Newspapers' Competition

Extend the Hand of Friendship

THIS is the season of tourists. Visitors from many parts of Canada and the United States are pouring into the Okanagan and are thrilled with the beauties of this bountiful Valley.

But the marvellous sunshine, the deep blue of Okanagan Lake, the many fine camping spots, the fishing, boating and swimming are not enough in themselves. The people of the Okanagan must go out of their way to make these visitors welcome and extend a friendly hand.

Have you ever been far away from home and found a welcome smile from a complete stranger? It doesn't cost a penny to be helpful and friendly... to extend the hand of fellowship to a stranger.

And it pays off a hundredfold in the knowledge that the visitor knows he is welcome and retains a warm memory of your kindly greeting.

If you want that visitor to come back again to the Okanagan go out of your way to be courteous. Give him directions and be as helpful as possible. He will tell others about you and they in turn will come and visit. And in this year of stress in the Okanagan the tourist means a great deal to the valley's economy.

But apart altogether from the monetary viewpoint, it will give you a comforting feeling to go out of your way to be kind to your fellow man—especially if he is far from home.

Grumbling from Abroad

WHENEVER governmental assistance to an industry is sought there is always a danger of being misunderstood. No one questioned the right of Fraser Valley flood victims in 1948 to receive millions of dollars government aid. No one thought twice when the public purse was opened on behalf of Manitoba flood victims.

But, when an agricultural industry which turns over more than \$25 millions annually suffers a loss of probably one-third, and seeks to aid itself in whatever manner it can, there is grumbling abroad.

We are rather surprised at the attitude of the Powell River News, published in a company town where union labor is supreme, attacking Okanagan growers last week because they seek to find some basis of re-establishing themselves after the worst winter in the history of the Okanagan fruit industry.

The Powell River paper is published in a community which has been aided by the government as much as any other district in the nation. The Powell River company employees are among the highest paid group of unionists in the Dominion. They have attained this high wage scale and high standard of living because a kindly government has set up labor laws which have allowed unions to demand an ever-increasing wage schedule. If governments had not been kindly disposed to labor's voice then their standard would not have reached its present high level.

We have no quarrel with this situation as such. But we wish to point out that in a round-about way labor has been subsidized by the government through its kindly legislation.

Why, then, should a company town paper begrudge another industry its share of government beneficence in the face of dire need?

We are inclined to the belief that an entirely free enterprise economy is the best for the country as a whole, but we do not have such an economy in its strict sense when labor is being subsidized by friendly legislation.

The Powell River paper states that the ap-

peal by the Okanagan fruit industry to the "two most popular sources of financial supply—the provincial and federal governments... is in keeping with the popular trend and in a country where free enterprise is recognized as the cornerstone of our democracy it is certainly a dangerous trend when the first thought is to turn to government every time financial reverse strikes. Followed to its natural conclusion, it will mean that before long the government will be regarded as underwriter of any and all speculative investments."

The Powell River editorial "feels a genuine sympathy for the growers who are faced with such lean prospects. At the same time we are careful not to lose sight of the fact that these growers know all too well that their production is subject to the vagaries of an unpredictable climate and as business men must finance their operations with this thought always in mind. The past decade would certainly not be regarded as lean years in that district.

"In their resolution to the government bodies, the growers offer no suggestion as to how assistance should be granted but ask only for financial help... in a hurry. There is no suggestion of loans and one is only left to conclude that outright grants of public monies are being sought."

May we point out to The Powell River, editor that he should have enquired more closely into the situation before making such insinuations. Granted the Okanagan is seeking some help on a loss of tree basis, along similar lines to that already worked out in Nova Scotia, but the thought of grower leaders at the Kelowna "state of emergency" meeting was along lines of long-term loans which will tide the stricken producer over the next few rough years until such time as his orchard is in full bearing once more.

In the face of such a dire emergency, we cannot see that any blame should befall the fruit grower who endeavors to arrange low-interest-rate loans through public funds in order to survive. His very existence on the land is in a parlous state otherwise.

Signifying Nothing *By RUSTICUS*

A lot of fruit-growers are complaining this year because of the poor prices received for last year's apple crop. They think their central selling agency, B.C. Tree Fruits Ltd., should have done better; some are sure they could have done a better job themselves.

There are low murmurs that Tree Fruits is a blankety-blank monopoly, and would be better for a little competition; that if the farmers were free to sell where they liked, they could get a lot better prices, and so on. Undoubtedly the murmuring will increase as the year goes on and lack of funds pinches tighter.

For already some growers are forgetting—and newcomers never know—the long hard struggle of Okanagan farmers to obtain this very central selling agency which is now being so criticized. The disastrous "red ink" years of the terrible "twenties" the fight for "a cent a pound or on the ground" in the hungry thirties... Did you know, you who grumble at a mere seventy-five cents or dollar a box

now for apples, that in 1932 the farmers had to go on strike and refuse to pick fruit, or allow any already picked to be shipped, in order to get prices raised to forty cents a box—a cent a pound?

There were indignation meetings all over the Valley, vigilantes on guard at every suspected packing-house. Five hundred farmers stayed up all night at Kelowna, massed on the railway tracks to prevent a switching locomotive from taking out a car of apples which some rebel growers had authorized a packing-house to ship at whatever price they could get.

While they blocked the track with their bodies, a Kelowna lawyer was racing by car to Vernon to get a judge out of bed to grant an injunction restraining the railway from moving farmers' fruit against farmers' wishes; it was three o'clock in the morning when he got back and showed it to the railway agent and the assembled fruit growers, and they cheered and went home happy in the dawn.

Yes, there's quite a history back of B.C. Tree Fruits. When all the different packing firms in the valley sold fruit independently of each other there was competition all right; but it was competition not to obtain the most for the farmer, but to get rid of their season's fruit in a hurry so as not to be left with an unsold surplus. Unsoldable surpluses are nothing new in the Okanagan; we've been haunted by them for forty years.

So the competing packers would all rush their fruit on the market as early as possible, with the result that a few lucky ones would get good prices, then there'd be a sharp drop and the last ones would get practically nothing. Sometimes "red ink", which is less than nothing.

It was to stop this ruinous, cut-throat competition that the fruit growers through the BCFGA set up a central selling agency in 1939. For ten years the results were wholly satisfactory; but this first year that returns are low, in a

(Continued on Page 6)

village as cities. It is not now necessary to tax trees as an improvement.

Miss Kathleen Elliott received honorary mention for teaching of the MacLean method of writing in the Summerland Central school.

Walters Ltd. shipped two cases of Sneed's peaches on June 30. Fire of unknown origin broke out Sunday evening at C. A. Marshall's farm completely destroying his hay shed containing three tons of hay, and the chicken house. Two calves and 25 rabbits were destroyed and 35 chickens are still missing. Carl Nesbitt gave the alarm. A new regulation abolishes the

need to affix two-cent stamps to cheques of under \$5 valuation.

With hot weather rapidly reducing the flow in Trout Creek the first of the stored water will be coming down next week. Canyon Creek dam will be opened first.

Traffic buttons are being placed at the intersections of principal streets in West Summerland. No parking will be allowed within sixty feet of these buttons, which are made of cement and conspicuously painted.

On June 26 the thermometer rose to 102 degrees at the experimental station, the highest temperature ever recorded there.

FACTS ABOUT ADVERTISING

Advertising seems to be taken for granted and is greatly misunderstood by large numbers of people. This is understandable but it is lamentable that there is not a keener public awareness of advertising's function in our society.

Advertising is the main support of our free press (a convincing majority of Canadians were revealed by a recent Gallup Poll to believe that advertising lends interest to our newspapers and magazines).

Advertising has most effectively contributed to the widening of our political and economic literacy.

Consumer advertising helps to reduce production cost by multiplying production and increasing manufacturing economies. It also reduces selling costs. In reaching prospects, in arousing interest and in creating and maintaining demand, its cost, as a selling instrument, is only a fraction of what otherwise would be entailed.

Competition dictates that both these savings, in selling costs and in production costs, be passed on to the consumer.

Consumer advertising has furthered the expansion of our economy. It helps create, sustain and extend employment by developing and widening the demand for the products of industry. High-level employment, of course, means high-level purchasing power.

Advertising's universal use in the distribution of goods and services testifies to its efficiency. It is significant that with all its ingenuity, modern business has developed no better sales promotion alternative.

Some critics of advertising reveal little grasp of its varied economic functions. Others have shown unfamiliarity with popular tastes or a lack of understanding of the consumer's decisive and eternal power to pass judgment on advertising by the simple switch of his patronage.

In the preservation of freedom of choice, advertising is thus a major factor. And freedom of choice is a sure safeguard against advertising's use in any manner inimical to the public interest.

Attended Fire College At Vernon Sunday

The annual interior fire college was held at Vernon on Sunday, June 25 in the Vernon Fire Hall and attended by brigades from Os-

yoos to Revelstoke.

About sixty delegates were present including Chief Ed Gould, Bud Gould, Lloyd Shannon, Frank Arnusch, Edward Smith, Bob Bleasdale and A. Sladen, secretary, Summerland.

Classes were taught by Fire Chief Little and members of the Vernon Fire Brigade and there were demonstrations of salvaging, respiration, hose and ladder action, and fire-extinguishing.

The day ended with a banquet in the Vernon fire hall and it was decided to hold next year's college at Revelstoke.

Snow Still Blocks Mt. Revelstoke

Mr. and Mrs. E. R. Butler, Mr. and Mrs. A. Butler, and Miss Dorothy Butler motored to Revelstoke for the long weekend. They were able to drive within a mile of the lodge at the top of Mt. Revelstoke and then waded through snow to reach the hotel. At the hotel they were told that many reservations had been cancelled this year because of snow conditions and that the lodge will not be able to open officially to motorists for at least another week.

Pattern FOR Prosperity

Think for a moment—of just how much the income from the Forest Material means to you. About 40c of every income dollar in B.C. comes from the forests. This being the case, proceed with caution and...

Rev. C. E. Preston, Pastor
EVERYBODY WELCOME

Teen Town

Well, this Saturday night at the Living Memorial park playground, we will learn the name of the girl who is to be crowned "Miss Summerland". The winner of this title will go to Vancouver in August to represent Summerland in the Miss PNE contest and to the Peach Festival at Penticton which is also in August. All her expenses will be paid.

Teen Town's Miss Summerland Dance will be held at 9:00 p.m. in the Youth Centre following the coronation at the park. The admission is 10c for members and 25c for non members. At this dance, Miss Summerland will be interviewed and the best Teen Towner for June will be named. The ping pong tables will be set up for those who don't enjoy dancing.

The Okanagan Valley dance, which was to be held here on July 15, has been postponed until July 29. The reasons for this delay are that there is not enough time between this dance and Penticton's international dance, and there is not enough time to arrange for billets. All proceeds of this dance will go to the hospital auxiliary to help pay for an oxygen tent.

By the way, anyone who can take billets please contact any council member immediately. This is a very important matter so please co-operate.

GUIDE NEWS

The final Guide meeting for the summer was held last Friday evening when a hilarious time was had by all, most of the meeting being spent on recreational activities. Prizes of candy were awarded to patrols for each game played.

During campfire Mrs. K. McIntosh, our captain, taught a new parlor game which entailed the entire company rocking in a make-believe chair, fanning themselves with an imaginary fan, tapping their feet as if dancing and calling "cuckoo" at the same time.

Cakes were enjoyed and the meeting closed on a more sober note when Donna Eden and Eileen Derosier were adorned.

Mrs. F. Doumont was the examiner for the emergency helper's badge, the examination being held yesterday.

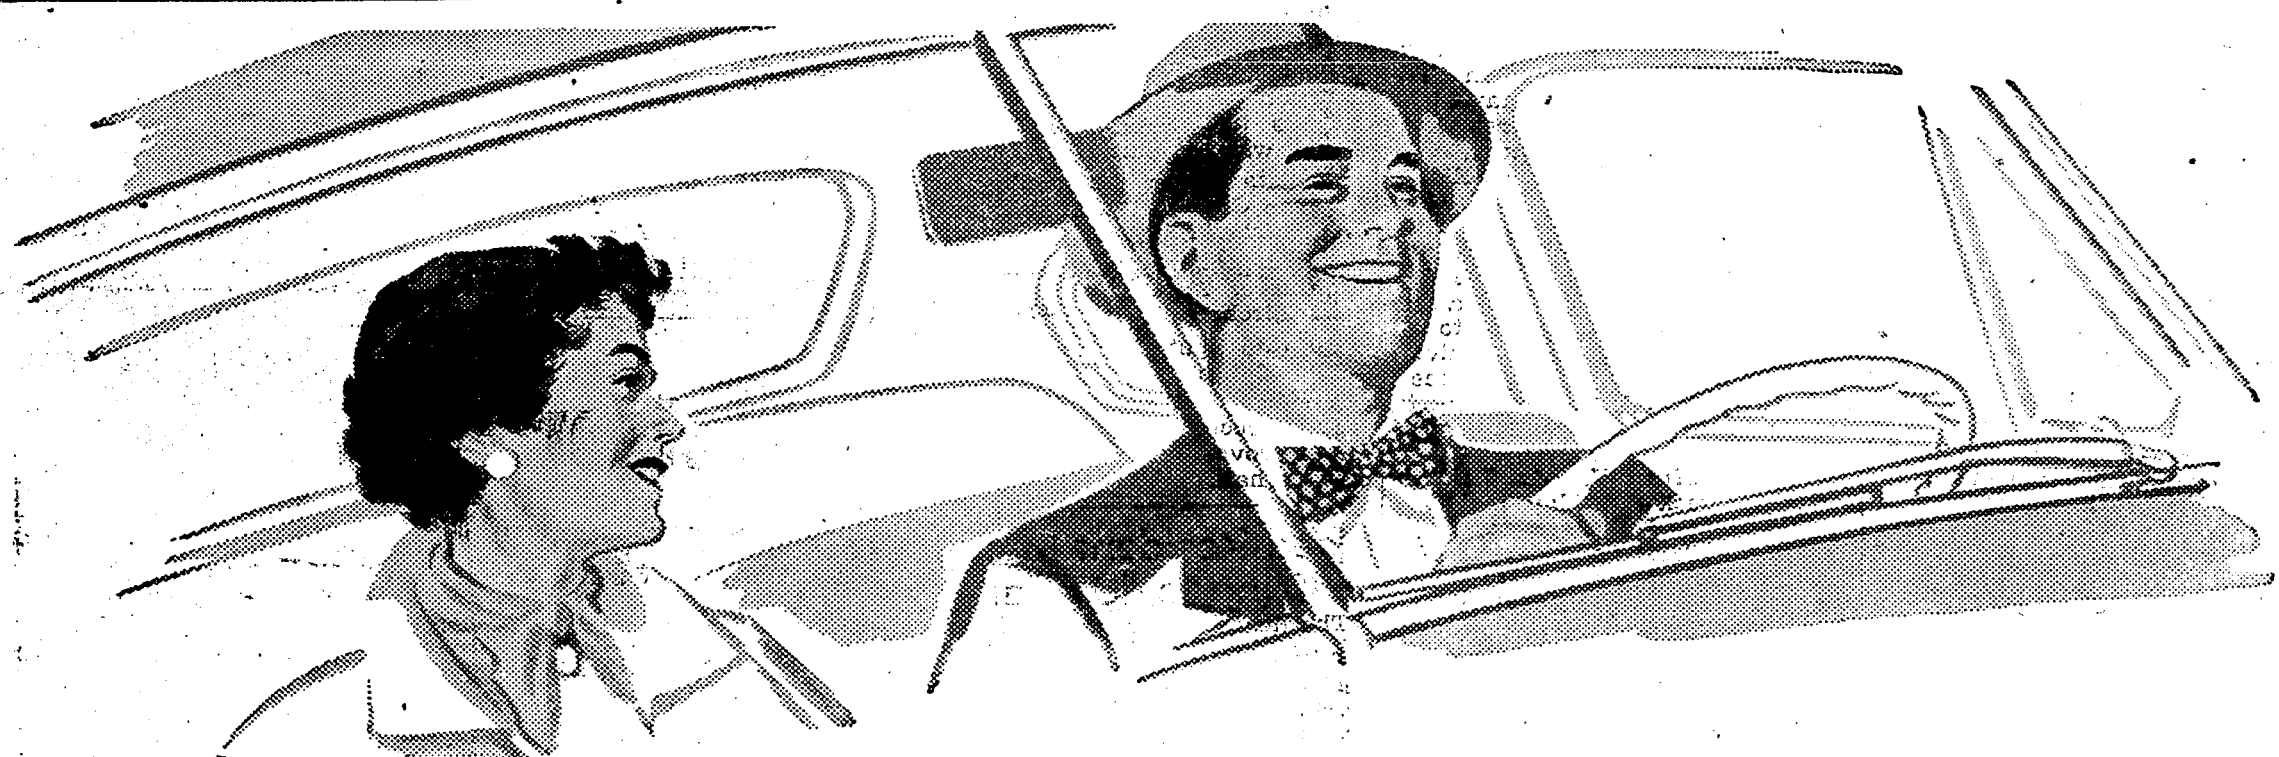

Plans have been made for a baseball game between Summerland Guides on Friday, July 7 at 7 o'clock on the school grounds. Sheila Bennison and Ina Bradford already have proved themselves very able catchers during an elimination game last Friday.

Camp is definitely being held during the last week in July and the first week in August. Mrs. F. E. Atkinson has very kindly loaned her cottage and site at Miller's Point for that time. District Commissioner Mrs. A. W. Vanderburgh will be in charge with Guide Miss C. Atkinson assisting and Capt. Mrs. K. McIntosh and Guides Mrs. E. Blagborne and Mrs. D. Blagborne relieving during the ten-day stay.

Instructions for the camp will be issued at a camp meeting later this month, so Guides watch this newspaper for further details.

Patrol points stand as follows: Swallows 133, Bantams 127, Robins 115, Bluebirds 112, Thrushes 68, Canaries 65, Forget-me-nots 60.

Bowlers Experiment with Clay and Sawdust "Green" in Playground

An interesting experiment in bowling "greens" is being tried out at the Living Memorial park playground by the Summerland Lawn Bowling club, which is endeavoring to fashion a new layout from clay and sawdust.

First games over the new surface were played on Thursday evening, but the membership is still divided in its opinion of the success of the venture.

This type of bowling green has become quite popular in New Zealand, it is stated, but it is feared by some local members that the right type of clay was not obtained for the Summerland green.

The green is contained in the playing area of the hockey rink. Bowling club members are expected to make a decision soon as to whether they will abandon their green on the Legion premises in favor of the playground site, or whether they will continue to use the Legion premises until such time as they can obtain suitable property and build a usual type of green.

"Ordeals" of Buying Hat Depicted At Church Concert

A large crowd attended the enjoyable concert sponsored by the Lakeside Junior WA on Thursday evening, June 27, in the Lakeside church, under the direction of Mrs. F. Tilbe.

A play depicting the "inside story" of what does and can happen in a hat shop was the first item on the program.

Mrs. F. Stark was the shopowner with clerks Miss R. Smith and Mrs. J. Raincock. During the course of events which followed, customers Mrs. F. Schumann, Mrs. J. St. Denis, Mrs. D. Tait, Mrs. J. VanGameron, Mrs. P. Wilson, Mrs. R. Morgan, Mrs. H. Pohlman and Mrs. J. Young passed through the different "ordeals" encountered while attempting to purchase a bonnet.

A monologue was presented by a very distinguished ducky professor who turned out to be Mrs. A. G. Bissett in clever disguise.

Robin Caldwell's recitation was a well received number.

Two ducky mamies were portrayed by Mrs. F. Tilbe and Dwayne Greer who enacted the various trials and tribulations of Negro washerwomen.

Soloists during the evening were Dwayne Greer, Mrs. H. Whitmore, and Shirley Schumann.

Accompanists were Mrs. H. Whitmore, Mrs. D. Dunham and Paul Birch.

All the cast joined in singing "Star of the East" as the final number.

The proceeds of this concert were for improvements to the Lakeside church hall.

Visiting Abroad

Mrs. A. K. Elliott, Miss Bernice Elliott and Mrs. K. Taylor were constant visitors last week. On their return they were accompanied by Mrs. Elliott's grandchildren, Beverley and Pamela Kennedy, who will spend their summer holidays here.

Mr. and Mrs. D. L. Milne and their children, have gone on a motor trip to Saskatoon, Sask., to attend the golden wedding anniversary of Mr. D. L. Milne's brother, Mr. George Milne. They expect to be away about two weeks.

Mr. and Mrs. W. A. Laidlaw spent a week's holiday motoring to Spokane and Wenatchee. They are now at Crescent Beach for this week before returning to their home in the Solly subdivision.

Mr. and Mrs. Don Wright and family motored to the coast at the weekend. Mr. Wright has returned leaving Mrs. Wright and the children to visit relatives in Vancouver for some time.

Mr. and Mrs. George Forster and Mr. and Mrs. Phil Dunsdon were among those taking a motor trip over part of the Hope-Princeton highway last week.

Mrs. Don Fountain and Beverley left on Monday for Barrhead, Alta., where they will visit relatives. Accompanying them as far as Calgary to visit at the home of her grandparents, Mr. and Mrs. H. McLeod, was Iris Trautman.

Mr. and Mrs. Fred Clarke and Miss Shirley Clarke have motored to Vancouver and will go to Port Alberni for a visit at the home of their son-in-law and daughter. Mr. and Mrs. O. L. MacDonald, Shirley will stay for a longer vacation at her sister's home after Mr. and Mrs. Clarke return.

Miss Mable Henderson of Maywood Photo Finishers was in Vancouver over the long weekend having left on Thursday and returned on Monday. While in Vancouver she visited her brothers.

Mr. J. E. O'Mahony leaves tonight for Vancouver at attend a meeting of the provincial executive of the B.C. Hospitals' Association of which he is first vice-president.

Mrs. Barwick and her little daughter left on Saturday evening to return to their home at Victoria.

Mr. and Mrs. J. Derosier of Armstrong have sold their farm in that locality to Mr. and Mrs. Joe Daly who have moved up there while Mr. and Mrs. Derosier have taken up residence in the former Daly home near the Free Methodist church.

In Memoriam

In memory of D. B. McClement, July 8, 1943. At home on the beautiful hills of God, In the valley of rest so fair; Sometime, somewhere, when our work is done, With joy we shall meet him there. Lovingly remembered by Mrs. McClement and family.

CARD OF THANKS

We wish to thank all who assisted in any measure to our son's care and happiness at home and while hospitalized at Vancouver; by gifts and thoughtfulness and the many kind words of comfort and encouragement. Billy has made a very rapid recovery and will soon be fully recovered. Sincerely, The Wellwoods. 27-1-c

MORE AND MORE WIVES OPEN SAVINGS ACCOUNTS FOR BETTER BUDGETING

Managers of the Bank of Montreal all over Canada are finding housewives strongly in favour of Household Savings Accounts. This is how one customer put it: "Every week my husband gives me so much for the household expenses, and that makes budgeting easier. Yet there's always that new hat or summer dress or shoes I need, and what's left over from the allowance isn't enough by itself. With a savings account of my own, I can build up a fund each week to buy these 'extras'."
Such a Household Savings Account is a real help to many family budgets. If deposits are made regularly, it's remarkable how quickly it will grow into a sizable sum.
If you feel that you would like to try out your own Household Savings Account, drop into the Bank of Montreal branch in West Summerland. Ted Beech, the accountant, or any member of the staff will be very happy to help you open it. Your initial deposit need be no more than one dollar.—Adv.

MORE ABOUT

SIGNIFYING

Continued from Page 2
season of very difficult marketing, too many forget the past and are eager to criticize.
Our apple crop has increased from 5 million boxes in 1939 to 8 million in 1949; pears and soft fruit in the same period increased from less than 2 million packages to over 4 million. Yet Tree Fruits found a market for all this fruit, except for the million-box gift to Britain; and in the thirties Britain took half our crop, so that actually Tree Fruits is selling three times as many apples and twice as much soft fruit as was sold by independent packinghouses before 1939, and at much better prices. Our fruit returns in 1947 and 1948 were the envy of American fruit-growers, who were receiving sometimes 50c per box for apples where we got \$1.50.
The drop in prices, was held off much longer in Canada by our selling setup than it was in the United States; if last year prices seemed unduly depressed, who knows how much lower they might have been without centralized selling control? Ask some of the old-timers if you think prices hit bottom last year; they know. We have a selling setup here in the Okanagan that is the admiration of the agricultural world; a visit to the Tree Fruits head office in Kelowna when the fruit is rolling will make any grower, in fact, any Okanagan citizen, proud of what our fruit growers have accomplished by working together.

Let's not be too hasty in wanting to tear down what took so many years of toil and hardship to build up.

Leading Officials Of Golf Club Also Lead Over Course

President Howard Pruden and Vice-president Miss Marjorie Fenwick were paired in the mixed two-ball foursome competition at the Summerland golf club and swept through to the finals which was held on Sunday, July 2.

In the finals these leading officials showed their prowess by defeating Ken Eothe and Mrs. B. Duxbury and annexing the championship.

In semi-final rounds, Pruden and Miss Fenwick defeated Gordon Smith and Mrs. Henry while Eothe and Mrs. Duxbury defeated C. J. Bleasdale and Mrs. Ken Heales.

Merchants Behind Walsh Beat Vancouver Team but Blow up When Facing Princeton Royals

Summerland Merchants, after playing headsup ball against Western Bridge of Vancouver, went into a tailspin and lost to their old rivals Princeton Royals in the Dominion Day baseball tournament at Princeton's new Memorial park.

In the first game, Princeton Royals defeated a weak Cloverdale team 26-1. Early Saturday afternoon, Merchants eked out a narrow 2-1 decision over Western Bridge but in the evening the Merchants went to pieces and lost 9-5 to the Royals.

Umpiring was questioned mightily by visiting teams in the last two games, it not being up to the usual standard.

In fact it was an umpire's decision and the Bridge team's impetuosity which decided the game with the Merchants. With the count knotted at 1-all, Kuroda beat out a throw to first. With one accord the entire Bridge infield flew around the Princeton base umpire, arguing vociferously.

Left Bases Unguarded

With the bases left unguarded Kuroda proceeded to steal second and then third, much to the delight of the audience. Dunham's grounder scored him for the winning tally.

It was Brawler who set up the first run of the game, when he walked and stole second and third, being brought home on Day's long fly to centre. Weitzel tried to score on the same play but was tagged out when he did not attempt to slide.

Jack Walsh pitched one of the best games of his career and also covered his fielding position to perfection. He and Kuroda obtained the only two hits off Western

Bridge's Maguire.

Errors by every infielder, plus Dunham in the outfield was the main reason for the Merchants' one-sided defeat by Princeton.

Wally Day was hit fairly hard until he got into the groove part way through the game but if he had had support the result would have been much different. Taylor at short was the chief culprit in booting the ball and the rest of the team got the jitters, too.

Three runs in the first frame loomed up mighty large for Royals, due to two hits and the same number of errors. Kuroda got one of those back when he walked and scored on Dunham's single, and Vanderburgh's long fly.

But in the last of the third two errors by Taylor allowed Princeton's fourth tally.

Again Merchants cut down the difference in the fifth when Day was driven home by Taylor. But then the rot did set in earnest, four runs coming across mainly on errors in the last of that frame, giving Princeton an 8-2 lead.

The Similkameen lads made it 9-2 in the eighth before Merchants started a belated rally. Kuroda laced into one of Otto Gerin's pitches for a triple with two on board, scoring on Dunham's grounder for the final tally.

Oliver Umpire is Suspended for Bet

As a result of a Penticton protest, Oliver Umpire J. Nolan has been suspended from officiating in Okanagan International Baseball league games by league president Curly Cox.

Penticton club protested the 8-7 victory of the Oliver club on the grounds that Umpire Nolan had a \$5 bet with a Penticton fan on the outcome of the game.

League officials have to decide whether there is sufficient grounds to allow Penticton's protest and order a replay of the game. Whatever the result of this finding Umpire Nolan has been suspended.

Fishing Reports

Okanagan Lake—Seems to be off a little this week. However a few good fish caught off Summerland towards Naramata and from Crescent Beach north.

Fish Lake Chain—Road good. Fish Lake itself seems to be fair. Upper lakes, Munro, Deer, Eneas, etc., are giving really good fishing up to 3 1/2 pounds... as good as can be caught.

Headwaters Fishing Camp—Road rough but passable. Up to 3 1/2 pounds on Nos. 1 and 3 dams. Everybody catching an abundance of fish legal length and over.

Glen Lake—Road drying but still rough. Good fishing for hardy souls who go in.

Silver Lake—Road rough. Fishing fair... "off and on".

Garnet Valley Dam—Road good. Some fishermen getting catches here regularly, but you have to know the dam to get good results.

One report from Kamloops lakes states a party tried several and had good results everywhere.

Osprey Lake and Link Lake—Road fair. Fishing just fair. The big ones seem to be spawning so it would be better to wait a month.

Gold Button For June Won By Art Dunsdon

Art Dunsdon has been awarded the gold button for the best score in June made by any member of the Summerland Rifle club. He scored 99 and was closely followed by Dewey Sanborn with 98 and Herb Simpson with 96. These two marksmen received the silver and bronze medals, respectively.

Art's score was equalled last Sunday by Phil Dunsdon, who was in a class by himself at the Garnet Valley range. Nearest man to him was Joe McLachlan with 94. Other scores last Sunday follow:

A. Moyle, H. Simpson, Len Shannon and Doug Price 93, F. Dunsdon and J. Khalembach 92, Jack Dunsdon and Dave Taylor 91, D. Sanborn 90, Ed Gould 89, George Dunsdon 88, Art Dunsdon 86 and Steve Dunsdon 79.

Alumni to Show Films to Aid Fund

A meeting of the Summerland branch of the University of British Columbia Alumni was held June 14th at the home of Dr. D. V. Fisher. There was a good turnout and tentative plans were made to show a series of outstanding films during the fall and winter season to help raise the balance needed for the Scholarship Fund.

Mrs. Gordon Ritchie gave a most interesting talk first outlining the various activities of the university extension department. She then went on to give her experiences taking a course in weaving. Later she showed some interesting and lovely samples of her work.

The next meeting will be held in September at the home of Mr. and Mrs. Ewart Wooliams.

New Light Truck Takes up Poles

The electric light department's new truck arrived completely equipped last week and one of its first tasks was to remove the electric light poles along Granville street east.

These poles have been eliminated by the building of the new power line through the Steuart orchard and along the lane directly south of Granville and bordering the park playground.

Summerland Tennis Team Loses in Finals

The veteran tennis doubles team of George Fudge and Nick Solly went down to defeat in the finals for the Hankey cup at Vernon last weekend when they were defeated 9-7, 6-1 by Ernie Winter and Fred Taggart, well-known Kelowna pair.

Others who played in the Hankey cup competition at Vernon last Saturday and Sunday were Don Wright, Dave Collins, Dave McIntosh and Don Johnston.

than 5 p.m., standard time.

Returning, tickets will be good
to leave Calgary up to midnight,
standard time, July 17. If there
is no train service on July 17, tickets
will be honored on the first
available train.

Kiwanians Provided with Basis of
Legal Code by B. C. Police Officer

"Today we have a conflict between
two ways of life but the
most important difference between
the totalitarian state and the
democratic state is the law", declared
B.C. Police Inspector J. H.
McClinton of Penticton in addressing
the Kiwanis Club of Summer-
land at the Nu-Way Annex Mon-
day evening.

Every paragraph of Canadian
and British law books are stained
with the blood and sweat of the
persecuted, he commented, urging
his listeners to respect the tradi-
tions which have founded society.
He traced the various stages of
development in history from the
law of the individual to the tribal
law.

Law is only the rules people
have drawn up to protect one
from the other, he explained.

In Babylonian days, 2000 B.C., a
penal system was in force but
there was no interpretation of the
"guilty mind" and this thought in
the realm of law prosecution did
not develop until the Jews came
into prominence.

The Greeks developed a complete
legal system but in effect it
was based on mob law. The Romans
introduced the idea of profes-
sional law and lawyers and
were the first race to have full-
time judges.

The Britons, under Saxon law,
commenced the jury system while
the Normans and their sheriff and
constabulary. In 1166 for the first
time judges were sent out from
the capital to administer law in
the country, a practice which
continues to this day.

In the Magna Carta, the right
of trial as it is known today was
firmly established for the first
time.

But through the years no law
was written, but the custom of
the country provided the law as it
was handed down from generation
to generation. In 1878 a commis-
sion introduced a draft code but it
was never passed by the British
Parliament. However, this draft
formed the basis of the Canadian
law code in 1892.

The common law of England is
still the law in that country and
in Canada except where it has been
repealed by act of parliament, the
speaker pointed out.

The law is also divided into two
general sections, criminal and civil.
These two can be defined simply
in that when an offence is one
which is payable by fine to a public
body then it is criminal but
when the offence is punishable in
damages to an individual then it
comes under civil law.

Every man is presumed to know
the law, Inspector McClinton con-
cluded and the fact that a person
is innocent until he is proved guilty
is the foundation of individual
liberty and the safeguard of de-
mocracy.

The Mail Bag

BAND IS APPRECIATIVE

Summerland, B.C.
June 28, 1950

Editor The Review:

This is a big THANK YOU to
the people of Summerland for the
moral and financial support they
have given to the Summerland
Band this past year.

We now have our new uniforms
which you the people of Summer-
land bought for us by your dona-
tions and by supporting the band
concert we put on this spring.

You also helped to make Sun-
day, June 25, one of the best days
we have had in Summerland for a
long time.

Since the massed band picnic we
feel that we made a good choice
in the selection of our uniforms,
and we are very pleased that you
like our choice.

A big thank you to the women
who worked so hard so that our
majorettes could have their uni-
forms in time for the picnic.

You now know just how our
band compares with the other
bands of the valley. We have not
been going long but with your sup-
port we feel that we can make an
even better showing at next year's
massed band picnic which will be
held at Kelowna.

We must not forget Gerry and
Bill Laidlaw. Without them our
uniforms would have cost much
more than they did. Gerry and
Bill have spent a lot of time and
effort in order to get the uniforms
we wanted and all this was done
by them without making any profit.

In other words, we were able
to buy them at cost.

Thank you again one and all
and we now feel that we are well
on our way and that we will al-
ways have your much appreciated
support.

TOM WASHINGTON,

President, Summerland Band

Door Prizes,
Ice Cream at
Store Opening

Seven gallons of ice cream were
given out to youngsters who visited
West Summerland's newest busi-
ness addition, Young's Electric, on
its opening day, Saturday, June 24.

Each youngster was given an ice
cream cone, served by Mrs. Young,
who with her husband welcomed
those who inspected the bright,
new premises.

Two major door prizes were of-
fered to grownups, Earle Wilson
winning the electric kettle and R.
Vogel being recipient of an elec-
tric iron.

The two-storey building is com-
pleted downstairs but still re-
quires some finishing work before
the offices on the second floor are
ready for occupancy.

Young's Electric has been ap-
pointed dealers for Moffat ranges,
Crosley refrigerators, Marconi ra-
dios and Superior appliances.

The radio repair department is
in charge of Mr. L. Zinger, who
came to Summerland with the
Young's from their former home
in Mission, B.C.

START HIGHWAY REPAIR
AT TROUT CREEK BRIDGE

Two graders commenced work
yesterday afternoon to smooth the
approaches to Trout Creek bridge
at the southern entrance to Sum-
merland and prepare the roadway
for hard surfacing. This short
stretch of Okanagan Highway has
been in a rough state for some
time and ever since the new bridge
was constructed motorists have
complained about the bumpy con-
dition there.

Caravan of Twelve
Used Cars to Coast

When Mr. Frank Pollock of Pol-
lock Motors had thirteen used cars
to deliver to the coast last week a
caravan was formed led by Don
Johnston in the first car and with
Frank Pollock himself driving the
end car.

Mr. and Mrs. Fred Schwass drove
out the day before leaving an even
dozen to make up the procession.

The party left at 7:45 on Friday
morning, June 23, and arrived at
Vancouver about five o'clock when
the traffic was at one of its busy
periods.

Other drivers were Wally Day,
Ed Gould, Bud Gould, C. H. Elsey,
J. Lawler, Murray Dracas, Bob
Bleasdale, John Croft, Don Blag-
borne and Garth Black.

Many Cool Days
Recorded for
June Weather

There were quite a few days in
June when the temperature did not
even reach 70, the official record-
ings for the month, issued by the
Dominion Experimental Station,
reveal. High for the month was
89 on the last day while the low
point was 41 on June 2. Less than
an inch of rain fell, while the av-
erage sunshine was eight hours.

Following is the complete record
for June:

These four lovelies were candidates for the title of Miss Summerland 1950, at the Living Memorial park playground Saturday night. From the left they are Shirley Schumann, Louella Polesello, Olive Mason and Julia Hack. All four are members of Teen Town, who selected them for this honor. Being chosen Miss Summerland 1950 is equivalent to an older being given the Good Citizenship cup, was Acting Reeve K. E. Atkinson's comment.

Here is lovely blonde Merle Heavysides relinquishing her crown to the new queen, Miss Olive Mason, who was chosen by the panel of three judges. Merle was chosen in 1949 to be queen of the Summerland Board of Trade Spring Fair and she also represented this district at the Penticton and District Peach Festival parade and Queen's Ball. As there was no spring fair this year, the board of trade sought the assistance of Teen Town to choose candidates.

Reid Johnston, former reeve and ex-president of the board of trade, was a smiling master of ceremonies and seemed to enjoy every minute of the ceremony, as one look at this photograph will convince. Queen Olive is speaking to her subjects, Mr. and Mrs. John Citizen of Summerland, for the first time following the crowning ceremony and assuring them she will do her utmost to uphold the honor of the community at the Peach Festival and at the PNE in Vancouver. Photos by Maywood

Olive Mason is Chosen Miss Summerland 1950 At Pleasing Ceremony

Before a crowd estimated at nearly 500 persons Olive Mason, pretty teen-aged Summerland High School girl, was chosen Miss Summerland 1950 at a picturesque ceremony in the Living Memorial park-playground Saturday evening.

She will represent Summerland at the Penticton and District Peach Festival and any other formal function in the next year and will be Summerland's entrant in the Miss PNE 1950 contest at Vancouver.

Another feature of the ceremony Saturday evening was the official presentation of the new Kiwanis bandshell by Kiwanis President J. Y. Towgood to E. H. Bennett, park playground subcommittee chairman of the Summerland Memorial Parks Committee.

Orchards are Particularly Disease free

Ideal growing conditions have prevailed during the past two weeks and have resulted in most crops developing fast and fruit is sizing well, states the latest Horticultural News Letter reporting for the Summerland, Peachland, Westbank district. As of July 5, the report states that a few Royal Anne cherries are now being picked and the first of the Bings will be coming in later this week. Summerland's crop of cherries is expected to be only 25 percent of normal years while Peachland and Westbank will have considerably less than a quarter crop. Apple crop prospects throughout Summerland area remain excellent. Practically all varieties are carrying a well distributed crop and size is good.

At Peachland, Delicious will be down somewhat due to winter injury in one or two blocks which cropped heavily last year. At Westbank, Romes, Newtowns and Staymans may be down somewhat due to winter injury. Other apple varieties promise well.

So far the pest and disease situation is very light, indeed. To date, the amount of fire blight is negligible in comparison with last year. There have been as yet no serious outbreaks of Red mite, pear psylla or woolly aphis. Powdery mildew of apples is practically non-existent this year.

"Notwithstanding the very clean pest situation, the weather of the past two weeks has provided some of the most favorable conditions for codling moth development in four years," the report warns "Growers would be well advised to see that sufficient cover sprays are applied for this pest."

Cooker apples are about ready in the southern part of the district, while a few are reported available in some orchards here.

Summerland Board of Trade, under the chairmanship of Walter Toews, arranged the simple ceremony Saturday evening which produced many complimentary remarks from the hundreds who crowded West Summerland business area for the event.

Only unpleasant feature was the rain which fell for the better part of an hour and dispersed the gathering at one stage.

First function was the short display by Mrs. Doney Wilson's class of children in their charming, original costumes. They danced a type of Maypole dance and performed other exercises which delighted the audience.

The Summerland Band then provided a pleasant concert which was halted all too soon by the downpour, which had been threatening for some hours.

In the intervals before and after the main ceremony Bingo was played by a large group while refreshments were served in another section of the park.

Compliments on Park

J. E. O'Mahony opened proceedings as president of the trade board, being introduced by Reid Johnston, who proved an able master of ceremonies. Mr. O'Mahony complimented the parks committee for the lovely park playground and told of the reason for the Saturday ceremony and the prospects in store for the candidate who would be chosen Miss Summerland 1950.

Mr. Towgood, Kiwanis president, reminded his listeners they should be proud of the park and pride is a stimulant to cultural development. He spoke highly of Summerland's developments such as parks, schools and public institutions, including the Summerland Band.

Kiwanis had determined that the new band should have a proper background and thus conceived the plan of a bandshell. The first stage in erecting a bandshell had been completed and as such he formally presented the Kiwanis Shell to the Living Memorial Parks Committee.

Mr. Bennett suitably thanked the Kiwanis for their splendid gift to the park playground.

Continued on Page 4

Thirty-miles Speed Limit On All Roads

There will be no exception to the thirty miles per hour speed limit on municipal roads in Summerland, council members agreed on Tuesday afternoon when considering final plans for the proposed traffic bylaw.

Final details were considered and the draft now goes back to Lawyer John Alkins for last perusal. Three readings will probably be given at the next council session on July 25.

Two-hour parking on Granville from Kelley to Hastings and on Hastings from Granville to Jubilee is included in the bylaw.

Some discussion on this point ensued but was terminated when Councillor Norman Holmes remarked: "You have just as much chance of enforcing two-hour parking on the business streets as 30 miles per hour throughout the municipality."

The board of trade suggestion that a stop sign be erected at the Bank of Montreal corner met with some opposition when it was not proposed to put stop signs on both sides of Granville at this intersection. In fact, for a time the vote was split two and two, Councillors Atkinson and Steuart being opposed and Councillors Holmes and Tait in favor.

Another point was that another section of the bylaw said no u-turns would be allowed at any intersections where there are stop signs. This subsection has been eliminated, so there will be stop signs on both sides of Granville at the Kelley intersection and u-turns will be allowed.

However, where streets have been designated as through streets, such as the Giant's Head from the Peach Orchard intersection to the top of the Sandhill, the Station Road and Victoria road from Jubilee north to the government highway, no u-turns are allowed.

May Designate Secondary Road

The provincial highway board will investigate the application of the Summerland municipal council to have the Giant's Head road and the Sandhill road down to the Trout Creek Service Station classified as a secondary highway. A map has been sent to the chief engineer of the public works department.

This road is now being used as much as the main provincial government highway, it is stated and heavy trucks are breaking down the hard surfacing in some places, council members claim.

If the road is classified as a secondary highway a portion of the maintenance cost will be undertaken by the public works department of the B.C. government.

LOWER TOWN LIBRARY CLOSING FOR FIRST TIME

Mr. and Mrs. Frank Plunkett are leaving this Saturday for a motor trip over the Hope-Princeton and a holiday at the coast. As a result, the lower town branch of the Okanagan Union Library will be closed on July 18 and 25 for the first time since its inauguration on November 10, 1948. This little library unit now has a membership of more than sixty persons who take a keen interest in its operation.

Two Boys Watch Flying Saucer Here

At long last a flying saucer has been seen in Summerland. Friday evening, just before sundown, Ronnie Michell aged 14, and Alfred Kohlhauser, 15, were standing on a road in Peach Valley looking towards the east in the direction of Chute Lake and Naramata when they saw an object streaking across the sky.

"It was very high and had a silvery sheen; it was going at a terrific rate of speed," the boys report. For a moment they lost sight of the object but happened to turn southwest and caught a glimpse of a similar object streaking through the sky in the vicinity of Snow Mountain.

Their story is given further credence by reports from Merritt that a flying saucer was observed in that vicinity at about the same time.

Water Users' Co-operation Being Sought

Although water pressure throughout most domestic systems has returned to normal, there was a period during last week's hot spell when some portions of the system could not get sufficient water. Foreman E. Kercher told council on Tuesday.

As a consequence, council will circularize domestic water users and ask for co-operation in holding down sprinkling during daylight hours.

"It looks so unfair for people on heights who are paying the same as the people below and yet they are not getting the same service," was Mr. Kercher's opinion.

When sprinklers are turned on full blast throughout the municipality at least fifteen homes go without water, he stated. Six to eight of these go out regularly. "We have got to the stage where we cannot continue without a meter system of some description," he added, stating that control of the system is being lost.

Use of open hoses is one flagrant example of extra water being used and one suggestion was that nobody should be allowed to use an open hose off the domestic line. However, this step was not authorized. Co-operation of the public should be needed to alleviate conditions.

Two Forged Cheques for \$140 Cashed Here, Clothing Stolen

Warrants have been issued for the arrest of James Reid or Reid, no fixed address, with uttering two forged documents, cheques amounting to \$140.17, while Reid and a companion, John Spurrell, have been charged with stealing clothing and personal belongings amounting in value to \$125.

This police action is the result of the operation of these two men, accompanied by a woman believed to be Reid's wife and a man giving his name as Eric Johnson, in Summerland district last week. On Saturday they took a taxi and were driven to Penticton where they were last seen entering the Greyhound bus depot. Since then, no trace of the party has been reported. Johnson and Mrs. Reid are not

Victoria Won't Move to Aid Distress in Fruit Area Until Fall at Earliest

Hon. Harry Bowman, minister of agriculture, informed the BCFGA executive in session at Kelowna yesterday that the British Columbia government is planning a conference with Rt. Hon. J. G. Gardiner, federal minister of agriculture regarding the state of emergency in the tree fruit industry of the province.

C. A. Hayden, BCFGA secretary, informed The Review today by wire that this is in accordance with the submissions made by the emergency conference in Kelowna on June 15 when the B.C. government was requested to set up the machinery to alleviate the distress conditions in the tree fruit industry at this time and also requested it to approach the dominion government for co-operation.

BCFGA and other tree fruit officials have been pressing the government for action in the past month and have expressed disappointment that no action was taken at Ottawa before parliament prorogued.

But Premier Byron Johnson wrote the BCFGA recently stating the question has been under consideration by his provincial government ever since and a cabinet meeting was held in Victoria on Tuesday.

Following the cabinet session Hon. Harry Bowman despatched the following telegram to the BCFGA head office:

"Have discussed the problem in the cabinet this morning and pending a discussion with Ottawa and ascertaining the extent of the damage no definite policy will be decided upon. My officials state the necessary inspection of orchards cannot be made until the latter part of next month but expect to see Mr. Gardiner meantime. The provincial government will then, upon receiving complete report, decide what course is to be pursued and advise you."

This telegram did not please the BCFGA executive as it was stressed in Kelowna yesterday that many orchardists are in dire straits now and need assistance in the form of low-interest loans which are denied them through regular channels.

Ivor J. Newman, BCFGA president, despatched the following telegram to Premier Johnson and Hon. Mr. Bowman:

"Immediate aid is urgently requested to alleviate distress conditions in tree fruit industry. Conventional loans unprocureable under present conditions. British Columbia Fruit Growers Association implores you to take immediate government action to enable some growers to carry on pending relief as requested at emergency conference June 15."

Debenture Bids Bring Even Money

Only three bids were tendered by bond houses on the Municipality of Summerland offer of \$27,000 3 1/2 percent 20-year debentures when they were opened at the municipal council meeting on Tuesday afternoon.

Bid of McDermid, Miller & McDermid of 100.02 was by far the highest bid and was the successful tender.

Other bids were from Bell, Gouinlock & Co., Toronto 98 and Pemberton & Sons Ltd. 98.55.

This debenture issue is being floated to finance the North Bench-Crescent Beach domestic water system extension which has already been started.

Councillor Francis Steuart reported good progress on the work to council on Tuesday. It is being carried out by day labor under supervision of Water Foreman E. Kercher, with R. A. Barton as engineer.

Summerland Day at Coulee This Sunday

This Sunday, July 16, is Summerland Day at Coulee Dam. At least thirty cars will make the trip to Coulee Dam where the Summerland Merchants baseball team will play that town's team in a regular OIBL fixture.

Summerland Band will be transported to Coulee Dam and will parade from the town to the ball field, circle the field and then play at suitable intermissions.

Arrangements for this show on the part of Summerland have been made by the Summerland Board of Trade publicity and tourist committee, headed by Bill Gillard.

Twenty-three cars are included in the B of T caravan which is due to leave Summerland at 8:30 Sunday morning. It is known that other cars which do not intend to travel in the caravan will swell that total to at least thirty vehicles.

KODIAKS FROZEN IN NORTH

Baseball fans were disappointed last night when Kelowna Kodiak failed to appear and play an exhibition game with Summerland Red Sox. The northerners called it off about 5 o'clock.

Dust-laying Program for District Roads Discarded by Local Council

There will be no dust-laying program on Summerland roads this summer.

That was the fairly definite decision of Summerland council at Tuesday afternoon's regular meeting. It was considered that a program of oiling streets would be too costly to undertake over most roads in the municipality and if a portion of the roads were decided upon discrimination would be shown.

Cost of one 8,000-gallon tank car of road oil would cost about \$1,000 to lay and would cover about 2 1/2 miles of road. There are more than 100 miles of roads in the municipality, it was pointed out.

Penticton city has used six 8,000-gallon cars of oil at a cost of about \$1,200 per car this year. This money will be entirely expended by next season as there is no lasting quality in light road oil.

"Will you start more trouble if you oil 2 1/2 miles and no more?" queried Regie Bentley. "Of course," replied Councillor

Tait, head of the roads department. "That amount of oil could be used in Trout Creek area alone."

Councillor Steuart told of one dust nuisance complainant who was asked if he would be willing to pay higher taxes to have the dust nuisance abated. The reply was in the negative, the grumbler replying that taxes are too high now.

Although he would not recommend a definite policy, Mr. Tait was in favor of putting hard surfacing on the portion of roadway at the bottom of the Gulch than to expend a similar amount on laying dust by means of road oil. And on the present budget the roads department cannot do both, he suggested.

Councillor Atkinson spoke against decreasing permanent road program in favor of a dust laying program which only lasts a few months.

Councillors Steuart and Holmes were in agreement and that ended the discussion.

WEASEL INVESTIGATES BUSINESS DISTRICT

FLASH—Summerland is hardly the thriving metropolis some board of trade members would have you believe. Early Tuesday morning when The Review staff was hard at work but few other businesses were stirring a weasel was to be observed gamboling on Granville.

Last seen the animal was being chased by some boys who, fortunately for them, did not corner the quadruped which is quite vicious when trapped.

Mr. F. J. Nixon, retired municipal clerk, is confined to bed at his home the result of an accident in his garden this week.

Form Branch of Institute For Blind in Summerland

Last Thursday evening, July 6, a supper meeting was held at the Incola hotel, Penticton, for the purpose of forming units of the Canadian National Institute for the Blind for Summerland and Penticton.

The meeting was attended by some thirty-five persons, representing different organizations in both towns, who heard with interest talks by P. W. Ogilvy, executive officer, for B.C. and Clarence Hembling, field secretary for the branches, both of whom are blind, the latter having what is termed "guiding vision", the former totally without sight.

Those present from Summerland were Mrs. Phil Davis, Mrs. F. E. Atkinson, Mrs. A. K. Macleod, Mr. and Mrs. J. I. Brown, Ross McLachlan, J. Y. Towgood and Alan Calvert.

Mrs. Atkinson to Preside After deciding to form a branch at Summerland officers elected were Mrs. F. E. Atkinson, chairman; Capt. J. E. Jenkinson, vice-chairman; Mrs. A. K. Macleod, secretary pro-tem; Mrs. Marie Robinson, treasurer, with power to add to their numbers. Capt. Jenkinson and Mrs. Robinson had been contacted prior to the meet-

ing and agreed to act. The CNIB was formed over thirty years ago obtaining its Canadian charter in March 1918 with the purpose of training and care of men returned blinded from World War I. Since and during the thirty years there has been a revolution in relation to those handicapped by loss of sight, said Mr. Ogilvy. Ideas and opportunities have developed, giving direction to other groups and making history along these lines.

There are now 18,000 registered blind in Canada, the gathering was told, and of these 1500 live in B.C. Complete histories of these people are kept and attempts made to conserve sight and prevent blindness.

There has been a relative cost increase and in forming units throughout the province help would be forthcoming in obtaining funds through annual campaigns, and in providing a somewhat stable income.

The cost per capita is tentatively \$80 of which the provincial government pays \$30. Where possible, help is given by the blind person. To Help Themselves

The basic philosophy of the CNIB, the speaker continued, is to

help the blind to help themselves; to build a house of character on faith, courage and knowledge, by using temperance, patience and brotherly kindness.

At a normal school at Toronto young girls are taught to instruct in Braille and Moon reading; touch typing, and various crafts, and they are liaisons throughout Vancouver and the province between the Institute and those without sight.

There are 30,000 books for lending at the national office, and 1000 talking books. These are loaned and mailed free anywhere in Canada to any blind.

Through the Institute efforts Mr. Ogilvy told the gathering that concessions have been granted to sightless, such as white canes, free radio licenses, half fare of train and steamship travel; and Braille watches and typewriters on permanent loan if those needing them cannot purchase them.

In Vancouver the Queen Elizabeth Home for the Blind is maintained. It is a beautiful building on six acres of tax free land. Here is accommodation for 85 and room for expansion.

Stress is laid on recreational activities, and last year the choir won praise at the B.C. Musical Festival. Bowling and fishing clubs and summer camps are arranged for the blind through the B.C. headquarters and a club has been formed in Kelowna with a membership between 30 and 40 in that area.

School age children are cared for through the Provincial School for the Blind at Vancouver.

A Canadian Council for the Blind has done a great deal to unify thought and points of agreement for those needing this special type of care. At a conference held in London last year it received much favorable comment and was unknown in other countries throughout the world.

Since 1923 there have been many experiments in placing blind persons in industry, and many are now in competitive employment. They do packaging, sorting, hand filing, and develop X-ray films, as well as work in public and private hospitals, run building concession stands and industrial canteens. Wherever possible they are employed on the staff of the CNIB.

The B.C. executive officer stated that the intangibles in connection with the work of rehabilitating the blind are most important and hard to detail. There are so many embarrassments, conflicts and readjustments following the impact of blindness, and he urged his audience in the words of Helen Keller: "Move up a little closer on the bench of life and make room for a blind brother."

EVERYBODY WELCOME

Teen Town

Our congratulations to Olive Mason, Miss Summerland of 1950. Olive was crowned by 1949's queen, Merle Heavysides, at the Living Memorial park playground on Saturday night.

Teen Town's Miss Summerland dance which was held at the Youth Centre following the coronation was a great success. Special thanks to Mr. and Mrs. Frank MacDonald for chaperoning at this event.

During the evening there was a short interview with Miss Summerland, and David Wright was named the best Teen Towner for June.

Don't forget, if you can possibly take any billets for the Okanagan Valley dance which is to be held here on July 29, please see any council member immediately. All proceeds of this dance are being given to the Hospital Auxiliary to help pay for an oxygen tent.

We are going to have top notch entertainment for you, so be sure not to miss it. One or two Teen Towns from across the border are being invited in addition to those in the Okanagan Valley. The admission will be 70c a couple for members and \$1. for non-members. The orchestra will be Ken's Men.

There will be a dance this Saturday night starting at 8 p.m. in the Youth Centre. Admission is 25c for members and 35c for non-members. It pays to have a membership card, don't you think?

SCOUT NEWS

There will be a meeting on Tuesday, July 18, at 7 p.m. at the Youth Centre to discuss plans for the summer camp July 27 to August 2 at Clewwater Lake.

Scoutmasters Fisher and McCargar have visited the site and report excellent prospects for fishing.

Every boy planning to go to camp must attend this meeting. Those boys still owing dues can pay them to the secretary at the meeting.—D. V. Fisher.

MORE ABOUT

OLIVE MASON

Continued from Page 1
Greetings from the Municipality of Summerland were brought by Councillor F. E. Atkinson in the absence of Reeve C. E. Bentley. Mr. Atkinson spoke in commendation of the community spirit which had made so many projects possible in Summerland.

Then came the 'queen contest, the four candidates being dressed in sports attire. Each girl paraded before the microphone and given an opportunity to answer a number of questions asked by the master of ceremonies.

Unsuccessful candidates were Julia Hack, Louella Polesello and Shirley Schumann.

The judges were Miss Ruth Dale, S. A. MacDonald and Rev. D. O. Knipfel.

The applause which greeted the announcement that Miss Mason had been chosen Miss Summerland left no doubt but that the selection was a popular one.

Merle Heavysides, Miss Summerland for 1949, crowned Queen Olive as a concluding part of the ceremony.

The newly-crowned queen then drew the lucky number for the Sunbeam Mixmaster which was given away in connection with the event. Winning ticket was held by Mrs. Harry Tomlin.

McGill Students Drive to West Coast

Seeing the country on an extended motor trip, Mrs. W. S. Nield's niece, Miss Ann Bushell of Montreal, a student at McGill University and two of her college friends, Miss Doone McMurdy and Miss Rose Marie Shutz, arrived here last Friday.

While here they stayed at the home of Mrs. Nield's son-in-law and daughter, Mr. and Mrs. D. L. Sanborn.

The girls had driven from Quebec through the States to Vancouver, and had spent some time in Vancouver Island.

They came here by way of the Fraser Canyon, and left on Tuesday morning to drive on the Big Bend Highway to Banff and to attend the Calgary Stampede.

They are equipped with a pup tent and sleeping bags, so never have to look far for a night's lodging. They expect to be back at their homes by the end of August.

Nurses' Residence Scene of Showers

Three showers have been held at the nurses' residence recently in honor of three members of the staff who are to be married in the near future.

The first was to honor Miss June Cook whose marriage to Mr. Bob Barkwill takes place this month in Vancouver.

The second was for Miss Wilma Stewart who will marry Mr. Gavin Patterson of the experimental station staff in August.

The third party was in anticipation of the marriage, also in August, of Miss Ellen Torrance and Mr. Gordon Smith, municipal clerk at West Summerland.

Each of the girls was given a miscellaneous shower and presented with a wedding-gift of a beautiful trillite lamp.

Mrs. R. Birch is Honored by Circle

Last Friday evening, July 7, a social evening was arranged by the Evening Circle of the Baptist church. It was to honor Mrs. R. Birch, who has been the president for the past year, before her departure from Summerland to make her home at the coast.

Over twenty were present at the happy gathering which took place at the home of Mrs. C. H. Elsey. During the evening, Miss Evelyn Beaman, a visitor from Vancouver, sang pleasingly.

Mrs. T. Racicot, vice-president, who will replace Mrs. Birch as president in the fall, presented the guest of honor with attractive book-ends made of pressed wood.

Delicious refreshments were served by the hostess assisted by members of the circle.

Guide Association Inspects KAT Ranch

Last Thursday afternoon, July 6, members of the Guide Association were guests of Mrs. F. E. Atkinson at her camp on the lakeshore at the KAT ranch between Summerland and Peachland.

While enjoying the drive out on the lovely summer afternoon and tea later, plans were made for the 1st Summerland Company Guide camp which, through Mrs. Atkinson's kindness, is to be held there from July 22 until August 3.

There are shady spots for tents, adequate space for games, hikes and other sports, and splendid swimming.

ATTENDS RFD CROSS CLASS IN WATER SAFETY

Ruth Klux attended the classes for instructors provided by the swimming and water safety division of the Canadian Red Cross Society in Kelowna last week. Instructors from all parts of the interior attended. R. Stengroom, assistant and Al W. Thiesen, director, both of Vancouver were chief instructors.

Bet You Don't Know This About Advertising

Quiz No. 2
How much does it cost per dozen to advertise the well-known brands of oranges? Is it 2¢? 3¢? 5¢ a dozen?

Answer: It costs less than 1/4¢ a dozen to advertise the big-name brands of oranges. That's only half the story. Advertising lowers your cost two ways:
Cuts the selling costs. And by helping make mass production possible, lowers the production costs, too.
So advertising saves you many times that 1/4¢ per dozen.

HOME AGAIN

Mr. and Mrs. Blair Underwood and their children have returned from a motor trip to California. They were as far south as Los Angeles and report very hot weather while they were in the south.

Miss Maida Morrill has returned to her home after spending a very enjoyable 10 weeks visiting relatives and old friends in Manitoba and Quebec.

Miss Ione Embree has returned from a six weeks' visit at Cornis, Alta. While on the prairie she attended the marriage of her sister, Miss Leola Embree to Mr. Frank Milbeyer of Castor, Alta. The wedding took place in the United church at Coronation, Alta.

VISITING ABROAD

Mr. and Mrs. Bert Stent are in Vancouver where Mr. Stent is attending summer school.

Mrs. H. J. Mott is on a two weeks' holiday visiting in Red Deer and Calgary, Alta.

Paul and John Birch left by car on Saturday, July 8, for the coast.

Mr. and Mrs. Wendell Schwab and Trudy are at the coast, and Mr. Schwab is at summer school at Victoria.

Rev. and Mrs. H. R. Whitmore and their two sons left on Wednesday to spend a month's vacation on Vancouver Island.

Mrs. E. Bergstrom and the children left by car at the beginning of the week to join Mr. Bergstrom at Victoria for the summer months. They drove to the coast with Mr. and Mrs. H. Locke of Kelowna.

Dr. and Mrs. W. H. E. Munn drove their guests, Mr. and Mrs. Mobbs, and Mrs. Dorothy Hatton of Toronto, to Vancouver last Saturday, returning on Sunday, while the eastern visitors remained to sight-see at the coast before returning to Ontario.

VISITING HERE

Miss Valerie Tingley is spending the remainder of the summer vacation at the home of her parents, Mr. and Mrs. E. A. Tingley.

Mrs. H. A. Wardell of Vancouver and her daughter Joyce are visitors at the home of Mr. and Mrs. A. R. Dunsdon.

Mr. R. H. Miller of Vernon is visiting for a few days at the home of his parents, Mr. and Mrs. F. A. Miller.

Visiting at the home of Mr. and Mrs. James Kean last weekend were their friends, Mr. and Mrs. C. E. Rumball of Vancouver.

Sgt. and Mrs. J. A. Knox and their sons, Bobby and Tony, are here for three weeks from their home at Chilliwack.

Mr. and Mrs. W. S. Nield and their two children of Calgary, Alta. are guests at the home of the former's parents, Mr. and Mrs. W. S. Nield.

Mr. Roland Scriver who attends Vancouver College is spending the summer vacation at the home of his brother and sister-in-law, Mr. and Mrs. Bob Scriver.

Mrs. H. Freeman and her children are here from Vancouver staying at the Trout Creek cottage of Mrs. Freeman's parents, Mr. and Mrs. Hugh Sharman.

Mr. and Mrs. Alf Spinks and their children of Calgary, Alta. are guests of Mr. J. W. Miller, having motored here from the prairie province.

Mr. and Mrs. Charlie Fujita are here from Alberta visiting for about a month at the home of Mrs. Fujita's parents, Mr. and Mrs. Kawasaki.

Mr. and Mrs. Albert Beutel of Lipton, Sask., and their two children motored here recently to spend a few weeks visiting at the home of Mr. and Mrs. J. St. Denis.

Visiting Miss Kay Jessop for two weeks are her sister, Miss Phyllis Jessop of Leask, Sask., Miss Doris Jessop of Saskatoon, Sask., and Miss Verena Lowrie of Kinistino, Sask.

Mr. and Mrs. Robert Skinner of Wilkie, Sask., and Mrs. Mary Piedt with her two children, Shirley and Fred, of Saskatoon are visiting at the homes of their sons Len and Earle Skinner.

Mr. and Mrs. W. Squance and the latter's mother, Mrs. Birch of Vancouver, visited on Tuesday at the home of Mr. and Mrs. C. V. Nesbitt and on Wednesday at the home of Mr. and Mrs. Wm. White.

Mr. and Mrs. V. M. Lockwood had as weekend guests the former's nephew, Mr. Vern Lockwood and Mrs. Lockwood, accompanied by Mr. and Mrs. Sam Hilton, all of Bellingham, Wash.

Mr. and Mrs. George Creighton and son Jan of Vancouver, Mrs. L. Tavender, and Mr. and Mrs. J. Brandon visited here last weekend. Mrs. Brandon is the former Miss Audrey Tavender.

Mr. and Mrs. L. Miller and their daughter, Miss Lavina Miller, Mr. and Mrs. Gordon and their son, of Chase, B.C., are guests at the home of Mr. and Mrs. J. Heicher, Prairie Valley.

Mr. "Pop" Dunsdon enjoyed a surprise visit on Sunday from Mr. and Mrs. Barnes of Lumby, B.C. with whom he made friends while travelling to England two years ago.

Expected next weekend are Mr. and Mrs. R. M. Kerr and their son, Bill, of Salmon Arm who will visit at the home of Mrs. Kerr's parents, Mr. and Mrs. P. H. Thompson.

Mr. and Mrs. H. Evans and family of Rosetown, Sask., were visitors at the home of Mr. Roy Smith and Uncle A. E. Smith while returning from an extended motor trip through B.C. and U.S. coastal states.

Mrs. John Manning is enjoying a visit from her parents, Mr. and Mrs. Andrew Davis of Three Hills, Alta. Mr. and Mrs. Davis will be here for a few weeks and will visit also at the home of their son, Mr. W. W. Davis.

Guests at the home of Mr. and Mrs. T. McKay this weekend are Mr. and Mrs. J. Higgins and children of Spokane, Wash., Mrs. H. Carmichael and daughter of Blairmore, Alta., Miss Margaret Carmichael and Mr. Phil Smith of Trail.

Mr. and Mrs. J. Atkinson of Youbou, V.I., accompanied by sons Dal and Jimmie on leave from the Canadian navy, and daughter Sally were visitors last week at the home of Mrs. Atkinson's parents, Mr. and Mrs. A. E. Smith.

Mr. and Mrs. K. S. Cowper of Vancouver, whose daughter, Miss Betty Cowper is a guest of Miss Julia Hack, have been staying in Penticton, and visited at the home of Mr. and Mrs. Wm. Hack on Wednesday.

Miss Audrey Stent and Miss Jane Zinick, nurses in training at Lamont hospital, Lamont, Alta., were recent visitors at the home of the former's parents, Mr. and Mrs. Cyril Stent. The girls went on to Vancouver to attend a nurses' convention.

Mr. John Theed left on Wednesday evening for Vancouver and will fly to Dawson City, YT, where he has been transferred as manager of the branch of the Bank of Montreal there. Mrs. Theed will visit here for a longer time, and with Miss Elizabeth Theed plans a week's motor trip before leaving to join her husband.

Mr. and Mrs. George Maier, and their three boys arrived on Monday from Acampo, Calif., to visit at the home of the former's brother and sister-in-law, Mr. and Mrs. Wm. Maier. The brothers had not seen each other for nearly twenty years until the reunion at the beginning of the week. Other guests at the Maier home are their nephews, Jackie and Dennis Maier of Barr Hill, Alta.

Mr. and Mrs. Albert Gibbard and family of Campbell River motored here en route to Rossland and visited at the home of the former's brother and sister-in-law, Mr. and Mrs. Ralph Gibbard. Accompanying them to Rossland to visit for a month at the home of her uncle and aunt, Mr. and Mrs. Wilfred Gibbard, was Connie Gibbard of Prairie Valley.

Vancouver guests for a few days at the beginning of the week at the home of Mr. and Mrs. B. Trafford were Miss Joy Lee, Miss Norma Devan, Mr. Mel McDowell and Mr. Wilf Elder. Mrs. Trafford's brother, Mr. Stan James of West Vancouver is a visitor for a week at the Trafford home.

Mrs. R. H. Helmer of Ft. Langley, was a weekend guest at the home of Mr. and Mrs. R. A. Johnston. Mrs. Helmer was delighted to see many old friends when Mrs. Johnston entertained at a tea in her honor on Saturday afternoon. The visitor will be remembered as the wife of Mr. R. H. Helmer, the first superintendent of the Summerland experimental station. Since that time the Helmers have lived in Nicola and for a number of years in the Fraser Valley.

Miss Marion Myers, director of nursing at the St. John Tuberculosis hospital, St. John, N.B., after spending a week with her cousins, Mrs. Angove and Mrs. Duguld, left on Tuesday for Vancouver where she will take a plane for her homeward journey. Miss Myers attended the Canadian Nurses' Assn. conference at Vancouver and while in the Okanagan spent a couple of days with her friend Miss Edith Stocker, director of nursing at Kelowna General hospital.

VISITING ABROAD

Miss Ellen Torrence, RN, who has resigned from the staff of the Summerland General hospital, left yesterday for her home in Elrose, Sask.

HOME AGAIN

Dr. J. C. Wilcox returned on Monday from a trip to New Brunswick.

Last Junior League Game This Sunday

Final game of the regular league season for Summerland Red Sox will be played at the Living Memorial athletic park this Sunday afternoon when Naramata appears.

WITHDRAWS BALL PROTEST

Penticton has withdrawn its protest of the game at Oliver in which umpire J. Nolan is alleged to have placed a bet with a Penticton fan.

REVIEW CLASSIFIED ADS BRING RESULTS

Errors, Poor Base Running Cost Merchants Game with Omak

For six out of the nine innings, Summerland Merchants played good baseball at Living Memorial athletic park last Sunday but those other three innings meant all the difference between a good ball game and one which left the good-sized crowd of hometown supporters pretty dissatisfied.

grounder to shortstop. He proved an easy out. Kuroda made a nice single in the sixth and tried to stretch it to second where he was out a mile.

Browner scored the Merchants' second tally in the 7th on Metcalfe's second hit of the day.

But the game started to go haywire in the eighth when Taylor booted a cinch double play and Russell scored as a consequence.

Another doubleplay in the ninth went begging when Walsh threw wildly to Day. With a man on third and another on first Metcalfe tried to cut off a steal at second and threw the ball clear into centre-field, the runner from third walking home. B. Lightly's triple scored two more and brought Omak's total to nine.

Vanderburgh, who had been robbed of a cinch hit in the seventh when E. Russell picked off a straight line drive for the prettiest catch of the season, leaned into a delivery to send it to left field for three bases. Browner's single scored him and the latter went on second and third on two Omak infield errors and came home on Day's long fly to centre garden.

Joe Marchand, Omak Indian hurler, had a deceptive change of pace which kept the Merchants under control most of the time, but Walsh's record for the game was superior against a heavier hitting team.

Nesbitt was kept busy in centrefield where he gathered in five long fly balls.

Box Score table with columns AB, R, H, PO, A, E for both Omak and Merchants.

Summary: Stolen bases, Erawner 2, Ray, H. Picard; two-base hits, Metcalfe, J. Lightly, B. Russell; three-base hits, Walsh, B. Lightly, Vanderburgh; home runs, Mallett, Day; bases on balls, off Marchand 1, off Walsh 3; struck out, by Marchand 4, by Walsh 9; double plays, Marchand to B. Lightly to Mallett; left on bases, Omak 7, Summerland 4; wild pitch, Walsh 1; umpires, McCargar, Galler.

But the two players who made two glaring miscues each were George Taylor at short and Metcalfe behind the plate. On four occasions they spoiled their otherwise good play.

Fans were more than ever convinced after Sunday's encounter that Taylor should be sent back to centrefield where he has sparkled so brilliantly for the past few seasons. Of course, the question which Manager Ben Trafford faces at this stage in the season is who to replace Taylor at the short position.

It was an afternoon of long hits by both teams. J. Lightly started the affair with a vengeance when he walloped Walsh's first delivery into left field where it went over Kuroda's head when that generally consistent fielder misjudged the flight.

Picard singled and stole second and Russell's smash to centrefield scored both runs. Nesbitt fumbled in the outfield and Russell went to second. He then travelled to third on a wild pitch and scored when Metcalfe allowed a pitch to get away from him. The ball only rolled a few feet away but Russell still counted the third run.

In the third, with Russell again on the paths with a clean double, Mallett, Omak first-sacker, leaned into one and sent it deep into centrefield for an easy homer, leaving the visitors ahead 5-0.

Wally Day raised Merchants' hopes in the same frame when he duplicated Mallett's effort with another four-base circuit.

Walsh then settled down and had Omak completely under control until the 8th frame. On the other hand Merchants were threatening on several occasions but poor baserunning cost plenty of chances.

Nesbitt was one of the worst offenders, thinking he was out at second when the umpire waved him safe, and continuing to amble along the field for an easy putout.

With one down in the third, Metcalfe spoiled a mighty double when he tried to score on Day's

Fishing Reports

(By Bert Berry) Okanagan Lake - Fishing fair, with no real size to catches this week. People still catching off Summerland, Crescent Beach and Peachland areas.

Flash Lake Chain - Road good, fishing fair. Upper lakes still producing large fish; up to 2 pounds, at least.

Glen Lake - Road poor; fishing fair.

Agar Lake - Road passable; fishing only fair.

Silver Lake - Road very rough; fishing just so so.

Beaver Lake - Road fair; one report shows fishing just fair to middlin'.

Headwaters Camp - Road good enough and fishing has been best there of anywhere this week. Biggest out of No. 1 dam has been a 3 1/2-pounder... a good fish.

Garnet Valley Dam - Road good and the few people that know the spots continue to get good fishing.

Trout Creek Mouth - Pretty fair fishing at the irrigation ditch.

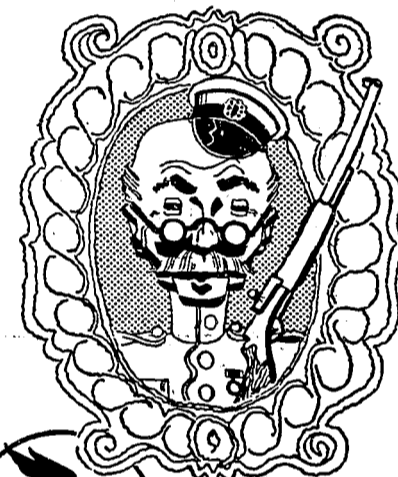

Beaver Lake - Road good; fishing pretty good.

Nat May Tells Of Irish Rebellion

Impressions of the last Irish rebellion, which commenced in 1911 were vividly described by a man who participated in a good deal of that particular strife to Rotary Club of Summerland at the Nu-Way Annex last Friday evening.

Speaker was Nat May of the experimental station staff, who was 14 when he joined the northern forces who wished to retain affiliation with Great Britain.

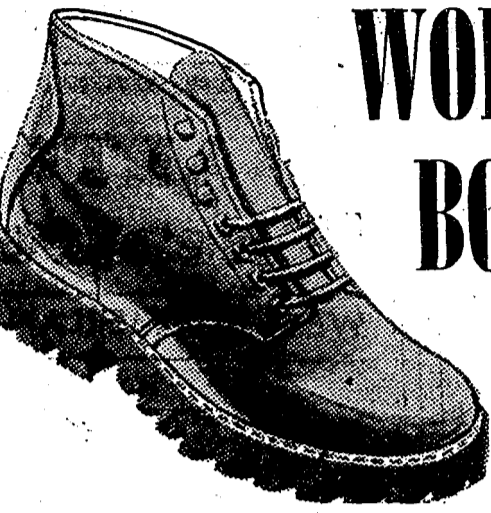

He described the religious factions at work in Ireland and the offers made to north and south by both England and Germany during the early stages of World War I. His many interesting side glances at shootings, disorders, arson and other results of the conflict within that turbulent country were sometimes astonishing but mostly amusing in the manner they were told.

Rifle Shield Main Prize On July 30

Plans are now being formulated by the Summerland Rifle Club for the annual open shoot at the Garnet Valley range where shooters from Kamloops to the border will gather on Sunday, July 30.

The B.C. Dragoons challenge shield will be the main prize for which the marksmen will be competing on that day.

Last Sunday two fine scores were turned in by D. L. Sanborn and Doug Price who each shot 97 to lead a big list of competitors. Other scores follow:

Fred Dunsdon 95, Len Shannon, Steve Dunsdon and Art Dunsdon 94, H. Simpson, Phil Dunsdon, D. Taylor and George Dunsdon 90, A. Moyle 88, Jack Dunsdon, George Forster, Ed Gould 87, Jack Dunham 85, Helen Price 84, Joe McLachlan and Joe Elliott 83, George Graham 79, George Stoll 77, H. Dunsdon 75 and Joe Maddison 73.

Rink Association Seeks Power Tonight to Borrow \$25,000

Tonight the Summerland Rink Assn., is holding its general meeting at the Nu-Way Annex to consider the advisability of its future steps.

According to President George Stoll, debenture purchase pledges in the amount of more than \$20,000 have been obtained. This was the sum considered a minimum before any further action could be taken.

Total cost of the rink structure proposed to give Summerland hockey and curling under cover is estimated at a minimum of \$30,000. It is hoped that a big proportion of the \$10,000 difference will be made up in voluntary labor.

The resolution which is being presented to members of the Summerland Rink Assn. tonight is as follows:

Table titled 'HOW THEY STAND' with columns for Team, P, W, L, Pct. for Interior Baseball League and Okanagan International.

Last Sunday's results: Penticton 4, Mansfield 2, Tonasket 7, Oliver 6, Brewster 5, Coulee Dam 4, Omak 9, Summerland 4. Standings of teams in the South Okanagan junior league are not available. League Secretary Miss Jacque Trafford states. Tennis have not filed results of all games, but it is known Summerland Red Sox are on top with Penticton second and Princeton third.

'RESOLVED that the association borrow the sum of \$25,000.00 and that the association issue bonds to the amount of \$25,000.00 in such denominations as may be determined by the directors and that such bonds shall be repayable within twenty years and shall bear interest at three per cent per annum, payable annually.'

Surprise Party on Husband's Birthday

A surprise party was arranged by Mrs. Steve Cochlich in honor of her husband's birthday at the home of Mr. and Mrs. John Schmidt on Tuesday evening, July 4. Friends enjoyed a social gathering and listened to records. Refreshments were served by Mrs. Cochlich. Those present were Mr. and Mrs. John Schmidt, Mr. and Mrs. Hans Stoll, Mr. and Mrs. G. Turigan, Mr. and Mrs. Adam Felker, Mr. and Mrs. Jack Felker and Mr. and Mrs. George Szing.

Need for Rest Rooms Stressed

Need for public rest rooms in West Summerland area was brought to the attention of municipal council this week by the South Okanagan Health Unit. The unit stated that one restaurant owner complained he could not keep his premises tidy because of the general public use made of washroom facilities.

This discussion brought forward some tentative plans for rest rooms, but no mention was made of any possibility of such a structure being erected this year.

BOHIS OFFICE CRACKS DOWN AT KELOWNA

KELOWNA — An all-out crack-down on delinquent B.C. Hospital Insurance Service accounts has been started here. With some 300 delinquents in the area, the BOHIS office is issuing payment orders on those employed and prosecution orders for those retired or employers themselves.

Eighteen Months Without Accident Honored

On Saturday morning, a distinctive honor was bestowed on members of the logging division of the Summerland Box Co. Ltd. when they were presented with a certificate in recognition of 18 accident-free months of operation, the cleanest record in any logging enterprise in the interior of British Columbia east of the Cascades and including Princeton to Cranbrook.

Above can be seen Tommy Hooker, well-known Summerland resident, receiving the Meritorious Safety Performance Certificate from Roy Lehman, inspector of safety for the logging division of the Workmen's Compensation Board.

Immediately behind the naturally-pleased Tommy is Mrs. Annie Hallam, camp cook, while from left to right in the circle are Bert Grumman, Bill Reid, Al Wolfer, Herb Carlson and Virce Singer.

Interested spectators of the presentation ceremony, which took place on the box company's Granville street office on Saturday morning were the company's president, W. A. (Bud) Stewart, Secretary-treasurer Ken Stewart and Company Manager George Perry.

This certificate was "for the best accident frequency rate in Group G operations in the logging (interior) industry of British Columbia for the year 1949", but actually it took in 18 months of continuous operation free of accidents.

The certificate, which was signed by Adam Bell, WCB chairman and Arthur Francis, chief inspector and two commissioners, has the following inscription:

"This award recognizes that the performance cited has resulted from an active interest in industrial safety on the part of both management and labor and that through this accomplishment there has been a conservation of human life and a lessening of distress to the workmen of this province.

"This commendable example will inspire others to greater achievement and result in immeasurable benefits to those engaged in industry."

In those 18 months the logging crew worked 30,182 man hours without an accident.

MORE ABOUT—

TWO FORGED

Continued from page 1
pany the party to the Rialto theatre. Satisfied that he was out of the way for a time, the party returned to the Wolfe home and Reid and Spurrell are believed to have gathered together a quantity of clothes and a new leather suitcase.

The party then called a taxi and departed for Pentiction.

Besides the suitcase, the "loot" stowed away from the Wolfe home included trousers, windbreaker, overcoat, shirt, towels bed sheets, blanket, pots and pans.

When the party registered for work at the farm labor office they gave no permanent address to W. J. Beattie, employment officer, nor did they give any indication to Mr. Wolfe as to their previous home.

(Both cheques were made out in

COST OF TRUCK BODY

Cost of building the body and fixtures on the new electric light department came to \$2,064.60 according to the account submitted to council this week by Pentiction Engineering Works. This amount is within original estimate.

pencil and included Mr. Wolfe's savings account number. They had obtained the number from a cheque issued to Reid in payment for five days' work last week.

Theft of the clothing was discovered Saturday evening when Mr. Wolfe returned home but the forgeries were not detected until the cheques were deposited at the Bank of Montreal office here on Monday.

Insurance to Value

Every serious fire or conflagration, wherever it occurs, finds many individuals greatly underinsured, or, with no insurance whatsoever. This was particularly true in recent conflagrations.

The protection afforded is moderate in cost. Check the values of your home and furnishings today and if you need added coverage contact your Insurance Agent

PICK AND SHOVEL TODAY AND WHAT TOMORROW

Look at a gang of pick-and-shovel men working in the street. Better look them over carefully. The head of tomorrow's big construction company may be among them.

That is the way our system works.

There is nothing wrong with pick-and-shovel work. It is honest toll, pretty well paid these days—better paid by far than anywhere in the world outside this continent.

But always there will be some whose ambition stretches to greater things. So they save their money, and soon they are taking small sub-contracts; later, bigger ones. And after demonstrating the ability to work hard and lead men, they get more capital and go after still bigger jobs. Eventually it can be a big construction company.

Dreaming? Not a bit. The head of just about every large contracting firm in Canada started that way and fought his way up the ladder of success.

That is why it is called the free enterprise system. It works for Canada and Canadians.

It is worth guarding and preserving.

BRITISH COLUMBIA FEDERATION OF TRADE AND INDUSTRY

Camp Sorec Starts New Life Filled With Happy Youngsters

Camp Sorec! You know where it is? Down on the southern side of Trout Creek point, familiarly known as the Farm Beach.

Through the courtesy of Dr. R. C. Palmer, superintendent of the experimental station, the South Okanagan Religious Educational Council has been able, for a nominal sum, to have the administration of this ideal camping spot.

The name SOREC was devised by using the first letters of the words in the title of this organized group which is made up of representatives of the United and Baptist churches in the area, and a few others.

The campsite is a quadrangle, with Okanagan Lake forming the southern side, the three other sides bounded by tall natural trees.

Cottonwoods of great height that must look "high as the sky" to a small camper are throughout the grounds, and on the northern boundary line Trout Creek tinkles over white stones to add its music to the constant orchestration of the lake.

The shoreline is silver sand and swimming conditions excellent. The beach is dotted with spots where innumerable campfires have sent their pungent smoke to float through the treetops during the long summer evenings, and to scent the quiet air as time for sleeping drifts slowly over the tent tops.

Probably unequalled in the province as a suitable camp, there is a lock on the gate this summer, and visiting is controlled. Guests may come only at specified times, so that while the place is easily accessible, it is still remote. The latter fact is most desirable from the campers' point of view.

This year many improvements have been made, and a sum of about \$650 spent to make for more comfortable living. The money is the contribution of SOREC.

Floors have been made for the tents; the dining-hall has been repaired; extra tables were made; and the kitchen improved.

The Summerland AOTS gave many hours of voluntary labor to do the work necessary and Rev. H. R. Whitmore and Mr. E. J. Bennett have been unstinting with their time and labor.

The fine new sign to indicate the camp was made and donated by Mr. Mel Cousins.

From July 3 to 10 nearly 80 small boys were encamped—junior boys from South Okanagan and Similkameen. They were led by Rev. H. R. Whitmore with Dou-

Bulwer, of Keremeos, and Jim McCormick, of Penticton, assisting. David Wright and Gerald Washington, Summerland, took sunset waltzers at this camp, and Mr. Walter Bleasdale helped at campfires.

From July 10 to 17 senior boys were at SOREC with Mr. Ian McMillan, boys' worker, Vancouver in charge. Rev. Don Paris, of Naramata, assisted also, and Mr. Bob Straith, of Victoria, was another helper.

Canadian Girls in Training in their uniforms of white middie and blue skirts are the friendly invaders from July 17 to 26, coming from various centres in the Similkameen and South Okanagan to be led by Mrs. George Goodwin, of Penticton.

Following the girls, two Baptist camps will be held in succession under the direction of Rev. Don Knippel. A Young People's Assembly, July 26-31 will have the leadership of Rev. Frank Humphreys, of Alta Vista Baptist church, Vancouver, for the first three days, and then of Rev. Ron Watts, principal of the Baptist Leadership Training School, Calgary. The last Sunday will be an open session with families attending.

A nine-day camp for boys and girls is from July 31 to August 9. Mr. Ron King, Kaleden, will be up for this, and Miss Coss, Penticton, with several other leaders and helpers.

All the next week uniforms of Penticton Guides will be seen. Mrs. E. A. Titchmarsh, division commissioner, and other Guide officers will help to train these girls. Mrs. A. Bonnett, camp supervisor, Oliver, will be another helper.

Mrs. Bonnett plans to hold a Guide Trainer camp August 10-23. This is to give instruction to Guide leaders, explaining methods and rules, and giving suggestions towards furthering Guide work and ideals.

Hundreds of people will enjoy this delightful campsite during the summer months. They will go back to their ordinary work rested and refreshed, remembering the beauty of the place; the friendships made; feeling the vigor and stimulus transmitted.

If they have been fortunate enough to have been there when the moon slowly rose over the dark blue tops of the mountains and made a silver path to the door of each pale tent, they will think of it as a dream place.

Fire Blight Beginning to Show; Urge Pear Orchard Patrols Daily

During June and early July local orchards were very free of fire blight. Now, however, this disease is beginning to assert itself in a good many orchards and has been aided in its spread by the recent heavy rain showers, warns Alec Watt, district horticulturist.

It would seem wise practice for orchardists to pay close attention to this disease in their pear holdings for the next few weeks. A patrol should be made of the pear orchard daily during showery weather and any new infections should be removed, cutting at least 18 inches below the last sign of the blight.

"It will be necessary to use corrosive sublimate disinfectant on shears and saw after each cut. All material cut off should be collected and burned immediately.

"This method of control is practical where the disease is only in the beginning stages and a few tips of blight may be seen here and there on occasional trees. However, should the disease have progressed to the stage where it is threatening the larger scaffold limbs of the tree it is often more effective to stop cutting and resort to zinc chloride solution.

"When things get to this state, the orchard should be kept as dry as possible since this in itself tends to prevent rapid spread of the organism through the pear tissue.

"Zinc chloride canker paint is a solution of this compound in hydrochloric acid and wood alcohol. It is highly toxic to the blight organism and will penetrate the infected bark killing the bacteria and preventing further spread. In many cases last year and in other epidemic years it prevented the blight from entering the trunks of trees and killing them.

"Zinc chloride is very hard on clothing, particularly woollens and leather goods, but does not affect cotton or rubber. Care should be

taken not to let it splatter when applying. It does not usually harm the hands, but may be very painful in the eyes.

"Zinc chloride solution may be obtained in three strengths, 33 p.c., 43 p.c. and 53 p.c. In hot weather (over 70 deg. F.) 33 p.c. solution is used on limbs up to 2 1/2 inches in diameter, 43 p.c. on limbs from 2 1/2 to 4 inches, and 53 p.c. on limbs over 4 inches in diameter. In weather over 70 degrees F., 43 p.c. solution is used on limbs up to 2 1/2 inches and 53 p.c. on limbs from 2 1/2 to 4 inches.

"When applying zinc chloride use a 2 to 2 1/2 inch paint brush. Put on liberal applications and make sure the solution gets into all cracks on rough bark.

"Keep the brush fairly full but try to avoid splattering. Paint right over the darkened infected area and at least a foot to eighteen inches beyond the infected area above and below the canker.

"Do not paint directly from the bottles containing the zinc chloride solutions as these will become stronger if left uncorked. A better plan is to use a wide mouthed sander from which to paint. Before starting a new tree estimate the amount of solution required to cover the cankers on the tree, uncork the bottle containing the proper solution and pour the necessary amount into the wide-mouth sander, then cork the bottle immediately.

"Another good idea is to carry a small pot of light colored paint and another pot brush with you. When the treating of an infected limb or canker is completed a dab of paint can be put on to mark the position of the canker and the margins of the area covered with zinc chloride. This is useful whether the blight has spread beyond the treated area and also acts as a marker when cutting out blight in the fall or winter.

Plants to Finish This Week-end

For the past week to ten days canneries and packinghouses in Summerland district have commenced operation on the 1950 soft fruit crop. The amount of processing and packing is, of course, extremely limited but some employment is being offered and will increase as the fall approaches, it is estimated.

This week sees the windup of picking and canning cherries in this district.

This afternoon Barkwill's Ltd. cannery expected to start canning the first of the Okanagan apricots, a small shipment arriving from the southern part of the valley. This firm expects to can 10 percent of its 1949 'cot pack.

Cornwall Canning Co. has completed a four-day run on cherries, employing some 25 women. A carload of rhubarb is being processed now. There is nothing definite on whether the Cornwall will import apricots because of the lack of this fruit in the Okanagan.

The Garnet Valley cannery has made arrangements to import some U.S. apricots and some of the shipments have already arrived. The fruit reached here in excellent condition, it is stated.

ARTHRITIS FUND IS CLOSED AT \$340

Joe McLachlan, past president of the Rotary Club of Summerland states that the arthritis and rheumatism fund campaign in this district was wound up last month with a total of \$340.50 being subscribed. This is more than \$100 below the amount which it was hoped to raise in this district, as the tentative quota was \$450.

Construction of Arena May Start Early Next Month Says G. Stoll

Construction of a new arena, for hockey and curling, may commence in Summerland on a portion of the Stuart orchard property next to the badminton hall early next month, George Stoll, Summerland Rink Association president, has announced following last week's general meeting.

Authority was granted last Thursday's meeting to issue bonds valued at \$25,000 and bearing three percent annual interest in order to raise funds to commence construction.

Volunteer labor will be sought soon to clear the land ready for start of construction.

Only one dissenting vote was registered on Thursday when 23 persons attended the extraordinary general meeting of the association at the Nu-Way Annex, to authorize the issuing of debentures.

These bonds will be issued in the near future and those who have pledged funds will be asked to make the cash available in lieu of the bonds.

Negotiations between association officers and W. A. (Bud) Stuart for the purchase of a portion of his land adjacent to the badminton hall were underway this week and it is expected that the sale will be put through shortly.

The rink association is requesting a forty-foot road be provided in the subdivision so that plenty of access can be provided for the arena property. Besides the actual land for the building site there will be more property available for parking, it is stated.

Art Sladen, association secretary, stated yesterday that a call for volunteers to clear the land will be issued as soon as the land purchase is arranged with Mr. Stuart. It is reported that cost of the property is in the neighborhood of \$1,500.

Resident for 31 Years Passes at Kelowna

The death occurred in Kelowna General Hospital last Thursday, July 13, of Mrs. Mary Edith Fisher, aged seventy years.

The late Mrs. Fisher was visiting her son, Jim, at Kelowna, and suffered a stroke from which she did not recover.

Mrs. Fisher was born in Ontario and had lived in Summerland thirty-one years. Her husband, John A. Fisher, died about thirty years ago.

She is survived by three daughters, Mrs. Fraser Farrell (Mary) Tiverton, Ont.; Mrs. Harvey Walton (Agnes) Summerland; Mrs. Wm. Bates (Jean), Vancouver, and two sons, Jim of Kelowna, and Bruce of Montreal. Two sisters, Mrs. C. Azhorn, New Westminster; Mrs. F. Nelson, Windom, Minnesota; two brothers, Mr. J. Harrigan, Burquitlam, and Mr. J. Harrigan, Vancouver.

Mrs. Fisher lived for a time in Victoria Gardens, then in Parkdale, and latterly on Prairie Valley road.

Funeral services with Day's Funeral Home, Kelowna, in charge of arrangements, were held from St. Andrew's United church, of which Mrs. Fisher was a valued member and worker.

Rev. E. Rands, of Penticton United church was the minister in the absence of Rev. H. R. Whitmore.

Palbearers were Alex Smith, C. V. Noabitt, E. J. Feltham, Edgar Gould, James Gould and W. M. Wright. Interment was in Peach Orchard cemetery.

Here the tables were tastefully decorated with flowers in the Legion colors of mauve and yellow.

Convener was Mrs. Howard Pruden and those serving were Mrs. Frank Young, Mrs. H. McCutcheon, with others assisting.

A lovely cloth was won by Mrs. W. Wilne.

Survey to Determine if Bridge Across Okanagan Lake Feasible is Started

KELOWNA.—Survey of Okanagan lake to ascertain the feasibility of constructing a bridge between Kelowna and Westbank got underway last Thursday morning.

W. G. Swan, consulting engineer, Vancouver, considered one of the best B.C. authorities on bridge building has been commissioned by the provincial department of public works to investigate bridge possibilities. Sounding surveys will be made during the next few weeks and if the profile of the bed of the lake is satisfactory test holes will be drilled to ascertain how deep it will be necessary to sink bridge footings.

Mr. Swan said that if the public works department thinks it is feasible to build the bridge, after studying the results of the survey, authority will probably be granted to draft the necessary plans. Mr. Swan has returned to Vancouver leaving A. G. Harrison and a crew of five men to make the investigation, which will probably be completed in two months.

Mr. Swan admitted that the city park site to date shows the most promising "jumping off" point for the bridge, although other sites will be investigated. The lake is about 4100 feet wide at the city park.

Foplar Point to Bear Creek, one mile north of the city, is the next narrowest stretch of water. This site will also be investigated.

The engineer declined to discuss the probable cost of the bridge. Mr. Swan's company designed and supervised construction of the Pattullo bridge and were consulting engineers on the Lions Gate bridge.

He did not think the bridge across Lake Okanagan should be more than 90 feet high and would consist of two main spans with a suspension span in the middle.

Some time ago Mr. Carson stated he is in favor of setting up a bridge authority in the province for the construction of new bridges in various sections of B.C. Money would be borrowed for this purpose, backed by the resources of the province. Toll charges on bridges could go a long way to meeting interest payments.

Kiwanians Hold Picnic Supper

The Kiwanis Club and members of Kiwanis from Kelowna and Penticton held a picnic supper at the experimental station on Monday evening.

President J. Y. Towgood welcomed the guests, and singing was led by Kiwanian Frank MacDonald with another club member, Marcel Bonthoux, supplying music on his piano accordion.

Games were played on the lawn after supper, and putting proved popular with Mr. and Mrs. Garnet Peters winning first prize for low score, and Mrs. C. V. Nesbitt and Mr. Chuck Porter, Kelowna each receiving a prize for high scoring.

Legion Remembers South African Vets

All veterans of the South African war in this district are to receive honorary life membership in the Canadian Legion, it was proposed at last week's monthly meeting.

There are five South African vets in this district, namely Dave Jack, Dave Thompson, Thomas Whitfield, Jim Clarke and George Doherty.

Public Health Nurse Tells of Experiences in Five Countries

Experiences as a public health nurse in Ceylon, Great Britain, Italy, and occupied Germany were revealed in some detail to an interested Rotary Club of Summerland audience Friday evening at the Nu-Way Annex by Miss Joan Appleton, PHN in Summerland.

Her first post as PHN took Miss Appleton to Ceylon, where the interest being taken in an improved public health program is indicated by the appointment of an Indian as head of the World Health Organization.

War years were spent in Great Britain where it was noted that the pre-war housing project had had a marked effect on the general health and mental attitudes of those fortunate enough to occupy new dwellings.

It was tragic that so many of these new homes were bombed out during the war.

Miss Appleton gave an insight into the rigid rules and regulations under which she trained in the Florence Nightingale hospital in London. Routine was regulated by the striking of Big Ben nearby and when Big Ben ceased to strike it created a more disconcerting situation than the actual dropping of bombs.

Following the cessation of the war, Miss Appleton went to Italy before accepting a position with the British occupational forces in Germany.

Italy's Need Is Great

A great need for improved health services in southern Italy was stressed by the speaker who also found particularly depressing the overcrowded mental institutions in that country. These unfortunate inmates are not given a chance for readjustment, she stated.

Wholly inadequate medical supplies made the task of health work in occupied Germany a difficult one. The American zone was well supplied with needed drugs while the opposite was the case in the British zone, she found.

The health program in Scandinavian countries is probably the best in the world, she thought.

In conclusion, Miss Appleton described her return to Canada to continue public health nursing in B.C., first at Lillooet and Clinton before coming to Summerland area. She is leaving here in September to take up a similar post in Penticton.

Tree Removal Record Now Kept Locally

As authorized by the central executive of the BCFGA, a committee of three, including a BCFGA representative, a packinghouse representative and the district horticulturist started this week to visit growers who wish to remove winter-killed fruit trees.

This committee makes an inspection of the trees to be removed and records their size and variety as well as the number being taken out. A copy of this record is left with each grower.

Purpose of this committee is to provide the growers who wish to remove trees now with a certified record which will be the only proof of removal should compensation be forthcoming at a later date.

This committee is not conducting a survey of all winter-killed trees, nor assessing damage, it has been emphasized.

The special "state of emergency" meeting in Kelowna last month sought assistance for a tree removal scheme based on the precedent of the Nova Scotia provincial-dominion scheme underway for more than a year.

Growers who have trees ready to be pulled out should contact Alec Watt, district horticulturist, so that a visit of the committee can be arranged before the trees are removed.

Canada Should be Better Prepared

NOT since the cessation of World War II has there been such a need for preparedness in Canada, as in other democratic countries. Although we cannot believe there is a grave danger of the Korean conflict flaring immediately into World War III, the commitment of Russian troops to that theatre would probably prove the spark which would plunge the world into another international war.

Canada is the most vulnerable spot, as far as Russia is concerned, in the western hemisphere. Attacks could be made from the north and along the Pacific coast.

It is hard to conceive such a situation, but it was just as difficult to conceive a conflict such as the world suffered from 1939 on.

Canada needs a firm military policy. Canadians should be informed what the prime minister and his cabinet are contemplating regarding defence of our country in case a world conflict commences.

For some time this paper has advocated a policy whereby youths of the land would be required to undergo some type of military training; not only to provide them with a smattering of military discipline—which would be of benefit to a lot of young people—but to acquaint them with the use of the many forms of arms and ammunition needed to

defend this country in case of war.

Such a training would not be an absolute waste if there was no conflict. Such training would be of lasting benefit and would provide a certain amount of education. It would also provide a greater safeguard for the country in having a large number of partly-trained men ready for an emergency.

We shudder to think of another world conflict. It would be too devastating. The civilian population would probably be in as great danger as those in the armed services. A war between the forces of democracy and communism is just too ghastly to contemplate sanely. But the danger is there for us to see.

Would it not be better to face the danger now and do something to defend ourselves in time of trouble than to be forever wishful thinking?

One recent story emanating from Ottawa indicated that one of our prominent leaders, when facing a suggested war crisis, was ready to throw up his hands and cry: "What can a little country like Canada do in the face of such Russian might?" That is disquieting news to be emanating from our capital and in the light of Canadian efforts in World War II is defeatism of the worst order.

Canada can defend herself if she is ready, but her sons and daughters must be given an opportunity to ready themselves.

Signifying Nothing *By RUSTICUS*

The world today seems not unlike a high-powered car, loaded with passengers, at the top of a long downward slope, with two eager drivers fighting to get at the controls and set it in motion. Sooner or later one of them will succeed; and neither seems to realize that the road ends over a precipice and that there are no brakes on the car.

Already the Korean affair may have set things in motion. There is still time to stop it, if Russia does not step on the accelerator again, and too much praise cannot be given to the United States for acting so promptly and firmly in such an intammable situation.

But the facts that the Korean explosion took us so unaware, and that the first American forces suffered such a succession of ignominious defeats, show up glaringly what is perhaps the greatest danger on our side—that of treating the menace too lightly. Few of us yet realize that Communism is more than just official Russia, it is also a religion which, now that it is solidly established, can progress with or without direction from Moscow.

If you snort at this possibility of its being a religion, you are repeating the mistake we have already made too often. How can we hold our own against any enemy, much less conquer him, if we refuse to study his strengths and weaknesses, his ways of thinking, his methods of attack? A doctor has to know a disease before he can treat it successfully; and we might have done a lot more to localize this cancer of Communism in the world if we had spent the last few years investigating and appraising it, instead of so much mere blind ranting. I'm not sure that democracy versus communism should not be a required study in our school curriculum, after all, it is the most urgent question of our day.

My own knowledge of both is far from adequate. But picture yourself as, not a prosperous Canadian or American, or a Briton, with a long proud tradition of liberty, but a poverty-stricken peasant like the vast majority of Europeans and Asians; half-starved, with only an unfurnished hut for a home, unhealthy and disease-ridden, envious of the rich minority of one's countrymen who seem responsible for all one's oppression.

Along comes Communism and offers a picture of an ideal world

where the upper class is done away with and there is no poverty or inequality; more practically, where all the food is shared and the government is for the common people instead of for the rich. Is there any wonder that dreamers and idealists, as well as all who resent their condition, will clutch at this as at a religion, and of their own accord preach and spread the doctrines and be prepared to sacrifice for it?

Democracy has much more to offer, for it maintains not merely that "all men are created equal," but that all have also rights of free voting and free speech and freedom to choose their religion. Christianity adds to that that we shall "do unto others..." and "love our neighbors as ourselves." But alas, we who profess both democracy and Christianity have preferred to export cars and cleansing-cream and Coca-Cola instead. We've preached democracy and Christianity vaguely in other countries, but we've done little to organize them; in practise, we've supported any government that would declare itself against Communism, whether it was representative of the people or not. We've manufactured in other countries, but how well have we organized a better distribution of food or clothing. And the Christian doctrines of "sell all that thou hast and give to the poor" must ring pretty hollow when preached to millions of these poor by missionaries from countries whose main obsession seems to be to pile up more and more riches themselves.

We had a good chance at the close of the last year, and in UNRRA we made a good start at the improvement of physical conditions which best prepares the ground for political innovations. But we didn't organize democracy, we didn't practise Christianity, and we soon dropped UNRRA because it cost too much.

Now, perhaps, we are going to be taught the bitter lesson that war costs far more. If we are not—if we are given a second chance—surely our best hope of saving ourselves from world disaster is to wake from our lethargy and put into spreading Christianity and democracy some of the energy which Communists put into spreading their own product. Its weaknesses, in its disregard for human life, its inevitable dictatorships, its secret police and negation of all our treasured freedoms, are so glaring that it

wouldn't stand a chance against what we of the western world have to offer, if we only tried.

If we, even now, began to sacrifice some of our prosperity to help those who have less, set out to sell ideas instead of commercial products, Communism could be erased from the rest of the world and perhaps even from Russia. If we don't well, Korea has already given the world its first push down that slope to the abyss.

Facts About ADVERTISING

While we know that advertising is very helpful and we would not want to be without it, sometimes we cannot help but wonder how much it costs and whether it increases the price of what we buy. Every sensible person knows that all the expenses of a business enterprise must be covered by the price which we pay for its products, or else the concern could not stay in business. Because of this it is natural that many people believe that advertising makes goods cost considerably more.

Every housewife has heard this claim: "Madam, I can sell you this gadget 30 p.c. cheaper because my company does not advertise." Can a statement like that really be true? Does it cost so much to advertise and does a company have to charge more for its products because it advertises? The answer to this is important to all of us for, in these days we must make every buying dollar count.

Let us see how much is actually spent for advertising. As an example, statistics covering the great nation south of our border show that the total sum paid for advertising of all kinds—in newspapers, magazines, radio, billboards, mail advertising, and miscellaneous other types—amounts to less than two per cent of the combined value of the goods and services sold by the various industries.

That is only two cents on the dollar. Pretty small, isn't it?

A typical example is the food processing industry, which is so close to the interests of every shopping housewife. In this field, the figures show that 93 of the largest manufacturers of canned fruit and vegetables together spent 1.95 per cent of their total sales for all kinds of advertising. This is a trifle less than two cents on the dollar, or one-half cent on a 25 cent can of food.

Another example, which will interest many people, is cigarette advertising. Everyone knows how extensively cigarettes are advertised. Yet the average cost of advertising cigarettes is less than one-half cent on each pack.

Any substitute for advertising would cost money too, and probably a great deal more. If manufacturers and dealers could not tell us about their products through the medium of advertising their costs of selling would be much higher.

Looking at it in this way, advertising really does not cost the consumer anything, but reduces the unit cost of goods and also provides an important free information service on everything he might need or want.

HOME GAS

HOME GAS

Right on Your Doorstep SUMMERLAND

Colorful and many sided though it is, no region in all India can duplicate the orchard loveliness of the rich Okanagan Valley. From Bombay to Verman would cost nearly \$600.

But YOU'RE practically there. Wherever you live in B.C., the sun-dappled lakes and vineyards of this holiday paradise are within easy reach of your own front door.

Make the trip comfortably in your own car. First have your Friendly Home Gas Dealer fill your crankcase with tough, friction-fighting Home Eastern Motor Oil... the quality oil that keeps engines young and saves motoring dollars. "You can buy no better." Then, with a tankful of power-packed Home Gas, you're ready for that B.C. holiday the world dreams about!

Travel Helps and Information

In addition to Home Helpful Service which saves dollars, you get detailed road maps and expert up-to-date travel information from Friendly Home Gas Dealers. Don't forget to ask for your copy of Home's 1950 Tour Wheel. It's unique! It's FREE! Drive in... it's waiting for you at any Home Station!

Pioneer Days

TWENTY-FIVE YEARS AGO
JULY 17, 1925

Over 100 enjoyed a picnic of Summerland Old-timers at the park Thursday afternoon and unanimously voted that it be made an annual affair. There were races and sports while keen interest was apparent in the baseball game between Ed. Butler's Tigers and Joe Graham's Bulldogs. J. R. Brown was chairman, collaborating with R. H. English and W. C. Kelley.

Two presentations were made, one of a piece of Summerland pottery to Mr. and Mrs. James Cartrell, the oldest old-timers present, and the other to Mr. John Donike, the first child born in Summerland. Mr. Logie gave a resume of the history of the valley, telling of its discovery on July 6, 1811, by David Thompson, and the coming in September of that year of the first white man to set foot on the district now known as Summerland David Stewart.

By virtue of Oroville's failure to appear for the final game, Summerland has been declared champion of the Okanagan International Baseball League. Among the local players are Lehman Ritchie and of, L. Gould and

Your Dollars Go Farther at Home!

A relief constable from Penticton will be sent here daily while B.C. Police Constable I. G. Thorsteinson is on holidays from July 17 to 30, municipal council has been informed.

NEW RECORD FOR STORAGE WATER

A record was set Thursday when July 13 rolled around and none of the storage water on the Trout Creek system had been needed for irrigation purposes.

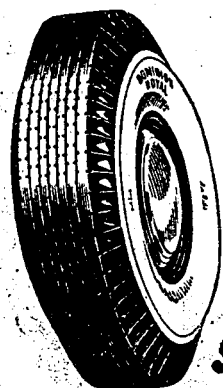

July 12 was the previous last day for using surplus creek water before tapping stored water in the dam system.

On June 29, Canyon Creek dam had a water level of 22 feet 8 inches and the heavy runoff had been completed then.

Garnet Valley dam storage was tapped on Saturday, July 8, for the first time.

Who spoke at the Summerland Baptist church on Sunday morning, July 23. He is a converted hebrew ordained to the gospel ministry and a world traveller. Born in a conservative Jewish family in central Europe he was educated in Germany but received his Christian training at the Moody Bible Institute at Chicago and the Princeton Theological Seminary.

Dogs Kill Chickens At \$1.15 Per Bird

Dogs of unknown owner killed 41 chickens in the hospital hill orchard of J. D. Impett and six more chickens died of disease afterwards, council was informed on July 11. The slaughter took place on June 24 afternoon and B.C. Police Constable Thorsteinson was summoned to investigate that evening. The owner placed a value of \$1.15 per bird and council has agreed to pay \$54.05 under the sheep protection act.

OPR Superintendent Leslie Smith investigated a municipal proposal recently to make a fill and eliminate two trestles on the south main, Councillor Francis Steuart told council on July 11. The proposal, which is adjacent to CPR track will be given the railroad's okay, it was stated.

Harry Lamacraft Circles Globe on Merchant Navy Ship

Harry Lamacraft, son of Mr. and Mrs. Arthur Lamacraft, has made a complete circle of the globe, travelling as a crew member of the SS Federal Voyager, a merchant navy ship which sailed out of Halifax harbor on November 13, 1949, and returned to Canada at Montreal on June 19, 1950.

The route followed was down through the Gulf of Mexico, the Caribbean Sea and Panama Canal, up the Pacific Coast of the U.S.A., across north of the Hawaii Islands, through the Marianas, and Philippine Islands, the Sulu and China seas, Singapore and Malacca Straits into the Indian Ocean and Arabian Sea to Bombay.

On the homeward journey, the ship passed through the Red Sea, Gulf of Suez, Suez Canal, Mediterranean, Straits of Gibraltar into the Atlantic, north of the Azores, south of St. Pierre Micqueon and Newfoundland, through the Cabot Straits, north of Bird Rock, Gulf of St. Lawrence and up river to Montreal.

Distance in nautical miles was 29,724, or 34,265 land miles. The longest part of the journey was from Los Angeles to Bombay, 10,417 nautical miles.

Local Students Pass Music Examinations

Several Summerland students have been notified of their success in passing the Royal Conservatory of Music of Toronto examinations. The successful candidates follow: Piano, Grade IV.—Eileen Wilcox, first class honors; Laurel Young-husband, pass. Grade VII.—Lona Deringer, honors.

Theory 11.—Paul Birch, first class honors.

The 1950 midsummer music examinations held recently by Herbert Kinsey, FRCM of the Royal Schools of Music found the following Summerland candidates successful:

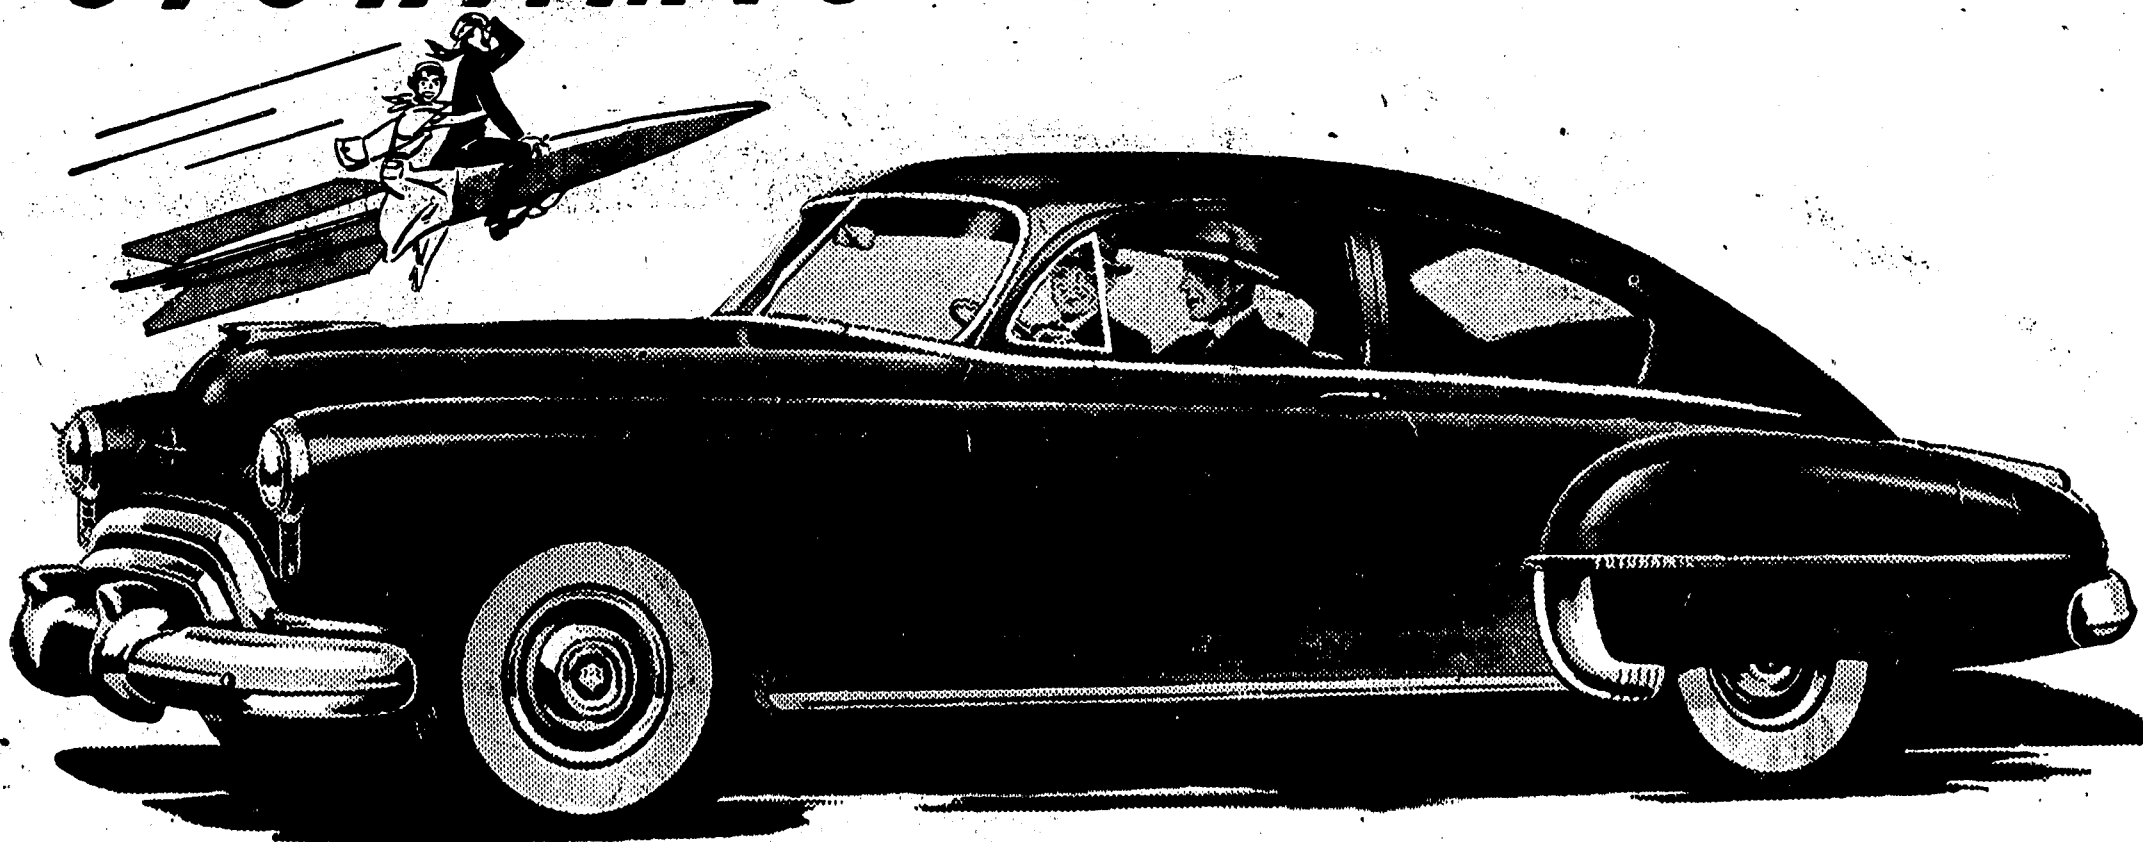

Violin, Grade V. (higher)—Shirley Schumann, pass. Grade II. (elementary)—Sharon Dowds, pass with merit; Laurence Glix, pass.

EVERYBODY WELCOME

Teen Town

Our thanks to Mr. and Mrs. Garnett Peters for chaperoning at the dance on Saturday night.

Don't forget to reserve July 29 for the big Okanagan Valley dance. Admission is 70c a couple for members and \$1 a couple for non-members. All proceeds from the dance will be to the hospital auxiliary to help pay for an oxygen tent.

For entertainment, Earl Inglis will favor us with several piano selections and Keith Sayers with several selections on his guitar. It will be top notch entertainment, we promise you. We are unable to get Ken's Men, so we are not sure what orchestra we will have. Please remember to see any council member immediately if you can possibly take any billets.

There will be a dance this Saturday at the Youth Centre starting at 8 p.m. Admission will be the same as last week, 25c for members and 35c for non members.

Keen Interest In Vacation School

There was a large response to the Vacation School sponsored by West Summerland Baptist church when over forty boys and girls between the ages of 5 and 12 registered on Friday, July 7, for the classes which commenced Monday, July 10 and went on through to Friday, July 14 at the church.

The registrants were divided into primary, junior boys, junior girls, senior boys and senior girls groups, who were given classes in Bible study, memory work and hand work.

Assembly to worship preceded breaking up into smaller groups each morning, and the children

were gathered into one group later in the morning for singing, a story and for slides.

On Friday morning through the kindness of Mr. and Mrs. T. Manning and Mr. Kenneth Boothe a treat of doughnuts and fruit juice was given the school. Friday evening closing exercises were held when parents attended to see something of the accomplishments of the week's work, including a hand-work display.

Teachers at the Vacation School were Rev. D. O. Knipfel, Mrs. J. Bernhardt, Mrs. Hilda Allison, Mrs. Paul Roberge, Miss Ruth Dale, Miss Wilma Huva, Miss Esther Huva and Miss Irma Arndt.

The children attending were specially commended for their deportment and interest.

Faith Rebekah Officers Headed By Mrs. A. Holmes

Joint Installation of the officers of Redlands No. 12 and Faith Rebekah Lodge No. 32 was enjoyed in Pentiction on the evening of July 11, installing officer being Mrs. Muriel Watson, district deputy president, of Pentiction.

The following officers for the term ending December 1950 were installed for Faith No. 32, Summerland: Noble grand, Mrs. A. L. Holmes; vice-grand, Mrs. G. McIntyre; recording secretary, Mrs. Walter Bleasdale; treasurer, Mrs. F. W. Clarke; financial secretary, Mrs. J. H. Dunsdon; ward, Mrs. T. McKay; conductor, Miss May Howard; colorbearer, Mrs. H. Fiske; pianist, Mrs. Hilda Allison; right supporter noble grand, Mrs. P. Thompson; left supporter noble grand, Mrs. W. Gillard; right supporter vice grand, Mrs. W. Pattie; left supporter vice grand, Mrs. D. Bullock; inside guardian, Mrs. H. Downs; outside guardian, Mrs. W. S. Ritchie.

At the close of the meeting a delightful cold supper was enjoyed by the members.

At the regular meeting of Faith Rebekah lodge No. 32 on Wednesday evening, July 12, the newly installed officers took their chairs and Mrs. A. Holmes, noble grand, appointed her committees for her term of office.

During the evening Mrs. E. Atkinson had the pleasure of presenting Mrs. Donald Orr with her past noble grand's jewel; this was a special privilege as Mrs. Orr was the presiding officer during Mrs. Atkinson's official visit as president of the Rebekah Assembly of B.C.

Plans are progressing for the fall bazaar by the members; also a very substantial sum was given to the hospital auxiliary towards the purchase of the oxygen tent for the local hospital.

Good-Luck Signs Cover "Go-Cart" Full Of Bride-Elect Gifts

A lovely shower was arranged on Friday evening, July 11, by Mrs. Eric Tait and Mrs. Norris Laidlaw at the home of Mrs. Tait for Miss Audrey Davis, bride-elect of August 11.

The seat of honor was placed under a large white ball from which three pink streamers descended to surround the chair, while icicles showered down from a little watering can suspended at the back of the chair.

The gifts were presented in a go-cart decorated with good luck signs, and shasta daisies, and was driven by Dan Tait, an eager chauffeur under his brother Donnie's guidance.

A pretty wedding cake, tastefully decorated and flanked by lighted pink tapers was the attractive centre-piece on a lace-covered table.

The theme of pink and white was carried throughout by the beautiful flowers, sweet peas, shasta daisies and tamarisk.

Delicious refreshments were served by the hostesses assisted by Mrs. Leonard Shannon.

The guests included Mrs. Phil Davis, Mrs. Frank Davis, Mrs. Cecil Morgan, Mrs. Wm. McCutcheon, Mrs. Lloyd Gartrell, Mrs. Ian McQuaig, Mrs. J. Y. Towgood, Mrs. Mark Embree, Mrs. Leonard Shannon, Miss Verna and Miss Jean Wright, Miss Doreen Tait, Miss Edith Verity, Miss Marjorie Yamabe and Miss Mary Stewart.

Gifts were sent by Mrs. Donald Orr, Mrs. Bert Parrott and Mrs. James May, who were unable to attend.

The guests played games and enjoyed an evening of pleasant conversation with old friends.

Presentation Made To Paul Birch

The final practice of the season for the Summerland All Girls' Choir, which is trained by Miss Kay Hamilton, was held on July 7 in the Youth Centre.

Plans were made that evening for the choir's part of the program held the next night at the Board of Trade ceremony in connection with dedicating the band shell and choosing Summerland's queen.

The evening was the occasion, also, of a presentation to Paul Birch, the choir's efficient accompanist during the past three years.

Paul was leaving the next day to spend the summer months on Vancouver Island and with his family will make his home at the Coast in the fall. The choir took this opportunity to say "Thank-you" to him by presenting him with a small gold lapel pin in the form of a musical design, and with it a card which had been signed by all members of the choir.

HOME AGAIN

Mr. and Mrs. Archie W. Campbell, returned to their home in West Summerland on June 28, after a most enjoyable trip of 6 weeks to Quebec. They were guests of Mrs. Campbell's sister, Mrs. W. Williams and Mr. Williams, at Bulwer, Que., and attended the marriage of Mrs. Campbell's niece, Miss Jean Williams to Mr. John Mitchell, of Lennoxville, Que. They visited many friends and relatives in the eastern townships and also visited friends and relatives at several places on their return trip, including Montreal, Toronto, Niagara Falls, Saskatoon and Radisson, Sask.

Surprise Party At Trout Creek Cottage

On July 12, Mrs. L. W. Rumball organized a surprise party for her very surprised husband at their Trout Creek cottage on the occasion of his birthday.

During the evening Mr. Frank Kuroda showed moving pictures of his Hawaiian trip, Jaycee activities and the Pentiction Peach Festival, and these were greatly enjoyed.

Buffet refreshments were served on the front patio, and a large bonfire on the beach was appreciated.

Those invited were members of the Grocerteria staff and other friends, and included Mr. and Mrs. George Forster, Mr. and Mrs. A. R. Dunsdon, Mr. and Mrs. Russell White, Mr. and Mrs. C. Smith, Mr. and Mrs. N. Laidlaw, Miss Thelma Cork, Mr. J. Heavysides, Mr. Charlie Rennie, Mr. David Wright and Mr. Frank Kuroda.

Out-of-town guests were Mr. and Mrs. A. J. Beer, of Pacific Palsades, Calif., and Mr. and Mrs. M. Frost of Cloverdale, B.C. Unable to attend were Mr. and Mrs. S. Cannings and Miss Kay Howard.

NEW ARRIVALS

A daughter was born at the Summerland General Hospital on Tuesday, July 18 to Mr. and Mrs. N. Aoki.

VISITING ABROAD

Miss Elsie Hack, who drove to Vancouver with Rev. H. R. and Mrs. Whitmore, is visiting her brother and sister-in-law, Mr. and Mrs. George Hack in Victoria and will visit her sister Miss Nancy Hack, RN, in Vancouver.

Guests of Mrs. John Theed and Miss Elizabeth Theed part of last week-end were Mrs. Theed's sister, Miss Hilda McLean and Miss Betty Tuckey and Miss Catherine Watson who were motoring through on their way to Jasper and Lake Louise. Mrs. Theed and Miss Theed left on Sunday afternoon for a motor trip to Seattle.

Mr. and Mrs. A. McLachlan have left on a ten-day motor trip which will take them to Prince George and Prince Rupert. From the latter port they will ship their car by boat and journey south to Vancouver, returning to Summerland via Hope-Princeton.

VISITING HERE

Mr. and Mrs. Peter Dodwell and their son, Peter, are holidaying in the Dodwell cottage at Crescent Beach.

Mrs. Elizabeth Woodlams and her son are here from their home in the Fraser Valley visiting relatives.

Mr. and Mrs. W. Cowling, who are on an extended motor trip from Aurora, Ontario, visited Mrs. Ann Clifford at the week-end.

Mr. Lorne Hauser of Vancouver is supplying at the CPR, West Summerland, while Mr. Bill Vanderburgh is on his vacation.

Canon W. H. English returned yesterday to his home in Brissay, Sask., after spending a week with Mr. Theod Herman.

Mrs. D. Turnbull and two children of White Rock, B.C., are visiting at the home of Mr. and Mrs. John Caldwell.

Teddy Oliver of Penticton is spending the holidays with Dorothy Carston at her home in Peach Valley.

Mr. E. Sheldon of Radcliffe, Alta., is visiting this week at the home of his son-in-law and daughter, Mr. and Mrs. Leslie Rumball.

Rev. T. E. Harris of Langley Prairie is spending a week's vacation at the home of his father, Mr. J. W. Harris, Giant's Head road.

Miss Irene Uegama who has spent the winter and spring months in Vancouver, returned on Sunday and is at the home of her parents, Mr. and Mrs. S. Uegama.

Mr. Jack Amm and Mr. Pat Todd were week-end visitors at the home of the former's mother, Mrs. C. J. Amm, having motored in from the coast.

Mrs. Allan Campbell and her daughter Laverne have come to spend a month at the home of her brother-in-law and sister, Mr. and Mrs. H. A. McCargar.

Mrs. Dick Perello and her daughter of Vancouver are visiting the former's brother, Mr. Fred Smith and other old friends in town this week.

Mr. and Mrs. J. R. Braun of Puyallup, Wash., were weekend visitors at the home of the former's mother and sister, Mrs. Rosa Rau and Miss Barbara Braun.

Mr. and Mrs. C. R. Nesbitt had as their guests for two weeks, Mrs. Alice Chesnah and son Bill of Rossland. The visitors returned home on Monday.

Mr. and Mrs. Alvin Gatley motored in from Vancouver last week-end where the former is attending technical school. Mr. Gatley is the newly appointed manual training instructor for Summerland schools.

Mr. and Mrs. N. Newstrom paid a surprise visit to their son-in-law and daughter, Mr. and Mrs. F. E. Atkinson last week end when they motored in from their home at Vancouver.

Rev. Fred Tiessen, his wife and family recently returned from five years in India as a missionary, will visit over the week-end at the home of Mr. and Mrs. Roy Wellwood and Mr. and Mrs. Percy Miller.

Mr. and Mrs. Ron Tilbe and three children of Macleod, Alta., have left for their home, after spending a vacation at the home of the former's brother and sister-in-law, Mr. and Mrs. Frank Tilbe, Peach Orchard.

Mr. and Mrs. Henry Cartwright and their two children of Kingston, Ontario, were guests of Miss Marlon Cartwright and her sister, Mrs. O. Zimmerman, on Sunday. Both Mr. and Mrs. Cartwright are practicing lawyers at Kingston.

Lovely Wedding at St. Savior's In Penticton of Interest Here

Of interest in the valley and at the coast was the marriage on Saturday afternoon, July 8, in St. Saviour's church, Penticton, of Charlotte Winnifred, daughter of Mr. and Mrs. H. W. Corbitt, Kaleden, to Mervin Edward, son of Mr. and Mrs. J. H. Davis, Yellow Knife, N.W.T.

The church was beautifully decorated with delphiniums and shasta daisies for the service, which was performed by Rev. W. S. Beames.

The petite bride was given in marriage by her father and made a lovely picture in her wedding gown of delicate nylon sheer, fashioned with a full skirt, shirred bodice with tiny straps and fichu, and blue sash. A panel of Brussels lace was mounted on illusion net to form the bridal veil and this was held in place by orange blossoms. Her bouquet was of sweet peas, roses, and delphiniums.

Miss Jane Corbitt was her sister's attendant as bridesmaid, and wore a charming gown in the same style as that of the bride, but of blue sheer.

Mr. Charles Raitt was groomsmen, and ushers were Kenneth Davis and Hugh McKay.

During the signing of the register, Mrs. T. R. Daly sang "O Perfect Love."

A reception for the guests was held on the lawn at the home of the bride's parents, where roses, lilies and hollyhocks were a beautiful decorative array.

For her daughter's wedding Mrs. Corbitt had chosen a grey gown flowered in white and with this white accessories were worn. Mrs. Davis, the mother of the groom was wearing flowered nylon accessorized in black.

Rev. W. S. Beames proposed a toast to the bride, to which the groom responded, and Mr. C. Raitt toasted the bridesmaid.

Serviteurs were Mrs. John Leir, Mrs. Roy Sworder, Miss Joyce Christie, Miss Joan and Miss Pat Flynn, Miss Mary McKay, Miss Patty Beldam, Miss Yvonne Mutch, Miss Margaret and Miss Doris Reeder, and Miss Betty Jackson.

Many wires of congratulations were received.

The honeymoon was spent motoring to Banff by way of the Big Bend highway, and for going away the bride changed to a flowered nylon dress with navy and white accessories.

On their return the young couple will make their home at Penticton.

Both principals attended the University of British Columbia, where Miss Corbitt was a member of Alpha Phi sorority, and Mr. Davis was affiliated with Kappa Sigma. Miss Corbitt was well known in skiing circles, and is well known here where she is a member of the experimental station.

Guests who attended from Summerland were Mr. and Mrs. T. McKay, Mrs. Creese, Miss Stella Creese, Mr. Wm. Creese, Mr. and Mrs. F. E. Atkinson, Mr. and Mrs. John Bowen and daughter, Mr. and Mrs. Frank Plunkett, Dr. and Mrs. C. C. Strachan, Mr. and Mrs. Adrian Moyls, Mrs. Lackey, Miss Betty Jackson, Miss McCorkell, Miss Smith, Mr. Charles Carter, and Mr. John McNutt.

Ex-Pupils Tender Testimonial Dinner to Retiring Instructor

MORE ABOUT

PIONEER DAYS

Continued from Page 2
1b, L. Campbell 2b, McMann 3b, Winter ss., Buch 1f, H. Campbell rf, Vanderburgh cf and p.

When returning from Garnet Valley dam, a motoring party consisting of Mr. and Mrs. C. R. McKay and Mr. and Mrs. F. Dickinson and families nearly ran over a half-starved grizzly, about half a mile from Dave Taylor's pre-emption. The bear was eating raspberries at the roadside when the car approached and then ambled slowly up the hillside. Clarence Adams was another who witnessed the bear's departure.

With the assistance of the IDK Pierrots, the Summerland Boy Scouts staged an excellent minstrel show at the Rialto. Among those taking part were George Denike, Jack Purves, Dick Benmore, Ivor Solly, Tom Harris, Jack Bernard, James Clark, Cyril Mossop and George Messop.

A Summerland grower was fined in police court for interfering with the irrigation works in the municipality. A water gate had been placed at a higher level than it was left by the ditcher.

As a result of a 68 degree drop in temperature within 24 hours last December there are absolutely no peaches nor apricots, pears are a complete failure for the first time in 20 years and there is probably not more than half a crop of cherries. The apple crop has suffered to a great degree especially in the north.

Mr. Leslie Gould conducted a party of young people from Paradise Valley to Crescent Beach for a reunion picnic. After supper, as the water was chilly, the party went to the Rutherford home for dancing.

An attempt is being made to arouse interest here in lacrosse so that a team can be entered in the proposed valley senior league.

A testimonial dinner in honor of his retirement, after 25 years as manual training instructor, was given to Mr. S. W. Feltham in the I.O.O.F. hall, West Summerland, on July 13th. This was attended by his ex-students over that period and represented all valley centres. Members of the school board were guests.

The tables were attractively decorated with flowers and well supplied with a tasty meal provided by the Women's Catholic League. Howard Shannon provided dinner music.

Mr. Les Gould was in the chair and welcomed the boys, while Mr. S. A. MacDonald spoke of Mr. Feltham's work, and pointed out that he was one of the rare individuals who knew what was going on inside a schoolboy's head.

Mr. Keith Sryers gave a couple of riotous hillbilly numbers in costume.

Dr. James Marshall spoke for the school-board, emphasizing the value of manual training. He asserted that honesty and dependability were of more value than academic diplomas.

Dr. Maurice Welsh then presented Mr. Feltham with a brace and a level, and Mr. Feltham replied with conclusions about boys drawn from his long teaching experience.

Ex-pupils from out of town were: Ronald Taylor, Robert McLachlan, Jack Armstrong, Norman Armstrong, Gerald Bowering and Jim Clark.

FINAL PAYMENT MADE BY CO-OP

Cheques amounting to \$40,000.00 were sent out last week by the Summerland Co-operative Growers' Association. This is the balance due on apples and is the final payment for the 1949 crop, officials state, being the result of the \$2,000,000 cheque received last week by B.C. Tree Fruits Ltd. on the apple shipments to the United Kingdom last January.

Mr. and Mrs. M. Frost and their daughter, Judy, of Cloverdale, B.C., were visitors for two days last week at the home of Mr. and Mrs. Leslie Rumball.

Fishing Reports

(By Bert Berry)

Okanagan Lake—George Woitte caught the largest fish of the week from Okanagan Lake off Summerland; it weighed 7½ pounds. All other catches seem small but most people catching fish off Summerland and from Crescent Beach north.

Trout Creek—Consistent catches of 8-inch to 12-inch fish all along the creek from the irrigation dam to above Faulcer.

Garnett Valley—Road good; some good fishing in the proper spots, still.

Silver Lake—Road rough. Biggest fish for upper lakes caught there by Bill Hack, 4 pounds. Fishing is good but take your own boat.

Headwaters Fishing Camp—Road quite passable; consistently good fishing. The fish aren't monster; as a rule but twelve to fourteen inches the general run. A 3½-pounder caught best for week. Accommodation here for day or night visitors.

Fish Lake Chain—Road good, but Fish Lake itself is off. Upper lakes show good fishing. Fred Schumann caught the biggest of the week, a 2½-pounder at Eneas.

Shannon Lake—Road good; good catches of perch and some bass. Boats obtainable.

Merchants Dismal at Coulee Dam

It was Summerland Day at Coulee Dam last Sunday, only everybody but the Summerland Merchants knew it.

As a result, Merchants dropped another Okanagan International league contest to the southerners 10-0 and that was the difference between the two teams at the plate.

Wally Day started on the mound, committed three errors and walked too many Dam men, besides being socked for nine hits. But when Jack Walsh relieved him it wasn't any better as Coulee had the bit in their teeth and the slaughter of basehits kept right on.

It was a disappointing day all the way round as the Summerland caravan got separated and even the leader Bill Gillard took the wrong road and tried to reach Coulee by way of Brewster, which delayed things considerably.

As a consequence the Summerland Band did not gather until just before gametime. But they made it and the band made a better showing by far than the ball club.

Brawner was the only batter who showed any signs of life on the regular lineup, getting a single and a double in four trips. The rookies, Nesbitt and Daryl Weitzel, each got a single while the regular big stickers were going hitless.

Rightfielder Walker made a complete circuit drive in the 7th for the only extra base wallop registered by the winners. Summerland reached third base only once in the game.

Swan was the winning pitcher, registering eight strikeouts before being relieved by Kleifgen in the 8th. The latter proceeded to strike out three of the four batters in that frame.

Taylor played second base for the first time and handled six plays without a miscue.

Summerland plays host to Pentiction this Sunday but with the league schedule concluding on August 6 there is little likelihood the Merchants can make the playoffs now, after only two wins all season.

In Pentiction last Sunday two extra innings were needed before that town could vanquish Tonasket.

Summary: Stolen bases, Lowe; sacrifice hit, Kuroda; two-base hit, Brawner; home run, Walker; bases on balls, off Day 5, off Swan 1; struck out, by Walsh 1, by Swan 8, by Kleifgen 3; hit by pitcher, Lowe by Day, Bost and Scallon by Walsh; umpires, Redbird and McCargar.

Elliott's Bat is Clincher as Red Sox Cinch Loop Pennant

It was a free-hitting, slightly wild game at Living Memorial athletic park last Sunday as Summerland Red Sox had to come from behind to defeat Naramata 11-5 in the final league game of the junior schedule.

This game gave Red Sox the league pennant with only one loss in season's play.

"Joe" Elliott is hero Behind 5-1 in the third frame, Red Sox started a rally which brought them out in front 8-5. Hits by Kato and Weitzel brought Red Sox within one run and "Joe" Elliott, playing firstbase for the first time this year, tripled with the bases loaded, scoring when the ball was thrown wildly in from the outfield.

In the 8th, with two on board and one run across already, Elliott's single scored two more runs which brought his total of runs accounted for in the game to six.

Red Sox Win Pennant in Junior Loop

With completion of the South Okanagan Junior baseball league schedule, Summerland Red Sox find themselves out on top having only one of eight games.

First playoff game will be played at Princeton on Sunday, July 30, with the second game here the following Sunday, August 6.

Pentiction, in second place, plays the winner of the Naramata-Osoyoos contest next Sunday. This last game was rained out and the two teams have yet to play their eighth game. If Naramata wins that gives them an automatic entry into the playoffs but if Osoyoos registers its first victory then lost only one of eight games, will have to be a replay.

League president Les Gould called a meeting of the league for last Friday evening to consider a protest over Pentiction playing Pitcher Campbell when he was registered for Summerland Red Sox.

However, as a replay would not have meant much to the standing, it was decided to waive the protest. Campbell's re-registration with Pentiction has been authorized now and he will continue with his hometown team for the rest of the season.

enough to win the ball game all by himself.

Jomori was starting pitcher but was relieved by Gil Jacobs in the fourth. Barber, Naramata shortstop, clouted one of Jomori's efforts for a homer in the third. Luxton and Salting were the Naramata hurlers, the former giving up all nine Red Sox hits.

Barber; hit by pitcher, Ward by Jomori, Cristante by Luxton; wild pitch, Jomori 1; bases on balls, off Jomori 2, off Jacobs 2, off Luxton 3, off Salting 1; struck out, by Jomori 4, by Jacobs 7, by Luxton 9, by Salting 2; umpire, Hankins.

Len Shannon Is High at Rifle Range

Len Shannon came back on top of the heap at the Garnet Valley range of the Summerland Rifle club last Sunday morning when he shot a 97 out of a possible 105. John Khalembach and Fred Dymond were next in line with 95 each.

Other scores follow: George and Art Dunsdon 94, A. Moyle and Phil Dunsdon 92, D. Taylor and D. L. Sanborn 91, Ed. Gould 90, Doug Price and Jack Dunsdon 89, George Stoll and C. V. Nesbitt 88, Helen Price 87, H. (Pop) Dunsdon 86, G. Pennington 84, J. Maddison 77, Joe Elliott 64.

PEE WEES DROP ONE Summerland Pee Wees dropped a 9-5 decision at the athletic park Monday, July 10, to Pentiction Capitanos.

Mrs. H. A. McCargar, who has been a patient in the local hospital, has returned to her home.

H. S. HURN AWARDED TRAVELLING SCHOLARSHIP

Mr. H. S. Hurn, director of drama for the province, has been granted a Rockefeller Foundation travelling scholarship, which gives him two and a half months of travelling in the United States, studying theatre and dramatic art. Part of this time will be spent in New York and some time in Boston.

TURNBULL HOME NOT SOLD AS STATED

Mrs. Jack Turnbull has returned to Summerland from a holiday in Winnipeg. She informs The Review that the information given in this newspaper that they have sold their home is incorrect. Mr. Turnbull intends to remain in Winnipeg for the summer but they have no intention of selling their home here, she states.

Valley Cannery Guests At Picnic

A picnic at the KAT Ranch on Sunday afternoon, July 16, was the treat enjoyed by cannery and their families from Vernon to Osoyoos, who were guests of the Summerland Cannery's Association.

Swimming and games were part of the programme, much of the success of which was due to the planning of Mr. Brian Lawley, manager of the Cornwall Cannery, Summerland.

A picnic supper was the finale before cars started up the hill for the drive to the various homes of those who had attended.

"Owaissi" is Suggested as Camp Name

The Okanagan Anglican Camp established this year at Wilson's Landing is a beautiful spot. There are seventy acres of land and buildings which formed part of a relief camp in the 1930's. These buildings have been renovated and repaired and are comfortable living quarters.

There is a parklike space with no undergrowth, large trees for shade, and a splendid waterfront for bathing, boating and swimming. Also, there is hillside for hikes which form such an important part of camp-life.

A level campus for a playing field is an added, attractive part of the set-up.

Volunteer work parties from centres throughout the Okanagan have done a great deal of work to put the place in good shape for occupancy which started on June 28, and will continue to July 26.

The whole project seems to have caught the imagination of the public and generous donations of supplies and other necessary things have been received, and hundreds of visitors have called on visiting days.

Permanent uniform signs using the camp crest are to be put up throughout the valley as a gift from interested people, and will serve as directive and publicizing markers.

The suggested camp name is Camp Owaissi, pronounced O-A-C, the first letters of Okanagan Anglican Camp. In some Indian dialects Owaissi means "help" and this suggestion for a name has proved so popular that it will probably be the all-time nomenclature.

Registration has been beyond all expectations, with eighty girls at the junior camp and over one hundred at the senior one. Following this latter there are 115 boys registered to attend.

Mrs. N. O. Solly, Summerland, has been director of the junior and senior girls' camps, and Mrs. Ted Weeks was nurse for the junior girls.

GIRLS' CHOIR AIDED QUEEN CROWNING SHOW

The Summerland All Girls choir, under the guidance of Miss Kay Hamilton, provided the lovely background on the Summerland Bandshell Saturday evening, July 8, when the four candidates for the honor of being named Miss Summerland, were brought before the large crowd gathered in the Living Memorial park playground.

After presentation of the contestants and while the judges were choosing Miss Olive Mason as Miss Summerland 1950 the choir sang several numbers with Shirley Gardiner as soloist.

AWARDED CERTIFICATE

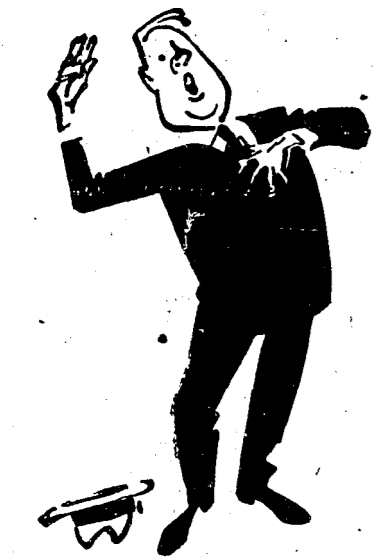

William Borton of Summerland has been awarded a certificate as one of the successful candidates who attended a five-day course in gravity and forced air heating, it has been announced by the National Warm Air Heating and Air Conditioning Assn. This course was held last January in Vancouver.

Small 'Teen-Agers' Camp By Themselves

Sounding something like "What Every Little Girl Would Like To Do" was the camping experience of Francis Atkinson, Patsy Dunham, Sheila and Diane Berg.

These four girls who are barely in the teen-age group were tenting up at the reservoir for a number of days recently.

They took food which they cooked outside, and although Mrs. Walter Gould heard them occasionally, they kept to their plan of looking after themselves entirely.

There were few visitors, and those who happened on the small encampment were as surprised as the campers.

One who came was Mr. Gordon Blewett on municipal business; another caller was an old man out for a solitary walk; and one day a little old lady and her husband arrived at the secluded spot picking Saskatoon berries along the way.

Bet You Don't Know This About Advertising

Quiz No. 3

How much does it cost to advertise a 5¢ candy bar? 1¢? 2¢ a bar?

Answer:

It costs less than 1/6¢ per bar to advertise Canada's favorite candy.

That's only half the story. Advertising lowers your cost two ways:

Cuts the selling costs. And by helping make mass production possible, lowers the production costs, too.

So advertising saves you many times the cost of that 1/6¢ per bar.

Seal Coat on Giant's Head Road to be Applied Soon Council Decides

Only a small quantity of belting is needed for the rock crushing plant to start operating, Councillor Eric Tait informed council on Tuesday. As soon as crushed rock is available a seal coat will be laid on the first original section of Giant's Head road and the promised small section down from the Gulch road in lower town will be applied.

This was the council determination this week. No change in policy regarding purchase of oil for dust-laying was made, although the pressure of a delegation of three ladies from the foot of Peach Orchard was such that councillors showed signs of weakening.

Every effort will be made to better surface conditions on front bench roads in time for what soft fruit there will be to haul to packinghouses.

Drivers Fail To Comply With Signs

Two motorists failed to stop at the top of Peach Orchard, when proceeding off Rosedale onto the provincial highway, and they are appearing in police court before Magistrate H. Sharman.

Last Saturday evening, about 6.40 o'clock, Mat Shippit of Oliver failed to stop and crashed into a car driven by William Kopp of West Summerland. Damage to the vehicles was about \$75 but no one was injured.

Shippit is being brought before Magistrate Sharman to answer a charge of failing to stop at the stop sign.

Earlier this month John Khoeller of Penticton paid a fine of \$10 and costs for exceeding the 30 miles per hour speed limit and \$5 for failing to stop at the same sign.

For exceeding 20 miles per hour in the restricted zone in lower town Richard Coe paid a fine of \$10 and costs on July 11 in Summerland court.

Another car is reported to have failed to make the corner at the top of the Sandhill and careened into the Olive Atkinson orchard. After getting out of that entanglement, the driver proceeded to go partly over the bank at the bottom of the Sandhill road.

Hot Water Heater For Athletic Park

A hot water heater is being installed in the Living Memorial athletic park by the Summerland Memorial Parks Committee, so that teams using facilities can have hot water showers.

Biggest Sports Event of Year in Valley, Kelowna Regatta, Set to Go

The Okanagan's biggest sports event of the year, the 44th International Kelowna Regatta is expected to draw thousands of spectators to the Orchard City next Tuesday and Wednesday, August 1 and 2.

This year swimmers from California will compete with the best that the Pacific Northwest can offer. British Empire Games and Olympic champions will be seen in action.

The Tuesday evening monster parade is now one of the big features of the regatta and brings more hands to the valley than any other event. Margaret Hutton, star of Hunter Crabbe's water show, will headline the Aquacade that evening while the Lady of the

In his report on roadwork on Tuesday, Councillor Tait remarked that most unsurfaced roads are rough but with present dry conditions it is useless to grade them.

However, if present dry weather continues, the water tanks will be used on the front bench roads, to prepare them for soft fruit hauling.

One car only of heavy oil for seal coating Giant's Head road from top of Peach Orchard to the Wells' home will be ordered and applied as soon as the rock crusher can be put in operation.

This is ideal weather for hard surfacing, it was pointed out and as little delay as possible in carrying out the program should be allowed to lapse.

Along with the seal coating will be the short section of permanent road laying in lower town.

Committee Calls

Mrs. Lyle Sharpe, Mrs. Ivor Neilson and Mrs. Sheldrake formed themselves into a committee to protest the excessive dust at the bottom of Peach Orchard in the vicinity of Sharpe's Auto Camp.

"The dust rolls into the cabins and tourists are required to eat dust all the time", emphasized Mrs. Sharpe, who believed that these visitors would not return to Summerland if their stay here was not made more pleasant.

"It was just like a cloud on Sunday," declared Mrs. Neilson, describing conditions in that vicinity.

Councillor Atkinson pointed out that calcium chloride had been laid on a portion of this road last year and a really heavy wetting program might bring the material back into usefulness.

He agreed that Summerland needs to attract tourists more and more for the economic good of the community.

Councillor Tait pointed out to the delegation that he has received similar requests for a dust-laying program from all parts of the municipality. There were many places worse than the bottom of Peach Orchard, he thought.

Crescent Beach and by George

Continued on Page 8

Powell Beach Swim Classes Prove Popular

Approximately 175 youngsters are participating each Wednesday afternoon in the board of trade free swim classes at Powell Beach under the guidance of Don Johnston and his instructors.

The classes are as popular as ever and the youngsters are being taught the rudiments of water safety.

Recently a board of trade committee headed by Cecil Wade, repaired, replanked and repainted the diving stand. Assisting were Walter Charles, J. W. Mitchell, Walter Toews and Don Tait.

Mrs. Eileen Millmore, of Trout Creek, who is a competent playground supervisor, has been assisting the swim instructors by taking care of the tiny tots along the sand.

With Mr. Johnston as instructors are Ruth Klux, Rhoda Ritchie, Beverly Fleming, Lois Sharpe, Shirley Schumann, Dave Wright and Murray "Joe" Elliott.

Canyon Creek Dam Used On July 20

Not until last Thursday, July 20, was Trout Creek storage water used, Canyon dam gate being opened four inches when water level stood at 24 feet three inches.

This is a record for this district as July 12 was the former last day on which overflow water

Cheques Totalling \$15,000 Go to Co-op Growers Today For 1950 Cherry Harvest

Today, cheques totalling \$15,000 are being sent to growers shipping through the Summerland Co-operative Growers Assn., being the initial and main payment

Fishing Reports

(by Bert Berry)

Okanagan Lake—The lake has been pretty slow this week, with no really big fish, some small ones being caught off Summerland and north of Crescent Beach best.

Agay Lake—Road good; Hans Stoll made a good catch up to 2 pounds. This is an exception as they are usually hard to catch there.

Fish Lake Chain—Road good; Fish lake fair; upper lakes are really good yet.

Glen Lake—Road rough; fishing fair.

Headwaters Camp—Road rough but passable; lots of fish there and easy to catch, but not many big ones.

Silver Lake—Road rough; good fishing again last week but best in evening.

Shannon Lake—Road good; perch and bass in good quantities.

Garnet Valley Dam—Road good; some good catches still coming out of this vicinity.

Trout Creek—Lots of fish and easily caught on fly or spinners, but most of them too small. Lots of fun, though.

Stone Fruit Study Starts

Representatives of the Federal department of agriculture have arrived in the Okanagan to undertake a study of stone fruit production in the valley.

This project is part of an overall study of the fruit industry and is intended to follow the survey of apple production made in 1949.

Representatives of the economic division of the Dominion Department of Agriculture will interview a number of representative growers in each locality of the Okanagan Valley where stone fruits are important, to obtain records of expenses, production and returns, and some information regarding management practices.

The information will be used to construct an overall picture of conditions and trends as they exist in the industry as a whole.

The confidential nature of the interviews is emphasized and under no circumstances will information provided by an individual farmer be revealed.

The party immediately concerned with the work is made up of E. D. Woodward, D. W. Ware, R. H. Campbell, R. C. Blair and G. H. Cassie.

Elephant Pushes Truck On Local Hill

Did you ever see an elephant on Peach Orchard hill?

Now, don't scream for your nearest psychiatrist. It actually happened and you don't need to call for Ripley.

Last Thursday afternoon King Bros. circus was spread in broken down trucks from Penticton to Vernon on Okanagan highway.

One truck balked near the top of Peach Orchard hill. It just wouldn't make the grade. So the back door was opened and big Jumbo was urged to descend.

He pushed the truck until it could make the rest of the trip on its own power and then Mr. Elephant ambled along until he caught up with his means of transportation.

The method of loading the behemoth was rather unusual, to those few who were privileged to watch the performance. The elephant was turned around, the truck backed under him and he obligingly raised his hind legs to deck height. Then he leaned back and tucked himself into the narrow space and the door was closed.

There is still a good flow in Trout Creek. Canyon Creek dam water is expected to run until September 3 or 4, Water Foreman Kercher anticipates.

Old Sol Hits High Spots As Tourists Pour into Valley from all Points

Thousands of tourists from all parts of the globe are pouring into the Okanagan from the south, east and north, but especially over the Hope-Princeton highway from the west as a record tourist travel for this section of B.C.'s hinterland is established.

Although Summerland has relatively small tourist accommodation, the three main camps show No Vacancy signs most of the time.

A similar situation exists in Penticton where the board of trade has organized private homes to take in tourists for a night when other commercial accommodation is filled.

Brilliant Okanagan sunshine is greeting these visitors as the valley experiences its hottest summer in many years.

"This is like the Okanagan as we used to know it," can be heard on many sides.

Okanagan Lake has been the mecca of most persons as the mercury went over the 90 mark on Sunday and continued to keep the perspiration rolling.

Powell Beach on Sunday was crammed with people and more than a hundred cars were parked there most of the day, the personnel changing continually throughout the day but not dropping from that high point most of the time.

Highest temperature of the year was registered Tuesday, with 95 in the shade, preceding a minor type of shower late in the afternoon and another very welcome downpour of a few minutes' duration about 6.30 o'clock.

Rainfall on Tuesday registered at the experimental station was .44 of an inch.

Sunday and Monday was 93 as the high mark, while last Saturday was only a shade lower at 89.

Fishing camps in the vicinity have been doing a landoffice business and some good catches have been recorded despite the heat at this level.

Tourists Stay Here

That Summerland is starting to draw tourists who wish to spend some time here is indicated by the report from Sharpe's Auto Camp at the foot of Peach Orchard this week.

Mr. and Mrs. Armes of Allenby have been spending nine days there while two other couples, Mr. and Mrs. Collins of Calgary and Mr. and Mrs. Humphreys of Hammond each have taken a week of their holidays at this lakeshore resort.

The Lakeview auto courts in lower town have had the SRO sign most evenings but most of the patrons stay for only a single night or two and then proceed on their way.

Cedarbrooke Auto Camp, at the southern entrance to Summerland has a diversification of guests, many staying for lengthy periods as well as those who are only overnight visitors.

Kiwanis Club Plans Project

Two projects of wide interest to local residents are being planned by the Kiwanis Club of Summerland for the next month.

One will be the Kiwanis street carnival on August 12th and the other will be a hole-in-one tourney at the Living Memorial park playground.

Fred Schumann has been named chairman of the committee heading the street carnival project which has been decided upon after the Canadian Legion branch decided to drop this annual affair.

A \$25 prize will be given to the winner of the hole-in-one tourney which has J. E. Jenkinson in charge.

Further details of these two projects will likely be given out shortly.

"Ham" Radio Men Are Prepared For Emergencies

"Hams", amateur radio operators, from all parts of B.C. and as far away as Edmonton gathered in Kelowna on Saturday and Sunday, July 22 and 23 for the annual Okanagan International Hamfest at Gyro park.

Many mobile stations, transmitters built into cars, were observed, showing that operators are prepared for emergencies.

Stan Baker of Wenatchee was selected president with Doug Price of Summerland as vice-president and Felix Thompson of Wenatchee secretary-treasurer. One member from each club will comprise the executive.

As a change from purely "ham" activities, the program included a display by the Kelowna Aquatic Assn., and speedboat rides for everyone, which were much enjoyed.

Local amateur operators are preparing to take part in "Operation Mercy", a Red Cross disaster exercise which is being planned for the fall and will include 86 Red Cross branches in B.C. Co-operation of "hams" is being obtained for this exercise.

Voters' List To Be In Two Parts

A bylaw to allow the municipal office to divide the municipal voters' list into two parts passed three readings at Tuesday's council session. One list will contain all those who are registered owners of property and can vote on money bylaws as well as cast ballots for elections. The other list contains householders, licenseholders, etc., those who cannot vote on money bylaws.

Ask Rotarians to Consider What Sermon on Mount Would Find Today

"Summerland is one of the most beautiful places I have lived in, also one of the most healthful, and is normally profitable and prosperous," Robert Birch preceded his talk to Rotary Club of Summerland last Friday evening in the Nu-Way Annex.

"Summerland is a typical, but above average, Canadian town," he continued, but he asked Rotarians what would be the consensus of opinion if the Sermon on the Mount were delivered tonight from one of the hills in this lovely Okanagan.

"The world situation is such that we have to do some serious thinking. There are too many problems for us to live a normal, happy life."

Mr. Birch has sold his orchard property here and intends to return to his former profession as a preacher of the gospel.

The Sermon on the Mount is the "perfect blueprint for happiness" and he termed His words as "timeless."

Hunger and Thirst

"Blessed are they that hunger and thirst after righteousness," he quoted and he felt that Christ would find present day citizens lacking in that great hunger and thirst for things which really matter.

"If we did we would be closer to the Bible," he declared, emphasizing that sports and work are good things but if they take the

place of worship and God then they are not honoring God's Day.

More liberty, license and laxity seem to be the trend in sex and morals in the present day and he quoted a number of articles on the subject from current magazines. The suffering and broken homes caused by this laxity in morals and sex relationship is a dangerous trend, he considered.

Mr. Birch deprecated the present trend towards swearing. "It's a habit, but a habit expresses what's in the heart."

He granted that social services are a great step forward but "because we are practicing Christian ideals we are not necessarily Christians and are not necessarily recognizing Christianity."

He likened a life to a house which, if not built solidly upon rock is liable to be away and buffeted in the storms, finally crumbling.

Mr. Birch emphasized that each individual can apply the Sermon on the Mount to his life.

"I can't stop the tide coming in but I can grab a lifeboat," he insisted, declaring that the world system cannot be stopped by one individual but a belief in Christ and a following of his teachings by more individuals will ultimately improve the world.

In conclusion he urged Rotarians to face reality and like an orchard, "if the tree is good then the fruit will be good."

SOME CHANGEOVERS MADE

Councillor P. E. Atkinson informed the municipal council that several changeovers from front to rear in electrical current acceptance on Hastings street west have been made despite opposition voiced by some property owners to paying for this changeover.

His Life Was Extremely Full

THIS week there was laid to rest one of Canada's three greatest men in history . . . William Lyon Mackenzie King. In time, it may be said that he was the greatest man in Canadian history up to this point, surpassing even the Father of Confederation and Sir Wilfred Laurier. At the age of 75, and after serving his country dutifully and well for the better part of half a century there is no need to mourn the passing of such a leader in men.

country; of a man who guided his country through one of the most difficult periods in history, World Wars 1 and 11; of a politician who became a statesman; of a statesman who was cautious in his guidance of the country's affairs, seldom willing to gamble the country's future, but waiting for what he thought was the opportune moment. Such a man was Canadian-born W. L. Mackenzie King who need not be mourned as he had fulfilled a fuller life than most men and after so doing laid down his mantle of authority for others to pick up and be guided by his wisdom and the course he charted.

Bridge Argument Gets Official Blessing

IT is with a certain amount of smug satisfaction that we have observed the trend in official thinking regarding future Okanagan travel relative to the east-side road versus lake bridge. Hon. E. C. Carson, public works minister, has told proponents of an east-side road project that they are wasting their breath. The public works department would not sanction a road duplicating the present west-side road at this stage in the province's scheme of highway development. At the same time, a bridge to eliminate the ferry nuisance across Okanagan lake would be a definite possibility provided the cost is not astronomical and could come within a province-wide bridge authority such as has been suggested from several quarters. This line of reasoning follows closely the arguments which The Review has put forth in the past six months. The Review has followed this trend despite the decision of the Penticton and

Vernon boards of trade and city councils to follow those in Kelowna who advocated the building of a duplicating east-side road. We have listened to many arguments in favor of a Kelowna-Naramata highway but not one has overcome the very apparent fact that even if highways were built to circle the lake completely that the ferry from westside to Kelowna would still have to be operated. But with a bridge this bottleneck to traffic would be eliminated and a continuous flow of travel allowed. It has been pointed out that we do not need a four-lane highway bridge across the lake. Two lanes of traffic would be sufficient to handle Okanagan travel for years to come. Therefore, the cost of such a bridge should not be too much out of line. Now that the survey has commenced we should know before the end of this year what it will cost to solve the Okanagan traffic problem.

Signifying Nothing *By* RUSTICUS

My highbrow acquaintances tell me that great modern psychologists attach great importance to dreams. As I don't attach great importance to psychologists, I probably haven't got this clearly, but I gather that a lad called Young holds that dreams are important matters which we don't let ourselves think of in day time but which emerge from the subconscious at night. And another chap called Freud swears on a stack of his own psychology books that all dreams are based on sex. To all this I listen respectfully, but privately it sounds goofy. As a dreamer of much practise and considerable ability, I fail to see where Freud and his Chinese friend know what they are talking about. Anything that sneaks out of my sub-conscious to wander around in the night is apt to be pretty sleepy and not at all important. Like my dreaming the other night that some bigshot emphasized in a public speech that "science's greatest failure to date is that they have not yet learned how to weld a broken ice-cream cone." Admittedly I wouldn't think of that in the daytime, but I don't see that it is important enough to think about at night, either. And what could sex have to do with my dreaming, years ago, that I was a grain-harvesting combine of a sort never seen on land or sea? I was about the size of a city block, low and flat and full of indigestible machinery, with a wooden deck on which mechanics

and operators walked about to manipulate various levers and wheels; but apparently I woke up before I got the inside dope on how a combine feels. Obviously that dream was caused, not by any repressed worries or anything to do with sex, but by the mere fact that I had recently seen my first combine in action in a prairie grain-field, and was much impressed by it. And most of my dreams are patently just flights of imagination inspired by some chance event that caught a snag in my sub-conscious or conscious (if any) mind. Reading a book about the English upper classes is quite apt to make me dream of meeting Lord Thingummy from Thripshire; last time he was in cowboy boots, blue jeans, and 10-gallon hat, with a neatly-coiled reata, in a Chinese restaurant, and other ranchers told me resentfully that in the recent spring round-up His Lordship had ridden and roped so hard that he had corraled all the mavericks and left none for anybody else. It would make even the author of "Forever Amber" step lively to fit that into Freud's pet theory of sex being the basis of all dreams. And how could either he or Jung explain my latest sleep creation? In it I found myself in the General Brock hotel, which had inexplicably moved from Niagara Falls to Vernon. A lady sitting in front of me was wearing a blouse of a most unusual shade of reddish-purplishbrown—a real dream-color—but when I commented on it she turned around and said:

"Yes, it's nice, but I can't wear it anywhere else. See, they've stamped it," and there was the name of the hotel printed greenish-gray on the outside of the silk cloth, as on a towel. "Then I'd better be driving away," I said logically. "Will you move your popcorn stand?" A white wagon, drawn by a greenish horse, was parked on the combination road-sidewalk outside the hotel, several feet from the building. "Oh, you can squeeze by there if you're careful," she said airily, and I went out and managed to drive through. But apparently that only landed me back in the hotel again, at nightfall, and the portly manager bustled over to me and said: "Light the lamps at once, it's getting late." "So I went to them, and found the lamps were some type of gas-burners, with enormous cone-shaped white woven mantles a foot high. Attached to the bottom of each mantle was a device like a cigarette lighter, but when I worked it the spark, though very large and hearty, wouldn't ignite the mantle. So I broke off one of the thick cords of which it was woven, frayed out the end, and held it right against the lighter, but still the spark took no effect, and I was still laboring on it when I woke up. As I haven't used a cigarette lighter, a mantle lamp, or been in the General Brock for years, I wonder how the psychologists would explain that?"

Facts About Advertising

For several thousand years man has been laboring to harness the forces of nature and bend them to the task of producing the material things which make civilization possible. Amazing progress has been made, especially in our own country. Even in times of comparative distress, nearly all of us enjoy more of the satisfaction of life than were formerly available to the most fortunate few. Ability to make things is useless unless we also know how to distribute them. Every advance in the creative process necessitates an advance in distribution methods. Otherwise, progress is but a theory. Under the only satisfactory social system which we know, goods must be distributed by selling them to the people who are to use them. All purchases must be voluntary and the money for this buying comes from industry itself. The only threat that could ever seem to come from too great production efficiency would really a-

rise from the lagging of our distributive machinery. In time of depression, every influence for speeding up the selling process is a life-line back to prosperity, and even under conditions of full employment, we still are faced with the necessity of making the products of industry move faster into the hands of the consumers. We have never really produced too much and we probably never will. At times, we did seem to have too much wheat or too many hairpins, but there are always many things of which we could use more than has ever been produced. In this sense we have never really had over production, and certainly not in the depression years of the early 1930's as many then believed. What they called over-production amounted to far less than what we now consider to be under-production and scarcity. One thing which this country needs to do for the future is to devote an increasing amount of

ingenuity and energy to the problem of distributing the goods which industry produces. Distribution means selling to consumers. In all the history of selling, there never has been a greater invention than that of advertising, which has become industry's most powerful sales force. Just as machines brought mass production, so advertising made mass selling possible. Our inventors and engineers must be kept at their tasks of making life easier and more pleasant. But we must strengthen those forces which distribute the fruits of their creation. One of the most important of these is intelligent advertising. It is not only business which benefits from advertising. In this stage of civilization, the welfare of every man, woman and child is dependent on the efficient distribution of our manifold products. Good advertising is one of the most essential forces in that process.

Pioneer Days

Twenty-five Years Ago
July 31, 1925

Gordon L. Crossley of Summerland has arrived safely in Vancouver after having been in the swirling waters of the Fraser river for more than 16 days while making a trip from here to the coast via canoe. He left Summerland on July 19 and arrived at New Westminster on July 27, travelling most of the way by water. Longest portage was from Yale to Hope, where Hell's Gate and the Black Canyon were not attempted. Ten-year-old Cameron McGowan has passed the difficult Toronto Conservatory of Music exams three years in a row with honors. Four local growers were fined \$3 and costs each on charges of using water for irrigation purposes outside the hours outlined in a special local bylaw. Although scarlet fever, smallpox and diphtheria have been prevalent in other valley towns, not one case was reported here during the past year reports Dr. F. W. Andrew, health officer. Two letters to the editor from the pens of James Shepherd and C. J. Huddleston stress the need for additional irrigation and support the municipal council in any endeavor to bring about a betterment of the situation, regardless of outlay.

As well as the five South African veterans mentioned in last week's issue of The Review as being eligible to become honorary life members of the Summerland branch, Canadian Legion, J. B. Ellis is a veteran of that conflict and will be included. Mr. Ellis' name was not given to The Review last week.

That's right! We have the new B-A 88 and 98 gasolines now. Man, what power! You've never seen anything like it.

If you want more miles packed into every gallon . . . more powerful performance . . . more protection for your engine—you should fill up with the new B-A 88 or 98 gasoline.

We've got it! You should get it!

This IS the time to think about it!

Just look at these four reasons for filling your coal bin

RIGHT NOW!

- Coal costs you less during the summer.
- You're sure of your supply for the winter.
- Your coal is delivered dry.
- You avoid the headache of a last minute rush.

And you can afford to do it now!

If you can repay in nine easy monthly instalments or less, without being too hard on your budget, the B of M will be glad to lend you the money. This also provides another good reason for stocking up now . . . You can get in all your coal in one single delivery if you desire. That means less trouble and less dirt. Drop in at your local B of M branch as soon as convenient and talk it over. Make sure of your coal supply in good time.

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

CATHOLIC SUMMER SCHOOL BEING HELD

Sister Albert Marie of Kelowna and Sister Martina of Wrantou, Wash., are guests at the home of Mr. and Mrs. H. McCutcheon while in town to conduct a summer

school for children of the Church of the Holy Child.

Classes are being held in the church hall, and there are about forty attending to learn their catechism and other studies.

Lull in Orchard Operations Here Until Pear Harvesting Starts

As soon as apple thinning is over there will be a lull in orchard operations in the Summerland, Peachland, Westbank area until pear harvesting starts, the Horticultural News Letter issued July 22 from Kelowna states.

Little rain cracking was found in cherries this year and the crop has now been harvested.

"The great bulk of orchards will hardly have an apricot to pick, while only favored locations will have peaches.

"The pest and disease situation has worsened a little since our last news letter. European Red mite is now becoming general in a number of orchards. Infestations of Two-Spot mite and Rust mite have been seen and pear psylla is now beginning to cause trouble.

"Fire blight, which was almost entirely absent from pears during the early summer is now becoming more general every day."

Making Recovery
From Penticton district the letter states that "peaches which showed rather severe injury a short time ago in many cases are making an excellent recovery."

Oliver-Osoyoos area states: "Winter injury continues to show its effect on some stone fruit trees while others are of good color and are showing signs of recovery. The foliage of apples and pears is of a good color and the crop appears to be well sized for this time of year."

Kelowna reports that "growing conditions have been very good

and crops are progressing favorably. Apples on the whole are sizing well. In many cases Delicious apple trees are showing pale small leaves. This could adversely affect the size of fruit and may reduce the estimate of this variety."

The North Okanagan district states that "tree fruits are sizing satisfactorily. Thinning of McIntosh and later varieties is now being carried on. Prunes are sizing satisfactorily and may exceed the estimate."

Salmon-Arm-Sorrento district is suffering from lack of rain and as a result early apples are not sizing well. "A good long rain would be of immense value."

Hasn't Seen School Chum Since 1914

Mr. T. Findlow, accompanied by Mrs. Chadburn and Mr. and Mrs. H. P. Barr left on Friday for Spokane, where Mr. Findlow had arranged to meet an old school chum Archie McMaster, of New York, and Mrs. McMaster.

Mr. McMaster and Mr. Findlow were fast friends and had agreed to keep in touch with each other after the 1914-18 World War. However, Mr. Findlow was wrongly informed that his chum had been killed and did not make any attempt to get further information.

Through some friends in Saskatchewan Mr. McMaster found the whereabouts of Mr. Findlow and arranged to meet him in Spokane and come to the Okanagan for a further visit.

Suggest Control Area to Milk Board

VERNON.—It has been suggested to the government that one controlled area be set up from the border to Kamloops and Revelstoke to deal with dairy products. Application has been made by the Shuswap, Okanagan Dairy Industries Co-operative Assn. and the Armstrong Cheese Co-operative Assn.

"The milk board is primarily a price-fixing body. However, its functions seem to have developed into a general regulation of the fluid milk industry, having in mind the mutual benefit of producers, distributors and consumers," declared E. C. Carr, chairman of the provincial milk board in addressing a group of North Okanagan producers.

Teen Town

We wish to express our thanks to Mr. and Mrs. Bill Laidlaw for chaperoning at the dance on Saturday night.

Don't forget the big Okanagan Valley dance this Saturday night at the Youth Centre. All proceeds will be given to the hospital auxiliary to help pay for an oxygen tent. We hope to see Teen Towns from as far south as Wenatchee and as far north as Vernon. Earl Inglis and Keith Sayers will provide us with entertainment. Let's see everybody there to help make it a success.

CHEVROLET TRUCKS

✓ Performance Leaders!

Chevrolet's great Valve-in-Head engines can do more work per gallon of gas than any other gasoline engine of the same displacement now in use. They're smooth, rugged and powerful—masters of the job!

✓ Payload Leaders!

Low operating and repair costs of Chevrolet trucks are an outgrowth of finest engineering and rugged Advance-Design construction. Chevrolet trucks let you deliver the goods with real reduction in cost per ton per mile.

✓ Popularity Leaders!

For the last full year, Chevrolet outsold all competition. That's evidence of owner satisfaction earned through the years — proof, yes proof beyond any question or doubt, that Chevrolet is the most-wanted truck.

✓ Price Leaders!

You're money ahead with these new Chevrolet trucks! Chevrolet's rock-bottom initial cost — outstandingly low cost of operation and maintenance — and high trade-in value, all add up to the lowest price for you.

You can expect great things of these new Chevrolet trucks. They're the most powerful trucks Chevrolet has ever built, yet they cost surprisingly little to operate. Three rugged, wonder-working Valve-in-Head engines — the Thriftmaster 92-h.p., Loadmaster 105-h.p. and the big new 110-h.p. Torquemaster — bring you performance that saves you time and money. New Power-Jet carburetion provides smooth, quick acceleration, and the 4-Speed Synchro-Mesh transmission is standard equipment from the 1-ton to the 3-ton (optional in 1/2 and 3/4-ton) which means faster shifting and greater safety on the grades. To you, this means wonderful new performance . . . less time on the road . . . lower cost per ton-mile. So do yourself a favor. Visit our showroom today. Chevrolet trucks—and only Chevrolet trucks—provide what you want!

Westbank Dropped From PHN District

When Miss I. Stewart, who will succeed Miss Joan Appleton as public health nurse with headquarters in Summerland after the summer holidays, comes here she will have the territory reduced.

Miss Appleton is informed that Westbank is being dropped from the Summerland territory and the new PHN will only be required to serve Summerland and Peachland area.

Miss Appleton goes to Penticton in September.

One Polio Case At Vernon Camp

Vernon.—A 15-year-old cadet, Donald Bronson, of Haney, B.C., is in Vernon Jubilee hospital suffering from a "fairly severe case of polio." He was one of nearly 500 Royal Canadian Army Cadets who are taking trades training at the annual school in Vernon.

Lt.-Col. J. F. Villiers is camp commandant and Capt. G. G. Brown, B.C. area cadet officer, is camp adjutant.

Noca Picnic To Attract 1200 Today

Nearly 1200 men, women and children are expected to attend the big co-op dairy farmers' silver anniversary picnic at the city park, Armstrong, today. The Shuswap, Okanagan Dairy Industries Co-operative Assn., producers of Noca and Salmon Arm brand butter and dairy products, is the sponsor of this big picnic. Invitations have been extended throughout the Okanagan.

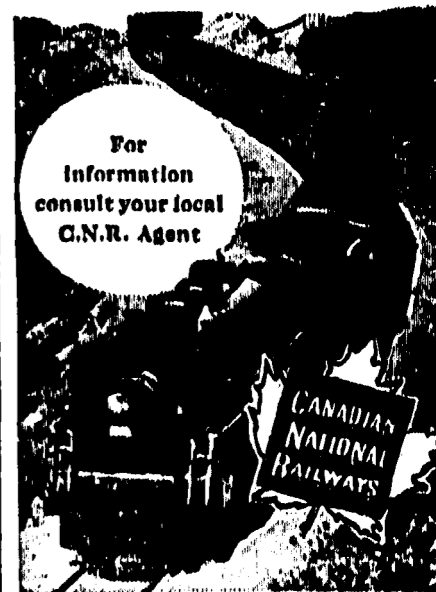

..through Sleeping car ... EAST

For passengers to Prairie, Eastern Canada and U.S. points, Canadian National operates a through sleeping car from the Okanagan on Mondays, Wednesdays and Fridays. The Okanagan sleeper joins the Continental Limited at Kamloops and goes to Blue River where passengers transfer to space already reserved.

*Similar through service in reverse direction, from Blue River, Sundays, Tuesdays and Thursdays.

Of course, Canadian National's through sleeping car service between the Okanagan and Vancouver, operates six days a week.

Birch Family is Honored at Edson Miller Residence

A farewell surprise party for Rev. and Mrs. Birch and family was held at the home of Mr. and Mrs. Edson Miller, Trout Creek, on the evening of Tuesday, July 4. Sixty-three friends from the Church of God and from the Bible study group which Mr. Birch conducted in Trout Creek were present to honor the Birch family before their departure from Summerland.

Mr. Lloyd Miller was chairman for the evening and welcomed the honored guests.

Contests were enjoyed and later in the evening Rev. W. Rabel, of the Trout Creek Church of God, gave a farewell address and asked God's blessing on the departure and future work of the Birch family.

Rev. Mr. Rabel and Mr. Charles Sargeant presented gifts from the gathering, a leather case for carrying a Bible to Mr. Birch and a chest of silver to Mrs. Birch.

Mr. Elmer Link of Vancouver, a visitor at the home of Mr. and Mrs. Gordon Halverson, sang "In The Garden" and Cheryl and Jacqueline Smith and Douglas Welch sang a trio "Standing In Need Of Prayer".

Refreshments of strawberries and icecream were served as a pleasant finish to the summer evening party.

August Bride Honored At Shower At Ryman Home

About eighteen friends gathered at the home of Mrs. G. Ryman, Trout Creek, on Thursday evening, July 13, when Mrs. C. Lackey, Mrs. J. Millmore and Mrs. Ryman were co-hostesses at a shower in honor of Miss Wilma Stewart whose marriage to Mr. Gavin Patterson takes place in August.

The room was tastefully decorated and when the bride-to-be entered the room, completely surprised, she was led to a gaily decorated chair and presented with a corsage of red roses.

During the evening a clothes pin game was played, with Miss Edith Verity and Mrs. Adrian Moyle the winners.

A scrap book representing the bride-elect's life was made with a suitable poem composed to suit each picture. This caused considerable excitement.

The guest of honor was asked to follow a streamer which led to a doll buggy decorated in pink and white and loaded with gifts. After unwrapping these the honoree expressed her appreciation and gratitude.

Delicious refreshments brought the evening to a close. A heart-shaped cake topped by a bride and groom centred the table and was cut by the honored guest.

Guests included Mrs. S. Porritt, Mrs. A. Sladen, Mrs. H. Sharpe, Mrs. J. McArthur, Mrs. J. Lamey, Mrs. A. Baillie, Mrs. Lloyd Gartrell, Mrs. Ian McQuaig, Mrs. A. Moyle, Mrs. R. Miles, Mrs. Skinner, of Ottawa, Mrs. Miles guest, Mrs. S. Cannings, Mrs. C. Morgan, Mrs. W. Davis, Miss M. Hudson, Miss Edith Verity and Miss Lois Sharpe.

Unable to attend but sending gifts were Mrs. J. C. Wilcox, Mrs. J. May, Mrs. G. Lewis and Mrs. R. Downing.

Miss Audrey Davis Is Guest of Honor At Surprise Shower

Under the big shady trees on the lawn of her home, Mrs. Edson Miller and her daughter Mrs. Gordon Halverson, entertained at a shower last Thursday afternoon in honor of Miss Audrey Davis, bride-elect daughter of Mr. and Mrs. Phil Davis.

Invited for a game of croquet the guest of honor was surprised to find many friends gathered on the grass, and a chair in which to sit distinguished from the others by bows of pink ribbon, and pink bows on the croquet wires.

Many beautiful gifts were piled high in a decorated clothes basket, and pulled in on a small wagon by little Anthea Morgan.

Invited guests included Mrs. Phil Davis, Mrs. Frank Davis and Colin, Mrs. J. J. Embree, Mrs. F. S. Miller, Mrs. G. Morgan, Mrs. Fisher, Mrs. C. V. G. Morgan, Mrs. George Lewis, Mrs. W. May, Mrs. P. Willis, Mrs. Eva Steuart, Mrs. Lloyd Miller, Mrs. Wesley Davis, Mrs. A. McNutt, Mrs. A. Hanson, Mrs. J. Lamey, Mrs. Percy Miller, Miss Mareta Embree, Miss Harriet Joy and Miss Annie Joy.

RENOVATE OLD TRUCK FOR FIRE BRIGADE

The old electrical truck has been renovated and is being made into a self-contained auxiliary unit for the fire department, council was informed Tuesday. Fire Chief Ed Gould made most of the alterations to the old vehicle. One steel trailer is being offered for sale now that the fire brigade has this auxiliary unit.

HOME AGAIN

Mrs. H. Mott is home again after a two weeks' visit to Calgary and Red Deer, Alberta.

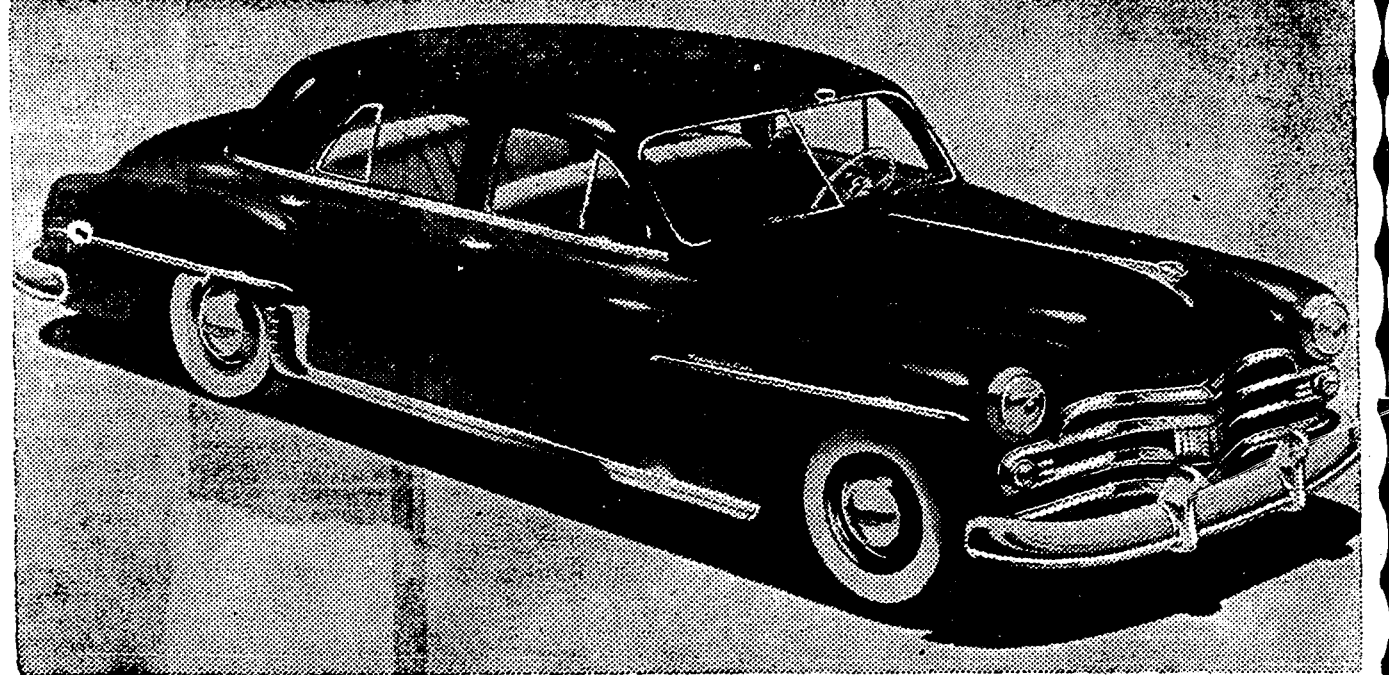

Mr. and Mrs. Harold Greenlees have returned from a motor trip

to Saskatchewan and Manitoba points.

Mr. and Mrs. Norman Holmes and family returned on Saturday from a week's holiday trip to Cranbrook. They are spending this week at Crescent Beach.

Mrs. R. Shannon was well enough to motor back to her home with Mr. Shannon returning Sunday evening. She is being welcomed back after an illness in St. Paul's hospital, Vancouver.

Spend Delightful Day On Mt. Revelstoke

Mrs. M. E. Collas and Mrs. E. R. Hookham spent all of last Friday, July 21, on the top of Mount Revelstoke. There the skies were clear and every peak in the Selkirk mountains beautifully plain. The wild flowers are two weeks late due to the cold slow spring, so there is not the profusion of color usually seen at this time in July they report. Acres and acres of yellow glacier lilies were a delight, however. Going on the Lake Eva trail there was still quite a bit of snow which will not be gone for some little time, it was thought.

August Bride-Elect Feted At Shower

Another bride-elect of August who was feted by her friends on Tuesday evening, July 20, was Miss Helen Fahlman, when a miscellaneous shower was held at the home of Mrs. I. Wurst, with Mrs. C. Pearson and Mrs. Wolfe joint hostesses.

A large group of friends presented Miss Fahlman with many lovely gifts which were artistically arranged in a decorated basket. Delicious refreshments were served by the hostesses.

Among those present were Mrs. Charles Betuzzi, Mrs. J. Betuzzi, Mrs. N. Bartello, Mrs. L. Bartello, Mrs. Howard Shannon, Mrs. K. Ongaro, Mrs. Glen Woods, Mrs. John Selinger, Mrs. E. Dolesello, Mrs. Pelletier, Mrs. J. Wiggall, Mrs. H. Schaeffer, Mrs. J. Cristante, Mrs. F. Jacobs, Mrs. S. Selinger, Mrs. John Menu, Mrs. H. McCutcheon, Mrs. W. Baron, Mrs. F. Daniels, Mrs. John Keys and Mrs. Alphonse Menu.

VISITING HERE

Miss Marion Sutherland of Victoria is a visitor at the home of Mrs. Marshall.

Mrs. Brighton of Vancouver was a visitor at the home of her sister, Mrs. C. J. Amm, recently.

Mrs. Myrtle Reay of San Diego, Cal., was a recent visitor at the Trout Creek home of Mr. and Mrs. E. C. Deringer.

Mr. Bill Stark of Pincher Creek, Alta., was a visitor at the home of his mother, Mrs. Florence Stark, last week-end.

Recent visitors at the home of Mr. and Mrs. J. Betuzzi were Mr. and Mrs. Joe Arduini and their two children of Kamloops.

Mr. and Mrs. Ted Knowlton of Standard, Alta., were guests at the home of Mr. and Mrs. R. A. Johnston last week.

Mr. Tom Pledge, with his son, of Vancouver, is visiting his parents Mr. and Mrs. J. H. Pledge in Summerland.

Mr. and Mrs. H. C. Willson of Strathmore, Alta., and their son, Mr. Bob Willson of Vancouver are visiting this week at the home of Mr. and Mrs. Garnet Peters.

Mr. and Mrs. James Cooper of Ekzikom, Alta., were guests from Monday until Wednesday of last week at the home of Mrs. Bob Henderson, Hospital Hill.

Mr. and Mrs. Art Frankish of Foremost, Alta., who have been motoring through the Okanagan, visited recently at the home of Mrs. Bob Henderson.

Mrs. Frank Turner, of Kamloops, a native daughter of Summerland, accompanied by Mrs. Marshall, spent the weekend in Summerland a guest at Sharpe's Auto Camp.

Dr. and Mrs. Walter Kennedy of Vancouver visited at the home of Dr. and Mrs. F. W. Andrew last Sunday. Dr. Kennedy was a partner with Dr. Andrew over thirty years ago.

Mrs. Leonard Taylor of Vancouver and her little daughter, Ann, were guests last week at the home of Canon and Mrs. F. V. Harrison and at the home of Mr. and Mrs. W. F. Evans.

Miss Marion Richards, of Vancouver who is attending Sprott-Shaw business school is enjoying a two weeks' vacation at the home of her parents, Mr. and Mrs. H. J. Richards.

Mr. and Mrs. Leslie Woodbridge and their two children of Vancouver arrived last week to visit at the home of the former's brother and sister-in-law, Dr. and Mrs. C. G. Woodbridge. Dr. and Mrs. Woodbridge left on Tuesday for Polson, Montana, to attend meetings. They will then motor to Belfry, Montana, to spend a vacation at the home of Mrs. Woodbridge's parents.

Miss Kathleen Moore and Miss Shirley Verge of Vancouver, who have been holidaying through the Arrow Lakes, are spending about ten days visiting at the home of Mrs. E. Hack before returning to the coast.

Mr. and Mrs. E. H. Wilson of Winnipeg stopped off on their return from a trip to Victoria and Vancouver and have been visiting at the home of Capt. and Mrs. J. E. Jenkinson. Mr. Wilson is a brother of Mrs. Jenkinson.

Visitors for ten days at the home of Mr. and Mrs. A. F. Meny were their son and daughter-in-law, Mr. and Mrs. "Chuck" Meny accompanied by Mr. and Mrs. Lazareni, all of San Francisco. The southern visitors were delighted with fishing opportunities on Okanagan lake, and in one day landed eight Kamloops trout averaging about one and a half pounds.

Large Turnout To Anglican Garden Party

The evening turned out to be cool and breezy on Wednesday, July 19, which was the day of the annual garden party held by the Evening W.A. of St. Stephen's church, which is familiarly known as the Anglican Garden Party.

The turn-out of people, however, was large, and the lawns and gardens of the rectory were thronged for the affair. The gardens made a lovely midsummer setting for the party with the beautiful, gr-stone church in the background.

The Summerland band gave a gala note for the affair which was under the general convensorship of Mrs. W. F. Evans.

Mrs. C. C. Strachan convened all the stalls and tables with Mrs. R. A. Fredrickson selling flowers; Mrs. Dewey Sanborn and Mrs. Lacey Fisher in attendance at the home cooking booth; Mrs. R. Lawley and Mrs. Eric Skinner responsible for the sale of novelties; Mrs. Alex Munn and Mrs. Tom Nelson vending ice-cream; Mrs. Reg Kersey sold "pop".

Mrs. Ben Trafford planned the decorations and colored lights shone down softly under the tall trees.

In charge of games was Mrs. A. Moyle, and Mrs. T. B. Lott headed the refreshments which was a menu consisting of three choices with either tea or coffee. Working "behind the scenes" in the parish hall kitchen were Mrs. Clarence Adams, Mrs. Earle Wilson and Mrs. E. T. Washington.

Families and their visitors attended, and two small girls who were kept busy giving children rides on a Shetland pony were Patsy Gould and Isabel Reinertson.

There was the game of pinning the tail on the donkey, and a bean guessing contest in which Mrs. A. Bissett and Bruce Bingham tied for the prize.

President Francis Stuart, Secretary Roy Angus and Director S. A. MacDonald attended a Rotary district conference at Couer d'Alene over the past week-end.

Mrs. J. R. Armstrong left on Saturday morning's train to spend two weeks' holiday at the home of her parents, Mr. and Mrs. H. T. Halliwell, Macleod, Alta.

Miss Mary Stuart is on her holidays and attended the Cook-Barkwill wedding in Vancouver before visiting in Cloverdale.

Mrs. Lacey Fisher is spending a week at Vernon, guest at Orchardleigh Lodge, while Mr. Fisher is attending signalling school at the army cadet camp.

Mr. and Mrs. N. O. Solly, accompanied by Mr. Ivor Solly, motored to the coast last Saturday on their return their sons, who have been visiting at the home of Mrs. Solly's mother at Dewdney, accompanied them.

Miss Joan Appleton, PHN, is having a month's holiday from her public health duties, and left last Friday accompanied by her mother, Mrs. Rowe, of Penticton, to motor to the coast.

Miss May Bennet motored to Vancouver to attend the marriage of Miss June Cook and Mr. Bob Barkwill. She was accompanied to the coast by her aunt, Mrs. C. P. Evans who returned with her later in the week as did Mrs. J. C. Barkwill, Miss Marion Shannon, and Miss Dolly Johnstone of Kelowna.

Souvenir Spoons To Mrs. William Strachan

Before Mrs. Wm. Strachan left to make her home at Kamloops where Mr. Strachan has been transferred to the staff of the Over-waiter in that town, twelve members of the Legion W.A. executive met at the home of Mrs. Strachan's mother-in-law, Mrs. D. Strachan.

A delicious tea had been prepared and Mrs. Strachan was presented with a pair of small Summerland souvenir spoons.

Mrs. Wm. McCutcheon made the presentation and regretted the departure for another town, saying that she would be missed here.

Present, too, were Mrs. Strachan's sisters-in-law, Mrs. Duxbury and Mrs. Tom Fisher.

Make Presentation To Departing Couple

At the home of Mr. and Mrs. John Mott on Thursday, July 20, some 70 friends gathered to pay tribute to Rev. and Mrs. W. S. Angell, prior to their departure for Kelowna. Rev. Mr. Angell has been pastor of the Free Methodist church here.

A beautiful trilight lamp was presented to the departing couple by Mr. John Graham on behalf of the gathering.

Every church in Summerland was represented by well-wishers and among those who paid tribute to Rev. Mr. Angell and Mrs. Angell were Mr. Mott, Robert Birch, Harold Smith, Rev. C. E. Preston and Janet Faasse.

Musical numbers by the Free Methodist trio and quartette added greatly to the enjoyment of the evening.

Summerland Man is Principal At Lovely Vancouver Nuptials

St. Philip's Anglican church, Vancouver, was decorated with a profusion of summer flowers in pastel shades for the evening wedding of Miss June Patricia Cook, R.N., daughter of Mr. and Mrs. W. R. Cook, 3319 West 29th Ave., and Mr. Robert John George Barkwill, son of Mr. and Mrs. J. C. Barkwill, West Summerland.
Rev. H. J. Greig was the officiating clergyman, and the ushers were Mr. David Munn, Summerland, and Mr. Dick Hibberd Vancouver.

A beautiful wedding gown was worn by the dark-haired bride who was given in marriage by her father. The fitted torso waist was of Chantilly lace over white satin, while the skirt was tiered in train of white tulle. A matching jacket of the same lovely Chantilly lace was part of the ensemble, and the shoulder-length veil was held by a wreath of velvet flowers. Pink Rapture roses, white gladioli, and stephanotis fashioned the bridal bouquet.

Attending her sister as bridesmaid was Miss Joy Noelle Cook. Her charming frock was of pale green nylon over embossed taffeta, with jacket of embossed organdy. A sweet bonnet of green taffeta decorated with yellow marguerites was her head-dress.

Mr. H. J. (Bill) Barkwill, West Summerland, was his brother's groomsman.

During the signing of the register Mr. Victor Pinchon sang "The Lord's Prayer" accompanied by Mr. Harold Keefer, organist.

Following the wedding a reception for about sixty guests was held in the Fireside Room of St. Philip's church where decorations were of summer flowers in pastel tones. The mother of the bride received with the bridal party, and on the bride's table was a three-tiered cake topped with Pinocchio roses and stephanotis.

Mr. Horace V. Yates proposed a toast to the bride and to this the groom responded.

For travelling on a motortrip honeymoon through Washington and Oregon the bride changed to a most becoming rose-colored,

belted dressmaker suit with accessories of cocoa brown. The young couple will make their home in Summerland on their return.

Out-of-town guests were Mr. Robert Fisher Cook, Calgary, uncle of the bride; Mr. and Mrs. J. C. Barkwill, Mr. and Mrs. H. J. Barkwill, Miss Mary Stuart, Mr. and Mrs. David Munn, Miss May Bennet and Miss Marion Shannon, Summerland.

Legion Auxiliary Bingo Aids Cause

A sum of \$38.29 has been added to the Hospital Auxiliary oxygen tent fund through the enterprise of the ladies' auxiliary, Canadian Legion, who held a bingo party in the IOOF hall on Saturday evening, June 24.

Responsible for the bingo part of the evening was Mrs. Frank Young, who was assisted by Mrs. W. Milne, Mrs. Dan Weiss, Mrs. Wm. Strachan and Mrs. Fred Walker. Mrs. H. D. McCutcheon was at the door selling tickets on a chocolate cake, which was won later by Miss Lois Read.

Mrs. T. Fisher and Mrs. H. Pruden were selling candy, and Mrs. J. A. Read convened refreshments. Assisting Mrs. Read were Mrs. Howard, Mrs. D. Strachan, Mrs. Elmer Johnston, and Mrs. W. C. McCutcheon.

Mrs. A. K. Loyd Is Laid To Rest

Kelowna.—Mrs. Ivy Nina Loyd, 66, wife of Arthur K. Loyd, president and general manager of B.C. Tree Fruits Ltd., passed away at her home, 450 Cadder Avenue, on Wednesday, July 12, after many months of illness.

Rev. W. S. Brown conducted the funeral service on Friday, July 14, from St. Michael's & All Angels church, Kelowna.

Besides her husband she leaves one son, Peter, and two sisters in England.

Tonasket Here For Last Home Game

Next Sunday sees the Summerland Merchants play their final home game of the OIBL season schedule, entertaining Tonasket at the Living Memorial athletic park. The following Sunday, August 6, the Merchants travel to Mansfield for the last game of the season and due to their standing in the league it will be the last league game for the Merchants as they have no chance of gaining entrance to the playoffs.

NAMES COLT AND GETS CAMERA AS PRIZE

In a contest sponsored by the Quaker Oats company, Gloria, 4½, daughter of Mr. and Mrs. Frank Tilbe, entered two names to name a colt. One of these names was chosen for third prize and Gloria now possesses a camera in a leather case.

Thirteen-Inning Ball Game Goes to Penticton Canucks by 13-11 Count

Thirteen innings of torrid baseball, some good and some very bad at Living Memorial athletic park last Sunday afternoon found Penticton come out on top 13-11 in what proved to be an endurance test.

Summerland was ahead on three different occasions but failed to hold the advantage.

Wally Day went the entire route and showed gameness against ter-

rific odds. However, it wasn't until the eighth inning that he obtained a strikeout. If he had been relieved in the seventh when the Merchants had a two-run lead the situation would probably have been much different.

However, Manager Ben Trafford chose to leave the lanky youngster on the mound and the ball game was lost in the 13th frame, four extra innings of hard-played ball.

Fifteen-year-old Bowsfield was starting hurler for the Penticton Canucks but he was blasted hard and bowed out to Canuck manager Edwards in the sixth after two mighty triples. Edwards was only in trouble once, in the ninth, when Merchants came from behind and sewed up the contest at 11-10 to force overtime.

Go Ahead 3-0

The ball game warmed up in earnest in the second when Walsh hit to Gunn in right field. Gunn muffed the catch, the ball going further afield and Taylor and Brawner scored. Walsh landed on third where he made it 3-0 on Sam Drossos' misplay.

But the margin was short-lived when the visitors filled the bases after Walsh muffed what appeared to be a made to order doubleplay. Russell was walked, forcing in Gunn from third. Baptis lined out a singing single to score three runs and Penticton was ahead 6-4, Raptis scoring on Drossos' high fly to end the inning.

But the Merchants still had plenty of fight and, aided by three errors and hits by Dunham, Vanderburgh and Walsh moved ahead 7-5 in the last of the third.

The score was knotted in the fourth when Bowsfield gave one of Day's deliveries a ride into centrefield for a complete circuit with one on board.

Bowsfield was retired in the sixth when Walsh swatted a triple and was scored on Day's three-bagger. The latter scored on Kuroda's grounder, Drossos committing his fourth miscue by dropping the ball when he had the runner tagged.

Penticton came back in the eighth to tie up the game after errors by Metcalf, Brawner and Kuroda put two men on base. Gunn let loose a sizzler through centre for the tying runs.

In the ninth, solid hits by Russell and Clovinsky put Penticton ahead 11-9 and most of the fans thought it was all over. But back came the Merchants when Taylor walked and was advanced on Metcalf's single. Walsh covered himself with glory when he singled into right field to score Taylor. Nicholson tried to cut off Metcalf at third but threw the ball away into the bushes to let the latter home to knot the count.

Don Nesbitt replaced Weitzel at bat but grounded out to finish the rally.

The ball game settled down once more until the 13th when Day was hit again. With two on base, Clovinsky hit a grasscutter into left field for the winning runs. Merchants got two on board in the last of the 13th but could not repeat the ninth-inning rally and the game was over.

Gil Jacobs was available for mound duties but rode the bench all day.

John Vanderburgh was the defensive star of the game, handling some badly-thrown balls and saving fielders' errors on several occasions.

Summary: Stolen bases, Russell, Clovinsky; sacrifice hits, Taylor, Brawner; two-base hits, Clovinsky; three-base hits, Walsh, Day; home run, Bowsfield; double plays, Brawner to Taylor to Vanderburgh, Nicholson to Tidball; bases on balls, off Bowsfield 3, off Edwards 1, off Day 4; struck out, by Bowsfield 2, by Edwards 10, by Day 3; left on bases, Penticton 7, Summerland 9; hit by pitcher Nicholson, Gunn, Raptis 2, by Day; umpires, McCargar and Kincaid.

Cashmere Cannot Appear Here Because Of Tournament Games

Chelan wired yesterday that their junior team would be here Saturday to play the Red Sox at 6:30 p.m.

Pressure of playoff games will prevent Cashmere juniors from appearing in Summerland this summer, Red Sox manager Joe Sheel-ey has been informed. The Red Sox played against Cashmere earlier this month and lost a thriller 3-2.

That the Red Sox are playing a bangup type of junior baseball is evidenced from Cashmere's record.

In a two out of three series with Wenatchee, Cashmere won 8-5, lost 9-4 and then won 9-3 by scoring two runs in the last half of the ninth.

Last weekend the Cashmere team played Omak and if a win was registered would play for the eastern Washington title at Sunnyside.

The Red Sox go to Princeton this Sunday for the opening game of the South Okanagan junior league playoffs. Princeton will return here on August 6.

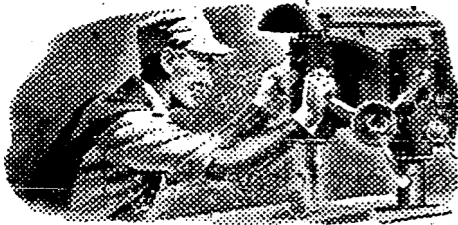

Two Hockey Loops To Exchange Games

Through a mutual agreement, teams from the Western International hockey league in the Kootenays and from the Mainline-Ok-play one game with each team in the other league this winter. Kamloops and Trail were finalists in

the B.C. Allen Cup playoffs last winter, with Kamloops being the surprise victors. Such an arrangement is expected to increase the interest in hockey in the two leagues.

Mr. and Mrs. Elmer Limk and their two children of Vancouver have been visiting at the home of Mr. and Mrs. Gordon Halverson, Trout Creek.

Four vital steps to security
(with something important in common)

1. A steady job is the foundation of security. And job-security can be increased by showing initiative - the quality which, surveys prove, makes workers most valuable. Life insurance dollars, invested in industries and public works, create many new jobs each year.

2. Owning your own home builds security two ways. It allows you to make a sound investment through regular savings, and it brings freedom from housing worries. Hundreds of thousands of Canadians now own their own homes, built with the help of life insurance dollars.

3. Cash resources, such as savings accounts and Canada Savings Bonds, promote security by providing funds for emergencies. And it is important to save regularly. Life insurance helps you save systematically - for family protection, retirement and other future needs.

4. Life insurance protects you and your family as you build security in all these other ways. It helps to provide income for your retirement. And it guarantees your dependants an income in the event of your death. Thus by owning life insurance you take your most vital step to security!

Here's to your future! In all these ways, life insurance helps you and yours to find greater security. Today 5 million Canadian life insurance policyholders are helping themselves and each other to face the future with increasing confidence!

WORKING FOR NATIONAL PROGRESS... BUILDING PERSONAL SECURITY

Rifle Shield Is on Block This Sunday

Great plans have been made for the annual team shoot at the Garnet Valley range of the Summerland Rifle club scheduled for next Sunday. The B.C. Dragons shield is on the block next week-end and teams from many interior towns are expected to compete.

Visitors are being welcomed by the club members next Sunday and it is expected a good crowd will be on hand.

Len Shannon turned in a good practice round last week-end when he scored a possible at 500 yards and totalled 97 for the three ranges. He led the field, followed by Phil Dunsdon and John Khalem-bach, each with 95.

Other scores follow: Fred Dunsdon 94, Jack Dunham 93, Steve Dunsdon 92, Art Dunsdon and D. L. Sanborn 90, H. Simpson, A. Moyls and D. Weitzel 89, George Dunsdon 88, Jack Dunsdon 87, C. V. Nesbitt 84, H. (Pop) Dunsdon George Stoll and D. Taylor 83, McLachlan 82, Joe Addison and Joe Elliott 81.

COOKING A FISH WITH A MILLION DOLLARS

Give a million dollars to a South Sea islander, completely cut off from any place where production is going on, and what can he do with it? Maybe use it to cook his fish.

Business is complicated. It has been defined as a three-legged stool, with one leg the customer who buys the product, one leg the investor who furnishes the plant and tools, and the third leg the worker who uses the tools to make the product.

Even that isn't a complete definition. Most consumers and workers are also investors, and most investors are both consumers and workers.

One thing they all have in common under our system—a common incentive, which is the hope of reward.

Generally speaking, what they want is to live better and in greater security. Toward that purpose our system works better than any other anywhere in the world.

MORE ABOUT

SEAL COAT

Continued from Page 1
Fudge's home were two points where the dust nuisance is far greater than at the bottom of Peach Orchard, Municipal Clerk Gordon Smith pointed out.
However, Reeve C. E. Bentley told the delegation "we will see

what we can do" and there the discussion ended.

O. Eaton and other nearby residents in the Parkdale area petitioned council to make that section a 20 mile per hour restricted zone to protect kiddies playing and keep down the dust.

Council is not in favor of making restricted zones here and there in the municipality and favors a straight 30 miles per hour

Idaho Man Buys Two Properties

Two important real estate transactions were completed this week with the purchase of the Leslie Mallett orchard and the home and small holdings of Mr. C. A. Duccommun by Mr. Fabbi, who recently arrived with Mrs. Fabbi and family from Idaho.
Mr. and Mrs. Fabbi are former residents of the Canadian prairie but have spent the past five years in the United States.

Good Progress On Domestic Water Project

Excellent progress is being made in the Crescent Beach-North Beach domestic pipeline extension for which a bylaw of \$27,000 was recently approved by ratepayers.
Councillor Francis Steuart, head of the water department, told council on Tuesday that the line from C. J. Huddleston's property to Crescent Beach has been completely installed with the exception of about 400 feet on the D. L. Sanborn section.

The big cement retaining tank is still to be installed on this portion.
Water Foreman E. Kercher feels sure that the costs of this project will be well within estimates, Mr. Steuart stated. At no place has the digging cost been up to estimate and if the same trend prevails throughout the rest of the project the system will be installed at a saving to the ratepayers.
Water Foreman Kercher is supervising the installation with the work being done on a day labor basis. R. A. Barton, Penticton, is the consulting engineer.

Hospital Insurance Delinquents In Court

B.C. Hospital Insurance Service officials have cracked down on local residents who have failed to comply with the regulations regarding payment of hospital insurance service fees.

Last Friday, nine cases were introduced before Magistrate H. Sharman in local court, eight convictions being obtained. The ninth case was withdrawn.

Fines were mainly \$5 and costs, although in two cases no costs were charged and in another case only costs were charged. In some cases delinquent payments were settled in court and others were given time to meet the required payments.

Bet You Don't Know This About Advertising

Quiz No. 4

How much does it cost per can to advertise the leading brands of soup?
Is it 1¢? 2¢? 3¢ per can?

Answer: It costs less than 1/30¢ per can to advertise the big-name brands of soup.

That's only half the story. Advertising lowers your cost two ways:

Cuts the selling costs. And by helping make mass production possible, lowers the production costs, too.

So advertising saves you many times that 1/30¢ per can.
