## "THE SCHOOLMISTRESS."

### Amateur Dramatic Society's Production Causes Much Enjoyment to a Large Audience.

On Saturday evening last, the Summerland Amateur Dramatic society presented the three act farcical comedy, "The Schoolmistress," by Pinero. The play was well chosen and the committee responsible for the choice is to be complimented upon procuring such a suitable comedy, both from the point of humor and vivacity of the piece itself, and also upon its suitability to the members of the Society.

The hall was not so well filled as the writer has known it to be, but a more enthusiastic crowd could not have been garnered, every little detail was watched with marked attention and the various humorous situations applauded in a hearty manner.

In the title role, Mrs. May was admirable, the part called for more than ordinary capacity, and a ready response to same, was given by her. A better exponent of the part in the district it would be difficult to procure.

Mrs. D. Bentley acted the part of the art-cled pupil, full of life, fun and mischief in a really professional manner. Her actions throughout showed a familiarity with the boards and she was never at loss for a word or suitable movement adaptable to the particular part of the play. Probably she was at her best in the little scene over the fireplace, making "toddy" for a particular gentleman, whilst the lieutenant was busy helping her (?) or was it when she held the upper hand over Quekett by being in possession of the telegram.

Miss Sutherland made a sweet young newly-wed, and her description to her friends as to how it occurred was most naively and splendidly given, whilst her school friends, Miss Cooper and Miss Ramsay, just seemed to revel in it, in their no small parts they acquitted themselves quite vivaciously and showed a good knowledge of the sartorial art.

Mrs. Fetherstonhaugh had a very difficult part to play, she did it in a manner much to be admired—will the Admiral remain under her rule in future? that's what is troubling the writer, or will his short temper break out again and insist upon subjection.

Miss Cartwright as Mary Chapman was very good, the part itself did not call for

much talent but Miss Cartwright took all out of it she possibly could.

As the irascible, short tempered, will-have-his-own-way Admiral, Mr. Osler was fine and the various errors he tumbled into were well rehearsed, the positions being very effective and mirth provoking. In the after dinner speech he was quite at home.

Quekett (Mr. Villiers) was a character difficult to portray, one of those down-at-the-heel, don't-wish-to-work, help-me-if-you-can young sparks, who marries well just to get a livelihood, and who desires to be kept and foddered, just like any other dumb brute. Not a pretty description of an individual, but Quekett was such. Mr. Villiers handled the part in a very clever and pleasing manner. When he was being made the butt of the girls, or again when his wife was petting him or he in turn was begging for a little more money for expenses, or trying to assert his authority as a representative of one of the noble families, he was quite at home in all the varying positions, just the type of man to make a journalist, so full of schemes and ideas. Poor Quekett he had at last to submit to the much stronger will of his wife, but maybe his brother Bob of whom he was always speaking will help him out when he is through with his divorce suit.

Messrs. Agur, Reynolds, Osler, Naper and Master Agur in their several and respective parts did very well. Mr. Osler in the part of German tutor was schwer gut, his broken English very clever and funny.

Mr. Knox, as the jealous husband was exceedingly clever, and he is fully qualified to accept of a much heavier part.

One of the most amusing scenes was the one in which the Schoolmistress and the Admiral's wife were weighing their husband's virtues in the scales, and the poor husbands found to be wanting—a by no means unusual occurrence.

"The Schoolmistress" is by far the best show which the Dramatic Society has handled, and it is hoped that their next production will still be a much greater success if possible. Certain it is that there is no lack of talent and they are justified in having a two or three nights show and a full house each night.

## ROADS AND BRIDGES.

### Okanagan River to be Bridged and Road Between Summerland and Penticton Improved.

Mr. Hamilton Lang, of Vernon, provincial road superintendent for the district, was in town on Thursday. He carried in his pocket the plans for the new bridge to be built across Okanagan River near the outlet of the Okanagan Lake. Construction, Mr. Lang says, will begin immediately or as soon as material can be got together. The bridge will be sixteen hundred feet long and will be piled across the low ground between the river and the mountain. It will not be a swing, but one span will be twenty feet high which will enable small steamers to pass underneath. Mr. Lang says also that the Summerland road will be much shortened and the grade improved.—Penticton Press.

## THE GLORIOUS TWELFTH.

The Summerland Loyal Orange Lodge, at a meeting held in the lodge room on Tuesday evening, made arrangements for celebrating the glorious twelfth of Ireland in fitting style. They decided to attend the big celebration in Vernon on July 12th in a body and steps have already been taken towards securing special excursion rates for the round trip. A splendid programme is being prepared and the event promises to be a history-maker for Orangeism in the valley. On Sunday, July 11th, the local Orangemen will parade to divine service in a body headed by the Summerland brass band. The service will in all probability be held in the park at Peach Orchard, as it was last year. The preacher will be Rev. R. J. McIntyre and special music will be rendered by the Methodist church choir.

## C. P. R. EXCURSIONS.

A series of excursions to Ontario and Eastern points have been arranged by the C. P. R. good for either 30 days or until Oct. 31 as the excursionist may desire.

The first excursion trains ran on June 2 and 3. The rest will start July 2 and 3 and August 11 and 12.

## For Rent

Two-acre lot with House and Stable and 123 3-year-old trees; close to town good water, etc.

### CANOE CLUB PLANS.

At Thursday night's meeting of the Canoe Club, four sub-captains were appointed to assist and to take the place of the regular club captain when absent—W. J. Nichol, Harry Glennie, E. D. Sawyer and J. Blewett. Regular war canoe practices will be held every Tuesday, Thursday, Friday and Saturday evenings.

The canoe clubs of the valley at present, Kelowna, Naramata and Summerland, are forming an Okanagan Association. J. Blewett, E. I. Scott, W. H. Walker and Harry Glennie are a committee to represent Summerland at the joint meeting for this purpose to be held at Kelowna on Thursday June 10th. The Association when formed will be presented with a magnificent trophy for competition, by Mr. W. R. Megaw of Vernon. All races will be run under the rules of the O.C.A. and as the towns along the lake develop and other clubs are formed the canoe, sailing and sculling races will be under their control and be handled in a sportsmanlike way.

### RIFLE COMPETITION.

**Summerland Rifle Shots Make Excellent Showing In Contests at Vernon.**

According to reports received to date from the Vernon Rifle range, Summerland's representatives are as usual carrying off a large number of choice trophies.

In the Team match, Summerland on Friday was leading by 12 points at 200yds., the match still in progress.

Following is a list of results as far as obtained:

No. 1, Nursery Match 7 shots at 500yds.  
George Gartrell, 32 first.

O. Smith, 32 second.

No. 2, Professional gentlemen's match, 10 shots at 400yds.

O. Smith, 47, first, Cup.

G. Gartrell, 46.

Tyros in above.

A. E. Nelson, 37, first.

V. Taylor, 36, second.

### MOTOR HANDICAPS.

The Official time keeper has handed in the following corrected list of handicaps in the motor races on May 24th:

G. Gartrell, 2 1-2 m. h'cap.,	fin. in 42 min.
F. Anderson, go	" " 47 "
J. Conway, 4 1-2	" " 45 3-4
E. Garnett, 1-2	" " 51 1-4
B. L. Hatfield, 1-2	" " 52
A. Stark, 1-2	" " 55
Van Hise, go	" " 55 1-2

On Sunday close at 8 p.m. for Monday morning's steamer. For Penticton and south 4:30 p.m. each week day. For Naramata and Balcom 4:30 p.m. Mondays, Wednesdays and Fridays. Wicket will be open for delivery after mail is sorted until 7:30 p.m.

Registered letter mail closes at 5 p.m. Office hours, 8 a. m. to 6 p. m.

No money orders issued after 6 p. m., except on Saturday night when office will be open for the issuing of money orders from 7:30 to 8 o'clock.

**EIGHT DAYS IN TRAP.**

Dick has arrived in town. Who's Dick? Why he's a good looking collie dog with a story. He is the property of Mr. and Mrs. Cancellor of the Summerland hotel and last winter by some mischance or other he was caught by the paw in a trap. For eight days he remained in that painful position and when found by his friends had laid down to die. Dick was hurried home and a medical man injected strychnine to restore the action of the heart which had almost stopped. Then as he gradually revived, the injured foot was cared for and eventually Dick was given a dose of chloroform and the paw was amputated. He is almost all right again now and hobbles around with three legs and a slinger. It is possible that he may eventually be provided with an artificial paw.

## LOCAL NEWS

W. A. Lang of Peachland, was a visitor in town this week.

Mrs. C. P. Armstrong was a passenger to the coast on Wednesday's boat.

J. G. Birch of Meadow Valley left this week on a visit to his home in England.

Mrs. Jas. Gartrell left on Wednesday morning on a visit to friends at Kelowna.

Mr. A. H. Clouston left on Monday's boat for a short visit to his sister in Ephrata, Washington.

Miss Haines of the College staff left on Wednesday for Medicine Hat where she will spend her Summer holidays.

Mr. and Mrs. C. N. Higgin of Manchester, England, have been visiting their son, Mr. C. N. Higgin, they left for Kelowna on Wednesday morning.

Judge Walker of Winnipeg was a visitor in Summerland this week, visiting many of his old friends and acquaintances. He left for Penticton on Thursday night.

Public school students are writing off their Entrance examination papers this week. Inspector A. E. Miller of Vernon is here conducting the examination.

Mr. and Mrs. W. L. McKenzie who have been residing in Prairie Valley for some time, left this week for their old home in Winnipeg.

The ordinance of baptism was administered in the lake on Sunday last and the participants were afterwards received into the Baptist church by the pastor, Rev. H. G. Estabrook.

Mr. Murray Dodson of Wetaskiwin Alta. is the guest of Mr. and Mrs. Tomlin. Mr. Dodson has fallen in love with the west and has about decided to buy and locate at Kaleden. He expects to have his parents with him before long.

George Gartrell left on Monday morning for Okanagan Landing. He took with him a hunting outfit and will proceed to make it lively for bears and other wild beasts which may be unfortunate enough to get in his way.

A car load of six and eight inch wood pipes arrived on the Aberdeen on Monday evening for the Development Company. These comprised the first shipment of a large order placed with the Pacific Coast Pipe company and will be used for supplying water to Jones Flat and a portion of Garnett Valley. The work of digging the trenches for the pipes is well under way and an abundance of water will soon be forthcoming.

The interior of the Methodist church is undergoing a thorough overhauling and repairing.

Delicious ripe strawberries adorned the garden of Col. Cartwright's estate before the first of June this year. This is not bad considering our late spring.

Mr. Jas. Ritchie is erecting a large shed for dry lumber at the lumber yard on the Flat. New buildings are being erected around that section and a miniature town is springing up.

The baseball boys had a good work-out on Thursday afternoon. As some members of the team were unable to get away, the game which should have taken place at Kelowna was called off.

D. F. McKaig of North Yakima, Wash. manager of the Yakima Rex Spray Company, was a visitor in the district this week. He is looking over this territory with a view to starting a factory for the manufacture of Rex Spray for Western Canadian consumption.

After having been closed for over a month, the cash drawer in the safe of the local Bank, which had become jammed, has been opened by an expert who came in for the purpose. The money was perfectly secure for the month but failed to draw interest.

Bears are coming down from the mountains after hibernating for the winter. Traces of them have been seen in Garnett Valley and several report having seen the black fellows at a distance. F. Anderson brought a good sized bear in on Monday last which showed signs of having passed through a strenuous winter.

The road up Fenner's gulch is now complete and in general use. The grade is an easy one and will doubtless be a great boon to those hauling heavy loads up the hill. The only thing that will militate against its usefulness and counteract the effect of the grade is the deep, sandy soil which makes pulling hard. The next wise move will be to get the road properly shaled.

The Okanagan Fruit Union has secured the services of Mr. Sampson, formerly manager of the Yakima Fruit Union, as manager of that organization. The prospectus of the Union is being distributed, and Mr. C. H. Cordy is at present rounding up the business men and fruit growers of the valley and endeavoring to enlist their support in the movement. It is predicted by those who have experience in the matter that the organization will be a success and of great benefit to the fruit industry in the valley.

# The Summerland Review

## News from Peachland

Miss Louise Lane spent Tuesday in town visiting Mrs. H. B. Cossar.

Mrs. C. G. Elliott and Miss Kennedy were passengers to Kelowna on Thursday, returning the same evening.

Mr. Ruddick, dairy commissioner from Ottawa, spent a couple of days here last week.

Mr. A. E. Miller, I.P.S., is conducting examinations for high school entrance this week.

Miss Dobbins, of Westbank, who has been spending a week with Mrs. Town, returned to her home by Tuesday's boat.

Mrs. A. Town gave a delightful afternoon Wednesday from three to six. Quite a number were present and report a most enjoyable time, and say that Mrs. Town quite lived up to her reputation of being a splendid hostess.

The baseball team, gaily dressed in their new suits, are going to Kelowna on Thursday to try conclusions with the team of that town. It looks like a big contract, but our boys have plenty of grit and will do their best to give the Kelowna boys a stiff argument.

Mr. Seth Davidson had green peas and new potatoes for dinner last Monday. For a late spring this is not doing badly. Mr. Jack McKennor sold his first strawberries last Saturday. The first ripe wild strawberries were gathered by the school children on May 12th.

Mr. Geo. McDonald, who for a year has been clerk in Morrin & Thompson's store, left with his family for Prince Rupert on Thursday morning. Mr. McDonald has a brother-in-law in business there and he is entering into a partnership with him. George has been very popular here and his friends wish him every success in his new venture.

The Musical Eckhardts gave an entertainment in town Saturday night which was very much enjoyed by the audience. Some of the effects produced were very pleasing indeed, and should they ever come to town again they will be sure of a full house. Mr. Eckhardt is a cousin of Mr. J. B. Robinson, and not having met for forty years they had a good many things to say to each other. Sunday evening they attended the Methodist service and very kindly assisted with the music, and two of the young men gave a violin duet.

Mr. L. D. McColl spent Thursday in Kelowna.

Mrs. R. H. Robertson has rented the hotel and has already taken possession. The building has been thoroughly cleaned and put in thorough sanitary condition so that with a person of Mrs. Robertson's ability in charge, comfort is guaranteed to the patrons of the house.

Mr. G. Perry, representing the Pacific Coast Pipe Company, was in town over Sunday, the guest of Mr. W. A. Lang. While here Mr. Perry looked over the ground of the proposed new water system for the town, and submitted figures for which his Company would install their stave pipes and hand the system over to the Municipality tested and ready for use.

On Tuesday evening a mass meeting of ratepayers was called to consider the question of borrowing money for local improvements. There are four propositions before the voters. One to improve the roads, another to put in a waterworks system from Trepannier Creek, another for fire protection in connection therewith and also electric lighting. Owing to the heavy rain storm just at the time of meeting, the attendance was not as large as it would otherwise have been. However, those present listened with interest while the reeve gave the engineers estimates in these different propositions. After he had finished, each of the councillors was called upon to give his opinion on the matter and all expressed themselves as favorable to the schemes. Another meeting will be held later when more information is obtained before by-laws are submitted.

### AMERICAN IMMIGRATION.

Word comes from Washington D. C. that between 75,000 and 100,000 persons, most of them American farmers, will settle in the western provinces of Canada during the present year. The report comes from Franklin D. Hale, of Charlottetown, to the department of commerce and labor.

"The total amount of wealth they will take will run into millions" continues the report. "Since 1903 over 200,000 homesteads have been granted to settlers and the population of the Dominion has increased over 1,000,000. It is estimated that the total trade has increased 178,000,000 and the product of grain has shown an increase of nearly 100,000,000 bushels. There are still available for homesteads in Manitoba 17,825,000 acres, in Saskatchewan 104,878,000 and 117,369,000 in Alberta."

### PROFIT SHARING ADVOCATED.

The extensive and desperately real labor troubles of the past few years in England have made employers as well as employees step sideways in their anxiety to find a solution. The clamors of the poor and the rapid growth of socialism which threatened the whole capitalistic system have had their effect on the plans of great industrial concerns.

The most striking effect is that captains of industry like Sir Christopher Furness, shipbuilder and ship owner; Lever, the soap maker, and other men of lesser note, are now advocating the adoption of some profit sharing scheme which will make the skilled laborers real stock holders.

Sir Christopher made two propositions to his men, after a series of disastrous strikes. One was to sell them two of his yards at a fair price on easy terms and the other to set aside five per cent of the wages of the employees for the purchase of shares in the company. The shares would be guaranteed five per cent, and after that, a participation in the common stock dividend. On leaving the employ of the company the holder would have to surrender his stock at its market value. A court of arbitration, made up of the operating staff and the employees in equal numbers would settle all questions of wages and other grievances of the men.

The men showed their wisdom by accepting the latter proposition. They thus become capitalists in a small way themselves and the grip of socialism and "walking delegates" on them has been vastly weakened, as they are aware by the strenuous efforts they are making to defeat the new movement towards a general plan of

co-operation now being led by Sir Christopher Furness.

The move toward profit sharing seems an eminently sane one. Its direct tendency is to do away with strikes, elevate the men, increase their output and to better their financial condition. It will also teach the men to sympathize with the busy brain in the office as they learn by an increased knowledge of the business percolating down to them through their representatives on the board, that the most carefully laid plans may be burked of profit because of a new invention or a change in market conditions over which no man could have any control.

The marvellous thing is that capitalists have so long delayed a move in that direction. They should not have waited until they were clubbed into it, particularly when the system has been long enough in vogue elsewhere to have demonstrated its worth. Belgium, the United States and England has each seen profit sharing schemes as distinct from strictly co-operative enterprises, worked out to a successful issue through cycles of thirty, forty and fifty years, and that by concerns employing up to ten thousand men. Grab and Pride seem however, to have stood in the way of what is on the face of it a humane and reasonable method of dealing with a troublesome question.

We miss our guess if Messrs. Furness, Lever, et alii lose anything more than some unnecessary worry by securing to their men a proprietary interest in the welfare of the business.

A Canadian inventor stopping at a London hotel is being closely guarded by secret service men both day and night on behalf of the admiralty with whom he is endeavoring to negotiate a deal for a powder explosive. It is understood the inventor has already received a big cheque from the admiralty by way of option. The inventor declined to be interviewed on the subject. Germany is said to be also anxious to secure this new explosive.

The bathing season is almost here and nearly all the keys for the dressing rooms at the bathing house have been purchased. Quite a number of young men have stated that they want keys, but like certain foolish virgins mentioned in the good book, the cry will soon be "too late." Mr. Fred Nixon, like St. Peter, holds the keys. It may be necessary to extend the building to meet all demands. It would be a good move for the boys to get together and form a swimming and polo club.

## LOCAL NEWS

Miss Blyth was a passenger to Vernon on Wednesday.

Miss May Phinney is spending a few days with friends at Shingle Creek.

The Garnett Valley company has just completed extensive repairs to its fluming system. About 2000 feet of new flume has been built and the rest of the system overhauled and repaired.

The socialistic lecture which was to have been delivered on Tuesday evening by Comrade J. Harrington, of Nelson, Socialist Organizer for B. C., was unavoidably called off. The elements conspired against the meeting and a heavy rain and thunderstorm kept the people at home.

A party embracing Messrs. Ritchie, Stark, Logie and Mr. R. G. Struthers of Galt, Ontario, went to Penticton on Wednesday morning aboard the gasoline launch "Kaleden." From Penticton they went to Kaleden, the new Ritchie townsite, where surveyors are busy planning out the town and a small colony of tents has already arisen.

Tuesday evening's thunder storm played havoc with the telephone wires throughout the district and the Lake Shore Telephone company's crew is being kept busy repairing the damage caused by the blowing out of fuses, etc. In Prairie Valley, a curious thing happened. A telephone connection was cut by the lightning as neatly as though done by a pair of shears, while the telephone remained uninjured.

The musical Eckardts who appeared in the Mens' Club building under the auspices of the club on Friday evening of last week, provided one of the most delightful evenings entertainment ever enjoyed in Summerland. The bell ringing was particularly rich and the audience simply revelled in the liquid tones produced. The other musical numbers, the aluminum chimes, violin and brass selections each having their own points of merit. The singing of one of the members of the company to an accompaniment of bells, was very pleasing and many wondered how he managed to sing so tastefully while reaching over the table to produce his own share of the accompaniment. Another member of the company proved himself to be an elocutionist and impersonator of no mean order and his take-off as Joe Skinner's Sal, was particularly mirth provoking. The Eckardts may always look for a full house in Summerland.

# The Summerland Review

## Provincial and General

A million and a quarter acres of free homesteads, tributary to the G. T. P., will be thrown open for settlement this year.

In the Commonwealth house of representatives the government on a motion to adjourn, was defeated 39 to 30. The free trade, protectionists and anti-socialistic parties have united under the leadership of Hon. Alfred Deakin, formerly prime minister, to oust the labor government. The adverse motion was one regarding the Australian naval and military defence policy.

At a meeting of delegates held at Kaslo on the 13th. inst., it was unanimously agreed to form a Central Conservative Association for Cariboo District. The Association will be called the Cariboo Central Conservative Association. The following officers were appointed, Hon. President, Hon. Richard McBride, Victoria; President, John Holt, Quesnel; Vice-President, F. Shepherd, Soda Creek; Secretary, W. J. Andrew, Quesnel; Treasurer, L. F. Champion, 150 Mile House.

The contract has been let for the building of Manitoba's consumptive sanatorium at Ninette.

The Prince Rupert auction sale rounded the million-dollar mark shortly after the bidding started on Saturday morning and the event was signaled by Mr. C. D. Rand, agent for the government and the Grand Trunk Pacific railway, presenting \$100 to the man whose purchase made the grand total. The crowd cheered the recipient of the gift, and during the few moments' intermission there were cheers for Mr Rand, for Auctioneer Miller and for Prince Rupert.

## Notice

Land Act, Osoyoos Land district, District of Yale.

**:: Naramata Notes ::**

Mr. A. S. Hatfield, of Summerland spent a day here last week.

Mr. R. H. Turner went last week on a business trip to Vernon.

On Monday, Dr. and Mrs. R. C. Lipsett spent the day in town visiting friends.

On Wednesday, an enjoyable evening was spent at the home of Mrs. Wellband by a party of young people.

Mr. and Mrs. Higgin, the parents of Mr. C. N. Higgin, paid Naramata a short visit last week.

Mr. C. P. Nelson, photographer, of Summerland, came over on Monday to take some views of the Bridal Veil Falls.

Mrs. Wm. Robinson and Miss Alice McDougald of Summerland, visited friends in town on Monday last.

Mrs. John Owens, of Vernon, and Mrs. F. Ross and child, of Edmonton, came in on Friday's boat to visit Mrs. Manson.

Dr. White, Mr. J. R. Brown and Rev. R. J. McIntyre paid Naramata a visit on Saturday.

Mr. Derrick last Monday came over from Summerland to oversee the work which is being done on Mr. Dangerfield's lot.

Mr. and Mrs. Tomlin of Summerland paid a visit to Mrs. Chas. Johnson, last Thursday.

The ferry-boat "Maud Moore" has been hauled up for repairs. It is expected that she will be out of the water for a few days.

Quite a large crowd of Naramata people last Saturday evening journeyed across the lake to see "The Schoolmistress" by the Summerland Dramatic Club.

Last Thursday morning Mrs. Law accompanied her husband as far as Summerland. Mr. Law left on a business trip to Halifax, N.S.

The Entertaining club on Thursday evening held a meeting, when it was decided to put on a concert next month. At this meeting several new members were initiated into the club.

Mr. and Mrs. Tyson and child, of Holland, Man., arrived on Monday to take up their residence here. Mr. Tyson will take over the management of the Naramata Supply Company's store.

Com. J. Harrington, organizer of the Socialist party of Canada, accompanied by Mr. J. W. S. Logie, of Summerland, came in on Monday's boat. In the evening a lecture was delivered by Mr. Harrington.

## AMONG THE CHURCHES.

**ST. PETER'S CHURCH (ANGLICAN)**—Jne. 6. Trinity Sunday, Matins at 10:30; holy communion (choral) 11; Evensong, 7, Evensong also at Naramata at 7 p.m.

**BAPTIST CHURCH**—In Empire hall at 10:30 a.m., Sunday school at close of service. Parkdale Baptist church service at 3:30; Sunday school at 2:30. Y. P. S. meeting in the church, 7:30.

A special conference meeting will be held in the church this (Saturday) evening, when important matters will be up for discussion.

An important business meeting of the members of the Baptist church was held in Orange hall on Wednesday evening, when it was decided to proceed at once with the erection of a place of worship at the Front on their lots opposite the hospital.

**PRESBYTERIAN CHURCH**—Parkdale school house 7 p.m.; Sunday school, 12 noon. In Methodist church, 10:30 a.m.

The pastor Rev. Jas. Hood has now been released from his duties at Penticton and will hereafter devote all his energies to the home field. Commencing with tomorrow the Presbyterians and Methodists will alternate in morning and evening services.

**METHODIST CHURCH**—In the Parkdale school house at 11 a.m., in the Methodist church at 7 p.m. Sunday school at close of morning service.

## FAREWELL AND PRESENTATION.

The junior bible class of the Baptist Sunday School at the front held a farewell social on Thursday evening in honor of one of their number, in the person of Miss Eva Ireland who will shortly, in company with her parents, be leaving for the coast.

The event took place at Miss Bartholomew's home in Peach Orchard and the teacher, Mr. C.S. Stevens and about twenty-five members of the class were present. The time was very pleasantly spent in various games and contests and the greatest good-fellowship prevailed.

At an appropriate time on behalf of the class, Mr. Stevens presented Miss Ireland with a handsomely bound volume of poems and spoke friendly words of farewell.

At the close of the evening, refreshments were served and the party broke up at a reasonable hour.

The local branch of the W.C.T.U. held its regular monthly meeting in the Men's Club building on Thursday afternoon when business in connection with the recent convention was wound up.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?** If it does write us and we will only be too glad to give you all the desired information

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

## CORRESPONDENCE.

We do not hold ourselves responsible for opinions expressed by correspondents.—ED.

### SPORT IN SUMMERLAND.

#### EDITOR REVIEW—

Sir.—I would crave permission to encroach on a little of your valuable space for the purpose of vindicating the feelings of myself and those likewise interested in the game of football in Summerland in so far as the report contained in your last week's issue affects us.

What a striking contrast there is between the general comment your reporter made on our game with Vernon and his opening remarks of the baseball game with Kelowna. He describes the football game as having been watched throughout with "more or less weariness on the part of the spectators," and as having given "the initiated" the impression that it was a scratch up game. What a slow monotonous hour it must have been to our reporting friend, who by his views would have us believe that he knows the game from A to Z and has seen it played by international exponents. If he had taken the trouble to investigate the arrangements that led to the visit of the Vernon club to our town that day he would probably written in a less critical strain. Allow me to put him wise now.

When the secretary of the Vernon Football club, Mr. Leys wrote me with a view to arranging a game here on Victoria Day, I replied that we as a football team had but recently organized for the season, and not having had any practise our players could not be expected to acquit themselves with anything approaching credit. Nevertheless, if they, the Vernon club, cared to visit Summerland on that day we would do our best to give them the desired game.

I submitted Mr. Ley's letter to the committee in charge of the day's sport, and was given positive encouragement to get the Vernon players down, as their coming would have a tendency to bring to Summerland people who might otherwise stop off at Kelowna or elsewhere. Note—no financial encouragement was given to defray the expenses of those visiting players.

Now, what was the result in so far as Summerland was concerned that day? The Vernon team turned up to a man, each player paying his own railway fare, and bringing with them a hundred supporters and friends to spend their money in Summerland, and to material assist along the sports.

## PROTECT YOUR TREES

These destroyers cannot live where trees have been treated with

### WARNOCK'S TREE PAINT

Pear Blight, Rabbits, Mice, Borers, Canker Worm, San Jose Scale, Oyster Shell, Bark Louse and Sun Scald. THE COST IS VERY SMALL. It will not wash off. One application protects for two years. Warnock's Tree Paint is not an experiment. It has stood the test for 5 years in all parts of the United States. It is an absolute Preventative and Cure for Pear Blight. We invite investigation. The Arkansas Experimental Station has used this tree paint for three years. November, 1907, they purchased 50 gallons for free distribution among leading orchards. Send for 16-page free booklet to G. R. LAWES, Enderby B.C. Sole Manufacturer for B.C.  
Agent: C. H. CORDY, Summerland.

One long, "weary" hour was given for the football game, during which time an unwarrantable interruption took place, the details of which are only too fresh in the memory of real sportsmen present that day. I would say here, Mr. Editor, and say it emphatically, that had we anticipated such a scene as took place on the football field that day, we would never have encouraged our friends from Vernon to visit us.

After that "weary hour" came "the most enjoyable feature of the afternoon sports," but I need not dwell on it, suffice to say that it only occupied three short hours of the programme. Twenty-five dollars was, however, voted by the celebration committee to the visiting participants in that game, as well as free transportation to and from the grounds. Well, was the game worth it.

Let me ask in conclusion, that if your reporter cannot attend our games and give us encouragement both by his presence and his notes, we would rather that he stay at home than for him to express his views in such an adverse criticism as appeared in your last issue, which, on the face of it is positively discouraging to those who would financially and otherwise assist in promoting the game in Summerland.

Apologising for having taken so much of your valuable space in a matter of so little importance to the general public.

I am, Yours very truly,

A. H. STEVEN,

Summerland Football Club.

N. B. ED., We are sorry that our correspondent has taken the report of the football game so sorely to heart, but look on the other side. A football match was advertised, Vernon vs. Summerland, and as one of the pre-arranged "attractions" of the day it was reported and criticized. The underlying history of the matter was not made known to either ourselves or the general public who turned out to see the game.

In the fruit market, the buyer does not ask the why or the wherefore, if the fruit does not come up to the standard he has a right to expect, he registers his kick---so it is with advertised sporting attractions.

The Okanagan residents were not all born in the valley. Many are old country public school men or from the east and are no strangers to real football, and it must be remembered that a newspaper does not exist for the purpose of handing out unlimited "taffy" but to report things as they appear from a public standpoint. We are very pleased, however, to publish Mr. Steven's inside information as to—how it happened.

#### RECORD FLIGHT.

At Goppingen, Germany, having broken all aeronautic records by remaining aloft 40 hours and 15 minutes and covering approximately 1,000 miles, Count Zeppelin's wonderful voyage through the air came to an end near here when his great air-ship Zeppelin II. collided with a tree and stove in its bow. It is not known how seriously the air-ship is damaged.

The Count made a landing earlier in the day at Untertueskheim, a suburb of Stuttgart, to take on a fresh supply of petrol. He immediately re-ascended and started in the direction of Friedrichshafen, where he ascended Saturday night.

The flight was over a zig-zag course, and it is impossible to determine its exact length.

The Regina lacrosse team beat Vancouver on Monday afternoon last in the first senior game of the season, before several thousand spectators, by 8 to 7. The majority of spectators were attracted out of curiosity to see the Vancouver team work. Lalonde, Allen and Howard, the stars of the Regina team, are all signed for Vancouver.

**W.C.T.U. CONVENTION.**

The Women's Christian Temperance Union Convention will take place in Mount Pleasant Methodist Church and Pender Hall, Vancouver, on June 15th, 16th and 17th. These annual gatherings of women from all over the province have long become an established institution and are fraught with much interest and usefulness for the welfare of the province. It is expected that the coming convention will be the largest and most important ever yet held in connection with the women's work. The remarkable gatherings all through last winter have done much to educate the people on the lines of local option and other phases of temperance reform. A large number of delegates is expected from all over the province and an excellent programme is being prepared.

**PUBLIC SCHOOL REPORT.**

The following is the report of attendance and standing of the pupils attending the public school during the month of May.

	Enrol't	Atten.
Central Division 1	34	26
" " 2	37	31
Primary	31	26.5
Garnett Valley	18	15.5
Trout Creek	10	9.5

At the Entrance examinations for the Summerland pupils at the Central school on Monday, Tuesday and Wednesday, the following students wrote: Clarence Adams, Lilian Brown, Keith Elliott, Ruth Fulton, Aldyth Ireland, Thos. Nelson, Myrtle Ritchie, Annie Stuart, Jean Stevens, Edith Thompson.

**CANOE CLUB BENEFIT.**

The Canoe Club has perfected plans for a club benefit garden party on Tuesday evening June 8th on R. H. Agur's lawn adjoining the boat house. There will be no admission fee to the grounds and the committee hopes to make good financially by the selling of ice cream and soft drinks and other lawn social necessities on the grounds.

A number of launches will be on hand and those who prefer to contribute to the club funds in that way may assist by paying for a spin on the beautiful Okanagan.

The Canoe Club has "caught on" and the boys will doubtless bring additional credit and honor to Summerland. They need money and all good citizens are called upon to assist in a worthy cause.

Why should Summerland Fruit Lots be worth \$100.00 per acre?

Why? Because full bearing orchards in a good state of cultivation pay great dividends.

A stock or bond which pays dividends of \$60 a year is worth \$1000 so long as money is worth 6 per cent.

Anything else which will yield \$60 a year of income is worth \$1000.

**DIVIDENDS DETERMINE VALUES**

Orchard lots in Oregon often yield as high as \$1000 per acre.

If we say \$200 net returns per acre from a mature well-kept orchard, what is that acre worth by the rule that governs bank stocks?

This is the way they made us work it out in school according to Hamblin & Smith's Arithmetic:

\$6 is the interest on \$100 for one year  
 \$1 " "  $\frac{100}{6}$   
 \$200 " "  $\frac{200 \times 100}{6} = \$3333.33\frac{1}{3}$  Ans.

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 1

SUMMERLAND, B. C., JUNE 12, 1909

No. 45

## COUNCIL IN SESSION

### W. SIMPSON APPOINTED OFFICIAL INSPECTOR OF ORCHARDS.

### Two Delegations Wait on Council Asking for Protection Against Automobiles and for Examination of Water in Aeneas Creek.

The council meeting on Monday last was particularly full of interesting business. A considerable amount of routine work was transacted and two deputations were introduced and given a hearing. The assessment for the current year, on motion of Councillors Thomson-Ritchie, passed its final reading, fixing it as follows: Municipal rate 6 mills, schools 2, and debentures 2.

Another important matter was the appointment of W. Simpson to the position of inspector of orchards. The action meets with general approval and a more suitable man would be difficult to find.

A delegation from Garnett Valley waited on the council with regard to the condition of the water in Aeneas Creek. The reeve assured them that the council would give the matter their serious attention and the clerk was instructed to write the medical health officer requesting him to make a careful examination of its waters and report to the council.

A second delegation called attention to the dangers arising from the running of automobiles in the district and asking that steps be immediately taken to avert accidents on the narrow and precipitous roads. The delegation was promised that the matter should receive careful attention.

Communications were received as follows. From Messrs. Billings and Cochran and the Deputy Commissioner of Lands with regard to squatters on the lake shore and action along lines suggested by the council was promised. From the Mercantile Fin. Trust Co., quoting rates on school buildings. From B. C. Moore, asking information re pound bylaw. The clerk was instructed to give the necessary information and also to have notice put in the Review re provisions of pound bylaw.

J. J. Davidson wrote re logs on the road near his property in Peach Valley, referred to the road commissioner for attention. W. A. Wright wrote re decaying tree on

road near his dwelling and offering to cut the same down for the sake of the wood which was granted.

The request of W. H. Milligan for a road, E. E. Grahame for a bridge and J. M. Sutherland for the replacing of a fence on rear side of Senator Kirchoffer's property by the new road were referred to the road commissioner with power to act.

The following accounts were ordered paid:

H. C. Mellor, road commission	\$.	21.00
"          repairing grader		10.85
E. Manuel, work on roads,		7.50
T. B. Young, wood, charity		7.50
J. W. Campbell, removing tree		2.50
Review Pub. Co., printing		19.60
J. L. Logie, salary		50.00
T. J. McAlpine, Gulch road,		869.00
R. H. Hole, ditch contract		20.00
H. Bristow road contract		278.00
Summerland Drug Company		6.60
Summerland Supply Co.,		50.15
Gartrell & Co., charity		6.65
		\$1350.15

Ritchie-Thompson-That the Public Works committee be authorized to place a cement pipe and build a dam with gate for the controlling of the water from the spring in town, the cost not to exceed \$250. Carried.

The council then adjourned to meet again on July 5.

### ROAD IMPROVEMENTS.

Government road foreman R. H. English has commenced to improve the Govt. roads in the Summerland Division with a gang of men, and a large number of improvements are to go through. At present the gang is on the Peachland road, after which the Shingle Creek road, Bathville road, the new road from Deans on the north of Trout Creek, west to Bald Range district, and the Lake Shore road south from Trout Creek, are to receive attention. On the latter road a bridge is to be erected at Antoine Pierre's place over the Creek, which will be the second first class bridge built in this district. Mr. English is moving along improvements and is to be complimented upon his loyalty to the district.

Mr. W. A. Peters was in from Kelowna this week on business.

## WIN MANY PRIZES

### SUMMERLAND RIFLE SHOTS WIN COVETED TROPHIES AT VERNON.

### G. Gartrell Carries off Grand Aggregate Medal--- Team Wins Cup for Third Successive Year--- Locals Rank High in All Events.

Once again the members of the local branch of the Okanagan Rifle Association have brought honor to their home town, and advertised Summerland as a place where keen eyes and clear heads are to be found on a cold water diet.

The boys brought back with them four valuable cups, the grand aggregate medal (the most coveted trophy in the series) and \$200 in prize money.

The grand aggregate medal was captured by Mr. Geo. Gartrell. The team also won for the third and last time the team cup, which now comes to Summerland to stay.

The locals all ranked well in the various contests and have reaped the benefit of their frequent trips to the range for practice.

#### No. 1. Nursery Match. 7 Shots at 500 yds.

ON THURSDAY NEXT AT 1-30 SHARP

## Come to Regatta No. 1 at Naramata

Sailing, Skiff and Motor Races.

War Canoe Race for the Robinson Cup

Individual Medals for  
Winning Team

Swimming, Etc.

Admission: Bleachers 10c., Grand Stand 25c. Boxes, for 8, \$3.00

THE SUMMERLAND BRASS & REED BAND WILL BE IN ATTENDANCE

IN THE EVENING, AT 8-15, THE NARAMATA STOCK CO. WILL PRESENT THE ROUSING FARCE COMEDY

"ALL A MISTAKE."

Admission 50c. Children 35c.

### :: Naramata Notes ::

Messrs. Mark Manchester and J. W. S. Logie of Summerland spent Sunday here coming across in Mark's motor canoe.

Last Saturday evening a war canoe crew paddled across to Summerland.

Messrs. D. H. Watson, E. Garnett, Alex. and J. Steven came over on Sunday last in Mr. Garnett's launch.

The Naramata Stock Company is busy rehearsing the play "All a Mistake" in preparation for the evening of the regatta day.

Mr. and Mrs. Aikens and daughter and Miss Von Lengerke of Winnipeg, came in on Saturday to spend a portion of the summer here in their summer residence on the benches.

Mr. J. M. Robinson's house-boat "The Lily of the Valley" is being remodelled and considerably enlarged by contractors McKay and Dawson. It will be launched before the regatta.

On Tuesday evening quite a large party went across the lake in the "Naramata" to the lawn party which was given by the Summerland Canoe Club. They all report having a very delightful time.

Mr. and Mrs. J. M. Robinson and Mrs. T. R. Wellband, last Friday returned from Spokane, Wash. by way of Keremeos. They were met at Penticton by the gasoline launch "Naramata."

Prof. Thomas Wilkinson, C.T.S., swimming instructor to the Montreal A.A.A., came in on Saturday to look over his property on the benches. While here he will give instructions in swimming.

Invitations have been extended to Dr. G. H. V. Bulyea, Lieut. Gov. of Alberta, Hon. Richard McBride, and Mr. Price Ellison M.P.P., to officially open Naramata as a watering place and pleasure resort.

Arrangements have been made for the S.S. Aberdeen to bring excursionists from Kelowna and Peachland for the regatta, while the Maud Moore will run between Penticton and here.

The Maud Moore is undergoing a thorough overhauling and painting. It is expected that she will be back in the water on Monday. The gasoline launch Kaleden is still making the ferry trips.

On Saturday afternoon the members of the Naramata Stock Company showed the high esteem in which they held their manager and instructor Mrs. Gillespie by presenting to her a handsome coffee machine. Mr. Block in a neat speech pointed out the fact that the success enjoyed by the club was due to her skill of management and untiring zeal.

Elaborate preparations are being made for the regatta here next Thursday. The contract has been let to Mr. C. W. Johnson for the erection of the grandstand and bleachers. The grandstand will have a seating capacity of about 250 with a row of six family boxes in front. Underneath will be four dressing rooms for contestants in the various swimming and canoe events. Contractors Campbell and King have commenced work on the refreshment booth which will be operated by the hotel staff.

## The Summerland Review

### News from Peachland

Mr. B. S. Brown has opened up a butcher shop beside his residence on Fifth street.

Mrs. Lapsley and family of Summerland spent last Thursday in Town.

Mr. T. N. Ritchie has treated himself to a new fence, and as an experiment has put the posts in concrete to prevent them from rotting off at the ground line.

Mrs. R. H. Robertson has the hotel in first class order. The members of the W. C. T. U. and the young ladies Handicraft club are fitting up a ladies' parlor.

Mr. J. B. Robinson has been busy getting the "white house" in order for the arrival of Lieut.,-Gov., Bulyea and his household. They are expected to arrive on Friday of this week.

Mesdames Small and Tickell held their post nuptial reception on Tuesday afternoon. Nearly all the ladies of the community took advantage of the occasion to call and welcome the two ladies to the place.

Dr. Crompton, late of London, England, having passed his examinations for B. C., has decided to settle in Peachland. He made a couple of visits to the place and was so well pleased with the outlook that he decided to locate here. He will occupy one of Mr. W. O. Cossar's cottages.

Ronald and Franklin, sons of Mr. J. L. Elliott aged 5 and 4 respectively, established a record in juvenile horsemanship recently. Seeing a number of half broken colts wandering around they ran them into the corral and in some way or other got a bell securely fastened around the neck of one of the animals and then released them. It was no easy task for an older member of the family to remove the bell.

A second meeting of ratepayers was held last Tuesday evening to discuss the advisability of borrowing money on debentures for improvements in the municipality. The raising of \$3000 for roads seems to meet with pretty general support, especially when the government has offered to put up \$1500 against a like amount by the municipality for the lake front road. The waterworks and fire protection are popular in the district to be benefitted, but seem to be viewed with suspicion by those outside. The electric light will hardly carry judging by the opinions expressed by ratepayers from different parts of the municipality.

Mrs. W. Elliott of Calgary is visiting her parents Mr. and Mrs. H. B. Cossar, for a couple of months.

The school boys went to Kelowna last Thursday on a match with the baseball team of that town. A hitch in proceedings occurred at the first. When the Kelownaites played here a few weeks ago they brought their own umpire. In the return match our boys took theirs along, but the Captain and owner of the Kelowna team squatted on his mit and refused to play unless Mr. Daniels of Kelowna umpired. Rather than spoil the game Peachland yielded the point and the game began. In the early stages the school boys had all the best of it and at the end of the 4th inning the score stood 6-2 for Peachland. However after that, the Kelowna first baseman, Coe got the grease off his mit and managed to stop a few and the batters began to understand Gummow's delivery so that the home team gradually drew away and the score at the end was 13-8 for Kelowna. Kelowna has undoubtedly the best team and would have won out anyhow. The pity is that it was not done without unsportsmanlike conduct by one of their team.

### Water Notice.

NOTICE is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a water licence in the Osoyoos Division of Yale District.

(a) The name, address and occupation of the applicant is Henry Vivian Ackland, of the Town of Summerland, Rancher.

(b) The name of the lake, stream or source is a spring rising north of Darke's Lake, and running into Aeneas Creek.

(c) The point of diversion is at the head of the spring.

(d) The quantity of water applied for is one cubic foot per second.

(e) The character of the proposed works to be flume and ditch for irrigation and domestic purposes.

(f) The premises on which the water is to be used are on a pre-emption described as follows: Commencing at a post 20 chains east from the N.W. corner of L. 2,894; thence north 40 chains; thence west 20 chains; thence south 40 chains; thence east 20 chains; and containing 80 acres more or less.

(g) The purposes for which the water is to be used are irrigation and domestic.

(h) The area of the land is 80 acres.

(i) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return: Not for either.

(j) Area of Crown land intended to be occupied by the proposed works: None.

(k) This notice was posted on the fifteenth day of May, 1909, and application will be made to the Commissioner on the fourteenth day of June, 1909.

(l) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet: The owners of lot 2894, namely, The Summerland Fruit Company, and Lot 3862, A. Richardson.

### PEACEABLY INCLINED.

The great republic to the south of us is having a rest these days now that the irrepressible and indomitable people's Teddy is rustling "copy" in the African wilds, while at the same time he furnishes a text for all the funny men of America, many of whom have become sadly afflicted with poetitis over him.

Meanwhile the gentleman he left behind him in office is seeking gently to lead the nation back to the quiet paths of peace. He seeks to reduce their febrile tendencies by a soothing change of diet. They were beginning to get quite savage on Roosevelt's course of raw meat. The sudden and ever enlarging demands of the war and navy departments having become alarming when they made deficits in the national revenue, Mr. Taft is cutting off their allowances. He thinks \$155,000,000 for 1909 and \$189,000,000 for 1910 estimates too much for them, so he has referred them back with instructions to make it \$171,000,000 for 1910 and \$135,000,000 or less for 1911.

The policy is ideally a desirable one. It is also a pleasing one from the standpoint of the tax payer, but we shall be surprised if the policy of reduction can long be maintained. It is of the nature of a sop to the cerberus. It is easier to make money by economizing than by wresting it from the strong hands of Standard Oil, Sugar, Steel, or Tobacco. Departments can't roar and kick up such a fuss as a combination of plethoric, jealous and predatory trusts is able to do, and fuss is bad for administrations.

Still, the fact remains that the beckoning

hand of destiny has called the republic from the obscurity of her corner to the front of the stage on which the nations of the earth are playing their little parts in the great drama of human evolution, and she must play her part.

She has undertaken to cast her shield over the Phillipine Islands and South and Central America and therefore she must protect them. Covetous eyes are turned upon near by Pacific Islands which would do admirably as naval bases for far away powers; great and ambitious nations of the old world whose lines are bending with the surplus of an ever increasing population, must soon have a place somewhere in which to put them, and moreover they are aggrieved at the rise of this upstart whose commerce as well as whose possessions now rivals their own.

They cry 'Peace,' 'Peace,' and send delegates to the Hague conferences, but at the same time, they increase the armies working on their Dreadnoughts just to make sure there wont be any vain regrets.

Hague conferences and vastly increased armaments don't go well together, and so it is hardly likely that the United States will like feel safe without an adequate naval and military protection, particularly as she may want some of those Latin republics herself some day. President Taft may be peaceably inclined but there are forces outside of man or nation which often compel both to do other than they would.

CANOE CLUB SOCIAL.

Young People Meet at R. H. Agur's Boat House and Lawn and Enjoy Themselves.

The lawn social under the auspices of the Canoe Club at R. H. Agur's lawn and boat house on Wednesday evening attracted a considerable gathering of people young and old. Naramata sent over a boat load of people and a good time is reported.

Tables were arranged about the lawn and a bevy of charming waitresses were on hand to attend to the needs of all who desired to regale themselves on the excellent ice cream and choice confections and other dainties provided for the occasion.

A fleet of canoes boats and launches some of them decorated with Chinese lanterns were on hand and a large number enjoyed an hour or two on the lake. The fact that the lake was not moonlit did not mar the enjoyment a particle.

The thanks of the Canoe Club are extended to all who assisted in the lawn social and launch ride on Tuesday evening. to the commodore of the Club, Mr. R. H. Agur, for the use of his grounds, dock, etc.; to the ladies who gave candy and cake; and to those who helped the Club with the use of their launches. Special thanks are due the young ladies who assisted so freely. The S.C.C. hereby declare the young ladies of Summerland honorary members of the Club.

SUMMERLAND 10, KELOWNA, 9.

After an interesting game on the Kelowna grounds, the Summerland baseball team defeated the Kelowna team by a score of 10-9, on Thursday afternoon. This was the first league game of the season.

Rev. R. J. McIntyre will preach at Naramata next Sunday afternoon at 3 o'clock.

On Sunday morning at 10-30 in the Methodist Church a talk will be given specially for the boys and girls and the church will be decorated for the occasion.

A week from Sunday the Anniversary of the opening of the Methodist Church in Summerland will be held. It is expected that the Rev. Dr. S. S. Osterhout of Vernon will be the preacher for the occasion.

On Wednesday Mr. C. J. South of Vancouver, superintendent of the Children's Aid Society of that city, passed through on his way to Penticton.

On Wednesday Mrs. Davis of Revelstoke, who has been visiting at the Methodist parsonage for three weeks, returned to her home accompanied by Miss Emma McIntyre.

# The Summerland Review

## LOCAL NEWS

The round trip ticket to the A. Y. P. Exposition will cost \$27.55, good for 15 days, no stop over allowed. Via Sumas or Vancouver and boat.

### King—Graham

On Wednesday evening, Rev. Jas. Hood united in the bonds of matrimony, Mr. Thomas King of Prairie Valley, and Mrs. Graham late of Claxton, Wash. D. C. The ceremony was quietly performed, the only witnesses being Mr. and Mrs. Sutherland, son-in-law and daughter of the bridegroom.

Mr. and Mrs. King had planned to be married at Keremeos at which point Mr. King met Mrs. Graham. The Presbyterian minister, Rev. Mr. Cameron was out in the country on a similar errand elsewhere, and as a result the ceremony was performed in Summerland.

The Review extends congratulations to Mr. and Mrs. King.

### DROWNED IN SHUSWAP.

#### Son of Mr. and Mrs. S. Parker falls from Broken Log Boom into Forty Feet of Water.

Mr. S. Parker, the lessee of Dr. Stevenson's orchard on Jones Flat received tidings last week that his son, a young man 21 years of age had been drowned in Shuswap Lake. He had been assisting in conveying a boom of logs to one of the mills. The boom broke and he with others was precipitated into the icy waters of the lake and so far as could be learned never rose again. Dragging for the remains has been carried on assiduously, but as he went down in forty feet of water it is doubtful as to whether they will be successful.

Mr. and Mrs. Parker who are among the newer arrivals in the district, are the recipients of very general sympathy.

### PRESENTATION.

A lawn social was held on Mr. J. R. Brown's lawn on Monday evening under the auspices of the Methodist Sunday school, the object being to say good-bye to Miss McIntyre who has for some time past filled the position of Primary class teacher.

On behalf of the S. S., Mr. Brown presented Miss McIntyre with a handsomely bound volume of Byron's poems.

Miss McIntyre expects to locate in Revelstoke.

Mrs. Evarts has rented T. M'Alpine's house and is open to receive boarders. Terms on application

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**  
If it does write us and we will only be too glad to give you all the desired information

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

# PROTECT YOUR TREES

These destroyers cannot live where trees have been treated with  
**WARNOCK'S TREE PAINT**

Pear Blight, Rabbits, Mice, Borers, Canker Worm, San Jose Scale, Oyster Shell, Bark Louse and Sun Scald. THE COST IS VERY SMALL. It will not wash off. One application protects for two years. Warnock's Tree Paint is not an experiment. It has stood the test for 5 years in all parts of the United States. It is an absolute Preventative and Cure for Pear Blight. We invite investigation. The Arkansas Experimental Station has used this tree paint for three years. November, 1907, they purchased 50 gallons for free distribution among leading orchards. Send for 16-page free booklet to **G. R. LAWES, Enderby B.C.** Sole Manufacturer for B.C.  
Agent: C. H. CORDY, Summerland.

## FARMERS INSTITUTE

### R. M. Winslow, Provincial Orchardist, Gives Interesting Address.

The lecture in Municipal Hall on Wednesday evening under the auspices of the Provincial Farmers Institute, owing to not having been properly announced, drew only a small audience. Mr. R. M. Winslow, provincial orchardist, was the speaker of the evening and his address was of such a character that everyone interested in fruit growing should certainly have been present.

The chair was occupied by Mr. C. H. Cordy, who regretted that no notice of the meeting had been received from an official source and that it had been impossible to spread the news of the meeting more widely.

During the course of his address, Mr. Winslow stated that in his opinion, Summerland was in the front rank of the fruit growing sections and congratulated the people on their immunity from pests as compared with many other districts.

In his trips through the fruit growing portions of B. C., Mr. Winslow had observed that root injury was the greatest and most frequent trouble. He recommended that the trees should be allowed to dry early in the season and that when properly dry the water should be turned on again and the soil around the roots thoroughly soaked.

He was glad to see that winter-injured trees had been well cut back; it was a wise precaution. The peach or black aphid was apparently scarce. He recommended the black leaf preparation for the black aphid. If so desired, the institute could handle the preparation themselves by corresponding with Mr. Cunningham, Provincial Pest Inspector at Victoria. The proportions recommended in its use were 1 to 70.

In connection with the peach twig borer, Mr. Winslow recommended spraying as late as possible before buds opened. The

embryo borer was covered with silk and could not be reached by a spray until then. The Rex Spray was good and was improved by the addition of 7 or 8 lbs., of lime to the barrel of diluted spray, which caused it to stick to the tree trunks better.

He was glad to notice that cover crops were being generally used as it meant a desirable increase of humus in the soil. It made irrigation easier and soil retained more moisture. He considered the middle of August the best time to sow cover crops.

There was a lengthy discussion on the theme of protection against freezing and Mr. Winslow, in spite of the recommendations of many nurseries, disapproved of shallow planting, as the roots were not thereby properly protected. Some ranchers made the mistake of too shallow irrigation and did not keep the water running long enough in one place, and hence did not take the water deeply enough into the earth.

Mr. Winslow did not altogether approve of Stringfellow methods. A good method of keeping frost from the roots was to cut down the cover crop and lay it about the roots in the fall. When using manure mulch it was necessary to see banking did not touch the trunks which would act as a harborage for mice and otherwise injure the trees.

At the close of the meeting, Mr. Winslow suggested the advisability of forming a local Institute which he greatly advocated. As a result it was moved by Messrs. Fosbery—A. Agur, that steps be taken towards forming a Farmers Institute in Summerland, which motion carried.

Mr. I. B. Fulton was requested to communicate with the government and secure a list of the members of the Institute residing in the district, with a view to forwarding the objects indicated in the resolution.

That Mr. Winslow's remarks were appreciated was shown by the applause accorded at the close of the lecture.

## OKANAGAN FRUIT UNION.

### E. E. Samson Visits Summerland and Speaks Favorably of Crop Prospects by Comparison.

Mr. E. E. Samson, the manager of the Okanagan Fruit Union, was in town on Monday, sizing up the crop and getting acquainted with the growers and others. In speaking of the prospects for the present year, Mr. Samson said that this place compares very favorably with other districts in the crop outlook and the larger proportion of trees which have come through the winter in good shape.

Mr. Samson is very pleased with all he has seen here and particularly so with the amount of interest taken by the growers, both in the fruit industry and in the Union.

The Union is fortunate in having secured the services of Mr. Samson, as he comes with a good record behind him, having taken hold of the Yakima Fruit Growers Association six years ago when they were in much the same state with regard to the handling and marketing of fruit as this valley is at present, and making a small profit for them the first year has now left them pretty well at the top of the tree.

It now remains for the growers and others interested in the prosperity of the valley to give him and the Union that personal and financial support, without which no organization can succeed.

One of the latest arrivals in the district is Mr. Jno. Moffat, one of the most successful farmers in the district surrounding Brandon. He has spent a couple of years at the coast and has now come to Summerland to make his home. Mrs. Moffat and family accompany him, also Mrs. Moffat's father, Mr. Fraser. They are living under canvas until such time as a house is ready for occupancy on his property in Peach Valley.

EAGEL & COMPANY, GROCERS, ETC.

LOCAL NEWS

Mrs. Ireland and daughters have left for the coast.

Several chemical fire protectors have been placed in the C. P. R. sheds.

The Orange County Lodge meeting will be held in Kelowna on Monday next. A number of delegates from Summerland will be in attendance.

Mr. and Mrs. Cancellor have leased the cottage recently occupied by Mr. George Gartrell for their own private use. The rooms formerly occupied by them in the hotel will be added to the accommodation for guests.

Mr. F. L. Osler lost a valuable terrier this week. The animal died of a disease closely resembling cerebral meningitis.

The regular meeting of the Ladies' Auxiliary of the Summerland hospital will be held in the council chamber on Tuesday afternoon next, June 15th, at 3 p.m.

Mr. Hamilton Lang of Vernon, Provincial Road Inspector, was in town on business this week.

Mr. and Mrs. J.J. Lane of Vancouver are visitors here this week. They have property in the district.

A. B. Elliott is doubling the size of his store by pulling down the partition and making use of the entire lower portion of the building.

A. Richardson was in Kelowna on business this week.

Mrs. Grieve spent a few days with relatives in Peachland this week.

Rev. H. A. Solly, rector of St. Peter's church left on Monday morning for Nelson where he will attend a meeting of the Anglican Synod.

Money must be plentiful. A small sum was found on the slip by the wharf the other day. It has been turned in here and owner can have same by stating the correct amount.

The Ladies Aid of the Presbyterian church, purpose holding an ice cream and strawberry festival in the Young Men's Club room June 29th. Fuller particulars later.

For the convenience of those who are unable to get their mail into the post office before mail closing time, Mr. Cancellor of the Hotel Summerland has installed a letter box in the hotel. He has made it his business to see personally to the posting of the mail on the morning's boat.

## HOSPITAL BENEFIT.

Splendid Lecture by Mrs. A. T. Robinson on Life in the Slums.

The lecture on "The Shadows of a Great City" by Mrs. A. T. Robinson F.R.S.G.S., on Friday, June 4th proved very interesting to the excellent audience in attendance. Mr. W. J. Robinson as president of the Hospital Board presided. He spoke briefly of the hospital and its plans, intimating that at a later date he hoped to be able to report some interesting news regarding that institution and meanwhile the Board would be glad to look at any site some good samaritan might have to offer. He then called for solos by Misses McDougald and Bartholomew. These were rendered in excellent style by those perennially popular favorites and the lecturer of the evening was introduced.

Standing in the shadow herself that the clearly printed views on the curtain might be the better seen, Mrs. Robinson took her audience to the under world of New York in which city she had lived for some time. The problem of the poor, their squalid quarters, hard means of subsistence, glittering temptations to drink, deadening moral sense and downward course from homes of degradation through gilded saloons and gambling dens to the prison, the morgue and the potters field, were all clearly and pathetically portrayed and illustrated by photographs from the life.

In speaking of the deadliness of the environment the lecturer told of a little boy, who with a companion drowned his brother in order to get his ten cents. On being asked at home where his brother was he told what he had done without any apparent sense of demerit. The lad was rescued as it happened, after they left him but he also saw nothing wrong in the attempt made on his life though sorely be-moaning the loss of his ten cents.

Last night Mrs. Robinson lectured on "Through the Malay Peninsula," the second lecture in the course. A report of it is too late for this issue.

The third and final lecture of the course will be on Monday, June 21 in Empire Hall. The subject is "China's Teeming Millions." As China is cutting quite a figure in the world's eye today, Mrs. Robinson's observations of life in that seething cess-pool of humanity should be both timely and highly interesting.

Mrs. Robinson left this morning for Vancouver where she lectures next Tuesday and Wednesday evenings for the provincial W.C.T.U. convention in one of the large halls of the city on "The Lordship of the Upper Air" and "Party or Principle, which?"

?

Why should Summerland Fruit Lots be worth \$100.00 per acre?

???

Why? Because full bearing orchards in a good state of cultivation pay great dividends.

A stock or bond which pays dividends of \$60 a year is worth \$1000 so long as money is worth 6 per cent.

Anything else which will yield \$60 a year of income is worth \$1000.

### DIVIDENDS DETERMINE VALUES

Orchard lots in Oregon often yield as high as \$1000 per acre.

If we say \$200 net returns per acre from a mature well-kept orchard, what is that acre worth by the rule that governs bank stocks?

This is the way they made us work it out in school according to Hamblin & Smith's Arithmetic:

\$6 is the interest on \$100 for one year

\$1 " "  $\frac{100}{6}$

\$200 " "  $\frac{200 \times 100}{6} = \$3333.33\frac{1}{3}$  Ans.

## NARAMATA REGATTA SCORES BIG SUCCESS

Splendid Programme of Events Aably Conducted--  
Summerland Wins War Canoe Race--Sawyer  
Again Lands Coveted Stark cup.

Regatta Formally Opened by Dr. Bulyea, Lieut.-Gov., of Alberta---Addresses  
by the Patron, Mr. J. M. Robinson, Hon. Richard McBride, Premier  
of B. C., and Price Ellison M.P.P.,---Play in the Opera House  
Fine Climax to Splendid day---Next regatta July 22nd.

Dame Nature was pleased to bestow her choicest smile on the Naramata Regatta on Thursday last and a more enjoyable half day has never been spent on the borders of the beautiful Okanagan.

There were just clouds to temper the heat, and do away with the need of fans and parasols; there was during the early part of the afternoon a spanking breeze of a description best calculated to gladden the hearts of the yachtsmen and in the sheltered point adjacent the grandstand the lake was sufficiently calm to be perfectly safe for the most frail canoe.

The committee of management under the guidance of J. S. Gillespie, backed by the bubbling enthusiasm and recognized organizing ability of the Patron, J. M. Robinson, had done wonders along the line of making arrangements for handling the crowd and providing for their comfort.

At the water's edge, an up to date grand stand, judges box, reporters' desk, bleachers, entry office for the various events had all been arranged down to the minutest detail.

The Rattlesnake took a huge raft in tow at Summerland, and conveyed a large crowd of Summerland people across the lake early in the afternoon; the Orillia, Kaleden and Maud Moore each carried loads across the lake and the latter noble craft also took a jaunt to Penticton and came back loaded to the limit. The Aberdeen came in from up the lake points and brought an additional contingent from Summerland and as a Naramata resident remarked "Geel this place is getting more like Chicago every day."

The walk through Naramata was an eye-opener to strangers and the large and beautifully situated townsite called forth many expressions of deepest admiration. As soon as the crowd had assembled at the grand stand, the patron of the Naramata Athletic and Aquatic Association, Mr. J. M. Robinson, called for the attention of the audience. He stated that they were now about to open the regatta and also practically formally open Naramata as a summer resort. It was only ten days since the regatta had been formulated and the preparations for the day were not so far advanced as the committee would have liked. Everything however would be in readiness for the next big regatta which would take place on July 26. He rejoiced in having secured the presence of Dr. Bulyea, Lieut. Gov. of Alberta, who would formally open the regatta. Hon. Richard McBride, Premier of the Province, and the local member Mr. Price Ellison were also in attendance and would address the gathering.

### FORMAL OPENING.

Dr. Bulyea expressed his great pleasure at being present at the opening regatta under the management of the energetic people of Naramata. If such a splendid showing was made on ten days notice what might be expected at the next regatta when an abundance of time had been available for preparation.

He was pleased to note the vast improvements made in the Okanagan Valley from time to time as he visited the district. Settlers were flocking into the prairie provinces by tens of thousands and all eyes were

turned towards B. C. as the source from which they hoped to secure their future fruit supply and he fully expected that the Okanagan would lead the van. He had been with Mr. Robinson when the first sod had been turned for the foundation of the hotel Summerland, and the optimistic views advanced on that occasion were surely coming to pass.

The prairie people felt at present that the fruit prices were excessively high and doubtless they were from the consumer's standpoint. The trouble arose largely from excessive transportation rates which he hoped would be rectified before many months had passed. In conclusion he formally pronounced the regatta as open for the various events of the afternoon.

### PREMIER MC BRIDE

Premier McBride was next announced and arose to his feet amid cheers. He expressed his great pleasure at being present. He had received the invitation to come some days before but had stated a reply that his pre-arranged itinerary rendered it impossible to comply. He had however met Mr. Price Ellison at Sicamous and had been brought along in spite of himself. He had listened to the Patron's opening remarks and disagreed with him as to the occasion being the formal opening of Naramata. Wherever Mr. Robinson had spent an hour or even less Naramata had been introduced as only he knew how to introduce it. Throughout the length and breadth of the land Naramata was fast becoming a household word and the great growth and popularity of not only Naramata but the Okanagan Valley in general was largely due to the indomitable energy and magnificent organizing ability and pioneer work of Mr. Robinson.

As the official representative of the Province he was delighted to meet so many of the people of the district and to become personally acquainted with them.

He paid a neatly turned compliment to the ladies of the audience, and also spoke in warm terms of his colleague, Mr. Price Ellison, the member for this district. In conclusion he said, the growth of the past five years had been phenomenal and the next ten years would see such a change as man could hardly imagine. The successes of the past gave the people cause to hope and expect still greater things as the days went by.

[continued on p.p. 3]

# SALE BY AUCTION

Capt. Ramsay who is leaving Summerland has given instructions for the whole of the following valuable effects to be Sold by Auction on

**SATURDAY, JUNE 26th,**

**CHAS. H. CORDY, Auctioneer.**

## LOCAL CUSTOMS OFFICE.

The information that a Customs Office for mail parcels may shortly be opened in Summerland will be generally welcome to residents of the town and district.

Mr. William Marchant, of Victoria, Inspector of Customs was in town this week and it is reported that Postmaster Hayes will in all probability be appointed Customs officer.

## HATS OFF PLEASE!

### Ministers War Against Ladies Wearing Hats in Church.

A re-echo of the hat removal question was heard during the address of Rev. H. M. Crews, of Hamilton, Ont., at the Women's Missionary Society of Hamilton Methodist Conference there. He said, "We raise our hats to ladies on the street no matter how cold it is; we give up our seats to them in street cars and cling to straps; we take them to concerts and rinks after which we visit ice cream parlors; we use ladies well; and in return, when we make one little request of them, just to let us see the pulpit of a church, they get angry. Now I speak from experience. Ladies have threatened me that I'll lose what little popularity I have if I don't stop fighting for the removal of hats in church, but frankly I don't care if I do. It is a good cause and I think ladies of this generation hardly appreciate all the consideration with which they are treated."—Ex.

## CONTENTED IMMIGRANTS.

To the Editor of the Over-Seas Daily Mail:

Dear Sir;—It is a mistake to believe that because one is an emigrant that one is looked down upon in this land. We are hired people, but we have never to complain on this score.

A large number of lads from the Old Country live around this district. We meet every Sunday together and have dinner and tea in the old English style, and spend the evening in singing songs of the Motherland when it is too dark for snow balling and sleighing.

Sometimes we visit neighboring Canadians, who treat us as few folk in the Motherland would do.

People who think of emigrating to this land must put their pride in their pockets and make up their minds to be content with what the land of their adoption gives them.

Yours faithfully,

A MOTHER OF SIX LADS.

Ontario, Canada.

# The Summerland Review

MR. PRICE ELLISON. M.P.P.

Mr. Price Ellison, M.P.P. was the next speaker, but his remarks were largely lost to the audience by the husky coughing of a gasoline launch which came spluttering up to the wharf. He however spoke in a similar strain to the previous speakers and added his congratulatory words to the committee of management, and looked forward to the time when the Okanagan Valley would be filled with people and the markets of the east would be filled with Okanagan Fruit.

## THE REGATTA

The first event of the afternoon was the yacht handicap. There were three starters R. H. Agur, Summerland, Onaway; Lear, Penticton, Seetsum; and E. Sawyer, Summerland, Spider. The Onaway was handicapped 35 minutes over the Spider and 20 minutes over the Seetsum. There was a fine sailing breeze and the triangular course covered about 8 miles and the round trip was covered in 65 minutes. The spider won out by 1. 20 sec., the Seetsum finishing a close second.

The next event around which the greatest interest centered was the war canoe race. This was the last event of the afternoon on account of the Kelowna contingent not all being present, as it was Kelowna was six men short of her regular crew and filled in with others. The result of the race was a great surprise to the onlookers. The Naramata and Kelowna crews had a dashing style which caught the eye, but as is usual in sports in the valley Summerland hit the pace that wins. Right from the outset the Summerland team took the lead in spite of a tardy start, and they took it easy. While the two other crews lost their precision of stroke, the Summerland boys worked like automatons and made a splendid turn at the flags and were well on the home trip before the other two canoes had touched the flags. On the home stretch they took it easy and finished at least five lengths to the good. A great amount of the credit for their success is due to the splendid training of the crew by their Captain, E. I. Scott.

Naramata and Kelowna had a great race for second. One of the Naramata men lost his paddle and as a result Kelowna finished second by a few yards.

In the motor handicap there were six starters. Gartrell finished first, Garnett second, Conway third.

In the open motor race Gartrell finished first, and Conway second. Other results are:

Children's Double Sculls, scratch---1 Phinney and Elliott, Summerland, 2 Booth and Wellband, Naramata.

Men's Double Sculls---1 Glennie and Sharpe, Summerland, 2 Wilkinson and Robinson, Naramata, 3 Hill and Nuttall, Kelowna.

Single Canoe Race---1 Avis, Kelowna, 2 Cather, Kelowna, 3 Harvey, Kelowna.

Single Sculls---1 Sharp, 2 Hill, 3 Wilkinson.

Double Canoe race---1 Blewitt and Walker, Summerland, 2 Scott and Nichol, Summerland, 3 Harvey and Harvey, Kelowna.

Double Canoe Race, Mixed---1 Walker and Miss Gladys Robinson, 2 Nicholl and Mrs. Hannaford.

Men's Swimming Race. 1 Tate and Wharnton tied, 3 Nelson.

Canoe Race, Paddles Supplied---In this race the starter handed each of the contestants a soup plate as a paddle. 1 Baker, 2 Cather, 3 Wilgriss, Kelowna.

Obstacle Race, Swimming---1 Nelson, 2 Howis.

Canoe Crab Race---In this event the contestants used their hands as the propulsion force. 1 Cather, 2 Scott, Summerland.

## "ALL A MISTAKE."

In the evening the Naramata Stock Co., presented the rousing farce comedy, "All a Mistake," by W. C. Parker.

The house was packed, all seats were taken and many were standing. Quite a number could not gain admission.

While the hall was filling, Mr. Percy Hook regaled the audience with very acceptable selections on the piano.

The comedy is a clever conglomeration, giving plenty of scope for the various participants in the piece.

Harry Mulford as Capt. Skinner was A 1, his representation of this part was exceedingly clever.

Fred Manchester was quite at home as George Richmond. Whether it was in the act of concocting some diabolical plot, or yet again in his part as the enraged husband it was all one. He understood his part thoroughly and worked it for all it was worth, His gag about the war canoe made a happy hit.

Richard Hamilton was represented by L. Block, who ably filled the part.

W. Miller, dontcherknow, worked the part of Richard Hamilton to perfection and roars of laughter greeted his brainy remarks. His attempt at making love was fine, by Jove.

## BOOST FOR SPORT

SPLENDID OFFER OF SPORTS GROUND AT BULYEA POINT.

J. M. Robinson Places Land at Disposal of Summerland and Offers to Fence the Same and Erect Grand Stand—Ready June 24.

Mr. J. M. Robinson has placed at the disposal of the people of Summerland at Bulyea Point for sports and other purposes, and has agreed to fence in as much land as required and build a grand stand.

The offer is an exceptionally generous one and it is almost impossible to quite realize all it means to Summerland.

The present sports grounds while first class from the standpoint of smoothness and size are hard to get at and it is almost impossible to persuade the boys to climb the hill to practise or the people to witness the games. The new grounds are nearer and on the level for down town pedestrians and accessible by water. On match days the round trip may be taken at small cost on the ferry and launches in plenty will be available to take the players back and forth.

The grounds will be eminently suitable for the erection of agricultural buildings just as soon as Summerland is in shape to handle an annual exhibition proposition and put in a racecourse for sports purposes.

The offer is generally regarded as a great forward step in the history of Summerland and it has certainly given a great incentive to sport.

The baseball boys are busy clearing the ground in their spare time and hope to have things in shape for a formal opening on June 24th.

# The Summerland Review

Miss Davies made a pleasing Nellie Richmond, and played the part in a very natural and becoming manner.

Nellie Huntington was exceptionally well played by Mrs. Wellband, who had made a thorough study of the part, and every movement of it.

"Nellie, the one and only was cleverly portrayed by Miss Hatfield. She had no need to talk, her actions spoke and roars of laughter greeted her clever representation.

Miss Gladys as the servant, was a happy selection—she is talented and she enjoyed the little mischievous pranks as much as the audience did. In the duet with F. Manchester, she as well as Mr. Manchester was very much at home and they had to repeat for an encore. Miss Robinson's naive manner was very clever indeed.

Mrs. Tovel, who has a very well-trained voice, rendered an excellent song between the acts, to which she had to respond to an encore.

The piece was well staged and the scenery exceptionally good.

The audience was in a gala mood, not a single joke was missed, roars of laughter greeted the players, and the whole show was a magnificent finish to an exceptionally enjoyable half day, and the players and the players and their tutor Mrs. Gillespie, are to be complimented upon the presentation of such a mirth making and noisy comedy.

Kelowna baseball team will play against Summerland on Thursday, 24th inst. on the new grounds at Trout Creek.

The grounds will be opened on that date and the people are urged to turn out and help the club.

On Sunday Rev. Dr. Osterhout of Vernon, chairman of Okanagan district of Methodist church will preach in Parkdale school house at 11 a.m. and in the church downtown at 7 p.m. This will be the anniversary of the opening of the church in Summerland. Special music will be furnished by the choir. The public is cordially invited to these services.

Pastor Estabrook will present the subject "Children and the Kingdom" before both of the congregations to-morrow, and it is desirable that a large number of parents and guardians be present at one or other of the services.

S. M. Estabrook, commissary superintendent of the S. P. Railway at San Francisco, with his wife, is visiting his parents Mr. and Mrs. Willard Estabrook at Peach Orchard for a few days. They are accompanied by Mr. and Mrs. H. D. Holt.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**

If it does write us and we will only be too glad to give you all the desired information

**JAMES RITCHIE                      PARKDALE                      SUMMERLAND**

### SECRET MEETINGS NO GOOD.

Last week a gentleman employed by the government as an expert in horticulture appeared in Summerland and spoke to a handful of people on the subject which beyond all others concerns the temporal welfare of the residents of this community. He was met by a handful of people and a wilderness of empty benches. Nevertheless he said his piece and courteously replied to any questions asked of him. The next morning he had disappeared like the Arabs in the night. It is not of that however, we complain. The lecturer may have had business somewhere else. Anyway he had no reason to believe, judging by the size of his audience, that his services would be further required. In fact it must have looked to him as though our people are so top-lofty in the matter of the diffusion of horticultural information, that any new attempts to impart it would be regarded as little better than an insult. Certainly there could be little inspiration to the lecturer to do better things in the cold fact that a community which has more trees planted in it than has any other in the province could turn out but a handful of men to hear what he had to say.

Now what is the cause and who is to blame for this? We take it the cause is simply that our people not being seers, did not know that the gentleman was in town. The matter of his coming was kept about as close as if he had come as an anarchist or a detective tracking some criminal, and it was news days after to many that he had been here at all.

Now who is to blame for this? If this had happened once, or even twice, charity

might have whispered something about accidents happening in the best regulated families. But this is neither the first nor the second time that the thing has occurred. It occurs every time. The inference therefore is that the dates of these lectures are not properly advertised, either through culpable neglect or through shameful incapacity.

It is commendable in the government of this province to send men of experience in fruit culture out into this field, particularly since so many in this valley have launched into the business without previous experience. We trust we appreciate the business forethought involved in the move but we would appreciate it a whole lot more if they would see that their agents, whosoever they may be are waked up to the fact that our citizens generally do not know of the coming of a government lecturer unless they are told, and that a lecture without hearers is not of much use.

The Review stands ever ready to tell them when requested so to do, but even if we were not it would be possible to distribute a few bills and to do it two weeks before the date fixed for the meeting.

We don't believe in these secret meetings and don't see why the same aggressive energy should not be displayed in advertising and working up these meetings as is displayed by the average troupe of temperance reformers in working up theirs, if the lecturer's mission is one really worth while.

The people of this community are not so foolish as to think they know everything about fruit growing, though some of them have picked up a good deal of knowledge since they came here, and the man who comes to talk to them will need to know his business. They will come out to hear any man who has won the right to talk to them or we miss our guess, provided always that they get wind of his coming in time to make arrangements. But it is clearly up to the government and its agents to see that due notice has been given. At the present time it really looks as though the parties arranging these meetings have been afraid somebody would hear about them and go.

---

The Antigonish doctors will give no more prescriptions for old booze soakers to be filled by local druggists. They realize that they may incur a fine of \$40 or more for such little bits of written papers; so they have decided to give these permits only in the case of bona fide illness, and for each of these papers they will charge 25 cents.—  
Truro News.

## LOCAL NEWS

Mr. Wm. Marchant, of Victoria, Inspector of Customs was a visitor in town this week.

Mrs. F. F. Busteed and her son, D. F. Busteed were guests at the hotel this week.

Mr. and Mrs. Lapsley left this week on a visit to the A. Y. P. Exposition.

Rev. H. A. Solly, B. A., returned on Monday evening from a visit to Nelson where he attended the sessions of the Anglican Synod.

Mr. T. McAlpine has moved with his family to Kaleden where he will take charge of construction work in connection with the piping of the water to the new town site.

Lieut. Gov. Bulyea and Mrs. Bulyea of Edmonton, arrived in town on Wednesday evening and stayed over to attend the regatta at Naramata. While here they were the guests of the Lieut. Governor's sister, Mrs. R. C. Lipsett.

Senator Kirchoffer of Brandon, is visiting his son-in-law, J. M. Sutherland. It is some time since the senator visited Summerland and he expressed general surprise at the great increase in orchards and general development of the district.

Armstrong is bidding for a big crowd on Dominion Day. A good programme of sports has been arranged, embracing baseball and lacrosse tournaments. An acrobatic artist will also do some clever stunts for the public entertainment.

Mr. Charles H. Cordy has just issued a map of this district which is a very concise and useful one. He is selling them at 50c each, 3 for \$1. Special prices on larger quantities.

The local Orangemen were disappointed on Monday last, and on account of the Maud Moore being in dry dock were unable to attend the District Orange Lodge sessions at Kelowna.

On Tuesday last the S. S. Aberdeen made a special trip from end to end of the lake. The journey was in reality an official tour of inspection, and the passengers were, Mr. G. F. Bury, of Winnipeg, general manager of Western lines; Mr. Grant Hall, of Winnipeg, superintendent of motive power; Mr. F. F. Busteed, of Vancouver, general superintendent of the Pacific division and Mr. T. Kilpatrick, of Revelstoke, divisional superintendent.

## HOSPITAL AID LECTURE.

The second lecture in the Hospital Aid series, by Mrs. A. T. Robinson, F. R. S. G. S., was delivered on Friday evening of last week in Empire hall on the theme, "Through the Malay Peninsula," and as was anticipated proved to be very instructive and entertaining.

The views were well selected and the observer was introduced to many unfamiliar scenes in that beautiful land of which so little is generally known.

The people with their strange customs and dress, their modes of living and religious beliefs were introduced, and coupled with it was a great deal of information of interest to all people interested in missionary work in foreign lands.

So beautiful were some of the views that in many breasts was kindled a desire to pack up and personally view the scenes at first hand. The primitive mode of living, absence of worry, freedom from civilized rules and restrictions would be very refreshing for at least a month.

The enjoyment of the evening was greatly increased by the rendition of a duet by Miss Robinson and Mrs. Hogg and a song by Mr. Thos Collinge.

The third and last lecture of the series will be given on Monday next, June 21st at the same place and hour. The theme will be "China's Teeming Millions."

## WOULD CONTROL SUGAR.

### Japanese Said to be Bidding for Power in the Hawaiian Islands.

Evidence of what officers say is a concerted movement on the part of the Japanese of Hawaii to control the sugar industry, and thus dominate the internal affairs of the island through their number and power, was disclosed when the office of the Jije, a Japanese newspaper of Honolulu, and the offices of the Japanese Higher Wage Association were entered Friday by officers with search warrants. Letters, reports and other documents were seized there and following the confiscation of the papers, an application for a writ of habeas corpus entered in behalf of Makino, Negoro and Soga, alleged leaders in the sugar plantation strikes who were arrested yesterday was rejected by the court. It is asserted that the papers found indicate that a widespread conspiracy was to be formed among Japanese to wrest control of affairs from the white residents and conduct the internal government in their own interests.

SUMMERLAND B.C.

Improved Fruit Lots a Speciality.

BAND IS BOOMING.

An officer of the band writes—The Summerland Brass and Reed Band had a swell practice on Tuesday evening, the last before Naramata gala. At about 9:30 a pleasant surprise came in the shape of ice cream, cake, etc., and Steve missed it all.

The Naramata contingent came in full force but they say Reddy delayed the boat. The band is going some now with Teddy and Jack on deck with Williams to lead and our David to sling hot air—well, no wonder it is going some.

RIFLE ASSOCIATION.

The weekly practice was resumed again on Saturday, about fifteen members attending the range, and leading scores being as follows:

	200	500	600	Total
O. Smith	32	30	28	90
W. Nelson	29	30	30	89
A. E. Mallett	32	29	22	83
M. Steuart	29	27	26	82

A number of cricket players met in the Parkdale school house on Saturday evening and organized a cricket club. Officers were elected and the secretary, Mr. W. Fosbery has been instructed to order the necessary equipment.

Mrs. Harper who has been so seriously ill during the week is slightly improved as we go to press.

FEMALE HOOLIGANS.

"This is an institution for poor children and not for female hooligans," said Mr. John Burns, in rebuking a suffragette who interrupted his speech on Saturday at the opening of the buildings erected by the Metropolitan Asylums Board at Carshalton as a children's infirmary.

When a second interruption occurred the President of the Local government Board said: "I ask you to show yourselves wiser than these vulgar creatures who have invaded this gathering. We can manage them; and if we can't the police will." Both women were turned out.

Mr. Burns visited all parts of the institution and chatted with the little inmates.

Miss Christabel Pankhurst, addressing a meeting in Hyde Park yesterday, said that Mr. Burns calling their women "female hooligans" was like Satan rebuking sin, because they must never forget that Mr. Burns had been far worse in his time than the most militant suffragette.

**:: Naramata Notes ::**

Mr. Jas. Pollock spent last Sunday in Summerland.

Mr. Alex. Grieve went over to Summerland Saturday evening, returning Monday morning.

Rev. R. J. McIntyre preached in the opera house on Sunday afternoon.

Mr. J. D. Duthie, of Winnipeg, representing the Nor'-West Farmer, spent Monday here.

Mrs. Pittman went across the lake to Summerland on Monday morning.

A party of Naramata people accompanied the Summerland baseball team and supporters to Kelowna last Thursday. They brought back vivid reports of a spectacular pitcher's battle.

Mr. E. Hart and Miss G. Hart of Kamloops, came in on last Friday's boat to look over Naramata. They signified their intention of buying property here.

Dr. R. C. Lipsett paid us a professional visit on Monday last.

Mr. George Ross of Summerland, came over last Monday on business concerning the C. P. R. excursion for the regatta.

Senator Kirkoff of Brandon, Manitoba, came across the lake Wednesday morning from Summerland to visit Mr. J. M. Robinson.

Mr. and Mrs. Manchester and children of Summerland, last Sunday spent the day with Mrs. A. L. Gillespie.

The house-boat "Lily of the Valley" was launched on Tuesday. She is not yet completed but will be finished in the water.

After a thorough overhauling the S.S. Maude Moore was launched on Monday and was ready for the excursion trips on Thursday.

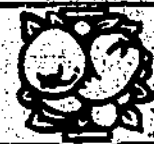

Work on the government roads on the benches is progressing rapidly. At present the road gang is at present busy on the Naramata-Penticton road.

Mr. P. Baynes Reed of Victoria, Provincial Meteorologist, was a visitor in Summerland this week and paid an official visit to the local Meteorological Station in Prairie Valley.

Consul Carstens and Mrs. Carstens of Winnipeg, were visitors in Summerland this week. Mr. Carstens succeeded Hon. W. Hespeler as German Consul in the Prairie capital and while here paid Mr. and Mrs. Hespeler a visit.

**E. I. SCOTT THE JEWELER SUMMERLAND**

Mr. W. R. Hancock of Vancouver, arrived in Summerland Tuesday evening. He will assist the baseball boys this summer, as he comes from playing with the Y.M.C.A. of that city.

George Gartrell has returned home having been compelled to abandon his proposed shooting expedition on account of the great depth of snow on the higher altitudes.

## Provincial and General

The Grand Trunk Pacific pack train with fifty horses loaded with provisions and general supplies left Kamloops on Thursday of last week by the North Thompson wagon road en route for Tete Janne Cache. The supplies are intended for the use of the survey parties now engaged in locating a line on the east side of the valley.

From the first day of May the bounty on coyotes has been increased to \$3 and \$2 each will be paid for big horned owl, and \$3 for golden eagle killed within the counties of Cariboo, Yale and Kootenay. The skin of the coyote will have to be taken to the government agent of the district in which the coyote is killed, and both legs of the golden eagle must be produced intact to the provincial game warden, A. Bryan Williams of Vancouver by the person claiming the bounty to insure payment of the same.

Podunk Davis reports 7 feet of snow in Hope mountains and lots of it on the creeks. He thinks that there may be very high water yet.—Similkameen Star.

The Doukhobors will make a million bricks this year at their yard near Grand Forks.

Trap shooting cup presented by L. W. Shatford, M.P.P., is for competition between Hedley, Keremeos and Princeton on celebration days. 'Git yer gun.'—Similkameen Star.

Chief Constable Burr with Constable Fitz Gerald and Game Warden Russell of Lillooet left for the scene of the Bridge River tragedy early this week to apprehend Blakeley the prospector who shot and killed Archie Thivarage last week. It is expected that the chase will be a long stern one as Blakeley knows the Bridge River country like a book and will easily elude his would-be captors.—Lillooet Chronicle.

An appeal for support by American Catholics of the Society for the Preservation of Faith Among Indian Children, has been sent out by three of the leading prelates of the church in that country, and an effort is being made to enroll 800,000 persons as members of the society each year in order to carry on its work among Indian children. The prelates who have signed the request for aid are Cardinal Gibbons, Archbishop Patrick J. Reagan, of Philadelphia, and Archbishop Farley of New York.

## CHINA'S MILLIONS

CLOSING LECTURE IN AID OF HOSPITAL AND  
I. G. G. C.

Mrs. A. T. Robinson, F. R. S. G. S., Speaks Eloquently on Conditions in the Celestial Empire--  
Good musical Programme.

The closing lecture of the series of three by Mrs. A. T. Robinson, on Monday evening last was considered by many to be the most enjoyable of the three. Empire hall was filled, Naramata being well represented.

Instead of the lecturer confining herself to explaining the views as thrown upon the canvas as upon former occasions, she took half an hour at the outset in which to develop her subject, and the result was all that could be desired and gave Mrs. Robinson a far better chance to demonstrate her splendid ability as a lecturer.

China with her four hundred million inhabitants was a problem which at present no one could solve. In these days of progress it was strange that so little was really known of China. There were many misconceptions as to what her people were like and many judged the whole race by the representatives that made their homes in Canada. That was a great mistake as only the lowest class, and those driven by force of circumstances from their homes ever emigrated from the land of their ancestors.

The immigrants were frequently the victims of the white man's greed, and when the Chinese spoke of the white people as foreign devils, it was not to be altogether wondered at and the blame must be placed where it belonged, and that was upon the white people themselves who had regarded the Chinese as simply a nation to be raided and abused in order to fill their pockets with ill gotten gains.

The Chinese were among the world's oldest peoples; ages before the British had emerged from barbarism, the Chinese were in the flood tide of highest civilization.

They placed a high premium on morality and total abstinence; 4000 years ago it was recorded that one of their number had made an intoxicating wine from rice and the Emperor as soon as he discovered it expelled him from the land, never to return. In the old country when a man made sufficient whiskey, the powers that be usually made him a lord.

The people of China were still very crude and superstitious. They believed in ghosts, evil spirits, charms and transmigration of

souls. They were a conservative people and did not welcome innovations. In 1883 an Anglo-American company put in a plant for winding silk from the cocoons of the silk worms. After examining the contrivance, the government banished it from the land as it would deprive thousands of women and children of the means of a livelihood.

The Chinese were a docile, industrious people, desirous of minding their own business and being left alone. They were stubborn and willing to fight to the finish in defence of their own rights. They saw the west continually changing systems, and disapproved of it, desiring no change. They were determined that China should not be exploited for the purpose of filling the pockets of foreigners.

The lecturer spoke in impassioned manner of the way in which the Shanghai railway was foisted on the people and the trickery resorted to at the time of its promotion and also of the iniquitous opium wars which Great Britain befouled her fair name by forcing upon the Chinese.

The Chinese were practically divided into four classes, which ranked in the order named, 1st the Literatii or educated classes 2nd the Farmers, 3rd the Mechanics and 4th the Merchants.

Great value was placed upon education and the educated classes were those who filled all the highest positions in the Empire, rising, not as a result of birth but of their personal attainments. The greatest men of China had all risen from the ranks.

There were three educational degrees, the examinations for which must all be written off in the sacred city of Peking, after successfully passing the three degrees the name of the student was enrolled on the books of Peking. There were three degrees obtainable, the first called Budding flower, the second, Enlightened man and the third, Enrolled scholar. Many died striving after the third. If a man tried for the last degree faithfully but unsuccessfully for many years, after he passed 90 years of age, the degree of Enlightened Man was conferred upon him.

Information along the line of the religion of the land and the advancement of missionary work was followed by a splendid series of stereopticon views illustrative of the subject of the evening.

Before the lecture a short, but enjoyable musical programme was rendered. Miss Alice McDougall and Mrs. F. A. H. Fysh rendered vocal solos, Mr. DeBeck of New

## HOSPITAL PROGRESS

SUMMERLAND HOSPITAL BOARD HOLDS  
FIRST MONTHLY MEETING.

Need of the Institution and Wisdom of Promoters  
Already Demonstrated—Proper Incorporation  
Papers Applied for—Building Leased.

The Hospital Board held its first monthly meeting a few days ago to receive the report of the matron, pass the necessary accounts and transact what other business awaited it.

For a beginning the month of May proved a satisfactory one from a financial side also demonstrating that even in this exceedingly healthy country and climate a hospital is a necessity and deserving of every support when properly managed.

Accounts for which the board is responsible were passed and ordered to be paid.

The matter of incorporation was advanced and is now in the hands of the solicitors. Satisfactory progress was reported in connection with securing the services of a permanent matron to take charge when Nurse Sinclair leaves on Aug. 1st.

A lease of the present building has been secured from Mr. Fenner who will at once install both electric light and water and has also agreed to introduce other improvements for facilitating the work of the institution.

The Ladies Auxiliary has already proved its great usefulness in a financial way, and its capable officers have plans laid for still further achievements.

A very satisfactory commencement has been made at the smallest outlay of cash and all that is now necessary is for the public, old and young to display a united interest in the work and get down to business. With the assistance of the general public the hospital project is bound to succeed and is destined to become as indispensable as the public schools and churches.

Westminster, a pianoforte solo and also acted accompanist of the evening. Mr. Jas. Pollock gave a violin selection and Mr. William Pollock, late of Paisley, Scotland who gave two selections on the 'cello, the second was given in response to an enthusiastic encore.

The chair was occupied by Mr. J. M. Sutherland, secretary of the hospital board and at the close of the lecture, Rev. A. T. Robinson in an apt address thanked all who had assisted in making the lectures a success. Rev. Jas. Hood moved a vote of thanks to Mrs. Robinson to which a suitable reply was made.

# SALE BY AUCTION

Catalogue may be seen at the office of  
**CHAS. H. CORDY, Auctioneer.**

## ANNIVERSARY SERVICES.

**Local Methodists Celebrate the Fourth Anniversary of the Erection of their Church Home.**

The Summerland Methodists on Sunday last celebrated the fourth anniversary of the erection of their church. The services were conducted by Rev. R. J. McIntyre, the pastor of the church, and the preacher of the day was Rev. Dr. Osterhout of Vernon. Both morning and evening sermons were rich treats and the speaker seemed to know instinctively just the thing his congregation most needed. In the evening special music was rendered by the choir which added greatly to the enjoyment of the services.

Dr. Osterhout's morning theme was "One Thing." His first text was, Luke 18:22, "One thing thou lackest." The question of the age was "What must I do to inherit eternal life." None could inherit it, it was the good gift of God. Eternal life could not be bought nor could it be earned by works—works had their place but not in earning salvation. Eternal life was a gift—works were simply the result of a heart full of love to a gracious God. The second text was Luke 10:42 "One thing needful." Mary had chosen the better part, that of sitting and learning of Christ. The third was Jno. 9:25 "One thing I know, once I was blind, now I see." The fourth and last, Phil. 3:13 "One thing I do, forgetting those things that are behind, I press toward the mark," etc. The speaker closed with an earnest plea for more whole-hearted loyal service for Jesus Christ.

On Sunday evening Rev. Dr. Osterhout's sermon was along the line of the deeps of Christian experience. The Psalmist knew something of the meaning of the passages which referred to the mountains and their caves and hiding places. To him the deep places in the mountain meant protection when he was hunted over the hills like a partridge by the iniquitous Saul. Graphically he pictured the secrets which belong to the person with such an experience as David's. His last heading was "The fruitage of the deep," closing with counsel for believers to launch out into life's waters under God's guidance.

"Kamloops Day" at the Seattle Exposition is to be a big thing and the C.P.R. has arranged for single fare for the round trip. The fare from Summerland will be \$21.20 and the ticket is on sale on the 28th inst. and passengers must be back here by July 5th.

On Thursday evening at Kelowna the members of the Summerland Dramatic Society produced "The Schoolmistress" before a very enthusiastic audience.

Work will be carried on during the week to put the new athletic grounds in first class condition for the next baseball game with Kelowna.

A general meeting of the members of the Men's Club will be held on Friday evening next at 8 o'clock, for the purpose of considering the election of office bearers for the ensuing year.

Two cups are being put up for competition among the juniors and seniors by the men's club and will be awarded to those winning the greatest number of points on field day. The chartering of a car for the A.Y.P. by the club has been mooted; this and the disposal of the medals will be discussed at Friday's meeting. Every member of the club is expected to be present.

Mr. and Mrs. S. A. Bedford of Winnipeg, paid Summerland a flying visit on Wednesday. They came in on the evening boat and left on the following morning for their prairie home. Mr. Bedford is one of the best known authorities in the west on matters horticultural and agricultural and was for many years superintendent of the Dominion government experimental farm at Brandon. He resigned that position when the agricultural college was started in Winnipeg and accepted an important position on the staff. On reaching Summerland, he was met by his old friend D. H. Watson who introduced him to as much of Summerland as daylight would permit. Mr. Bedford hopes to return to the Okanagan at a later date and to make a longer stay.

### RIFLE ASSOCIATION.

Result of shoot Saturday June 19:

	200	500	600	Total
M. Steuart	29	31	34	94
B. Steuart	29	29	34	92
A. E. Nelson	26	27	30	83
H. Dunsdon	22	32	28	82
W. Nelson	27	25	28	80

On Thursday next July 1st the President's (Col. Cartwright) trophy will be shot for as follows: 200, 500, 600 yds, in the morning 800 and 900 yds., in the afternoon. Trophy and prize for second best aggregate scores.

The Price Ellison cup will be shot for on class firing conditions on July 10 and 17, Aggregate of both days scores. Commencing July 1 the gold token, silver and bronze buttons will be held monthly by the three best scores on the 200, 500 and 600 yards. Gold button similarly on long distance scores.

The Strawberry Social in connection with the Presbyterian church which was to have been held on the 29th has been postponed indefinitely owing to the regrettable illness of a member of Mrs. Logie's family.

### SUMMERLAND 20, KELOWNA 6.

The score tells the story of the second league baseball game between the Summerland and Kelowna nines. Kelowna was in hard luck. They put three different pitchers in the box and the locals felt them all. Eastman the regular was temporarily out of business as a result of a fall which injured his throwing arm. It must be admitted however that the locals are showing the effect of a little practise and evinced a little of their old form.

There should be some good games at the Naramata regattas for the Ellison cup. Hancock, late of the Y. M. C. A., team was in the box for the first time and pitched good ball. Teams were as follows:

Summerland		Kelowna
Hancock	P	McMillan
LeGros	C	McMillan
Blewitt	1 B	Eastman
McIntyre	2 B	Frame
Baker	3 B	Parker
Robinson	C F	Creelman
Walker	R F	Marintette
Glennie	L F	Tredgold
Conway	S S	Jamieson

Umpire, D. H. Watson.

Score by innings:

Kelowna 0 0 2 0 2 0 1 0 1 0 -6.

Summerland 2 0 1 3 0 3 1 0 1 -20.

### THE WAR CLOUD IN EUROPE.

It is hard to tell what is going on in Mars. It is too far away. For a like reason it may look like presumption for citizens of the new world to sit up and discuss the politics of Europe. Who can know what is going on in those high latitudes, where an empire may be the hazard of the game? For nations are engaged in a struggle to survive as well as individuals and in the last menace they are likely to be wary and unscrupulous as to the secret measures adopted for their own preservation.

However, though the secret, high and mighty councils of the courts of Europe may seem to be about as far removed from us as the planet Mars, yet scattered rays of light from each will reach us and be broken up in our spectroscope now and then to the confusion of some of our preconceived notions.

For instance in the case of European politics, it is strikingly significant that the Russian bear should lately have had to take his paw off Servia and Herzegovina at the bidding of Austria. Austria promptly annexes the provinces. Germany, while this is going on tells Russia to keep her dirty paws off. Austria rushes her troops to the scene of action and crows the Servians into subjection while German troops take their places on the Russian boundary and the Austrian people are instructed to look on them as brothers. France and England protest against the violation of the Berlin arrangements, but Germany only laughs and increases her employees of the shipyards to 60,000 men with the declared intention of turning out sixteen monster battleships and a score of aerial scourges

as an auxiliary fleet, by 1912. Her newly, Austria, also takes to the water again and begins to make ready such a fleet as may effectually take care of the Mediterranean, or at any rate prevent the British terrors of those waters from joining the channel squadron in case of trouble. France hurriedly gets down estimates of 600,000,000 francs, and is alarmed at finding that graft has practically eaten the heart out of her navy.

Meanwhile, England gets excited. Her best statesmen utter grave warnings. Her most eminent Field Marshall tells her she has no real army and if Germany ever once lights on her shores she will find herself in the lock up by night. At the same time the lion whelps over seas with one accord begin to bristle up and to utter their little growls, scenting danger in the air.

All in all, the situation seems grave enough. Germany made so well out of her last great war that she seems bent on provoking another, at least since her people are ground by the yearly demands of a vast standing army, this seems to be the only reasonable explanation of the increased burden she assumes in the matter of her naval programme. She is getting towards the point where war would be little more expensive than the present drilling.

To destroy England's navy would be to destroy England and probably to give her colonies a prey to the spoiler. Germany seems to be playing for high stakes a very bold game, and, watching her ceaseless activity with all it may mean, must mean, we confess to a sympathy with those bolder spirits of Britain who favor the equally bold and decisive policy on England's part which would say to Germany: Your naval programme violates our time honored practice and policy of having for our sea girt shores and far flung commerce a guard equal to that of any two rivals. It forces us to fall below that long acknowledged standard or to enter upon a vast and unnecessary expenditure. As an inland state, your present activity cannot be construed otherwise than as a menace to British commerce and possessions. We must therefore ask you to keep your naval expenditures within bounds or take the consequences. Then, if Germany would not take the hint, destroy her vessels, blockade her ports and charge her up not only with the moral responsibility of the war but for any expenses incurred in the castigation, since England too claims for herself the sacred right of self preservation, the right conced-

ed the smaller powers of Europe by the treaty of Berlin but so lately and shamelessly disregarded by that same power when it served her ambitions so to do. So did Japan strike the first blow at her trescherous rival in Manchuria.

### Water Notice

NOTICE is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a licence in the Osoyoos Division of Yale District.

(a) The name, address and occupation of the applicant is Charles Hagarth Whellams, of Summerland, B.C., farmer.

(b) The name of the lake, stream or source is June Creek, a tributary of Shingle Creek, one-and-a-quarter miles west of North Fork of Shingle Creek.

(c) The point of diversion is at the north end of my lands described below.

(d) The quantity of water applied for is two cubic feet per second.

(e) The character of the proposed works is a dam in the Creek at point of diversion, and from thence to convey the water in a ditch or flume.

(f) The premises on which the water is to be used are 160 acres situated on June Creek and commencing at a post on east bank marked "C.H.W.'s S.E. corner," thence running north 40 chains, thence west 40 chains, thence south 40 chains, thence east 40 chains to point of commencement, said post being situate about one mile west of Joe Brent's N.W. post on Shingle Creek.

(g) The purposes for which the water is to be used are irrigation.

(h) If for irrigation describe the land intended to be irrigated, giving acreage: About 120 acres, being the south half and north-east quarter of my pre-emption.

(i) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return: Not for either.

(j) Area of Crown land intended to be occupied by the proposed works: None.

(k) This notice was posted on the 10th day of June, 1909, and application will be made to the Commissioner on the 10th day of July, 1909.

(l) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet: None.

CHAS. H. WHELLAMS.

Summerland, B.C.

**LOCAL NEWS**

The Maud Moore will make special trips to Penticton, Dominion Day July 1.

Instead of a preaching service in Empire Hall on Sunday evening next the Baptist church choir will render a service of song.

W. Robertson, E. Snowsell and W. B. Lloyd of Kelowna were in Summerland on business this week.

Mrs. William Robinson who has been seriously ill during the past week is reported better.

Mr. Harry Dick of Vancouver, paid a visit to his aunt Mrs. Jas. Campbell, this week.

Mr. and Mrs. C. N. Higgin who have been spending a few weeks in the district, have returned to England. They have taken a great fancy to the Okanagan Valley and may make it their home in future.

F. W. Auvache who has been connected with the Review Staff for a time, left on Wednesday morning for Vernon to accept a position with the semi-weekly "Okanagan."

Mr. T. J. Smith who was here at the beginning of the week, was pleasantly surprised to find that his peach trees were in first class order and he will have to thin them out as the trees are overloaded.

Frank Williams left for Spokane, Wash. on Monday and will spend the summer months with Ralph Wolverton, formerly of this place. Frank expects to return in time for college opening.

Mr. A. W. Lee of Vancouver, route agent for the Dominion Express Company, paid an official visit to the local Express office. Mr. Lee is just on the home stretch after visiting the prairies in the interests of his company, and tells of vast growth and development, especially in southern Alberta. Thousands of settlers, mostly Americans, are flocking in and new towns are springing up all along the line.

Hon. Wm. Broderick of London, England, was a guest at the hotel this week and will probably return to Summerland later on. On the last night of his stay here, he was visiting in the Prairie Valley district and on the return journey missed the correct turn by the electric light dam, and landed up in the Trout Creek district. He introduced himself as a lost man and a friendly resident gave him explicit directions and lent him a lantern. He landed at the hotel some time after midnight.

**Notice**

Land Act, Osoyoos Land district, District of Yale.

TAKE NOTICE that JAMES MITCHELL, of Summerland, occupation Lumberman, intends to apply for permission to purchase the following described land :-

Commencing at a post planted about 96 chains up Anas Creek from the North East corner of lot number 3592, thence south twenty chains, thence west twenty chains, thence north twenty chains, and thence east twenty chains to the point of commencement, and containing forty acres more or less

**:: Naramata Notes ::**

On Tuesday last a baby girl was born to Mr. and Mrs. Robert Wilkins.

Mr. F. H. Rounds of Battle Creek Michigan, came in on Friday to visit his property on the benches.

Mrs. F. F. Busteed and son and Mrs. H. St. C. Jillet of Vancouver stopped off on Saturday evening to spend the week end in Naramata.

Mrs. J. L. Caldwell returned from the coast on Friday and is busy getting her new store on Robinson avenue ready for opening.

Miss Ellen Ellison of Vernon came down last week to see the regatta and visit friends. She returned home on Friday morning.

Mr. T. J. Smith of Vancouver spent the day with Mr. J. M. Robinson on Sunday. On Tuesday morning he left for the Nicola Valley.

Mr. Carroll Aikins returned from Enderby on Wednesday where he purchased a very fine team of black ponies and a democrat wagon.

Mr. Chas W. Johnson has taken the contract of constructing the large high level flume which will connect Mill creek with Naramata creek.

On Friday evening a number of Naramata people attended Mrs. A. T. Robinson's lecture on "China's Teeming Millions." Needless to say everyone was quite charmed with the discourse and the manner in which it was delivered.

Mr. and Mrs. J. S. Aikins and daughter of Winnipeg and Miss Von Leongerke of Paris on Monday left for home after spending their holidays here. On the way home they will visit the coast and the Seattle Exposition.

After spending his summer holidays on his ten acre lot on the benches the Rev. C. A. Myers of Edmonton, last Saturday returned home. Mrs. Myers with her sister Mrs. Manson will remain for a few weeks in their camp by the lake shore.

For the next regatta on July 22nd, a Marathon pony race is under consideration. The contestants will start from Summerland each with a message to be delivered to the judges here. At Penticton, a change of horses will be allowed and the candidate who succeeds in reaching Naramata first will receive a valuable prize, probably a \$50 saddle. Two other prizes will also be given if there are sufficient entries to warrant it.

## 2nd Naramata Regatta

JULY 22nd.

A PROGRAMME

**Bigger and Better than the Last**

IS NOW BEING PREPARED.

*Plan for the Outing*

### ANNOUNCEMENT.

Because of the failure of the Wholesale Jewellery Firm with whom I have been doing business, I am compelled to sell my stock at once. **Everything will be sold at once if possible,** which means that the people of Summerland will be able to buy *Watches, Jewelry, Silverware, Cut Glass, Clocks, Etc.,* at Cost Price. This Great Sale is now on.

**E. I. SCOTT THE JEWELER SUMMERLAND**

Mr. C. P. Nelson, photographer, of Summerland came across the lake on Monday and brought with him a number of very excellent photographs taken at the regatta last Thursday.

**Mrs. J. L. Caldwell, Naramata** desires to intimate that she has now opened her store on Robinson Avenue, and will carry a good line of Ladies and Children's Clothing, Underwear, Hosiery and Notions and an assortment of Dry Goods.

# The Summerland Review

## CRICKETERS ORGANIZE.

The following officers have been elected by the Summerland Cricket Club:

President, Major Hutton;  
1st V. P., Mr. Featherstonhaugh.  
2nd V. P., Mr. Jas. Ritchie;  
Sec.-Treas., Mr. W. Fosbery;  
Executive Com., Messrs. Faulder, Tait, Naper and Reynolds.

Practises will be held on the college campus on Tuursday and Saturday evenings. The annual membership fee was fixed at \$5.

## SUFFRAGETTE MOVEMENT.

Filled with enthusiasm for the suffragette cause, Mrs. O. H. P. Belmont arrived in New York from Europe on the Mauretania. With her was Mrs. Ida Husted Harper, a leader in the movement. They have been abroad to attend the London congress in the interest of women's suffrage.

"The movement is making great strides," said Mrs. Belmont. "It is gaining the support of a more influential class as regards money than it did before. I believe especially that women who pay taxes should have the ballot. I intend to put every ounce of energy I possess into the work and to give it every dollar I can spare. We need a national party, with New York as the storm centre."

## COMING TO B. C.

"Hundreds of Americans are now emigrating to British Columbia, where as a result of the advent of the Grand Trunk Pacific railway, now under construction, the northern part of the province is being opened for lumbering agriculture and stock raising." said Fredereck T. Cromwell, of Vancouver, B. C., in the course of an interview here. — Free Press, Winnipeg.

A shipment of some 23,000 feet in all, of B. C. spruce is being shipped from Vancouver to Germany, to be used on the decks of the Kaiser's new yacht. — Ex.

R. Sargent of the United States Geological survey and party of 7 assistants are en route to the Matanuska coal fields to begin the season's topographical work. — Katala (Alaska) Herald.

Mr. A. V. Steeple of Vancouver, colporteur for the B. C. auxiliary of the Canadian Bible Society, will preach in the Methodist church on Sunday morning at 10:30.

The Summerland B. B. team is on the programme to play at Armstrong on July 1st against Kelowna. The club is considering the advisability of taking along some of the local runners and jumpers and entering them in the field sports.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**  
If it does write us and we will only be too glad to give you all the desired information

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

## News from Peachland

Mrs. Seaton is spending a couple of weeks with friends in Summerland.

Mrs. Alex. Miller is continuing her visit with Mrs. Watson of Summerland this week.

Mrs. H. Birch and two daughters, of Kelowna, have been visiting Mrs. Birch's sisters, Mrs. Wright and Mrs. J. L. Elliott.

Road Foreman, Jas. Michael has moved his camp down to Mr. Greata's and is putting in a road to his wharf.

Lieut. Gov. Bulyea has raised a sixty foot flag pole beside his house and now has the Union Jack flying every day.

Messrs. Stirling & Pitcairn of Kelowna, have opened an office in Mrs. Jas. Miller's new block and intend to be on the market the whole fruit season.

Mr. John Robinson is leaving the last of the week to take a position with a firm at the coast, as head sawyer in a large saw-mill.

Mr. Geo. Keyes is busy marketing his big crop of strawberries. He expects between one hundred and fifty and two hundred crates.

A tennis club was organized last week. They have sent away for the necessary weapons and intend to begin operations at once.

Mr. Sampson, manager of the Okanagan Fruit Co. was in town Tuesday looking over the fruit supply for the season. In the evening he addressed a meeting of fruit-growers in the Orange Hall.

The merchants of Peachland have all signed an agreement to close their respective stores at noon each Thursday from July 1 until Sept. 1 or later. This change will be very much appreciated by their employees.

Miss Ettie Gummow left last week for Vancouver to begin training in the City Hospital as a nurse. Miss Gummow has the best wishes of her Peachland friends for her success in her new work.

Miss E. Kennedy, who for a year has been living with her sister Mrs. C. G. Elliott, set out for Vancouver last Friday. She will spend the summer at the coast and at Nelson, returning to her home in Dryden, Ont. in the fall. Miss Kennedy was in poor health when she arrived in Peachland a year ago, but left in almost perfect health.

## Provincial and General

Chief Constable Simmons of the provincial police, was out to Sicamous on Tuesday arranging for the construction of a lock-up at Sicamous. He returned on Wednesday. —Okanagan.

The local football team went down to Kelowna on Wednesday of last week where they suffered defeat at the hands of the Kelowna team, the score at the close of the last half standing 3-1 against them. Okanagan.

W. Marchant of Victoria, Inspector of Customs, who was in Penticton on Monday on his return trip from points in the Similkameen, stated to the PRESS that he would recommend the establishment of a customs office for postal packages at Penticton. —Penticton Press.

A very fine Kamloops trout was caught close to Canoe Creek by T. L. Wilkinson, which weighed ten and one-quarter pounds. A home-made spinning bait was used and the fish put up a hard fight, being caught on a fly rod with light spinning tackle. —Salmon Arm Observer.

Mr. N. S. Clarke whose headquarters are between Quesnel and Fort George is now on his way to Vancouver to purchase a saw-mill for Fort George. Lumber is very scarce at that point and with so much timber right at hand a saw-mill can be operated to great advantage. —Ashcroft Chronicle.

Last week a bad fire was raging high up on the mountains on the left bank of Ashnola Creek. George Shelder tried to get to it by crossing the Similkameen on the new bridge at Ashnola, but when there he could not get across Ashnola Creek itself owing to the great volume of water coming down the creek. —Hedley Gazette.

One of the pile-drivers for use in bridge-building has been taken from here up to the Ashnola, where the two bridges across the arms of the creek will be proceeded with at once. They were taken to the other side of the Similkameen across the Keremeos Land Co's bridge. The water in the eastern arm of the Ashnola has been higher this spring than for many years past, and has washed out a good deal of the railway grading at that point. —Keremeos Chronicle.
