DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 1

SUMMERLAND, B. C., JULY 3, 1909

No. 48

## PENTICTON'S DAY.

ENJOYABLE REGATTA AT LAKE TERMINUS---  
GOOD SPORTS PROGRAMME.

Various Events well Contested---Summerland Boys  
Capture Goodly Number of Prizes---Local  
Dramatists Well Received.

Penticton was en fete on Dominion day and welcomed the largest crowd of guests ever seen within its gates. The day was delightful and a model one for sitting in the shade with a fan and watching other fellows work.

The only criticism that could be offered was that there was too much time lost between events.

The entries in the various contests were well contested and the finishes exciting enough to please everybody. As usual the Summerland representatives were successful in carrying off a considerable number of prizes.

The double canoe race was won by Scott and Nichol; Howes won the diving contest; Tate the swimming race; Nelson the duck hunt; Nichol captured second in the single canoe race. The 100 yards foot race also came to Summerland.

The war canoe race was won by Naramata, Kelowna finishing a close second. Both Naramata and Kelowna showed marked improvement over their last efforts at the Naramata regatta. Big things may be expected at the next Naramata regatta.

The Summerland boys were away behind and are too sportsmanlike to wish for any excuses to be made for them. In their behalf however, it is only fair to state that out of the 15 who comprised the crew nine were novices, some of them had never been in the canoe before and had no staying power. Half the members of the regular crew were playing baseball at Armstrong.

J. M. Robinson's handsome launch, the Naramata won first in the open motor race, George Gartrell's canoe came in second.

The Summerland Dramatic Society presented the "Schoolmistress" in the opera house at night before an appreciative audience.

## LOCAL NEWS

Rev. W. J. Bradley will preach in Naramata Sunday morning at 10 o'clock.

Mr. R. Carroll of Winnipeg, was in town this week and visited his cousin Mr. J. M. Robinson.

A number of delegates left Summerland this week to attend the B. C. Baptist Convention in Victoria.

A mud turtle as big as a tea plate was captured in the flume on the flat a few days ago by Walter Mumm. The reptile is doing well in captivity.

Mr. and Mrs. James Ritchie entertained a few of their friends on board the Kaladen on Thursday and took in the regatta at Penticton.

The Sacrament of the Lord's Supper will be administered in the Methodist Church Sunday evening, and on Monday at 3 p.m. the Quarterly Official Board will meet, to be followed by a meeting of the Trustee Board.

Mr. Johnson of Prairie Valley earned the everlasting gratitude of the Review staff this week by bringing in two boxes of delicious cherries for their delectation. The Review office was a popular place while the supply lasted.

A very large number of ladies of the district attended the reception given by Mrs. R. C. Lipsett in honor of her guests, Mrs. Bulyea and Miss Babbit. A very large representation of ladies came from Naramata.

## SCHOOLS HONOR LIST.

Proficiency—Division 1, central, Ruth Fulton; Division 2, Jean McIntyre; Garnet Valley, Franklin Steuart; Trout Creek, Kathleen Brown;

Department—Division 1, central, Myrtle Ritchie; Division 2, Maggie Ritchie, Garnet Valley, Dorothy Tingley; Trout Creek, Lily Webster;

Regularity—Division 1, central, Rich Estabrook; Division 2, Gordon Robertson; Garnet Valley, Roy Steuart; Trout Creek, Effie Webster.

## SUMMERLAND AGAIN

BASEBALL BOYS AGAIN DEFEAT KELOWNA'S  
PICKED TEAM.

Score stands 8 to 7 at the close of the game.  
Armstrong People good sports Home Visitors  
from Summerland report enjoyable day.

The same old story came back from Armstrong in connection with the baseball game, Summerland 8, Kelowna 7, and this in spite of the fact that the Kelowna boys, in order to win the game, rang in three fast men from outside points.

It is curious to note that all the Kelowna scoring was done in the 2nd and 3rd innings. This was partly due to the fact that Manchester who was in the box strained his wing and lost control of the ball. Hancock went into the box for the next innings and the Kelowna boys never saw the home plate again.

Seven innings were played and the first four passed by and Summerland only had one run to their credit while their opponents were chuckling over seven. Three in the fifth, one in the sixth and three more in the seventh turned the trick and the crowd went wild.

The boys speak well of the Armstrong crowd. The arrangements for the day were well carried out and the crowd was generous in its applause.

The programme of sports was well managed and there were plenty of entries to make things interesting.

## RIFLE ASSOCIATION.

On Thursday Col. Cartwright's trophy was shot for and won by V. Taylor. Conditions, 7 shots and a sighter at 200, 500, 600, 800 and 900 yds.

	200	500	600	800	900	Total
V. Taylor	33	25	32	25	30	145
O. Smith	27	31	31	26	27	142
B. Steuart	29	27	27	28	27	138
J. Dunsdon	32	29	26	28	22	137
W. Nelson	28	29	26	20	28	131

Mr. F. J. Robinson of Regina, Deputy Minister of Public Works for Saskatchewan, was a visitor in town this week and was the guest of Dr. and Mrs. Lipsett.

## Provincial and General

Thomas V. Smith, better known as Middleton Island Smith, was in Valdez recently on his annual visit. Smith derives his nickname from Middleton island of which he is the sole occupant, and where he raises potatoes and blue foxes. Forty-six blue fox skins which he sold for \$1200, were the result of this season's harvest—Katala Herald

Hon. G. R. Coldwell, minister of education met with a painful accident at his home in Brandon on June 24th. He was on a ladder removing bees which were swarming high on a tree, and was fiercely attacked by the bees. In his hurry to get down he fell from the ladder and sprained one of his ankles. A doctor was called, and the sprain was found to be so serious that Mr. Coldwell will be incapacitated for two weeks. To make matters worse, the minister was stung on the face and hands.—Winnipeg Free Press.

The Alaska Commercial company has signed a contract with the United Wireless Telegraph company for the installation of a three-kilowatt wireless station at Susitna, which will enable the operator at that point to communicate with the stations at Cordova, Katala, Juneau and Ketchikan.—Katala Herald.

A sad accident occurred early on Saturday morning near Okanagan Landing, by which Mr. E. Copley Thompson, a popular old-time resident of Vernon, lost his life. Deceased with his two sons, belonged to the Okanagan Mounted Rifles, who were camped at the Landing. He went for an early morning swim and it is supposed was taken with a fit, to which he was occasionally subject, and drowned in two or three feet of water, his body being discovered shortly afterward by one of his sons. The funeral was held on Monday with full military honors.—Kelowna Courier.

The steel work, all but some rivetting, on the big C.P.R. bridge at Lethbridge was completed on Wednesday of last week, and the train went across just a half-day less than a year from the commencement. The work was done much faster than was expected. There was only one fatal and one minor accident during all of the work. The bridge will likely be opened early next month.—Calgary Herald.

### AN ANONYMOUS POEM.

We have to thank somebody for an anonymous poem entitled "A day in June."

The fact that it is "anonymous" makes it impossible to publish it—the Review has no room for anonymous contributions of any description—It also leaves us free to make a short, but friendly criticism which if observed will lead to better things in future, especially as the contributor writes "You may 'criticize' this poem if you wish."

In the first place, a poet should learn to spell. "Criticize" is usually spelt "criticise;" "Cincerely" should begin with an "s" and "anonymous" is not usually spelt "anonamous."

In the second place press copy should never be written on both sides of the paper. In the third place, in a poem such as "A day in June" at least two lines out of the four should rhyme. Now take the first verse, for instance, and there is no rhyme at all. It reads:

"O what is so fair as a day in June?  
The month where lovely wild rose's bloom.  
On hillside, on valley, on break and on down  
One smell's their rare fragrance all around."

June and bloom do not rhyme, neither do down and around. Then there is the little matter of punctuation which has been cruelly slaughtered, and last, but not least, if the writer really desires to excel, he or she should go to some qualified teacher and learn something about metre—the point on which poets of far greater pretensions fall down most lamentably.

The offer of a weekly contribution is greatly appreciated, but one which we fear we cannot accept as our space is limited. Keep on writing however, you will always be a nobler man or woman by keeping your senses keenly alive to the beautiful in nature. At the same time study English and you will soon be qualified to edify your friends.

Colonel Howell of the Salvation Army, has gone west to confer with C.P.R. irrigation officials in regard to the purchase by the army of a large tract of land in the irrigation district in Alberta for the establishment of a Salvation Army colony. When the scheme has been developed it is proposed to settle all the army's emigrants to Canada there. The army officials say this is the largest colonization scheme on record.—Free Press.

Miss Lane wishes to announce that her dressmaking parlors will be closed from July 10 to Sept 1, after which she will resume business.

Capt. Ramsay, Mrs. Ramsay and family left on Wednesday for Vancouver.

Some of the neighbors from beyond the 49th parallel are celebrating the 4th at Naramata to-day, (Saturday.) Watch for the fireworks across the lake to-night.

Miss A. Dale, Mr. Thomas Dale accompanied by their neice and nephew Miss May and Master Warren Bateman left on Thursday for the prairies. Mr. and Miss Dale will take in the Portage la Prairie old boys re-union, while May and Warren will visit their father, brother and sister in Winnipeg.

## IMPERIAL DEFENCE.

At a conference in the government offices here yesterday afternoon, Mr. Brodeur, minister of marine and fisheries, met a deputation from the Montreal Chambre de Commerce. The minister made two important pronouncements: First, Canadian navy policy of the government in regard to imperial defence, second, if only one drydock is to be built, the city of Quebec is the most advantageous location.

The minister reviewed three proposals regarding the navy. First, whether to offer to Great Britain one or two Dreadnoughts; second, an annual contribution of a round sum; third, which is favored by the government and supported by the opposition, to construct a Canadian navy. This is the first authoritative announcement of the government's policy toward Imperial defence.

## YUKON PRINCESS.

A princess was born Tuesday at Moosehide to Billy Silas, the crown-prince of the house of Chief Silas. The father is the real thing and old Silas is once more rehabilitated in society. The mother is Princess Jenny. The new heiress is not labelled, but the great feed and the potlatch is under way and Moosehide is rejoicing.—Dawson Daily News.

We congratulate our Naramata friends upon the success attending the initial regatta held last week which, we believe, was intended to mark the opening of this beautiful townsite as a summer resort. It is only a matter of time until the fame of this remarkably attractive place becomes known far and wide, and for those seeking rest and recreation it is destined to become a Mecca that will draw ever increasing crowds to its splendid bathing, and its unrivalled advantages for tourists and health-seekers.—Vernon News.

Mr. W. R. Bartlett who until recently was clerk at the Summerland Hotel will shortly remove to Naramata where he will take charge of the drug store and post office. Mr. Bartlett's many years of experience in drugs will ensure the success of that section of the business. His friends regret to see him leave Summerland and rejoice that he is not going far away.

Walter Mumm who runs the herd on the flat caught a mud turtle in the flumes a few days ago. The reptile is about as big round as an ordinary tea plate. Walter has him in captivity and may teach him to answer to his name before long.

# The Summerland Review

## SULTAN FEARS EXPOSURE.

The latest claim filed against ex-Sultan Abdul Hamid, many of whose former subjects are demanding indemnity from him for injuries alleged to have been suffered at his hands, has been laid before the government by Ali Haider Mirhat Pasha, son of the unfortunate Midhat Pasha, who framed the Turkish constitution of 33 years ago, and was subsequently killed, the son charges, at Abdul's order.

The deposed ruler is understood to be especially anxious to prevent the revelations which must be made if the young Midhat's case is pushed. His counsel is reported to have made liberal offers for a settlement, but the general impression is that the complainant will prefer revenge to financial compensation, which he is not likely to get if he refuses Abdul's terms, the ex-sultan having concealed the remnants of his fortune so cleverly that his enemies cannot find them, and that full publicity cannot be avoided.

Midhat, the elder, was exiled after Abdul had suspended the constitution, and died in captivity, unquestionably by poison, which there is small doubt Abdul had administered. His memory is still revered by the Liberal element throughout Turkey, and definite proof that Abdul had him killed will be likely to be attended by extremely serious consequences for the latter.

## OBITUARY.

The death of Miss Belle Archer took place on Wednesday at the home of her uncle and aunt, Mr. and Mrs. J. L. Logie, on Jones Flat.

The deceased was only 16 years of age and had been in declining health for a long time. Tubercular meningitis was the immediate cause of death.

The remains were interred at the cemetery on Friday morning in the presence of a few sympathizing friends. The funeral service was feelingly conducted by Rev. Jas. Hood assisted by Rev. W.J. McIntyre.

The pall bearers were Messrs. McLean, Steven, Graham and Scott.

Walter Wellman and the other members of the expedition that is to make an attempt to reach the North Pole by balloon, left Christiana on Tuesday for Thromsoe, on their way to Spitzbergen, where it is proposed to make the start.

### HAMMERING THE CABLE OCTOPUS.

Our age has been frequently called the age of inventions, and so it is, but it might with equal propriety be called the age of conventions. Our larger freedom of speech and travel and the higher average of intelligence probably account for the fact that so many are ever ready to speak in meeting as Max O'Rell said of the average American, "on the slightest provocation."

Lately the itch has spread to the very sanctum itself and we behold the pen which was once supposed to be mightier than the sword, placed athwart journalistic ears in favor of winged speech in the banquet halls of princes, statesmen and high municipal corporations.

There is a great difference between conventions. Some of them end in hot air and a good time; but when the prominent journalists of the empire marched out of their dens the other day to assemble in conference in England, they had the biggest time ever seen by a convention and the air they gave off was so hot it began to melt cast iron rates before the journalistic bel-lows had reached half their working capacity.

Imperial trade and political relations were of course to the front, but while they feasted and talked politics, they managed to air their grievances touching the Israelitish cable rates that help to keep one part of the empire in ignorance of what the other is doing; and lo! before the conference was ended, Mr. Moberly Bell of the London Times was able to point out that concessions by the Pacific Cable board would reduce the Press rate from 1s., to 9 1-2d., if New Zealand would reduce its terminal charges, and he added that the Canadian

authorities would also be asked to reduce their charges.

Mr. Marconi appeared, suggesting wireless as infinitely preferable to cable lines, particularly as two stations, 3000 miles apart could be built for £100,000. Some of the delegates clamored for a state owned system to bind the Empire together, and all and sundry fyled a vigorous kick against the corporation iniquity which exacts 10 cents per word across the 3000 miles of the Atlantic while Australians get their service over the broad Pacific for four cents.

So far as we are concerned we "root" for a state owned, imperial system of wireless communication. It is imperative that the outlying portions of the empire be knit together. The interests of commerce and the perils of war alike demand it, and we want a kind of cable which cannot be cut by an enemy. Wireless is comparatively safe. It is likewise economical. Thousands of miles of copper wire, maintained miles deep in the ooze of the ocean bed necessarily mean vast outlay and high rates. Wireless may be slower just now and not quite so certain, but it is being improved, it has come to stay, and it will be the only system in the world tomorrow.

Cable lines are doomed. They cannot compete with the wireless "couriers of the air" and it would therefore be sheer folly to sink more money in them.

It is pleasing to note that Canadian journalists held their end well up in all the discussions, and when it came to action, a full quota from their ranks was chosen to join those selected to wait on Premier Asquith in behalf of less expensive and more extended facilities for gossip among the members of the Imperial family. The conference may not have succeeded in killing the cable octopus, but it has at least done something towards loosening its grip.

The idea of a public fund for the purchase of an airship is being strongly supported by Secretary for war Haldane, who says that the war office will accept the gift. Many other public men approve the project, and a large list of subscriptions is already announced. It is stated by the parliamentary aerial defence committee that a project is on foot to sail from Paris to London during the course of the summer in a new and powerful airship which is approaching completion. This airship is fitted with two propellers and two motors, each of 220 horsepower, is capable of carrying 25 passengers and of developing a speed of between 35 and 40 miles an hour. The committee has secured an option for its purchase by the nation.—Province.

## LOCAL NEWS

H. B. Lloyd of Kelowna arrived in Summerland this week and has gone to work on the Gartrell ranch.

W. A. Doyle of Montana was a visitor in town last week and took a look over his property. He left on Tuesday morning for the coast.

Rev. H. G. Estabrook, pastor of the Baptist church was unable to be in his place on Sunday through ill health. The afternoon service was conducted by Rev. Dr. Sawyer, and the evening service by Rev. G. J. Coulter White. Mr. Estabrook is still seriously indisposed.

A new grader of most up-to-date design was received here this week, addressed to H. Lang, district government road commissioner. The grader is to be used in connection with the government road improvements being carried on throughout the district.

W. S. McGee, one of B. C's old timers was a visitor in Summerland this week. Twenty years ago he was located at Golden, B. C., and during later years has been engaged in milling and mining in the Yukon. He has become a little weary of the northern wilds and is looking for a more equable climate in which to make his home.

The many friends of Miss Agnes Miller of Peachland will be pleased to learn that she has recently passed her final examinations as a nurse in the Vancouver General hospital. In addition to the course in nursing, Miss Miller took also the course in pharmacy which will qualify her for the more responsible position of matron in hospital work. She captured the Silver Medal awarded for general proficiency, the presentation being made by Dr. R. E. M'Kecknie.

The Hon., and Mrs. Coutts-Marjoribanks of Scotland were guests at the hotel for a few days this week and enjoyed a little fishing and a drive through the district. Mr. Marjoribanks is a brother of Lady Aberdeen and was for a number of years manager of the Coldstream ranch at Vernon. He still owns considerable property at Long Lake. Eighteen years ago Mr. Majoribanks was through this district and draws a vivid comparison between conditions then and now. Mr. and Mrs. Majoribanks left for Shuswap lake for a few days fishing after which they will recross the continent and sail again for Scotland.

**LOCAL OPTION CAMPAIGN.**

Dr. Spencer has just returned to the Coast from a local option tour in over twenty Interior towns and reports a growing sentiment among the people on the question. Everywhere he says he had interesting audiences and organized a score of new leagues; and in every electoral district visited, there seems to be a determination to nominate local option candidates on both sides of politics whether the party caucus approves or not. In the early fall, Dr. Spencer will visit and lecture for a week in each of at least ten large centres on the subject of Government for the people by the people, and the advocacy of a local option law.

**NARAMATA CUP.**

**Handsome Trophy Presented by Mr. J. M. Robinson for War Canoe Contests on Exhibition.**

The Naramata Cup presented by Mr. J. M. Robinson for competition by the war canoes along the lake, is now on view in Mr. E. I. Scott's window.

The vessel is one of the most handsome trophies of its kind yet seen in the valley.

It is of solid silver, gold lined, and, including pedestal, stands 14 inches high. Across the mouth it measures 6 1-2 inches. A pair of buck horn handles flank the sides of the cup. On the back is a handsome medallion representing a man in a canoe. On the front is an inscription which reads as follows: "Presented by J. M. Robinson to N. A. A. A., for War Canoe Championship, Okanagan Valley, B. C." A scroll of oak leaves and acorns further embellishes the vessel.

**SUNDAY SCHOOL PICNIC.**

The Methodist, Presbyterian and Baptist Sunday Schools will hold their annual picnic at Trout Creek point on the 8th of July instead of on the 15th. There is to be a baseball game on the latter date, hence the change.

The Maud Moore will leave the wharf for the Point about 1 o'clock and will be on hand to bring the people home at an hour to be decided upon later.

Committees of arrangement have been appointed and everything will be in shape to give the young folks a first class time.

The parents are requested to bring generous baskets so that everything may be done up in good style.

**Notice**

**Land Act, Osoyoos Land district, District of Yale.**

TAKE NOTICE that JAMES MITCHELL, of Summerland, occupation Lumberman, intends to apply for permission to purchase the following described land:-

Commencing at a post planted about 96 chains up Aneas Creek from the North East corner of lot number 3592, thence south twenty chains, thence west twenty chains, thence north twenty chains, and thence east twenty chains to the point of commencement, and containing forty acres more or less

**:: Naramata Notes ::**

Mr. H. Austen, a prominent real estate man of Calgary came in last Monday on a visit to Mr. Carrol Aikens for a few days.

Mrs. Myers and Mrs. Manson have rented Dr. Lipsett's tent, and will remain encamped in it for the rest of the summer.

Mr. Fred Manchester purchased a neat little motor canoe from his brother Mark, of Summerland. This canoe will travel about nine miles an hour and will run about 35 miles on a gallon of gasoline.

The entertainers' club had a very good rehearsal for their next concert a few evenings ago. An excellent programme of specialties and the latest popular songs is being arranged.

The building alongside the government wharf is being rushed to completion and will serve as temporary quarters for a laundry and warehouse.

Miss Gwen Robinson entertained a number of her Summerland girl friends last Tuesday. In the morning they enjoyed a trip on the Naramata and after luncheon the party drove up to the Naramata falls.

A party of Naramata ladies consisting of Mesdames Miller, Mulford, Tovel, Law, McDowell, Gillespie, Booth, Manson, Myers, Wellband, Robinson and Miss Robinson attended the reception given by Mrs. R. C. Lipsett on Wednesday afternoon in honor of Mrs. Buiyea.

Mr. Price Ellison is donating a baseball cup to be competed for by the Summerland and Kelowna teams. Out of the three games, one will be played at Summerland and the other two at Naramata's two regattas. Mr. Ellison is also giving prizes to be raced for by a junior and senior war canoe team. The crew is to be made up of eight boys under 20 years of age and captained by the Captain of the senior crew.

On Wednesday morning the closing exercises were held in the public school house. Honor rolls were conferred upon Dora Williams, Wilber Wellband and Willie Wilkins. Next morning the teacher, Miss Davies left for her home in Victoria. While here Miss Davies formed many close friendships and it is to be regretted that she will not return next term. This fall she will resume her arts course, entering the second year at McGill university.

C. H. Plant, a recent arrival from England and P. E. Dodwell of Yakima, Wash., were visitors in town this week. They were shown through the district and it is very probable that Mr. Plant will locate here. He has just returned from Yakima where he looked through the fruit section. He expressed a great preference for Summerland.

## BIG GRIZZLY CAPTURED.

One of the most mammoth silver tip grizzly pelts ever seen in Dawson was secured at the head of White river by Captain Syd. Barrington of the steamer LaFrance, and brought to the city on the trip down. The hide shows the brute to have measured nine feet and eight inches from tip to tip.

The pelt is one of the choicest ever secured in the Yukon. The silvered portion is remarkably even and delicately tinted, and the huge claws show that the beast might give Mistah Jack Johnson such a hug or hook, jab or swat, sah, as to make him surrender the world's laurels with exceeding willingness.

The skin has been secured by Major Hy. Tobin, who will keep the trophy for his private museum. — Dawson News.

## PRESENTATION.

### Miss Lowe Honored by her Friends of the Baptist Church on Leaving for the East.

Miss Lowe, late teacher of the downtown public school was honored by her Baptist friends on Sunday evening at the close of the service in Empire hall.

On behalf of the church and choir, Rev. G. J. Coulter White presented Miss Lowe with a handsome dressing case and spoke appropriate words of farewell.

Miss Lowe has for some time past very acceptably filled the position of organist at the church services and has also been a teacher in the Sunday school. She left on Thursday morning for her home in Pugwash, N.S. Miss Lowe has made many friends during her stay in Summerland who regret that she has decided not to return. A number were at the wharf to see her off.

## ICE JUST BREAKING.

Last week it was reported that several large cracks were making their appearance in the ice in Lake Laberge, and that travellers coming over the lake with small boats predict that the lake will be open within a week.

The extremely high water in the lake is doing the great work of hastening the loosening of the ice. This condition did not prevail in the lake last year.

It may be that the wise ones who have been predicting a breakup that will be the latest on record will see their wisdom confounded by the action of the mysterious and all potent factors of nature. — Dawson News

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**

If it does write us and we will only be too glad to give you all the desired information

### THE FUEL QUESTION.

#### EDITOR REVIEW—

Dear Sir.—The question of bringing in coal has been largely discussed in certain quarters recently, and it is proposed that the C.P.R. be approached with a view to getting the slips for cars put in forthwith so that cars can be brought in direct from the colliery, by which means the rate and consequently the price of coal will be reduced.

This at first sight appears to be an unmitigated blessing, but when we consider it from an economic point of view it is an open question whether the advantages or the disadvantages would predominate.

As things are in the valley at the present time it is not a question of how cheap we can get certain articles, but of how much hard cash we can keep in the country. If we were producing and exporting largely and so bringing money into the valley we could afford to send money out of it without a second thought, but as it is now an enormous amount of cold cash goes out of Summerland, as well as other points in the valley, every month and any means by which some of this can be kept in circulation must necessarily be worth considering.

The point is this: that although it may cost us a little more for wood than for coal, is it not better to pay that money to men who are living and spending their money in the place, and so keep that amount in circulation, than to send it straight outside. There is plenty of wood to be obtained and if those who make a business of supplying it will do their part at reasonable prices, it behoves the remainder to patronise them and keep the money circulating here, at least until we begin to export on a larger scale.

I put it to the general public that there is more in this question than one would at first suppose; it is merely carrying out the motto, "Support home industries," but in this case means far more than supporting the local merchant as money spent at the stores eventually goes out to the wholesale houses, while money paid for home produced fuel would pay a considerable number of accounts before we saw the last of it.

Yours truly,

CHAS. H. CORDY.

## A PEACEFUL NATION.

Japan now Anxious to Develop Home Industries—  
Has no Time for War.

Maintaining that Japan is a peaceful nation and that the proposed international exposition in Tokio in 1917 is the most conclusive demonstration that it intends to adhere to that policy, Tokutaro Sakai, Japanese commissioner to the Alaska-Yukon-Pacific exposition, is on his way home from the Northwest. The immigration question is already settled in his estimation.

"The question has already ceased to be a difficulty, or even a question at all," he said. The Japanese social and economic conditions have entirely changed since the war with Russia. As a consequence of the war, we have now to develop industries at home; we have also to develop Hokkaido, the northern Island of the Japanese group, we have also Korea, Southern Manchuria and Formosa, where we have been subduing the wilder tribes. All these places need development. For this work we need all our native labor beyond her own borders. Recent reports show that more Japanese are returning to Japan than are coming."

Until further notice, "Orchard's Guide to the Okanagan" will be sold at 50c., a copy. Everybody in the valley should have a copy of the guide as it is full of good solid information.

**ELECTRICAL FARMING.**

**Emperor William Orders series of Experiments of Interest to Horticulturists.**

Emperor William is backing a series of experiments in electrical farming which the originator of the innovation, Dr. Hochstermann, states he believes will revolutionize all agricultural and horticultural industries. The fields in which the experiments are being made are being strung with a network of wires bearing a moderate electric current. The atmosphere and earth are saturated with the current which is provided by a 250,000 volt plant, and it is claimed that all plants grow and mature more rapidly under this stimulation.

Hochstermann claims the yield on electricized land is proportionately greater than the yield of land under ordinary conditions. The current, he says does away with the necessity of fertilizing, renewing the soil at less expense than is demanded by the cheapest methods now in vogue.

The experiments are being conducted at Dahlem station, and are strictly private. It is stated that the Kaiser will permit the experiment to be tried on one of the imperial estates.

Jafe Lindeberg, the Nome mining man, estimates that the output of that camp this season will reach \$5,000,000, showing a big increase over last year. He says that for every foot of ground worked out in the Nome district three feet of new ground are added, so that the life of the camp is a matter far into the future. He says that a number of big ditch enterprises will be added this summer, thereby increasing the output.—Katala Herald.

During Premier McBride's visit to Grand Forks he was asked by one of the local pastors "if you are prepared to do as much for us who live in the upper country as you are doing for North Vancouver and Nanaimo in the enforcement of the Lord's Day Act in Canada." He replied "most certainly, if the same conditions obtain, there will be no discrimination."—Grand Forks Gazette.

According to passengers on the Portland which was in port Thursday, the line of the Copper River railway has been flooded; a lot of trestle has been washed out; two locomotives are dead on the track in 8 feet of water, and it is said that it will take six weeks yet to put the road in as good shape as it was last fall.—Katala Herald.

## GLORIOUS TWELFTH FITTINGLY OBSERVED

### A Thousand Loyal Orangemen Assemble In Vernon in Gala Attire.

A Thousand Orangemen on Parade---Eight Bands take Part in the Demonstration and Discourse Sweet Music---Splendid Patriotic Addresses by Prominent Orangemen---Good Programme of Sports---Summerland Orangemen Parade to Divine Service.

The Twelfth day of July in the year of nineteen hundred and nine will assuredly be a fruitful theme for conversation among all Loyal Orangemen in the Okanagan district for many months to come.

Train after train poured into Vernon and disgorged throngs of people, bright with the orange and reflecting the brightness of the day in their faces. Brilliant and proud in their gorgeous sashes were gray headed old veterans, proud of the Orange as of Royal robes, leaning heavily on their canes but with faces radiant and eyes aglow with youthful excitement. "Why, Johnnie man here we are again, nobody'd think you were eighty-four past, ye don't look a day older than you did 15 year ago." "No Dan, and if I mind rightly you've passed into the eighties yourself. Thank God we are spared to see another celebration. For years back I've wondered whether each one would be my last." "Yes, yes, lad," and the old boys go on wig-wagging, until their arms are tired and their eyes are wet.

Side by side with those grown old in the harness were the vigorous youths of the west, absorbing their loyalty and catching the inspiration and true spirit of the hour.

It was estimated that a thousand Orangemen were in Vernon, representing all parts of the British empire. After marching to the rink and receiving from the gorgeously attired and mounted Marshall their necessary instructions, the lodges dispersed, to re-assemble at 1 o'clock.

Then came the great parade. Walking two abreast and six feet apart, marching to the strains produced by eight bands, representing Vernon, Summerland, Enderby, Kelowna, Salmon Arm, Armstrong and Vernon Salvation Army, the procession was

over a mile long and there was not a man among them who was not proud of being an Orangeman. The Summerland lodge was headed in the march by Past Grand Masters J. M. Robinson and D. H. Watson.

After the parade, the park was visited and standing in a huge circle, led by the Vernon band, the Army of Orangemen and their friends numbering between 2000 and 3000 united their voices in the majestic strains of the National anthem, followed by three cheers for the king.

The lodges then dispersed and interest centred around the stand prepared for the occasion and from which a number of patriotic speeches were made by prominent Orangemen.

The balance of the day was devoted to sports of various descriptions.

The Vernon people held up their end nobly and had so systematically arranged matters that everything ran smoothly and well. On alighting from the train, the whole city seemed ablaze with color and a beautifully symmetrical triumphal arch spanned the entrance to the main thoroughfare. The verandahs, balconies and upper windows were thronged with people and as the various bands passed by, playing martial airs, the onlookers clapped and cheered again and again. It was also a pleasurable fact that the Vernon caterers did not play the hold up game so frequently played on visitors on such occasions. Fair prices were asked and good service given.

The effect viewed from a vantage point was entrancing. The natural verdure of the city formed a splendid background for the bright colors worn by the Orangemen; the dainty dresses of the ladies; the decor-

ated carriages and automobiles; flying flags and fluttering pennants, appealed to the eye and intoxicated the senses.

The Vernon people are to be congratulated on many things, but especially on their band. Their beautiful and tasteful playing was a delight to all music lovers and was one of the delights of the day.

The Summerland band stood second only to the Vernon aggregation and all took off their hats cheerfully to their superiors and enjoyed the music with the rest. The Summerland boys acquitted themselves well and won as much praise as was good for them.

In the baseball field they were up against it and were tailenders, the score being Vernon 20, Summerland, 14. The rain poured down heavily throughout the game and made both ball and grounds pretty greasy. The locals did not show up to advantage and lost the game through a series of costly errors. Those who watched the game critically generally consider that in spite of their defeat, Summerland had the better team of the two. The boys need practise and with the new grounds available it is up to the manager to see that they get it. It is generally hoped that other games may be arranged with the Vernon bunch.

The balance of the day's sports, lacrosse, football and general athletics were interesting and were watched by a large crowd.

On the home journey the boat was loaded with a happy crowd. Men and maidens gathered around the piano, and for at least four hours out of the five, sang around the piano landing up in little old Summerland, tired but happy.

The parade on Sunday was a successful affair. The service was held in the Men's club building instead of in Peach orchard, on account of the showery weather. Rev. R. J. McIntyre preached an inspiring Orange sermon and in the evenings exercises was assisted by Rev. Jas. Hood. An Orange gathering was held in the lodge room after the service when a number of patriotic speeches were made.

Mr. R. J. Falcon has assumed the management of Sir Thomas Shaughnessy's property here. The late manager, Mr. A. Randall has left with his family for New Zealand.

**HOSPITAL BOARD.**

The Summerland Hospital is progressing financially. For the month of June the Board found at its recent meeting that the receipts amount to \$121.00 while the expenses are \$62.20 leaving a credit balance of \$58.80. The usual accounts were passed and ordered to be paid. Incorporation proceedings were pushed along a stage by the Board completing the official Declaration and returning it to Solicitor Burne. A satisfactory report was received from the president concerning the engagement of a permanent matron and many of the citizens chiefly the old-timers of four years ago, will be pleased to know that there is a likelihood of the Board securing the services of Miss Agnes Miller, formerly of Summerland and now graduating with distinction from the Vancouver Hospital.

After careful consideration the Board has decided to take over the entire management of the Hospital after the end of this month. At present the matron receives all monies from nursing and pays the current expenses therefrom, while the Board pays the house and telephone rental. After July the Board will take charge of all receipts and pay all expenses, which it is expected will be found to work more satisfactorily all around.

A call to all subscribers to the Hospital Fund will shortly be sent out by the treasurer, to which there will doubtless be a ready response.

**SUMMERLAND HOSPITAL.**

Dr. Chas. M. Smith, of Summerland, who has been in communication with M. Burrell Esq., M.P. and secured his influence with the Directorate of the Victorian Order of Nurses on behalf of the hospital has received encouraging assurance that substantial aid would be forthcoming upon fulfilment of the usual conditions pertaining to such grants. The organization of a local association and defining of a district, will be matters for a conference with the superintendent, who expects to visit Summerland early next week.

The Rattlesnake pulled up to the wharf a few days ago looking unusually careworn and out at the elbows. Above the windows of the deck house was tacked a streamer, evidently taken from a C. P. R., ocean liner poster, bearing the words in large blue letters, "Safety, Speed, Splendor."

m., Thursday (half holiday) and Sun-  
day. Other days at 9 p.m.

For Penticton and points south at 4:30  
p.m., daily except Sunday.

For Balcom and Naramata at 4:30 p.  
m., Monday, Wednesday and Friday.

MONEY ORDER business not done after  
6 p.m., except on Saturday evening  
when orders will be issued from 7:30  
to 8 o'clock.

REGISTRATION OF LETTERS closes at  
5 p.m.

MAIL DELIVERY—Wicket open for deliv-  
ery after mail is sorted until 7:30 p.m.

This week a carload of lake shore sand  
was shipped from Penticton to New West-  
minster under the direction of Hamilton  
Lang, the government road superintendent.  
This is the result of a test made a month  
ago of a couple of hundred pounds sent to  
the government office at Victoria. The  
sand will probably be used in cement work.

## FORMALLY OPENED

SPLENDID SPORTS GROUNDS AT BULYEA POINT NOW IN USE.

Old Timers Use Diamond For First Time—Mr. J.M. Robinson Makes Address and Pitches First ball--Kelowna wins First Ellison Cup Game

The splendidly located sports grounds at Bulyea Point were formally opened on Thursday afternoon and proved to be better than even the most sanguine ever anticipated. The grand stand was not quite ready for use, but will be by the next game. The Bulyea wharf is only a couple of minutes walk from the diamond and the teams and their friends were conveyed there by water.

The Summerland crowd was able to make the return trip for 15 cents and a large number took in the jaunt.

The Clovelley was a little late in arriving and pulled up to the wharf about 5 o'clock filled to the limit with a merry crowd of rooters.

Early in the afternoon while awaiting the Kelowna's, a number of old timers, embracing Mr. Alton of Calgary, J. M. Robinson, J. C. Robson, J. S. Gillespie and others undertook to show the youngsters a few tricks in the game, and some of them showed surprising form. J. M., made a safe hit and reached first, stole 2nd and 3rd and made a run in record time.

The only regrettable feature was the accident which befel Mr. Alton. He was running a base and tripped, badly spraining his ankle. He had to be supported to a rig and conveyed to a doctor.

When the teams were ready to play, Rev. R. J. McIntyre announced that as this was the formal opening of the grounds, the promoter of the enterprise, Mr. J. M. Robinson, would make a few remarks and pitch the first ball.

Mr. Robinson expressed his pleasure at seeing so many supporters of both teams on hand. He was also glad that such suitable grounds had been available for athletic purposes. He had great visions as to the future of the Okanagan Valley, and baseball loomed large among them. In such a rugged country, level stretches at the water's edge were scarce and he was glad that such a flat had been found available.

He complimented the opposing teams on their appearance and prowess and expressed the hope that the rivalry between the two

meeting in the church, 7:30.

REV. H. G. ESTABROOK, B. A., Pastor.

**News from Peachland**

Mrs. Watt of Vernon, is a guest at the hotel for a week.

Miss A. E. Elliott is visiting Mrs. Watson of Summerland, for a few days.

Mr. and Mrs. Watts of Winnipeg were in town this week for a couple of days.

Miss M. White of Summerland is visiting her aunt, Mrs. J. B. Robinson, for a few days.

The Union Sunday School picnic is being held on Thursday of this week and a very enjoyable time is being looked forward to.

A good many Peachlanders attended the Orange celebration in Vernon and report a very large crowd and a good time generally.

Mr. and Mrs. W. R. Rourke of Vernon, accompanied by Master Carl and Miss Burchill, have been in town for a few days visiting old friends.

The Rev. J. J. Nixon preached an able sermon to the Orangemen last Sunday evening. The choir under the direction of Mrs. Geo. Mitchell, rendered special music for the occasion.

The Hotel Social was held Saturday evening and was well patronized by the public. A good programme of music was given and several speeches were delivered by the officials and others.

Prof. T. Wilkinson of Kelowna was here Tuesday afternoon to arrange a class for instruction in swimming. The professor is a thorough master of the art and his course of instruction will, no doubt, be very helpful to those learning to navigate.

Mrs. L. D. McCall is enjoying a visit from her two brothers, Messrs. McBurney of Hartney, Manitoba. They with their wives are on their way to Seattle and have dropped in here for a few days, to visit Mrs. McCall.

The regular meeting of the Municipal Council was held on Tuesday last. The most important business of the session was arranging for voting on the several by-laws to be submitted to the ratepayers. The voting will be on July 24th in the Council room in the School house.

Mrs. D. H. Watson of Summerland spent a couple of days in Peachland last week visiting old friends and while here she organized a branch of the Women's Missionary Society in connection with the Methodist church. She was the guest of Mrs. Alex. Miller while in town.

**RIFLE ASSOCIATION.**

On Monday last there was a practice shoot on the range, weather conditions being rather unfavorable, a tricky wind prevailing.

Scores were as follows:

	200	500	600	Total
V. Taylor	29	30	26	85
M. Steuart	30	28	25	83
G. Gartrell	28	24	29	81
F. Munro	28	27	25	80

To-day (Saturday) the second half of the competition for the Ellison cup will be decided, as this counts as class firing also all members are urged to endeavor to be present.

The dates fixed for the current season's shoot for the Dominion of Canada Silver are July 31, Aug., 14 and 28 and Sept. 6. Conditions, seven shots and a sighter at 200, 500 and 600 yards at each shoot, the aggregate of the 4 shoots to count.

**E. I. SCOTT, - Jeweler** desires to inform his many patrons and the public of Summerland generally that whilst he is away in the east, his business will be attended to by

**ARTHUR WISMER,** who is a thorough and practical jeweller, & well-known to a number of the residents here.

Mr. Scott trusts that the patronage shewn to him in the past will still be continued.

### BETWEEN HERE AND PENTICTON.

Our neighbor, the Penticton Press, poised its lance in a worthy cause when it recently enquired why construction of the bridge across the river at that town had not been begun, since the bridge had been decreed many moons ago.

If the bridge has to be built, it might as well be done at once. It is sadly needed, for the extra five miles of driving beyond the town and then back again to it, as required at present are a weariness and vexation of spirit to every western bred citizen to say nothing of his horse.

But the Press goes further, and advocates a lake shore road between Summerland and Penticton as follows:

"Upon hearing that the department of public works purposed not only building the bridge but shortening and improving the Penticton road, we made a personal inspection of the Lake shore between Penticton, and Trout Creek with a view to ascertaining whether or not the road could be built along the water's edge instead of up over the rough bench.

What we saw quite convinced us that the lake shore route is practicable. For the greater portion of the distance there exists almost a natural roadway. The banks of the lake are of clay and gravel, with a narrow gravel beach sloping gradually into the water, with the exception of probably a little over a quarter of a mile, where granite rock comes down to the water's edge. Even here, however, the water is so shallow that a road could easily be constructed by breaking out a portion of the rock and building up on the water side. If it were not desirable to follow this method, the road could, in all

probability be carried over the bluff. The road between Summerland and Trout creek is built under conditions identical with those that obtain between the latter point and Penticton."

Anyone who has ever scaled the heights, dived into the depths, climbed over the hog backs between ravines that follow one another like the waves of the sea on the present trail to Penticton, will appreciate what the editor of the press has said. We need a lake shore road to Penticton and we need it badly. The road is part of a trunk line running through one of the richest and most populous parts of the province, and trunk lines should be made right and kept in good repair.

Our present member, Mr. Ellison has done much for his constituency in this regard in the past and we hope he may be able to do something more for us with the government in the near future along the lines suggested by the Press.

At any rate if our confrere of the Press would not consider it a reflection on his preliminary survey, a qualified engineer might be engaged to look into this matter and report. Some day that lake shore part of the trunk line will be built, but if the cost is not too great, it should be built at an early date.

### INGENIOUS ROGUES.

#### Use Alarm Clock, Emery Wheel and Matches in Attempt to Burn Store.

With an ingenious mechanical device, Dake and Belmont, partners in a jewelry business at Enderby, started an incendiary fire in their store early on the morning of July 2, according to the statements of a confession made by Belmont.

When the store was burned, the police made investigation which followed Belmont's arrest. His confession came soon afterwards and Duke has since been apprehended.

Belmont says that he and Dake rigged up a clock alarm in such a way that it would turn an emery wheel. The conspirators for the insurance money then placed matches against the wheel and underneath these scattered shavings saturated with oil.

The alarm was set for 1:30 o'clock on the morning on July 2. It went off on schedule time. Belmont and Dake in the meantime went to Armstrong and did not return until the next day. The stock was insured for \$2500.

### BOARD OF TRADE.

The regular quarterly meeting of the Summerland Board of Trade will be held on Tuesday next July 20 in the town hall, commencing at 7:30 p.m.

The last quarterly meeting was very poorly attended by the business men of the district, and it is hoped that at the coming meeting, all interested in the welfare of the town and district will plan to be present.

The Board is doing good work in various ways, but the burden of the work is falling on a few. The organization would be doubly effective if all men of sound judgment and common sense would look upon the work as their own and turn up at the meeting, bringing their ideas and their tongues with them.

### DREDGING THE OKANAGAN.

Hon. William Pugsley, Minister of Public Works, was a visitor at Kaleden during the past week with Mr. Jas. Ritchie, and as a result of his investigation the government dredge is resuming work and will stay with the job until the Okanagan river, the connecting link between Okanagan and Dog Lakes, is cleared of obstruction and the passage will be available for the Aberdeen and Okanagan.

The contention made by many that the opening of the channel would be a menace to Okanagan Lake has been disputed by those who claim to be informed on the subject. They contend that the volume of water passing through will be no greater with a clear channel than with an obstructed one as water must find its level and if the natural channel is not sufficient, will force one for itself.

The launch Kaleden is now plying on Dog Lake, having successfully negotiated the rapids. The boat stuck on a sandbar for five hours and was only hauled off with great difficulty. She will have to stay on Dog Lake until the passage is open.

### PUBLIC LIBRARY.

The travelling provincial library has been here for some time and for lack of proper organization and management is closed to the public. The library is purely and simply for the general good and surely some arrangements might be made whereby the book lovers of the district might have access to them.

Reading matter is a necessity to many people, who are at the same time financially unable to indulge their taste in that direction. Whose duty is it to find a place for the library and appoint a librarian?

# The Summerland Review

## LOCAL NEWS

J. B. Knowles of Kelowna was a visitor in town this week.

Mrs. M. J. Gannon and children were visitors at the hotel this week.

Mr. E. Chapman of Brandon spent a few days in the district during the past week, looking over his property.

Mr. H. C. James, C. E., was a guest at the hotel this week. He says that business is good at the coast.

Mrs. Adam Stark will receive in future on the 1st and 3rd Wednesdays instead of the 1st and 3rd Fridays as heretofore.

Dr. Mathison will be at the hotel Summerland from July 20 to Aug. 7. Make appointments early.

The Presbyterian services on Sunday will be conducted by Rev. Logie Macdonnel of Vernon. Rev. James Hood will preach in Vernon.

Mr. and Mrs. J. M. Hackney are visiting Summerland from Rosthern, Sask. They have a lot partially improved and are delighted with the country and expect to return.

Mr. H. Dunsdan, presented the Review staff with a basket of magnificent cherries a few days ago. They were grown in his orchard in Garnet Valley and would certainly be very hard to beat both in size and flavor.

Prof. Denton and Mrs. Denton left on Monday last for the coast and will visit Prof. Denton's brother, near Steveston. Mr. Spurr and Mr. Jackson accompanied them and will exercise their muscles in the hayfields during the season.

Mr. J. F. Falkner returned on Monday from Field accompanied by his wife and daughter, whom he had gone to meet. They are now comfortably housed in Mr. W. J. Robinson's cottage just above the town.

The infant daughter of Mr. and Mrs. Adolphe Blomberg died on Wednesday at their home on the Flat. The little one born on June 16. The remains were interred on Thursday afternoon in St. Peter's church yard, Rev. H. A. Solly officiating.

The ladies of the Hospital Auxiliary met on Wednesday afternoon and made a splendid start at preparing the hospital linen. All who are willing to assist in the work are requested to be at the Mens Club on Friday next at 2 p. m. The regular meeting of the Auxiliary will be held the same afternoon.

**:: Naramata Notes ::**

Messrs. N. T. Ellis and H. Endersby of Summerland spent Sunday here.

Mrs. Tomlin of Summerland visited Mrs. Gibbons last Friday.

Rev. Bradley of Penticton preached in the opera house on Sunday.

Mrs. J. S. Gillespie spent last week end with her son, Mr. Mark Manchester.

Rev. and Mrs. A. T. Robinson came across the lake last Saturday to visit Mr. and Mrs. J. M. Robinson for a few days.

B. Hoy, the government inspector of fruit trees came to Naramata last Friday to look over the orchards.

Mr. Ed. Garnett on Monday brought a party of ladies from Summerland in his gasoline launch to spend the day picnicing.

Tuesday evening the S. S. Okanagan brought in a car load of hay for Mr. John Niblock.

The high level flume and ditch connecting Mill creek and Camp creek, which has been under construction for the last few weeks was completed on Thursday.

The Unity Club was held at Mrs. T. R. Wellband's last week. At this meeting, Mrs. A. T. Robinson gave an interesting short address.

Carrol Aikens left for a bear hunt back in the mountains in the neighborhood of Headwater Lakes. He expects to be away for about ten days.

Carpenters are busy doubling the capacity of the grand stand and enlarging the refreshment booth. Also arranging tables and benches under the trees for the benefit of picnics.

The baseball grounds are being put into shape for the game between Summerland and Kelowna. A grandstand is being built behind the catchers box. Robinson avenue which leads up to the grounds is being cleared and fixed up by road foreman Turner.

Special invitations have been extended to the Mayor and members of the Council and their wives of Kelowna, Peachland and Penticton to be present at the regatta on July 22. It is the intention to send similar invitations to Vernon and Summerland for the August regatta.

**Readers Note**

## SPORTS GROUND OPENING (cont.)

teams would always remain friendly. The game of the day was the first of a series of three for a handsome cup, donated by Mr. Price Ellison. The two remaining games would be played at Naramata in connection with the regattas on July 22 and Aug., 26.

Mr. Robinson then, after having in his own humorous way ascertained that every man in the field was in his proper place, pitched the first ball. It was a strike all right—or at least would have been, had it not fallen a little short, and retired amid general applause.

The game resulted in a victory for the visitors on account of the crippled condition of the home team. Kelowna's forces have been strengthened by the addition of a professional ball player named Conrad, from Kansas City, who is a star on 1st. Eastman was in the box again.

The home team was the weakest on the diamond this year and some of the experiments along the line of changes in position were not particularly successful.

The score was 19-7 in favor of Kelowna. The teams were as follows:

Summerland		Kelowna
Glennie	p	Eastman
LeGros	c	McMillan
Conway	1 b	Conrad
McIntyre	2 b	Frame
Walker	3 b	R. McMillan
Blewitt	c f	Kincaid
Beavis	r f	Tredgold
Gartrell	1 f	Pettigrew
Robinson	s s	Jamieson

Mark Manchester refereed the game in a satisfactory manner.

The enjoyment of the afternoon was heightened by selections rendered by the band.

## NIGHT.

CONTRIBUTED.

A holy calm pervades the earth,  
The breeze is hushed, the trees are still,  
All silent now the sounds of mirth,  
And birds no more their sweet notes trill.

'Tis night.

Methinks that heaven is nearer now  
Since God has set His lamps above,  
And seems more near o'er us, to bow  
His great, divine, unchanging love,  
O night.

And now, worn by the toils of day,  
We seek our couch, with prayer and sigh,  
He gives us rest upon our way,  
We sleep beneath his watchful eye.  
Through night.

E. L. L.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**  
If it does, write us and we will only be too glad to give you all the desired information

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

### OUR DUMB FRIENDS.

#### EDITOR REVIEW :

Sir—On Monday night of last week a flagrant case of ill-will was shewn in town. Mr. T. Short's dog was shot by some ill-bred person and the poor old friend passed away on Tuesday morning.

On Tuesday afternoon at about 3 o'clock, a horse was tied up to a tree at the foot of Fenner's gulch—it was there at 8 o'clock the following morning, having been there in that driving rain for at least seventeen hours and never fed, watered, or moved at all. The length of rope was about four feet—not sufficient to hang the owner.

Such cases as the two cited, and the recent dog poisoning cases, make one wonder if we are not getting too civilized here in Summerland, and whether it is not just about time to form a branch of the S.P.C.A. I hope this will not be necessary, especially in a community which professes such Christian beliefs. But really, is it not a significant fact that if one is cruel to their dumb friends, it shews a lack of honor and esprit de corps, and the sooner these people "get" whomsoever they may be, the happier place Summerland will be to dwell in. Why spoil our beautiful scenery, our pleasant companionship with such flagrantly cruel actions—one's nerves get on end, and things are said and thought that are not beneficial to any person whatsoever.

I sincerely hope more will be heard of this and if thought necessary, steps will be taken for the formation of a branch of the S.P.C.A.

Yours truly,  
A FRIEND OF THE DUMB.

### AN EXPLANATION.

#### EDITOR REVIEW :

Dear Sir—As I am leaving my position and Summerland and I hear of stories going around that are not pleasant to me, I shall be much obliged if you will publish this letter in your paper as information for some people who have listened to misleading stories from some persons whose object is to put me down in the estimation of the people, although they have no just reasons for doing so. It is being said that I have been dismissed because some of the trees in my charge are dead. Of course these stories were started by narrow minded men who in times past it has been my misfortune to have had dealings with in the

shape of handing to them wages for poor work done and I can say that they got every cent that was due them. But when a man does not fulfil his duties and cannot be persuaded to, it is time for him to move on. And my duty here was to manage my business for the good of the orchards and the owners, and I wish it to be known that I have not been dismissed, but have resigned and am leaving of my own free will. Of course level headed people who have powers of thinking would know that it would be ridiculous for an employer to dismiss a man because it was his misfortune to have some of the trees killed by a severe winter such as we have never looked for in this valley. Sir Thomas Shaughnessy is a wiser and nobler man than that, and I can honestly say that I have done my best since being here and I am satisfied that Sir Thomas Shaughnessy knows it. And if those men who have spoken against me would think of the difference in the looks of the orchard now and a year ago, perhaps they would not say so much, and if they take the trouble to look around, I am not the only one who had trees killed. It depends very much on conditions of soil and exposure, and if they wish for any proof that I have cared for and grown good orchards, let them go and see the young orchards belonging to Messrs. Henry Joseph, C. F. Smith, C. R. Hosmer and Sir Edward Clouston, which is my work from the beginning, hunting personally for the survey pegs, and I don't think they will find a better lot of trees in any two and a half year old orchard in this district. The trees are all alive and growing, as they are back in the valleys where the snow stayed and protected them from the frost.

I wish to say further that I did not dismiss a man in order to put my friend in his place as the man would have people believe. I can truthfully say that any man that I dismissed I had good reasons for doing so. To any who are unduly curious I can show a valuable testimonial which I have shown the Editor of the Review, from Sir Thomas Shaughnessy, dated June 26 1909, received with the receipt of my resignation. Hoping the wise people of Summerland will see that I am not quite so black as I have been painted.

Yours faithfully  
A. RANDALL.

Mr. and Mrs. B. H. Sherk left on Monday last on a visit to friends at Medicine Hat. They may go as far as Brandon, Man., before returning.

SUMMERLAND, B.C.

Last Saturday provincial constable Simpson brought us in a sample of wheat grown at Kootenay Bay. The cereal had a long stalk, well formed head, and looked exceedingly healthy. If the prairie article is as good as this, the ranchers east of us are justified in anticipating a good harvest. —Kootenaian.

A movement is on foot to drive out all chinks from Cobalt camp. This must ultimately become the sole solution of the Chinese and Japanese problem as far as British Columbia is concerned. Oil and water will not mix any more than the Oriental with the Occidental. —Kootenaian.

The big drive is down from Salmon River and the sawmill of Brayden & Johnston is now running again full blast. The logs were brought down in two drives, there being in the neighborhood of seven million feet. A portion of these logs were over 40 miles up the stream, but the water fell early in the season, necessitating the tying up of some of the logs near Glenemma. The company, however, did not figure on getting these logs out, relying only on bringing them down a sufficient distance to guarantee getting them into the boom next summer. As it is, there are about five million feet of logs at the mill, which will mean a large increase in cut over any previous year. —Salmon Arm Observer.

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 1

SUMMERLAND, B. C., JULY 24, 1909

No. 51

## ROYAL ENTERTAINMENT AT QUEEN OF LAKE PORTS

One, two, three, four,  
Who are we for?

We're for the red, we're for the white,  
Naramata, Naramata,  
She's all right."

Regatta No. 1 was a dandy.—Then what was No. 2?

On the first occasion the grandstand was filled and the largest crowd on record was reported. On Thursday, the grandstand accommodation had been nearly trebled, a special stand had been arranged for the band. In addition to this, the upper deck of the houseboat, Lily of the Valley was filled to the limit and even then, large numbers were unable to find seats.

The sports were somewhat late in commencing, owing to the delay in the arrival of the Aberdeen. No wonder she was late—she had a crowd of 400 on board. It was a good humored crowd too and the Kelowna rooters were very much in evidence as usual. Whatever else may be said about the Kelowna bunch, they are certainly loyal to their town and advertise it well with their colors and their yell—especially the yell.

Summerland people were well to the front. The scow arrived loaded to the limit with Summerlanders. Around the outer edge protruded a fringe of feet of all sorts and sizes. The deck load was canopied by a gay collection of parasols. Penticton contributed as usual a large number of its citizens and from all lake landings came men, women, boys and girls, attired in their "glad rags" and with only one object in view—that of having a good time.

The managers had their plans well laid and everything went like clockwork. The various delays which occurred were in no way the fault of the officials, the onus rested entirely upon the contestants who took their time in getting into action and no amount of shouting and bell ringing seemed to hurry them or ruffle their serenity in the slightest degree. So frequently was the bell rung that the clapper eventually gave way and buried itself in the lake. The announcer, Mr. D. H. Watson,

had a strenuous time and many were surprised that he had so much voice left when the baseball game commenced.

The sailing race handicap for lake built boats was the first event to be started with two contestants, Lear of Penticton with the Seetsum, and Sawyer of S'land with the Spider. The course was about 5 miles, and the Seetsum with a handicap of 8 minutes won out by 10 seconds.

Men's double sculls (scratch) : 1 Avis & Cather, Kelowna; 2 Thornber & Sharp, S'land; 3 Wilkinson sr. & Wilkinson jr., Naramata.

The finish of the senior war canoe race was exciting enough to please everybody and a wilder or more noisy crowd would be hard to imagine. Grey headed matrons, bald-headed old men, staid mothers and damsels, usually wide awake to the proprieties, were standing on the seats with eyes fairly snapping, and screaming at the top of their voices as the Naramata and Kelowna teams, working like heroes, crossed the line a dead heat. The draw will be decided at the Kelowna regatta.

Single canoe race: 1 Nichol, Summerland; 2 Agur, Summerland; 3 Cather, Kelowna.

Mixed double canoe race: 1 Miss Kerr and Allan Agur; 2 Mrs. Hannaford and W. Nichol.

Swimming and Diving: 1 Buchanan, Peachland.

The junior war canoe race was won by Summerland, to whom the judges gave their decision, in spite of a protest by Kelowna that Summerland fouled by crossing their bows.

After the senior race the Naramata canoe upset, and fifteen pairs of arms, legs and wings were struggling in the water. A half dozen boats and launches were immediately on the spot and the crew was speedily hauled to safety, to the great relief of a few who couldn't swim. Capt. Dawson stayed in the water until he got the canoe ashore, and in the midst of the confusion Jamie Pollock was seen quietly swimming around, gathering up the paddles.

Owing to the lateness of the hour a number of the events were called off.

The baseball game resulted in another win for Summerland by 9-4. The teams have now a win each in the Ellison Cup series. The S'land team was back to its old form and made very few errors throughout the game. Hancock pitched a steady game and struck out 12 as compared with Eastman's 5. Seres of Penticton refereed the game.

The usual teams played. Following is the score by innings:

Summerland 1-6-0-0-2-0-0-0-0-9.  
Kelowna 2-2-0-0-0-0-0-0-4.

### BASEBALL REORGANIZATION.

On Monday evening there was a meeting of the Baseball Club, called by Dr. Lipsett, the manager. Although the hour was late nearly 50 baseball enthusiasts were on hand.

The president, G. N. Gartrell, took the chair and called on Dr. Lipsett for a statement of the object of the meeting.

After presenting a financial statement, which showed a considerable deficit he then referred to some slight friction which seemed to exist and considered that it must be removed before the best work could be done. He had carefully considered the matter and had decided to hand in his resignation as manager.

F. Baker, captain of the club then moved seconded by B. LeGros, that the club disband and new officers be elected. The motion carried unanimously.

C. N. Borten was then voted to the chair and the meeting proceeded to elect officers and choice rested on the following:

President, G. N. Gartrell;  
V. P., C. N. Borten;  
Sec.-Treas., J. Conway;  
Manager, D. H. Watson;  
Capt., M. Manchester.

The manager, captain and sec.,-treas., were appointed a committee to select and place the members of the team.

The reorganization has apparently infused new life into the team and put matters on a better working basis. The series of small reverses which the team has bumped into has had the effect of wakening up the boys to the fact that others can also play ball. With Kelowna's improved and strengthened team, the closing schedule games bid fair to be intensely interesting.

## BOARD OF TRADE.

### IMPORTANT DISCUSSION ON TRANSPORTATION MATTERS.

**More Wharves and Docks Wanted in Order to Keep pace with Growth of District—Council Urged to Extend Domestic Water Mains.**

The quarterly meeting of the Board of trade was held at the office of the secretary on Tuesday evening. Those present were the chairman, Reeve Agur, S. M. Young, J. A. Kirk, T. C. Stinson, R. H. English, J. C. Robson, Dr. C. M. Smith, G. L. Parker, E. B. May, G. A. McWilliams and the Sec.-Treas., C. H. Cordy.

Correspondence was read, including Mr. R. H. Rogers report as delegate from the Associated Boards to the conference of those interested in the fruit growing industry, at Victoria on March 1 and 2 last. The President, who also attended the sessions made a few pertinent remarks in this connection.

It was reported that inspection of imported fruits would be more rigid and that extra officials would be appointed.

Other correspondence read was that between the secretary and the C. P. R., officials with reference to time tables being misleading, only showing a boat on alternate days after May 1; also it was pointed out to the officials that in the B. C. pamphlet recently issued, Summerland was not shown on the map. The letter showed that the former matter had been corrected and the insertion of Summerland on the map was promised in the fall.

The secretary reported having sent to the C. P. R., at their request, two cuts of Summerland to the C. P. R., Irrigation & Colonization Co., of Alberta, for insertion in their pamphlet. He read a communication in which the cuts were accepted with thanks.

May—English—That the secretary be instructed to write Mr. Foster, A. G. P. A., at Vancouver, asking how it was that applications for drawing room in sleeper when sent to Calgary by wire from points in this district received no attention and requesting Mr. Foster to remedy the same if possible. Carried.

Moved by Messrs. Parker and Young—That the secretary be instructed to write to Mr. Marpole, re erection of dock and slips at Summerland, pointing out that until this is done no packing house and pre-cooling plant can be erected and that if the dock were not built till next year it would

LOCAL NEWS

Mr. T. Garnett's new house in the Trout Creek district, is about completed and will soon be ready for occupancy.

Work on Mr. Wilson's new house at the foot of College hill is being pushed ahead and it will soon be ready for its tenants.

Mr. Hunt, late of Calgary, has purchased a town lot in the vicinity of G. A. McWilliam's house and is erecting a residence thereon.

H. C. Blitcher, who is connected with the Manitoba College of Pharmacy paid J. L. Logie a visit last week.

Prof. A. G. Campbell returned last week from Chicago University and is the guest of his brother, Mr John Campbell.

Mr. Fraser formerly of Brandon, Man. has purchased an acre of Mr. J. M. Robinson's orchard, adjoining Mr. Geo. Gray's house. A comfortable residence is being built on the grounds which will soon be ready for use.

Miss M. A. MacKenzie of Ottawa, representing the Victorian Order of Nurses, was a visitor in town this week. She was met by Dr. Smith and by him was introduced to some of the officers of the hospital board. Miss MacKenzie is on her way home after having visited the coast in the interests of the order.

Miss Zella M. Collins of Manitou, Man. formerly teacher of the Naramata public school, is spending a season with friends in Naramata. She was accompanied as far as Summerland by her sister Miss E. Collins and Miss Edna Frazer, also of Manitou, who have continued their journey westward and will take in the A.-Y.-P. exhibition and Portland before returning to the prairies.

Mr. A. Finch Page who at one time held an important position with the Japanese government in connection with its railways, was a visitor in Summerland this week and was taken for a drive around the district. Mr. Page has been living in Victoria for some time and is now enjoying his first trip into the interior of B. C. He expressed himself as being greatly delighted with the extent, beauty and development of Summerland. He was accompanied by Mr. H. E. Leash, manager of one of the saw mills and box factories in the vicinity of New Westminster in which Mr. Page is financially interested.

# Our Printing Talks.

Consult us when you require anything in the printing line. Fruit Labels by 3-color process, Booklets, Pamphlets, etc. Our plant is complete and up-to-date, and we know just how to use it.

Review Publishing Co.  
Limited, Summerland, B. C.

Miss Falkner, who recently arrived here from the east has succeeded Miss Lowe as organist for the Baptist Church choir at the front. Those who have heard her play, speak very highly of the young lady's ability as a musician. She will be of valuable assistance to the choir.

R. S. Munro and family arrived in town on Tuesday from Salt Lake City, Utah. Mr. Munro will assume the management of his brother's (Dr. Munro) holding in Peach Valley. The property is among the finest in the district, and embraces some 20 acres a considerable portion of which is under cultivation and in full bearing.

**News from Peachland**

Miss G. Banton of Vancouver, is visiting her cousin Miss Leone Morrison for a month.

Rev. J. J. Nixon and Mr. Osborne Needham spent Monday in Kelowna.

Miss Ethel Rutherford came in from Winnipeg by Tuesday's boat to join her mother and sister in a month's holiday.

The Lake Shore Telephone Co. have a gang of men installing several new 'phones this week and a new and larger switchboard is being placed into central.

Another public meeting is called for Saturday evening to further discuss the by-laws to be voted on Monday next. This is the third meeting of its kind so that all phases of the question should be well aired.

Mr. G. Gibb, who has been representing Messrs. Stirling & Pitcairn in the fruit business, returned to Kelowna Wednesday morning, having secured most of the small fruit and contracted for a good many of the apples.

Mr. J. B. Wallis who spent the summer here two years ago, returned Tuesday for another visit. When here before Mr. Wallis bought 54 acres of land from Mr. J. L. Elliott, part of which has been cleared and planted and Mr. Wallis is greatly pleased with the appearance of his property.

Miss E. R. Whitesides of Brandon College came in on Wednesday to spend a few weeks of her vacation at Gov. Bulyea's. She is a property owner here, having in company with Miss Grace Robinson of Ontario, a ten acre lot, three acres of which is cleared and planted.

Lieut.-Gov. and Mrs. Bulyea were "at home" to the citizens on Tuesday evening last, and practically the whole community turned out to enjoy the pyrotechnic display given from the lawn. A balloon ascent was particularly successful, the light of which kept in view for a long time, finally disappearing over the mountains. Two boat loads of visitors came up from Summerland and Naramata, and altogether a very enjoyable evening was spent. At the conclusion Reeve Lang moved and Mr. J. M. Robinson seconded a vote of thanks to the host and hostess for their thoughtfulness and hospitality for the evening.

The Salmon Arm Council has ordered a 100 gallon chemical fire engine for fire protection at an outlay of \$1200.

**RIFLE ASSOCIATION.**

The second stage of the class firing and also the Price Ellison Cup competition, was concluded on Saturday in a downpour of rain. Three members tied for first place, consequently the tie will have to be shot of at a later date. Principal scores:

- H. Dunsdon 185
- F. Munro 185
- O. Smith 185
- M. Steuart 179
- W. Nelson 178
- A. E. Nelson 175
- J. Dunsdon 171

On Tuesday four members, H. Dunsdon, G. Gartrell, V. Taylor and O. Smith, left for Vancouver to take part in the Provincial Rifle meeting and to shoot on the team representing the Okanagan Valley.

**SUMMERLAND MASONS RECEIVE CHARTER.**

On Friday evening last, in the Orange hall, another epoch in the growth of Summerland was registered. The local Masonic Lodge received its charter and the ceremony was well attended. Right Worshipful Bro., Boyce of Kelowna was the installing officer and R. W. Bro. Burne of the same city assisted him.

After the formal presentation of the charter, the following officers were installed:

- W. M., Bro., Robson,
- S. W., " Bartholomew,
- J. W., " Doherty,
- Sec., " Hogg,
- Treas., " Stark,
- Chaplain " Solly,
- S. D., " Clouston,
- J. D., " Collinge,
- D. of Cr, " Fetherstonhaugh,
- I. G., " Dunsdon,
- S. S., " Richardson,
- J. S., " G. Doherty,
- Tyler " Fyffe.

Refreshments were served after the installation and the meeting closed in harmony with "Auld Lang Syne."

### JUDGE BEN LINDSAY.

Judge Ben Lindsay, of Denver, Colorado, is to be invited to Vancouver to tell about the workings of his famous juvenile court. While there, the Canadian Club will banquet him, and other marks of distinction will be accorded, should he be able to come.

In so treating Judge Lindsay, Vancouver unconsciously pays a high tribute to her own uprightness of heart, for the judge is neither a titled aristocrat nor a gilded captain of finance. The world does not tremble when he speaks because of his political influence, nor does the profession to which he belongs revere him as a Blackstone or a Russell. He is not, so far as we know, an author of renown. He is known simply and only because he has been found a man bigger than his robes of office. A live boy is more to him than a dead man's millions, as is evidenced by the fact that on one occasion he held up a court room full of lawyers engaged on a trial, to let a ragged newsboy hurriedly whisper a complaint in his ear and to grant him an "injunction" restraining a certain policeman from interfering with his right to sell papers at a certain station. "De cop like to a fell down dead when he seen it" the boy is reported to have said later. Like "de cop" we also see it, and, with Vancouver citizens, remove our hats.

When Judge Lindsay woke up one day to find that his court took youthful offenders under rigid laws, framed for more mature and hardened sinners, and because the cast iron bounds of those laws allowed no other recourse, made them tenfold worse than their neighbors by its harsh and indiscriminating sentences, which involved herding

with practised malefactors, he set himself to secure the establishment by law of a subsidiary court in which juveniles might be tried without the awesome and reputation blighting accompaniments of the regular tribunal. In that court, the boy, not the law was to be the important thing and large discretionary powers were to be given to the judge, while at the same time, all the powers of the state were to be behind his decisions. The latter inspired the respect of the toughest and the former freed the hands of the judge to do justice and mercy.

Judge Lindsay's discoveries in that court have been a revelation not only to him, but to the world. Boys who were formerly the despair and terror of the police, are now living useful, upright lives. About 95 per cent of those arrested as embarking on a vicious career have been reclaimed and all because the little judge found out it is not so much law we want as justice and a little humanity shot through with common sense.

In sharp contrast with the gratifying action of Vancouver citizens is the cold malignant fact that but for the vote of the women of Denver, Judge Lindsay would have been crowded out of office by the black hearted corruptionists ruling the political destinies of that state. How turbid must be the fountain of politics in Colorado when a man, whose sole aspiration is to save boys from criminal careers, should be the special object of vigorous and organized attack?

The men who would deliberately set out to break up Judge Lindsay's court, and through it, his work among the youthful degenerates of Denver, would crucify Jesus Christ if he came among them and gave them the chance.

The baseball team held an important meeting on Monday evening and carefully canvassed the baseball situation. Dr. Lipsett tendered his resignation as manager of the team, and D. H. Watson was appointed manager in his stead. Mark Manchester was elected team captain and Jack Conway secretary-treasurer. Some slight changes were made in the team and everything points to a return to some of last year's form. Hancock came in on Tuesday's boat in response to an offer of a position in town and will hereafter occupy the pitcher's box with Harry Glennie as assistant pitcher.

A silver nugget has been found in Cobalt that is worth \$16,000.

### LIKES THE OKANAGAN.

Under the heading "Impressions of a visitor," the Vernon News publishes a letter written by D. F. McKaig, the representative of the Rex Spray M'fg., Co., of Yakima, Wash. Among other things he says:

"Three features are very prominent: pleasing scenery; a veritable health resort; an unsurpassed fruit district. No fruit can be grown in the eastern part of Canada that will begin to equal yours for canning purposes. Because of your climatic conditions your peaches will not fall down in the can as is the case with peaches grown in the east.

Those who have not looked this district over have no conception of this great, favored fruit area, and few realize the great changes that will be brought about as soon as the orchards even now planted start to bring returns.

With your splendid shipping facilities and market ready for you just across the mountains, all this places you in an ideal, unique position.

I see you are forming a union of fruit growers of the Okanagan Valley for the handling of your fruit. Truly a wise move and the only way to bring about the best results and protect the grower from being exploited by the buyer who is out for what he can make, as a matter of course.

I understand that Mr. Samson is to be the manager of the Okanagan Fruit Union. I know Mr. Samson's capabilities. He is a most capable man, and let me say your valley is very fortunate in securing his services.

Nowhere have I seen better cared for orchards than in the Okanagan Valley, and there is less apparent damage from last winter's low temperatures than in what are termed the best districts in Washington.

You are truly favored in your climate, your great market at your door, and your abundance of water.

The company I am interested in has established manufacturing plants in various parts of the states. I am so impressed with your possibilities that I am recommending our board to put in a plant here for the manufacture of Rex Spray which will enable your fruit growers to obtain this spray at much lower prices.

A competence awaits the man who sprays. thins his fruit, cultivates thoroughly, irrigates intelligently, not drowning his orchard because he has the water (we are cultivating more and irrigating less.)

The sun and the heavy cultivation wear

# The Summerland Review

out the humus, the vegetable matter in the soil. Put in cover crops and plow under. Professor Thornber, of the Pullman State Agricultural and Experimental station with whom I keep in touch, will doubly endorse the cover crop remark. I have yet to see a better fruit district than the Okanagan, or its superior as a health resort.

## THE AUTO TERROR.

A party of Americans spent a day in town last week, and left on a trip along the lake shore to Vernon. They travelled in a large two seated auto-waggon and apparently had a reckless disregard for life and limb. They met a horseman on the narrow road south of town and although the horse was performing all kinds with a rough hillside on one side and a six foot drop on the other, still tried to keep their buzz waggon going and only stopped the waggon under protest, informing the rider who was trying his prettiest to keep his horse from backing over the edge, that they had as much right there as somebody else. Even when compelled to stop their machine, they still kept the engines going to the terror of the horse which had never bumped into anything so fearsome before. While there is no doubt every right on the part of automobilists to run their machines, there should surely be, in a country place such as this, some kind of a law demanding that they exhibit at least a few grains of common sense when meeting equestrians in precipitous places.

## CONDEMNABLE PRACTICE.

A practice which cannot be too strictly condemned is in vogue amongst the boys when in bathing. On Monday last a party of residents were out on the lake enjoying themselves in a row boat. As they passed the bathing house as agonizing yells and cries for "help" were heard. They immediately bent well to their oars and arrived in a state of anxiety and perspiration only to find that they had been "fooled"—the boys considering it a good joke—jeering at the rowers.

This is a very serious method of fun, only last week four were drowned in the east, their cries being tabooed as the rowers had been "fooled" too often to take any notice. It would be a very desirable thing if parents would impress upon their offspring the necessity of refraining from this abominable "fooling" as, when their son is really in danger and his cries are heard, the probability will be that he will meet his fate, as the rowers will have been fooled once too often.

**:: Naramata Notes ::**

Mrs. A. L. Gillespie will hold service next Sunday evening at 7 o'clock.

Mr. F. H. Creswell of Okanagan Landing was the guest of Mr. J. D. Pollock on Saturday.

Mr. Carrol Aikens on Wednesday returned from a successful hunting expedition in the Headwater Lakes district.

Mrs. D. G. Ross of Summerland, last week, was the guest of Mrs. L. H. MacDowell.

The colporteur for the Bible Society of British Columbia, Mr. A. D. Steeple, visited Naramata last Friday.

Mr. J. M. Robinson and family spent the week end at Crescent Beach in the houseboat Lily of the Valley.

Mr. and Mrs. A. T. Robinson of Summerland came across the lake on the ferry Wednesday morning to go into camp back in the mountains.

A large party of Naramata people went up to Peachland on Tuesday evening in the launches Maud Moore and Naramata to attend the fireworks display given by Governor Bulyea.

Miss Zella Collins of Miami, Manitoba, came in last Saturday to pay her numerous Naramata friends a few weeks' visit. She was accompanied by her sister and Miss Fraser who went on to the coast on Monday morning.

The Entertainers are rehearsing diligently for their concert which will be held Friday evening, July 30th. The company, under the instruction of Mrs. A. L. Gillespie, promises to more than live up to its splendid reputation.

A party of people from Battle Creek, Michigan, came in on Monday evening, on their way to the Seattle Fair, to look over Naramata. After surveying the proposition a number of them have purchased property and will develop their lots in the near future. Among those who comprised the party were John Bower and wife, H. J. Wells and wife, Eli Link and wife, L. D. Johnson and wife, H. B. Wilder, H. F. Pawell, Geo. Cook, Mrs. P. A. Thurston and daughter.

RASPBERRIES, Loganberries, Gooseberries, and Currants for preserving and table use now ready. Order early and avoid disappointment. Orders for our fruits taken by the Summerland Supply Co.—G. W. McLaren.

JOHN L. LOGIE,  
COLLECTOR.

# The Summerland Review

## SPYING OUT THE LAND.

A party of Americans from Battle Creek Michigan, thirteen in number, paid Summerland a visit on Tuesday last and were taken for a drive through the district. The visitors were under the management of Mr. Wells of Naramata, formerly of Battle Creek. Mr. Wells bought a fine property across the lake last fall and has become so entranced with the west that he took a trip home in order to tell his old friends and neighbors all about it. His glowing description of the gardens and orchards of Interior B. C. so aroused their curiosity that Mr. and Mrs. Johnson, Mr. and Mrs. Smith, Mr. and Mrs. Bowen, Messrs. Millard, Cook and Powell, Mrs. and Miss Thurston, decided to accompany Mr. and Mrs. Wells to the Okanagan Valley and see for themselves.

That the visitors have been well pleased with what they have seen is vouched for by the fact that already between them, they purchased 65 acres of land in and around Naramata.

On Tuesday afternoon they visited Peachland and proceeded up the lake.

## AMONG THE CHURCHES.

**PRESBYTERIAN CHURCH**—Parkdale school house 11 a. m., Sunday School at 10 a. m.

Morning service in Methodist church, 10:30 a. m.

REV. JAS. HOOD, Minister,

Service in the church 10:30 a. m.

Sunday school at 11:30 a. m.

REV. R. J. MCINTYRE, Pastor.

**BAPTIST CHURCH**—In Empire hall at 7 p. m., Sunday school, Empire hall, 11:30;

Parkdale Baptist church service at 3:30; Sunday school at 2:30. Y. P. S. meeting in the church, 7:30.

REV. H. G. ESTABROOK, B. A., Pastor.

**ST. PETER'S CHURCH (ANGLICAN)**—July 25

Seventh Sunday after Trinity—

Matins, 11 a. m.

REV. H. A. SOLLY, B. A., Rector.

The Grand Trunk Pacific has awarded contracts for six steel bridges on the hundred mile section east of Prince Rupert. The fortunate bidder was the Canadian Bridge company, of Walkerville, Ont., and the price is \$400,000. Victoria Times.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**

If it does write us and we will only be too glad to give you all the desired information

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

## The Summerland Review

### LOCAL NEWS

A new 20 h. p. auto for Mr. C. S. Stevens arrived on Thursday night's boat.

Mr. C. A. MacDonald of the Beautiful Valley Land Co. of Keremeos, is a visitor in town.

Miss Nellie Raleigh of Vancouver is spending her vacation with her sister in Summerland.

Frank Ferris of Brainard, Minn. and S. Severson of Cooperstown, N. Dakota are at present on a visit to our townsman Mr. R. Clouston.

Miss Agnes Raleigh left on Thursday morning for her home in Vancouver, in response to a wire announcing a death in the family. She expects to remain at the coast.

Mr. B. R. Baker a carpet merchant of Toronto, was a visitor in Summerland this week, accompanied by his daughter. He proposes buying land here on which he will make his home, after disposing of his business.

In connection with the new cricket club there will be a friendly match on College Campus, Parkdale, between married and single on Thursday afternoon next. Wickets pitched at 3 p.m. This should prove an interesting opening game and members and friends should turn out in full force.

Mr. Chonosuki Yuda, a wealthy Japanese representing the Japanese government visited Summerland on Wednesday and was driven through the district. He took a vast sheaf of notes on conditions and asked a wide variety of questions relative to the possibilities and prospects of the district.

Dr. and Mrs. Lipsett attended Lieut. Gov. Bulyea's reception at Peachland on Tuesday and report a most brilliant affair. The Maud Moore went from Summerland and the Naramata with about forty from Naramata, travelled side by side. About two hundred attended the function which ended with a splendid fire-works display at night.

Mr. and Mrs. D. Watson of Brandon, have arrived in Summerland and will make their home with their son Mr. D. H. Watson. Accompanying them were Mr. and Mrs. Ball and family who have taken in the A.-Y.-P. exhibition at Seattle. They will spend a couple of weeks in Summerland before returning east.

The regular quarterly meeting of the Baptist church was held on Tuesday evening when a considerable amount of business was transacted.

On Tuesday evening in connection with the Presbyterian church, the Ladies' Aid will hold a social on the lawn adjoining the house of Mr. R. H. English, at 8 o'clock. The Summerland Brass and Reed Band will play selections during the evening. Ice cream, cake, tea, etc., will be in evidence for which a charge will be made and as there is no entrance fee to the party, loyalty to the refreshments should be in evidence.

The death of Mrs. Harper of Brandon, occurred early Friday morning at the home of her sister, Mrs. Willard Estabrook. The deceased lady had been ailing for some time and came west in the spring in the hope of regaining her health. Death was very unexpected and arose from a series of complications. The funeral service was conducted at Mrs. Estabrook's last (Friday) evening, Rev. H. G. Estabrook officiating. The remains will be shipped to Brandon for interment.

#### SUCCESSFUL STUDENTS.

Out of 10 Summerland students who recently wrote on their Entrance Examination nine passed successfully. The total marks called for to secure a pass was 550 and the lowest marks made were 625.

Ruth Fulton took fourth highest standing in the Province.

Following is a list of successful students: Vivian R. Fulton, 773; Aldyth M. Ireland, 719; Edith I. Thompson, 690; Lillian V. Brown, 677; Myrtle E. Ritchie, 676; Jean E. Stevens, 654; Clarence R. Adams, 637; Annie H. Stewart, 630; Thomas W. Nelson, 625.

Principal Robson is receiving congratulations on the success of his students.

A nineteen year old boy named Galloway was taken from Edmonton to the Brandon asylum last week. He was laboring under a delusion that he was another Longboat and ran all the way from Edmonton to Fort Saskatchewan and return, a distance of forty miles in four hours. He is now paralysed in both legs though those who saw him run say that he did not appear at all distressed, and was not even breathing heavily. Since that, however, he has lost weight steadily and is now little more than a skeleton.—Calgary Herald.

LOST—Bay pony mare, white star on forehead, two white hind stockings, colt at heel. Suitable reward.—Jack Conway.

BOARD OF TRADE—concluded

then be too late to put up houses for next year's crop. Also that slips would facilitate handling of hay, grain etc., in carload lots at a reduced rate and with greater convenience. Carried.

The secretary brought up the question of the supply of domestic water, saying that it was the opinion of several who were unable to be present that a strong resolution, urging the council to carry the matter through, should be passed at this meeting. The president thought this unnecessary, but it was moved by Messrs. Parker and English—That the municipal council be

strongly urged to carry the question of a supply of domestic water to a satisfactory conclusion at the earliest possible date, in order to get the system in full working order before the coming winter. Carried unanimously.

The meeting then adjourned.

The Maud Moore was chartered this week to take a party embracing Mr. and Mrs. O. E. Tomlin, Mr. C. M. Dodson sr. Messrs. M. Dodson, C. M. Dodson jr. and J. Dodson, to Penticton. The launch went first to Naramata and took on board Mr. and Mrs. Gibney. At Penticton they took a team and drove down to Kaleden.

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND

Provincial Librarian  
Victoria B.C.

Vol. 1

SUMMERLAND, B. C., JULY 31, 1909

No. 52

## Provincial and General

Inquiries received by the Armstrong ship building firm, Newcastle-on-Tyne, indicate that the government will give out almost immediately, orders for four additional super-Dreadnoughts which it is expected will be armed with 13.5-inch guns. —Free Press, Winnipeg.

In the naval manœuvres to rush the Portsmouth defenses, two torpedo boats collided. One of the vessels was badly damaged, but there were no fatalities. —Victoria Times.

The official figures of immigration into Canada for May, show a total of 20,030. The English lead with a total of 7,307 and United States citizens are second with 5,687. Arrivals from Scotland numbered 2,174; those from Italy, 3,091 and returned Canadians are given as 1,195. Immigration from northern Europe continues on a small scale. This year's immigration will slightly exceed that of last year. —Victoria Times.

A \$2,000 diamond robbery took place at Portage la Prairie, Man., on the early morning of the 22nd. The burglars cut a panel out of the door, slipped back the bolt, thus gaining ingress to the store. —Review.

Mr Pugsley's hosts in the Okanagan carried one of their points with the amiable minister without any difficulty. They got him to change the name of Dog Lake to Lower Okanagan Lake. It is understood that some of them favored making a request to have the name of Kelowna changed to Okanaganville, and Vernon to Okanaganopolis, but it was thought that would be too much to ask for all at once. —Keremeos Chronicle.

While standing at the depot platform at Revelstoke, B.C., one day recently, Jas. A. McDonnell, chief engineer for a contracting firm on a big tunnel, saw a bear come out of a bush and carry off the eight year old son of William Lines, an engine driver. McDonnell chased the bear, which took the child to his den. After a hard fight McDonnell managed to rescue the boy who was seriously injured, but he will recover. The bear made his escape into the mountains. —Truro News.

## MIRTH AND MUSIC 'NEATH THE TREES

**PRESBYTERIAN LADIES AID PROVIDES VERY ENJOYABLE EVENING.**

**Merrymaking, Ice cream and Confections Beneath Festoons of Electric Lights—Good Time on R. H. English's Lawn.**

On Tuesday evening last, the Ladies' Aid of the Presbyterian church held a social on Mr. R. H. English's lawn.

Although rain threatened to spoil the proceedings, it was sufficiently kind to withhold its damping effect, with the result that a gay and happy crowd gathered round the tables with which the lawn was well supplied. Ice cream, cake, raspberries and cream were there in abundance and well patronized, the ladies being kept busy all the time, many guests having to stand or walk around until such time as a vacancy occurred at the tables.

The whole setting was more like a picture from some oriental garden—the festoons of colored lights overhead, the people amongst the small trees dressed in various shades and colors, with a background of heavy purple clouds, the moon just peeping through to let them know that there was such a light in the heavens.

During the evening the band rendered some very effective and acceptable selections which livened the proceedings and kept all just in a garden party spirit. Altogether the affair was a great success, and during the summer months many such gatherings would be acceptable to the residents of the town and district, as they form a good and happy means of intercourse and fellow-feeling.

The Ladies' Aid takes this opportunity of thanking the members of the Summerland band, the managers of the Electric Light company and the gentlemen who kindly lent their motor boats, and to all who in any way helped to make the social on Tuesday evening a success.

A series of Sunday afternoon band concerts is under advisance. It is possible that one of the ministers will be asked to address the audience for a few minutes on each occasion.

## Local News Items.

Dr. Mathison will be at Hotel Summerland until August 10th.

Jack Woods has added a young hawk to his list of pets. The little chap is apparently thriving in captivity.

Mr. Stanley French of Vernon, is visiting his sister, Mrs. George Gartrell.

W. E. Scott of Ganges, near Victoria, was a visitor in town this week.

Prof. and Mrs. Perry are spending a few days at Naramata.

Miss Eedy left this week for Vancouver where she expects to reside in future.

Principal E. W. Sawyer returned last week from the coast, where he attended the Baptist convention at Victoria.

Messrs. N. B. and H. B. Lloyd, representing Sterling & Pitcairn, fruit exporters of Kelowna, are engaged in looking after the fruit on the Gartrell ranch.

Messrs. R. R. J. Brown, W. Brown and S. M. Balham of Winnipeg were guests at the hotel this week and enjoyed a drive through the district.

Mr. and Mrs. J. J. Wallace and Miss Wallace have returned from a month's visit to the coast. It is reported that they will go to the coast to reside in the spring.

Mrs. and Miss Ball of Brandon, Manitoba who have been visiting at the home of Mr. and Mrs. D. H. Watson, left on Wednesday morning's boat on a visit to Kelowna.

At the Baptist church services on Sunday Rev. Dr. Sawyer will give an account of the work accomplished at the recent Baptist Convention at Victoria, dealing especially with the growth and development reported for the past year.

Messrs. Maddock & Amos, real estate agents of Okanagan Centre made a flying trip to Summerland on Sunday last with a party of homeseekers looking through the country. It was somewhat noticeable that their stay in this section was a short one and the sightseers were hustled along at a great rate and only introduced to a very small section of Summerland. Among the party was R. J. Allen of the Guelph Agricultural College.

**RIFLE ASSOCIATION.**

At the weekly practice on Saturday last the highest scores were:

	200	500	600	Total
M. Steuart	30	30	26	86
F. Munro	30	31	25	86
J. Dunsdon	30	33	21	84
W. Nelson	27	26	30	83

To-day (Saturday) the first of the four shoots for the Dominion Salver, will be held. Conditions, 7 shots and a sighter at 200, 500 and 600 yards.

The members who attended the Provincial Meeting at Vancouver report record shooting by the crack shots at the coast, and while our representatives failed to capture any leading prize, yet on the whole they have done fairly well and gained considerable experience on their trip. They figured in the following:

Nursery Match, seven shots at 500 yards. H.P.S. 35. V. Taylor 33, \$5, second place, and same score as winner.

Victoria Corporation Match, seven shots at 600 and 800 yards, H. P. S. 70. V. Taylor 57, \$2; G. Gartrell 55, \$2; H. Dunsdon 51, \$1.

Vancouver Bankers Match—7 shots at 800, 900 and 1000. H. P. S, 105—G. Gartrell, 84; \$3; O. Smith, 80, \$2.

Nanaimo match, 7 shots at 200 and 600, H.P.S., 70; H. Dunsden, 59, \$2; G. Gartrell 58, \$2.

Vancouver Corporation match, 10 shots at 800 yards, H.P.S. 50, O. Smith, 43, \$2; G. Gartrell, 42, \$2.

Lieut. Gov's match, 10 shots at 500 and 900 yds., H.P.S. 70. O. Smith, 68, \$4; G. Gartrell, 63, \$2.

All Comers Aggregate, winning score, 496, G. Gartrell, 462; \$4.

Tyro aggregate, winning score, 290; G. Gartrell, 280; \$3. V. Taylor, 279, \$3; H. Dunsden, 255, \$1.

Extra Series, 5 shots at 600 yds., H.P.S. 25; V. Taylor, 24, \$3.50. G. Gartrell, 23, \$1.75.

Tyro team match, 1st Vancouver Rifle Assn., 1338; 2, Summerland Rifle Association, 1331.

The Ladies' Auxiliary of the hospital has decided to run a booth at the next regatta at Naramata, to help supply the wants of the great crowd of visitors.

Mr. Howes of Winnipeg, has been spending a few days with Mr. A. A. Derrick. He is very favorably impressed with the possibilities of this district and hopes to settle here.

Clarence Phinney who has been visiting at Salmon Arm, returned home the early part of the week.

Mr. A. A. Derrick finds it necessary, because of the demand for good fresh milk, to increase the number of cows and is out looking for the right kind of stock.

The Kelowna Sunday schools will picnic at the new athletic grounds August 5th. They have chartered the Aberdeen and will leave Kelowna at 8:30 a.m. It is up to our people to make their visit a pleasant one by making the necessary preparation for accommodating a crowd.

## Local News Items.

R. H. Agur was a passenger to Vernon on Thursday morning.

Mrs. C. H. Dearborn of St. John, N. B., is a guest at the hotel and is looking over the district.

Dr. Munro of Vancouver, was a visitor in town this week and took a look over his property here.

The first ripe peaches (Alexanders) have been for sale during the week and are reported as of excellent quality.

A. S. Hatfield has gone to Kaleden and will fill the position of manager of the Kaleden Supply Co's store which is in course of erection.

The sympathy of the community goes out to Mr. J. Wood in the loss of an elder brother who was drowned a short time ago in the Columbia river.

Rev. Mr. Bradley of Penticton, who is also supplying the Methodist cause at Naramata, spent last Saturday at the parsonage in town.

Mr. T. Moore, after being laid up with a sore knee for a few days, is back in his place behind the counter of the Summerland Supply Co.

Mr. Cancellor, the hotel manager, has brought in a number of good ducks and intends experimenting as to how they will do on the lake shore.

The regular meeting of the W. C. T. U. will be held next Monday at 3 o'clock in the Methodist church and Mrs. Hood will give a report of the Convention.

Mr. P. Aitchison of Ottawa, has arrived in Summerland and is looking over his property here. He has a ten acre orchard in Peach Valley.

Peachland has received the war canoe ordered by them some time ago and will figure in future regattas. They will have an exceptionally strong junior crew and hope to get together a bunch of seniors.

The English mail shipped from Liverpool on the 16th via one of the Empresses, was on Wednesday evening the 28th inst. distributed in the Summerland post office. The old land is getting nearer all the time.

The Baptist church services on Sunday last were conducted by Rev. Mr. Reed of Lethbridge, who is the guest of Rev. G. J. Coulter White. Two eloquent sermons were preached and many would be pleased to hear Mr. Reed again.

**News from Peachland**

Mr. J. A. Morrin returned last week from a business trip to Phoenix.

Mr. H. E. McCall is at present assisting Mr. Morrin in the store. Harold makes a popular and obliging clerk.

Mr. and Mrs. Sid Lang returned Wednesday from the coast where they attended the Dominion Teachers' Convention, visiting Seattle Fair before returning home.

A good many citizens took in the excursion to the Naramata Regatta and spent a very enjoyable time. The Municipal Council and their wives were guests of the regatta committee and were well looked after and entertained. The only drawback to the days sport was the lateness of the Aberdeen: a very poor system of handling the tickets keeping her in port from fifteen to thirty minutes at each place of call.

Mr. Blannerhassett of Fort William, with his family, arrived in town last week for a months outing. They brought their tent along and have pitched it on the beach, and are enjoying the outdoor life. Mr. Blannerhassett owns the farthest out cultivated lot on the Glen Robinson road, so that his trip is one of inspection as well as for a holiday.

The voting on the three money by-laws of the municipality took place last Monday, and resulted in a win for each of them. One lone voter marked with a heavy pencil against fire protection, and seventeen were opposed to the electric light with fifty-one for it. No one opposed the roads by-law. Considerable noise was made against these a few days before the voting but apparently the objectors had a very small following.

**CRUSHED TO DEATH.**

**Siwash Killed by Rolling Stone---Tent Fired by Mourners Candles--Body Scorched.**

While apparently attempting to bury a large stone in Mr. Blannerhassett's lot last Monday, an old Siwash named Swite was crushed to death by the stone rolling into the hole on the top of him. He was working alone at the time and it is supposed that the accident happened as given above. The body was discovered some time afterwards. Death had been instantaneous as the stone was a very large one. While waiting for the Siwashes of the district to gather, candles were kept burning around the coffin. In some way one of these set fire to the tent, burning it completely and badly charring the corpse.

Inspired by the excellence of the performance of her sister towns in their War Canoes at the Naramata and Penticton Regattas, Peachland has purchased a War Canoe and organized a Canoe Club. A public meeting was held Tuesday evening and a committee appointed to arrange if they think best, for a sport's day. An Athletic Association was formed with the following executive: Patrons, Price Ellison M.P. and Lieut-Gov. Bulyea; Hon. Pres., J. M. Robinson; Pres., Reeve Lang; 1st Vice Pres., W.J. Garraway; 2nd V. Pres., L. D. McCall; Sec., H. J. Cutbill, Treas., F. Bywater; Committee, J. L. Vicary, T. Buchanan, J. J. Nixon, N. A. Pope, Dr. Crompton

Mrs. Morrin is enjoying a visit from her mother, sister and daughter, all of Walla Walla, Wash. Miss Morrin is a talented musician having just finished a course in Walla Walla.

Mrs. Urquhart was a passenger to Summerland Monday evening.

Misses Rita Huston and Olive Gummow were successful at the recent entrance examination, taking very creditable marks, Rita getting 763 and Olive 703.

There are no league baseball matches for two weeks by mutual agreement between Kelowna and Summerland, owing to the Kelowna pitcher Mr. Eastman desiring to get married. The boys here join in wishing him a long, happy, wedded life and will give him the glad hand when he first appears on the baseball diamond.

RASPBERRIES, Loganberries, Gooseberries, and Currants for preserving and table use now ready. Order early and avoid disappointment. Orders for our fruits taken by the Summerland Supply Co.—G. W. McLaren.

### COMMUNITY SPIRIT.

Every community has its own peculiar complexion and temper and its own particular ambitions, latent or expressed. These are sure to be lofty or low according as the general average of intelligence rises or declines and the moral atmosphere is kept clear and sweet or is allowed to become murky and malarial.

To remember the community interests as well as those of self and family is the duty of every good citizen. We should "root" for them on every occasion, at the same time not forgetting that there are other communities whose distinctive excellencies are worthy of praise. He who cannot see any good in anything outside of his own parish is guilty of narrowness, and narrowness is the father of that ignorance which is the curse of any community.

We do not have to go far to find excellencies. Every important town in the Okanagan Valley has its own beauties and its own future. They are all slowly but surely working out their own individual destinies.

For instance, it is not more evident that Summerland is to be the educational centre of this part of the province than that Naramata is to be its pleasure resort. No one who was present at the regattas on the 17th of June and the 22nd of July can well doubt it. It seems impossible to build grand stands fast enough to accommodate the crowds who already come to that delightful spot for a day's outing. The aquatic grand stand was enlarged to accommodate nearly 500 people, but it was sadly inadequate last week, while the baseball ground grand stand was even more markedly so. To make ready for "Naramata

Day" Aug. 26 which is the big day of the year; special efforts are being put forth by the management which has shown such splendid faith and enterprise along this line in the past.

We are glad to think the Okanagan is likely to have a Coney Island of its own some day where we can shoot the chutes; go a trip to Mars or lose ourselves in the mirror maze to our hearts content. No other town in the valley shows a disposition to provide these amusements for us. They are all too busy with other matters. Outside of Naramata apparently there is no man or body of men with the disposition, enterprise and capital necessary to tackle the contract of providing special amusements for the whole valley, even if the natural conditions were as favorable as those in that place.

It is true Naramata has not yet attained to the Luna Park standards but from the vigorous start made and the sums of money already expended in preparation, it is easy to see what will be doing there in a few years. The forty thousand trees planted on the benches of Naramata this spring will not be remembered when we all go there to laugh and have a good time as we doubtless will before we are many years older, and it is well that it is so. The man is a public benefactor who can make us forget our cares for a few hours and be children again with all the delightful freedom of that long lost child world, sliding down the cellar door or hollering down the family rain barrel, and if Naramata or any one of its citizens can do this for us and keep the place clean while it does so, it will have met one of the most ardent desires of youth and done more to save struggling hairs on matured heads than barrels of Ayer's hair vigor.

"I am going to irrigate lightly this week, and that is all for this year," says W. J. Stover. "A mistake was made all round last year in putting on water too late in the season. I believe that was the chief cause of the winter injury." Mr. Stover's practice is to run the water in trenches at a low level so that it will get under the trees without soaking the surface, and to keep the surface finely cultivated, a system which he believes is best not only for the growing season but for winter protection as well when the growth is halted by withholding water late in the season.—Keremeos Chronicle.

### DIED IN BRANDON.

Dr. Lipsett and Mrs. J. M. Robinson received the sad tidings of the death of their mother, Mrs. Lipsett, at the home of their sister, Mrs. D. H. Scott, in Brandon, Man.

The deceased lady had reached the advanced age of 85. The remains were interred in the Brandon cemetery.

### CRIMINALLY CARELESS SHOOTING.

Two young ladies journeying homeward on Monday evening along the gulch road, were nearing the upper end of it when they heard the crack of a rifle and simultaneously the whiz of a bullet, so close that they ducked their heads involuntarily. A moment later two lads about 15 years of age who live in the district came in sight with a 22 rifle. Surely parents and guardians should be wise enough to prohibit irresponsible boys from the use of firearms. One day there will be a tragedy enacted and possibly then some action will be taken to regulate the matter. When bullets fly so close that they sing in one's ears, it is high time to sit up and take warning and not wait till the horse is gone before locking the door.

### TREED BY A BULL.

W. Prentis reports having been treed by a bull on the range at Kelowna a few days ago. The animal refused to be "shooed" off although he talked to it in persuasive tones. Considering discretion the better part of valor, Billy took to a tree and for two long weary hours Mr. Bull cropped the grass around the tree and kept an eye on the prisoner, who had to content himself with shooing flies and saying things. Just as the captive had decided to pick out the softest limb for an all night vigil, the jailer jumped the job and Billy put on his best base stealing gait for a home run.

### BIRTH.

At Eberstein Ranch, Summerland, on 25th of July, to Mr. and Mrs. Alfred A. Hespeler; a daughter.

S. Parker was a passenger to Needles on the Arrow Lakes on Thursday last.

Naramata people report having greatly enjoyed the music of the band at the lawn social on Tuesday evening. They sat by the sad sea waves on the other side of the lake and drank in the melody, every tone being clear and distinct.

## LOCAL NEWS

C. A. McDonald, of Keremeos was a guest at the Hotel Summerland this week.

R. H. Tate left on Thursday morning for Merritt, near Nicola.

Mr. C. J. Bicker and Miss Bicker of Armstrong were visitors in town this week.

All Orangemen are urged to be on hand at the next regular meeting which will take place on Tuesday evening, August 3. Business of special interest and importance will be up for discussion. Don't stay away and kick afterwards.

Bills are out announcing the Kelowna regatta, Aug. 11 and 12. Cups and prizes to the extent of \$750 are offered and the regatta will extend over two days. The programme embraces some 31 numbers and is certainly varied enough to be very attractive. The draw between Naramata and Kelowna war canoes at the Naramata regatta, will be decided on the 12th and the regatta will close with an illuminated launch and boat parade.

**:: Naramata Notes ::**

Do not forget the musical and vaudeville entertainment to-night (Friday).

Professor A. J. Perry and Prof. A. G. Campbell of Summerland, have rented Dr. Lipsett's tent, and on Monday they went into camp for a month.

Mr. A. Dawson, captain of the Naramata war canoe team, is the recipient of numerous congratulations for the manner in which he, with the rest of the boys, paddled in the race at the regatta last Thursday.

On Saturday morning the party of Michigan people who have been visiting Naramata for the last week, left for home, via Seattle. All were greatly pleased with what they saw here and many of them bought land on the benches. Some will return to Naramata in the near future to make their homes here.

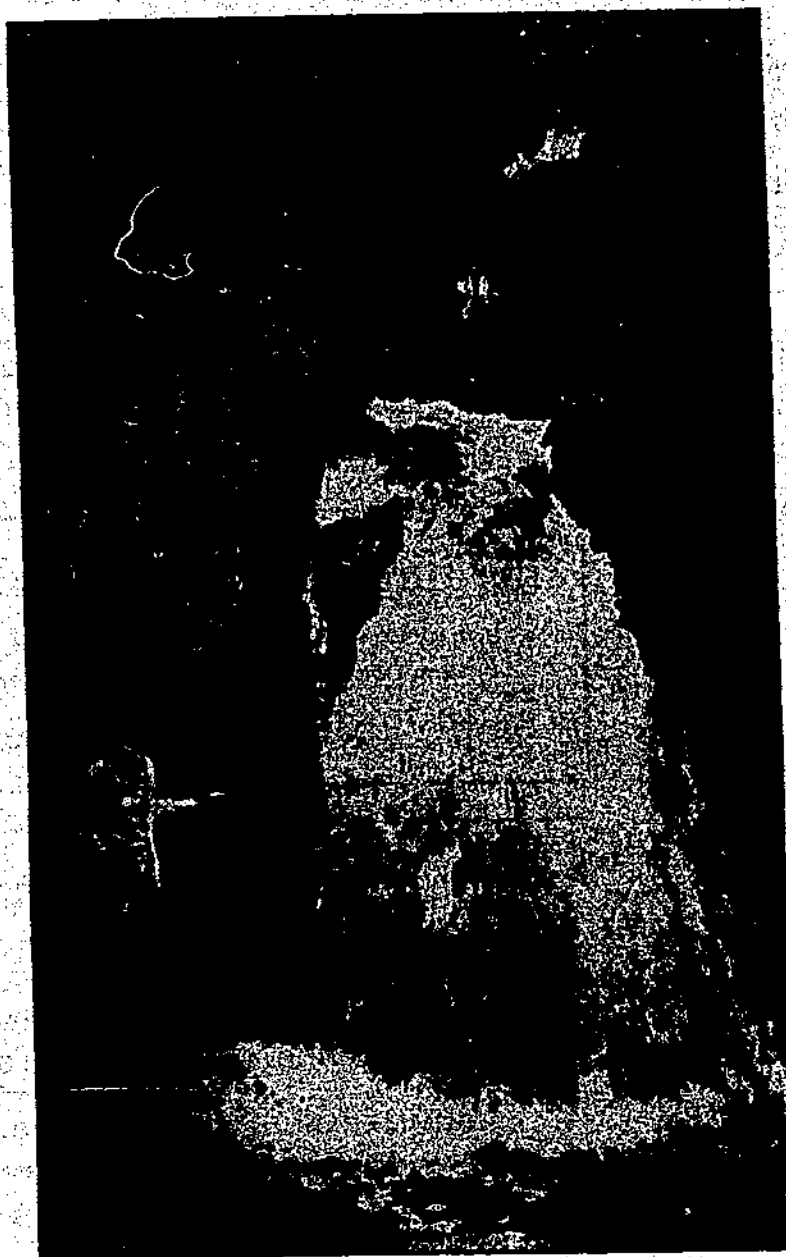

Already work has been commenced in preparation for Naramata Day, August 26. If the pile-driver can be secured the grandstand will be extended to the small wharf, which is a distance of over a hundred feet, and will more than double the present seating capacity of the stand. The system of boxes is being changed and much improved upon. In place of the cumbersome judges' stand a smaller one at a distance out is being built. An ingenious arrangement for a bandstand is being contrived, in which a balcony will be built into the top part of the grandstand. Thus the band will be in the midst of the crowd and will be in a much better position to furnish good music for the people.

Mr. Carrol Aikens left for his home in Winnipeg on Thursday morning, and expects to return in September. While away he will visit New York and other eastern cities.

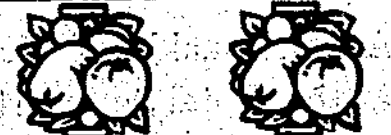

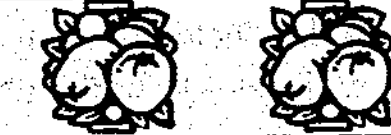

Mr. and Mrs. Timms of Winnipeg came in to see Naramata on Monday evening. On Thursday they left for their home.

It is reported that Mr. B. Legros, catcher for our baseball team, will leave town shortly for Nicola. The boys will be sorry to lose Ben who has done such good work behind the bat.

Miss Myrtle Conway has gone for a holiday to Revelstoke. She is out with a camping party at Albert Canyon as the guest of Mrs. R. Davis, who visited for a month in Summerland this spring with her brother, R. J. McIntyre.

## MARRIED VS. SINGLE.

### Opening Cricket Match of the Season Won by the Benedicts—Score 96--22.

At Parkdale, on Thursday afternoon the opening match of the Cricket season of the Summerland Cricket club took place, and a very interesting event it proved.

The married men won out easily, and the scoring was very uneven. In the married eleven, four of the players scored a cypher and three in the single eleven distinguished themselves in the same way. The highest score of the day was 25, made by E. R. Faulder. D. Williams came next with a score of 18 and C. H. Marshall with 12 to his credit, all on the married. The total score was, Married, 96, Single, 22.

The game was an interesting one. A number of first class bowlers were unearthed and there is every indication that Summerland will soon have a first class eleven in the field.

On Thursday next at 4 o'clock, the members are requested to be on hand for another good practise, when a side game will be chosen.

## AMONG THE CHURCHES.

### ST. PETER'S CHURCH (ANGLICAN)-Aug. 1-

Eighth Sunday after Trinity—

Matins, 11 a.m.

Holy communion, 12.

Evensong, 7 p. m. at Naramata.

**PRESBYTERIAN CHURCH**—Services alternate morning and evening in Parkdale schoolhouse at 11 a.m., and 7 p. m. and in the Methodist church at 10:30 a. m., and 7 p. m. Sunday school in the Parkdale schoolhouse, 10 a.m.

Union prayer meeting in the Methodist church Wednesday at 8 p. m.

REV. JAS. HOOD, Minister,

**METHODIST CHURCH**—Alternate morning and evening in the Parkdale school house at 11 a. m., and 7 p. m. In church at 10:30 a. m., and 7 p. m. Sunday school at 11:30 a.m. Union prayer meeting in the church, Wednesday evening at 8 o'clock.

REV. R. J. MCINTYRE, Pastor.

**BAPTIST CHURCH**—In Empire hall at 10:30 a.m., Sunday school, Empire hall, 11:30; Parkdale Baptist church service at 8:30; Sunday school at 2:30. Y. P. S. meeting in the church, 7:30.

Prayer meeting in church Wednesday at 7:30 p.m. Empire hall, Friday, 7:30 p.m.

REV. H. G. ESTABROOK, B. A., Pastor.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**

If it does write us and we will only be too glad to give you all the desired information

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

# The Summerland Review

## A FORWARD STEP.

Junior High School Work to be taken up in Summerland Public School.

Principal Robson has received the intimation from the superintendent of Education that permission has been granted the Summerland public school to take up a preliminary course in connection with the junior grade of High school work. This permission will be highly appreciated by parents of children who have passed their Entrance examinations, and will obviate the necessity of leaving home in order to pursue their High school work.

Principal Robson had already established a record for himself as a teacher before coming to Summerland and has added to it by the fact that his Entrance class this year, led the whole of the province in standing taken in the recent examinations.

## BOUGHT IN PRAIRIE VALLEY.

Mr. T. Dodwell of London, England, president of the Blue Funnel S. S. line, was a visitor in town during the past week accompanied by his son Mr. P. G. Dodwell. So pleased were they with Summerland, that they purchased Mr. Jas. Sutherland's Prairie Valley property embracing choice cultivated land also ten uncultivated acres of land adjoining, from the company.

Mr. P. G. Dodwell will stay in Summerland to manage the property, and according to report is well satisfied to do so, having graduated at an agricultural college and also spent a considerable time studying practical fruit growing in the Yakima Valley, Wash.

Mr. Dodwell is also a tennis player of almost international repute and is expected to play at the great tennis tournament at Seattle.

A fine residence is to be built right away in Prairie Valley, and to be put in readiness for occupancy as soon as possible.

## PLEBISCITE PROMISED.

Premier McBride Assures Local Option League that Plebiscite will be Taken.

Premier McBride, in replying to a letter from Mr. E. B. Morgan and Dr. Spencer on the subject of Local Option, says:

"I can assure you it is the government's intention to take a plebiscite on this question. At present I am not in a position to make a public announcement in this regard but you may rest satisfied that ample time will be given between the announcement and the taking of the plebiscite. Daily Province.

## CANOE CLUB MEETING.

A meeting of the members of the Canoe Club was held in the town hall on Monday evening, when club matters were fully discussed. It was considered advisable to appoint a manager for the club, and choice fell upon Mr. Mark Manchester who was unanimously elected to the office.

The matter of selecting crews was left in the hands of the executive committee which embraces M. Manchester, Capt. Jack Blewitt, H. Glennie and W. Nichol.

In order to aid in team practise it was decided to flag a half mile course on the home waters. V. Agur kindly consented to log the stretch and superintend the placing of the flags.

Monday, Wednesday and Saturday evenings were decided upon as times for practise of the racing crew, and the canoe will be available any other time when a crew is on hand for a spin. The boys hope to reverse matters at the Naramata regatta on the 26th of August.

## CANADIAN'S INVENTION.

H. A. Richardson, of London, Ont., has been in London, Eng., 2 years in connection with an improved process of manufacturing armour plate. When seen by the Canadian Press in Hyde Park hotel, Richardson said he had scored a great success. The tests of his plate by naval authorities culminated Saturday at Whale island. A six inch plate was struck at a distance of 120 by 9.2 inch guns. With the armour piercing the capped shell, which is a very severe test, no impression was made on the plate, though the impact shattered the shell into a thousand fragments. Richardson estimates his production to be at least 25 per cent. better than German plate and says it should prove of inestimable value to the admiralty with whom he has been negotiating for some time. He intends giving the old country the sole benefits of his patent. He has already purchased a site in London, England, for his plant and says he is backed by big men. He is now on his way to Canada for a short holiday. He hinted that the admiralty was holding over armour plate contracts for the new Dreadnoughts until the result of the tests of his invention were known.—Free Press.

In a severe electric storm in Winnipeg last week, two aerial telephone cables were burned out and a thousand telephones were put out of commission.

UNION S. S. PICNIC.

The Methodist, Presbyterian and Baptist Sunday schools held their annual union picnic at the Summerland Athletic grounds at Bulyea Point on Thursday afternoon.

Between one and two o'clock a merry crowd of youngsters with their parents and guardians embarked on the picnic barge at the C. P. R. wharf and with the Rattle-

snake alongside, were conveyed to the grounds.

The committee of arrangements had made careful preparations for the event and swings and other amusements had been prepared for the enjoyment of the youngsters who all report having had one of the best times of their lives.

In addition to those conveyed to the grounds by water, many went by the road. An abundance of dainties of all descriptions were provided for supper and were partaken of by old and young alike. The weather was perfect, and nothing occurred to in any way mar the harmony of the occasion.
