

## Late Dispatches From The Seat Of War

### GERMAN DIVISION ANNIHILATED.

Immigrants from Crepy en Valois in the Department of Oise, 2 miles south-east of Compiègne, report the Germans were crushed near there, and piles of dead bodies are lying yards high. A sergeant wounded there witnessed the annihilation of an entire German division by French artillery.

### PRESSING ON TO PARIS.

Reports of refugees indicate that the Germans are now fighting at Compiègne-en-Oise, which is much closer to Paris than Laferre, where last reports had them. The Germans evidently are still advancing and are now about 40 odd miles from the city.

### GERMAN CRUISER TRAPPED.

Honolulu, Sept. 2.—The Australian battle cruiser "Australia" 18,000 tons, and the destroyer "Warrego" are waiting outside Honolulu harbour for the third class German cruiser "Nurnberg," which put in there yesterday.

### MORE RUMORS OF TURKISH ACTIVITY.

New York, Sept. 2.—A stock market wire says Turkey is reported to have declared war on Russia. Constantinople communication has been cut off for three days. A declaration against Greece is expected to come in two or three days.

### TO PROVE STORIES OF GERMAN BARBARITY.

London, September 2.—Belgian commissioners now in London who sail to-morrow for the United States to lay before President Wilson proofs of German barbarity, tell of men being tied to trees and burned to death, women and children were frequently held before the Germans as they marched into battle in order to stop bullets.

### CROWN PRINCE'S ARMY DEFEATED.

Paris, September 2.—Official statement from the War Office states that German Crown Prince and his army have been defeated in the East near Spincourt and Longwy, but admits that French suffered partial check in the region of Neufchateau and Palisul.

### ANOTHER NIGHT RAID BY ZEPPELIN.

Antwerp, Sept. 2.—Another Zeppelin flew over this city to-night dropping bombs and ten houses were destroyed. She was fired upon, and seemed to have been hit returning suddenly after dropping nine or ten bombs at once.

### GERMAN AEROPLANES NOW OVER PARIS.

Paris, Sept. 2.—German aeroplanes are flying over Paris to-night at a great height, but have dropped no bombs.

### KING ALBERT HAS NARROW ESCAPE.

Antwerp, Sept. 2.—King Albert of Belgium came near being killed during fighting at Michelin. A shrapnel burst near his motor, from which he was directing operations. The explosion tore off the two rear wheels.

### DEFENCELESS TOWNS AND VILLAGES BURNED.

London, Sept. 2.—Belgian commissioners claim that Aerschott, Diest and many other unfortified towns and villages have been totally destroyed by the Germans, having been set afire after the entry of German troops.

### FALL OF LEMBERG INEVITABLE.

Rome, Sept. 2.—Official statement issued in Vienna says, recognizing that the occupation of Lemberg by Russians is inevitable, the provincial government of Galicia has removed the archives of state.

### KAISER STILL URGING ITALY.

In a last effort to bring Italy into the conflict, the Kaiser has issued a proclamation pointing out that if France and England win Italy will have no chance of ever dominating the Mediterranean.

### BRITISH MAKE CAPTURE.

Paris, Sept. 2.—Official statement says German cavalry corps marching towards the Forest of Compiègne on the left wing of allied forces, engaged English on Tuesday and English captured 10 German guns.

## Quiet Trustee Meeting.

The regular monthly meeting of the Board of School Trustees brought to light no business of unusual interest, and the session was not prolonged.

The usual sheaf of accounts, constituting the August requisition, was passed upon, and teachers' reports from the various departments received and read. These show the enrollment to be much the same as last year, though some of the primary grades are slightly increased. Twenty scholars are in attendance at the High School, in two classes, but it is shortly anticipated that a matriculation class will be formed, giving Mr. Forsyth three classes, as last year.

Transportation seems to be working quite smoothly, no objections being forthcoming from any source. A letter from the Vancouver Playground Association announcing a series of demonstrations during the exhibition week was received and inviting a delegation from the Trustees, but no action was taken in regard to it.

At the close of the meeting the Board visited the Central School as a body.

## Looks Like Delayed Construction.

Victoria, August 31.—Speaking here with regard to C.N.R. construction, following his interview with Sir Donald Mann, Premier McBride to-day said with respect to the Kamloops-Okanagan line: Sir Donald expressed a great deal of concern because of the necessity in his view of giving the Okanagan and adjoining territory the benefit of the Canadian Northern service at the earliest possible moment.

The company has expended much money on surveys, right-of-way, and other items of construction, in addition to which there has been a large outlay on the development of the Couteau Power Co., which system is to be used in connection with the electric railway proposed to be established in the Vernon district in association with the railway. The line as laid out extends from Kamloops, via Grande Prairie, Armstrong, and Vernon, to Kelowna, with a branch to Lumby. It is anticipated that an early opportunity will develop which will enable the company to push forward its plans in connection with this section.

## NOTED DIVINE COMING.

Rev. Jas. A. Francis, D.D., Pastor of the Clarendon St. Baptist Church, Boston, is expected to arrive here on Saturday night and will preach in the Parkdale Baptist Church on Sunday morning and St. Andrew's Church in the evening. Dr. Francis, who is a successor of Dr. A. J. Gordon, the well-known divine, has been spending his vacation doing evangelistic work in Minneapolis and Los Angeles. He is coming here direct from the latter city, and will spend some days at the home of his senior deacon, Mr. Isaac Blair.

## HOG CHOLERA OUTBREAK BLAMED TO ALBERTA.

A correspondent to the Northwest Farmer writes from Ontario as follows:—

"Concurrent with the outbreak of 'black leg' in Alberta, comes a stock scourge in this province. It will be remembered by readers that in a recent letter I commented at some length upon the unloading of Alberta hogs on the Toronto market, making reference to the rapid headway of hog-raising in the western provinces. Some of these western porkers were bought up by farmers in western Ontario for fattening purposes, and now it appears that the buyers got more than they bargained for. Hog cholera broke out in Oxford, and veterinarians traced it directly to the imported stuff. During the early part of this month Federal officials slaughtered half a thousand hogs in this country, practically all of them on farms to which western hogs had been brought. Twenty farms have been put under quarantine, while the financial loss to a number of others will be very heavy."

## Harsh Treatment From Ok. Telephone Co.

### Peremptory Demands Lead To Removal Of Ferry Co.'s 'Phone.

An astounding story was told the Review this week of treatment meted out to the Okanagan Lake Boat Co. by the Okanagan Telephone Co., which treatment is looked upon as being another attempt to strike at Summerland, but which is believed will in its action have more effect on the Company's Pentiction subscribers and be another incentive to the people of that town to follow Summerland's example in establishing a locally controlled telephone service.

The story as told by an official of the Okanagan Lake Boat Co. is, that notwithstanding that they have been regular subscribers to the Okanagan Telephone Company, and have paid their rental regularly, they were recently presented with a bill for \$12 for messages, which the company said, had been phoned to Pentiction from the Boat Company's office at Naramata ordering goods for Summerland citizens. This bill was an accumulation of charges which the telephone company had been making over a considerable period, evidently the operator having been instructed to "listen in" on messages from that source. The Boat company refused to pay the bill, claiming that the business transacted was their own legitimate business, and they believed the matter had been dropped until late last week when they were peremptorily ordered to pay the bill or suffer the removal of their 'phone. Believing that the demand was unjust the company refused to pay, and the 'phone has since been disconnected.

In explanation of the messages which had been listened to and charged up against them, the Boat Company say that it has been their practice to receive instructions from patrons to get goods or parcels in the various towns to which they call, and their purpose in putting in a 'phone was to collect these instructions and 'phone them in advance of the arrival of their boat so as to facilitate business. The messages charged for are said to be largely for instructions to have a piece of ice delivered at the wharf for so-and-so, Summerland, or for a carcass or two of mutton for the local meat store, and similar messages, the Telephone Company maintaining that these should be transmitted to Pentiction direct over their toll line from Summerland. The Boat Company, on the other hand, declared that these messages had not been going over the Company's line previous to the laying of the line across the lake. The Okanagan Telephone Company apparently believe that the Summerland Telephone Co.'s line is being used to get free messages in to Pentiction via Naramata. This is emphatically denied. The Boat Company have stated that it was their purpose to make the various Pentiction business houses acquainted with the action of the Telephone Company, as it will be those who are likely to lose the most business as a result of the Telephone Co.'s action.

## AGRICULTURAL EXHIBITS.

The Department of Agriculture is continuing its policy of having British Columbia products displayed at the various chief shows of Canada, particular attention now being concentrated on the National Exhibition, Toronto, which will attract a million people. Special care is given to a cinematograph lecture five times a day, which serves to explain the exhibits staged of lumber, fish, mineral and similar products.

Magistrate Guernsey of Pentiction met with a bad accident last week while riding down from Osprey Lake on a gasoline speeder. When about five miles from Summerland the speeder, operated by Mr. Henry, jumped the track, throwing Mr. Guernsey on to a pile of rocks. A train following took him down to Pentiction where he was removed to the hospital. The cuts on his head and face required eighteen stitches.

## Successful Two Days' Conference Of Valley Women's Institutes.

### Many Addresses Deal With Women's Problems.

#### Public Meeting Wednesday.

The first conference of the Women's Institutes of the Okanagan district is now a matter of history, but of its success there is no room for doubt. Institute workers not only from up and down the Valley, but also from more distant points, gathered in Summerland for the sessions of the conference, which were held in the Men's Club on Wednesday and Thursday.

#### WEDNESDAY MORNING.

In the absence of Mrs. W. V. Davies, President of the Advisory Board for the province, who had expected to be present at the opening, Mrs. R. C. Lipssett, District Organizer, presided at the initial session of the conference, at 9:30 on Wednesday morning.

In her opening remarks Mrs. Lipssett extended a warm welcome to all delegates and others present, passing on to an explanation of Institute work. Its object is to bring the women closer together, to gather ideas for the home and its uplift, with an expressive motto, "For Home and Country." Mr. W. E. Scott, Superintendent of Institutes, and Deputy Minister of Agriculture for the province, has expressed great satisfaction at the work being done by the different institutes, of which there were now forty-two in the province, with a membership of about two thousand. In its financial aid the department is most generous, and in continuance of past policy demonstrators will be sent round the province during the coming year.

A letter was received from Mr. Scott asking that the Women's Institute, as an organization, contribute to the patriotic war fund now being raised throughout the country. Following the roll call of delegates, Mrs. D. H. Watson gave greetings to the gathering, from the Okanagan district. She expressed the hope that when the delegates returned home, the beauty of our Valley would be so impressed in their memories that they would want to return, when another welcome would await them.

Mrs. Clark, delegate from Similkameen, read a very interesting paper on the "Practical Work of the Institute," showing how the community could be brightened and beautified. Mrs. Clark explained how good work could be done in the schools by co-operation with the School Board, suggestions given the Board regarding sanitary conditions, improvements in the school grounds, and the necessity of serving hot lunches to the children during the winter months. The need of an Institute hall for meetings and practical demonstrations is a pressing one. The hall could also be used for social gatherings.

A discussion of this paper followed, and many questions and helpful answers were given.

A paper on "The Necessity of a Women's Institute Room, Properly Equipped, and How it May be Acquired," was read by Mrs. Clingan, who represented Mrs. F. Groon of Salmon Arm. This subject was allotted to Salmon Arm because they have already acquired an Institute Room, and have started equipping same.

Discussion on this paper revealed the fact that the need of providing suitable Institute quarters was fully realized, and suggestions were thrown out as to ways of raising funds and providing the necessary equipment.

A question drawer, which closed the morning session, brought a host of diversified queries, all touching upon phases of women's problems. Housekeeping difficulties and Institute problems were given a thorough airing, and the entire scope of the questions propounded was wide indeed.

Some committees were appointed, and the ladies adjourned to take lunch, which was served by ladies of the Summerland Institute.

#### WEDNESDAY AFTERNOON.

First on the program of the afternoon meeting was a paper prepared by Mrs. E. H. Lock, late of the Summerland School staff, on the comprehensive subject of "The Needs of Our Schools," read by Mrs. Lipssett. Space forbids any mention but the briefest of this careful effort. The building up of the youthful mind was characterized as the greatest work of our adult life, and the only work whose results are never lost. Other points touched upon were the need of close co-operation of parents with teachers; the equipment and arrangement of the schools; the need felt by teachers for various handwork on the part of the children; and the benefit derived from making little school garden plots.

Much general discussion was provoked by the reading of this paper, and this was followed by another read by Mrs. Elgood of Salmon River Valley on "How Women May Become Self Supporting in our Rural Districts." This was a lengthy and complete address, in the course of which some very practical ideas were thrown out on the process of starting a home and using to the greatest advantage any surrounding land in the practice of mixed farming. On this big question the ladies were not in strict unanimity, as the discussion indicated.

A song selection from Miss Hayes preceded an address from Mrs. Buchanan Reesor on "The Power of Personality." Eloquent and thorough, this was one of the outstanding items in the conference proceedings. Mrs. Reesor, by pleasing anecdotes and stories illustrated the powerful personality of well-known people. She showed that most of us possess personality, and that children are often robbed of their powers, being put to studies that do not interest. The names of Canada's greatest statesmen were mentioned, and how the power of their personality had helped the country was indicated. Mrs. Reesor told how she had learned of the number of orchards owned and operated by women, the help they constituted to the community. The cause of their success really lay in the power of their personality.

Rev. R. W. Lee followed briefly along the same line of thought.

#### EVENING MEETING.

From the standpoint of the general public the session of most interest was that held on Wednesday evening. On this occasion the chair was occupied by Mr. J. R. Brown, who in the absence of the Reeve, addressed a few words of welcome to the delegates to the conference in his opening remarks.

Mr. J. L. Hilborn, bringing greetings from the Farmers' Institute, pointed out how the work of the two institutes lay side by side. He spoke of the work done by the Institutes in Ontario, and of the improvements that had already been brought about in Summerland through their work.

Mrs. Elgood of Salmon River Valley, replying to Mr. Hilborn's words of greeting, took the occasion to dwell on what had been accomplished in her district by co-operation.

Songs from Miss Anna Hayes, Mrs. G. M. Ross, and Miss Doris Price, were interspersed among the addresses of the evening, and were all given a splendid reception.

A stirring address was that given by Mrs. W. V. Davies of Chilliwack, B.C., who had arrived during the course of the conference. She is at the head of the Advisory Board created three years ago, and had some words of appreciation for the deep interest of Mrs. R. C. Lipssett, Okanagan district representative in the Institute work, which had directly resulted in a great increase of membership. Mrs. Davies brought to the meeting good wishes from Hon. Price Elliott.

(Continued on page 4.)

## Railway Construction To Be Continued

### After Close Down Of One Day, Contractors Again Put Forces To Work.

Star—Princeton.

The war has created many peculiar situations. Even large institutions lose their equilibrium for a time and are up in the air. Only this week we had an illustration in Princeton. Last Sunday with startling suddenness came the report that construction work on the Kettle Valley railway was to be shut down, and sure enough the report was correct, for on Monday over 1,000 men were paid off by Guthrie, McDougall & Co., the contractors. The men immediately started to scatter by train, by automobile, and on foot. About 100 Italians were preparing to go back to Italy, and had practically completed arrangements with L. W. Mickel, the local Grant Northern agent, for their transportation. Business men in town felt rather depressed over the gloomy outlook. The construction payroll would be a serious loss, and the delay in completing the line to the Coast was to be deplored.

Tuesday, however, the scene again changed. It was decided to go ahead and complete the work, and every effort was put forth to head the men and have them return to their old jobs, which most of them did. The work is going ahead as usual, and the business men of Princeton are breathing easier.

## Kelowna Board of Trade's Stand on Telephone Situation

Dissatisfaction was expressed at a special meeting of the Kelowna Board of Trade called to discuss telephone matters. The president declared that nothing less than a continuous service would be satisfactory in a town the size of Kelowna. If the telephone company would not give this without wanting to increase the rates, he thought they ought to consider the installation of a municipal system. During the week the secretary had been in correspondence with the Summerland Telephone Company and their reply as to how that undertaking was succeeding had been received. This letter was read.

Eventually it was decided to appoint a committee to confer with the other municipalities in the Valley to see how far they would go in installing municipal systems, and also to bring the views of the board before the head office of the company at New Westminster. It was also resolved to take the matter up with representatives of different towns in the Okanagan.

The Hotel Summerland has been flying its flag this week in honor of the visiting delegates to the Women's Institute Convention. Flugs are all too rare in Summerland, or at least are so seldom shown that the flying of one is noted with satisfaction by all.

**Weather Report**

**WAR NEWS**

Special Dispatches to the Review Too Late for Last Week's Issue.

**NAVAL FIGHT REPORTED.**

London, August 28—It is reported that the British Fleet has sunk two German cruisers and two torpedo boat destroyers off Heligoland. A third cruiser was set on fire and left sinking. No British ships lost, and British loss of life not heavy.

**MAY USE INDIAN NATIVES.**

London, August 28—Intimated in House of Lords that the Government proposes to use Indian native troops in the war.

Russians have captured city of Tilsit, East Prussia.

Barbadoes offer \$100,000 worth of sugar to the Government.

**CANADIANS DIRECT TO FRONT.**

Ottawa, August 28—Canadian forces will probably go direct to front as a division.

**GERMANS CAPTURE MALINES.**

Rotterdam, August 28—Malines, Belgium, finally captured by Germans, who demand \$400,000 indemnity from Tournai, and \$300,000 from Charleroi.

**BRITISH LOSSES ADMITTED HEAVY.**

London, August 28—British destroyer sank Austrian destroyer off Corfu, in fight lasting only ten minutes. Asquith says losses to both British and Germans on Wednesday was great. British marines in control of Ostend and landing quick firing guns. Despatches say Belgian Congo has been invaded by Germans.

**GERMAN WIRELESS SAYS VICTORIOUS EVERYWHERE.**

Berlin, via wireless to Sayville, Long Island, August 28—German army headquarters have issued official report that the enemy on the west have everywhere been defeated, and is in full retreat after nine days of fighting. General Von Kluk defeated English at Mauberge, and renewed attack to-day on French troops around it. Generals Von Beulow and Von Honhen completely defeated French and Belgian forces, about 8 corps, between Sambre and Namur and Meuse in several days' battle and now pursues them.

General Von Harnyton continues defeat of French at Vosges region. Four Belgian divisions attacking from Antwerp repulsed. Germans claim English lost 10,000 killed at Mauberge.

**FRENCH STORY A DIFFERENT ONE.**

London, August 28—French offensive in Vosges region continues with success. Heavy fighting at Machinnes Thursday, when Germans broke through French lines. Allies then pushed German advance back on its German main body. German advance forces also repulsed at Pontamangue and at Tournai.

British reported victories at Mons.

**KITCHENER ON REINFORCEMENTS.**

London, August 28—Earl Kitchener announced in House of Lords that in addition to reinforcements which would be received from England, the Government has decided the British Army should be further increased. Troops were now on the way, he said. His statement was taken to mean that native troops are to come from India.

**SILENCE IS OMINOUS.**

London, August 28—No news reached here to-day concerning battle line. Interest is intense, for it is felt that engagement now going on must have great influence on fate of Paris. Silence also veils progress of events in East Prussia and Galicia. Ten million Russian soldiers have been enrolled under the standard of Emperor Nicholas, according to St Petersburg staff. At sea also Russia seems to be waking up. The sinking of the "Magdeburg" yesterday would indicate that the Russian navy is no longer bottled up in Gulf of Finland.

**PRICE OF FLOUR GOES UP.**

Vancouver, August 28—Local dealers have advanced the price of flour thirty cents per barrel, an advance of forty cents was made in San Francisco, and of one dollar in the eastern States.

**VAST HORDES POURING INTO FRANCE.**

Paris, August 28—Germans have swallowed Longwy, and, like a vast avalanche, are pouring, three million strong, through Luxembourg, and the famous gate of Treves, coming from Metz and Thionville. The army of the Saar has joined the Moselle army, and together these have struck and overwhelmed French advance posts. They have already reached the vicinity of Verdun. The Moselle army holds Villerupt, Longwyion, Joppe, Court Augun, Le Roman Prie and probably Montmedy. Its cavalry has crossed the river Chiers towards Meuse. Behind the Meuse between Verdun and Sedan lies the great French force.

Paris, August 28—War Office issues statement that Germans are in retreat towards Koenigsberg.

**JAPAN DRAWS FIRE.**

Tsing Tau, August 28—Two small Japanese cruisers drew the first shots from the German fortifications yesterday. It is reported that one German shot found its mark.

**BRITISH MARINES AT OSTEND.**

Ostend, August 28—German soldiers have reached Courtrai and declare that 10,000 British were killed in fight at Berrin. A wounded Zouave officer estimates German losses in Charleroi fight, mainly with British troops at 60,000 killed and wounded.

**MIDNIGHT RAID BY BRITISH CRUISERS.**

London, August 29—A great feat was performed by the British ships which sank the German cruisers and destroyers yesterday. First battle cruiser squadron comprising the huge ships "Lion," "Queen Mary," "Princess Royal," and "New Zealand," under Rear Admiral Beattie, dashed into the heart of the Bight of Heligoland in the middle of the night, past the great guns of Heligoland island, and engaged the German fleet at the mouth of the Elbe and the entrance to the Kiel Canal. Great size and speed of the special cruiser squadron made this possible. It was accompanied by the usual flotilla of torpedo boats and destroyers. Fight lasted until dawn, when the British ships, after sinking the German light cruisers "Mainz," another of the "Koeln" class, and a third, name unknown, as well as two destroyers, slipped out again into the north Sea again. No British ships were lost. Only these four big cruisers and their accompanying flotilla of small craft took part in the raid, the remainder of the great British fleet being out at sea.

**SMALL BRITISH FORCE ENTRAPPED.**

London, August 29—During the fighting at Tournai, 5,000 German cavalrymen overwhelmed a little British force of 700, but not before its ranks were sadly thinned. The British stood their ground to a man, and seemed to have suffered heavy losses. Even at the terrible disadvantage of at least ten to one the British infantry and artillery were holding their own when the horses of the Uhlans seemed suddenly to swoop down from nowhere. A survivor says there must have been 3,000 Uhlans alone. The British survivors are optimistic in their indictment that the Germans used machine guns mounted on Red Cross wagons.

**SHORTHORN.**

The Mendow Valley Pure Bred Stock Association's

**Pure Bred Shorthorn Bull**

Dairy strain, now stands at the Lakofield Ranch, Mendow Valley, (P. Munro's). For use of association members only. Terms cash. Applications for membership should be made to R. M. H. TURNER, Secretary.

**SYNOPSIS OF COAL MINING REGULATIONS.**

**COAL MINING RIGHTS** of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,500 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior.  
N.B.—Unauthorized publication of this advertisement will not be paid for.

**The Price of Success**

Big business is not an accident—it is a result. It is the fruit of purpose, energy, persistency and ADVERTISING.

You know the story of Rip Van Winkle—the man who went to sleep for 20 years and who, when he awoke, expected to find the world the same as it was when he entered Slumberland.

There are men to-day very much like Rip Van Winkle—their point of view and their practices are those of a generation past. They do not believe in advertising.

To succeed in these modern days one must be in accord with the spirit of to-day. For a merchant this means that he must advertise, if he would prosper.

**A WORD TO THE PUBLIC.**

Where are you served best and most pleasingly? The answer is almost sure to be—"Where we are invited and made welcome. At those shops which prize our custom enough to seek it, and who ask for it every week through the medium of advertisements in "THE SUMMERLAND REVIEW."

Shop Where You are Invited to Shop

**Mid-Week War Despatches**

Review Telegraphic Service Tells Progress of Europe's War

**OCCUPATION OF FRENCH CITIES BY GERMANS.**

London, August 27.—Occupation of Lille, Roubaix, and Valenciennes by Germans was not opposed. Reason for giving up the strongholds was not given. French deny that all Namur forts have fallen.

**BIG LINER SUNK BY BRITISH CRUISER.**

London, August 27.—British cruiser, "Highflyer" sank North German-Lloyd liner "Kaiser Wilhelm der Grosse" off Coast of Africa to-day. She was formerly big trans-Atlantic liner, but recently converted into a cruiser.

**PARIS PREPARING FOR SIEGE.**

Paris, August 27.—Leaders of Socialist party have entered new Cabinet. Paris is preparing to withstand a siege.

**RUSSIAN ADVANCE CONTINUES.**

St Petersburg.—Russian invasion of Germany proceeding swiftly. Russians moving on Dantzig, and are now only 20 miles from Lemberg, capital of Austrian Galicia.

**BATTLE OFF PACIFIC COAST.**

Portland, Ore.—Passenger ship "George W. Elder," bound for Coos Bay, reports continuous and tremendous cannonading off Coos Bay at midnight, lasted one hour, fog thick, nothing could be seen, but there was intense excitement on board. Saw Japanese warship, "Idzuma" south bound in afternoon.

**INDIA LOYAL TO EMPIRE.**

Simla, India.—Practically every Indian ruling chief has offered entire military and financial support for service of the Empire. Punjab chiefs association have passed resolution expressing determination of Punjab aristocracy to serve Britain in war as well as in peace.

**RUSSIANS OCCUPY TILSIT.**

St Petersburg, August 27.—It is officially announced Russians have occupied Tilsit, 60 miles north-east of Koenigsburg, East Prussia.

**BRITAIN WARNS TURKEY.**

London, August 27.—Britain has let it be known that if cruisers "Goeben" and "Breslau" which sought refuge in Dardanelles enter Mediterranean with German sailors aboard they will be fired upon at once. Tension acute in Constantinople. Turkish Cabinet wavering between war and neutrality.

Paris, August 27.—Official statement says confirmation has been received of report that Russians captured hundred big guns from Germans after fight near Maguren, East Prussia.

**BERLIN GROWING PANICKY.**

London.—Despite official German attempts to minimise Russian victories German public is disquieted. Panic is apparent in Berlin. Wealthy residents are leaving city with belongings, going to Scandinavia by way of Copenhagen.

**OPTIMISTIC FRENCH REPORT.**

Paris, August 28.—The following official bulletin was issued by the War Office last night: In Vosges districts our troops to-day renewed the offensive and drove back the Germans who yesterday had forced them to retire on the St Die side. The Germans yesterday bombarded St Die which is an unfortified town in the region between Voges and Nancy. Our offensive movements have continued uninterruptedly for five days. German losses have been considerable. 2500 bodies were found on a front of three kilometres south-east of Nancy, and 4500 bodies on a front of four kilometres in the region of Vitrimont. Longwy, a very old fortress, the garrison of which consisted of only one battalion, and which had been bombarded since August 3rd, capitulated to-day, after holding out for 24 days. More than half the garrison were killed or wounded. Lt.-Col. Darche, Governor of Longwy, has been nominated an officer of the Legion of Honor.

**GERMAN CRUISER ASHORE—BLOWN UP.**

Amsterdam, August 28.—An official dispatch from Berlin says that the light German cruiser "Magdeburg" while ashore on the Isle of Odenburg in the Gulf of Finland was fired on by a Russian ship, 17 of the cruiser's crew were killed and 5 were wounded, others of the crew were rescued by a torpedo boat while under fire. The "Magdeburg" was blown up. This dispatch is officially confirmed from Berlin, where the German Admiralty says 85 members of the crew and captain are still missing.

**BRITISH TROOPS IN STRONG POSITION.**

London, August 28.—The British press bureau at 12.30 o'clock this morning gave out the following statement: The French operations of war over a distance of some 250 miles have necessitated certain changes in the position of our troops, who are now occupying a strong line to meet the German advance, supported by the French army on both flanks.

**TERRIBLE BATTLE RAGING AT MALINES.**

London, August 28.—An Amsterdam dispatch to the Chronicle reads: A terrible battle is raging at Malines (Mechlin). Dead bodies are piled six feet high. The greater part of Malines was destroyed by the Belgians themselves. They blew up part of the town for the purpose of using the guns of the fort more effectively. The population fled to Antwerp.

**GUARDING COTTON TRAFFIC.**

Galveston, Texas, August 28.—An official statement from the British Consulate here to-day says: Three British warships have been sent at full speed to protect the cotton and oil traffic in the Gulf of Mexico. The statement said it is rumored that the French cruiser "Conde" has sunk the German ship "Altancia," and that the British cruiser "Donogai" has captured the North German Lloyd steamship "Brandenburg."

**BRITISH IN BRUNT OF FIGHT.**

London, August 29.—That the British expeditionary forces in France are sustaining the brunt of the fighting was admitted in the House of Commons this afternoon by Mr Asquith. "In Wednesday's fighting," announced the Premier, "British forces sustained the assault of 5 complete army corps. Our forces held their ground until the brunt of the attack had been met. Then they retired slightly to a new position. British inflicted enormous losses on the enemy, but I might state that our own losses were correspondingly great." Premier stated that the British forces were holding a line about Cambrai, in the Department of Nord, and between 20 and 25 miles inside of the French frontier. This was the first time that the definite position of the British has been revealed since they withdrew from Mons.

**RUSSIANS ARE ACTIVE.**

London, August 29.—Russian Embassy here last night received advices from St Petersburg to the effect that the Russians had occupied Allenstein, East Prussia, 65 miles south of Koenigsburg, after repulsing the Germans who had brought up their reinforcements. Russians are advancing rapidly on Lemberg, Austria, their cavalry overcoming all Austrian opposition, says a despatch from St Petersburg. London, August 29.—While a Berlin report claims a Russian defeat at Allenstein the St Petersburg story is that the Russians have captured both Allenstein and Bishoppsburg, and reports are also circulating of the fall of Koenigsburg, a German fortified seaport in East Prussia. The Russians in Galicia are in battle with the Austrians extending over a front of nearly 200 miles. They have gradually forced the Austrians back and annihilated the 7th Hungarian Reserve at Kleiso.

**GERMAN ARTILLERY WIPES OUT BRITISH FORCE.**

London, August 29.—A Boulogne correspondent gives a personal narrative of a wounded British soldier one of thirty survivors of a British force of 2,000 wiped out by German artillery by night attack. The name of the place is cut out by the censor.

**ANOTHER GERMAN VICTORY.**

Berlin, August 29.—An official report claims the Germans defeated the British at St Quentin, in France.

**NAVAL FIGHT SHARP AND TERRIBLE.**

London, August 29.—Fight near mouth of Elbe lasted about eight hours, was sharp and terrible. British cruisers "Amethyst" and destroyer "Laertes" only British boats at all damaged.

According to reports France has formed new army of 250,000 men to take offensive against German right wing.

**BRITISH TROOPS LIKE STONE WALL.**

London, August 29.—British troops standing like a stone wall. Have assumed offensive and driven Germans back to Chimay on Belgian soil. Germans under Von Bulow and Von Hausen forced back to Hirson.

Montreal, August 29.—Princess Patricia Light Horse sailed to-day for secret destination.

**NEWS OF SERVIAN SUCCESSES.**

Nish, Serbia, August 29.—125,000 Servians successfully invaded Austria.

**ITALY SENDS ULTIMATUM.**

Rome, August 29.—Italy is reported to have sent the ultimatum to Austria demanding explanation within 48 hours of mobilization on Italian frontiers. Believed Italy preparing for war, and will send fleet to Adriatic to aid England and France.

**BERLIN IN PANIC.**

London, August 29.—Russians are investing Koenigsburg. First war enthusiasm in Berlin is over; people in panic; food scarce; fear of Russia growing.

**"LEIPSIK" IN TOW TO ESQUIMALT.**

Vancouver, August 30.—"World" has issued extra saying German cruiser "Leipsic" has been captured by British ship "Rainbow" and French ship "Montcalm," after a fight in which 120 Germans were lost. Authorities at Esquimalt will say nothing, though it is reported by the "World" that "Leipsic" is being towed to Esquimalt.

**GERMAN AEROPLANE OVER PARIS.**

Paris, August 30.—A second German aeroplane flew over this city to-day and dropped bombs. No damage done.

**RUSSIAN-AUSTRIAN ENGAGEMENT.**

London, August 30.—Russians and Austrians fighting fierce battle along Vistula River. Russians claim victory.

**LOSSES IN NAVAL FIGHT.**

British Admiralty announces 2 British officers and 27 sailors killed in naval battle off Heligoland, forty wounded. Apia, German port in Samoa, has surrendered to British. Reports indicate Turkey may join Germany at any time.

**RESULTS OF NAVAL FIGHT BETTER THAN FIRST REPORTED.**

London, August 30.—Crews of destroyers arriving say that at least 11 German boats of various sizes were sunk in battle off Heligoland, instead of only five. German authorities admit truth of this.

**SWEDEN MOBILIZING.**

Sweden is said to be mobilizing. Reports from Ostend state that 180 trains bearing German soldiers have passed through Belgium going north-east. Being rushed to East-ern Prussia to meet Russian onslaught.

**GERMANS REINFORCING AGAINST RUSSIANS.**

London, August 31.—An official telegram states that fresh forces of Germans have appeared on the Prussian frontier, taking the offensive against the Russians.

**ALLIES FORCED TO RETIRE.**

The Allies in France have apparently been forced to fall back before a German advance in the neighborhood of Loos, which is twenty miles nearer Paris than the Cambrai-Loos line where the Allies re-organized after the Germans crossed the French border. Fighting is proceeding near Amiens. Loos is only sixty miles from Paris. The Ghent district is reported clear of Germans. Heavy firing was heard at Dover this morning, which appeared to come from battle on the French coast. The British official bureau denies that the naval authorities have mined the North Sea.

**GERMAN REGIMENT WIPED OUT.**

It is reported that a German regiment crossing the Meuse was almost completely wiped out, as was also an army corp attacked by General Pau's troops.

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED.  
RALPH E. WHITE, MANAGING DIRECTOR

SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

## Advertising Rates:

LEGAL NOTICES.—Twelve Cents per line for the first insertion; Eight Cents per line for each subsequent insertion.

LAND NOTICES.—\$7.00 for 60 days, \$5.00 for 30 days.

WATER NOTICES.—20 days, 150 words and under, \$3.00; each additional 50 words, \$1.00.

THEATRICAL, ETC.—50c. per inch for first insertion, and 25c. per inch each subsequent insertion.

LOCAL NOTICES or Readers, Immediately following regular locals, 20c. per counted line; 10c. per line each subsequent insertion. Half these rates when accompanying display advertisements.

LODGE NOTICES Etc., 25c. per week, per column inch.

FOR SALE Advertisements, Etc., 2c. per word first week; 1c. per word each subsequent week.

Transient Advertisements payable in advance.

Rates for Contract Advertisements furnished on application.

Copy for change of contract advertising must be in the hands of the printer not later than Wednesday noon to insure publication in the next issue.

In accordance with schedule of prices adopted throughout the valley, charges for advertising are now being made weekly. Heretofore when five issues were made in one month the result was a loss. By the new method customers are charged each week for just the amount of space used.

FRIDAY, SEPTEMBER 4, 1914.

## HOW WILL IT END?

A MONTH OF WAR, and the European situation has not in the least clarified, but rather become more involved. To the strivings of five major and two minor nations are now added the threatenings of at least three more, without having regard to Japan's belligerency in the Orient. Germany, with her plastic and not over enthusiastic ally, Austria-Hungary, faces Britain, France, Russia, Belgium and Serbia, and, astonishing as it may seem, is from all appearances making headway. An unprecedented strict censorship is maintained over all news from the seat of war, and this allows of merely conjecture as to the future course of events.

Germany's goal is Paris. Her forces have been advancing in that direction, the main body going through Belgium. Around the frontier country the Germans have met the allied British and French forces which are now said to be in retirement.

Most of us are unversed in military strategy, and give to the war telegrams received day by day their face value. Now we are informed by authorities who should know whereof they speak, that so far the Allies' campaign has proceeded completely in accordance with a pre-arranged policy. In this policy the operations of the Russians, four million strong in East Prussia, figure largely. The Germans are known to have concentrated the largest portion of her vast army against the Allies. The force opposing the Russian invasion is certainly known to be comparatively small. The task of the Allies, say the military authorities, is of double purport. Their armies must so engage the Germans that the withdrawal of troops to meet the Russians will seriously jeopardise their German position in the south. This requirement seems unquestionably to have been fulfilled.

Further, inflicting what losses are at all possible without undue sacrifice, with seeming retreats to decoy the German army well into France on the way to Paris, and at the same time dispose itself in a fanlike formation, the ends of which may, at a given moment, execute a flanking movement, and converge on the German rear, effectually isolating the foe. This seems reasonable, and may furnish an explanation of the apparently unexpected fall of such strongholds as Namur, Roubaix, and Valenciennes.

Whatever the immediate course of events, it is not reasonable to suppose that Germany can ultimately triumph. Germany has her last line of reserve ready mobilized, and the total strength of her armies is placed variously at between six and eight millions. Opposing her are the allied strength of possibly five million men, and an unheard of Russian army totalling ten million men. The forces of Serbia are effectively keeping Austria-Hungary engaged, with but comparatively few to spare to combat Russia and France. Germany may be successful against these superior numbers, but not decisively until there has been harder fighting than heretofore.

Yet after all, complete success on land will count for little if defeat is encountered on the sea. For Germany to attain a naval supremacy is improbable if not impossible. The British "two-power standard" policy of naval construction has kept the imperial navy numerically equal to the combined navies of the second and third greatest naval powers, which are Germany and France. It will be seen then how hopeless is the supposition that Germany can hope to make herself mistress of the seas, when she must first demoralize the navies of England, France and Russia.

When the final reckoning comes it is not likely that the Allies will make peace at any cost. The war was not of their seeking, and what the Allies will strive for is an inglorious debacle for the cherished dream of Kaiser Wilhelm—William the Sudden is a fitting sobriquet applied to him—for a Teuton domination of Europe.

## CONSTRUCTION SHOULD CONTINUE.

THERE APPEARS to be a good deal of uncertainty as to whether railway construction is to continue or not in the face of the somewhat unsettled financial conditions that are always contingent upon war. Just how vital this question is to the whole of the Okanagan Valley is only too apparent. In this district the rapid progress of Kettle Valley construction has been followed with an interest stimulated by the vision of a many-sided benefit that will accrue from such a connection to the Coast and the Prairies. In the north of the Valley preparations have been going on for the construction of the Canadian Northern Kamloops-Okanagan line, with its ramifications of branch and electric power possibilities. Now just at the time when anticipated benefits seem about to crystallize into something tangible, comes the disquieting intelligence that work on these undertakings may be suspended. It should not be so, and if some official pressure is needed upon the respective heads of the work in order to prevent any sign of panic, the government should be quick to apply it. Perhaps this has already been done, and this might be the explanation of the sudden resumption of work in the Princeton district last week, after an equally sudden shut down, recorded elsewhere in our columns.

## MAKING ECONOMIES.

AMONG SEVERAL WESTERN CITIES that propose to undertake some strenuous civic economies during the hard times they see ahead, none perhaps take it more seriously than the city of Calgary. In the first place, wholesale reductions in salaries are proposed in every department. Those range from five to fifteen per cent. At first it was proposed that the mayor and commissioners, who between them draw thirteen thousand dollars annually from the city treasury, should head the list of reductions for the sake of example. The city solicitor, however, made the disconcerting discovery that these salaries are fixed by charter, and are therefore immune from pruning by economically minded aldermen. All departments, including the school board, will contribute to the general saving, and in the whole a sum of not less than about one hundred thousand dollars will be available from this source for other purposes. It is proposed to use this sum to lay out new work that will help to alleviate the acute distress that unemployment may bring to many in the city.

Another suggestion that Calgary may act upon is quite a new departure in civic finance. It is seriously suggested that salaries be paid only partly in cash, the balance being covered in negotiable and interest bearing notes, redeemable when the expected stringency relaxes. There would necessarily have to be some limit to the extent to which this

could be practised, and the city proposes to safeguard itself in several ways. From this source there will also be available some funds to meet what is expected to be an acute unemployment crisis in Calgary during the coming winter.

IT WAS CLEARLY FORESEEN that the success of Summerland's local y-owned telephone company would inspire other towns in the Valley to similar action. The signs come first from Kelowna. Telephone users are growing restive under repeated refusals of their demands for continuous service without a higher rate. The city Council and the Board of Trade are both discussing the matter, and in their deliberations both have pointed to the success of the Summerland system. Whether or not developments will tend in the direction of local organization will be interesting to watch, but in any case such a threat will prove a strong cudgel to help in the enforcement of their demands. Kelowna telephone users who are now talking revolt propose to go a step farther than Summerland, however, suggesting municipal ownership.

IT HAS BEEN SUGGESTED that as a war measure the bars in Canada should be closed. In benighted Russia this has already been done. The economic loss to a community from the open bar is very apparent under conditions such as those prevailing at present.

## CONFERENCE OF WOMEN'S INSTITUTES

[Continued from Page 1.]

son, Minister of Agriculture Mr. W. E. Scott, who had been prevented from attending, and from similar gatherings held recently at Duncan, New Westminster, and Nelson. Concerted action in their common sphere was looked for on the part of the Institutes all over the province. During the past year about \$2,000 had been raised through the medium of the Institutes in the Valley, and \$12,000 in the entire province. In the Okanagan there were now 351 Institute members. Six Flower Shows had been held in different parts of British Columbia, and the number that have taken advantage of the dressmaking classes held some time ago was placed at 1,596. Mrs. Davies welcomed the new Institutes that had come into existence during the year, and said she hoped to see more, in view of the unquestionable good which they accomplished. Mrs. Davies eulogised the Department of Agriculture for its munificence in caring for the Institute work, claiming that more was being done in this regard in B.C., than in any other province. The ladies were strongly urged by Mrs. Davies to take a deep interest in the schools, not only in the question of the children's scholarship progress, but also in conditions reigning at the schools. Make the Institute of use to the district, was her appeal; let it do what might be termed "community housekeeping."

Mr. J. M. Robinson's address on "Early Social Conditions in the Okanagan" was a pleasant contribution to the speeches of the evening. In calling upon Mr. Robinson, the chairman, one of the earliest pioneers of Summerland, made reference to the early days in the community and the good times made possible through the efforts of Mr. Robinson.

After complimenting the ladies on the excellent work which they were doing as shown by their re-

ports, Mr. Robinson related a number of interesting incidents of social conditions in the early history of Peachland and Summerland. The coming of his party to Peachland to engage in mining, which afterwards proved a failure, how the discovery of peaches growing on a cattle ranch in that vicinity had suggested to him the possibilities of the soil and wondrous climate, which latter tended to make the mining camp more like an outing party, was interestingly related, as was also the establishing of a school, opening of religious services, the organizing for pleasure and social purposes, when a debating society, walking club, and riding club, bathing, etc., were large factors in the entertainment of the new settlers.

One would judge both from the remarks of Mr. Robinson and the chairman that the early days of the community, before the building of roads, the introduction of the telephone or telegraph, with only a very indifferent connection with the outside world by the irregular tri-weekly boat service, and before the establishment of denominational churches, were the happiest social days of community life.

The difficulties under which horticulture was entered upon, when very little actual experience was available for their guidance, something of the blunders that had been made and how these were now being overcome were also reviewed by the speaker.

In the early days of the venture Peachland was laughed at as a joke, but when Summerland was organized, and it was found that the best financiers in Canada were backing up the proposition, and the best of Canadian citizens coming in, the people of the other centres in the Valley began to take notice and to follow suit.

## SECOND DAY.

The first part of the Thursday morning session was occupied by reports which were presented by the secretaries of the various insti-

tutes, showing the progress and accomplishments since organization. Mrs. Davies went into detail, explaining the necessity for complete, reliable, and prompt reports, and their importance.

The first address of the morning was from Dr. F. W. Andrew, who took for his theme "The Medical Inspection of School Children." He pointed out the value of the inspection, that it was meant for the good of the children. He told of the advantage of preventing disease rather than letting it grow and then curing it, and of the benefits to the children themselves. They could study much better and enjoy their young lives not hindered with sickness.

He touched on the importance of caring for the teeth, and what could be prevented by so doing. B.C. records show that during the past three years the average health of the children is improving, and the percentage of defects is gradually decreasing. In conclusion, Dr. Andrew said that the system of inspection is by no means perfect, for the work is often hurried, and the records not always completed. Nurses should take a larger part in the examination and give instruction in health matters. They could also attend to the great amount of clerical work that a busy physician hurries over.

Numerous questions were put to Dr. Andrew to which he made reply. In the absence of Mrs. Trask, who was to have dealt with the subject, "How We May Beautify our Homes and Community," Miss Spencer proved an able substitute. She handed out some sensible suggestions, among them being the institution of "Clean-Up Day," and the establishment of some system of garbage collection and disposal. She outlined some plans for bulb gardening, and her hints on rose culture were decidedly useful.

Miss Dale then read a paper on "Domestic Training in our Rural Schools," demonstrating that it was a necessity that young girls be taught the science of home making. Methods used in the city schools were cited and the aims and scope of the subject outlined, showing it to be eminently practical.

Before adjournment was made for lunch, Mr. Wm. Sauter addressed the ladies, informing them of the founding of the Women's Ambulance League in response to the call which was felt for aid, in the time of the Mother Country's need, and to which men and women alike could respond in their varied ways.

## FINAL SESSION.

The final session held on Thursday afternoon was opened by Mrs. Davies with a short talk on libraries, with suggestions as to how they may be started. She also suggested a program committee for the Institute, and that current events be taken up at each meeting.

A very excellent paper was given by Mrs. McGregor of Penticton, her subject being "How May the Spirit of Loyalty be Instilled in Our Children?"

The resolution committee submitted a number of resolutions for the consideration of the meeting, practically all of which were carried unanimously as submitted. These may be summarized as follows:—

That the Minister of Agriculture be petitioned to call a Provincial Convention for 1915; thanking the Department for flags presented to the Institutes; asking that a department of household economics be opened at the Provincial University; approval of introduction of domestic science and manual training in rural schools; that local institutions study cost of living with a view to taking practical steps to solve the problem locally; thanks to the Department of Agriculture for assistance; to Mrs. Lipsett for her work in arranging the conference and her plans for the entertainment of delegates; and to Mrs. Davies for her able presiding. The final resolution was that sex hygiene be not taught in our public schools except by careful and fully qualified teachers fitted for that special work.

At the close of the meeting the visitors were taken over the district by motor, making a visit to the Provincial Demonstration Farm. Later all assembled at the home of Mrs. G. W. McLaren, where tea was served.

A small boy was once called in to view his new born baby brother. He looked it over with dissatisfaction, and finally asked: "Mamma, where did this thing come from?" "An angel brought it, Jimmie." "Wuz you awake when he came?" "Certainly, Jimmie." "Well, then, mamma, all that I have got to say is that you are dand angel. I'd like to see any old angel put off such a looking thing on me."

## College Notes.

The fall term will commence on Wednesday morning, September 23rd.

Miss Ruth Egstrom, the first student from outside the district, arrived in Summerland with her father, Rev. Chas. J. Egstrom, on Friday evening's boat. Miss Egstrom is stopping with Mrs. H. H. Elsey until College opens.

E. W. Armstrong, who has been supplying the Peachland Baptist Church for July and August, returned to Summerland on Monday evening, and will resume his work at the College.

Lorne Morlock, the popular captain of the baseball team of last season, expects to be in Summerland and vicinity until the time of College opening.

## Peachland Notes.

Miss Isabelle Chapman is laid up with a severe cold these days.

Miss Lulu Brown went down to Naramata last week to visit her aunt.

The Ladies' Aid of the Presbyterian Church met to-day at Mrs. A. Miller's.

Miss Jean Babbit of Summerland spent Sunday in town the guest of Miss Ella White.

Mrs. Somerville and Mrs. Seaton left on Tuesday morning to attend the Vancouver exhibition now taking place.

Mesdames Vicary, Aitkins and Robinson are attending the convention of the Women's Institute, held at Summerland this week.

Mr. Alf Hueston, who has been absent in the western States for some time, came in from Portland, Oregon, a few days ago, and is renewing acquaintance with old friends here.

Messrs. Aitkens and Laidlaw of the B.C. Horse spent Saturday evening in town saying good-bye to their friends before leaving Vernon for some place, they did not know where.

Mr. George Lang met with a very dangerous and painful accident when returning from Summerland in his auto, accompanied by Mrs. Lang, Mrs. Robie and daughter and Miss Glassford, the latter three Calgary friends. Coming along above the Van Hise place the car overturned. The ladies escaped without injury but Mr. Lang was not so fortunate, as his leg was broken in two places, the bone protruding, besides some internal injuries. His condition is very serious.

Rev. A. Henderson went down to Penticton on Saturday evening to occupy the pulpit of the Presbyterian church. Rev. J. F. Millar of that place preached here on Sunday and gave the result of the deliberations of the committee on co-operation appointed by the Methodist and Presbyterian governing bodies, to a large congregation. From now on there is authorized union between the two, all joining in the support of the minister and church expenses, but in missionary matters and debt they each retain their separate societies.

The issues of the Review of July 10th and 17th last contained items headed "Summoned for taking water," and "The Water Case," in which certain statements were made that we find were not true to fact.

Contrary to our information the statement was untrue that the accused, J. W. Harris, whose name, by the way, was purposely withheld, was "facing a summons for unlawfully taking irrigation water from a municipal flume on Sunday last, when not authorized to do so by the man in charge of the water."

The implication that the accused was charged with theft was also untrue.

We find the sole charge against Mr. Harris was that of interfering with the irrigation system.

The Review hereby apologizes to Mr. Harris for the incorrect statements and regrets it placed him in a false position before the public.

If you want to sell you must advertise.

## The Cost of Living

ADVERTISING turns over stocks rapidly, and therefore multiplies profits. This means that prices in a shop which advertises can be short rather than long.

Of this you may be sure: Prices in a shop which advertises are not MORE than in a shop which does not advertise. The chances are that they are oftentimes lower.

This, also, is generally true: You will find better goods, better values, and better service in those shops which turn over their stocks rapidly. This means, as a general thing, shops which advertise.

## A NOTE TO MERCHANTS.

Advertising costs you nothing—is paid for by the profits on increased sales.

Advertising is easy—it is simply saying in writing what you say to the customers in your shop.

Turn over stocks quickly, if you would make more money.

Shop Where You Are Invited to Shop

Miss Grace Logie, who has been seriously ill for some time, is making very satisfactory recovery, and is now able to be about the house.

Monday will be Labor Day. We have heard of no plans to celebrate, but understand all places of business will be closed.

Two lectures will be delivered under the auspices of the Hospital Society this fall which will probably excite no little interest.

Passing Events: Social, Personal, &c.

Reeve Ritchie was at Vernon on Monday and Tuesday of this week.

Miss Bernice Baker is spending the week here with her friend Miss Clay.

Mrs J. B. Robinson of Peachland, who spent a few days here this week with her sister, Mrs. Lipsett, returned home this morning.

Arthur Pentland, now working with the Kettle Valley Railway in Penticton, spent last Sunday in Summerland with Mr and Mrs L. W. Pacey.

Dr. T. B. Turner, dentist, will spend Monday and Tuesday of each week in Summerland.

Mr W. Armstrong came in on Wednesday evening's boat. He has been out in the interests of the College during the summer, and will remain here for the three weeks preceding College opening.

Mr and Mrs Watson, Sr. who have been visiting at the home of their son Mr Courtland Watson, and their daughter Mrs J. Thomson, Kelowna, returned last Saturday night.

Mr McCutcheon's barber shop was moved on Tuesday down to its new quarters in the James Gartrell building, opposite English's Livery, occupying the room adjoining the Victoria Restaurant.

The first whist drive of the season planned by the management of the Felix Hotel for yesterday evening was postponed in order to avoid a clash with the Unity Club concert in aid of hospital funds.

George Barkwill and Mark Fetherstonhaugh, now full fledged troopers in the Vernon squadron of the 30th B.C. Horse, came down the lake last Friday and spent a day or two over the week-end in the home town, wearing their new uniforms.

The famous Photo Drama of Creation will be exhibited at the Empire Theatre, Penticton, commencing on Thursday at 8 p.m. Exhibits will be given daily for six days at 2.30 and 8 p.m.

Mr G. W. Lang, who suffered severe injuries to his leg in an auto accident last week, was taken up to Kelowna by the launch "Calgary," on Wednesday afternoon, where he now lies in the General Hospital.

Eight motor cars with fruit growers or those interested in fruit growing, all from Washington State, visited Summerland on Sunday and looked over the district.

An intercessory service of prayer on behalf of the nations engaged in the war is to be held this evening, Friday, in St Stephen's Church, at eight o'clock.

A cow with apparently well developed aquatic instincts made something of a diversion on Wednesday morning. The animal was brought over on the ferry scow by its owner for purchase by Mr L. C. Woodworth.

A cow with apparently well developed aquatic instincts made something of a diversion on Wednesday morning. The animal was brought over on the ferry scow by its owner for purchase by Mr L. C. Woodworth.

Harry McLeod was in town for a day at the first of the week.

Miss Georgie Blair is at the Coast, enjoying a visit that is expected to extend about three months.

Mr and Mrs Harry Everett returned by last Friday evening's boat from their honeymoon trip to the Coast. They are now in residence in the Smith cottage on Thirteenth Street.

Mr W. S. Kent who on Thursday of last week of the serious illness of his mother, hurried off on Friday morning for the Peace River district, where his mother is now residing.

Dr C. A. Jackson, of Penticton, advises that he has arranged to open a dental parlor in Dr Andrew's office at West Summerland, and that he will be at the office next Tuesday, the 8th.

The fall term of Okanagan College will commence on Wednesday morning, September 23rd. The Principal will be glad to communicate with intending students and to furnish forms of application.

Mrs Stephen Phillips and youngest son Alvin left on Wednesday morning for Mrs Phillip's former home in Ontario. Change of climate is called for by failing health, and Mrs Phillips is seeking relief in a section of the country with a greater degree of natural moisture.

GYPSY CARNIVAL PROVES POPULAR CONCERT.

It is a long time since Empire Hall held such a concert audience as that which was packed in yesterday evening, when the Naramata Unity Club repeated its Gipsy Carnival for the benefit of the funds of the Summerland Ladies' Hospital Auxiliary.

No outside company could have drawn such a crowd, and few could have staged such a unique and thoroughly enjoyable entertainment. It was "something new," as someone put it, and the fact that every item was vigorously endorsed showed that the efforts of the Naramata performers appealed to the popular fancy.

A long program of sixteen numbers was carried through without the slightest hitch. The smooth working stage arrangements kept from the concert the between-act bustle that so frequently disjoins entertainments of this kind.

Individual mention of the items cannot be made, and indeed is unnecessary when such a uniformly high standard is maintained. Solos, duets, trios, readings, choruses, and orchestral numbers were alike given with the finish and effect that reveals high development of natural talent.

To Mrs A. L. Gillespie, as prime organizer of the carnival, is due the utmost credit for her latest and most successful effort, and with Mr F. C. Manchester as her assistant in the stage management, nothing was lacking.

A pleasing incident near the close of the program was the appearance of Mrs D. H. Watson on the stage with a bouquet of roses, which she presented to Mrs Gillespie, with an eloquent appreciation on behalf of the Ladies' Hospital Auxiliary, of her generosity in undertaking to put on the concert for the hospital funds.

At the conclusion of the concert the floor was cleared, and a good many of the young people enjoyed an hour or so of dancing, an extension of the electric light hours making this possible.

The total proceeds of the evening amounted to no less than \$86.50, out of which expenses have to be met. The ladies of the Hospital Auxiliary, while naturally elated at this generous addition to their funds, feel at the same time deeply indebted to the Unity Club for the whole-hearted manner in which they gave their services, sparing no pains, in fact going to considerable trouble to make the entertainment the greatest of successes.

Mr A. Leitch of the Dominion Cannery Ltd. was about town on Thursday.

Mr Hamilton Lang, District Road Superintendent, was seen about town on Wednesday.

After a pleasant two-weeks' visit with friends at Vernon and district Mrs H. C. Howis and little daughter have returned.

Clarence Phinney, now of the inspection staff of the Royal Bank, spent last week-end here with his parents and family.

President J. J. Warren of the K.V.R. and his family have removed to Toronto after a residency of some two years in Penticton.

The general monthly meeting of the Board of Trade will be held on Tuesday, 8th inst., in Summerland Supply Co's store at 3.30 p.m.

The Post Office Department has again authorized the sale of money orders for points in the United Kingdom at a slightly increased rate.

Some fifty odd head of cattle were landed here on Thursday from the prairies, and to-day are being driven over the hills to the construction camps near Princeton.

Rev C. H. Daly and Mr John Steuart have been at Kamloops this week attending Presbytery sessions. They left on Monday morning and returned on Thursday evening.

Messrs Harold and Charles Broad, sons of Prof. W. T. Broad, who have been here for some weeks caring for their father's orchard, returned to Calgary on Wednesday morning.

It may be news to many of our local hunters that it is illegal to shoot does, while white tail deer are enjoying a closed season. The shooting season began on Tuesday, the first day of September.

Dr Francis of Boston will preach at the Sunday morning service of the Parkdale Baptist Church on Sunday next. The evening service will be conducted by the pastor, Rev. N. McNaughton.

Work has been going on this week on the grounds surrounding the new hospital building. Although ultimately it is planned to have the grounds laid out, it is not likely that much more can be done just at this time beyond levelling and grading a good driveway.

The regular monthly meeting of the W.C.T.U. will be held in the Presbyterian Church, West Summerland, on Tuesday, September 8th, at 3 o'clock. The date was to have been Monday, September 7, but was changed on account of Monday being a holiday.

An envelope campaign among the school children has been in operation this week, in accordance with the plans of the Okanagan Women's Ambulance League, to augment their funds. Each child was entrusted with an envelope in which to deposit a donation, however small. The results of this novel method of collection will be fully known next week.

Methodist Church services will be held on Sunday next at 10.30 a.m. and 7 p.m. Both services to be conducted by the pastor, Rev. R. W. Lee. At the morning service the subject will be "The Value of Foresight." In the evening Mr Lee will give the first of a series of addresses on phases of the social problem, the subject on Sunday being, "The Institution of the Family."

SERVIAN WOMEN WILL BEAR ARMS.

Servin's war strength may be given as 240,000, but that figure must be doubled, for all Servian women can and will bear arms, declares Princess Lazacovitch-Hroboljanovich, the American wife of the last descendant of the Servian Kings.

Even now I have no doubt they are drilling, as the Montegrin women did during the Balkan campaign, and looking over their underground storehouses, for they have always had charge of the commissary department of the army. For every Servian soldier who falls there will be a wife or a sister to take up his gun. They are wonderful creatures, tall and almost over-muscled from the outdoor work they have done for generations. They are often very beautiful. And always they are afire with patriotism."

ADVERTISING TIP. John Wannamaker, the New York and Philadelphia retail merchant, on one occasion said: If there is on earth anything that a quitter should leave alone, it is advertising.

TRADE FOR FIRST-CLASS RANCHES IN THE NORTH-WEST. Let us have particulars, as we have one or two such Properties to offer, especially one the owner of which is looking for about five acres of orchard with ten acres of meadow-land adjoining.

Parkdale Saddlery. On and after SEPTEMBER FIRST I beg to intimate that all REPAIR WORK will be strictly CASH ON DELIVERY. Regular sales of Harness, Robes, Horse Blankets, etc., may be arranged for.

Painting and Decorating. I have taken over the business recently carried on by Mr. MARTIN BEAVIS, and am now in a position to undertake Painting and Decorating of all kinds, interior or exterior. Close attention to all jobs, large or small.

RUBBER STAMPS. There are times when a good rubber stamp is essential. When that time comes make your wants known to us. They will be supplied on short notice.

Review Publishing Co. 60 YEARS' EXPERIENCE. PATENTS. TRADE MARK DESIGN COPYRIGHTS ETC. Scientific American. A handsome illustrated yearly, largest circulation of any scientific journal.

### BOY SCOUT DOINGS.

The Scouts were again asked to take part in a local concert given by the Unity Club, which goes to prove the interest being taken in the Boy Scouts by the people of Naramata. A patriotic tableau given by them as their part in the program was, judging from the applause and favorable comments, quite a success. The tableau represented the various colonies pledging their loyalty and their willingness to stand by their Mother Country in time of need. The costumes in which the representatives were attired, were all designed by the boys themselves, as were also the other fittings. It should be mentioned that the parts recited by India, Australia, New Zealand and South Africa were the product of one of the boys. The characters were as follows: England—Stewart Allen; Scotland—Arthur Stiff; Ireland—Stanley Stiff; Canada—Harold Allen; Australia—Earle Hughes; New Zealand—Joe Morsch; India—Edmund Booth; South Africa—Edward Morsch; a troop of Boy Scouts.

The patrol leader recited a forcible reading, entitled, "The Fall of Empires."

Saturday night's meeting was a rather informal affair, and was devoted to telling "bear stories," and incidents in boys' lives.

Monday at 8 p.m. the Scouts met for a sham fight in outpost work. One party located a mile from

The local troop of Boy Scouts are laying plans for spending a week in camp. This will be a fine idea, if the parents of the boys can be shown that such an outing will result in the boys being trained to be of more use around home and more obedient and painstaking while at school.

Mr Jean Johnson formerly with the Grant Smith Co's. local office, but more recently of Penticton, surprised his bachelor friends last week by joining the ranks of the Benedicts. The bride is a young Penticton lady, well and favorably known here—Miss Edna Baker. The happy couple are enjoying a honeymoon trip at the Coast cities.

town, and given a half mile width of operating territory, endeavored to reach Scout headquarters through the ranks of a similar party defending. With great caution the attacking force crawled, crept and rolled through sage brush, dust and cactus. After losing one of their number, the remainder reunited at a point previously arranged, and made a concerted charge at their goal. The boys were none the worse for their trip, except that the next day was occupied in removing cactus thorns.

On Tuesday evening the "cubs" passed their Tenderfoot tests, and arrangements were discussed for a week in camp.

## Current Events — OF — Town & District

Miss Busby of Saskatoon is spending a holiday with Mrs R. Wells.

Mr T. H. Wilson of Penticton will conduct the service in the church on Sunday morning.

Mr J. M. Robinson addressed the Wednesday evening meeting of the Women's Institute at Summerland.

Mrs E. P. Roe spent Wednesday of this week in Summerland in attendance at the Women's Institute conference.

Rev W. P. Willan has left for New Westminster where he enters Columbia College to complete his course in the study of divinity.

Miss Adelaide Hayward, a former Naramata citizen, after an absence of a little over two years in Vancouver, is renewing acquaintances in town. While here she is the guest of a former school mate, Miss Lois Wells.

Hotel Naramata, according to announcement in last week's issue, closed on September 1st. The closing of this popular and attractive resort a month earlier than usual is just another reminder that we as a nation are at war, and that the tourist traffic for the time at least is "shot to pieces."

Mrs Gillespie will likely prolong her visit with us for another week or so, until her husband is in a condition to travel. Mr Gillespie has not made nearly so rapid a recovery as his friends at first anticipated, but it is hoped that the crisis of the case is passed, and that his convalescence will be both rapid and complete.

M. Cameron of Kelowna, a brother of Engineer Cameron of the Water Rights Department, left for his home on Wednesday morning after having spent several months in the hills here east of town. His place in the ranks is being filled by Mr Hickie, formerly with Residency No 3, of the local railway survey outfit.

Following in line with the policy of retrenchment of many another firm, the Okanagan Trust Company have removed the Post Office to the store building, using part of the south-west wing for this purpose. The change though apparently a sudden one will be a welcome one to most of the citizens because the situation will be so much more central.

With the advent of September the irrigation season is declared off, and those in charge of the ditches may retire for another season. In this connection it is pleasing to note the very fine condition of the orchards in general. It would appear from a cursory glance that the work of cultivation has been carefully and consistently followed during the past four or five months.

A team of horses belonging to Mr Endacott created considerable excitement for a short while on Wednesday afternoon, making a wild but futile dash for liberty. Mr J. C. Williams who happened to be the driver upon the occasion pluckily held to the lines and in time got the spirited animals under control without the slightest damage being done.

A number of our local sportsmen took advantage of the opening of the shooting season on Tuesday, September 1, by shouldering their arms and chasing the hills in pursuit of the elusive deer. Amongst some noticed were Mr E. H. Hancock, Mr E. Mason, Mr F. Manchester and Captain F. Languedoc. These report the scarcity of even signs of deer, it being thought that on account of the dryness of the season the animals have taken to the higher altitudes.

A black and white cow one morning this week showed a decided resentment towards being brought across the lake to Summerland, for no sooner had the scow upon which the animal was conveyed touched the dock than she plunged into the water and started to swim for all she was worth for the Naramata shore. The result was that before the ferry boat reached her, the poor brute was "almost in" and only by fastening a rope about her horns and holding her nose out of water was she pulled away from the dangerous depths.

## Gipsy Carnival.

The Gipsy Carnival Concert put on the boards in the Opera House last Thursday evening proved fully up to the high standard as usually set by Naramata. When you consider the low admission charge of 25 cent and then learn that the receipts ran close up to \$50, one needn't be told that there was a good turn out. The house was packed as the seating is for a little less than 200 people.

That Naramata has abundance of really fine talent was apparent. While the success of the carnival concert rested to a very great extent upon Mrs Gillespie and Mr Manchester, it was utterly impossible to carry out a play of that character without some fairly high class assistance. In the chorus work Mrs Dean Walters was particularly pleasing, especially so in the duet with Mr Newton, as the "Gipsy Countess." Miss Doris Price, a niece of Mrs Cash made her first appearance before a Naramata audience, and completely won her way to the hearts of her auditors.

In the Gipsy Wedding, Mr Jack Robinson and Miss Lois Wells figured as principals, scored the hit of the evening; Jack as the submissive suitor and Lois as the saucy and triumphant gipsy maiden, who had won an unwilling consent from her lord and master to love and obey.

The entertainment opened with a patriotic tableau by the Boy Scouts, directed by Scoutmaster Harry Pitman. And when we realize that most of the recitations as then given were composed by one of the boys themselves—Master Frank Hughes—one is compelled to admit that the boys did exceptionally well.

Mr Ben Newton was heard with fine effect in "The Veteran's Song," a selection well calculated to win appreciation at such time as this, when everyone's heart is stirred with the passion of patriotism.

In the course of the program, Mrs W. L. Robinson filled most entertainingly interludes by rendering dramatic readings.

In the course of the evening, the following ladies assisted as pianists: Mrs M. Manchester, Mrs D. Walters, Mrs F. Languedoc.

At the close the floor was cleared, and for an hour and a half, or until lights went out the merry young folk chased the time with laughter and song, led by volunteer music from artists among their number.

During the course of the week arrangements were made by the hospital ladies of Summerland, which resulted in having the affair repeated last evening in Summerland as a hospital benefit.

## Citizens' Meeting.

The adjourned citizens' meeting of August 24 called to discuss the water problem, met again though not in as large numbers, to hear the report from their committee, appointed to interview Engineer Cameron at the site of the proposed dam.

The result of the evening's findings is that we are going right ahead with the proposition. Early this fall, just as soon as we can get to it, in fact, a small force of men and teams will go up to the head waters where they will immediately commence to throw up embankment both on the new site and also upon the old site on the Okanagan Trust Company's lake. These embankments this year in case of either lake or reservoir, will probably not exceed 3 feet in height, but the additional amount of storage water thus stored owing to the immense area of comparatively level land thus affected will result in a very substantial improvement upon the present arrangement. The total cost it is estimated, will not exceed a thousand dollars. The work is left in the hands of an executive committee of three, with full power to act, and with authority to add to their number. Messrs Nuttall, Cook and H. J. Wells are the committee.

In the course of the evening one other matter was brought to the attention of the citizens. It concerned the raising by subscription of Naramata's quota of expense towards the construction of permanent quarters at Steamons of the display for Okanagan Valley products. The C.P.R. will maintain a man in charge of the building and its contents, and will do all in their power to encourage the general use on their dining car and all other hotels of home grown products. The money in dollar lots was subscribed, and in almost every case paid for in "double quick" time, and if any other town can

# What to Eat

YOUR daily problem of what to eat is very easily solved -

pass it on to us. It is not what you eat that has alone to be considered—it is the quality of what you eat. It is easy to say, "Let's have some special dish for dinner," but the mere buying of the materials for that dish does not make your dinner a success. You must have the best of everything to get the fullest enjoyment from the meal

Our reputation is built on selling the best of groceries. We have studied the "what to eat" problem for OUR OWN SAKE as well as YOURS. Come in and let us talk it over.

get ahead of us in speed in rushing along their own interests, why they're welcome to the honor—for they certainly will be "going some."

## Current Events.

(Continued)

Mr D. McKay received word this week of the death in Penticton of his brother John.

Mr and Mrs Ronald Smith and child have moved out on route to Seattle stopping off for a few days at Vancouver and Victoria.

The Misses Brown, after a pleasant holiday with their aunt, Mrs McKay, returned on Monday to their home.

Mr and Mrs W. H. Prowse left on Wednesday for Princeton where, till the completion of the present projected railway line, he hopes to reside.

Mrs Prieob, after a pleasant visit with her daughter, Mrs Prowse, spent the week-end visiting relatives in Penticton, prior to her return to her home in Merritt, B.C.

Mr W. A. Robinson, having completed his duties at Hotel Naramata, returned on Tuesday to his home in Summerland, and is for the present accepting a position with the Peachland Townsite Co., to which latter town he goes shortly.

## Story of the World's Greatest War

Told Day by Day by Wire & Wireless

**RUSSIANS SUCCESSES CONTINUE.**

The Russians claim to have taken 3,000 prisoners east of Lemberg, defeating the Austrians at Podderz and Tomachess, and also to have driven back the Germans on East Prussia.

**TURKEY WILL SIGN DEATH WARRANT, SAYS BRITAIN.**

London, August 31.—It is expected here that at any moment Turkey will declare war, and will attack Greece. In this case the Allied fleet in the Mediterranean will move against the Turkish fleet and seaports. Britain has virtually warned Turkey she signs her death warrant by starting any campaign at this time.

**AUSTRIANS VICTORIOUS NEAR LUBLIN.**

Berlin, August 31.—The Austrians after a reported victory over the Russians at Krasnik pursued them in the direction of Lublin. A decisive battle is now in progress in that section of the Russian army.

Two million German volunteers have offered themselves for service.

**30,000 RUSSIANS TAKEN PRISONERS.**

Berlin, August 31.—It is announced here that 30,000 Russians were taken prisoners by Germans during the fighting in East Prussia.

**PARIS BEING DESERTEED—PREPARING FOR SIEGE.**

Paris, August 31.—All night long troops from south and west of France have been arriving and passing to locations in encircling fortifications. Great activity on part of municipal organizations, which are completing plans for a siege of the city. No official information or news from army on frontiers given out to-day. Tens of thousands of persons preparing to leave capital.

**CAPTURE OF RUSSIANS OFFICIALLY CONFIRMED.**

Berlin, August 31.—Officially announced to-day that about 30,000 Russians have been taken prisoners by Germans during fighting in East Prussia, particularly around Ortelsburg, Hohenstein, and Lonnenberg.

**GERMANY STRENGTHENING EASTERN DEFENCES.**

London, August 31.—Fresh forces of Germans have appeared on Prussian frontier, and at some points taken offensive against Russians.

**FURTHER REPORTS OF ITALIAN ACTIVITY.**

London, August 31.—Telegrams received at Genoa from Nish, Serbia, says Italy is preparing to invade Bosnia and Herzegovina.

**IF TURKEY STRIKES SO WILL ITALY.**

Paris, August 31.—If Turkey declares war against Greece Italy will declare war against Turkey says "Le Temps," which usually speaks with official inspiration.

**NORTHERN FRANCE QUIET.**

Boulogne, August 31.—All is quiet here today. No sign of advancing Germans seen yet.

**LONDON TIMES REPRIMANDED.**

London, August 31.—Premier Asquith publicly reprimanded London Times in House of Commons to-day for printing dispatch from correspondent who took pessimistic view of situation from Allies standpoint.

**PROTEST AGAINST UNITED STATES PROPOSAL.**

Washington, August 31.—Great Britain and France object to purchases by United States of any German liners in connection with plan to build up merchant marine.

**GERMANS PRESSING ON PARIS.**

Paris, Sept. 1.—The German army is pressing relentlessly on Paris to-day from the north.

The War Office has issued an official statement admitting that the left wing of the Allies has been compelled to give ground, but asserts the French gained new advantages in the Lorraine region.

The battle has been in progress 24 hours along the centre, but thus far neither side has gained an advantage.

**FRENCH OFFICIALS OPTIMISTIC.**

London, Sept. 1.—In a long official statement issued by the French War Office, reviewing operations in Belgium and along the frontier of France, a new retirement by the Allied forces is recorded, while at the same time the statement is optimistic with reference to the opposition the British and French are offering to the German advance.

An Antwerp dispatch credits General Pau with a victory over 50,000 Germans. Whether this is a fresh victory or the one to which reference was made several days ago is not known.

**DEARTH OF NEWS IN LONDON.**

No news has been received in London as to any definite result of the battle which is undoubtedly being waged along the Allies front to the north and east of Paris, and probably along the whole 250 mile line of resistance to the invading Germans. It is likely that the chief German attack is being delivered in the neighborhood of Lafare, north-east of Paris, and about 58 miles away from the city.

**"LEIPSIK'S" CAPTURE NOT YET CONFIRMED.**

Vancouver, Sept. 1.—Neither Ottawa nor Esquimaux authorities know anything of the oft-repeated rumor that the German cruiser "Leipsik" has been captured.

**CANADIANS READY TO SAIL.**

Valcartier, Sept. 1.—Ninety-three per cent. of Canadian contingent have passed their physical tests. The men may go to Aldershot for a month before being sent to France. Part will be sent to Bermuda on a garrison so the regulars there can go to fight.

**DECLARES TURKEY NEUTRAL.**

London, Sept. 1.—Turkish embassy here denies emphatically that Turkey will take part in general war.

**NO JAPS FOR EUROPEAN WAR.**

Ottawa, Sept. 1.—Japan is ready to send troops to India if trouble is stirred up there, but will not send troops to Europe announces Tokashi Makamura, Japanese consul at Ottawa.

**FORCING RUSSIANS BACK.**

St Peteraburg, Sept. 1.—General staff admits that German troops are making more successful opposition to Russian advance, and inflicting severe losses on Czar's troops.

**KAISER TO RUSSIAN FRONTIER.**

Berlin.—Kaiser has left French frontier, and gone into East Prussia to superintend campaign against Russian invasion.

**TRYING TO RETAKE MALINES.**

London, Sept. 1.—Germans are again bombarding Malines. German troop train blown up in southern Belgium to-day, many soldiers killed.

Queen Elizabeth of Belgium with her children has arrived in London. Moratorium has been extended another month.

**ALL NEWS HELD UP.**

London and Paris censorship on all dispatches was tightened up at noon today, and practically all messages regarding operations in France and Belgium are held up. Not since war began has censorship been so strict, which is taken to indicate that some action of unusual importance is going on. It is believed in some quarters that Britain may have landed a large force at Ostend which, with assistance of Belgians from Antwerp, may try to cut German rear.

Berlin, Sept. 1.—Germany claims victory over Russians defeating three Army Corps near Ortelsburg. Two Russian Generals, 300 officers vast quantities of ammunition and artillery, and 70,000 prisoners are claimed in German official quarters. Von Beulow claims to have defeated French at St Quentin, and to have captured entire English infantry battalion.

Von Housen has forced French back at Ethal and has captured Montgy garrison and fortress.

**SAYS TURKEY MOBILIZING.**

Rome, Sept. 1.—Official circles learn that Turkey has mobilized first line of 200,000 men.

**FIERCE ONSLAUGHT ON BRITISH MONDAY AND TUESDAY.**

London, Sept. 2.—A letter to a Colonel from a town in France, the name of which the censor has suppressed, says fighting proceeded all day Monday, huge German forces making a terrific onslaught against the British. Artillery fire and advances by masses of infantry continued all day, and towards evening the British force was forced to fall back to prevent being outflanked. Towards evening the French came up and delivered a counter attack on the Germans, repulsing the enemy along their front. The battle was continued on Tuesday, the Germans making fresh onslaught against the British force which formed the left wing of the allied army. The battle was still proceeding at the time of writing, but the British were confident of being able to hold the Germans back despite the disparity in numbers. Losses on both sides were heavy.

## Late Dispatches From The Seat Of War

### SITUATION IN FRANCE VERY SATISFACTORY.

London, September 9—Official reports for the first time use "very" in describing the war situation as satisfactory. People believe the tide of war has turned, for General Joffre says time has come to drive back the invaders, and the French Government announces that its stay in Bordeaux will be short. It is now known that 60,000 Indian troops, with 12 native potentates and 30 pieces of artillery are fighting with the Allies in France.

### SERVIAN ARMY SUFFERS TEMPORARY CHECK.

Nish, September 9—The Servian War Office admits that the forces which crossed the Save River to invade Bosnia, have withdrawn in the face of much larger armies. Reinforcements are on the way.

### GERMANS IN RETREAT BEFORE THE BRITISH.

Paris, September 9—An official statement says that the French left wing is advancing, and the German attack has weakened. Troops on the River Ourcq victorious. The defence of Maubeuge is continued heroically. The German right wing near Paris is retreating before the British. The entire situation is satisfactory. The advance of the English and French armies is described as slow but general. Near Nancy, in the Vosges mountains, and in Alsace the situation is unchanged.

### AUSTRIANS IN FULL RETREAT.

Petrograd, September 9—The great battle of Rawa in Galicia, 22 miles north west of Lemberg is over, and the Russians won a complete victory. The Austrians have retired everywhere and evacuated Russian Poland.

### DAY OF THANKSGIVING.

Ottawa, September 9—Thursday, October 8 has been fixed as Thanksgiving Day.

### PARIS HYSTERICALLY JOYOUS.

Paris, September 10—The capital of France is hysterically joyous. "Le Temps" and "Figaro" issued single sheet extra editions Wednesday announcing that the danger of the German occupation of Paris is past. The Allies in the field now outnumber the Germans for the first time since fighting began. Seemingly the Germans are short of ammunition at the front, and are having difficulties in provisioning. The French War Department officially announced that on the whole the Germans appear to be beginning a movement of retreat.

### ASQUITH WANTS ANOTHER HALF MILLION MEN.

London, September 10—Premier Asquith today asked Parliament to add another half million men of all ranks to the regular army.

### PEACE ONLY WHEN GERMANY DECISIVELY DEFEATED.

Washington, September 10—Ambassador Page at London, informs President Wilson that Great Britain is determined not to make peace until she has decisively defeated Germany.

Great Britain, France, Spain and China have agreed to sign peace commission treaties with the United States to prevent the latter suddenly being drawn into the conflict. Germany, Russia and Japan accept the principles of the treaties and Greece and Turkey are about to sign.

Tokio dispatches state that Japan has joined the agreement of the Allies not to conclude peace without the consent of all. Japan will not make peace with Germany until the war in Europe is over.

### CONVERTED CRUISER "OCEANIC" WRECKED.

London, September 10—The official press bureau tonight announces that the White Star liner merchant cruiser "Oceanic" has been wrecked on the north coast of Scotland. All the officers and crew were saved.

### RUSSIANS HEADING FOR BERLIN.

London, September 10—Despatches from Vienna state that advance guards of the Russian centre are marching towards Berlin.

Russian troops have invaded Silesia, and the capture of Breslau is imminent.

### ADMITS HEAVY LOSSES.

A message from Vienna officially admits that the Archduke Frederick lost 120,000 men in the recent Galicia battle; this was one fourth of his whole command.

### FRENCH BELIEVE TIDE HAS TURNED.

Washington, September 10—The French embassy states the German right wing has been withdrawn north of Petit Morin, and has been sharply checked on the right bank of the Ourcq. French troops are making progress at Sezanne. The situation is favorable in the Vosges and in Nancy.

### GERMANY SENDS SAILORS AND RESERVES AGAINST BRITISH.

London, September 10—German reinforcements including 60,000 reserves, and 40,000 sailors are now being rushed through Belgium to support the Kaiser's right wing, which the British have pushed back 25 miles. This right wing is now in retreat. Desperate fighting continues along the centre where the Germans are making a determined stand. The Allies have cut the German line of communication in the east, and hope to drive the invaders back upon the ammunition and supplies column.

### AUSTRIA, DISGRUNTLED, WILL SUE FOR PEACE.

London, September 10—The Austrians are evacuating Cracow. Reports say that Austria will sue for peace owing to her terrific defeat. The Government is disgruntled over Germany's failure to send more troops into Galicia.

### "PATHFINDER" SUNK IN TORPEDO BOAT ATTACK.

London, September 10—The official bureau releases the information that the sinking of the "Pathfinder" on Saturday was due to a torpedo boat attack, not to a mine.

## Connections Almost Complete.

Work Resumed on the K.V.R. After a Brief Close Down. G.N.R. Steadily Laying Steel.

(Hedley Gazette.)

As was stated in these columns last week the order was sent out almost a fortnight ago for work to cease on the K.V. lines. However, after a close down of one day the K.V. officials and provincial authorities went into consultation at Victoria with the result that work was resumed almost immediately, and is being pushed forward once more.

The steel on the G.N.R. from Coalmont north will reach the halfway point by the middle of the week. From that point only about another twelve miles will have to be laid to meet the C.P.R. steel from Merritt. Grading will be completed this week, and ballasting will soon be under way. This will give the Similkameen Valley direct communication with Vancouver via Spence's Bridge.

## Hospital Opening Next Thursday

On the afternoon of Thursday next, September 17th, as already announced, the new hospital will be formally opened. From 3 to 6 o'clock the Board and the ladies of the Hospital Auxiliary will hold a public reception in the new building.

This will be an excellent opportunity for the public generally to inspect the hospital, and it is hoped that all who possibly can will come and see what has been provided for the convenience and comfort of our sick.

The Auxiliary are yet in need of many things to fully equip and stock the new institution, and request that all bring something of practical use to the hospital with them when they come to the opening. Vegetables and wood will be very acceptable, and pillows are specially asked for. A generous donation of cutlery has been made, so that nothing further along this line will be needed at present.

The ladies of the Auxiliary put in a very busy day on Wednesday cleaning the interior of the building and putting much of the furniture in order.

Miss Aitchison, who arrived last week from Ottawa went into residence yesterday, as did her assistant, Nurse Armstrong.

## WOMEN'S INSTITUTE.

The regular monthly meeting of the Women's Institute will be held in the Men's Club at 3 o'clock on Friday, September 18.

The Department has asked that a contribution of 25 cents per member be made towards the provincial fund being raised by the Institutes as a special "war fund."

The ladies are desirous of publicly expressing their gratitude to Mr. J. M. Robinson for the use of space in the Empire block, and to all others who helped to make the Flower Show such a success.

Removing at the end of last week Mr and Mrs G. M. Ross are now enjoying the occupancy of their new home on Shaughnessy Avenue, the cottage recently vacated by Mr and Mrs J. N. Merrill.

A representative of a Vancouver department store has been making a house to house canvass of the district telling householders of the philanthropic work of his house in reducing prices. He did not tell our fruit growers how the price of peaches in Vancouver had been so forced down by his house in offering American peaches at cut prices, that our shippers were compelled to look elsewhere for buyers.

There were few who would grumble at the rainy Labor Day which was experienced here on Monday. The heavy showers of that evening and the following morning were especially welcome, not only as much needed natural moisture for inter-crops still to be harvested, but also as dust allayers on roads that were getting to be unpleasant, and a clearance for the smoke laden atmosphere.

## Determined to Eradicate Blight.

Field Corps Will Inspect Every Orchard And Tree In The Okanagan.

In order to thoroughly abolish any risk of fire blight infection in the Okanagan Valley, a field corps of ten men is now out, under instructions from the government fruit inspector to inspect every tree in every orchard in the Okanagan. Any trace of fire-blight will be followed up, and any infected trees or limbs found will be committed to the flames.

The evidence of fire blight in the province has this season only been slight, but Inspector Cunningham and his staff are determined completely to eradicate every vestige of the blight for fear it gets a foothold and works havoc in the orchards of the Okanagan as it has done in many of the orchards of Washington.

Assistant Inspector W. H. Lyne is now in the Valley and will resume the superintendence of the field corps which is waging war on the insect enemies of the orchardist.

## Kamloops Presbytery.

Rev. C. H. Daly and Mr. John Steuart attended the regular semi-annual meeting of the Presbytery of Kamloops last week. The meeting was held in the prosperous city of Kamloops, in St. Andrew's Church, and occupied two days.

Since the last regular meeting a new Presbytery, Cariboo Presbytery, has been formed north of latitude 52. Kamloops Presbytery now lies between the above named line and the American boundary. It stretches east as far as Field, and includes North Bend on the West. There are nineteen ministers in charge and sixteen student mission charges in the Presbytery. The consideration of these latter is the most important item in the business of the Presbytery.

Rev. Dr. Ferguson, Supt. of Missions for southern Alberta was a welcome visitor, and was the speaker at the public meeting on Tuesday evening. Arrangements were made for an evangelistic campaign to cover a considerable part of the Presbytery. The dates apportioned to Summerland are Nov. 15 to Dec. 2nd. Rev. Mr. Craig is the expected missionary. The next regular meeting of the Presbytery was set for Kelowna, and in February 1915.

Rev. C. H. Daly of Summerland, B.C., who is attending the Presbytery, is staying with Mr and Mrs G. D. Brown as their guest. Mr Daly was in Kamloops twenty-two years ago as a student missionary, and has many interesting memories to recall. The district which he then covered alone, extended over a distance of one hundred miles, and is now served by two ordained ministers and five student missionaries. Among his reminiscences Mr Daly recalled with amusement the time when he held services in a disused hotel at Campbell Creek, on which occasions Mr. William McLeod, who is well-known throughout this district, acted as church warden, as one gentleman expressed it, and everything in the way of seating accommodation then, being of such a primitive nature that it generally consisted of logs, boxes, etc., carried in, in the brawny arms of Mr McLeod. (Kamloops Sentinel, Sept. 2, 1914.)

## BOUNTY REGULATIONS.

The latest issue of the Provincial Gazette gives the new bounty regulations, which provide: "That, subject to the conditions contained in those regulations, bounties shall be given and paid to any person who is the holder of a license to carry firearms issued under the provisions of the Game Act, and to any Indian, for the destruction within the Province of noxious animals and birds, as follows: For each mature coyote, \$3; for each mature wolf, \$15; for each mature cougar, \$15; for each young of the coyote, wolf or cougar not less than one week old when killed, one-half of the above-named amounts, respectively; for each mature golden eagle, but only in respect of such birds when killed in the counties of Yale, Kootenay or Cariboo, \$3."

## Favor Issuing Baby Debentures.

Proceeds for Improving and Enlarging Distribution System.

Ratepayers Approve of Limited Expenditure on Storage Dams.

The voice of the ratepayers' meeting on Tuesday evening to discuss the question of providing additional storage water for irrigation and domestic purposes, was that if any immediate expenditure was contemplated, it might well be spent in improving the distribution system, so that loss of water from seepage and other such causes might be reduced to a minimum. Whether additional water was stored or not, it was felt to be imperative that the distribution system be improved, since it would be of little advantage to have plenty of water stored if it could not be conveyed without undue loss to the individual orchards.

Briefly the present financial situation, as laid before the meeting may be reviewed as follows:

Of the \$20,000 debenture flotation launched earlier in the year there now remains a sum of about \$11,000. Of this balance about \$3,000 is to be devoted to reservoir work, on a lake near the Eneas Creek headwaters, and of the \$8,000 remaining, \$4,000 or thereabouts will be required to complete the south main improvements planned out, still leaving provision for contingent work. Thus there are no available funds for the cement lining of the main ditch feeding the Jones Flat district, which it is now recognized is an essential improvement.

It is to this work that about \$4,000 will be devoted out of the \$6,000 to be raised by a scheme of local debenture issue which the meeting endorsed, leaving another small margin which can be devoted to other needed work.

Reeve James Ritchie called the meeting to order shortly after eight o'clock, and during his opening remarks, the Campbell Hall filled up till there was not a great number of unoccupied seats left. It was the best turnout of ratepayers for some time, though every section of the community was not represented as perhaps should have been the case.

In opening the meeting, the Reeve stated that the past season had demonstrated two things in regard to the irrigation system, namely, that some of the ditches were not large enough and that there was not sufficient water available.

It had not been known until this summer that some of the ditches were not able to carry their required amount of water, and further, when money was raised in the spring, all the work that an exceptionally dry season such as this would call for had not been foreseen. Mr Ritchie explained fully the situation and capacity of the system of reservoirs now in operation on Trout Creek and Eneas Creek. For \$7,500 it had been estimated that the main Trout Creek reservoir at the headwaters could be raised an additional five feet. Government engineers had been up in that district for the past few weeks and had been expected back to report at this meeting. But following out this scheme, a month or six weeks must elapse before all the surveying would be completed; further delay must ensue during the preparation of plans, and there would be hindrances that would make it doubtful whether the work could be completed in time to be of any practical value for another season. It was therefore left to the Council to do the best that could be done from existing plans without any delay. The purpose of the meeting was to decide how much work should be done to increase the storage on existing lakes and reservoirs. At present there was available \$8,000, and with this, additional water to the amount of 150 or 200 feet could be stored. There was none too much money left for work on laterals and mains that was necessary.

While the south portion of the municipality could be fairly well provided for, the Jones Flat ditch urgently needed lining also, and this expense was unprovided for. Judged by the cost of south main work, \$1.00 per foot would be needed to line the Jones Flat ditch, over a length of about 4,000 feet.

One of the biggest local difficulties lay in the economical distribution of the available water, and while additional storage water was undoubtedly needed in a considerable quantity, he thought that the immediate work that would leave available for use another hundred or two acre feet would help to relieve the situation. From his own observation he knew that there was an abundance of water in Trout Creek about the middle of July.

R. W. Nelson advanced a number of questions particularly in regard to the south main.

He enquired the amount estimated and spent on that ditch. Another of his questions, as to whether attention should not be given to the intake pipe from Trout Creek, brought the reply from the Reeve that preparations were in hand to put in the new steel pipe that would give a greatly increased flow.

## HOW TO FINANCE IMMEDIATE NEEDS.

Further questions elicited the opinion of the Reeve that the only practicable means of raising money for immediate work was by issuing short term debentures. These would be repayable in one, two and three years, and issued in small denominations, perhaps, \$10, \$25 and \$100, to be taken up if possible by local citizens.

The increased taxation this would make necessary would amount only to about 1/4 or 1/2 mill. Could the money be raised in Summerland?

More questions and opinions brought an agreement from the Reeve that the distribution system needed first attention. For a time Mr Ritchie was kept busy answering different queries put to him from various sources. General opinion seemed to lean towards the urgency of doing more cement lining. Col. R. Cartwright said the cement work should be done for the sake of economy; it would be saving in the long run, even if the tax rate had to be increased.

Reverting to the proposed issue of "baby" debentures, Reeve Ritchie contended that this course would be much more satisfactory than allowing men to work out taxes, which besides entailing more office work, did not produce the best results. Coun. R. Johnston supported this contention. Main ditches completely cement lined would carry enough water, was the Reeve's opinion and more of this work was to be done this fall.

There would be no delay in getting to work on existing dams and getting additional storage area. \$1,500 to \$1,800 would place a five foot dam of 150 acre feet capacity on a tributary to Eneas Creek, but to raise the height to 10 feet the government specified a cement core which would make the cost nearer \$6,000, though increasing the storage to 320 acre feet. The sum of \$7,000 expended on the Trout Creek main dam at headwaters would give that reservoir a storage of about 620 acre feet.

J. L. Hillborn saw the question for the meeting was whether money should be raised for storage purposes or distribution. His view was that if all the seepage was prevented, there would not be much heard of a water shortage. The difficulty would be largely solved if the money was spent on improving the ditches, for which the people would not mind paying slightly higher taxes because of the greater satisfaction forthcoming.

Reeve Ritchie brought the question to a head in an endeavor to ascertain whether the ratepayers would respond to an effort to raise debentures. If money were not raised now it might be too late, and it did not seem possible that the money would be raised advantageously outside. The sum to be raised by means of these local debentures was at first placed at about \$4,000, to be used mainly for cement lining work on the Jones Flat ditch. A show of hands was asked for to signify willingness to take \$100 debentures for this purpose, \$1,000 was thus pro-

(Continued on page 5)

## College Notes.

Prof. W. H. A. Moore and family expect to sail from Liverpool on the "Scandinavian," Sept. 19th, and to arrive back in Summerland on October 2nd or 3rd.

W. M. Armstrong returned to Summerland last week from the Coast, where he has been working in the interests of the Collogo during the summer months.

Mr. Traller is busy getting things in shape in Morton and Ritchie Halls to be ready for the opening on Sept. 23rd. A number of students have already enrolled, and it is hoped that a large number of local students will take advantage of the courses offered by the Collogo.

## Rifle Association.

At the special intercessory meeting held in the English Church on Friday last, 26 new members joined the association, and more are coming in every day.

On Saturday 18 of these attended the range for their initial practice, and some good shooting was the result. On Labor Day 12 new members again visited the range and fired over the 200 and 500 yards, putting on very fair scores, notwithstanding the adverse weather conditions.

The next practice will be on Saturday the 12th, tomorrow, when shooting will commence at 1:30; members to make their own arrangements as to transportation.

Councillor Simpson has returned from his visit to Ottawa.

## The Summerland Review

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED.  
RALPH E. WHITE, MANAGING DIRECTOR

SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

### Advertising Rates:

LEGAL NOTICES.—Twelve Cents per line for the first insertion; Eight Cents per line for each subsequent insertion.

LAND NOTICES.—\$7.00 for 60 days, \$5.00 for 30 days.

WATER NOTICES.—30 days, 150 words and under, \$8.00; each additional 50 words, \$1.00.

THEATRICAL, ETC.—50c. per inch for first insertion, and 25c per inch each subsequent insertion.

LOCAL NOTICES or Readers, immediately following regular locals, 20c per counted line; 10c per line each subsequent insertion. Half these rates when accompanying display advertisements.

LOGGING NOTICES Etc., 25c. per week, per column inch.

FOR SALE Advertisements, Etc., 2c. per word first week; 1c. per word each subsequent week.

Transient Advertisements payable in advance.

Rates for Contract Advertisements furnished on application.

Copy for change of contract advertising must be in the hands of the printer not later than Wednesday noon to insure publication in the next issue.

In accordance with schedule of prices adopted throughout the valley, charges for advertising are now being made weekly. Heretofore when five issues were made in one month the result was a loss. By the new method customers are charged each week for just the amount of space used.

FRIDAY, SEPTEMBER 11, 1914.

### UNITED INTERCESSORY SERVICE.

The Intercessory Service held last Friday evening in St. Stephen's Church, and in which the ministers of all the churches participated, was most solemn and impressive, and was largely attended, the church being crowded. The Boy Scouts had assembled at the school grounds and marched to the church, sitting in a body near the front.

The rector of the church, Rev. H. A. Solly, presided, and was assisted by Revs. C. H. Daly, R. W.

Lee, and N. McNaughton, the latter giving the address.

At the conclusion of the service the question of enlarging the membership of the Summerland Civilian Rifle Association was discussed at some length by the men, Major Hutton leading in the appeal for membership, followed by Col. Cartwright and others. The response was immediate and highly satisfactory, twenty-six new members being added to the roll that evening, and others continue to swell the number.

### Peachland Notes.

BORN—On Friday, September 4, to Mr and Mrs Webber, a son.

Miss Adelaide Hayward went to Naramata last week.

Mr William Bartlett of Naramata spent Labor Day visiting his lot here.

Mr William Garroway of Winnipeg is the guest of Mr and Mrs A. D. Ferguson at present.

Mr E. McGraw has been appointed constable and pound keeper, vice Mr Robert Keyes, resigned.

Mr and Mrs Herbert Logan are rejoicing over the birth of a fine boy, which event took place on Sunday.

Mr Norrington, government engineer and his assistant were in town last week looking over the main ditch.

Mr and Mrs D. Kirkby, of Penticton are guests at the home of the latter's parents, Mr and Mr John McLaughlin.

Mr Robert Angus and his mother, left this morning for Victoria, where they purpose spending the winter. Mr Fleming of the High School is moving into Mr Angus' house.

Mr E. W. Armstrong, who has supplied the pulpit of the Baptist Church here since Mr J. Marshall left, returned to Summerland on Monday evening and will again attend College.

The damp weather on Tuesday prevented many from attending the Women's Institute and hearing the excellent reports given by the delegates to the convention which met in Summerland last week.

Miss Jean Pollard, of Winnipeg is spending a vacation in town. Had it not been for the outbreak of war in Europe, she would probably have been on her way to Germany now to finish in vocal music.

Mr Wingate might have had a serious blaze on Saturday night, only that it was caught before it had assumed very large proportions. Mr Wingate kept his presence of mind about him and used his fire extinguisher to good purpose.

Miss Lulu Brown, who spent her holidays here and at Naramata, left the Valley on Tuesday morning for Vancouver, where she was married on Wednesday to Mr Percy Ames, of the Northern Crown Bank. We wish the young couple much happiness and prosperity in life.

Mr and Mrs Gibson, of Sacramento, arrived in town on Saturday evening, on a visit to the family of Daniel White, who is Mrs Gibson's brother. On Sunday a number of them drove up the hill to Mr White's pre-emption, where the day was spent. On returning the horse which Mr Gibson was driving bolted over the bank, upsetting the buggy. Mrs White and Mrs Gibson were both badly bruised and have been confined to bed all week. Mr Gibson left again on Wednesday morning for home.

## Mid-Week War Despatches

Review Telegraphic Service Tells Progress of Europe's War

### GERMANS IN RETREAT.

Paris, Sept. 7.—It is officially announced that the Germans are to-night retiring from the line from Nanteuil to Verdun after vigorous action with British and French.

### "AUSTRALIA" CHASING NURNBURG."

Honolulu, Sept. 7.—British Dreadnaught "Australia" is in full chase of German cruiser "Nurnburg."

### TAKES ANOTHER AUSTRO-HUNGARIAN CITY.

Petrograd.—The Russians have entered Czernowitz, 146 miles south-east of Lemberg.

### PACIFIC CABLE CUT BY GERMANS MONDAY.

Vancouver, Sept. 7.—Pacific cable from Vancouver Island to Australia and New Zealand was cut this morning between Banskfield and Fanning Islands, presumably by a German cruiser.

### WONDERFUL MARCHING OF RUSSIANS.

London, Sept. 8.—General Buzky, who has made terrific marches through Galicia is now engaged in an attempt to annihilate the Austrians under General Auffenburg. The battle has gone on for three days. The Russians marched 30 miles daily, sleeping three hours a night. They have captured the Austrian force at Nicolaiéff and Mikolajo, south-west of Lemberg.

A German trawler, "Rivigo," has been blown up by a mine.

### DARING FEAT BY BRITISH SUBMARINE.

Hull, September 8.—One British submarine in a daring exploit penetrated into the harbor of Bremerhaven and fired two torpedoes, then diving to the bottom of the harbor, escaped the Germans.

### MORE FIENDISH WORK OF MILITARISM.

London, September 8.—An Ostend Reuter's message says the Germans have destroyed the Belgian town of Dinant, after shooting all the male inhabitants, because it was alleged shots had been fired on German troops.

### KAISER QUARRELS WITH MINISTERS.

Rome, September 8.—According to a Berlin dispatch Emperor William has quarrelled with Chancellor Von Bethmann-Hollweg, and the Minister of Foreign Affairs, Von Jagow, the Minister being held responsible for the unreadiness of German diplomacy which led to a coalition of the Allies against her. Resignations of the two are said to be demanded.

### ALLIES TAKE MANY PRISONERS.

Paris, September 8.—English and French troops engaged in a battle east of the capital have taken numerous prisoners, including a battalion of infantry and a company bearing rapid fire guns.

### BELIEVED AUSTRIAN EMPEROR DEAD.

London, September 8.—Belief is growing here that the rumor that Emperor Francis Joseph of Austria died twelve days ago is true. News of the fact, it is said, is suppressed because of the dangerous internal situation in Austria.

London, September 8.—The Turks have concentrated 80,000 men at Tchataldja, west of Constantinople.

### ENEMY'S ATTACK REPULSED.

Paris, September 8.—The Germans attacked the French at Chateau Salina and Nancy, but were repulsed. The left wing of the Allies continues to make progress, the Germans retiring towards Marne River.

### SPEEDING TO FANNING ISLAND.

Ottawa, September 8.—British cruisers are now speeding to Fanning Island to repair the cable from Vancouver to Australia. It is believed that the Germans cut the cable and will attempt to capture the island for coaling purposes.

### ITALIAN PARLIAMENT FAVORS NEUTRALITY.

Rome, September 8.—A poll of the Italian parliament shows that the majority favor strict neutrality.

### GERMANY REFUSES AUSTRIA FINANCIAL ASSISTANCE.

Paris, September 8.—Germany has refused Austria's request for a loan and bankers have done likewise.

### ASKS AMERICANS TO PRAY FOR PEACE.

Washington, September 8.—President Wilson has issued a proclamation calling on the people of the United States to pray for peace in Europe.

### AUSTRIANS IN RETREAT.

London, September 8.—A Petrograd despatch says that signs of retirement by the Austrians over their whole front are evident.

### SLICING AUSTRIAN EMPIRE.

London, September 8.—The Serbian army has begun the invasion of Bosnia. Montenegrin troops are attempting the conquest of Herzegovina.

### AUSTRALIAN FOODSTUFFS FOR BRITAIN ONLY.

Australia, September 8.—The Commonwealth has prohibited the exportation of foodstuffs to any point outside the United Kingdom.

New York, September 8.—Transports leave Southampton almost every hour of the day bound for the continent.

### ADVANCE OF ALLIES CONTINUES.

Bordeaux, September 8.—An official statement says that the advance of the Allies continues, and that General Joffre reports all going well.

### GERMANS READY TO ATTACK ANTWERP.

Antwerp, September 8.—A German attack on this city is an immediate probability.

Antwerp is now isolated from the rest of Belgium, and that the Germans are marching on Ghent.

### PRESSING AGAINST HOLLAND'S FRONTIER.

Amsterdam, September 8.—German forces are steadily massing nearer the Dutch frontier. Many Belgian refugees are now in Holland.

### A NEW COMMUNITY OF NATIONS.

London, September 8.—The people of the city are urged by all influential journals to set Russian flags in places of public honor beside those of Britain, France and Belgium, as symbols of the new community of nations in the cause of peace and liberty.

### OUTLOOK "DISTINCTLY PROMISING."

London, September 8.—"Distinctly promising" is the only statement allowed to pass the censor, concerning operations in France and around Paris. It is conceded however that after weeks of retiring the Allies have assumed the offensive.

### ALLIES TO-DAY NEARLY EQUAL GERMANS IN NUMBER.

London, September 9.—The Allies to-day are about equal in numbers to the invading Germans. At least 3,000,000 men are engaged now on the plains of Chalons, true to prophecy, in another Armageddon, where Attila and the Huns were defeated in the world's bloodiest battles by the Romans and the Visigoths. On these plains Napoleon conducted his most brilliant defensive campaign.

### MINE LAYER CAPTURED.

A British gunboat has captured a trawler purporting to be from Grimaby laying sea mines. She had 200 on board.

It is reported here that two German merchantmen were sunk in the Atlantic by the French warships "Condo" and "Descartes" aided by the British cruiser "Bristol."

### ORGANIZING TO DRILL.

Following the example of Vernon, Penticton, and other lake points, a corps is being formed in Summerland in order that all male citizens may have an opportunity of acquiring some knowledge of military drill and tactics. It is intended that all will join the Rifle Association, and so acquire a knowledge of the rifle and how to use it.

We think it is the positive duty of every male capable of bearing arms to fit himself as far as he can against the possible time when he may find it his duty to serve under the flag.

The crisis is not past. Men are needed at the front, and will continue to be needed. When the time comes for YOU to go, you will not be the worse for a knowledge of drill and tactics, however small, so enroll yourself in the corps.

### CONDITION HOPEFUL.

The latest news received last night from Mr. G. W. Lang now lying in the Kelowna Hospital was that the amputation of his leg had been successfully performed during the forenoon, and that he was rallying from the shock as well as could be expected.

Mr Lang, it will be remembered, was very seriously injured by the overturning of his auto on the Peachland road, and his condition was such that he could not at once be removed to the hospital. Accompanied by Dr. Andrew, Mrs. Lang and others he was taken to Kelowna last week for treatment preparatory to the operation; while on Sunday his condition was serious enough, he has been gaining in strength during the week, and now that he has sustained the operation his friends are much encouraged.

### RUSSIA AGAIN PUSHING ACROSS PRUSSIA.

London, September 9.—Russia is again taking the offensive in her advance in East Prussia, and is now 60 miles beyond Koenigsburg with her vanguard.

### AUSTRIANS TERROR STRICKEN.

Austria is said to be terror stricken and about bankrupt. Trade is paralyzed and the people are in a panic. They are now fortifying Vienna.

The Russian Embassy announces a general engagement on Tuesday, all along the Austrian front. In the centre the Austrians are falling back.

### RUSSIAN SUCCESSES FIRE ROUMANIA.

The Russian successes in Galicia have aroused the Roumanians almost to a fanatic excitement in favor of Russia and France. Roumanian has 200,000 men ready to fight.

London, September 9.—The British official press bureau issued the following announcement to-night:

"The general position continues satisfactory. The Allies are gaining ground on their left all along the line of the Oureq and the Pottio Morin Rivers. The British have driven the enemy back ten miles. Fighting has been in progress to the right further along the line which includes Montmorin and Sompuis, neither side gaining advantage. Further to the right again the enemy has been pressed back in the direction of Rheims.

At Luneville an attempt by the Germans to advance has been repulsed.

## Story of the World's Greatest War

Told Day by Day by Wire & Wireless

### GERMANS MOVING TO MEET RUSSIA.

Five German army corps have arrived at the Vistula river, says a Rome correspondent. These corps are mostly from Belgium and northern France, and have moved to meet the Russians.

### HEAVY LOSSES INFLICTED BY ALLIES.

The Daily Mail correspondent at Gesras, near Beauvais, estimates the German loss at 200,000, and the loss of the Allies at 40,000. The Germans lost 20 per cent. at least of the force engaged.

### SERVIA INFLICTED SEVERE CHASTISEMENT.

Nish, September 5—In beating the Austrians in the battle of Javar the Servians captured 100 guns, and over 6,000 prisoners. The Austrians left over 30,000 dead on the field.

### MILLIONS FOR CANADIAN NORTHERN CONSTRUCTION.

Vancouver, September 5—Toronto report states that Sir William McKenzie, president of the Canadian Northern Railway, has announced in an interview the successful financing of the remainder of his railway project, through London underwriters for many million, and that the construction proposals of the company can now proceed. It is believed here that the Canadian Northern will go ahead with the branch lines including the line from Kamloops to Vernon.

### LADY STRATHCONA REMEMBERS STRATHCONA HORSE.

Ottawa, September 5—Announcement has been made by the Government that Lady Strathcona has given \$50,000 as a contribution to the maintenance of the cavalry regiment founded by her father, Lord Strathcona.

### ALLOWANCE FOR FAMILIES OF MARRIED VOLUNTEERS.

Ottawa, September 5—The Government has approved of a separation allowance of \$20 a month being paid to the wives and families of married men serving with the Canadian expeditionary force. In addition, the men may assign a portion of their pay to their wives and families, and rolls for this assigned pay are now being prepared as soon as received.

### BRITISH COLUMBIA'S MAGNIFICENT GIFT.

Victoria, September 5—B.C.'s gift to the Motherland is one million two hundred thousand pounds of tinned salmon. The shipment will go forward just as soon as its despatch can be arranged for.

### BULGARIA WILL REMAIN NEUTRAL.

Paris, September 5—A Havas Agency despatch from Athens says that the Bulgarian Minister to Greece has assured the Government that Bulgaria has decided to maintain the strictest neutrality until the end of the war.

### H.M.S. CRUISER "PATHFINDER" STRIKES A MINE.

London, Sept. 6.—The British light cruiser "Pathfinder," nearly as big as the "Rainbow," and carrying 268 men was blown up by a mine in the North Sea; loss of life unknown.

### MORE BRITISH TROOPS SENT TO CONTINENT.

London, Sept. 6.—England has sent a fifth army corps across the channel to reinforce the troops now there. Censor conceals its strength.

### INDIAN TROOPS IN ACTION.

The East Indian troops are now on the battle line and met the Germans at Termonde, near Ghent, Belgium, where the Kaiser's troops were beaten and their advance on Ghent halted for the time being.

England is sending a great squadron of aeroplanes to the Continent.

### GERMANS DREAD BRITISH CAVALRY.

General French says the British cavalry do as they like with the enemy until they meet twice their own numbers. German patrols fly before the British horsemen, and the German troops will not face our infantry fire.

### PASSENGER BOAT SUNK BY GERMAN MINE.

The Wilson liner "Runo" struck a mine in the North Sea and went down. She left Hull yesterday with 600 passengers; loss of life unknown.

### KAISER DIRECTING FIERCE ASSAULT ON NANCY.

The Germans are assailing Nancy fiercely, and the Kaiser is there directing operations.

Maubeuge, where the French and English troops are besieged holds out bravely.

### ENCIRCLING PARIS.

The Germans are skirting the south-west of Paris with a large force, but are not directly in contact with the allied forces around the city.

### DECISIVE BATTLE BEING FOUGHT.

London, Sept. 7th.—A great decisive battle is being fought to-day at Verdun. The fourth German army is marching south trying to cut off the retreat of the French eastern army.

### ALL GALICIA SOON IN HANDS OF CZAR.

The Russian army has surrounded Przemyśl, west of Lemberg, the last fortified city in Galicia.

Four Grimsby trawlers saved more than 300 from the Wilson liner "Runo." Less than 50 persons lost. The captain and 50 of the crew of the "Pathfinder" were saved.

### DRIVING BACK THE ENEMY.

Antwerp, Sept. 7.—Anglo-French troops have brilliantly driven back the Germans near St. Quentin.

The Germans lost 3000 in a fight at Thirsoit, Belgium.

### FURTHER HEAVY AUSTRIAN LOSSES.

The Austrian army near Krasnosodow, in the Lublin region has suffered great losses from the Russians.

### ENEMY SEEMINGLY WORSTED IN FRANCE.

General action is proceeding to-day between the Allies and Germans east of Paris, from Nantoull to Verdun. The Germans have started retreating.

Germans have captured Tormoldo after a stout Belgian resistance. The Belgians have repulsed another attack on Antwerp.

### RUSSIANS BRING DOWN A ZEPPELIN.

Petrograd, Sept. 7.—Russians fired upon and brought down a Zeppelin and a German aeroplane near Solda.

### GERMANS RETIRING ALONG LONG LINE.

Boulogne, Sept. 7.—The Germans retired quickly on Sunday afternoon from Valenciennes, Armentieres, Douall and Bailleul.

Genova, Sept. 7.—The Germans on Sunday dropped three bombs into Belfort, one struck a Red Cross hospital and injured three wounded soldiers.

### ROUMANIA WILL ACT WITH ITALY.

Washington, D.C., Sept. 7.—Roumania has announced officially that if she abandons neutrality she will follow whatever course Italy takes.

### BRITAIN APPROVES SENDING U.S. WARSHIPS TO TURKEY.

Britain has informed the United States that she will look with favor on sending of United States warships to Turkish port to take care of the Christians in case of a Mohammedan uprising.

England has expelled German and Austrian consul officers from Egypt.

## WAR NEWS

Special Dispatches to the Review Too Late for Last Week's Issue.

### SPAIN TO AID FRANCE.

Paris, Sept. 3.—Spain will send her armies to help France if needed, says Senor Liroux, Spanish radical leader. He will proceed at once to Bordeaux, where President and Cabinet have established Government.

### NEARING PARIS

Paris, Flash, Sept. 3.—German outposts have been reported near this city's fortifications (not confirmed as yet).

### BATTLE BEFORE PARIS STILL RAGING.

London, Sept. 3.—Battle to decide whether history will repeat itself in the siege of Paris is still raging, says official announcement. All the censor will pass is that continuous fighting has been in progress along the whole line. Military authorities agree that Paris will soon be the pivot of war in the west. But even the downfall of French capital will not end these operations.

### GREAT VICTORY OF RUSSIANS OVER AUSTRIANS.

Cheerfulness has been encouraged by news of entry of Russians into Lemberg, capital of Galicia. Battle of Lemberg one of the greatest ever fought, line extending over 200 miles, and more than 1,500,000 men engaged. Russians have been so sweepingly victorious that roads to Vienna and Berlin will soon be open to them. The Austrian army was utterly crushed says official Russian statement.

Amiens has been taken by the Germans after three days fighting.

### ONE QUARTER AUSTRIAN ARMY PUT OUT OF ACTION.

St Petersburg, Sept. 4.—A Russian official report states the Austrians were defeated when they tried to break through the Russian centre between Lublin and Köhlm. They retreated and lost 1,000 prisoners and several guns, and were defeated again next day, losing 20 more guns. The Austrians were beaten again at Heliez, leaving 4,500 dead on the field. In all the victories near Lemberg the Russians have put out of action one quarter of the Austrian first line troops, and captured one quarter of their artillery.

### WITHIN 25 MILES OF PARIS.

London, Sept. 4.—The Times correspondent at Diest wiring on Thursday indicates the Germans are less than 25 miles from Paris. All day yesterday, he says, the head of the German wedge battered at the rear of the retreating French through Creil, Senlis, and Crepy en Valois. The Germans have entered Clermont and Braubais.

### BRINGING RUSSIAN TROOPS TO FRANCE.

New York, Sept. 4.—A Russian army of 72,000 men, transported from Archangel, Northern Russia, was landed at Aberdeen, on the east coast of Scotland on August 27, and conveyed on several trains to Harwich, Grimsby, and Dover, where transports were waiting to transport them to Ostend, Belgium. According to officers and passengers on the Cunard liner "Mauretania," which arrived last night from Liverpool.

### STILL MISTRUSTFUL OF TURKEY.

London, Sept. 4.—The attitude of Turkey is still awaited with anxiety, and a St Petersburg dispatch says she is mobilizing on the Prussian boundaries, but slowly.

### GERMAN RIGHT CHECKED.

Ostend, September 4.—German right wing reported checked, and that they have retired to St Quentin, which was their point of fighting more than a week ago.

### REPORTS INDICATE ANOTHER NAVAL ENGAGEMENT.

London, September 4.—Official bureau has issued the following: According to information received from a trustworthy source, seven German destroyers and torpedo boats have arrived at Kiel in damaged condition, and it is understood that others have been sunk near Kiel. This would indicate another naval fight.

### TORPEDO BOAT STRIKES MINE.

London, September 4.—(Official Report)—Torpedo boat "Speedy" struck a mine and probably went down after having received a number of the crew of the steamer "Linhadell," which had just previously struck a mine in the North Sea.

### STRONG APPEAL FOR MEN.

London, September 4.—In the historic Guildhall of London, Premier Asquith to-day started a crusade to stimulate enlistment under the British flag. He is calling on every able-bodied citizen of military age to come to the help of the country in her time of need. He says between 275,000 and 300,000 have responded to Kitchener's call. Speaking further the Premier said: "We are at present in the early stages of what is going to be a protracted struggle. We must steel ourselves to persevere in the task to the end." The Premier called the Germans "buccaneering adventurers," characterized their sacking of Louvain as "the greatest crime against civilization." "This shameful holocaust," he continued, "was performed by blind barbarian vengeance. Sooner than stand aside we would see this country of ours blotted from the pages of history. The invasion of Belgium was the first step of the greater policy to crush the freedom and the autonomy of the free states of Europe."

Rome, September 4.—Serbian secret society is preparing a revolutionary movement in Bosnia and Herzegovina, which will break out simultaneously in Bohemia and Hungary.

Paris, September 4.—It is officially announced that the opposing armies around Paris are not yet in contact. They continue movements of taking position. In the district of Viridun, the Germans have sustained some check. In Lorraine and Vosges our troops won fresh partial successes.

The German advance on Paris has been stopped. The advantage has been with the Allies since fighting was resumed this morning, according to reports given out by the military Governor of Paris.

Rotterdam, September 4.—The British Consul denies that an ultimatum has been sent to Holland demanding permission to transport troops up the River Scheldt. He says that Britain wants Holland to remain neutral.

### AUSTRIAN ARMY NOW USELESS.

London, September 5.—The official Russian statement concerning the capture of Lemberg, the capital of Galicia, says that it is believed the remnant of the Austrian army left after the Russian attack is no longer of military value. Besides thousands of men killed and wounded or made prisoners, the Russians report that they took 200 guns from the Austrians. The Russian Foreign Minister telegraphed the embassy here that the Austrians left 25,000 dead on the battlefield near Lemberg. One Austrian division was practically annihilated, the general-in-chief, and staff being killed.

### SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,  
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

## The Price of Success

Big business is not an accident—it is a result. It is the fruit of purpose, energy, persistency and ADVERTISING.

You know the story of Rip Van Winkle—the man who went to sleep for 20 years and who, when he awoke, expected to find the world the same as it was when he entered Slumberland.

There are men to-day very much like Rip Van Winkle—their point of view and their practices are those of a generation past. They do not believe in advertising.

To succeed in these modern days one must be in accord with the spirit of to-day. For a merchant this means that he must advertise, if he would prosper.

### A WORD TO THE PUBLIC.

Where are you served best and most pleasingly? The answer is almost sure to be—"Where we are invited and made welcome. At those shops which prize our custom enough to seek it, and who ask for it every week through the medium of advertisements in "THE SUMMERLAND REVIEW."

## Confidence A PLANT OF SLOW GROWTH

And this is very much  
the case in dealing with  
men.

They do not usually  
jump at things. There  
must be more than the  
simple "say so" to win their  
confidence and trade.

The making of clothes  
for Canada's best citizens  
to the extent that is the  
case with this house  
through the medium of  
their thirteen hundred  
agencies has not come  
about in a day.

Confidence had to be  
established. Men, critical  
at all times in their esti-  
mates, had to be satisfied  
that they were getting the  
best the tailor's art could  
produce.

Today they are satisfied  
—and in that fact you  
have an explanation of the  
wonderful success that has  
come to this great made-  
to-measure tailoring house  
doing business in all parts  
of Canada's wide domain.  
Every garment made to  
measure.

# Passing Events: Social, Personal, &c.

B. L. Hatfield and family spent last week-end in camp at Chute Creek.

Mrs E. C. Graham and little son is visiting with friends in Vernon and vicinity.

L. C. Woodworth went out to Calgary this morning on another cattle buying trip.

Chas. Wharton has accepted a position on the K.V.R. survey and left last week for his new work.

St Andrew's Society meeting to be held in Presbyterian Church vestry, Tuesday 15th Sept., at 8 p.m.

Miss Gertrude Powell of Peachland arrived on Saturday evening's boat to spend a week in Summerland with her friend, Miss Moke.

Dr. T. B. Turner, dentist, will spend Monday and Tuesday of each week in Summerland. Crown, Bridge and Gold Inlay work a specialty. tf

The regular monthly meeting of the Ladies' Hospital Auxiliary will be held on Tuesday, the 15th of September at three o'clock, in the new hospital. A full attendance is requested as all arrangements must be made for the opening on Thursday, 17th.

Two most excellent sermons were delivered last Sunday to large audiences by Rev. J. A. Francis, D.D., who arrived here with Mrs Francis last Saturday and are this week the guests of Mr and Mrs Isaac Blair. Dr Francis preached in the Parkdale Baptist Church in the morning and St Andrew's Church in the evening.

That skunks are among the most useful of the native mammals, and are most efficient helps to the farmer and orchardist in their warfare against insect and rodent pests, is the conclusion recently reached by the United States Department of Agriculture. Thirteen States of the Union have passed laws protecting by close seasons these animals from needless and indiscriminate slaughter.

### FAVOR ISSUING BABY DEBENTURES.

(Continued from page 1).

misled, though the Reeve was of the opinion that the meeting should account for about \$2,500.

W. M. Wright thought the meeting did not quite understand how an improvement to the Jones Flat main would benefit the rest of the system. If the great seepage there were obviated there would be additional water saved for the south main or any other section that had need of it.

T. J. Washington agreed with the need for improvement to the Jones Flat main, saying that if all the water that entered the ditch at the west end were saved for the orchardists everyone in that section would be satisfied.

J. L. Logie spoke on the situation at some length. His experience was that conditions, though by no means perfect yet, were still greatly improved over former times. It must be realized by all that the water system as a whole was small and would not carry all the water everyone would like. In his opinion there was not quite enough storage water, but the need of better distribution came first. Water saved from one part of the municipality went for the benefit of the rest. He placed the amount to be raised by "baby" debentures at \$6,000, repayable in sums of \$2,000 in 1915, 1916, and 1917. The increase in taxes necessary per ten acre lot would amount to about \$3.75, and he thought almost everyone would be willing to stand for that. Mr Logie showed how this debenture issue would help the situation. Cement lined ditches would last for a long term of years, serving their purpose well in other seasons had from the water standpoint. Year by year more water would be needed. The question for the meeting was could \$6,000 be raised here to help the situation?

The Reeve agreed that the amount immediately needed had better be raised to \$6,000 in order to leave a margin for some of the smaller undertakings that it would be found were necessary, several of which he instanced.

At the suggestion of the meeting Mr Logie drafted out a resolution designed to get the opinion of those present. This motion he read and thoroughly explained, and

The electric light current is now being turned on at five o'clock and continued till one.

Mr Gordon Dinning was a visitor to Summerland from Kelowna over the holiday week end.

Harvey Phinney has accepted a position as chief fruit packer at Walthachin, and leaves this week for that place.

Bert Figgis, who has had some military training, enlisted with the B.C. Horse at Kamloops and was sent to Valcartier.

Ronald Snider, son of S. B. Snider, recently enlisted with the 72nd Highlanders at Vancouver, and has gone to Valcartier with his contingent.

Mrs E. R. Butler, with her infant son, was an arrival home by the "Sicamous" on Monday, after an absence of some weeks at Rossland, B.C., on a visit to her parents, Mr and Mrs J. C. Robson.

Commencing on Monday morning, 14th inst, the practice of making up the north bound mail in the Summerland Post Office which has obtained during the soft fruit shipping season will be discontinued, and the mail will be closed at the usual hour of 9 p.m.

To represent the Southern Okanagan Poultry and Pet Stock Association Secretary C. N. Borton went down to Vancouver on Monday to attend the Provincial Association which meets in that city during the Vancouver Exhibition.

Mr and Mrs R. E. Brown of Marsden, North Dakota, are registered at Felix Hotel. Previous to her marriage in July last Mrs Brown was Miss Lloyd, and will be remembered by many as a former matron at the Summerland Cottage Hospital.

Another big slide just north of the C.P.R. wharf early this week again completely blocked traffic along the lakeshore. The municipal authorities have decided to replace the domestic pipe line on the hill above in order to stop the leak which has been causing the trouble.

Have you tender feet? Try the Beresford Men's Cushion Soled Boot wide-fitting, with arch support, built into the shoe; a wonder of comfort and good workmanship. Mr. Beer has just laid in a stock of Ladies' and Gentlemen's Cushion Soled Shoes, manufactured by the Minister Myles Shoe Co., Canada's best.

Postmaster Hayes has received an enquiry from the Dead Letter Office asking for the name and address of the writer of a letter of value posted here on June 29th, addressed to Mrs Fannie Smith, care of Mr Tom Graham, Delaware Ave., Toronto. The letter is headed "Dear Fannie," and signed "Mother." Any information that will lead to the identification of the sender or present address of Mrs Smith will be appreciated.

after a discussion which suggested some slight changes, the resolution, moved by Mr John Steuart and seconded by Mr C. E. Craig, was as follows: That a canvass of the municipality for the sale, locally, of \$6,000 debentures, bearing interest at 8 per cent, be made, and, if \$3,000 is subscribed, the Council be requested to pass a By-law for \$6,000, repayable in three annual payments of \$2,000 for the purpose of enlarging and improving the irrigation ditches and flumes of the irrigation system of the municipality. It was understood that the denomination of these debentures be low, the highest being for \$100, and that the rate of interest named be arbitrary, left finally in the hands of the Council. Put to the meeting in due course by the Reeve, this motion was carried without a dissenting vote.

The Reeve was of the opinion that a good portion of the \$6,000 should be guaranteed from the meeting in order that the work might be proceeded with immediately, and made another effort to get promises from those present to take some of the debentures. The final count showed that seventeen were willing to take \$100 debentures, three promised \$60, and four \$80, making a total of \$2,000 of the proposed issue already taken up, leaving \$4,000 still to be disposed of.

The meeting adjourned shortly before 11 o'clock.

Dr Andrew will to-night give all the Boy Scouts, except the tenderfoots their second examination in first aid.

Ralph Brown is leaving by tomorrow morning's boat for Guelph, Ontario, where he intends taking a course in the Agricultural College.

Dr C. A. Jackson, of Penticton, has opened a dental parlor in Dr Andrew's office, West Summerland and will be there every Tuesday until further notice. ad

Mrs Cornish, guest for about two months of Miss Olga Watson at the home of her parents, terminated her stay in Summerland at the end of last week, and returned to her home in Rossland.

Ladies, have you ever worn the Vassar Shoe, made by the Minister Myles Co? If not, you have yet to wear the best shoe on the Canadian market. Take a look at the window of the Leather Store and see the Vassar Tango Slipper which is to be the fashion of the coming winter season.

Methodist services will be conducted on Sunday next by the pastor, Rev. R. W. Lee—the morning service at 10.30 a.m. will be in the Methodist Church while the service at 7 p.m. will be in St Andrew's Church the subject being "Some of Life's Contradictions." You are invited.

Mr I. W. Williamson, secretary of the Provincial Sunday School Association for British Columbia, will give a lantern lecture in the Lakeside Baptist Church next Friday evening, September 17. Mr Williamson's subject will be the International Convention of 1914, held in Chicago. All local Sunday School workers and all interested in the work of the Sunday School should be present. A collection will be taken.

# OUR NARAMATA SECTION

## BOY SCOUT DOINGS.

Thursday evening, a new patrol, the "Wolf," was formed, with Stewart Allen leader, Stanley Stiff second, and Arthur Stiff was appointed second to the "Eagle" troop, under F. H. Hughes. The two patrols are pretty evenly matched, the "Wolf" having eight members and the "Eagle" nine, making a total of seventeen scouts in the troop. Plans were also laid for the week under canvas. It was decided to have white for the troop colors, and each Scout was instructed to procure a white neckerchief.

At 8 p.m. on Friday the whole troop, in full uniform, assembled at their headquarters and marched to the camping ground, where an advance party had pitched the tents and prepared the fireplace.

"Silence" is sounded at 9.45, and "Lights Out" at 10 p.m. The "Reveille" is blown at 5 a.m. Sentries are posted from 10 to 12, and there are not many late passers who escape their "Halt, who goes there?"

Saturday was spent in games, tests, etc.

On Sunday morning the Scouts attended church in a body, and were welcomed by Mr T. H. Wilson of Penticton, who gave the boys a short talk before the sermon. The afternoon was given over to entertaining numerous visitors from town; and to reading, sleeping, talking, etc.

In spite of the rain five of the larger boys walked to Chute Creek on Monday-morning in search of kick-aninies, but all they got was a good wetting and an immense appetite, which was satisfied by the cook with an immense pot of "Mulligan." Owing to the precaution of digging a trench around each tent the boys spent a dry, comfortable night under canvas, and breakfast Tuesday morning was prepared under great disadvantages owing to the rain, and was eaten in the tents. But in the words of the camp poet,

"WHAT DO WE CARE?"  
 What do we care if the spuds are half done,  
 And the tea has boiled for an hour?  
 If the porridge is burned,  
 And the eggs were not turned,  
 And the milk has all gone sour?  
 If ther're ants in the sugar,  
 And soap in the cheese,  
 And the butter is mixed with the lard?  
 And the jam, and the pickles are both in one dish,  
 And the biscuits have all got hard?  
 If there's chips in the soup and potatoe peel,  
 And the water is none too clean,  
 And there's rust in the pail,  
 And the bread is stale,  
 And the bacon is far from lean?  
 If the porridge is thick,  
 And is stirred with a stick,  
 And some specks are floating around,  
 And the beans are all mush,  
 And the coffee like slush,  
 And the stew has been spilled on the ground?  
 All these little things are part of the fun,  
 And you don't hear anyone ramp.  
 For you rough it and tough it with-out a word,  
 When you stay for a week in camp.  
 If the tent does leak,  
 And your things get wet,  
 And a stream drops on your nose?  
 And the water is wet,  
 And the tent like a net,  
 And you spoil your nice clean clothes?"

## Current Events — OF — Town & District

Mr and Mrs Carroll C. Aikins have gone out to Vancouver on a three weeks' vacation outing.

Miss Dorothy Simpson returned to Vernon on Sunday from a month's recuperation in the domestic circle.

Mrs W. A. McCullough, of Penticton, spent Wednesday of this week in town renewing acquaintances.

Mr Ed Hayward, after undergoing a successful operation for appendicitis, has returned to his home here.

Mr Greer, of the Penticton Lumber Company, with his bride spent a short holiday in and around Naramata, guests at the Syndica House.

The fruit lot commonly known as the Dagg lot has again changed hands, the latest purchaser being Mr. George Partridge, of Bradenbury, Saskatchewan.

The local troop of Boy Scouts spent the week in camp on the lakeshore under the direction of Scoutmaster Harry Pitman. The boys report having the time of their lives.

Mrs. Cunliffe, a sister of Mrs George Wolstencroft whose guest she was for the summer, left on Friday morning accompanied by her son, Stanley, for her home in Accrington, England.

The post office in its new quarters is proving most convenient to all parties concerned. Not the least of the agreeable features of the change is the brightening up effect as a result of the fresh coat of paint.

Miss Adelaide Hayward went up to Peachland for a short while, but will probably return soon, as her folks, we are pleased to note, are likely to soon again occupy their Naramata home.

Mr Jack Robinson left to-day for Spokane on business in connection with the Mammoth Gold Mining Company, and will be absent only a short time. On his return he will be accompanied by his sister-in-law, Mrs R. C. Robinson and her little daughter, who are to spend the winter in this province.

An incipient fire which but for timely checking might have burned up half the town started to blaze up in a rubbish heap back of Ireland's restaurant last Friday morning, fanned by a freshening breeze. Some party returning from the dance in Summerland noticed the fire and rousing Mr Ireland, soon had the fire extinguished, with the aid of a few buckets of water.

Rain, rain, at last! Seldom has the patter of rain upon the roof been more welcome than that which fell on Monday and Tuesday of this week. The shower has resulted in a very much increased flow in the creeks, so much so that the management of the electric light plant have again turned on the power, adding greatly to the cheerful appearance of our now well-lighted streets.

The Boy Scouts are this week having the time of their lives camping on the lakeshore. The boys are telling their own story in another column—hear them talk! It is reported that one citizen who attempted to break within the outer guard and gain entrance to the camp without being able to give the pass word came within range of the "gun" of the sentinel, and received a sound whack on the cranium. A pleasing feature of the Sunday service was the appearance of the lads in their neat and serviceable uniforms, marching in fine order to service.

## The Old England

JULIUS W. A. BLOCK,

## Current Events.

(Continued)  
 To Scoutmaster Harry Pitman belongs the praise for enabling the lads to arrange what is for the boys a very enjoyable and withal a profitable ten days' camp.

The first shipment of grapes of any magnitude was brought to town this week by Mr Duncan Munroe. A good portion of the shipment is from Premier Scott's orchard.

It is learned on good authority that the survey party at work on the water site investigation have about completed their work and that the camp will shortly break up.

Friends of Mr J. S. Gillespie will regret to learn that a decided change for the worse has taken place, and at the moment of writing it is feared that he may not recover.

Mrs Scott, wife of Hon. Walter Scott, Premier of Saskatchewan, accompanied by her friend, Mrs Frank, of Regina, is spending a belated but pleasant holiday at Naramata.

Many of our citizens have felt that they would like to see a formal and public opening of the school. It is learned that the school board have the matter under consideration.

Miss Chisholm, of Winnipeg, formerly of town, paid us a short visit on Monday in company with Mrs W. J. Robinson, of Summerland, her hostess during Miss Chisholm's stay in the Okanagan.

Mr Ireland is this week tearing down the building next to the Morsch store, and recently known as Ireland's restaurant. The family have moved into one of the McKay cottages on north-of Fourth Street.

Contractor Footner is still held here awaiting the arrival of part of the water works equipment for the new school. The goods are on the way and upon their arrival but a short time will elapse before everything is in shape for opening.

The reception planned for Wednesday afternoon by the Unity Club ladies in honor of Mrs Gillespie, who was about to leave for Battle Creek, Mich., was declared off on account of the very grave condition of her husband who has taken a serious relapse.

Nurse Williams has purchased a lot on the lakeshore, north, where in the near future she hopes to build. The nucleus of a cottage hospital is being placed in position this week as Mrs Williams has purchased the building formerly known as the I. W. W. Hall.

Miss Gladys Robinson gave a delightful tennis party to her girl friends of Naramata last Saturday afternoon. Not the least of the enjoyable features was a trip in the evening across the lake in the "Naramata." Amongst the list of newcomers to town in attendance were the two school teachers, Miss Whitworth and Miss Foster.

The committee in charge of the water extension project evidently don't intend to allow grass to grow under their feet. Under their direction the first advance was made on Wednesday when Messrs Mitchell and Hornsey and foreman Nuttall started in the direction of the upper dam with a supply of provisions and tools. This trio will do some preliminary work before calling out the full force which will eventually be at work on the construction of the proposed improvements to the upper reservoir.

Captain and Mrs Languedoc on Sunday morning, got quite a scare upon discovering that some clothing hanging on a line above their stove had caught fire through some of the articles falling on the hot stove. When discovered the flames were making good headway, and in a few moments more the fire would have been beyond control. As it was a couple of buckets of water—which fortunately had been run off the previous night in anticipation of the supply being cut for three days—saved the situation. The loss will not exceed twenty or twenty-five dollars, which is, of course, fully covered by insurance.

Messrs H. J. Wells and George Cook made a canvass of the community last week in the interests of those of our number who purpose donating on a year's time the labor involved in improving the dam. The levy in cash from lot owners who don't choose to work the levy out, amounts after all to a mere trifle—a dollar an acre—when

**Vinegar and Spices**

**YOU** might think that there is little to choose between varieties of Vinegars, Spices and Mustards. But there IS --- and it will surprise you to know that more difference exists between them than amongst grades of meat and brands of flour. So just as you pick out the best in meat and flour, you should get the very finest in Spices and Vinegars. All the flavor and pleasure of eating may depend on that choice. It will make the difference between a good meal and a bad one.

# The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 7, No. 7

SUMMERLAND, B.C., SEPTEMBER 18, 1914.

Whole No. 320

## New Hospital is Formally Opened.

### Large Gathering Attends Successful Function on Thursday.

#### Opening of Institution Crowns Strenuous Efforts of Two Interested Bodies.

##### Description of New Building.

The very large attendance, despite the rather threatening weather, at the formal opening of the Summerland Hospital on Thursday must have been very gratifying to those who have been shouldering the heavier part of the work. It is estimated that more than three hundred presented themselves at the "At Home" given by the Society, Ladies' Auxiliary and Hospital Staff. Shortly after three o'clock President W. J. Robinson called the gathering to order, and after reviewing the history of hospital work in this community which had had its ups and downs and of which this new and magnificent building was the final result, Mr. Robinson expressed surprise at the wondrous response and sympathy given by the citizens and asked that the institution be looked upon as the people's building where everyone was welcome. It is a home for our sick. The President called on the architect, Mr. H. C. Mellor, to deliver the keys to the society.

Mr. Mellor expressed pleasure in being able to hand over such a fine building to the Hospital Society and the people of Summerland, and reviewed the deliberations of about a year ago when various propositions were made to provide a hospital in place of the one condemned, it being finally decided to build rather than rent or buy and remodel. He was glad to say that the building had not cost one dollar over the specified amount. Three-quarters of the cost had been paid, but \$1,500 should be made up within the next forty days. It was particularly the wish of the society that all debts be paid before the end of the year. He complimented the contractors and men who had done good work. The building was substantial, well built, convenient, and one of Summerland's best assets.

As it was largely through the efforts of Mr. J. M. Robinson that the hospital site was procured without cost it seemed but fitting that he should be asked to formally open the new institution.

In beginning his remarks Mr. Robinson said that he was always interested and proud of what was being done in Summerland, and he looked upon this institution as a final argument for our religion as compared with other world religions, a carrying out of the work of love for fellow creatures. Summerland was a community of churches and church and educational work. The Hospital was the rational outcome of our religion, and assured the ladies of the Auxiliary that they were doing the highest kind of religious service. Summerland had its churches, college, electric light, telephone, an excellent paper, and all such conveniences, and it was time for a good hospital. Mr. Robinson said that he had positive knowledge that we had a wonderfully capable and experienced matron, and the sick would be better cared for in the hospital than was possible in their own homes. Summerland had the support and sympathy of Naramata in this movement. Mr. Robinson formally declared the institution open for business.

Dr. Sawyer followed with a few short remarks, declaring that the establishing of the hospital was along the lines laid down by Christ himself.

As President of the Board of Trade Mr. R. H. English congratulated the Hospital Board and Auxiliary for their splendid work and gave expressions of gratitude to the ladies who, notwithstanding repeated discouragements, had finally accomplished their purpose.

Tea was served in the dining room from four to six.

Many articles, helpful and necessary in the operating of the hospital, were brought in by citizens and gladdened the hearts of the management. More detailed mention and acknowledgment will doubtless be made later.

#### DESCRIPTION OF THE BUILDING.

The substantial exterior appearance of the new hospital is not belied by its interior arrangement and appointments. It takes place not only as Summerland's latest public building, but also as its best. From plans prepared with an evident eye to utility, and a design combining dignity and simplicity to an unusual degree, a building has been erected that in workmanship undoubtedly does great credit to the main contractor and the various sub-contractors.

The courtesy of a complete inspection of the building was extended to a representative of the Review during the week by the Matron, Miss Aitchison. The main entrance on the south side of the building opens into a spacious hall at the angle of the corridors of the two wings. At first glance the roominess of the building becomes apparent, no part contradicting this impression which has risen in the first glimpse of the interior. A reception room opens from the right of the entrance hall, and provided with a number of comfortable chairs, a table and a rug makes a room very well adapted to its purpose.

Across the hall is the operating room, snowy white in every detail, with an operating table, bringing to mind the surgical part of hospital work. This room has been finished after the most modern manner followed in fitting out large hospitals. The walls and ceiling are treated with several coats of a special enamel and the floor is cemented, thus allowing a free use of water in cleaning carried away by a drain provided. The strong lighting essential to the doctors' work has been obtained with two large windows, and the electrical lighting will be almost as strong. A larger operating table is being obtained to supplant the small one now on hand, and other fittings will be added later. Off the operating room there opens a smaller room which is intended will be used for sterilizing, washing, and perhaps dispensary purposes.

There are three private rooms, and these have been made to resemble sanitarium quarters rather than hospital. Each has a comfortable bed, chair, table and dresser, with the homelike touches of curtains and rug added. An airiness inside and a pleasant rustic prospect outside will add a good deal to the contentedness of any patient, it is safe to say. One of these rooms is what will be known as the Oddfellows' Ward, for which the local lodge of that order has generously provided the furniture, while the sister organization, the Rebekah Lodge, is donating the linen and curtains. This room is somewhat more sumptuous in its appointments than the other two, and with mahogany furniture and brass bedstead, has an air of refined comfort. The two public wards for men and for women, which the government specifications called for, are larger rooms, capable of holding four beds, but at present only having two. They conform to the same standard of pleasantness that marks the private rooms, and certainly lack the barren, comfortless atmosphere that is so apparent in the public wards in some of the large hospitals.

The rates which will obtain for the different degrees of accommodation in the hospital have been fixed at \$2½ per day for the public wards, and \$3 and \$4 per day for the private rooms.

A veranda extending the entire width of one wing looks out to the eastward over the lake, and is going to be a sheltered spot for convalescent patients who are allowed to sit out to enjoy the air.

A commodious bathroom finished in the same spotless white as the operating room, a lavatory and a special sink, are hospital essentials which have been installed and leave but little to be desired. A well ar-

#### OKANAGAN AMBULANCE LEAGUE.

The ladies of the Ambulance League are hoping to send away their first parcel of needlework at the end of the month. This will be sent direct to the headquarters of the Canadian Red-Cross Society at Toronto, for distribution among our Canadian troops, the needs of the Okanagan contingent of the B.C. Horse being first considered. A similar parcel will be forwarded at the end of each month if enough garments are forthcoming. Many ladies are working most energetically in this good cause, and it is hoped that still more will follow their example. Anyone desirous of helping can obtain garments ready cut out to be made up either from Mrs. Milne, Shaughnessy Avenue, or from Mrs. Solly at the Rectory. Those who have already taken home sewing are asked to finish it if possible by the end of the month, so that it can be included in the first shipment.

Penticton, Peachland, and Kelowna have each started a local branch of the Okanagan Ambulance League and are working along the same lines as the Summerland branch.

The funds collected up to date amount to—

Membership fees	\$22.00
Donations	32.50
Collecting Boxes	1.00
School Children	23.45
Church Collection	26.85
Total	\$105.80

The school children have contributed most generously to the support of the league, each child bringing its contribution to school in an envelope marked with his or her name.

The attention of the public is called to the collection boxes which are placed in various prominent places; surely none will fail to respond to this appeal, and give if only the smallest sum each week towards the alleviation of the suffering of the sick and wounded in a foreign land.

The kitchen, and pantry fully equipped with drawers, bins and shelves, will do much to lighten the culinary work of the hospital, which is by nature somewhat more exacting than that of the average household. A system of electric bells will extend over the main floor for emergency use by patients. In the basement is the furnace for the hot water heating and ample cellar room is available against such time as a laundry, other store rooms and perhaps a man's quarters may be deemed necessary. The second storey of the building has not been finished up, but it is left in such shape that it could be very easily converted into an emergency epidemic or accident ward with space for as many as twenty beds.

The linen closet is one of the indications by which to judge the equipment of a hospital, and this reveals an extensive section of the work of the Summerland Ladies' Hospital Auxiliary. Not only in respect to the linens has there been evinced a real interest by the ladies of the Auxiliary, and indeed of the community, but in every line of stores and supplies. In many cases a desire to donate something of real need has only been delayed till the first needs of the hospital can be learned. The ladies of Summerland are being given the help of the Naramata ladies in this respect, and a large case sent across the lake from the Unity Club during the week is an evidence of just what worth this help is.

"We have in our hospital something to correspond to almost every feature found in the large institutions," were the words of Miss Aitchison, referring to the thoroughness with which the building had been planned out. She admits that in this respect the hospital exceeds her expectations, and declares it compares very favorably with other and larger institutions she has known. Miss Aitchison is also justly enthusiastic in her praise of the work which has been put into the construction of the building, and speaks well of the efficiency which the heating, lighting and water arrangements promise.

It is probable that a regular visiting day will be established a little later, but the Matron wishes it understood that visitors will be welcomed at all times, desiring it to be emphasized that the hospital is the people's, and so open to all in the community.

#### CIVILIAN RIFLE ASSOCIATION.

As a result of the recent canvass for additional members the membership of the Civilian Rifle Association was increased by over fifty in a week. On Saturday last thirty-six new members were at the range and were coached in their shooting by seven old members. There were seven shots and a sighter at 200 yards, and five shots at 500 yards. The shooting by some of the new members was really good, while others who had never handled a rifle promised to develop into good shots after a little practice. The large increase in membership is making inroads on the season's supply of ammunition, otherwise shooting both on Thursday and Saturday would be indulged in. A requisition has been made for a new supply because of the new members, and it is hoped that this will soon be received.

There will be the regular practice on Saturday, beginning at two o'clock. Members to provide their own transportation.

#### WEDDING.

##### BAKER—MESSINGER.

A wedding of interest to many in Summerland, particularly to friends of Okanagan College, was that solemnized in Toronto on the 1st inst., when Miss Mary Irene Messinger became the bride of Professor Ray Palmer Baker. Both are very well-known here. Prof. Baker being prominently identified with College interests for two or three years, as housemaster and vice-principal, only severing his connection with the institution at the close of the 1913 term. Mrs. Baker, as Miss Messinger, was for some time also a member of the staff, and both were popular with students and faculty alike.

The ceremony was performed by Rev. Dr. McLean, at the home of the groom's uncle, in the presence of only immediate relatives. At the conclusion of the ceremony a luncheon was served, after which the happy couple left for a short honeymoon at Muskoka Lakes. Mr. and Mrs. Baker will later make their home at Cambridge, Mass. Their many friends here will echo the sentiments of well-wishing for Mr. and Mrs. Baker, through what is hoped will be a long and happy wedded life.

#### International Irrigation Congress.

##### \$500 District Prizes.

Calgary, Alberta, Sept. 9.—Over twenty-five districts have signified their intention of competing for the premier award of \$500 in cash for the best district display at the International Irrigation Congress in Calgary, October 5 to 9. In addition to this there have been exhibits promised from the provinces of British Columbia and Alberta, the Dominion of Canada and the Canadian Pacific Railway. In the next few weeks, before the opening of the congress, this list will be added to materially, and it is expected that the exhibition in connection with the congress will really be of an international character.

The city of Calgary is preparing a hearty welcome for the visitors and delegates to the International Irrigation Congress, October 5 to 9. The railroad companies are preparing special side trips to the many pleasure resorts in Canada and over the Rocky Mountains, and the business executive of the congress is arranging an especially attractive program for the various sessions. The trip to Banff—free to delegates—will be one of the chief attractions to irrigationists, as there is constructed the largest individual irrigation project of its kind on the American continent.

#### UNPARALLELED IN HISTORY.

##### (La Canada, Montreal)

There is not in the history of the world a spectacle comparable to that presented to-day by England and her colonies. The other nations levy their troops. The British colonies alone offer men and money freely.

## R. Mitchell Awarded Contract for Dam

### Sharp Difference of Opinion on Whether to Limit Expenditure to \$3,000, or Complete Dam.

#### Ditch Work To Be Let by Contract.

The Municipal Council met in special session last Saturday afternoon to receive and consider the tenders for the raising of No. 1 dam at Trout Creek headwaters.

Only two tenders were submitted, one from T. J. McAlpine to raise the dam two feet higher than its present level, and another from Robert Mitchell to raise it three feet four inches, the stipulation being fixed at \$3,000 by the Council.

There apparently being such a discrepancy between the two it was immediately suggested that Mr Mitchell's tender be accepted when Councillor Stark urged that the dam be completed to its full height according to the engineer's plans, instead of only being partially done. He strongly objected to any other plan, and believed that a method of financing could be worked out whereby little or no further cash outlay would be necessary to complete the dam. It was called to the attention of the Council that whereas now the total storage capacity of all Municipal dams was 625 acre feet, the raising of No. 1 dam to its full planned height would give an additional storage of 615 acre feet. In view of this and the very urgent need of more water Coun. Stark declared he would not endorse any other proposition other than the completion of the dam.

In the debate which followed all seemed to favor this proposition, provided money and time would permit. Mr. McAlpine, who was present, offered to complete the dam for the sum of \$6,800, \$4,000 of which he would take in five year debentures, bearing interest at 8 per cent. There is now in the Treasury \$3,000 to be expended for storage purposes. This offer, together with Coun. Stark's firm stand, altered the whole situation, and during a short interim the Reeve interviewed Mr. Robert Mitchell and got an offer from him to complete the dam for \$5,500, \$500 only to be taken in debentures.

While realizing that it was possible to finance Mr. McAlpine's offer, and scarcely possible to finance the other, unless \$2,000 more was realized from debentures, the Reeve was not disposed to pay the \$1,300 additional, and suggested an adherence to the original plan of having the dam raised as much as possible for the sum of \$3,000.

Upon motion of Couns. Blair and Stimpson Mr. Mitchell's contract was accepted, Coun. Stark voting nay, and asking that his vote be recorded.

Lists of subscribers for baby debentures were presented, and were sufficiently encouraging to justify the Council in calling for tenders for the cement lining of the south main ditch, and instructing the Superintendent to proceed with the lining of the Jones Flat ditch. The Superintendent promised to have specifications for the ditch by Wednesday.

#### WOOD DISPUTE SETTLED.

Mr L. R. Andrews, chief of the Forest Department for the Okanagan was a visitor to Summerland this week in the interests of the government, regarding the ownership of 100 cords of wood cut by Thos B. Young near Garnett Valley. A dispute existed in which John Stewart claimed the wood had been cut on a pre-emption of his son Douglas Stewart, while Mr Young claimed the wood was cut on his own land. The chief forester, in company with the parties, measured the land boundaries when it was found each of the contending parties had made a mistake, and that the wood in question had not been cut on land of either Mr Stewart's or Mr Young's, but on crown land. As a result the wood is legally that of the government, and Mr Young will get title to it on paying the government charges.

War Map Free.  
See Page Two.

nesday, and call for tenders was made to be in by to-day (Friday). At Thursday's regular meeting the C.P.R. asked that a hydrant be placed at the Fruit Union corner. This was granted.

The Bank of Montreal wrote asking for payment of \$6,500 from September's tax receipts to close the 1913 liability.

The clerk was instructed to request Engineer Latimer to prepare a plan for a ditch and pipe line from Shingle Creek to Trout Creek, and the Superintendent authorized to have sufficient pipe ordered to replace the old domestic pipe line in the vicinity of W. K. Shields' property, which pipe is leaking and causing landslides on the lakeshore drive, just north of the C.P.R. wharf.

The following accounts were recommended for payment by the Finance Committee, and approved by the Council:—

Pay Roll	\$1484.72
W. Ritchie, lumber	315.20
G. R. Hookham, teaming	51.00
Purchase of lands at tax sale	3515.17
School Board	728.13
Bank of Montreal, interest	85.75
Auditing	75.00
Sundry small accounts	282.56
Total	\$6,487.53

The adjourned meeting was later further postponed to 4 p.m. Monday 21st, so that the call for tenders for the cement work might be better advertised, and those who contemplate bidding could have time to inspect the sites and figure on the work.

Mr R. Mitchell, who was awarded the contract for raising No. 1 dam at Trout Creek headwaters has already collected a crew of men and commenced work.

Reports were current during the early part of the week that a hitch had occurred, and that the work was likely to be seriously delayed. This originated from the belief that Mr Mitchell had figured on the work to be done in a way suggested but not fully approved by the Engineer. Awaiting the decision of the Council as to the plan of construction to be adopted the Engineer had not submitted detailed specifications, giving, however, sufficient generalities to enable the contractors to intelligently figure on the work. The Reeve being very solicitous that there should be no misunderstanding, called Mr Mitchell back from Peachland, whence he had gone on his way to the upper waters, to make sure that he fully understood the plans, and to have him sign an agreement to adhere strictly to the Engineer's specifications which will be immediately submitted. This Mr Mitchell readily agreed to do, and has also further undertaken to complete the dam for an additional sum of \$2,500.

#### \$150 GRANT FOR POULTRY SHOW

C. N. Borton returned early in the week from Vancouver, where he had been as the delegate from the local Southern Okanagan Poultry and Pot Stock Association, attending the annual meeting of the provincial parent body, the British Columbia Poultry Association. Grants from the provincial for the associations of this district were allocated as follows: Summerland, \$150; Penticton, \$100; Kelowna, \$100; Vernon, where the forthcoming Provincial Poultry Show is to be held this winter, received a grant of \$1,000. H. Bristow, president of the local association, has been appointed the Superintendent of the Provincial Exhibition.

"Madam, do you give any of your time for self-reflection?"  
"Certainly I do. What do you suppose looking-glasses are made for?"

The Summerland Review

FRIDAY, SEPTEMBER 18, 1914.

AN UNITED EMPIRE.

A FACTOR in the present war situation, and one which keen observers say will be one of the final determining factors, is the strong support which is being proffered to the Mother Country from her overseas dominions all over the globe.

What does it all mean, and what bearing has it on the war? It means that while Germany is straining herself numerically to maintain her tremendous onslaught, Britain has still her overseas dominions behind her in the line of reserves.

It is a phase of the situation which must soon begin to have a bearing on matters.

THERE WAS RATIFIED a few days ago, and duly signed in London, a treaty between England, France and Russia. It was brief, but mighty in import.

"PETROGRAD" is henceforward the official designation of the Russian capital city. It was discovered that the name "St Petersburg" was of Tauton origin.

CHURCH NOTICES.

St Stephen's Church (Anglican)—Holy Communion every Sunday at 8 o'clock; also at noon, after matins, every first Sunday in month; matins 11 o'clock; evensong seven o'clock each Sunday.

Methodist Church services—morning, every Sunday at 10.30; Sunday School at 11.30; evening, fortnightly at 7 o'clock, alternating with West Summerland.

Baptist Church—At West Summerland every Sunday at 10.30; Sunday School at 11.45. At the Lakeside Church, 7 o'clock; Sunday School at 11.45.

Presbyterian Church services—St Andrew's Church, West Summerland, every Sunday morning, 10.30; Sunday School, 11.30; evening, fortnightly at 7 o'clock, alternating with the Methodist Church.

LETTER TO THE EDITOR.

The Columns of THE REVIEW are open to the public for the discussion of matters of general interest. No notice can be taken of anonymous communications.

TO THE RATEPAYERS WARD IV. BENCHLAND.

Dear Sirs, I am afraid it looks like "getting left" again!

We are being asked to invest in debentures, with the apparent object of improving any but the irrigation system of our own district, and our taxes are to be raised to pay us back this generous loan!

Now, the point is where are we going to come in? Upon enquiry, I understand from the Council that the ditches and flumes in our district are not included in the present scheme for repairs.

A repair in the south main is to be made. What, besides Paradise Flat, is going to benefit by this, with the siphon pipe connection in Peach Valley in the shape that it is?

This box is indeed a "work of art," and is worth anyone's while going to see!

If this could not carry the water of the past season without overflowing, how, may I ask, is it going to take the extra supply that we hear the south main "promises" to give us next year!

Of the water that gets through the pipe how much of this goes to ruin lots and roads around us, due to the neglected condition of our flumes and ditches?

Gentlemen, it has reached the very limit, and it is high time this unsatisfactory state of affairs received some attention, else we shall find ourselves in a worse plight next year than we have been this.

Another important point: "No money" is the cry. Yet, in spite of this, here we are paying apparently a ridiculous salary to our Superintendent of Works, in addition to giving him "horse hire and motor oil"!

Yours truly, L. DOUGLAS HAMILTON. R. R. No. 1. Summerland, 15-9-14.

(Unless the circumstances are properly understood, the last paragraph of the letter above might give rise to a misconception in regard to what Mr Hamilton facetiously terms the Superintendent's "horse hire and motor oil."

Weather Report

Abstract from weather records for August, 1914, kept at the Government Station, Balcom Ranch, Summerland, B.C.

Table with columns: Aug., Maximum, Minimum, Readings, Sunshine hr. min., Rainfall (Inches). Rows for 1914 (days 1-31) and Averages and Totals for 1914 and 1913.

Such a map as we are now offering could not be purchased at retail for less than \$1.50.

I.e., the three are worth \$4.50.

We now offer both papers for one year each, including a copy of the War Map, size 30 x 40 inches, in a neat folder of convenient size, for only \$2.50, to all who pay their subscriptions for a year in advance inside the next 30 days from this date.

To follow the war situation intelligently the Family Herald War Map is necessary. It should be in every Canadian home.

ORDER AT ONCE. Review Publishing Co. Ltd.

# Municipality of Summerland.

## Tenders for Cementing Irrigation Ditches

TENDERS will be received by the undersigned up to 4 o'clock p.m. MONDAY, SEPT. 21st, 1914, for the

### CEMENTING OF THE FOLLOWING IRRIGATION DITCHES:

Plans and Specifications can be seen at the Municipal Office, on and after Thursday, September 17th.

The Lowest or any tender not necessarily accepted.

J. L. LOGIE,  
Municipal Clerk.

## Peachland Notes.

Fercy Nash, of Lumby, is in town at present.

Bert Elliott returned from the Coast on Saturday evening.

Miss McDonald of Regina came in on Monday evening to visit her sister, Mrs Herbert Logan.

John A. Morrison, of the B.C. Horse, Vernon, spent the week-end at the parental home here.

Mrs. E. Lang returned from En-deby last week and is staying for the present at Mr Grant Lang's.

During the service in the Union church on Sunday evening Miss Jean Pollard sang "Thy Will Be Done" very sweetly.

Bryson White returned last week from Winnipeg. His brother Gordon is now with the camp at Valcartier in readiness to proceed to the front when the call comes.

Mrs A. Town left on Monday morning for Winnipeg to attend the marriage of her niece, Miss Eva McCutcheon, whose many friends here join in best wishes for her happiness.

A public meeting will be held in the Orange Hall, on Saturday night to discuss the question of raising a patriotic fund in Peachland. This fund will be used in the support of the families of those who go from Canada to the front. A full attendance is requested to discuss the matter. Addresses suitable to the occasion will be delivered.

Mr Hugh Williams was driving a load of fruit to the packing house on Tuesday morning, when one of the front wheels of his democrat broke through the top crust of a wet place in the road. The sudden jolt threw him off the load into the mud, where he landed on his head. With the exception of a few cuts and bruises he seems now to be little the worse for coming to earth so suddenly. A load or two of gravel fixed up the hole in the road.

### DOMINION FRUIT MEN SIT IN CONFERENCE.

Mr. G. J. C. White, who with several others from the Valley, attended the Fruit Growers' Conference at Grimsby, returned home on Tuesday. In addition to the four days in Grimsby attending the conference Mr White spent several days in Toronto, and two with his son Gilbert in Chicago.

Attending the conference were representative fruit growers from all over Canada as well as the field staff of the Dominion Fruit Inspectors, also a number of dealers. Practically every fruit growing section of B.C. was represented, Mr J. Reekie, President of the United Growers, and Mr White representing the Okanagan. Messrs Ricardo and Foggo, who were also elected to attend, were not able to go. The conference was presided over by the newly appointed Fruit Commissioner, Mr Donald Johnson, who called the conference so that he might get in close touch with his staff of inspectors, fruit growers from all over the Dominion and representative dealers. The marketing end of the industry is the commissioners' particular field, and it is confidently anticipated that much good will result from the gathering.

When asked as to conditions in the East Mr White said that prices were running pretty low. He saw Oregon peaches wholesaling at \$1 in Toronto. In another case a wholesaler told him of selling 18 lb. baskets of muskmelons grown at Leamington for 30 cents, and was told that after deducting charges there would be 3 cents left to the grower. The package costs the grower 4 cents. Mr White said that probably this was an extreme case, but from what he had gleaned he seemed better pleased with conditions here as compared with elsewhere. He declared that the Okanagan was now suffering more from local price cutting than from competition from outside points, and instanced a number of cases which had come to his knowledge of what he termed unnecessary cutting under of Union prices, one instance being No. 1 Wootly at 80 cents f.o.b.

In a trip through the fruit district to Niagara Falls and back Mr White noted that the growth of the trees was much smaller than with us, and there peach trees did not seem to be as good as in the Okanagan. Fire blight had this year done much damage in apple orchards, while they suffer also from many orchard pests. Some orchards are being cut out for Sculo, and Codling Moth does much damage.

## DIRECT CONNECTION WITH COAST MAY YET BE DELAYED.

Are we, or are we not, soon to have direct railway connection with the Coast? Notwithstanding the fact that stories of continued railway activity have been widely circulated, there are certain matters in connection with the construction of the K.V.R. west of here that point almost conclusively to a protracted delay in completion of the work.

It will be remembered that a short time ago railway construction work was ordered suspended. This was immediately followed by a resumption of work. It would appear, however, that the work now being done is only such as will enable grading contractors to complete their contracts, and it is believed by some, is being financed by the contractors, they preferring to do this rather than break camps and complete the work at a later date.

We have it from excellent authority that although the material is mostly on the sites there is no intention to build the four or five moderate sized bridges between Osprey Lake and Princeton, nor to proceed with the laying of ties and steel, though both the latter are ready for distribution along the right-of-way.

The indications are that the Great Northern will complete its line from Princeton to Coldwater Summit, giving the Similkameen an outlet to the Coast via Spence's Bridge. With this done, an expenditure of some few hundred thousand dollars, in addition to the several millions already expended on the K.V.R. would complete the only portion now needed to give a large portion of southern B.C. direct train connection with the Coast. Probably six weeks more work will complete the grading from Osprey Lake to Princeton East, leaving only the bridges, the laying of steel, ballasting, etc., to be done. There seems only one apparent reason why this section should not be completed, and that is that the present outlook does not promise sufficient business to make operating desirable, and that the present financial situation is being used as an excuse for delay in preparing the road for operation.

### WAR MAPS FREE.

To follow intelligently the European war situation and keep in touch with the lightning movements of the troops, a comprehensive war map of Europe giving all details is essential.

Of all the maps issued there is but one that fills the bill, and that is the one issued specially by the celebrated map makers—G. W. Bacon & Co., London, Eng.

The publishers of "The Family Herald and Weekly Star" of Montreal, the moment the map was issued, cabled an offer for Canadian rights of the map. Their offer has been accepted.

The Review has concluded arrangements with "The Family Herald and Weekly Star" by which our readers may secure the map free of charge. In this issue will be found a clubbing offer of the two papers, including the map. The offer is one that every reader of the Review should accept.

Newspapers are paying dearly for the war. The price of paper is going up, up, up. The cost of telegrams and cablegrams has increased from thirty to fifty per cent. Scores of newspapers have suspended publication, and hundreds of others have raised the subscription price. For the present "The Family Herald and Weekly Star" of Montreal, being in an exceptionally strong position is able for the present, at all events, to keep its rate as formerly, but an increase later on may become necessary. In the meantime, during the next thirty days, our readers are offered the greatest bargain in the newspaper world today. Read over announcement on page 2 of this paper, and order at once.

"Forest Fire," the locally owned pure bred hackney sire, has again proved his worth, this time against all comers at the Horse Show in connection with the Vancouver Exhibition last week. "Forest Fire" was adjudged the winner of the championship of the show, and proudly led the parade, bedecked in its blue riband.

## Important to Growers.

### SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,  
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be held for.

If you want to sell you must advertise.

# OUR NARAMATA SECTION

## BOY SCOUT DOINGS.

Tuesday evening a number of Naramata citizens visited camp, and were entertained by boxing and wrestling bouts, and other athletic contests between the scouts. Several of the visitors brought candy with them, and a very pleasant evening was spent around the camp fire.

Two of the men, who thought they would try and get into camp without being challenged, and who refused to halt when seen by the sentry received some hearty blows from his staff, and were brought into camp as prisoners. Later on, the same evening, after all the visitors had left, the night sentries caught a fellow from town, who was trying to test their watchfulness and endeavoring to enter the camp without being challenged. A comrade of his did succeed in eluding the sentries, and in reaching the fire.

A watermelon and peanut feed was the program Wednesday and in the boys' opinion, it was a good one.

Thursday a letter volunteering to put on a tableau at the Pentiction Patriotic Concert was sent to the organizer of the concert, and the offer was accepted. During the evening a hasty rehearsal took place in the open. After this rehearsal the boys put their nightshirts on over their uniforms, and pulling their trek cart, paraded the streets of Naramata in a nightshirt parade. Before retiring for the night the Eagle Patrol made an attack on the Wolves' tent, and a free-for-all pillow fight took place between the two patrols, each side claiming the victory.

Friday evening the troop embarked on the "Trepannier," and had a trip to Pentiction, where they were met by a small number of the Pentiction scouts, and both bodies paraded to Stewart's Hall to attend the Patriotic Concert. Our tableau, which represented the various colonies pledging their loyalty to Great Britain, seemed to be well liked, and Reeve Conklin in a short address afterwards, congratulated Naramata on having such an efficient troop of Boy Scouts. Upon their arrival back at camp about 12.30, they were surprised and

thankful to find that Mr and Mrs Hughes had visited camp in their absence, and were keeping a good fire, hot coffee and sandwiches to refreshen them after their night's expedition. Saturday was spent mostly in idleness, and in sleeping off the effects of "the night before."

Sunday morning a number of brother scouts from Summerland visited us, and were met at the dock by the Naramata troop, and by members of the Scout Council. The troops then marched back to the camp, and from there to the church, where they were given a short address by Rev W. P. Willan. After the service the Summerland boys were entertained at dinner at the camp. At 3 p.m. a special open air service was held by Mr Bartlett in the orderly tent, and at its conclusion the visitors were taken back to Summerland on the ferry.

Monday the tents were taken down, and the ground cleared of any rubbish that had accumulated during the week.

The Naramata B. P. Boy Scouts, singly and collectively, wish to tend their hearty thanks and appreciation to the people of Naramata for their loyal and generous support of the first Naramata Scout camp. Supplies were sent in in far greater abundance than was expected, and consequently the small amount in the treasury was left untouched. —A SCOUT.

## Current Events — OF — Town & District

Rev. H. A. Solly conducted Anglican service in the local church last Sabbath.

Miss Bessie Mitchell after a few days visit at her home returned to Pentiction on Tuesday.

Mr and Mrs Carroll Aikins are expected back next week from a trip to the Coast.

Mr J. M. Robinson was a business visitor to Peachland on Wednesday of this week.

Mr Hickey spent a couple of days this week at the Tunnel Residency, as a guest of Mr. Frank Hayward.

In last week's local news, the name "Mr Greer" should have read "Mr Leir" of the Pentiction Lumber Co.

The men in charge of the reservoir undertaking have decided on account of the unsettled state of the weather not to strike out till next week.

Mr R. H. King is this year rejoicing in the possession of a very heavy and attractive apple crop. His Jonathan's and Winter Banana's showing particularly well.

The condition of Mr Gillespie grows steadily worse rather than better. The patient is suffering intense pain in the head with occasional lapses into unconsciousness.

The Unity Club ladies sent a special donation to the Summerland Hospital. The donation consisted of a box of linen and other items of special value to one of the new wards.

Mrs Brown, nee Miss Lloyd, at one time matron of the Summerland Hospital, spent a few days in town, accompanied by her husband, a prominent railway man of North Dakota.

Rev J. Irwin Beatty the incoming pastor, assisted in the service, and will in future have charge of the work in Naramata. Mr Beatty was formerly at Rosehill circuit, in the Kamloops district.

Some of the local sportsmen are inclined to view with disfavor the overrunning of our locality with sportsmen from other districts where there is practically a "close" season for all kinds of game.

Mr Sherwood Davies in a letter from Hope to friends in town tells of his success in shooting a mountain goat. This is considered, where he is, quite a victory, as these animals are particularly hard to reach.

Mr Jack Robinson is expected back this week from Spokane. It is probable that Mrs R. C. Robinson, who has spent the summer at the Silver City mining camp with her husband will come home at the same time.

The continuous rain of the last ten days has seriously handicapped the fruit growers—it being impossible to pack fruit in the wet, and rendering much of the crop unsaleable through ordinary channels of trade, through becoming too ripe.

Messrs Cash, Bruce and Salting have been busy this week putting the water mains in order for the closing up for the year. At this period it is the usual practice to fill all the valve openings with sawdust, in case of frost, and to regulate the flow on the branch lines.

Nurse Williams has no immediate intentions of establishing a cottage hospital on the lakeshore as stated in last week's issue. The article which this is intended to correct was worded as follows: "The nucleus of a cottage hospital is being placed in position." The building in question is being turned into a dwelling house.

Mrs Scott, wife of Hon. Walter Scott, in the course of her visit to the Valley this year took advantage of an opportunity one day this week to visit Summerland for the first time, and view the many fine homes in the big peach district. Both she and her travelling companion, Mrs Frank, of Regina, expressed themselves in terms of pleasurable surprise at the many fine sights in the orchards.

WHEN BUYING YEAST INSIST ON HAVING THIS PACKAGE

ROYAL YEAST CAKES

DECLINE SUBSTITUTES

Mrs Cunliffe and son Stanley, who started out a week ago on the return trip to England from a summer's visit at the home of Mrs Wolstencroft, learned while at Sicamous that there would be no chance to sail for two weeks, but decided to go on as far as Montreal, where she would be sure to secure passage on the earliest date. At Calgary she was joined by Miss Muriel Dunt, formerly stenographer for the Okanagan Trust Co.

Pastor W. P. Willan preached his farewell address last Sunday morning to a crowded church. As a preliminary Mr Willan addressed himself more especially to the Boy Scouts, which body were out in full numbers, marching in a body from their lakeshore encampment in company with the Summerland organization. Taking from a bouquet on the table three flowers, he taught a number of important lessons from the life and growth of plants.

The Boy Scouts broke camp on Monday after a very successful ten days under canvas and the rules of the Scouts. The plan of holding camp in the school days worked out very well indeed this year, but it is not to be taken as a wise precedent, as it detracts from the boys interest in their study—as most of the lads are attending school regularly. An interesting account of the week is found elsewhere, written specially by one of the boys themselves.

How about our Literary and Debating Society? Is it not a fact that the constitution calls for the opening sessions to begin early in October? If so it were well if the standing committee would get busy. It is also a fact that we are without a president. It therefore is up to us to get a stirring if we wish the literary pot to boil at all well this season. All of us remember what a fine start was made last February, and what was then so well begun should not be difficult to maintain.

The "kickinnies" are now running the creeks and a number of "fishy" fish stories are in course of circulation, recalling the story of the Scotch preacher noted more for his brilliant imagination than for his strict observance of the truth, who affirmed that certain foxes had tails "a hundred feet long." This much is true—that the fish are moving up the creeks in great shoals, and that it is largely a question of shovelling out all you want—and then having the good grace to leave the balance for your neighbor.

Mr J. C. Miller of Calgary, an enthusiastic lover of Naramata, and the owner of a fine property here, spent last weekend and part of this week in and about town on his usual vacation jaunt. He frooly pleads guilty, in common with many another absentee fruit grower, with retarding, to a certain extent, the growth and development of the community, by his not coming in and settling on the land. We have hopes yet that one of these times Mr Miller will forget himself and will put in a whole season.

It would appear from the small number of deer being secured this season, that it is a case of "deer" hunting. However, it is thought that after another month or so, or when there is some snow on the higher reaches that the animals will become more numerous on the lower flats. This week Messrs Ilko and Dussette of Pentiction, after camping for about ten days were successful, while Mr Max Ewart in the course of a single day brought down a single buck, and a third was captured by three Italians from Summerland. The grouse are unusually plentiful and several fine bags have been captured.

In regard to the Herd Law, the secretary was instructed to simply bombard the Department at Victoria, who alone can furnish us

Vinegar and Spices

CLOVES SPICES MUSTARD PURE Vinegar

Copyright 1910 by E. E. Zimmerman Co.

YOU might think that there is little to choose between varieties of Vinegars, Spices and Mustards. But there IS—and it will surprise you to know that more difference exists between them than amongst grades of meat and brands of flour. So just as you pick out the best in meat and flour, you should get the very finest in Spices and Vinegars. All the flavor and pleasure of eating may depend on that choice. It will make the difference between a good meal and a bad one.

Come in and let us advise you. We carry the most varied and best selected stock in town.

## Tailoring

Where a High Standard Holds

The selection of material for suit or overcoat is important. The best work of designer and workmen may be spoiled through poor taste shown in material made up.

We can always help in a selection, and our range of materials is of a size to give the widest choice.

But all other things being equal, it is the skill shown in designing and workmanship that makes or mars the suit.

The House of Hobberlin is justly credited with fixing the standard for high-grade tailored-to-order clothes.

It is the fit and finish of all garments carrying the name of this House that has given the House first place in all parts of Canada for ideally built clothes—always made-to-measure—always high grade.

Sole Agent for Hobberlin Tailoring

# Passing Events: Social, Personal, &c.

"Our Schools" will be the subject of Rev. C. H. Daly's address in St Andrew's Church next Sunday evening.

The vogue of the Ford is on the increase in this district. Mr E. R. Faulder of Upper Trout Creek is the latest owner of a car of this popular make.

Dr. T. B. Turner, dentist, will spend Monday and Tuesday of each week in Summerland. Crown, Bridge and Gold Inlay work a specialty. tf

Next Sunday morning is Communion Sunday in St Andrew's Church. Preparatory service is being held to-night, Friday, at eight o'clock.

Mrs E. Jones and her little daughter Frances returned home on Sunday evening last from a visit of about a month in the Vernon district.

Mrs G. W. Morfitt and family went out on Monday morning's boat bound for Calgary, after a stay of nearly eighteen months on their Jones Flat orchard.

The fall term of Okanagan College commences next Wednesday, Sept. 23rd. Local students desiring to enter classes should be at the College on Wednesday morning at nine o'clock.

Divine service will be conducted in the Methodist Church on Sunday morning at 10.30 a.m. by the pastor Rev. R. W. Lee. There will be no service in the evening owing to the Rebekah Lodge parade and service.

Vernon is expecting to soon receive German prisoners of war. The old provincial jail, more recently used as a branch of the provincial hospital, has been taken over by the military authorities, it is said, to be used as a prison.

Mr Ross Sutherland, a Victoria lawyer, and a brother of Messrs Hector and J. M. Sutherland of this place arrived here on Sunday's boat and after a three day's visit at the home of Mr and Mrs H. Sutherland, proceeded east to Winnipeg.

The managers and elders of St Andrew's Church were the guests of Mr and Mrs Daly last Monday evening. His Honor, Judge Swanson, was present, by special invitation, and after supper addressed the gathering informally. Judge Swanson is an earnest church worker, and his splendid address brought heartening to the company, who expressed their appreciation at the close of the address.

The St John Ambulance Classes will commence on Monday, Sept. 21st, at eight o'clock for the men, and Wednesday, Sept. 23rd, at three o'clock for the women, both in Campbell's Hall, West Summerland. The classes at Summerland will commence on Tuesday, Sept. 22nd at eight o'clock for the women, and Thursday, September 24th, at eight o'clock for the men, both in the Men's Club, Summerland. The subscription for the course of five lectures is \$2, payable before the lectures are commenced.

Not having heard from his brother, W. A. Derrick, who is resident in Germany, Mr A. A. Derrick has naturally been rather uneasy of late, and has been fearing that he and Mrs Derrick have at least been suffering hardship. Suspense was ended this week by receipt from his brother's employers, The Carborundum Company, Niagara Falls, N. Y., whom he represents in Germany, that a letter had reached their office in an indirect way from Mr Derrick, written August 18th, stating that they were being well treated and feel perfectly safe. They are entirely shut in from the world, and do not know what is going on outside.

The last pigeon shoot of the season of the Summerland Gun Club will, it is planned, be on Thanksgiving Day, when the final shooting for a number of prizes will take place. A gold watch valued at \$20, donated by Coun Stark, as a special prize for the one making best average for the season, having attended 80 per cent of the shoots, will be awarded on that day. As a first prize in the 25 bird event E. N. Rowley has donated a cup and 100 cartridges. Shooting will be under the American handicap rules. Other prizes, to be won two out of three times, are:—a shooting coat, 50 cartridges, shooting vest, recoil pad, and the consolation prize not yet named.

Mrs J. C. Stockwell of Kelowna is spending a few days at the home of Mr and Mrs J. C. Wilson.

Dr Jackson purposes being at his West Summerland office for a week each month, beginning with the second Tuesday in the month—not each Tuesday as previously announced.

Messrs Thornton and Fitzsimmons for the Dominion Exhibition Commissioners spent two days here recently selecting fruit for the Canadian exhibit at the Panama Exposition, San Francisco.

Mr and Mrs J. M. Robinson with their guests, Mrs Walter Scott, of Regina, wife of Premier Scott, and Mrs Frank, of the same city, were the guests of Dr and Mrs Lipsett on Tuesday.

Mr F. L. Goodman, who has been in charge of the pre-cooling plant at the Summerland Fruit Union, has returned to the Ontario Agricultural College, Guelph, after a visit of ten weeks. Mr Goodman stayed at the Felix Hotel.

Keep your horses warm and dry. Mr A. J. Beer has too large a stock of Horse Blankets, and will therefore offer a special cash discount of 20 per cent, until the end of October. Don't let it slip your memory, buy early while the selection is good. ad

If you are bothered with headaches, squint or cross-eye, or if the glasses you now wear are unsatisfactory, consult with Dr Hirschberg, Specialist in Felix Hotel, Summerland, Monday, Sept. 28th, or McWilliams' Pharmacy, West Summerland, Tuesday, Sept. 29. See notice on page 3. s18-25

On Sunday evening next, September 20, Myrtle Rebekah Lodge, No. 32, will commemorate the founding of its order by attending divine service in the Lakeside Baptist Church. All members are asked to participate in the observance of this anniversary, and to this end will please gather in the lodge room at 6.30 p.m.

J. O. Robinson returned on Wednesday from a business trip to Spokane. With him was Mrs R. C. Robinson and little daughter, who have been with Mr Robinson at Silver City, Idaho, and coming to spend the winter with Mrs Robinson's parents, Mr and Mrs J. L. Logie.

Miss Grace Logie has so far recovered from her recent nervous prostration that she is leaving Summerland for the Coast to-morrow morning, Saturday, accompanied by her mother, Mrs J. L. Logie. It is expected that she will derive considerable benefit from the change of climate.

Still another heavy fall of earth occurred at the troublesome spot on the shore road near the C.P.R. wharf last week-end. The effect of the continued falls has been to divert the traffic around the telephone poles which were formerly on the extreme outer edge. When the loose earth is finally cleared away, if that is the intention, there will unquestionably be a fine wide stretch of road at this point.

Mrs Davies of Naramata spent Wednesday morning on this side of the lake with Miss Aitchison, at the hospital.

Dr C. A. Jackson, of Penticton, has opened a dental parlor in Dr Andrew's office, West Summerland and will be there every Tuesday until further notice. ad

Shippers will please note that commencing Monday, 21st inst., closing hour for receiving freight and express at the station will be six p.m. ad p

Miss Bertha Brown left for her home in Vancouver on this morning's boat, after a month spent here visiting at the home of Mr and Mrs H. G. Estabrook.

Mr and Mrs George Wilson and family returned to their home in Salmon Arm on Wednesday morning. Mr Wilson has been employed with Mr R. H. Steuart during the past two seasons.

A joint meeting of the Liberal-Conservative and Liberal Association executives will be held at the Reeve's office on Monday to consider the question of redistribution in this constituency.

Latest news from Mr G. W. Lang at the Kelowna Hospital is that he has sustained the operation excellently, and that his temperature is now about normal, the wound healing satisfactorily and his brain becoming more clear.

COMING—Dr Hirschberg, Eye-sight Specialist, representing Toric Optical Co. of Vancouver will be in Felix Hotel, Summerland, Monday, Sept. 28th, and McWilliams' Pharmacy, West Summerland, Tuesday, Sept. 29. See notice on page 3. s18-25

About 60 men put in an appearance last night at the College Gymnasium and organized for military drill. Mr Earl Weldon agreed to act as instructor, and put the men through some exercises, and expressed himself as delighted with the "material" gathered. Three will be further drilling on Saturday at 8 p.m.

With the approach of the winter season comes the revival of social activities, along both private and organized society lines. After suspending its work during the busy summer months, the St Andrew's and Caledonian Society held another get-together meeting on Tuesday evening of this week, and decided to prosecute its customary winter's program of fraternal and social gatherings.

Of particular interest not only to active Sunday School workers, but to all who are interested in the work, will be the address to be given to-night, Friday, at eight o'clock in the Lakeside Baptist Church. Mr I. W. Williamson, well-known as the energetic secretary of the Provincial Sunday School Association will deliver a report of the World Convention held this year at Chicago. It is not definitely known whether lantern slides will illustrate the address, but in any case an intensely interesting evening is assured.

The death of Mr M. W. Mason of Naramata occurred last night. Mr Mason came out from the Old Country with his daughter some months ago to visit another daughter, Mrs Languedoc, at Naramata, and also two sons of the same place. Early this summer he suffered from a paralytic stroke from which he had been slowly recovering. This week pneumonia set in from a cold contracted on Sunday and the end came suddenly. The funeral service will be held at the home of Capt. and Mrs Languedoc at three o'clock Sunday afternoon. Rev. H. A. Solly will officiate.

Mr E. Weldon, a son of Mr Weldon of West Summerland, accompanied by Mrs Weldon and their young child, arrived in Summerland at the end of last week. For a few days they have been staying with Mr and Mrs J. C. Wilson, and having rented Mr Wilson's cottage near College Hill, they will later reside there. Mr Weldon has had more than an ordinary amount of military experience. He is an American army veteran of the Spanish-American and Philippine wars, and has carried out further military work in the state of Illinois. With the Canadian army he has also done duty near the Valcartier camp, Que. Before coming to Summerland, Mr and Mrs Weldon were for some time in the North Thompson River district of this province.

Mrs J. Major with her little son was an outbound passenger on Tuesday morning by the "Sicamous," her destination being Banff, Alberta, where she will spend at least a month, and possibly the entire winter, at the home of her sister in the mountain town. Mr Major, who has been on guard duty along the C.P.R. main line in the vicinity of Sicamous for a number of weeks past, has had a share in several exciting episodes in the course of his patrol duty.

F. F. HANINGTON, Manager Summerland Branch.

### Indian Attacked By Bear.

Prompt Action on the Part of Companion Saves a Very Severe Mauling.

Alec Aeneas, a Penticton Indian, in company with three others—Andrew Charlie, Basil Jack, and Pierre Phillip—while hunting last week in the vicinity of the Nickel Plate Mountain, ran across a grizzly bear. Alec, firing at it from a distance of two hundred yards, succeeded in wounding it badly in the shoulder. The bear immediately charged him. The Indian backing up against a tree, excitedly jammed a cartridge into his rifle, but was unable to use it before the bear was upon him and threw him on the ground. The Indian grabbed the bear by the cheeks in the endeavor to prevent it biting him, but was bitten through the hand. At that moment his companions, who were a short distance away, fired simultaneously and the bear rolled over dead with a bullet in its brain.

The Indian, beyond being bitten and bruised, is not much the worse for his experience.

The bag for the day was one grizzly, one black bear, and two deer.—Penticton Herald.

### BOY SCOUTS AT NARAMATA.

At the invitation of the Naramata troop of Boy Scouts, who are now enjoying a week of camp life, the local troop to the number of nearly twenty enjoyed a day across the lake last Sunday. In charge of Scoutmaster Jno. Tait, the boys embarked in the "Skookum" about ten o'clock, and reached Naramata in time to attend divine service held in the church at 10.30.

The Naramata Scout camp was established close to the town, and one novel condition under which it has been carried on is that, holidays being over, the boys have been attending school as usual. The Summerland boys spent most of the time in and around the camp, the showery weather precluding any very active movements. The Naramata troop entertained their visitors to one meal, at noontime. A service was held at the camp in the afternoon, and the local Scouts crossed the lake homewards about six o'clock.

## Contracts Let For Cement Lining Ditches.

**T. J. McAlpin Will Do South Main,  
Supt. Mitchell Remainder.**

The Board of Works, after examining the various tenders for cement work recommended the Council at Tuesday's meeting that the cement lining of the south main only be done by contract, and that as the other figures were so much higher than the engineer's estimate, the work be done by the Municipality under the direction of the Superintendent.

There were five bids for each of the contracts numbered one, three, and four, and four for No. 2. On job No. 1, concrete lining ditch in Garnett Valley; No. 3, concrete lining ditch south of Thos. Garnett's; No. 4, concrete lining ditch above the Kirk lot, between Major Hutton's and S. M. Young's, the lowest bid was 80 cents per foot in each case, the highest being \$1 for No. 1; \$1.60 for No. 4; \$1.70 for No. 3.

T. J. McAlpine's bid for the south main lining was \$1.15 per foot for work west of present lining, and \$1.40 for work east of present lining. His was the only tender dividing the work into two prices. Other bids were \$1.45; \$1.55, and \$2.25. By motion of the Council Mr McAlpine's tender was accepted for at least 3,000 feet of the total 8,170 feet. The work to be completed by Nov. 15th. The contractor will be required to give two sureties besides himself in a bond of \$1,800. Just how much more work other than the 3,000 feet will be done depends on the amount of bonds which the Council can sell. Something over \$3,000 has already been subscribed by citizens.

With the work now being undertaken on the south main the Council are confident of being able to double the capacity of that ditch. An improvement is also to be made at the intake of the siphon at the lower end of the ditch, which will give a greatly increased volume of water for the Giant Head district.

Mr. Ed. Garnett asked the Council to repair a leaky pipeline across his lot, and also a section of same running through his property. This was referred to the Board of Works, as was also Mr. Hespeler's request that improvements be made in the road running from Mrs. Campbell's east, also the road near the nuisance ground, and at the turn in the Gulch Road. Mr. Hespeler offered to give some land and rock for work on the two latter.

After instructions to the Board of Works to meet the contractor on the south main on Wednesday morning the Council adjourned until Friday at four o'clock.

## MYRTLE REBEKAH ANNIVERSARY

Myrtle Rebekah Lodge, No. 32, commemorated the anniversary of the institution of its order by attending divine service last Sunday evening in the Lakeside Baptist Church. The members paraded from the lodge room, more than twenty strong all told, led by Mrs. K. S. Hogg, Noble Grand, and Mrs. G. N. Gartrell, Vice Grand.

The church was crowded to the doors, and a strong choir led the large congregation in the hearty singing of familiar hymns. Rev. Norman McNaughton, the Baptist pastor, preached an eloquent brotherhood sermon from the oft-quoted text, "Am I my Brother's Keeper," showing a clear answer in the affirmative. The responsibility of Christian men and women in the righting of a number of admittedly great national wrongs, was one of the salient points of Mr. McNaughton's stirring address. Two solos gave a special musical character to the service, Mrs. G. M. Ross rendering "A Vesper Hymn," and Miss Anna Hayes, "Pass It On," each in their well-known noteworthy manner.

The ordinance of baptism was administered to one candidate towards the end of the service.

The Rifle Association held its regular practice Saturday last with 34 members shooting.

**FOR SALE**—Fond's Seedling Plums, good for canning and jam, 1 1/2 cents per lb delivered. Phone 748.

## Missionaries From India.

**Two Interesting Gatherings.**

First hand experiences as told by those actually engaged in foreign missionary work have a compelling interest for all church workers that much reading could not stimulate.

Summerland has this week welcomed two missionaries from India, Dr. Zella Clark, who has for years been engaged particularly in medical work, and her friend Miss E. M. Churchill, born in India, and also working in the Great Cause.

At the Parkdale Baptist Church on Wednesday evening Dr. Clark spoke on Indian Medical Mission Work to an audience that about three-quarters filled the building. Although not expecting to speak just in this way, Miss Clark gave an intensely interesting outline of her work, tracing on a map the towns and villages in the Telegu district in which she has been at work, both in the time of her training and subsequently. At her present station Miss Clark is the only white woman, and pursues her medical work with the assistance of a native helper. She related some of the obstacles that confronted her at first in the extraordinary superstitions that possess the natives of that country, and the consequent difficulty in firmly establishing her work of healing both body and soul.

On Thursday afternoon about forty ladies gathered at the home of Miss Annie Dale for an opportunity to meet the visitors, and here again Dr. Clark continued her story, going a little more into detail. Miss Churchill, whose work lies mainly along educational lines, teaches in a girls' school at Bobbili, in the country of the Telegus, near the east coast, also spoke to the ladies, who were thus treated to a veritable feast of missionary information that will stay with them for time to come. All felt that the afternoon had been one of great pleasure and profit in illuminating their knowledge of the progress of Christianizing the Telegus, in which many have a personal interest in contributions of various kinds.

Miss Clark and Miss Churchill arrived on Tuesday evening, and will stay the rest of the week in this vicinity. They are spending part of to-day and to-morrow at Pentleton. On Sunday morning they leave for Peachland where they will spend the day, continuing their journey northwards the following day, ultimately bound for Winnipeg.

## TELEPHONE CONNECTION RESTORED.

The tiff between the Okanagan Lake Boat Co. and the Okanagan Telephone Co. received personal attention this week from Manager G. H. Dobie of the Telephone Company, and following a conference with the Boat Company's officials, connection with the Pentleton telephone exchange has been restored to that concern. It will be recalled that an account was charged against the Boat Co. by the Telephone Co. for toll charges alleged to be due on messages for Pentleton, business houses sent over the Summerland system to Naramata and relayed on over the Okanagan Co.'s wire. The Boat Co. were already paying the regular rentals for both telephones, and it was felt that the account presented was an imposition. A refusal to pay was met by disconnection from the Okanagan system, and for about two or three weeks from the 1st of the month the Boat Co. had no telephone connection with Pentleton. It was thought that the entire proceeding was an attempt on the part of Mr. Dobie's concern to get in a hit indirectly against the opposition Summerland system.

The restoration of the connection following the manager's visit may perhaps be taken as a sign that it was deemed inadvisable by the telephone company to completely disregard public opinion a second time when a similar course has previously had such disastrous results from their standpoint. At any rate the Boat Co. gained their point, for their telephone is being put to the same use now as hitherto.

J. Lawlor spent Thursday of this week in Peachland.

## ST. JOHN AMBULANCE CLASSES.

The course of five first aid lectures and demonstrations organized by the Summerland branch of the St. John Ambulance Association, was inaugurated this week in both sections of the district, Drs. F. W. Andrew and W. W. Kennedy being in charge.

At West Summerland the classes are held in the Campbell Hall, and both, for men and women, drew attendances at the opening lectures of about twenty. The men's class in this district is held on Monday evenings, while the women meet on Wednesday afternoons.

In the town section the women met for their first class on Tuesday evening, when there was an attendance of about a dozen. The men gathered on Thursday evening when the attendance was disappointing, being somewhat less than the women's class. It is thought that the date may conflict somewhat with the drill time of the civilian volunteer movement, and it has been decided in future to hold this class on Wednesday evening. Both are held in the Men's Club.

It is not too late yet to avail one's self of the opportunity to gain a knowledge of first aid work, and if prompt application is made to any of the officers of the local branch, enrollment can still be effected in any of the classes on payment of the fee.

## FREIGHT RATES REDUCED.

There is a very satisfactory reduction in local freight rates in the new tariff of the C.P.R. now in force. The new rates in effect between Summerland and Vancouver for first, second, third, and fourth class goods are as follows:—\$1.34, \$1.12, 89 cents, and 67 cents respectively. The old rates from Vancouver were \$1.57, \$1.32, \$1.05 and 78 cents, while shipments from Summerland to Vancouver bore a higher rate, that on first class goods being \$1.90, and other classes in like proportion. Car load rates have also been reduced, groceries, for instance, now bear a rate of 60 cents as compared with 68 cents. From Winnipeg the first class rate is less than carload lots has been reduced from \$2.50 to \$2.36. From Ontario points by lake and rail from \$3.86 to \$3.13. This news should be received with the greatest satisfaction by all whether directly engaged in shipping or not.

## WOMEN'S INSTITUTE.

The Women's Institute held their regular monthly meeting on Friday, September 18th, with a very good attendance. A letter advocating a Household Experimental Station was read, and after a good deal of discussion it was thought best to leave the matter over for the present.

There was a hearty response to the call sent out for donations toward the Patriotic War Fund.

A very well written and interesting paper on music, written by a Pentleton Institute member, was read by Mrs. Solly during the afternoon and much enjoyed by all. Many of the members took the opportunity to take home and read some of the Institute Library books won by the Institute in last year's competitions.

Sowing, for the wounded soldiers, was passed around for some of the members to do, to be ready to send up by the end of the month.

The membership of the Institute has seen a considerable increase since the last election of officers, and the number of directors has been increased by two, Mrs. H. A. Solly and Mrs. Buchan Reesor being the new names added.

Orders for photographs of the conference were also taken.

The civilian volunteers now drilling every Thursday and Saturday evenings will parade at 7.30, beginning to-morrow night. Those who have had previous drilling are being given company drill, while the tenderfoot is given recruit drill until qualified for company work. It is not yet too late to join, even if one has had no previous experience. Better get in practice rather than be looking on with envy.

## COLLEGE STUDENTS AT WORK.

On Wednesday of this week Okanagan College resumed its classwork for the term of 1914-15. There are thirty-two students at present enrolled, the majority of these being from this district. The classes which have been formed and are now carrying on are Freshman and Sophomore in affiliation with McMaster University, Toronto, the three years of academic or high school work, and commercial classes. The musical department will reorganize upon the return of Prof. W. H. A. Moore, who has been spending the summer in Scotland.

Members of the faculty who have been away for the summer have returned during the week, and students have also been arriving day by day. Principal S. Everton assumes the active direction of all the college work. Dr. F. G. Harrington again teaches the classics, Prof. D. H. McIntosh, housemaster, is in charge of the science and moderns, and Prof. W. M. Wright has the commercial work as formerly. Miss K. C. McLeod, Lady Principal, will be in charge of Morton Hall again this year. Miss Edna McLeod, assistant in the commercial department, has not yet returned.

There is a good representation in the various classes, the university students numbering about fourteen, and the remainder being divided between the academic and commercial classes. There may be additions to the classes within the next week or two, and it is hoped that the student body when completed will not be much fewer numerically than previous years.

## SUNDAY SCHOOL ADDRESS.

The attendance to hear the address given by Mr. I. W. Williamson last Friday evening in the Lakeside Baptist Church was not as full as had been hoped for. Mr. Williamson is the provincial secretary of the British Columbia Sunday School Association, and his earnestness and enthusiasm in the cause of the Sunday School are known to workers all over the province.

Mr. Williamson had hoped to speak on the Chicago International Sunday School Convention, held earlier in the year, and the address was to be illustrated by lantern slides, but the slides being not yet procurable Mr. Williamson changed his subject, intimating that at some future time he might return with the story of the great convention.

His theme last Friday evening was "The Largest Educational Institution in the World." In his wonderfully clear and convincing manner Mr. Williamson proved the claim of the Sunday School to that title. He showed in how many ways the Sunday School has made its position, its scope of all classes, and its reach including the young, and the oldest. It was an address full of interest and help to all workers in the welfare of the Sunday School.

A collection was taken up during the evening in aid of the work.

It is hoped that Mr. Williamson's hinted visit to speak on the great Chicago Convention will materialize soon, and draw a much larger attendance.

Mr and Mrs G. R. Hookham motored to Kelowna on Thursday.

Sunday will be a "Special Day" in the Methodist Church. In the morning at 11 a.m. (instead of 10.30) a "Rally Service" will be held. Special music will be rendered, and Rev. R. W. Lee will preach. The evening service will be held in St. Andrew's Church at 7 p.m., when Mr. Lee will speak on "Lessons from the War." A hearty invitation is given to all.

Mr. J. E. Weldon, father of Mr. Earl Weldon who recently arrived in Summerland is leaving to-morrow morning on an extended trip that will keep him away till next March. He goes first to Alberta, then on to his old home, Rockford, Illinois, proceeding later as far south as Florida. Some weeks ago Mr. Weldon was charged by the local Poultry Association to investigate the possibilities of cheapening poultry feed here by direct importation, and this mission Mr. Weldon will discharge during his stay in Alberta.

## Makes Clean Sweep.

**Summerland Horse Wins Many Honors.**

Summerland's pure-bred hackney stallion, "Forest Fire," which made such a name for itself at the recent Vancouver Horse Show, was brought back to town at the first of the week. It was not surprising that in the pink of condition, as "Forest Fire" appeared after his journey, that he should sweep the Vancouver Show of the best prizes in all the classes in which he was shown, and be the cynosure of a good many admiring eyes. The full list of awards gained for the Summerland Hackney Association is as follows: championship of all hackneys, and a diploma for the best stallion; best high-stepping stallion in harness; first prize for best horse in any class for breeding purposes. In addition, the gold medal awarded by the Canadian Hackney Association, and the silver medal of a corresponding American Association were won by "Forest Fire."

"Forest Fire" is an imported French Hackney horse, for which the handsome price of \$3,000 was paid, and he is said to be well worth the price.

## REDISTRIBUTION IS CONSIDERED.

About a dozen members of the executives of the local branches of the Liberal Association and Liberal-Conservative Association met last Monday evening in a joint gathering at Reeve Ritchie's office to consider the needs of the Okanagan electoral riding, in view of the redistribution of representation that has been mooted in the Provincial Legislature. A royal commission of two members is now touring the entire province to report on the desirability of making changes in the electoral in the province, especially in districts where the increase of population has been more rapid than in others.

A case in point is that of this Okanagan division which has almost six thousand voters, names on the roll, and has but one member, Hon. Price Ellison. Mr. W. T. Shatford, on the other hand, represents in the Similkameen district what might number barely one thousand electors. Anomalies of this nature must necessarily lead to public grants out of proportion to the population, such as for road work, and indeed it is felt in some quarters that the Okanagan is not receiving its due attention in this particular regard.

Two plans were advanced on Monday evening that had any strong backing behind them. One was to give the riding two or three members, leaving its boundaries untouched; the second, to divide the constituency into two portions and allocate to each division one member. While each would have the same general effect on the representation the latter plan would give to both members more particular interests, and this was the proposal finally adopted by the meeting. The opinion was very evenly divided, one vote deciding the question, but the resolution was finally sent forward as unanimous on the agreement of both parties.

## TEAMING ACCIDENT.

Mr. George Hampshire suffered an accident on Thursday afternoon, from which he was fortunate to escape without any very serious injury. He had taken a horse and democrat some distance back of Peach Valley, and was returning with the democrat loaded with two limbs for firewood. Near the Kettle Valley station in Peach Valley one of the tugs slipped off the whistle-troop, but coming down an incline it was not noticed. When on the level again, however, the horse began to pull, held only by the breeching. Mr. Hampshire pulled the horse into the side of the road, and a wheel of the democrat coming against a rock the horse jerked forward, broke the breeching, and pulled Mr. Hampshire out over the dashboard. The horse got away and made its way home to its barn quietly enough. In his fall Mr. Hampshire must have come in contact with another rock, his face suffering cuts that necessitated some seven or eight stitches by the doctor a little later.

## Eminent Agriculturists Visiting Summerland.

**Members of B.C. University  
Faculty on Tour of Province.**

Summerland is honored today by the presence here of Dr. F. F. Wesbrook, head of the B.C. University, and Prof. L. S. Klink, the newly appointed chief of the Agricultural Branch of that institution soon-to-be. An announcement of the coming of these gentlemen accompanied by Inspector Cunningham appears on page six of this number.

It was Prof. Klink who evolved the now famous Quebec fodder corn as well as some harder varieties of alfalfa, peas, soy beans, and clovers which have proved of great value as fodder in the Province of Quebec, where Prof. Klink has been for some years identified with McDonald College as Professor of Cereal Husbandry.

One does not need to listen long to these men to become satisfied of their thoroughness, and that they are approaching the question of agriculture in this province, and will continue to deal with it, in a most practical manner. Their special mission on this occasion is to learn of actual conditions, become acquainted with the people on the land and to know the province.

Dr. Wesbrook with Prof. Klink as dean of the agricultural branch are evidently determined to make this branch of our new university of the utmost value and assistance to the tiller of the soil, and to help our people to attain the very first rank in thinking, practical agriculturists, and to enable them to maintain that position.

With such men to lead and to look to for advice the B.C. farmer, so favorably situated in every other respect, will be indeed a man to be envied.

## POULTRY SHOW FIXED FOR DEC. 2nd AND 3rd.

With the date set for the Provincial Show, which will be held at Vernon on December 8-11, the local association are now able to set a date for their show. This is December 2 and 3. Mr. Coates will again judge. As an evidence of the wide recognition of Mr. Coates' ability as a judge, friends here will learn with satisfaction that he was asked to judge at the big Madison Square Show in New York City. He will, however, stick to the association on the Pacific Coast.

## KELOWNA'S ANNUAL EXHIBITION.

The Kelowna Fall Fair which was held this week was described by a visitor from this district as very creditable. In all there were some 2,500 entries, of which 520 were poultry. Taken as a whole the quality of the exhibits was of high grade. The cut flower section was rather weak, but the vegetables were exceptionally fine, this class and the poultry both being far ahead of anything previously brought together in the Orchard City. The kindergarten work by children under 7 was excellent.

In the poultry exhibit Mr. J. Aldridge of Naramata showed a number of pens of his Orpingtons that won highest honors including one diploma, one special, 12 firsts, 7 seconds, and 2 thirds.

Beside a diploma for the best bird in heavy breed class Mr. Aldridge won on his Orpingtons:—first on white cockerel; 1st and 2nd on white pullets; 1st, 2nd, and 3rd on buff cockerels, and same on buff pullets; also 1st and 2nd on both blue cockerels and blue pullets, 1st for best two Buff Orpingtons in the show, 1st in each for pens of white, buff, and blue.

He was equally successful with his Orpington Ducks, taking 1st for pen, and 1st and 2nd on both drakes and ducks. The waterfowl shown was a very strong class.

## HOSPITAL RATES.

The Board of the Summerland Hospital Society desire that the following schedule of rates in effect at the new hospital be made known: Public Ward, per day - \$2.00 Private Ward, per day - 2.50 Oddfellow's Ward, per day 3.00

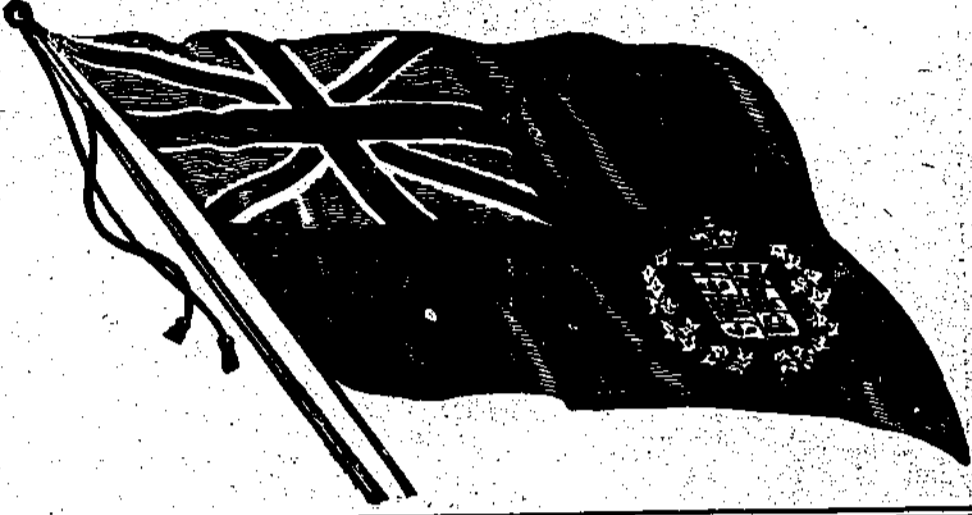

# The Summerland Review

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED.  
RALPH E. WHITE, MANAGING DIRECTOR

SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

### Advertising Rates:

LEGAL NOTICES.—Twelve Cents per line for the first insertion; Eight Cents per line for each subsequent insertion.  
LAND NOTICES.—\$7.00 for 60 days, \$5.00 for 90 days.  
WATER NOTICES.—30 days, 150 words and under, \$3.00; each additional 50 words, \$1.00.  
THEATRICAL, ETC.—50c. per inch for first insertion, and 25c per inch each subsequent insertion.  
LOCAL NOTICES or Readers, Immediately following regular locals, 20c per counted line; 10c per line each subsequent insertion. Half these rates when accompanying display advertisements.  
LODGE NOTICES Etc., 25c. per week, per column inch.  
FOR SALE Advertisements, Etc., 2c. per word first week; 1c. per word each subsequent week.  
Transient Advertisements payable in advance.  
Rates for Contract Advertisements furnished on application.  
Copy for change of contract advertising must be in the hands of the printer not later than Wednesday noon to insure publication in the next issue.  
In accordance with schedule of prices adopted throughout the valley, charges for advertising are now being made weekly. Heretofore when five issues were made in one month the result was a loss. By the new method customers are charged each week for just the amount of space used.

FRIDAY, SEPTEMBER 25, 1914.

THAT there is an unrivalled opportunity for Canadian trade during such times as the great countries of Europe continue in strife is being pointed out by many editors all over the country. German and Austrian commerce, for the time being at least, is absolutely non-existent, and that of the allied nations opposing them is largely conserved for domestic purposes. Particularly is this true in the case of food stuffs; and in this direction lies one of Canada's shining opportunities.

As a result of the war there must unquestionably be a tremendous demand for Canadian food products. What this means to the nation at large is pointedly put by the Canadian Courier in a recent article:

"An increase in the price of wheat and oats will put anywhere from fifty to eighty million dollars extra money in the pockets of Canadian producers. This must be paid in gold, and Canada will have more of this precious commodity than at any time in her history. The resultant effect upon Canadian business must be highly beneficial."

After discouraging all the forms of war-time hysteria, the Courier continues with this sound advice:

"Let the people be courageous and hopeful. While Europe is terrified, the people need food and supplies. Much of this must come from Canada, so that our prosperity is assured. Indeed, there is a possibility that it will be stimulated."

"Much depends upon the trade routes being kept open, and surely the people are confident now that the British Fleet is more than equal to that task. Let us all look upon the situation with the calmness and confidence which is the test of good citizenship."

FOR THE TIME BEING the Canadian Pacific transpacific service is non-existent. All the vessels of the fleet operated between British Columbia and the Orient have been requisitioned by the Imperial authorities. The "Empress of Asia," equipped with ten 4.7 guns, shorn of her boats and all top hamper, unrecognizable in her new coat of grey paint, recently put to sea from Hong Kong as a scout cruiser and commerce destroyer. By this time it is probable that her sister liner, the "Empress of Russia" is similarly equipped and searching the China Seas. Their speed makes these two vessels invaluable for this service. The "Empress of Japan," "Empress of India," and the "Monteagle" will probably be used as transports.

THE CONTENTIOUS Irish Home Rule Bill that threatened serious internal disturbances in the British Isles before the war, has received Royal Assent, and by the provisions of the Parliament Act, passes on to the statute books, over the head of the veto of the House of Lords. In times of peace this would have been chronicled among the great events of the day, but overshadowed by greater happenings, it has been given but passing mention. The operation of the bill is suspended for at least a year, owing to the unsettled, or rather very much pre-occupied English political situation.

CALCULATIONS just issued, and based on official returns, show the cost to Great Britain of forty-three days of warfare, counting from August 1st, when the special disbursements began, totalled about \$166,500,000.

"STEADY" is the word. There is absolutely no reason for a panic in Canada. Our business should go on pretty much as usual, even if profits are not earned for a season.—Toronto Globe.

THE DATE previously set by the Federal Government for the national Thanksgiving Day has been changed from Thursday, October 8th, to Monday, October 12th. The tradition of holding the national holiday on a Monday is thus allowed to go undisturbed.

### MORE PIGS WANTED.

Commenting on the shortage of pigs in America, and on its inimical effects as far as the average consumer is involved, one of the leading experts writes:—"The pig question, indeed, shows no present signs of relief, and higher prices are likely to become—even if they are not now—a serious trouble. With a constantly increasing population, the supply of food animals shows a considerable decrease. More pigs are certainly wanted."

### STOPPAGE OF GROG.

(Weekly Witness).

How great has been the change in the sentiment of the world towards the consumption of alcoholic liquor during the last fifteen years is shown by the change that has taken place in the supplies for the soldiers. When the Canadians who volunteered for service in Africa left for the front, they were, from the day they sailed from Halifax to the day they got back, supplied with a ration of rum twice a week. The whole army fighting in Africa was given its rum as a necessity all through the campaign. Today things are different. Among the first items of news that came from Russia after the outbreak of war, is the startling announcement that the sale of liquor throughout Russia has been prohibited. From Lord Kitchener, the Minister of War, we hear that no spirituous liquors will be forwarded to the English soldiers fighting in France. Not only will the government not send over regular rations, but it also refuses to forward consignments made by friends as gifts to individual soldiers. In Canada, Colonel Hughes has shown himself equally opposed to the use of liquor by the men, and has made the strongest regulations against its introduction to the camp at Valcartier, even threatening to dismiss from the service any man found with liquor in his possession. These are signs of the times, which indicate how strongly and universally the tide of public opinion is setting against alcoholic drinks.

### OUR GERMAN CITIZENS.

(The Stratford Beacon).

The feeling of German Canadian citizens in Hamilton was shown by the Germania Club of that city making a contribution to the Women's Hospital ship. Everywhere these honored Canadian citizens are manifesting their gratitude and appreciation of the privileges they enjoy under the British flag. Thousands of their race in Germany would appreciate being free from the military tyranny of an autocratic system, and they will be free when the war is over.

## FREE WAR MAPS

Every Reader of the Review  
May Have a War Map Free

A Map 3 1-3 x 2 1-2 feet, showing clearly every boundary, every city, every town, village, hamlet and river in the whole European War area. Each map in a neat folder of convenient size.

The Family Herald and Weekly Star of Montreal has secured exclusive rights for the War Map prepared by the celebrated map firm of G. W. Bacon & Co., Ltd., of London, Eng. It is beyond question the most comprehensive map printed.

The Review has completed arrangements by which our readers can secure a copy of this excellent map free of charge.

Here is Our Offer -  
good for 30 days only.

The price of the Family Herald and Weekly Star, Canada's wonderful newspaper-magazine, is one dollar a year.

The price of the Review is two dollars a year.

Such a map as we are now offering could not be purchased at retail for less than \$1.50.

I.e., the three are worth \$4.50.

We now offer both papers for one year each, including a copy of the War Map, size 30 x 40 inches, in a neat folder of convenient size, for only \$2.50, to all who pay their subscriptions for a year in advance inside the next 30 days from this date.

To follow the war situation intelligently the Family Herald War Map is necessary. It should be in every Canadian home.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY, Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

If you want to sell you must advertise.

HOSPITAL DONATIONS.

We take pleasure in publishing herewith a complete list of the donations brought to the Hospital, on the occasion of the formal opening, on Thursday of last week. How thoroughly the first needs of the new institution were anticipated, in order to place it on an operating basis, is shown by the diversity of the list. How the whole community is taking to heart the interests of the new Hospital is thus given another evidence. Here are the gifts and their donors:—

FRUITS, PICKLES AND SAUCES.

Mrs W. C. Kelley, Mrs R. W. Lee, Mrs Gayton, Mrs D. H. Watson, Mrs Sharp, Mrs Jas. Gartrell, Mrs Holder, Miss Ballantine, Mrs Snyder, Miss Hippisley, Mrs Atkins, Mrs Grieves, Mrs McIntyre, Mrs H. Howis, Mrs Elsey, Mrs Bent, Mrs Fosbery, Mrs Grey, Mrs Munn, Mrs Dale, Mrs J. C. Wilson, Mrs Brewer, Mrs Kean, Mrs Isaac Blair, Mrs Tomlin, Mrs K. R. W. Kinnard, Mrs Jno. Jeffrey, Mrs Washington, Mrs W. J. Robinson, Miss G. Aitchison, Mrs M. Campbell, Mrs G. J. C. White, Mrs H. A. Solly.

PLANTS.

Mrs M. M. Robinson, Mrs W. J. Robinson.

GROCERIES.

Miss Willans, two boxes shredded wheat biscuits; Mrs Randall, 8 lbs. rolled oats; Mrs Rivington, 5 lbs. barley; Miss Dodwell, 8 lbs. barley; Miss Dodwell, 8 lbs. sago; Mrs W. J. Robinson, spices; Mrs R. M. Ross, 20 lbs. sugar; Mrs Hampshire, 1 1/2 doz. eggs; Mrs Vaughan, 1 lb. tea; Mrs Arkell, bread; Miss G. Aitchison, 2 fowl; Mr Thos. Dale, potatoes; Miss G. Aitchison, vegetables; Miss Ballantine, vegetables.

CHINA.

A. C. Wright, 2 lbs absorbent cotton; Miss Armstrong, 5 oz. lysol.

MISCELLANEOUS.

Mrs Eugene Markoe, salt, pepper and mustard set; Mrs Solly, salt, pepper and mustard set; Miss Margaret White, cream pitcher, sugar bowl, potato masher, kitchen strainer, 2 dish mops, dipper; Mrs Phinney, floor mop and duster; Mrs F. Williams, aluminum sauce pans; Mr E. B. May, dish pan; Mrs May, 6 custard cups; Mrs R. Clouston, 11 tumblers; Mrs G. Gartrell, kitchen fork and egg beater; Miss Barraclough, tray; Mrs May, tray; Mrs Rivington, food warmer; Mrs Simms, nurse's work table; Miss Hayes, rolling pin; Mr Hayes, P.O. Box 107; Mrs Hoopler, 1 Cedar mop; Mrs Hayes, floor brush; Mrs Watson, enamel saucepan; Mrs G. M. Ross, magazines; Mr Ross Rae, 2 door mats; Mr E. B. May, 2

PEACHLAND NOTES.

Miss Leone Morrison spent Wednesday in Kelowna.

W. J. Robinson of Summerland spent Wednesday in town.

A number from here have gone over to Kelowna to-day to attend the exhibition.

Wm. Logan of Kelowna came down and made the acquaintance of his grandson on Wednesday.

Douglas Henderson of the B.C. Horse, now in camp at Vernon, spent Sunday at his father's home here.

On Wednesday last Mrs Somerville returned from Vancouver where she had been visiting her son and his family.

Two comets are now visible in the northern sky, one early in the night at eight or nine o'clock in the northwest, and one about three in the morning in the northeast. Have seen no account of these in any of the papers.

At the Patriotic Meeting held on Saturday night in the Orange Hall, great enthusiasm was shown and an eagerness on the part of every one present to do his best is assisting, in every way possible, the gigantic effort being made to overcome "Kaiserism," and to alleviate the discomforts of the families dependent on those who have gone to the front. A subscription list was circulated, and the neat sum of \$300 collected at the time.

The Okanagan Ambulance League, which was organized in the Women's Institute at the last meeting, with Mrs Vicary as president, Mrs Aitkens, secretary, and Miss Walkden, treasurer, and a strong working committee, holds its first sewing meeting this (Wednesday) afternoon at Mrs Buchanan's (town-site); to-morrow it meets in town at Mrs Dryden's, and on Friday on the hill at Mrs Vicary's. The work is undertaken under the direction of Dr Buchanan. The meetings will be held at the same places every week until further notice.

GURDIT SINGH AGAIN.

A copy of the Japan Chronicle of recent issue contains an account of further troubles of Gurdit Singh and the Komagata Maru. When the steamer reached Kobe the owners refused to allow her to proceed until Gurdit repaid some money he is alleged to have borrowed from the owners while the ship was at Moji. Gurdit replied that the coal used by the Komagata Maru on the return voyage from Vancouver had been paid for by him, and he thought it was about a stand-off. The British consul-general stepped in and agreed to pay for the food for the Hindus while at Kobe and pay for their transportation to Calcutta if the owners of the Komagata Maru would ship them as far as Hong Kong. This was apparently done.

The farther a man gets from his home the nearer it gets to his heart.

framed pictures; Mr Napier Higgin, Japanese grass arm chair; Dr Lipssett, Jap. grass reclining chair; Miss Esther Lintern, 2 hours work; Oddfellow's furnished a room with the following: 1 brass bedstead and mattress, 1 mahogany dresser, commode, table, rocking chair, 1 rug.

From the UNITY CLUB, Nanaima:—1 pr. flannelette blankets, 3 large pillows, 5 small pillows, 6 sheets, 18 pillow covers, 4 hand towels, 4 bath towels, 7 glass towels, 2 crash towels, 38 wash cloths, 4 tray cloths, old linen.

From the T. Eaton Co. Winnipeg, 10 bed spreads.

From the R. Simpson Co. Toronto, 5 hot water bags.

The following gifts are also acknowledged but the donor's names are lost or did not accompany the articles:—2 bath towels, 2 linen torchon d'oyles, 1 box arrowroot, 3 boxes gelatine, 2 boxes custard powder, 2 lbs. tea, 1 lb. coffee, 2 lbs. butter.

The Review has been asked to publicly extend a vote of thanks from the Matron to the following for assistance: Dr Lipssett, Rev. H. A. Solly, Mr H. Tomlin, Mr Ross Rae.

The Matron desires that the ladies of the community bring to the Hospital as much old linen as they can spare, such in the nature of old table cloths, serviettes, and sheets, being welcome. Good use can be made of these, and the ladies are asked to bear this request in mind.

Fruit Ladders

We have extra strong, steady Fruit Ladders, at moderate prices:

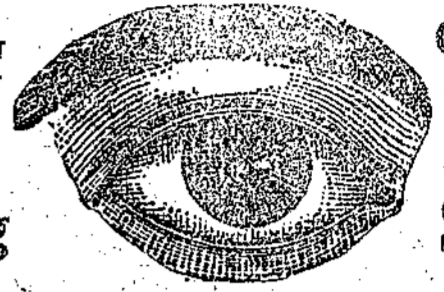

- 8-ft. Ladders - \$2.50
10-ft. " - \$3.10
12-ft. " - \$3.75

These ladders have a good, comfortable step.

**BAKING POWDER**

### BOY SCOUT DOINGS.

The Scout activities of the last ten days have been very few, only two meetings having been held during that time. According to the Scoutmaster this holiday was given to enable the boys to recover from the effects of camp life, although in our opinion we didn't need any "recovering."

Tuesday evening the Scouts met rather informally, only seven being present, and were welcomed into the study by the new pastor, where a friendly talk was indulged in.

On Saturday we made arrangements for our meetings during the school term, and a few stories were told.

### A SCOUT.

### CARD OF THANKS.

Mrs Mason and family wish to thank all the kind friends for inquiries and sympathy shown them in their recent bereavement.

Let the carpenter be the only man in your town to use a hammer.

### The Old England

**JULIUS W. A. BLOCK,**

TWEED HATS for Ladies, \$1.25 each.

Any order for not less than \$3, and not weighing above 11 lbs. sent by Parcel Post inside the 20 mile radius FREE.

### NEW SCHOOL BUILDING READY FOR OCCUPANCY.

The opening of a new two-roomed, ten thousand dollar public school next Monday, marks an era in the material progress of our district.

The two acre site at the corner of Eighth Street and Robinson Avenue is one selected after due consideration to health and the convenience of the community as a whole, and affords ample room for the accommodation of a High School as the years roll on and Naramata becomes a much larger centre than it is at present.

The building itself is a frame structure of pleasing design, resting on a solid cement foundation of sufficient height to permit of playroom space in the basement. One large furnace centrally located, drawing fresh cool air from the outside, and after heating delivers the same to each of the two class rooms. In the class rooms ample provision has been made for light, there being no fewer than six large windows reaching well up to the ceiling, while for use on dark or cloudy afternoons or for use in evening sessions the whole school is lighted by electricity. In fact we have in Naramata a fully modern and thoroughly equipped public school—a credit to the town, and splendid example of the kind of work the Government of British Columbia is prepared to undertake for communities such as ours, which expresses a really earnest appeal for first-class structures.

In justice to Mr Footner, contractor, it should be said the delay in the completion of the school in schedule time was due to the non-arrival of certain portions of the toilet fixtures not obtainable in this country, and which were delayed in transit.

The proposal to hold a formal opening of the school is beginning to take shape, and an announcement to this effect will probably be forthcoming next week.

**WAR BULLETINS.**—The Russians certainly routed the Austrians yesterday. The battle started on the front page, and when it was over the Russians had driven the Austrians away back among the want ads.—Exchange.

### Current Events — OF — Town & District

Mrs Boothe and son Roy were visitors to Penticton on Wednesday afternoon.

Nurse Gordon, who is at Penticton Hospital on professional duty is expected back shortly.

Mr and Mrs V. L. Watson of Penticton were visitors to town on Sunday last, the guests at the home of Mrs H. J. Wells.

What about the Cow Herd law? It looks as though 'twould yet be Oct. 1st before the inauguration of the proposed change.

Mr Jean Johnson and his wife, nee Miss Baker of Penticton, spent a few hours in town on Wednesday, coming up on their motor cycle.

Engineer Cameron left on Wednesday for Penticton having completed his field duties in connection with the water works extension survey.

Mr Frank Hayward went out at noon on Tuesday, en route via Penticton and Keremeos, for Princeton, where he will engage in survey work.

Mrs Morsch, after a lengthy visit with relatives in Montana, has returned to her home in Naramata, coming by way of Spokane and Oroville.

Mr and Mrs J. C. Lyons propose shortly moving down town for the winter months, while their place on the lot will be occupied for the winter by Mr Craig, whose lot adjoins.

Breathes there a man with soul so dead

Who never to himself hath said!  
"I am indeed a poor, poor scraper  
Not to subscribe for my own home paper."

Mr Jack Robinson, who recently returned from Spokane, whither he had gone on imperative business in connection with the Mammoth Gold Mine, gives glowing reports of the progress thus far, and speaks most hopefully of the prospects in the near future.

Mr and Mrs R. L. Nicholson and young daughter of Edmonton were this week entertained by Mr Gerald Roe at Syndica House. Part of the entertainment included a trip up to Paradise Ranch in the "Trepianer" last Sunday, which proved a most pleasing outing.

A number of fellow campers, headed by Messrs Guy Brock, Walter Talbot, and Russell Roe, went up to Chute Creek on Thursday where they propose spending a week or ten days under canvas. While there the party propose to hunt and fish.

Manager Dobie of the Okanagan Telephone Co. motored up from Penticton early this week. As a result of the visit one of our local hostilities that had its 'phone removed some little time ago as the outcome of a misunderstanding with the company, has had the 'phone replaced.

Quite a bunch of fellows, under the leadership of Mr W. Nuttall, have been at work this week on the improvements to the dam. The fine weather that ushered in their departure for the hills, it is hoped, may continue some little time in order that the work may be the more expeditiously done.

One of our veteran sportsmen, Mr C. Grimaldi, during his stay in the survey camp back in the hills near the site of the proposed new dam, was fortunate in capturing a fine large buck. As the game this year appears to be none too plentiful the securing of such a fine head for mounting is the more noteworthy.

The funeral service in connection with the interment of the body of the late Mr Mason was attended by a very large number of Naramata citizens. The service was held at the home of Capt. Languedoc, a son-in-law of the deceased, and was conducted by the Rev. H. A. Solly of Summerland. Numerous floral offerings testified to the high esteem of the departed, who though he had never become a permanent resident of the district was well and favorably known through his family, who have been here for some time.

### INCREASED WATER SUPPLY.

The survey party under Mr H. A. Cameron, C.E., after several months' investigation on behalf of the government generally and other citizens of Naramata more particularly, have completed their field work, the camp breaking up on Tuesday of this week.

Mr Cameron, and in fact all of us who have had an opportunity to examine, even casually, the proposed addition to the water supply, assert positively that there will be, when the work is completed, abundance of water for all purposes, and for all time to come. It is felt therefore that the present policy of rushing ahead this season, as is being done, is the wisest step that could be taken.

### HOW TO CATCH A COLD.

A few suggestions on how to catch a cold were made at a sanitary congress by Prof. A. Bostock Hill. Among the rules were:

Keep your windows shut and stuff up every chink and cranny with bits of felt and cloth.

Wear an excessive amount of clothing, particularly large chest protectors.

Take as little exercise as possible.

Don't take baths, unless they are very hot ones.

Never stay away from church, theatres, or parties in times of epidemic.

Stay indoors on every possible excuse.

"Colds," he argued, "are not produced by cold."

He showed that people in arctic and antarctic regions do not catch colds, and quoted the well-known fact that a horse turned out even in the depth of winter will not suffer from a cold, but groomers know that when it is brought in, no matter how much attention is paid to stable ventilation, it is liable to catch a cold.

"Don't avoid the cold," he said, but live and sleep with wide open windows, and take such steps as will strengthen your power of resistance against germs."

"What did your mother say when you confessed to her that you loved me?" "She said that I must take it from father's side of the house; that there had never been any insanity in her family."

Mrs Pushman, senr., is suffering more or less severely as a result of a felon on the thumb of her right hand.

Miss Gwen Robinson and Mrs W. L. Robinson spent Wednesday of this week visiting friends in Summerland.

Mrs John Noyes entertained a small party of young folks last Thursday evening in honor of the two school mistresses who have accepted positions in the new school.

Rev. J. Irwin Beatty, the newly appointed pastor, delivered an eloquent and thoughtful address in the course of last Sunday morning's service, dealing more particularly with the sentiment or rather the passion of loyalty.

The heavy shipment of peaches, chiefly Elberta's, to the Penticton cannery has raised the question as to whether Naramata will be able in the course of another year or so to support a similar institution. This is at least one of the problems that must be met in the not distant future.

Next Wednesday will be the usual monthly meeting time for the local Ladies Aid Society, and as the ladies are squaring round for their annual Thanksgiving Day—feast—shall we call it—it behoves every loyal member, and the disloyal ones too—if there are any—to be on hand at the church, providing the school children are not then occupying it. Otherwise the gathering will be held at the home of Mrs Cook. In the course of the afternoon coffee and cake and other light refreshments will be served by Mesdames Allen and Boothe.

Mr Ralph Hornsby left on Monday morning's boat on route for Vancouver in which city he has been offered an important position on the police force with the Canadian Pacific Railway, a position for which Mr Hornsby, by his experience as a member of the Queen's Own Guards, and later on as an officer in the South African Constabulary, not to speak of his splendid physique and soldier-like appearance, eminently fit him. The only regret is that it will necessitate the removal of the family from town, where both Mr and Mrs Hornsby have many warm friends.

**Vinegar and Spices**

Copyright 1910  
By E. E. Zimmerman

**YOU** might think that there is little

to choose between varieties of Vinegars, Spices and Mustards.

But there IS— and it will surprise you to know that more difference exists between them than amongst grades of meat and brands of flour. So just as you pick out the best in meat and flour, you should get the very finest in Spices and Vinegars. All the flavor and pleasure of eating may depend on that choice. It will make the difference between a good meal and a bad one.

Come in and let us advise you.  
We carry the most varied and best selected stock in town.

# Tailoring

Where a High Standard Holds

The selection of material for suit or overcoat is important. The best work of designer and workmen may be spoiled through poor taste shown in material made up.

We can always help in a selection, and our range of materials is of a size to give the widest choice.

But all other things being equal, it is the skill shown in designing and workmanship that makes or mars the suit.

The House of Hoberlin is justly credited with fixing the standard for high-grade tailored-to-order clothes.

It is the fit and finish of all garments carrying the name of this House that has given the House first place in all parts of Canada for ideally built clothes—always made-to-measure—always high grade.

Sole Agent for Hoberlin Tailoring

## J. R. TATE

West Summerland.

# Passing Events: Social, Personal, &c.

Mrs E. C. Graham returned on Monday evening from a short visit with friends in Vernon.

Capt. Gore, the commodore of the C.P.R.'s fleet on B.C. inland waters, was on the "Sicamous" on Tuesday.

"Billy" Greenwood went down to Hope on Saturday morning. He is to have work on bridge construction on the K.V.R..

Assistant Fruit Inspector W. H. Lyne is just now touring Vancouver Island and Gulf Islands, urging fruit growers to organize.

George McLeod has been back in town again since the end of last week, after some time spent in the Coast district and on Vancouver Island.

Dr. T. B. Turner, dentist, will spend Monday and Tuesday of each week in Summerland. Crown, Bridge and Gold Inlay work a specialty.

Mr J. I. Logie went out on Wednesday morning, accompanying President J. J. Warren of the K.V.R. to Vancouver. He will be away about a week.

After an absence of several months spent at her old home town in Ontario, Mrs James J. Mitchell has returned home, arriving by last Friday evening's boat.

A C.P.R. pile driver and work gang have been busy since the middle of the week replacing and driving new piling about the car-barge approach, and round the wharf.

Congratulations are being bestowed upon Miss Marjorie Limmer and Mr Muir Stuart, whose friends are becoming acquainted with the fact of their recent engagement.

On Saturday last crab apples were retailing in Vancouver at 5 cents per lb., egg plant 20 cents, Okanagan peaches, which were attracting much attention by their large size and delicious flavor, were selling at \$1 per box.

A considerable number of young people took advantage of the special trip offered by the Boat Company to attend the Supper and Dance held on Thursday evening at Pentiction, organized by the band of that town. A few also went down by road.

At a time like the present, when a perceptible advance in the necessities of life was anticipated, it is pleasant to note that the Summerland Supply Co. are offering attractive bargains in every line of goods they carry. Their advertisement on page 6 is well worth reading.

Mrs Neve, accompanied by her son and daughter, Mr Fred Neve and Miss Connie Neve, with Miss Anderson of Winnipeg, who has been their guest, and Mrs N. F. Tunbridge, daughter of Mrs Neve, drove to Pentiction last Friday. Mrs Neve extended her visit for a few days, returning by the Thursday afternoon trip of the ferry.

Those who have promised contributions to the Hospital Fund and have not yet paid in those donations, are urged to do so if at all possible during the coming week. There are heavy payments to be made to the contractor in the near future, and if all the contributions possible are paid in to Mr E. B. May, the treasurer, during the next few days, the financial position of the Hospital Society will be greatly simplified.

Joseph Lintern, James Forsyth, and George Barkwill, three of the Summerland troopers in the Vernon squadron of the B.C. Horse, are home on a two weeks furlough. As soon as the first Canadian contingent has left Valcartier for the front, and equipment for another contingent is gotten ready, all those in camp at Vernon expect to go forward to the Valcartier camp to form part of the second contingent. This move will be made about a month hence.

The numbers of the civilian volunteer corps which has been organized locally, have been well maintained at the drills held last Saturday and yesterday evenings in the Colleger Gymnasium, and the patriotic impulse of those who have enrolled is not likely to diminish but rather quicken as the drills progress. At last Saturday's gathering Col. R. Cartwright was appointed Honorary Colonel; Capt. Coode, Officer Commanding; Sergeant Weldon, Drill Instructor; F. J. Nixon, Color Sergeant; and Rev. H. A. Solly, Chaplain.

Mrs and Miss Munn left on Thursday morning for Montreal on a visit to Mrs Munn's daughters.

J. C. Kennedy of the Bank of Commerce staff returned early in the week from relief duty in Vernon.

Public Schools Inspector Anstey has been in town for a day or two this week on one of his periodical visits.

G. J. Coulter White went up to Vernon on Thursday to a meeting of the directors of the Okanagan United Growers.

A carload of poles arrived a few days ago for the Municipality. They are for the electric lighting department, but only a few for immediate use.

Corporals H. V. Acland and T. E. Pares of the B.C. Horse came down from Vernon during the week, and will spend short furloughs at their homes here.

Mrs W. G. Benson of Kelowna, accompanied by her children, is paying a visit to her parents, Mr and Mrs F. D. Cooper. She is making her headquarters at the Felix Hotel, where Mr Benson will shortly join them.

Next Sunday morning at 10.30 there will be a Rally Day Service in the St Andrew's Church. Old and young are earnestly invited. Mr Daly's evening service will be held in the Methodist Church, the subject being, "What Shall We Do?"

Keep your horses warm and dry. Mr A. J. Beer has too large a stock of Horse Blankets, and will therefore offer a special cash discount of 20 per cent. until the end of October. Don't let it slip your memory, buy early while the selection is good.

If you are bothered with headaches, squint or cross-eye, or if the glasses you now wear are unsatisfactory, consult with Dr Hirschberg, Specialist in Felix Hotel, Summerland, Monday, Sept. 28th, or McWilliams' Pharmacy, West Summerland, Tuesday, Sept. 29. See notice on page 3. s18-25

Mr McLean will give a lecture in the Presbyterian Church on Tuesday evening, Sept. 29th, at 8 p.m., in aid of the Hospital. The subject will be "The World we Live In, its Struggles for Religion, Political and Social Freedom, and its Relation to the World of Mind." This is a subject to which Mr McLean has given considerable study, and it is sure to be both interesting and instructive.

Our Peachland correspondent is misinformed in making the statement that there are now two comets visible to the naked eye. Delevan's comet has for some nights been plainly discernable with its luminous tail, appearing like a miniature Halley's comet, in the early evening in the northern sky, just below the system of Ursa Major, more commonly known as the dipper or "the plow," but in the early morning its position has changed to the north-eastern sky.

## FREE WAR MAP

See Page Two.

P. P. Johnson and family have removed to Alberta, leaving here on Wednesday morning.

The Ladies Aid of St Andrew's Church held their first meeting of the fall at the home of Mrs Daly on Thursday.

Mr and Mrs C. J. Thomson and family are now occupying the Peach Orchard cottage of D. L. Sutherland, removing this week.

A car loaded with five hundred cases of jam was shipped to Calgary on Thursday evening by the Okanagan Jam Company.

Mrs W. H. Hayes and Mrs Angwin are at the Kelowna Fair this week judging the work in the ladies fancy work department.

Mr M. S. Middleton of Nelson, who is collecting specimens of fruit for the International Irrigation Congress at Calgary is staying at the Felix Hotel.

After a sojourn in this district of seven or eight years, J. Lacey went out on last Saturday morning's boat, returning to his former home in the Old Country.

Mrs R. C. Lipsett was a passenger up the lake on Wednesday morning, travelling as far as Peachland, where she will remain for about a week, a guest of her sister, Mrs J. B. Robinson.

Next Sunday the West Summerland Baptist Sunday School observes its annual Rally Day. A program has been prepared, and all are cordially invited to attend. The Sunday School is held immediately after the morning service.

Miss Myrtle Clay was hostess to a party of young people at her home on Tuesday evening, when she entertained in honor of the Misses Brown, who came here from the prairies some time ago, and are now living near the high flume.

COMING—Dr Hirschberg, Eye-sight Specialist, representing Toric Optical Co. of Vancouver will be in Felix Hotel, Summerland, Monday, Sept. 28th, and McWilliams' Pharmacy, West Summerland, Tuesday, Sept. 29. See notice on page 3. s18-25

Some time ago the Municipal Council granted permission to the Okanagan Lake Boat Company to erect a notice board at the approach of the old wharf, near the bandstand. This week the notice board made its appearance, neatly constructed and painted, with two spaces for the various bulletins pertaining to movements of the company's boats.

Basketball votaries, both players and fans, are asked to gather in the office of C. A. McWilliams next Tuesday evening, September 29th, to effect organization for the coming winter season. As large a gathering as possible is looked for. As in the past, there is no lack of material here to make a real classy quintette, and all that is needed to put it into first-class shape is early organization and practice. The possession of the Rowley Cup will again be contested between the teams of the town and the Colleger, and another interesting series of games should be witnessed this winter.

Notice has been given that the Dominion Express Company will carry free of charge donations of clothing, etc., for Valcartier, Que., and other camps, when forwarded by the Canadian Relief Committee, representing the Canadian Red Cross, St John's Ambulance Society, or the Department of Militia and Defence. It is explained that other associations, public bodies, or individuals making application for free transportation should be referred to the Canadian Relief Committee.

## LOCALS.

The new C.P.R. time schedule which goes into effect on Sunday, is providing, it is rumored, for the arrival here of the evening boat much earlier than for some time previously. While not officially confirmed, it is understood that the time of arrival will be somewhere between 5 o'clock and 5.30 o'clock. The Sunday boat, as well as the Sunday train between the Landing and Stenous has been cancelled.

## TO VISIT ORCHARD DISTRICTS.

Information comes from the office of the Provincial Secretary Victoria, to the effect that Prof. L. S. Klinck, the newly appointed head of the Agricultural Branch of the University of British Columbia, will make an extended tour of the orchard districts of the province in company with Fruit Inspector Thomas Cunningham and Prof. Westbrook. Among other objects of interest unconnected with agriculture which the visitors will inspect, with a view to attention later on, will be the coal fields and the unlimited deposits of clay for making white bricks at Fernie, and the marble deposits at Kootenay Lake. The fruit industry, already on a splendid footing, has almost unlimited possibilities of development, and the visit of the university head and of so distinguished an agricultural scientist as Prof. Klinck, has a significance which will be greatly appreciated by the agriculturalists and horticulturists of the province. The party has been in the Valley this week.

## HANDLING APPLES FOR STORAGE

A bulletin just issued from the State Agricultural Experiment Station at Pullman, Wash., deals in a thorough and interesting manner with the big subject of "keeping" apples.

The various kinds of storage, the different conditions which affect the keeping quality and usual behavior in storage of the most important varieties are dealt with.

The important points of the bulletin may be briefly summarized in the following suggestions for handling apples intended for storage:

1. Pick the fruit when it is hard "ripe," full grown, well colored, but still very firm.
2. Place at once in the shade, and remove as soon as possible to the coolest accessible location.
3. Avoid all unnecessary delay in grading and packing, and place in storage as soon as possible.
4. Grade carefully and store only the best fruit, sound and free from skin punctures, diseases, infections and insect injuries.
5. In all cases avoid rough and careless handling.
