is continuously under cultivation there follows a very considerable loss of nitrogen and destruction of humus. This fact we have established in the Experimental Farm laboratories. It is very evident, therefore, that under all ordinary conditions there must be a return of plant food if the orchard is to thrive. We think this in the majority of instances can be accomplished in the most economical and satisfactory way by the growth and turning under of one of the legumes. This class of plant might be known as nitrogen-collectors, for they are able through the agency of certain organisms (bacteria) that reside on their roots to appropriate and build up into their tissues free nitrogen from the atmosphere.

-Ex-

A meeting of great interest to fruit growers is being arranged for, to take place at Revelstoke in February, at which representatives of the various fruit growers' associations in B.C., together with representatives of the C.P.R. and express companies, will discuss the important matters of freight and express rates as affecting the fruit growing industry.

Notice

**Land Act, Osoyoos Land District,
District of Yale.**

Take notice that Robert Henry Huston of Peachland, occupation rancher, intends to apply for permission to purchase the following described land:

Commencing at a post planted about a mile in an easterly direction from the North East corner of pre-emption No. 5364, thence north twenty chains; thence west twenty chains; thence south twenty chains; thence east twenty chains to point of commencement and containing forty acres more or less.

ROBERT HENRY HUSTON.
November 30th, 1908.

LOCAL NEWS

The various schools of the district re-opened on Monday last after the Christmas vacation.

The Leggo-Willis Company billed to appear in Empire Hall on Thursday evening cancelled the engagement.

The Ladies' Aid of the Presbyterian Church held a meeting at the residence of Rev. and Mrs. Hood on Monday afternoon.

The service at Naramata on Sunday will be in the afternoon at 3 o'clock instead of at the usual hour in the evening.

The Polmatier Sisters Orchestra and Concert Company cancelled their engagement to appear here last evening.

Summerland Oddfellows expect to visit Kelowna about the end of the month when a new lodge will be instituted in the Orchard City.

The Congregational Banquet which was to have been held Friday evening in the Methodist Church has been postponed to Tuesday evening. All those who have received an invitation take notice.

A team belonging to the Summerland Fruit Company made a lively get-away on Wednesday, with a small load of hay. They were brought up a short distance south of town with only slight damage to the rig.

The steamer Okanagan stove in the end of the wharf on Thursday morning while making a landing. The steamer Aberdeen landed in the afternoon with a scow and a number of men and repaired the damage.

A meeting of all men interested in the organization of the Men's Club will be held Monday evening in the Church. The committees which were appointed at the last meeting will be asked to report and proceed with the election of officers.

Speaking of what a newspaper does for its community, the late U.S. Senator Davis of Illinois made an address, in which he said: "Each year every local paper gives from \$500 to \$1,000 in free lines for the benefit of the community in which it is located. No other agency can do this. The editor in proportion to his means, does more for his home town than any other man, and in all fairness, man with man, he ought to be supported, not because you like him or admire his writing, but because a local paper is the best investment a community can make. To-day the local papers are doing work for less pay than any man on earth. Patronize your local paper, not as a charity but as an investment."

SUMMERLAND, B. C., JANUARY 16, 1909

No. 24

BAPTIST CHURCH DEDICATED.

The dedication services of the Baptist Church on the Flat were held last Sunday afternoon. Rev. W. T. Stackhouse, secretary of Baptist Missions was to have been present for the occasion, but an attack of illness prevented his coming. His place was, however, ably filled by Rev. F. W. Patterson of Calgary.

In the morning Mr. Patterson delivered an address on the Laymen's Movement, in the Methodist Church, an exchange of hour having been arranged for the day. The address was one full of inspiration to those who heard it, but on account of the bad weather conditions the congregation was not what it should have been.

At 2:30 in the afternoon the dedication service was held in the new church. The congregation was of a very decent size considering the day. The theme chosen for the occasion was "The Place and Function of the Church," and the message was one well thought out and ably presented. In its intellectual grasp and true insight, Mr. Patterson's discourse was certainly one of the greatest ever heard in Summerland.

The true church he claimed is a living organism, growing from within, not from without. Increase in size is not necessarily growth, a pile of stones may increase but it does not grow. Growth can come only by assimilation as a life process working out from the life within. A church like all other living organisms has two functions, viz., nutrition and reproduction. The church which, as a spiritual institution, is not feeding on Christ the bread of life, is a dead thing and not a church at all; and so also is the so-called church which is not reproducing after its kind in other lives according to the law of all living organisms. To be alive is to absorb nourishment and to reproduce in its own image.

Calling on the deacons and heads of all departments of work to come forward, the Pastor on conclusion of the discourse, read over a form of dedication to which on behalf of the church they gave assent. No special appeal for help at the service was made, the pastor observing that inasmuch as the other bodies had their own burdens to carry it had been deemed wise in the canvass previously made, not to solicit their help, but if any felt disposed to assist, their

contributions would be gratefully acknowledged inasmuch as a matter of \$800.00 would have to be met to pay for labour and materials as far as they had gone, and the church has yet to be finished inside and painted without.

On behalf of the church the pastor acknowledged the kind gift of the site from Mr. Jas. Ritchie, labour from numerous friends, ship-lap for the inside from Rev. J. G. C. White and pulpit furniture from Mr. Adam Stark.

During the afternoon Miss K. C. Davison sang "Fear ye not" from Elijah very sweetly, and a new quartette made its appearance for the first time. The members are Mrs. Ritchie, Miss Haines and Messrs. Duncan and Carter. Their voices blended beautifully in "Even Me," Mr. Carter taking the bass solo. Many expressed a wish that they might be heard again in the future.

MATTERS MUNICIPAL.

Reeve and Council of 1908 Re-elected — New School Trustee for Garnet Valley.

At the meeting held in Empire Hall on Monday for the purpose of nominating candidates for the Municipal Council and School Board, but one change was made. Reeve Agur and Councillors Brown, Thompson, Gartrell and Ritchie, who composed last year's Council, were all re-elected by acclamation to serve for another year. On the School Board, Mr. S. N. Adams of Garnet Valley was elected to serve in place of Mr. Bartholomew, who resigned office. Mr. J. R. Brown was re-elected for another term.

The financial statement for the past year was laid before the electors. The full statement will appear in next week's issue of the Review.

BOOKS FOR ORCHARDISTS.

Professor Thornber, the eminent horticulturist of Pullman State Horticultural and Experiment Station, in writing to Mr. Agur, recommends the following books as well worth reading by every orchardist:— American Fruit Culturist, Thomas; Plums and Plum Culture, Waugh; Peach Culture, Fulton; Soils, Hilgard; Soils, King; Farming with Green Manure, Harlan. These can be secured through The Summerland Drug Co.

THE WEATHER.

It is probable that the people of this district feel the effects of a cold snap such as they have been contending with for the past few days more than their neighbors. But that is the fault of our system of constructing and heating our buildings rather than of the weather. We have fallen into the habit of failing to take account of such caprices of the thermometer as have been experienced during the past week. The records show that at irregular intervals of a few years cold waves descend upon us from the frigid regions up north and practically paralyze business, besides engendering an evil temper, the consequence of unaccustomed discomfort, for a time. We have hitherto failed to profit by such experiences, making no proper provision, either in our methods of constructing business establishments or dwelling-houses, against such vagaries of the weather. We are not so optimistic as to suppose the experience of the present winter will cause us to change our system of doing these things. The cold wave will pass, giving place to normal conditions, and in a week or two all the disagreeable experiences of frozen pipes, cold offices and dwelling houses and other untoward circumstances will be quite forgotten. Yet it might be well to consider that if local conditions were as other parts of this continent, the temporary atmospheric aberration would have no more effect than a gradual change from summer to winter temperature has in other places. We are not accustomed to zero weather and when we get it we assume the times and the seasons are out of joint.

COAST RECEIVES A SHOCK.

On Monday last the cities of the Pacific Coast received a slight earthquake shock, the first to occur in ten years. The shock was felt both on the Mainland and on Vancouver Island. Bellingham, Seattle and Friday Harbor seem to have received the heaviest shocks, the latter place having received three distinct rumbles, and dishes were thrown from shelves, buildings cracked and chimneys turned around. Practically no damage occurred this side of the border. Its duration is fixed by those feeling it at from 2 to 5 seconds. The recent catastrophe in Sicily being fresh in their minds, many people became alarmed and rushed into the streets.

MEETING OF MEN'S CLUB.

On Monday evening a meeting was held in the Methodist Church for the completion of the organization of the Men's Club.

Rev. McIntyre called the meeting to order. The minutes of last meeting were read and approved. The committees were then called upon to report.

The Committee on Constitution gave its report, which was not complete, but in part was as follows: The name of the organization the Men's Club of Summerland; the object, the development of physical, mental and spiritual nature of men; membership, all men shall be eligible for membership in said club, subject to rules and regulations which shall be in force from time to time; membership fee, full membership ticket which includes the privileges of library, reading room, baths, gymnasium, etc., shall cost \$10 per year, a limited membership ticket which includes all these privileges except the gymnasium shall cost \$5; a council consisting of the officers and chairman of standing committees shall meet once a month for the transaction of the business pertaining to the club; the officers of the club shall be Patron, Hon. President, Hon. vice-President, President, vice-President, Secretary, Treasurer and Physical Instructor.

The Committee of Arrangement reported that they were entering into the plans with the contractor and hoped to have a building suitable in every respect for a club.

The Membership Committee, the chairman of which not being present, reported through John Tait that there would be a membership of at least 80, Mr. Tait himself being responsible for securing over 50 of these.

Provisional active officers were elected until the building is completed and were as follows: Patron, John C. Eaton; Hon. Pres. J. M. Robinson; Hon. Vice-Pres., Price Ellison, M.P.P.; Pres., B. C. Moore; Vice-Pres., Dr. Lipsett; Sec., H. Glennie; Treas., John Tait; Physical Instructor, Fred Baker.

It was decided to begin building just as soon as the weather would permit.

On motion it was decided to adjourn to meet at the call of the president.

MISS MURCUTT'S WORK.

For fourteen weeks the city hall Sunday afternoon mass-meeting has been at times overcrowded and many have been turned away from Miss Murcutt's thrilling lectures on religious, temperance and moral subjects affecting the lives of the people. It is a good test of a woman's ability to hold to-

gether a large audience of men Sunday after Sunday and the evidence of good done is very apparent. The churches should benefit by these extra gatherings. Miss Murcutt's reputation as a speaker, as a Christian, as a woman with a heart that feels for the woes of humanity, and has ability to wield an influence, is very apparent. The local option cause is gaining much by her Sunday afternoon talks, as also by the lecture at New Westminster in the opera house after church services.—Province.

HOW TO COOK FROZEN POTATOES.

During the recent cold snap many residents had their vegetables frozen, on account having no proper place to keep them. In view of this the following method if adopted in cooking frozen potatoes, will result in the tubers being placed on the table without any trace of having been frozen. Have a pot of boiling water in the range, then drop the potatoes in one at a time, allowing the water to again come to a boil after each one has been placed on the pot. They may be left in this water until thoroughly cooked and then have the jackets removed; or again you may let the potatoes remain in the boiling water for say ten minutes, then remove and peel, replacing them in fresh water to be cooked. Do not wash potatoes before placing in pot.

Frozen potatoes baked in a hot oven show no sign of having been frozen when cooked.

Frozen apples are even more delicious if thoroughly baked after being frozen solid.

GIVE ALTERNATE ROUTE.

Line down Okanogan Valley will open up Fruit and Grazing Country.

It is understood that the Great Northern railway early in the coming spring will undertake the work of building a line from the V. V. & E. railway east of the Cascade range south through the American Okanogan river valley to Wenatchee, Wash., on the main line, a distance of about 160 miles. The final surveys have been approved, and already one-third of the right-of-way has been acquired. The northern junction point will be at Oroville, a station in the State of Washington a few miles south of the international boundary. Owing to engineering difficulties a portion of the V. V. & E. railway extending from Laurier, B. C., in the Boundary district to Keremeos in the Similkameen district makes three or four detours into United States territory.

Mr. Hill's programme would indicate that the financial situations has improved and that the anticipates an early return or commercial prosperity. The proposed line "hooking up" the Canadian and American portions of his railway system will cost upwards of two million dollars. It will not only open up a rich ranching and fruit country, but will provide an alternative route for through east and west bound freight, thus relieving the congestion of traffic over the heavier grades across the the Cascade range. The Okanogan river valley is situated east of the Cascades. The river joins the Columbia at Wenatchee. The valley has long been famed for fruit-growing and for its vast horse and cattle ranges. Okanogan county constitutes the biggest grazing tract west of Montana. Owing to its remoteness and lack of railways it harbors many "bad men" who are wanted in other states. The United States Government is now building a large irrigation ditch which will bring a large area of the fruit belt under cultivation.

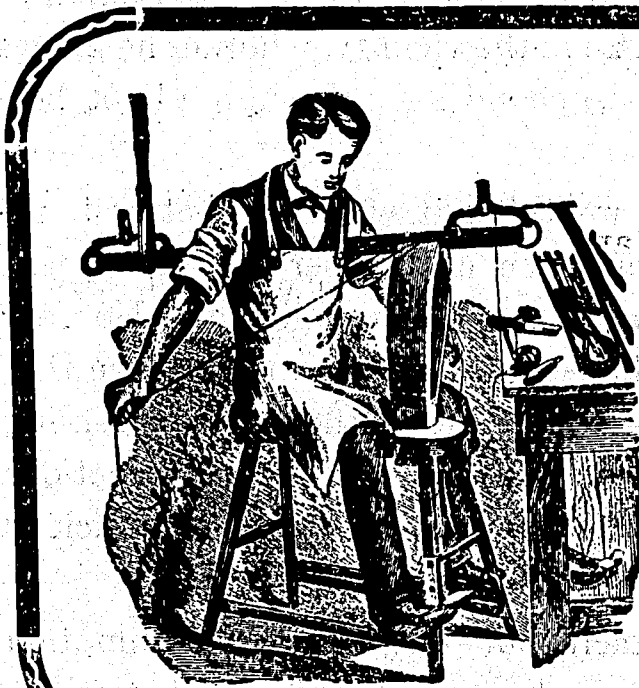

The great Northern is now building a branch line from a point 16 miles east of Wenatchee to Waterville, a distance of 62 miles. It will open up one of the best wheat-growing sections in the State of Washington. The route of the road is almost direct north. Eighteen hundred men are now employed on construction work.

The special rates accorded to clergymen by railways in Western Canada for many years have been withdrawn, and the clergy now pay full fares when travelling. Nuns still get a lower rate.

SATURDAY, JANUARY 16, 1909.

BY ACCLAMATION.

It is pleasing to note this week that a municipal election will not be required in Summerland this year, since no other names than those of the gentlemen who have served us for the past two years, with one exception, were presented in nomination last Monday in Empire Hall.

This must be gratifying also to the Reeve and Councillors. It is a fitting and delicate tribute on the part of the people to their worth as men of trust and a vindication of their stewardship. We are their debtors for the service they have rendered in looking after those matters which pertain to the welfare of us all, and which no one man by himself could do. Let us not forget that, and let us ever be careful not to cheapen the honor we have conferred by nominating in the future men unworthy in ability or character to succeed them.

Should the day ever come when the electors of this municipality no longer regard their trust of these offices as of the very highest distinction it is in their power to confer on a neighbor, on that day will begin the reign of grafters and the pain and shame of discord and loss. When Honor retires through the front door, Dishonor comes in through the back.

The reason why so many municipalities are cursed with pettiness is because the citizens have debased the coin of their favors by failing to distinguish between man and man. The old adage about birds of a feather has still its ancient meaning, in the council or out of it.

Apropos of this theme we would say we are not in sympathy with the doctrine lately advanced so vigorously at the coast and else-

where, that councillors should be elected for two years, on the ground that it takes a year to break a man in to the business. It is quite true it requires a year or even more to qualify a man, even an experienced business man, to handle well the affairs of the whole people. He has to learn what they need and how to go about meeting that need according to the forms of law, and the work has to be done full in the public eye and so far as may be, to the satisfaction of every man in the vicinity, whether he knows enough to pound sand through a knot hole or not.

Still, we think it would be better to reelect him when he has served his apprenticeship. He will be available. No fear about that—if he has reason to believe that the people understand they are conferring on him one of their most prized distinctions—one not conferred on every Tom, Dick or 'Arry who may pine for it.

The tacit but unwarranted assumption underlying the new doctrine is, that otherwise we are liable to have a Reeve and Council who are all tyros. Theoretically that is possible, but as a matter of fact such a Council (except possibly the first) is as great a rarity as the great auk. It takes some time to debase the coin of public favor and learn the thanklessness of public service, so that there are always a few old dogs left with which to hook up the new.

The most serious objection to a two year term is that when the leaven of corruption once begins to work it gets too long a start before the natural remedy can be applied. Grafters of all kinds would ask nothing better than to have the term of office lengthened. They know the public has a marvellously poor memory; that it doesn't like ancient history: that if it gets hot it soon cools off again, and that, like Dickens' Fat Boy who invariably fell asleep if left alone five minutes, all it wants is to be not aroused from its torpor to action.

Long terms make for moral obliquity, short terms for honest administration, and a year seems to be about the happy mean for the present. When human nature rises to the ideal of our socialistic reformers, where each seeks first the good of all, it will be in order to say two years, or longer if they want it; but meanwhile, taking the community as a whole, the good old annual balance sheet seems about the right thing. Better pay the councillor's election expenses the second year than take chances on the possible coronation of King Boodle.

Joseph Chamberlain publishes a New Year message reminding tariff reformers that the year will likely see a dissolution of parliament and possibly a change of government, and that therefore they must be prepared to table their practical proposals the moment the opportunity arises.

SUMMERLAND, B. C.

Peachland

Dr. A. K. Connolly spent a couple of days in Kelowna this week. While there he assisted Dr. Knox in a couple of operations.

The busiest men these days are those with a supply of dry wood for sale. A little more snow would make good sleighing for hauling.

Mr. J. Henry, of Oak River, Man., is visiting his father-in-law, Mr. Robt. Michael for a few weeks.

Miss Long of the firm of Lane & Long, left last Saturday for her home in Calgary, where she will spend the winter.

The Local Option Petitions to the local member and the Lieut. Governor have been very largely signed and were forwarded to the capital this week.

Mr. Wm. Miller has taken the contract of putting in half a million feet of logs for the West Bank Saw Mill. He expects to begin operations next week.

Miss M. Kinney of Strathcona, Alta., arrived the first of the week to take charge of the junior room of the public school. Miss Kinney has a first-class certificate of qualification and has filled positions in several large schools with marked efficiency.

Mr. and Mrs. Wm. Robinson of Brandon, Man., are visiting their daughter, Mrs. Seaton. They were among the old timers in the settlement of the Brandon district and are now anxious to find a milder climate in which to spend their old age. Although they arrived here in the cold spell they have about decided to buy a small lot here and make this their home.

Word arrived last week that the letters patent making us into a municipality had been issued and the municipality gazetted on the 7th. Nomination is on the 18th and election on the 25th. So far two men are definitely in the field for the Reeveship and by the 18th more may be. As at this election there are no wards, the councillors may be chosen without regard to location of residence.

Mr. Hagar of the B.C. Central Exchange was advertised to address the Peachland fruitgrowers Monday evening, but failed to appear. As a good many members of the association were at the meeting the evening was spent discussing local matters. The most important item of business transacted was the annulling of the contract, which had existed for over a year, between the association and McCall & Freele, for the supplying of flour and feed. This was an-

nulled by mutual consent of the contracting parties. Henceforth Messrs. McCall and Freele do business as an independent firm.

Kelowna board of trade will present Mr. DeHart with a valuable souvenir in recognition of his success at the Spokane fair.

It is generally conceded that apples attain the highest perfection where there is snow and frost during winter. The quality of our crop should be assured.

Fifteen hundred Ragged School Union children in London, Eng., had a substantial dinner last week provided by funds subscribed by friends in Victoria, B. C.

A boy compared the adjective

Naramata

The Maud Moore in making her landing on Friday headed for the mill where she landed freight and her passengers, Mr. and Mrs. Gillespie, Mrs. Wellband and W. J. Robinson.

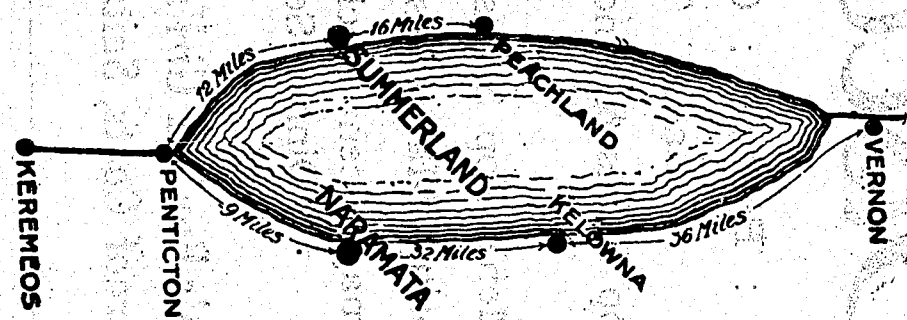

Mr. and Mrs. Pittman have taken up temporary quarters in one of the Hotel cottages. Mr. Pittman has purchased a few choice lots from D. McKay but contemplates settling upon a fruit farm if the winter's residence here will seem to justify his remaining permanently.

About fourteen of our young people made a surprise visit on Wednesday evening to the home of Mrs. Scaife, who leaves here shortly to join her husband at Vancouver. Progressive whist was the order of the evening the same being interspersed with selections on the phonograph which was operated by Messrs. Nuttall & Crawshaw. After a delightful supper, which by the way did credit to our lady visitors, Mr. Thomas Kenyon, on behalf of the friends present, made a neat little speech, and presented Mrs. Scaife with a silver card tray as a small token of regard. A very pleasant evening was spent and very much enjoyed by all present. We all hope both Mr. and Mrs. Scaife will have the best of luck and health in their new home.

The Athletic and Aquatic Association held their annual business meeting Jan. 6th. The chief items of business were the reports from the officers of 1908 and the election of officers of 1909. From the reports handed in, it was evident that the association was in a very prosperous condition indeed. Since its inauguration the club has conducted successfully two public sports days, the Regatta in August, and the Turkey Shoot and Athletic Field Events on Thanksgiving Day. The treasurer's report showed a credit Balance of about \$45.00. Mention should be made here of the Reading Room and Library initiated recently, on a small scale. The privileges of the Library are free to members, and the nominal fee of \$1 is taxed non-members. The list of books is held over till next week. If you're interested you'd better clip the list out. The election of officers resulted as follows: Hon. Pres., J. M. Robinson; Pres., H. Hill; Vice-Pres., T. H. Booth; Secy-Treas., W. Lund; Librarian, T. H. Booth; Auditor, Geo. Wolstencroft.

The people of Naramata feel justly indignant at the authorities of the Okanagan for neglecting to make their regular calls here this past week. We can find no justification for thus giving us the 'go by,' though it would not be hard to suggest several excuses. The captain's eye-sight may be defective and he couldn't see to land, or the imagination of that genial official may have been more active than usual during the storm enabling him to detect

large masses of frozen ice near the wharf, making landing dangerous--impossible--but there was a clear passage to the wharf, and to land was neither difficult nor dangerous. We think that their contract to carry and deliver and receive the mail is a definite one—one not to be easily neglected. It is understood that our post-master, Mr. J. S. Gillespie is in communication with the post-office department at Ottawa, and it is hoped that a repetition of this carelessness on the part of our friend the Okanagan may not occur.

Eagel & Co., Grocers, Summerland.

PROVINCIAL AND GENERAL.

Simultaneously with the apparently admitted failure of the B. C. Fruit & Produce Exchange to handle satisfactorily the fruit crop last season, comes the intelligence that another organization, having the same purpose, has been formed in Vernon. For the sake of the industry and the pockets of the growers it is hoped that those behind this latest scheme will conduct the business on more capital than \$750. This lack of capital has been the rock of shipwreck for the Revelstoke concern as well as others that could be named. Fruit-growers are now, naturally, chary of these co-operative selling agencies, and we think that those behind the one under review would meet with a greater measure of confidence if they informed the public as to the names of the gentleman taking a prominent part in the work of organizing.—Observer.

St. John's, Nfld., Dec. 17.--The worst blizzard experienced in Newfoundland for many years has been raging for days, and heavy damage has been done to fishing vessels, a number of which have been blown ashore at various points. No loss of life has yet been reported, but it is feared that several schooners have been blown to sea or sunk. Traffic on land is at a standstill.

Premier Roblin states the joint answer of the western premiers to the request of the grain growers for nationalization of elevators was that it would cost fourteen million dollars, so it is certain the control will be taken by the provinces instead of out-right purchase.

It is reported here that the Canadian Pacific railway will this year spend \$30,000,000 on construction work on its Western division. Second Vice-president W. Whyte will leave this week for Montreal to present the proposition to the executive committee of the company.

The worst storm in the history of the Crow's Nest Pass division of the Canadian Pacific railway is now raging. Engines are all tied up, the snow being mountains high. The weather is intensely cold, the thermometer registering 50 below zero at many points.

At the present time there are five houses quarantined in Calgary for smallpox, two for diphtheria and two for scarlet fever. In the smallpox hospital there are seven patients and isolation hospital four patients suffering with scarlet fever.

The Opportunity of a Life Time

is now within the reach of the man with a little capital, who thinks the limits of a ten acre lot are too small to confine his attention to. Here is a property consisting of 178 acres, 28 acres of which are under water, only two miles distant from Summerland and the C.P.R. wharf, and considerably less than that from Okanagan College. The irrigable portion of the property is first class orchard land with no stones, and can all be brought under cultivation at once. The 150 acres of range land enables the purchaser to engage in dairying and stock raising pursuits, while his fruit trees are nearing the bearing stage. Just think of the extent of the holding, its close proximity to town and college, and then ask yourself the question, what would be a reasonable figure to give for such a property. Is it worth a 2-cent stamp to enquire for full information?

JAMES RITCHIE - Parkdale, Summerland

METHODIST CHURCH

Service each Sunday alternating with Baptist service morning and evening at 10.30 and 7 o'clock. Sunday School at 11.30 each Sunday morning. Prayer Meeting Wednesday evening at 8. Choir Practice Thursday evening.

R. J. McINTYRE, Pastor.

PRESBYTERIAN CHURCH

Services in Empire Hall at 10:30 a.m. and 7 p.m. alternate Sabbaths. Sunday School at 11:30 every Sunday. Strangers Welcome.

JAMES HOOD, Pastor.

BAPTIST CHURCH

Service in Methodist Church at the Front, morning and evening on alternate Sundays. On Siwash Flat at 3:30 p.m. every Sunday. Sunday School on Flat at 2:30.

REV. H. G. ESTABROOK, Pastor.

Notice

Land Act, Osoyoos Land District, District of Yale.

Take notice that Robert Henry Huston of Peachland, occupation rancher, intends to apply for permission to purchase the following described land:

Commencing at a post planted about a mile in an easterly direction from the North East corner of pre-emption No. 5364, thence north twenty chains; thence west twenty chains; thence south twenty chains; thence east twenty chains to point of commencement and containing forty acres more or less.

ROBERT HENRY HUSTON.

November 30th, 1908.

LOCAL NEWS

Mr. and Mrs. Galbraith of Port Hope, Ont., are visitors in town and expect to remain here for two or three months.

The banquet which was to have been held on Tuesday evening in the Methodist church, has been postponed indefinitely.

Mr. Wellington Watson, who has been spending the past few months in Manitoba, returned home on Wednesday evening.

Mr. T. C. Stinson removed this week into the house recently purchased by him on Shaughnessy Avenue.

The Orangemen will hold a Royal Arch meeting on Tuesday evening when a number of the brethren will be initiated into the mysteries of this degree.

Mr. John Steenson, our popular baseball pitcher, has been confined to the house during part of the week with a slight attack of pleurisy.

Next Sunday evening in the Methodist church the pastor R. J. McIntyre will take as the subject of his address "John Wesley the founder of Methodism."

Several Belgian hares have been seen near town lately. They should be remorselessly hunted down. One hare in an orchard will do as much mischief overnight as ten cows, by chewing the bark off the trees.

The steamer Okanagan for the past few days has been making Summerland her southern terminus, owing to the congestion of ice at the foot of the lake. The steamer Aberdeen has been attending to the business between this point and Penticton.

Mr. and Mrs. D. Williams were the recipients on Tuesday evening of a handsome music and bric-a-bac cabinet by the choir and several members of the Presbyterian Church, as a token of their services in connection with the choir. A pleasant evening was spent by those present.

The annual meeting of the Presbyterian Church was held in Empire Hall on Thursday afternoon. The financial statement showed the Church to be in a flourishing condition. The question of holding services on the Flat came up for discussion and it was decided to engage the school building for that purpose, and to hold services every alternate Sunday on the Flat and down town. Other important matters in connection with the church were also discussed. It was unanimously decided to take no action for

the present in connection with the erection of the proposed new church.

On Thursday afternoon Mrs. Adam Stark gave a delightful afternoon tea to friends at her pretty home. Miss Anna Hayes and Miss Gwendoline Robinson assisted the hostess during the afternoon. Among those present were: Mrs. McIntyre, Mrs. Robson, Mrs. Scott, Mrs. Stinson, Mrs. Hayes, Mrs. J. M. Robinson, Mrs. Hood, Mrs. English, Mrs. Dr. Lipsett, Mrs. Watkins, Nurse Sinclair, Mrs. Lapsley, Mrs. Moreland, Mrs. Thornber, Mrs. Urquhart, Miss Eedy, Miss Urquhart, Misses Hayes, and Miss G. Robinson.

The Summerland Review

THE YEAR 1909.

The dawn of 1909 is full of promise and for British Columbia contains many happy auguries for prosperity. We are at peace with the world and with ourselves. Never has the province made greater strides than during the last five years, and never has the promise for still greater progress for the next year and succeeding ones been as bright as it is to-day.

In a material way we are on the eve of tremendous developments. The wheat belt is at last awaking to the fact that the natural, economical outlet of its harvests is by the Pacific through British Columbia and this port. That fact alone is fraught with enormous possibilities. In 1884 the prairies produced one million bushels. In 1908 the production was a hundred millions. The Wall Street Journal from careful calculation estimates that in ten years our production will be 500,000,000. I think the Journal may be behind the mark at that.

Immigration to Canada for various reasons fell off 40 per cent. on the whole, but that of the West for settlement increased. In two months of the past autumn over 23,000 acres were pre-empted by settlers.

The splendid crop of 1908 and the resulting prosperity of the West has once more turned the eyes of the world to Western Canada as a field of settlement, so that we may expect a tremendous accession of immigrants to the prairies next year and the years to follow.

It is from that tremendous field of production the golden stream of grain will pour through this port into the markets of the world.

It is estimated that in ten years the value of the prairie products will be \$700,000,000 annually—it is now \$140,000,000. It will be into that enormous market of consumption that British Columbia will pour the output of innumerable factories and workshops, the fruit of millions of acres of orchard, the harvests of the sea, the product of great mines, vomiting forth millions of tons of coal, iron and copper. British Columbia will have those markets because she has the geographical advantage of all other producers. Cars will come in here laden with wheat and return with coal and fruit and the handiwork of our toilers. And all these things are within sight—the movement has already begun.

The great railway corporations have fore-

seen this development. That is why the C.P.R. is reducing its grades in the mountains at the cost of millions. That is why the Northern Pacific and the Great Northern have spent half a million in the past ten days securing yard and terminal sites in False Creek in this city.

The railway companies see what is coming. They see the frost-bound eastern ports grown too small for the western crop, or rather the crop grown beyond their frozen possibilities. The few weeks of navigation on the lakes and after that the long, long rail haul to the Atlantic is not even now adequate to handle the western crop. What will they be when that crop is ten-fold what it is to-day? In five years Vancouver will be one of the greatest, if not indeed the very greatest, grain shipping port in the world.

With such a commerce this city will be the lodestar of the wealth seekers and workers of the four corners of the earth.

And there is no "if" about all this. It is written so clearly as a fact of the present and a development of the future that he who runs may read. So we of British Columbia, and especially of Vancouver, look upon the advent of 1909 with buoyant anticipations of a great and wonderful growth for the new year and succeeding years.—Saturday Sunset.

SUMMERLAND, B. C., JANUARY 23, 1909

No. 25

DRUMMOND RECITAL.

Rev. D. E. Hatt charms his audience in Okanagan College.

On Tuesday evening last Rev. D. E. Hatt, B.A., Supt. of Baptist Missions for British Columbia, gave his postponed recital of Dr. Drummond's poems in Okanagan College chapel under the auspices of the Lyceum, which is the literary society of that institution. The night was dark and the roads were in a bad way because of recent heavy rains, but neither bad night nor bad roads availed to spoil the evening. The chapel was well filled by an enthusiastically appreciative audience who went home happier than when they came.

Principal Sawyer as honorary president of the Lyceum occupied the chair. After a brief and flattering introduction of the guest of the evening, he called attention to the printed programme and yielded the floor to Mr. Hatt.

Which was wise. Mr. Hatt needs the whole platform when he gets warmed up to his work, and once fairly started he carries a full head of steam to the terminus. His audience is whirled along with him. There was no such thing as sleep en route the other night and only time to gather two or three sprays of sweet music presented by Miss K. C. Davison and Mr. Ward Duncan.

Mr. Hatt looks the part, feels the part, acts the part. His magnificent physique; his dark complexion; his masses of black wavy hair; his smooth accents; his tremendous energy and his sympathetic and lively interpretation of the peasant or voyageur of Lower Canada, admirably fit him to present the stirring characters of Dr. Drummond's poems. Those who heard him will not soon forget his impersonation of the wild and roystering Johnny Courteau. The real thing could not have been, as a spectacle, much more interesting.

But there were other numbers—De Habitant, When Albani Sang, The Fox Hunt, The Wreck of the Julie Plante, Dominique, Johnnie's First Moose, De Stove Pipe Hole, Getting On, Les Vieux Temps and De Last Portage, and not a weak or uninteresting one among them.

Drummond, like Shakespeare on a larger scale, "holds the mirror up to Nature's face." The heart simplicity, the humor, the vigor and movement and the deformed English, with its strong foreign accent in recital, added to the fact that the field was one previously all but unknown, and so a distinct literary "find"—all this

has made Dr. Drummond's poems take a leading place in our Canadian literature and given them a place in the larger world of literature outside.

Mr. Hatt very generously gave all proceeds of the evening to the College; but he gave more; he has given to many, by his vivid interpretation of Dr. Drummond, a new, larger and kindlier understanding of the million or so of our French Canadian countrymen in Quebec, and in doing that he has rendered valuable service both educationally and as a patriot.

PRIZES FROM SPOKANE.

Citizens Who Won Honors at the Recent International Apple Show.

It was perhaps not generally known that Summerland took a small exhibit to the big apple show in Spokane some weeks ago. There was no long and careful preparation for the event; no tender choosing and caring for special trees; no special thinning, no canvassing of the finest fruit of all the finest orchards to get the consummate products of the whole, just a hurried pick of the best that was offering after the bulk of the crop had been sold or selected for the Government car of exhibit in the old country.

Messrs. Simpson and Ross were sent in charge of the exhibit by the few gentlemen contributing. They travelled in a modest way, found the corner allotted them, arranged their fruit in a tasteful manner and were on hand to give information to all inquiries. They did not go with a gripsire full of money, did not deck their exhibits out in folds of expensive silk and velvet and did not have a city florist come up every morning to garnish their exhibit with expensive roses and chrysanthemums. They had no such instructions on leaving home. And, naturally, where a competition is so elaborate and the best of the rival fruits probably so nearly alike as to make judging in the last degree difficult, it is just such little fine touches of setting that must go a long way unconsciously to tip the beam of judgment.

If there is one thing for which Mr. De Hart of Kelowna deserves credit more than another, it is for the splendid appreciation he showed of what would be required in that international event. He spared neither pains nor expense and was on hand to super-

wise in person every detail of the exhibit he had so thoughtfully and tastefully planned. For this he deserved the generous praise he has received throughout the Okanagan. He merited the magnificent triumph he scored and there is surely no citizen in these parts so poor in soul as to begrudge it to him or the community he represents.

But for all that it is not clear that this part of the valley might not, under other circumstances, have divided the spoils more equally with him. Had our fruit been gathered, not from a few acres but from hundreds; had it been selected in anticipation long before it matured, and had the hearty sympathy of the whole community been enlisted in its selection; and then had the debut been made on a scale commensurate with the lofty character of the occasion, there is little doubt but that a larger share of the honors would have come our way.

As it was, our fruit display won praises from all who saw it. One representative English buyer assured Mr. Simpson if Summerland could raise fruit so excellent in flavor and so uniform in size as that displayed, it need never fear for a market as he would be glad to take all they had and pay right prices for it too.

Many were the enquiries as to the district from which our apples came, the average American finding it hard to realize that they were grown in Canada.

Prizes.

But the little Summerland exhibit elicited more than words of admiration; it won more solid tributes from the judges as follows:

Best three-tier box, any variety, in any exhibit, open to the world outside United States; first prize, won by Mr. Thos. Dale with Northern Spies.

Paragon apple, first prize, won by Mr. J. J. Mitchell.

Hubbardson Nonsuch, second prize, won by Mr. Jas. Gartrell.

Salome and Rhode Island Greenings, medal and diploma, Mr. McKenzie.

White Winter Pearmain, fifth prize and diploma, Mr. Jas. Gartrell.

Yellow Belle Fleur, fifth prize and diploma, Mr. Thos. Dale.

If these things can be done here now with the few acres of mature orchards we possess, surely Summerland may expect to more than hold her own against all-comers, when the hundreds of acres she has planted are in full bearing and her people have better learned the fine art of presenting the excellent products they have for sale.

FORTHCOMING CHORAL CLASS CONCERT.

"There is a charm, a power, that sways the breast;

Bids every passion revel or be still;
Inspires with rage, or all our cares dissolves;
Can soothe distraction and almost despair."

So sings the poet and after hearing a rehearsal of the choral class of Okanagan College, we realized that the name of this magical charm is—music.

Judging from the finished performance which we were privileged to hear, the members of the Society have been put through a most thorough course of training during the past term, and it is evident that in the choral class Summerland possesses a musical organization of which any town might well be proud.

The various parts of the chorus are well balanced, giving the effect of a most harmonious ensemble and the solo work is effectively rendered by singers of marked ability.

Every organization is the reflection of a personality, and to the truly artistic interpretation of the conductor, Miss K. C. Davison, is due the perfect tonal shading and expression with which the singers enter into the spirit of a crashing Viking song, the gay abandon of a Bridal Chorus on the reverential hush of the Benedictus.

We understand that the society intends giving a concert in the near future and we trust that the townspeople will take advantage of the opportunity of listening to the performance of this high-class musical organization.

A NEW DEPARTMENT.

Okanagan College has decided to add another department to the literary, musical and business activities already in play. The new thing is a department of elocution and physical culture. The enlargement of operations was made the other day at a meeting of the Board of Governors of the College, and it is understood that the new chair will be offered to Mrs. Van Spankern. Mrs. Van Spankern is a teacher of experience having served some time on the staff of a college in Iowa in that capacity before removing to Lethbridge, Alta, from which point she came to Summerland last fall.

If Mrs. Van Spankern can do as excellent work in the class room as she does on the platform, then Okanagan College is to be congratulated on having secured her services as a teacher. Her public work shows the true dramatic insight and instinct with a fervor and finish that are irresistible.

The college enrollment is now 81.

ANOTHER FIRE AT PENTITION.

A second fire within a few weeks has occurred at Pentiction. On Tuesday evening a couple of business places were burned with considerable loss. The reflection of the blaze was quite visible in Summerland. Would it not be a capital idea for the chief of the Summerland volunteer brigade to see to it that the equipment is in perfect

Peachland

Dr. Boyce of Kelowna spent Friday evening in town.

Miss Flora Needham is spending a few days with friends in Penticton. She is expected home the last of the week.

Mr. O. H. Pollard set out for Winnipeg by Saturday's boat after spending a few weeks with his family here.

Mr. J. L. Vicary went to Penticton Monday on business in connection with the South Okanagan Land Co. He returned Tuesday morning.

Master Osborne Needham met with a nasty accident Wednesday afternoon. While riding a cayuse at full speed it slipped and fell on a crossing and severely bruised his leg below the knee.

Mr. and Mrs. C. E. Newell of Calgary, representing the Canadian Amusement Co., are in town this week giving moving picture show and illustrated songs. Those who have attended so far pronounce it a very good entertainment indeed.

The following is an extract from a letter received by a lady resident in Peachland:— December 11th, 1908: We went to the Christmas Fat Stock Show at Islington, London. It was a splendid show. We saw the Peachland fruit, it looked splendid. King, the seedsman, had also some fruit there, looking very nice, but nothing to the B.C. fruit.

Nominations were held in the Orange Hall last Monday for the different offices of the new Municipality as well as for School Trustees. That the electors are taking a very lively interest in the new organization is evidenced by the fact that there were no acclamations, every office is to be contested. For Reeve, Mr. J. L. Vicary and Mr. W. A. Lang are the nominees, while for Councillors no less than eight nominations were received by Mr. H. McDougall, returning officer. The following are the aspirants for office: Messrs. S. F. Calender, M. N. Morrison, S. D. McCall, R. H. Houston, C. G. Elliott, Octavius Pope, R. J. Hogg and John Gummow. For School trustees the following were nominated: Miss Minnie Smith, Messrs. P. N. Dorland, A. J. C. Clarence, A. N. Pope, Jno. McLaughlin, Jno. Drought.

D. D. Mann, of the Canadian Northern railway, denied the story that his road had taken over the Wisconsin Central to get in to Chicago.

EDITOR CLEMENT MARRIED.

There took place on Wednesday last in Mount Pleasant Church, Vancouver, a double wedding, half of which is of particular interest to the people of Penticton, for in this ceremony they see one more of their bachelors stepping over the line to join the order of benedicts. At 10.30 Miss Hattie Lonsdale Burritt, daughter of Mr. and Mrs. Oscar Burritt, was married to Mr. William James Clement, editor of the Penticton Press. The Review extends its congratulations to Mr. and Mrs. Clement and wish them happiness and prosperity in their wedded life.

A boy compared the adjective "COLD" as follows:—

SATURDAY, JANUARY 23, 1909.

IT MAKES TROUBLE LATER.

Remarks in English journals like the following from the Standard of Empire make trouble later for innocent souls misled thereby:—"A lady who has had very extensive and varied experience in Canada furnishes some very interesting comments on the position of the woman-worker in the Dominion. Perhaps, says the writer, the first demand of the people of Canada in the female labour market is for lady helps and domestic servants. The Canadian housewife is crying out for a capable woman to come and be a companion to her during the hours that her husband is away about his daily business, and to share with her the work of the house, and, be it added, the social life of her circle. The Canadian lady does not sit in a cushioned apartment and issue her orders through a speaking-tube to her domestic servant. She more often dons the holland apron and turns up her sleeves, and tackles the work of the household by her side; and she feels herself, and everybody acknowledges her to be, no less a lady on that account."

It is to be greatly feared that the "lady" who is responsible for the foregoing has a brain that is much smaller than her heart. Either that or we are blind in one eye and can't see out of the other. We may not know the old land. Indeed we do not pretend to know much about it. But we do think we know something about Canadian methods, manners, customs and conceits, seeing that we have grown up among them; and if we know anything at all the Standard's correspondent is at least a thousand miles out of her reckoning and dismantled and water-logged at that, when she holds

that "the Canadian housewife is crying out for a capable woman to come and be a companion to her during the hours that her husband is away about his daily business, and to share with her the work of the house, and be it added, the social life of her circle."

Such a statement may not be malicious in its intent but it certainly is in its effects. The innocent English girl believes it and packs her grip for Canada. The prospect of being a "lady help," a dear companion, and possibly the "guide, philosopher and friend" to her less fortunately located colonial sister, is ever so much brighter than being just plain Jane or Susan at home. It is irresistible. In the goodness of her heart she determines to be faithful and true as a domestic missionary to the benighted, where-soever her lot may be cast, and so sets sail for a world of which she knows about as much as we do of the planet Mars.

Alas, what a disillusionment awaits her when she comes up against that capable, clear-brained Canadian housekeeper who entertains a Governor, executes Wagnerian operas and makes pies with equal facility and finish. Her well-mulled intentions to be a companion and a friend, don't get even so far as an expression. There is something about that lady's tone, eye and manner which somehow doesn't invite to tender confidences. She finds she is not expected to lay an extra plate for herself at the family table; is not invited to join the musical circle around the piano and is not introduced to the Governor and his party at the luncheon. In fact her sphere as it speedily develops, is to be bounded by the kitchen and "upstairs" with regular excursions into the dining and drawing rooms in which she is supposed strictly to be like good little children, seen but not heard.

So she sits down amid the ruins of the castles of her dreams, bitterly disappointed, sullen, disheartened and not caring a penny whether her new mistress is pleased with her work or not, and rather spitefully hoping she may not be.

And she is not, as may be readily guessed, and Jane is soon hunting another "place" and her mistress is registering another vow that she will work her fingers to the bones or employ any other kind of girl under heaven, but never, no never again will she have anything to do with one of those insufferable, English incapables.

Domestic help is needed sadly, badly; and if the English girl will come as such, respecting herself by keeping the dignity of her own personality, doing the work assigned to her and doing it cheerfully and

well; doing it as her mistress wants it done, whatever her own notions may be, and regarding it as the plumber, the mason and the carpenter regard theirs, as the honest and honorable share of the world's work and happiness appointed unto them—if the English girl will come out and so mind her own business. she will find a welcome and win from her employer in due time that respect which it is impossible to withhold. And others will respect her too, as they hear that she has made a success in her own sphere as her mistress has in hers.

The Standard has made a bad mistake. Domestic help is wanted in Canada, beyond question; but till our virile Canadian type of civilization has ripened to the weakness of senility and decay, the other variety, the "lady help" and "lady companion" is likely to remain a parasite upon our social order. At the present moment unless our knowledge of Canadian women is most grievously at fault, the heartfelt prayer of every one of them is "From such, O Lord, deliver us."

A meeting of great interest to fruit growers is being arranged for, to take place in February, at which representatives of the various fruitgrowers' associations in B.C., together with representatives of the C.P.R. and express companies, will discuss the important matters of freight and express rates as affecting the fruit growing industry.

PROVINCIAL APPLES.

London Paper Praises Qualities of the Fruit.

It is quite certain that any children who may visit the exhibition of British Columbian fruit now on view at the Imperial Institute will be converted into enthusiastic emigrants on the spot, says the London Chronicle of a recent date. Such wonderful masses of rosy apples, so perfect in shape, so rich in color, so gigantic in size, have rarely, if ever, been seen in this country before.

Lord Strathcona, who opened the exhibition, remarked that everyone could there see for himself what a wonderful country for fruit-growing British Columbia was. In the southern parts more tender fruits, such as peaches flourished. The country was extremely healthy, chiefly owing to the dryness of the air. The fruit-growing experiments initiated by Lord Aberdeen had proved very successful and profitable, and had been of great advantage to the Dominion.

PROVINCIAL & GENERAL.

A. S. Goodeve, M.P. for Kootenay was given a royal send-off by his Rossland friends on the eve of his departure for Ottawa.

Cranbrook council and school board are quarreling over a \$50,000 by-law the trustees want rushed through to put up a new school.

Armstrong has decided to buy the electric light plant in that town for \$24,000, the people being in favor of municipal ownership.

As a result of a cut in the C.P.R. grain rate to the coast it is now expected that a great deal of the product of Alberta prairies will be shipped via Vancouver.

Cable advices from England state the Imperial Government has renewed the overseas mail service with the C.P.R. for the sum of \$225,000 per annum, and has agreed to allow a longer period for transportation, namely thirty-five and a half instead of thirty-four days between Liverpool and Hong Kong.

The Licensed Victuallers' association of Winnipeg has begun a campaign to have the approaching legislature modify the local option laws by which a majority vote cancels the license to a three-fifths vote and compensation in form of heavy annuities given for bars closed. Apparently a finish fight between saloon keepers and the temperance element is rapidly approaching in Manitoba.

The Opportunity of a Life Time

is now within the reach of the man with a little capital, who thinks the limits of a ten acre lot are too small to confine his attention to. Here is a property consisting of 178 acres, 28 acres of which are under water, only two miles distant from Summerland and the C.P.R. wharf, and considerably less than that from Okanagan College. The irrigable portion of the property is first class orchard land with no stones, and can all be brought under cultivation at once. The 150 acres of ground enables the purchaser to engage in dairying and stock raising pursuits, while his fruit trees are nearing the bearing stage. Just think of the extent of the holding, its close proximity to town and college, and then ask yourself the question, what would be a reasonable figure to give for such a property. Is it worth a 2-cent stamp to enquire for full information?

The Summerland Review

LOCAL NEWS

Mr. Chas. Burtch returned from a visit to Kelowna on Monday evening.

Summerland Lodge No. 2036 L.O.L. conferred the Royal Arch degree on a number of candidates on Tuesday evening.

Mr. Jas. Ritchie has commenced to build his estate office upon the Flat next lot to the Store.

Work has been started on the excavation for the building for the Young Men's Club and is being pushed during the fine weather.

Contractors have again resumed operations on road improvements throughout the district since the weather has moderated, and is once again a real Okanagan climate.

On Sunday morning last Rev. Jas. Hood occupied the pulpit of the Methodist Church at Penticton in the morning, Rev. R. J. McIntyre taking the Presbyterian service here in the morning.

A meeting of the Curling Club will be held in the Hotel on Saturday afternoon at 4 o'clock to arrange for the Vernon Bonspiel and all members are particularly asked to attend promptly. Please be there.

The local Freemasons are getting busy. Having received their dispensation from Grand Lodge, they meet this afternoon (Saturday) in the Orange Hall to elect their principal officer and arrange some formal business.

Our attention has been directed to the fact that private parties have of late been cutting wood on road and street allowances. This practice is against the laws governing the Municipality, and persons continuing such are liable to prosecution.

The offices of Municipal Council have removed to the premises recently occupied by Mr. Chas. H. Cordy. The new Council is considering ways and means of providing a more suitable place in which to meet, and which will also allow room for a public hall and bandroom. The latest idea is to secure the upper floor of the building now occupied by the Fruit Company. Should this meet with the approval of the Council, an outside stairway would be erected. Inside, two separate apartments would be petitioned off, one for the office of the clerk and the other to be used to keep the band instruments, etc., the balance of the hall being available for public gatherings. The idea is a good one and is meeting with general approval.

The Canadian Amusement Company will give an exhibition of moving pictures, illustrated songs, etc. in Empire Hall on Tuesday, Thursday and Saturday evenings of next week. The eastern press speaks highly of the show.

THE WEATHER.

Once more the weather has resumed normal conditions. On Sunday evening, after a gradual breaking away from the cold spell prevailing throughout the valley for two weeks, a heavy downpour of rain followed by warm, bright days has taken all the snow away, ruined the skating and curling, and residents are now enjoying spring weather, windows and doors being thrown open to admit of the balmy breezes. Motor boats and canoes have been visible on the lake for the past few days, and generally things are getting back to the regular routine of affairs.

Mrs. Scaife and family left on Saturday for Vancouver.

Mr. Harold Sharpe has gone to Vancouver where he expects to reside.

Mr. and Mrs. Pittman have moved into their snug little home to the south of the town.

Mr. A. G. Robertson visited Penticton on Tuesday. He reports a much heavier fall of snow at that end of the lake.

By the way, have you seen the ferry? Has it drifted down to the ice jam pile at Penticton? has it frozen up in the sunny waters of Summerland?—maybe it has been "hailed up" and is waiting for its trial to come off. This irregular ferry accommodation at present is, let us hope, soon to end, especially so if the present state of the lake continues.

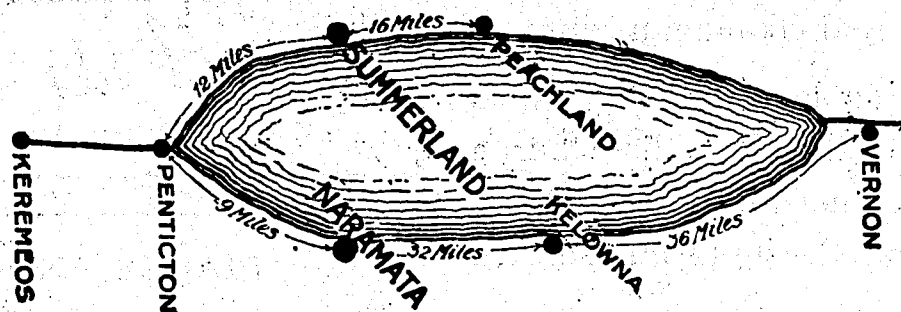

Mr. and Mrs. T. R. Wellband entertained at their charming home last Saturday evening. The chief forms of amusements were cards and dancing, the music for the latter being furnished by Mrs. King, piano; Mr. Crawshaw, violin; Mr. Manchester, gramophone. During the course of the evening cake and coffee were served by the host and hostess, assisted by Miss Mitchell and Mrs. Gillespie. Among those present were: Mr. and Mrs. Gillespie, Mr. and Mrs. Boothe, Mr. and Mrs. King, Mr. and Mrs. Miller, Mr. and Mrs. Pittman, Mr. and Mrs. Mulford, the Misses Mitchell, Miss Hayward, and Messrs. Nuttall, Hill, Land, Crawshaw, Endacott and Kenyon.

The following books have been placed in the library: Baxter's Second Innings, Men of Achievement, Drake the Sea King, Great Battles of the British Navy, Lost in the Jungle, The Trial of the Gold Seeker, A Tramp Across the Continent, Boy Travellers in South America, The Iron Star, Practical Track and Field Athletics, American Boy's Handy Book, The Forest, Nature and the Camera, The Half Back, The White Company, The Crusaders, Uncle Remus, With Wolfe in Canada, The Day's Work, Second Jungle Book, Boys' Mabonogion, Calumetk, Kindred of the Wild, Off the Rocks, Black Arrow, The Bishop's Shadow, Mate of the Good Ship York, Story of 19th Century Science, How to get Strong, Principles of Fruit Growing, The Pillar of Light, Ivanhoe, Les Miserables, The Whispering Smith, From Midshipman to Field Marshal, David Copperfield, The Blazed Trail, Many Car-

goes, Man Eaters of Isava.

Whilst the privileges of the library are free to members of the Athletic Club, non-members may avail themselves of privileges by paying the nominal fee of one dollar per year. Books may be exchanged every Wednesday evening at 7:30, in the Hotel rotunda.

The Canadian Amusement Co. come highly recommended by the eastern press.

LOCAL NEWS

Mrs. M. K. Hogg entertained a number of her friends to afternoon tea on Tuesday.

Mr. E. A. Eigel has taken a partner into business with him in the person of Mr. Vaughan of Victoria.

BORN.—On Friday, Jan. 16th, at Teneveragh, Balcomo, B. C., to Mr. and Mrs. Wm. C. Widenham Fosbery, a daughter.

Mrs. J. A. Darke, who underwent a serious operation in the Cottage Hospital, is now convalescent.

Moving pictures, illustrated songs, etc., Empire Hall, Tuesday, Thursday and Saturday of next week. See programme.

Mrs. Greene and little Marie from the Rectory, Kelowna, spent Wednesday night with Mrs. Sinclair, on her way home from Penticton.

The Choral Class of Okanagan College will give a concert in Empire Hall, Tuesday evening, February 2nd. Admission 50c. Reserved Seats 75c. Plan of Hall at Summerland Drug Co.

Eastern capital ready to investigate legitimate investments—lands, timber or mines—in British Columbia. Address in first instance with full particulars—"Capital," care of Noble & Co. Molsons Bank Building, Vancouver.

An adjourned business meeting of the Baptist Congregations of Summerland will be held in the Methodists Church Building on Monday evening January 25th at 8 o'clock sharp. Will all the friends interested please remember this meeting and be in attendance at the hour named.

The merchants of town have received from the wholesale houses that the C. P. R. has refused to carry any more freight into the Okanagan. No reason is assigned for this strange and embarrassing turn of affairs, but it is thought and hoped that the discontinuance is only temporary and caused by a glut of freight on the main line, owing to the recent severe weather.

BIBLE SOCIETY ORGANIZED.

At a meeting addressed by Rev. J. F. Jones of Vancouver in the Methodist Church on Wednesday night, it was decided to organize a branch of the Canadian Bible Society, which is auxiliary to the British and Foreign of England. The following officers were elected: Pres., Rev. A. Solly; Vice-Pres., Mr. J. J. Wallace; Secy., Mr. Robson; Treas., Mr. R. H. English. Rev. Jas. Hood occupied the chair during the evening.

Mr. Jones, who is evidently very earnest and very much of his own kind, stated that he had been sent to Vancouver to found a depository and to open up work in the province. In the course of a year he had succeeded in raising \$3,000.00 which had been spent in the interests of his work. He says there are 70 languages spoken in this province, in 60 of which he has already sold scriptures.

SUMMERLAND, - B. C.

J. M. ROBINSON, Manager

C.P.R. PASSENGER TRAIN WRECKED.

Engines left Track near Yale and Cars rolled down Embankment into Fraser.

That two locomotives and six railway cars should be precipitated a hundred yards down an embankment with a drop of over one hundred feet to the brink of the Fraser river, that only the two engine drivers should be killed, and that of the hundred and fifty passengers in the coaches which went over the cliff only some twenty-eight should be slightly injured—all escaping without a broken bone—is considered the miraculous feature of last Friday's wreck on the C.P.R. near Yale.

Besides the two locomotives the cars which went over the embankment were in the order in which they were made up in the train following the engines—the mail, express, baggage, colonist, first-class day coach and tourist. The next car in the train was the diner, and though it still remained coupled to the overturned tourist coach, only the front trucks left the rails.

The colonist, day coach and tourist cars were all well filled with passengers, and it was in those coaches that all the injured passengers were riding. The majority were

bruised in the shaking up received as the cars plunged down the hill; some were cut by breaking glass, some escaped without even a scratch, but all were frightened as they scrambled to recover a footing in the coaches which were all lying on their sides. Despite the steepness of the declivity down which the cars were carried it is a remarkable fact that not one of them turned completely over—each one remaining on its side and skidding down the hill till it came to rest.

Left standing on the track were the dining car Chester and the sleeping cars Ottawa, Aylmer and Barnsley. The passengers in the three sleepers hardly felt the shock when the forward end of the train made its fatal leap.

Hooked up together and pulling the train through the heavy drifts of snow were engines Nos. 496 and 841. They were working in a blinding snowstorm and neither engineers nor firemen could have seen the snowslide responsible for the accident till they were practically on top of it. The train had left North Bend on its run to the coast, following the snowplow. It was not a heavy train, being merely a local made up at Medicine Hat to fill a gap consequent upon the it a short distance and then mounting the

fact that two regular westbound express trains were many hours behind time, but snow was falling so heavily that the engineers were running slowly to be on the safe side of danger.

At 12:30 o'clock the engines plunged into a snowbank 50 feet long and not more than six feet deep at Sailor Bar bluff, just east of Saddle Rock siding and seven and a half miles east of Yale. At the time the train was moving at the rate of about 20 miles an hour, and when the slide was struck she was running on a practically straight piece of track.

The slide was packed so hard that instead of cutting through the bank as might have been expected the head engine, No. 496, with Engineer Clifford Carscadden at the throttle and H. Finnie, fireman, dashed into snow left the rails and plunged over the cliff.

Engine No. 841, of which James Foster was engineer and S. F. Cranston fireman, followed the head locomotive in its dive. The couplings between the engines and between them and the following cars failed to snap, and the weight of the giant locomotives pulled the mail, express, baggage, colonist, day coach and tourist cars from the rails and down the embankment.

Vol. 1

SUMMERLAND, B. C., JANUARY 30, 1909

No. 26

ELEVENTH PARLIAMENT OF B. C. OPENED.

Distinguished Gathering Present when Lieutenant-Governor Delivers Speech from Throne.

On Friday last at 3 p.m. Lieutenant-Governor Dunsmuir delivered the speech from the throne. At the conclusion of the speech the House adjourned. The honor of moving this has this session fallen to the member for Columbia, H. G. Parson, and was seconded by the third member for Victoria, Frederick Davey.

Speech From the Throne.

In his speech from the throne, His Honor Lieutenant-Governor Dunsmuir said:

"Mr. Speaker and gentleman of the legislative assembly:

"It affords me much pleasure in meeting you at the opening of another session, to be able to congratulate you upon the prosperity which has prevailed throughout the province during the past year, and the indications of continual progress which are manifest on every hand.

Reference to Fernie.

"The almost complete destruction of Fernie by fire, though it caused serious loss, served to awaken the indomitable energy and enterprise of the people of the province, and resulted in the speedy rebuilding of the city on a more substantial scale. My government took prompt measure for the relief of the municipality and individual sufferers, and you will be asked to approve of such action. Messages of sympathy were received from His Majesty the King and His Excellency the Governor-General, and from various parts of Canada as well as from Great Britain, Australia and the United States, came assistance and sympathy for the sufferers.

Simon Fraser Centenary.

"The tercentenary celebration of the founding of Quebec, and the centenary of Fraser's overland journey to the Pacific, and discovery of the Fraser river were two notable events of the past year. At the former it was my privilege to represent British Columbia, and to donate on behalf of the province a substantial sum to the fund for the preservation and nationalization of the Quebec battlefields. My government was also called upon to assist in the very successful celebration of the Simon Fraser centenary at New Westminster.

"It is my sad duty to refer to the death

of my esteemed and distinguished predecessor in office, Sir Henri Joly de Lotbiniere, whose demise was regarded throughout the Dominion as a national loss. His amiability, courtesy and kindness in private life, and his sterling qualities as a public man won for him the love and respect of all classes, and his memory will long be cherished by Canadians.

Congratulations to Fruitgrowers.

"I have again to congratulate the horticulturists of the province on the remarkable success they have achieved with British Columbia fruit at the exhibitions in Great Britain. The minister of finance and agriculture, who assisted in the work this year, is also to be congratulated on the favorable impression made by him upon the press and public of the Motherland. I must also express my gratification in the fact that British Columbia fruitgrowers won several thousand dollars in prizes at the Spokane apple show, where the fruit was in competition with the principal fruit-growing states of the United States.

Building of Roads.

"The rapid development of the province and the extension of settlement in new districts, necessitating the construction of roads, trails and bridges, the establishment of new schools, and the surveying of large areas of agricultural lands, have rendered extraordinary expenditure imperative during the recess. You will, therefore, be asked to confirm certain disbursements made under the authority of special warrant.

Progress of Rupert.

"The negotiations between my government and the Grand Trunk Pacific Railway company respecting the townsite of Prince Rupert have been concluded, and the work of surveying, subdividing and laying out the new city is proceeding satisfactorily.

"In consequence of the rapidly increasing demand for water for irrigation and power purposes, coincident with the expansion of the fruitgrowing industry, you will be asked to consider a bill for the more effectual and equitable distribution of water required to meet the new conditions.

Creation of New Department.

"The act passed at the last session providing for the creation of a department of works, has been put in force, and a minister of works appointed. It is confidently ex-

pected that the new arrangement will be effective in expediting the public service in connection with the public lands and the carrying out of public works.

"The public accounts for the past financial year will be at once submitted for your consideration, as well as the estimates for the coming year.

"In leaving you to your deliberations I have every confidence that they will result in promoting the welfare and prosperity of the province."

FRUIT AND PRODUCE EXCHANGE.

General Meeting to be held at Revelstoke on February 2 and 3.

The following notice has been received by Secretary Cordy of the Summerland Fruitgrowers' Exchange. As there was considerable dissatisfaction in this district owing to the manner in which the fruit was handled last season, it would be advisable for every member of the local exchange that can possibly attend to be present and hear what this central organization has to offer for the coming season:

THE FRUIT AND PRODUCE EXCHANGE OF BRITISH COLUMBIA, LIMITED.

Dear Sir—

We beg to notify you that a General Meeting of subscribers has been called for the 2nd and 3rd day of February, 1909, at Revelstoke Offices. Business:— General Meeting, Re-organization, Fruit Transportation, Shipping Facilities and Distribution.

Your attendance is requested.

Yours truly,

The Fruit & Produce Exchange of B.C. Ltd.

Secretary Cordy intends leaving for Revelstoke on Monday, and all parties who are unable to attend the general meeting are invited to call at his office on Saturday and mention any suggestions for improvement of marketing fruits, so that he may lay them before the central board.

Wm. Whyte announces that all the western programme has been adopted by the Canadian Pacific executive. An important new line runs from Weyburn on the Soo Line to Lethbridge, a distance of 400 miles, and it will be completed this spring, heading off the Hill system to the mountains and giving the C.P.R. a third transcontinental line towards the coast.

SUMMERLAND DEFEATS KELOWNA.

**First Hockey Match of Season Won by Local Team
—Return Match Contemplated.**

On Wednesday afternoon a hockey match was played between Kelowna and Summerland which resulted in a victory for the latter by 3 goals to 2. Play began at 3 o'clock on the reservoir rink west of town, with a fair number of spectators in attendance. Kelowna had the heavier team, and the light Maritimers changed their regular formation adding the Agur brothers to the team. Play was vigorous, in fact too swift for Referee Cove to keep track of the play at times. During the first half Kelowna scored twice, Phinney being temporarily put out of business, but was again soon in the game. After half time Summerland's reserve strength began to tell and the home team scored two goals, equalizing the score. E. Agur was responsible for the final tally, and thus dragged victory out of apparent defeat.

For the visitors Munson played a fast game, while the brothers Agur made several brilliant rushes for the home team. Goal-keeper Rutherford was kept busy at times and stopped many hot shots on goal. A return match is contemplated in two weeks.

The line-up was as follows:

SUMMERLAND		KELOWNA
Rutherford	Goal	Fuller
N. Phinney	Point	Copeland
McLean	Cover	Nirbey
A. Agur	Rover	Barrows
Tingley	Centre	Fuller
Schaefer	Left	Munson
E. Agur	Right	McIntyre

GOALS

First half—1, Kelowna, Munson; 2, Kelowna, Barrows.

Second half—3, Summerland, A. Agur; 4, Summerland, Tingley; 5, Summerland, E. Agur.

MAY CHANGE SURVEY.

From present indications it would seem probable that the C.P.R. will change its survey of the proposed extension of the Nicola branch, making this point the southern terminus of Okanagan Lake. This change of plan has become necessary in order to ensure regular connections with the lake boats. For some weeks now a temporary service has been in operation between Summerland and Penticton, owing to the ice blockade at the foot of the lake. This week the steamer Okanagan landed mails and passengers about a mile and a half out from the wharf of our southern neighbor, the channel having again been frozen

over. The citizens of Summerland are enjoying rare sport these days shooting ducks off the wharf, the birds being compelled to leave their usual haunts to the south for the more congenial atmosphere in this neighborhood.

BELGIAN HARE NUISANCE.

Belgian hares have been seen lately by citizens in the neighborhood of Fenner's Gulch. It is essential that these animals should be exterminated. The Council would be performing a public service by offering a substantial bounty for the destruction of hares before they become numerous and a nuisance to fruit-growers.

The Manitoba legislature will meet for the dispatch of business on Thursday, February 4.

SATURDAY, JANUARY 30, 1909.

THE LARGER EDUCATION.

The world shrinks every day. It is within the memory of people still living that the Englishman who got as far away from his own hearth as to "Lunnon town," or even the next county, and found his way back in safety, was something of a traveller to his rustic neighbors. If corroborative evidence of this statement is required one has only to listen to a conversation between a Cornishman and one of Tennyson's northern farmers. For critical work the two need an interpreter even yet.

But the linguistic difficulties between the shires are not so formidable as they were fifty years ago. Railroads, Macadamized roads, telephone lines and automobiles have done much to correct local crudities of speech and manner. And now the agitation grows for a larger union that may lead to uniformity. In Canada, as Earl Grey pointed out some time ago in his speech at the opening of the night classes of the Montreal Technical Institute, Montreal does not know what Toronto is doing educationally; Winnipeg does not know what Montreal is doing; while Victoria and Vancouver know little of Winnipeg's methods, and still less of those of the provinces by the sea. He would like to see a federal bureau of education established. Thus, as the parish outlook gave place to the provincial, so the provincial enlarges to the federal. But it does not stop there. The recent international educational conference has resulted in the call for an Imperial conference to be held in 1911, at which steps will probably be taken to organize a Bureau of Education which shall knit the colonies of the empire together and be a kind of

clearing house for pedagogical brains.

At the same time Mr. J. D. Symon, who is presumably an able English Oxford man, comes forward with the suggestion that that venerable institution look alive and establish travelling colonial scholarships for English students of promise in the interests of the federation of the empire, lest her rival, Cambridge, seize the opportunity and rob her of half her opportunity of becoming the true centre of English speaking life and the highest moulding and welding factor in the thought of the Empire. Rhodes has done his part in bringing the 60 Colonial students, with 96 Americans and 15 Germans to learn of the Old Land. Now let Oxford send her sons to learn of the Colonies, since "It is childish to picture our Greater British brother as necessarily a frontiersman in a picturesque red shirt. This were foolishly to overlook the civilization and luxury of Montreal and Melbourne and other British capitals over seas."

Mr. Symon speaks very much to the point when he goes on to say:

"It would be a planting out from the nursery of statesmen that would produce such fruit as had never grown before on the Imperial tree. It ought to be as easy to find the funds for these pilgrimages as it is to support expeditions for archæological research. This without any disrespect for the 'late lamented pot,' from which we would not withhold a penny; but Oxford, if she went the right way to work, should not find it hard to send her graduates to seek living as well as dead cities, and she would honor herself in both enterprises. No university has ever had such an opportunity of providing her sons with the finest equipment for the 'performance of public duties.' As the beneficiary, direct or indirect, of Cecil Rhodes's genius for Imperialism, she is bound to teach the young men of this country to think Imperially, and that she will never do completely (although Home-born scholars and Rhodes scholars walk arm-in-arm, day and night, between Magdalen Bridge and Carfax) until she sends the right men out into the wider lands to see how the Family fares oversea and how it keeps house."

And if the great commercial houses of England will but follow that hint and send out some level headed men to find out what Canadians want in the way of manufactured articles, instead of trying to foist on us what they think we ought to want, they will be doing more to bind this Empire together than Rhodes and Travelling scholars combined. Better yet: let the manu-

facturers themselves treat themselves to a travelling scholarship for Canada, and they will speedily learn that Canada is no longer a colony: that she is sufficiently grown to know what she wants much better than England can tell her, and that she will do business only with those who, like Germany and the United States, are prepared to give her exactly what she wants. That's what the phrase "Made in Germany" really means, and we shall never have real preferential relations and close commercial union till England's business men take a course in the school of the larger education.

EYE COMFORT.

The Ellis Eye Shade for Office or Desk is a great saver on the nerves of the eye caused by direct rays of light. They cost only 25 cts.

Miss Flora Needham return Tuesday morning from Pentiction.

Mr. Coleman has been quite ill for several days but is able to be around again.

Mrs. Ashdown and two children, of Fernie came in by Monday's boat to visit her father, Mr. John Robinson.

A rink composed of Messrs. W. A. Lang, R. J. Hogg, J. A. Moran and R. H. Robertson went to Vernon Tuesday morning to attend the bonspiel.

Dr. J. Creasy Smith arrived home from Winnipeg Monday evening. He reports having had a pleasant trip with very mild weather the later part of his stay there.

Dr. A. K. Connally returned Monday evening from Kelowna wearing a bland smile, which was accounted for when it was learned that he was the happy pappa of a bouncing boy.

Mr. B. G. Brown has purchased two building lots from Mr. A. E. Graeta on 5th street, close to the mountain, and already has lumber on the ground for a commodious residence. The building will be pushed forward as rapidly as possible and Mr. Brown expects to move into his new residence by March 1st.

The icy roads furnish great amusement for the young people these moonlight nights. But coasting is attended with considerable danger and several have met with accidents: Harold Miller suffered the worst one by neglecting to turn out for a telephone pole which was coming his way; the index finger of his right hand got in between the nose of his sleigh and the pole and was badly mangled as a result. Miss Kenney, also, had a "set to" with a pole, but her attack was more general: an inverted dimple on her forehead and a good many bruises are the results to her of the meeting.

Mr. L. D. McCall rises to explain that the veracity of his thermometer is open to question. As it was furnished by the government and self-registering, it has always been relied upon other years as strictly accurate in its statements, but during the recent cold spell when it registered 26 below zero—10 degrees lower than any other thermometer near it, some doubt was cast upon its reliability, but McCall stoutly maintained that all the rest of the world was a little queer. However, when the thaw came and the snow was rapidly disappearing and his thermometer still insisted that there was 10

degrees of frost, he admitted that it was probably wrong and is willing to dispose of it at a sacrifice to any neighboring town.

A very interesting debate was held by the young people of the Presbyterian church last Tuesday evening. The subject was—"Resolved, that the daily press is more pernicious than beneficial." The affirmative was ably sustained by Messrs. H. Whittaker and R. M. Angus, while Messrs. A. W. Angus and H. W. Arbuckle eloquently defended the character of the much-maligned press. When these gentlemen had spoken their allotted time the meeting was thrown open and some others then took part in the discussion. The audience decided that the affirmative had the better of the argument, but this will not necessarily affect the circulation of the large dailies.

The municipal elections were held last Monday in the Orange Hall. Considerable electioneering had been done so that everyone who was eligible to vote—and some who were not—was on the list, and turned out to vote. A few "plumpers" were put in and were received with a ripple of smiles when the results were being read out after the poll was closed. The following were declared elected by the returning officer, Mr. H. McDougall:—Reeve, W. A. Lang; Councillors: S. F. Callender, C. G. Elliott, L. D. McCall, M. N. Morrison; School Trustees: Wm. Douglas, Jno. Drought, P. N. Dorland, John McLaughlin, F. D. Hicks. At the conclusion of the report, Mr. J. L. Vicary moved a vote of thanks to the returning officer for his courtesy and impartiality in conducting the election. The vote was heartily carried. The new officers take their oath of office next Monday.

BORN.—To Mr. and Mrs. Wm. Lupton, Jan. 26th, a daughter.

The Summerland Supply Co.

Naramata

Mr. T. R. Wellband is now in Winnipeg.

Mr. W. J. Robinson spent part of the week-end with his family here.

Mr. M. Manchester visited here over Sunday.

Mrs. J. M. Robinson and family returned to Naramata on Wednesday, after an extended holiday at Summerland.

Miss White is now Sabbath School superintendent since the resignation of Mr. H. Sharp who moved to Vancouver recently. Miss White is an earnest and devoted worker who will, if accorded a reasonable support, cause the school to "go."

The Celestials in our midst were celebrating their "New Years" on January 21st. Apparently unlimited quantities of fire-crackers were distributed gratis to every youth in town, and cigars were freely offered to every lover of "the weed."

The first of a series of card parties to be held under the auspices of the Entertainers' Club was held last Thursday evening at the home of Mrs. T. R. Wellband. A pleasant evening was spent playing individual games. At 10 o'clock a dainty repast was served by the hostess assisted by Miss Mitchell and some of "the boys." The next party of like nature will be held February 4th, when Mrs. T. H. Boothe will receive.

The despatch from Hamilton stating that the member for Wentworth would bring up a resolution before the House of Commons, asking for higher duties on fruit and vegetables, is in line with the platform of our own member Mr. Burrell, of Grand Forks. That we should receive the same protection on our fruit and vegetables that the United States gives her farmers is only fair. With the pressure now being brought upon the C.P.R. for equitable freight and express rates, which will no doubt be granted, and the reasonable supposition that the Dominion will see the justice of equitable duties, the farmers will have received every possible consideration.—Armstrong Advertiser.

Eastern capital ready to investigate legitimate investments—lands, timber or mines—in British Columbia. Address in first instance with full particulars—"Capital," care of Noble & Co. Molsons Bank Building, Vancouver.

LOCAL NEWS

Mrs. E. B. May left on Tuesday on a visit to Vernon.

Mrs. E. I. Scott entertained a number of friends to afternoon tea on Tuesday and Wednesday.

Mrs. A. L. Moreland entertained a number of Summerland and Naramata friends to afternoon tea on Friday last.

On Tuesday morning Messrs. Peters, McIntyre, Fetherstonhaugh and Shields left for Vernon to take part in the bonspiel being held in that city.

Rev. and Mrs. Hood and Messrs. Steven, Armit, Tait and McLellan took in the Scotch concert at Penticton on Wednesday evening.

Mrs. Adam Stark gave a linen shower on Monday afternoon for Miss Nellie Eadie who is to be married at Morris, Man., on Feb. 3rd, to Mr. Younghusband, of Portage La Prairie.

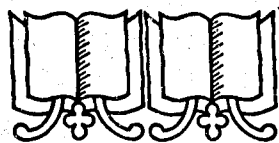

The Choral Class of Okanagan College will give an entertainment in Empire Hall on Tuesday evening next under the direction of Miss K. C. Davidson. An excellent evenings entertainment is promised. See programme on another page.

The Amateur Theatrical Society will give an entertainment in Empire Hall on Tuesday, Feb. 9. A curtain raiser entitled "A Pair of Lunatics," will be presented by Miss M. Sutherland and Mr. H. Reynolds, and will be followed by "Woodcock's Little Game," by Mesdames, Fetherstonhaugh, Peters and May, Messrs. Van dan Nest, Helmer, Cordy and Otley. Book early, plan of hall at Drug Co.

"Uncle Tom's Cabin" will be the feature Film on Saturday evening January 30 which will conclude the Canadian Amusement Co's entertainments here. Beside the above which is pictured true to life there will be a large number of shorter subjects both educational and humorous. Illustrated songs and dissolving views. Come and bring the children. 8.20 p.m. Usual admission.

On Sunday next there will be no Presbyterian service in Empire Hall. Instead a service will be conducted in the Parkdale School at 10:30 a.m. by the pastor, Rev. Jas. Hood. It is expected that, after the Presbytery meeting to be held in Revelstoke next month, the Rev. Mr. Hood will be retained for Summerland alone, and that services will be conducted alternately morning and evening in town and on the flat.

Captain P. B. H. Ramsay left for Enderby on Tuesday's boat.

ANNUAL MEETING OF BOARD OF TRADE.

The annual meeting of the Summerland Board of Trade was held in the Hotel Summerland on Tuesday afternoon, a large attendance being present. The minutes of the previous meeting were read and approved.

On motion of Messrs. C. S. Stevens and W. J. Robinson the same officers and council were re-elected by acclamation, namely: President, R. H. Agur; Vice-President, James Ritchie; Secretary-Treasurer, Chas. H. Cordy; Council, Messrs. R. H. English, E. B. May, H. C. Mellor, J. M. Robinson, E. W. Sawyer and Adam Stark.

Standing committees were then elected as follows:

Civic Improvement—Messrs. R. H. English, A. Stark and H. C. Mellor.

Finance—Messrs. E. B. May, E. W. Sawyer and F. A. H. Fysh.

Immigration and Advertising—Messrs. J. M. Robinson, R. C. Lipsett and B. C. Moore.

Transportation—Messrs. Jas. Ritchie, J. J. Wallace and H. C. Mellor.

Conventions—J. L. Logie, J. Sutherland, and A. Moreland.

Several important matters were discussed, the most important of which was the matter of a daily mail service.

A hearty vote of thanks was tendered to Mrs. MacDowell for the use of the room in which the meeting was held.

NEWFOUNDLAND LEGISLATURE.

Ottawa, Jan. 28.—A despatch from St. Johns announces a saw-off arranged of all election petitions and that the legislature will meet in February with the same balance of parties as after the elections.

CANADA TO TAKE OVER ESQUIMALT.

The Imperial government will transfer Esquimalt to Canada. The programme for its defence is being carried out by the Dominion as arranged with the home authorities.

A movement is afoot to celebrate the centenary establishment of steam navigation in Canada. The first steamer plied on the St. Lawrence between Montreal and Quebec three years before the steam service was in use in England.

Several earthquakes have occurred recently in various parts of South Africa. One was felt on the 16th inst. at Johannesburg, but no damage was done.

The Opportunity of a Life Time

is now within the reach of the man with a little capital, who thinks the limits of a ten acre lot are too small to confine his attention to. Here is a property consisting of 178 acres, 28 acres of which are under water, only two miles distant from Summerland and the C.P.R. wharf, and considerably less than that from Okanagan College. The irrigable portion of the property is first class orchard land with no stones, and can all be brought under cultivation at once. The 150 acres of range land enables the purchaser to engage in dairying and stock raising pursuits, while his fruit trees are nearing the bearing stage. Just think of the extent of the holding, its close proximity to town and college, and then ask yourself the question, what would be a reasonable figure to give for such a property. Is it worth a 2-cent stamp to enquire for full information?

LOCAL NEWS

Mr. E. B. May visited Vernon on Thursday and Friday.

Mr. Doyle got back to Summerland on Monday. He is spending a few days with his daughter, Mrs. W. G. W. Fosbery.

Miss English and Miss Edna Garnet are visiting friends at Penticton, leaving on Monday's boat.

The regular meeting of the W. C. T. U. will be held at the home of Mrs. Hood Thursday afternoon at 3 o'clock.

The hour of meeting for Okanagan Lodge No. 58, I. O. O. F., has been changed from 8 to 7.30 p.m. for the balance of the winter months.

The regular monthly meeting of Summerland Lodge No. 2036, L. O. L., will be held on Monday evening next, instead of Tuesday as usual.

The Canadian Amusement Co. gave a moving picture and illustrated song entertainment in Empire Hall on Tuesday and Thursday evenings to fair audiences. The final performance will be given this (Saturday) evening.

The Municipal Council has decided to lease the upper story of the building occupied by the Fruit Co. for Municipal Hall purposes. The clerk will have a private apartment and one will also be provided for the use of the band. The main auditorium will be utilized for public gatherings.

Mr. Templeman of Vancouver, provincial electric light and meter inspector, spent several days in town last week inspecting the electric light works and meter system. In his official report of inspection he states that Summerland has one of the best plants he has inspected in the province.

A delightful evening was spent at the home of Mr. and Mrs. Chas. S. Stevens last Thursday. The occasion was a farewell party to Miss Hayes, who returned to Ottawa this morning after a three months' visit to the parental domicile. A conundrum contest in which Miss Davison got first prize and Mr. James Ritchie the booby, a couple of recitations by Mrs. Van Spankeren and music by Misses Davison and Haines, Mrs. Ritchie and the hostess of the evening, were greatly enjoyed by all. Miss Hayes has made many friends during her brief stay in Summerland, and she returns to the Capital followed by a thousand good wishes and longings for her early return.

J. M. ROBINSON, Manager

C. P. R. RATES TO BE CONSIDERED.

The Canadian Railway commission will visit this province next month. The object of its holding sittings here is to consider the question of the C. P. R. rates in British Columbia as compared with those prevailing elsewhere.

Last session, on the motion of John Oliver, a resolution was passed in the legislature protesting against the charging of higher passenger rates by C. P. R. in British Columbia than was charged in the prairie sections.

The question will now come before the railway commission. The provincial government has been notified and is considering the question of being represented by counsel before the commission.

While it is urged that the C. P. R. charges 4 cents a mile passenger rate in British Columbia as compared with 3 cents a mile on the prairies, the freight rates are said to be far more excessive in comparison. It is likely, therefore, that the whole subject will be gone into.

A general plan for superannuating all civil servants including teachers is being considered by Hon. Mr. Young and a bill for presentation to the legislature is being prepared.

IGNORANCE IS BLISS.

One of the funniest breaks ever made by a Canadian newspaper was perpetrated by the Montreal Star in a short sketch of the career of Hon. Jos. Martin. Apparently the Star got him mixed with Mr. Justice Martin whose faculty for making trouble has been demonstrated. In any event the Star says Hon. Jos. Martin was appointed to the Supreme Court bench of British Columbia and finding his trouble making scope somewhat circumscribed he threw up the job to hunt political scalps. In view of Mr. Justice Martin's faculty for stirring up a row in Supreme Court circles, the inference that the Hon. Joseph had to resign from an alleged appointment to that position in order to find scope for trouble making is somewhat humorous.

A story has been told that the Department of Justice in Ottawa did labor under the impression that the man who was being appointed was none other than Fighting Joe and his enemies in Ottawa were congratulating themselves on having stowed him safely away on the bench. If that were the case they certainly did not realize their fondly anticipated peace of mind for

Mr. Justice Martin has been almost as great a Philistine on the bench as has Fighting Joe in politics.—Sunset.

A Rare Bargain.

CHOICE 20 acre Lot with bearing orchard & house, domestic water, half cleared, good location, plenty of fuel; price \$4,500.00, reasonable terms. : Two good houses and lots in town at right prices & terms.
