## Value of Tourists

Hon. E. C. Carson, minister of public works, on visiting Summerland a short time ago, made the statement that there is no place in British Columbia, with the exception of Prince Rupert, which has accommodation adequate to care for the tourist trade which is expected this summer.

The public cries for good roads to attract these tourists to this great northern country but makes few attempts at the same time, to give these tourists the accommodation they desire.

The British Columbia Government travel bureau announces in the advertising columns of this issue that the week of May 1 to 7 is Tourist Service Educational Week. The bureau asks the public to "put yourself in the visitor's place, a stranger in a strange city."

The bureau also stresses: "You would appreciate, would you not, the friendly smile; the ready attention; the willingness to give assistance and intelligent directions? Be assured that so does he."

Summerland people have that ready smile and, as a general rule, go out of their way to be nice to strangers. It is a noteworthy feature of this friendly community, and many strangers have remarked that many local citizens have passed the time of day as they stroll around the town.

But it is in the matter of accommodation that this community is lacking. There is only one hotel here and its accommodation is limited. There are no tourist camps and no tourist hotel, as such.

The tourist dollar means a great deal to the life of every town and city in southern British Columbia and throughout Canada. Summerland will never get its fair share of this harvest until it wakes up to the need of providing some inducement to the tourist to tarry awhile in our pleasant surroundings.

## Growers' Apathy

In nearly twenty years of reporting growers' meetings, we have seldom attended a more interesting and informative session than was held in the Legion hall on Thursday night. But it was unfortunate that only some fifty to sixty producers bothered to stir themselves from their family circles when the number should have been around the three hundred mark.

J. R. J. "Jock" Stirling energetic president of the B.C.F.G.A., gave a splendid account of his stewardship as pitot of the 3,600 registered fruit growers in the B.C. hinterland. He also had a message in which encouragement for the future was nicely blended with a caution against extravagance.

Interesting statistical information on the ever-increasing tonnage and its resultant problems from the sales end was heard from George A. Barrat, B.C. Fruit Board chairman, and Roy Boothé, of B.C. Tree Fruits Ltd. sales staff.

As a final touch, the growers were given a fine illustration of the excellent type of advertising which the tree fruit officials are producing in the form of a film, "The Land of the Sky Blue Waters."

The tree fruit officials indicated plainly to the producers that they are planning their campaign wisely and well. They are endeavoring to take into account all the probable factors which might motivate in favor of better salesmanship. There are not many angles which they have overlooked.

On the other hand, they are endeavoring to tell the growers that they should not expect too much. They point to the economic tendencies in the United States where all fresh fruit and vegetable commodities have taken alarming slumps.

They do not state that such will happen in Canada. In fact, they are rather optimistic that Canada's economy will survive the coming recession to a better degree than our neighbors across the line, but they urge the growers not to be too optimistic regarding the future.

Those words of warning are not thrown out to those who have been in the fruit producing game for the past twenty to thirty years. They should have learned their lesson by now or they never will be old enough to learn. But it is the young grower who did not have to go through the rigors of 1922 and

## How to Go Places, Fast!

By REIDFORD

the "dirty thirtys" who fruit officials worry about, plus those new growers who have come from the prairies and other points and have not the background of struggle and "red ink" years which this valley experienced before reaching the present pinnacle of efficient organization.

## The Inside Story

By AGROLOGIST

I found Nat May laying out what appeared to be a giant checkerboard on the main lawn at the Experimental Station. By means of pegs and string, he was marking out quite a large area in squares. So I said, "Good afternoon, Nat. Are you planning to play checkers or hop-scotch?" Whereupon the following conversation ensued:

Nat: I would like to play both these games, but I regret to say that I have more urgent business on hand at the moment. I am busy checking up the results of a dandelion control experiment. These squares on the lawn have been treated with various weed control materials.

Agrologist: I presume that you have been using the 2-4-D compounds about which we hear so much these days.

Nat: Yes, most of the materials which we have used contain 2-4-D.

Agrologist: Has this material proved effective?

Nat: Yes. When used in the correct proportions and at the right stage of growth, weed control materials containing 2-4-D have proved most effective in destroying such weeds as dandelion, plantain and morning glory.

Agrologist: How strong should these materials be applied?

Nat: We have found that good results have been secured by applying weed killers at the rate of 1 ounce of 2-4-D powder dissolved in 3 gallons of water. Weed control products usually have the manufacturers' recommendations written on the package. These recommendations can be expected to result in satisfactory control provided the material is applied in sufficient quantity.

Agrologist: How much material should be applied per 100 sq. feet of lawn?

Nat: We have had good results with 1/2-gallon of liquid spray per 100 sq. feet of lawn. The essential thing is to make sure that the weed leaves are thoroughly covered with spray. In this connection, some of the materials on the market contain a wetting agent which promotes good coverage.

Agrologist: At what stage of growth should the weed killer be applied?

Nat: Best results are secured when the weeds are making rapid growth. It is also desirable to apply the materials on a clear day when the sun is shining. It is important that the materials have time to dry on the leaves before it is rained on. It is also advisable to avoid sprinkling the lawn for several days after applying the weed killer.

Agrologist: Is it necessary to use a high pressure sprayer when applying weed killers?

Nat: No. Better results have actually been secured with comparatively low pressures. In fact, the materials can even be applied with a watering can, but this practice is slow and wasteful of spray. For small lawns, a knapsack or other small sprayer is suitable. Where large acreages of lawn have to be treated, then it is desirable to use a power sprayer. Whatever kind of sprayer is used, it is most important to wash it out very thoroughly after using a weed killer in order to avoid injury to other plants when the sprayer is used for control of insect or plant diseases.

In fact, it is a good plan to borrow your neighbor's sprayer for applying weed killers and reserve your own for use with fungicides and insecticides.

## GROWERS TO PAY BOX LEVY FOR LABOR COSTS

Summerland growers will contribute one-tenth cent per box to enable the local farm labor office to function in 1947. It was agreed at the annual growers' meeting in the Legion hall on Thursday night.

Contracts will be drawn up by the Summerland local of the BCFGA and will be distributed to the growers seeking their authorization to allow the packing houses to make this deduction.

W. J. Beattie, local farm labor officer, declared that the Dominion and provincial governments will not pay any charges for trans-

porting labor to and fro from the coast or the prairies this year as both governments have allocated \$20,000 from their appropriations for the operation of the Dominion-Provincial Farm Labor Service.

Mr. Beattie quoted Col. C. E. Wood as stating that farm labor will be fewer in numbers this year because of the higher wages being paid in other industries.

In 1946, when the last box deduction was made, 88 per cent of the growers did not contribute towards this labor office operation. He did not consider it a fair deal when 62 per cent of the growers here paid the entire cost.

The meeting was unanimous in its decision to ask the box deduction from all growers in 1947.

## The Feminine Front

by MURIEL HURRY

There has been much discussion in Summerland during the past few weeks on the possibility of a liquor store. The men have been airing their views at board of trade meetings and on street corners, etc. But what of the feminine viewpoint?

I was somewhat surprised at the results of a phone survey made recently. I had thought that the average woman of the district, interested in the good of the community, would have a decided opinion on the subject. However, I found that they were slightly indulgent in attitude toward the male element of the community for causing all the furor that has been raging. Men who are moderate drinkers and men who seldom touch liquor but are broadminded on the subject, feel that their rights are infringed upon when a certain element in the community, sincere in their beliefs, try to withhold from all men something that is distasteful to their own moral palate. And so immediately men are up in arms, one group against another, and immediately we are in the midst of a moral war, where the angles of morality, finance and personal rights are all of paramount importance.

And, with very few exceptions, the women of the community seem to be sitting back and smiling, politely ignoring the situation among themselves, as they would if Mrs. Smith's Johnny took a poke at Mrs. Jones' Billy, while both Mrs. Smith and Mrs. Jones were guests at the same house.

So, it is when Mrs. Smith, who is secretary of the sewing group has tea with Mrs. Jones, an ardent worker in the group, and all during lunch hour, Mrs. Smith had listened to her husband berate Mr. Jones for his narrow-minded ideas on the subject of whether or not the community would be benefited by a liquor store.

Mrs. Smith knows that her husband, who likes his occasional round of beer with the boys, and keeps a bottle of rum in his dresser drawer (strictly for medicinal purposes, of course, as he often feels a cold coming on), is not going to go berserk and buy the new liquor store out of merchandise the first day it is in operation, or become a drunkard overnight. He will remain the same good, provider and obedient husband that he has always been. And Mrs. Jones realizes that Mr. Jones is only supporting his moral and religious viewpoint and cannot, with a clear conscience, aid in any way in encouraging the consumption of alcohol. So Mrs. Smith and Mrs. Jones talk their afternoon tea, diplomatically ignoring the subject in any way.

It was rather difficult to get a decided opinion on the subject. Women are cautious, and a great many of them had given the subject a little thought. But the general consensus of opinion was that a liquor store was not necessary in Summerland. This is entirely apart from the financial standpoint, from which it has been proved that a liquor store would be beneficial. There is no argument there. But to women, finance, especially when it does not touch their own purses, is a secondary matter. The majority of women feared that the controversy which is waging may thrust a wedge into the community spirit of Summerland.

It is felt by women that a liquor store would make little difference in the consumption of liquor in Summerland. The average modern family spend a small part of their income in liquor, and will continue to do so. A liquor store would add to their convenience. There are, in every community, a few groups who drink to excess. They will obtain the liquor some-

## Pioneer Days

Thirty Years Ago  
April 20, 1917

H. W. Morgan has been appointed sales manager of the Okanagan United Growers. He was manager of the Lethbridge Mercantile Co. and previously was manager of the Brown Fruit Co., Edmonton.

A brush fire at Trout Creek Point threatened property for a few hours but was put under control after spreading over about 20 acres south of the old wharf east of the highway.

Pte. Gordon McDougall, son of Mrs. Elizabeth McDougall, of Peachland, has been seriously wounded in action.

A good roads convention is expected in Vancouver this July, with one of the main features the pressing for completion of the 75-mile Hope-Princeton link.

A. L. Moreland has accepted a position in Hamilton and will not return to Summerland.

Bert Nelson has written from Liverpool hospital, where he has been recuperating from wounds in the leg and head.

About 90 per cent of the men of the 43rd Bantams who went overseas to do railroad construction work, are going into training as infantrymen. Among the local men taking this training are James Ritchie, Edward Logie and George Dale.

Mr. Scott Rand, who was called east on the death of his father, is returning to Summerland with his wife and family, it is reported here this week.

F. A. Miller has accepted the position of honorary corresponding secretary of the Overseas club.

Twenty Years Ago  
April 22, 1927

"Podunk" Davis, of Princeton, received the Royal Humane Society medal from Premier John Oliver as a reward for rescuing Miss Warburton, lost for 21 days between Hope and Princeton.

Sharp frosts during the past few nights have done considerable damage to the fruit crop. Soft fruits, particularly apricots, cherries and early varieties of peaches, Tuesday night the thermometer registered 12 degrees of frost on the flat here.

Summerland has lost one of its oldest and best-known residents in the passing, in California, of Mrs. R. H. Agur. She leaves a son, Allen, in Summerland, and two sons, Eric and Phillip in California.

Second annual meeting of the Kamloops-Okanagan presbytery of the United church W.M.S. will be held in Summerland next year. Miss Sinclair, Summerland, is first vice-president.

The box factory will be in operation in three weeks, reports Muir Stewart, as some of the machinery has already been placed. Dr. Allan Harris will go to Switzerland to study, after closing of U.B.C. this year.

Again the Summerland Operatic Society has produced, with great credit to its members, one of Gilbert and Sullivan's operas, "The Gondoliers." They played two nights to capacity houses. Orchestra was under conductorship of F. Mossop, while G. C. Behmore instructed the cast.

A. J. Finch, Pentecost; O. W. Hembling, Oyama, and F. M. Black, newly-appointed chairman, will comprise the new fruit control marketing board.

## SUGGESTS TARVIA FOR DUST

Suggestion was made before the municipal council on Monday by a representative of the Barrett company that tarvia be used this year for dust-laying purposes. The company representative stated that tarvia has more elasticity than asphalt and provides an equally good surface. He quoted tarvia at 11 1/2 cents per gallon, f.o.b. Vancouver.

Mr. and Mrs. M. G. Henry have returned from a two weeks' honeymoon to U.S. and coast points, and are making their future home in West Summerland.

where, but a liquor store, it is felt, would be an added temptation.

On the whole, as far as can be ascertained, the women of the district think that we got along very well the way we are, thank you. We do not wish to take an active part in the controversy, and will be indulgent toward the result. But if we really had our way, we would leave well alone. This gathering of opinions represents what I consider a good cross-section of the women of Summerland. There were about 12 women consulted, all of them women whom I consider broadminded and without personal issues, or ultra-strong religious viewpoints. They are women who take an active part in community life and who are raising their families here.

However, we are willing to leave the decision to the men, who are wiser in such matters than we or to the result of a community vote. We believe that the subject itself is not of enough importance to change our fundamental way of life, and so we find that we cannot get in a ditch about it all. We will leave that to the men. They seem to be doing all right.

Garnett Valley Deal of Years Ago Under Fire

Shades of agreements made 40 years ago, rose in the council rooms on Monday, April 21, when James Dunsdon introduced the subject of an irrigation flume right-of-way across his property among other grievances. He was accompanied by his son, Steve Dunsdon, who is planning to purchase his father's Garnett Valley holdings if he can receive assistance from the V.L.A.

Mr. Dunsdon has been endeavoring to ascertain if there is a storage licence available to him for his property in Garnett Valley, but the municipal council has been informed by the water rights department that no such licence is in force now, if it ever was in years gone by.

But Jim Dunsdon, who was one of the first pioneers to settle in this community, claims that he had an agreement with the Garnett Valley Land Co. regarding the flume which was placed across his land. He claims the land company offered to supply him with irrigation water from that flume for \$2.50 per acre in return for the right-of-way privileges.

The Municipality of Summerland took over the Garnett Valley water system some 20 years ago, but Municipal Clerk F. J. Nixon says there is no record of this agreement made between Mr. Dunsdon and the Garnett Valley company.

"What are you going to do about the right-of-way?" queried Mr. Dunsdon to the three members of the council present on Monday, these being Acting Reeve Eric Tait and Councillors Ned Bentley and Harvey Wilson, members of council irrigation committee.

Mr. Nixon replied that all such agreements made 40 years ago, have been wiped out by changes in the municipal act. Other systems, besides Garnett Valley, had a \$2.50 water charge 40 years ago but times have changed and so have the limitations of legislation, it was pointed out.

And so the subject was bantered back and forth until it reached the point where Jim Dunsdon demanded: "You show me authority for your right-of-way across my land." And to this the council replied: "You show us your contract that the Garnett Valley Land Co. would grant you water for \$2.50 per acre."

As neither document is forthcoming at present, a stalemate was reached. However, the council did agree that some consideration could be shown Mr. Dunsdon in view of the many years the flume has occupied a prominent part of his property.

It has only been in the last few years, since the middle ditch went in, that the municipality

ART APPRECIATION TOLD TO INSTITUTE

An interesting address was given to the Summerland Women's Institute on Friday afternoon, April 18, in the Parish hall, when Mrs. A. J. Mann spoke on picture appreciation. Her lecture was demonstrated by fine reproductions and sketches, and was given in a professional and talented manner.

The theme of the address was the appreciation of art, and the understanding of the story which the artist wished to interpret. The different manner in which the same themes and messages were interpreted by various artists was explained, as was the similarity of art in the different periods of history.

The history of art from the time of primitive man to the modern surrealist age of art was briefly outlined, with modern Canadian art stressed.

An interesting display of handicrafts was also a feature of the afternoon, and work done by an instructor of occupational therapy, Mrs. A. Fenwick, and several of her former patients, was shown. There were also exhibits of local basket weaving.

The regular monthly business meeting of the W.I. preceded the exhibit and lecture, and tea was served at the close of the afternoon.

could have supplied eight to ten acres of Mr. Dunsdon's property with water from this system on his land, Water Foreman E. Kercher stated.

"We should be able to come to some agreement," but not necessarily at \$2.50 per acre," was Acting Reeve Tait's assurance before the Dunsdons departed. They were advised to go to Kelowna and obtain further information from the water rights branch before pursuing the subject farther.

BRITISH COLUMBIA'S TOURIST INDUSTRY

Benefits Everybody!

Through all the intricate channels of trade, the Tourist Dollar finds its way. A careful analysis shows it to be spent as follows:

Table with 2 columns: Category and Amount. Retail Merchants .30, Theatres .09, Incidentals .03, Restaurants, Cafes .22, Accommodation .17, Transportation .07, Gasoline Stations .12

This shows it to be in everyone's interest to support and supplement the efforts of the Provincial Government to foster and encourage an industry estimated to be worth to the Province some \$80,000,000 a year.

May 1st to May 7th Is TOURIST SERVICE EDUCATIONAL WEEK All Over Canada

Sponsored by the Canadian Association of Tourist and Publicity Bureaus, it is designed to focus the attention of the public on the value of the Tourist Industry and especially upon the importance of courtesy.

PUT YOURSELF IN THE VISITOR'S PLACE—A STRANGER IN A STRANGE CITY.

You would appreciate, would you not, the friendly smile; the ready attention; the willingness to give assistance and intelligent directions? Be assured that so does he!

COURTESY is one of our greatest assets. Our visitors are strikingly unanimous in their appreciation of the courtesy with which they are everywhere received in British Columbia. It brings him again and again; it is a vital factor in converting him from a visitor to a permanent resident.

WE DELIVER

Mr. W. "Billy" Nichol, former resident of Summerland when he was proprietor of Mac's Cafe, is visiting here for a few days from his home in Chilliwack.

Gordon Underwood was host on Monday, April 28, when a party was held at his home in honor of his ninth birthday. There were seven of his friends present.

On Thursday evening, April 24, Mrs. Vernon Hockley and Mrs. J. Bentley were co-hostesses at the home of the former when a miscellaneous shower was held in honor of Miss Dorothy Dunsdon, a bride-elect of mid-May. About 20 Garnett Valley neighbors were guests.

Mr. and Mrs. H. I. Dempster left recently for a trip to California and other U.S. points.

Mrs. Guttridge, of Dewdney, is visiting at the home of her son-in-law and daughter, Mr. and Mrs. N. O. Solly.

Mr. George Doherty left on Wednesday night to visit his son, Albert in Vancouver, and for a trip to Skagway, Alaska.

## Socially Speaking

Social Editor : Muriel Hurry

Mr. and Mrs. Frank Young and Mr. and Mrs. Ross Walker have returned from a week-end trip to Wenatchee and Grand Coulee dam.

Mr. W. Ritchie was a business visitor to Vancouver on Monday evening's KVR train.

Mr. E. E. Campbell and Mr. and Mrs. A. W. Campbell returned on Thursday after spending a few days in Vancouver and Victoria.

Mrs. W. J. Bailie, of Vancouver, is visiting her mother, Mrs. L. Heyworth, in Summerland, for two weeks.

Mr. J. McPherson left on Sunday evening for Vancouver, where he will receive medical treatment.

Mrs. H. B. Mair returned on Monday from Vancouver, where she had been spending an extended visit.

Mr. A. Hurry returned on Sunday from a Vancouver visit.

The Grade 12 home economics class of the Summerland high school were hostesses at a supper on Thursday, April 24, in the home economics room. Daffodils, hyacinths and other spring flowers were used for decoration and a presentation was made to Anthea, small daughter of Mrs. C. Morgan, teacher of the home economics classes in honor of her second birthday. Members of the school board and teaching staff and their wives and husbands were present.

A son, Daryl Robert, was born to Mr. and Mrs. Lloyd E. John on Peach Valley, at the Summerland hospital on Saturday, April 26.

At the Summerland hospital on Tuesday, April 29, a son was born to Mr. and Mrs. S. Rethaler.

Mr. and Mrs. J. R. Butler have as their guests, Mrs. Butler's mother, Mrs. J. Montague, of Victoria, and her sister, Mrs. Gordon Hood, and two children, of Edmonton.

Mr. and Mrs. A. D. Glen left recently for points in Manitoba, where they will vacation for a month.

Mr. and Mrs. H. Underwood left by motor on Monday for Spokane, where they will meet relatives from Toledo, Ohio, Miss Dorns Hubbard and her nephew, Mr. Richard Hubbard, who will return with Mr. and Mrs. Underwood to Summerland for a visit.

Mrs. Edna Newton was a week-end visitor to Princeton.

# Peachland Opens Ball Season May 4

# JUNIOR BASEBALL ORGANIZES WITH THREE-TEAM LOOP

Three teams will operate in the junior basketball league which was organized on Tuesday, April 20, at the school gym under the guidance of Les Gould, on behalf of the AOTS club.

Players from 12 to 17 years of age will participate in this league and team captains are B. Thornthwaite, D. Cristante, and W. Day. Opening game is set for April 30, and will continue until June 25, at the Crescent Beach grounds.

Bob Weitzel has been named secretary-treasurer of the league and each player has promised to pay fifty cents towards equipment cost.

Team members are: B. Thornthwaite captain; A. Gould, M. Maires, N. Holmes, M. Elliott, W. Thompson, D. Hack, J. Logie, D. Adams, G. Munn.

D. Cristante, captain; B. Weitzel, E. Jomori, E. Kato, S. Jomori, J. Cameron, R. McRae, G. Maires, L. Nesbitt, H. Daniels.

W. Day, captain; K. Haskins, F. Gould, L. Howard, D. Weitzel, K. Brawner, R. Ritchie, L. Nicholson, J. Miller, D. Turnbull.

The schedule will be as follows: April 30, Thornthwaite vs. Day; May 7, Thornthwaite vs. Cristante; May 14, Cristante vs. Day; May 21, Thornthwaite vs. Day; May 28, Cristante vs. Thornthwaite; June 4, Cristante vs. Day; June 11, Thornthwaite vs. Day; June 18, Thornthwaite vs. Cristante; June 25, Cristante vs. Day.

July 13—Peachland at Osoyoos; Rutland at Kelowna; Summerland, bye.

July 20—Summerland at Peachland; Osoyoos at Rutland; Kelowna, bye.

Peachland will play at Crescent Beach against Summerland's 1947 ball team on Sunday, May 4, in the opening game of the South Okanagan-Similkameen Baseball league, Secretary Les Gould informed The Review this week. This schedule calls for games each Sunday from May 4 to July 20, after which, playoffs will commence.

Rutland, Kelowna, Peachland, Summerland and Osoyoos form the Okanagan division of this league and each team will play home and home games with every other squad. One team obtains a bye each Sunday.

Following is the complete schedule:

May 4—Kelowna at Rutland; Peachland at Summerland; Osoyoos, bye.

May 11—Osoyoos at Peachland; Rutland at Summerland; Kelowna, bye.

May 18—Kelowna at Summerland; Rutland at Osoyoos; Peachland, bye.

June 1—Peachland at Rutland; Osoyoos at Kelowna; Summerland, bye.

June 8—Summerland at Osoyoos; Kelowna at Peachland; Rutland, bye.

June 15—Rutland at Peachland; Summerland at Kelowna; Osoyoos, bye.

June 22—Osoyoos at Summerland; Peachland at Kelowna; Rutland, bye.

July 6—Kelowna at Osoyoos; Summerland at Rutland; Peachland, bye.

### LISU LAND IS TOPIC

PEACHLAND—A meeting was held in the Baptist church on Wednesday evening, April 16. Mr. Mackenzie introduced Mr. and Mrs. A. Cook, missionaries to the Lisu tribespeople in China. Mr. Cook told something of the history of the Lisu people and showed some interesting pictures of their country and its inhabitants. Mrs. Cook explained the pictures as they were flashed on the screen. They sang a duet in Lisu language which was much enjoyed.

**Shower Held For Bride Of This Week**

Mrs. E. Gould and Mrs. E. M. Fohlman were co-hostesses at the home of the latter on Thursday afternoon, April 17, when a miscellaneous shower was held in honor of Mrs. G. McInnes, the former Evelyn Vanderburgh, whose marriage was a social event of last week.

Pink and white streamers decorated the room, and the gifts were piled on a center table, before which the bride was seated

**CINDERS ON TRACK**

The school running track has had a treatment of cinders this week and they are rolled and in place for the young athletes to start training for the forthcoming inter-school track meet at Vernon the last week in May. Practices commenced last week at the school.

Lovely refreshments were served at the close of the afternoon by the hostesses to the 30 guests present.

**PRESENT PINS TO PAST PRESIDENTS**

**PEACHLAND**—On Monday, April 14, the regular monthly meeting of the Peachland branch, Canadian Legion, was held, with C. O. Whinton in the chair. A smoker and presentation of past presidents' pins to F. Topham, Sr., and N. Martin, was held on Thursday evening, April 24.

A sum of \$50 was transferred to the building account with which it is hoped to replace the present roof and paint both the outside and inside of the present club-rooms.

C. O. Whinton and E. Clements were chosen as delegates to the provincial convention in Vernon, May 10 to 12.

V. Miner-Jones submitted a report on the zone meeting which was held on Sunday, April 13.

At the conclusion of the business meeting, coffee and sandwiches were served by D. Cleal, and a lively game of carpet bowls with the Trepanier team, skipped by O. Williamson, being declared winner.

Mrs. Cliff Duquemin returned home on Monday, April 14, having spent the past month visiting her sisters in Vancouver.

Mr. and Mrs. I. McClure, of Ferndale, Wash., stopped here on Friday, April 18, at the home of Mr. and Mrs. Jack White, on their way to Kelowna to see Mr. McClure's mother. Mrs. McClure is a sister of Mrs. White.

Mr. and Mrs. Penfold, from Kelowna, are visiting at the home of Mr. Ed. Pierce for two weeks.

**Archbishop of Kootenay New Will Continue To Press For Head of Church Marketing Act**

**VERNON**—The sudden death on Wednesday, April 9, of the Most Reverend Derwent T. Owen, Archbishop of Toronto, and Primate of all Canada, has placed the Most Reverend W. R. Adams, Archbishop of the Kootenays, in the capacity of acting Primate until election of a successor in September. Archbishop Adams, who has resided in Vernon since 1934, receives his new honor and responsibility because he was the senior Metropolitan of the Church of England in Canada.

Archbishop Adams' new responsibilities will not mean his moving from Vernon. The next general meeting of the church will be held in September and a Primate must be elected prior to this time. He will preside on that occasion.

"The news of Dr. Owen's wholly unexpected death is staggering," said Archbishop Adams, when informed of the news on Wednesday afternoon. The primate had been in Vernon in January, 1946, delivering messages here and in Kelowna. "Through his travels, he was known and loved in every part of the Dominion. A man of great ability and outstanding personal charm, a chairman almost without parallel, a humble quiet guide who won wholehearted allegiance and confidence, the Anglican Communion mourns the loss of a great leader."

**Parallel Careers**—Archbishop Adams, who succeeds him temporarily, has been in the service of the Anglican church almost an equal time, being ordained Deacon in 1901, one year later than Dr. Owen. Both were born in England, but Archbishop Adams was educated there while his contemporary had come to Canada as a boy. Climaxing a distinguished record at Durham College, England, he was made a fellow of the institution in 1901. After serving in curacies in England, he came to Saskatchewan in 1907, as Priest-in-charge at Baring, Vicar of Whitewood and Rector of Indian Head, successively. For three years before the first Great War, Archbishop Adams was Honorary Captain and chaplain to the 16th Canadian Light Horse.

From 1913 to 1925 he again served England, returning to B.C. to become the first Bishop of the Cariboo. By coincidence, both he and Archbishop Owen were elected to their first dioceses on the same day, May 14, 1925, and also to their second dioceses simultaneously on October 28, 1934.

**Heavy Responsibilities**—It was at this time that he was elected Bishop of the Kootenays, on the retirement of Bishop A. J. Doull, whom he succeeded in Vernon.

In 1942 he was elected Archbishop of the Kootenays and Metropolitan of the church. By the fact that he is senior Metropolitan in respect of time of appointment, he automatically became acting

Primate on the death of Dr. Owen.

Now, in addition to his general supervision of all the province, as head of the Anglican church in B.C., he will bear the complete responsibility of the general charge as executive head of the church in Canada. He will preside at the meeting for the election of a new primate in September.

That fruit officials are satisfied with the control allowed the industry under the Agricultural Products Act, which was introduced at Ottawa as Bill 25, was voiced by G. A. Barrat, B.C. Fruit Board chairman, in addressing Summerland growers at the Legion hall on Thursday.

"We will continue to press for a more complete marketing act," he advised, "but this act gives the provincial marketing board the sole right to deal with movement of apples from one province to another."

Fruit officials in Ottawa, when the bill came before the House of Commons, were disappointed in that it dealt only with export and gave the government power to enter into long-term contracts with Great Britain and other countries. It did not deal with inter-provincial marketing.

**Amendments**—However, when the minister of agriculture was informed of the situation he brought in an amendment on the second reading of the bill, in which apples were the only commodity specifically mentioned but which covered other products in general terms.

This act is good for one year only but the agricultural minister intends to re-introduce the bill each year as long as the contracts with other countries are in existence.

"We all feel that the opposition to marketing legislation on a dominion basis, which was very vocal a few years ago, is rapidly lessening," declared Mr. Barrat. "I think we are really getting somewhere."

He explained that in B.C. control is obtained through the powers of the provincial marketing act.

Growers' president, Jock Stirling, added a tribute to the Canadian Federation of Agriculture, which took a prominent part in the move to obtain dominion marketing legislation. Sixty representatives of agricultural industries across Canada met in Ottawa and were unanimous in seeking a marketing act, he stated.

This unanimous viewpoint impressed the government cabinet considerably, he felt.

Mr. Ken Boothe is a visitor to Vernon this week, having been called for jury duty in connection with the spring assizes.

Mr. and Mrs. Ray Frederickson and two sons left by motor on Monday for Vancouver, where they will spend a vacation.

## SUPER HEALTH COOKWARE

Why you should purchase a Super Health Cooking Equipment, or Add to the One You Have:

1. The Super Health Company specializes in health cooking equipment—only heavy cast or heavy spun cookware, safe and easy to use.
2. All merchandise is guaranteed against defects in manufacture.
3. With care, a Super Health cooking equipment will last for years.
4. A Super Health equipment actually saves money and pays for itself if properly used and, more important, pays regular health dividends.
5. The Super Health method of cooking uses low heat, low temperature, no steam—the foods are softened or ripened practically in their own moisture — the flavor is natural, delicious and appetizing.
6. No rivets or seams in Super Health cookware to collect grease and dirt—no chipping or cracking.
7. Super Health cookware saves time and labor.
8. Super Health cookware is now sold through your dealer at 30% less than pre-war prices.

## Haskins And The Board

Rev. F. W. Haskins has handed in his resignation to the Summerland Board of Trade because his "principles and conscience" will not allow him to be a member of an organization which decided, on a majority vote, to seek a liquor store for Summerland.

The board will be sorry to lose Mr. Haskins as he has been an active member and was in the midst of a survey regarding an old folks' home for this community.

But even such an active worker as Mr. Haskins can be replaced and no doubt the board of trade will be able to carry on, although we are sure it is with sincere regret that the board will accept his resignation.

It would be a sorry day if every person who disagreed with the majority of members of an organization quit. We soon wouldn't have any organizations left to carry on civic work. But Mr. Haskins contends that the liquor question is unlike any ordinary affair and because of his strong moral views he cannot continue. That, after all, is Mr. Haskins' affair. Just because we cannot see eye to eye with him is beside the point.

But in his letter of resignation, Mr. Haskins makes reference to The Review editorial comments on the liquor question. He claims that we gave "misleading impressions" but fails to state what these are. To this, we can only say, that we honestly believe that the majority of persons wish to have a liquor store in Summerland; that they feel it an injustice to be called upon to travel twenty miles for every visit they wish to make to a liquor store.

We do not retract any of our statements nor do we agree with Mr. Haskins' expressed viewpoint that we have not studied all angles of this situation. We contend that we are taking a more broad-minded view on this subject than Mr. Haskins who, we know, is quite biased on the subject, and naturally so.

But the reverend gentleman is not factually correct when he submits that the board of trade executive acted contrary to the announced intention at the April meeting. It was stated then that the executive would proceed to inform W. F. Kennedy, B.C. Liquor Commissioner, of the request made by the general meeting. That has been done and no more.

It was not mentioned by President Schumann that a committee would be formed to investigate further and report at the May meeting. If Mr. Haskins had remained at the trade board session instead of leaving as soon as the result of the vote was announced, then he would probably not have made this factual error in his letter.

Also, Mr. Haskins is slightly off the beam when he states that there are 230 members in the board of trade. Unfortunately, only 180 joined the ranks this year, and of this membership, 53 voted at the April meeting.

It was not the intention of The Review to keep harping on this question any longer. It was The Review which suggested that a liquor store would be a convenience for the community and that a majority of persons wished it located here. The board of trade acted and we had no wish to carry the discussion any further. But Mr. Haskins was so incorrect in his statements regarding the April meeting that we felt we must bring the facts before our readers.

## Oliver Irrigation Rates

There is a good deal of justice in the announcement from Oliver last week that irrigation rates there will be boosted to at least \$11.50 per acre from the existing rate of \$8 per acre. This will bring the Oliver district more in line with rates in other irrigation districts in the valley.

Of course, Oliver growers will not appreciate the increase. That is only natural and it is with no suggestion of gloating that we commend the move to bring Oliver rates in line.

The Oliver irrigation project was commenced originally for returned veterans of the 1914-18 war. That there are few of these veterans still owning land there is recognized, but the main point is that the district is now well organized, is on its feet financially and has been for years.

Oliver growers have enjoyed a privilege in low irrigation rates which other districts have envied. And the general taxpayer has paid the shot for the irrigation district.

Now, the Oliver district is told it must pay its way, just as Summerland and Penticton municipalities have done from the start. At that, Oliver will be getting off quite lightly as there will only be a token payment made against the huge capital investment incurred by the government in introducing the project.

Summerland and Penticton borrowed the money for their irrigation systems and have paid the entire bill without any government assistance. And at the same time they have produced fruit in competition with such districts as Oliver, which were financed by the people as a whole.

There is no criticism intended of government assistance in the Oliver deal. The great development of the Oliver-Osoyoos area has justified many times over the decision of the "Honest John" Oliver government back in the early '20's. But we are in hearty agreement that now, when the Oliver development has been on its financial feet for years, it should be called upon to shoulder a fair portion of the debt incurred by the province, as well as the yearly operating expenditures.

## The Inside Story

By AGROLOGIST

Jack Wilcox has just returned from Vancouver, where he attended a meeting of the Council of the British Columbia Institute of Agrologists. As this newly-formed organization uses my pen-name, I am naturally interested in their doings, so I fired the following questions at Jack:

Agrologist: When does the B.C. Act respecting Agrologists come into force?

Jack: The act has now been passed by the Provincial Legislature, but owing to formalities respecting the acceptance of by-laws, etc., it will be several months yet before it comes into force.

Agrologist: Who is eligible to join the B.C. Institute of Agrologists?

Jack: The legal phraseology of the Act is somewhat involved, but briefly it may be stated that those with university degrees or equivalent, and those now practising agrology are entitled to join.

Agrologist: What do you mean by "practising agrology?"

Jack: Here, again, the wording of the Act is somewhat complicated but in general terms, the word agrology refers to the professional aspects of agricultural research, teaching and extension work.

Agrologist: Will it be necessary for fruit inspectors and packing house field men to join the Institute of Agrologists in order to hold their jobs?

Jack: No, it will not be necessary for inspectors or field men to join the Institute, but if such men care to make application for admission, their applications will receive full consideration.

Agrologist: What are the annual fees?

Jack: It is proposed to charge an initiation fee of ten dollars and an annual fee of five dollars.

Agrologist: What will I get for my money if I join?

Jack: You will be entitled to call yourself an agrologist, and you will have the privilege of working for the improved prestige of agriculture in general, and professional agriculturists in particular.

Agrologist: It looks as though it will cost me fifteen dollars to retain my pen-name in 1947. Here's hoping ye editor bears this in mind when computing my yearly stipend.

Mrs. Alex Smith was hostess on Friday afternoon, May 2, when the Victoria Gardens Red Cross council last week suggesting that quilts held a miscellaneous shower in honor of Miss Isobel Atkinson, bride-elect of May 19. The gifts were presented from a tea wagon, and the rooms were decorated with seasonal flowers. About 20 ladies were present.

### NO REBATE ALLOWED

Mrs. W. C. Wilkin wrote the council last week suggesting that some rebate be allowed on the April power bill as the service had been off for three Sundays in April. The council instructed Electrical Foreman T. P. Thornber to reply that this request could not be granted.

Mrs. M. Collas returned on Tuesday from Vancouver, where she attended the wedding of her nephew, Mr. Peter Dodwell.

## What would be your reaction—

If you learned that you had been appointed executor of a friend's estate? Would you be prepared to give the time to this important work?

Estate work is the business of this Company and we solicit appointment as Executor.

## Eddie started

his job today!

THE MANAGER of the furniture factory in Eddie's town landed a big order. It meant he had to buy a lot of extra lumber, increase his payroll.

He lost no time in putting the whole thing up to the manager of his local bank. Together they worked out how much money he would need to take care of wages and other costs until he delivered the goods. Then, with the backing of his bank, he got to work on the order.

... And that's where Eddie came in. He was put on the payroll—given his first chance to learn a trade. Right now he's on his way home to tell Mom and Dad how much he likes his new job.

THIS IS ONE INSTANCE OF how Canada's 3,200 branch banks play their part in the daily life and work of Canadians.

## Stress Need For Yearly Cancer Check

Dr. R. E. McKechnie, noted Vancouver cancer surgeon, and Dr. A. Maxwell Evans, medical director of the B.C. Cancer association, were the main speakers at a public meeting on Thursday evening, May 1, sponsored by the local branch of the Canadian Cancer society.

The speakers were introduced by Dr. F. W. Andrew, who acted as chairman for the evening.

Dr. Evans gave an interesting address, explaining that the function of the Canadian Cancer society is to provide information to the public on cancer and malignant diseases. Fear of cancer is unnecessary, Dr. Evans stressed, if the public is taught to recognize the symptoms in the early stages.

### Variety of Treatment

A greater variety of treatment is now provided for cancer patients, Dr. Evans explained, with surgical, radium and X-ray treatment given at the B.C. Cancer Foundation, irrespective of the financial ability of the patient to pay for treatment. Funds are being raised through drives to provide money for the spread of information, so that patients will seek treatment in early stages, and for a 50-bed cancer hospital with full facilities.

This hospital, continued Dr. Evans, will cost in the vicinity of \$750,000. In addition to this hospital, it is the plan of the foundation to start diagnostic clinics in larger B.C. centres. Diagnosis will be made in these centres, and treatment recommended. The patient will then be dispatched to the central hospital for specialized treatment.

### Second in Prominence

It is the hope of the foundation, explained Dr. Evans, that incurable cancer patients, as well as patients suffering from other insurable diseases, will be cared for at government expense. For convalescent patients, care will be arranged in nursing homes, thus releasing their beds for active cases. There is no government administration set up to handle cancer control, stated Dr. Evans, although cancer is second only to heart disease in the causes of death in North America, with one person out of every eight dying. Since cancer is not an infectious disease, there has been no government action taken in the cancer field, concluded Dr. Evans.

Following the talk by Dr. Evans, a film entitled, "Time Is Life," was shown by Mr. Rex Mills, secretary of the B.C. Cancer association. This film graphically portrayed the importance of early diagnosis of cancer.

### Begins New Era

Dr. R. E. McKechnie felt that the cancer campaign is the beginning of a new era. He feels that valuable lives are being saved and that eventually, cancer will be stamped out, although it will be a

big task.

Fear of cancer is the greatest deterrent to the cure, stated Dr. McKechnie, as terror of cancer is so prevalent that the average person avoids diagnosis.

There are many facts known about cancer, went on Dr. McKechnie, but the basic cause is as yet unknown. However, it is known that cancer is not hereditary, except in rare cases, and it is definitely not infectious.

Cancer, he explained, is a malignant growth of cells. The cancer cell is one which loses control and sub-divides into numerous cells, forming a tumor. The cancerous tumor grows until it spreads to the lymph glands, where it settles, and eventually is spread by the lymph glands until the entire body is diseased. If cancer is attacked at the source, it can be removed, but if allowed to spread beyond the lymph glands, there is little hope of cure, he stated.

The symptoms of cancer and the treatment were outlined by Dr. McKechnie, who explained that every 30 hours, one person dies from cancer in B.C. alone.

### Spread Information

Mr. Rex Mills outlined the work being done by his branch in spreading information to the public, through the medium of tours, lectures, films, bulletins, school texts, newspaper and magazine articles, radio talks, etc. Mr. Mills stressed that everyone should have a cancer examination twice a year, and also encourage others to do so.

Dr. A. W. Vanderburgh expressed gratitude to the society for the spread of information on the subject, especially through film material, which he considered helpful.

Miss L. McMillan, of the social welfare department of the B.C. Cancer Institute, was also present at the lecture.

On Thursday afternoon, Drs. Evans and McKechnie visited the Summerland high school, and lectured to the students.

Donations to the cancer drive may be left at Butler and Walden's, the Municipal office, the Summerland post office, or with Mrs. E. M. Hookham, campaign chairman.

NEW APPOINTMENT

Accountant at the Bank of Montreal's Kelowna branch for the past six years, Ernest Paulding has been appointed assistant manager of the office, a newly-created post which he is the first to occupy. Mr. Paulding entered the bank at New Westminster in 1921, and has gained his entire banking experience in this province. Before going to Kelowna in 1941. Mr. Paulding was accountant at the banks' Trail office for four years. Replacing him as accountant at the Kelowna branch is Ronald J. Allen, for the past year with the superintendent's department in Vancouver.

May 24 Program

PEACHLAND — Program for May 24 has been arranged by a special meeting of the Parent-Teachers' Assn. It will commence with a pet parade at 11 o'clock, with the maypole dancing and crowning of the May Queen at 2.30 o'clock. Following will be races, tug-of-war, etc. A basket supper followed by a dance lasting until midnight, will complete the day.

There was a good attendance at the Red Cross meeting in the municipal hall on Tuesday, April 28. A quilt was completed and other work accomplished. Mrs. A. Smalls was hostess.

The Mail Box

TOO MUCH DIRT

Editor, The Review:

I hope you can find space in your paper for me to thank whoever was so kind to me on April 30th, when we were all up at the cemetery helping with the cemetery cleanup.

These Gentlemen were kind enough to put just enough weeds and dirt in the back seat of my car to make a beautiful mess of the car and seat.

I use the word, Gentlemen, because I surely could not say children. If my child did anything so childish, he would surely get the seat of his pants warmed up for him. I know that even he, at the age of 11 years, has more respect for other people's property.

So thank you, Gentlemen, and if I were not so much of a gentleman myself, I would some day return the compliment.

H. W. POHLMAN.

Mr. Clayton Darke, of Vancouver, has arrived in Summerland to spend a week with his parents, Mr. and Mrs. J. A. Darke.

Mrs. H. Pilkington is a patient in the local hospital.

A daughter was born to Mr. and Mrs. Herman Glaser, on May 5, at the Summerland hospital.

A son was born to Mr. and Mrs. S. McAdam on Friday, May 2, at the Summerland hospital.

Mrs. R. H. Scott, of Vancouver, spent the week-end visiting her parents, Mr. and Mrs. J. A. Darke.

### THIRSK DAM IS OVER SPILLWAY

On the last week-end in April the Thirsk dam was at the 44-foot level and there was a good flow of water coming in. By May 1, stated Water Foreman E. Kercher, the water would be over the spillway. He also suggested that it would be possible to repair the leak in the Thirsk dam spillway next fall.

Mr. Kercher also reported that there is only a small flow above the Garnett Valley dam, and it is eight inches below the filling point now.

There was ample water in the Garnett Valley system last year and some surplus was carried

### WANTS LANE OPENED

W. J. Beattie has requested the council to have the lane on the Bolton sub-division opened. According to the original agreement, this lane was to have been rough graded and the council agreed that if there is a need for the lane, the work must be carried out.

Norman Richards is a patient in the local hospital, where he recently underwent a major operation.

over, but he feared that there would not be any too plentiful a supply this season.

### CLEANUP PARTIES AT CEMETERY DO SPLENDID WORK

"We were certainly gratified with the response to our appeal for workers to assist in cleaning up Peach Orchard cemetery last week," declared Verne Charles, chairman of the cemetery committee, which consists of representatives of a number of organizations.

This cemetery clean-up was fostered by the AOTS club who obtained representatives at a general meeting and laid plans for improvements to the cemetery.

Nearly sixty persons turned out on Wednesday, April 30, including some fifteen Japanese. A great deal of work in cleaning out the paths and eradicating unsightly weeds and rubbish was accomplished and the appearance of the cemetery grounds was greatly enhanced by the end of the afternoon.

Further clean-up work was undertaken on Saturday afternoon by another group who could not be present on Wednesday.

The Women's Institute served refreshments to these volunteers and this gesture met with unanimous votes of approval.

Last week, Mr. Charles and E. H. Bennett discussed the committee's clean-up plans with the municipal council and suggested that steps be taken to hard surface the paths at some later date.

The council approved the plan in general and passed it on to its parks committee, consisting of Councillors Eric Tait and F. E. Atkinson.

### WILL SUPPLY POWER

A power application from T. B. Young for his property directly north of Granville street, was granted by the council on April 28. Mr. Young is carrying out a complete renovation scheme on his two properties.

## Father and Son Banquet by Boy Scouts Success

Taking part of the Scout creed, Duty to God and King, as one of the fundamentals of Good Citizenship, Rev. F. W. Haskins provided an inspiring address to the first annual Father and Son banquet, staged by the 1st Summerland Troop of the Boy Scouts' association, in the Legion hall on Friday evening, April 25.

Nearly seventy fathers, guests and Scouts sat down to a splendid banquet, provided by mothers of the Scouts.

Early in his talk, Rev. Haskins declared it is a great thing to belong to the British Empire as it has a destiny, a place to fill and a job to do.

Good citizenship boils down to the individual, he continued, and as the Scouts have a certain standard to follow, so has the individual in everyday life.

Right and True Rev. Haskins urged the Scouts to stand up to the things which are right and true. He harked back to the days when the Scout movement was ridiculed, but this ridicule was a challenge and Scouting has now won a place in society.

It takes character, truth, honesty and steadfastness of purpose to stand up for the things which are really worthwhile, and this also requires courage.

Mr. Haskins then turned to the need for community pride and he proclaimed to his listeners that they are fortunate to live in such a fine spot as the Okanagan valley. Appreciation of one's community need for greater courtesy and a compassion for others, were urged on his audience.

"The chore of citizenship is Christianity," he concluded, "and if you follow these lines of good citizens, you will be good Scouts."

Scouts' Uniform Early in the program, the toast to the fathers was proposed by Hugh McLarty and responded to by Ben Newton. Stressing the pride which Scouts should take in their uniform, George Washington then proposed the toast to the Scouts, with David Wright making a suitable reply.

Newest of the assistant Scoutmasters, H. J. "Bill" Barkwill, spoke shortly on the aims of Scouting, and Dr. D. V. Fisher, Assistant Scoutmaster, asked for the co-operation of the fathers in having their sons attend Scout meetings—regularly and working hard to attain higher rank in the movement.

Special mention was made by Dr. Fisher of the coming Camp-O-Res, to be held on May 16, 17 and 18, at Okanagan, Wash., and which will include Scouts from Vernon to Omak. It is hoped to send the four Summerland patrol but transportation is a difficulty here.

S. W. Beltham, president of the local Scout group committee, and Frank Lalor, Penticton, new secretary of the district association, comprising the same territory as school district 15, spoke briefly.

Badges were presented to the following Scouts:

Laundryman, Jim Cameron, George Pohlman; second class, Vic Smith, Norman Richards, Donald Blacklock, Ross Tingley; tenderfoot, Gordon Younghusband, Richard Lewis, Fred Powell, Gerald Washington, Bill Huff, Jack Howard, Bobby MacDonald Glen, Younghusband; marksman Daryl Weitzel, Leo Miller; cyclists, Graham Munn; first class, David Wright; master-at-arms, Hugh McLarty; farmers, Ronald Ritchie; artist, David Wright; church, Mel Monro, David Wright; musicalians, Glen and Gordon Younghusband.

W. R. Boyd, ex-Scoutmaster presented one of the high Scout honors to Hugh McLarty, who had earned a Gold Cord.

Demonstrations of first aid and knot tying were given by the Hawks, Beavers and Buffaloes

### NO REDUCTION IN RATES ALLOWED

"We will deliver you water on the same basis as other ratepayers in the municipal system," declared Reeve W. R. Powell last week to Steve Dunsdon, who sought irrigation supply for eight to ten acres below the flume which crosses his father's property.

If Mr. Dunsdon can obtain a water supply, he hopes to be able to arrange purchase of this property from his father, James Dunsdon, through the V.L.A. A full account of previous negotiations between the Dunsdons and the council appeared in last week's issue of The Review.

"How can we make one rate for you and another for the rest of the users?" queried Reeve Powell. The concession which His Worship thought Mr. Dunsdon's father obtained was to obtain water at the same rate as other users in Garnett Valley, although they were outside the land company scheme.

James Dunsdon had claimed that the Garnett Valley Land Co. promised him irrigation water at \$2.50 per acre in lieu of a right-of-way for the irrigation flume. The rate for everybody was \$2.50 at that time.

**CANADA'S TEXTILE INDUSTRY**  
is not generally regarded as being anything very exciting. It is true that in normal peace-time years textiles led all other industries in employment and wages paid. But that means we are just a part of regular daily living in Canada. It makes us about as exciting as a kitchen table.  
DURING THE WAR, Canada's hundreds of textile plants turned out millions of yards of urgently-needed supplies. Today we are working hard to catch up with the heavy and growing civilian demands of the post-war. We provide thousands of jobs to Canadian citizens at new high wage levels. True, these factors do not seem exciting but it is nice to know that we have a place in Canada's way of living. A kitchen table may not be exciting but it is important to the household.

**WATER RIGHTS IN BRITISH COLUMBIA**  
THE use of water is licensed, controlled and administered under the Water Act, 1939, by the Water Rights Branch, Department of Lands and Forests. This control and administration is of paramount importance in all parts of the Province as it calls for judgment and foresight on the part of Water Rights engineers who administer the Act, to ensure that the greatest number of users get sufficient water for their requirements.  
The activities of the Water Rights Branch have continued to expand in volume and diversity. Applications for water licenses, and enquiries as to possible developments, have shown a marked increase.  
Reconnaissance, and field, surveys, aided by aerial photography, are among the duties performed by engineering parties in an effort to expand the water resources in this Province for irrigation purposes.  
Flood control is yet another important duty of this Branch. Further, a number of surveys, have also, been undertaken to determine what water resources were available for supplying domestic water to various incorporated villages in British Columbia.  
Snow being the principal source in British Columbia of water used for power, for irrigation and for domestic supply, there is an increasing demand from users, technical men, and organizations for the bulletins on "Snow Surveys and Run-off Probabilities," which are issued by the Branch each year, as on April 1st and May 1st. As each year adds to the length of record of the snow courses, the value of the accumulated data becomes more valuable to those charged with the administration and development of our water resources, whether by government or municipal activity, or by private enterprise.  
A new technical activity undertaken by the Branch is a closer inspection and check, of the many small earth dams in use in this Province. Although for many years it has been the practice to require submission of plans and specifications of such dams, the failure of a few of them made it necessary to require that the qualities of the material to be used be tested under laboratory methods before construction of new dams are approved.

"This shipment being the first to arrive from Canada after nearly six years, and arriving in excellent condition, is indeed epoch-making."

"Our entire shipment has been sold out and we have received very favorable reports from all our distributors in all parts of the Malaya Union, Sumatra and Siam," the letter states.

Errors Loom Large As Locals Win Again

Sloppy infield work in the two first frames cost Paul Bach and his Rutland team-mates a baseball victory last Sunday as Summerland continued its triumphs in the South Okanagan Ball League.

One hit and four infield errors allowed Summerland four runs in the initial canto, more than enough to win the ball game.

Lingor's triple in the fourth brought in Rutland's first counter, while Wostradowski singled in the seventh, stole second and romped home on Manager Andy Kitsch's single through the infield.

Bill Evans, on the mound for the winners, was never in trouble and allowed but five bingles. Bach gave away five hits before retiring in favor of left-handed Johnny Lingor, who limited Summerland to one bingle.

Vic Stewart, at first base for Rutland, was the goat of the game, committing three costly miscues before voluntarily retiring.

Next Sunday, Kelowna Cubs, the Japanese entry in the league, will be at Crescent Beach diamond against Summerland.

Imayoshi, at shortstop for the locals, played a bang-up game and was the star of the Summerland defense. Walsh's work at third was also good.

Box Score Rutland AB R H PO A E Bach, p. cf 3 0 1 1 1 0

Table with player names and statistics: Truitt, ss 4 0 0 1 0 0; E. Cousins, 2b 4 0 0 1 1 2; Lingor, cf, p 4 1 2 1 1 0; Wostradowski, lf 4 1 1 1 0 1; J. Holisky, rf 4 0 0 2 0 0; Stewart, 1b 1 0 0 0 0 3; Reser, c 4 0 0 8 1 0; Bulloch, 3b 3 0 0 2 1 1; A. Kitsch, 1b 3 0 1 7 0 1

RIFLE CLUB SCORES Ed Gould topped the scores at the Summerland Rifle club shoot last Sunday with a total of 94 points, followed by G. M. and P. S. Dunsdon with 90 each.

PEACHLAND—Mrs. Cliff Duquemin and her mother, Mrs. M. Adams, left on Wednesday, May 7, for Winnipeg. Mr. Duquemin, who has been in the Channel islands since January, expects to meet them on their arrival and visit relatives before returning to Peachland.

U.B.C. Players Present Fine Barrie Drama

One of the finest performances ever seen in Summerland was enacted before a receptive audience at the Ellison hall on Saturday evening, May 10, when the U.B.C. Players presented Sir James M. Barrie's drama, "What Every Woman Knows."

The performance was a masterpiece of fine acting, with the characters brilliantly cast. Makeup and costumes were brilliant, while lighting held a professional touch.

The fine hand of a clever director was apparent throughout the play and although this director, Mrs. Elsie Graham is not touring the province with the Players this year, their training is completely under her management.

"What Every Woman Knows" was a period play, with costumes of the early part of the century. The Scottish accents of several of the leading players were remarkable.

Norma Bloom, Arts '49, was spontaneously lauded during the play for her brilliant performance of an elderly French comtesse. This polished performance was flawless and done with a talent and confidence that was amazing.

The cast of characters was as follows: David, James Argue, Com. '47; Alick, Bill Paterson, Arts '49; James, Bruce Smith, Arts '48; Maggie, Mary McLeod, Arts '50; John Shand, Rae Bates, '50; Comtesse, Norma Bloom, Arts '49; Lady Sybil, Pamela Butcher, Arts '47; Charles Venables, John Niendorp, Arts '47; Maid, Betty Peyman, Arts '49. Director was Mrs. Elsie Graham and director's assistant, Warren Sutton. The travelling stage set was designed by Richard Clifford and painted by Charles Baker. Tour manager was Jerry Williamson, Arts '48, and his assistant was Carol Aitkens, Arts '48. Gerald O'Connor, Arts '49, was lighting manager.

The performance was sponsored in Summerland by the Summerland Singers' and Players' club. The attendance was much smaller than had been expected, as this was one of the outstanding plays of the year which have been sponsored by the Singers' and Players' club.

Actors and assistants were billeted in Summerland. TWO COUNCILLORS HAVE RESIGNED PEACHLAND—Resignation of two councillors has followed the action of Reeve A. J. Chidley in resigning because of ill-health.

Mr. Chidley has had an active career in municipal politics, having served on the council since 1927, with the past two and a half years being at the helm as reeve. He had also served as school trustee for nine years, and was Peachland's representative in 1946 in the school district No. 23 board.

LINEN SHOWER FOR BRIDE-ELECT

On the evening of Friday, May 2, a lovely linen shower was held in honor of Miss Dorothy Dunsdon, a bride-elect of mid-May, when Mrs. L. W. Rumball and Mrs. Les. Rumball were co-hostesses at the home of the former.

The very surprised guest-of-honor was led to a chair tastefully decorated in pink and white crepe paper, above which was an arch of pink and white streamers. Lilacs and tulips also added color to the room.

In presenting the gifts a self-service grocery store push-cart, with two decorated baskets, was wheeled in, a compliment to the bride's occupation as a store clerk. With a few well-chosen words the guest-of-honor thanked all those present, after which, refreshments were served by the hostesses.

Those present were the Mesdames Mary Dunsdon, Annie Dunsdon, Nina McLachlan, Kay Dunsdon, Nellie Washington, Hilda Rennie, Jean Dunsdon, Mildred Dixon, Florence Ritchie, Doris Short, Mary Logie, Peggy Sherwood, Isobel McCargar, Alice White, N. Walden, Lillian Dunsdon, Marjorie Butler, J. McDon-

ald. Gifts were also received from Mesdames Vi Elliott, Hazel Ducommun, Vivian Smith, Iris Stuart, E. Mann and Miss Olive Stuart.

## Socially Speaking

Social Editor : Muriel Hurry

Mr. and Mrs. L. Mickelson returned on Monday from California, where they have spent the past six months. Mr. and Mrs. Mickelson made the trip by motor.

Mrs. I. Wing returned on Monday from Edmonton, where she has been visiting relatives for the past six months.

A wedding of interest to residents of West Summerland took place in Vancouver on Saturday, May 10 when Miss Nellie Faasse, daughter of Mrs. W. Faasse, of West Summerland, and Mr. Samuel Nicholl, Jr., son of Mr. and Mrs. S. Nicholl, 1744 Venables street, Vancouver, were united in marriage. The wedding took place at the home of the groom's parents, with Rev. R. Moses, of the Grandview United church, officiating.

Mr. and Mrs. Russell Kerr, of Salmon Arm, were visitors to Summerland at the week-end, to attend the Walker-Barr wedding on Saturday. While here they were guests at the home of Mrs. Kerr's parents, Mr. and Mrs. Percy Thompson.

Mr. and Mrs. A. W. Nisbet and Mrs. F. Fudge left by motor on Tuesday for Vancouver, where Mrs. Fudge will visit at the home of her daughter, Mrs. F. Beeman. Mr. and Mrs. Nisbet will be accompanied on their return by their daughter, Miss Kay Nisbet.

R. A. Johnston and Joe McLachlan were visitors to Princeton on Monday to attend the weekly luncheon of the Rotary club of Princeton.

Ensign Arthur Ledyard, of the U.S.N., was a visitor last week at the home of his uncle and aunt, Mr. and Mrs. T. J. Garnett. Mr. and Mrs. Garnett accompanied him to Spokane by motor on Monday, from where he continued to his home in Chicago. Ensign Ledyard was en route from Pearl Harbour, where he had been stationed.

Among those who attended the formal opening of Radio Station CKOV at Kelowna on Saturday evening were Mr. and Mrs. F. W. Schumann, R. A. Johnston, C. J. Bleasdale, J. McLachlan, Warren Givins and Gordon Smith.

Among Summerland visitors to Princeton on Monday were George Perry and Ken Stuart.

Word has been received by Mrs. Joe McLachlan that her brother, Don Johnston, is at present spending several weeks at Garibaldi park, where he is associated with the U.B.C. Outdoor club in producing a ski film.

A daughter was born to Mr. and Mrs. B. Hankins at the Summerland hospital on Tuesday, May 13.

A son was born to Mr. and Mrs. E. Hallam at the Summerland hospital on Friday, May 9.

Mrs. Francis Stuart and Mrs. Joe McLachlan were hostesses at the home of the latter on Saturday afternoon, May 10, when they entertained in honor of Miss Dorothy Dunsdon, bride-elect of mid-May. An upholstered hassock was presented to Miss Dunsdon by the 25 guests present.

## MISS I. ATKINSON GUEST OF HONOR

Miss Isobel Atkinson, bride-elect of the coming week, was guest-of-honor at a miscellaneous shower, held on Thursday evening, May 8, at the home of Mrs. J. A. Read, who was joint hostess for the occasion with the Misses Lois Read and Pauline Pearson.

The gifts were cleverly presented to Miss Atkinson, who is a nurse by profession, on a hospital stretcher, borne by the Misses Winifred Harvey and Gwenneth Atkinson, who were dressed in nurses' uniforms.

Games and contests were enjoyed during the evening, at the close of which, refreshments were served by the hostesses.

Those present were the Mesdames C. E. Pearson, R. Blewett, Sid Myers, W. Atkinson, B. Barkwill, J. A. Read and R. Sayers, and the Misses Pauline Pearson, Lois Read, Louise and Gwenneth Atkinson, Dorothy Butler, Isobel and Marion Campbell.

### WILL SELL GLAD BULBS

Mr. E. H. Bennett has offered some hundred dozen gladioli bulbs for sale this Saturday, with proceeds to be divided between the Summerland Living Memorial Parks and Peace Orchard cemetery funds. These glads will be sold at the Groceteria and A. K. Elliott's departmental store on Saturday.

### WANTS SIGN CHANGED

Lloyd Shannon approached the council on Monday to seek removal or modification of the no parking regulation on the east side of Hastings street. Councillor H. L. Wilson, in charge of the road department, will investigate Mr. Shannon's suggestion. The council also agreed to erect a "Proceed at 10 Miles per hour" sign for southbound traffic at the B.C. Fruit Shippers' building corner.

### BUILD CANNERY AT VANCOUVER

For the next six months, the firm of Gallagher and Mundy will be operating in Vancouver, where they are constructing new cannery buildings. At present, they have just completed the foundation for a cannery for Home Food Products, on Lulu island.

This firm is connected with Consolidated Enterprises Ltd., as is the Sunoka Fruit Products Ltd., in Summerland. This building firm also had the contract for Sunoka's new plant here.

Gallagher and Mundy also had taken the contract for the Kettle Valley railway station renovation in West Summerland, but was forced to drop this deal. Other local firms and building contractors are bidding on the station project, it is stated by K.V.R. officials.

### SHOWER HELD FOR MRS. FRED WALKER

A surprise miscellaneous shower in honor of Mrs. Fred Walker (nee Muriel Barr), bride of May 10, was held on Tuesday evening, May 6, at the home of Mrs. A. Lamacraft. Hostesses were Mrs. Mrs. Stan Taylor and Mrs. J. A. Read.

As a compliment to the occupation of the bride, who was a member of the local Bank of Montreal staff, the gifts were presented encased in a miniature model of the local bank.

Appropriate games and contests were played during the evening, and singing was also enjoyed by the guests. Husbands and escorts of the guests were present during the latter part of the evening and for the supper hour.

A delicious luncheon was served by the hostesses, assisted by Mrs. Lamacraft, Miss Nan Thornthwaite, Miss Lois Read and Miss Gwen Lamacraft.

Those present were the Mesdames B. H. Robson, Percy Thompson, Norman Thompson, Harvey Mitchell, H. P. Barr, Edna Simpson, Tex Adams, Henry Grone, Irene Adams, J. Elliott, Marie Robinson, A. Lamacraft, and the Misses Nan Thornthwaite, Lois Read and Gwen Lamacraft.

### WANT MORE LEADERS

An open letter to parents of Scouts and Cubs and all interested citizens.

We are glad to have your boy associated in the Boy Scout movement in this district. His membership indicates, too, that you, as his parents, are also glad of the opportunity provided him by the unit of which he is a member.

You appreciate, I am sure, the benefits your boy is receiving in the character benefits offered by the association toward good citizenship training. He is truly learning to "Be Prepared."

But how does he get this training? He is given it by an understanding man or woman who willingly volunteers time and effort on his behalf. Parents do not always realize the sacrificial effort the leaders in Cubbing and Scouting put forth for their boys—your boy.

Many more boys in the Okanagan south area would like the benefits your boy enjoys. Many more should be enticed into the Scout movement to counteract the contacts and influences of wrong which are today so prevalent.

Many leaders are serving beyond the maximum number of boys in their units, waiting lists of boys seeking admittance, are growing—the prospect of them gaining entry to a Cub pack or Scout troop does not look bright.

The solution lies in more leaders. I, therefore, appeal to you as parents, for help in this matter.

Will you, therefore, consider taking a course and becoming a leader yourself? Or will you interest a friend or neighbor, working associate, a fellow-church member, to consider this important community service? Previous experience in the movement is no necessary. The desire to do the job and willingness to give time and effort are among the first requisites. Minimum age is 18 years, but we prefer people much more mature. In fact, we frequently find men and women of 40 and 50 years of age make excellent leadership material.

We are holding elementary and preliminary training courses for new prospective leaders at Scout Hall, Penticton, commencing May 23, at 7.30 p.m., and continuing on the 24th and 30th dates. Please accept this as a cordial invitation to our first meeting if you are interested. If you cannot attend yourself, will you make yourself responsible for having at least one prospective leader there? We can assure all who attend a very interesting and profitable "first night." More Cubs and Scouts is entirely dependent on the number of new leaders who will volunteer to equip themselves for the job. We hope you will respond.

H. R. HATFIELD,  
District Commissioner.

### FARM TRACTORS TO BE LICENCED

Farm tractors which are being operated on the highway for any purpose except to go from one point in an orchard to another in the same property, must pay a \$5 licence, according to recent amendments to the motor vehicles act. Constable H. Cartmell has pointed out recently.

New forms for tractor applications will be available shortly. If a trailer is being hauled behind a licenced tractor, the trailer does not have to be licenced.

This applies to tractors and trailers which are not being used for commercial purposes, but only for the personal use of the farmer, it is stated. With a licence, the farmer can use his tractor to haul in supplies from the farm and also purchases he wishes to take back to his farm.

Persons who operate tractors for work must have their vehicles fully licenced, which means a licence similar to that taken out for trucks.

Mr. and Mrs. W. White were motor visitors to Kelowna on Friday, where they accompanied their guest, Mrs. M. Mollish, who is returning to her home in Moncton, N.B.

### West Summerland, B.C. May 6, 1947.

Editor, The Review:

In answer to Rev. Haskins' letter to the Summerland Board of Trade, copies of which were handed to the press regarding the action taken by the board on the liquor store question, may we say the following:

The Summerland Board of Trade deeply regrets the loss of Mr. Haskins who has been an active and valuable member for some years, giving out his time and counsel willingly at all times.

However, the executive of the Summerland board would like to point out that the impression left by Mr. Haskins' letter that the president and executive had acted without the approval of the general meeting is incorrect.

At the April meeting of the board, a report requesting the executive to take the necessary steps to secure a liquor store for Summerland district was passed by a majority of 41 to 11.

This was a meeting of average attendance as the board's membership at the present time is approximately 180 members and the usual turnout to the regular monthly meeting is from 50 to 70 members.

Rev. Haskins' statement that the president would appoint a committee to look into this matter and report to the May meeting is a misunderstanding on Mr. Haskins' part, as the wording of the resolution passed left the executive no alternative but to act. Consequently, a letter was forwarded to the liquor commissioner, as instructed by the meeting.

L. H. HILL, Secretary,  
Summerland Board of Trade.

Mr. and Mrs. N. Allingham, Mrs. Allingham, Sr., and Mr. Ron Allingham, all of Oyama, were visitors at the week-end at the home of Mr. and Mrs. W. White.

Rev. H. R. Whitmore and Mrs. W. Caldwell left by motor on Monday for Vancouver, where they are attending the United church conference, which is being held there this week.

### Peach Orchard Park Plans Are Given Hearing

Councillor Eric Tait gave the Summerland Board of Trade an outline of improvements to be carried out this year at Peach Orchard park, when the board held its May meeting in the Parish hall, Thursday night.

The culvert near the entrance to the park will be widened and a retaining wall built for the safety of vehicles and persons crossing the creek, he declared, which follows the recommendations made by the board at its April meeting.

One work party has already cleaned out part of the underbrush near the park entrance and this clearing program will continue this summer.

The entrance will be changed, as well, to provide a road with a longer sweep, especially for those cars which are headed up Peach Orchard hill.

Lights will be provided at the picnic shelter this year, and the shelter itself will be repaired and a stove installed.

Other minor items are being planned to make the park more presentable and a credit to the community, Councillor Tait concluded. Weed killer for poison ivy will be used again in a furtherance of last year's program.

### REEVE LAUDS CLEANUP WORK

"The work accomplished by the volunteer citizens at Peach Orchard cemetery last Wednesday and Saturday was really a credit and just shows what can be done with a little effort," commented Reeve W. R. Powell to the council on Monday, May 5.

A letter of commendation has gone forward to the cemetery cleanup committee, which consists of representatives from a large number of local organizations.

**CROW AND MAGPIE South Africa's Gift to the King SHOOT IS HELD**

W. Snow, president of the local sportsmen's club, reports that nearly 25 crows and magpies were killed on Sunday, April 27, when the local Fish, Game and Forest Protective association held an organized hunt for predatory birds and their eggs. A further 35 eggs were also brought in by local sportsmen.

It was difficult to locate the birds, Mr. Snow states, and no person was able to kill more than three birds.

As a memento of the Royal Family's just completed tour, the people of South Africa have presented King George the above collection of diamonds. The collection of inset diamonds has been mounted in wax in the form of a springbok, a national symbol of South Africa. They were especially chosen for the Star of the Garter.

**First Trip To Singapore Of Interest Here**

From Singapore comes a newspaper clipping telling of the arrival there of the first aircraft to arrive for Malaya's internal airlines from the United Kingdom. On the plane of interest to local readers were two, Mr. and Mrs. D. R. McLeod, as Mrs. McLeod is the former Jean Kercher, daughter of Mr. and Mrs. E. Kercher, of Summerland.

Following is the report from the Singapore Tribune: Keeping strictly to schedule and circling over Kalling airport a little after 11 a.m. yesterday, the G-AIKY—first aircraft to arrive for Malaya's internal airlines from the United Kingdom—touched down eight minutes later and taxied to a stop outside the Airport Hotel.

Quite a gathering of visitors were present to see the plane arrive on its final lap from Butterworth—a trip that occupied 2 3/4 hours. The silver grey aircraft—an Airspeed Consul (a civil version of the Airspeed Oxford which operated with the R.A.F. during the war)—was a low-winged twin-engine cabin monoplane of wooden construction. At the controls was Captain D. W. Fenton, the Company's technical adviser and operations manager, and with him was his crew consisting of Mr. D. R. McLeod, engineering superintendent, and Mr. A. O. Sutton, radio navigator, as well as two passengers—Mrs. Fenton and Mrs. McLeod, who made the trip with their husbands and will stay in Singapore.

Talking to a Tribune reporter soon after he landed, Captain Fenton said that he had been flying all the way from Montreal which he left on January 30. The trip was by way of Labrador and was made through snowstorms and wet weather to Britain. Here conditions did not improve. There was heavy fog and severe weather as he took off from Bournemouth on the 12-day trip to Singapore, flying approximately six hours each day. "Although the weather was ghastly over the London area, conditions were much better up north in Scotland," he said, "and as we flew south over France, things improved. For the rest of the trip we had very good flying weather which made the journey very pleasant."

The plane made 30 stops en route—each of which were brief halts. Referring to the Airspeed Consul, Captain Fenton said: "It is a very reliable aircraft; nicely built and easy to handle." Its maximum range, he added, is about 500 miles and he said he considered it a good acquisition. The plane has luggage space provided for in its nose and has

**Vancouver Nuptials of Wide Interest Locally**

A wedding of interest in Summerland and South Okanagan circles was solemnized in Vancouver on Saturday evening, March 3, at 8 o'clock when, in a beautiful all-white ceremony, Doreen Elizabeth (Betty) daughter of Mr. and Mrs. Robert Jenkinson, of 3723 Trinity street, Vancouver, and Mr. Peter Laurence Dodwell, eldest son of Mr. and Mrs. P. G. Dodwell, Summerland, were united in marriage. Rev. John H. Law officiated at the wedding, which was solemnized in St. Nicholas' church, Vancouver.

The ivory and satin floor-length gown of the bride, was fashioned with a transparent net yoke, studded with seed pearls. The full skirt was gathered to a long torso and the sleeves were long. The lovely veil fell gracefully to the floor from a coronet headress. The bride carried a white prayer-book, to which was tacked a spray of red roses.

The bride was attended by Mrs. Isobel Craig as matron-of-honor, and Miss Helen Metheson as bridesmaid. Both attendants wore similar full-length gowns of white crepe, and carried pastel bouquets. The only other touches of color were in the headresses of the attendants. Mrs. Craig wore a head-dress of pale blue veiling, while Miss Metheson's similar headress was of pale pink.

The church was beautifully decorated with masses of white lilac and yellow tulips. During the signing of the register, a choir of eight small girls dressed in long white gowns, sang, "The Voice that Breathed O'er Eden."

The bride was given in marriage by her father, Mr. Charles E. Dodwell, formerly of Summerland, brother of the groom, was groomsmen, while Laurence Hookham, of Summerland, who is attending school in Vancouver, and Mr. Roy Plater, of Vancouver, were ushers. The mother of the bride, Mrs.

Robert Jenkinson, was gowned in a fuchsia dinner dress, and her flowers were a spray of white gardenia. Mrs. Dodwell chose an aqua-green dinner gown, sequin trimmed, and her corsage was also a spray of white gardenia.

The reception following the ceremony was held at the home of the bride, and the rooms were decked with seasonal flowers for the occasion. The wedding party was assisted in receiving their guests by the parents of the bride and bridegroom.

The bride's table was centred by the traditional three-tiered cake, and the toast to the bride was proposed by Dean Buchanan, of the U.B.C., with which the bride is connected, while the bridegroom is a student there. The bridegroom responded to the toast.

Several solos were rendered during the reception by Miss Doreen Wilkinson, a close friend of the bride.

For a honeymoon trip to Victoria and Island points, the bride donned a beige outfit.

Mr. and Mrs. Peter Dodwell arrived in Summerland at the week-end, and will spend the summer months at Crescent Beach.

Mr. and Mrs. P. G. Dodwell were coast visitors for the wedding, as well as Mrs. M. Collas, aunt of the bridegroom.

Mrs. M. French and daughter, Gladys, of Vernon, and Miss Katharine Alcock, of Vancouver, were visitors last week at the home of Mrs. George Gartrell.

Mr. and Mrs. J. S. Monro, who were en route to Nelson, were visitors this week at the home of Mrs. Geo. Gartrell. Mr. Monro is the bird commissioner for Sask., Alta. and B.C.

### Over Hundred At Rebekah Assembly Here

With over 100 Rebekahs in attendance, a most successful meeting of the Okanagan Rebekah District Association No. 1 was held on Wednesday, May 7, in the I.O.O.F. hall at West Summerland. The home lodge led the way with 42 sisters, Kelowna following with 24, Penticton, 19, while Oliver, Vernon and Armstrong members made up the remainder in almost equal numbers, lacking only the Princeton lodge to make a perfect registration.

A lengthy agenda was put through with great dispatch by the chairman, Mrs. K. Haner, Vernon; and the afternoon saw some 21 items dealt with. Each lodge had been included in the carefully planned program, and after the opening ceremony by officers of Faith No. 32, Summerland, Golden Heart No. 60, Oliver, seated the district officers.

Three Assembly officers, including Mrs. Ina Atkinson, Summerland, assembly warden, were introduced formally by Sunset, No. 29, Armstrong. An address of welcome was given by Mrs. Loretta Hack, Summerland, and Mrs. Gladys Puddy, Redland No. 12, Penticton, replied, both messages being outstanding in fraternal portent and manner of delivery.

Bereaved and ill members were remembered in the usual way, and a gift made to the supervisor, Mrs. V. Elliott, Summerland's "good citizen" for 1946, in recognition of her services in that community. Interesting reports came from all lodges summarizing winter and spring activities, all noting membership increase and considerable welfare work and donations.

After recess, during which Summerland sisters served tea, the Rebekah degree was beautifully conferred by Faith lodge. A lively discussion on supervisor qualifications preceded election of officers, with following results:

Chairman, Mrs. Irene Doherty, Penticton; vice-chairman, Mrs. Loretta Schumann, Summerland; secretary-treasurer, Mrs. Daisy Hardy, Kelowna; supervisor, Mrs. K. Haner, Vernon.

Kelowna No. 36 then seated the new officers, presenting them with corsages, the courtesy of the retiring chairman, after which Summerland closed the meeting, the sisters then joining the brother Odd-fellows at a banquet in Ellison Hall. Dancing and cards followed, after which members left for their various homes most appreciative of a splendid day and looking forward to the fall meeting which is to be held in November in Armstrong.

On the same afternoon, the I.O.O.F. district convention was held in the Legion hall, Summerland, with a small attendance being recorded. Gordon Watson, Penticton, succeeded F. W. Schumann, Summerland, as president, while Reg. Bean, Penticton, was chosen as secretary-treasurer.

Mr. and Mrs. Harold Sutherland, from Chilliwack, were visiting in Peachland for the week-end.

### LOCAL PLAYERS IN GOLF WINS

Summerland participants in the annual fruit shippers' golf tournament, held on May 13 and 14 in Penticton, brought back several prizes, C. J. "Chuck" Bleasdale, B. C. Fruit Shippers Ltd. manager, annexing the best prize of the tournament.

Mr. Bleasdale brought home the Westminster Paper Co. trophy indicative of the open championship of the two-day tourney. He also received a glass dish as his personal prize.

Runner-up in this competition was W. Currell, of Edmonton, while Les Roadhouse, Kelowna, was in third place.

Another handsome trophy was captured by Jack Lawler, also of the B.C. Fruit Shippers, Summerland, when he took away the Van-

cover Ice and Cold Storage trophy. Howard Wright was runner-up and Fred Foote, New Westminster took third prize.

Both Lawler and Bleasdale teamed up to capture the Canadian Bemis Bag Co. trophy for organizations. Geoff Warren and Rose, of New Westminster were in second place, while C. W. Nicholl, Penticton and W. Currell, Edmonton, placed third.

Other awards were as follows: Pacific Mills Ltd. trophy—1, Bob Grant, Kelowna; 2, Chart Nicholl, Penticton; 3, Russ Jordan, Penticton.

American Can Co. trophy—1, Russ Jordan, Penticton; 2, Bill Currell, Edmonton; 3, Chart Nicholl, Penticton.

Pacific Coast Terminals Par cup—1, Ed Pike, Salmon Arm; 2, Bill Currell; 3, Chart Nicholl.

Shippers' trophy—1, Les Roadhouse, Kelowna.

### WILL INSPECT WATER SYSTEM

Summerland council will inspect the municipal water system and see at first hand the improvements which have taken place this spring, it was decided on Monday. Exact date of the inspection was not set.

Sprinkling systems now in operation here for the first time are being studied by Water Foreman E. Kercher. He explained to the council that these sprinklers are utilizing more irrigation water than under normal gravity flow, but the amount will probably be cut down as they are adjusted and as the season progresses.

At a standard of two American gallons per minute, per sprinkler, constant flow over 36 days of the season would utilize eleven million gallons of water against eight millions in gravity flow, he stated.

It was suggested that to operate

sprinklers and gravity flow on the same line, it would be necessary for sprinklers to be cut down so that the amount used would be less, but the systems could be used every week, and thus not interrupt the gravity users.

## Suggests Field Day In Aid Of Boy Scouts

S. W. Feltham, head of the Boy Scout group committee in Summerland, gave a short resume of Scout activities to the local Scout sponsors, the Summerland branch of the Canadian Legion, at the May monthly meeting on Wednesday, May 14.

He explained that a district association has now been formed, comprising the same territory as school district 15, that is Kaledon, Naramata, Allen Grove, Penticton and Summerland. H. R. Hatfield, Penticton, is Scout commissioner and Frank Laird, Penticton, is district secretary.

Dr. H. R. McLarty, Summerland, is an officer of the association, as is Mr. Feltham in his capacity as head of the local group committee.

Mr. Feltham reminded the Legionnaires of the successful Field Day held some years ago on the

half of Boy Scout movement and suggested a repetition this year, as most of those funds have now been dissipated.

The Legion, through its president, A. Calvert, informed Mr. Feltham that if the group committee wished to stage such a day, it would give all the backing necessary.

Change of the annual meeting of the Legion was one of the features of last week's meeting. The financial year will now end at December 31 and the annual meeting and election of officers will take place in January.

Support of the local branch was obtained for the Dominion Command president, in his contention that Canada should not cut down the permanent standing services too greatly and some provision should be made for standardized cadet training across the country.

## Have You Had A Yearning For Hollywood?

Have you a yearning to go to Hollywood? Are you photogenic?

Is so, Roy F. Angus, secretary of the Singers and Players club in Summerland will assist you in taking the first step towards your life ambition — that is, if you are between the ages of 18 and 30 years.

Mr. Angus has recently received a directive from Anne F. Adamson, acting director, of the school and community drama section of the provincial department of education.

She relates that Mr. Bakino, talent scout for Warner Bros. has asked this department to send pictures of "leading men and women types between the ages of eighteen and thirty." She also explains that "the purpose of this is so that he can see if the young people interested in the movies are photogenic."

So here's your chance to become a starlet. Mr. Angus will be only too pleased, he says, to forward your picture to the hall of fame.

## HOLIDAY DANCE TO BE BIG AFFAIR

Carl Dunaway's orchestra from Kelowna has appeared twice at the Ellison hall in Summerland and has so enthralled local dancers the board of trade Spring Fair committee had no hesitation in inviting this talented band of musicians back for the feature Fair dance on Friday, May 23.

W. A. Laidlaw, Spring Fair treasurer, is also in charge of this dance and is making preparations for a bumper attendance of those who enjoy the swing and sway stuff.

This dance will commence at 9.30 o'clock and will continue until 1.30 Saturday morning. It is believed that with Saturday being Empire Day and an official holiday, a large crowd will take advantage of this fact and attend this affair.

Earlier on Friday evening, at 8 o'clock, this same orchestra will provide half an hour of melody at the B.C. Fruit Shippers building where the Spring Fair will be in progress.

## START ON MEMORIAL ARENA

KELOWNA — The War Memorial Committee hopes to start work on the building of Kelowna's arena this fall and has asked the S. M. Simpson Co. Ltd. to vacate a portion of the property which will be needed for this project.

## Farmers' Institute Has Birthday

Farming in British Columbia is to get the limelight this year through an album-style book to be published in celebration of the Farmers' Institute's fiftieth anniversary in this province.

The first Farmers' Institute group was organized in Surrey, on October 17, 1897. That district will sponsor a big celebration, and institutes all over B.C. will remember the significant date that gave birth to one of the strongest farmer organizations in this province, and started a train of benefits and improvements.

A. H. Peppar, advisory board member and honorary president of District "E", is head of the album committee, and has underway a volume describing in word and picture every angle of farming in British Columbia and the fifty years progress from 1897 to now. Copies will go out all around the world, advertising British Columbia, states Mr. Peppar, and the album will be a treasured addition to the library of every country home.

# BRITISH COLUMBIA'S Social Welfare Programme

## PART I

British Columbia's social legislation is designed to promote the welfare of children, individuals and families, suffering from various social needs. Some of the most important Acts are:

### SOCIAL ASSISTANCE ACT

Social allowances, general medical services, drugs and other types of assistance may be granted under the terms of this act. The act has been designed to make legal provision for those who cannot be granted assistance under other more specific acts, with the result that no one who is eligible should be denied necessities essential to maintain or assist in maintaining a reasonably normal health existence.

### MOTHERS' ALLOWANCE ACT

Under the terms of this act, provision is made for the granting of an allowance to mothers with children under the age of sixteen years, and under certain conditions under eighteen years, who are widows or who cannot be supported by the husband for certain specific reasons.

### OLD-AGE PENSION ACT

This act enables the province to make provisions for persons seventy years of age and over who may be eligible under the Federal Act and Regulations. In addition the province provides a cost of living bonus or allowance. Persons seventy years of age and over who are not eligible under the provisions of the Federal Act may be granted comparable assistance under the "Social Assistance Act."

### CHILD WELFARE

Child Welfare legislation includes the Protection of Children Act, Children of Unmarried Parents Act, Adoption Act, Boys' Industrial School Act, Girls' Industrial Schools Act and the Juvenile Delinquency Act, and entails the protection and care of dependent or neglected children; placement of children in adoption homes; and care and treatment of delinquent children.

*British Columbia's programme is the most outstanding and the most generous in Canada. The services available to those in need, at our district offices in unorganized territory and in municipalities, are the most comprehensive in the Dominion.*

# Kelowna Cubs Turned Back By 6-4 Score

Bill Evans bore down on fourteen opposing batters last Sunday at Crescent Beach and was mainly responsible for the Summerland baseball crew stretching their win streak to three by a victory over Kelowna Cubs, the central Okanagan Japanese club, 6 to 4, in an exciting contest played in a steady drizzle.

Again it was the first inning which decided things as the Summerland Merchants took a commanding 3-1 lead in that frame, and were neyer headed. Single runs in the third and fourth gave the margin of victory and just for good measure the local lads added another in the eighth.

The Cubs pushed two runs past home plate in the fourth and came within one run in the sixth, but lacked the power with the hickory.

### Koga Is Good

Although the merchants were good value for their win, diminutive Mit Koga pitched sweet ball for the visitors and took nine of the locals via the strikeout route. Seven errors contributed mainly to the Cubs downfall as Summerland were limited to six hits, while the Cubs poled out five.

Frank Kuroda's shoestring catch, followed by a complete forward somersault all at full speed forward in the seventh was one of the highlights of the fielding. Evans really bore down in the opening of the ninth to strike out the first three batters to face him and end the ball game.

George Clark nearly threw the ball game into the discard with three bad throws along the third baseline, one of which Imayoshi dropped and was debited with the error. However, he nipped two baserunners at second to partly make up for his miscues.

Jackie Amm was forced out of the game in the fourth when he hurt his ankle trying to field a wild throw off the diamond.

This is Summerland's third straight victory in the South Okanagan league, with no losses. The Cubs and Peachland have each lost one and won one. Osoyos has failed to come into the win column and Rutland has one win and two losses.

### Box Score

### Beer Licence For Legion Is Still Sought

Because of known opposition to such a move, W. F. Kennedy, B.C. liquor commissioner, has informed

submitted a plea against the move the Summerland branch of the Canadian Legion that he does not feel at the present time that he can grant the application for permission to operate a licenced club at the Legion premises here for the sale of beer to Legion members.

Application for this licence was made a year ago but no reply

could be obtained from the liquor control board until Attorney-General Wismar returned from his England trip. Further delay was caused while the past session of the B.C. legislature dealt with the liquor question.

When the Legion members first mooted the idea of a beer licence for their premises an opposition group circulated a petition and submitted a plea against the move

to the liquor board at Victoria.

**Obtained Signatures**  
The Legion circulated a petition and obtained 1,300 signatures in favor of the granting of a beer licence. The number of "dry" names on the original petition has not been disclosed.

Mr. Kennedy, in reply to a recent letter from the local Legion branch seeking information regarding its original request for

a licence, stated that it would be unlikely that such a licence would be granted without the subject being thrown open to a plebiscite. Such a plebiscite, it is stated by informed circles here, would not be submitted on a licence for the Legion premises only but would be on the basis of beer parlors for the community as a whole.

Some members of the Legion, meeting at their regular monthly

session last week, stated that they were not prepared to go as far as Mr. Kennedy suggests as they did not have beer parlors in mind when they made the original application.

As a result, it was decided last week to forward the petition containing 1,300 signatures in favor of the Legion request to Mr. Kennedy at Victoria and ask him to reconsider his stand.

## Fruit Retailers To Be Told How To Handle Fruit In Proper Manner

At recent meetings held throughout the interior, officials in charge of the B.C. tree fruit industry have made some interesting comments on conditions in various markets and attempts which are being made to better the marketing conditions of B.C. fruit.

J. R. J. Stirling, BCFGA president, when he visited Summerland, had some observations regarding the retail stores on the prairies.

On making the rounds of retail outlets in Calgary, Mr. Stirling discovered the Chinese green grocers are the most fruit conscious and never allow customers to handle the perishable product.

He considered the industry could do a great deal of beneficial work in advising retailers on the proper handling of tree fruits.

He touched briefly on tariffs, explaining that the permit system which operated during the war will not be in effect from now on, and the former system of dump duties will prevail. Results of the international trade conference being held now at Geneva will be watched closely as they will have a direct bearing on the future of the fruit industry, he stated.

Some rods for pickers' ladders will also be available, but the supply is not expected to be plentiful. No steel for new flumes is forthcoming, but steel plates for mending present flumes is available, he said.

**Cull Pool Results**  
Dealing with the new grower-owned processing firm, B.C. Fruit Processors Ltd., G. A. Barrat declared that \$275,000 was borrowed at a low interest rate and will be paid back in five yearly installments of \$55,000.

This latter amount is the first call on the cull pool and the remainder is paid back to the shippers for distribution to the growers. From 1946 operations, after the bank payment has been made, the growers will receive nearly as much from the cull pool as was paid in 1945 before the processing operations were taken over by the producers, he said.

Script will be issued to growers contributing to the cull pool and after all bank payments are made, a revolving fund will commence to repay the growers for the culls they have placed in the pool.

In 1946, some 24,000 tons of cull apples were handled, this being 6,000 tons more than in the previous year.

**Not Alarmed**  
W. L. Boothe stated that sales officials are not particularly alarmed at the increase in crop production as B.C. is developing an enviable position in export markets, including the United States, South America, South Africa, Egypt and India.

This has only been made possible by producing quality fruit, he stressed, as it is not possible to sell cee grade in eastern Canada or on the export markets. He urged growers to cut down on the percentage of cee grade, especially in McIntosh and Delicious.

He quoted telegrams recently received from all parts of the world, including Singapore, Rio de Janeiro, Buenos Aires and the United States, extolling the arrival of B.C. Apples in excellent condition. One shipment to Great Britain, via Panama, took 29 days and there was not a variance of a degree in temperature during the entire trip, with the result that 313 cases of fruit arrived in fine shape.

One disturbing factor is the present downward trend of the price structure for perishable fruit and vegetables in the United States. But, on the other hand, on his recent trip across the prairies, Mr. Boothe found the populace optimistic for the future.

It has often been said that the Okanagan is on the wheat standard, Mr. Boothe remarked, because the prairies have been our main market.

## 2 Councillors Go To Harrison

Two members of Summerland council as yet unnamed, will attend Harrison Hot Springs for the U.B.C.M. convention in mid-September it was announced on Monday, May 12. The municipal officers convention will be held on June 2 and 3, and Municipal Clerk F. J. Nixon was urged by the council to attend this session if he does not have to go to the coast in connection with school assessments.

In the latter connection, Reeve W. R. Powell took exception to a report published in the Vancouver Province over a Pentiction date-line, which intimated that Pentiction had assessments ten times higher than Summerland.

"It is a very unfair statement," declared Reeve Powell, "as our assessment is a true one, and has been carried on from year to year, whereas Pentiction's system of assessment has varied."

## Packing Industry Vernon Planning Huge Arranges For Car Display May 28th to 31st Of U.S. Nails

KELOWNA — The packing industry of the Okanagan Valley, main line and Kootenay areas, including Keremeos, have arranged, through their Association, Okanagan Federated Shippers, for the importation of a carload of American nails for use in the repairs, extension and construction of packing facilities.

These nails have cost somewhat more than Canadian nails and therefore cannot be sold under the Canadian ceiling. This importation will mean that the packing houses will not need to call on the Canadian suppliers for any nails for warehouse construction this season, and this in turn should make it possible for some nails to reach the dealers in this area for general distribution over the counter at recognized Canadian ceiling prices.

On representations made by the B.C. Fruit Growers' Association at a recent conference with Mr. McGillivray, of the Emergency Farm Labor Service, the reasonable assurance has been secured that a limited supply of common nails will be made available in the fruit belt for construction of essential accommodation for pickers. Growers needing nails for this purpose should make application through their packing-houses.

Vernon-Okanagan annual Industrial Exposition is being inaugurated this year and is being held in Vernon May 28th to 31st inclusive.

Exhibit buildings will be open from 10 o'clock in the morning until 7 o'clock at night with entertainment going on until midnight. The exhibition will be using over 20 large buildings of the Military Camp S17. Over 50 exhibitors from points outside Vernon including many exhibits from Eastern Canada and the United States will be participating.

Among these displays will be many post-war ideas including such things as electronics and machines forecasting new processes of electrical magic. These industrial exhibits will be well worth seeing, officials state.

In the non-commercial field, there are many worth while exhibits, the finest of which promises to be the education hut featuring school exhibits from Salmon Arm to the border, as well as a large program of adult education. Part of this program also includes radio broadcasts and plays by the various schools being featured fifteen minutes on the hour every hour throughout the four days. Other interesting phases of non-commercial activities will be hobbies, pri-

ate collections, arts and crafts, an art show and continuous motion pictures in the theatre hut.

The entertainment part promises to be outstanding with many dance bands, pipe bands, military bands. Three outstanding aggregations will be present namely, the Kamloops Canadian Legion symphony orchestra, the R.C.A.F. overseas band and the Oliver high school band. Other features include an opening parade, a gymkhana, a breakfast flight of over twenty planes, lawn bowling competitions, fashion show, alley bowling competitions, the Little Theatre group, Lions concert and dance, Golden Gloves tournament, fly-casting competition, model plane championships, Okanagan Valley Inter-High School sports, a skeet elimination, sheep dog trials, a dog show, and ending up with a gala many nations jamboree in the civic arena on the Saturday night.

For the whole family there will be the new Crescent Shows which include nine rides, 20 concessions and 10 side shows.

Wednesday is Kamloops Day and a special train will bring Kamloops visitors to Vernon in the morning and will return at night. This will be the biggest show ever held in the Interior of B.C.

## Sports For Young People On Saturday

On Saturday morning, May 24, the youngsters of Summerland district are to be given their annual treat by the Summerland Board of Trade when they will compete for prizes in foot races and jumps at the school grounds in West Summerland.

A committee of Art Advocate, George Washington and Gordon Beggs has lined up a series of events which will commence at 10 o'clock Saturday morning and will continue until 12 o'clock noon. Merchandise and small cash prizes are being offered the contestants.

The races, for both boys and girls, run from 6 and under to 18 and under and will cover from 25 yards to 100 yards. There are also high jumps and broad jump and a sack race. The age variations are 6, 8, 10, 12, 15 and 18 years and under, in each case.

KELOWNA — Contracts for the construction of the new Famous Players theatre in Kelowna will be called within sixty days. F. H. Gow, Vancouver, B.C. manager of this theatre chain, announced last week. Construction will be rushed as quickly as possible, he stated.

## Horticulturist Passes On Warning About Insecticide

A warning on the use of hexaethyl tetraphosphate, issued by the United States Dept. of Agriculture, is being passed on to local growers by R. P. Murray, provincial horticulturist. Essence of this is that the new chemical, which is marketed under various trade names is highly dangerous.

Used with extreme care, to avoid skin contact, inhalation, and especially taking it internally, it is a highly effective insecticide. But it is so toxic that use of rubber gloves, tightly-buttoned clothing, and kindred precautions are essential. Infinitesimal portions of it can be deadly the U.S. tests have revealed.

The bulletin received by Mr. Murray is given in full below. This shows both the nature of the poison, and methods of handling.

At the request of the interdepartmental committee on pest control a subcommittee, consisting of Dr. Paul A. Neal (chairman), chief, Industrial Hygiene Research Laboratory, National Institute of Health; Dr. A. J. Lehman, Chief, Division of Pharmacology, Food and Drug Administration; and Dr. L. E. Chadwick, Chief, Entomology Section, Medical Division, Army Chemical Centre, Edgewood Arsenal, Maryland; was requested to review available information on the toxicity of

Hexaethyl Tetraphosphate and make any comments as to use that they feel would be appreciative. Their report, which is released for your information follows.

The results of animal toxicological research to date and reports of untoward effects on humans exposed to hexaethyl tetraphosphate in its application as an insecticide warrant the following precautionary statements on the toxicity and potential dangers of hexaethyl tetraphosphate:

The minimum lethal dose of hexaethyl tetraphosphate by oral ingestion is as low as 5 milligrams per kilo in some species of animals. The compound is readily absorbed by the intact skin. The fatal dose of hexaethyl tetraphosphate by absorption through the skin for the rabbit is 5-10 milligrams per kilo; however, symptoms of systemic poisoning are noted at dose levels as low as 1 milligram per kilo. These effects progress from gastro-intestinal tract upset, anorexia and severe diarrhea to a characteristic "head drop," a great weakness and apathy, depending on the severity of the poisoning. Therefore, hexaethyl tetraphosphate is an exceptionally toxic material, especially with regard to its absorption through the skin. It has been found that the principal mode of action of hexaethyl tetraphosphate in spraying operations are a marked shortness of breath with a sense of constriction in the chest. Such symptoms may be expected from an anticholinesterase substance. These preliminary finds demand that humans be not exposed to hexaethyl tetraphosphate either by ingestion, skin contact or inhalation.

Since the toxicity of hexaethyl tetraphosphate for humans and warm-blooded animals is not fully known, although it has been established that it is a very toxic and dangerous material, the following precautions are recommended:

1. Avoid contact with the skin, especially when handling the concentrated material. Gloves impervious to hexaethyl tetraphosphate should be worn. If skin is accidentally contaminated, wash carefully with soap and water immediately. Individuals should be required to keep shirts buttoned at the neck, sleeves down and buttoned at the wrist.
2. Avoid the inhalation of hexaethyl tetraphosphate mist, dust or aerosol by wearing a respirator or mask approved by the United States Bureau of Mines.
3. Adequate personal hygiene and cleanliness of the operation is necessary. At the end of the operation the clothing should be removed followed by a thorough bath with warm water and soap.
4. Avoid contamination of food; smoking, eating and chewing tobacco should be prohibited in the operating areas.
5. Any persons developing symptoms of headache or tightness of the chest when using hexaethyl tetraphosphate should be removed from the exposure. In the case of ingestion of hexaethyl tetraphosphate an emetic, such as mustard or warm soapy water, should be used immediately and the patient referred to a physician.
6. A dye should be added to hexaethyl tetraphosphate in such a concentration that it will be readily detectable in the final insecticide solution.

### RENOVATION OF KVR STATION HAS COMMENCED

On Tuesday, initial work in renovation of the Kettle Valley Railway station in West Summerland was commenced by the new contractors, Kenyon and Killick, of Penticton.

This contract was originally let to Gallagher and Mundy, Summerland contractors, who had to forego it for contracts underway in Vancouver.

A portion of the station is being

torn down this week and a more elaborate structure erected in its place. It is also planned to lengthen the station platform and provide better facilities for passengers alighting from KV trains or waiting for their arrival.

Mr. and Mrs. Chas. A. Stuart and daughter, Doreen, were visitors on Wednesday to Vernon, where Doreen participated in the Okanagan Musical Festival. Miss Audrey Prior also took part in the festival there on Wednesday.

## Socially Speaking

Social Editor : Muriel Hurry

Jerry Nelson, who has been with the Merchant Navy for the past two to three years is spending a vacation at the home of his parents, Mr. and Mrs. Tom Nelson.

Mrs. C. C. Bell, of Penticton, has been a guest at the home of her daughter, Mrs. H. R. Whitmore, during the absence of Rev. Whitmore in Vancouver, where he has just returned from attending the United Church conference.

Mrs. A. B. Caldwell has returned from Vancouver where she attended the United Church conference held there at the beginning of the week.

Mr. A. M. Inch and Mr. G. Manson, of Vancouver, were guests on Tuesday at the home of Mr. and Mrs. Wm. White.

Mr. and Mrs. Sluman, of Vancouver who are visiting throughout the Okanagan valley, were guests on Tuesday at the home of Mr. and Mrs. Wm. White.

Mr. and Mrs. S. A. MacDonald were visitors to Vernon on Monday to attend the Okanagan Musical Festival.

Mr. R. Birch was a guest speaker on Sunday at both the St. Andrew's and Lakeside United churches during the absence of Rev. H. R. Whitmore in Vancouver.

Mrs. George Carter, of Vernon, is a visitor this week at the home of Mr. and Mrs. Ed. Gould.

Miss Dorothy MacDonald returned on Monday from a three weeks' visit to points in California and en route.

Mr. and Mrs. Don Agur have returned from their honeymoon, and have taken up residence in West Summerland.

Mr. Harvey Walton, Worshipful Master of the Summerland L.O.L., left on Monday night for Victoria, where he is the delegate to the grand sessions of the L.O.L., held there during the week.

Mr. Charles Pollick was a visitor to Greenwood and vicinity at the early part of the week.

Mrs. A. W. Vanderburgh and Mrs. R. Tingler were visitors on Monday to Vernon, where they attended the Okanagan Musical Festival held there this week. Summerland pupils participating in the festival appeared on Monday.

Mrs. A. K. Macleod was the delegate from the Summerland W.I., at the South Okanagan district rallies of W.I.'s, held on Thursday, May 15, in Keremeos. There were 12 members of the Summerland W.I. present for the all-day convention at which the Keremeos W.I. were hostesses. An interesting address by Mrs. Stella Gummow, superintendent of the W.I.'s in B.C., was a feature of the day.

Mr. and Mrs. A. W. Nisbet returned to Summerland over the weekend, following a motor trip to the coast. They were accompanied here by their daughter, Miss K. Nisbet and Miss Barbara Hare, who returned to Vancouver on Monday.

Mr. H. E. Woodford, Bank of Montreal manager in Summerland, attended the bank's Okanagan conference of officials at Kelowna on Saturday. At this conference was J. MacRae, B.C. Superintendent, Vancouver, who also visited Summerland on Friday and interviewed local businessmen.

Mrs. Bertha Advocaat, Worthy Mistress of the Summerland branch of the L.O.B.A., left on Sunday night for Victoria where, as the delegate from the Summerland lodge, she will attend the annual sessions of the Grand Lodge of the L.O.B.A., being held there this week.

LET ROAD TENDER

The lowest tender for bituminous surfacing on the eastern approach to the Hope-Princeton Highway was submitted this week by Dawson Wade and Company Limited of Vancouver, with a bid of \$206,847. The project involves the bituminous surfacing of about 30 miles of highway, the major section between Keremeos and Hedley.

MINISTER CANCELS TEEN TOWN SHOW

KELOWNA — Members of Kelowna Teen Town were highly incensed last week over the action of a Winfield minister who made an eleventh-hour complaint over the teen-agers holding a variety concert in the Empress Theatre on Sunday evening.

This complaint resulted in a cancellation of the program which will be held on Friday, May 23.

Rev. J. Coxson, a Free Methodist minister in the community fifteen miles north of Kelowna, lodged a complaint with Kelowna police on Wednesday, stating the concert would be a contravention of the Lord's Day Act. Staff Sgt. W. J. Thompson had no alternative but to inform Teen Town that the program would have to be cancelled for Sunday.

Proceeds from this concert were to go towards the annual Teen Town Youth Day on July 1, as well as clearing up several small debts which the organization had incurred. The teen-agers had spent about \$100 in advance publicity and printing.

Pioneer Days

THIRTY YEARS AGO

May 11 and 13, 1917

Although petitions presented by the board of trade were 170 in favor and 77 against, the council refused to put daylight saving into practice, the reeve casting the deciding vote.

O. L. Lowe, Moose Jaw, has been appointed sales manager of the Okanagan United Growers. Mr. Lowe was manager of the largest Nash house on the prairies.

T. G. Beavis has been appointed secretary and accountant of the Summerland Fruit Union.

Because of delinquency of taxpayers, all the needed repairs to the irrigation system will not be accomplished this year, stated Councillor Johnston. He advocated a raise in the irrigation rates as well.

Heavy losses from frost in California will probably mean higher fruit prices this year. Damage there is estimated at \$5,000,000.

An increase of 4 1/2 mills has been called for in the tax rate this year, raising the total from 18 1/2 mills in 1916 to 23 mills this year. General rate is 9 mills and school, 5 1/2 mills. This mill rate will raise \$31,000.

The "old church," as the little building in the Church of England was known, is no more. It was destroyed by fire when woods were being burned, and the fire spread rapidly in a sudden wind. On Monday, fire also destroyed the cottage in Peach Orchard recently vacated by Mr. and Mrs. Derrick.

A huge landslide, which has been causing residents of Trout Creek point much concern, has been discovered at Paradise Flat. This has caused the water to be so filled with sand that gates and flumes are being choked. At least 30 acres of land on Paradise Flat, bordering on the creek canyon, are affected.

Both the Summerland Fruit Union and the Steuart Fruit Co. have decided to install apple grading machines.

W. Harvey has taken a contract to move a portion of the Summerland Supply Co's downtown store to upper town.

Pte. Bedford Tingley is reported wounded in France, while Mr. H. W. Tavender has received word that her youngest brother, Pte. Claude Hawthorne, has died of wounds.

Fifty Normandy poplars have been purchased by the West Summerland Improvement club and will be planted on the south side of Granville street. Grass will also be sown.

TWENTY YEARS AGO

May 13 and 20, 1927

With the plan of staging a float parade, each organization being represented by a float, a special meeting to plan the Diamond Jubilee celebration decided on enlarging the citizen's committee. It will consist of the following: Ned Bentley, chairman; Reeve Johnston, George Johnson, secretary; J. Tait, S. A. MacDonald, Mrs. Pares, Miss Paradis, Mrs. Knowles, George Inglis, K. S. Hogg, Rev. Reed, E. R. Butler, G. Marshall George Drewett, E. Wilson W. Caldwell and Supt. Hunter, of the experimental station.

The South Okanagan Baseball league opened last Thursday with Summerland losing at Penticton.

A daughter Cheryl Ann, was born to Mr. and Mrs. Roy Wellwood on Monday, May 19, at the Summerland hospital.

5-4. Opopogo has been seen twice in the past week, both times near Summerland shores. Only two first prizes at the schools track meet in Kelowna came to Summerland, which were won by Norman Thompson in the broad jump, and Ruth Tait in the 75 yards for girls under 17. The Occidental Fruit Co. is expected to erect a shipping assembly building north of Walters' Ltd., at the C.P.R. wharf. The Operatic Society closed its year with election of officers as follows: G. C. Benmore, president; Capt. Webb, secretary; H. Daniel, Ben Newton J. Clements, J. Barkwill, Miss R. Dale, committee. E. M. Carruthers was elected chairman of the Growers' and Shippers' Federation along with E. J. Chambers for the Associated Growers and W. C. Duggan for the independents.

GRUBSTAKING ACT AIDS PROSPECTORS

Under the Grubstake Act the provincial department of mines already has granted assistance for the coming season to 44 new seekers for mineral wealth, while another 40 applications are receiving consideration, it was announced by Hon. R. C. MacDonald, Minister of mines.

Originated to stimulate search for strategic metals required in the prosecution of the war, the Grubstake Act has been carried into peacetime, to foster the quest for precious metals, and the annual fund has been extensively drawn upon by war veterans.

It offers a maximum grubstake of \$300 per man, plus an amount up to \$200 for travelling expenses, if required.

At the Summerland hospital on Friday, May 16, a daughter, Ruth Pauline, was born to Mr. and Mrs. John Keyes.

Mr. and Mrs. E. R. Butler were business visitors on Wednesday to Kelowna.

## P.G.E. Future Being Discussed In Ottawa

(Special to the Review)  
OTTAWA — Supplementing an all-day conference with Canadian National Railway engineering experts, Premier John Hart went to Montreal last week, there to confer with W. M. Neal, president of the Canadian Pacific Railway, and R. C. Vaughan, president of the Canadian National Railway, both of whom have arranged interviews with him to discuss the proposed extension of the Pacific Great Eastern Railway into the rich resources empire of the Peace River district. The data gathered from the surveys made of the Pine and Peace pass routes since the joint committee met in 1945 has been reviewed as well as the latest information from the resources surveys now being conducted by the B. C. government under the direction of Dr. T. B. Williams, geologist.

The figures of coal tonnage so far uncovered proved quite startling upon examination and gave rise to a number of pertinent inquiries. Great interest was evinced in the high grade of coal and the extensive tonnage that already had been discovered. Mr. Fairweather, vice-president of the C.N.R. has offered to send in one of the company's own geologists to review the work that already had been done and to co-operate with Dr. Williams. His offer was accepted and plans for future exploration discussed.

The merits of the Pine over the Peace pass routes were discussed, it being shown by the latest survey material that construction and operating costs would be lower by the Pine pass, which also would be able to tap more accessible resources as well as provide a more

economical route for the development of the territory north of the Peace river and Fort St. John, and south of the river toward Dawson Creek.

The premier also outlined in his proposal that a partnership be formed comprising the Dominion and Provincial governments and the C.N. and C.P. railways, jointly to extend the P.G.E. railway and develop the great Peace River district for the benefit of Canada as a whole.

The premier will go into the matter further during the course of his interviews with Mr. Neal and Mr. Vaughan when in Montreal. It also is expected that he will discuss with C.P.R. engineers in greater detail the information gathered from the two surveys.

Mr. Fairweather and Mr. Maxwell also have been provided with copies of the reports, profiles, maps and other technical details so that they may study them and make a more conclusive appraisal of the proposal in the light of the later information.

### RIFLE RESULTS

For the third Sunday in a row Ed Gould topped the rifle club shoot at the local range. His two previous efforts had been a 894 and 85 but last week-end he came out with a 98 count. Other scores were as follows:

P. Dunsdon 92 F. G. Anderson 84. H. Dunsdon 82, Ted Dunsdon 81, W. C. W. Fosbery 98, Jack Dunsdon 78, L. Shannon 77, D. Taylor 76, O. Smith 75, A. Moyls 63.

## Horticulturists Are Re-Organized In This Province

Announcing a partial re-organization of his department, Hon. Frank Putnam, minister of agriculture, stated last week that all district agriculturists, land clearing division, the farm labor division, and the division of agricultural engineering (which it is proposed to establish later this year) will be included in the agricultural development and extension branch, under the directorship of W. G. MacGillivray.

In order to give the most efficient field service possible to the farmers and ranchers of British Columbia provision has been made for the addition of nine more men to the staff of fieldmen, making a total of twenty-two in all. This number will be further increased as conditions require.

In order to overcome as far as possible the difficulties of administering agricultural policy in a province so large, and with as wide a variation of agricultural production as British Columbia, the interior has been divided into three areas in each of which a supervising district agriculturist will assume local responsibility for co-ordinating the work of the district agriculturists carrying out the various programs necessary in the development of the agricultural policies laid down at Victoria.

In making this announcement, Hon. Mr. Putnam stated that Mr. G. S. Preston, now district agriculturist at Smithers, will be stationed as supervising district agriculturist at Prince George, and will assume local responsibility for the central British Columbia and Peace River area.

At Kamloops, Mr. G. A. Luyat, now district agriculturist there, will be supervising agriculturist for the ranching area stretching from the Cariboo to the United States boundary, and for the Shuswap-Okanagan Valley area.

Mr. J. S. Allin, district agriculturist at Cranbrook, will be supervising district agriculturist for the east and west Kootenays, and Grand Forks area, and will have his headquarters for the time being at Cranbrook.

## Use Plane In Mosquito Control

KELOWNA — Airplane mosquito spraying is justified only in inaccessible areas or where sudden flare-ups of larvae activity accompany a flood period, is the conclusion reached by the mosquito control committee following the use of an airplane to spray the city park on Sunday, May 11.

In the park, a three percent solution of DDT was used in the experiment.

"While plane spraying is rapid, it is very costly by comparison with other methods," declared R. P. "Tiny" Walrod, chairman of the control committee.

Mr. and Mrs. Lawrence Charles have returned from their honeymoon and have taken up residence in their new home in Peach Orchard.

Miss E. Salter of Vancouver was a visitor for the Forster-Dunsdon wedding. While here she was a guest at the home of Mr. and Mrs. Harry Dunsdon.

### The Feminine Front

by MUIREL HURRY

The Rebekah lodge was a hive of activity last week with a convention and visiting dignitaries to entertain. These conventions do much to put Summerland on the map, but they mean added work and expense to the clubs that sponsor them.

But the women who do this work are not looking for public appreciation. They are content in knowing that the cause they are serving so nobly is a worthy cause, and they enjoy the companionable work with their comrades. They are so proud of Summerland, and to a very great extent, Summerland is what they made it. And we are proud to be citizens of Summerland, the little town with the big heart.

Delegates were sent by the Legion W.A. to Vernon this week and they proudly bore with them, for the first time, their own Legion W.A. flag. In this B.C. convention, with its hundreds of delegates, we hope that this flag of our own Legion W.A. proudly outshone all others, and we know that Mrs. Bill Davis is proud of her position as flag bearer.

A delegate will also go to Vancouver at the middle of the month to the L.O.E.A. convention there, and the W.I. is sending at least one delegate to a convention in the north of the valley.

And besides all these activities, there have been rummage sales, teas, regular and special meetings and much entertaining.

Apart from club activities, May will be a busy month for weddings and showers in Summerland. And it seems that most of the younger marrieds are busy with stork activities. We are all busy with gardens.

It seems to all add up to one thing. Spring is here at last.

Mr. and Mrs. John Finch of Vancouver, who were visitors in Summerland this week for the Forster-Dunsdon wedding were guests during their stay at the home of Mr. and Mrs. W. W. Hemingway

## Daughter of Pioneer Is Bride Here

A wedding of traditional dignity and beauty was performed at St. Stephen's Anglican church on Wednesday afternoon, May 21, at 2:30 o'clock, when Rev. Canon F. V. Harrison officiated at the marriage of Dorothy Beatrice, daughter of Mr. Harry Dunsdon of Harrowdene Ranch, Garnett Valley, and the late Mrs. Dunsdon, to Mr. George Melrose Forster, Crescent Beach.

The church was lovely for the occasion in a purple and white color scheme, with purple irises, white bridal wreath and tulips as decorations. Pews were marked with forget-me-not and white ribbon. The beautiful organ music was provided by Mr. Percy Thornber, while Mrs. Lionel Fudge rendered "Love's Coronation", and the congregation joined in singing the hymn "O, Perfect Love".

The bride was given in marriage by her father, Mr. Harry Dunsdon, and wore a white sheer, floor-length gown fashioned with princess lines, embroidered at the waist and neckline, and with long sleeves. Her finger-tip length embroidered veil was held in place by a Tudor headdress of shirred net, and her flowers were carnations, stephanotis, blue bells and fern. Her only ornament was a pearl and turquoise necklet which had belonged

## St. Andrew's Is Setting For Lovely Nuptials

St. Andrew's United Church was the scene of one of the season's loveliest weddings on Monday evening, May 19, at 7 o'clock, when Rev. F. W. Haskins officiated at the marriage of Isobel Patricia Atkinson, R.N., daughter of Mr. and Mrs. Wm. Atkinson, West Summerland, and Mr. Alan Walter Jensen, son of Mr. and Mrs. C. R. Jensen, of 4035 Slocan St., Vancouver.

The bride, who was given in marriage by her father, was charming in a floor-length, full skirted Victorian-model gown of white satin, fashioned with a sheer yoke, and an off-the-shoulder affect of draped satin, edged with pointed lace. The sleeves were long and lily-pointed. The full-length veil of white silk net fell gracefully from the head, where it was held at each side by clusters of white lilac and lily-of-the-valley. Her beautiful flowers were a shower bouquet of deep roses and lily-of-the-valley. The only jewelry of the bride was a pendant belonging to her mother.

Miss Louise Atkinson, sister of the bride, was the bride's only attendant, and was gown in pastel blue, with a satin bodice, and yoke of sheer net. The full skirt was of d'esprit net, and the gown had long, lily-point sleeves. Her shoulder-length blue net head-dress fell from a coronet of pink flowers. Her bouquet was of pink and white carnations and fern.

Groomsman was Mr. Edward Newton, cousin of the bride, while ushers were Mr. Gordon Smith and Mr. John Newton, cousin of the bride.

The church was decorated for the occasion in a pink and white color motif with a lovely arrangement of spirea and pink tulips.

to her mother. Mrs. Arthur Dunsdon was matron-of-honor and wore a long gown of pale bluish-pink sheer, with shirred neckline, and with a matching pink shoulder-length embroidered veil, which was held in place with a circlet of blue flowers. She carried a bouquet of carnations, blue bells and fern.

Junior bridesmaids were the youthful twin daughters of the matron-of-honor, Dorothy and Marian Dunsdon, nieces of the bride, who were gowned alike in "Kate Greenaway" frocks of white marquisette over green organza. Their headdresses were green coronet caps held in place by circlets of pink flowers. They carried colonial bouquets of pink carnations and sweet peas.

Little Elaine Dunsdon, tiny daughter of Mr. and Mrs. Jack Dunsdon, was flower girl, and was charming in blue marquisette, with a matching circlet of flowers in her hair. She carried a basket of sweet peas and other flowers. These three small attendants wore pearl necklets with matching bracelets, gifts of the bride and groom.

Groomsman was Phillip Dunsdon, brother of the bride, and ushers were George and Jack Dunsdon, also the bride's brothers.

The reception which followed the wedding was held on the lawn of the family home of the bride, Harrowdene Ranch, Garnett Valley, and there were about 100 guests present.

To receive their many guests the bride and groom stood beneath a decorated arch of white streamers and flowers. This lovely archway also formed a background for the bride's table. Flowers surrounded the lawn, on which the guests were informally seated.

The bridal party were assisted in receiving their guests by Mrs. George Dunsdon, sister-in-law of the bride, and who was gowned for the occasion in a white and figured jersey frock, with a black and white off-the-face hat with veil trimming.

The bride's table was covered with a beautiful embroidered white cloth, and was centered with a decorated three-tiered cake, which was flanked with white tapers.

Small tables for guests were placed about the lawn, and tea was poured by the aunt of the bride, Mrs. J. Dunsdon, Sr., and close friends, Mrs. W. Ward, Mrs. W. W. Hemingway, and Mrs. W. Adams of Pentleton. Servitours were also friends of the bride.

The toast to the bride was proposed by an old family friend, Mr. S. A. Liddell, and was responded to by the groom. Dr. F. W. Andrew proposed the toast to the attendants of the bride, to which the groomsman, Mr. Phillip Dunsdon, responded.

Wires of congratulations were received from Mr. and Mrs. S. C. W. Hemingway of Kipling, Sask., and from relatives in England.

For a honeymoon trip by motor to Vancouver, and southern points, via Kamloops, the bride donned a light navy suit, with an organdy and lace blouse, with which she wore a black hale hat with a sequined veil, and black accessories. Her corsage was of red carnations and fern.

The bride and bridegroom will make their future home at Crescent Beach, Summerland.

Out-of-town guests for the wedding included Mr. and Mrs. John Finch, Vancouver; Miss E. Saiter, New Westminster; Mrs. W. Adams and Mrs. F. Anderson, Pentleton, and Mrs. A. R. Knowles, Kamloops.

Pink and white streamers fell gracefully from a white bell. Music was provided by Mr. Percy Thornber, and during the signing of the registr, a solo, "Because", was rendered by Mr. Ben Newton, the bride's uncle.

Mrs. Wm. Atkinson, mother of the bride, was gowned in a smart afternoon frock of powder blue gabardine, with which she wore navy accessories. Mrs. Jensen, the bridegroom's mother, was dressed in a navy blue three-piece suit with navy accessories. Both Mrs. Atkinson and Mrs. Jensen wore corsages of pink and white carnations.

A reception for about 75 guests was held at the Legion hall, West Summerland, following the wedding. The hall was decorated with pink and white streamers and seasonal flowers.

The bridal party was assisted in receiving the guests by the parents of the bride, and Mrs. Jensen, mother of the groom, who came from Vancouver to attend the wedding.

The bride's table was centered with a three-tiered cake, topped with a miniature bride and bridegroom. The table was also adorned with silver vases of lily-of-the-valley.

The toast to the bride was proposed by Mr. Alex Smith, and was responded to by the bridegroom. Mr. G. W. Johnson, uncle of the bride, proposed the toast to the bridesmaid, to which Mr. Edward Newton, groomsman responded.

A wire of congratulations was received from Brian Atkinson and Eric Johnson of Singapore, the bride's cousins.

For a honeymoon trip by motor to Seattle and Vancouver, where they will visit for a short time at the home of the groom's parents, the bride and bridegroom wore matching suits of windsor grey. The bride wore a white hat and black and white accessories, and her corsage was of red roses and fern.

Mr. and Mrs. Allan Jensen will make their future home in Victoria.

Out-of-town guests for the wedding included Mrs. C. R. Jensen, of Vancouver, mother of the bridegroom, Mr. and Mrs. P. Ronald and Mr. and Mrs. J. Ronald and daughter Anne, all of Seattle; Mr. and Mrs. J. Whittaker of Vancouver, and Miss Nona Jamieson, R.N., of Saimon Arm, Miss Jean Jamieson, of Vancouver, and Miss Paddy Johnson, R.N., of Kelowna.

Among those attending the opening day of the Vernon-Okanagan Exposition at Vernon on Wednesday were Bill Grant, Mait Kersey, Don Clark, Ed Lloyd, Rube Hava, O. Quissette, Jack Walsh, Jim Heavysides.

Competitors for the annual schools track meet are leaving this afternoon by school bus for Vernon where they will be competing for Okanagan honors tomorrow.

Dr. J. Allen Harris, of the University of B.C., is visiting his father, Mr. J. W. Harris, this week. He plans to leave next week for Banff to attend a Canadian convention of scientists.

Elderly Woman Passes Away Here

Emily Catherine Bryden, aged 77, passed away in Summerland on Friday, May 16. She resided on the prairies most of her life before coming to the Okanagan eighteen months ago.

Growers Again Told Of Needs Of Farm Help

Unless accommodation of a reasonable type is available growers will have difficulty in obtaining labor this season, was the warning issued on Wednesday, May 21, by J. R. J. Stirling, continuing president of the BCFGA at the annual growers' nominating meeting in Kelowna.

"OLD-TIMERS" TO PARADE THEIR SKILL

"Get out the liniment, moth-er, cause I'm going to need it." Such will probably be the cry Sunday evening, June 1, following the baseball game at Crescent Beach between a team of former Summerland greats and the current season's offering of ball tossers.

To Move Buses From Granville

That the Greyhound lines should remove their buses from Granville street because of the congestion of traffic was the suggestion made by Summerland council on Monday to Lyall Chambers, district supervisor and Robert Lochore, Penticton area manager, of the Greyhound lines.

Summerland at Mac's Cafe creates a distinct problem and stated they would take the matter under advisement. Several suggestions were made by the council as to suitable locations for the bus depot.

Estate work is the business of this Company and we solicit appointment as Executor.

OKANAGAN TRUST COMPANY Kelowna, B.C. Associated with Okanagan Investments Co. Ltd.

Invitations have been received by the BCFGA from Penticton, Kelowna and Vernon to hold the 1948 convention.

Accommodation for 165 persons is required and the directors authorized the executive to investigate the housing problem in all three centres and make the selection.

Although there would be some delay pending passing of supplementary estimates at Ottawa, President Stirling considered that the army hutment from Vernon camp would be installed at Summerland before the end of the year to provide accommodation for the entomological laboratory.

President Stirling has been named a member of the advisory committee on agriculture of the B.C. Research Council, the term to be of three years' duration, the BCFGA has been formed by Dr. S. E. Maddigan, council head.

Directors of the BCFGA for 1947-48 are as follows:

- Glennore, I. J. Newman; East Kelowna, F. Thorneloe, Jr.; Ellison, S. J. Teoreok; Okanagan Mission, R. D. Browne-Clayton; Winfield, A. S. Edwards; Kamloops, J. Graeper; Sorrento, Alfred Salter; Salmon Arm, J. C. Campbell; Armstrong, E. S. Dockstader; Vernon, J. K. Watson; Coldstream, W. A. Middleton; Peachland, H. C. MacNeill; Naramata, F. Sammet; Kaleden, F. W. King; Summerland, C. E. Bentley; Karamoos, J. B. M. Clarke; Westbank, J. N. Basham; Oyama, A. W. Gray; Penticton, W. L. Paaker; Osoyoos, Archie Ure; Oliver, R. O. Hall; Creston, Fred Powers; Nelson, G. Noel Brown; Grand-Forks, C. A. S. Atwood; Rutland, H. G. Walburn.

Executives of the fruit industry were recorded in last week's issue of The Review.
