

**Practices that would Kill a Nation
Cannot cause a Community to Thrive**

(Prepared by the Community Loyalty League. Registered in accordance with the Copyright Act.)

We are living in a period of conservation and economy.

Those men and women who heretofore have given but superficial thought to the matter of where they buy their merchandise, will do well to pause and ponder well the situation.

There was as much basic necessity for community loyalty ten or twenty years ago as there is today; but never before were the facts so strongly brought home.

Nowadays, the blood-red lessons being seared into the very souls of the men and women of many nations is that superficial impressions must be flung aside, while, we pierce our vision through to ultimate results.

Those of superficial vision can have no place of weight or power during these stirring, strenuous times, when the traditions and ambitions of all nations are seething in the world's terrible, crucible—they must give place, both at the battle front and in the legislative halls, to those serious, far-sighted intellects which realize that their country's problems can never be solved by any "flash-in-the-pan" methods.

When a nation's existence is at stake that nation faces its most terrifying crisis, and the most drastic preventatives are imperative.

When a community fails in its duty to itself by a lack of home loyalty, an economic crisis is precipitated that must result in one of two things: immediate reform or ultimate disaster.

This is an age of ultimate results—and it is an age for the keenest economy.

Loyalty to home institutions is the keenest economy any community can practice.

The habit of spending home money away from home is false economy and a community disloyalty whose ultimate result is unpleasant to contemplate.

Should a nation practice such a habit it would very shortly be wrecked upon the shoals of industrial ruin.

The nation or community which spends all the money possible at home will stand firm upon the rock of true economy and true patriotism, while others, grasping for some imaginary, immediate saving, will slowly but surely crumble away upon the sands of commercial dissipation.

If you desire a thriving community, you must stick to loyal, thriving methods.

Every person making his living in a community, whether on the farm or in the store, office, workshop, or factory, depends for his success upon the success of the community. None of these persons is independent—all are interdependent. If you injure your community you injure yourself.

The business man must realize this just as fully as the farmer or the artisan, and no merchant is true to his community who steps outside for labor or material that can be locally supplied any more than is the person who has developed the metropolitan "catalogue craze."

Days are upon us when people think—are forced to think. Let there be a little more honest thinking along community loyalty lines.

Americans Must Register.

Toronto.—The Canadian Registration Board announces that all Americans as well as all foreigners residing in Canada or travelling in Canada on and after June 22, must be registered here, regardless of whether registered in the United States or not. After June 22nd American registration cards will not be recognized; only Canadian registration cards will be accepted.

Thomas A. Edison, the electrical wizard, was the first well-known American to prophesy that the automobile would revolutionize transportation. Nearly twenty-five years ago he is quoted in the New York World: "The horseless vehicle is the coming wonder. Ten years from now we will be able to buy a horseless vehicle for what you

would have to pay to-day for a wagon and a pair of horses. The money spent in the upkeep of the horses will be saved. A great invention, which facilitates commerce, enriches a country just as much as a discovery of gold." Looking back from the pinnacle of 1918 automobile development, it must be a source of great satisfaction to know his prediction was conservative rather than radical.

It wasn't so long ago that people carded their own flax and wool, spun and wove their own fabrics—but who does it to-day?

It's more satisfactory and economical to buy fabrics now than to make them.

Well, that's absolutely true of laundering. May we demonstrate this to you this month?

PUBLIC NOTICE

DOCUMENTS TO BE CARRIED

by every male person who is not on active service in any of His Majesty's Naval or Military Forces, or in the Naval or Military Forces of any of His Majesty's Allies, and who apparently may be, or is reasonably suspected to be, within the description of **Class One** under the Military Service Act, 1917, who for any reason may have claimed that he is not within **Class One** under the Act.

NOTICE is hereby given that, under the provisions of an Order in Council (P.C. 1013), of the 20th April, 1918, upon and after the 1st day of June, 1918, every male person who is not on active service in any of His Majesty's Naval or Military Forces, or in the Naval or Military Forces of His Majesty's Allies, and who apparently may be, or is reasonably suspected to be, within the description of Class One under the Military Service Act, 1917, by whom or on whose behalf, it is at any time affirmed, claimed or alleged that he is not, whether by reason of age, status, nationality, exception, or otherwise, within Class One under the Military Service Act, 1917, as defined for the time being or that, although within the said Class, he is exempted from or not liable to military service; shall have with him upon his person at all times or in or upon any building or premises where he is at any time is,

member of any other society or body, a certificate of the fact signed by an office-holder competent so to certify under the regulations of the church, order or denomination, society or body, to which he belongs; or

EXEMPTION

If it be claimed that he is exempted from or not liable to military service by reason of any exemption granted or claimed or application pending under the Military Service Act, 1917, or the regulations thereunder, his exemption papers, or a certificate of the Registrar or Deputy Registrar of the district to which he belongs evidencing the fact; or

OTHER CLASS

If it be claimed that he is not within the Class, or that he is exempted, not liable or excepted upon any other ground, a certificate of two reputable citizens residing in the community where he lives having knowledge of the fact upon which the claim is founded and certifying thereto;

FAILURE TO CARRY REQUISITE EVIDENCE

If upon or after the 1st day of June, 1918, any such male person be found without the requisite evidence or certificate upon his person or in or upon the building or premises in which he is, he shall thereupon be presumed to be a person at the time liable for military service and to be a deserter or defaulter without leave;

PENALTY

And he shall also be liable upon summary conviction to a fine not exceeding \$50 or to imprisonment for a period not exceeding one month, or to both such fine and imprisonment; and moreover, any such person may forthwith be taken into military custody and may be there detained and required to perform military duty in the Canadian Expeditionary Force so long as his services shall be required, unless or until the fact be established to the satisfaction of competent authority that he is not liable for military duty.

FALSE CERTIFICATE

The use, signing or giving of any such certificate as hereinbefore mentioned shall, if the certificate be in any material respect false or misleading to the knowledge of the person using, signing, or giving the same, be an offence, punishable, upon summary conviction, by a penalty not exceeding five hundred dollars, and by imprisonment for any term not exceeding six months and not less than one month.

ISSUED BY THE MILITARY SERVICE BRANCH
OF THE DEPARTMENT OF JUSTICE.

Ottawa, May 22, 1918.

REWARD

A liberal reward will be paid any person giving information leading to conviction of the parties who have broken into Okanagan College buildings, or who may at any time break in or enter said buildings. Notice is hereby given that any person found trespassing on College grounds or in the buildings or stealing contents will be prosecuted in Police Court, and parents are warned to see that their children are not permitted to trespass or enter buildings. Such conduct is punishable by imprisonment and the authorities will prosecute to the full extent of the law.

War Bulletin

Friday Afternoon,
June 14th.

The French defence is holding up the German advance towards Paris. A large section of hostile forces were caught under Allies fire and forced to retire. Their cannons and guns were seized.

The German Crown Prince is facing a stout resistance in his attack towards Compeigne.

The Germans are afraid of a possible economic war.

A Cunard liner runs aground off Newfoundland coast.

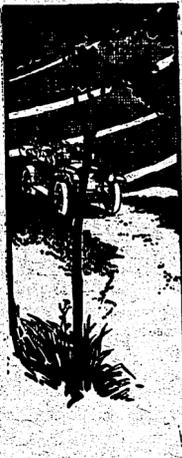

German submarines attack a liner off the Atlantic coast.

Golden Wedding Anniversary.

A recent copy of a Vancouver paper chronicles the celebration of a golden wedding anniversary in which Summerland friends will be interested. The bride and groom of fifty years on May 26th, are Mr. and Mrs. J. J. Wallace, who were for several years residents of the Peach Orchard district. The event was celebrated by a large gathering of friends at the home of Mr. and Mrs. Wallace on 10th Avenue, Vancouver, on the evening of May 27th. An illuminated address was presented to Mr. Wallace, and a bouquet of rare blossoms to Mrs. Wallace. Mr. and Mrs. Wallace came to the Okanagan about twelve years ago from their old home in Moncton, N.B., in which city Mr. Wallace held the responsible position of gen-

eral freight agent for the Inter-colonial Railway for many years. Prominently connected with the Baptist denomination both Mr and Mrs Wallace have been active workers in mission work east and west. During their residence of some three years in Summerland they made many friends whose hearty congratulations will follow them in the recent happy event.

I believe, if we considered the ultimate object of cultivating land, we would put more energy as well as wisdom into our attempts. That ultimate object is not merely more money from the crop now, but the ministering to civilization just as sincerely as a man does who sacrifices himself to win this war, that civilization may not perish.—Dr J. W. Robertson.

Mr. & Mrs. J. Downton

what the big fellow thinks

MERCHANTS in the smaller towns some-times say of business conditions that "there is nothing doing," and that "it would be a waste of money to advertise." They complain that their particular businesses could not be improved by publicity. The following expression of opinion, made recently by the manager of one of the large Mail Order concerns speaks for itself:

"WE HAVE A BUREAU WHOSE DUTY IT IS TO READ THE COUNTRY PAPERS. THERE IS NOT A PAPER OF ANY CONSEQUENCE IN OUR TERRITORY WE DO NOT GET. THE BUREAU LOOKS OVER THESE PAPERS AND WHEN WE FIND A TOWN WHERE THE MERCHANTS DO NOT ADVERTISE IN THEIR LOCAL PAPERS, OR WHERE ADVERTISERS DO NOT CHANGE THEIR ADVERTISEMENTS REGULARLY, WE IMMEDIATELY FLOOD THAT SECTION WITH LITERATURE. IT ALWAYS BRINGS RESULTS FAR IN EXCESS OF THE SAME EFFORTS PUT FORTH IN TERRITORY WHERE THE LOCAL MERCHANTS USE THE LOCAL PAPERS."

No doubt if actually were kept of the amount of money sent to these Mail Order stores from day to day from Peachland, Summerland, and Naramata it would show that there is indeed a lot of money being spent; but it is going to those firms who make a bid for the business—those firms who know the value of advertising, and who do not hesitate to spend one dollar to get five.

Local Stores have a Big Advantage

They can appeal to the people very forcibly in many respects. They can point out numerous advantages in buying at home, where the public can examine the goods, and where they do not have to wait a couple of weeks to get them. But such a large proportion of business houses fail to do this! They sit in despair while the Mail Order Houses do a rushing business and gather in the CASH.

Mr. Home Merchant, the business is yours if you will go after it.

The Review

will gladly co-operate with you in curtailing this heavy drain on our cash resources.

Peachland Doings

A Weekly Chronicle Furnished
By Our Local Representative.

Mrs John McLaughlan, who had been visiting her daughter, Mrs D. A. Kirkby of Penticton, returned home on Wednesday, the 12th inst.

Mr Robb of the Peachland Lumber Co. and Mr Francis Cousins returned home from Penticton on Wednesday morning.

Mrs Waghorne, Miss Metcalfe, and Miss Hilton were so well pleased with the accommodation they got at Peachland that they wired Mr Cutbill from Penticton to come and bring them back. He motored down on Thursday and brought them back to spend the balance of their holidays here. After spending the week-end here they returned to their homes in Kelowna on Monday morning.

Mrs Hendrickson returned from Penticton on Saturday where she had been visiting for a couple of weeks. Her friend, Mrs Tait of Penticton, returned with her, and is visiting at Mr D. J. White's.

Mr J. Wright, Mr J. McKinnon, and Mr Verner Winger were passengers to Kelowna on Saturday, returning the same day.

Two weeks ago the pastor of the Baptist Church, Rev. W. J. Scott, offered a first and second prize of a book and a picture to the two scholars who recited the 53rd Chapter of Isaiah and the 13th Chapter of 1st Corinthians the best. Mr H. E. McCall, Superintendent of the Sunday School, and Mr George Keyes were to be the judges. The contest took place on Sunday afternoon, the 16th inst. Ray Harrington won the first prize by a narrow margin over Earle Murdin, who won the second prize.

Miss Muddell visited Kelowna on Saturday, returning the same day.

Rev. A. Henderson of Summerland came up on Tuesday morning and spent some time looking after his interests here.

The Council and Fruit Union have joined forces and are building a sidewalk from the north corner of the cannery to the C.P.R. wharf, which was a very much-needed improvement.

The flat formerly occupied by Mrs Clarence has been taken over by the Fruit Union. The whole building is being overhauled and an elevator put in, in order that the upper storey may be used for making boxes, etc. The office has been moved to the front of the building, which will make it much more convenient for the manager.

Mrs Cosy of Dorion, Ontario, came in on Tuesday night and is

visiting her cousin, Mr J. H. Clement. She is accompanied by her four small daughters.

Mrs John McLaughlan had the pleasure of a visit from her brother and his wife, Mr and Mrs George Spear, of Bellingham, Wash., and her sister, Mrs St. F. Quinton of Vancouver, and their friends, Mr and Mrs John Graham and their son, George, who motored up from Bellingham, Wash., arriving here on Tuesday afternoon.

Mr R. J. Hogg, our local Fire Warden, went across the lake on Monday to look after a small fire which had started in the hills.

Reeve W. Douglas has been appointed deputy registrar for the Municipality of Peachland, and four places of registration have been arranged for. The Council Chambers, with the municipal clerk, Mr W. Dryden in charge, the post office, with Miss McDougald in charge, Mr Douglas at his own home, and Dr Buchanan, Trepanier, at his own home.

The Baptist Women's Mission Circle met at the home Mrs P. N. Dorland on Wednesday afternoon.

Rev. J. Knox Wright, D.D., Secretary of the B.C. Branch of the Bible Society, will give an illustrated address on "India" in the Baptist Church at 8 p.m. He will also preach at the Union service in the Methodist Church on Sunday evening.

Women's Institute Meet.

The regular monthly meeting of the Women's Institute was held in the Baptist School Hall on Friday afternoon at 3 p.m. The president, Mrs W. Douglas, presided. Current Events were given by Miss Scott. Miss Muddell then gave a most interesting and delightful paper on the life and works of Robert Browning. Mrs Buchanan moved a vote of thanks to Miss Muddell, which was seconded by Mrs Murdin. The Roll Call was answered by a quotation from Wordsworth. Mrs Buchanan gave the Comfort Club report for May, of which the following is an extract:

"At a meeting on May 3rd it was moved and passed that all our boys should have parcels at the next sending. All present expressed much sympathy for the strenuous efforts they were making on our behalf, so to give them a tangible token of our interest, a generous and widely varied selection of things to wear, and things to eat, were chosen to go forward. An extract from one of the letters written to the club after the receipt of Easter parcel reads as follows: 'The parcel fitted my immediate

CAN your Fruit and Vegetables, Meat or Fish, by the STEAM PRESSURE SYSTEM.

VANCOUVER ISLAND FRUIT LANDS, Ltd.,
Belmont Building, Victoria, B.C. 40-48

wants to a "T," and I must congratulate the Peachland Comfort Club for the keen interest and good judgment shown in sending parcels to strangers and the kind of parcels they send. We receive many parcels, and all are appreciated, but parts of many are wasted for lack of judgment or knowledge on part of the sender, as to the needs of the ever-moving and heavy-laden infantryman. Everything in your parcel was exactly fitting and could be used at once." After such a stimulus as that we felt like saying just repeat the last list. We did try to add one or two other dainties but found we could not get them in time nor in quantity suitable for packing in cotton bags. Cheese as it is packed by firms at the Coast in 1 lb. squares is more suited for packing in tin boxes, but we hope to procure more variety for our next. So once more our list reads: hand knit sox, towel, soap, handkerchief, tin loaf sugar, cocoa and milk, pineapple, gum, chocolate, laces, and last but not least, a tin of home-made cookies. The sox were all beautifully knit, sixteen pairs being knitted from the Comfort Club's wool, and the other six pairs again the generous gift of the Ambulance League. Twenty-two parcels were sent off with all good wishes for their safe delivery to our dear lads. Cost \$74 30. We hope to plan and carry yet more good work for those gone from our town, and all suggestions for increase will be welcomed." While the meeting was in progress the members were busy with their needles hemming handkerchiefs for the hospitals at the front. It had been planned to serve light refreshments and make a charge for the Red Cross, but it was decided to forego this owing to the food regulations.

The regular monthly meeting of the School Board was held in the Board Room of the school on Monday the 3rd of June. The resignations of the teachers were received and accepted. A committee consisting of the chairman, secretary, and Mr Williams was appointed to select teachers. The next meeting of the Board will be held on Tuesday, the 2nd of July, as Monday is a holiday. All the members of the Board were present.

Davison-Leckie Wedding.

The marriage took place yesterday at Knox Church, at 10.30 a.m., of Capt. Rufus Lamont Davison, to Miss Date Leckie, eldest daughter of Mr D. Leckie, of Kelowna. Capt. Davison, who is a dentist in civilian life, is at present located at the Hastings Park Camp, at Vancouver.

The ceremony was performed by the Rev. E. D. Braden, the church being beautifully decorated with flowers by friends. The bride, who was given away by her father, was attended by her sister, Miss Marjory Leckie, as bridesmaid, while Mr D'Arcy Hinkson performed the duties of best man. Mr H. Tod Boyd played the "Wedding March" from Lohengrin, and at the conclusion of the ceremony Mrs J. N. Thompson rendered "Be-cause."

After a very quiet luncheon at the house, the bride and groom motored to Vernon, taking train there for Vancouver.—Kelowna Record.

FRIDAY, JUNE 28, 1918.

THE DECISION OF THE GOVERNMENT to provide the Grand Forks Valley with an irrigation system, as noted in a news item in this number, is of more than passing interest to the Okanagan. By such action the government commits itself to the policy of assisting agriculturists in the "dry belt." Having acceded to the demands of Grand Forks for a government irrigation project, it will be but reasonable and politic to give the equally important and essential aid necessary to the providing of larger reservoirs and canals here, where existence is absolutely conditional upon a supply of water, and where the best results cannot be had unless that supply is adequate and unflinching. We shall hope to be able to announce shortly that government engineers have "had instructions to proceed with the work."

ALL OF OUR FRUIT GROWERS would like to have some rain—occasionally. June has been considered a month in which showers might be expected. But then if the weather man sends us rain someone will complain. It is bad for his cherries, or he has just cut his alfalfa. So, as it seems impossible to select a time when it would be convenient to all, he has decided to pass us by. Unless the old rule is varied we are not likely to have much moisture from the skies for some weeks. Still more storage capacity for water, larger intakes and distribution mains are the alternative.

THAT THE OKANAGAN-KAMLOOPS automobile trip is one of the finest in the Province of British Columbia, and that there are few that equal it on the North American continent is the claim of the Kamloops Sentinel. The drive is over the mountain tops, along lakesides, through stretches of thousands of acres of orchards and green fields, over the hills, where sheep, cows, and horses are feeding, passing beautiful homes and well-kept gardens, through towns that are made prosperous from products of the soil, the trip is one that can be enjoyed.

THE SCHOOL BOARD OF TORONTO, according to an exchange, has decided to accept no male teachers over forty years of age or females over thirty. Will they be pensioned, or will the teachers have accumulated enough to be able to retire? More likely, as "has been," they will be passed over to neighboring country towns. Is the life of the pedagogue such as to bring on premature old age, or is it so strenuous that it is impossible to keep abreast of the "times?" No mention was made of any limit being put on the age of the members of the School Board.

THE FARMERS in convention at Vancouver emphatically declared that the bankers of Canada should feel it their duty to give more generous and sympathetic aid to farmers by short term loans. This generous treatment would greatly aid production. The Vancouver Board of Trade, being heartily in sympathy with the farmers, will use its influence in that direction.

GROWING BEANS would seem to be a profitable business, judging from the press report that the county food administrator at Yakima has received more than seven thousand dollars for the first carload of beans shipped out of that valley recently to army camps.

"WHOSE GOD IS THE BELLY."
(From the Presbyterian Witness.)

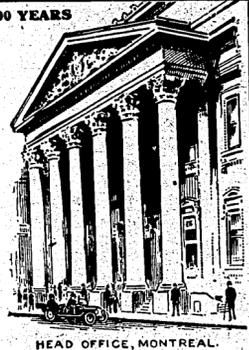

IN HIS LETTER to the church of Philippi, the apostle Paul refers to certain persons "whose god is the belly." We fear the members of this cult are still alive on the face of the earth, and that some of them are among us to-day. We are in the midst of a great struggle for our dearly-bought liberties, the issue of which depends upon the endurance and self-sacrifice not only of our soldiers at the front, but of every man and woman in the nation. We have been assured by competent men who have made an expert study of the question that we are threatened with a world famine by reason of the great number of men in all the belligerent countries who have been withdrawn from production since the beginning of the war, and that unless we practise the strictest economy, especially in the use of certain food products, such as wheat, meat, and sugar, there is grave danger that our soldiers may not receive a sufficient supply to keep up their strength. And yet in the face of this peril and the sacrifices being made for them by our brave boys at the front, there are those among us who are apparently unwilling to deny themselves any luxury in the food line which they once enjoyed. The sacrifice involved in a meatless or a wheatless meal or in giving up rich cake for a while for the purpose of conserving the supply of sugar is so paltry in comparison to the sacrifices and sufferings of the men at the front that it brings the blush of shame to be compelled

Irrigation Project for Grand Forks Valley to Be Resumed At Once

(Grand Forks Gazette.)

Work is to be commenced at once by government engineers on surveys and investigations with a view to the evolving of an irrigation system for the Grand Forks Valley.

This information was given the Gazette on Tuesday by Mr J. E. Thompson, M.L.A. for Grand Forks, who had just received word from Hon. T. D. Pattullo, Minister of Lands. Mr Thompson, who has great faith in the Grand Forks Valley with adequate water supply, has been giving the irrigation proposal close personal attention, and recently wrote the Minister of Lands insisting on early action. Hon. Mr Pattullo, states that the engineers were instructed some weeks ago to proceed with work, but have been unable to get at it as yet, though there would be little further delay.

W. J. Biker, government engineer, was in Grand Forks on Monday, and although he did not remain he intimated that he had instructions to proceed with the work at the earliest moment.

This will be gratifying news to all ranchers of the Valley, where an irrigation system is of such vital importance, and the need of which has been so emphasized during the heat and drought of the past few days when lack of water is simply ruining the crops.

Prov. Police Constable E. C. Graham spent last Sunday in Summerland.

J. C. Miller, Calgary, owner of a fruit lot in Naramata was a recent guest of Mr and Mrs J. M. Robinson at Hotel Naramata.

Mrs Lockie of Vancouver has arrived in Naramata from Vancouver with several members of her family and has taken up her abode for the summer in the Gillespie cottage.

The first of what is hoped will be an annual event in the nature of a community picnic was held last Thursday by the Naramata Farmers' Institute. Several unique and fun-making features were introduced into the program. These included a hat-trimming contest by men only and an "old clothes race." In this latter the men had to race to a sack, placed at some distance, which contained each an old waist, skirt, apron and cap, open the sack, and don the uniform. Dinner served in the shade of the big trees on the Inleshore was greatly enjoyed by all.

to acknowledge that there are among us, bearing the name which has come into such world-wide honor, who are not willing to deny themselves even to this small extent. Our boys lying out in the trenches in the cold and mud and rain, enduring the unspeakable horrors of shell and poison gas and liquid fire, in hourly peril of their lives, may go hungry, but these devotees of the belly god must have their meat and wheat bread and cake as usual!

ANNOUNCEMENT

THE PRINTERS ARE NOW AT WORK ON

WRIGLEY'S BRITISH COLUMBIA DIRECTORY

Compiled and Printed in British Columbia—Endorsed by B.C. Government, Boards of Trade, Manufacturers' Association and other bodies.

IN FIVE MAIN SECTIONS

BRITISH COLUMBIA YEAR BOOK—One hundred pages of official data, covering Agriculture, Lands, Timber, Mining, Fisheries, Shipbuilding, and Public Works, prepared by the various Departments. This section will cover fully the development in British Columbia.

GAZETTEER, describing over 1,900 cities, towns, villages, and settlements within the Province, showing location, distance from larger points, how reached, and by what lines, synopsis of local resources, population, etc.

ALPHABETICAL DIRECTORY of all business and professional men, Farmers, Stock Raisers, Fruit Growers, etc., in all towns and districts.

CLASSIFIED DIRECTORY of Manufacturers, Retailers, Producers, Dealers, and Consumers, listing all products from the raw material to the finished article.

TRADE NAMES AND TRADE MARKS—A list of popular trade names alphabetically. If you want to know the manufacturer or selling agent of a trade-name article, look up this section.

INCORPORATED CITIES—All gazetteer information in the Directory of the incorporated cities of the Province will be prepared by either the City Council or the Board of Trade, thereby official.

ADVERTISING BRITISH COLUMBIA—It is necessary to continue to advertise British Columbia outside of the Province, in order that tourists and settlers will continue to come. With this aim in view, a copy of the Directory will be placed in the leading Libraries and Boards of Trade throughout the Canadian Prairies, Eastern Canada, the United States, and abroad. The Directory will be used by prospective tourists and settlers as an official guide of the Province.

The subscription price of the Directory is \$10, express paid.

Peachland Doings

A Weekly Chronicle Furnished
By Our Local Representative.

Peachland, B.C., June 26th, 1918.

Mr T. Powell returned home from Vernon on Wednesday night.

At the close of the meeting of the Women's Mission Circle, which was held at the home of Mrs P. Dorland, on Wednesday afternoon, the 12th inst., Mrs McDougall presented the president, Mrs Scott, (who is leaving town shortly) with a nice leather hand bag on behalf of the members of the Mission Circle. This was not all, though, for, on being told to look inside, she was delighted to find a good-sized bill. Mrs Scott, in a few words, thanked the friends for their very kind thought and their most useful present. Mrs Murdin was appointed president in Mrs Scott's place, and Mrs McDougall was re-appointed secretary-treasurer for the coming year.

Mrs Henry Burtch of Kelowna, who has been visiting her sister, Mrs J. L. Elliott, returned home on Thursday morning.

Mrs Tait of Penticton, who has been visiting at the home of Mr D. J. White, returned home on Thursday night.

Mr W. Logan of Edmonton, who owns a fruit lot here, came in on Thursday night and spent a few days looking after his interests here, going on to Vancouver on Monday morning.

Rev. W. J., Mrs and Miss Scott went up to visit Mrs and Miss Macdonald, and were very much surprised to find a number of their friends there. A pleasant evening was spent, and after the refreshments were served Mr L. D. McCall, with some well-chosen and kindly words of appreciation and regret at the departure of Mr Scott and his family, presented Mr and Miss Scott each with an envelope containing substantial sums which were the gift of the church and congregation. Mr Scott replied fittingly on behalf of himself and daughter for the loving and most generous gifts which had come as such a pleasant surprise.

Mr W. D. Miller came home on Saturday morning and spent the week-end with his family here, returning to Penticton on Monday night.

We are sorry to report that Mr John Gummow is so much worse that his daughter, Mrs R. A. F. Moore, took him to the Kelowna Hospital on Saturday morning. All his friends here wish him a speedy recovery and a quick return home.

Rev. J. Knox Wright, Secretary of the Bible Society for B.C., came

in on Saturday morning and gave a lecture illustrated with colored lantern slides in the Baptist Church on Saturday night. He showed a number of pictures of native temples and palaces, also pictures of the people and pictures of forts held by the British at the time of the Indian Mutiny, as well as prisons where men, women, and children had been placed. The pictures and description of the famous Taj Mahal were very fine. He said that three out of every four people living in the British Empire lived in India, and how many people there had never yet been touched by the gospel. We must give, he said, in order that the Bible might be distributed to the people of that densely populated land. Dr Wright preached at the union service in the Methodist Church on Sunday evening, going on to Summerland on Monday night.

Mrs W. A. Lang came in on Saturday night. She was accompanied by her daughter, Mrs McGregor and her two children. They expect to remain here most of the summer.

Mr and Mrs J. Silver of Vernon motored down on Saturday afternoon and renewed acquaintances with Peachland people, returning to Vernon on Sunday afternoon.

A very large swarm of bees from one of Mr L. D. McCall's hives settled on the main stem of one of the small cherry trees in the garden. He had to cut off the branch, but the swarm was successfully hived and some of his friends were pleased to have the chance to photograph the bees.

We were pleased to note Gordon McDougall's name in the honor list of the 72nd Regiment of those who had received a Military Medal. This honor list appeared in the Vancouver Province last week.

Mr R. E. Law was a passenger to Penticton on Monday night.

Mrs McKee and little daughter, who has been visiting at Mr J. L. Elliott's for about a month, was a passenger south on Monday night for her home in Vancouver.

The scholars of Miss White's and Miss Elliott's rooms gave a concert and afterwards served afternoon tea at the school on Saturday afternoon in aid of the Red Cross. It was a great success, and the sum of \$13 was realized.

Rev. W. J. Scott left by the evening boat for Vancouver where he will attend the Baptist Conven-

CAN your Fruit and Vegetables, Meat or Fish, by the STEAM PRESSURE SYSTEM.

tion being held in North Vancouver this week.

Mr and Mrs Graham and their son; Mrs Taylor, Miss Mary McLaughlan, and Mrs A. Smalls motored down to Penticton and visited Mrs D. A. Kirkby. In the afternoon they went to Dog Lake, and returned in the evening after a very pleasant day's outing.

Mrs E. P. Roe of Naramata came up on Tuesday morning to visit her sister, Mrs Hugh McDougall.

Orchard Cover Crops

The main uses of the cover crop in the orchard are: to hold the snow in winter, and thus afford greater protection to the roots of trees; to prevent the thawing and freezing of the ground; to lessen the depth to which the frost will go in the soil; to furnish vegetable matter in the spring for the purpose of obtaining humus and nitrogen; and to act as a catch-crop in autumn to prevent the leaching of plant food made available during the summer. The cover crop is also a means of reducing the moisture in the soil by transpiration, and thus aids in ripening the wood of fruit trees liable to be injured. Where the soil has been long cultivated, and needs additional plant food, especially nitrogen, leguminous plants, such as clovers and vetches, which will take free nitrogen from the air, and thus add a large quantity of this useful and expensive fertilizer to the soil at slight cost, are usually best; while where the soil has not been long under cultivation and is well supplied

with humus and nitrogen, a non-leguminous plant such as rape or buckwheat may be better, as the holding of snow and the protection of the roots of the trees are then more important than adding fertility to the soil, especially where the snowfall is light.

In the colder parts of Canada, where there is usually plenty of moisture in summer, it is better to sow seed for the cover crop in the first half of July or even in late June, rather than in the second half of July, as it is important to have the wood of trees thoroughly ripened before winter sets in, and by sowing the seed early in the growth of the tree should be aided in ripening by the drying of the soil caused by the transpiration of moisture from the growing cover crop. In the drier and milder parts of Canada it is not necessary to sow seed for the cover crop until about the middle of July, as the early ripening of the wood is not so important as the conserving of moisture in the soil by cultivation through the early part of the summer. No nurse crop is, as a rule, necessary. Some of the desirable characteristics of a good plant for cover crops are, first, that it will germinate quickly and grow rapidly, so that weeds will be checked. It should be a strong grower, as there should be a dense cover to prevent the frost from penetrating deeply into the ground. It should

stand fairly erect, so that it will hold the snow well in winter. It should also be a plant which can be easily handled in the orchard. In districts where there is danger of making the soil too dry by late growth, a cover crop should be chosen which will be killed by early frost, such as buckwheat. Some of the best plants for cover crops are: Mammoth Red Clover, Common Red Clover, Crimson Clover, Hairy

Vetch, Summer Vetch, Buckwheat, and Rape. The last has been found very useful on the Prairies for holding snow. Where weeds are not liable to spread into adjacent areas and cause extra labor, they make a fair cover crop if allowed to grow up after the end of June.

Vinegar will prevent old potatoes from going black when boiled if a teaspoonful is added to the water.

Mr. & Mrs. J. Downton

PUBLIC NOTICE

Military Service Act, 1917.

Men 19 and 20 Years of Age.
Harvest Leave.

Leave of Absence on Ground of Extreme Hardship.
Procedure to obtain Leave of Absence.

Men Nineteen and Twenty Years of Age.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

This impression is quite incorrect. No date has yet been fixed for calling upon such men to so report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farm, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.

Harvest Leave.

Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite assurance can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.

Leave of Absence on Grounds of Extreme Hardship.

It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:— (a) where extreme hardship arises by reason of the fact that the man concerned is either the only son capable of earning a livelihood, or a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas, or in training for overseas or under treatment after his or their return from overseas); brothers married before 4th August, 1914, living in separate establishments and having a child or children not to be counted, in determining the fact that the man is the "only" remaining son or brother; (b) where extreme hardship arises by reason of exceptional circumstances such as the fact that the man concerned is the sole support of a widowed mother, an invalid father or other helpless dependents.

It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

Procedure to obtain leave of absence.

A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an officer of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.

CONSERVE The WHEAT!

Canada's Food Control Board.

A NUMBER OF ENQUIRIES have been received at the office of the Provincial Committee of the Canada Food Board with regard to the sale of home cooking which many patriotic and church societies make a practice of holding, and also as to the serving of refreshments at entertainments of various kinds. In this connection the committee points out that the Food Board has recently made a number of changes in the regulations governing public eating places. Instead of applying only to places where 24 or more meals are served per day they now cover any and all places where meals are sold. In addition, the regulations are now to apply to picnics, bazaars, or any functions or entertainments where food is served, whether given for patriotic or church purposes, or otherwise. It is not necessary to take out licenses to hold such entertainments, but it is necessary that on any occasion where food is being sold or served outside the immediate circle, it must be only what is allowed under the public eating place regulations.

With regard to the sales of home cooking, it is pointed out by the committee that while, in these cases also, licenses are not required, some of the articles which are forbidden under the private consumption regulations may be made for such sales. These are candy, French pastry, iced cakes, or biscuits or cakes, with sugar icing between the layers or on the exterior. One of the recent orders of the Food Board expressly prohibits the making of all and any of these articles for private consumption, nor may they be sold as home cooking. Further than this, any cakes or ice cream which may be made privately to be served or sold at entertainments of any description, must be made in accordance with the quantities of flour, sugar, and shortening which are specified for use in the manufacture of such articles by regular dealers. The basis for these and indeed all of the Food Board's orders is the absolute necessity existing to-day for saving food. We are fast approaching the most acute food crisis in the history of the world. The regulations and restrictions referred to are to enable Canada to do her share, and more if need be, towards providing the food supplies so urgently required overseas, and it is up to us—the people of Canada—to see that they are carried out faithfully and willingly.

The Food Board, however, wants more than the mere letter of their orders observed. They want the spirit in them understood and carried out, and this is really the only way in which the work of true food conservation can be put over. It requires the individual effort of every man, woman and child in Canada. Each one of us must regard him or herself as a food controller responsible for seeing that he or she individually does what we each know should and must be done to save food and eliminate waste.

All persons promoting such functions should, before completing their plans, make sure of details in the orders-in-councils, copies of which can be had from the secretary of the food conservation committee.

Avoid All Extra Meals

Social Customs must be Altered to Conform to War-time Needs.

All banquets and other meetings at which refreshments are served, when such are considered necessary, should be so arranged as to take the place of regular meals, and not constitute extra meals. Banquets, etc., at other than regular meal hours represent a very considerable waste of food. With a little thought they could be so arranged as not to constitute an extra meal.

A person who eats more food than he needs to-day is helping the enemy, because he is not giving to our soldiers and Allies that support which is necessary to win the war. War has changed many things, and it is now necessary that we should alter our social customs so as to conform to the need of the food situation, which is serious indeed.

TWENTY YEARS AGO

Ladies wore bustles.
Operations were rare.
Nobody had appendicitis.
Nobody wore white shoes.
Cream was five cents a pint.
Cantaloupes were muskmelons.
Most young men had "livery bills."
Doctors wanted to see your tongue.
Mill shake was a favorite drink.
Advertisers did not tell the truth.
The hired girl drew 50c. a week.
Nobody cared for the price of gasoline.
Farmers came to town for their mail.
The butcher "threw in" a chunk liver.
You stuck tubes in your ears to hear a phonograph, and it cost a dime.

Food Situation In Scotland

Extract from recent Letter says " Things are Getting Serious."

Following is an extract from a letter from a small town (20,000 inhabitants) in the south of Scotland:

"I am glad you have such a good supply of food in Canada. Long may it last! On Friday there was nothing to sell in the shops here, so in consequence most of them closed.

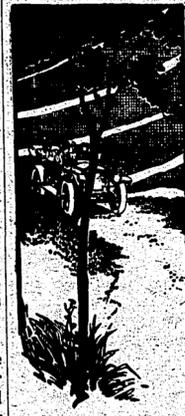

On Saturday, Sarah went down to see what was to be had but found there was no bacon, no ham, or meat of any kind, no margarine, no tea, and no cheese to be had in the whole town. She was fortunate to obtain 1 pound of onions, 1 pound of apples, and a small piece of pressed beef from a little store in a side street.

"All the same we are doing wonderfully, for we have potatoes, parsnips, Swede turnips, good leeks, and plenty of dried parsley from our garden, and Sarah is a perfect adept at making soups of all kinds without meat at all. We are only allowed 2 ounces of tea per week, then we have sugar cards, and are allowed to obtain half a pound per person. You can well understand that things are getting serious here."
