Copy for change of contract advertising must be in the hands of the printer not later than Tuesday noon to insure publication in the next issue.

FRIDAY, APRIL 11, 1919.

SUMMERLAND SETS GOOD EXAMPLE.

"When is Hull going to have a clean up day?" This question was asked by a newspaper in Hull, England, as a direct result of a clean up here in Summerland. A copy of the Review containing an account of a clean up day here was sent by one of our citizens to a friend in Hull. That friend passed the copy on to the editor of a newspaper in that city. The idea of a clean up day was so novel to him and the people of Hull that it was featured in his paper and as a result Summerland, a new community in the far west, received considerable advertising of a very complimentary nature!

The first steps are being taken this week for another and effective clean-up of our naturally delightful community. Every loyal citizen is urged to do his share, and his first move should be to attend the organization meeting announced in the advertisement columns of this number of The Review.

ASPARAGUS CULTURE.

That luscious vegetable asparagus, available only in the spring and early summer months, might readily be grown much more extensively than it is. If properly prepared, that is well drained, a bed may remain for twelve or fifteen years and will improve during most of this period if properly looked after. One has to wait a couple of years for a crop after the bed is set out but the relief from planting, which is necessary with most crops, during succeeding years more than offsets this disadvantage. Asparagus culture is dealt with in a practical way in Pamphlet No. 24 of the Central Experimental Farm which is available at the Publications Branch of the Department of Agriculture, Ottawa. In this pamphlet celery culture is also taken up. The soil, growing of plants, planting, cultivation, blanching and storing are dealt with.

The children's money box on the mantel shelf has, in the past, done good work, having gathered in tens of thousands of dollars, which had it not been there would never have been saved. To many generations it has been the best object lessons of the value of saving. It has taught the lesson of thrift better than almost any teacher could have done.

But the money box, though it has rendered splendid service, has its limitations. All that it does is to take care of the pennies, the dimes, or the 25 cent pieces, preventing them for a time from being squandered. But, in comparison with later saving devices, its chief defect is that while it holds money, it does not enable the money to earn anything.

This is where War Savings Stamps have a decided advantage over the money box. As soon as \$4.00 is put into one of these it begins to earn at the rate of 4½ per cent compounded half yearly. This means that if allowed to remain in Stamps, it would double itself in less than 15 years. Money put into a box and allowed to remain there would not be spent, but it would earn nothing. The moral is—buy War Savings and Thrift Stamps and let your savings work.

The new list of publications of the Department of Agriculture at Ottawa contains titles of about three hundred bulletins, circulars, and other pamphlets that deal with agricultural practices. These cover the whole range of agricultural and horticultural pursuits, including dairying, field crops, live stock, orchard and garden crops, poultry, insects and plant disease, farm building construction, farm machinery and many other topics. The subjects are arranged alphabetically under gen-

eral titles. Not only are the lists themselves available from the Publications Branch of the Department but any of the publications therein contained.

Corporation of the District of Summerland.

PUBLIC NOTICE

On MONDAY, APRIL 14th, and each succeeding Monday, the Municipal Council will sit in Regular Session beginning at FOUR o'clock p.m., and will not receive any Delegations until that hour.

By Order,
R. POLLOCK,
Acting Clerk.

LECTURE

BY
Rev. A. HENDERSON

ON
"The Status of Labor in the United States"

Under the auspices of the Federated Labor Party

CAMPBELL'S HALL

Friday, April 11, at 8 p.m.

ALL CORDIALLY INVITED.

The Up-to-Date Farmer is a Business Man

¶ The Business Man keeps his name before his customers by advertising.

¶ His business stationery and forms have always his name and details plainly printed. These give a good impression to all with whom he deals.

¶ Many Okanagan Orchardists and Farmers do the same with profit to themselves. It pays.

¶ Have you thought how much better looking your business correspondence would be if your letters had a neatly-printed heading advertising yourself, your business and your district? It pays—and the cost will be little, if any, more than you are now paying for plain paper.

¶ We can put your name on your Butterwraps, Letter-heads, Envelopes, Statements, Address Cards, Labels, etc.

¶ Be an Up-to-date Business-Man Farmer.

Peachland Doings

A Weekly Chronicle Furnished By Our Local Representative.

Mrs Mitchell, nee Kathleen Lang, arrived in town Wednesday morning of last week on her way home from a holiday trip and spent till Friday morning renewing old acquaintances here. She was accompanied by her daughter.

On Wednesday morning of last week Mr Manton and Mr A. N. Pope were passengers north on a business trip to Vernon. They returned on Thursday evening.

Mr Will Aitkens came down from Kelowna and accompanied his mother Mrs. C. Aitkens, up to Kelowna on Wednesday morning of last week, where her husband is having his knee treated. We understand that he is improving.

Mr and Mrs W. W. Fulton were passengers up the lake on Wednesday of last week, returning in the evening.

Mr Davis, Victoria, of the Water Commission, spent a day in town last week looking into irrigation problems here. He came in on Wednesday night and went on to Summerland on Thursday night.

Mr Arthur Day of Kelowna spent Thursday of last week in this district on the hunt for mill timber. He returned to Kelowna on Friday morning.

Mr P. Thornber, Engineer Fawkes and Mr B. L. Hatfield of Summerland motored to town on Wednesday of last week, returning the same day. While in town Mr Hatfield was able to give some advice and assistance on Mr McKinnon's car.

The Rev. A. Henderson and his son Douglas paid Peachland a visit one day last week, returning by motor with Mr J. Tait.

Passengers to Kelowna on Thursday of last week were Mr H. Williams and Mr and Mrs H. E. McCall. Mr Williams went over to represent the school board at a meeting of school trustees held in that city. He remained over till the next day.

Mrs Dearman and a lady friend from Winnipeg arrived in town on Thursday of last week to look after Mr Dearman's interests here. They will remain an indefinite time.

Mr John Wright paid Summerland a short business trip on Thursday night of last week. Mrs Wright accompanied him down the lake and spent the night visiting her parents in Naramata, both returning in the morning.

Under the auspices of the Women's Institute, Hon. J. W. Gibson, Deputy Minister of Agriculture, gave an illustrated lecture in the Orange Hall on Thursday night, the 3rd inst. The lecture for the most part dealt with agricultural education in the schools and in this connection Mr Gibson had a beautiful collection of views, showing both floral and vegetable gardens. He put on views showing the school children starting their first clearing operations in the virgin bush and at stages up to the garden in its growth. The views and lecture together were both interesting and instructive. The speaker took a few minutes to explain to the boys and girls the details in connection with the Thrift Stamp and War Savings Stamp Drive, and to make an appeal to them to give it their most hearty support. Unfortunately the weather was not conducive to

a good turn out to the lecture, but those present made up a very appreciative audience.

Mr and Mrs Sand who have been staying at Vernon with their family of six since coming out from the Old Country paid our town and district a visit last week on a land-seeking trip. They looked over a couple of properties and were favorably impressed with both, but so far we have not heard as to their choice, whether here or elsewhere in the Valley.

Mr Manton, who has been living on the Dearman property at the Townsite for the past year, moved to the Pope lot which he recently was instrumental in selling for Mr Pope to a friend of his.

On Friday of last week Mrs J. Winger went down to Summerland to remain for a time under hospital treatment.

Mr Wes. Waldriff was a passenger south on Friday last to spend the week end with friends in Penticton. He returned on Monday morning and reports a pleasant time and brings back a good impression of Penticton and surrounding district.

The boys got together a basketball team last Friday night and journeyed to Summerland to have a little game, but the odds were rather slightly against them, resulting in a score of 21-7 in favor of Summerland. They went down by motor with Geo. Robinson and the Peachland Livery.

W. D. Miller and Jas. Michael arrived in town on Friday, coming overland with Mr Miller's teams. Mr Michael had just returned to Penticton from the Coast. Mr Miller has just closed down work in the logging camp of the Penticton Lumber Company, where he has been employed for some time now as foreman and as well had three teams in the bush. He is moving down to his ranch this week, the place formerly owned by Mr Jas. Cossar, with the intention of improving the ranch. We understand that Mr Michael is planning on opening up and improving his ranch this year.

Mr and Mrs R. A. F. Moore returned to Peachland last Saturday morning after a short visit to their former home at Priest River, Idaho.

Charles Morrison spent last week end with his parents, returning to Kelowna on Monday morning.

Service was conducted in the Anglican church here on Sunday last by Bishop Doull, of the Kootenay Diocese. The Bishop left again on Monday morning.

Mr R. J. Hogg is making some alterations and additions to his residence here, and now has it well under way.

We are informed that the Peachland Lumber Company expect to commence operations for the season again shortly.

Two brothers, Townsend by name, arrived in town on Monday last after having been around in other parts of the Valley looking for a suitable place to settle down for an indefinite period. They were very well pleased with the location here, so rented Miss Dimock's house, formerly occupied Mrs. W. Aitkens and will remain in our midst for a time. These gentlemen are formerly from the old sod, but have been in Canada for some time mostly on the prairie.

Mr. R. J. McDougall, of Penticton having fulfilled his duty reporting the sittings of the Provincial House, returned to the valley and paid Peachland and friends a visit on Monday last, returning in the evening.

Mr. Thos. Powell is again paying Vernon a business visit this week, having gone north on Monday morning.

Mr. L. Mills made a short business trip up the lake on Monday returning Tuesday evening.

Mr. F. Topham returned home on Monday morning after a short time spent at the Coast while receiving his final discharge.

Mrs L. Vivian is spending a short time in Penticton this week, visiting her brother Mr E. Law and his wife. She left on Monday night's boat.

The C.P.R. barge came in on Tuesday last with a car of lumber for the repairing of old and building of new flumes on the irrigation system. It was consigned to Peachland Townsite and Irrigation Company in care of Mr John Wright.

Another man to receive his final discharge was J. Buchanan, who returned to his home here on Monday night last.

There is a real demand for FARM and HOME, British Columbia's recognized weekly champion of agriculture, and we desire to have a boy, girl, man or woman in each district of the province to forward us subscriptions. We have a salary and commission offer to make to YOU if you are a live wire. The subscription price of Farm and Home is one dollar per year of fifty-two issues and our agents in coastal districts are making almost unbelievably easy money. Mr Tom Melrose earned fifteen dollars one day, eighteen the next, twenty-one on another and fifty-four in two days. Mr Amhurst earned fifteen dollars one day and thirty-five another, and he has just started. These figures are absolutely guaranteed.

You may not do as well, but you can make easy money at that. For particulars of our offer drop a line to

CIRCULATION MANAGER, FARM AND HOME,
137 Pender Street West, Vancouver, B.C.

Newspaper Space

The thing that will make your place a landmark and your name a household word is consistent, truthful, rightly supported newspaper advertising.

"A city that is set upon a hill," says the Good Book, "cannot be hid."

The right kind of advertising will, so to speak, set any man, any town, any worthy business upon a hill.

Play fair, look after things, and dip deeply into printer's ink—and you can no more escape becoming prominent and successful than you can reverse gravity and cause rivers to run up grade.

Carry the stuff—deliver the service—keep up a vigorous fire in the papers—know what you print, and live up to it.

The most precious and desirable thing in a business career is public confidence. Getting over-widening circles of people to believing in you is progress of the first order, but educating strangers to the idea that you're a man not entirely to be trusted, is slipping back—no matter what, for the time being,

Not For Fakirs

BUT

For Honest Men

the balance sheet may be saying to the contrary.

Forget that old saying of the circus man, that "people like to be humbugged"—they do, on any circus day—and have a bully time over it—but regular business is different.

The fellow who deliberately sets out to deceive the public is a fool and a piker if he thinks he can get away with it through pages in newspapers. He may manage to put it over for a while, but the backfire will get him in time, and it won't be long before he'll find himself exactly where he deserves to be—nowhere.

Newspaper space isn't for fakirs—it's for honest men, and every honest business can profit greatly through the use of it. It throws a spotlight upon the scene—and men and things that aren't quite standard will not stand the glare.

The crook should eschew printer's ink—he should emulate the Hun propagandists—slip around quietly and pass the bunk heart to heart.

RALPH E. WHITE, MANAGING DIRECTOR

SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

FRIDAY, APRIL 18, 1919.

A GILT-EDGED TRADE FOR 1919.

TOURIST "TRADE" gives quickest returns for service of any commerce any land can undertake. Payment, "cash on the dot," is for exactly those things which the people produce and originate themselves. In that sense tourist traffic forms a most valuable national asset of gilt-edged import of practically nothing but dollars.

It is an aspect of Canadian trade which must not be overlooked in this year of difficult re-adaptation to peace conditions.

The Trade Adviser of the Pan American Union, an international organization maintained by the twenty Latin-American republics and the United States for the development among other things of friendly intercourse, writes to the Canadian Trade Commission as follows:

"I am inclined to think that all parts of Canada could receive thousands of tourists from the United States during the coming summer if special efforts were made by the Dominion to let it be known generally in this country that Canada wants tourists to come. Possibly articles in journals and magazines, calling special attention to the delightful climate of Canada, the fishing possibilities, the scenery and other attractions would induce more than usual thought being given to that country.

Our people who may be a bit more settled than during the war years "wish to go somewhere," and as they cannot go to Europe, or Mexico, and as South America is too far away and passports too difficult to obtain, our own western country and Canada then become more or less Mecca."

Thursday Next For "Clean-Up"

Organization Started at Public Meeting This Week.

Only eighteen citizens responded to the call of the Council to attend a meeting in Campbell Hall on Tuesday night to organize for a general clean up of the district. At least ten of these were from town, all of the three women present being from that section.

It was learned there that the town people and the residents of Trout Creek Point had already been making some preparations for a "clean up."

It was agreed that Thursday, April 24th be selected as "clean-up" day and each councillor was appointed as organizer for his ward.

The need of such a movement was emphasized by an incident told by Mr Helmer who said that a man who would have made a good citizen, hearing of Summerland as a desirable place in which to live, had come here with the idea of buying and settling here. When he saw the untidy condition of our princi-

pal streets and roadsides he felt that there must be something wrong and had thereupon decided to look elsewhere.

The committee named at the town meeting: Messrs. Tait, Lipsett, Mellor, Lawler, Lees, Hogg and Brown was named for ward one with the addition of J. L. Hilborn to organize his section.

Messrs. Ritchie, Harding, Young and Riley were appointed a special committee to look after West Summerland.

Coun. Campbell's committee is Messrs. Blair, Theed, Craig, Wright and Broad.

For Ward 3 Coun. Dodwell and Messrs. Agur, Lister, Barnes, Mountford and Moyes were appointed.

For Ward 4: Messrs. Johnston, Sharp, Thornber, Lewes, Treffry, Garnett and Snider. Mr Helmer offered to help this committee.

Pointed reference was made to the untidiness of some of the buildings in conspicuous positions.

Following a full discussion of the fly nuisance and the caring for household refuse a resolution was put through asking the Council to prepare a by-law requiring all citizens in certain areas to keep household refuse and other objectionable

matter in closed receptacles and to provide for the proper disposition of same, the disposition of animal refuse to be not less than every four days during the summer months.

Reeve Simpson was appointed to the chair at this meeting and Coun. White made secretary.

A new Studebaker car has been added to the equipment of the Pioneer Stables, R. H. English, proprietor.

CHURCH AND LABOR

(Continued from page 1)

vey of things as they are, that the church must deal with the social problem or give way to some organization which would. He read from the resolutions passed by the last Methodist Conference, in which that body demanded the most radical changes in social life. Among other things they expressed the opinion that competition must be replaced by co-operation, produc-

tion for profit by production for use and the service of mankind as a whole.

He then read extracts from the New Testament, and found conclusively that it was impossible to live according to the teachings of Christ under the present competitive, capitalistic system. The old order was breaking down and must give way to a better state of things. This aspiration was embodied in the world wide labor movement, and the platform of the Labor Party in England was one of the greatest political documents since Magna Charta and the American Declaration of Independence. Labor demanded the nationalization of the machinery of wealth production in order that all might have free access to the means of life and that there should be an end to the exploitation of society by any one class.

In concluding Mr Henderson stated that to preach the Sermon on the Mount on Sunday and to be indifferent for the rest of the week

to the necessity of a radical change in the social system was pure hypocrisy.

At the close of the lecture an interesting discussion took place, a number expressing their views.

Rev. Chas. Baker in a few brief remarks corroborated Mr Henderson's conclusions as to industrial conditions and said that every thoughtful man must admit the truth of his arguments.

Peachland Doings

A Weekly Chronicle Furnished By Our Local Representative.

Again we are glad to welcome another of our boys back home. This time Walter Shaw, who came in on Wednesday of last week after having gone through to the Coast and receiving his final discharge. Walter was a little more favored in this respect than some of the boys who had to wait so long to receive their final, for he got his the same night he reached the Coast.

We were all glad to welcome back to Peachland Mr and Mrs George Lang of Ottawa. They expect to remain about two months and have taken up their residence in the cottage recently vacated by Mrs W. D. Miller.

Mr and Mrs W. D. Miller have moved out to their ranch, formerly the Jas. Cosar place, being accompanied also by Harold Miller. They made the final move on Friday after-

noon, when the Peachland Auto Livery took Mrs Miller and the children. All their friends wish them all kinds of good luck.

Mrs Burkett spent a day last week visiting her father and uncle before leaving for the Coast, where she expects to remain for a time.

After spending a week in Kelowna with her husband Mrs C. Aitkens returned to her home here on Wednesday of last week. She was accompanied by her grand-daughter Miss Frankie Lupton.

Mr J. Hyde was a passenger going south on the Sicamous on Thursday night of last week.

On Thursday afternoon of last week the C.P.R. barge called at the cement works and took a carload of cement pipe billed for Summerland. Quite a quantity of pipe is being sold just now.

The Peachland Auto Livery took a few of the members of the Masonic order down to visit the Summerland Lodge on Thursday evening of last week. They were as follows:

Dr. Buchanan, Wm. Gildham, J. Michael, C. Somerville and J. Seaton.

Some more residents to return to Peachland last week were Mrs J. A. Moore with her little boy and Mrs Bennett. They have moved out to the fruit lot, intending to run it themselves this season.

Mr Hendrickson is another to have been away to the Coast for his final discharge, returning on Friday night in civies.

Fruit tree spraying in the community is well under way now, and quite a deal of tree and garden planting has been done, some of the latter being up and flourishing.

The Peachland Farmers' Institute met in the Council Chamber on Friday night, April 11th, with President R. J. Hogg in the chair. Routine business and correspondence was dealt with in order. Mr J. Tait, Fruit Pests Inspector and Supt. Helmer of the Experimental Station, Summerland, were present to address the meeting. —Mr Tait

spoke mainly on the question of spraying and in this connection told of the various sprays needed for the various diseases and varieties. Mr Helmer spoke on Soil Fertility mainly, but asked those present to feel perfectly free to ask any questions they wished to, or to ask him to explain any point more fully if they did not understand it. In this way through the experience of Mr Tait and Mr Helmer and their readiness and willingness to impart information on any and all lines having come under their notice, we had a very enjoyable and profitable evening. Many and varied were the questions hurled at these gentlemen, in answer to which came a great deal of helpful information useful to all present interested in fruit growing. A wish was expressed that we might hope to have another such opportunity in the not too distant future. These two representatives of our neighboring town extended a hearty invitation to Peachlanders to attend the picnic to be held at the Ex-

(Other Peachland Notes will be found on page 4).

permental Station in Summerland on the 24th May next. At this meeting it was decided to organize an Agricultural Association and names were received at the close of the meeting. The Association will apply to the Government for a grant to assist in carrying on of the fall fair which the combined Farmers' and Women's Institutes hope to hold this coming fall.

The regular meeting of the Women's Institute was held on Friday afternoon, the 11th, with the president Mrs Wm. Dryden in the chair, and a goodly number of members present to answer roll call. After usual routine business Miss Whitman gave a very interesting paper on "Rupert Brooks," one of the noted soldier poets who paid the supreme sacrifice for his country in the late war. Mrs Mitchell sang "A Perfect Day," and Mrs Wright and Mrs Elliott sang "When Silver Threads Are Turned Again to Gold."

Peachlanders and other acquaintances throughout the valley of one of our residents, Mr John McDougald, eldest son of Mrs M. E. McDougald, will be interested to read the following clipping taken from "The Aberdeen Daily Journal," published Saturday, March 22nd, 1919, under Marriages: "McDougald—Marr. At Raxton, Tarves, on the 21st of March, by the Rev. A. W. McNair, C.F., Tarves Parish Church, John Malcolm McDougald, C.F.A., of Peachland, British Columbia, to Margaret, youngest daughter of John Marr, Inspector of Poor, Tarves."

After spending a week in the hospital in Summerland Mrs J. Winger returned to her home here on Saturday morning last, feeling much better than when she went down.

Mr R. J. McDougall paid town another flying visit on Saturday last, returning to Penticton on the evening boat.

Mr Chas. Morrison came down from Kelowna on Saturday night last to spend the week end at his home here, returning to his duties on Monday morning.

Work under the new irrigation system management commenced on Monday morning, the 14th of this month, with J. Seaton as foreman of the ditch crew. Only a few men started as it had been short notice, but they hope to get sufficient men on to get the system in working order just as soon as possible. There will be a flume crew put on in the near future.

Mr Douglas Henderson came up from Summerland on Monday morning last and has started work on the ditch.

The Townsend Bros. who recently rented the upper cottage owned by Miss Dimock came in on Monday morning last and have moved into the house. We are glad to welcome them, and trust they will feel at home in our midst.

Some municipal road work is being done this week, with a small crew repairing the road through in front of the Topham and McKinnon places.

Mr N. S. Davidson motored down to Summerland for Mrs Davidson on Monday afternoon and Miss McPherson of the hospital staff accompanied her home, returning on the afternoon boat. We regret very much indeed the fact that Mrs Davidson may have to go away for special treatment, as she is not getting her health back.

Mr Stabler, who on several occasions has paid us a short visit, which was very much appreciated by those who had the pleasure of coming in contact with him, spent an evening in town this week. He regretted that he had been unable this time to plan a longer stay. He reports his daughter, Miss Edna, doing nicely in the business realm in which she is engaged down at the Coast.

The new auto truck has arrived for the Peachland Livery, which, with the other equipment already on hand, puts the Livery in good shape to handle almost any line of work or traffic.

The regular monthly meeting of the Peachland Council was held in the Council Chamber on Wednesday, April 9th at the usual hour. Present, the Reeve, and Councillors MacKenzie, Taylor and Pope. The

chairman of the board of works submitted a written report which was adopted. The Clerk reported that several requests to purchase Municipal owned lots had been made and after due consideration a motion was carried that a public sale be held on April 26th of all the lots owned by the Municipality. A motion was passed that Mr Dryden be appointed assessor for the year 1919 and that he commence his duties on the 14th of April and complete and return the roll on the 14th of May. The accounts for the month of March were passed and ordered to be paid.

A special meeting of the Council was held on Saturday, April 12th. Present, the Reeve, and Councillors Pope, Taylor and MacKenzie. The Reeve explained the business of the meeting to be the receipt of a telegram from Victoria appointing the Council to undertake the repairs to the Peachland Townsite Co. irrigation system, and to operate same under authority of Order in Council passed on the 10th of April. Motion by Councillor MacKenzie seconded by Councillor Pope that the Municipality is hereby ready to undertake the repairing and operating of the Peachland Townsite Co. irrigation system in accordance with the Order in Council passed on

April 10th, 1919. Carried. Motion by Councillor Taylor, seconded by Councillor Pope that Mr Dryden be and is hereby authorized to engage John E. Seaton as foreman of ditch work till further notice at the rate of four dollars per day, and that he be instructed to hire what help he requires, such help to be paid at the rate of \$3.50 per day per man for a nine hour working day. Carried. Meeting adjourned.

- Newspaper Space -

The thing that will make your place a landmark and your name a household word is consistent, truthful, rightly supported newspaper advertising.

"A city that is set upon a hill," says the Good Book, "cannot be hid."

The right kind of advertising will, so to speak, set any man, any town, any worthy business upon a hill.

Play fair, look after things, and dip deeply into printer's ink—and you can no more escape becoming prominent and successful than you can reverse gravity and cause rivers to run up grade.

Carry the stuff—deliver the service—keep up a vigorous fire in the papers—know what you print, and live up to it.

The most precious and desirable thing in a business career is public confidence. Getting ever-widening circles of people to believing in you is progress of the first order, but educating strangers to the idea that you're a man not entirely to be trusted, is slipping back—no matter what, for the time being,

Not For Fakirs

BUT

For Honest Men

the balance sheet may be saying to the contrary.

Forget that old saying of the circus man, that "people like to be humbugged"—they do, on any circus day—and have a bully time over it—but regular business is different.

The fellow who deliberately sets out to deceive the public is a fool and a piker if he thinks he can get away with it through pages in newspapers. He may manage to put it over for a while, but the backfire will get him in time, and it won't be long before he'll find himself exactly where he deserves to be—nowhere.

Newspaper space isn't for fakirs—it's for honest men, and every honest business can profit greatly through the use of it. It throws a spotlight upon the scene—and men and things that aren't quite standard will not stand the glare.

The crook should eschew printer's ink—he should emulate the Hun propagandists—slip around quietly and pass the bunk heart to heart.

Not Quite Heaven: Moths and Thieves In Evidence.

Several years ago, seeing a carpenter at noon on Saturday throw down his tools where he had been working on a job quite removed from the protection of any neighbor and not expecting to return to them till Monday morning, we commented on his seeming carelessness. We remember well the nature of his reply. He declared locks were unnecessary in Summerland. Every individual citizen was too honest to touch another's property. His tools would be perfectly safe from disturbance and would be there on Monday morning as he left them.

Those were in earlier days, when Summerland was still being peopled on the "hand-picked" plan of which so much had been heard.

All the people that now reside in this favored clime have not been selected with the alleged care of the pioneer days, some of them being of a much lower grade, judging from the brief but interesting comment accompanying an advertisement received from Major E. E. Hutton and published below. We believe that we can truthfully say that, while a few of the objectionable element seem to have entered our community and destroyed the former feeling of security, Summerland is still peopled by honest citizens. Though some person or persons have been so despicably mean as to rob him of his effects during his absence in the service of his country, we feel that we can still assure Major Hutton that, speaking generally, Summerland still has little need of lock and key. Here are Major Hutton's comments:

Sir,
I am sending you to-day an advertisement which may, or may not, bear fruit a hundred fold, as you so strongly and weekly claim for judicious publicity.

After contemplation of my barn

"Too Many Husbands" Was Delight To Large Audience.

Much had been promised those who heeded the advertisements and attended the St. Andrew's Church entertainment in the College Gymnasium last Tuesday evening and much had been expected, but in every way were the promises and expectations justified. The acting, individually and collectively, was excellent and a much heavier plot had been undertaken by this now well recognized body of efficient amateur players than ever before but they proved equal to it and kept the large audience, probably a record one in point of numbers, in constant laughter. The plot has already been well outlined in these columns.

Financially, as otherwise, the undertaking was a great success, as \$188 was taken in 50 cent and 35 cent admissions. The praise and appreciation of the public generally will go a long way to compensate for the many hours of work put in in the preparation of the play. Must we be content with only one a year?

stripped of its contents by bush rats and human rats, and the ravages of moth in the blankets and carpets within the house itself. I thought of a saying attributed to a lady visitor from Ottawa some fourteen years ago: "If Heaven is half as nice a place as Summerland I would not mind going there to-morrow." The comparison was far fetched, even for a semi-jocular hyperbole. There are others in this community I imagine, beside myself, who fervently trust that when the time for their translation comes it may be to a place where neither the moth nor the rust doth corrupt, and where thieves do not break through and steal.

Yours truly,
E. E. Hutton.

GREAT SCARCITY OF CANNED GOODS

Great activity in the canning industry is predicted for the coming season, according to Toronto advices. Stocks are extremely low. The scarcity of canned goods is one of the problems confronting the grocery trade these days. For the past few months there has been heavy buying of both canned fruits and vegetables for export. Salmon, too, has been

shipped in considerable quantities overseas. In fact, canned fruits are so scarce among wholesalers that many lines are completely off the market. Vegetables have not been shipped to the same extent, although, because of the shortage for domestic consumption, prices show some very sharp advances in the last fortnight. Quotations on canned corn, for instance, almost place it in the luxury class. Tomatoes, too, are higher:

Celery originated in Germany.

Now a Complete Truck

HEREAFTER Ford One-Ton Trucks may be bought complete with bodies and cabs, ready for the road.

The body as well as the chassis will be planned to give Ford service.

This will insure the utmost efficiency from the Ford Truck; give the purchaser Ford value in every part of his truck; produce better bodies at lower prices.

Two types of Truck bodies, the Stake and the Express, will be kept in stock, set up, painted

(or in the lead) and ready for prompt delivery.

They have oak floors, sills of seasoned hickory and specially designed forgings and castings.

The construction at every point provides for rough usage such as every truck is bound to get. Both bodies have closed cabs to protect the driver.

These cabs have sliding windows and two-way, double ventilating windshields.

Call and learn what it will cost to use these complete trucks in your business. Look them over carefully. See how they outclass other trucks in every detail.

Price (Chassis only) \$750 f.o.b. Ford, Ont. Standard Ford Bodies extra. Get our prices

Peachland Doings

A Weekly Chronicle Furnished By Our Local Representative.

Manager Rees of the local branch of the Royal Bank was called to Kelowna last Wednesday a.m. to relieve Manager Rees for a short time. He was succeeded here by Mr. H. J. Ratteray who has been in Kelowna branch.

Will Aitkens came down from Kelowna on Wednesday night of last week to spend a few days here with his mother Mrs. C. Aitkens. He returned to Kelowna on Monday last.

The Rev. John Hogg and his daughter of Winnipeg who have been spending the winter at the Coast returned here to visit Mr. Hogg's sons, Mr. R. J. Hogg of Peachland and Mr. K. S. Hogg of Summerland. Mr. and Mrs. K. S. Hogg and family motored up from Summerland to join the rest of the family here on Tuesday afternoon last. It is worthy of mention that

while here this time the Reverend gentleman celebrated his eighty-ninth birthday and is comparatively hearty. He and Miss Hogg left on Wednesday morning last.

Mr. J. R. Mitchell of Kamloops, general agent for central B.C. of the Massey-Harris Company, Ltd., spent a day in town last week and appointed H. E. McCall as agent for the company for this district.

After spending his usual spring holiday here cleaning and putting to rights his home and orchard, Mr. P. N. Dorland left on Thursday last week to resume his duty as mail clerk on the K.V.R. line from Midway to Nelson.

After spending a pleasant holiday and rest at home for a few weeks Miss Kate Miller left on Thursday evening of last week for Grand Forks where she expects to remain for a couple of months.

Miss Leone Morrison came down the lake on Thursday last week, going on through on the boat in company with Miss Miller and returning on the morning boat. She

is enjoying her Easter holiday at home.

Another of our overseas men surprised us on Thursday evening of last week when he stepped off the boat in the person of Jack Wilson. Hardly any of the crowd had heard of his coming and were glad they were down for the occasion of his arrival. Jack is looking fine and fit and reports that he is glad to get back.

The Summerland basketball team came up on Thursday of last week to play our boys and the game proved to be very interesting and evenly played, which the score shows, being 16-13. The honor went to the Summerland team, but for the chances our boys have had they put up a strong game. After the game the visiting team were entertained to dinner at the Edgewater Inn and their accompanying friends also stayed to dinner. Quite a number of supporters came up with the boys from Summerland and with the local crowd made our new grounds look quite a busy corner. The game was played on

the grounds originally prepared for a tennis court and skating rink.

Mr. J. H. Hyde returned to his home here on Friday morning after a short trip to Creston.

After spending a short time at home Mrs. N. S. Davidson returned down the lake on Thursday night for further treatment.

Mr. McLeod the public school teacher took advantage of his

Woman Speaker Is Heard Here

Last week Miss MacGregor of Toronto, Travelling Secretary of the Presbyterian Women's Board, was in Summerland in the interests of the missions of the church, and was procured to speak on Wednesday for the third annual union meeting of the Women's Auxiliaries of the Anglican, Presbyterian, Baptist and Methodist Churches in St. Stephen's Parish Hall.

Those who were privileged to hear her cannot soon forget the grand appeal made in behalf of the foreigners and benighted of our own land and must carry for ever the responsibility of uplifting and caring for them, from the political standpoint if not the Christian.

Miss Harrison had the musical program in charge and introduced a very interesting dialogue by four little girls representing three heathen children talking with one Christian child.

A collection was taken to support the Summerland cot in Lucknow, India, and \$26 was realized.

On Thursday Miss MacGregor met the Presbyterian women in St. Andrew's Church, speaking on the missions of the church, home and foreign. She emphasized the great good being done in the province of Quebec and on the prairies by the establishing of school homes.

When tea was served Miss MacGregor took the opportunity of having a personal word with each one present.

On Friday Miss MacGregor met the girls of the church and quite won their hearts. Enthusiasm ran high and a mission band was organized with the following officers: President, Miss Nora Bates; 1st Vice President, Miss Jean Ritchie; 2nd Vice President, Miss Laura MacLaughlan; Treasurer, Miss Mina Yule; Secretary, Miss Jean Caldwell.—Cont.

DEATH OF MRS. RABY.

After but a few hours serious illness Mrs. George Raby died on Friday last at 5:30 p.m. at the ripe age of 74 years. Mrs. Raby was a native of England and came to Summerland in December, 1912, and has been in rather poor health for the past two years. There remain to mourn their loss her husband, two sons, H. E. Raby of Calgary, and W. G. Raby of Summerland, and two daughters, Mrs. C. G. Harvey of Smithers, B.C., and Mrs. C. Craig of this place. Mrs. Harvey was visiting here at the time of her mother's death, and the eldest son, H. E. Raby, arrived in time for the funeral, which was held at 3 o'clock Tuesday from the English Church.
