No. 31

MASONIC BANQUET.

Many Craftsmen Meet Around the Festive Board--- Summerland A. F. and A. M. Instituted.

The Masons of Summerland organized a lodge on Monday evening with about 26 charter members. About 20 brethren were in attendance from outside points.

The gavel was wielded by R. W. M. Major Megraw of Hedley, who inducted the following officers for the new local lodge:

W. M., J. C. Robson; S. W., S. Bartholomew; J. W., W. A. Doherty; Sec., K. S. Hogg; Treas., A. Stark; Chaplain, Rev. H. A. Solly; S. D., R. Clowston; J. D., B. C. Moore; D. C., Fetherstonhaugh; Organist, E. I. Scott; I. G., H. Dunsdon; Tyler, Jas. Fyfe. After the business of the evening had been disposed of, the company adjourned to the banquetting hall in the Hotel Summerland. The spacious room was tastefully decorated with evergreens and bunting of patriotic colors and the ceiling was brilliantly decorated with many electric lights of varied hues.

The banquet itself was a revelation of what Summerland could do, and many of those present stated that for general excellence it surpassed anything they had experienced in the west, and Mrs. MacDowell the capable manager received many well-deserved compliments on her splendid spread. The service was also of the best, the long, weary waits between courses were conspicuous by their absence.

After clearing away of the remains of the feast, toasts were the order of the evening.

The office of master of ceremonies was ably filled by Brother Fetherstonhaugh and the following toasts were responded to in true Masonic style.

King and Craft, Assembled Company; Grand Lodge of B. C., Bros. A. Megraw, J. F. Burne, Dr. Bryce; Sister Grand Lodges, Bros. Clouston, Fysh; Newly elected officers, Bro. Robson; Past Masters, Dr. Smith; Visiting brethren, Bros. Willett, Morrison; The Press, Megraw, Collinge; The Ladies, Bros. Derrick, Tate; Junior Warden's toast, Bro. Doherty; Summerland Lodge, though not on the list was proposed by Bro. Megraw in a bright address and suitably replied to by Bros. Robson, Hogg, Bartholomew.

The gathering broke up at a reasonably early hour and the members of the new lodge are fully convinced that their membership embraces the choicest plums of a hand picked population.

ROBINSON--MURCUTT.

Miss Ada L. A. Murcutt, F. R. S. G. S., a world-famed lecturer, who has attracted large audiences in Vancouver and many other cities, was married to the Rev. A. T. Robinson, M. A., of Summerland, B. C., on Monday morning at the First Baptist church by the Rev. Dr. Spencer, long time friend of the bride. The close relatives of the bride and bridegroom only were present. Mr. and Mrs. Robinson left for Seattle immediately after the ceremony and will return to reside at Summerland.

Miss Murcutt is a native of Victoria, Australia. Her father died before she was born; hence upon her devoted mother fell the lot to train her, and well she did it, educating her daughter in the schools of Melbourne and then at the university, where she took honors. While in her teens Miss Murcutt began to show marked ability in intellect and public service. Her native oratory was in demand everywhere. In the United States she soon found a place for her gifts; her unbounded enthusiasm and humor bubbling over to the delight of large audiences.

After crossing and re-crossing continents Miss Murcutt came the second time to British Columbia and for a year past has held meetings all over the province with great success. Largely through her efforts, with such help as Mrs. C. Spofford, the roll of the Women's Christian Union she represented has trebled its membership, the temperance work has had much assistance, and the local option campaign has had a large share of her labors the last few months. Miss Murcutt will make British Columbia her home and still render service to those interests which call for a woman's heart and a woman's unexcelled ability to soothe and sympathize.

Rev. A. T. Robinson, M. A., is a well known Canadian divine who is connected with the Baptist denomination. He is of Irish extraction, both of his parents belong to genteel families of the Emerald Isle. He had a brilliant college career and graduated from Manitoba University with first-class honors in mental and moral science.

He was elected editor of the Manitoba

College Journal; president of the Inter-Collegiate Philosophical Society, and, as one of the prize speakers of the college, was chosen to lead the public debate at the closing of the literary society in his final year.

Mr. and Mrs. Robinson intend making their home at Conestoga, which is Mr. Robinson's property at Summerland, and which is one of the most beautifully located young orchards in the whole of the Okanagan valley.

An illuminated address, executed by Mr. T. Allen, was presented to Miss Murcutt at the close of her last public meeting in Vancouver along with a beautiful silver tea service. The address was read by Rev. Dr. Spencer, and the presentation was made by Mr. J. T. Langlois for the league.

AW! PLAY BALL!

Summerland Diamond Dusters Getting Busy--- Bright Prospects for Successful Season.

Manager Eigel of the local baseball team is calling a meeting of all supporters and players of the game. The successes achieved on the diamond last year by the local nine made all Summerland proud, and citizens generally have expressed the opinion that the good work should continue.

The team last year was a strong one, accustomed to each other's ways, and all are still on deck, save B. J. Seaman who recently left for the east. There are however a number of most promising players available, all of whom are anxious to catch a place on the team.

It is hoped and expected that the citizens will show their sympathy in a practical way when they are approached on the matter of finances. A slap on the back, and "Nice eye old dog," is all right, but a ten dollar bill into the bargain adds to its acceptability.

Representative Orangemen all over the Australian Commonwealth are arranging for the formation of an Independent Protestant party, as a new factor in federal politics. In this way, it is believed and in this way only, Protestants can become a real force in national affairs. The new party will be launched with a great demonstration at Sydney.—Sentinel.

A RECORD BREAKER.

The new Baptist House of worship which was opened last Sunday in Enderby, was commenced less than six weeks ago, and dedicated free from debt. No indirect means were employed to gather the necessary funds. No appeal was made to other denominations nor to the general public. The few Baptists, about a dozen members in all, met together, decided to build and dedicate free of debt, and largely by their own efforts have been able to carry out their purpose to the letter. The building is neat and tastefully finished with commodation for about 200 people. Mr. Estabrook gave the dedication sermon. The Methodists and Presbyterians gave up their services and with their choirs joined with the Baptists for the day. Rev. Binny Freeman is the highly esteemed pastor.

NEW COUNCIL CHAMBER.

The new council chamber at the top of the Fruit Growers' Association's building was used for the first time on Monday. The new premises are well adapted to the purposes for which they are intended. A spacious hall, 30x40 feet provides ample accommodation for the regular meetings of the civic fathers and also for the welcoming of such delegations as may wait upon them. A room at one end provides the clerk with a private sanctum. A large dormer window has been built into the north side of the roof which makes the light first class.

ABOUT THE BAND.

Summerland's Pride—as the aggregation of musicians who form the band have been aptly termed, is arranging for a meeting to discuss future plans. The band boys, who under the able leadership of Conductor D. Williams did good work last year, are all available again, and if the financial end can be satisfactorily arranged, practising will soon be recommenced.

CANOE CLUB.

At a general meeting of the Canoe Club on Tuesday evening, the following executive committee was elected: R. H. English, M. Manchester, J. W. S. Logie and George M. Ross.

The club has been offered a site for boat house and will as soon as possible provide room for all small canoes besides dressing room etc. The fact that Naramata has also ordered a war canoe will be welcome news to the Summerland canoe boys. These two towns can practice together and thus be in better shape to compete when the big regattas are on.

HUMAN LETTERS.

Two "human letters" were recently dispatched to Premier Asquith by the inventive militant suffragettes. Mrs. Drummond and Miss Pankhurst were the senders of this novel mail. Entering the Strand postoffice the two women inquired if it was a possible thing to send two "human letters" by express. On being answered in the affirmative, they brought in two of their colleagues, Mrs. McLellen and Miss Solomon and addressed them to the premier's official residence prepaid. The two women were at once dispatched in the care of a telegraph messenger. The servants at the premier's residence, however, refused to accept the delivery of this suffragist mail and the police appeared and quickly cleared the women out of Downing street.

LIQUOR MEN ANXIOUS.

A deputation of three hundred citizens, opposed to the banishment of the bar and in favor of certain amendments to the present liquor law, waited on the Manitoba government and members of the legislature a few days ago in connection with the presentation of petitions with 26,000 signatures. T. W. Taylor, M. P., who introduced the several speakers, stated that the signatures on the petitions were all of bona fide electors, and the delegation represented men in all lines of business.

NEW GOVERNOR-GENERAL.

The Ottawa Free Press quotes a high official authority as stating that while no definite selection has yet been made of a successor to Earl Grey as governor-general of the Dominion, there is a strong probability that the appointment will go to the Earl of Dudley. There is a movement on foot to have the next governor-general sworn in Ottawa, instead of at Halifax or Quebec, which, with one exception, has been made custom in the past. It is pointed out that the Viceroy of India was sworn in at Calcutta, the capital, and that there are just as good, and probably better reasons why the governor-general should take the oath here.

On Tuesday afternoon the ratepayers of Kelowna were privileged to see the city hydrants working for the first time, throwing a jet of water a considerable distance and forcibly. Pressure was secured from 90 lbs. to 125 lbs. The citizens generally were well pleased with the results obtained.

WANTED

April 1st, a tenant for Peachland Temperance Hotel; house well furnished; ten rooms. Married couple without family preferred.
C. G. ELLIOTT.

Notice

Land Act, Osoyoos Land District, District of Yale.

Take notice that Andrew Caswell of Colley, Sask., Rancher, intends to apply for permission to purchase the following described land:
Commencing at a post planted at the north-west corner of Mr. Middleton's pre-emption about twenty chains west of Okanagan Lake; thence south sixty chains; thence west forty chains; thence north sixty chains; thence east forty chains to point of commencement and containing 240 acres.
ANDREW CASWELL.
Jan. 26th 1909.

Notice

Land Act, Osoyoos Land District, District of Yale.

Take notice that the Canadian Pacific Railway Company intends to apply for permission to lease the following described land:
Commencing at a post planted on the westerly shore line of Okanagan Lake distant southerly two hundred and fifty feet from the dock known as the "Old Dock" at Summerland, measured along said shore line; thence easterly at right angles approximately to said shore line a distance of three hundred feet into the waters of Okanagan Lake; thence northerly and parallel to the said shore line a distance of five hundred and fifty feet; thence westerly and at right angles to the last described boundary to a point on said shore line of Okanagan Lake which is distant northerly three hundred feet from the said Old Dock; thence to point of commencement and containing in area three & seventy-eight hundredths acres, more or less.
Dated the 25th day of January 1909.

LOCAL NEWS

Dr. Knox of Kelowna was a visitor in town at the beginning of the week.

Mrs. R. C. Lipsett left yesterday on a visit to Vernon.

Jas. Ritchie took a business trip to Vernon on Monday.

J. D. Summers is building a house on his property north of the town.

Work on the gulch road is being rushed along merrily and will be ready for use by the time spring is advanced.

There is a well organized ladies rifle club at Grand Forks. Why should Summerland ladies not follow suit?

J. F. S. Thompson will leave shortly for Vancouver where he expects to make his home. Mr. Thompson has a number of friends who regret to see him go.

Rev. and Mrs. Hood are spending the week in Penticton visiting Mr. Hood's parishoners. The little Misses Hood are visiting their grandma at Peachland.

The Penticton Press says: Miss Lane left on Monday for Summerland where she will take up her residence. She will be greatly missed by the large circle of friends whom she has made during her short stay among us.

Mr. and Mrs. Hector Sutherland entertained a number of guests last night in honor of Miss Black and Miss Connor who are visiting friends in the district.

The Bank of Montreal premises are being extended. The rear portion of W. J. Robinson's offices are being separated and remodelled for the use of the bank.

The last issue of the Provincial Gazette contains a notice of the incorporation of the Lake Shore Telephone Company with a capital of \$25,000 with head office in Summerland.

Eastern capital ready to investigate legitimate investments—lands, timber or mines—in British Columbia. Address in first instance with full particulars—"Capital", in care of Noble & Co., Molson's Bank Building, Vancouver.

At the Masonic banquet on Monday evening, the oldest and youngest newspapermen in this part of the province were present. The senior was Major Megraw, editor of the Hedley Gazette, who has been helping to educate the public for the past seventeen years, and T. Collinge, whose western newspaper experience is limited to three months.

SPECIAL SERVICES.

On Sunday a series of special services will begin in the Methodist church in which three of the local denominations are uniting. Rev. Walter Russell, B. A., of Toronto will be the preacher. Mr. Russell is well and favorably known throughout Ontario and Quebec for his evangelistic labors. It is surprising that he was induced to leave the larger western cities and come to the smaller places of B. C. We are indeed highly privileged in having the opportunity of listening to this able exponent of the gospel.

Mr. Russell is looking forward to making this the most successful series of any yet held in the province.

The services for Sunday are as follows:— 10:30 a.m., in the Methodist church; 3 p.m. in the Baptist church on the Flat; 7 p.m., in the Methodist church, taking the Presbyterian service.

Services will be held every evening during the following week except Saturday. What Mrs. Russell calls a Bible Banquet, will be given Tuesday, Wednesday, Thursday and Friday afternoons at 3.30 in the Methodist Church. The subject for the afternoon meetings are: The Prophecy of Pentecost, The Peace of Pentecost; The Promise of Pentecost; The Price of Pentecost; The Personality of Pentecost; The Proof of Pentecost; the Product of Pentecost, etc. Special music is being arranged for and it is expected that each night a strong choir will lead in the service of song. The committee of arrangements embraces Dr. Sawyer, Messrs Moreland and Mellor.

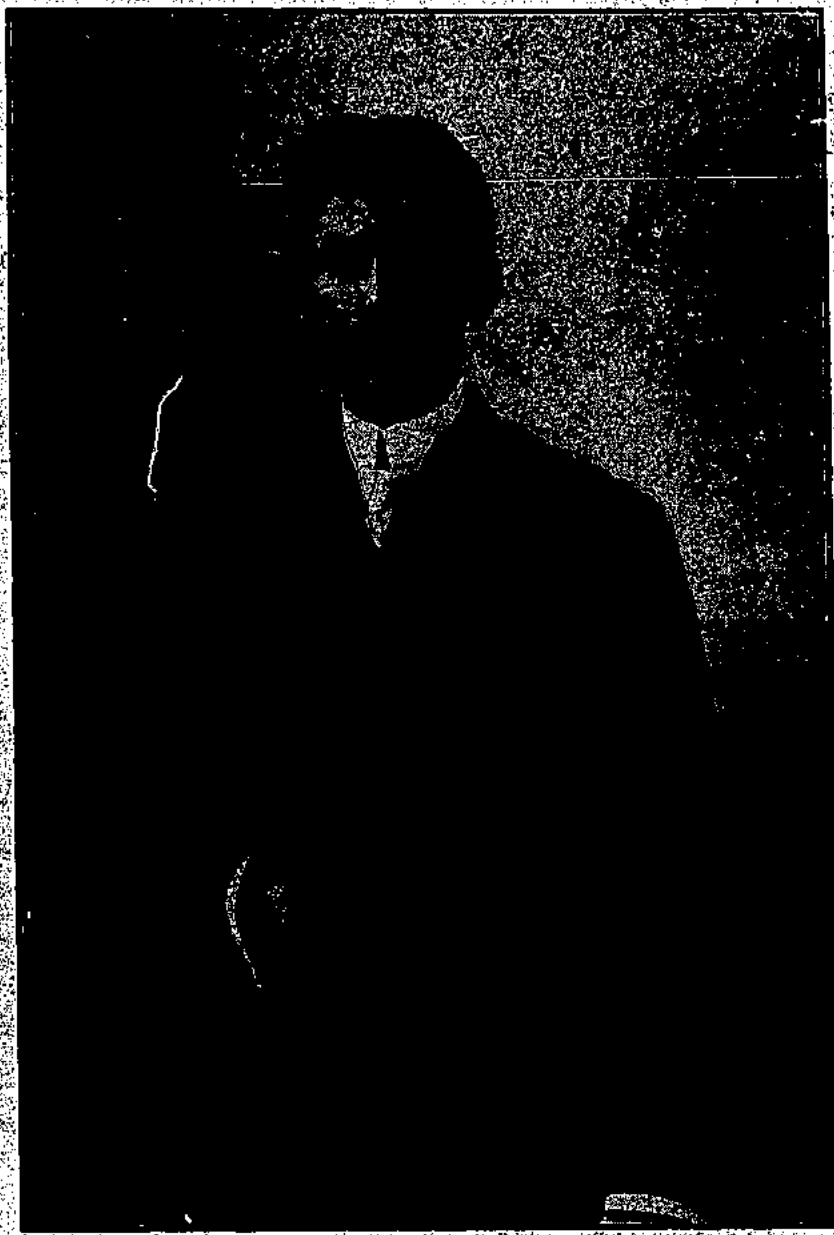

Some hitch in arrangements has delayed the arrival this week of the usual budget of Peachland correspondence.

The results of the recent college examinations have been made known and the students have taken uniformly high standing. The results will be published in the next issue.

The college baseball players are doing good work on the campus and it is expected that a splendid nine will be selected for their first match.

The S. S. Aberdeen came into port yesterday forenoon with a cargo of hay.

Rev. Mr. Thorp having closed his labors with Baptist Church Kelowna, Pastor Estabrook of Summerland will supply the pulpit at that place on Sunday. The evening service in Empire hall has been withdrawn on account of the union evangelistic services.

REV. WALTER RUSSELL, B. A., of Toronto.

GARNET VALLEY SCHOOL.

The Garnett Valley school held its annual concert in the school house on Tuesday evening before a large and appreciative audience. The minutes of waiting were admirably filled by selections by Mr. Robertson's grammophone. The programme was lengthy and every number was rendered in such a manner as to reflect great credit on Miss Ballantyne, the capable teacher. Mrs. Wismer, Mrs. Gallagher, Miss Raleigh, Messrs John Campbell and T. Moore assisted acceptably in the programme. Mr. J. L. Logie filled the position of chairman while Miss B. Logie was the efficient pianist of the evening.

The proceeds of the entertainment amounted to \$18.50, which will be devoted to building flumes for the school gardens, and other necessary improvements around the school house.

Songs were nicely sung by Gordon and Bertram Campbell, Dorothy Tingley, Marjorie Tingley, Marion Wismer and a number of excellent choruses and dialogues were rendered by the scholars. Recitations were given by J. Adams, Fairy Adams, Dora Steuart, Frank Steuart, W. Gallagher, Jimmie Ritchie, and music by T. Moore and A. Grieve.

The W. C. T. U. met on Thursday afternoon in the Church in what they call a mother's meeting, a good programme was given. A duet was sung by Mrs. Hogg and Miss Robson, a reading by Mrs. W. Shields and a paper by Mrs. Fenner; refreshments were served and social time was spent together.

REV. H. G. ESTABROOK, Pastor.

The Summerland Review

THREE TRAINS DAILY.

C. P. R. Proposes Improving Passenger Service During Coming Busy Season.

Three transcontinental passenger trains daily each way between Vancouver and Montreal—or two more than were ever before operated daily on the system—is the programme of the C. P. R. for its service during the coming summer. This service is now being considered by the passenger traffic officials of the railway, but no official announcement may be expected till the conclusion of a conference of traffic department officers which will be held in Winnipeg early in March.

It is said in railway circles that there is every probability that next winter the C. P. R. will maintain a double daily transcontinental service both east and west-bound between Montreal and the coast, or at least between Winnipeg and the coast. This winter the service has consisted of one train daily each way between Calgary and Vancouver, but the accommodation has been taxed to the uttermost, and the traffic next winter through British Columbia is expected to be such as to demand two trains each day.

ODDFELLOWS ORGANIZE.

On Wednesday of last week a new Lodge of the I. O. O. F. was instituted at Kelowna to be known as Orchard City Lodge No. 59. Some 20 members of Okanagan Lodge of Summerland, chartered the "Maud Moore" and attended the Institution Ceremonies and the degree team of this Lodge conferred the Initiatory degree on 14 Candidates, the degree team of Vernon Valley Lodge conferring the other three degrees. The team from this Lodge was very highly complimented upon the splendid manner in which they performed their works, particularly as they are only two months old. An enthusiastic vote of thanks moved by D. D. G. Master Shatford of Vernon was tendered them to which N. G. Faulkner of Okanagan replied in his usual felicitous manner. A sumptuous banquet at the Royal Hotel was given to the visitors and the members of Okanagan Lodge are loud in their praise of the treatment received from the brethren of Orchard City Lodge.

The Canadian curlers played their last match in Scotland last Thursday, defeating the Dumbarton county curlers by 91 points. The Canadian curlers will proceed to London.

PIANOFORTE RECITAL.

The following programme is being rendered in the College Chapel this evening (Friday), by Miss Haines' pupils:

1. "Husaren-marsch" - - - - *Gurlitt*
Misses Jean Stevens, Edna Graves,
Ruth Fulton.

MANNERS WITHOUT SENSE.

That is manners, not people, for people who have sense often consent to be fettered by manners which have none. It is the boast of good breeding that its social usages are based on kindness and good sense. On the whole, this is no doubt true but occasionally the conventions become arbitrary rulings, cast iron in make and devoid of that saving element of reason which gives them a sanction.

For instance, why should it be "good manners" to eat peas with a fork and "bad manners" to eat peas with a spoon, when common sense declares in tones loud enough to be heard in the kitchen that the fluid extract of the legume in the dish is worth double the price of the vegetable pills, and every one knows that any successful attempt to transport the fluid on the fork must leave one open to a charge of violating that canon having to do with indecent haste?

Again, gentlemen are obliged on pain of of losing caste by so much, to raise their hats to female acquaintances, and, under certain circumstances to stand bare headed in the open for a longer or shorter period of time. Now what sense is there in obliging a bald-headed and infirm old gentlemen to expose his "noble dome of thought" to a wintry sky and his family to the possibility of an affectionate interview with the undertaker, just to prove against what everyone knows, that that man is a Christian gentleman who had never in fifty years cherished aught but noble sentiments toward the sex? The world moved a hundred miles or so through space before

he could get his occipital covering in its place again.

Once more, the code ordains that when friends and acquaintances meet, or even strangers for that matter, they shall forthwith clasp hands, the operation being often attended by a vertical, pump-handle motion or a hearty squeeze. "Oh, the shaking of the hand speaks the language of the heart" may be a good enough sentiment, but what about the hygiene of the performance? If a linotype operator gets a stomach lined with lead in twelve or fifteen years just from handling the metal, how many microbes will a man absorb by exchange, ten per day for a twelve month?

This takes no account of the mute agony of slender, tender fingers, rheumatic fingers and bejewelled fingers in the clasp of a hand which in its prehensile vigor, presents tangible, collateral evidence of a Simian ancestry?

Or finally, why should a congregation of enlightened people who have just been dismissed by their pastor with a most solemn formula of leave taking, immediately sit down and go at their devotions again just as if he had not spoken and had not formally brought the meeting to a close?

We say, go at their devotions again, but that is the euphemism of the natural charitable editorial nature. There are people who are mean enough to suggest that the bowed head is far from busy with a return of the courtesy to the pastor, and nine-tenths of those who yield to a custom apparently originally designed to keep the irreverent from undue haste in scrambling into their outer garments, really feel more like fools than like penitents while so engaged. How the pastor might feel about the "turn-down" no one seems to have considered.

Thus doth "Custom, the queen of slaves, the hoodwinked angel of the blind and dead," forge new chains for us when the old ones begin to rust away in the oxygen of time.

To go when we are sent; to maintain the covering of the head in that office for which it was intended on a cold day, thus giving rights of life precedence over its proprieties; to keep one's microbes at home, squeeze one's own fingers instead of those of a friend, as the Chinese are kind enough to do and finally to use a spoon for a fluid and pellet at the table would seem to be among the axioms of common sense; but we have not yet attained to them it seems.

Now if good Queen Alexandra would just be so kind as to move the amendment.—

LOCAL NEWS

W. A. Batty a Vancouver man was in town early in the week.

Miss Bessie Lowe has gone to Arcola on a visit to relatives.

There is every prospect of a wedding in the Trout Creek district—so says Dame Rumor.

Real estate is active and lots have started to move briskly in Peach Orchard. Some of the Kirchoffer lots are also changing hands.

J. R. Brown and family have moved in from Trout Creek and are now residing in the house formerly occupied by Mr. Stinson.

Mr. Avison who been gardener to Mr. J. M. Robinson for a considerable length of time, has left Summerland to take a position in Victoria in connection with the gardens at Beacon Hill Park.

Trout fishermen will do well to make note of the fact that the law has changed and hereafter the coveted speckled fellows must not be raised from their native element until May 1 instead of March 25 as heretofore.

All Summerland people are not honest—Last week a tin of lard and some other groceries were left on the sidewalk outside Eigel's store for a citizens to take away as he passed home. Some one thought they looked good and waltzed them off. It may have been a mistake and the mistake-maker would confer a favor by returning property to head-quarters.

Evangelist Russell, who has been secured by the local evangelical churches to conduct a series of revival services in Summerland will commence his labors here next Sunday. He will preach in the schoolhouse on the Flat in the morning; Baptist church in the afternoon and Methodist church in the evening.

The red and blue competition entered into between two sections of the junior bible class of the Methodist Sunday school resulted in a win for the blues with a majority of 54. The contest started about two months ago and the class was divided into two section each under a captain, and the section which secured the lowest average attendance was to entertain the successful ones. The blues were therefore entertained by the reds at the Methodist parsonage last night and a most enjoyable time was spent.

:: Naramata Notes ::

Mr. H. B. Allen of Montreal, the owner of the first choice of the recent sub-division north of town arrived in town last Friday night. During the week he has been busy rounding up the situation. He has decided to plant about six acres this spring. Mr. Allen's wife and family will likely come west about May 1st.

Mr. J. M. Robinson was at the coast this week on business. While there he attended the Western Cannery Association Convention.

Mr. Harold Endacott has purchased an extra span of horses and the usual outfit.

Our genial friend Mr. Jimmie Pollock, after an absence of two months, resumed his usual office duties on Monday.

Mr. Turner, having completed his duties on Mr. Johnson's pre-emption, has returned to town.

Mr. R. H. King is busy erecting a cottage on his fruit lot, recently purchased from Dr. R. C. Lipsett.

The usual Thursday evening card party was postponed till next week.

Mr. T. H. Boothe has accepted a position as book-keeper with the Naramata Supply Company.

Mr. J. M. Robinson, the worthy patron of the Athletic Association has ordered a war canoe for the use of the club during regattas. It is expected that there will be sport galore this season in good old Naramata town.

Messrs. Jones and Campbell of Kelowna in their speedy little motor boat paid Naramata—well, not a "flying" visit exactly—but a short visit on Tuesday.

Messrs. F. H. Latimer, R. R. Hylton, and A. S. Miller of Penticton, surveyors, are again busy on the benches, completing the survey of the new sub-division.

CORRESPONDENCE

ABOUT THOSE STUMPS.

Editor, Review—

Dear Sir—Referring to an item in your last week's Naramata notes regarding the stumps in the school playground, I would remark that the trustees are quite anxious that these stumps should be removed and the reason for their non-removal lies in the fact that funds are not available just now to pay for the work.

I remain, Yours Truly,
Pritchard M. H. Turner.

ACRE LOTS

Above and close to Town. The fine view of the Lake, good garden soil and choice bearing trees planted on some of these Lots make them very desirable property from a home-seeker's point of view. Prices (from \$300 to \$850 an acre) are low and terms sufficiently easy to place them within reach of all. See this property and compare prices with unplanted single acres.

A FEW

CHOICE BEARING ORCHARDS.

One with over 1200 trees ranging from seven to two years old. This Lot has a very complete set of buildings, including stables, buggy house, carpenter's shop and up-to-date poultry houses. Unimproved land in blocks of all sizes at from \$2 to \$200 per acre. Complete and reliable information given as to any property in the District. It will pay YOU to call before buying.

Chas. H. Cordy
Realty Broker,
Summerland

The L. O. L. held a very successful meeting on Tuesday evening at which reports of the Provincial Grand Lodge were given by the visiting representatives. The returns for the province show over thirty per cent increase for the year.

LOCAL NEWS

Mr. F. A. H. Fysh, of Peach Orchard will shortly return to Dawson City and resume his duties as accountant in the Gold Commissioner's office, which position he has held for several years. Mrs. Fysh and family will remain in Summerland and Mr. Fysh expects to return in the fall to stay.

Mr. J. R. Brown and wife spent Sunday with friends in Peachland.

Rev. H. G. Estabrook was at Enderby last Sunday at the opening of the new Baptist church.

Mr. J. Steenson was on a trip to the Similkameen during the past week.

Miss B. Connor of Morden Man. is visiting at Jas. Ritchie's. Miss Connor is an old school friend of Mrs. Ritchie and also Mrs. R. J. McIntyre.

The baseball players of the city and all supporters of the game are requested to meet in the municipal hall on Friday evening March 12 at 7:30 p. m.

John Tait has Buff Orpingtons and Barb Rock eggs for setting, from now on. No fancy price asked. Write Box 74, Summerland.

F. Baker of the Summerland Bakery left hurriedly yesterday morning. He took the trip to Victoria in response to a telegram announcing the serious illness of his mother.

The first harbinger of spring in the shape of a meadow lark was seen and heard at Trout Creek last week.

C. Cliff, business manager of the Western Canning Company of New Westminster is registered at the Hotel Summerland. He is looking over the district with an eye to business.

G. Gartrell and M. Manchester were passengers to Armstrong on Thursday morning.

SCHOOL ATTENDANCE.

The attendance at the public schools during the month of February was as follows:

	Enrol't	Attend'ce
Central Div., 1	38	33.40
" " 2	27	22.77
Garnett Val.	19	17
Primary	27	23.32
Tuout Creek	14	11.6

The four pupils who made the highest standing for the month were as follows: Senior 4th—Aldyth Ireland, Lillian Brown, Ruth Fulton, Annie Stuart.

Junior 4th—Harvey Phinney, Rich Estabrook, Walter Mumm, Hazel Eagel.

BUDGET DEBATE ENDS.

Members of Opposition Attack Budget Speech and Hand Boquets --- Estimates are Passed.

The greater portion of last week was taken up with the discussion of the budget speech. In connection with it H. B. Tomson, complimented the government on increasing the vote for horticulture. British Columbia was to be congratulated on its immunity from fruit pests. In the United States there had been a falling off in the apple crop from 69,000,000 barrels in 1806 to 25,000,000 barrels in 1908. This was largely due to the ravages of fruit pests in the orchards. The immense market of the United States would have to look to Canada and the Pacific states for its supply.

JOHN OLIVER TALKS.

John Oliver, member for Delta, severely attacked the budget speech on several points. While he commended the government for spending large sums of money on public roads, he claimed that much had been wasted and roads had not been wisely distributed. He also advocated the establishment of more experimental farms and an agricultural college. He complimented Hon. Mr. Tatlow on his wise administration of agricultural affairs of the province. In reply, Mr. Tatlow stated that an agricultural college would follow immediately in the wake of a Provincial University. One of necessity, hinged on the other.

TIRES BILL PASSED.

The waggon tires bill passed its third reading after the date for its coming into force had been extended to 1910.

BEAUTIFUL SIMILKAMEEN.

L. W. Shatford, Similkameen was the last speaker in the debate. In regard to horticulture he said that branch of industry could not receive too much assistance and encouragement. In Similkameen which comprised that district, lying to the south of the Kettle valley, there were thousands of acres of the finest agricultural and fruit lands to be found anywhere. With proper encouragement and development there would be found in Similkameen one of the richest sections of this province.

ESTIMATES PASSED.

Estimates to a total of \$3,856,636 were passed by the House this afternoon, being practically the whole of the main estimates for the fiscal year ending March 31, 1910.

DEALING WITH TIMBER.

The commissioner of lands introduced a bill, the object of which is to remove

The Opportunity of a Life Time

is now within the reach of the man with a little capital, who thinks the limits of a ten acre lot are too small to confine his attention to. Here is a property consisting of 178 acres, 28 acres of which are under water, only two miles distant from Summerland and the C.P.R. wharf, and considerably less than that from Okanagan College. The irrigable portion of the property is first class orchard land with no stones, and can all be brought under cultivation at once. The 150 acres of range land enables the purchaser to engage in dairying and stock raising pursuits, while his fruit trees are nearing the bearing stage. Just think of the extent of the holding, its close proximity to town and college, and then ask yourself the question, what would be a reasonable figure to give for such a property. Is it worth a 2-cent stamp to enquire for full information?

Telephone Gray 2.

the exemption on timber cut east of the Cascade range from the necessity of being used or manufactured in the province. This will bring the whole province under the act of 1906.

LARGE SUMS VOTED.

Among grants to public institutions were the following:

Hospitals for the insane, \$109,706; Provincial homes, Kamloops, \$14,720; Hospitals and charities, \$200,000; Education, \$614,560. Increases in salaries for Civil servants, \$25,000. Large sums were devoted to road making.

MAY CLOSE HOSPITAL.

Glenburnie cottage hospital may soon be closed unless some public or philanthropic body comes to the rescue and takes the matter up. The hospital has been largely patronized since its inauguration and has filled a very great need in the district, but the expense of operating it is so great that Nurse Sinclair has practically decided to close up and move to another part of the province. The hospital has become almost a necessity and it is hoped that strenuous efforts will be made to keep it in operation.

PROVINCIAL AND GENERAL.

Mr. W. A. Fullerton, representing the Dominion Securities Company, of Toronto is in the city, says The Orchard City Recorder. His company purchased \$10,000 of the City's electric light debentures, and we understand that Mr. Fullerton will make an offer to the city for the debentures recently voted on by the ratepayers.

The defendants in the "brandy chocolates" cases in Montreal were each fined \$50 and costs, or three months in jail. There were twenty defendants, including the manufacturing firm of Lowney & Co. Following the onslaught upon confectioners of Montreal for selling brandy chocolates, more than half a score of the leading candy makers and purveyors of Toronto were served with summonses to appear in court for infraction of the Liquor License Act.

In the full dress debate in commons on the Irish question today John Redmond adduced Canada as a striking example of the success of Home Rule, and pointed out the remarkable successes achieved in the dominion by throwing responsibility of the government on the shoulders of the people. He honored Lord Durham for the trust that statesman had placed in the Canadian people.

The Westminster Presbytery at a recent session reported gratifying growth in all departments. Statistics presented showed 7 augmented and 26 mission stations, 2641 families and 4308 communicants, 1000 more than last year. For all purposes congregations in the presbytery raised \$110,250, about \$45,000 of which was paid to missionaries and ministers. The presbytery has under its control 35 Sunday schools, 13 new ones being opened during the year; 425 teachers are engaged in this work and nearly 4,700 children and young people are in attendance.

During the past ten days track-laying material has been arriving in Keremeos until there is plenty of everything now on hand to lay many miles of track. It begins to look as if track-laying may be in progress by the middle of March, making allowance for two or three weeks to be spent in recruiting and organizing the track-laying force. Material is being rushed through Molson enroute to the Similkameen country to commence track-laying from Keremeos on to Hedley, perhaps sometime next month.

SUMMERLAND, B. C., MARCH 13, 1909

No. 32

FREIGHT RATES.

LARGE DELEGATION CONFERS WITH THE MINISTER OF AGRICULTURE.

Representatives of C. P. R. State That Company is Anxious to Meet all Reasonable Demands and Advance Fruit Growers' Interests.

A conference between representatives of fruit growers and boards of trade, the department of agriculture and the officials of the C. P. R., was held in the offices of the agricultural department, for the purposes of having the growers express their wishes in regard to freight rates and transportation, and of allowing the growers to hear the C. P. R. officials on their side of the case. There were present Hon. R. G. Tatlow, minister of agriculture, in the chair; R. M. Palmer, deputy minister who acted as secretary; F. W. Peters and J. H. Lannigan, of the C. P. R., and W. F. Stout, of the Dominion Express Company. J. M. Robinson and R. H. Agur were Summerland's representatives.

Hon. R. G. Tatlow, in taking the chair, announced the reason of the meeting being called together and referred to it as one of the most important gatherings ever held in the offices of the department. He said the C. P. R. had assisted in calling the meeting together and whatever the faults of the railway company were, they were to be commended for the free carriage of fruit exhibits to the London exhibitions. Exceptional advantages had been given British Columbia fruit on the overseas steamers by the company and its assistance in the advancement of the horticulture industry of the province must receive the accord of all growers and others interested.

He then called on Mr. Peters, who said he and Mr. Marpole had been approached by the parties in British Columbia who are interested in the fruit growing industry. Mr. Lannigan had many interviews with parties who asked for certain alterations in rates. They had all been asked to attend several meetings on the matter in various parts of the province. Then the second vice-president and the president had been approached on the matter when here last. Mr. Peters said he had communicated with the provincial government and the conference was arranged.

"The C. P. R. did not take the position that it was perfect," said Mr. Peters. "We have been trying to get the rates on a fair and equitable basis, and the same with the service. There may be weak spots in our system, and if there are we want to know them. If the other conditions are in order in regard to marketing you will find the C. P. R. will not be behindhand. Mr. Stout, of the Dominion Express company is here and will doubtless be heard on these matters, and Mr. Lannigan will speak later for the C. P. R. on freight rates. Anyone with good and reasonable grounds for complaint who will put them forward will be heard and the traffic officers will go as far as they can, as business men, to assist them. We cannot afford to retard the development and growth of the fruit industry of the province in any way at all."

Mr. Stout, manager of the Dominion Express company, said: "As far as the express company is concerned, the remarks of the two former speakers apply to the situation regarding my company. We desire to co-operate in every way and make the industry a success."

BURRELL ON YELLOW PERIL.

Addresses Canadian Club at Toronto and sets Easterners thinking.

That the question of Oriental immigration into British Columbia is yet a live issue to at least some of the people of that province was indicated in an address by Martin Burrell, M.P., of Yale-Cariboo, before the Canadian club at Toronto last Tuesday. The speech was listened to by a very large audience. Touching the Japanese problem he devoted a large part of his speech to pointing out that he considered it a fallacy to believe that Japanese trade was so valuable to Canada as to warrant sacrifices on the part of British Columbia or any other part of the Dominion to maintain relations.

"If such a man as Lord Roberts thinks the presence of 50,000 Germans in England is a menace to that country surely the 15,000 Japanese we now have and the many more who may come to us may be considered as a menace to Canada. The race that developed Ontario, that pioneered its wildernesses, should do the work in British Columbia."

LOCAL OPTION.

GOVERNMENT PROPOSES CALLING FOR A PLEBISCITE---DATE NOT ANNOUNCED.

Local Option League of British Columbia Sounds the Bugle Call To Arms---Rev. Dr. Spencer Will Tour Province and Raise Standard.

The Local option League of British Columbia, through its Superintendent, Rev. Dr. Spencer, of Vancouver, has issued a circular letter advising all who are interested in Local Option legislation that the government has notified the League that it is proposed to have recourse to a plebiscite vote on the matter, apart from the submission of any other question.

The circular deplors the fact that the government has not considered the 35,000 bona fide signatures presented to them, sufficient for the passing of the proposed legislation without putting the province to the trouble and expense of a referendum.

The League is however satisfied that a plebiscite will result in an overwhelming majority in favor of local option and calls upon all electors who have the welfare of the country at heart to be prepared to mark their ballots for local option when the poll-day is announced.

Rev. Dr. Spencer, who is considered to be one of the most capable public speakers in the west expects to make a tour through the Okanagan Valley, Kootenay and Fraser valley districts, and asks for the support of all local optionists in the impending struggle. Summerland may have the privilege of listening to Dr. Spencer at no distant date.

The following is a copy of the letter received by Rev. Dr. Spencer:

"I have the honor on behalf of the members of the government to advise you that the request of the delegation, which on Feb. 2 presented a petition to them, favoring the enactment of local option legislation, has received careful consideration.

The importance of the question is, in the opinion of the government, such as to warrant a pronouncement thereon by the electors of the province.

The decision has therefore been reached that recourse be had to a plebiscite vote so that the desire of the electorate of the province may be ascertained.

The date of the plebiscite and the form in which the question may be submitted will be announced to you in due course.

I have the honor to be etc.,

RICHARD MCBRIDE.

COLLEGE NOTES

The following students made over 75 per cent at the recent mid year examinations at the College—

College—Freshman class—Miss Etoile Fulton, average, 89, Miss Evangeline Logie 84; Campbell Robinson, 81.

Academy senior—Ernest Locke, 88; Frank Hayward, 82; Findlay McWilliams, 82.

Academy, jr., A., La Verne McNeill, 84; Chester McNeill, 82; Alden Peck, 82; Bedford Tingley, 78.

Specials in jr. A., taking all subjects expect history.—Miss Annie Blair, 84; Frank Williams, 80; Miss Georgina Blair, 77.

Academy, jr., B., Harry Johnston, 79.

Academy, jr., C., Miss Edna Graves, 76.

Some of the high marks made on the Freshman class examinations were; Miss Fulton, geometry, 100; trigonometry, 98; French, 91; physics 95. Miss Logie, English literature, 91; French, 85; Algebra, 84, Latin, 78; C. Robinson, mathematics, 84, French, 82. Miss Brown, French, 81; B. Blair, trigonometry, 84.

In the matriculation class—E. Locke, geometry, 98, algebra, 100, ancient history, 95; English literature, 80. F. McWilliams, French, 80, history, 96, Latin, 82, geometry, 88; F. Hayward, French, 87, history, 93, Latin, 86, geometry, 94; algebra, 82.

The baseball enthusiasts are entering into their preparation with vigor, and these superb afternoons draw them in full force to the Campus. They have material for a good team, and should do good work. D. L. McNeill of the junior class has been selected as Captain.

Come to the Campus to-morrow and see the first game of 1909 between the Ritchie Hall residents, and the non-residents.

Miss Haines pianoforte instructor, now has 31 pupils enrolled in her department with promise of others in the near future.

The Okanagan Lyceum met on Saturday evening. The programme consisted of a debate—Resolved that "the present day system of written examination is not a fair test." Matriculations vs Freshmen. The debaters in favor of the resolution were Hayward, Locke and McWilliams. Opposed, Church, Blair and Robinson. The debate went to the Freshmen.

Thos. H. Billings, Canadian Secretary of International Y. M. C. A., paid the college

a visit last week. Mr. Billings is one of the most successful workers on the continent and it was an inspiration to our young society to have him to visit us.

The Y. M. C. A. has just begun a systematic course in bible study. The class meets every Sunday morning at 9 o'clock in one of the rooms of the students under the leadership of Prof. Perry. The present course is "The Life and Works of Jesus, according to St. Mark." Thirteen enrolled last Sunday at the first meeting.

Still the students come. Three new arrivals this week. The Misses Jacques from Vernon, to take up commercial work and Mr. Shanks of Kelowna to enter the regular academical department.

Dr. Smith, of Peachland paid the college a visit on Tuesday and was delighted with all he saw.

LOCAL NEWS

The following young soldiers, members of the Summerland Boy's Brigade which was organized by Mr. Robert Pollock, early last winter were raised from the ranks at last week's drill. Promoted to be Sergeant, Pte., Douglas Stewart; to be Corporal, Gordon Ritchie; to be Lance Corporal, George Dale. The company has made splendid progress during the past few weeks and the lads go through their military drill with the precision of veterans.

The Kelowna Canoe club has ordered two war canoes. Vernon is also in the game which means that there will be at least five war canoes on the lake this summer.

Mrs. Hood visited her mother in Peachland on Tuesday and returned accompanied by her little daughters who had been visiting there.

Mrs. Anderson was a passenger to Kelowna on Tuesday.

A large deputation of the Ontario branch of the Dominion alliance waited on the government recently and asked for the abolition of the three-fifth clause. Premier Whitney suggested it should be abolished first from the church courts. He made no promise.

WANTED

April 1st, a tenant for Peachland Temperance Hotel; house well furnished; ten rooms. Married couple without family preferred.

C. G. ELLIOTT.

Notice

Land Act, Osoyoos Land District, District of Yale.

Take notice that Andrew Caswell of Colley, Sask., Rancher, intends to apply for permission to purchase the following described land:

Commencing at a post planted at the north-west corner of Mr. Middleton's pre-emption about twenty chains west of Okanagan Lake; thence south sixty chains; thence west forty chains; thence north sixty chains; thence east forty chains to point of commencement and containing 240 acres.

ANDREW CASWELL.

Jan. 26th 1909.

Notice

Land Act, Osoyoos Land District, District of Yale.

Take notice that the Canadian Pacific Railway Company intends to apply for permission to lease the following described land:

Commencing at a post planted on the westerly shore line of Okanagan Lake distant southerly two hundred and fifty feet from the dock known as the "Old Dock" at Summerland, measured along said shore line; thence easterly at right angles approximately to said shore line a distance of three hundred feet into the waters of Okanagan Lake; thence northerly and parallel to the said shore line a distance of five hundred and fifty feet; thence westerly and at right angles to the last described boundary to a point on said shore line of Okanagan Lake which is distant northerly three hundred feet from the said Old Dock; thence to point of commencement and containing in area three & seventy-eight hundredths acres, more or less.

Dated the 25th day of January 1909.

LIKE ENDERBY FLOUR.

The Columbia Flouring Mills Company, limited, has received word at its Enderby office, from its Liverpool agent, that the cargo of flour which was shipped from its Enderby mills early in November, and sailed from Vancouver on November 5, reached Liverpool on February 5. The cargo on arrival was in excellent condition, and the Liverpool buyers are highly pleased with the result.

This is the first cargo of flour to leave the Pacific coast of Canada for the old country, and demonstrates how successfully flour can be handled by this all-sea route.

This company is also in receipt of an order for 25,000 sacks of flour for the Orient, and the mills are now preparing the shipment.

LOCAL NEWS

Buttercups and rock roses are making their appearance on the mountain slopes. It is time for the spring poet to begin to bid.

The wharf has been undergoing much needed repairs. Several holes which were a menace to life and limb, have been covered up.

There is every indication that a very large number of trees will be planted this spring. The first shipment of American stock for the season is now in the fumigating station at Vancouver, and is expected along in the course of a week or so.

The lake is very low at the present time and the waters are apparently still receding. Unless a change comes it will soon be necessary to extend some of the wharves in order to make landings.

Bee keeping promises to receive a great impetus in the district this season. A large number of hives have been ordered and the first consignment of the season arrived on Monday's boat for Mr. B. H. Sherk.

Lachlan McDonald has returned to Summerland after several weeks residence in Kelowna. Mr. McDonald has been sick all winter and welcomes the advent of Spring.

The second issue of the Lyceum, the Okanagan college magazine is almost ready for publication and bids fair even to surpass the standard attained in the first issue. The magazine is full of bright and thoughtful articles contributed by the faculty and students, and reflects great credit upon the youthful editor in chief and his efficient staff of sub-editors and managers.

The Sunshine Society, a band of boys and girls which meets on the flat every Sunday morning has elected the following officers for the ensuing three months: Pres., Warren Bateman; V. P., Ruth Dale; Secretary, Myrtle Bitchie; Treas., May Bateman; Cor., Sec., E. Arkell.

Found—At a certain bachelor's establishment on the Flat, a mince pie. Contents have mysteriously disappeared, but owner may recover the dish on payment of this advertisement. Or, if as the pastry suggested, the donor was of the gentler sex, the advertisers would waive all charges on being allowed to personally convey their heartfelt thanks.

LOCAL NEWS

Charley McCullough is back from the Kelowna hospital where underwent a successful operation for appendicitis.

Mr. Abell of Toronto made his semi-annual visit to Summerland and spent Sunday here.

Dr. Matheson will be at Summerland on March 25th and remain two weeks. Make appointments early.

Mr. C. A. Armstrong of Vancouver, a recent visitor in town has purchased a slice of the Preston estate.

A large deal in Meadow Valley property involving a considerable acreage has about been closed by Mr. W. J. Robinson.

The agent for the hotel advertising cabinet has written stating that he will be here shortly to fill his contract.

A baseball match between the college juniors and the public school boys on Thursday afternoon resulted in a decisive victory for the latter.

Mr. Allan, of Naramata, who is bringing his wife and family to this country spent Thursday in Summerland. Mr. Allan is an old school mate of Rev. Estabrook.

On Thursday afternoon all the stores in town were closed for an hour, in order that the clerks might have an opportunity to attend Mr. Russell's bible study in the Methodist church.

Monday night, March 15. Everybody is cordially invited to the Parkdale Baptist church, especially the young people and students of the whole community to hear a momentous message on "Faith and Feeling."

The special services will be continued next week. Mr. Russell speaking in the afternoon at 3:30 in the Methodist Church and in the evening at 7:30 in the Parkdale Baptist church.

Mr. and Mrs. Galbraith of Port Hope, who have been visiting in Summerland for two months left for the coast Thursday morning where they will visit coast cities. Mr. Galbraith will return to Port Hope, while Mrs. Galbraith will return to Summerland.

Mr. and Mrs. Neeve and family, recent guests at the hotel have returned to Winnipeg. Mr. Neeve, who is a commercial man, has invested in ten acres near Trout Creek on which he will build at once. The family will return shortly and may reside permanently in Summerland.

MUNICIPAL COUNCIL.

The Municipal council has accepted the offer of the Summerland Development company to supply twenty fifty candle power arc lights for the public streets, and it is expected that the arc lights will soon be installed.

At the last meeting, accounts to the amount of \$2584.71, were passed. The agreement for contract No. 14 was laid on the table by the clerk and signed by the acting mayor and clerk on behalf of the contractor T. J. McAlpine the contractor. The clerk was instructed to have proper agreements prepared and have the same printed for use in all contracts let by the municipality in future and also to have forms prepared for use of pound keepers for claims for damages.

A special meeting of the council was held in the council chamber on Tuesday morning, the object of the meeting being to discuss plans for improvements for the ensuing year. The councillors were an unit in agreeing that every cent available must be put into road building and other needful public works.

RUSSELL MISSION.

Special Services Being Conducted by Rev. Walter Russell Well Attended---Future Programme.

The attendance at the special services now in session in the Methodist church under the able leadership of Rev. Walter Russell is growing and the favorable impression created last Sunday by Mr. Russell at his last various services has been ably maintained. The themes discussed are of vital interest, they are original and replete with wit and wisdom.

The following services have been arranged for Sunday :

10:30 a. m., union meeting in the Methodist church. Subject, "Divine Dynamics."

11:30 a. m., mass meeting for young people and Sunday school scholars. Subject, "Safe Sailing on Stormy Seas."

2:30 p. m., Grand rally for Sunday school scholars and young people in the Parkdale Baptist church. Subject, "New Things."

Sunday school will commence at 2 o'clock as usual.

3:15 p. m., Union meeting in Baptist church Subject, "Power from on High."

7:00 p. m., Union meeting in the Methodist church. Subject, "The Curse of Compromise."

News from Peachland

Mr. D. Allison has rented Mr. Burgess fruit lot for a year, and has taken up his residence thereon.

Mr. Burgess and family left last week for Vancouver where he will ply his old trade of printer.

Rev. J. J. Nixon went South on Wednesday's boat to spend a week doing missionary work in the Similkameen country.

Messrs. Vicary, Ferd. Aitkens and J. Creasy-Smith were in Summerland Monday night on business in connection with the newly organized telephone company.

Mr. B. S. Brown moved into his new residence last week, although not entirely completed it is far enough along to allow them to live in while it is being completed.

Mr. Cassar has terraced the front of his lot and treated himself to a new fence. He has set a fashion for hill side lots which we hope others will follow.

Mr. J. M. Robinson and Dr. Lipsett were in town Tuesday attending a meeting of the cannery directors, accompanied by Mrs. Robinson they drove back to Summerland Tuesday afternoon.

Mr. Geo. Philips arrived home by Tuesday's boat after an absence of eight months. He has spent most of the time as traveller for an art firm in Alberta and Southern British Columbia.

People are getting busy on their lots the past few days, several are busy ploughing while we hear in many orchards the snip, snip of the pruning clippers. There is a great diversity of opinion as to the prospects for a fruit crop. Most people think it will be light, while a few think that they are warranted in expecting an average crop at least.

Dr. A. K. Connolly with his wife and young son, set out for Vancouver Tuesday morning. It is now nearly a year since his health gave out under the strain of a very heavy practice at the coast and he was obliged to leave. He expects now, however, that he is sufficiently strong to resume work there. Their many friends in Peachland were sorry to see them leave but wish them the best of good fortune in Vancouver.

Mr. W. J. Garraway and his son Cecil, returned last week from a three month's trip to England. A very pleasant winter was spent renewing acquaintance with the

friends of Mr. Garraway's younger days. On the return trip, landing in New York, they visited some of the southern states, passed through the central ones to the coast and en route visited some of the most famous fruit regions of the United States. While having thoroughly enjoyed the trip and having seen many regions famous for climate and scenery, Mr. Garraway is firmly of opinion that the Okanagan, especially for its climate still is at the top of the list.

The council held a meeting Tuesday afternoon. In the absence of the Reeve, Councillor Elliot was voted to the chair. As at the last meeting arrangements had been made for a loan of \$500, at the Bank of Montreal, Vernon, a good deal of the time was spent in passing the accounts which had accumulated since organization. Two by-laws were passed regulating the proceedings of the council when in session and defining the duties of the clerk. The regular day of meeting was fixed for the second Tuesday in each month.

MORAL REFORM AT PHOENIX.

The Phoenix police and license commissioners have given the chief of police a list of orders that would be well for any probable offenders in the city to take due notice, says the Pioneer. For the benefit of such we present them herewith:

1. Strictly enforce curfew bylaw.
2. Obstructing sidewalks and loafing on street corners must not be tolerated.
3. Any person using profane or boisterous language on the streets or in any public place must be arrested.
4. Make an extra effort to locate persons carrying concealed weapons and have them prosecuted.

SATURDAY, MARCH 13, 1909

FIGHTING THE PLAGUE.

The McBride government has been doing valiant service to the province at large by founding an institution for the treatment of tubercular patients in the dry, clear air of Tranquille, near Kamloops. That institution so far as it has been finished is already occupied, and a boon not only to those disabled ones who so sorely need careful, hygienic attention, but to their friends and to their neighbors whose homes would otherwise be threatened by the close proximity of the dreaded bacillus. If hospital walls which have sheltered the victims of consumption show the presence of the pests in more or less formidable numbers, how much more likely is the ordinary home to afford shelter for them in its curtains, drapes, upholsteries and carpets? Coughed up by the patient, dried out in the sputum, wafted in the summer zephyrs, harbored by the shaded cushions that fade in the sunlight, stirred up again by the whisk and the broom to go sailing about once more and be sucked into the vortex of the lungs, the moist, warm influences of which form a delightful culture belt for propagation, that is the history of the migration of the festive bacillus.

It is evident therefor, that when the government provides for the segregation of this kind of thing, their action is as defensible on grounds of economic expediency as on grounds of common humanity. We are all served by the deed.

If now the government will follow that up by strict prophylactic measures in the barn yard, they will be doing us another good turn by lessening the expenses at Tranquille in the days to come and our chances for joining the boarders there.

If the report of the royal commission on tuberculosis is to be credited, no small source of infection is found in the cow stable. The cattle get the disease, the seat of election being the lungs, bowels or udder. The body waste in advanced cases is alive with vigorous germs which infect the soil and water supply or dry out and float in the air; the nodules in the udder affect the milk, the childrens drink, and from the lungs colonies are expelled by coughing as in the case of the human being correspondingly afflicted.

The sanitation of dairies becomes therefore a highly important subject to all and sundry, since no man can sterilize the air he breathes how ever careful he may be about his liquid refreshment.

Governments are careful to make war on glandered horses, no matter what it costs, and they do well thus to busy themselves sometimes, but why not also make war on this new breeding ground of the white plague of the north, seeing that an ounce of prevention may be worth even more than a pound of cure?

Some of these germs we all inhale. Few lungs there are which do not bear the scars of battle with them—a glorious fight put up by the leucocytes, the white-coat soldiers of the blood. But given a reinforcement to the enemy in an hour of physical disadvantage, from the grippe or cold for example and the foe may become so entrenched that not even the Provincial government can dislodge them. Ergo—let us beware.

NEW RIFLE RANGE.

Local Rifle Men Busy Selecting New Site For Placing Target---May go to Garnet Valley.

The Rifle Club will be compelled to lay out a new rifle range this season as the old site has been purchased by Mr. Bentley and is to be improved.

A committee has been looking over the ground and has practically decided upon a point in Garnet Valley adjoining the Dunsdon property and will recommend its purchase to the government.

The Federal government has, it is understood undertaken to pay for the site while the local association will pay for the equipment.

The annual rifle-competition will be held at Vernon during the month of June, and Summerland will be well represented there if current rumor is correct. It is reported that through a hitch in arrangements Kelowna will not be in the running this year.

For Rent

CORRESPONDENCE

We do not hold ourselves responsible for opinions expressed by correspondents. — Ed.

DUTIABLE CHEMICALS.

Editor Review,
Dear Sir,
There is a movement amongst the Fruit Growers' Associations in South Essex, Ontario, and I believe all over Ontario to try and prevail on the Minister of Agriculture to have the duty removed from certain spraying solution and mixtures, which are now prepared in the United States, but not in Canada as yet. They are the lime and sulphur solution and arsenate lead paste. The former being used as an insecticide and fungicide, and the other is used for the leaf eating caterpillars and insects, and also for the colling moth which luckily has not made its appearance here yet. Now it is up to the Summerland Fruit Growers' Association to fall in line and pass a resolution to that effect, and have it forwarded to the proper quarters for presentation and consideration.

:: Naramata Notes ::

Mrs. A. S. Hatfield spent a few hours this week visiting her daughter.

Mrs. Moreland visited her sister, Mrs. Wellband this week.

Mr. J. M. Robinson returned on Wednesday evening from a business trip to Peachland.

Miss Marvel Mallett of Okanagan College spent Sunday visiting her friend Miss Freda Mitchell.

Miss Edith Hayward left on Tuesday for Vancouver where she will reside. Before leaving a social evening was spent in the Opera House in her honor.

Surveyor F. C. Latimer is at work taking the levels, preparatory to the laying of the flumes. As soon as the preliminary work is complete, the task of fluming the immense area to be planted this spring will be undertaken immediately.

A large gang of men is at work fencing properties belonging to outside purchasers. J. S. Gillespie, the superintendent is evidently going to realize his expectations of seeing the work of plowing, fencing, fluming and planting completed in good time.

"Toot!" says the Orilla, "See my new coat." If our old standby could only speak or even crow, that's likely what the old boat would say. We welcome the sound of the Orilla as we did the song of the robin last Tuesday morning.

Mr. Tom Kenyon, driver of the company's team met with a painful accident last Wednesday, as a result of which he will be laid up for a few days. With his wagon heavily loaded with fence posts he was making a turn on a side hill when the wagon began to upset. To save himself he jumped and barely escaped having broken bones. As it was part of the load fell on his leg and pinned him to the ground, while the team taking fright galloped off over the hills. Fortunately help was near at hand and the unfortunate fellow was soon extricated from his predicament. The team, after a merry swirl was captured with a part of the waggon trailing to their traces.

ACRE LOTS

Above and close to Town. The fine view of the Lake, good garden soil and choice bearing trees planted on some of these Lots make them very desirable property from a home-seeker's point of view.

Prices (from \$300 to \$850 an acre) are low and terms sufficiently easy to place them within reach of all. See this property and compare prices with unplanted single acres.

A FEW

CHOICE BEARING ORCHARDS.

One with over 1200 trees ranging from seven to two years old. This Lot has a very complete set of buildings, including stables, buggy house, carpenter's shop and up-to-date poultry houses.

Unimproved land in blocks of all sizes at from \$2 to \$200 per acre. Complete and reliable information given as to any property in the District. It will pay YOU to call before buying.

Chas. H. Cordy
Realty Broker,
Summerland

The Swimming Club which was partially organized last season will, it is expected be perfected this summer. Last Summer towards the end of the season the doors of the dressing rooms were fitted up with locks and there are still two or three keys left which can be secured by the first comers on application to F. Nixon.

CORRESPONDENCE

MANNERS AND MORALS.

Editor Review,

Dear Sir, -Who among us has not taken pride unto himself in showing or sending your smart, breezy weekly to prospective citizens, but unfortunately its usually cosmic mood has been upset more than once by a certain "furor scribendi, genus homo" striving to widen social characteristics in this unprejudiced little "burg," a few timely hints on pruning grape vines would be more suitable at this initial period of the orchardists yearly hopes.

After reading the article in last week's paper, headed "Manners Without Sense," my susceptibilities received a very severe jar. I am an old timer in this Canada of ours though I am still a young man, and I cannot help writing it, that I have never seen more bitter feeling displayed than these occasional articles in the Review. But to come to the subject entame-Do we seriously take into consideration that the phrase "Manners and Morals" correctly construed should be used synonymously, as it is an axiomatic fact that the lack of one places the individual in jeopardy of losing the other. To follow along the simplest ethical lines, one unconsciously combines the two. To be in sympathy with

either one has to be imbued with each. Still, to view it from a more humane standpoint, allowance should be made for the progressive material period of development entered upon in the Western Hemisphere the term "Verbus post numnos" should apply, being brevity with strength. A new code should be drawn up for the dual necessity "Manners and Morals" narrowing down the two until they could be utilized to advantage in the paracine state of the present.

Quite disregarding the advice of "Customs Without Sense" I shall loyally raise my hat to the strains of the National Anthem and reverentially uncover my head to the worldly casket of a departed soul.

I am, Sir, Yours Very Sincerely,
"Proletariat."

PEAK NAMED MT. COPELAND.

On the recommendation of A. O. Wheeler F. R. G. S., of the Topographical Survey of Canada, the geographic board of the Dominion Government has been pleased to approve of the name of Mount Copeland for the magnificent peak situated up the Jordan Pass at Revelstoke.

The name has been conferred in honor of the late Prof., Ralph Copeland who was the first to ascend the 8000 ft. peak.

PROVINCIAL AND GENERAL.

The Canadian Pacific Railway Company will spend \$150,000 for construction of yards and terminal facilities at Moosejaw this summer.

At Kelowna a volunteer fire brigade has been formed with twelve members, two captians of hose reels and one for the hook and ladder department, and they are now ready to go on with the practices when the council can furnish them with some necessary supplies.

The Canadian Pacific Railway earnings for the third week of February increase \$102,000 compared with the same week last year.

The Executive of the Canadian Artillery Association had a proposal before it of a baloon corps, but the proposers were shown that baloons belonged to the engineering section of the service. It is probable, however, that the Canadian militia may soon air baloons as in the United States.

Statements from Liverpool say that emigration prospects to Canada for the coming year are unpromising at present. John Burns has set aside £4,000 to assist the unemployed of West Ham to emigrate to Canada and Australia. By a decision of the privy council, the Hudson Bay Company is held for the income tax on land sales.

On Wednesday next, March 10, is voting day upon the by-law for raising \$7,000,000 for the purpose of acquiring the A and T Grounds for an exhibition ground and recreation park. Kelowna Courier.

The Alberta House has dissolved. Nomination will be held on March 15th and the elections a week later. There are 41 seats in the new House.

The Chronicle says that in 1908 exclusive of conversion loans nearly £30,000,000 of British capital went to Canada, and remarks "It is odd that traffic reformers who affect so much keenness upon colonial preference should shed tears at the investment of British capital in colonial development."

Mayor DeHart of Kelowna returned from a recent visit to the coast says the Courier, in connection with the new cannery to be erected near Manhattan Beach.

The Opportunity of a Life Time

is now within the reach of the man with a little capital, who thinks the limits of a ten acre lot are too small to confine his attention to. Here is a property consisting of 178 acres, 28 acres of which are under water, only two miles distant from Summerland and the C.P.R. wharf, and considerably less than that from Okanagan College. The irrigable portion of the property is first class orchard land with no stones, and can all be brought under cultivation at once. The 150 acres of range land enables the purchaser to engage in dairying and stock raising pursuits, while his fruit trees are nearing the bearing stage. Just think of the extent of the holding, its close proximity to town and college, and then ask yourself the question, what would be a reasonable figure to give for such a property. Is it worth a 2-cent stamp to enquire for full information?

He brought the news that the promoters of the cannery had decided to put in even a larger equipment than at first contemplated, and the main cannery building will measure 45 by 100 feet, and there will also be other large buildings for storage, etc. The enterprise will start with a paid-up capital of \$100,000, and it is backed by men of great individual wealth. Active construction will start this week, and work will be pushed with all possible speed so as to ensure completion of the buildings and installation of the plant in time for this year's operation.

The keel plate of the British battleship Indefatigable, an advanced Invincible, has been laid at Devonport. Although the armament and speed of this new vessel would be similar to that of the latest battleship cruisers, she will be without funnels and beyond her tripod masts, gun turrets and bridges, the upper deck will be as clear as was the case with the old sailing ships when their sails were stowed away. The Indefatigable will be the first vessel of her type in the British navy. It is possible to do away with the funnels because of the introduction of internal combustion engines as a propelling power.

NEW GAS DEMONSTRATION.

A practical demonstration of a new lighting system, called Blaugas was given on Wednesday in the sample room of the Hotel Summerland. The demonstrator gave the Review representative the following interesting information :

The onward march of scientific progress daily marks some useful achievement. Perhaps one of the most beneficial is the recent invention of Hermann Blau, a noted chemist of Augsburg, Bavaria.

Blau has for years expended his time research in experiments with gas. His great object was to invent a gas not only of economic value, but non-explosive; free from asphyxiation and portable, so that inhabitants beyond the pale of civilization might be able to be supplied with a gas that would not only give them an excellent light but a substance that would at the same time replace fuel for cooking, heating and power if need be, and four years ago Blau's efforts were crowned with success in the evolution of Blaugas, so called after himself.

Blau's modus operandi was as follows :— Any crude mineral oil, even that from which petroleum has been extracted is distilled in retorts under low temperature and a gas is thus manufactured, which when subjected to a pressure of 1440 lbs., to the square inch becomes liquified. This liquid is then stored in cylinders of various sizes and as such is sold to consumers by the pound. When this cylinder is connected to a self regulating pressure-reducing valve, the liquid becomes gaseous and as such is transmitted through a hollow wire for purposes domestic or technical, giving light and heat for cooking or otherwise.

The lights as generated by this gas are of the incandescent mantle variety, white and brilliant; the gas is non-explosive and will not asphyxiate on account of its minimum explosibility range and absence of carbon monoxide and carbon dioxide.

Thus two great advantages are secured over existing means of cooking and illuminating. Although the gas is transmitted through a hollow wire, ordinary gas pipe can be used when so desired.

SUMMERLAND, B. C., MARCH 20, 1909

No. 33

NEW RIFLE RANGE.

Summerland Civilian Rifle Association selects Site for Target---Ready for use by 27th.

The Garnet valley site has been definitely decided upon as the location of the new rifle range. The executive committee is rushing along the work and fully expect to have it ready for use by the 27th of this month. The exact date will be announced later.

In view of the large outlay this season, members are requested to help the executive by promptly paying their subscriptions which are now due.

FUTURE OF ATHLETICS.

Athletics will not be what they should be in Summerland until properly enclosed grounds are available. Many people attend the games and root with the loudest, but manage to look the other way when the hat is passed. Three hundred people have watched some of the games and three dollars has found its way into the hat. About a cent apiece, while the boys who have delivered the goods have each paid their little quarter in order to reach the ball grounds in shape to do honor to the town. The game was cheap at a quarter, but payment was not compulsory and not even a postage stamp was disgorged. There may have been some who hadn't two bits. Well, what about it? Had the grounds been enclosed they would have begged, borrowed or stolen a quarter had they been keen enough to see the game. If they couldn't possibly raise the price they would not have been waving their hats and obstructing somebody else's vision or blowing five cent cigar smoke into their neighbors faces.

Then again, the man who passes the hat always feels like the secretary of a German band or the manager of a troupe of street entertainers, instead of a man who shouldered an unpleasant task in a worthy cause.

The whole difficulty would be settled if grounds were properly enclosed and every man, woman and child paid a specified amount at the gate. The people would feel the better for their generosity; the boys would feel more independent and sport would be placed on a common sense financial basis. The cost would be considerable but "Where there's a will there's a way."

BUILDING WAR CANOES.

The war canoes ordered by the local Canoe Club are in course of construction. Mr. E. I. Scott, the club captain has received the following communication from the Peterboro Canoe company with whom the order was placed:

"We will get these through as quickly as possible without slighting the work, as we do not want to give you anything but the very best. They will be built on exactly the same model as the one we sold the Toronto Canoe club, and we will put on the torpedo deck; the special floor arrangement and all the other latest ideas for racing canoes.

We have started building these canoes and as they all have to be built on the same mould, one after the other it will be the 15th or the 20th of April before they are ready for shipment."

WARNING TO FRUIT-GROWERS.

The Keremeos Trumpet says: William Ring has drawn attention to what he considers may prove the means of propagating and spreading pests among the fruit trees of the district. It is the lack of care in disposing of the cuttings from trees in the spring of the year when the pruning is done. As the pruning always precedes spraying, and these waste branches are sure to be infested with any pests that are going, it would appear to be a wise precaution to burn them at the earliest opportunity. Certainly nothing is gained by keeping them.

FERNIE RELIEF SCANDAL.

George Lockhart, one of the executive of the Fernie Relief Fund, who was arrested at Moncton, N. B., charged with stealing nine hundred dollars from the fund was handed over to the Fernie police yesterday. He has offered to make restitution.

BASEBALL BOYS REORGANIZE.

Representative Gathering of Players and Supporters---New Officers and Committees Chosen.

Baseball will boom again this season and it will be a wonder if the coveted mug does not again come to Summerland next fall. How about the boys? They are all right, gilt edge, not a quitter among them and they're all loaded for bear.

The order has been sent away for brand new masks, balls and other necessities. New colors are under advisance. The only thing they don't need is a brand new enthusiasm, they have all kinds of it left over from last year. It has been kept on the simmer and is just starting to boil again.

The annual meeting of the baseball team was held last Friday evening with a full house. Retiring manager Eigel occupied the chair. The financial report was considered very satisfactory and showed receipts to be \$218.65; expenditure, \$192.00. Outstanding accounts, \$29.25. Unpaid subscriptions, \$15.

George Gartrell was appointed president for 1909; Dr. Lipsett, manager; K. C. Hogg, secretary-treasurer; Fred Baker, captain. Executive committee, the president, manager, sec-treas., captain and M. Manchester.

The proposition of affiliation with the Men's Club was considered and left over for further debate. It is possible that all the athletic organizations in Summerland may affiliate with the Y. M. C., thus putting all under the one management. The question of club colors was left to the Executive.

CONFIRMATION SERVICE.

On Friday last, the Bishop of New Westminster and Kootenay visited this parish for the purpose of administering the Apostolic rite of Confirmation. The service was conducted in St. Peter's church in the presence of a large congregation.

Thirteen candidates were confirmed, six men and seven women and girls and were granted full privileges of church membership. The Bishop's address, which was listened to with close attention, dwelt on the authority for the ceremony and also on the assistance which the church offered the penitent.

LOCAL NEWS

A considerable amount of green was in
evidence on Wednesday the 17th in honor
Ireland's patron saint.

Major and Mrs. Hutton and family are
moving into their handsome new house
near Prairie Valley.

Dr. Mathison will be at Summerland on
March 25th and will remain two weeks.
Make appointments early.

Misses Eedy and McIntyre are announc-
ing their millinery opening Tuesday and
Wednesday, March 30 and 31.

The framework of the new Young Men's
Club house in the rear of the Methodist
church is rapidly rising skywards.

Mr. Bullman of Kelowna was a visitor in
town this week. He was accompanied by
Aiken brothers of Winnipeg.

An open session of the Methodist S. S.
will be held on Sunday at 11:30 a. m.
Special music will be rendered and address-
es will be given appropriate to closing of
the quarter's lessons.

Miss K. C. Davison, vocal instructor at
the college has been on the sick list this
week. Choral practise was called off on
Wednesday in consequence.

On Friday afternoon, the 12th instant, a
party of young people gathered at Camp
Suthwyn where a very merry time was
spent.

The regular Baptist service in Empire
Hall will be withdrawn next Sunday on ac-
count of the evangelistic services. The
Sunday school will be held as usual at
11:30 a. m.

A special general meeting of the Fruit
Growers' Exchange has been called for
Monday next in the town hall at 8 p. m.
It is understood that the whole situation
is to be fully explained and would call the
attention of the members to the fact that
in order to be properly posted they would
do well to be present.

The friends and acquaintances of Mr. W.
J. Ross will be pleased to learn that he
has so far recovered from his long and
serious illness as to sit up a portion of the
day. He was at one time so low as to re-
quire the administration of oxygen by his
physician, Dr. C. M. Smith, in order to res-
tore consciousness. His brother Foresters
have given him most praiseworthy atten-
tion and have fully exemplified the princi-
ples of the order.

chased at the Drug Store.

PROVINCIAL AND GENERAL.

The Federal house will prorogue some time before May 24.

The health of the Pope has been causing his friends considerable anxiety. By latest reports he is somewhat better.

Premier R. P. Roblin and Hon. Robt. Rogers have left for Ottawa in order to discuss with Sir Wilfrid Laurier the extension of Manitoba's boundaries.

The voting on the taking over by the city of Kelowna of the Agricultural and Trades Association grounds took place last Wednesday and resulting in a majority of six over the two-thirds necessary to carry.

A herd of elks, consisting of a bull, two cows and a calf became snow bound outside Horner last week and were viewed with interest by many people. Game warden Lewis has supplied them with hay as there is but little natural food available.

Morden H. Long, B. A., graduate of 1900 was announced as McMaster university's first Rhodes scholar by direct appointment. Mr. Long is a native of Woodstock, Ont., and is at the present time attending the provincial normal college at Calgary.

Business men of Halifax, N. S., want the daylight saving scheme adopted and recommend to the council of the board of trade that steps be taken to have the clock advanced an hour on May 1, and turned back an hour on Oct. 1.

The Enderby Fruit and Produce Exchange has gone into liquidation with Mr. G. R. Lawes as liquidator. The cause appears to be over the non-payment of \$3000 due by the Central Exchange of Revelstoke.

Four hundred Doukhobors will come to British Columbia this spring. They will go to Robson where land was purchased last year by Peter Verigin, and will build houses and clear land on which they and other Doukhobors to follow later will live. They will bring with them a large number of horses, oxen, cattle, also farm machinery, including a very large engine which has been used in the brick yard at Verigin.

A 30 foot vein of high grade ore has been struck on the ninth level of the War Eagle mine at Rossland. It is rich in gold with every indication that the ore extends to the upper levels, and probably to the surface. Drifting has shown the vein to be 40 feet wide and 400 feet long and containing heavy values in sulphides with high gold values. Assays show the ore runs from \$20 to \$100. It is the most important strike made in the mine for several years.

Chas. Elliott of Peachland spent Wednesday in town.

Dr. Lipsett and B. C. Moore took a flying trip down to Dog Lake on Wednesday.

Rev. R. W. Hibbert came up from Pen-tiction on Tuesday and went back on Wednesday. He was taking in the special services.

Rev. R. J. McIntyre will preach at Naramata at 4 p.m. instead of 7, thus giving all whomay wish to come over and hear Mr. Russell on the last Sunday evening of the mission here a chance to do so.

There is a discussion among the boys these days as to what shall be the colors used in athletic circles, at present the ones in favor are cardinal and green, but this is expected to be settled to-day (Saturday).

RUSSELL MISSION.

The Sunday services conducted by Rev. Walter Russell will be as follows:

- 10:30 a. m., Methodist church, theme, Christ's conception of the church.
- 2:45 Baptist church, Christ's conception of the church, continued.
- 3:45 In the Baptist church, Mr. Russell will address a mammoth mass meeting for men only. Boys under 15 positively not admitted. No man should miss this momentous message. Subject—Hebrew Hercules or Power of Purity.
- 7 p. m. In the Methodist church, Evangelist Russell will give a message on The best thing in the world.

Mr. Russell will close his Mission in Summerland on Friday, March 26. He will give a climax series on the work of the Holy Spirit at 3:30 p. m., Tuesday, Wednesday, Thursday and Friday and special subjects of eternal moment will be discussed every evening at 7:30. All the meetings will be in the Methodist church.

QUAKES RECORDED.

Many strong quakes were recorded on Russian seismographs on Saturday and Sunday. It is estimated that the scene of the disturbances was approximately in the direction of the Phillipines and Formosa.

RICH ORE STRIKE.

A valuable strike of copper ore is reported from the Ellis mine near Beresford, Gloucester County, N.B.

CENTENNIAL POSTPONED.

Kamloops will Celebrate Two Years Hence---Error in Dates Discovered.

The celebration of the centennial of the founding of Kamloops, which it was generally expected would take place this year cannot take place until 1912, and be true to history.

While there is some dissatisfaction among citizens at the necessary delay, led into the error by Bancroft, who gave David Thompson the credit of founding the city in 1810, as well as discovering the river which bears his name, the people of Kamloops are determined to prepare, even at this date, for the celebration in 1912.

Tyrell's papers on David Thompson, the Thompson Journals, edited by Elliot Coues, Dr. Wade in his history of Kamloops, Mr. R. E. Gosnell, chief of the provincial archives, and Judge Howay agree that it was David Stuart, one of the partners of the Pacific Fur Company, and not David Thompson who founded Kamloops, and that Thompson, although he discovered the Columbia, never even saw the river which bears his name.

CANADIAN AEROPLANE.

The aeroplane Silver Dart, piloted by J. A. D. McCurdy, of Baddeck, N.S. made a successful flight of eight miles in eleven minutes and fifteen seconds one day last week, twice crossing Baddeck harbor.

A Canadian aeroplane will probably be sent to England in May to try for one of the two big prizes that have been offered for the first successful aeroplane flight across the English Channel. Work on the new machine, which will be modelled somewhat on the plan of the Silver Dart, the most successful aeroplane built under the auspices of the Aerial Experiment Association, will begin at once under the supervision of Glenn H. Curtis, at Hammondsport, New York.

The aeroplane will probably be in charge of J. A. D. McCurdy and F. W. Baldwin, two members of the Aerial Experiment Association, who have been here, with Dr. Alexander Graham Bell, conducting the recent experiments on the Bras d'Or lakes with the Silver Dart and Dr. Bell's new tetrahedral kite.

PREFERENTIAL TRADE.

The council of the London Chamber of Commerce has passed a resolution affirming that the preferential treatment accorded by various self governing colonies had been a distinct advantage to the British manufacturers and that the withdrawal of the preference would be most detrimental to trade between the various parts of the Empire.

For Rent

Two-acre lot with House and Stable and 123 3-year-old trees; close to town good water, etc.

SETTING THE PACE.

The Australian government has ordered the construction of two torpedo boat destroyers at a cost of \$412,500 each, including armaments.

NEWSPAPER CONFISCATED.

The Russ, published at St. Petersburg has been confiscated for publishing extracts from Tolstoi's latest work "Christianity and the Death Penalty."

:: Naramata Notes ::

Mr. D. McKay is at work putting up a stable for Mr. R. M. H. Turner.

Mr. Fred Anderson paid our town a short visit last Saturday in his speedy little launch.

Mr. F. C. Latimer and his assistants, Messrs. Miller and Hylton, after completing the survey for the irrigation, left on Tuesday's boat for their home in Penticton.

Mr. Ed. Waterhouse of Manchester, England, is spending a few days in town looking over the proposition here with a view of settling either here or elsewhere on the lake.

Miss White has gone to Summerland to reside. During her stay here Miss White made many friends, and to say that her good influence will still be felt, would be stating the whole case. On account of her connection with the Sunday School she will for a time at least continue to spend her Sundays with us.

The last of a series of whist parties was held at the cottage of Mr. and Mrs. Gillespie last Thursday, and a very enjoyable time was spent. There were two special features, one was the reading by the hostess of a short humorous description in verse of each Entertainer; the other feature was the distribution of prizes to the winners: Miss Mitchell and Miss Davies, Mr. N. Mitchell and Mr. Boothe.

COLLEGE NOTES

Baseball is booming at the college and a considerable amount of unexpected talent is being brought to light. A good game was witnessed on the campus last Saturday between the Residents and Non-residents. The game was an excellent one throughout and closed with a score of 6 to 5 in favor of the Residents. The game was ably refereed by Mr. Walker of the bank staff.

Another match took place on Wednesday between a combined nine made up of Freshmen and Matriculants vs., Juniors. The game went to the former with a score of 8 to 6.

The college fans are trying to arrange a game with the town team.

The return match between the Residents and Non-residents will be played on the campus, this (Saturday) afternoon.

Miss Harvey, of Kelowna has been enrolled as a member of the student body. She will take the regular course.

Y. M. C. A. ADDRESS.

The following is an excerpt from the address given at the college by Y. M. C. A. organizer Billings. He said—In our day the Bible is attracting the attention of men in a wonderful way. Not many years ago it was almost impossible to hold any number of students in voluntarily Bible classes. Toronto University Association has over 1,000 men enrolled in these classes this year. This is only one instance of the great interest the Bible is attracting, the reason for this seems to be that Bible is a source of knowledge, especially of the most important knowledge of all, that of the ideal way to live. It is also the source of power. Philips Brooks said that literature comes out of life and that it returns into life to bless it. This is pre-eminently true of the Bible. It is the expression of the life of men who had experience of God and it arouses a like experience in us. The men of to-day who are men of power practice the habit of daily Bible study. It gives us power to follow Jesus ourselves and by keeping alive in us intensity of conviction it enables us to influence others. The great demand in our country for Christian leadership of our religious, social and political life makes it imperative that college students, on whom the burden of leadership must rest, should be using this opportunity of developing their lives.

DANGERS OF PAROCHIALISM.

It is at once Canada's pride and her peril that her borders are so extended. It is not merely that a long shore line exposes her to enemies coming up out of the deep, and her thousands of miles of international boundary present a front hard to maintain in military strength, should the republic to the south of us ever become hostile, but within herself there are dangers lurking in the very conditions of which we boast.

Three thousand miles along the temperate zone is a magnificent sweep of country to possess, and when that country is living with all kinds of material resources, from sea to remotest mountain peak, as we know is the case in Canada, we cannot help a glow of pride in her potential strength. But danger lurks there too. There are the dangers arising from segregation—the twin dangers of ignorance and selfishness. The Dominion is so wide that it is difficult for the east to know the west or for the west to care about the east. Asiatic immigration which convulses this province barely tickles the imagination of the man in Nova Scotia, while the three mile limit which means so much to him is of nothing more than academic interest to the plainsman of Saskatchewan.

British Columbia glories in its mountains but those mountains in a very real sense divide us from our fellow citizens of the other parts of the Dominion and obscure from them our gravest issues. "Mountains interposed makes enemies of nations which had else like kindred drops been mingled into one." California proves the troublesome child to the paternal Roosevelt in Washington and British Columbia causes consideration at Ottawa because like all growing youths, it asks for more.

What we need in Canada and the United States too for that matter, is some kind of law or custom that will get our Dominion legislators out of their shells. The members for British Columbia should be encouraged to visit Ontario and the Maritime provinces. If encouragement won't answer they should be led down there by the ear, and the eastern member should be sent out here for similar reasons. If necessary their expenses should be paid, then when they come to discuss questions in the House, they won't be so apt to stumble over anything larger than ward politics. They will remember that there are "other pebbles on the beach" beside themselves, and they will be more apt to see that the country as a whole is a little bigger than that particular province from which they happen to have come.

In these days of log rolling and wire pulling it is all too easy for a member of parliament to bound the Dominion by the confines of his own constituency, a proceeding which must eventually tend to mutual bickerings and general internecine weakness.

Legislators, like other men of affairs should know their business. Their business is often more than parochial. They cannot learn it thoroughly at second hand therefore they should be required to have first hand information. And since it is our business to which they attend we should be willing to pay any reasonable expense so incurred.

EXHIBITION DATES.

The dates for the Okanagan Exhibition have been finally arranged for September 16th, 17th and 18th next. It has been necessary to name these dates to fall in with those of the racing circuit. Revelstoke will hold its fair on the 13th and 14th, while Kelowna will have its exhibition on the 20th and 21st. Kamloops will have no fall fair this year preferring to concentrate all its energies upon the celebration of its 100th birthday next year.

Julius Geney of Buda Pesth, a rich apothecary, has sued the Emperor Francis Joseph for 600,000 francs (\$120,000). He has deposited papers and documents showing that his grandfather in 1848 loaned to the emperor's father, the late Archduke Francis 6,000 ducats and he asks for principal and compound interest.

LOCAL NEWS

The Williams Jubilee Singers are billed to appear in Empire hall on April 17.

T. G. Wanless of Vernon was in town early in the week.

C. N. Borten has sold his South African script to W. Ritchie for \$355.

R. H. Rogers, barrister, of Vernon was a visitor in town this week.

F. S. Neve arrived on Monday from west Virginia and rejoined his parents. He expects to remain in Summerland.

C. H. Cordy was in Revelstoke this week in connection with fruit exchange matters.

R. Neave, is commencing to build on his Trout Creek property. The frame will be 24x28 and J. Pollock has been awarded the contract.

The medical health officer, Dr. Smith has posted a notice in the post office warning the dwellers along the course of Garnet Valley creek against partaking of its waters without first having filtered or boiled it.

Fred W. Auvache, late of the Phoenix Pioneer staff, paid his brother print's in the Review office a fraternal visit on Thursday. He may perhaps make his home in this district.

Col. Cartwright is erecting a handsome bungalow on his property, 50x52. The frame will be of stone and the interior will be all modern. The estimated cost is about \$4000.

Penticton sports are waking up. The Press says—A reorganization meeting of the football club was held on Tuesday evening at which a strong committee was elected.

It is reported that J. Niblock, C. P. R. superintendent at Calgary will be superannuated after twenty-five years service. He expects to make his home in Summerland. T. R. Flett, superintendent at Saskatoon will be transferred to Strathcona, and Mr. Maharg will go from Medicine Hat to Calgary.

Mrs. Jas. Ritchie entertained a party of friends to a mountain climbing party on Saturday afternoon. The dizzy heights of the Giant's Head were scaled without the aid of Swiss Alpine guides, alpenstocks, or rope ladders. After breathing the pure air of the higher altitude and drinking in the scenery, the company returned to the lower level and drank tea and had a good time at Parkdale.

News from Peachland

Miss B. Sharp is on the invalid list for a few days.

Born—To Mr. and Mrs. Eddy a son on March 15.

Rev. J. J. Nixon returned Tuesday morning from an extended trip through Kere-meos and Similkameen regions.

In the absence of Mr. Nixon, Rev. Jas. Lang occupied the Methodist pulpit last Sunday and gave an excellent discourse.

The infant daughter of Mr. and Mrs. Jack Wright is suffering from a severe attack of pneumonia.

Miss A. E. Elliott came down from West Bank by Friday's boat and spent the week end with her relatives in town.

The Baptist Young People's association met with the Methodist League last Monday evening. A very interesting programme on Missions was given.

Mr. Harry Cossar is already planting his potatoes. He is evidently trying to get them ready for the market. Some people think potatoes too valuable to plant this season.

The Hibernians are very busy this week preparing for the St. Patrick's concert. Everything is well under way and there promises to be a very pleasant evening with Pat and his friends.

The young people of the Presbyterian church held a meeting on Tuesday evening. The main event was a debate—Resolved that capital punishment should be abolished. The affirmative was upheld by Messrs. Nash and Angus, while G. Lang and Mc. Girr contradicted them, and won the decision. The speeches were of an unusually high order of merit and very much enjoyed by the large audience present.

The council met on Tuesday evening and besides regular routine business gave the first reading of the Health by-law. The clerk was instructed to call for tenders for improving the grade on Lang avenue by crossing a corner of lot 61. Coun. Morrison gave notice of his intention of introduce a herd by-law at the next council meeting. The clerk reported that there had been no great rush on the part of owners of dogs. He also reported having received a cheque from the government of \$96 on arrears of school. Council adjourned until the 27th.

ACRE LOTS

Above and close to Town. The fine view of the Lake, good garden soil and choice bearing trees planted on some of these Lots make them very desirable property from a home-seeker's point of view.

Prices (from \$300 to \$850 an acre) are low and terms sufficiently easy to place them within reach of all. See this property and compare prices with unplanted single acres.

A FEW

CHOICE BEARING ORCHARDS.

One with over 1200 trees ranging from seven to two years old. This Lot has a very complete set of buildings, including stables, buggy house, carpenter's shop and up-to-date poultry houses.

Unimproved land in blocks of all sizes at from \$2 to \$200 per acre. Complete and reliable information given as to any property in the District. It will pay YOU to call before buying.

Chas. H. Cordy

Realty Broker,

Summerland

EASTER EXCURSIONS.

The C. P. R. is offering special excursion rates during the Easter season. Tickets on sale from April 8 to 12 good to return until the 13th at a fare and a third. Trains Nos. 1 and 2 are now running between Calgary and Montreal, which means double service from the east to Calgary and single service from Calgary to the coast.

G. N. R. TIME TABLE.

A change in the time table on the Great Northern came into effect on Wednesday. The train from Keremeos for Oroville leaves at two o'clock instead of three, as formerly. There is no change in the time of arrival from Oroville. The train leaves Oroville for Spokane a half hour earlier in the morning and returning leaves Spokane two hours earlier, arriving in Oroville at 7.30 instead of 9.30 p.m.

The change in the time card would appear to favor the granting of a through service to Keremeos and the cutting out of that objectionable lay over at Oroville, but so far there is no suggestion of such further change being effected. Travellers making the round to Spokane will have three hours longer to remain in Oroville under the present arrangement.

TO WORK GRAHAM ISLAND.

A company with a nominal capital of \$10,000,000 has taken over 27,000 acres of coal lands on Graham Island, Queen Charlotte Islands, off the coast of British Columbia. Work will commence at once, and an application has already been placed before the Provincial Legislature for a railway charter between Skidgate and Rennel Sound, to open up the mining district.

NEW TOWN SITE.

In another section of this issue, Mr. Jas. Ritchie is offering a valuable prize in the form of a lot in the new townsite at Dog Lake, to the one who suggests the most suitable name for the town.

The district in question lies seven miles beyond Penticton and embraces some 2000 acres which will be first put under irrigation.

Two mountain streams are being converged into one and 2000 inches of choicest spring water will be available for general use. The water is to be piped instead of flumed on to the lots. The proposition will doubtless prove an attractive one to investors.

MANITOBA BOUNDARY.

The Manitoba boundary question is likely to have to stand over until next session of parliament. The Manitoba Government has declined to accept the proposed boundary as outlined by resolution at the last session of parliament and subsequently demanded a larger slice of territory of Keewatin. This necessitates consultation with the Ontario Government by the Dominion authorities and it can not be done before the end of the session if prorogation is to take place at an early date.

LEGISLATION PROGRESSES.

**Important Measures Received Final Handling—
Eight Hours Bill Laid Over till Next Session.**

Among the bills which were passed at Victoria last week was the Grand Trunk Pacific Bill, upon which a last protest was recorded by the Opposition.

The medical bill underwent the last touches in committee of the whole. It is understood to be quite acceptable to the profession and is regarded as equally fair to the public, who are safeguarded from irregular practitioners.

The two bills which died upon their second reading were those of McInnis and Ross, the first aiming to extend the eight-hour law to workmen about the mines other than miners and smelter men, to whom that law now applies. The second proposed a semi-monthly pay day for industries with a pay-roll of not less than \$50,000 monthly, a bill introduced by William Ross, the Conservative whip, and the only member to the right of the speaker to vote for the bill.

The most important of the bills passed were the Grand Trunk Pacific agreement, and the bill extending the time for the construction of the Kitimaat branch, which carries the bonus of the Dunsmuir government of \$5,000 a mile.

The Liberals opposed both to the end, John Oliver's resolution, aiming an intended fatal blow at the agreement, and the plans going down to defeat by 24 to 14.

The features of the amendments to the Game Protection act were explained. The automatic shot-gun had been found to work great destruction, and would no longer be allowed while the penalties for violation of the various provisions of the act were increased.

"In a recent case where mountain sheep were killed out of season," said Mr. Fulton, "an American who was prosecuted for violating the act, said he would have been willing to pay twice as much as the fine imposed for the specimens he had shot."

Dr. Hall's bill to make more workable the Master and Servant's act was allowed to stand at the request of the premier, who announced that it was the government's intention to consider a comprehensive measure upon that subject.

There was a brief debate upon the bill amending the Labor Regulation act, 1907. Its object was to extend the eight-hour law to smelter workmen or those "brought in contact with either smokes, fumes, dust or heat arising from smelting or refining operations."

VALUABLE TOWNSITE GIVEN AWAY

I AM placing on the market a large tract of the finest fruit lands ever offered to the public, upon which I am constructing a pressure pipe system of irrigation. Upon completion of this work it will be the first place in Canada where lot holders will have irrigation water under pressure and enjoy beautiful domestic water in their homes the year round.

These lands stretch for over four miles along the shore of Dog Lake, which is four miles south of Okanagan Lake.

The location is a picture of fascinating charm and loveliness. Here there are hundreds of acres of beautiful Prairie slopes surrounding a very pretty townsite on a charming lake beach.

FOR A SUITABLE NAME FOR THIS PLACE I WILL GIVE A BUILDING LOT IN THIS TOWNSITE.

Each proposed name must be accompanied by five names and addresses of persons who wish to become interested in fruit culture in the Okanagan Valley. Dr. Sawyer and Professor Perry of Okanagan College, Summerland, have kindly consented to select the most suitable name from amongst those submitted. Competition closes April 7th. Don't wait, but send names at once.

Telephone Gray 2.

The smelter workers are already under the eight-hour law as well as underground miners, and both the Premier and the Liberal leader thought this bill, taking in other workmen named, was going too far. The Premier asked for the withdrawal of the bill until next session.

The Hon. Provincial Secretary had charge of several important matters. His Civil Service act, reorganizing and grading the Civil Service, is one of the most advanced measures ever passed in Canada, and has set an example that will be much followed by other governments. This law places the

control of the public service out of the reach of patronage, and practically places it in the hands of a commission. Salaries are based on a system of grading that will go into effect during the coming fiscal year, and promotion will come as the result of merit and efficiency.

Word was received from Price Ellison, M. P. P., that the government would grant \$5000 towards building a high school at Armstrong, provided the municipality puts up a like amount.

FRUIT IN WINNIPEG.

Dealers and Commission Men Accused of Holding up British Columbia Growers and Feathering Their Own Nests.

Asked for confirmation or refutation of the charge made by a British Columbia fruit grower that the Winnipeg dealers made 300 per cent profit on British Columbia fruit, while the growers made 2 per cent, says the Victoria Times. R. J. Scott of Winnipeg, manager of the MacPherson Fruit Co., of Winnipeg said:

"I do not notice that our dealers are getting rich on the handling of British Columbia fruit. Our company has not handled a car of it this season. The charge is a rash one, made no doubt in a fit of temper. As a matter of fact, we cannot buy B. C. fruit because the growers hold us up and force us to go across the line. There, prosperous American ranchers ask us 65, 75 and 90 cents per box, where B. C. raisers ask \$1 and \$1.25. They do not know how to price their products, and that is at the bottom of the trouble."

At a recent conference between the fruit growers of B. C., and representatives of the C. P. R., A. J. Alcock of Penticton stated that B. C. fruit was not high priced on the Winnipeg market. He said that on the contrary it was often sold by growers at a 2 per cent profit. Settlers, he stated, were leaving B. C., unable to make the industry pay.

He claimed there was a hold-up on the Winnipeg markets whereby the dealers and commission men there, through excessive charges, were in many cases getting 300 per cent profit, where the grower was only getting from 1 to 2 per cent. These statements he offered to substantiate.

VETERAN PEDESTRIAN.

Edward Payson Weston, the veteran walker, will start this afternoon from the New York post office building on a 4,300 mile walk to San Francisco. Mr. Weston has set a limit of 100 days upon his schedule from this city to the Pacific coast. A military and police escort will accompany the pedestrian to the city limits.

Although Weston is 70 years old, and the present walk the most difficult he has ever undertaken during his long career, he is confident he can finish it on schedule time. His route is via Troy, Buffalo and Pittsburg, and he is due in Chicago on Saturday, April, 17th, with 1,288 miles to his credit.

DOPED AND DUPED

ASHCROFT MAN VICTIMIZED BY FRIEND IN VANCOUVER.

Is Given Knockout Drops and Awakes to Find Himself Poorer by \$1819---Friend has Disappeared.

How a visitor from Ashcroft was relieved of \$1819 has just been revealed by a court order taken out at the instance of the victimized visitor, Mr. A. Colombe, says the Province.

On his arrival at the Terminal city, Mr. Colombe met an old friend who induced him to draw his money from the bank for an advantageous permanent investment in Seattle. It turned out to be permanent, but not highly advantageous.

Mr. Colombe was suffering from a severe cold and his friend claimed to have just cured a cold of his own. He fixed Mr. Colombe up with just such a dose with some little extras which caused a deep sleep to fall upon the man of money.

Mr. Colombe's money had been placed in the custody of a down-town hotel keeper after having been first locked in a tin box. When he awoke, Mr. Colombe thought of his cash and repaired with aching head to the place of hiding, accompanied by a representative of the law. The box was found all right but instead of the hefty roll of greenbacks, the box only contained a one dollar bill and a plug of tobacco. The friend is also missing.

RUSSELL MISSION.

Successful Series of Special Services Concluded--- Great Men's Meeting on the Flat.

Rev. Walter Russell has concluded three weeks of special services in the district. The meetings throughout have been well attended. The bible studies which were held during the afternoons have been spoken of as a continual feast.

Last week the services were held in the Parkdale Baptist church and each night the auditorium was well filled. The meetings in that section were brought to a close by a mass meeting for men only on Sunday afternoon. The church was filled with the largest body of men ever seen together in

Summerland and the interest throughout was intense as Mr. Russell spoke on the theme "Hebrew Hercules, or the Power of prayer."

He took for the groundwork of his talk, the story of the life of Daniel, laying particular emphasis upon his purity, prayerfulness and fearlessness. He sated his hearers to lead clean, pure lives and to shun filth of all descriptions, as they would shun a pestilence. He called attention to the heinousness of the smutty story and the lewd remark of the street corner loafer.

He urged all to lay hold on the strength of Christ and rise above their temptations by the power of prayer. A male quartette was rendered at the close of the service.

Mr. Russell who has made a host of friends during his brief stay in Summerland will go to the Kootenays and take part in the great Kootenay evangelistic campaign which is being undertaken by the Presbyterian church.

THURSDAY HALF HOLIDAY.

On and after April the first the public stores of Summerland will close every Thursday at 12 o'clock noon, and the residents of the district will do well to make note of the fact and save themselves from making useless shopping trips to town on Thursday afternoons.

The petition for closing which was put in circulation was cheerfully signed by all the local business men.

On Monday next a telephone gang in charge of Mr. Woodburn will leave Summerland on a tour of several weeks duration for the purpose of repairing and inspecting the government telephone line to Nicola.

The Williams Jubilee singers which are to appear here on the 17th are well-known and favorites among music lovers.

RAMPANT GLACIER

MILLION DOLLARS DAMAGE CAUSED BY ALASKAN DELUGE.

Twenty Miles Square of Territory Covered to a Depth of Twenty-one Feet With Snow and Ice---Railroad Work Delayed.

A huge body of water broke loose from Miles glacier, in the Copper river valley, on Feb. 10th, of sufficient volume it is estimated, to cover twenty miles square of territory to a depth of 21 feet, piling a great masses of heavy ice on the track of of the Copper River & Northwestern railway, to a depth of four or five feet, and probably tearing up the road bed, for a distance of at least four miles.

The disaster will have the effect of materially delaying railroad construction. It had been planned to resume work next month, but it is claimed it will be July before this damage can be repaired and work at the front begun.

Just how great the damage will be will not be known until an examination can be made, but it is said it will approximate \$1,000,000 beside the delay.

AN AQUATIC COW.

Importation From Vancouver Prefers to Court Death Rather Than Face Ladies.

Mr. Derrick of Omaha, Neb., arrived in Summerland last week on a visit to his brother, Mr. A. A. Derrick of the local dairy. He brought with him a fine \$100.00 Jersey cow, purchased in Vancouver, which was tenderly escorted towards Peach Orchard. After some resistance, the four footed stranger moved along all right until some ladies from that section of the district hove in sight and bore down upon them. That was too much for the new arrival and she broke away. When an attempt was made to head her off, like the pigs of holy writ, ran violently down a steep place and plunged into the deep and when last seen in the semi-darkness, was doing some fancy stunts usually only seen in Barnum's show. Darkness fell and the cow vanished and Mr. Derrick said good-bye to one hundred dollars and full cream bottles. Three days later the cow was found browsing in Prairie Valley, evidently taking the first stage back to Vancouver. She is now very much attached to the Derrick ranch by means of strong rope.

SOCIAL PURITY.

Dr. Hall Advises Women to Secure Certificate of Purity From Intended Husbands.

Dr. Hall of Victoria, in an address at a mens meeting on the subject of "Social Diseases and their Consequences" made some startling statments. Admitting that the average length of human life was increasing, owing to the improved sanitation and the care of human life, yet humans do not enjoy the freedom from disease that they, as heirs of the ages are entitled to.

The speaker said that 60 per cent of the deaths in hospitals in British Columbia were caused by evil diseases. Half of the asylums inmates are from the product of these terrible diseases. It is time that the woman asked the man for a certificate of purity before marrying a man who has sowed wild oats.

The ratepayers of Armstrong have just voted to spend \$2,500 to improve the agricultural grounds, and to build accommodation for stock.

David Kinbascot, an Indian, and Peter Quinn, were taken before Magistrate Rosoman at Enderby on Tuesday, the former charged with having liquor in his possession, and the latter with selling it to him. By a sharp police dodge, Constable Gardon caught them in the act, and both pleaded guilty. The Indian was fined \$25 and costs; Quinn, three months at hard labor \$50 and costs.

Assize court will be held at Vernon May 18. Civil and Criminal.

The proposed tunnel and tramway scheme for the uniting of Greenwood and Pheonix approaches maturity.

At a meeting of the Greenwood Board of trade the following officers were elected: President, E. G. Warren; vice-president, J. A. Russell; secretary-treasurer, F. W. McLaine; council, J. E. McAllister, H. Bunting, C. J. Wilson, J. P. McLeod, D. McIntosh, J. McIntosh, J. T. Beattie, W. T. Hunter, T. M. Gulley and H. F. Stow.

Rev. Russell will spend Sunday in Peachland and from there proceed to Moyie to assist in the Evangelistic Campaign throughout the Kootenay.

BAND. REORGANIZED.

The band has been reorganized for the ensuing season and the boys are enthusiastic over the prospects for the summer music. There are two outstanding difficulties in the way. The first and most important is the financial problem; the second the securing of a suitable night for practising. For awhile they will practise on Friday evenings, but as some of the boys belong to the church choirs which practise on Friday evenings, it makes the question a difficult one.

Conductor D. Williams occupied the chair and the first question debated was "Shall we, or shall we not re-organize?" A vote taken showed the spirit of the meeting to be in favor of going ahead, and the election of officers which followed resulted in the following choice:

- Hon. Pres., J. M. Robinson,
- President, Adam Stark,
- Hon. Band Master, A. G. Burnyeat,
- Conductor, D. Williams,
- Treas., C. N. Borten,
- Secretary, J. W. S. Logie,
- Manager, D. H. Watson.

The boys are not making any particular kick, but the band is the hole and facing a deficit. It will take in the neighborhood of \$300 to straighten matters out and put things on a comfortable working basis. The debt was incurred a year ago on the strength of certain pledges and much needed instruments were secured. The pledges were never redeemed and financial stringency resulted.

The band is made up of public spirited men, and every member of the organization has to dip deep down into his pockets as well as give a vast amount of valuable time in order to help to entertain the townspeople gratis. Some apparently have the idea that to be a member of a band means a series of rake-offs, but as matter of fact every man among them is many dollars out of pocket by the of the season.

The band is certainly an honor to the town and it can be stated without fear of contradiction that not a town in Canada, for its size can boast as creditable an organization. It is hoped therefore that the funds will be forthcoming to help the good work along. If the municipal fathers were to make a substantial grant to the band it would meet with general approval.

A typographical error crept into Mr. Jas. Ritchie's advertisement which was made to read "Valuable town site given away." A perusal of the advertisement revealed to all that the headline should have read "town lot." If you have not read the advt., in question, it will be of interest to you to do so.

:: Naramata Notes ::

Mr. Ed. Waterhouse, a recent arrival from Manchester Eng, has added his name to the list of property owners in Naramata, having secured a choice ten acre block.

Mr. A. B. Allen has let a contract to Messrs. Robertson and King for the erection of a neat cottage on his fruit lot north-west from town.

Mrs. Anna L. Gillespie, our talented lecturer, will deliver an address next Sunday afternoon at 3 o'clock in the Opera House, on the subject of Spiritualism. Everybody welcome.

The meeting of the Athletic Association on Wednesday evening, called particularly to discuss a program of events for the coming season, was a very important one indeed judging from the the decisions arrived at. After the usual routine business was brushed to one side, Mr. Robinson, the generous patron of the organization, was asked to give his views as to a possible series of events for the season. Mr. Robinson's speech was full of encouragement to the club, promising his moral and financial assistance throughout the strategic points in the game. Besides furnishing a war canoe for the use of the Naramata Club he is putting up a fine cup for competition amongst the various canoe clubs on the lake. Needless to say Mr. Robinson's remarks were well received. It was decided to hold a series of three regattas on the following dates, June 17, July 22, and August 26, and a committee consisting of Messrs. J. S. Gillespie, H. Hill and W. L. Land is to draft a program for the first date, June 17. The idea in getting busy so early in the season being to let every prospective competitor have ample time for getting into shape.

Kaslo wants a \$25,000 marble government building in that city. The B. C. government has already voted \$5,000 towards the project.

GOOD FOR PENTICTON.

The first annual meeting of Penticton's Civilian Rifle Association was attended by a large crowd of enthusiastic marksmen on Monday evening says the Press. The Captain of the Association, Mr. G. F. Guernsey, occupied the chair. After reading the minutes of the last general meeting, the secretary read over the auditor's report for 1908, the accounts showing a balance of \$23.34 to the credit of the Association.

It was decided to shoot for the W. T. Shatford cup on May 24th, the same day that the Association will compete for the Empire cup. The election of officers resulted as follows: Captain, G. F. Guernsey; Secretary-Treasurer, J. W. Edmonds; Lieutenants, L. A. Rathvon and F. H. Latimer.

RIFLE ASSOCIATION.

The new rifle range in Garnet Valley is now completed and will be formally opened on Saturday, 3rd April. Further particulars will be given later, but as this is the commencement of a new season and one in which important matches will take place it is hoped that as many members as possible will turn out to the opening.

FOOTBALL.

The annual general meeting of the Summerland Football Club will be held in the restaurant to-morrow evening, Saturday at 8 p. m. Let everybody who is interested in the game try and be there.

WILFUL ANNOYANCE.

It is a regrettable fact that a number of young men, some of whom at least, have hitherto been credited with having better sense, undertook to systematically annoy the leader and singers at Choral practise last Wednesday evening by banging at the doors, stamping up the stairs, throwing stones at the windows, etc.

The class is trying to make time after an unavoidable break in the practises and it is only a short time before the concert, which makes the disturbances till more annoying. Summerland has prided itself on being free from such hoodlumism and if this is the thin end of the wedge, a first police court session might be advisable. The names of the disturbers are well known and the Review has been requested to publish them in full, but shrinks from taking so drastic a step for a first offence. Should it occur again, the offenders may have the doubtful pleasure of seeing their names on the front page of the Review surrounded by a black border.

A boy compared the adjective "COLD" as follows:—

Positive : COLD.

Comparative : COUGH.

Superlative : COFFIN.

DON'T COUGH YOUR HEAD OFF

News from Peachland

Miss Marion Cossar spent a few days with Miss Lane in Summerland last week.

Miss Urquhart spent a few days in Summerland last week visiting at the Manse.

Rev. C. W. White preached in Armstrong last Sunday, returning home by Wednesday's boat.

Mr. Wm. Logan has sold his smart little team of drivers to Mr. R. H. English of Summerland this summer. He is spending a part of this week in Kelowna looking for a heavy horse to take their place on his lot.

Messrs. Cuttbill and Eyre announce that they intend shortly to open a flour and feed business in town. They have bought the lot next to the cannery and are busy erecting a warehouse on it. They expect to be ready for business shortly.

Mr. Oliver Keating bought a work horse from Mr. J. L. Elliott last week, and is now busy getting his lot in order for the spring planting.

The Misses Sharpe, who have been suffering with la grippe, went to Kelowna on Tuesday morning to spend a few days in the hospital.

The St. Patrick's concert announced last week came off duly on the 17th, and was voted a success. The hall was packed with a good natured audience assembled to do honor to Ireland's patron saint. The brogue was much in evidence both in song and recitation, and the fun-loving audience was very appreciative of the efforts for their entertainment. A collection was taken for the benefit of the Ladies' Circle, under whose auspices the concert was held, and the neat sum of \$17.55 was realized.

Mr. and Mrs. Town and Miss Olive Ferguson accompanied Rev. Mr. Nixon on his trip to West Bank and Gellately's last Sunday. It was Mrs. Town's first trip in that direction, and was greatly enjoyed by all the party.

Mr. Garraway's spirited horse, Rex, became impatient while his owner was getting into the rig one evening last week and broke away from him and ran home, but selfishly left the buggy just out of town for Mr. Garraway to bring home when he came. However, Rex had to come back with another rig and haul the pieces home the next day.

MOCK PARLIAMENT.

Under the auspices of the Local Option League a session of mock parliament was held Tuesday evening. Mr. H. McDougald as Lieut. Governor, read the speech from the throne. Rev. J. T. Jones acted as premier. Mr. Paul Murray, as leader of the opposition, and Mr. C. G. Elliott, as Speaker of the House. The bill brought in by the Government was the Liquor Licence Law of British Columbia, and was introduced by the Attorney General. Mr. R. J. McDougald, seconded by the Minister of Public Works, Mr. Grant Lang. It was torn to shreds and proven a most iniquitous measure by the leader of the Opposition, supported in his onslaught by Mr. Hogg of Deep Creek, Mr. Nixon of Ballymena and Mr. Ritchie of Pincushion. Dr. Nash, Minister of Education, and Mr. Bert McKenzie, socialist member for Glen Robinson also ably supported the measure. A delegation from the W.C.T.U. was announced and this provoked a very lively discussion as to whether they should be admitted or not. The attorney general especially distinguished himself by a grandiloquent peroration on women generally but deprecating their presence at the public bar of the house. He was given a glass of cold water at the close of his outbreak and seemed to suffer no ill effects from the effort. The delegation was finally received and had two petitions, one praying for a Local Option law next session and a second praying the government to grant votes to women. The President, Mrs. Thompson Elliott backed up these petitions in an able speech. At the conclusion of the speeches the vote was taken and the gov't sustained. The next meeting will be held on April 13 when a Local Option bill will be introduced.

Mrs. Vicary and Miss Bell spent a couple of days in Kelowna this week.

Almost the whole world knows of Summerland as a place that produces the best fruits, and all Summerland district should know and can know that there is one place in Summerland under the agency of

SATURDAY, MARCH 27, 1909

THE MISERIES OF MISCEGENATION.

Johnson, the negro champion pugilist of the world "With all his blushing honors thick upon his vacant head" had a bad time of it trying to persuade Vancouver hotel people to take him in as a guest, if not on his own account, then at any rate because his bride was of the same color as the proprietors and the other guests.

Strange to say however, the argument thus advanced proved a disastrous one. It served merely to bring out the color line with all the vividness of the red weals that marked the imprint of Johnson's digits on the bosoms of his foes. It added to the offence of his own color—the further offence on the part of his spouse that she had forgotten her birthright in stooping to mate with a descendant of Ham. Of the two, probably the latter is the more offensive in Canada.

For having presumed to violate the unwritten color caste of America, Johnson is in a very hard case indeed, for if these things be done to him in the coolness of the north where color problems are not an issue, what will be done to him when he goes south? If white Vancouver cannot abide his wife's choice of a colored man on the one hand, it is certain on the other the colored people will resent his implied discount of the dusky belles of their tribe evidenced in his choice of a bride. There are those still living who can recall the time the late brilliant Frederick Douglas, "the black O'Connell, of America" had when he went north and south with his accomplished Caucasian partner. The White house satellites darkly frowned on them, and when the white souled gentleman sailed as

governor of Hayti, the Captain of the vessel resigned his commission rather than carry him and the very bare foot blacks of the island felt insulted.

If therefore the cultured and gentlemanly Douglas could not escape the dual tributes of abuse for his white alliance, what may a prize ring bully expect to meet, notwithstanding the change in the times?

In our judgment it was unnecessary and unkind for Vancouver hotel men to turn the pair away summarily. They did it no doubt out of deference to prejudices on the part of some of their guests. But should such priggishness be encouraged? If the pair were clean and orderly in their habits why should not some place be found for them in any hotel? That grounds no claim to social equality with anybody, and only people whose claims to quality are of the very shoddiest kind could possibly be disturbed by the vegetating of the pair at a neighboring table—provided as we have said, that they were clean.

The strange part is that the repugnance to this man's society should be based so much on his natural effort to raise himself in the social scale and so little on the ugly fact that his business proclaims him near of kin to the pug-uglies, bull terriers and tigers of the animal creation. Like enough the people who raise such a virtuous howl about the contamination of Johnson's presence in a hotel are those who would be paying \$25 for a choice seat at some of his exhibitions and wearing their gloves out in frantic applause of his brutal jabs at his opponent in the ring.

Whatever reason there may be for segregation in the south where the blacks are so numerous, such unctious indignation at sporadic cases in the north, looks to us like the miserablest kind of Phariseism and caddism.

Rev. H. G. Estabrook has the banner hen in Summerland. One that lays eggs such as the consumer loves to buy by the dozen and the proprietor would prefer to sell by the pound. The egg is, or rather was, six and a half inches one way round and seven and a half inches the other. Mr. Estabrook says that the bird, which is a Buff Orpington invariably lays an egg of the same circumference, but varying somewhat in shape. If anyone in the district has a hen which can beat this, trot her along and the staff will sample the product and report. No extra charge made for sampling. The town funny man was in and said he had a hen that could beat that, she laid eggs, many of which weighed a pound. He didn't state how many,

AMBITIOUS WINNIPEG.

Plans to Hold World's Fair in 1912—Two Million Dollars to be Raised.

At a mass meeting held in Winnipeg last week reports were received from a committee sent to Portland, St. Louis and Seattle on the world's fair project. The reports were in favor of Winnipeg holding a world exposition in 1912.

A preliminary fund of two million dollars will be raised.

The Summerland Review

MAROON AND GREEN.

**Club Colors Chosen---Baseball Team Affiliates
With Men's Club---First Work-out Thursday.**

The Summerland baseball team has decided to affiliate with the Mens' Club, the managment of which will in future assume control of the club's finances.

The team has recommended that the club colors be maroon suits with green stockings, maroon caps with green peaks.

The recommendation has been approved by the Club executive and maroon and green will hereafter be recognized as the Summerland colors.

Manager Lipsett has ordered the Champions out for the first practise of the season next Thursday afternoon and considerable interest is being evinced in the question—who will be the nine? All the old timers are keen to retain their places but will have to win them on their merits.

A number of promising young players are keen to wear the maroon and green. Among them are Ben LeGros, Cam. Robinson and Tom Young.

The manager and players feel genuinely grateful to the business men of the city for so cheerfully falling in with the half holiday scheme as it gives a splendid impetus to sport. Better come and watch the work out on Thursday afternoon.

A communication has been received at this office for publication signed "S. P. Q. R.", which is well worthy of reproduction. The writers name was not attached however and we therefore cannot make use of it. If the writer will be kind enough to furnish us with his name, we shall be pleased to publish the letter next week. The name of course will not be published. Ed.

The second number of the Okanagan Lyceum is now on sale at the drug store or can be obtained of the business manager. The volume is not only a credit to the editor and staff and the institution from whence it sprang, but to the whole community. The book contains forty pages of excellent reading matter and advertisements. Every bit of the book is readable from cover to cover, and varied enough to suit all sorts and conditions of readers. Those who are posted affirm that no college in Canada turns as ambitious a periodical. The local merchants have stood loyally by the boys and cheerfully given their patronage, thus expediting the work of financing. The next number will appear in May.

Provincial and General

The semi-weekly Okanagan, published at Vernon is being changed to a weekly.

The sound of forty stamps dropping will soon be heard again in Hedley. Water was turned on again last week and most of the ice was cleared out of the flume.

During the winter, L. A. Clarke of Green Mountain engaged in a little trapping as a side line, says the Keremeos Trumpet and captured five lynx and a coyote. He recently shipped the pelts to a St. Louis firm and was pleasantly surprised on receiving a cheque for \$98.55.

A funeral procession consisting of Chief Ashnola John and all the Siwashes from the upper valley passed through Keremeos on Tuesday on its way to the Indian burying ground at the little church at Chopaca. They were burying the infant daughter of Crooked mouth Pierre.

The socialist locals in Toronto have been taking up the matter of becoming affiliated with the International Socialist bureau at Brussels. Since the affiliation of the British Labor party at the last gathering of the members Canada is the only country whose Socialist organization is not affiliated. The Toronto local has adopted a resolution calling on the executive of the party to affiliate with the bureau.

H. Walker of the Coldstream ranch returned last week from California says the Vernon News, where he had been investigating the fruit evaporating plants, with a view to establishing a plant in Vernon. He was successful in arranging for a thoroughly modern outfit of machinery which will be put up at once by the Coldstream ranch, which intends going into the apple evaporating business on an extensive scale.

George Price came down to Olalla from his cabin at Cedar Creek, to Keremeos last week, says the Trumpet. He brought some fine samples of gold ore from a new tunnel on the Black Hawk group where he has been working during the past three months. He has also done a little trapping on the side and secured half a dozen prime marten pelts.

By a vote of 157 to 122, the House of Commons passed the second reading of the bill, giving every man and woman a vote, the only provision being that they shall be 21 years of age and shall have resided three months in their constituency. There is no chance of its becoming law during the present session of parliament.

ACRE LOTS

Above and close to Town. The fine view of the Lake, good garden soil and choice bearing trees planted on some of these Lots make them very desirable property from a home-seeker's point of view.

Prices (from \$300 to \$850 an acre) are low and terms sufficiently easy to place them within reach of all. See this property and compare prices with unplanted single acres.

A FEW

CHOICE BEARING ORCHARDS.

One with over 1200 trees ranging from seven to two years old. This Lot has a very complete set of buildings, including stables, buggy house, carpenter's shop and up-to-date poultry houses.

Unimproved land in blocks of all sizes at from \$2 to \$200 per acre.

Complete and reliable information given as to any property in the District. It will pay YOU to call before buying.

Chas. H. Cordy

Realty Broker,

Summerland

Complaints which are reaching the police indicate that a "slasher" is again at work in New York. Several women have reported that their garments have been cut in the subway station at Thirty-fourth street. All cases reported are similar, making it appear as if the work were being done by one man using the same sharp knife.

LOCAL NEWS

As we are to have a Canning Plant established here, it will be up to the fruit growers to look ahead and be prepared to supply the products for the factory, and as strawberries do not bear the year they are planted and will be required for canning and jam, it is thus important that the growers should order plants at once, so as to be in a position to supply berries for 1910. The Magoon is a shipper as well as a canner, which can no doubt be secured from R. Layritz, Victoria, and possibly Gellately above Peachland on the lake. The Wilson is still preferred by the Eastern Canners.

Mr. S. Aikens of Winnipeg has purchased twenty acres of the Bulman property, which is considered one of the choicest sections of Naramata, and was the choice of the Bulmans who had the first chance to select. The property runs down to the lake front from the upper benches and will doubtless eventually become one of the choicest and most valuable properties in the valley. Mr. Aikens is in Naramata with his son who will remain and look after the property. Eight acres is being prepared for planting this spring and before long apple and peach trees will be lifting

up their heads to the balmy mountain breezes and Okanagan skies. Mr. Aiken senior will shortly return to his home in Winnipeg.

Mr. Snider of Vancouver who is the owner of a large slice of Preston estate property is in Summerland this week on a tour of inspection.

Mr. and Mrs. Merrill of Minn., are visiting their daughter Mrs. W. Watson. Mr. and Mrs. Merrill may possibly spend the summer in Summerland.

J. A. Thompson of Winnipeg, President of the Moose Mountain Lumber Company paid his first visit to Summerland this week. He states that he was prejudiced against the place before his arrival but has quite changed his mind. Mr. Thompson is the owner of ten acres of choice land in Pear Valley and has five acres under cultivation. He has plans laid for the further development of the property. Mr. Thompson has wintered in California with his family and was somewhat disappointed with the experiment and has come to the conclusion that he would rather have stayed in the Okanagan Valley. He may perhaps spend next winter here with his family. He has now returned to Winnipeg.

The W. C. T. U. will hold its monthly meeting in the Methodist Church next Thursday afternoon at 3 o'clock.

LOCAL NEWS

Plowing is general in the Summerland orchards.

C. Corbett went to Vernon on Tuesday last to visit friends.

Mrs. McDougall of Peachland spent a few days with her mother, Mrs. William Robinson this week.

W. B. Tison of Kamloops was a guest at the hotel this week and continued his journey southwards.

Roy Fysh left on Tuesday morning for Vancouver. He has secured a position there.

J. W. S. Logie has been appointed a commissioner for taking affidavits in Summerland in connection with the registration of voters.

Miss Davison, instrumental teacher at the college was well enough to resume her classes on Tuesday last and Choral practise was resumed on the usual evening.

Every noon and evening finds some of the baseball boys limbering up at their old stamping ground on Shaughnessy avenue.

The Fenner's gulch road is being pushed along most expeditiously. The gang is at present at work blasting out a large rock which stands in the desired course.

The spring poet has struck town and effusions have been found in most unexpected places. Initials are being cut in the barks of trees and youthful fancy lightly turns to moonlight strolls, thoughts of love, tennis and ice cream.

Mrs. Sinclair, wishing to keep the Glenburnie hospital going for the benefit of the Summerland community advertised in various papers hoping that someone would take hold of the business to keep it running, but receiving no replies, has decided to sell off her household effects in which case the hospital will be closed unless local arrangements can be made.

J. B. Kennedy spent a day or two in Summerland last week looking over his property and making arranging for the spring work. He left on Tuesday for his home in Brandon. There are a large number of Brandon men owning property in this district and there is a scheme on foot looking toward the uniting of their interests and placing them under one management. Mr. Kennedy is one of the largest property owners in the district and has some 40 acres under cultivation.

VALUABLE TOWN LOT GIVEN AWAY

I AM placing on the market a large tract of the finest fruit lands ever offered to the public, upon which I am constructing a pressure pipe system of irrigation. Upon completion of this work this will be the first place in Canada where lot holders will have irrigation water under pressure and enjoy beautiful domestic water in their homes the year round.

These lands stretch for over four miles along the shore of Dog Lake, which is four miles south of Okanagan Lake.

The location is a picture of fascinating charm and loveliness. Here there are hundreds of acres of beautiful Prairie slopes surrounding a very pretty townsite on a charming lake beach.

FOR A SUITABLE NAME FOR THIS PLACE I WILL GIVE A BUILDING LOT IN THIS TOWNSITE.

Each proposed name must be accompanied by five names and addresses of persons who wish to become interested in fruit culture in the Okanagan Valley. Dr. Sawyer and Professor Perry of Okanagan College, Summerland, have kindly consented to select the most suitable name from amongst those submitted. Competition closes April 7th. Don't wait, but send names at once.

J. M. SUTHERLAND
Telephone Gray 2.

Potatoes appear to be getting scarce and the price has reached \$40 per ton and like script, the price appears to be still rising. The trouble apparently has arisen from the fact that the frost got into the pits and improperly constructed root houses and nipped the vegetables during the very cold snap last winter. As soon as the mild spell came the spuds started to thaw and exercised a deleterious influence on the rest. The moral is obvious—always prepare for the worst and praties and other things including the pocket book will also be saved.

Mr. Parker, late of Virden is one of the newest arrivals in this district. He arrived this week, bringing with him his household goods and chattels and will assume the management of Dr. Stevenson's property on Jones' Flat.

All members of the Choral class who intend taking part in the "Crucifixion" at Easter are expected to be on hand at the next and following practises. There will be two practises each week until the evening of the concert. The singers are making splendid progress and the concert bids fair to be one of the best ever given in the district.

LOCAL NEWS

Dr. and Mrs. Mathison are guests at the hotel.

Jas. Ritchie left on Thursday morning on a business trip to Vernon.

The work of sidewalk construction is being rushed along and the place is growing more like Chicago every day.

C. G. Elliott of Peachland was a visitor in town this week. He purchased a valuable horse from Mr. A. E. Hespler.

On Sunday evening in the Methodist church, Rev. R. J. McIntyre will give a talk on the life of Christ, illustrating with beautiful lantern slides.

The Council of the Mens Club at a meeting on Saturday appointed a committee to make arrangements for a great big time at the opening of the club.

Mr. and Mrs Gracie of Enderby are visitors in town. They are taking a look into the possibilities of the district and may perhaps make their home here.

A. Stark has purchased George Gartrell's house on Shaughnessy avenue, also the Gartrell proper adjoining Rev. Jas. Hood's residence.

Mr. Rutherford of Brandon is looking over his Prairie Valley property. He is an expert football artist and it is hoped that he may decide to make his home in the district

George Gartrell this week launched his new boat. The launch behaved very well indeed, the two and a half horse power gasoline engine sending her through the water in an exhilarating manner. A. Stark's new launch is almost ready for launching.

The Baptist church services will be held on Sunday as usual. The down town service will be held in the forenoon. On the following Sunday it is expected that Evangelist A. F. Baker, assisted by Mr. Hugh McLean who is well-known as a gospel singer, will be present. Services will be held nightly thereafter in the Parkdale Baptist church.

LECTURER COMING.

Major H. Schoof with his museum of war and hunting trophies from three continents, will lecture in the Methodist Church next Friday evening, and there is a possibility of his being here Thursday also. He has just finished a month's engagement in Victoria.
