No. 39

## HOSPITAL ASSURED

### PLANS FOR SUMMERLAND HOSPITAL WELL UNDER WAY.

Collectors Secure Pledges for Over Nineteen Hundred dollars—Hon. Pres., and Provisional Board of Directors Selected.

There was a large and representative gathering of citizens in municipal hall on Monday afternoon to hear the report of the committee appointed at a recent meeting to bring in a report with reference to the proposed hospital in Summerland.

Hon. William Hespeler was voted to the chair, who, after a few introductory remarks called upon Dr. Smith for a report on the work accomplished in committee.

A series of resolutions were brought forward which after some discussion, were left over for further debate.

The chief theme under debate was the best method in which the hospital should be operated. The committee recommended that the Hospital Board should provide all necessary furnishings and pay all bills such as light, fuel and other incidentals, place a couple of competent nurses in charge and let them make out of it what they can by way of remuneration.

Mr. J. M. Robinson, commended the movement in general, but said he did not approve of placing the burden of financing upon the shoulders of a couple of nurses.

The broader view should be taken, and the board should assume the entire responsibility. He felt that the ladies of Summerland were quite capable of financing such an institution successfully.

This occasioned a call for the financial report and the meeting was informed that the sum of \$1900.00 had been pledged. Of this some \$800 was available at once. The collectors had met with general courtesy, but the financial stringency had its effect upon the total amount subscribed.

Mr. Logie, Mr. W. J. Robinson and other members of the committee explained that the reason for recommending such a course was to avoid launching into deeper financial obligations than money in sight would warrant.

The recommendations were then laid on the table temporarily and the chairman asked for a motion as to the name by which

the institution should be known and eventually formally incorporated.

The first suggestion was The Summerland Cottage Hospital, the second, The Summerland General Hospital, and the third, The Summerland Hospital. On a vote being taken, the latter name was adopted unanimously.

On the the recommendation of the committee, a board of nine provisional directors was appointed as follows:

Messrs. R. C. Clouston, W. J. May, Adam Stark, J. C. Robson, James Ritchie, W. J. Robinson, J. M. Sutherland, Major Hutton and a lady, to be selected from the membership of the Women's Hospital Auxiliary.

Mr. James Sutherland filled the office of secretary and Mr. E. B. May was appointed provisional treasurer. The meeting then adjourned.

The general spirit of the meeting seemed to be, that in spite of the fact that money had not yet started to move, the great need for such an institution as an hospital made this proposed expense not only justifiable but necessary. There are more than enough public spirited people in Summerland to see that such an organization will be fully supported and made permanent.

### DOG POISONER BUSY.

There is a dog poisoner busy about town and the sooner he is discovered and given a couple of hours to get out of town the better. There are a number of curs around the district which would not be missed particularly, but the four animals which suddenly expired last Tuesday were all valuable animals. They were Mrs. Downton's Irish terrier; Mrs. Helmer's black cocker spaniel; George Gartrell's wolf hound and Will Greave's collie.

It may have been accidental, but there should certainly be summary punishment for people who even without malice leave poisonous matter within the reach of dogs or human beings.

Those who have seen the last actions of the expiring canines state that the symptoms all point to strychnine, but an enquiry at the drug store shows that no such drug has been sold for months.

Up to the present time no one has thought of notifying the constable of their grievance, but legal steps should be taken to prevent a recurrence of the outrage.

## KEEPS THE CUP

### MR. T. J. SMITH MAKES ANOTHER SCOOP AT VANCOUVER.

Wins Twenty-three Prizes, of which Eight are Firsts—Schweitzer, ridden by Miss Smith wins Gold Seal Cup for Keeps.

The event of the season in Vancouver has come to be the horse show held in the gentle spring time. Its first attempt in 1908 was, so far as the number of entries is concerned, the largest thing of the kind ever held in Canada, and this year the event has been equally successful.

To the surprise of not a few Mr. T. J. Smith's horse "Schweitzer," ridden by his sister Miss Mabel Smith, won the Gold Seal Challenge Cup, the most coveted trophy of the whole show. A matter of four other firsts, five seconds and three thirds were incidental prizes falling the same way.

This year Mr. Smith entered the lists again determined to hold what he had won against all comers. His ambition was more than gratified. His horse Schweitzer, again ridden by Miss Smith, defended the cup successfully and that prize will therefore continue to adorn Mr. Smith's mantel piece for the rest of his natural life.

In addition to the chief prize Mr. Smith's saddle horse Credential won the high jump from the hitherto invincible Fox Catcher. At the same time he made a new record for the high jump on the Pacific Coast, viz., 6 ft. 3 ins. and he went over so easily as to suggest 7 ft. as a possibility. This year Mr. Smith's horses won twenty-three ribbons, of which eight were blue.

Many of the events were hotly contested not only by Vancouver and Victoria entries, but horses from Seattle and Portland.

### ODDFELLOWS ANNIVERSARY.

The local lodge of Oddfellows will celebrate the 90th anniversary of the order by attending divine service in the Presbyterian church on Sunday evening, when the chaplain of the lodge, Rev. James Hood will preach on Oddfellowship.

The members of the lodge are requested to meet at the lodge room at 6:30 sharp. All visiting Oddfellows are cordially invited to participate. Regulation dress.

**MEN'S CLUB OPENING.**

**May 24th will be Date of Formal Opening of Club Building—Amateur Competitions.**

At a joint meeting of the Quarterly Board and the Council of the Men's Club on Monday evening, the question of opening the building was discussed. It was decided to secure the services of Rev. Geo. Kerby, of Calgary, for the event. Mr. Kerby will preach on Sunday, May 23rd, morning and evening, and will assist in the formal opening on Monday at 11 a.m., also in the evening when a basket ball match is being arranged for and a short programme will be given. The building will be open during the day for inspection.

On Tuesday evening Mr. Kirby will deliver his popular lecture on "The Eternal City," particulars of which will be given later. Some of the leading men of the Valley will be invited to be present at the opening and a big time is looked for.

It was also decided to engage the celebrated Eckarts Swiss Bell Ringers for Friday, May 28th to give their entertainment in the hall of the club building.

A report was given out that three unsuccessful attempts had been made to secure a gathering of citizens to consider a 24th of May celebration, and unless the club would take up the matter, apparently there would be none here this year. So upon motion it was decided to undertake such a celebration on amateur lines, to consist of aquatic sports hose and reel races, baseball and football matches, field sports, etc. The following committee was appointed with power to add to their numbers: Dr. Lipsett, B. C. Moore, J. Tait and R. J. McIntyre. The citizens of Summerland are requested to co-operate so as to make this celebration the best ever held in this part of the valley.

It is expected the gymnasium of the men's club will be ready for operations in a week. The gallery is now being put in.

**SUMMERLAND CIVILIAN RIFLE ASSOCIATION.**

The new range in Garnet Valley is now in full swing, practice being held every Saturday and Thursday. On Saturday last the shoot was at the long ranges, 800 and 900 yards, 10 shots each distance; about twenty members being present. Following are the leading score:

	800	900	Total.
A. E. Nelson	44	34	78
G. Gartrell	44	31	75
V. Taylor	37	37	74
J. Dunsdon	35	38	73

On Thursday the distances were 200, 500 and 600 yards, seven shots at each, and the special feature was the fine shoot of H. Dunsdon, who ran up a score of 96, including a possible at 600 yards, thus winning the token for the first possible put on at any distance and also the monthly scatch token.

Commencing May 1, the last Saturday and Thursday in each month is set aside for long distance shooting and the remainder of the month for the 200, 500 and 600 yards.

A practise game of baseball between the college and town teams took place on the grounds on Thursday afternoon in which the college boys got the small end of the score. The college has no reason to feel discouraged with its team, they were simply up against a stronger and more experienced aggregation. The town was represented by p., Manchester; c., Baker; 1 b., Paull; 2 b., McIntyre; 3 b., Glennie; c., Beavis; r. f., Walker; l. f., Gartrell; s. s., Conway; Dr. Lipsett umpired the game.

HOSPITAL AUXILIARY.

Summerland Ladies Elect Officers---General Board Organizes.

There was a large gathering of ladies in municipal hall on Thursday afternoon and the organization of a Womens' Hospital Auxiliary was carried out with a promptness and enthusiasm which augurs well for its future success. All sections of the district were well represented and the spirit of unity and appreciation of the worthiness of the object in view pervaded the meeting.

Mrs. Fysh called the meeting to order and Mrs. C. S. Stevens was appointed secretary pro tem.

After explaining the object of the gathering, Mrs. Fysh called for nominations for the various offices and the following ladies were elected:

- Pres. Mrs. A. T. Robinson, F. R. S. G. S.
- Vice-President, Mrs. Angwin.
- Secretary, Mrs. C. S. Stevens.
- Cor.-Secretary, Mrs. Robson.
- Treasurer, Mrs. Solly.

The officers of the Auxiliary to form the Executive committee.

Finance Com., Mesdames Ross, Smith, Logie.

House Com., Mesdames Fysh, Cartwright, Lipsett.

Purchasing Com., Mesdames H. G. Estabrook, Downton, G. Gartrell.

The first Tuesday in each month was selected as the regular time of meeting and the membership fee was placed at \$1 per annum.

Following the meeting of the ladies, the general board assembled and organized itself and appointed office bearers as follows:

- Pres., W. J. Robinson,
- Vice.-Pres., R. C. Clouston,
- Sec., W. J. Sutherland;
- Treas., E. B. May.

The board decided to reopen the present hospital on Monday if possible and an important meeting will be held on Monday evening at 8 o'clock to discuss further plans.

A course of three lectures by Mrs. A. T. Robinson has been arranged for during May and June under the auspices of the Ladies' Auxiliary and the I. G. G. C. Fuller announcements of this will be made later.

## News from Peachland

Mesdames Mitchell and Hogan, spent a couple of days in Kelowna last week visiting friends there.

Mr. D. F. Daniels, manager of the Royal Bank, Kelowna, was in town over Sunday, the guest of Rev. J. J. Nixon.

Mr. Basil Gardon of Enderby, was in town last week collecting the Provincial Revenue tax.

Mr. and Mrs. H. McDougall are spending a few days in Penticton this week renewing acquaintance with old eastern friends there.

Messrs. Lang & Bywater have posted notices calling for tenders for putting in 500,000 feet of logs to their sawmill. They intend to begin sawing the first of next month.

Mr. W. R. C. Morris of Vernon, was in town last week, looking over the place with a view to supplying electrical power from Shuswap Falls. The company he represents has acquired rights on these falls and intend installing a powerful plant there. When this is completed the company will be able to deliver power at a price which will probably prevent any local company from attempting to install a plant. We expect to make use of their power for electric lighting.

The Okanagan College baseball team who have made such a name for themselves this spring, came up last Saturday for a game with our Junior team. They certainly play a good game and have an evenly balanced team, but they do not play quite well enough for our boys who got the long end of a 10-12 score with an innings to spare. Kelowna has challenged our boys for Wednesday but they can hardly get away in the middle of the week for a game.

### LETTER OF THANKS.

W. J. ROBINSON ESQ.

Dear Sir:—We are in receipt of your favor enclosing cheque covering our claim for insurance in London & Globe Insurance Company. We wish to thank you and your Company for prompt and satisfactory settlement.

Yours truly,  
Eagel & Co.  
per E. A. Eagel.

### RIFLE COMPETITION.

The prize list of the third annual meeting of the Okanagan Rifle Association has been received. The shoot will take place on the Vernon range on June 2, 3 and 4 and the following is the programme:

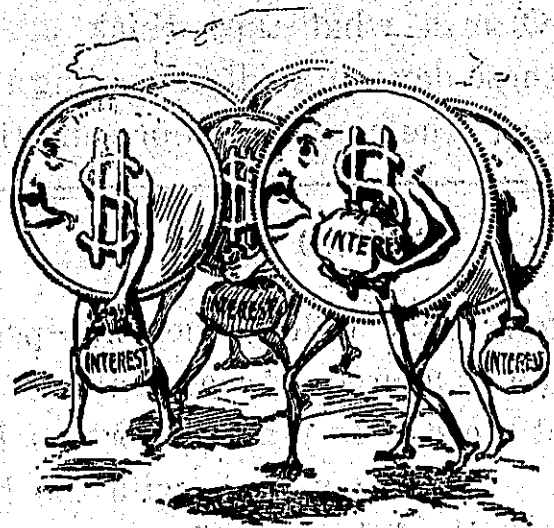

Wednesday, June 2—Extra Series, 500 yards; Nursery and Professional General Match 500 yards; Ellison Match, 200 yards; Extra Series, 600 yards; Ellison Match, 600 yards; Tronson Match, 600 yards.

Thursday, June 3—Ross Match, 200 yards; Extra Series, 500 yards; Ross Match, 500 yards; Extra Series, 600 yards; Ross Match, 600 yards; Burns-Fisher, rapid fire 200, 500, 600 yards.

Friday, June 4—Extra Series, 800 yards; Skyrme-Wood Match, 800 yards; Extra Series, 900 yards; Skyrme-Wood Match, 900 yards; Extra Series, 1000 yards; Skyrme-Wood Match, 500 yards; Consolation Match, 1000 yards.

The prizes offered are valuable and attractive and it will be a surprise if a considerable number of them do not again come to Summerland.

Mrs. E. Lowe received on Saturday a consignment of plants in payment of a prize won at the Spokane apple show. The prize was to have been \$50 worth of rhubarb roots, but as this was not a desirable kind of plant in such quantities there was sent instead a quantity of raspberry bushes and other plants to the amount of the premium.—Keremeos Chronicle.

### GOOD FISHING.

No one can truthfully say that the government of this province has peacefully slept through the rush and din of migrating peoples that has characterized the past few years. They have pursued an intelligent policy in an aggressive way. The car load of fruit taken every year to the old country has pleaded for us with a mute, invincible eloquence that has produced very practical results. For this the gentlemen in Victoria are to be highly commended. But why not fish in other ponds as well and with the same alluring bait? Why should not this province send its car load of exhibits to the Northwest, the east and certain portions of the western states? Send them some pickled samples if they cannot be reached with the fresh products.

The old country is all right as a fishing pond, provided the diseased, enfeebled and otherwise unfit are thrown in again; but why not try for some of the stock of our expatriated Canadians? Why not open offices in some of those western states that know something of the possibilities of fruit culture?

This policy on the part of the Dominion government, to which all credit for the same should be duly given, is doing more than any other one factor to make the middle west of Canada. In the three months of this year, the Omaha Canadian office alone has booked 1,027 immigrants. They had 150 car loads of effects valued at \$371,160.00 and their combined wealth was estimated at between \$2,500,000 and \$3,000,000. In one day there were thirty land entries in the Winnipeg office. The applicants came from the western states and not a man among them had less than \$5,000.

Why should not British Columbia fish in that pond, exercising a wise discretion as to samples encouraged to enter the net? Two thirds of those immigrants went to Alberta, but it is probable that at least a fraction of them would have been good enough for this province, only they didn't know about us and so couldn't come.

Whose business is it to cast out the line of information and the hook of opportunity into these American waters? Whose but the government's? And if it doesn't, then maybe the Associated Boards of Trade might cast a fly, "just for luck." It's a good time to let down the net when the fish are running—particularly if they be of good variety. The fishing in Uncle Sam's country looks good to us.

Vernon Board of Health has been turning its optic on Chinese laundries and sleeping accommodations and not without profit. Unlike the Japs, the Chinese as a people are filthy in their habits. The health report referred to would indicate that the celestials of the Okanagan are no better than their fathers and that a periodic inspection and enforced cleaning up should be required, however painful to their feelings it may be. "Them as won't" keep clean should be made to.

The west is coming into its own at last. Thirty-five members with a prospect of fifteen more after the next census, makes the effete east begin to rub its eyes and conjure visions of the time when it won't matter at Ottawa what they think or say. One of these days we shall be sending them a Premier in the crowd of representatives.

### RECORD TIME.

The gong was tolling heavily—people stared and wondered—it was nothing serious, just the call to practice for the Fire Brigade. Here they come with the hose reel, about six of them rushing down at a terrific speed, two others are placing an extension ladder against the house, much to the surprise of the proprietor who places his head out of the trap door to see what the row is about, but the boys are on the top first, and all is ready to fight the flames. Within two minutes from alarm hose is laid, every man in position, ready for action. The brigade turn out well, and where hydrants are placed little fear of fire need agitate the minds of our townspeople, whilst the brigade turns out so sharp to practice, and attend to their duties in so deft a manner.

### SEPTUAGENARIAN EQUESTRIANS.

Mr. and Mrs. H. Phinney Spend Mrs. Phinney's Seventieth Birthday on Horseback.

Mr. and Mrs. Harvey Phinney (sr.) established a record for themselves last week. Mrs. Phinney attained her seventieth birthday and in company with Mr. Phinney who has reached the age of seventy-six, spent a considerable portion of the day on horseback, visiting and receiving the congratulations of a large circle of her relatives and friends. Mr. and Mrs. Phinney are wonders for their age and the fact that Mrs. Phinney had reached the allotted three-score years and ten, came as a decided shock to many of her friends who did not imagine that the lady was within at least ten years of that age. Both of the septuagenarians are upright and sprightly and set a pace which many thirty years younger find it hard to follow. Mrs. Phinney has the care of a large and comfortable home, and cares for it after the scrupulous fashion of all good eastern housewives.

Mr. Phinney has a fine orchard and farm yard which is equal in care to the best in the district, and he does the work without assistance, and still has time to give his neighbors a helping hand and perform a sheaf of gratuitous duties for the church to which he belongs.

The Review extends heartiest congratulations and hopes to add still further felicitations thirty years hence, when they reach their century.

G. A. McWILLIAMS  
Summerland, B. C.

CORRESPONDENCE.

We do not hold ourselves responsible for opinions expressed by correspondents.—ED.

A LITTLE PLEA.

EDITOR REVIEW—

Dear Sir—It will no doubt be quite out of the usual course of things for you to receive a letter from a mere dog, yet I could not but help come forward out of my old routine, and take up the cudgels for my canine brethren.

You will be fully aware what has occurred to several of my compatriots during the last week at the hands of some cur—No, cur is too good a name—at the hands of some two-legged animal, who was created in God's own image, but evidently with Satan in his mind.

Why are we meted such treatment? Why was the stuff placed for any animal to take it? Why—but there, one could ask question upon question, and no answer would be forthcoming. There is not the least doubt but that many of our tribe irritate horses, but oftentimes we are not to blame, it is our lord and master who does not train us up in the way we should go, and we are willing to admit a thrashing would be beneficial in many cases, but then we are one of man's best friends, faithful, obedient and watchful; a companion when sorrow intervenes, and a right good fellow for a lark when any sport is on hand.

On behalf of all doggies in the district, please Mr. Editor, do you not think that a big attempt to discover the culprit ought to be made, and such a dastardly outrage rightly and properly punished?

Yours Faithfully,  
AN OLD DOG.

CHANGE IN MANAGEMENT.

A change will shortly be made in the management of the Summerland Hotel. Mrs. McDowell, the present manager will take charge of the Naramata Hotel while Mrs. Cancellor, late manager of the immense C. P. R. hotel at Field will bring her wide experience to bear upon the management of the local hostelry. Mrs. Cancellor, while a most experienced lady, has been set a hard pace to follow by Mrs. McDowell, whose wide circle of friends will be sorry to see her go.

Mr. Cancellor has an orchard here and will devote the greater portion of his time to caring for it.

Mrs. Cancellor comes of a family of most capable caterers and hotel managers and before her marriage was a Miss Mollison. Her three sisters are managers of first class hotels at North Bend, Vancouver and Lake Louise, and the popularity of the Hotel Summerland is in no danger of waning under her experienced management.

**:: Naramata Notes ::**

Mr. and Mrs. J. C. Lyons of Winnipeg are registered at the Hotel.

The J. C. Akins cottage in course of construction by Messrs. Robertson & King is nearing completion.

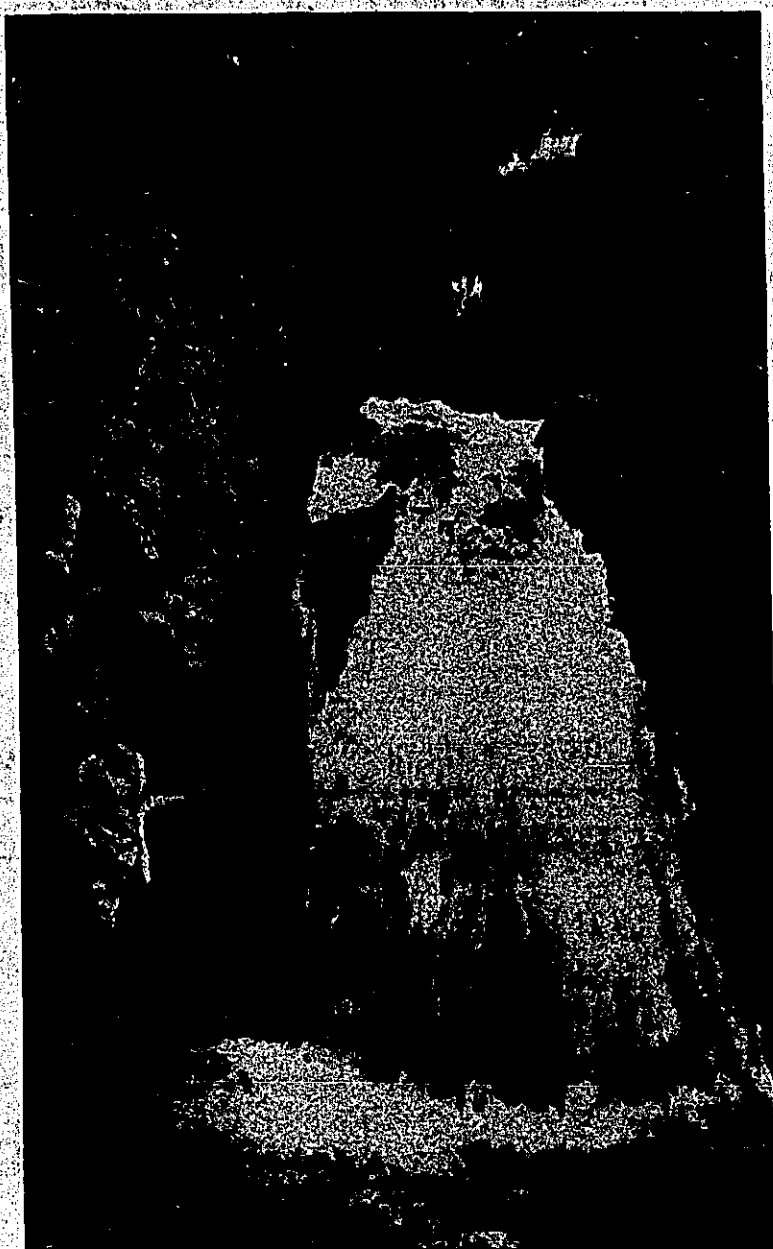

Mr. and Mrs. Jno. Niblock of Calgary are spending a two weeks holiday here. Mr. Niblock is the king of all the planters in Naramata. It is said that 10,000 trees will be required for his holding alone.

A cottage belonging to Ralph Kent was burned to the ground on Wednesday afternoon. The heaviest losers will be the tenants, Mr. and Mrs. R. King, who lost all of their new and costly furniture including a fine piano. The house was a mass of flames before Mr. Dan McKay, the first to give the alarm, saw the trouble. However it is well that it was not worse, for had it not been for the heroic efforts of the people themselves several houses might have shared the same fate.

Mr. C. C. Wharton of Summerland met with quite a painful accident on Saturday. While assisting a number of men in hauling a scow upon the beach by means of block and tackle, the heavy rope broke, one end of which struck Mr. Wharton on the back of the head and caused quite an abrasion, but apart from the severe pain and the momentary dazed condition no serious results followed. Since the accident Mr. Wharton remarked to a friend that if any more accidents are in store for him his only hope is that they may take place in Naramata, as the kind treatment he received at the hands of some of our townspeople was so very generous.

**ILLINOIS SUFFRAGETTES.**

The Illinois legislature was taken by storm by a horde of suffragettes on Friday last. Hundreds of women swarmed the aisles of both houses, and within a few minutes after their arrival all attempts to carry on the regular business of the session were abandoned. The women spent the morning in personal work. Each suffragette buttonholed a legislator and poured into his ears a tale of the oppression of women. This afternoon the suffragettes started off on a new track, and taking possession of the speaker's stand in the house and the president's chair in the senate, they delivered twenty addresses in favor of equal suffrage.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

## PRINCE RUPERT, B.C.

THE FIRST SALE of Prince Rupert lots will be held at Vancouver, British Columbia, May 25th to 29th, 1909. Prince Rupert is the Western terminus of the Grand Trunk Pacific Railway. The sale will be held in the interests of the Grand Trunk Pacific Railway Company and the Government of British Columbia; half of the lots offered being owned by each party. From 2,000 to 2,400 lots will be offered.

The sale will be held by auction and the terms of payment will be one-quarter cash and the balance in one, two and three years, with interest at 6 per cent. Agreements will be executed immediately on payment of the first installment, and purchasers may enter into possession at once.

Titles are absolutely indefeasible, which means that the government of British Columbia guarantees all titles.

For maps and further particulars, write,

### KITCHENER COMING.

The war office announces that Lord Kitchener will return home from India this year via Australia and will cross Canada from Victoria to Montreal.

**LOCAL NEWS**

The Baptist church service in Empire Hall next Sunday will be held at 10:30 a.m. instead of 7 p.m.

The monthly meeting of the local Orange Lodge will be held on May 4. All members are expected to turn out in full force.

The water department is piping the water onto Senator Kirchoffer's property just beyond the high flume.

Last week Mr. Latimer, P. L. S., with his assistants, surveyed out Mr. James Ritchie's Siwash Flat property into town lots.

A. G. McGregor, representing a wood pipe company doing business at the coast was in town on Monday looking for business.

Mrs. Downton, one of the ladies who had the misfortune to lose her dog this week offers a reward of \$10 for information which will lead to the arrest of the culprit who set the poison.

Several ladies in Peach Orchard have fixed the 2nd and 4th Friday's as their days At Home. The ladies include Mrs. Hogg, Mrs. Wallace, Mrs. Fulton, Mrs. Willard Estabrook and Miss Estabrook, Miss Bartholomew and Mrs. Fysh.

Ralph Bell of Vancouver, Inspector of agencies for the Great West Life Insurance company in B. C., was in town this week on business. Mr. Bell has a number of friends in the district who were glad to meet him again.

Mr. Basil Gardon of Enderby, provincial revenue tax collector visited Summerland this week, and corralled the men of the district under 60 and over 21 and collected from them the required \$3.00 for 1909. Mr. Gardon was accompanied by Mrs. Gardon.

Mr. and Mrs. O. E. Tomlin have returned from Wetaskiwin, Alta., where they have spent the winter. They were camping but have now moved once more into their house which has been rented all winter. Mr. and Mrs. Tomlin are accompanied by Mr. and Mrs. Sinclair of Wetaskiwin who are taking a trip through B. C.

Mr. A. A. Derrick has erected a large and up-to-date stable on his dairy ranch in Peach Orchard. The building has cement floor and is constructed with a view to securing the best results, special care being taken with reference to sanitation. The "aquatic cow" is becoming thoroughly domesticated and a model of good behavior.

**The Brown Brothers Company, Nurserymen,  
OF ONTARIO**

Are extensive growers of all kinds of Fruit Trees, Shrubs, Roses, and Ornamental Trees, and the members of the firm are all practical nurserymen of 25 years experience, and have built up the most successful and extensive business of the kind in Canada.

The growing of the stock, as well as every other detail in connection with the work, is personally superintended by the individual members of the firm, and they work on the plan that the best is none to good for their customers.

We have made large shipments of trees into the Okanagan Valley and can give the names of the largest planters in that district, who have planted our stock successfully, if desired.

Our trees are grown in the famous Niagara district, in Ontario, in a climate very similar to that of the Okanagan Valley, and our trees are consequently better suited to the needs of planters there, than are the Coast stock, being more hardy in wood, with a more abundant supply of fibrous roots, which count for much in making an investment in an orchard a safe and permanent one.

We shall be pleased to hear from prospective planters, with a view to supplying them with the best grade of trees, true to name. We wish to secure the services of a good reliable man to represent us and will make liberal terms to the right party, for all, or a part time. Write for terms, prices, etc., to

CHAS. L. TROTTER, Manager.

**PROTECT YOUR TREES  
WARNOCK'S TREE PAINT**

These destroyers cannot live where trees have been treated with

Pear Blight, Rabbits, Mice, Borers, Canker Worm, San Jose Scale, Oyster Shell, Bark Louse and Sun Scald. THE COST IS VERY SMALL. It will not wash off. One application protects for two years. Warnock's Tree Paint is not an experiment. It has stood the test for 5 years in all parts of the United States. It is an absolute Preventative and Cure for Pear Blight. We invite investigation. The Arkansas Experimental Station has used this tree paint for three years. November, 1907, they purchased 50 gallons for free distribution among leading orchards. Send for 16-page free booklet to

Agent: C. H. CORDY, Summerland. G. R. LAWES, Enderby B.C. Sole Manufacturer for B.C.

**BREEDING ANGORA GOAT.**

Another new industry is about to be started adjacent to Kaslo. This is no less than the breeding of the famous Angora goats at Howser, by Mr. Hincks, a young rancher in that fertile section. Mr. Hincks left last fall to spend the winter at his home in Dulverton, Somersetshire, Eng., returning to Houser a few weeks ago. While away he purchased five Angoras and

arranged for their trans-shipment here his intention being to try and see how they will do in this section of the province, which is similar in climate to that of Somerset except for an occasional cold snap in winter. The animals arrived by the Koonance last week and were hurried on through to Howser. The specimens were the objects of interest to those assembled, and the animals, although seemingly small, occasioned much favorable comment.

LOCAL NEWS

Mrs. (Rev.) Hood and family were visitors at Peachland part of the week.

Rev. R. J. McIntyre will hold service at Naramata on Sunday evening at 7 o'clock.

Mr. Kerchar who was injured some few days ago by an explosion while blowing out stumps is able to be around again.

Mrs. D. Watson and family are among those who were welcomed back to Summerland last week.

Mr. Davidson of Naramata came in on Monday evening and intends settling on his property above Trout Creek.

Mrs. Hood of Penticton will shortly open dry goods store in the premises adjoining the Summerland Bakery.

John Muir, of Vancouver, organizer for the Canadian Order of Foresters is in town this week.

The annual meeting and election of officers for the W. C. T. U. will be held next Thursday afternoon at 3 o'clock in the Methodist church.

John Tait has just received an extra consignment of apricots, peaches, apples and grapes, from Layritz Nurseries, Victoria, B. C. Call or write at once. Box 74.

Mr. and Mrs. W. A. Peters left on Thursday for Kelowna, where they will reside for a time as Mr. Peters has considerable work on hand there that needs his attention.

Mr. John Cosgrove of the famous Cosgrove family was in town during the week and incidentally met Mr. W. R. Bartlett and Rev. McIntyre whom he knew in boyhood away back in St. Mary's, Ont.

Vermoid and Nico-soap arrived in Summerland this week for Mr. A. S. Hatfield, the Summerland Supply company being the agents here. It is interesting to note that this well-known spray is being used in California with satisfactory results.

The annual district meeting for the Okanagan of the Methodist church will be held at Vernon beginning Tuesday, May 4th. The representatives appointed from Summerland are H. C. Mellor and J. R. Brown, alternate.

The quarterly board of the Methodist church held its adjourned meeting on Thursday evening. The business for the year ending April 30th was completed and important questions dealing with next years work were discussed.

## LAYMEN CONVENE

**REV. G. J. COULTER WHITE TELLS OF GREAT MISSIONARY MOVEMENT.**

**Leading Business Men of Canada and America Plan to give the World the Gospel in this Generation---4,200 Delegates.**

On Sunday last at the Baptist Church services, Rev. G. J. Coulter White gave two inspiring addresses on the Laymen's Missionary Movement in the light of the great convention which he recently attended in Massey Hall, Toronto. In his address he opened the eyes and hearts of the people to the outreach and upreach of the movement. He took his hearers in spirit to the vast hall where 4,200 delegates assembled twice a day, representing all protestant denominations in the west.

In a nutshell, the movement simply means the taking hold of missionary work by business men and running it in a business like manner with the object of giving the gospel to the whole world in this generation.

As Canada led the world in Confederation, church union and other movements, so she was leading the world in the manner in which she was taking hold of the work originated in America a few years ago. The speakers were men who stood head and shoulders above their fellows as leaders among men. M. W. Rowell, K. C. of Toronto, His Grace the Bishop of Toronto, Lieut. Governor Gibson, Sir Andrew Fraser Lieut. Governor of Bengal, J. Campbell White leader of the movement in America, Bishop Thorburn of the Methodist Episcopal church, Canon Tucker Foreign Mission Secretary of the Anglican church in Canada, J. A. McDonald Editor of the Toronto Globe, J. N. Shenstone Treasurer of the Massey-Harris Co. and hundreds of men of undoubted statesman-like ability, held the immense audiences spellbound twice a day. The balance of the day was spent in denominational conferences in the interest of the work.

The plan outlined calls for the increasing of the missionary force of the world from 13,000 to 60,000, and the increasing of the annual missionary contribution of the world from \$2,460,000, to \$1,300,000 for home mission work and \$3,200,000 for Foreign work. This will be accomplished by all

church members paying an average contribution of \$5 per annum to the fund. One of the great mottos of the movement is "Not as little as we dare, but as much as we can."

The speaker said that never in the world's history had a movement been inaugurated which had caught the intelligence of the christian world and worked such a mighty revolution in the hearts of consecrated business men.

### MRS. MacDOWELL HONORED.

Mrs. MacDowell, the late popular manager of the Hotel Summerland, now manager of the Naramata hotel was surprised on Monday night by a number of her friends and patrons. A complimentary and nicely worded address was read by Mr. D. H. Watson and accompanying the address was a very fine grammophone and a choice collection of records.

Mrs. MacDowell was taken completely by surprise and found it difficult to express her appreciation and gratitude. Her ready wit however suggested a novel autograph scheme. She asked her friends to each sign their names on the back of their favorite record.

Mrs. MacDowell left on Tuesday morning to take up her new duties at Naramata.

### SUMMERLAND CIVILIAN RIFLE ASSOCIATION.

The usual weekly shoot took place on Saturday last, about 18 members being present. The highest scores were:

	200	500	600	Total
W. Nelson	30	29	28	87
J. Dunsdon	28	28	30	86
H. Dunsdon	29	29	27	85
B. Steuart	29	29	24	82
M. Steuart	30	21	29	80
O. Smith	30	29	21	80

On Empire Day, the 24th instant the Overseas Mail Rifle competition will be shot for, the range being open all day so that members can shoot over the distances either in the morning or afternoon. The committee requests that every member shall take part in the competition, as the eight highest scorers during the day constitute the team.

Prize lists and entry forms for the Okanagan rifle shoot at Vernon on June 2, 3 and 4 are now on hand and can be obtained from the secretary.

## COUNCILLORS MEET

**TOWN FATHERS TRANSACT BIG SHEAF OF BUSINESS.**

**Use of Hydrants Granted for Street Watering--- Many Accounts Passed---First Sitting of Court of Revision.**

On Monday last the regular meeting of the council was held in Municipal hall.

Communications were received from W. S. Munro re road in Peach Valley; Dr. Fagan on supply of anti-toxin; T. J. McAlpine on grading part of the Gulch road.

Brown-Gartrell-That the tender of G. Morgan for contract No. 42, a road in Peach Valley, for the sum of \$294, be accepted. Carried.

The Finance committee reported, recommending payment of the following accounts:

J. L. Logie, salary, April	\$ 50.00
W. C. T. U., chairs	4.00
S'land Drug Co., charity	2.40
S'land Dev. Co., light account	37.50
" " land, nuisance ground	118.00
" " water rate, park	25.00
The Colonist, Victoria, printing	20.00
B. C. Gazette, advt.	5.00
S. S. Co., contract for 11th, assign't	111.00
" " account	79.50
Review Pub., Co.	23.00
Canadian Municipal Journal	5.00
R. Pollock	1.50
E. Manuel, work on roads	7.50
H. G. Mellor, road com.,	37.20
F. H. Hole, ac't contract No. 49	80.00
J. M. Sutherland	52 212.00
T. J. McAlpin	14 300.00
H. Bristow	10a 50.00
" " " " 19a	100.00
Docking & Dunham	19 230.00
S'Land Fruit Co. lumber	32.37

Total \$1990.97

Brown-Gartrell-That report of Finance com., be adopted. Carried.

J. B. Woods made application for leave to camp on the lake shore alongside the road allowance in Peach Orchard, which was granted under the usual conditions.

The council held its first sitting as a Court of revision on the assessment roll for the year 1909. B. Calk appeared for owner of blk. 27 and 28, lot 474 as being assessed

too high. Action by the council was left over until next sitting, the same to be held in the council chamber, Monday May 10th at 10 a. m.

A deputation of Shaughnessy avenue residents and business men waited on the council and requested that something might be done to protect them from the dust. The council settled the difficulty by permitting the use of hydrants and hose whenever needed.

**ODDFELLOWS PARADE.**

The Summerland lodge of the I. O. O. F. attended its first divine service last Sunday evening in full force and resplendant regalias. Out of thirty-five members of the Order in Summerland thirty-one were in evidence, and these were strengthened by sixteen of the craft from Kelowna, who came down in a special launch for the occasion. The procession formed at the lodge room before Noble Grand J. F. Faulkner and Conductor C. G. Phinney and other officers, and after a little counter marching on Shaughnessy Avenue to make the last first according to the form for entering a public building, they arrived in good time and settled down in the middle pews to listen to a well thought out and forceful sermon by the Chaplain of the Lodge, Rev. Jas. Hood, B.A. Mr. Hood took for his text the words of James, "Pure religion and undefiled before God and the Father is this: to visit the widow and orphan in their affliction, and to keep one's self unspotted from the world." After accounting for the existence of the Order by the failure of the Church to realize her social obligations he paid an eloquent tribute to the work done by Oddfellows, but reminded them clearly that something more was required of man than even the noble creed of the Oddfellows' Lodge. "Friendship, love and truth," the three links of the Order, he found supremely exemplified in Jesus Christ and his ancient order known as the Church. To place anything before that would be in any life a calamity.

During the evening a double male quartette of Oddfellows under the leadership of Mr. Faulkner, chanted the Lord's prayer and sang with promise "Nearer my God to Thee." This is the first double male quartette to make its appearance in Summerland.

P. C. Leland, until lately a student in Okanagan College, left on Tuesday morning for Lethbridge where he will spend the summer months.

Notice

Water Record Osoyoos Land District  
District of Yale

TAKE NOTICE that on the 24th day of May, 1909, I, Charles Hogarth Whellams, occupation Farmer, shall make application for two cubic feet of water on June Creek a tributary of Shingle Creek and joining same about 1 1/4 miles west of the north fork. The point of diversion is the north end of my pre-emption and works will consist of a dam and ditch. The water is for the irrigation of 160 acres of land situated about 1/2 a mile west of Joe Brent's pre-emption on Shingle Creek.

CHARLES H. WHELLAMS  
Summerland B.C.

Notice

Land Act, Osoyoos Land District,  
District of Yale.

TAKE NOTICE that the Canadian Pacific Railway Company intends to apply for permission to lease the following described lands:

Commencing at a post planted on the North West Shore of Okanagan Lake, within the town of Peachland, and distant South Easterly 66 feet from the South East corner of Block 3 in the said town of Peachland; thence South Easterly 300 feet into the waters of Okanagan Lake; thence South Westerly 516 feet; thence North Westerly 300 feet; thence North Easterly 516 feet to point of commencement and containing in area 3.56 acres more or less.

Dated the 9th day of April, 1909.

R. M. Winslow of Victoria, provincial Inspector of Orchards was in Summerland this week. He came in from the south end of the valley and is wending his way back to the coast.

George Gartrell is building a house on his Peach Orchard property.

**LOCAL NEWS**

C. Longhurst of Nelson is registered at the hotel.

There will be a great celebration here on Empire day. For particulars see bills.

Dr. Dark brother of Robert Dark is visiting friends in Summerland.

Mr. Horne of Vancouver was the guest of R. H. Agur this week.

J. D. Caverhill and Mrs. Caverhill of Vancouver spent a few days in Summerland this week.

Mr. and Mrs. Gaetzon and family of N. B. arrived this week and are thinking of making their home here.

Mrs. McClain and daughter, of Causo, N. S., are among the arrivals from the east in this community. Mrs. McClain is the mother of Gerald McClain of Jones Flat.

The services in St. Peter's church to-morrow will be as follows: Matins 11 a.m., Holy communion 12; evensong at Naramata in the hall, 7 p.m.

The Men's club building will be formally opened on May 24th. Rev. George Kerby of Calgary will preach morning and evening. The club opening will take place at 11 a.m. on the 24th.

The annual district meeting of the Okanagan Methodist churches was held in Vernon on Tuesday of this week. Splendid reports came in from the circuits and missions, showing what great strides the church was making in the valley.

Word has been received that Jack Steenson has secured a position as conductor on the electric railway in Vancouver and as a result, Jack's smiling face will not be seen on the diamond this year.

The Board of Trade has the bulk of the matter for the proposed publicity pamphlet on hand and it will be handed over to the printers very shortly. The book will be well illustrated and will embrace some 60 pages of matter.

A. S. Hatfield has sold his property on the lake front to Dr. Emmonds of Vancouver. Dr. Emmonds proposes building a handsome residence and otherwise improving the property. Next year he will move his family here and make Summerland his home.

C. H. Cordy has issued a very fine map of the district, a copy of which has been placed on the Editor's table. The map is of convenient size and is very compact and distinct.

## News from Peachland

Mr. Allan McKenzie left Wednesday morning for Vancouver.

Mr. Geo. Philips spent Wednesday in Kelowna.

Mr. and Mrs. D. H. Kirkby were passengers to Kelowna on Wednesday.

Miss M. White, of Summerland, is spending a few days in town this week.

Master Willie Silver was a passenger to Kelowna on Thursday's boat.

Mr. D. J. White and family have moved out to their summer residence.

Mrs. Vivian is suffering with a severe attack of la grippe.

Mr. Harry, who has been attending Manitoba College, arrived by Wednesday's boat to spend the summer with his parents.

Rev. C. W. White left on Tuesday morning to attend the meeting of the Synod in Victoria. He was accompanied as far as Kelowna by Mrs. White.

Rev. J. J. Nixon, accompanied by Mr. Wm. Douglas as lay delegate, attended the district meeting of the Methodist Church in Vernon this week.

Mrs. H. E. McColl gave a tea in honor of Miss Flora Needham on Thursday afternoon. Miss Needham leaves next week for the Coast, we understand.

Mr. Chas. Stevens, president of the Lake Shore Telephone Company, came up Tuesday morning with a gang of men to set up poles and string wires for several people who are having 'phones put in. Some ten or twelve are being installed this trip.

Mrs. J. Warnicker and family who have been spending a year here for Mrs. Warnicker's health, set out for Winnipeg on Wednesday. Mrs. Warnicker and Miss Warnicker will be much missed in social and church circles.

A serious washout took place early Sunday morning at a sandy point near the head of the main ditch. Foreman Wright has been busy all week with a large gang of men repairing the breach. He expects to have the water running again this week end.

### HAS A BAD LOOK.

So long as human nature remains as it is evils of one kind or another are sure to exist in society. Evil seems to be in the blood of humanity in such quantities that it is no sooner healed over in one part than it breaks out in another. It is so deeply seated and of such standing that local treatment can hardly be said to be a panacea, yet, local applications to one manifestation after another does seem to have afforded at least partial relief and maybe it has helped the whole body by so much.

Among the social surgeons of this province none is more active or more prominent than "Bruce" of the Saturday Sunset in Vancouver. He carries his little scalpel in his hand all the time and on the slightest symptom of the "swelling, soreness, heat and pain" that characterize an inflammation, he jabs it into the offending member in a jiffy. Sometimes it is a pimple, but oftener than not it is a boil or a carbuncle he incises, and he incises so heroically, washing it out afterwards with caustic solutions that very little of the "matter" remains undisturbed.

Just now he is treating the bad sore in connection with the system of sailor slavery, by which in Vancouver for a consideration properly placed, men who never rigged a sail are drugged or intoxicated and while in that condition are shipped as able seamen to some distant port. Charges of collusion are made, not only against the captains of visiting vessels and the firm of Sims, Levy and Evans who procure the men, but against the Ottawa government, to which pertains this detail of navigation.

Says Bruce: "The farcial phase of the matter is that the Dominion government is

fully aware of the conditions obtaining in this port and has been for two years. The inquiry before commissioner Alex. Henderson proves it.

That inquiry proved every assertion which this paper has ever made about Sims, Levy and Evans. It arouses grave suspicions of the integrity of the government shipping master, Capt. McPhaiden. It showed that Sims, Levy & Co., had corrupted the missionary of the Sailor's Institute. It showed that Capt. McPhaiden had illegally cleared ships from this port.

It proved that ships had been cleared from this port to Port Townsend, contrary to law, short-handed and without provisions.

It proved absolutely and to the hilt that sailors are robbed and shanghai'd in this port as a matter of course.

Yet since the Commission abruptly adjourned the report has lain snugly in an Ottawa pigeon hole. It has been suppressed by the Dominion government. The Saturday Sunset has a copy of that report. It will continue to publish and comment upon the evidence taken before the Commission until the government is forced from under the barn."

This is no surface scraping. It is the kind of treatment such a malodorous, sloughing ulcer requires, but seldom gets for the simple reason the competent surgeon for it is hard to find.

This sore has a particularly bad look and the pus thereof is peculiarly putrid. We can think of that kind of thing as going on in Turkey or Morrocco, or even in San Francisco, but in fair, free Canada—it sets one's teeth on edge to think of it.

We do not agree with all "Bruce" has to say but in this cleaning up we cannot but wish him well in common with all other decent thinking people. He deserves credit for his fearlessness in attack and his thoroughness in operation. A watch dog like him is hard to find and valuable to have, even if he does bury his teeth in the wrong pant leg now and then. This time he seems like to lay this villian by the heels before he has done growling, and when he does, he will have done a good work for city and nation. Therefore, sic 'em, Bruce, sic 'em.

Miss E. O. Closs, a niece of Miss Ballantyne, teacher of Garnett Valley School, who has been spending a few weeks here, left on Tuesday morning for the east. She will spend a season at LaRiviere, Manitoba, before returning to her Ontario home.

### AQUATIC SPORTS

**War Canoes are due—Cups offered for Competition  
May form Polo Club.**

The war canoe ordered by the Summerland Canoe Club is expected here this week and the boys are looking forward to enjoying a spin.

It is expected that the Naramata canoe will arrive at the same time and arrangements have already been made for a friendly match between the two teams as one of the Empire Day aquatic attractions.

A movement is on foot looking towards the formation of an Okanagan Canoe Association, under whose auspices all canoe races will be operated along the lake.

As an incentive to the war canoe crews Mr. W. R. Megaw has promised a handsome cup for perpetual competition.

Naramata is also putting up a cup for competition and a splendid line of aquatic sports may be looked forward to this season.

The Canoe Club leaders are also feeling their way towards the formation of a polo club, and if a sufficient number of young men are available the movement will probably materialize.

The Canoe Club has now about fifty members and expects to add a large number of names by the time the season is fairly started.

G. A. McWILLIAMS  
Summerland, B. C.

**WHAT IS THE POUND BY-LAW?**

Editor Review

Dear Sir—Will you be kind enough to inform me through the columns of your paper, just what the present pound by-law is? There was a change made last winter and there seems to be a mix up in the minds of residents as to what it calls for.

Yours truly,  
ENQUIRER.

N. B. Ed.—The by-law in a nutshell states that no live stock whatsoever shall be allowed to run at large over streets or roads or public property. All animals running loose are liable to be impounded. Johnnie Pierre is officially appointed to look after the matter and any complaints made to him relative to animals at large or being a nuisance will lead to their being promptly impounded.

**FROM SNOW TO SUMMER.**

Rev. Dr. Sawyer and Rev. H. G. Estabrook returned on Monday night after having attended a meeting of the Baptist Home Mission Board at the coast, where a great deal of important business of interest to the denomination was transacted. They then went to Brandon, Manitoba where the leading western college is situated, on Educational business. Both gentlemen were apparently well pleased to get back to Summerland with its sunshine and hills. They ran into snow at Revelstoke and sundry blizzards and zero weather. At Brandon there was a driving snow storm and six inches of snow on the level and the aspect was too decidedly wintry to be enjoyable.

**GASOLINE CANOES.**

Mr. George Gartrell has just purchased a moter canoe built by the Chestnut Canoe Company and supplied by Sheilds and Hatfield of Summerland. The special feature of this particular craft is safety combined with elegance and speed. Air chambers extend below the water line the whole length of the boat, thus securing it from sinking even though filled to the gunwale with water. Seven persons can sit very comfortable in her, and she gets through the water at great speed. The canoe is 20 feet long with 52 inch beam, and is finished in a first class manner, the inside being cedar and birds eye maple, and exterior painted green. She is the only craft of her build on the lake, but there is no doubt but what many will follow, as in such an one the squalls to which Okanagan is subject need not be feared in the least.

**W. C. T. U. ELECTS OFFICERS.**

The annual meeting of the W.C.T.U. was held in the Methodist church on Thursday afternoon. Officers for the coming year were elected and other business was transacted. It is expected that the Okanagan W.C.T.U. convention will be held here May 27 and 28.

Officers were elected as follows:

- Pres., Mrs. J. L. Logie;
- 1st V. P., Mrs. J. R. Brown;
- 2nd V. P., Mrs. James Hood;
- 3rd V. P. Mrs. H. G. Estabrook;
- 4th V. P. Mrs. J. R. McIntyre;
- Rec. Sec., Mrs. R. C. Lipsett;
- Cor. Sec., Mrs. J. Conway;
- Treas., Mrs. C. H. Smith;
- Auditor, Mrs. James Hood.

**HOSPITAL BOARD MEETING.**

The Hospital Board held an important meeting on Monday last and completed arrangements for taking over as much of the equipment and furnishings of the Glenburne Cottage hospital as they deemed advisable.

Nurse Sinclair has been placed in charge for the next three months. The Board will undertake the payment of the rent and telephone. The rest will be under Mrs. Sinclair's management, the Board still retaining supervision of the establishment.

**SCHOOL ATTENDANCE.**

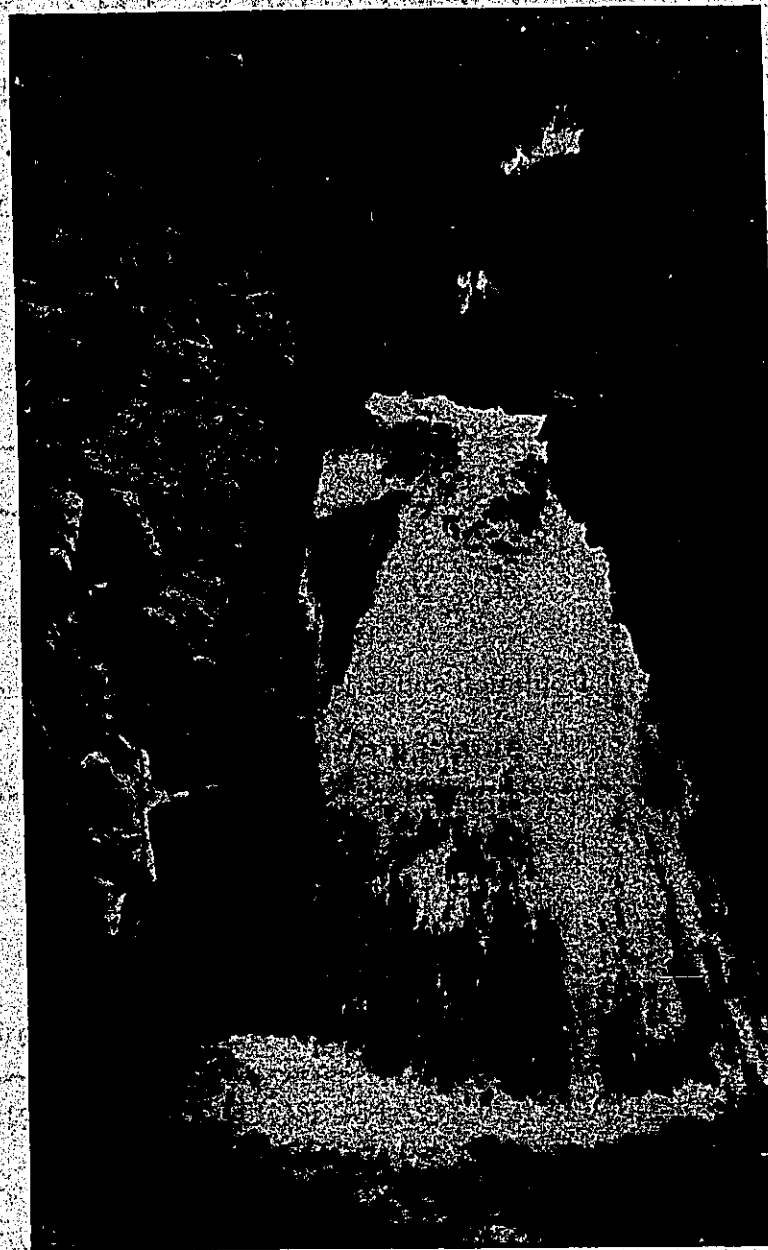

The following is a record of attendance at the Public Schools during April:

Central School, Div. I.	-	28
Central School, Div. II.	-	28
Garnet Valley School	-	18
Summerland Primary	-	26
Trout Creek School	-	10

The pupils of Div. I. Central School, who have taken the highest standing in their respective classes are: Senior 4th, Ruth Fulton, Aldyth Ireland, Lilian Brown, Annie Stuart, Edith Thompson. Junior 4th, Hazel Eagel, Kenneth Fysh, Rich Estabrook, Marjory Tingley.

Mr. T. H. Boothe, of Naramata met with a slight accident the other day which incapacitated him from regular duty for a time.

Mrs. F. A. Tovel, Naramata, will be at home to friends on Thursday, the 13th inst.

# The Summerland Review

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**

If it does write us and we will only be too glad to give you all the desired information.

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

## PRINCE RUPERT, B.C.

A great city is springing into being in British Columbia. It is Prince Rupert--the city of destiny.

Prince Rupert is the terminus of the Grand Trunk Pacific---the emporium of Northern British Columbia, Alaska and the Yukon---the centre of the great fishing industry of the north---and destined to be one of the great commercial and industrial centres of population on the continent.

Between 2,000 and 2,400 lots will be offered for sale by public auction in Vancouver, B.C., May 25th to 29th. Terms:--one-quarter cash; balance one, two and three years at six per cent. interest. Titles are absolutely indefeasible, which means that all titles are guaranteed by the British Columbia Government.

No city in the making ever presented to the world greater possibilities than Prince Rupert. What San Francisco is to California---what Portland is to Oregon---What Seattle is to Washington---and what Vancouver is to Southern B.C., Prince Rupert will be to the great developing region of the North.

For maps and further particulars, write,

**C. D. RAND,**

Agent for Government and Railway,  
Vancouver, B.C.

## Okanagan College

College Matriculation, junior & senior; Commercial Course; Stenography & Typewriting; Vocal & Instrumental Music.

For further particulars address the principal

**EVERETT W. SAWYER.**

Word has been received by the secretary of the Parkdale Baptist Sunday School that the library recently ordered from the American Baptist Publication Society, has been shipped. It will probably arrive next week.

Best value in town at Elliott's Stores.

Mr. Fitch and family, who have been in charge of Rev. A. T. Robinson's ranch, left on Wednesday morning for the coast.

The suits for the baseball team have arrived and will be in evidence at the next game.

### COLLEGE NOTES

Dr. Sawyer was absent for over a week on College business.

Miss Pearl Cunningham of Vegreville, Alta., is visiting her brother, one of the Commercial department students.

Yesterday was the last day of school for this term. On Monday exams commence and the students will reap as they have sowed.

The 16th will be college Sunday in Summerland. Two eminent preachers from the coast will be present and special music will be rendered.

Wednesday, May 19 has been decided upon as college field day, when a splendid programme of athletic sports will be witnessed on the campus. A representative of the college sports committee waited on the business men of the district and secured their consent to close their stores on Wednesday instead of Thursday afternoon of that week. Owing to the courtesy of the business men a splendid lot of prizes will be up for competition.

### STUDENTS AT HOME.

**Lyceum Club of Okanagan College Entertains Many Guests.**

On Thursday evening the Lyceum entertained a goodly number of friends at the college. Upon entering the building, the decorations were the first thing to catch the eye, and they were very creditable indeed, a good few hours must have been spent upon each room by the students interested, and the foliage of the surrounding district proved a good stand-by.

The feature of the evening was the filling of the topic card, which was handed to guests upon entering the main reception room. When this was more or less filled, according to the propensity for "butting-in" that the holder thereof happened to possess, conversation commenced, and a rythmical hum was heard throughout the whole place for eight minutes, then a tune was struck up on the piano notifying it was time to change, and so throughout the ten items on the program. It seemed as if the piano was playing the whole of the time, or the clock--the special alarm in the corner--must have been regulated to make record time, for the minutes went like moments and one was always sorry that the time was up, but encores were not allowed so many little chats remain unfinished till a further opportunity occurs. It would be of great interest just to garner the whole of the various chats--what "copy" for the Lyceum--the editor's job would be a sinecure for the next three issues.

At the close of the tenth item on the program, the eleventh followed of course, but this was marked refreshments, and all joined in very heartily. The evening was a most enjoyable one and a success in every way.

LOCAL NEWS

W. J. Hallimond of Virden, Manitoba, was a visitor in Summerland this week.

W. McNair of Armstrong, paid Summerland one of his periodical visits this week.

Mrs. F. A. H. Fysh left on Tuesday's boat on a visit to the coast.

Charles Phinney left on Tuesday morning for the west coast. He expects to spend the summer in Seattle.

Rev. R. J. McIntyre will take the Presbyterian service in Parkdale schoolhouse on Sunday.

The wild geese are still going north. On Saturday evening last a large flock passed over the flat, and their wierd, honk honk combined with the croaking of the frogs, made a most lovely orchestration.

Mrs. Harper of Brandon, is the guest of her nephew Rev. H. G. Estabrook. Mrs. Harper is a sister of Mr. Tingley of Garnet Valley and also has a number of old friends in the district.

Dr. and Mrs. Emmonds of Vancouver are paying their first visit to Summerland. Dr. Emmonds has a fine five acre orchard in Pear Valley, and is well pleased with both the district and the property.

Rev. James Hood left on Tuesday morning for Victoria for the purpose of attending a general meeting of the Presbyterian Synod of B. C. Owing to his absence the Sacrament, announced to take place on Sunday has been postponed until further notice.

In order to keep pace with the growing demands of their business, the Supply Company's store at Parkdale has been enlarged by the addition of another 30 feet to the north end of the building. The lower portion of the new section is to be stocked with hardware on one side, and boots and shoes on the other. A complete line of furniture will be placed on the upper floor.

Mr. R. T. Heselwood of Kelowna, who has been travelling through the valley examining orchards in Peachland, Kelowna, Summerland and Penticton, assured a member of the Review staff that the peach crop is going to be very satisfactory, and that the trees which have suffered to any extent during the winter frost, are those which were filled by an early supply of sap which exhausted the roots. The average number affected being only from 3 to 5 per cent.

The Brown Brothers Company, Nurserymen, OF ONTARIO

Are extensive growers of all kinds of Fruit Trees, Shrubs, Roses, and Ornamental Trees, and the members of the firm are all practical nurserymen of 25 years experience, and have built up the most successful and extensive business of the kind in Canada.

The growing of the stock, as well as every other detail in connection with the work, is personally superintended by the individual members of the firm, and they work on the plan that the best is none to good for their customers.

We have made large shipments of trees into the Okanagan Valley and can give the names of the largest planters in that district, who have planted our stock successfully, if desired.

Our trees are grown in the famous Niagara district, in Ontario, in a climate very similar to that of the Okanagan Valley, and our trees are consequently better suited to the needs of planters there, than are the Coast stock, being more hardy in wood, with a more abundant supply of fibrous roots, which count for much in making an investment in an orchard a safe and permanent one.

We shall be pleased to hear from prospective planters, with a view to supplying them with the best grade of trees, true to name. We wish to secure the services of a good reliable man to represent us and will make liberal terms to the right party, for all, or a part time. Write for terms, prices, etc., to

CHAS. L. TROTTER, Manager,

Brown Brothers Company, Nurserymen, Ltd. 1125 8th Av. Vancouver, B.C.

PROTECT YOUR TREES

These destroyers cannot live where trees have been treated with WARNOCK'S TREE PAINT

Pear Blight, Rabbits, Mice, Borers, Canker Worm, San Jose Scale, Oyster Shell, Bark Louse and Sun Scald. THE COST IS VERY SMALL. It will not wash off. One application protects for two years. Warnock's Tree Paint is not an experiment. It has stood the test for 5 years in all parts of the United States. It is an absolute Preventative and Cure for Pear Blight. We invite investigation. The Arkansas Experimental Station has used this tree paint for three years. November, 1907, they purchased 50 gallons for free distribution among leading orchards. Send for 16-page free booklet to Agent: C. H. CORDY, Summerland. G. R. LAWES, Enderby B.C. Sole Manufacturer for B.C.

In order to cope with the growing business at this point, the C. P. R. has placed Mr. A. Selwood here as assistant to Mr. George Ross the agent.

The new road through the gulch is nearing completion, the contractor only having put in two more culverts. It is expected to be finished by the end of this month. By the way, is it to be shaled? especially at the horse shoe bend, which is a little dusty even now.

Mrs. Coldwell of Winnipeg is a visitor in Summerland. Mr. and Mrs. Coldwell own the magnificent ten acre orchard just beyond the high flume, opposite to the Kirchoffer property.

Dr. Munro of Vancouver, has been a visitor in town during the past week. He is the owner of twenty acres of land in the Trout Creek district and has made arrangements for his brother to come to Summerland and manage the property.

**Provincial and General**

Work has started on the Grand Trunk Pacific Railway shops and terminal located a few miles east of Winnipeg, which, when completed will have cost \$5,000,000.

Jakey Berger's dog team made a clean sweep of the big Alaska sweepstake at Nome on April 6. Berger's team No. 1 driven by Scotty Allen, won the race while his team No. 2 finished second. Albert Fink's team which won the race last year, finished third. It is said that \$100,000 changed hands on the race. The course was from Nome to Candle and return, a distance of 415 miles. The time was 82 hours and 2 minutes. —Katala Herald.

A general meeting of the Kelowna Civilian Rifle Association was held in the Fire Hall last week and re-organized for the year with the following officers: Hon. Pres. F. A. Taylor; Hon. V. P., F. R. E. DeHart, H. W. Raymer, J. F. Burne, J. Bowes, J. E. Wheeler; Captain, T. Allan; Vice-Capt., T. Hudson; Secretary, N. Ellison.

Mr. Stuart Henderson, M.P.P., has taken an option on the North Thompson coal claims owned by Kamloops people, and the first payment was made this week. His honor Lieut.-Gov., Dunsmuir is stated to be interested in the deal.

Several members of the council and the municipal clerk turned out on Wednesday to fight fire that had crossed the river from the Indian reserve in the vicinity of Miss Fowler's place and threatened to do damage in that quarter. They fortunately succeeded in getting it under control. —Penticton Press.

A good deal of inquiry is going on among New Zealand exporters as to the prospects of British Columbia as a market for potatoes and onions. A few weeks ago potatoes were selling at \$17 a ton while at the coast they are fetching at from \$50 to \$60 a ton.

The new Alaskan liquor license law which makes a flat rate of \$1000 for retail licenses without regard to population, has already had the effect of closing down a number of saloons at Cordova and Seward. —Katala Herald.

**Subscribe for The Review**

Why should Summerland Fruit Lots be worth \$100.00 per acre?

???

Why? Because full bearing orchards in a good state of cultivation pay great dividends.

A stock or bond which pays dividends of \$60 a year is worth \$1000 so long as money is worth 6 per cent.

Anything else which will yield \$60 a year of income is worth \$1000.

**DIVIDENDS DETERMINE VALUES**

Orchard lots in Oregon often yield as high as \$1000 per acre.

If we say \$200 net returns per acre from a mature well-kept orchard, what is that acre worth by the rule that governs bank stocks?

This is the way they made us work it out in school according to Hamblin & Smith's Arithmetic:

\$6 is the interest on \$100 for one year  
 \$1 " "  $\frac{100}{6}$   
 \$200 " "  $\frac{200 \times 100}{6} = \$3333.33 \text{ Ans.}$

## VOCAL RECITAL.

### Okanagan College Students Present Excellent Programme on Friday Night.

Friday evening last was the occasion of a recital given by the vocal pupils of Okanagan college, which was held in the College when an appreciative audience gathered to enjoy another of these increasingly popular functions.

The chapel was comfortably filled. The programme, which might have been a little more extended was relieved of any possible monotony by the introduction of Godard's second Mazurka in B flat which was tastefully rendered by Mr. Chester McNeill, and a duet, Final Valse, Op 100, by Lack, given by Miss Logie and Mr. McNeill, both pieces drawing much applause.

Solos were rendered by Messrs. Logie Duncan and Carter, which were received with the enthusiasm which has always been accorded these veterans.

It would be well however to notice more particularly those pupils who made their debut as soloists, and if one might be permitted to express any preference, would say that to Miss Florence Ramsay belong the honors of the evening. Possessing a pleasing presence and a sweet, tho' not powerful voice, which was well used, she quite charmed her audience with her rendering of Gounod's "Lullaby." It was a difficult piece for one of so little experience but as it proved the selection was well chosen.

Mr. G. Morgan can hardly be considered a debutant, as Summerland audiences have had the pleasure of hearing him before. In his new role, he was liked even better, and it is hoped that he will be heard more frequently. His solo was perhaps not so well chosen as were others.

Miss M. Mallett sang (a) From Grief I Cannot Measure; (b) Farewell, in a manner and with a quality of tone which are distinctly her own.

The bass solo by Mr. Gilbert Thornber was well sung and favorably received although he was laboring under the disadvantage of a severe cold. He has a voice of good promise especially in his lower tones. It is hoped that he will be heard again under more favorable conditions.

Miss Dorothy Davis also pleased the audience much by her manner and singing of

"The Swallows" by Cowan. Her flexible and pleasing voice is well adapted to singing this class of music.

"A Summer Night" by Goring Thomas was sung by Miss Blyth. Miss Blyth has a voice which will be of real use to the community and the source of much pleasure.

Among the pleasurable surprises of the evening was a solo, "The Day is Ended" by Mr. Charles Kerr. Mr. Kerr sang very acceptably, with quite a debonair manner and with a pleasing voice; he will always command favorable appreciation of his talent.

## DIED AT LOS ANGELES.

Tidings of the death of Mrs. John Giles, a former resident of this district has been received. Her death took place at Los Angeles, Cal., where she had spent the winter in the hope of regaining her failing health.

A paralytic stroke was the immediate cause of her death, which took place on May 3. Her husband and daughter, Mrs. C. S. B. Burley, of Portage la Prairie were present with her at the time of death. Her sons, Mr. W. H. Fares, of the firm of Gordon, Ironsides & Fares, and Mr. J. A. Giles both of Winnipeg, were both absent. The remains were taken to her old home town of Portage la Prairie for interment.

Mr. and Mrs. Giles were well-known in Summerland. They built and occupied the handsome cottage just above the town which on their leaving the district was purchased and occupied by Mr. W. J. Robinson.

The deceased lady was very popular with all who knew her and for the greater portion of her life had been active in church and charitable work. The sympathy of all who knew her is extended to the bereaved husband and family.

## CAUGHT ON THE STREET.

An Englishman fond of boasting of his ancestry took a coin from his pocket and pointing to the head engraved on it said: "My grandfather was made a lord by the king whose picture you see on this shilling."

"Well" said the visiting drummer from across the line "Ain't that a coincidence," producing a Yankee cent from his pocket, "See! my grandfather was made an angel by the Indian whose picture you see on this cent."

## PRAIRIE SCHOONER.

### German Family from Alberta Treking South to Idaho.

A typical prairie schooner blew into Summerland a few mornings ago bringing with it a breath of bygone, before the smoke and roar of the locomotive was heard in the land, or the country was cut up with a network of railway tracks. The outfit consisted of a strong wagon with good strong brakes, pulled by a stout team of horses. The wagon box was covered in caravan style with an oilcloth covering, and there were three passengers, Mr. and Mrs. Cunky and daughter, Germans, who have been residing in Alberta for a number of years. The schooner contained all the necessaries for the trip and nearly all the comforts of a home. Bales of hay were fastened on behind and a summer picnic element seemed to pervade the whole outfit.

The party shipped by rail as far as Vernon and this was the first break in the journey. The objective point is Washington State and possibly Idaho U. S. A. After staying about an hour in Summerland the schooner blew out after Mr. Cunky had made careful enquiries for the road to Penticton and further south.

The idea might commend itself to any desirous of putting in a pleasant and varied summer holiday.

## W. C. T. U. CONVENTION.

There will be a W. C. T. U. convention in Summerland on May 26, 27 when a large number of delegates from points all along the Okanagan are expected to be present.

The sessions will be held in the Methodist church commencing at 9 a. m., and a choice programme of good things has been arranged. On Wednesday evening a public meeting will be held at which an address will be given by Mrs. A. T. Robinson, F. R. S. G. S.

On Thursday morning the convention sessions will be brought to a close. In the afternoon the delegates will be introduced to the beauties of Summerland by means of a long drive.

J. S. Hooper, one of Rossland's real estate men was a visitor in Summerland this week.

### CLEVER AMATEUR ARTISTS.

#### Naramata Amateur Dramatic Company Provides Delightful Entertainment.

The Naramata Amateur Dramatic company last Tuesday evening presented the rousing farce comedy "All a Mistake" in the Naramata opera house before a large audience and scored a decided success.

It has become a recognized fact that whatever is undertaken by Naramata entertainers is always a success and Tuesday's event has added still another to their list of triumphs.

From the rising of the curtain to the end of the last act the interest was intense and many sides were sore with laughter.

The stage setting for the various acts was admirable, no detail being omitted to mar the harmony of the play and the players covered themselves and their talented trainer, Mrs. Gillespie, with glory.

The cast of character was as follows and each had made such a careful study of the part to be portrayed as to have positively killed anything approaching stage fright.

Capt. Obadiah Skinner, A retired sea captain, Mr. H. Mulford; Lieut. George Richmond, His nephew, Mr. F. Manchester; Richard Hamilton, A country gentleman, Mr. L. Block; Ferdinand Lighthouse, A neighbor, Mr. W. Miller; Nellie Richmond, George's wife, Miss Davies; Nellie Huntington, A friend, Mrs. Wellband; Cornelia (Nellie) Skinner, Obadiah's sister, Miss Hatfield; Nellie McIntyre, a servant, Miss Gladys Robinson.

There was a good representation of Summerland people in the hall, but many who would have liked to have been present were unable to do so. There is no doubt but that if the play were to be repeated in Summerland an excellent house would be assured. The hospital board might perhaps secure them for a benefit.

Mrs. F. Allan Tovel solos between the acts contributed greatly to the enjoyment of the audience.

Messrs. Richardson & Co. are extending their premises on the flat. They have in course of erection a shed 100x20 for their finished lumber, but more particularly for stock, such as doors shingles, window frames, etc. The firm is now in a better position to handle their ever increasing trade.

The telephone gang has returned from a trip to Peachland where the system was overhauled. They are now busy on the local lines.

**SUMMERLAND DIRECTORY :**

William Newman, the last of the Bridesville bandits, was taken to the provincial gaol at Nelson from Greenwood on Monday night where he had been sent to await trial by I. H. Hallett, police magistrate. The three men concerned in the holdup which took place last December are now, through the efforts of Chief Constable Bunbury, in the provincial gaol there.

Lord Roberts has sent an autograph copy of his book, "Forty Years in India" to be competed for as a prize by the Saskatchewan Rifle association at Saskatoon this season.

A \$30,000 city hall will be erected at Kamloops this year. The salary of the mayor is to be increased to \$1,000 a year, and for the first time, the aldermen will draw a salary of \$20 per month.

Provincial and General

Dr. J. H. Romig superintendent of the bureau of education for this section, recently distributed five tons of provisions among 275 Indians at Copper Center.—Katala Herald.

C. D. Murane of Nome has been appointed a district attorney for Alaska, and will probably be located at Fairbanks. Murane was the Republican candidate for delegate in congress in 1906.

Fierce bush fires have been raging in the Shuswap valley all the way from Lumby to Shuswap Falls. Much valuable timber and many settlers' houses and effects and several mills have been destroyed.

A special train with leading business men of Winnipeg are touring western Canada with the object of getting support of cities and towns for the world's fair to be held in the prairie city in 1912, are meeting with splendid success. They have been well received at all points visited so far, and no doubt the project will be well supported by citizens of every class throughout the west. A delegation will visit Ottawa shortly to ask for a grant from the government.

ATTRACTS INVESTORS.

British Columbia Looms Large in the Eyes of British Investors.

British Columbia never before bulked so large in the minds of British investors as it does to day, according to Hon. Edgar Dewdney, who has just returned from a lengthy visit to the old country. Inquiries with regard to every class of industry are being received and immigration into this province should be heavy.

"The province should be enriched by the influx of hundreds of people desirous to engage in farming. All have capital and all should prove desirable citizens"

While in London, Mr. Dewdney was surprised to find so little B. C. fruit in evidence at the markets. He visited several of them and though he could obtain fruit from Cape Colony, Washington, Oregon, California, Ontario and Nova Scotia, he found scarcely any from this province. The dealers stated that it was a favorite, but apparently the growers had disposed of their stock elsewhere.

**LOCAL NEWS**

Mr. and Mrs. J. S. Campbell, late of Calcutta, India, were in town this week.

**WALKER**—On May 7th, born to Mr. Mr. and Mrs. A. E. Walker, a son.

Mrs. J. Johnston of Balcoma, has gone to Manitoba on a visit to relatives there.

S. F. Peterson of the Crown Point hotel of Trail, B. C. was a visitor in Summerland this week.

Mr. Cancellor has purchased both a sailing boat and a row boat which can be rented by patrons of the hotel.

Mr. and Mrs. H. Martin of Vancouver were guests at the hotel this week. During their stay they took a turn at boating and fishing.

In Peach Orchard, two or three cows and a bay pony are running loose. It is very probable that these will be impounded if the owners do not look out.

Sunday's heavy rains have gladdened the hearts of the orchardists and ranchers and the whole district is now a mass of blossom. The rain was the first this season and one of the heaviest on record.

J. P. Forde of Revelstoke, C. P. R., engineer was a visitor in town this week look-over the district. It is rumored that his visit here was in connection with the construction of the proposed C. P. R. wharves at this point.

An amusing incident occurred the other day. At the tie-up by the hotel a young couple thought they would get a little ride whilst owner of rig was away. In they jumped with all speed, clicked to the horse but he would not move. They had forgotten to loose him. The most amusing part of it was that many people were standing around, and dignity could not be maintained.

Sunday next will be Flower Sunday in Methodist church. This is an annual service and promises to be just as enjoyable as on previous occasions. On Saturday the children of the Sunday School will ransack the country side for floral gems with which the church will be adorned on Sunday. Special music will rendered and appropriate addresses given.

A. J. Henderson, eye specialist, of Toronto, Ont., will be in Kelowna for ten days from May 17 to 27 at Mr. W. R. Trench's drug store.

### BRITAIN'S MOST IMMINENT NEED.

We may be wrong in thinking so and we hope we are, but really it seems to us that England's horoscope is anything but favorable at the present hour. In the phrase of the street, she seems to be "hard up against it." She is immensely wealthy, but the bulk of her wealth is invested outside, much of it in building up enemies to plague her. Her natural resources underground are steadily diminishing in quantity and increasing in cost of acquisition. Her stalwart sons form a constant procession towards other shores, though these shores are, it is true, for the most part friendly. One tenth of her population is in such dire poverty as to be a tax on the other nine-tenths, and her erstwhile commercial dependents are growing so industrially self-contained and self-reliant as to make constantly diminishing use of her spindles, looms and foundries.

At the same time her great commercial rivals, Germany and the United States strain every nerve for supremacy in business as they increase in wealth and power. Worse yet, the former nation seems, under the restless energy and large ambitions of Kaiser William, to be deliberately planning such a war of aggression as lately embroiled the Jap and the Muscovite in deadly encounter.

England's supremacy is manifestly the object of attack, for that check once removed, the path to the supremacy of Europe would be easy. Hence the daring change of German policy that leads to the building of the twelve terrible Dreadnoughts to complement her vast standing army.

Nor is this all. More significant and

sateful in our judgment, is her determination to rule the upper air, for needless to say, the nation which rules there will rule indeed. While England, trussed like a Thanksgiving turkey in the blue cords of her conservatism sticks to her naval policy as her sufficient protection and contributes a beggarly \$95,000 for aeronautics, Germany contributes hundreds of thousands. According to Mr. Arthur du Cros, Unionist M. P., and she will in three years have 25 Zeppelin dirigible airships capable of dropping lyddite shells on Woolwich arsenal, London or its channel squadron. Six such balloons built have already been built for that government at a cost of \$1,500,000 and one of them has already travelled 150 miles.

These are "ships that pass in the night" when the shooting at an elevation is bad and the lights of a great city make excellent targets for the dropping of high explosives.

If those twenty-five Zeppelin air ships got busy over the Channel squadron some night, the ensuing daylight would probably see the beginning of the end of England's greatness. The German Dreadnoughts might then show for what purpose they had been built and the German standing army would do the rest.

What England needs is less conservatism and fifty air ships. She could build them for the cost of one Dreadnought. If she doesn't, her proximate enemies may one of these days have her badly crippled or altogether downed before her colonies and friends get around to her aid.

Britain's most imminent need is a few Dreadnoughts of the air.

### Y. P. S. ELECTS OFFICERS.

The Young Peoples' Society of the Parkdale Baptist church held its semi-annual election of officers on Sunday evening last and the following were elected to hold the reins for the ensuing term:

Hon. Pres., Rev. H. G. Estabrook;  
President, Miss A. Dale;  
Vice President, Mr. Ernest Lock;  
Rec. Sec., Miss LaNora Sherk;  
Cor. Sec., Mr. A. E. Wescott;  
Treas., Miss B. Logie;  
Organist, Miss Grace Logie.

The appointment of committees was left in the hands of the executive committee.

The devotional part of the meeting took the form of a farewell to the college students and a number of short addresses were made by those present. The Sunday

day evening meetings have been largely attended and with the able staff of officers elected, it is expected that their helpfulness and popularity will continue.

### CHORAL CONCERT.

Splendid Musical Programme to be Presented by Local Vocalists.

The following excellent programme will be rendered in Empire hall on Monday evening by the Okanagan College Choral club. The concert promises to be well up to the standard of former efforts.

#### PART I.

1. "Inflammatus" (Stabat Mater) Rossini  
The Choral Society.
2. "Lullaby" Hawley  
Misses Maud Blyth, Florence Ramsay,  
Georgina Logie, Evelyn Brown.
3. "Spanish Serenade" Elgar  
Choral Club.
4. "My Heart at Thy Sweet Voice"  
(Sampson and Delilah) Saint Sæns  
Miss M. Helen Bartholomew.
5. "Spinning Chorus" (The Flying Dutchman) Wagner  
Ladies of Choral Club.
6. "The Lost Chord" Sullivan  
Misses Blyth, Ramsay, Logie, Brown.
7. "The Night has a Thousand Eyes"  
Vogrich  
Choral Club.

#### PART II.

#### A SONG CYCLE.

"In a Persian Garden." Liza Lehmann  
Soprano Miss Catherine Davison; Contralto, Miss Eunice W. Haines; Tenor, Mr. Ward Duncan; Bass, Mr. Norman E. Carter.

## Calendars: Cost Price

Summerland Drug Co.

**LOCAL NEWS**

Mrs. Morland has left town on a visit to relatives in Galt, Ontario.

Mr. Powers, Sir Thomas Shaughnessy's private secretary, was here last week on a tour of inspection of Sir Thomas' property.

Mrs. Adam Stark left this week for Brandon, Manitoba, where she will visit for awhile.

Mrs. George Wolstencroft and Miss Bowler left on Wednesday morning for England on a visit to relatives. They expect to sail on the Empress of Britain on May 21.

Kelowna philanthropists are organizing a Lawn Tennis Tournament in aid of the Kelowna Hospital. A trophy is to be procured for competition and an entry fee will be charged, the same to be devoted to the hospital.

F. R. Ackland, T. B. Ackland and J. Birch, three young Englishmen just out from the old land came into Summerland this week and have located in the Meadow Valley district.

M. Nichol, J. Armit and F. Harvey left this week for Stettler, Alberta. Jack Armit fully expects to return to his home in Fifeshire, Scotland, before he stops his wandering.

Mr. C. H. Gayton and family are among the newest settlers in the Summerland district. They arrived here this week with their household goods and farm appliances from near Woodstock, Carleton County, N. B. Mr. Gayton has purchased Mr. B. H. Sherk's property, where he will reside in future.

Mr. VanHise has just received a two cylinder hot air engine from a Montreal firm for use at his ranch north of the town and out of reach of the irrigation system. The engine which is capable of throwing 800 gallons of water an hour, will be placed at the water level and will distribute the water to all parts of the ranch, some sections of which are 200 feet above the water level.

The young people of the down town Baptist Sunday School entertained the members of the Parkdale Baptist church junior bible class on Saturday evening last. A well arranged programme of games and other amusements followed by refreshments kept the fun going until about 11 o'clock when the party broke up without infringing on Sunday morning.

**:: Naramata Notes ::**

Mr. and Mrs. J. S. Gillespie have moved into their tent on the beach.

Mr. Jno. Cameron one of our expert gardeners, has accepted a position with the Company.

Mr. and Mrs. J. Brodie, who recently moved in here from Winnipeg, have taken up their residence in Mr. Wellband's cottage on the latter's fruit lot.

Mrs. McDowell till recently of Summerland, has assumed her new duties at the hotel where her presence is already proving beneficial to this popular house. Mrs. McDowell will reside for the summer in one of the cosy tents on the lake shore.

Messrs. Jack and Will Robinson are expected home shortly from Toronto where they have been attending McMaster University.

Mrs. Jno. Niblock, after a few weeks holiday at Naramata, returned to her home in Calgary Thursday morning.

The various members of the Dramatic Company are receiving the congratulations of their friends for the successful presentation of their several parts during Tuesday night's performance.

**CARD OF THANKS.**

Words cannot express the kindly feeling of Mr. and Mrs. R. H. King toward the friends of Naramata and of Summerland also, who came to their assistance with kindness, sympathy and cheeriness, after the awful calamity which befell them when their home was destroyed by fire. Mr. and Mrs. King have never met with a community so generous and kindly when anyone is in trouble no matter how small. Mrs. King's parents, Mr. and Mrs. James Young of Winnipeg, join heartily also in thanking everyone for their goodwill and generosity during such a misfortune.

Mr. and Mrs. R. H. King  
Naramata, B. C.

**RIFLE ASSOCIATION.**

The leading scores on Saturday last at the rifle range were:

	200	500	600	Total
M. Steuart	30	31	30	61

**EMPIRE DAY SPORTS.**

The sports on May 24th promise to be more than usually interesting. The Men's Club which has undertaken to make the day one of which the town will be proud, is looking for the biggest crowd on record.

All the contests are strictly amateur and the proceeds from the gate receipts on the College Campus in the afternoon will be used to defray expenses, prizes, etc. No subscriptions or donations are being solicited and as the charge for admission is only 25 cents no one can afford to miss the three hours of solid clean sport.

The lecture on "The Eternal City" by Rev. Mr. Kerby will be given in the Hall of the Men's Club, in the evening and will be a fitting climax to Empire Day.

**COLLEGE CLOSING FUNCTIONS.**

To-morrow will be Okanagan College Sunday and the day will be filled with good things for all who may desire to participate in them.

In the forenoon at 11 o'clock the pulpit of the Parkdale Baptist Church will be filled by Rev. Christopher Burnett, one of the leading Baptist pastors of Victoria. In the evening at 7 o'clock Rev. P. C. Parker, pastor of Central Fairview Baptist Church, Vancouver, will be the speaker.

Services in both the Methodist and Presbyterian Churches and the Baptist Sunday School at the Front have been withdrawn for the day. The Sunday School session at Parkdale will be held at the usual hour.

Wednesday evening will be the banner occasion for the students, and it is expected that the capacity of the College Chapel will be taxed to the utmost.

Certificates will be granted to the successful students in the Commercial department, and three prize essays will be read by matriculants. An address will be given by Rev. B. Freeman of Enderby, and it is more than probable that the College yell will be heard in all its glory unless the baseball match and subsequent sports prove too much for the vocal chords of the students.

A syndicate of riflemen have purchased a thousand yard range from Messrs. Lumsden and Polson and will at once get it into shape. The range is one of the best in B. C. and the conditions one is liable to meet with in other places will be found on it. — Armstrong Advertiser.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**

If it does write us and we will only be too glad to give you all the desired information

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

*Spend Empire Day in Summerland*

EXPLAIN I. G. G. C.

Rev. A. T. Robinson and Mrs. Robinson Unfold  
Plan for Assisting in Missionary Work.

On Sunday evening last, the pulpit of the Methodist church was occupied by Rev. A. T. Robinson and Mrs. Robinson, pastor McIntyre presiding, and together they laid before the congregation the merits of the Industrial Guild of the Great Commission, of which Mr. Robinson is the founder.

The primary object of the organization is the raising of funds for the advancement of missions. The plan is simple and feasible and has been highly commended by all denominations and most successful where faithfully carried out. It calls for the expenditure of a small or large sum of money at the outset according to the plans of the individual for making money. He may plant potatoes or embark in some simple mercantile enterprise. At the end of the season or the term when the revenue is expected, the total expense is deducted from the net proceeds, and the profits go to missions. Each member pledges himself or herself to endeavor to raise one cent per day per year. In addition to its financial aspect, the institution is conceded to have high educational value where juveniles are concerned. It is worked out as an application of the manual training principle.

If this were carried into effect by the Christian people of the land it can readily be seen that the cause of missions would receive a great impetus.

During the evening Mr. Robinson dealt with the Educational phase of the work while Mrs. Robinson unfolded the financial side and enlarged on the great need of missionary endeavor as evidenced in the condition of heathen lands she has visited. The speakers were followed with the closest attention and about thirty were enrolled as members of the guild at the close of the meeting. Mr. and Mrs. Robinson will present the matter before other congregations as opportunity offers.

Mr. and Mrs. J. Smith of Glasgow, Scotland were guests at the hotel this week. They are on the home stretch now after a trip around this little terrestrial planet and have taken the journey by easy stages. In a chat with one of the Review staff Mr. Smith expressed great admiration for Canada and particularly for B. C. It may be that they will settled here at some future date.

The foregoing lots will only be lifted from the ground on day of sale.  
All the plants will thus retain their freshness.

## Chas. H. Cordy - Auctioneer

**NEW CRAFT LAUNCHED.**

Last week the Boat Co. at Naramata launched the craft which they built to the order of Mr. Adam Stark, of Summerland. She is a Compromise Stern Launch with 17 ft overall, a 4 ft 2 in beam, and 17 in draft. She is a very well built boat, of good appearance and exceptionally strong. The decks are of alternate strips of white pine and dark cedar, and inside is all varnished.

A 2 1-2 h.p. Fairbanks Morse motor with reversible propeller giving a speed of about 7 miles per hour, has been installed by Messrs. Shields and Hatfield.

The Company are now constructing a 22 1-2 ft torpedo stern launch for Mr. C. E. Bentley, which will be fitted with a 5-7 h.p. engine. It is of interest to note that they are making a speciality of flat bottomed row boats for \$27.00 complete.

**COLLEGE FIELD DAY.**

Next Thursday afternoon is the time set for the annual college field meet, which will take place on the Campus commencing at 2 o'clock.

The events will be run separately for juniors and seniors, and judging from the successes achieved last year every event will be full of interest.

- 100 yards Flat Race.
- 220 " " "
- 440 " " "
- 1-2 mile
- Putting the Shot.
- Broad Jump.
- High Jump.
- Hop Step and Jump.
- Sack Race.
- Wheelbarrow race.

These events are only open to college students.

There will also be a relay race for teams of four, each man to run 440 yards, for which a handsome silver cup is offered. This event is open to all and it is hoped that teams from Summerland and outside points will compete. Owing to the large number of events, the sports will start promptly at 2 o'clock as the programme is a lengthy one. Programmes will be for sale on the grounds. The merchants have kindly consented to close their stores on Wednesday instead of Thursday afternoon thus putting it within the reach of all to take in the sports.

W. R. Bartlett took a business trip to Peachland on Wednesday.

Twenty-five years' experience in Portraiture has enabled him to attain success in this branch. The latest styles in mounts will be kept in stock.

**Subscribe for The Review**

Why should Summerland Fruit Lots be worth \$100.00 per acre?

???

Why? Because full bearing orchards in a good state of cultivation pay great dividends.

A stock or bond which pays dividends of \$60 a year is worth \$1000 so long as money is worth 6 per cent.

Anything else which will yield \$60 a year of income is worth \$1000.

**DIVIDENDS DETERMINE VALUES**

Orchard lots in Oregon often yield as high as \$1000 per acre.

If we say \$200 net returns per acre from a mature well-kept orchard, what is that acre worth by the rule that governs bank stocks?

This is the way they made us work it out in school according to Hamblin & Smith's Arithmetic:

\$6 is the interest on \$100 for one year

\$1 " " " "  $\frac{1.00}{6}$

\$200 " " " "  $\frac{200 \times 100}{6} = \$3333.33 \frac{1}{3}$  Ans.

## OKANAGAN COLLEGE CLOSES STUDENTS RETURN HOME

College has Right of Way for a Week--Brilliant Closing Sermons by Visiting Divines--Choral Gives Excellent Concerts--Well contested Sports--Fine Graduating Essays Read--Commercial Diplomas Granted.

Another year at the Hill has gone into history. The annual commencement exercises took place last night in College Hall. A large and representative audience of friends and citizens greeted the student body. The Chapel was filled to overflowing when Dr. Sawyer, principal, took his seat on the platform. With him were Rev. D. E. Hatt, College travelling secretary, and Rev. B. S. Freeman of Armstrong, the speaker of the evening. The faculty and graduating students took their respective places, as a piano duet was rendered by Messrs. Peck and C. McNeill of the Junior classes.

Rev. D. E. Hatt opened the exercises by prayer. Dr. Sawyer in his opening remarks then spoke in some detail of the great growth of the school during the past year. Upwards of 100 have been enrolled. A College spirit has been engendered in the heart and mind of every student. Strenuousness has marked the work of faculty and students alike. The students have caught the spirit of the school, and have accordingly endeavored to promote its every good.

After this address, three essays prepared by students in the matriculating class were presented. These essays had been selected by the faculty from essays prepared by every student in the class. The essays read were "The foreign element in Canada and its assimilation," by Wilbur S. Watson; "The future of Canada," by Frank Hayward; "The value of a classical education," by Ernest Lock.

The delivery was excellent, and the material and thought was worthy of college graduates, rather than matriculants.

The college quartette then very pleasingly rendered the "Slumber song."

Rev. B. S. Freeman, of Armstrong was the speaker of the evening and gave an excellent address on "Faithfulness" and was followed by Misses Haines and Logie who rendered a pianoforte duet.

One of the important functions of the evening was the presentation to the graduating class of diplomas by Dr. Sawyer.

The Freshmen of this year who were matriculants last year received their diplomas, after a patient wait of one year. The class was as follows: Miss Etoile Fulton, Miss Georgina Logie, Campbell Robinson, Clifford McWilliams and Roy Stevens all of Summerland.

The matriculating class of this year were Ernest Locke, Frank Hayward, Findlay McWilliams and Wilbert Watson. These all received diplomas, and the graduates of the commercial department also received these. Those who completed the business course last year were Ben LeGros, Gerald Johnston and Leonard Howson; stenography and typewriting, Miss Maud Byrd and Miss Eva Ireland.

Those who completed business work this year were Clarence Phinney, Cecil Ireland, Eva Ireland; Guy Cunningham of Vegreville, Alta.; Joseph Casorso, Kelowna, B.C. Miss Ireland and Miss Renwick also received diplomas for completing stenography and typewriting.

### College Field Day.

The college sports on Wednesday drew a large crowd of spectators. The baseball match between the College and Peachland failed to materialize as the launch which was to have brought them here broke down on the way.

The afternoon sports were well worth watching, many of the events being closely contested. Following is a list of events and prize winners:

Hop step and jump, jr., 1st Phinney, 33ft. 3in., 2nd W. Robinson.

100yds. dash sr. 1st McNeill, 2nd Church time, 12 sec.,

100 yds. dash, jr. 1st Cook, 2nd Auvache time 13.

Putting the Shot, sr. 12lbs., 1st Church, 30ft 1-2 in., 2nd Shanks.

Sack race jr., 1st Carlisle, 2nd Paull.

Broad jump jn., 1st VanAntwerp, 13ft 6 inches, 2nd Robinson.

Throwing baseball, 1st Manuel, 148 ft 2in. 2nd LeGros.

High jump, sr. 1st C. McWilliams, 4 ft 10 in., 2nd McNeill.

Relay race 1-2 mile, Public School vs College juniors. 1st school, Campbell, Ramsay, Elliott, Stewart. Time 2.15.

Broad jump, sr., 1st C. McWilliams, 17ft 11in., 2nd Church, 17 ft.

220 yds dash, jr., 1st Cook, 2nd., Carlisle. time, 26 sec.

220 yds dash. 1st McNeill, 2nd Church, time 28 sec.

Hop step and jump sr., 1st Ireland, 35ft 8 1-2, 2nd Shanks.

440 yards jr. 1st Carlisle, 2nd Johnson, time 1:11.

440 yards sr., 1st church, 2nd McNeill, time, 57 sec.

High jump, jr. 1st Robinson, 4ft 3in, 2nd Phinney, 4ft 2in,

Wheelbarrow race, 1st C. McWilliams and W. McIntosh; 2nd Shanks and Phinney.

Half mile, 1st Ireland, 2nd, Church, 2.28. Consolation, F. McWilliams.

### Choral Society Concert.

The Choral Society of Okanagan College has added still another to its galaxy of successes during the past week and for two successive evenings gave their audiences two hours of richest enjoyment. The attendance was a disappointment especially on Monday evening, the greater numbers on the second evening had the effect of greatly improving the chorus.

The chorus embraced about 35 voices, ladies slightly predominating. The bass was somewhat weaker than at the last choral production, both the tenors and altos showed to rather better advantage than

# The Summerland Review

hitherto and the soprano line left little to be desired.

Of the choruses "The Night has a Thousand Eyes" stood out pre-eminently as the premier selection of the evening, and gave the impression of having received more attention in practise than the other numbers.

The parts balanced nicely and every word was distinctly enunciated, a feature which was lacking throughout the majority of the programme. The beauty of "Inflamatus" was the brilliant solo obligato by Miss Bartholomew.

The two ladies' quartettes "Lullalaby" and "The Lost Chord" Misses Blyth, Ramsay, Logie and Brown, were much enjoyed, the parts blending very nicely. The latter selection was perhaps the most enjoyed on account of being the more familiar. The nervousness of some of the singers, however, prevented them from doing themselves justice.

The ladies' "Spinning Chorus" was particularly fine and was sung with splendid spirit and precision. It is doubtful whether any town in Canada of its size could produce such a number of talented vocalists as the Summerland choral embraces.

Miss Bartholomew's solo, "My heart at thy sweet voice," (Sampson and Delilah) was also very choice and the singer's popularity apparently increases with each public appearance. An encore was demanded and cheerfully responded to.

The song cycle, "In a Persian Garden" Liza Lehmann, a musical setting of a portion of the beautiful Rubaiyat of Omar Khayyam, was a particularly rich treat and the fact that the Cycle was a new thing to the majority of the audience added to the general enjoyment. Of the soloists it can be said without fear of giving offence, that Miss Davison stood out pre-eminently as the star. She was in splendid voice and the most florid and difficult passages were beautifully and tastefully interpreted. Miss Haines, Mr. Duncan and Mr. Carter each gave their hearers greatest pleasure. The closing number was the most enjoyable of the contributions by the collective voices of the quartette. In the other four part numbers, the accompaniment was rather too heavy for the voices, but in the latter effort the effect was excellent and the audience demanded a repeat.

The accompanists for the evening were played by Miss Haines, Miss Logie and Miss Davison all of whom are too well and favorably known to require comment, suffice to say that they fully maintained their enviable reputations. On Tuesday evening Rev. D. E. Hatt contributed to the pleasure of the evening by the rendition of selections from the "Habitant."

## Presentations Made.

At the close of Tuesday evening's concert the members of the Choral Society had a social time together in the Hall. The chief event of the hour was the making of a series of presentations.

Miss Helen Bartholomew received at the hands of Miss K. C. Davison on behalf of the College Faculty a beautiful pearl sunburst as a token of their appreciation of the valuable service rendered the Choral Society during the season.

Mr. C. P. Nelson then on behalf of the Choral surprised Miss Davison by presenting her with a similar sunburst. In making the presentation Mr. Nelson referred to the great benefits all the members of the Choral, and through them the district in general had received by the splendid musical leadership and training received at the hands of Miss Davison. All felt that they had derived the greatest benefit from their association with her, and requested her acceptance of the souvenir of their appreciation.

Miss Haines and Miss Logie were then given a series of shocks by being called forward by Mr. Gilbert Thornber, and each presented with a handsome bracelet in recognition of their much appreciated services as accompanists.

The greatest good fellowship prevailed and the whole affair was very informal, and on that account the more enjoyable.

Refreshments provided by the gentlemen were then partaken of, and as all were apparently in the best of health it is presumed that the gentlemen did not do the cooking themselves.

The Choral has become an established institution in Summerland and of incalculable benefit to the vocalists of the district. It is hoped that Miss Davison will long remain connected with the College staff and continue the good work she has so ably inaugurated.

## College Sunday.

The sermons and music on College Sunday were greatly enjoyed by all who were privileged to be present and listen to the able sermons preached by Rev. Christopher Burnett of Victoria and Rev. P. Clifton Parker of Vancouver, and the choice music rendered by the college quartette.

Both morning and evening services were conducted by Rev. Dr. Sawyer, Principal of the college. At the morning service the preacher was Rev. Mr. Burnett, who took for his theme the third chapter of Daniel dealing with the setting up of the great

image by Nebuchadnezzar, and the refusal of the three young Hebrews, Shadrach, Meshach and Abed-nego to bow down thereto. The text if text there was might be embodied in the words "But if not," the option offered by Nebuchadnezzar. Thou shalt bow down and worship—But if not—thou shalt be cast into the burning fiery furnace, as against the "But if not" of the Hebrew lads as they refused to comply with the idolatrous demand. The "But if not" of might as against the "But if not" of right was the first head of the discourse; the second, the "But if not" of Defiance of God or the "But if not" of Dependence on God, the third the "But if not" of self-aggrandisement, or the "But if not" of self-abandonment. In conclusion Faith in God, Faith in God's word were the elements of Christian fearlessness and true Christian fellowship.

In the evening Rev. P. C. Parker spoke in Empire Hall and gave an inspiring address on "Quit you like men" critically defining the difference between physical courage and moral courage. The sermon was particularly aimed to benefit young men and there is no doubt but that the message will long remain in the hearts and minds of the students.

At the morning service the college quartette sang and Mr. Ward Duncan contributed a solo. At the evening gathering the quartette again rendered a selection. There was also a ladies' trio composed of Misses Davison, Haines and Brown and a duet by Misses Davison and Haines, all of which greatly added to the enjoyment of the day.

In the evening the Methodist and Presbyterian bodies courteously withdrew their services in order to place the college services within reach of all.

## Special Notice

The Dramatic Society's play "The Schoolmistress" will be produced on Saturday, the 29th instead of Wednesday the 26th, as advertised on another page.

The proceeds are in aid of the Local Hospital, and this being the first public function in aid of this good object, the house should be well packed

LOCAL NEWS

Mrs. Miller of Peachland is the guest of Mr. and Mrs. D. J. Watson.

Mr. J. Mitchell left for Vernon last Tuesday morning where he expects to reside in future.

Mr. R. Pollock spent a couple of days in Vernon this week on business.

The Women's Hospital Auxiliary met this week and laid wise plans on behalf of the Hospital.

The College faculty has given Prof. A. G. Campbell another year's leave of absence to continue his studies at Chicago.

June 4th, 11th and 21st, have been chosen as the dates for the Hospital and I.G.G.C. lectures. The fee is 50 cents single lecture or \$1.00 the course.

Steamer Aberdeen leaves Okanagan Landing on Monday morning the 24th at six o'clock, calling at all points. Returning leaves Summerland at seven in the evening.

Mr. J. Niblock, superintendent of the Calgary division of the C. P. R. was in town this week. He has been visiting in Naramata for awhile and left on Tuesday morning for Calgary.

The meeting of the local lodge of Odd-fellows, to be held on Thursday evening next, is to be a very important one. Election of office-bearers is the business and all brethren should be in attendance.

The Baptist and Presbyterian services have both been withdrawn to-morrow evening in order that all may have the opportunity of hearing Rev. Mr. Kirby in the Men's Club room in connection with the formal opening of the institution. The service will commence at the usual hour, 7 o'clock.

Flower Sunday in the Methodist Sunday School was very enjoyable. The boys and girls had ransacked the hillsides for floral treasures and the wide variety of flowers on view surprised a large proportion of the observers. The Sunday School choir rendered special music in an acceptable manner.

Prof. Perry M. A. has received a scholarship at the hands of Chicago University as a result of his work at Yale and Acadia Universities. He took his first year at Yale, leading to the Ph. D. degree and will leave for Chicago in time for college opening in order to continue his studies toward the securing of that degree. He leaves tomorrow for Kamloops where he will take up his old work until the close of term.

**EMPIRE DAY SPORTS.**

At 9 a. m., Single canoe, exhibition war canoe, double canoe, mixed double canoe, single scull, double scull races.

Motor boat race, handicap; sailing race, handicap; for the Stark Cup.

About 11 o'clock the formal opening of the Men's Club will take place and a number of addresses will be given by public men. On account of the number of events in the afternoon the committee finds it necessary to call on the sports at 1:30 sharp. Two matches are on the list, football, Summerland vs. Kelowna, baseball, Summerland vs Vernon. Two good games are expected as the teams are evenly matched.

The sports programme is varied and a good time is expected.

**LOCAL NEWS**

The War Canoe crew expect to have their trial spin to-night and limber up for the 24th.

The lake is starting to rise again slightly indicating that the snow on the higher mountain slopes and valleys has commenced to move.

Prof. Carter of the College Commercial Department leaves to-morrow for Vancouver where he will rejoin his father and where he expects to spend the vacation season.

The telephone crew is busy improving and extending the local system, as will be seen in another part of the paper a night emergency service is being inaugurated.

The College Board held an important meeting on Thursday, and discussed among other matters the staff of Professors for the opening of the 1909-10 term.

A recent arrival from Manitoba states that the severe cold of the past winter, coupled with the great scarcity of snow has had the effect of killing out the Canadian and sow-thistles.

The service in the Parkdale Baptist church tomorrow afternoon will be conducted by Rev. A. T. Robinson and Mrs. Robinson who will present the claims of the Industrial Guild of the Great Commission.

The following is the proposed Summerland team for the match on 24th of May: McIntyre, Baker, Manchester, Robinson, Conway, Blewitt, Clouston, Walker Glenie, LeGros. Umpire, D. H. Watson; Official scorer, C, N. Borton.

### PLACING THE SHOT.

The Summerland Board of Trade is issuing an elegant booklet descriptive of the social, educational, climatic, horticultural, and other attractions of this community. That is undoubtedly a good move for which that body is to be commended. There is no corporation to which the work of advertising Summerland so justly pertains as the Board of Trade, and none whose word is likely to carry so far with strangers of the outside world.

Every wind that blows now brings enquiries as to what we have to offer. What a boon, therefore, is a neatly printed and authoritative treatise on the subject to busy people, and people who always take up a pen as they take up a dose of medicine—not without feelings wrenched and features awry! Personal letters undoubtedly have an influence which no printed matter ever did or ever can have; but on the other hand no letter ever written from Summerland was half long enough to present intelligently the advantages and possibilities of making a home within the confines of this municipality.

It follows, therefore; that every citizen should avail himself of this opportunity to satisfy the natural curiosity and interest of the friends left behind as to his fate and that of his family. To send intimate friends, or others who might be interested in the West, a copy of the booklet properly initialed, will be a courteous and kindly act, and it will be in many cases one deeply appreciated; for more people are hungry to know about conditions in this mild climate than the ordinary man dreams of.

Moreover, to send out half a dozen or a dozen of these booklets to friends or others

desirous of learning more about the Okanagan Valley will be but just recognition of the enterprise of the members of the Board of Trade and the business men of the place generally.

The work is not done without labor and expense, and the necessary appeal for these has been met with a generous response by the men at the centre. It remains for those in the outer circles to second their efforts and show a proper appreciation of what has been done in the interests of every lot owner by contributing to the proper distribution of the information prepared for that purpose. The people now here are not a bad sort and we take it their relations and friends are like unto them, since like attracts like. But no Board of Trade can reach them with information. That must be done under the imprimatur of a personal connection. This procedure, as a kind of natural selection process is much preferable to that of the method usually and perhaps necessarily adopted by Boards of Trade—that of indiscriminate distribution, which is like the net let down into the sea in that it gathers of every kind.

We trust every citizen of Summerland will heartily and intelligently hold up his end and back up the efforts of our business men by investing in a few one-cent stamps to be placed on envelopes addressed to where they would be likely to do most good. If the business men provide the ammunition the ordinary citizen should at least help to place the shot.

Our attention has been called to a slight error in our article on the Okanagan Fruit Union in the issue of April 24. The first call on shares is 20 per cent. (\$10.00) not \$20.00 as stated.

On Saturday, June 5th. Mr. C. H. Cordy will sell by public auction the entire stock furniture and household effects of Mr. W. H. Ireland.

The Summerland Amateur Dramatic Society has announced its reproduction of A. W. Pinero's farcical comedy "The Schoolmistress," on May 26th. The last contributions of the society, 'A pair of Lunatics' and 'Woodcock's Little Game' established them as splendid entertainers. "The Schoolmistress" promises to be even better than the last. The proceeds will be devoted to the Hospital fund.

### W. C. T. U. PROGRAMME.

#### Outline of Intellectual Feast in Store for Those Attending Convention Sessions.

The W. C. T. U. Convention for the Okanagan district will be held here on May 26 and 27. The sessions will be held in the Methodist Church, and the following programme has been arranged:

9:30 a. m. Consecration service.

10:0 a. m. Convention called to order by President, Mrs. J. B. Robson; Reading Crusade Psalm responsively; Crusade hymn, "Give to the Winds thy Fears;" Prayer; Appointment of committees; credentials; courtesies; plan of work and resolutions; roll call; report of local unions.

Paper: Legislation, Preventative and Reformative. Vernon.

12.0 Noontide prayer. Adjournment.

#### WEDNESDAY AFTERNOON.

2:0 Opening exercises; Reading minutes, Papers "The Press and Platform in Temperance Reform." Mrs. Ball.

"Temperance Training from Babyhood to youth, by whom and how," Mrs. Chambers." Solo, Mrs. Gartrell.

Superintendent's Conference; adjournment.

8 p. m. Music by Choir; Addresses of welcome for the churches, Rev. H. G. Estabrook; for the local union, Mrs. Hood. Response, Mrs. Fuller. Music.

Lecture, "Possibilities and Problems of B. C." Mrs. A. T. Robinson, F. R. S. G. S. Collection.

#### THURSDAY MORNING.

9:30 Bible reading.

10.0 Reading of minutes; reports of committees; election of officers.

Discussion on non-alcoholic medication, opened by Mrs. Hood; church and home training, Mrs. R. H. Robertson.

Unfinished business; new business.

"Last Words," two minute speeches; Adjournment.

On Thursday afternoon the delegates will be taken for a drive around the district.

A large number of delegates from the various towns in the district are expected and everything points to a great success.

A business meeting of the greatest importance to the Baptist interests in Summerland was held last week when the chief matter for discussion was the advisability of erecting a house of worship at the front. A strong committee was appointed which will report at a business meeting to be held the first Wednesday in June.

**LOCAL NEWS**

Rev. Christopher Burnett returned on Tuesday morning to his home in Victoria.

Miss Candace McDougall of Peachland was a visitor in town on Tuesday and took in the concert at night.

**BIRTH.**—On May 7th, to Mr. and Mrs. A. E. Walker, a daughter.

W. E. Dixon, a member of one of the large provision firms of Calgary, was a guest at the hotel this week.

Rev. and Mrs. T. N. Ritchie and Rev. T. Jones of Peachland were visitors in town this week.

T. J. Smith of Vancouver was a visitor in town this week. His arm is still in a sling as a result of an accident which occurred while riding in the Terminal City.

"The possibilities and problems of B.C." is the subject of the lecture to be delivered in the Men's Club Room on Wednesday evening next by Mrs. A. T. Robinson.

Rev. D. E. Hatt came in from Vancouver on Tuesday's boat on business connected with Okanagan college. Mrs. Hatt accompanied him.

Miss Marvel Mallet, one of the students left on Tuesday morning's boat for her home in the Wheat City. She was accompanied as far as Vernon by Miss Robson.

Messrs. O. Humphrey and G. L. Hall of Vancouver, who have been doing a great deal of surveying around Kelowna and Okanagan Centre were visitors in Summerland this week.

Mr. Judson M. Welsh, of McMaster University Toronto, arrived in town on Monday's boat and will spend the vacation season with his parents here.

Mr. E. W. Bateman, Misses Mamie and Jessie Bateman and Master Carey Bateman of Winnipeg, arrived in town on Monday's boat and are the guests of the Misses Dale. Miss Mary Dale who had been visiting them in Winnipeg, returned home with them.

Mrs. Guest and her son Mr. Guest of Penticton who have been visiting Mrs. Hood, who recently arrived from Penticton, left on Tuesday morning for the coast where they will reside.

Rev. A. G. Campbell of Summerland has just been awarded a Sr. Fellowship in the Graduate School of Chicago University, which is worth between \$400 and \$500. This makes the second scholarship he has gained within twelve months.

**:: Naramata Notes ::**

One of the season's brightest social gatherings was the post-nuptial reception given by Mrs. Allen Tovell at Glencoe Lodge on Thursday, May 13th, from three to six o'clock. The pretty home was handsomely decorated with Syringas and Oregon grape. The dining room was especially admired, and the table was perfectly appointed with cut glass, silver and exquisite napery. Mrs. Tovell, who was assisted by Mrs. J. M. Robinson in receiving her guests, was robed in her wedding gown of soft lustrous satin, and was a most winsome and charming hostess. The house was thronged with friends the entire afternoon. Mrs. J. S. Gillespie presided at the coffee urn, Mrs. Thos. Wellband and Miss Gwen. Robinson assisted in the serving. Out of town guests were Mrs. R. C. Lipsett, Mrs. D. Ross, Mrs. D. Watson of Summerland, and Mrs. Miller of Peachland. The function was entirely informal, which added greatly to the enjoyment of the occasion. While Mr. and Mrs. Tovell are comparative strangers they have become general favourites, and are a happy acquisition to the musical and social circle of Naramata.

**BASEBALL AT PEACHLAND.**

A good game of baseball was played here between the Kelowna team and the Peachland team last Saturday. The McMillan brothers were an efficient battery for Kelowna; for Peachland Geo. Phillips pitched two innings, but as the visitors seemed to be finding his delivery easy Ben Gummow was put into the box for the rest of the game and kept them puzzled, as off his delivery the Kelownaites scored but one run. The score at the end was 7-5 in favor of Peachland with an innings to spare. Messrs. Morrin and McDonald had each promised the boys \$5 if they won the game, so the boys were especially pleased over winning.

The Steamer Aberdeen will leave Vernon at 6 a.m. Monday and call at way ports in order to bring excursionists to this point for the Empire Day Celebration. Lunch will be served on board just before reaching Summerland in the forenoon and just after leaving in the evening.

A. J. Henderson, eye specialist, of Toronto, Ont., will be in Kelowna for ten days from May 17 to 27 at Mr. W. R. Trench's drug store.

# The Summerland Review

## News from Peachland

Messrs. G. B. Phillips and C. Summer-ville spent Monday in Kelowna.

Mrs. M. N. Morrison is spending the week with friends in Summerland.

Messrs. L. D. McCall and W. A. Lang are spending the week in Vernon, serving on the grand jury.

The tug Orillia took away a large boom of logs from the camp of Marshall & Huston this week. They were for the S. C. Smith Lumber Company at Naramata.

Mr. Mansfield, who spent some time here two years ago, the guest of Mr. J. L. Vicary, was here for a few days last week. Since leaving here, Mr. Mansfield has done a good deal of travelling in the far east.

Master Charlie Rose who has spent the winter at the home of Mr. Grant Lang, set out for his home in Brandon on Monday's boat. His health has been very much improved by his stay here and he goes home a well, strong boy.

Miss Flora Needham left last week for Vancouver to begin training for a nurse. Before leaving she was presented with a beautiful travelling case by her fellow members of the Handicraft Club. Her Peachland friends wish her every success in her new undertaking.

Mr. Ted Smith who spent the winter in England returned this week with his bride to take up his permanent residence here. He is buying a lot from Dr. J. Cready-Smith and will build on it and finish planting it in trees. Ted's Peachland friends congratulate him and extend the best wishes for a long and useful life.

Rev. C. W. Whyte returned Tuesday from attending the Synod in Victoria. He visited Mr. Murray in Vancouver and found that he had been in the hospital for three weeks with rheumatic grip, from which he is only beginning to recover.

Mr. John Wright has bought a valuable saddle horse from Mr. Chas. Wilson and is busy breaking him in to drive. They do not always get to town at the same time but when Jack and the buggy cannot keep up with the horse, he always waits for them at the hitching post in the front of the store.

Rev. J. J. Nixon set out for New Westminster last Tuesday to attend Conference. Mr. Nixon has a unanimous invitation from his official board to return next year, and his people hope that the stationing committee will see fit to return him to this circuit. He was accompanied by Mr. Wm. Douglas as lay delegate.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?** If it does write us and we will only be too glad to give you all the desired information

**JAMES RITCHE - PARKDALE - SUMMERLAND**

## Weather Report

Abstract from weather records for April, 1909, kept at the Government Station, Balcomo Ranch, Summerland, B.C.

CORRESPONDENCE.

We do not hold ourselves responsible for opinions expressed by correspondents.—ED.

A GENERAL KICK.

EDITOR REVIEW—

Dear Sir, I want to make a series of kicks, and I know of no better way than to do so through the press. In the first place—did you ever see a more disreputable entrance to a town than Summerland boasts of with its litter of boxes and old junk? A friend of mine came in on the boat recently and as he looked around said "You certainly have a great variety of rubbish stacked on your wharf. Is this a public dumping ground and free storage bureau?" Well, Mr. Editor, I couldn't say a word, because I had to acknowledge that he was right. I suppose we have become so accustomed to it that we have lost sight of the possible effect on new arrivals.

Then again—several accidents have been narrowly averted lately as a result of waste paper blowing about the streets. There is as you are aware occasionally a little wind in Summerland and when old newspapers and cardboard boxes are careering through the air and bowling along the streets, it is not to be wondered at that the most staid old equine stager should have a spasm and endeavor to get out of the way at any cost either to driver or vehicle.

Then along the line of sanitation—the festoons of rotten apples, potatoes, old shoes, tin cans etc., which line the lake shore would be far better at the nuisance ground and less apt to cause a pestilence and finally—on the Flat, not far from the Rectory, a dead dog, a victim of the poison-epidemic of a month ago, has been lying not far from the road. No one passing that way needs to be told of its proximity if their nasal organs are in working order, and another thing, the children attending the public school, play and pick flowers around that section every day. Surely it is somebody's business to attend to trifles of this kind—if not, the sooner it is made somebody's business the better.

Yours truly,  
MAUD OF ARIZONA.

Mr. T. J. Garnett is building a commodious one-and-a-half storey residence on his property in the Trout Creek district.

Mr. Percy Thornber secured a fine large swarm of bees from his hives this week. The swarm was considered wonderfully early for so late a season.

Miss Randall left on Friday morning for the Old Country where she will remain for a short holiday.

# PROTECT YOUR TREES

These destroyers cannot live where trees have been treated with  
**WARNOCK'S TREE PAINT**

Pear Blight, Rabbits, Mice, Borers, Canker Worm, San Jose Scale, Oyster Shell, Bark Louse and Sun Scald. **THE COST IS VERY SMALL.** It will not wash off. One application protects for two years. Warnock's Tree Paint is not an experiment. It has stood the test for 5 years in all parts of the United States. It is an absolute Preventative and Cure for Pear Blight. We invite investigation. The Arkansas Experimental Station has used this tree paint for three years. November, 1907, they purchased 50 gallons for free distribution among leading orchards. Send for 16-page free booklet to **G. R. LAWES, Enderby B.C.** Sole Manufacturer for B.C.  
Agent: C. H. CORDY, Summerland.

**TELEPHONE FACILITIES.**

Editor, Review—Perhaps you would not mind advising your readers that, beginning Tuesday May 25th, the hours of telephone service will be extended so as to include from 6 a. m. to 10 p. m., except Sundays and holidays.

We have also made arrangements, by which central can be raised at any hour of the night, in cases of emergency, such as requiring Medical attention, etc.

We would respectfully ask our patrons to abstain from using their lines between the hours of 10 p. m. and 6 a. m. as any ring no matter how short, will start an electric bell, which will ring until shut off.

This latter part of the service, is to give protection against cases of emergency, when urgency requires a service, and we trust our patrons will assist us, and not abuse the privilege by using their lines after the central has closed for the night.

Faithfully yours,

Lake Shore Telephone Co. Ld.  
per C. S. Stevens.

**RIFLE ASSOCIATION.**

The leading scores on Saturday last at the rifle range were:

	200	500	600	Total
J. Dunsdon	29	30	31	90
V. Taylor	28	31	30	89
A. C. Nelson	29	31	26	86
M. Steuart	27	29	27	83
H. Dunsdon	30	28	25	83
O. Smith	26	25	30	81
W. Nelson	24	29	28	81
B. Bateman	25	29	27	81

The Silver Salver presented by the Dominion Government to each Rifle Association for individual competition during 1908 was received on Friday. The winner is Mr. Geo. Gartrell who compiled the highest class firing score last season, thus securing the trophy. It is on view in Mr. E. I. Scott's window.

Special attention is again called to the Empire Day shoot on Monday first, the range being open all day, and every member is requested to compete.

Mr. W. A. Peters came in from Kelowna on Tuesday to take in the Choral concert.

On Tuesday evening the fire brigade will turn out to practise at 7:30 sharp. All members are expected to be in attendance

Twenty-five years' experience in Portraiture has enabled him to attain success in this branch. The latest styles in mounts will be kept in stock.

**Subscribe for The Review**

Why should Summerland Fruit Lots be worth \$100.00 per acre?

???

Why? Because full bearing orchards in a good state of cultivation pay great dividends.

A stock or bond which pays dividends of \$60 a year is worth \$1000 so long as money is worth 6 per cent.

Anything else which will yield \$60 a year of income is worth \$1000.

**DIVIDENDS DETERMINE VALUES**

Orchard lots in Oregon often yield as high as \$1000 per acre.

If we say \$200 net returns per acre from a mature well-kept orchard, what is that acre worth by the rule that governs bank stocks?

This is the way they made us work it out in school according to Hamblin & Smith's Arithmetic:

\$6 is the interest on \$100 for one year  
 \$1 " "  $\frac{100}{6}$   
 \$200 " "  $\frac{200 \times 100}{6} = \$3333.33\frac{1}{3}$  Ans.

No. 43

## EMPIRE DAY CELEBRATION

### PASSES OFF SUCCESSFULLY

Many Visitors From Outside Points--Splendid Programme of Aquatic Sports in Forenoon and Formal Opening of Men's Club Building--Sports in Afternoon Lecture at Night. Special Sunday Sermons.

Empire day will long be remembered in Summerland as one of the brightest and best gala days ever held in the beautiful Okanagan Valley. The sky was cloudless and the faces of the large concourse of residents and visitors were just as cloudless. The people of the district were out in full force and in holiday attire. Hours before the time for the time set for the arrival of the boats and the commencement of the sports, a continuous procession of rigs was pouring towards the front. When the Aberdeen came in from the head of the lake, the Clovelley from Kelowna, the Naramata and Orillia from Naramata, each loaded with excursionists, the cheering of the home crowd on the wharf temporarily drowned out the sweet strains the band was producing.

The committee in charge of affairs had arrangements well in hand, and badges, admitting to the grounds were sold as the people passed, and plenty of vehicles were on hand to convey the crowd to the grounds. Throughout the day no accidents occurred to mar the harmony and good clean, healthy sport was the order.

#### AQUATIC SPORTS.

The forenoon was occupied by an interesting programme of boat races. The lake was in its very best humor, smooth as a mirror, with just enough breeze to make sailing possible, and a little fleet of yachts, like white winged birds made a pretty picture as they gracefully plied back and forth over the course. Canoes and row boats, propelled in all kinds of styles, fussy steam tugs and spluttering gasoline launches moved hither and thither with kaleidoscopic effect.

The newest feature for Summerland was

the exhibition war canoe race between teams representing the sister towns of Summerland and Naramata. The event was full of interest and the finish was so close as to leave it open to doubt as to which was the winner. The home crew was said to be a few inches ahead. Something will certainly be doing when the Naramata regatta takes place on the 17th.

The yacht sailing handicap was the most graceful event of the series and of the four competitors, Ed. Sawyer, with his nameless yacht came in an easy first, thus landing the coveted Stark cup. The wind dropped about the time the race was called and it seemed doubtful at one time whether the boats would finish within the allotted period. Of the four starters, only one finished within the time limit. Three other yachts were entered, but failed to show up at the starting point on time.

Other events and prize-winners were:

Double canoe race—1. Cruickshank and Glennie; 2. Baker and Nichol.

Mixed double canoe race—1. Miss Myrtle Conway and W. J. Nichol; 2. Miss Gwen. Robinson and H. Glennie.

Three in canoe—1. Cruickshank, Glennie and Blewitt; 2. Nichol, Baker and Walker. This was the finest race of the day and was hotly contested from start to finish. The victorious crew won out only by a very small margin.

Single canoe race—1. Blewitt; 2. Nichol.

The motor handicap aroused the greatest interest. There were six entries, and the winner, Mr. George Gartrell, covered the five mile course in forty-two minutes, winning out easily over a two and a half minute handicap. Conway's boat made excellent time, finishing third after a 4 1-2 minute handicap.

The handicaps and times were as follows:

G. Gartrell, 2 1-2 min., handicap, fin.	42 m.
F. Anderson, from go,	47 m.
J. Conway, 4 1-2 min.	45 3-4 m.
E. Garnett, 1-2 min.,	51 1-5 m.
A. Stark, 1-2 min	55 m.
B. Hatfield from go,	56 m.

The grounds in the afternoon were thronged with people anxious to witness the programme of sports.

#### FOOTBALL.

The football match between Vernon and the home team ended with a 1-0 score in favor of the former. The game was watched throughout with more or less weariness on the part of the spectators.

The teams were evenly matched but gave the initiated the impression that it was a scratch-up game. Anything approaching team play was conspicuous by its absence and the players showed a lamentable lack of training. There were a few clever players on both sides but they lacked anything approaching support. The visitors certainly put up the best game and it is entirely due to the excellent home defense that the score was not a great deal more one sided.

F. Mallett refereed the game impartially and the teams lined up as follows:

Summerland		Vernon
Baker	goal	Phair
McWilliams	full backs	Simms
Nelson	"	Nichols
F. Brind	half backs	Howie
McDougall	"	Feathers
C. Brind	"	Gaye
Adams	forwards	Munro
Atkinson	"	Seymour
Robinson	"	Ley
Conway	"	McWhiston
Moulton	"	Simmons

#### BASEBALL MATCH.

The baseball match, Kelowna vs Summerland was the most enjoyable feature of the afternoon sports and eleven innings had to be played in order to decide the question of supremacy. The score at the end of the ninth innings was 8 all and remained there until the 11th when the visitors rolled up two more runs and the locals failed to tally.

Mark Manchester and Fred Baker, the home battery, did good work, the former fanning out 14 as against the Kelowna

# The Summerland Review

pitcher's 6. It was not a Summerland day however and the locals showed a woeful lack of practise and form. The errors rolled up in bad shape, and the general feeling was that it was high time that the boys stopped trading on last year's reputation and got down to business. They can deliver the goods if they want to and they must get busy if the cup is to remain in Summerland.

Conway at short stop was not in good form having been hurt at the preceeding football matce, he was therefore replaced by Robinson, while LeGros, spare man was placed at centre field.

The game was pretty much Kelowna all the way until the fifth innings and two extra innings were played to score.

A good spirit prevailed throughout the game and good play on either side was recognized by the crowd. Following were the teams:

Kelowna		Summerland
Easton	P	Manchester
McMillan	C	Baker
Coe	1 B	Blewitt
Frame	1 B	McIntyre
McMillan	3 B	Clouston
Marinette	C F	Walker
Jamieson	R F	Glennie
Creelman	L F	Robinson
Pettigrew	S S	Conway

D. H. Watson umpired the game in his usual satisfactory manner.

## ATHLETIC SPORTS.

The athletic sports programme of the afternoon was unavoidably curtailed on account of the lateness of the hour. The events were however full of interest and some surprisingly good work was done.

The following is a list of events and prize winners:

Throwing the baseball—(ladies) Miss Gwen. Robinson.

Best lady rider—Miss Lillian Brown.

Hop step and jump—1. P. Kruger—36ft 4in; 2. Andrew Charlie—36ft.

High jump—1. Andrew Charlie—5ft; 2. P. Kruger—4ft 10in.

Relay race, one mile, three entries, Kelowna, Summerland, Indians—won by Summerland team.

100yards dash—1. Baker; 2. McWilliams.

## CLUB OPENING.

At 11:30 a. m. the formal opening of the club room took place. The building was open for inspection and is certainly a credit to the promoters. Short addresses were given by Revs. Kirby, Hood, Estabrook, McIntyre, Messrs. Moore and Walton (Vernon).

The chair was occupied by Mr. J. R. Brown, and his request for brevity was honored by the speakers, each of whom dealt with different phases of the work which the club aims to accomplish. The Intellectual, Educational, Spiritual, Social and Physical sides were touched upon and Mr. Moore extended a cordial welcome to the visitors from outside points.

## EVENING LECTURE.

In the evening, Rev. Mr. Kirby of Calgary gave an instructive lecture on "Rome the Eternal City." He introduced his audience to the former centre of the world's civilization and spoke of it as one of the three most famous cities of the world today representing as it does the centre of the world's art of the past and the centre of the great Roman Catholic power. The audience was taken by turns to the art galleries, the Colliseum, St. Peter's and finally to the Vatican where the lecturer and a number of others had the honor of an interview with His Holiness the Pope.

At the close of the lecture the prizes were presented to the successful competitors in the athletic events.

Quite a number of excursionists missed the boat in the evening and were compelled to remain in town over night. On Tuesday morning there were a number of young men limping around giving an idea of the strenuousness of their efforts of the previous day. Taking it all around Empire Day was a great success throughout.

## SUNDAY SERVICES.

The services on Sunday were no unimportant part of the club opening exercises, and the preacher of the day was Rev. Mr. Kerby of Calgary.

The subject of Mr. Kerby's morning sermon was taken from the text "Oh that I knew where I might find Him" in this representing the cry of a world seeking for light as little children in the night reaching out hands for someone to lead.

The main points in his eloquent and impressive message were: 1. We should believe in the truth; 2. We should seek for the truth—they that seek shall find. 3. We should rest upon truth, the only sure foundation; 4. We should hold fast the truth, holding fast only that which is good. This passage found its fullest interpretation in Jesus Christ who said "I am the way, the Truth and the Life." Few would deny that ther was a historic Jesus. He should be sought and would be found. The speaker appealed to the young men to hold fast to Jesus as Savior and companion in life if they would make a true success of life.

Mr. Kerby gave a very interesting address to the children of the Sunday school on the word "Bible" taking the letters and what each stood for.

In the evening Mr. Kerby, took for his theme the visit of Saul to the witch of Endor, and the warning given by the prophet Samuel. The sermon, as was the morning effort, was particularly directed towards young men, and the sorrow and anguish resultant on mis-spent years was emphasized. In connection with the visit of Saul to the witch—Mr. Kerby said that terrible as it was was for one who had been anointed by God's servant as had Israel's king, and had been the recipient of Divine favor, it was preferable for a man to deal with familiar spirits and thus express his belief in immortality and the future state rather than fall into the slough of agnosticism and infidelity. The best thing was to maintain a childlike faith in his mother's God and keep his armour bright.

The choir rendered special music throughout the day in a most acceptable manner.

## ELECTRIC RAILWAY PROJECT.

**May Have One Hundred Mile Electric Car Service in Valley Within Eighteen Months.**

Construction of a 100-mile electric railway tapping the principal fruit-growing centres on both sides of Okanagan Lake is to be started shortly, says the Penticton Press. It will be completed within eighteen months. The enterprise, started by local capitalists, is said to have secured the financial support of the Earl of Aberdeen, viceroy of Ireland, who is the owner of the famous Coldstream ranch near Vernon. The new company was incorporated by special act at the last session of the provincial legislature.

According to Mr. John F. Langan of Chicago, who has just returned from a tour through Alberta and the Okanagan, the proposed line will greatly aid in the rapid collection of fruit at Vernon, which it is proposed to make the seat of a large fruit exchange. From Vernon the main line will run down the west side of the lake as far as Summerland, an important fruit-growing point. Another branch will extend down the east side of the same lake as far as Kelowna, a distance of nearly forty miles. The Shuswap Falls at the upper end of the valley and possibly the Okanagan Falls below Penticton will be harnessed in order to furnish the necessary energy for developing electricity.

WOMEN CONVENE

DELEGATES FROM VALLEY POINTS DISCUSS TEMPERANCE AND MORAL REFORM.

W. C. T. U. Convention in Summerland a Great Success---Much Business Transacted---Instructive Lecture by Mrs. A. T. Robinson.

The first women's convention ever held in Summerland was successfully carried out this week by the Okanagan Valley Branch of the Women's Christian Temperance Union. The convention was the fourth of its kind to be held in the Okanagan Valley, and proved a great success in every particular. The sessions were held in the Men's Club building, the bright airy auditorium being used for the sessions. Down below dining tables were arranged and a temporary kitchen fixed up, and meals were served to the delegates and a number of local friends. The greatest good fellowship prevailed and nothing occurred to in any way mar the harmony of the occasion.

For the business sessions the chair was occupied by the district president, Mrs. J. B. Robinson of Peachland. Twenty-two delegates were reported from outside points, all of whom were entertained by the ladies of the district at their homes.

The sessions were unusually well attended and the spirit of optimism and enthusiasm was unbounded.

Much valuable work was reported and the members felt a bond of sympathy and helpfulness which not only drew them closer together but augured well for the future. Greetings were received from Mrs. C. Spofford, provincial president, who could not be present on account of the recent death of her aged father. The secretary was instructed to write Mrs. Spofford a letter of condolence and assure her of the ready sympathy of the members. On account of the change made in the time of holding convention Dr. Spencer, superintendent of the Local Option League, could not be present. The convention was especially fortunate in securing Mrs. A. T. Robinson to assist, thereby aiding very materially in the success of the sessions.

OFFICERS ELECTED.

Officers for the ensuing year were elected as follows:

President—Mrs. (Dr.) Lipsett, Summerland.  
Vice President—Mrs. Geo. Bell, Enderby.  
Cor. Sec.—Mrs. (Rev.) Hood, Summerland.  
Rec. Sec.—Mrs. T. G. Wanless, Vernon.  
Treasurer—Mrs. Ball, Armstrong.

## News from Peachland

Mrs. Needham and Master Osburne spent Tuesday in Kelowna.

Rev. C. W. White was a passenger to Summerland on Monday's boat.

Mr. R. H. Robertson set out for Vancouver on Tuesday morning.

Mrs. Buchanan, mother of our two young athletes Tom and Jack, arrived from Edinburgh, Scotland, on Monday night. She was accompanied by three little folk, and has taken up her residence in Mr. W. A. Lang's house on Third Street.

Mr. R. Keeley, of Kelowna, surveyed a line for water pipes for town use from Trepannier Creek, less than quarter of a mile above the Lambley ranch house. It will give a fall of 175 feet. This is considered sufficient to give a good force for fire purposes in town.

Mr. Lloyd Afflick surprised some of his friends at least by dropping in here Tuesday afternoon. He came in from Vancouver after a few weeks of vigorous surveying work on Vancouver Island. He is on his way to Nelson.

The Ranchers' Glee Club held their concert last Friday evening, and from all points it was a success. A well filled house greeted the performers when the curtain was raised at 8:10 promptly, the advertised time, and the programme was carried through without a hitch. This in itself speaks volumes for the care and attention to detail by the leader, Mrs. Kellogg-Mitchel. The different items on the programme were rendered in a manner that bespoke careful training, and received well merited applause, and several recalls were received. Of the part singing the ladies' quartette, "In a still, small voice," by Mesdames Mitchel, J. L. Elliott, Creasy-Smith and Miss Keyes was probably the choice, though the old favorite "Come where the Lilies Bloom" and Gounod's "Praise ye the Father" were encored. Mrs. Kellogg-Mitchel's solo "Good-bye Summer" was beautifully sung, the audience showing their appreciation by a great burst of applause. Her encore "The Blue-bells of Scotland" reached the hearts of all the Scotch present. The first number on the second part was a couple of selections by "The Kitcheners' Band," under the baton of Mr. J. L. Vicary, who covered himself with glory by the way he conducted the band. At the conclusion of the concert the performers and their friends repaired to the home of Mr. and Mrs. C. G. Elliott and enjoyed cake and ice cream.

### ENTERTAINING THE ANGELS.

This week Summerland entertained the Okanagan Valley delegates to the district Woman's Christian Temperance Union.

Citizens who are interested in that organization will no doubt have esteemed the opportunity of showing hospitality to the visiting representatives a pleasurable obligation, not only because of the new and agreeable associations formed, but because such hospitality tends to cement friendship between the Okanagan communities and because the Union is in itself an institution not without use to the world.

The cavalier attitude sometimes manifested towards the White Ribbon Army as being merely a "wimmen's" affair, will hardly do when one thinks a second time about it. The fact is, the Union is an institution which appears to have "made good." It appears also to have come to stay. Thirty-five winters have not frozen it out nor have as many summers dried it up. It is now almost big enough to roll on by its own momentum. Fully half a million people bear its beautiful emblem, a white ribbon, in various parts of the earth, and in forty different countries and provinces it is organized for business.

People who identify the W.C.T.U. with poor, dear, crack-brained Carrie Nation and her tribe are not well informed. The Union was planned by a woman whom W. T. Stead called "The uncrowned Queen of America" and its finger prints are found, not only in such tender ministries to the fallen as glorify womanhood, but also on the stern anvils on which the laws of provinces, states and nations are hammered out.

The Union is the antecedent, if not the prolific mother of the Women's clubs of

America, and its members have done much preaching of temperance, but they did not stop with that. In this province they set afoot the present local option campaign which awhile ago proved of some concern to the government, and elsewhere they have been largely responsible for legislation which has directly affected the habits of many people. Every state in the republic to the south of us has, immediately through their efforts, laws requiring the study of scientific temperance in the public schools. They are responsible for the laws raising the age of consent and forbidding the sale of tobacco to minors. Therefore the saloon keeper and the tobacco trust do not love them. The first police matrons and most industrial homes for girls were secured through their agitations, as were many refuges for erring women and the homes for unemployed girls, and girls who find themselves stranded in strange cities, institutions which have done an immense amount of good to society.

In view of this, the Union seems to have won its spurs and earned the right to be around if it has a mind to. All Union members may not always be wise, but but then, who is? It is enough that they are seeking to make this world better as fast as the world, the flesh and a certain personage of malodorous reputation will allow them.

So if we cannot all have a chance to entertain the angels, let us at least entertain kindly thoughts of them. We can all have a chance to do that.

### "THE SHADOWS OF A GREAT CITY."

On Friday next, June 4th, Mrs. A. T. Robinson, F.R.S.G.S., will lecture in Empire Hall under the auspices of the Hospital Aid and I.G.G.C. organizations, on "The Shadows of a Great City."

The lecturer has qualified for her task by securing first hand information, having lived for some time among the conditions she describes in the notorious east end of London. The slums of Edinburgh, Glasgow and other great cities have also been to her the scenes of sociological investigation. The lecture, which is the first of a series of three to be given under the above auspices, will be illustrated with a fine set of stereopticon slides.

The Methodist pulpit on Sunday morning will be occupied by Rev. Dr. J. H. White, Supt. of Methodist Missions in B. C. In the evening Rev. R. J. McIntyre will conduct services in Naramata.

### WOMEN CONVENE (cont)

The various delegates were delighted with their reception and went away wishing they might have the pleasure of convening at Summerland some future time. Armstrong kindly extended an invitation to meet there in 1910, which was unanimously accepted.

### EVENING SESSION

The evening Convention session was well attended. The President, Mrs. J. B. Robinson of Peachland occupied the chair and after the opening exercises, Mrs. Mitchell of Peachland sang a solo and Mrs. (Rev.) Jas. Hood, on behalf of the local union warmly welcomed the visiting delegates to Summerland in an apt and pleasing manner. Rev. H. G. Estabrook presented a welcome on behalf of the churches, and the reply was made by Mrs. Fuller of Kelowna. After a duet by the Misses Brown, Mrs. A. T. Robinson was introduced by the President and gave an excellent lecture on

### "POSSIBILITIES AND PROBLEMS OF B.C."

In her own forceful and inimitable style Mrs. Robinson, at the outset, dealt with Canada as a whole, her wealth, varied resources and position with regard to the mother land. The resources of the provinces were enormous, but in B. C., all were apparently combined. At one time the Atlantic was the only medium of ocean trade and commerce, to day, the Pacific ocean, with its great fleets of passenger and trading vessel was vying with the east for supremacy. B. C. boasted 396,000 square miles of territory and her trade, per capita was the largest in the world.

Her mines produced 64 per cent of the total output of the Dominion. Her fishing industry has surpassed that of the east and 33 per cent of the fish export was credited to this province.

B. C. was a land of golden opportunities, no one need go away to look for them. As one who had travelled the world over, carefully studying conditions, the speaker was prepared to state without fear of contradiction that no place in the world was more pregnant with possibilities than the gateway province of Canada. Along the line of immigration the lecturer condemned unrestricted admission of orientals and other foreigners into B. C., and also the drastic measures adopted by the Exclusion League. Half the difficulty however would be overcome, if all foreigners were compelled to conform to the customs and laws of the land and prohibited from working for less than the white man's wage.

The curse of the world was not liquor but—selfishness. Large employers of labor were invariably willing to adopt the cheapest method of accomplishing the work they had on hand.

Moral conditions as existing in many B. C., towns was deplored, as was the fact that there were 700 licensed liquor saloons in the province. The reason for the large number of licenses was obvious as a very large proportion of the men sitting in the license commissioners chairs were either hotel men or favorable to the liquor interests. In Abbotsford and other places the people had for years protested against the saloon, but at last had licensed houses forced upon them without any means of redress.

The conditions of loggers and laborers of all descriptions and the manner in which they are systematically robbed by saloon keepers who cashed their pay cheques and became wealthy on their ill-gotten gains, was depicted in sombre colors.

Capital was gradually coming to the side of temperance reform and many of the largest corporations of the land had refused to employ liquor users. In one year the liquor traffic cost the country \$154,000,000 while the revenue derived therefrom was only \$14,000,000.

The action of the government in withdrawing the promised plebiscite and instead appointing a royal commission was deplored and womans franchise was advocated as a means of overthrowing mere party politics and the election of men whose first business would be to see to it that righteous laws were enacted and the youth of the country was preserved from legalized evil.

A solo was then rendered by Miss Alice McDougall and the meeting adjourned.

**:: Naramata Notes ::**

The final carload of pipe for irrigation and domestic supply arrived last week.

Mr. B. R. Campbell, wife and family came in on Saturday from Vernon.

Mr. F. W. Law of Vancouver came in on Saturday's boat to spend a few days with his wife and child.

The Naramata Canoe arrived last Wednesday, and in it on the 24th, our boys proved too strong for the Summerland crew.

Dr. and Mrs. Matheson with a party of friends from Summerland paid us a brief visit on Sunday last.

Mr. J. T. Huggard, of Winnipeg, came in on Friday last to pay us a flying visit. He was much impressed by the amount of work done on the benches this spring.

On Friday last a party of young people drove up the hill to spend the evening with Mr. Carroll Aikins, and a very enjoyable time was spent by all.

Mr. Wm. Davies of Didsbury, Alta. arrived last Friday to look over his fruit lot. Whilst here he was the guest of Mr. Robinson.

Mr. and Mrs. J. M. Robinson went out for a ten days trip on Saturday morning to Calgary. Whilst away they expect to visit Spokane, and other points.

Mr. Wellband is at present on a visit to Fort McMurray, Athabasca, which is about one hundred miles north of Edmonton. Mrs. Wellband accompanied him as far as Calgary.

The Naramata Amateur Athletic Association held a meeting on Tuesday evening. Important business in regard to the forthcoming regatta on the 17th of June was attended to.

On Tuesday last the gasoline launch "Kaleden," which has been up on the stocks for a complete overhauling, was launched. It has been purchased by Mr. Jas. Ritchie for the new townsite on Dog Lake. For a short period she will take the ferry trips while repairs are being made on the Maude Moore.

On Monday last a large number of Naramata people journeyed across the lake to take in the Victoria Day celebration at Summerland. The committee in charge is to be congratulated upon the efficient way they ran off the various events and on the manner in which they handled the large crowd.

## EMPIRE DAY ECHOES.

Better have another regatta. It is good to see some of the boys doing real work for a change.

Wasn't friend Kruger a swell in his jumping togs? The ladies turned green with envy.

Beastly tired but oh so happy, was the condition of the sports committee on Monday night.

What happened to the preacher's baseball duds? Better carry a needle and thread along in future.

Judging by the severe, hollow cough some of those launches must be consumptive.

Did anyone say it was dusty? Never mind we all need more sand.

If some young ladies are as good at batting as they are at throwing baseball, there should be a place for them on the team—it might help some.

Yes we got licked—but you bet they can't do it again.

The next wise move will be to have a water tap installed somewhere around the ball grounds.

A meeting of those interested in the Canoe club was held on Thursday evening when matters relative to the Naramata regatta were discussed. The war canoe crew is requested to be on hand this (Saturday) evening, for practise.

The Kelowna baseball nine is turning out sharply to practice three times a week, according to the Kelowna paper. The local diamond seems to be pretty quiet.

Tickets are selling well for "The Schoolmistress" and everything points to a successful and enjoyable evening's entertainment. The players have already won their spurs and the worthy object in view, the hospital, should be sufficient to commend it to the theatre going public.

## FRUIT PROSPECTS BLUE.

John Fox of Priest River paid a visit to the county seat Wednesday. Mr. Fox has lived in this section for 18 years and he states this is the most backward spring he has ever experienced in this country. "Ice has formed nights every night for the past week down at my place," said he, "and one morning the water pipe in my windmill was frozen up. My fruit trees are just beginning to put forth a few leaves. The season is backward fully three weeks over what it is usually."—Pend d' Oreille Review.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?**  
If it does write us and we will only be too glad to give you all the desired information

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

## Weather Report

Abstract from weather records for April, 1909, kept at the Government Station, Balcomo Ranch, Summerland, B.C.

April	Maximum		Minimum		Barometer Readings	Sunshine (Hours)	Rainfall (Inches)

## Provincial and General

Surveying for an additional thousand coke ovens for the Crow's Nest Pass Coal Company at Fernie has been completed, and it is intended to start building them as soon as possible, so as to have them ready for operation the latter part of this year. Much development work has been going on at the mines here, especially at Nos. 1 and 2. It is expected to get a large output from these two mines very shortly.

A fine of \$5 was imposed on A. J. Picton-Warlaw, of North Vancouver, for allowing his grounds to be used for Sunday professional baseball. The action was for infraction of the Lord's Day Act.

H. E. R. Smythe, was attacked and seriously injured by one of his cows on Thursday. —Revelstoke Mail Herald.

Statistics just compiled show that there were in 1906 59,100 Japanese subjects in the United States and of this number no less than 53 per cent were in California and neighboring states.

L. W. Shatford, M. P. P., left for Victoria on Saturday. From there he will proceed to New York. —Penticton Press.

A detachment of mounted police left Calgary for Canmore last Saturday to watch the striking miners who threaten to interfere if repairs to the coal mine are gone on with today. This mine was the scene of a violent explosion this week from some mysterious cause. The interior was wrecked.

Eli Verreau left at 7 o'clock on May 3rd on what will likely be his last trip down the river over the ice. He took a light sled, a horse and the mail. The old ice is still solid and safe, but the overflows are liable to be too deep for comfort in a few days. Verreau arrived from Eagle Sunday evening with a portion of his mail wet. —Dawson Daily News.

Alfred Shrubbs, the English champion runner, defeated St. Yves, the marathon champion from France, in a twenty-mile race. Shrubbs finished in 1 hour 4 minutes 25 seconds, nearly 700 yards ahead of St. Yves.

# PROTECT YOUR TREES

These destroyers cannot live where trees have been treated with  
**WARNOCK'S TREE PAINT**

Pear Blight, Rabbits, Mice, Borers, Canker Worm, San Jose Scale, Oyster Shell, Bark Louse and Sun Scald. **THE COST IS VERY SMALL.** It will not wash off. One application protects for two years. Warnock's Tree Paint is not an experiment. It has stood the test for 5 years in all parts of the United States. It is an absolute Preventative and Cure for Pear Blight. We invite investigation. The Arkansas Experimental Station has used this tree paint for three years. November, 1907, they purchased 50 gallons for free distribution among leading orchards. Send for 16-page free booklet to **G. R. LAWES, Enderby B.C. Sole Manufacturer for B.C.**  
Agent: C. H. CORDY, Summerland.

## LOCAL NEWS

Mrs. Pratt and E. Pratt of Peachland, were guests at the hotel this week.

T. C. Polsen of Armstrong, was in Summerland on Monday.

C. H. Cordy was a passenger to Vernon on Tuesday on business connected with the Okanagan Fruit Exchange.

Improvements are being made to the sewerage system along the lake front. The movement is timely and will be appreciated by all who believe in careful sanitation.

Another issue of the Lyceum the Okanagan College journal is under way and promises to be quite up to the standard of previous numbers.

The capacity of the hotel is being taxed to the utmost for the past few weeks and Mr. Cancellor has had all his spare rooms occupied. He has secured rooms above the Fruit Company's building in order to accommodate the overflow.

Dr. Matheson of Kelowna was in town this week accompanied by his father who has recently arrived from Toronto on a visit to the Okanagan Valley. They left on Tuesday evening for Penticton returning the following morning to Kelowna.

The swallows which have been so active beneath the eaves of the hotel have been given orders to seek other accommodation. The birds have been dubbed nuisances and the nests are to be broken down and wire put up to prevent them from rebuilding their miniature village.

A merry party, embracing Dr. and Mrs. and Miss Gertrude Anguin, Mr. and Mrs. Seaman Hatfield, Miss Estabrook, the Misses Hayes, Messrs. H. Corbett, Geo. Christie and J. D. Harrison journeyed to Kaleden on Saturday and camped there until Monday. The picnickers all tell of a splendid time and are quite enthusiastic over the beauties of Kaleden.

T. Edwards of Woods Lake was a visitor in Summerland this week.

Prof. Denton is camping on his property below College Hill.

Dr. McIntyre is preparing to erect a dwelling house on his property on the flat.

Mr. E. W. Bateman returned to Winnipeg on Monday morning after a brief visit with relatives.

Miss Ruth Dale returned home on Tuesday after spending a few days with Miss Harvey of Kelowna.

Mr. Wilson, a recent arrival from the east who purchased J. Campbell's property just below College Hill, is preparing to erect a residence thereon.

Wha's catchin' fish? Many followers of Isaak Walton are, and good sport is the order of the day. On Saturday last a beauty weing 10lbs. was hauled out.

A. H. Hubbard of Nelson, with three ladies is canvassing the district and demonstrating the merits of a new brand of flour.

An approach is being built to the war canoe house in order to facilitate the removal and re-housing of the long boat. The crew met with a few difficulties along that line at the outset.

Mr. D. Craig and son B. Craig, arrived this week from Renfrew, Ontario, and will locate on Mr. Craig's property in Prairie Valley. Mr. Craig is the owner of a choice 7 acre property there and a bearing orchard.

Mr. Ruddick, a member of the Dairy Commission of Ottawa, paid a brief visit to Summerland on Tuesday. His business here was in connection with the enforcement of the Fruit Marks Act.

On Tuesday evening, a splendid series of photographs were on view in the Supply Company's window. They had vanished by Wednesday morning. No signature was attached, but the artist, whomsoever he be may congratulate himself upon being successful in procuring such typical views of the regatta.

**RIFLE ASSOCIATION.**

The leading scores on Saturday last at the rifle range were:

	200	500	600	Total
A. E. Nelson	31	32	30	93
O. Smith	27	31	27	85
M. Steuart	30	28	27	85
J. Dunsdon	27	30	26	83

On Empire Day, the Over Seas Mail Competition, which is open to all Rifle Associations in the Empire, was shot off, the eight highest marksmen constituting the team, which turned out to be:

W. Nelson	29	34	30	93
V. Taylor	31	33	29	93
H. Dunsdon	29	34	27	90
A. E. Nelson	29	32	28	89
B. Steuart	30	34	25	89
F. Munro	26	32	30	88
J. Dunsdon	31	30	26	87
M. Steuart	29	30	26	85

714

Col. Cartwright and Mr. E. R. Faulder kindly acted as Range officers.

On Tuesday next, 1st June, several members go up to Vernon to take part in a three days shoot of the Okanagan Rifle Association, and it is fully expected that Summerland will secure its usual share of cups and trophies. Members are reminded that entries have to be sent to the Secretary of the Okanagan Rifle Association at Vernon by Saturday, June 29th.

Rev. Mr. Wilson of Vancouver, will be the preacher at the Presbyterian service in the Methodist church on Sunday evening.

Baptist services will be held both morning and evening at the Front in Empire hall on Sunday and on the Flat at the usual hour in the afternoon. A business meeting will be held on Wednesday evening at which business of vital importance to the denomination will be discussed. The place of meeting will be announced at the Sunday services.

Prof. Perry has assumed his duties at the Kamloops High School and after his year's leave of absence has expired, hopes to return to Okanagan College.

**PIANOS AND ORGANS**

Those who want anything in the above lines can be supplied at right prices. I buy for cash direct from the manufacturer, and am therefore in a position to give close prices, especially for cash. Goods delivered to any station in the Valley.

Why should Summerland Fruit Lots be worth \$100.00 per acre?

???

Why? Because full bearing orchards in a good state of cultivation pay great dividends.

A stock or bond which pays dividends of \$60 a year is worth \$1000 so long as money is worth 6 per cent.

Anything else which will yield \$60 a year of income is worth \$1000.

**DIVIDENDS DETERMINE VALUES**

Orchard lots in Oregon often yield as high as \$1000 per acre.

If we say \$200 net returns per acre from a mature well-kept orchard, what is that acre worth by the rule that governs bank stocks?

This is the way they made us work it out in school according to Hamblin & Smith's Arithmetic:

\$6 is the interest on \$100 for one year

\$1 " "  $\frac{100}{6}$

\$200 " "  $\frac{200 \times 100}{6} = \$3333.33\frac{1}{3}$  Ans.

**CONSIDER THAT**

AND WRITE
