DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 8, No. 14. Whole No. 379.

SUMMERLAND, B.C., NOVEMBER 5, 1915.

\$2.00, payable in advance.

Defenders of Empire From Summerland.

List of Local Men Now on Service Abroad and at Home is Long and Creditable.

The following list contains the names of Summerland men now serving the Empire, and is we believe almost, if not quite, a complete list:

- Major G. W. Morfitt
- William Liddiment
- Antonio Pilato
- Ed. Hayward
- F. Le Roy Black
- J. Forsyth
- L. R. C. Douglas-Hamilton
- J. Lintern
- C. F. Garnett
- H. J. Collas
- W. R. Tweedie
- F. A. C. Wright
- M. E. T. Collins
- H. Lintern
- J. C. C. Kennedy
- G. Barkwill
- H. F. Bindley
- C. E. Hall
- M. R. Fetherstonhaugh
- J. Major
- F. C. Naper
- S. Fox
- H. V. Acland
- Drummond
- T. E. Pares
- H. A. Figgis
- Jack Craig
- T. Hickey
- F. McWilliams
- J. Darroch
- O. Villiers
- E. E. Hutton
- Gordon Kerr
- H. G. Rivington
- Dr. W. W. Kennedy
- Geo. Wilson
- W. Atkinson
- Bridgeman
- F. Hayward
- Capt. Coode
- Harry McLeod
- E. Smith
- F. Brind
- A. E. Nelson
- W. Haddrell
- G. D. Marson
- H. S. Lewes
- F. R. Walker
- Roderick Munro
- D. Heron
- Philip Agur
- Jack Steven
- Dr. A. R. Thomson
- C. T. O. Rush
- H. H. Creece
- M. Van Allen
- Joe Graham
- H. Jennings
- A. Vanderburg
- E. Bent
- J. B. M. Barnum
- H. J. S. Reynolds
- E. H. Powell
- J. B. Acland
- Fred A. Ford
- Austen Cooper
- Joe Treffry
- A. J. Turner
- D. Male
- H. Simpson
- E. Johnston
- G. H. McLeod
- A. H. Read
- J. Dalnes
- R. W. Deans
- C. Hampshire
- G. Fisher
- J. Butterfield
- Col. Cartwright
- B. Holder
- R. Callan
- Baron de Thoren
- Miss Blott
- W. Angove
- G. Fosbery
- F. Fox
- H. Brower
- A. K. Elliott
- Roy White
- Roy Watson
- L. Hatfield
- R. H. Barkwill
- C. Lavis
- G. L. Callan
- J. W. Hale
- H. W. Atkins
- R. H. Atkinson
- J. Coutts
- W. Mumm
- H. Phinney
- R. G. Tait
- G. R. Hookham
- S. A. Liddell
- J. Gordon
- C. E. Bentley
- R. Snider
- W. H. Milligan

The above list has, it is thought, been brought right up to date, and all names included that have any

Results of October High School "Tests."

Following is the report of the October Examination of the High School. An average of seventy-five per cent. is necessary to secure honors. Names are in order of merit.

FIRST YEAR.

Dora Steuart, honors; Jean Ritchie, honors; Mabel Watson, honors; Alice Brown, honors; Fraser Lister; Irene Carefoot and Eliza Ritchie, equal; Dorothy Tingley; Margery Hatfield; Olive Bristow; Gertrude Elsey; Pearl Darkis; Jean Babbitt.

SECOND YEAR.

Roy Elsey, honors; Susie Wallace; Donald McIntyre; Ernest Lister; Gertrude Rines; Ida Brown; Dwight Ritchie; Kathleen Brown.

THIRD YEAR.

Allan Harris; Joseph Morsch; Clarence Adams; Belle Vanderburg; Kenneth Elliott; Kathleen Elliott.

FOURTH YEAR.

Marion G. Harwood, honors; G. Howell Harris; George C. Dale.

RECEIVED WOUND IN PECULIAR WAY.

How Private William Atkinson of the 2nd C.M.R. received his wound is contained in a letter received a few days ago by his parents, Mr and Mrs Atkinson. It appears that the bullet that was responsible for the injury penetrated the parapet of sandbags, protecting the trench, struck the metal badge on Private Atkinson's cap and before glancing off inflicted a wound in the forehead. Continuing on its course, the bullet struck an officer close by, causing a much more serious wound. Private Atkinson was in hospital only three days, but the less fortunate officer was still unfit for action at the time of writing. The letter was written in a very cheerful strain, with no word of complaint or hardship. Mention is made of the zig-zag communication trenches, travel along which it is said to be somewhat hazardous when the German artillery has the range. Life in the trenches, he says is not nearly as unpleasant as he anticipated. Everybody is most optimistic. He says further that the taking of few yards of trenches may not seem much to read about, but to those on the spot familiar with the obstacles to be overcome it means much.

JUNIOR AMBULANCE LEAGUE IS ACTIVE BODY.

Miss Rothwell's junior branch of the Red Cross has been organized recently with 40 members. They are all school girls and do their work at the noon hour. A meeting for business and social purposes is held monthly, the last meeting being at the home of Miss Dale, where over 40 gathered.

In their youthful energy and enthusiasm the young people are accomplishing a great deal of valuable work. Mr J. G. Robertson has interested himself in the movement and has been instrumental in procuring prizes to be offered for a knitting competition to the members of the organization.

claim at all to the title of Summerland men. If lists are available covering enlistments from Peachland and Naramata, the Review will be glad to give space for a similar enumeration of the soldier heroes who have gone from those towns.

Beside the above, though not enlisting from here, the following are considered by their friends as Summerland boys:—

Jack Fitton, H. G. Murray, W. Clark, Jas. Clark, B. P. Spraggan, H. D. Suckling, Eric Turner, Volney Merrill, J. F. Glenn, A. Spencer, Roy Stevens.

Of the above we have knowledge of only one being reported killed, Mr Bridgeman, one of the earliest to enlist from here, while six have been listed with the wounded, namely: J. A. C. Kennedy, F. C. Naper, J. Craig, Elmor Johnston, W. Atkinson and Ronald Snider.

Fall Fair Reflects Wider Activities on the Part of Local Farmers.

Horticulture is Prominent, But Show of Live Stock is Most Encouraging Feature.

Crowd is Large on Second Afternoon, When Messrs Price Ellison and J. M. Robinson Give Addresses.

Fruit Display Somewhat Limited, Yet Well Up To High Summerland Standard in Quality.

Summerland's first Agricultural Fair was such a success as to assure the continuance of such exhibitions as distinct from the more limited fair as were the "Apple Shows" of former years. This week's Fair was to our citizens a concrete evidence of the transformation that has been brought about in the last two years in the methods of farming practiced in this district. No longer are we exclusively fruit growers "mining" the soil for fruit as was the practice of the prairie farmers to grow wheat year after year. Though in a different way our people, too, are adopting the diversified farming idea and beginning to practice a more balanced and lasting method of soil cultivation. The quality of the animals shown indicate that quite a number at least are beginning well by adopting good foundations on which to build future herds and pens.

For several reasons the display of apples was not as large as was expected. The decision to hold the show was not made until the apple shipping season was well advanced; there were more restrictions as to the packing, and many working short-handed could not give the time from their harvesting. The unfavorable weather is the only excuse suggested for the non-appearance of a number of exhibits entered earlier.

The Experimental Farm's display was one of the outstanding features of the show. Already described at some length little now need be said, except that it proved one of the most popular sections, and its lessons in concentrated form on practical farming methods and farm equipment were absorbed by many.

To the ladies the display of needlework and culinary art was, of course, a special attraction. The attendance, which was somewhat disappointing on the first day, was all that could be desired on Thursday, and it was on that afternoon that interesting and encouraging speeches by Mr J. M. Robinson and Mr. Price Ellison were listened to by a large if somewhat shifting crowd. Time and space will not permit our reviewing these addresses, which were listened to with close attention by a large number of our readers.

An interesting feature of the afternoon's program, and one which held a large number of onlookers, was the apple packing contest in two shifts, participated in by girls only. Each young lady was required to grade, wrap and pack three boxes of apples in twenty-five minutes or less, points also being given for grading and quality of pack. The first prize of \$15 was won by Miss Blanche Babbitt, while Misses A. Blair and M. Warno tied for second. Second and third prizes of \$10 and \$5 were equally divided between them. The contest was a close one, giving the judges a difficult task.

Following is a copy of the official Prize List as furnished by the office of the Show Secretary.

FRUIT AND VEGETABLES.

Judges—Mr R. M. Winslow, Provincial Horticulturist, and Mr P. E. French, of the Department of Agriculture, stationed at Salmon Arm.

BOX EXHIBITS.

Ten Boxes Five Varieties Apples, —1, H. C. Mellor; 2, Mrs M. Campbell.

Five Box Winter Apples (Experimental Station Special)—1, H. Bristow; 2, W. E. Rines; 3, W. C. W. Fosbery.

Two Box Northern Spy—1, F. G. Barnard; 2, H. C. Mellor. Two Box Wagener—1, D. C. Thompson; 2, J. R. Doherty.

Two Box Jonathan—1, and Mallett Cup, J. Tait; 2, W. A. Caldwell.

Two Box Winter Banana—1, J. R. Doherty; 2, I. P. Barnes.

Two Box Winesap—1, P. G. Dodwell; 2, F. R. Gartrell.

Two Box Yellow Newton—1, H. C. Mellor; 2, F. G. Barnard.

Two Box Spitzenburg—1, Mrs M. Campbell; 2, W. C. W. Fosbery.

Box Fameuse—1, A. A. Derrick; 2, H. C. Howis.

Box Hubbardson's Nonsuch—1, G. Morgan; 2, A. A. Derrick.

Box Cox Orange Pippin—2, G. Morgan.

Box Bellefleur—2, W. H. Hayes.

Box Russett—1, H. C. Howis; 2, G. Morgan.

Box King of Tompkins—1, A. A. Derrick; 2, G. Morgan.

Box Ben Davies—1, Mrs M. Campbell; 2, G. J. C. White.

Box Salome—1, H. C. Mellor; 2, F. R. Gartrell.

Box Gano—1, W. E. Rines; 2, W. C. W. Fosbery.

Box Baldwin—1, G. Morgan; 2, W. E. Rines.

Box Rome Beauty—1, W. E. Rines; 2, F. R. Gartrell.

Box Greenings—2, H. C. Mellor.

PLATE EXHIBITS.

Stark—2, H. C. Mellor.

King—1, A. A. Derrick; 2, H. C. Mellor.

Hubbardson's Nonsuch—1, A. A. Derrick; 2, D. C. Thompson.

Salome—2, H. C. Mellor.

Ben Davies—1, F. R. Gartrell; 2, W. E. Rines.

Stayman Winesap—1, J. Steuart; 2, J. W. McLaren.

Winesap—2, F. R. Gartrell.

Delicious—1, H. C. Mellor; 2, A. A. Derrick.

Pearmain—2, F. R. Gartrell.

Fameuse—1, A. A. Derrick; 2, J. Steuart.

Winter Banana—1, J. R. Doherty; 2, Mrs G. Young.

Rome Beauty—1, W. E. Rines; 2, F. R. Gartrell.

Gano—1, W. E. Rines; 2, W. C. W. Fosbery.

Greening—2, G. Morgan.

Baldwin—1, H. C. Howis; 2, D. C. Thompson.

Jonathan—1, A. A. Derrick; 2, H. C. Howis.

Cox Orange—1, H. C. Mellor; 2, J. Tait.

Grimes Golden—1, J. Steuart; 2, H. C. Howis.

Russett—2, H. C. Howis.

Rhode Island Greening—2, C. N. Higgin, sen.

Yellow Newton Pippin—1, A. A. Derrick; 2, H. C. Howis.

Wagener—1, D. C. Thompson; 2, H. C. Howis.

Spitzenburg—1, C. N. Higgin; 2, Mrs M. Campbell.

Northern Spy—1, G. E. Craig; 2, A. A. Derrick.

Plate Pears, Beurre D'Anjou—1, W. C. W. Fosbery; 2, A. A. Derrick.

Plate Quinces—1, G. J. C. White; 2, W. C. W. Fosbery.

MISCELLANEOUS.

Basket Grapes—1, P. G. Koop; 2, G. J. C. White.

Packed Fruit Display by 1015 Packed School Pupils (Govt.)—2, Rita Harrison; 3, I. P. Barnes.

Local Pack Display of Five Boxes—1, K. Babbitt; 2, R. Thomson; 3, R. Blair; 4, J. Sutherland; 5, B. Babbitt.

Collection Vegetables—1, H. Bristow; 2, G. M. Loomer.

Pumpkin—1, Mrs M. Campbell.

Vegetable Marrow—1, H. Bristow.

Squash—1, Balcom Ranch.

Bushel Potatoes (White)—1, T. Dale; 2, E. R. Simpson.

Bushel Potatoes (Red)—1, J. C. Brown.

Display Honey—2, E. Vanderburg.

Public School Report for October.

DIVISION I.

Senior Fourth—Lily Simpson; Lucy Hargreaves and Ida Shields equal; Alex. Smith and Hazel Steuart, equal.

Junior Fourth—Hugh McIntyre; Louis Smith; Irvine Adams; Jas. Marshall; Jean Caldwell.

DIVISION II.

Senior Third—Helen Shuffrey; Carol Graham, Allan Steuart; Ronald White; Betty Barnes.

Junior Third—Janet Drake and Doris Rines, equal; Allivan Phillips; Alex. Munn; Ethel Phinney; Grace Garnett.

DIVISION III.

Senior Second Reader—Sing Ging; E. Johnston; F. Marshall.

Junior Second Reader—C. Taylor; G. Watson; T. Howell.

First Reader—M. Ramsay; D. Garnett; J. Pentland; G. Dewar; L. Arkell and M. Snow, equal.

DIVISION V. (Town School.)

Third Reader—Marion Beavis; Harold Brown; Thorald Borton; Mabel Shields.

Second Reader—Jean Blewett; Isabel Hogg, George Garnett.

Second Primer—Campbell McAlpine; Joe Garnett.

First Primer A—Willie Thornber; Paxton Morsch.

First Primer B—Ralph Blewett; Archie Brown.

DIVISION VI. (Garnett Valley.)

Third Reader—Mason Merrihew; Florence Campbell; Dorothy Dunsdon.

Senior Second Reader—Arthur Wismer.

Junior Second Reader—Marjorie Atkinson; Arthur Dunsdon.

First Reader—Ted Dunsdon.

Second Primer—James Dunsdon; Janet Wismer.

First Primer—Wilma Lamb; Harry Dunsdon; Bruce Lamb; Percy Dunsdon.

FOR THE SOLDIERS AT XMAS.

Christmas candy for the soldiers is the latest work of kindness being engaged in by the women of the community on behalf of the men at the front and in England. The candy is being gathered together to-day at appointed places, and will be shipped out to-morrow morning. The women in all parts of the district have taken up very heartily with this work, and the consignment that goes out from this point may be expected to aggregate a good bulk. The Young People's Union of the Parkdale Baptist Church is taking a part in the plan, and at a gathering held last night at the conclusion of their regular meeting the members made up individual packets for all the Summerland soldiers. The school children are also giving a hand, the elder girls undertaking to make candy from sugar provided by the boys.

The men who are serving the Empire will get a good deal of enjoyment at Christmas time as a result of this thoughtfulness on the part of the home folk.

BREAD AND WOMEN'S INSTITUTE SECTION.

Mesdames McGregor and Plasket, Pontleton, Judgos.

Plain Homming (Children)—1, E. Ritchie; 2, Mina Yule.

Pyjamas—1, Mrs F. Marshall; 2, Mrs J. Tait.

Pair Socks—1, Mrs David Watson, Sr.; 2, Mrs C. M. Wright.

Pair Darned Socks or Stockings—1, Mrs R. V. Agur.

Boudoir Cap—1, Mrs E. R. Agur; 2, Mrs R. V. Agur.

Plain Homming (Adult)—1, Mrs E. B. May; 2, Mrs G. E. Haddrell.

Embroidered Underwear—1, Miss G. Angwin; 2, Mrs R. V. Agur.

Buttonholes—1, Mrs Brower; 2, Mrs J. L. Logie.

Centre Piece—1, Miss M. Conway; 2, Miss M. Conway.

Pen and Ink Drawing—1, Miss J. Caldwell; 2, T. F. Knox.

Collection Fancy Work—1, Mrs F. Marshall.

Oil or Water Color—1, Miss M. Atchison; 2, Miss G. Angwin.

(Continued on page 3.)

Winter Camp Here Now Seems Assured.

Minister of Militia Says Organization of Details Will Be Given Out Very Shortly.

The necessary number of recruits, twenty-five, to form a nucleus for a winter camp here have already been enrolled, and it is expected that this number will be greatly increased now that the camp is reasonably certain to be established here.

The following telegrams, the one sent at the request of Messrs Borton and Watson by Mr J. M. Robinson to Major-General Sir Sam Hughes, and the other his reply, tell the story:—

Major-General Sir Sam Hughes, Ottawa, Ont.

D. H. Watson and Recruiting Officer C. N. Borton report twenty-five for enlistment, Summerland, and want to know next step. Some of them who are working men would like to stay in Summerland but cannot wait here unless assured enrollment soon. Further enlistment will follow organization. Please authorize proceed.

J. M. Robinson.

Please hold these men. Let some proper officer, or non-commissioned officer take charge meantime. Make sure they are all good men, and in a week or two official organization will be forthcoming.

Sam Hughes.

Summerland, therefore, has the honor of being the first Okanagan community to arrange for a local training camp under the new recruiting scheme recently announced. And this notwithstanding that a very large number of our citizens are already serving.

Much credit is due our citizens, particularly Mr Borton, who have so energetically carried this latest canvass through so successfully. It is confidently expected that this number will be largely augmented.

Here are a number of those already enrolled, as taken from the list early this week. These names will, of course, be subject to any medical examination that is imposed.

C. N. Borton; C. H. Sismey; John Corner; J. S. Peters; H. W. Agar; Jas. Mitchell, jr.; C. Noel Higgin; H. C. Howis; G. H. Godwin; D. Griffiths; T. F. Knox; H. D. Barkwill; H. Day; T. R. Whitfield; R. Phinney; H. Hilborn; E. N. Rowley; J. Smith; J. A. Miller; G. Craig; G. Loomer; G. H. Thornthwaite; W. Sauter; J. Tait; J. Brent.

\$50 FOR AMBULANCE LEAGUE.

The funds of the Ambulance League have lately been increased by \$50 owing to the kindness of Mr and Mrs Figgis. Mr James Gartrell donated a phonograph to the Red Cross Auction Sale last September. As this did not reach the reserve price set on it, Mr Figgis undertook to raffle it in the interests of the League, himself adding a sack of flour as second prize, and Mr Vaughan contributing a sack of sugar for the third prize. The draw took place last week, H. Sculthorpe being the lucky winner of the phonograph, J. Dentko won the sack of flour, and T. Carfoot the sugar. Many thanks are due to Mr and Mrs Figgis for their kind assistance in the League.

The next meeting of the Okanagan Ambulance League will be held next Monday in the Parish Hall, West Summerland.

Mrs Martin Burroll, while accompanying her husband, the Dominion Minister of Agriculture, on an official trip to Washington last week, was suddenly taken ill on the journey, and has since been removed to Hot Springs, Virginia, where she is under medical care.

British Columbia apples were put on sale last Saturday by the Calgary Consumers' League at the City Market in aid of Red Cross funds. Northern Spies, Jonathans, and Spitzenburgs, all No. 1, went at \$1.75 per box, and No. 2 Spies and Jonathans were offered at from \$1.85 to \$1.45 per box.

Transient Advertisements payable in advance.
Rates for Contract Advertisements furnished on application.
Copy for change of contract advertising must be in the hands of the printer not later than Wednesday noon to insure publication in the next issue.

FRIDAY, NOVEMBER 5, 1915.

WELL WORTH WHILE.

ANOTHER FALL FAIR has passed into local history, and it was in itself the best answer to the doubts of those who questioned the advisability of holding a Fair this season. Even if there had never been any suspension of the event it would have been natural to expect some shrinkage in the volume of exhibits, so that considering the fact that a Fall Fair for 1915 was talked of for the first time only about two months ago, the extent of the Fair was distinctly creditable.

It does any community a vast amount of good to put before it from time to time an exhibition of its own products, especially when, as in the case of Summerland, these products are far above a mediocre level. We need to have kept before us the proof that in soil and climatic conditions Summerland has the fundamentals that make a banner fruit district, to say nothing of any other branches of farming activity that the Fair evidenced. The difficulties of marketing, labor, cost of materials, etc., are mostly external, and will be solved when approached and handled intelligently by all those concerned. Every ranch in the district should strive to excel above all others in the quality of its output. The assurance of a consistent high grade of produce is a strong weapon for any section in its fight for pre-eminence in competitive markets. It is to this that a district exhibition tends, and if entered into as widely as it should be, its effect would soon be marked.

Now would be a good time to resolve that the Fall Fair shall again be established as an annual event, for whatever comes in the way of world disturbances, there is a duty for every district to do the best it can, to "hold up its end," and nothing that helps towards accomplishing that can be counted as a waste of time and money.

§ § § § §

LEARNING THE RIGHT WAY.

WHEN GEORGE J. BURY speaks out it is not merely for the sake of hearing himself talk. Mr Bury is well-known as a high C.P.R. executive official, and after his periodical trips through the West, he usually has something to say that is worth while reading. He has lately completed one of these tours of the country, passing through the Okanagan about two weeks ago. What seems to have impressed him particularly in regard to this part of the province is that we are moving steadily along the road to progress, indicated by the scale in which mixed farming operations are now being carried on. By producing more and importing less British Columbia is building up for herself a solid prosperity.

"In respect to conditions in southern British Columbia," Mr Bury says, "I noticed on all sides indications of returning prosperity. I was very glad to see such progress in mixed farming. This is the keynote to true progress and prosperity for the whole country. Produce more and import less. A couple of years ago we used to have New Zealand butter, Australian mutton, and vegetables from Oregon and Washington consumed in large quantities all over the West. To-day Canada is exporting butter to Australia, and vegetables to Australia and New Zealand, which shows that we are making progress towards the point of actually becoming an exporting country instead of an importing one. During my trip through the Boundary and Okanagan districts we noticed many signs of new settlement in the valleys, where the farmers are all going in for mixed production. I am confident that the future of British Columbia depends very largely upon the degree in which you produce from the soil."

"With the conclusion of the war I look for greater activity in Canada than ever before. It will be but natural for us to have an immense immigration from Europe. I do not suggest that we are likely to witness any speedy return of a period of inflated values or anything approaching a "boom," nor do we want it. What the country needs is steady, solid progress, and I am confident that we have made the turn and are well set going along that road."

§ § § § §

AN ANOMALY.

IT IS UNFORTUNATE that while Mr G. J. Bury, C.P.R. Vice-President, is saying nice things about this section of British Columbia, some of which we reprint in an article close to this, the same C.P.R. has in effect some fruit rates from this Valley which present striking anomalies. There is no doubt that the correction of some of these inconsistencies would help in a great measure to establish the Okanagan on a firm and prosperous basis, such as Mr Bury desires to see.

The Calgary Herald has recently had brought to its attention the difference in fruit freight rates on the main line, east and west from this Valley, and in an editorial it expresses great surprise to learn that such a situation still exists after all that has been said and written about it. The freight rate on fruit of all kinds from the Okanagan to Vancouver is about 80 cents per 100 pounds. To Calgary the rate is 85 cents for small fruits and 58 cents for apples. This is one case that perplexes the Herald—and likewise the whole Okanagan Valleyful of fruit growers.

"It certainly seems outrageous to charge Calgary double the rate charged to Vancouver, on a haul that is only twenty miles longer to the first named point than to the second. . . . If the railway company has a reason for making such differences in rates it should explain and thus clear itself from blame that is now being attached to it. And if there is no reasonable explanation it would seem to be a

matter for the Railway Commission to deal with."

Strong language, surely, but there are few growers or shippers in the Valley who will consider it too strong. If the C.P.R. is out to help the Valley, here is another way it can be done.

§ § § § §

WELL DONE SUMMERLAND! Every resident within the limits of this district has reason to be proud of the fact that the requisite twenty-five men have been secured for the establishment of a winter camp in the home town. It is largely the result of interest shown on the part of two citizens and the energy they have shown that this creditable result has been attained so soon. Summerland is the first town in the Okanagan to make the home billeting of soldiers an assured thing within its own boundaries, and although the minimum number has been secured already, it is not likely that the figure will remain at that level. Now it is up to the Militia Department to show a corresponding activity in the arrangement of the details. Time is an all-important consideration in the eyes of some of these recruits.

§ § § § §

ONE OF THE DARKEST SPOTS these dark nights is the Peach Orchard road near the Jam Factory. The place seems to be darker than it ever was at present, because the street light that was such a boon to travellers on that road has ceased to perform its work from some uninvestigated cause. This spot was the scene of a bad accident not long ago, and to leave it unlighted is inviting another one. A second stretch of road calling for light is on the east side of the G. A. McWilliams house and orchard. The Okanagan Company's telephone wires that were formerly spoken of as making it impossible to place lights here are now almost on the ground, the poles having rotted. This removes what was said to be the greatest obstacle. It would not be hard to find other bad spots, either, in other parts of the district.

Forty Cars of B.C. Apples For Antipodes.

Fruit grown in British Columbia is now shipped regularly to Australia by vessels plying between the Pacific Coast and Sydney. The feature of the outward cargo of the liner "Makura," which left Victoria a few days ago for Auckland and Sydney, was 24,000 cases of British Columbia apples.

Not one American apple was contained in the entire shipment, nor was there any American fruit of any kind on board. Never before has such a feat been accomplished. It marks the start of a new order. British Columbia fruit is now beginning to show quantity as well as quality. One district alone in the province filled the entire order, and the total shipment was handled by only three organizations: The Okanagan United Growers of Vernon, the B.C. Growers, and the Stirling & Pitcairn Company, both of Kelowna.

On her last outward voyage the liner "Niagara" carried 30,000 boxes of apples, in addition to various consignments of other fruit.

Large consignments of B.C. apples are also being taken out by the Canadian-Australasian cargo steamers "Waimarino" and "Wairuna," both now on the Coast.

LOCALS.

After a few days in Albert Canyon in the Selkirk; near Revelstoke, an auto hunting party Messrs Rowley, Gartrell, Anderson, and Brent, have returned with a very satisfactory bag, including one caribou.

Mr J. H. Grisdale, Director of Experimental Farms, and Mr E. S. Archibald of the Animal Husbandry branch, both of Ottawa, reached here last night and are spending the day at the farm and looking over the district.

Miss Hazel Jacques of Vernon, who came down to visit Miss Helen Phinney, was called home by an early message this morning conveying the intelligence of the death of her sister. By holding the boat for her accommodation for a few minutes she was able to get away.

COURSE OF NURSING LECTURES.

The Women's Institute course of lectures on nursing will begin next Monday, Nov. 8th at 2 p.m., in the Men's Club, two lectures, with a short interval, being given each afternoon instead of as earlier announced. There will be three days lectures in the Men's Club. They are free to all members of the Institutes.

The lectures in connection with the West Summerland Institute will be held in St Stephen's Hall on the afternoons of Thursday, Friday and Saturday, November 11, 12 and 13th, being confined to afternoon sessions, commencing at 2 p.m. and lasting till about 4.30 p.m. The alteration from the dates previously given out should be noted.

At the postponed meeting of the West Summerland Institute on the 19th, Mr W. C. Kelley will give an address on "Points of Law a Woman Should Know."

B. C. Growers Would Have Tariff Raised on U.S. Fruit.

A delegation of the B.C. Fruit Growers' Association, consisting of Messrs F. D. Nicholson, Salmon Arm; W. S. Foggio, Vernon; and J. R. Kinghorn, of Sorrento, met J. T. Robinson, Conservative nominee for Cariboo, by appointment to ask him to take up the matter of increased duty on imported fruits, especially apples. A lengthy conference was held, and the question dealt with in every phase, and a line of action agreed upon. This is a question that the Provincial Government dealt with last session, when they unanimously passed a resolution asking the Dominion Government for immediate duty on fruits. At Calgary in July last, at a meeting of fruit growers, the Federal Government was asked to appoint a special commission to look into the packing and marketing of fruit, and the commission which Sir Robert Borden recently appointed to investigate the production and marketing of all agricultural products will, it is expected, deal very thoroughly with this vexed question.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated. In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

IT is not always the most expensive Teas that are the best to brew or drink.

The most important point to consider about tea is its suitability for brewing in the water of a particular district. Tea that would be good here, and brew into a splendid fragrant beverage, might be a rank failure somewhere else.

We buy our teas to suit the water of this district. You are therefore sure of getting tea that is all that should be—fragrant, refreshing and thirst-quenching. A trial will make you a constant user.

**Newsy Paragraphs
from
PEACHLAND**

Miss Mary White is visiting at Summerland.

Mr and Mrs H. Logan left for Regina on Wednesday.

Mr H. Slater was a visitor to Summerland on Sunday.

Mrs Vicary and Mary have moved down town for the winter.

Ronald Phinney was a visitor to town on Wednesday and Thursday.

Mr Jas. Michael went down to the Summerland Fair on Wednesday.

The Misses Gellatly were the week-end guests of Mr and Mrs J. McLaughlan.

Mr Randall, fruit inspector from Summerland, spent a couple of days in town this week.

Mr S. Mirden and Mr H. Williams were the lucky sportsmen this week, getting two fine deer.

Rev. A. Henderson conducted the Methodist Harvest Festival services at Summerland on Sunday, October 31.

Miss Ettie Gummow left on Wednesday morning to spend the winter with friends in Victoria and Vancouver.

In spite of the bad weather on Tuesday the Ten Cent Social Tea and Cake Sale held by the Ambulance League was a success, \$14.50 being made.

Mrs Town, Mrs Elliott, and Miss Olive Ferguson went to Kelowna on Wednesday to attend the convention of the Women's Missionary Society of the Methodist Church.

Wanted

To trade a choice 10 ac. Lot for an Acre Lot near some town in the Valley.

For particulars apply to:

W. J. ROBINSON
Real Estate & Fire Insurance
Summerland, B.C.

Mr Geo. Robinson drove down to Summerland on Thursday to attend the Apple Show.

High School has been closed this week because of the illness of the principal, Miss Moule.

Mr Kidson came up from Penticton on Monday to take the place of Mr Goss at Mrs Tewart's.

Mr A. N. Pope drove down to Summerland on Tuesday to make his daughter, Mrs Helmer and Mrs Bywater a short visit.

Messrs T. N. Ritchie, T. Dale, and Scott Darkis came up from Summerland on Sunday to attend the Baptist anniversary services.

The apples donated by the people of Peachland for distribution amongst our soldiers by the Canadian Red Cross were forwarded today by the Fruit Union, who have had charge of the assembling. The number of boxes shipped from this point was 106.

Mr Slater assures us that the quality and pack of these apples will not only bring pleasure and satisfaction to their recipients, but will also reflect credit on the donors. Each box bears the Peachland label, and is marked on the plain end with a large Red Cross and the name of the donor.

The anniversary services of the Baptist Church, held on Sunday, October 31st, were largely attended, both services giving two fine addresses. Special music was furnished by the choir, and the church was neatly decorated with plants and cut flowers. Rev. N. McNaughton also addressed the Sunday School in the afternoon.

The home of Mrs Tewart was the scene of a very enjoyable dance on Wednesday evening last, it being a farewell dance for Mrs Cresswell, who left on Monday for Victoria, Mr Cresswell intending to join an Overseas corps. Dancing was indulged in until eleven-thirty, when the guests were invited to the dining room, where dainty refreshments were served.

Mr Vicary of the Medical Corps came home last Wednesday and returned to Vernon on Saturday. At the wharf, on the morning of his departure, Mr Slater, on behalf of the Peachland Aquatic Club, presented Mr Vicary with a gold mounted fountain pen, and stated in a short address that the Aquatic Club were sorry they were not able to give him a fitting farewell, on account of his hurried departure.

A very successful Hallowe'en Party was given in the Orange Hall on Saturday evening, under the auspices of the Girls' Red Cross Society. The program consisted of solos by Mrs J. Elliott and Miss Bishop, recitation by Miss Irene Elliott, a shadow play, "The Wooing of Mary Jane," and a tableau of three scenes, Canada in the centre, with a hospital ward to her right, and the home of a soldier to her left, after which doughnuts and apples were served. The evening concluded with a sale of home-made candy, games, and fortune telling by Miss McDonald. Proceeds of the evening amounted to \$25.

Orchard Insurance.

(From the Office of Assistant Inspector of Fruit Pests, Vernon).

The fruit grower needs to be a very wicked person, if this is a true saying—"There is no rest for the wicked." The six months of struggle to grow, protect and safely remove the season's crop of fruit, is ended or about to be ended, and the fruit grower no doubt feels he is entitled to a well-earned rest. Just here, the writer wishes to offer some suggestions and to earnestly point out that growers owe themselves one final effort. Someone has remarked, "Business is Business, and the Orchard Business should be, if it isn't." The successful business man takes a vacation, not when he has earned a rest, but when he is certain his absence will not handicap his future business. The orchardist can be no exception, he must not run away from, or postpone duties which affect next season's crop, or the life and vitality of his trees. While there are many orchard operations which can be conveniently performed in the early fall, the writer wishes to emphasize a very essential one.

FALL CAMPAIGN AGAINST FIRE BLIGHT.

This bacterial disease, to which orchardists should need no introduction can best be cleaned up as soon as the trees become dormant. If there are any fruit growers who have not had practical instruction on how to cut blight, and properly disinfect the wounds, the writer requests they get in touch with the District Inspector at once, or write direct to the Assistant Inspector of Fruit Pests, Vernon, B.C.

ECONOMIC IMPORTANCE OF FIRE BLIGHT.

That fire blight offers the worst menace to the life of apple, crab apple, and pear trees in the Okanagan Valley, of all the diseases and pests we have to fight, there is little doubt, and its control or eradication in turn is only possible through the removal of all sources of infection. Blight carries over the winter in the form of body blight, or what is called the canker stage. This may be as a clearly defined canker on the main trunk of the tree, or simply a completely, sometimes partially, blighted limb, twig or water-sprout, and quite frequently blackened leaves cling to the limb or twigs as a signal that the tree needs attention.

EMPHASIZE THE IMPORTANCE OF FALL CUTTING.

It is not the writer's intention to outline details for the cutting of blight properly, but to request that fruit growers make a definite attempt to remove all the blight infected trees at once, and to point out that the best safeguard, and the cheapest insurance on trees, is the absolute removal of all blight this fall.

L. L. PALMER.

necessities of the times is fully demonstrated by the fact that women lecturers of practical knowledge and wide experience have been secured to lecture before the Women's Institutes on Nov. 15th, 16th, and 17th. The subjects of the lectures are: Prevention of Sickness; The Care of the Patient; First Aid in Small Accidents; Serious Emergencies; Maternity.

Here is something really practical; something in which every woman and young lady should take a really live interest.

Unity Club Hold Delightful Hallowe'en.

In Which Beans and Pumpkin Pie Play a Conspicuous Part.

The Bean and Pumpkin Pie Supper held in the Club Rooms on Saturday last passed off quite pleasantly. There was a large and a merry crowd—especially—it is said of juveniles, who alone know thoroughly how to shake off dull care—care sits but lightly on their young shoulders. Evidently the inrush of people on this occasion will teach the ladies the wisdom of having a fixed price of admission, more especially as the seating capacity is really limited. However, the crowd only helped those prominent on the after-tea program. Miss Violet Mitchell and Miss O'Callaghan provided two entertaining recitations, while Mrs Hughes read a timely story of Hallowe'en. A song by Miss Gladys Robinson was well received, as was the opening piano solo by Mrs R. H. King.

Throughout the evening Mrs W. W. Mitchell, vice-president of the club, acted as mistress of ceremonies in her usual tactful manner.

In a letter from France to his mother, Frank Hayward, so well and favorably known both here and in Summerland, where he attended Okanagan College, gives a most interesting account of trench life that will prove interesting reading at this time.

My Little Grey Home in the Trench.

Mon. Oct. 4, 1915.

My Dear Mother,
I've been driven to my dug-out by another shower. It has been doing a lot of unnecessary raining up here lately, and the trenches are fierce. Fortunately the dug-outs are pretty good. We moved into this part of the line last night. We had been working all morning on the dug-outs further back, and had no idea we were to come here until noon. It didn't take us long to

get our pack together. We've become quite proficient in that line by this time. You see the battalion is never more than five days in the same part of the line. If we move by day we have to move through long zig-zag communication trenches which are not always well drained, and sometimes so narrow that it's all we can do to get our packs through. If it is wet we arrive at our destination plastered with mud.

Three of us from the 48th have thrown in our lot together on a joint stock company basis. This minimizes the discomforts and makes life a little pleasanter. Our rations are issued in equal portions, and we cook and eat them together. There is no waste, believe us.

We worked on a dressing station till three that afternoon, and then came home and made a few changes in our bivouac. We slept there four nights. The nights are cold here already, but I am getting used to this kind of cold now. There was a little stove down near that camp and we managed to buy some real luxuries which we brought in to the trenches where luxuries are unknown. We got some Golden Syrup, a tin of pineapple, and two tins of sardines. They are memories now, but very pleasant memories. Our trench rations are much better than I ever anticipated. For instance, to-day's rations between three of us have been: 1 loaf bread; 1 lb. tin jam; 3 slices bacon (raw); 3 slices beef-steak with onions; 1 lb. cheese; tea and sugar. We are our own cooks in the trenches. The great inconvenience is the water. This time it is rather muddy. The well is fully 15 minutes walk from our dug-out by trench. We take our water bottles and canteens and fill them up and let them settle. It is never safe to drink it before boiling. I was up a few minutes ago and managed to rinse my face off with some water from an old mess tin found up there. The first wash in two days. The three of us are now all in our dug-out. It permits of a sitting posture at just one end, and the three of us occupy about all the available room, horizontally and vertically. It is dry at least, and we have made it habitable with our rubber ground sheets and our blankets. There are no pictures on the walls, and a Saturday Evening Post constitutes our library at the present.

We must begin packing soon and first we must fry our steaks and have supper. It is still pretty quiet up here, as our bacon sizzles appetizingly in a mess tin cover over a little blaze.

We can stick our heads over the parapet and see the rugged line of Fritz's trenches just a few hundred yards away. A fellow can do that quite safely if he does not expose his head too long, say more than four seconds. If he is suicidally inclined he has only to stick his "bean" up twice in the one place, because you've got to hand it to the German snipers. They are no slouches, and they have an unpleasant habit of using explosive bullets, which adds to their powers considerably. If a fellow exercises a little ordinary precaution, and common sense, he's as safe in a trench from a bullet as if he were home in his little bed.

Already I've become accustomed to meander up and down with as much idea of danger as if I were walking down Lipsett Avenue, and really, I am just as safe, so long as we aren't shelled.

Being under shell fire is an entirely different thing. Have had the unpleasant experience once or twice, when the Germans got our range—but only of the shrapnel—small stuff. Just now a desultory duel is going on over our heads between the smaller field guns, but none seems to get hurt much. They are probably just "feelers," and in results are, to a real bombardment, what shadow boxing is to a real prize fight.

Fritz has started sending over some 9.2 stuff. These make a noise en route like a fast express going through a tunnel, and shake the earth and air when they explode. One has just burst 100 yards in front of the trench and darkened the air with dust and smoke. A piece of shrapnel has just hit a fellow in the hip as he was passing down the trench. He thought he had a "blightie"—a blightie is regimental for a wound that puts you hors de combat—but it wasn't. But I must hurry and finish.

Regards to all the people. So long, (Signed) FRANK.

Current Events — OF — Town & District

Capt. Languedoc secured a fine deer during a tramp in the mountains last week.

Mr and Mrs Carroll Atkins are expected home shortly from their trip to New York.

Rev. R. M. Thompson of Pentleton conducted services in the local church last Sunday.

Mr Harold Mitchell has been in Summerland helping out with the apple packing at the Union.

Mr H. P. Davies has moved his stock of groceries and provisions to the building formerly occupied by the Summerland Drug Co. Doubtless the new site will prove advantageous to his business.

Because —

the roses are still blooming in the Naramata gardens in November it does not follow that our so-called winter will not come.

OUR WINTER may be "a joke" to the man from the prairies or the east,

BUT YOU WILL NEED

An Airtight Heater

ALL THE SAME.

We have a Splendid Line of Stoves and Ranges, and PRICES ARE AWAY DOWN.

See our Oil Burning Cooker,

it answers the same purpose as a Gas Range in the city.

BALCOMO RANCH. R. V. Agur, Mgr.

Passing Events: Social, Personal, &c.

Dr. T. B. Turner will spend Monday of each week here.

The cottage recently vacated by Arthur Hewitt and family is now occupied by Mr Fasridge.

A car of apples went out of the K.V.R. station on Tuesday shipped to Vancouver by R. Pollock.

Mr and Mrs H. G. Sellers of Princeton have been visitors at the home of Mrs Grieve this week.

Major Hutton recently received sad news of the death of his mother, which occurred at her home in England.

Miss Margaret White, who went down to Victoria recently for the purpose has undergone an operation from which she is making good recovery.

Wm. Dow, after a few days spent in outfitting, has gone up Canyon Creek to resume trapping. Already there has been quite a fall of snow in the hills, making ideal trapping conditions.

After being confined to his home in Calgary for some days past on account of a bad foot, Major Morfitt is just beginning to get around a little. He has been very active during the past few weeks in recruiting for the 82nd Battalion, of which he is second in command, and enlistment in which is just about completed.

Because the last day of October fell this year on a Sunday, it was not to be thought that the young "bloods" of the town were going to be done out of their Hallowe'en pranking. On the contrary, there was a double opportunity provided. Perhaps it was some of the more chicken-hearted ones that roamed at large on Saturday evening, and the bolder ones on Sunday, the real Hallowe'en. But more likely it was largely the same crowd both nights. Red paint appears to have been used liberally, if not ornamentally, on store and office windows, and many gates left their hinges and were found adorning telephone or electric light poles, away above the street, and in other strange places. Wagons and buggies proved convenient things to fool with, and in one instance a man's buggy was seen on Sunday morning reposing on the first floor verandah of a neighbor's house. It must not be supposed that all the "carrying on" were the work of male jokers, either, for some wily daughters of Eve are known to have engaged the attention of a bachelor, and in the meantime a few of his "friends" played havoc with his living quarters. Bad enough, but the community should be thankful that nothing worse happened.

The regular meeting of the West Summerland Women's Institute will be held on the afternoon of November 19th, being one week later than usual, this change being necessary to accommodate the women's lecture course, further announcement of which is made elsewhere in this issue.

After a stay of about ten days at the Coast, Mr and Mrs J. W. Wheeler returned on Saturday last. Mr Wheeler has made arrangements that will greatly increase the capacity of the Meadow Valley sawmill in the purchase of a 100 horse power steam boiler and an engine, delivery of which is expected about the first of December.

Dr Thomson who gave up his practice here to enlist is now in France serving as Medical Officer to the Guards Ammunition Column. He is stationed far enough from the battle front to be comfortably safe, but gets a good view of both lines. Writing to a friend he speaks jocularly of having little to do, and being in good health.

In addition to the shipments of British Columbia apples recorded of late to Australia and New Zealand, quantities have also been dispatched to London, England; Demerara, British Guiana, and Trinidad, West Indies. Owing to unfavorable weather in some districts this week and last, apple picking in most parts of the province is expected to finish this week.

Mr and Mrs Scott Rand and family left this morning, Friday, for Sherbrooke, Quebec. Mr Rand had word last week of the sudden death of his father, W. S. Rand, at the age of 65. There is a large farm to be cared for and it is to give this property attention that Mr Rand is leaving. Mr and Mrs Scott Rand have been in Summerland for about a year, and acquired property in Garnett Valley, to which they have effected many improvements. They hope to be able to return and again make their home in Summerland.

The stamp of many rubbered feet will soon be heard on the gymnasium floors as the basketball boys recommence their winter activities. The ranks of the players have been depleted by enlistments into the Canadian army, and during the next few weeks there will probably be other withdrawals to embark upon the more serious business of the Empire's defence. In the meantime those who are left—and of these many cannot enlist from one cause or another—are going to try and work out a limited basketball schedule during the coming winter. Proliminary organization has been undertaken to revive the West Summerland club, and in the town section some similar steps may be taken at the first practice, which is called for Saturday evening in the Men's Club. A Town and West game is still spoken of for the benefit of the Ambulance League, and now the rush of the apple packing is slackening, it may be expected in a week or two.

To satisfy this demand we have decided to keep in stock for immediate delivery a sufficient supply of

Stock Caps of Best Quality At Lowest CASH Prices.

Review Office.

A large cougar was captured last week by Mr Wm. Brent, jr.

Mrs. Wismer was a K.V.R. passenger last Thursday morning, going on a visit to the Coast.

After a stay here of some months; G. A. McWilliams returned to Vancouver last Saturday, travelling by the K.V.R.

Robt. Atkinson, who has been here on a visit with his parents, expects to be in the next draft from his regiment for overseas.

Mr and Mrs Harrison of Kaleden have been in Summerland visiting with their daughter, Mrs R. G. Tait, at the Shaughnessy Ranch.

Mrs F. A. C. Wright, with her family, are occupying the G. R. Hookham cottage, having closed her Garnett Valley home for the winter.

B. L. Hatfield and son Robert made a hunting trip across the lake last Saturday and were rewarded by the capture of a fine buck up on the hills behind Paradise Ranch.

A special meeting of the Summerland Poultry Association will be held next Monday evening, November 8th, at 8 p.m., in the Feed Store to arrange for annual show.

Edward Logie, son of Mr and Mrs J. L. Logie, left on Wednesday evening this week en route for Silver City, Idaho, where he will visit with his sister, Mrs R. C. Robinson, possibly till about Christmas.

The regular meeting of the West Summerland Women's Institute will be held on the afternoon of November 19th, being one week later than usual, this change being necessary to accommodate the women's lecture course, further announcement of which is made elsewhere in this issue.

After a stay of about ten days at the Coast, Mr and Mrs J. W. Wheeler returned on Saturday last. Mr Wheeler has made arrangements that will greatly increase the capacity of the Meadow Valley sawmill in the purchase of a 100 horse power steam boiler and an engine, delivery of which is expected about the first of December.

Dr Thomson who gave up his practice here to enlist is now in France serving as Medical Officer to the Guards Ammunition Column. He is stationed far enough from the battle front to be comfortably safe, but gets a good view of both lines. Writing to a friend he speaks jocularly of having little to do, and being in good health.

In addition to the shipments of British Columbia apples recorded of late to Australia and New Zealand, quantities have also been dispatched to London, England; Demerara, British Guiana, and Trinidad, West Indies. Mr and Mrs A. S. Hatfield were visitors here on Sunday.

Messrs Stark, Angove and Butler motored to Kaleden on Sunday.

Mr and Mrs Gerald MacLaine leave early next week for Waltham.

R. Bent is now teaching at Hope, having gone to that town by last Saturday's train.

Mayor W. Jones of Kelowna spent Wednesday and Thursday here attending the Fair.

Laurie Hatfield is spending a few days here previous to removal to the Coast with his regiment.

Mrs Gill, who has been visiting with Mrs Phinney, senr., went out by K.V.R. on Thursday morning.

See our window for articles suitable for enclosure to your soldier friends. McWilliams Drug Store.

Wm. Haddrell, who enlisted at Vernon some months ago, has joined the Pioneers, now in camp at Winnipeg.

Bert Nelson went up the lake on Thursday morning to rejoin his regiment which is to leave immediately for new camping grounds at the Coast.

W. H. Milligan is leaving in a few days for Kamloops where he will enlist into the Militia for home defence duty.

R. S. Monro sent a shipment of apples east over the K.V.R. this week for a grain grower's organization in Sask.

Presbyterian services will be held in St Andrew's Church next Sunday morning, and in the Methodist Church at 3 o'clock.

There was not a quorum at the School Board meeting this week, and the meeting has been postponed to Monday next at 2.30.

Gordon DeRenzy went away last week bound for the Prairies, and he is now engaging on survey work some distance north of Winnipeg.

Dr Jackson, dentist, will pay his monthly visit to Summerland next week, beginning Tuesday, Nov. 9, and remaining till the end of the week. As usual he will occupy Dr Andrew's West Summerland office.

Mr Cooper, who for the past eight months has been an inmate of Kalavista Rest Home, has received an appointment as assistant teacher in the Columbia School of Wireless Telegraphy, and has gone to Victoria to take up his new duties.

Our readers will be glad to learn that there is in the past few days a marked change for the better in the condition of Donald Ross. Those who have had him in immediate care are hoping for a steady improvement in which they will be joined, we are sure, by every citizen of the community.

A statement, evidently emanating from the Boundary country and given wide publicity in Southern B.C. and Coast papers, that the K.V.R. would inaugurate a daily service between Kootenay and Okanagan, now proves to be incorrect. The daily, except Sunday, service between Nelson and Midway, which was reduced to a tri-weekly some months ago, will be re-established.

Rev. A. Henderson of Peachland, proved a very able substitute on Sunday last for Rev. Lashley Hall, who was to have been the preacher of the day at the Methodist Harvest Thanksgiving services. Mr Henderson gave two homely sermons dealing with Christian experiences in such a way as to provide his hearers with plenty of food for thought. He showed at the morning service manifold reasons for thanksgiving at this time, and in the evening dwelt on the characteristics that should point out the people within the church as "a peculiar people"—interpreting that term in its correct sense. Particularly striking decorations of hardy autumn flowers, green foliage, and fruit and vegetables of many hues, made an elaborate and undeniably pretty effect, an eloquent reminder of bountiful harvests. The attendance at both services was good, the evening service especially drawing a large congregation. Led by the united Methodist and Baptist choir, hearty singing was an enjoyable feature of this service. There was also special choir music, an introt, "We Bow Before Thee," and a full anthem, "O Worship the Lord."

CHANGE OF CAPTAINS.

Those who have looked high enough will have noticed, as the "Sicamous" drew in to the wharf, that a new man is in charge and that Captain Kirby is missing.

Capt. Geo. Robinson, late of the "Bonnington" Arrow Lakes, is now master, his boat having been tied up for the winter, because of shrinking of business due to the operation of the K.V.R. Being senior in the service to Capt. Kirby, Capt. Robinson has been put in charge of the "Sicamous," while the former goes back to Slocan.

Capt. and Mrs Kirby have been guests for a day or two of Mr and Mrs F. Marshall.

ANOTHER HUNDRED DOLLARS.

The Ladies' Hospital Auxiliary, or more correctly, the Hospital itself, is the richer by over \$100 as a result of the efforts of the ladies during the two days of the exhibition. With the assistance of a number of junior assistants, tags were sold to the total value of \$50, while the proceeds from the lunch served in Ellison Hall netted about \$53. Some 12 boxes of fine raspberries, donated by S. M. Young, helped to make up the amount.

J. J. Dunn, in charge of the electrical line construction of the Kettle Valley, is stringing an extra wire from Penticton to Merritt for telephone dispatching. Later a metallic circuit will be established throughout the whole Kettle Valley system.

Sunday Telephone Service

TO SUBSCRIBERS.

To permit of the making of some necessary Alterations and Repairs to the Switchboard, there will be, until further notice, NO 'PHONE SERVICE on SUNDAYS between the hours of 11 a.m. and 2 p.m. and 6 and 9 p.m.

AMERICAN APPLES UP.

North Pacific Fruit Distributors Advance Prices Ten Cents Per Box.

Seattle. — The steady gain in strength that has been apparent in the apple market of the Pacific northwest of late has materialized in a horizontal advance of a dime, that will add \$55,000 to \$75,000 to the value of the unsold supply in this territory. A further advance in the near future is indicated.

The North Pacific Distributors have advanced prices on all varieties and grades of apples 10 cents a box and gave notice that another advance will be forthcoming in a few days. This advance was made in spite of the fact that the eastern markets are crowded with all varieties of home-grown apples.

The rise in prices was merely carrying out the organization's original idea that the only way to put North Pacific fruit on a better basis was to work for wider distribution. The plan has been a success, notwithstanding the demoralization at the auction centres.

The demand for winter apples has now run far ahead of the supply which the organization has in hand, the enquiry, particularly from the East and Southeast, being keen.

FREE SEED DISTRIBUTION.

Grain and Potatoes will be Given
Canadian Farmers during Winter.

By instructions of the Hon. Mar-
tin Burrell, Minister of Agricul-
ture, a free distribution of super-
ior sorts of grain and potatoes will
be made during the coming winter
and spring to Canadian farmers.
The samples will consist of spring
wheat (about 5 lbs.), white oats
(about 4 lbs.), barley (about 5 lbs.),
and field peas (about 5 lbs.) These
will be sent out from Ottawa. A
distribution of potatoes (in 3 lbs.
samples) will be carried on from
several of the experimental farms.

Each application must be sepa-
rate, and must be signed by the ap-
plicant. Only one sample of grain
and one of potatoes can be sent to
each farm. If both samples are asked
for in the same letter only one
will be sent. Applications on any
kind of printed form cannot be ac-
cepted.

The destruction by fire of the ce-
real building at Ottawa, which con-
tained grain-cleaning machinery
and a large stock of seed grain for
distribution, may make it neces-
sary to curtail the distribution to
a certain extent. As many as pos-
sible of the applications which con-
form to the rules will be filled,
but requests received after the end
of December will probably be too
late. Samples cannot be sent in
response to applications (no matter
when received) which fail to state
clearly the needs of the applicant,
his experiences in crop-raising, and
the character of the soil on which
he intends to sow the seed.

All applications for grain should
be addressed to the Dominion Cer-
ealist, Central Experimental Farm,
Ottawa. Such applications require
no postage. If otherwise ad-
dressed, delay and disappointment may
occur.

Applications for potatoes from
farmers in any other province
should be addressed (postage pre-
paid) to the superintendent of the
nearest branch experimental farm
in that province.

FEED POTATOES TO YOUR HOGS.

Potatoes, as profitable feed for
your hogs, are receiving attention
from agricultural experts. Depart-
ment of Agriculture experiments
indicate that 4 to 4½ bushels of
cooked potatoes will add as much
weight to hogs as a bushel of corn.

During surplus production and
consequent low prices it may be ad-
vantageous for the farmer to feed
potatoes to his hogs rather than
haul them to market.

Potatoes are fed to best advan-
tage when cooked or steamed and
mixed with other feeds. Raw pota-
toes, fed alone, often cause
"scours." On the other hand, in
small quantities they add succu-
lence to the diet, and may be ben-
eficial to the pigs.

In cooking potatoes for feeding
hogs, only enough water should be
used to make a mealy mash to pre-
vent burning. The meal should al-
so be mixed with corn meal or some
other grain. Skimmed milk, tank-
age, or meat meal probably adds to
the usefulness of the feed.

A PROMISING INDUSTRY.

Summerland is becoming a horse
raising and shipping district of
some importance. On several occa-
sions during the last few weeks the
exporting of several car lots have
been noted in these columns. But
the largest single shipment was
made on Monday last when L. C.
Woodworth took three carloads,
seventy head, to Calgary, whence,
it is said, they will be forwarded
for use in the Peace River district.

This last lot of horses were fur-
nished, with the exception of ten,
by one man, Jos. Brent, while the
lot of ten were sold by Coun. J. R.
Campbell.

This week also saw the first ex-
port shipment of hogs from here.
These hogs were shipped by J.
Downton, and were picked up in
lots of one, two, or more from
local orchards.

Of considerable importance in
themselves, these reports are, we
believe, but the beginning of great-
er things in a new era of our com-
munity's commercial activities.

NARAMATA SECTION, Cont. fr. p. 4

It is not too hard to be able
to say that still the roses in a few
of the gardens are in bloom.

Mr Russell Wells returned on
Tuesday evening after an absence
of over a month on the prairies.
He brought with him a car of oats.
Mr Wells reports the demand for
B.C. fruit is quite marked, and
that his shipment from here of
apples met with a ready sale.

WANTED:

Farm Produce.

THIS is the substance of a call that is being made by
our Canadian Government, a call that will be heard from the
Atlantic to the Pacific within a few weeks.

NEVER in the history of Canada has there been such
a demand for the fruits of the soil as is expected next season.

Money for the Farmer

IS what this unusual demand will mean. Prepare now
to take advantage of it. Giving steady employment, with at least
a living at any time, Farming, for years to come, is going to be
the most satisfactory and happiest of occupations.

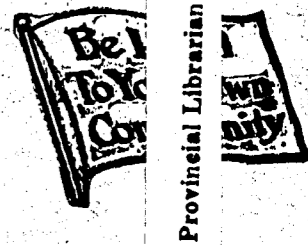

START RIGHT by buying rich, fertile soil at right prices.
I have many acres of the richest of soil in the wonderfully fertile
Okanagan Valley, just ready for the plow, at war prices. Old
prices have been quite forgotten, and terms are fixed to suit the
buyer.

GET A PIECE OF LAND NOW. GET IT UNDER
CROP, AND REWARD WILL BE YOURS.

JAS. RITCHIE,
WEST SUMMERLAND.

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 8, No. 15. Whole No. 380.

SUMMERLAND, B.C., NOVEMBER 12, 1915.

\$2.00, payable in advance.

Will Give a Twenty-Four Hour Electric Light Service.

Electrician James Aims To Put Plant On Such Revenue-Earning Basis As To Make All-Year-Round Day And Night Service Possible.

That South Main Contract Not Yet Done With.

Will a Small Stipend Bring Out More Candidates For Council? Question Receiving Attention Of Board.

Upon recommendation of the Municipal Electrician, P. H. James, the plant is to be run continuously, thus giving constant day service which has not been enjoyed by electric light users heretofore. As a test, he had been running the plant for several days and presented figures to show that the current used during the day was sufficient to pay the wages of an inexpensive day operator, and he was confident that with the certainty that current would be available, there would be a considerable increase in the consumption. He was given permission to employ a junior at \$40.00 per month to try out the experiment.

Mr James pointed out the big risk that was being assumed by the Municipality because of the lack of a governor on the water meter, and urged that such an appliance be ordered and installed at once. This will probably be done.

J. H. Bowering again came before the Council with a proposition from himself and neighbors for the extension of the electric light service to their homes. Two or three others in the district had agreed to take the light and he offered on behalf of the neighborhood to advance the cash necessary to buy the wire, and to pay one-half the cost of any meters it was found necessary to order, leaving the Council to pay only for transformer and one-half the meters. In addition he and his associates will do all necessary work of erecting the line, Mr James promising to superintend the work without extra cost. The proposition was accepted. The cash and labor will be credited to each man against future electric light rates.

Mr Kelley's account again came up for consideration, and with the exception of an item of \$4.00 was ordered paid.

The Government Agent at Kamloops wrote asking the Council to pay for the keep of Matthew Boss at the provincial gaol. The Clerk read his reply disclaiming responsibility. He explained that this man was at one time a citizen here, and judgment for debt had been obtained against him some time ago by a local firm, but for some reason he did not understand, the Municipal Constable had lodged the man in the provincial gaol. He had been sentenced there because of contempt of court by the County Court Judge sitting at Penticton. Further, Boss had not been a resident of this district for several years.

The holder of the lot west of D. L. Sutherland's, Noel Humphrey, had on request been given until November 15th to redeem the lot, as it had been sold for taxes. At Wednesday's meeting, W. C. Kelley, representing the vendor, Mr H. Corbett, Kaleden, asked that he be given the deed of the lot on payment of taxes. The Clerk informed the Council that the property was in litigation, and it was decided not to give a deed to any applicant. If the Municipality's claim is not settled forthwith, the Collector's deed to the Municipality will be registered in the property offered for sale.

A citizen who had asked to be given until November 1st to redeem his home property had not paid up, and after due notice his property will be treated likewise unless redeemed in the meantime.

The by-law necessary to authorize a loan of \$5,000 which will be applied to paying off a previous loan was given its three readings.

The Accountant reported that none of the fines imposed during the year had been paid in, whereas any Justice of the Peace collect-

ing fines was required by law to pay these over within twenty-four hours.

The Clerk reported, too, that since the Constable had been put under the Police Commission, the Council had not been receiving the usual monthly reports from that official. The Police Commission will be asked to keep the Council informed. Dissatisfaction was expressed with the fact that though the Council is required to pay the salary of the Constable, he is not directly responsible to them.

The McAlpin contract for cement lining the south main was a subject of further discussion. The Chairman of the Public Works Committee reported that some 90 feet at the east end of the portion that was to have been repaired, had not been done on the bottom or corners. The Reeve said he had inspected the work and what had been done, was, in his opinion, well done, but there was a portion of 150 odd feet at the upper end also that had not been done, while further up a section of the ditch was in bad shape. Upon the suggestion of Councillor Simpson it was decided to ask the Contractor to go over the work with the Council to-morrow afternoon.

The Council was in session from 9.30 until nearly 5 o'clock with a short intermission for lunch.

A recent change in the Act requires that the Court of Revision sit on December 10th. This court is made up of two members of the Council together with the Reeve, Councillors Simpson and Campbell were named.

With elections close at hand, and with the prospects of the usual lack of interest in municipal affairs and the growing difficulty in getting candidates for election to the Council, the present members in a general discussion seemed to favor offering some inducement that would bring out more candidates. It was believed that few men feel that they can afford to give the amount of time required to municipal affairs, and that some small remuneration might be worth while. The idea of ascertaining the opinion of the electors on this matter was favored, and it may be that the Council may decide that a referendum on the subject will be taken at the next election. No definite salaries were decided upon, but all were agreed that if any remuneration be given, it should be as low as possible to induce candidates to offer, probably a total of \$500 or \$600 to be apportioned according to the office held and the amount of time required, the Reeve and Chairman of the Public Works Committee being given a slightly larger remuneration than the others.

Accounts approved for payment were:

Wages	\$959.60
Summerland Supply Co.	59.10
G. R. Hookham & Co.	42.75
G. Johnson, packing	24.00
Sundry pipe fittings	27.50
Postage	23.00
Bank interest	54.10
J. G. Robertson, inspecting south main	10.00
S. Bartholomew, Repairing Municipal Office	84.00
R. Nove, Right-of-way for flume	75.00
School Board, October	1,011.05
T. B. Young, food	35.40
T. N. Ritchie, lumber	115.70
Sundry small items	92.13
Total	\$2,602.88

The man who is always making excuses won't make good even though he makes good excuses.

BIG MARKET FOR VEGETABLES.

Five Dessicated Vegetable Factories Now Working.

Graham & Co., one of the largest evaporated vegetable concerns in Canada, having secured a large contract from the British and French Governments, have opened several plants in British Columbia for the evaporating of vegetables.

The firm has now five factories at work in this province. Two are located close to Vancouver and three are working to full capacity in the Okanagan Valley, and there is the prospect of another being started. This firm has contracted for a large supply of onions and potatoes as well as for other vegetables, and the contracts made by the Graham company have relieved the vegetable situation in British Columbia to a large degree.

In this province, as in all other sections of Canada, large areas were sown to vegetables, and it was causing the growers some concern as to where they were to market their produce, but with the coming of the eastern evaporating concern, their fears were dispelled to some extent, and now the Okanagan growers are pouring their vegetables into the dessicating plants of the eastern firm.

The Graham company had to seek elsewhere than Ontario for its supply of vegetables on account of the poor crops in Ontario, and quite naturally they came to British Columbia.

It has been estimated on different occasions what quantity of vegetables the evaporators will use, but the most reliable may be taken as about 300 cars of all roots.

The evaporated vegetables will make many dishes of soups for the fighting soldiers in France and Belgium.

Hospitality Poorly Rewarded

Gets Two Years' Imprisonment For Theft.

A Jap tramped into town at the end of last week, but evidently among his own countrymen something of an unsavory reputation preceded him. The traveller got into touch with some fellow Japs and sought shelter for a time in the tent or shack where a couple of Japs stay on Siwash Flat. One was absent for a time, so the other consented to receive the walking stranger. A day or so later the hospitable Jap missed his guest, and about the same time discovered a purse belonging to his absent friend that had evidently been rifled of its contents. There was a clear inference that the missing newcomer was the culprit, and his late host made complaint to that effect to his employer. Constable Graham was later given the facts and commenced a search for the wanderer. He was located after a while a short distance from Penticton, whither he had turned his footsteps, refreshed no doubt by the thought of the \$50 or more "easy money" he had made. He was brought back to the local jail, but when searched not a cent was found on him. On the journey up from Penticton he was noticed to be carrying out some strange movements which it was later conjectured were efforts to throw away the cash contents of his pockets. However, when searched again the next day in the jail, about \$53 reward the thoroughness of the Constable, and this sum the wily Oriental had secreted in the lining of one of his boots. Arraigned before Reeve Blair and Magistrate English early this week, the offender was given the exemplary sentence of two years in the penitentiary, and Constable Graham went out on Wednesday morning in charge of the prisoner.

DOUBLE ORDINATION SERVICE.

Next Wednesday night at 7.30 in St Andrew's Church, Rev. David Lister, now of Bonvillian, and Rev. Mr Leslie of Princeton, will be ordained into the ministry of the Presbyterian Church in Canada.

Rev. Ferguson Millar of Penticton will preside and ordain the candidates, and Rev. A. Dunn of Kelowna will address the newly ordained ministers. The public are cordially invited.

Almost Finish Coquihalla Line Next Month.

Erection Of Snow Sheds Is Huge Job.

The Coquihalla division of the Kettle Valley Railway, between Hope and Brodie Siding, is all complete with the exception of building one steel bridge over Ladner Creek and two wooden bridges, and the laying of approximately four miles of steel, stated Mr C. R. Shin, superintendent for Guthrie McDougall & Co. on the work of constructing the snowsheds along the line, at the Coast last week. He stated the work of erecting the snowsheds will be completed about the middle of next month and that the line would in all probability be completed by the first of January. In all there are about one and one-half miles of snowsheds, extending over about four miles of track. In the erection of these breastworks against the snow some 13,000,000 feet of lumber will be used, and about 600,000 pounds of steel. The lumber is being supplied by mills at Vancouver, no less than fifteen mills being engaged on the contract. The lumber in itself will cost in the neighborhood of \$250,000. The Coquihalla division is 50 miles in length, and when completed will mean a big saving in mileage in the route from the Okanagan to the Coast. At the present time it is necessary to go to Spence's Bridge, which is a roundabout way. Guthrie, McDougall & Co. have had 400 men at work on the snowsheds since August last.

OBITUARY.

MRS. ANNIE WELSH.

At the General Hospital, Vancouver, B.C., after a lingering illness, on Monday, Oct. 18th, 1915, in her 77th year, Annie Welsh, of Eburne, B.C. Besides the husband, there remain to mourn the death of a dear mother, Rev. D. J. Welsh, of Kerrisdale, B.C.; Miss A. J. Welsh, of Eburne, and Mr J. M. Welsh, Vulcan, Alberta.

—Western Outlook.

Before removing to Eburne, a few years ago, it will be recalled by some that Mr and Mrs Welsh and daughter Miss Alfretta, were resident in this community, living on the property now owned by Miss Ballantine, near Garnett Valley. Rev. D. J. Welsh was then at Kelowna, and Judson was at that time a student at McMaster University.

Hospital Donations.

Contributions received at the Hospital during the month of October, 1915:

Fruit and vegetables—Naramata Harvest Home; St Stephen's Church; Baptist Church. Books—Mrs W. H. Hayes; Mrs Tavender; Mr G. L. McWilliams. St Andrew's Church Ladies' Aid, cake; Mrs Moore, potatoes; Mr W. E. Rines, pumpkin, onions, tomatoes; Mr C. Napier Higgin, apples, plums, tomatoes, grapes; Mrs Cooper, parsley; Mr F. G. Anderson, onions, potatoes; Mrs Walton, water melon; Mr S. Young, grapes, fresh raspberries; Mr L. Blair, potatoes, carrots, parsnips, cabbage, pumpkins, apples, canned fruit, onions; Mr McLaren, onions, cabbage, squash, corn, vegetable marrow, canned fruit; Mrs F. A. C. Wright, potatoes, canned fruit; Mr E. B. May, carrots; Anon, onions, carrots, squash, vegetable marrow; Mr C. N. Borton, soap container, 1 gal. liquid soap, given when installing the Dr Andrew surgical sink. Canned fruit—Mrs Campbell, Mrs E. W. Sawyer, Mrs Tomlin, Mrs Sculthorpe, Mrs J. R. Brown, Mrs W. J. Robinson, Mrs R. C. Lipsott, Mrs H. A. Solly, Mrs W. Arnott, Mrs H. C. Moller.

Notice—Donations left without names give the Matron considerable trouble to trace donors. The names are not necessarily published, but must appear in the Hospital Donation Book.

Charity begins at home, and covers a multitude of sins that begin in the home—but wonderful as charity is, it cannot cover them all.

LOOKS LIKE REAL THING.

Local Invention Sure To Fill a Need Of Long Standing.

Seen last week at the Fall Fair, the full size Utility Duplex Door, invented and patented by H. G. Estabrook, of this place, fully attained the usefulness, simplicity, and substantial appearance promised in the smaller model, which the Review was privileged to view, a week or two previously. The new door attracted a good deal of attention from visitors at the Fair. Much praise was forthcoming for it from those who foresee the substitution of the one Utility Duplex door for the present outer door and additional wire screen door. What little criticism was advanced against the invention had all been anticipated by the inventor, and when the manufactured door makes its appearance on the market in different styles of finish and various sizes, there may even be one or two slight improvements over the exhibited model.

The door on view was constructed of fir with the panel frames of walnut. To the practiced eye it was evident that the finest methods had been embodied into the workmanship by its maker, Mr Bert Harvey. A feature of the invention that makes a strong appeal lies in its adaptability, with certain modifications easily effected in the process of manufacture, not only to all styles and sizes required for outside house doors, but for such other purposes as barn, cellar and other doors. Although constructed of heavier material than the usual door of its class, the "Utility Duplex" did not prove heavy and cumbersome, its weight being no more than its orthodox rival of long standing, and its thickness, 1 1/2 inches, if anything, is a trifle less than that of the ordinary door.

Okanagan Apples For Spokane Fair.

The Summerland Fruit Union is sending a display of forty boxes of winter apples to the Spokane Fair. These are being shipped to-day in care of Jack Lawler who will be in charge of the exhibition.

B. T. Boies, who during the soft fruit season was stationed here as Inspector, left on Wednesday evening with a display of Peachland apples for the Spokane Fair. Mr Boies has been conducting packing schools, judging and doing demonstration work in the Boundary country district during the past few weeks.

Naramata will also have a display of fruit at the big international fair as will be noted by a reference to our Naramata page.

Canned Apples And Peaches For Wounded.

As soon as it is possible to obtain transportation, 20,000 one-gallon cans of peaches and the same number of cans of apples, now at Vine-land, near St Catharines, will be forwarded to the Canadian military hospitals in England.

The following inscription is on the labels: "To the sailors and soldiers of freedom, with the compliments of the Ontario Government, Canada. Hon. W. H. Hearst, Prime Minister."

Married In England.

A cable message brought to Mr and Mrs J. M. Sutherland this week news of the marriage in London on Sunday the 7th of their daughter, Miss Sheila, to T. J. C. Martyn, a second Lieutenant of the Royal Fusiliers. Lieut. Martyn is an Englishman by birth, but until the outbreak of war was for some time a resident of B. C., and when he enlisted was a member of the staff of one of the banks at Penticton.

The poorest polley and the worst economy is to keep the children out of school. Every day lost has its manifold effort; the knowledge gained on that day is missed, the pupil is thrown behind, becomes discouraged, has a bad effect on the class, and the very habit is to be avoided.

Apples For Soldiers Have Gone Forward.

Okanagan Donates Three Carloads To Empire Defenders.

Naramata, B.C., Nov. 10th.

Three cars of Okanagan apples, as a result of the movement inaugurated by Mr Geo. Wolstencroft, have been sent forward to the soldiers at the front. Each town and district throughout the Valley responded nobly. The output represents in real value a contribution totalling over \$1,500 in actual value. Such is the value of co-operation! The quota of boxes from the different points was approximately as follows:—Penticton, Kaleden, and Okanagan Falls 322; Summerland 338; Naramata 100; Peachland 106; Kelowna 295; Vernon 249; Armstrong 8; Enderby 5; Tappen 23; Salmon Arm 96.

The fruit has been consigned to the Canadian Red Cross Society, Montreal, for shipment to their headquarters on the other side. Transportation has been arranged for, free of charge, by the society.

It is worthy of note that not one dollar of actual cash expenditure has been necessitated throughout the movement.

Further Enlistments From Summerland.

Still more men from this district have lined themselves up for service in the Canadian Expeditionary Forces, some of them unable to wait for the establishment of a winter camp right here in their home town. How these enlistments will affect that project cannot be exactly foreseen, but the hope has been expressed that there will still be sufficient recruits forthcoming to make up the requisite number.

Messrs Gilbert McKenzie and G. H. Godwin went away last week to Victoria, where they have joined the ranks of the Army Medical Corps. The former has had employment for some time past at the Experimental Station, Trout Creek, and the latter is a brother of Mrs L. B. Otley.

H. C. Howis is another local recruit, and he has had the good fortune to secure enrollment into the 54th Kootenay Battalion, almost on the eve of their leaving for England. Mr Howis was up at Vernon for a short time at the end of last week, and having been duly sworn in, he was granted leave of absence to arrange his affairs. An auction sale of his furniture and effects was held on Wednesday of this week, and Mr Howis is leaving immediately to rejoin his regiment at Vernon. Mrs Howis and little son are planning to go right through to England where they will visit with relatives.

A further squad of five went up the lake to Vernon on Wednesday to enlist if possible into an overseas battalion, but with what success has not been learned. They were Messrs J. S. Peters, H. Hilborn, D. Griffiths, T. F. Knox, and Chas. Steuart. At least one of them, J. S. Peters, has had long experience in the British Army, a fact which is likely to stand him in good stead. (Mr Peters returned last night and though unsuccessful in his efforts to enlist in the regular service he has signed on in the Army Medicals and hopes to get a transfer later at the Coast where he goes into camp.)

The 47th Battalion which left Vernon a short time ago for New Westminster, has again been moved and on Sunday passed through Slenmous going East for embarkation at an Atlantic seaport for England.

Many people in more or less close touch with the Vernon camp profess to be exactly informed of the date of the departure of the 54th Battalion for overseas but the ruling of the Canadian press concerning the matter is against the dissemination of such news, the Review is not able to make any statement.

Principal Gordon of the Kelowna Public Schools conducted the services in St Andrew's Church last Sunday. The Pastor, Rev. C. H. Daly, was at Rutland, where he took charge of the anniversary services of the Presbyterian Church there, which is a part of Rev. D. Lister's field.

MAKE IT AS GOOD AS IT CAN BE.

NOW FOR THE POULTRY SHOW. The Summerland Poultry Association has built up an enviable reputation for its annual exhibition. It is hoped that in spite of the difficulties of the times there will be no diminution in the quantity of the exhibits, no depreciation in the quality of the birds, nor yet any lack in the completeness of the exhibition arrangements, which has been such an acceptable feature in past years.

The drop in feed prices lately, mainly brought about by the use of Valley grown products, has given some new impetus to the poultry industry, removing a good many questionings from the minds of fanciers who were naturally dismayed at the soaring feed prices of a few months back. Poultry keepers all through this district should rally to the support of the Show, and it is by no means too early now to commence picking out the show birds, giving them the special attention that helps to make them look good in the Judge's eyes. As in former years the Show should be strengthened by soliciting entries from outside points, bringing local exhibits into comparison with the standards of elsewhere. Keep the Show in mind and have your entries in early.

§ § § § §

A VAST WORK.

THE COMMISSION under the chairmanship of Senator Lougheed, appointed a short time ago by the Federal Government to investigate every phase of the agricultural industry has already entered upon its gigantic task. The work of the Commission is not going to be accomplished by desultory sittings during a period of a few weeks, and the first meetings have been in the nature of preliminary sessions, to outline the methods of procedure. It was decided to make such investigations as would enable the Commission as speedily as possible to become intelligently informed on questions relating to the urgent agricultural needs of the Dominion. To this end statements will be invited from farmers' organizations, including live stock breeders, grain growers, fruit growers, and stock dealers. Marketing, industrial and other organizations concerned directly with shipping and transportation interests will also be called upon immediately to assist in the investigation. Later leading authorities connected with the development of the country will be called upon to give evidence. "It is the hope of the Commission," says a statement which its secretary gives out, "that every public spirited organization in the Dominion will interest itself in the subjects which the Commission has under consideration, and render such aid as its conclusions make possible."

The labors of this body of investigators will not be abortive if all interested bodies bring to light the difficulties in their particular sphere that call for adjustment. Here is opportunity to bring into full discussion the problems that vex and harass the fruit growers of the Okanagan, but which seem a little difficult of access, so much so that it does not seem possible to grapple with them at close hand. The responsible bodies concerned will surely need no bidding to get statements prepared voicing the needs of their members.

The Commission has not been constructed along partizan lines. On the contrary, it has among its personnel men of practical experience in different phases of agriculture, and the sole aim of the Dominion Government in appointing this body is to get facts regarding the true state of affairs in the agricultural industry at the present time, around which protective and remedial legislation of a workable type can be framed.

§ § § § §

JUST WATCH how the apples sent down from this vicinity to the Spokane Fair stand up against the product of the banner fruit districts of the American North West. Exhibits from the Valley have never failed in previous years to bring added lustre to the districts from which they originated. So it is with confidence that Summerland, Peachland and Naramata may be expected to find a place in the list of prize awards, and though the competition is of the stiffest nature, the apples from these three towns will be found in their accustomed place at the top.

§ § § § §

WHEN THE OKANAGAN gets a touch of winter, it does one good to think how much worse the weather is elsewhere. It was so this week. This Valley experienced a few degrees of frost and a fall of snow that lay on the ground long enough for the people to make sure it was snow, and no longer. Back on the prairies it was different. A snow and sleet blizzard enveloped the vicinity of Winnipeg to such an extent that communication with cities east and west was interrupted and the city lighting plant put out of commission. In parts of Alberta and Saskatchewan zero weather was recorded, and also considerable falls of snow.

§ § § § §

CHANGES ARE FORESHADOWED in the make-up of the British Columbia Government in the very near future. Sir Richard McBride, it is expected, will announce his retirement from active politics, and will most likely go to London, to succeed Hon. J. H. Turner, who is retiring from the position of Agent-General for this province. Hon. W. J. Bowser is likely to succeed Sir Richard in the leadership of the government, and two other ministers whose retirement is looked for

are the Provincial Secretary, Hon. Dr Young, and Hon. Thomas Taylor, Minister of Railways. If Mr Bowser steps up into the Premiership the portfolio of the Attorney-General will also become vacant, and that of Finance and Agriculture, long since vacated by Price Ellison, is also yet unfilled. Another session for the Legislature is now being talked of at Victoria, which would delay the expected provincial election for months yet.

§ § § § §

IF "FREE WHEAT" becomes an accomplished fact, as report has it soon will be, by the removal of all duty on wheat crossing the 49th parallel, perhaps the prairie farmers will become a little more kindly disposed towards the idea of raising the protective tariff against the riff-raff of American fruit dumped over the border every year with the sole aim of getting it out of harm's way as far as the best American home markets are concerned. Growers across the line in many cases lose money by this practice, but usually more than recoup their loss in the sale of their better grade apples. The increased demand for prairie wheat in the widened markets, which is expected to result from removing the duty, while it may have the tendency to lift the prevailing prices, should also help to cheapen the American wheat that this province is compelled to import largely from Seattle. With a few cents more coming into their pockets from their wheat, will the farmers on the prairie begrudge a slight increase in the cost of their apples, when that same slight increase may mean so much to British Columbia growers?

Eastern Growers Shipping Fruit To Wounded Canucks In Europe.

The Quebec Branch of the Navy League is forwarding gifts of fruits and vegetables to the vessels of the fleet in the North Sea, and has asked for contributions, particularly of apples, which are very acceptable. The distribution is carried out in Great Britain by the Vegetable Products Committee, the president of which is Admiral Lord Beresford. This committee up to May 30th of this year has supplied over 3,000,000 lbs. of fresh fruits and vegetables, besides thousands of special packages for Christmas, all of which have gone to His Majesty's warships in the North Sea fleet. The Ontario government is shipping apples regularly to the Canadian wounded in the hospitals of Great Britain and France. In addition to fresh fruit, the government is sending 20,000 gallons of canned peaches to the hospitals.

BUTTER MOULD.

Mould may cause deterioration in butter either by developing on the wrapper and spoiling the appearance of a sample, or by growing in the butter itself and producing thereby such changes in the composition as to make the butter unusable. It is found that imperfectly washed butter containing a high percentage of casein, provides the most favorable medium of growth and that a high water content also encourages the development of mould, as does storage in very damp cellars; but practically all risk of damage from this cause may be eliminated by the presence of 2.5 to 3 per cent. of salt in the butter, which corresponds to the use of 12 to 15 per cent brine.

New York Fruit Buyers Pay \$2.00 For Hood River Spitzenbergs.

It has been reliably reported that a representative of a large New York fruit concern has bought several cars of extra fancy Hood River stock from independent shippers there, and paid as high as \$2.00 per box f.o.b. for the Spitzenbergs. There will be a short crop of extra fancy stock in that valley, and the prices are being held firm by the shipping concerns. Several offers of \$1.75 per box for extra fancy Spitzenbergs have been turned down.

SELLING CULL APPLES IN STANDARD CRATES.

The standard cull apple box as being manufactured in Washington has a cubic capacity of 3,237 cubic inches and will contain a bushel and one-half. The net weight is estimated at 60 pounds, but will probably exceed that a little.

The majority of the culls are being sold under contract at prices which will net the grower between 40 cents and 50 cents a box from which the cost of the box will have to be deducted. The price paid varies somewhat with the variety and quality of the culls of each individual grower.

Sorrow sweetens life. A life without sorrow would be a sorry life.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton. The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

IT is not always the most expensive Teas that are the best to brew or drink.

The most important point to consider about tea is its suitability for brewing in the water of a particular district. Tea that would be good here, and brew into a splendid fragrant beverage, might be a rank failure somewhere else.

We buy our teas to suit the water of this district. You are therefore sure of getting tea that is all that tea should be—fragrant, refreshing and thirst-quenching. A trial will make you a constant user.

Newsy Paragraphs

from
PEACHLAND

Miss M. Reid spent Saturday at her home in Kelowna.

Miss Law is spending a couple of weeks visiting friends at Penticton.

Mrs and Miss Harrison of Summerland were visitors to town on Friday.

Mr John Phillipps of Winnipeg was the guest of Rev. A. Henderson on Friday.

Mr Wm. Miller came home on Saturday night and returned on Sunday afternoon.

Mr R. H. Huston left on Thursday to spend a month on his farm at Three Hills, Alta.

Mrs J. H. Clements' brother, Private W. H. Bartlett, came down from Vernon to spend Sunday with her.

The many friends of Mr Geo. W. Lang will regret to learn that he left for the east on Wednesday morning.

Miss Olive Ferguson returned home on Wednesday night after spending a week with friends at Kelowna.

Miss Georgia Elsey was a visitor to Summerland on Sunday afternoon, and returned on Monday morning's boat.

The girls' Red Cross Society was organized on Thursday evening. Officers elected are:

Chairman, Miss C. L. Moule;
Vice-Chairman, Miss G. M. Elsey;
Sec. Treas., Miss E. I. Pentland.
The next meeting will be held on Saturday, November 20th, at two o'clock, when the girls will commence their work.

**Addressing Of
Soldiers' Mail.**

In order to facilitate the handling of mail at the front and to insure prompt delivery, it is requested that all mail be addressed as follows:—

- (a) Regimental Number,
- (b) Rank,
- (c) Name,
- (d) Squadron, Battery or Company,
- (e) Battalion, Regiment, (or other unit) Staff appointment, or Department.
- (f) CANADIAN CONTINGENT,
- (g) British Expeditionary Force,
- (h) Army Post Office, London, England.

Unnecessary mention of higher formations, such as brigades, divisions is strictly forbidden, and causes delay.

The Post Office department gives notice that until further notice parcels addressed to His Majesty's ships or to British or Canadian troops on active service in Canada or elsewhere will be re-directed free of any additional postage.

British Columbia is to have a lasting monument in honor of the heroic Nurse Cavell. Sir Richard McBride intends to apply to the geographic board of Canada for a change of name of Mount Robson the highest peak in the province, on the line of the G.T.P., to Mount Cavell, in memory of the heroic Red Cross nurse who was murdered in cold blood by a German officer in Brussels. The Premier considers that this would be a fitting monument to this British heroine.

In the war of right and wrong we cannot afford to be neutral.

Mr and Mrs. N. G. Davidson were passengers to Vancouver on Friday, where they will spend a couple of weeks.

Mr and Mrs Geo. Lang drove down to Summerland on Saturday to visit Mr and Mrs J. L. Logie, and returned on Sunday afternoon.

Private Wm. Dryden of the 54th, accompanied by his friend, Sergeant Graves, came down from Vernon on Saturday to spend Sunday at home.

Rev. D. E. Hatt of Summerland conducted the services in the Baptist Church on Sunday, as Mr Estabrook conducted Baptist services in Summerland.

Private Arthur Henderson and his friend Corporal Taylor returned to Vernon on Tuesday morning, after spending Sunday and Monday at the home of the former.

The regular monthly meeting of the Women's Institute was held on Tuesday. After an interesting program a Thimble Tea was held. The Women's Institute course of lectures on nursing by Miss Fannie Steed will be held in the Baptist Sunday School rooms, on the afternoon of Thursday, Friday, and Saturday, November 18, 19, and 20th, commencing at 2 p.m., and lasting until 5 p.m. Tea will be served between sessions in the afternoon. These lectures are free to all members of the Institute.

**Peachland Boys Now
Wearing Khaki.**

The following list contains the names of those who have joined His Majesty's Forces from Peachland:

- | | |
|-------------------|-----------------|
| Walter Wingate | G. A. Batchelor |
| J. E. Ward | J. Jackson |
| Herbert Vivian | Val. Hicks |
| Willie Wilson | Lionel Aitkens |
| Douglas Henderson | Jack Thorne |
| Frank Chapman | Victor Jones |
| A. Feathers | John Wilson |
| Robert Laidlaw | Ted. Smith |
| Will. Aitkens | Ernest Aitkens |
| Arthur Theobald | Alex. Seaton |
| C. E. Sutherland | Leslie Maxwell |
| Fred Salt | Willie Dryden |
| Howard Morrison | Fred Topham |
| Arthur Henderson | Harold Miller |
| Thos. McLaughlin | John Buchanan |
| Wostley Waldriff | Ernest McKay |
| Hugh Ferguson | Norman Pope |
| H. B. Birkett | Gordon Whyte |
| Roy Whitto | Harry Urquhart |
| Gordon McDougald | Bert Robinson |
| J. L. Vicary | Albert Chilton |
| Bertram Conroy | Alec Brown |
| Kenneth Tallyour | George Price |
| Charles Wilson | Laurie Hicks |
| Henry Chapman | Walker Aitkens |

Of the above, five have been reported killed, G. A. Batchelor, J. E. Ward, J. Jackson, Herbert Vivian, and George Price. Val. Hicks and Willie Wilson have been wounded. Willie Wilson is expected to return to Kelowna this week.

**Establishing B.C. Apples
In The Prairie Markets.**

W. E. McTaggart, B.C. Fruit Markets Commissioner at Calgary, is continuing the vigorous campaign to establish fruit from this province firmly in the prairie markets, inaugurated by his predecessor, J. Forsyth Smith.

Just now efforts are being made to impress upon Calgarians that now is the time to buy apples. More than that, "the right apple at the right time" is the doctrine the Commissioner is teaching. Too many housewives, he says, have been in the habit of ordering "apples" when they should specify what variety they would like.

In the advertising throughout the prairie provinces this year the B.C. Government has tried to educate the people of Western Canada to get the right apple at the right time. A start has been made, and housewives will be asking for Jonathans and all the other varieties in their seasons, as they ask for strawberries, raspberries, and cherries.

In some of its many varieties the apple, the king of fruits, is available for use nine months in the year. But every variety has its own special season, when it is at its best.

It is then that it has the crisp, tender texture, the rich, sprightly flavor, and the delicious ripe juiciness that gives it its attractiveness and health-giving goodness. Before it reaches maturity it is flavorless and hard, or strongly acid. After its prime is past it may still be well preserved, but its quality is impaired. The flesh is not as crisp, a mealy dryness is beginning to replace the luscious juiciness, and the superlative flavor is disappearing.

Window dressing competitions among the retail stores of the city is another means being used to educate the ultimate consumer to the use of the right apple at the right time.

One of the large city jobbers has offered a number of prizes for the best dressed apple window in the city, and nearly every grocery and fruit store in the city has on display in its windows the brilliantly colored British Columbia apples which are so winning the favor of prairie housewives.

**B.C. Apples Being Advertised
In The Prairie Newspapers**

This week in over thirty Western Canadian newspapers and farm journals there began the apple advertising of the British Columbia Government. At present the space carried in all the papers is rather small, but it is the intention of the commissioner to gradually increase this as the apples become better distributed, and the demand increases. At the present time, business is being held in check by the wet weather, which it is hoped is over with for this year.

The advertising is all being written along educational lines, and advocating the eating of the right apples at the right season. This week all the advertisements emphasized this, while next week the MacIntosh Reds will be featured and so on. In this way, it is hoped, that seasons will be made for apples, just as housewives know the season for bitter and sweet oranges.

A recent report submitted to the Minister of Lands from Vernon district states that 18 lumber mills have been running fairly regularly in this district. Those in the Okanagan have been busy supplying boxes and crates for the fruit trade, giving considerable employment.

Pryce-Jones (Canada) Limited, a large mail order concern operating at Calgary, and doing business throughout the entire Canadian West, has gone into liquidation. It closed its doors last Saturday for the purpose of taking a preliminary valuation of the immense stock. For some time the business has been in the hands of a receiver, acting at the instance of the bondholders, who are mostly British investors.

In spite of the fact that fruit and vegetable crops in Germany this year were exceptionally good, retail prices in the cities and towns are enormously high. The reason of this is explained in a letter written by a German fruit grower, and published in many newspapers throughout the country. The high prices, this grower declares, are due solely to the fact that suitable persons cannot be found to gather the crops.

A Clubbing Service

FOR

Review Subscribers.

Desiring to be of as much service as possible to our subscribers, we have, at a good deal of trouble, arranged with a large number of publishers to obtain their publications for Review Subscribers at lowest possible prices. Herewith is a very full list from which selections may be made.

Make your choices, then call, phone or write us, and special price will be quoted.

Publishing Compy., Ltd.

OUR NARAMATA SECTION :

Everything of Business and Social Importance
Transpiring in South Okanagan's Newest Town

Resurrected.

The old-timer, the "Maud Moore," the original craft of the Okanagan Lake Boat Co., that lay for so long moored in the quiet waters of the bay north of town, after having been sunk by the strong gale a week ago, was successfully towed into harbor last Sunday. The old craft looks somewhat battered, but is yet capable of being overhauled.

It is, however, doubtful whether any immediate steps will be taken to restore the once popular steam tug to its former grandeur.

The Epworth League are to hold their regular meeting to-night (Friday) in the auditorium of the church.

Pte. Tom Kenyon of the 54th, after a pleasant week-end holiday, here returned to his regiment on Monday's boat.

Messrs King and Dempsey are busy this week clearing ground for planting on the hitherto unimproved fruit lot of Mr. Harry Hook of Greenwood. It is probable that not more than 3 to 5 acres will be broken this fall, as it is Mr. Hook's intention to go rather extensively into small fruits, of which strawberries will be the leader.

A party of sportsmen consisting of Messrs Harold Steers, Guy Brock, and J. Bruce, left early this week for a week or ten days in search of game on the higher reaches of the adjacent hills. It was their intention to pitch camp at Blair's cabin some fifteen miles back, where the excellent shelter and feed for their pack horses make camping so convenient. It is to be hoped that their diligent search may prove both pleasant and profitable.

Mr. John McLean of Summerland was across to Naramata on Tuesday, and while here was a guest of Mr. J. M. Robinson. Mr. McLean leaves shortly on a roundabout trip back to his old home town of Montreal. It is his intention to go via Vancouver, and when the Panama route is open, to proceed in that direction. Mr. McLean, who has already an established reputation as an author is at present gathering material for a book to be published in the not distant future.

Lecture Course On Practical Nursing.

Opportunity is to pay a visit to Naramata Women's Institute next week dressed in the garb of a lady lecturer. Reference is made to the visit of Miss Steed of Victoria, who, under the auspices of the Horticultural Branch of the Department of Agriculture, will lecture on Monday, Tuesday and Wednesday of next week on various phases of home nursing. The lectures are each well worth the price of a year's membership in this really live and progressive organization known as the Women's Institute of British Columbia. Here then, we say, is opportunity knocking twice daily for three days in succession at the doors of Common Sense and Judgment, and naturally it is expected that the ladies of Naramata will turn out en masse.

Just a word about the hours, Miss Steed writes that she finds a good many places prefer to have both lectures in the afternoon, as many people who have to come in some distance prefer this arrangement.

The ladies here will follow suit, and will serve tea at the close of the first afternoon address. The hour for opening is at two o'clock, and it is earnestly requested that the ladies will be prompt and punctual.

Any ladies who have as yet not joined the Institute, but who would care to do so, are requested to hand in their names on or before next Tuesday, to the acting secretary, Mrs. Cash.

Next Sunday being the second Sabbath in the month, the regular church service will be conducted by Rev. H. A. Solly of Summerland.

The Ladies' Aid, at their special meeting, on Wednesday afternoon, fixed upon December 9th, Thursday, as the date of their Annual Bazaar.

The youths who so laboriously placed the pile of wood against the basement doors of the school on Halloween are reported to have equally well enjoyed the fun of removing same to the basement where it was originally intended to store it.

Pte. Harry Pitman of the 47th in a lettergram dated at Kamloops announced that he was away to a good start with the entire battalion and headed for some camp in England where further training will be followed. He appears to count himself one of the lucky boys, as it is but a comparatively short time since enlisting.

Red Cross Notes.

On Saturday last a fine turn-out of willing workers at the club rooms resulted in a fine lot of new work being turned in completed. An additional sewing machine, supplied by Mrs. J. M. Robinson, contributed greatly to the hastening on of some of the sewing.

On Thursday of this week a whist drive, given by Mrs. Mitchell, was in aid of this worthy cause. Fuller reports of this function are of necessity withheld till our next issue.

Current Events - OF - Town & District

Miss Hall paid Summerland a visit of a few hours duration on Monday.

Messrs W. Armour and Geo. Partridge were business visitors to Penticton on Saturday last.

Messrs Allie Noyes and Sherwood Davies returned on Saturday evening from a week's camp at Osprey Lake.

Mrs. Cooper and Mrs. Fosbery of Summerland were the guests on Monday of this week of Mrs. E. B. Reesor.

Capt. and Mrs. F. J. Languedoc have taken up residence for the winter in the down town cottage belonging to Mr. Walter Land.

Mr. Harold Mitchell has gone to Spokane to attend the exposition. He will assist Manager Craig with the apple display from Naramata.

Rev. R. M. Thompson of Penticton preached to a full house on Sunday afternoon. At the close of the service the sacramental service for the third quarter of the church year was held.

A Roll of Honor is being placed in the church, setting forth the names of the local patriots who have gone forth to fight for King and Country. It is to be hoped that provision will be made for the additional names to be added shortly as a result of the expected recruits yet to follow. For besides a number of young fellows who expect to be in shape soon to join, there are a number of married men who appear to be considering whether it is not their duty to swell the ranks by their presence and assistance.

Because —

the roses are still blooming in the Naramata gardens in November it does not follow that our so-called winter will not come.

OUR WINTER may be "a joke" to the man from the prairies or the east.

BUT YOU WILL NEED

An Airtight Heater

ALL THE SAME.

We have a Splendid Line of Stoves and Ranges, and PRICES ARE AWAY DOWN.

See our Oil Burning Cooker,

it answers the same purpose as a Gas Range in the city.

The Naramata Supply Co., Ltd.

Summerland Telephone Co., L31.

Naramata, B.C.

Naramata Current Events (Continued.)

The Farmer's Institute are holding their usual monthly meeting in the church basement this evening.

Mr. F. Lorne Roe of the Penticton Herald staff was in town a few hours on Wednesday attending to certain business details having to do with the pop factory.

Mr. and Mrs. Geo. Cook have removed from their ranch to their house in town for the winter months, a practice which appears to grow in popularity from year to year.

Nurse Gordon returned from Summerland on Thursday where she has been in attendance on Donald Ross, who now is happily on a fair way to recovery from a tedious case of typhoid.

Mr. H. N. Haight, representing the Vancouver World, paid Naramata a visit of a few hours duration, and succeeded in swelling the list of subscribers to his progressive Coast paper.

Incidents Of Camp Life In England.

The following extracts from a recent letter from Reg L. Boothe to his home folks would go to show that even at their training camps in England the boys are not wholly free from molestation — and also that our boys are taking splendidly to the course of training.

"I finished my course in bomb-throwing yesterday, and am now taking my musketry, starting tomorrow.

"I am sending you some pictures that some of us boys had taken. You will laugh when you see me in kilts, I'll bet. Also I am sending you a couple of pictures taken while taking the bomb-thrower's course. One of them shows a charge. Please note the wire entanglements, etc. The other photo will give you an idea of the trenches I will be living in this coming winter. They are certainly fine, too. There are as a rule six men to a section, and each section is separated. That is in case of an infilade fire. This training is certainly very interesting and I wouldn't have missed it for worlds.

There was an awful Zeppelin raid here last week. About a hundred were killed in London and fourteen Canadian soldiers at Otterpool Camp, not far from here. We here at Shorncliffe were lucky, as the Zeppelin passed right over our camp, but there wasn't a light showing as we had orders to put out all lights at seven o'clock. The fourteen Canucks were given a swell burial with full military honors. The headquarters staff of the first division were present. The boys were buried at sundown. A military funeral is sure an impressive sight."

Naramata Current Events (Continued.)

Mr. J. D. Lewis, Summerland, spent Tuesday evening in town as guest of Mr. Robinson, returning by ferry on Wednesday.

The first appearance of snow on the lower benches was seen on Tuesday. The date is almost if not fully characteristic of this part of the Okanagan.

The School Board, it is understood, are still wrestling with the problem of school management—financial and otherwise. The fact that up-to-date they have been unable to obtain an advance from the Department of Education is of itself an aggravating experience—particularly as the stand taken by the government throws the responsibility back to the delinquent taxpayers of recent years.

Despite the fact that for some time we have been able to see snow on adjacent peaks and on upper level reaches, roses still continue to bloom in the gardens of Naramata. A fact which of itself speaks volumes for the southern Okanagan. Coupled with that is the assurance we, who have lived here five or ten years at least have, that there will be for us no really severe cold or disagreeable climatic conditions throughout the so-called winter. Indeed it is at times regrettable that there is not more frost and snow—sufficient to freeze out these poor unfortunates who are not ready to shout and sing the praises of this truly wonderful country.

There may not be 365 good and substantial reasons why every Naramata householder should issue an

The Old England

JULIUS W. A. BLOCK, NARAMATA, B.C.

Gentlemen's Outfitter, etc. Chiefly British Goods Imported Direct.

Squire Hill Passed Away at 6.30 Wednesday Morning.

Naramata, Nov. 10th.—Squire Hill, an old and respected resident of Naramata, passed away at the Summerland Hospital to-day at the age of 60 years, after a short illness.

Mr. Hill, whose wife and grown-up family reside in Montreal, paid a visit to his family last fall, returning here a few weeks ago. Evidently his trip East did not agree with him, as his friends noticed a considerable change in his condition when he returned.

He did not take to his bed till about a week ago, and on Thursday last was taken to the Summerland Hospital where he died.

He is survived by a wife, two daughters, and three sons, all of whom, excepting one, live in Montreal.

annual invitation to have the Review—their own home paper—pay weekly visits to their homes, but most people could dig up at least 52 reasons. The Review is published every Friday—52 times every year—in the interests of the three towns and districts of Peachland, Summerland, and Naramata, and its past record of up-to-date-ness, neatness, cleanliness, and general efficiency, stands as an earnest of what is to follow. This paper makes no attempt to please everybody, but it does, so far as Naramata is concerned more especially, aim to record everything of business and social importance transpiring in this the newest town in the Southern Okanagan. The foregoing is not intended as self-praise—far from it—but is intended as a plea for one's own town paper.

(Other Naramata Notes will be found on page 6).

Passing Events: Social, Personal, &c.

Word came from Will Angove towards the end of last week announcing his safe arrival on British soil.

Miss Armstrong of the Hospital nursing staff went out a few days ago taking a month's vacation from her duties.

W. H. Milligan was a passenger up the lake on Monday morning bound for Kamloops, where he joined the home defence forces.

Keith Elliott of the Army Medical Corps was down from Vernon last week-end, on what will be his last visit before his corps is moved to Victoria.

Up to the first of the month the Municipal Collector had received but 48 per cent of the 1915 tax levy. To the same date last year the collections were 49.7 per cent.

Rev. F. W. Pattison, who has held pastorates at Manitou, Man., and Summerland, B.C., has accepted the pastorate of Congregational Church, Northfield, Mass., and will enter upon his duties Nov. 21st. We wish Brother Pattison a successful and happy pastorate.—Western Outlook.

The first regular practice of the Ladies Glee Club recently organized was held last Thursday afternoon in St. Stephen's Hall, and a second held yesterday afternoon. The musical instruction is being given by Miss Harrison. It is planned to start practice at once on a cantata with a view to giving a public entertainment shortly after Christmas in the interests of the Ambulance League.

236 pounds of candy, practically all home-made, was assembled last week and sent off to our soldier lads in the care of the Red Cross on Saturday. In this the school children participated to a considerable extent. Besides this quantity of candy there have been forwarded individual packages addressed one to each Summerland soldier, and containing candies, toilet soap, and other small articles. These packages were sent by the B.Y.P.U. of the Parkdale Church.

If the fact of having a few ripe raspberries on November 5th is something out of the ordinary, what of having well over a hundred pounds of this fruit at that time? Mr and Mrs S. M. Young reported this to be the case at their Prairie Valley property at the end of last week. Probably the frost of the last few days has wilted by now the new green shoots that the canes were putting out. A quantity of the fresh fruit was taken by Mrs Young to the Hospital, and provided a treat that was greatly appreciated by the staff.

The regular monthly meeting of the Ladies' Hospital Auxiliaries will be held next Tuesday afternoon at the home of Mrs R. C. Lipsett.

Courtland Watson has accepted a responsible position with the K.V.R., taking charge of the yards and section of that railway at Penticton.

Jack Lawler, George Craig, Harold Mitchell and Hilton Snider, all of the Fruit Union, started this morning for the Spokane Fair, making the journey in Mr Lawler's car.

The ladies of the College Auxiliaries are giving a harvest supper in the Parkdale Baptist Church on Tuesday evening, Nov. 23rd. Please remember the date and plan to be there.

Mr and Mrs G. A. McLaine went out on Thursday morning returning to Waltham, B.C. where they will remain for the winter. Mr McLaine is taking in hand some extensive winter apple packing in that district.

Three cars of apples, one of them containing 928 boxes billed to Vancouver were shipped by the Union Wednesday night. Another car containing Winter Bananas was billed to Montreal, while the third car went to Lethbridge.

Satisfactory progress is being made on Wright Bros' cottage. The roof is now on and the wiring is being done. It is the intention to finish the outside with shingle and stucco. The ceiling and inside woodwork will be of fir with hard oil finish.

Mrs Thomas Behan and her sister, Miss Myrtle Conway entertained to afternoon tea on Tuesday at the home of their mother, Mrs Jas. Conway, in honor of Mrs G. A. McLaine. The guests numbered about a dozen, and the affair proved a conspicuous success.

The appointment of Messrs S. M. Young and J. A. Kirk as representatives of the Provincial Government on the Board of Directors of the Summerland Hospital Society is reaffirmed in a late issue of the B.C. Gazette, the appointment holding till the end of 1916.

Suffering from the prevalent gripe, Rev. N. McNaughton was not able to occupy the Baptist pulpit last Sunday, and Rev. H. G. Estabrook, a former pastor here, very ably supplied at both services. On Sunday next, November 14th, Mr McNaughton will again be in his wonted position.

The Summerland Methodist Women's Missionary Society was represented at the annual district convention held at Kelowna on Wednesday of last week by Mesdames Lee, Snider, Conway, and Hilborn. A paper on "Christian Stewardship" was read at the convention by Mrs Lee. The delegates from the Peachland society were Mrs A. Town and Mrs Elliott, senr.

After a long illness, during which rally and relapse have alternated causing no little anxiety at times, Donald Ross now seems well established on the way to recovery from typhoid. Two nurses have been necessary for his care during the last three or four weeks, but it is now felt that this extra attention is no longer called for, complete restoration to health and vigor on the part of the patient seeming now to be only a matter of time.

A carload of cattle for the Brent Ranch, Shingle Creek, arrived on the car-barge Monday night. It betokens the growing magnitude of the cattle shipping business in Summerland when the C.P.R. have had constructed a proper corral at the wharf head. This is going to facilitate the work of handling the cattle to a great extent. The corral has a substantial fence around it, a properly constructed entrance and an improved gangway approach up to the car floor.

Completely broken down in health, Mrs T. N. Ritchie went out to the Coast over the K.V.R. last Saturday morning. She has a host of friends who are earnestly hoping for a speedy return of her normal vigor and strength. Latest news from the Coast Hospital to which Mrs Ritchie went for treatment in care of Nurse Pollock is most encouraging. The doctor's report is very favorable and it is confidently anticipated that after a complete rest and a course of medical treatment, Mrs Ritchie will soon be able to return home.

Jas. Ritchie went down to the Coast over the K.V.R. last week-end, planning to stay for some days.

John Steuart was the shipper of a carload of apples on Tuesday, the fruit being destined for Galician, Alberta.

F. G. Barnard is making good progress with the work of laying a pipe outlet for the so-called Hilborn Lake.

Miss Georgia Elsey, now of Peachland, spent Sunday last at the home of her parents here, returning to her duties on Monday morning.

Contracting a cold it is thought at the beginning of the week, Mr W. C. Kelley has suffered a somewhat severe attack of pleurisy during the last few days.

A daughter of the well-known Indian, Josie Pierre, and wife of Francois, died of tuberculosis last week. The funeral was held at Penticton Reserve on Sunday.

Presbyterian services will be held in St. Andrew's Church on Sunday morning and evening, and in the Methodist Church at 3 p.m. Rev. C. H. Daly will conduct the services.

After spending the season here on his orchard property Mr F. W. Clingan left on Wednesday evening for his home in Salmon Arm. He has expressed himself as well satisfied and is looking forward to returning in the spring.

World's Temperance Sunday will be observed next Sunday evening by a union public service in St. Andrew's Church. Representative speakers are being arranged for and the meeting will be of great interest in view of the approaching provincial prohibition campaign.

Divine service will be conducted in the Methodist Church on Sunday next at 10.30 a.m. by the pastor, Rev R. W. Lee. In the evening a special united Temperance Service will be held in the Lakeside Baptist Church, to be conducted by Revs. N. McNaughton and R. W. Lee.

Mr and Mrs George Lang and daughter of Peachland spent Sunday last here at the home of Mr and Mrs J. L. Logie. Mr Lang left this week for Ottawa, where he goes to again join the Northern Electric Company in a position which he resigned several years ago. Mrs Lang and Miss Beatrice will probably join him before Christmas.

The Ladies' Aid of the Methodist Church intend holding a Sale of Work in the Furniture Store of the Supply Company, West Summerland, kindly loaned for the occasion, on Wednesday next. There will be a good stock of plain and fancy goods for sale, a large amount of goods having been donated. Refreshments will be served during the afternoon, and there will be varied attractions. The sale will open at 1.30 p.m., and the public generally are given a hearty invitation.

The name of Prof. Aaron Perry may not be known to the majority of our readers, but already his success is reflecting honor upon his home land. After graduating at Acadia in 1901, he studied at Yale and Chicago, with various intervals of teaching. For a few years he was professor of English at Okanagan College. He is now teaching that subject at the University of Manitoba, specializing in Old and Middle English. He is also editing the minor translation of John Trevisa, which will be published by the Early English Text Society of London. He is a cousin of Prof. H. G. Perry of Acadia.—Maritime Baptist.

a new fruit

We hear of new varieties of the different fruits quite often, but the introduction of something entirely new in fruits is not such an everyday occurrence. The newest thing is the Yankima, getting its name from the famous Yankima Valley, from which it sprang, and is no more or less than a cross between a peach and an apricot. It has a handsome appearance, well in keeping with its parents, and its taste suggests both. It is earlier than the average apricot, is reasonably hardy, and is a strong grower. For home use and for the market it cannot be too strongly recommended. The pit is the same as the apricot.—B.C. Fruit and Farm.

Nursing Lectures Highly Spoken Of By W.I. Members

Although not attended on the same large scale as the cooking demonstration classes some time back, the lectures on home nursing this week listened to by members of the Women's Institutes have been voted useful and practical above all else, and so well worth while. The lecturer who has so won her way into favor is Miss Steed. On Monday, Tuesday and Wednesday when she spoke in the Men's Club, the average attendance of Summerland Institute members was about twenty-five, and in St. Stephen's Hall where the upper Institute is hearing the lecture course, the number present at the opening lecture on Thursday was about thirty-five. The lectures are being continued this afternoon and Saturday. During an interval made in the long afternoon program, tea is served and a short social interlude made use of. Miss Steed's subjects are vital ones, and there are few homes indeed that do not call sooner or later for this very knowledge that Miss Steed is so ably bringing within the reach of every woman.

The prices of many drugs have increased enormously since the beginning of the war. Potassium permanganate, which formerly cost 15 cents per pound is now \$21.10 per pound. Castor oil has doubled in price, and cod liver oil which was formerly \$1.75 per gallon is now \$5.00 per gallon wholesale. Sulphate of atropia, formerly \$8.25 per ounce is now \$35 per ounce. Mercury formerly 90 cents per pound is now selling at \$2.25 per pound. Phenacetine has increased from \$1.35 per pound to \$9 per pound.

BASKETBALL.

Town Five Oust Wests in Charity Game.

It was just like old times to see two teams of five struggling and writhing on the floor of the Men's Club on Tuesday evening, and the gallery filled with a howling crowd of rooters. The reason of it all was a basketball game between those sworn antagonists, the Town and the Wests. The game was arranged for the benefit of Ambulance League funds, and the proceeds taken at the door, amounting to between six and seven dollars, show that considerable interest was taken in the game, with the nominal admission price of ten cents.

It was about nine o'clock before the game was started, owing to the non-arrival of one of the visiting team, and finally a substitute had to be found. When the boys did start in, they went at it with lots of vim, making up for any lack of science by a super-abundance of energy. Neither team had been able to arrange more than one or two practices this season, and this fact considered, the teams did not shape up at all badly. As far as the score went, the Town five seemed to have the game tucked away securely by the end of the first half. The Wests got first blood with a basket put in from long range by Darkis, but the Town got going a little later with a foul—their only one—put to good use by Sismey, and a field basket by McWilliams. Thereafter they went on piling up their points by twos, mostly to the credit of their centre, till the total showed 11 at half time, while the Wests had not been able to improve upon their one solitary field basket.

The second half was productive of plenty more scoring, but the home team still had the best end of the performance. The Town guards did not stick to their checks quite so religiously as in the first half, with the result that the Wests shot more freely, and were able to record three baskets this half, two from Dale, and the other from B. Steuart. The Wests put in some pretty strenuous individual work, but this did not count for as much as the brand of team work which their opponents were able to put up. Phinney broke into the scoring heavily for the Town with three baskets, and McWilliams was again in the limelight. Mainly through these two the Town score reached 25 to the Wests' 8 at the finish.

The whistle was handled to everybody's satisfaction by Fred Baker. The teams faced each other as follows:

Wests	Town
C. Steuart	Forward C. H. Sismay
G. Dale	" H. Phinney
B. Steuart	Centre C. McWilliams
R. Darkis	Guard H. Snider
C. Clay	" F. Williams
A. Pentland	"

A return game will likely be arranged before long, and the Town boys will have to stretch themselves some more to repeat the performance of Tuesday, for in any subsequent games they will be minus Phinney and Snider. The Wests will also be deprived of the services of C. Steuart henceforward.

NARAMATA SECTION, Cont. fr. p. 4

The regular monthly gathering of the W.C.T.U. workers, held at the home of Mrs. Noyes on Tuesday afternoon was marked by a splendid attendance despite the chilly nature of the day. One new member was added to the roll of membership. It was decided to interview the principal of the school with the view to holding a monthly half session to give the scholars a temperance talk. A feature of the afternoon's meeting was a mixed program in which Mrs. King contributed an instrumental piano solo; Mrs. Pushman sang, Mrs. Hayward, and Mrs. Allen, readings; while Mesdames Williams and Allen rendered a duet. A temperance chorus by the audience was an additional number.

An effort is being made to still further lengthen out the list of names on the roll of members in good standing.

YAKIMA APPLE PRICES.

The demand for all varieties of apples is very good, with Delicious running as high as \$2.10 f.o.b. North Yakima. Winesaps are quoted at \$1.65 f.o.b., and Spitznbergers at \$1.90. Other varieties are quoted accordingly, and Grano at 95c. Most of the cold storage stock has been taken. Better prices are expected later on account of the short crop.

WANTED:

Farm Produce.

THIS is the substance of a call that is being made by our Canadian Government, a call that will be heard from the Atlantic to the Pacific within a few weeks.

NEVER in the history of Canada has there been such a demand for the fruits of the soil as is expected next season.

Money for the Farmer

IS what this unusual demand will mean. Prepare now to take advantage of it. Giving steady employment, with at least a living at any time, Farming, for years to come, is going to be the most satisfactory and happiest of occupations.

START RIGHT by buying rich, fertile soil at right prices. I have many acres of the richest of soil in the wonderfully fertile Okanagan Valley, just ready for the plow, at war prices. Old prices have been quite forgotten, and terms are fixed to suit the buyer.

GET A PIECE OF LAND NOW. GET IT UNDER CROP, AND REWARD WILL BE YOURS.

Lack Of Care Clearly Evidenced

Proportion Of Apricots Grading No. 1 Not What It Should Be.

Does it pay to give apricot trees proper care? A letter from Manager-Jackson of the United Growers to the local Fruit Union is convincing on this sometimes debated point.

"In checking up shipments of apricots this season," Mr. Jackson says, "we find that of our total shipments about 60 per cent. were No. 2's, and 40 per cent. No. 1's. The unfavorable season may have affected them adversely, but we imagine that the lack of care may have reduced the grade somewhat."

"Would it not be well to try and induce the growers to give their trees more attention, in order that the percentage of No. 1's can be increased, and the quantity of No. 2's decreased?"

"We believe that there will be no difficulty in marketing all the No. 1 apricots that it is possible to obtain in this section at fair prices. The demand for apricots is growing."

The condition which Mr. Jackson deplors is not necessarily confined to Summerland fruit. The figures mentioned are obtained by considering the entire apricot output of the Valley. A prominent official of the Union attributes the trouble largely to the neglect of many growers to prune their apricot trees properly, and later to thin the young fruit sufficiently. The apricot is a tree that can stand somewhat severe pruning, and the result of under-pruning, it can readily be seen, is going to be excessive wood growth, usually to the general detriment of the fruit. Another consideration will be the fact that the more severe the pruning, the more accessible and easily gathered the fruit will be.

The wisdom of thinning such a prolific fruit as the apricot should not need much emphasizing. The grower who in the early summer puts off thinning, perhaps from lack of time, is liable to find later on that he loses in time and money. Taking for instance the difference in the returns from No. 1 and No. 2 apricots as ten cents per crate, the difference per tree of good growth could total anywhere from five dollars up, or an amount per acre well worth considering.

If the growing demand for apricots is going to be turned to profit, orchardists must see to it that the proportion of No. 1 fruit to No. 2 is very largely increased. They themselves will gain by these extra efforts, and more than that; their district and the entire Valley will reap the benefit.

Mailing Dates For Christmas Parcels.

There will be many in the district who will be mailing Christmas parcels to soldiers in France and Belgium. Elsewhere in this issue are reprinted instructions issued by the Post Office authorities to ensure a well-wrapped parcel that will reach its destination in the best of condition. To obtain certain delivery on the Continent before Christmas, parcels must be mailed at the local post offices on or before Saturday of next week, November 27th, according to advice furnished the Review from the proper quarters.

Christmas parcels for delivery in the British Isles before the day, must be mailed by Saturday, December 4th.

A CHALLENGE.

A representative of the Shingle Creek Checker Club called at the Review Office to-day and asked that this paper extend to the West Summerland Club a challenge to meet them at checkers at any date convenient to them.

The members of the West Summerland Checker Club have been getting in quite a little practice of late, and during the last two weeks games were played between representatives of Jones Flat and Parkdale, the honors going to the former in one instance, while their opponents were successful in the other.

Short Courses In Agriculture

Government is Ready to Open Winter School Here.

Last year the Department of Agriculture conducted Pruning Schools throughout the Valley, which were satisfactory and beneficial to all concerned. The Department is again offering these courses in pruning to districts that will guarantee the required number of pupils.

For a class there must be not less than eight pupils, and not more than twelve. The course consists of ten lessons, two and one-half hours each, the fee for the course being one dollar each.

If there are a sufficient number of pupils desiring to take the course, writes Mr. Ben Hoy, assistant Horticulturist, this branch shall be able to put on a course here, either the first or second week in December.

Anyone desiring to take this course should send their names to Mr. J. Tait, Secretary of the Farmer's Institute.

Last winter the Provincial Department of Agriculture, as an experiment, conducted short courses in agriculture at a school held in Kelowna. The experiment was most successful, many wishing to have the courses extended. This year the Department has expressed a wish to open a similar school in Summerland, giving instructions in such subjects as the people may wish. These lectures would be held probably in January and February. A class of at least thirty is necessary to get the course. The fee is a nominal one of one dollar a pupil.

It is proposed also to hold packing schools of three or six days here. For this, too, there is a nominal fee of \$1 a pupil.

How to Pack and Address Parcels for Soldiers at the Front.

The following suggestions and instructions on preparing parcels for transmission by mail to our soldiers has come to the Review from the Post Office Department, Ottawa:

The public is urged to exercise every care in packing parcels for the troops, as careful packing is absolutely essential to ensure delivery of the parcels in good order.

Parcels sent abroad require a higher standard of packing than is necessary in the Canadian Parcel Post, and this applies with even greater force to parcels for the troops. Those which are inadequately packed run great risk of damage or loss of contents.

The following forms of packing are recommended:

1. Strong double cardboard boxes, preferably those made of corrugated cardboard, and having lids which completely enclose the sides of the boxes.
2. Strong wooden boxes.
3. Several folds of stout packing paper.
4. Additional security is afforded by an outer covering of linen, calico or canvas, which should be securely sewn up.

The address of the parcel should be written in ink on the cover, preferably in two places.

The address of the sender of the parcel should also be stated in order that it may be returned if undeliverable. The contents of the parcel should be stated in writing on the cover.

In the case of parcels sent to the Mediterranean Force, they should be very strongly packed. They should be as nearly round as possible, and well padded with shavings, crumpled paper or similar protective material. The outer covering should consist of strong linen, calico or canvas, and should be securely sewn up. The use of wooden or metal boxes with square corners is undesirable, as parcels so packed, are liable to injure other parcels in transit. No perishable articles should be sent, and anything likely to become soft or sticky, such as chocolates, should be enclosed in this. Parcels merely wrapped in paper or packed in thin cardboard boxes, such as shoe boxes, cannot be accepted.

POULTRY SHOW, DEC. 21 & 22.

Attractive List Of Prizes.

The Summerland Poultry Association is now busy completing arrangements for the annual show. The Association, generously assisted by the Provincial Association and citizens of Summerland and Naramata are preparing a list of prizes that is sure to create keen competition, and includes not only a long list of cash prizes but a very gratifying array of specials. These include several cups, a few of which may be finally won this year.

The Association have been fortunate in again securing the services of Judge W. M. Coats, whose fame as an expert judge of poultry and pet stock has now spread from ocean to ocean. Mr. Coats not only judges at most of the big shows all up and down the Pacific, but has been busy also at the Panama Exposition at Frisco. He recently refused a very tempting offer to judge at Madison Square Gardens, New York.

J. E. Phinney has been appointed Show Secretary, and is this week calling on the business houses and citizens soliciting further additions to the prizes to be offered at the coming show.

CANDY WILL BE APPRECIATED.

Red Cross Sends Thanks.

The five cases of home made candy sent from here recently were duly received into the Red Cross Central Depot at Vancouver. Miss Rothwell, on behalf of the children of the community has received the following kind acknowledgement: "The Red Cross Central Depot extends its heartiest thanks to the children of Summerland for the five cases of homemade candy received to-day in excellent condition. It will be sent forward to-morrow, and it will be a gift much appreciated by our soldiers in the trenches at Christmas."

In a recent paragraph announcing the shipment of this candy, credit was given the ladies of the community for this generous donation. It would seem that the idea originated among the school pupils, and much of the candy was made by the children themselves, and the money to purchase the sugar was also largely provided by the young folks, each one determined to do his or her share.

Will Ask Engineer To Pass On South Main Contract.

Council Inspects Ditch on Saturday. Object To Material In Corners.

Non-Payment Of Water Rates, a Handicap To Efficient Water Service.

A special meeting of the Council was held on Saturday afternoon when the south main contract was again discussed. Before the meeting the Council, accompanied by a representative of the Review, visited the ditch and inspected a considerable portion of it, including that part recently re-surfaced. This portion of the ditch looks very well indeed, and quite satisfied the Board. Although the piece was not measured, there was some question if the full amount of re-touching required on that portion had been done. The members then went up the ditch to ascertain its condition after conveying water for a season, and to inspect portions reported to be faulty. As a rule the wall of the ditch was found to be firm and hard, but in many places, at the angle of the floor and side, the material looked wet, and when an old axe was used, was not difficult to cut through it, the theory advanced being that earth had fallen down with or in advance of the concrete and had mixed with it. A number of spots on the bottom reported to be fillings of the holes, that had been left when the legs of the forms were withdrawn, were also wet looking, and yielded to the axe as did the corners. There were expressions of disappointment from the Councilors, who said they had hoped that the long-drawn-out dispute over this work had been terminated, and there was quite a dispute, though an informal one, as to whether to pay off the contractor and be done with it, or to refuse to pay over any more money, while another suggestion was that the contractor be forced to make satisfactory to the Council the whole ditch.

After a thorough inspection of the work the party returned to the Council Chambers where a session was held. The wording of the last arrangement with the contractor was reviewed. Coun. Simpson said that last spring the Board, though agreeing that the ditch was not what it should be, had practically concluded that if the frosted portion of 1050 feet was re-surfaced, they would let it go at that. Coun. Campbell was much of the same opinion. The Clerk read the specifications prepared by Engineer Latimer for the repairing of the ditch, and it was the opinion of the Reeve that this applied to the whole of the contract not merely the 1050 feet that was to be wholly re-surfaced. After hearing the specifications and the motion with respect

to these, the Council were unanimous in their decision to leave the matter with the engineer and to abide by his decision.

Last spring a quantity of flume lumber was purchased to rebuild flumes. This lumber has to be specially sawed and prepared for this purpose, and the results this season have shown that it is necessary to have the material manufactured some time in advance so that it may be properly seasoned. There must be a considerable length of large flumes built next spring; and the Council instructed the Summerland Lumber Company, whose Manager Mr. Wheeler was present, to get out a quantity of suitable material.

A further communication from the Fire Underwriters discussing the storage of gasoline and oil, and proposing a by-law, was laid over. The by-law authorizing a further loan from the bank was finally approved.

S. A. Denike offered to purchase some old flume lumber. The Reeve was authorized to make any deal that he thought best.

The large amount of irrigation and water rates yet unpaid is causing the Council considerable worry, and greatly handicapping them in their work of repairs, enlargements and extensions. It is not improbable that this Council will recommend that irrigation service be discontinued to those whose rates are in arrears. The Chairman of the Public Works Committee stated that the people who do pay are suffering because of those who do not. This he declared unfair, and much to be regretted. Had a reasonable amount of rates been collected his department could have put in all the necessary fluming on Siwash Flat, besides paying off a large part of the bank debt. Coun. Simpson was of the opinion that the people should be made to realize the importance of paying the rates so that the system might be maintained and satisfactory service given.

K.V. Mail Service.

The matter of a mail service on the Kettle Valley Railway is under consideration by the Department at Ottawa at the present time. The tenders for carrying the mail between post offices and the railway are all in, and the question of cost of carrying the mail is being arrived at by the postal officials. Star, Princeton.

24-Hour Electric Light Service

Making Possible the use of all kinds of Electric Appliances.

Since Wednesday the electric light plant has been supplying a continuous service which is a great convenience to electric light users especially during dark days. Electrician James is confident that with the electric "juice" always on tap there will be an increasing amount of power used during daylight hours. The continuous service has made a third operator necessary, and Lee Hatfield has been engaged as day operator. During the hours when the plant is carrying the heaviest load, from late afternoon until midnight, Mr. James is in charge. At midnight he is relieved by Mr. Gray, who continues until 8 a.m.

Draining The Pond.

The work of laying the piping for the purpose of draining that troublesome pond south of Giant's Head, was completed by F. G. Barnard on Tuesday, and the water turned into the pipe that afternoon. The water is pouring from the pipe in a good stream, but it is said that the lowering of the pond is disappointingly slow. However, it is gradually dropping, and the water level is already several inches lower. It is suggested that the reason the water is not disappearing more rapidly is that the pond is yet being fed from leaks and perhaps other sources. A citizen who visited the section two or three days ago says that he noticed three leaks in the water main close by that would be supplying possibly one-quarter or one-sixth of the water running out through the new pipe. When these leaks are repaired the water no doubt will go down more rapidly. It should be a matter of but a few days before the road is again open to traffic.

Lawler Gets Sweepstake.

In a message to Mrs. Lawler, Mr. Lawler, who is at now at Spokane Fair, reports winning the sweepstake for the best pack, his score being the highest of twelve out of thirteen entries. He does not mention what prizes have been taken by Okanagan apples.

Ordination Service in St. Andrew's Church.

The Presbytery of Kamloops met in St. Andrew's Church last Wednesday evening in order to ordain into the ministry Rev. D. Lister, now settled at Benoulin, and Rev. Mr. Leslie, recently settled in Princeton.

Rev. Ferguson Millar of Penticton was elected Moderator, and conducted the ordination service. After divine worship the solemn ordination service was performed, the candidates kneeling, and by prayer and the laying on of hands, were ordained into the ministry. The Moderator suitably addressed the newly ordained ministers.

Rev. A. Dunn of Kelowna, who was to have participated in the service, was unable to reach here in time, owing to the late arrival of the boat. A good sized audience witnessed the solemn service.

Hospital Gets Invalid's Chair For Gift Apples.

Through the generosity of a number of citizens the Hospital is now equipped with a comfortable invalid's chair, purchased from C. Quipp now in England, apples being sent him in payment, apples also being sold to pay the freight on those sent. The Review has been asked by the Hospital Society to gratefully acknowledge donations from the following citizens, nearly all of whom contributed three boxes: Messrs G. J. C. White, R. V. Agur, E. R. Simpson, H. C. Melior, P. G. Dodwell, A. E. Hoopeler, S. M. Young, E. B. May, W. Ritchie, Isaac Blair, W. R. Secrest, W. R. Bront, T. H. Riley, C. Napier Higgin, Miss Alchison.

Keep Up The Standard Varieties

Demand For Peaches This Season Was Not Satisfied.

If you are thinking of pulling out your peach trees wholesale, don't do it. Such a drastic step, at any rate, is not what Manager Jackson of the United Growers believes to be the solution of the profitless peach question. His view, and it seems a sane one, is that if growers cut out their poor peach varieties and could be induced to take more care of their good varieties, that the results obtained hereafter would make the growing of peaches profitable.

"It is quite necessary," Mr. Jackson wrote in a recent letter, "that this organization have a large quantity of peaches to mix in with their mixed cars going to country points. This season we would have had no difficulty in selling ten to fifteen thousand crates more than we actually handled, at an average price of about 55 cents."

"Our returns this season have been affected by the fact that peaches did not hold up. The price was fairly stationary and fairly satisfactory. Heavy loss and shrinkage brought the average down."

This is but another version of the peach growers only hope for salvation, to produce better fruit and more of it. The course of weeding out the less profitable varieties of apples has already been adopted by many orchardists, and it must be the same with the peaches.

Scotch Society Will Carry On Its Good Work With Vigor.

St. Andrew's and Caledonian Society held its annual meeting on Monday evening this week, and among other important business elected officers for the ensuing twelve months. A printed notice circulated last week over the signature of the president, set forth some of the urgent business that was to come up before the meeting, and the gathering that resulted in the vestry of St. Andrew's Church was gratifying in numbers.

The election of officers resulted as follows:
Hon. President, Mr. John Stark
President, Mr. J. G. Robertson
1st Vice-President, Mr. Alex. Smith
2nd Vice-President, Mr. H. Scott
Secretary, Mr. Alex. Steven
Treasurer, Mr. J. O. Smith
Chaplain, Rev. C. H. Daly
Bard, Rev. D. Lister
Trustees, Messrs T. Ramsay, G. Yule, R. Mitchell

Auditors, Mr. H. Scott, Mr. J. Tait

Discussion as to the best methods of carrying on and strengthening the work of the Society was engaged in, and it was decided to continue mainly along the lines of former years.

The Society can show a good number of its members who have enlisted, and while this is a proud record, it means also that there is a greater burden for those remaining to carry on the work of the Society, both financially and otherwise. It may be now to some that the St. Andrew's and Caledonian Society has in the past, lent a helping hand to a number of its members who have fallen upon bad times, besides being responsible for many hearty social occasions. There is naturally a good deal of reluctance to relinquish in any way these activities.

ROAD TO BE GREVELLED.

The Lake Shore Drive in the vicinity of Trout Creek Point, which was greatly improved recently, but the work on which was not completed is now to be finished. Mr. G. N. Gartrell has received instructions from his superintendent to proceed with the work of graveling at once, and it is understood work will commence the first of the next week. This will be very gratifying, particularly to the residents of Trout Creek Point.

FRIDAY, NOVEMBER 19, 1915.

A COMMENDABLE MOVE.

A GOOD THING should be pushed as far as it will go, and for that reason, if for no other, there is cause for congratulation in the decision of the Council to extend the electric light service in the direction of Siwash Flat. The extension is being undertaken on terms by which the Municipality certainly cannot lose. Although it will be some time before the work brings in cash returns, there is this to consider, that there will be no arrears to stand on the books while the light consumed is being credited against the advances made by those participating in the scheme. There will be little inconvenience from the fact that the extension will not bring in money right away, because the amount the Municipality is called upon to expend in hard cash is slight, after all. The electric light plant in the past has proved the one paying public utility the people of Summerland own. Its last dividend, as shown in the municipal statement, figured out to about ten per cent. The larger the field the plant is able to serve, the greater benefit this profit-bearing utility will bring to the community, not only in service, but also in helping to lessen what seems to be an unavoidable loss in the water branch.

It is a pity that extensions cannot be made to other parts of the district on similar terms. There is no question but that the householders concerned would be only too glad to make such propositions to the Council, if there seemed any possibility of the offers being entertained. And if there is the current available, why should not other extensions be made? The prime features of any public utility should be as the very term implies, usefulness and service. It is in a private concern that one looks for profit as the big consideration, and where profit is assured in a public utility, there is no reason why the service which belongs to the people should not be given to them in as large a measure as possible. Viewed in this light, the extension the Council voted to take up with last week looks like good business in every way for the ratepayers.

§ § § § §

THE PREMIER'S PROHIBITION PRONOUNCEMENT.

BELATED AND DISAPPOINTING, the reply of Sir Richard McBride to the requests put forward to the government by the Provincial Prohibition Movement, seems to indicate that the Premier himself has not taken true measure of the strength behind the new temperance sentiment. Sir Richard handed out his reply to the prohibition headquarters last week.

The policy of the government, he states, will be governed by the expression of the people in the form of a plebiscite, as already intimated. With this granted, the two main issues as set forth by Sir Richard are, first, when the plebiscite shall be submitted, and what form it shall take.

The prohibition party requested in regard to the former that the plebiscite be taken at a time apart from any general election, in order that the question might be kept distinct from party politics. The Premier, in reply, admits that prohibition is not a matter for party consideration, but declines to deal with it at any other time than at a general election. Only in this manner can a maximum vote be assured, he says.

This reasoning might hold if the question was in the nature of a whim on the part of a few extremists. But there are many evidences that it is not so. Temperance sentiment has been ripening in this province for years, and at the present moment has a surprisingly large hold on the people, as a vote would disclose. Prohibition seldom fails to bring out a large vote. Not only its friends but its opponents also see to that. Past instances go to prove that if the opportunity for a separate plebiscite were afforded the people of British Columbia, the poll would show just as large a vote, if not a larger one, than at a general election.

Again, the Premier says, a separate plebiscite is not advisable on the ground of expense. Its cost would be between forty and fifty thousand dollars. But how does that sum compare with the amount of money wasted in the consumption of alcohol? Fifty thousand dollars might pay the drink bill of this province for one week, but the probability is that it would not last much longer than half that time. No better use for that fifty thousand dollars could be found than to cut off with it the greater expenditure. This is the time of all times when large expenditures must justify themselves. If the people of this province could have available in the next week or two, when the Dominion domestic loan of fifty millions will be floated, the money that has been sunk since the outbreak of war in the unremunerative purchase of alcoholic drinks, many homes could have been heavy investors that will not be able to put a cent into this best kind of saving. Prohibition seeks to curb an economic waste that is absolutely unjustifiable in these war times. There is, nevertheless, says Sir Richard in effect, no hurry about stopping up this leak, and fifty thousand dollars is far too much to spend in bringing it about.

As to the form of the submission, Sir Richard is again unable to accede to the requests laid before him. It is impracticable for two reasons to lay before the people a referendum in the exact terms of a bill. In the first place, the Premier says, it restricts the choice of the people to that one method of dealing with the liquor question, whereas there may be other methods just as effective in accomplishing the same end. In the second place, the principle of direct legislation which it involves is contrary to the spirit of British responsible government. It should be borne in mind, however, that what the prohibition people asked for was an enactment similar to the Alberta Act, the principles of which can be very easily laid before the electorate, and the working

of which is not exactly an experiment. Sir Richard's statement closed with the cold comfort that "as soon as the form of reference is prepared, an announcement will be made."

The People's Prohibition Movement is not letting the matter rest in the indefinite state the Premier would seek to leave it. After duly digesting the statement, a strong delegation waited upon Sir Richard to ascertain if his letter was the final purpose of the government. After hearing very full arguments the Premier agreed to the proposal that the government should formulate in definite shape its views on the proposed legislation, and that this decision should be communicated to the prohibition executive not later than December 2 next.

The inactivity of the government is not going to act as a set-back to prohibitionists, it will merely put them more than ever on their mettle, and the procrastination of the Premier and his colleagues may yet be stirred up into something more satisfying than hollow phrases.

THOSE FREIGHT RATES.

THE REVIEW is in receipt of a letter from Assistant Freight Traffic Manager Lanigan of the C.P.R., Winnipeg, the essential parts of which we reprint below. The letter bears upon an editorial appearing in our issue two weeks ago. We trust the Calgary Herald, as the accredited source of the information upon which the Review's article was based, has been similarly castigated. Mr Lanigan explains the difference in the rates complained of by the Calgary Herald as follows:

Winnipeg, Man., Nov. 11th, 1915.

"The B.C. Fruit Growers Association met the writer last winter in Vancouver and last spring at Sicamous Junction, and pointed out that Washington and California fruit was largely monopolizing the Vancouver and Victoria market, owing to the fact that it could be shipped in by water from Seattle and Tacoma and San Francisco, and that the fruit producing territory of Washington was very much closer to Vancouver than the Okanagan. From Summerland to Vancouver the distance is 364.9 miles. The distance from Wenatchee is 253 miles, and the distance from North Yakima 280 miles. Therefore they represented that in order to enable them to meet the competition of the American growers shipping by rail and by boat into Vancouver they would like us to give special consideration to the rates to these points, in order to enable the Okanagan grower to reach these markets, and they also pointed out they had no complaint as to the reasonableness of our rates but that the circumstances surrounding the marketing of fruit from their American competitors were such that they were obliged to ask us for special consideration. Under these circumstances, and with the understanding that this consideration was extended to enable them to meet American competition, and the rates so established would not be considered the measure of a rate in any other direction, special rates to Vancouver and Victoria from the Okanagan district were put in. The rate on fresh fruit from Vernon to Vancouver in carloads would properly be 64 cents per 100 lbs., and on apples 43 cents per 100 lbs., for a distance of 364.9 miles. The normal rate from Summerland to Calgary, a distance of 417 miles, on fresh fruit is 85 cents per 100 lbs., and on apples 58 cents per 100 lbs.

"The rate of 80 cents per 100 lbs., on fresh fruit and apples to Vancouver is not a remunerative one, but one made on account of the exigencies of the circumstances. If, however, because we gave this special consideration in order to meet the difficulties of the Okanagan grower in marketing at Vancouver, it is going to be considered as a discrimination, there is only one course to pursue, and that is to restore the rates from the Okanagan district to Vancouver to what they should normally be. I notice that your article concludes with the words 'If the C.P.R. is out to help the Valley, here is another way it can be done.' In establishing the special rates to Vancouver the C.P.R. attempted to help the Valley and meet the wishes of the B.C. Fruit Growers' Association at the special request of the Executive of that body."

W. B. LANIGAN.

If the C.P.R. rate to Vancouver is unremunerative, we are glad to have been able to bring the fact to the understanding of our readers. We venture to assert, however, that the prairie sections of Canada are the logical markets for the bulk of the Okanagan fruit output. While the attractive C.P.R. rate to the Coast has naturally increased the volume of shipments to that district, and helped to give the Okanagan some hold on that market, how much more of a boon reduced rates to prairie points would be to the Valley, when the volume of shipments to the two sections is considered.

§ § § § §

HOW ABOUT the pole lines of the Okanagan Telephone Company in this district, that every high wind shows to be unsafe? No very serious mishap has occurred yet from a string of poles blowing down along the roadsides, but that is no guarantee that it may not come yet—and then we may expect that the matter will receive the attention it should get now. Few, if any, of these disreputable pole lines are now in service, and it is questionable whether the telephone company has any right to allow them to stand. They do serve one purpose, though, of bringing to mind how local enterprise and energy proved more than a match for corporation bluster. In some cases the company has adopted the course of sawing off the rotten pole ends and resetting them, but there must be an end to that. Sooner or later the question will become one of acute importance, and it might be a saving in the end to go out and meet the trouble half way.

Corporation of Summerland

Municipal List of Voters for Year 1916.

**B.C. Apples to Cities in the
East.**

Fourteen carloads of B.C. apples,
Jonathan and Rome Beauty, are re-
ported in a bulletin just issued by
Mr D. Johnson, Fruit Commissioner,
at Ottawa, as now in transit to
Toronto.

Both Toronto and Montreal are
taking apples in considerable quan-
tity from this province. B.C.
onions and potatoes are also finding
a market in these big eastern cities.
In the Ottawa report the follow-
ing dealers in potatoes and onions
are named:

Montreal, J. D. Cole & Fils,
Charbonneau Freres, P. Rivet La
Salle, E. Stemarie, Renaud & Gir-
oux, all Bonsecours Market; Hat-
field & Scott, 178 Selby Street,
Westmount, P.Q.

Toronto dealers are: A. A. Mc-
Kinnon, Ferrier & Co., J. J. Ryan,
all of Colbourne Street, H. Peters,
McWilliam & Everst, McBride
Bros. and D. Spence.

The farmer bends the knee to
none, and is less disturbed by the
world-wide reign of graft and greed
than any of his fellows. May he
live long and prosper—this son of
the soil, who is the balance wheel
of the universe.

Newsy Paragraphs

from

PEACHLAND

Mr Duncan was a visitor to town
on Friday.

Mr Wheeler made a short visit
to town on Monday.

Mr Fawcett was called to Calgary
on Friday on business.

Mr Jas. Michael was a passenger
to Vernon on Monday.

Mr Dan White and family moved
up to their ranch this week.

Mr and Mrs H. E. McCall are re-
ceiving congratulations on the birth
of a son.

Mrs J. L. Vicary is spending a
couple of weeks with friends in
Kelowna.

Mr Sam Michael returned on
Thursday night after spending the
summer in Alberta.

Mrs Tewart very kindly gave a
ten cent tea on Friday last in aid
of the Girls' Red Cross Society.

Mrs G. W. Lang and Mrs A.
Town drove to Summerland on
Tuesday afternoon to visit Mr and
Mrs J. L. Logie.

We are sorry to have to report
that Private Arthur Theobald has
been in the hospital for the past
two or three weeks.

Miss L. McDonald assisted by tell-
ing fortunes. The girls acknowl-
edge with thanks the sum of seven
dollars and ten cents.

Miss Edna English and Miss Mar-
jorie White drove up from Sum-
merland on Saturday afternoon to
spend Sunday at Marjorie's home.

The Ladies' Circle of the Metho-
dist Church will hold a 25 cent
bean supper in the Baptist Sunday
School room on Wednesday, Nov.
24, from five to seven o'clock.

On Wednesday, December 1st,
the Presbyterian Ladies Aid will
hold their annual sale of fancy
work, etc., also a surprise tea will
be held in the Presbyterian Church.
More particulars later.

Mr W. M. Dryden and Mr M.
Morrison went up to Vernon on
Monday morning to bid Willie and
Howard good-bye before leaving
with the 54th. Pte. Arthur Hen-
derson also left with the 54th.

**Peachland Athletic Club
Going Strong.**

Peachland, Nov. 13.—A meeting
of the Executive and Sports Com-
mittee of the Peachland Athletic
and Aquatic Association was held
on the above date to discuss plans
for the winter activities. An-
nouncement of plans of interest can
be looked for in the near future.
The secretary was instructed to
write to the Penticton Turf Club
for a reply to his previous letter
regard to the non-payment of the
\$50 prize money won by the Peach-
land team at the Turf Club sports
on July 1st. It was decided to take
no further action until the Turf
Club is heard from. The report of
the secretary showed the club to be
in good standing and all Peachland
boys, both young and old, are
urged to join and keep in trim in
case they are needed in the defence
of our Empire and the cause of
humanity.

The gymnasium equipment now
consists of clubs, dumb bells,
wands, heavy weights, chest devel-
oper, punching bags, wrestling
mat, giant rings, with other equip-
ment to be added from time to
time.

Mr McGraw, who has had a wide
experience as a trained athlete, will
give class and individual instruc-
tion in the use of all the apparatus.
Being an expert in the noble art of
self-defence he will give lessons in
boxing and wrestling. "Say, Peach-
land boy, are you a member?"

If a member of your family died
would you print the obituary on a
bill board? If your wife entertain-
ed would you send an account of
it to the theatre program man? If
you were to enlarge your business
would you advertise it in a hotel
register? If you were going to
have a wedding in your family
would you get out a handbill? You
would send such items to a
newspaper, wouldn't you? Then
why don't you put your advertise-
ments in a newspaper? Every man
who uses a billboard is adding to
nature's faking. The newspapers
build your town.—Bailey (Texas)
Telegram.

**Opportunity of the
Poultry Breeder**

Canada in past years has import-
ed more poultry and more eggs
than she has exported. Yet her
production has materially increas-
ed, but it has failed to keep pace
with the consumption. In twenty
years the egg production develop-
ed from 64,499,241 dozen to
123,071,034 dozen, but the con-
sumption increased from 11.8 per
capita to 17.39. That is to say,
the individual fondness for eggs
had increased over fifty per cent.
The population grew in these
twenty years, or from 1891 to
1911, according to the census, from
4,833,239 to 7,04,838, an increase
of 2,371,599, and the egg produc-
tion mounted up 58,571,793 dozen.
In spite of this fact, and although
the exports fell about to zero,
2,378,640 dozen had to be import-
ed. In the same time the number
of poultry in Canada grew from
12,696,701 to 29,548,723. Here
again, although the increase was
close upon thirteen million, the im-
ports exceeded the exports in value
to the amount of \$111,696.

Last year, the excess of imports
of eggs over exports reached
the virtually enormous total of
11,150,106 dozen, while of poultry
in 1914 we exported in
value \$206,370, but we imported
\$406,366, a difference against us
of \$199,996. These figures, strik-
ing as they are, and almost impos-
sible as they seem, are yet official,
being taken from Pamphlet No.
7, of the Poultry Division of the
Dominion Department of Agricul-
ture, entitled, "The Egg and Poul-
try Situation in Canada, with notes
upon the possible effect of the war
upon the Development of the Indus-
try," by W. A. Brown, B.S.A.,
M.S., and can be verified on appli-
cation for the pamphlet to the Pub-
lications Branch, Department of
Agriculture, Ottawa.

The statistics given in the pam-
phlet are both phenomenal and in-
teresting. No other articles of
food have shown such an increase
in popularity. At the same time
prices generally have increased, and
been well sustained. Mr Brown
does not undertake to explain the
phenomena, but contents himself
with proving that it is so, and
that the increase in every particu-
lar is common to all the provinces.
He also gives particulars of imports
of poultry into Great Britain,
which in 1913 amounted in value to
\$5,411,684, of which Russia sup-
plied \$1,640,923, the United States
\$999,890, Austria - Hungary,
\$470,767, Italy \$410,902, China
\$219,472, Egypt \$130,300, Holland
\$121,739, Belgium \$108,268, Nor-
way \$68,960, Germany \$58,005,
and Canada, seemingly nil.

From the foregoing figures and
the general condition of things in
Europe, Mr Brown arrives at the
conclusion that Britain will this
year be short of eggs and poultry
to the amount of a million and a
half of dollars, or of eggs alone to
the sum of one hundred million
dozen. Every Canadian producer
should endeavor, therefore, to pro-
duce this year more and better
eggs and poultry than ever before.

Hunting Party Back From Camp.

The hunting party, consisting of Messrs J. Bruce, Guy Brock, and Harold Steers, returned on Wednesday from a week's stay in camp. The time was spent in the pursuit of large game during the day, and small game at night. While bush rats were numerous, and decidedly friendly, it is said that the boys failed to appreciate the persistent attention of their entertainers.

In all four days were spent at Camp Blair, and the balance of the week at Camp Martin, much lower down, where they found the best hunting, as the underbrush is not nearly so thick and where the game finds better feeding.

Lectures on Home Nursing Fine Success.

From a total membership of 42 an average attendance for the six lectures of 38 shows how general was the appreciation of the course of addresses given by Miss Steed of Victoria before the Women's Institute here on Monday, Tuesday, and Wednesday of this week.

No attempt is made to reproduce even in part the substance of these talks. The attempt would not do either the topics or the lecturer justice, but it is gratifying to know that all over the province this course is being given by a fully competent staff of speakers, and cannot fail to produce splendid results.

"ROUGH ON RATS" clears out Rats, Mice, etc. Don't Die in the House. 15c. and 25c. at Drug and Country Stores.

Pruning and Packing Schools Under Auspices of Farmers' Institute.

The regular meeting of the Farmers' Institute held last Friday in the church basement proved fruitful of results. Besides making provision for holding classes for pruning and fruit packing, some time early in the new year, a change in the conduct of the monthly meetings has been decided upon. Whether the men will admit it or not is a question, but the fact remains that the formal well-thought out programs being furnished by the members of the Women's Institute has spurred the wise heads to bestir themselves and see if they cannot get along with less time for see-sawing over little petty matters, and with a definite program from a previously determined line of topics. For the December meeting there are to be three talks—we won't go so far as to say addresses, or essays. President Geo. Cook will tell what he knows on the making of apple cider. Hans P. Salting is to show us how to grow field roots to the best advantage, while T. H. Boothe has promised a paper on some phase of insurance.

An effort is being made to secure a full and complete report from each orchardist showing the exact amount of fruit sold and shipped, and the amounts retained for home consumption. The figures should be handed in as soon as possible either to Secretary Pushman or to the President, Geo. Cook. Besides furnishing helpful data for calculations for future years, it will be a splendid idea for each individual grower to carry out yearly for reference. In fact if all were to keep records of the entire output of vegetables, eggs, butter, as well as of the product of the fruit orchards, we would be taking the very first steps toward independence.

Rev. H. A. Solly of Summerland conducted Anglican service in the church on Sunday last.

Mr and Mrs V. L. Watson were in town over Sunday as guests at the home of the latter's mother, Mrs Wells.

Mrs Boothe and Mrs Hughes were week-end visitors at Summerland as guests of Mrs Morsch, who till a few months ago, was a resident here.

Miss Steed after completing a series of lectures before the local branch of the Women's Institutes of B.C. left on Thursday morning's boat.

Current Events - OF - Town & District

Next Thursday evening, Nov. 25th, Mesdames Wolstencroft, Roe, and Kenyon are giving a whist party in aid of the Red Cross.

Miss Mayda Williams, formerly of Naramata, is now doing Deaconess' work in an Assyrian district in Montreal.

Master Joseph Morsch paid the town a short visit last Saturday, and while here was a guest of Hedley Reesor.

Mr Gerald Roe has set his boat engine to work to run a small, circular saw with which his pile of wood is increasing in size daily.

There is some talk of having a change in the hour of preaching service for the Anglican church from three in the afternoon till seven in the evening.

Goronwy Reesor has accepted a position on the office staff of the British Columbia Sugar Refining Co. Ltd., Vancouver, and recently entered upon his new duties.

The whist drive advertised for last Thursday afternoon in aid of the Red Cross, and given by Mrs Mitchell, had to be postponed indefinitely on account of the sudden death of Squire Hill.

Laid To Rest.

The funeral of the late Squire Hill took place last Friday afternoon from his once cozy but now quite deserted cottage on Ritchie Avenue, to the Naramata Cemetery with the Rev. Father LeChene of Penticton to conduct the last rites.

The remains were followed by a large number of the deceased's neighbors and friends, many of whom could account for the wreaths contributed as tokens of respect.

The pall bearers were Messrs Wolstencroft, Bartlett, Mitchell, Nuttall, Hayward, and Mulford, while the details of the undertaking were in the hands of Mr Geo. Cook.

The spot selected for the grave lies right by that of the late Mr Hill's son, Harry, who some five years ago was accidentally killed while engaged in logging back a little from town.

Faultfinding is the poorest way imaginable of helping others to be better.

Wise Parents are always concerned about the good health of their children.

Keep their feet dry and warm, the Doctor says.

End Of War On Apple Prices.

Under date of November 6th W. E. McTaggart, Prairie Markets Commissioner, reported a war in apple prices in Calgary, and it was expected that the war which was precipitated by "one of the largest fruit and produce organizations in the country" against the independents would not be confined to the city but would be waged throughout the province.

After two weeks of severe price cutting prices were advanced last Saturday by the concern which lowered them. In the meantime the independent jobbers held back, making few sales, but meeting the cut prices where necessary.

The new prices for No. 1's are \$1.80 to \$2.00; with 2's and 3's 15c. and 30c. less respectively.

New P.O. Money Order Rates.

The rates of commission (including war tax of two cents) for Post Office Money Orders issued in Canada for payment in Canada, the West Indies, Newfoundland, the United States, and other designated countries, have recently been revised. The new rates are:

On orders up to \$10 - 7c.
Over \$10 and up to \$30 - 12c.
Over \$30 and up to \$50 - 17c.
Over \$50 and up to \$60 - 22c.
Over \$60 and up to \$100 - 27c.

The rates of commission on Money Orders issued in Canada and payable in the United Kingdom and other countries upon which money orders may be issued, except those mentioned above, are:

On orders up to \$5 - 7c.
Over \$5 and up to \$10 - 12c.
Over \$10 and up to \$20 - 22c.
Over \$20 and up to \$30 - 32c.
Over \$30 and up to \$40 - 42c.
Over \$40 and up to \$50 - 52c.
Over \$50 and up to \$60 - 62c.
Over \$60 and up to \$70 - 72c.
Over \$70 and up to \$80 - 82c.
Over \$80 and up to \$90 - 92c.
Over \$90 and up to \$100 - 1.20

These revised rates are already in effect.

Crates \$1.40. During the price war No. 1's were selling generally at \$1.60 to \$1.75, while crates were sold as low as \$1.25.

Fed By The Clock.

Necessary If Cows Are To Be Profitable.

Cows to do their best must be fed and milked at regular intervals. They are creatures of habit and are very sensitive to any change from their regular routine. So sensitive are they that the effect of a change in milkers may be readily noticeable by a decrease of milk flow. Where the keeping of cows is considered to be of secondary importance and they are fed and milked at any time that happens to suit the convenience of the owner, dairymen will never be a success. "Regularity" should be the watchword of dairymen. If cows are fed at stated intervals they will not worry for food until the time for feeding arrives. If it is then given to them in proper quantity they will eat and lie down, chew the cud and sleep or rest contentedly. And cow contentment helps to fill the milkpail.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

Gives Us Cancer.

That cancer is caused by eating rice, flour and other foods which have been robbed by millers of some of their most valuable elements before they reach our mouths is the belief of Dr Horace Packard of Boston University. Such a demoralized diet, he declares, encourages the development of the parasite or fungus growth whose entrance into the system leads to cancer.

"It is a momentous fact," he says, "that the flour mills and the rice mills of the civilized world are busy eliminating every particle of iron, silica, calcium, chlorine, magnesium, and sulphur (mineral salts) from our staple food supply, and sending out food material rich in heat units, but pitifully meagre in energizing and immunizing material."

"In a single flour mill of the Middle West, approximately one million tons of wheat are milled each year. Of this about 550,000 tons go to the human family as refined flour (wheat starch) and 450,000 tons of the by-products, bearing the energizing, immunizing food salts, go mainly to feed domestic animals."

TO MAKE SUMMERLAND PROSPER.

Talk about it.
 Write about it.
 Beautify the streets.
 Patronize the merchants.
 Be friendly to everybody.
 Advertise in its newspaper.
 Elect good men to all the offices.
 Don't grumble about hard times.
 Avoid gossip about your neighbors.

Keep your sidewalks in good repair.
 Do your trading with your own merchants.

Sell all you can and buy all you can at home.

If you don't think of any good word to say, don't say anything about it.

If you are rich, invest something; employ somebody, be a rustler.

Remember that every dollar invested in permanent improvements is so much on interest.

Be courteous to strangers that come among us, so that they may go away with good impressions.

Always cheer on the men who go in for improvements, your portion of the cost will be nothing but what is just.

Don't kick at any proposed improvement because it is not at your own door, or for fear your taxes will be raised fifty cents.

ABOUT WATER.

Most of us realize the importance of pure water when we can't get any. But ordinarily we never give it a thought.

Do you know, for instance, that seventy-five per cent. of the carcass you carry around when you put on your clothes in the morning is water? That, assuming the scales register you at 150 pounds, 113 of those pounds will go up in steam if you should happen to get to a certain very hot place?

Well, that's a fact. A man is almost as well watered as some railroads. And here's another fact: Just to keep the mixture in you at the right degree of fluidity, just to make up for the body's evaporation and leakage through discharges, you need every day, to take into you through food and drink, an ounce of water for every pound and seven-tenths that you weigh.

Say you weigh 150 pounds. This means that you need a daily water dosage of more than half a gallon simply to keep you from becoming dusty and crusty.

But there's one fine thing about water as a beverage; you don't need to be afraid of an overdose. It cleanses the innards as a rainfall flushes a sewer—so don't be afraid to go to it heartily and often.

Value Of Training.

Trained capacity for self-support forms the equivalent of an inherited fortune. Of the two it is the greater advantage, for the former may take wings and leave its owner helpless, but the capacity is permanent capital. This truth should be enforced upon every child. Disciplined and developed abilities make a man or a woman of the boy or the girl. Wealth as an end may become a stumbling block, but training into self-reliance remains a stepping-stone to success and prosperity.—Spokesman-Review.

WANTED:

Farm Produce.

THIS is the substance of a call that is being made by our Canadian Government, a call that will be heard from the Atlantic to the Pacific within a few weeks.

NEVER in the history of Canada has there been such a demand for the fruits of the soil as is expected next season.

Money for the Farmer

IS what this unusual demand will mean. Prepare now to take advantage of it. Giving steady employment, with at least a living at any time, Farming, for years to come, is going to be the most satisfactory and happiest of occupations.

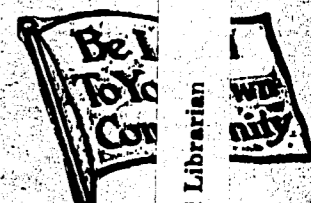

START RIGHT by buying rich, fertile soil at right prices. I have many acres of the richest of soil in the wonderfully fertile Okanagan Valley, just ready for the plow, at war prices. Old prices have been quite forgotten, and terms are fixed to suit the buyer.

GET A PIECE OF LAND NOW. GET IT UNDER CROP, AND REWARD WILL BE YOURS.

JAS. RITCHIE,
 WEST SUMMERLAND.

Comforts & Necessities for Soldiers

Our Womenfolk Make Another Good Shipment.

The Summerland branch of the Okanagan Ambulance League have this week sent off two more bales of hospital material, making eighteen in all to date. Following comprise the last shipment: 8 shirts; 44 pr. socks; 19 pr. half-mitts; 3 pr. wristlets; 12 pr. ward slippers; 20 mufflers; 1 pr. knee caps; 10 cushions; 8 socks for bandaged feet; 4 heel rests; 6 pr. pyjamas; 2 sheets; 2 draw-sheets; 3 aviation caps; 80 wash rags; 20 head bandages; 7 T bandages; 8 pillow slips; 20 hot water bottle covers; 30 slings; 5 tea towels; 1 triangular bandage; 4 laundry bags; 15 bundles mouth wipes (1,500); 2 bundles face rags (200); 1 bundle old flannel; 21 dusters; 10 table napkins; 1 bundle suitable for floor cloths; 83 bandages (unrolled); 2 kit bags; 170 handkerchiefs; 10 field handkerchiefs.

Ambulance League will meet next Monday afternoon in Elliott's Hall. All members are asked to remember the appeal for the Belgian Relief Fund, and to hand in all their contributions that day when the amount collected will be forwarded to headquarters.

Ontario Buys B.C. Apples and Spuds

Toronto, Nov. 24.—Large shipments of British Columbia apples have been received by Toronto wholesale houses. The fruit is already selling freely from \$2.25 to \$2.75 per box. Most of the apples are beautiful in appearance, have good flavor, and are splendid keepers and shippers.

Over one hundred carloads of British Columbia Ashcroft potatoes were sold in Ontario last week. The tubers are round and white all through. They are being bought up in British Columbia at \$16.50 a ton, and can be delivered on the Toronto market from \$1.80 to 1.85 per 90-pound sack.

The demand from the bigger cities of Eastern Canada for Summerland apples still keeps up, and many of the apples now being shipped from this place are going to the far-away cities. On Monday a car of apples left here for Montreal. Another went out on Wednesday for Ottawa. These were shipped by the Summerland Fruit Union. The Union will start another car of apples rolling to-night for Swift Current. There are yet a half dozen or more car loads of apples in the Union warehouse. Two cars of carrots are to be shipped from here to the desalting plant at Vernon, one will go to-night, and the other will follow immediately.

A Bad Runaway.

In a runaway last week, two men working for T. N. Ritchie received a rather severe shaking up, and numerous painful bruises and cuts. Alex. McLenn, accompanied by J. T. Brower, was driving Mr. Ritchie's team, and was near the K.V.R. station when the horses became frightened and bolted. The wagon rack became disarranged, and both men were thrown forward between the runaway horses. Fortunately Mr. McLenn managed to keep a hold on the reins and finally stopped the horses. Mr. Brower fared worst, losing several teeth, and receiving severe bruises. Both men are about again.

Despite Long Haul Over Mountain Roads, Summerland Apples Clean Up Practically All Specials in Sight.

Highest Score in Show. Best Five Box Pack.

Lawler Wins World's Championship in Packing Contest.

A most creditable showing! And it was only because of the condition of the fruit when opened up after a long haul over the mountainous roads to Keremeos and reloading on to the Great Northern for Spokane that the fruit was not given first awards. This is very evident from the score cards which show heavy cuts on "condition."

The only exhibit from here which did not take a prize was a five-box lot of Newtowns, which lost out entirely by severe cutting for condition.

In the five-box exhibit from here one lot, the five boxes of Grimes Golden, was grown on the Naramata orchard of Geo. Cook and packed by Geo. Craig, and it was Mr. Cook's Jonathans that won second in the single box list.

Peachland had seven entries at the Spokane Show, under the care of Inspector B. T. Boies, and captured four prizes as follows: 1st on Black Ben; 1st on Gano; 2nd on Spitz; and 3rd on Jonathans. They, too, suffered from the long haul.

Jack Lawler now has the honor of holding the World's Championship for Apple Packing. This was won by him in a hot contest, participated in by 19 competitors, all of them considered experts, and one of them is said to have packed 8,000 boxes this season, averaging 150 boxes a day; and on one day packed 280 boxes. Lawler, on the other hand, has done very little packing during the last two or three years. He, nevertheless, had the first box out. The capturing of the world's championship meant also taking a cash prize for the tidy sum of \$50.00. Nor was that all he won through good packing. He brought home a \$25.00 suit of clothes for the best pack in the 5 box class, his score being 39.4 out of a possible 40 points.

The honor of being awarded the Grand Sweepstakes carried with it too a prize of \$50.00 in gold.

The special for the highest score in the show was a set of harrows.

First and Second Prizes on 5 box lots were \$25 and \$12.50 respectively. The one-box prizes were \$5.00 and \$2.50 for 1st and 2nd.

The Spokane papers have had a good deal of praise for the B.C. Okanagan, and one of them published Mr. Lawler's photo.

Among the contestants for the World's Championship was Archie Dever, a former Summerland man, now located in Washington.

The following was clipped from the Spokane Daily Chronicle:

Apples from the Okanagan Valley in British Columbia, which captured the sweepstakes prize in the five-box entry, are attracting attention at the Apple Show, having captured

SPECIAL for Best Pack in Five-Box Exhibits.

WORLD'S CHAMPIONSHIP in Packing Contest.

of the United Growers' warehouse at Summerland. The warehouse this year will ship about 350 carloads of apples.

"Last year the growers in our section exhibited McIntosh Reds, Delicious, and Wageners, and won prizes with all of their entries. This year none of these varieties were shown, the exhibit in the five-box class being made up of Stayman Winesaps, Baldwins, and Jonathans."

Of the winning of the World's Championship Apple Packers' Contest the Chronicle says:

With a score of 875.2, John Lawler of Summerland, B.C., this morning was awarded first prize in the World's Championship Apple Packers' contest, capturing the \$50 in gold offered by the management to the winner of the contest.

Harold Wade of Opportunity, with a score of 870, captured second place and a prize of \$25 in cash, while third place and a \$20 prize was won by A. E. Olson of Opportunity, with a score of 863.8.

Mr. R. Emerson of Spokane, who captured the first prize last year, was entered in the contest this year but failed to get in the money.

Mr. Lawler has established a record at the apple show this year, winning prizes in 12 out of the 18 events he entered. Among the other prizes won by him were the sweepstakes for the best five-box exhibit, the prize for the highest scoring pack, a \$25 suit of clothes offered by L. R. Dolby and the prize for the highest scoring five-box lot.

Mr. Lawler is in charge of the fruit warehouse of the United Growers at Summerland, and packed the apples shown here. He is in charge of the exhibit of the Okanagan Valley in British Columbia.

first prize in nearly all of the classes in which they were entered.

"Our showing would have been much better, I believe, but we were graded low on condition, owing to the fact that many of the apples were badly bruised by being hauled 35 miles over a rough wagon road to the railroad," stated Mr. B. T. Boies, Fruit Inspector of the Canadian Department of Agriculture, and a well-known figure at apple shows for a number of years.

"This year we will ship 2,400 carloads of apples from the Okanagan Valley in British Columbia, and all of this fruit is of good quality, and the prices being obtained are fair."

"The fruit exhibited here was packed under the direction of J. Lawler, who is in charge of the exhibit. Mr. Lawler is in charge

Get Your Birds Ready for the Shows

Penticton and Armstrong Also to Have Poultry Shows.

The Summerland Poultry Association are this week getting out their prize list which includes an attractive list of specials that will invite keen competition. The lists are being circulated throughout the Valley, and a good number of outside entries are looked for. A feature of the show will be a special exhibit from the Dominion Experimental Station. The show dates are December 21 and 22.

The Northern Okanagan Poultry Association, which includes the local associations of Vernon, Armstrong, and Enderby, will hold its annual exhibition this year at Armstrong, on December 9th. Penticton will attempt a three day show this year, the dates being December 14, 15, 16. The Provincial Poultry Exhibition takes place at Chilliwack on January 5th to 8th.

The Vernon camp is now completely empty of any overseas units, the Army Service Corps, the last to vacate the quarters at Vernon, going out to the Coast this week.

Now Lieut.-Colonel.

G. W. Morfitt, of Summerland and Calgary, has lately received promotion from the rank of Major to Lieutenant-Colonel. He will command the 187th Battalion, the latest western unit authorized by the Ottawa authorities.

Col. Morfitt is one of the best known officers in the West, and ever since recruiting began has been prominently associated with the enlistment of the 10th, 31st, 56th, and 82nd battalions, and up to the time of his promotion was second in command of the last-named unit.

It has not yet definitely been decided when recruiting for the new battalion will be commenced, but in view of the excellent number of men that are now available from the country districts, it is possible that a start will be made at an early date.

It is possible that further donations of apples from this province may be made on behalf of the soldiers. The Okanagan has already made a gift of three cars, and now growers in different districts have written to Sir Richard McBride signifying a willingness to make donations of fruit for consignment to the soldiers now in France.

Killed in Action.

The first Okanagan College boy to find a soldier's grave in far-away France is William Arthur Wilcox, of Salmon Arm, B.C. For some time he has been "missing," but casualty lists published last week and removed all doubt as to his fate, his name being listed as "killed in action." He was attached to the fifteenth battalion. It was five or six years ago that he was here attending Okanagan College, and there will be a number of people who will have no difficulty in recalling him as an active and likable youngster, as he was at that time. His father is a property owner here.

The packers are busy now in Waukegan, B.C., getting the balance of the apple crop ready for shipment, which promises to be about five carload of Jonathans, Winesaps, and Rome Beauties. Mr. G. A. McLaine of Summerland is in charge of the packing, so there is no doubt they will be handled to perfection. The winter pruning is also commencing, which is quite a big item with so large an acreage, 100,000 trees having to be gone over thoroughly.—Corresp. Vancouver News-Advertiser.

400,000 Fruit Packages Were Used

Majority Were of Valley Manufacture.

Victoria, B.C., Nov. 24.—Advices to the Hon. the Minister of Lands contain some interesting particulars concerning the lumber industry in the Vernon district. While at the present time there is not much logging, the mills are preparing for a fairly large cut. The S. C. Mitchell Company are working on a 8,000,000 ft. contract for flume stock, which is being shipped into the States. Several mills have concluded arrangements to buy logs from settlers this winter, and the Okanagan sawmills at Enderby have contracted for 2,000,000 ft. in this way. The Nicola Valley Pine Lumber Company intends to log between two and three million feet from the Clearwater operations to begin as soon as the snow offers facilities for hauling, while the Botterton Mill will log in preparation for cutting in the spring. Other winter logging operations include those of the Summerland Lumber Company, and amount to two and a half million

Operator for Govt. Telegraph Office.

Augmented Connections Call For Services of Telegraphist.

The growing business of the local office of the Government Telegraph Service is making it essential that a thoroughly competent telegraph operator be employed.

The extending of the system both north and south is making this all the more imperative. By a southward extension now being made the Okanagan will be given connection with the Western Union, while a northern extension to Kamloops will give us telegraphic connection with the Canadian Pacific system. Both of these extensions will be completed before the end of the year, and when finished the management have intimated that the Summerland office must have a fully qualified operator. The position, we understand, is to be taken by Mrs M. B. Bessette, of Kelowna, who has for some years been connected with the Government Service. The change in the local office, which is being made for the convenience of all concerned will be made on December first.

Pipe Is Successfully Draining The Pond.

That troublesome accumulation of water south of Giant's Head, which has given the Council so much concern, has baffled the numerous attempts to remove it, blocked one of our principal highways for months and done much damage to property, will soon be a matter of history. Since the laying of the pipe line leading from the pond to Trout Creek, the level of the water has dropped sixteen inches, according to F. G. Barnard, who was called up this morning. The pipe leaks mentioned last week have been stopped, and Mr. Barnard is keeping a close watch on the outlet to see that no sand gets into the pipe. He is confident that in another week the road will be open to traffic.

The extensions being made to the electric light system is keeping Mr. T. P. Thornber pretty busy just now. Residences benefiting by the latest extensions include those of Messrs. G. L. McWilliams, T. N. Ritchie, McIntyre, Gayton, Bontin, Bowering, and Dixon, also Misses Spencer, Mrs Harrison and the Collins cottage.

The news that Mr and Mrs F. Marshall have taken a renewal lease of Hotel Summerland for another year will be received with general satisfaction. By their efforts, the community has been provided with a commercial necessity, without which we would have suffered much.

foot. Mining activity has provided a better market for props, and, to gather with a demand for railway ties, has led to numerous enquiries for timber sales. It is predicted that with improving railway facilities, and the consequent development of the mining industry, there will be an increasing use of the inland fir as tie and prop material. The contracts for six million foot of snowshed timber for use on the Coquihalla Branch of the Kettle Valley Railway have been recently let. This season no fewer than four hundred thousand fruit and vegetable boxes and crates were used in the Okanagan, the greater proportion of which were manufactured locally.

FRIDAY, NOVEMBER 26, 1915.

CONFIDENCE JUSTIFIED.

WHEN TWO WEEKS AGO the Review asserted that the fruit sent down to the Spokane Fair from the Okanagan would stand in well on the prize list, the statement was not made as an empty boast or in the spirit of senseless bragging. Everyone knows that when apple quality is called for, the Okanagan can deliver the goods. The history of past performances in this direction made it easy to predict that the fruit from this district was good for prizes in whatever classes it might be entered.

Considering the fact that much of the fruit shown at the Spokane Fair is grown within very easy access of that city, it is not an exaggeration to say that the local apples proved superior in quality to anything shown. The distance from the Okanagan to the Inland Empire city would not be such a handicap if it were not for the awkwardness of the journey. If it were a straight railway journey there would be little difficulty to contend with. It is the haul by road to Keremeos that tells on the fruit, no matter how much care is taken. In this case some of the fruit suffered perceptible damage, and so it happened that cuts in the score of the local apples had to be made in almost every case on account of slight defects in condition. What was achieved in spite of this hand-

icap is warranty enough for the statement that on equal terms with the best American apples, the product from this district will come out on top every time.

There is a value in these prize-winning achievements that makes the effort well worth while. To exhibit occasionally, to win a prize once in a while, may be good in its way, but isolated successes such as these cannot begin to compare with the value of the constant exhibiting, bringing prize winnings just as constantly. Competition is keen in the business of selling apples, and the district that gets a reputation of long standing for carrying off blue ribbons has a decided advantage over its less fortunate rivals. Fruit dealers in a large way of business and in a small way alike watch the shows and make it their business to know just where they can get fruit that has the quality.

Summerland grows that kind. Ten years ago and more that fact began to be established. These later years have brought abundant fulfilment of the promise of the early days. The constant success of our fruit at the big shows is one of the surest signs that Summerland is on the map to stay. We can grow fruit excelling in point of real quality that produced in districts of long established fame. There is, then, but one thing that can happen to Summerland.

The Summerland Fruit Union, as sponsor of the enterprise that brings glory to the community year by year, should have all the credit that is coming to it, and likewise its manager, who has charge of the exhibits. There is a great deal in making the most of the good points that any fruit may possess, and the energetic and capable Fruit Union manager seems to be a post graduate in this art, as his exploits at the Spokane Fair tell.

§ § § § §

A CHANCE FOR THE PEOPLE.

THE WAY IN WHICH the new Dominion War Loan of fifty million dollars is taken up will provide a good opportunity to note just how "hard" these times are in different parts of the country. The prospectus, as set forth in the advertisement on this page, shows that the loan is a gilt-edged investment as investments go at this time. Its terms and offering price are such as will appeal to the conservative investor, and it is safe to assume that there will be many people who will dig down into their accumulated surplus to put a few hundreds—or thousands, as the case may be—into the war loan. The aim of the government is to make this the people's loan. That is the object of such

extensive advertising, to get into touch with the people who are not over-familiar with investment opportunities, and who may possibly be under the impression that such undertakings as this should be left in the hands of a group of financial institutions and individual magnates.

The younger men of the country are providing the muscle and flesh in Canada's share of the war burden. It is for the older citizens, those who cannot offer themselves, to do their share in providing the wherewithal that this country may continue doing its share. Money, after all, is rightly considered as the real sinew of war. A large army without the means forthcoming to support it would be of little practical value.

Two hundred thousand Canadians are doing their share by offering their strength and very lives. Are you going to do yours by offering of your means? There is surely little doubt as to the success of the loan, and the Minister of Finance will without question find the response to his appeal for funds amply justifies his confidence in Canada's loyalty.

Corporation of Summerland

Municipal List of Voters for Year 1916.

Take Notice that the Council will sit as a Court of Revision to revise and correct the said Voters List on Friday, December the 10th, at 10 a.m. in the Council Chamber, West Summerland.

J. L. LOGIE,
Municipal Clerk.

Good Coffee

At last they are satisfied! This young housewife searched the town high and low for the right kind of coffee.

—that coffee with the rich coffee fragrance, with the delicate tang that makes coffee a joy to drink and sends hubby away in the morning with the feeling that he has had a good breakfast—and all is right with the world.

We sell it. We had your tastes in mind when we bought it. Our blending is perfect. A trial order will make you a constant user. Call in and let us tell you all about it—or phone your trial order at once.

TERMS STRICTLY CASH

WAR LOAN

DOMINION OF CANADA

ISSUE OF 50,000,000 5% BONDS MATURING 1st Dec., 1925

REPAYABLE AT PAR AT

OTTAWA, HALIFAX, ST. JOHN, CHARLOTTETOWN, MONTREAL, TORONTO, WINNIPEG,
REGINA, CALGARY, VICTORIA.

INTEREST PAYABLE HALF-YEARLY—1st June, 1st December.

ISSUE PRICE 97½

A FULL HALF YEAR'S INTEREST WILL BE PAID ON 1st JUNE, 1916.
THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

In the event of future issues (other than issues made abroad) being made by the Government, for the purpose of carrying on the war, bonds of this issue will be accepted at the issue price, 97½, plus accrued interest, as the equivalent of cash for the purpose of subscriptions to such issues.

THE MINISTER OF FINANCE offers herewith on behalf of the Government the above named Bonds for subscription at 97½ payable as follows:—

10	per cent on application,
7½	" " 3rd January, 1916,
20	" " 1st February, 1916,
20	" " 1st March, 1916,
20	" " 1st April, 1916,
20	" " 1st May, 1916.

The instalments may be paid in full on and after the 3rd day of January, 1916, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Applications, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. The bank will issue a provisional receipt.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch of any chartered bank in Canada, and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the January instalment.

Scrip certificates payable to bearer will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds with coupons attached, payable to bearer or registered as to principal, or for fully registered bonds without coupons.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch of any chartered bank in Canada.

Holders of fully registered bonds without coupons will have the right to convert into bonds with coupons, payable to bearer or registered, without payment of any fee, and holders of bonds with coupons will have the right to convert, without fee, into fully registered bonds without coupons at any time on application in writing to the Minister of Finance.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

The loan will be repaid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary or Victoria.

The books of the loan will be kept at the Department of Finance, Ottawa.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications which bear their stamp.

Subscription Lists will close on or before 30th November, 1915.

Finance Department, Ottawa, 22nd November, 1915.

SUMMERLAND DEMONSTRATION STATION MENTIONED IN REPORT TO GOVT.

Dr C. C. James, of the Federal Department of Agriculture, Educational Branch, on his return to Ottawa after a visit in the West, issued a statement which included the following paragraph: "In British Columbia Deputy Minister Scott states that the most productive work in his department is that carried on through the Federal grant, the principal lines being demonstration work on farms, instruction in fruit and vegetable growing, improvement in dairying, and Women's Institute work. One illustration was given: At a moderate cost arrangements were made with Mr J. L. Hilborn, well-known as a former Ontario horticulturist, to make his farm at Summerland a demonstration station. As a result there has been developed in that section within one year a big export of high class vegetables grown under glass and in the open. In addition \$15,000 has been expended through the Department of Education for introducing agriculture and nature study into the public schools."

Newsy Paragraphs

from PEACHLAND

Miss Ella White is visiting at Summerland.

Mr Max Robie is the guest of Mrs Geo. Lang.

Miss Grace Logie, Summerland, is visiting Miss Beatrice Lang.

Miss Brown of Glenora spent Saturday and Sunday with Miss M. Reid.

Miss M. Moule spent Friday night with her sister, Miss L. Moule.

Mr Sam Michael left for the Coast on Monday morning, where he intends to enlist.

Mrs W. D. Miller is spending a couple of weeks with her aunt, Mrs Baldock at Penticton.

Miss Ethel House and Little Alice McCall went up to Kelowna on Monday to visit Mrs H. E. McCall and baby.

Mrs Scarfe and her father, Mr Riggs, of Kelowna, spent Thursday and Friday with Mr and Mrs Geo. Keyes.

Inspector Sullivan was in town on Friday to inspect the High School and gave a very favorable report.

Miss Gertrude and Ben Gummow came up from Penticton to spend Saturday at home, and returned that night.

A riding party, consisting of Misses McDonald, K. Henderson, and Mary Vicary and Mr Kidson enjoyed a nice long ride on Saturday.

The large number of ladies who attended the nursing lectures on Thursday, Friday and Saturday, given by Miss Steed of Victoria, found them to be very helpful and practical.

A deputation of ladies from the Women's Institute met the executive of the Aquatic Club and the sports committee to try and make arrangements for gymnasium sports for the winter months. After the meeting they were to confer with the main body of the Institute, and report to the club the result.

The Girls' Red Cross Society met on Friday night at the home of Miss Ferguson, where several of them took their first lesson in knitting from Miss M. Moule, teacher of Domestic Science and Sewing in Kelowna and Armstrong. The girls are very much interested in their work, and are seldom seen without their knitting.

The public of Peachland are advised not to miss the annual sale of the Ladies' Aid Society of the Presbyterian Church, Wednesday, Dec. 1st, in the church, beginning at four o'clock. Besides the usual sale of useful articles and fancy work, there will be some novelties such as a special table for the ambulance fund, and a surprise supper, which will not disappoint, served from 5 to 7 o'clock. In addition to a special table for the Ambulance Fund, a percentage of the other proceeds will also be given to the same.

We are proud of our Peachland soldier boys; they have won many honors. The friends of the boys will be glad to learn of the success of a few of the boys who just left a few months ago. Corporal Birkett is instructor in bomb-throwing, Norman Pope is a bomb-thrower, and Will and Ernie Attkins and Alec Seaton are classed as first-class marksmen, making over 111 marks in the week. Will and Ernie are snipers, and Alex. has received a gold medal as a prize in a cross-country race. Wes. Woldruff, Bert Robinson, Harold Miller, Tom McLaughlin, Ernie McKay, and John Buchanan of the "Pioneers," and Arthur Henderson, Willie Dryden and Howard Morrison of the 54th, are now on their way to England.

The regular meeting of the Peachland School Board was held on Monday. They decided to have the school grounds cleared and levelled. Sealed tenders for the same will be received by Mr McCall, Mr Hugh Williams, or the secretary of the Board, up to Saturday, November 27th, 1915, at 12 noon.

The following letter was sent to the Women's Institute:

"I am informed by the School Board to inform you that the following resolution was adopted by the Board at to-day's meeting.

"That this Board comply with

THE WOMEN'S INSTITUTES.

The regular monthly meeting of the Summerland Women's Institute was held in the Men's Club on Friday, Nov. 19th, at three o'clock, with an attendance of 18. Mrs Solly, the vice-president, presided in the absence of the president.

A discussion took place as to whether or not the Institute should pay the conference delegates expenses. It was unanimously carried that the delegates should not bear the expense, as they had already given the time and brought back reports.

It seems each province is donating toward the Belgian Relief Fund, and a number of ladies in this town have made themselves responsible for a dollar apiece to collect as best they can.

The visiting committees gave reports of what they have been doing in that line lately, and the success they had. Mrs D. H. Watson gave a most interesting paper on "Woman in Nation Building," which was greatly appreciated. Miss Dale gave a very useful and helpful talk on the "Canning of Meats." It is something rather new to most of us, but which a number at least will be having a try at soon.

The remainder of the meeting time was spent in a social way over cups of tea.—Contributed.

PROPERTY EXCHANGE.

C. W. Lamb has exchanged his Garnett Valley property, on which he has resided since coming here last winter, for a farm at Hanna, Alberta, his former home. The new owner of the Garnett Valley farm is L. S. Melrose, who came here a few days ago, a former neighbor of Mr Lamb. The two families will exchange places at once.

Ladies' Aid Making Good Progress

Sale Of Work In December.

The Ladies' Aid held their regular monthly meeting in the church basement on Wednesday afternoon. The ladies busied themselves sewing articles in preparation for their annual bazaar to be held in another two weeks.

There was evidence that through all the work in progress the hearts of the women were with the soldiers at the front, for whom at least half the proceeds will be devoted—a most self-sacrificing decision on the part of these earnest church workers—as church financing is by no means a simple problem in these times of stress.

Toward the close a dainty luncheon, served by Mesdames Lyons and Boothe, was an acceptable respite from the afternoon's labor.

It is to be hoped that the efforts of the society will result in a splendid sale, planned for two weeks' time.

Penticton Grapes.

Mr W. E. Scott, Deputy Minister of Agriculture, was in receipt of several baskets of choice British Columbia grown grapes, forwarded to him last week-end by Major Feldtmann, an English farmer, who is operating very successfully on a large ranch in the neighborhood of Penticton. The fruit is splendidly developed, and in color and flavor compares favorably with the imported variety. As indicating the success which Major Feldtmann has attained with his grape culture this year, it may be mentioned that one bunch on a single branch weighed no less than five pounds. The result of this experiment in grape culture indicates very clearly that Penticton and other points in the Interior may reasonably aspire to some day becoming a grape producing country, on a commercial scale.—Victoria Colonist.

"ROUGH ON RATS" clears out Rats, Mice, etc. Don't Die in the House. 15c. and 25c. at Drug and Country Stores.

Naramata Fruit At Spokane

Messrs. King and Cook Among The Winners.

For the first time in our history our fruit was sent to compete with the exhibits of our neighbors across the line, and with three prizes from four exhibits our local exhibitors, Messrs R. H. King and Geo. Cook should be highly pleased.

Mr Cook was awarded first prize on a single box of Jonathans and second place on five-box exhibit of Grimes Golden. This is quite remarkable; as the five boxes had to be packed from eight trees.

Mr King got first place for his Winter Bananas.

These are splendid results, and reflects credit not only upon the progressive spirit of the exhibitors themselves, but likewise upon the community itself. It certainly means that Naramata fruit need not apply for a back seat. And it should be an encouragement to others of us to get busy another year to make a still bigger exhibit.

Red Cross Notes

The Red Cross workers shipped another bundle of useful articles this week as a result of the good work of the last few weeks.

A pleasing feature of the afternoon was the serving of the luncheon by the children, who, by the way, are taking as much interest in the work as the grown-ups. There are a whole lot of the simpler tasks being performed equally well by these little enthusiasts, and it is really inspiring to see the girls with their deft fingers plying the craft so becoming to their sex.

The ladies have something up their sleeves for along about Christmas, in the way of an evening's entertainment, but just what form the show will take is a mystery. It is probable, however, that one feature will be a side show of precious relics, which it is hoped, the society will be able to borrow for the occasion. It is known that in certain homes here are pieces of furniture, relics, and books of priceless worth, which many people would gladly pay a trifling sum at least to see. Especially so if every such sum were to be devoted to a good cause.

If you want to sell you must advertise.

Current Events - OF - Town & District

Mrs M. M. Allen was a visitor to Summerland on Tuesday morning.

Rev. H. A. Solly of Summerland was a visitor to town on Wednesday.

Mesdames Davies, Pushman and Noyes, spent Sunday in Penticton, as guests of Mrs R. J. McDougall.

Mr A. Anstey, Public School Inspector from Vernon, paid our school an official visit on Tuesday.

Miss Bessie Mitchell was home on Sunday for a short while, returning in the evening to Penticton.

Mr C. Grimaldi and Mr A. P. Wilson are camping for a short while at Tunnel Camp, in pursuit of game.

Mr N. Mitchell has obtained a position with the C.P.R. at Calgary, and his folks do not now hope to see him back for Christmas, as previously planned.

Miss Gladys and Kathleen Robinson, who recently joined Miss Harrison's choral class in Summerland, will cross the lake for the weekly practice on Thursday.

Invitations to a juvenile birthday party are being circulated by Mesdames M. M. Allen and O. H. Hughes, in honor of one of the sons of each, Stewart Allen and Frank Hughes respectively.

Mr Harold Mitchell has gotten back from his recent motor trip to Spokane. Harold's luck seems to have gone with him as he hit it lucky in winning a fine gold watch in a raffle in which he held a few tickets.

The Boy Scouts have commenced a series of lessons in club swinging under the able instruction of Mr Nuttall. The boys have already showed quite a liking for this form of manual exercise, and we may look forward before so very long to seeing an exhibit of the lads' skill.

Next Sunday a special patriotic service is to be presented at the church. Rev. R. M. Thompson will preach an appropriate sermon and one or two others are to be present to assist. The Boy Scouts will march to church in a body, and it is hoped that a good attendance may be there.

Wise Parents are always concerned about the good health of their children. Keep their feet dry and warm, the Doctor says.

Naramata Current Events. (Continued).

Mr Jas. Myers is having a front verandah added to his house. The addition will add greatly to the attractiveness of the dwelling, besides it will afford the necessary shade during the hot days of summer.

Miss Gwen Robinson was the holder of the ticket that drew the crocheted yoke at the patriotic raffle on Saturday afternoon. The sum of five dollars was realized.

The Boy Scouts are preparing to form a fife and drum band. Some of the instruments are already in their possession, and others will be purchased as soon as funds are available.

The Epworth League held its regular meeting on Friday night with

Naramata Current Events (Continued).

Hedley Reesor, fourth vice-president in the chair. Interesting papers on various subjects were given by Stewart and Harold Allen, Vera Salting, and Stanley Stiff, a vocal solo by Miss Edna Noyes, and piano solo by Miss Enid Raynor. Rev. R. M. Thompson of Penticton attended the meeting.

In a letter received by relatives here from Mrs. M. D. Manchester, who is now residing with her husband in Dawson City, she expresses herself as being delighted with the country. On the 25th of October the temperature was ten degrees above zero and it was like a cold winter's day in Naramata. She also was fortunate enough to see the Aurora Borealis at its best, and describes this as a most wonderful experience.

An exchange tells of a certain gentleman who, proposing marriage to a certain lady, consulted her pastor as to the wisdom of his choice. "I fear," said the clergyman, who had more than a passing knowledge of the lady's imperious temper and dominant disposition, "that it would not be harmonious. I doubt if you would be happy." "Why, isn't she a Christian?" was the question. "Oh, yes, indeed, but the Lord puts up with people that you and I can't," replied the minister.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY, Deputy Minister of the Interior.

Passing Events: Social, Personal, &c.

Mrs Daly of Napanee, Ont., is visiting her nephew, Rev. C. H. Daly.

Mrs Courtland Watson and family moved to Penticton this week where Mr Watson is now in charge of the K.V.R. yards.

Mrs C. H. Tate, and Mrs R. Mitchell went up the Valley to Richards a few days ago to visit with their brother, G. H. Doherty.

The Summerland Women's Institute will hold its regular December meeting on the second Friday of the month instead of the first Friday as is usual.

It is understood that L. W. Pacey is purchasing the five acre lot east of the Shaughnessy Ranch, at one time held by Mr I. B. Fulton. Small fruit culture will enter somewhat largely into Mr Pacey's plans for developing the lot he has acquired.

Mrs Drake and daughter, who with Mr Drake have been residents of Jones Flat, went down to the Coast last week, where they will remain for the winter. Mr Drake, who came here some months ago suffering with asthma finds the climate here so much better than that of the Coast, will remain during the winter.

Can you think of a better Christmas present for a soldier from Summerland, Peachland or Naramata, than a year's subscription to the Review? It will keep them posted for a whole year on what is "going on at home." Our special offer to mail a copy each week for a dollar a year still holds. Take advantage of it.

After several months in home defence service with the 102nd R.M.R., John W. Hale is back in town, and expects to remain for about a week. During most of the time he has been doing duty Mr Hale was at Glacier, B.C., on guard duty along the C.P.R. main line. It is possible that in the near future Mr Hale may enter upon overseas service. Mrs Hale and family are visiting relatives in Saskatchewan.

Rev. A. A. McLeod spent a day or two in Summerland this week on his way to the Coast from Toronto, where he has been in missionary interests. Mr McLeod labored in the Telegu country of India as a missionary for many years, and is now home on furlough, awaiting medical permission to return and take up his work again. Mr McLeod addressed two small gatherings in the Baptist Churches here, on Tuesday and Wednesday evenings. He went up the lake on Thursday.

Miss Jessie Mitchell has returned from an extended visit to the Coast.

Mr Carefoot of Enderby came down a few days ago to visit his brothers in Prairie Valley.

Mr and Mrs King and child of Kaleden were recent visitors with Mrs Jas. Ritchie, Mrs King's sister.

Miss Clay, who spent last weekend with friends in Penticton was soloist in the Presbyterian Church there last Sunday evening.

Miss Eula Watson, who has been visiting with her sister, Mrs P. W. Racey, of Rossland, has concluded to remain there for the winter.

The regular monthly meeting of the W.C.T.U. will be held in the Ladies' Parlor of the Men's Club on Friday, December 3rd, at three o'clock.

Mr Joseph Smith is having his Prairie Valley home repaired after the recent fire. The work is being done by Messrs D. Kean and J. G. Robertson.

Mr and Mrs T. H. Riley and family are this week moving from Dr L. M. More's orchard to the cottage just below the Hospital, now owned by Ralph Kent.

A party of twelve town folk drove down to the Trout Creek home of Mr and Mrs Fred Gartrell on Tuesday night, where a pleasant evening was spent with cards, followed by refreshments.

An Italian reservist, working at the local sawmill, Pietrini Ermanno, received a summons to join his country's defenders, and left last week to join a party of reservists at Vancouver, who immediately started for sunny Italy.

Reg. Verrier goes to Kamloops on Monday morning, where he enters upon home defence duties with the 102nd R.M.R. He expects when opportunity offers to obtain a transfer into the Army Service Corps, now at Victoria.

The members of the St Andrew's and Caledonian Society will hold their annual church parade to St Andrew's Church next Sunday evening. Mr Daly's subject will be "A Scot in Canada." Members of the society are asked to assemble at 6.45 p.m. in Campbell's Hall.

Divine service will be held in the Methodist Church on Sunday next at 10.30 a.m. and 7 p.m. The morning service will be conducted by Rev. R. W. Lee, and the singing will be led by the united choir. At the evening service the Rev. R. M. Thompson of Penticton will preach. A hearty invitation is extended to all.

**Generous Contribution
To Ambulance League.**

With the desire to do his "bit" to help in the great world's struggle for freedom and right, Mr D. E. Hatt has struck upon a happy means of turning his talents into coin of this realm, and in such quantity that is sure to be of great assistance to the local branch of the Ambulance League.

Everyone knows of Mr Hatt's wonderful gifts as a platform entertainer. Perhaps not so many are aware that the fine selections he uses are not all Drummond's, and that many are the work of his own pen. As an interpreter of the French-Canadian habitant, as he is known in the East and on the prairies, Mr Hatt comes second only to the famed Dr Drummond. But his efforts are not confined to that field. Even in his busy life here he has found time to prepare a number of really excellent poems, with local coloring.

Mr Hatt has made a selection of fifteen pieces which will be published in book form, and a thousand copies put at the disposal of the Ambulance League, they to have all the profits over the bare cost of printing. In this way he hopes the League will have a hundred dollars put at its disposal to be devoted to the relief of our sick and wounded soldiers.

Further, Mr Hatt has offered to give several recitals, using some of these writings, and the ladies will offer copies for sale. It is hoped to have the booklets ready for the Christmas gift season.

The public will await with pleasant anticipation the announcement of the dates of these recitals and the publishing in printed form of some of Mr Hatt's best work.

Mr R. H. Steuart is having a stable built on her orchard property to replace the one recently burned.

An address on the subject "Germs" was greatly appreciated by the West Summerland Women's Institute last Friday.

Presbyterian services will be conducted at St. Andrew's Church next Sunday morning and evening, and in the Methodist Church at 3 p.m. Rev. C. H. Daly will conduct all three services.

David Craig, brother of G. W. and Jack Craig, and known to many here, has been invalidated home with a bullet wound in one lung. He is now at his parents home at Renfrew, Ont.

During the high wind of last week several sections of fluming on the Experimental Farm were blown over. These had not been anchored, as is most of the higher fluming by using guy wires held by buried rocks.

Mr Jas. Ritchie expects to go down to the Coast to-morrow (Saturday) to remain for a week or two. Mrs Ritchie will accompany him, and it is just possible that business will require them remaining at the Coast for perhaps two months.

The Ranch Van Hise was rudely awakened from its peaceful slumbers on Friday night last, by a bunch of merry roysterers, invited by Mr and Mrs English, to give a right hearty surprise to the Van Hise family. Cards, music, and recitations made a very enjoyable evening, and a ride home in most delightful moonlight completed the pleasure of the party.

A bulb sale under the auspices of the College Auxiliary will be held at the home of Miss Spencer next Tuesday afternoon. Miss Spencer has a lot of bulbs already potted. These will be sold as they are, or if desired empty pots may be exchanged. Any wishing to select them and bring with them empty pots may have them potted while they wait. A ten cent tea will be served from three to six.

A good sized shack recently purchased from Roy Phinney by H. Foreman took a long journey behind a team at the beginning of this week, when the building was removed from its former abiding place near the home of Mrs Harvey Phinney and planted on a new site at Trout Creek, on the Experimental Station. Messrs Thos. and John Dale did the removing, and in order to get the easiest roads and grades the journey was made via Peach Orchard, Town and the lake-shore road.

BIRTHS.

BLOCK—At the Summerland Hospital, on Monday, November 22nd, to Mr and Mrs Lewis J. Block, Naramata, a daughter (Mary Roberta).

Ross Rae went down to the Coast early this week.

Mrs Lipsett has been quite ill this week, but is reported to-day to be improving.

The work of surfacing the newly built section of the Lakeshore Drive at Trout Creek Point is now proceeding apace under the direction of Geo. Gartrell.

Indian Agent J. R. Brown and family are moving into town from Trout Creek, and will occupy the Beach Avenue cottage recently vacated by Mr and Mrs McLaine.

The ladies of St Andrew's Church will hold a sale of useful and fancy articles, potted plants, home-made baking, and candies, on Saturday afternoon, December 11th in the furniture store of the Supply Co. at West-Summerland.

Mrs Male and three daughters are leaving shortly for England, where they will join Mr Male at Birkenhead, where he has been since leaving here. Douglas Male, a son, is now on his way to England with the 54th Battalion.

C. H. Sismay of the Canadian Bank of Commerce was surprised last week to learn from his brother, now with Government Engineer Norrington at Penticton, that he had been married on Monday the 18th to Miss Shannon of New Denver, B.C.

**Sunday
Telephone
Service**

TO SUBSCRIBERS.

To permit of the making of some necessary Alterations and Repairs to the Switchboard, there will be, **UNTIL FURTHER NOTICE, NO 'PHONE SERVICE ON SUNDAYS** between the hours of 11 a.m. and 2 p.m. and 6 and 9 p.m.

**Summerland Telephone
Company, Limited.**

Miss Smith of Shingle Creek has returned from a two months' visit to the Coast.

G. R. Hookham, according to information recently received here, has been offered a commission in the Coldstream Guards.

A coyote caught in the act of seizing a fine cockerel was suddenly arrested a few days ago by Mrs R. M. H. Turner, who made good use of a near-by rifle.

Mr and Mrs Arnett and Miss Hilda came in from Vancouver on Wednesday over the K.V.R. Mr Arnett had been in Winnipeg, and only reached Vancouver on Saturday.

Mr and Mrs T. H. Walker are now living in the Richardson cottage opposite the Central School, having moved in from the Orr ranch, where they spent the summer.

Noted In "Punch."

In an issue of a few months back the Vernon News was unfortunate enough to appear with a slight error in a paragraph relating apparently to a patriotic meeting. The error was a slight one but it changed the meaning of a grandiloquent sentence completely. Six or seven thousand miles away "Punch," or the London Charivari, is published every week, its columns of rich humor finding much material in unfortunate mistakes such as the Vernon News made, which it diligently culls from periodicals from every part of the world. Mingled with sorrow for its mistake, the News should feel some pride that "Punch" in far-off London has its eagle eye ever on the columns of the News. It is a compliment to the Vernon paper and to the whole Valley. The offending paragraph read as follows: "The meeting of citizens of Vernon records its inflexible determination to continue to a victorious end the struggle in maintenance of the ideals of liberty and justice, which are the common and sacred curse of the Allies." The obvious error is the substitution of the word "curse" for "cause." "Punch" deals very gently with the News, however, when its sole comment is, "Well, that's what the Germans think them, no doubt."

FINED \$15.00 AND COSTS.

A case quite out of the ordinary in the district was tried before Mr R. H. English, J.P., on Wednesday when O. Atkins was charged by Constable Graham with employing an unlicensed driver to run his Ford car with a load of passengers, and Lee Hatfield, accused of operating the car without a driver's license. Both of the accused pleaded guilty, Lee Hatfield explaining that he made the trip to oblige Mr Atkins, and it had not occurred to him that he was breaking any law. Mr Atkins, too, was forgetful of the law. He had engaged to take four young men to Penticton and return, and finding it inconvenient to get away had asked Lee to make the run for him.

Lee was cautioned not to repeat the offence, while the owner of the car was fined \$15.00 and costs.

A good time to cut scions for root-grafting or top-grafting is just as winter is setting in. They may be kept in good condition until wanted by burying them a few inches deep in the ground, preferably in sand, or by keeping them in forest leaves in a cool cellar.

The irrigation project at Oroville and Tonasket is over half completed, and water is assured for the season of 1916. Guthrie, McDougall & Co. have 500 men, 200 teams, and several steam shovels on the job. A monster celebration is planned by the Oroville and Tonasket commercial clubs when the water is turned into the new canal.

According to statements appearing in the press of Vancouver, Dr G. A. McGuire, M.P.P., who, some time ago, was appointed campaign manager of the organization known as the People's Prohibition Movement, has surrendered his position and will devote his attention to his private practice. No successor has as yet been named to fill the post vacated by Dr McGuire.

Careful planning of next season's work during the winter months, whether with fruits or vegetables, will well repay the time and thought thus given. So many things demand our attention in the spring that it is not always possible at that time to give the necessary attention to planning details, and often a little forethought will mean the difference between profit and loss.

There is probably no place on earth better than a country newspaper office to learn the kinds of people there are. Some get huffy if a statement is sent, others will not pay until they receive a statement. Some will pay without a statement, and others will not pay whether a statement is sent or not. Some thought they owed more, and some thought they didn't owe so much. Some say they couldn't get along without the paper, and others say it does not amount to much. But the meanest, scrubbiest in the list is the man who takes it until he is shut off for non-payment; and then spends half his time explaining how he used to take "the thing, but stopped it because it was no 'count."

Our Motto - "Best Quality"

The Summerland Supply Co., Ltd.

WANTED:

Farm Produce.

THIS is the substance of a call that is being made by our Canadian Government, a call that will be heard from the Atlantic to the Pacific within a few weeks.

NEVER in the history of Canada has there been such a demand for the fruits of the soil as is expected next season.

Money for the Farmer

IS what this unusual demand will mean. Prepare now to take advantage of it. Giving steady employment, with at least a living at any time, Farming, for years to come, is going to be the most satisfactory and happiest of occupations.

START RIGHT by buying rich, fertile soil at right prices. I have many acres of the richest of soil in the wonderfully fertile Okanagan Valley, just ready for the plow, at war prices. Old prices have been quite forgotten, and terms are fixed to suit the buyer.

GET A PIECE OF LAND NOW. GET IT UNDER CROP, AND REWARD WILL BE YOURS.

JAS. RITCHIE,
WEST SUMMERLAND.
