SUMMERLAND, B.C., DEC. 6, 1912.

4-Page

On one of the Elsey-Sub-division Lots is the only logical place in this town to build that little Home. When the town grows larger this property being so close in will increase so in value that one would have no trouble disposing of it should they wish to do so.

One of these Lots would make a most acceptable Christmas gift. This property is most desirable, if it were not I would not waste my time trying to sell it. CALL or Phone for particulars and DO IT NOW.

REAL ESTATE & INSURANCE

Billiard Tournam'nt AT Hotel Summerland.

Owing to the interest taken in the last Tournament another one has been started larger than the first, and is now under way, and will eclipse the former by way of more competitors and more interest taken. These tournaments have become so popular that a larger one has been planned for Christmas week. So practise up to be in at the finish.

B.C. Fruit Growers' Association.

The 23rd Annual Meeting of the B.C. Fruit Growers' Association will be held at Victoria January 6th, 7th and 8th, 1913.

The Association will have a year of good progress to report. The membership will reach nearly 800, and there are sixteen affiliated associations, these being all the Fruit Growers' Associations of the province.

Amongst other things which may be discussed is why some of the British Columbia delegates to the Dominion Fruit Growers' Conference at Ottawa last winter failed to obey the instructions given them by this Association with reference to the standard Canadian apple box.

An, apparently inspired, article appeared recently in a Vancouver publication, in which the writer said:

"In conversation with wholesale fruit dealers we find that the shape of the Canadian apple box is working against the marketing of Canadian fruit. When selecting a shape and size for a standard Canadian apple box it was deemed advisable by those entrusted with the work, that a box of the same total area as that used in the United States would be advisable, but to distinguish between the two, it was decided that the standard Canadian box should be a little longer and slightly narrower, but containing the same number of cubic inches. It is found by experience, however, that the shape of the United States box permits the packing of a few more apples than does the Canadian box. The difference is only slight from 3 to 5 lbs., but the grocer or fruit dealer who sells apples by weight knows that the American box contains a few more pounds. So, with similar fruit, and prices equal, he will select the box from the south of the line every time. If the shape of the Canadian box is a detriment to the marketing of our fruit it should be changed."

It is quite wonderful what knowledge the "wholesale fruit dealers" seem to have on this subject, and how easily our contemporary fell for this flood of wisdom.

The Canadian apple box does not and never has worked a hardship against marketing Canadian apples. That is simply an excuse put up by impractical Canadian packers and dealers who find it to their advantage to buy elsewhere.

There is no such thing as a "United States box" even to-day, and at the time that a shape and size for a Canadian Government standard box was recommended by the British Columbia Fruit Growers and adopted by the Dominion Government, there were six or seven different sizes and styles of apples boxes being used in the Western States. But the box chosen by Canada was almost identical with that used then and now by the California apple shippers. Oregon and Washington have since then got their six or seven sizes reduced to about two, but there is not yet any legal standard apple box for the United States or any one State.

There was no thought of providing a distinction by making the Canadian standard apple box "a little longer and slightly narrower." The dimensions of this box were settled upon chiefly because the size and shape admits of packing successfully almost any size of apple so long as the work is done by a competent packer. The unskilled packer would want a different style of box for nearly every different size of apple he had to handle. The agitation in favor of the latest type of Oregon and Washington box (erroneously called the "United States box") is because a few British Columbia fruit growers have been importing packers from the south who were trained to pack in the Oregon box. Those who were accustomed to the California box have no complaint against the Canadian box.

Canada made a long step forward when she established a legal standard apple box "for export," and she should first dispense with these words "for export" before attempting to change the size or shape.

It is perfectly right to profit from the experiences of our United States competitors, but there is nothing stable, permanent or legal about their apple boxes, and consequently no good reason why we should follow instead of leading in this matter. Why do the Canadian wholesale fruit dealers not refuse to buy United States berries because their berry boxes are smaller than the Canadian standard?

It is usually the incompetent workman who first finds fault with his tools.
—The Fruit Magazine.

Discusses Future of Fruit Industry.

That the Okanagan fruit crop this year showed an increase of 80 per cent. over last season was a statement made recently by Frank W. Peters, general superintendent of the C.P.R. British Columbia division to the Calgary Herald. He stated that out of Summerland alone there were shipped 75 carloads, or 750 tons, of peaches.

"We all know," he stated, "that the whole of British Columbia this year had the best fruit crop in its history, and more money was realized by the sale of fruit than ever before."

Asked to express an opinion on some of the references that have appeared in some newspapers in connection with the marketing of the Okanagan fruit crop this year, Mr. Peters said he disliked discussing this question for publication as it was not desirable in the interests of the country generally that a controversy should be opened up which might give the impression that conditions were not favorable for the growing of fruit in that province.

"There were statements made," he said, "which were not based upon facts. Those who made them sometimes did not fully inform themselves and at times were inclined to jump at conclusions."

"The trouble was the fruit crop of the Yakima Valley and other fruit districts in Washington and Oregon was equally bountiful and it came into the market a little in advance of ours. The conditions surrounding the growing and packing of fruit in Washington and Oregon are more favorable than in British Columbia; although our people are rapidly improving these conditions. When it costs approximately 42 cents to produce a box of apples in Oregon and 65 cents to produce it in British Columbia, with a duty of 13 cents a box, it is not difficult to see how the Oregon grower can compete, particularly as he has a large market at his door and can sell his surplus in Canada at a small margin over cost."

"This year, some months before the fruit crop matured, we had a meeting of all our officers, both traffic and operating, and we went carefully into the whole question of rates and facilities. Our traffic officers met the representatives of the fruit growers and made some changes in rates and regulations which were accepted as entirely satisfactory. Some changes were made in our facilities for the handling of fruit; both on Okanagan lake and by rail, and a careful canvass of the fruit growers and shippers has been made constantly to ascertain if there were any reasons for complaint, and we have failed to hear of any complaint either in respect to the rates or service."

"Of course there may be isolated cases where some particular shipment has not made the time expected. That will occur occasionally in any class of traffic from unforeseen accidents, but I am speaking in a general way."

"We are now in correspondence with the Department of Agriculture with a view of bringing a meeting between the fruit growers, the local fruit dealers, the wholesale dealers on the Coast and in the interior, and representatives of the government and of the railway, to be held after the shipping season is closed, the object being to see if anything can be done by anyone interested to improve conditions next year."

"These conferences always accomplish good as they bring the different interests together and suggestions are made which are often of value to the grower, the transportation people and the seller."

"Needless to say this company is keenly interested in the development and success of the fruit growing industry. We are convinced that no better fruit can be raised than that produced in the British Columbia valleys. We know it can be produced profitably and that there are opportunities for thousands of settlers in these beautiful valleys to make comfortable homes and carry on a profitable occupation in the raising of fruit and vegetables."

"This industry, however, like any other, requires to be carried on on intelligent and business-like methods, and I understand the government is doing all it can to guard against pests or infection, and to circulate useful information among the fruit growers to guide and assist them in the raising and in the packing of their fruit."

It is well to aim high, but be sure your gun is loaded.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

THE HOME CIRCLE.

Crude Thoughts From the Editorial Pen.

"Dear Editor:—I am eight years old. Some of my little friends say there is no Santa Claus. Papa says if you say it in your paper it is so. Please tell me the truth. Is there a Santa Claus?"

MARY.

Mary, your little friends are wrong. They have been affected by the scepticism of a sceptical age. They do not believe except they see. They think that nothing can be which is not comprehensible by their little minds. All minds, Mary, whether they be men's or children's, are little. In this great universe of ours, man is a mere insect, an ant, in his intellect, compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.

Yes, Mary, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas, how dreary would be the world if there were no Santa Claus. It would be as dreary as if there were no Marys. There would be no child-like faith, then, no poetry, no romance to make tolerable this existence. We should have no enjoyment except in sense and sight. The eternal light with which childhood fills the world would be extinguished.

Not believe in Santa Claus? You might as well not believe in fairies. You might get your papa to hire men to watch all the chimneys on Christmas eve to catch Santa Claus; but even if they did not see Santa Claus coming down what would that prove? Not everybody see Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not; but that's no proof that they were not there. No one can conceive or imagine all the things that are unseen and unseeable in the world.

You may tear apart a baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world that not the strongest man, nor even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside that curtain and view and picture the supernal beauty and glory beyond. It is all real. Ah, Mary, in all this world there is nothing else real and abiding. No Santa Claus? Thank God! he lives, and he lives forever. A thousand years from now, Mary, nay ten thousand years from now, he will continue to make glad the hearts of childhood.

FRANKNESS.

Be frank to the world. Frankness is the child of honesty and courage. Say just what you mean to do on every occasion and take it for granted that you mean to do just what is right. If a friend asks you a favor, you should grant it if it is reasonable; if it is not, tell him plainly why you can not. You will wrong him and wrong yourself by equivocation of any kind. Never do wrong to make a friend or keep one; the man who requires you to do so is dearly purchased, and at a sacrifice. Deal kindly and firmly with all men and you will find it he policy which wears the best. Above all, do not appear to others what you are not. If you have any fault to find with anyone, tell him, not others, of what you complain. There is no more dangerous experiment than that of undertaking to do one thing to a man's face and another to his back. We should live, act and speak out of doors, as the phrase is, and say and do what we are willing should be known and read of all men.

Railway Camp Work.

Construction work on the K. V. Railway from Summerland to the Summit is making good progress. Weather conditions have been favorable and the only thing that has militated against rapid advance has been the scarcity of labor. In course of time the road will be finished and a shorter way to the Coast cities will be enjoyed by the long-suffering people of the Okanagan. It is extremely fortunate that we are a people pre-eminent in the realm of morality and religion, otherwise the slow time that will inevitably be made on this particular line of railway, owing to uniformly heavy grades and exceptionally sharp curves, might conduce to blasphemy and profanity.

The committee representative of the churches of Summerland have been conducting work along the line of Railway as far as the Summit for nearly six months. Religious services have been conducted in the open air and in the bunk houses at most of the camps with a good degree of regularity. Large quantities of literature have been distributed. One reading room has been established, viz., at Clark & Thomson's camp.

Occasional concerts have been held. Large donations of literature have been received from Ponticton, Penchland, Vernon and Vancouver, for which the committee are very grateful. Mention might be made, too, of the generosity of the Dominion Express Company in carrying literature free of charge. A careful appraisalment might be presented as follows—Messrs. Carlson and Anderson, representing the contractors, have expressed their warm appreciation of the work. The representative of the committee has been, without a single exception, well received, and treated like a prince. His application for

SHILOH

quickly stops coughs, cures colds, and heals the throat and lungs. 25 cents.

membership in the B.C. Society of Dyspeptics is now being considered

The literature distributed has been enthusiastically received by the men in camp. Probably 50 per cent. of the men have courteously listened to the propositions of the various speakers at the religious services, but it is quite evident that judgment has been reserved and that a verdict has not yet been rendered. This is scarcely to be wondered at when we consider the growing antagonism, evident everywhere, of the working man to the organized institutions of religion, the fact that many of the men have an imperfect understanding of our language, the absence of good music in most cases, the prevalence of Sunday work, and the root reason—not confined by any means to railroad men—that surrender to the claims of Christ involves surrender of many things thought to be eminently desirable. Taking everything into consideration it is probably not too much to say that the work is worthy of the support, material and moral, of every good citizen, irrespective of religious proclivities, and that to the members of the various churches of Summerland an opportunity of its presented of demonstrating that our professions of "true religion and undefiled" is something more than "mouthfuls of spoken wind."

Harold McColl of Peachland was a visitor in town this week.

Mr. H. Sutherland enjoyed a short hunting trip back on the hills this week.

Mrs. H. G. Estabrooke is visiting at the home of her sister, Mrs. J. W. Anguin.

Make your selections of Xmas Greetings while our line is complete. Review Office.

Mr. and Mrs. Dan. Williams have moved into the cottage recently vacated by Mr. Limmer and family.

Mr. Hamilton and his sisters who have been occupying a flat down town, have moved into the Hunt cottage on the hill.

Principal E. W. Sawyer of Okanagan College returned on Sunday from an extended trip to the Maritime Provinces and Eastern States.

Try one of our scratch pads for your telephone. Neat little writing tablets, nicely bound, four for 25 cents, three for 25 cents, and two for 25 cents, according to size. Review Office.

A game of basket ball was played between the High School girls and the College girls on Thursday afternoon in the College gymnasium. The score was 6-5 in favor of the High School girls.

Everything points to a bumper house for the Boy Scouts entertainment on the evening of December 12. The Imperial Bell Ringers have been engaged for that evening and an unusually high-class entertainment is assured.

A matinee performance of David Garrick will be given on the afternoon of Thursday, December 19th, in Empire Hall. Any grown up person upon payment of \$1 may bring two children. Tea will be served between acts.

Mrs. E. C. Graham gave an At Home on Tuesday afternoon in honor of Miss White and Miss Wilson. Miss White is going east to Ontario for the Christmas holidays and Miss Wilson, who has been here on professional duty as a nurse, returns to her home in Penticton.

C. W. Haddrell left for his parental home in England by this (Friday) morning's boat. Mr. Haddrell, who has been a resident of Summerland for sometime, will probably be absent for some three months. It will not surprise the Review if upon his return Mr. Haddrell is accompanied by a bride from the homeland.

A little insect known as "the tick" is attacking cattle in many parts of the United States, and is given credit by a state veterinary, of increasing the cost of living to the American people by one hundred million dollars annually. It is probable that inspection laws preventing the shipment of infected cattle from one district to another will be enforced.

Mr. John Hosie, who with his sister has been occupying the Barton cottage in Peach Orchard, went down to Victoria this week. It is understood that Mr. Hosie has accepted a position as librarian in the Legislative Assembly Library. Mr. Hosie is well qualified for such a position, having served in a like capacity in a large library in Arbroath, Scotland.

The bulk of the programme was rendered by Rev. D. E. Hatt, who recited in splendid voice and style. Every one of his readings, all of which were taken from some one of the volumes of Dr. Drummond's poems, were most interesting, and were given in a manner easily grasped by the listener, notwithstanding the dialect in which they are composed.—Vancouver Saturday Sunset.

Mr. Edwin Smith, who has been investigating fruit storage and transportation conditions for the B.C. Department of Agriculture, is a visitor in town this week. Mr. Smith has recently returned from the prairies and says that apples are retailing from \$1.75 to \$2 a box in the prairie towns. Asked as to what the government would do for Summerland in the way of a precooling plant he said that his business was to investigate and report conditions to the Department. It may be that the government will establish an experimental plant here or elsewhere, but of this he had no definite knowledge.

Mr. M. C. Henderson of Kaleden was a visitor in town this week.

Mr. and Mrs. A. L. Moreland spent Thursday in Kelowna.

Mrs. W. Ritchie is visiting her brother, Mr. W. Mitchell at Kaleden.

Mr. W. Limmer is, with his family, now occupying the house recently bought from Mr. T. Beavis.

Mr. A. B. Williams and family, who have been occupying the Collinge cottage, are removing into their new home recently remodelled and enlarged, just east of the Collinge lot.

For some hours on Wednesday afternoon and Thursday morning there was a tangle between the government telephone and telegraph lines interrupting communication northward.

Have you bought your turkey for Christmas? Mr. Downton says that unless he has your order early next week he is afraid you will be disappointed. Phone him or call and give your order at once.

Send them something useful, something that will add to their comforts, something they can't eat. Fancy slippers, gloves, handbags, grips and other appropriate articles can be had at the leather store. ad.

Rev. D. E. Hatt has won high praise for his ability as an interpreter of Drummond. He does not read from the book, but has so far mastered the poems that he is able to give off-hand almost any of them.—Victoria, B.C., Colonist.

Mrs. W. A. Doyle, who has been spending the summer in the East, arrived home last Thursday. She did not remain here long, however, as both she and Mr. Doyle started for California on Monday, where they will spend the winter months.

The ratepayers of Penticton will shortly be asked to vote on several money by-laws. That municipality proposes to raise \$6,000 to purchase a site for a hospital, \$10,000 for the completion of the electric light and power system, \$2,200 to purchase a site for municipal buildings, and \$3,500 for sidewalks.

Mrs. Nicoll, who is visiting at the home of Mrs. Alex. Steven at West Summerland, met with a painful accident on Wednesday night. She, along with others, were being driven down the Gulch road by Mr. F. Brind, when in the darkness the latter found his team too near the edge of the road and quickly drew them to the opposite side. The sudden move of the team threw out some of the passengers, Mrs. Nicoll falling first, receiving some severe bruises. The injured lady was taken to the home of Mrs. John Tait and medical assistance summoned. Latest reports on Friday morning were that Mrs. Nicoll was rapidly recovering from her unpleasant experience.

WORKING FOR THE SUFFRAGE.

Social Problems Discussed by W.C.T.U.

The local W.C.T.U. met on Monday at the home of Mrs. D. H. Watson, a goodly number being in attendance. Mrs. Estabrook, superintendent of the purity department, presented the subject of social purity in a very impressive manner, from the standpoint of the Bible. She recommends the distribution of literature on the subject of social purity, as a means of counteracting the effects of social impurity. Miss White gave a reading bearing on the question.

The report of the committee who were appointed to arrange for the canvass of the locality in the interest of women's franchise, showed the work well in hand. Premier McBride has said that if the women of the province will present a petition containing twenty thousand signatures of men and women favorable to the cause, to the Provincial Parliament at the opening of the coming session, he sees no reason why the women should not be enfranchised during the next year. Washington, Oregon and California to the south of us all have equal suffrage, why should not British Columbia?

The Union decided to procure literature on the white slave traffic for distribution.

The treasurer reports an increasing membership and a balance in the treasury.

The January meeting will be held at the home of Mrs. Lipssett, and Mrs. Davies of Naramata will present the subject of the white slave traffic.

"Highly Recommended."

"I would certainly recommend that you get a Gurney-Oxford, Mary. Mother had one, and when I furnished my house, I got one. Every maid I ever had has been enthusiastic about the Gurney-Oxford."

"What are its good points?"

"Well, the best is that it cooks and bakes like a dream. I never tasted such golden brown biscuits or such flakey pastry as my Gurney-Oxford turns out, and roasts, fowls and puddings are always a success."

"Is it easy to operate?"

"My dear, it's simplicity itself. The Gurney Econo-mizer, which you cannot get on any other range, regulates the fire simply by putting one small lever up or down. You never heard of anything so simple. And by a system of divided flues the oven is always uniformly heated. You know what that means—biscuits, bread, roasts, not one half overdone and the other half underdone, but properly done all through. Yes, my dear, you take my advice as I took mother's, and get a Gurney-Oxford Range."

SUMMERLAND, B.C.**

The Players in "David Garrick."

To attempt to play David Garrick with an amateur company implies an ambitious spirit. To produce it acceptably would confer credit on the manager of such a company.

The performance of "David Garrick" at the Empire Hall last week was more than acceptable; it fully justified the ambitious spirit which is, after all, in itself a laudable one. A play like this surely affords more real pleasure to an intelligent audience than a farce which appeals merely to a rather crude sense of the ludicrous, and better repays all the trouble which the production of any play entails upon stage manager and actors. Certainly the audience seemed thoroughly to approve the performance of this charming piece and gave it an enthusiastic reception.

In the title role Mr. Sauter acted with the brilliancy and finish which the part requires. A few false touches in the principle character would ruin this play; David Garrick must be portrayed with delicately keen perception of every situation; there were no false notes in his portraiture.

As Ingot Mr. Cordy gave a very excellent impersonation of the old city merchant; in the scenes with Garrick he was especially good; perhaps his indignation with his daughter when he discovers her in Garrick's room might have been rather more strongly marked, but that is all the criticism which need be offered.

Miss Evelyn Higgin made a charming heroine and appealed strongly to one's sympathies, but at times she was a little indistinct, and in the more emotional scenes she might with advantage have displayed more feeling. It is difficult in such a role to steer successfully between violence and over-restraint, but in the scenes in the last act with her father, and afterwards with Garrick, she might safely "let herself go" a little more and improve what is, as was said before, a sympathetic and delightful performance.

Mr. Knox made a most successful Squire Chivy. His entrance in the third act, "I've had my dinner," and the scene which follows, could hardly have been better done. His acting all through displayed a fine sense of humor which finds ample scope in the part.

The only criterion applicable to Mrs. May as "Araminta" is that she looked much too charming! Such a dainty little Dresden-china lady surely need not have waited ten years for a "wobbling" Jones.

Miss Cartwright, as Mother Smith, with seven children, deserves nothing but praise, and the same may be said of the other minor characters who all acted with a neatness and finish which reflects great credit both on themselves and their stage-manager, Mr. Sauter.

Mr. Fosbery as "Jones" honestly earned much laughter without once descending to the buffoonery into which the part might entrap a less sensitive actor.

The costumes of the players, all of local manufacture, were excellently carried out in every respect, being both highly picturesque and becoming to their wearers.

In short "David Garrick," as given by "The Players," may be written down a brilliant success, and it is to be hoped that in the other towns where it is to be played that it will meet with the hearty reception it deserves.

MOORE

West Summerland

Naramata Notes.

Mr. Russel Wells left this week for a short visit to the prairies.

The body of Louis Nicelson, the young teamster who was killed last Thursday, was sent to his home in Seattle for interment.

Mr. Harris of Vancouver, who has recently purchased property in Naramata, motored up from Pen-ticton last week to look over his orchard.

Mr. C. Aikens leaves this week to spend the holiday season in San Francisco and southern California. He expects to return shortly after the New Year.

Last Saturday a crowd of Naramata young people walked up over the K.V.R. right of way as far as King Walsh & Co.'s camp. They report a royal good time and were much impressed by the hospitality tendered them at the different camps visited.

The sale of work held in the church on Wednesday was a great success, and the ladies were well rewarded for the amount of trouble which they took in preparing for it. A special ferry brought quite a large number of ladies over from Summerland.

Mrs. Wolstencroft, assisted by Mrs. Dean, entertained the Twenty Club last Friday at Mrs. Wolstencroft's home, and a pleasant afternoon was spent around the fireplace. The next meeting will be held at the home of Mrs. Gillespie, and will be the last meeting before Christmas.

THOMAS CARLYLE'S GREAT BROTHER.

"A book of Scotch Humor," newly published, illustrates anew of a native of Annandale the saying that a prophet is not without honor in his own country. "I ken them a'," said the rustic, speaking of the Carlyles. "Jack's a doctor about London. Tam's a harem-scarem kind o' chiel, an' wreats books an' that. But Jamie—yon's his farm you see owre yonder—Jamie's the man o' that family, an' I'm proud to say I ken him. Jamie Carlyle, sir, feeds the best swine that come into Dum-fries market."

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Public Building, Greenwood, B.C.," will be received at this office until 4.00 p.m., on Monday, December 9, 1912, for the construction of a public building at Greenwood, B.C.

Plans, specification and forms of contract can be seen and forms of tender obtained at the office of Mr. Wm. Henderson, Resident Architect, Victoria, B.C., at the Post Office, Greenwood, B.C., and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary.

Kaleden Comments

Mr. M. C. Henderson went up to Summerland on Monday, December 2nd, for a business trip.

Mr. and Mrs. Coulter with their family, late of Vernon, have taken up their residence at Junction Ranch.

Mrs. W. Ritchie of West Summerland has been staying for the past week with her brother, Mr. Mitchell.

Mr. Salmon of the Canadian Pipe Co., who has been staying here for some time in connection with repairs, left on Monday's boat.

Service was held last Sunday afternoon in the building formerly used as a restaurant—the furnace of the schoolhouse being out of repair.

We regret to record the death of Mrs. Potter of Okanagan Falls on Friday, November 29th. Mr. Potter is well-known in Kaleden, and great sympathy is felt for himself and family in this great bereavement.

On the evening of Tuesday, December 3, a very successful sale of work was held in the restaurant by the "Woman's Club," when over \$61 was realized for the reading room and library building fund. The room was tastefully decorated, and a very pleasant evening was spent in a social manner. Tea and cake were served during the evening.

On Tuesday, November 28th, Rev. H. G. Estabrook, Superintendent of Missions for B.C. paid us a visit, and gave a very interesting lantern lecture in the evening on "By-ways of B.C." The pictures shown of the province were excellent, and there was a large and representative audience who showed their appreciation by giving a liberal collection of over \$11 for Home Mission work.

A Nebraska paper, whose editor isn't emulating the late George Washington, says that one day last fall a farmer went out after a load of straw. Having no pole with which to bind his load he took his axe and commenced to chop down a stalk of corn for that purpose. He had it nearly cut in two when one of the ears of corn became detached and fell crushing him to the ground. It broke his neck and one of his legs in seven places. He would have died but for the henth giving properties of the Nebraska climate, which made him a well man again before he had walked half way to the house.

LETTER TO THE EDITOR.

The Editor,
 Summerland Review.
 Salvation Army,
 Vernon, B.C.
 Dec. 2, 1912.
 Dear Sir:

Would you be so kind as to publish this letter in reference to the launching of the Canadian Memorial Scheme to the late General Booth. We are desirous of giving everyone an opportunity of expressing their admiration in a practical manner to the "Life and Work of General Booth."

The memorial will take the form of a Training Institution, and the amount to be raised is two hundred and fifty thousand dollars, \$250,000.

The scheme has at least four claims:

I. The memorial would be most likely to perpetuate the General's spirit.

II. It will appeal to the admirers of the late General Booth.

III. The General himself greatly desired this.

IV. We have urgent need for it. Postal Orders and cheques to be made payable to Ensign Wm. Richardson, officer in charge of the Salvation Army work in the Okanagan District, Box 101, Vernon, B.C.

I remain,
 Yours truly,
 WM. RICHARDSON,
 Ensign.

DON'T MISS THIS.

Music lovers will have the treat of the season at the Empire Hall next Thursday evening when the entertainment will be given by the Imperial English Bell Ringers. This company is entirely different to anything ever heard in Canada before. The bells have a soft, mellow, yet resounding quality that has never been heard in this kind of music before. They have a peal of one hundred bells ranging in weight from two ounces to eleven pounds, with which they perform concerted music of every class. The work of this band is a revelation of what can be done in bell-ringing.

CURLING CLUB MEETING.

The adjourned meeting of the Curling Club was held at the Summerland Hotel on Monday evening. There was quite a good attendance. The following officers were chosen for the year: Mr. Jas. Ritchie, Hon. President; Mr. Martin Bonvis, Acting President; Mr. J. E. Phinney, Vice-President; Mr. W. H. Milligan, Secretary. Mr. W. R. Shields was elected delegate for the Okanagan Curler's Association. There was much enthusiasm over the roaring game, and the first competition will be President versus Vice-President. The losers to stand a dinner to the members. The meeting adjourned to meet again next Monday to form rinks. All those wishing to play this winter should send in their names to the Secretary.

(Continued from page 1.)

time without serious injury. To the uninitiated it would seem that it would not take so long to lower the temperature of a car of fruit from 65 degrees to 40 degrees, but it must be kept in mind that the centre of the package must be lowered in temperature as well as the exterior, otherwise the attempt would be worthless. If a temperature of 23 degrees was used the cars would necessarily have to stand on the track for a period that would be too excessive for commercial shipments. This system is used in Southern California with oranges and lemons on a very large scale, for the immensity of the industry warrants the expenditure of large sums of money for this purpose. The plant at San Bernardino cost \$900,000, having a total air capacity of 260,000 cubic feet per minute at 8 degrees to 10 degrees, and cooling 32 cars on track every four hours.

The second or cold room system is practically the only one that is being used with pomaceous or stone fruits at the present time. This of course has to be used in conjunction with a cold storage plant which at present is not afforded in the Okanagan Valley. With this system the fruit is packed and trucked immediately into the cold room where it is held in stock until shipped, making an ideal system.

Early in the season and up to the time of my work in the province it was thought by the Department of Agriculture that an experimental plant would be established somewhere in the province, based upon the principle of the "cold room," using natural ice and salt and costing approximately \$1,500. These have been under demonstration in the North-west by the U.S. Department of Agriculture. However, they have not been proven entirely satisfactory in a commercial sense, and the plant at Salem, Oregon, was not used at all during the past season.

When it appears that we cannot have precooling plants without an enormous expenditure of money, we are apt to be disconsolate at the gloomy foreboding. However there are other alternatives. Precooling did not put the citrus fruit industry of Southern California on its feet, but only slightly reduced the cost of transportation and loss from decay. Other measures taken by the growers and packers did far more for the preservation of their oranges and lemons in transit than did precooling. After making a survey of the British Columbia fruit industry during the past season we feel safe in saying that there is a promising outlook for placing our soft fruits upon the market in splendid condition, if proper measures are taken in the handling.

During the past summer we have been making investigations as to different methods of handling, and some very conclusive results have been arrived at. One system of handling the Early Crawford peach, one of the most tender shipping varieties, reduced the decay from 41 per cent. to 2 per cent, while in transit condition for twelve days and in the market for six days. If we can increase the scope of our markets, as the writer has every confidence we can, so that the limits of our markets will not be west of Winnipeg, and at the same time place our products there in a condition that will insure the consumer sound and attractive fruit as well as giving British Columbia fruit a deserving reputation, then we should look to those methods and use them while our industry grows to warrant and demand more elaborate processes of handling.

ORANGE ORGANIZER HERE.

J. W. Whiteley of Vancouver, provincial organizer of the Loyal Orange Association, spent a few days this week in Summerland. On Monday evening he addressed a public meeting in Elliott's Hall on the aims and objects of the society, and on Tuesday night he was present at the regular meeting of Summerland L.O.L. No. 2036, and conducted the election and installation of officers for the ensuing year. Following is a list of the officers for 1913:

W.M.—Courtland Watson.
 D.M.—R. H. English.
 Chap.—H. C. Moller.
 Rec. Sec.—A. B. Elliott.
 Treas.—J. Blowett.
 Lect.—Geo. Barkwill.
 D. of Cer.—C. N. Borton.
 Committee.—Geo. Loomor, Dr. C. M. Smith, A. Milne, H. Walton, D. Williams.

The one prudence of life is concentration.—Emerson.

American Billiard Tournament.

DURING CHRISTMAS WEEK.

Entries will be divided into setts of five or six in a sett, and there will be a prize for the winner of each sett. All those in any one sett will play each other. The winners of each sett, namely those making the greatest number of points, irrespective of games won, to play each other under the same conditions in the final.

Games 250 up. Entrance fee 50 cents. Entry fees to be divided as follows: Two-thirds of entrance fees to winner and one-third for second place. Other prizes will be added by the Hotel.

Those in the lead in the present tournament are Messrs. M. Beavis, Simpson, Lavis, Clarke, Macy.

SUMMERLAND WINS AT CHICAGO SHOW.

Flour From Western Wheat and B.C. Apples Made Into Pies and Distributed.

Chicago, Dec. 6.—Canadian sheep and cattle captured two more grand championships and one fourth prize to-day.

The Canadian delegation at the International Show holds the spotlight to-day. This is British Columbia Day, and with it came a cablegram from London announcing that the apples from British Columbia have won the gold medal over all competitors at the Land Show in the world's biggest city. Manitoba, Saskatchewan and Alberta have forgotten their boundary lines and take upon themselves much credit because a part of the confederation of the provinces of which they are members have carried off the plum at the King's Own Exposition. A huge piece of cardboard bearing an exact reproduction of the cablegram from London is on display in the Canadian section. Surrounding it are thousands of prize apples, some of which are taken from the same trees that produced the prize winners at London. Other apples of their kind are being distributed by the Canadians, and Canada wheat bread, which has already made its bow to Chicago, is being made into sandwiches and distributed among the spectators, as are pies made from Canadian wheat and B.C. apples.

(Ed. Note.—The apples winning for B.C. were grown in Summerland orchards and packed in the local warehouse. At the same time exhibits were prepared for Ottawa, New York, and Belgium.)

WENATCHEE'S APPLE CROP.

Worth Two and a Half Million Dollars.

The estimate of returns to apple growers made at Washington are that two and a half million dollars will be the minimum net return to growers of the Wenatchee district from the apple crop of 1912. This estimate is based on the actual cash advances of such conservative dealers as Conrad Rose and the achievements of the association, the union and the Wenatchee Columbia Fruit Company already this year.

Sales made to date and the present conditions of the market insure an average return of \$1 per box on all grades and varieties. This amount has been surpassed in many settlements now completed.

The total shipments for the Wenatchee district will be about 4000 carloads. Counting 630 boxes to the car this gives 2,520,000 boxes, which is the basis of the two and a half million dollar crop.

THE NAVAL BILL.

Ottawa, Dec. 5.—The naval bill as introduced in parliament by Premier Borden is as follows:

An act to authorize measures for increasing the effective naval forces of the empire.

His majesty, by and with the advice and consent of the senate and house of commons of Canada, enacts as follows:

1. From and out of the consolidated revenue fund of Canada there may be paid and applied a sum not exceeding \$35,000,000 for the purpose of immediately increasing the effective naval forces of the empire.

2. The said sum shall be used and applied under the direction of the governor in council in the construction and equipment of battle-ships or armored cruisers of the most modern and powerful type.

3. The said ships when constructed and equipped shall be placed by the governor in council at the disposal of his majesty for the common defence of the empire.

4. The said sum shall be paid used and applied and the said ships shall be constructed and placed at the disposal of his majesty subject to such terms, conditions and arrangements as may be agreed upon between the governor in council and his majesty's government.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or any Agent or Sub-Agent on Lands.

CORY,
of the Interior.

Crude Thoughts From the Editorial Pen.

A MERRY CHRISTMAS.

Christmas brings the remembrance of a gift so great and wonderful that all who realize what it meant to the world, feel the desire to give something in return though it may be nothing more than the expression of a wish for a Merry Christmas. No one was anxious to receive the gift at first. People do not always know the value of what is given them. The only door opened to receive it led into a cattle stable. But now, whose door does not fly open at Christmas to send out some blessing, some word of good cheer?

The old carol, sung to a few shepherds, has gone around the world now and the message of peace and goodwill has been carried everywhere. Somehow, when you lay a newborn babe in a man's arms, you are pretty sure to bring a smile to his face and softening to his heart as well. An infant is a great peace bringer. What has touched and softened the heart of this grim world more than anything else, is that Christmas brought a blessed child down to earth and laid him confidently in the arms of humanity, brought him from home, and left him outcast, that the opportunity might be given to every man to take him in and give him the love and tenderness which is every child's birthright.

This it is which moves us to strive to make Children happy at Christmas. They may be like those who float along with the river knowing nothing of its love source high up on the hills. But even if they do not know why, most of us want to make it a merry time for the children. It is emphatically the children's festival. No one ever regrets it who goes out of the way to make some little ones happy at Christmas time. They are the special friends of the Christmas child, and it is well to be able to entertain the king's friends if not the king himself.

It does the world good to open its doors and take in the season's greetings. Business goes on all the happier because there is a warm, charitable feeling in a man's soul toward his employer or employees or acquaintances. We are all so busy we are apt to forget to be considerate, forgiving and kind. It is well to let the brain rest and allow the heart to rule sometimes, or men may lose the faculty of loving and being charitable.

Centuries of experience have proved that it is well to make a clearing house of the season, to square accounts by wiping off all the old grudges and settling old quarrels and listening once again to the message of peace and goodwill. Anger and malice never gave a man happiness; nothing but forgiveness and charity can do that.

OLD AGE.

Young people frequently look upon aged people with pity, and think of them as deprived of most things that make life agreeable.

Yet, as a rule, old people cling to life as earnestly as any others, and that too, not merely as shrinking from that which lies beyond death, but for the mere pleasure of living.

They are cut off, to be sure, from some sources of pleasure which they have had, but others are open to them. The ambition is less keen and the cares of life bring less anxiety than they once did. There is even a certain amount of satisfaction in receiving that respect for age which is paid to them by younger people, in accordance with an impulse that is as universal as it is noble.

To youth, hope makes the future bright—brighter often than events will make it; to the old, memory makes the whole past, stripped of its gloomier picture and filled with pleasant pictures, a part of the unchanging present.

SOME CHRISTMAS THOUGHTS.

The Christmas bell as it rings o'er this old world of ours is trying with all its might to sing. "The Heart of the Eternal is most wonderfully kind." So kind, it folds itself into the wee form of a babe and rests in the manger of Bethlehem and lets a sweet holy mother adore it.

God knew how this babe gift would blossom forth and its fragrance fill the world. He knew that childhood would be the object of loving care and presents rich and rare would sparkle in fir boughs at Christmas time. He knew that the dark days of December would be luminous with a heavenly glow because of the unquenchable light from the babe. He knew that those busy in daily toil, like the shepherds, would hear the rhythmic strains of angel voices urging the timid human heart, "fear not," and calling all men to "Peace and Goodwill."

May our community, where live lonely people, happy people, God-cared-for people, be lured skyward at this season and seeing the star of Bethlehem, rejoice with exceeding great joy.

HABIT.

We have read somewhere that the cost of stopping a railroad train had been closely figured out, and that it was much greater than the expense of running a train several miles. We do not know which is the harder to stop, a train or a habit, but are inclined to think the latter. We have never tried stopping a train. If trains are as hard to stop as some habits, few would ever be started. No one would dare ride on them. Boys, never start a thing you are not sure to stop. Never start a habit you think you may want to stop. It saves a great deal of trouble not to start it.

A contemporary made the following remarks recently: "Last month the ship canals at Sault Ste. Marie were used for the transportation of 10,747,150 tons of freight. That was a new record. The gain over the corresponding month of 1911 was about 3,271,000 tons. The total movement of freight was equal to more than 358,000 tons every day in the month. That means nearly 15,000 tons an hour, day and night. It is an average of about 250 tons every minute of the hour, every day in the month. This is equivalent to six large modern freight carloads every time the second hand of the watch goes around the dial."

APPLE SUET PUDDING.

Sift three cupfuls of flour with a teaspoon of baking powder, and mix into it a cupful of finely chopped suet. Mix with enough milk to make a dough. Roll out, place in the centre of the piece three cupfuls of apple cut in small bits and mixed with sugar; sprinkle lightly with cinnamon; bring the corners of the dough up like a pudding cloth, and fasten. Steam for about two hours and a half, and serve with a hard sauce flavored with lemon juice.

You are Counting the days to Merry Christmas. And you are also racking your brains to find the best way to make it a cooking event that will bring praise from your family and friends.

This store will aid you.

All the latest dainties are carried in stock—the finest materials to make that delicious PLUM PUDDING, that appetizing MINCE PIE, and all the other delights of the season.

TEA will be served during Afternoon.

Woman's Rights

It is your inalienable right to demand in a range—Economy, Promptness and Satisfaction. It is your privilege to expect the same attention, progress and efficiency in the things you use in your daily work as have been brought about in other and often less important lines of endeavour.

The Gurney-Oxford is the foremost example of cooking efficiency.

The Gurney Economizer regulates all the drafts by lifting or dropping one small lever. It keeps the fire alive for hours with practically no coal consumption. It saves 1 ton of coal in 6. The Gurney Economizer is found only on the Gurney-Oxford range.

The Gurney-Oxford Oven is absolutely and always heated the same on all sides and in all corners because the heat is evenly distributed.

This is a sure and unailing guarantee that whatever comes out of the Gurney-Oxford Oven is crisp and light and delicious—this is the final test and the point most often advanced by those who cook on a Gurney-Oxford, those who believe it is woman's right and privilege to have in her kitchen the labor, time and money saving principles embodied in the Gurney-Oxford.

Naramata Notes.

Mr. and Mrs. R. C. Robinson spent Tuesday in Summerland.

Mrs. J. S. Gillespie leaves on Thursday to spend a few months in the east.

Mr. Howard Rounds of Kelowna paid Naramata a visit for a few days last week.

Dr. Whitehouse, a graduate of Birmingham University, England, has been added to the local staff of the K.V.R. hospital.

Mr. Brookes has moved his headquarters into town, having rented the cottage beside the hospital, from the Okanagan Trust Co.

Miss White paid Naramata a visit last Tuesday, prior to her leaving for Ontario to spend the holiday season with her parents.

A fatal accident occurred last Wednesday afternoon when one of the workmen from Mr. Hildebrand's camp was killed by a blast. A second workman was seriously injured.

Mr. Mason of Glasgow, Scotland, spent Thursday in Naramata looking over the benches. After travelling through Canada for the past three months he thinks the Okanagan Valley the finest district he has yet seen.

The Maple Leaf and Heather Dance was held in the Naramata Hall on Thursday of last week. These dances are proving very popular among the Naramata young people. The next of the series will take the form of a masquerade, and will be held on December 19th.

OUR BULL PINE.

Its Possibilities as a Turpentine Producer.

Investigations recently conducted in the south-western United States go to show that the bull pine (*Pinus ponderosa*), such as grows in Central British Columbia will give an abundant supply of resin which can be used in distillation of turpentine. H. S. Betts, in a Forest Product Laboratory Bulletin entitled "Possibilities of Western Pines as a source of Naval Stores," describes a series of experiments carried on in Arizona, Colorado and California, in which the trees tapped for resin under the ordinary cup-and-gutter system yielded two-thirds the amount obtained from the pines of Georgia and Florida, where turpentine is an old and established industry.

The weather conditions naturally retarded the flow of gum, but Forester Betts believes that in time it is possible that the West will derive a new revenue from its pine trees. These facts are of especial interest to British Columbia, whose inland hills are largely covered with this species of conifer.

A root cellar like this won a prize last year.

THE drawing was made from a photograph of the root-cellar with which D. A. Purdy, of Lumsden, Sask., won a cash prize in last year's contest. In that last contest there were 36 prizes. There will be three times as many prizes (108) in the

1912 FARMERS' PRIZE CONTEST

THUS you will have three times as many chances of winning a cash prize. You do not have to use any certain amount of Canada Cement to win a prize. There are absolutely no "strings" to this offer. There are twelve prizes for each Province (three of \$50; three of \$25; three of \$15; and three of \$10) and you compete only with other farmers in your own Province and not with those all over Canada. It makes no difference whether you have ever used cement. Many of last year's winners had not used it until they entered the contest. When you write for full particulars, we will send you, free, a book, "What the Farmer Can Do With Concrete," which tells everything you need to know about concrete. It is absolutely free; and you are under no obligation to buy "Canada" Cement or to do anything else for us. WRITE your name and address on the coupon, and mail it, or use letter or post card, and we will send you at once the book and full particulars of the 1912 Prize Contest. Address Publicity Manager 504 Herald Building, Montreal

Peachland Notes.

Mrs. Jno. McGregor held her post-nuptial reception on Thursday and Friday afternoons.

We congratulate Mr. and Mrs. Chilton on the arrival at the fireside of another little baby daughter.

The Adult Bible Class of the United Church are making arrangements for a Leap Year entertainment very soon.

Don't miss seeing Santa Claus at the Christmas tree next Friday night. A good old-time program is being prepared.

The ladies of the Anglican Church held a bazaar on Wednesday afternoon of this week. It was a source of disappointment to many that the articles ordered from England had not arrived, but nevertheless a very enjoyable as well as profitable time was spent.

IS IMPRESSED WITH NEW BRUNSWICK.

Robert Pollock, a Summerland (B.C.), real estate man, arrived in the city yesterday, and will sail today on the Corsican for his old home in Scotland. While in the Old Country, Mr. Pollock will make arrangements for the more satisfactory selling of high class fruits raised in the Okanagan Valley. He has done well in the West, and although he is enthusiastic about the chances in British Columbia, he is impressed with the possibilities in New Brunswick. He spoke strongly of the need of some organized effort to place before the incoming settlers accurate information regarding the quality and price of farms in this province.—St. John Telegraph.

Mr. R. Pollock, secretary of the Agricultural Society at Summerland, B.C., was in the city today on his way to England by the S. S. Corsican. Mr. Pollock is a Scotsman who has located in the West, and with other members of his family is interested in fruit growing. His mission home is to see the buyers in the interests of Summerland shippers of apples. Mr. Pollock says their trade is steadily growing and that in addition to the trade they are supplying many private buyers with specially packed boxes. Summerland shippers, he says, take care that none but No. 1 apples are shipped, and the result has been to give them an exclusive and growing trade. He says they can get as much for a 40 lb. box of choice fruit as is secured for a whole barrel of New Brunswick apples. Mr. Pollock looks for a great impetus to trade by the opening of the Panama Canal.—St. John Globe.

SAVE CHRISTMAS.

Margaret Deland Suggests More Sensible Gift-Giving.

In the Christmas Harper's Bazar, just out, Margaret Deland writes a remarkable article which she calls Save Christmas! She handles the Christmas present question without gloves. In this Bazar article she declares that "to commemorate the Supreme Gift to the world by weariness and irritation is to profane an ideal. When Christmas Day arouses profanity, it is time for people who care for it to rise up and protect it! And there can be no possible doubt that the Christmas folly which causes 'swearing' is increasing. By the first of December the very air seems to tingle with the mad compulsion of giving. Contrast the number of gifts we feel we 'must' make with the number we made ten or fifteen years ago; contrast the elaboration of ribbons, papers, boxes, labels, and what not, with the casual bundle we used to leave at a neighbor's door. Shopkeepers foster the folly, custom takes it for granted, and timidity cannot resist it. The result is a whirl of meaningless exasperation. The department stores the two weeks before Christmas are a sight that makes thoughtful women ashamed of their sex (men are so few and far between at the crowded, ill-tempered, vulgar bargain counters, that they don't count.) But look at the pushing, tired women, buying things which very often they do not wish to purchase, for people who cannot conceivably want to own them!"

HABITANT RECITAL.

It is a great pleasure for me to
speak concerning the Drummond
Recital held by Rev. D. E. Hatt
which I enjoyed recently. I doubt
if the "first citizen of Canada"
has a more sympathetic interpreter
than Mr. Hatt or one who is able
to present in such a true and
delightful manner the French
Canadian characteristics as portrayed
by Dr. Drummond's writings.
Mr. Hatt should be widely heard
and to hear him once is to desire
to hear him again.—George B.
Cutten, President of Acadia University,
Wolfville, N.S.
Rev. Mr. Hatt gives one of his
Drummond Recitals in the College
Gymnasium to-night (Friday) and
in Empire Hall on Monday evening.

A PIONEER.

One of Summerland's newest
citizens is Mr. J. H. Schofield,
who is now living in the Solly
cottage near Jones Flat. Mr.
Schofield is a very interesting char-
acter, and can tell many stories
of the early pioneer days on the
prairies. Mr. Schofield, who came
west in the late seventies, has for
some time been a resident of
Pincher Creek, Alta. It took him
five weeks to reach the prairies on
his first trip west, when he had to
fight with the Indians before he
could reach his destination. When
he arrived in the west Mr. Schofield
enlisted in the Royal North-West
Mounted Police, and was at that
time the youngest member of the
force. There were then only five
hundred white men in what is now
the two Provinces of Saskatchewan
and Alberta, and only two white
women, wives of policemen.

Already Mr. Schofield has earned
some local fame as a story teller,
and he has promised to tell of
"Early Days in the Mounted
Police," at the Lakeside Baptist
Church next Tuesday evening at
eight o'clock, under the auspices
of the Brotherhood.

CO-OPERATIVE SELLING.

Recently a representative of the
Review had the pleasure of a few
minutes interview with Mr. F. L.
Bunting, formerly of Portland,
Oregon. Mr. Bunting was there
closely identified with the Hood
River Fruit Union, and is familiar
with their methods of work, and
has some good suggestions. He
believes that a similar organization
is the only satisfactory solution of
the marketing problem of the
Okanagan. The Hood River Union
is a co-operative organization. The
Review hopes to get some valuable
information and possibly some
specially written articles relating
to that organization, which will be
of value to our fruit growers in
satisfactorily adjusting the mar-
keting end of that, our chief
industry.

An Ideal Location for the Tourist. A Haven for the Homeseeker and Investor

Start of Double Canoe Race at one of Naramata's Regattas

Take a trip to the Okanagan this summer and stop at Naramata. Get acquainted with
this lovely Canadian Summer Resort. A splendid Tourist Hotel with every convenience
overlooking the Lake is at your service. One summer spent in Naramata means every
summer spent there until you finally conclude there is no real living anywhere else.
Then a nice 5 or 10 acre fruit farm on the benches solves the question and makes you
independent for ever afterwards.

Communicate with THE HOTEL NARAMATA OR THE OKANAGAN TRUST CO., Ltd.

A Christmas Story.

ONCE upon a time there was a rich, rich father, who, when Christmas came each year was at a loss to know what to give his children, who had now grown to manhood and womanhood. He could not give them toys for they were past that stage, and of the necessities of life they had plenty; so a happy thought came to him, and he said, I will purchase one of those Elsey Sub-Division Lots for each of my children, for in a very short time they will be worth many times more than their present value, and they can either re-sell or better still build themselves Homes and live happy ever after.

A car of Coal should be in any day now, so if you want any, order now.

W.J. Robinson
REAL ESTATE & INSURANCE

American Billiard Tournament.

The entries for the above which is to be held Christmas week is now closed, and is divided into Five Setts of Five in each Sett. Those scoring the greatest number of points in any one set to play the winners of the other Setts. A great deal of interest is being taken in these games, for owing to the good judgment shown in giving of handicaps, the less skilful player has an equal chance with the expert.

The winner of last week's Tournament was G. Macy.

BASE-BALL POCKET BILLIARDS, the most fascinating game of the Twentieth Century, has been ordered for the Hotel Annex, and should arrive Saturday, December 21st.

See the HIGH-GRADE CHOCOLATES at Half Price at the Annex.

Naramata Notes.

We are sorry to learn that Mr. Allen is not so well during this change of weather.

The friends of Mr. J. Lyons will be pleased to hear of an improvement in his illness that has kept him confined for some time.

Mr. and Mrs. Campbell Robinson will spend the holidays with their friends and relatives in Summerland.

We think the Ladies' Amateur Walking Club will have to be changed to a skiing or tobogganing association.

The steamer "York" has been unloading large quantities of powder for the Grant-Smith Contracting Co. at this place.

School closes to-day, Friday, for the Christmas vacation. Miss Williams and her pupils will give the customary holiday exercises.

Our genial gardener, Mr. Aveson, is making some needed changes in his greenhouses, enabling him to carry on his work on a larger scale next season.

The Lyceum Sunday School had their tree and entertainment on Tuesday, December 17th, because of the departure of Mrs. Gillespie, who conducts their meetings.

Our local carpenters are improving the premises of Messrs. H. J. Wells and Wm. Nuttall; a spacious workshop for the former and a small cottage to replace the shack of the latter.

Another to spend the holidays away from our valley! On Thursday, December 18th, "Grandma" Roe leaves for Victoria. She will be joined at Peachland by her niece who will accompany her.

The latest number in the series of popular dances given under the management of Mr. D. Walters was a masquerade party on December 18th. Great and mysterious were the preparations made for it.

Mr. Avarad McCullough was called to the home of his parents in Nova Scotia on account of the illness of his father and mother. He left on Sunday morning. Mrs. McCullough accompanied him as far as Vernon, returning to her home in Naramata on Tuesday night.

On Thursday, December 18th, Rev. Mr. Fallis of Penticton will meet the ladies who are interested in the work of the present Ladies' Aid. The purpose of the meeting is to form a permanent society, a union association, for all who are interested in that work.

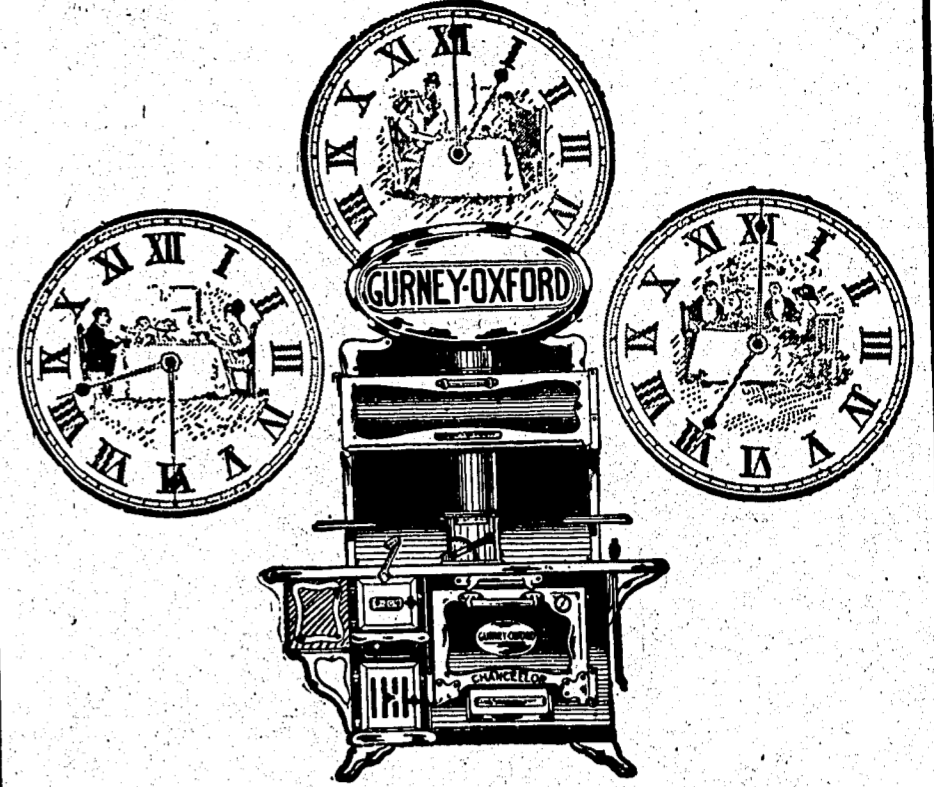

Mrs. J. S. Gillespie left on Tuesday morning for a visit of several weeks in the East. She will spend the holidays in Toronto, at the home of Mr. J. M. Robinson, and before returning to Naramata will visit Buffalo, N.Y., and several of the eastern cities. Surely at this time of the year we will greatly miss Mrs. Gillespie, who is always active in the Christmas festivities.

The meetings of the Unity Club have been postponed until January 3rd, when Mrs. T. H. Boothe will entertain the ladies at her home. The last meeting on December 18th, held at the home of the ladies club's president, Mrs. J. S. Gillespie, was an informal gathering of many of the old members and their friends. The business section was quickly closed and the rest of the afternoon devoted to having a good time. Each lady contributing some "stunt" to the afternoon's entertainment. The stunt of Mrs. Mitchell, the vice-president, was to present Mrs. Gillespie with a portfolio and fountain pen, given by the ladies as a token of their appreciation of her efforts in the club's behalf. Following the entertainment were sumptuous refreshments, which were followed in turn by an exchange of holiday plans. The ladies left properly enthused with the spirit of Christmas.

SULTANA APPLE TART.

Pare and core some apples, place them in a dish in a slow oven, and let them cook till tender. Then mix the apple with about quarter the quantity of Sultana raisins. Place in a baking dish, sprinkle with sugar and a little grated lemon peel. Cover with pastry slashed in the centre, and bake in a quick oven.

A delicious sandwich is made of home current bread, filled with cream cheese and chopped poppers.

The Gurney-Oxford is prompt

No matter what comes or goes—meals we must have.

The preparation of meals comes round three times a day.

Every housewife wants to know that she can depend on her stove absolutely; she wants to know that there is no element of chance or likelihood of mishap in her cooking arrangements; that meals will be ready promptly on time.

The Gurney Economizer is an assurance against accident and mishap in cooking. It is a simple device and found only on the Gurney-Oxford. One lever controls everything. The fire can be slowed down for hours and revived in a few minutes. An arrangement of flues makes the Gurney-Oxford Oven always uniformly heated—the Gurney-Oxford Oven is never to blame! It will make a good cook a better cook; it does more than its share towards making every meal a success and a pleasure.

MY WIFE.

I wish to laud this wife of mine,
Who surely is a model;
She is no parasite, supine,
Nor yet a mollycoddle.

By no means homely in her looks,
Not overdressed; in no slattern;
Besides she never, never brooks,
Nor seeks my ways to pattern.

She never greets me with a frown
When from my work returning;
Nor squanders on a Paris gown
The wages that I'm earning.

She's never cross, she's never sick,
She never is complaining;
And I have yet to hear her kliek
Because it keeps on raining.

So she is just the kind of wife
That meets my approbation—
She lives, this treasure of my life,
In my imagination!

IMMIGRANTS ON THE INCREASE.

Ottawa, Dec. 16.—During the eight months, April 1st to December 1st of the current fiscal year, 321,058 immigrants arrived in Canada. Of this number 218,023 arrived at ocean ports, and 108,035 from the United States. These figures show an increase of 14 per cent, as compared with the number of arrivals for the corresponding months of the last fiscal year, which were 180,206 at ocean ports and 101,086 from the United States, making a total for the eight months, April 1 to December 1, 1911, of 281,892.

During the month of November this year there were 20,217 arrivals, 12,322 of them having been at ocean ports and 7,895 from the United States, as against 15,090 for November last year, 7,046 of whom were at ocean ports and 8,113 from the United States.

THE HOME CIRCLE.

Crude Thoughts From the Editorial Pen.

WE are glad it is ours once more to greet the readers of this department with a Bright Merry Christmas. It seems but yesterday that we sent a like message to you, and yet a year has flown by. May your homes be bright, the dear children of your household happy and the great wish and hope of your hearts in abundant measure be realized this Christmastide.

AFTER all that has been said about rare treasures of art and nature that may lend attraction to a home and its surroundings, it remains that the fairest home ornaments are bright, joyous faces; and where these are wanting, all else goes for little.

GIRLS, listen to your mothers; you will never regret it. no matter what your advantages are above what hers were, you are no better. You can rest assured that it is no book learning or knowledge of fashion that will keep your feet away from the many pitfalls that she can warn you from, in a tender, loving fashion, that you would do well to heed. No matter how mothers may speak, you may rest assured their hearts are in the right place, and that they want their daughters to be innocent and good, rather than fashionable.

THIS world is full of beauty. We alone, with the enginery of our greed, make it ugly. But we cannot altogether succeed in hiding all its beauty, and the open eye and appreciative heart still, without going far afield, may catch glimpses and often behold the full glory of field and flower and starry heaven. How deeply must we pity the life to which the beauty of the word brings no enriching, he who does not take a deep breath and feel a thrill of pleasure at sight of mountain, prairie or sea. And all the prodigal beauty of this world is but a message to us of the greater love of the life that upholds it all, of the riches of him that inhabiteth eternity. And fairer yet than field or flower, treasures greater and more enduring than ours for the taking, the appreciating, in friendships, human love, and companionships. The peace that broods from a mother's face, the strength of a father's life, the light in our children's eyes, the joys of home and hearthside—are not these the best riches of life?

TO make a boy into a pure man, a mother must do more than pray. She must live with him in the sense of comrade and closest friend. She must stand by him in time of temptation as the pilot sticks to the wheel when rapids are around. She must never desert him to go off to superintend outside duties any more than the engineer deserts his post and goes into a baggage car to read up engineering when his train is pounding across country at forty miles an hour.

TRUE COURTESY.

True courtesy is "the beauty of the heart." How well it is that no class has a monopoly in this kind of beauty; that while favorable circumstances undoubtedly do render good manners more common among persons moving in higher rather than in lower spheres, there should nevertheless be no positive hindrance to the poorest classes having good manners. Here is an illustration of true politeness exhibited by both classes of society. One day, in hastily turning the corner of a crooked street in the city, a young lady ran with great force against a ragged little beggar boy, and almost knocked him down. Stopping as soon as she could, she turned around and said very kindly to the boy, "I beg your pardon, my little fellow. I am very sorry that I ran against you."

The poor boy was astonished. He looked at her for a moment in surprise, and then, taking off about three-quarters of a cap, he made a low bow and said, while a pleasant smile spread all over his face, "You can h'ev my parding, miss, and welcome; and the next time you run agin me, you can knock me clean down and I won't say a word." After the lady had passed on he turned to his companion and said, "I say, Jim, it's the first time I ever had anybody ask my parding, and it kind o' took me off my feet."

Slow Headway on all Railway Construction.

E. E. Coley, in charge of a Kettle Valley Railway survey party, began work on Wednesday on a line about 15 miles long running to Voigt Camp and Copper Mountain. The party pitched camp about a mile and a half above town on C. O. French's farm land. This branch line starts from the intersection of the main line with Bridge street, and as a preliminary is subject to revision and relocation. The large ore tonnage in sight at Voigt Camp and the prospect of mine developing at Roche River, Friday Creek, Whipsaw, Copper and Kennedy mountains are making the railway company reach out for this business. The V.V. & E. is already surveyed to those sections.—Star, Princeton.

The railway and vehicle bridge over the Fraser river at Hope for the Kettle Valley Railway will be started early in the new year by construction of piers. The completion of the K.V. surveys in Coquihalla Pass are expected soon and a headquarters camp will be established in Hope.

E. Brookes has been promoted to chief engineer of construction on the Kettle Valley line.

TIMELY HINTS FOR THE ORCHARD

(Contributed).

The peach borer is prevalent in many peach orchards in Summerland.

The peach borer attacks the trunks especially at or just below the surface of the ground. Digging the worm out with a sharp knife or killing them with a wire is one of the best remedies, and is always recommended where the borers have gained lodgment.

Now would be a good time to get after them. They can be detected by the oozing of gum at or near the ground.

Lime sulphur wash, with considerable extra lime added, will act as a deterrent.

MUST FURNISH HEATED CARS.

Assistant Chief Commissioner D'Arcy Scott, of the Dominion Railway Board, has issued an order in the application of Sanitoria Limited, of Arnprior, requiring the railway companies, during cold weather, to furnish heated refrigerator cars for the carrying of perishable freight in less than carload quantities.

It takes a woman to be more cruel to the man she loves than the man she hates.

I extend to ALL

My Best Wishes for

A Merry Xmas.

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED.
RALPH E. WHITE, MANAGING DIRECTOR

SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

Advertising Rates:

LEGAL NOTICES.—Twelve Cents per line for the first insertion; Eight Cents per line for each subsequent insertion.

LAND NOTICES.—\$7.00 for 60 days, \$5.00 for 30 days.

WATER NOTICES.—30 days, 100 words and under, \$8.00; each additional 50 words, \$1.00.

THEATRICAL, ETC.—50c. per inch for first insertion, and 25c per inch each subsequent insertion.

LOCAL NOTICES or Readers, Immediately following regular locals, 20c per counted line; 10c per line each subsequent insertion. Half these rates when accompanying display advertisements.

LODGE NOTICES, Etc., 25c. per week, per column inch.

FOR SALE Advertisements, Etc., 3c. per word first week; 1c. per word each subsequent week.

Transient Advertisements payable in advance.

Rates for Contract Advertisements furnished on application.

Copy for change of contract advertising must be in the hands of the printer not later than Wednesday noon to insure publication in the next issue.

In accordance with schedule of prices adopted throughout the valley, charges for advertising are now being made weekly. Heretofore when five issues were made in one month the result was a loss. By the new method customers are charged each week for just the amount of space used.

FRIDAY, DECEMBER 20, 1912.

LOOKING BACKWARDS.

The municipal retrospect for the year 1912 offers, on the whole, little cause for dissatisfaction. There has been steady forward progress with the municipal undertakings, and the way has been cleared for succeeding councils to make very material extensions as the needs become apparent. The criticism has been made that the money for extending the public utilities should have been raised before the inconvenience from inadequate capacity became so widespread, but undue haste in such matters is as inexpedient as undue delay.

The civic authorities have shown commendable moderation in the expenditures. True, there is much more that might have been done, but there never was yet the municipal body that got ahead of its work. The orchards are not yet bringing in their full returns, and it is not right to saddle the patient orchardist with a greater burden of taxation than is absolutely essential. Though the promise that this season held did not altogether materialize, it was clearly shown that the fault is not with the soil nor with the man that works it. And however much pressing public work faces the Council, it must be borne in mind that in a growing agricultural community civic development cannot be faster than that of the industry upon which it is dependent. So it is quite necessary to deliberate before diving into the public pocket.

But there can only be one policy in regard to expenditure which would bring in a direct revenue. If our public utilities are on a paying basis—and there is no reason why they should not be—the refusals to make extensions are unjustifiable. Whatever past policy has been along this line, the course for future action lies clear. Public sentiment has expressed itself plainly, and must not be dallied with.

The most open criticism that is heard against this year's civic administration is levelled against the poor hold the council appears to have on what may be called the Public Works Department. Work is ordered by the Council, and the long and short of it is that it is not done. The obvious reason is that the department has more work than the force employed can cover, and there is no money to employ more men. The council should have a tighter grip on the progress of municipal work, and thus be in a position to intelligibly regulate it. If work cannot be undertaken within a reasonable time, the assurance of its progress should be withheld. Then no false hopes would be raised. The municipal council is an executive body, and should be in close touch with all branches of civic service.

Summerland has made marked development during the past twelve months. We begin to see the consummation of the long cherished hope of the K.V.R. Our fruit output increased. Most marked of all is the amount of substantial building that has been carried out, the surest indication of faith in the future. But as Summerland grows, Summerland problems grow. The price of substantial progress is increased responsibility. What shall we do with it?

NATIONAL HONOR.

THE Taft government has by its failure to adhere to its treaty obligations with Great Britain put their country in a most unpleasant and undignified position among the nations. It is hoped by many of the leading journals of the republic that the present government may redeem the nation's honor by either repealing the Panama Canal Act or allowing the question involved go to arbitration, which latter proposition has as yet been also unfavorably entertained. Either repeal or arbitration will be required to satisfy the world's sense of honor. The question is will right or might prevail within the councils of the nation. The Minneapolis Journal thus aptly states the case:

"That attempted brazen violation of the law by the Senate last summer, we believe, is buried for all time. It proved too raw for a none too sensitive august body, and was cut out of the bill before it became a law.

"We have with Great Britain an arbitration treaty in which we have agreed to submit all treaty interpretations that cannot be settled through the regular diplomatic channel. It is now suggested that the present controversy be permitted to linger until next June when this agreement expires by limitation.

"And why this subterfuge? It is proposed by Senator McCumber of North Dakota who has been strongly against the provisions of the law which exempted coastwise vessels. And why? The senator does not believe the Senate will consent to arbitration and believes it would be less humiliating to let the arbitration treaty lapse than to repudiate a binding agreement. What a mess this is!

"What is this violation worth? A gift to a shipping monopoly which has lobbied in congress after congress for increasing favors, and which has taken advantage of a noble labor to exact more tribute from the American people and discredit the nation before the world."

Nothing but repeal or arbitration will satisfy the world's sense of honor. To refuse such will put the United States outside the comity of nations.

THAT MIDDLE MAN.

(Montreal Herald).

AN inquisitive person from a farming district near New York followed a barrel of cauliflowers from the farm of original production, where the grower was paid forty-five cents a barrel, and saw the same

cauliflowers sold to the ultimate consumer in a Washington market for twenty-five cents apiece.

Other curious persons in our country are indulging in a guessing competition as to how it is that apples which are bought for seventy-five cents a barrel from the Ontario farmer are sold for \$5.50 a barrel in the Winnipeg shops. Still other inquisitive persons are demanding to know why it is in a country like Canada, where organization of the dairy industry has reached almost the highest perfection, people have to pay anywhere from thirty to fifty cents a pound for butter. No doubt if there are enough inquisitive persons some approach will be made towards getting an answer to these questions; and it would only take a small disturbance in the industrial organization to turn this into a most serious political problem that the legislators and others would have to face.

WHERE in all humanity is there greater longing, dearer expectation, sweeter hope than in the heart of a child on Christmas morn. But in all the earth there is no look so sad, no sob so stabbing as are called forth by the empty stocking.

MERRY CHRISTMAS has brightened more hearts, has healed more grievances, has brought more happiness to the lives of men and women, has proved to be the talismanic sentiment for more home reunions than any other that has ever been heard in this old world.

THE best part of the holiday season, perhaps, is the opportunity it gives for home gatherings and the family reunions that in these busy days are all too few. Many a young man finds time to get back to the old hearthstone and sits down in the dear home circle, who, if the holidays were omitted, would be kept strictly at his tasks. All the schools are dismissed, boys and girls are at home, teachers likewise are off duty, and, with no care pressing, in thousands of places parents and children have happy times together for which they may thank the festive season.

A SUBSCRIBER, who marketed his fruit last season under a contract with the Okanagan Fruit Union, and who seemingly wishes to try another plan for 1913, writes the editor that he finds his contract a continuous one, and that he believes he could be compelled to allow the Union to handle the crop if they so insisted, unless he gives thirty days' notice not later than March 1st, and asks if we think our readers are conversant with this phase of their contracts. The clause to which he particularly refers reads as follows: "This agreement can be abrogated by either party giving thirty days' notice not later than March 1st in any year."

THE Forest Branch of the Department of Lands is undertaking a survey of the Province of British Columbia which will give definitely, information heretofore incomplete and scattered. There are twelve parties of reconnaissance men in the field, in the valleys of the Adams Salmon, Nicola, North Thompson, Omineca and Columbia Rivers, around Mable Lake, and along the route of the G.T.P. The surveyors will note every natural feature; the topography, bodies of water (including water powers) all the agricultural areas, down to 40 acre tracts, the nature of the soil, and in a general way the amount of timber standing. It is expected that the reports which these men will make will prove a revelation to the public. Undoubtedly there are many tracts of land which will produce good crops lying idle because their location is not known accurately. The difficulties of carrying out this survey are very great, particularly in view of the season, but the ground is being covered as rapidly as possible, and the complete map will be compiled in the course of a few months.

Our Philosopher

BEAUTIFUL and right it is that gifts and good wishes should fill the air like snowflakes at Christmas-tide. And beautiful is the year in its coming and going—most beautiful and blessed because it is always the year of Our Lord.

DON'T you know, Santa Claus is the spirit of Christmas, and ever and ever so many years ago when the dear little baby was born after whom we call Christmas, and was cradled in the manger out in the stable because there was not room in the inn, that spirit came into the world to soften the hearts of men and make them love one another.

WHO would take away the faith that a child has in this mysterious personage, Santa Claus, myth though he be, and who would take from weak and frail humanity that larger, sweeter trust in the eternal goodness?

There are other unions and reunions, all of them pleasant and helpful, but there is hardly any such joy to a youth in this world as that of getting back to the fireside where he was reared. There is a rest for him, a perfection of peace such as that, no matter how prosperous he may be in his pursuits, never come to him any place else. Greatly to be pitied is he for whom no door of the early home is open on Christmas, or against whom it is blown shut by the pitiless storms that have beset him.

CHRISTMAS most truly belongs to the children. It celebrates the event of the Christ child, to whom the wise men brought gifts, and the shepherds came and worshipped. Would that every child in this land of abundance might receive the little portion necessary to fill the heart with joy and chase the sobs and tears away. It takes so little to open the fountains of joy of a child, it would seem so small a portion might fall to the lot of every child. But alas, some will be burdened with gifts till they weary in counting them, and others—what a disappointed Christmas it will be to them. Cannot we be thoughtful one of another and share our blessings with those less favored and thus make our Christmas more truly happy for ourselves and merry for many others.

WEST SUMMERLAND

Local News Items.

D. H. Watson, who has been on the prairies for some months, is expected home for Christmas.

The many friends of Mrs. Pattison will regret to hear that she is suffering from a sprained ankle.

J. M. Sutherland, who has been in the East for some weeks, was recently heard from at Ottawa. He is expected home for Christmas.

Lee Hatfield is now recovering from a serious attack of quinsy which has kept him confined to his home for two weeks.

A meeting of the Southern Okanagan Poultry Association will be held to-night, Friday, sharply at eight o'clock in Mr. Borton's store to transact business in connection with the forthcoming show.

Try one of our scratch pads for your telephone. Neat little writing tablets, nicely bound, four for 25 cents, three for 25 cents, and two for 25 cents, according to size. Review Office.

Any of our readers wishing to get verbatim reports of the debates in the House of Commons are at liberty to read the Review's copy of Hansard which is received daily from the King's Printer.

The Methodist Sunday School Christmas Tree Concert will be held in the Men's Club on Friday evening, December 27th, at 7.30 p.m. Everybody come, as a good program is arranged. Admission 25 cents, children free.

Mr. and Mrs. C. E. Johnston of Balcarres were this week the guests of Mr. and Mrs. J. R. Brown, Canyon Ranch, Trout Creek. Mr. and Mrs. Johnston are visiting different points in the province prior to starting on a trip to Southern California, where they will make a short visit.

A special Christmas service will be given by the West Summerland Baptist Sunday School on Sunday 22nd, at 11.45 a.m. This school has its Christmas entertainment on Friday evening, December 27th at 7 o'clock. Drills, recitations, music, Santa Claus. The public are invited to enjoy these with the school.

A considerable number of ladies both from Summerland and West Summerland met at the home of Mrs. E. J. Phinney, West Summerland, on Tuesday afternoon last, the occasion being an informal "At Home" to Mrs. H. G. Estabrook, formerly of Summerland, who will spend Christmas here. A tasty light luncheon was served, and the ladies spent a very pleasant afternoon together.

A committee of ladies are this week canvassing the district for subscription to a petition to the Provincial Government asking that the Franchise be extended to women. It is understood that the women have the promise of the premier that if a petition bearing 20,000 signatures is presented to the government that a bill will be laid before the house with the object of granting Women's Suffrage.

YOU'LL BE THERE.

An unusually good performance is promised by the council of the Boy Scouts on Thursday, December 26th, when J. Cosgrove will present the Pan-American Colored Male Octette. These are said to be the most extraordinary aggregation of negro male voices that has ever come to the North-West. They will reproduce old time plantation pastimes, play several musical instruments, besides singing classic, humorous and popular songs. The quality, variety and finish of their program and the gentlemanly conduct of every member make them many friends, and win highest praise wherever they appear. Your attendance will help the Boy Scouts and assure you of a pleasant evening.

FOND MEMORIES.

The Khan says in his chronicle to-day on this page that the parlor courtship is a thing of the past. All we can say is that it was a mighty fine thing while it lasted. —Toronto Star.

One forest in France pays 20 million dollars annually. Such a thing as a fire is, of course, unknown.

Russia began a forest policy in 1013, and had forest reserves in 1087. She possesses to-day the greatest store of timber in the world.

Local News Items.

Dr. Mathison returned to Kelowna on Sunday, and will in future devote his whole time to his practice there.

W. E. Ward, who has been spending some time at Banff, has returned to his home in Garnett Valley.

There is a "Window Full" of suggestions at the Leather Store, from 20 cents to \$20.

Wm. D. Elkin and Miss Ellice Letts drove up from Penticton on Wednesday and were married at the Methodist Parsonage here.

The railway camp committee are meeting at West Summerland this afternoon to transact business in connection with their work.

On Christmas Day the services of St. Stephen's Church will be as follows: Holy Communion at 8 a.m.; Mattins, 10.30 a.m.; Holy Communion, choral, 11 a.m.

The Christmas entertainment of St. Andrew's Sunday School, West Summerland, will take place on Monday evening next, beginning at 7.30. Everybody will be welcome.

An important meeting of the Board of Trade is called for Thursday afternoon, the day after Christmas, at Watson's Realty Office. The meeting will be called to order at 2.30.

The construction crew of the Okanagan Telephone Company have now completed their work of extending the company's trunk line through to Penticton. The equipment was brought into Summerland and stored this (Friday) morning.

There is at the Men's Club, adjoining the Methodist Church, a good library consisting of about ninety books. Will those wishing to make use of this place call at the club rooms Tuesday and Thursday evenings. H. Everett.

A report emanating from Victoria says that the Kettle Valley Railway and the V., V. & E. (Hill's line) are both seeking the privilege of continuing into Victoria as soon as the rails to Vancouver have been laid.

At the request of a number of their clients, Messrs. Cordy & Higgin are opening a branch office in West Summerland. This will enable C. H. Cordy to attend to the Notarial and Conveyancing work of clients on the Benches, at the upper office. For the present this office will be in Mr. T. Moore's store, and Mr. Cordy will be there in the mornings, starting early next week. ad.

Rev. Mr. Henderson, in charge of the United Methodist and Presbyterian Churches in Peachland, will conduct the Presbyterian services in Summerland next Sunday, in the morning at St. Andrew's Church, West Summerland, and in the evening in the Methodist Church at Summerland. Mr. Henderson, who is a Methodist minister, is spoken of as a preacher of unusual ability. His services will prove attractive.

One of Mr. English's Livery Stable horses ran away on Thursday, but fortunately nothing very serious resulted. E. C. Graham had jumped out of the rig, on the hill by the Anglican Church, to give assistance to a team. The horse suddenly bolted and did not stop until it reached the stable. The horse escaped with some slight scratches, while an axle of the buggy was bent, along with a few other minor injuries.

THE BEST GIFT OF ALL.

Remember when you are planning your Christmas gifts for your many friends who live at a distance, that a year's subscription to this paper will be the most acceptable gift for the ones who have at some time lived in this vicinity. It is a weekly letter telling of the doings of the old time friends and can be sent for the same cost as a written letter, less the time taken to write the pages. The paper will tell more things each week than you could write in fifty-two weeks. Whoever is the recipient of your kindness will remember you with thanks each week for a whole year.

A single ship recently carried a cargo of 10,500,000 apples from Tasmania to London, a world's record shipment of the kind.

There is a town in Europe whose citizens receive a dividend over and above the municipal expenses. Wise use of the surrounding forest has made it a permanent and growing revenue-producer.

Sojourner Truth's Speech.

IT was at the second "woman's rights" convention, held at Akron, Ohio, in 1851, that Sojourner Truth immortalized herself in an impromptu speech. She was an old negress, tall and gaunt, wearing a grey dress and white turban surmounted by an uncouth sunbonnet, and as she marched down the aisle of the church in which the convention was held, and took her seat on the pulpit steps, there was a buzz of disapprobation all over the house. The delegates to the convention did not want to have their cause mixed up with abolition affairs.

The "Woman's Journal" tells of the incident as described by Mrs. Frances D. Gage who was presiding over the meeting. Among the speakers were several men, one of whom claimed superior rights and privileges for man on the ground of "superior intellect"; another, a minister, alluded to the "sin of our first mother." There were few women in those days who dared "to speak in meeting," and the case seemed going by default when Sojourner Truth arose. She laid aside her old bonnet, and stood erect at the height of nearly six feet, a striking figure, and when she spoke it was in deep tones which, though not loud, reached every ear in the house. She said: "Wall, chilern, when dere is so much racket dar must be somethin' out o' kilter. Dat man ober dere say dat woman needs to be helped into carriages, and lifted ober ditches, and to hab de best place everywhar. Nobody eber helps me into carriages, or ober mud-puddles, or gibs me any best place." Raising herself to her full height, and her voice to a pitch like rolling thunder, she asked, "And ain't I a woman? Look at me. I have ploughed and planted and gathered into barns, and no man could-head me! And ain't I a woman? I could work as much and eat as much as a man—when I could get it—and bear de lash as well. And ain't I a woman? I have borne thirteen chilern, and seen 'em mos' all sold off to slavery, and when I cried out with my mother's grief, none but Jesus heard me. And ain't I a woman?"

"Den dey talk about dis thing in de head; what dey call it? Intellect. What's dat got to do wid women's rights or nigger's rights? If my cup won't hold but a pint and yourn holds a quart, wouldn't you be mean not to let me have my little half-measure full?" And she pointed her significant finger and sent a keen glance at the man who had made the argument. The cheering was loud and long.

Turning again to another objector she took up the defence of Mother Eve . . . and ended by assertion, "If de fust woman God ever made was strong enough to turn de world upside down all alone, dese women togedder ought to be able to turn it back, and get it right side up again. And now dey is askin' to do it, de men better let em." Amid roars of applause Sojourner Truth returned to her corner, having turned the tide in the women's favor.

Our Forest Wealth.

Millions at Risk of Fire.

Outside of the agricultural lands—those under water, covered with snow, or still unexplored—it is estimated that there is in British Columbia an area of sixty-five million acres capable of producing merchantable timber. R. E. Benedict, Chief of Operation in the Forest Branch, stated recently that the amount of wood annually added to the standing forests through the natural process of growth, is 100 feet per acre. Hence it would appear that 6½ billion feet of timber is being added as interest to the wood capital every year.

This is an amount considerably greater than that of all the lumber cut in the Dominion in the year 1910.

Mr. Benedict places the value of this growth roughly at \$100,000,000 per annum, but benefits in excess of this amount will certainly accrue. At the present time, when only one quarter of the annual growth is being cut, the returns to the community are over \$28,000,000 a year. The circulation of new wealth in the province is the factor which is playing a more important part than any other in developing this great Last West.

But there is one essential. Fire must be kept out of the forests. A dry season and a little carelessness might combine at any time to sweep a great part of the greatest of the province's resources out of existence.

The efforts of all the fire rangers in the province would be of no avail if a really large fire got under way. It is by care every day in the year that every citizen can help to reduce the fire loss, and build strong the basis of his own prosperity.

Municipalities of Valley will Make Strong Protest.

A vigorous protest is being made to the Provincial Government requesting them to refuse to allow the Okanagan Telephone Company to have their charter so amended to allow them to go into the telegraph business in the county of Yale. Under a charter granted them in 1907 they received very wide powers, practically overriding municipal rights in the various municipalities, both city, town and country. In addition it is considered that until the Dominion Telegraph line is put on a paying basis it would be unwise to allow any other company to enter the field.

Already a number of Boards of Trade have passed a strong resolution in protest, and all the other Boards of Trade in the Okanagan Valley are being asked to endorse it. A copy of the resolution is being sent to the solicitor for the Union of B.C. Municipalities at Victoria, with instructions to fight the application when it comes up in the house. The recent marked increase in tolls for telephone messages over trunk lines is doubtless the chief reason for the general protest against granting that corporation any further monopolistic privileges.

Baptist Church—At West Summerland every Sunday at 10.30 a.m. Sunday School at 11.45 a.m. At the Lakeshore Church 7 p.m. Sunday School at 11.30 a.m. F. W. Pattison, Pastor.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.
N.B.—Unauthorized publication of this advertisement will not be paid for.

LAND REGISTRY ACT.

Diamond Vale Company's Deal.

Town Is Sold To London Capitalists.

Merritt, Dec. 15- A deal bringing into the business life of this city new and influential friends and investors from the leading money centre of the world has just been completed by Mr. T. J. Smith, president of the Diamond Vale Supply Company, Ltd., through which most of the property of that corporation in this city has passed into the hands of a powerful London group. In selling its town-site, the Diamond Vale Supply Company recorded the largest cash real estate transaction ever consummated in the Nicola Valley. The deal represents a handsome profit, the turning over of the property being done at a satisfactory increase over the original price paid. A large amount of the money was paid this week.

The business was initiated by Mr. J. P. Boyd, manager of the Diamond Vale Company, through the agency of Captain John Leader, who has influenced many capitalists to invest in the valley. On Captain Leader's representations, and at his request, Mr. C. C. Hoyer-Millar, general manager of several English companies, visited Merritt, examined the property, then arranged and completed the details of the purchase which was closed this week.

How To Brush Your Teeth.

(Ontario Government Bulletin).

It is self-evident that rapidly decaying teeth require more attention than those which are apparently extremely resistant to caries, and in some cases the frequency with which the teeth are brushed must in a measure be governed by the occupation of the patient. The teeth, if brushed properly, can never be brushed too often, but much injury may be done by unskilled brushing. Using too hard a brush, and too coarse a powder will wear the teeth to an injurious degree. People usually brush their teeth back and forth over those surfaces which are naturally kept clean by the muscular action of the face and lips. They overlook altogether those portions of the teeth where the food lodges and is difficult of access. To reach these places the bristles of the brush should be placed on the gums above the teeth for the upper teeth and by turning the wrist the brush is brought down toward the grinding surfaces, the bristles passing into and cleansing the spaces between the teeth. For the lower teeth reverse this order, placing the brush on the gums below the teeth and rotate the handle upward. In this way the gum tissue is not injured but is kept clean and healthy, while in the ordinary method the tissue in these spaces is more or less injured. Laceration of the gums is caused by wooden toothpicks. Silk floss should be very carefully used. It is necessary to employ both of these articles at times for the sake of comfort, but only the coarse particles of food can be removed by them, and they play little or no part in the prevention of caries. It may be added that injury to the gum tissue between the teeth will eventually lead to its absorption, thus endangering the life of the tooth and rendering it more susceptible to caries.

Self-respect and a desire for a better feeling in the mouth induces nearly everyone to brush their teeth in the morning; another two minutes may easily be taken after the morning meal for a second brushing, and the business of the day may then be started with a clean mouth and wholesome breath. If it is at all possible, the teeth should be brushed again after lunch, and all should make it an imperative rule that no food should be taken after the teeth have been cleansed for the night. The custom of giving a child a biscuit to eat as it goes to sleep has been productive of great evil. Partial dentures should never be kept in the mouth at night, as the adjoining teeth are sure to be attacked by caries. As to the use of mouth washes, tooth pastes and powders, everyone should be governed by the advice of their dentist. There are many mouth preparations on the market; some have virtues, but it is wise to be advised in their selection.

If you want to sell you must advertise.

Powers of Europe May Retaliate.

Likely To Make Common Cause With Britain In Fight Against Panama Canal Tolls.

The warning in Sir Edward Grey's Panama note that the British Government will protest further in case an attempt is made to enforce that section of the Panama Act which prohibits the use of the canal by railroad owned or trust controlled ships, may, it is thought in Washington, indicate a formidable European opposition to any attempt by the United States Government to extend the operations of the Sherman anti-trust act beyond the confines of the United States.

It is known that the British Embassy is closely watching the developments in the pending suit against the trans-Atlantic steamship lines, though it is not expected to enter a formal protest against that attack upon British shipping interests until the legal proceedings come to an end with a decision against the British companies.

The German Government also is moving toward the creation of a monopoly in the domestic sale of petroleum regardless of implied warnings that this might in some way fall within the scope of the Sherman anti-trust act, and the French and Italian and Austrian Governments are administering their tobacco monopolies without the slightest fear of the outcome of the investigation about to be made by a select senatorial committee. All these governments are proceeding along parallel lines, though of course there is no external evidence of concerted action up to this point.

BRIGHTEN YOUR HOME FOR 1912

What will brighten your home
better than a beautiful, pleasing
picture on the wall. "Mother's
Treasures" is just the picture you
want. It is fit for any home in
Canada, and can be had free by
subscribing to The Family Herald
and Weekly Star of Montreal, the
greatest and best family paper
printed. It costs only one dollar a
year, and no home can afford to be
without it. Every present sub-
scriber to that paper should send
his renewal now and get a copy of
the beautiful picture. Anyone not a
subscriber should order the paper
and picture at once. They will
help to make the New Year brighter
for you.

UNANIMOUS.

A sermon was being preached on
purity of heart, and the words
came fast and eloquently:
"Oh, Lord, give us pure hearts,
give us clean hearts, give us sweet
hearts."
"Amen," responded every man
in the congregation.

HIS SPECIALTY.

"A young man must learn to do
one thing well. This is an age of
specialists. Is your son conforming
to that rule?" "In a way. His
specialty is rolling cigarettes."—
Louisville Courier-Journal.

A newspaper in the American
West refused to publish the Ten
Commandments for fear its readers
would think them too personal and
stop the paper.

Pieces of dry bread and toast
should be kept in a covered jar
until you are ready to use them.
Dry bread and toast can be used
for a score of things, and odd bits
should never be thrown away.

1912 Council Winds Up Its Business

Special Session Clears The Board for 1913.

Final Meeting Jan. 6th, as Court of Revision.

The Municipal Council met in special session on Saturday morning last. The object of the meeting was to clear up some outstanding 1912 business. A full council attended, the Reeve excepted, acting Reeve Lewes presiding.

The minutes were read and declared approved.

Messrs. R. Mitchell and W. Verity waited on the Council during the course of the morning. The former desired information regarding an account he had submitted some months ago for overtime ditch-tending, on the south main. The amount he had charged was \$85, and the Council had offered a settlement of \$22. The matter was investigated and Mr. Mitchell will be paid in full.

Mr. Verity wished to remove some standing timber from an unopened road allowance at Trout Creek, on the usual terms of payment. The Council withheld their permission, however. A telephone request from G. Thornber met with the same response.

Regarding the removal of some trees near G. P. Zimmerman's, Supt. Mitchell was given the power to decide.

Councillor Lewes reported in regard to the Wilson road, Peach Valley. The Council is unable to do anything in this connection this year, but it will be recommended for the attention of the new Council.

COMMUNICATIONS

The Clerk read the following communications:

Engineer F. H. Latimer forwarded blue prints of the proposed Eneas Creek headwaters, and also wrote in explanation of some items on his account. The Clerk was instructed to inform Mr. Latimer that in future the Council desired the original tracings of municipal works, not blue prints.

The Penitentiary Board of Trade forwarded a copy of a strong resolution opposing the forthcoming application of the Okanagan Telephone Company for an extension of its franchise. The gist of this resolution was published in last week's Review. In this connection a letter was also read from the solicitor acting for the Union of Municipalities pointing out the menace of further extension of the company's powers. The Clerk was instructed to draw up a resolution strongly upholding the attitude of the Penitentiary Board of Trade.

No action was taken in regard to an account for \$20.85 submitted by E. R. Simpson, Paradise Flat, for hauling water from the Peach Valley main for domestic purposes.

A letter from Hon. Price Ellison regarding the final payment of the government grant for roadwork in the Municipality was filed.

Dr. C. M. Smith, Medical Officer of Health, submitted his annual report, which was also placed on file.

An offer from Dr. R. C. Lipssett of \$60 for the purchase of the municipal horse now pastured at Pierre's was accepted.

SUPERINTENDENTS' REPORT.

Supt. Mitchell submitted his monthly report. Amongst other items this contained estimates for the laying of a four inch water pipe for Victoria Gardens, and for electric connection with the Ritchie skating rink. The cost of the former was placed at about \$340, and this will be dealt with by the new Council. In regard to lighting the skating rink, it was decided that if L. C. Woodworth, the applicant, installed the line from the rink to the municipal wires he would be given connection, and supplied with light, with usual rate of payment.

At the request of F. J. Nixon, collector, a decision was made regarding damage to electric light meters. The users will in future be held responsible for any wilful or tampering damage to the meters.

Adjustment of E. N. Rowley's claim regarding the encroachment of the road leading to the nuisance ground was left over for the

Council of 1913. It transpires that there is no road allowance from the gulch to the higher road, and that the stretch of connecting road is virtually on private property.

ECHO OF DUKE'S VISIT.

The Board of Trade advised the Council that they held bills against the reception of the Duke of Connaught on the occasion of his recent visit, totalling \$240. They requested that the Council make them a grant of this amount since the Board of Trade had no available funds from which to draw. After some discussion the Council agreed to this course.

Authority was granted on motion for the issue of debentures to the amount of \$7,000, to which the Clerk will forthwith attend.

NOMINATIONS AND ELECTIONS.

Dates for the various proceedings in connection with elections were set. Nomination day is Monday, January 13, at Empire Hall, when Messrs. Councillors and Trustees will be nominated. The necessary business will take place at Empire Hall, January 13, and the new Council will hold its first session on the 20th. The last meeting of the present Council will be held on Monday, January 6, when they will sit as the Court of Revision. The Council will hold its customary public meeting in Empire Hall, on Friday, January 10, 1913. The Board of School Trustees contemplate a gathering of this nature.

ACCOUNTS PASSED.

The following accounts, approved by the Finance Committee, were passed for payment:

R. V. Agur, road work	\$ 40.00
School Board requisition (Nov.)	975.20
Supply Co., supplies (Nov.)	5.22

W. R. Shields, smithing	10.50
R. H. English, feed	22.23
A. H. & J. Steven, electric light pole	2.75
J. D. Johnston, feed	15.30
J. Pierre, horse pasturage	6.00
Nor. Elec. & Man. Co., electrical supplies	10.08
Okanagan Telephone Co., rental	4.25
Marie Arkell, cleaning office	2.00
R. H. English, magistracy	25.00
Dr. C. M. Smith, Medical Health Officer	25.00
J. L. Logie, expenses to Vernon	10.00
Municipality, street lights	30.00
Municipality, light and water	12.68
Municipality, grave for J. Peters	5.00
Municipality, cordwood	33.75
School Board requisition (Dec.)	805.48
Bank Interest	74.85
Debenture Interest	1050.00
C.P.R. freight	4.71
Dom. Express Co.	1.05
F. H. Latimer, survey work	296.20
R. Mitchell, ditch-tending	35.00
	\$4906.06

The pupils of St. Andrew's Sunday School, together with parents and friends filled the church on Monday evening last, on the occasion of their Christmas gathering. The Christmas spirit of good-will and cheer prevailed, and a varied programme of drills, recitals and choruses was enthusiastically received. The trees were prettily decorated, and with the aid of Santa Claus a large number of stockings were distributed together with rewards for regularity and attendance. These rewards consisted of handsome and suitable books presented by different members of the congregation.

Work on K.V. Railway.

Better Progress Now Being Made.

Men Easier to Get.

At the present time the Kettle Valley Railway Company have over three thousand men at work on the construction of their line between the Kootenay's, the Okanagan, Similkameen and Hope at the west of the mountains. Twelve hundred of these are at work on the section just east of the Okanagan, while the others are scattered over the line of construction, including a crew on the Hope Mountain section. It is expected that within a few months this number will be increased to five thousand. Contractors report that it is easier to get men now than it has been for some time past. The present work entails an expenditure of over a quarter of a million dollars a month, and the employment of one hundred and forty draughtsmen and engineers.

Track laying has been nearly completed between Penitentiary and Trout Creek, and will be finished as far as Trout Creek before the New Year. Pending the completion of the large steel bridge at this point, further track laying operations will be held up. A second locomotive arrived last Friday and will be put on that section when ballasting operations will commence in earnest.

Grading between Naramata and Penitentiary is about half finished. Further up the grade blasting operations are being carried on day and night. To the northwest of Naramata, and between that point and the Summit, the track will be quite as new as any on the main line.

Conferences between the Kettle Valley Railway Company and the Great Northern, or the Victoria, Vancouver and Eastern, as the subsidiary organization of the latter is entitled on this side of the boundary line, which were in progress for ten days at Victoria, have been brought to a conclusion. President J. J. Warren of the K.V.R. and Vice-President Gilman of the G.N.R., with their engineers and head officials met at the provincial buildings and finally disposed of preliminaries that are expected to lead up to the final arrangement between the two railway systems for the construction and operation of that section of their lines known as the Hope Mountain division of the respective roads.

It is proposed that all formalities shall be completed by January 15 and it is both hoped and expected that an agreement will be reached for the joint use of a single track through this mountain region necessarily traversed in connection with the undertakings of both companies. The trackage in question will be about fifty miles in length, involving very expensive construction as it is almost altogether mountain rock work. The country to be traversed is understood to be rich in both mineral and timber wealth, and rapid and extensive development is looked for as a result of the completion of transportation facilities.

COLLEGE CONCERT.

The Athletic Association and Literary Society of the College are planning a united concert to be held in the College Gymnasium on Tuesday, January 21st, 1913. A strong and varied program, including parallel bar work, tumbling, pyramids, Indian club drill, vocal and instrumental solos, and a one-act drama, entitled "The Cavalier," is being prepared by the students and friends of the College. Prospects are for even a better effort than the past excellent productions of former seasons. Keep the date open for the event of the season, Tuesday, 8 p.m., January 21st.

PERSUASIVE.

"That fellow is too slick for me. Sold me a lot that was two feet under water. I went around to demand my money back!"
"Get it?"
"Got nothing! He sold me a second-hand gasoline launch."
Technical World.

Doctor—"Do you talk in your sleep?" Patient—"No; I talk in other people's. I'm a clergyman."

Manual Training For The Summerland Schools.

At the public meeting in the interest of our schools on Monday afternoon, one of the questions for consideration will be the establishment of a manual training department. Manual training was introduced into B.C. schools by the munificence of Sir Wm. Macdonald in 1900, and now there are over thirty schools engaged in the work. It is not a course to make carpenters, the amount of time given to it is far too little for that, but rather as some prefer to call it "hand and eye training." The pupils have to draw plans or pictures of all they make and these must be right before they proceed and then plans and work must agree.

There are several kinds of work that would do for the training of the hand and eye but it has been found that woodwork is best, as it gives larger scope and better exercise of the whole body. The pupils are taught the uses of various tools and how to keep them in order. The course is far more widely useful than might at first appear, it being said to be for the general educational good of the child, as it trains hand, eye and brain to work together, and fosters habits of exactness, order, neatness, accuracy, self-reliance, patience, perseverance, attention, concentration and truth. It has been proved time after time that children having some form of hand and eye training are quicker at their studies. It is the purpose of the manual training department to train the children to do their own work and maintain it. The matter will be discussed, statistics given, and questions answered on Monday and it is hoped that there will be a large attendance of both women and men.

G. J. Coulter White

Criticize Marketing System.

Wenatchee Accuses Yakima of Being Unbusinesslike.

Sales of Fruit at Bidders' Offers held to be Detrimental to Market.

Washington fruit growers have found market conditions this year worse even than has the B.C. grower. The conclusion of those most interested is that the prevailing low prices in the United States is not justified by any market over-production but rather are they the result of "bearing."

An agreement was arrived at between a number of the principal apple districts of Washington to hold their fruit until the markets recovered. Wenatchee now accuses Yakima of violating this agreement. The following article bearing on this question recently appeared in the Spokane "Spokesman-Review" as a dispatch from Wenatchee:

"Another disconcerting element entered into the fight for better apple prices now being waged by the Wenatchee district, Tuesday, when it was learned that Yakima growers are consigning fruit to California markets, accepting bidders' prices for fancy fruit. Wenatchee growers refuse to recognize the methods of the Yakima growers as being businesslike, contending that every apple sold Yakima or any other district of the north-west at present offers only tords to weaken the prospects for high prices for the superior grade of apples grown in the different apple districts of the north-west.

Wenatchee growers are holding practically all of this year's crop for higher prices. When the fight was started the co-operation of other districts, including Yakima, was assured. Local buyers and shippers declare the fight will be continued so far as Wenatchee is concerned.

The policy is an experiment, but it is believed that the grower will be eventually greatly benefitted, and Wenatchee growers have taken the stand that the experiment is at least worth trying out, though lamenting the attitude of some of the other districts. More than 75 per cent. of Wenatchee's crop remains unsold and in storage in eastern centers.

North Pacific Fruit Distributors.

New Central Selling Agency For Four States.

Head Office at Spokane.

(The Spokesman-Review, Spokane.)

After an almost continuous session of 20 hours the permanent incorporating committee named Monday by the apple growers' conference and given 90 days to report back to the various organizations as to its proposition, completed its work of preparing articles of incorporation yesterday and decided that the big central organization be called the North Pacific Fruit Distributors, with its head office in Spokane, and controlled by nine trustees, representing one each of nine northwestern apple districts, described in the articles of incorporation. Permanent officers were named yesterday, and the third Monday in May was fixed as the date of the first annual meeting.

WILL PRINT ARTICLES.

The articles of incorporation will be filed with the secretary of state for Washington immediately, and as soon as incorporation is completed the articles will be printed in pamphlet form and distributed to every growers' association in Washington, Oregon, Montana and Idaho. It will then be optional with the individual associations whether they ally themselves with the central organization.

MUTUAL CORPORATION.

The association will be a mutual corporation, controlled by the nine trustees, and incorporated under the laws of Washington under the non-profit making law. The home office will be in Spokane, at the Paulsen Building.

NAME NEW OFFICERS.

The permanent officers elected yesterday, who by virtue of a state law can hold office only six months, are as follows: W. T. Clark, Wenatchee, president; J. H. Robbins, North Yakima, vice-president; H. C. Sampson, Spokane, secretary; H. F. Davidson, Hood River, treasurer; N. C. Richards, North Yakima, general counsel.

The other members of the permanent committee, who now become trustees of the corporation for six months, are as follows: Henry Huber, Walla Walla; W. M. Sackett, Bitter Root; P. J. Neff,

Western Oregon; W. N. Yost, Southern Idaho, and W. S. Thornber the Lewiston-Clarkston district.

NORTH-WEST IS DIVIDED.

The north-west, composed of the four states, Washington, Idaho, Oregon and Montana, is divided into nine districts, and each must have its representative on the board of trustees.

WILL MEET IN MAY.

At the annual meeting in May the trustees elected will draw lots as to the length of their tenure of office, three to serve three years, three two years, and three one year. After the first election the trustees will serve a three-year term.

"The general purpose of the corporation will be to provide for the marketing and distributing of the fruit of the north-west," said N. C. Richards, general counsel-elect, last night. "The articles give the corporation power to employ agencies to that end and construct the necessary property to market and distribute fruit, and generally to construct the machinery to represent the growers and shippers' wants. The corporation will make the fruit of its members either as individuals or organizations."

MEET IN YAKIMA.

The board of trustees adjourned to meet in North Yakima January 3 to further evolve plans. It is the intention of the trustees to meet from time to time in various district centers to study local conditions, and for the moral effect their sessions will have in firmly establishing the harmony that has so far marked all the deliberations. By its close application to the big task given over to it by the conference the committee, now the board of trustees, had achieved practically what they had been given 90 days to do, and in perfecting the organization have accomplished much in bringing about the big central selling agency that the growers desire.

Many details as to storage facilities, methods of operation and general management are yet to be worked out.

Special Board of Trade Meeting.

Okanagan Telephone Co., the Cannery Question and Other Important Topics Are Discussed.

A special meeting of the Board of Trade was held on Thursday afternoon when several matters of importance were dealt with.

A copy of the resolution adopted by the Penitentiary Board of Trade opposing the granting of the Okanagan Telephone Co. additional powers was read and endorsed. A committee was appointed to draw up a resolution for the local Board along the same lines, asking that the Provincial Government do not grant the Okanagan Telephone Co. power to build and operate telegraph lines.

Messrs. J. M. Sutherland, R. H. English and H. C. Mellor were appointed delegates to the Associated Board which meets at Vernon next month.

General expressions of dissatisfaction with the present accommodation at the C.P.R. dock were made, and the Secretary was, upon motion, instructed to write the C.P.R. Divisional Supt. at Revelstoke, asking him to name a date when it might be convenient for him to meet a committee from the Board. It is the intention to ask for additional freight shed accommodation, a passenger station and additional sidings for the unloading of freight cars.

One or two of the members of the Board who had evidently been in conversation with some of the chiefs of the Canadian Cannery, Ltd., suggested that a proposition be made to the Canadian Cannery with a view to having them establish a cannery here. It was suggested that the company would probably ask for a free site for its factory, and probably also exemption from taxation for a period of years. A committee was appointed to consider the matter and report back to the Board.

The Lakofront Baptist Sunday School held its Christmas festivities on Thursday afternoon and evening. The children met at four o'clock and enjoyed games, etc., until supper time. After supper a short musical program was furnished, following which Santa Claus distributed presents from a well-laden Christmas tree. Worthy of special note was a very pretty brooch presented Mrs. R. C. Lipssett by the members of her class. Miss Edna McLeod, who has so faithfully filled the position of organist for the last three years, was presented with a beautiful handbag containing a purse of gold.

SUMMERLAND, B.C., DEC. 27, 1912.

4-Page

A Christmas Story.

ONCE upon a time there was a rich, rich father, who, when Christmas came each year was at a loss to know what to give his children, who had now grown to manhood and womanhood. He could not give them toys for they were past that stage, and of the necessities of life they had plenty; so a happy thought came to him, and he said, I will purchase one of those Elsey Sub-Division Lots for each of my children, for in a very short time they will be worth many times more than their present value, and they can either re-sell or better still build themselves Homes and live happy ever after.

A car of Coal should be in any day now, so if you want any, order now.

W.J. Robinson
REAL ESTATE & INSURANCE

American Billiard Tournament.

The entries for the above which is to be held Christmas week is now closed, and is divided into Five Sets of Five in each Set. Those scoring the greatest number of points in any one set to play the winners of the other Sets. A great deal of interest is being taken in these games, for owing to the good judgment shown in giving of handicaps, the less skilful player has an equal chance with the expert.

The winner of last week's Tournament was G. Macy.

BASE-BALL POCKET BILLIARDS, the most fascinating game of the Twentieth Century, has been ordered for the Hotel Annex, and should arrive Saturday, December 21st.

See the HIGH-GRADE CHOCOLATES at Half Price at the Annex.

Naramata Notes.

The busiest man in Naramata is Post-master Bartlett.

Miss Bessie Mitchell of Penticton spent Xmas Day with her parents.

The special ferry trip to Penticton for the Xmas shoppers was well patronized.

Great were the preparations for Xmas dinners in the various railroad camps.

The work on the annex of the Naramata Hotel is near completion. Electric lights have been recently installed.

Miss Orka and Mr. Gerald Williams leave on Thursday for a holiday visit with relatives in Salmon Arm.

Ed. Hayward of Vernon and Frank of Summerland are spending Xmas in Naramata with their mother and sister.

News comes to us of the marriage of Russell Wells on Xmas Day at the home of the bride in the East. Mr. and Mrs. Wells will reside in Naramata.

Among other Xmas visitors are Mr. Gordon Hayman, Mr. Harold Steers and Mr. Victor Watson at the home of Mr. and Mrs. H. J. Wells.

Mr. and Mrs. Dean Walters intend furnishing the music for a private dancing party in Summerland on Jan. 2nd. Good music, like murder, "will out."

The workman who was taken to the Construction Co's. hospital at Mission after being severely injured in a powder explosion near Hildebrand's camp, is reported to be steadily improving.

Grant Smith of the Grant Smith Construction Co., and Mr. Griffin the manager of the office work at Kelowna were in town on Tuesday looking over the work on this part of the line.

The masquerade on the 19th December was a great success. The crowd was swelled by several of our friends from Summerland. Following this Mr. and Mrs. Walters will conduct the annual New Year's Ball on the 31st.

We have an organized Ladies Aid in Naramata. The officers are: Mrs. Davies, President; Mrs. Allen, Vice-President; Mrs. Cook, Secretary; Mrs. Lyons, Treasurer. The meetings are set for the last Wednesday of each month, until later in the year.

On Friday, the 27th, there will be a "Whist Drive" in the Unity Club House. The proceeds to go to the Club. The Mesdames Wolstencroft, Mitchell, Languedoc and Cook will act as hostesses of the evening, and serve light refreshment after the playing.

Mr. and Mrs. H. J. Wells gave a very enjoyable Xmas dinner at their home to a company of thirteen. Those present were Mr. and Mrs. F. H. Rounds and son, Wesley, Mr. and Mrs. George Cook and Miss Ruth Chambers, Victor Watson, Gordon Hayman and Harold Steers. The house was beautifully decorated, with a tree as the center of attraction until the advent of the dinner. Both were very much enjoyed by the visitors.

Mrs. Exe—I understand your daughter Jessie has changed her name to "Jessica." Mrs. Wye—Yes, Mrs. Exe—Well, I wish she hadn't. She's put the crazy notion into my girl Bessie's head to call herself "Bessica."

A Happy and Prosperous New Year to All.

THE LIQUOR CURSE.
In France, as a result of the increase in drinking, the proportion of male insane has increased from 14 per cent. to 47 per cent. in 40 years, while the increase in female insane has been from 2 per cent. to 20 per cent. The figures speak more eloquently and more forcibly than words. The truth is being surely driven home to a thinking people that the abuse of liquor is a curse, and its excessive use deadly and soul destroying. —Kingston Standard.

"I had to be away from school yesterday," said Bobby. "You must bring an excuse," said the teacher. "Who from?" "Your father." "He's no good at making excuses; ma beats him every time."

LETTER TO THE EDITOR.

The Columns of THE REVIEW are open to the public for the discussion of matters of general interest. No notice can be taken of anonymous communications. Letters intended for insertion must be authenticated by the name and address of the writer, not necessarily for publication. The opinions of correspondents are not necessarily those of the Review.

The Editor,
Summerland Review,
Summerland, B.C.,
December 26th, 1912.

Dear Sir,
If what is commonly reported can to any extent be relied upon, I submit that the moral condition of Summerland is a pertinent subject for public discussion, and would respectfully suggest that our honored Reeve call a meeting, in the near future, for that purpose.

It is commonly reported that several blind pigs are in operation, within the bounds of the municipality, with unblushing effrontery and brazen defiance of statute law, and that citizens honored with positions of public trust and official responsibility, who might reasonably be expected to grapple with the situation like men with heads on their shoulders and good red blood in their veins, have surrendered to the paralysis of impotence and despair. Is this a solemn fact or a malicious falsehood?

It is reported that the pool rooms have abrogated their function of public recreation and have become a public nuisance; that their proprietors contemptibly nugmont profits by fleecing school boys and minors of their small surplus, and by the clandestine and illegal sale of intoxicating liquors; and in the absence of a much-needed early closing bye-law continue their nefarious operations long after respectability, in sweet innocence or culpable ignorance, has gone to roost. Do these charges contain

the essential element or a base libel? If these charges are not based upon fact, the proprietors of these institutions are much maligned men, and in the interests of a square deal their detractors should be silenced.

It is charged that the churches, occupying a position of special and peculiar responsibility where moral questions are involved, are recreant to their duty; that the pastors are tongue-tied and dough-faced when denunciation of present day sin would injuriously affect the profits of members or adherents; and that the membership generally sympathize with such policy of compromise with evil. Can there possibly be a single atom of truth in such a tremendous indictment?

It may be said that the public discussion of such matters would be bad advertising for Summerland, but this view of the case is folly in face of the fact that the reports of these things, probably exaggerated, have made Summerland's pretensions of superior morality a laughing stock up and down this valley. That an evil report has reached the ears of the Attorney-General is evident from the fact that he has virtually charged our local administration of law with indifference or incapacity.

If the discussion of public utilities, such as light and water service be considered a proper subject for discussion, then I would again urge that the discussion of these questions, so vitally affecting the interests of the growing boys and young men of our community, are quite within the bounds of propriety. Let there be light. Intelligent action will follow on the heels of full and courageous discussion, and accurate information.

Yours respectfully,
A. W. McLeod.

SENSE AND NONSENSE.

During the next few weeks we are going to have our columns spiced with a little fun. Now there are no rules for funny writing, that is to say, none that are worth following. If fun doesn't run off the point of your pen easy and natural like, it is little use scratching your head for it for if it did come it would be a scratch. If there is any rule about funny writing it is that the more you labor to be funny the less fun you are likely to produce. Funny isn't it? But it is a fact. The greatest failures in humorous writing have been caused by the absence of a funny head on the shoulders of the writer. If your head be only funny you can drive right ahead without regard to rules. Unfortunately we have not a funny head. We fear some of our subscribers will be like the one we met yesterday; to whom we said: "Did you read our last Review?" The answer was, "Oh, yes, I read it." We then inquired, "How did you like it?" The answer came: "My dear sir, I assure you that I laid it aside with a great deal of pleasure." Now if you get no new pleasure out of "the funny corner" of our paper, like our friend, you may find pleasure in laying it aside, and pleasure is what we are all after.

HOW IRON WAS DISCOVERED.

Teacher—"Johnny can you tell me how iron was first discovered?"
Johnny—"Yes, sir." "Well, just tell the class what your information is on that point." "I heard my father say yesterday that they smelt it."—London Sparo Moments.

"Fellow citizens," said the colored orator, "Wat am education." "Education am the palladium of our liberties and the grand pandemonium of civilization."

THE HOME CIRCLE.

Crude Thoughts From the Editorial Pen.

THE SPIRIT OF THE TEACHER.

A teacher can never expect to be a real success unless he brings the right spirit to his work. If he undertakes it from merely sordid considerations, with no appreciation of the fact that his profession offers him not only the means of obtaining a good livelihood, but also a channel through which he may greatly benefit mankind, and win the lasting respect of his generation, if he enters upon his work with no thought of this ennobling fact, the chances that he will worthily fulfil his duties are small. The true teacher should bring to his work an earnest, faithful, enthusiastic, appreciative spirit, a spirit that yearns above all things to be useful to its race, that places self-seeking and gain far beneath the upright consistent, adherence to duty; that can see the stamp of honor and promise upon the most unlovely child, and is able to labor early and late, not to amass wealth, but to be able to say, when the end of all things on earth come to him that the "world is better for the living." Of this spirit are teachers that the world delights to honor as true ornaments to their profession.

WHEN hearts are broken and friends fail, this active stirring world of ours makes room for us all to go to work and forget our troubles. If it were not for something to do and the chance to do it, what would become of the mother when her baby dies? Do you think she would ever recover from such an anguish if she found nothing to do but clasp the empty cradle and fondle the unused garments? Be up and doing then, Oh, broken hearted children of our common parent, sorrow. So shall the heart heal and the balm be yielded. Work will keep off pity's pension list and maintain in your bosom the soul of a steadfast soldier rather than that of a whisperer and a craven. Thank the destiny that sends you many tasks for prompt fulfillment and many perplexing things for wise adjustment, otherwise you would never forget the wound that throbs with fresh pain whenever night comes and the duties of the day are hushed to rest. It is then that the old sword thrust rankles and the old wound revives; it is then that life throws off its disguise and "sorrow's crown of sorrow" crushes its thorn into our brow; it is then that the heavens melt and nothing is left but the influence of helpless despair. Start work, then, as a panacea of pain, and in a busy life forget the smart of sorrow that never can be cured.

HOW TO BE MISERABLE.

In the first place, if you want to be miserable, be selfish, think all the time of yourself and of your own things. Don't care for anybody else. Have no feeling for anybody but yourself. Never think of enjoying the satisfaction of seeing others happy, but rather, if you see a smiling face, be jealous lest another should enjoy what you have not. Envy every one who is better off in any respect than yourself; think unkindly toward them and speak lightly of them. Be constantly afraid lest someone should encroach upon your rights; be watchful of it and if any one comes near your things, snap at him like a dog. Contend earnestly for everything that is your own though it may not be worth a pin, for your "rights" are just as much concerned as though it were a pound of gold. Never yield a point. Be very sensitive, and take everything that is said to you in playfulness, in the most serious manner. Be jealous of your friends lest they should not think enough of you; and if at any time they should seem to neglect you, put the worst construction upon their conduct you can. Thus you will keep yourself unhappy.

THE PROFESSION OF MOTHERHOOD.

It is a difficult profession—this profession of motherhood. In the animal kingdom, as the offspring grow older, the parents withdraw their ministrations, but in the human family the older children grow, the more diplomacy and enthusiasm is needed by the ruling spirit.

When the boys begin to get unruly and the girls begin to get silly—the husband gets less willing to make an effort and more ready to sit quietly by the fire in the evening—then it is that many a family drifts apart. But the mother can have no holiday. She must always be on tap. The only difference is that as the children grow older, she must pretend that it is they and not she who are managing affairs.

THERE is no happier nor more cozy picture of home life than the little family group gathered about the evening lamp, while some member of it reads aloud. These evening readings can be made educational and develop in many ways, which the eager feminine mind, eager for improvement, will easily devise.

WATER NOTICE.

For a Licence to Take and Use Water.

NOTICE is hereby given that James Henry Campbell, of Westbank, B.C., will apply for a licence to take and use 100 inches of water out of Donike Creek, which flows in a south-easterly direction through Lot 3774 and empties into Loon Lake near Allan Agur's lot. The water will be diverted at about middle of Lot 3774, and will be used for Domestic and Irrigation purposes on the land described as Lot 3774.

This notice was posted on the ground on the 21st day of December, 1912. The application will be filed in the office of the Water Recorder at Vernon, B.C., Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

HUGE GRAND STAND.

The Vancouver City Council has endorsed a scheme of the Park Board for the erection of a \$300,000 re-inforced concrete stadium seating 50,000 persons, and parking 200 motors. This structure will be used for athletic and military contests, and for all open-air assemblies. It will be the largest structure of its kind in the world and will be built at one of the entrances to Stanley Park. This is a part of the Mawson City Beautiful plan, which will take years to complete; the Stadium will be ready for use in the fall of 1913.

APPLE ROLY POLY.

Make a good biscuit dough, and roll it out to a thin oblong. Spread with a thick layer of chopped apples, sprinkle liberally with sugar, dot with bits of butter, and dust over with spice. Form into a roll, and steam for a couple of hours.

Charity suffereth long and does the man who lives on it.

WATER NOTICES.—30 days, 150 words and under, \$8.00; each additional 50 words, \$1.00.

THEATRICAL, ETC.—50c. per inch for first insertion, and 25c per inch each subsequent insertion.

LOCAL NOTICES or Readers, immediately following regular locals, 20c per counted line; 10c per line each subsequent insertion. Half these rates when accompanying display advertisements.

LODGE NOTICES, Etc., 25c. per week, per column inch.

FOR SALE Advertisements, Etc., 3c. per word first week; 1c. per word each subsequent week.

Transient Advertisements payable in advance.

Rates for Contract Advertisements furnished on application.

Copy for change of contract advertising must be in the hands of the printer not later than Wednesday noon to insure publication in the next issue.

In accordance with schedule of prices adopted throughout the valley, charges for advertising are now being made weekly. Heretofore when five issues were made in one month the result was a loss. By the new method customers are charged each week for just the amount of space used.

FRIDAY, DECEMBER 27, 1912.

SHOWING ITS TRUE COLORS.

The Okanagan Telephone Company, Limited, now aspires to become as great a power in the telegraph situation in the Valley as it already is in the telephone business. By its application to extend the scope of its charter so as to include the operation and maintenance of telegraph lines, the company makes a bold move in its attempt to gain complete control of the wires of emergency communication. It confirms the suspicion—if indeed, any confirmation were needed—that the company desires to establish a monopoly in this line of business. Once this is allowed to come to pass, a tremendous combination of popular sentiment and legislation would be needed to ease the situation, for it is common repute that behind the local concern are corporations of provincial and even national influence.

Stated baldly, the position is this: shall the people control the corporation, or the corporation the people? The Okanagan in general, and Summerland in particular, has seen enough of the Company's dealings to gather the direction of their grasping intentions. The fiasco of a few months ago presented a situation which the company only redeemed by making wholesale recriminations. A few weeks later they showed their integrity by lightly pushing aside their vehement promises. Neighboring towns have had other examples of high-handed behavior on the part of this public-spirited corporation. Now it reveals itself as it is—a public menace. It is for the people, through their chosen representatives, to curb such unwholesome aspirations, and to reveal to the promoters that public interests shall not be sacrificed to private influence. Telephones and telegraphs are an essential part of modern business life, and by its selfish management of the former, the Okanagan Telephone Company has clearly shown itself unworthy of further public trust.

The policy of the company is apparently to bring first the neighboring towns under its control before attempting to subdue Summerland. The determined local attitude must not be abated in the least. Encroachments into illegitimate fields must be met in the same relentless spirit in which they are made. The fire of public indignation still smoulders and needs but a gentle fan to make it burst into a consuming blaze, which even the Okanagan Telephone Company could not withstand.

AS we are about to let go of the old year we realize that to most of us it has been a kind year—to a few the dark side has been turned, to others the sunny side. We must not forget that on the homes of some of our readers, since last Christmas-tide, a shadow has fallen and the mantle of sorrow has wrapped the inmates in its sombre folds. Other homes are like the empty nests that hang on the withered bough—desolate because the life and song went out with the birds. New homes have been made—new ties formed and old ones severed, but in our onward march it is not well to stop and measure the load each one carries. No life is either all sunshine or all storm. If the new Year brings prosperity, let us rejoice; if adversity, let us be brave. Let us be thankful that our lives have fallen in pleasant places, that it is well with us as it is, and use our utmost endeavors to make this a happy year. Let us quickly turn over the sad pages and look at the bright picture that awaits us; let us quickly penetrate any cloud that may float over our pathway and view at length the beautiful silver lining beyond.

THIS is a season of good cheer. The season of the holly and the mistletoe—the time for bright faces and generous impulses—for glad some greetings—a time for noble resolves to be born—a time for old animosities to die—a time when the benevolent side of one's nature should eclipse the sordid side—a time when the thoughts should be turned towards home—a time when the usurping chains of business should be ignored. A time when the child with golden curls—the man with silvered locks, alike cry—"Glory to God in the highest, peace on earth, goodwill to men."

Our Philosopher

NEW YEAR RESOLUTIONS.

A gentle zephyr wafted the following resolutions into our sanctum: I resolve the following year that I will not drink any, unless I am dry—very dry.

That I will let people mind their own business and assist them all I can.

That I will agree to obey my superiors, if I have any.

That I will always forgive my enemies, especially those I can't whip.

That I will strive to be in love and charity with my neighbor, if I see I shall need him to back me in some pursuit in life of the coming year.

That I will subscribe for this paper and promptly pay for the same.

That I trade at home and try and get back some of the money I squandered abroad last year.

THE person who shall do the most to cheer the hearts of the needy poor will have the merriest Xmas and the happiest New Year. Try it and see.

IT really requires a marvellous amount of tact to appear thankful at Xmas for something you didn't want.

How Telephone Co. Dictates to Subscribers.

A Bluff That Should Be Called.

B-r-r-r.
"Number."
"Give me the post-office, please."
"Hello!"
"Hello! is that the post-office?"
"This is the post-office."
"This is the Review Office. Will you get me Mr. _____ of Vernon, please?"
"We can't let you have that connection."
"Hello! What's that?"
"We can't let you have that connection."
"Who's speaking?"
"This is central."
"I did not ask you for the connection—I asked you for the post-office. Will you give them to me, please?"
"We can't let you talk with Vernon over the government line. If you want to talk with Vernon we will have to connect you with our own long distance."
"I have not asked you for connection with Vernon. I asked you for connection with the post-office. Give me the connection, please?"
In the meantime the post-office operator had called and gotten the person asked for and asked central for the Review office.

The answer:
"I can't let you connect them with Vernon," etc., etc., and after further conversation
"I'll let you speak with him if you will promise not to connect him with your line."
The operator was then graciously permitted to make known the fact that the Vernon man wanted was waiting, but as the local exchange would not allow her to give the connection it would be necessary to come to the post-office to talk with him.

"Just wait a minute, please, I will talk with the local manager."
"Hello, central, give me the local manager."
"Hello, is that Miss _____?"
"Yes."

The story of the interruption of the conversation with the post-office was told, and of central's refusal to allow conversation with Vernon, and the reply came to the effect that explicit orders had been given by Mr. Dobie, manager of the Okanagan Telephone Company, to allow none of the company's subscribers to use their phones to talk over the government's long distance wire, with northern points, and if such subscribers wished to talk with any of the northern towns they must do so over the company's line.

"In other words the company intends to make men pay sixty or sixty-five cents for what it would be charged twenty-five for over the government line."
"I have no intention of using the company's wire, and if you absolutely refuse to permit the conversation I shall walk to the

post-office and talk from there. We subscribe to your service for our convenience, and to save just such steps, now you refuse to permit use of the service. Do you still refuse to connect me with the post-office?"
"Sorry; we will let you talk with the post-office, but not with Vernon."
"Very well, fortunately for me the post-office is not far away. I shall go and talk from there."
For some days reports were coming to the Review to the effect that the Okanagan Telephone Company would not allow its Summerland subscribers to use their instruments for conversation over the government long distance line, and on Saturday last, needing to talk with Vernon the Review tried to get the connection in the usual way, with the result as described above.

In many cases, it is said, subscribers who were in the habit of asking for "long distance" got not the usual connection but rather with the company's new line, and no doubt quite a number of these will be surprised at the marked increase in the price of long distance conversation when their bill is received.

That a corporation operating a public utility under a provincial charter, should refuse to give a duly qualified subscriber to its services a connection, simply because such connection did not meet with the pleasure of the company, who is permitted by the will of the people, as represented by its government, to operate a public utility for the services of the public, and incidentally for what margin of profit it may make by careful business management, does not seem consistent with our idea of public service. This is the opinion of many of our citizens. Would some of our friends of legal mind kindly enlighten us?

Naturally quite a number of messages that would otherwise be delivered over the phone by direct conversation are now being delivered by telegram over the new government telegraph service, and, not satisfied in its attempt to get the telephone business under its control, the company is now applying for permission to establish a telegraph service in opposition to the government. That a strong opposition to granting such additional powers will be made is already apparent from the action taken by the various boards of trade, councils, etc.

The other day a child said to her mother—"I wish I had a new doll, mamma." "But your old doll," her mother answered, "is as good as ever." "So am I as good as ever," the little girl replied, "but the doctor brought you a new baby."

Local News Items.

Seaman Hatfield of Kaleden spent Sunday last in Summerland.

Mr. and Mrs. Geo. Anderson spent Christmas with friends in Kelowna.

D. Lorne Sutherland is back again after an extended visit to Winnipeg.

Miss Smith of Peachland spent Christmas at the home of her brother, Dr. C. M. Smith.

Good progress is being made with the building of the new ferry boat for the Okanagan Lake Boat Co.

Rev. F. W. Pattison and his mother will be at home on New Year's afternoon, from 3 to 5.30.

The Methodist Sunday School will have its Christmas entertainment-to-night (Friday) in the church.

Douglas Brown, Principal of the Consolidated School, is spending the Christmas vacation with his parents in Winnipeg.

John Smith of Kelowna, eldest son of Jas. Smith, is spending the week-end with his parents at their home in Victoria Gardens, West Summerland.

The choir of St. Andrew's Church, West Summerland, will next Sunday evening render the sacred Christmas Cantata entitled, "The Shepherd's story."

Miss Ethel Thompson, eldest daughter of Mr. and Mrs. J. Thompson, Jones' Flat, arrived home on Tuesday evening after an extended visit to the Coast.

Try one of our scratch pads for your telephone. Neat little writing tablets, nicely bound, four for 25 cents, three for 25 cents, and two for 25 cents, according to size. Review Office.

While coming off the boat on Sunday night Mrs. F. A. Miller of Upper Trout Creek slipped and fell on the wharf, breaking a thumb. She was taken to the hotel and a doctor summoned.

An average audience greeted the Pan-American Colored Male Octette at Empire Hall on Thursday evening. The concert was given under the auspices of the Boy Scouts, and the program was much enjoyed by all.

Rev. H. G. and Mrs. Estabrook and family, of Vancouver, spent Christmas here with relatives. Mr. Estabrook and son, Rich, arrived on Monday night, while Mrs. Estabrook and son, Allan, have already been here for some two or three weeks.

The Review acknowledges some very artistic calendars received from a number of the local merchants and others, among them being J. Rowley, Okanagan Lake Boat Co., G. L. McWilliams, Okanagan Telephone Co., the Bank of Montreal and Wm. Ritchie.

Mrs. David Lister has been engaged by the School Board as a teacher in the Central School. Miss Lewis will take Miss Watson's room (the latter having resigned), while Mrs. Lister will teach the classes formerly taught by Miss Lewis.

A recently organized club, to be known as the Summerland Skating Club, has leased the tennis club grounds at West Summerland for the winter and already has a sheet of ice. While a bit rough, a few who were very desirous of skating were on it on Christmas day. On Saturday, Dec. 28, the rink will be free to all. After that the regular price of admission will be charged.

The bachelors' dinner will be held as usual on New Year's night in the dining hall of Okanagan College. Invitations are now being sent out, but as it is practically impossible to avoid overlooking some, any bachelor friend who has not received an invitation is requested to drop a post card to Wallace Wright, West Summerland, who will gladly forward the invitation. Dinner will commence at 6.30, and will be followed by a program of speeches, music, etc.

A girl believes that any chap who proposes to her is a hero—and he is.

Remember when sewing on dark material to wear a light colored apron, and spread a white cloth on the sewing table. These things will increase the light to an appreciable extent, and the strain on the eyes will not be so great.

Local News Items.

David Avauche of Penticton was in town early this week.

Mr. and Mrs. B. L. Hatfield and family spent Christmas at Kaleden with Mr. Hatfield's parents.

G. A. McWilliams came in on Tuesday night's boat and will remain until after the New Year.

Attention is called to the School Board's advertisement for a public meeting to discuss school matters.

Miss McLaughlin, teacher of the public school at Kaleden, is spending the holiday season with her sister, Mrs. A. B. Elliott.

Mrs. James Ritchie, who has been visiting at the home of her mother, Mrs. J. C. Findlay, Kaleden, returned home last Friday.

Mr. J. M. Sutherland, who has been away for some weeks on a business trip, going as far east as Ottawa, has returned home.

Rev. C. H. Daly of the Presbyterian Church, Summerland, and Rev. Mr. Henderson of the Methodist-Presbyterian Church, Peachland, exchanged pulpits last Sunday.

Much heavy lumber has been arriving during the last week or two for the work in constructing the big concrete and steel bridge for the K.V.R. across Trout Creek Canyon.

The date for the concert which the teachers of Okanagan College purposed giving early this month, and which was postponed, has now been fixed for January 30th, and the place Empire Hall.

N. Davison of the Yorkton Nurseries, Yorkton, Sask., is in town on a visit to his sister, Mrs. T. E. Moore. Mr. Davison is accompanied by his mother, Mrs. Davison. After a short visit here it is Mr. Davison's purpose to proceed to the Coast where he will remain for a short time.

Mrs. J. Lock, formerly of Summerland, but now of Kaleden, received unexpected news on Monday evening of the death of her brother, G. E. Boyer, of Kelowna. Mrs. Lock arrived in town on Friday last to spend the Christmas season at the home of Mr. and Mrs. A. B. Williams, Peach Orchard, but left for Kelowna on Tuesday evening's boat.

Notwithstanding the fact that there are an unusually large number of railway navvies in the vicinity, and that work was closed down prior to Christmas, with no expectation of resuming operations for a few days, there was no evidence of drinking or rowdiness about town on the holiday. Those of the men who wished to "celebrate" evidently went elsewhere to obtain their stimulant.

John Weeks of Victoria Gardens, West Summerland, while working on the railway construction at Clarke & Thomson's camp in Peach Valley received a nasty wound. He was working the dumping car, and in some way the tipping platform fell back on his leg causing an ugly gash in the thigh. He was taken to the railway hospital where the necessary stitches were put in. It is reported that he is making favorable progress.

BLOWN ASHORE.

Shortly after leaving the wharf on the home trip Mr. Van Hise and party met with an unpleasant experience on Thursday evening.

The wind was blowing hard at the time and there was quite a sea running. Almost immediately after throwing off the moorings something went wrong with the engine and the boat drifted in toward the shore, until it stranded in shallow water. Darkness had already set in, and had it not been that they were noticed by the local jeweller, who put off with his boat, the party might have had a very unpleasant experience in getting ashore. However, with his assistance a dry landing was made. The homeward journey was made this (Friday) morning.

HAD SOME TROUBLE.

Pack—You will never get the dog to mind you, my dear. Mrs. Pack—I will with patience. You were just as troublesome yourself at first.—Boston Transcript.

IRRIGATION ASSOCIATION TO MEET AT VICTORIA.

A special meeting of the Western Canada Irrigation Association will be held on January 9th and 10th at Victoria. This is in accordance with the resolution passed at the Sixth Annual Convention of the association held last August at Kelowna, when the following was adopted:

"Resolved that in view of the many important questions concerning irrigation matters in British Columbia which require public consideration, it is advisable that a Special Meeting of the Association shall be held in British Columbia in December 1912, and that the Executive Committee, is hereby authorized to convene the meeting on a date to be arranged."

At a later meeting of the Executive it was decided to hold the meeting at Empress Hotel, Victoria, beginning at 10 o'clock, on Friday, January 9.

A GENUINE SERVICE.

"I believe," says an old subscriber, "that every time the Youth's Companion enters a home it does that home a genuine service." That describes the purpose of the publishers exactly. The paper is not filled with mischievous or idle thoughts to fill an idle hour. It provides healthy pastime, recreation that builds up. It is to the minds of eager and impressionable young people what sound athletics are to their bodies.

At a cost of less than four cents a week The Youth's Companion opens the door to a company of the most distinguished men and women in America an Europe. Whether they are revealing the latest discoveries in science, or describing great industrial achievements, or telling of their wanderings in strange corners of the world or feeding the imagination with rare stories, they are giving Companion readers the best of themselves.

Seven serials at least will be published by The Companion in 1913, and nearly 200 other complete stories, in addition to some 50 special contributions, and a treasure-box of sketches, anecdotes, expert advice as to athletic sports, ideas for handy devices round the house, and so forth—long hours of companionship with the wise, the adventurous and the entertaining. Announcement for 1913 will be sent with sample copies of the paper to any address on request.

Every new subscriber who sends \$2.25 for the fifty-two weeks issues of 1913 will receive as a gift The Companion Window Transparency and Calendar for 1913, the most exquisite novelty ever offered to Companion readers; also, all the issues of The Companion for the remaining weeks of 1912, free.

THE YOUTH'S COMPANION, 144 Berkeley St., Boston, Mass.

New Subscriptions Received at this Office.

A cat seldom loves a dog much, but a cat will learn that she must endure the presence of a dog on the premises, and will conclude to make the best of it, in which it shows more sense than some married people do.

A very useful thing to keep in the sewing basket is a pair of tweezers to pull out stubborn threads left in the basting, especially those that the sewing machine has gone over.

Baptist Church—At West Summerland every Sunday at 10.30 a.m. Sunday School at 11.45 a.m. At the Lakeshore Church 7 p.m. Sunday School at 11.30 a.m. F. W. Pattison, Pastor.

Use Your Influence for Concrete Roads

There's no need to point out the advantages of good roads.

The kind of good road, however, is another matter.

It used to be that there was little choice. Macadam for the country and smaller cities was the only material used. Then, twenty years ago concrete was introduced. And for these twenty years concrete has been proving itself.

It is now acknowledged to be one of the best known materials for roads or for street pavements—to be as far superior to ordinary macadam as macadam is superior to sand.

Estimating the Cost.

It is not the first cost of a road that determines its real cost; nor is it the first six months of service that determines whether it's a good road or a poor one.

The only sure way to find out what a road has cost, is to add to the first cost all that is spent for repairs in fifteen or twenty years.

Now, that's where concrete roads win every argument—their first cost is practically their only cost; they require little or no upkeep

cost. Concrete, instead of needing repair, actually becomes stronger with age.

How You Can Help.

You can help your community to come to a wise decision the next time the question of roads comes up. Your influence will be a factor in providing yourself and your neighbors with thoroughly satisfactory highways.

We wish to convince you first—we know that when you are "backed up" with facts which we will gladly furnish you, you will be able to convince your neighbors.

Make it your business to get these facts. We have a special department which will not only give you the facts, but will also supply valuable assistance to any community desiring to build concrete roads.

Ask for "Good Roads Literature" or use the coupon.

Please send me the facts about concrete highways.

Address—Good Roads Department,

Canada Cement Company, Ltd., Montreal

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY, Deputy Minister of the Interior. N.B.—Unauthorized publication of this advertisement will not be paid for.

LAND REGISTRY ACT.

Re Block 9 Lot 473 Osoyoos Division of Yale Map 147.

WHEREAS proof of loss of Certificate of Title No. 17381a to the above-mentioned land issued in name of John Waddell, has been filed in this office, notice is hereby given that I shall, at the expiration of one month from date of first publication hereof, issue a duplicate of said certificate, unless in the meantime valid objection be made to me in writing.

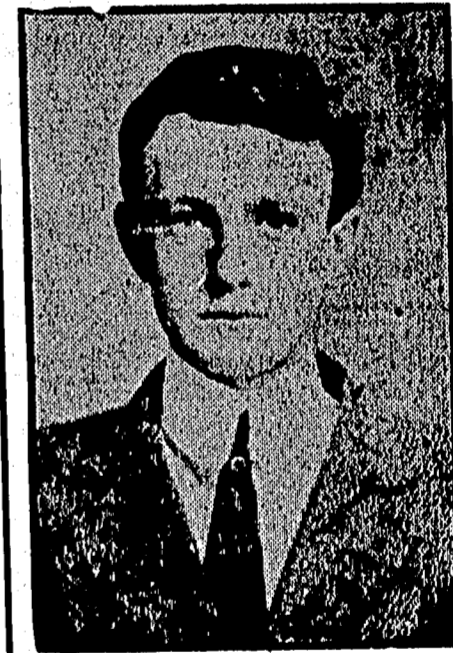

Dated at the Land Registry Office, Kamloops, B.C., this 12th day of December 1912.

C. H. DUNBAR, j 10 Deputy District Registrar.

Kaleden Comments

Services were held in the cook-house last Sunday, and a special service with Christmas carols, was held there at 7.30 in the evening.

Mr. William King is building a good cottage on the Lakeshore for Mr. Jas. Harrison, which is a great addition to that beautiful locality.

Mrs. Jas. Ritchie has been the guest of her mother, Mrs. J. C. Findlay, for a few days last week, returning home last Friday.

The school closed on Thursday, December 19, for the Xmas. vacation, and Miss McLaughlin went up on Friday to spend the time in West Summerland with her sister, Mrs. A. B. Elliott.

A site has been secured for the Baptist Church, and work has already commenced in preparation for the foundations to be put in. Mr. Wm. King has arranged to set apart a portion of his acre lot for the purpose, which is on the main road, and in a very central position.

A very successful entertainment with a Christmas tree was held in the cook-house on Thursday evening to celebrate the close of school work. Miss McLaughlin, with Miss A. Findlay, arranged a splendid program, which gave much pleasure, and the evening's amusement ended with the usual visit of Santa Claus, who liberally distributed candy amongst the children.

Police Courts.

Two unfortunates from the railway construction camp, but this time of Irish origin, were lodged in the Municipal jail on Friday night. The charge was for a more serious offence than usual, being for assault and robbery. The complainant, John Kelly, another navy, charged Pat Wren and Jas. Kelly, both strangers to him, with stealing \$10 from him while asleep in the bunkhouse down town. He admitted that he was under the influence of liquor at the time, and still showed much evidence of it in court.

Kelly said he had put the money in his right pocket and lay down to sleep upon it but was awakened by someone searching his pockets, and identified prisoner Wren as the culprit, accusing Kelly of being an accomplice. Both prisoners pleaded not guilty. Kelly admitted he had had a drink with the complainant, and after several bottles of whisky had been passed around, suddenly lost all recollection of what was happening. He had no money when he came down from the camp, and had none now, and did not think that he had anything to do with the stealing. Wren also admitted to drinking in the bunkhouse, the liquor being furnished by a stranger whom he could not describe. There were a good many bottles going about, and he, too, claimed innocence of any knowledge of the offence.

Each prisoner stated that this was the first time he had been arrested or accused of any such thing.

John Kelly, the complainant, swore that after the men had wakened him by searching his pockets they took the \$10 bill in question and went out the door. He "hollered" after them, but they went up the street to the hotel restaurant. The officer came along and he told him of what had happened.

Gus Spiker and Axel Johnston were two witnesses, the first revealing nothing of importance other than that he heard the disturbance. The latter, an employee in the stables where the men were arrested by the constable, said Wren declared that he had gotten some easy money. The Magistrate produced, in the form of an affidavit, the most incriminating evidence, the witness swearing that he had seen the accused take a \$10 bill and a red handkerchief from the plaintiff.

In reviewing the evidence the Magistrate said that while it was fairly evident that the men were guilty yet he felt that sufficient evidence had not been given to send them up on the more serious charge, but there was enough to prove that they had been mixed up in a drunken row, and after giving them some good advice on the need of curtailing their Irish generosity, and being less free with their money, which they should lay away for their old age rather than squander in drink, he fined them each \$10 with \$5 costs.

God must dearly love fools, otherwise he would not have made so many of us.

**Bargains for
OUR Subscribers**

REALIZING that the Home Paper cannot fill all the need for Reading Matter, we have compiled a List of [in our opinion] the most helpful and practical Publications which we are offering our Subscribers in clubbing combinations, at lowest possible prices.

Following is only a partial list of such combinations:

Peachland Notes.

Rev. Mr. Henderson and daughter visited Kelowna last week.
Mrs. Ed. Lang and Mrs. A. W. Miller visited Kelowna on Saturday.

On Friday the High and Public Schools closed for the Xmas holidays.

Mrs. Hugh Scott visited friends in Penticton from Friday to Monday.

Mr. A. Chilton of the Northern Crown Bank visited Summerland on Tuesday night.

Peachland wishes a glad festive season and a happy New Year to all readers of the "Review."

Miss Alice Harrington and Mr. Ernest McKay drove to Summerland on Wednesday evening, returning the following day.

Rev. C. E. Daly preached to the Presbyterian-Methodist congregation last Sunday. Rev. Mr. Henderson preached in Summerland.

Word was received in town on Tuesday morning that Mrs. McDonald had died in Penticton that morning. Dr. and Mrs. Buchanan are there at present.

Miss Pentland of the school staff left for her home in New Westminster on Saturday morning. Mr. Reginald Fuller also returned to his home in Kelowna that day.

On Monday the young people of the Baptist Church were treated to a supper in the basement of the church, after which followed a Christmas tree, a jolly time being spent.

Another of those enjoyable entertainments for which the A.B.C. is becoming noted was held on Tuesday evening last, and, as usual, was well attended. Games of various kinds were indulged in including the Bishop of Norfolk's riddle, etc. A prize was given to the one who had most of the answers correct. Miss Jessie Henderson was the winner.

Holiday visitors in town were: Miss Alice Elliott, Vernon; Miss Minnie Smith, Wood's Lake; Miss Kate Miller, Vernon; Miss Gertrude Gummow, and Miss Olive Young, Penticton; Miss Isa Chapman and Miss Mary Vickery, Kelowna; Messrs. Gladstone and Willie Fuller, Kelowna; B. F. Gummow, Westbank; Wm. Miller, Westbank.

A successful Christmas Entertainment was held in the Orange Hall on Friday night. The hall was beautifully decorated with evergreens, mottoes and other appurtenances of Christmas decoration. The program provided by the children, assisted by a few of the older children was excellent. The place of Santa Claus was taken by a Christmas Fairy, who played a part in a cantata immediately preceding the distribution of gifts from the tree.

An air of mystery surrounded the doings of the High School pupils for two or three weeks, and it came to light last Friday night when in passing the building we noticed that the gymnasium was all lighted up. On making enquiries we learned that a banquet was in progress there, with toasts and speeches by the High School

principal and others. About twenty-four sat down to a dainty and well-spread table. It ended up by the singing of "Auld Lang Syne." They hope to make it an annual event.

POST-MORTEM CHAT.

Two Irishmen were working on the roof of a building one day when one made a mis-step and fell to the ground. The other leaned over and called: "Are yez dead or alive, Mike?" "O'im alive," said Mike, feebly. "Sure ye're such a liar Oi don't know whether to believe yez or not." "Well, then, Oi must be dead," said Mike, "for yez would never dare to call me a liar if Oi were alive."—Philadelphia Record.

Two men were hotly discussing the merits of a book. Finally, one of them, himself an author, said to the other: "No, John, you can't appreciate it. You never wrote a book yourself." "No," retorted John, "and I never laid an egg, but I'm a better judge of an omelet than any hen in the States."

Eliminate the grouch or the grouch will eliminate you.

NARAMATA

An Ideal Location for the Tourist. A Haven for the Homeseeker and Investor

Start of Double Canoe Race at one of Naramata's Regattas

Take a trip to the Okanagan this summer and stop at Naramata. Get acquainted with this lovely Canadian Summer Resort. A splendid Tourist Hotel with every convenience overlooking the Lake is at your service. One summer spent in Naramata means every summer spent there until you finally conclude there is no real living anywhere else. Then a nice 5 or 10 acre fruit farm on the benches solves the question and makes you independent for ever afterwards.
