

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 12, No. 10, Whole No. 583.

SUMMERLAND, B.C., FRIDAY, OCT. 3, 1919.

\$2.00, payable in advance.

Vice Regal Party To Be Here Friday

Will Be Taken Over District By Autos

Reception At Wharf Gov.-Gen. Specially Requests Veterans to Meet Him

Their Excellencies the Governor General and the Duchess of Devonshire will visit the Okanagan next week on their tour of the Province, spending two days in a leisurely trip covering as far north as Vernon. Accompanying their Excellencies are Lady Dorothy Cavendish and Miss Egerton.

Arriving at Penticton early on the morning of Thursday next the party will leave by boat at 8.30 a.m. for Peachland, where the Governor General will open the fall fair. Kelowna and Vernon will be visited later in the day and the night will be spent on the boat at Okanagan Landing. Leaving the Landing Friday morning they will come direct to Summerland, arriving at 10.30 a.m. Here they will be received by the Reeve and Councillors and much the same program carried through as for the Prince. In addition a motor ride covering as much of the district as can be done in the time allowed, will be provided.

The Summerland Automobile and Good Roads Association who have been given charge of the conducting of His Excellency the Duke and his party on a short run around the Municipality propose taking the following route:

Starting from the C.P.R. wharf to Peach Orchard, up the switch-back grade past Fosbery's and on to Jones Flat at the Hilborn ranch; west along Jones Flat, turning south at the bottom of the grade at Tingley's; turn west at Snow's corner, past the Cartwright gates; turn east on reaching the Prairie Valley road; through West Summerland, round the east side of Giant's Head, down the hill past Zimmerman's to the Lake Shore road and thence north back to Summerland, stopping at the Fruit Union where the party will be shown over the plant in operation.

It is earnestly requested that the travelling public, and especially truck drivers, keep off the above route as much as possible between the hours of 11 a.m. and noon, in order to minimize the possibility of accident.

Four or five cars will probably be requisitioned for the trip, but the exact number of the ducal party is not yet known.

His Excellency has expressed the wish that he might meet as many as possible of the Summerland men who served overseas. Secretary MacDonald of the G.W.V.A. has also received a letter urging the returned men to be present at his arrival and stating that permission is given to wear uniforms. Summerland is proud of the number of men who served in the Canadian and Imperial forces and doubtless every citizen would wish that as good a showing as possible be made on this occasion.

Gets Presentation

Mrs. Grey, a nurse at the Summerland hospital, having recently been appointed matron of the Princeton hospital left for the Similkameen on Tuesday.

Just before leaving for Princeton Mrs. Grey was surprised when called into the corridor, where with the doors all open so that the patients might hear, Mr. Thompson, one of their number, on behalf of the patients handed her a present at the same time in a brief speech conveying to Mrs. Grey the best wishes and kindly feelings of the patients, to which Mrs. Grey made fitting reply.

Four of our citizens, transgressors perhaps through ignorance but which is not acceptable as an excuse, were each fined \$10 last Saturday by Mr. R. H. English, J.P. for gassing kikaninneas and using lights for attracting same.

Early Frost Kills Tender Vines

Frost, just enough to blight such tender vines as melons and cucumbers, was experienced in sections of the Summerland district and elsewhere in the Okanagan early this week. On Sunday morning the official record at Balcom Ranch was 32 degrees. The next morning it was one degree lower. Closer to the lake, at the Experimental Station the thermometer registered 34 degrees on both mornings, as will be noted by reference to the weather report in these columns.

A September frost is almost unknown in these parts, even at the elevation and as far back from the lake as is Balcom Ranch one has to go back 11 years to find records of another. In fact it is usually towards the last of October that the temperature drops to the freezing point.

Below is a list of "first frosts" as kindly furnished The Review by Mr. R. V. Agur, of Balcom Ranch.

Year	Month	Temperature
1907	November 2	31 degrees
1908	September 24	31 ..
1909	October 15	32 ..
1910	October 20	32 ..
1911	October 18	32 ..
1912	October 12	32 ..
1913	October 5	31 ..
1914	October 22	32 ..
1915	October 6	32 ..
1916	October 2	32 ..
1917	October 17	31 ..
1918	October 30	31 ..
1919	September 28	32 ..

Big Growth Looked For In Fall Fair

All Are Urged to Participate and Help Make New History

Nothing of greater local interest appears on the community calendar of coming events for this month than the Fall Apple Show and Peace Fair, which takes place on Wednesday and Thursday, October 29 and 30. This event is the tenth annual Summerland Fall Fair, but on a bigger and better scale, it is hoped.

Almost everyone realizes the educational value of this annual event. The tendency towards uplift which is claimed for a properly engineered fall fair is not merely a fancy in the brain of an enthusiast, but is an actuality. This can be proved by watching the quality of the individual exhibits from year to year. Newcomers to the district have impressed upon them the high average quality that must be maintained in Summerland fruit, and the fall fair provides for these and others a valuable standard of perfection in all branches of fruit and farm work that can be striven for.

No amount of energy put into the fall fair by the directors of the Agricultural Association can put the thing across without the full support of the public in general. Heavy entry in the various classes, contributions to the prize list fund, and a little later on attendance at the event itself are only three of the many ways in which help can be given.

Without the detracting influence of the war, there is no reason why the Summerland Fall Fair should not this year take on increased proportions in common with other institutions in the community. When the immense strides that Summerland and district has made in the past few years are considered it seems only reasonable to expect a bigger and better fair in 1919.

Entries from Peachland and Naramata are hoped for in good numbers this year. Local fairs are being held in each of these places, and if it can be arranged that the cream of these fairs comes to the Summerland exhibition, it is certain that competition would be the keenest ever.

Start planning your entries now, it is not too early. Prize lists will be mailed out early next week, and the secretary will be pleased to supply any further information.

Over 1,000 voters have taken out complimentary memberships with the Vancouver Y.M.C.A.

Splendid Welcome Given Prince of Wales on Tuesday by People of Summerland, Peachland, Naramata

H.R.H. Shown Through Packing House. Greatly Enjoyed Watching the Grading and Packing of Apples

It was a genuinely royal welcome that was extended to the heir to the British throne when he arrived in Summerland last Tuesday morning. A great crowd had gathered at the C.P.R. wharf from miles around including many from Naramata and Peachland, and the frequent, prolonged and wholehearted cheering could not have failed to convey to our popular Prince the spirit of joyous welcome entertained toward him by all.

The reception was most informal and seemed to be the more appreciated by the Prince as well as the people because of that fact. By his free and easy manner, his unaffectedness and the spirit with which he entered into his part in the affair he quickly won the hearts of the people.

The first to welcome the Prince were about 300 school children, including a goodly number from Naramata, who had been lined up facing the landing, and as the boat pulled in to the wharf sang several patriotic songs.

At the end of the gang plank H.R.H. was greeted by Reeve Simpson who was introduced by Hon. Martin Burrell. In order to be in full view of the large crowd covering wharf and loading platforms as well as roofs of buildings and freight cars, Reeve Simpson asked the Prince to come forward to an open space reserved for the purpose where he presented the members of the Council and read the civic address of welcome.

Quite a number of war veterans had lined up with Major Hutton in command, and were inspected immediately following the Prince's brief acknowledgement of the welcome conveyed by the Reeve. Shaking hands with each one he enquired of his experience or in other words expressed an interest in each and every veteran. Facing the veterans were the Boy Scouts in charge of Scout Master Zimmerman, and they too were inspected by the Prince.

What will perhaps be as long remembered by His Royal Highness as any part of his visit to Summerland was the quarter of an hour spent by him in the Fruit Union packing house. It was apparent that the whole process of grading apples by machines and of wrapping and packing them was something new to the Prince, and he manifested the keenest interest in it all. Without the least formality and not waiting for explanations from a conductor he followed the fruit through from the orchard boxes to the finished package, putting questions to graders, packers, and nailers when there was any point on which he sought information. The methods of grading for color, just how the machine sorted the fruit into the several sizes, how many boxes the girls could pack, why the boxes were filled so full and even the nailing on of the covers were

New Retail Firm

Of interest to the general public and especially so to the business community is the announcement made in these columns of a change in the general store business which has been carried on for eleven years by A. B. Elliott.

Mr. Arthur Davidson has bought a half interest in the business which includes both stores and since the first day of the present month has been actively identified with the business.

Mr. Davidson has for some time recognized the business opportunities which this growing district affords and those who know him will not be surprised to learn that he has gone into mercantile business. Mr. Elliott, who came here from Nova Scotia eleven years ago has been in business here about as long as any of our merchants and is truly one of our pioneers.

It is evident that he is laying plans, with his partner, to further extend the business which has been

subjects talked of with the operators. Some packed apples were sent aboard the boat by the Union, a box of ripe peaches by S. M. Young and a five pound package of crystallized fruits by Mrs. M. B. Smith, Naramata.

Passing through the cheering crowds the Prince and party returned directly to the gang plank, where, learning that the fruit had been sent aboard, the Prince asked for Manager Lawler that he might thank him, but "Jack" could not then be found.

As the Prince stepped on to the deck of the Sciamous the children, joined by the crowd, sang the National Anthem, and again when he had reached the upper deck and the boat was pulling out the veterans cheered the Prince and sang "For He's a Jolly Good Fellow."

The continued cheering as the boat pulled out was acknowledged by the Prince by further waving of his hat, which had been in his hand much of the time, while he smilingly acknowledged the frequent cheers of admiring and loyal throngs.

The wharf had been tastefully decorated under the direction of Messrs. F. A. C. Wright and Ed. Bentley, and it is but fitting that expression of the gratitude of the people of Summerland should here be made for the splendid manner in which Mr. F. A. C. Wright as secretary of the reception committee and chief in arranging the details at the wharf carried out his duties. Everything went through without a hitch and in excellent order.

The complete personnel of the party which accompanied His Royal Highness was as follows:

Chief of Staff, Rear Admiral Sir Lionel Halsey, K.C.M.G.; Attached Canadian Officer, Major General Sir Henry E. Burstall, K.C.B., C.M.G.; Military Secretary, Lieut.-Col. E. M. Grigg; Private Secretary, Sir Godfrey Thomas, Bart.

Three Equerries, Capt. Lord Claude Hamilton, the Hon. P. W. Legh, Commander Dudley North, C.M.G.

In attendance on His Royal Highness, Lieut.-Col. the Hon. H. G. Henderson, the Governor General's Secretary representing His Excellency; the Hon. Martin Burrell, representing the Dominion Government; Major-General J. T. Fotheringham, C.M.G., physician-attached to H.R.H.'s staff; and also F. L. C. Pereira, Governor General's office, secretary to Col. Henderson and secretary to the Hon. Martin Burrell; and R. J. Chamberlin, special commissioner of police.

A large party of Canadian, English and American press representatives are accompanying the Prince's party, and cinematograph men and photographers were also in evidence.

Local Stock Wins

Very encouraging indeed is the report received by wire this morning by R. V. Agur, Balcom Ranch, of the winnings made by Balcom live stock at the Provincial Fair at Westminster. Mr. G. A. Paull, of the K.V.R. Farm, wins that Balcom Ranch has taken first prize on two year old Holstein cow; second prize, but first money, on one year old heifer; fourth but second money on calf, and third prize on Yorkshire boar. The Holstein bull once the property of S. J. Kinney, Penticton, and for several months before being sold to the K.V.R. kept at Balcom Ranch, won first senior champion reserve grand prize.

steadily growing. Further interesting announcements may be expected soon.

Hits Man And Speeds Away

Driving through Peachland last night about 8.30 at a high rate of speed and without lights a strange car struck Mr. McDonald, an elderly citizen of that town, knocking him down with considerable force and continued on its journey south without stopping, even when the driver was called on to do so.

Mr. McDonald, Mrs. Alec Miller's father, was crossing the street when struck by the car, and sustained a severe scalp wound and a bad shaking up. John Buchanan, an eye witness, called upon the speeder to stop but gave more attention to the injured man than to making immediate effort to capture the driver of the car. Constable Williams was notified and he telephoned to Summerland to try to have the stranger stopped here. A watch was kept by Cons. Craig until Con. Williams reached here but no trace was found of the stranger. This morning The Review learned by phone that evidence was discovered that a car had turned near the old box factory this side of Peachland, and it is thought that the culprit has taken that means of evading the police. A strange car went over to Kelowna on the late ferry last night and if the fugitive turned back he went through Peachland again with lights burning, top up instead of down, and otherwise disguised.

The matter has been reported to Provincial Police and all clues are being followed up with a determination to arrest the guilty one.

Must Store Our Winter Apples Here

Markets Commissioner Writes on Subject

Large quantities of apples are arriving at prairie points from B.C. Some were bought in advance, and some, especially fall apples, were not. It would seem that this market is glutted, but such is not actually the case.

This is harvest time in B.C. Apples are being picked, packed, and shipped in the space of six weeks, that will have to supply the prairie and other markets for six months. As fast as cars can be obtained these apples are forwarded and the unsold offered for sale.

The apparent plenitude of supply makes buyers the boss of the situation and his price has to be met which is often much below the price that would be set by the law of supply and demand.

The annual consumption of apples on the prairies is about 2,500 cars, mostly No. 1. These at \$2.00 per box and 750 boxes per car represent a value of \$3,750,000. The capital involved in the prairie supply of apples is therefore about \$3,750,000, and all sales are usually on a cash basis.

The jobber has to finance the future for six months ahead. Jobbers are not rich men and the margin of profit is not enough to do this. It is the growers' and shippers' business to store the apples at B.C. points and feed the market. In this way business can be done on a cash basis. If for reasons of weather severity it is decided best to store on the prairies, then the jobbers are the men to look after it. In such case credit must be arranged on cash and 30, 60 and 90 day notes, much as is done in other business enterprises. This system rather upsets the organization's present plan of immediate returns. If we are dealing with reliable people, and there is no reason why we should not be, we can get arrangement with the bank to discount the notes, therefore the risk would be nothing in comparison with the loss taken when the flood of apples arrives, and are at the mercy of buyers who have to figure on so many chances that his investment is purely a gamble.

The unorganized districts suffer most in times like these, as organizations have their sales made in advance. Storage in B.C. is only possible when growers are willing to organize and finance their own business; individually it is out of the question, and if the market is going to be fed by the jobber here on the credit plan, organization is

Vancouver Business Men Are Coming

Guests of Board of Trade on Thursday

Lunch To Be Served

Will Be Shown District, Including Experimental Farm

At a special meeting of the Summerland Board of Trade held Wednesday evening Mr. F.A.C. Wright was elected secretary to succeed Mr. C. W. Lees, resigned.

Brief reports were received from several committees, one interesting item being a report made by President Andrew regarding the Coast exhibitions. It had been admitted that as at present arranged there was no suitable class in which district exhibits from the dry belt could be entered, Mr. Welch, who in company with Mayor Gray of New Westminster, had recently visited Summerland and other Valley points in the interests of the New Westminster Fair, had promised that a class suitable to this district would be provided next year. President Andrew said it was not too early now to look out a suitable man to arrange for a Summerland exhibit for next year.

Two new members, Messrs. J. C. Freeman and A. W. E. Fawkes were proposed and elected.

Following quite a discussion on the coming visit to the Valley of some 60 or more members of the Vancouver Board of Trade a committee to ask the co-operation of the Women's Institute in entertaining the visitors and to carry out the necessary arrangements, including that for transportation, was named by the president. The committee are: O. F. Zimmerman, convenor; Rev. H. A. Solly, R. E. White, and A. Davidson.

It had been proposed that cars should meet the visitors at Penticton and bring them up to the Summerland Experimental Station, where a basket lunch would be given by Summerland, following which the guests would be taken for a drive over the district. It is probable that the lunch will be served in St. Stephen's Hall.

Penticton had asked for the co-operation of Summerland in entertaining the visiting business men and President Andrew, in placing the matter before the members said that in the past the relations between the two boards had not been cordial. On more than one occasion invitations extended to the Penticton Board had been ignored. Penticton had been unfortunate in its officers, but he was glad to notice a change.

Secretary Wright pointed out the seeming unfriendly attitude of the Penticton Herald to Summerland, and mentioned that it had in its last issue again referred to the Experimental Station at Trout Creek, evidently with the intent of conveying the impression that it was adjacent to Penticton.

Others expressed the opinion that the attitude of the Herald was not that of the business men of Penticton and expressed a willingness to work with the Penticton Board.

Rev. H. A. Solly stated that he had been asked by President Morley to inform the Summerland Board that their co-operation in taking the party to Fairview would be appreciated, gas for cars being provided by the Penticton Municipality. In return Penticton would assist in conveying the visitors to and about Summerland, with Summerland providing the motor fuel. Representatives of the local board were also asked to attend a banquet on Friday night.

The business was referred to the above named committee to act for the board.

still necessary to regulate the market prices.

We prefer feeding the market from the growers' storerooms in B.C. The alternative has its good points. Something along these lines must be done to change the present all round unsatisfactory conditions which will annually get worse as the supply gets heavier.

Naramata News

Current Events of Town and District

Miss Sadie Hall has gone to Sloan to visit her brother.

Rev. Mr. Haggith and family and Mrs. Fox who have been here for the past month have returned to their home in Banff.

Mr. and Mrs. Jenkins of Calgary and Mr. and Mrs. McDonald of Pentiction were the guests of Mr. and Mrs. Meyers last week.

Mrs. Chambers and children who have been visiting at the home of Mr. and Mrs. George Cook left this week for their home in Los Angeles, Cal.

Mr. and Mrs. T. H. Boothe and party motored up from Pentiction on Thursday. Mr. Boothe was showing his guests over this district.

Naramata has the honor of supplying the table of His Royal Highness the Prince of Wales with fresh fruits and flowers during his journey on the Okanagan Lake, and we have just learned that the order has been duplicated for the trip on the Kootenay Lakes as well. The selection was made by Manager Dean from the Union packing house.

Mrs. E. H. Hancock and son Percy left on Thursday morning for points in England and Scotland. Mrs. Hancock will visit family and friends there and will probably remain during the winter.

Mrs. Ronald Smith and three children who have spent the last three months here at the home of Mrs. Languedoc have returned to their home in San Francisco.

The regular monthly meeting of the ladies' Unity Club was held on Friday afternoon with Mrs. William Nuttall as hostess. The Club has decided to make November 11

the date for an annual celebration which will consist of a general survey of the work done by the Club and will conclude with a chicken dinner. The Club will take over the active work of improving the Cemetery grounds. As this work is of importance to every citizen it is to be hoped that the members will all turn out to the meetings and help carry on. Mrs. Aveson gave a humorous reading from the Chronicles of Avonlea which was greatly appreciated by all. The Club adjourned to meet in four weeks, with Mrs. Meyers as hostess.

Miss Elizabeth Ellison of Vernon was the guest of Miss Gladys Robinson over Sunday.

Mr. Richards, Lester Mallory, Cyril Raynor and Bert Partridge went on a hunting expedition to Chute Lake on Saturday.

The Ladies' Aid of the Methodist Church held their monthly meeting Wednesday afternoon in the Church basement with Mrs. Cash as hostess.

Mr. J. C. Miller, Mr. and Mrs. J. M. Robinson and Miss K. Robinson went to Vancouver on Sunday morning. Miss Kathleen will go into training in the General Hospital on Wednesday. Many pleasant social affairs have been given in her honor during the past week and we all wish her every success in her new work.

The Women's Institute will hold their regular meeting the first Tuesday in October at which time plans for the Fall Fair will be completed. During this meeting new officers for the Red Cross will be elected. Roll Call will be answered by "A Book I would like to see in our library."

Mrs. George Cook was the guest of Mrs. William Steele at Mineola for a few days last week.

Mr. and Mrs. Chas. Johnson have sold their holdings and returned to the Coast to take up their residence.

Mrs. Bell was the guest of friends in Kelowna over the week end.

Miss F. M. Girdler of the British Overseas Settlement Mission was here for a short time on Tuesday.

Through the efforts of Mrs. M. B. Smith, Miss Girdler was induced to look over this district with the idea of making it one of the localities to be benefitted by this new work.

Mrs. M. B. Smith, Mr. and Mrs. L. Smith were in Pentiction on Monday.

Miss Dorothy Seevers who has been acting as nurse in the Hospital in Summerland has returned to her home here on the benches.

The Summerland Hospital Drive Ball will be held in Empire Hall on Friday, October 3, and a big crowd is expected. The music will be furnished by the Peck-Manchester Orchestra.

Mr. F. C. Manchester and Mr. Alden Peck have taken over Empire Hall in Summerland for the winter. They expect to have dancing parties during the season as well as fix the hall up for the service of the general public. They have been getting in touch with some theatrical companies and expect some good shows in the near future.

An Eastern View

(Toronto Mail and Empire)

The example of economical distribution set by the California Fruit Growers' Exchange should be more widely studied by fruit distributors in Canada. This Exchange handled at cost about 72 per cent. of the fruit of California, and last year did it at less cost than the year previous, notwithstanding higher freight rates and increased charges in every line. Its cost of selling 14,816,000 boxes of oranges, lemons and grapefruit was 51.5 cents a box, or only 1.04 per cent. of the delivered value. Considering that oranges and lemons from California go to every city and town on the continent, except perhaps in Florida, this is a remarkable achievement. It costs more to sell oranges and lemons within a city than it does to handle them all the way across the continent. The waste and high cost of wholesale and retail handling, and big city charges, are a big burden upon buy-

ers of fruit. How often we see ordinary apples, from our own province, selling just as dearly as do oranges from California! The waste in needless overhead charges and living costs for an excessive number of fruiterers would enable the cutting down of selling costs by about 50 per cent., if only the proper number of men were in the business. It would be interesting to have an analysis of the retail fruit stores, compared with the volume of their sales. The result would probably be startling in showing most wasteful overloading of the distributive system.

Practically every Canadian soldier killed on the Western Front during the great war will have decent burial in a proper cemetery with the grave marked plainly and suitably, says E. J. Glenesk of Vancouver, who spent several months as Y.M.C.A. secretary with the Canadian War Graves Detachment until that unit was disbanded and the work turned over to the British authorities for completion. Mr. Glenesk says the work is being done most thoroughly, not the slightest sign that would indicate the presence of a body underneath being missed by the successive waves of men who search every foot of the ground. The Y.M.C.A. had three secretaries with the detachment, each equipped with a moving picture machine, a tent for reading and recreation room, and a canteen.

COOKE and BLANCHARD

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$500 per annum and records same each year. Failure to make improvements or records same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 25 acres, may be leased as homestead title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 40 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Robins of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which claims or devices of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retrospective.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 30, 1918. Taxes are remitted for five years.

Provision for return of monies accrued. Rule and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependants, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.
Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.
Grazing Act, 1919, for systematic development of livestock industry. Provisions for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

For Quick Sale

I am instructed by the owner of Lots 53 and 54, Lot 1073, Trout Creek District, to secure a quick sale of the property.

The lots comprise 18 and 17 acres respectively. They are in an irrigated district. The sale includes all the trees upon the lots. Clear title can be given.

PRICE for the whole valuable property **\$3,000**

TERMS, \$1,000 Cash and two or three years in which to pay the remainder.

NOTE—This price is much less than the assessment placed upon the property.

Apply to **OLIVER E. MANN,**
Peach Orchard, Summerland.

Winding Trail

By Autolycaus.

A SIGN OF THE TIMES.

Banks are exceedingly reliable weather vanes, and show very accurately which way the financial wind blows. The re-opening of old branches, and the creation of new ones, are signs of returning prosperity in the district, and also that future prospects look good. The casual passenger up or down Lake Okanagan sees only some small green patches on the hillsides, with rows of little trees which remind him of the arborescent ornaments pertaining to the Noah's Ark of his childhood, and cannot begin to realize what this valley stands for. He must take the winding trail among the many orchards before he can appreciate the wealth which lies among the fertile hills. Even then he would be hard put to gauge the actual extent of the business handled at the various landings he had passed. But the banks know, and govern themselves accordingly.

SMALL FRUITS.
I have many times wondered at the small amount of attention given to the cultivation of small fruits in this Valley. It is rare to come across even one acre devoted to these, and one would suppose that they did not thrive here, or that there was no market for them. But his small fruits solved the problem of keeping pickers steadily going, which otherwise would be impossible. There may be some drawbacks which the inexperienced observer may not know of, but enquiry has so far failed to learn of such.

"THE SMILE OF MANITOU"

I believe I know one, at least, of the reasons which prompted the Indians to christen Naramata as they did: it is because it has no mosquitoes, or at least none to speak of. Before coming to the Okanagan I asked a correspondent who lived in a place further south than Summerland. But neither supposition would be correct. In one of the few places where I found some importance attached to this branch of the fruit industry, I was told that the 1918 crop of black currants produced a gross return of \$1,100 per acre, and that the market was practically unlimited. My informant also said land, if mosquitoes were bad in the Valley, and received the ambiguous reply that all mosquitoes were bad—except dead ones! When I reached Pen—I mean, when I got "further south" I at once found out why my correspondent had hedged on the subject. The mosquitoes also found me out, and relieved me of any uncertainty in the matter. But a whole summer's sojourn in the place so happily named by Lo, the poor Indian, has not revealed enough of those atrocious blood suckers to run into double figures. One could almost paraphrase the short but highly satisfactory account of snakes in Ireland given in a certain encyclopedia under that heading:—"There are no snakes in Ireland."

A DEMOCRATIC PRINCE.

The visit of the heir to the throne of Britain leaves an abiding remembrance of a charming personality and a sunny smile which was obviously spontaneous and not made to order. It also furnishes food for reflection on the constitution of an

Empire which can at one and the same time pride itself on the possession of an hereditary monarchy, and the most perfect development of democracy the world has ever seen. The war we have recently brought to a close has swept away many monarchies, and has substituted, so far, little but chaos and confusion.

But the British Kingship is today supported by a strength of loyalty and affection greater than ever before. The reason is found in that essentially British cast of mind which clings to all those traditions of the past which have stood the test of time, while still assimilating every tenet of that personal freedom which was assured to them from the day of Magna Charta. The result is apparent to-day in such an object lesson as we saw this week.

Says American Car Not To Blame

It was on the occasion of meeting another car that the automobile driven by the owner, Capt. Beppard of Kaleden, went over the cliff on the Kaleden hills, resulting in serious injury to Mr. Matt Wilson. The second car was from Oroville and the Oroville Gazette gives the following story of the accident: Tuesday of last week a serious auto accident occurred on the road to Pentteton in which two men were seriously injured and which is of local interest because the car that the Canadian driver was attempting to pass belonged here and was occupied by Oroville residents. The car from here is owned by Miss Ruth Burns, manager of the Oroville General Hospital, and at the time was occupied by Miss Burns, Miss Loretta Lyden, Mr. Slayton and Mr. and Mrs. A. Bumgartner, Mr. Bumgartner driving. The party was on their way to Pentteton, travelling the highway along the shore of Dog Lake, known as the Kaleden road.

While ambling along there suddenly appeared ahead a car coming at a very high rate of speed. As it neared the Oroville car Mr. Bumgartner turned to the left as near the bank as possible. Without slacking speed the approaching car attempted to pass, slewed to the left and shot over the bank. Two of the occupants were thrown a considerable distance out of the car, one of them falling against a barbed wire fence and was seriously hurt. The driver stuck to the wheel and although the car fell a considerable distance and was badly demolished strange to say the driver escaped without a hurt. The Oroville people lent all the assistance they could to the injured travellers and conveyed them to Pentteton. No blame could be attached to the Oroville car and driver. There was ample room for even two cars: to have passed the auto going north had the driver of the Canadian car slowed up and shown any judgment, according to the statements of those in the car from this place, and while they deeply regret the unfortunate circumstances they feel that they are entirely blameless under the circumstances.

WAY TO BAT HIGH PRICES.

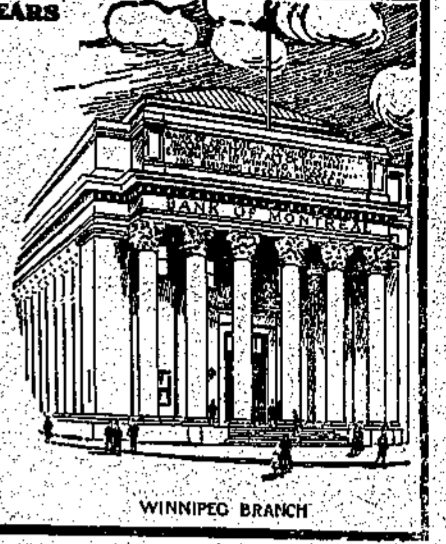

Here is New England-thrift for you. A man living at Gloucester, Mass., advertised in a local paper that he would give \$5 for the best specimen potato sent him during a certain period. Despite the present value of tubers, fine specimens came in every day, until at the close of the contest he had six barrels of choice potatoes—all for \$5.

BANK OF MONTREAL

To Revise Roll for 1920

New Assessor Appointed

It was a brief session that the Municipal Council held on Tuesday and before the business was completed an adjournment had to be made because there was not a quorum.

One matter dealt with was the appointment of an assessor. Mr. J. M. Sutherland will be offered the position of assessor, roll 1920, at a salary of \$350 with the understanding that the work entailed in procuring necessary information at Kamloops Registry Office shall be under the direction of the Clerk.

Mr. F. A. C. Wright suggested that some work on the road at the switchback be done before the Governor General's visit. This was promised. Brush will also be cut at places on roadsides.

Couns. Kirk and White were appointed a committee to prepare the civic address to His Excellency the Governor General.

By an agreement entered into with an earlier council Mr. Jas. Ritchie was given the opportunity of re-purchasing certain lands on Paradise Flat. The time limit had been extended but the undertakings had not been carried through. Last week, the Council decided that it would be better to hold on to the land for the present until the matter of an ample supply of water was further enquired into and an adequate supply assured. Messrs. Kelley and Ritchie called on the Council on Tuesday and much of the afternoon was taken up in discussing the several phases of the question. Further consideration was promised.

During Reeve Simpson's visit to the Coast attending the Municipal Convention, Coun. Campbell will act as Reeve.

At last week's session Mr. S.

A. Denike presented a claim for \$100, alleged damages to cherry trees by seepage, Mr. Denike claiming that a leaky ditch had caused the loss. There was a long discussion on the subject, but the Reeve and Council held to the view that it would be impossible to entertain the claim.

At the suggestion of Councillor Kirk the Clerk was instructed to write Ottawa asking for two captured guns as war souvenirs.

A movement is on foot, says a U.S. exchange, to secure legislation against the mail order houses and enforce a state levy against these concerns for doing business in the state. We are not opposing the proposition, continues the writer, but we cannot too strongly urge the retailers that the most effective weapon they possess to fight the mail order house is the columns of their home newspaper.

Civic Address To Prince Edward

His Royal Highness the Prince of Wales made a brief but kindly verbal acknowledgement of the civic address of welcome, in which he thanked the Reeve on behalf of the people for the splendid reception given him and wished for Summerland and her people every success and happiness. Especially did he seem to appreciate the fact that so many had come to meet him, for when leaving he again referred to this in words that would convey the impression that he had been greatly honored.

The civic address is reproduced below. Copies of this, done in gilt and colors, enclosed in a suitable cover may be seen at the Municipal Office and at the office of The Review. It was a home product and has occasioned much favorable comment.

May Settle Here

Mr. J. C. Blair, Prof. of Horticulture in the University of Illinois, was an interesting visitor to Summerland this week, the guest of his aunt, Mrs. Isaac Blair. He has been touring the fruit districts of the Pacific from California to B.C. Asked of the impressions he had received he told of the strong movement in the States visited against the selling and leasing of land to Orientals. Equally strong is the determination to wrest from them much of the business hold they have obtained in some of the cities. Farmers are organizing for the purpose of keeping their industry in the control of the whites.

While each district has its peculiar advantages, Prof. Blair said, he had found none more favored than Summerland. In fact he admitted that he was strongly tempted to make Summerland his home. He was greatly surprised that we had not more industries subsidiary to fruit growing. Evaporators, cider and vinegar mills, canneries, etc., should be operated here. We may see more of Prof. Blair, which would be fortunate for Summerland.

Theosophical Study Class

To His Royal Highness

Edward Albert Christian George Andrew Patrick David, Prince of Wales and Earl of Chester in the Peerage of the United Kingdom; Duke of Cornwall in the Peerage of England; Duke of Rothesay, Earl of Carrick and Baron of Renfrew, in the Peerage of Scotland; Lord of the Isles and Great Steward of Scotland; K.G., G.M.M.G., M.C., etc., etc.

May it please Your Royal Highness:

On behalf of the citizens of Summerland and District it is my great privilege to-day to extend a loyal and hearty welcome to Your Royal Highness on this, your first visit to Canada.

We respectfully request Your Royal Highness, on your return to England, to convey to their Gracious Majesties, your august Father and Mother, assurance of our affectionate loyalty to their throne and persons, together with our heartfelt determination—which we hold with the people of all parts of Canada—to build up on this Continent a great and powerful nation, under the flag of Britain.

We earnestly trust and pray that the tour of Your Royal Highness through the Dominion of Canada may be crowned with success and pleasure, and that you may be long spared to adorn the high position to which, by the Grace of GOD, you have been called.

I have the honour to be,
Sir,

Your obedient Servant,

E. R. Simpson,

Reeve.

THE SUMMERLAND
MERCANTILE COMPANY, Ltd.

Passing Events: Social, Personal, &c.

Mrs. R. H. Helmer, accompanied by her young daughter, is visiting in Vancouver.

Tom Hickey went out by K.V.R. Wednesday morning to obtain his discharge.

Donald McIntyre and Roy Elsey left Sunday morning to resume their studies at the University.

Mrs. W. E. Van Hise went east by K.V.R. this morning to visit her sister, Mrs. Stein, in Aledo, Ill.

The Summerland Women's Institute will resume their monthly meetings on Friday next, 10th, at 8 o'clock in the Parish Hall.

Harry Ansell returned early this week from service overseas. Before joining the Canadian forces he was employed with Coun. J. R. Campbell.

Harry Rennie came in from the Coast Wednesday morning, having gone directly from Halifax to Vancouver and obtained his discharge from the Canadian Forces.

Mr. E. J. White, manager here for the Bank of Montreal is leaving for the east on a vacation of a month's duration. He is being relieved by Mr. McRae, of Vancouver.

Reeve Simpson and his friend Mr. Babbage were K.V.R. passengers to the Coast Wednesday morning. Reeve Simpson will attend the Good Roads Convention before returning.

Children who intend entering calves or pigs in what is known as the Canadian Bankers' Competition at the Fall Fair this month are reminded that they must lodge their entries with a local bank not later than October 8. Or the Secretary of the Agricultural Association if notified will see that any entries are properly made.

Attending the Liberal-Conservative Convention at Vancouver this week were A. E. Hespeler, H. C. Mellor and W. Harvey, representing the Summerland Association. Delegates from other points in South Okanagan were: J. M. Robinson, Mrs. J. M. Robinson, E. Wilkinson, J. W. Brownes, S. J. Edwards, C. E. Miller and Thos. Bulman.

Attention is directed to an advertisement of an illustrated lecture on "The Stars," that will be quite out of the usual and will without doubt be well worth attending. The lecturer, Mrs. J. J. Baker, has the ability to explain the pictures which will be thrown on the screen in a manner that will be instructive and a delight to an audience. There is the further commendable feature that the proceeds are for the worthy purpose of helping the High School Library and Reading Room Fund. Make it a point to attend.

Mr. and Mrs. Arthur Solly are visitors at the Rectory this week.

Lieut. Alfred Vanderburg left last Saturday for Toronto to enter a medical college.

E. F. Cooke has sold his interest in the hotel to his former partner, H. S. Blanchard.

Mr. Jas. Ritchie was a coastward bound passenger on the K.V.R. Wednesday morning.

A third performance has been added to next week's program at the Rialto. See advertisement.

Mrs. A. Milne is putting into stock a new supply of children's boots and shoes for winter wear and also a full line of women's and children's felt slippers.

Municipal Clerk Nixon and President Wright of the Summerland Automobile and Good Roads Association leave this weekend to attend the Good Roads Convention at North Vancouver.

The ladies of St. Andrew's Church will hold their annual Thanksgiving supper in St. Andrew's Hall on Monday night, October 13th, from 6 to 8 o'clock. Adults, 40 cents; Children, 25 cents.

Miss Myrtle Ritchie went out to Vancouver Sunday morning to resume her studies at a business college there. She was accompanied by her mother, Mrs. Will Ritchie and by Miss Margaret Ritchie, daughter of Mr. and Mrs. John Ritchie. The two latter will return after spending a few days at the Coast.

Efforts are being made to have Hon. E. D. Barrow, Provincial Minister of Agriculture, officially open the Summerland Fall Fair. He is at present away from the capital, but it is known that he has not at this time any other speaking engagement that would prevent his coming to Summerland. Mr. J. W. Jones, M.L.A., has also signified his intention of visiting the Fair, as usual.

At The Rialto on Thursday next

Community Calendar of Coming Events

Advance notices under this heading will be charged for at two cents a word. Minimum charge 50c. first insertion. Each repeat one cent a word. Minimum 10 cents.

St. Andrew's Presbyterian Church morning service, 10.30. Special preacher, Rev. D. Lister. Mr. Lister was overseas for three years. Come and hear his message. The Lord's Supper will be observed at the close of the service.

October 26th will probably be the date on which we will revert to the "sun time." That is the date fixed by the U.S.A. for the termination of the "daylight saving" time, and Canada is likely to make the change on the same date.

Wasps And Yellow Jackets

Ripe fruits are frequently destroyed by wasps and yellow jackets, which bite through the skin in order to reach the juices beneath.

These openings are much frequented by bees, flies and ants, and often fruit at first only marked by the wasps becomes unmarketable through the inroads of the other insects. Often bees are given entire credit for this injury, but observation seems to indicate that the wasps are the first mischief makers.

When it becomes necessary to control the wasps the following treatment will prove satisfactory, according to a statement by Professor A. L. Melander, entomologist of the Pullman, Washington, Experiment Station. A teaspoon of paris green may be mixed with a cup of syrup; when thoroughly

stirred this may be applied to bread, corn flakes or even bits of paper as an absorbing medium. This poison should be placed where the wasps are abundant and they will speedily find it. The poison does not act immediately, although wasps which feed on it are not likely to partake of another meal. Such poison should be placed carefully out of reach of children. Although the wasps are extremely fond of fruit, yet poison mixed with fruit, either sprinkled on it in dry form or mixed with a cooked sauce, does not attract the wasps. Probably the acid of the fruit reacts with the poison so as to produce a metallic taste, which is disliked by the insects.

The same remedy will prove of great worth to campers, who are often annoyed by wasps, hornets and yellow jackets.

Get busy and attend to business—but be sure it is your own business.

The Why? of Another Victory Loan

WHEN, on the morning of November 11th, 1918, the guns were hushed and glad tidings flashed across the world, there followed with the Nation's Prayer of Thanksgiving, one yearning query, which found echo in the faster beating hearts of wives, mothers, fathers, brothers, sisters and sweethearts. That query was, "How soon will our boy be home?" And, from France and Flanders, from Italy and Egypt, from Palestine and from far-off Siberia, there came an answering echo, "How soon, how soon, may we go home?"

CANADA caught the spirit of these longings, and at once resolved to satisfy them. It was an appalling task. Shipping was tragically scarce. The composition of the Army of Occupation had not then been settled. And other parts of the Empire as well as Canada were looking for the speedy return of their men.

THE problem was this. The half-million men that Canada had overseas had taken more than four years to transport to the field of battle. To bring them home in a few months was a gigantic undertaking—one to tax all Canada's ingenuity and resources. Canada solved the problem, but it meant crowding into a few short months, an expense for demobilization which it was impossible to foresee.

THEN, too, besides the sentimental aspect of the necessity for bringing the men home quickly the economic side could not be overlooked. That was, to transform efficiently and speedily the nation's army of fighters into a national army of workers.

Need Divides Itself in Two Parts

The answer to the question "Why does Canada need another Victory Loan?" divides itself into two parts. (a) To finish paying the expenses of demobilization, and the obligations we still owe to our soldiers.

Obligations to Soldiers

The obligations to soldiers include: That already incurred cost of bringing home troops from overseas. The payment of all soldiers still undemobilized, This includes more than 20,000 sick and wounded who are still in hospital, and who of course remain on the Army payroll till discharged. The upkeep of hospitals, and their medical and nursing staffs, until the need for them is ended. These three items alone will use up at least \$200,000,000 of the Victory Loan 1919.

Gratuities

There is also the gratuity which has been authorized, and has been and is being paid to assist soldiers to tide over the period between discharge and their re-adjustment to civil life. For this purpose alone, \$61,000,000 must be provided out of the Victory Loan 1919, in addition to the \$59,000,000 already paid out of the proceeds of the Victory Loan 1918.

Land Settlement

Furthermore, soldiers who desire to become farmers may, under the Soldiers' Land Settlement Act, be loaned money by Canada with which to purchase land, stock and implements. The money so advanced will be paid back; meantime each loan is secured by a first mortgage. Up to August 15th, 29,495 soldiers had applied for land under the terms of this Act; and 22,281 applications had been investigated, and the qualifications of the applicant approved. For this purpose Canada this year requires \$24,000,000.

Vocational Training

For this work which, with the Vocational Training and Soldiers' Service Departments, embraces the major activities of the Department of Soldiers' Civil Re-establishment, an appropriation of \$57,000,000 is necessary.

These national expenditures are war expenses. They will be accepted readily by every citizen who gives thought to the task which Canada faced following the Armistice, and to the success with which she has met it.

National Working Capital

Canada needs national working capital, so that she may be able to sell on credit to Great Britain and our Allies the products of our farms, forests, fisheries, mines and factories.

You may ask: "Why sell to them if they can't pay cash?" The answer is, "Their orders are absolutely essential to the continuance of our agricultural and industrial prosperity."

The magnitude of these orders and the amount of employment thus created, will depend upon the success of the Victory Loan 1919.

The "Why" of Credit Loans

Farmers and manufacturers (and that includes the workers on these orders) must be paid cash for their products. Therefore, Canada must borrow money from her citizens to give credit, temporarily, to Great Britain and our Allies. Actually, no money will pass out of Canada. If Canada does not give credit, other countries will; and they will get the trade, and have the employment that should be ours, to distribute amongst their workers. And remember, we absolutely need these orders to maintain employment. If we don't finance them business will feel the depression, employment will not be as plentiful, and conditions everywhere will be adversely affected.

For Transportation

Money must also be available to carry on the nation's shipbuilding programme, and other transportation development work.

For loans to Provincial Housing Commissions who are building moderate priced houses. These, then, are some of the things for which Canada needs national working capital. She is in the position of a great trading company, and her citizens who buy Victory Bonds are the shareholders.

Those who give thought to our outstanding obligations to soldiers, and to our need for national working capital, cannot fail to be impressed with the absolute necessity for the

Victory Loan 1919

"Every Dollar Spent in Canada"

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

To My Customers

And the Public of Summerland and vicinity.

I have pleasure in advising you that I have taken into partnership with me in my general merchandise business

Mr. ARTHUR DAVIDSON

who will be actively associated with me in the business. Mr. Davidson, who has been a resident of Summerland for some time and is known to many of you, has had considerable experience in merchandising and we hope, with larger stock and improved facilities, to be in a better position than ever to serve the public in a satisfactory manner.

I take this opportunity to thank my many friends for the patronage they have given me. It is just eleven years since I opened my store on Shaughnessy Avenue, and four years later I opened in the Campbell Block. During that time you have given me a generous share of your patronage, which has been greatly appreciated and I trust the service rendered has given you satisfaction.

May I ask that the new firm

ELLIOTT & DAVIDSON

be given the same generous support and confidence you have extended to me in the past.

Respectfully,

A. B. ELLIOTT,

The Man Who Has Saved You \$\$\$\$\$\$\$\$\$

A Weekly Chronicle Furnished By Our Local Representative.

A representative from the Mainland Fire Underwriters' Association of Vancouver, spent a portion of Wednesday of last week in town, gathering data for a report on our fire protection. Among other things he inspected the hose reel apparatus and hydrants, and made a water pressure test. After finishing here he went to Summerland.

Miss Bradbury was a visitor in town on Wednesday of last week, spending the day with her people here.

Mrs. S. Michael was among the arrivals of last week, coming in on Wednesday. Mr. Michael laid over en route in the Nicola Valley to get some horses to bring home with him. He arrived on Sunday with a team and saddle horse to add to Peachland's better class of stock. Sam sure looks fine after his army life.

After having spent some days in Naramata, Weston and Vernon Winger returned home on Thursday morning of last week. Mr. Winger took the boat the same evening for Enderby where he spent the week end, returning on Monday evening.

Mrs. Vivian was a passenger south on Friday evening of last week, to spend a few days in Penticton. She returned on Wednesday morning last.

Mr. and Mrs. Frith, of Vancouver, who spent the summer of 1918 in Peachland, having enjoyed climatic conditions so thoroughly, have returned to remain in our midst for a time again. We regret to hear that Mr. Frith has not been enjoying the best of health of late, and we trust that this bracing Okanagan climate may work wonders speedily. They are taking up their residence temporarily in the home of Mr. and Mrs. R. Harrington.

Wedding bells were again in evidence here last week, but the actual ringing took place in Vernon, when Mr. Jas. Michael, one of Peachland's prominent citizens, was united in marriage to Mrs. Ada Jaques of Winnipeg. Mr. Michael motored to Vernon with Mr. and Mrs. John McKinnon, where they met the bride-to-be. The party motored back, enjoying a very pleasant trip, arriving home on Sunday. They have taken up residence in Mr. Michael's home on Beach Avenue.

The Committees of the Women's and Farmers' Institutes are busy these days making necessary arrangements for the Fair which is to be held on Thursday the 9th of October. It is officially announced that His Excellency The Governor General will be in Peachland on that date and will open the Fair. The prize lists are out now and may be seen at the stores.

Mr. and Mrs. Taityour arrived on Monday night and are guests at the home of Mr. J. S. Drought. Despite the injuries received while doing service overseas, Mr. Taityour is looking fit, and we are glad to be able to welcome him and Mrs. Taityour back to our fair Okanagan.

Mrs. Town and Albert were passengers south on Monday night for Summerland where they witnessed the reception given the Prince and his party. They returned on Wednesday morning.

Mr. K. McLellan arrived on Monday to have another look at his fruit lot here, and look after his interests generally. He is stopping with Mr. and Mrs. E. F. Smith.

Great was the excitement and great the crowd assembled at the wharf on Tuesday at mid-day to witness the passing of the Prince and his party. The citizens of Peachland are very grateful to Mr. Geo. McBean to whom we are indebted for his instrumentality in arranging to have the boat with the Royal party come close to the wharf and slow down in passing. In this way the citizens and children were enabled to get a view of H.R.H. the Prince and other members of the party. As the boat was approaching one of our returned men, Willie Buchanan, who had been in the Navy, signalled with the Naval Code, from a prominent position on the corner of the wharf, "Welcome to our Prince." Then followed by signalling "Good Bye" and "Good Luck." As soon as the boat came close in front the crowd cheered the Prince and Party, when in return the Prince saluted; then the crowd joined in singing the National Anthem.

We are quite proud to be able to

boast that one of our citizens, Mr. Geo. W. McBean, was specially favored and highly honored to be attached to the party who accompanied the Prince on his Okanagan Tour. He was a guest of Mr. A. B. Calder, Assistant to the President of the C.P.R., who was representing the President on this tour, having gone down by auto to Penticton early Tuesday morning and joined the party there. He was formally introduced to the Prince shortly after the boat pulled out of Penticton. It is very interesting to hear the report of the trip up and down the lake as related by Mr. McBean. He speaks very highly of the Prince and his cordial manner, and incidentally of other members of the party. He states that as the boat was pulling away from Peachland he personally and on behalf of the citizens of Peachland thanked the Prince for granting us the privilege and pleasure we enjoyed, and in his reply His Royal Highness expressed his regret that it had been found impossible to stop here. Mr. McBean asked H.R.H. how he was enjoying his tour, and he answered that he was having the time of his life. The members of the party were delighted with the Okanagan Valley and many and varied were the questions asked Mr. McBean, who answered them to the best of his ability, being a comparatively new settler.

In going down to join the Royal party, Mr. McBean took with him a box of fruit, consisting of peaches, pears, grapes and apples, which had been specially packed for him to present to the party, and it was a choice selection well received. Another of our citizens, Mr. N. S. Davidson sent down a choice basket of grapes for the party, and Mr. McBean saw that it was given in to the proper hands to get to the table of H.R.H.

Owing to a scarcity of packers the winter apples were coming in so fast that they were blocking the warehouse space, and the management at the Union decided the best course was to close down on the receiving of apples for a short time to give a chance to get cleared up a bit. They announced that they would close for four days commencing with Monday, and with the assistance of some of the growers who have offered their services to help out they are catching up on the packing pretty satisfactorily. However, there is still room for more packers.

Mill Burned at Penticton

Fire completely destroyed the saw mill at Penticton late last Friday night. The mill had been in operation but a short time, having been idle for some months following the failure of the owning company.

Capt. H. Leir, recently returned from Mesopotamia, had leased the mill and had been making arrangements for making box shooks in conjunction with the sawing of lumber.

The mill had, in addition to the usual equipment, a planer and a small dry kiln, and all were burned leaving only the bricked in boilers in position and looks like a total loss. The origin of the fire is not known. It is said that there was no night watchman and that the fire was well advanced when discovered. The loss is said to be about \$50,000.

The soldier who for twenty minutes had been vainly trying to induce a donkey to go up the ship's gangway stopped and scratched his head. "What sticks me," he muttered, "is how in thunder Noah got two of this kind into the ark."

Summerland Weather Report

Below is a report furnished by the Dominion Experimental Station here for the week, ending Tuesday:

Summerland Lodge, No. 56
Meets on the Thursdays or before the full moon.
Rev. H. A. Solly, W.M.
K. S. Hogg, Sec.

IN THE COUNTY OF YALE HOLDEN AT PENTICTON IN PROBATE.

IN THE MATTER of the estate of Teiji Sato, Deceased, and in the matter of The Administration Act.

TAKE NOTICE that by the Order of His Honor Judge J. R. Brown made the 8th day of August, 1919, I was appointed Administrator to the Estate of the said Teiji Sato, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 8th day of November, 1919. And all parties indebted to the said estate are required to pay the amount of their indebtedness to me forthwith.

Dated at Summerland, B.C., this 26th day of September, A.D. 1919.
W. C. KELLEY,
Official Administrator.

WATER NOTICE.

Use and Storage.

TAKE NOTICE that The Okanagan Securities Company, Limited, whose address is Naramata, B.C., will apply for a licence to take and use eight hundred acre feet and to store eight hundred acre feet of water out of Chute Creek and Chute Lake, also known as Lequime Creek and Lake, which flows southwest and drains into Okanagan Lake about 500 feet from N.W. Corner Lot 212 C.G.

The storage dam will be located at the outlet of Chute Lake about 500 feet from S.W. corner S.L. 9. The capacity of the reservoir to be created is about 1,000 acre feet, and it will flood about 1,000 acres of land. The water will be diverted from the stream at a point about 300 feet from N.E. corner Lot 391 where Creek crosses north line of Lot 391, and will be used for irrigation and domestic purposes upon the lands described as Lots 391, 212, 208, 285, and 286, Osoyoos Division of Yale District. This notice was posted on the ground on the 22nd day of September, 1919.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

Immense Irrigation Scheme Taking Shape

Expenditure of Eight Million Dollars Planned to Convert Arid Country Into Rich Orchard Land

What would the people of the Okanagan think of a proposal to dam the Similkameen somewhere between Princeton and Keremeos and to divert a large part of the water of that river to a huge ditch to be brought into the Okanagan Valley through a tunnel fourteen miles long and carried up and down the Valley for distribution on both the east and west sides?

An insane idea, would you say? And yet, a very similar thing is being done farther down the Valley, a proposition, the progress of which we have been watching with a good deal of interest. Believing that an undertaking of such proportions so near at hand is of interest to everyone concerned with the development of the Valley and that such information on what others under similar conditions of living as we enjoy are doing will be of some benefit, we reproduce here an article on this big project which we have clipped from a recent copy of a Washington State paper.

Construction of a tunnel fourteen miles long through solid granite is one of the engineering problems involved in the Methow-Okanagan irrigation project, which will reclaim 45,000 acres of land. It will

take four years to build the tunnel, and when the project is completed the developed land will be capable of producing crops to the value of \$40,000,000 a year. The cost of the development is estimated at \$8,000,000.

The Methow-Okanagan undertaking has progressed beyond the dream age. It is no longer a conversational project. The residents of five districts in the valley have voted to consolidate their interests and bring them together under one big engineering enterprise, and the State of Washington, through the State Reclamation Service, is working on a report that will determine the state's participation in the work. The districts voted 875 to 21 in favor of consolidation, and the vote on the proposition to include the government project in the new district was overwhelming. The next move will be to vote the bonds.

The area to be reclaimed includes all the irrigable lands lying between the town of Chelan in Chelan county to Riverside in Okanogan county, and territory tributary to Pateros, Brewster, Okanogan, Malott, Omak, Riverside, and crossing into Douglas county to take in the Brewster bar. This will eventually call for the construction of a highway bridge across the Columbia River between Brewster and Bridgeport bar.

In this district approximately 12,000 acres of land are now under irrigation, but the water supply is precarious, and farmers are considerably worried because they have some \$12,000,000 invested in orchards. The State of Washington owns about 10,000 acres of school land under this proposed project. Indications are that the State Reclamation Service will direct the development of the entire project under the State Reclamation Act. Chief Engineer Elbert M. Chandler is hopeful that before the close of the year the preliminaries will have been disposed of and the contract for the first unit awarded. Unless unforeseen complications arise, the contract for the tunnel should be awarded within sixty days, he says.

The Methow-Okanagan land reclamation undertaking is of the magnitude that appeals to the engineer with peculiar force. The fourteen-mile tunnel will be the largest of its kind in the world, and take its place among the big irrigation engineering achievements of the world. The Simplon tunnel in Switzerland is twelve miles long the longest in the world. Washington, therefore, is about to establish a new world's record.

This undertaking is but part of the broad land settlement policy adopted by the state when the last legislature enacted the Land Reclamation Act. The productivity of the soil is not questioned; wherever irrigation has been applied in the district the crop yield has been bountiful. In the past there have been various reclamation projects there, and some irrigation has been accomplished, but there has been a continued scarcity of water. Now comes the State Reclamation Service and shows the people of the district the way out of their difficulty. When the waters of the Methow River are brought onto the land the problem will be solved.

At the meeting of the Washington Irrigation Institute held at Yakima last December, George T. Crane of Brewster, offered a suggestion to the effect that legislation be enacted allowing the school fund of the state to be invested in the bonds of irrigation districts. Since then the Methow-Okanagan project has been whipped into shape through the co-operation of the people in the several districts most vitally interested, and it is the policy of co-operation that is going to be the big factor when the State Reclamation Board, through Chief Engineer Chandler, takes charge of the work.

The Okanagan country, already famous for its apples, is destined, in the belief of Mr. Chandler, to win greater fame as fast as the lands are put under irrigation. Two weeks ago Okanogan apples won the sweepstakes prize at the apple exhibit of the International Shippers' Association held at Milwaukee. The apples were entered in one class only, and the award gave them the distinction of topping the fruit from every other state entered in the show.

Whatever work the government has on hand in the Okanagan will be consolidated with the Methow-Okanagan project, and it is expected the whole undertaking will be expedited with the state in charge of the entire development. The government has considerable of a plant in the district now, which will be taken over by the state.

Man does not require great faith but faith in a great God.

What are YOU going to do?

How to Make a Good Fall Fair

In less than four weeks the Fall Apple Show and Peace Fair will be held. This is Summerland's Tenth Annual Fall Fair, and to keep pace with the times it should be the best ever. Expansion is taking place in the Summerland district in every direction, and the Fall Fair too must show the same healthy growth. This cannot be done unless every grower, every farmer, every resident, in fact, is prepared to take some interest in the event. This the Fair deserves at least.

The making of a successful Fair does not rest altogether with the Directors and Officers. All they can do, after all, will come to naught unless there are behind them exhibitors who are prepared to take up the work where the Directors leave it. THAT IS THE PART PARTICULARLY FOR THOSE WHO HAVE FRUIT, LIVESTOCK, AND VEGETABLES TO SHOW, OR WHO ARE ABLE TO ENTER IN ANY OF THE OTHER CLASSES. Do not hold back, thinking your particular entry will not make any difference. PUT IT IN.

The time is getting short

Do not Procrastinate

Fruit and Vegetable exhibits particularly should be looked out now. Go through your apples after picking, and put aside some good specimens for the Fair. Take the time to do it now. A few minutes spent in selection every day will give you a good quantity of fine fruit from which to make final choice for entries. It is not too early to start. If left till later there is danger that the plea of "I haven't got the time" will crop up.

The good that results from it

Why there should be a Fall Fair

Skeptics will be found of course who will ask "Why have a Fair? What good results from it?" It should scarcely be necessary to rehearse exhibition arguments, but the fact remains that there are those who, while not opposing any movement working toward such an end, still refuse to admit that any community benefit is reaped, directly or indirectly, from an exhibition such as the Summerland Fall Fair. To such the following points may be of interest.

Properly entered into, a fair should excite competition. Competition in turn promotes a certain keenness which again is near akin to enterprise. And where enterprise is rampant a healthy community spirit will thrive, to find vent in many ways. A Fair in that way can act as a stimulus in the nerve system of the community.

Again, how many people have an adequate idea of the growth Summerland has made as a producing centre? And how many of these realize in how many directions this growth is reaching? A fall fair should be the index of community growth. It could be made so if more people would realize its educative value. New comers need to be shown convincingly that not only is Summerland the banner district of the Okanagan, but its people are alive to the fact as well. To the early comer, too, there is the possibility that development in the community has gone beyond their realization year by year. Thus a Fair could be made both an indication of expansion as well as providing a quality standard year by year for all farm produce.

Support The Fair, Therefore

This year should be the best ever

Undoubtedly the community benefits from holding a well organized and well supported Fair. The fact remains, nevertheless, that however well planned the Fair may be, it will not amount to anything if there is a scarcity of entries. "Why don't you have a big Fair," some say, when after all the making of a big fair is in the hands of the growers and farmers in general. It is hoped that the Fair in 1919, the first year of peace after four years of war, will be signalized by a Fall Fair that from all standpoints will eclipse any previous events of its kind, and raise it to a new level of importance in the community. This can be done if the people of the district will bestir themselves into the attitude of helpfulness.

Lunched and Told of Progress Being Made Here

"This to the best yet!" Thus was one visitor overheard to express to another his opinion of the entertainment given the forty or more members of the Vancouver Board of Trade, who spent yesterday here as guests of the Summerland Board of Trade. Certainly they seemed to enjoy themselves and have no doubt carried away with their happy memories of Summerland.

The Vancouver business men spent Wednesday at Kelowna and went down the Lake that evening and have since been making sleeping cars on the K.V.R. siding at Pentiction their headquarters. Yesterday they were guests of Summerland. To-day they will be taken to Osoyoos and Oroville by the Pentiction Board of Trade and to Princeton on Saturday. As pointed out to The Review by a member of the Pentiction Board, the visitors will have little opportunity to see any fruit lands about Pentiction, the time being taken up in visiting the points south and west as above mentioned.

More than a dozen cars went down from Summerland Thursday morning and met the visitors at their train and brought them up to Summerland. The first stop was at the Experimental Farm, then they were taken to St. Stephen's Hall, where lunch was served. After a drive around Jones Flat and through Prairie Valley with a stop at Stewart's packing house, the visitors were taken to the main irrigation canal where they saw the intake dam, gates, etc., and reservoir. The return trip was made by Shingle Creek.

Great credit is due to the Women's Institute for the splendid lunch served the Board of Trade and its guests, which was described by one of the visitors as the most delightful and sumptuous repast they had enjoyed on their whole trip. The tables had been beautifully decorated by the Misses Spencer.

The men were all in fine spirit and were not at all backward in giving expression to their effervescent enthusiasm. At frequent intervals during the lunch the visitors broke out in song or responded in unison in answer to such calls as "What do we think of Summerland?" and "Do we like them?" referring to the members of the Women's Institute serving the lunch. Perhaps the most amusing was the spelling of the word "Summerland" over and over again to the tune of the Doxology. The singing of another song said to be in "Chinook" and finally "For they are Jolly Good Fellows" were joined in most heartily by the visitors.

Some excellent but brief addresses were heard following the toast to the King and to the Women, proposed by Vice-president H. A. Solly, then in the chair, during a brief absence of President Andrew, who, as did Dr. Andrew later, extended a most hearty welcome to the visitors. Vice-President Solly suggested that each Board of Trade elect delegates to study Provincial problems and that annual conventions should be held. This was endorsed by several of the speakers.

Mr. Chris. Spencer, President of the Vancouver Board of Trade, in a brief and pleasing address told of the purpose of the trip and something of the revolution it had been to many of the members. They had felt the need of more knowledge of our Province and the visitors were even more enthusiastic than when they had left home. He hoped this tour would be made an annual occurrence. Mr. Spencer had gathered some important information about Summerland which was imparted to the guests during his speech. He and others spoke favorably of the prospects of a greatly enlarged market at the Coast for

(Continued on page 4.)

'Twas Local Car In Accident

Driver Fined One Hundred Dollars and Costs

It was a Peachland car that struck Mr. McDonald on the Peachland road between town and Trepanier Creek Thursday evening of last week. At first it was thought that an outside car had been concerned in the accident. According to evidence given at the hearing Saturday morning in the Peachland Council Chambers, two young men had been at Trepanier Creek and saw a car going through with, as they thought, a wedding party. They started to overtake this car. In turning to pass a bicycle their car swerved in the gravel and the driver feared he had struck a man met at the moment but was assured by his companion that such was not the case. Evidently the rear fender hit Mr. McDonald but fortunately with no serious results. The breaking of his light circuit was the explanation given by the driver for failure to have lights burning. After hearing the evidence, Chief Magistrate Hogg imposed a fine of one hundred dollars and costs.

Metal Flume For Irrigation Mains

Some seven or eight thousand feet of steel flume will be used in carrying out the enlargement and reconstruction program of the Council on the irrigation system in this district. This subject has been before the Council on several occasions and upon the recommendation of Engineer Fawkes the Council authorized the purchase of a quantity of 38 inch metal fluming for use on the so-called Thompson ditch.

The Engineer pointed out several advantages to be gained by using steel fluming. Considerable excavation and also filling will be avoided and the laying of steel fluming could be carried on with a smaller crew of men and during colder weather than if concrete were used. This is an important factor as the Council realize that unless more help is obtained the program laid out cannot be carried through.

The Engineer has obtained a price on the steel of \$1.35 per linear foot delivered f.o.b. Summerland for the above size. A condition of the motion authorizing the purchase of the flume is that prompt delivery must be obtained.

OBITUARY.

GEORGE RABY.

Mr. George Raby passed away this morning about 8 o'clock, his death being due to heart failure. This is the third time in a few months that the family has suffered the loss of a member. On 18th of April Mrs. Raby passed away and only three weeks ago William G. Raby, a son who had been in poor health for some time died after but a few days' serious illness. The death of the father this morning came with unexpected suddenness. Mr. Raby had been about as usual. The thrice stricken family, of whom there remain two daughters and one son, Mrs. C. E. Craig, Summerland, Mrs. C. G. Harvey, Vancouver, and Mr. H. E. Raby of Calgary will have the deepest sympathy of the community.

Six electric light poles between the Bank of Montreal and T. B. Young's residence were knocked down by the heavy wind which sprang up Tuesday night. It took all day Wednesday to put the line in order and it was quite late that evening before power was again turned on. Telephone lines were also damaged by the wind and fruit growers lost some apples, but the loss was not as great as might have been expected.

The local campaign for the new Victory Loan drive will again be under the efficient direction of Rev. H. A. Solly and Mr. R. Purvis, as chairman and secretary respectively.

Increased Drain on Domestic Water System

Will Be No Water to Waste Next Winter

Increased demands on the Summerland domestic water system are rapidly developing a difficult situation which must be dealt with at an early date. Just now there is scarcely enough water to maintain the level of the reservoir and during the winter it will be necessary to economize on water as much as possible.

Engineer Fawkes presented to the Municipal Council this week his report on the pipe from the creek to the reservoir in which he stated that the pipe had been opened up and examined every hundred feet and cleaned and that it would not deliver more than a cubic foot per second, which Chairman Kirk of the Water Committee said was not enough to offset the seepage of the reservoir. The Engineer found that the pipe was out of grade and he is hopeful of greatly improving its efficiency. In places it is not more than six inches under the surface and as much of the pipe is concrete he fears the water will freeze in spite of all precautions that may be taken.

A difficulty in getting water from the creek to the reservoir has been the filling of the ditch with ice. The Engineer has put an opening in the side of the ditch immediately below the gate so as to turn back to the creek any water that may leak through the gate, and will thus prevent water flowing down and freezing in the ditch. He hopes in this way to keep the ditch in condition to carry water through during mild periods of the winter. In the meantime the intake to the pipe has been improved and the water level will be raised so that all water possible will be put through the pipe.

Councillor Campbell proposed that an effort be made to gather the water from the several springs under the reservoir to feed one of the two water mains coming down Prairie Valley, and it was decided to instruct the Engineer to go over the ground with Councillor Campbell and to report on the possibility of utilizing the springs.

Vice-Presidency of B.C.G.R.A. to Summerland Man

F. A. C. Wright President of Local Auto. Assoc. Honored

President F. A. C. Wright of the Summerland Automobile and Good Roads Association was elected vice-president of the Good Roads League of British Columbia at the annual convention held on Monday at North Vancouver. Mr. Wright has taken an active interest in the good roads movement for several years and is a member of the Vancouver Automobile Club. Mr. Wright returned from the Coast on Wednesday morning, being the only Okanagan representative at the Convention, other than delegates from the municipalities. A resolution from the Summerland Automobile and Good Roads Association to the effect that the Government be asked to take over all trunk roads was discussed in convention and left to the executive. A difficulty confronted was the need of a definition of what are trunk roads.

Mayor R. H. Gale of Vancouver was unanimously re-elected president.

The other officers elected were: Second vice-president, Mrs. H. H. Godard, Revelstoke; third vice-president, F. A. C. Wright, Summerland; fourth vice-president, W. C. Cowell, Kamloops; Secretary, H. Frank Bird, Vancouver; Assistant Secretary, Stephen Golder, Vancouver; Treasurer, W. J. Cunningham, New Westminster; Directors, H. T. Cowper, Saanich; Mayor Thos. Pitt, Duncan; F. R. McD. Russell, Vancouver; C. N. Lee, Vancouver; J. R. Agar, New Westminster; W. L. Mackin, Chilliwack; J. W. Jones, M.L.A., Kelowna; Mayor Barnes, Enderby; Alexander Morrison, Keremeos; P. W. Gregory, Princeton; W. D. Wilson, M.L.A., Noble Binns, Trail; C. D. Blackwell and Alderman C. F. McHardy, Nelson. The appointment of directors from Grand Forks, Rock Creek, South Fort George and 150 mile House was left to the executive.

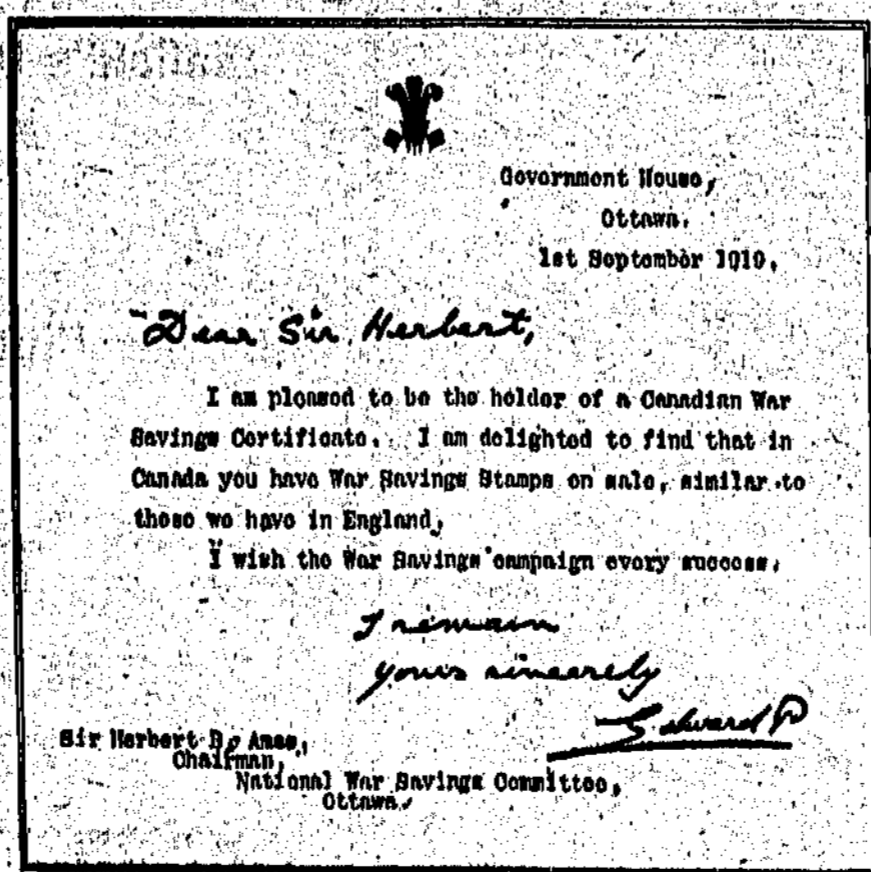

Tom Hickey came in by boat Saturday on his way back from Vancouver where he received his discharge from the army.

A Great Inter-Church Movement

One of the greatest religious undertakings in the history of Canada is the United National Campaign of the five leading Protestant communions, Anglican, Presbyterian, Methodist, Baptist and Congregational. It is also known as the Inter-Church Forward Movement, and has for its chief objective a widespread spiritual awakening, a new challenge to service, and a fuller consecration of life, time and talents on the part of Church members. The program of the Inter-Church Movement involves on its material side the raising of a Peace Thank Offering of \$12,000,000 in an un-

ited nation wide financial drive, to further equip and extend the work of the co-operating Churches at home and abroad, to raise the standard of stipends for the ministry, and in every way to place the Church on a better basis. The big drive will be held in February next.

This illustration of co-operation on such an extensive scale cannot but strike the imagination of the entire country, quite apart from the denominations immediately concerned, and affords striking evidence that the Churches are alive and alert to the needs of a new day.

Facsimile of the letter sent to the Chairman of the National War Savings Committee by His Royal Highness the Prince of Wales, at the time he purchased in Ottawa a Canadian War Savings Certificate containing the full number of ten War Savings Stamps.

Pre-War Days Are Resumed

Canadians Apt to Forget Struggle Yet Unfinished

It's funny how quickly we drop back into the old grooves of life, even though jarred out of them by years of war and wrenched by sad partings.

Isn't it true that in most Canadian homes life goes on today pretty much as it did five blank years ago, the stalwart sons come to the breakfast table with the same noisy greetings, though there is, perhaps, a shade deeper ring to their voices?

Returned from war, the head of a family sits in his old accustomed place at story time, perhaps bringing a new kind of prince and knight for the youngsters.

With the men home life goes on pretty much as before. The harsh old realities of war are slipping into the misty background. We can never forget the price in flesh and blood, we could easily forget the price in treasure.

When we hear of plans for the Victory Loan, 1919, we are brought back with a jerk to the hard fact that the cost of Canada's Victory has not been fully paid, and that the future lays burdens upon us also.

Pheasants Cost Him \$10 a Brace

Fined ten dollars and costs for shooting pheasants out of season, Alfredo Biagioni stated at the close of the hearing last Saturday evening that he was quite satisfied with the penalty imposed. He was let off very easy, his explanation having been given consideration by Mr. R. H. English, J.P. Biagioni does not read English and when he obtained his gun license at the Municipal Office, was satisfied that he was at liberty to shoot any game and claimed to be ignorant of the fact that there was a very limited open season for pheasants. He said that the pheasants were destroying his corn and that was the reason he did the shooting. Besides Biagioni's gun, which Constable Craig had confiscated, a hen and cock pheasant were produced as having been in possession of the accused.

Prize Lists Now In Exhibitors' Hands

Great Fair Would Result If All Entered who Could

Prize lists with entry forms for the Fall Apple Show and Peace Fair have been mailed by the Secretary of the Agricultural Association this week and should now be in the hands of intending exhibitors. Any who fail to receive a copy should ask for one, and extra entry forms can also be provided. Though the classes have been changed very little from the previous year or two, there is provided a framework upon which a Fair of wonderful proportions could be built, if all who could enter. Those who are prone to say that they have nothing to exhibit are only guilty of attempting a careless dismissal of their responsibility toward the Fair, and similarly with those who give out that they have not the time to give to getting entries ready. There are very few indeed from whose farm or household some entries could not be had, and few also who could not spare the few minutes a day necessary to get the entries ready. Could those who put themselves in either of these classifications be persuaded to give their support to the show now, there would be no question that the Fall Fair would go "over the top" this year, resulting in an unprecedented success.

Intending exhibitors are urged not to leave making their entries till the last hour or so. At that time the Secretary is largely occupied with other work in connection with the details of the Fair. The last minute rush, which is usually a yearly feature, could be very largely avoided if exhibitors would send in their entries a little earlier.

Refreshments are to be served as usual by the Ladies Hospital Auxiliary during the course of the Fair.

Good Demand Here at Home for Local Bonds

Citizens Desire to Invest in Municipal Securities

Council Meets

Site of Several Roads to Be Permanently Fixed

Councillor Campbell occupied the chair at the regular weekly meeting on Tuesday, Reeve Simpson being in attendance at the Municipal Convention at North Vancouver. Considerable routine business was attended to. The session continued during the evening until nearly ten o'clock with a bare quorum, Councillor Dodwell finding it impossible to remain.

At his request H. Dunham was given a week's option on Block 2, D.L. 1073, a two acre lot on Paradise Flat held by the Municipality.

Mr. C. A. Mitchell, who plans building near A. H. Steven's home, applied for domestic water, electric light and irrigation water. He was promised that the domestic water extension would be included with the estimate soon to be presented to the ratepayers for a general domestic water extension program.

Fearing that promised attention to a proposal to change the position of the end of the siphon entering the ditch near his home, E. O. James urged that the change be made immediately and the deep cut near his house eliminated from the south main ditch. The Engineer was asked to investigate and report as to cost, etc.

The civic address to the Governor General, drafted by Councillors Kirk and White was approved and ordered to be printed.

Among the correspondences read was a letter from the Development Company advising the Council that Mr. J. L. Logie had been authorized to go over the ground with a representative of the Council to fix the position of certain roads where these affect the Development Company's properties. Some of these are already used but have not been surveyed and registered. Councillor Campbell, Chairman of the Roads Committee, will act with Mr. Logie.

Permission was granted to E. N. Rowley to plow up the roadside in front of his property and seed down same, he being assured that the grass or hay grown will be his exclusive property.

The Board of Trade asked for and was promised a small grant toward covering the cost of gasoline used while entertaining the visiting representatives of the Vancouver Board of Trade.

J. M. McDougald again wrote the Council pressing his request for irrigation water to certain lots at the extreme northern end of the Municipality. The request was referred to Councillor Campbell who will take the matter up with Mr. McDougald.

Reports were received from Foreman Dickson of the Domestic Water Department covering improvements, extensions, etc., and Electrician Thornber giving maximum load on the power plant each day. He again referred to the belt connection between the water motor and electric light connections as being unsatisfactory.

A. E. Cline applied for and was granted domestic water and electric light connections.

Councillor Kirk suggested that the present road law be revised and asked that the Clerk be instructed to correspond with the Indian Agent with the request that the two fording places in Trout Creek Canyon be fenced so as to prevent cattle coming into the Municipality from the Indian Reserve. The Clerk was so instructed.

The Engineer reported that it would be necessary to widen the Prairie Creek channel about one foot on each side in order to prevent flooding the meadows which has been complained of.

Complaint had been entered by H. Bristow of damage done to his orchard by water, which he said came from leaks in the domestic pipe leading to the Bank of Mon-

(Concluded on Page 5.)

Less than three weeks to the Fair. October 29 and 30, Wednesday and Thursday, are the dates. Get your entries ready early, in plenty of time. You will be rushed if everything is left till the last few days. Help to make the exhibits really representative of Summerland and district. Entries close Monday evening, October 28th. Have yours in by that time.

If there was justification for holding a Fall Fair during war times, there is every reason for making the 1919 Fair head and shoulders above that of previous years, being the first Fair of peace times since 1913. This year there is not the distracting influence of that great conflict to contend with, leaving local energy to concentrate itself unhampered on local institutions.

This space is devoted to the interests of the Fall Apple Show and Peace Fair, Summerland's Tenth Annual Fall Fair. The interests of the Fall Fair should be everybody's interests. If you take part in the exhibits part of the credit for a bigger and better Fair will belong to you. Pitch in and help put the 1919 Summerland Fair above the mediocre events of its kind.

Prize Lists and entry forms have been mailed this week. More will be sent on request. If you did not receive a copy be sure and ask for one. These have been mailed to cover the entire Southern Lake district thoroughly, and if outside entries are at all numerous, as it is hoped they will, strong entry from Summerland will be necessary to keep a due share of the honors in this place.

Membership fee of \$2.00 to the Summerland Agricultural Association gives free entry to all events in Prize List. To others the entry fee is ten per cent of the first prize money. Get a family exhibit together—farm stock and produce, women's work, school work. Do not be content with a single entry; study the prize list carefully. It will be surprising just how many entries you can make.

Special Freight Rates on Manure in Car-loads.

That it is now possible for our fruit growers to obtain manure in quantity at a reasonable price will be welcome news to many. Absolutely essential in the growing of early vegetables, barn manure is also an important factor in fruit growing. Knowing the need of our fruit growers in this respect the Valley shippers organization known as the British Columbia Traffic and Credit Association, of which Mr. R. M. Winslow of Vernon is secretary, has after considerable negotiations obtained favorable rates from the C.P.R. for the carrying of Calgary manure stock yards to this Valley in minimum car loads of

50,000 lbs. The rate to Summerland is approximately 18c per 100 lbs.; to West Summerland, 19c. Other Valley rates are in proportion to these.

We are informed that the Stock Yards Company charges 75c. per ton for loading and are able to ship the manure at the rate of several car-loads per week until the period of freezing weather early in November. We would advise any of our readers who wish to take advantage of this chance to place their orders quickly.

Mr. Winslow will be quite ready to give any further information if desired.

We want to know when you have friends to eat chicken dinner or to visit you. It is such items of news that makes the local page of your home paper interesting.

Apple Packing Schools.

Okanagan Valley is blessed with many packing houses. Some farmers insist on packing on their own premises. We noticed in a packing house several boxes packed by the farmers, says Markets Commissioner J. A. Grant, and inspection of these revealed bruised apples, poor color and bitter pit. These had to be repacked and the farmer charged for the extra work entailed.

We have not seen an individual pack this year equal to the standard packing house work. We have seen many apples shipped to this market where no packing house exists and all fall below the required grade and are not worth the prices quoted for good packing house grade. The Okanagan has many good packers of apples and future schools for this art should be provided in the various packing houses by their owners. This is done in the U.S. fruit districts.

The Trail News says that this week the Creston Review is printing the tax sale of property located in East Trail and Trail East, suburbs of Trail. The Trail paper says it is a safe contention that there are not a half dozen copies of the Creston Review circulated in Trail, yet the Government sees fit to advertise these tax sales 150 miles from Trail, when the News is located within 1,000 feet of the property. This is nothing strange for B.C. Government. Their last distribution of prize lists went to Liberal papers and papers that the Government thought a few dollars would make Liberal, and yet this is the government that pledged no partisanship to the people.—Kamloops Standard-Sentinel.

"What is you sorrowful about?" Brother Williams asked. "De harriane ain't blowed yo' roof too down yet; de land it still here, an' yo' two foots is on it; you ain't too deaf ter hear de dinner boll, an' dar's plenty on de table. De only trouble is you is too ongrateful ter thank de Lawd for what you got an' ax a blessin' over it!"—Atlanta Constitution.

Silent men never have occasion to eat their words.

Naramata News

Current Events of Town and District

Hans Salting had a narrow escape from at least a serious injury last week when his horse became frightened at an automobile and tipped the rig over a steep bank. Hans received several severe bruises and a strained shoulder but is thankful it is not worse.

Mr. and Mrs. J. M. Robinson and Mr. J. C. Miller have returned from Vancouver where they went last week to attend the convention of the Conservatives. They report splendid meeting and the most enthusiastic that has been held in years.

A number of people we have talked with lately objected decidedly to the remarks made in a Pentiction Herald article recently about our member, Mr. Burrell, and one of them said that if the writer of the said article had known Mr. Burrell better there would have been less need for criticism.

Mrs. Howard Rounds and Miss Vera Salting have gone to the hospital in Summerland for minor throat operations.

Mr. H. F. Fraser and Mr. J. Flannigan spent the week end in Summerland with friends.

F. J. Languedoc who was operated on at the Summerland hospital on Monday is reported to be getting along nicely.

Mr. Whittaker of Victoria is here on business.

The first Empire Hall dance of the season given by Manchester and Peck for the benefit of the Summerland Hospital was a big success. The hall was beautifully decorated with vines and flowers and the floor and music were reported to be fine. A number of our young people attended and some who could not go sent their money. The managers wish to thank those who assisted them with work and donations. A tidy sum of near \$100.00 will be turned over to the hospital fund.

Mr. John Ferguson who has been employed at the Union packing house received word on Friday of the sudden death of his wife. Mr. Ferguson's home is in Revelstoke and when he left there a short time ago his wife's health was excellent. He left for home immediately on receipt of the sad news.

Major Stanley Correstine and wife and Mr. John McLean were the guests of Mr. and Mrs. J. M. Robinson on Sunday evening. Major Correstine is Chairman of the Pension Board and is making an official inspection of the main pension headquarters. Mrs. Correstine is the daughter of Mr. John McLean. They are very much pleased with the district and hope to visit us again in the near future.

Naramata Women's Institute

The Naramata Women's Institute held its regular monthly meeting on Tuesday afternoon. Plans were made for the fair which will be held on October 28rd. The general display will be held at the old school building and the supper will be served at the old drug store quarters.

School Trustees In Convention

(Held over from last week).

Representatives of the school boards throughout the Province met in annual convention last week at North Vancouver.

The convention lasted three days and was attended by 47 delegates, representing 22 British Columbia school boards, and the Department of Education. October 12 was the date set for next year's convention at Nelson, after a hard fight had been put up by Trustee Harwood to have the meeting take place at Vernon.

The following officers were elected: President, Mrs. Irene H. Moody, of Vancouver; vice-president, A. G. Perry, of North Vancouver; secretary-treasurer, J. E. Wilton, of Point Grey; executive, J. Harwood, Vernon; Mrs. H. Ross, Nelson; and George Moore, Nanaimo; Hon. J. D. McLean, minister of Education, was made honorary president.

Several resolutions were adopted during the session. One read:

"That where lands revert to the Government at tax sale, the Government should pay to the school district interested in said lands, whatever amount of delinquent school taxes are on the property so reverting to the government."

This was carried without any discussion.

Other resolutions said:

"That the Provincial Government should increase the annual grant to local school districts under Section 20 of the Public Schools Act, from \$480 to \$600."

"That owing to the high cost of living, the salaries of teachers have materially increased since the last statutes were enacted, and whereas the above increase has been borne wholly by the ratepayer; it is resolved that a request be made for a twenty-five per cent. appropriation to the government."

The Bible in the schools was the first subject to be wrestled with; but such was the difference of opinion that it was laid over for further consideration.

The most strongly debated matter brought up was the resolution submitted by the North Bend school board: "That the funds for educational purposes be a common charge upon all persons earning a separate livelihood, men and women, the same to be levied as a poll tax."

Trustee Perry, of North Vancouver, was against, calling the idea a dangerous one. Mrs. Gilley, of New Westminster, suggested that a tax of \$100 be levied on every bachelor. The idea that a poll tax might be levied to supplement the school funds almost carried in the form of a resolution, but the matter was finally laid over till next year's convention.

Mrs. Minnie Smith gave a most interesting talk on the evaporation of soft fruits and had a nice display of the finished product. It was decided to order wool for knitting a number of sleeveless sweaters for the Red Cross and those who will help can obtain wool from Mrs. Mallory.

Mrs. Howard Rounds will be sent as delegate to the convention at Salmon Arm the latter part of this month.

The Summerland Review

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED,
RALPH E. WHITE, MANAGING DIRECTOR
SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

FRIDAY, OCT. 10, 1919.

TO PREVENT UNEMPLOYMENT.

Next year will be well advanced before Canada's main expenditures for war, can be completed. Every dollar that can be raised for the Victory Loan 1919 will be required.

Although hostilities ceased in 1918 the war expenses went on. This is just as much a war year as last year was, as far as the money is concerned. Pressing liabilities incurred by the war and involving vast sums of money have to be cared for. The simplest and most profitable manner in which this can be done is for the people to provide the money themselves.

The Victory Loan 1919 is entitled to just as much consideration as was given to its predecessors. It is up to every loyal Canadian to do his utmost to make the new loan an overwhelming success. The continuance of the prosperity of the nation is wholly dependent upon it.

It was naturally to be expected that trade depression in the Dominion would have followed the armistice but this was averted by the application of a large proportion of the last Victory Loan as credits to Great Britain and our Allies for grain, dairy produce, fish, lumber and ships. These credits were absolutely necessary, and strictly good business. They must be continued. They are national re-investments. The debts will be paid eventually and in the meantime industrial and agricultural workers will be kept in busy and lucrative employment.

THE ALARMED CONSUMER.

The public must necessarily judge food very largely by the eye. Green colored apples are difficult to sell, even when of fine quality, but a red apple will usually bring a good price, even though the actual flavor may be but little better than a turnip. Rice, in order to make it attractive, has to be coated with glucose and powdered talc, by which it gets its fine gloss. Butter must be yellow to please the purchaser and is therefore frequently colored with a yellow dye. But the public demands wheat flour in as white a form as possible and hence it has often been bleached to remove its natural yellow tint. In Bulletin No. 40, "The Use of Coarse Grains for Human Food," which may be had free upon application to the Publications Branch, Department of Agriculture, Ottawa, it is shown that with the advance of civilization and the improving of machinery there has been a tendency to discard the coarse and relatively indigestible substances in our food, with the result that we have reached a stage where most people consume too large a proportion of refined material and too little of the necessary coarse and relatively indigestible substances.

Lately, however, people have become alarmed and action has begun against what may be fairly called over-purification of foods. The object of the new bulletin is twofold; first to show to farmers generally how they can become more nearly self-sufficient as far as the food supply for themselves and their families is concerned, and second, to point out for the benefit of other classes of people some ways of economizing in the cost of their food, and at the same time improving the wholesomeness of their diet.

Demands have gone forth from this Valley for several years for a free ferry between Westbank and Kelowna, an essential link in the Okanagan highway. An announcement by the Provincial Government to the effect that it is giving consideration to the advisability of placing all ferries on a toll paying basis is therefore not likely to be received without protest. Already a storm of protest has been raised at Nelson and at New Westminster. There are forty-six ferries in the province, a few of which are maintained as free ferries and the others assisted in varying degrees by the Government. Perhaps it is conviction of the injustice of giving some districts free service while withholding it from others that is occasioning a reconstruction of the policy.

That pheasant hens as well as cocks are being killed in such numbers as to endanger the very existence of the birds here is currently re-

ported. Many of our citizens feel very strongly on this matter. Many of them have gone to much trouble to import the early stock and in giving the first chickens a great amount of care. The action of one of our citizens in reporting the shooting of pheasants where he has sufficient evidence is to be commended. If more of our citizens would do likewise a quick stop would be put on the indiscriminate killing of this unrivalled bird before it becomes established in any numbers here.

Western Canadian Motorist, Vancouver, for September, devotes one and a half columns to reprinting in full The Review's recent article covering the organization of the Summerland Automobile and Good Roads Association, making note in the heading that the president of the new organization is a member of the Vancouver Automobile Club. The Motorist also does us the honor of reproducing our recent comment on the Okanagan highway within our municipal limits.

An overseas dispatch says 200 young maples have been planted on the desert of what was Vimy Ridge. This is the beginning of the proposed Canadian memorial forest—the maple is Canada's emblematic tree—and the saplings just placed are declared to be the only living trees in the war zone to-day.

EDITING A NEWSPAPER.

Editing a newspaper is a pleasant business—if you can stand it. If it contains any advertisements the subscribers claim they take too much space.

If there is a scarcity of advertisements it is unpopular, and the people won't have it.

If we accept an invitation to a wedding, they say we are invited to "write it up."

If we are on the streets much they say we neglect our business.

If we avoid going on the street they say we don't hustle around after the news.

If we reject a long winded communication its author becomes furiously enraged and discontinues his paper.

If we publish lengthy communications our subscribers say we lack discretion, and put it in to fill up.

If we omit to decorate our office window on the King's birthday they say we lack enterprise, and that there isn't a drop of patriotism in our degenerated carcass.

If we omit jokes they say we are poor, miserable fossils.

If we are single they say we are too helpless to get married.

If we are married they say its a pity for our wives.

If we publish a man who has brought disgrace on his family the friends of the family never forgive us.

If we, out of goodness of our heart, decline to say anything on the subject, the man's enemies are disappointed, and we are branded as white livered cowards.

We are liable to receive these raps and many more, and we are always ready to receive visitors whether accompanied by a dog or not. Of course, we do not claim that there is any work in running a newspaper. Everybody knows it's a snap.

COAST MEN HERE.

(Continued from page 1)

Okanagan fruit, etc. He touched upon the labor shortage being experienced in the fruit industry and spoke of the possibility of obtaining help regularly from the coast cities each season.

Mr. A. S. Brenchley of the F. R. Stewart Co., wholesale fruiterers, was agreeably surprised in what he had seen, particularly in the increased production the Okanagan has made. A few years ago the standard of pack and grade was low, but there is a big improvement. There was now no need to buy foreign fruit when our own like varieties are in season. He declared himself more determined to back up our common interest and felt that he was voicing the feelings of every wholesale dealer of Vancouver.

Mr. J. W. McCabe, manager of the Bank of Hamilton of Vancouver, said the visit had been an education to him. The Valley was going to increase in prosperity and deserved all the help institutions like his could give.

Mr. W. C. Shelly, the well known baker, spoke of the delightfulness of the scenery and of the great latent wealth of this Province in its tourist possibilities. He urged for the development of good roads and providing of suitable hotel accommodation. Figures quoted by him told of the great wealth to be obtained by catering to the tourist traffic. Other speakers were: Col. Duff-Stewart; R. C. Purdy, confectioner; W. McIntosh of Kelly & Douglas Co., Ltd.; Harrison Watson, Dominion Trade Commissioner, London, England; and H. B. Morley, president of the Penticton Board of Trade.

WASN'T SO GREEN.

Cornelius Humk, on his first visit to the seaside, went down to the beach at low tide, and saw a big fishing smack high and dry on the mud flat.

"Hey, mister," he said to a fisherman, "how do you get that big boat down to the water?"

"We don't take the boat down to the water, mate," said the fisherman, "The water comes up to the boat."

Cornelius Humk gave a harsh laugh. "Sny, mister," he said, "I may be from the country, but I ain't goin' to swaller that."

THOMAS B. YOUNG.

Passing Events: Social, Personal, &c.

The Vancouver Y.M.C.A. directors have decided to sell the large half finished building and erect a number of smaller buildings instead.

Basil Steuart, elder son of Mrs. A. C. Steuart, is one of our returned men to recently have been given his discharge and returned to Summerland.

Three carloads of copper wire cable have been unloaded at Bridesville for use in the building of the high power line between Greenwood and Princeton. There is about \$40,000 worth of copper in the shipment.

Municipal Clerk F. J. Nixon accompanied by Mrs. Nixon and their young son went down to the Coast on Monday for a week's holiday. Mr. Nixon attended the Municipal Convention on Tuesday at North Vancouver.

The enrollment at the University of British Columbia this year is close to the 800 mark, showing a heavy increase over last year. The teaching staff has been increased from 45 last year to 54 this. The registration closed last night.

British visitors to our fruit districts suggest that shippers who ship fruit to the United Kingdom feature the words "British Columbia" on every label and stencil, as "B.C." does not mean anything to people outside of Canada.

In the Fall Fair prize lists now sent out, a change occurred too late to be corrected in print. In Class III, Section 1, Women's Institute Section, the brand of flour to be used should be Robin Hood, and similarly this will be the brand awarded for the prize in that section.

Mr. J. A. Darke and his daughter Miss Gertrude came in from Alberta on Saturday to join the other members of the family who have been here several weeks. Mr. Darke has leased the Koop house, at one time occupied by Mr. H. Bristow.

The Hedley mine passed its dividend last month, for the first time in years, says the Similkameen Star, according to which, the mill in that town will likely shut down this fall, while development work will continue on the Nickel Plate mine.

The Dominion Bank opened for business in its new office here this week with Mr. O. F. Zimmerman, recently of the Bank of Montreal, in charge. Two men have been sent up from the Vancouver office, Mr. Scott as accountant and teller, and Mr. Nesbit as ledger-keeper. The new bank office is that formerly occupied by the Bank of Montreal and has been renovated and refitted with fixtures.

Deputy Game Warden Rankin was a recent visitor to Summerland. Mr. Rankin's territory extends from Kamloops to Osoyoos.

G. A. McWilliams motored down from Vernon on Tuesday and spent a day or two in this district on business.

Mr. C. H. Cordy, now with G. A. Hankey & Co., Ltd., came down on the boat Saturday to spend a week's vacation here.

Mr. and Mrs. T. B. Young went up the lake Thursday morning to spend a short time at their farm near Bowden, Alberta.

Less than three weeks now to the Fall Fair. Send in your name as a member of the Agricultural Association and get free entry for as many exhibits as you choose.

Mr. John Morrow has bought the Jas. Garnett property on Shaughnessy Avenue, next to A. B. Elliott's store, the purchase being made through Mr. W. J. Robinson. Mr. Morrow and family are now in their new home.

An addition has recently been made to St. Stephen's Hall that will afford much needed accommodation for social and other functions when refreshments are being served. A cloakroom is included in the new section.

Mr. David Gray has sold his property here to a prairie man who will take possession shortly. Our readers will regret to learn that Mr. and Mrs. Gray intend moving to Victoria where Mr. Gray has bought a house and a small piece of land.

The Ritchie Lumber Yard will soon be moved to the lot north of the Municipal office and east of Steuart's packing house. Mr. Ritchie has bought that block from his brother Mr. Jas. Ritchie, who owns the land now occupied by the lumber yard. This latter will be put on the market in 25-foot lots.

Notwithstanding the visit of the Prince to Summerland on that date the Municipal Tax Sale had to be carried through as advertised. The list of lands put up for sale was much smaller than usual, a number having redeemed their lots at the last moment. Several lots were purchased by citizens but most of the lots sold were bid in by the Clerk for the Municipality.

Walters, Ltd., incorporated in the Province of Alberta and doing a general store business in Castor, Alberta, is now licensed to do business in British Columbia with an office in Summerland. Mr. Walters, the head of the company, and his son have both bought orchards here and Mr. Walters, Sr. has been attending to the harvesting and shipping of the crop since last spring.

Mrs. R. M. Ross and Mrs. R. E. White were judges at the Peachland Fair on Thursday.

E. F. Cooke, with the Summerland Garage, leaves immediately to take charge of a garage in an Alberta town.

Mrs. W. Mack and young son came in from Saskatchewan on Friday to join Mr. Mack, who has been here for some months.

As noted by our Naramata Correspondent, the dance held last Friday evening was a pronounced success. Ninety-one dollars was realized for the Hospital Fund.

The stage is now set for the banner Fall Fair, October 29th and 30th. A new standard is going to be set up for such events. Let it be said that you had some part in it.

Mrs. H. M. Lumsden has gone to visit Mrs. E. B. May at Parksville, Vancouver Island. Mr. Lumsden follows at the end of the week, taking with him three of Mr. May's horses from Okanagan Centre.

Dancing school and dance, Empire Hall Friday, October 17th. Mr. and Mrs. F. C. Manchester, instructors. Classes 7:30, dance 9:30. Come and learn the new dances. Admission to both class and dance 50 cents per person.

Mr. and Mrs. Correstine of Montreal were here this week on a brief visit to Mrs. Correstine's father, Mr. John McLean. Mr. Correstine, who is a well known furrier of the eastern metropolis, is a member of the Pension Commission and has been at the Coast on commission work.

Mrs. E. A. Cline and family arrived from the Coast this morning. Mr. Cline has been here for some time and the household effects have been shipped in as the family intend making Summerland their home. Mr. Cline has bought the Lambie lot, opposite Dale's corner, on which he is building a house.

Miss Matheson, one of 20 Baptist missionaries en route to India, will visit Summerland shortly. On the evening of Sunday, October 19th, she will address a public meeting at the West Summerland Baptist Church on "Why I am going to India." Miss Matheson is said to be a very pleasant speaker.

A very interesting review of the present highly unsatisfactory situation regarding the shoe market is given in Mr. A. J. Beer's advertising space elsewhere in this issue. Very marked increases in prices have been announced by wholesalers and something of the effect on the retailer which is of interest to every buyer is told by Mr. Beer.

Five new members were received at the meeting this week of the G.W.V.A. A sports committee was appointed to organize a sport program and carry on a 500 club. Members of this committee are, E. K. Thomas, E. J. Lister, A. R. Gayton, Wm. Atkinson and B. Newton. A donation of \$25.00 was made to the Hospital drive. The members decided to hold a masquerade ball on Halloween night.

Two attempts have been made to get a representative gathering of women relatives of war veterans for the purpose of forming an auxiliary of the G.W.V.A. Those who are leading in the movement are planning to have another meeting in St. Stephen's Hall at 8 p.m., Friday October 17th, when organization will be effected. All who possibly can attend are urged to be present. The president and secretary of the G.W.V.A. will be present and after the election of officers refreshments will be served and an hour spent in social recreation.

COUNCIL MEETING

(Continued from Page 1.)

treat manager's residence. This pipe had been discussed on several occasions and on Tuesday Foreman Dickson was instructed to replace it with a one inch iron pipe. An enquiry having been made by a local citizen for a price on a block of the recently authorized debentures, the Treasurer was authorized to sell \$8,000.00, ten year bonds at ninety-five. Further enquiries reported would indicate that \$20,000.00 or more of the bonds will be taken by citizens.

Community Calendar of Coming Events

Advance notices under this heading will be charged for at two cents a word. Minimum charge 25c. first insertion. Each repeat one cent a word. Minimum 10 cents.

Morning service, in St. Andrew's Presbyterian Church at 10:30: subject, "Is the Christ of the Bible Transcendent and International?" A special meeting will be held at 7:30 p.m. to organize a Young People's Society. All young people are invited to be present.

Kindness quickly spoils unless kept in circulation.

A man does not amount to much unless he can prove it.

The chronic borrower hopes that he'll not meet any of his creditors in heaven.

Sometimes a man remains in the bachelor class because he is shy either of coin or courage.

He: Your cousin refused to recognize me at the Jazz last night; thinks I'm not his equal. I suppose. She: Ridiculous! Of course you are. Why he's nothing but a conceited idiot.

IT IS NOT ALWAYS EASY

FOOLISH QUESTIONS.

The answering of foolish questions is, we believe, one of the truest indexes to a person's character. If they are answered in a my-ho-won't-I attitude, it shows a lack of tolerance, which is, perhaps, one of the most desirable of human traits.

On the other hand, if the foolish question is given a kindly reply, it displays, in addition to tolerance,

a great degree of tact. We are so apt to forget that questions which appear foolish to us may be of vital importance to the person asking it. Then, too, asking a foolish question is often merely desire on the part of the questioner to be friendly. It is used as a sort of an entering wedge. And, usually one can answer a foolish question sensibly in half the time it takes to make a "smart" or "cutting" reply.

To My Customers

And the Public of Summerland and vicinity.

I have pleasure in advising you that I have taken into partnership with me in my general merchandise business

Mr. ARTHUR DAVIDSON

who will be actively associated with me in the business. Mr. Davidson, who has been a resident of Summerland for some time and is known to many of you, has had considerable experience in merchandising and we hope, with larger stock and improved facilities, to be in a better position than ever to serve the public in a satisfactory manner.

I take this opportunity to thank my many friends for the patronage they have given me. It is just eleven years since I opened my store on Shaughnessy Avenue, and four years later I opened in the Campbell Block. During that time you have given me a generous share of your patronage, which has been greatly appreciated and I trust the service rendered has given you satisfaction.

May I ask that the new firm

ELLIOTT & DAVIDSON

be given the same generous support and confidence you have extended to me in the past.

Respectfully,

A. B. ELLIOTT,

7—	68	46	.00	0.0	0.7

SOAP IS STRONGER.
 Cleanliness may be next to godliness but the former is becoming so all-fired expensive that it may have to be thrown into the discard. Of late soap has been doing its little best to add its quota to the high cost of evading the undertaker. Laundry soap is up a dollar a case and hand soaps are moving forward in company with fancy toilet soaps. But anyway water is the same old price, so why worry.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.
 Pre-emption now confined to surveyed lands only.
 Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.
 Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residences, but each making necessary improvements on respective claims.
 Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.
 Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.
 Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.
 Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.
 Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.
 For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.
 Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.
 Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Ratio of one-half of cost of road, not exceeding half of purchase price, is made.
PRE-EMPTORS' FREE GRANTS ACT.
 The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.
 No fees relating to pre-emptions are due or payable by holders of pre-emptions recorded after June 28, 1915. Taxes are remitted for five years.
 Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.
 Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.
SUB-PURCHASERS OF CROWN LANDS.
 Provision made for issuance of Crown grants to sub-purchasers of Crown lands by acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.
GRAZING.
 Grazing Act, 1919, for systematic development of livestock industry provided for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Peachland Doings

A Weekly Chronicle Furnished By Our Local Representative.
 Mrs. J. B. Robinson was a passenger north on Wednesday morning of last week, to spend the day in Kelowna acting as one of the judges at the exhibition being held there on Wednesday and Thursday. She completed her duty and returned the same evening.

Mr. Allan Wilson left on Wednesday of last week for Lamont, Alberta, where he expects to remain a couple of weeks to look after his interests there in respect to crop and to visit members of his family living there.

After spending a couple of days of last week in Kelowna, Mrs. C. Aitkens and Mrs. Bennett returned home on Wednesday evening's boat.

Mrs. J. S. Moore returned to her home here on Wednesday night of last week, after a very pleasant holiday and visit at Okanagan Landing.

Passengers north and bound for Kelowna on Thursday of last week, were Mrs. Berland, Mrs. Aylesworth, Mrs. B. Robinson and daughter

WATER NOTICE.
 Use and Storage.

TAKE NOTICE that The Okanagan Securities Company, Limited, whose address is Naramata, B.C., will apply for a licence to take and use eight hundred acre feet and to store eight hundred acre feet of water out of Chute Creek and Chute Lake, also known as Lequime Creek and Lake, which flows southwest and drains into Okanagan Lake about 500 feet from N.W. Corner Lot 212 C.G.

The storage dam will be located at the outlet of Chute Lake about 500 feet from S.W. corner S.L. 9. The capacity of the reservoir to be created is about 1,000 acre feet, and it will flood about 1,000 acres of land. The water will be diverted from the stream at a point about 300 feet from N.E. corner Lot 891 where Creek crosses north line of Lot 391, and will be used for irrigation and domestic purposes upon the lands described as Lots 391, 212, 208, 285, and 286, Osoyoos Division of Yale District.

This notice was posted on the ground on the 22nd day of September, 1919.
 A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

THE OKANAGAN SECURITIES COMPANY, LIMITED,
 Applicant
 by J. M. Robinson, Agent.
 The date of the first publication of this notice is September 26th, 1919. 9-18

ter Frances, Mr. J. E. Kerr, Mr. A. J. MacKenzie, Miss Hamilton and Miss Elsie White. The former of these took in the exhibition while in the city and reported having seen very good exhibits. All returned on the afternoon boat but Miss Elsie White, who remained over to pack apples for the Rowcliffe Bros.

After spending about a month visiting here with her sister-in-law Mrs. Dorland, Mrs. Aylesworth left on Friday morning last to return to her home in Vancouver.

A quiet wedding was solemnized at the home of Dr. and Mrs. Buchanan on Friday, October 3rd, when Miss Nancy, their eldest daughter, and Mr. Ian Sutherland were the participating parties. Miss Bettie Buchanan, sister of the bride, acted as bridesmaid and John Buchanan, brother of the bride, assisted the groom. The Rev. J. A. Rowland performed the ceremony. The happy couple left the same day en route for Vancouver, where they intend making their home.

We understand Mr. MacDonald is recovering from his injuries received in the automobile accident of last week.

Miss Hamilton went up to Kelowna on Saturday to remain for a time.

Mr. G. A. Madden accompanied by his wife spent Monday of last week in town with Mr. J. Hyde. Mr. Madden is a member of the Apex Lumber Company of Vancouver.

Mr. H. D. Picket of Moose Jaw was a visitor spending Monday of last week looking over our town and community. He spent the day with and was shown around by Mr. A. J. MacKenzie.

After spending a few days here visiting with Mr. and Mrs. E. F. Smith and family and looking after his interests here, Mr. K. McLennan left on Monday morning last to return to his home in Edmonton and resume his duties as conductor running out from Edmonton.

Mr. Roy Davidson arrived on Monday night last to visit his brother N. S. Davidson and wife at the Trepannier townsite. Since returning from overseas service Roy has spent some time in the East a part of the time under a doctor's care, suffering effects of gas and exposure while in service. Although having just experienced quite an illness he is regaining strength quite nicely now, and is very thankful to be able to come back to Peachland for a short time at least.

Mr. and Mrs. Wm. Dryden left on Monday to spend a few days at Vancouver and Victoria.

The Anglican Church held its annual Harvest Home service on Sunday last, with Rev. H. A. Solly of Summerland officiating. The church was prettily and tastefully decorated with the usual harvest productions.

Visitors arriving on Tuesday morning were Mr. and Mrs. Hector McCall, formerly of Gibson's Landing, Howe Sound, Trout Lake, B.C. They spent the day visiting relatives here accompanied by Mr. McCall's sister, Mrs. A. McDonald of Penticton. They returned to Penticton on the evening boat where they expect to remain for a day or two before resuming their trip on to destination.

Mr. Blannerhassett with two of his daughters is visiting in town for a few days, looking after his interests in connection with his fruit lot.

The apple crop is still rolling in to the Union in loads of all sizes, many of them large loads, so much so that with the limited number of packers the management find it hard to keep up with the rush.

Petaluma, California, is the centre of what is said to be the greatest poultry industry in the United States. The district covered lies about fifty miles north of San Francisco, and occupies a level country between the mountains. In the territory named 10,000,000 dozen eggs were produced last year. The poultry business there is not carried on by woman and children, but is, as a rule, conducted by men who devote their entire time to it. It is not uncommon to see one man with a flock of 5,000 laying hens on his place, and several dozen incubators. Great care and intelligence are used in the handling of these immense poultry farms. The total production of eggs and poultry in this district last year, according to records, amounted to \$8,000,000.

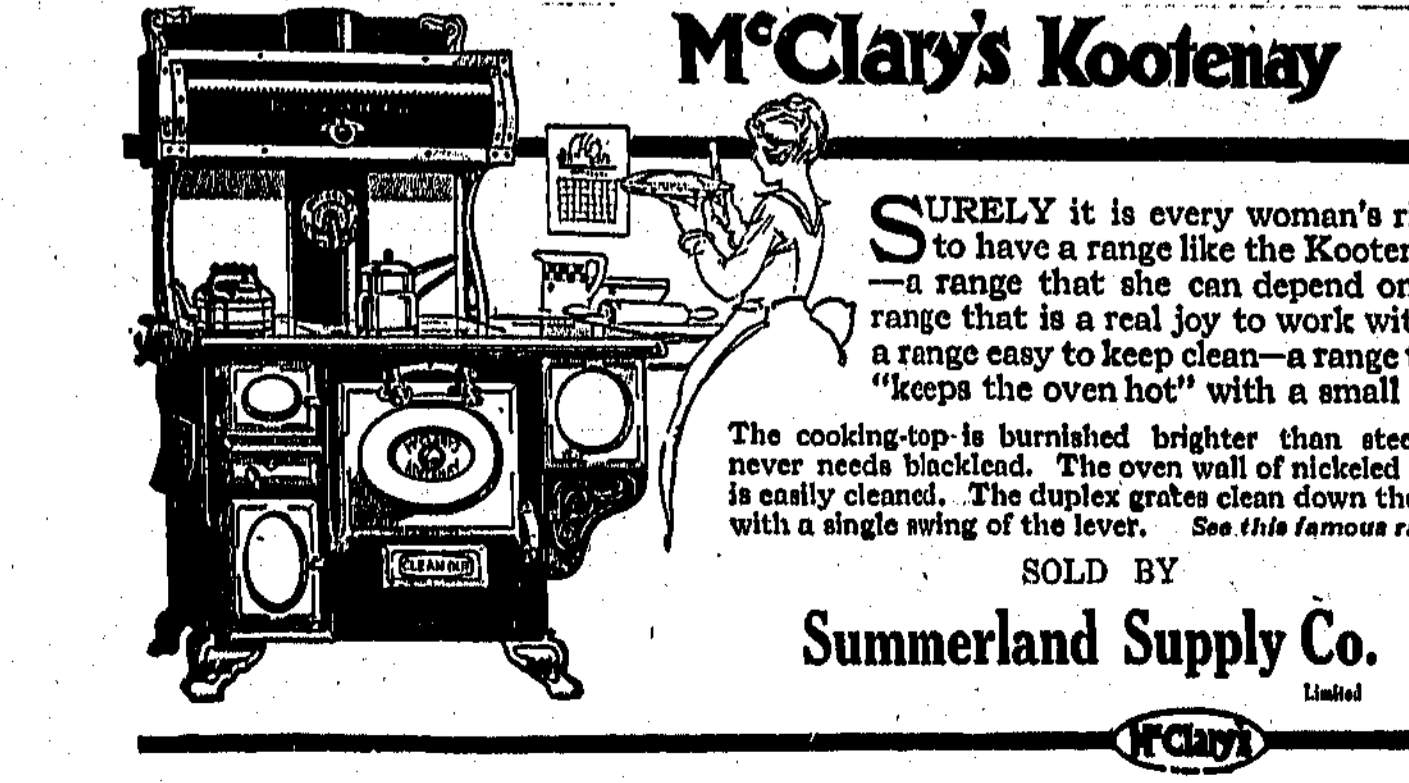

An APPEAL for Help.
 TO
SAVE OUR FRUIT CROP
MORE PACKERS ARE NEEDED.
 During the War, Women and Girls were urged to help in Harvesting. Food is just as essential now.
BE PATRIOTIC!
 If You can Pack Apples, offer your services at once. We need Twelve Packers at our Summerland house and Seven in our Naramata house. You will be well paid and will be doing good service.

McClary's Kootenay

SURELY it is every woman's right to have a range like the Kootenay! — a range that she can depend on — a range that is a real joy to work with — a range easy to keep clean — a range that "keeps the oven hot" with a small fire.
 The cooking-top is burnished brighter than steel; it never needs blacklead. The oven wall of nicked steel is easily cleaned. The duplex grates clean down the fire with a single swing of the lever. See this famous range.

Winding Trail

By Autolycus.

THE INQUITOUS COMPOSITOR.

Once upon a time there was a poet who began a soul stirring verse thus: "See the pale martyr in a sheet of fire." But there was also a compositor who set this line in type thus: "See the pale martyr with his shirt on fire." Those people who can enter into the poet's feelings when he read the printer's rendering of his line can sympathize with the writer of these notes on discovering that his paragraphs of last week had been mixed up and converted into printer's "pie." The mosquitoes were turned into the small fruits, the smile of Manitou was distorted out of recognition and a general hash made of the whole subject. And all because a dozen lines were inadvertently put into the wrong paragraph by the setter-up, and the mistake overlooked by the proof reader. "Some day when I have time," said one writer recently, "I'm going to devise some special form of torture for compositors who mutilate my perfectly good copy, and when I can think of a punishment which fits the crime the last state of that man will be worse than the first."

REMINISCENT

I feel sure that, among the number of former Ontario people now living in this Valley there will be some who remember the late Hon. Frank Cochrane, as Minister of Lands and Mines for that province. A correspondent of the Vancouver Province calls to mind an occasion when the Hon. Frank and several other members of the Ontario House visited those towns which were at that time on the extreme northern borders of the province. At that time I had the Presidency of the local Board of Trade wished upon me, and had to join in the civic reception of visitors. I remember we had a torchlight procession in which the late Minister shared his conveyance with me, and insisted that I should start some singing along the line, someone having told him that I was supposed to know A from Z musically. A few of us waited on him afterwards in his offices in the Toronto House to discuss some local affairs, and the subject of putting prisoners to work on the roads in the north country came up. Someone remarked that many prisoners might feel badly at having to work in public view as criminals, and I have often thought of the Minister's rejoinder. "If," he said, "I were so unfortunate as to get into trouble I would think it no shame to do some work which I knew was beneficial to the country." For sound good sense sympathetically expressed, that remark is hard to beat.

BRITISH DEMOCRACY.

Since writing the concluding paragraph in last week's "Trail," I have come across the following from George Gissing's book, "The Private Papers of Henry Ryecroft," and they seem to be a very apposite commentary thereon. He writes, "English monarchy, as we know it is a triumph of English common sense. Grant that men cannot do without an over-lord: how to make that over-lordship consist with the largest practical measure of na-

Penticton Fair On Next Week

The Directors of the Penticton Fall Exhibition appear to be making splendid progress. The indications are that the Exhibition next week will prove to be a record breaker both as to attendance and excellence of display.

No small amount of assistance is being afforded by the Canadian Pacific Railway and the local branch of that organization the Kettle Valley Railway. Both Companies have granted a fare and a third rate all the way from Vancouver west to as far east as Revelstoke on the main line and Nelson on the K.V.R. Not only that but all exhibitors of live stock will be granted single freight rates for their stock and free transportation for one person in charge of each exhibit.

tional and individual liberty? We have solved the question.

The strength of Englishmen, politely speaking, lies in a recognition of expediency, complimented by respect for the established fact."

In another place the same writer deals with the danger of democracy of the "massed" variety, getting the upper hand, his premonitions being certainly supported by the present affairs of the world over. He sees nothing but chaos and disaster in the qualified "mob rule" advocated by extremists, and adroitly lays his finger on the sore spot. "Nothing is more rooted in my mind," he writes, "than the vast distinction between the individual and the class. Take a man by himself and there is generally some reason to be found in him; mass him with his fellows in the social organism and ten to one he becomes a blatant creature without a thought of his own, ready for any evil to which contagion prompts him. It is because nations tend to stupidity and baseness that mankind moves so slowly; it is because individuals have a capacity for better things that it moves at all."

When we see, as we saw in the Winnipeg strike, how an unwilling majority can be influenced by an extremist minority, we cannot fail to admit that our author's dictum is amply borne out by facts.

AUTOLYCUS.

Premier Oliver is expected to open the fair at 10 o'clock Wednesday the 15th inst., in which case a banquet in the Premier's honor is tabled for that evening at Hotel Incola.

The indications are that the showing of registered stock including cattle, pure bred goats and high class poultry will be one of the largest ever shown in the interior of B.C.

Another feature that is attracting widespread attention is the CHILD WELFARE EXHIBIT, conducted by Dr. Hugh Dobson, under the auspices of the Penticton Women's Institute.

In after years a courtship may be converted into a battleship.

Orchard Snap

I have a very choice Orchard Property listed with me for a quick sale. It has a good dwelling, greenhouse, orchard bearing. Ten acres. Within two minutes of West Summerland Post Office. Also a number of smaller properties in all parts of the district.

W. C. Kelley

For Quick Sale

I am instructed by the owner of Lots 53 and 54, Lot 1073, Trout Creek District, to secure a quick sale of the property.

The lots comprise 18 and 17 acres respectively. They are in an irrigated district. The sale includes all the trees upon the lots. Clear title can be given.

PRICE for the whole valuable property \$3,000

TERMS, \$1,000 Cash and two or three years in which to pay the remainder.

NOTE—This price is much less than the assessment placed upon the property.

Apply to

Pays for peace! Purchases prosperity! reserves our present proud position! prepare to rush it!

The High Cost of Living

We hear a great deal about price commissions in these days; days when most of us anticipated a decrease from the High War Level of Prices, whereas we are being "treated" to unprecedented increases of costs for the necessities of life.

The Boot and Shoe World today is suffering a shortage of leather due to enormous export of hides and this fact has been taken advantage of by the profiteers of the trade with results, instances of which follow:

In August of this year I received a shipment of shoes from a large eastern manufacturer and a short time afterwards I wrote to obtain prices for what is known as a "Sorting Order," (an order to fill up the sizes already sold), and received in return a newly printed sheet showing the costs at the advanced prices, the advance taking effect in wholesale houses on September 15.

A boot which in the original shipment had cost \$6.60 was quoted in the new sheet at \$10.50, and whilst this advance was amongst the most marked of them all others ran very close seconds. For instance, \$6.50 for \$9.90; the average increase appeared to be from 40 per cent. to 60 per cent. This increase has occurred with only slight differences in percentage in all the wholesale houses in Canada.

The consequence of this very possibly unjustifiable increase is that the retail merchant who sells out his old stock at a fair profit will find that he has not obtained sufficient money thereby to buy the goods again to replace that which he has sold. Whether he has made a profit on the sale of the original goods or not he will have to reduce stock and pay his store expenses and his own wages from some other money than that obtained by the sale of his goods. If

this money is not obtainable he is on the way to the bankruptcy court in spite of his "fair profit." The only course for every retailer is to immediately increase prices to meet the need of replacing the stock in keeping with the requirements of the public.

In accordance with the above I am reluctantly compelled to announce that in future I will cancel all discounts heretofore given on Leather Boots and Shoes purchased from me. For some weeks prior to the advance I purchased more than double quantities in almost all lines of footwear and though my sales have been unusually heavy recently I still have a very large stock and have only found it necessary to make comparatively SLIGHT INCREASES in the marked prices on the boxes.

There is the greatest difficulty in obtaining "Sortings" where sizes have been broken, even at the enormous wholesalers' charges that are prevailing, and when you find occasionally that your size is out of stock, you are respectfully solicited to keep the above explanation in mind; in the meantime I will spare no effort that promises reasonably of success on your behalf.

Call and see my line of Women's Spats with new boot top design recently arrived, also my Men's Slater Boots, made up of several styles of high grade Goodyear Working Boots, light mahogany calf dress boots and elderly men's comfortable boots. I have also a full stock of Rubber Footwear just in and have heavy shipments of Slippers and Men's Gloves on the rails, which were ordered early in the year and will arrive almost any day.

My best efforts are always at your disposal.

A. J. BEER

Another New Local Industry

Now We're to Have a Cider Grist Mill.

The Community Cider Works, of which W. L. May is to be manager, has rented the premises on Shaughnessy Avenue, north of the Summerland Supply Store, and will be ready to receive cider apples on Saturday, October 18th, doing custom work exclusively. Growers leaving apples at the mill will receive one gallon of the very best cider for every twenty-five pounds of fruit, the balance going for toll. Next year it is proposed to get larger premises and install a number of vinegar generators. When the vinegar plant is in operation fruit from this district will be converted into vinegar for the same toll as cider, but in addition to this growers at all lake points who have their own cider mills will be invited to ship their cider here where it will be made into vinegar and either returned to them or sold and the money remitted in the same way that the unions are handling

Alfalfa Good For Horses When It Is Balanced In Rations.

Alfalfa is practically as good when fed to horses as when fed to milch cows or to growing stock, but one must be careful to "balance" the ration.

Timothy hay is a good filler and that is one of its great values in feeding to horses; it affords bulk to the food, so when timothy is fed along with oats we have a very nice combination. The oats furnish the "strength" and the timothy furnishes the bulk. Alfalfa is a feed really "stronger" than oats, and when we use it in place of timothy we are just doubling the strength of our feed. The feed is made so "strong" that the animal is unable to utilize it entirely, and the portions not utilized must be worked off by the kidneys in large measure.

The County Y.M.C.A. gives the boy of the small town or country district the advantages of a city Y.M.C.A. without the expense.

fruit. Growers are reminded that cider made late in the season is the very best and that the mill will be in operation all next month. 11

Bulletin on Home Canning

In canned goods there are two kinds of spoilage. The first is called "flat sour" which includes all forms of bacterial growth that develop within the food. The second type of spoilage to guard against is mould, a plant growth that is distinctly different from the bacterial growth. Moulded goods are seldom more than surface affected because air is necessary for its growth but the "flat sour" spoilage means that the entire can must be discarded.

Bulletin No. 98 of the Dominion Experimental Farms, "Preservation of Fruits and Vegetables for Home Use," which may be had on application to the Publications Branch, Department of Agriculture, Ottawa, gives full information on the various methods of canning including old and valuable recipes as well as new ones which have been found valuable. Canning has become the

most popular means of preserving large quantities of fruit and vegetables and since these are plentiful during the summer months and at other times difficult to obtain it is important to preserve quantities during the growing season for use in winter. Moreover the use of an abundant supply of fruit and green vegetables is essential to health at all seasons of the year.

Sunflowers: An Important Agricultural Crop.

The sunflower is an important agricultural crop, though it has not been used to any great extent in this country. It is cultivated quite extensively in Russia and used for a variety of purposes. It makes excellent silage, especially when mixed with corn and some legume in about equal parts of each. The

seed has an unusually high oil and protein content. On account of the latter its growth rapidly exhausts the nitrogen from the soil and, therefore, if grown successfully on land, the soil will require considerable fertilizer. The oil portion does not exhaust the soil since the elements from which oil is made come from the air and water.

The seed is used in the production of oil, which is extracted by compression, and is of value for table use, cooking purposes, and in general the same use as is made of olive oil. In Russia the seeds of the larger seeded varieties are sold as peanuts are in this country and eaten raw. The plant has also been used quite extensively in paper manufacture in some of the European countries. The sunflower should be grown upon soil which is suitable for corn and planted and cultivated about the same as corn,

though it will stand a little earlier planting than the latter on account of its greater resistance to frost.

The Expenditure of \$610,000,000

How the last Victory Loan was spent

For Demobilization

For Trade Extension

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year.

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies.

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers. This included \$312,900,000, for paying them, feeding them, bringing them home, separation allowances to their dependents, maintenance of medical services and vocational training schools.

\$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities.

\$9,000,000 was spent at Halifax for relief and reconstruction after the disaster.

+ + + + +

Other disbursements were not, strictly speaking, expenditures, but National Re-investments.

To Great Britain for example:

\$173,500,000 was loaned for the purchase of our wheat and cereals.

\$9,000,000 for our fish.

\$30,000,000 for other Foodstuffs.

\$2,900,000 for Canadian built ships.

\$5,500,000 to pay other British obligations in Canada.

Making in all \$220,900,000 advanced to Great Britain.

To our Allies, we loaned \$8,200,000 for the purchase of Canadian foodstuffs, raw material and manufactured products.

The Re-investments will be paid back to Canada in due time, with interest.

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible.

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice, had we not made these credit loans.

As far as money is concerned, 1919 has been, and is still—just as much a war year as 1918. Our main expenditures for war cannot be completed until well on into 1920. Thus another Victory Loan is necessary—Get ready to buy.

Victory Loan 1919

Preparing Bylaws for School Site and Road Equipment

Fruit Union Will Purchase Lots for Building Extension. Bylaw For Domestic Water Extensions Held Over For Time

Application was made by the Summerland Fruit Union some weeks ago, for purchasing from the Municipality of eight building lots on the shore between the post office and the Union directors' office. Before committing themselves the Council practically asked for a guarantee from the Union that the land would be utilized for an industrial purpose and not held for speculation or possible future requirements. On Tuesday a further communication from the Union was read in which that organization stated that they contemplated the erection of a frost proof building on the lots in question. This building would be used in the packing, handling and storage of fruit. A favorable answer to the application for the purchase of the property together with a price was asked for at an early date so that the plans for the proposed new building could be proceeded with. General satisfaction was expressed with the prospect of having such a building which will be a valuable asset and a much needed adjunct to our fruit industry. The question of the price to be put on the lots was not decided upon but it is thought that an agreement on this point could be reached next week.

Representing the School Board, G. Marshall expressed disappointment in the delay in submitting to the ratepayers a by-law for the purchasing of a proposed school site. Mr. Marshall was informed that the Clerk had advanced the work as far as possible and that any delay was due to the need of authentic plans of the lands in question, which plans were expected from Kamloops.

Councillor Campbell reported on a visit of inspection with the Engineer to the springs below the reservoir. In their opinion it would be practicable to utilize the water from these springs to feed one of the domestic water mains. The Engineer was asked to submit a report giving levels, volume, etc. for next week's meeting.

Councillor Campbell reported on a proposed change in the road through Peach Valley, moving that the services of a surveyor be obtained for the purpose. This was carried unanimously.

A request from J. Mutton that the irrigation ditch through Victoria Gardens be piped was referred to the Engineer for information thereon.

Permission had been sought by a resident to trap beaver at the reservoir on Trout Creek. This was referred to Ex-councillor Johnston, who advised against it, saying that the beavers should not be interfered with.

Irrigation water will be supplied to Block 2, D.L. 2502, a lot in the northern end of the municipality, owned by R. J. Dougald. He had applied for water to this and other lots but water for the lots farther north was not promised for next season.

Upon the suggestion of Coun. Kirk, the Clerk was asked to obtain a complete copy of the list of soldiers who enlisted from Summerland. From this will be prepared an Honor Roll to be hung in the Municipal Hall.

Two large autographed printed photos, one of the Duchess of Devonshire, and the other of the Duke of Devonshire, have been presented to the municipality by the Duke of Devonshire. The Reeve and Coun. Kirk were appointed a committee to have these suitably framed and hung in the Municipal hall.

A requisition from the School Board for \$2,447.43 for September accounts was received and the Treasurer authorized to pay accounts noted thereon.

The engaging of an assistant by the Assessor at \$5.00 per day was approved by the Council.

It was agreed that the sum to be borrowed under the proposed new school by-law should be \$4,800.00. The price of the land to be purchased is \$4,400.00. The extra amount will be required to meet (Concluded on Page 8.)

Interest Rising In Sum'land Fall Fair

Entries Beginning to Come In Hopes Are Reasonable For Best Show Ever

Entries for the Fall Apple Show and Peace Fair are now reaching the Secretary of the Agricultural Association. These coupled with the enquiries for prize lists, or for particulars of events, lead to the conclusion that interest is going to be well sustained in the Fall Fair this year. October 29th and 30th, the Fair dates, are less than two weeks away, and intending entrants should not postpone the matter of deciding on their entries much longer. It is fully realized how busy the unprecedented apple crop is making growers in general, without the added aggravation a shortage of pickers, packers, and in certain quarters material as well. This means, in some cases, that to exhibit at the Fair will call for real sacrifice of valuable time. But if the event is brought up to the new standard that is hoped for, there are few who will not think it was worth taking the time, nor would the effort put into getting the exhibit ready be grudged. The credit for a fine fair should not belong to a few who organized it, nor to a few who exhibited at it. In a community event of this kind everyone should have some part, and so it is only reasonable to hope for a large number of new names among the exhibitors at the 1919 Fair.

There is yet another aspect to the case. This lies in the fact that by taking a larger degree of interest in the 1919 Fair, Summerlanders would indicate they are alive to the fact that this year, the first peace year for the space of more than half a decade, is the time for expansion, and that new energies developed during the stress of war times are going to be headed in another direction, towards bigger things in peace times.

Those who made exhibits at the Fairs of neighboring towns, or are showing at fairs shortly to be held, are very strongly urged to come to Summerland with their exhibits. A good array of entries from these neighborhood fairs would complement the local entries into a splendid representative whole.

Do not delay. Send your entries in to the Secretary right away.

Summerland Leads in Membership

Summerland-Naramata District still maintains its lead in membership in the B.C.F.G.A., with a total of one hundred and seventy-two members, twenty-three of whom are life members. Much credit is due Mr. R. V. Agur, director for the district, for the splendid lead that is being maintained. The district which includes Penticton, Kaledon, etc., represented by the Rev. Mr. Huntley, holds second position in membership with one hundred and nineteen, seventeen of whom are life members. District No. 1 represented by W. J. Sommers has third position with a membership of fifty-eight.

Fine Orchard Property Changes Hands

According to information received by Miss Aitchison, matron of the Summerland Hospital, the well known ranch on Paradise Flat, the property of her brother Mr. P. Aitchison, has changed ownership. The new owner is Mr. George Gray of Ottawa, a war veteran, and we understand it is Mr. Gray's intention to come here to reside on his orchard property.

"Hands and feet are the thermometer of the heart."

Improved Service Is Discontinued

Collection of Sunday Mail from Upper Post Office Ceases. Protest Being Made

Having found the Sunday evening exchange of mails between the upper and lower post offices a great convenience it was but to be expected that there would be general disappointment when the service terminated at the end of September. Much inconvenience has been caused by its discontinuance. We are informed that the matter has been taken up with the Post Office Department by Major E. E. Hutton on behalf of himself and other citizens concerned, who again find that letters posted after 5 p.m. Saturday do not get away on the boat until Tuesday morning.

It is said that the average number of letters sent each Sunday from the upper to the lower post office, during the time the service was in effect was about 140, and Major Hutton has pointed out that there is no reason to suppose that the correspondence during the winter months would be any less.

Post Office Inspector Murray in reply informed Major Hutton that the Department was requested to provide this service during the fruit shipping season only but in view of his letter would look into the matter of the need of this service all the year round and if found conditions warranted he promised to make a favorable recommendation to the Department for revival of the Sunday evening mail service.

Assessor Takes Up Work of Revision

Improvements Will Be Assessed Up to Value to Enhance Credit of Municipality

A thorough revision of the assessment roll, together with re-valuation of all property within the municipal limits, has been decided upon by the Summerland Municipal Council. Mr. J. M. Sutherland, recently appointed assessor, met the Council on Tuesday, when the matter of assessment was discussed in an informal way.

Not only will each parcel of land within the municipal limits be re-assessed but the improvements thereon will be given more attention than they have heretofore received as far as their valuation is concerned. As improvements are not taxed the valuing of them has been done in an indifferent way. While it is not contemplated that improvements will be taxed, yet for the credit of the community it is advisable that figures approaching actual value of improvements be shown on the roll, as it is against both the land and improvements that borrowings are made, and a correct assessment of the improvements will show the true relation of bonded debt to security.

Assessor Sutherland, who will have with him Mr. G. Marshall as assistant in valuating property, was accordingly asked to give improvements as well as land careful valuation. An amendment to the Municipal Act requires that the assessment roll show the registered owner of the property and the name of every registered person who has a claim on such property. To obtain this considerable work must be done at Registry office at Kamloops and it is possible that a Kamloops lawyer and former registrar may be employed to do this part of the work.

Assessor Sutherland has already started on the assessment and it will probably be two months or more before the roll is complete.

CARD OF THANKS.

Mrs. Clarence Craig, her sister Mrs. C. G. Harvey and brother, Mr. Herbert Raby wish to give expression to their gratitude for the thoughtful kindness of friends and neighbors when they were so suddenly called upon to part with their dear father.

Debenture Issues Are Forecast

Money to be Raised to Provide School Site, Road Machinery and Dom. Water Extension

Ratepayers of Summerland soon will be asked to give their approval to the borrowing of money on Municipal bonds for three distinct purposes. Probably the largest of these will be a loan for the making of much needed extensions and improvements to the domestic water system. The further settling up of the district and the greatly increased demands on the domestic water system will make it absolutely imperative that this outlay be made.

The steadily increasing number of school children has created a situation with regard to our schools that is impossible and relief must be provided if our children are to have present day school advantages. As a first move the School Board proposes purchasing additional land adjacent to the Central School property and has asked the Municipal Council to submit a loan by-law to the ratepayers for this purpose.

A third proposed loan will be to provide money for the purchase of road equipment. To efficiently and economically maintain our roads more modern equipment is necessary. This not only has been recognized by the Council but on more than one occasion ratepayers in public meetings have passed resolutions favoring better road equipment and the Board of Trade has been pressing for early action in this matter.

Summerland Exhibits Win at Penticton

May be Strong Entry From That Point at Summerland Show Little Later

After a lapse of some years Penticton again resumed its annual fall fair, which was held this week on Wednesday and Thursday. The exhibits though not of great number were thought to be of good quality and in the exhibition buildings a very fine showing had been staged of fruits, vegetables, livestock and poultry, fancy work, baking and school work and other exhibits. A few entries from Summerland were in evidence and nearly all won prizes.

From Balcoano Ranch were shown five registered Holstein cattle and prizes were won as follows: bull calf up to 18 mos., first; heifer up to two years, first; mature cow, second; yearling heifer, first.

An onion seed exhibit sent by Messrs. Vanderburg and Peck was awarded first prize with ten other entries. The quality of their exhibit was very favorably commented on.

W. E. Rines had a good exhibit and captured eleven prizes in all. First prize for cabs, plates of Snows, Stayman Winesap, box of Snows, Stayman Winesap and Old Winesap, exhibits of cabbage and corn. Second in box of Grimes Golden and also for onions. Third prize, box of Gano.

A good exhibit of seed corn, Quebec No. 28, was also shown by Balcoano Ranch.

The comprehensive exhibit from the Summerland Experimental Station was very conspicuous and aroused a good many enquiries.

A personal visit by the Secretary of the Summerland Agricultural Association brought out the fact that Summerland is very much looked up to as an example of the work-together spirit. Although the entries from here to the Penticton fair were very few, growers down there expressed a willingness to meet us more than half way and it is likely there will be a good display from Penticton at the Summerland Fall Fair. Provisional arrangements were made for the transportation of some of the prize stuff from the Fair there. It is hoped that other districts will also be represented at the Summerland Fall Fair, October 29th and 30th.

There can be no true politeness without the practice of self-denial.

Governor-General and Party Have Drive Over District

Official Reception Tendered Duke of Devonshire, Including Presentation of Address. Visit to Experimental Farm

Governor-General Does Act of Grace

Inaugurates Peachland's First Agricultural Fair. Event Is Complete Success

Peachland was highly honored last week by a visit from His Excellency the Governor General with the Duchess and Lady Dorothy Cavendish. At 10.15 on Thursday morning the Sicamous pulled in to the wharf, and as the party were about to disembark the cheers of the crowd subsided, the school children with flags waving sang "The Maple Leaf," after which Reeve Hogg read the address of welcome, to which His Excellency replied in a few well chosen words, and while their Excellencies and Lady Dorothy were making personal acquaintances with some of our citizens present the school children sang "O Canada," again waving their flags high in the air. The Reeve, Councillors and Exhibition Committee then accompanied the party to the hall where they were shown over the exhibits at our first annual Fall Fair. After having viewed the exhibits carefully His Excellency stepped just outside the door of the hall and addressed the crowd who had followed when the party came to the hall. At this juncture His Excellency formally declared the exhibition open, and during the course of his remarks spoke very highly of the exhibit, saying that it was very creditable indeed. Before returning to the wharf several more of the citizens enjoyed the pleasure of a handshake and a few words with their Excellencies.

As the party boarded the boat three cheers again were given and the school children who had remained at the wharf, sang the National Anthem, and as the Duke and Duchess and Lady Dorothy appeared at the deck railing the children struck up "For He's a Jolly Good Fellow," which the party appeared to appreciate. As the boat was pulling away from the wharf, and after the grown members of the community had waved their farewells, the children went out to the end of the wharf and waved their flags, receiving in return handkerchief salutes till the boat was quite a distance out.

Of course everyone was feeling in fine spirits after such an event (Continued on page 2.)

Car and Buggy Met in Strange Mishap

By a very unusual accident Athol Agur had the wind shield and top completely stripped from his car while driving it along one of our roads. The car, a large Chevrolet, which he had just purchased, had head lights burning and Mr. Agur saw, some distance ahead, a horse and vehicle coming toward him. The horse turned out as they met but Mr. Agur states that when nearly opposite him it suddenly turned toward the car. One of the shafts punching the windshield ripped it and the top from the car. In Mr. Agur's opinion the driver of the horse must have been dozing and became confused when he noticed the car close to him and in his excitement pulled the wrong rein.

Leaves to Take Up University Post

Mr. H. W. Atkins, recently returned from army service, has accepted a position as professor of English literature in the Washington University, St. Louis, Mo., and left to take up his new duties on Wednesday morning. During his few weeks here Mr. Atkins attended to the harvesting and selling of his fruit crop, and has also sold the property to Mr. Hastings who, it is expected, will come here to reside on the property.

Summerland Weather Report

Below is a report furnished by the Dominion Experimental Station here for the week, ending Tuesday:

Date, 1919.	Max.	Min.	Rain	In.	Sun.	Shade
Oct. 8—	55	38	.00	0.0	3.8	
" 9—	47	20	.00	0.0	6.0	
" 10—	48	21	.00	0.0	6.2	
" 11—	51	36	.00	0.0	6.4	
" 12—	50	37	.00	0.0	6.7	
" 13—	59	30	.01	0.0	8.6	
" 14—	50	30	.00	0.0	0.0	

Change in Prize List

The Secretary of the Summerland Women's Institute announced an important change in their section of the Fall Fair prize list. Section 8, Class 8, calls for sultana cake from receipt given. It is announced now that owing to sultana raisins being off the market, seedless raisins are to be used.

PEACHLAND FAIR

Continued from p. 1.

which gave added zest for the following events of the day, the celebration of our first Fall Fair.

Peachland held its first annual Fall Fair in the Orange Hall on Thursday, October 9th. It was formally opened by His Excellency the Governor General. As was stated by the Duke, the exhibits were very creditable indeed. The quality of the fruit section of the exhibit was par excellence. There were those at the Hall on that occasion who had seen many fruit exhibits and in considerably larger and older communities than Peachland and while there was not the quantity of fruit, the quality, according to their view, was as good as the best. Space will not permit of special mention of all the various sections, but the prize list below will give an idea of the extent of the Fair. The community is indebted to the management of the Summerland Experimental Station for the assistance given by them. Superintendent R. H. Helmer, with Mr. G. W. Johnson who is in charge of the office at the station, and the Bees and Weather register and Mr. C. Wilson the live stock man, came up with quite an extensive exhibit of seeds and various other products and articles produced at the Station. This was certainly quite an educational exhibit in itself, and the pleasant and efficient manner in which these representatives of the Station were ready to give any information at their disposal, was a treat indeed. Mention might be made of a particular line strongly advocated by the Superintendent, being that of the soy bean. As a part of the exhibit he had a sample of the root of the plant from the first year's growing and another showing the root growth the second year after the first crop had been turned under. This showed the nodules produced, the land having thus been inoculated. It was explained that after land had been inoculated in this way, other land could be inoculated from this by the sprinkling of a portion of the earth of this patch over the patch to be treated.

The potato exhibit was very interesting to the growers here, some very fine specimens being shown and it was announced on that occasion that next spring a free sample of any one variety of potato would be sent to anyone asking or writing for same. It was quite an eye opener to the people to see the variety of seeds produced at the Station. Among other curios shown on this occasion were a number of

souvenirs of the recent war which were very interesting to all.

There was a very pretty collection, and well worthy of mention exhibited by our local barber, Mr. Chidley, comprising artificial flowers of various kinds, and pretty hand made decorations and some original work with sealing wax, all done by his own skill.

It would hardly be fair not to mention the culinary section, which as goes without saying, did credit to the ladies of the district. The decoration of the hall was well worked out and added greatly to the general success of the event. The Committee appreciated very much the assistance rendered them by Mr. Chidley who helped in the arranging of the decoration as well as supplying a portion of the same with his own hand made material.

Following is a list of the exhibits and prizes and winners, etc. in the Women's Institute Section, and the Farmer's Institute Section following, the two institutes having combined to make the exhibition a success.

Flowers.

Asters: Mrs. A. Ferguson
Dahlias: Mrs. Ferguson, Mrs. Hogg
House Plants: Mrs. McCall, Mrs. Needham

Fancy Work

Embroidered pillow cases: Mrs. Taylor, Mrs. Dryden
Centre piece, white or colored: Mrs. Saddaby, Miss Whitman
Nightdress, crocheted yoke: Mrs. Dryden, Mrs. Moore
Camisole, crocheted yoke: Mrs. Moore, Miss Whitman
Petticoat, crochet trimmed: Mrs. Moore
Collection embroidered cushion: Mrs. Taylor, Mrs. S. B. Robinson
Three articles made from flour sacks: Mrs. Dryden, Mrs. Dennis
Collection of tatting: Mrs. Needham
Fancy bag, not crocheted: Miss Verna Town

Cooking, Etc.

White bread, Purity flour: Mrs. Ferguson, Mrs. Suddaby
Brown Bread: Mrs. Ferguson, Mrs. Harrington
Baking powder biscuits: Mrs. Suddaby, Mrs. Harrington
Farkerhouse rolls: Mrs. Ferguson
Ginger Bread, recipe given: Mrs. Suddaby, Mrs. Ferguson
Layer cake: Mrs. S. B. Robinson, Mrs. Ferguson
Apple pie: Mrs. Ferguson, Mrs. Taylor
Pumpkin pie: Mrs. Harrington
Catsup or Relish, 4 varieties: Mrs. Ferguson
Canned fruit, 4 varieties: Mrs.

Smalls, Mrs. Suddaby
Jellies, 4 varieties: Mrs. Ferguson
Pickles, 4 varieties: Mrs. Ferguson
Pound print butter: Mrs. MacKenzie, Mrs. White
Quart-vinegar: Mrs. Needham
Mixed bowl for table decoration: Miss Town, Mrs. MacKenzie
Box horse made candy: Mrs. Harrington, Miss Rose Law
Decorated table, special prize: Miss Illyva Murdin

School Work.

Hand made doll underclothes: Lilian Town
Plain sewing, girl under 9: Frances Robinson, Alice Wright
Writing, Entrance class: Dorothy Clement, Lexie Keating
Writing, Junior 4th: Ivy Law, Frances Clement

Writing, Intermediate: Lilian Town, William Bradbury
Map of Europe: Gordon Town
Map of South America: Ray Harrington

Colored drawing: Myrtle Iverson, Paullina Hohensee
Colored Kindergarten Work: Mildred McDougall, Eleanor Town

B Class: Teddy Clement, Arthur McCall
C Class: Myrtle Seigfried, Willa Jean Elliott

Decorated doll carriage, girl under 9: Mildred McDougall, Eleanor Town
Boquet of autumn leaves and berries: Margaret Harrington, Emma Hockyard

Collection of pressed wild flowers: Miss Illyva-Murdin
Manual work, boy under 14: Gordon Town, Ray Harrington

Farmer's Institute Section.

Class 1—Three boxes winter apples, any one or any three varieties, packed by grower or any one of family not a professional packer. Apples grown on property of exhibitor. Packing to count 50 per cent of points: Won by Mr. K. Harrington.

Class 3—One box of apples: Delicious—O. Pope; Jonathan—O. Keating; O. Pope; McIntosh Red—O. Pope; Northern Spy—H. Hardy; Rome Beauty—R. Harrington; Spitzenberg—H. Hardy; Wagner—H. Hardy; R. Harrington; O. Pope; Winesap—H. Hardy; King David—O. Pope; Winter Banana—O. Pope.

Class 4—Plate exhibit: Delicious—Mrs. Buchanan, C. Aitkens, R. Harrington; Grimes Golden—Mrs. Buchanan, F. Upton, Thomas Powell; Jonathan—O. Keating, F. Upton, H. McCall; McIntosh—A. MacKenzie, Mrs. Buchanan, O. Keating; Rome Beauty—A. MacKenzie, Jno. Kerr, J. Miller; Northern Spy—A. Ferguson, Mr. Blennerhasset, Jno. Kerr; Spitzenberg—H. Hardy, H. McCall, O. Keating; Wagner—O. Keating, O. Pope, A. MacKenzie; Winesap—H. Hardy, Seth Davidson, Mrs. Buchanan; Winter Banana—Mr. Blennerhasset, H. McCall, O. Pope; Yellow Newtown—O. Pope, Mrs. Buchanan, Jno. Kerr.

Class 5—Plate exhibits, other varieties: Ontario—R. Harrington, G. Robinson; King David—O. Pope; Baldwin—O. Keating, A. MacKenzie; Snow—A. MacKenzie, O. Keating; Salome—H. McCall, Miss M. Smith; Black Twig—Seth Davidson; Delaware Red—J. Miller; Ribstone Pippin—J. Miller; Wealthy—A. MacKenzie, A. Ferguson; Greening—G. Keyes, O. Keating; Stark—O. Pope; Spokane Beauty—O. Pope; Gano—G. Robinson, Jno. Kerr; Yellow Belle Fl.—H. McCall, A. MacKenzie; Hubbardson's Nonsuch—Miss M. Smith; King of Tompkins—H. McCall; Seek-no-further—H. McCall, A. MacKenzie; Blue Pearmain—H. McCall; Hyslop Crabs—A. Ferguson.

Class 6—Plates of Pears were shown as follows: Flemish Beauty, O. Keating; Winton Nellis, Seth Davidson; Keifer, H. McCall; Clairgeau, A. MacKenzie; Duchess and Seckle, R. J. Hogg. The above plates were recommended.

Class 7—Plate of grapes: Clearwater, G. Keyes; Niagara, H. McCall; Roger No. 4, H. McCall; Concord, H. McCall; Muscat of Alexandria, N. S. Davidson.

Class 8—Five Cantaloupes: N. S. Davidson, Mrs. Thompson; Water Melon—Ray Harrington; Pumpkin—O. Pope; Squash—Ray Harrington.

Class 9—Plate of six potatoes: 1st and 2nd, O. Pope.
Best Collection of vegetables: Mrs. Thompson
Best collection of onions: Mrs. Thompson
Best box of tomatoes: N. S. Davidson.

Mrs. R. E. White and Mrs. R. M. Ross of Summerland came up Thursday morning to judge the Women's Institute section of the Exhibition, and performed their duty early in the forenoon. Mr.

Helmer acted as judge of the fruit and vegetable section, and his task was not by any means easy, not because there was such a large exhibit, but the competition was so close on many of the varieties that in some cases after he had chosen out the best two or more plates of a variety judged from the standpoint of color, size, shape, comparative uniformity of size, etc., the decision had to be made on count of flaws. We are unable at this writing to give the particulars of the financial success of the Fair, but have learned that the Women's Institute section cleared about \$45.00.

Several special prizes were donated, but we hope to have more complete particulars for next week's issue.

Peachland Doings

A Weekly Chronicle Furnished By Our Local Representative.

Farrel Whyte passed through on the boat on Friday night and returned by auto on Saturday to spend a short vacation here, renewing old friendships and acquaintances.

One of the aged members of the community was called to her last reward on Friday morning the 10th, when Mrs. Powell, mother of Mr. Thos. Powell, passed away at their residence. Mrs. Powell attained the ripe old age of ninety years, short only five days. Until comparatively recently she had enjoyed for the most part good health, but has been ailing for the past few months. She was an exceptionally happy and cheerful character, and lived a most sincere and faithful Christian life. Her memory to the last moment of her life would put to shame the memory of many a younger person. Those bereaved have the sincere sympathy of the entire community. The remains were carried to their last resting place on Sunday afternoon, followed by many of the citizens of the community. The floral tributes were beautiful. The pall bearers and other members of the Church to which she was devoted wore a pretty little button hole bouquet in her honor, containing one of her favorite colors and as the service closed at the graveside each stepped forward and dropped the bouquet in as a token of their respect.

Miss Montgomery who has been spending a time in the home of Dr. and Mrs. Buchanan, returned to Penticton on Friday night.

After remaining to collect and get ready for shipment the Experimental Station exhibit shown at our fair Mr. Johnson and Mr. Wilson returned to Summerland on Friday night's boat.

Mr. Greenslade with his sister and girl friends of Penticton spent a few days in the vicinity on a hunting trip. They returned home on Thursday night of last week.

Rev. Mr. Clarke conducted Thanksgiving service in the Methodist Church on Sunday evening. The choir rendered special music suited to the occasion and the Church was decorated in harvest home fashion.

The Sunday School and Church services in the Baptist Church were postponed because of the funeral service of the late Mrs. Powell.

Miss Hilda Winger spent Thanksgiving at the home of her parents here, returning to Penticton on the evening boat.

After spending a pleasant week in the community, Mr. and Mrs. Blennerhasset with their two daughters left by boat on Monday morning. They expected to continue their trip to the Coast before returning east.

Mr. and Mrs. J. Thorne were passengers north on Monday morning last.

Mr. Ross returned on Monday evening from his Thanksgiving week holiday.

Mr. and Mrs. W. W. Fulton returned on Monday night's boat from a day up the lake.

After spending the week end at home with her people, Miss Elsie White returned on Tuesday morning to resume fruit packing at Kelowna.

Mrs. Town and Master Gordon were passengers south on Tuesday evening's boat. Mrs. Town will act as one of the judges at the Penticton Exhibition.

Our grand business is not to see what lies dimly at a distance, but to do what lies closely at hand. Carlyle.

The Winding Trail

GOOD ROADS

Among the various press comments on the collapse of the British railway strike was one well worth the consideration of any community, wheresoever situated. It was to the effect that the strikers overlooked the fact that Great Britain possesses a network of practically perfect roads, which enable the Government to transport supplies from one end of the country to the other with comparative ease, irrespective of the railroads. The point is one which does not necessarily call for a strike for illumination: it is an axiom which should be more fully recognized in a general way. A system of good roads ought to be the very first consideration of any new district, and the proper maintenance of the same should at all times be an imperative part of the annual programme. To-day there are main roads running out of London, which were built by the Romans more than fifteen hundred years ago, and which are still in splendid condition. It does not detract from their value that they were primarily constructed as a necessity of military occupation; they were equally necessary to the permanent development of the country, and the coming of the railway era only enhanced their importance. One of the greatest hindrances to the successful growth of many parts of Canada was the old time method of throwing open to indiscriminate settlement immense areas of land and the comparative neglect of providing roads, the result being the practical isolation of settlers in the remoter parts. This system has, I believe, been modified in some provinces to allow of road making to go hand in hand with cultivation, which is obviously the reasonable way. In our own district this method comes about more or less automatically, and we find a road of some sort wherever we find a ranch. There is one feature of our roadmaking, however, which lends itself to query on the part of the mere layman. Is dry summer weather the proper time to mend mountain roads? I have this season seen dressings of stones varying in size from a peanut to a pumpkin, spread on a deep layer of dust which could by no possible chance assimilate them. Would the result not be far more satisfactory if these top dressings were applied in early winter, when sufficient moisture is available to ensure the necessary binding?

NATURE'S WAY

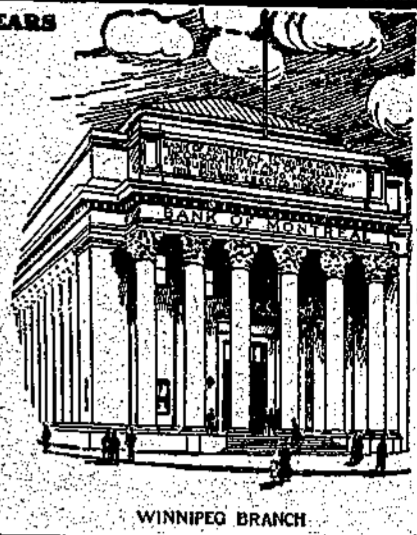

The processes of nature are sometimes a great deal too rough for our personal notions, and we are much given to referring to some operations as freaks. Primitive man used to regard the changes of weather as indications of the temper of his particular deity, and it is possible that traces of that feeling still linger in some minds. An orchardist, having his trees yet half full of apples, might easily have speculated on the seeming vindictiveness of the winds of last week, and the grain grower in Saskatchewan, who last spring saw his crops wilt for want of the rain which did not fall, and who now is watching the reaped grain sprout in the stook because of the incessant downpour which prevents threshing, might have some sort of excuse for brooding on such cross purposes in the weather calendar. "Nature," says Maeterlinck, "is a word wherewith we clothe the unknowable, and few things authorize our crediting it with intelligence or with aim. . . . But it encloses a force which is able to preserve an enormous and marvellous quantity and quality of life on our globe by means so skilful that they surpass all that the genius of man could contrive." It is for this reason that, be the processes of nature never so rough no season goes by without seed time and harvest, and often the shocks we think so fierce fall but lightly, and the ravages made are repaired almost as soon as inflicted. —AUTOLYCUS.

"A Joan of Arc Machine"

"SHE withstood everything in the field and above all was, and still is, the last and only car to survive until the cessation of hostilities."—Extract from letter received by Ford Motor Company from a British Soldier, in Africa.

Over shell-torn roads, through water soaked fields, second only to the tanks in its power to climb debris and crater holes, the Ford car made a world famous record in the fighting area of the great war. In press despatches, in field reports, in letters, in rhyme and song the praises of the Ford were sounded.

In France - 700 cars out of 1,000 were Fords
 In Italy - 850 cars out of 1,000 were Fords
 In Egypt - 900 cars out of 1,000 were Fords
 In Mesopotamia 900 cars out of 1,000 were Fords

The Ford power plant that established this world-wide record in every theatre of the war remains the same. It will be in the Ford you buy.

Ford starts at \$475 (closed model prices include Electric Starting and Lighting Equipment is \$150 extra). Group 277. Sedan \$1,175 (closed model prices include Electric Starting and Lighting Equipment, Removable fenders, tire carrying, and non-slip tires on rear as optional equipment on closed cars only at \$75 extra. These prices are F.O.B. Ford, Ont., and do not include War Tax.

Buy only Genuine Ford Parts. 100 Canadian Dealers and over 2,000 Service Garages supply them.

The Summerland Review

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED.
RALPH E. WHITE, MANAGING DIRECTOR
SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

FRIDAY, OCT. 17, 1919.

OWING OURSELVES.

IT IS ESTIMATED by Sir George Paish, the eminent economist, that interest bearing foreign securities held by Great Britain make a total of £5,000,000,000. The British securities held abroad do not exceed £1,500,000,000. There is a favorable balance, after allowing for all doubtful Russian debts, of about £3,000,000,000. At an average rate of only 4 per cent. this means an annual income to Great Britain from this source alone of £120,000,000. No one can calculate the full effect of such a circulating asset to the people and Government of Great Britain. Up to this year the Government of Canada had sold Victory Bonds amounting to more than \$1,200,000,000 to the Canadian people. The loan now being floated will add materially to the total. If \$1,700,000,000 be considered as the final outstanding war securities, at 5½ per cent., the total payment to Canadian bondholders will reach \$98,000,000, a year.

Consider the business advantage which must come from such a circulating and recurring asset. The business created by such a free movement of money will make up many times for the excess taxation required to meet the interest payments. To that extent, at least, a "thundering big" public debt has advantages, when it is owing to the citizens of the country. If our war loan securities were held abroad, the interest would be a severe drain on the country. That is the economic reason for popular Government loans.

Announcement

Owing to private arrangements not materializing, the partnership announced as being formed between Mr. A. Davidson and myself is not being carried on.

I will continue the business at the old stand as before, and hope by progressive service to merit your continued patronage.

(Signed),

A. B. ELLIOTT.

Offices.**

Mr. G. R. Hookham was a K. V. R. passenger to Vancouver on Monday.

The new X-Ray outfit for the Summerland Hospital has arrived and will be installed at an early date.

There being no prospect for immediate delivery of steel fluming, Municipal Engineer Fawkes has started a gang of men on the work of concrete lining a portion of the Thompson ditch.

Miss Nettie Stirrip of Vancouver, recently appointed to the nursing staff of the Summerland hospital, arrived here Thursday morning. Miss McMillan of Kelowna, who has been helping at the hospital until another nurse was secured, returned to the Orchard City on this morning's boat.

Mr. George Ross went out to the Coast early this week, expecting to remain for a few days.

Mrs. Clarence Craig went on the boat last evening with her brother, Mr. Herbert Raby of Calgary, to visit with him in that city for a time.

Mrs. C. G. Harvey, daughter of the late Mr. G. Raby, and her little son were this week visitors at the home of Mrs. Clarence Craig.

Mr. H. W. Bell-Irving, a well known business man of Vancouver, who has been touring the Okanagan and Similkameen, spent a day or two in Summerland this week. According to a contemporary Mr. Bell-Irving is looking into probability of additional canneries in this district, and it is a possibility that important developments will follow his visit.

Miss Edna Bateman returned to the Coast Sunday morning. Miss Bateman has been visiting with friends in the Valley for some time.

Mr. and Mrs. John Tait returned on Friday last from Victoria. Mrs. Tait has been visiting relatives in that city and Mr. Tait has been on a tour of the Province as a judge at agricultural fairs.

Much improved in health Miss Annie Dale returned from Vancouver this morning.

Miss Ballantyne, formerly of the Summerland school staff, spent the week-end and holiday with friends here. Miss Ballantyne is teaching in one of the schools near Kelowna. Her fruit lot here has been purchased by Jas. McKenzie.

THE SUMMERLAND

MERCANTILE COMPANY, Ltd.

Text of Address Presented to the Governor-General of Canada on the Occasion of His Official Visit

On behalf of the Municipal Council, and in the name of the people of Summerland, we tender Your Excellency a loyal and hearty welcome.

We would assure Your Excellency, as the representative of His Gracious Majesty the King, of our affectionate loyalty to his throne and person.

The pleasure with which your visit has been anticipated has been enhanced by the knowledge that you are accompanied by Her Grace the Duchess of Devonshire and Lady Dorothy Cavendish.

It may not be inopportune to state that our staple crop is fruit. Our apple trees are approaching maturity, and we are now realizing some profit after long years of waiting.

We are renewing and enlarging our irrigation system at an immediate cost of over one hundred thousand dollars.

Together with other points in the Okanagan Valley, the major portion of our produce is marketed through a co-operative system that has proven very successful.

The Express shipments from Summerland—mainly in soft fruits—exceed in value the shipments from any other point in this Province, or, we believe, in all Canada. The shipments from Summerland this year by freight and express will total in value nearly one million dollars.

Here at Summerland we have the Dominion Experimental Station for the Okanagan district, where valuable work is being carried on under climatic conditions affording almost constant sunshine during the growing season, with an annual precipitation of less than ten inches.

We sincerely trust that Your Excellency may carry away with you pleasant memories of your tour, and of the abiding loyalty of the people of this Province.

I have the honour to be,

Your Excellency's obedient servant,

Summerland, B.C.,

Oct. 10th, 1919.

E. R. SIMPSON, Reeve.

Passing Events: Social, Personal, &c.

Miss May Harrison has gone to Penticton to take a course in the Business College.

Hallowe'en Masquerade Dance in Steward's Hall, Empress Orchestra. 12,13

Attention is directed to an advertisement in this issue of an auction sale of practically new household effects. An unusual opportunity. Plan to attend the auction.

Mr. John Borton, a former resident of Summerland, returned a few days ago, accompanied by his daughter and her husband, Mr. Victor Barnard, and three children.

The Ladies of the St. Andrew's Church wish to thank those who gave so liberally and helped to make the Thanksgiving supper a success. The total receipts were \$108.00.

Attention is directed to an advertisement of the Masquerade Ball, to be given in Empire Hall Hallowe'en night. This will no doubt be one of the most important social attractions of the season and should draw a record attendance.

Walters, Ltd., have purchased from C. W. Lees the ten lots along the front of the bench south of W. H. Hayes' home property. These lots were bought from the Summerland Development Company by Mr. Lees early in the season.

His many Summerland friends were delighted to greet Chas. Wharton who arrived home Tuesday evening after serving for a time in Mesopotamia and was transferred to South Russia, and has but recently left that country.

Mr. H. P. Davidson who made many friends in Summerland during his stay here and whose return to his home at Wolfville, N.S. was a distinct loss to our musical circles, has gone into the newspaper business in the Annapolis Valley town. He and his brother have taken over "The Acadian," published for many years by their father. Mr. Davidson will also be secretary of the coming Victory Loan campaign in King's County.

WANTED.—Second hand steamer trunk, in good condition. Penant, Box 188, Summerland. 12,13

WANTED.—A woman to do house cleaning one day a week. Apply Mrs. R. H. Agur, phone 744. 8tf

Lost and Found.

STRAYED.—On my premises on October 6th, 1919, four geese. Owner may have same by paying expenses. Jas. Gartrell 12

LOST.—Pair of gauntlet motor gloves at Fruit Union building, West Summerland. Finder kindly return to H. W. Harvey. 12

Mrs. Kate Bentley returned on Tuesday morning from a short visit to the Coast.

Get ready for the best fair yet, October 29th and 30th. Your help is needed.

A meeting of the directors of the Agricultural Association takes place this evening when plans for the Fall Fair will be furthered.

Have you decided what you will enter at the Fall Fair, October 29th and 30th? Lose no time and send in your entries to the Secretary.

An exceptional opportunity to buy practically new furniture at auction prices is announced by Auctioneer Phinney in his advertisement in this paper.

Mrs. J. Clements, who underwent a serious operation at the Summerland Hospital recently, has been discharged from that institution in excellent condition.

W. W. Borton with his wife and three children have arrived here from the East. They are at present living with his sister, Mrs. Sculthope, Peach Valley.

The Fall Fair affords an opportunity for Summerland to display its co-operative spirit. If all will work together the Fair is bound to be a success. Put in all the entries you are able.

The partnership announced two or three weeks ago whereby A. Davidson was to obtain a half interest in the general store business of A. B. Elliott, has not materialized. As announced in this issue Mr. Elliott will continue to do business in his own name.

Mr. L. B. Jones, Dominion Express Agent here during the period of the year when fruit shipment was heaviest, has returned to Vancouver, one of his assistants, Mr. Davis has been transferred to Calgary and Mr. Gilchrist is for the time continuing here with C.P.R. Agent, A. E. Sharpe.

Mr. Crowe, brother-in-law of Mrs. R. C. Lipsett and another relative, Mrs. Norris, arrived here on Sunday and are guests at the Lipsett home. We understand that Mr. Crowe has taken quite an interest in our hospital and has donated a very generous sum to that institution through the Ladies' Hospital Auxiliary.

Community Calendar of Coming Events

Advance notices under this heading will be charged for at two cents a word. Minimum charge 25c. first insertion. Each repeat one cent a word. Minimum 10 cents.

Evening services at the West Summerland Baptist Church next Sunday at 7.30. Miss Matheson, an outgoing missionary to India, will speak and her subject will be, "Why I am going to India." Miss Walker, violinist, will play and there will be other special music. C

Morning service in St. Andrew's Presbyterian Church at 10.30. Subject, "The Gospel as preached by Gypsy Smith." Adult Bible Class at 11.30, led by Prof. Broad. Young Peoples' Society, 7.30 Sunday evening. C

The regular meeting of the Ladies' Hospital Auxiliary will be held at 8 o'clock Tuesday next at the Hospital. C

Miss M. I. Moran came in this morning from the Coast to join the hospital nursing staff.

Persons having articles of furniture or other goods to dispose of may have same entered at the auction sale advertised in this issue by phoning Mr. Walter Wright. 12

Harry Thompson, who suffered injury to his foot in a recent accident at the mill at Mineola, had some skin from his thigh grafted onto the foot at the Hospital yesterday.

Mr. James Darke, before leaving Alberta for Summerland, had his Chevrolet car shipped with another automobile to Vernon. He went up the lake Monday morning and drove the car down on Tuesday.

A. H. Steven, received news on Wednesday that the house on his farm at Armstrong had been completely destroyed by fire. Mr. Steven left as soon as possible for the North Okanagan town. We understand that there was no insurance on the building.

The famous Coldstream Estate which contains the largest orchard in one block in Canada will be offered for sale at once, according to the Vernon News. Apparently it is the desire of the English syndicate holding the estate to sell the property in one block.

Jack Rae while working above the engine in the saw mill at Peachland fixing a pipe, fell on the engine and injured his thigh and ribs. He was brought to the hospital here but has so far recovered that he hopes to be discharged from the hospital before the end of the week.

No definite word has yet come to hand as to whether the Hon. E. D. Barrow, Provincial Minister of Agriculture, will be here to formally open the Fair on the second day. Inquiry is being made of the Minister as to his plans and word is expected in a few days. Other speakers may also be on hand to deliver short addresses during the course of the Fair.

DOMINION LANDS.

Increase in Rate of Interest.

PUBLIC NOTICE is hereby given that in accordance with the provisions of an Act to amend the Dominion Lands Act, passed at the last Session of Parliament, and commencing from the 7th July, 1919, where interest is chargeable, the rate of such interest on all new transactions in connection with Dominion Lands shall be six per centum per annum; also that from the 1st of September, 1919, the rate on all overdue instalments in connection with both past and future transactions will be increased to seven per centum per annum.

By Order,
L. PEREIRA,
Secretary.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$10 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only. Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Mr. and Mrs. John G. Foster of Ottawa are visiting their daughter Mrs. C. C. Aikins for a few weeks. Mr. Foster is the U.S. consul at Ottawa.

Mr. and Mrs. J. W. S. Logie spent Sunday with Mr. and Mrs. R. C. Robinson.

A good attendance is expected at the next meeting of the Ladies Unity Club which takes place on Friday the 24th. Arrangements will be made at this time for their annual supper which will be held on November 11th, beside which some other important business will be discussed.

Mr. J. M. Robinson, Mr. R. C. Robinson, Mr. J. C. Miller and Mr. F. C. Manchester attended the banquet at Hotel Incola, Penticton on Friday night. The banquet was given for the Vancouver Board of Trade and guests of honor, the Duke and Duchess of Devonshire.

Capt. Languedoc who is at the Summerland Hospital is reported to be getting along nicely.

On Monday afternoon at the home of Mr. and Mrs. C. C. Aikins their little daughter Katherine Merriman Aikins was christened by Rev. H. A. Solly of Summerland.

The men who have been employed at the conservation dam came down this week on account of the snow and cold weather that has prevailed for the past few days. Arrangements are being made to continue the work however, so that it will be completed this year.

WATER NOTICE

Use and Storage.

TAKE NOTICE that The Okanagan Securities Company, Limited, whose address is Naramata, B.C., will apply for a licence to take and use eight hundred acre feet and to store eight hundred acre feet of water out of Chute Creek and Chute Lake, also known as Lequime Creek and Lake, which flows south-west and drains into Okanagan Lake about 500 feet from N.W. Corner Lot 212 C.G.

The storage dam will be located at the outlet of Chute Lake about 500 feet from S.W. corner S.L. 9. The capacity of the reservoir to be created is about 1,000 acre feet, and it will flood about 1,000 acres of land. The water will be diverted from the stream at a point about 300 feet from N.E. corner Lot 891 where Creek crosses north line of Lot 391, and will be used for irrigation and domestic purposes upon the lands described as Lots 391, 212, 208, 285, and 286, Osoyoos Division of Yale District.

This notice was posted on the ground on the 22nd day of September, 1919.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

THE OKANAGAN SECURITIES COMPANY, LIMITED, Applicant

by J. M. Robinson, Agent.

The date of the first publication of this notice is September 28th, 1919.

Mr. F. J. Lumsden of Vancouver was here on Sunday to visit his son Gerald. Mr. Lumsden likes the district so much and is so delighted at the improvement in his son's health since coming here that he purchased the fruit lot known as the Moyle and Davis property and expects to be here often. Gerald will remain the most of the winter and look after the crop.

Mrs. Green and daughter of Winnipeg are recent arrivals and are looking for a place to rent for the winter. Mrs. Green is the owner of a fruit lot here but this is her first visit to the Okanagan.

Houses are very scarce in Naramata and there is going to be a nice profit in building and renting summer cottages for some one in the near future. There is also the great need for a good hotel and we will hope for these things soon as our visitors must be taken care of if we are to grow.

Rev. H. A. Solly officiated at the Anglican Thanksgiving service in the church on Sunday.

Naramata Annual Fair

Naramata's biggest event of the season and bigger than ever this year will be held on Thursday the 23rd of this month. This is the annual fair and everyone is working hard to make it a success. There is a handsome prize list and of course there will be keen competition especially for the silver cup.

Then there is the baked goods and fancy work and all the other things that go to make up a real fair. The ladies have made plans for a big supper in the evening. There will be a great many visitors from the nearby towns and everything will be done to make them comfortable so they will want to come again.

Hard Feeling Dying

Boycotting of B.C. fruit by prairie farmers was much talked of a season or two ago. Apparently the grain growers, at least those who are organized, have gotten over the "huff" they entertained because B.C. fruit growers were successful in getting a certain amount of protection against the dumping of American fruit on the Canadian markets. Farmers' organizations of all three prairie provinces have closed deals for their supply of apples and perhaps for the first time in the history of these organizations they have all bought British Columbia apples.

The Manitoba grain men are reported to have purchased from the B.C. Growers of Kelowna, The Saskatchewan Grain Growers from the Okanagan United Growers, Vernon, and the United Farmers of Alberta have bought from Stirling & Pitcairn, Kelowna.

Market Commissioner Grant thus comments on the important turn in the apple world of Western Canada.

"We are satisfied that the prairie farmers will get the best apples that they ever bought. This opening is British Columbia's opportunity to convince prairie farmers that we have the goods, and when firms of repute such as the above mentioned are the principals, we need not fear that our reputation will not be enhanced as the result of this year's apple supply.

It is also an opportunity to show our prairie brethren that we buy grain, flour and feed as well as sell apples and vegetables, and that our selling organizations are also buying organizations. The products of the prairie and B.C. are pre-eminent adapted for interprovincial trading. Will these farmers' organizations of the prairies and B.C. get together? We say they will."

Coast Market Commissioner R. C. Abbott in his weekly bulletin comments as follows on the Coast market apple situation: What will happen the apple market is the main topic these days? In our opinion the present condition is only a repetition of past seasons. We always have the clean-up of early fall varieties and general incoming of

WHITEWASH A PAINT SUBSTITUTE

A whitewash that is almost as serviceable and cheaper than the cheapest paint for wood, brick, or stone has been used by the United States Government for whitewashing lighthouses. It has also been used to embellish the east end of the White House in Washington. The whitewash is made as follows:

Slake half a bushel of lime with boiling water, cover during the process to keep in the steam, strain the liquid through a fine sieve or strainer, and add to it a peck of salt, previously dissolved in warm water, three pounds of ground rice boiled to a thin paste and stirred in while hot, half a pound of Spanish whiting, and one pound of clear glue, previously dissolved by soaking in cold water and then hanging over a slow fire in a small pot hung in a larger one filled with water, add five gallons of hot water to the mixture, stir well, and let it stand a few days, covered from dirt. It should be applied hot for which purpose it can be kept in a kettle or portable furnace.

By the addition of coloring matter, states Prof. Geo. Olson of the State Experiment Station at Pullman, Washington, various shades of color can be obtained. The coloring matters generally used are ocre, chrome, Dutch pink, raw sienna for yellows and buff; Venetian red, burnt sienna, Indian red or purple brown for reds; celestial blue, ultramarine, indigo for blues; red and blue for purple, gray or lavender; red, lead and chrome for orange; Brunswick green for greens.

Yellow ocre added to the whitewash gives a cream color; lampblack or ivory black produces a pearl or lead tint; four pounds of amber to one pound of Indian red and one pound of lampblack, makes fawn; and four pounds of amber and two pounds of lampblack produces the common stone color.

small shipments from the Coast sections. These latter are usually on consignment and tumbled on the market without any consideration as to distribution or time for marketing certain varieties. We have also the carload lots coming in from Interior points at reduced prices or on consignment. These things happen every fall and under these conditions there will always be anxious moments for the dealer who buys in carload lots. The market usually clears but this season there appears to be a grave nervousness as to the future, owing to the large number of cars sent out on consignment to different markets, when most of the shipping firms gave out the information that they were "all sold up."

There is another factor which enters here, and that is the high prices to the consumer of No. 1 apples. While the local and cheaper apple is on the market, the demand will no doubt go strong for these and slacken for the high class No. 1 grade from the Interior.

The jumble pack is very popular this season, but not so with all the "orchard run." We believe the term "orchard run" should apply only to the fruit and not include leaves, twigs and such other material as might be picked up with a fork.

Local growers are advised to give their attention specially to the time for marketing the particular varieties.

Plumbing and Tin-smithing

Having Opened a Plumbing and Tin-smithing Shop near the K.V.R. Station, I am now prepared to take orders, and will be pleased to quote prices on HOT-AIR HEATING and UP-TO-DATE PLUMBING.

W. W. BORTON

Notice to Motorists

SUMMERLAND MOTORISTS VISITING PENTICTON are warned that the traffic bye-laws are being strictly enforced. All cars must be parked at an angle of 45 degrees with the curb, and only on the left of the street in the direction in which they are going. Turning in the street is not allowed except at intersections and round the silent policemen.

It is hoped that this notice may save local motorists from having to appear before the police magistrate, who will not take ignorance as an excuse.

F. A. C. WRIGHT,
President Summerland Auto. Association.

AUCTION

Under instructions from Mr. EDWARDS,
I will Sell at Public Auction at his

Residence, just north of the Central School,

On Tuesday, October 28th,

at the hour of TWO o'clock, the following Goods:

- | | | |
|--|--|--|
| FURNISHED OAK DINING SUITE, 8 ft. | ENAMEL BEDS, complete | QUANTITY POULTRY NETTING |
| consisting of 8 ft. table, 5 chairs, armchair and with leather seat, buffet with bevel edge plate mirror | 2 TAPESTRY SQUARES, 8 x 10 | HAMMOCK |
| VELOUR UPHOLSTERED DAY-ENPORT | UNION SQUARE, 10 x 10 | 6 in. STOVE PIPE |
| CANE ROCKER | LINOLEUM FLOOR COVERING | COPPER BOTTOM WASH BOILER |
| GRASS ARM CHAIR | 8 SMALL FLOOR RUGS | 96 pc. DINNER SET, a very dainty pattern |
| OAK ARM CHAIR | 2 DOOR MATS | GLASSWARE |
| 2 OAK CENTRE TABLES | CURTAINS AND WINDOW SHADES | STONEWARE |
| ROCKING CHAIR | KITCHEN TABLE | GRANITE AND TIN KITCHENWARE |
| ARM CHAIR | 8 KITCHEN CHAIRS | GARDEN TOOLS |

Storage Needed For Later Apples

Storage facilities for apples at each of the more important shipping points in the Okanagan is annually becoming more and more a necessity as the output increases. The putting on the market of all of the crops within a few weeks and before winter sets in invariably depresses the apple market, resulting in loss to the grower or shipper or both, although the market prices for late winter apple varieties may greatly improve toward spring. Fruit Markets Commissioner J. A. Grant deals with this phase of marketing in his weekly bulletin issued from Calgary last Saturday thus:

Just to clean up, many of our shippers are rushing the market. The "Bears" sit tight, beat prices down 25c. per box on this car and try for another 25c. cut on the next.

The apple market has slipped below the opening prices in some cases, and popular varieties can be bought to-day at opening prices and even a shade under. The stock is excellent, the varieties popular, but far too much is being offered at one time. Conversation with the leading shippers in B.C. brings out the fact that they do not intend to place any apples in storage. Conversation with the prairie buyers brings out the fact that they will not store apples.

Our opinion is that the B.C. shippers, knowing the keeping qualities of their apples should show their confidence in them to buyers by storing ample in B.C. to take care of the prairie markets after the first let up in March, when nine times out of ten apples are at a premium. We anticipate a great apple shortage after March with prices higher than ever.

Why I Believe In Good Roads

I live in a rural community. All the interests are purely agricultural. I have always been an enthusiast for good roads. I am a banker and have frequently fallen out with my orthodox brothers in that I am always willing to loan money to a customer to buy an automobile, if his credit is good, as it is sure to make a road booster out of him. I am an enthusiast for two reasons, first I enjoy good roads. Second, getting a man interested in the good roads movement makes a better citizen of him. When our town was living in the mud and grimy conditions before being paved, a man was careless of his appearance. As the improvements reached the residence districts, the lawns were brightened, flowers came into bloom, fences were fixed up, houses were painted and the good man was a little more careful about his clothes and his personal cleanliness and appearance. His mind was on the appearance of things and when you once centre the mind of an individual on the appearance of things, you make a better man of him, because if he is clean on the outside, he will also be a little cleaner on the inside.

When a farming community gets good roads, as you go from the pavement of your city on to the broad winding boulevard to the country, you will note the improvement in the houses on the farm that are adjacent to the improved

highway. Barns are painted, the fences are good, the machinery shining, the stock looks more contented. They are better stock. Some thought has been given to their selection and if you turn in the roadway to the man's door, he comes to meet you with a smile on his face and with a real welcome, because he has become more broad minded and he is really glad to see you. After he got an auto and had good roads to travel over, his community was enlarged. He met people in different walks of life and his associates were not limited to his farmer friends. He found, as men who travel about will, that all men are brothers, that the spirit of good will exists in all walks of life, that

the rich and poor, the great and small should have one idea of living, and that is to make life more pleasant for the other fellow and thereby for himself. He becomes a better man to do business with. His ability to go to church is widened. His children attend school. His wife is able to appear more daintily gowned. She is able to take her place with her sisters who live in the city, as far as appearance is concerned, and her husband is more proud of her. So it makes the city and country more homogeneous, a united country, one people and the love of mankind over all." - C. L. Mackenzie, President, Washington State Good Roads Association.

The Hospital Drive

THE HOSPITAL DRIVE IS NOT YET OVER. Owing to pressure of work and Royal and other visitors to Summerland, the canvassers have not been able to complete the round of their districts. Any inhabitant who has not been called upon will greatly assist the Drive Committee if they will leave their contributions with Mr. Riley at his office at West Summerland, or phone one of the members of the Hospital Board.

The drive so far has been most satisfactory, but there are still a good many names we would like to have on the list of subscribers.

On behalf of the Drive Committee,
F. A. C. WRIGHT.

Plunges Into Lake And Turns Turtle

To be suddenly thrown from the road and plunged upside down into the lake, was the distressing experience of Mr. and Mrs. Baldock of Kelowna and two lady friends. We are informed that Mrs. Baldock had arrived at Penticton Monday morning from Vancouver where she had gone for a surgical operation, and that Mr. Baldock motored from Kelowna to take her home and thus save her waiting for the boat next morning. The accident occurred on the road between Penticton and Summerland. At one of the sharp turns in the road the car went over the side and turned directly upside down in shallow water. But for the fact that the top was up all would doubtless have suffered more or less serious injury. As it was Mrs. Baldock is said to be the only one who was hurt, just how seriously we have not been able to learn, but she was able to motor home on Wednesday.

Entrapped under the car, all four crawled out through an opening cut in the back curtain by Mr. Baldock. One explanation of the accident is that just as the car reached one of the abrupt turns in the road Mr. Baldock reached over the side of the car and at that moment must have given the wheel a turn which pulled the car toward the lake instead of around the bluff.

PREPARING BY-LAWS.

(Continued from page 1)

other expenses incidental to the purchase, the largest item of which will likely be the discount on the price of the debentures. This by-law and another for \$5,000.00 for the purchase of road equipment, the Clerk was instructed to have prepared at the earliest possible date. A preliminary verbal report was submitted by Councillor Campbell, Chairman of the Roads Committee, in which the purchase of a tractor, two trailers, road grader, drag, etc., was recommended.

Another by-law for approximately \$10,000.00 will be placed before the ratepayers at an early date. This is to supply funds for domestic water extensions, but as it was found impossible to submit this to the ratepayers without delaying the School Board it was decided to hold this over for a time. The proposed loans will be secured by ten year, six per cent, sinking fund debentures, \$4,800.00 for school lands and \$5,000.00 for road equipment.

Foreman Tomlin reported that the water in the reservoir had now reached high water level and that he will therefore be in a position to give late irrigation to a number on the sections of the system where construction work does not interfere.

The Water Committee was requested to meet Friday evening to determine the area to be served by the ditch south of Major Hutton's.

He that does not do the thing he knows to be right, and say the thing he knows to be true, is indeed weak. He is a coward. He deserts God.—James Whitcomb Riley.

THE WOMEN'S INSTITUTES.

The Summerland Women's Institute held their monthly meeting last Friday in the Parish Hall. The attendance was small. The chief business of the afternoon was discussing and arranging for the Women's exhibit to be held along with the Agricultural Fall Fair. The hope was expressed that every member will have as many entries as possible and so make it a success.

Mrs. W. J. Robinson gave a short address on B.C. Laws for Women, which was listened to with interest.

It was voted that the proceeds of the ice cream social held last June be paid to the Hospital Board, to be used as a subscription towards the X-Ray outfit.

"When times are dull and people are not advertising," says John Wanamaker, "is the very time that advertising should be the heaviest." Such is the advice given by America's merchant prince. Some traders say it does not pay to advertise. They think they know more than Wanamaker. That's where they make a big mistake. Wanamaker's advertising has made him rich and famous. Wanamaker's methods on a smaller scale would be as good here as in New York or Philadelphia. Turn over a new leaf and advertise.

Everyone Who Bought Canada's Victory Bonds Made Money

EVERY one of the million and a half subscribers to Canada's Victory Bonds knows that he can sell them today for more than he paid for them.

Every one who bought Canada's Victory Bonds has received 5 1/2 per cent. interest per annum—paid twice a year.

Over half a million Canadians who bought Canada's Victory Bonds on the instalment plan saved money that they would not otherwise have saved.

The guarantee back of Canada's Victory Bonds is the same as the guarantee back of a One Dollar or a Two Dollar bill. There is this difference, however, that you get interest on the Victory Bonds and you don't on the One or Two Dollar bill.

Canada's Victory Bonds will always be accepted as security for a loan.

Banks are ready to loan money on Canada's Victory Bonds.

Canada's Victory Bonds may be turned into cash at any time.

There is no other way in which you can invest your money with such absolute security—paying such a good rate of interest.

Canada will soon give her citizens an opportunity to buy Victory Bonds 1919. It will probably be the last chance to buy Canada's Victory Bonds on such favorable terms.

Prepare to buy as many Victory Bonds this time as you now wish you had been able to buy the last time

McAlpine Judgment Again Before Council Local Demand for Civic Securities

At a recent session of the Municipal Council the Clerk was instructed to place an account secured by a judgment in the hands of Solicitor W. C. Kelley for collection. Mr. Kelley came before the Council this week to state that according to professional etiquette he could not act for the Municipality in this instance. The Supreme Court and the Court of Appeal had decided in favor of the Municipality and judgment had been given. This was during the regime of an earlier Council. Mr. Kelley who had not acted for either side, came in at this point with the object of effecting an agreement between the Municipality and Mr. McAlpine, against whom the judgment had been given, and had succeeded in arranging terms which he believed had been satisfactory to both parties. Having acted in this capacity Mr. Kelley suggested that Messrs. Ladner & Cochrane, who had handled the case for the Municipality, should again act for the Municipality in the effort to have the agreement carried out.

The impression gained by the Council is that Mr. McAlpine is endeavoring to reopen the case and Reeve Simpson expressed the opinion that it was unfair to attempt to do so. Mr. McAlpine had entered into an agreement, to which a former council had assented in order not to work any hardship on Mr. McAlpine. Personally, he declined to enter again into the merits of the case. It was not for this council to reverse the opinion of the Supreme and Appeal Courts.

Some criticism of the manner in which the previous council had dealt with this matter were offered by Councillor Kirk, to which Reeve Simpson replied that the Municipality had not brought action, it being Mr. McAlpine who had started suit.

In answer to an enquiry the Clerk informed the Council that the monthly payments agreed upon had not been made since December last.

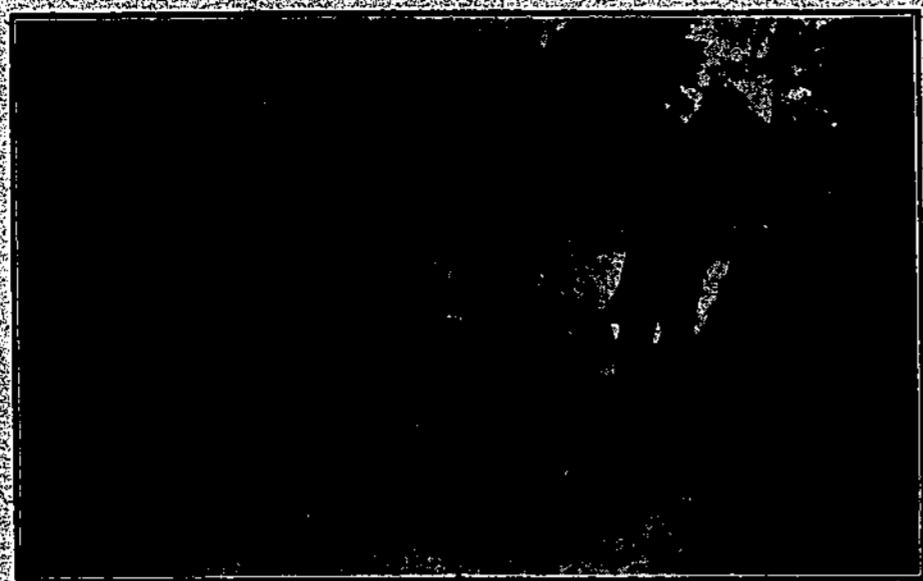

Quite a delegation of business men waited on the Council and pointed out the serious damage to property resulting each year for several years past from the acts of boys and young men on Hallowe'en. While not wishing to interfere with any innocent fun they protested against the use of tar, paint, etc., which too often had been used. Pointing out the need of a general tidying up of business premises the delegates declared that the merchants would not paint their buildings while this Hallowe'en practice was allowed to continue. Some of them suggested that the better spirit of the young men be appealed to and the Reeve and Council concurred in the opinion that there were very few who would be unreasonable and not respond to such an appeal. The Reeve promised to make a public appeal to the young men and boys, while the suggestion that extra police be used was referred to the police commission.

Engineer Fawkes reported that the suggestion made by a citizen that the irrigation water, where it crosses Victoria Gardens, be piped was not a feasible proposition. A progress report was also submitted by him of the work done on the north main and No. 2 (Thompson) ditch.

An offer of a ratapayer to invest nine thousand dollars in nine, ten and eleven year debentures of the new issue, to yield the investor seven per cent was accepted by the Council and the Treasurer was authorized to fill another requisition for \$500.00 on the same basis.

A request of the Agricultural Association to have the driveway from the road to the Agricultural hall repaired was received and their

Summerland Irrigation System.

Above is a photograph of a section of the north main ditch of the Summerland municipal irrigation system, now being greatly enlarged and reconstructed in a more permanent way. The above picture will convey to the reader a very clear idea as to the amount of work the enlarging and improving of the system entails.

Construction Foreman R. Mitchell is shown holding a shovel handle at the level of the bottom of the old ditch. Much excavation was necessary to put the ditch on a true grade throughout in addition to widening it.

It will be noted that one wall of the old ditch has been left to form part of the backing of the new concrete.

When completed the north main will have a greatly increased carrying capacity all the way from the reservoir to Garnett Valley and, through the big new siphon, across this valley to Jones Flat.

Similar work is being carried out on other mains.

Takes Many First Prizes

Greata Ranch Makes Fine Showing at Provincial Fair

Ten prizes with twelve entries and eight of these first prizes won by the Greata Ranch at the Provincial Fair at New Westminster. Thus again is demonstrated the superior quality of fruit produced in this part of the province. The Greata Ranch is situated about midway between Summerland and Peachland and is owned by the Westminster Trust Company.

Deciding to show at the Provincial Exhibition the Manager, Mr. J. T. Long, made up twelve entries of apples and pears. The cash prizes won totalled \$140.50. The exhibits on which the prizes were won are given below.

Apples—Grimes Golden, 5 boxes, 1st, \$25; Wagener, 5 boxes, 1st, \$25; Winter Banana, 5 boxes, 2nd, \$20; McIntosh, 5 boxes, 2nd, \$20; Wagener, 1 box, 1st, \$10; Snow or Fameuse, 1 box, 1st, \$10; Winter Banana, 1 box, 1st, \$7.50; Ribston Pippin, 1 box, 1st, \$7.50.

Pears.—Clairgeau, 2 boxes, 1st, \$10; Flemish Beauty, 2 boxes, 1st, \$7.50.

School teachers from all points in the Valley are gathering at a convention this week at Vernon on Friday and Saturday. It is expected that there will be a large attendance. Most of the teachers on the staffs of the Summerland Schools will be in attendance.

A request for lighting was referred to the Electrician.

A certificate of approval of the recently authorized loan of seventy-five thousand dollars had been received from Municipal Inspector Baird.

By-Laws 109 and 110 authorizing the borrowing of \$4,800.00 for the purchase of a school site and \$5,000.00 for the buying of road equipment were given first, second and third readings. These by-laws are published elsewhere in this issue and the ratapayers were asked to assent thereto on November 8th.

In compliance with the request from the School Board an election to fill the vacancy on that board will be held on the same day.

An offer was received from former District Registrar C. H. Dunbar of Kamloops, to make the necessary searches in the Registry Office to enable the Assessor to bring the Assessment Roll up to date. A motion was carried unanimously authorizing the engaging of Mr. Dunbar for this work.

The accounts for September were approved for payment.

Cars Collide At Sharp Turns

Narrow Roads Around Bluffs Dangerous To Traffic

Sharp curves on narrow roads around bluffs and points which completely obstruct the view of the road beyond occasion more accidents in this vicinity than any other one cause. Several such accidents have occurred in the past few days. Above the reservoir on the road to Shingle Creek there is a bad curve and at this the Faulder and Brent cars came to grief on Monday.

For curves around projecting points the road between Summerland and Peachland perhaps cannot be equalled anywhere in the Province, and on it accidents are occurring sometimes several in a week. In some instances they might have been avoided had both drivers been moving very slowly but more often than not the collision is unavoidable, even when both cars are only moving fast enough to maintain momentum without going into lower gear. Two incidents of such collisions on the Peachland road were those of the Van Hise car and a car driven by Indian Agent Ball, and again when a strange car came into head-on collision with a car driven by Fruit Inspector Bryson White near the Greata Ranch.

It is understood that a sum of money has been appropriated by the Government for the purpose of cutting back a number of these projecting points and widening the road where it rounds these curves. Until this work is done every bluff has behind it a possible menace to the life and safety of each approaching car load of passengers.

The Lakeshore road south of Summerland while better than that to the north also needs similar improvement.

New Bank Manager

According to information received here the Bank of Montreal is sending in a new appointee, Mr. Blackaby, who will be manager of the newly-opened branch of that institution. Since opening down town the Bank of Montreal has been open for the afternoon only, except on Saturdays, when the office has been open for the usual Saturday hours. This arrangement, it was announced some weeks ago, was only a temporary one and a full service would be given as soon as a man could be spared from another office.

Beginning the first of November a full banking service will be given under the management of Mr. Blackaby.

Apple Harvesting Is Seriously Handicapped

Flow of Fruit Outward Choked by Inadequate Transportation Facilities

Inadequate transportation, lack of storage facilities and shortage of box material have been the occasion of much worry, inconvenience and expense to fruit growers this year. Last night's unusually cold weather caught a lot of apple growers with large quantities of apples still unpicked or if picked exposed to the elements. The packing houses and all available space are filled to overflowing. Shortage of box material is general throughout the Valley and from all points the cry goes forth for more cars and increased facilities for moving out the packed fruit.

The situation which has developed emphasizes as never before the need which has been apparent for some time of greater storage facilities here and at other points in the Okanagan. Provided with sufficient apple boxes the crop could then be put under cover, the packing carried on over a larger season and the late varieties could then be held until there was an active market for them. In thus feeding the market prices throughout the whole season could be better maintained. Hope for relief is contained in the fact that the directors of the Fruit Union are active in a movement to have a storage building erected here. Elsewhere in this number is a reproduction of a photograph of a frost proof storage building erected at Vernon by a company closely related to the Vernon Fruit Union.

WEDDING

Distin-Rowley

A marriage of interest to many people here took place in London, England, on September 15th. The details appeared in the London Times on September 20th, as follows:

"On the 15th September, at the Old Church, Chelsea, by Rev. W. H. Stewart, M.A., Captain Cyril W. Distin, M.C., R.F.A., only son of the late W. Distin and Mrs. Distin, of Middleburg, South Africa, to Frances Eva, only daughter of the late W. E. Rowley and Mrs. Rowley, of Glassonby Hall, Kirkoswald, Cumberland."

Both the bride and her mother have many friends in Summerland, made during their stay here about five years ago. Mr. E. N. Rowley of this place is a brother of the bride and was a classmate and intimate friend of the groom. Mr. and Mrs. Distin will reside in England.

Organizer Here.

Mr. J. D. Kearns, provincial organizer for the Victory Loan, made brief visits to Summerland and Peachland on Saturday, calling on the chairmen of the local committees. Mr. Kearns is very confident that the Okanagan will make good in this instance and come up to the splendid showing of last year's drive.

Everything Now Ready For Big District Show

Entries from Outside Points Coming In Summerland Fall Apple Show and Peace Fair Will Be Biggest Event of Its Kind in Interior

All other events for the coming week are overshadowed by the Fall Apple Show and Peace Fair to be held in Ellison Hall on Wednesday and Thursday the 29th and 30th. This will be Summerland's tenth annual fall fair. Fairs held since 1913 have suffered from the fact that the great war completely overshadowed the life of the community. Being freed this year from its distracting influences it was felt that emphasis might well be placed on the fact that this is the first fair of peace times since 1913. While it is realized that many growers are pushed for time owing to the unusually large crop and shortage of help and material, this is a vastly different situation from that of previous years.

A large number of prize lists were mailed to neighboring points in the Valley and as a result of this and other advertising which has been carried on, strong interest has been aroused in the Summerland Fall Fair. In past years there have been a number of exhibits from outside this immediate district, but this year numerous entries are expected from Kelowna, Westbank, Peachland, Naramata, Great Falls, Penticton, Kaleden and Keremeos, both in fruit and live stock. Already some entries from these outside points have reached the Secretary.

The Directors of the Agricultural Association met a few days ago at the Hall and decided on the general layout of the Fair. Box apples will be brought together at one end of the hall, plate exhibits running as usual down the centre. Besides the articles entered for competition, there will also be some exhibits of an industrial or educational nature. Prominent among these will be the extremely comprehensive exhibit from the Experimental Station arranged by Supt. R. H. Helmer. This will be on a larger scale than has been shown at neighboring fairs.

In connection with the school work section there will also be exhibits of manual training and domestic science work, departments which have been recently started in connection with the schools in Summerland. Under the Women's Institute section there will be the usual extensive display of household and needle work.

From the above it will be seen that the hall is likely to be well filled, and although some will find it a real sacrifice to exhibit, it is hoped that all who possibly can will do so, not only to maintain the reputation of Summerland as a prize district, but also to make certain that the 1919 Fair will be in keeping with the growth and expansion that peace days have brought in all spheres of endeavor.

The Secretary received word on Wednesday that Hon. E. D. Barrow, Provincial Minister of Agriculture, intends to be present to formally open the Fair on Thursday, the second day. It has been pointed out to Mr. Barrow that much

disappointment was felt last year when he found himself, at the last moment, unable to open the Fair, and it is confidently expected that Mr. Barrow will not allow any thing of ordinary nature to interfere with his projected visit to Summerland.

Local Baby Takes First Prize.

In competition with about fifteen other babies Anita Ruby Sharp, the four and a half months old daughter of Mr. and Mrs. S. F. Sharp, captured the first prize in her class at the baby clinic held under the auspices of the Women's Institute at Penticton last week. The class referred to was for babies from one to six months old. Little Miss Anita scored ninety-six and half points, one hundred being perfection.

This is the first event of the kind held in the Valley and is a feature of the child welfare movement being carried on throughout the country. The judges were Drs. Andrew of Summerland; Knox of Kelowna; and McGregor and White of Penticton.

Helpful lectures on child welfare were given by Rev. Hugh Dobson who is active in this movement. Any prejudice against contests of this nature that parents or others who heard the lecture or participated in the contest may have entertained will now be removed. It is probable that a baby contest will become an annual event in Summerland as well as other Okanagan centres and there seems no better time for holding it than on the fall fair days.

Offers Special Prize.

Mr. J. B. Knowles of Kelowna has donated a special prize in the shape of an oak mantel clock to be awarded with Class 6, Plate Section, as set out in the Fall Fair prize list. First prizes will count three points; second prizes, two points; and the exhibitor making the largest number of points in this way wins the special prize. This is calculated to add a great deal of interest in an always popular class.

Y.P.S. Elects Officers

At the meeting of the recently formed Young People's Society of St. Andrew's Church, held last Sunday evening, organization was completed and officers elected. The Society now has 54 members. Mr. C. A. Mitchell was elected President; Mr. Ernest Adams, Vice-President; Miss Arkoll, Secretary; and Miss Eliza Ritchie, Treasurer. Convener of committees are as follows: Missionary Committee, Mrs. Munn; Prayor Committee, Mrs. C. A. Mitchell; Lookout Committee, Mrs. L. G. Harding; Social Committee, Mr. L. G. Harding. The organist is Miss Hazel Stewart.

Naramata Fair.

Fully expecting to publish this week a complete list of the winners at Naramata's splendid fair we regretfully find ourselves unable to get the matter in print in time for this issue.

Summerland Weather Report

Below is a report furnished by the Dominion Experimental Station here for the week, ending Tuesday:

Final Appeal to British Columbians

On Monday next, October 27th, the sixth war loan will be launched.

General Currie states that the Canadian Army never failed to capture its objective. British Columbia's objective is twenty-five million dollars. Are we civilians to fall down where the soldiers at the front would have succeeded? British Columbia's answer must be "No." This is a war loan, 1919 is a war year. For four and a half years our Canadian boys stood the test at the front and their job is done. Let us demonstrate to them now that we can do our part as they did theirs.

Signed, W. H. MALKIN,
Provincial Chairman.

Naramata News

Current Events of Town and District

Mrs. George Weaver has been called to Calgary by the illness of her daughter.

Mr. Hugh Fraser is spending a few days in Vancouver.

Mr. Andrew Wilson who has been residing in the Syndica House is moving back into his own place for the winter.

Mrs. Bell of Calgary who has been looking after her fruit lot this summer has returned to her home.

Russell Wells is looking happy these days and the reason is that he is the father of a new nine pound boy.

The dancing class and dance in Empire Hall given by Manchester and Peck was well attended.

A number of our people attended the Penticton Fair and the lecture given by the Rev. Mr. Dobson and were delighted with their visit.

Mrs. Green of Winnipeg has moved into the Endacott house for the winter.

Mr. John Noyes brought down a fine stalk of raspberries that he picked on his Park View ranch on

Monday. The berries were large and of fine flavor.

The Methodist Sunday School and Church held their annual rally day and thanksgiving service on Sunday.

Mr. Russell Wells has gone to the Coast to try and hurry up a car of box material that is long overdue.

Mr. Crowe of Winnipeg was here visiting Mr. J. M. Robinson last week.

Mr. Shikora of Penticton was in town on business on Saturday.

Mr. J. Winger of Peachland came up for the day Monday.

Mrs. Dean Walters has received word from her sister Miss Kenison of Battle Creek, Mich., that she is coming in for the winter.

The long expected box material that the Union has been hoping would come along came in Monday and the shippers are happy. There is a steady stream of teams hauling away shock. The shortage of boxes has made it hard for the growers to handle their crop this year and there is a great need for increased storage. We note that the Summerland Union is to build increased storage in their district and we hope there will be room for our fruit in their quarters another year. Permanent buildings will no doubt be put up here as soon as we know where the ship dock is to be put in, if we are to have that luxury.

B.C. Cow Is Heading For World's Record.

The Essondale Colony Farm is after a World's Record for its dairy herd, and considerable prominence is being given the performance of Zarilda Clothilde 3rd De Kol, its noted milk cow, which last year broke the Canadian milk production record by making strictly official year record of 30,427 lbs. of milk, containing 1,072.22 lbs. of butter fat. She is now making another year record that threatens to beat even the phenomenal production of the hitherto unapproached champion of the world, Tilly Alcartra. The figures for the great California cow are, 33,425.8 lbs. of milk in a

WATER NOTICE.

Use and Storage. TAKE NOTICE that The Okanagan Securities Company, Limited, whose address is Naramata, B.C., will apply for a licence to take and use eight hundred acre feet and to store eight hundred acre feet of water out of Chute Creek and Chute Lake, also known as Lequime Creek and Lake, which flows south-west and drains into Okanagan Lake about 500 feet from N.W. Corner Lot 212 C.G.

The storage dam will be located at the outlet of Chute Lake about 500 feet from S.W. corner S.L. 9. The capacity of the reservoir to be created is about 1,000 acre feet, and it will flood about 1,000 acres of land. The water will be diverted from the stream at a point about 300 feet from N.E. corner Lot 391 where Creek crosses north line of Lot 391, and will be used for irrigation and domestic purposes upon the lands described as Lots 391, 212, 208, 285, and 286, Osoyoos Division of Yale District.

This notice was posted on the ground on the 22nd day of September, 1919.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

THE OKANAGAN SECURITIES COMPANY, LIMITED, Applicant

by J. M. Robinson, Agent. The date of the first publication of this notice is September 20th, 1919. 9-13

year, quite an imposing figure to stack up against. If, however, Zarilda can hold her own for the next six months she will slightly surpass her American rival.

Zarilda Clothilde 3rd De Kol has to her credit 19,337.3 lbs. milk in the first 185 days of her test, which is 646.8 lbs. more than the amount given as the six months' record of Tilly Alcartra. Zarilda averaged 104.5 lbs. milk a day for the entire 185 days, more than six months, and during her sixth month produc-

ed 2,963.4 lbs. milk, showing that she is still going strong. Her butter record for the 185 days is given as 685.21 lbs., which, although not as sensational as her milk record, is highly creditable.

Kelowna has raised its license fee for transient traders from \$250 to \$500.

Notice to Motorists

SUMMERLAND MOTORISTS VISITING PENTICTON are warned that the traffic bye-laws are being strictly enforced. All cars must be parked at an angle of 45 degrees with the curb, and only on the left of the street in the direction in which they are going. Turning in the street is not allowed except at intersections and round the silent policemen.

It is hoped that this notice may save local motorists from having to appear before the police magistrate, who will not take ignorance as an excuse.

SUMMERLAND AND

WEST SUMMERLAND

Peachland Doings

A Weekly Chronicle Furnished By Our Local Representative.

Archie Hamilton was a passenger north on Wednesday morning of last week.

After a couple of weeks spent at Lamont, Alberta, his old home, Mr. Allan Wilson returned on Wednesday of last week, accompanied by a married daughter, also of Lamont, who came to visit here for a few days. She remained over till Monday morning. Mr. Wilson reports quite a cold spell in that part of the country, stating that he saw the potatoes frozen in the ground. It seems rather different to our climate where we have apples lying around on top of the ground and on the trees and not frozen yet.

Manager Long of the Westminster Trust Orchard has pretty well wound up his fruit crop for this year, enough so that he has let his Chinamen go, and several of his packers are now assisting in the packing house here. We might say in passing that it is not before they were needed either, for the shortage of packers resulting in the small output of fruit daily as compared with the fruit yet to come off, has been causing the growers much concern, especially those who have upwards of a thousand boxes to take care of yet. The orchard box shortage continues to a greater or less degree, also owing, to a large extent, to shortage of help to put the pack through. Heretofore there has not been a very keen interest taken in the general meetings of the fruit growers, but we are safe in saying that after this year's experience there will be a better attended meeting when it is called, and there will be more heard from the growers than in the past, that is unless they change their minds from the present state. While not a few growers have in times past opposed strongly the idea of outside and Oriental labour in the packing house, there are quite different views expressed by quite a number just now.

Mr. and Mrs. Dryden returned home on Thursday morning of last week after a very pleasant visit spent at the Coast. They report Miss Jean enjoying life at Victoria, and doing well, which news her friends here will be glad to learn.

On Thursday of last week, Peachland was quite alive with magazine men, when four sturdy looking representatives of the Farm and Home landed off the morning boat and it would be easier to count those they missed than the ones they placed their offer before. They were soon on the job and lost no moments which it was possible to utilize in the interests of subscriptions. We were unable to ascertain the number of subscriptions they wrote up, but it should be well along on count.

Mr. Thomas Powell was a passenger north on Thursday morning, returning on Saturday night last.

Mr. H. H. Thompson visited Pentiction last week, going down on Thursday night's boat and returning the following morning.

Major Hardisty was a passenger over to Kelowna on Friday last, to spend the day, returning on the afternoon boat.

A number of Chinamen who had come up from the Westminster Trust orchard with a view to assisting with some of the picking here were not able to secure terms of wages to suit their tastes so went on by boat Friday morning to take on jobs at Gellatly or Westbank.

Dr. Hissley of Vernon spent last week end in town, coming down on Friday night's boat and returning on Monday morning. While here he was a guest at the Edgewater Inn.

An old Peachlander, Mr. D. D. Lapsley, spent Sunday a guest in the home of Mr. and Mrs. Town, leaving again on Monday morning's boat. Mr. Lapsley is on the road for the J. Leckie Shoe Company of Vancouver.

Miss McIntosh was a passenger north on Saturday morning last to spend the week end at her home in Westbank.

A passenger to arrive on Saturday morning last was Hugh Ferguson who has returned to spend a

month or so visiting home. He has recently been employed in a drug store in Pentiction.

Mrs. J. L. Elliott and Mrs. Wright enjoyed a short visit from their sister Alice with two of her children who came in on Saturday morning and returned on Monday night's boat to Naramata, where they have settled to spend the winter.

Mr. and Mrs. H. E. McCall are enjoying a week's visit from Mrs. McCall's brother Mr. W. H. Sharp of Vancouver, who came in on Saturday night.

A SERIES OF ACCIDENTS.

Last week included a short chapter of accidents which we might enumerate here. On Friday morning Miss Edgecomb was riding a pony to school and while coming down Beach Avenue at a fair rate of speed the pony made a quick swerve or two and overbalanced the rider to the extent that she and terra firma met rather suddenly. Fortunately she was not hurt beyond a severe shaking up and a slight bruise on the head.

On Saturday Mr. Wm. Douglas was driving along the road between town and his home at Deep Creek when an auto coming at a high speed suddenly rounded a point ahead of him and before it was possible for him to pull off the road crashed into him turning the horse wrong side up and smashing his rig pretty badly. Mr. Douglas fortunately escaped any serious injury, but was dazed by the shock for a few moments while the occupants of the car extracted him from the load of shock which he had become mixed up in when the rig collapsed.

It is high time that fast driving autoists realized the dagger always pending when high speed is continued around these short turns on the Lake shore road.

In the evening of Saturday last while riding around the bump road Arnold Ferguson had a bad fall with his horse when, strange to say,

for it was a mountain bred cayuse, the animal took over a rocky bank of the road and landed head first among some rough boulders. Arnold was thrown and received several rather nasty cuts about the face and head and a general shock. Several persons were soon on the scene and John Long came with his car and took Arnold home. The attention of the gathering was then directed to the condition of the cayuse, which proved to be serious. Being near the water's edge the animal in some way got in a position so that its head was under water. Those on hand got it out of the water as soon as possible and succeeded in getting it to its feet, only to see it stagger and reel and fall. Life seemed to be fast passing out of the little beast and when Dr. Hissley who happened to be in town was called he stated that it was nearly gone and it was not all likely it could be helped any. A small piece of lead was called into play to end the misery which would surely have ended in the death of the little animal sooner or later. The doctor explained that concussion of the brain had resulted from a severe blow received on a rock when the animal came down. The cayuse belonged to George Topham and was valued at about \$30.00. Arnold is reported to be doing nicely, although very sore and stiff.

The Rev. A. Grieve of Pentiction filled the pulpit in the Baptist Church here on Sunday last at 3 p.m.

Miss K. Miller went south by auto on Monday morning last to catch the westbound K.V.R. train at West Summerland station and there join a couple of nurse friends from Pentiction on a trip to Los Angeles. Miss Miller expects to spend the winter in that city with her sister Mrs. Crisp. Her father and mother, Mr. and Mrs. A. W. Miller are planning to follow shortly and also spend the winter in Los Angeles.

Mr. J. Winger was a passenger south on Monday night going down to Naramata on a short business trip.

Mr. MacDonald, who has been suffering from the shock received in the recent auto accident took the boat here on Monday night for Summerland, where he goes for further medical treatment, and we trust his recovery to health may be rapid.

Mr. N. S. Davidson preferred a complaint against the Trepannier Water Users Community for allowing water to run over and down the road in contravention of the Municipal By-Law No. 11. The Court met on Monday afternoon the 20th at 3 p.m., and the case was tried before Magistrate A. N. Pope. The

Community was assessed \$4.00 and costs.

Mrs. R. J. Hogg was a passenger to Pentiction on Tuesday night last to enjoy a short visit with friends in that city.

Mr. Charlie Reed and his mother Mrs. Reed arrived Tuesday night from the prairie. Mrs. Reed expects to remain here with her daughter Mrs. Seigfried, while Mr. Reed expects to return after a short visit here.

The subscriptions to the Peachland Memorial Bed in the hospital in Lucknow, India, have been forwarded to headquarters. Any

extra subscriptions will be applied to the dispensary. Mrs. J. B. Robinson collected for the hill district, Mrs. Wm. Dryden for the town proper, and Miss Rose Law for the Trepannier district. All responded liberally but Trepannier extra well according to size.

Synopsis of

Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$500 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 5 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homestead title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas, not exceeding 140 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased on conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Robots of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 28, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions, interest on agreements to purchase town or city lots held by members of Allied Forces, or dependants, acquired direct or indirect, remitted from enlistment to March 1, 1919.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provided for grazing districts and range administration under Commission. Annual grazing permits issued based on numbers ranged priority for established stock owners. Stock owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

PATENTS PROMPTLY SECURED

In all countries. Ask for our INVENTOR'S ADVISER, which will be sent free. MARION & MARION, 884 University St., Montreal.

CANADA'S LARGEST ENGINEERING PROJECT

Hydro-Electric Power Commission Carrying on Wonderful Power Development Work at Niagara Falls—A Second Panama Canal

Operating the largest shovels in the world, and reversing the flow of a river, the Hydro Electric Power Commission of Ontario is carrying on an enormous engineering project at Niagara Falls, practically without the use of steam.

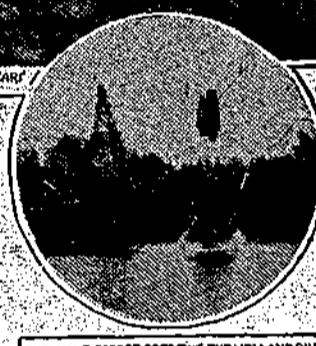

There are many startling phases to this work, which is the largest engineering feat attempted in the Dominion of Canada, and the biggest engineering job at present being carried on in the North American continent.

In order to get water to the new power house which will be erected just above Queenston, the Commission will utilize four and a quarter miles of the Welland River,

men present a striking picture. The weary householder painfully feeding the furnace, shovel by shovel, from the ton or two of coal, his winter's supply, will marvel at the enormity of the electric shovels which pick-up from eight to ten tons of material, lift it 70 feet into the air and deposit it into waiting cars, all within the short space of 40 seconds.

Trains, hauled by electric locomotives, convey the mud and clay to the dump at St. David's. The boulders and rock from the canal are borne away to the stone crusher on the cliff above Queenston, and converted into material for roadways, railroad roadbed and riprap which will line the shores of the canal.

HYDRO ELECTRIC DEVELOPMENT WORK AT NIAGARA

causing this sluggish stream to flow backward and to take water from the Niagara River instead of emptying into it above the Falls. Connecting with the Welland River is a power canal, stretching from Queenston and encircling the city of Niagara Falls, Ont., which will be eight and a quarter miles long when completed.

The original survey for the Niagara development was made in 1914, and the construction work began in May, 1917. The commission expects to have the new plant in working order in 1922. War conditions handicapped the engineers, but this year's operations were begun on a gigantic scale. A trip over the right of way will impress the observer with the vast scope of the undertaking which, in its completed state, will cost approximately \$27,000,000.00.

Two miles above the brink of Niagara Falls a steam dredge is gnawing away at the channel of the Welland River, removing in generous chunks the river bottom and a portion of Hog Island, which guards the entrance to this historic creek. The lone dredge and its attendant tugs are the only pieces of equipment engaged on the entire Niagara development which are not owned by the Hydro-Electric Power Commission. They, with six or seven switch engines, are the only apparatus in use on the development which require steam in their operation.

Even the drills employed on the rock deposits of the canal right of way are operated by air, electrically compressed. A mile or two inland a huge clamshell swung from an aerial cableway, drops into the river and then emerges, bringing with it generous bites from the river bottom, which are deposited on the river bank at the foot of the tower from where the operator directs the activities of the clamshell. Deposits of earth and clay along the north bank of the river reveal the effectiveness of the clamshell in this particular portion of the development.

A short ride from Niagara Falls over new roadways built by the commission from crushed limestone removed from its right of way, brings one to the canal proper, where the activities of huge electric shovels, electric trains and gangs of

The stone crusher, which has a capacity of 4,000 cubic yards, is well worth a visit. The rocks from the excavations are cast into a trough opening into gigantic steel jaws which grind and munch, breaking the largest pieces into smaller bits that are carried away on a belt conveyor. A series of crushers reduce the rocks to a form where they may be utilized for building purposes and stored for future use.

Fifty-five miles of railway, all electrified, and tapping five trunk lines, are required in the construction work on the development. On this railway the commission has in operation more electric locomotives than any railway system in Canada. At present 2,000 men are employed on the big job. These men are housed and fed by the commission. A surgeon, an ambulance and a hospital maintained by the commission are at the disposal of the employees in case of accident. The adoption of the newest safety devices has minimized the danger of accident on the development, and the commission has devoted a great deal of time to safety first propaganda in order to safeguard the men in its employ. About 2,500 acres, or 50 per cent. of the lands acquired by the commission for its right of way, have been converted into farms, and the produce from the farms is sold to the employees of the commission. The commission maintains its own telephone system on the development, and it has connections throughout the province. Garages, machine shops and office buildings line the right of way.

By establishing its power house at Queenston the Hydro-Electric Power Commission is enabled to take advantage of the full drop of both Niagara Falls and the Gorge, a total drop of 308 feet, affording 100 per cent. more electric power from the same amount of water. The largest electric units in the world, 55,000 horsepower generators, will be installed in the power house, to produce electrical energy for distributor throughout the Province of Ontario.

This great work is a striking example of the big vision and initiative of Sir Adam Beck, under whose direction the commission carries on its functions. This work is one which gives the people of Ontario just cause for pride in achievement.

Empress Theatre SPECIALS

FRIDAY AND SATURDAY, OCT. 24 and 25—
Dorothy Gish in "Peppy Polly"
Dorothy Gish appears in this comedy drama at her best. Full of fun from start to finish.
Comedy: FATTY'S INDIAN SWEETHEART.

AGUR.—To Mr. and Mrs. R. V. Agur at Balcom Ranch, Tuesday, October 21st, a son.

Must Keep At It

It does not pay to advertise, say some merchants who have done but little of it, and that without keeping it up. The incident of the boy and the pump illustrates the matter very well. The boy was sent after a pail of water. He poured in the priming, poured out as much as he poured in, then he stopped to rest and the priming ran down. After some time of alternate pumping and resting he concluded it did not pay to pump and quit in disgust. The merchant who does not believe in advertising does it like the boy did the pumping. He advertised again and then concluded advertising didn't pay.

Try, Try Again

Addressed To The Women of Summerland

Gold and brown and russet and red, wonderful lights and shades over mountain and valley, chill mornings and evenings, with a gloriously invigorating glow at noon-day, remind us of the falling of the year and that event which always enlivens the season in Summerland, the Apple Show.

Through the past four or five years it has rightly been of secondary importance, the nation's work taking first place with both men and women, but today our minds and hands may conscientiously turn to affairs of local interest, and tongues once more say, "For Home and Country," instead of using the temporal reversal, "For Country and Home."

Particular attention must be drawn to the Women's Institute Section of the excellent Prize List, in which a special effort has been made to continue in all classes the utility and economy numbers which were a feature of the war time fairs, the directors realizing that much which was desirable and necessary for the attainment of victory is also desirable and necessary for the regaining of national financial independence.

A study of this section of the prize list will prove disappointing to those whose tastes incline to what is commonly called "fancy work," yet there is scope for their powers in numbers 12, 13, and 14, Class 2, and the finest stitches will carry weight in several of the preceding items. There is a place for the liveliest creative instinct in numbers 6, 8, and 9, and the entries in these classes will be studied with interest.

New ideas, well carried out, we hope to see, red and blue tickets adding nothing to the value from the onlooker's viewpoint, as judges do not always possess tastes agreeable to the majority. Again, the gay tickets which each competitor naturally covets and values as an expression of opinion from at least two careful critics, is the least of the benefits derived from the effort. The pleasure and profit are both in the DOING, not in the completed work, nor in the world's opinion of it.

An invitation is extended to all, old residents and new comers (from whom we may well expect new ideas and methods) to make as many entries as possible in each section, but especially in the Women's Institute Department where the standards are not so definitely fixed as in fruit.

Membership in the Women's Institute entitles one to any number of free entries, and the membership of the head of a household in the Agricultural Association extends the same privilege to his family.

—Contributed.

Why You Should Buy Victory Bonds

BECAUSE

You will get 5 1/2 per cent. interest on your money.

You will get full value for your money practically at any time you may require it.

You will have an investment backed up by the entire resources of Canada.

You will have a guarantee as safe as any greenback.

You will be allowing Canada to do your banking temporarily for you.

You will be taking advantage of your last chance to subscribe to a Canadian Victory Loan.

ONE MORE THING.

Pat and Bridget were being married, and the whole village was astir. Pat was resplendent in a tall coat (borrowed) patent leather boots (too tight for him) a white vest, and a bright green tie; Bridget shone glorious in most of the colors of the rainbow.

The fateful words were spoken, and the happy pair walked down the aisle and out into the street, where a great crowd greeted them with loud cheers.

At last they were safely ensconced in their cab, and Bridget sank back with a sigh of satisfaction.

"Sure, Patrick," she said sadly, "there's only one thing I regret. If we cud have stood on the pavement and watched ourselves pass, wouldn't it have been hivin'?"

Canada's immigration tables reveal over 50 nationalities.

A Necessity In Every Apple District

The above is a picture of the new, large Frost-proof Storage Building at Vernon. Such a building is greatly needed here.

Standard Grades For Plums and Tomatoes

Western Jobbers Want Weight. Stated on Soft Fruit Boxes and Set Grade for Potatoes and Onions.

Fruit and produce wholesalers of Calgary and other western cities have expressed their opinion that the time has come to establish grades for other kinds of fruit besides apples. They now wish to have soft fruits as well as many kinds of vegetables graded, and have mentioned particularly plums, peaches, tomatoes, potatoes and onions. The opinion has been expressed that a full and free discussion on these subjects and the grading of this produce should precede the adoption of any of these new grades. The Dominion Fruit Growers, it is thought, should be asked to send authorized delegates to Ottawa for this purpose, and the question has also been asked as to whether the Dominion Fruit Growers' convention will not take the initiative.

Below are given the recommendations from the Western jobbers, and these recommendations show where they stand on the matter of the establishment of new grades:

The elimination of Orchard Run of B.C. apples in crates. This is not a grade sanctioned by the Fruit Marks Act and its use has been the means of much dissatisfaction.

That all apricots, both ones and twos, should be packed in four basket crates.

That crabapples should be packed in standard pear boxes only.

That the Federal Government should be asked to enforce grading of potatoes along the lines suggested in the Fruit and Vegetable Inspection and Sales Act.

That it should be necessary for both onions and potatoes to be put up in even weight sacks so that those lines could be sold by the sack without it being necessary to weigh each sack.

That it should be necessary for

shippers to put the net weight in all cases on cabbage and use only pony crates for cabbage up to October 1 each fall.

Whereas the packages for the following lines: cherries, strawberries, raspberries, plums, peaches, apricots and tomatoes (all kinds as standardized by the Dominion Inspection and Sales Act), have never been stated to contain any particular weight, with the result that some shippers have been found to be giving light pack.

Therefore be it resolved that the government be petitioned to legislate whereby all packages containing the aforementioned articles must be stamped on the end stating the least net weight such packages contain.

Whereas in the past prunes have been packed in so many different sized packages and containing so many different net weights,

Therefore be it resolved that the government be asked to amend the Act whereby all B.C. prunes will be packed in a uniform package containing 16 lbs. net.

Whereas, in the past there have been no uniform rules in force for the packing and grading of B.C. ripe tomatoes, so called, with the result that losses have been very great both to the seller and purchaser;

Therefore be it resolved that the government be asked to legislate whereby ripe tomatoes, so called, will be packed in four basket crates only, and that all those packed in any particular cases shall be of a uniform size and degree of ripeness, either all green, medium green or ripe. This refers to B.C. pack only.

Whereas in the past there has never been any standard, weight package used in Western Canada for potatoes and onions;

Therefore be it resolved that the government be asked to add a clause to their acts respecting these two commodities, which will make it compulsory for them to be packed in even weight sacks, preferably 100 lbs. at time of packing.

An irrigation dam in New South Wales which will impound about 83,380,000,000 cubic feet of water, backed up in a lake 40 miles long, will cost \$3,680,000.

BRIQUETTES OF LIGNITE AS GOOD AS ANTHRACITE

The Utilization Commission claims that a process has been devised by which lignite may be briquetted into a product equal to the best Pennsylvania anthracite at a cost that will allow its sale at \$10 per ton at Saskatchewan. The Commission is proceeding with plans for the erection of a plant and the briquettes will be on the market next fall.

Prepare to pay for Victory.

A perfect town is that in which you see the farmer patronizing the home merchants, the laborers spending the money they earn with their own tradesmen, and all animated by the spirit that will not purchase articles abroad if they can be bought at home.

The question has often been asked: "What is an efficient salesman? And the best answer yet reported is: "An efficient salesman is an Irishman that buys something from a Jew and sells it to a Scotchman at a profit."

Passing Events: Social, Personal, &c.

Mr. and Mrs. George Ross have returned from a brief visit to Vancouver.

Mrs. H. J. Collas came down from Vernon this week to visit relatives here.

Miss Hazel Hayes has returned to Ottawa after a few weeks' visit with her parents here.

Miss Baraclough has returned to her home in Russell, Man., after visiting Mrs. R. C. Lipsett.

School children are to have a holiday next Thursday, October 30th, to enable them to attend the Fall Fair.

A sale of household furniture is announced in this issue by Auctioneer Phinney. No doubt there will be many bargains offered.

The shortest distance between two points is a straight line. Outside of the personal interview, "Advertising in The Review is the nearest approach to the straight line."

Rev. David Lister has received a call to Mt. Tolmie Presbyterian Church, Victoria. We understand Mr. Lister has accepted the call and that he and Mrs. Lister and their youngest son, Fraser, will leave in a few days for the capital city.

After spending nearly three months here helping his brother harvest his fruit crop Mr. Harold Sharp left this morning for Seattle where he will be engaged in connection with ship building. He plans to return to Summerland next spring.

Mrs. C. M. Bender and her two daughters, residents of Castor, Alberta, who have been spending the Summer here, left by the boat Tuesday morning for their prairie home. They plan on returning in the early spring to make Summerland their home, having purchased a block of land of twenty odd acres south of town.

There has been considerable disorganization at the High School this week, cause by the unexpected and sudden departure of Miss Todd, one of the three teachers. Miss Todd, who boarded the boat Monday morning for the east, gave no notice of her resignation, we are informed, until Sunday. For two or three days Principal McIntosh and Mr. Denton carried on the classes as best they could. Mrs. R. C. Robinson is now assisting, until a new teacher, now being advertised for, is engaged.

Life is too short to get everything. Choose you must, and as you choose, choose only the best—in friends, in books, in recreation, in everything.—General Armstrong.

"No cause is advanced by wild words. The great reforms are those about which wise men have spoken with restrained and reasoned argument."

Hallow'e'n Masquerade Dance in Steward's Hall. Empress Orchestra. 12, 13

Mr. and Mrs. T. E. Young returned last Friday night from a brief visit to Alberta.

Miss Kate Findlay, who has been here some weeks nursing Mrs. B. L. Hatfield, has returned to her home at Kaleden.

The Edwards auction sale as advertised in this issue is one that should not be overlooked. Better note now the day and place and plan to be there.

There will be an auction of College furnishings at the gymnasium, November 20th. Persons may purchase by private sale at the Ladies' College building on Saturday afternoon, November 1st. Further particulars next week. 13

Miss Ledgett of Vancouver, representing the Butterick pattern people was taking Delineator subscriptions on Thursday. Subscriptions will be taken by the Mercantile Company for this magazine for the next two weeks at \$1.50 per year. Regular \$2.50. 13

Seventy per cent of the 1919 taxes had been paid up at the first day of October of this year, which is believed to be the best for many years past and perhaps in the history of the Municipality of Summerland. Last year sixty-nine per cent of the 1918 taxes had been paid at the end of the year.

Hoping that no further action will be necessary, the Reeve makes an appeal elsewhere in this issue to the fair mindedness and patriotism of that portion of our citizenship who might, through thoughtless impetuosity be disposed to effect damage to or destruction of property while celebrating Hallow'e'n. We feel sure that there are very few young men who will not respond to this appeal to their honor and fair play.

Phone your order for rubbers and I will deliver by mail at my expense. A. J. Beer. 13-20

Miss Verda Morfitt, after spending some weeks here helping in the fruit packing has returned to her home at the coast.

A young Summerland lady, Mrs. Brock, was fined recently in Penticton Police Court for violating a regulation of the traffic by-law of that Municipality.

An exceptional opportunity to buy practically new furniture at auction prices is announced by Auctioneer Phinney in his advertisement in this paper.

Edmund Boothe, formerly of Naramata, and now employed as fireman on the K.V.R., fell from an engine in the Coquahalla Pass on Wednesday and rolled down a steep embankment for a distance of about a hundred feet. When picked up he was unconscious and was rushed by special train to Brodie, where a doctor from Merritt had been sent to meet him and was later conveyed to the hospital at Merritt. Though badly bruised and suffering considerably it was found that no bones were broken.

An appeal is made again in this issue by the Municipal Electrician to householders to refrain from using electric irons and other electrical appliances during those hours when the demands on the municipal power plant for light are heaviest. We are informed by Electrician Thorner that one iron consumes current equivalent to twelve forty watt lamps and supposing only ten households are using irons during the evening, this load is equivalent to four hundred lamps and will be quite enough to pull down the brilliancy of the lights all over the district during the time when the plant is operating to its capacity. By using irons, etc., earlier in the day better light would be had in the evenings.

Re Hallow E'en Activities

THE MUNICIPAL COUNCIL would ask that the boys and younger men of Summerland do not this year or in future damage and disfigure property of citizens by way of celebrating Hallow E'en.

As has been stated to the Council by several citizens there is a desire to improve the appearance of their premises. The annual custom of tarring, painting and otherwise disfiguring buildings and damaging of property generally has, however, proven a serious deterrent to this much desired improvement.

While it is not to be wished that the practice of joyfully celebrating Hallow E'en be discontinued, it is respectfully suggested that it is possible to have a good time without making others miserable, or making even less attractive the general appearance of our district.

E. R. SIMPSON, Reeve.

Corporation of the District of Summerland

By-Law No. 109

A By-Law to enable the Corporation of the District of Summerland to raise by way of Loan the sum of four thousand, eight hundred dollars for school purposes.

WHEREAS it is deemed necessary and expedient to borrow the sum of \$4,800.00 for the purpose of purchasing new School Sites; being within the Corporate limits of said Corporation and being part of Blocks one (1); eight (8); fifty-nine (59); sixty (60); and sixty-one (61), all in District Lot thirty-six hundred and forty (3640); Group one (1); in Osoyoos Division of Yale in the Province of British Columbia, according to Map or Plan registered in the Land Registry Office at Kamloops in said Province as number two hundred and eighty-seven A (287A), said part not exceeding seven and six-hundredths acres.

AND WHEREAS it is necessary for said purposes to raise by way of a loan upon the credit of the Corporation of the District of Summerland the said sum of \$4,800.00 payable on the first day of December, 1929, bearing interest in the meantime, payable half yearly at the rate of six per cent per annum, the principal of such sum, when raised to be applied for the purposes aforesaid.

AND WHEREAS for the payment of the said principal and interest, it is necessary to raise the sum of six hundred and eighty-seven dollars and seventy-nine cents by rate in each and every year,

AND WHEREAS the whole rateable property of the Corporation of the District of Summerland, according to the latest revised assessment roll is \$2,629,620.00.

AND WHEREAS the total amount of the debenture debt of the said Corporation of the District of Summerland is \$439,500.00 of which none of the principal or interest is in arrears;

NOW THEREFORE the Reeve and Council of the Corporation of the District of Summerland, in open council assembled, enact as follows:

1. It shall be lawful for the Reeve of the said Corporation of the District of Summerland to raise by way of loan, from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the said Municipality by way of debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of \$4,800.00, and to cause all such sums so raised and received to be paid into the hands of the Treasurer of the said Corporation of the District of Summerland for the purposes and with the objects hereinafter recited.

2. It shall be lawful for the Reeve to cause any number of debentures to be made for a sum not exceeding \$1,000.00 each, bearing interest at the rate of six per cent per annum, not exceeding in the whole the sum of \$4,800.00 and all such debentures shall be sealed with the seal of the said Corporation of the District of Summerland, signed by the Reeve and countersigned by the Treasurer of the said Corporation of the District of Summerland.

3. The said Debentures shall bear date the First day of December, 1919, and shall be made payable in ten years from the date hereinafter named for this By-Law to take effect, at the Agency of the Bank of Montreal in the Municipality of Summerland, B.C.

4. The said Debentures shall have coupons attached for the payment of interest at the rate of six per cent per annum, on the amount of the said debentures, and such interest shall be payable half yearly on the first days of December and June in each and every year, and the signatures to such coupons may be either written, stamped, printed or lithographed.

5. A rate on the dollar shall be levied and shall be raised annually in addition to all other rates on all the rateable property of the said Municipality, sufficient to pay interest on the debt hereby created, during the currency of the said Debentures and to provide for the payment of the said debt when due.

6. The sum of Two hundred and eighty-eight Dollars shall be raised and levied annually by a rate on all the rateable property in the said Corporation of the District of Summerland, in addition to all other rates, for the payment of the interest on the said Debentures.

7. The sum of Three hundred and ninety-nine Dollars and seventy-nine cents shall be raised and levied annually by a rate on all the rateable property in the said Corporation of the District of Summerland, in addition to all other rates, for the payment of the debt hereby created when due.

8. This By-Law shall, before the final passage thereof, receive the assent of the Electors of the said Corporation of the District of Summerland, in the manner provided for by the "Municipal Act, 1914" and Amending Acts.

9. This By-Law shall come into force and take effect on the First day of December, 1919.

10. This By-Law may be cited for all purposes as the School Sites Loan By-Law, 1919.

DONE AND PASSED by the Municipal Council this Twenty-first day of October, 1919.

RECEIVED the assent of the Electors of the Corporation of the District of Summerland the day of 1919.

RECONSIDERED and finally passed by the Municipal Council the day of 1919.

Reeve, Clerk.

TAKE NOTICE that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken on Thursday, 6th November, 1919, between 9 o'clock a.m. and 7 o'clock p.m.

The Poll will be held at the following places: Municipal Office, West Summerland, B.C., W. J. Robinson's Office, Summerland, B.C.

PUBLIC NOTICE is hereby given that the vote of the Electors of the Corporation of the District of Summerland will be taken on the above mentioned By-Law at the time and places above mentioned.

F. J. NIXON, Municipal Clerk.

Corporation of the District of Summerland

By-Law No. 110

A BY-LAW to enable the Corporation of the District of Summerland to raise by way of Loan the sum of Five Thousand Dollars for the purchase of Road Equipment.

WHEREAS it is deemed necessary and expedient to borrow the sum of \$5,000.00 for the purpose of purchasing Road Equipment;

AND WHEREAS it is necessary for said purpose to raise by way of a Loan upon the credit of the Corporation of the District of Summerland the said sum of \$5,000.00 payable on the First day of December, 1929, bearing interest in the meantime, payable half yearly, at the rate of six per cent per annum, the principal of such sum, when raised, to be applied for the purposes aforesaid.

AND WHEREAS for the payment of the said principal and interest, it is necessary to raise the sum of seven hundred and sixteen dollars and forty-five cents by rate in each and every year.

AND WHEREAS the whole rateable property of the Corporation of the District of Summerland, according to the latest revised assessment roll is \$2,629,620.00.

AND WHEREAS the total amount of the debenture debt of the said Corporation of the District of Summerland is \$439,500.00, of which none of the principal or interest is in arrears;

NOW THEREFORE the Reeve and Council of the Corporation of the District of Summerland, in open Council assembled, enact as follows:

1. It shall be lawful for the Reeve of the said Corporation of the District of Summerland to raise by way of loan, from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the said Municipality by way of debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of \$5,000.00 and to cause all such sums so raised and received to be paid into the hands of the Treasurer of the said Corporation of the District of Summerland for the purposes and with the objects hereinafter recited.

2. It shall be lawful for the Reeve to cause any number of debentures to be made, for a sum not exceeding \$1,000.00 each, bearing interest at the rate of six per cent per annum, not exceeding in the whole the sum of \$5,000.00, and all such debentures shall be sealed with the seal of the said Corporation of the District of Summerland, signed by the Reeve and countersigned by the Treasurer of the said Corporation of the District of Summerland.

3. The said Debentures shall bear date the First day of December, 1919, and shall be made payable in ten years from the date hereinafter named for this By-Law to take effect at the Agency of the Bank of Montreal in the Municipality of Summerland, B.C.

4. The said Debentures shall have coupons attached for the payment of interest at the rate of six per cent per annum, on the amount of the said Debentures, and such interest shall be payable half yearly on the first days of December and June, in each and every year, and the signatures to such coupons may be either written, stamped, printed or lithographed.

5. A rate on the dollar shall be levied and shall be raised annually in addition to all other rates, on all the rateable property of the said Municipality, sufficient to pay interest on the debt hereby created, during the currency of the said Debentures, and to provide for the payment of the said debt when due.

6. The sum of three hundred dollars shall be raised and levied annually by a rate on all the rateable property in the said Corporation of the District of Summerland in addition to all other rates, for the payment of the interest on the said Debentures.

7. The sum of four hundred and sixteen dollars and forty-five cents shall be raised and levied annually by a rate on all the rateable property in the said Corporation of the District of Summerland, in addition to all other rates for the payment of the debt hereby created when due.

8. This By-Law shall, before the final passage thereof, receive the assent of the Electors of the said Corporation of the District of Summerland in the manner provided for by the "Municipal Act 1914" and Amending Acts.

9. This By-Law shall come into force and take effect on the First day of December, 1919.

10. This By-Law may be cited for all purposes as the Road Equipment Loan By-Law, 1919.

DONE AND PASSED by the Municipal Council this Twenty-first day of October, 1919.

RECEIVED the assent of the Electors of the Corporation of the District of Summerland, the day of 1919.

RECONSIDERED and finally passed by the Municipal Council the day of 1919.

Reeve, Clerk.

TAKE NOTICE that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken on Thursday, 6th November, 1919, between 9 o'clock a.m. and 7 o'clock p.m.

The Poll will be held at the following places: Municipal Office, West Summerland, B.C., W. J. Robinson's Office, Summerland, B.C.

PUBLIC NOTICE is hereby given that the vote of the Electors of the Corporation of the District of Summerland will be taken on the above mentioned By-Law at the time and places above mentioned.

F. J. NIXON, Municipal Clerk.

Corporation of the District of Summerland

PUBLIC NOTICE IS HEREBY GIVEN to the Electors of the Corporation of the District of Summerland that I require the presence of the said electors at the Municipal Office, West Summerland, on the 3rd day of November, 1919, at 12 o'clock noon, for the purpose of electing a person to represent them as School Trustee on the Board of School Trustees for the Summerland Municipal School District to fill the vacancy caused by the resignation of Miss Annie Dale, whose term expires in January, 1921.

The mode of nomination of candidates shall be as follows:—The candidates shall be nominated in writing; the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and two p.m. of the day of nomination; the said writing may be in the form numbered 5 in the Schedule of this Act, (Electors and Elections, Municipal), and shall state the names, residence, and occupation or description of each person proposed, in such manner as sufficiently to identify such candidate and in the event of a poll being necessary, such poll will be opened on the 6th day of November, 1919, at the Municipal Office, West Summerland, and W. J. Robinson's Office, Summerland, of which every person is required to take notice and govern himself accordingly.

The qualifications for School Trustee are as follows:—

Any person being a British subject of the full age of twenty-one years actually residing within the district, and having been for the three months next preceding the day of his nomination, the registered owner, in the Land Registry Office, of land or real property situate within the municipality of the assessed value, on the last municipal or provincial assessment roll, of two hundred and fifty dollars or more over and above any registered judgment or charge; or being a homesteader, lessee from the Crown, or pre-emptor who has resided within the municipality for the space of one year or more immediately preceding the day of nomination, and is assessed for five hundred dollars or more on the last municipal or provincial assessment roll over and above any registered judgment or charge; or being a homesteader, lessee from the Crown, or pre-emptor, and is assessed for five hundred dollars or more on the last municipal or provincial assessment roll over and above any registered judgment or charge, and being otherwise qualified by this (Public Schools) Act to vote at an election of school trustees in the said school district.

GIVEN UNDER MY HAND at Summerland, B.C., this 22nd day of October, 1919.

F. J. NIXON, Returning Officer.

Great Business Advance Shown

Remarkable Bank Clearings Emphasize Importance of Victory Loan.

Judging from the statement of bank clearings for the month of September, Canada is doing an unprecedented amount of business. The clearings advanced 40 per cent over September of last year which itself was a large month.

All sections of the country shared in the advance of business; some cities doing double the trade of September, 1918. Many quite remarkable increases were noted. The present remarkable period of prosperity in Canada will be maintained if the Victory Loan, 1919,

is made an overwhelming success. Business men realize this and in the interests of themselves and the country are being urged to press the importance of the coming loan upon every one with whom they come in contact.

HORSE FACTS.

Thomas Edison says the horse is the poorest motor ever built. As a motor it is 2 per cent efficient.

One horse consumes every year the whole output of five acres. It is estimated that there are 25,000,000 horses and mules in the United States. One expert says that it would require for their maintenance a single farm the size of Iowa, Indiana and Ohio.

The initial maintenance costs of a horse have gone up nearly 150 per cent during the last ten years. Still he is no more efficient than he was ten hundred years ago.

He may last twenty years, but he is at his best about six years.

As government reports show, a farm horse averages 3 1/2 hours of work a day.

He tires out in six. Overwork kills him; underwork weakens him.

The horse can work only at one speed. He can seldom be used to load and unload. Quick loading and unloading methods only serve to shorten the life of a horse. He must have his rest.

Horse chores, horse costs and horse feed mean that the farmer works more for his horse than the horse works for him.

One horse and his feed requires 3,256 cubic feet barn space. The horse belongs to the day of the hand sickle.

A horse eats whether he works or not. He also grows older every day. He will wear out with age even when he is in the stall.

AUCTION

Under instructions from Mr. EDWARDS, I will Sell at Public Auction at his

Residence, just north of the Central School,

On Tuesday, October 28th,

at the hour of TWO o'clock, the following Goods:

- | | | |
|--|--|--|
| FUMED OAK DINING SUITE, consisting of 8 ft. table, 6 chairs, armchair and with leather seat, buffet with bevel edge plate mirror | 3 1/2 ENAMEL BEDS, complete | QUANTITY POULTRY NETTING |
| VELOUR UPHOLSTERED Davenport | 2 TAPESTRY SQUARES, 8 x 10 | HAMMOCK |
| CANE ROCKER | UNION SQUARE, 10 x 10 | 6 in. STOVE PIPE |
| GRASS ARM CHAIR | LINOLEUM FLOOR COVERING | COPPER BOTTOM WASH BOILER |
| OAK ARM CHAIR | 8 SMALL FLOOR RUGS | 96 pc. DINNER SET, a very dainty pattern |
| 2 OAK CENTRE TABLES | 2 DOOR MATS | GLASSWARE |

The Winding Trail

There is a magazine called The Agricultural Journal, A CHANGE which is issued monthly by the British Columbia Government, presumably at the expense of the ratepayers of the whole province, and ostensibly existing to further the welfare of the farmer. So far, so good. It might be asked if one was inclined to be hyper-critical, why public funds should be used to support an organ for the benefit of the farmer any more than any other industry, and it is a reasonable suggestion that a subsidized journal of this kind constitutes an unfair element of competition against farm magazines which stand on their own feet, as it were. However, let that pass for the present—my purpose just now is to touch on the very questionable nature of its editorial stand as regards class interests. The best brains in this country are coming to realize that no progress of any account can result from the encouragement of antagonism between the various classes which go to make up a nation. We see this realization slowly dawning on the two great factors, Capital and Labour, and what is true in their case is also true elsewhere. But in the Agricultural Journal, published by a government whose responsibilities are, or should be, obviously spread over the community as a whole, we find a position taken which can only be justly described as class discrimination of the most pronounced type. Readers of the Journal will at once understand that I am referring to its editorial attitude as between the farmers' co-operative societies and the ordinary retailer or merchant. To such extremes has the Journal gone, that the Retailers' Association has, through their trade magazine, called on the B.C. Government to explain its stand in this matter. It seems to me as an impartial observer, that the retailers' request is a very reasonable one. It is a pity the same cannot be said of the "explanation" which is tendered in the current number of the Government publication. In effect the editor misses the point at issue entirely, and quite overlooks the well known truth that class enmity is created and fostered as much by the wording of a phrase as by its actual meaning. For example, one sentence in the Journal editorial of July reads thus: "The farmers of British Columbia are well aware of the numerous retail merchants' associations which are being either created or financially encouraged by get-together hotel dinners, boost, boost, etc." Now this paragraph, instead of being a plain statement of the growth of retailers' associations, as it might very well have been, is poisoned with an offensive and contemptuous reference to "get-together dinners" and more or less shady financial boosting, all of which is absolutely uncalled for, and I may add, entirely unsupported by evidence. The editor's explanation of this paragraph is that the number of retailers' associations has increased from 190 to 420 during the past year—a fact which surely reflects some credit on the vitality of the parent association, but which certainly does not call for any editorial innuendoes as to illegitimate "boosting."

If co-operative societies have made as good a showing in the same period it will be proof that they have met public requirements, and no one will deny them like credit. In passing it is as well to note that there does not seem to be any such co-operative growth, the reason given by one advocate that organized co-operation in Canada "is weak because we have more co-operative institutions outside it than are affiliated with it," and this, apparently, because "all the members are equally ignorant of the true meaning of the co-operative movement." This seems a rather severe indictment from a co-operative enthusiast, and it is doubtful whether any retailers' association could give the system a harder knock. However, let us return to the main subject, which is the class bias displayed by an official publication. My point is that this bias on the part of a journal printed at public cost, is totally indefensible, and should be amended. If co-operation among the farming industry is a good thing, it will grow on its merits, and does not need governmental feeding at the cost of other industries. And when official support is accompanied by gratuitous abuse of other interests, the situation calls for independent protest.

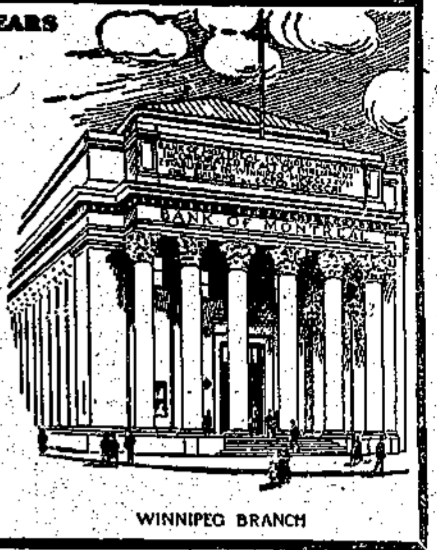

By the way, I fail to discover the name of the editor of the Agricultural Journal in any part of that publication. The omission may not be of any great importance, but considering the editorial attitude in the matters now referred to, it is reasonable to suggest that the Journal should follow the usual custom in this respect. Or is the British Columbia Government as a whole to be considered as a partisan in a war of classes? **AUTOLYCUS.**

Car Shortage Threatens Show

It was thought at one time this week that it would be necessary to change the venue of the Fall Fair from Ellison Hall. The Summerland Fruit Union has been unable to get sufficient cars to move out their packed apples and their packing houses, as a result, have become very much congested. They sought to use Ellison Hall for storing unpacked apples which it was necessary to protect from the weather. It has been found, however, that a considerable amount of work would have to be done to the roads leading to the hall before they would be fit to carry the heavy trucks with their loads. A bridge will have to be placed or culverts put in and a stretch of about eighty yards must be shaled. It is not found possible to do this work immediately and the hall will not now be used for that purpose until after the Fair.

WATER NOTICE.

(Use and Storage.)

TAKE NOTICE that Naramata Water Users Committee whose address is Naramata, B.C. will apply for a licence to take and use 200 acre feet, and to store 100 acre feet of water out of Summit Lake, which is approximately one mile north-west of 13 M.P., Lot 2711, which flows south westerly and drains into Big Meadows and Chute Creek, about 1½ miles west of 12 M.P., Lot 2711.

The storage dam will be located at the south-west side of Summit Lake. The capacity of the reservoir to be created is about 100 acre feet, and it will flood about 20 acres of land. The water will be diverted from the stream at a point on Chute Creek about 3 miles west of 12 M.P., Lot 2711, and will be used for irrigation and domestic purposes upon the lands described as D. Lots 206, 207, 209, 210, 211, 156, 3314, 266, 3315, Plan No. 576, 575 and 706.

This notice was posted on the ground on the 18th day of October, 1919.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

WATER NOTICE.

(Use and Storage.)

TAKE NOTICE that Naramata Water Users Committee whose address is Naramata, B.C. will apply for a licence to take and use 1,500 acre feet and to store 1,000 acre feet of water out of Chute Creek (East Fork), also known as Lequima Creek, which flows west and south and drains into the east side of Okanagan Lake about 12 miles from the outlet of said lake.

The storage dam will be located at a point 1½ miles due west of 12 M. Post, Lot 2711. The capacity of the reservoir to be created is about 800 acre feet, and it will flood about 80 acres of land. The water will be diverted from the stream at a point about 3 miles west of 12 M. P., Lot 2711, and will be used for irrigation and domestic purposes upon the lands described as D. Lots 206, 207, 209, 210, 206, 3315, 3314, 156, 211, Plan No. 576, 575 and 706.

This notice was posted on the ground on the 18th day of October, 1919.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

"I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales—eager, bright-eyed, smiling and sincere—arrived in Canada in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of his Coat of Arms on a flag, which is to be the prize of honour for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part:

"It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is finishing off the job."

"I hope every city and district will win my flag."

Striking, and beautiful in design, this flag will form not only an unique memento of Victory Year, but a lasting and outstanding souvenir of the visit of His Royal Highness—a visit which will remain as one of the most memorable events in Canada's history.

The reproduction above shows the design of the flag. The body is white, the edge red; in the upper left hand corner is the Union Jack, and in the lower right hand corner the Prince of Wales' Coat of Arms.

The flag is made in two sizes, 4 feet 6 inches by 9 feet for small cities, towns and villages, and 7 feet by 13 feet 6 inches for cities of over 10,000 population.

Canada has been divided into canvassing districts by the Victory Loan Organization. Each city forms one district. Other districts have been determined according to population.

Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell. To win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple condition.

Anticipating that many districts will buy far beyond their allotment, the organization decided that for each twenty-five per cent. excess of the quota one Prince of Wales' Crest be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honour Flag. These crests will be sewn to the flag. The Prince's Crest—

the three ostrich plumes—is shown at the top of the coat of arms.

To every organization with fifty or more employees, where seventy-five per cent. of the enrollment invests a total of ten per cent. of the annual payroll in Victory Bonds, a supplementary Prince of Wales Flag in smaller form—48 inches by 34 inches—will be awarded.

The allotment for each district has been carefully considered, and is based on a conservative estimate of the purchasing power of the district.

Your district can sell its allotment and thus win the Prince's Flag, provided each person does his or her share.

You will gladly do your part and encourage your neighbour to do his.

Remember YOUR purchase may be the one that decides whether or not your district is to be the proud possessor of the Prince's Flag.

The Prince's Motto is "I Serve"
Will You also Serve?

Victory Loan 1919

Issued by Canada's Victory Loan Committee

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 12, No. 14. Whole No 587.

SUMMERLAND, B.C. FRIDAY, OCT. 31, 1919.

\$2.00, payable in advance.

Heavy Crops Affect Fair

Many Growers Rushing To Save Fruit From Frost Had to Pass Up Show

Weather conditions that have prevailed for the last three weeks or so were responsible for the meagreness of the fruit and vegetable exhibits at the Fall Fair, held this week on Wednesday and Thursday. The Directors of the Agricultural Association were quite justified this year in expecting and planning for a fall fair of enlarged proportions. Much interest was displayed by many intending exhibitors, both in this immediate district and beyond to a good distance. The severe fall frosts, however, which came so unexpectedly caught a great quantity of unpacked apples, and growers facing financial loss running into many hundreds and even thousands of dollars, could not give their attention to the fair as they had intended. For this reason many box exhibits actually entered with the Secretary were not shown, and still other exhibits promised did not materialize. Between the frost and box and labor shortage is divided the cause for the small proportions the tenth annual fall fair took on this year.

Of the boxed apple exhibits, fully one half were shown by exhibitors from outside this district. Among these were J. S. Allen, Naramata; R. L. Ewing, Ewing's Landing, George Parham, Vasseau Lake, and Messrs. Carder and Satow of Penticton. From this it will be seen that there were few indeed in Summerland who were able to put in box exhibits. Plates were more numerous, some varieties presenting keen competition. Vegetables were scanty, being as disappointing as the classes which provided for other lines, such as honey, pears, etc.

It must be said, however, that other parts of the fair redeemed the event, the shortcomings of the fruit section being to some extent offset by these features. The Women's Institute section, for instance, was on the whole quite as well entered as last year, and a very very creditable showing was made in this department. The bread entries were numerous, and some needlework sections also showed keen competition. Apart from the articles called for by the prize list there were also exhibits of preserves and needlework worthy of mention.

Of the school-section general opinion was that it surpassed all previous showings. There was a complete range of school work of a high standard of excellence, and arranged painstakingly and with good taste. This section also more than maintained its own and the pity is that the rest of the fair was not up to the same standard.

Of special interest in this connection was the manual training exhibit put on by Mr. Baker, the instructor. Specimens of his own work revealed an extraordinary skill, and it is a fact that one example at least of his inland work cannot be matched the world over. Pupils' work in the beginning stages were also shown, and after seeing the work of the developed talent beside that of the embryo, one was convinced that manual training should have had a place in the Summerland schools a long time ago.

The same might be said of the exhibit of domestic science work, put on under the direction of Miss Olyver. The girls have already made splendid progress in needlework, and a little preserving showed another direction of work in this line. These two exhibits deservedly excited a great deal of favorable comment.

The Dominion Experimental Farm was represented with its customary full showing in all lines of farm work in charge of Supt. R. H. Helmer. It has an established place in all Okanagan fairs, and that it serves a useful purpose cannot be gainsaid. A great deal of invaluable information is given out and now light thrown on farm problems.

Less pretentious was an entomological exhibit put on under the direction of the Provincial Government, but still extremely represent-

Shy Horse Is Excuse for Violating Traffic Rules

Some very bad mix-ups and close shaves from more or less serious accidents are said to have been occasioned by the persistent practice of one of our citizens in invariably taking the wrong side of the road when meeting motor vehicles. Complaints of this practice had been made to the Municipal office and the Clerk was instructed to write the offender. On Tuesday a letter was received from Mr. S. A. Denike, against whom the complaint had been made, in which he justified his action by stating that the horse on the right side had been scared by a motor car and still became alarmed by approaching motors. By turning to the right instead of the left he put the other horse between the timid one and the motor vehicle.

This excuse was not considered to justify the infraction of a Provincial Statute. One question propounded during the discussion was why Mr. Denike did not change the position of the horses in the team and keep to the legal side of the road.

The Clerk was instructed to again write Mr. Denike pointing out that his action was a serious offence under the Provincial Act and that he is liable to prosecution; further that the Council felt it necessary to protect the users of our highways against the danger of this practice, and ask Mr. Denike to govern himself accordingly.

Mr. Denike in his letter made the request that the brush on the side of the road entering Prairie Valley be cut down. This was referred to the Foreman.

Represents Big English House

Visitor at Fair Astonished by Quality of Okanagan Fruit.

A very interested visitor to the apple show was Mr. S. P. Birch of the well-known commission fruit house of T. J. Poupard, London. Mr. Birch after visiting Nova Scotia and Ontario was on his way to Wenatchee when advised by Markets Commissioner Grant to visit the Okanagan. Mr. Birch has found such high class fruit here that he has decided to return to London directly from this Province and will strongly urge his firm to specialize in Okanagan apples. The firm imports several hundred cars of apples per year from this continent. Henceforth they will feature Okanagan's staple product.

Spend sparingly—Save for Victory Bonds.

tative in its field. Close by were specimens of photographic work shown by Mr. L. Stocks, photographer, of Penticton, featuring portraiture.

On a much larger scale was the showing made by Mr. C. P. Nelson of this place, of landscape work in large size pictures. This has come to be a recognized adjunct to the fair proper, and without which the event would not seem at all complete.

The Penticton Electric Company had a fine industrial exhibit of the Deleo electric lighting and power plant and electrical accessories. The excellent lighting of the hall basement, where the Ladies' Hospital Auxiliary were serving refreshments was from their plant, and their stand was an attraction to large numbers of interested enquirers.

On Thursday at the conclusion of the livestock judging, shortly after the lunch hour, Hon. E. D. Barrow of Victoria, Mr. J. W. Jones, M.P.P. and Mr. J. A. Grant, Prairie Markets Commissioner, spoke, and also Mrs. Gordon of Victoria, a visitor to the Valley at present.

The judging was undertaken by the following: fruit and vegetables, Ben Hoy, Vernon, and W. Hunter, Penticton; bread, preserves, etc., Mesdames Myers and Mallory, Naramata; fancy work, Mesdames J. M. Robinson and Cash, Naramata; school work, Mesdames E. H. Lock and T. G. Beavis; livestock, Mr. Hay, Kamloops.

Complete List of Prize Winners at Naramata Exhibition

The Review obtained a complete list of winners at the Naramata Farmers' and Women's Institute Fair Thursday of last week, with the intention of publishing it in that issue. Time pressed, however, and it was not found possible to do so. The list follows, names being arranged in order of first and second, unless otherwise stated.

WOMEN'S INSTITUTE SECTION.

- Plate D'Oily—Mrs. Myers, Mrs. J. C. Lyons.
- Crocheted Yoke—Alice Myers.
- Boy's Suit—Ruth Rounds.
- Rag Rug—Mrs. Myers, Ladies' Aid Society.
- Crocheted D'Oily—Mrs. Cook, Mrs. T. Lyons.
- Tatted Collar—Mrs. Dicken, Mayda Williams.
- Four Articles from Flour Sacks—Pincushion—Mrs. Dicken.
- Embroidered Pillow Cases—Mrs. T. Lyons, Mrs. F. C. Manchester.
- Crocheted Pillow Cases—2nd, Mrs. Dean Walters.
- Bureau Set—Mrs. Cash.
- Washable Cushion Top—Mayda Williams, Mrs. Dicken.
- Knitted Sweater—Mrs. Gamon, Mrs. Languedoc.
- Camisole—Mrs. F. C. Manchester, Mrs. J. C. Lyons.
- Luncheon Set—Mrs. J. C. Lyons, Mrs. T. Lyons.
- Nightgown—Mrs. T. Lyons, Mayda Williams.
- Bread, Parity Flour—Mrs. Partridge, Mrs. Cook.
- Best Loaf Bread—Mrs. Salting, Mrs. Myers.
- Purity Riced Oats Cookies—Mrs. Myers, Mrs. Dicken.
- Sponge Cake—Mrs. Hayward.
- Doughnuts—Mrs. Cook, Mrs. Allen.
- Honey—Mrs. Nuttall.
- Dozen Eggs—Mrs. Hayward, Ruth Rounds.
- Bread from Royal Household Flour—Mrs. Salting, Mrs. Myers.
- Rolls—Mrs. Salting, Mrs. Dicken.
- Apple Pie—Mrs. Hayward, Mrs. T. Lyons.
- Potato Salad—Mrs. Myers.
- Baking Powder Biscuit—Mrs. Myers, Mrs. Allen.
- Pound of Butter—Mrs. Myers,

- Mrs. Mallory.
- Candy—Mrs. Myers.
- Jardiniere Stand—Donald Saltling.
- Potted Plants—Mrs. Aveson.

FARMERS' INSTITUTE SECTION.

- Two Boxes Jonathan—Stewart Allen, 1st and Farmers' Institute Cup; W. Armour, 2nd.
- Box McIntosh Red—W. Armour.
- Box Spitzenburg—V. Partridge, T. I. Williams.
- Box Delicious—J. Lyons.
- Box Newtowns—Stewart Allen, T. I. Williams.
- Box Wagener—Stewart Allen, Mrs. E. Wells.
- Box Winter Banana—J. M. Myers.
- Box Winesap—W. Armour, Mrs. E. Wells.
- Box Rome Beauty—J. M. Myers.
- Plate Winesap—J. C. Miller, W. Armour.
- Plate Stayman Winesap—Capt. Languedoc.
- Plate Cox's Orange Pippin—J. M. Myers, F. C. Manchester.
- Plate Wagener—Stewart Allen, T. H. Rayner.
- Plate Spitzenburg—D. Walters, B. Partridge.
- Plate Jonathans—D. Walters, J. M. Myers.
- Plate Green Newtowns—T. Lyons, F. C. Manchester.
- Plate Yellow Newtowns—B. Partridge, Jas. Young.
- Plate Rome Beauty—J. M. Myers, F. C. Manchester.
- Plate Winter Banana—B. Partridge, J. C. Lyons.
- Plate Grimes Golden—J. M. Myers.
- Plate McIntosh Red—B. Partridge, J. M. Myers.
- Plate Delicious—Stewart Allen, W. Nuttall.
- Snow—J. S. Allen.
- Ontario—D. Walters.
- King David—W. Nuttall.
- Wealthy—J. M. Myers.
- Lawrence Pears—F. W. Rolt, T. Lyons.
- Quince—W. Nuttall, D. Walters.
- Grapes—Mrs. F. Young.
- Vegetable Display—A. Aveson, 29 varieties; B. Partridge, 15 varieties.

Would Buy The Govt. Telephone

Okanagan Company said to be Again Seeking Monopoly.

Shall the Government Telegraph and Telephone Service withdraw from the Okanagan and other developed portions of British Columbia? From information gleaned by this journal it would seem that an effort is again being made to induce Ottawa to sell its Okanagan system, and, we believe, other parts of the Government lines, and that Supt. Stevens is now at Ottawa opposing the proposition. It is learned further that the proposed rebuilding of the Government lines has been suspended for the present and instructions issued to make necessary repairs only. It is stated that the British Columbia Telephone Company either directly or through the Okanagan Telephone Company, is making the movement to acquire the Government Telephone and Telegraph system.

The Penticton Municipal Council views with some concern the possibility of the passing of the Government system in this Valley and at a recent meeting the Clerk of that Council was instructed to inform the Summerland Council that Penticton will support any movement that Summerland may make to oppose the B.C. Telephone Company or Okanagan Telephone Company securing a monopoly in the Valley.

At the Summerland Municipal Council's session on Tuesday, it was decided to get more information on the subject before taking definite action. Councillor Kirk, referring to the Public Utilities Act, read section 18 which he believes removes any possibility of the Summerland Telephone Company being boycotted by the larger company, should they by any chance obtain a monopoly of the long dis-

Loss To Growers May Be Heavy

Authorities Advise Holding Fruit for a Time.

Following several days of weather at or below freezing point the temperature has risen and we are again enjoying our usual Okanagan October weather. The cold spell which was general throughout the whole country and extended well into the south, brought to the Okanagan the coldest October weather experienced in many years; certainly nothing like it has occurred since the fruit growing industry became established.

Frost in October is almost unknown and never in this part has there been frost to cause any damage. Mr. Van Hise, whose orchard is on the front bench above the lake, states that he has kept accurate records for thirteen years and that at no time has there been a frost in October.

During the cold weather the sky has been over cast which is considered most fortunate. Bright sunshine following a frost would likely have effected damage to fruit still on the trees. When the sun reappeared on Tuesday the mild weather had proceeded it.

Results of enquiries from several sources would indicate that small damage has been done to the fruit in this part of the valley. A telegram sent from Vernon to the Dominion Fruit Inspector carried very alarmist reports which do not seem to have been justified. Especially

(Continued on page 4.)

tance service in the Okanagan. It was not known what protection would be given the public against an increase in toll rates.

This subject will no doubt be discussed at the regular meeting of the Board of Trade next week.

Quitting Rural Mail Route After To-day

Patrons of the Rural Route are very likely to be without mail service tomorrow. Just how long the service may be interrupted is not known. The present contractor has stated positively that he will not continue beyond October 31st and he has so notified the P.O. Office authorities.

An interesting situation is very likely to develop should Mr. Thompson maintain his present stand and break his contract. When entering into the contract with the Department Mr. Thompson had to give sureties and Dr. R. C. Lipssett and G. J. C. White are his bondsmen. It may be that the Department will look to them to see that service is maintained. It is not improbable that Inspector Murray may arrive on the K.V.R. train this afternoon, the train being several hours late. The bondsmen will make another effort today to have Mr. Thompson continue the service until other arrangements are made.

Beginning Saturday morning November 1st the contract for carrying the mail from the K.V.R. station to the local post-offices will be taken over by Capt. P. S. Roe. For the past few months this service has been carried on by Mr. T. H. Riley. We understand that the arrangements with Capt. Roe is for the next two months and that the Department intends to call for tenders for a service covering the meeting of trains running both east and west.

Insufficient remuneration is Mr. Thompson's reason for quitting. He claims to have been carrying for months at a heavy loss.

North Main Is Near Completion

Concrete Work on Number Two Ditch Is Progressing.

Good progress has been made this week in the work on the north main ditch and No. 2 (Thompson) ditch. A few days will see the completion of the north main which will give a large uninterrupted water channel from the reservoir to Jones Flat. Thirty-four hundred feet of new ditch has been put into the north main this fall including about 625 feet of wooden fluming, leaving about 1,400 feet yet to be built. Last spring thirty-two hundred feet of the north main was completed. On No. 2 ditch about one thousand feet of concrete work has been completed, leaving about eighteen hundred of concrete yet to be done under the present program. From the end of this stretch eighteen hundred feet of steel fluming will be used as local conditions are favorable for concrete. On this latter ditch concrete work began about one hundred feet west of the little bridge at the foot of the hill leading up to Jones' Flat at Mr. C. H. Tate's home. This concrete work will be carried around under the Logie hill. Steel fluming will be used along the face of the bluff north of this point.

There are two gangs of men at work, one on each of the above ditches with two camps, R. Mitchell being foreman on the north main and A. Rutherford on ditch No. 2.

We are informed by Engineer Fawkes that quite a saving has been effected in camp operations by the contract made for supplies. Before the work was started he was given permission by the Council to ask the several local houses for tenders. The successful bidder was the Summerland Supply Company. Under the agreement made with them the groceries and provisions purchased are ordered direct from the wholesaler in larger packages and more suitable for camp purposes than is carried in stock here. The wholesaler bills the Summerland Supply Company with the goods shipped to the Municipality, sending a copy of the invoice to the Municipal Office. A profit of nine per cent is charged by the Summerland Supply Company.

Victory—Bought but not paid for.

Magistrate Is Not Yet Named

Further Correspondence on Subject. Council Makes Loan on New Issue.

Declining to act on the proposed terms, should he be recommended as police magistrate, Prof. Broad has written the Municipal Council stating the remuneration would be quite insufficient. The suggestion by the Council was that the magistrate be paid a fee of \$50.00 and that all legal fees chargeable in each case coming before the magistrate be retained by him. This plan was favored instead of a straight stipend or salary. If the magistrate were paid in this latter way the fees would be payable to the Municipality. The Council not being in a position to estimate the volume of business or receipts that would come in this way considered the plan of paying according to the business transacted the fairer method under the circumstances.

Prof. Broad in his letter states that the stipendiary magistrate at Penticton receives a salary of \$1,600.00 and intimated that at least half this salary should be paid here the first year. Other than instructing the Clerk to point out to Prof. Broad that under the proposed arrangements the fees would go to the magistrate, no further action was taken by the Council.

The Council received an application from a citizen of Peachland for permission to use the municipal cabin at Trout Creek headwaters, presumably for trapping purposes. The Clerk was instructed to reply that the Council do not wish to rent the cabin and that it must not be occupied.

H. W. Treffry asked for some logs lying on some property on Paradise Flat owned by the municipality. The Council was not sufficiently sure of their ownership to accept an offer. On similar grounds the Council declined to rent to Mr. Treffry a stable on a lot held by the municipality but in which it is claimed a soldier has an interest.

Instructions were issued to the foreman to carry out some work at Monro's to prevent water flowing from the roadway into the orchard there during the winter.

Reporting for the Water Committee Councillor Kirk stated that there are six hundred acres to be irrigated by the Prairie Creek, two hundred and fourteen acres by the No. 1 (Gray) ditch and two hundred and sixty-one acres by No. 2 (Thompson) ditch. This information had been required in order to establish the size of some of the mains.

Councillor Kirk suggested that a half dozen of the maps of the municipality be mounted and he offered to work into these maps certain information that will be of value, such as defining of lands under each ditch and locating the several public utilities.

The matter of improving the irrigation service to the front bench from A. E. Haspel's south has been before the Council for some time and a recommendation was made by Councillor Kirk this week that a flume system be put in there to be connected with the existing system by a siphon. This would greatly relieve the pipe line now serving the lots in that district and would improve the domestic water pressure. A report covering this recommendation will be considered by the Council.

So that work might not be held up pending the sale of debentures the Chairman of the Finance Committee and Treasurer had been instructed to ask the Bank of Montreal for a temporary loan and on Tuesday a resolution was put through authorizing the borrowing from the bank a sum not exceeding \$80,000.00. Fifty-five thousand dollars of the \$75,000.00 issue will be placed with the bank as security, the remaining \$20,000.00 being held for local sale.

Tuesday's session opened with a quorum only, Councillor Campbell arriving early in the afternoon from Peachland where he had gone on business the night before. Councillor Dodwell was not present.

Peachland Doings

A Weekly Chronicle Furnished By Our Local Representative.

Mr. and Mrs. S. Michael have moved out to their ranch south of Deep Creek, and Mr. Michael is hard at work clearing and getting ready for opening up the place next season.

Mr. Winger returned on Wednesday morning after a short business trip to Naramata. The boys, having finished their contract in that vicinity also returned and brought their outfit.

After a goodly share of the season spent in our midst Mr. French left on Wednesday morning of last week to return to Calgary. He will probably be back in the spring if not sooner.

Miss Essie Winger was a passenger to Penticton on Wednesday night of last week, returning the following morning.

Mrs. Wm. Dryden returned on Monday evening from Salmon Arm where she had been as delegate from the Peachland Women's Institute at the Convention held there.

Mr. McLeod, principal of the public school attended the teachers' convention held in Vernon on Friday and Saturday.

Mr. and Mrs. R. A. F. Moore are spending a short time in Vancouver.

Mrs. L. Mills, Miss Morley and Miss M. Vicary were passengers south on Friday last, the former two spending the week end while Miss Vicary returned on Saturday morning.

After spending a week here visiting his sister Mrs. H. E. McCall Mr. W. H. Sharp left on Friday night to return to his home in Vancouver via K.V.R. While here he and Mr. McCall went out for a short hunting trip but unfortunately game was exceedingly scarce in the vicinity of their camp, but they had a good hunt.

Major Hardisty spent a day down the lake this week, going down on Monday and returning Wednesday morning.

Mr. Montgomery was a passenger for Summerland on Monday night.

Mr. J. Wilson spent a day in Vernon this week on business. Jack is using all his spare time these days clearing up his lot recently purchased from the Messrs. Townsend Bros., and is making a good job of it too.

Ben Gummow has been suffering the effects of a rather serious accident which occurred on Wednesday night of last week, when a gas lamp exploded and he was badly burned about the face and head. The suffering was intense at first, but we are glad to be able to report that he is doing nicely now and hopes to be out before long. Medical aid was sought at once and with the careful treatment he has received it is hoped and expected he will not be obliged to carry any bad marks.

The Municipal Council met on Wednesday the 22nd. There were present Reeve Hogg with Councillors Powell, Pope and MacKenzie. Owing to a complaint having been made re. the electric lights being cut out at midnight the Clerk was instructed to see that as soon as water was available the service should be continued till 1 o'clock. Instructions were given to have the sidewalk south of the Bump attended to, as condition of same had been reported to the Council. The Clerk was instructed to write the Secretary of the Okanagan Telephone Company advising him that the debris left by their repair crew on the right of way here had not been removed as promised, and that the Council would have the same removed at the expense of the Telephone Company. The Clerk has had this matter in hand for some time and has succeeded in getting a definite promise from the Company through their Secretary, of prompt action and an apology for their negligence in respect to this debris. A motion by Councillors Powell and Pope that the recommendation of the Collector that \$4,000.00 of the sinking funds account be invested in Victory Bonds was carried. Another motion by Councillors Powell and MacKenzie that the Council hereby express its gratification with the work done by the Clerk, Mr. Dryden, at the recent convention of B. C. Municipalities, and also with the results consequent upon his interview with the representative of the Okanagan Telephone Company were also carried, as was another proposal by Coun-

cillors Powell and Pope that the accounts for the month of September 1919 amounting to \$1,101.30 be paid.

The recent frost which apparently has been so universal has likewise caught Peachland in its grip and although there will be quite a lot of the fruit saved which had been picked and either stacked in piles or boxes the loss will be quite heavy as there was quite a quantity which was still hanging. There is no estimate available at present as the exact loss is not ascertained owing to the fact that a good portion of the fruit which was frosted is turning out all right, especially on the orchards lower down on the benches. A strange condition seems to exist in that trees in the same orchard show such varying degrees of effect even in the same varieties. Orchardists have found a tree showing bad condition from the frost, and probably the next tree in the same row showing little or no effect. The management at the Union is doing its best for the growers, but using every precaution to pack out only A1 fruit.

Watch those dollars—Victory needs them.

The Bible is issued, in whole or in part, in over 100 languages and dialects in Canada.

WATER NOTICE.

(Use and Storage.)

TAKE NOTICE that Naramata Water Users Committee whose address is Naramata, B.C. will apply for a licence to take and use 1,500 acre feet and to store 1,000 acre feet of water out of Chute Creek (East Fork), also known as Lequime Creek, which flows west and south and drains into the east side of Okanagan Lake about 12 miles from the outlet of said lake.

The storage dam will be located at a point 1 1/2 miles due west of 12 M. Post, Lot 2711. The capacity of the reservoir to be created is about 800 acre feet, and it will flood about 80 acres of land. The water will be diverted from the stream at a point about 3 miles west of 12 M. P., Lot 2711, and will be used for irrigation and domestic purposes upon the lands described as D. Lots 206, 207, 209, 210, 266, 3315, 3314, 156, 211, Plan No. 576, 575 and 706.

This notice was posted on the ground on the 18th day of October, 1919.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of

Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

NARAMATA WATER USERS COMMITTEE, Applicant, By A. Harry Hook, Agent. The date of the first publication of this notice is October 24th, 1919.

SUMMERLAND AND

WEST SUMMERLAND

Naramata News

Current Events of
Town and District

Capt. Languedoc who has been in the Summerland Hospital where he was operated on, has returned to his home and is slowly recovering. His many friends hope to see him out again soon and able to attend to his duties.

After a short session on Friday night the Water Users called another meeting for Saturday night. There will be some changes in the personnel of the committee and other business of importance will be discussed.

Mr. Guy and Mr. E. Davies have gone to Ottawa for the winter.

Mrs. Lee Mills of Peachland is visiting Mrs. Dan McKay for a few days.

Mrs. E. P. Roe has been seriously ill but is now getting better and will soon be around again.

Messrs. Hugh and Jack Flannigan spent the week end in Penticton.

Mrs. R. C. Robinson has accepted a position on the High School teaching staff in Summerland for the time being.

Among the visitors to our Fair from Summerland on Thursday were Mr. W. J. Robinson, Mr. Davidson, Dr. and Mrs. Lipsett, Mrs. R. E. White, Mrs. Ross, Mrs. Thornber, Mr. Frank Williams and Mr. Jack Tait. The ladies of the party acted as judges of fancy work and baked goods at the Fair. Mr. Frank Williams was special correspondent for The Review and Mr. Tait was assisting in the judging of fruit.

The Unity Club members met on Friday afternoon with Mrs. Jas. Meyers as hostess. They are making plans for the big banquet for the returned men which they will give on the 11th of November. This banquet will be held at the home of Mr. J. M. Robinson in their large dining room and is to be the big social event of the season. More will be told of this in the next issue. It is needless to say that the affair will be free to veterans.

The Fair.

Naramata's annual fair was held on Thursday and it was the largest and most successful event of its kind that has ever taken place in the community. There was a large attendance from both Penticton and Summerland and Naramata was not ashamed to have them see the quality of the display. There were baked goods that made one's mouth water and long to sample them. Then the fancy work, of which there was a considerable amount, was most excellent in every way. The fine display of fruit and vegetables held the at-

DOMINION LANDS.

Increase in Rate of Interest.

PUBLIC NOTICE is hereby given that in accordance with the provisions of an Act to amend the Dominion Lands Act, passed at the last Session of Parliament, and commencing from the 7th July, 1910, where interest is chargeable, the rate of such interest on all now transactions in connection with Dominion Lands shall be six per centum per annum; also that from the 1st of September, 1910, the rate on all overdue instalments in connection with both past and future transactions will be increased to seven per centum per annum.

By Order,
L. PEREIRA,
Secretary.

Department of the Interior,
Ottawa, August 20, 1910.

tion of all and the exhibit from the Experimental Farm which did a lot towards making the show the success it surely was. Mr. Helmer was able to supply a fund of information of great value to the ranchers, which he did very cheerfully.

The Fair was formally opened at two o'clock by our member, Mr. Jones, and all were glad to listen to his most pleasing address. He complimented the community most highly on the quality of the produce and made special mention of an eiderdown comforter which was made and shown by Mrs. Brodie. Mr. Jones thought we should have had some school work in the exhibit and in that way get our young folks interested in the fair work. So we should, and will do it next time just to show him that we have some clever children in our town. Everyone was interested in the remarks made by Mr. Jones on some of the problems that confront this district such as storage and irrigation and last but not least that dock which we need badly. But everything fitted into the fair, and that was what made it interesting.

We hope some day to have a large place for our fairs and public meetings, for there was not enough room in the old school building to display the goods to the best advantage, especially the plate exhibits of fruit.

Afternoon tea was served by the ladies of the Institute and as the weather was cold and people were getting somewhat tired after the strenuous day the tea was much enjoyed.

The judging of the fruit was in the capable hands of Mr. Evans of Vernon and his decisions were given only after a most thorough examination. The success of this event will insure larger successes in the years to come and Naramata fruit will not only win prizes in her own district but will be able to do the same in other districts. So get in, Naramata, and advertise your wares not only to the Valley but to the world.

Synopsis of

Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-forest land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$50 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 6 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with the Majesty's Forces. The time within which the heirs or assigns of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 30, 1913. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1911, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1910, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued on numbers ranged; priority for established owners. Stock-owners may form associations for range management. Free, or partially free, permits for settlers, campers or travelers, up to ten head.

Mr. Jack Norris of Vancouver is a guest at the home of Mr. J. M. Robinson for a few days.

Mr. E. Steers and Mr. H. Hook were in Summerland on Tuesday.

Mr. Stuart Allen has entered his prize fruit in the Summerland Show and went across the lake on Tuesday to attend to the details.

Mr. and Mrs. F. C. Manchester were in Summerland on business on Tuesday.

THREE ESSENTIALS

"WE MUST HAVE COURAGE, and determination and must summon the necessary unanimity" said a distinguished British statesman the other day in counselling his countrymen on the necessity of maintaining her trade. These words might just as well have been uttered by a Canadian statesman, for the qualities named are all-essential to this country at the present juncture. Canada is now offering the 1919 Victory Loan and it must be pushed through to success with courage, determination and absolute unanimity, if Canada is to prove worthy of her opportunity.

Great opportunities for trade lie within the grasp of Canada if her farmers, wage-earners, merchants and manufacturers have foresight enough to reach for them. On the maintenance of our great overseas trade built up during the war rests our ability to carry on. One of the great objects of the Loan apart from the rehabilitation of the returned soldier, is the raising of the capital necessary to enable the Government of Canada to continue its system of credits to Great Britain, France, Belgium and other countries, and at the same time pay cash to the Canadian producer. On these credits our present and future trade depends and all Canadians must unite to ensure an ample subscription to the 1919 Loan which alone will render them possible.

EXPORT DAIRY TRADE

IT IS THE CONSENSUS OF OPINION of Canadian officials who have visited Europe that the future of the export trade in dairy products is assured. In England butter is everywhere at a premium and Canadian cheese continues to hold its good reputation. Mr. H. S. Arkell, Live Stock Commissioner, who has recently returned from overseas, states that the shortage of milk and dairy products in Great Britain is unprecedented. The same is true of other European countries. The scarcity and high price of concentrated feed is to some extent responsible for this. The condition is so general as not quickly to be remedied. It is further responsible for retarding the increase of swine production and the restoring of the normal requirements of fat. This statement from the Live Stock Commissioner should give confidence not only to dairy farmers but to those who are able to raise hogs.

SPEAKING OF BABY CLINICS, we note that the King's Daughters Hospital at Duncan has arranged that a baby clinic be held at the hospital every month, this being the natural outcome of the Better Baby contest recently held there in connection with the Fair, and for which it is claimed that it attracted more public attention than any other single feature of the exhibition. Features in this exhibition were, demonstrating the proper feeding of a baby, exhibition of the different foods prepared by the nurses and exhibition of school lunches. The contest was conducted under the auspices of the Hospital.

ENGINEERS, ASSEMBLED from all parts of the world for a three days' session at Birmingham, England, paid due respect to that celebrated engineer James Watt, whose death occurred just one hundred years ago. Birmingham was the place of birth and death of the inventor of the steam engine to which invention is due the wonderful progress made in many lines since that date. Watt himself is said to have considered his greatest achievement the invention of a decimal measuring system, whose three principal units became the meter, litre and gram. The strong movement on foot on this continent at the present time for the exclusive use of these rational units is a belated tribute to the genius of this great man.

THE MUNICIPAL COUNCIL is asking of the ratepayers permission to expend up to \$5,000 in road building equipment. Under the present crude method of building, maintaining and improving the roads of the district there is each year an acknowledged waste of expenditure of money from the current revenue account and our roads are far from being satisfactory, and not nearly as good as they might be had the same amount of money been more economically expended which the use of efficient equipment would permit. The sum asked is not a large one and will not exceed the saving that will be effected in two or three years. Take a few minutes off next Thursday to give your approval to the necessary by-law.

ANOTHER AND SOMEWHAT SMALLER LOAN is requested by the School Board. All will acknowledge the pressing need of a modern school building. With a view to the early erection of such a building the Board have selected a site which they consider the best available for the purpose. To acquire this something less than \$5,000 is required. The ratepayers will be asked to give their approval on Thursday to the borrowing of this money.

Community Calendar of Coming Events

Advance notices under this heading will be charged for at two cents a word. Minimum charge 25c. first insertion. Each repeat one cent a word. Minimum 10 cents.

Morning Service in St. Andrew's Presbyterian Church at 10.30. Subject, "Stewardship or Proprietorship or the Catechism of the Penny." Young People's Society at 7.30 p.m.

Harvest Festival in the Lakeside Church on Sunday evening at 7 o'clock. Fellowship Service and Bible Class on Wednesday evening at 8. Note change of time of the evening service: 7 instead of 7.30. J. Stoodley, pastor.

Advertising, as everyone knows, is the heavy artillery of a sale campaign. It lays down a barrage to prepare the way for the advance of business.

LOSS TO GROWERS MAY BE HEAVY

Continued from p. 1.

did this telegram convey a wrong impression of the situation from Peachland south. Reports are current, however, that much damage has resulted at Kelowna and at other fruit districts further north where there was still a large part of the crop on the trees or in boxes in exposed positions. Tests made of fruit here and at Peachland support the belief that the frost was not serious enough in these more southern lake districts to have caused any damage, except in isolated cases where some of the more tender varieties were on trees well back from the lake.

One result of the close shave which our fruit growers have experienced will be the giving of impetus to the movement to provide storage facilities which have been talked of for some time both at Summerland and Peachland. Shortage of boxes has hindered the gathering of the fruit but the totally inadequate facilities for moving the crop, would have in any event left a large part of the crop exposed to the danger. Not only is there a general shortage of cars but the barge accommodation on the lake is inadequate to the demands and it would seem unreasonable to expect the C.P.R. to move our total apple crop within the brief harvest period. Greater storage accommodations would therefore seem the only assurance that could be provided against a possible early frost.

Reports from Wenatchee, Yakima, and Walla Walla, Wash. are that the temperature was even lower than in this Okanagan Lake district with more or less damage to the apple crop.

Since writing the above later reports have been received which would give rise to the fear that the damage may be considerable. Dominion Fruit Inspector Robt. G. L. Clarke and Mr. R. H. Helmer, superintendent of the Experimental Station, called on The Review today and made the following signed statement:

October 31, 1919. After a tour of the Summerland district we feel that it would be unsafe to pack and ship the frozen apples until they have been tested out in storage.

Growers might as well save themselves the trouble of picking Wagner and Jonathan. We would strongly advise the packing houses not to pack any of these apples until such times as they feel satisfied that they will stand up for market.

Robt. G. L. CLARKE,
R. H. HELMER.

Get Your Money's Worth

Hearing The New Edison for the first time is like opening the blinds to the sunlight.

You expect to hear the familiar "talking machine tone".

Instead—there pours forth the voice or the music of the instrument, in all its natural beauty—pure and full, and indistinguishable from the living artist.

When you choose an Edison RE-CREATION, you receive the actual voice of the artist or his masterly instrumental performance—nothing more, nothing less.

We know that when you select an Edison RE-CREATION, you are getting your full money's worth because we have proof.

Two thousand musical critics have endorsed our claim that

The NEW EDISON "The Phonograph with a Soul"

RE-CREATES the human voice and the music of human played instruments without the slightest deviation from the original.

"What the Critics Say", tells the story completely. Ask for a copy; and also for our beautiful new book "Edison and Music" when you come to hear the New Edison.

Review Want and Sale ads. give Good Results.

Passing Events: Social, Personal, &c.

Miss Georgie Blair went down to Vancouver early this-week.

While attempting to crank a Ford Archie, the son of Mr. and Mrs. Sam Scott sustained a broken arm.

Mr. and Mrs. Arthur F. Solly who have been residing at Armstrong since leaving here several years ago, have moved to Port Haney, B.C.

Beginning on Monday the public schools will open at 9.30 and close at 3 o'clock. For a time at least the Summerland high school will adhere to the summer hours, opening at 9 and closing at 3.30.

Accompanying Mr. J. W. Jones, M.P.F. from Kelowna to the fair this week was Mr. J. B. Knowles, the well known jeweller and optician of that place. Mr. Knowles has many friends here who were glad to meet him.

Special Constable Rankin, representing the Deputy Game Warden of this district, whose office is at Vernon, came down from that city this week. We understand that illegal shooting of pheasants is a matter to which he is giving his attention here.

There was recently organized here a Women's Auxiliary to the Summerland G.W.V.A. The officers are: President, Mrs. S. Darkis; Vice President, Mrs. C. H. Taylor; Secretary Treasurer, Mrs. F. J. Nixon. The first regular meeting of the Auxiliary will be held next Friday evening.

Very little interest is being manifested in the election of a school trustee to fill the vacancy on the school board made by the resignation of Miss Dale. Nominations for the vacancy will be received on Monday. The Secretary, Mr. J. H. Bowering has expressed a willingness to serve as Trustee. We are informed that a member of the board may also be secretary.

Mr. Edward H. Plant, one of the newer citizens, was operated on at the Hospital Thursday morning following an attack of appendicitis. Mr. Plant came here from England some weeks ago and has been getting a knowledge of the fruit industry by working in the Graham orchard. Mrs. Plant and two children arrived two or three weeks ago.

Basketball will be one of the principal sports here during the coming winter. Already preparations are being made for an active season. At a meeting held in Campbell's Hall with K. Elliott in the chair, the West Summerland Basketball Club was organized with the following officers: President, G. R. Hookham; Vice President, M. Stewart; Manager, C. Elsey; Secretary Treasurer, J. Ritchie; Captain, H. Phinney. The first practice will be held in the College Gymnasium next Tuesday. An invitation is being extended to all basketball players to attend this practice, following which there will be a business meeting.

The pheasant shooting season closes tomorrow, Saturday, night.

Mrs. Edward J. S. White will be at home on Thursday afternoon, November 6th from 4 to 6.

Miss Bertha Bristow is a surgical case at the Hospital where she was operated on early this week for appendicitis.

Mr. and Mrs. P. Edwards have returned to their former home city, Vancouver, having left here Wednesday morning.

Mr F A Miller and family arrived here this week from Castor, Alberta. Mr. Miller has bought the David Gray property at Trout Creek.

Miss Kennedy of Calgary arrived here Wednesday evening to take the position on the High School staff rendered vacant by the departure of Miss-Todd.

Exigencies of time and space prevent the publication in this week's issue of The Review of the list of winners at the 10th annual fall fair held this week. It will appear in full next week.

The new X-Ray outfit has been installed in the Summerland Hospital and tested and demonstrated by the representatives of the manufacturers. The equipment occupies the room on the main floor formerly the matron's room.

Daylight Saving ended on Sunday morning last. A proclamation bringing about the change was inserted by the Government in the British Columbia Gazette but we cannot learn that any official intimation was given the Press.

Phone your order for rubbers and I will deliver by mail at my expense. A. J. Beer. 13-20

Mrs. B. Finley has opened a dressmaking shop on the floor above Beer's shoe store. Phone 675 after 6 o'clock. 14

Mr. and Mrs. W. H. Hayes moved in on Tuesday from their bench home to the Fenner cottage where they will remain for the winter.

Between fifteen and twenty friends of Miss Margaret Harrison surprised her by gathering at the home of Mr. and Mrs. Harold Smith on Monday evening to celebrate her birthday.

Visitors noticed at the fair this week included Markets Commissioner J. A. Grant, Dominion Fruit Inspector R. G. L. Clarke, J. W. Jones, M.L.A., and W. A. McKenzie, M.L.A. for Similkameen.

Ten of her Summerland friends tendered Mrs. Harold Neve a surprise party Monday night. A very pleasant evening was passed at the Penticton home of the Summerland bride and groom when Mrs. Neve was presented with a beautiful cut glass berry bowl.

Recent reports from Calgary and other parts of Alberta are that unthreshed wheat crops are lying under two feet of snow. Market Commissioner Grant and others arriving recently from that province state that the temperature was seventeen below zero.

Chinese immigration to Canada, 1905-1918, based on head tax, 29,667; exempt admissions, 4,041 total of 34,068.

Corporation of the District of Summerland

By-Law No. 109

A By-Law to enable the Corporation of the District of Summerland to raise by way of Loan the sum of four thousand, eight hundred dollars for school purposes.

WHEREAS it is deemed necessary and expedient to borrow the sum of \$4,800.00 for the purpose of purchasing new School Sites; being within the Corporate limits of said Corporation and being part of Blocks one (1); eight (8); fifty-nine (59); sixty (60); and sixty-one (61), all in District Lot thirty-six hundred and forty (3640); Group one (1); in Osoyoos Division of Yale in the Province of British Columbia, according to Map or Plan registered in the Land Registry Office at Kamloops in said Province as number two hundred and eighty-seven A (287A), said part not exceeding seven and six-hundredths acres.

AND WHEREAS it is necessary for said purposes to raise by way of a loan upon the credit of the Corporation of the District of Summerland the said sum of \$4,800.00 payable on the first day of December, 1929, bearing interest in the meantime, payable half yearly, at the rate of six per cent per annum, the principal of such sum, when raised to be applied for the purposes aforesaid.

AND WHEREAS for the payment of the said principal and interest, it is necessary to raise the sum of six hundred and eighty-seven dollars and seventy-nine cents by rate in each and every year.

AND WHEREAS the whole rateable property of the Corporation of the District of Summerland, according to the latest revised assessment roll is \$2,629,620.00.

AND WHEREAS the total amount of the debt of the said Corporation of the District of Summerland is \$439,500.00 of which none of the principal or interest is in arrears;

NOW THEREFORE the Reeve and Council of the Corporation of the District of Summerland, in open council assembled, enact as follows:

1. It shall be lawful for the Reeve of the said Corporation of the District of Summerland to raise by way of loan, from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the said Municipality by way of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of \$4,800.00, and to cause all such sums so raised and received to be paid into the hands of the Treasurer of the said Corporation of the District of Summerland for the purposes and with the objects hereinbefore recited.

2. It shall be lawful for the Reeve to cause any number of debentures to be made for a sum not exceeding \$1,000.00 each, bearing interest at the rate of six per cent per annum, not exceeding in the whole the sum of \$4,800.00 and all such debentures shall be sealed with the seal of the said Corporation of the District of Summerland, signed by the Reeve and countersigned by the Treasurer of the said Corporation of the District of Summerland.

3. The said Debentures shall bear date the First day of December, 1919, and shall be made payable in ten years from the date hereinafter named for this By-Law to take effect, at the Agency of the Bank of Montreal in the Municipality of Summerland, B.C.

4. The said Debentures shall have coupons attached for the payment of interest at the rate of six per cent per annum, on the amount of the said debentures, and such interest shall be payable half yearly on the First days of December and June in each and every year, and the signatures to such coupons may be either written, stamped, printed or lithographed.

5. A rate on the dollar shall be levied and shall be raised annually in addition to all other rates on all the rateable property of the said Municipality, sufficient to pay interest on the debt hereby created, during the currency of the said Debentures and to provide for the payment of the said debt when due.

6. The sum of Two hundred and eighty-eight Dollars shall be raised and levied annually by a rate on all the rateable property in the said Corporation of the District of Summerland, in addition to all other rates, for the payment of the interest on the said Debentures.

7. The sum of Three hundred and ninety-nine Dollars and seventy-nine cents shall be raised and levied annually by a rate on all the rateable property in the said Corporation of the District of Summerland, in addition to all other rates, for the payment of the debt hereby created when due.

8. This By-Law shall, before the final passage thereof, receive the assent of the Electors of the said Corporation of the District of Summerland, in the manner provided for by the "Municipal Act, 1914" and Amending Acts.

9. This By-Law shall come into force and take effect on the First day of December, 1919.

10. This By-Law may be cited for all purposes as the School Sites Loan By-Law, 1919.

DONE AND PASSED by the Municipal Council this Twenty-first day of October, 1919.

RECEIVED the assent of the Electors of the Corporation of the District of Summerland the day of 1919.

RECONSIDERED and finally passed by the Municipal Council the day of 1919.

Reeve,
Clerk.

TAKE NOTICE that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken on Thursday, 6th November, 1919, between 9 o'clock a.m. and 7 o'clock p.m.

The Poll will be held at the following places: Municipal Office, West Summerland, B.C., W. J. Robinson's Office, Summerland, B.C.

PUBLIC NOTICE is hereby given that the vote of the Electors of the Corporation of the District of Summerland will be taken on the above mentioned By-Law at the time and places above mentioned.

F. J. NIXON,
Municipal Clerk.

Corporation of the District of Summerland

By-Law No. 110

A BY-LAW to enable the Corporation of the District of Summerland to raise by way of Loan the sum of Five Thousand Dollars for the purchase of Road Equipment.

WHEREAS it is deemed necessary and expedient to borrow the sum of \$5,000.00 for the purpose of purchasing Road Equipment;

AND WHEREAS it is necessary for said purpose to raise by way of a Loan upon the credit of the Corporation of the District of Summerland the said sum of \$5,000.00 payable on the First day of December, 1929, bearing interest in the meantime, payable half yearly, at the rate of six per cent per annum; the principal of such sum, when raised, to be applied for the purposes aforesaid.

AND WHEREAS for the payment of the said principal and interest, it is necessary to raise the sum of seven hundred and sixteen dollars and forty-five cents by rate in each and every year.

AND WHEREAS the whole rateable property of the Corporation of the District of Summerland, according to the latest revised assessment roll is \$2,629,620.00.

AND WHEREAS the total amount of the debt of the said Corporation of the District of Summerland is \$439,500.00, of which none of the principal or interest is in arrears;

NOW THEREFORE the Reeve and Council of the Corporation of the District of Summerland, in open Council assembled, enact as follows:

1. It shall be lawful for the Reeve of the said Corporation of the District of Summerland to raise by way of loan, from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the said Municipality by way of debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of \$5,000.00 and to cause all such sums so raised and received to be paid into the hands of the Treasurer of the said Corporation of the District of Summerland for the purposes and with the objects hereinbefore recited.

2. It shall be lawful for the Reeve to cause any number of debentures to be made, for a sum not exceeding \$1,000.00 each, bearing interest at the rate of six per cent per annum, not exceeding in the whole the sum of \$5,000.00, and all such debentures shall be sealed with the seal of the said Corporation of the District of Summerland, signed by the Reeve and countersigned by the Treasurer of the said Corporation of the District of Summerland.

3. The said Debentures shall bear date the First day of December, 1919, and shall be made payable in ten years from the date hereinafter named for this By-Law to take effect at the Agency of the Bank of Montreal in the Municipality of Summerland, B.C.

4. The said Debentures shall have coupons attached for the payment of interest at the rate of six per cent per annum, on the amount of the said Debentures, and such interest shall be payable half yearly on the first days of December and June, in each and every year, and the signatures to such coupons may be either written, stamped, printed or lithographed.

5. A rate on the dollar shall be levied and shall be raised annually in addition to all other rates, on all the rateable property of the said Municipality, sufficient to pay interest on the debt hereby created, during the currency of the said Debentures, and to provide for the payment of the said debt when due.

6. The sum of three hundred dollars shall be raised and levied annually by a rate on all the rateable property in the said Corporation of the District of Summerland in addition to all other rates, for the payment of the interest on the said Debentures.

7. The sum of four hundred and sixteen dollars and forty-five cents shall be raised and levied annually by a rate on all the rateable property in the said Corporation of the District of Summerland, in addition to all other rates for the payment of the debt hereby created when due.

8. This By-Law shall, before the final passage thereof, receive the assent of the Electors of the said Corporation of the District of Summerland in the manner provided for by the "Municipal Act 1914" and Amending Acts.

9. This By-Law shall come into force and take effect on the First day of December, 1919.

10. This By-Law may be cited for all purposes as the Road Equipment Loan By-Law, 1919.

DONE AND PASSED by the Municipal Council this Twenty-first day of October, 1919.

RECEIVED the assent of the Electors of the Corporation of the District of Summerland, the day of 1919.

RECONSIDERED and finally passed by the Municipal Council the day of 1919.

TAKE NOTICE that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken on Thursday, 6th November, 1919, between 9 o'clock a.m. and 7 o'clock p.m.

The Poll will be held at the following places: Municipal Office, West Summerland, B.C., W. J. Robinson's Office, Summerland, B.C.

PUBLIC NOTICE is hereby given that the vote of the Electors of the Corporation of the District of Summerland will be taken on the above mentioned By-Law at the time and places above mentioned.

F. J. NIXON,
Municipal Clerk.

Corporation of the District of Summerland.

PUBLIC NOTICE IS HEREBY GIVEN to the Electors of the Corporation of the District of Summerland that I require the presence of the said electors at the Municipal Office, West Summerland, on the 3rd day of November, 1919, at 12 o'clock noon, for the purpose of electing a person to represent them as School Trustee on the Board of School Trustees for the Summerland Municipal School District to fill the vacancy caused by the resignation of Miss Annie Dale, whose term expires in January, 1921.

The mode of nomination of candidates shall be as follows:—The candidates shall be nominated in writing; the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and two p.m. of the day of nomination; the said writing may be in the form numbered 5 in the Schedule of this Act, (Electors and Elections, Municipal), and shall state the names, residence, and occupation or description of each person proposed, in such manner as sufficiently to identify such candidate and in the event of a poll being necessary, such poll will be opened on the 6th day of November, 1919, at the Municipal Office, West Summerland, and W. J. Robinson's Office, Summerland, of which every person is required to take notice and govern himself accordingly.

The qualifications for School Trustee are as follows:—

Any person being a British subject of the full age of twenty-one years actually residing within the district, and having been for the three months next preceding the day of his nomination the registered owner, in the Land Registry Office, of land or real property situate within the municipality of the assessed value, on the last municipal or provincial assessment roll, of two hundred and fifty dollars or more over and above any registered judgment or charge; or being a homesteader, lessee from the Crown, or pre-emptor who has resided within the municipality for the space of one year or more immediately preceding the day of nomination, and is assessed for five hundred dollars or more on the last municipal or provincial assessment roll over and above any registered judgment or charge; or being a homesteader, lessee from the Crown, or pre-emptor, and is assessed for five hundred dollars or more on the last municipal or provincial assessment roll over and above any registered judgment or charge, and being otherwise qualified by this (Public Schools) Act to vote at an election of school trustees in the said school district.

GIVEN UNDER MY HAND at Summerland, B.C., this 22nd day of October, 1919.

F. J. NIXON,
Returning Officer.

OFFICIAL PROSPECTUS

"The Bridge from War to Peace"—The Prince of Wales.

THE MINISTER OF FINANCE OF THE DOMINION OF CANADA offers for Public Subscription the

Victory Loan 1919
\$300,000,000. 5 1/4% Gold Bonds

Bearing interest from November 1st, 1919, and offered in two maturities, the choice of which is optional with the subscriber as follows:

5 year Bonds due November 1st, 1924. 15 year Bonds due November 1st, 1934
Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa; or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Bonds may be registered as to principal or as to principal and interest, as hereinafter provided, at any of the above-mentioned offices.

Interest payable, without charge, half-yearly, May 1st and November 1st, at any branch in Canada of any Chartered Bank.

Principal and Interest payable in Gold. Denominations: \$50, \$100, \$500, and \$1,000

Issue Price: 100 and Accrued Interest,
Income Return 5 1/4% per Annum

The proceeds of the Loan will be used to pay indebtedness incurred, and to meet expenditures to be made in connection with demobilization (including the authorized war service gratuity to our soldiers, land settlement loans, and other purposes connected with their re-establishment into civil life), for capital outlay upon shipbuilding, and other national undertakings forming part of Canada's industrial reconstruction programme, and for the establishment of any necessary credits for the purchase of grain, foodstuffs, timber and other products, and will be spent wholly in Canada.

Payment to be made as follows:
10% on application; 20% February 9th, 1919; 20% January 9th, 1920;
20% February 10th, 1920; 31.21% March 9th, 1920.

The last payment of \$1.21% covers 30% balance of principal and 1.21% representing accrued interest at 5 1/4% from November 1st to due dates of the respective instalments.

A full half-year's interest will be paid on May 1st, 1920, making the cost of the bonds 100 and interest. Subscriptions may be paid in full at the time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest at the rate of 5 1/4% per annum.

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

The amount of this issue is \$300,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of \$300,000,000.

Payments

All cheques, drafts, etc., covering instalments are to be made payable to the Credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions other than those paid in full on application must be accompanied by a deposit of 10% of the amount subscribed. Official Canvasers will forward subscriptions or any branch in Canada of any Chartered Bank will accept subscriptions and issue receipts.

Subscriptions may be paid in full at time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest to time of making payment in full. Under this provision, payment of subscriptions may be made as follows:

If paid in full on or before November 15th, 1919, par without interest or 100%
If remaining instalments paid on Dec. 9th, 1919, balance of 90% and interest (\$60.52 per \$100).
If remaining instalments paid on Jan. 9th, 1920, balance of 70% and interest (\$70.84 per \$100).
If remaining instalments paid on Feb. 10th, 1920, balance of 50% and interest (\$81.08 per \$100).
If remaining instalment paid on Mar. 9th, 1920, balance of 30% and interest (\$81.21 per \$100).
Payment of instalments or payment in full after November 15th, 1919, can be made only on an instalment due date.

Denomination and Registration

Bearer bonds, with coupons, will be issued in denomination of \$50, \$100, \$500, and \$1,000, and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1920.

Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of \$500, \$1,000, \$5,000, \$10,000, \$25,000, \$50,000, \$100,000, or any multiple of \$100,000.

Payment of Interest

A full half-year's interest at the rate of 5 1/4% per annum will be paid May 1st, 1920.

Form of Bond and Delivery

Subscribers must indicate on their applications the form of bond and the denominations required, and the securities so indicated will be delivered by the bank upon payment of subscriptions in full.

Bearer bonds of this issue will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or fully registered as to principal and interest, will be delivered to subscribers making payment in full, as soon as the required registration can be made.

Payment of all instalments must be made at the bank originally named by the subscriber. Non-negotiable receipts will be furnished to all subscribers who desire to pay by instalments. These receipts will be exchangeable at subscriber's bank for bonds on any instalment date when subscription is paid in full. All receipts must be exchanged before 1st June, 1920.

Form of Bonds Interchangeable

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds without coupons, at any time, on application to the Minister of Finance or any Assistant Receiver General.

Forms of application may be obtained from any Official Canvaser, from any Victory Loan Committee, or member thereof, or from any branch in Canada of any Chartered Bank.

Subscription Lists will close on or before November 15th, 1919

DEPARTMENT OF FINANCE, OTTAWA, October 27th, 1919.

Keep Canada's Farms and Factories Busy

.. The Winding Trail ..

THOSE PRETTY PICTURES. Behold how good and joyful a thing it is to observe the artistic colored pictures pertaining to the seedsmen's catalogues, and the American agricultural journals!

In the first named we revel in illustrations of luscious and large sized peas, apparently averaging a good round dozen to the pod; parsnips which never by any chance fork at the ends; strawberries so huge that persons with small mouths would have to exercise considerable strategy to accomplish the first bite without disaster; carnations big as hollyhocks; roses which have no worm 't' bud; and so on throughout the entire collection. But for sheer unadulterated genius in depicting the joys inherent in the farmers' life we must go to the front cover of the typical agricultural magazine. As a rule only two colors are used, black and red, with their many gradations, but the effects produced resemble a Turner sky in so far as they are never seen in nature. From the charming girl in overalls carrying milk pails across the frozen snow, but so happily immune from climatic conditions that she disdains gloves for her hands and affects a negligee style of collar, to the equally attractive young lady who is affectionately nursing a highly favoured pig with a skin apparently as dainty as the immaculate white collar of the lady herself. All the individuals portrayed are obviously farming for the pure joy of the thing, and it is abundantly evident that the farmer is easily the happiest man in the whole world. Why even the man sharpening his scythe is surrounded by garlands of delightful blossoms, and is smiling in rapture, and the old gentleman pouring a kettle of boiling water into his automobile while standing in two feet of snow is plainly as joyous and carefree as the lark!

Long life and unbounded prosperity to all agricultural journals, and the farmers they represent. I would, however, give much to know just how they contrive to keep as nice and clean and starched and ironed as the pictures represent them!

THE DEVIIOUS RAILWAY. If we described a typical mountain railway track as like unto a demented corkscrew suffering from delirium tremens we should not be very far out. There is a peculiarly vicious twist in the track opposite Summerland, on the east side of the lake. This doubles right back on itself in a way most confusing to the traveller new to the district, and, incidentally, brings the town of Summerland into view from various different angles.

I heard a resident lately telling of passing this point in company with a friend who was seeing British Columbia for the first time, and who had been shown Summerland before the track began to loop the loop. Presently another town appeared in sight, and he asked the name of it. The reply of course was "Summerland," which seemed to breed some little doubt in his mind. He was, however, too polite to express himself to that effect, and the train left the mysterious town behind. Soon a third appeared, and when he was told that that too was Summerland the depths of his being were moved to wrath, and he said, "Say! what in Halifax are you giving me? Is it all Summerland along this valley?"

THE NEW INTER- ward with a suggestion that prohibition, as now PRETATION. carried in Ontario, should not include merely liquid refreshments, but should be held to apply to the use of tobacco in any form, and also card playing. These two were apparently the only ungodly relaxations the worthy gentleman thought of at the moment, but doubtless other snares of the evil one will occur to him presently. Meantime, the basic idea underlying his claim seems worthy of note as a specimen of simple guilelessness. How would it be for municipal councils, for instance, to apply it to their legislation, making a resolution passed concerning control of water, as, an example, cover the regulations governing the hours of instruction in school, and so on and so on? The scheme seems the acme of simplicity. Not even Simple Simon himself could surpass it.

WATER NOTICE.

(Use and Storage.)

TAKE NOTICE that Naramata Water Users Committee whose address is Naramata, B.C. will apply for a licence to take and use 200 acre feet, and to store 100 acre feet of water out of Summit Lake, which is approximately one mile north-west of 13 M.P., Lot 2711, which flows south-westerly and drains into Big Meadows and Chute Creek, about 1 1/2 miles west of 12 M.P., Lot 2711.

The storage dam will be located at the south-west side of Summit Lake. The capacity of the reservoir to be created is about 100 acre feet, and it will flood about 20 acres of land. The water will be diverted from the stream at a point on Chute Creek about 3 miles west of 12 M.P., Lot 2711 and will be used for irrigation and domestic purposes upon the lands described as D. Lots 206, 207, 209, 210, 211, 156, 3314, 266, 3315, Plan No. 576, 575 and 706.

This notice was posted on the ground on the 18th day of October, 1919.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

ELECTRICAL DEPARTMENT

CONSUMERS are again urgently requested to refrain from using household electrical appliances, such as irons, toasters, etc., between the hours of 5.30 p.m. and 10.30 p.m. until after the fruit packing season and our several packing houses cease to put the heavy additional load they are now putting on our Municipal power plant.

Practically a 24 hour service is now being given, affording ample opportunity for ironing, etc., outside the hours named above.

T. P. THORNBUR,
Municipal Electrician.

Summerland, October 24th, 1919.

All for Canada Canada for all

Canadians!

This is a call to National Service—
The Victory Loan 1919
which opens to-day.

YOU are citizens of no mean country.

Canada is a fair, free land.

Canada is your country.

Canada—now—has need to borrow from you—Lend:

Lend without restraint of politics or fine distinctions of creed or party.

The leaders of the political parties endorse the Loan.

It is CANADA that asks:

And why—

To clean up the last of the War's commitments and expenses;

To establish beyond all question the capacity and credit of your country;

To care for the wounded and maimed soldier;

To finance the bonus of the returned soldier already paid;

To enable the fruits of Victory to be garnered;

To ensure the prosperity of you, her citizens.

The guns of war are silent—but they are not yet cool.

The Victory Loan 1919 is a War Loan.

Canada's book of war is gloriously written—make this, the closing chapter, a worthy one. The responsibility is yours. LEND!

LEND! LEAD!

Issued by Canada's Victory Loan Committee
in co-operation with the Minister of Finance
of the Dominion of Canada.
