More Damage on Hallowe'en Night

Mail boxes and fences took the worst beating on Hallowe'en Night, declared B.C. Police Constable I. G. Thorsteinson this week.

Youth Centre Drive Now Commenced

Canvassers in the nineteen districts into which Summerland is divided have commenced their house-to-house visits on behalf of the Summerland Youth Centre drive.

The campaign officially opened on Tuesday, November 1, and will continue for two weeks, until November 15.

Mr. E. R. Butler, treasurer, reported this morning that it is too early for reports from canvassers, but a whip-around for progress reports will be made on Friday evening.

A large thermometer has been erected on Smith & Henry property at the intersection of Granville and Hastings and it will indicate from day to day the progress of the drive.

Last Saturday evening, a large parade in West Summerland's business district publicized the drive. Headed by the Summerland Band, the parade contained a horse and buggy float from Teen Town and marchers were the Girl Guides, Brownies, Cubs and Scouts.

Monday evening, a group discussion was held over Radio Station CKOK, Penticton, and included Youth Centre chairman F. E. Atkinson, Reeve R. A. Johnston, and J. Y. Towgood.

Purchase price of the old college gym is \$3,500, while an equal amount is needed to renovate the building and provide proper heating.

Pictorial Calendar Now on Sale

For some reason there is always a great deal of interest in 'firsts', and this week many are looking forward to seeing the first Summerland Pictorial Calendar which has been prepared by the Women's Institute, and is now ready for sale, complete with envelope for mailing.

The calendar is made up of a cover, featuring a picture of the "Welcome to Summerland" markers; a short sketch of Summerland's main activities, and twelve other pictures, one for each month of the year, with the calendar of the month underneath.

The pictures are outstanding beauty spots, and were all taken by local people, submitted for inclusion in the calendar.

The calendar has come out at just the right time to answer as a Christmas gift—one with an element of surprise and interest, and one which can be enjoyed by the recipient all year.

Both for those at home and for those away from home it is something which anyone would like to have and to keep, Women's Institute members feel.

These Calendars have been placed on sale at The Summerland Review office and at the Summerland 5c to \$1 store. They were printed by the Summerland Review job plant.

English Church Primate to Visit

Most Reverend G. F. Kingston, MA, PhD, DCL, DD, Archbishop of Nova Scotia and Primate of the Church of England in Canada, will visit the south Okanagan deanery of the Diocese of Kootenay on Thursday, November 3, it has been announced here this week.

A dinner is being arranged for next Thursday evening in Penticton, followed by a special service at St. Saviour's Anglican church.

Accompanying the distinguished cleric on his interior tour will be Right Rev. Frederick P. Clark, Bishop of Kootenay and Right Rev. F. Stanford, Bishop of Cariboo.

History is Made as \$12,000,000 Hope Princeton Highway Opened by Johnson Before Thousands at Allison Pass

Mark Wednesday, November 2, 1949, as the biggest day in British Columbia's history to date. That was the consensus of opinion among between five and ten thousand persons gathered at Allison Pass yesterday to witness Premier Byron Johnson accept a golden key and unlock the golden gate which had been blocking the easy transition of east-west passage over the famous Hope-Princeton Trail.

One hundred years of continuous striving on the part of individuals, groups and collections of groups was brought to fruition yesterday afternoon underneath a cloudless, clear blue sky with a hot November sun beating down on the huge gathering.

Every town and section of the entire southern interior of this vast province was represented at Allison Pass yesterday, from the Crows' Nest Pass on the east to many sections of Vancouver Island on the west.

Nearly a hundred Summerland residents alone made the trip for the opening and many hundreds more are planning to visit the Hope-Princeton within the next two weeks if the weather holds.

The ceremony which opened the broad, modern motor highway yesterday afternoon at 2 o'clock was simple but impressive in its simplicity. There was an air of happy realization of a job well done. The crowd was in a gay mood and echoed the smiles of the government officials, departmental heads and contracting firms' representatives who were among those who officiated in the opening ceremonies.

But the actual official opening centered about Premier Johnson. Finance Minister Herbert Anscob, Public Works Minister E. C. Carson and Harry Anderson, chief engineer for the public works department.

Among the many distinguished visitors was W. A. C. Bennett, MLA for South Okanagan, who was there to publicize the newest angle on the Okanagan link in the trans-provincial system, the suggestion gaining widespread favor being "The Sunshine Route".

Golden Gate Blocked New Highway

At Mile 36 on the Hope-Princeton highway, which is 36 miles from Hope and 47 from Princeton, a golden gate was stretched across the broad, gleaming surface of the highway where last winter 14 feet of snow was piled.

A wooden canopy protected the gate from above and was attached to a small set of bleachers for the official party. This wooden structure and the canopy were decorated with evergreen boughs.

It was a perfect day for the ceremony which saw, as Master of Ceremonies Hon. E. C. Carson, declared in his opening remarks, the culmination of an objective sought for 100 years.

Anscomb Claims Credit for Sunshine

Hon. Herbert Anscomb drew derisive laughter from the interior residents when he boasted, that "you can thank the City of Victoria for this weather. I brought it with me."

The finance minister pointed out that the highway board not only had the task of the Hope-Princeton but all the other highway projects in B.C. as well. He stressed that it was only nine months ago when engineers came to the section of the highway where the crowd was gathered yesterday and found 14 feet of snow.

"While we have constructed 83 miles of difficult territory, all

ing remarks, the culmination of an objective sought for 100 years.

The minister, whose department was responsible for this task, declared building of the Hope-Princeton was a gigantic job, with difficulties encountered equal to any met by highway construction crews on the North American continent.

Hon. Mr. Carson paid tribute to Hon. John Hart and Hon. Herbert Anscob, who had set the pattern for the road, while it fell to Premier Byron Johnson to carry the task through.

"Old-Timer" First Man Through Gate

Before the ceremony commenced, loud speaker calls kept searching for Miller from Ontario, but it was not until the ceremony was about to commence that Mr. Miller arrived. The crowd, by this time, had good-humoredly taken up the chant.

Consequently, when Mr. J. D. Miller, representing the department of highways in Ontario arose, he was greeted with more applause than any other speaker. He termed the Hope-Princeton "a truly amazing highway in a truly amazing district and, to the amazement of many declared it to be "near the western extremity of the Trans-Canada highway."

Another visitor who spoke shortly was Mr. Shierer, bringing greetings from the Washington State highway officials.

Just as the actual opening ceremony was about to start, a smartly-uniformed B.C. Police officer stepped forward and asked if a gentleman could speak to the premier.

Out came a grizzled prospector, leading a large black horse, with prospector's pack and pick and shovel securely lashed. He was immediately dubbed the "Old Timer" and it was found that he has been residing ten miles from the opening spot, on the Princeton side, for 54 years.

"I've been waiting 54 years for this road to open", Mr. Bonnliver the Old-Timer, quavered.

The Old Timer also presented flowers to Mrs. Johnson, Mrs. Anscob and Mrs. Carson, while later two large bouquets were presented by the Hope Board of Trade through two elderly ladies, Mrs. Fred Parnaby, a native daughter of Hope, and Mrs. C. W. Glass.

Premier Byron Johnson, before

Giants Head Road Project to be Promoted by Summerland Jaycees

Summerland Jaycees have taken to heart the promotional work of Reeve Reid Johnston regarding a road up Giant's Head and have decided that an effort should be made by this group of young men to promote the scheme.

Enthusiasm knew no bounds as the Jaycees discussed the possibilities of Giant's Head as a major scenic attraction for the Okanagan at the monthly dinner meeting in the Nu-Way Annex.

Chief proponent of Jaycee action was Vice-President Bob Bleasdale, who stressed the scenic possibilities and the value to the community as a tourist attraction.

Reeve Johnston was a dinner guest and declared that "this scenic viewpoint is not at our backdoor... it's right at Summerland's front door. It is one of the greatest assets in the Okanagan and I can see in it great possibilities for Summerland."

His Worship urged the Jaycees to arouse public interest in the project and considered that if local residents or organizations could raise a small fund to pay for fuel that sufficient machinery should be forthcoming to locate a one-way road up the Giant feature.

He also told his audience of some of the scenic splendors which he had witnessed on his lengthy tour across the continent this year and declared that none of these can compare to the view which can be obtained from Giant's Head.

Other speakers stressed the natural beauties to be observed on the Head and of some of the peculiarly-shaped trees which grow there.

Mr. Bleasdale was named as a committee chairman to go further into this scheme and plan for the furtherance of the needed road construction.

PREMIER BYRON I. JOHNSON

HON. E. C. CARSON Minister of Public Works

All B.C. Went To Opening of Hope-Princeton

(By J.R.A.)

It was truly an amazing and inspiring spectacle to witness the opening of a highway link which has been nothing but a dream to countless thousands of persons for a century.

Yesterday, we had such an opportunity, driving from Summerland to the opening of the Hope-Princeton highway with Rev. Father A. M. Meulenbergh, in his brand new station-wagon-style car which was just being broken in.

We started from Summerland about 8:30 Wednesday morning and throughout the whole trip never went over forty-five miles per hour, as the car was too new. At that, we were 38 miles from Hope by shortly after 12 o'clock. We could have been in Hope by then if we had been in a hurry.

Princeton was seething with excitement when we entered, and everywhere banners proclaimed a Welcome. Streets had been swept clean, buildings decorated and everywhere you looked a celebration glow permeated.

Driving out of Princeton we entered the highway at the 2,100-foot level and immediately started to gain elevation to near the 2,800-foot level before levelling off and declining slightly to Whipsaw Creek, four miles from Princeton.

From there, one climbs to an elevation nearly as high as any point you reach on the highway, before descending to Copper Creek which is just over the 2,100 foot level. From there to the summit at Allison Pass there is a gradual climb which is hardly noticeable but which reaches the height of the highway at 4,400 feet.

Nearby the Three Brothers Mountain is plainly visible with the snow-covered peaks rising majestically over 7,000 feet.

Sloper Descent to Coast From Allison Pass the descent is steeper down to the Skagit river, where there is a levelling off to the Skagit Bluffs and then another quick, short descent to the Sumalla river. For twenty miles the road is fairly level before it takes the final dip down to Hope at the 157-foot level.

From Princeton, one travels nearly straight south until Copper Creek is reached, when there is a gradual arc around to Allison Pass, and then the route is practically due west.

It is a modern, broad highway, marked with the modern white centre lines, and with

Remembrance of the Glorious Dead

REMEMBRANCE of the Glorious Dead and Practical Assistance to the Living. That in a nutshell is exactly what you are doing when you purchase a poppy on Poppy Day which in Summerland and throughout most Canadian towns falls on Saturday next, November 5.

The Canadian Legion is hopeful of raising one million dollars for the assistance of veterans across the country. And this assistance works in two ways.

Firstly, the disabled veteran who makes the poppies and the wreaths is given useful employment in a task which is not arduous. In his disabled condition, this veteran might otherwise be a public charge.

Secondly, the net receipts after the poppy costs are met, go into the Legion funds for the relief of ex-service men or women or their dependents.

This is a practical demonstration of useful assistance arising from a fund which uses the blood red poppy of Flanders as its emblem. Those who died on Flanders Field and on the other battlefields of the world must feel proud that the symbol of their noble sacrifice is being used to such advantage.

That the memory be not forgotten in this community we quote a few short lines:

Let not short memories	The scarlet poppies
So lightly cast	Mark their place
The brave	O'er sodded mound
Into the dim recesses	In foreign soil
Of the past.	On which they bled;
Let not their valour	Or on the breast of him
Be a meteor trail	Whose heart still holds
Which bursts in glory	The memory of the
But to fade in pale	Dead.
Reminiscences.	

Is It Too Much to Ask?

NEXT week, on Friday, November 11, we have a solemn duty to perform . . . a duty which should be accepted with alacrity by every man, woman and child in this community.

We refer, of course, to attendance at the annual Remembrance Day service. Here is a solemn moment out of the year when we are asked to bow our heads and remember our friends and comrades and those thousands of unknowns who paid the supreme sacrifice.

Their lives were cut short in the belief that

they were fighting for a better world, against the domination of dictatorial agencies. Most of us came back to work out the salvation of this world but many stayed behind.

It is little enough to ask that those of us who are at home now should devote those few spare moments once a year to Remembrance. Last year only too few made any attempt. It was not a credit to a community of Summerland's stature. Next Friday, let us turn out as never before for this solemn moment.

Vandalism on the March Again

RIGHT on the eve of the Youth Centre campaign, right in the midst of collecting money for playground equipment for their own purposes at the elementary school, children created havoc on Hallowe'en which will be a black mark against them for years to come.

For a long time decent, honest residents have been shelling money out of their pockets to pay for the damage done by Hallowe'en pranksters. This year seems to have been more rowdy than usual, with more resultant damage to property.

We don't mind the windows being liberally soaped, a mess of boards and other minor debris strewn on the streets, along with the odd sign or abandoned wagon . . . that comes under the name of clean fun and does nobody any harm. It creates a little more work for the road department, and that's about all, unless some foolish car driver cruises at more than ordinary speed on Hallowe'en night and crashes into some obstacle . . . but no driver should travel at more than a slow speed on Hallowe'en Night in a populated area . . . if he does, then he is driving to the common danger, knowing full well the chances he is taking.

But we do raise a big objection to the fiendish delight taken by irresponsible youths in pulling down fences and other pieces of property owned by really elderly people.

Early Tuesday morning we heard of several instances where fences belonging to persons in their seventies were ripped apart. These old people couldn't give chase, they have no extra means to employ guards and it will pinch their pocketbooks to have to replace the broken fences.

"And what makes me doubly mad is that the fences where there are boys in the family were not touched," declared one elderly citizen to this writer on Tuesday. "It was only us elderly people who had our fences knocked down and broken."

There were many other instances of wanton destruction. Jagged edges of broken bottles were strewn across busy streets with the result that many tires were ruined beyond repair.

It behoves every parent to cross-examine his children closely regarding these Hallowe'en depredations. Of course, it is the call of the pack, the lust for destruction lying in a dormant state in most civilized humans, which incites youth to these extraordinary acts on Hallowe'en.

We feel certain, however, that if a parent tackles the control problem properly then his children can be shown the difference between the fun of Hallowe'en and the acts of destruction which cause so many heartaches to innocent people.

Signifying Nothing

By RUSTICUS

My parents never thought much of Hallowe'en. They came from the Old Country, and their big festival at this time of year was Guy Fawkes Day, on November 5. Ever since Guy Fawkes was captured in the basement of Parliament in 1605 beside the thirty-six barrels of gunpowder that he was waiting to touch off, he has been a popular hero in England, apparently. Not because he tried to blow up Parliament, but because his memory provided an outlet, like Hallowe'en, for the high spirits of youngsters generally. In my parents' day—I wonder if it still remains so?—the anniversary of his capture was an evening for firecrackers, noise, and excitement, climaxed by burning an effigy of Guy Fawkes to the tune of:

"Guy Fawkes, Guy;
Stick 'im up on 'igh;
'ang 'im to a lamp-post
And there let 'im die!"

It is from these horrible-looking effigies, incidentally, that our word 'guy' originates; its English meaning is still "grotesquely dressed person . . ."
From what my parents used to tell, there was no mischief-making that night, just good, clean noisy fun—but you know what parents are. Certainly there couldn't have been, in sedate old urban England, the pranks played on Hallowe'en in my rural Canadian youth, when gates were hung on telephone poles, buggies on barn roofs, and cattle coaxed in to the upstairs of the school. Not to mention the overturning of large numbers of

those small edifices in which many of today's best-selling novels must surely be composed.

The modern Hallowe'en, with parties and ticket campaigns carefully organized to replace all the old rough-house tricks, is much more to my parents' liking. Apparently, however, it does not suit Jack Scott, of the Vancouver Sun, who maintains that the excitement and challenge of perpetrating tricks on grouchy people determined to prevent them was a good experience for kids, well worth the slight inconvenience suffered by the adults. After all, Jack argues, the kids ought to get a break against the constant dominance of adults once in a while.

Of course, it could be argued with just as much truth that there ought to be a night in the year when adults could get back at youngsters. How delightful for parents to have over one night a year when they could sit back and demand from their children the services they have to render all the rest of the time—"I wanna drink of water," "I wanna go to the bathroom," "I wannattention generally." It would do many adults no end of good to roll on the floor and yell their heads off in a tantrum once in a while, and make the youngsters tear around bringing glasses of milk and orange juice and arrowroot biscuits and worrying about getting the doctor.

Either way, it's a matter of releasing pent-up feelings. Psychologists claim that it is harmful for

us to keep strong feelings like anger, hate, or fear too much contained within us. At such times glandular secretions pour into the body to get it all strung up ready to fight or flee, and when there are not worked off by vigorous physical action, they stay in the body and ferment, or do something that raises internal Cain.

Much better, therefore, to roar with rage and kick the furniture when angry, or to howl with fear and run for blocks when frightened. Trouble is, such conduct is frowned on in conventional society, and we have to practise thin-lipped self-control until our bodies are as charged with explosive secretions as our minds are with violent thoughts. Undoubtedly this is one reason why diseases of mind and body are both on the increase. What we should do about it is anybody's guess. One thing I'm sure of, though; adults need ways of giving vent to their feelings even more than kids. Maybe every home and office should have a piece of old furniture especially for kicking. Lil' Abner's Kigmier are a wonderful idea, too.

And if we have to depend mainly on good old Hallowe'en, why shouldn't the kids stay home and guard the house and dish out treats, and the adults do the whooping and tearing around in the dark? Such a celebration would do wonders for a lot of weary men and women I know—what do you say that next Hallowe'en we try it?

Pioneer Days

THIRTY YEARS AGO
October 31, 1919

Fall frosts, which have caused the growers to rush the harvesting of the apple crop, did not allow them any time to enter fruit and vegetables displays in the Summerland Fall Fair, held for two days this week.

Peachland council is urging Summerland to oppose any move by the B.C. Telephone Co. or the Okanagan Telephone Co. to obtain a monopoly in the valley by the acquisition of the Government Telegraph and Telephone Service.

Mr. Thompson, who has a contract for rural route postal delivery, states that he will not continue this service after today. Patrons of the rural route are likely to be without their service until such time as a replacement can be made.

Stating the remuneration would be insufficient, Prof. W. T. Broad has refused to accept the post of magistrate.

Good progress is being made on the north main and No. 2 ditches and the former will be completed in a few days.

Officers of the newly-formed Flat, but none with sufficient vo-

GWVA women's auxiliary are: President, Mrs. S. Darkis; vice-president, Mrs. C. H. Taylor; secretary-treasurer, Mrs. F. J. Nixon.

Following are the officers of the basketball club: President, G. R. Hookham; vice-president, M. Steuart; manager, C. Elsey; secretary-treasurer, J. Ritchie; captain, H. Phinney. First practices have been called for the College gym.

Daylight saving ended on Sunday morning last.

TWENTY-FIVE YEARS AGO
October 16, 1924

A surprising situation has developed from statements attributed to members of the Canadian Senate who are said to be desirous of the CPR building a branch line into the Okanagan, and not the CNR.

"That some method must be devised for relieving land owners of the cost of financing schools appeared to be the unanimous feeling of the reeve and council when a resolution from the UBCM was submitted for their endorsement."

Several miles of fluming at the upper end of Garnet Valley must be replaced before next year's irrigation season opens. The cost is estimated at \$30,000, which will have to be raised by debentures.

Further tests with a Mansfield's water finder reveal that there are underground streams of water widely scattered over Paradise lume to warrant the expense of digging.

Kelowna Taxpayers Set New Record

KELOWNA — City tax collections paid before October 19 deadline set an all-time record.

Out of 3,112 parcels of taxable property, total collections amounted to \$322,430.39, or 98.461 percent. Total taxes levied during 1949 amounted to \$327,479.41, leaving only a balance of \$5,039.02 to be collected.

It is doubtful if any other city in the province will be able to beat Kelowna's record in tax collections. Last year 97.95 percent of land owners paid their taxes before the penalty date, while in 1947, 98.22 percent paid money into the city coffers.

CHLORINATION EXPERT TO INSPECT EQUIPMENT

Wallace & Tiernan, Seattle, engineers who installed the Summerland chlorinator plant, are sending representatives into the Okanagan "within a month" to check on the installed equipment. The local chlorinator has not been operating satisfactorily for some weeks.

Members of St. Andrew's church choir presented Miss Alma Lott with a beautiful gold pencil and fountain pen prior to her departure for Vancouver.

Definite markets for winfalls have been obtained at reasonably good prices, the Summerland Co-op states this week.

Hallowe'en Party For High School

(High School Comments)
On Saturday night, amid cornstalks and Jack-o-lanterns a hundred students were transformed into fairies, witches, pirates, negroes, sleep-walkers, tramps and a rather absent minded professor. These students were celebrating the first school dance of the year. The dance began at 8 o'clock, ending at 12 o'clock. Between these hours many students declared that they "were having enough fun to last a year." Prizes for competitions were composed of candy, balloons, wind wheels and plenty of laughs.

Prizes were given for girls' and boys' best costumes. The winners were Jean Iwayoshi who, in a grass skirt and flower leis, made a very fetching Hawaiian damsel; and Daryl Weitzel, who captured the boys' prize because of performing a feat that is the dream of every boy (sprouting a two-week growth in half an hour). He impersonated a bushed explorer.

In a squat dance, Joan Daniels and Paddy Borton got the prizes. In another elimination dance Barbara Metters and Daryl Weitzel won out.

During the intermission when punch and do-nuts were being sold, all students cleaned out pockets and purses in aid of the UNICEF.

Doreen Steuart and Fred Kato made a grand job of the announcing and record changing. A great deal of thanks goes to their keeping up of the dance's steady tempo.

The newly formed Camera Club has announced that Kit Muirhead is its president and Johnny Huva the secretary treasurer. This club made a good name for itself when it appeared at the dance (at least one member) to take pictures. These pictures are to sell at two for thirty-five cents. The thirty members are promising themselves a rip-clicking time this year.

The school paper, the Chaff, came out this week. It is a paper that our school can well be proud of. Ron MacRae and Olive Mason are its editors. Sports editors are Sandy Jomori and Jackie Trafford. The reporters include Jim Towgood, Mary Ward, Don Allison, Margaret Myers, Don Black-

GUIDE NEWS

The Thrush
We are the Thrush Patrol. Thrushes are a species of singing birds belonging to the family of the American robin and bluebird. The brown thrush, a fine singer, belongs to the Catbird and Mocking bird family. There are over 150 species of thrushes, some 12 of which are found in Canada and United States. The most beautiful singers are the wood thrush, the hermit thrush, and Wilson's thrush. The color of all of these is a cinnamon or brown with a spotted breast. The hermit thrush builds on the ground but the others in the underbrush. Their eggs are from three to five of a greenish blue like those of a robin but smaller.

We began our Guide meeting on Friday, October 28 with inspection. Three patrols, the Bluebirds, Robins and Forget-me-nots received marks for attendance and neatness.

Fees are to be given to Miss Theed before the close of the meeting. Discussion then turned to the Christmas concert which is to be held on Dec. 9.

Characters chosen for the play must have plenty of time for practices as there are only five weeks left and no time can be lost.

Several Guides sold tags on Saturday for the UNICEF. Several girls could not volunteer because they were busy with the Hallowe'en party so it is hoped that there will be more volunteers for poppy day.

The Hallowe'en party is thought to have been a success. There were 55 children between the ages of four and seven in attendance. About \$4.89 was made. The expense consisted of paper cups, popping corn, prizes and balloons. We would like to thank the kind donator who provided the money to buy the peanuts. This was a very great help.

The first practice of our Christmas play was held Nov. 3 at Mrs. Blagborne's house. Plans for Christmas and tag day took up much of our time so taps and campfire had to be omitted.

Duty patrol: Bluebirds.

lock, Shirley Gardner, Brian Berg, Artists are Amy Yamabe, John Birch, Shirley Allen and Jane Woolliams. Ads are collected by Don Allison and Graham Munn. Printers are Daryl Weitzel, Earl Bryden and Gerry Washington. The typists are Dot Blacklock, Elizabeth Morgan, Dot Arnold, Edna Bradford and Evelyn Heichert. The exchange editor is Doreen Steuart.

These people have put a lot of painstaking work to make this paper the success that it is. Everyone agrees that it is well worth its price of twenty-five cents.

If citizens of Summerland are wondering why the high school's crew-cuts and feather-cuts are dragging on the ground, it's because we have been looking at some answer-defying exams and are expecting our report cards in the near future.

The senior soccer team was smartly turned out in new sweaters for the last game of the season. These sweaters are bought and paid for by the school council and will be used the following year for next year's team.

The Radio Club wishes to remind all Summerlanders that they are having a program over CKOV on Nov. 7 at 8 o'clock. Also several students will be on the "Dollar for Scholar program".

Teen Town

Good news everybody. Our big annual dance will be held November 28. So reserve that date for sure because if you don't you'll be missing a lot of fun.

Speaking of fun, wasn't the school masquerade good? Well, why couldn't all of you who were there come to Teen Town. It can be just as much fun, if not more. We would especially like to see younger kids there, Grade eight and nine, and especially, especially boys!

So you say "Why should I come? I can't dance." But how in the world do you expect to be able to if you don't come and practice and learn. No one expects you to be perfect. But we don't want Teen Town dying out in about three years just because no one would learn to dance.

This dance on the 26th would be the perfect one to attend as there will be good music and a crowd. Don't forget the dancing lessons at the school, too.

Want to thank all the fellows and girls who rode on the float Saturday night. It was really super. A special thank you to Mr. Heichert for supplying the horse and wagon and for driving it. More fun when a few firecrackers were thrown around.

David Wright will be in the hospital for another day or so, so buzz down and see him if you get a moment.

If any of you are breaking down in regards to a membership card see Ruth Fleming, she's treasurer.

Don't forget the CYO dance at the Catholic hall.

Must sign off. This is short... not sweet, this time.

BIBLE SOCIETY IN DRIVE FOR FUNDS

Members of the local branch of the British and Foreign Bible Society have launched a campaign along with the rest of B.C., to encourage Bible reading, enroll 2,000 members, obtain 50 life members, organize five new branches and realize a provincial objective of \$25,000.

All contributors of \$2 or more become ordinary members, while those whose contributions are \$5 or more are sustaining members. Gifts of \$50 and over realize a life membership in the society.

Envelopes have gone out to a large number of local persons with the request that contributions be left at the churches or mailed to the treasurer, William Ritchie, Mr. C. W. James is president and W. M. Jenkinson secretary of the local branch of the Bible society.

Unveiling of World War II Plaque on Cenotaph Feature Of Remembrance Day Service

Unveiling of the names of those who fell in defense of their country in World War II will form the feature portion of the Remembrance Day service at the Cenotaph in the Living Memorial park playground on November 11.

Logging Truck Complete Loss; Brakes Fail

A huge load of logs and a big logging truck turned over and burned completely 18 miles west of Summerland on the Bathfield road at noon on Saturday, October 29. The truck was owned and driven by Thomas Parks of Westbank, who places the value of the loss at more than \$7,000. Parks was proceeding at about 5 miles per hour, fully loaded, down a hill when his brakes failed to hold. Realizing that he could not stop the vehicle he jumped. The truck turned over, caught on fire and the gasoline tank exploded. The truck is practically a complete loss. Another accident occurred on Monday, October 31, at a blind corner on the Crescent Beach road when a car driven by H. Hunison of Williams Lake and a truck driven by Charles Bernhardt, Summerland, collided head-on. About \$100 damage was done to the car but the truck was only slightly damaged. However, no liability insurance was carried on the truck, which was impounded by the B.C. Police.

Remembrance Day service at the Cenotaph in the Living Memorial park playground on November 11. Ross McLachlan, Canadian Legion president, revealed this week that this solemn ceremony is being arranged along with the usual formal service in commemoration of those who failed to come back. All veterans in Summerland district are being asked to gather at the IOOF hall by 10:30 o'clock on the morning of November 11 and parade to the Cenotaph which has now been moved to the Living Memorial park playground. Moving of the Cenotaph and the placing of the plaque containing World War II fallen heroes was undertaken by the Summerland Memorial Parks Committee in conjunction with a Canadian Legion committee. All expenses were undertaken by the memorial parks group. All details of the unveiling and Remembrance Day service are being handled by the Summerland Ministerial Assn. in conjunction with the Canadian Legion. The Summerland Band will be in attendance and the program will commence shortly after the parade falls in at 10:30 o'clock. **BADMINTON CLUB DANCE GAY AND WELL ATTENDED** The annual Halloween badminton dance on Monday evening in Ellison hall was well attended and more nearly than for some years approximated in attendance and gaiety the ones remembered by those who have been interested in the club for many years.

MORE ABOUT— ALL B.C.

Continued from Page 1 plenty of warning signs at the roadside, telling of hills, curves and the need to moderate speed. Yesterday morning we came across one car, from Hedley, which had gone into a skid between Whipsaw and Copper Creeks on a rising road and had turned completely over. Nobody was injured, the engine could still operate, but the body was badly smashed. In the afternoon, the public works crew had sanded this and two other dangerous sections. If the bright sun had had only a few minutes to touch these three small bits of roadway there would have been no accident. However, it indicated to the travellers the need for caution while travelling at this time of year. Only a thin sheet of frost covered the road in these spots, but it was sufficient to make driving dangerous.

Natural Interior Beauty

The Allison Pass area is a beautiful section, replete with evergreens, but not dense stands. Where the opening ceremony took place the natural surroundings still belonged to the interior although there was a distinct change from the more arid Similkameen and Okanagan valleys. It was an impressive and friendly ceremony. News photographers from all over the province viewed with officials of the photographic section of the B.C. Government Travel Bureau. Radio stations from coast and interior jockeyed for position. Practically every newspaper in the southern interior had a representative present. Schools at Oliver and Osoyoos were closed to allow the students to visit the highway and witness what is probably the most important and historic occasion in our province to this date. All the schools in District 32, Hope area, were closed as well. Both Princeton and Hope boards of trade were planning mammoth celebrations in the evening. Cars were lined up for about eight miles, five on the Hope end and three on the Princeton end. But one difference was that most of the eastern end were double-parked. Nearly 25 percent of the cars from Princeton end did not turn back but kept right on for the coast. Apart from officially-invited guests, the man who probably travelled farthest to the Hope-Princeton opening was Tom Uphill, MLA for Fernie. There were many Nelson and Trail residents present while all points in the Okanagan sent large delegations. It was a wonderful day, beautiful sunshine from a clear, blue sky which did not come from Victoria as Hon. Herbert Anscomb declared. Premier Johnson spiked his story by revealing that the fog at Vancouver must surely have intercepted any sunshine Anscomb was bringing from Vancouver Island. The premier had a real note of pride in his voice when he announced that most of the big snow-clearing equipment was manufactured in Canada.

Jaycees to Sell Christmas Trees

Summerland Jaycees were put to a good deal of expenditure to make certain of success in the staging of their Charter Night recently. Therefore, they are casting about for new and novel methods to raise funds without making any direct appeals. On Tuesday evening, they decided that a Christmas tree selling campaign would provide a

Flowers Lovers Ask Questions On Indoor 'Mums

The custom of combining theory and practice keeps the Horticultural Society alert and interesting, and at the October meeting held last Friday night the pertinent question was: "What should be done now with the indoor 'mums given out last spring?"

Mr. N. May was on hand to explain methods in order to get the best results. There was an exchange of questions and answers on a variety of subjects which was helpful to all.

Award of the Mrs. Magnus Tait Memorial Rose Bowl was made by the president, Mrs. Collas, to Mr. Wm. Snow. There will be annual competition for this trophy.

The society voted \$10 to the United Nations' Appeal for Children.

Films on the Scottish Highlands, and sheep-herding there, were shown by Mr. Wm. Snow, and an apt picture on plant propagation.

The audience was delighted to see a picture of Summerland's float which led the Peach Festival this year showing Mr. E. H. Bennett's gladioli in all their beauty.

Over fifty were present, and enjoyed refreshments and a social time before dispersal.

Teach Leatherwork At Night Classes

A craft which has developed as a sort of by-product of the Women's Institute sewing classes is leatherwork, which is to be taught at the high school on Wednesday evenings by Mrs. A. Fenwick, Jr., who was very well trained in the old country for this sort of work. First session was yesterday evening.

There was quite a large group of women who indicated interest and the number has grown since it was suggested, so that further classes are anticipated with pleasure.

Appeal for Children Now Realizes \$300

Last Saturday's Tag Day for the United Nations' Appeal for Children netted \$151.60 for the fund. Guides and a few Scouts tagged at West Summerland, Summerland and in Trout Creek.

Pupils within the elementary school collected \$73.06, the little ones in Miss Banks' room turning on over \$3 themselves.

Donations are being received by the treasurer, Mrs. C. H. Elsey from organizations and from individuals, and at present the collection has reached about \$300, with money still coming in.

Collection tins are being put in the stores, and donations may be put in them.

Surprise Party on 84th Birthday

Mrs. Ada Milne was given a surprise party to honor her eighty-fourth birthday on the evening of Oct. 17, at the home of Mr. and Mrs. Mark Embree.

Her many Trout Creek friends gathered for the occasion which was enjoyed equally by the guest of honor and those who attended this "Special Event".

PUBLIC HEALTH SOCIAL CLINIC SEES MOVIES

A social clinic was held by Miss Joan Appleton, PHN in the Odd-fellows' hall on Tuesday afternoon, Nov. 1, when interesting colored films were projected by Mr. T. Moore. Tea was served with Mrs. K. I. McIntosh, Miss Phyllis Adams, and a number of the Guides assisting.

needed service for the community and would also replenish the treasury.

Allan Elsey volunteered to head a committee to plan a Christmas tree cutting and selling campaign in Summerland.

Divisional Library Formed for Guides

Mrs. Dewey Sanborn's complete and clear account of the South Okanagan division committee meeting held at Oliver recently was one of the main features of the October meeting of the local association to the Guides, held on Thursday afternoon, Oct. 27 in the parish hall.

Mrs. Sanborn reported that a division library is being formed with Mrs. Worth of Okanagan Falls as librarian. This will mean that the division has a centre where books of use to those training Guides will be available.

A public relations officer is to be nominated in each association, and a provincial public relations officer has been appointed recently.

Capt. McIntosh reported that Miss Ruth Dale had examined a number of Guides for their minstrel's badges, and they had passed successfully; Mrs. George Inglis was examiner for the knitters' badges, which also were done well; Mrs. N. O. Solly went out with the girls to take their cooking tests, and a number had passed these as well.

Mrs. F. V. Harrison was in the chair in the absence of the president, and Mrs. C. V. Nesbitt acted as secretary as Mrs. Jas. Marshall was at Oliver that day.

Eastern Star Ladies Use Autumn Flowers For Annual Tea

After the busy summer months the fall teas are always a chance to see old friends and a pleasant social relaxation.

The annual sale of home cooking and tea held on Saturday, Oct. 29, by the Order of the Eastern Star, was one of the first and was well-attended and enjoyable.

Throughout the room large bouquets of autumn flowers and foliage indicated the new season, and each little table had a decorative basket of bronze chrysanthemums.

The larger central table from which tea was poured by Mrs. A. Dunsdon, Mrs. F. Stark, Mrs. E. Wilson, and Mrs. C. H. Elsey was covered with a lace cloth and centred with a basket of lovely yellow and bronze flowers flanked by green candles.

Miss Dorothy MacDonald arranged the decorations.

Mrs. A. K. Elliott was in charge of tea planning, Mrs. S. W. Feltham of home cooking, and Mrs. J. R. Butler, candy.

ENTERTAIN VISITING COUPLE
Capt. and Mrs. A. M. Temple entertained on Saturday evening, Oct. 29, in honor of Mr. and Mrs. Howard Mitchell, who are visiting here from Bermuda.

SERVING BASKET SHOWER HONORS BERMUDA VISITORS

Perhaps it was to interest more men in sewing baskets, so that a bit of darning or putting on a button wouldn't seem too difficult, that couples were invited to a sewing basket shower last week!

It was when Miss Nan Thornthwaite and Miss Dorothy MacDonald were co-hostesses last Friday evening at the home of Mr. and Mrs. Howard Mitchell, the latter formerly Miss Joyce Hutchinson.

A colored map of Bermuda, where the Mitchells live, had been prepared with small flags marking different spots. The flags gave clues as to where things might be found, and Mrs. Mitchell was asked to find them by searching throughout the house. Finally she had the sewing basket, which was presented to her, nicely fitted out.

Bridge and canasta were played, and guests included Mr. and Mrs. R. G. Russel, Mr. and Mrs. J. Lamey, Mr. and Mrs. W. F. Evans, Mr. and Mrs. K. M. Stuart, Mr. and Mrs. Alan Walker, Miss Margaret Johnston and Mr. David Collins. Delicious refreshments were served by the hostesses.

SOCIAL EDITOR Mrs. A. W. Vanderburgh

VISITING HERE—

Dr. K. W. Neatby of Ottawa, director of all science services for all of Canada, was met up the lake by Dr. H. R. McLarty on Wednesday when he came to Summerland to visit the various laboratories in Summerland.

Dr. and Mrs. J. R. Graham of Salmon Arm and their son Const. P. J. Graham, RCMP, Medicine Hat, who is on his annual leave, were weekend guests at the home of Mr. and Mrs. R. G. Russel.

Mrs. James Marshall is enjoying a visit this week from her sister and small nephew, Mrs. Roy Larsen and Richard, of Leavenworth, Wash., who arrived on Tuesday.

Mr. and Mrs. George Hack and their two small boys, Cyril and Stanley, flew in from their home at Victoria arriving here Tuesday morning to visit their parents, Mrs. E. Hack and Mr. and Mrs. W. L. McPherson for two weeks.

Mrs. Fishbacher of Vancouver is visiting at the home of her son-in-law and daughter, Mr. and Mrs. D. Weiss.

Mr. and Mrs. Olsen of Dodsland, Sask., left last week for Nanaimo where they will spend the winter months after visiting en route at the home of their son-in-law and daughter, Rev. and Mrs. W. Rabel, Trout Creek.

Mrs. R. Richmond of Cranbrook, flew to the Okanagan to spend this week visiting her cousin Mrs. Jessie Thompson at the home of Mr. C. J. Huddleston.

Mr. Michael Hall of Vancouver was a weekend guest at the home of Mr. and Mrs. A. Lamcraft.

Mr. and Mrs. George King of Vancouver who have been visiting Mrs. King's brother-in-law and sister, Mr. and Mrs. T. Whitfield have returned to their home at Vancouver.

Mr. James Gartrell returned from Vancouver this week to spend the remainder of his vacation at the home of his parents, Mr. and Mrs. George Gartrell. While at the coast he was supervising construction and testing machinery which is to be shipped to northern Alberta, for use in the oil fields.

Rebekahs Marked 98th Anniversary At October Session

October was a busy month for the local Rebekahs. At the first meeting in October on the 12th, the 98th anniversary of the Rebekah Order was commemorated by conferring the Rebekah degree on two candidates, Mrs. Humphrey Fiske and Mrs. J. Dixon. It was during this meeting, too, that Mrs. F. E. Atkinson presented her official photograph as president of the Rebekah Assembly of B.C. to the members of her own lodge, Faith No. 32.

On October 18 many of the members attended the funeral of the late Mrs. Oscar Matson of Penitction.

On October 19, a surprise visit was paid to Mrs. Regina Cornish by the members to welcome her to this community. Bazaar sewing kept everyone employed for the evening, after which dainty refreshments were served by the committee in charge.

The charter was draped for a reverent service for the late Mrs. Matson and for Mrs. A. Corns who died recently on a visit to Calgary, on October 26.

Plans are being made for the district association meeting which is being held in Kelowna, Nov. 9. The official delegates from Summerland will be Mrs. Fred Downes and Mrs. McIntyre, the alternative being Mrs. Betty Barbour.

Okanagan District Association No. 1 comprises all Rebekah lodges from Oliver to Armstrong. Each lodge gives a full report of its activities for the past six months and takes part in the program arranged by the executive. This arrangement gives an interesting and instructive afternoon to all attending. Mrs. Fred Schumann is the supervisor for this district.

Girl Guides Party In Youth Centre Has Music, Games

The Youth Centre was resounding with music and games on Saturday afternoon, Oct. 29, when the Guides held a costume Hallowe'en party for children between the ages of four and seven.

The small guests seemed shy at first although their costumes were delightful to see, and they were a little self-conscious through Farmer in the Dell, and London Bridge, but a peanut scramble made everyone soon forget themselves. The Guides made good hostesses, and had decorated the hall with lighted Jack o'Lanterns and in Hallowe'en style.

Capt. McIntosh and Guider Mrs. Bruce Blagborne judged the costumes, and those who won prizes were—Girls: 1, Dorothy Arase, Linda Wilkin; 2, Jeannie Braddock, Gay Greer; 3, Nancy Graham. Boys: 1, Jimmie Jomori, Ronnie Walker; 2, Angus Whitmore, Kenneth Hecker; 3, Neil Mason. First prizes were toy watches, and seconds were small books.

Each child present was given a bag of mixed candies, and lemonade and cake and cookies were served. A few sparklers were shown inside, and some fireworks outside.

This party was arranged by the Guides themselves, evidencing careful planning and considerable work and responsibility.

PRESBYTERY W.A. MEETS IN OLIVER

The Kamloops-Okanagan presbytery women's association met in Oliver on Thursday, Oct. 27, and was addressed by Mrs. Robertson of Toronto, vice-president of the Dominion Council of Women's Work in the United Church of Canada, who was heard with interest and stimulation.

Mrs. J. C. Wilcox, experimental station, is president of the association and presided over the session, and Mrs. James Marshall, Trout Creek, is the secretary, who spent the whole day taking notes.

Others attending from the Summerland charge of the United church were Mrs. H. R. Whitmore, Mrs. George Washington, Mrs. F. Steuart, Mrs. S. Feltham, Mrs. Van Gameron, Mrs. Wright, Cedarbrooke Cabins, Mrs. A. J. McKenzie, Mrs. S. A. MacDonald, Mrs. T. W. Boothe, Mrs. W. F. Ward, Mrs. J. Ganzeveld and Mrs. Jas. Shepherd.

Combine Anniversary And Housewarming

Mr. and Mrs. Walter Greber, Trout Creek, are hardly ready for company in their new home yet, but were surprised and pleased to see their friends and neighbors gather at their house on Wednesday evening, Oct. 26, as a sort of housewarming and to celebrate their fourteenth wedding anniversary.

Mrs. Ada Milne, who is eighty-four years old and who is known affectionately to her friends in Trout Creek as "Grandma Milne" gave all those present a great deal of pleasure when she recited an amusing poem "The Inventor's Wife".

A social time was enjoyed and refreshments served before the party ended.

VISITING ABROAD

C. V. Nesbitt was a coast visitor this week.

Mr. and Mrs. A. G. Bissett, A. G. Bissett, and Mr. R. Proudlock drove to Vancouver last week, returning on Saturday.

Don Cristante, Graham Munn and Robin Fisher went to Vancouver on Saturday night's train driving back at the beginning of the week in the Cristante's new car.

Dr. James Marshall left on Sunday for Winnipeg where he will attend a conference, and will probably be away about two weeks.

Mr. and Mrs. R. G. Russel and Mrs. Russel's brother-in-law and sister, Mr. and Mrs. Howard Mitchell who are spending part of their honeymoon here before returning to their home in Bermuda left this week for a motor trip to Banff.

Mrs. I. E. Green has gone to California on an extended visit, having left last Thursday.

Mr. J. W. Harris has gone to Langley Prairie, B.C., to stay for the winter with his son, Rev. T. Harris.

Mr. and Mrs. Dave Taylor left on Sunday evening for a holiday at the coast.

Mr. and Mrs. W. B. Powell and their children were among those who attended the opening of the Hope-Princeton highway and continued to Vancouver where they will visit Mr. and Mrs. R. Powell.

VANCOUVER WEDDING OF WIDE INTEREST HERE

Invitations have been issued by Dr. and Mrs. C. C. G. Maclean, Vancouver, for the marriage of their daughter, Mary Catherine, to Mr. John Anthony Theed, son of Mr. R. F. Theed of Summerland and the late Mrs. Theed. The ceremony is to take place on Saturday afternoon, Nov. 19, at St. Mary's church, Kerrisdale, Vancouver. Mr. John Theed is manager of the Bank of Montreal at Gibson's, B.C.

Special Parcel For Christmas Designed by UEF For Britain

The diet of austerity-weary Britons will have a holiday brightening through the services now being offered in Canada by the United Emergency Fund for Britain, a non-profit organization which, through parcel service, allows Canadians to assist friends, relatives and the needy of the Old Country at a minimum cost.

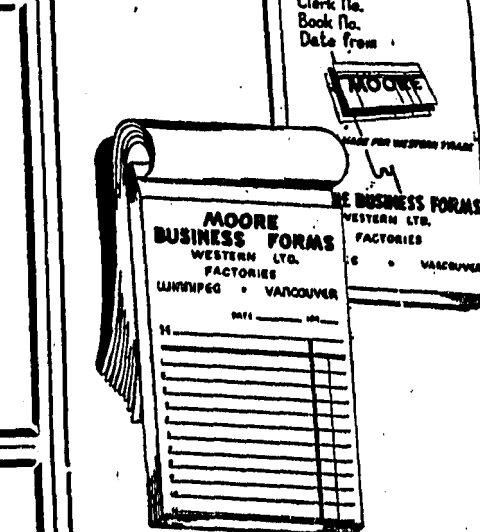

UEFB has given \$500,000 in aid to needy Britons in the past year and saved Canadian senders of aid parcels \$160,000 in shipping charges. In addition to its five Canada parcels ranging in price from \$2.45 to \$10.25, it has now designed a Christmas parcel at \$9.00. The prices include all shipping charges with guaranteed delivery for Christmas if ordered in B.C. before November 19.

Boneless turkey, ox-tongue, pork sausage, rice, butter, sugar, plum pudding and even tea and candies are included in the Christmas parcel. All Canada parcels are approved by British medical authorities and the exceptional low cost is achieved by sympathetic assistance of Canadian producers, packing and bulk shipment to Britain.

ain, and the full co-operation of the British government which assists in shipping costs.

The United Emergency Fund for Britain was organized and is maintained by leading Canadians seeking to co-ordinate all help for the people of the British Isles. Sir Ellsworth Flavelle is national chairman, and Lady Eaton heads the Executive Committee. British Columbia directors are Fred C. Sweet and J. Lyman Trumbull. Vancouver, and Brig. W. K. G. Colquhoun, Victoria. Charles M. DeFeux is provincial manager.

Orders for all Canada parcels including the Christmas parcel, should be directed to P.O. Box 428, Vancouver, B.C., giving the full address of the person to whom the parcel is to be sent. The remittance will be acknowledged by official receipt.

All Canada parcels contain an acknowledgment form which the recipient can forward to the donor. The service also allows organizations to assist needy persons of their own choosing and persons in need are listed by a British Advisory Committee for those groups who wish to assist the needy but have no direct contact.

The United Emergency Fund for Britain would be glad to have the assistance of all organizations in its year-round as well as Christmas activity. Those wishing lists of parcel contents or other information should write immediately to Box 428, Vancouver.

YOUTH TRAINING SCHOOL TO BE HELD JAN. 9 TO MARCH 4

Dates for the annual youth training school, operated on a dominion-provincial scale at UBC, are announced as January 9 to March 4, 1950.

This school is sponsored by the dominion department of labor, and provincial departments of education and agriculture; is directed by the UBC extension department and offers expert instruction by university staff and farm experts in agricultural subjects, farm mechanics, cooking, sewing, handicrafts, rural organization work and good citizenship.

Co-operative sharing of kitchen duties and equalizing of transportation costs ensure that those who wish to attend the school will not be excluded for lack of funds.

Any rural person between 16 and 30 years of age may make application for this youth training. Selection of students is based on maturity, character and interest in community problems.
Closing date for registration is November 15.

Penticton Lodges To Hold Meetings In Summerland

Early Saturday morning, October 22, extensive damage was created by fire which broke out in the Masonic hall in Penticton. The hall was recently redecorated and was completely gutted.

Until such time as the Masonic hall in Penticton is repaired, the Penticton Masonic Order and Eastern Star lodges will hold their meetings in the Masonic lodge rooms in West Summerland, above the A. K. Elliott department store.

NOTES from PARLIAMENT HILL

(By O. L. JONES, MP for Yale)

A packed and interested audience seated within the Commons Chamber greeted the Prime Minister of India, Pandit Nehru, this week. On the floor of the house were seated the Senators, with members of the house of Commons in their usual seats, the galleries and the aisles were filled with the general public representing people from all walks of life.

Mr. Nehru received a tremendous ovation on his entry. After being welcomed and introduced by the prime minister, he proceeded to address the house in a very cultured quiet voice, so quiet was his speech only about 50 percent of those present could hear what was being said.

We were particularly pleased to hear Mr. Nehru stress the fact that India is now not only a powerful nation but a willing and happy member of the Commonwealth. We, in Ottawa, are looking forward to the increased trade that will inevitably follow the work done by Mr. Nehru and his staff during the week.

The house, on resuming its usual session after the visit, received a prompt reminder from several members that a promise had been made to improve the acoustics of the house by the introduction of loud speakers so that speeches made could be heard by the people in the galleries.

Since writing my last letter, we have had the budget for the current year reintroduced by Mr. Abbott. It contained no surprises and only one or two minor changes; the removal of sales tax on

fuel oil to place it on an equal basis as other fuels such as coal and wood which do not pay the 8 percent sales tax. He did disclose a surplus of \$595,000,000.00 which shows a substantial increase over the estimated surplus six months ago.

The speeches on the budget by various members of the house are still in the course of being delivered. Generally speaking, the budget has met with approval throughout the country as indicated by the overwhelming majority given to the government in the election so that the opposition members find it hard to make a direct attack on a budget that is so obviously endorsed.

Later on the CCF moved an amendment to the amendment: "Give immediate consideration to a reduction of tariffs sufficient to encourage an increase in imports from the United Kingdom and other sterling countries."

From both these you will gather that everyone here is worrying about the condition of trade between Canada and the United Kingdom. It is no longer a secret that our export trade is deteriorating and naturally most members are anxious to prod the government into doing something that will overcome the reluctance of the countries within the sterling block, and to increase their trade with the dollar areas.

The estimates for the Department of Veterans Affairs were discussed on Friday last and the Minister of Veterans Affairs, Hon. Mr. Gregg, was bombarded with questions—on the operation of the Veterans Land Act, the Soldier's Settlement Act pensioners and also the treatment meted out to Merchant Seamen.

It was fairly obvious that the pressure put on him by the various members may eventually break down his resistance to the setting up of a veterans affairs committee in the house. Two years ago this committee functioned and did splendid work but for some reason, it was not appointed during the last session nor has it been during this one.

But such is the general clamor from all parties for the re-establishment of this committee that I hope Mr. Gregg will meet the demand for the next session which I understand will be held early in February.

I am not criticizing the department of veterans affairs because from personal experience I have had many occasions to interview them on behalf of the returned men living in my riding and on every occasion have found them courteous and anxious to assist. But I do feel closer contact could be kept with this department if this committee was set up.

Describe Work of Health Unit in South Okanagan to Kiwanis Club

Describing the work of the South Okanagan Health Unit, which she is a member, Public Health Nurse Miss Joan Appleton proved an interesting speaker to the Monday, October 24 meeting of the Kiwanis Club of Summerland at the Nu-Way Annex.

This unit covers a large territory, from Oyama to Osoyoos, Miss Appleton explained and contains the unit director, who is a qualified doctor, ten public health nurses and two sanitarians.

Miss Appleton then described the duties of a public health nurse, giving illustrations of various aspects of her work and the clinics which are held in her district of Summerland, Peachland and Westbank.

Babies are Visited

All babies are visited in their homes for the first few weeks, she declared, and can be weighed and advice given if necessary. Clinics are also held for those a little older and between 15 and 25 attend each week.

School work includes regular medical examinations and the reporting to parents any defects discovered so that steps can be taken to rectify them in early stages.

Immunization against certain communicable diseases is another important part of any nurse's work, Miss Appleton continued,

giving figures to show how the introduction of diphtheria toxoid reduced the incidence in Toronto alone from 2,258 cases and 224 deaths in 1920 to 20 cases and one death in 1946

"Diphtheria is a disease that could be completely wiped out if parents would only co-operate fully and see that their children are given this protection," declared Miss Appleton.

Dealing briefly with some of the other services available, such as health education, tuberculosis, and venereal disease control, Miss Appleton stressed the great importance of the public really taking an interest in their health services and if they do not consider them adequate, to work constantly towards their improvement.

"It is particularly gratifying to work in a community where so many people express their willingness to assist in all health matters, such as one finds in Summerland," Miss Appleton emphasized.

She concluded by thanking the Kiwanians for giving her the opportunity to tell them about the work of the health unit personnel and impressed upon them that it is their service, as they, as taxpayers, must meet the cost.

EVERYBODY'S BUSINESS

by Don Graham

"I'd be happy if I could just solve my biggest problems," said a neighbour of mine the other day.

Here was a man who believed that his whole life was spoiled because he had troubles. Happiness was not for him.

How wrong he was! Life is full of difficulties, trials, disappointments and problems. Yet countless people have learned that they can find happiness in spite of these universal handicaps.

Your work, for instance, may be far from your ideal. But

don't let that fact depress you or mar all the other satisfactions that life can bring. There is no "ideal job". So make the best of whatever is set before you.

No, life is not easy. It seldom hands us happiness ready-made. But from its raw materials, we can build a lot of happiness by our own efforts.

Is there an "ideal method" of meeting people's needs for life insurance? Experience has proved that the efficient service of competing companies, together with the helpful personal attention of their agents, meets everyone's needs most satisfactorily.

Bids on Schools Exceed Estimates

KELOWNA — Tenders received from four contracting firms for the Okanagan Mission and Mission Creek schools exceeded board estimates, it has been revealed. The trustees of School District No. 23 are now calling for a new set of plans which will bring estimated costs within the amounts available for expenditure.

Skinny men, women gain 5, 10, 15 lbs.

Get New Pep, Vim, Vigor What a thrill! Boy! Limbs all out; ugly hollows all up; neck no longer scrawny; body looks half-starved, sickly "bean-pole" look. Thousands of girls, women, men, who never could gain before, are now proud of shapely, healthy-looking bodies. They thank the special VIGOR-BUILDING TONIC, Oxyton, its tonic, stimulant, invigorator, iron, vitamin B1, calcium, which blood, improves appetite and digestion, so food gives you more strength and nourishment; put flesh on bare bones. Don't fear getting fat. Sixty when you've gained the 5, 10, 15 or 20 lbs. you need for normal weight. Costs little. New "get acquainted" size only 50c. Try famous Oxyton Tonic Tablets for new vigor and added pounds, this very day. At all drugstores.

WATER and POWER

Soil and water are the basic resources controllable by man, upon which all other resources depend. In British Columbia the responsibility for the management of the fundamental asset, water, rests with the Water Rights Branch, which administers the "Water Act."

Besides administering the Act, and dealing with associated hydraulic problems, the Branch carries out many other related technical functions including: snow surveys from which the runoff of various rivers is forecast yearly; the checking of designs and plans of all hydraulic structures; the inspection of dams; and surveys of water resources including investigations and reports on irrigation, water works, flood control and power possibilities.

Power investigations and reports by engineers of the Water Rights Branch have and are playing an important part in furthering the development of our Province. Here is a reason or two why this is so. British Columbia, while possessing only 8% of the population of Canada, has 27% of the confirmed water power resources of the Dominion.

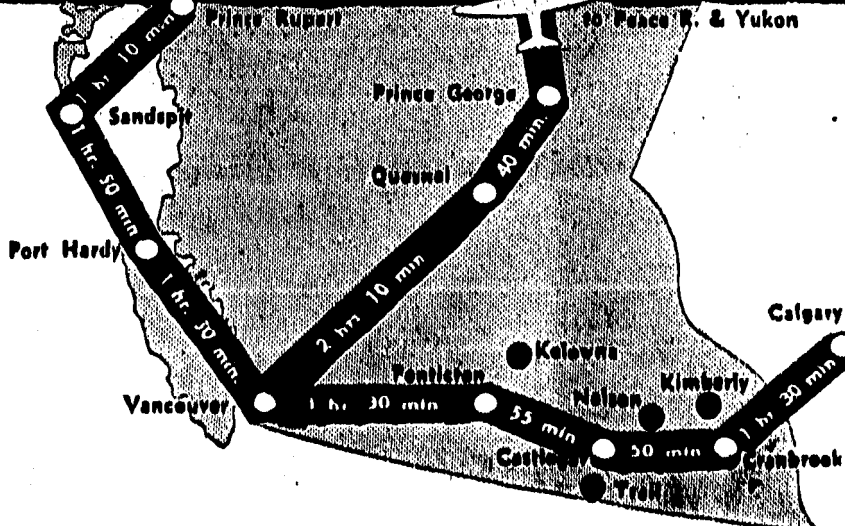

Power investigations involve extensive and arduous engineering surveys in some of our most difficult and rugged country, and complex hydraulic and design studies in order to show how each site may be most beneficially developed.

The exhaustive reports on the huge Eutsuk-Kimsquit and Chilko power schemes were instrumental in attracting the interest of the Aluminum Company of Canada. The press has made the public familiar with this type of development, which is ushering in a new era in our welfare.

Presents

THE HOPE-PRINCETON HIGHWAY

ROAD of romance, the story of which goes back to our very beginnings as an infant crown colony, when gold was found in the boundary country and in the then barely-known Kootenays.

Grandly scenic, splendidly constructed, a broad smooth ribbon laid down for the traffic not of today or tomorrow but for the vastly greater volume of years to come, it shortens the distance from the teeming cities of the coast to the Okanagan Valley by one hundred miles and the time by several hours.

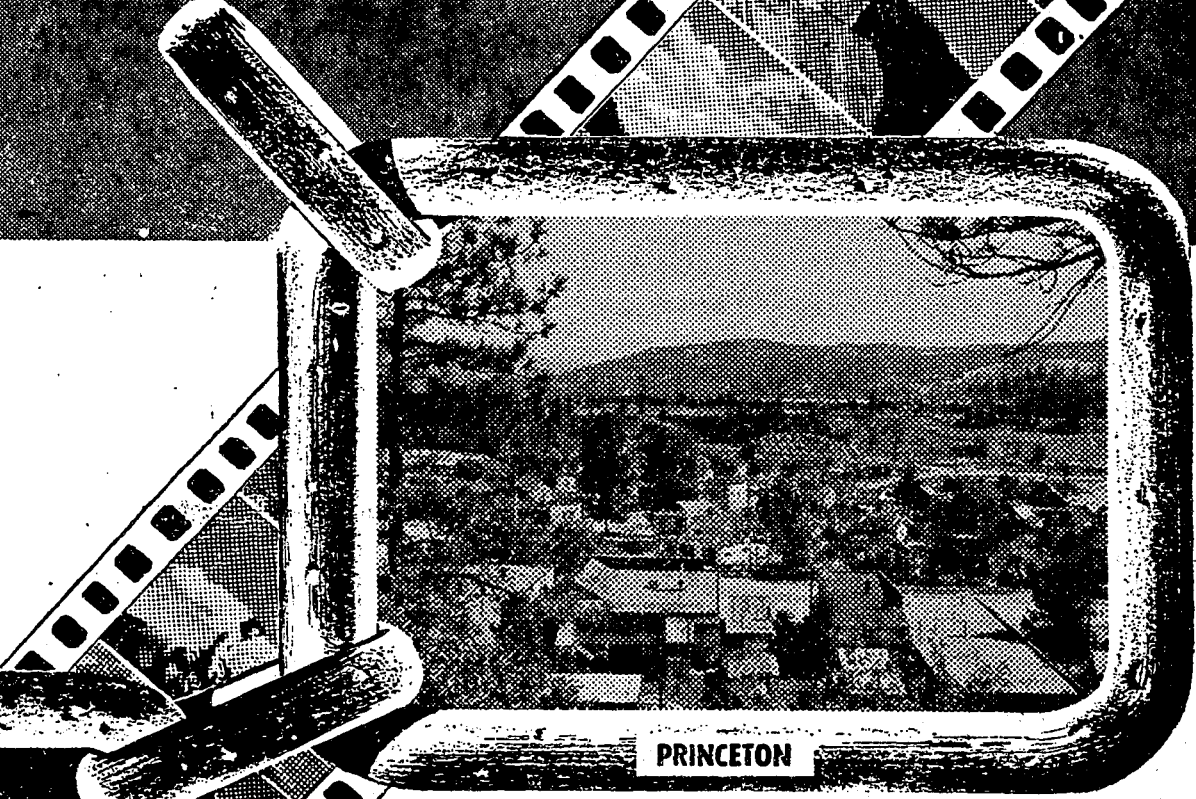

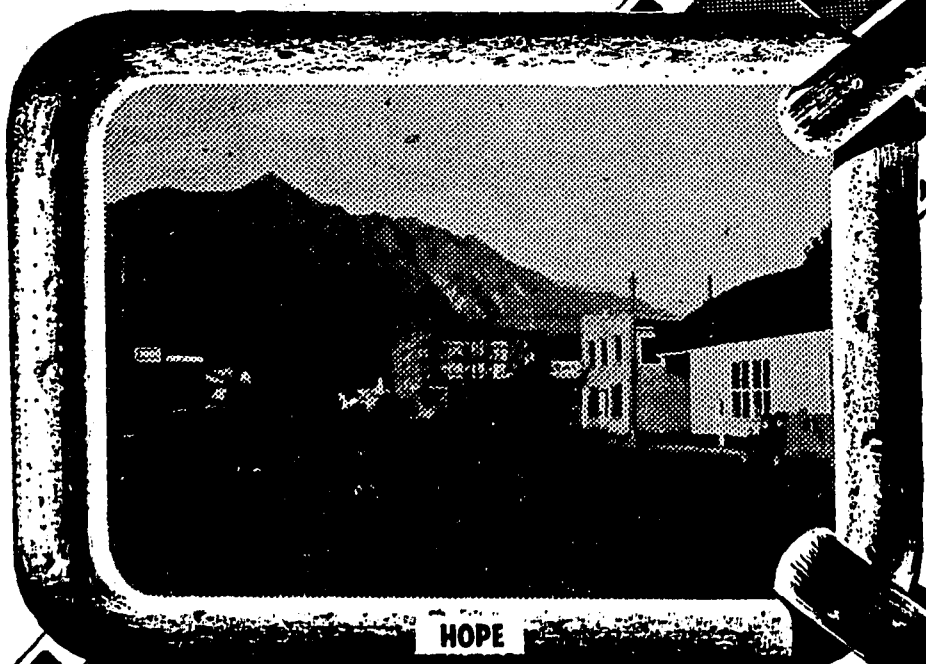

HON. BYRON I. JOHNSON,
Premier of British Columbia

HON. ERNEST C. CARSON,
Minister of Public Works

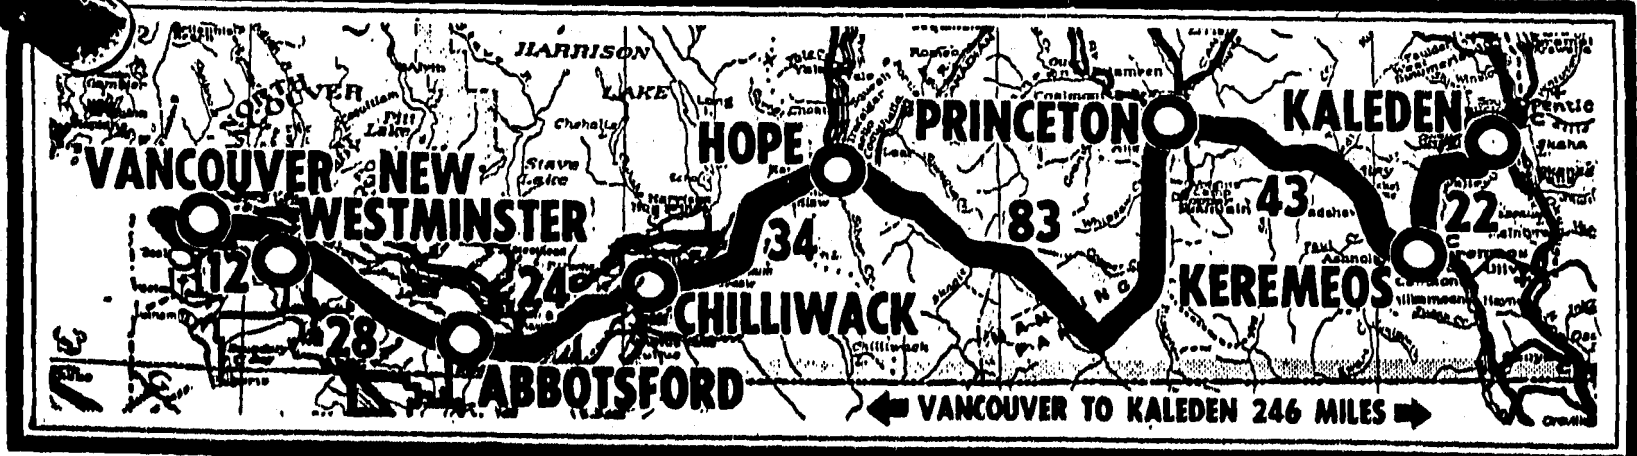

HON. HERBERT ANSCOMB,
Minister of Finance

It will bring the produce of that richly fertile area to the city markets freshly picked and with all its fragrance and flavour unimpaired . . . it will throw open and make a familiar playground of all the spectacular country to which Hope is the gateway, and which until now has been as remote to the city-dweller as the wilderness of the Cassiar.

Manning Park, one of the most scenic of all our provincial parks, will reveal itself in all its impressive grandeur to the thousands upon thousands of residents and visitors who will use this new highway.

The Hope-Princeton Highway is a pledge of things to come, a promise that in a very few years British Columbia will have a highway system equal to the best on this whole Pacific coast.

THE GOVERNMENT OF THE PROVINCE OF
BRITISH COLUMBIA

New Senior Cage Schedule With Oliver, Princeton Out

Oliver and Princeton have dropped out of the Interior senior B cage league, mainly due to lack of playing personnel, plus lack of proper hall accommodation at Princeton.

Mr. A. Bennie, Interior president, has now issued a revised schedule which commences this Saturday when Summerland travels to Kelowna and Pentiction goes to Kamloops.

Opening game here of the 1949-50 season will remain as before, on Remembrance Day evening, November 11, when Kamloops makes its bow before a Summerland audience.

Princeton has reserved the right to challenge league winners for the interior championship, prior to the series with the Kootenay winners, provided a hall is available by that time in the mining town.

Most of the games scheduled will be played by December 17, with the schedule concluding on February 3.

Following is the revised schedule:

- Nov. 5—Pentiction at Kamloops, Summerland at Kelowna.
- Nov. 8—Kelowna at Pentiction.
- Nov. 11—Kamloops at Summerland.
- Nov. 12—Kamloops at Vernon.
- Nov. 16—Vernon at Kelowna, Pentiction at Summerland.
- Nov. 19—Summerland at Kamloops, Pentiction at Vernon.
- Nov. 23—Vernon at Summerland.
- Nov. 26—Kamloops at Pentiction, Summerland at Vernon.
- Nov. 29—Kelowna at Summerland.
- Dec. 3—Vernon at Pentiction, Kelowna at Kamloops.
- Dec. 10—Kamloops at Kelowna, Summerland at Pentiction.
- Dec. 14—Kelowna at Vernon.
- Dec. 17—Pentiction at Kelowna, Vernon at Kamloops.
- Jan. 7—Kamloops at Kelowna, Summerland at Vernon.
- Jan. 11—Pentiction at Summerland.
- Jan. 14—Vernon at Kamloops, Kelowna at Pentiction.
- Jan. 21—Kelowna at Kamloops, Summerland at Pentiction.
- Jan. 23—Pentiction at Kelowna, Kamloops at Vernon.
- Feb. 3—Vernon at Summerland.

CHILLIWACK GETS BEER BY THE GLASS

CHILLIWACK—This city is to get "beer by the glass" when 58.8 percent of those casting votes decided in favor of the plebiscite. The vote needed 55 percent to pass. The plebiscite brought out 67.4 percent of the eligible voters, as against only 20 percent of the taxpayers for the last big money bylaw. Coleman E. Hall, Vancouver owner of the Empress hotel, states he will build an addition for the new beer parlor to be erected.

Pentiction Wins Junior Soccer Tournament

With teams from Summerland, Pentiction and Oliver playing a superior brand of ball, the junior round robin soccer tournament at Pentiction last Saturday proved an exciting series of contests.

Pentiction opened with a 2-0 win over Summerland and then held Oliver to a scoreless draw. Oliver defeated Summerland 1-0 in the dying moments of the final fixture. Pentiction thus won the tournament by a one-goal edge over Oliver.

First score in the Pentiction-Summerland affray came early in the first period when Pohlmann, Summerland goalie, dropped a spinning ball, which was booted home by Pentiction centreforward, Jim Aiken. Later in the same period Aiken countered again for the final tally.

Summerland played an aggressive game in the second half, keeping the ball in Pentiction area most of the time and although they attempted numerous kicks on goal they failed to counter.

Oliver and Summerland were evenly matched in the final game, with Higgs, Mott and Young playing exceptionally well for Summerland.

With three minutes to play Shippit scored for Oliver during a scuffle around the goal in which Summerland goalie Pohlmann was injured and had to be removed from play. That was the only goal of the game, Oliver winning 1-0.

Summerland's junior team was composed of the following: G. Pohlmann, A. Hooker, R. Faasse, W. Eyre, W. Thompson, L. Higgs, B. Berg, P. Mott, M. Siegrist, G. Solly, R. Towgood, W. Smith, P. Borton, R. Nelson and J. Young.

Pentiction juniors will now play the northern and central school champions for the Okanagan junior schools soccer title. This will also be in the nature of a round robin tournament.

Scoreless Tie In Final Soccer

Summerland and Pentiction high schools senior soccer teams played to a scoreless tie at Pentiction last Saturday in the best exhibition of the round ball game witnessed in the southern section this year.

Summerland lacked the necessary finish on the final punch towards the goal but Kato and Jomori showed to good advantage on the forward line, while the halfback line turned in its best performance of the year.

Pentiction had tough luck on one pressing charge, the ball beating Daryl Weltzel in goal but banging the goalpost without slipping in.

This was the final game of the southern schedule and leaves Rutland out on top as southern winner. The valley soccer final will be played next Saturday with Rutland taking on the northern half winners.

Summerland lineup last Saturday was: Weltzel; Mator, Bryden; Fisher, Day, Brawner; Kato, Jomori, F. Gould, Holmes, MacRae.

Kelowna Hot in Five-Pin Finals

Playing at Pentiction last Sunday, teams from Summerland did not fare so well in the wind up of the Okanagan five-pin bowling championships, a tournament which had been held over since last spring.

Kelowna was extremely hot and walked away with both the men's and mixed championships. Summerland was in fourth spot in both cases, while Pentiction teams were runnersup and Oliver in third place.

Summerland scores were: Men's—A. Soderberg 1041, C. Tada 1047, F. Inaba 911, K. Heales 972, J. Heavysides 950.

Mixed—M. Walker 955, R. Ritchie 908, N. Thornthwaite 261, E. Adams 784, F. Walker 905, M. Inaba 880.

Open Bowling League First Half Schedule is Released

First half of the open bowling league schedule, after two weeks' play, is as follows:

Nov. 3: 7—Meteors vs Nurses, Telephone vs Occidental; 8:30—Rockettes vs Summerland Garage, Maple Leafs vs Can Can; 10—King Pins vs S.H.S.

Nov. 4: 7—Left Overs vs Atomic Bombs, Farmers vs Lucky Strikes.

Nov. 10: 7—Rockettes vs King Pins, Can Can vs Left Overs; 8:30—Farmers vs S.H.S., Atomic Bombs vs Meteors; 10—Lucky Strikes vs Telephone.

Nov. 11: 7—Nurses vs Summerland Garage, Occidental vs Maple Leafs.

Nov. 17: 7—Summerland Garage vs Occidental, Maple Leafs vs Rockettes; 8:30—King Pins vs Can Can, Left Overs vs S.H.S.; 10—Atomic Bombs vs Farmers.

Nov. 18: 7—Meteors vs Lucky Strikes, Telephone vs Nurses.

Nov. 24: 7—Left Overs vs Lucky Strikes, Nurses vs Farmers; 8:30—Meteors vs Occidental, Rockettes vs Telephone; 10—Can Can vs Summerland Garage.

Nov. 25: 7—Maple Leafs vs S.H.S., Atomic Bombs vs King Pins.

Dec. 1: 7—Maple Leafs vs Telephone, Left Overs vs Summerland Garage; 8:30—Can Can vs Lucky Strikes, Atomic Bombs vs Occidental; 10—Meteors vs King Pins.

Dec. 2: 7—Farmers vs Rockettes, Nurses vs S.H.S.

Dec. 8: 7—Farmers vs Meteors, Atomic Bombs vs Lucky Strikes; 8:30—Occidental vs Rockettes, Nurses vs King Pins; 10—S.H.S. vs Can Can.

Dec. 9: 7—Maple Leafs vs Left Overs, Summerland Garage vs Telephone.

Dec. 15: 7—King Pins vs Summerland Garage, Maple Leafs vs Meteors; 8:30—Nurses vs Can Can, Lucky Strikes vs S.H.S.; 10—Left Overs vs Occidental.

Dec. 16: 7—Telephone vs Farmers, Rockettes vs Atomic Bombs.

WHO'S WHO in B.C.

VERNON'S KENNETH KINNARD for the Okanagan, a new Hospital

Solid as a curling rock and efficient as a new Bonspiel broom is K. W. Kinnard, President Vernon Jubilee Hospital Association, B.C.'s 4th city now boasts the finest in hospital facilities and much of the credit for making this fine building with its modern equipment a reality must go to Mr. Kinnard who guided its destiny from inspiration to realization. Ardent fisherman and curling enthusiast, Kinnard is General Manager and Secretary of Associated Growers B.C. Ltd., also Vice-President Okanagan Federated Shippers Association. Ken Kinnard is as O.K. as the bright red McIntosh he accounts for. He represents one of the greatest federations of apple growers in the world.

J. JOBBYAN FOR INSURANCE

329 West Pender, Vancouver, B.C. Telephone 4241

Lorne Perry's Office Busy With Collections

With the second instalment of the B.C. Hospital Insurance premium payments due on November 1, this has been a busy week for the local insurance collection office, that of Lorne Perry on Granville street.

November 30 is the date for annual and semi-annual payments as well as the third instalment. The annual payment made on November 30 covers the payee for the full year of 1950.

Mr. Perry's office is the only one in the Summerland district which is authorized to collect premium payments for the B.C. Hospital Insurance Service.

CARRIED LOADED RIFLE

Mathew Harrison pleaded guilty and paid a fine of \$10 and costs on a charge brought into Summerland court recently before Magistrate H. Sharman by Game Warden Monks of carrying a loaded rifle in his car.

B.C. Weekly Editors Hold Record Convention at Coast

J. R. Armstrong, editor of the Summerland Review, was chosen chairman of the B.C. Weekly Newspapers Advertising Bureau, a sales organization forming part of the B.C. Division, CWNA, at the three-day convention held at Hotel Vancouver October 27 to 29, which attracted weekly newspaper publishers from all parts of the province.

J. B. Creighton, Duncan, was named vice-chairman; A. W. Lundell, Revelstoke, secretary-treasurer and directors are Mrs. Mary Cameron, Richmond, Walter Mansfield of Cranbrook and R. P. MacLean, Kelowna. Lang Sands, Mission, is past chairman.

Chief appointment of the convention went to Al Aisgard, of Powell River, named president of the B.C. Division, CWNA, succeeding Frank Harris, editor of the Vernon News. Stanley Orris, Grand Forks, was named first vice-president and Vic Ball, Fernie, second vice-president. A. W. Lundell is also secretary-treasurer of this division. Directors named last Friday afternoon were: Ray Daubney, Agassiz; Lew Griffith, Quesnel; C. R. Fahrni, Kaslo; J. B. Creighton, Duncan; Lance Whittaker, Rossland; Leslie Barber, Chilliwack; J. E. Jamieson, Jr., Armstrong, and J. R. Armstrong, Summerland.

The convention marked a record for attendance as by CPR and CNR-trains and steamers the 100-odd delegates and their wives travelled to Vancouver, renewing acquaintances with their fellow printers and publishers and bringing themselves up to date on new trends and developments in their crafts, and discussing mutual problems.

On opening day, the importance of the weekly press to the provincial economy and development was stressed by T. G. Norris, K.C. president of the Vancouver Board of Trade, at a luncheon tendered the producers of Canada's best weekly newspapers.

That evening the Vancouver dailies, Sun, Province and News-Herald, welcomed their rural conferees at supper.

Friday morning it was "roll up 'n roll out" for a hilarious breakfast hour. B.C. Telephone Company were delightful hosts in the light-hearted nonsense, which was climaxed by their own academy awards.

At luncheon Friday, Powell River Sales Company was host to the overflow attendance.

Highlight social gathering was the association's annual banquet Friday evening which followed a reception by the western branch of the Canadian Pulp & Paper Association. Guest speaker was William D. Welsh, of Crown Zellerbach Corporation, San Francisco, an ex-weekly printer who became a publisher and top editorial man before going into public relations' work.

Sustained Faith
In an inspiring address, Mr. Welsh said: "Weekly Newspapers will be as much a part of Canada's tomorrow as the sustained faith, courage, leadership, and the means of publishers are willing to make them."

He maintained that the weekly newspaper publisher, no more than the parson, should be expected to merely exist if he is to serve his community in a virile and challenging manner.

He emphasized the local paper's place in Canada's economy, for it started a chain of buying that created more sales to make more jobs for Canadians.

Honor Percy Richards
Veteran publisher Charles Barber of Chilliwack presented Percy C. Richards, executive assistant to Premier Johnson, with the first of the weeklies' annual "award of merit" for his "faithful interpretation" of government policy through the columns of the rural papers; "for steadfastly promoting sound public relations for the government and for a complete understanding of the importance of a free press, a free government and a free people."

The association presented retiring president Frank Harris with an inscribed gavel, in recognition of his year of achievement.

Recognition of British Columbia weeklies which had placed in the top brackets of the Canadian National "Better Newspapers" competitions was made by Lang Sands, vice-president of the parent and dominion-wide group.

Closing day, Saturday, saw the delegates up again at 8:00 a.m. for an opening breakfast tendered by the Pacific National Exhibition directors, who stressed the province-wide role their organization desired to fill.

Printing equipment firms and fine paper supply houses were hosts at closing on Saturday.

During Friday, wives of the publishers were afternoon guests at the Vancouver Sun's "Edith Adams' Cottage", where they spent an entertaining afternoon learning time-saving wrinkles in home economy.

DUTCH SETTLERS ARE VISITED BY TWO OFFICIALS

Jacob Frins of Edmonton, field man for the Dutch immigration committee for central B.C. and J. T. Martin, Prince George, superintendent of the department of colonization and agriculture for the CNR were in town on Tuesday, calling on Dutch settlers in the municipality.

Both men are assisting the Canadian and Dutch governments in two-way effort to bring Dutch people to Canada. It is hoped that 10,000 of these desirable new citizens may be brought to this country each year.

The survey is taking the two men to various districts in B.C. where different types of farming are done, and the plan is to suit the immigrant to the sort of work which he has done in his homeland.

Persons who wish to employ these Dutch immigrants must be

HISTORY

Continued from page 1
opening the gate, stressed the heavy expenditure which has gone into the completion of the road. In 1945, Hon. John Hart, then premier of B.C., announced the start of the highway, which he estimated then as to cost \$2,750,000.

Today, the road has been practically completed, at a cost of \$12,000,000 for the Hope to Kaleden section.

"But I feel sure that there are few who will not agree that the money has been well spent," declared the jovial and popular premier. He paid tribute to the administrative staffs of the government, who undertake such tasks "on the meagre salaries we pay them."

The premier pointed out that the highway parallels the State of Washington and prophesied that thousands of Americans will travel along this route in the years to come.

Premier Johnson also stressed the part played by the private members of the government and pointed to a few gathered there yesterday, the first named being Mr. W. A. C. Bennett of Kelowna. "They must feel proud to be part of a government which is opening up your natural resources."

A very pleasing touch to the opening ceremony was that the Old Timer walked through the opened gate ahead of Premier Johnson.

Harry Anderson, chief engineer, was termed the "spark-plug" of the highway project when he handed the key to Premier Johnson.

Among others who were introduced to the huge gathering were Col. Swan, Vancouver Board of Trade; H. Payne, construction engineer; D. Willis, surfacing engineer; A. McNab and M. Struve, resident engineers; T. E. Webster and T. E. Clarke, location engineers; Fred Dawson and D. E. MacKendrick, paving engineers and contractors; Emil and Carl Anderson, Joe and Bill Tomlinson, construction contractors.

An amazing display of modern machinery, including gigantic rotary snowplows and snow distributors was arranged for the gathering alongside the big maintenance building where busy employees were handing out plates of much-needed food to the visitors. Some idea of the immensity of the project can be gained from a study of figures released by the B.C. government. Twelve hundred acres of land were cleared and grubbed, one million cubic yards of solid rock excavated, along with 4 million cu. yds. of other material; 28,000 lin. feet of culverts installed, 17,000 cubic yards of riprap; 75,000 fbm of timber culverts, 400 tons steel bridges and one million tons gravel base.

And those figures did not include the Princeton-Kaleden portion which follows: Clearing and grubbing, 800 acres; solid rock, 400,000 cu.yd.; other material 2 million cu. yd.; culverts, 12,000 lin. ft.; riprap, 9,000 cu.yd.; fencing, 14,000 rods; gravel base, 700,000 tons.

willing to pay \$45 per month to a single man, and \$75 to a married man including free housing, milk, vegetables and farm products. Employment must be guaranteed for a year before the immigrants may be brought into the country.

Greater Artists Series to Open at Penticton, Nov. 9

Summerland residents who wish to enjoy the Greater Artists Series of four concerts to be staged in Penticton this fall and winter through co-operation with Hilliker Attractions are to have an opportunity in the next few days to become members of the association.

In order to assure the success of those four concerts, 800 memberships must be sold in the South Okanagan.

Mr. Roy F. Angus has handed to The Review receipt forms which can be filled out for subscribing members. A down payment of \$2.50 is necessary and the balance remitted before the second concert.

This series opens on November 9 with the visit of the famed Vienna Choir boys, who have resumed tours of this continent after an absence of ten years.

On other dates throughout the winter Louis Kaufman, violinist; John Tyers, baritone, and Mariemma and her Spanish dancing ensemble, will appear in this series.

Vol. 4, No. 45

West Summerland, B.C., Thursday, November 10, 1949

Growers Not Satisfied With 1949 Prune Deal; Suggest Only No. 1 Sales

Prunes bulked largely in the deliberations of a handful of Summerland growers who assembled in the IOOF hall yesterday afternoon for the annual meeting of the BCFGA, Summerland local. Only one-tenth of the registered growers in this area showed enough interest to attend, but the gathering made up in enthusiasm for what it lacked in numbers.

It was plain that growers are not satisfied with the prune deal of 1949 and intend to take their views to the BCFGA annual convention in Penticton next January and give the entire subject a good airing.

Main grievance seemed to centre around the sales agency's policy of seeking prunes in the early part of the season, before they are mature. Growers admitted they picked immature prunes which were little better than "pig feed", while others declared themselves against any policy but one of straight No. 1 prunes, with the rest dumped.

Councillor C. E. Bentley was named for his fourth term as president of the Summerland local, while A. E. Gardner replaced Walter Bleasdale, who refused a fourth year in office, as secretary-treasurer.

Five resolutions will go from Summerland to the January convention and the one on prunes will be a compromise between drastic action suggested by George Stoll and more modified demands by Eric Tait, president of the Summerland Co-op.

Both these growers wished the same results but went towards their goal from a different angle.

Mr. Stoll declared hundreds of tons of prunes had to be dumped this year and declared that at first the product "wasn't very good" and "not fit to eat". He believed these immature prunes which first went on the market spoiled it for what was to come.

His resolution demands that the practice of packing and selling No. 2 prunes at a No. 1 price be discontinued and that only No. 1 prunes be sold when they have reached their proper maturity.

Mr. Tait wished to have a committee appointed which would go into all angles of the prune deal and consider elimination of all prune sales except those of No. 1 quality.

"We missed the boat this year as we had the market to ourselves yet we put prunes on the market which were only good for 'pig-feed'," he declared. "Yet there were some good prunes in the deal, and some good prunes had to be dumped."

He contended that if only No. 1 quality had been offered this year the buyer would have been stimulated and would be looking forward to next year's deliveries.

Because of the quality of 1949 prunes, Mr. Tait expressed the fear that the buyer will be looking forward to U.S. prunes in 1950.

J. R. Butler expressed flatly his inability to grow good prunes and he desired guidance in better cultural practices to receive results.

Caution against being too drastic in decrying the sales agency's policy regarding prunes came from J. Y. Towgood, who pointed out that the housewife accepts prunes by the calendar and after a certain date she puts away her canning machine and cannot be sold any more canning fruit.

In all the discussion, it was realized that B.C. Tree Fruits did a tremendous job in selling more prunes this year than ever before in history, in the face of heavy yields in the Fraser Valley and a big plum crop in Ontario.

Dr. R. C. Palmer told the growers that "we will have to grade our prunes. If we do that, we will probably be able to sell some No. 2's."

"B.C. Tree Fruits wants to sell over a longer season, partly to assist in the sales and partly to hold out the American product. If the Okanagan holds its prunes off the market, then it will be filled by U.S. prunes," he explained.

He declared growers would have to give the sales agency some latitude in its dealings, pointing out that it is the growers' job to produce better quality prunes and to accept the fact that the cull prunes must be dumped.

Continued on Page 4

Jaycees Given Council Okay

"I hope it doesn't take a hundred years," remarked Councillor H. L. Wilson on Tuesday when the council gave the Summerland Junior Chamber of Commerce its blessing to proceed with a road on Giant's Head, aimed at providing a route to the best scenic view available anywhere in the Okanagan.

Councillor Wilson was referring, of course, to the century of political promises before the Hope-Princeton was opened.

"They're a good, live bunch," was Reeve Reid Johnston's opinion, while Councillor F. E. Atkinson murmured that the Giant's Head road project "is a good thing."

Building Here To Top \$300,000 By Year End

With still two months of building activity left, Summerland's building values are climbing near the \$300,000 mark. At the end of October, 142 permits had been issued by Building Inspector R. F. Angus for a value of \$287,985.

In the first ten months of 1948, 124 permits had been taken out for a value of \$260,540.

During the single month of October a dozen permits were valued at \$17,625 compared with October, 1948, when nine permits were taken out at \$20,830.

These October's permits included three new dwellings at \$9,000, two alterations and additions to commercial and institutional buildings, at \$6,000, and \$2,625 worth of seven sundry alterations and additions.

George Schiller, 64, Passes Suddenly; Lived Here 27 Years

Another well-known citizen of Summerland district passed away suddenly on Sunday, November 6, in the person of Mr. George Schiller, aged 64.

Born in Poland, the late Mr. Schiller came to Canada 36 years ago and settled in Summerland 27 years ago. He occupied a fruit orchard until this summer when he sold his property and retired to a new home on Prairie Valley road.

Besides his wife in Summerland he leaves one stepson, Mr. William Coppon, now residing in Summerland.

Funeral service was conducted from Kingdom Hall by Mr. T. V. Sallis, of Kelowna, the Jehovah's Witness congregation in charge. Interment was in Peach Orchard Cemetery, with Summerland Funeral Home in charge of arrangements.

Fifteen Badges of Service For Red Cross Work During War Are Presented

About thirty ladies who formed a warm friendship during the war years when they worked together in Red Cross gathered at the parish hall last Friday evening, Nov. 4 when fifteen were honored by being presented with Red Cross Badges of Service. These badges signify outstanding work for Red Cross and at least five years continuous service in the society.

Present also were Reeve E. A. Johnston who made the awards, both honorary presidents, Dr. F. W. Andrew and Dr. A. W. Vanderburgh, Councillor C. E. Bentley, Mr. J. Y. Towgood, chairman of the blood donor clinic, and Mr. Wm. Armstrong, whose wife was one of those to receive a badge.

The president of Summerland branch of the Red Cross, Mrs. A. K. Elliott welcomed those present and Mr. Bentley projected three excellent Red Cross films. They were in color, one depicting the Red Cross water safety campaign, and the other two, Red Cross in Disaster, featured the Fraser Valley floods last year, showing efforts in relieving suffering made by Red Cross and the navy. Outstanding Bravery It had been planned that Myles

Gillard, son of Mr. and Mrs. W. Gillard, Summerland, should be given the Royal Humane Society parchment which he won for outstanding bravery in helping to rescue Lou Lewis, son of Mr. and Mrs. L. Lewis, Summerland, when he fell into the lake last year.

Dr. F. W. Andrew who recommended that the Humane Society recognize this act of courage was to make the presentation, but Myles was unable to attend that evening, so will be given the parchment at another time. Dr. Andrew told the story which occasioned the recognition.

Mrs. Elliott stated generally why the badges were being given to the fifteen ladies, and that they have been given out in two groups with others to be made later. Reeve Johnston expressed his pleasure in being present, and gave out badges of service to:

Mrs. Wm. White, who was one of those who worked at cutting out garments; Mrs. Loomer, who was a faithful cutter, too; Mrs. W. Armstrong, who assisted in cutting and attended regularly; Mrs. Hoekham, who headed the Peach Orchard sewing group and organ-

Continued on Page 8

Three Months For Uttering Fake Cheques

June Des Jardines, who has been wanted by police for the past three months on charges of uttering forged cheques in Summerland and Penticton gave herself up to RCMP officials in Calgary on Monday, October 30 and appeared for summary trial before Magistrate H. Sharman in Summerland court on Friday, Nov. 4.

On two charges of uttering forged documents, namely two cheques for \$140.40 each, Miss Des Jardines was sentenced to three months in jail, the sentences to run concurrently.

The business firms connected with these charges were Butler & Walden and Manarey's Grocery. At the former store, she obtained the full amount of the cheque, while in the case of the Manarey concern, only a small amount of cash was obtained on the cheque.

The accused young woman had been coming to this district for two years during the fruit packing season and was to have worked at Rev. Robert Birch's orchard this year. She had been here only a short time from Vancouver when the forged cheques were cashed and she disappeared.

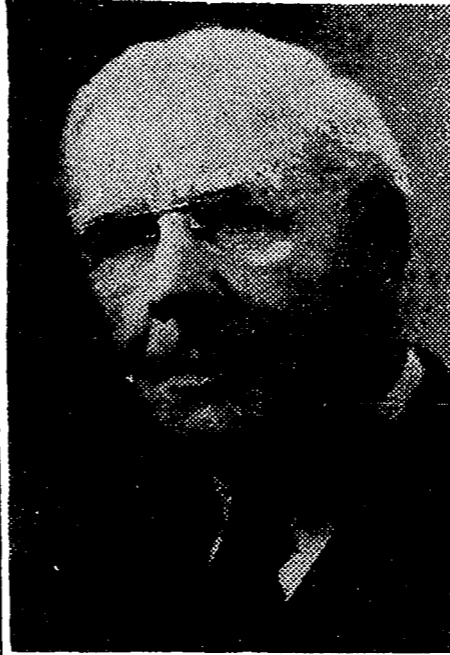

Although she pleaded guilty and elected for summary trial before Magistrate H. Sharman, she gave no explanation for her behaviour and no statement of any kind was given the court.

She is appearing in Penticton court this morning to answer a third charge of uttering a forged document at Walter's Ltd. U-Drive. There she is alleged to have obtained a u-drive jeep and obtained another small amount of cash on depositing a worthless cheque for \$140.40.

The jeep was later found abandoned at the CPR station in Princeton.

All cheques were forged on the name of Robert H. Birch, in whose employ she had been for two seasons.

Baptist President—

Many members of the Baptist church in Summerland travelled to Kelowna on Monday evening to hear Dr. M. F. McCutcheon, DD, president of the Baptist Federation of Canada speak at an Okanagan Valley Baptist YP rally. Having attended a meeting of the council of the federation in Regina, Dr. McCutcheon is making a brief tour of the west. He is one of the outstanding Baptist leaders in Canada and has held the pastorate of the First Baptist church, Montreal, since 1914.

Decision Soon On Jones Flat

Two important decisions are expected to be made by the Summerland municipal council on Tuesday, November 15, after the court of revision on the voters' list.

At that time, a full debate in committee is expected on the proposed Jones' Flat joint sprinkler irrigation scheme, and the prospect of some permanent control work on Eneas Creek to prevent annual flooding.

Remembrance Day Service Will Start at 10:40 a.m. Tomorrow

Tomorrow, at 10:40 o'clock Summerland citizens will gather around the Cenotaph in its new resting place in the Living Memorial park playground, to bow their heads in prayer and remember those who paid the supreme sacrifice in two World Wars.

Tomorrow is Remembrance Day and this year it has a special significance as the plaque containing the names of those who fell in World War II will be unveiled.

Arrangements have been concluded for a complete service at the Cenotaph tomorrow morning. Details were outlined in last week's Review and will follow the same order.

The service this year will be about ten minutes longer than usual, as the unveiling ceremony which will be undertaken principally by Ross McLachlan, Canadian Legion president and Rev. H. R. Whitmore, president of the ministerial association will precede the usual ceremony.

Members of the Summerland Band intend to parade from the Catholic church to the park-playground at 10:15 and be in attendance throughout the service. The United church choir will also be in attendance and will join the band for this function. Bandmaster H. Pohlmann states,

All veterans in the district have been asked to meet at the IOOF hall at 10:30 o'clock to parade to the park-playground.

In the evening, the Legion WA has arranged a Remembrance Day banquet at Ellison hall, in conjunction with the Legion branch. The banquet will be served by the Ladies' Hospital Auxiliary, who will cater to 200 Legionnaires and WA members.

Other features of Remembrance Day will be the turkey shoot being staged by the Summerland Trap Club during the afternoon, and the opening senior league basketball game in the school gymnasium in the evening.

HEAR TALKS ON INDIAN AFFAIRS

Dr. P. S. Tennant, Regional Superintendent of Indian Health Services for B.C. and Mr. R. M. S. Sampson, Superintendent, Okanagan Indian Agency, stationed at Vernon, were guests at the meeting of the Okanagan Health Unit held at Oliver yesterday.

Each outlined activities of the department which he represented to interested representatives from southern Okanagan centres.

The meeting was attended by F. E. Atkinson, Summerland council representative on the union board, and Mrs. A. W. Vanderburgh, representative from Summerland school board.

Youth Centre Campaign Reaches \$2,000 Mark But More Push Needed Yet

Youth Centre drive thermometer stands this morning at the \$2,000 mark after the first week of the general canvass of the community, but it is evident that the campaign will have to have a further impetus if it is to be successful. Objective is \$7,000 and the drive was to end officially next Monday, November 15.

Such was the consensus of opinion of the Youth Centre committee members and most of the canvassers who gathered to discuss the drive at a dinner meeting in the Nu-Way Annex on Tuesday evening.

Aim of the Youth Centre drive, which started on November 1, is to raise \$7,000 to purchase the old college gym on Giant's Head road, and to renovate it to such an extent that youth organizations can have a permanent home.

Canvassers reported some apathy on the part of the public towards the project, but in general the response has been quite good. However, the general donation being provided does not indicate that it will reach its objective, officials commented.

Eighteen out of 36 canvassers had reported at the end of the first week but no district has been fully canvassed yet, it is stated.

Canvassers reported on Tuesday that the damage on Hallowe'en Night had created some adverse thinking towards the drive. The meeting was informed that most of the damage was done by one carload of irresponsible persons travelling with a carload of young people from a neighboring community.

The statement was made that few native born boys and girls had taken part in any malicious damage, and that the youth centre is being planned so that guidance can be given to youths who would perpetrate such destructive acts.

Some citizens have told canvassers that the young people should do more to help themselves.

In answer to this theory, committee members declared that a great deal of assistance has already been obtained from the young people in renovating the old gym. The meeting agreed that the "kids" will be responsible for jobs well done, if given good leadership, and many examples of hours of work put in by the young people already were given.

Councillor F. E. Atkinson, chairman of the Youth Centre committee, which is being incorporated under the societies act, urged the canvassers to further efforts in order to reach the goal and again pointed out the advantages to the young people of a proper "home" for their activities.

Accident Victims Are Known Here

Mr. and Mrs. Wm. Grant and their son, Angus, who are well known here are in St. Martin's hospital, Oliver, as a result of an accident which occurred last week on the Vasseaux Lake road.

Retraining from Penticton with friends, Mr. and Mrs. K. Hammet, they saw a truck weaving an approach to them so Mr. Grant stopped his car.

The truck struck the Grant car, which was a new one, badly wrecking it and causing serious injury to Mrs. Grant and their son, and minor injuries to Mr. Grant. The other occupants were unhurt.

Will Continue Flood Control Work East of Highway on Trout Creek

Magnus Tait, chairman of the Trout Creek Flood Control Committee, informed The Review yesterday that work on fixing Trout Creek from the highway bridge to the outlet at Okanagan lake will proceed.

On Tuesday, this portion of the creek was investigated by Assistant District Engineers L. E. Willis of Kelowna and J. W. Miers, Penticton. It is understood by Mr. Tait that recommendations have been made for a straightening and deepening program in this section.

When the municipal council forwarded its cheque for \$1,000, as its contribution towards Trout Creek flood control work, Mr. J. W. Miers replied that his instructions had been that no further work east of the highway bridge would be undertaken.

However, the council request for further protection work was handed to A. L. Carruthers, flood control engineer, while Mr. Tait contacted Mr. McNaughton, engineer in charge of work on Trout Creek and Mission Creek, Kelowna, and had him investigate the situation.

The visit here of Messrs. Willis and Miers on Tuesday climaxed the investigation and it is understood the work is to proceed.

Although the engineers do not wish to disturb the banks of the creek to any degree, a certain amount of straightening work will be undertaken and the channel deepened where necessary, Mr. Tait understands.

On Tuesday, the municipal council read a letter from Mr. Miers, stating that the additional work requested would be brought to the

Co-op Growers Get \$50,000 Today

Cheques are in the mail today, totalling \$50,000, as a further payment to members of the Summerland Co-operative Growers' Assn., Miss B. Bristow, secretary-treasurer, announces. This payment represents advances on plums, Transcendent crabapples, Wealthy and McIntosh apples and the final payment on the apricot crop.

Kiwanis Backs Youth Drive

Throughout Canada and the United States, National Kiddies Day is being observed on November 19, with special emphasis by Kiwanis Clubs everywhere. Here in Summerland, as in some 3,000 other communities, Kiddies Day is to be observed, but because of the Youth Centre drive which commenced Nov. 1, the Kiwanians have swung their weight behind this campaign.

Purpose of Kiddies Day is to focus attention of the public upon youth and to make boys and girls conscious of their duties as future citizens, the Kiwanis club chairman of this committee, Rev. Father Meulenbergh, states.

President F. W. Schumann of the Kiwanis club states that the Youth Centre drive is wholeheartedly backed by the Kiwanis Club of Summerland.

ATTEND CHURCH PARADE

Members of the Kiwanis Club of Summerland paraded to St. Andrew's United church on Sunday morning to hear a sermon from the United pastor, Rev. H. R. Whitmore.

What Will We Do Now?

THE Hope-Princeton highway is no longer a dream, it is a reality, bringing the famous Okanagan Valley within 253 road miles of the busy metropolis of Vancouver. The day we have been awaiting has arrived at last.

So what are we going to do to capitalize on this event? How can we better our Okanagan home? Are we making any effort here to reap the benefit?

Here in Summerland the answer is practically in the negative. Our tourist accommodation is at a minimum. Existing tourist cabins are excellent but if we are to attract even a portion of the tremendous tourist influx expected next year and the years to come, the number of cabins here is pitifully small.

And we have no tourist hotel which would attract the traveller to tarry for a time in our beautiful surroundings.

We are fifteen miles from the most important road intersection in the interior, the Kaleden junction of the southern provincial highway, yet we are woefully unprepared for the travelling public.

There is plenty of local capital for such ventures if it can be interested. And right in the forefront of plans to attract the tourist should be the projected fruit stand and information bureau which the board of trade and the junior chamber have discussed.

While there is still plenty of time before next season, there should be some careful planning accomplished.

The Sunshine Route

KELOWNA is a wide awake community which generally leads the entire Okanagan in progressive thinking. As such, it was no surprise when Kelowna popped up with the best idea proposed yet to publicize the Okanagan Valley as the foremost link in the chain of interior highways.

"The Sunshine Route" is the name proposed by Kelowna for Okanagan Highway No. 5. The name has a happy sound and would catch the imagination of any travel-minded citizen.

The Okanagan's place in the sun of interior motordom is a splendid one. Travellers over the Big Bend can now swing down through the Okanagan and to the coast via the Hope-Princeton highway with no additional mileage than if they travelled the Fraser Canyon route.

Travellers from the coast can drive over the Hope-Princeton section to the Okanagan and have their choice of driving north to connect with the Big Bend or south to continue over the southern transprovincial route to Alberta.

Which ever route is chosen, the Okanagan benefits from the influx of tourists who before shunned the valley many times because of the con-

dition of roads leading to the Okanagan.

But not many persons outside the Okanagan are acquainted with these facts and therein lies a big publicity job which this valley must tackle immediately.

In order to publicize the Okanagan and its pleasant possibilities to the travelling public, a collective effort must be made by all boards of trade, business houses, tourist camps and other interested groups so that the fullest coverage possible will be realized.

An advertising campaign of this magnitude will require many thousands of dollars but we feel it is essential if the full benefits of the new highway are to be obtained.

The committee appointed by the Associated Boards of Trade of the Southern Interior, headed by President Bill Guerard of Penticton Board of Trade, to erect a huge Welcome sign at Kaleden junction could be the nucleus of such a publicity group.

Months of careful planning would be necessary to do a worthwhile job, so it behooves the boards of trade to take action immediately.

Twisting the Facts Around

WE HAVE heard some persons, in the past week, take the wrong slant on the damage caused on Hallowe'en. Some have even twisted the unfortunate incidents to suit their own purposes.

We have heard persons decry the current Youth Centre campaign and claim that because of the damage done on Hallowe'en they would hesitate to donate to this cause.

To us, the flagrant flouting of the law and the acts of destruction, indicate more than any other single action the need for more organized control of the activities of youth.

We feel certain that only a small portion of the young people of this district was responsible for the broken fences and mailboxes on Hallowe'en.

If a Youth Centre can entice these thoughtless youths into organizations which will teach them the difference between right and wrong, consideration of other people and other people's property, then there is more reason than ever to support the current campaign to raise \$7,000.

Instead of saying that we will not support the campaign because certain youths caused malicious damage, we should dig deeper in support of a community effort which is aimed at the broadening of youth's education and the fitting of youth to take its rightful place in society.

We do not believe that the Youth Centre will accomplish this aim in all cases but it is a step in the right direction. Be ready when the canvasser calls for your donation.

Signifying Nothing

By RUSTICUS

Spiritually I was born in Aberdeen, so when the canvasser for the Youth Centre campaign came round the other day, I demanded a great column from him in return for the few pieces of silver he received. Here it is.

Canvassing isn't the most delightful job in the world. It takes time, when you're tired enough to much prefer relaxing by your own fireside to visiting other homes and envying the people who are doing it there. And no matter how enthusiastic you may be for the cause you represent, to a great many people it means only one more call for money.

Yet it's always interesting to see how different people react to it. Some of those who pay the least and grumble the most are those who are best able to give generously—from all surface indications, at least. And some of the poorest people, from a financial standpoint, are the richest givers.

When an old age pensioner, living in a shack on a miserable pittance, squeezes out a dollar to help the kids, it often means more sacrifice than fifty times as much from a well-off orchardist or business man.

You sure get several different slants on this business. Some people are all for it; they believe that organized activities such as the Youth Centre will make possible are the only way to keep the youngsters developing wisely and ward off any juvenile delinquency problem in Summerland. To them the \$7,000 cost of the hall is small

compared to its possibilities for good, and they give all they can.

Others say, "We had to find our own fun when we were kids, and pay for it too; it would do today's youngsters good if they were the same way". And if you tell them gently that times are different now from what they used to be, they'll snap right back at you: "Yes, the kids have about ten times as much money as we did. When they can afford to go to shows two or three times a week, and spend dollars every week on candy and other treats, they can afford to kick in with a lot of money of their own toward this hall."

Not a few were soured by the rowdiness last Hallowe'en. "If kids have time to tear around all night and energy enough to rip out mail boxes and tear down fences, they can put in a lot more time and energy on their own hall," one old fellow summed it up.

As far as Teen Town and the older Scouts are concerned, this is probably true; there are plenty of chances round Summerland for kids that age to earn money every summer and fall, and they'll appreciate what they pay for themselves a lot more than what is given to them gratis.

But there are a lot of younger ones—Girl Guides and Brownies and Cubs—who can't earn so much, and it's certainly up to us adults to help them out. After all, as I see it, most adults are too wrapped up in their own affairs, worrying

over their own little problems; the only way to have happier, better adults in the future, with fewer problems to worry them, is to start helping the youngsters now.

Biggest impression I've got from my rounds is that there are too many demands for money around here, for people who are not too well fixed. We've just had the appeal for children in Europe, our churches are calling for money, last Saturday was Poppy Day, The Salvation Army, St. John's Ambulance, Red Cross, Anti-Tuberculosis Fund, and the Summerland Band are all asking for donations in the next few weeks. We're barely over taxes, there's Christmas coming, many of us are trying to send parcels to the needy overseas. And if Reid Johnston gets any more support for the Giant's Head Road we're apt to have a drive for funds for that, any time.

Isn't it about time that Summerland, like larger communities, organized a Community Chest fund, which would be divided up among all these organizations? Then people would know there would be only the one canvasser each year and they could budget for it; as it is, there are so many drives that people are forming a habit of giving only a little to each one for fear the next will come too soon.

Maybe a campaign to end all other campaigns and have just one big one every year would be the best campaign Summerland could have.

NOTES from PARLIAMENT HILL

(By O. L. JONES, MP for Yale)

During the past week we have had several private and public bills. Two of them dealt with pipe lines, namely the West Coast Transmission Company, Limited, and the other, the Alberta Natural Gas Company. These two companies are seeking a charter to convey gas and in one case oil as well to the American market.

Both indicate in the discussions that they intend to tap the markets along the Pacific coast, mainly Tacoma and Seattle and possibly further down as well as Vancouver and New Westminster.

Some of the members from British Columbia were putting up a fight against granting these charters on the simple grounds that the lines when laid down go through the States from a point in one case Kingsgate and thence through Spokane and then to Seattle, dead ending the line in Vancouver.

My objection is on the basis that the line should go through Canadian territory to Vancouver and across the border at Blaine to the United States. A line passing through Canada would be able to serve the towns in the Okanagan as well as the Fraser Valley on its journey to the coast.

The great value of natural gas for industrial development is well known and I feel that the benefits of this potential industrial

development should be given to our Canadian cities rather than to those in the United States.

It may be a selfish point of view but in answer to that I can only say that if the Canadian Pacific Railway had decided for economic and other reasons to traverse their way to the coast through the possibly better route through the States of Washington and Oregon and thence to Vancouver there would have been no development in the interior of British Columbia.

We certainly would not have had the flourishing towns that we have today. I regard a pipe line conveying natural gas as the modern transportation system and will have the same beneficial effects on the area it is passing through as would the railway passing through the unsettled lands of our Dominion.

Then also I feel that many, many millions of dollars would be spent on pipes, fittings, buildings, etc., that would be of immediate benefit to many of the workers and pipe fabricators of British Columbia. This, plus the annual maintenance costs and operating costs, are some of the arguments that some of us from British Columbia are advancing to try and have the companies change their bills to say the pipe lines will pass

through Canadian territory.

The debate on the budget has taken a different trend, dealing practically entirely with the amendments and nearly all the speakers are calling on the government to take immediate action to protect our fast deteriorating trade with countries within the sterling area. Many splendid suggestions have been made and if only some of them are adopted by the government we may have an answer to the problem that is uppermost in all our minds—how to improve our trade relations with what has always been regarded as our best customer (Great Britain).

The National Housing Act has been under discussion and will continue to be discussed later on this week. The charges have been levelled by opposition members against the government on the total inadequacy of their housing plans. It would appear that housing at the present rate is barely keeping pace with the annual demand brought about by new marriage and immigration.

It has not been able to cope with the backlog of housing needs which has been roughly estimated to be around 500,000 homes in spite of the efforts of the government to provide more homes.

There is another factor which enters in which makes it very difficult to provide homes for those in the lower income bracket; unless the Canadian government adopts a policy similar to that in England or some of the other European countries of subsidizing low rental housing as many of our people cannot get even the original payment of 10%, neither can they rely on a steady enough income to warrant the purchase of a new house.

Pioneer Days

THIRTY YEARS AGO

November 7, 1919

Some 3,500 feet of the north main has been completed with 1,100 feet still uncompleted. On No. 2 ditch, 1000 feet of the 2,800 feet of concrete lining has been finished, Engineer Fawkes states.

Summerhill Topsy, a purebred Holstein owned by Balcom Ranch, took second place for the months of July and August in an official record of performance test covering all Canada. She produced 17,817 pounds of milk, while the record producing cow gave 21,973 pounds.

To keep the trade on this side of the line, Penticton and Summerland boards of trade are seeking a water-level road from Penticton south to the boundary, with special emphasis by Penticton of a road on the east side of Skaha lake.

With the high cost of meat, it is mentioned that there are hundreds of horses in the hills back of Summerland, seemingly without owners, which might be made available at a profit.

A large addition is being made to the Rialto Theatre, the entrance is being remodelled, with the seating capacity nearly doubled.

On the eve of their departure for Victoria, Mr. and Mrs. J. L. Hilborn were presented with a leather-bound copy of the New Methodist Hymn Book by members of the Methodist Assn.

Most of the board of trade meeting was taken up with discussion of the inadequacy of the post office service in this district.

Summerland Basketball club officials named for the season are: Hon. Pres., Dr. F. W. Andrew; president, E. R. Butler; vice-president, K. S. Hogg; secretary-treasurer, C. H. Sismey; manager, George Craig; coach, Fred Baker.

Bylaws authorizing issuance of \$5,000 debentures for road equipment and \$4,800 for purchase of a school site were approved by slim majorities.

G. R. Hookham and H. Reynolds have acquired a large ranch at White Lake, and the latter will leave here soon to manage it.

Because of non-delivery of fuel, classes at the high school were dismissed for the day on Monday. G. R. S. Blackaby has arrived to take charge of the downtown office of the Bank of Montreal.

TWENTY-FIVE YEARS AGO

October 23, 1924

Rt. Hon. W. L. Mackenzie King will speak here on Saturday on behalf of Liberal candidate Mayor D. W. Sutherland of Kelowna.

At the Tuxis Boys conference in Penticton Harry Hobbs of Summerland was elected grand prator and Shelley Knowles scription.

By the building of a large tank, the experimental station is providing an ample water supply for fire protection and the running of sprinklers for lawns. The tank measures 20 by 20 by 10 feet inside, and its capacity is 25,000 gallons. Work has also started on the erection of a model dairy barn, and plans are now being prepared for a two-storey residence for the superintendent.

The thorough knowledge of political subjects, particularly those affecting Yale district, considerably surprised those who attended the political rally to hear Mr. Grote Stirling, Conservative candidate in Yale riding by-election for the first time.

Rev. Z. L. Fash, pastor of the Baptist church, has resigned and is leaving for Hantsport, N.S.

Kelowna Lad is Conference Speaker

Grian Weddell, Grade 12 student from Kelowna high school, was guest speaker at the American Junior Red Cross regional conference held in Tacoma, Wash., on November 5.

Brian is the son of Mr. and Mrs. E. C. Weddell, well-known old timers of the Orchard City.

The conference was attended by more than 800 teachers and students from Washington and Oregon. Brian was one of the ten B.C. high school student leaders who attended American Junior Red Cross leadership training centre held at Salem, Oregon last August; 96 students attended the camp which was made up of Junior Red Cross representatives from high schools from northern California to Alaska.

evening and were delighted with the clarity of diction and finished performance given by the local students.

Preceding the program a team from Summerland high took part in the Dollars for Scholars quiz which is a feature of Monday night's radio from Kelowna, with teams from various schools expected to compete during the winter.

In the prepared program Leighton Nesbitt was announcer, and Graham Munn gave a school sports' review, while musical interludes were supplied by Kit Muirhead who played a piano solo, and Shirley Gardiner who sang a solo.

A ten-minute play, "The Card" dramatized from Arnold Bennett by Mrs. Lacey Fisher moved with ease. All players enunciated plainly and without any hitch to give an excellent skit.

Those taking part in the play production were Don Cruickshank, Don Allison, Norman Holmes, Margaret Myers, Shirley Allen, Graham Munn, Jim Towgood, Dorothy Blacklock, Louise Gale, Jim Birtles and Mary Ward.

To begin and to end the broadcast Summerland high school song was sung in chorus.

Local Youth Activities

Teen Town

I was browsing through a magazine the other day when I happened to notice a few pages devoted to teen agers. It seems that "Drop Dead" is passe and the thing to say now is "Turn Blue". Pretty good eh?

Now that the drive to raise \$7,000 for the Youth Centre is on, urge your Mother and Dad to give as much as they can spare. This is a project by which you will benefit so dig in and do a little work to help it out. The sooner they raise the money the sooner we will have the hall for dances and Teen Town will be solvent again.

It looks like we had our Sadie Hawkins Day dance a little early this year. By the paper it shouldn't be here till November 19 anyway. Maybe we should have another one, what say girls?

That last one was fun enough to try it again.

The dance to really look forward to, though, is the one on Nov. 26. We will be having an orchestra and everything. If the old gym isn't ready the dance will be held at Ellison hall. Teen Towns from Oliver to Vernon are invited and it is really the highlight of the season.

Just think, only about one thousand and fifty-six hours left till Christmas. Better get started on those socks and sweaters you have been promising yourself you will knit.

It was nice to see the good attendance at the CYO dance last Friday. If everyone keeps coming to dances all along there will be no reason for Teen Town dying out this winter.

If you are home right after school tune into "Teen Town Tune Time" over CKOV. Has lots of good music and they announce coming Teen Town dances. So long!

GUIDE NEWS

We held our regular meeting at the Youth Centre on November 4. Mrs. Fredrickson came down to the meeting and gave us a lecture on our child nurse badge. Patsy Menu was enrolled.

The Guides collected \$141 on tagday, Jean Pick collected the most money which was \$199.07 and Francis Atkinson came next with \$14.58. Five marks were given for the most money collected, three marks for the next highest and two marks for the rest of the girls, who sold.

There will be a practise for the play at Mrs. Huva's on Tuesday and Thursday after school. Be sure all play people are there. Songs for the Christmas Concert will be at Mrs. McIntosh's on Saturday, Monday, Tuesday. Old Black Joe practices on Monday noon at the school.

There will be no meeting next Friday. Canary and Bluebird patrols got marks for the most toys brought in for the Indian children. Bluebirds got marks for their patrol corner and the Thrush got marks for attendance and inspection. The marks are as follows:

Bantam 931, Bluebirds 226, Canary 216, Forget-me-nots 232, Robins 175, Swallow, 179, Thrush 202. All posters must be in two week from this Friday or there will be ten marks taken off. Duty patrol: Canaries.

Growers to Hear Report on Hail

Through its chairman, George A. Lundy of Oliver, the hail insurance committee of the BCFGA has assured the growers' executive that the preliminary report of the hail insurance committee will be ready before the end of the year.

This hail insurance problem will probably be one of the big features, again, at the annual BCFGA convention in January. The hail committee is also ar-

High School COMMENTS

Fifty-five dozen hot dogs were sold to "hot dog hungry" high and public school students Friday noon hour. Proceeds go towards paying for the soccer sweaters which are already in use. The grade ten girls, under the direction of the social committee, arranged and prepared the sale.

Last Thursday a number of high school students were the interested audience of Miss Treen, a Toronto typing teacher. Miss Treen's tour is being sponsored by the Underwood Typing Co. She gave us many tips and secrets for success in typing. But typing students, after watching her nimble fingers aren't quite so sure that they will ever match her skill.

The old gym is now equipped with new basketball baskets and backboards. Even these new pieces of equipment fail to calm the students' excitement over the thought of a new gym.

Speaking of new things... several class rooms have been brightened considerably by new pieces of furniture. The science lab sports a new set of cupboards, while the home ec. lab has a new refrigerator and a fully equipped home ec. table. Other classrooms have been provided with new desks and chairs. During the summer the floors were refinished. The library has been enlarged by a number of interesting books written on various subjects.

Boys' basketball practices are now underway. Senior boys practice Tuesday and Thursday evenings with Mr. L. Fisher as coach. Junior boys are coached by Mr. Durick. Their practices are held Monday and Wednesday afternoons.

HANNAM CHOSEN FOR CURRENCY TRADE BOARD

Dr. H. H. Hannam, president of the Canadian Federation of Agriculture, has been chosen to a post on the new dollar-sterling trade board. This appointment is considered of special interest to agriculturists as one of the main problems facing them today is the future of export markets, in the face of currency devaluation and mounting surpluses in the United States.

...ranging a conference with provincial government officials before its report is completed.

**Power Failures
Two Successive
Saturday Mornings**

On two recent Saturday mornings electric light service has been disrupted in the West Summerland area.

On Saturday, October 15, a truck owned by Shannon's Transfer went out of control at the corner of Prairie Valley and Station roads and crashed into an electric light pole, snapping it off.

The steering mechanism failed to function, thus causing the accident, B.C. Police Constable Thorsteinson was informed. Extensive damage was done to the front of the truck.

On Saturday, Oct. 22, a short circuit threw out the West Kootenay Power & Light Co. circuits from Oliver north, and started a fire in the Pentiction switching station. This caused a cessation of service for about an hour.

Recently the board of trade executive discussed the frequent power failures this fall and decided to write the West Kootenay suggesting that some system be evolved whereby factories here could be notified of the approximate length of time involved in shutdowns.

Last Saturday another power failure occurred when a tier was felled across a line at Vasseaux lake, causing a shutdown of service for Summerland and Pentiction.

A five-minute break in service occurred again on Monday afternoon.

**Bride Chooses Birthday
For Marriage to Adam Huva**

Last Saturday afternoon, Nov. 3, the bride's birthday, at three o'clock Miss Florence Clarke, daughter of Mr. and Mrs. H. E. Clarke was united in marriage with Mr. Adam Huva, son of Mr. and Mrs. Wm. Huva, all of West Summerland.

In the presence of about a hundred guests the ceremony was performed by Rev. H. Vorrath at the home of the groom's parents.

Tasteful decorations of chrysanthemums in many shades and pink and white streamers were the setting for the dark-haired bride in her beautiful white satin wedding gown, which was poised over a lace petticoat. The neckline was in off-the-shoulder fashion with nylon net inset, and a three strand pearl necklace was worn. Along the hemline pearl ornaments caught up the satin to reveal the lace, and the long train was trimmed with lace as well. Red roses made the bridal bouquet.

The bride was given in marriage by her father, and entered the room to the music of the wedding march played by Miss Ella Mohr.

Attendants were Miss LeEtta Littau and Mrs. Edwin Lekei as bridesmaids. Pale blue taffeta was the material of the former's charming frock, complemented with white headdress and white

gloves. Mrs. Lekei's costume was in dainty contrasting yellow featuring net over taffeta, and her headdress and gloves were white, also. Both attendants carried nosegays of white and bronze 'mums, and both wore two-strand pearls.

The groom was supported by his brother Mr. Fred Huva of Chilliwack, and Mr. Edwin Lekei assisted in seating guests.

Parents of both principals and the bridal party received at the reception which followed in the Oddfellows' hall, where flowers and pink streamers were prettily arranged as decorations.

Mrs. Clarke had chosen a ruby red crepe frock for her daughter's wedding, and with this grey accessories were worn, while Mrs. Huva was gowned in checked jersey. Each wore white carnations en corsage.

On the bride's table was a beautiful wedding cake with white icing trimmed with pink and topped by a bride and groom ornament.

Rev. Mr. Vorrath proposed the toast to the bride, and to this the groom responded.

The bridesmaids were toasted by another brother of the groom Mr. Reuben Huva, and the groomsmen made the response to this toast.

Music was supplied by Knoblauch's band from Peachland. In keeping with an old custom the bride's shoe was auctioned by Mr. Gary Huva, a third brother of the groom, and Mr. J. Rithaler.

For her honeymoon trip to Vancouver by car the bride was costumed in grey-blue gabardine with wine accessories, and corsage of white carnations.

**Lutheran Church
Building Started**

Members of St. John's Lutheran church in Summerland have started construction work on a new church which they expect to have completed by Christmas. The new building is being erected on part of Rev. Robert Birch's property which was subdivided for this purpose.

The basement has been dug and pouring of cement for the foundations will start next week, it is expected.

Minister of this congregation is Rev. Mr. Gabhardt, of the Missouri Synod, now resident in Pentiction. Along with Rev. Mr. Gabhardt, the building committee consists of Mr. Herman Glaser and William Turigan, Sr.

This congregation has been holding its services in the Free Methodist church in West Summerland.

**MORE ABOUT
GROWERS**

Continued from Page 1
Dr. Palmer also explained that only the best quality prunes can be dehydrated, but that they can return more money as fresh fruit. There is simply no place for the cull prune except the dump pile.

Colin McKenzie suggested that more advertising of the quality of prunes should be undertaken to differentiate from the "CPR Strawberry" variety of dried prunes.

Pre-Cooled Soft Fruits

Other resolutions recommended to the BCFGA convention that all soft fruits, especially peaches and apricots be pre-cooled before loading into railway cars and that the annual BCFGA grant of \$5,000 to the Dominion Experimental Station be continued.

Mr. Tait spoke on the pre-cooling plan, declaring that this method holds the fruit at a proper maturity and enables it to arrive in better condition on the market.

He instanced the Cornwall Cannery experiment of holding mature peaches in pre-cooled storage for a lengthy period after the variety had disappeared from the valley and finding them in good shape for canning purposes.

The annual experimental station grant has been provided by the BCFGA for the past six years and will be highly recommended again to the growers' parliament.

In explaining the uses to which the grant has been put, Dr. R. C. Palmer, station superintendent, declared that "I think we got good value for you."

He declared that in the past two years the grant has been used largely on cold storage plant investigation and a study has been made of every storage plant in the interior of B.C.

"We have been able to make recommendations which have vastly improved their operation and that will mean a great deal in the coming year," he observed.

"The Okanagan is better equipped to handle its product than any other place on the North American continent," he emphasized. He also declared that relations between the industry, the grower and the research men are on a high level and he knew of no other place where they are better.

Advertise Canned Goods

Advertising of canned goods is a subject which Summerland has introduced before without much success, but the Summerland growers will re-introduce this subject again next January with a view to obtaining closer co-operation between the industry and the canned fruit men with a view towards co-operative advertising of the B.C. canned product.

It is also recommended that the BCFGA examine with the canners the possibility of having all cans containing valley fruit labelled "Grown and Canned in the Okanagan Valley."

Chairman C. E. Bentley also asked for an explanation why canners had introduced a 15-ounce can which "is not big enough to take some of our peaches and pears." There were no cannery men present to explain.

Offer of Provincial Horticulturist A. W. Watt to carry out fire blight cutting demonstrations was accepted by the meeting, which also recommended that the annual Chautauqua meetings be held here by the middle of December.

Members of the executive chosen were Henry Mohr, F. R. Ganzeveld, J. Y. Towgood, J. H. Walton and Colin McKenzie. These members, along with President Bentley and Secretary Gardner and Messrs Ken McIntosh and George

Stoll will be delegates to the BCFGA convention.

Chairman Bentley paid tribute to the late Jock Stirling, BCFGA president and warned growers they should study their fruit setup as the wartime markets are gone and next year U.S. fruit will be competing on Canadian markets.

"Nobody objects to fair competition, but dumping of fruit is not fair competition," he declared, pointing out that "we have to have good fruit to hold our markets."

One question asked if lack of color in apples the past two years was caused by over-fertilizing with nitrates.

Dr. Palmer explained that such could be the case but explained that the fruit is protected from the sun more by extra foliage created by the wetter weather and

sprinkler irrigation. He suggested that a careful study of the pamphlet "Soil Management" should be a duty of every grower.

A second meeting to consider resolutions from other locals will be held in December.

**SPEAKS ON RADIO
FROM VANCOUVER STATION**

Mr. Jim Gartrell who is down from northern Alberta visiting his parents, Mr. and Mrs. George Gartrell, was heard in a radio interview over a Vancouver station on Monday evening when Jackingham interrogated him on diamond drilling, and interesting answers and explanations were given by Mr. Gartrell.

SCHOOL MEETING

A PUBLIC MEETING of all qualified voters of the Rural Portion, School District No. 77 (Summerland), will be held in the Medical Building, West Summerland, on Monday, November 14 at 8 p.m. for the purpose of transacting the school business of the District as follows:

- (1) Hearing a report on school affairs for 1949.
- (2) Electing a representative for the Rural Attendance Area for 1950.

By order of the Board of Trustees,
B. A. TINGLEY,
Secretary-Treasurer.

Pioneer Resident Dies at Vancouver

The death occurred in Vancouver on Tuesday morning, November 8, of Mrs. M. Purves, aged 74, a former resident of Summerland and well-known to a host of pioneers, having come here with her family in 1913.

She leaves four sons, Ralph in Victoria and Jack, Jim and Alec in Vancouver; two daughters, Margaret and Barbara in Vancouver; and twelve grandchildren.

The late Mrs. Purves left Summerland more than fifteen years ago to reside with members of her family at Vancouver. Her husband predeceased her some twenty years ago.

HOME AGAIN

Mr. A. H. Corns returned on Tuesday from a visit to Calgary and Winnipeg. It was at Calgary last month that his wife, Mrs. Edith Annie Corns, took ill and passed away on Tuesday, October 18, in her 68th year.

SURPRISE PARTY HONORS BIRTHDAY

Mr. and Mrs. T. P. Moore entertained at a birthday party last Friday evening, Nov. 4, in honor of Miss Marian Nickols, a member of the elementary school teaching staff.

The affair was a great surprise to the honoree whose twenty-first birthday was on that day and whose parents, Mr. and Mrs. C. Nickols, Haney, B.C., motored in for the occasion and added another surprise.

Other guests included Mr. and Mrs. J. Kean, Miss Helen Kean, Mr. Alex Kean, Mr. and Mrs. Ted Weeks and Mr. and Mrs. W. Borton.

Games and other forms of entertainment were enjoyed during the happy evening and many beautiful gifts were received by the guest of honor.

Valley Delegates At Diocesan Meet

Mrs. A. E. Pearson, Pentiction was speaker at the executive meeting of the diocesan W.A. held at West Summerland on Wednesday, Nov. 2, attended by delegates from valley centres.

The sessions opened with a church service at ten in the morning, followed by a meeting which continued in the afternoon.

Mrs. Pearson gave an account of the Dominion annual meetings held at St. John, N.B., in September when she represented this diocese as official delegate, and gave to her audience something of the splendid spirit pervading the gathering, as well as statistical reports.

Mrs. Harrison entertained the ladies at luncheon and her guests were Mrs. H. A. Solly, Mrs. N. O. Solly, Mrs. C. C. Strachan, Summerland; Mrs. Worsfold and Miss Nichols, Oliver; Mrs. W. S. Beames, Mrs. Forster, Mrs. C. Burtch, Mrs. A. E. Pearson, Pentiction; Mrs. Stubbs, Westbank; Mrs. A. McKay, Peachland, and Mrs. Norton Kelowna.

SOCIAL EDITOR

Mrs. A. W. Vanderburgh

VISITING ABROAD

Mr. Alan Calvert, Legion Zone Commander, paid his official visit to the Canadian Legion at Hedley on Monday evening. He was accompanied on the trip by Mr. Harry Howis.

Rev. and Mrs. H. R. Whitmore with their son Alan, and Mrs. Whitmore's uncle, Mr. C. B. Angus of Pentiction, drove to Chilliwack last Wednesday by way of the new highway, returning later in the week. The Whitmores visited their friends Mr. and Mrs. J. Reid at Chilliwack and Mr. Angus went on to Vancouver to stay for awhile.

Miss Joan Appleton, PHN, and her mother, Mrs. Rowe of Pentiction will drive to Vancouver for the Remembrance Day weekend.

Mr. Ray Fredrickson and Mr. John Caldwell are on a hunting trip around Creston and expect to visit the Bull River area while away.

Mr. Harry Dunsdon went out to the coast on Wednesday for a holiday, and will be away about two weeks.

Mr. and Mrs. J. Y. Towgood are motoring to Vancouver this weekend where they will visit their son Arthur who is attending UBC.

Canon and Mrs. F. V. Harrison were in Oliver last Saturday where Mrs. Harrison opened the bazaar of the Church of St. Edward the Confessor.

Among those who drove to Vancouver last week were Miss June Cook, Miss Barbara Munn and Mr. Bob Barkwill. Miss Munn will spend a holiday at the coast visiting her friend, Miss Faith Pearson.

Mr. and Mrs. J. Y. Towgood, Mr. and Mrs. C. H. Elsey drove to Brewster, Wash., on Tuesday afternoon to attend the charter night of the Kiwanis Club in the American town.

Mr. and Mrs. C. A. Ducommun and their daughter, Mrs. Eileen Richmond, are among those who will spend the weekend at the coast.

Miss Dorothy MacDonald will go to the coast this evening, and spend about a week's vacation there.

On Monday Rev. H. R. Whitmore and Rev. S. V. H. Redman of Oliver left for Salmon Arm and Kamloops on presbytery business, returning on Wednesday.

Canadian Fashion

SO JAUNTY—Inspired by Japanese man's coat, this brown and rust tweed coat with attached brown and rust check-lined cape over-sleeves. Antique copper buttons fasten coat front.

VISITING HERE—

Mr. and Mrs. C. Nickols of Haney, B.C., visited last weekend at the home of Mr. and Mrs. James Kean. The Nickols made the trip in a small English car over the newly-opened Hope-Princeton highway, making the trip from Haney in six and a half hours.

Dr. and Mrs. Jackson of North Vancouver will spend next weekend here visiting their daughter, Miss Betty Jackson.

Guests of Dr. and Mrs. R. C. Palmer at experimental station last Friday were Mr. and Mrs. George Jackson of Ottawa, and Mr. and Mrs. J. S. Galbraith of Vernon. Mr. Jackson is head of the civil service commission.

At the rectory last Thursday calling to see Canon and Mrs. F. V. Harrison were Most Reverend G. F. Kingston, MA, PhD, DCL, DD, Archbishop of Nova Scotia and Primate of the Church of England in Canada, and Right Reverend Frederick P. Clark, Bishop of Kootenay.

Mr. W. A. Evans of Vancouver is a guest of Dr. and Mrs. R. C. Palmer, experimental station, this week. Mr. Evans is from the auditor's department.

Mr. Wm. Nichol of Chilliwack has come into the valley for his annual hunting trip and is visiting Mr. and Mrs. James Kean while in the district.

Mr. Bernard Hoschka of Vancouver visited Mr. Wally Day last weekend having driven in with his parents, who were staying at Pentiction.

Mr. Jack Amm accompanied by other UBC students is driving in from the coast to spend the weekend at the home of his mother, Mrs. C. J. Amm.

Mr. and Mrs. Will Ritchie enjoyed the visit last week of their nephew "Sandy" McKenzie, his son, Gerald McKenzie and his grandson, Kenny, all of Vancouver. The coast party was present at the opening of the Hope-Princeton highway but failed to meet Mr. Ritchie, who was also present. They arrived here Friday and returned to the coast at the weekend.

Marion Campbell New President of Sunday Evening Club

When the Sunday Evening Club met at the nurses' residence last Sunday, Nov. 6, there were twenty-nine present.

Miss Joan Appleton and Miss Rae Armour were responsible for the devotional period, which was followed by election of officers for the winter season.

The new president is Miss Marion Campbell and Mr. Don Clark will act as vice-president this season. Miss Gwen Lamcraft was appointed secretary, and the executive is made up of Miss Rae Armour, Miss Evelyn Boyles and Mr. Ted Weeks.

As welcoming committee Miss Joan Appleton, Miss Peggy Pringle and Mr. Godfrey Chadburn will look for new members and introduce them when they come to the meetings.

Refreshments were served by the nurses headed by Miss Ellen Torrance and assisted by Miss Jean Wright.

Contests, games and community singing were part of the evening's program.

The next meeting is to be held at the home of Miss Marion Campbell on Sunday evening, Nov. 20, and new members are invited to attend.

NEW ARRIVALS

A baby son was born at Summerland General Hospital on Monday, Nov. 7, to Mr. and Mrs. Alan Etter, Summerland.

Hospital Auxiliary Busiest Group in Town This Fall

One thing on which the members of Summerland hospital auxiliary are always highly commended is that they are not afraid to work, and that is an understatement! They have been doing a great deal of catering this fall, sometimes as many as three dinners in one week, and at the regular meeting held on Monday evening in the parish hall, plans for catering to the Canadian Legion banquet on Remembrance Day evening were arranged. It is expected that about two hundred will attend this affair.

The auxiliary is serving the Pentiction Masons who are meeting at West Summerland at present since their quarters were made unfit for occupancy by fire and are not yet renovated.

Then the matter of keeping full the show case for knitted garments for babies was another matter for attention. These articles are sold at the hospital. Some members took a look back to the tremendous amount of canning done for the hospital during the late summer and early fall.

There were no complaints regarding this "heap o' work" but it was thought that there might be other ladies in town who cannot attend the regular meetings but who would be glad to lend a hand to help to serve dinners or who would be willing to make the odd pie or cake, or to do a bit of knitting.

All the money made by the hospital auxiliary goes to furnishings in the hospital and in the nurses' residence. It is used to supply linen, dishes, cutlery, curtain and all the things which are needed in housekeeping on such a large scale as a hospital represents.

Any offers of help should be phoned to Mrs. A. R. Dunsdon who will give further information to willing helpers.

Coast Missionaries On Visit Here

Miss Ruth Holdcroft, representative of the Child for Christ Crusade and Miss Olive Woodworth, a missionary for ten years to Japan and representing the Japanese Evangelistic Band, both of Vancouver, were guests this week of Rev. and Mrs. Robert Birch and addressed a number of meetings in Summerland and Peachland.

Another visitor to the Birch home was Rev. M. Murphy, also of Vancouver, of the Inter-Schools Christian Fellowship and the Inter-Varsity Christian Fellowship.

MANUFACTURE ANGORA WOOL AT ALDERGROVE

Trade and Industry Minister Eyres announces that the B.C. Angora Wool Producers Co-op Association of Aldergrove is now marketing its product. The growers, who for the past three years exported the raw wool, have now formed the co-operative enterprise and are manufacturing the highest grade angora wool at Aldergrove, the only such enterprise in Canada.

BEST BUY OF THE MONTH
GUARANTEED INVESTMENT — CAN BE BOUGHT BY INSTALMENTS
If you are looking for a real buy in these days of high prices, you can't do better than put your name down for a Canada Savings Bond. You'll be making a lasting investment—valuable to your country and yourself.
You can buy your Canada Savings Bonds for cash, but you can also buy one or more on a deferred payments plan through your branch of the Bank of Montreal. It's very simple. You have only to arrange with the B of M to deduct a fixed sum each month from your account toward payment of the Bond. Then, at the end of a year's saving, you will have an interest bearing investment, guaranteed by the good name of this country.
So pay a call tomorrow on James Muirhead, manager of the Bank of Montreal. He or any member of his staff will be pleased to help you make your arrangements. Of course, it isn't easy to save these days, but you'll never regret putting something by for your Canada Savings Bond.—Advt.

Colored Street Lights Disputed
Following an executive meeting held last month, the Summerland Board of Trade has requested the council to take over the responsibility for colored lighting of the streets at Christmas and on other festive occasions.
Recently, Mr. George Graham suggested at a board meeting that the old strings of lights should come down as they are dangerous in their present condition and are "unsightly".
The general board membership, however, passed a resolution that the strings of lights be left up until Christmas, at least.
"The board of trade is trying to push this thing off on us," was Councillor C. E. Bentley's comment.
It was explained that the trade board had originally bought the strings and placed the colored lights on the main business streets. Last year, however, the council had paid for replacements.
"We have made provision for modern lighting (street standards) and any extraordinary lighting should be supplied by those organizations which are interested," was Councillor Eric Tait's comment.
Reeve R. A. Johnston thought the trade board did not know what it wanted in this regard and suggested the letter be laid on the table. This suggestion was approved.

CORPORATION OF SUMMERLAND
POUND NOTICE
PUBLIC NOTICE is hereby given that the following animals have been impounded in the Municipal Pound at Prairie Valley, Summerland, B.C., and same will be sold on November 12, 1949 at 1 o'clock p.m., at said Pound if the fees, fines, charges, costs and damages are not sooner paid.
Description of Animals
1 very big dapple grey gelding, Brand MS.
1 bay gelding both hind feet white and small blaze on face.
J. HEICHERT,
Poundkeeper.
Dated Nov. 8, 1949.

Playground Curb Being Constructed
Installation of a curb along the east side of the Living Memorial park playground is to be undertaken by municipal workmen under supervision of Water Foreman E. Kercher.
This cement curb will be paid for by Memorial Parks Committee funds, but the facilities of the municipality's work crews are being obtained.
The curb will leave twenty feet to the Steuart property and it was agreed some months ago by the memorial parks group and Mr. Steuart that both parties would provide twenty-foot strips so that a forty-foot driveway could be installed along this side of the park.
However, although the survey has been completed, Mr. W. A. (Bud) Steuart has not signed the subdivision plans yet and no further move has been made to have this roadway opened up. It was explained recently to the municipal council.
E. H. Bennett, in charge of the park-playground, declared the 20-foot roadway would be available, in any case.

UBC Enrollment Heavy to Arts

At UBC there are 7,546 students enrolled this season, compared with 8,578 last year, including 2,072 veterans, who make up 27.48 percent of the student body. There were 5,917 men and 1,629 women enrolled.

Arts and science classes take by far the biggest number at 4,392, while applied science courses have 1,667. Other courses are: Nursing 103, agriculture 380, law 447, pharmacy 188, graduate studies 363.

Big Bend Chosen For Trans-Canada

Following a statement by Senator James A. MacKinnon, minister without portfolio in the federal government, Premier E. C. Manning has confirmed that the Alberta government has favored the Calgary-Banff-Big Bend highway as part of the Trans-Canada highway link.

Kamloops Open Cage Play Here

Biggest sports event of the fall season to date is the appearance this Friday at the school gym of the Kamloops senior cagers, 1948-49 interior champions, who will play the first game of the new season senior schedule against the Summerland Merchants.

The Merchants were to have opened the season at Kelowna last Saturday but as the new Kelowna gym will not be ready for play until this week the game was postponed.

This is the first appearance for three years of a senior basketball aggregation in Summerland and cage followers are looking forward with keen interest to this opening game of the interior league schedule.

Kamloops, Vernon, Kelowna and Penticton teams are other entries in the senior loop.

George Clark and Jack Walsh, who have been playing for Penticton teams the last two years because of lack of personnel here, are back sporting Merchants' strips, along with members of last year's intermediate A squad.

Jack Dunham, Keith McLean, John Vanderburgh, Lionel Guidi, Harry Ruppel, Don Nesbitt, were members of last year's Int. A squad.

Bill Clark and Butch White are back in strip once more and are proving valuable acquisitions to this new senior squad.

There will be a preliminary game on Friday evening, with the main fixture at nine o'clock.

OCTOBER WINNERS

A pair of bowling shoes went to each top scorer at the King-Pin Bowladrome in October, Abe Saloum, manager, has announced. In ladies' competition, Mrs. John Hecker had the high score for the month with 318, while Graham Munn and C. H. Garvie were tied with 358 each.

Famous Sportsmen Fail to Bag Birds

Pheasant hunting in Summerland district received a black eye on the higher levels recently.

This district was visited by Game Commissioner Frank Butler and the well-known sportsman G. L. Pop of Vancouver recently. They were taken over a large portion of the district by local fish and game club prexy George Stoll, but only one hen and one cock pheasant were seen all day.

Commissioner Butler took a pot shot at the cock but failed to bring down the bird. Twenty minutes after closing hour, at 3:50 o'clock, the party was standing looking disconsolately over the hillside spread before them.

They turned quickly when they heard an ejaculation from Mr. Butler. Sure enough, just a short distance away were two cock pheasants.

"Shall we shoot them anyway?" jocularly enquired one of the party.

"You shoot them and I'll take you straight into court," retorted Commissioner Butler and the party went on its way.

BAGS BEAR BY USE OF TRUCK

PENTICTON—Jim Evans, well-known Peachland truck driver, got a 500-pound black bear for himself the other night.

His weapon—his trusty lumber truck.

He was returning from Kelowna when his headlights picked up Mr. Bruin taking an evening stroll along the highway.

Hunting instincts aroused, Jim gave chase. He had no rifle, but plenty of speed, and after a wild dash for several hundred yards along the highway, the chase was over.

His truck was only slightly damaged by the impact. The bear, got the worst of it. A blow from a club finished him off.

Jim reports he will shortly be the proud owner of a very fine rug.

And meantime savory bear steaks are on the menu in Peachland.

JACK AMM IS "BLOCK" WINNER

Among the UBC students who received awards for their prowess on athletic fields at an annual Big Block dinner at the PA club in Vancouver recently was Jack Amm, fleet-footed UBC student and son of Mrs. C. J. Amm of Summerland. Jack was the recipient of a small block award as a valuable member of the UBC track team.

Claim Record for Vernon Puck Star

Last week, Len Wallington of the Vernon Canadians hockey team performed a feat which is considered a record in either amateur or professional hockey ranks when he scored three goals in 33 seconds.

Vernon Canadians triumphed over Kelowna Packers in this contest which had been fairly even until Wallington performed his amazing hat trick.

The National Hockey Guide states that Carl Liscombe of the Detroit Red Wings scored three goals in one minute and 52 seconds on March 13, 1938, playing against Chicago Black Hawks.

However, The Hockey News stated recently that Jack Shill tallied three goals in 28 seconds for Toronto Marlboros.

Sports Prove Main Topics At Busy AOTS Club Meeting

Eight members of the Red Sox interior champion junior baseball team were guests of the Summerland AOTS Club, their sponsors, at the October 24 meeting in Lakeside church basement.

Joe Sheeley introduced the boys to the 37 AOTS men present, and after supper all enjoyed seeing movies of the Red Sox in action taken and shown by Frank Kuroda, one of the AOTS members.

Sports led off the business of the meeting, with Wendell Schwab asking to be excused from the job of coaching pre-juniors in basketball this year. Everett Bates kindly consented to take on the job in his place. New basketballs being required, the meeting authorized the purchase of two.

Hockey was also mentioned and Joe Sheeley, chairman of sports and projects committee, said he would get the preliminaries underway before the next meeting.

Ernie Bennett said there are plans for a cemetery clean-up day. The municipal council has authorized the spending of a certain amount of money on the Peach Orchard cemetery, and it is up to the general cemetery committee to get workers together to make use of it.

Alf McLachlan did not meet with great success in trying to get volunteers to help in some concrete work the following day on the church grounds. Bert Whitmore

did better with his request for help to rebuild a bridge, and so did Blair Underwood when he asked for volunteers for hospital visiting.

Main subject discussed by the meeting seemed to be Cubs. Bob Butler for the AOTS Club committee announced that the Legion is starting a Cub pack, though not in competition with AOTS and that the Scout authorities wanted the AOTS to add a Boy Scout troop to the Cub pack.

After some discussion, it was decided to hoist the problem to next meeting to give members time to think it over. This led into discussion of the new Youth Centre; Ed Butler spoke of the drive for funds, and the AOTS members were heartily in favor, many of them having undertaken to canvass for it.

Bob Butler was appointed AOTS representative of the Youth Centre committee.

Rotary Auction Is Big Success

It is believed that the Rotary Club of Summerland will have nearly \$400 more in its community fund following the successful Rotary auction held in the IOOF hall last Saturday night.

With Reeve Reid Johnston keeping sales going at express train speed, a great array of goods and produce went under the auctioneer's hammer, including a razor which nobody seemed to want but which went with nearly every successful purchase.

It wasn't safe to hold up even a little finger Saturday night, or it was taken as a certain indication of a bid.

Ed (Hilly) Smith put up his hand to open a transom and found himself the possessor of several heads of celery for one dollar. That's how fast Reeve Johnston knocked down the items.

Hon E. C. Carson Promises Main Highway Construction in B.C. Will be Pushed Rapidly Ahead

Closing of the Fraser Canyon highway for one month next spring, now that the Hope-Prince-ton highway is open for traffic, was announced at Lumby recently when Hon. E. C. Carson, minister of public works addressed a general meeting of the Okanagan-Mainline boards of trade.

This Fraser Canyon shutoff will allow the public works crews to undertake some difficult reconstruction work between Yale and Alexander.

Work will also proceed this winter in the vicinity of Lytton, which will eliminate four bridges.

Highway Construction
"Our intention is to proceed with the main highway construction, through the Fraser Canyon, Kamloops and Revelstoke to the Big Bend; along the Hope-Prince-ton route through to the Alberta boundary; north into Prince George, and the main highways through the Okanagan Valley and the Kootenays," declared the minister.

In B.C. north and south highways are just as important as one east to west highway, the Trans-Canada, he pointed out. "We have tremendous problems . . . no other province has the costly construction we have." He referred to highway construction costs averaging between \$60,000 and \$70,000 per mile.

Hon. Mr. Carson pointed out that the Trans-Canada highway must be a continuous one, under the Dominion agreement, and provinces must agree to its location. He stated that Alberta has already selected the road through Calgary, leading to the Big Bend.

"There has been no decision in B.C. We have not yet been advised what the federal government is going to do or if it will allow commercial transport through national parks. We cannot consider a route over which commercial traffic cannot travel."

Of particular importance was Mr. Carson's statement that B.C. does not need to worry whether the Big Bend or southern provincial route is chosen. "On either route, we will go along with the same amount of speed. They are equally of vital importance."

(The Review has made this contention for some time, that regardless of which route is chosen, the completion of the southern transprovincial will provide the main travelled route.)

"That magnificent new highway (Hope-Prince-ton) is the key to the whole highway system of British Columbia," the minister declared. "It opens up the country as never before. Every community in B.C. will get a tremendous impetus through the opening of that road. The resulting benefits will be beyond the imagination of any of us."

SEWING MACHINE FUND Summerland, B.C., October 31, 1949.

Editor, The Review:

Could you through your paper thank the few who, with their generous donations, made it possible for us to start "The Saint Morrice Sewing Machine Fund":

Mrs. Mel Munro, Mrs. Shields, Mrs. Morrice, Mrs. Green, Mrs. Noel Higgins, who canvassed Crescent Beach; Mrs. Advocate, Miss Scott, who canvassed Peach Orchard; Mr. W. White, of White & Thornthwaite, through Mrs. Bisset.

The nurses, and kitchen staff, who kindly gave part of their pay checks and also, many thanks to all the patients and their friends, who have given so readily.

We are still short of what we need, but feel the people of Summerland, who are noted for their generosity will not let us down.

Any donation, great or small, will be gladly received by the matron, the canvassers, and The Review office, and when we get the machine, we will all feel a glow of happiness, to think we have helped to mend the hospital sheets and pillow slips.

WEST SUMMERLAND, B.C.

Bennett For Start on Penticton-Peachland Road Soon

W. A. C. Bennett, MLA for South Okanagan, called on the public works department of the B.C. government to speed ahead the completion of the Penticton-Peachland portion of Okanagan Highway No. 5 when he addressed the monthly meeting of the Summerland Board of Trade in the IOOF hall on Thursday evening last.

Mr. Bennett recently discussed this highway section with Mr. Harry Anderson, chief engineer for B.C., who has promised a final survey shortly.

The member for South Okanagan considered that a portion of this road work should be commenced as soon as possible this winter to overcome, in part, any temporary unemployment situation which may arise.

Coupled with this thought is another link in Okanagan highway services, that of the Kelowna-Westside ferries. Mr. Bennett considers that a third ferry, to take trucks and buses only, should be provided in time to meet the rush of tourist traffic next winter.

School Board Favors Close Of Main Road

Suggestion of the Summerland Board of Trade traffic safety committee that a fence be erected along the north side of the elementary school grounds to keep children from darting onto Jubilee road provided a subject for full-fledged debate at the Monday meeting of School District No. 77.

As a consequence, Chairman C. J. Bleasdale will approach the municipal council with the suggestion that this portion of Jubilee road should be closed entirely and a road opened north of the high school building instead.

This suggestion created a furore locally several years ago, with the result that no action was taken towards closing the road.

Board members did not favor the fence idea, although they admitted it would be beneficial.

Chairman C. J. Bleasdale considered that the pupils are paying attention to the yellow crossing lines on Jubilee but that car drivers should be given more instructions on observance of traffic rules.

He instanced one driver who went through the yellow lines when they were occupied after having passed his own car which was stopped to allow the children to cross.

All trustees concurred in the belief that it is wrong to have a well-travelled road intersecting the school property as is the case between the elementary and high school grounds.

Anniversary of Baptist Church

The forty-fourth anniversary of the West Summerland Baptist church will be observed next Sunday, Nov. 20, with special services being held to mark the occasion.

At the morning service Rev. J. A. Roscam of Penticton will be the speaker and in the evening the minister, Rev. D. O. Knipfel, will address his congregation.

This year a church supper will not be held at anniversary time because of the building alterations which are in progress.

Following the Sunday evening service a Friendly Hour will be held, with a musical program, sing-song, and refreshments, when it is expected that all members of the church and their friends will take advantage of the opportunity to join in the social gathering.

Town Planning Bylaw is Ready For Adoption by Summerland

Town Planning, as it will probably be introduced to Summerland, was given a review by Councillor F. E. Atkinson to last Thursday's board of trade session in the IOOF hall.

Mr. Atkinson heads the town planning committee of the trade board and has been working on this project for two years, along with Alf McLachlan and Building Inspector R. F. Angus.

Mr. Atkinson announced that a public meeting to discuss the proposals will be held on next Thursday, November 24.

Using a map of the district, colored to indicate the various zones, Mr. Atkinson gave the trade board an insight into the restrictions which are planned for the future, in order to limit the extent of business and industrial concerns from encroaching on residential properties.

The main zones will be commercial, shopping centres, residential, industrial, parks and rural, he pointed out.

Town Planning, as proposed here, is a plan to work to, not a straight jacket, Councillor Atkinson told his audience last Thursday.

Once the plan goes into effect, a board of appeal, consisting of three members, will be set up to consider appeals from the building inspector and council.

"Mr. Anderson realizes that we will get enormous traffic over our Okanagan highway," explained Mr. Bennett, "but the government does not know what route the road will take. This will be decided by government engineers and will be on a non-partisan basis."

Mr. Bennett declared that no final survey of the Penticton-Peachland road has been made, but that the portion from Peachland south to West Summerland will not be revised to any extent and reconstruction could be carried out, in sections, during the winter months, he thought.

It would not be desirable for the whole section to be broken up at one time, Mr. Bennett added.

The member pointed out that the B.C. government made plans for the post-war period and although he decried any thought that a depression is in the offing he did admit that "we are now reaching a softening up period". He is recommending to the government

Lorne Perry, board of trade secretary, states that letters have gone forward to the department of public works urging a start on the Peachland-Penticton road reconstruction this winter and also supporting the contention of Mr. W. A. C. Bennett, that a barge-type ferry for trucks and buses should be constructed in time for the heavy rush of traffic next spring and summer.

that it pull out some of the plans for public works projects and do this work to create employment for basic work this winter.

Governments need sharpening even if it is as good a government as we have in Victoria right now," he observed.

Dealing with the ferry situation, Mr. Bennett considered that the immediate need to tide over the next period is the installation of an additional ferry service. He advocates a flat-top barge-type ferry for trucks and buses only, so that the present ferries can be left free to handle passenger car traffic only. This truck and bus ferry should be operated from a separate slip, he considered.

Mr. Bennett urged all factions in the Okanagan to pull together in order that this additional service can be obtained from the government in time to handle the 1950 summer traffic, now that the Hope-Penticton has been opened.

"You don't have to convince me," declared Mr. Bennett, "I want you to help me convince the government."

FUNERAL SERVICE TOMORROW
Funeral service for the late Frank Rodman, aged 70, who passed away yesterday morning, will be held from the family residence, Station Road, tomorrow morning at 11 o'clock, Rev. H. R. Whitmore officiating.

Of main interest was the commercial district set up which, in West Summerland, extends along the west of Hastings from the D. L. Sanborn machine shop to Granville and along the south side of Granville to Rosedale avenue at the end of the Steuart property. This strip is 100 feet in depth along Granville.

The rest of the business area is encompassed within Kelloy and Jubilee roads.

In lower town, the business area is set aside from the Gulch road north to the old hotel site. Another commercial area is set up at Trout Creek, centering on the service station there.

Ten shopping centres are to be set up, mainly providing space for single store units in widely scattered parts of the municipality.

Industrial areas include the Peach Valley slough, 30 acres at James Lake, 15 acres of the Landry property 150 feet west of the lake, and north of the old hotel site in lower town. A portion of the foreshore in Peach Orchard has also been set aside for industrial purposes, providing a fill is made.

No new park areas other than those already in existence were named, and tourist camp sites have been left to the discretion of the council, with appeal if necessary to the appeal board.

Bentley Will Resign to Run as Reeve

On Monday, Councillor C. E. Bentley tendered to Reeve Reid Johnston his resignation as a member of one municipal council, effective December 31, 1949.

At the same time, he announced that he would allow his name to go forward as a candidate for the reeveship during the 1950-51 term. Councillor Harvey Wilson has declared his intention of running again for one of the two vacancies in the council, but Councillor Eric Tait is still leaning towards the belief that he will not be a contestant again at the civic elections.

Councillor Tait declares that his work as president of the Summerland Co-operative Growers' Assn. has kept him so busy this year that he does not feel he has devoted enough time in the past year to the task of council member.

A number of Councillor Tait's friends had urged him to contest the reeveship, it is understood.

Councillor Bentley has had eleven years' municipal experience, four of them as reeve. He was elected councillor again after the war years in December, 1946 and resigned in 1947 to contest the reeveship.

That year, he and Councillor F. E. Atkinson were defeated by Reid Johnston in the reeveship contest. The two defeated candidates then returned to the council, unopposed, as councillors.

Mrs. A. W. Vanderburgh and Dr. W. H. B. Munn were elected for one-year terms at last December's elections for school board. It is expected that both these incumbents will agree to contesting the vacancies which will be offered in December.

Annual ratepayers' meeting will be held on November 26, with nomination day on Thursday, December 1. Voting day is December 10. Reeve Reid Johnston, whose term is expiring, announced two weeks ago that it was "not his intention to seek re-election".

HARRY ANDERSON

Chief Engineer of the public works department who is being urged to hasten survey of Penticton-Peachland section of Okanagan Highway No. 5 so that reconstruction work can commence this winter.

Legion Gives Up Ellison Hall

Canadian Legion members, on the suggestion of Vice-President D. L. Sanborn, voted in favor of abandoning its interest in Ellison hall, when the monthly meeting was held in the Legion hall on Wednesday, Nov. 9.

Mr. Sanborn explained that the Legion has only benefitted from its caretaking of Ellison hall by the free use of the building three times a year. The task of looking after the building has become increasingly difficult in the last few months, he stated, and at present no janitor can be found.

The Legion will inform the municipal council that it is relinquishing any further responsibility in Ellison hall.

L. W. Rumball was elected president of the Senior Hockey Club at last night's annual meeting. Bert Berry continues as secretary and George Stoll as manager.

Don't Forget Aims and Objects Of Legion Maurice Finnerty Urges Remembrance Banquet

Maurice Finnerty, MLA for Similkameen and president of the Penticton branch Canadian Legion, issued a stirring message to some 200 Legionnaires, their wives and Legion WA members at the highly successful Remembrance Day banquet in Ellison hall Friday night, Nov. 11, arranged by the Legion WA.

Mr. Finnerty urged each Legionnaire to pause and reflect on the path his branch is travelling, and to "see if we are doing the right thing as Legionnaires".

The Canadian Legion, Mr. Finnerty emphasized, is the only big organization operating for the benefit of the returned veteran, and is recognized by the government and given the respect of every community for the work it is doing.

"But it is easy to forget the aims and objects, and the reasons for existence," Mr. Finnerty cautioned, declaring that some branches are not real Legion branches.

He outlined the aims and objects of the Legion and noted that at present the Legion has the largest membership in its history and plays a most important part in local, provincial and Dominion affairs.

"But we must decide what our course will be in the future, and start doing the things for which we were organized," he warned.

Size of the branch does not count, as the small branch generally adheres more truly to the concept of Legion work. He emphasized that Legion branches must realize at all times that the monies it accumulates is a trust which must be left alone unless needed to assist a veteran or a dependent in need.

He suggested that Legion should operate as service clubs in the community instead of "a club to entertain themselves."

"Legion branches are now doing

Radio Inspector May Come Soon

PEACHLAND—Municipal council has been informed by the department of transport that a radio inspector has been appointed for the interior and will have his headquarters in Kelowna.

This is the only intimation received by any interior source that such an appointment, long sought by Summerland council and board of trade, as well as the associated boards of the southern interior and many other groups, will be forthcoming shortly.

Youth Centre Campaign Lagging With Only \$2,800 Of \$7,000 Goal Collected

Summerland Youth Centre campaign has been extended another week, until November 22. F. E. Atkinson, chairman, announced this week as the drive to raise funds for the purchase and renovation of the old College Gym shows signs of lagging.

This morning, Treasurer E. R. Butler declared that only \$2,800 in cash and pledges had been received. Objective of the campaign is \$7,000.

It is quite evident that unless some major impetus is given this canvass, Summerland is going to fall down and not reach the \$7,000 objective, officials of the Youth Centre drive admit.

However, Chairman Atkinson declares that the society will endeavor to struggle along and finance the necessary expenditures so that there will be a building which will provide a permanent home for such organizations as the Boy Scouts, Girl Guides, Cubs, Brownies, Teen Town, etc.

A large number of canvassers have not completed their rounds of homes in this district but it is hoped that every home will be covered by next Tuesday, Nov. 22.

Despite the evident apathy on the part of those who could subscribe sufficient, to put the drive over the top, the society is prepared to "muddle through" and keep the project alive, it is stated.

Chairman Atkinson, speaking over the Peter Pan radio broadcast from CKOK Sunday evening admitted that the campaign was lagging and expressed his disappointment that more persons have not seen fit to donate sufficient monies to reach the \$7,000 goal.

Les Gould appeared on the same broadcast and gave the story of the formation of the Red Sox, Interior junior baseball champions, an organization which has brought credit to Summerland and which has been a model of what can be done with a group of youngsters, given the proper organization.

This afternoon, four loads of shavings are being blown into the ceiling of the Youth Centre and by evening most of the roof will be insulated, Mr. Atkinson reports. A shavings blower was loaned by a Penticton firm, while some of the shavings were donated. The work party today is a voluntary one.

Treasurer Butler is urging all canvassers to complete the coverage of their districts by next Tuesday. He declares that the canvassers who have gone their rounds have made a thorough job and not a house has been left unsolicited.

Hope to Award School Tenders By End of Year

Detailed plans and specifications will probably be ready by the month end for the new junior-senior high school, so that tenders may be let before the end of the year Monday's meeting of Summerland district school board learned from Chairman C. J. Bleasdale.

Unless some unforeseen expenditure crops up, the school board expects to balance its budget by the year end, despite the drastic cuts in expenditure made early this year, it was stated.

Trustees were not hopeful that they could keep within the budget, but now feel that such will be possible.

Ross McLachlan Unveils Plaque At Simple Remembrance Day Service

In a simple service, the names of those who died in World War II were unveiled on the Summerland Cenotaph for the first time at 10:45 o'clock Friday morning, November 11, Remembrance Day by Ross McLachlan, president of Summerland Branch No. 22, Canadian Legion.

With seventy veterans, plus Boy Scouts and Girl Guides forming a hollow square in front of the Cenotaph in its new resting place in the Living Memorial park playground, the dedication service preceded the regular Remembrance Day service.

Rev. H. R. Whitmore, president of the ministerial association, gave the prayer of dedication, following which Mr. McLachlan reverently laid aside the Union Jack, revealing the plaque containing the names of the World War II heroes.

Prayer of Dedication
"We give thee humble and hearty thanks, O merciful God, for the lives and examples of Thy servants; for their high ideals and noble aspirations; for their ready response to the call of duty; for their cheerfulness and courage in the midst of suffering and danger; for their steadfastness and self-sacrifice in this, their hour; we rededicate this Cenotaph in this Memorial Park.

Apple Crop Sales Stand At 2,400,000

The U.S. apple market was slightly weaker last week but appears to be firming somewhat again, declared A. K. Loyd, B.C. Tree Fruits Ltd. president to The Review this morning. B.C. apple prices did not decline to the U.S. market and continue slightly higher than the American quotations but in relative competition with the home-grown product across the line, he explained.

Western Canada continues to take a bigger supply of apples than last year while Vancouver, despite local supplies, is reacting in a normal manner.

However, eastern Canada is still nearly a closed shop, as the eastern apples are available in quantity and also present better color than the Okanagan varieties. A few McIntosh and Delicious are finding their way to Quebec, but it is a rough business to compete, Mr. Loyd intimates.

To date, approximately 2,400,000 boxes of the eight million box crop have been marketed. Shipments up to last Saturday totalled 8,423 against 8,089 in 1948 and 9,720 cars in 1947.

Due to the American government offering its growers a subsidy of \$1.25 per box on all apples exported to foreign countries, Tree Fruits has had cancellation of some bookings to Hong Kong and any chance of closing a deal with Brazil was knocked on the head. However, in the overall picture, this will not mean a great deal.

No Attendance At Rural Meet

Lack of interest or complete satisfaction with progress?

That was the question which puzzled trustees of School District No. 77 (Summerland) Monday evening when no ratepayer from the rural area bothered to appear for the annual rural meeting.

It was planned that the trustees would give an account of their stewardship in the past year but nobody was there to hear the report, so that part of the meeting was cancelled.

Trustees continued with routine business for the rest of the evening.

Mrs. Roy Angus had the misfortune to fall and break her wrist last Sunday while going down the stairs at her home.

"And as we dedicate this plaque to those who paid the supreme sacrifice in the Second World War, may we catch up the torch that they have thrown to us, and though it has grown dim, may we wave it high that it may burn more brightly as we rededicate ourselves to the great task to which they gave themselves, namely, 'Peace on Earth, Good-will to all mankind'."

With the Summerland band in attendance, the gathering sang a hymn, followed by Scriptures read by Rev. W. S. Angell. Prayers were given by Rev. D. O. Knipfel, following which the honor roll of those who died in two wars was read by Mr. McLachlan.

Unfortunately, no two minutes' silence was allowed following the response by the Legion: "At the going down of the sun and in the morning we will remember them."

Last Post and Reveille were then sounded, and wreaths were laid on the Cenotaph in memory of the fallen.

O God our Help in Ages Past was the hymn sung by the congregation, followed by the Benediction given by Rev. F. V. Harrison. Following the King, the parade was marched off, led by the Legion under Vice-president D. L. Sanborn.

Push Now for Road Completion

W. A. C. BENNETT, MLA for South Okanagan, echoed the thoughts expressed several times this year by The Review when he addressed the Summerland Board of Trade last Thursday and urged that every effort be made to convince the provincial public works department to get on with the survey of the Pentiction-Peachland section of Okanagan Highway No. 5.

It was late in March when this newspaper was informed by Mr. Harry Anderson, chief engineer for the department, that a survey party would be available shortly to define the new route for the Pentiction-Peachland road. Mr. Anderson also promised that work would be commenced before the end of this year.

To date, no final survey has been made and it will now be impossible to start work this year unless it has been decided definitely that some portions will continue on approximately the same course.

The public works officials are fully aware of the traffic problem which the Okanagan will face this coming season, now that the Hope-Princeton is opened. They should not have to be prompted and forced to action by combined efforts, as they should realize the importance of making a modern highway throughout the Okanagan without delay.

Last summer, with the traffic about half what is expected next season, there were too many accidents between Summerland and Peachland which could be attributed to the narrow road and sharp corners. With an increase in traffic, and no widening of this section, a larger number of accidents is bound to occur.

Private enterprise in Summerland district is being hampered by the delay of the public works department in completing its survey and announcing the ultimate course of the highway passing through this community.

Motels and tourist camps will not be enticed to this district until it is known where the highway will be located. Once that has been established, Summerland can push for more tourist accommodation in an endeavor to persuade the travelling motorist to tarry a while in our pleasant surroundings.

A completed Okanagan highway, from Osoyoos north to the connecting link with what will probably be termed the Trans-Canada highway, is essential for the economic progress of the valley. North or south from the eastern terminus of the Hope-Princeton, the traveller should have his choice of a modern highway in keeping with the route he has just traversed.

The route to the south is completed, and the route north should be finished without delay.

And in keeping with this trend of thought, Mr. Bennett's insistence on the construction of a barge-type ferry to handle buses and trucks, leaving existing ferries free to cope with passenger cars, is quite logical.

Every citizen and every civic body should join together in urging these two major improvements for the Okanagan without any further delay, now that the main problem of the Hope-Princeton completion has become a reality.

NOTES from PARLIAMENT HILL

(By O. L. JONES, MP for Yale)

Since writing my last letter to you three events of considerable importance have taken place in the House. They are the decision of the government to allow rent increase, resignation of Mr. McGregor, chairman of the combines investigation board and a lengthy discussion on Hon. Mr. Winter's housing proposals.

Dealing with the first of these, rent controls, Tuesday of last week was given entirely to a discussion on rentals and controls in general. Practically every member of the CCF spoke against the 25% increase in rent. One or two Conservatives and one or two Social Credit members also spoke on the subject. I shall briefly try and give you the outline of views of the different groups taking part in the debate by quoting extracts from their speeches.

Mr. M. J. Coldwell (Rosetown-Biggar, CCF):

"We hold the view that the removal of beneficial controls and subsidies following the war has resulted in the cost of living in this country reaching unprecedented heights.

"I do not believe the people thought the government would allow drastic increases in domestic rents before something had been done to provide housing accommodation, which would be within the reach of great masses of the Canadian people."

Mr. Donald M. Fleming (Eglington, P.C.):

"... this announcement represents a government decision, and a decision by the government alone. Parliament has had no voice whatever in the new order that has been made ...

"... If the 25 per cent increase represents a cushioning of the shock (of complete decontrol) then I think that the tenants of Canada will plead with providence to spare them any more of these government cushions."

Mr. C. E. Johnston (Bow River, Social Credit):

"There is no question about it that the action the government has taken upon itself to increase rents by 20 and 25 percent is going to start another surge across the country for increased wages. We cannot blame the trade unions for asking increases in their wage scales when the government makes it absolutely impossible for wage

Mr. McGregor's resignation as chairman of the combines investigation board was quite unexpected as Mr. McGregor has been regarded by all as an excellent and capable chairman who has done his work well and apparently he was peeved that the government would take no action after the work of finding the existence of these combines had been done.

In fact, his latest report on the flour milling industry was what brought the matter to a head. The law calls that when a report is given to the minister, it has to be made public within fifteen days. In this case Mr. Garson frankly admitted in the house that the report ...

Signifying Nothing *By RUSTICUS*

It was with a sense of personal loss, of privacy destroyed, that I found some time ago Readers' Digest publicizing a story that had been a favorite of mine for years. You know, the one about the lion who went about the jungle roaring at the other beasts: "Why aren't you as big and as strong and as brave as I am?" And they all slunk humbly out of his way except the tiny mouse, who sat up on his hind legs and snapped, "Well, I've been sick!"

It would have made a good introduction right here, to my claim and complaint that little Summerland would do certain things much better than some of its much larger and more imposing neighbors.

For I've just heard that the Hilker series of celebrity concerts, which was to have been put on in Pentiction this winter for the third season, is meeting with such poor response that it may fall through.

Yet there seems to have been very little attempt to advertise the series, either here or in Pentiction. Several people in each place who had attended previous series told me they hadn't heard a thing about it this season. And if interested people haven't heard of it, then certainly there has been no attempt to "sell" the hundreds of possible prospects who could be won over to support it with a little high-pressure—or pressure of any kind.

If we in Summerland had had the handling of the series, I can't help boasting that we'd have given it a lot more publicity. We fill our Ellison Hall for entertainments put on by local talent; surely we could fill the no-larger Pentiction Scout Hall with the whole South Okanagan Valley to draw from, for a series of concerts like these.

It isn't as if these Hilker attractions are second-rate stuff. Everything that comes to Pentiction was a featured attraction in New York, and in dozens of cities across America to Vancouver—at prices up to \$10 and more. Vancouver's poorest seats sell at \$1.25; in Pentiction all seats are \$1.89, \$7.50 for four concerts.

Some of the concert artists are world-famous—last year's Don Cosacks, for instance, this year's Vienna Boys' choir. Others, though not yet well known, are on their way up; after all, they're hand-picked from hundreds by experienced impresarios like New York's celebrated Sol Hurok, not to mention Vancouver's Gordon Hilker. One of last year's performers, Lawrence Winters, is being praised and put on recordings as the successor to Robeson's greatness. Jean Watson, who sang in Pentiction two years ago, starred in the Edinburgh Festival last summer, and has been engaged for the winter in Covent Garden—she has definitely "arrived".

Anyone who heard this year's

first concert, the Vienna Boys' choir, was completely delighted with it. And the three still to come—a violinist, a baritone, and a dancing ensemble—are said to be just as outstanding.

Most people living far from a big city have no chance of seeing concerts of this quality. Probably the poor citizens of such benighted backwoods villages as Kelowna, Vernon and Salmon Arm, not to mention Kamloops, gnash their teeth and gnaw their nails at their inability to attend them. Yet here Pentiction is privileged to have the series ready, nay eager to come—for a Pentiction stop-over is the ideal break between Trail and Vancouver—and doesn't sell enough tickets to make sure of them.

Wouldn't we do better if it was in Summerland? Sometimes I've even wondered if we should undertake the series another year; or would it interfere too much with the excellent productions of our own Singers' & Players' Club?

Too late, alas, to do much about it now—unless you want to get tickets for the remaining three concerts, and do your share toward insuring that enjoyment for all who want it. If a dozen or more Summerlanders phoned or wrote down to the Rev. Mr. Clow's Pentiction committee for tickets, it would be a little like the mouse and the lion, wouldn't it?

Pioneer Days

THIRTY YEARS AGO

November 14, 1919

After hearing a verbal report from Engineer Fawkes, the council has decided against the plan of diverting water from springs below the reservoir to one of the domestic water mains. Cost would be over \$900. Over 9,000 feet of main flume on the west side of Garnet Valley has been repaired and regraded.

Arrangements to double the capacity of the switchboard were made at a recent meeting of the telephone company directors. Matron since the hospital opened five years ago, Miss Althea has resigned to return to her home city of Ottawa. The hospital drive, which has been suspended because of the Victory Loan drive, has reached \$4,000 of the \$5,000 objective.

Several families of Hungarian or Austrian blood, most of whom were born in Canada with the real claiming naturalization, endeavored to land from the Slocan at Kelowna this week but were forcefully held on the boat by a party of ex-soldiers and other citizens

of that city. The families claim to have purchased land in the Kelowna area but despite the assistance of the RNWMP they finally decided to return to Weyburn, Sask.

James Gordon, president of the Okanagan Teachers' Assn., told its members that appointment of teachers should be taken out of the hands of the trustees and that salaries paid teachers must be materially increased.

Mr. and Mrs. John McDougald have moved from Peachland to Summerland.

TWENTY-FIVE YEARS AGO

October 30, 1924

Nine are dead as the result of the blowing up of the CPR Nelson to Vancouver passenger train yesterday morning two miles west of Farron, near the summit between Castlegar and Grand Forks. It is the general opinion that a bomb was placed in a day coach, Peter Verigin, Doukhobor leader and John McKie, MLA for Grand Forks, are reported among the dead.

With fourteen firsts and one second prize, the Associated Growers' sixteen entries in the Imperial Fruit show made almost a clean sweep.

Struck by a falling tree, Nelson Hardy, an experimental station employee, was instantly killed on Monday while at work at the

storage dam being built on Crescent Lake.

Enlargement of the east flume, thus enabling the municipality to discard the west flume for about a mile and a half in Garnet Valley has been suggested to the council by J. Dunsdon. Several council members estimate a saving of nearly \$4,000.

Before a large audience in Empire Hall, Prime Minister W. L. Mackenzie King asked that the hand of the government be strengthened in order to make possible the carrying out of his western policy. He outlined in detail what his government has accomplished for the west. J. R. Brown introduced the prime minister as a worthy successor to Sir Wilfred Laurier.

G. J. C. White has been elected president of the association of Baptist churches of the Okanagan and mainline.

WOULD USE WHITE PAINT FOR LOCAL ROAD SIGNS

Councillor Harvey Wilson suggested to the council last week that the white paint used for government highway markings be utilized in completing road signs in the municipality. Councillor Bentley explained that a costly machine is utilized to put down the "white line" on the highway, but the council will seek costs from the public works department.

HEALTH REPORT SHOWS IMPROVEMENT HERE Monthly health report from the South Okanagan health unit to the municipal council showed improvement in practically every department, when it was read to

council on Tuesday of last week. Of eight water tests, two showed slight symptoms of contamination but this condition was rectified later, the report stated. Conditions in all restaurants are now satisfactory, it indicated.

Local Youth Activities

Teen Town

I have the toughest luck when it comes to saying that a dance will be held on such and such a date or we will definitely be having something-or-other. I imagine you have guessed by now what I am driving at. Namely that the big November 26 dance we were planning won't be held that night. Seems Kelowna is holding a big interior Teen Town bowling tournament that weekend. The council hasn't had a meeting as yet to decide what date we will have it on so I can't give you any data (sounds like a theorem).

Speaking of bowling, if any of you can bowl better than average let David Wright know. If you can bowl like Graham Munn rush immediately to the phone cause we'll need you. Each Teen Town from Kamloops to Oliver is sending in a six-man team—three boys and three girls. So buzz down to the local Pin-Den and practice up, because we want to make a showing.

While you are practicing bowling one day try ping pong the next. Penticton promised they would have a table tennis tournament there sometime in December. At least I think I remember something to that effect. Don't quote me though. Last year we did fairly well; took the girls' singles, mixed doubles and nearly the boys' singles. This year we should do better.

If you are a Frankie Laine lover listen to Teen Town Tune Time every day from four to five. They play one record every day. The announcer hates Frankie and doesn't mind saying so. Bien, au revoir mes bons amis jusqu'a ce que puis semaine. I bet you didn't know I could speak French—Can't either. Keep your ears open for gossip concerning the dance.

NEW CUB, SCOUT GROUPS MAY BE STARTED HERE

Possibility that another Cub pack and a second Scout troop may be formed in Summerland was reported to the Canadian Legion last week by Dr. H. R. McLarty, on behalf of the Legion Scout committee.

Dr. McLarty explained that it was the Legion committee plan to commence a Cub pack in connection with 1st Summerland Boy Scout Troop. However, the AOTS Club, which sponsors the original Cub pack, has suggested that if any additions are to be made, that it form the second Cub pack and the Legion form an additional Scout troop.

This will be the basis for discussion at a joint meeting of the Scout committee and AOTS Club committee soon, Dr. McLarty declared.

The Legion meeting voted authority to its Scout committee to proceed on either basis.

BOY SCOUT ACTIVITIES

This past weekend the Okanagan South Boy Scout Association held a district training course for Scoutmasters, Cubmasters and persons wishing to qualify for these positions. Over 20 attended the course including five from Summerland.

The lectures were given in Penticton Scout hall on Thursday night and all day Friday, plus a day of practical work up Shingle Creek back of Penticton on Sunday. Those who pass this preliminary course are eligible to receive a Scouters warrant from B.C. provincial headquarters. The training of leaders is recognized as of primary importance to the training of Cubs and Scouts.

Because of the large number of boys interested in Scouting in Summerland the troop is over strength and the added facilities of the new Youth Centre building are of great value in conducting a well organized program. For instance, 37 Scouts turned out at Monday night's meeting. Because of the generous assistance of numerous Summerland citizens who act as instructors from time to time, so far, no boy wishing to join the troop has been turned down.

At the Monday night meeting, Mr. Eric Tait, who used to meet as a Scout in the College gym over 20 years ago, came back and gave the boys a very interesting talk on game birds of the area.

Two new boys have been received into the troop, Bill Milburn of the Buffaloes and Brian Daniels of the Cougars. Brian transferred from the Fort Langley troop. It is expected that all

GROUPS DONATE TO YOUTH CENTRE

At its monthly meeting last week, the Canadian Legion branch voted to purchase \$75 worth of non-interest-bearing debentures in the new Youth Centre.

A \$10 donation was voted for UNICEF, while \$20 worth of apples will be sent to the Shaughnessy hospital Christmas party for veterans' children.

At the board of trade monthly meeting on Thursday evening, the directors were authorized to consider the sum to be subscribed for the Youth Centre. Youth Centre Chairman F. E. Atkinson pointed out that the trade board has a fund of \$600 set aside for community purposes and suggested that \$400 would be an indication of the board of trade's interest in the youth of the community. The trade board also voted \$10 donation to UNICEF.

STORES OPEN ALL DAY DEC. 28

Permission has been granted the Summerland Retail Merchants' Assn. to keep retail stores open all day Wednesday, December 28, as the two previous store days will see shops closed for observance of Christmas and Boxing Day.

High School COMMENTS

This weekend, though a long one, was by no means the "Lost Weekend". Several hopes materialized, such as trips to Vancouver for these pupils: Margaret Long, Shirley Wilson, Louise Washington, Jane Woolliams, Mary Marshall, Jim Towgood, Rob Towgood, Les Bingham and John Palmer.

Other students took to the wilds. The outcome was, Daryl Weitzel, one 4-point deer; John Birch, one three-point deer; Don Cruickshank, one pheasant; Leighton Nesbitt, two pheasants; and Bud Green, one mallard. (Bud's hunting ground was the Cariboo.)

Another foursome, Robin Fisher, Don Cristante, Francis Gould, Ronnie Ritchie and his tractor, went to Meadow Valley during the weekend with the purpose of moving the Meadow Valley school house to the ski hill. This attempt failed so the Ski Club must look to other sources to keep their feet warm.

The basketball teams are putting forth every effort to become valley champs this year. Senior girls have announced that Don Cristante and Fred Kato will be their coaches. They have Tuesday and Thursday afternoons for their practices in the gym.

There's an unconfirmed report circulating around the school that senior boys are planning to practice from 7 to 8:30 certain mornings of the week—in fact they actually did it on Tuesday.

Junior boys are now practicing regularly Monday and Wednesday afternoons under Mr. Durick's coaching.

A group of pupils can be found clustered around the bulletin board this week, at almost any time of the day. The points of interest are the photos which the camera club took at the school Halloween dance. They may be had for 15c.

A troop of Miss Cambell's grade nine Home Ec. class visited several of the town's grocery stores this Monday, and there surveyed the vegetables and fruits with house-wifely airs.

tenderfoot Scouts will be ready to pass their tests by next Monday, after which there will be an investiture.

We would like to see five more second class Scouts by Christmas. Notices: Meeting Monday, Nov. 21, 7 p.m., Youth Centre. Duty patrol—Beavers. Full uniform excepts shorts.

EVERYBODY'S BUSINESS

by Don Graham

Everyone should bluff—sometimes! Of course I do not approve of the kind of bluffing which conceals unworthy motives. But, in certain situations, I think it is desirable and even necessary to hide our real feelings from others.

For example, a doctor of my acquaintance always appeared to be in good spirits. Highly successful and widely beloved in his community, he radiated cheerfulness and goodwill toward all. And his conversation was invariably spiced with humorous comments and stories.

Yet for the last ten years of his life this man was suffering from an incurable and painful

disease! No one except his wife knew his fatal secret—a secret he kept to the very end.

What a magnificent bluff! What an inspiring example for all of us to follow when we are ill, out of sorts, worried or depressed!

By the same token, surely it is also a good policy to conceal most of our minor disappointments, annoyances, and dislikes.

If you are at all concerned about your own or your family's financial security, do not conceal that fact from everyone. Confide in your life insurance agent. He's a trained and willing advisor who can help you build a sound financial plan for the future.

Chinese Philosophy Outlined to Rotary Club by Teacher

The philosophy of the Chinese and their manner of doings things proved an interesting topic to the Rotary Club of Summerland on Friday evening when Miss T. Neufeld, a teacher in China for two years, was the guest speaker.

China is the senior member of the nations with a history which goes back before the time of Abraham, she declared. China even has a story of the flood and the ark.

The average Chinaman has a detachment from work, but even though they appear to be idle their minds are far from that state. Although they may have violent disagreements, they can generally realize the difference between right and wrong and later discuss the subject amicably.

It is not so important what one does, when one grows old, as what one is, the speaker explained.

Following her talk, she was bombarded with questions about the Orient, the Rotarians showing a keen interest in the Far East.

Prairie Girl And Local Man Are United Here

Thursday afternoon, Nov. 10, St. Andrew's United church was decorated with chrysanthemums in lovely fall colors for the marriage at two-thirty of Miss Gladys Josephine Clarke, daughter of Mr. and Mrs. Samuel Clarke, Lightwood, Sask., and Mr. Earl Ernest Smith, son of Mr. and Mrs. J. E. Smith, Prairie Valley road.

The ceremony was performed by Rev. H. R. Whitmore, and the bride was given in marriage by Mr. F. R. (Tiny) Ganzeveld.

Her wedding gown of traditional white satin was fashioned with a square neckline, and fell in soft folds to the floor. A floor-length veil was caught to her head by a bridal crown having starts set in it, and there were stars at the corners of the veil. A three-strand pearl necklace was a pretty part of the costume, and the bouquet was made of small pink and white roses and fern.

The bride's sister, Miss Marion Clarke of Nokomis, Sask., was bridesmaid, and was charming in a blue, sheer floor-length frock, matching blue gloves, and blue shoulder length veil circled to her head by a beaded crown. A double string of pearls was worn and she carried pink and white roses arranged with fern.

Mrs. H. R. Whitmore played the organ for the ceremony and Mrs. H. B. Smith sang "A Wedding Prayer".

At four in the afternoon a reception for about thirty was held at the home of the groom's parents where Mr. and Mrs. Smith, Mrs. H. B. Smith and the bridal party received. Mrs. Smith wore a becoming navy rayon flecked costume, navy hat, white gloves, and corsage of pink and white carnations.

As decorations, pink streamers

New Orchard Owners Come from England

New residents of Summerland will be Mr. and Mrs. W. S. Gilman who have come to Canada from their former home in Somerset, Eng.

The Gilmans have bought an orchard known as "the Grey place", from Mr. A. Holler. Mrs. Gilman is living here now, and with her is Miss Dorothy Boots of London, Eng., who was a member of the Land Army during the war, and worked on the Gilmans' place in the south of England. Miss Boots will make her home here, too, staying with the newcomers.

Mr. Gilman is visiting until Christmas with his son who is a professor at the veterinary college at Guelph, Ontario.

CHRISTMAS LIGHTING FOR HOMES PLANNED

Lighting of homes and gardens in Summerland is again to be urged this Christmas by the Summerland Board of Trade. Prizes are to be offered for the best lighted home exterior and every inducement is to be given home owners to "Light Up" for Christmas.

ran up to the ceiling from a white cloth on the oak table, and white bells hung from the streamers. The bride's table was covered with a linen cloth beautifully embroidered and sent from Ireland as a wedding gift. In the centre was the three-tiered wedding-cake, which had been baked and decorated by the bride's father.

Many lovely gifts and cards of congratulations were sent from friends and relatives in Saskatchewan, California and Ontario.

For travelling to the coast where the honeymoon will be spent the bride wore a green dress, wine topcoat, grey hat and accessories.

Out-of-town guests were Mr. and Mrs. John Daynard, Miss Marie Dihanits, Kelowna, and Mrs. Helen Mee, Penticton.

On their return they will reside in Prairie Valley.

Bazaar Plans Form Main Topic When Service Club Meets

Last-minute plans for the Christmas bazaar of St. Andrew's Service Club which is to be held next Saturday took up quite a bit of time at the regular meeting held on Monday evening, Nov. 14 in St. Andrew's hall. A great deal of work has gone into preparations and with the extra space in the new building it is hoped to make the affair a specially successful event.

Mrs. Les Rumball, vice-president, was in the chair and 54 members answered roll call.

Mrs. Walter Powell led the devotional period, and the service club prayer was read in unison.

Three new members Mrs. G. Mountford, Miss Marion Shannon and Miss Verna Bernhardt were introduced and welcomed by the vice-president.

Mrs. Eddie Hannah gave a report of the recent meeting of the UNICEF at which she represented the club, and a sum of money was voted to this fund.

The visiting committee reported five visits made during October.

Mrs. Alan McKenzie gave an interesting and informative account of the Kamloops-Okanagan Presbytery WA meeting held at Oliver recently.

The election of officers will take place at the December meeting, Monday, Dec. 12.

The Service Club was asked to help put candy in bags for the Sunday School Christmas concert and Mrs. Reinertson, Mrs. W. H. Durick, Mrs. R. Oxley and Mrs. W. Powell offered to do this.

The meeting closed with the benediction after which tasty refreshments were served by Mrs. M. Cousins, Mrs. Reinertson, Mrs. M. Kersey, Miss Peggy Pringle and Miss Ellen Torrance.

BRIDE-ELECT OF SATURDAY GUEST AT FENWICK HOME

In a bridal setting of pink and white roses and streamers last Saturday evening, Nov. 12, at the home of Mrs. Sandy Fenwick, Mrs. E. H. Bennett and Mrs. Fenwick entertained for Miss Shirley Nichol whose marriage to Mr. Edmund Hardukiewicz takes place next Saturday afternoon at the home of Mr. and Mrs. Harvey Mitchell.

The party was a miscellaneous shower and there was a miniature electric stove, complete with oven, ready for the bride-elect to open. Open it she did! "What was cooking in?" An oven full of lovely gifts for her.

A contest which consisted in taking the word "bride" and under each letter naming household furnishings which begin with that letter was won by Miss Marjorie Fenwick, with Mrs. Elmer Johnston being given the consolation prize.

Well-wishing friends present were Mrs. J. Nichol, mother of the guest of honor, Mrs. Elmer Johnston, Mrs. Klix, Mrs. Ray Leinor, Mrs. Harvey Mitchell, Mrs. J. Markiewicz, Miss M. Blethem, Miss Marjorie Fenwick and Miss Ruth Klix. Other invited guests, unable to attend but who sent gifts were Mrs. H. Baker, Mrs. C. H. Elsey, Mrs. Andrew Fenwick, Mrs. A. Holler and Mrs. George Lane.

Dainty refreshments were served by the hostesses before the happy occasion ended.

RELIEVES AT BANK

Mr. Phil Walker of Vernon is relieving teller at the Bank of Montreal at present.

Arlene Raincock Head of CGIT

A re-organization meeting and election of officers for the fall season of the Canadian Girls In Training was held in St. Andrew's hall on Wednesday, Nov. 2.

Mrs. A. J. McKenzie is director of CGIT and leaders are Miss Marjorie Nichols, Miss Peggy Pringle.

The newly-elected officers are: President, Arlene Raincock; secretary, Medori Matsu; treasurer, Joan MacDonald.

The girls are making plans for their activities during the winter, and initiation services for new members were held last Wednesday afternoon.

Japanese Girl is Honored at Shower

It was to honor Miss Hideko Kawasaki prior to her marriage on November 23 in St. Andrew's church to Mr. Charles Fujita of Coaldale, Alta., that Miss Yuriko Jomori and Miss Martha Uegama as co-hostesses entertained at a shower at the Jomori home on the evening of October 28.

The lovely gifts were given to the bride-to-be in an unusual manner. A small tree had parcels suspended from it and these were taken off by the guest of honor. All those present enjoyed seeing them opened and the surprise inside.

The evening was spent in playing games and delicious refreshments were served by the hostesses.

Others present were Mrs. Arthur Matsu, Mrs. N. Aoki, Mrs. Roy Kuroda, Miss Tomiko Kawasaki, Misses Tomie and Matsu Kubokawa, Miss Mae Inaba, Miss Marjorie Yamabe, Miss Sumiko Imayoshie, Miss Sakaye Kita and Miss Irene Uegama.

Bermuda-Bound Guest is Honored

Prior to her departure to make her home in Bermuda Mrs. Howard Mitchell was guest of honor at a tea and miscellaneous shower at the home of Mrs. R. Cuthbert on Monday afternoon, Nov. 14.

Little Mary Cuthbert drew in a little wagon labelled "To Bermuda" which was full of prettily-wrapped gifts for the recent bride to take to her Island home.

A delicious tea was served, and invited guests included Mrs. R. G. Rugsel, Mrs. H. Sharrman, Mrs. A. M. Temple, Mrs. J. E. O'Mahony, Mrs. N. O. Solly, Mrs. C. P. Evans and her daughter Mrs. R. Spencer. Vancouver, visiting at the home of her parents, Mrs. A. W. Nisbet, Mrs. A. K. Macleod, Mrs. A. W. Vanderburgh, Mrs. W. F. Evans, Mrs. P. G. Dodwell, Mrs. C. Smythe, Mrs. W. R. Boyd, Mrs. Alan Walker, Miss Elizabeth Theod and Miss June Cooke.

SOCIAL EDITOR Mrs. A. W. Vanderburgh

VISITING ABROAD

Mr. and Mrs. W. S. Ritchie and their daughter Miss Rhoda Ritchie are at Vancouver this week.

Mrs. H. A. Solly left Summerland for Trail last Sunday to spend the winter months with her son-in-law and daughter, Mr. and Mrs. E. G. Randall.

Mr. Jack Lawler and Mr. Talzadge McDonald were motor visitors to Vancouver over the Remembrance Day weekend. On their return trip on Sunday, occupants of Mr. Lawler's car counted 223 cars returning to the coast over the Hope-Princeton, between Allison Pass and Hope.

Mr. C. H. Elsey, accompanied by his son, Allen and Francis Steuart, spent most of last week in the Cariboo, returning here Monday night. The party brought back two deer. While in the north, Mr. Elsey visited his daughter, Miss Joyce Elsey who is teaching at McAlister, B.C.

Mr. and Mrs. R. G. Russel and Mr. and Mrs. Howard Mitchell drove to Vancouver on Tuesday. After visiting a day or so at Vancouver Mr. and Mrs. Mitchell will fly to their home in Bermuda, Mr. and Mrs. Russel returning to their home here.

Mr. and Mrs. N. O. Solly are visitors this week to Vancouver where they will attend the Theed-Maclean wedding in St. Mary's church, Kerrisdale on Saturday.

Family Re-union at T. P. Moore Home

A happy family re-union was that held at the home of Mr. and Mrs. T. P. Moore, West Summerland, last weekend when Mr. Moore's brother and wife and son, Mr. and Mrs. J. T. Moore and Brian, came from Vancouver to visit them, and the boys' mother, Mrs. Verle Moore came down from Lumby, where she is on the teaching staff.

The Moore family lived at Meadow Valley some years ago when Mrs. Moore taught in the school which has since been closed and is to be added to the ski club quarters this fall.

Mr. Terry Moore is employed by the B.C. Telephone Co. as personal technician, and Mr. Tom Moore, at whose home the re-union took place, is a member of the elementary school teaching staff. Many old friends called during the weekend to show that "old acquaintance" was not forgotten.

Mr. R. F. Theed and his daughter, Miss Elizabeth Theed have gone to Vancouver for the marriage of Mr. John Theed and Miss Mary Maclean which takes place next Saturday afternoon.

Mr. and Mrs. Dave McInnes, accompanied by Mr. and Mrs. W. Atkinson of Kelowna, drove to Vancouver on Friday morning, returning on Sunday.

Mr. and Mrs. C. J. Baker, Miss Christina Mair, and Mrs. M. McRae, were among those who made a party and took advantage of the long weekend to drive to Vancouver and back and see the much-talked-of Hope-Princeton road.

Little Miss Caroline Sladen, daughter of Mr. and Mrs. B. A. Sladen, went to Vancouver by train last Thursday to visit her grandmother, Mrs. I. Williston. She returned on Monday morning.

Mr. J. E. O'Mahony left for Vancouver on Monday evening to spend a week in Vancouver attending meetings of the B.C. Hospitals Association.

Mr. Max McKechnie is a patient in Kelowna hospital this week following a nose operation.

Mr. and Mrs. Wm. White were coast visitors last weekend driving out and returning on Tuesday.

Mr. Murray Elliott has gone to Vancouver where he will spend a short holiday.

Mrs. K. McIntosh is in Vancouver on a vacation visiting at the home of her parents Mr. and Mrs. A. F. Calder in Point Grey.

Dr. and Mrs. W. H. B. Munn left for Vancouver by car on Tuesday and expect to return on Friday.

Miss Mary Wolfer has returned after spending last weekend at Vancouver.

Mr. Eddie Hannah is at the coast this week.

VISITING HERE—

Mr. and Mrs. William Kennedy and family motored to West Summerland over the Remembrance Day holiday weekend to visit Mrs. Kennedy's parents, Mr. and Mrs. A. K. Elliott.

Visitors to the Okanagan last weekend were Mr. and Mrs. Lee Hatfield of Lynn Valley, North Vancouver. They stayed at Mr. Hatfield's uncle and aunt, Mr. and Mrs. A. S. Hatfield in Penticton and visited shortly at the A. K. Elliott home in West Summerland.

Dr. and Mrs. W. Evans and their small daughter, and Mr. and Mrs. R. Spencer and their children all of Vancouver, were weekend guests at the home of Mr. and Mrs. C. P. Evans, driving in over the newly opened road. Mrs. Spencer and the children returned by train on Wednesday.

Mr. and Mrs. H. Freeman and their three children drove from Vancouver last weekend to pay a surprise visit to Mrs. Freeman's parents, Mr. and Mrs. H. Sharman.

Mr. and Mrs. Kwak and Mr. and Mrs. van der Hoek residents of the Fraser Valley motored from their home on Saturday to visit Mr. and Mrs. Joseph Van Gameron, prior to Mr. Van Gameron leaving shortly with Mr. R. J. Bangma on a trip to Holland.

Miss Bernice Elliott was a Remembrance Day weekend visitor from Vancouver at the home of her parents, Mr. and Mrs. A. K. Elliott.

Mr. and Mrs. Robert Scott drove over the Hope-Princeton road on Friday to visit until Monday morning at the home of the latter's mother, Mrs. J. Darke. They were accompanied by Miss Valerie Tingley who is attending UBC and who week-ended with her parents, Mr. and Mrs. B. A. Tingley.

Mr. and Mrs. Bernard Taylor and family drove over the Hope-Princeton highway on Thursday to spend the long weekend in West Summerland, returning to their Vancouver home on Sunday. Mr. Taylor is a member of the Kitsilano high school teaching staff and is a former resident here.

Mr. Jack Amm spent the Remembrance Day weekend in Summerland visiting his mother, Mrs. C. J. Amm.

Making the trip in an Austin over the Hope-Princeton highway in six hours and twenty minutes from Vancouver were Mr. and Mrs. Elmer Link, and their two children, and Mr. and Mrs. Gordon Halvorson, who visited at the home of the latter's parents, Mr. and Mrs. Edson Miller, Trout Creek, arriving last Thursday and leaving on Sunday.

Miss Julia Hack, who is attending UBC, was a holiday visitor at the home of her parents, Mr. and Mrs. W. Hack.

Holland Friends Pay Surprise Visit

Mr. and Mrs. N. Buddingh enjoyed a surprise visit on Sunday, from Mr. and Mrs. H. Advocaat and their two children of Matsqui, and Mr. and Mrs. G. Schaart, who brought one of their daughters, Beatrice with them from their home at Abbotsford. The group drove in together returning on Monday morning. While here Mr. Advocaat visited his sister-in-law, Mrs. Advocaat at Mr. Lawler's home in Peach Orchard.

HOME AGAIN

Mrs. Ella Pohlmann has returned from Saskatchewan where she spent the summer. With her came her brother, Mr. W. C. Garratt and son Gordon of Abernethy, Sask. They are staying with Mr. and Mrs. Allan McCargar for the winter months.

Mrs. Andy Faasse and her three little girls returned on Monday following a visit to her home in Winnipeg.

Mrs. W. R. Boyd returned via airlines last Friday from a two weeks' visit to her parents' home at Walkerton, Ont.

Mrs. C. G. Woodbridge returned on Sunday from a two weeks' vacation in the United States. She spent several days in Chicago visiting friends and relatives and on her return journey visited her parents at Belfry, Mont.

Mr. Hugh McLarty came in from UBC to spend the weekend at the home of his parents, Dr. and Mrs. H. R. McLarty.

Mr. and Mrs. Roy Heuckendorff motored from Vancouver to visit Mrs. Heuckendorff's aunt and uncle, Mrs. Pares and Mr. C. E. Bentley over the Remembrance Day holiday.

Dr. and Mrs. Roy Elsey and their children visited at the C. H. Elsey home last weekend returning on Sunday to their home at Vancouver.

Miss Pat Golay of Victoria was a recent visitor at the home of her mother, Mrs. L. McLaughlin.

Mr. and Mrs. F. Hamilton were holiday visitors from Vancouver at the home of the latter's parents, Dr. and Mrs. L. A. Day, Trout Creek.

Guests at the home of Mr. and Mrs. Dennis Nield are Mrs. Nield's father and sister, Mr. C. C. Brown and Miss May Brown of McConnell, Man.

Mr. and Mrs. T. J. Garnett enjoyed a visit from their daughters and their husbands last weekend when Mr. and Mrs. J. S. Burtor and Mr. and Mrs. F. Simpson drove in from Vancouver. They visited also at the home of Mr. and Mrs. R. C. Cuthbert, the latter also being a Garnett daughter.

Mr. Clare Kimball of Sunburst, Mont., and Mrs. Irene Broderson of Red Deer, Alta., arrived here on Tuesday, having left their homes on receipt of news that their stepfather, Mr. Frank Rodman, was seriously ill.

Mr. and Mrs. R. L. Keeley and son Kenneth, of Penticton, spent a recent weekend at the home of Mr. and Mrs. Allan McCargar.

RETURN TO ENGLAND

Mr. and Mrs. K. Hobson and their daughter, Betty, who have resided with Mrs. Hobson's brother, Mr. Tom Charity for the past year, left on Thursday to return to England, where they will again take up residence.

MORE ABOUT— NOTES
Continued from Page 2
port had been in his hands since last year so, promptly, the opposition seized on this as an opportunity to take the minister to task for failure to carry out the law of Canada.
I will only comment that the next week or so will be strengthened and real teeth put into it so that in future the government will be able to take action to curb the tendency in Canada to form monopolies.
The other matter of housing is still under discussion. All discussions center around the need for half a million low rental or subsidized houses. There are several suggestions already presented to the minister as to the best method of meeting the demand for homes for the low wage earners of the dominion. Judging from the discussions the most favored would be a subsidized low rental home taken care of by the three governing bodies, that is, municipal, provincial and federal.
The bill dealing with PGE is sailing along without any opposition. This bill would provide a federal government grant of \$15-

POPPY SALE IS SUCCESSFUL HERE
Sale of poppies and wreaths by the Canadian Legion, with the assistance of the Girl Guides and Boy Scouts on Saturday, November 5, grossed \$340.92. Mr. Don McLachlan, chairman of the campaign, informed the Legion November meeting on Wednesday, November 9.
Mr. McLachlan praised the co-operation given the Legion by the Scouts and Guides and stated that the campaign had been quite successful.
The Legion passed a vote of thanks to The Summerland Review for its co-operation in advertising the Poppy Day campaign.

No Action on Local Breakwater
Mr. O. L. Jones, MP for Yale, informed the Summerland Board of Trade by letter Thursday night that Hon. Alphonse Fournier, minister of public works in the federal cabinet, has not changed his plans regarding breakwaters for Summerland and Peachland.
There will be no move to start these projects, or remove them from the deferred list, unless the unemployment situation becomes very severe this winter, Mr. Jones was informed.

000 per mile to complete the eighty-odd miles to Prince George. This bill will be finally passed and, I am satisfied, without any opposition.
During the week I spoke on behalf of some of our B.C. municipalities who are anxious to get access to money for self-liquidating projects, I asked the government to reopen the municipal improvements assistance act. Under this act \$30,000,000 was placed aside to be loaned out to municipalities at 2 per cent but the government closed down its operation in 1940. This fund has approximately \$25,000,000 unused. For that reason I hoped that towns like Enderby, who need a large sum of money for their waterworks, could have access to some at the 2 per cent interest incorporated in the act.

Experienced Kamloops Cagers Swamp Merchants in Opening Senior League Contest 80-37

Kamloops, interior champions, an older and experienced cage crew demonstrated in no uncertain fashion the reason why they are at the top of the heap in interior cage circles at the school gym when they swamped the new Summerland Merchants' crew 80-37 in the opening game here of the 1949-50 senior league schedule.

It was superior cage "moxy" which told off as the visitors romped through the Merchants in a fast-moving tilt which had plenty of action for everybody. McQuarrie fattened his scoring average with a great big 28 points, which flashy Al Barton wasn't far behind with another 22 points, to lead the Kamloops scoring column. But Jackie Walsh, elusive Merchants' forward was equal-

ly as good as any man on the floor, leading the local lads with a well-earned total of 19 points. Kamloops' lads have been playing together for some years and know instinctively each other's movements. On the other hand, the Merchants are playing together for the first time and have thrown together remnants of the 1946 senior crew with last year's intermediate A squad.

Although it was a one-sided score, the Merchants gave every indication that they will be heard from in no uncertain style once they get a few more games under their belts. They tried valiantly until the final quarter, when their lack of condition was quite noticeable, and they fell apart at the seams. Many Missed Throws The Merchants' lack of shooting practice was most noticeable on free shots, as they only converted three of seventeen attempts. Kamloops' score included ten of fifteen throws. Rocky Biagioni is back with the Merchants and is fast rounding into better shape. He played a plucky game Friday night and if he can work his style in with the younger players will be a tower of strength. Dunham was second high scorer for the Merchants but even at that he was not clicking as he did last year. George Clark was the ring-leader of many an attack but he tired rapidly and did not have

SPORTS DAY AND CARNIVAL ARE SUGGESTED

Reporting on a recent executive meeting, President J. E. O'Mahony told Thursday's board of trade session that it is unlikely a Spring Fair will be held in Summerland next May 24, but that a sports day and carnival will probably be staged.

the steadiness which he once showed. Once into condition, Clark will be a standout in interior cage circles, observers believe.

Refereeing was handled by Collins of Pentiction and Lacey Fisher, these officials keeping the game well in check and keeping the play moving at a rapid rate.

Kamloops led 24-11 at the end of the first quarter and 39-18 at the halfway mark. In the third quarter the first-string quintette more than held their own with Kamloops for five minutes but faded towards the end with the result that Kamloops outscored the locals 14-9 in that ten-minute period.

In the preliminary, Lacey Fisher's high school squad looked good for the first half against a more experienced Pentiction Int A crew and absorbed a 46-19 shellacking. Jomori was the sparkplug for the locals, while Wally Day figured in most plays. Eshelman and MacDonald were standouts for the visitors, ably assisted by Young.

Halfway through this prelim. Pentiction only led 24-14 but the visitors walloped Summerland 15-4 in the third quarter and were on the long end of the score 7-1 in the final canto.

Pentiction Int A: Maisonneuve 2, Atkins, Ringart 4, Arnott 6, Young 8, Bradburn, Eshelman 11, MacDonald 11, Dow 4-46.

Summerland High School: Day 5, Kato 1, Jomori 10, MacRae, Cristante, Weitzel 2, Munn 1, Richards-19.

Kamloops: McDonald 4, Foulger 12, McQuarrie 28, Laidlaw, Ellis 12, Barton 22, Butcherworth 2-80. Summerland Merchants: Biagioni 3, Vanderburgh, Dunham 9, Nesbitt, Clark 4, McLean 2, White, Guidi, Walsh 19-37.

U.B.C. Biologists Conduct Important Experiments at Local Fish Hatchery

Because of the ideal water conditions, Summerland Fish Hatchery is to be used for some important experiments in trout raising, using eight different feeds and combination of feeds this winter, A. B. Higgs, in charge of the B.C. Game Department fish hatchery here informed members of the Kiwanis Club of Summerland at their Monday evening dinner session in the Nu-Way Annex.

"You really should be proud of your hatchery," declared Mr. Higgs, explaining that the Summerland hatchery has the highest production and best results of any hatchery in the province.

"There is no other water supply like it in the province and it has proved ideal for hatchery purposes, as it never varies more than one degree winter and summer."

Because of this constant temperature, the hatchery is proving invaluable for experimental purposes. In each of eight troughs, 1200 eggs have been laid aside for this winter's experiment which is being conducted by Mr. Higgs in co-operation with Dr. Peter Larkin, chief biologist at the University of B.C.

Mr. Stewart Smith, one of Dr. Larkin's assistant biologists, visited Summerland on Sunday to start the experiment.

Eight different kinds of food or combinations of food are being fed the fish in these troughs.

Mr. Higgs explained that the proportion of fingerlings hatched from the eggs laid in spawning grounds in very low. Only three to four percent ever come out of the gravel.

That is why the eggs are stripped from the spawning fish and sent to hatcheries. In the case of the Summerland hatchery, about eighty percent of the eggs reach the fry stage.

Improves Spawning Besides the use of hatcheries, the game department is endeavoring to improve feed supplies in lakes and streams and to improve the spawning beds. But irrigation schemes, power development, lumbering and other factors have created many hazards for the spawning fish.

The fish has many enemies, probably more than any other creature, he explained.

Mr. Higgs also pointed out that operation of a fish hatchery is a costly business, but does not come out of the taxpayer's pocket. The fisherman and hunter pay for this operation, as the hatchery is completely financed by the game money from the hunting and fishing licences.

Revenues from sportsmen exceed the amount allowed the game department from the provincial consolidated revenue account at present, but sportsmen are endeavoring to convince the government that all revenue from sportsmen's licences should be turned back to the game commission.

North Vancouver Too Hot for Local Boys in Soccer

Summerland high senior boys' soccer team ended its season's play by an exhibition game against North Vancouver High at Oliver on Saturday, Nov. 12.

The coast team played an excellent brand of soccer and by making use of accurate passes and strong kicking, were able to score eight times during the first half.

During the second half, Summerland played somewhat better soccer, but were unable to score, while North Van. was able to get two more counters. The game ended at 10-0.

North Vancouver—J. Neate; G. Nicholson, R. MacPhee; A. Rexworthy, G. Nordby, L. March; D. Cairns, E. White, M. MacManus, D. Armitage, W. Steele, J. Anthony.

Summerland — D. Weitzel; M. Maier, E. Bryden; R. Fisher, W. Day, K. Brawner; R. MacRae, N. Holmes, F. Gould, S. Jomori, F. Kato, G. Younghusband.

Interior Well Represented at Trap Shoot

Most successful trap shoot in the history of the interior was staged last Friday afternoon, November 11, at the Summerland Trap Club grounds when nearly a hundred competitors from many points of B.C. endeavored to capture sixty turkeys and forty hams. Trap shooters from Lumby, Vernon, Kelowna, Peachland, Pentiction, Oliver, Vancouver and Vancouver Island were on the spot to compete over the two traps in an all-afternoon event.

Five competitors were included on each range for each shoot, the highest score for five rounds taking the prize. For tie scores, the shoot-offs were taken back to the 25-yard line.

Besides the competitors, a large number of spectators visited the trap clubhouse. Wives of the members provided sandwiches, cakes, pie and coffee during the busy event.

Major-General R. F. L. Keller and a party from Kelowna came to Summerland, expecting a 22 range shoot as was held last year. No provision was made this time, so the Kelowna party competed for turkeys and hams and became enthusiastic over trap shooting.

PENTICTON TRIMS JUNIOR BOYS

Summerland Junior high school boys played their first basketball game of the season at Pentiction on Saturday, Nov. 12. Summerland lost to the tune of 62-17 in this exhibition contest. Brawner was the most effective player for the local squad while Bowsfield and Jordan accounted for most of the Pentiction counters.

Summerland: J. Logie, W. Thompson, G. Munn, K. Brawner, M. Maier, G. Maier, G. Younghusband, R. Fisher.

Last Wooden Walk To Be Destroyed

The old wooden sidewalk on Kelsey street, last one in the municipality, is to be ripped up and a covering of shale laid down, after grading. By next spring, it will be decided whether a cement walk or an asphalt walk with cement curb will be laid. A local improvement plan to divide the cost will probably be suggested.

work formerly left to Rotary or Kiwanis clubs... they are interesting themselves in the children and in the government of the community."

He mentioned that Legions are faced with a big problem. They must provide club facilities to hold their own membership... "to earn money to do the things we must do", but they should also "take their income and convert it right back into the community where it belongs."

Mr. Finnerty pointed out that Legions should recognize the need for scholarships and welfare work and encourage their members to participate in all community affairs.

"We should also insist that the standard of conduct in Legion clubs be such that a member's wife will be proud of the Legion branch conduct instead of being ashamed as is the case of some branches," Mr. Finnerty declared. Dealing shortly with the Poppy Fund campaign, the speaker recommended the suspension of any branch which does not submit an audited report of its Poppy Day funds and a complete statement of the disposition of these funds, so that there can be no opportunity for any criticism.

Mr. Finnerty lauded Summerland for its community spirit and its clean, good civic government and its roads,

"House of Stone"

Safe Robbery at Westbank Fails

WESTBANK—Daring thieves, or thief, were unsuccessful over the past weekend in an attempt to rob the safe of the Westbank branch of the Bank of Montreal. A rear window was broken and two handles removed from the large safe but only thing stolen was a bank revolver.

Some apples left in the bank were handled and one had a bite taken out. Several good fingerprints have been found.

Two families living on the second floor of the building housing the bank were undisturbed Saturday night or early Sunday morning.

MAKE BIG SALE TO PENTICTON

Sale of one new and three used 75 kva transformers which formerly operated for lower town industrial area before the co-op changed to 440 power, was announced at last week's council session by Councillor F. E. Atkinson. Penticton municipality purchased the transformers, paying \$790 for the new unit and \$500 each for the used transformers.

"which are the best in the South Okanagan."

"With a spirit like this tonight, this branch is well on its way to doing a grand job. I know of your need for a building adequate for your membership, and this will need a sacrifice on the part of your membership. But you have the ability to solve your own problem. You can do that and still steer the branch along the lines of its constitution," he prophesied.

In conclusion, Mr. Finnerty again emphasized the direct obligation of Legionnaires to those who died, those who survived and their dependents. He urged his listeners to be conscious enough of their obligations to go and help those who are in need of assistance.

D. L. Sanborn proposed the toast to "Our Fallen Comrades", which was followed by a solo from Ben Newton, "In Flander Fields", with Miss Ruth Dale as accompanist.

Chairman Ross McLachlan, president of Summerland Branch No. 22, Canadian Legion, thanked the Legion WA members for their efforts which culminated in the splendid banquet, while Mrs. D. Weis, on behalf of the Legion WA extended thanks to the Ladies' Hospital Auxiliary, who catered to the large banquet.

Following Mr. Finnerty's address, Mr. Harry Howis conducted a musical program, including community singing. The evening concluded with dancing to an orchestra formed by Marcel Bonthoux.

Bride Chooses Her Home For Fall Nuptials

At the home of the bride's parents, Mr. and Mrs. John S. Mott, Hospital Hill, the wedding of Miss Emily Mae Annie Mott and Mr. Cecil Samuel Holden, son of Mr. and Mrs. C. C. Holden, 4277 Sophia St., Vancouver, took place last Saturday afternoon, Nov. 12, at two o'clock.

The ceremony performed by Rev. C. P. Stewart of Kelowna was solemnized in the presence of friends and relatives with the bridal party standing in front of the fireplace which was banked with chrysanthemums for the happy occasion.

The bride, who was given in marriage by her father, entered the room as wedding music was played by her sister, Miss Laura Mott, and was wearing a very becoming blue grey dressmaker suit with harmonizing accessories and a corsage of deep pink rosebuds.

As her sister's bridesmaid Miss Marjorie Mott wore colors in keeping with the season, shown in her rust taffeta afternoon dress with brown accessories and corsage of yellow rosebuds.

The groom was supported by his cousin, Mr. Douglas Holden, and Mr. Preston Mott, brother of the bride, sang "O Perfect Love".

For her daughter's wedding Mrs. Mott had chosen a pretty dark green crepe afternoon frock and wore pink carnations on corsage. The groom's mother, Mrs. Holden, wore a black suit, with pink blouse and her flowers were in a pink carnation corsage, too.

The bride's table was centred with the wedding-cake, with white tapers on either side, vases of red roses adding rich color.

Wires and congratulatory messages were received from Vancouver Island and Vancouver in which city the bridal couple will make their home.

Ex-Meadow Valley Man Dies in Crash

Carl Hafner, 48-year-old Penticton orchardist and formerly a resident of Meadow Valley, west of Summerland, died in Royal Inland hospital Kamloops Saturday night from head injuries received a mile south of Monte Lake on the Vernon-Kamloops road, when his car left the highway and turned over as it was negotiating a right-hand turn.

He is survived by his widow and four daughters, Ellen, Shirley, Mariene and Caron, all at Penticton. A brother also resides at Penticton while his mother, another brother and a sister live in Switzerland.

Funeral service was held in Penticton yesterday.

Who Will Pay For Changeover Of Service?

Changeover of electric service from the front to the rear of business premises because of the establishment of power line poles in the alleys was the subject of some controversy in council session on Tuesday, Nov. 8.

With the establishment of electric light standards on the main streets, the power line has been taken off Granville and Hastings on the south and west sides respectively and service is now ready from the rear of the premises.

This move eliminates ugly wooden poles on the business streets. However, there will be a cost to this changeover and was the basis of some controversy.

Councillor F. E. Atkinson, electric light chairman, considered business houses should stand the entire expense, as about \$8,000 had been expended for new street lights and the switchover of the power line "wasn't chicken feed".

However, Councillor Harvey Wilson contended that as the business premises did not actually demand this new service then the cost should be shared equally.

It was agreed to save any decision until an estimate of the cost of changing services could be given.

"I've been dishing out more money than any other chairman of the electric light department ever did," contended Councillor Atkinson, "but I think this one is the straw which broke the camel's back."

Three Civic Meetings to Discuss Topics Vital to Locality This Week

Three civic meetings in as many successive days sets somewhat of a record for Summerland this week, as the year end approaches and the municipal elections draw near.

Tonight, the town planning meeting to hear W. G. Davies, of the regional planning division of the department of trade and industry, is being held under the chairmanship of Councillor F. E. Atkinson.

Tomorrow night, invitations have been sent to nearly 70 owners of orchard property on Jones Flat to attend a meeting to discuss a co-operative sprinkler irrigation scheme.

On Saturday afternoon the annual civic meeting will be held and at which Reeve R. A. Johnston and his departmental heads, plus School Board Chairman C. J. Bleasdale, will give an account of their stewardships.

Crossley Loses Car to Armed Hitch Hikers

G. Y. L. Crossley of Kelowna, director of regional planning for the southern interior, and a pioneer resident of Summerland was robbed of his car and overcoat at gunpoint on Tuesday between Keremeos and the Okanagan.

The thieves are believed implicated in the holdup of the liquor store at Keremeos, where two men, answering the description given by Crossley, rifled the safe of between \$75 and \$150 and escaped with a few bottles of liquor. They made Vendor George Scott lie down on the floor, at gunpoint. Mr. Crossley was returning from Princeton when he picked up two men, one about 35 and the other in his late teens. He left them at Hedley but later picked them up again. Near Kaleden Junction the older man drew a gun, took command of the car and headed back towards Keremeos.

They deposited Mr. Crossley in a lonely shack, having first taken his overcoat, trussed him up and laid the car robe over him. They told him they were going to rob a bank, liquor store or something. The stolen car victim soon loosened himself from his bonds and made his way to Kaleden, where he notified police.

Rural Route Delivery Man Again Sought

Tenders for the rural route mail delivery are again being called by the post office department in Ottawa. The distance to be covered six times each week is 30.4 miles, and application must be filed by December 30.

Last summer, the postal department sought tenders on both the rural route appointment and that of postmaster for the Summerland post office. To date, no permanent appointments have been made, it is stated.

Mr. Charles Clark is continuing as acting postmaster of the lower town office. The new post office in lower town, constructed by Mr. Gordon Ritchie has been ready for occupancy since late in August, but to date no word has been received here of the date of arrival of the fittings and extra boxes.

It had been hoped that the new building would be ready in plenty of time to cope with the Christmas rush.

Council Fails to Reach Decision on Who Will Pay for Service Changeover

There is still no decision as to whether the Hastings street building owners will pay for the changeover of their services from the front to the rear, or whether the municipal electrical department will absorb part of the expense.

A motion that the store owners pay the entire cost was moved by Councillors Eric Tait and F. E. Atkinson Tuesday night, but was talked down by Councillors C. E. Bentley and H. L. Wilson, with Reeve R. A. Johnston making one comment.

Finally, to save embarrassment in the face of ensuing elections, Councillor Tait withdrew his motion, the subject to be reconsidered at a later date.

It was shown from estimated figures that cost of changing over individual services will run between \$22 and \$50 per building.

Councillor F. E. Atkinson stressed that the changeover should be made before Christmas. He declared that Pentleton and Osoyoos property owners had paid for similar changeovers and after the service is brought across the property line then it is up to the property holder to pay for the linkup.

"We probably made a mistake by not going to these people in the first place," commented Councillor Atkinson, but he believed that it would have been the same thing in the long run. To build the new line from near

One subject which will probably be discussed on Saturday is the proposed extension of domestic water service to the north bench and Crescent Beach. The bylaw for this project was not returned from Victoria in time for its presentation to the taxpayers at the December elections.

It is probable that the bylaw will be ready for voting when the by-election for councillor is held in January.

Under the chairmanship of Councillor F. E. Atkinson, a board of trade committee has been working two years on the town planning setup. Tentative bylaw has been submitted by the regional planning division at Victoria and will be discussed at length tonight at the public meeting.

Main points in the bylaw were reviewed in last week's issue of this newspaper.

Cost of Main Pipe

Council has been considering in committee for some weeks the proposed sprinkler irrigation program as requested by Jones Flat owners. To run water under pressure the full length of Jones Flat to serve the nearly-seventy owners would cost \$17,000, it has been estimated.

But there are other considerations in this deal which were pointed out at Tuesday's council session. There are main laterals to be installed from the main pipe, and if all owners do not wish to co-operate then many intricate problems will result. Also, if all property holders do not wish to be included in the scheme, then the present system will still have to be maintained, and there will be no salvage value to be deducted from the cost of the new system.

These are problems which will be discussed at great length Friday evening, it is expected.

All members of the municipal council are expected to speak on their departmental activities at Saturday afternoon's annual ratepayers' meeting.

Open Tenders Tuesday For School Funds

A special meeting of the municipal council will be held next Tuesday afternoon to consider tenders on the sale of municipal debentures for the junior-senior high school. The municipal share of the school bylaw debentures is \$191,000.

C. J. Bleasdale, school board chairman, met the council on Tuesday with a request that the municipality advance the school board \$5,000 in lieu of extraordinary expenses it has incurred in connection with the new building program.

The school board's sale of debentures is being held up until confirmation is received from Victoria on the final passing of the bylaw. Council will consider the board's request further next Tuesday, Nov. 26.

the Anglican church through the Stewart property and along the lanes running south of Granville and west of Hastings has cost the municipal electrical department \$3,000, Councillor Atkinson announced.

Cost of installing the new street standards and elimination of the ugly poles on the business streets, which necessitates taking the service from the rear, has cost more than \$6,000.

Councillor Tait backed up Councillor Atkinson in his contentions, and moved that the electric light foreman proceed to inform the property owners that they should arrange to have their service changed over.

Councillor Wilson still considered the cost should be shared on a 50-50 basis. Councillor Bentley thought that a precedent had been established when poles were taken off two blocks of Granville street.

Reeve Johnston asked: "How about a compromise at 50-50?" after a long pause in which no member seemed willing to adopt or defeat the motion.

Finally, it was agreed that the subject be dropped temporarily but not before Councillor Atkinson declared that if the "people are not willing to pay up to \$50 when we paid \$9,000 then we can leave the pole line just standing there for a while."

TWO CONTESTANTS FOR REEVESHIP—

Reeve R. A. Johnston

Councillor C. E. Bentley

Leadership Development Need Stressed

Faith and then plenty of work was the underlying principle which brought the Naramata Leadership Training School into the position it holds in Canada today recounted Rev. R. A. MacLaren, principal, to the Women's Institute at the November meeting last Friday, Nov. 18 in the parish hall.

"Canada has fuel, food and leadership," declared the catalytic speaker, "but they need developing. Across our land there is an inferiority complex. A spark must be made. Let the young people catch fire in their own thoughts and do the best with what they have," he urged.

"Leadership schools have been needed for thirty years. Canada counts. Young Canadians count. Get them. Encourage them. Get them to take training." These were some of the tenets.

Continued on page 10

INVITE TWO BALL TEAMS HERE FOR SPRING TRAINING

Summerland Board of Trade has written to Great Falls, Montana and Victoria, B.C., baseball clubs inviting them to come to Summerland for the spring training session next spring.

The Great Falls team is an affiliate farm club of the Seattle Rainiers, and is in a similar position to Bob Brown's Vancouver Capilano of the Western International league. Victoria also holds a WIL franchise.

No reply has been received from either club, but it is hoped that some arrangement can be worked out so that there will be another professional team to provide competition for the Caps when they return to Penticton next April.

Accommodation could be provided the visiting ball players in the cabins of the Cornwall Canning Company and the Summerland Co-operative Growers' Assn., it is believed, while the Living Memorial athletic park provides a ball ground second to none in the Okanagan.

Plan "Century Club" to Reach Objective as Youth Centre Area Canvass Halts at \$4,000

With the Youth Centre campaign nearly concluded in the phase which was launched on November 1, with a total of only \$3,775 collected out of the \$7,000 objective, there will be launched in the next week another effort to raise the major portion of the remaining amount.

Special canvassers will go out in the next few days armed with a special list of prominent Summerland citizens whom the committee hopes to enroll in a "Century Club."

Yesterday, at a "dutch treat" luncheon in the Nu-Way Cafe, the Youth Centre committee decided to launch a final effort this year to obtain its objective.

A list of some 75 persons and firms has been prepared with the idea that each will donate \$100 towards the Youth Centre. Some of these persons and firms may already have donated substantial amounts and they will be asked to raise their amounts to an even hundred dollars.

Councillor F. E. Atkinson, chairman of the Youth Centre committee, expressed his group's disappointment that the goal had not been reached. Treasurer E. R. Butler announced that at that moment the subscription total stood at \$3,775.

Some canvassers have not completed their full rounds, so that this total may reach the \$4,000 mark by the weekend, but the full canvass of the district is just about wound up.

"We have gone too far to turn back now," declared Chairman Atkinson, and the luncheon agreed heartily that the movement is far from defeated.

Balance of the \$3,500 to be paid Owner A. E. Smith for the old college gym, now known as the Youth Centre, must be raised by December 1, it was pointed out. When the building was acquired, \$1,000 was borrowed to make a down payment and the balance will be due next Thursday, plus interest.

From the amount subscribed now, the original bank loan of \$2,000 plus all subsequent expenditures can be paid, leaving a balance of \$500.

To install a furnace and carry out the other necessary renovations, plus paying the balance on the hall property, requires a further \$3,000 to be raised at once, it was stated.

Insulate Ceiling Last week, volunteer labor completely insulated the ceiling of the Youth Centre by blowing in nine loads of shavings. Apart from purchasing a portion of the shavings, this was entirely a voluntary effort.

The blower was loaned by Mr. H. G. Braut of Penticton and hauled to Summerland by Joe McLaughlan and Minero Kila. Two of the loads of shavings were donated by Mr. McLaughlan.

Those taking part in putting the shavings in place were Walter Toove, David Munn, Blake and

Bentley and Johnston To Vie for Two Years As Chief Magistrate

A two-way contest for the office of reeve of Summerland when voters go to the polls on Saturday, December 10, was the forecast this week when Reeve R. A. Johnston announced to Tuesday's council meeting that he has decided to be a contestant once more.

Councillor C. E. Bentley announced last week that he is resigning his present post with one year to go and will enter the reeveship race.

Councillor H. L. Wilson has also announced that he will be a candidate for re-election as a councillor, while Norman Holmes, hardware merchant, of Holmes & Wade Ltd., has agreed to enter the councillor contest.

No other names have been announced for the vacant seats on the council, Councillor Eric Tait stating definitely on Tuesday that he will not be a candidate again.

Councillor Bentley had two choices on Tuesday when the council considered his resignation. He could resign of that date and a nomination for a one-year seat on the council would be included in the voting on December 10.

On the other hand, he could resign as of December 31, and a by-election would be held in January. He chose the latter course and a by-election will have to be held early next year.

Councillor Bentley tendered his cheque for \$50, the penalty for resigning in mid-term, but council voted to return the cheque, as was done two years ago when both Councillors Bentley and Atkinson resigned to contest the reeveship, thus forcing a by-election.

School board trustees Mrs. A. W. Vanderburgh and Dr. W. H. E. Munn are expected to be returned by acclamation for the two-year terms which are vacant as no other presones have signified their intention of contesting.

Nomination day is Thursday, December 1, closing at 12 o'clock noon, with W. C. W. Fosbery as returning officer. C. Noel Higgin has been appointed DRO to handle the poll at the Lakeside United church basement in lower town.

Former Summerland Man C. H. S. Tate, Dies at Ladysmith

Charles Henry Simpson Tate, who lived in Summerland for about twenty years and for the last three years resided at Ladysmith, V.I., passed away suddenly in the latter city on Saturday, November 12.

A native of Smith Falls, Ontario, Mr. Tate was 74 years of age and had been a fruit grower in Summerland for many years prior to his retirement. Before coming to Summerland he had been employed by the Alberta Wheat Pool as a grain buyer.

He came to Summerland about 20 years ago and took charge of the orchard on Jones Flat started by his father, who came here 42 years ago.

He leaves to mourn his loss his wife, Mrs. Catherine Tate, at Ladysmith. Mr. George Doherty of Summerland was an uncle.

Funeral services were conducted from St. John's Anglican church, Ladysmith, on Tuesday afternoon, November 15, at 2:30 o'clock, with Rev. W. E. Greenhalgh officiating. The hymns, "O Straight and Stay" and "King of Love My Shepherd Is" were sung with Mrs. P. Findlay at the organ.

LIMITED WORK ON CREEK

Department of public works has informed the municipal council that its request for further protection work east of the highway bridge on Trout Creek will be granted "as far as available funds will permit." The government office also pointed out that funds are limited.

Jack Walsh Leads Merchants to First Victory Over Vernon 53-47

Led by Jack Walsh in a fast-breaking, rough and tumble contest, Summerland Merchants broke into the win column with a vengeance last night when Vernon's Nick's Aces bowed out by a 53-47 count.

This was the first win in four starts for the Merchants, and was a well deserved victory in the face of a team which could not keep its temper and played, at times, deliberately dirty basketball.

Walsh was the powerhouse who kept the Merchants going on the offensive while George Clark and Keith McLean wore mighty useful on the defensive side of the ledger.

Although Jack Dunham was second high scorer with nine points he missed enough setups to win the game singlehanded and should have been relieved many times in the second stanza.

Only in the third period was Summerland outscored by the visitors. At one stage in the first half the Merchants led 22-12, which was the biggest lead of the evening. At the half-way mark they were out in front 23-10, but by the third period end they were

Legion Reason For Giving Up Hall Explained

D. L. Sanborn appeared before the council on Tuesday to offer an explanation why the Canadian Legion has given up the caretaking of Ellison hall.

Janitor service has proved the biggest headache, he stated, and the Legion had found it impossible to obtain a man who would serve the purpose under the conditions.

He declared that if a furnace which could be started in the morning and would last most of the day had been installed then the janitor problem would have been eased.

Mr. Sanborn also pointed out that the only revenue obtained by the Legion for this service was free rental for two or three evenings in the year.

Council announced that John Graham had been appointed temporary janitor but that some organization would have to be found to handle the bookings of Ellison hall, as the municipal office could not spare the time.

"What do you think about closing up Ellison hall?" queried Reeve R. A. Johnston.

"Where would we hold dances?" came back Mr. Sanborn.

"It's reached the stage where we will either have to fix up Ellison hall or close it up," declared Councillor Eric Tait.

Council, on the recommendation of Reeve Johnston, passed a motion of appreciation to the Canadian Legion for looking after the hall in the past few years.

Private Bill on Hail Insurance

B.C.F.G.A. executive has authorized the hail insurance committee, headed by George A. Lundy, of Oliver, to make the necessary investigations prior to applying to Victoria for a private bill to be introduced at the next sitting of the B.C. Legislature giving the growers power to set up their own hail insurance project.

Legal advice will be obtained by the hail insurance committee and submissions made to Victoria so that the proposed bill can be prepared before the end of the year, if the superintendent of insurance is satisfied.

A full report will be made to the January growers convention.

Vernon: Yamabe, R. Samartino 11, Kushman 4, McGregor 6, Boychuck, Stannard 4, S. Samartino 16, Barnett 2, McCloskey, Monk 4—47.

Summerland: Walsh 19, Vanderburgh, McLean 8, G. Clark 8, W. Clark, White 7, Dunham 9, Nesbitt 2, Ruppel, Guidi—53.

A New Building Remains Empty

LOWER town post office will be in another terrific uproar this busy Christmas season unless the postal department and the Dominion public works department act in a hurry to remedy a situation which has been in existence for three months.

A brand new post office building has been available on the lakeshore since August when the owner completed the building. The federal authorities were notified the building was ready for occupancy but there it has remained in an empty state for three months.

And the federal authorities have been paying rent ever since the building was completed.

The holdup has not been explained locally to the buildings owner, the acting postmaster or any other local official. It was understood that the interior fittings and additional mail boxes had been on order for many months and would be installed once the building was completed.

But the building is still vacant, there is no sign of the interior fittings and the post office staff

in lower town has had to continue its operation in an old frame "shack", which has long been a disgrace to the postal department.

The new post office should have been occupied weeks ago and the staff given an opportunity to settle into its new premises in plenty of time to meet the Christmas bustle and hustle.

Besides being uneconomical to pay two rents, the departments involved are showing extreme laxity in not providing the suitable premises to serve the public in the proper manner at this big mailing season.

This type of functioning gives just another example of the laxness which creeps into government-operated business. There are few businesses in private life which can afford to pay rentals on business premises which they do not occupy. The government cannot afford to do so, either, except that the party has an extreme majority in Ottawa.

The taxpayer is paying the extra rental and is getting no value . . . in fact, users of the lower town post office and the staff members are putting up with rotten conditions which are not necessary.

Three Important Meetings

THIS is a fairly important week in municipal affairs, with three civic meetings scheduled in as many days.

Tonight sees the important Town Planning public meeting, which can obtain all the answers relevant to the subject and can recommend certain steps to the municipal council if the citizens see fit.

Friday night the property owners on Jones Flat who have been seeking a co-operative scheme for sprinkler irrigation have their big opportunity to work out a plan whereby they will all benefit. But they must come to that meeting prepared to co-operate and compromise here and there or the whole plan will fall flatter than the proverbial pancake.

Then, on Saturday afternoon, the most important of the meetings takes place when the reeve and councillors and the school board have an opportunity to give an account of their stewardship for the past year, at the annual ratepayers' meetings.

These three sessions are important. The Town Planning meeting is many years overdue but is not too late to effect important zoning of the community for future needs. Councillor F. E. Atkinson and

his board of trade committee have been working diligently on this scheme for two years and their efforts are about to bear fruit.

Jones Flat orchardists have expressed their desire for a district sprinkler irrigation scheme. Friday night they will have their opportunity to come together and work out their problems. But it will mean a good deal of give and take, if council fears on the subject are warranted.

Finally, Reeve Reid Johnston and his councillors, and School Board Chairman C. J. Bleasdale will give the ratepayers an idea how their civic affairs were operated in 1949, a year of increasing costs.

It is known that the school board succeeded in keeping just within its skimpy budget, but the demands on the council this year were such that most departments had to overexpend, it is expected. However, there has been no announcement as to the general state of municipal finances but that should be forthcoming on Saturday.

Those wooden seats will become uncomfortable but that is a slight hardship compared to the benefits which will arise from these three important meetings.

He Helped to Build Agriculture

IN VANCOUVER this week, tribute is being paid to a man who has played one of the most important roles in western Canada agricultural development. We speak of C. A. "Charlie" Hayden, for the past sixteen years secretary of the B.C. Federation of Agriculture, one of the key men in starting this organization and the Western Agricultural Conference, which were the forerunners of the Canadian Federation of Agriculture.

As secretary of the BCFGA and editor of Country Life, the tree fruit growers in the interior know C. A. Hayden well as a man who is reliable, efficient and painstaking in his work. His voluminous reports and notes on meetings give a plain indication of the tremendous amount of copy which he can turn out on behalf of agriculture generally.

Ever since the B.C. Federation of Agriculture was formed, C. A. Hayden has been secretary. He resigned on October 15 but his final secretarial report has been studied the last two days by the federation's annual convention.

We feel certain that the delegates appreciate

the broadness of Charlie's final report and will keep it intact for a handy reference as to the federation's activities—just as Charlie meant they should do.

After giving due credit to the founders of the agricultural federation movement—including the late Major E. E. Hutton of Summerland—Mr. Hayden recalls in his final report that the movement "really had its start in the troubles and confusion of 1933, and in the intervening sixteen years a powerful and permanent national institution has been built up by the farmers themselves, with the culminating achievement, the establishment of the International Federation of Agricultural Producers, with national farm organizations in twenty-six world countries as active members."

In his retirement from his all-important B.C. Federation post, Charlie Hayden can rest assured that he had a major part in the building up of these great farmers' organizations, Rural British Columbia and all of Canada owes a great deal to the methodical and meticulous secretarial work of Charlie Hayden.

Signifying Nothing

By **RUSTICUS**

What was Summerland like forty years ago? I wasn't here myself, being away with ex-President Roosevelt—Teddy, not Franklin—on his hunting trip to Africa, so my picture of it is open to correction, but here's what I can gather. Where today's town flourishes was still bare, save for a few scattered buildings; a branch of lower town's Summerland Supply Company, in the building now Laidlaw's store, was the first to be erected.

But Summerland had at last been named. That able real-estate promoter, J. M. Robinson, who had come west to prospect for gold and decided there was more of it in investor's pockets than in Okanagan rocks, christened it about 1902, and formed the Summerland Development Company, with many rich and prominent Canadians on its board of directors, to get the infant community started.

Men like Lord Shaughnessy and R. B. Angus, the CPR magnates, bought lots here, though they did not live on them; an Italian count, a brother of the great Sir William Osler, a brother of H. H. Stevens, likewise were early investors. Many imposing houses were built or being built by 1909; Agur's beautiful "Balcombe" in Prairie Valley, now the home of W. R. Powell, Major Hutton's commandingly-situated mansion, now inhabited by Don Wright; Isaac Blair's big frame house over near the foot of Cartwright, beside the cannery now operated by his grandson, Blair Underwood. Just above it was the fine stone bungalow of Colonel Cartwright himself, whose fine grey imperial was more conventional than the forked beard of his father, the great Canadian statesman Sir Richard Cartwright.

There were hundreds of people of lesser means, however, who succumbed to J.M.'s glowing adver-

tisements of the Okanagan's delectable climate and lush orchards. Not a few came from the Old Country, with perhaps full evening dress the only other outfit in their wardrobe besides overalls; you'd see them walking home of an early morning from some all-night dance in a log cabin, with an old bathrobe doing duty as topcoat over white tie and tails.

Others came from the prairie and eastward, lured by advertisements that you could harvest a box of peaches per tree three years from planting, at a dollar a box, and 250 trees to the acre. When they found how much work there was to it, and that there actually were winters in "Summerland", and that at the end of three years peaches were no longer worth a dollar a box, many were sadly disillusioned.

One man found the lot he had bought from a map was a mere

Pioneer Days

THIRTY YEARS AGO

November 21, 1918

Investigation of hydro electric power possibilities in the northern part of the valley is being made and a report is expected to be handed to Hon. T. D. Patullo by January. Hopes for a hydro electric line crossing the Okanagan at Fairview from the Kootenay country are fading.

Miss N. E. Stirrup has been appointed matron of Summerland hospital.

Residents of Canada were asked to subscribe \$300 millions in the final Victory Loan drive. They subscribed \$700 millions. Summerland contributed \$57,850 from 140 subscribers. The two canvassers were Rev. H. A. Solly and Mr. R. Purves. Summerland, Peachland and Naramata are each flying the prince's flag with crests.

Five thousand feet of concrete lining has been put in the north main irrigation ditch this fall and the whole ditch will be completed this week.

The famous McAlpine vs Municipality case has been settled with council acceptance of a cheque for \$500 from Mr. McAlpine in full settlement of the amount owing by him to the municipality. Council voted three to one in favor of accepting the cheque. The account was the balance due on a judgment, was given against him both in County Court and the Court of Appeal.

Alfred Vanderburgh has bought the ten acres of orchard just north of the Woodworth lot and known as the Capt Lane lot.

TWENTY-FIVE YEARS AGO

November 6, 1924

Summerland Co-op has passed a resolution authorizing purchase of the storage and other local buildings it now occupies from Growers' Packing Houses Ltd.

Hon. Coultis Marjoribanks, son of Lord and Lady Tweedmouth and a pioneer of the Okanagan, died recently at his home near Vernon.

Summerland Choral Society has presented W. Cope with a ferule of his ebony baton which was presented to him in 1908 by the Mere Choral Society in England.

Rt. Hon. Arthur Meighan, ex-conservative prime minister, accompanied by Dr. S. F. Tolm presented his party's side of the political questions at issue at Empire hall, before a large audience.

E. J. Chambers informed Summerland Co-op members that only 300 ears of Associated Growers tonnage remain unsold. The Associated president stated there would be fairly general satisfaction with returns.

Directors of the fifteen hundred club elected at the annual meeting are Dr. F. W. Andrew, A. E. Elliott, K. S. Hogg, A. Stark, and John Tait.

Dr. and Mrs. E. C. H. Windeler have left to make their home a Windsor.

The Giant of Giant's Head

By B. A. T.

XXIX—The Great Wall of China Who built the famous China Wall When Genghis Khan the Mongols led?

Kept safe his land for laundry man? The men of the Giant of Giant's Head.

It is an historical fact that many, many years ago, Chin Shih, Emperor of China, conceived the plan to build the Great Wall to protect his country from invasion.

As the fame and prowess of our Giant was known even in the Far East, it was natural that the emperor should look in this direction for assistance. For if a wall must be built, who could build it so well or quickly as giants? Accordingly, an envoy was sent from China to ask for aid in this great undertaking.

The ambassador arrived in the valley and, in his admiration of the scenic beauty and commercial opportunities of the district, he almost forgot the purpose of his visit. He wanted above all to open a restaurant or conduct a lottery.

But the Giant was adamant on this subject.

"We have no quota for oriental immigration and besides you are here on a mission for your monarch. Some time in the future this country will send missionaries to your land to return courtesy for courtesy. Now tell me what problem faces your emperor."

"For many years our nation has been menaced on the north by the Mongol hordes of Genghis Khan, a cruel and warlike tribal leader. We fear lest our country be invaded and our civilization lost to our armies are not great enough to defend our long border. I may tell you on the quiet that our scientists are perfecting an explosive, gunpowder, which will bring in an era of perpetual peace to the world. In the meantime, our emperor is planning to build a stone wall, two thousand miles long, to check the barbarian advance until our invention is patented. If we build the wall alone, it will take centuries, but with you to help us—and we humbly ask your

aid—it could be completed in ten years. You have a chance to make your name loved and respected as long as there is tea in China.

How Austere Can You Get?

Alexander C. Anderson Pioneered Hope Trail

When you drive over the new highway between Hope and Princeton you are travelling back into history. You are following the approximate route of the Hudson's Bay brigade trails discovered by Alexander Caulfield Anderson in 1846, and by which the wealth of trade goods and furs was carried between Fort Langley and the then little-known interior.

Probably no individual played a more active part in blazing the crude trails which have been instrumental in the development of this modern highway of today than Alexander Caulfield Anderson of the Hudson's Bay Company.

Alexander Caulfield Anderson was born in Calcutta, India, on March 10, 1814. His father, who had been an officer in the British Army, was at that time in business near Calcutta as an indigo planter in partnership with a Mr. Alexander Caulfield.

In 1817, Anderson, senior, decided to return to England with his family and settled down in Essex, and while still in his teens, A. C. Anderson was employed in a business house in London. It was in 1831 that he first became connected with the Hudson's Bay Company when he was appointed an apprentice clerk. He was engaged for a five-year period and sailed for Montreal on the "British Sovereign" in April of the same year. On his arrival in Montreal he was engaged in the Lachine office of the company until 1832 when he was transferred to the Columbia district.

Anderson arrived at Fort Vancouver in November, 1832, and was employed in the office there until March of the following year. At that time he was promoted to second in command to Donald Manson during the building of Fort McLoughlin on Millbanke Sound.

In 1834 Anderson was attached to Ogden's expedition which was aid—it could be completed in ten years. You have a chance to make your name loved and respected as long as there is tea in China.

The Giant did not know how to answer this long and moving plea. It was not wise to send his subjects into a distant, foreign land yet he did not wish to offend the emperor. China would be a stout ally if he ever needed help himself. Also, he sympathized with these people in their struggle against the Huns of Asia who seemed to be related to the Red Giants of Siberia, who had tried to gain a foothold in this continent.

"I cannot go myself," the Giant mused, "for I must remain in guide the destiny of my own great domain. My people need me—hereby on me for leadership and example."

The Chinese envoy feared he was losing his case so he resorted to bribery. He presented the Giant with a game of Chinese checkers. (This was a new and wonderful game which wharpened the intellect, relieved high blood pressure and made blind head-hairy).

The Giant immediately relented. "I will put the question to my people," he said. "We will hold a plebiscite to decide whether we

prevented by the Russians from settling at Stikine and in 1835 he was transferred to New Caledonia. He arrived at Fort George in September of that year, and his first duty was to cross the Rocky Mountains to Jasper House to meet a party of new recruits from Canada, with whose aid he was to carry 40 packs of dressed moose skins, needed for shoe leather, to New Caledonia. Anderson successfully met his party, but on the return trip, bad weather set in and Anderson finally had to resort to dog team to make his way through the mountains to New Caledonia.

In 1836 Anderson was appointed clerk in charge of the Fraser Lake Post and he retained this position until he was transferred to Fort George in 1839. In the spring of 1840 he went to the Columbia district and in the following autumn took charge at Fort Nisqually. He left Nisqually in the autumn of 1841 and spent the winter of 1841-42 at Fort Vancouver.

After taking the Columbia Express to York Factory in the spring of 1842, he went to New Caledonia to take charge at Fort Alexandria, where he remained until 1848. He had been promoted to a Chief Trader in 1846, and it was in that year he undertook to find a new route through British territory from the interior of British Columbia to the Pacific coast. His first attempt was not altogether successful and he made a second survey in 1847.

Anderson succeeded Chief Factor John Lee Lewes in charge at Fort Colville in 1848, and each year he took out the fur returns to Fort Langley, and brought back the supplies until the autumn of 1851 when he was moved to Fort Vancouver as second in command to John Baleden. He remained there until 1854 when he retired from the service of the Hudson's Bay Company after 23 years' service.

Anderson spent the next few years at Cathlamet, Washington Territory, where he had purchased a farm near James Birnie, whose eldest daughter, Elizabeth, he had married in 1838. In 1858 Anderson moved to Vancouver Island, settling at Rosebank, Saanich, near Victoria. Subsequently he was appointed the first collector of customs in British Columbia, and postmaster of Victoria.

In 1876 at the request of the Dominion Government he acted as commissioner for the settlement of the Indian land question in British Columbia. The commission was disbanded in May, 1878, but in the meantime Anderson had been appointed Dominion Inspector of Fisheries in 1876, and in connection with this appointment he was responsible for the collection and forwarding of edible fish to the International Fisheries Exhibition held in London, England.

It was while he was selecting a suitable site for a salmon hatchery on a tributary of the Fraser river that he suffered severely from exposure. He never really recovered from the effects of this illness, and died on May 8, 1884.

Anderson Island (Puget Sound) U.S.A., Anderson Lake in the Lil-looet district in British Columbia and Anderson Hill, Victoria District, are suitably named after this early explorer of British Columbia's hinterland.

Speakers' Club Gets Data on Toast To King

Last April, the Summerland Speakers' Club was posed with the question: "What is the proper procedure to be followed in proposing a toast to the King?"

Nobody seemed to know the answer, so Mel Ducommun, as secretary of the speakers' group was instructed to write King George and make the necessary inquiries.

This was done, but King George did not reply. The letter was forwarded to the Governor-General, who in turn referred it to the Secretary of State, at Ottawa.

"The manner of drinking a toast to the King is governed by custom and good taste rather than by statute or specific regulation," was the reply of Ph. Thibault, for the Under Secretary of State.

"There is no fixed time for the giving of the toast to the King at luncheon or dinner, but it is not

usual to do so until at least the main course has been cleared away.

"The toast should be proposed without any reference or introductory speech. It is correctly proposed by the chairman rising and saying: 'Gentlemen (or Ladies and Gentlemen) The King', following which the National Anthem, if it is to be sung, should commence. There should be no delay between the proposing of the toast and the first note of the anthem. At the conclusion of the anthem the toast is drunk.

"So far as I am aware, any form of beverage may be used in drinking a toast. I doubt very much that the clinking of glasses can be regarded as correct, however," concluded M. Thibault.

This answer was read at the first meeting of the Summerland Speakers Club for the fall season when 20 members were signed for the 1949-50 season.

MORE ABOUT

THE GIANT

Continued from Page 2

build the wall or not."

In those days, many important matters were settled by popular vote with the opinion of the majority ruling. Students of giant history maintain that the democratic development of this age was superior to our own. For example, there were no placards on telephone poles, no full-page advertisements or singing "commercials" at election time. It was, in plain fact, a civilized era.

The giant people flocked to the polls and gave a 73.88% affirmative vote in favor of the China project. Accordingly, a hundred young giants were selected to accompany the Chinese back to his distant land.

For many years, the Giant awaited word from this expedition but no news was ever received. Other parties were sent in search of the missing giants but, at this period in history, the world was losing its square shape and becoming round. This meant that the giant world maps were out-of-date so China could not be located.

This record is told in hieroglyphics on the wall of the cave under the Head. The closing words of this inscription are:

"It is believed that the Okanagan giants were built into the China Wall to give it strength and stability."

Local Youth Activities

Teen Town

Finally, here is the absolute low down on the coming big dance. We will be having it Friday, December 2, even if a world shattering earthquake takes place. The orchestra?—non other than Carl Dunaway. Pretty ritzy, eh?

The dance will be held, of course, in Ellison hall. Santa Claus won't be there but it will be in a Christmas theme. And all this and food, too, for only fifty cents per person or seventy-five cents a couple. So you see, boys, it's much cheaper to take someone and lots more fun.

A tentative bowling team has been picked comprising of Graham Munn (natch), Elizabeth Morgan, Evie Heichert, Don Nesbitt, Rhoda Ritchie and Earl Bryden. These lucky fellows will be travelling to Kelowna on Nov. 26.

Here's something to remember. Every Monday night over CKOK at 8 or 8:30 (natchery I can't remember which) there is a Teen Town hit parade. Here the ten top tunes of the week and the most popular band of the week chosen by the teen-agers in Pentiction, will be played. It will be well worth listening to.

Growers to Confer Life Membership

Life memberships in the BCFGA will be conferred on Hon. Frank Putnam, former minister of agriculture and Dave McNair, former B.C. Tree Fruits Ltd. sales manager when the BCFGA convention convenes in Pentiction on January 17 to 19, 1950.

Among those who have accepted invitations to address the convention are: Hon. Harry Bowman, minister of agriculture; Hon. E. C. Carson, minister of public works; Dr. L. P. Batjer, U.S. agricultural department, Wenatchee; Dr. James Marshall, dominion entomological laboratory, Summerland; A. K. Loyd and J. B. Lander, president and sales manager B.C. Tree Fruits Ltd.; A. G. DesBrisay and R. P. Walrod, president and general manager, B.C. Fruits Processors, Ltd.

BOY SCOUT ACTIVITIES

The Youth Centre building is rapidly improving in comfort and facilities. With a large part of the insulating completed it can now be easily heated. Basketball hoops and backboards have been installed and the stage is being repaired. The Scouts have acquired two new blackboards, and gym ropes are on order. The facilities available in the new building make possible the best of training during the winter season.

In the patrol competition the standing is now Cougars 290, Buffaloes 314, Beavers 393, Hawks 364, and Eagles 300. As each patrol completes their patrol box 20 points will be awarded. Instruction was divided into first class first aid, second class signalling and Tenderfoot tests. There will be an investiture ceremony next Monday for as many boys who have completed their Tenderfoot tests.

This Xmas season the Scouts are collecting and repairing used toys to be distributed to less fortunate families at Christmas. Anyone having toys which are no longer in use and who would care to donate them for this purpose are asked to give them to any Scout or leave them at L. A. Smith's store.

Notices: Meeting Monday, Nov. 28 at Youth Centre. Full uniform and rubber soled shoes. Duty patrol, Beavers.

GUIDE NEWS

The weekly meeting of the Girl Guides was held in the Parish hall so that we could practice Christmas carols with the piano for the concert. The posters for the Christmas concert were handed in. They practised for different things that are in the concert.

Then we got into a circle for campfire. Swimmers badges were given to Irene Menu and Phyllis Bradford and a service star to Freda Daniels. We then closed with taps.

Duty patrol next week is the Forget-Me-Nots.

California Clingstone Peach Growers Delivered Only Top Quality Peaches to Cannery

California Canning Peach Assn. made a deal with its clingstone peach growers this year that only No. 1 quality fruit would be delivered to the cannery, thereby eliminating any chance that poor quality clingstone canned peaches might be placed on the market in

competition with the top quality product.

In a letter to the wholesalers, food brokers and chain stores, W. J. Edinger, manager of the canning peach group of California has provided a resume of this deal which proved unique in the history of grower-cannery relations in that province.

Incidentally, the clingstone No. 1 peaches were sold to the cannery at \$40 per ton.

"With only No. 1 fruit offered, there is only a minute pack this season in the low grades," Mr. Edinger points out. "Distributors who, in the past, have many times had their merchandising problems complicated by some volume of low grades popping up, this year will not have that hazard.

"With only No. 1 fruit delivered, the 1949 pack represents by far the highest average grade in the history of the fruit.

Highest Quality in Years

"As growers we mention these things because it will take top-notch merchandising on the part of the trade to move the 1949 pack. Overshadowing all else for us and for you is that when Mrs. America looks over her store shelves she will see the highest quality and the best value in California cling peaches in years. Nothing is more important or more significant than this.

"As growers, we hope that you in the distributing end will capitalize on the high quality and uniform fruit in the 1949 pack. Frankly, we hope that your increased sales will show in black and white that our decisions to dump everything except No. 1 fruit was good business judgment.

"We have in our membership some growers who feel that eliminating all fruit except No. 1 is a poor practice. In the season just ended those of our membership who felt that taking a loss on off-grades and only offering No. 1 fruit were in the majority. We trust that trends will justify our stand."

Commenting on the canned peach marketing situation, the Western Packing News Service, published in San Francisco, states that "it is no secret that at least some buyers are waiting for a break in prices and consider that statistically it is due now. Maybe it is due, maybe it will come, but the chances are against it. Two factors indicate that it won't.

"One is that the banks are in up to their necks and a little higher. The second is that by September 15 one outfit which might have done something had sold enough so they didn't have to . . .

"It is no secret that the substan-

High School COMMENTS

Excitement is rising over the coming school play 'What a Life' being staged by the high school pupils. Several new appointments have been made in the production. Jacques Trafford is acting as business manager. Mary Ward has been appointed by Mr. Fisher to assist him as prompter, with Joyce Schmidt in charge of props. It is the opinion of many persons that this play will prove one of the best shows ever sponsored by any Okanagan high school students.

We have a new pennant hanging the hall. This navy blue and red lettered trophy reminds us that our junior Summerland softball team won the South Okanagan valley championship.

A jubilant senior basketball team returned home Saturday night announcing the defeat of the Kamloops team. The rest of the school wishes them the same kind of luck next time.

House two wishes to announce the appointment of their new captain Barb Metters. Barb is taking over where Evelyn Heichert left off on leaving school.

The Legion kindly loaned us the great documentary film 'The Battle of Britain,' which was shown last Monday afternoon. This picture made us all realize what war really is.

BOY SCOUTS OPERATE CHRISTMAS TOY DEPOT

Dr. D. V. Fisher, Scoutmaster, states that the Boy Scouts require second-hand toys of any description, in good or poor repair, for their Christmas toy depot. Toys may be left at L. A. Smith's store or with any Scout. Less fortunate families will receive these toys at Christmas.

tial pack increases over original estimates have been disturbing to all concerned. But sooner or later, the fact that just about 100 percent of the 1949 pack is in the top grades will begin to have its effect.

"Nothing can be more constructive than that there are few low grades around. There is no use hurrying buyers into discovering this fact. Some of them are starting to find out now. Some others will have to lose a few sales until they are converted."

Fireplace is Banked With 'mums for Candlelit Wedding Saturday Afternoon

Pink roses peeped out from garlands of evergreens adorning window casings and doors, lighted candles flickered on the mantle, and before the fireplace banked with chrysanthemums, the marriage of Shirley, daughter of Mr. and Mrs. J. K. Nichol, 1226 Kilwinning St., Penticton, and Mr. Edmund Hardukiewicz son of Mr. and Mrs. E. Hardukiewicz, Vilna, Poland, took place last Saturday afternoon, Nov. 19 at 4 o'clock, at the home of Mr. and Mrs. H. L. Mitchell.

The ceremony was performed by Rev. H. R. Whitmore.

The young bride was given in marriage by her father, and was joyous in her wedding gown of soft rayon sheer with shirred Empire waistline, sweeping skirt and bishop sleeves. Embroidery and beaded trimming was at the shoulders and a plunging neckline accented an heirloom mother of pearl pendant, which was worn as "something old". The fingertip veil was held in place with a beaded tiara, and she carried a beautiful bouquet of red carnations and fern.

Mrs. Harvey Mitchell attended as a charming matron of honor, in a gown of lilac taffeta with full skirt, peplum front and bustle back, trimmed in matching sequins. The neckline was low, and the sleeves were in cap style. Her headress was a shoulder-length matching veil, attached to her head with a spray of lily-of-the-valley. She carried a sheaf of 'mums and pink tea roses.

Little Trudy Mitchell as flower girl wore a fullskirted pink taffeta frock having an embroidered peplum, sweetheart neckline and puffed sleeves. A forget-me-not bandeau encircled her head, and

she carried a nosegay of yellow and pink mums. Both she and the matron of honor wore matching mitts.

Mr. John Markiewicz was groomsmen. The music "Highland Wedding" was played by Piper Bill Miller of Kelowna Legion Pipe band, in his full dress uniform.

For the reception for the twenty-five guests held at the Mitchell's home the bride's parents received, and for her daughter's wedding day Mrs. Nichol chose a brown crepe afternoon frock with draped skirt, bustle back, and sequin trimmed neckline. Her corsage was yellow rosebuds, and her accessories were brown, too.

Mr. Whitmore acted as toastmaster, and the toast to the bride was proposed by Mr. Harvey Mitchell, with the groom responding. Mr. E. H. Bennett gave the toast to the matron of honor, and to this the best man replied.

Congratulations were received by telephone from the bride's grandparents, Mr. and Mrs. Robson, of Vancouver.

A three-tiered wedding cake centered the bride's table, and on either side were tapers in silver holders. A buffet supper was served at which Mrs. Elmer Johnston and Mrs. E. H. Bennett poured and Mrs. Sandy Fenwick assisted in serving.

For the honeymoon spent motoring to valley points the bride wore a grey box coat over a casual ensemble of a grey skirt and pink sweater set, and a pink hat with nailhead trim, with grey accessories.

On their return Mr. and Mrs. Hardukiewicz will live on the E. H. Bennett property.

Late Mrs. McLean Was Member Of First Vancouver High School

One of British Columbia's pioneers, a woman who came to this province more than sixty years ago, Mrs. S. A. McLean, aged 85, passed away in the Summerland hospital on Friday, November 18.

Born in Moira, Ontario in 1866, the late Mrs. McLean was one of the numerous descendants of Colonel William Ketcheson, a United Empire Loyalist soldier famed for his horsemanship.

Coming to Vancouver as a girl, Mrs. McLean, then Annie Ketcheson, was a member of the first high school class in that city and later taught at several provincial points, including Okanagan Falls, where she was the first school teacher.

Following her marriage in 1902 she lived in Fernie—where she experienced the big fire of 1908—until she came to West Summerland in 1932.

In addition to her son, Aubrey, who is a well-known fruit grower here, she is survived by her husband, A. McLean now resident at 1536 West 14th, Vancouver, and a daughter, Dorothy, on the teaching staff of the Fairview High school of Commerce, Vancouver; and five brothers: R. P. Ketcheson, Lulu Island; T. E. Ketcheson, Upland, Cal.; W. Ketcheson and C. Ketcheson, Belleville, Ont.; and J. H. Ketcheson, Seattle, Wash.

Mother of December Bride-Elect Honored

Mrs. Chas. Denike entertained at her home, Parkdale, on Monday afternoon, Nov. 21, in honor of Mrs. Kirkpatrick, of Fernie, B.C., mother of Miss Mildred Kirkpatrick, who is visiting her daughter at the home of the Denikes.

The second reason was to honor Miss Kirkpatrick prior to her marriage to Mr. Jack Walsh, which is planned for Christmas week.

Each of the friends invited brought or sent a cup and saucer for the bride-to-be. These were arranged in a basket, and over the basket pink paper petals formed a huge rose to cover the gifts. Little Donna Laidlaw presented the basket to Miss Kirkpatrick and with it went the good wishes of all those contributing to its contents.

Invited guests included Mrs. Wm. Beattie, Mrs. G. A. Laidlaw, Mrs. George Clarke, Mrs. B. A. Tingley, Mrs. Percy Thompson, Mrs. Frank Doumont, Mrs. G. J. C. White, Mrs. W. M. Wright, Mrs. Dale, Mrs. Wm. White and Miss Ruth Dale.

Following the surprise presentation a delicious tea was served by the hostess.

Summerland Car In Highway Crash

Mr. and Mrs. W. G. Pattie and a carload of passengers escaped serious injury by a fraction on Saturday night, November 12, when their car became involved with another auto driven by Joe Firman of Vernon on the Lumby road 2½ miles southeast of Vernon.

Mr. Firman drove onto the Lumby highway from a side road and is reported to have met the Pattie car head on. The Pattie car turned over with its wheels uppermost. Damage to the latter vehicle is estimated at \$900 and that to the Firman car \$150.

None of the passengers was seriously injured, escaping with minor cuts and bruises.

Compliment Fire Brigade on Speed

Members of the Summerland Fire Brigade, who responded so promptly to a nearly-disastrous fire at the home of D. L. Cruickshank recently, have been complimented by the Summerland council.

Councillor C. E. Bentley commended the firemen for the speed with which they responded to the alarm and also mentioned how successfully the new tank on the fire truck operated.

The fire brigade saved that house, declared Councillor Bentley. Fire Chief Ed Gould reports that the fire started from a stove-pipe and got between the walls, shooting up to the second storey, where most of the damage was done. Actual loss is less than \$100, it is believed.

Three cases of driving beyond the 15 miles per hour speed limit in the Peachland school zone were heard by Stipendiary Magistrate H. Sharman on November 10. Each driver was fined \$10. They were Thomas F. Turner of Penticton, William S. McCrae of Princeton and Cecil B. Metcalfe of Kelowna.

VISITING HERE—

Eastern visitors at the home of Mr. and Mrs. Irvine Adams last week were Mr. and Mrs. William A. Richardson of Toronto. It is an understatement to say that they were favorably impressed by the Okanagan—they thought it was a beautiful valley!

Mrs. Kirkpatrick of Fernie is visiting her daughter, Miss Mildred Kirkpatrick, at the home of Mr. and Mrs. Chas. Denike.

Recent guests at the home of Mr. and Mrs. C. W. James were their son-in-law and daughter and small grandson, Mr. and Mrs. Lloyd Burgoyne and Danny of Kamloops, B.C.

Mr. D. R. Dunham of Arkona, Ontario is visiting his uncle Mr. H. Dunham. With him is Mr. M. E. McDonald of Lakadana, Sask.

Mr. and Mrs. Arthur Wilcox of Saskatoon, Sask., are spending the winter months visiting at the home of the latter's brother-in-law and sister, Mr. and Mrs. C. W. James.

Mr. S. Sharpe of Kamloops was a weekend visitor at the home of Mr. and Mrs. Harold Smith, experimental station.

Mrs. Brodersen of Red Deer, Alta., and Mr. Clare Kimball of Sunburst, Mont., who have been with their mother Mrs. Frank Rodman during the illness and death of their step-father, Mr. Frank Rodman, left for their homes on Monday.

Miss Neufeld Speaks To Evening Circle

The guest speaker at the thank-offering meeting of the Evening Circle of the Baptist church, held on Monday, Nov 21 at the parsonage was Miss T. Neufeld who spoke of her wartime experiences in China when soldiers occupied the school of which she was staff member, and further trying times with Chinese bandits.

Mrs. Blake Milne presided over the devotional period, and the church calendars were distributed. Refreshments were served by the hostess, Mrs. D. O. Knipfel to the twenty-one members present.

Socially Speaking

SOCIAL EDITOR Mrs. A. W. Vanderburgh

Miss Jean Gould Shower Guest at Mrs. F. Dunsdon's

A number of friends gathered recently at the home of Mrs. Fred Dunsdon to surprise Miss Jean Gould, popular bride-elect, whose marriage to Mr. Phillip Dunsdon is to take place in December.

As both the bride and groom-to-be are employees of the Co-op packing house the motif was carried out in the form of a beautiful fully-decorated truck which bore three apple boxes, gaily decorated in pink and white and piled high with lovely and useful gifts.

These were wheeled into the room by Mrs. K. DesRosier and little Miss Shirley Dunsdon, niece of the groom-elect, while the guests of honor sat beneath an archway of pink and white streamers and autumn flowers.

After the gifts were unwrapped and displayed to the interested guests, the evening was spent in contests. Miss Marjorie Mott won the memory contest and Miss Bertha Bristow, the word contest. Three "booby" prizes were awarded other members.

Later dainty refreshments were served by the hostess, assisted by several friends, and brought a very pleasant evening to a close.

Those present were: Misses B. Bristow, M. Dunham, Marjorie Mott and Jean Gould; Mesdames George Dunsdon, George Forster, Jack Dunsdon, Roy DesRosier, Edward Smith, F. Dunsdon, A. Dunsdon, D. Nelson, Nora Munz, Mable Brown, George Pennington, F. M. Stewart, M. Pruden, Percy Thompson, Bill Wooten, Ed Gould, M. K. Thompson, W. W. Hemingway, Joe McLachlan, Bob Bleasdale, Norma Henry, Bill Hack, George Washington, Alice Arkel, Grace Goodkey.

Those sending gifts but unable to be present were Mrs. Les Gould, and Mrs. Claire Gould.

Signal Honor—

MISS JOAN BENNETT Fourth Year Home Economics student at UBC, daughter of Mr. and Mrs. E. H. Bennett, and winner of the first Summerland Scholarship Fund award, received further honors this week with the announcement that she has been chosen one of eight University of B.C. women students to be received in the Delta Sigma Pi women's honorary sorority. The new members are awarded the membership and activities on the campus. They will be received on Friday at a meeting of the sorority and will be formally initiated in January.

St. Stephen's W.A. Pre-Xmas Bazaar Is Big Success

St. Stephen's Women's Auxiliary, a branch of one of the largest women's organizations in Canada, held its annual pre-Christmas bazaar on Thursday of last week. The affair was successful proving that it is not always necessary to hold these occasions on Saturdays, as is usual.

Canon F. V. Harrison opened the bazaar congratulating the members on their industry and welcoming guests.

Mrs. Gallaugh and Mrs. Eaton were responsible for the home-cooking stall, and near them selling aprons were Mrs. Chas. Clarke and Mrs. Nicholson.

Mrs. Gladys Chadburn and Mrs. Milton sold needlework and knitting, and some very pretty yellow knitted gloves in Fair Isle design were admired and sold quickly.

Miss Cartwright had her usual unusual collection of novelties and she, assisted by Mrs. Wm. Armstrong, sold these and plants and flowers.

Mrs. E. Hack was convener of tea arrangements, with the help of Mrs. Frank Haddrell, Mrs. M. K. Thompson, Mrs. Mellor, Mrs. R. H. Barkwill and Mrs. H. P. Barr.

Co-op Windup Party Makes Presentation

At the Summerland Co-operative closing party held at Ellison hall, Friday evening, Nov. 18, each grader was responsible for an act and Mr. Geo. Washington was MC. The result was a varied program for two and a half hours made up of a concert, quiz contest, and sing-song.

At the conclusion of the program a trillite was presented to Miss Jean Gould and Mr. Phillip Dunsdon from the Co-op employees with best wishes for their wedding on Dec. 7.

A mock wedding with Bernice Smith as the bride and John Dunn as the groom and Mr. Washington as the minister was staged and it was during this act that the presentation was made. Following this Mrs. B. Bergstrom sang My Hero for the bride and groom-to-be.

Among those taking part were C. A. Witherspoon, piano accompanist; A. D. Glenn, vocalist; Mrs. Dracas, who "called" the "Late Grader Square Dance", with Clara Morin mouth organ accompanist; Helen and Anne Wieler and their guitars; Tom Washington, saxophone solo; Frank Davis and Alf Tyacko, vocalists; Helen Wieler, Helen Bodor and Vi Olatad, pantomime; Mrs. Alma Fudge, piano accompanist for the musical numbers and sing-song.

A. F. Menu and H. Howls concluded the program with a quiz program and sing-song. Dancing to Ken's Men was enjoyed until 2 o'clock.

NEW ARRIVALS

Sunday, Nov. 20, is the birthday of the youngest daughter of Mr. and Mrs. Gordon Bergs who arrived at Summerland hospital that day.

A baby boy was born to Mr. and Mrs. H.E. (Ted) Dunsdon on Sunday, Nov. 20 at Summerland hospital.

Mr. and Mrs. Adrian O'Rourke are the parents of a baby daughter, born at Summerland hospital on Monday, Nov. 21.

MAXWELLS MOVE TO SUMMERLAND

Mr. and Mrs. Wm. Maxwell and their children have moved from Westbank to West Summerland and will live in the home of Mrs. Jas. Ritchie probably for the winter months.

Mr. Maxwell has sold his business and home at Westbank and has not made any plans as to a future location as yet.

Mrs. Jas. Ritchie expects to stay the larger part of the winter with her sister, Miss Kate Findlay at Kaleden.

VISITING ABROAD

Mr. G. E. Woolliams left by train Wednesday morning to attend conferences at Ottawa and Charlottetown, P.E.I., dealing with vegetable diseases. He will visit several other plant pathology laboratories, located in the east, and will be absent approximately one month.

Mr. and Mrs. J. Y. Towgood are leaving tomorrow to drive to California, and on their return will bring back Mr. Towgood's parents, who have been visiting in the southern states.

Councillor Eric Tait was a passenger to Vancouver on Tuesday evening's train.

Mr. Alphonse Menu is a visitor to Vancouver this week having left on Tuesday night for the coast.

Mr. and Mrs. Jack Bentley and their children motored to the Williams Lake district for a short vacation recently.

Councillor C. E. Bentley is in Kamloops today representing the municipal council at the quarterly meeting of the Okanagan Municipal Assn.

HOME AGAIN

Mr. and Mrs. J. Bulloch and Mrs. T. B. Lott returned last Wednesday from a week's vacation in which they motored to Vancouver.

Mr. George Woitte returned on Sunday from a trip to Lethbridge, Alta. Mrs. Woitte, who accompanied him, was ill while there and in hospital. She is expected to have been out of hospital the beginning of this week and will spend some time visiting at the home of her sister, Mrs. O. W. Soice, before returning to her home here at the end of next week.

Mr. and Mrs. C. Smythe have moved into the C. J. Ripplin home.

Oldest Church In Summerland 44 Years Old

At the Friendly Hour held after the church service Sunday evening in connection with the forty-fourth anniversary of Summerland Baptist church, a birthday cake with forty-four candles was a shining indication of the years of service of this, the oldest church in Summerland.

The children who were present had the joy of blowing out the candles and in a way this was symbolic as to them will fall the duty of "carrying the torch" through other years.

The only charter member who is still in Summerland, Mrs. Jas. Ritchie, cut the cake.

As part of the interesting evening, Rev. D. O. Knipfel, pastor of the church, read accounts of the organization of the church in 1907 from the early minute book and from old files of the original Summerland Review.

First two meetings were held in the rotunda of Hotel Summerland, since burned, which was on the main street in Summerland. Meetings immediately following were held in a tent at Parkdale, the site of the present church. Services continued in the tent for part of 1907-08, and in 1908 the original building was ready for occupancy and the hardy canvas-covered congregation moved into a more permanent structure.

Musical program consisted of cornet solos by Mr. Knipfel, trio sung by Mrs. W. C. Wilkin, Mrs. Howard Milne and Mrs. B. Bergstrom, and quartette of Mrs. Bergstrom, Mrs. Wilkin, Mr. Wilkin and Mr. Chas. Bernhardt.

There was a large crowd in attendance and a substantial collection for church expenses was received.

Refreshments were served with the birthday cake as a special treat.

Every Member at Lutheran Ladies' Aid

At the meeting of Christ Lutheran Church Ladies' Aid held on Monday evening, Nov. 14, at the home of Mrs. Jack Felker every member attended.

Three gatherings have been held this fall to do work for the bazaar which is to be held Saturday evening in the Oddfellows' hall. They were at the homes of Mrs. Wm. Kopp, Mrs. Fred Schmidt and Mrs. A. Turigan.

The ladies have been making flowers and other articles for sale at their bazaar.

The meetings are usually attended by Rev. Mr. Vorath of Kelowna, pastor of the congregation.

bed of stones, but when he complained to J.M., the latter answered briskly: "Good gracious man, how could you grow peaches without stones?"
Jim Ritchie, Summerland's other great promoter—as tall and thin in appearance as J.M. was short and stout—was also busy selling real estate and bringing in settlers. He had taken over the Barclay house and obtained Siwash Flat—present site of West Summerland—from the Indians. He also had holdings up Garnet Valley, and his sawmill just south of the present dam site was supplying much of the lumber for flumes and buildings.
Lower town, of course, was the real Summerland—that was the Development Company's headquarters. It was where mail and freight and passengers were

brought by the CPR steamer 'Okanagan,' almost the only means of travel in those highway-less days. It had stores, offices, a hotel, a bank, a post-office opened in 1902, running water from Chinaman's spring as it has now, an electric light plant in what later became the fish hatchery, telephones—every modern improvement for gracious living! Dr. Andrew had begun his 23-year practice, and later drew on his memories of early days in Summerland's official history.
But West Summerland, though still nebulous, was taking shape. Okanagan College had been established in 1906 on Giant's Head, a central school was operating in the building which is now the high school gym. Where Louis Smith's store and service station now stand was a lumber yard. The Baptist church on the hill had just been finished, and the cornerstone laid for the present Anglican church.
In fact the district was growing out of the boom stage. Already J. M. Robinson had turned his energies to newer fields, at Naramata, the District Municipality of Summerland had been incorporated, and a reeve and council were now running its affairs. In 1909 they were already arranging to take over the system of irrigation dams and flumes which the real-estate promoters had installed. Some of the earliest planted apple trees were already coming into bearing—proving a startling mixture of innumerable varieties!—and peach growers were already worrying about falling prices.
Clearest sign of all of the district's growing maturity might have been the establishment in 1908 of its own newspaper, The Summerland Review; and as this paper was then, as now, the last word...

Legion Pallbearers Chosen for Funeral Of Frank Rodman
Rev. H. R. Whitmore conducted the funeral service on Friday morning at 11 o'clock from the family residence on the Station road for the late Frank Ernest Rodman, aged 70, a well-known resident of this district for some years.
At the graveside, Ross McLachlan, president of Canadian Legion Branch 22 read the Legion service and J. Betuzzi sounded the Last Post. Pallbearers were Legion members, A. Lamacraft, Don McLachlan, T. Charity, J. Betuzzi, H. Howard and Alec Watt.
Born in Iowa, the late Mr. Rodman lived for forty years in Canada, coming to B.C. thirty years ago. He was a retired steam engineer.
Besides his wife, Sophia, he leaves one daughter, Mrs. Jessie Lee at Oakland, Ore.; a sister, Mrs. Harry Ralph, of Fort George, B.C., and a brother, Edward, in New Westminster.
Also surviving are three stepdaughters and six stepsons, of whom Mrs. Irene Broderson of Red Deer, Alta., and Mr. Clare Kimball of Sunburst, Montana, attended the funeral.

Send Two Packers To Yakima Contest
Mrs. Anna Bohren of Kelowna and Mrs. Violet Markin of Penticton were in Yakima last Saturday to compete in an apple packing contest as representatives of the Okanagan Valley packing industry.
They were selected in a valley-wide contest held in Kelowna last week at which Mrs. J. Sproson of the Summerland Co-op was a contestant.
Speed did not rank high in this contest, for quality of pack was the keynote, with emphasis on proper placement, sizing and the absence of packing bruises. Proper wrapping of the apples was also an important feature.

NOTES from PARLIAMENT HILL

(By O. L. JONES, MP for Yale)

The last week has been an exceptionally busy one as far as the members are concerned. On Monday we started sitting in the morning from 11:00 a.m. to 1:00 p.m., 3:00 p.m. to 6:00 p.m. and 8:00 p.m. to 11:00 p.m. The time between is taken up attending to correspondence and studying various bills and proposals to be discussed in the house

The luxury tax of 25 percent has been finally abolished by the action in the house, although it had been abolished since early this year in practice.

The Combines Investigation Act had a thorough airing and much criticism, the critics basing their opposition on the government's action in withholding the McGregor report on the flour milling industry. While Mr. Garson has had to bear the brunt of the action, it is fairly evident that Mr. Garson is not the actual culprit in this case.

On Remembrance Day the house met as usual and most of the time was taken up discussing national defence. All parties joined in the debate emphasizing the need for sound practical policy for the defence of this Dominion. The need for co-operation and co-ordination with friendly nations was paramount in the debate.

In a world war the contribution ordination between our forces and

small compared with the total contribution. Unless we have co- of a country the size of Canada is those who may be our allies, our contribution would be that much less.

The same day one hour was given to private bills. One of these private bills was the pipe line bill for the conveyance of gas and oil from Alberta to the Pacific coast.

Mr. Fulton, Kamloops (P-C), Mr. Pearkes, Nanaimo, (P-C), Mr. Thomas, Wetaskiwin, (S.C.) and myself took part in the debate.

My contribution was to the effect that this pipe line should go through the interior of British Columbia rather than through the State of Washington. With that in mind I requested that a clause indicating the route be included in the bill before the house.

After one hour the discussion on the bill was closed. It was again brought up on Tuesday of this week with Mr. C. D. Howe, minister of trade and commerce making a rather startling statement that he was not going to allow this bill to be talked out and that he would find other means of putting it through.

Naturally, a statement of this nature has caused a lot of controversy. If a private bill, as this one is, cannot normally pass within the hour, as many another bill has failed to do, they no longer come before the house. But in this case, the minister has expressed his determination to have this bill made law in spite of any opposition.

As one member said, we might as well pack up and then go home if the rights of private members to control any bill disappear; if a minister has more power than the whole House of Commons.

The government announced its plan for granting assistance to municipalities in lieu of taxes. It is this, said Mr. Abbott: "The government is prepared to seek the authority of parliament to pay annually to any municipality, as a matter of grace, a grant determined according to the following formula, namely a grant equal to 75 percent of the sum determined by taking that percentage of the general tax levy for municipal and school purposes—but excluding business taxes—which is equal to the percentage which total federal property assessments bear to total taxable assessment in the municipality, less four percent."

The national housing act was up for discussion and little of the debate was devoted to the general clauses of the act, but was rather directed to the failure of the act to take adequate care of housing for those in the low income brackets.

The Prime Minister has announced that he will endeavour to have the present session completed by December 3. This will give members approximately two months in their ridings at Christmas time.

B.C. POLICE AT KELOWNA INSTALL TWO-WAY RADIO

KELOWNA—Two-way FM radio sets are being installed in B.C. Police cars here. Receiving and sending sets were set up in B.C. Police headquarters in both Kelowna and Penticton recently. Communication by FM radio is now possible between Penticton and Kelowna and between these stations and the radio cars, also between the cars themselves.

Forecasting of Weather Five Days Ahead

Canada will have a five-day, long range weather forecasting service toward the end of 1951, so Hon. Lionel Chevrier, minister of transport, Ottawa, informs Secretary C. A. Hayden, of the British Columbia Fruit Growers' Association.

This is the earliest time in which the necessary staff, world-wide connections and equipment can be organized, Hon. Mr. Chevrier stated in the letter which contained this information.

The BCFGA in its submission to Mr. Chevrier pointed out that a long range weather forecast service would not only have definite values to fruit and vegetable growers but would be helpful to all other branches of agriculture, to fishing and forestry industries and to many other industries throughout Canada.

The association also stated that when planning five days ahead was made possible through the long-range forecasts, the savings in time, energy and money that would be effected, would pay for the cost of the new service many times over annually.

Hon. Mr. Chevrier gave the application immediate attention and after consulting with the meteorological service, of which Andrew Thomson is controller and getting particulars as to how long it would take to set up the service, he wrote the BCFGA setting probable date of the start as December, 1951.

National Health Grants to B.C. Are Over Million Mark

OTTAWA — British Columbia has received more than \$1,275,000 in grants since the national health program was inaugurated about a year ago, Hon. Paul Martin, minister of national health and welfare, has announced.

"British Columbia has co-operated splendidly with us in losing as little time as possible in implementing the various phases of the national health plan," Mr. Martin said. "It illustrates the importance which they attach to the provision of health facilities for all who may need it."

Grants which accounted for the largest portions of the disbursements were the hospital construction grant and the general public health grant, he explained.

The sum of \$482,541.07 was paid out for the former to provide additional hospital accommodation at a variety of points throughout the province including New Westminster, Vernon, Murrayville, Alert Bay, Fernie, Vancouver, Princeton, Victoria, Prince Rupert, Essondale, Nelson and Smithers.

The general public health grant went for expansion of the public health education division, enlarging local health services, increasing public dental services and engaging public health physicians on a full-time basis to act as health unit directors in new health units throughout the province, as well as many other activities along similar lines.

Payments were made for other grants as follows: Crippled children \$29,863.28, professional training \$24,600.46, venereal disease control \$38,251.03, mental health \$136,080.79, tuberculosis control \$210,091.20, public health research \$2,950, health survey \$10,936.01 and cancer control \$48,355.33.

"Scotty" Ritchie To Head Campaign

At the recent trade board meeting, W. S. (Scotty) Ritchie, chairman of the civic affairs committee, tentatively accepted the direc-

tion of Xmas home lighting campaign, subject to his committee's approval.

Last Christmas, the board tried out the scheme on a tentative plan but believes that much more interest can be aroused this year.

Homebuilding Has Always Depended on Mining

Nails, flashings, plumbing, wiring, latches, locks, hinges, heating equipment of all kinds, cement, bricks, paints and fireproof shingles, are some of the items made either wholly or in part from mineral products.

Thus mining, the act of winning metals and materials from the earth, is essential to our present day mode of living.

British Columbia produced over one hundred and fifty million dollars' worth of mineral products in 1948.

For information on prospecting and mining in British Columbia write:

Science turned their backs on the target

Science is playing an increasingly important role in Canada's new Army. In heavy anti-aircraft, for example, complex radar equipment predicts to within a few feet exactly where the target is and will be. The gunners, their backs to the target, fire with amazing accuracy by instrument.

Training men in the use of modern scientific equipment is a major requirement in Canada's new Army. Thousands of young men are attending some of the finest schools in the country, specializing in electronics, radar, radio and telephone. In addition, there are openings for clerks, drivers, mechanics and many other trades.

New higher pay, good food and quarters, trades training and the opportunity for advancement make the Canadian Army Active Force one of the most attractive careers open to young men today. You are eligible if you are 17 or over and can meet Army requirements. Visit your nearest recruiting office soon for full details. Bring certificates of birth and education with you.

JAPANESE ADD KITCHEN BY VOLUNTARY LABOR

Summerland Japanese are improving their hall in Victoria Gardens by adding a better kitchen to it. Starting last week voluntary

work parties have been raising the roof and through this week have been doing further construction so that the kitchen facilities will be adequate for gatherings which are held in the hall.

An Open Letter To Santa Claus !!

W. MILNE

CREDIT UNION BLDG.
West Summerland, B.C.

DEAR FRIEND:

As Christmas approaches you are probably facing the problem of what to give this year. There are so many gifts to give — so many gifts to choose from — and just so much money to spend. You will be surprised to find how perfectly jewellery solves all your gift problems. Not only is fine jewellery a lasting gift, one that remains treasured reminder throughout the years — but you will be amazed at how inexpensive it can be.

We have a magnificent selection to choose from — priced to suit everyone. There are beautiful diamond rings, brilliant stone set rings, famous Bulova watches ("The Gift of a Lifetime"), gleaming silverware, smart costume jewellery, cuff links and many other items of fine quality and outstanding value.

And, of course, you are invited to take advantage of our convenient credit terms.

Why don't you plan to come in to see us real soon. Selections were never wider — values never greater!

Very truly yours,

BILL MILNE.

Authorized BULOVA Distributor

THERE'S NO FINER GIFT THAN JEWELLERY!

NEW CANADIAN STAMPS — These five new stamps, bearing new pictures of King George VI, will go on sale Nov. 15. They will be the same size as stamps now being issued and will be the same color except for the two-cent stamp which will be a darker shade of brown.

The Mail Bag

Blames Electrical Department

West Summerland, B.C.,
Nov. 14, 1949

Editor, The Review:

I wish to present the facts in connection with our claim for the loss of motor which was burned out on Aug. 10. The news item in this paper stated that "it burned out when the West Kootenay change-over to the new 60,000 line took place". However, that had nothing to do with it.

The facts are these: A few years ago, we had three transformers installed—single and 3-phase, to accommodate our cannery, for which we paid the municipality several hundred dollars. Early in August we were advised that the transformers we had paid for would be removed and replaced by two of less output, which would mean that the cannery would be protected by three fuses, instead of five, at the transformers.

I protested when this was announced and when it appeared the transformers were really going to be taken down, I went up onto the highway at 4 a.m. and waited for the workmen to come. I explained to them what would happen if they proceeded with their plans, for we had had perfect sat-

Damages Awarded For Car Accident

In Supreme Court chambers, Vancouver, last week, it was disclosed that Cecil Wade, local hardware merchant, paid \$3,944 for injuries suffered by Montgomery A. Beggs, also of Summerland, and his passenger, Pauline C. Pearson of Vancouver, in a collision on the Prairie Valley road last December.

Payment to Beggs amounted to \$1,500, while Miss Pearson receives \$1,000. Expenses, totalling \$1,444 to the two accident victims also is being paid by Mr. Wade.

Mr. Wade was covered by public liability insurance.

Insatisfaction for years, with the transformers, as they were.

Within four hours after the current passed through the new hook-up, the centre transformer fuse blew, throwing 220 single-phase onto all 3-phase motors in the cannery. The cold storage motor was burned out, also eight fuses on other motors, causing a shut-down when the cold storage was full of apricots. Kelowna was contacted and, fortunately, a new motor was received that afternoon.

It appears the powers that be have not enough regard for the protection of such institutions.
BLAKE C. E. MILNE,
The Milne Cannery.

Robert Birch New Head of Bible Society

Inspiring movies on the Bible and its world-wide distribution were shown on Friday, Nov. 4, at the Free Methodist church by Rev. J. A. Raymond Tingley, Vancouver, B.C., secretary of the British and Foreign Bible Society. The meeting, held under the auspices of the West Summerland branch of the society, was conducted by Rev. W. S. Angell and was attended by representatives of the various churches.

The film "The Book for the World of Tomorrow" told the story of the Bible society's work of translating, distributing and publishing the Scriptures in the languages of the world. It was shown that never was the demand for Bibles so great as it is today. The cry for the Scriptures is coming from almost all parts of the world.

Mr. Tingley stated that the Society has launched in British Columbia a forward movement through which it is hoped to raise for the work an objective of \$25,000. He expressed the hope that the people of Summerland would give generously in support of a work which is so vital to the world wide missionary enterprise of the Christian church.

Robert Birch was elected president of the local branch of the society, succeeding Charles James. Mrs. J. E. Smith succeeds W. M. Jenkinson as secretary and John S. Mott replaces Wm. Ritchie as treasurer. Members of the executive are W. M. Jenkinson, C. J. Huddleston and Miss Mable Henderson. The local ministers are vice-presidents.

Miss E. S. Eby, retired Bible woman of the Bible society, now residing in Kelowna was present with a supply of Scriptures and Christian literature.

UNEMPLOYMENT IS SEVERE AT P.G.

PRINCE GEORGE — Balmly weather which has made logging roads impassable has created a temporary unemployment situation in northern British Columbia. More than \$1,000 per day is being paid out to temporarily unemployed loggers and allied workers by the unemployment insurance-commission at Prince George, it is estimated.

More than 500 unemployed workers are now drawing insurance benefits and over 700 are registered with the employment service. Once colder weather freezes the wet roads, cutting and hauling of logs will recommence.

About a million feet of lumber lies awaiting transport in the bush.

APPOINTED BROWNIE LEADER

Mrs. R. Lawley, Peach Orchard, is to be a new Brownie leader, and will assist Mrs. Leslie Mallett, by taking over one of the packs.

New Ferry Slips To be Built for Kelowna Landings

KELOWNA—Two new ferry slips will be built at the west end of Mill avenue to replace the present ferry wharf in Kelowna, plus a concrete seawall overlooking the lake where the new government office building will be located, it has been announced by Mayor W. B. Hughes-Games who, with Alderman J. J. Ladd visited Victoria last week.

Kelowna city concluded a deal whereby land was transferred to provide the new government building site and space for the ferry slips.

PURCHASES HOME AT CRESCENT BEACH

Mr. Don Tait has purchased the Crescent Beach home of Mr. V. M. Lockwood and is moving to his new residence.

On Monday, Wednesday and Friday, each week, Canadian National operates a through sleeping car from the Okanagan for passengers destined to Prairie, Eastern Canada and U.S. points. Awake next morning aboard The Continental Limited. Okanagan sleeper goes as far as Blue River, where passenger transfer is arranged to space already reserved.

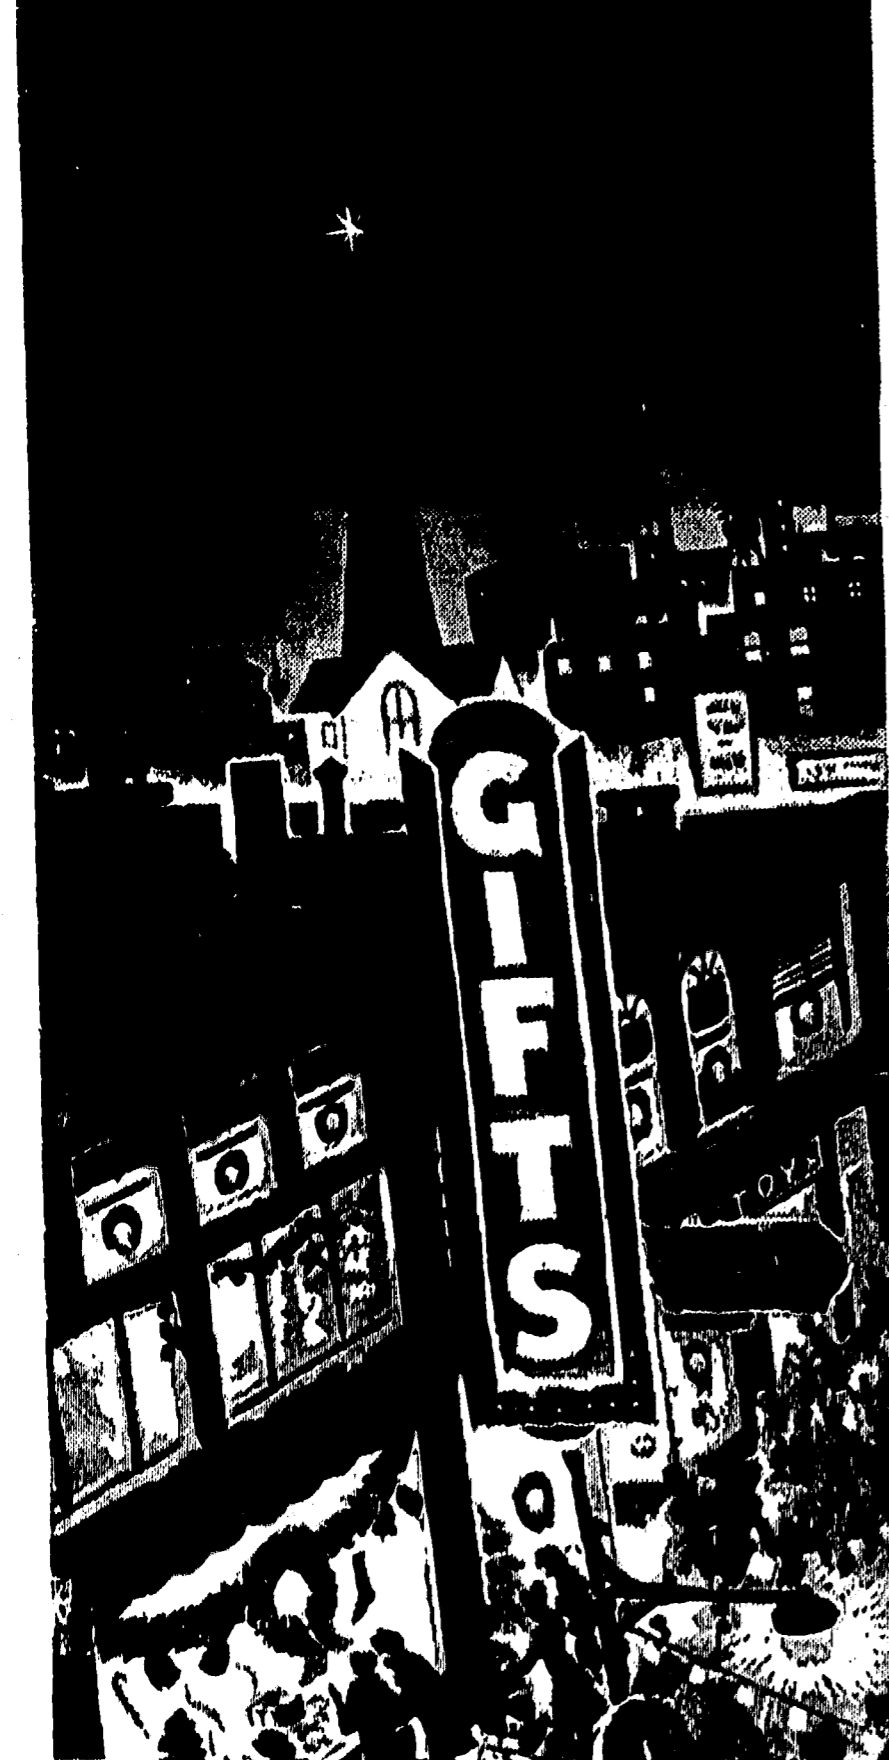

And, of course, the C.N.R. also operates a through sleeper to Vancouver, six days a week.

Do your Christmas Shopping in our HOMETOWN

Mother and Dad holding secret conferences . . . Junior being very well behaved . . . Christmas is definitely on its way.

We think that this Christmas will be one of the biggest and happiest ever. And to make it extra merry, we've stacked our shelves to the rafters . . . filled our showcases 'til they're fairly bulging with nationally known brands of "just what you've always wanted".

Now the only question is, how to take the hustle and push . . . the fatigue and short tempers, out of your annual Yuletide shopping tour. We've a suggestion.

Shop at home, where you will be served by friends and neighbors . . . where you will be served best, because your salespeople know you. Shop at home because you save time and money—and still can obtain anything and everything that's available anywhere else. Shop at home because you are supporting the merchants who are supporting YOU . . . through their interest in better schools . . . better churches . . . better public services.

And on Christmas Day, let's all go to church . . . rich in the knowledge that this Christmas, by shopping right here, we've contributed to a better Holiday Season for ourselves —and a better community for all.

SUMMERLAND RETAIL MERCHANTS' ASSN.

That's what I used to say, and it was true. Sometimes I'd dream of the day when I'd have time and leisure to do all the things I wanted to do, but I had to admit I wasn't doing anything about it except dream. I never seemed to be able to put anything aside. Now, I know those dreams will come true. They're guaranteed. Through a simple saving plan which, strangely enough, I've found involves no hardship, I am now saving money for the first time in my life.

The Plan? A CANADIAN GOVERNMENT ANNUITY!

ICE ON THE HEAD, TOO—Jack Gelineau, Boston Bruins' goaler applies cracked ice (it's inside the towel) to a bump on the side of the head he received when he stopped a high shot off Canadian Elmer Lach's blade with his noggin during a game in Montreal recently. Stunned by the blow, the goale was down for a short count, gamely got up and carried on. He turned in a brilliant game as Bruins and Habs played to a 3-3 draw.

Senior Hockey Club All Ready For First Sheet of Ice in Park

L. W. Rumball was named president of the senior hockey club in Summerland at a meeting well attended by hockey players and enthusiasts at the Nu-Way Annex on Wednesday, November 16. It was an enthusiastic meeting which needed only a sheet of ice to give players and prospective spectators an opportunity to work off a little steam. Bert Berry will be the secretary-treasurer again while George Stoll continues as manager. An executive committee of Bob Bleasdale, John Keyes and Gerry Hallquist was chosen. Dick Steinberger, who played some good hockey in Edmonton in his slightly younger days, will be

coach of the Summerland senior hockey team. Representatives of the Summerland Hockey Assn., the governing body which manages the rink in the Living Memorial park playground, in co-operation with the Memorial Parks Committee, will be President Rumball and Manager Stoll. An attempt will be made to enter Summerland team in the mercantile league which operates in the Memorial arena in Kelowna. Last season, the local puck chasers more than held their own with visiting Kelowna teams from that loop and it is the feeling locally that some good competition would ensue.

High School Cagers Trim Kamloops 44-29 On Their Floor

Speeding to an early 16-8 lead, Summerland high school basketekers never looked back at Kamloop: last Saturday night to defeat the Kamloops Int. B Monarchs by a 44-29 count.

Daryl Weitzel was the new top scorer for the winning blue and white lads, with an even dozen markers, while Wally Day was close behind with ten and Cris-tante and MacRae each contributed eight points. Brennan with 13 was the main Kamloops' threat.

By halftime, Summerland had established a 27-18 lead and never

looked back, outscoring the main-liners 8-6 in the third quarter and 9-5 in the final stanza. Only five fouls were called on the Summerland lads while the Monarchs fell foul of the referee thirteen times.

This game was played as a preliminary to the Kamloops-Summerland senior contest. Summerland: Cristante 8, Kat 4, Day 10, MacRae 8, Jomori 1, Weitzel 12, Munn—44.

Kamloops Monarchs: Kochi 2, Whyte 6, Brennan 13, Kodama 2, Sparrow 2, Fowles, Strudwick 4—29.

Kamloops Again Too Good for Local Hoopers

Again last Saturday Kamloops seniors swept through Summerland Merchants in an interior senior league cage contest and when the final whistle blew at Kamloops the mainliners were out in front 71-29.

Kamloops has not been beaten in this season's league play and from present performance looks good for its third straight interior senior B hoop championship.

Gordon McQuarrie was hot as a firecracker again as he swished through the opposition for a cool 30 points. Al Barton with 13 and Ellis with 10 were far behind but still were threatening scorers.

Summerland's two Jacks, Walsh and Dunham, were the only threats from a scoring standpoint for the Merchants. Dunham clicked better than he has done this season to lead the Merchants with 22 markers.

Kamloops built up a 16-4 lead in the first quarter and boosted it to 29-10 by the halfway mark. Third quarter was even worse, with the mainline crew outscoring Summerland 19-5. The final quarter saw both teams going at top speed in a wide open scoring spree with Walsh taking the initiative for the visitors and McQuarrie carrying through as usual for Kamloops. At that, Kamloops outscored Merchants 23-14 in the final frenzy.

Again Merchants were without the services of Club Manager George Clark, but had Keith MacLean back in harness again, after his sick bout, but he failed to appear in the scoring column.

Merchants: Walsh 11, Dunham 14, White, Vanderburgh, W. Clark, D. Nesbitt 2, McLean, Biagioni, L. Guild 2—29.

Kamloops: McQuarrie 30, Barton 13, Ellis 10, McDonald 4, Foulger 1, Sellers 5, Farquarson 8, Butterworth 2—71.

Colored Films at Horticultural Meeting

Beautiful colored films were shown by Dr. R. C. Palmer, Mr. C. W. Wilkin, and Mr. Alec Watt, at the November meeting of the horticultural society held on Thursday, Nov. 17 in the IOOF hall.

Dr. Palmer's pictures were close-ups of petal formation and depicted bees actually gathering pollen.

Mr. Nat May gave a descriptive illustration of "What to do next" with the 'mums that were distributed to the society earlier in the season. He also auctioned 22 lovely indoor chrysanthemums, which brought \$5 to the society.

Next meeting there are to be more local films and a demonstration of flower arranging by Mrs. Montague of the Penticton Flower Shop and by members of the society.

MISS CANADA (right), who is Margaret Lynn Munn, poses on the steps of City Hall in New York with Miss New York City (left), Laureen Osgood, and City Council President Vincent R. Impellitteri.

Without Insurance Plan Most B.C. Hospitals Would be Closed

At the November board of trade meeting, W. A. C. Bennett, M.L.A. for South Okanagan, discussed the Penticton-Peachland section of Okanagan Highway No. 5 and the need for another ferry to accommodate trucks and buses, as outlined in last week's issue of The Review.

Mr. Bennett also touched on hospital, school and allied matters in the course of his impromptu discourse to the trade board members.

At the outset of his remarks, Mr. Bennett touched briefly on the hospital insurance service. He had come to Summerland that day to discuss hospital capital cost problems with the directors and had accepted an invitation to be a guest at the board of trade session in the evening.

When considering hospital insurance service, Mr. Bennett urged his listeners to bear in mind that if the plan had not been put into effect practically every hospital in B.C. would have closed its doors.

Expanding hospitalization costs and allied costs have created a terrific problem in B.C. and last year hospitals were faced with huge overdrafts, while companies were selling hospitalization protection and then were not able to meet the claims.

Province Moved Quickly
The province had to move quickly, Mr. Bennett reminded, but there had to be a waiting period before the scheme could be started and the hospitals went still further in the red. There has to be an adjustment period, he considered.

and he asked his audience to consider all factors in the hospital scheme.

Mr. Bennett visited Alberta this summer and found to his astonishment that this wealthy province doesn't pay one cent towards capital costs for schools or for transportation costs.

He instanced Calgary, where new hospitals were being considered by the city. The government would only agree to standing a portion of the capital cost if the ward rate was fixed at \$1 per day. Calgary just could not stand this terrific deficit from ordinary taxation revenue, but the government then would only offer to stand fifty percent of the deficit.

Even at that, Calgary could not agree to shouldering such an annual deficit, he pointed out.

Charges in Sales Tax
Dealing with the 3 percent sales tax, Mr. Bennett reminded his listeners that he had opposed this legislation, but the majority rules and he bowed to the will of that majority. However, there are some unfair sections to this act, and he considered the most flagrant is that tax on sale of automobiles, wherein the tax is charged no matter how many times the car is sold.

Mr. Bennett expressed his delight that so many Summerland residents were present at the opening of the Hope-Princeton highway. He told the trade board that in 1941 a small group of ordinary members in the legislature made an agreement to push for the Hope-Princeton every time they spoke on the floor or in the caucus. He considered this bit of propaganda helped considerably.

He also reminded the trade board of the government's policy that no new highways will be constructed until the existing highways are reconstructed and brought up to standard. It is hoped that this will be done in three years.

FORMER RESIDENT TO SPEND WINTER IN PENTICTON

Miss Elsie Saunders, who has been visiting at the coast and in California since leaving Summerland, is to spend the winter months in Penticton at the home of Mr. Colin Macdonald's mother.

Miss Saunders is expected to arrive in Penticton soon. On her way up from California she will visit her brother, Mr. Estridge Saunders, at the coast.

Her many friends in Summerland are pleased to have her near again.

Board of Trade Is Criticized for Change of Policy

Councillor F. E. Atkinson informed the Summerland Board of Trade on Thursday, November 10, that he has instructed Electrical Foreman T. P. Thornber to proceed with the repair of the colored strings of lights across the business streets in West Summerland.

These lights, first the property of the trade board, have been the subject of much discussion lately. The board recently wrote the municipal council suggesting that it take over complete responsibility for these lights and with the suggestion that they be extended.

Mr. Atkinson declared that existing strings of lights will be repaired in their entirety, new globes inserted, but that no additional strings will be purchased this year.

Before this announcement was made, the board of trade was accused of indecision in its policy on this subject and both Councillors Atkinson and C. E. Bentley expressed criticism of the change in thinking allegedly shown by the board in its deliberations.

Lack of attendance at the board's monthly dinners was another subject introduced, only 27 having sat down to the repast. It was decided that if the December meeting did not show an improvement that the board would revert to quarterly dinner meetings, with ordinary business sessions in the intervening months.

Mr. Harry Beeman, traffic safety committee chairman, slapped the board's directors lightly on the wrist for changing the approach to a recent committee suggestion. However, it was shown by President J. E. O'Mahony and Secretary Lorne Perry that the end results of the endeavor would be the same.

HALLOWEEN DAMAGE CAUSES COURT CASE

Arising out of Halloween, Alfred Barnett of Summerland appeared before Magistrate H. Sharman in local court on November 15, charged with causing damage to T. B. Young's building in Prairie Valley occupied by Mrs. Tymko. Barnett was fined \$10 and \$3 costs and assessed \$2.50 for the damage.

MORE ABOUT

LEADERSHIP

Continued from Page 1

given towards leadership encouragement for Canadian young people by this man who started the school across the lake which has grown with the rapidity of a wind-blown fire.

Indeed, the principal could be considered as the wind which has fanned the burning desire which started the original school, so that, as he summed it up, "It is no longer a school but a movement!"

A six months' course is given. At present there are 51 pupils, boys and girls of different denominations and races. The fee is \$10 for registration and \$30 for board, room and laundry. It is run on the principal of a co-operative, the pupils sharing in the work.

If a student wants to come to the institution and cannot afford it, he or she will be taken anyway and the means found. If this student has no suitable clothing it will also be found.

Instruction is given by men and women who come for two weeks at a time from other centres.

The two big buildings from which the school has been made were brought down from Vernon camp by Naramata residents who used 35 trucks for the purpose. The plumbing, wiring, and heating plants were included. These were re-assembled on 2 1/2 acres of land, and are now worth over \$100,000.

The B.C. Electric Co. donated a bus to the school, and in this a trip was made through Alberta last summer. The bus is used for trips when pupils need transportation to other towns where they give concerts at times.

As well as Christian education there is special training in public speaking. There are courses for Sunday school teachers, too. Winter and summer sessions are held.

Thirty-three percent of graduates go into full-time church work, the rest go back to schools with this as a background for what the future may hold for them.

Valley Shows Great Interest In Elections

The Okanagan's three main cities are expecting a spirited contest for civic elections which will be held on December 8.

In Penticton, Oscar Matson was named candidate for the Penticton mayoralty contest at a representative gathering of three ratepayer's associations.

But Mr. Matson was named candidate against the recommendation of a special nominating committee which had proposed W. A. Rathbun. Mr. Rathbun is expected to run as an independent candidate, although he has not made an official announcement.

J. W. Johnson, who has been a councillor and alderman for years, is the third man in the ring in this contest, also contesting the mayoralty as an independent. It is considered unlikely that Mayor Robert Lyon will seek reelection.

Aldermanic choices of the ratepayers' associations are Wilson Hunt, J. G. Harris, Neil McKerracher and Capt. A. E. Titchmarsh. In Vernon, Mayor T. R. B. Adams will seek re-election while Alderman E. B. Cousins is withdrawing from civic politics. Alderman David Howrie has not announced his intentions.

The Kelowna's main civic problem lies in the resignation of School Board Chairman Roy Pollard and Trustee Gil Mervyn, still with a year to go on their terms. Trustee E. L. Adam whose term expires this year, will not stand for re-election. Pressure of private business has been given as the reason for the resignations, and they refused to confirm the rumor that considerable friction has existed recently in Kelowna district school affairs.

Mayor W. B. Hughes-Games is expected to offer his services for another year while Aldermen R. F. Parkinson and W. T. L. Roadhouse are prospects for re-election. Ald. J. H. Horn states he will not seek another term.

Reeve Charles Henderson of Glenmore has announced he will not run for office again.

ACTING CLERK-TREASURER

During the absence on holidays, starting next week of Municipal Clerk Gordon Smith, the post of acting clerk and treasurer will be filled by Miss J. R. Ritchie.

B.C. School Trustees Under Fire From Dr. James Marshall

Dissatisfaction with the operation of the B.C. School Trustees Assn. was expressed in no uncertain terms to School District No. 77 (Summerland) by Dr. James Marshall, trustee, when the subject of the 1950 convention was introduced at last week's meeting.

Dr. Marshall was the only Summerland delegate to the convention this year at Qualicum and expressed his dislike of trustees spending ratepayers' money to go on sightseeing trips for half a day when they were supposed to be working on school problems at the convention.

Discussion on association matters arose over a request from the secretary at the coast to waive the decision to hold the 1950 convention at Nelson as it had been found that the Canadian School Trustees Assn. and the Canadian Educational Assn. will be holding their conventions at Victoria early in October next year.

It was the secretary's opinion that the B.C. convention should be tied in with the national meetings for the benefit of all.

But Dr. Marshall was of another opinion. He could see where less actual work on behalf of school problems in B.C. would be undertaken under such a combined setup than was evidenced this year at Qualicum.

Consequently, Summerland trustees are registering a negative vote on the convention venue question and asking that it remain at Nelson.
