

Mrs. F. Fudge returned on Tuesday morning from New Westminster, where she has been visiting for the past month at the home of her son-in-law and daughter, Mr. and Mrs. F. Beeman.

Reconstruction Bureau Under New Departments

VICTORIA—The cabinet committee on post-war reconstruction consisting of Hon. E. C. Carson, chairman, Hon. E. T. Kenney, Hon. Herbert Anscomb and Hon. G. S. Pearson, has been disbanded and under order-in-council the bureau of reconstruction will now be departmentalized and transferred to the jurisdiction of the departments of trade and industry and municipal affairs, Hon. Mr. Carson announces today.

The work of the bureau for some time past has evolved into two well defined divisions. One deals with surveys and enquiries concerning industrial planning and development in the provinces. The other gives advisory assistance in town planning to municipalities and regional planning in unorganized territory. This latter department will now be placed under the jurisdiction of the department of municipal affairs.

The work which has been carried on by the bureau dealing with industrial matters will now be transferred to the department of trade and industry under a new branch of the department to be established and known as the "Regional Development Division" and administered by Mr. J. T. Gawthrop as director.

Dr. Weir Is Hauled Over Coals By Kamloops Meet

KAMLOOPS—Dr. George M. Weir got "an earful"—and it wasn't "a pretty little earful"—from a hundred angry landowners in Legion Hall Saturday afternoon of last week.

As he himself admitted, the farmland owners smote him hip and thigh as they raked the Hart administration for the 100 to 600 percent increases in school taxes since implementation of Dr. Max A. Cameron's recommendations on education finance.

For four hours official representatives of B.C. Beef Cattle Growers' Association, B.C. Fruit Growers' Association, B.C. Federation of Agriculture, and Vancouver Island Ratepayers' Association bombarded him with facts and figures of the crushing load the 1946-47 school taxes have shoved on to the rural landowners.

"Picityune" Measures

They scored the unjustness of the proportion being borne, willy nilly by the country folk. They scorned as picityune the measures of relief announced in June by Premier John Hart, and charged that his promises—particularly in the matter of a \$200 per acre assessment on grazing and other marginal lands—are not being kept. They scoffed at the "wait and see" advice that has been handed out by cabinet ministers in recent months. They were skeptical of the sincerity of the government's repeated assurances equity and justice will ultimately prevail. They scolded the government for the resentment of current school taxes. They warned the government it is losing friends politically but fast!

When the official spokesmen were out of breath—and sometimes even before they had completed their contribution to "the symposium of hate"—individual countrymen took up the chant about school taxes and interjected a few barbs of their own about British Columbia's failure to provide rural children with practical schooling and equal opportunity for education.

tion.

Reply

"I will endeavor to see that equity and justice prevail," Dr. George M. Weir, minister of education, assured the gathering. "But," he continued, "I can't commit the government; I am only one member of the cabinet."

The cabinet "recognizes it has to face up to the problem of the school tax," Dr. Weir declared. It also knows, he intimated by way of a funny story, that "a little bull won't get very far with this meeting."

The administration "is anxious to make whatever adjustments are necessary" and is endeavoring to compile the information needed so those adjustments can be made intelligently "at the next session of the legislature."

Those adjustments already made—based on Premier John Hart's announcement of June 9—are "only temporary measures. The whole matter will be tackled anew" when the recently-appointed six-man committee finds out exactly "what the difficulties are, where they are, and what is needed to make the school tax equitable."

Premier John Hart, continued Dr. Weir, "is a man of his word. He has said the school tax will be made equitable; it will be."

"Premier Hart and the cabinet have never, and won't attempt to avoid responsibility" for the present situation, said Dr. Weir.

Dr. Weir walked gingerly among the thorny complaints about the wearisome and unfair burden of the school tax, but he reared right back when the curriculum was under attack. Several speakers were publicly spanked—in the nice way of which Dr. Weir is a past-master—when they made statements which the co-author of the famed Putnam-Weir report in education, written in the 20's, declared were at variance with the true facts.

Also taken over the coals was Provincial Assessor W. Turnbull. He was howled down by the audience when he tried to explain that the assessors simply levied for the amount of education money requisitioned by the school board.

EXCEED ESTIMATES

KELOWNA—Unless every civic department cuts its expenditures to a minimum during the balance of the year, the city will be unable to balance its budget. This was the grim warning given by Finance Chairman J. J. Ladd at the council meeting last Tuesday night when he expressed himself as "extremely worried" over the way the estimated expenditures for 1947 have been whittled down due to necessary projects created by a rapidly-growing city. Mr. Ladd submitted a seven-month financial statement to the aldermen, and

revealed that the light and power committee had already exceeded the estimated expenditure for the year by \$14,981.04. Reason for the major increase is due to the record number of homes that have been constructed in the city, as well as additional industrial plants.

Scholarships Are Given by French

The French embassy at Ottawa announces the award of scholarships of the value of 96,000 francs (\$300) to three graduates of the University of British Columbia. The recipients are: Mr. Ronald Oldham, M.A., Mr. Allan F. Walsh, B.A., and Mr. W. Harry Hickman, M.A.

The French government silver medal has been awarded to Miss Ruth Elizabeth McDonald, M.A., author of "La Presence de Jean Giraudoux."

Miss McDonald is a member of the staff of Duke of Connaught high school, and Mr. Hickman is on the Victoria College faculty. The other awards go to returned men. Mr. Oldham, who was placed at the head of the list of candidates for the whole country, was the "only non-French member" of the famous Lorraine Squadron, and holds the DFC and the Croix de Guerre with bar.

The scholarship winners will proceed to graduate work in French at the Sorbonne, their travelling expenses and their university fees being paid by the French government, and residence provided in Paris at Canadian House, Cite Universitaire. Of six UBC scholars at the Sorbonne during the past academic year, two, Mr. Lester J. Pronger and Mrs. Jack T. Rush, have just returned to Vancouver. They speak with warm appreciation of the generous welcome given to Canadian students in France both by the public authorities and by French families.

FINED FOR INTOXICATION
On a charge of intoxication, James Davis was fined \$10 and costs in police court by Magistrate Sharman, on Tuesday, Sept. 20. Davis is alleged to have driven a car not his property across Hastings street, while in an intoxicated condition, and was placed in the lockup shortly afterwards.

Water Heaters Are Limited This Winter

Under the new rate schedule allowed the municipality by the West Kootenay Power & Light Co. the number of domestic water heaters which can be installed and obtain the new three-quarter cent per kw rate is limited to fifteen for this year, the council was informed on Monday.

Nearly ten water heaters had been in existence prior to this rate going into effect, so the number of new heaters which can be installed is limited. All water heater owners have to apply to the council to obtain this low rate and no commercial water heaters can obtain the rate, it was explained.

Applications from Dr. L. A. Day, Dr. W. H. B. Munn, and T. P. Thornber were approved on Monday. J. M. Landry's application for range, power and water heater was also approved. He will install high tension wires over his own property from the municipal line, it was stated.

Other applications will probably be received at next council session, but the council has already laid down the policy that those persons who already have electric ranges installed will get first preference.

Improve Service

Mr. D. L. Sanborn approached the council to obtain assurance that some effort would be made to provide transformers on his line in West Summerland business area which will enable him to operate his welding machines. A new welding machine he recently installed cannot be used if other machines are in operation. Mr. Thornber stated he is awaiting information on a tie-up of transformers before making any move to improve the service.

Ornamental street lighting has been installed in Pentiction on a local improvement basis, with property owners assuming fifty percent of the cost, the council was informed. This information was sought following a request from the Summerland Board of Trade on what action the council had taken towards providing better lighting service in the business area.

Reeve Powell instructed Foreman T. P. Thornber to obtain estimates on the cost of providing the town area with "suitable ornamental lighting."

Beauty Contest Winners

MISS RUTH NESBITT

MISS OLIVE MASON

The Bathing Beauty contest held by the Legion W.A. with the assistance of Teen Town, in connection with the annual Canadian Legion Street Carnival in West Summerland recently, was one of the main features. Here are the winners and you must agree the judges did a good job. Winner of first prize was Miss Ruth Nesbitt, while runner-up was Miss Olive Mason. The contest was open to any teen-age girls in Summerland district.

Merchants Beat Rutland 5-3 To Knot Baseball Series For Loop Title

Although he didn't get a hit, John Vanderburgh was the hero of last Sunday's playoff baseball game at Rutland when he drove in four of the five Summerland tallies, enough to defeat the northern team and tie the series at one game apiece. The score last Sunday at Rutland was 5-3 for the Summerland Merchants.

There was plenty of sparkle in the contest and it was anybody's ball game from start to finish. Bill Evans had the edge on Johnny Lingor, Rutland pitcher and limited the losers to four bingles, while the Merchants were collecting six.

The Merchants big chance came in the third when the bases were loaded with one away. However, Vanderburgh struck out and Hankins filled out. In the fifth, Clark walked, went to second on a wild pitch and scored on Taylor's single which went through left field.

Taylor came to third on Hollis's miscue and scored when Vanderburgh's infield grounder was snapped up. But Rutland tied the score in the sixth on some sloppy infield play. Kitsch got a pass to first when Walsh booted one. Henry Wostradowski patted one to centre field and scored Kitsch, later scoring when Hankins let one go through his legs.

But in the seventh, the Merchants came into their own with the winning runs. There was only one away when the bases were loaded and Vanderburgh at bat again. He let loose a drive to right field, where Wanless promptly dropped the low catch. Three runs came across before the ball could be retrieved.

Rutland got back another run in

the eighth on more sloppy infield play, but it wasn't enough of a threat to worry about. Evans struck out Wanless for the final putout of the game.

These two teams play at Crescent Beach next Sunday in the deciding fixture, as Rutland won the first game here 4-2. A big crowd is anticipated for this epic struggle for the league section title and the right to play Hedley, Similkameen champs.

Box Score

Table with columns for Summerland and Rutland players and their statistics (AB, R, H, PO, A, E).

Summary statistics for Rutland players: A. Kitsch, Bach, J. Wostradowski, Lingor, p, Hollis, c, Truitt, Bullock, 3b, Wostradowski, 1b, E. Cousins, rf, Wanless, rf.

Summary: Stolen bases, Lingor; two-base hit, H. Wostradowski; bases on balls, off Lingor 1; struck out, by Lingor 10 by Evans 9; double-play Walsh to Vanderburgh; wild pitch, Lingor 1; passed ball, Clark 1; hit by pitcher, Bullock by Evans, Taylor (2) by Lingor; umpires, Bud Gourlle and Harold Cousins, Kelowna.

IWA SEEKING PERMISSION TO START ACTION

KELOWNA—The International Woodworkers' of America (IWA) has asked permission from Premier John Hart, acting minister of labor, to prosecute J. H. Ruddock, representative for the Southern Interior Lumber Manufacturers' Association, for falling to bargain in good faith in connection with the wage dispute between the IWA and the lumber operators.

This was the latest turn in events in the controversy over a new wage agreement, according to Thomas McDonald, international representative of the IWA. The union is willing to accept a 12 1/2 cents an hour increase for lumber workers, and a ten cents an hour increase for those earning less than 77 cents an hour in box factories. The union wants the 2 1/2 cents an hour dispute for box factory workers taken to a board of arbitration.

Mr. McDonald said it is necessary to obtain permission from the department of labor, before changes can be made.

PASS ACCOUNTS

Accounts totalling \$21,846.96 were passed for payment by the council on Monday, this sum including the quarterly payment to the school district. In this instance, the amount is less the portion which would have to be paid if assessments on trees were allowed.

POSSIBLE FOR NELSON

Jerry Nelson was the top man at the Summerland trap range last Sunday with a possible 25 score. Tom Nelson and Jerry Inidlaw were close behind with 24 each, while Ken Blagborne scored 23, A. R. Munn 22 and John Khambach 21.

AWAIT BETTER WEATHER

Sidewalk improvements in lower town, on Pender street and past the schools and Legion hall are awaiting suitable weather for the roads department to heat asphalt for road purposes. E. Kercher explained to the council on Monday. As soon as the mix is prepared for the roads, a portion will be used for these walks.

TWO TONS OF FOOD IS SENT TO CONVENTION

Application of a business tax to replace the trades licence as practiced by municipalities in this province now, will probably be one of the feature discussions at the Union of B.C. Municipalities convention at Harrison Hot Springs from September 15 to 17.

Summerland council will be represented by Councillors C. E. "Ned" Bentley and Eric M. Tait.

The Okanagan municipalities are hosts at this convention and a committee of Mayor Fred Scott, Kamloops Alderman J. H. Horn, Kelowna; and Councillor C. E. Bentley, Summerland has been working on the plans to provide an Okanagan banquet.

Two tons of food is being sent out of the interior to Harrison for the convention, including most of the products produced in this area. B.C. Tree Fruits Ltd. and the Interior Vegetable Marketing Agency has co-operated with the municipalities in obtaining these supplies and providing suitable displays to advertise these Okanagan products.

No Parking Area Is Moved North

Decision to alter the No Parking area on the east side of Hastings street was made by the Summerland council on Monday. As this thoroughfare has been widened this year, the length of the no parking area will be shortened.

The bylaw designating this area will be altered to provide for a No Parking section from north of the laundry building around the corner to Jubilee road.

The cement sidewalk on that side of the street will also be extended, the council having obtained an agreement with property owners, Mrs. Lloyd Shannon and Mrs. T. J. McDonald that they will be willing to pay their share.

It was suggested that the gravel walk on the west side from Pollock's Garage north to the Capitol Motors should be faced with fine rock to provide a suitable walking surface.

New Locker Plant And Meat Market Opens In West Summerland Friday

Summerland's newest industry, the West Summerland Frozen Food Lockers and Meat Market, is opening tomorrow in the renovated T. B. Young building on Kelley street directly behind the Bank of Montreal.

Renovated at a cost of some \$10,000 this building presents a new and business-like appearance. Equipment installed has cost another \$10,000 and the entire layout is a decided acquisition to the West Summerland business area.

Included in the remodelled building, is a large suite in the upstairs portion which is being taken over by the manager of the new locker plant and meat market, Mr. Harry Braddick and family.

Mr. Braddick, who is a native son of Vancouver, came to the Okanagan two and a half years ago and settled in Penticton. He is now Summerland's newest resident having come to the valley on his discharge from the RCAF after four and a half years service.

Mr. Braddick has had fourteen years' experience in the butcher trade and has installed a modern, spic and span meat department in his locker plant.

Leased Building

Mr. Braddick has leased the renovated building from Mr. Young, who is one of Summerland's pioneer business men. For some months, despite the shortage of capable labor and materials, the remodelling of this building has been advanced until the opening is announced for tomorrow, Friday, September 12.

It had been the plan of the management to open last May but so great were the difficulties of materials supply that the opening had to be delayed until this week.

There are 376 lockers in the fro-

zen food department and Mr. Braddick states that most of these lockers have already been rented by local persons. These lockers are built in three sizes to suit the needs of various sizes of families.

All types of produce can be stored in these lockers, but they must be leased for a year at a time. This is the policy of all such cold locker plants.

Built in 1912

This building has had a long and varied career, having been built in 1912 by Jack Steven, brother of A. H. Steven of West Summerland. Mr. Steven and Jim Gaffney used the building as a livery barn and later sold to Hookham and Pares, who continued the business until mid-war years. Mr. Pares was killed in action overseas.

Mr. Hookham retired from the business and it was taken over by his two employees, Smith & Henry, who changed it to a trucking business shortly after World War I. When Smith & Henry moved to their present premises, the building was sold to F. A. Miller, who retained it as a fruit storage premises.

Later it was acquired by Capt. J. E. Jenkinson who in turn sold it in 1945 to T. B. Young, who wished the building for his evaporating business, which had been established in the building which was partially burned down last year.

When Mr. Young disposed of his evaporating business to B.C. Fruit Processors Ltd., he began to lay plans for the building which now houses the food locker plant. He planned at first to operate the business himself, but he thought of the quotation: "Enjoy yourself, it's later than you think."

Still believing that there is a definite need in the community

for the frozen food lockers, Mr. Young contacted Mr. Braddick and made his agreement to renovate the building and lease it to the latter.

Well Insulated

This building measures 72 feet in length by forty feet in width, and is insulated with six inches of shavings outside, as well as twelve inches of fibre glass for the cold storage portion.

Temperature of the locker plant will be kept at zero while the sharp freeze room is at 30 degrees below.

The only work still to be undertaken on the building is the stuccoing of the outside portion.

Mr. Braddick, the new owner, has long been interested in sports and was well-known in baseball and soccer circles at Vancouver. Among the ball teams he has joined was the Collingwood and St. Regis clubs in Vancouver and he

was a member of the St. Andrew's football club.

Refrigeration equipment was installed by Mr. Howard St. Clare, Penticton, the special technical representative of Mac and Mac Ltd. This equipment includes the refrigeration counters for the meat market, as well as the machinery in the cold locker plant.

Mr. George Gartrell returned last week from Fort McMurray where he had been making an extended visit.

Miss Mary Wileman has returned from Princeton after spending several weeks with her aunt, Mrs. Alex Graham.

Miss Rosemary Ottley of Gray-shott, England, is spending a week visiting Mrs. H. A. Solly. She is the niece of Laurence Ottley, late of Prairie Valley.

EXPRESS DOUBT ABOUT USE OF TREE PRUNINGS

KELOWNA—Possibility of a new industry for Kelowna is being investigated by the board of trade.

Mayor W. B. Hughes-Games informed the executive of the board on Tuesday of last week that a government official had asked him about a site in the city for a manufacturing firm that is interested in establishing itself in the Okanagan Valley to make fine-grade paper out of fruit tree prunings.

The mayor said that he understood that production of paper from prunings was being carried on in Ontario. He said that the firm would employ "about 25 men all year."

It was pointed out to the executive that such a venture had already been investigated by the BCFGA here. It was felt that prunings might be worth more to orchard men as fertilizer than could be realized from sales for paper. In this connection it was suggested that shredders may soon be used in the Valley to convert prunings into more valuable fertilizer than they make now. It was felt that a paper-making company might obtain enough prunings the first year but none thereafter.

The industrial committee was instructed to investigate the matter.

Mr. T. P. Thornber, Summerland, has been interested in this paper-making process for some time and has considerable data on the subject.

Penticton Only Pays For its Own Schools

PENTICTON—When the next quarterly payment by Penticton to the District 15 school board comes due, this month, the municipality's cheque will be for an amount comparable to what would be paid for the operation of Penticton schools alone had separation from Summerland been already effected.

This was the decision of council on Tuesday last week following a discussion on the protracted school district issue.

Summerland recently sent its cheque to the school district but in doing so, computed the amount on assessments less trees.

Background to the dispute is the whole school assessment position. Summerland assesses trees as improvements, Penticton does not. When the district 15 school board was formed, Summerland's share of costs of the whole district, approximately 25 percent, was based on 1946 assessments with trees.

Summerland demurred, charging that on its entry to the school district, it had to assume its proportionate cost of carrying an amount of \$217,000, borrowed by Penticton for a new high school.

Penticton, on the other hand, pointed out that while Summerland did indeed assume such a cost, that did not compare with the 62 percent of all Summerland's school costs laid upon Penticton as a result of the merger. In figures prepared to bring light on the issue, Penticton alleges that the creation of the new school district actually cost her \$8,000 per year extra.

In a surprise move some weeks ago, the Penticton council announced that it would seek to separate from the district, taking the smaller school areas, Kaleden and Naramata, along with her. Application was made to the department of education to agree to this move.

However, the department did not act at once, and, as announced recently, established a six-man commission to enquire into the whole field of school taxation. This commission will likely sit in Penticton in the near future but in the meantime payments from the two municipalities to the school district become due.

Summerland's initiative in sending its payment minus the amount represented by the trees has now been matched by Penticton.

Councillor J. W. Johnson strongly pressed for action. At first council agreed to his motion that no payment at all be made until the matter is cleared up. This was subsequently amended to specify that the payment should cover only costs of Penticton schools. However, the amount within council's intention is the full cost of operation of the local school, not the 62 percent which is Penticton's share of the whole costs under the district set-up.

VALLEY EVENTS DRAW CROWDS ON LABOR DAY

Kelowna and Penticton received bumper attendances at their annual Labor Day sports day programs and a great number of Summerland residents visited both Valley centres, Penticton obtaining the preference because of the entry of the local ball club in the program.

The Elks' lodge in Kelowna sponsored the big stampede called the best stampede in western Canada after the Calgary display. This affair was held on Monday and Tuesday, September 1 and 2.

At Penticton, horse races commenced on Saturday afternoon, with a big boxing program at night. Baseball occupied Sunday afternoon while the entire day on Monday was devoted to a lengthy program, including pet parade, soap box derby, big parade, horse races, baseball and a big carnival dance.

The decorated car and float parade was one of the best seen in Penticton for years and drew appreciative comment. The Penticton Riding club assisted with events at Queen's Park on Monday afternoon and staged a splendid exhibition of riding skill.

Capt. A. M. Temple, of Summerland, was an enthusiastic member of the Penticton Riding Club and entered in the parade and jumping events.

Oroville won the ball tournament and the car which was given away at the carnival dance at the Gyro hall in Penticton Monday night went to a Penticton man, Mr. Cossentine, a veteran employed at the National Employment Service office.

SOIL SURVEYS

When this season's work on soil surveys in the Peace River District has ended, approximately 800,000 acres of land will have been completed in that district bringing the total acreage throughout the province under soil survey since the inception of this program to nearly 4,000,000 acres. It is announced by Hon. E. T. Kenney, minister of lands and forests.

B. C. EXPORTS

Exports from British Columbia for the first six months of this year totalled \$220,985,000 or a gain of \$62,500,000 over the corresponding period of last year, states Hon. L. H. Eyres, minister of trade and industry, following receipt of the statistics provided by the bureau of economics. The increase for the same period over 1945 amounted to \$97,247,000. It therefore can be seen that rather than business trends going downwards following the war, exports from British Columbia to domestic and foreign markets are rising at a very rapid rate.

Apple Crop Goes Up 20,000 Boxes From First Count

An increase of 20,000 boxes of apples is estimated in the revised figures issued for the Okanagan horticultural district by the provincial agricultural department this week. This increase is mainly in the South Okanagan area of Summerland-Peachland and Oliver-Osoyoos.

In the extreme north of the district, including Salmon Arm, Lytton, Chase and Sorrento, the crop has decreased by 17,000 boxes, but the Oyama, Winfield and Okanagan Centre area has revised its figures upwards by 15,000 boxes.

Summerland's apple crop has gone up 13,000 boxes to 471,200 boxes while Peachland area is estimated at 70,250, an increase of 5,000 boxes. Oliver-Osoyoos district is up 25,000 boxes, but Keremeos-Cawston shows a decline of 21,000 boxes.

Other districts remain the same. Figures for pears, crabapples and grapes are slightly revised but there is no great difference in the totals.

Forgotten Children

are remembered by **THE SALVATION ARMY**

Children robbed of their birthright by circumstance or the misdeeds of delinquent parents are a special care of The Salvation Army.

The unwanted babe... the pathetic victim of neglect or ill-usage... the waif whom nobody loves... these find the restoring balm of the understanding heart and the human touch in Salvation Army Maternity Homes, Children's Homes, Fresh Air Camps.

Whether it be children or adults, The Salvation Army is kept busy healing broken lives, reclaiming human "wastage".

No work has a greater claim on YOUR dollars. 11-47

Mrs. A. Fuller of Vancouver, is a daughter was born to Mr. and Mrs. Leslie Mallett at the Summerland hospital on Friday, Sept. 12. Mr. and Mrs. Joe Sheehey, Mrs. Fuller is Mr. Sheehey's aunt.

Socially Speaking

Social Editor : Muriel Hurry

Mr. and Mrs. R. Cuthbert and family and Mr. G. R. B. Fudge returned on Monday from a week-end trip to Coulee Dam, Wenatchee and other Washington points.

Captain and Mrs. Carl Bissett of Vancouver were visitors last week at the home of Mr. and Mrs. Leo Heyworth.

Miss F. Johnston of Vancouver is visiting for two weeks at the home of Mr. and Mrs. Leo Heyworth.

Mr. and Mrs. R. Meredith of Banff, who were accompanied by Mrs. P. Powell of Calgary and Miss Lily Jolley of London, England, were recent visitors at the home of their niece, Mrs. Leslie Rumball.

Miss Joan Bennett left on Sunday for Vancouver, where she will commence her second year at UBC.

Mr. and Mrs. F. G. Patterson arrived last Friday from Vancouver, and are visiting at the home of Mrs. Patterson's sister and brother-in-law, Mr. and Mrs. H. J. Penketch.

Kenneth Bissett returned on Friday from Vancouver, where he has been visiting for two weeks at the home of his grandmother, Mrs. M. Morrice.

Mr. and Mrs. Donald Butler of Victoria were visitors at the weekend at the home of Mr. and Mrs. Wm. White. Mrs. Butler is the former Miss Etta Hood, the daughter of Summerland's first Presbyterian minister, Rev. James Hood. Friends of the Rev. Hood will be interested to know that both he and Mrs. Hood are in good health, and are looking forward to celebrating their 50th wedding anniversary in December.

Mr. J. McLachlan and Mr. Ed Gould were motor visitors to Vancouver last week.

Mr. Alex Watt, district field inspector, left on Tuesday for the Interior Provincial Exhibition at Armstrong, where he is participating in the judging of exhibits.

Mrs. H. Pilkington, who has been a patient in the Summerland hospital for the past three weeks has returned to her home.

Former Local Man Returns to B.C.

Friends of Jack Logie, former Summerland resident and a son of the late J. L. Logie, former municipal clerk here, will be interested to learn that he has returned to Victoria after a year's travel in Mexico and Great Britain.

Mr. Logie retired on government pension last September from his post with the provincial public works department in Victoria and he and his wife stayed the winter in Mexico. In March, they went by tramp steamer to England and returned this summer by air.

Conditions in Britain are not as bad as they are sometimes painted, certainly not nearly as bad as North Americans are led to believe he says. "And—don't worry—Britain isn't through."

Mr. Logie was one of the founders of the B.C. Provincial Government Employees Assn.

Misses Pat Broderick and Shirley Taylor have returned home from a three weeks' visit at coast points.

Mr. and Mrs. C. D. Homan, of Minneapolis, Minn., are visiting at the home of their son-in-law and daughter, Mr. and Mrs. E. F. (Hilly) Smith and with Mrs. Homan's mother, Mrs. E. F. McClement.

Mr. Eddie Hannah returned last week from Shaughnessy Military hospital where he was undergoing treatment.

Mr. and Mrs. Joe Lamey left last weekend by motor for Vancouver to spend two weeks' holiday.

Mr. W. Strachan has returned to Summerland from Armstrong, where he was relieving in the Overwaita Ltd. store.

New Businesses To Open Soon on Hastings Street

Two new businesses are planned for Hastings street in the V. M. Lockwood block erected last year.

Miss Mabel Henderson, is opening the Maywood Photo Finishers in the office occupied until last week by Dr. L. A. Day, dental surgeon. Dr. Day is leaving for Shaughnessy for treatment and will re-open in the new medical-dental building on Granville street later in the fall.

Miss Henderson, who is a former employee with the Eastman Kodak company at Vancouver, plans to start a developing, printing, enlarging and coloring photography shop in these premises.

Her opening announcement will come next week, when her supplies are expected to arrive.

Mr. Lockwood also states that Mr. G. Peters, of Kamloops plans to open a kiddies' wear shop in the premises formerly occupied by the Adorable Gown Shops, and lately used as a furniture showroom by Holmes & Wade.

Mr. Peters plans to take possession of the store space from October 1. He was formerly district representative for Watkins Products.

Mr. and Mrs. J. F. Ogilvie of Swift Current, Sask., are visiting at the home of Mrs. Ogilvie's brother and sister-in-law, Mr. and Mrs. R. Huff.

Mr. F. V. Hutton, superintendent of the experimental station at Prince George is a visitor this week at the local experimental station.

Mr. Lee McLaughlin left on Tuesday for Armstrong, where he showed a display of his glads in the Interior Provincial Exhibition. While there Mr. McLaughlin will visit for several days at the home of his cousin, Mr. Percy McLaughlin.

Helicopter In Line Involvement

KELOWNA—The helicopter purchased by Okanagan Air Services Ltd., a little over a month ago at a cost of \$33,000, crashed at 8:30 a.m. Friday, 11 miles southeast of Kelowna a few minutes before it was to spray the fruit orchard of Andy Duncan. The machine, piloted by Carl Agar, chief pilot for Okanagan Air Services, and veteran ECAF instructor, struck a power line as he endeavored to manoeuvre the plane into position before spraying the orchard. The fuselage and rotary blades were chiefly damaged, but Mr. Agar escaped uninjured. The helicopter is fully insured.

**Entire Menu
Composed of
Valley Produce**

The Okanagan is obtaining a great deal of publicity this week at the Union of B.C. Municipalities convention in Harrison Hot Springs, as Okanagan municipalities from Kamloops south to Penticton are hosts to municipal delegates from all parts of the province.

Nearly three hundred officials took part in the convention which opened on Monday and closed last night.

The opening day's banquet was provided with an entire menu of Okanagan products and was presided over by Mayor Fred W. Scott, of Kamloops, president of the Okanagan Valley Municipal Association.

Following is the menu which greeted the British Columbia municipal officials on Monday evening: Fruit cocktail, Osoyoos; soup, Vernon vegetables; fish, Okanagan trout; beef, Kamloops; vegetables, Coldstream corn, Enderby cabbage, Armstrong celery; dessert, Salmon Arm apple pie, Penticton apples, Peachland plums, Summerland peaches; butter (Noca); Calona wine.

Two tons of supplies were shipped from the Okanagan for this banquet and for display stalls at the convention. B.C. Tree Fruits Ltd., and the Interior Vegetable Marketing Agency were responsible for the fruit and vegetables. Councillor C. E. "Ned" Bentley, who was a member of the committee arranging the Okanagan displays, also obtained further donations from this district.

Chrysanthemums from the Dominion Experimental Station and gladioli from E. H. Bennett's famous farm were shipped to grace the banquet and convention halls. Meraschino cherries were donated by Sunoka Fruit Products Ltd., while the board of trade arranged to send a quantity of publicity folders to Harrison Hot Springs.

Ald. J. H. Horn, Kelowna, was one of the most active members of the committee arranging the display.

**Would Purchase
Radio Set To
Contact Crew**

Need for closer contact between the municipal electrical crew and those who require its services in cases of emergency was brought to the council attention last week by George Washington, manager of the Summerland Co-operative Growers Assn. packing house.

Council members agreed with Mr. Washington's suggestions and expressed their willingness to work out a feasible plan to cope with emergencies as they arise, especially in the busy packing and canning season.

Three shut-downs in the past two weeks have created considerable hardships on packing houses and definite loss in payroll, besides the loss of some valuable equipment at the co-op cold storage plant on Labor Day, the packing house manager pointed out.

Mr. Washington wanted a man available at all times at the switching station, when the crew is out on the lines, especially during the rush season, but Reeve W. R. Powell favored some method of being able to contact the crew directly.

Electrical Foreman P. Thornber advocated the purchase from War Assets Corp. of a short-wave set which could be carried with the crew and could have a contact to the municipal office, the switching station or the telephone office. Such a set would cost about \$300, he said.

This short-wave set would sound a buzzer, or light a globe where the crew is operating and thus warn the latter that some emergency had occurred.

Reeve Powell asked Councillor F. E. Atkinson to go into this angle and bring in a report to the next council session.

Last Thursday's half-hour shut-down was caused by the high wind creating a short and throwing a switch, it was explained. The crew was working at Trout Creek and there was no one present at the switching station.

**FRED SCHUMANN
DISLIKES ROADS
IN SASKATCHEWAN**

Mr. F. W. Schumann, Summerland representative of the Manufacturers' Life, has returned from Toronto, Ont., where he attended the annual convention of his company at the Royal York hotel. Seven hundred members from all over the world were present, being members of the \$100,000 and \$200,000 clubs.

This is the first occasion Mr. Schumann has entered the senior \$200,000 club.

The company was also celebrating having one billion dollars of insurance in force. The convention was held from August 18 to 22.

While in the east, Mr. Schumann took delivery of a new Fleetline Chevrolet at Oshawa and drove through Niagara Falls and Chicago before swinging back into Canada and spending a week at his wife's former home of Saitcoats, Sask.

The remainder of the trip home to Summerland was made by way of Regina, Calgary, Banff and the Big Bend highway.

Mr. Schumann was accompanied east by his wife, while their two daughters visited in Saskatchewan during their absence in the east.

Commenting on travel, Mr. Schumann remarked on the many evidences of fine, permanent road work being undertaken in British Columbia. He considered that in a short time B.C. will have roads which will compare with any in Canada. He stated that the surfacing job between Revelstoke and Sicamous is now pointing towards a first-class highway, while the stretch between Enderby and Vernon is a vast improvement.

Of all the provinces in Canada in which he travelled, Saskatchewan has the worst set of roads and the highest price of gasoline, 44 cents per gallon, stated Mr. Schumann.

**NO REPAIR MAN
FOR PHONES HERE**

There are not enough telephone connections in Summerland to warrant placing a full-time repair man in this community, the board of trade was informed last week by Robert Ley, of the Okanagan Telephone Co., writing in reply to a suggestion made by the trade board executive.

The telephone company executive pointed out that his concern is about to embark on a big development program and assured the board that "Summerland is by no means forgotten."

He intimated that when supplies are available, more telephone connections will be allowed prospective users in this community.

Any telephone repairs required here are made through the Penticton office, Mr. Ley explained.

A kettle of boiling water poured down the sink drain regularly will help keep the trap and drain from clogging.

Do not overheat the range boiler. If the water boils it will stir up any sediment from the water supply and cause the faucets to run brown.

MEN WHO MADE OKANAGAN HISTORY

ARCHDEACON THOMAS GREENE,

"Tell Wong Foo I Will Come"

ANOTHER life was at stake—stricken with the deadly influenza plague. It was the winter of 1918-19 and the epidemic which followed the first World War was at its worst. Archdeacon Greene was not the man to refuse a call for help. For weeks he ministered to the Chinese inhabitants of Kelowna and his nursing saved many of their lives.

As early as 1897 Archdeacon Greene had been associated with the history of Kelowna, as rector of St. Michael's and All Angels' Anglican Church. After lengthy tenure of the office of Rural Dean of the Okanagan, he was advanced in 1916 to the dignity of Archdeacon. He took a keen interest in the Kelowna Hospital and was a constant visitor to its wards. His catholicity of spirit, his tolerance, established him firmly in the affections of the whole community, irrespective of race or creed.

For the past thirty-eight years, from the time they were established in Kelowna in 1909, Okanagan Investments Ltd. and Okanagan Trust Company have taken a prominent place in the industrial and community development of the Okanagan.

Best Year Yet For Swim Classes Says Schumann

Giving special praise to the faithful work of the instructors, Cecil Wade presented an interim report on the annual swim classes to the Summerland Board of Trade at its September monthly meeting Thursday night.

More than 200 registered for these classes and were given nine lessons during the summer months. He expressed the wish that more lessons could be provided the youngsters another year. Life saving and resuscitation were points stressed in the swim classes this year.

"This year was way ahead of previous years and I feel sure that we can look forward to further improvements in 1948," declared President F. W. Schumann, who was in charge of the swim classes in 1946.

Mr. Schumann also spoke of the work in registration and equipment handling undertaken by committees headed by Mel Ducommun and Walter Bleasdale. He stated that the rafts would be pulled out of the water shortly and stored for the winter months.

Another year, the rafts will be anchored in position at Powell Beach, Mr. Schumann declared. This would have been done this summer, but necessary equipment was not forthcoming.

Crusaders Cavalcade At Penticton

Dr. R. E. "Bob" McClure, who was the chief of the hospital unit looking after Red Cross work in the Burma Road theatre in the last war, is one of the noted speakers who is accompanying the United Church Crusaders' Cavalcade to Penticton on Monday and Tuesday, September 22 and 23.

This cavalcade is one of the most outstanding presentations ever attempted by any church group in Canada and presents in many and various forms the life and work of the United Church of Canada.

Many Summerland persons are expected to attend this affair in Penticton during the two days. The cavalcade started out a year ago and is just finishing one half of its two-year planned tour of Canada.

There are forty persons in the cavalcade and besides Dr. McClure, another speaker who will be extremely interesting to Summerland listeners is Sqdn. Leader H. E. D. Ashford, OBE, who was a padre in Bomber Command and at one time was the padre of the squadron to which George Clark of Summerland was attached. He lectured in Summerland on a previous occasion and his interesting delivery enthralled his audience.

The church in this cavalcade is using modern methods of presenting its life and work, an exhibition of the program of this largest protestant denomination in Canada. Not only is the work of each of the boards and departments of this church displayed in a modern style, but the challenge which faces the people of the world and particularly those of the United Church is dramatically portrayed.

Information about the United Church of Canada is brought home to visitors to this exhibit on large, well-lettered poster panels, movies using beautifully-colored transparent pictures, illuminated maps and vivid charts. A great deal of time, talent and money has gone into the preparation of this fine display.

A converted army van has been employed to convey this exhibit from place to place. During the time the Crusaders' Cavalcade is on view, the truck will be used as a mobile public address unit to announce the meetings, and in conjunction with some special evangelistic meetings in this area.

This is open to the public at all times, and admission is free. In connection with the visit of the Cavalcade, many meetings are being held with a team of speakers who are leaders in many branches of the United Church of Canada. The meetings will open Monday evening, September 22, at 8:00 with a Young People's Rally, movies and tours of the exhibit. On Tuesday afternoon there will be a rally of United Church women at 2:00 with a rally for boys and girls at 4:00. A great rally at night concludes the two-day event.

The following will make up the team of speakers:

Dr. R. E. McClure, M.D. from China; Sqdn. Leader H. E. D. Ashford, formerly of India; Dr. Gordon Agnew, dentist from China; Rev. D. Telfer, D.D., president of B.C. Conference; Rev. T. B. McMillan, formerly of India; Rev. Bob Morris, Young People's representative at Oslo and field secretary for Christian education; Miss Ida McKenzie, field secretary for the W.M.S.; Miss Ella McGhee, book steward for the cavalcade; Mr. R. W. Robertson, of Vancouver, representative of the W.A.; Mr. David Ross, electrician and driver of van, and Mr. William Kent, assistant driver.

The people of the South Okanagan are being given an opportunity to visit this modern up-to-the-minute presentation of the United Church of Canada. They will see the church in action at home in the dominion and Newfoundland, and in eight great arenas outside of Canada.

Pauline Bunyans Make Quick Work Of Falling Tree

KELOWNA—Women members of the East Kelowna hostel showed their versatility and their muscularity on Tuesday when a whacking great jackpine bit the dust of the KLO road, barring the way to McCulloch and their camp. A call was put into the city office for an emergency operation on the tree, but civic officials deferred the matter to the power company.

"Are there any apples on the tree?" the company wanted to know. No apples, not even pine-apples, just a simple pine tree power officials were told. "Then phone the government engineer," advised the company. H. W. Stevens was out and no official action could be taken.

So the Pauline Bunyans left their ladders and went to work with axe and saw and tooth and claw, and had the tree dismembered in short order, proving that the hand that rocks the cradle and picks the apple, can also fall and buck the tree.

Enough blunts are made over here in Canada to completely supply the city of Vancouver.

SPRING FAIR HAD PROFIT OF \$914

Complete returns indicate that the Summerland Board of Trade spring fair, held last May 23 and 24, netted \$914.24. J. R. Armstrong reported to the board monthly meeting last Thursday evening, in presenting a report on behalf of the spring fair committee.

The actual fair showed a profit of \$722.24 out of total receipts from admission, booth rentals and games of \$1,170.50 while the dance at Ellison hall netted another \$192.

For the kiddies' sports, operated by the board on May 24 morning, a further expenditure of \$36.31 was made.

There were 2,251 paid admissions in the two days, the report stated. Among the committee recommendations was one advocating a more extensive entertainment program for next year's fair, dates of which are suggested as May 21 and 22, 1948. The committee suggests that the second floor of the cold storage plant of the B.C. Fruit Shippers building be utilized for display booths and entertainment.

It was also suggested that a fair queen be crowned as part of the opening ceremonies.

Special mention was made in the report of the energetic work of Joe McLachlan, who had charge of building arrangements prior to the show commencing.

Mr. L. H. Hill, spring fair chairman, stated that it was a big job to undertake and another year more assistance from the general membership would be necessary.

Nine out of ten Canadian farm homes still carry water from a well for domestic needs.

BRITISH COLUMBIA DEPARTMENT OF AGRICULTURE
J. B. MUNRO, Deputy Minister. FRANK PUTNAM, Minister.

Mr. and Mrs. J. A. Clark left last week for a trip to the Cariboo prior to returning to their home in Vancouver. They have been spending the summer months at Crescent Beach.

PEACHLAND

Miss Irene Leach and Miss Graham arrived in Peachland on Monday, September 8 for a week's visit with Miss Leach's aunts, Mrs. Jack Cameron and Miss Mary Leach. Miss Leach and Miss Graham are registered nurses from the Royal Jubilee hospital in Victoria, where they have been employed during the past year. They are on their way to their home in Toronto.

Miss Margaret McMechem, who has been visiting here for three months, left on Monday for her home in Manitoba.

On Friday last, the ladies of the Women's Institute met in the municipal hall, after two months' vacation, with 24 present. The regular business was despatched and the prizes for the winners were distributed. The annual meeting will be held in October when each member is requested to bring a cup and saucer or a tea towel or give a special reason for being thankful.

Mr. and Mrs. Jim Bently from Peace River were recent visitors at the home of Steve Gjerstead.

ATTITUDE OF B. C. BRACEWELL CAUSES ANGER

KELOWNA—B. C. Bracewell, inspector of municipalities, warned City Fathers that his department will no longer allow municipalities to grant city property for the construction of wartime houses at \$1 a lot and a minimum of taxes.

Recounting a conversation he had with Mr. Bracewell, City Clerk G. H. Dunn said the government official admitted that Kamloops and Kelowna had "beaten the gun" in allowing Central Mortgage and Housing Corporation to build an additional fifty homes in Kelowna.

Mr. Dunn said Mr. Bracewell had stated to the effect "the war is over and I feel certain you are not going to get any more lots through at \$1 a lot and a minimum of taxes." It is understood he told Kamloops' officials the same thing.

"In other words, the war is over and to ... with the veterans," declared Alderman Jack Horn.

"Tell him to go to ... " remarked another alderman.

"We have our houses, and that's the main thing," stated Mayor W. B. Hughes-Games.

Bag Grizzly On Monashee

A large silver-tip grizzly bear, weighing about 350 pounds, is the prize trophy shot by two Summerland men, H. V. "Bert" Stent, of the Summerland school staff and Fraser Smith, on a hunting trip last week into the Monashee mountains, east of Lumby.

The two Summerland men are not certain who actually killed the bear as they both shot at much the same time. However, the fine specimen of grizzly fell to their rifles and that's all they care about.

FOR SALE: OLD PAPERS. 25 cents per 10 lb. bundle. Apply Review

FOR ELECTROLUX SUPPLIES and equipment, or any information, see Norman Gardner, at Summerland Cycle Shop. 36-tf-c.

ASK FOR WORK

This spring, Hon. E. C. Carson, minister of public works, agreed with members of the Summerland Board of Trade that when equipment could be released for the purpose, a road up Giant's Head would be constructed this fall. On Thursday evening, the trade board agreed to write to Hon. Mr. Carson reminding him of his promise and pointing out that the local board is still anxious to have the road built at the earliest possible date. Reid Johnston, chief advocate for this road up Giant's Head moved that this action be taken.

TO INVITE GRAY

A. W. Gray, B.C. representative on the Western Canada Reclamation Assn., will probably be the guest speaker at the October meeting of the Summerland Board of Trade. The well-known Rutland man, who was the defeated Liberal candidate in the last federal election, is president of the irrigation districts group and has worked long and strenuously for improvements in irrigation systems in this province.

FIX TENTATIVE HEARING DATES

The commission inquiring into problems of school taxation in British Columbia have fixed the following tentative dates for public hearings: Port Alberni, October 21; Nanaimo, October 27; Cranbrook, November 3; Nelson, November 6; Penticton, November 10; Vernon, November 13; Kamloops, November 17; Prince George November 20; New Westminster, December 8; Vancouver, December 11 and Victoria, December 17.

EDITORIAL

Tired of Waiting

For some time we have believed that the provincial government has been making good progress on its permanent road building program throughout B.C. It is a tremendous task and we still are inclined to believe that the public works department has been functioning in a more businesslike manner than any previous administration.

Reports from the Similkameen, however, are disturbing, to say the least. Princeton Board of Trade is "up in arms" over the lack of action on the Hope-Princeton highway.

That august body claims that building contractors have failed to live up to the time elements imposed by their contracts. They are not obtaining the men or the machinery to push the job through to conclusion. They claim a laxness on the part of the contractors and, indirectly, a lack of push on the part of the public works department in seeing that these contracts are fulfilled on time.

These are alarming thoughts. The B.C. government promised the road completed by 1947. In fact, it was to have been opened this month. Then Hon. Mr. Carson expressed the thought that the entire highway should be hard surfaced before being opened for traffic.

Many persons considered this might be a bluff, to cover up for lack of progress. But most of us took Mr. Carson at his word and agreed that the road should be completely finished before it is opened to traffic. Date for this happy occasion was set, by Mr. Carson, at September, 1948.

Now, representative citizens of the Similkameen, who are in a position to gather the true facts, state that the road will never be opened unless the public works department steps in and insists that its contracts be fulfilled.

It is most disturbing to hear these complaints and accusations. Readers of these statements are naturally inclined to lose faith in the ability of the government to get on with its job.

We believe it behooves Mr. Carson to accept immediately the invitation of the Associated Boards of Trade of the Southern Interior to come to the interior at the time and place he chooses and give an account of the Hope-Princeton highway situation.

There should be no delay in Mr. Carson's visit. The public has waited nearly half a century for this road. Countless administrations have promised its completion. The public deserves to know the true picture of Hope-Princeton progress. Mr. Carson should lay the facts on the table and let his bosses, Mr. and Mrs. Public, judge for themselves.

Concerning The Blind

Helen Keller, the famous writer who started life without sight or speech or hearing, always requests that those who can see might move up a little closer on the bench of life in order to make room for a blind brother.

This call comes to all citizens of Summerland. An appeal is going forth on behalf of the more than 1100 blind persons in this province.

To help the blind to help themselves and to prevent blindness is the call which reaches us. To share a little of our sunshine with those who live in the shadows is a noble sentiment.

A manifestation of our public spirit will help to maintain a field secretary who visits the blind, deals with their problems, teaches touch reading and handicrafts and generally brings within reach of all blind persons those services which the Institute has available, such as, home teaching and employment services, the maintenance of residences for the blind, distribution of white canes, radio repairs, free radio licences, travel concessions, comfort allowances and adjustment in respect to home and community life.

Surely all these valuable aids to blind persons are a matter of deep concern to all those who are able to count good sight amongst their richest possessions. The happiness we get as a result of our contribution will, perhaps, be somewhat in proportion to the personal sacrifice each of us makes in this effort to help.

The members of the Women's Institute are sponsoring a tag day on behalf of the blind on Sept. 27, and they urge your full co-operation to make their effort a success.

WINDOW SHOPPING

Pioneer Days

THIRTY YEARS AGO
September 21, 1917

With Trustee J. L. Hilborn as chairman, the formal opening of the new school building at Trout Creek was the occasion of an enjoyable function on Friday evening. Speakers included Dr. Anderson and Principal C. W. Lees.

To the bravery of Pte. Roy Darius, of Summerland, a patient at the soldiers' convalescent home at Balfour, on Kootenay lake, a citizen of Nelson owes his life. Roy plunged to the rescue when the occupant of a boat fell overboard in a choppy sea while attempting to moor his boat.

"B.C. apple growers better get on their thinking caps and figure out some method of supplying prairie provinces during March, April and May."

A strike by the deck hands of the "Sicamous" is said to be causing some inconvenience in the shipping of fruit.

TWENTY YEARS AGO
September 23, 1927

Gene Tunney retained the world's heavyweight championship tonight against the challenger and former champion, Jack Dempsey, being given the judges decision at Chicago.

With a view to attracting settlers to the Okanagan, a branch of the Overseas Settlement League, a department of the Overseas League, well-known Empire organization, has been formed in Penticton with R. Lyon as chairman.

On Sunday, September 18, a pleasing ceremony was held in St. Andrew's United church, the occasion being the dedication of the newly installed organ. The ceremony was conducted by Rev. A. K. McMinn, Kelowna, and J. W. Jones, M.L.A., gave an interesting address on the influence of music and development of musical instruments.

Major Swan, who is conducting a probe into irrigation districts in B.C., visited Summerland on Monday to gather data on the local irrigation system. He asked the council to submit what it would like of the government in order that the system could be put into the best of condition.

Summerland is losing, but only temporarily, a citizen who has been much thought of and who has entered into the activities of the community in a way that makes him one of the "town fathers". Jack Logie is to spend the winter in California but he intends to return in the spring.

very interested in handicrafts, and sponsor displays of work of their own members and non-members at their semi-annual bazaars.

One of the most interesting meetings that I attended during the past year, was the one in which Mrs. Mann, who is a well-known local artist, using the professional name of Vaughn Grayson, addressed the W.I. There was also a display of local art, as well as copies of the work of other well-known Canadian artists. Some of the members of the W.I. must have gone to a great deal of work to collect some of the fine pictures on display, and the address by Mrs. Mann was well delivered and keenly interesting.

I think it is this originality which the W.I. displays in making its monthly meetings of such cultural interest which keeps the spirit of the members at such an enthusiastic pitch. Instead of the usual rather dull business meeting of the average women's club, attended by only the ever-faithful few who hold office; plus a scattering of the members, the W.I. meetings are always well attended, with a large number of the members volunteering to aid in the useful work done.

Following the short business meeting and the address of the guest speaker, a tea hour adds a great attraction to the meetings. Members group about small tables, and exchange bits of news about their families, and enjoy a really delightful social hour. This spirit of companionship is a great asset to the organization, in which discord among the members is an unheard of thing.

The local W.I. is a real pioneer of Summerland, being one of the first active groups of women to function locally. Several of the charter members of the original W.I. are still active in W.I. work, and have been the pioneer backbone of the foremost women's group in Summerland.

The Inside Story

By AGROLOGIST

Mr. Jack Kefford is fruit processing specialist in the Council for Scientific and Industrial Research, Commonwealth of Australia. He recently spent several days studying the methods of investigation followed at the Summerland Experimental Station. I asked him what phase of the activities of this station impressed him most. His revealing reply is summarized in the following paragraphs:

"I have been agreeably surprised at the scope and character of the investigational work which is in progress at your experimental station. I have been delighted with the enthusiasm of the staff and the friendly, cheerful atmosphere which prevails. However, the feature which has made the greatest impression on me is the versatility of the superintendent's wife.

"In the course of my long and eventful life I have encountered a few capable charwomen. I have met many devoted mothers and have heard of several faithful wives. I have had the privilege of eating meals prepared by some of the world's most famous chefs. I have been entertained by many charming hostesses, but it is indeed seldom that one finds embodied in a single individual those characteristics which make for superiority in each and every one of these difficult and exacting roles.

"In these servant-less days, a large house is somewhat of a liability. The clean and shining appearance of the spacious rooms in the superintendent's residence indicate that Mrs. Palmer is a most efficient housekeeper. Two healthy, well-mannered boys reveal that she is a devoted mother. Similarly the superintendent's carefree countenance indicates that he has no doubts regarding the faithfulness of his wife. The roast chicken and blueberry pie dinner with which I was welcomed was a delight to the eye as well as to the palate.

"Mrs. Palmer's culinary ability is probably one good reason why the superintendent prefers to eat at home rather than to travel abroad. However, it was the miraculous change from the role of cook to the role of hostess which amazed me most. A gifted raconteur, herself, this gracious lady has the ability to draw her guests into the conversation with the result that I felt quite at home in a remarkably short time.

"It is most fortunate that Mrs. Palmer is a talented hostess as she is called upon to entertain large numbers of visitors from many walks of life. During my short stay at the station, visitors came from Vancouver, Espanola, Montreal, Swift Current, Lethbridge, Prince George, Ottawa and Sweden. They arrived by train, by bus and by car. Refreshments were served at breakfast time, lunch, afternoon tea and dinner. From wherever these visitors came and whatever time they arrived, they were welcomed with a warmth of hospitality which I am confident will make a lasting impression on them."

The Feminine Front

by MURIEL HURRY

One of the busiest and most useful groups of women in Summerland is the Women's Institute. In their own quiet way they are ready to serve the community at a moments notice.

And they not only serve the community in which they are active, but the entire world, through their affiliation with the Countrywomen of the World.

They send parcels of foodstuffs to Holland and to England, and assist in the support of homes for ill children here in Canada. They raise funds and contribute their support to worthy objects of the community and the province. They hold tag days to raise funds for the blind.

At every monthly meeting they endeavor and generally succeed in sponsoring an interesting speaker, who has a real message for the always enthusiastic audience.

And it is heartwarming to see the pride of the members in their organization. They know that they fill a very necessary need, and they have never, as far as I have observed, failed to live up to a responsibility or to a worthy job that they feel ought to be done.

It amused me at a recent meeting to hear the energetic president express regret that the local W.I. had not done more toward welcoming new comers of the feminine sex to the community. With all the committees reporting on the various undertakings of the organization, it did not seem possible that they could feel that they were slacking in any imaginable way. But at once they made tentative arrangements to invite newcomers and young mothers, who could not attend afternoon meetings to a social evening, wherein the W.I. members could become better acquainted with the women of the community.

As I am not a member of the W.I., although they have always made me feel most welcome at their meetings, I hesitated to suggest that they follow the plan of the St. Stephen's W.A., who have an afternoon and evening branch to their organization, with young mothers and others of younger years attending the evening meetings.

The W.I., although undenominational, is a Christian organization, and as in every group of earnest, civic-minded women, you will notice that the leaders of the W.I. are also good workers in their own church groups.

The women of the local W.I. are

NEW BOOKS AT UNION LIBRARY

Some new books have arrived at the Summerland branch of the Okanagan Union Library, W. C. W. Fosbery reports. These include: Cruise of the Broadwinner, H. E. Bates; Death of a Train, F. W. Crofts; Pointer to a Crime, A. E. Fielding; Big Sky, A. B. Guthrie; Friends and Lovers, Helen MacInnes; Devil at Westons, V. Sackville-West; Faces of Destiny, Y. Karsh; Laughing Stock, B. A. Corf; Imperial Commonwealth, G. E. Elton.

Circulation of books in August numbered 603 from the local library.

TALK TO SCOUTS ON PARIS TRIP

Patrol Leader Tommy Davis, of Vernon, who attended the international Scout Jamboree at Paris, France, will talk to Scouts of the Okanagan South District at a big open house at King's Park, Penticton on Saturday afternoon.

Scouts and Cubs from Summerland, Naramata, Kelowna and Penticton will take part in the open house ceremony. A parade will leave Gyro Park, Penticton, at 2 o'clock Saturday afternoon and march to King's Park.

C. W. Morrow, M.L.A. for North Okanagan, Vernon, district commissioner of Boy Scouts, will accompany P/L Davis to Penticton.

BOZO

By FOXO REARDON

Mrs. A. W. Vanderburgh, accompanied by Mrs. A. J. Mann and Dr. Allison Ritchie, of London, England, drove to the coast on Saturday for a short visit. Mrs. Vanderburgh attended the annual convention of the B.C. School Trustees Ass'n. at Harrison Hot Springs from Monday to Wednesday.

Dangerous Driving Brings Fine For Penticton Man

Arising out of an accident on the Okanagan highway two miles north of West Summerland, Joe Vanjoff, of Penticton, was charged before Magistrate H. Sharman in Summerland police court by Constable H. Cartmell, on September 16, with dangerous driving. The accused was fined \$15 and costs and given a blue driver's licence. He collided with a car driven by J. R. Geaves, of Kelowna, on Saturday, September 13. Charged with failing to obtain a driver's licence, Robert Ward was fined \$5 and costs by Magistrate Sharman on September 19. Arising out of a disturbance at the Nu-Way Cafe on Saturday, September 6, Yuki Kawasaki and Charles Menu, of Summerland, appeared under Section 238 (R) of the Criminal Code and were charged with vagrancy. They were each assessed \$10 and costs and agreed to pay for the damage, which included broken windows.

Miss Berit Rasmussen, of Sande Fjord, Norway, a student at the University of British Columbia, was a recent visitor at the home of Dr. and Mrs. A. W. Vanderburgh.

Canadian Agricultural Commissioner To London Discusses Economic State

Britain's desperate economic situation was the theme of a talk given by J. G. Robertson, Dominion Agricultural Commissioner at London, at a meeting of the Summerland local of the Agricultural Institute of Canada on Wednesday September 3 at the experimental station. Beginning his talk with a few words of greeting from the British local of the AIC, Mr. Robertson then dealt with the food situation in the "Old Country". He stated that all the essential foods are rationed and Britain is subsidizing the purchase of many of these foods in order to protect the purse of the working man. For example, Britain is buying eggs at seventy cents a dozen and selling them to the people at forty cents. This measure was intended chiefly to hold down the cost of labor and prevent inflation.

Coal Situation Serious The coal situation is one of the most serious problems Britain has had to face, Mr. Robertson declared, as everything depends on coal. Without adequate supplies of coal Britain will have to curtail her ship building program, the largest in the world, he said.

Many factors enter into the reasons why coal production is inadequate. In the U.S.A. about 200,000 miners are needed to produce 700,000 tons while in Britain the figures are reversed and it would take 700,000 miners to bring forth only 200,000 tons.

The British unions have won a five-day working week on the promise that they could produce as much in this time as was formerly turned out in the old week. Miners were being given extra food rations, yet considerable absenteeism was still occurring.

Turning to British agriculture, Mr. Robertson declared that despite the severe winter, Britain's crop of tree fruits is heavy. A good crop of cherries had been harvested as well as a good plum crop. So great is the apple crop this year that the tonnage is considered to be equivalent of a normal crop plus all the apples Britain usually imports. This fact, combined with the dollar shortage, is the reason for curtailing the importation of Canadian apples.

During the war the emphasis had been on production of wheat and the acreage devoted to sowing of coarse grains for stock had been diminished. A shortage of pork products existed. The severe winter had wiped out 4,000,000 head of sheep, a number virtually equal to the entire sheep population of Canada, the British Ministry of Agriculture, has stated.

Need Fifty Tons Mr. Robertson described several agricultural shows he had attended both in Britain and on the continent. Despite the war, and the present difficulties these exhibitions were of the highest standard.

The speaker had been a delegate to the International Cereals Conference held in Paris. Food and Agriculture Organization experts had told this assembly that of the fifty millions tons of wheat required to feed the world only thirty-two millions could be mustered. This warning had served to impress wheat importer nations of the need for rigid economies, Mr. Robertson stated.

In the course of his address Mr. Robertson pointed out that Canadian bacon ranked the highest in quality of any sold in the United Kingdom. Canadian eggs and cheese were also of the highest standard. An opportunity to establish permanent markets for these products is at hand, he stated.

Asked whether he thought Britain would come through this present crisis, Mr. Robertson declared that if she failed the whole world would be in chaos because nearly all the European countries are in much worse condition than Britain right now.

Asked how best we in Canada could help our old country cousins, Mr. Robertson pointed out that parcels of food not exceeding 20 pounds in weight could be sent. This, he thought, would do much to bolster the morale of these people.

The speaker was introduced by Mr. Ewart Woolliams. Mr. Arthur Mann tendered a hearty vote of thanks.

Mr. and Mrs. Art Turner and family of Turner, Wash., were recent visitors at the home of Mrs. Turner's brother and sister-in-law, Mr. and Mrs. Joe Burnell.

NEW LIST OF FILMS CAN BE OBTAINED NOW

Films which may be obtained through the Summerland Film Council have now been listed by Mrs. J. McLachlan, secretary, who states that these showings will be available until the end of October.

There are a dozen organizations in Summerland now affiliated with the film council and these films are available to these groups. Other bodies who wish to obtain films for showings at their meetings can make the necessary arrangements for film rental, provided approved projectionists are used for the operation of the projector, Mrs. McLachlan states.

Canadian Screen Magazine film includes four news reels showing shots from Exercise Muskox, wartime seaweed industry at Yarmouth, N.S., Canada's Flying Wing passing flight tests at Edmonton and solving the housing shortage at Saskatoon.

Care and raising of cattle in the Canadian west is depicted in Cattle Country.

Kitchen Comes True is a demonstration of how an old-fashioned farm kitchen may be converted into a modern and convenient room.

An eight-minute film "Let's All Sing, is a community sing-song showing.

The Fraser Valley union library mobile unit is depicted in Library on Wheels, while development of modern communications is detailed in News in the Air. Physical Training in Sweden shows sports and emphasizes the Ling System.

Life cycle of the sockeye salmon and its return to the Fraser river is another interesting film entitled Salmon Run. Measures taken to counteract the spread of T.B. in the United States is entitled Target T.B.

The vital uses of oil, geologists searching for oil and the technicalities involved are the main features of Ten Thousand Feet Deep. Treasure Hunt gives an outline of prospecting for hidden wealth in northern Quebec.

Spraying methods for large and small gardens and the development of insects at different stages in their growth is the subject matter for Vegetable Insects.

DISCUSS CHANGE IN BUS PARKING

Representatives of the retail merchants will be asked to attend the next meeting of the municipal council to discuss the subject of Greyhound buses parking on Granville street.

The retail merchants have requested that the buses remain in the business area, whereas the council had advocated to the Greyhound officials some time ago that, because of the traffic hazard, some action should be taken towards removal of the buses.

Municipal Clerk F. J. Nixon pointed out that the council had never advocated removing the Greyhound depot from Granville, but only that the buses should not be parked there.

Merchants' Bowling League To Commence on September 29

With eighteen teams participating, the merchants' bowling league will get underway on Monday, Tuesday and Wednesday of next week at the National Bowladrome. The schedule for the rest of the year is given below, and is divided into the hours of play, 7 and 8:45 p.m. on each day. Wednesdays, there is just one allotted time, 7 p.m.:

September 29—Butcherteria vs Bank of Montreal, Capitol Motors vs Westland Bar; Braddicks vs Mac's Cafe, Cake Box vs Nesbitt & Washington, Sept. 30—Bowladrome vs Sanborn's, Hills & Clough's vs Smith & Henry; Holmes & Wade vs The Review; Family Shoe Store vs Quality Meats, Oct. 1—Elliott's vs Pollocks; Groceteria vs Overwaitea.

October, 6—Braddicks vs Westland Bar, Cake Box vs Mac's Cafe; Bowladrome vs Nesbitt & Washington; Mills & Clough's vs Sanborn's, Oct. 7—Holmes & Wade vs Smith & Henry; Family Shoe Store vs The Review; Elliott's vs Quality Meats, Groceteria vs Pollocks, Oct. 8—Butcherteria vs Overwaitea; Capitol Motors vs Bank of Montreal.

October 13—Bowladrome vs Mac's Cafe; Hill's & Clough's vs Nesbitt & Washington; Holmes & Wade vs Sanborn's; Family Shoe Store vs Smith & Henry, Oct. 14—Elliott's vs The Review; Groceteria vs Quality Meats; Butcherteria vs Pollocks; capitol Motors vs Overwaitea, Oct. 15—Braddicks vs Bank of Montreal, Cake Box vs Westland Bar.

October 20—Holmes & Wade vs Nesbitt & Washington; Family Shoe Store vs Sanborn's; Elliott's vs Smith & Henry; Groceteria vs The Review, Oct. 21—Butcherteria vs Quality Meats; Capitol Motors vs Pollocks; Braddicks vs Overwaitea, Cake Box vs Bank of Montreal, Oct. 22—Bowladrome vs Westland Bar, Hill's & Clough's vs Mac's Cafe.

October 27—Elliott's vs Sanborn's; Groceteria vs Smith & Henry; Butcherteria vs The Review; Capitol Motors vs Quality Meats, October 28—Braddicks vs Pollocks; Cake Box vs Overwaitea; Bowladrome vs Bank of Montreal; Hill's & Clough's vs Westland Bar, Oct. 29—Holmes & Wade vs Mac's Cafe; Family Shoe Store vs Nesbitt & Washington.

November 3—Butcherteria vs Smith & Henry; Capitol Motors vs The Review; Braddicks vs Quality Meats; Cake Box vs Pollocks, Nov. 4—Bowladrome vs Overwaitea; Hill's & Clough's vs Bank of Montreal; Holmes & Wade vs Westland Bar; Family Shoe Store vs Mac's Cafe, Nov. 5—Elliott's vs Nesbitt & Washington, Groceteria vs Sanborn's.

November 10—Braddicks vs The Review; Cake Box vs Quality Meats; Bowladrome vs Pollocks; Hill's & Clough's vs Overwaitea, Nov. 11—Holmes & Wade vs Bank of Montreal; Family Shoe Store vs Westland Bar; Elliott's vs Mac's Cafe; Groceteria vs Nesbitt & Washington, Nov. 12—Butcher-

teria vs Sanborn's; Capitol Motors vs Smith & Henry.

November 17—Bowladrome vs Quality Meats; Hill's & Clough's vs Pollocks; Holmes & Wade vs Overwaitea; Family Shoe Store vs Bank of Montreal, Nov. 18—Elliott's vs Westland Bar; Groceteria vs Mac's Cafe; Butcherteria vs Nesbitt & Washington; Capitol Motors vs Sanborn's, Nov. 19—Braddicks vs Smith & Henry, Cake Box vs The Review.

November 24—Holmes & Wade vs Pollocks; Family Shoe Store vs Overwaitea; Elliott's vs Bank of Montreal; Groceteria vs Westland Bar, Nov. 25—Butcherteria vs Mac's Cafe; Capitol Motors vs Nesbitt & Washington; Braddicks vs Sanborn's; Cake Box vs Emith & Henry, Nov. 26—Bowladrome vs The Review; Hill's & Clough's vs Quality Meats.

Box vs Smith & Henry, Nov. 26—Bowladrome vs The Review; Hill's & Clough's vs Quality Meats, December 1—Elliott's vs Overwaitea; Groceteria vs Bank of Montreal; Butcherteria vs Westland Bar; Capitol Motors vs Mac's Cafe, Dec. 2—Braddicks vs Nesbitt & Washington; Cake Box vs Sanborn's; Bowladrome vs Smith & Henry; Hill's & Clough's vs The Review, Dec. 3—Holmes & Wade vs Quality Meats; Family Shoe Store vs Pollocks.

December 8—Butcherteria vs Groceteria; Capitol Motors vs Elliott's; Braddicks vs Family Shoe Store; Cake Box vs Holmes & Wade, Dec. 9—Bowladrome vs Hill's & Clough's; Nesbitt & Washington vs Bank of Montreal; Pollocks vs Westland Bar; Quality Meats vs Mac's Cafe, Dec. 10—The Review vs Nesbitt & Washington; Smith & Henry vs Sanborn's.

December 15—Braddicks vs Holmes & Wade; Cake Box vs Hill's & Clough's; Bowladrome vs Groceteria; Overwaitea vs Sanborn's, Dec. 16—Pollocks vs Bank of Montreal; Quality Meats vs Westland Bar; The Review vs Mac's Cafe Smith & Henry vs Nesbitt & Washington, Dec. 17—Butcherteria vs Elliott's; Capitol Motors vs Family Shoe Store.

CENTRAL B.C.
Possibilities of the rich farming and lumbering territories of central British Columbia, with Prince George as the focal point in this development were aired to the Rotary Club of Summerland on Friday by F. V. Hutton, superintendent of the experimental station at Prince George.

"Central B.C. has the best mixed farming land I have ever known," declared Mr. Hutton, who explained that there are no dry periods and the amount of wind is small. Average rainfall is about twenty inches.

This immense valley, which extends from Jasper to Prince Rupert and diverts down the Fraser, is about a thousand miles in extent and is mainly a clay area, which provides a strong farming land. It takes a lot of work and at the start an amount of money to clear.

Clover seed is the main production right now and it can be grown everywhere, Mr. Hutton explained. Yield last year was 600 pounds to an acre and the producer obtains 30 cents to 50 cents per pound.

Dairy and Lumber
However, the district around Prince George does not provide enough eggs, milk or meat to supply the city of 7,000. He favors the rotation of crops and the more diversified method of farming for this large district.

Lumbering is also a big industry and in the Prince George area there are some 200 sawmills, mostly cutting rough lumber, 85 per cent of which is spruce.

This huge valley is capable of containing between 20,000 and 30,000 families, he believes, especially when a planned hydro development is undertaken. With hydro facilities, pulp and veneer mills could be introduced as there are excellent stands of cottonwood running hundreds of miles to the north.

There are extensive range lands to the north and west of Prince George, which would be excellent for dairy and cattle ranches, while there are wonderful possibilities for honey production, and a start on this line has already been made.

Mr. Hutton spoke shortly of the Hart highway, which he expects will be completed in 1949. This new route to the Peace River block is a scenic and pleasant road to drive and will mean a great deal to the Prince George area, he concluded.

Mr. George Barnes is a Vancouver visitor this week.

Mrs. Nancy Stewart, who has been managing the Lakeside Inn during the absence of Mr. and Mrs. L. J. Wignall, left on Friday evening to return to her home in Vancouver.

Portable Sawmills

"Little Giant" saw and tie mills in stock for immediate delivery. Heavy duty husk with variable belt feed, 2-7/16" mandrel. Has approved saw guide, splitter and 20" drive pulley. Choice of 3 size carriages and all have quick acting set works with 6 pawls and 48 ft. track mounted on 4" x 6" fir ways in 16 ft. sections. Mill has wide range of capacities up to 20,000 ft. per day, and efficient operation at any output.

PLANERS

4 sided all steel, high speed, all ball bearing 6" x 16" general purpose planer fully equipped with high speed knives and belts, countershaft, slotted steel side heads for \$1,780.00. Shimer heads for matching and shiplap supplied at small additional cost if required. A modern high speed low priced planer, that turns out excellent material. Write for illustrated circular.

We sell sawdust and shavings exhausters, edgers, lath mills, steel belt lacing and belt lacers, truck winches and power units.

Your enquiry will receive prompt attention.

Outstanding Artists Billed For Pentiction
 Four outstanding concerts are being planned for the winter season at the Scout hall in Pentiction by the newly-formed South Okanagan Greater Artists Ass'n. in conjunction with Hilker Attractions of Vancouver.

The Greater Artists group was formed at Pentiction two weeks ago, with Roy F. Angus and Miss Kay Hamilton being two Summerland representatives invited to participate.

Thomas L. Thomas, Metropolitan Opera baritone, heads the four concert groups who will appear this winter. A block of tickets was allotted to Summerland district and a ready sale has been reported. Special student tickets were also provided.

In order to finance the appearance of these outstanding artists advance ticket sales to cover all four appearances had to be arranged. There will be no admissions allowed for single performances, but tickets for all four concerts had to be obtained. Ticket sales closed on Monday, September 22, and it is understood that sufficient numbers were sold to ensure the success of the venture.

Other artists who will appear, at these concerts are Jean Watson, brilliant Canadian contralto; Sidney Foster, a young piano virtuoso; and the National Male Quartet, providing classical and modern hits.

First concert will be on October 25 when Sidney Foster will appear. Always use a cutting board when shredding or cutting vegetables or slicing fruit on the drain-board or sink to avoid chipping the enamel.

Canadian Fashion

STAG LINE'S DREAM—Very gorgeous is "Cover Girl" Pat Burrage in her portrait gown of tulle and satin in eggshell tones as created by Alfandri, Canada's noted designer. Note flange puffed peplum and same accent at neckline and American Beauty roses at the waist on the left side.

Life of English Housewife Is Told Institute

Dr. Allison Ritchie, of London, England, who is visiting for several months at the home of Mr. and Mrs. Lee McLaughlin, was an interesting guest speaker at the first meeting for the fall season of the Summerland Women's Institute, which was held in the Parish Hall on Friday afternoon, Sept. 12.

"The General Life of the Englishwoman in England Today" was the theme of Dr. Ritchie's address, and she stressed the factors which have led to the present conditions in England. Chief among these factors are the food ration, which has lasted for six years, the clothes rationing, which has been in force for five years, the bomb damage, which demolished or damaged one in every five houses, with a resultant acute shortage of housing.

There is still a shortage of manpower in England, and a shortage of money, with the result that very few commodities are being made for the home market, she said.

Food Returning
 The average English housewife, in a large town, explained Dr. Ritchie, has a pretty tough time, with all food rationed except vegetables. Each family must be registered at their own local shop, and they are not allowed to buy rationed commodities at other shops. It generally takes hours for the housewife to do her shopping, due to the complicated coupon system, and the necessity of allocating points as carefully as possible, so that the utmost of rationed goods may be purchased.

Clothes are very difficult to get, especially winter clothes, continued Dr. Ritchie, and coupons simply do not go around for all needed clothing. With the growth of children it would be exceedingly difficult to keep them in clothing if it were not for the second-hand clothing depots for school children.

Household linens are all rationed, such as curtain material, towels, pillow cases, etc., and must be purchased from the personal clothing coupon allowance. Furniture is almost impossible to buy with vouchers, which are difficult to procure, necessary for even utility furniture.

Fuel Is Headache
 Fuel is another headache, as the gas and electricity which are used extensively for fuel is cut off entirely from 9 to 12 a.m. and 2 to 4 p.m., each day, and the supply cut down during the other hours.

The greatest sufferers in England are those who were bombed out, as with the shortage of all necessary commodities, it is difficult for them to gain a new start. Conditions in England are gradually improving, believes Dr. Ritchie, who explained that the ration system is reliable with rationed goods always available.

However, life there is monotonous, with no luxuries. Canadian parcels are always a source of delight, and are always unselfishly shared with others less fortunate.

Children are well looked after, continued Dr. Ritchie, with a daily free hot meal provided at school. Children are allowed one pint of milk daily, and fresh fruit and bananas are available for children, as well as fruit juices for infants.

Health Is Good
 Day nurseries, staffed with trained nurses are a great help to mothers, and although there is some talk of closing these since the end of the war, it is hoped that they will continue in operation for the present, at least.

The general health of the English is good, stressed Dr. Ritchie, who gave the credit to the balanced diet that all the populace receives.

Medical treatment in England is excellent, stated Dr. Ritchie, who is a specialist in pulmonary tuberculosis, with free care provided from birth through school, and free attention for all workers and their dependant families. Free hospitalization is provided for all who need it.

Dr. Ritchie concluded her interesting address by explaining that the present conditions in England are "the aftermath of any war," and that the English accept them as such.

Tag Day Committee
 This first meeting of the season was opened by the president of the W.I., Mrs. M. Collins. It was decided during the business meeting that the Institute for the Blind tag day would be held here on Saturday, Sept. 27. Mrs. M. Hookham and Mrs. Joe McLachlan will head the committee in charge of the tag day.

LOCAL TRUSTEES AT CONVENTION
 Summerland school trustees P. G. Dodwell and Mrs. A. W. Vandenberg were official delegates to the annual convention of the B.C. School Trustees' Assn. convention which was held at Harrison Hot Springs from Monday to Wednesday of this week.

Accompanying Mr. Dodwell on his motor drive to Harrison was former Summerland School Board Secretary J. C. Barkwill, who was a visitor to the convention sessions. All members of School District No. 15 were present at the convention including Chairman Dr. T. F. Farnley, Mrs. R. B. White, H. A. LeRoy, and W. W. Riddell, Pen-

soap. Tea was served at the close of the afternoon. There were about 60 members present.

PEACHLAND
 PEACHLAND—The Parent-Teachers' Association met in the municipal hall on Friday evening, Sept. 19. One feature of the evening was welcoming the new teachers.

The presentation to cadets of certificates on wireless was made by P. C. Gerrie. Barbara Topham was first with first and second certificates; Bettie Manning, first certificate and Ellen Manning first certificate. Each certificate was accompanied by three dollars. The money was given by the P.T.A.

Miss M. Cammaert, district health nurse, spoke in favor of a baby clinic being established in Peachland. A committee was appointed to investigate places and prices. This committee comprises Mrs. N. Witt and Mrs. D. Coussins.

It was suggested that soup be served to the children at the noon hour occasionally.

Tea was served by Mrs. Stanley Dell and Mrs. N. Witt.

Mr. and Mrs. C. O. Whinton have gone to Beaver Lake for a weeks holiday, leaving Peachland on Wednesday, Sept. 17.

Enough cast iron soil pipe and fittings were produced in Canada during the first three months of 1947 to supply more than 22,000 new homes.

PEACHLAND
 Enough cast iron soil pipe and fittings were produced in Canada during the first three months of 1947 to supply more than 22,000 new homes.

Medical treatment in England is excellent, stated Dr. Ritchie, who is a specialist in pulmonary tuberculosis, with free care provided from birth through school, and free attention for all workers and their dependant families. Free hospitalization is provided for all who need it.

Tag Day Committee
 This first meeting of the season was opened by the president of the W.I., Mrs. M. Collins. It was decided during the business meeting that the Institute for the Blind tag day would be held here on Saturday, Sept. 27. Mrs. M. Hookham and Mrs. Joe McLachlan will head the committee in charge of the tag day.

It was also decided that the W.I. would aid the Queen Alexandra Solarium Jr. League in Victoria by distributing here cartons of match folders, to be sold for one cent a folder, with the proceeds to go to the solarium. Mrs. S. A. MacDonald and Mrs. Harvey Wright will be in charge of the distribution and the collection of funds.

Apples were donated for the Solarium by the Mesdames C. Blaney, E. C. Bingham, H. B. Mair, G. Morgan and M. Collins.

A report on the seven parcels packed and sent to Holland was heard from Mrs. W. R. Powell, who was assisted in this undertaking by Mrs. H. R. McLarty. These parcels comprised tea, coffee and

Five Ministers at Peachland United

PEACHLAND — Five ministers were present in the United church on Sunday and a splendid meeting was held. Rev. McMillan read the lesson. Rev. Ashford delivered an address. Rev. R. P. Stobie made the prayer and Rev. F. W. Has-kins pronounced the benediction. Rev. Ashford and Rev. McMillan are from the Crusaders Cavalcade now touring Canada. Rev. McDonald introduced the speakers. Mr. Ashford is a former friend of Jack Cameron, a prominent resident of Peachland and Mrs. Mary Smith a new-comer here.

Mr. and Mrs. E. F. Smith, accompanied by Mr. and Mrs. Henry Kuhar, were visitors last weekend to Spokane. They left by motor Friday evening, returning on Sunday.

Shower at Home Of Mrs. J. Betuzzi

Mrs. Arthur Simpson, the former Miss Laurette Hamel, whose marriage took place on Saturday, was the guest of honor at a miscellaneous shower on Friday evening, Sept. 19, at the home of Mrs. J. Betuzzi, who was co-hostess for the occasion with Mrs. L. Bartello.

The gifts were presented to the bride in a doll buggy, decorated with a peach and pale green color scheme, by little Linda Betuzzi.

Appropriate games and contests were played during the evening, after which refreshments were served by the hostesses.

Those present were Mesdames H. Simpson, T. Charity, J. Clark, Mary Ongaro, Pauline Soderberg, Ada Beeman, Albert Curtis, and the Misses Mary Guidi and Anna Betuzzi. Gifts were also received from Mrs. Eric Tait and Mrs. J. Cristante.

Socially Speaking

Social Editor : Muriel Hurry

A daughter was born to Mr. and Mrs. Arthur Lekei at the Summerland hospital on Tuesday, Sept. 23.

Mr. Nelson Snider of Winnipeg, Man., is visiting for a month at the home of Mrs. M. V. Dale.

A daughter was born to Mr. and Mrs. H. J. Barkwill at the Summerland hospital on Thursday, Sept. 18.

Mrs. P. G. McKechnie of Portage la Prairie, Man., who has been visiting for ten days at the home of her aunt, Mrs. M. V. Dale, left on Tuesday for Vancouver, where she will visit before returning to Summerland.

A son was born on Monday, Sept. 22, to Mr. and Mrs. Francis Pedley at the Summerland hospital.

The Misses Edna Traylor and Margaret Cusworth will leave on Sunday evening to return to Vancouver, after visiting for some time at the home of Miss Traylor's parents Mr and Mrs A. E. Traylor.

Mr. Richard Yamabe, Mr. Alfred Kita and Mr. Katsumi Imayoshi left last week for Vancouver, where they will commence studies at the UBC.

Miss Michiko Imayoshi left last Monday for Calgary, where she will attend Mount Royal College.

Mrs. T. Ohara is a visitor at the home of her son-in-law and daughter, Mr. and Mrs. N. Aoki.

Mrs. T. Nishikawa is a visitor at the home of her brother and sister-in-law, Mr. and Mrs. T. Inaba.

Mr. and Mrs. Arthur Cuthbert left last week to return to their home in Vancouver after visiting for two weeks at the home of Mr. and Mrs. Ken Heales.

Leading Seaman James Charity, who has been spending a long leave at the home of his parents, Mr. and Mrs. Tom Charity, left on Saturday for Dartmouth, N.S., where he will resume his duties with the RCNAs.

Mr. Harvey Baker, formerly of Vancouver, is at present a resident of Summerland.

Mrs. J. McPherson returned on Monday from Toronto, where she has been visiting for some time at the home of her son-in-law and daughter, Mr. and Mrs. Len Variere.

Miss Theresa Guidi and her brother, Mr. Lionel Guidi have returned from Banff, where they were members of the staff of the Banff Springs hotel, and will spend the winter months at the home of their father, Mr. F. Guidi.

Mr. E. H. C. Boyd of Vancouver arrived in Summerland on Saturday, and will reside here for the present.

Guest speaker at the Lakeside United church on Sunday evening was Rev. Herb Ashford, who is one of the pastors of the "Crusaders Cavalcade" of the United church. Rev. Ashford delivered an interesting address to a capacity congregation of over 125 persons.

Mr. and Mrs. F. G. Patterson, who have been visiting at the home of Mrs. Patterson's brother-in-law and sister, Mr. and Mrs. H. J. Penketh for about ten days, left on Tuesday evening to return to their home in Vancouver.

Mr. and Mrs. T. A. Walden have returned from Vancouver, where they spent two weeks' vacation.

Mr. Gordon Smith returned on Sunday from a vacation in Vancouver.

Messrs. Bill and John Amm have gone to Vancouver where they are re-entering the University of B.C.

WANT MORE INFORMATION WONDERFUL TRIP

Although prices have been obtained on the cost of a two-way radio set to contact the electrical maintenance crew whenever an emergency arises, the council decided that not sufficient advice had been received on the workability of the sets. The question of such a purchase has been sent back to the electrical department for further information.

"The trip was wonderful" declared T/L Tommy Davis, Vernon Boy Scout who returned recently from the Scout Jamboree in Paris, France, in writing to the Summerland council thanking that body for its donation towards his expenses. It is understood arrangements are to be made for T/L Davis to meet Summerland Scouts.

CONSIDER LANE IMPROVEMENT

Summerland council will take under review a suggestion from the Summerland Retail Merchants' Assn. that the lane to the west of Hastings street be widened to a sufficient distance that it can be used for traffic.

The council considered that it would not be a big undertaking and agreed with the suggestion.

An estimate will be provided from the roads department on the cost of the project. Some hauling away of dirt would have to be undertaken and a retaining wall placed in one portion, it is considered.

COAL OIL FAILS TO STOP STUMPS

W. Arnett wrote the council on Monday asking for removal of tree stumps on the road allowance near his property. The trees were felled earlier in the year but Mr. Arnett stated that he has counted 350 suckers on his property, all emanating from these stumps. He used coal oil in an endeavor to kill the stumps with no success, he reported. The council, on the advice of Councillor F. E. Atkinson, will inform Mr Arnett that he should use potassium nitrate.

LOCAL COUPLE MARRIED RECENTLY IN OROVILLE

A quiet wedding was solemnized in the Free Methodist church in Oroville, Wash., on Wednesday, August 27, when Miss Patricia Marlene Fumerton, eldest daughter of Mr. and Mrs. Otto Fumerton, was united in marriage to Dennis John Keen, youngest son of Mr. and Mrs. James Keen of Summerland.

The marriage vows were read by Rev. Rallert. Mr. and Mrs. Keen will reside in Summerland.

Currie's Clout Breaks Up Ball Game In 11th; Princeton Wins 3-1

L. Currie's driving ball over the first base sack into right field with the bases loaded in the eleventh frame broke up one of the most thrilling ball games of the season and gave Princeton a 3-1 victory over Summerland Merchants at Crescent Beach last Sunday in the sudden-death contest for the championship of the South Okanagan - Similkameen baseball league.

The visitors' outthrust and outplayed the local Merchants, but it was really poor baserunning which cost Summerland the game.

Art Thomas, 17-year-old Similkameen hurler, tossed heady ball all the way and held Summerland to four scattered hits, but it was the backing he received which made his performance as good as it seemed.

Fine Infield

Princeton's infield played almost airtight ball and covered their positions like veterans, while the outfield was equally on their toes.

Summerland Merchants' outfield played its usual sparkling game but the infield was wobbly, allowing more men on bases than should have been allowed and thus making Evans work harder.

Biggest crowd of the season gave forth the best collection to witness a contest which was tied up tight at 1-1 in the ninth and went two extra frames before the deciding break came.

Evans was hit hard for fifteen clouts, but they were scattered until the final stanza. He struck out three batters, while Thomas shoved them past seven.

Although Princeton had men on bases in every inning, the ice wasn't broken until the seventh, when K. Thomas singled, went to second on a passed ball, to third on Anderson's single and came home when Schull lined one to Thomson in right field.

Close Play at Plate

Summerland had a big chance in the third when Jimmy Thompson was hit by a pitched ball, went to second on a steal. Imayoshi was safe when Tom Kovich fumbled. Evans lined one to right field and Thompson tried to score from second, but was nipped at the plate. Kuroda smacked one to right field where K. Thomas made a peach of a catch.

In the last of the seventh, the Merchants came right back into the ball game when Taylor, first man up, tripled to centre field. Hankins drove one to Mullin, who

didn't get the ball back in time to nip Taylor.

With the ball game knotted, Princeton threatened in both the last two regular time frames while the Merchants had their chance to bring off the grand coup in the first of the eighth. Kuroda got to third when Walsh lined one to short right. If Kuroda had been on the bag when the ball was caught he might have reached home ahead of the throw, but he was half way home and had to return to third.

Another Close One

Hankins, in the ninth, also reached third where he was relieved by Uzawa, a speedier runner. Thompson tried to sacrifice him across but the ball went foul. Thompson connected on a hit and run play, but Art Thomas gathered it in and threw Uzawa out at the plate.

With one away in the eleventh, G. Currie singled. Mullin drove one to Uzawa for a setup double play but he fumbled and both runners were safe. Thomas' single filled the bags and Currie drove the two winning runs across with his drive over first.

Smartest play of the day was instituted by Walsh to Hankins to Vanderburgh in the fourth for a neatly-executed double-play.

With the hickory, Mullin, Mitchell and K. Thomas fattened their batting averages with a consistent display. Walsh beat out two infield hits to get half of the Merchants' safe clouts. Walsh was on the spot at the hot corner, where he was called on to handle ten hard chances. He muffed four of them, but they did not prove costly.

Bradley behind the plate and Les Gould on the bases turned in an excellent job of umpiring.

BOX SCORE

Liquor-control Plebiscites Act
PROCLAMATION OF RETURNING OFFICER
Province of British Columbia
In the South Okanagan Electoral District
TO WIT:

PUBLIC NOTICE is hereby given to the Electors of Peachland Polling Division of the Electoral District aforesaid that I have received His Majesty's Writ to me directed, and bearing date the Ninth day of September, 1947, commanding me to cause the following question, namely:—

Do you approve of the sale of beer by the glass in licensed premises, without a bar under Government control and regulations?

to be submitted according to the "Liquor-control Plebiscites Act" to the said Electors of the Electoral District aforesaid; and, further, that in obedience to the said Writ a poll shall be opened at eight o'clock in the forenoon and shall be closed at eight o'clock in the afternoon (standard time) on the Eighth day of October, 1947, for taking and receiving the votes of the said Electors aforesaid at the respective places following:—

POLLING DIVISION
Peachland Polling Division—
Municipal Hall, Peachland

Of which all persons are hereby required to take notice and to give their votes accordingly.

GIVEN under my hand at Peachland, B.C., this Twenty-second day of September, 1947.

CLIFFORD G. DUQUENLOY,
Returning Officer.

OKANAGAN APPLES SPECIAL TREAT IN GREAT BRITAIN

VERNON—B.C. apples are what British shop keepers keep under the counter for their favorite customers. Representatives of the largest importers of Okanagan apples in Great Britain say this is even more true today than it was in wartime.

It is exactly eight years since J. R. Colyer of London, a director of the Fruit and Produce Exchange of Great Britain Ltd., and William McCaig, of Glasgow, chairman of the Fruit and Produce Exchange Board, last visited the Okanagan.

Accompanied by T. A. Duthie, of Portland, Ore., they stopped over in Vernon Friday morning for a brief chat with K. W. Kinard, manager of Associated Growers of B.C., before continuing on to Kelowna for a conference with B.C. Tree Fruits Ltd. officials.

Purchase of Okanagan apples by the British Ministry of Food was seen by Mr. McCaig as "the only solution this year" to the problems revolving around importation of the choice fruit. Under this set-up, the Fruit and Produce Exchange would act as one of the distributing agents for the government in the Old Country. However, the problems of exchange are believed to be so great as to prohibit entirely any shipments for this year.

Regular visitors to the Okanagan Valley over the 20 years leading up to the war, the fruitmen were especially lavish in their compliments of the "good food here."

"The people of England are grateful not only for the money and food sent to them by Canadians but also for the goodwill that has been extended across the ocean to Great Britain," said Mr. Colyer.

He paid tribute to the efficiency of apple packers and methods used in packing. "Apples from B.C. arrived in Great Britain in excellent condition all during the war," he said.

"Britain will be buying all the fruit available from B.C. if we can get the money," Colyer said, but added "I'm very suspicious about the money part of it."

Stirling Hopes For Federal Marketing Act Next Session; Gardiner Now Favors Move

PENTICTON—Belief that the primary producer of agricultural products should have a voice, by delegated vote, in the marketing of his own product is prompting the Federal government to pass legislation giving him that voice. Hon. Grote Stirling, M.P., told members of the Pentiction Board of Trade.

Draws Sentence On Driving Count

PENTICTON—Harold Tavender, of Summerland, was on Wednesday, Sept. 17, sentenced to seven days' imprisonment for operating a motor vehicle while intoxicated. He pleaded guilty to the charge.

A statement was given by Const. W. A. Demmon, B.C. Police, that he had found accused in his car, with the car on the travelled portion of the road, in a "passed out" condition. Also that a short time previously the car had been seen moving erratically.

John Aikins, appearing for accused, presented facts before the court showing that while Tavender had taken some liquor, he had partaken very heavily of sedative tablets, owing to an illness from which he was suffering at the time.

Magistrate G. A. McLelland stated that while these were doubtless extenuating circumstances, the act as drafted left him no option.

This is the minimum sentence which can be allowed under this charge. There is no option of a fine.

effect on March 31 this year for a period of twelve months, and by which such bodies as the B.C. Fruit Board are enabled to control the movement of apples from one province to another.

"In my opinion we have succeeded in convincing the minister of agriculture, (Hon. J. G. Gardiner) who was at first a trifle lukewarm, of the necessity for this legislation," Mr. Stirling said, in reviewing the steps taken in getting the measure introduced into parliament.

Development of the present temporary act, without which marketing boards would have been stripped of such control as was given them by the War Measures Act, was traced by the speaker.

As originally introduced, the existing measure "did not give us the powers we sought." In consequence many representations were made to the minister in committee, representations in which the Canadian Federation of Agriculture played a large part, and which resulted in amendments giving some relief.

As a background to his remarks, Mr. Stirling referred to the "entire satisfaction" with which the B.C. Fruit Board carried on in the years before the war. "When war broke out, necessary powers were given the board under the War Measures Act. These powers were carried on by the Emergency Powers Act, which supplanted the War Measures Act at the end of March, 1946."

However, the Emergency Powers Act itself came to an end on March 31 this year, and only the passage of the present legislation gave the board any means of controlling the movement of its products.

In conclusion, Mr. Stirling expressed the opinion that any provincial act would be "greatly strengthened" by a new dominion act.

GARBAGE BYLAW IS PROPOSED BY DR. A. N. BEATTIE

Plans to renovate the nuisance ground to provide a proper approach and a substantial dumping platform for trucks, with the possibility of providing a small-type incinerator to take care of meat scraps, restaurant refuse and other similar types of food disposal which might breed disease, were discussed at length on Monday afternoon last week.

Those present at the informal discussion were Councillor F. E. Atkinson, who called the conference to endeavor to work out some plan to lay before the local council; Dr. A. N. Beattie, medical director of the Okanagan Health Unit; F. W. Schumann, board of trade president; Mel Ducommun, president and J. R. Armstrong, retail merchants association; Lloyd Shannon and W. White, truckers representatives, and F. J. Nixon, municipal clerk.

Councillor Atkinson divided the present problem into three parts, collection of garbage, renovation and control of the nuisance ground and its proximity to Summerland's water supply.

The danger of contamination to the water supply is negligible, the meeting was informed, especially if meat and other such refuse is disposed of in a suitable manner.

It was considered that if all business houses and homes in the vicinity of the town area provided themselves with suitable water-tight containers for garbage, then a weekly or semi-weekly pickup service would suffice.

Need for a bylaw to define the municipal code in relation to proper garbage disposal was stressed by Dr. Beattie. He explained that his health unit is not prepared to prosecute offenses but merely acts as an advisory body to check on health matters generally.

Summerland municipality should pass a bylaw so that proper garbage regulations could be enforced by the municipal authorities, he considered.

It was the consensus of opinion that a bulldozer could make a proper approach to the refuse ground and a cement or steel platform should be built so that trucks could utilize it with no danger to the truck.

A previous platform was considered unsafe by many drivers and eventually burned down.

NOW! ONE COAT MAGIC FOR WALLS!

C-I-L SPEED-EASY

JUST THINK!

A REAL OIL PAINT THAT THINS WITH WATER!

C-I-L SPEED-EASY is the slickest, quickest interior paint you ever dipped a brush into; **FAST!** Dries in just 60 minutes. **EASY TO USE!** No special thinners—just mix with water. **INEXPENSIVE!** One coat is usually enough—even over wallpaper.

C-I-L SPEED-EASY is not just another ordinary water paint, but an oil and resin emulsion; It dries with a durable oil-type surface which you can wash with mild soap and water.

Your choice of 10 beautiful pastel colours and white.

THINS WITH WATER
One gallon of SPEED-EASY, mixed with water makes up to 1 1/2 gallons of paint.

ONE COAT COVERS
One coat is usually enough over wallpaper, wallboard, plaster, concrete or brick.

DRIES IN 1 HOUR
SPEED-EASY dries in 1 hour. Then, you can replace curtains and furniture.

EASY TO WASH
After about 2 weeks, you can wash SPEED-EASY with mild soap and water.

ASK FOR SPEED-EASY—ITS NAME TELLS THE STORY

Do You Wonder Why?

Bread Prices Have Now Been Increased Three Cents, To Eleven Cents Per Loaf

We, the Bakers of Summerland, regret the increased cost to the Consumer of the "Staff of Life"

- BUT you must realize - -**
- FLOUR, now that the subsidy is removed, costs us \$4.05 more per barrel and is expected to go higher.
 - LARD prices went up 400 per cent some time ago but we absorbed this extra cost for many months.
 - MILK has now increased 50 per cent.
 - WRAPPERS are now at the highest cost level in history.
 - WAGES have skyrocketed in the Bakery trade along with all other industries.
- By raising the price per loaf three cents we will not realize any more profit than in pre-war days.

Infant Daughter of Polio Victim Is Flown to Vancouver

Small Susan Elizabeth Mallett, aged 12 days, infant daughter of Mr. and Mrs. Leslie Mallett, who was born in the Summerland hospital, where her mother is a polio patient, was flown to Vancouver on Tuesday by her uncle, Mr. Eric Mallett, who manned the controls of the private plane. Accompanying the infant and her uncle was an aunt of the child, Mrs. Jim Walker, also of Vancouver, with whom the baby will make her home for the next few months, or until such time as her mother has recovered from her illness.

ACCEPT INVITATION

All members of the municipal council will endeavor to be present at the opening of the Summerland hospital on October 8, it was stated at Monday's council session. Word had been received yesterday, Wednesday, by Mr. Mallett that Susan had arrived safely in Vancouver, with no ill effects from the trip. Susan is in an excellent state of health, stated Mr. Mallett, although she has not gained much weight since her birth on Friday, Sept. 12.

WILL USE WOOD
An application for permission to cut up a large tree on property above J. Gowan's store in lower town, made by R. B. Elliott, was turned down by the council on Monday. The council will fell the tree and have it cut up for municipal purposes, it was decided.

Mr. A. Calvert returned on Friday from a holiday in Sidney, V.I. On the motor trip to the coast he was accompanied by Mrs. E. Verity and Miss Edith Verity, who holidayed in Vancouver; also, by Miss Inez Johnson, who remained in Vancouver to enter normal school.

PAVILION FOR—
Continued from page 1
ing Memorial Athletic Park on the old Drake lot has been completed under the supervision of R. R. Smith, the subcommittee chairman, C. J. Bleasdale, reported last week. Dressing rooms and dugouts were finished some time ago, apart from the installation of toilets, and the bleachers, which will seat more than 600 persons are practically completed. These bleachers are being covered with a substantial grandstand roof. Last Sunday, a work party cleared most of the outfield and it is planned to cover one portion with more top soil next Sunday. Volunteers with shovels are called for next weekend. The running track has been staked out and work on this portion of the project will proceed later in the year or next spring. About ninety percent of the work in completing this athletic park has now been completed and it will be in readiness for the 1948 baseball season, Mr. Bleasdale reported. The memorial parks committee extended its praise to Mr. Bleasdale and his committee members for their splendid work on the Drake lot. This construction has been brought to this point well within original estimates and several additional features were added with money saved from other portions of the project. Treasurer's Report
Painting of the bleachers will be the final step in the fall program, he told the committee. With the Drake lot nearly completed, there is still a balance of some \$10,000 remaining from the funds collected in the past year, Treasurer E. R. Butler reported last week. However, with the pavilion now being projected the available funds will be taxed to their utmost to provide all the features which the committee hopes to include in these two parks. Another project for the park-playground this fall will be the improving of the hockey rink in preparation for this winter's play.

COUNCIL TO—
Continued from page 1
tion, "Members of the brigade are 'fed up' with hauling equipment with their own vehicles to fires outside the zone when they thought the municipality would have been interested enough to obtain mobile equipment by now," declared Mr. Beattie. "The society will have nothing more to do with sending the brigade out of the district," he continued, pointing out that the municipality has not paid a "red cent" towards the cost of insuring the members or fire practices. He mentioned an earlier meeting this summer when the society made representations to the council regarding splitting of payment on new equipment. Wrong Time of Year
Reeve W. R. Powell explained that the council has been in accord with helping the society in its expenses at all times, but that the request for additional expense payments should have been made before the budget was set and the tax rate struck. As it was pointed out before, the council would be quite agreeable to splitting the cost of equipment, if the request is made early in the year, Reeve Powell continued. The money is still available for mobile equipment when a suitable vehicle is obtained, he stated. The council agreed with the society delegation that the interests of the municipality will probably be better served with the council employing the brigade for fire purposes outside the district. The brigade has served notice that it will require payment of \$5 for each of the two brigade members cars needed to transport the fire equipment. Payment for each man answering the call will be at the rate of \$2 each.

Electric Kettles..

By General Electric
FEATURES—
FAST—Boils enough water for 4 cups of tea in 3 minutes.
CONVENIENT—Can be used anywhere in the home, where there is electricity.
PROTECTED—Switch automatically shuts off current if kettle boils dry.
ECONOMICAL—Heats water with less current than methods in common use.
