

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NAIKINIA

Vol. 2, No. 44

SUMMERLAND, B.C., JUNE 4 1910

Whole No. 96

NIXON---TAIT.

An affair of special and widespread interest in the community was solemnized on Monday last at St. Stephen's Church, when Mr. Frederick, J. Nixon, accountant for the Summerland Municipality, was joined in wedlock to Miss Christina Tait.

Both of the contracting parties are extremely popular in the neighborhood, and this was evidenced by the large number of people that assembled at the church and remained throughout the ceremony. Shortly after the hour of noon the groom, attended by Mr. Alex. H. Steven, took his place in front of the altar.

To the accompanying strains of Mendelssohn's Wedding March and the Bridal March from Lohengrin, ably rendered by Mr. Powell-Jones, the bride was conducted up the aisle by her brother, Mr. John Tait. Winsomely attired in a dress of white silk overspread with net, wearing the regulation veil and orange blossom and carrying a shower bouquet of red carnations and asparagus fern, she looked radiantly happy. In close attendance and also becomingly attired was her bride's maid, Miss Elizabeth Raleigh.

After the nuptial ceremony was duly performed by the Rev. H. A. Solly, the party left the church amid showers of rice, and repaired to the home of Mr. and Mrs. James Mitchell, Garnett Valley, where a splendid luncheon awaited them. The culinary arrangements were all that possibly could be desired, every detail of the repast reflecting the greatest credit on the ability of Mrs. Mitchell.

After the toasts were pledged and heartily responded to the happy couple left for town, where they took the steamer the same evening for Penticton.

Their wedding trip will be confined to a ten days' sojourn at Armstrong. On their return they will take up their home on the new property recently acquired by Mr. Nixon near the venue of his work, where the good wishes of all their friends will follow them for a long and happy married life.

Mr. and Mrs. F. Gartrell and Mr. and Mrs. Morgan went on a camping expedition on Monday last for a few days, journeying to their pre-emptions back in the hills.

PRESENTATION TO J. F. FAULKNER.

The Summerland Oddfellows turned out in force last Friday evening the occasion being a Farewell to Bro. J. F. Faulkner, P. G., who left the following morning for Vancouver.

After the routine business of the lodge had been transacted, Noble Grand Andrew called for Bro. Faulkner, and after expressing regret at his departure, presented him with a handsome pipe, smoker's set and a box of cigars.

Bro. Faulkner in response spoke feelingly of the fraternal ties he must sever in leaving Okanagan Lodge, and tendered a hearty invitation to any member visiting Vancouver to call on him.

After speeches by the brethren a lunch of coffee and cake was served and the gathering broke up to the strains of 'he's a jolly good fellow'.

Bro. Faulkner will be greatly missed in I. O. O. F. circles as he was thoroughly conversant with every department of the order, and an authority when any question relating to the work arose.

He was the first Noble Grand elected to the chair of Okanagan Lodge, and will represent the Lodge at the Grand Lodge which meets in Kamloops on June 8.

KING'S BIRTHDAY.

Public Holiday Declared.

A telegram from Mr. L. Norris, Government Agent at Vernon was received on Thursday afternoon to the effect that the Government had declared June 3rd., the King's Birthday, to be a statutory holiday. In accordance therewith Reeve Agur had notices posted round the town, requesting compliance with the declaration.

Mr. John Tait is at present experimenting with the calabash plant, seeds of which have been forwarded to him by his brother in South Africa. The gourd from the calabash plant furnishes the famous calabash pipes, the manufacture of which is now quite an industry, and acres of these plants are now grown in South Africa. If it is successful here there is every probability of a good local industry in the manufacturing of these pipes.

FAREWELL TO REV. R. J. M'INTYRE.

On Monday evening in the Men's Club about one hundred friends gathered together to bid farewell to the Rev. R. J. McIntyre, who leaves the community after three years of service in the Methodist Church. The chairman, Rev. J. Hood, expressed his sorrow that Mr. McIntyre was bidding farewell to Summerland, as they had worked hand in hand throughout his pastorate here, and in his new sphere in Revelstoke, he hoped he would always have a warm corner for his Summerland friends.

Mr. J. L. Logie, in his remarks made mention that the Methodist parson had perforce to be a migratory person, and when spring came round he began to think about moving. They had been able to retain the services of Mr. McIntyre for a fairly long period, and had really got to know him, and on behalf of the people upon the flat, he expressed his sorrow at his removal. Mr. McIntyre was not only a good parson but a good sportsman—a man whom the boys rallied round, and he would be a distinct loss to them all. He could rest assured that he carried with him the best wishes of all the community, and they wished him every prosperity in his new sphere of labour.

Mr. J. C. Robson on behalf of the congregation wished him god-speed in his new call. His practical sermons and instruction in his many services would live long in the hearts of many of his late congregation.

Mrs. Conway spoke on behalf of the Women's Missionary Society very expressively of the work done by Mrs. McIntyre who was the organizer of this movement in Summerland, and hoped that she would prove as great a blessing in her new field of labour as she had in her present one.

Mr. Gildert Thornber said a few words on behalf of the choir, emphasizing the fact that not only had Mrs. McIntyre been a great help amongst them, but at the rehearsals she was always on time—a virtue which was very dormant in Summerland.

On behalf of the Sabbath School Mr. J. R. Brown mentioned that Mr. and Mrs. McIntyre would be a distinct loss. Anyone who took such a great and live interest in this important side of Church work could not help but be missed, and their place would be difficult to fill. The best wishes and prayers of the Sabbath School were

The Summerland Review

with them in all their journeyings.

Mr H. C. Mellor said a few words and called upon Mrs. T. C. Stinson, who presented on behalf of friends a purse of money.

The Rev. R. J. McIntyre, in his reply, made a splendid little speech in which he remarked that the time was at hand when men would not be reckoned by the depth of their purse, but they would be measured by the service which they render to their fellow men. He gave a few reminiscences of his life as a pastor, and in a very touching and homelike farewell address spoke very heartily of the happy time he had spent amongst his congregation and the people of the district generally.

During the evening Miss E. Brown rendered a solo, and Mr. T. Percy Thornber gave a solo on the organ. The gathering came to a close after refreshments had been served and partaken of by the friends assembled.

SEN. PEREIRA'S VIOLIN RECITAL.

On Wednesday evening the music lovers of Summerland were treated to an exceptionally fine concert by Sen. Pereira, assisted by Miss Lucile Palmer and Mr. Charles Harper. The audience was small but very appreciative, and listened throughout the program entranced with the marvellous rendition of the many and varied pieces, to the best musical combination which has yet been their pleasure to listen to in this community—a bevy of artistes each one of which was a star. Encores were asked for after the finish of each item, and the artistes very graciously responded. One among the audience requested a special song, and although the request was granted the song itself was not up to the class of music previously rendered; it was made one of the best numbers of the entertainment, and delighted the audience by shewing what can be done with this class of stuff, when played and sung by musicians.

Sen. Pereira is a master of the violin, and his whole soul enters into the melody, entrancing his hearers with the speaking notes produced. In Raff's Cavatina, which he played for an encore, he excelled himself and the audience thoroughly appreciated his masterly rendering.

Miss Lucile Palmer is the possessor of a magnificent soprano voice well capable of filling a hall twice the size of the one used on Wednesday. Her selections, though well rendered, were not particularly good, and we would like to hear her in some

of the operatic songs from the Gilbert and Sullivan repertoire.

Mr. Chas. Harper is a pianist—that is everything. He understands his pieces, and the Rondo Capriccioso (Mendlesohn) as played by him will live long in the minds of his audience.

The artistes must have been pleased with their reception here, and there will ever be a warm welcome for them in Summerland, and a full house is assured for their next visit, which will be looked forward to by all.

The following was the program:

Part I.

1. Sonata (Violin and Piano) - Grieg
Sen Pereira and Mr. Chas. Harper

2. Song - Sing on - - -
Miss Lucile Palmer

3. Piano Solo, Rondo Capriccioso, Mendel-
Mr. Chas. Harper [ssohn

Part II.

4. Violin Solo, Romance Saint Saens
Sen. Pereira

5. Song, The Maid o' Dundee - - -
Miss Lucile Palmer

6. Piano Solo, March of the Dwarfs, Greig
Mr. Chas. Harper

7. Violin Soli, (a) Salut d'Amour Elgar
(b) Il Traumeri Schumann
(c) Romance - Svensen
(d) Minuet - Mendelssohn
Sen. Pereira

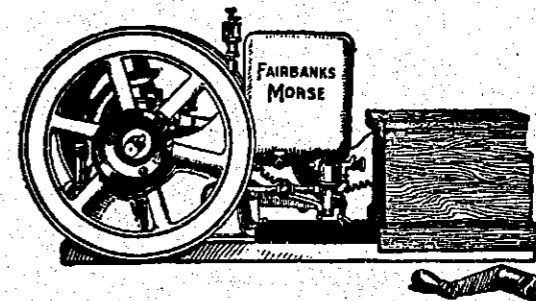

God Save the King.

Apricots and peaches from California were expected to be on sale in Victoria on Wednesday.

At Revelstoke the C. P. R. are enlarging their shops, which when finished will accommodate about 500 employees.

Premier Mc Bride will make a midsummer trip through the northern part of the province, leaving Ashcroft by auto for Soda Creek at the head of navigation on the Frazer.

Salmon Arm Board of Trade offers a prize of \$10 for the best collection of local photographs to consist of a group of 10 or more, the Board to have the privilege of purchasing the successful series. They also offer \$10 for first and \$5 for second prize for an essay to embody the area, progress and possibilities of the district. At the same time they are preparing for the Calgary Exhibition to be held in July. Salmon Arm is going ahead.

NOTICE TO CONTRACTORS.

ELLISON SCHOOL.

SEALED TENDERS, superscribed "Tender for Ellison School Building," will be received by the Hon. the Minister of Public Works up to and including Wednesday, the 8th day of June, 1910, for the erection and completion of a large one-room school building at Ellison, about three miles from Kelowna, in the Okanagan Electoral District.

Plans, Specifications, Contract, and Forms of Tender may be seen on and after the 19th day of May, 1910, at the office of M. Hereon, Esq., Secretary School Board, Kelowna; the Government Agent, Vernon; and at the Department of Public Works, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works for a sum equivalent to 10 per cent. of the amount of the tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted

Local News Items.

A. S. Hatfield of Kaleden has been appointed a Notary Public.

The ferry leaves Summerland at 2:15 on Sunday afternoon for Naramata.

Mr. T. McAlpin and family went down to Kaleden on Thursday, where they will camp for the summer months.

Mr. and Mrs. J. B. McLaren and Miss Maude McLaren left on Thursday evening on a visit to Vancouver and the coast cities.

A motor car has been purchased to run in connection with the hotel. It is expected to be in town in a little over a week's time.

The Ice Cream and Strawberry social in connection with the Ladies Aid Presbyterian Church will be held in Peach Orchard on Thursday June 16.

Mrs. Kirchhoffer, wife of Senator Kirchhoffer, of Brandon, was visiting her daughter, Mrs. J. M. Sntherland, during last week end, and left for her home on Tuesday morning.

On Thursday next, June 9th, the Musical Eckhardts (swiss handbell ringers) will perform in the men's club. Their splendid entertainment of last year has not been forgotten and a full house should be assured.

Mr T. G. Beavis of Trout Creek has sold his property there consisting of a house and 7 acres. Mr. Robt. Johnson of Bradwardine Man. was the purchaser. Tom intends to stay in Summerland for the present.

The Summerland Supply Co. Ld. have removed their grocery department, and their business will now be conducted under one roof. Grocery, hardware, and soft goods on ground floor, and furniture on the second floor.

Since the financial statement of the hospital was published, a kind friend has come along and presented a cheque of \$25.00, which same places the institution at the end of the year with a credit balance instead of a debit.

During May the following donations have been received at the hospital: strawberries from Mrs. Andrew and Mrs. M'Laren, potatoes from Mr. Pollock, flowers from Mr. J. Tait, surgical appliances including a special adaptable splint from Dr. Andrew, and lake trout from Mr. Chas. Wharton.

Sensation!

It is bound to be the result when it becomes known that I am selling exceptionally good stock at ridiculously low prices.

HE PLEASED EVERYBODY!!

I read not long ago that down in Brown County, Indiana, the front room of the county poorhouse—a large, cheerful apartment with southern exposure and plants in the windows—is occupied by a man who for many years conducted a newspaper that pleased everybody.—George Ade.

OKANAGAN PROSPECTS.

Mr. W. Stanley Ricardo, the well known manager of the Coldstream Ranch, Vernon in an interview with a representative of the Province the other day said:

There is now every indication that the Okanagan Valley will yield a 500-car crop this season. I refer to apples, plums and prunes and peaches, small fruits not being included in the estimate.

This will mean a crop three times larger than last season's due partly to young trees coming into bearing for the first time.

The orchards along the whole length of the valley never looked better. The trees escaped frost and promise to bring to maturity a superior class of fruit. The fruit-growing industry up there will continue to assume ever-increasing proportions owing to the large number of new orchards being planted every year. There is an unlimited market for large and small fruits in the prairie provinces and Okanagan apples have already attracted English buyers to the district, the fame of that fruit having already been established in England.

AMONG THE CHURCHES.

ST. STEPHEN'S CHURCH (Anglican) June 5.
 II. Sunday after Trinity.
 Holy Communion, 8 a.m.
 Sunday School, 10 a.m.
 Matins, 11 a.m. Evensong, 7:30 p.m.

UNRIVALLED IN ITS BEAUTY, its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctillious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

DOES SUCH A PROPOSITION APPEAL TO YOU? If it does write us and we will only be too glad to give you all the desired information

JAMES RITCHIE - PARKDALE - SUMMERLAND

The Summerland Review

THE HOUSEWIFE AND THE FLY.

"Don't come into my parlor," said the housewife to the fly,
 "There's a screen at every window, and your entrance I defy;
 There are microbes on your footsteps and a crust upon your head
 Which, if not microscopic, would fill our heart with dread.
 "You carry germs of typhoid and spread consumption's bane,
 And our sanitary teachers paint your crimes in language plain;
 Don't come into my parlor, and for safety I would pray
 If you walked into my dining room upon some sunny day.
 "There are seeds of vile distempers hidden in your tiny wings,
 And your many feet have traveled over nameless filthy things;
 You're a menace to our safety, you are powerful though small,
 And the mischief you accomplish would the bravest hearts appal.
 "If you enter I have poison all prepared for you to eat,
 And paper spread to tangle your germ-laden wings and feet;
 I will poison, trap or smash you if you do not leave my door,
 For our modern sanitation will endure your calls no more."
 —ADALENA F. DYER.

BAND PROGRAMME.

The following programme will be rendered on Saturday evening, June 4, commencing at 8:30:

March, National Cadets	Brown
Selection, Maritana	Wallace
Intermezzo, Cavalleria Rusticana	Mascagni
Valse, Forest Park	Titoff
Schottische, Happy	Hosfield
March, The Red Man	Hall
The Maple Leaf and King.	

The band will play the following program at Naramata on Sunday afternoon, June 5, at 3 o'clock:

March, Birthday	Kuhne
Paraphrase, Hear my Prayer,	Rollinson
March, J. M. R.	Pearce
Ave Maria	Mascagni
March, Adeste Fideles	Beyer
Solo, Smiling Stars	Mackie
March, Homeward	Howard

SATURDAY, JUNE 4, 1910

AN EMBARRASSMENT OF RICHES.

Most people, at one time or another, have known what it is to be embarrassed by poverty. Just now, however, more than one Summerland man seems likely to be embarrassed by his riches. The bounty of nature has been such this year that the picking and packing of the fruit crop is causing more or less anxious thought to our fruit growers.

Two years ago the C.P.R. sent a man down from the coast to investigate the possible need of help at this point and elsewhere. He returned satisfied that his trip had been premature, but that there would later on be need of action. At that time few trees had reached maturity; and besides, a cruel frost had, wonderful to relate, injured the crop prospects for the year.

Now, however, the situation has entirely changed. The majority of the trees have begun to bear, more or less. Two thousand and two hundred peaches were picked off one four year old tree in Summerland the other day in thinning it. That, however, is not an average tree perhaps. Yet if it has any value as indicating crop possibilities we ought to be getting busy laying pipe for harvest help; for next year, should nothing untoward occur, the problem of handling the fruit will be a lively one.

We understand that packing houses are to be erected both on the water front and upon the Flat. That will no doubt go far toward solving the problem for this year. It stands to reason that those who make a business of packing should become expert at it, and with all facilities at hand, should

be able to relieve the strain in more than one quarter. At the same time it is true that their time is limited in which to pack. Each day will bring its own new grist which must be immediately cared for. Were all Summerland to bring to them they would soon be swamped completely. They can care for only a part of the output. They are therefore, only remedial, and not a solution of our difficulty.

That must be increasingly true year after year. If packing houses are multiplied then packing houses must have labor, and if the people do their own packing, then they will require it. But help must be had from some outside quarter.

Possibly some experimental attempt could be made this year. The Board of Trade might fittingly take this matter up, find a conservative estimate of the help required, and go into the thing with the C.P.R. with a view to having special rates for desirable help from the coast cities and elsewhere. If they can give an \$18 rate from Halifax to the north-west and return no doubt they could do something for the Okanagan along this line, if the Associated Boards of Trade were to recommend it. They are only less interested than ourselves in seeing our business made a success.

Sometime it may work out that a clean class of boys from Vancouver may be brought up for the fruit picking. The outing would be of the nature of a holiday for them; it would tone up their systems for the winter's work in school, and at so much per box place a few pennies in their pockets. In view of the clean character of the boys in these places the dangers of moral contamination would be in what they brought, not what they found here, and by a proper process of selection at the other end, say through the teachers of the public schools, that danger might be reduced to a minimum.

Some care should be exercised along this line at the very beginning or we may yet find a marked deterioration in our moral atmosphere. The hop fields of Kent are not made purer each year when great London vomits forth its hordes from the underworld to gather their harvest.

The first cabinet has just been formed in United South Africa with Gen. Louis Botha as premier and minister of agriculture. The other members of the cabinet are Gen. J. C. Smuts, J. W. Sauer, Gen. J. B. M. Hertzog, F. H. Malan and H. C. Hull.

Do you want other fruit growers to tell you how

Nico Soap

AND

Vermoid

helped them to turn insect destruction into profitable production?

Nico Soap is an absolute sure death to sucking insects.

Vermoid is a preparation for the destruction of Wire Cut and Eel Worms and all other soil pests.

Information will be sent if you write

A. S. Hatfield, Kaleden, B.C.,
Or The
Summerland Supply Co., Summerland B.C.

Provincial and General

The world famous Derby race for \$32,500 was run off on Wednesday, Mr. Fairie's Lemberg coming in first.

The Vernon and Kelowna Lacrosse teams met last Friday, and the match resulted in a draw, each side scoring two goals.

The Vernon News commenced its twentieth year of publication last week. Congratulations from one of the younger generation of the Okanagan.

Glen H. Curtis travelled in his flying machine from Albany to New York, a distance of 150 miles, in 2 hours and 46 minutes, winning the \$10,000 prize put up by proprietors of the New York World.

Premier Rutherford of the province of Alberta has resigned his office and Chief Justice Sifton has been sworn in as Prime Minister. He accepted only on condition that none of the ministers who had anything to do with the legislation and contracts of the Great Waterways should be included in the new cabinet.

The Oliver Typewriter for 17 Cents a Day!!

Please read the headline over again. Then its tremendous significance will dawn upon you.

An Oliver Typewriter—the standard visible writer—the most highly perfected typewriter on the market—YOURS FOR 17 CENTS A DAY!

The typewriter whose conquest of the commercial world is a matter of business history—YOURS FOR 17 CENTS A DAY!

The typewriter that is equipped with scores of such conveniences as “The Balance Shift”—“The Ruling Device”—“The Double Release”—“The Locomotive Base”—“The Automatic Spacer”—“The Automatic Tabulator”—“The Disappearing Indicator”—“The Adjustable Paper Fingers”—“The Scientific Condensed Keyboard” all

Yours for 17 Cents a Day!

We announced this new sales plan recently, just to feel the pulse of the people. Simply a small cash pay-

ment—then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded.

The demand comes from people of all classes, all ages, all occupations.

The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition. An impressive demonstration of the immense popularity of the Oliver Typewriter.

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

A Quarter of a Million People are Making Money
with

The OLIVER Typewriter
The Standard Visible Writer.

The Oliver Typewriter is a money-maker, RIGHT FROM THE WORD “GO!” So easy to run that beginners soon get in the “expert” class. EARN as you LEARN. Let the machine pay the 17 CENTS A DAY—and all ABOVE that is YOURS.

Wherever you are, there's work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably ABOVE those of many classes of workers.

‘An Oliver Typewriter in Every Home!’

That is our battle cry to-day. We have made the OLIVER SUPREME IN USEFULNESS and absolutely INDISPENSABLE in BUSINESS. Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the home training of young people. An EDUCATOR as well as a MONEY maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver opportunity?

Write for further details of our easy offer and a free copy of the new Oliver catalog. Address

DO IT NOW.

:: Naramata Notes ::

The Athletic Club is busy working out the details for the first of the season's regattas to take place on June 23rd.

Mr. S. M. Pittman has gone down to Kaleden where he has secured a permanent situation.

Mr. and Mrs. H. J. Wells entertained a large number at their spacious new bungalow on the beach. The time passed pleasantly with music, cards and dancing.

We are to be highly favored this season in the way of band music. A series of sacred concerts is to be given here the first Sunday afternoon of each month commencing with the month of June. Next Sunday afternoon, then, bear in mind the band concert.

Mr. S. Hill, of Accrington, England, with his daughter, Mrs. J. Dean and her husband, have been in town about a week. It is probable that they will make their residence here permanently.

The last meeting of the Unity Club, which was held at the home of its president, Mrs. Gillespie, partook somewhat of the nature of a reception in honor of one of their prominent members, Mrs. J. M. Robinson, who has been absent for so many months. The attendance, fifty-five, was a record, testifying to the popularity of the organization, and also of the honored guest.

Before a building can be erected in Fernie plans have to be passed and a permit granted. This is a good system and one well worth adopting in Summerland.

Last week, a horse shied at an excavation in Virden, Man., and attempted to get away. He was pulled up sharp, and after rearing dropped down dead. Rather unique for a horse to die of fright.

The French submarine, Pluviose, with her crew of 27 men aboard lies in 180 feet of water in the English channel. The S.S. Pas de Calais, loaded with passengers struck her, whilst partly submerged, when about two miles from the harbour of Calais. It is presumed that the submarine attempted to pass underneath the steamer and so the accident occurred. The shock of the compact brought the passengers to the deck rails from where they saw the hull of the submarine turning over.

PENTICTON PRESS AND EMPIRE'S MOURNING.

Mr. W. J. Clement, of the Penticton Press, has been getting it hot—or cold, according to the condition of the water. Last week he issued an editorial which caused a terrific amount of excitement. He stated that the sorrow of the whole empire was worked by individuals toadying to the satellites of the throne, and it was utter nonsense for the free people of Canada to squander the sum of \$35,000 in draping the government buildings at Ottawa in black. The outcome of it was that a party of irate young Englishmen called upon Mr. Clement on Monday and escorted him on a run to the nearest duck pond where he received a slight wetting, and but for some bystanders rallying to his support, it would have fared ill with Mr. Clement. It is understood that the perpetrators of the scheme have been made to understand that they are not allowed to take the law into their own hands, and a fine of \$10 and costs was imposed in each case.

CARD OF THANKS.

Mr. Wm. Beattie takes this opportunity of expressing his heartfelt thanks to his many friends for their help and sympathy during his recent bereavement.

A full sized billiard table by the Brunswick-Balke-Collender Co. has been installed in the hotel this week, and is already proving a source of pleasure to many visitors and residents in the community.

The following prices reign in Vernon just now: Butter, dairy, 35c. per pound; butter, creamery, 35c. and 40c. per pound; fresh eggs, 30c. per dozen; potatoes, \$1.00 per sack; Oats (north-west) \$1.60 per sack; Hay (baled) \$25 and \$28 per ton.

A few weeks ago mention was made of a batch of trout having been placed in the reservoir at Prairie Valley. Senator Kirchoffer has for the past five years been trying to get the Government to stock the lakes in B.C. with good varieties of eastern trout. He has succeeded at last, and the batch mentioned were the first for the Okanagan district. Other varieties will arrive in the district just so soon as they can be got ready for transfer.

Mrs. Seaton and Miss Fowler journeyed to Peachland by Monday's boat.

A saw mill is being installed in Kaleden by T. R. Preston.

There is a movement on foot amongst a few fruitgrowers to build a small private cannery on the flat.

Victoria, Nanaimo, Vancouver, North Vancouver, New Westminster, Chilliwack, Kamloops, Vernon, Nelson, Fernie and Revelstoke are the cities which the B.C. University Commission will visit. Vernon is making a strong stand for this institution and it is hoped that this go-ahead Okanagan city will be finally decided upon as practically everything desired for an University site is to be found at Vernon.

Local News Items.

Dr. and Mrs. Mathison returned to Kelowna by Monday's boat.

Mrs. K. S. Hogg will hereafter receive on the second Wednesday of each month.

Professor and Mrs. Stenderson, of the College, left for Vancouver at the beginning of the week.

The Summerland Tennis Club will open their new Tennis Courts on the flat this afternoon.

Norman E. Phinney, who has been working for the Supply Co. for a few years left their employ at the end of last month.

Mesdames Hood, Lipsett and Robson left on Wednesday morning for the W. C. T. U. Convention at Armstrong.

A couple of prairie schooners passed through on their way north on Monday. The travellers came from below the line and are about to take up land in the Lumby district.

The Local Option League of British Columbia being in need of funds just at present, all those who have subscribed to the said fund would oblige by paying the same to the treasurer, J. L. Logie, at an early date.

A strong team of local rifle club enthusiasts left for Armstrong on Tuesday morning. With such a good mascot as a honeymoon couple amongst them surely the boys will have pulled off some of the leading trophies of the shoot.

He was in his shack up on the flat listening to the band of the good old 5th Lancers, and they were playing in glorious style, working up to a grand finale. The drum gave a terrific bang and he awoke to the fact that a strong gale was blowing and sheets of corrugated iron were having a fine race over the fruit lot, dreamland was left far behind and he had to turn out and chase the fleeting iron.

The ladies' wing at the new college is going to be a very imposing building, and will be up-to-date in every respect. Excavations are already commenced, and the building will be proceeded with until completed. Mr. H. Tomlin has the building in hand, and Mr. C. N. Borton has charge of the plumbing and hot water heating. It will be three stories high with a basement and a music room semi-detached. Mr. Peters of Kelowna is the architect.

RICH RED BLOOD.

You Will Never Have It as Long as You Have Dyspepsia.

Just as long as you have dyspepsia your food will not properly digest, and the nutritious elements in the food will not be extracted or absorbed, and impoverished or watery blood will follow.

This condition may not be apparent at first, but it will come just as sure as the sun will rise again.

Any stomach ailment, including all forms of indigestion, can be promptly cured by using Mi-o-na tablets, a scientific treatment unsurpassed.

It stops fermentation, belching of gas and taste of sour food almost at once.

The mighty power of Mi-o-na to invigorate and restore the stomach to perfect condition is known everywhere.

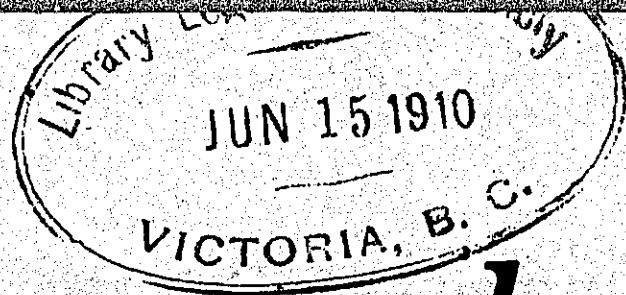

Mi-o-na cures by building up—by banishing the cause. For thin people it is a great flesh builder, because it causes the stomach to give more and purer nutrition to the blood. It cures sea and car sickness and vomiting of pregnancy almost immediately. The Summerland Drug Co. sells Mi-o-na for 50 cents a large box, and guarantees it to cure or money back.

SUMMERLAND TOWN COUNCIL.

UNIVERSITY COMMISSION TO VISIT SUMMERLAND.

Property of Delinquent Tax-payers to be Sold. A big Sheaf of Accounts Passed for Payment.

The Municipal Council met in regular assembly on Monday last; all the members were present with the exception of Coun. Gartrell who is under the doctor's care.

The minutes of the last meeting were approved and passed, and the following business was transacted:

A letter from Mr. J. M. Sutherland was read re batch of trout recently placed in the reservoir in Prairie Valley. The Clerk was authorized to thank the Dominion Government for the stocking of this reservoir, and instructions were given to Capt. Fison to see that a screen be placed at the intake of the flume from this sheet of water to prevent the fish escaping.

A letter was read from Messrs. Wilson and Bloomfield of Vancouver giving advice as to the constitution of the Board of Control.

The Bank of Montreal advised that the Royal Trust Company had accepted the Municipal Debentures for \$260,000 at 5 per cent less one half per cent, net at Summerland. A cash payment of \$150,000 will be made immediately the debentures are issued.

A letter was read from the Hon. Price Ellison to the effect that the university commission would sit in Vernon on the 8th inst and would travel to Summerland where he hoped they would be given a cordial reception. Arrangements were made for driving them around the district, and the College authorities were asked to entertain them to dinner.

The Medical Officer of Health reported there had been a few cases of scarletina, scarlet fever and measles during the month which had been attended to. In each case the residence had been fumigated and ultimately a clean bill of health given. He also reported having ordered the removal of a manure heap near a stable on Shaughnessy avenue.

It was resolved that the Municipal Collector be instructed to sell all lands on which the taxes had not been paid since the 30th December 1908, the sale to take place on the 24th day of August 1910 at 2 p. m. in the council chamber, Summerland, unless the said taxes are paid with all costs prior to that date.

A by-law was read for the first time to levy a rate of 10 mills to the dollar for 1910 for Municipal, School and Debenture purposes as follows;

- 4 mills for Municipal Purposes.
- 1½ mills for Debentures 1907.
- 3 mills for Debentures 1910.
- 1½ mills for School Purposes.

A request for free light and water was made on behalf of the hospital and this was granted by the Council.

It was resolved that the action of Reeve Agur in engaging the services of W. Simpson as weed inspector at his former salary be hereby endorsed.

The following accounts were passed and ordered to be paid :

MAKING HISTORY IN SUMMERLAND.

ARRIVAL OF FIRST FREIGHT CARS TO THE DISTRICT.

Great Interest Evinced at Their Arrival. Large Crowd on the Wharf. Optimism Rampant.

On Sunday last, about noon, the steamer York brought down the first barge load of cars to Summerland. These consisted of the piledriver, three cars for the workers and four others containing lumber, etc. They tied up at the wharf and a big crowd gathered to witness this historical arrival, which in years to come will be one of the events which they will tell the children.

No time was lost in getting to work, Mr. Gillespie, who has charge of the work under Mr. Jamieson the Engineer, is well known as a time maker, and first thing on Monday morning, whilst the town was asleep, they got under way and beached the barge near to the old wharf and immediately commenced operations. Tracks were laid, and the pile driver was safely esconced on the shores of the lake before the close of evening, three cars soon following. The other cars were unloaded by means of a steel hauser being attached to the engine on the piledriver, and the logs hauled off on to the shore, the whole barge being unloaded by Tuesday evening, and the following morning it was towed back to the landing by the York.

Work will now be rushed forward and cars in Summerland will be a very common sight in the near future. The barge is capable of bringing eight cars at a time, each with a capacity of 60,000 lbs., so that fuel during the next winter will no doubt consist chiefly of coal.

A rough diagram of the new wharf and dock is printed in this issue, and is supposed to be viewed from the lake, the station being fixed to come just about the end of the present old wharf. The cars will be run up the slip dock and across the wharf, the track running between the freight shed and packing house. There will also be a horse track running from the slip over the road and running parallel with it for some distance; here will be situate the cars not

in immediate use, and it will also be used for loaded cars which have to be emptied by one person or company.

If the wharf and buildings are put up with the same promptitude as was shewn in the unloading of the barge, then the long long dream will soon become an actual fact, and Summerland will grow quicker than ever were it possible so to do.

THE FRUIT PICKING PROBLEM.

This is at last receiving serious attention and a private individual as well as the Fruit Growers' Association are both going thoroughly into the matter, and it is hoped that it will be satisfactorily dealt with.

There is no doubt whatever about the fact that a lot of extra help will be required during the fruit picking season, and the quicker it is marketed, the better the condition in which it will arrive at its destination, and the more readily will the growers have cash for their produce.

An estimate of the men required is to be furnished just so soon as it is possible to form an approximate number, and each grower who will require help will please forward the number wanted to Mr. C. H. Cordy, along with particulars as to how long they can employ them, can they find them sleeping accommodation, board, etc. This information will be forwarded to Mr. R. M. Winslow, secretary of the B.C. Fruit Growers' Association, and ultimately dealt with.

A meeting dealing with the above question will be held on Monday evening in the Council Chamber at 8 o'clock.

THE CANNERY AT LAST.

Mr. T. J. Smith is at present in negotiations with the Kelowna Canning Company for the purchase of the plant which they recently discarded as being too small for their purpose this season and there is every prospect of the deal going through, so the district may still hope to see a cannery in readiness to handle the present year's crop. It will operate in the shed on the present wharf.

The Eckhardts once more delighted a Summerland audience on Thursday evening last. The entertainment was first class throughout, and especial mention ought to be made of the selection "Misere" from "Il Trovatore". The Eckhardts will ever be welcome in Summerland.

LOST, on Saturday evening last, between Balcom and Town, a waterproof. Finder kindly return to A. Agur, Balcom.

CUPID SCORES AGAIN.

**Jack Conway and Grace Phinney Involved
This Time.**

A delightful wedding had place in the home of Mr. and Mrs. J. E. Phinney on Wednesday last, when their eldest daughter, Grace, was given in marriage to Mr. Jack Conway of the Summerland Supply Co.'s store. The ceremony was performed by Rev. H. G. Estabrook assisted by Rev. A. T. Robinson, in the presence of about fifty invited guests. When the fateful hour arrived the bride, very charming in bridal white and carrying a magnificent bouquet of roses, entered the room leaning upon the arm of her father, and attended by Hessie and Muriel Phinney and Ida and Eva Shields as flower girls, and Miss Myrtle Conway, sister of the groom, as maid of honour. Miss Conway was attired in cream satin and also carried a large bouquet of roses tied with satin ribbon. In an artificial arbor and under a floral bell both constructed of cyringia blossoms and Okanagan holly, the fateful words were spoken clearly and distinctly in that breathless silence of the spectators which usually characterizes the solemn performance of the marriage rite, and then ensued a grand rush of congratulations and hearty good wishes.

During the evening Mrs. R. C. Lipsett assisted Mrs. Phinney in receiving the guests, whose happiness was made complete by the exquisite collation served later.

In a nearby room a profusion of silverware, cut-glass and other valuable presents attested the esteem in which the young people are held by their Summerland friends.

At the close of the evening the bride and groom repaired to Mr. Conway's home, opposite Mr. G. A. McWilliams, where they will reside on returning from their honeymoon trip to the coast cities. Many good wishes follow them, but the boys down town mourn the loss of the fastest sprinter in the Okanagan, and a good all round athlete, for they say that when a fellow gets married he's no use as a sport any more.

W. E. Scott, Esq., Minister of Agriculture, has also been appointed as superintendent of the Farmers' Institutes.

TEACHERS WANTED.

Applications will be received up to July 2nd 1910 for the position of a teacher in any of the following schools in the Municipality of Summerland, viz:—Garnett Valley, Prairie Valley, Gartrolls and Summerland.

NOW is the Time to buy

Land in Summerland.

There will be about \$200,000 expended in the district during the coming year. Inside of 18 months domestic water will be piped to the lots, electric trams running past, and with electric light and telephone systems land must be much higher than at present.

Local News Items.

Miss Dale with her neice Miss M. Bateman left on Monday on a visit to Miss Bateman's home in Vancouver.

Mr. C. N. Higgin has had to remove his houseboat from the old wharf to make way for the new dock, etc. It is now anchored in Peach Orchard bay.

Norman Phinney left on Monday morning for Greenwood where he has accepted a position with Russell Law & Co., General Merchants.

Crows are very prevalent just now especially in Peach Orchard, and those with shot guns ought to get busy as they are killing chickens and other young birds.

Mr. W. Watson has gone into partnership with C. N. Borton, and they will work together the plumbing and tinsmithing business.

A soft drink counter is being installed in the billiard room attached to the hotel. In connection with the billiards there is a prize put up for the largest break made on the table during the month.

The front part of the store which is now being removed piecemeal, and until recently occupied by the Supply Co., is to be placed just behind the hotel, and when finished will form a new wing containing twelve bedrooms, and the ground floor will be used as an extra dining room.

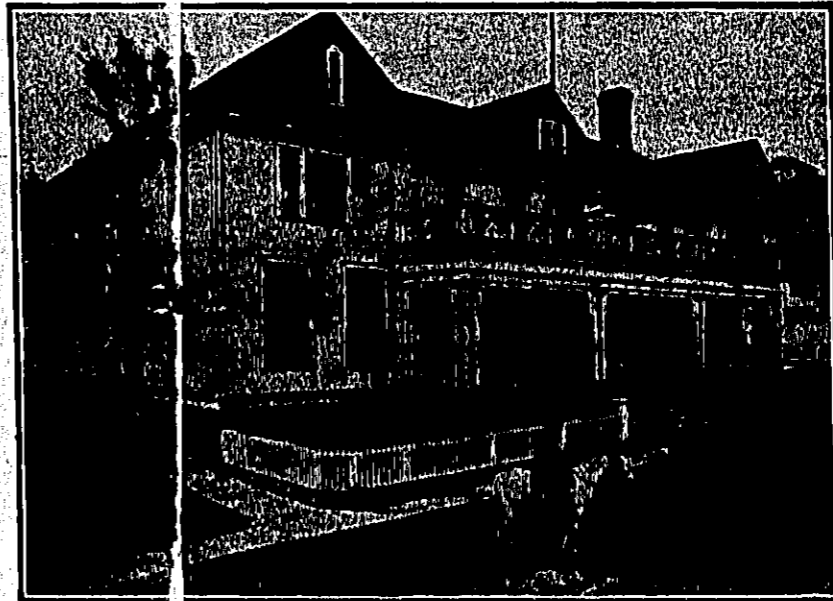

Jack Blewitt has received a consignment of canoes by Gorden of Lakefield. He procured nine in all and those which have been sold are highly spoken of by their owners. He has on hand three only two of which are of the racing type and one of the ordinary. In view of the many regattas which are to be held, it would be wise for intending purchasers to communicate with Jack right now, or they may be too late.

Mr. and Mrs. T. C. Orr of Toronto who have been in Summerland for the past few weeks will open a jewellery store on Saturday the 18th inst. They will work the business on behalf of Mr. J. Rowley of Toronto, Mrs. Orr's father. He is expected in Summerland in the fall. They will carry a full line of goods and repairs to watches and jewellery will receive every attention. Optical work will receive special attention, Mrs. Orr having had a large experience in this particular branch of the business.

UNRIVALLED IN ITS BEAUTY, its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctillious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

DOES SUCH A PROPOSITION APPEAL TO YOU? If it does write us and we will only be too glad to give you all the desired information

JAMES RITCHIE - PARKDALE - SUMMERLAND

The Summerland Review

SUMMERLAND'S FRUIT CROP.

During the past week, Ben Hoy, assistant horticulturist, and J. L. Berkley of the Okanagan Fruit Union, were in the district for four days, going over the various orchards and studying the prospects of the crop. The approximate estimate at which they arrived is that there will be in all probability sufficient fruit to fill about one hundred cars, made up as follows;

Apricots	-	2000 crates.
Plums & Prunes	-	2000 crates.
Apples	-	15000 boxes.
Peaches	-	66000 boxes.
Cherries	-	500 crates.

The Ladies Aid of the Presbyterian Church will hold an Ice Cream and Strawberry festival in Mr. Anderson's grove in Peach Orchard on Thursday 16th inst. at 7.30 sharp. The band will be in attendance.

The Rev. Frank E. Hardy, the new Methodist minister, is expected in on the 14th or 15th inst.

Mr. W. J. Walker, president of the British American Live Stock Association, will leave Vancouver next week on an extensive tour through Alberta and Saskatchewan as official representative of the Vancouver Exhibition Association. He will seek to secure the active co-operation of breeders of high-class horses and cattle.

\$100 REWARD will be paid to anyone giving information which will lead to the conviction of any person or persons stealing fruit from Mr. A. D. Adamson's Orchard, on Jones Flat.

SATURDAY, JUNE 11, 1910

THE PROVINCIAL UNIVERSITY.

The government of this province has determined to have a university. With most commendable statesmanship they have decided that when they do begin to build they will build something worthy the noble natural heritage with which we have been endowed. They will not mind a little extra expense and a cost that may seem appalling. That is what we like about them. There are times when to be economical is a crime. This is one of them. If the province has to do any saving the saving had much better be done at some other point. The field of knowledge is now so vast and the means of research so varied and expensive that a half equipped institution is of little use, though costly. Therefore those who go into that business should go into it with intent to "make a spoon or spoil a horn."

A university, it may be said, is not a college. A moderate outlay will build and equip an efficient college; but a university is a collection of colleges. Its various schools must give a training in law, arts, medicine and the various branches of applied science, to say nothing of theology.

To be worthy it must carry on post graduate work in the various fields of its activity. The bachelor's degree in arts or science is simply the beginning of its real curriculum. The college graduate is fitted merely to enter a university in the proper sense of the latter term. He is now supposed to know how to study and go on acquiring knowledge for himself. The professors simply guide him in his explorations.

To build and maintain an institution of that kind with its numerous museums,

libraries, laboratories and distinguished professors is a matter calling for an uncommonly long purse. Yet it must be done and done well, or else our very brightest men will go where they can obtain the very best training for their life's work in the various callings.

If Von Moltke was right when he said that Germany is ruled by one-third of the students in her universities, we may be sure that third does not include the lame ducklings of the schools. It is made up of the bright, ambitious men, such as in our own case would surely lift up their white wings and fly away to Chicago, Cornell, McGill or elsewhere, never to return if we do not give them a fair chance at home.

The province can not afford to be drained of its best blood year after year for the sake of a few millions spent now. It is often the case, as illustrated in the person of the present premier, that one man may be worth several millions to his country. One man well trained may save this province today or tomorrow more than the whole cost of the university. The man is therefore worth saving and keeping at home. There is always a place elsewhere for men of the sort to which we refer.

The government also shews its wisdom in having a commission of independent and unbiassed men from outside look over the province with a view to selecting a site for the provincial university. A smaller government would have placed it off hand down at the coast. This commission may have a different view. More than one state university has been placed outside the large centres. Some of the greatest universities on the continent, e. g., Michigan, Leland, Stanford and Cornell, are in small places, to say nothing of a brood of smaller institutions.

And so, when it comes to that, why shouldn't Summerland have a show for it? We will be on a trunk line of railway with connections, north and south, east and west. We will be twelve hours from Vancouver, have a healthful climate that makes out-door winter sports both possible and delightful, and have already made a start along educational lines. If the gentlemen of the commission decide on some point in the interior then we think they should certainly give Summerland's claims their most careful consideration.

TO RENT—from July 1st, the house presently occupied by Mr. J. C. Robson. \$15.00 per month. Apply Mr. A. Stark.

OKANAGAN SHOOT AT ARMSTRONG.

The fourth annual prize shoot of the Okanagan Rifle Association was held at Armstrong on the 1st 2nd and 3rd insts. There were 65 competitors including 11 members from Summerland. The local boys were out of their usual luck so far as cups went this trip, but secured their full share of the money prizes. The meet itself is generally acknowledged to have been one of the best ever held in the Province, the events being shot off, if anything, a little ahead of time, and the excellent manner in which the program was carried through spoke volumes for the untiring efforts of the popular president, Capt. Wolfenden.

Professional Gentlemen's Match.

2. Summerland,	692.
3. Kamloops,	685.
4. Vernon,	645.

The Vernon Shield was won by the Armstrong team.

It will be seen from the above results that the first prizes were well distributed among the several towns.

The school board trustees met on Monday last and transacted their usual business. It was reported that the question of the four-roomed school house upon the flat had been referred to Mr. James Miller, the inspector, for his report. Resignations from four teachers were received as follows:

Miss Ballantyne,	Garnett Valley.
Miss Young,	Prairie Valley.
Miss Hobbs,	Gartrell.
Miss Raleigh,	Summerland.

The Oliver Typewriter for 17 Cents a Day!!

Please read the headline over again. Then its tremendous significance will dawn upon you.

An Oliver Typewriter—the standard visible writer—the most highly perfected typewriter on the market—YOURS FOR 17 CENTS A DAY!

The typewriter whose conquest of the commercial world is a matter of business history—YOURS FOR 17 CENTS A DAY!

The typewriter that is equipped with scores of such conveniences as "The Balance Shift"—"The Ruling Device"—"The Double Release"—"The Locomotive Base"—"The Automatic Spacer"—"The Automatic Tabulator"—"The Disappearing Indicator"—"The Adjustable Paper Fingers"—"The Scientific Condensed Keyboard" all

Yours for 17 Cents a Day!

We announced this new sales plan recently, just to feel the pulse of the people.

Simply a small cash payment—then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded.

The demand comes from people of all classes, all ages, all occupations.

The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition. An impressive demonstration of the immense popularity of the Oliver Typewriter.

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

A Quarter of a Million People are Making Money

with
The OLIVER Typewriter
The Standard Visible Writer

The Oliver Typewriter is a money-maker, RIGHT FROM THE WORD "GO!" So easy to run that beginners soon get in the "expert" class! EARN as you LEARN. Let the machine pay the 17 CENTS A DAY—and all ABOVE that is yours.

Wherever you are, there's work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably ABOVE those of many classes of workers.

'An Oliver Typewriter in Every Home!'

That is our battle cry to-day. We have made the Oliver SUPREME IN USEFULNESS and absolutely INDISPENSABLE IN BUSINESS. Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the home training of young people. An EDUCATOR as well as a MONEY maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver opportunity?

Write for further details of our easy offer and a free copy of the new Oliver catalog. Address

Trout Creek	12	10
Prairie Valley	11	9

The work during last month was done from actual old examination papers, and the standing is as follows:

5th class: Ethel McIntyre, 78; Grace Logie, 74; Edith Thomson, 66; Annie Steuart 64.

Sen. 4th: Leimer Sherk, 75; Roscoe McWilliams, 72; Robert Munro, 72; Walter Mumm, 67; Marjorie Tingley, 67; Ralph Brown, 65; Jessie Mitchell, 64; Arnold Gayton, 64; George Dale, 63; Rina Thomson, 60; Harvey Phinney, 60; Rich Estabrook, 60; Eula Watson, 60; Gordon Ritchie, 60.

Jnr. 4th: Cleveland Stevens, 82; Marie Arkell, 76; Jean McIntyre, 75; James Ritchie, 70; Gordon Robertson, 69; Sydney McCulloch, 67; Ed. Logie, 66.

The entrance examination will be held on the 20th of present month, and all those in the foregoing sen. 4th. list will write on the examination.

BAND PROGRAMME.

The band will play in the bandstand on Thursday evenings instead of Saturdays as formerly. This move has been made necessary on account of a many members of the band not being able to get away on Saturday evenings.

The following programme will be rendered on Thursday evening, June 15, commencing at 8:30:

March, Inspection	-	Evans
Selection, Ireland	-	Godfrey
Gavotte, Loving Hearts	-	Brown
Valse, Fantastic	-	Zikoff
Selection, Scotland (by request)	Godfrey	
Intermezzo, Moonlight	-	Mackie
March, Commandery	-	Hall
The Maple Leaf and King.		
A. C. Pearce,	D. H. Watson,	
Bandmaster.	Manager	

The Okanagan Exhibition to be held at Vernon is planned on a big scale. The prospectus is published and copies may be procured at many offices in town. It consists of one hundred pages, and besides giving a complete list of classes and prizes furnishes some very interesting facts about the Okanagan district and British Columbia generally.

:: Naramata Notes ::

Mr. Francis of Peachland is assisting with the summer pruning for Mr. Niblock. Mr. and Mrs. L. Block are spending the week-end at Kaleden.

The usual church services were held last Sunday, Rev. G. O. Fallis at 10 a. m., and Rev. H. A. Solly at 7 p. m.

The sight of a number of deer by different parties recently would point to the probability that game will be unusually plentiful this season.

June 23rd the date of our first regatta, promises to be a record breaker in point of numbers, and preparations are being made for the entertainment of a bumper crowd.

Master Avard McCullough received an ugly gash on his leg as a result of a flying missile striking him while a stump was being blown out.

A large number of ladies from town attended the meeting of the Unity Club held today (Friday) at the home of Mrs. R. C. Lipsett of Summerland. The party were conveyed across in the Naramata.

If we have not had a land of sunshine this week on account of the numerous showers, we may certainly speak of our fruit and flowers. The whole place seems dotted with immense beds of wild strawberries and wild roses, the stems of the latter often reaching to a height of from 8 to 10 ft.

The trustees are making an effort to secure an additional teacher in our school for next year. The present teacher, while doing faithful work, finds that the large number of classes are a serious hindrance toward the progress of the school as a whole. By all means let us have two teachers.

The band concert at three o'clock last Sunday, despite the unpleasant gale blowing down the lake, was an enjoyable feature of the day's entertainment. Toward the close of the program Mr. Robinson in a neat speech complimented the leader upon the high state of efficiency of the band, and acknowledged the subtle compliment paid him in the presentation of the "J. M. R." march, a really fine selection of the leader's own composition. Mr. Robinson also stated it as his wish that these sacred concerts become a fixture in our Sabbath entertainment, as he thought it best to avoid the wide open day on the one hand, and the narrow path of our Puritan fathers on the other. The next date for the appearance of this popular organization here is July 3rd.

ROUGH PLAN OF NEW WHARF & SLIP DOCK

ROAD TO PEACH ORCHARD

MARKET REPORT.

Mr. Metcalf has issued his first report from the prairie provinces. He says that the present quotations for future delivery from Wanachee F. O. B. there, are as follows:

Peaches, per case,	45c
Prunes, per case,	40c
Apples, per box, No. 1,	80c.
Apples, per box, No. 2,	65c.
Pears, per box, No. 1,	\$1.00.
Pears, per box, No. 2,	90c.
Cherries, per box 10 lbs.,	50c. to 60c

He has been informed that a Mr. Griffen representing the American houses, had bought the output of strawberries on Wash-on Islands paying F. O. B. there \$1.50 per case.

He states that carloads of strawberries are coming through from Spokane to Calgary by freight in four days. Freight rate \$1.00 per 100 lbs., duty 48c., icing 10c.

He advises fruit growers and shippers of B. C. to perfect their shipping facilities and marketing arrangements and to give the greatest care to all the details in putting up their fruits this season.

From the present reported heavy crop, the good and finished product will sell, while the poor and unfinished may go begging for a sale. Peaches are likely from recent reports to be an exceptionally large crop everywhere. This with the energetic efforts being put forth on the part of American growers and shippers to sell their products in these markets will have the tendency to reduce the price. He also advises growers and shippers to get quotations into the hands of wholesale and retail dealers with estimate of crop, and varieties for sale as soon as crop is assured.

There is a very determined effort on the part of jobbers everywhere here, operating through their Boards of Trade, to get the present tariff on fruit reduced from the American side. These efforts and agitation along this line are likely to be continued. Any action by the Dominion Government in this direction should be opposed by fruit growers east and west most energetically.

The bathing house has been removed from its old stand, and will be rechristened and baptized as the garage. It took unto itself wheels on Monday last, and was immediately transferred near the hotel where it will be transformed into its new character.

TAYLOR & CO.

No One To Be Disappointed.

Owing to the Delays in the Mails Hundreds of Applications for Shares did not reach the Executive Office until too late. Closing out date to be extended until July 16th, 1910.

COALINGA-EUREKA OIL COMPANY Inc.

From the volume of applications which have arrived at our office several days after the closing out date, May 28th, for shares in this Company at 25 cents per share, the executive body met and decided that it would be to the best interest of all concerned to fill these delayed orders and extend the same privilege to those at a distance, who could not see the advertisement, owing to lateness in issue of paper, in time to enable them to wire their order here by the closing out date, May 28th.

This is, therefore, a final opportunity for you to secure a block of stock in the Coalinga-Eureka Oil Company at 25 cents per share. No application received for less than 100 shares.

You must bear in mind, however, that no further extensions will be granted. Under no consideration will there be shares offered for sale by the Company after July 16th, at less than FIFTY CENTS per share. Do not delay, therefore, since the block to be sold at 25 cents is limited.

Since the last advertising announcement appeared in this paper, several new wells have come in with large volumes of oil in the Coalinga oil fields.

Shrewd, far-seeing investors, capitalists from all portions of the world, are thronging to Coalinga, the greatest oil field in the universe, until the district has become a veritable bee hive of men, young and old, anxious to take advantage of this great opportunity of making a maximum amount of money at the minimum of investment.

The oil fields of Coalinga are richer than the gold fields of the Yukon ever were. Do you know that

if you had invested \$100 at the inception of the following companies, you would have made:

Silver Tip	\$ 600
W. K.	1,000
Sterling	1,000
Premier	1,100
Monte Christo	1,120
Record	2,000
S. F. & McK.	2,400
Sauerdough	4,166
Lucile	5,000
San Joaquin	5,700
Peerless	6,350
Kern River	9,500
Central Oil	15,000

"Pinal" shares sold at 25 cents, they are now selling at \$25 and paying monthly dividends of 15 per cent, an income of \$60 per month on an investment of \$100. When the "Silver Tip" came in, the stock jumped over night from 66 cents to \$4 and has been paying monthly dividends of 10 per cent ever since.

Similar opportunities are open to you, but you must think for yourself, have the courage of your convictions and ACT.

Development work is being rushed forward on Well No. 1 of this property with the result that within a few weeks time the drill should be down to the oil levels, and the Coalinga Eureka Oil Company's property should be one of the biggest and most profitable propositions operating in the Coalinga fields.

The property is especially well situated, being adjacent to the largest producing properties in the Coalinga field. This means that our property must be immediately above the great oil pools.

For 25 cents you are able to acquire \$1.00 shares. The shares are non-assessable. When you have paid 25 cents per share you receive your certificate. No further demands can be made upon you.

The smallest block of stock is 100 shares, on which the terms are as follows:

WHAT YOUR MONEY WILL BUY.

Cash Plan (5 per cent deducted).			
\$23.75	will buy 100 shares	par value	\$100
47.50	" 200 "	"	200
118.75	" 500 "	"	500
237.50	" 1000 "	"	1000

INSTALMENT PLAN			
\$10 cash & \$7.50 a month for 2 months buys 100 shares			
20	" 15.00	" " " "	200 "
30	" 22.50	" " " "	300 "
40	" 30.00	" " " "	400 "
50	" 37.00	" " " "	500 "
100	" 75.00	" " " "	1000 "

Prospectus and fuller information will be furnished on application.

In conclusion, reservation will be made in the order received, therefore, make your reservation at once, remitting for stock by cheque, draft, or money order.

Make all cheques, drafts and money orders payable to

G. L. Taschereau, Trustee

THE COALINGA-EUREKA OIL COMPANY, incorporated,

RICH RED BLOOD.

You Will Never Have It as Long as You Have Dyspepsia.

Just as long as you have dyspepsia your food will not properly digest, and the nutritious elements in the food will not be extracted or absorbed, and impoverished or watery blood will follow.

This condition may not be apparent at first, but it will come just as sure as the sun will rise again.

Any stomach ailment, including all forms of indigestion, can be promptly cured by using Mi-o-na tablets, a scientific treatment unsurpassed.

It stops fermentation, belching of gas and taste of sour food almost at once.

The mighty power of Mi-o-na to invigorate and restore the stomach to perfect condition is known everywhere.

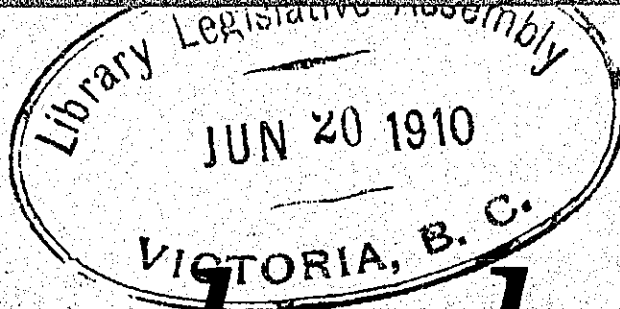

Mi-o-na cures by building up—by banishing the cause. For thin people it is a great flesh builder, because it causes the stomach to give more and purer nutrition to the blood. It cures sea and car sickness and vomiting of pregnancy almost immediately. The Summerland Drug Co. sells Mi-o-na for 50 cents a large box, and guarantees it to cure or money back.

SUMMERLAND, B.C., JUNE 18 1910

Whole No. 98

MUNICIPAL COUNCIL.

SPECIAL MEETING ON MONDAY LAST. WATER AND LIGHT DEPT.

By-Law to Raise Ten Mills on the Dollar for 1910 Passed. Instructions Given for Payment of Purchase Money for Irrigation Systems.

A special meeting of the Municipal Council on Monday last in connection with the Water and Light Dept. was held and the following business transacted:

The Reeve read a letter from Messrs Billings and Cochran, solicitors, re the debentures.

Rev. A. T. Robinson sent a communication stating that a road had been made through his property whereby he had lost one and one quarter acres of land which he valued at \$420. As the road had been put through without his permission he asked the council to compensate him to that amount, or that the matter be put to arbitration. Mr. A. Steuart was appointed to act as arbitrator on behalf of the council.

Mr. J. A. Black wrote saying that he considered the assessment on lot 3194 block 55, which had been placed at \$1,000 was excessive. He asked a reduction and a rebate on the taxes now due. It was decided that a rebate of \$10 be allowed and that the property be assessed for the year 1910 at \$300.

It was resolved By-law No. 27, relating to a rate of 10 mills on the dollar for Municipal, School and Debenture purposes, be considered as finally read, and that the Reeve and Clerk be authorized to sign and seal the same.

Also resolved that the Reeve and Clerk be authorized to pay the Garnett Valley Land Co. the sum of \$23,000 for their irrigation system and the Summerland Development Co. the sum of \$109,000 for their various systems, according to the arbitration awarded, on their being satisfied that the titles given are satisfactory.

The following accounts were passed for payment;

Wages	-	\$1673.60
R. H. English	-	1.50
B. H. Sherk	-	25.50
J. S. Ritchie	-	.95
White & Co.	-	41.00

Drug Co.	-	13.90
C. Schwass	-	10.30
Thomson Stationery Co.	-	3.15

MEMBERS OF UNIVERSITY COMMISSION VISIT SUMMERLAND.

Dr. Weldon and Dr. Johns, both old friends of Dr. Sawyer and Mr. J. J. Wallace, were the only two of the University Commission which visited Summerland, the others journeyed on to Penticton.

Mrs. Weldon accompanied the small party, and they were entertained at the house of Mr. and Mrs. J. J. Wallace, in Peach Orchard.

They were driven round the district, shewn through the College, and during the short time they were here saw sufficient of the country to form some idea of its possibilities. They had heard of Summerland often, and were even more delighted with the place than they had ever anticipated, and journeyed away on Tuesday morning with the happy feeling that it was good to have been in the community and seen the productive orchards and possibilities of Summerland.

A BIG MEETING.

AN APPROXIMATE ESTIMATE FIXED AS TO AMOUNT OF LABOUR REQUIRED.

Every Assistance Given by the Fruitgrowers. Definite Steps Taken to Procure Help. Fruit Picking Problem Solved.

The foregoing should have been the correct heading for report of last Monday evening's meeting, but it isn't, in fact it is the very opposite, as the meeting was a nonentity owing to lack of interest.

It is possible that the fruitgrowers of the district are fully alive to the absolute necessity there will be for help during the coming season, or, maybe they are all in readiness for the crop and fully prepared to handle it themselves expeditiously and satisfactorily.

Judging from the attendance last Monday evening this evidently is the case as there were fully two fruit growers present. T W O, not 200. There were other four people there, but they were real estate men. This is pretty good going, and Summerland will yet win another cup if such enthusiasm keeps rampant.

It is estimated that there will be about 98 car loads of fruit in the orchards this season, all of which will have to be picked, and a large proportion of it will be shipped.

If there is delay in picking the fruit what will be the loss to the grower? Of course they will have figured out just what they can do in this respect and in their own mind will also have fixed upon whom they can rely for assistance. It will be rather awkward though, if two growers are relying upon the same individual and find that he has been engaged by someone else who has been farseeing enough to make preparation for his crop.

Fruit picking is not work which can be sent out of the town, it has to be done right here at the right time, and it is up to the growers to each look after their own orchard and be fully prepared for the crop which he estimates will be derived from his orchard this season.

If upon second thoughts the fruitgrowers decide that they really will require help there is still a chance to procure it. Particulars of wages to be paid, how many required, how they will be boarded, etc. should be forwarded without delay to Mr. C. H. Cordy, sec. of Board of Trade.

Local News Items.

The Ice Cream and Strawberry Festival advertised for Thursday evening has been postponed to this (Friday) evening.

Mr. J. McIntyre has been appointed the representative of the Manufacturers' Life Insurance Co. for the Okanagan Valley.

Mr. B. H. Sherk is getting along with the excavations for the new Baptist Church at the foot of Shaugnessy Avenue.

Nurse Milne who has been in attendance on Mr. George Gartrell during his illness, journeyed back to Kelowna on Friday morning.

Seen the pile driver working? It is about as slick a machine as one could wish, driving a pile down just about as quick as the average boy demolishes 10 cents' worth of ice cream, about 1 minute and 35 seconds doing the trick.

On Monday evening it was noticed that a star in the vicinity of the north star was having a little fun in fancying itself a chameleon, changing color frequently. They must have been celebrating the 24th, up above and made a little mistake in the date.

A crew from the Aberdeen got in some good life boat practise here the other afternoon, and are evidently fully bent upon winning the prize offered at Naramata for the race against the crew from the Okanagan.

M. J. J. Wallace, Miss Dale, Mrs. M. M. Robinson, Mr. C. S. Stevens and Mrs. J. J. Wallace were appointed delegates to the Baptist Convention which meets shortly at the coast. Dr. Sawyer and Rev. H. G. Estabrook who will also be in attendance are ex-officio members.

The anniversary in connection with the Methodist Church will be held on Sunday. In the Parkdale Schoolroom at 10.30 and in the Church at 7.0. Rev. F. E. Hardy the new pastor, arrived on Thursday evening and will conduct these services. Special music will be rendered by the choir.

TEACHERS WANTED.

Applications will be received up to July 2nd 1910 for the position of a teacher in any of the following schools in the Municipality of Summerland, viz:— Garnett Valley, Prairie Valley, Gartrells and Summerland.

OKANAGAN ORANGEMEN MEET IN SUMMERLAND.

The Okanagan County Orange Lodge held a very enthusiastic meeting on Tuesday evening in the Men's Club, every town in the valley being represented.

It was decided to celebrate the 12th of July in Kamloops for the last time, all future celebrations to be held in the valley.

A motion was adopted re the Coronation Oath, in which they stated that they believed it to be essential that no change whatsoever be made in the context of the oath.

The meeting afterwards adjourned to Elliott's Hall where supper was provided. Degree work was put on by the Scarlet Chapter of Peachland, L. D. McCall, County Master presiding.

RIFLE ASSOCIATION.

There was an average turn out of members on Saturday for the usual weekly practice. The highest scores were:-

	200	500	600	Total
H. Dunsdon	31	33	28	92
A. E. Nelson	28	31	25	84
W. Nelson	29	29	25	83
M. Stueart	30	26	24	80

The following shoots have been arranged for the remainder of the season, and as it is important to have a good attendance at these matches, the committee request that every member make a note of the dates and do his utmost to take part in the competitions.

Dominion of Canada Salver.

25th of June, 13th of July, 13th of August.

There will be a prize list in connection with this.

Price Ellison Cup.

27th of August, 3rd of September.

Bank of Montreal Cup.

17th of September.

PREPARING AT VANCOUVER.

Space has been over applied for in the new machinery hall for the Vancouver Exhibition, which is now being rushed to completion. The large new grand stand to seat 4,000 people is well under way, and two large stables have been completed. Every arrangement is being made for the comfort of visitors, who will be able to go from the city to the grounds either by tram line or water. Vancouver, B. C. will be at its best in August, and the Exhibition will provide a splendid opportunity for seeing Canada's Pacific metropolis.

EXCERPTS FROM MR. METCALF'S REPORT.

Moose Jaw, June 1st.

Mr. Anderson, manager for the Vernon Fruit Co. here, stated his Company is putting four men in the province of Alberta and Saskatchewan located at each of the following places:-Calgary, Edmonton, Regina and Saskatoon, and will be in a much better position than formerly to look after the Company's output of fruit.

Winnipeg, June 4th.

The McNaughton Fruit Exchange here, Auctioneers and Fruit Brokers, reported having received this season four carloads of Rhubarb from growers at Mission and Hat-zic B. C. on conignment.

1st. Car of 616 cases arrived April 29.

2nd. Car of 540 cases arrived May 9.

3rd. Car of 735 cases arrived May 16.

4th. Car of 650 cases arrived May 26.

They stated it would net growers and shippers an average price of 74c. per case on the four carloads.

The following is a report of fruit received and sold by auction by the McNaughton Fruit Exchange, Winnipeg for the year 1909

Ontario Shipments via Freight.

154,976 baskets of grapes; 8919 baskets of pears; 1,485 cases of pears; 524 baskets of quinces; 5,095 baskets of apples; 591 cases of apples; 99 baskets of egg plants; 221 cases of cabbage; 27 baskets of nuts; 51 baskets of cherries; 5 baskets of onions; 15,227 baskets of peaches; 3,641 cases of peaches; 16,378 baskets of plums; 27,208 baskets of tomatoes; 435 baskets of peppers; 1,133 cases of strawberries; 300 cases of cucumbers; 979 dozen corn; 32 baskets of musk melons; 5 baskets of gooseberries; shewing a total of 237,333 peices. Of this total 199,483 peices came from the St. Catherine's Storage Co., St. Catherine's.

British Columbia Shipments via Express, 1909.

633 cases strawberries; 1266 cases of plums; 851 cases of raspberries; 91 cases of pears; 29 cases of apples; 246 cases of cherries, 5 cases of rhubarb; 77 cases of gooseberries; 42 cases of red currants; 10 cases of cucumbers; making a total of 3,255 cases.

This report does not include apples in barrels received from Ontario.

R. Thompson, manager, St. Catherine's Cold Storage Co., has been here at Winnipeg and completed arrangements with the McNaughton Fruit Exchange to sell their fruit for this season. The following is a copy of a report received from the St. Catherines Cold Storage Co., St Catherines Ontario, by the McNaughton Fruit Ex-

UNRIVALLED IN ITS BEAUTY, its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

DOES SUCH A PROPOSITION APPEAL TO YOU?
If it does write us and we will only be too glad to give you all the desired information

JAMES RITCHIE - PARKDALE - SUMMERLAND

The Summerland Review

change, Winnipeg. "The danger from frost is now over in the Niagara Peninsula and prospects are for a fair crop. Sweet cherries promise a full crop, sour cherries a medium crop. European varieties in plums look well and will be better than last season. Pears have set well, peaches promise a full crop, and grapes will be a medium crop of very fine quality. All the fruit will be a little earlier than last season.

Allowing for over estimation from present reports the indications are for a good crop, and it will be necessary for our growers and shippers to get their quotations into the hands of wholesalers and retailers, giving quantities, varieties, and date of their being ready for shipment, for the purpose of inducing dealers here to wait until our fruit comes in.

TO BE FINISHED IN SIX WEEKS.

Mr. T. Kilpatrick, C.P.R. district superintendent, was in town over Thursday, inspecting the progress made at the new dock and wharf. He fully intends that the packing house will be in readiness for the crop in six weeks' time. The plan will be a little varied from the original idea, but improvements in the scheme have necessitated this move, and will be far more practicable in the working of them, as fewer piles will be necessary.

\$100 REWARD will be paid to anyone giving information which will lead to the conviction of any person or persons stealing fruit from Mr. A. D. Adamson's Orchard, on Jones Flat.

THE PASSING OF GOLDWIN SMITH.

In the death of Professor Goldwin Smith, of Toronto, Canada and the world generally sustains a distinct loss. Of few men can that be said. Most of us drop as snowflakes in the sea and disappear, and that is all; but in this case we feel that a prince is fallen in Israel this day.

It is instructive to enquire the reason for the general sense of loss in the death of Dr. Goldwin Smith. It is not merely that he was an erudite man. He was not the only learned man in this continent or in Canada. Nor was it yet that he wielded a facile pen. There are other pens just about as smooth as his. We take it the real source of his power lay in the addition of a third quality, viz., a pronounced and uncompromising independence of spirit. Like the Jews of old, he was never in bondage to any man. He was the fortunate possessor of independent means. And independent means is a mighty help toward independent views.

Yet independence of means and of spirit would not alone have given him his power. Many a man unknown to fame is fully as outspoken and independent as he. His power came from a union of the three qualities we have mentioned. A vast acquaintance with the past, in which the present has its roots, a clear, forceful and polished style of expression, withal humorous, and human at times, and well defined convictions on public matters which he never hesitated to give forth without regard to what might happen as a consequence—that was what made Goldwin Smith a national, not to say an international figure. No two of these qualities would have sufficed.

Perhaps we ought to note two other minor considerations which undoubtedly had their weight, and may have been indispensable. They were persistence and courtesy. Goldwin Smith kept in the limelight every week. His pen never stopped. If it had he would probably have been forgotten. He never let us forget him. And then he was a gentleman "to the manor born," and that high-bred courtesy made it easier for men of mark to remember him and to mention his name kindly. "Civility costs nothing," says an old and somewhat mendacious proverb, but whatever it cost he had it and kept it on top all the time for general use.

What we shall miss most is not, however, the gentleman, or the scholar, or the writer; it is the truly independent voice. We are all so hidebound, party-colored, fear-frozen and generally biassed in our thinking that a man who has never contracted our prejudices and attachments, and has the courage to tell us at the top of his voice at times that we are all going to Halifax, is a tonic we all need and can ill afford to lose. The Emersons, and Carlyles, and Bacons, big or little, are, and ever were, among the greatest benefactors of the race.

NEIGHORLY CONSIDERATION.

Now that the hot weather is upon us, and danger of epidemic in our midst, it behoves all to be particular not only for their own health but for that of their neighbors as well. Irrigation ditches, while conveying life to our fruit may convey death germs to our families, so we should all be very careful to avoid contaminating in any way the water which some poor unfortunates farther down the ditch have to drink. It is hardly neighborly love to tether cows by these ditches, or to drown kittens in them, or to allow any sewage or other filth to flow or be thrown into them. We know that no one desires to injure others, but we are all more or less thoughtless.

A great number of complaints have been made regarding the roaming of cattle. The by-law anent this matter has been so much abused that it will be necessary for the council to rigidly enforce same and make the penalties higher.

At Phoenix, lately, a pet bear seized a child who was feeding it, and almost squeezed her to death. Her screams were heard and help soon arrived. Bruin was clubbed about the head until he released his victim. The child was medically treated and unless blood poisoning sets in she will probably recover.

Vancouver Exhibition

The Oliver Typewriter for 17 Cents a Day!!

Please read the headline over again. Then its tremendous significance will dawn upon you.

An Oliver Typewriter—the standard visible writer—the most highly perfected typewriter on the market—YOURS FOR 17 CENTS A DAY!

The typewriter whose conquest of the commercial world is a matter of business history—YOURS FOR 17 CENTS A DAY!

The typewriter that is equipped with scores of such conveniences as “The Balance Shift”—“The Ruling Device”—“The Double Release”—“The Locomotive Base”—“The Automatic Spacer”—“The Automatic Tabulator”—“The Disappearing Indicator”—“The Adjustable Paper Fingers”—“The Scientific Condensed Keyboard” all

**Yours for 17 Cents
a Day!**

We announced this new sales plan recently, just to feel the pulse of the people. Simply a small cash pay-

ment—then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded.

The demand comes from people of all classes, all ages, all occupations.

The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition. An impressive demonstration of the immense popularity of the Oliver Typewriter.

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

**A Quarter of a Million
People are Making Money
with**

**The OLIVER
Typewriter**

The Standard Visible Writer.

The Oliver Typewriter is a money-maker, RIGHT FROM THE WORD “GO!” So easy to run that beginners soon get in the “expert” class. EARN as you LEARN. Let the machine pay the 17 CENTS A DAY—and all ABOVE that is YOURS.

Wherever you are, there's work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably ABOVE those of many classes of workers.

‘An Oliver Typewriter in Every Home!’

That is our battle cry to-day. We have made the OLIVER SUPREME IN USEFULNESS and absolutely INDISPENSABLE in BUSINESS. Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the home training of young people. An EDUCATOR as well as a MONEY maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver opportunity?

Write for further details of our easy offer and a free copy of the new Oliver catalog. Address

Local News Items.

Mrs., Miss, and Ed. Manual left on Tuesday's boat for the coast.

Mr. James Gartrell of Trout Creek has again sold the product of his orchard to Messrs. Stirling and Pitcairn of Kelowna.

Miss Lipsett neice of Mr. and Mrs. R. C. Lipsett, is staying with her aunt and uncle for a short time.

Mr. C. S. Steven and Roy journeyed up the lake on Thursday morning on business in connection with the Lake Shore Telephone Co. system.

Work is now forging ahead on the new wharf and dock. The first pile was driven on Tuesday morning at 9.30, and others followed in rapid succession.

Messrs. Stirling and Pitcairn of Kelowna are in negotiations for the purchase of a lot on the flat. Their intention is to build a fruit packing house there.

The Bible Class in connection with the Methodist Sabbath School journeyed to Naramata Falls on Thursday last on pleasure bent.

The new tennis courts at the entrance to Garnett Valley are now in full swing and the local enthusiasts are getting in all the practice they possibly can.

Mr. T. Wanless of Kaleden, came up to Summerland in his motor launch a few days ago. It was her maiden voyage, and she behaved well, journeying from Kaleden to Summerland in three and one half hours.

The regular monthly meeting of the Ladies Hospital Auxiliary will be held in the Council Chamber, on Tuesday June 21, at 3p.m. All interested in hospital work are requested to attend.

The Okanagan Fruit Union have procured the block of the Fruit Co. down town for their labours this season. They will also occupy the forepart of the basement of the same building.

A number of complaints having been made of lot owners who when irrigating allow waste water to run on to the roads, and thereby cause not only a waste of water but also a great amount of inconvenience to the travelling public, it may become necessary in such cases to limit the supply of water to such persons as are found guilty of so doing. It is therefore up to lot owners to take care of the water supplied to them and to see that it is not let run to cause any damage.

Regatta No. 1

NARAMATA,

Next Thursday,

June 23rd, 1910,

Commencing at 2 o'clock

Sailing, Canoeing, Swimming, Obstacle Races.
Life Saving and Fire Drill Demonstrations
by crews from S.S. Okanagan and Aberdeen.

Good Prizes for All Events.

S.S. Aberdeen leaves Kelowna at 12-15,
Peachland 1-30, Summerland 2.44.

Mr. G. J. Bury, general manager of the C.P.R., and Mr. F. F. Busted, general superintendent, with a party of officials, journeyed down the lake on Wednesday evening. They left Penticton on Thursday morning at 8 o'clock by motor car for the Midway district.

Messrs. Nelson Bros. have the contract in hand for the building of the Fruit Packing House on the flat near to the Municipal Buildings. This is for the Okanagan Fruit Union, and will cover an area of about 150 x 95 ft. Work will be pushed through just as soon as it is possible. Lumber has already been ordered for the premises.

To those who are interested in knowing what income the Queen Dowager will possess, it may be worth while mentioning that when King Edward succeeded, Parliament increased her allowance, in the event of widowhood, to £70,000 a year. A Princess of Wales enjoys an annuity of £10,000 during the continuance of her marriage, and an annuity of £30,000 should she survive her husband.

On Monday the office of the Montreal Herald was wrecked and about 30 employ- ees lost their lives. A huge reservoir upon the roof collapsed and crashed through the building. The gas escaping from the sev- ered pipes became ignited, and the prem- ises were soon in flames. The cries of the entrapped workers were terrible, but it was impossible to extricate them and they perished.

THE LATE PROFESSOR GOLDWIN SMITH.

:: Naramata Notes ::

Next week is regatta week. Thursday June 23rd!

Mr. and Mrs. J. S. Aitkens and daughter Miss Mary Aitkens, all of Winnipeg are having a short holiday at Naramata.

Mr. and Mrs. E. Howard have decided to remove to their former home near Lacombe, Alberta.

Mr. R. H. King has recently added a brand new McLaughlin rig to the equipment of his fruit lot.

The work of excavating the ditch for the power pipe line was completed this week and the laying of the pipe has begun.

Next week Mr. Ralph Kent will head a gang of men who are going to the upper levels to tap a lake in order to forestall any possibility of a water shortage.

Mr. J. McDougall has completed the wiring of the new hotel in preparation for the installation of an electric light and telephone system.

Several of the fruit lots are planted with potatoes. The idea is to offset the cost of the development work in progress. The experiment will be watched with interest.

Last Sunday morning the Penticton Methodist choir came up in Mr. Connor's launch to the service. It is to be hoped that their visits will become more frequent.

The completion of the connection between Mill Creek and Camp Creek is now under way. Mr. C. W. Johnson has the contract well in hand. It will thus be seen that the Trust Company is leaving no stone unturned to fulfil its duty in regard to the water supply.

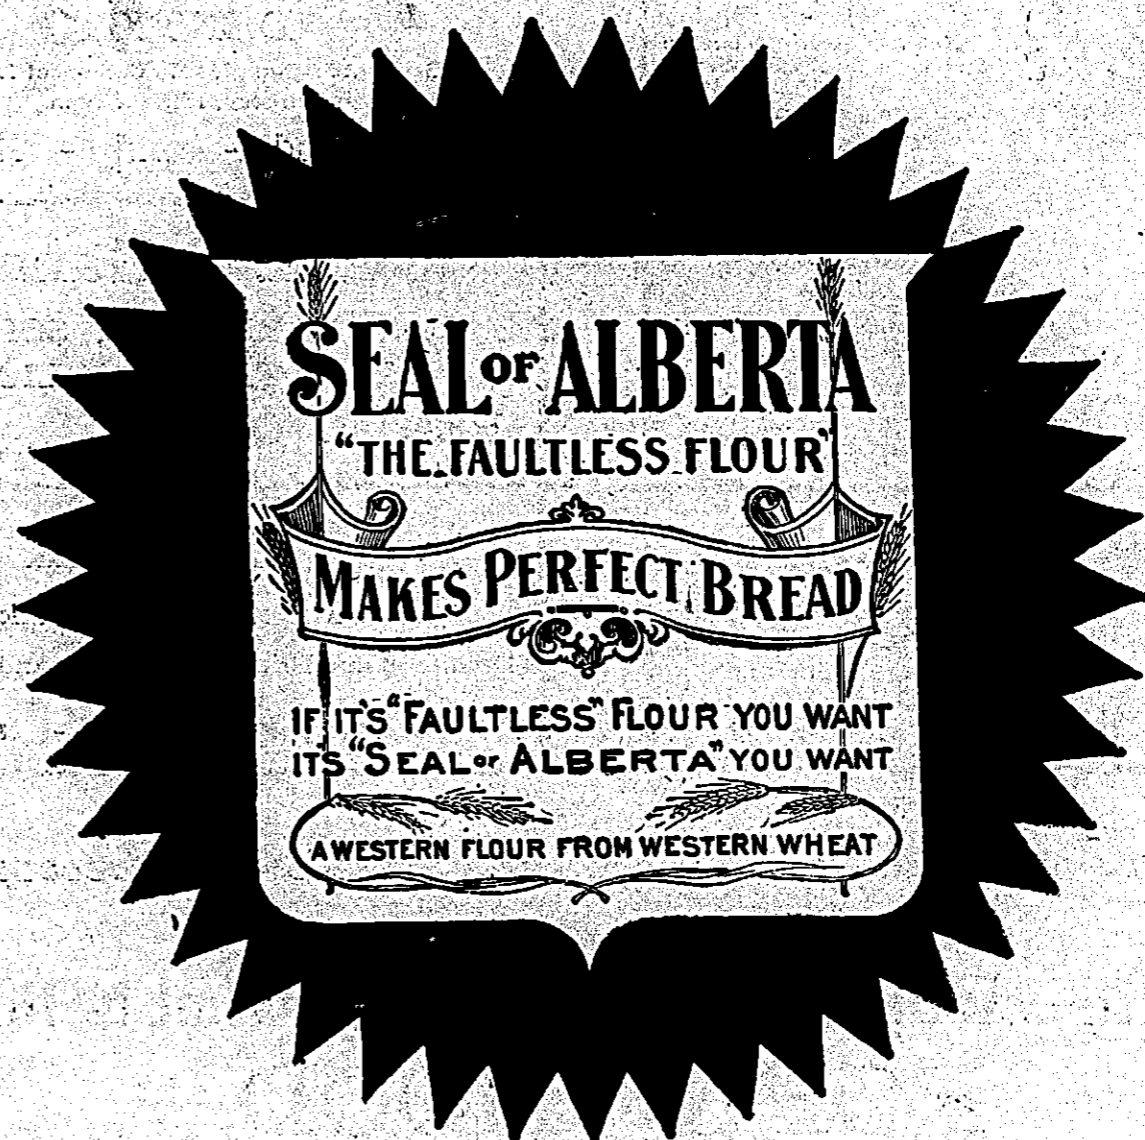

B. C. FRUIT GROWERS ASSOCIATION.

The constitution of the B. C. Fruit Growers Association is to hand and shews clearly and concisely that the association is organized for business, and every fruit grower would do well to join at once.

The directors and officials of the Association comprise some of the best fruit men in the province.

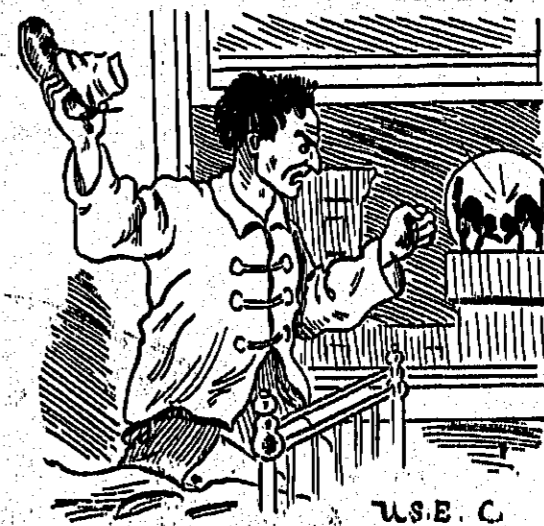

The fee is \$1.00 per annum which should be remitted to the secretary, R. M. Winslow, Victoria. This fee includes the 'Fruit Magazine' for the current year, which is the official organ of the Association.

GREAT FORTUNES In California Oil.

More Men Have Amassed Wealth from Oil Investments than from Any Other Securities

This advertising announcement will appear but once. It contains a message for men who have money to invest, in large or small amounts, in a proposition, which at the same time, embraces the maximum amount of security for the money invested, and promises greater profit than any other form of investment in the Western field.

If you will take the time to review the history of the oil fields, both in the Eastern and Western portions of this continent, you will find that the men who have amassed fortunes are the men who invested originally very small sums of money in oil shares.

Do you know that \$100 invested at the inception of many an oil company, frequently multiplied in profits and actual worth until the holding today represents from \$1,000 to \$15,000.

Take, for instance, if you had invested \$100 in the following companies, on the following basis, you would have made:

Silver Tip	\$ 600
W. K.	1,000
Sterling	1,000
Premier	1,100
Monte Christo	1,120
Record	2,000
S. F. & McK.	2,400
Sauerdough	4,166
Lucile	5,000
San Joaquin	5,700
Peerless	6,850
Kern River	9,500
Central Oil	15,000

"Pinal" shares sold at 25 cents, they are now selling at \$25 and paying monthly dividends of 15 per cent, an income of \$60 per month on an investment of \$100. When the "Silver Tip" came in, the stock jumped over night from 66 cents to \$4 and has been paying monthly dividends of 10 per cent ever since.

Similar opportunities are open to you, but you must think for yourself, have the courage of your convictions and ACT.

Coalinga is a district situated in the State of California, which is now so well known as the greatest producer of high-grade petroleum that it is unne-

cessary for us to take up much space in describing the geographical construction of the field, or the actual results of operations of the many companies who control property in Coalinga.

This Company, The Coalinga-Eureka Oil Company Inc. is a limited liability corporation, the shares of which are non-assessable, and have a par value of \$1.

As development progresses, the price of stock will naturally advance. Even now, trading in Coalinga-Eureka shares is very active. The limited block to be sold at 25 cents per share should, we estimate, be taken up on or before July 16th. We have therefore set this as the closing-out date for the unsold shares in this Company at 25 cents each.

This means that it will be impossible for you to buy a share in this Company at 25 cents after July 15th, 1910, and we give this notice that the price of stock will be advanced to at least 50 cents on the morning of July 16th. Should there then remain any portion of the block at 25 cents, the same will be immediately withdrawn from the market.

Stock May be Advanced Any Day.

The Company reserves the right to advance the price of shares at any time prior to July 16th, should the block of 100,000 shares at 25 cents be taken up in the interim.

We have recommended our most intimate friends to reserve their stock by wire, and not delay in writing by mail. On receipt of the reserve order we will immediately set aside such stock, allowing the applicant the necessary time for the remittance

to reach this office by mail.

The very fact that the stock of this Company will be sold for 50 cents on July 16th, should warrant the reader in reserving by wire as many shares as possible forthwith.

You will readily see if you purchase a block of 500 shares today, on easy terms, at the present price, 25 cents per share, you could sell one-half of your holdings when the price advances to 50 cents and thus have the other half free of cost to yourself.

The trading in the stock of this Company will naturally be more active when the price is 50 cents than at the original price, 25 cents.

There is every indication of the stock being worth and selling for \$1 in 90 days' time. Do not delay in making your application.

No application received for less than 200 shares.

The stock may be purchased on an all-cash basis in which case certificates are issued at once, or on an easy payment plan, as per schedule herewith:

WHAT YOUR MONEY WILL BUY.

Cash Plan (5 per cent deducted).			
\$47.50	will buy 200 shares	par value	\$200
118.75	" 500 "	"	500
237.50	" 1000 "	"	1000

INSTALMENT PLAN

\$20 cash & \$15 a month for 2 months buys 200 shares			
30	" 22.50 "	"	300 "
40	" 30.00 "	"	400 "
50	" 37.00 "	"	500 "

RICH RED BLOOD.

You Will Never Have It as Long as You Have Dyspepsia.

Just as long as you have dyspepsia your food will not properly digest, and the nutritious elements in the food will not be extracted or absorbed, and impoverished or watery blood will follow.

This condition may not be apparent at first, but it will come just as sure as the sun will rise again.

Any stomach ailment, including all forms of indigestion, can be promptly cured by using Mi-o-na tablets, a scientific treatment unsurpassed.

It stops fermentation, belching of gas and taste of sour food almost at once.

The mighty power of Mi-o-na to invigorate and restore the stomach to perfect condition is known everywhere.

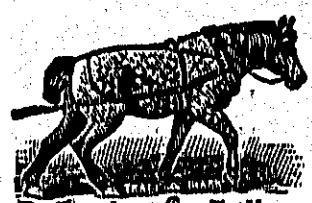

Mi-o-na cures by building up—by banishing the cause. For thin people it is a great flesh builder, because it causes the stomach to give more and purer nutrition to the blood. It cures sea and car sickness and vomiting of pregnancy almost immediately. The Summerland Drug Co. sells Mi-o-na for 50 cents a large box, and guarantees it to cure or money back.

HYOMEI

(PRONOUNCED HIGH-O-ME)

CURES CATARRH, ASTHMA,
Bronchitis, Croup, Coughs and Colds, or money back. Sold and guaranteed by

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 2, No. 47

SUMMERLAND, B.C., JUNE 25 1910

Whole No. 99

NARAMATA REGATTA

A Big Success--Good Programme--Well Organized--Formally Opened by
Hon. Price Ellison--Speech by Mr. J. M. Robinson.

Good List of Events---Peachland win Both War Canoe Races in Fine Style---Kelowna Gain All the Other Events
C.P.R. Fleet of Steamers have Life Boat Race, the Aberdeen Crew Win Out

Interesting Fire Drill Demonstration

After all the rather unpleasant weather which the district has been sharing in company with other parts of the province, it was a very happy change to find that dame nature had reverted to her usual smiling face on Thursday afternoon, with the result that the regatta at Naramata was once again pulled off in the most ideal weather. There were clouds enough to temper the heat, and the lake was in her most pleasant mood, affording good sport for the many canoe races.

The committee had made every arrangement for handling the huge crowd, and everyone seemed to be perfectly comfortable.

The Maud Moore with the scow in attendance was the first to arrive with a full load, then the York brought the friends from Penticton, after which she journeyed to Summerland and returned loaded. The Aberdeen arrived with a good many from Kelowna and Peachland, and altogether a crowd of about 700 people watched the sports.

As the spectators journeyed to the grand stand they were surprised at the improvements and growth shewn in the townsite since the last regatta. The new hotel occupied a position in their view, and by all prospects will be in readiness for them at the next regatta. The beautiful lay out of the gardens surrounding the hotel, although yet in the making, shew that they will be a feature of the town and well worthy of any city in the west.

During the sports the Summerland Band regaled the audience with many and varied selections, which, to judge by the applause

were very much appreciated, and the applause was certainly well deserved, as all the selections were well chosen and exceptionally well rendered.

There were refreshment booths in plenty and the most popular was the one attended to by the ladies of the Summerland Hospital. They had the ice cream and afternoon tea part of the program, and carried out their arrangements splendidly. Their labours were deservedly well repaid to the extent of about \$90 cleared for the benefit of the popular institution, whose interests these ladies have at heart.

Mr. J. M. Robinson in his opening remarks said that this regatta had not been planned on so large a scale as the former ones, as they had learned by experience not to try too many events, and to make those they did have good. He was very pleased to see such a crowd present, and hoped they would enjoy their little holiday at Naramata, meet all their friends, and have a good time generally. Last year they were graced by the presence of the Premier of B.C., and a lieutenant-governor of an adjoining province. This year Okanagan's own minister was present, the Hon. Price Ellison, whom he called upon to open the regatta.

The Hon. Price Ellison made a few brief remarks and said that it afforded him great pleasure to be once again in the midst of the people at Naramata, on their regatta day. Great progress was being made in the town and it was having a good share in the general prosperity of the province. He trusted that all would leave Naramata with very happy feelings, and look back upon Regatta No. 1 of 1910 as a

red letter day in their memories. He was sorry that the Premier could not be present but believed that he would be at one or the other of the forthcoming regattas. In conclusion he formally declared the regatta to be open.

The first event of the day was the double canoe race. There were four entries, but the winners had the race right from the word go. The race finished: 1 Wolsey and Stevens, Kelowna; 2 Edwards and Caythur, Kelowna; and 3 Dawson and Mitchell, Naramata. Single canoe race, four entries: 1 Stevens, Kelowna; 2 Caythur, Kelowna; 3 A. Agur. Mixed double canoe race, there were only three entries, and Miss Bloomfield and Wolsey, Kelowna, were first; Miss K. Bloomfield and Stevens, also of Kelowna, second; with Miss Lipsett and J. Logie, of Summerland, third. Great interest was rampant when the war canoe race came off. There were three teams lined up: Kelowna, Peachland, and Naramata. The latter only had a crew of twelve, and they fell behind at the start, but all three canoes were turning the flag for the home stretch at the same time, Kelowna being first completely round. There was a very hard fight for first place between Kelowna and Peachland, but the latter won out by about three-quarters of a length. It was a well deserved win, as the crew from the sister-town did some very fine paddling, and shewed good coaching. This being their first win at Naramata, they will be presented with bronze medals.

Canoe crab race caused some great fun. There were three contestants, and all of Kelowna. Caythur first, Wilgress second, and Stevens third. The latter competitor

was a very easy first, being home before the other two had turned the flag, but owing to his having gone round the turn opposite to rules he was disqualified.

The ss. Okanagan having arrived at this stage of the sports, the life saving crews from the three boats had a race. This was a very interesting show, and the crowds shewed great enthusiasm in the race. The men stood by their boats, and when the Okanagan blew her siren, they launched and were off. The crew from the ss. Aberdeen were an easy first, Captain Weeks acting as cox., the team from the York coming in a good second. Owing to a slight accident with the launch of the boat from the Okanagan, they started off without one rowlock, and also without rudder. This was unfortunate, as it handicapped them too much, but the crew went over the course, although they were not in the race. A cup will be presented to the successful crew, which will be competed for at every regatta, and the name of the winning crew engraved upon it. The successful boat will carry it whilst they remain the winners.

There was also a fire drill competition between the three boats, and the sirens were kept humming for a long time and kicked up pandemonium. The crews knew the alarm and went to work very smartly indeed, every man knowing his place. In less than a minute from the first alarm the Okanagan had water streaming from about 12 hosepipes, and the crews from the Aberdeen and the York were almost as smart. The crew of the Okanagan will be presented with a small cup for this event. The boys did this stunt as they passed the grand stand on their way to Penticton and it looked very pretty indeed, reminding one of daylight fireworks.

The Junior War Canoe race was the next and again Peachland was first, with Naramata second. There was an easy two lengths between the winning canoe and the second, and also between the second and the third.

The last event was a swimming race which was very fast, Edwards of Kelowna being first, Thrum second, and Buchanon third.

In the evening the Athletic Association had a dance amongst themselves and a few friends which was a successful climax to an exceptionally successful regatta.

Theodore Roosevelt is once more on his native heath. A great reception awaited him at New York, and though a fierce gale was raging, it did not damp the ardour of the populace.

CHAS. H. CORDY, Auctioneer.

EXCERPTS FROM COMMISSIONER METCALFE'S MARKET REPORT.

The freight rate from Wenatchie to Winnipeg per 100 lbs, is \$1.12½, and the same rate exists from north Yakima. It costs to lay down at Winnipeg from either of the above points for the following fruit, per case : Peaches 48c., Prunes 43c., Pears 80c., Apples 57c.

Ontario Fruitgrowers are fully alive to the possibilities of the prairie markets and are very busy soliciting orders and trying hard to obtain their proportion of the trade

California plums and peaches have arrived and Alexander peaches are selling to the trade at \$3.00 per case, and are small and green with no colour or flavor.

The following is a list of duties on green fruit coming in from the American side or elsewhere :

Green apples, per barrel 40c., per box 13c., Blackberries, gooseberries, raspberries and strawberries, also cherries, currants and grapes, 2c. per lb., Cranberries 25c. per bushel, Peaches 20c. per case, Plums 10c. per box, Quinces, apricots, pears and nectarines 50c. per 100 lbs.

A Juvenile Court has been established in Vancouver, and A. E. Bull, Esq., has been appointed to act as judge in same. A detention home for children has also been established in the same city.

In the current issue of B.C. Gazette the following appears : " His Honor the Lieut. Governor in Council has been pleased to revoke the Commission issued to William James Clement, of Penticton, as a Justice of the Peace."

The Vancouver Exhibition Association mean their Show to be a great success. They are arranging things on a huge scale, and the great city of the great west will no doubt be visited by thousands of sightseers from August 15th to 20th.

Wednesday was " clean-up day " in Vancouver, and was celebrated in good style. All refuse was collected and what was flammable burnt and disposed of at the city incinerator.

The visit of Sir John French attracted crowds to the military camp at Niagara the other day. He inspected troops closely in the morning and afternoon, and presented colors to the 23rd Regiment.

Local News Items.

Mr. G. A. McWilliams is on a visit to the coast on business.

Rev. A. T. Robinson has consented to supply the Baptist pulpit for some time.

Rev. A. H. Solly left for Seattle and Coast Cities on Monday morning.

Mr. Agur and Mr. Logie journeyed to Vernon on Monday on municipal business.

Mr. C. N. Borton left for Revelstoke on a business trip on Monday last.

Mr. and Mrs. J. R. Conway arrived home from their tour of the coast cities on Wednesday evening.

Mr. G. W. McLaren gathered 28 lbs. of gooseberries off one bush, Houghton, which sold wholesale at 8 cents. per lb.

Mr. G. W. Potter, of the B. C. Life Assurance Co., was in town during the beginning of the week as special representative of this company in the Okanagan.

To his list of pets, Jack Woods has yet added another lamb and a young crow. Guess he will be hanging a shingle out soon, and advertising his home for dumb critters.

The Okanagan Fruit Union are rushing things for the packing season. Mr. J. Berkeley is in charge of the arrangements in Summerland, and they could not be in more capable hands.

The first piles for the car track and the new dock are in, and the permanent way is now going ahead. Great progress is being made with the work, and just so soon as the final plans arrive, the new wharf, &c., will grow like a mushroom.

The W. C. T. U. Convention was opened at New Westminster on Tuesday morning. There were over one hundred delegates present from various parts of the province. Mrs. M. M. Robinson is acting as a delegate from Summerland. A report by Mrs. Conway of the Temperance Grocery department was read, also one dealing with Local Option by Mrs. A. T. Robinson.

Who fired that shot? In the south end of the town one day last week some bedroom windows were smashed. The bottom sash was thrown wide open, and the hole in the glass is just about the size of a .22 bullet. The inside has a hole in it large enough to put your fist through. Of course it is only circumstantial evidence, but it is impossible for a stone to be hurled with such force as the forging indicates.

TUESDAY'S LECTURE.

DR. HUMPHREY OF WASHINGTON KEEPS THE ATTENTION OF FRUITGROWERS.

Meeting in Municipal Hall Last Tuesday Very Well Attended. Expert Advice given. How to Spray and What to Use.

Dr. Humphrey, plant pathologist of the State Agricultural College at Pullman, Washington, U.S.A., delivered a lecture in the Municipal Hall here on Tuesday evening last.

The professor, who is on a visit to this district, was invited to address a few lectures in the valley, and although it was not until Tuesday morning that the Farmers' Institute was aware that he would visit Summerland, there was an attendance of about fifty, which speaks well for the interest taken in the Farmers' Institute. The subject was one of particular interest; not that Summerland is affected with any heavy blight, but prevention is better than cure. Hence the extreme attention given to "Fungus and Fruit Pests," the subject of his address.

He spoke at some length about pests attacking fruit trees and vegetables, and the work which is being done in the various laboratories at the agricultural colleges, trying to get at the best means of dealing with the same. More particularly in this respect he mentioned tomato blight, a disease which they had been studying for some eight years, and which they now had under control.

Some pests, he said, were able to be entirely eradicated from a district troubled with same, whilst other pests could be kept under complete control. Peach mildew traces of which he had found in the valley, was one which could be controlled and eventually eradicated. The apple scab and pear blight were a little more difficult to deal with.

Co-operation and the right kinds of sprays and pumps would work wonders in any district. He illustrated this point by citing the fact that in districts where the dread codlin moth is to be found, simultaneous spraying on the part of the growers at the correct time keeps it in subjection.

The peach leaf curl was one of the pests which had to be looked for, and if once this gets in a community it plays havoc with the crop and also with the trees. The growers in the eastern states had lost \$3,000,000 in one year through this blight.

He gave a full description of this particular disease.

SATURDAY, JUNE 25, 1910

SELF-PRESERVATION THE FIRST LAW.

Governments, like individuals, get wiser as they grow older. They learn from experience, their own or that of others. One of the lessons our Canadian Government has learned, more particularly from our cousins across the line, is that the body politic is weakened just so much by every feeble or vicious human atom it incorporates into its life, till its very life may at length be threatened through the accumulation of its imperfections. Like the human body, the State can stand only a certain number of diseased atoms, and generally, each State comes to have enough of its own without importing others.

Our brethren overseas go too far, therefore, when they complain bitterly of the recent regulation of the Federal Government, that each immigrant coming to employment other than farm work, or, in the case of females to domestic service, shall have in his or her possession at time of landing the sum of \$25.00, in addition to railway fare to ultimate destination, and that in the case of charity-aided immigrants the Assistant Superintendent of Emigration for Canada in London, shall give his consent to the emigration of only such as are suited for, willing to accept, and have assured employment at farm work.

It is not England who will have to wrestle with the internal problems of Canada. We will have to do the suffering. It is therefore only fair that we should be allowed that ounce of prevention which in this case is certainly worth more than a pound of cure. We can hardly make a greater mess of things socially than they have made "at home," and should conse-

quently be not too severely blamed if we seek to defend our own life by prophylactic measures which are as necessary as they are timely and, as we think, kindly.

For it is no kindness to drop an English girl down as a stranger in a strange land without the wherewithal to pay her board for a few weeks till she can look about her for employment. We love her too well and love the white slave dealer too little for that. And as for the artisan, while we have to admit that he is needed and that Canadian craftsmen are not probably as anxious to see him come as some of the rest of us, yet he, too, will be none the worse for a little "siller" in his pocket on arrival. There is work for him also, but it has to be located and Canada is rather a large place.

What is more, if he was not capable of accumulating or borrowing the necessary \$25.00 for his start in life over here, it is, speaking generally, doubtful whether he has the stuff in him necessary to the new world conquest. There are, of course, exceptions to whom this regulation works a hardship, men whom we should be glad to welcome to our shores if they had neither a dollar nor a shirt to their backs, but they are so clearly the exception that the rule can not be waived on their account. "The greatest good to the greatest number" must still be the principle of our democratic government.

If there be a weakness in the regulations it would appear to be in the apparently unjust discrimination between the farmer immigrant and the artisan. If the latter has secured employment in Canada before leaving the old country, can produce his contract, and has good morals and good health, we do not see why he should be excluded any more than the farmer. There are many English people out here who have such connections at home, and who might help their countrymen to get a start to their mutual advantage. Cases of that kind do not, we take it, come within the purview of the Act, since the purpose of our immigration laws is simply to keep us free from the two burdens, disease and crime, by eliminating the morally and physically unfit.

Jas. Sinclair, of Duck's Range, with Joe Blair and Frank Menger, out prospecting at the head of Seymour Arm, had a rather lively experience. They were awakened one night by a huge Cinnamon bear in their tent, and quite a wrestling bout took place. Whilst two of the men were struggling with bruin, the third shot him.

OIL FUEL FOR BATTLESHIPS.

The advantages of oil fuel have been the subject of exhaustive inquiry and experiment by British and American experts.

An extensive oil fuel establishment was fitted up near Portsmouth, England, and experiments carried out with various boilers, systems of firing and mechanical stokers, while further trials were made in both battleships and destroyers.

The New York Herald's naval correspondent writes: "It may be said that with the consumption of liquid fuel alone, there is almost complete freedom from flame and smoke at the funnel, even when the boilers are pressed."

The importance of these experiments is obvious. If oil can be used without revealing the presence of vessels by smoke, the only objection to its use by battleships has been removed. Moreover, the laborious cost of coaling ship would be supplanted by the far speedier and easier use of the hose and pump.

Rev. Robert Vanouver, of Rock Creek, U.S.A., is dead, and Rev. Isaac Perry is under arrest following a duel fought with knives last week. The duel took place in the pulpit of the church where the participants were associate pastors. It is believed trouble over church affairs caused the fight. Rev. Vanouver was stabbed in the left ear, and the wound resulted in instant death.

The Summerland Review

Weather Report

Abstract from weather records for May, 1910, kept at the Government Station, Balcomo Ranch, Summerland, B.C.

The figures for past fiscal year made public by department of finance at Ottawa, shew a record surplus of \$22,092,185 in revenue over all the ordinary expenditure.

"Ye Olde Bell Taverne," Pall Mall, London, has received its Death Warrant, and will be demolished ere long. It is a historic old inn, and was built in the early Tudor period.

Plans have been announced by the Vancouver Power Company, a subsidiary organization of the British Columbia Electric Railway Company, which contemplates the development of 100,000-horsepower of electrical energy. The source of the power is located in Chilliwack lake and Jones lake, both lying in the Chilliwack district some distance east of Chilliwack, and connected by the Vedder river and other streams flowing from these storage reservoirs with rapid descents to the Fraser river. The company will expend \$10,000,000.

BEWARE !!

As there have been instances of infectious disease (sore throat, &c., skin eruption) throughout the district of which no notice has been given to the authorities, the Board of Health hereby warns the public that the law insists, during an epidemic, that notice of such cases be sent to the School Teacher, Physician or Board of Health, under a penalty fine of \$50, or imprisonment, or both fine and imprisonment for non-observance of the same.

VERNON, B.C.

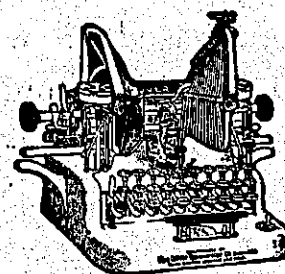

The Oliver Typewriter for 17 Cents a Day!!

Please read the headline over again. Then its tremendous significance will dawn upon you.

An Oliver Typewriter—the standard visible writer—the most highly perfected typewriter on the market—YOURS FOR 17 CENTS A DAY!

The typewriter whose conquest of the commercial world is a matter of business history—YOURS FOR 17 CENTS A DAY!

The typewriter that is equipped with scores of such conveniences as "The Balance Shift"—"The Ruling Device"—"The Double Release"—"The Locomotive Base"—"The Automatic Spacer"—"The Automatic Tabulator"—"The Disappearing Indicator"—"The Adjustable Paper Fingers"—"The Scientific Condensed Keyboard" all

Yours for 17 Cents
a Day!

We announced this new sales plan recently, just to feel the pulse of the people. Simply a small cash payment—then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded.

The demand comes from people of all classes, all ages, all occupations.

The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition. An impressive demonstration of the immense popularity of the Oliver Typewriter.

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

A Quarter of a Million People are Making Money with

The OLIVER Typewriter

The Standard Visible Writer.

The Oliver Typewriter is a money-maker, RIGHT FROM THE WORD "GO!" So easy to run that beginners soon get in the "expert" class. EARN as you LEARN. Let the machine pay the 17 CENTS A DAY—and all ABOVE that is YOURS.

Wherever you are, there's work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably ABOVE those of many classes of workers.

'An Oliver Typewriter in Every Home!'

That is our battle cry to-day. We have made the Oliver SUPREME IN USEFULNESS and absolutely INDISPENSABLE IN BUSINESS. Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the home training of young people. An EDUCATOR as well as a MONEY maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver opportunity?

Write for further details of our easy offer and a free copy of the new Oliver catalog. Address

The Oliver Typewriter Co. Oliver Typewriter Building, Chicago, Illinois.

:: Naramata Notes ::

Mr. and Mrs. F. W. Law, of Vancouver, are holidaying here.

Miss Chisholm is entertaining her mother for a few days prior to school closing.

Mrs. T. I. Williams and son Gerald took a drive to Penticton on Wednesday. The road is now in excellent shape and the sight of the numerous fine orchards is quite an inspiration.

Mr. J. C. Williams has purchased a new and up-to-date cement block machine from Vining Bros., Niagara Falls. He has already commenced to manufacture, and will soon be in a position to supply blocks on short notice.

Mr. W. Nuttall, in addition to his duties as road foreman, has been appointed fire warden for this district. He has therefore posted up in several conspicuous places the usual notices with regard to the lighting of camp and bush fires.

Many of the visitors here on Thursday expressed astonishment at the beautiful flower gardens surrounding the new hotel now in course of completion. The work is not yet finished, so our gardener, Mr. Stiff, prefers that nothing be said about it yet. But people will talk, eh?

Mr. H. E. Hancock, a recent home seeker from England, has been for a week or so a guest at the hotel. He has been most favorably impressed by the prospects for comfortable living in the Okanagan, and with those of Naramata in particular. It is probable that he will locate here permanently.

RIFLE ASSOCIATION.

The long ranges were shot over last Saturday, 10 shots and a sighter at 800 and 900 yards. with the result below:

	800	900	Total
W. Nelson	43	35	78
A. E. Nelson	44	33	77
M. Steuart	36	38	74
W. Dunsdon	35	36	71

Members are reminded that this Saturday is the first shoot for the Dominion Salver, and a good attendance is requested.

Last week, Mrs. R. S. Lyon obtained judgment for \$12,000 from the B. C. Electric Railway for the death of her husband, who was killed in the Lakeview collision, just outside the Vancouver city limits, last fall.

The Summerland Review

NEW HOSPITAL MATRON.

Appointment Made Last Monday.

The hospital board, having advertised for a matron received about 20 applications for the position, and after due consideration fixed their choice upon Miss Lloyd.

Miss Lloyd has had a wide and varied experience, and comes to Summerland with very good testimonials. She occupied the position of head nurse in the South Union Infirmary, London, Eng., and was also in the Surgical division of the Royal Victoria Hospital. More recently she has occupied the position of head Matron at the Morden Masonic Hospital. Miss Lloyd will bring with her a housekeeper with whom she is thoroughly acquainted, both having previously worked together.

Miss Wilson, the present matron, and Miss Sutherland, her assistant, terminate their engagements at the end of the present month. Having had charge of the hospital since its inception as a municipal institution, Miss Wilson has had an arduous task. She has performed her duties in an exceptionally efficient and capable manner, and the whole community wish her well and express their sorrow at her resignation.

WANTED.— Domestic servant. Apply R. S. Munro, Peach Valley, Summerland.

\$100 REWARD will be paid to anyone giving information which will lead to the conviction of any person or persons stealing fruit from Mr. A. D. Adamson's Orchard, on Jones Flat.

Property Owners wishing to Sell or Exchange should consult

Mr. F. D. COOPER,

Real Estate Broker,

Peach Orchard, Summerland.

He had no sympathy with the new fangled notions regarding injections of fluids in trees to prevent diseases and blights, such as apple and pear blights. He described these methods as being put up by quacks, and of no use whatever. The only way to treat these diseases was by careful and complete pruning, the pruner being careful to see that his shears are dipped in corrosive sublimate of 1 to 1000 in strength and the stub also treated with the fluid. All the prunings should be immediately burnt and completely destroyed, and before each cut the shears should be dipped in this corrosive.

Sprays to be used for the different blights were varied. For apple scab he found that lime and sulphur was the best, the strength being about one in thirty. The trees should be sprayed just as the flowers are opening, and again when they are falling off, and if deemed necessary, a third time two weeks later.

For peach mildew, which is not unlike the pest which attacks roses, he advised using strong ammonia (.880) 3 pints, copper carbonate 5 oz., and water 50 gals. This parasite is very prolific, especially in summer, as the spores grow very rapidly in warm moist weather. The spray should be used at a pressure of about 150 lbs, and would keep the pest down. To his mind lime sulphur was just as good if not better than the old bordeaux spray, and in fact had practically superceded this old time spray.

Charts were on view which fully illustrated several of his points shewing very clearly the various stages of diseases.

At the close of the lecture an interesting discussion was started and the lecturer was kept busy answering questions which were fired at him from many of the audience.

Dr. Humphrey spoke very plainly and emphatically. He believes that prevention is better far than cure, and desires the fruit growers to be fully aware of the terrible ravages amongst the orchards if once a pest gets a good hold, and of the necessity of every fruit grower in the community to be acquainted with the many forms it may appear in.

He recommended the following bulletins as being very useful, and which same can be had by making application to the Oregon Agricultural College, Corvallis, Oregon: Bulletin No. 108, "Insecticides and Fungicides;" Circular Bulletin No. 7, "Fire Blight of Pear and Apple;" Bulletin No. 106 "Spraying for Peach Fruit Spot." Also by applying to the College of Agriculture, Cornell University, Ithaca, N.Y., for Bulletin No. 276, "Peach Leaf Curl."

UNRIVALLED IN ITS BEAUTY, its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

DOES SUCH A PROPOSITION APPEAL TO YOU? If it does write us and we will only be too glad to give you all the desired information

JAMES RITCHIE

PARKDALE

SUMMERLAND

California Oil will bring You Greater and Quicker Returns than any other Investment.

You have heard of the wonderful wealth of the California Oil Fields---of how men who invested but a few dollars in various oil companies at their inception became independently wealthy in a night. The instances that we quote herewith, in which a hundred dollar original investment became worth as high as fifteen thousand dollars, are not exceptions.

Take, for instance, if you had invested \$100 in the following companies, on the following basis, you would have made:

Silver Tip	\$ 600
W. K.	1,000
Sterling	1,000
Premier	1,100
Monte Christo	1,120
Record	2,000
S. F. & McK.	2,400
Sauerdough	4,166
Lucile	5,000
San Joaquin	5,700
Peerless	6,350
Kern River	9,500
Central Oil	15,000

"Pinal" shares sold at 25 cents, they are now selling at \$25 and paying monthly dividends of 15 per cent, an income of \$60 per month on an investment of \$100. When the "Silver Tip" came in, the stock jumped over night from 66 cents to \$4 and has been paying monthly dividends of 10 per cent ever since.

There is nothing phenomenal in such occurrences. Almost every day a well is being brought in by some company in the California oil fields, many of which are gushers, spouting thousands of barrels per day.

The "Lakeview" for instance, came in a short time ago with 40,000 barrels per day.

"Silver Tip" with 23,000 barrels a day. The "Coalinga-Mohawk" a wonderful flow of 12,000 barrels a day; and we honestly believe that the "Coalinga-Eureka" property will produce as much if not more, in her first well, as has any of the premier wells in this district.

We base such a statement on the fact that the property controlled by this Company is so well sit-

uated, being within the proven oil zone, and having in its immediate vicinity the largest producing oil wells in the world.

You will see therefore that in this proposition the element of chance is eliminated, and you are practically placing your money in an already-sure-thing. Never before have the public been afforded an opportunity to buy in on the ground floor in a proposition embracing at the same time, the maximum security for the money invested and the greatest possible profits.

Remember that 96 per cent. of the wells drilled in the Coalinga Field produce oil.

The small block of shares remaining to be sold at 25 cents per share will no doubt be taken up within a few days after this advertising announcement appears. This means, that if you anticipate acquiring an interest in the California oil fields, through the purchase of shares in the Coalinga Eureka Oil Company, you must act promptly; either wire your reserve for a block of shares at once, or remit by first mail. If you wire, specify clearly the number of shares and send your cash deposit or all cash by first mail.

On receipt of wire, the Secretary of the Company will set aside the block requested, allowing sufficient time for a letter to reach the Company's office from your home, if you take advantage of the first mail.

Price of Shares, 50 Cents. July 16th.

Do not overlook the fact that we have issued a statement that the price of every share in the Company will be advanced to 50 cents, on the morning of July 16th. It will be impossible for you to acquire Coalinga-Eureka oil shares after that date at

a lower figure. Those who have taken advantage of the 25 cent. offer will make 100 per cent. on the money they have invested, and will be in the pathway of great profits, since it is only a matter of a few weeks until the drills on our property will be down to the oil levels.

No man can become wealthy by leaving his money in the Savings Bank at a small rate of interest. You must invest your capital in a proposition which embraces the greatest security and a promise of early and handsome profits.

OIL IS PRODUCING TO-DAY MORE MONEY AND GREATER WEALTH THAN ANY OTHER RESOURCE OR COMMODITY IN THE WORLD. In a very short time all of the available property in the California fields that are within the proven oil zone will be taken up by capitalists or in the control of corporations.

REMEMBER THAT THE SHARES OF THIS COMPANY ARE NON-ASSESSABLE. EACH SHARE HAS A PAR VALUE OF \$1.00. SMALLEST BLOCK OF STOCK SOLD 200 SHARES, ON WHICH PAYMENTS ARE AS FOLLOWS:

WHAT YOUR MONEY WILL BUY.

Cash Plan (5 per cent deducted).			
\$47.50 will buy 200 shares	.	par value	\$200
118.75	" 500 "	"	500

OSOYOOS LAND DISTRICT.
DISTRICT OF YALE.

TAKE NOTICE that Alfred Richardson, of West Summerland, occupation mill owner, intends to apply for permission to purchase the following described land:—Commencing at a post planted at the north east corner of Lot 2898; thence north 24.67 chains to the south line of Lot 2558; thence west 28 chains more or less to the south west corner of Lot 2558; thence south 24.67 chains to the north line of Lot 2898; thence east 28 chains more or less to the point of commencement. Containing 70 acres more or less.

Dated June 6th, 1910.

ALFRED RICHARDSON.

RICH RED BLOOD.

You Will Never Have It as Long as You Have Dyspepsia.

Just as long as you have dyspepsia your food will not properly digest, and the nutritious elements in the food will not be extracted or absorbed, and impoverished or watery blood will follow.

This condition may not be apparent at first, but it will come just as sure as the sun will rise again.

Any stomach ailment, including all forms of indigestion, can be promptly cured by using Mi-o-na tablets, a scientific treatment unsurpassed.

It stops fermentation, belching of gas and taste of sour food almost at once.

The mighty power of Mi-o-na to invigorate and restore the stomach to perfect condition is known everywhere.

Mi-o-na cures by building up—by banishing the cause. For thin people it is a great flesh builder, because it causes the stomach to give more and purer nutrition to the blood. It cures sea and car sickness and vomiting of pregnancy almost immediately. The Summerland Drug Co. sells Mi-o-na for 50 cents a large box, and guarantees it to cure or money back.

HYOMEI

(PRONOUNCED HIGH-O-ME)
