West Summerland, B.C., Thursday, April 3, 1952

## Bennett Holds Public Meeting To Name Candidate

Although the election date has not been disclosed yet, despite prorogation of the legislature a week ago, political parties are losing no time in gearing themselves for a rough and tough political battle.

As the picture now stands, a four-way fight is due for South Okanagan electoral riding, as will be the case in nearly every other riding in the province.

Instead of a major battle between the forces of Coalition and the CCF, the vote will now be split between the Liberals, Conservatives, CCF and the new Social Credit movement.

Included in the picture will be two plebiscites, one on the liquor question and the other on daylight saving.

And also involved will be the new system of voting called the alternative voting plan.

The CCF party in South Okanagan has already chosen its standard bearer, Tom Wilkinson, the defeated candidate in 1949.

W. A. C. Bennett, independent MLA for South Okanagan, who was chosen by the electors as a Coalition government supporter at the last election, is expected to support the Social Credit movement.

Liberals Meet Tuesday

Liberals are meeting next Tuesday for their nominating convention and to date only the name of Capt. C. R. Bull, who represented the constituency prior to Mr. Bennett's rise to recognition, has been introduced.

Progressive Conservatives have not named a possible candidate yet.

W. A. C. Bennett is holding a big public meeting in the Empress theatre, Kelowna, tomorrow night to report to his electors on the session of the legislature just concluded.

In Kelowna on Monday, Mr. Bennett predicted that the Social Credits would sweep the province at the forthcoming election in a similar manner that Social Credit came in to power in Alberta in 1935.

He stated that a revival of true principles of government "by the people" is currently underway in all sections of the province. He said the people are fed up with a dictatorial government.

In a telephone conversation with The Review, Mr. Bennett stated a provincial convention of the Social Credit party will be held soon, but he could not reveal the date.

It is unofficially understood Mr. Bennett would accept the leadership of the Social Credits provincially if this convention will sanction such a move.

However, Mr. Chant, a former strong Social Creditor in Alberta and now a resident of this province, is also believed to be in the running for this honor.

C. R. Bull is prospect

Liberals met last Friday evening in Summerland to hear Mr. F. Clark, provincial organizer, give a resume of the political situation and preparations of his party for the coming election.

The Liberal nominating convention is being held next Tuesday evening in Kelowna. Only certain candidates for nomination is Capt. C. R. Bull, well-known Kelowna district resident who has taken part in many campaigns for various charitable organizations in that district.

Capt. Bull was Liberal member for South Okanagan prior to W. A. C. Bennett being elected.

Accompanying Mr. Clark to Summerland last week were Mrs. Kislack, West Vancouver, president

(Continued on Page 8)

**School Board May Dispose of Building**

Summerland district school board has sought advice from the department of education regarding its proposal to dispose of the old buildings on school property.

The department has replied it has no objection to the board instituting such action but points out that funds derived from such disposal must be kept in a separate account and the funds utilized only for capital expenditure.

**BRIGADE GOES TO TWO CHIMNEY FIRES**

Two calls to extinguish chimney fires were answered by the volunteer fire brigade in the past week. First was to the G. A. Chadburn home Saturday morning and the second to the N. Aoki home Sunday evening. Both fires were extinguished before any material damage could be done.

**Speakers' Club Winds up Season With April Fool "Gags" at Banquet**

What? The Speakers' Club. Where? The Oddfellows' Hall. Why? To hold the seventeenth annual banquet. How? With fun and fantasy. When? On Tuesday evening, April 1, 8:30 p.m. Who? The members of 1951-52 and alumni. Which? The only one here.

With the seven "words of interrogation", embryo speakers are taught to arrange their thoughts to make an orderly and effective speech.

The president of this season's Speakers' Club, Mr. Harry Brown, said that this is a club from which there is no graduation—once a member always a member. Founded in 1935 it is estimated that over two hundred men have "taken the course".

Toast to the ladies was given by Mr. Bob Barkwill with reply by Mrs. John Caldwell.

The Speakers' Club alumni was given tribute and several suggestions in the toast proposed by Mr. Ivor Solly. To this Mr. F. H. Atkinson responded. Mr. John Caldwell's toast was to Free Speech which he named the basic principle of democracy. This Mr. Godfrey Chadburn reiterated in his fine reply. The honorary president, Dr. A. W. Vanderburgh, remarked on the benefits derived from the club.

Second part of the program after the tables were removed was a typical meeting of the Speakers' Club. A prospective Chinese member applying for membership was cleverly impersonated by Dr. J. C. Wilcox. Dr. R. C. Palmer gave the "instructional address" ending with the practical admonition that the best thing to do is to "prepare it and deliver it yourself!"

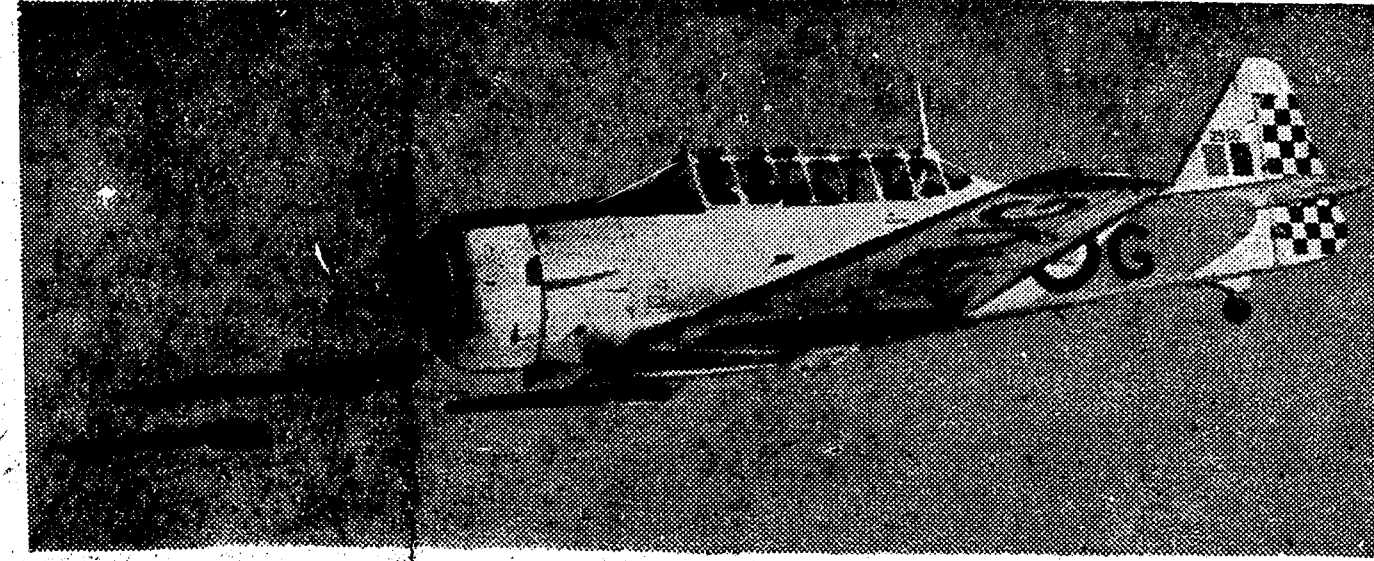

Mr. W. Snow, the new Chinese member, and Mr. C. Stent gave impromptu speeches. Mr. Snow spoke on a Fishing Holiday; the Chinese, who had been accepted, acquitted himself admirably; and Mr. Stent gave a talk which might be called The Egg and I with an egg juggling demonstration.

Others taking part were Mr. George Ryman, Mr. Art Higgs and Mr. George Washington.

Program cover was the work of Mrs. A. C. Wright and Mr. Washington compiled it. Mrs. C. G. Woodbridge was pianist.

An excellent dinner was served by ladies of the LOHA with brilliant flower decorations of geraniums, and colorful salads. Last course were cream puffs which when bitten into reminded everyone that the day was April 1. The filling was—cream? No, absorbent cotton!

## Modern Air Gunnery

A peacetime R.C.A.F. development has been the training of aircrew in rocket firing. This photo shows the pilot of a Harvard trainer launching his rockets in an air-to-ground firing exercise. The rockets leave the launching racks so fast they are invisible to the naked eye, but this unusual photo was obtained through close radio co-ordination between the "attacking" pilot and the photographer.

## Pullman University Students Visit Here

Dean Merrill, head of the department of horticulture at Pullman University, Wash. Mrs. Merrill and a party of twenty-two students were visitors at the Summerland experimental station on Saturday, March 29.

The students were interested in various departments of the station and were shown about by Dr. R. C. Palmer, superintendent and Dr. D. V. Fisher.

In the afternoon Mrs. Palmer entertained Dean and Mrs. Merrill and the group of students at tea.

## Discuss Unions' Wage Requests From Industry

(Special to The Review) KELOWNA — On Tuesday, April 1, Mr. Bryan Cooney, of Okanagan Centre, and Mr. Bill Sands, of Kelowna, president and business agent respectively, of the Federation of Fruit and Vegetable Workers' unions along with members of their general adjustment board met in Kelowna with the negotiating committee of the fruit and vegetable industry, to discuss the request of the unions for better wages and union conditions for the 1952 season.

The entire day was devoted to detailed study of the requests, and of the industry problem. Before the meeting adjourned at 6 o'clock, it was agreed that another meeting would have to be held in the near future and the industry committee indicated that they would probably seek an opportunity for a full and frank discussion of the whole matter with the fruit growers' association executive.

The fruit and vegetable workers' unions are the certified bargaining agents in 27 fruit packinghouses in the Okanagan fruit belt, while the United Packinghouse Workers of America are certified in three.

Mr. F. L. Fitzpatrick of Rutland, president of Okanagan Federated Shippers is chairman of the industry's committee.

## The Mikado is Well Received At All Points

Presentation of The Mikado was probably the most outstanding effort ever staged by the singers' section of the Singers and Players Club in the South Okanagan.

This seems to be the general consensus of opinion by the great majority of between 1800 and 2000 persons who viewed the four performances in Summerland, Kelowna and Oliver.

Kelowna and Oliver attendances ran close together with about 350 at each show. Summerland's opening night had a packed house of about 600 and there were about 400 paid admissions at the second performance staged here on Monday evening last.

This second performance here was partly staged for the benefit of Pentiction fans who wished to see this beautiful Gilbert & Sullivan production but there was no hall available which would stage such a sizeable cast. However, the audience mainly consisted of local residents who were unable to attend the first night.

Next Monday evening, the casts and assistants of both the singers' production and the players' section "Fudge and Prejudice", will join in a windup party at the IOOF hall.

## Croft Rink Competes In Oqopoo 'Spiel'

Bill Croft is skipping a rink consisting of Herb Lemke third, C. J. Bleasdale second and Francois Stewart lead at the Oqopoo bonspiel winding up in Kelowna tomorrow. On Saturday and Sunday, it is expected ten Summerland rinks will compete in the first Pentiction bonspiel in the new arena there.

## A. R. Garrish Challenges Anonymous Mud-Slingers To Show Themselves

A. R. Garrish, of Oliver, president of the B.C. Fruit Growers' Association, has issued a challenge to the "Better Management Committee" to make themselves known and to inform the growers' parliament of their case.

Failure to take such action will brand them as "malicious, cowardly liars", Mr. Garrish declared in a circular letter "To All Growers," dated April 1, 1952.

This declaration by the growers' president is in answer to the anonymous, malicious attack mailed in wholesale fashion in a mimeographed letter to most growers in the Okanagan last week.

Full text of Mr. Garrish's letter, which has gone out to all registered growers in the district, is produced herewith:

"There has been circulated recently to a number of our members an anonymous letter, making sweeping and entirely false statements concerning the efficiency of the management of B.C. Tree Fruits Limited, and having particularly offensive reference to certain officers of the Company.

"This letter originates with some individuals calling themselves 'The Better Management Committee', and it is the second such vicious attack of this nature upon the growers' organization in less than a year.

"I need hardly say that there is no such committee within this industry, nor do I believe that the members of the 'committee' are growers. Any grower knows that if he has anything to say about the way this industry is being conducted, his own association, The B.C. Fruit Growers' Association, affords him ample opportunity and facilities to speak his mind. Any grower who wishes to serve this industry and to have a direct say in the way it is to be managed, has only to convince his fellow growers (his friends and neighbors) that he is fit and qualified to represent them.

For any grower to resort to such an anonymous attack would simply mean that he has no hope of being trusted with responsibility by those who know him best.

"While it is usual to ignore anonymous letters as beneath contempt (which goes also for their writers), both of these letters have received some notice in the press and radio, and silence on our part might be misunderstood. Further, I see no reason why honest, sincere officials of our organization should be subjected to a vicious, mud-slinging, smear campaign, with no voice raised in protest. I see no reason why the growers should expect anybody to continue to work for their organization and their welfare under such conditions.

"So, on behalf of the Executive of the B.C.F.G.A., I challenge the so-called 'Better Management Committee' to make themselves known, and I guarantee that the B.C.F.G.A. will provide them with full opportunity to state their case, and to present their evidence. Failure to take up this challenge will brand them as malicious, cowardly liars."

## Cold Storage Subsidy For Co-op is Slashed

Three subsidy reductions were noted in the House of Commons at Ottawa when Finance Minister Abbott slashed estimates of various departments. These affect three cold storage warehouses in the Okanagan, Kelowna Growers' Exchange, Summerland Co-operative Growers' Assn. and the Westbank Co-operative Growers' Assn.

The Summerland subsidy was cut from \$3,350 to \$1,675.

## MR. AND MRS. KEAN ARE HOSPITALIZED

Friends of Mr. and Mrs. James Kean are anxiously awaiting word of their progress in hospital. Mr. Kean has been in hospital at Vancouver for some weeks while on Monday Mrs. Kean was rushed there for emergency treatment.

## Red Cross Nearly at \$3,000 Goal

With the campaign officially closed but with some contributions still to be received, Summerland contributions to the Canadian Red Cross campaign reached a grand total of \$2,902 this morning.

E. E. Bates, retiring president of the AOTS Club, who headed the committee in charge of the Red Cross drive here, states there is every possibility now that the objective of \$3,000 will be reached.

A number of persons signified their intention of subscribing to the campaign on April 1, and these donations can be left with Mr. Bates or at the Red Cross drive headquarters in the A. K. Elliott department store.

Some organizations who voted sums for the Red Cross drive have still to hand in their cheques, Mr. Bates states. Between these two groups, he hopes that the objective will be reached.

Right now the total is higher than has been reached in the past two years.

## Sales Tax off Equipment for Irrigation Needs

VICTORIA—Announcement was made by the provincial cabinet on Tuesday that irrigation equipment will be exempted from payment of the SS & MA sales tax.

This is good news for fruit growers of the Okanagan, and especially Summerland district, who are turning more and more to sprinkler-type irrigation.

On the average, cost of installing sprinkler irrigation on local orchards runs between \$100 and \$125 per acre, with the tax being roughly \$3 to \$3.75 per acre.

Growers have long contended that as they raise food for the nation and food is a non-taxable item, then the equipment which they must use to produce that food should also be free of the SS & MA tax.

## Growers Already Received Money Voted in East

Formal passage of the vote for \$1,200,000, being the subsidy agreed upon for B.C. fruit growers was noted in the House of Commons at Ottawa on Monday. This subsidy was agreed upon by the federal cabinet last fall because of the low returns from the 1950 apple crop.

On the strength of government assurance that this money would be forthcoming as soon as it could be passed in estimates, the fruit growing industry in B.C. agreed to finance this return and allow the growers to have it before the end of last year.

The money was borrowed from financial institutions and will now be repaid from the Ottawa cheque.

## Purchase Playground Swings for School

The Summerland school board was informed by the secretary, E. A. Tingley, at the regular meeting, Monday evening, March 31, that some of the Hallowe'en shell-out money raised by the MacDonald School pupils will be used to buy playground equipment.

It is planned to have two swings put up at the north end of the school.

## Ross Grant, Well-Known Western Canadian Businessman, Laid to Rest

Death came quietly after an illness of some months early Monday morning, March 31, to a well-known Summerland businessman who was widely known throughout Western Canada.

William Ross Campbell Grant, 61, well-known accountant in Summerland, who also maintained offices in Pentiction and Summerland. On coming to this province, Mr. Grant became a member of the Institute of Chartered Accountants of B.C.

In Winnipeg, he was a member of Lodge No. 144, AF & AM, while here he was a member of the Klwanis Club of Summerland.

Besides his wife, in Summerland, he leaves one son, William, and one daughter, Audrey, Mrs. D. M. Kean, Portage la Prairie; three grandchildren; and two sisters, Mrs. G. G. Moyes at Ogden, Utah, and Mrs. T. W. Armitage, Toronto.

The deceased man came from a family of eight, two brothers having predeceased him, as well as three sisters, one of whom disappeared early in World War I while studying in Germany and was never heard from again.

St. Andrew's United church held a large group of friends gathered to pay their last respects to a well-known public figure at 2:30 o'clock Wednesday afternoon, April 2, Rev. H. R. Whitmore officiating.

Interment was in Peach Orchard cemetery with Pentiction Funeral Home in charge of arrangements. Pallbearers consisted of E. F. (Hilly) Smith, Ken Boothe, Norman Holmes, Allen Holmes, H. J. (Bill) Barkwill and Don Agur.

Three years later he became general manager, while in 1928 he was appointed general manager of Weston's Broad & Cakes (Canada) Ltd., serving western Canada from Winnipeg.

In 1941 he retired from those posts and in April 1942, almost 10 years ago, the Grant family came to Summerland to reside. For two

# Editorial

## Despicable Anonymity

Letter writing in an anonymous way is bad enough when it is person to person, but when an anonymous letter is sent out in a wholesale manner in an endeavor to influence the thinking of nearly 4,000 members of an organization, the action becomes subversive.

Such subversive action was taken by a group last week called The Better Management Committee. All thinking growers will discard such a missive quickly and without giving it a second thought. But there are others who may not be so well acquainted with the fruit growing industry and may be attracted by some of the charges and claims made by this anonymous group.

This is the second time such an attempt to undermine the fruit industry has been made. In both cases, the paid officials of the fruit industry's sales agency were made the objects of as slanderous an attack as could be perpetrated.

People who are in a public or semi-public position can expect to be made the objects of attacks by persons who disagree with them in policy, but should not be expected to absorb such a slanderous attack as was perpetrated by a group who are afraid to come out in the open.

Their very anonymity shows only too clearly that they are not proud of the part they are playing. They would hide obscure to throw their poisonous darts knowing full what that should they come into the open they would be liable for prosecution.

We sympathize with chief officials of B.C. Tree Fruits Ltd. who have no recourse in the present situation but to shrug off such offensive, slanderous barbs as were directed at them through the mails last week. It is not easy to sit back and "take" such abuse. But in this case, as the perpetrators are unknown, they have no other course.

Some criticism has been levelled at this newspaper for printing the story of the wholesale letter attack on the fruit industry.

Ordinarily, we would never think of printing an unsigned letter. But, in this case, we felt that to attempt to smother this base charge under a cloak of secrecy would be aiding the cause of the anonymous ones in those places where suspicions of the fruit industry's operations may dwell to some lesser degree.

If these abusive letters are allowed to go unchallenged, those who are not sufficiently well acquainted with the true facts may come to believe there is a modicum of truth in the utterances.

This newspaper knows what a fine job those who are employed by the growers to operate their sales agency are doing. We know that they are not always right. They are not supermen, but they are doing their level best to give the grower the most from the markets.

And we sympathize with them in their present predicament—that they can't fight back at these despicable persons who hide behind the label: "The Better Management Committee."

## Happenings in B.C.'s Hinterland

Queen Virginia Click, 17-year-old Wenatchee high school student, accompanied by Princess Jeanette Bommer and Princess Ann Marie Ware, were entertained at Kelowna on Monday evening and Tuesday as part of their annual publicity tour on behalf of the famous Wenatchee Apple Blossom Festival, this year to be staged May 1, 2, 3.

For the first time in railroading history a diesel rotary snowplow has been used in Canada. It received its first test in the Revelstoke CPR yards, plowing a distance of 1,200 feet with a maximum height of six feet.

Mayor G. W. Games of Armstrong has been elected chairman of the North Okanagan Health Unit.

At a principal corner in Oliver four young ladies set up a shoe cleaning business on a recent Saturday, and did a whirlwind trade. Proceeds went to the Green Hornets basketball team, Interior Senior C champions, to help them defray expenses to Vancouver for the provincial title series.

Princeton is to get new post office accommodation, the federal government having passed a \$50,000 vote.

## Principle of Free Enterprise

(From Bowmanville Canadian Statesman)

Through the years of commercial and industrial expansion that have witnessed Canada's rise to a new importance among the nations of the world, successive federal governments have consistently upheld the principles of free enterprise—of non-interference with healthy business and industry.

Under these principles, the life insurance companies doing business in Canada have operated on the highest levels of stability and integrity, and none of them has ever needed any direction or control from any government source.

In spite of this undisputed fact, the Dominion Government is now considering doubling the value of annuities which Canadian citizens may buy through the government—and which are highly subsidized at the expense of the general taxpayer.

For some years it has been possible for Canadians to provide themselves with government annuities paying \$1,200 maximum per year. In order to maintain the annuities branch and to meet demands for payments of those whose annuities have reached maturity, it has frequently been necessary to transfer vast sums of public funds to the annuities branch.

Life insurance companies operating in Canada are—and always have been—equipped to give adequate protection to Canadians against old age. The Dominion Government, having at the outset gone into competition with these companies on a modest but basically unfair basis, now proposes to double the degree of its invasion into a field of Canadian free enterprise which neither seeks nor needs such competition.

Rather than to trespass further into the field of private enterprise, it would be wiser for the federal government to withdraw altogether from the annuities field, and to leave it to those life insurance companies, fraternal benefit societies, banks, trust companies, and credit unions whose primary duty it is to provide this sort of service under

## Signifying Nothing By RUSTICUS

I have frequently been told, in a variety of tones, that I am one of the world's worst losers. Not in the unsportsmanlike sense of hating to be on the low side of a bridge or ball game, though that too may be so, but insofar as I seem unable to keep many of my possessions in my possession for long.

It is probably only too true. Money sifts through my fingers with such rapidity that it might as well be lost, if it isn't actually. At times it escapes from my pockets without assistance, too; how can I tell the day or the hour when a hole will develop in one? Or when a ransacking to the depths in search of still another match will tip the pocket up so a coin or so drops out on the chair, or couch on which I am eregely slumped?

And if you hang up your trousers—you who wear the trousers—at night to keep them neat while you are abed, it is only too easy for money to drop out of those pockets when the garments are reversed in taking them off the hanger in the morning. Of course, a better way is to slip the trousers under the mattress at night, which keeps the press in them and leaves the pockets more or less right side up; but I was unexpectedly attacked by a heavy mattress once when attempting this, a couple of coils in the spring beneath began to worry my

flanks, and I was thankful to escape with my life. Since then, I've never tried to come between a spring and its mattress.

Also, there is the little matter of pens. Fountain pens. Guilty memory recalls a whole series of them that I have loved and lost. The gaudy red set which appealed to my youth, the beautiful green Parker with which I endorsed my first pay cheques, the bluish-green Waterman with my name engraved on it—which a thieving hotel maid unwisely stole—all, all gone. I got so I refused to buy a good pen, but spent a dollar here and 89 cents there on various cheap patents. Where are they now? There was a blue pen that I kept; but it was set down innocently on an ashtray one evening, in close proximity to some hot pipe dottle, and I forthwith discovered that fountain pens burn like gasoline.

And pocket knives. Dozens of them. White-handled jackknives with two blades and a leather-punch, gold-plated watch-chain knives, pearl-handled 'pen' knives, even massive horny-handled jobs with chain and shackle for attaching to one's clothes—I've lost 'em all.

And locker keys. Not, fortunately, car keys, though I've spent some anxious half-hours hunting them. Nor house keys, though I've done my share of climb-in through windows through forget-

ting to carry a key with me.

On the other hand, I've kept some things for decades. My shaving brush is ancient and broken, a mere shell of its former self, repaired repeatedly—yet still it gives me no excuse to ask Santa Claus for a new one. My razor ditto, though its original silver finish is now either worn to brass or green with age.

And only the other day I came across one of those leather key cases which I must have had for over twenty years. Well I remember how eagerly I got it, and how difficult it was to find enough keys to fill it. I lived at home, where we did not lock our doors, so I had no house keys. We had no car, our post-office box had a combination lock. Carefully I saved all trunk and suitcase keys, added a skeleton key and any extras that I could pick up, and proudly produced by bulging keycase at every half-opportunity.

Gradually its weight and bulk grew to be a nuisance. I stopped carrying it. Now, when I am using a number of keys, I cannot bring myself to bother with it again. I might lose it!

What a pity this losing business isn't selective. If I could only lose some of the old things I'd like to replace—and hang on to some of the things that are irreplaceable—life would be different, wouldn't it?

### THIRTY YEARS AGO

After weeks of work, the new electric street lights were switched on Saturday night. Electrician T. F. Thorner has been hampered by unfavorable weather, but was true to his promise in having them this weekend. They are controlled by a time switch set automatically. The new lamps are 100 watts each, and cover the two business centres and the road between, by way of the Gulch and Hospital Hill. They are a great advance on the hydro electric system formerly used.

While bringing down the milk from his upper barn by means of a horse attached to a stone boat, Frank Haddrell was severely injured by the animal and is now in hospital.

The following merchants represented Summerland in Pentlton at a meeting of the Retail Merchants' Association: T. E. Young, T. A. Walden, E. R. Butler, A. Richardson, A. C. Patterson, K. S. Hogg, H. H. Finley, W. Johnston, F. Cross, W. W. Borton, W. White, C. V. Nesbitt and Geo. Forster.

Game Warden R. M. Robertson has announced a bird box competition for Summerland. Mr. Wisheart, school manual training instructor has taken the matter up

wholeheartedly to assist the boys in designing and constructing the boxes. This is held under the Dominion Migratory Birds' Act.

Ernest Brighton has brought down a mountain lion or cougar which he shot on Rattlesnake Mt. where he was cutting wood. With the help of a dog he tread the animal and shot twice before it fell to the ground. It has been mounted and is on view at the Premier Hotel.

### TWENTY-FIVE YEARS AGO

The annual meeting of the golf club showed last year many improvements were made on the golf course, and this year the clubhouse is to be enlarged, and competitions will be kept up. Financial report showed that the club had handled funds somewhat over \$1000. Election of officers resulted as follows: President, Dr. Andrew; vice-pres. Rev. H. A. Solly; sec.-treas. T. A. Walden; executive committee, J. N. Cran, G. C. Benmore, A. Smith, T. A. Walden.

A miraculous escape from injury occurred at Pentlton when a car driven by Arthur Latta, and having passengers, Ruth Bowden, Charles Clark and Harriet Casner, crashed through the fence of the Red

Bridge, near the Indian reserve, turned turtle and fell ten feet into Okanagan river. They managed to open the car door and crawled out. After a night's rest they had no ill effects.

Bill Angove, a local boy, has been starring in a basketball team at Trail.

The old jail which has been empty for so long, and which it is hoped will remain empty, has been moved to West Summerland. It is deposited on its new site not far from the Occidental packinghouse.

Geo. Gartrell this week received two crates of 24 pheasants from Victoria to be used for restocking purposes.

Lee McLaughlin intends to make a name for himself with sweet peas. He has planted fifteen varieties and intends to have thirty-five, all distinct kinds.

Miss Veronica Solly and Miss Miranwy Wright are home for the Easter holidays from Vernon where they are attending boarding school.

### BIG INCREASE IN TOURIST TRAVEL

Recreational travel figures during the month of February set an all-time record for the month, when 11,017 foreign vehicles entered the province on traveller's vehicle permits, as compared to 8,310 in the same month in 1951—an increase of 40 per cent, states Hon. A. D. Turnbull, minister of trade and industry.

The substantial advance in February brought the two-month total for this year to 16,970 cars as compared to 15,113 during the same period of last year. Traffic was heavier in February in all parts of Canada, with the largest gains occurring in British Columbia, Ontario and Quebec.

### NOTES FROM PARLIAMENT HILL

## Federal Aid for Education Is "Talked Out" at Ottawa

By O. L. Jones, MP for Yale

It was moved by Mr. R. R. Knight that the government should take into consideration means of expanding and equalizing educational opportunity across Canada, by the granting of financial assistance to the various provinces for that purpose. This resolution was discussed for nearly two days and finally talked out by one of the Liberal members, Mr. Fulford. Mr. Knight explained the reason for the resolution in these words:

"The principle behind the resolution is that all children in Canada should enjoy equality of opportunity of education irrespective of their geographical position, of the country of origin of the parents, or of their economic status. That should be denied to no child in Canada, irrespective of where he may live and irrespective of his origin. Why has that objective not been achieved up to the present? Well, it is largely a matter of the funds available, or not available. I should say, to the provinces. The enlightened members of this house are well aware of the differences among provinces in the funds which are available, and the reasons for the inequality.

"This is a far-flung country, Mr. Speaker, Providence has not scattered her gifts across it with an even hand. Great wealth-producing the free enterprise system—the choice of the vast majority of Canadians.

natural resources are in the possessions of some provinces and have been denied to others. Industrialization has been developed intensely in certain of the provinces and practically none has taken place in others. Then we have had tariffs; we have had freight rates; we have had the centralization of the payment of corporation profits. These have tended to keep some provinces poor in relation to others.

Mr. Pouliot opposed the proposal on the grounds that the provinces have the exclusive rights and control almost like a kingdom by itself in educational matters. He naturally felt that any assistance from the federal government would be followed by federal control.

Mr. Fleming, speaking for the Progressive Conservatives, said his group favored the principle of the resolution saying that the government in due consultation with and associated with the provinces recognized the exclusive provincial jurisdiction in education must today meet the responsibility that properly rests upon it as a result of the inadequate revenues placed at the disposal of provinces under the constitution—therefore part of the burden of the cost of education should be borne by the means of federal assistance to those municipal and provincial authorities who are now carrying the load.

It was brought out during the debate that the cost of education (Continued on Page 8)

## Extra Fire Hydrants Can be Installed at Residents' Expense

Summerland municipality will install standpipe fire hydrants at \$65 each in any location where an owner or group of owners wishes to have additional security against fire, it was decided at last week's council meeting.  
 Adaptors would be obtained by the fire brigade to fit the two-inch standpipes, which would be especially valuable in winter months when there is no irrigation water available in the flumes.  
 On a two-inch main, a hydrant of 1 1/2 inch pipe would be possible while on 4-inch mains, a 2-inch hydrant could be erected, it was stated.  
 Water Foreman E. Kercher would have to decide if the installation was suitable for the district and the application would have to be given council approval, it was decided.  
 Councillor Barkwill queried the feasibility of a 1 1/2-inch pipe hydrant and council decided to question Mr. Kercher further on this point.

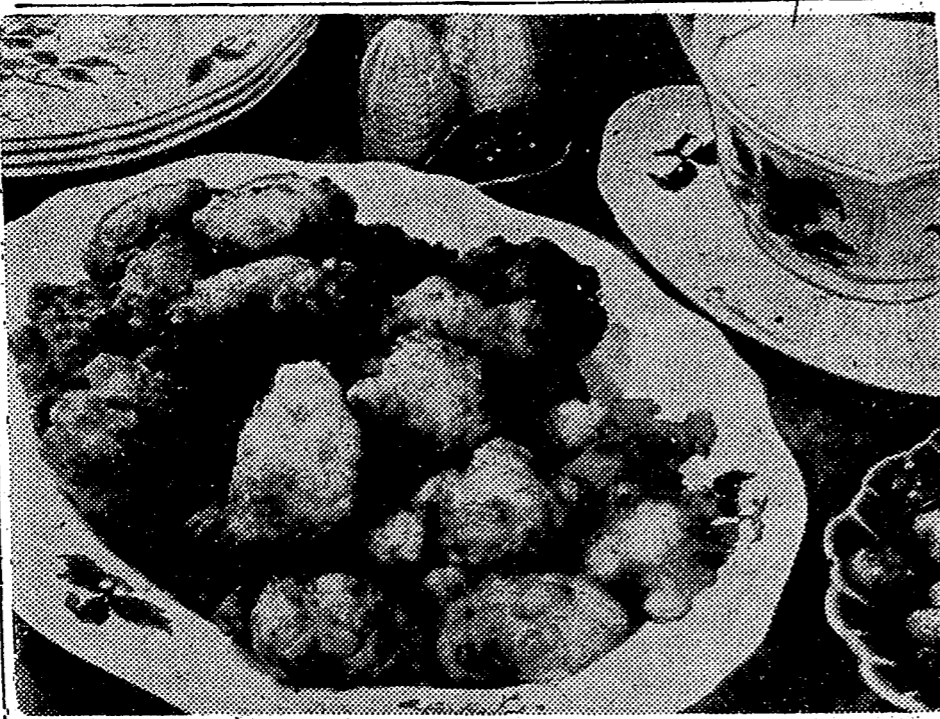

**YOUTH CENTRE TO TAKE OLD FLAGPOLE**  
 Summerland Youth Centre Assn. has been granted the right to use the old flagpole near the old high school. The Youth Centre will be allowed to take it away, provided the entire foundation is removed and the ground left in proper condition.

## Population Figure Takes Big Drop . . . . It Was Mistake

There was a mistake made in estimating the population of the rural area in school board circles this year. For the purpose of dividing the financial responsibility of those in the unorganized area and those in the municipal territory, a figure of 277 was computed for 1951. But this year, that figure suddenly jumped in health department records, to the amazing total of 1300.  
 When school trustees pointed out that this could hardly be the case, department investigated further and brought the total to 59 . . . a spread of 1241.

**CANADIAN LEGION MEETING WEDNESDAY April 9 8 p.m. LEGION HALL**

## RECIPE HINTS

Feather-light fritters, made with canned mixed vegetables, are tasty meat accompaniments, and served with a sharp creamy cheese sauce, they'll make a hearty main course on meatless days.

**VEGETABLE FRITTERS**  
 Two cups sifted all-purpose flour, 3 tsp. baking powder, 1/4 tsp. salt, 2 eggs, beaten, 1 cup milk, 1/2 tsp. pure monosodium glutamate, 2 tbs. melted butter, 1 No. 2 can mixed vegetables, drained. Mix and sift flour, baking powder, and salt. Combine eggs, milk, pure monosodium glutamate, and melted butter, add to flour mixture gradually, stirring until

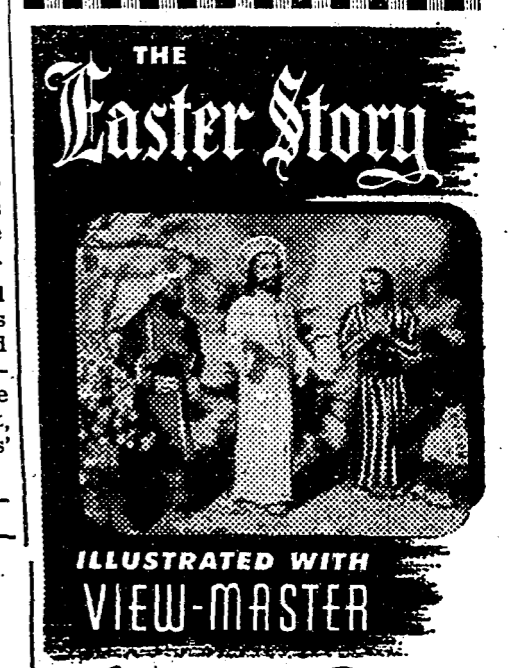

smooth. Add vegetables. Drop by spoonfuls into shallow fat, 2 inches deep, heated to 375 degrees F. Fry 2 to 3 minutes, or until golden brown. Drain on absorbent paper. Serve with Cheese Sauce. Makes 6 servings.  
**CHEESE SAUCE**  
 Add 1/2 cup grated sharp Cheddar Cheese to 2 cups medium white sauce. Cook over hot water, stirring, until cheese melts.

## Herb Pohlmann to Lead AOTS Club for Another Busy Term

Two outstanding things marked the March meeting of the Summerland AOTS club held on Thursday, March 27 in St. Andrew's hall.  
 One was a splendid talk on sports by Kelowna's Jim Panton, who traced the growing importance of sport from earliest times until now, when people have more time for recreation than ever before.  
 He listed fishing, hunting, bowling, and skiing as being the sports on which most people spend the most money, far more than on team games such as baseball, and emphasized the importance of leadership, by service clubs and by parents, in developing good recreational habits among young people now growing up.  
 Second thing was the annual election of officers. The honorary president, Rev. H. R. Whitmore, and the president, Herb Pohlmann, were elected by acclamation, but lively contests developed for the other offices. Those who emerged victorious were Gerry Laidlaw for vice-president, Lew Wright for secretary, and Frank Doumont for treasurer. They were impressively installed by a former president, Les Gould.  
 A very important report was given by President Bates on the Red Cross drive which the AOTS had undertaken, with assistance from the Junior Chamber of Commerce, and several other adults and high school students.  
 Joe Sheeley, the club's tireless and genial sports promoter, reported that hockey had had a good season, with four teams of boys from the elementary school playing twice a week throughout the ice season; that the young basketball boys had done well under Don Sanford, who had even taken a team to Kelowna for a game; and that both baseball and track would be organized in the near future.  
 Both he and Les Gould felt that

it was better for all the pee-wee baseball players to get a chance to play rather than having a team of them picked out to enter a league.  
 Rev. H. R. Whitmore reported that the Scout troop was going great guns, with seventeen members and five more entering the troop in another week's time. There was some discussion of a father and son banquet for the Cubs and Scouts that the AOTS sponsors.  
 Another important project of the club at this time of year is the annual variety concert. This year Wallace Boothe is in charge of the program, which will be presented on Monday, April 14. Tickets were given out to members to sell by Al Gately, and Wallace Boothe issued a stirring call to all members to get behind the drive to sell tickets and make a success of what he promised would be a good concert.  
 Report of retiring treasurer, Bill Jenkinson, showed that the club's income had been \$358 last year, and it had been practically all expended in projects for young people such as the hobby fair, track meet, variety concert and various boys' sports throughout the year.

**SCHOOL STUDENT ONLY PRESENT FOR 36 DAYS**  
 One local high school student was discussed recently by the local district school board as she had been absent from school 77 days, and only in school 36 days. She is being told by trustees to attend regularly or discontinue attendance entirely as the present attendance standard is a handicap to other pupils.  
**MAY DECREASE FEES**  
 An increase in the government grant to instructors of the English for New Canadians night classes is being allowed by the department of education which, in turn, can be passed along in a fee reduction next term, local school trustees have been advised.

## Activities Page

### High School COMMENTS

Since I didn't write a column last week, I have quite a bit of news to catch up on.

Friday, March 21, was the day of the indoor house track meet. This proved very exciting for everyone although the wrong house won, as usual. Every house enters all of the events including the pie eating and milk drinking races. The final standing for the meet was House 3, House 4, House 1, House 2.

Saturday evening, March 22, students were invited to see a performance of the Singers' club production of the "Mikado" at a reduced price. A very good crowd turned out to see it.

Friday afternoon, March 23, the students' council sponsored another of the monthly shows. The full-length picture this month was "Huckleberry Finn".

Friday evening, four junior basketball teams met four teams from Kelowna and won every game.

The staff of the Annual is hard at work and the material should be in the hands of the printers this week. Subscriptions are still being accepted at the reduced rate this week so hurry and get yours in if you have not already done so.

This Saturday night, the senior boys' and senior girls' basketball teams meet similar teams from West Vancouver. The games should be good so don't forget to come. There will be a mixer after the game for all students so come and support your school.

### Cub Calls

**1st Summerland Pack**  
 Bryan Ballie, David Woolliams and Murry McArthur received their first star, and Dick Dunsdon and Leigh Trafford were invested into the pack. This brings our strength up to 30 Cubs. Most of our time now is being spent getting ready for our concert which is June 2. Will the boys who have not brought their registration fee of 25c, please bring it next meeting. This applies to all boys.  
 Next meeting, April 7, 6:30 sharp. Duty Six, Tawny Six—Akela.

### 1st Summerland Troop

Last week's annual Scout and Cub father and son banquet proved the most successful yet staged. About 120 fathers, sons and guests sat down to dinner.

At this week's meeting the troop had its first outdoor game, "Hares and Hounds". It is hoped we can soon get out on weekend camps for Scouting games and instructional work.

Next week instruction on ambulance man's badge and 1st class first aid will be started and carried out for 3 weeks.

A court of honor meeting is planned for Friday, April 4, to discuss summer camp and camporee plans. Next meeting, Tuesday, April 8, at 7 p.m. Room for two new Scouts in the troop. Next patrol for duty: Eagles—D. V. Fisher.

### School Boards Invite Municipal Councils

School trustees invited representatives of municipal councils from many interior points, from Revelstoke and Kamloops south to the border, to a special meeting in Vernon on March 12.

Secretary E. A. Tingley and Trustee J. Y. Towgood attended from Summerland school board while Reeve C. E. Bentley represented the municipal council.

It was the intention of the Okanagan branch of the B.C. School Trustees' Assn. to acquaint the municipal councils with steps which had been taken to combat rising costs of education.

Decisions of arbitration boards at Ashcroft, Merritt and Kamloops were reported on by A. D. C. Washington, Penticton lawyer and T. P. Samson, Oliver school district secretary.

### Guide News

**1st Summerland**  
 We opened our Guides' meeting with inspection and a marching drill for about ten minutes. Then the Guides enjoyed a knowledge quiz. Anne Solly won this with seventeen points, Anne Eeggs was next with fifteen.

Later on, we played two relays, then a safety quiz. Pimpernels won this item. We all enjoyed songs at a short campfire.

Captains and Patrol Leaders inspected patrol corners. Our subject was Australia. Hepaticas won this with five points.

We raised \$43.48 from our St. Patrick's day tea.  
 Our mother and daughter banquet is going to be held on April 5.

The meeting was closed with the Guide prayer and Taps. Points for this week are as follows: Hepaticas 71, Pimpernels 57, Forgetmenots, 71, Buttercups 84.

### Take Over School Building in June

Final inspection of the new high school building will be undertaken this month, in preparation of the official takeover from the contracting firm in June, school trustees have agreed. Architect W. K. Noppe will be here for the inspection, along with Kenyon & Co. representatives, as the contracting firm.

### GETS LEAVE OF ABSENCE

Mrs. Helen Schaeffer's resignation was tendered to the local school board to become effective May 16. She is being granted leave of absence until the term-end.

### Inspector Cannot Agree on Question Of Pupils Conduct

Johnson, Walton & Co., insurance brokerage firm, has informed the Summerland school board that it has been advised educational authorities will not allow school bus drivers to put unruly children off the buses because of the increased liability of pupils being hurt. In fact, a conference of school inspectors was supposed to have come

### Singers Come Under Board Displeasure

Objection was heard at a recent school board meeting concerning the Summerland Singers' & Players' club utilizing the new school more often than was called for in the original agreement.

This well-known group of local citizens had been granted free use of the school auditorium, music room and library for practices. But just before the Mikado was produced more frequent use of the school was made and on one occasion the singers contravened school board policy by using the auditorium on a Sunday afternoon.

It was the school board opinion that if the original agreement with the club had not been sufficient then a representative should have returned and made a new agreement, it was stated. The club is being written along this line.

to this conclusion.

However, School Inspector A. S. Matheson of Kelowna took another view when confronted with this alleged information by the Summerland board at a recent meeting.

Mr. Matheson considered the proper thing for a driver to do with a youngster who doesn't behave is to make him walk, he told the board. There would be no greater danger to pupils of becoming involved in an accident than if they walked all the way to school and had no bus ride, he pointed out.

The insurance firm will be informed of the local inspector's belief in this regard.

### Ask Restaurants to Serve Vitaminized Apple Juice

Restaurant operators are being asked to place vitaminized apple juice on their menus and the co-operation of the Canadian Restaurant Assn. in this matter is being offered by its president, Clarence Sorenson, of Vancouver, it is announced by C. A. Hayden, public relations department of the BCFGA.

This move is in response to a resolution passed at the last BCFGA convention in Penticton in January.

At the recent B.C. resources conference at Victoria, attended by J. G. Campbell of Salmon Arm for the BCFGA, an impressive display of Sun-Rype apple juice was set up and this beverage was provided delegates at the sessions and banquet.

#### To Survey Okanagan

In response to other grower resolutions, Kenneth Caple, B.C. regional representative of the CEC has replied that "plans are already underway to make a thorough survey of the problem of coverage in the Okanagan area and we expect to have a definite recommendation on the solution of this problem by the early summer."

Frost warning service is being organized with D. N. McMullen of the meteorological service being prepared to issue bulletins to interior radio stations about 8 o'clock each evening during the spring weeks.

N. M. McCallum, chief engineer of the public works department,

reports to Mr. Hayden that the paving of a section of the old Vernon road from a point east of Reid's Corner, north and then west to join Highway No. 97 will be included in this year's program.

Arrangements are being made through CEC farm broadcast and Provincial Horticulturist Ben Hoy, along with R. P. Murray, Okanagan supervising horticulturist, for a spray warning broadcast service similar to that of last year.

Continuation of the investigation into a cheaper container for apples is being promised by the B.C. Research Council.

Dr. R. C. Palmer, experimental station superintendent here, has been gathering information in connection with the best methods of combatting mice in the orchards and a report will be available shortly, Mr. Hayden advises.

Other district councils are being asked to consider a suggestion from the southern district council that the yearly Chautauquas be held earlier.

#### MORE ABOUT—

### Re-organization

Continued from page 1

Tom Worth of Okanagan Falls.

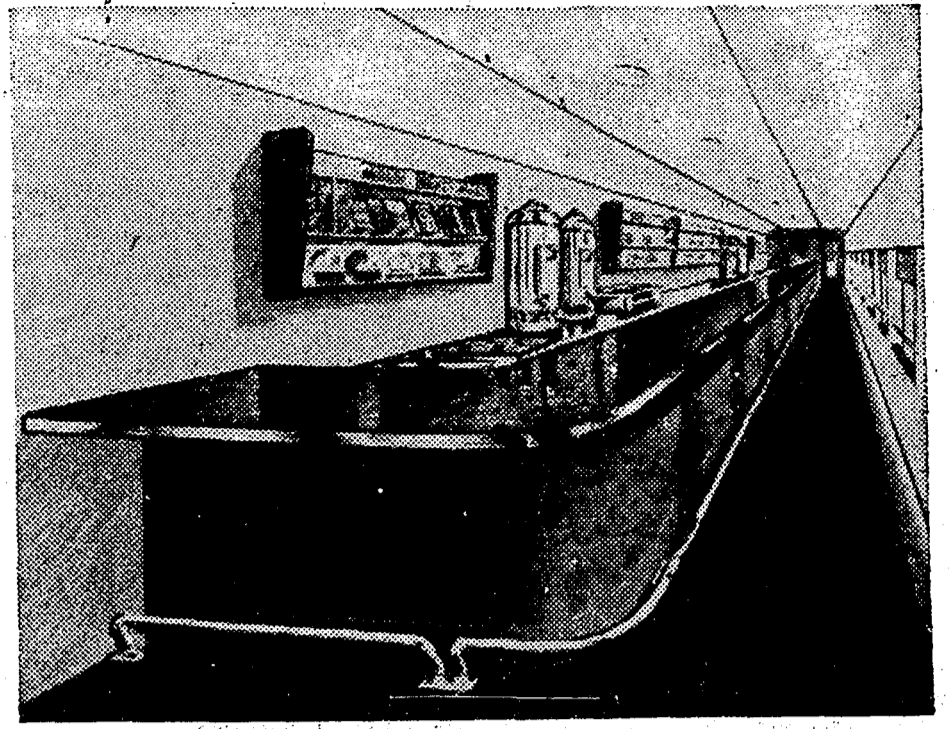

It was declared that among correspondence to be taken up at the May 12 meeting will be the need for 24-hour service during the tourist season at the Osoyoos customs port, and a plan to establish a dam at the headwaters of Similkameen or Tulameen rivers for flood control purposes.

Boards represented were Penticton, Osoyoos, Summerland, Cawston, Okanagan Falls, Princeton, Greenwood, Westbank and Keremeos.

Larry G. Ecroyd, field secretary of the Canadian Chamber of Commerce and secretary of the B.C. Chamber of Commerce outlined the need for regional groups of associated boards of trade to work in conjunction with the newly-organized B.C. Chamber of Commerce.

Some further details of B.C. Chamber work were given by J. R. Armstrong, who had just returned from a directors' meeting of that organization.

Walter M. Wright, new president of the Summerland board, was also present.

An artist's impression of the interior of the Canadian Pacific Railway's new restaurant counter cars which will go into service soon to feed over 50,000 immigrants which the railway expects to carry from eastern Canadian ports to points across the country during 1952. The new cars follow a design conceived by the CPR's sleeping and dining, colonization, and mechanical departments after tests conducted last year with stripped-down standard dining cars proved the need for newly designed equipment. Their aim is to provide less costly meals more quickly in a setting which will make the traveller feel at ease.

### Youth Centre Still Has \$2,500 Loan to Meet but Value of Property Increased in Year

A year of activity which saw value of the building and contents increased to approximately \$18,000 was listed by directors of the Summerland Youth Centre Assn. when the annual meeting was held on Monday evening.

President F. E. Atkinson declared his opinion that the past year had been a satisfactory and successful one, while Secretary-Treasurer E. R. Butler gave the financial picture which showed that a bank loan of \$2,500 has still to be met, although the overall picture has been improved.

Directors who were elected for 1952 include F. E. Atkinson, E. R. Butler, S. R. Canning, A. F. A. Crawford, H. H. Dunsdon, Les Gould, J. A. Heavysides, T. B. Lott, J. P. Sheeley, C. B. Snow, E. M. Tait and Blair Underwood.

These directors will meet shortly to select their officers.

Chief expenditure for the past year was the addition of a good-sized kitchen and storeroom to the Youth Centre by acquisition of the former temporary industrial arts building on the school grounds.

All activities entered upon had been successful, President Atkinson declared.

### Wants Assistance for Drainage Scheme in Trout Creek Area

Council assistance for a drainage scheme in Trout Creek area was sought on Tuesday, March 25 by Eric Tait, former councillor.

Mr. Tait explained that because of subdivision of property a drain which had been laid with 8-inch pipe was found to be too small and a 12-inch drain is now required.

If it weren't for the subdivision being planned, which will bring considerable benefit in the way of more taxes to the municipality, an open drain would be sufficient for the purpose, Mr. Tait declared.

This group in Trout Creek is purchasing 416 feet of cement pipe from the municipality at a cost of \$415, plus the labor involved. The rest of the 700 feet involved will be serviced with extra 8-inch pipe that is salvaged from the section where the 12-inch pipe is being laid, he explained.

Five more houses are going up this year in the area subject to this drain, he declared.

Reeve C. E. Bentley replied that the proper way to tackle this problem is by the formation of a proper drainage area.

Mr. Tait replied that he was aware of that fact, but the group in Trout Creek had worked together quite amicably up to this point and it was felt no attempt should be made to enlarge the scope of the drainage scheme which had been proposed.

The Trout Creek spokesman also denied that this drainage had anything to do with the fact that some wells at Trout Creek are showing signs of drying up.

son declared and listed them as follows: Miss Hamilton's musical recital, May 24 sports day, Cece Charles dance, junior regatta, Hal. Lowe'en program for children, Family Night and New Year's Eve party.

Mr. E. H. Bennett had donated a quantity of glad bulbs and blooms which had netted the Youth Centre \$100, Mr. Atkinson reported.

Les Gould reported on the May 24 sports day, which was run in co-operation with the Summerland Baseball club, and resulted in a net profit for the Youth Centre of approximately \$55.

Credit for operation of the successful junior regatta was given by Mr. Butler to John Kitson, who "is an expert in conducting such events."

In his report on Hallowe'en, Blair Underwood declared this had been a joint effort between the AOTS and the Youth Centre, with Channon Snow, Art Crawford, Bob Butler, George Washington, Harvey Eden, E. E. Bates and Les Gould as the committee. Others who had helped were Mrs. F. E. Atkinson, Mrs. Muriel Proverbs, Mrs. R. Cornish, Mrs. R. Lawley, Mrs. L. Gould, Mrs. A. Crawford, Mrs. J. Sheeley and Miss C. Mair.

Mr. Underwood considered a great deal of experience had been obtained in operating this type of an evening and suggested that fireworks should be set off in future from an elevated platform.

Family Night Success  
In reporting on Family Night, Mr. Atkinson thought this project had been highly successful, with all organizations using the Youth Centre co-operating.

Mr. Art Crawford thought the New Year's Eve party, planned for both adults and teen-agers so that families could go together, could be greatly expanded in future.

An effort is being made to form a women's auxiliary to the Youth Centre, Mrs. F. E. Atkinson told the meeting. Such a group could help the directors with many of their activities, she thought, and the meeting concurred.

In his report as secretary-treasurer, E. R. Butler pointed out that the major building project was the addition of the kitchen and storeroom with dishes and cutlery being provided for 200 persons. A considerable amount of work was also done on the stage.

Membership amounted to 200 in the association and it is hoped that double this number will join in the coming year, he declared.

Co-operation of such organizations as Rotary, Rebekahs, Legion, Kiwanis and Women's Institute had been obtained, he noted.

Mr. Butler stressed the work of President Atkinson "who has given so much of his time and ability to this project", along with other members of the executive and the press.

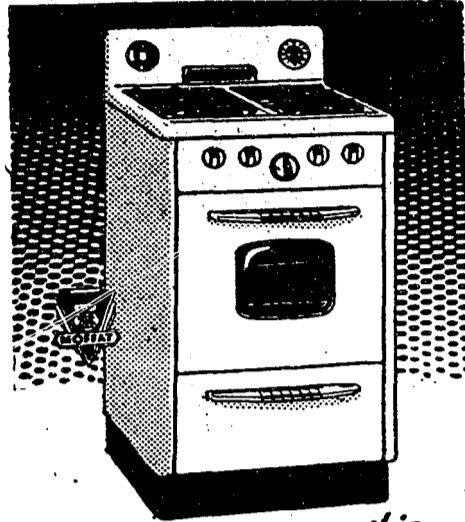

"From a modest beginning our investment has increased in value with many improvements added, and now has a value of about \$18,000," Mr. Butler stressed.

"Our sources of revenue are limited as it is used principally for youth organizations," he explained. "We are most anxious to clear our bank indebtedness of \$2,500 and will seek the support and co-operation of the community."

A good collection of colored slides were shown depicting scenery in Barbados, Antigua, and Montserrat in the British West Indies. Refreshments were served by the wives of many association members.

## Legion Ladies Celebrate 25 Years' Service

Mrs. Dave Taylor, a Legion Ladies' Auxiliary member for twenty-four years had the honor of cutting the cake at the twenty-fifth anniversary party held in the Legion hall on Friday evening, March 28.

About sixty attended this special event and in the whist games Mrs. N. Laidlaw won the first prize among the ladies, and Mr. R. Armour was high in the men's scoring. Low were Mr. and Mrs. D. L. Sanborn.

In cribbage, Mrs. H. Howard topped the ladies' score and Mr. Frank Schwass, that of the men. Consolations went to Mrs. J. Seelinger and Mr. Edgar Gould.

Refreshments were served by the auxiliary and dancing was enjoyed by all.

## VISITING ABROAD

Mr. Gordon Beggs left on Sunday evening for Calgary.

Mr. R. A. Johnston left on Saturday for Winnipeg where he will be for about two weeks.

Mr. and Mrs. A. (Sandy) Caldwell left last week for a motor trip to Seattle and on up to Vancouver.

Mr. A. A. Smith was a passenger to Vancouver on Monday evening's train.

Mrs. J. R. Armstrong spent a few days this week in Penticton at the home of Dr. and Mrs. W. H. White.

Mr. and Mrs. A. W. Nisbet, Miss Marjorie Nisbet and Mrs. N. O. Solly, drove out to the coast last weekend, returning on Wednesday.

Mr. Stanley Porritt of the experimental station has returned from Wenatchee where he was engaged in cold storage work.

Mrs. C. A. Gayton was a visitor last week at Milner at the home of her son-in-law and daughter, Mr. and Mrs. W. Donaldson.

Mr. Ralph Spelsberg went up to Enderby on Monday where he expects to be employed for some time.

Mrs. Melvin Pollock is in Kelowna visiting at the home of her son and daughter-in-law, Mr. and Mrs. Bert Pollock.

Mr. John Kitson has returned to his position at the experimental station after a holiday spent at the coast.

Mr. and Mrs. F. R. Ganzveld and family are spending a few days in Vancouver and U.S. points visiting friends and relatives.

Mr. and Mrs. Edson Miller, Trout Creek, left last Friday for a trip to England, Mr. and Mrs. Miller plan to be away for several months.

Mrs. W. Tullett and her daughter, Mrs. A. J. McKenzie left on Monday evening to go to Vancouver. They expect to return on Sunday.

Mrs. Leonard Skinner left on Friday evening's train to go to the coast and to Holberg, V.I., where Mr. Skinner has been employed for some months. They will make their home there.

Visitors to Vancouver for a few days last week and who motored to the coast together were Mr. and Mrs. Wm. Jenkinson, Mr. F. F. Beaver and Mr. T. S. Manning and his son, Ronnie.

Ronnie and Billie Fitzpatrick, the sons of Mr. and Mrs. Ross Fitzpatrick are visiting at the home of their grandparents, Mr. and Mrs. Tod Tinkler, Naramata Road, Penticton, and little Maureen is a visitor at the home of her uncle and aunt, Mr. and Mrs. George Robinson, Penticton.

## Jaycees Present Gift at Ladies' Night

Highlight of the annual Summerland Junior Chamber of Commerce ladies' night, held at the Incola hotel in Penticton last night, was the presentation by President E. F. (Ted) Weeks of a waffle iron to Jaycee Mev Wells and his bride-elect of this month, Miss Shirley Wilson.

Some 32 members and wives or girl friends attended the affair, which was followed by a visit to the Pines Drive-In.

Toast to the ladies was proposed by Les Rumball and replied to by Mrs. E. F. Weeks.

## CHUCK BRAWNER SHOWS CONDITION IMPROVEMENT

Word was received on Wednesday by his parents, Mr. and Mrs. V. Brawner, Garnet Valley, that Carroll (Chuck) Brawner, who was taken seriously ill and was rushed to Winnipeg General hospital, is reacting to treatment and there is now every chance that he will recover. Chuck Brawner has been attending university in the Manitoba centre.

**AFTERNOON SUIT** — Slim-front suit of black silk faille is livened with touches of white pique. The skirt is designed with inverted pleats in the centre back, and the jacket with miniature, matching pleat just above.

## Life Membership to Mrs. J. T. Washington

Members of Faith Rebekah Lodge, No. 32, had a happy occasion recently when they bestowed their first life membership on Mrs. J. T. Washington for devoted service to the Order.

The beautifully inscribed certificate was done by Mr. J. H. Lee-Grayson and his excellent work was much appreciated by the lodge, and by the recipient of the honor.

## Tommy Brennan Has Seventh Birthday

Tommy Brennan, entertained eight friends at a wiener roast and bonfire on the beach last Friday afternoon, March 28, to mark his 7th birthday. The son of Mr. and Mrs. E. Brennan invited Brian Harker, Johnny Gronlund, Johnny Buddingh, Billy Maddison, Herb and Bobbie Clough, Lloyd Huges, Norman Bentley and Richard Ganzveld. Games were also arranged for the youngsters.

## VISITING HERE

Mr. Karl Anderson of Vancouver was a weekend visitor at his Peach Orchard home.

Mr. and Mrs. Jack Orrit of Kamloops visited this week at the home of Mr. and Mrs. W. J. Peter.

Mrs. M. Roantree of Vancouver visited over last weekend at the home of her brother-in-law and sister, Mr. and Mrs. Wm. White.

Mrs. W. Strachan of Grand Forks is here this week visiting at the home of her husband's parents, Mr. and Mrs. D. Strachan.

Mr. and Mrs. E. Dent of Astoria, Oregon, are guests of Mrs. Dent's brother-in-law and sister, Mr. and Mrs. Ray Leinor.

Mr. Allstair Campbell of Vancouver was a weekend visitor at the home of Mr. and Mrs. W. R. Boyd.

A recent visitor at the home of Mr. and Mrs. A. K. Elliott was Mrs. Elliott's aunt, Mrs. Sam Burnett of Port Alberni, B.C.

Guests for a few days this week at the home of her son-in-law and daughter, Mr. and Mrs. S. H. Dundon, Garnet Valley, is Mrs. J. Coleman of Kamloops.

Mr. Robert W. Oliver of Vancouver is a visitor at Summerland experimental station this week while acting in his capacity as auditor.

Mr. and Mrs. Bob Morgan have come from the coast, and are visitors at the home of the former's parents, Mr. and Mrs. Granville Morgan.

Mr. and Mrs. Robert Skinner, who have been visiting here at the home their son and daughter-in-law, Mr. and Mrs. Eric Skinner, and at the coast, left last week to return to their home at Wilkie, Sask.

Mrs. W. A. McDonnell of Revelstoke, who has spent the winter at the home of her son-in-law and daughter, Mr. and Mrs. F. W. Smuin of West Summerland, returned to her home last Sunday.

## Gifts for April Bride-Elect Hidden Under Large Quilt

When Miss Shirley Wilson, bride-elect of Easter Monday was invited to the home of Mrs. J. Y. Towgood for a quilting party she was properly surprised to find under the crepe paper covering the quilt around which guests were all seated were many lovely, prettily-wrapped gifts for her.

Mrs. James Marshall was co-hostess with Mrs. Towgood at the shower and tea on Friday afternoon, March 28.

It seemed to be Miss Wilson's lucky day for with Mrs. John Embree winner of the first prize for the game which was played, Shirley won second.

The hostesses served a delightful tea and invited guests included Mrs. Earle Wilson, mother of the bride-to-be, Mrs. Harvey Wilson, Mrs. A. D. Wilson, Mrs. Johnston and Mrs. Parker, Sr. Penticton, Mrs. R. Blayne, Mrs. Oliver Smith, Mrs. T. H. Joy, Mrs. Eric Tait, Mrs. W. Davis, Mrs. G. Morgan, Mrs. John Embree, Mrs. Lloyd Miller, Mrs. Wm. May, Mrs. T. B. Lott, Mrs. J. C. Wilcox, Mrs. E. Woolliams, Mrs. F. S. Miller, Mrs. D. L. Sanborn, Mrs. Atlee Hansen, Mrs. Eric Erinton, Mrs. S. A. Cannings, Mrs. Wm. White, Mrs. Edson Miller, and Miss Harriet Joy.

## HOME AGAIN

Mr. and Mrs. George Woitte arrived home last Saturday evening after a trip to the prairies.

Mr. Fred Schumann returned on Friday from a business trip to Vancouver.

Mr. and Mrs. A. J. Mann have returned to their home on Beach ave. after a ten-day motor trip in which they visited Seattle, Victoria, Nanaimo and Vancouver.

Arriving back Sunday evening after an enjoyable motoring holiday were Dr. and Mrs. H. R. McLarty who were on Vancouver Island and at Portland during their trip.

Mrs. M. Robinson is back at her place on the staff of the Bank of Montreal after a three weeks' holiday spent at Keremeos, Vancouver and Seattle.

Mr. and Mrs. Webber of Calgary who were here for a couple of months on a vacation and living in Haddrell's Auto Court while here, left last Friday for their home in the prairie city.

California and back during a vacation trip of three weeks has been the enjoyable experience of Mr. and Mrs. John L. Mason who arrived home again on Sunday.

## The Review Regrets Error in Names

On this page last week the name of Mr. Robert French's bride was incorrectly given as Miss Cecile BURGART. Mrs. French is the former Edna Egan of Penticton and they were married at a quiet wedding ceremony in Oliver on March 22. The Review regrets this mistake and hopes that by this correction any embarrassment to the young couple will be overcome.

## Three Hostesses Plan Surprise Party for Mrs. Leonard Skinner

Mrs. Eric Skinner, Mrs. Eric Bullock, and Mrs. Eddie Hannah were the three hostesses who planned the surprise party for Mrs. Leonard Skinner prior to her departure for Vancouver Island where she and Mr. Skinner have moved to Holberg.

The party was held at the home of Mr. and Mrs. Earle White, Sand hill road, on Tuesday evening, March 25.

During the evening, Mrs. White presented the guest of honor with a suitcase brightly labelled "Holberg", and containing many lovely personal remembrances to take with her.

In the games which were played Mrs. A. Faasse and Mrs. Stanley Taylor were first prize winners, with Mrs. Blacklock and Mrs. E. Kercher winning consolation awards.

As the evening grew later dainty refreshments were served.

Guests were Mrs. Robert Skinner, here from Wilkie, Sask. Mrs. James Darke, Mrs. E. Kercher, Mrs. O. Dunbar, Mrs. E. Williams, Mrs. W. Atkinson, Mrs. Blacklock, Mrs. H. O. Pruden, Mrs. Charles Denike, Mrs. W. Sherwood, Mrs. Roy Wellwood, Mrs. Earle Smith, Mrs. P. Unrau, Mrs. E. Hannah, Mrs. Eric Bullock, Mrs. Ted Wilson, Mrs. Mel Cousins, Mrs. Stanley Taylor, Mrs. A. Faasse, Miss Dorothy Blacklock, Miss Louise Atkinson, and Miss Nancy Bell.

Sending gifts but unable to attend were Mrs. Edward Smith, Mrs. Gordon Young, Mrs. C. A. Gayton, Mrs. H. Farrow and Miss Leona Tisdale.

## Five Candidates Get Rebekah Degree

Five candidates, Mrs. Percy Austin, Mrs. A. Bryden, Mrs. E. Dillits, Mrs. Ray Milburn and Miss Madeleine Marrill had the inspiring Rebekah degree conferred upon them at the regular meeting of Faith Rebekah Lodge, No. 32, on Wednesday evening, March 26.

Mrs. W. Bleasdale graciously conducted the meeting as presiding officer and the degree was conferred by the staff in long white formal gowns under the supervision of Mrs. F. E. Atkinson assisted by Mrs. M. Henker at the piano.

At the close of the meeting the new candidates were cordially welcomed and tasty refreshments were enjoyed.

## NEW ARRIVALS

At Summerland General hospital on Sunday, March 30, a baby girl was born to Mr. and Mrs. H. Schoiten.

A baby son was born at the Fernie Memorial hospital on Wednesday, March 26, to Mr. and Mrs. Jim Hack.

Mr. and Mrs. R. E. Hutton are the parents of a baby son who was born at the Penticton hospital on Thursday, March 27.

A baby daughter arrived at Vancouver General hospital on Wednesday, March 26, to Mr. and Mrs. Robert Baker, Fearkes' Ave., Vancouver. Mrs. Baker is the former Miss Donna Haskins.

## Six Millions in Death Benefits Paid

Life insurance death benefit payments paid to the beneficiaries of deceased policyholders in British Columbia in 1951 were about \$6,350,000.

In all Canada, the beneficiaries of deceased policyholders and living policyholders received benefit payments of \$245,700,000 in 1951 as against \$230,800,000 in 1950.

## REBEKAHS VISIT OLIVER LODGE

On Monday evening, March 24, ten Summerland members of Faith Rebekah Lodge, No. 32 went to visit the Golden Heart lodge at Oliver to see two Canadian candidates and one American candidate have the

American degree conferred upon them by a team from Oroville, Wash.

Those travelling south for the occasion were Mrs. W. Gillard, Mrs. W. Pattie, Mrs. E. Hannah, Mrs. H. Kersey, Mrs. F. Schumann, Mrs. Grace McIntyre, Mrs. N. Holmes, Mrs. E. G. Gillespie, and Mrs. J. H. Dundson.

## WOULD YOUR ORCHARD BENEFIT FROM A FARM IMPROVEMENT LOAN?

Good machinery helps Fruit Growers increase production and cut costs. Thousands of farmers across Canada are installing such machinery today — often aided by a Farm Improvement Loan. Tractors, trucks and sprayers may be financed through Farm Improvement Loans. So can the improvement of Farm Homes and buildings, clearing of land, purchase of livestock, and the installation of electricity and sprinkler systems. Farm Improvement Loans are low in cost, too — five per cent simple interest — and repayment can be made in easy instalments according to seasonal income. If you feel that your orchard would benefit from a Farm Improvement Loan, why not drop into the Bank of Montreal at West Summerland, and have a chat with Ivor Solly, the manager? He'll welcome the opportunity to discuss, in confidence, your particular plans and needs, and work out how an F.I.L. and the B of M can help you with your orchard financing. Advt.

## Stoll Fails to Get Guidance from Council On Tax Exemption

"What do we have to do to get the tax eliminated from the arena?" This was the question George Stoll, president of the Summerland Rink Assn. asked the council on Tuesday, March 25. His answer was in the negative, as councillors could give him little hope that there was any way in which the tax on land and improvements could be waived. The Summerland Athletic Club,

# Summerland Captures Herald Hockey Trophy

Playing to a 4-all draw Sunday afternoon, Summerland took a stranglehold on the Pentiction commercial hockey league, at the Pentiction arena.

Summerland was undefeated in playoff hockey and only faltered a bit last Sunday as the second-place Merchants held them to a draw in a fast-skating melee which had plenty of action.

Merchants were trying desperately to mark up a win and draw within one game of the league leaders but when the draw resulted the playoff series was all over but the shouting.

Presentation of the Herald trophy will be made at a banquet in Pentiction next week, it is understood.

Three times Summerland held the lead in Sunday's contest, but could not hold it, as the Merchants battled back. Tempers and sticks both started to fly in the last stanza which saw Roberge and Dolynuk given five minutes each for adding a small fight to the general vigor of the game.

Hooker opened the scoring but Merchants came back to lead 2-1 at the end of the first period. Howard and Kato put Summerland ahead in the second stanza but Gregson tied it up before the whistle sounded. Carston took Taylor's pass to put Summerland in the lead once more only to have Harris shove in the equalizer before the halfway point in the final period came along.

1st Period: 1, Summerland, Hooker (Taylor, Frisby) 7:20; 2, Pentiction, Grycon (Morrish) 10:36; 3, Pentiction, Morrish (McLean) 13:13. Penalties: Taylor.

2nd Period: 4, Summerland, Howard, 0:38; 5, Summerland, Kato (Eyre) 11:31; 6, Pentiction, Gregson (McLean) 16:23.

3rd Period: 7, Summerland, Carston (Taylor) 0:48; 8, Pentiction, Harris (Grycon) 8:13. Penalties: Roberge, Taylor, Moore, Roberge (5), Dolynuk (5).

## West Vancouver Cage Teams to Appear Here

As the finale on a long and quite successful basketball season, West Vancouver high school boys and girls basketball teams will appear in Summerland Saturday night to play the local senior high teams.

Norman Richards, son of Mr. and Mrs. H. R. J. Richards of Summerland, who is attending the West Van school, is one of the players billed to appear here.

Coaches from the West Vancouver staff include Dick Wright of UBC hoop fame many years ago, Claude Bell formerly of the Pentiction high school staff and Miss Kay Meredith.

Teams will comprise the following players:

Girls: Edna Arnet, Ann Cowan, Marianne Cave, Barbara Cleasby, Mary Keith, Alma LaFleche, Leigh Lamarche, Maureen McNeil, Donna Richmond, Frieda Scott, Ann Steel.

Boys: Alan Babb, Joe Burrows, Don Gardner, John Hayes, Denny Hutchings, Don Johnson, Jack McKenzie, Denny Rathbone, Norman Richards, Graham Somerville and Bruce Wallace.

## Athletic Club Holds Telephone Bridge

The Summerland Athletic Club held its second telephone bridge and canasta evening this season on Monday, March 17. Shamrocks and paddy green were in evidence at most of the homes in honor of St. Patrick. The Jim Millmores, Adrian Moyle, Clarence Lackey, Jinx Proverbs, Ray Fredricksons, Dop Wrights, Bob Cuthberts and Nick Sollys were hosts for the sixteen tables of bridge.

Prize winners were: High lady, Mrs. Hickson, who won a Crown Derby ash tray, while her husband Mr. Ken Hickson copped the high man and took home six small fruit juice glasses. The low lady and man also was a family affair with the Alex Watts each winning a half-pound of cheese.

For the non-bridge players, Anne Carney and the Dave McIntoshes held canasta sessions with Mary Stewart winning the prize.

## Oliver Beats Vernon In Senior C Final

Oliver's Green Hornets captured the interior Senior C basketball title when they defeated Vernon 62-58 in the second of a two-game series. Vernon won the first game 58-55 but Oliver won the round 117 to 111.

High scorer was Sibson of Oliver who marked up 18 in the first game and 20 in the second for a total of 44 points.

## Six Teams in Junior Ball Loop in 1952

There are six teams definitely committed to play in the South Okanagan junior baseball league this season with the possibility of another entry still to come.

This was revealed at a meeting of the league directorate in Summerland with Les Gould presiding. Naramata is still doubtful, as no representatives were present but Vernon will be a new acquisition to the league this year. Other teams will compete from Kelowna, Summerland, Pentiction, Oliver and Osoyoos.

Pentiction's entry will come from the senior club which intends to enter one representative nine from that city.

This Sunday afternoon, the Red Sox are holding their first practice at the Living Memorial athletic park. Joe Sheeley says every spot on the team is "wide open" and he wants every boy under 21 who can play baseball to turn out for practice.

## Ball Club Plans to Practice in Gym

The baseball club was given permission to use the high school gymnasium for a couple of evenings a week for hardening up exercises, following a request received by Summerland school board at the regular meeting, Monday evening, March 31.

While the weather is too cold for outside practice this means of preparing for the warmer season will be carried out with W. J. Schwab as instructor.

It is not expected that it will be necessary to use the gymnasium for more than two or three weeks.

## Grader Covers Most Of Municipal Roads

Grading of municipal roads has taken the maintainer practically all over the municipality and in some places twice in the past two weeks. Councillor F. M. Steuart informed council on Tuesday, March 25.

Also, all traffic signs were checked and placed in a proper position as far as possible, he reported.

Raising of the South Bench road three feet is being suggested, provided an entrance to the J. E. O'Mahony property can be obtained. Such a change in the highway would mean a wider surface, but to do this, relocation of the portion of the O'Mahony driveway would have to be undertaken by the municipality, Mr. Steuart thought.

## Differences Between Metre Readings Here

There was a discrepancy between the municipal and West Kootenay check metres regarding the amount of municipal electrical consumption in February, council was informed recently. The provincial inspector is expected to be here soon to check these metres and determine which is in error.

In the meantime, council authorized payment of the West Kootenay account for February on the understanding that if the municipal check metre is found correct a rebate will be forthcoming.

Also, if the municipal metre is found to be incapable of providing the correct reading then arrangements will be sought with the West Kootenay for its replacement, it was said.

## NEW B.C. GAS WELL PRODUCING COMMERCIALLY

Hon. E. T. Kenney, minister of lands and forests, announces that a new well in northern B.C. is capable of producing commercial quantities of natural gas. Tests at the well, No. 4 Fort St. John, showed the well could produce 9,000,000 cubic feet of gas per day.

## BAND SEEKS GRANT OF \$150 FROM COUNCIL

Summerland band is seeking its annual grant of \$150 from the municipality, and this has been referred to estimates. Through two bottle drives, the band was able to meet all its obligations last year but is faced with some new uniforms and new instruments at a cost of \$500, council was informed. The bottle drives netted \$281.

**GORDIE HOWE**, of the Detroit Red Wings, won the NHL scoring championship for the second straight year. The star right-winger gathered 47 goals and 39 assists tying his own record total of 86 points which he established last season.

## Four Victories For Junior High Over Kelowna

Four Kelowna junior high school teams came but failed to conquer at the high school auditorium here last Friday night, Summerland's junior high players being more than a match for them.

Junior girls won 20-10, Grade 7 boys won 21-7, Grade 8 boys were victorious 38-23, and Grade 9 boys won out 30-24.

In the Grade 7 contest, Don Skinner led the Summerland lads, while Draper was the most effective for Grade 9. Ask and T. Perrott were outstanding for the Grade 8 boys, while Hooker led the Summerland girls.

Junior Girls: Hooker 8, M. Kawasaki 4, Cornish 2, Cooper 4, Huva 2, Haddrell, Bennison, Gronlund, Wade-20.

Kelowna: Dolman 6, Elishen 2, O'Connor, Lebetschnig, Know, Simpson, Fleck 2, Marklinger, Gagnon-10.

Grade 7 Boys: Persson 2, Skinner 12, Biollo 6, Anderson, Lemke, Siegrist 1, McDougald, Ongaro, Charles, Manning, Jomori-21.

Kelowna: Travis, Feist, Stone, Krassman, Whitham, Bissel 2, Saucier, Kane 5, Blifford, Hilton, Franks, Large-7.

Kelowna: Meldrum 6, Mar 8, Gontie 4, Reed 2, Schluter 2, Tsuruda 2, Schmidt, Travis-24.

## Still Considering Loader Purchase

Councillor Francis Steuart again plumped last week for the purchase of a second-hand loader offered to the council at about half the cost of a new machine. Another quotation by Interior Diesel Ltd. for the smallest new machine it could provide was considered too big for municipal use.

Councillor H. R. J. Richards expects to be at the coast within the next week and will look over new machines in stock there.

## NAME FIRE PROTECTION OFFICIALS FOR AREA

RCMP Constable I. G. Thorsteinson, Water Foreman E. Kercher and Percy Wilson, operator of the Headwaters Fishing camp, have been named fire prevention officers for the municipality by the municipal council. Headwaters will also be declared a closed area in the fire season through application by the council.

## Shuttle Players Break Even on Inter-club Play

Members of the Summerland badminton club were double winners in two inter-club matches played last week.

On March 26, eight Summerland players defeated Westbank 15-9 in a match at Westbank. Those on the Summerland team were C. Morgan, M. Welsh, G. Fudge, J. Ruck, D. MacLeod, M. Kish, E. Bernhardt and A. Carney.

The score at Kaleden on March 31 was 7-5 for the visitors. Summerland players were Mr. and Mrs. J. Miltimore, Mr. and Mrs. C. Lackey, H. Beeman, C. Morgan, E. Bernhardt and M. Kish.

Six of the Summerland club participated in the Oliver club's "wind-up" evening on March 27. Those taking part in the events were J. Ruck, G. Fudge, R. Smith, D. MacLeod, M. Kish and Charlie Carter. During the badminton season, Summerland shuttle enthusiasts have played 12 inter-club matches, breaking even with six wins and six losses.

The annual meeting of the Summerland Athletic club will be held in the badminton hall on Tuesday, April 8.

## Calgary Tech Wins Alberta Title

Calgary Tech came through a tough series with New Dayton Ramblers to win the odd game in three and capture the Alberta intermediate basketball championship. They won the first game 61-57, dropped the second 46-43 and won the third 59-58.

Don Cristante, son of Mr. and Mrs. J. Cristante of Summerland, a member of the Calgary Tech squad, scored 8 points in the first game, was held scoreless in the second and contributed six points in the clincher.

## Suggest Long-Term Lease of Property

Reeve C. E. Bentley reported to municipal council on March 25 that the school board had suggested a long-term lease of a portion of school property immediately north of the IOOF hall for the proposed rest rooms.

Council decided to meet school board on this subject.

On Monday, March 17, the school trustees decided to ask the council to obtain legal advice on the possibility of a long-term lease for such purposes rather than subdividing any more school property.

## Claims He Saw Light Falling in Trout Creek Area March 7

PENTICTON—A Pentiction pioneer, Ed Hayward, is anxious to know if any other person saw the unusual phenomenon of a light falling slowly from the sky at approximately 9:15 Friday night, March 7.

Mr. Hayward said it was completely unlike any comet or falling star he had ever seen. It fell slowly from the sky about halfway between here and West Summerland. "It fell straight down—it had no tail and I saw no sparks," Mr. Hayward stated.

Although his view was obstructed by buildings, Mr. Hayward said the light appeared to land in the vicinity of Trout Creek at about the bottom of the big mountain between here and Summerland.

## HOLD PLEBISCITE ON DAYLIGHT SAVING TIME

A plebiscite on daylight saving time will be held at the forthcoming provincial election, it is announced by Premier Johnson. Daylight saving time will operate as usual this year, from April 27 to September 28.

## Ten-Pin League with Eight Teams Starts Spring Schedule Next Monday

With the windup of the five-pin league this week, bowlers are turning their attention to ten pins, and a schedule for eight teams has been compiled, play to commence next Monday. With the exception of Easter Monday, league games will be played on Mondays and Tuesdays, the complete schedule being as follows:

## Bill Croft Wins Money Bonsel

Bill Croft's rink from Summerland captured top prize in the "Money Bonsel" which drew two dozen rinks from many interior points to Peachland's artificial ice curling club last Saturday and Sunday.

It was a brilliant curling exhibition and every rink had to be in top form to stay in the running. Bill Croft had Herb Lemke as third, Glen Wood second and Harry Braddick lead.

Only other Summerland entry was Al Holmes' rink of George Haddrell, Bill Pattie and Adam Arndt. They lost to Peachland's Garraway rink which won the Peachland open bonsel two weeks earlier.

Bill McQuistin's rink from Pentiction was winner of the consolation event in the money bonsel.

## Fumi Inaba Main Winner at Pentiction

Fumi Inaba proved the main prize winner at the big Kiwanis five-pin bowling classic which wound up at Pentiction Saturday night. He captured the "B" singles title and, paired with Eddie Lloyd, won second place in the "B" doubles. In "A" class competition, Herb Woods and Nick Solly placed 5th in doubles. Frozen Foods and Red Sox teams entered team competition but failed to place in the money.

## CONSULTING ENGINEER SUBMITS SERVICES ACCOUNT

H. A. Blakeborough's account for \$983.76, including \$113.61 for out-of-pocket expenses, in connection with the erection of the new municipal substation was approved by council on March 25. The Kelowna man was appointed consulting engineer in connection with the erection of the \$20,000 unit and council agreed last week that his account was quite reasonable.

Federal Aid

Continued from page 1

varies from a high of \$244 per pupil in British Columbia to a low of \$77 per pupil in Newfoundland. This ratio applies to teachers' salaries as well, the median salary of teachers in all schools in British Columbia is \$2,688; Newfoundland has an average of \$966.00.

The Province of Ontario has this month agreed to have all provincial buildings situated within a municipality assessed for taxation purposes by the municipality concerned. This is a point of view that has been the subject of discussion by the UBCM for many years.

The answer given by Mr. Abbott was in the negative. At present the ratio of untaxed properties including schools, churches and others within a municipality in British Columbia runs from 20% to 30% which means that the other 70 or 80% bona fide taxpayers have to supply fire protection, police protection, roads, sewers and other costly services to federal and provincial properties that could very well pay their share of this cost.

Hon. L. B. Pearson started the debate on external affairs dealing at length with the policy of the Canadian government and its connection with the operation of NATO. Mr. Pearson's speech was very general and to my mind inclusive, probably for the simple reason that vital statistics could not be given to the public as much information might give aid and comfort to the enemy.

Mr. Graydon felt that the negotiations now being carried on between the two warring factions in Korea should be continued by the military rather than be transferred to civilian as suggested by the CCF. The CCF group claim that stress has been laid on the military aspects of NATO and not sufficient stress placed on the economic possibilities of that organization, claiming that only through improving the economic condition of a people can you hope to wean them from the evils of Communism.

Mr. MacDougall, Vancouver-Burrard, moved the second reading of Bill No. 2, to amend the Dominion Day act and the Victoria Day act. Mr. MacDougall quoted at length the various favorable comments that he has received for this bill, pointing out that on October 9, last a gallop poll showed 73% of Canadians in all walks of life are entirely favorable to the bill. It seeks to provide that instead of celebrating the holidays mentioned on the definite date, they should be celebrated on the Monday next following so that it could be celebrated on all occasions as a week-end holiday. However, the bill was talked out by several members and for several reasons.

March Dull, Cool, Little Rain or Sun

March was a dull, cool month, with only 4 hours of sunshine on the average, a small amount of precipitation, with signs of spring being slow in coming.

High point of the month was on March 25 when the thermometer rose to 65, while the coolest nights were on March 7 and 21 when lows of 20 above were registered.

After months of winter weather, not too cold but long enough for coal pile to look as skinny as the pocketbook, a few signs of spring are being welcomed now. Following is the complete weather report for March:

Table with columns: March, Max. Min. Sun. Data for days 1-31.

Total 125.2
Means 48 29
Rain: March 5, 2; 9, 11; 24, 0.1; 27, 0.2; total, 34 inches.
Snow: March 3, 8; 8, 1.0; 30, 1; total 1.9 inches.
Precipitation total, .58 inches.

AMMUNITION; EXPLOSIVES STOLEN AT VERNON CAMP

VERNON—Thousands of rounds of high velocity ammunition and a wide assortment of explosives were in the possession of the Vernon detachment of the RCMP last week, recovered from a secret cache close to the How Orchards packing plant at Long Lake.

This ammunition and a rifle, also recovered, were reported stolen from an RCAF Cadets hut on Vernon military camp.

A Vernon high school student will face charges of theft.

of the B.C. Women's Liberal Assn., and A. W. Gray, Rutland, president of the Yale Liberal Assn.

In election of officers, Harvey Wilson was re-elected president of the Summerland Liberal Assn., with Mrs. Adam Stark vice-president and Walter M. Wright continuing as secretary-treasurer.

The executive consists of Mrs. A. W. Vanderburgh, Colin McKenzie, George Stoll and Gordon Robertson.

Honorary president is Premier Byron Johnson while honorary vice-president is Dr. A. W. Vanderburgh.

Eight delegates and at least four alternatives have signified their intention of attending the nominating convention in Kelowna next week.

Progressive-Conservatives met here three weeks ago and selected C. V. Nesbitt as president. It is understood arrangements are being made for a nominating convention in Kelowna and it will likely be held on April 22 in Kelowna.

The Pro-Cons are keeping extremely quiet about their prospective candidate to contest the riding now that W. A. C. Bennett has declared himself an independent.

STERN WARNING TO ATTORNEY-GENERAL

VERNON—Hon. Gordon Wismer, B.C.'s Attorney-General, has received a stern warning from North Okanagan stockmen that "surrender to pressure from those who disregard the future of B.C. stock industry would be criminal at this time."

The North Okanagan group represent an industry of some 8,000 to 7,000 head of beef cattle.

Deputy Minister of Public Works Outlines Plans for Valley Roads

The public works department hopes to complete six miles of the highway between Penticton and Trout Creek this year in its modernization program of Okanagan highway, Evan Jones, deputy minister of public works, told a gathering of board of trade and chamber of commerce members from all parts of B.C. in Vancouver last Friday afternoon.

Mr. Jones was guest speaker at a luncheon arranged by the customs and transportation bureau of the Vancouver Board of Trade.

Afterwards, he answered questions for nearly three hours directed by boards of trade throughout B.C.

In the course of a general description of new construction planned by the department this year, Mr. Jones pointed out that the last remaining section of the highway between Kamloops and Vernon will be completed this year.

Also, a good start on the Penticton-Peachland section will be made.

In 1953, the department hopes to continue its modernization program south from Vernon and north from Penticton and hopes to have the entire route from Penticton north to Kamloops modernized by the end of 1953 or 1954, Mr. Jones declared.

Policy on Water Connection Brings Kercher Rejoinder

A slight difference in shade of meaning brought a sharp reply from Water Foreman E. Kercher in council meeting last week when policy in the water department was questioned.

Sprinkler applications were being discussed, especially the application by H. Parker for adoption of such a system which would mean that he is being served off the domestic water line.

Councillor Richards wished to maintain a policy, just as far as possible, of keeping irrigation connections off the domestic system. As soon as one grower is given some latitude, then others want to get the same consideration, he said.

Mr. Kercher countered with the query who is running the council and the department. If the water users are to run the system then there is no reason for a council, he pointed out.

He considered those placed in charge of operating the system should be able to determine what is best for the system.

In principle, Councillor Barkwill backed up Councillor Richards' contention, but when Mr. Kercher explained further that a costly siphon would be eliminated by placing the Parker property on sprinkler irrigation, the entire picture became clear and council was in entire agreement.

SUMMERLAND, B.C.

# The VICTORIA, B.C. Summerland Review

Vol. 7, No. 15

West Summerland, B.C., Thursday, April 10, 1952

Soldiers in white asbestos suits walk along a road between rice paddies at Panmunjom as they shift a helium-filled balloon marker from one position to another. This round, orange-colored balloon will soon be replaced by a sausage-shaped type, eighteen feet long. The balloons mark off neutral zones in Korea.

VICTORIA  
Provincial Librarian  
Apr 52

## Slight Upsurge in Local Building Trade

Building in Summerland has taken a turn for the better, Building Inspector Roy F. Angus' report for March indicates.

Permits for three new dwellings at a total building cost of \$21,000 were issued in March, along with five alterations permits for \$4,000 making the total for the month \$25,000.

In the three months to date, 13 permits for \$31,025 have been issued. In the same period last year, 14 permits totalled \$40,050, including the \$25,000 Occidental cold storage addition.

## No Explanation For Explosion Monday Night

There is still no answer to the sudden "explosion" which startled residents of West Summerland area late Monday evening.

About 10:45 o'clock Monday evening, a sharp roar, not unlike a heavy charge of dynamite, startled residents. It seemed to come from near the centre of the business district.

Only person who seems to have seen anything of the disturbance is Miss Gweneth Atkinson, who was standing in the doorway of the Summerland Box Co. Ltd. office at the time.

Miss Atkinson states she was dazzled by a sudden light and reeled back from the force of a blast which appeared to come from some place near the front of the new high school.

The blast was so loud that it could be heard in the Bowladrome above the roar of the ten pins rolling down the alley.

Members of the Singers & Players club at a windup party in the IOOF hall were startled and ran out into the street to enquire what caused the disturbance.

No trace of any explosion has been found in this vicinity nor has any explanation been offered. Some persons believe that it might have been a meteor fragment but no evidence has been found.

Some others contend that the explosion might have occurred on nearby Giant's Head and was of such a violent nature that its exact location could not be pinpointed.

## Last of 1951 Crop Moves

As far as Summerland district is concerned, the 1951 apple season concludes today.

Last of the apple shipments from local packinghouses wind up today as huge trailer trucks from California have been busily engaged recently in transporting Summerland Newtowns south for consumption in the "sunny" state.

The Summerland Co-op is winding up its shipping season today, while other houses shut down their cold storage plants some days ago.

At the month end, the sales agency reported less than 10 percent of the 1951 crop left to move to market.

## Precautions for Refuse Grounds

Emory Scott, new forest ranger for this district, waited on council Tuesday afternoon in company with Fire Chief Ed Gould to warn council that some fire protection work should be undertaken at the municipal refuse ground.

Refuse left over from the winter which could not be disposed of in the wet snowy weather, should be burned as soon as possible, he thought, especially the large collection of old tires there.

Mr. Scott also suggested that all timber inside the refuse ground area should be removed and a bulldozer employed to scrape out fireguards along the ridges.

Council agreed such precautions should be taken.

## Discuss Estimates Tuesday Afternoon

The municipal council will sit as a court of revision on the irrigation roll at 2 p.m. on Tuesday, April 16. Immediately after the court concludes, the council will sit in committee on estimates. It is likely that the municipal budget will be ready for next council session, April 22, although no definite commitment was made this week.

## THREE CHIMNEY FIRMS

Fire Chief Ed Gould reported to council this week that in March the brigade answered three chimney fire calls, while one silent alarm was sent in and there was one false alarm.

## Council Cannot Give Voters Chance to Voice Opinion on Municipal Hall Issue, Must Pass Bylaws on Own Initiative

By ruling of the provincial department of municipal affairs and on the advice of John Aikins, municipal solicitor, Summerland municipal council finds it cannot put a bylaw before the people for a new municipal hall.

Any decision as to the expenditure of sinking fund surplus funds must be made by council itself who can proceed with transfer and use of such funds after obtaining the approval of the inspector of municipalities.

This was the bombshell which exploded in the municipal council meeting shortly after five o'clock Tuesday afternoon when Municipal Clerk Gordon Smith read a letter from the deputy minister of municipal affairs and inspector of municipalities, Mr. E. C. Bracewell.

"I do not see any reason why this bylaw should be submitted to the ratepayers", Mr. Bracewell informed council.

As a result, three readings of bylaws which will transfer surplus funds from bylaws no longer in force and held in sinking fund and use them for the building of a new municipal office building on Granville street in West Summerland business district were given at Tuesday's council session.

Final reading will be given at next council meeting on Tuesday, April 22, unless some unexpected occurrence interferes in the meantime.

## Revised Plan of Municipal Hall

Reeve C. E. Bentley informed council on Tuesday that he had interviewed a representative from the architectural firm of McCarter & Nairne on the subject of the municipal hall and it had been suggested that the plan of the offices be turned completely over.

If such a move is made, it will bring the main windows to the east side instead of the west and prevent too much sun from pouring into the office in the summer.

Also discussed were the heating and insulation problems. It was considered that electrical heating might be feasible, thus saving two rooms downstairs.

## Replace Lengthy Section of Pipe in Water System

Municipal council has agreed to a replacement program for water pipe in an area which has long contended that it has had insufficient service from the water department.

At a cost of \$2,145.75, 525 feet of three-inch pipe will replace the present two-inch pipe and 900 feet of new 1 1/2 inch galvanized pipe will replace the same size present installation between Jim Clark's and Percy Thornber's.

This new pipe installation will serve Capt. A. M. Temple, H. Wilson and other property in that district.

## Would Eliminate Four Sharp Corners

Small portions of private property to eliminate four sharp corners have been offered municipal council to improve the municipal road system, Councillor F. M. Stewart notified council on Tuesday.

These corners are at the Elmer Johnstone property, on the South Prairie Valley road below Bolton's, at the H. W. Fluke property near Johanson's and on the Gulch road at the E. Farrow lot.

It is likely that surveys will be made to determine the amount of work involved.

## Liberals Name Capt. C. R. Bull, Former Member, as Candidate

Capt. C. R. Bull, MLA for South Okanagan in the late '30s, and defeated by W. A. C. Bennett in 1940, has thrown his hat into the political ring once more. On Tuesday evening, at Kelowna, he was the unanimous choice of South Okanagan Liberals to contest this riding at the next provincial election which it is expected will be called for some time in June.

Young Liberals joined with older Grits at Kelowna Tuesday evening in voicing gratification over the selection of Capt. C. R. Bull as Liberal standard-bearer in South Okanagan.

Fred Marshall of Glenmore proposed the former member and Mrs. Brian Cooney of Okanagan Mission seconded the nomination.

One of the most important resolutions passed for discussion at the provincial Liberal convention at the coast on April 23 and 24 calls for abolition of hospital insurance premiums, with the amount necessary for hospital operation to be derived by increasing three percent sales tax.

Hon. W. T. Strath, provincial secretary and minister of education, spoke to the Liberal nominating convention on the development of B.C. and the necessity of a continuance of stable government in the province. He instanced the many new industries which have come to

## Extend Third Wire Along Rosedale

Another improvement to the municipal electrical system will be the installation of a third wire to the municipal line along Rosedale avenue and out the highway to the George Stoll corner. A seven-pole gap up Tate's hill will be filled by this extension, which will cost approximately \$1,150. By such an installation a loop to feed back will be provided and another step in cutting down the area of outages will be taken.

## Strong West Wind Causes Some Damage

One of the worst wind storms on record struck Summerland and most of the Okanagan with terrific force last Sunday afternoon, an aftermath of gales which swept the Pacific Coast.

For more than two hours a west wind estimated at 50 miles per hour swept over the valley, tearing down the mountain draws from the west with a ferocity which suspended many activities.

Fortunately, damage was light in this area. Two sections of flume along the Giant's Head road and in Happy Valley were knocked down, some telephone poles on the highway north of town and some electric light and phone poles in the municipality were affected, but no interruption of service was recorded.

About eight poles on the telephone line north to Peachland went down from the force of the wind but were replaced without much trouble.

At Kelowna, the ferry had a terrific struggle for more than an hour at the height of the storm. The craft became lodged in a ferry landing slip and another ferry had to be used to extricate her from a precarious position.

In Penticton, the new arena's west wall was shoved out of line and the big curling bonspiel was adjourned for half an hour when the wind was at its worst. The building has since been condemned until necessary repairs are made.

On Giant's Head road, between 60 and 100 feet of high flume was knocked over opposite the Harry Tomlin property while in Happy Valley another stretch of flume was knocked over by the wind between W. H. Durick's residence and the Johnny Betuzzi property.

Other minor damage was done, but the district escaped any serious loss from the high wind.

## Call Meeting on Drainage Scheme

A meeting of all property owners interested in a drainage scheme for the area bounded by the Prairie Valley and Station roads is being held on Wednesday evening, April 16 in the school library, Reeve C. E. Bentley has announced.

This drainage plan has been hanging fire for some time since it was first introduced by R. S. Oxley and associates.

A representative of the water rights branch of the provincial government will be present from Kelowna to discuss the ramifications of the scheme, it is stated.

## NEW MAPS MAY BE MADE AVAILABLE

Municipal Clerk Gordon Smith informed council on Tuesday that a provincial government survey of the district has been completed and new maps of the area are being prepared, including most of the recent subdivisions. An aerial survey was made in 1950, he was informed.

## Meadow Valley Only Road Restricted

On all roads in the district, municipal and provincial, restrictions on loads and speed of travel have been lifted, with the exception of the Meadow Valley road. Advice to this effect was received from the department of public works early this week and on Tuesday the municipal council moved to lift restrictions on local roads.

The Girl Guides association has received council permission to erect a cookie stand on Granville street on April 26.

## Electrical Workers, Council To Go to Conciliation Over Union \$2 Per Hour Demand

Summerland municipal council and the International Brotherhood of Electrical Workers Union will go to conciliation over wages to be paid to employees of the municipal electric light department, it was determined Tuesday evening when council met the union's representative, George Gee, of Vancouver. Accord was reached on most points, but when Mr. Gee sought \$2 per hour for a journeyman line-

## Bennett Speaks To Sacreds Here

Social Crediters of Summerland district are meeting in the Youth Centre tonight for a dual purpose.

First of all, they will hear an address delivered by W. A. C. Bennett, Independent MLA for South Okanagan, who has announced his leanings towards the SC movement, and then they will select their delegates to a nominating convention in Kelowna next Tuesday, April 15.

The Sacred provincial convention is to be held on April 26 in New Westminster, immediately following the Liberal provincial convention in Vancouver.

Local Progressive Conservatives are to meet shortly to name delegates to a South Okanagan nominating convention which has been tentatively set for April 22 in Kelowna.

## No Action Yet on Dog Pound Bylaw

Councillor H. J. (Bill) Barkwill reported to council on Tuesday that he had not been able to find time to investigate further the proposed dog pound bylaw. In the meantime, John Holchert is still caring for the big dog from Garnet Valley which was left homeless when the persons who were entrusted with its care left the district without the owner's knowledge.

## Kiwanis Club Members Set Out on Conquer Cancer Campaign in District

Members of the Kiwanis Club of Summerland set out on Monday evening armed with books of official receipts for the conquer cancer campaign which is now well underway in this district and is to be concluded by the end of April. J. E. O'Mahony heads the Conquer Cancer drive in the Kiwanis club and has obtained the support of every member to blanket the district in a house-to-house canvass.

An interesting outline of the work of the cancer people in their endeavor to conquer this dread scourge was provided Kiwanis members at the Nu-Way Annex Monday evening by Mrs. J. E. O'Mahony, South Okanagan representative on the B.C. division of the Canadian Cancer Society.

Cancer funds are used for education, welfare and research, Mrs. O'Mahony explained, stating that in this province the drive to conquer cancer only really commenced in 1935-36 and was interrupted by the war years. In 1942, a reorganization came about and the society

Municipal council has offered the electrical brotherhood a 20 percent increase basis on which to operate. The brotherhood wants thirty-two percent increase, from the present \$1.52 per hour for journeyman lineman to \$2 per hour.

Other scales would be on the same basis, it was stated.

Council on Tuesday evening stressed the economic situation in the valley, insisted that fruit growers have been unable to make a living and that increases such as proposed are out of line with the general economic trends.

Affect Other Departments  
Main council difficulty is that a general increase in other municipal departments would be necessary if the electrical workers received a substantial increase, it was pointed out.

Mr. Gee told council that the union had reached general agreement with Penticton council on various points, including wage levels for first and second year groundmen at \$11.20 and \$11.60 and three years of apprenticeship scales at \$11.60, \$12.20 and \$13. Truck drivers using a winch-type truck would be paid \$12.20 per day.

But no agreement had been reached in Penticton on the journeyman lineman's wages. Penticton offered \$15.76 and the union sought \$16.00. Per hour, the offers are \$1.97 and \$2.

Summerland's offer was \$1.85 plus or \$14.59 per day, a difference of \$1.17 below Penticton's offer.

Mr. Gee pointed out that in 1947 in Penticton a journeyman lineman was getting \$1 per hour and in Vancouver \$1.12. In 1948 that le-

Continued on page 8

has expanded greatly ever since. In educating the people regarding cancer, superstition had to be conquered first, she explained. Cancer is not contagious or infectious but is an illness caused by the building up of tissue until it presses on a nerve or pushes another organ out of place.

Cancer sends out activity agents and is like a weed in its growth, she declared.

Essay contests are held in the schools and films are provided for further education in cancer.

Mrs. O'Mahony told of the consultative clinics held in the valley, the revolving credit system which enables cancer patients to be transported to the main treatment centre at Vancouver. A boarding-house is also provided.

The speaker also dealt with latest advances in research which are being made in B.C., stating that radio-active isotopes as produced at Chalk River are expected to be made available to the local cancer research institute this year.

## Council Had to Take the Onus

THIS week's announcement by the Summerland municipal council that it cannot put the proposal of a municipal hall before the ratepayers is the biggest surprise of this year or of any council year for some time.

We believe council took the only path open to it when it decided to proceed with the passage of the necessary bylaws which will allow for sinking fund surplus fund moneys to be used to build a new municipal office building.

The council knew right along that if it wished to take only the surplus funds available which have been accumulated through wise and careful financing and husbanding of finances over the years that it would not have to place a bylaw before the people.

But the council wanted to keep faith with the taxpayers of the municipality and give them an opportunity to voice their opinion on the spending of this accumulated surplus. Now, they find their hands are tied and even though they wish to get the voice of the people they must take the onus of any action on their respective shoulders.

There is no doubt there will be criticism from the rank and file of the ratepayers. There will be a suspicion in some quarters that they have had a "fast one slipped over" on them. But such is not the case. The municipal act says that the council has the authority to spend such moneys as it sees fit. The inspector of municipalities rules that the council has no legal authority to place a bylaw before the people.

In other words, the council must take upon itself the responsibility for the transferring of funds from surplus account to a building fund for a municipal office building. They have no legal right to go to the expense of a money bylaw in order to ascertain if the people wish to have council use this

money in this way.

However, the council is secure in certain facts. It knows that 59 percent of the people favored the original bylaw. It knows that some of the objections were removed when the \$7,200 unexpended irrigation bylaw moneys were removed from the general plan.

Council also received a very favorable reaction to its plan to spend only sinking fund surplus funds for the financing of its proposed municipal office building when the Board of Trade called a public meeting. The meeting, attended by 150 interested citizens, voted unanimously in favor of the council proposal.

To be very cautious, council could wait until next December and place a referendum before the people at the time of the municipal elections. But that would be a waste of valuable time.

We believe the council is pursuing a wise course in assuming the responsibility for transferring these surplus funds and proceeding with the building. Enough time has elapsed already. Need for a new office building grows more apparent daily.

The Kiwanis Club of Summerland has launched its Conquer Cancer campaign in this district. The need for cancer education, research and welfare care of cancer patients is known to us all. In order that the battle against this dread scourge can be continued unabated, your dollars are needed sorely. Bear in mind that the canvasser who calls at your door is a fellow citizen, a volunteer who is doing his part in the name of humanity. Be courteous, have your contribution ready so that he does not have to make a return call. His time is just as valuable as yours.

## Signifying Nothing *By RUSTICUS*

The sort of prolonged winter or slow-starting spring that we have just endured would have driven my father nearly crazy, thirty years ago, and the rest of the family likewise by sort of chain reaction.

Like many another man in his sixties, Father retired full of dreams of how delightful it would be to have no job to tie him down—and found that the lack of occupation was far more boring than any work would have been. Instead of succumbing to idleness and sinking into an early grave, however, Father fought back, and the vigor of his battle frequently made casualties of the rest of us.

We were living on the farm then. Normally winter is a pleasant time of year there, when there is no longer work to do in the fields, there is plenty of feed in stacks and barns to do the stock over the winter, and the few hours of chores required in each day give the farmer a welcome rest after a busy summer and fall. As long as Father was working in town, and coming home to the farm only on week-ends, we used to enjoy winter as much as anybody.

After he retired, however, Father was home all the time. During spring, summer, and fall he was busy with a large garden and with many outdoor tasks, but during the winter, weather and the lack of outdoor occupation kept him indoors most of the time. He could

read for a few hours each day, but that too became monotonous and then, like a child, he had nothing to do.

He would sit back and stare fixedly into space and we would all get nervous—not because he went into a trance or anything, but because his active mind was busy examining the occupations of everybody else in the house.

He would start interfering with Mother's work, telling her how she could arrange her pots and dishes better or save steps by moving something thither and something else thence. He would scold that the children were making too much noise, or were not reading enough books. Worse still, he might take the notion of teaching us things we ought to know—and this on the bad weather days when we couldn't go to school and were rejoicing in the holiday!

Taking lessons from Father was a nerve-racking business; he would give a brief, brisk explanation of the workings of compound interest or whatever it might be, perfectly simple to his lively mind, then quiz on us, and the full force of his pentup restlessness would descend in a roar of wrath on anybody who could not give a word perfect answer. Whew, what sessions those used to be.

Playing cards with him was no relaxation for us either, even though he was very fond of crib-

bage and whist, for he was a much better player than any of us, and had no patience at all with our mistakes. Sometimes he made an effort to create jobs for himself, like saving all the short pieces of twine with which the oat sheaves fed to the stock were tied, and tying them together in a long knotted cord. It must have seemed useless work, though, for once I asked what good it would be and received a blast that sent me cowering into another room.

After a few such distracting winters, Father went back to work again, and kept at it until late in his seventies, a much happier man with a much happier family. When he retired again, he had less impatient energy and had at last found a hobby to occupy the long winter days, for he took up stamp collecting with enthusiasm, and kept at it for the rest of his life.

Even late springs did not bother him then, but in that first retirement they were something we all dreaded. Toward the end of March Father was so eager to get outside and get to draining the yard and clearing the garden that every additional morning that dared dawn cold and wintry started him off fuming and muttering, and he was a latent volcano the rest of the day, while we all went around on figurative tiptoes trying to avoid an eruption.

Delays in spring's arrival have made me feel uneasy ever since.

Newton; Paradise Flat, E. Mountford; Prairie Creek, E. Vanderburgh; Garnet Valley, Mr. Handley; North Lakeshore, A. Pentland; South Lakeshore, T. Whitfield; Giant's Head, A. Hargreaves; Trout Creek Main, R. Mitchell. H. Tomlin is to have full charge of the men this year, and will not have to refer his decisions to council.

Sunday afternoon many friends of the late Hector Sutherland gathered on the lawn of his home in Peach Orchard where his funeral service was conducted by Rev. H. A. Solly.

Vimy Day was observed by the local branch of the Canadian Legion. Wreaths were placed on the monument at the Summerland high school. The municipal council, Girl Guides, LOL and IOOF lodges joined to pay their respects to Summerland's heroes.

Sorority Club members with some of their friends gathered at the parish hall for a shower for Miss Hazel Steuart. Two of the Club members, Gertrude Shields and Olive Grant carried in a large basket of miscellaneous gifts.

Clover and oats are now being sown on many lots for cover crops to be ready for the first rains.

Miss Winnie Yula has arrived from Kaslo where she is employed at the hospital.

Some shooting enthusiasts are endeavoring to have a crow shoot organized and make the sport serve a useful purpose.

### THIRTY YEARS AGO

April 14, 1922

Thorough fumigation of the school buildings will be carried out during the Easter vacation, states Secretary J. H. Bowering, under the instructions of municipal health officer, Dr. F. W. Andrew.

National Hospital day, inaugurated on May 12 last year, will again be celebrated this year all over Canada and the United States. The idea of this is to educate the public as to what a hospital means to a community. Laundry work at one time sent out from Summerland hospital is to be done on the premises, and the purchase of an electric washing machine at a cost of \$325 has been authorized.

Caorso Bros., Kelowna, have purchased the retail meat store until now run by J. Glaister in connection with Summerland Groceries.

R. K. Robertson, engineer in charge of construction of the new

Kaledon storage dam says the dam will be ready for impounding water inside of four weeks.

Capt. P. S. Roe returned from a visit to Victoria where he took up the matter of the renewal of the ferry contract between Summerland and Naramata.

C. E. McCutcheon with his wife and family are leaving for an extended visit to Ontario, and expected to be away until about the 1st of July.

C. B. McCallum's boat is now out of its winter quarters in anticipation of the summer weather.

Mr. and Mrs. Frederick Stookdill of Montreal West, have arrived to visit their daughter, Mrs. Rice of the municipal office staff.

Guy Brock has rented the house on Beach Ave., owned by Mrs. Block, for the summer months.

## Happenings in B.C.'s Hinterland

Finishing touches have been completed to the new drill hall at Salmon Arm.

R. J. McDougall, former reeve of Penticton and publisher of the Penticton Herald, was named chairman of the arbitration board which heard the Kelowna and Glenmore municipalities state that Kelowna school district costs were too high.

Kenneth N. Stewart, who nearly defeated the famous Tom Uphill, only Labor MLA at Victoria at the last election, has been nominated again to contest the Fernie riding for the Liberals.

Hon. Harry Bowman announced from Prince George he intends to run again as a candidate at the Liberal nominating convention. He is minister of agriculture in the Johnson government.

A three-man arbitration board has reduced the 1952 Kamloops school district budget by \$29,455, but only \$3,500 concerns day to day operation, the rest being capital expenditure. Dr. C. J. M. Willoughby was chairman, J. R. Poyer city council nominee and P. T. Samson of Oliver, school board appointee.

A truckload of apple trees to replenish frost-depleted orchards in Washington State recently passed through Osoyos customs from the Stewart Bros. Nurseries Ltd. at Kelowna.

Guatemala has refused to grant a request made by E.C. Doukhobor colony to live in that Central American republic, it is learned with general regret in Grand Forks.

Fire swept through three homes, completely destroying them, in the residential section of Midway. Most of the belongings were saved.

Timbers for arch signs on four major highways leading into Ver-

non have been supplied by an ardent supporter of the city's Diamond Jubilee. Board of works appropriation was reduced \$21,864 from last year's expenditure of \$70,905. General rate is 13.3 mills, debenture 12.5 mills and education 39.2 mills.

## Oliver Wins High School Debating Title for Valley

Southern Okanagan high school (Oliver) debating team captured the Leonard Perry Wade shield held last year by Summerland, defeating Kelowna in the finals 834 to 829. This shield is emblematic of the debating championship of high schools from Revelstoke south to Osoyoos and west to Princeton.

At home Kelowna won 401 to 385 but Oliver was victorious at home 449 to 428.

Topic was: "Resolved that the abolition of the CBC would be in the interests of Canadian radio."

E. E. Bates of the Summerland high school staff, chairman of the committee of Okanagan high school teachers in charge of the debating contest.

## Guide News

1st Summerland Company

We opened our meeting with inspection; then followed a relay based on work for tenderfoot. Pimpnrels won this with 5 points.

We spent an enjoyable hour learning a reel, which is a required dance for the dancer's badge. We are very grateful to Miss Rogers and Miss Craig, who came as instructors.

At campfire the Wenatchee trip was discussed. The meeting ended with Guide prayer and taps. Points for this week are as follows: Butercups 101, Hopaticas 82, Forget-me-nots 75, Pimpnrels 72.

# COME TO CHURCH ON EASTER

Easter songs and Easter joy will be the theme of all Summerland churches at this special triumphant Festival of the Resurrection, which has such deep significance throughout the world, and occurs in this country with the budding trees and returning birds and all nature renewing its life cycle.

In St. Andrew's United church, Rev. H. R. Whitmore will speak at the service which is held in the morning on The Risen Lord. The choir is preparing music suitable for the day and will sing Haydn's 'The Heavens Are Telling'. Miss Rita Woodrow, as soloist, sings 'I Know that My Redeemer Liveth, from The Messiah'.

In the evening, Mr. Whitmore will speak on the Easter story at the Lakeside United church.

With Mr. Witherspoon, organist, and Mrs. Dunham, pianist, the choir will sing O Sons and Daughters, by Alfred Whitehead. A double trio will give the delightful

Dutch carol, This Joyful Easter-tide, arranged by Roy Fenwick.

In Parkdale Baptist church, Rev. W. H. Ellis, interim pastor, has announced his subject for the morning service as The Message of Easter to a Modern World. Three anthems will be sung by the choir, and these are: Why Seek Ye, by Simper; Calvary, by Rodney; and Rise Glorious Conqueror, by Ruebusch. Mrs. Racicot is organist, and Miss Ruth Dale, pianist.

There will be an open session of the Sunday school at 9:45 preceding morning service. The Young People's Society of the church takes the evening service.

In St. Stephen's church: Holy Communion is at 8 a.m. on Easter Day, a children's service at 10 a.m. and Holy Communion at 11 a.m. conducted by the rector, Canon F. V. Harrison. Easter service will be held in St. Margaret's Anglican church, Peachland, at 3 p.m. Easter Sunday, and St. George's West-

bank, at 7:30 in the evening.

Rev. G. Schnell, pastor of the Free Methodist church, will take as his subject on Easter Sunday morning, The Significance of Easter. The young people of the church with Mrs. L. W. Mino as pianist will sing, He Rose Triumphantly and The Unveiled Christ. The evening service is at 7:30.

In the absence of Rev. C. W. Marshall, pastor of the Pentecostal church who is in the United States conducting special meetings, Mrs. Marshall will speak at both services on Easter Sunday, and the girls' choir will sing suitable music for the Easter season.

The new pastor of the Trout Creek Church of God, Rev. Bert Irving, has just come with his wife and family from his former pastorate at Carstairs, Alta., and is making plans for the observance of Easter in his messages and in the music which will be sung.

## BOY SCOUT ACTIVITIES

### 1st Summerland Troop

This week's meeting featured instruction on 1st class first aid by Mr. J. Brown, who will be continuing his series of instruction periods a week from next Tuesday. This instruction will also serve for qualification for the ambulance man's badge, a qualifying badge for the King's Scout award.

A period on second class signalling was given and it is expected a number of boys will be in a position to pass their signalling test in a few weeks' time.

Final returns are not in for the Scout picture show but present indications are that a profit of about \$75 will be realized.

Tonight there will be a court of honor meeting to discuss a weekend camp, summer camp and the international camporee. Scout John Adams was invested as a member of the Buffalo patrol.

### 2nd Summerland Troop

We had a very pleasant visit from DSM Blewett who gave us a talk on the Camporee which is to be held in May. Because this is our first one, we will be looking forward to it very much.

The big highlight of the evening was the coming up ceremony in which five boys took part. The new recruits are: Eddie Matsu, Carlton Sheeley, Billy Dundson, Don Ganzeveld and Douglas Charles. We wish the boys the very best in Scouting.

Another event of the future is the hike during the Easter holidays. Full particulars will be given you by your P/L.

At the court of honor, the P/L's decided to begin a log book, one for the meetings and another for the court of honor. Dwaine Greer was put in charge of the latter. The P/L of the duty patrol will be responsible for the weekly book.

Notices: Next meeting is on April 25 at 7 sharp—Eugene Bates T/L.

## Cub Calls

### 1st Summerland Pack

Everyone is very busy getting ready for our concert, June 2. Flag instruction was given. A hike is planned for Saturday, April 12, meeting at the B.C. Shippers' corner at 9:30 a.m. returning about 3 p.m.; lunch to be cooked on the site may be taken, or sandwiches. Mess tins are very good for outdoor cooking.

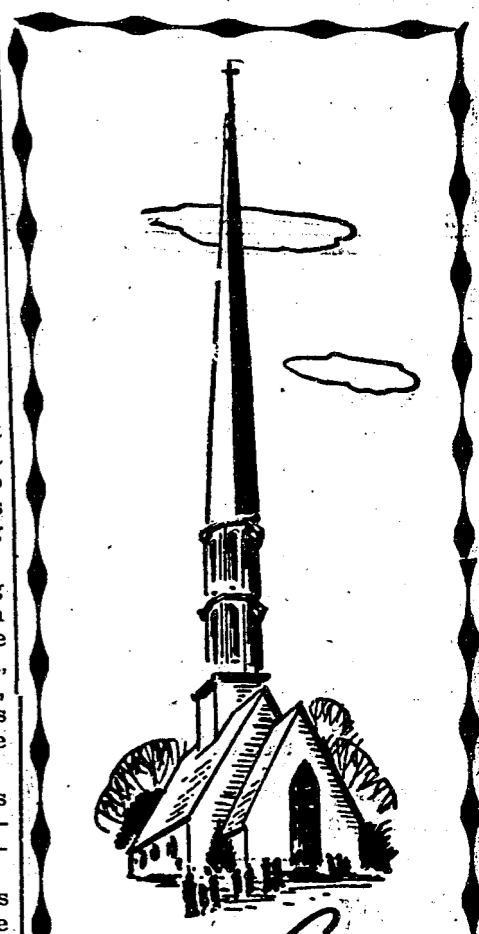

There will be no meeting on Monday, April 14. Next meeting, April 21, 6:30 p.m. sharp. Duty Six, White Six—Akela.

## St. Andrew's Choir Presents Crucifixion On Good Friday

The choir of St. Andrew's church, under the direction of Mrs. H. R. Whitmore, will present Stainer's Crucifixion in St. Andrew's church on the evening of Good Friday.

The choir has thirty-three voices and plans this performance to present the moving story of the Crucifixion to the community in music and song.

This year Mr. F. Schofield of Penticton will be the guest tenor soloist and Mr. T. McKay organist of the church, will play with Mrs. D. Dunham giving piano accompaniment as well.

IN THE SPIRIT OF Easter...

As a church spire streaks toward a springtime sky—so a COUTTS Easter Card brings a message of peace and friendliness straight to the hearts of those you love.

## NOTES FROM PARLIAMENT HILL

### Need to Strengthen Economies Of European Countries Noted

By O. L. Jones, MP for Yale

The debate on external affairs, more particularly NATO has continued all through the week with special emphasis being laid on the CCF amendment to the effect that the government has failed to implement Article 2 of the North Atlantic Treaty. At first there was a feeling of resentment that the conduct of the government should be challenged but as the discussion has proceeded it has become fairly obvious that the matter of economic assistance under NATO should have been discussed a long time ago, even the Ottawa Citizen on Saturday, March 29, commented in part as follows:

"While strenuous efforts are being made to erect the free world's military defences, attempts to strengthen the economies of European countries, as well as of backward areas, do not appear to be making comparable headway. The lack of confidence motion introduced into the House of Commons by the CCF, on grounds that the government has failed to implement Article 2 of the North Atlantic Treaty, is therefore timely."

Mr. Knowles suggested that those who have objected to the foreign policy being the subject of a want of confidence motion are reflecting on the essence and the genius of democracy. He felt that it is essential to our democratic institutions that there should be free discussion of all essentials that are important and that nothing is more important than the present international situation.

Mr. Pearson placed on the record what Canada has done so far towards economic assistance in Europe. The figures did not impress the opposition as it was felt that Canada has fallen far short of the true aid that our natural resources could offer.

The CCF group carried on its objection to divorce bills being passed through parliament, claiming as they did last year that these bills should be passed through a proper court with a qualified judge in charge. About 70 divorce bills were presented to the house merely containing the names of the applicants and no evidence whatsoever. It was on these grounds that the opposition barred the passing of any of them until the usual evidence has been submitted to the members.

An item for \$1,200,000 was passed without discussion. This sum is to cover the compensation that was granted to the fruit farmers of the Okanagan last year. One member from an Ontario riding did suggest

that any compensation of this nature in the future should cover all apple growers in every province. The minister of agriculture agreed that this would be done.

The House witnessed a rare event which is the acceptance by the government of a resolution seeking to change the income tax act. Mr. Stanley Knowles moved:

"That in the opinion of this house, the government should give consideration to the advisability of introducing legislation amending the income tax act so as to permit taxpayers to deduct from their incomes, before computing the amount of income tax to be paid, the aggregate of their medical expenses, as defined in the said act, rather than only the portion in excess of 4 percent of the taxpayer's income, as is provided by the act as it now stands."

Members from all political parties spoke in favor of the principle involved. Considerable evidence was placed on record proving the injustice of not granting exemption of medical expenses in full.

Mr. L. T. Stick, member for Trinity-Conception, Newfoundland, gave the house an interesting talk on external affairs stressing the need of closer co-operation with the United States in these words:

"The United States has never wished world leadership; it was forced upon her. What the country does today may mean either peace or war in this world. Because of this position we cannot afford to have the United States falter. We are bound to the United States hand and foot, not only for the defence of the North American continent but for the defence of peace in the world."

"Let us not here in the House of Commons snipe at the United States for what they are doing. We are not helping the cause of peace when we snipe at them; we are weakening it. Whether we agree

**Seven Hundred Jam Theatre At Kelowna to Hear Member**

KELOWNA — Reason why recommendations of the BCHIS enquiry board were not adopted at the recent session of the legislature was that the unanimous report suggested the hospital scheme should be more compulsory than ever, and the government was afraid to face a hostile electorate, W. A. C. Bennett, Independent MLA for South Okanagan charged here Friday night.

Mr. Bennett addressed a meeting of close to 700 who jammed the Empress theatre to capacity. Hundreds more waited outside for a second meeting an hour and a half later.

**Too Much Compulsion**  
Lashing out at the B.C. hospital scheme, Mr. Bennett charged the enquiry board recommended stiffer regulations. "This would have made it compulsory for business firms and other large companies who have a better type of hospital insurance, to come under the BCHIS plan," he charged. "That's coming pretty close to a police state."

He criticized the number of people employed by the BCHIS. "They have over 660 employees who are looking after the collection of the money."

Mr. Bennett reiterated that if a Social Credit government is elected it will make the hospital scheme non-compulsory. It will be necessary to carry on with the present scheme, only the Socreds would get rid of the co-insurance clause; re-

duce the rate if possible, and make it non-compulsory.

During the question period, Mr. Bennett was asked to clarify his stand on the separate school problem.

"Education is a problem which is going to tax the best brains," he replied. "My policy is not to make a promise during an election campaign. I believe we should never get into an argument over religion in the midst of an election. However, I will say Social Credit stands for fair treatment to all and special privileges to none."

Mr. Bennett refuted the suggestion that Alberta's rich oil resources are responsible for the prosperous position in which the prairie province is in today.

**Story of Alberta**  
"They tried to stop me in the legislature from telling the story about Alberta. But they had to listen, and they'll hear a lot more during the coming campaign," he declared. "Social Credit believes in free enterprise but is opposed to monopolies. The only people who fear Social Credit are the racketeers and the monopolists," he continued.

Mr. Bennett recalled that when the Social Credit government was elected in Alberta in 1935, the prairie province had a debt of \$69 million. Fifty-one percent of the revenue went to pay interest on the debt. He said that while people laughed at the "funny money" issued by the Socred government in the form of scrip, this nevertheless helped the economy of the province for the first year.

"And when Alberta got back on its feet it paid its debt and the interest. They put on a sales tax, but it was withdrawn about a year later. This, too helped out for the time being."

"People say oil is responsible for Alberta's prosperity. I say the best oil Alberta ever struck was when the people elected a Social Credit government. Alberta stopped borrowing money in 1936, and it has never borrowed a cent since. And yet we in B.C.—a province equally as rich as Alberta—are still borrowing. We've got to apply the brakes otherwise we will be wrecked on the rocks," he continued.

Referring to the accomplishments of Alberta, Mr. Bennett said that in 17 years, the Socred government has reduced the debt \$97 million.

"Not only that, but they put a surplus away of 72 million dollars at the end of June, and I'm told that as a result of the surplus at the end of last year, Alberta is now debt free."

Mr. Bennett said B.C. has not built one foot of roadway out of revenue. Every road and bridge has been built out of borrowed money, he charged. "Yet, Alberta is spending \$24 million out of revenue on roadwork alone."

Touching on higher taxes in B.C. the speaker said that a B.C. motor-

**Visiting Abroad**

Mr. and Mrs. Lacey Fisher are spending the Easter weekend visiting at the coast.

Mr. E. C. Deringer and his daughter, Miss Lona Deringer, will spend Easter visiting in Seattle.

Miss Gweneth Atkinson is among those who are going to the coast for the Easter weekend.

Mrs. W. S. Ritchie has returned after spending a week at the home of her son-in-law and daughter, Mr and Mrs. A. Gray, Beaverdel.

Mr. and Mrs. Arthur Matsu and their children are leaving tomorrow for a weekend motor trip to Spokane.

Mr. and Mrs. Gus Turigan and their daughter, Betty, have motored to the prairies to visit relatives and other friends.

Mrs. F. V. Harrison was in Kere-meos on Wednesday of last week to speak to a combined meeting of the Guild and W.A.

Mr. and Mrs. D. M. Wright and their family are among those who are going to the coast for the Easter vacation.

Dr. and Mrs. C. C. Strachan and their baby son, Lindsay, will go to Vancouver to visit their parents during the Easter holiday.

Mr. and Mrs. V. Lockwood are leaving this week for a week's holiday in Bellingham and Tacoma, Wash.

Mrs. George Inglis left on Monday to visit her daughter in Sutherland, Sask. and will go also to Salcoats, Sask. to visit at the homes of her two sisters.

Mr. and Mrs. W. C. Wilkin and their daughters, Linda and Marcia, are planning to drive to the coast during the Easter holidays, leaving on Easter Monday.

Mrs. R. A. Johnston returned on Tuesday morning from a short visit at the home of her son and daughter-in-law, Mr. and Mrs. R. M. Johnston in Mission.

Mr. D. Lanson returned last week from Tacoma, Wash., and goes this week to visit his son in Meadow Lake, Sask. From there he will go on a trip to France.

Mrs. F. V. Harrison attended the annual British Columbia Girl Guides council held at Vernon last week as the delegate from Summerland. While there Mrs. Harrison was the guest of Mrs. F. O. H. Harrison, Okanagan Landing.

Miss Joan Bennett who is on the staff of the Penticton high school as a home economics teacher will go to Vancouver during the Easter holidays as a delegate from South Okanagan to the teachers' convention.

Mr. and Mrs. D. M. Sanford and their baby are among those going to the coast for the Easter vacation. Mr. Sanford is the delegate from Summerland to the teachers' convention being held at the coast next week.

Dr. and Mrs. W. H. B. Munn are driving to Vancouver today to spend the Easter weekend at the coast. They are accompanied by Mr. and Mrs. Lacey Fisher who will spend part of the Easter holidays at Vancouver.

Mr. and Mrs. B. A. Tingley are motoring to the coast and will stay through this weekend. On their return their daughter, Miss Valerie Tingley who is attending Normal school at Victoria, will return with them to spend the rest of the Easter vacation at home.

Mr. and Mrs. T. A. Walden, Mr. and Mrs. C. V. Nesbitt, and Mr. Harry Tomlin attended the meeting of the Northwest IOOF Association at Penticton last Saturday evening. Mr. and Mrs. Nesbitt also attended the Sunday meeting of the association.

Mr. and Mrs. A. Arndt, Miss Eileen Arndt, and Mrs. W. Huva have driven to Calgary and Edmonton for the Easter vacation. On their return they will be accompanied by Miss Irma Arndt, who has been attending the Christian Education Institute in Edmonton and by Mrs. H. O. Oshberg, of Edmonton, the former Miss Wilma Huva.

## Festival Numbers Heard by P-TA

Those attending the regular meeting of the P-TA on Thursday evening, April 3, held in the high school auditorium had the pleasure of hearing many of the Summerland Musical Festival entrants who gave the numbers which they will play in Pentiction at the festival this month.

St. Andrew's splendid junior choir under the direction of Mrs. E. E. Bates with over thirty voices opened the program. It was regretted that Miss Kay Hamilton's choir was unable to take part because of Miss Hamilton's recent illness.

Those heard in piano solos were Richard McDougald, Eileen Wilcox, Lynne Boothe, Barbara Fudge, Marilyn McKay, and in piano duets, Louise Shannon and Carol Hackman, Nan Solly and Bruce Brown, Marilyn Washington and Diane Rumball, Carol Allison and Eugene Bates.

Playing violin solos were Ronnie Downes, Lowell Laidlaw, Lori Klux and Sharon Dowds. Accompanist for these were Eugene Bates and Lona Deringer.

Mr. E. Brinton was the only vocal soloist present and was accompanied by Mrs. D. Dunham.

The president, Mrs. F. E. Atkinson thanked the contestants for the fine program which they provided and wished them success at the festival.

A short business meeting followed when plans were made for the concert to be given here by Miss Marion Barnum of Nelson on April 30 under P-TA sponsorship. Other time was taken up talking over provincial convention matters where Mr. J. Morrow will represent Summerland P-TA in Kelowna during Easter week.

**LONDON STYLES FOR 1952** make it plain that women can choose between wide or slim skirts. The formal day dress (left) is of smoke grey tulle beneath an overdress of beige lace, with long sleeves and a moderate décolletage. A wide sash of strawberry taffeta provides a splash of color.

## Three Hostesses Honor Shirley Wilson

The home of Mrs. M. Ducommun was en fete on Tuesday evening to entertain at a miscellaneous shower for Miss Shirley Wilson, prior to her marriage on Easter Monday in St. Stephen's church. Mrs. A. R. Dunsdon and Mrs. Leslie Rumball were hostesses with Mrs. D. Ducommun for the occasion.

Guests gathered at the house, then all went in cars to the Wilson home and "kidnapped" the honoree, taking her back where a banner with "Best Wishes to Shirley" was prettily arranged across a big window, and in front of which was a decorated chair in which she sat.

Ingenious radio telephone conversations with Shirley told her where to look for her many and varied gifts. Since the house was new to her, it took quite a bit of searching sometimes, and created amusement.

Prizes for contests were won by Mrs. Don Clark and Mrs. George Washington, and lovely refreshments were served by the three hostesses.

Invited were Miss Wilson's mother, Mrs. Earle Wilson, Mrs. A. K. Elliott, Mrs. George Washington, Mrs. Gordon Young, Mrs. Jack Dunsdon, Mrs. J. R. Armstrong, Mrs. Don Clark, Mrs. J. McLachlan, Mrs. F. Stewart, Mrs. C. J. Bleasdale, Mrs. T. McKay, Mrs. H. Mott, Mrs. R. McLachlan, Mrs. G. Hallquist, Mrs. Isabel Tavender, Mrs. George Forster, Mrs. J. Heavy, Mrs. A. W. Vanderburgh.

## Mrs. Harvey Eden Heads Lady Curlers

Mrs. H. Eden was elected president of the Ladies' Curling Club at the annual meeting held on Wednesday evening, April 2, in the Nu-Way Annex.

There was a small attendance, but the meeting decided to continue the policy of each member paying 25c to the Ladies' Club, thus setting up a small fund within the club.

Other officers elected were Mrs. A. R. Munn as vice-president, Mrs. F. Schumann, secretary-treasurer, with Mrs. H. Hackman, Mrs. Walter Toews and Mrs. W. Eyre the other executive members.

## VISITING HERE

Mr. and Mrs. H. Ruge will spend the Easter weekend at the home of Mrs. M. E. Collas, Crescent Beach.

An Easter visitor from Vancouver at the home of her parents, Mr. and Mrs. C. V. Nesbitt, is Miss Ruth Nesbitt.

Mr. Lawrence Logie, who is taking a course in radio work at Seattle, is visiting at the home of his parents, Mr and Mrs. G. E. Logie.

Mr. Kenneth McKenzie of Vancouver is a visitor who will spend the Easter weekend here. Mr. McKenzie is a photographer and former resident.

Mr. and Mrs. E. Gardner motored out from Winnipeg arriving here last Saturday to live in the A. E. Gardner house, Peach Valley, for an indefinite period.

Mrs. M. McInnes who has been visiting at the home of Mrs. Janet McNab has left for Calgary and Edmonton to return to her home at Reindeer Station, NWT.

Mr. Lorne Carston who has been spending a holiday at the home of his parents, Mr. and Mrs. Fred Carston, Peach Valley, returned to Cranbrook on Wednesday.

Miss Mary Ward who is a laboratory technician at Vancouver General hospital will visit this weekend at the home of her parents, Mr. and Mrs. W. F. Ward.

Miss Doreen Stewart who is attending the Vocational Institute at Vancouver is spending the Easter vacation at the home of her parents, Mr. and Mrs. Charles Stewart.

Miss Louise Washington is coming from Vancouver to stay over the holiday weekend at the home of her parents, Mr. and Mrs. B. T. Washington.

Mr. and Mrs. Arthur Monro are here from their home in Seattle, visiting at the home of the former's parents, Mr. and Mrs. Mel Monro, and the latter's parents, Mr. and Mrs. Ronnie Metters.

The Hon. P. V. Ibbetson, deputy sovereign grand master of the Odd-fellows' lodge who was in Pentiction from his home in Ontario as distinguished guest at the Northwest IOOF Association meetings held there on April 5-6, visited on Sunday with former Ontario friends, Mr. and Mrs. W. Jenkinson.

## Junior Anglican Festival Will be Held Next Week

Next week on Wednesday, April 16, the South Okanagan Junior Anglican Festival will be held in St. Stephen's parish hall and in the Youth Centre.

Registration is at 10:30 in the morning with parade to church at 11. A dinner will be served in the parish hall at 11:45.

At 1 p.m. Mrs. Noton of Kelowna, diocesan secretary for juniors will conduct the opening ceremonies. Mrs. F. V. Harrison will give the address of welcome with reply by Mrs. Pattison of Oliver.

An interesting program of singing, class reading, and drama is being prepared. In the latter group there are entries from Oliver, Kelowna and Summerland.

Mrs. C. Burch, Pentiction, is tell of 1952 camp visions.

Following the afternoon's program tea will be served in the parish hall.

## Kitchen Shower is Held for Bride-Elect

An evening kitchen shower on Thursday, April 3, was held at the home of Miss Doreen Tait for Miss Shirley Wilson, bride-elect of Easter Monday afternoon. Hostesses with Miss Tait were Mrs. Norris Laidlaw and Mrs. W. McCutcheon. The guest of honor had not been invited, but arrived to deliver a parcel, and was completely taken by surprise.

All the useful gifts were doubly wrapped, with the pretty paper inside, and on the outside a sheet of the Summerland Review, at which office Monday's bridegroom, Mr. Mev Wells, is employed. Games were enjoyed and the trio of hostesses served delicious and dainty refreshments.

Invited were the mother of the bride-to-be, Mrs. Earle Wilson, Mrs. Harvey Wilson, Mrs. A. D. Wilson, Mrs. P. Bonthoux, Mrs. E. Bonthoux, Mrs. W. Dowds, Mrs. F. Davis, Mrs. M. Embree, Mrs. D. V. Fisher, Mrs. Halverson, Mrs. W. White, Mrs. F. Kuroda, Mrs. E. Lloyd, Mrs. P. Laidlaw, Mrs. G. Lewis, Mrs. A. Moys, Mrs. J. M. McArthur, Mrs. P. Miller, Mrs. D. Orr, Mrs. E. Parrot, Mrs. Victor Parker, Mrs. Rothwell, Mrs. G. Wood, Miss Irene Embree and Miss Mary Stewart.

## Provincial Guides Meeting in Vernon Honor Mrs. Quinnell

Mrs. F. V. Harrison, former division commissioner for southern Okanagan attended the provincial Girl Guides council meeting held at Vernon, April 4, 5 and 6 last week. Mrs. Harrison was the delegate from Summerland.

About 200 were present including commissioners, guiders and local association members from all over the province from the east Kootenay to Vancouver Island, and from Prince Rupert north to the border. There was a good representation of local association members among those attending.

Vernon people did a great deal to make this, the first council meeting to be held outside of Vancouver or Victoria, a success.

During the meeting the Beaver, highest award in Guiding was presented to Mrs. Quinnell, provincial commissioner, for her untiring efforts for Guiding and splendid leadership. This is to be formally presented to her by the Chief Guide Lady Baden-Powell when she visits the coast in May.

Much growth and development in Guiding was reported on all sides showing 10,000 enrolled people in the province, in 212 companies, 252 packs and 110 local association groups.

The "good turns" reported were many and varied, such as parcels of food sent to needy countries; money raised for artificial limbs necessary because of war injuries; and some members of one company were learning Braille in order to read Braille books to a blind and crippled man.

Splendid speeches were heard by Rev. L. A. C. Smith, BA, BD, rector of All Saints' Anglican church, Vernon.

Mrs. Quinnell summed up the meeting by saying, "We have a challenge to give youth today. A challenge to stand firm to their three-fold promise and this is tremendous in these changing times—but the greater the odds, the greater they like it!"

## Mr. A. C. Fleming will show TELEPHOTO CLOSEUPS OF FLOWERS

at the SUMMERLAND HORTICULTURAL SOCIETY General Monthly Meeting at 8 p.m. on

Friday, April 18—Parish Hall

Your Gardening Problems will be Answered from the Question Box by Mr. N. May

Ladies' Wear and Dry Goods Ltd.

## Singers Thank Two Directors of Opera

The Singers' and Players' Club held a party on Monday evening, April 7, in the IOOF hall with a big crowd attending.

One of the reasons for the party was to show appreciation of the work done for the furtherance of club activities by Mr. S. Gladwell the president and dramatic director, and Mr. W. A. Stewart, the musical director.

Mr. A. K. Macleod, one of the directors, made a presentation for the members to both of these men. Mr. Gladwell was given the Victor Book of The Opera and records, Stewart was recipient of records Beethoven's Romance, and Mr. containing selections from La Traviata.

Members of the singers' section gave skits from The Mikado, with the women doing men's parts, and the men doing women's parts. Mr. Roy Angus, Mr. H. Howis and Mr. J. Barkwill were a trio who sang Three Little Maids From School in coy fashion. Mrs. D. Dunham accompanied.

The players' group gave two amusing skits. One was on What Happens Backstage and the other a Representative Audience and How It Behaves Out Front.

Mr. Gladwell was master of ceremonies for the evening, including the square dancing. Refreshments were served and everyone enjoyed a jolly evening.

## NEW ARRIVALS

Mr. and Mrs. Wm. Fisher are the parents of a baby son, born at Summerland General hospital on Friday, April 4.

A baby daughter was born at Summerland General hospital on Friday, April 4, to Mr. and Mrs. Percy Miller.

BY: **BOYLE & ATKINS,** 284 Main Street, Penticton, B.C. His Solicitors. 15-4-c

## Hub Cap Thefts Send Young Men To Borstal Home

VERNON—"A low, rotten trick", by "cheap little hoodlums" was the Vernon city magistrate's description of two local young men before him in court last week for sentence following pleas of guilt to theft.

They were Charles Neissen, 22, and Howard Hube, 19. Each was sentenced to three months in the closed Borstal at Oakalla jail; depending upon his behavior there, each could be awarded an additional 12 months.

Thefts involved automobile hub-caps stolen from Summerland and Westbank and located in Penticton. In passing sentence, the magistrate told the accused men that they could learn something at Oakalla, if they would co-operate with the authorities. He suggested that the first thing they should do was learn to be honest.

He advised the men to make a clean breast of things before they went to the Borstal institution, so that when they were released they would have everything behind them, and could start life anew.

In Summerland last Thursday Magistrate R. S. Oxley sentenced Neissen and Hube, to three months each the sentences to run concurrently with those passed at Vernon.

# The Review Beats Red Sox To Top Kingpin Bowling League

Five-pin league bowling wound up for the season last week with the playoffs of the Kingpin bowling league, The Review, winners of the B division triumphing in a surprise victory over A division winners, the Red Sox.

Going into the last five-games final, The Review was trailing by 102 pins but overcame that lead to win 5,078 to 4,856, with the help of their handicap.

**Hold Windup Cabaret**  
The league held its annual wind-up cabaret at the IOOF hall on Saturday night and presented cups to the various winners, Mev Wells accepting the team championship as captain of The Review team.

In A division, Mrs. E. Adams' 300 won the ladies' high single, Miss Rita Gordon, 756, the ladies' high three and Miss Nan Thornthwaite the ladies' high average with 187.

Jim Heavysides had men's high single with 372, Bill Pollock the high three with 818 and Charlie Haddrell the high average in A division with 216.

In B division, Mrs. Gordon Young made a clean sweep of the ladies' scoring, taking all three cups. She scored 311 for high single, had high three with 727 and her average of 182 was tops.

Rosie Campbell's high single of

302 took the cup in men's play, while Lloyd Uzick had 794 for high three and Joe Sedlar's average of 193 was high for the year.

These trophies and cups were presented by League President Eddie Lloyd at Saturday night's banquet.

In election of officers, Bert Bryden was chosen as president, Mrs. Alistair McIntosh as secretary and Jack Dunham as treasurer.

Here are the scores for the playoffs in the two divisions:

A LEAGUE	
Red Sox	5574
Nesbitt Motors	5508
Superchargers	5177
Occidental	5105
Mac's Cafe	4920
Meateteria	4917
Pheasants	4906
Frozen Foods	4886

B LEAGUE	
The Review	5448
Sedlar's	5087
The Farm	5063
Shannon's	4880
Young's Electric	4866
Verrier's	4805
Bank of Montreal	4632
Nightingales	4379

Following are the individual scores in the league finals:

	1	2	3	4	5	Total

# West Van Hoop Squads Capture Two Games Here

Two exciting basketball games played before the best crowd of the year saw West Vancouver take the measure of Summerland Bluebirds from the local high school last Saturday night at the school gymnasium.

Both games were close but the coast lads and lassies had an edge on the Summerland teams, winning the girls' contest by a 15-11 score and the boys by a 23-22 count.

Younghusband led the local boys with a valuable nine markers which was just topped by Denny Rathbone of West Van with an even dozen. The visitors took a slight edge at the end of the first quarter but Summerland spurred ahead to lead 13-8 at the main breather.

The second half saw West Van gradually dominate the play, going into the final quarter with a two-point edge 19-17 and increase that before the end of full time.

A big third quarter meant all the difference between the two girls' squads, as again Summerland held a slight edge 7-5 at the halfway mark. The visitors outscored Bluebirds 8-2 in the third quarter and established the lead which won them the game.

Individual scores follow:  
West Van Girls: Richmond 8, Lafleche 2, Steele 2, Cleasby, Lamarche 1, Arnet, Keith 2, McNeil -15.

Summerland: Birtles 2, I. Menu 7, M. Jomori, M. Menu, R. Jomori, Libicz, Raincock, Saucier, L. Polesello, Brikovich 2-11.

West Van Boys: Fraser, Nicol, Wallace 3, Summerville, Hayes, Rathbone 12, Babb 7, Hutchings 6, Gardner-28.

Bluebirds: Lewis 4, Arndt 2, G. Younghusband 9, Towgood, Lawley 1, Higgs 4, Hooker, Desilets, L. Younghusband 2-22.

# Local Keglers Fail in Valley Five-Pin Race

Summerland bowlers were off their game at Kelowna on Sunday when they finished seventh in the race for the Okanagan five-pin title, captured by a Vernon team. The northern players are the first recipients of the Pepsi-Cola trophy donated by Cy Day of Kamloops and Vic Haddad of Kelowna.

Results of the tournament follow: Vernon 7219, Kelowna 7185, Revelstoke 7146, Armstrong 7104, Kelowna Gay Way 6929, Princeton 6911, Kamloops 6873, Oliver 6866, Penticton 6737, Summerland 6550, Lumby 6204.

High single was scored by Gene Pfleger of Kelowna with 332 and high six-game total went to Rico Guidi, also of Kelowna, with 1,607. Summerland players were George Williams, Ernie Adams, Don Clark, Jim Heavysides and Charlie Haddrell.

The event will be held in Revelstoke next year.

# Mother of Local Resident Passes Away

Mrs. Elizabeth May Harris, wife of Lloyd Arthur Harris, of Penticton passed away in Penticton hospital on Friday, March 28, at the age of 69. A resident of Penticton for 41 years, she leaves her husband, and two daughters, Mrs. J. R. Leiner of Summerland, and

Mrs. W. E. Dent of Astoria, Oregon. Funeral services were held on Tuesday, April 2, from the Anglican church in Penticton, Rev. A. R. Eagles officiating.

# Try Commercial Boxla League For This Season

An attempt is being made to form a commercial box lacrosse league for play in Penticton and Summerland arenas on a basis more or less like the league operation in hockey which included Summerland and Penticton teams this past winter.

Frank McDonald has been instrumental in promoting this plan, along with George Stoll, arena manager.

Mr. McDonald travelled to the annual meeting of the Interior Lacrosse Assn., in Vernon recently, with Penticton delegates, and presented the plan of the two towns to that session.

If present plans mature, Penticton would enter three teams, and Summerland one, while a combined team from the four would be picked to play exhibition games with the Interior league teams of Kelowna, Vernon, Armstrong and Kamloops.

It is also hoped that at least two strong senior squads from the coast will be induced to appear here and in Penticton to boost the game and give local fans an opportunity to see the type of game boxla has developed into in the more populated coastal centres.

If sticks can be obtained, juvenile and junior teams will be started in Summerland, Mr. McDonald hopes.

# Golfers Look Forward to Big Season

Summerland Golf club heard reports that 1951 was one of the most successful years on record, and prospects for 1952 indicate that the game will attract an even wider interest, with increased membership.

Last season 35 members enjoyed the game on the Summerland course and an additional 15 members are expected to join this year.

All officers were re-elected, Howard Pruden retaining the post of president with Marjorie Fenwick vice-president and Mildred Clark secretary-treasurer.

C. J. Bleasdale is club captain, while the greens committee consists of Russ White, George Uzawa and Don Clark.

Official opening day has been set for Sunday, April 20. The annual meeting held in the Nu-Way annex was attended by 25 members and witnessed two fine films on the 1950 Canadian Open and the New Rules of Golf.

# Croft-Lemke Rink Brings Home Cup From Ogo 'Spiel

The Croft-Lemke rink from Summerland won Event 5 at the 2nd annual Ogo-pogo bonspiel in Kelowna last week after four days of gruelling play, and brought home the Lucky Lager cup.

Knocked out of Events 1 and 3, the lone Summerland entry defeated two Kelowna, one Peachland and finally a Vancouver rink to capture the final trophy.

Along with Bill Croft and Herb Lemke were Chuck Bleasdale and Francis Steuart.

Following are the complete results of this rink's progress: Event No. 1, Lemke 13, Fulks, Peachland 8; Lemke 12, Baines, Kelowna 6; Sigalet, Vernon 9; Lemke 7. Event No. 3, H. Smith, Kelowna 8, Lemke 7. Event No. 5, Lemke 8, Spackman, Peachland 6; Lemke 13, Crosby, Kelowna 7; Lemke 13, Bourque, Kelowna 6; finals, Lemke 16, Belhouse, Vancouver 4.

Winners of other events were: Event, No. 1, Highland Lassie trophy, Russ Bowles, Kamloops; No. 2, Henry Cretin Memorial trophy, Vernon Mehls, Vernon; No. 3, UDL cup, Olaf Anderson, Westbank; No. 4, Byron McDonald Memorial cup, Ken Fulks, Peachland.

# Heavysides Named To League Executive

Summerland has one representative on the directorate of the Penticton and District Commercial Hockey League which held its annual meeting in Penticton last week.

Jim Heavysides was named a director for one year, while Alan S. (Slim) Bella is the new president, replacing Pat Mulligan.

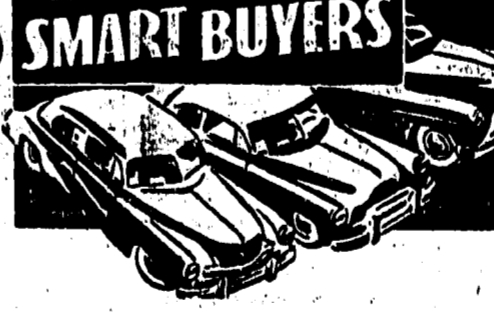

# Ten Local Rinks in Penticton Bonspiel

Ten Summerland rinks competed in the first Penticton bonspiel held in the Penticton arena last weekend. Fifty-eight rinks from all parts of the interior and from the coast were in the competition which started Saturday morning and never stopped for anything until 9:30 Monday morning.

Herb Lemke's rink won third prize in the consolation event, the only prize brought home by a local rink. Other skips were Bill Croft, Bill Baker, Walter Toews, Norman and Allen Holmes, Ceall Wade, Bill Eyre, Harry Haakmann and Vern Charles.

**Waddell Heads Athletic Club**

Dave Waddell was named president of the Summerland Athletic club at its annual meeting in the badminton hall last Tuesday evening.

Jim Millmore is vice-president and Cecil Morgan continues as treasurer, while Miss Anne Carney is secretary. Mrs. Evelyn Bernhardt was elected to the executive.

The meeting made plans for the repair and re-opening of the tennis courts and perused the financial statement which indicated progress being made in the meeting of previous indebtedness.

Other plans were laid for the reduction of this debt including a table tennis tournament and the showing of some special films.

**Sunrise Service On Giant's Head**

A community sunrise service has been announced for 7:30 o'clock Easter Sunday morning to be held at it has been for a number of years on the knoll near the Mountain View Home on the Giant's Head. This year, Rev. H. W. Ellis will be the speaker and Mr. Blake Milne will use his recorder to accompany hymn singing. This is to be amplified as it has been before and will be heard for considerable distances. The music has been heard a distance of two miles in the early morning of Easter Day.

**VISITING HERE**

Mrs. J. Duxbury and her daughter, Ann, arrived yesterday from Salmon Arm to visit until Sunday at the home of Mrs. Duxbury's parents, Mr. and Mrs. D. Strachan. On Sunday Mr. Duxbury will drive down and they will return with him.

**VISITING ABROAD**

Mr. W. Pattie, Mrs. Grace McIntyre, Mrs. Harry Beeman, Mrs. C. B. Gidlow and her three children left on Saturday to drive to the coast where they will stay over the Easter weekend. Mrs. McIntyre is planning to visit her son Charlie, in New Westminster, and her son, Francis, on Vancouver Island. Following that she will go to Alberta to visit her sister and other relatives before returning to Summerland.

**TO ADDRESS BOARD**

George Yochim, young Kelowna businessman, has been invited to address the monthly board of trade meeting tonight, President Walter M. Wright announced yesterday.

**Tait's Request for Help Not Favored By Council Members**

Ex-Councillor Eric Tait's recent request to council for consideration in a financial way of the drainage system being installed in one section of Trout Creek was discussed briefly at Tuesday's council session.

"Dangerous ground", was Reeve Bentley's opinion. "Wouldn't touch it at all", was Councillor H. R. J. Richards' contention.

"Neither would I", said Councillor Barkwill. His Worship considered that a proper drainage scheme should be set up at Trout Creek and in this contention Councillor Richards agreed, but warned against any move on a piecemeal basis.

With that thought the subject was dropped.

**Orangemen Gather Here for Country Meet**

Orangemen from Kamloops, Vernon, Salmon Arm, Penticton, Princeton and Peachland gathered with local lodge members in the IOOF hall in Summerland recently for the annual meeting of LOL, County 33.

Most Worshipful Grand Deputy Lecturer W. Taylor of Princeton installed officers, who are as follows:

Worshipful County and District Master, L. B. Fulks, Peachland; deputy master, M. R. Loyst, Kelowna; chaplain, Rev. James Brisco, Kelowna; recording secretary, C. M. McKenzie, Kelowna; treasurer, H. Walton, Summerland; marshal, J. Burnell, Summerland; 1st lecturer, Dave Taylor, Summerland; 2nd lecturer, M. Crooker, Penticton; inside sentinel, J. Millar, Princeton; outside sentinel, V. Prosser, Princeton; auditors, W. Pattie and H. Lekie, Summerland.

**MORE ABOUT—**

**Electrical**

Continued from page 1  
vel had been increased in Penticton to \$1.28 and in Vancouver to \$1.41. In 1949 a rate of \$1.45 was struck and it has remained there, whereas in Vancouver a new rate of \$2.11 has just been negotiated.

In Summerland, the \$1.45 rate was increased by a seven cents per hour pension fund, the only difference from the Penticton rate which had remained at \$1.45 for 3 years.

On other points, agreement was reached, including eight statutory holidays per year and sick leave increased from 7 days to 12, to be accumulative to 18 days if not used.

In Penticton, employees are covered by MSA benefits but the union agreed to waive this in Summerland's case as the employees have other benefits of a similar nature already in force.

This dropping of MSA benefits means a difference of 3 cents per hour, or more than the difference between the Penticton offer and the union suggested rate.

Continuation of the present agreement whereby the ordinary working week of local electrical employees is 40 hours, with the option of working an extra four hours on Saturday without overtime if it is considered essential, was reluctantly agreed upon by the union representative.

Only on two occasions in 1951 was Gordon Blewett asked to work any Saturday morning, it was stated.

The point that holidays should be considered as pay for time worked was conceded by the council.

Mr. Gee stressed to council that the union has made a concession of 11 cents from the Vancouver scale and cannot come down further.

After considerable discussion, Councillor F. E. Atkinson brought the debate to a close when he stated that as far as he was concerned the council would only offer a 20 percent increase.

Rest of the council backed Mr. Atkinson in this contention and Mr. Gee agreed that the two sides could get no farther that night.

"To be frank, it is not enough," stated Mr. Gee. "We might as well apply for a conciliation officer, as (the 20 percent offer) would break down our whole wage structure."

"We are prepared to go to conciliation, too," countered Mr. Atkinson. "We think it is a fair offer."

Reeve C. E. Bentley told council on Tuesday that he had received several compliments on the street lighting installed in the Peach Orchard district.

**MORE ABOUT—**

**Council Cannot**

Continued from Page 1  
upon which this ruling was made reads as follows:

"219(2) If the council has on hand moneys which have been raised for the purpose of paying interest on debentures authorized under any bylaw of the municipality, or for the purpose of providing for the repayment of the principal of debentures so authorized, and is unable to use such moneys for the purposes designated in the bylaw for the reason that the bylaw is no longer in force, it shall be lawful for the council, with the consent of the inspector of municipalities, to pass a bylaw authorizing the use of such moneys for any lawful purpose of the municipality."

The bylaws in the case of this sinking fund surplus are no longer in force.

Mr. Bracewell not only took this section of the municipal act into consideration when handing down his ruling, but also considered the closeness of the initial vote and the fact that a public meeting has endorsed the council in wanting to use only sinking fund surplus for the municipal office building, it is understood.

Councillor F. E. Atkinson was the first to speak on Tuesday when the letter was read and its ramifications explained.

"This places us in an embarrassing position," he considered.

"I've got the courage to go ahead," was Reeve C. E. Bentley's admission.

"I'm in favor of going ahead, too, but the people have become so used to being consulted in any money bylaw, I'm afraid they will have the feeling that something is being put over on them," came back Mr. Atkinson.

"Certainly, but we haven't any alternative," explained Councillor F. M. Stewart.

"The people have been led to believe there will be a vote and that is the regrettable feature of this case for now we are forbidden to hold a vote," was Councillor H. R. J. Richards' comment.

**No Legal Right**

Clerk Gordon Smith explained that the Bracewell letter was taken up with Lawyer John Aikins who told him the council would have no legal right to proceed with a vote of the taxpayers on this bylaw.

It was explained that the responsibility for passing of the proposed municipal hall bylaws rests entirely on the council.

There is just one slight alternative, that of a referendum.

The municipal act states that a referendum can only be sought from the people at the time of a municipal election or if one-fifth of the electors on the municipal voters' list petitions for the referendum.

Thus, if ratepayers do not present council with a petition seeking a referendum before the bylaw on the municipal hall proposal is passed, then the council can proceed with the final reading and the bylaw will become effective as soon

**Windstorm Insurance**

You heard and felt the wind last Sunday and probably worried about the damage such a gale could do to your property.

Damage resulting from windstorm is one of the many extras in the Supplementary Contract which can be added to your fire insurance policy at a slight extra cost.

**FATHER OF TWO LOCAL RESIDENTS PASSES IN VICTORIA**

Funeral services were held on Monday, April 7, from the Penticton Funeral Chapel by Rev. E. Rands, minister of the United church, Penticton, for Mr. M. Nielsen, who passed away in Victoria on Wednesday, April 2.

The late Mr. Nielsen, who used to reside in Penticton, is survived by his wife, four daughters, Mrs. C. B. Snow and Mrs. J. Biollo, both of Summerland, Mrs. Lon Gadsberry of Oroville, Wash., and Mrs. Ed Courney in Florida; one son, N. A. Nielsen in Victoria and ten grandchildren.

Born in Gethede, Denmark, 71 years ago, he had lived in Canada 51 years.

Mrs. Snow went to Victoria on word of her father's sudden illness and death.

Accounts totalling \$34,556.96 were passed for payment by municipal council on Tuesday.

as it is registered. Council on Tuesday was told that it could wait until next December and seek a referendum vote of the people but this thought was cast aside as being too long a period to wait.

All members of the council signified their support of the three readings of the necessary bylaws, in both cases.

Municipal maintainer broke down on Tuesday morning and it was considered several days would elapse before it can be put on the roads again.

*"It makes such a difference"*

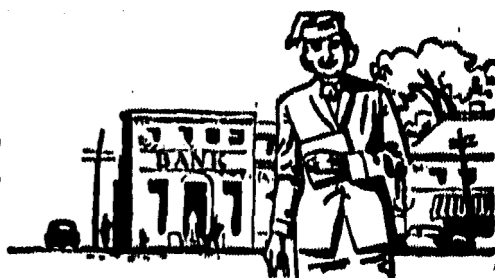

Mrs. Helen V... was so pleased by the courteous treatment she received from a bank teller during a holiday trip that on her return home she wrote:

*"It was really a pleasure to transact my modest banking affairs with you and I think the bank is very lucky to have such a charming and welcoming young woman with them. It makes such a difference when one is travelling to feel so at home."*

At your own local branch, at any branch of any bank, you will find bank people going out of their way to look after you, efficiently and courteously. That is the way the chartered banks compete with each other for your business.

# Bennett Like Choice Of Secreds Okanagan Next

It is understood from local sources that W. A. C. Bennett, independent MLA for South Okanagan, is expected to be the candidate chosen by the Social Credit party in this riding when the nominating convention is held in Kelowna on Monday next, April 21.

Conservatives expect to hold their nominating convention next Tuesday, but no announcement regarding likely candidates has been made by officials of that party.

## AOTS Variety Concert Huge Success Again

Another huge success crowned the efforts of the AOTS club when it produced its annual variety concert program at the high school auditorium Easter Monday evening. A jammed house applauded heartily as the many and varied acts were unfolded.

T. Wallace Boothe was chairman of the hard-working committee which produced the concert, while Rev. H. R. Whitmore was master of ceremonies.

Presence of the Summerland Band was a decided acquisition to the evening and its selections were greeted with loud acclaim from the audience.

Also featured on the program was the Jack and Jill Kindergarten rhythm band, complete with red costumes and perky red hats. The tiny tots captured the hearts of the audience immediately and they were given a great ovation.

No less popular was Mrs. E. E. Bates' St. Andrew's junior choir, which rendered several selections sweetly, while the Penticton Male Chorus, which is entering the Okanagan Musical Festival next week, and is led by Mrs. Hendry, was given similar acclaim.

Wendel Schwab led a group of eight younger students in a series of intricate and well timed tumbling acts. In his troupe were Elie and Bernard Karlstrom, Ruby Gronlund, Nan Solly, Marilyn Washington, Yvonne Higgs, Bobby Metters, William Austin and Paul Roberge.

A mock trial is always a crowd-pleaser and the courtroom scene depicted from the auditorium stage on Monday evening was no exception.

Those taking part in the trial were E. E. Bates, Alan Butler, C. W. Reinertson, A. McKenzie, T. W. Boothe and Blair Underwood.

Individual performances were on the same high plane, commencing with little Alan Whitmore, dressed in night attire, singing "Me and My Teddy Bear." Vocal solos were given by Nancy Fleming and Mr. Robert Alstead, vocal duet by Shirley Gardiner and Shirley Schumann, a violin solo by Sharon Dowds and guitar selections by Jim Peter.

## Red Cross Nearly At \$3,000 Goal

The Red Cross needs less than \$20 to reach the \$3,000 objective set by the provincial committee for Summerland district, E. E. Bates, chairman of the AOTS committee which took charge of the canvass, reported to The Review on Tuesday.

This figure exceeds the collections for 1951 by about \$250 as the Red Cross drive last year only netted slightly more than \$2,700.

Actual amount on hand today is \$2,982.74.

## Local Youngsters Capture Most Prizes at Anglican J. A. Festival

Over sixty members of the South Okanagan Junior Auxiliaries of the Anglican church met in Summerland yesterday afternoon for the annual J.A. festival. Summerland was presented with the music book as winner of the most prizes in the various events.

Entries were present from Oliver, Kelowna, Penticton, Nelson and Summerland.

In class reading, Oliver placed first with Summerland second, while in group singing Kelowna won first place, Oliver second and Penticton and Summerland ended in a tie.

Summerland captured first place in the drama group, Kelowna being second and Oliver third. Penticton's presentation was judged to be more of a tableau than a play and was not quite in a drama class to be compared with the others.

Mrs. V. Charles, who judged the sewing, announced results as follows: Ages 7, 8 and 9-1, Nelson; 2, Kelowna; ages 10, 11 and 12-1, Nelson; 2, Summerland.

Summerland won first place in the poster competition, with Kelowna second, in the age 7, 8 and 9 group.

Penticton captured top place in the handicrafts, with Summerland second, the age group being for 10, 11 and 12.

Mrs. E. E. Bates judged the singing, handicrafts and posters while Mrs. A. K. Macleod and Mrs. A. W. Vanderburgh the drama and class reading. Mrs. Bates summarized

Harvey L. Wilson has been named returning officer for South Okanagan to conduct the provincial elections on Thursday, June 12.

Mr. Wilson was returning officer for this riding at the last provincial election and also handled the beer plebiscite vote in Kelowna and the IWA strike ballot throughout the interior since that time.

Since his appointment, Mr. Wilson has leased the memorial arena in Kelowna for the big day and has made tentative plans to book the IOOF hall in West Summerland for voters in the No. 14 division of the SO riding.

The Lakeside United church will probably contain the polling booths for Summerland No. 12 polling division of SO riding.

Nomination day will be Thursday, May 22, when all candidates must have filed their papers to contest the 48 seats.

When the government's dissolution was announced last Thursday by Premier Byron I. Johnson, the standing of the various parties was as follows: Liberals 23, Conservatives 11, CCF 8, Coalition 3, Independent 2, Labor 1.

In South Okanagan, the CCF have named Tom Wilkinson as their standard bearer, and the Liberals have chosen Capt. C. R. Bull to represent them.

**Bennett Speaks Here**

Last Thursday evening, about 125 persons attended the Social Credit meeting called for the Youth Centre to hear W. A. C. Bennett give a report on the closing session of the legislature and give some details for the Secreds proposals.

Chief item stressed by Mr. Bennett was that the compulsion would be taken out of the hospital insurance scheme if the Social Credit party is returned to power in this province.

Mr. Bennett made no attempt to explain how the scheme would operate but declared there would be no compulsion to pay premiums.

Everywhere Mr. Bennett has gone in this province the people want to change, he found. He termed the province in a political revolt with the Secreds more of a White Hope than the Dark Horse.

For the most part, Mr. Bennett repeated his speech to a crowded theatre in Kelowna a week earlier which was carried at some length in last week's issue.

Hugh Shirreff, Kelowna, president of the South Okanagan Social Credit League, was the first speaker while Lloyd Miller, local Secred vice-president was chairman in the absence of President W. G. Gillard.

**Wife of Former Postmaster is Laid to Rest**

A former resident of Summerland for 36 years was laid to rest in the family plot in Peach Orchard cemetery on Easter Monday afternoon, following services at the First Baptist church here, Rev. W. H. Ellis, JJC officiating, assisted by J. A. Roskam of Penticton.

Mrs. Clara Bowering, 71, wife of J. H. Bowering, former postmaster of Summerland, passed away suddenly at her home 439 Hansen street, Penticton on Wednesday, April 9.

Born at Tavistock, Ont., the late Mrs. Bowering came to Summerland 39 years ago. Her husband was postmaster here for thirty years until his retirement three years ago, when they moved to Penticton.

Besides her husband she leaves three sons, Ewart in Oliver, Jack of Victoria and Gerald of Nanaimo, one daughter, Mrs. D. S. Lockhart of Courtenay, B.C., ten grandchildren; a stepson, Llew of Penticton, and a stepdaughter, Mrs. Grace Neve, of Ocean Falls, B.C.

Burial services for the largely attended funeral service on Monday were Messrs. A. Gayton, R. Tingley, H. W. Brown, Ross McLachlan, C. V. Nesbitt and W. M. Wright. Roselawn Funeral Home had charge of arrangements.

**R. J. McDougall Recovering From Heart Attack**

Friends of R. J. McDougall, former publisher and editor of the Penticton Herald, will be pleased to hear that he is resting comfortably in Kelowna General hospital after a serious heart attack. He will be confined to bed for two months but is reported to be making a satisfactory recovery.

Mrs. L. W. Mino, a former local teacher, is relieving Mrs. J. Schaefer on the MacDonald school staff for the final six weeks of the term, the latter having been granted a leave of absence.

**Final Survey of School Tomorrow**

Final inspection of the new Summerland junior-senior high school will be undertaken tomorrow with school trustees, Architect W. K. Noppe of Vancouver, Contractor H. S. Kenyon and some of the sub-contractors present.

A lengthy list of repairs needed before the final turnover of the building from the contractors has been prepared, the school board heard at last night's semi-monthly meeting.

One of the main problems still remaining unsolved concerns the ventilating system, it is understood, and plans to renovate the system have been submitted by the firm which installed it, last night's meeting heard.

**Over Hundred Thousand People In Area Served by Okanagan Valley Municipal Association**

That the territory included in the Okanagan Valley Municipal Assn. has a population of more than 100,000 persons was revealed in a breakdown given this week by Reeve C. E. Bentley, of Summerland, association president.

According to his figures, compiled from the final returns of the 1951 Canadian census, figures of the dominion bureau of statistics, the total population in the area from Kamloops, Lytton and Revelstoke in the north to Osoyoos in the south, and west to Princeton and Merritt is 105,088.

Unlike many of the cities, in district municipalities and villages in the area, the male population exceeds that of the female by nearly 4,000. Males number 54,062 and females 50,991.

But in the cities it is different, as females number 21,381 and males 21,027. In the district municipalities and villages, the males have a slight edge and the difference is more noticeable in the unorganized territory.

In Yale riding, the 1951 population rose to 78,128 from the 1941 figure of 51,874.

Following is the compilation made by Reeve Bentley of population figures in Okanagan Valley Municipal Assn. district:

## Another Major Step in Phone Conversion

From all parts of the valley, congratulations have poured into Okanagan Telephone Co. offices on the successful installation of the dial telephone system in Kelowna and the cutover without a hitch late Saturday evening of the first of the three major exchanges in the Okanagan.

Mayor J. J. Ladd performed the cutover act at 11 o'clock Saturday night and close to 4000 telephone subscribers in Kelowna district automatically went on the dial system for the first time.

Summerland has enjoyed dialing for two years, being the first major installation undertaken by the company in its overall expansion program which involves \$3 million.

**Equipment from Britain**

One of the features of the installations at Kelowna, Penticton and Vernon is that the equipment is entirely of British manufacture, being supplied and installed, with the assistance of the telephone company officials, Siemens Brothers (Canada) Ltd., representing Siemens Brothers and Company Ltd. of England, who have been manufacturing telephone equipment for more than 50 years.

There is no system designed on this continent which can equal the British manufacture, telephone company directors revealed last weekend.

Saturday night's conversion finalized two years of engineering, planning, construction and installation work at a cost of \$600,000. Kelowna was the ninth automatic exchange to go into service in slightly more than three years.

Installation work of dial equipment is in progress in Penticton and it is expected that the Penticton exchange will be converted by September of this year. Vernon will have dial operation by the spring of 1953.

There are now 6,000 subscribers. (Continued on Page 8)

**May Observe Hospital Day Here May 12**

Tentative plans for an observance of Hospital Day on May 12 or some day that week were laid by the hospital society directors at the monthly meeting on Tuesday evening.

J. R. Armstrong, public relations chairman for the hospital board, was instructed to proceed with plans for an Open Day of some description so that the general public could view the hospital and become better acquainted with its facilities.

Mrs. J. C. Wilcox, president of the Ladies' Auxiliary to the hospital promised assistance.

The new diathermy machine has arrived and is in operation, Administrator J. E. O'Mahony informed the board on Tuesday. Plans are being made for the extension of the sewage disposal plant but no actual work has been carried out on the project.

Now President C. J. Huddleston announced the committees for 1952, the first-named in each case to be chairman:

Finance, Harvey L. Wilson, Ivor Solly; Grounds, J. E. Wilkinson, Dr. J. C. Wilcox; House, Councillor F. M. Stewart, Les Rumball; Personnel, S. A. MacDonald, Tom Croll; Public Relations, J. R. Armstrong; Mr. Leslie Rumball, who was elected at the annual meeting for a three-year term as director, was welcomed to the meeting by President Huddleston.

It was stated in a BCHS bulletin that slightly over 81 percent of the co-insurance charges levied by hospitals in B.C. in the first nine months of operation had been collected.

**Drainage District for Prairie Valley -- Station Road Appears Likely**

An important step towards the possible elimination of the distressing drainage problem in the general area of the Station and Prairie Valley roads was taken last night at the high school library when a well attended meeting of landowners from that section decided to form a drainage district under the provisions of the provincial water act.

Magistrate R. S. Oxley is chairman of the nine-man committee appointed to investigate the problems in connection with the formation of a water district, and to prepare the necessary data on the possible cost of alleviating the situation.

Mr. W. A. Ker, of the water rights branch at Kelowna, was a visitor to last night's meeting and explained to the gathering the ramifications of a water district as constituted under the water act.

The meeting was called by the municipal council with the hope that some action would be taken by the property owners to help themselves by forming a water area and proceeding with plans for a proper drainage scheme.

Stories of unhealthy conditions due to stagnant, putrid water were unfolded as resident after resident, described the difficulties of endeavoring to provide decent home conditions under extreme difficulties.

The extent of the drainage area and how it will affect the large tracts of hay lands in the general area will be two points which will create definite problems in the forming of a water area.

**Formation of District**

However, it was explained by Mr. Ker that a water district can be formed in much the same manner as a municipality, with a set of trustees and with power to float bonds or debentures to finance the drainage project. Land affected could be assessed in several ways, he declared.

If the district decides that it will assess on a graduated scale, with various assessments according to the type of land involved, then such a plan could be approved by the water rights branch, Mr. Ker intimated.

Mr. Ker had been over most of the land and he considered that the 1921 survey by Engineer R. A. Barton appeared, on the surface, to be adequate. However, he could make no definite statement without more information, he cautioned.

Reeve C. E. Bentley told the meeting that this was the original survey and various attempts had been made in the intervening years to get property owners to agree on a drainage scheme, without success.

Last night's meeting was one of the best efforts yet made, he considered.

It was suggested that a consulting engineer should be obtained and it is likely that Engineer Barton will be asked to go over his original survey and bring costs up to date.

Ditches 6 to 7 feet in depth may be the answer to draining a large part of the area, it was considered.

**Large Tracts in Area**

Magistrate Oxley pointed out that large tracts are owned by single individuals, which far outweigh in acreage the holdings of most of the property owners. He wanted some assurance that some means of taking into account the number of property owners rather than the amount of acreage involved could be worked out.

Mr. Ker intimated that he thought there was a good chance of such a plan being approved.

Various suggestions were made regarding methods which might be employed whereby the land bordering the two roads could be drained without doing any appreciable amount of harm to the pasture lands.

Mrs. C. W. Reinertson pointed out that draining of pastureland would probably decrease the value of their property as they couldn't afford to sprinkle to grow hay. Miss E. Harris, co-owner of 32 Continued on page 8

**Federal Government Pays School Fees**

Summerland district school board has received a cheque for \$874 from the federal department of agriculture, being payment of fees for students attending local schools but residing on federal property outside the municipal limits which pays no school taxes. The payment covers the school year of 1950-51.

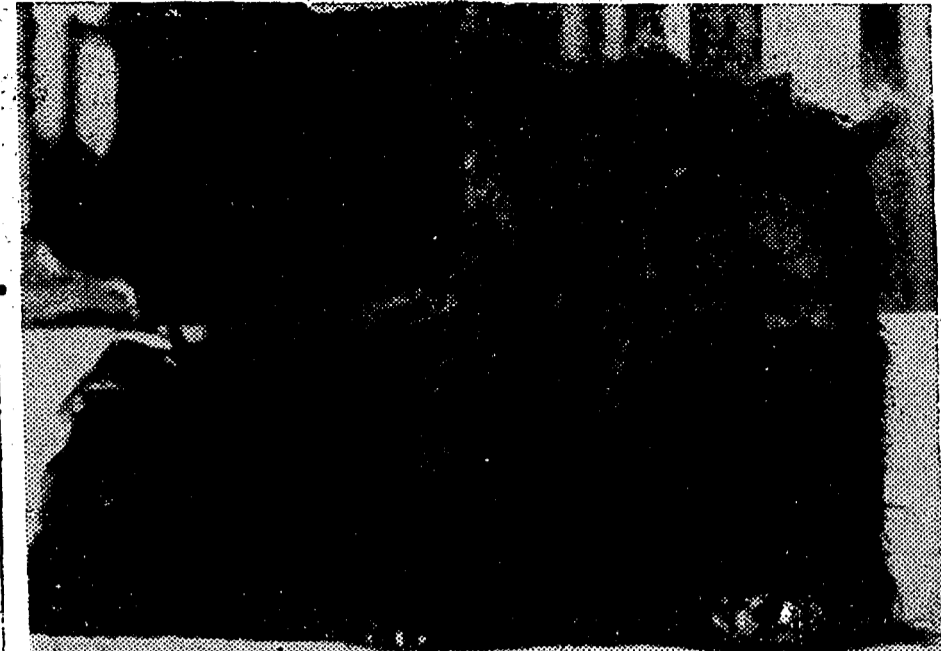

**ERECT STOP SIGNS ON BUSINESS LANE**

Stop signs in lanes should be erected, especially on the lane north of Granville street, Reeve Bentley urged to council on Tuesday, April 8. He received council consent to purchase four stop signs for this lane, the need for signs being especially stressed at the United church corner.

Mr. Vernon Borton of the RCAF, Sea Island, was an Easter visitor at the home of his parents, Mr. and Mrs. W. W. Borton.

# PROVINCIAL LIBRARY Summerland Review

Vol. 7, No. 16 West Summerland, B.C. Thursday, April 17, 1952

**FALA**, little black Scotty who was the late President F. D. Roosevelt's constant companion for five years, died recently at Val Kill Cottage on the Roosevelt estate at Hyde Park, N.Y. He died two days short of his 12th birthday, outliving his master by seven years, less a week. He was buried in the Rose Garden at Hyde Park, not far from the resting place of his master.

## Wife of Former Postmaster is Laid to Rest

A former resident of Summerland for 36 years was laid to rest in the family plot in Peach Orchard cemetery on Easter Monday afternoon, following services at the First Baptist church here, Rev. W. H. Ellis, JJC officiating, assisted by J. A. Roskam of Penticton.

Mrs. Clara Bowering, 71, wife of J. H. Bowering, former postmaster of Summerland, passed away suddenly at her home 439 Hansen street, Penticton on Wednesday, April 9.

Born at Tavistock, Ont., the late Mrs. Bowering came to Summerland 39 years ago. Her husband was postmaster here for thirty years until his retirement three years ago, when they moved to Penticton.

Besides her husband she leaves three sons, Ewart in Oliver, Jack of Victoria and Gerald of Nanaimo, one daughter, Mrs. D. S. Lockhart of Courtenay, B.C., ten grandchildren; a stepson, Llew of Penticton, and a stepdaughter, Mrs. Grace Neve, of Ocean Falls, B.C.

Burial services for the largely attended funeral service on Monday were Messrs. A. Gayton, R. Tingley, H. W. Brown, Ross McLachlan, C. V. Nesbitt and W. M. Wright. Roselawn Funeral Home had charge of arrangements.

## Over Hundred Thousand People In Area Served by Okanagan Valley Municipal Association

That the territory included in the Okanagan Valley Municipal Assn. has a population of more than 100,000 persons was revealed in a breakdown given this week by Reeve C. E. Bentley, of Summerland, association president.

According to his figures, compiled from the final returns of the 1951 Canadian census, figures of the dominion bureau of statistics, the total population in the area from Kamloops, Lytton and Revelstoke in the north to Osoyoos in the south, and west to Princeton and Merritt is 105,088.

Unlike many of the cities, in district municipalities and villages in the area, the male population exceeds that of the female by nearly 4,000. Males number 54,062 and females 50,991.

But in the cities it is different, as females number 21,381 and males 21,027. In the district municipalities and villages, the males have a slight edge and the difference is more noticeable in the unorganized territory.

In Yale riding, the 1951 population rose to 78,128 from the 1941 figure of 51,874.

Following is the compilation made by Reeve Bentley of population figures in Okanagan Valley Municipal Assn. district:

	1941	1951	Male	Female
<b>CITIES</b>				
Armstrong	977	1,126	560	566

## Kiwanians Near Perfect Attendance

Only one Kiwanian has missed attendance at the Summerland club's regular or directors' meetings in three months, President Ernie Jenkinson announced last week. The club received congratulations from International Lieutenant-Governor J. Y. Towgood who added that Okanagan, Wash., has gone the local Kiwanians one better—they have perfect attendance for the three months.

## Final Survey of School Tomorrow

Final inspection of the new Summerland junior-senior high school will be undertaken tomorrow with school trustees, Architect W. K. Noppe of Vancouver, Contractor H. S. Kenyon and some of the sub-contractors present.

A lengthy list of repairs needed before the final turnover of the building from the contractors has been prepared, the school board heard at last night's semi-monthly meeting.

One of the main problems still remaining unsolved concerns the ventilating system, it is understood, and plans to renovate the system have been submitted by the firm which installed it, last night's meeting heard.

## Another Major Step in Phone Conversion

From all parts of the valley, congratulations have poured into Okanagan Telephone Co. offices on the successful installation of the dial telephone system in Kelowna and the cutover without a hitch late Saturday evening of the first of the three major exchanges in the Okanagan.

Mayor J. J. Ladd performed the cutover act at 11 o'clock Saturday night and close to 4000 telephone subscribers in Kelowna district automatically went on the dial system for the first time.

Summerland has enjoyed dialing for two years, being the first major installation undertaken by the company in its overall expansion program which involves \$3 million.

**Equipment from Britain**

One of the features of the installations at Kelowna, Penticton and Vernon is that the equipment is entirely of British manufacture, being supplied and installed, with the assistance of the telephone company officials, Siemens Brothers (Canada) Ltd., representing Siemens Brothers and Company Ltd. of England, who have been manufacturing telephone equipment for more than 50 years.

There is no system designed on this continent which can equal the British manufacture, telephone company directors revealed last weekend.

Saturday night's conversion finalized two years of engineering, planning, construction and installation work at a cost of \$600,000. Kelowna was the ninth automatic exchange to go into service in slightly more than three years.

Installation work of dial equipment is in progress in Penticton and it is expected that the Penticton exchange will be converted by September of this year. Vernon will have dial operation by the spring of 1953.

There are now 6,000 subscribers. (Continued on Page 8)

# Editorial

## Apathy Towards Voting

LACK of interest in public meetings called by political parties is one of the weak points in our democratic way of life, coupled as it is with lack of interest by a large body of the public in political life of any kind.

Recently we heard a man who is well to the fore in public life, and who is considered normally well informed in affairs generally, make the general statement, and quite proudly, that he hasn't attended a political meeting in ten years.

That is his privilege, of course, and we do not want to see the day when he would be compelled to do otherwise, but it appears to us that he shows little real interest in the affairs of his province or his country generally when he will not take the time to hear those who would represent him in the halls of government.

Coupled with this apathy towards politics, is the difficulty to obtain men or women willing to place their names before the electorate. This is partly answered by the lack of monetary remuneration which goes with the elected position. An ordinary member at Victoria is paid \$3,000, of which at

least a third must be devoted to travelling and living expenses over and above his normal day-to-day procedure.

Bearing this in mind, it is more imperative than ever that the general public take a keener interest in the men who are offering themselves as prospective members of the legislature, so that we can be assured that only the best men are selected as our representatives.

We can hear them on the radio, we can read the newspaper column digests of their meetings, but to get a firm opinion of these persons who would represent us, we should see them on the platform, hear their delivery first-hand and judge their ability as they answer queries regarding their stand on particular problems of the moment.

Spring is here, and the baseball season opens next Sunday. Summerland Macs, new entry in the Okanagan-Mainline baseball league will take their bow before the local fans next Sunday. A lot of effort has been put into planning the senior baseball team this season and we hope that the fans will show their appreciation by turning out in numbers for all games. The boys deserve such support.

## Signifying Nothing

By RUSTICUS

Most of the instincts, urges, or basic impulses with which human beings are endowed seem to have two sides to them, a white and a black. They may be used for good or for evil.

Consider, for example, our herd instinct. Even though we do not usually go on four legs or eat grass or bay at the moon, we're still herd animals. We like to be with others, and even when we are away from them, we like to know that we are doing what others of our kind are doing.

There is a lot more to it than just that, however. A herd isn't merely a group of animals all doing the same thing, whether it's bison, caribou, or cattle. They may seem indeed to be all peacefully feeding, or travelling, or lying down, together, but among themselves there are always jealousies and rivalries, often culminating in battles for leadership or love. Next to its togetherness, this feeling of rivalry among themselves is perhaps the strongest feature of a herd.

Including the human herd. Indeed, especially the human herd. For because we live in isolated family groups, it is always an exciting novelty to us to get with a group again, and it stirs us to unusual activity. The Old Man may slump and scrape around the house with hardly a word to say, and none pleasant, but let visitors come in, and see how his face lights up, his conversation flows sparkingly, his whole personality is transformed by the workings of the old herd instinct. And we're all the same.

Throughout the ages much good has come from this social instinct of ours. Because people work together we have towns, cities, nations, attempts at even larger organizations. All our present civilization is a result of our being gregarious by nature; were we solitary instead, we'd still be gnashing our teeth over raw meat in caves.

But our innate inclination to work with others and try to excel them, if possible, can be just as bad as it is good if turned in the wrong direction. Let the leadership of any human herd be evil, and it becomes a mob, vicious, sa-

vage, finding its outlet for the natural excitement of being together in pillaging and destroying. Lynching parties, pillaging armies, the horrible executions of the French Revolution's reign of terror, the atrocities of the Nazis in Germany a few short years ago—all these are the work of human herds as surely as the building of cities and civilizations. We're not always higher than other animals who run in packs.

The herd instinct seems especially strong in young people who are old enough to cast loose from the parental home, yet too young to start homes of their own—they naturally gravitate into gangs. How can parents know that the gang will be a good one—or at least, harmless—rather than a band of vandals such as caused so much wanton damage in Vancouver recently?

Attempts to encourage sports and hobbies are one good way, of course. Perhaps we also need more emphasis, in school and home, on the dangers of gangs. Boys and girls should realize that the excitement caused by the presence of others is enough to urge them to enter pell-mell into the first activity that is suggested; it takes a lot of will-power and self-control to keep from "following the leader," no matter how foolish, when all one's feelings are urging to run with the herd.

I'm inclined to think that the actual membership of the human herd has less to do with their activities than the leadership. Boys and girls from slums where crime and immorality are the common thing have become creative forces for good under wise leadership; and children or adults from good homes can go downhill fast if they let themselves follow bad leadership instead of providing better.

Best illustration of this that I can give is that Jesus habitually consorted with "publicans and sinners," and of them built the firm foundations of Christianity. And it was the "good" people—led by pillars of the church—who were most prominent among the mob that condemned and crucified Him.

Perhaps it was Easter which put this whole idea into mind.

## Pioneer Days

THIRTY YEARS AGO  
April 21, 1922

Illustration stations are to be established throughout the fruit and agricultural parts of B.C. Already eight have been started, at Armstrong, Salmon Arm, Kamloops, Rose Hill, Barrier and three other points.

Steps were taken to further the success of the Fall Fair under the Agricultural Association. President Clarence E. Craig was in the chair with directors Merkil, Creese, McDonald, Huddleston, Campbell, Crosley, Moller and Knowles present, and secretary John Tait. Messrs. Moller, Creese and Bentley were nominated as prospective members of the Parks' Commission.

Closing of the road running east and west in front of the central school building will be sought by the school board. Unless it is closed the road will continue as a menace to the children attending classes in the buildings on both sides. The municipal council will be asked to divert traffic by way of a new road to the north of the present buildings.

George Craig, manager of the West Summerland branch of the Fruit Union, resigned last week. George Guy has accepted the position.

Mr. and Mrs. W. T. Tildesley and children have left for Alberta. Mr.

Tildesley has been poultryman at the dominion experimental station.

E. B. Wilband recently of Vancouver is carrying on the barbering business of C. E. McCutcheon, on vacation with Mrs. McCutcheon and family in Ontario.

Last car of the 1921 fruit shipping season started rolling on Monday. This was a carload of Yellow Newtowns, grown, packed and shipped by Isaac Blair.

TWENTY-FIVE YEARS AGO  
April 22, 1927

Sharp frosts during the past few nights have done considerable damage to the lower Okanagan fruit crop. Apples and pears have apparently not been affected. Apricots, cherries and early varieties of peaches have been affected in Ollivor and Osoyoos, but Summerland has escaped with slight damage.

Summerland Operatic Society has produced with great credit one of Gilbert and Sullivan's operas, The Gondollers. They played two nights to capacity houses with G. C. Benmore, director and F. Mossop conducting the orchestra. Others taking leading parts were Capt. Webb, J. Clement, Ben Newton, D. Sanborn, H. Daniel, Mrs. H. A. Solly, Mrs. C. Eisey, Miss M. King, Mrs. George Craig, Mrs. Wood, Miss Ida Shields, Janet Craig and Margaret Steven.

Premier Oliver presented "Podunk" Davis of Princeton with the Royal Humane Society Medal for the rescue of Miss Warburton who was lost among the mountains here.

## New System of Voting

ON June 12, when the provincial general election will be held in B.C., a new form of voting will be available to those who go to the polls.

It is called alternative voting and elsewhere on this page the first of a series of educational advertisements is reproduced by Fred H. Hurley, chief electoral officer, in an effort to explain the ramifications of the system and how it operates.

To the person who marks a ballot on June 12, the system is extremely simple. All you do is mark numbers 1, 2, 3 and 4 against the names of the candidates in the order of preference. If you wish to "plump" for one candidate it is your privilege to do so, but it defeats the purpose of the alternative system of voting and you lose a privilege which is offered. However the ballot is still valid.

In this election, which is an extremely important one for B.C., it is imperative that the voters understand the rudiments of the alternative vote system. How the ballots are counted afterwards is important, too, in the end result, but the first and foremost need is to have the system of marking ballots understood by all.

We commend these advertisements issued by the Province of British Columbia to your earnest study, so that you understand the new system and can explain it to those who will not take the time to study.

And at the same time, every person who believes he or she is eligible to vote should make certain that the voters list contains his or her name. The voters' list will close at the end of this month, so there is still time to check the list.

As a public service, this newspaper has registration cards available in case the enumerators failed to include any persons on their lists.

# ALTERNATIVE VOTING

WILL BE USED IN THE COMING

# PROVINCIAL ELECTION

### HERE'S WHY THE NEW SYSTEM IS BEING USED

The Voting system has been changed to enable every voter to cast his ballot for more than one candidate in order of his preference.

When you vote under the Alternative Vote system YOU GET MORE THAN ONE CHOICE. This will prevent any candidate being elected on a minority vote as has happened in the past. The candidate so elected in each riding will have received an absolute majority over all other candidates combined.

**IT'S FAIR!**

### HERE'S HOW YOU VOTE WITH ALTERNATIVE VOTING

The Alternative Vote is as simple as the voting system used before only, instead of marking an X against your one choice only, you can mark 1-2-3-4 with your first choice as number one, your second choice as number two and so forth in order of your preference.

**IT'S EASY!**

Further messages will appear in your daily and weekly newspapers explaining the Alternative Vote. Watch for them.

Fred H. Hurley . . . Chief Electoral Officer

## Golden Wedding Anniversary

## Mr. and Mrs. T. J. Garnett Have Lived Here 47 of 50 Years' Married Life

Mr. and Mrs. Thomas James Garnett, residents of Summerland for over forty-seven years, celebrated their Golden Wedding Day on Easter Monday at their home at West Summerland at an afternoon and evening reception when a host of friends and acquaintances from near and far called to offer them congratulations and good wishes.

Mrs. Garnett, the former Bertha McRitchie, was born of a pioneer family near Sarnia, Ont., and Thomas Garnett is a son, too, of parents who pioneered in Ontario at Laurel Hill Farm near Peterborough, Ont. As children they came with their respective families to Manitoba.

They were married at the bride's home in Virden, Man., on April 9, 1902, by Rev. Mr. Locke, a minister of the Methodist church.

Following their marriage they lived for a short time at Brandon and at Emerson, moving to Summerland early in 1904.

They built a home at the top of the Sand Hill road in those early Okanagan days and lived there for years. Mr. Garnett developed a fruit orchard and an express fruit shipping business, at one time sending out nearly a carload of expressed fruit a day in season. Raising of express rates finally made this prohibitive.

Mr. Garnett was a trustee on the Summerland school board for a number of years and was in that capacity when Mr. S. A. MacDonald, principal of the MacDonald school, and when Miss Banks of the primary department, were engaged as members of the teaching staff.

Unfortunately their original home burned and they later built a house on Hospital hill, where they lived for some time. Their present residence is in the Solly subdivision.

In their family are four daughters, Mrs. Robert Cuthbert, Summerland, Mrs. E. P. Riley, Celista, B.C., and Mrs. J. S. Burton and Mrs. F. Simpson of Vancouver, all of whom attended their fiftieth anniversary and assisted at the reception. Their twelve grandchildren were present too, with Miss Marybeth Burton, Miss Margaret Simpson and Miss Nancy Burton among the serviteurs.

Others who assisted were two nieces, Mrs. Francis Steuart and Mrs. George Washington, and Mrs. H. Lemke. Pouring tea during the afternoon and evening were friends of long standing, Mrs. Basil Steuart, Mrs. W. D. Laidlaw, Mrs. Wm. Tullett, Mrs. W. T. Boothe, Mrs. C. E. McCutcheon, Mrs. C. Minshull, Mrs. T. A. Walden, Mrs. A. Rutherford, Mrs. J. S. Lewes and Mrs. Johnston.

For the occasion Mrs. Garnett wore a pretty, becoming gown of dark red crepe with corsage on tone.

The living-room was tastefully

decorated with spring flowers and the tea table with vases of golden yellow roses. A three-tiered wedding cake decorated in white with gold medallions enclosing the numbers "50" was the important table centre which was crested with lovely yellow roses.

A happy incident of the afternoon was when Mr. and Mrs. Melvin Wells who were married the same afternoon in St. Stephen's church called for a few minutes and had their picture taken with the bride and groom of fifty years ago.

Other relatives from out of town included: Mrs. Bert McLellan, Mr. and Mrs. L. M. McLellan, Mr. and Mrs. George E. Garnett, Penticon; Mr. Arthur McRitchie, Mr. and Mrs. James Smith, Vancouver; Mrs. Cyril Taylor and son, Brookmere; Mrs. Jack Atkinson, Yobou, B.C.; Mrs. J. Cooper and Diane, Trail; Master John McLellan, New Westminster.

Other guests from out of town were: Mr. and Mrs. E. Wiedricky, Picardville, Alta.; Mrs. M. Denney; Mr. James Denney, Mrs. Norman Krohn, Louis Creek, B.C.; Mr. and Mrs. Hal Rugge, Mr. and Mrs. John Upton, Mr. Kenneth G. Mc-

## Traffic Infractions Are Discussed Again

Need for enforcement of traffic bylaws was again discussed at Tuesday's council session. One councillor remarked that 13 cars were counted as having parked on Granville street all day, despite the signs which warn that two-hour parking is all that is allowed during business hours. Parking of vehicles around the Nesbitt Motors premises also came in for some criticism. Reeve Bentley stated he would discuss the situation with the RCMP.

## TWO-INCH HYDRANT OKAYED BY FOREMAN

The question of an inch and a quarter standpipe on a two-inch main for fire protection purposes, queried by Councillor Barkwill at a recent council session, was cleared up at last week's council meeting. Water Foreman E. Kercher replied that he had not stated any such requirement as he believed a two-inch standpipe would operate quite satisfactorily from a two-inch main. Reeve Bentley took the blame for this discrepancy, as he had misunderstood the water foreman's intentions.

## PLANT SHADE TREES

Oddfellows from Washington and B.C. gathered at the IOOF Haynes International park at Osoyos recently and planted 300 shade trees.

Kenzie, Vancouver; Mrs. Muriel Johnston, Penticon; Mrs. Mary Johnston, Mission City; Mrs. Edna R. Steuart, Mr. Roy F. Steuart, Penticon; Miss Myrtle Dunham, Vernon; Mrs. Whiteford, Mrs. Hare, Mrs. Stephenson, of Kelowna.

## SECRETARY-TREASURER WANTED

Applications for position of Secretary-Treasurer for fruit packing house will be received up to April 30, 1952. Applicant should apply in own handwriting, giving experience and references.

All letters should be marked "Application" and addressed to

President, Summerland Co-operative Growers' Association, Summerland, B.C.

## Cub Calls

### 1st Summerland Pack

Since it was Easter Monday there was no meeting on April 14, so on Saturday, April 12, we had our first spring ramble. We went by car to the foot of Rattlesnake

Mt. on the highway, then hiked up over the top. We cooked dinner over campfires, played games, then home.

Full uniform will be worn from now on including short pants. Will everyone try to be out for concert practice? Next meeting, Monday, April 21, 6:30 sharp.

Duty Six, White Six.—Akela.

*The Infantry Recruit...*

*Keyman in Canada's Future Security*

Growing in size and strength the Canadian Army Active Force needs more Infantry Soldiers.

The Infantry recruit is a keyman in our defence plans. For as he finishes his training he will take his place in the front lines of our freedom at home and overseas.

But it takes time to produce these highly trained soldiers. And to maintain our security, to discourage aggression, we must be able to meet any eventuality. That is why we must have more young men for Infantry training now.

If you are interested in Canada's future, now is the time to do something about it. Serve with the most important men in the Army—the Infantry.

There are outstanding career opportunities for young men in the Canadian Army Active Force.

You are eligible if you are 17 to 40, tradesmen to 45, and ready to serve anywhere.

Get full details from the Army Recruiting Office nearest your home:

No. 11 Personnel Depot,

FPV & TC Railway is in Danger of Losing Franchise if Not on Time

"Will the Mail Train Run Tonight?" That is the question which will be answered on the stage of the high school auditorium on Thursday evening, April 24, when the Summerland Kiwanis club presents an old-time melodrama by that title.
And what will really be worrying everybody is the grave danger that the Faulder, Prairie Valley & Trout Creek Railroad will lose its franchise if the mail train doesn't run on time.
In 20 years of service the FPV & TC Railroad has never once been late and it is the oldest established railway line in the Okanagan. But it has competition in the Rattlesnake & Rocky Mountain Railroad, and the bank which holds the mortgage (there always has to be a mortgage) has been taken over by a couple of unscrupulous characters who would benefit greatly if the train doesn't run on time.
This Kiwanis presentation will be screamingly funny, President Ernie Jenkinson modestly admit-

ted to The Review this week. All club members taking part are searching through trunks and attics for costumes befitting ladies and gentlemen of the "Gay 90s".
One of the features of this comic presentation will be the audience participation. When the villain gets particularly nasty, the audience can "Boo" mightily and give expression to mixed feelings.
Jack O'Mahony is the owner of the line as Mrs. Hopewell; Miss Prudence Hopewell, the daughter, is Bill Laidlaw; Simon Darkway, the unscrupulous banker, is Lacey Fisher, producer; while his partner, Dirk Sneath, equally as bad, is Ken Heales; Truman Pendenis, Mrs. Hopewell's benefactor, is Buck Guernsey.
These are but a few of the main characters who will be seen on the stage of the school auditorium next Thursday. Proceeds from the melodrama will be devoted to the club's community enterprises.

Legion Auxiliary Hears Cancer Talk

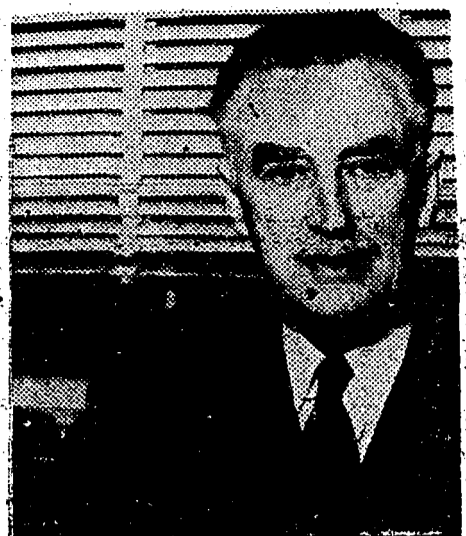

The Legion Ladies' Auxiliary welcomed Mrs. W. Laidlaw as a new member at its meeting held on Thursday afternoon, April 12, in the parish hall, with 24 present. Donations were made to the Red Cross and to the Legion scholarship.
Delegates to the LLA convention at Nelson are the standard bearer, Mrs. H. Dracas and Mrs. L. Johnston.
The ladies decided to serve at the Girl Guide Mother and Daughter banquet to be held in the Youth Centre on April 25.
At three o'clock an open meeting was held when about sixty attended to see the film on cancer and to hear Dr. A. W. Vanderburgh speak on the same subject. Mrs. J. E. O'Mahony explained the work of the Canadian Cancer Society. Tea was served by the Auxiliary.
Mr. and Mrs. Lorne Perry motored to Wenatchee over the long weekend.

NEW US CONSUL-GENERAL—Richard Porter Butrick, now US consul-general in Montreal, is shown as he began work following his arrival from Washington. He said his new post "is one of the most important consul-general jobs anywhere."

VISITING ABROAD

Mrs. E. Harbicht and Miss Myrtle Harbicht were visitors at Vancouver over the Easter weekend.
Mr. and Mrs. Frank Doumont enjoyed an Easter weekend motor trip to Wenatchee.
Mr. and Mrs. Roy Wellwood are visitors to Vancouver this week having left on Easter Monday for the coast.
Mr. and Mrs. Ryan Lawley and their two boys and Miss Gweneth Atkinson motored to Spokane during the Easter weekend.
Mr. W. E. Purvis of the staff of the Bank of Montreal, West Summerland, is spending his holidays at his home in Vancouver.
Mr. Henry McIntyre was an Easter visitor at Kelowna at the home of his brother and sister-in-law, Mr. and Mrs. Owen McIntyre.
Miss Irene Stewart, PHN, is in Victoria for the Easter vacation for meetings held under the department of health.
Mr. and Mrs. Fred Walker and Mr. and Mrs. Al McIntosh have been spending several days' holiday in Spokane.
Mrs. Ella Pohlmann has gone to Creston for two weeks' holiday visiting at the home of her sister and brother-in-law, Mr. and Mrs. H. S. Minto.
Mr. and Mrs. G. A. Laidlaw and their children and Mr. and Mrs. C. J. Bleasdale and family were Easter weekend visitors to Spokane.
Mr. and Mrs. John Thaler leave on Saturday for a trip to Austria expecting to be away for eight weeks. They plan to stay some miles out of Salzburg visiting at the home of Mr. Thaler's mother.
Mr. and Mrs. J. Heichert were at Vancouver during the Easter holidays to see their son who has had to have one eye removed as a result of an accident which he sustained at his work.
Mr. and Mrs. C. Clough spent a very enjoyable weekend motoring up to the Cariboo where they were guests of Mr. and Mrs. A. Graff, former owners of Wally's Taxi. Mr. and Mrs. Graff took them for a trip further north where they stayed at Twilight.
Mr. and Mrs. C. A. Gayton, and Mr. and Mrs. A. Gayton of Oliver, were in Kelowna on Saturday to attend the marriage of their nephew, Mr. Rodney Gayton to Miss Margaret Miller, which took place that afternoon in St. Michael's and All Angels' church. Also present from Summerland were Dr. and Mrs. L. A. Day.
Mrs. Evoline Gould and her sister Mrs. McArthur have had their sister, Mrs. McPhail of Gleiship, Alta., visiting at their home for Easter. Mrs. McPhail left on Wednesday.

Visiting Here

Miss Sophia Efrom of Lethbridge Alta., is visiting at the home of Mr. and Mrs. George Woitte.
Mr. Bob Weitzel of Trail was an Easter visitor at the home of Mr. and Mrs. C. E. Snow.
Mrs. R. M. Johnston, Judy and Charles, of Mission are visiting at the home of Mrs. Johnston's parents, Mr. and Mrs. W. R. Powell.
Miss Nancy Hack, RN, and Mr. Dennis Hack both of Vancouver were Easter visitors at the home of their mother, Mrs. E. Hack.
Miss Ann Glaser who teaches at Field is a holiday visitor at the home of her parents, Mr. and Mrs. John Glaser.
Rev. J. P. James of Edmonton was an Easter visitor at the home of his brother and sister-in-law, Mr. and Mrs. C. W. James.
Miss Dorothy Butler of Victoria, visited at the home of her parents, Mr. and Mrs. E. R. Butler, over the Easter weekend.
Miss Joan Marshall visited during the Easter holidays at the home of her parents, Dr. and Mrs. James Marshall, Trout Creek.
Mr. and Mrs. C. Lackey had as Easter visitors the latter's sister, Miss Doreen Lobban and three of her friends from Vancouver.
Mr. and Mrs. Lawrence Hookham of Vancouver visited at the home of his mother, Mrs. E. M. Hookham, over the Easter weekend.
Mr. and Mrs. Tom Miller of Princeton were Easter visitors at the home of the former's grandparents, Mr. and Mrs. F. A. Miller, Crescent Beach.
Mr. and Mrs. G. E. Tedder and their daughters of Kamloops visited last weekend at the home of Mrs. Tedder's mother, Mrs. James Darke.
Mrs. M. McKechnie and her daughter Mrs. E. Brennan have entertained many Vancouver visitors during the Easter holidays.
Mrs. Norma Henry who is attending Normal school at Victoria is spending the Easter vacation at the home of her parents, Mr. and Mrs. W. Hack.
Weekend guests at the home of Mr. and Mrs. Lee Heyworth were Mr. and Mrs. R. McLellan, Sr., and Mr. and Mrs. R. McLellan, Jr., and family of Vancouver.
Visitors during the Easter holidays at the home of Mr. and Mrs. J. H. Dunsdon were their nephew, Bill Kennedy of Kamloops, and Dougie Hecker of Salmon Arm.
Mr. and Mrs. Albert Schultz and daughter Fay, who were visiting at the home of Mr. and Mrs. Bert Stent, left yesterday for their home in Camrose, Alberta.
Miss Olive Mason visited in Summerland, Kelowna and Trail during the Easter holidays before returning to Beaverdell where she is teaching.
Miss Ruth Fleming who is attending the Vocational Institute in Vancouver is spending the Easter holidays at the home of her mother, Mrs. W. Fleming, Peach Orchard.
Visitors arriving here last weekend were Mr. and Mrs. B. L. Sargent and their two children who motored out from London, Ont., to visit at the home of Mrs. Sargent's parents, Dr. and Mrs. H. R. McLarty, Trout Creek.
Mr. and Mrs. H. A. McCargar had as visitors over the Easter weekend, Mr. and Mrs. R. D. Keeley and their son Kenneth, of Penticton, and Mr. Carl Pohlmann of Kelowna.

Mr. and Mrs. Gerry Lundie of Vancouver came to Summerland to spend the Easter weekend at the home of Mr. and Mrs. Walter Bleasdale. Mr. Lundie is the president of the CU and C Health Services' Society.
Mr. and Mrs. R. J. Turnbull and their children and Mr. and Mrs. Tracy Wheeler all of New Westminster visited during the Easter weekend at the home of Mr. and Mrs. H. Kuhar. While here they stayed at Cedarbrooke Cabins.
Mr. and Mrs. George Hack and their three sons came from their home in Victoria on Wednesday of last week to spend their holidays visiting at the homes of their parents, Mrs. E. Hack and Mr. and Mrs. W. L. McPherson.
Mr. and Mrs. W. W. McGill and their youngest daughter, Miss Bobbie McGill, and Mr. and Mrs. George Holt, The Gorge, Victoria, motored in to spend the weekend at the home of Mrs. McGill's brother and sister-in-law, Mr. and Mrs. C. H. Elsey.
Dr. and Mrs. J. Gayton of Victoria were weekend guests at the home of the former's brother and sister-in-law, Mr. and Mrs. C. A. Gayton and attended the Gayton-Marshall wedding at Kelowna on Saturday afternoon.
Mr. and Mrs. Eric Johnson and their small daughter of Singapore are visiting in Summerland at the home of the former's parents, Mr. and Mrs. George Johnson. They will be here for six weeks before returning to their home across the Pacific.
Mr. and Mrs. E. Foy and their children, Gordon and Maurén of Salmo, B.C., came to spend the Easter weekend at the home of Mrs. Foy's parents, Mr. and Mrs. V. Charles. Mr. Foy went out to the coast this week while the others are visiting here and all will return to their home next weekend.
Mr. and Mrs. Dunbar of Vancouver were weekend visitors at the home of their son-in-law and daughter, Mr. and Mrs. R. Kersey. Mrs. Kersey and her son Allan returned to the coast with them on Monday for a visit.
Easter guests at the home of Mr. and Mrs. Edgar Gould included their brother-in-law, Mr. George McTavish of Victoria and their niece Miss Mary McTavish of Lake Cowichan, and Mr. and Mrs. Jack Wilson of Allison Pass. Mr. McTavish left yesterday to go to Calgary to visit his son.
Mr. and Mrs. A. E. Smith have welcomed several members of their family for the Easter holidays including their son and daughter-in-law, Mr. and Mrs. Jim Smith, with their daughter Beverly, of Vancouver; their daughter, Verna, Mrs. J. Atkinson, of Youbou, B.C.; and their daughter Amy, Mrs. J. M. Cooper, of Trail, with her son and daughter.
Mrs. N. Bradshaw of Maidstone, Kent, is a visitor this week at the home of her brother-in-law and sister, Mr. and Mrs. J. H. Lee-Grayson. Mrs. Bradshaw is enjoying a trip around the world, having come through the Mediterranean, Egypt, Aden, India, Ceylon, Australia and New Zealand. She will return to England via the Panama. Mrs. Lee-Grayson went to Victoria to meet her sister.
Miss Helen Kean came in from New Westminster to attend the Wells-Wilson wedding on Easter Monday and expects to be at home until September. Mr. David Kean came from Portage La Prairie where he is stationed with the RCAF and went to the coast to visit his parents who are ill there, returning to Summerland and leaving the beginning of the week for Manitoba.

TRAP CLUB OPENS FOR SEASON NEXT SUNDAY

First shoot of the season will be held at the Summerland Trap club on Sunday next, officials of this popular sports group announced this week. It will be just a practice shoot as the first main competition is to be held on Sunday, May 18.

REPAIR TRAFFIC SIGNS

No parking areas and other traffic signs were repainted on the sidewalks and roads in the West Summerland business district last week. Arrangements are to be made to renew the school signs on the roads, as well.

FIRE SEASON May 1st -- September 30th

During this period, a permit is necessary before fires may be lighted outdoors for cooking, warmth, or land-clearing. Your nearest Forest Officer should be consulted.

Also lists sandwich spreads and grocery items like sugar, lard, tea, margarine, and ketchup. A.K. Elliott Department Store.

# Easter WEDDINGS

## HENNIGER - RICHARDS

Against a background of flowering almond boughs, forsythia, and daffodils, which shone in the light of flickering candle gleam, the marriage of Marion Frances, only daughter of Mr. and Mrs. H. R. J. Richards, West Summerland, and James Robertson, son of Mr. and Mrs. E. C. Henniger, Grand Forks, took place at 7 p.m., Saturday, April 12, in St. Andrew's United church, West Summerland.

Rev. H. R. Whitmore performed the ceremony before over a hundred guests.

Entering the church on the arm of her father, who gave her in marriage, the tall fair-haired young bride was lovely in her beautiful white lace and net wedding gown. It was floor-length and fashioned with a strapless frock having a tucked net fitted bodice and full skirt panelled in lace and net, with long-sleeved lace bolero with a tiny stand-up collar. A matching lace bandeau held the long, full net veil to her head and she carried an exquisite bouquet of scarlet carnations and calla lilies.

As the only attendant, Miss Lillian Harrison, Vancouver, formerly of Summerland, wore a pink net and satin frock with pink chapel veil and carried lovely carnations in shades of pink and rose, tied with satin streamers in a deep tone of powder blue.

The groom was attended by his brother, Mr. Ezra C. Henniger, Vancouver, and the ushers were the bride's two brothers, Mr. Bob and Mr. Norman Richards.

Mr. T. McKay, organist of the church, played, and Mrs. Lionel Fudge sang "A Wedding Prayer" while the bridal party retired to the vestry for the signing of the register.

In the IOOF hall where the reception was held, blossoming branches of almond and forsythia were used with daffodils to make a springtime atmosphere inside. On the long tables were bouquets of spring flowers and pale yellow tapers. On a separate table the three-tiered wedding cake, beautifully decorated and surrounded with tulle, had a place of special interest.

Mrs. Richards received in navy taffeta, the full skirt lined with scarlet and wore a navy straw hat with touches of scarlet flowers and wore a gardenia corsage.

Mrs. Henniger wore a black ensemble and black hat and gardenias were in her corsage.

Mr. W. R. Powell acted as master of ceremonies, and Mr. C. J. Huddleston proposed the toast to the bride, to which the groom responded. Mr. F. E. Atkinson gave a toast to the bridesmaid with response by the best man.

The bride's going-away costume was a pretty beige tailored suit with which she wore a smart red rough straw hat, veiled and with a matching flower, red shoes and accessories. Her corsage was of red roses.

Following the wedding supper everyone enjoyed dancing, to the music of the Mountain Rascals.

Out-of-town guests included the groom's parents, Mr. and Mrs. E. C. Henniger, Grand Forks; Miss Peggy Henniger, Mr. E. C. Henniger, Jr., Mrs. David Walker, Miss Ruth Nesbitt, Miss Mary Ward, Mr. Dennis Hack, Vancouver; Mrs. C. Mackett, Edmonton, who had been bridesmaid at Mr. and Mrs. Richards' wedding; Mr. and Mrs. K. Short, Fullman, Wash.; Mrs. Mae Faulkner, Valley, Wash.; Mrs. R. M. Johnston, Mission City; Mr. Bob Weitzel, Trull; Miss Doris Cristante, Mr. Cecil Bishop, Prince George; Mrs. A. C. Snow and Donna Lou, Westview, B.C.

## STRAFEHL - VOGEL

Miss Frieda Vogel, daughter of Mrs. G. Vogel, and Mr. Oscar Strafehl, Penticton, son of Mr. and Mrs. J. Strafehl, who live in Germany, were married on Easter Monday at four o'clock in the afternoon, with the Lutheran minister, Rev. Mr. Gabert, coming from Penticton to conduct the service in the Free Methodist church.

Pink and white streamers made into an archway were the pretty church decorations, with wedding bells suspended. The flowers were forsythia, ferns and daffodils. On the windows were pink potted geraniums and the guest pews were marked with ribbon bows.

The bride was given in marriage by her stepfather, Mr. G. Vogel, and wore a beautiful white satin wedding gown with sweetheart neckline, the fitted bodice having the front embroidered to the waistline and long lily point sleeves. The skirt was floor-length and gathered to bouffant fullness. The long wedding veil was held to the bride's head with a little crown encrusted with pearls. Red roses and white carnations in the bridal bouquet made a lovely contrast against the white gown.

Miss Elsie Glaser, the bride's cousin was bridesmaid in a floor-length frock of blue taffeta with sweetheart neckline, fitted bodice and puffed sleeves, the skirt having a matching blue net overskirt. Little flowers on bandana were in her hair and she carried a bouquet of spring posies.

As maid of honor for her cou-

## WELLS - WILSON

Easter lilies on the altar and large bouquets of yellow forsythia with delicate sprays of mauve daphne decorated St. Stephen's Anglican church, West Summerland on Easter Monday, April 14, at 2 p.m., for the marriage of Shirley Miriam, the only daughter of Mr. and Mrs. Earle Wilson, Summerland, and granddaughter of Mr. and Mrs. Clarkson Wilson, pioneer Summerland residents, to Melvin Patrick, son of Mr. and Mrs. George Wells, Edmonton.

Canon F. V. Harrison, rector of the church conducted the ceremony in the presence of one hundred and fifty guests.

Given in marriage by her father, the young bride was a happy picture in her all-white bridal gown which had a sleeveless lace bodice and billowy, bouffant skirt of net over taffeta. A matching lace cap in Dutch effect held the three-quarter length lace-edged net veil in place, and she wore lace gloves. In her lovely wedding bouquet were white carnations and a large mauve orchid.

Miss Beverley Fleming and Miss Peggy Johnston of Penticton, the bride's cousin, were bridesmaids, and little Susan Wilson, another cousin, were the trio of attendants, charmingly frocked in a springtime mood in floor-length gowns of pale blue organdy over taffeta, with fitted bodices and full skirts. Matching Dutch caps carried out the blue-as-the-spring-sky color effect and dainty nosegays which they carried were of violets, forget-me-nots, and lilies of the valley, and were centred with a rose.

The groom was supported by his brother, Mr. Vernon Wells, of Edmonton, and ushers were the bride's cousin, Mr. Billie Johnston, Penticton, and Mr. Jack Dunham.

Mr. T. McKay was organist for the service and while the register was signed, Mr. Dunham sang "When Song Is Sweet".

A reception followed immediately in the flower bedecked parish hall, where Mrs. Wilson received her guests in an attractive navy sheer gown with navy straw hat with touches of white. She wore a corsage of white carnations and pink roses. Mrs. Wells, who came from Edmonton for the occasion, wore navy, too, with small mohair hat accented with pink roses, and corsage of pale pink carnations and roses.

The tea table at which Mrs. C. E. McCutcheon and Mrs. James Marshall presided was covered with a lace cloth. The beautiful wedding cake, decorated by the bride's aunt, Mrs. Johnston, Penticton, was in white and silver with pink roses on the corners, and pink roses atop. Frothy rose-strewn white tulle surrounded the cake and tall pink tapers daintily added color.

Mr. J. McLachlan proposed a toast to the bride to which the groom responded.

Assisting in serving were the bride's cousins, Miss Bonnie Wilson and Miss Karen Butcher, Miss Jean Bryden, Miss Dorothy Blacklock, Miss Mary Marshall, Miss Mary Ward, Miss Louise Washington, Miss Ruth Fleming, Miss Olive Mason, Miss Helen Kean and Miss Doreen Stewart.

Leaving for a motor trip the bride donned a leaf green gabardine suit with little fawn hat and brown accessories. Her corsage was a mauve orchid. She carried a short coat in a soft natural color. Miss Beverley Fleming caught the bouquet as the bride tossed it from the steps of the hall as she was leaving, and she took other flowers to her grandmother, Mrs. Wilson, who was unable to be present.

Out-of-town guests included the groom's parents, Mr. and Mrs. George Wells; his brother and sister-in-law and two nieces, Mr. and Mrs. George Wells, Jr., and another brother, Mr. Vernon Wells, all of Edmonton; Mr. and Mrs. Hugh Johnston, Penticton; Mr. and Mrs. Oliver Smith, Mr. and Mrs. Percy Burnard, Vancouver; Mr. and Mrs. C. F. Butcher and Karen, Mr. and Mrs. A. Sladen, Kelowna; Mr. and Mrs. J. Long, Mr. and Mrs. George Long, Greata Ranch, Peachland.

Miss Ann Glaser had a charming frock of pink made similarly to that of the bridesmaid, only it was in pink with overskirt in pink and mauve not in a rainbow effect. Alice Vogel, the bride's little sister, was in yellow taffeta with net overskirt, floor length, and she carried a basket of daffodils and wore a wreath of flowers.

The bride's brother, Mr. Rudolph Vogel was best man, and Mr. Harold Stein was the usher. Mrs. Dick Steinger presided at the piano to play the wedding music.

A reception followed in the Japanese hall which was beautifully decorated in pastel colors. On the bride's table was a three-tiered wedding cake.

Mr. Schreiber proposed a toast to the bride, and Rev. Mr. Gabert gave a short address.

For going-away the bride changed to a grey suit with dainty powder blue accessories, and pink carnation corsage.

Mr. and Mrs. Strafehl will make their home at Penticton.

## Socially Speaking

SOCIAL EDITOR Mrs. A. W. Vanderburgh

### HOME AGAIN

Mrs. James Ritchie returned to her home here on Saturday after visiting at the coast for some time. She came in with her daughter Mrs. W. Maxwell and her children who are Easter visitors at the home of Mrs. Maxwell's brother-in-law and sister, Mr. and Mrs. H. W. Brown.

Mrs. Phil Davis has returned to her home in Trout Creek after spending three weeks a patient in Vancouver General hospital.

Mrs. Eva and Miss Florence Howden are back at their home at Blue Acres, Trout Creek, for the summer season.

Mr. and Mrs. George Henry returned from the coast on Tuesday. Mrs. Henry has been in Vancouver at the home of her son-in-law and daughter, Mr. and Mrs. E. Kaffer, for several weeks and Mr. Henry went out for the Easter weekend.

Mrs. Anna Wolfe has returned to her home in Summerland after spending the winter months in Detroit.

### Co-Hostesses Shower Easter Monday Bride

Miss Beverley Fleming and Miss Doreen Stewart were the two hostesses who arranged a miscellaneous shower in honor of Miss Shirley Wilson on Friday evening, April 11, prior to her marriage on Easter Monday to Mr. M. Wells.

The shower was held at Miss Fleming's home in Peach Orchard and all the pretty useful gifts were given to the honoree in a miniature "Review" office, since that is where Mr. Wells is employed.

It was a jolly affair, and dainty refreshments were served to close the evening.

Those invited included the mother of the bride-to-be, Mrs. Earle Wilson, and her aunt and cousin from Penticton, Mrs. Hugh Johnston and Miss Peggy Johnston, Mrs. C. Steuart, Mrs. Mel Monroe, Mrs. Paul Roberge, Miss Louise Washington, Miss Mary Marshall, Miss Helen Kean, Miss Jean Bryden, Miss Mary Ward, Miss Jacque Trafford and Miss Julia Hack.

### Family Reunion at Home of J. R. Butler

Mr. and Mrs. J. R. Butler held a family reunion on Easter Sunday with a supper at the experimental station. Present were Mr. and Mrs. T. M. Little, Victoria; Mr. and Mrs. Gordon Hood, Edmonton; Mr. and Mrs. D. S. Montague, Tranquille; and Mr. and Mrs. H. W. Montague, Penticton, all with their families.

Mrs. Montague, Sr., who lives with Mr. and Mrs. Butler, and the family had not been all together for over fifteen years.

The party included, also, Mr. Butler's parents, Mr. and Mrs. E. R. Butler, and his sister, Miss Dorothy Butler, who was here for Easter from Victoria.

### James Family Holds Reunion at Easter

Mr. and Mrs. C. W. James had an enjoyable family reunion on Easter Monday, April 14, when their four children with their wives, husbands and twelve grandchildren were all home.

Present were Rev. and Mrs. J. James and their five children from Winfield; Mr. and Mrs. Kenneth James with their three children from Munson, Alta; Mr. and Mrs. J. L. Burgoyne and two sons of Kamloops; and Rev. and Mrs. L. W. Mino and their two little daughters.

Mr. James' brother, Rev. J. P. James of Edmonton, an Easter visitor, was here to join in the family gathering.

### Surprise Shower for Bride of Saturday

A surprise miscellaneous shower was held in honor of Miss Marion Richards on Thursday evening, April 10, prior to her marriage which took place on Saturday evening, April 12, in St. Andrew's United church.

The party was held at the home of Miss Richards' parents, Mr. and Mrs. H. R. J. Richards, with Mrs. H. Pohlmann and Mrs. J. St. Denis co-hostesses.

The living-room was en fete with pink and white touches, balloons were filled with confetti, and a decorated umbrella held the gifts, which were lovely and varied. Games were played and the hostesses served delicious refreshments.

Invited to the happy affair were Mrs. W. Hack, Mrs. L. Fudge, Mrs. A. Crawford, Mrs. V. Charles, Mrs. K. Steuart, Mrs. G. Geers, Mrs. G. Pennington, Mrs. J. Maddison, Mrs. D. Taylor, Sr., Mrs. D. Taylor, Jr., Mrs. M. McKechnie, Mrs. L. Clements, Mrs. J. Cristante, Mrs. H. McCutcheon, Mrs. E. Brennan, Mrs. A. Matsui, Mrs. M. Pollock, Mrs. R. Spelsberg, Mrs. A. Vanderburgh, Miss Mary Guidi, Miss B. Fleming, Miss Joan Howard, Miss Rae Armour and Miss S. Wilson.

### NEW ARRIVALS

Mr. and Mrs. Harold Weins are the parents of a baby son who arrived at Summerland General hospital on Tuesday, April 15, weighing 8 lbs. 14 ozs.

Mr. and Mrs. Roy Heuchendorff were among those who motored from the coast during the long weekend. They visited at the home of their aunt and uncle, Reeve C. E. Bentley and Mrs. Fares.

### WESTBANK WEDDING COUPLE ENTERTAINED

Following the marriage of Mr. and Mrs. R. Klauinger of Westbank by Father A. M. Meulenbergh in the rectory of the Church of the Holy Child on April 2, a reception was held at the home of Mr. and Mrs. Anton Holler.

The bride and groom left on the

### Making Full Use of Family Allowances?

**Why Not Start a 'Dollars For Education' Account at the B of M**

It's a wonderful thing for parents to be able to feel they're bringing up their children in a land of opportunity—as they are in Canada today. They have a great incentive for planning ahead, for making sure that their children will be able to get the most out of life.

A good education is one of the best ways of preparing them for the future, and the Family Allowance Cheque can provide the key to such an education.

You may not find it easy to save the whole of each month's cheque, but why not put part of it away toward High School and College expenses? Mr. Solly, manager of your local branch of the Bank of Montreal, points out that you can open an account for this purpose with as little as a dollar.—Adv.

### Easter Seal Child Finds Movie Making Isn't All Fun

The life of a movie star is not for Timmy, thanks! Timmy, really Freddie Atkinson, 12, of Woodstock, was chosen as the Easter Seal child for 1952. His movie will be shown in all Famous Players theatres in British Columbia, starting April 10.

At first it seemed like a great thing... being a real movie star. He could hardly wait to get home and tell the fellows and sister Judy about it.

Then Timmy posed in front of those big lights and the film shooting started. He was a little scared and he stumbled over a word.

"Cut," yelled the director, "shoot that again." A streetcar rumbled by and the sound man winced. "Cut," yelled the director. They did it again. And again. "Raymond Massey once had to do a scene 331 times," said the cameraman encouragingly. Timmy was agast. But they tried again.

Timmy is a crippled child... an example of how even a boy whose legs won't run and jump can lead a normal life. Although on crutches, Timmy gets around by himself easily. He plays baseball and shinny, too. He bats, and another boy runs the bases for him. He builds model boats with his dad. He paints. But his dream is to become a doctor.

Timmy's mother said medical aid has made Timmy a normal boy. You can help all crippled children by sending \$1.00—or more if you can—to Lion's Easter Seals Fund, 407 West Hastings, Vancouver.

### SHOULD OPEN NEW SECTION OF CEMETERY

Municipal council was notified on Tuesday, April 8, that steps should be taken soon to open up the new section of Peach Orchard cemetery, as it is now becoming difficult to allow two plots together in the section now being used.

### JUDGES ORATORICAL CONTEST

# Oliver Appears Here on Sunday to Open 1952 League Baseball Season

The curtain goes up this Sunday afternoon at the Living Memorial athletic park on the 1952 baseball season when Summerland Macs, new entry in the Okanagan-Mainline baseball league, play hosts to Oliver Elks, one of the strongest aggregations in the loop.

Wally Day takes the mound for the Summerland squad, with Ken Brawner of last year's Red Sox squad, being spare hurler.

Harry Braddick is manager of the Macs this year with Bob Bleasdale as chief coach and these two, along with an executive which has shown more interest than any club officers for many years, are giving the team every support.

The ball club executive plans to institute a district-wide drive for funds in order to pay for new uniforms, league entry fees and new equipment necessary to start the season with a bang.

Wally Day has returned to Summerland and is employed at the Occidental Fruit Co. Ltd. plant.

Last season Wally performed in the Kingsway league at Vancouver and obtained a great deal of useful experience, which should stand him in good stead in the present year.

It is hoped that Gil Jacobs will be returning to Summerland as soon as UBC is completed. A job on the provincial highway survey has been promised, but it is not known yet if Gil will accept it.

With a right-hander and a left-hander available, the Macs should have plenty of material on the mound for the season, it is felt.

Metcalfe will be back behind the plate in his usual position while Francis Gould is expected to hold down the first-base sack in place of John Vanderburgh, who expects to be playing regularly with Oliver this season.

Fred Kato at second and Sandy Jomori at short should be more sure of themselves after their first year in senior company, while Jack Dunham is taking over the hot sack, third base.

Two Old Reliabilities  
Out in the field, Frank (Babe) Kuroda will be quite familiar in left field, George Taylor will be the old reliable in the centre gar-

den and Daryl Weitzel will be the likely starter in right field.

Don Nesbitt from last year's outfield will be on hand again while Chuck Aikin from the Red Sox last year and Joe Bullock, formerly of Vernon, are also trying out for spots on the club.

It is understood Verne Cousins of Peachland fame may be available to bolster the Summerland Macs this year, as he does not intend to be playing regularly with any other club.

Although the weather has been against any strenuous practice sessions, team members have been throwing the ball around for the last couple of weeks and have been using the school gym for some workouts to try and get in shape for the tough league schedule ahead.

The club executive, led by President Harold Short, is to attempt a membership drive in the district in order to raise funds for the re-organized baseball club.

Literature is being prepared for distribution to all residents explaining the position of the baseball club and seeking support. A district-wide canvass to sell memberships is also being planned for the near future, with Dr. A. W. Vanderburgh and Elmer Johnstone in charge of arrangements.

## Interest in Interior Sportsmen's Meeting Shown by Delegates

Only 14 members turned out for the monthly meeting of the Summerland Fish and Game Assn., in the Nu-Way Annex on April 9 when President W. G. Snow detailed the resolutions which had been presented at the B.C. Interior convention in Kelowna last month.

Most of these resolutions affecting this section have already been outlined in these columns.

George Pennington and Fred Dunsdon, the club's delegates to the Interior conference, declared they had gained a valuable insight into the operations of fish and game clubs and urged more members to attend such conventions in the future.

An invitation from the Penticton club, extended by Cliff Hultgren, to visit the monthly meetings there on the first Monday in each month was given local members.

## George Taylor Takes Puck Championship Trophy at Banquet

George Taylor, as captain of the Summerland hockey team, accepted the Penticton Herald trophy, emblematic of the Penticton and District Commercial hockey league championship, at the windup banquet tendered the teams at the Legion hall last week.

Sid Godber, news editor of the Herald, made the presentation. The trophy is on display in Laidlaw & Co. window this week.

Harry Harris of Penticton won the most valuable player award, donated by Bryant & Hill, while George Morrish was league leading scorer.

WORE ABOUT

Drainage

Continued from Page 1 acres of pastureland agreed with this contention, but others seemed to think that grains could be grown to advantage if there was less water on the large acreages.

Magistrate Oxley pointed out that the health standpoint of the area had not been stressed enough.

He described the putrid, stagnant water which makes it almost impossible for people to live in the area at times.

"If nothing is done from a health standpoint I, for one, am willing to take a stronger stand," he emphasized at one point.

Various conjectures were made as to the reason for the lack of drainage, H. P. Barr contending that there must be a rock barrier extending out from Giant's Head which blocks natural draining from the district.

Various stories of the water table being as high as 16 inches below the ground were told.

Reeve Bentley declared that a geologist who studied Summerland area had described the district as a basin and he also corroborated the idea of a rock barrier.

Suggests Council Help

J. R. Armstrong suggested that the municipal council could assist the general scheme greatly by obtaining a preliminary estimate of cost so that residents would have a better idea of what the entire project would involve.

A number of the property owners are pensioners and cannot afford any great outlay, he considered, advocating that for general municipal benefit the cost would be justified.

Reeve Bentley promised that the council would take this under advisement at next week's meeting.

It might be possible for the council to get the survey completed with up-to-date costs and charge the cost back to the water district at a later date, he said.

After the decision to form the drainage area was approved unanimously by the meeting a committee of nine was appointed consisting of R. S. Oxley, W. (Scotty) Ritchie, Henry Mohr, H. P. Barr, Jack Prior, W. J. Peter, Gus Johanson, C. W. Reinertson and A. D. Powrie.

Church Wedding is Denied by Minister

KEREMEOS—Mr. and Mrs. Eddie Trounce were denied a church wedding by Rev. W. M. Cameron, Keremeos United church minister. The couple proceeded to Princeton, where the ceremony was performed by Rev. Dr. John Goodfellow. The groom is a bartender and the bride is a divorcee.

It was shortly before the appointed time of 7 p.m. on Saturday, March 29, that the Keremeos minister informed the couple he had decided he would not perform a church wedding.

"My chief concern was to uphold the spiritual prestige and dignity of the church," declared Rev. Mr. Cameron. "I acknowledge I should never have consented that this should be a church wedding."

NEW BOOKS ON LIBRARY SHELVES

This month new books have arrived on the shelves of the Okanagan Union Library branch in West Summerland, Librarian W. C. W. Fosbery reports.

In non fiction collection are the following: Pickling and Preserving, Harris; Making a Start in Art, Alry; The Lady's Not for Burning; Fry; The Picture Gallery of Canadian History, Jeffery; Grass Beyond the Mountains, Hobson.

Fiction books are: Scared to Death, Bagby; Twenty Tales, Bates; The Widow of Bath, Bennett; The Case of the Corner Cottage, Bush; Three Guns from Colorado, Field; Hold Back the Night, Frank; The Offshore Light, Frankau; Apache Landing, Hogan; To Love and to Honor, Loring; Stranglehold, McMullen; Sea Drift, Peel; Venom House, Upfield; Spanish Range, Wells.

ers on dials in the Okanagan. Telephone Co. system and this figure will pass the 10,000 mark when Pentiction is cut over this fall, it is expected.

In the Kelowna exchange \$300,000 worth of intricate equipment was installed while another \$300,000 was spent in major additions to the distribution facilities of poles, lines, telephone cable and aerial wire and a special building to house the new exchange.

All operators on the Kelowna exchange who were not married with homes in Kelowna are being given employment in other exchanges, it was pointed out Saturday night.

Citizens from all parts of the Okanagan were present for Saturday's official cutover, being guests of the company at the ceremony and at a reception which followed. A. G. DesBrisay, president of B.C. Fruit Processors Ltd., and a director of the phone company was present from Pentiction.

Frank Sherrin, company president, was present from Vancouver, along with Ross Peers of Chilliwack, past president, Martin J. Conroy, of Vernon, company superintendent, was a pleased spectator, along with Ald. R. W. Ley, Vernon, former superintendent and now a director.

Special Deal for Westside on Ferry Tolls Taken Off

Last week, after the legislature was prorogued, an order-in-council was passed at Victoria eliminating the special "privileges" enjoyed by residents of Westbank and Peachland travelling over the Kelowna-Westbank ferry.

Half the regular fares paid by other persons travelling over the ferry were allowed residents of the west-side, especially those residing in the Westbank area as it was deemed for some time that it was essential to travel to Kelowna to purchase needed goods.

Now that the territory is more self sufficient, Victoria has deemed it inadvisable to continue the special half-rate tolls.

New residents living in the Westbank VLA subdivision are forming a protest committee to denounce the rate changes.

The new schedule also establishes standard rates for trucks. Formerly payment was made on the basis of wheelbase plus freight load. This has been replaced by charges ranging from 50 cents for light and medium trucks to \$1.25 for extra heavy vehicles.

The Mail Bag

Vancouver, B.C., April 10, 1952.

Editor, The Review:

At the recent annual meeting of the provincial council, Boy Scouts Association held in Vancouver, special notice was given to the valuable editorial support accorded by the press to our movement throughout the past year.

The meeting—with delegates in attendance from all parts of B.C.—expressed heartfelt appreciation for this support and a special vote of thanks was placed on the records.

On behalf of Scouting in British Columbia, we would like you to know that your kind co-operation in conveying our activities and our financial needs to the public has contributed immeasurably to the maintenance and progress of Scouting in this Province.

Thank you very much, Mr. Editor!

Yours sincerely,

L. C. WAY,

Chairman, Public Relations Committee, Provincial Council. The Boy Scouts Association

WANT WATER STORAGE ON TROUT CREEK

The Indian department is making application for 25-acre feet of Trout Creek water for irrigation purposes on property above the intake on the Shingle Creek road, council was informed on Tuesday, April 8. It was agreed that a charge should be made if storage water is to be consumed.

FINNERTY IS CHOSEN LIBERAL CANDIDATE

# Little P Apple Expo Year Loyd Says Here

The outlook for export of apples from Canada to the United Kingdom this coming season has "never been more gloomy" was the statement of A. K. Loyd, president and general manager of B.C. Tree Fruits Ltd. to a small meeting of growers in the IOOF hall Monday evening.

"We haven't given up hope," Mr. Loyd hastened to assure his listeners, but he felt that when Canadian salmon and cheese are excluded from export to Britain there was little hope for apples being considered.

In the past season, 800,000 boxes of apples were shipped to the Old Country.

The meeting discussed at some length the pooling system now operating in the B.C. fruit industry, especially in relation to the breakdown in Jonathans and the claims which have resulted from poor arrivals of that variety which have caused so much concern this year.

# Voters' List Closes in Six Days

Next Wednesday sees the closing of the provincial voters' list for the 1952 general election and two plebiscites on daylight saving and liquor by the glass in premises licensed for such purposes.

If persons eligible to vote have not been placed on the list within the next six days then they cannot vote on June 12 when the provincial election is held.

Mr. E. Ross Oatman, registrar of voters at Kelowna, has provided The Summerland Review with a complete checking copy of the latest voters' list. It is available for any persons who wish to ascertain if they are on the list.

The Review, as a public service, has also been equipped with registration cards which may be filled in by any persons who find they have not been registered.

The chief electoral officer, Fred H. Hurley in Victoria, has stressed that being on the municipal and federal voters' lists has no relation to the provincial voters' list.

Any person who is 21 years of age or over, has resided in Canada for 12 months and in the province of B.C. for six months immediately preceding the date of application, is eligible to vote, provided he or she is a British subject or Canadian citizen by birth or naturalization.

# Municipal Hall Bylaws Pass Last Readings

Only the final approval of the inspector of municipalities is required to close the last legal gap in the planning of a new municipal hall for Summerland.

This was made clear on Tuesday afternoon when council gave final readings to two bylaws which will enable \$45,000 to be taken from sinking fund surplus and used for construction of the new municipal office.

It had been council plan to submit another bylaw to the ratepayers. Advice from the department of municipal affairs, however, stated that council had to take the onus of the decision itself, instead of passing it on to the ratepayers.

This the council has done and all members of the council have participated in the passage of the necessary council bylaws.

**SET BACK FAIR DATES**  
Dates of the Armstrong Fair have been altered to September 16, 17 and 18, from the original dates of September 9, 10 and 11.

# Socreds Favor Bennett by Wide Margin to Contest South Okanagan

W. A. C. Bennett, independent MLA for South Okanagan, was nearly the unanimous choice of Social Credit League members meeting at the first nominating convention over held in South Okanagan riding at Kelowna on Monday evening.

In a contest against Andrew Ritchie of Glenora, Mr. Bennett received 54 votes to Mr. Ritchie's three.

Twenty-one delegates from Kelowna, 14 from Summerland, 8 from Westbank, 4 from Glenora and 8 from Winfield comprised the official delegates at the nominating convention. Hugh Shreff, president of the South Okanagan Socreds, presided.

At New Westminster this Saturday the provincial convention of the Social Credit party will be held to decide on the provincial leader and to decide upon a provincial platform. Some 25 delegates are expected to attend from South Okanagan.

Summerland delegation to Monday's convention at Kelowna was headed by Vice-President Lloyd Miller and consisted of Mr. and Mrs. Fred Clarke, Mr. and Mrs. E. Bolton, Harry Hackman, Henry Mohr, John Glasser, Ben Abernethy, A. Riehl, W. Stein, H. Kilx, Aubrey McLean and J. Berg.

Those from Summerland who will attend the provincial convention on Saturday are Lloyd Miller and Henry Mohr.

The new candidate repeated his previous statements that the "compulsion" should be removed from the hospital insurance scheme and recommended a full investigation into every department of government.

# Apple Tag Day This Saturday

This Saturday has been set aside by the Okanagan South Boy Scout Association as Apple Day and Scouts throughout the South Okanagan will be selling apples on behalf of their troop funds.

Apple Day is observed once a year throughout Canada and the United States by the Scout movement and is the one occasion when Scouts themselves sell something to the public for the benefit of their cause.

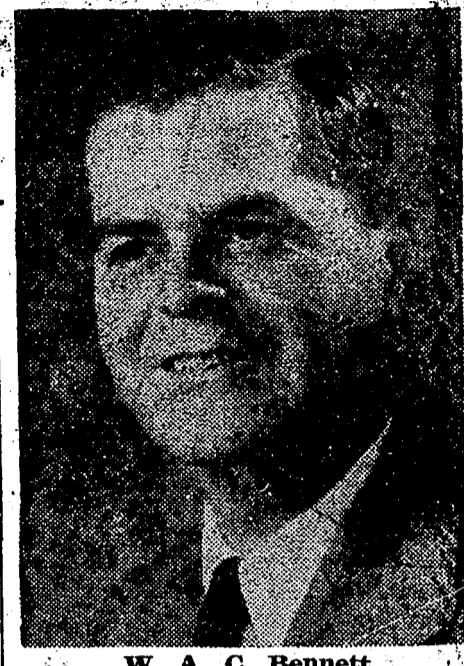

Arrangements have been completed by local Scouts of both troops for a thorough canvass of the district. Proceeds will be divided between 1st Summerland troop and 2nd Summerland AOTS troop.

## Cleanup Drive This Weekend

This Saturday trucks operated with the assistance of Summerland Junior Chamber of Commerce members are planning a coverage of the entire municipality to pick up refuse and haul it to the garbage dump.

In this way, the Jaycees hope to leave the area much cleaner and tidier after the weekend and provide a service for householders at low cost.

Don Clark is chairman of the Cleanup committee and is being assisted mainly by John Bennett and Frank Kuroda. At least two trucks will be in operation all Saturday afternoon.

In order that routes may be worked out and duplication avoided, Jaycees are requesting all persons desirous of availing themselves of this service to telephone 5708 prior to Saturday.

Last year, about 15 loads of refuse was taken to the municipal dump ground from some 100 homes. Jaycees hope to exceed that figure this year.

# Council Holds Mill Rate at Last Year's Level of 42 1/2 Mills Despite Rise Of 3 Mills in Education Proportion

Despite a rise of three mills in taxation for education, municipal council will hold the mill rate at 42 1/2 mills for 1952, it was revealed at Tuesday afternoon's council meeting. However, the revenue available for expenditure on general municipal operations, schools and debenture interest has increased about \$15,000 over last year without raising the tax level.

This comes about mainly through unexpended revenues which exceeded expectations last year. In SS & MA tax and motor vehicle licence refunds alone, about half of the increased revenue is accounted for. Unlike many other Okanagan communities, Summerland has had no downward revision in SS & MA tax refund revenues as Summerland estimated its population correctly at 3,500 whereas the 1951 census showed it at 3,567. Some other communities which had estimated their population at too high a level have taken severe cuts in refund amounts this year.

Following are the figures for the past two years on the mill rate:

	1952	1951
General	2 mills at \$2,670	5 mills at \$2,620
School	36 mills at \$2,670	33 mills at \$2,620
Debenture	4 1/2 mills at \$2,670	4 1/2 mills at \$2,620
<b>Total Tax Levy 42 1/2 mills</b>	<b>\$113,475</b>	<b>\$111,350</b>
Other General Revenues	63,002	48,815
Schools 1951 Balance	16	656
<b>Total Revenue</b>	<b>\$176,493</b>	<b>\$160,812</b>

It must be noted that school revenues do not include the government grants for portions of teachers' salaries and transportation.

## No Major Road Program

There will be no major program of construction this year. Road maintenance has been increased and there is provision for an expenditure of about \$7,500 for the proposed loader-bulldozer.

Council declared on Tuesday that a small portion of blackout extension would be allowed this year but no decision as to where the extension would take place was given.

Sealcoating, on the same proportion undertaken last year, will be continued, council stated.

A road widening program has been agreed upon.

Council has budgeted for an in-

crease in municipal wages and salaries, the figure being increased about \$2,000, and this is the main increase apart from roads in municipal expenditure.

Under the heading of administration (overhead) the budgeted figure is \$6,536.25 against \$4,525 in 1951 estimates.

Road maintenance is up \$3,000 from \$19,045 in 1951 to \$22,036 in 1952. Sidewalks maintenance is down \$100 but an increased amount is provided for in capital expenditures out of revenue.

Parks board expenditures are estimated about the same, at \$3,600.

## New Expenditures Are Anticipated

Under the heading of grants, several new commitments are made, including \$75 for the Okanagan Valley Municipal Assn. dinner, etc. and \$150 for Summerland Board of Trade tourist promotion plans.

Council has also set aside an expenditure of \$1,005 for a new pension plan for municipal employees, while another new item is \$250 for civil defence.

Under the heading of capital expenditure out of revenue, road equipment purchases have been increased from \$4,025 to \$7,500, which is approximately the expenditure the council may undertake regard-

ing a new loader-bulldozer. Other capital expenditures projected are \$100 for plant and tools, \$500 for sidewalks, \$400 for office furniture, and equipment, \$372.50 for fire protection equipment, \$500 for the municipal sheds and \$300 for police station equipment.

Capital expenditures this year total \$9,872.50 against \$8,625 estimated in 1951.

In schools' outlay, council has set an expected revenue of \$96,136.54, slightly in excess of actual expected expenditures of \$95,751.59. Estimated school expenditure last year was \$87,440.98.

## Last Payments on Road Bylaws

Council has stressed that this is the final year for payment on the five-year road hard surfacing and machinery purchase bylaws instituted when W. R. Powell was chief magistrate.

Between \$9,000 and \$10,000 each year has been required to pay back interest and capital on these two money bylaws.

In succeeding years council can adopt one of two measures in this regard. It can use a similar amount from general taxation revenue to step up the road surfacing program or it can turn that amount of money back into municipal coffers to reduce taxation.

Next year's council will be expected to take a stand on this matter of policy but it is council general viewpoint now that more money will have to be spent on providing permanent surfaces to roads in the municipality, especially those which are creating a dust nuisance now.

## Government Rebates Save the Day

In digesting the revenues anticipated by the council for general operation, the amount to be raised by taxation has been decreased from \$13,100 in 1951 to \$5,840 this year.

However, general revenues are increased from \$61,915 in 1951 to \$68,842 in 1952.

SS & MA (tax refunds) are expected to be increased from \$38,000 to \$36,600 this year. In 1951 the actual amount received from SS & MA tax rebate was approximately \$89,000, which left \$6,000 extra revenue over estimated receipts.

The same story is true of motor vehicle licences and this year the municipality is budgeting for \$7,000 which is about what was received last year.

It is in these two rebates that nearly \$15,000 more revenue

than was anticipated last year is being raised this year.

A breakdown of the expenditures for debenture purposes shows the following amounts: Hospital by-law, debenture interest \$900, sinking fund \$1,878; road equipment, debenture interest \$82.50, serial instalment \$8,000; road surfacing, debenture interest \$165, serial instalment \$6,000; total \$11,820.50.

Other debenture payments, interest and capital, made by the municipality come directly out of rates, charged by the public utilities concerned, and have no bearing on the tax rate.

In some cities and municipalities a portion of electric light profits is used to lower the tax rate but this has never been the practice in Summerland.

The library levy remains the same at \$2.

## Music Festival Local Results

Results of Summerland contestants in the Okanagan Musical Festival include:

Pianoforte duet, under 16: Carol Allison and Eugene Bates, placed first with 86, Carole receiving praise as the best bass player in the class. Second was Sharon Fralick and Lynn Adcock, Vernon, with 85.

Vocal solo, concert group of 3 selections, Nancy Fernyn cup, won by Robert Aitstead of Summerland, 89 points. Complimented on his choice of songs and his method of handling.

Vocal solo, operatic, open: Ruth

Somers, Kamloops; Robert Aitstead; Joan Carey of Penticton and Geoffrey Allington, Kaledon, tied for third.

Violin solo, under 12: Helen Beatrice Paslawski, Penticton; Ronald Downes, Summerland.

Violin solo, under 14: Lowell Laidlaw, 70, third place.

Pianoforte duet, under 12: Linda Beeman and Marnie Bleasdale, 82, third place.

## Co-op Pays \$16,000 On Apple Varieties

Summerland Co-operative Growers' Association made a payment of \$16,000 yesterday, April 23.

This is an additional amount on extra fancy and fancy apples in McIntosh, Jonathan, Delicious, Red Delicious, Newtown, Stayman and Winesap varieties.

# Daylight KVR Run Starts This Sunday

Coincident with adoption of a changed time this weekend, the Canadian Pacific is commencing its new daylight run over the Kettle Valley system between Vancouver and Penticton.

On Sunday, the first train to leave Vancouver at 8 in the morning, No. 12, will pull out of the coast city, arriving in Penticton at 5 o'clock that same evening.

Time taken between Penticton and the West Summerland station is about 25 minutes. All times mentioned are standard times.

Train No. 11 leaves Penticton at 7 a.m. and arrives in Vancouver at 4:45 p.m. This is the same train which left Medicine Hat the day before at 4:45 a.m., thus making the through trip to the coast in 36 hours.

Train No. 45 leaves Penticton daily at 3:30 p.m. and arrives in Vancouver at 7 o'clock the next morning.

Its counterpart out of Vancouver, however, is on a somewhat mixed schedule. From Monday to Thursday it will leave Vancouver at 6:35 p.m., arriving in Summerland at 4:35 and Penticton at 5 p.m.

But on Fridays, Saturdays and Sundays and on any Mondays which are statutory holidays, No. 46 will not leave Vancouver until 8:45 p.m., arriving in Summerland at 6:35 and Penticton at 7 a.m.

After this weekend, the station agent at West Summerland will be on duty from 7 a.m. to 4 p.m. Mondays to Fridays inclusive. An operator will continue on from 4 p.m. to 1 a.m.

Except for the weekend there will be nobody on duty at the station between 1 and 7 a.m., but on Saturday and Sundays an operator will be available at 6:15 for approximately an hour to handle Trains 46 and 11 as they go through.

Also, on Saturdays and Sundays, an operator arrives at the office at 4 p.m. and works through to 1 a.m. Express on Saturday will go through to Penticton and will be trucked back to Summerland early the same morning, it is expected.

# Pro-Cons Name Candidate May 7

Wednesday, May 7, is the date set for South Okanagan Progressive Conservatives to nominate their candidate for the provincial election, Carl V. Nesbitt, president of the Summerland P-C Assn. stated last night.

Mr. Nesbitt stated a meeting of local Pro-Cons will be held either May 5 or 6 to name delegates to the nominating convention in Kelowna.

So far, names of possible candidates are a well-kept secret, although some indications have been given that at least one man is willing to allow his name to stand. The other three parties, Liberals, CCF and Social Credit have named their standard bearers already.

## GRASSHOPPER CONTROL AREAS CAN BE SET UP

BCFGA passed a resolution at its January convention seeking control of grasshoppers. W. H. Robertson, deputy minister of agriculture at Victoria, has informed growers that a grasshopper control act is in operation in the province and provides for extension of boundaries of present control areas or the formation of new control areas.

Monica Craig Fisher, conductor, 90; St. Andrew's Junior choir, Summerland, Mrs. E. E. Bates, conductor, 88. Both choirs given encouraging remarks and high marks for choir. Vocal solo, tenor, open: F. E. Brinton, 74, second place.

# Signifying Nothing

By RUSTICUS

Once upon a time, my dears, a young man and a young woman—might I call them a boy and girl?—of my acquaintance fell in love. This was odd, because she did not use any of the famous soaps or skin creams, but credited her very nice complexion to her mother, which is enough to make any advertising executive howl with anguish. He did not use the kinds of razor blades, shaving lotion, or hair dressing which makes a man irresistible, and there is an ugly rumor that neither of them cleaned their teeth with advertised dentifrices, one using salt and t'other soda. They simply could not, therefore, have been attractive. Nevertheless, they fell in love.

Being simple folk, they decided that the best thing to do, in this circumstance, was to get married. This is of course, entirely contrary to life as she is lived in all modern romantic novels and magazine stories. Maybe this couple didn't read much. Anyway, they got married.

They rented a little cottage to live in. Amazingly, they had no car. They did not have an electric stove, refrigerator, or vacuum cleaner, a single Bulova

watch, a set of sterling silver flatware, or any of the things which we know are absolutely necessary to make any married couple happy. Yet this provoking couple gave every appearance of being happy.

The young wife was often heard singing as she bustled around her little home during the day, making it still neater and brighter in many little ways. The young husband hurried home from the factory where he worked, and they lingered long over supper, talking and laughing. Then they would go out and wander around their yard with their arms around each other, or up the road more discreetly holding hands, obviously enjoying each other's company. On Sundays they seemed to do this for hours.

Back at the house again, she might take up needlework, of which she was fond, and he would turn his attention to woodworking in the winter, or gardening in the summer. He made some very nice pieces of furniture, although he had no power tools, and even the first season his display of cheap flowers was so attractive that the

carload of Horticultural Society members, who went by every day evening on their way to their meeting, noticed it and wondered if they should invite him to attend.

When, after a couple of years, a baby arrived, its mother did not buy special foods or medicines for it, and even gave it Okanagan Vitaminized Apple Juice to drink instead of the juice of Sunkist Oranges. She was unorthodox in other ways too, refusing to pick it up every time it whimpered, actually laughing instead of sympathizing when it fell, unless it had a bad bump.

Nevertheless, the baby thrived, was very healthy and happy, and beautifully dressed, in clothes the young mother made herself. Her husband would hurry home from work still faster—he got a ride most of the way, and he'd fairly run now, the rest of it—so he could play with the baby until it was time for it to go to bed. On Sundays they would wheel it in its carriage along the road—there was no sidewalk in their little suburb—and look at it fondly, and cast speculative eyes on the houses they passed.

For they were saving money, even on a factory labourer's wages, looking forward to the day when they could start buying a home of their own. Often the young wife would speak approvingly—or disapprovingly—of some house they passed, just to rouse her husband to give an opinion—and the ones

they both liked they jokingly referred to as their own.

"They've got some lovely irises out at our house with the maroon shutters," they'd say. Or, "I think there's a new baby at our house with the macaw curtains."

Even when there was a new baby again at their own house, they kept on saving for a home. And when this second child was about a year old, the young wife heard of a chance to buy one of their favorite little houses on terms which were within reach of their savings, and could hardly wait until her husband came home to tell him the exciting news.

Little did she guess that he, too, had a surprise to bring home that day.

(What was this surprise? Had her husband started using toothpaste at last? Would the baby be unable to drink Vitaminized Apple Juice? Be sure to listen again—I mean, read again—if you can stand it—next Thursday's installment about Him and Her, the Couple Without a Car.)

# What is

# ALTERNATIVE VOTING

and how does it work?

## 1 IT'S FAIR!

The Alternative Vote, to be used in the coming election, prevents the election of a candidate on a minority vote. The Alternative Vote is a fair method of voting because it enables you to vote for your favorite candidate as number one, your second choice as number two and so forth. You are thereby given the opportunity of selecting the candidates in order of your preference.

## 2 IT'S EASY!

It's as simple as before, only instead of marking an X against your one favorite candidate only, you can mark 1-2-3-4 with your first choice as number one. In the majority of ridings where one member only is to be elected you will mark one ballot only, listing the candidates in order of your preference. In a few ridings where more than one member is to be elected, more than one ballot will be used. Marking of these ballots, however, will be done exactly the same way as where only one ballot is used.

There is no problem or anything difficult in Alternative Voting. It is simple and fair. Under the old system of voting, it was possible for the candidate or party with a minority vote to get elected. For instance, if two candidates had 1000 votes each and the third had 1025, the third candidate would win even though 2000 votes had been cast against him. Under the Alternative Vote this is impossible. You mark the ballot thus: 1-for your first choice; 2-for your second choice and so on. If, on the first count, there is no absolute majority for any one candidate, the one with the fewest ballots marked in his favor is dropped and his ballots distributed among the candidates according to the second choices as indicated on these ballots. Again, if on the second count, no absolute majority is reached the same process would be used again. Then, when the candidate who has more votes than all the other candidates together is found, he wins and is elected.

Remember, all you have to do is to mark a numeral 1-2-3-4 against the candidates listed on the ballot in order of your preference.

### CUT OUT THIS MESSAGE FOR REFERENCE AND DISCUSSION

## NOTES FROM PARLIAMENT HILL

### Redistribution May Mean Yale, Kamloops Split

By O. L. Jones, MP for Yale

This weekly letter is being written on the last day before the Easter recess and it gives an opportunity to review the work that has been achieved so far this session.

Many of my constituents have written to me regarding the tax on cigarettes, tobacco and soft drinks, the tax on motor cars, the excise tax on stoves, refrigerators, washing machines, etc., and also regarding the amount deductible for medical expenses from income tax.

I mention this because I have taken up their cause on each of the above subjects with the minister of finance which gave me some little personal satisfaction to know that I have taken some small part in bringing about the cuts that have now been made in the cigarette tax, tobacco tax, motor car tax, special tax on stoves, machines, etc., and the tax on soft drinks.

It is also a matter of pride to realize that the bill introduced by Mr. Stanley Knowles of this group was finally accepted by the government and is reflected in the budget by an increase in the allowance of medical expense deductions.

**Tax Really Increased**  
 While the budget did not reduce the personal income tax, the minister suggested to the house that there would be a cut of 6% but as Mr. Blair Fraser mentioned on the air, this budget can be called the Alice in Wonderland budget. An analysis of the personal income tax discloses the fact that a 6% cut was made and 10% has been added under another heading making the net increase of 4% to the taxpayer.

On behalf of my constituents I also took up the matter regarding the heavy duty and excise tax that has to be paid for special equipment used by certain cancer victims in this country. This equipment can only be purchased in the U.S.A. and on reaching Canada is subject to 30% duty and 10% excise tax. The minister a week ago informed me that he would look into this matter and if possible grant relief.

The minister of finance gave a very glowing picture of Canada's prosperity last year and pointed out that he expects the year 1952 to reach the huge total national production of \$22,500,000,000 compared with \$21,200,000,000.

Redistribution will take place before the next general election and a committee has now been appointed to go into the matter. We in British Columbia will gain four seats while Saskatchewan will lose 5 although the prime minister has a resolution on the order paper that would allow Saskatchewan two more seats so that the net loss would be 3. Saskatchewan members in general feel that no province should lose more than 10% of its members at any given period of redistribution. They will fight for this change in the act when this committee becomes active.

The Yale and Kamloops ridings will be split in such a way that the area will become three ridings, one of which, I hope, will bear the name Okanagan.

The division will depend on the population. At present, according to the latest census just issued officially today Yale has a population of 78,128 while in 1941 the population of the riding was 51,874. The Kamloops riding has, at the present time, 49,805 so that the average population for each of the new ridings will be around 42,000 and the area will be so divided to give, as near as possible, this pop-

ulation to each riding. The redistribution committee is largely controlled by the Liberal majority and many feel that this particular process in our democratic way of responsibility should be handled by an independent commission or committee free of political influence. With this in mind, Mr. Power introduced a bill called the redistribution commission act wherein he sought to have a commission set up apart from political influence to study the geography, population and other interests affecting the setting up of fair and just limits to the various ridings in all provinces.

Unfortunately, this is a private bill and it is very doubtful if it will even get before the house for further consideration in this session.

The rate of interest on government annuities has been increased from 3% to 3½% making such annuities very attractive to those who are interested in government security. The bill that was proposed at the last session to double the amount payable under this annuity scheme has been dropped but the minister informed the house that he is still considering its re-introduction.

**Need Greater Economy**  
 The minister of national defence, Mr. Claxton, moved that the house go into committee of supply to deal with defence expenditure. Mr. Claxton gave a very extensive outline of what has been done so far.

Following him, General Peakes expressed his views and those of the Conservative party. He charged the government that greater economy could be achieved in this department if a thorough examination were instituted by the minister. He suggested some form of a special travelling board with power to abolish unnecessary expenditures and to reduce any inflated establishments.

I personally criticized the government for having in the employ of the three services 40,000 civilians to take care of 81,000 enlisted men in all three services. It seemed to me a top heavy establishment which suggests some waste as it is a well known fact apart from the civilian employees, a good deal of the work, both camp and barracks, is still being done by enlisted men.

**PASSES ENGINEER'S TESTS**  
 Allen Haddrell, son of Mr. and Mrs. Bill Haddrell, Giant's Head road, has been successful in passing his engineer's examinations on the Canadian National Railways and is now employed out of New Westminster in charge of dockyard engines.

### "Hidden Treasures" Revealed in Films

Representing 18 months of tedious camera work in out-of-the-way places, "Hidden Treasures", latest religious-science film of the Moody Institute of Science, is being shown at the Baptist church tomorrow night.

Among many strangely beautiful scenes, the camera reveals minute flowers, a hundred times smaller than the smallest rose; strange microscopic denizens of the seas; glassed-house plants called diatoms; iridescent cave crystals; parameria, minute animals with oars; and the clownish amoebae, which look like animated ink blots forever changing shape.

### Pioneer Days

Continued from Page 2

Improvements. Confederation Jubilee celebration plans have been discussed and the date of June 3 was decided upon when a joint celebration will be held at the experimental station with the Sports club.

F. M. Black, head of the newly-formed board of distribution under the Marketing of Fruits' Act has been in the south end of the valley for two days to meet shippers and growers.

Mr. McHugh, chief engineer of the fishery department visited Summerland to make plans for enlarging the fish hatchery. From this plant it is proposed to ship fish to restock lakes over all the neighboring valley.

A. W. Nisbet has been appointed foreman of the Peachland Co-operative packing house.

Ashton Hack has gone to Unity, Sask., where he will be employed by Mr. McGregor, a former resident.

The Veterans are opening their bowling green on Tuesday, May 3. The green has been put in good shape and a permanent groundsman appointed. It is lighted for night playing.

Miss Myrtle Walden came from Victoria to spend a vacation with her parents, Mr. and Mrs. T. A. Walden.

It is much regretted that Ben Newton has been ill and will not be able to participate in the Kelowna Musical Festival.

### BOY SCOUT ACTIVITIES

#### 1st Summerland Troop

A well-attended meeting was held on Tuesday. Boys were assigned their districts for Apple Day canvass on Saturday. Except for Trout Creek Scouts, boys will meet Saturday morning at 8:15 o'clock at Mr. Watt's office on Granville street, where they will receive their apples and tags. Every boy should bring a cardboard bag or haversack to hold the apples.

The boy from the troop turning in the most money will receive as a prize a casting reel and nylon line.

In the patrol competition which runs until June, weekly patrol scores will be taken to measure patrol effort. In June, the boys of the winning patrol will each receive a special prize. So let's see everyone make a real effort. Patrol scores are now Hawks 75, Buf-

### CUB CALLS

#### 1st Summerland Pack

Let's have a full turnout next week for concert practice, please. It is time to get the pot holders done and in. Mothers work bee May 1, at 1:30 p.m. Next meeting April 28, 6:30 sharp. Duty Six, Tawny Six—Akela.

faloes 64, Beavers 66, Eagles 27. Next week's meeting will be particularly interesting so let's have a 100 percent turnout. Room in the troop for two more boys. Duty patrol, Eagles. Full uniform including shorts is required from now on.—D. V. Fisher.

### SECRETARY-TREASURER WANTED

Applications for position of Secretary-Treasurer for fruit packing house will be received up to April 30, 1952. Applicant should apply in own handwriting, giving experience and references.

All letters should be marked "Application" and addressed to:  
 President, Summerland Co-operative Growers' Association, Summerland, B.C.

"... the willingness to find a way"

A man who started a new business a few years ago recently wrote to pay tribute to the bank's part in helping to make it a success:

"We were fortunate in having, as our banker, a man who could combine with experience the willingness to find a way that called not for experience alone but for imagination as well."

The chartered banks are forever alert to the fresh problems, the changing needs of their customers. At all times, in all your banking problems, you can depend on your local bank to bring experience and imagination to the task of helping you to "find a way".

**Dr. Welsh Addresses Science Conference**

Dr. M. F. Welsh of the plant disease laboratory of science service, Summerland, was one of the chief speakers at the sixth scientific conference staged by the B.C. Academy of Sciences at UBC, Vancouver last week on April 18 and 19. His address, on "Stone Fruit Nursery Stock Certification Scheme for British Columbia," was a highlight of the conference.

Dr. Welsh declared the certification scheme requires identification of the virus diseases affecting British Columbia plantings, establishment of an isolated virus testing area, development of suitable indexing techniques and provision of a virus-free area in which indexed mother trees can be propagated.

Among other speakers were J. D. Menzies, W. E. McKeen, W. Jones, H. N. W. Tomas, N. S. Wright, W. R. Orchard, J. E. Easher, R. E. Fitzpatrick and C. G. Shaw.

Dr. R. C. Palmer, experimental station superintendent, was an interested spectator along with visitors from Vancouver Island, the lower mainland and Washington.

**St. Stephen's WA Hears Main Reports**

The regular meeting of the Evening Branch of St. Stephen's WA heard Mrs. D. L. Sanborn give her report on recent catering, and also Mrs. J. Y. Towgood's on her collection for the Summerland Zenana bed in a hospital in India, on Monday, April 21 in the parish hall.

Canon F. V. Harrison thanked all those who helped to make last week's Anglican junior girls' festival a success, and expressed gratitude to those who had decorated the church so beautifully for Easter.

Mrs. J. Heavysides gave a resume of the JA Festival, its good attendance, and the interest shown.

Word was received that Mrs. H. A. Solly is retiring as diocesan president and it was moved that a letter of thanks be sent to her for her many years of devoted service.

Standing committee and treasurer's reports were heard, and Mrs. D. L. Sanborn and Mrs. Eric Skinner served delicious refreshments.

**HOME AGAIN**

Master Roger Solly returned on Sunday morning from Dewdney where he spent Easter holidays with his grandmother.

Miss Irma Arndt is back in Summerland again and at work in her former position at Macil's. She returned last week with her parents, Mr. and Mrs. A. Arndt, her sister, Miss Eileen Arndt and Mrs. Huva who motored to Edmonton. Mrs. Huva's daughter, Mrs. H. O. Ohsberg of Edmonton came with them for a visit here.

**Red Oak Tree to be Planted in Garden of Remembrance on Sunday**

**Hundred Hear Piano Recital by Pupils of Two Teachers**

An annual event of considerable interest was held on Monday evening, April 21, when a recital of the piano pupils of Mrs. Marion Woodbridge and Miss Lois Sharpe was given in the Trout Creek Church of God to an audience of about a hundred people.

Mrs. Woodbridge's students were Joy Deringer, Adele Miller, Marilyn and Ronny Embree, Ona and June Willis, Arlene Embree, Rita Greber, Mayne McCutcheon, Margaret Marshall and Ann Blayney.

The pupils of Miss Sharpe were Nancy and Dennis Hansen, Richard and David Davis, and Lauriel Youngusband, all of Trout Creek, and Marlene Hubbard of Penticton.

Each student played several selections and duets were played also by Richard and David Davis, Marilyn Embree and Rita Greber, Nancy Hansen and Lauriel Youngusband.

The evening's program was thoroughly enjoyed by the enthusiastic audience.

Final plans for planting the oak tree in the Garden of Remembrance as a memorial to the late King George VI were announced at the regular meeting of the horticultural society on Friday evening, April 18, in the parish hall.

This ceremony is to take place next Sunday, April 27, at 12 noon, so that those attending all churches can be present, and citizens are being asked to attend in as large numbers as possible.

Members of the executive who went to the valley horticultural society meeting at Kelowna recently told of arrangements for this year's valley show which will be at Kelowna on Aug. 23. All who were present at this meeting warmly commended Summerland on the first valley show held here last year. It was said that no criticism was possible since all matters of staging and classifying were so well handled, and that Summerland should be proud of its efforts in regard to the show.

At the valley meeting a request was made to all societies for lists of speakers with slides or moving picture material for use in meetings. Also, names of those who could judge in shows, or in garden competitions, were sought.

The Question Box aroused interest and amusement with valuable information obtained on varied subjects. "Doggone" was recommended to keep evergreen shrubs free from dogs.

In answer to a query as to what to do with three-year-old Sweet William plants, Mr. Wm. May said briefly, "Pension them off."

Mr. Nat May not being present, Timely Topics was left out of the program.

The president, Mr. Clive Atkinson, told the largely attended meeting that Mr. and Mrs. Wm. May are going on a long visit to Ireland quite soon and he proffered the good wishes of the members to them for a happy trip.

An invitation was extended to all members to visit the garden of Mrs. E. M. Hookham, Peach Orchard, which is beautiful with drifts of yellow daffodils and accented with flowering shrubs at the present time.

Miss Doreen Tait brought seedling early cabbage plants which were distributed to all present.

**Colors of Gold and Blue Predominate at Rotary Club Ball**

One of the pleasantest dances of the year was that held by the Summerland Rotary Club on Friday evening, April 18, in the Youth Centre. The dance was well attended and guests were received by the president, Mr. R. A. Johnston, and Mrs. Johnston.

The Rotary colors of gold and blue were used effectively in decorating and the freshness of spring was evident in beautiful bouquets and branches of forsythia.

The table from which delicious refreshments were served was centred with a bowl of blue Japanese iris, with vases of daffodils and gold-colored tapers gracing its length.

Music was supplied by Saxie's orchestra from Penticton.

Mr. and Mrs. Harvey Wright, David Wright and Mr. W. G. Jamieson visited friends and relatives in Vancouver for a week.

**Rotarians Travel to Yakima Conference**

Summerland Rotary Club will be well represented at the district convention being held at Yakima, Wash., April 26, 27 and 28, as five Rotarians and their Rotary Annes are making the trip.

President Reid Johnston and Mrs. Johnston, president-elect S. A. MacDonald and Mrs. MacDonald, Dr. and Mrs. W. H. B. Munn, Mr. and Mrs. Francis Steuart and Mr. and Mrs. Mel Ducommun have left for Yakima today.

### WI Hears Cancer Expert Talk on Progress Made

Dr. Margaret Hardy of the Canadian Cancer Institute, Vancouver branch, was guest speaker at the regular meeting of Summerland Women's Institute in the parish hall, Friday afternoon, April 18.

Dr. Hardy spoke on cancer of the breast and of experiments and attempts made to find the cause of the disease. She told, also, of the importance of early diagnosis, and progress made along these lines because of education of the public in these matters.

The charming speaker, a specialist on her subject, was introduced by the president, Mrs. R. C. Palmer, following the business meeting.

In the business section of the afternoon, it was decided to table all requests for donations until the end of the year, and make all disbursements in December.

Mrs. C. V. Nesbitt regretted that she will be unable to attend the spring district conference at Naramata in May, and Mrs. Eric Tait was appointed to fill her place.

Mrs. D. Turnbull who is convening selling of Hasty-Notes reported that 60 dozen had been sold, and asked members to undertake further selling.

Anyone having entries for the PNE in homcrafts or ceramics was asked to get in touch with Mrs. H. C. Whitaker not later than the end of June. Prizes for these entries vary from \$1 to \$4.

It was decided to hold a fall variety sale, and also to help with the farewell gift to Lady Alexander, which is to be something electrical.

### St. Andrew's Church History is Related To Service Club

At the meeting of St. Andrew's Service Club held on Monday, April 21, Mr. Alex Steven gave a most interesting talk on the history of St. Andrew's church from the early days.

The first sod of the present church was turned in 1909, he related, and the church erected with the help of volunteer labor, and was in use the following year. Mr. Steven spoke of the difficulty of transportation in the early days and said that one minister preached in the upper town in the morning, walked to Faulder and back for an afternoon service, and down to the lower town and back for evening service.

There was a good attendance with many lady visitors from the congregation.

The new president, Mrs. Allan McKenzie was in the chair and welcomed visitors and new members.

Rev. H. R. Whitmore took the devotional study and later gave a brief outline of the need of, and plans for, a new Toronto training school for women where all women for the foreign mission field will be trained, except doctors.

Mrs. Ross McLaughlan will look after the flowers for the church, and Mrs. S. J. Feltham was elected to represent the Service Club on the manse committee.

A delightful series of three flute duets was given by Mr. and Mrs. Arie van Driel, the first, German dance music of about 1800; next a Dutch spring song of the 1500's; and last a hymn written at the time of the Dutch War against Spain in 1650.

Mrs. E. E. Bates moved a vote of thanks to Mr. Steven and to Mr. and Mrs. van Driel, and the delightful and entertaining evening concluded with serving of refreshments, convened by Mrs. Lloyd Shannon, assisted by Mrs. George Ryman, Mrs. D. Stevenson, Mrs. Francis Stewart, Mrs. George Washington, Mrs. Cecil Morgan, Mrs. Gordon Smith and Mrs. Blair Underwood.

### Socially Speaking

SOCIAL EDITOR Mrs. A. W. Vanderburgh

**SMALL FRY FASHION**—A blazer jacket in white Melbourne flannel tops a red 'weskit' and a fully pleated navy skirt. Gold military buttons and heraldic crest are good reasons for calling this outfit the 'Royal Visitor.'

### Son of Groom Official on Easter Monday

A wedding of interest here was solemnized at Mission City on Easter Monday at 12 o'clock noon, when Mrs. Maria Ruppel of Vancouver, formerly of West Summerland, was united in marriage with Mr. A. R. McNutt, Summerland.

Rev. D. L. McNutt of Kimberley, son of the groom, performed the ceremony, assisted by Rev. C. E. Preston of Mission City, a son-in-law.

Smartly attired in a dusky rose wool gabardine suit with grey hat and navy accessories, the bride, was attended by her daughter, Miss Elly Ruppel, who also wore a suit, powder blue in color, with matching hat and snakeskin accessories. Both had pretty carnation corsages.

Mr. Aaron Ruppel gave his mother in marriage.

During the signing of the register, Mrs. C. E. Preston, daughter of the groom, sang "A Wedding Prayer". She was accompanied by Mrs. Bert Gagliardi.

Mr. Gordon H. McNutt, son of the groom, was best man, while the ushers were Mr. E. Ruppel, son of the bride, and Mr. L. R. Preston.

At the reception Mrs. R. Wood of Calgary, daughter of the groom, served as hostess. Assisting were Miss Ethel McNutt of Kamloops and another daughter, Mrs. L. R. Preston, Miss Ruth Starratt, Pentiction; Miss Theresa Royer and Miss Ione Embree of Summerland.

Guests were present from Vancouver, Summerland, Pentiction, Rosedale, Kimberley, Calgary, and Kamloops.

After a short honeymoon spent at Fraser Valley points the newly-wedded couple will take up residence at Trout Creek, Summerland.

### PARADE TO CHURCH

Rebeksahs and Oddfellows are planning to gather at the IOOF hall Sunday morning for a parade to the Baptist church where they will hear morning worship delivered by Rev. W. H. Ellis.

### Don't Miss Your Train!

## CANADIAN NATIONAL

### NEW ARRIVALS

A baby boy arrived at Summerland General hospital on Friday, April 18, to Mr. and Mrs. M. Ask.

Mr. and Mrs. Walter Wolfe are the parents of a baby daughter who was born at Summerland General hospital on Saturday, April 19.

### VISITING ABROAD

Dr. R. C. Palmer is at the coast for a short holiday period.

Mr. and Mrs. John Caldwell and two children spent the weekend at Vancouver.

Recent visitors to the coast were Mr. and Mrs. A. Gronlund and family.

Mr. Bert Berry was among those who went to Vancouver on Monday evening's train.

Mr. and Mrs. W. H. Durick and their daughter Diane were Easter visitors to Vancouver.

Dr. J. C. Wilcox went out to Vancouver on Monday evening's train to spend a few days

Mr. J. Bentley is among those who are spending some time this week in Vancouver.

Mr. and Mrs. K. M. Stewart are among those who motored to Spokane recently.

Mr. and Mrs. A. D. Coggan, Vaughan and Denby, have returned from a ten-day motor trip to Vancouver and up the coast.

Mr. Melvin Mitchel, son of Mr. and Mrs. H. Mitchell, who has been employed at the CNR office in Kelowna, has been transferred to the Prince Rupert office.

Mrs. C. W. Reinertson who had been at Vancouver to visit her mother, Mrs. L. W. Lansdowne, who is ill in hospital there, returned home Monday morning.

Mr. and Mrs. Wm. May are planning to leave tomorrow to motor to Rossland to visit over the weekend at the home of their son-in-law and daughter, Mr. and Mrs. Gordon McDonald.

Mr. J. Morrow, Mr. H. H. Dunsdon and Mrs. F. E. Atkinson attended the P-TA provincial convention held at Kelowna last week. Mr. Morrow was the delegate from Summerland P-TA.

Mr. and Mrs. Ray Leinor and their family were among the guests at the marriage last week in Pentiction of Miss Dorothy Harris and Mr. K. W. Mitchell, both of whom are on the teaching staff of the South Okanagan high school at Oliver.

### Lakeside WA Plans Tea and Sale in May

When the Lakeside WA met on Monday evening, April 21, at the home of Mrs. J. Raincock, there were twenty members and one visitor present.

Most of the time was taken up with finalizing plans for the tea and sale of home cooking and sewing which will be held in St. Andrew's Hall in May. For the sewing Mrs. Ann Clifford is general convener and is assisted by Mrs. Walter Bleasdale and Miss Mary Scott.

Mrs. J. St. Denis heads the home cooking committee, helped by Mrs. J. Raincock and Mrs. W. Greer. Mrs. M. McKechnie will convene the tea group with several members aiding her.

Arrangements were made for the AOTS supper being held tonight in the Lakeside church.

The May meeting will be held at the home of Mrs. H. Lemke.

Dainty refreshments were served by Mrs. G. H. Van Gameron, Mrs. T. Brennan, Mrs. J. St. Denis, Mrs. C. R. Morgan, and Mrs. Ann Clifford.

### T. P. Thornber's Bride Arrives from England

Mrs. T. P. Thornber arrived in Summerland from England on Saturday, April 19. Mr. Thornber motored up the valley to meet her.

The couple were married in England last fall, with Mr. Thornber returning to Canada some months prior to his wife.

Mrs. Thornber, who is a niece of Mrs. J. Shepherd, and a talented musician, visited here on a previous occasion.

## Hybrid Vegetables Must Suit Climate Conditions of Region

Hybrid vegetables grown at the Summerland experimental station have given variable results, L. G. Denby is quoted in a department of agriculture release from Ottawa.

Some of the corn hybrids included in the trials have proved to be outstanding. North Star, Improved Carmelcross, Gold Rush, Golden Crown, Loana, Seneca Chief, Flagship and Huron have been particularly good. On the other hand, a number of corn hybrids have given unsatisfactory results at this station.

In the 1951 cucumber trials, in which 20 varieties were under test, two hybrids, namely Sensation Hybrid and Surecrop Hybrid, led the field for early and also for total yield. However, they were not superior in other respects to Marketer, the variety which has proved so well adapted for commercial production in the Okanagan Valley.

Several hybrid onions have been included in the trials, but to date none has been found superior to the standard varieties recommended for this area. The phenomenal performance exhibited by these they were developed was not duplicated at Summerland.

Many of the tomato hybrids which were tried out did not perform well here. These hybrids have all been rated highly elsewhere for yield, quality, uniformity and other attributes, but under Summerland conditions their performance was not outstanding.

Thus the evidence indicates that, though there may be great possibilities in hybrid vegetables, optimum results can be expected only if the hybrids are made-to-measure so to speak, to suit the climatic conditions and the market requirements of the specific region in which they are to be grown.

# J. Y. Towgood, Kiwanis Governor, Tells How Service Clubs Can Assist

Although government, church, home and the school provide law and order, morality and Christian behaviour, knowledge, education, understanding and tolerance, there is a need for intelligent, active support and goodwill towards these endeavors and this is where the service club movement can help. J. Y. Towgood, lieutenant-governor of division 5 of Kiwanis International told his home club at the Nu-Way Annex Monday evening.

Service clubs contribute to human welfare and life, and provide an understanding to assist mankind in his endeavors, Mr. Towgood believed.

The 206,000 Kiwanians, with faith in their ideals, should be able to exercise needed controls and stimulate public service, he pointed out.

Specifically, Mr. Towgood pointed out the various attributes which make a club function properly and well.

Fellowship within a club is a potent factor, he stressed, and helps to provide the unity which leads to results. Good programs help to keep up attendance and interest, and he urged more attention to ladies' nights in the club program. Inter-club relations are another feature of benefit to club and members and he stressed the work of Penticton Kiwanians in this respect.

Directors should activate committees and see that they are carrying out their duties.

### Outlines Kiwanis Work

Mr. Towgood briefly outlined the Pacific Northwest district of Kiwanis International, with its 18 divisions which include northern California, Oregon, Washington, the Panhandle in Idaho, British Columbia and Alaska.

In Division 5, there are four Canadian and 13 U.S. clubs and representatives will meet the governor on Sunday, May 11, Mr. Towgood has arranged. He also stressed the international and district conventions being held in Seattle on June 15 to 19.

In a brief outline of the main activities of Kiwanis clubs in this division, Mr. Towgood mentioned that Vernon took over operation of the Salvation Army Christmas kettle for a day, with very gratifying results.

Kelowna is one of the most active clubs, with a locker project which involves a large bin which is a standing invitation for the public to drop in parcels of meat for the benefit of social service cases. The Orchard City club also sponsors an active Teen Town and hopes to build a "Home" in the Kiwanis park.

He trusted that Summerland's Conquer Cancer drive would go over the top, and that tonight's melodrama would be successful.

He suggested that consideration should be given to the establishment of a permanent Scout camp. Penticton sponsors airforce cadets and was responsible for the operation of a pee wee hockey team last winter. Penticton Kiwa-

# Inflow to Lake Less Than Last Year Forecast

At the first of April the water content of snow in the West Okanagan basin was only 76 percent of the 1951 figure, 125 percent of 1948, and 111 percent of the long-term normal, the water rights branch report on water conditions reports.

The snow line had reached to the 2,000 foot level in the south but in Vernon area there was still a complete snow coverage.

Forecast inflow to Okanagan Lake for the period April to July is 388,000 acre feet, the report states. Measured flow for this period last year was 435,000, in 1948 it was 612,000 acre feet and over the 10-year average, 369,000 acre feet.

On the east side of the valley, the water content at April 1 was 3 percent greater than last year, 30 percent greater than 1948 and 25 percent greater than the long-term normal.

Yet the precipitation was above normal in the West Okanagan and below normal in the eastern portion between November and March, inclusive.

In summary, the report expects above-normal runoff in the Okanagan and below normal in the Similkameen. However, all areas report at least equal or greater snow-water contents than in 1948.

Possibility of flooding, which exists every year, cannot be ignored and will depend upon temperature and precipitation distribution during the snow melt season. Watershed soils in all areas are well primed for runoff.

With a continuation of mild days and cool nights, as has been experienced for well over a month, there should be little likelihood of any flood potential developing.

Okanagan Lake has been allowed to drain off to an extremely low level and with the runoff not coming as soon as expected, the water has receded to a point where docking of barges has become difficult, it is understood.

nians have also developed a "little brother" movement and have a park development in progress.

United States clubs stressed more work among junior farmers and 4H clubs and take an active part in Scout and Explorer groups, especially in relation to their summer camps. Vocational guidance forms a big part in Kiwanis club activity in many U.S. groups, he concluded, also noting that Okanagan Wash., aids in school ground development, which would be welcomed by local trustees.

# No Change in CNR Okanagan Service

Revisions in Canadian National Railways transcontinental passenger train schedules, effective Sunday, April 27, have been announced by the company. In making the announcement, officials suggested travellers check with local agents for accurate information on the new times. They added that the railway will continue to operate on standard time.

Under the new schedule main line trains between Vancouver and Jasper will be moved forward but there will be no change in service throughout the Okanagan.

# Electric Eye May be Able to Sort Apples

L. R. Stephens, secretary of the Okanagan Federated Shippers' Association is investigating the possibility of sorting apples for color by the "electric eye".

It is Mr. Stephens' belief that whenever this technique is developed to the point where it can be used for the sorting of apples, machinery companies will build and offer such machines for sale.

In the meantime, Mr. Stephens has been keeping in touch with Cornell University where some work on the project has been accomplished.

# Still Want Long Range Weather Forecasts

Two requests have gone forward to Hon. Lionel Chevrier, minister of transport from the BCFGA seeking research by the meteorological division into hail prevention measures and the establishment of a long range weather forecast station in B.C.

Hon. Mr. Chevrier had expected that some action would be taken on the hail prevention request when trained personnel is available, while the same reason caused postponement of the weather station establishment last December.

The fruit growers are asking Mr. Chevrier to establish the system during the present year.

# Baptist WMS Sees Slides on Missions

Rev. H. W. Ellis, JJC, showed interesting slides of the missionaries in the Indian mission field at the meeting of the Baptist church WMS on Thursday evening, April 10, in the church hall.

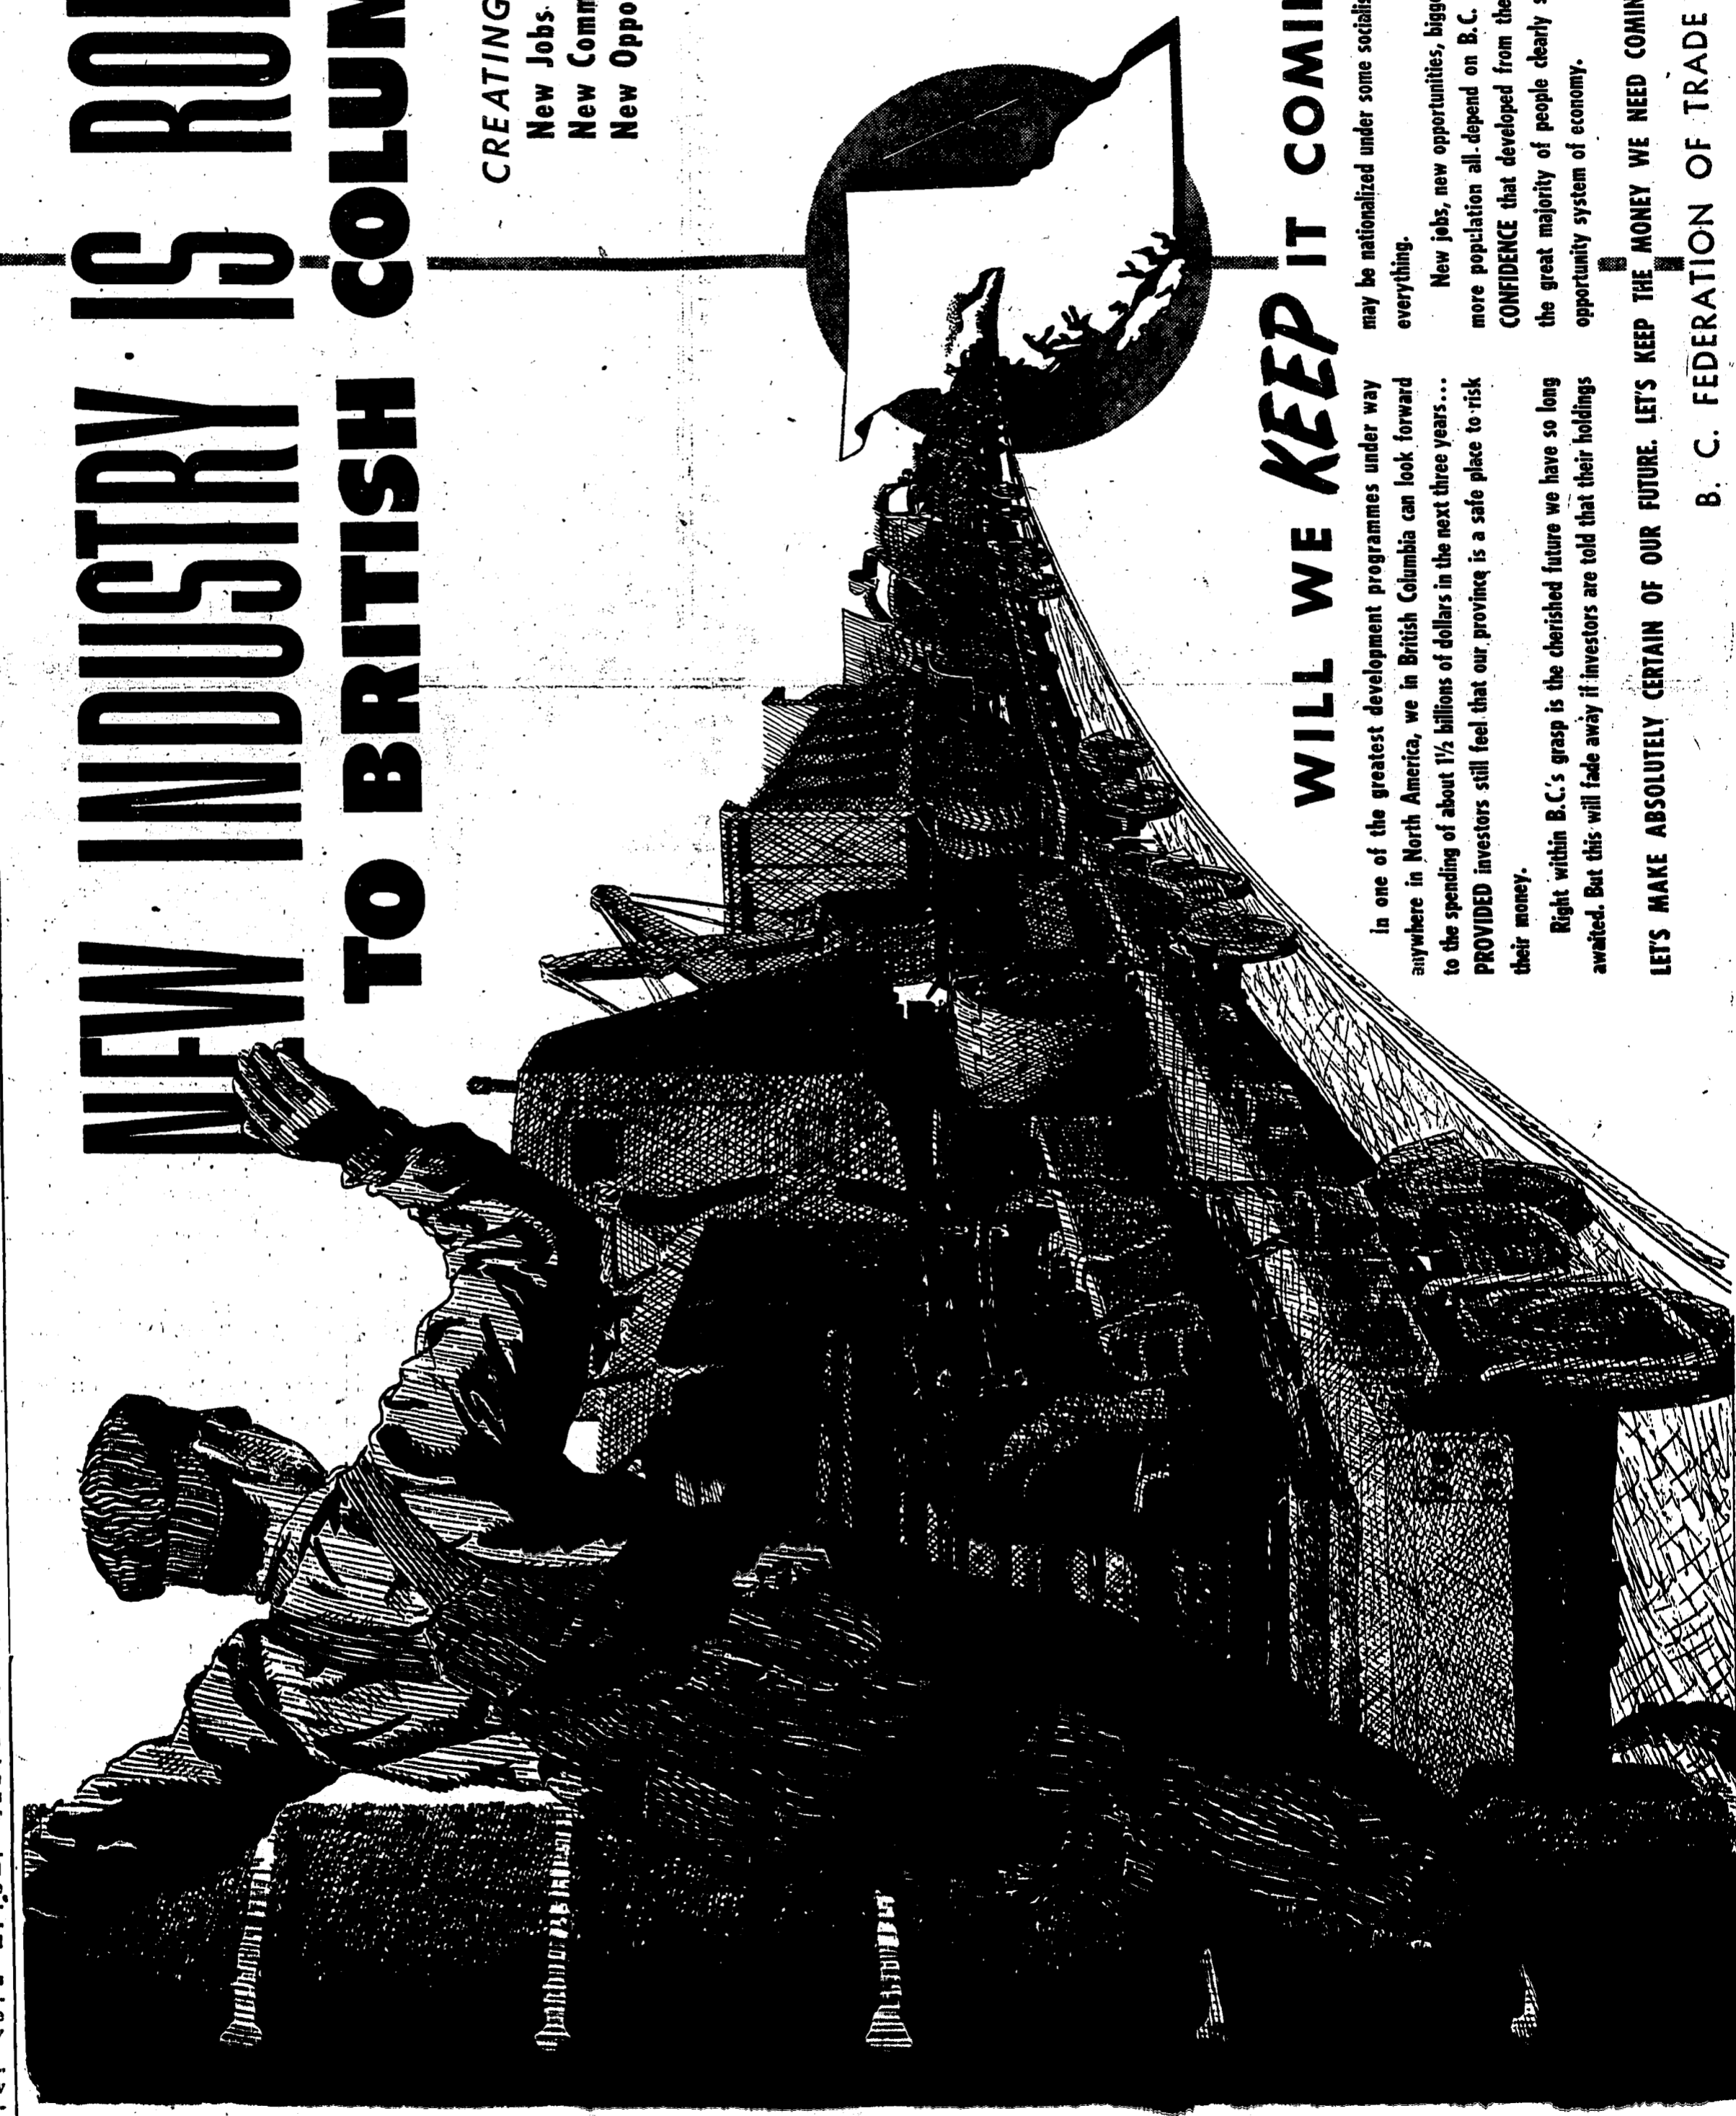

In the absence of the president, Mrs. H. R. McLarty, the vice-president, Mrs. T. H. Racicot was in the chair, and several members prepared and led in the devotional period.

There was a good attendance at the gathering and refreshments were served to end the evening.

# NEW INDUSTRY IS ROLLING TO BRITISH COLUMBIA

CREATING  
New Jobs  
New Communities  
New Opportunities

WILL WE KEEP IT COMING?

may be nationalized under some socialistic scheme of government-owned everything.

New jobs, new opportunities, bigger sales, higher living standards, more population all depend on B.C. continuing to earn the kind of CONFIDENCE that developed from the election three years ago when the great majority of people clearly said they wanted a sound, free opportunity system of economy.

Right within B.C.'s grasp is the cherished future we have so long awaited. But this will fade away if investors are told that their holdings

LET'S MAKE ABSOLUTELY CERTAIN OF OUR FUTURE. LET'S KEEP THE MONEY WE NEED COMING TO BRITISH COLUMBIA.

B. C. FEDERATION OF TRADE AND INDUSTRY.

Three Quebec girls, SIMONE MASSON (left) and GERTRUDE TROTTER, of Montreal (centre), and ANNETTE LABRIE of Quebec City, board a plane in Vancouver bound for Tokyo with the first group of eight Canadian Red Cross workers to do welfare work in the war theatre. The team's work will be entirely among Canadian soldiers in the Korean theatre.

### Junior Ball League Schedule Sets Opening Dates for May 4

#### Unusual Slides Shown To Horticulturists

Mr. A. C. Fleming showed quite unusual color slides to the regular meeting of the Summerland horticultural society held on Friday, April 18, in the parish hall.

The treatment of the subjects was singularly good and results delightful. Sea anemones were included to make a lovely picture in their varied color and shape.

Close-ups of ordinary flowers showed nature's wonderful and intricate work in creating line and color of petals and stems.

All present considered these among the most interesting and outstanding they had seen, and the opinion was expressed that the horticultural society is fortunate to have so many who can take and exhibit such beautiful color slides and moving pictures.

### Elderly Retired Resident Passes Quietly Away

Summerland lost another elderly resident who has seen the South Okanagan grow and prosper, when Edwin Theodore Nesbitt, 86, passed away peacefully in the early evening of Friday, April 18.

He had been preparing his evening meal when death came quickly as he sat before his fire in his favorite chair.

Born in Brant County, Ontario, near Perry Sound, the late Mr. Nesbitt was a river driver in the Muskoka country in his early days. In the late 90's he travelled with his family to the Moose Jaw district, settling at Westview. There he farmed until 1919 when he moved with his wife and family to Penticton.

From that postwar period until another postwar period, in 1946, he resided in Penticton where he was employed on the municipality's irrigation department and also did orchard work.

From 1946 to his death he resided on the Station Road in Summerland, having retired from all activities.

His main interest was in church work and he had been a member of the Free Methodist congregation for fifty years.

Besides his wife, Alice, in Penticton, he leaves three sons, Reuben at Rossland, David in Kamloops and Alvin Ira (Bennis) at Vancouver and Kitimat; and two daughters, Mrs. William White (Alma), Nakusp; Mrs. Raymond

South Okanagan junior league gets underway on Sunday, May 4, League President Les Gould announced this week. There are seven teams in the league representing Vernon, Kelowna, Summerland, Penticton, Naramata and Osoyoos. League concludes regular playing season on August 3, after which playoffs commence.

The entire league schedule follows:

First Team is Home Team

MAY 4—Naramata - Summerland, Penticton - Oliver; Vernon - Kelowna. Osoyoos Bye.

MAY 11—Penticton - Osoyoos; Summerland - Kelowna; Vernon - Naramata. Oliver Bye.

MAY 18—Vernon - Summerland; Kelowna - Naramata; Osoyoos - Oliver. Penticton Bye.

MAY 25—Penticton - Vernon; Oliver - Kelowna; Summerland - Osoyoos. Naramata Bye.

JUNE 1—Naramata - Penticton; Vernon - Oliver; Osoyoos - Kelowna. Summerland Bye.

JUNE 8—Summerland - Oliver; Osoyoos - Naramata; Kelowna - Penticton. Vernon Bye.

JUNE 15—Summerland - Penticton; Osoyoos - Vernon; Naramata - Oliver. Kelowna Bye.

JUNE 22—Osoyoos - Penticton; Kelowna - Summerland; Naramata - Vernon. Oliver Bye.

JUNE 29—Summerland - Vernon; Naramata - Kelowna; Oliver - Osoyoos. Penticton Bye.

JULY 6—Vernon - Penticton; Kelowna - Oliver (DH); Osoyoos - Summerland. Naramata Bye.

JULY 13—Oliver - Summerland (DH); Naramata - Osoyoos; Penticton - Kelowna. Vernon Bye.

JULY 20—Penticton - Naramata; Oliver - Vernon; Kelowna - Osoyoos. Summerland Bye.

JULY 27—Penticton - Summerland; Vernon - Osoyoos; Oliver - Naramata (DH). Kelowna Bye.

AUG. 3—Summerland - Naramata (DH); Oliver - Penticton; Kelowna - Vernon. Osoyoos Bye.

Preston (Vera), Penticton. One daughter, Elsie, Mrs. George Russell of Dunster, B.C., predeceased him.

Funeral service was held from the Penticton Funeral Chapel on Monday afternoon at 3:30 o'clock with Rev. G. Schnell of the Free Methodist church, Summerland, officiating, assisted by Rev. C. B. Garratt, of Kelowna, the deceased man's pastor 40 years ago.

Interment was in the Lakeview cemetery with the following pallbearers: W. J. Peter, Arby Emory, J. E. Smith, all of Summerland; Tom Graham, T. H. Preston and J. A. Palmer, all of Penticton.

Mrs. E. A. Sladen visited Summerland on Wednesday, April 18, having transported a number of youngsters from Kelowna to the Anglican JA festival.

### Experiments on Fireblight to Be Continued

Dr. J. G. Taggart, deputy minister of agriculture at Ottawa has written the BCFGA that the matter of experimental spraying for fireblight control has been discussed with Dr. van Steenburgh and Dr. Craigie.

"I am sure that plans are being made to continue this work in 1952", declares Dr. Taggart, who adds that he understands the project is being changed so as to reduce probability of serious damage.

"However, it is recognized by the department that, if damage occurs, reasonable compensation must be paid to the owner. We do not expect individual owners of orchards to bear the cost of this type of experimentation," he concludes.

Ben Hoy, provincial horticulturist, writes to the BCFGA that his department "is fully aware of the menace of this disease and of the difficulties in controlling it."

He assures the BCFGA that the horticultural staff will make every effort by field inspections and advice to growers on the newest methods to bring about improvement in control.

### Municipalities to Meet Here May 29

The Okanagan Valley Municipal Association will meet in Summerland on Thursday, May 29, Reeve C. E. Bentley has informed The Review this week. Mr. Bentley is president of this group which takes in a large portion of the interior section of the province.

At Kelowna on Wednesday, May 7, two important meetings will be held, one being the quarterly session of the South Okanagan Health Unit and the other the annual meeting of the Okanagan Historical Society.

Main item on the agenda of the health unit is the consideration of the report for 1951.

Mrs. C. J. Amm returned last week from spending some time at the coast.

### ASKS TO BE POSTED ON COMPENSATION MOVES

Compulsory compensation for this province, the BCFGA has been informed and the growers' central has asked C. E. S. Walls, B.C. Federation of Agriculture secretary, to keep it posted as to any developments which may take

### Everett Bates at Greenwood Banquet

Everett Bates, a member of the Summerland Speakers' club, was place at the province's capital in this regard, states C.A. Hayden.

guest speaker at the annual banquet of the Greenwood and District Board of Trade held at the boundary city last night. W. M. Wright, president of the Summerland Board of Trade, had been billed to fill this engagement but had to decline because of a previously arranged visit to Vancouver.

## Provincial Voters List Closes in SIX DAYS!

On April 30 the Provincial Voters List will be closed

In order to vote in the coming election, your application for Registration made in accordance with the Provisions of the Provincial Elections Act, must be filed with the Registrar on or before April 30.

Registration on the Dominion or Municipal Voters Lists does not mean that your name is on the Provincial Voters List.

Having voting qualifications does not automatically entitle you to vote. You must make sure you are registered.

MAKE SURE... DO IT TODAY.

If the canvasser has not called on you, be certain your name is on the list by getting in touch with:

# Macs Have One Horrible Inning to Lose Opener To Oliver Elks by 12-2

For six innings Summerland Macs played like a winning ball club last Sunday afternoon when they opened the Okanagan-Mainline baseball league season for 1952. But it was that all important 7th inning which decided the contest as visiting Oliver Elks went on a batting spree which saw 11 runs come across the plate. Oliver won the contest 12-2, due entirely to this terrific one-inning spree.

Everything was perfect for the opening day, with a cloudless sky, a bumper crowd and with mid-season play shown by both teams except for that one disastrous inning.

Reeve C. E. Bentley officially opened the league season here at Living Memorial athletic park by throwing the first ball, with C. J. Huddleston, hospital society president, on the receiving end.

The Summerland Band was in attendance and added another touch to the gaiety of the occasion. But even the lilting strains of this musical aggregation could not penetrate the gloom of that seventh frame.

### New Uniforms for Macs

Wally Day was on the mound for the Macs, resplendent in their new uniforms, with Francis Gould at first base, replacing John Vanderburgh for the only major change in the Macs lineup over last year. Vanderburgh was at first for the visiting Elks, and received a lot of good natured chaffing from his many friends in the stands.

Oliver went into an early one-run lead at the top of the second when an error by Dunham allowed Graham a life, coming home on Snider's single.

That one was retrieved when Metcalfe singled at the bottom of the second, went to second on Oliver's lone miscue and was driven home by Sandy Jomori's double to right field.

The Macs went ahead for the first and last time in the third when Babe Kuroda tripled to left and came home under Kato's long fly to centre.

The Oliver battery, Snider and Lavik opened the fateful seventh with a walk and a hit, Eisenhut's single driving Lavik home for the equalizer. Sibson singled and the balloon went up when M. Martino homered into deep centre to put Oliver out in front 6-2.

Thompson tripled and Vanderburgh singled him home. Graham was safe on Jomori's boot and Harold Cousins, who replaced Snider for the last three frames, drove Vanderburgh home. Lavik was safe when Dunham made his second miscue at third and Day left the box.

Ken Brawner relieved the big right-hander with none away and the game tucked away, nicely by Oliver. Snider continued to rub it in when he cleared the bags in front of him with a single to centre which Taylor fumbled. Eisenhut flied out to centre, Sibson grounded out as did Thompson right after M. Martino got a second single off Brawner.

The Elks got 9 hits and 11 runs in that frame, so that throughout the rest of the contest the Macs

### HOW THEY STAND

#### OKANAGAN - MAINLINE BASEBALL LEAGUE

Team	P	W	L	Pts.

# Interior Shuttle Stars Capture Junior Titles

Interior badminton stars captured the lion's share of the first place awards in the big B.C. junior badminton championships held last week in Kelowna. It was the first time that the provincial tournament has ever been held away from the coast and due in large part to the organizational work of the Kelowna club, assisted by Dave Waddell of Summerland, it was considered a huge success.

Joan Van Ackeren of Okanagan Centre captured three crowns. Winners of provincial titles were as follows:

**Under 14 Years**  
Boys' Singles: J. Dubois (I) bt. W. Morgan (CK) 9-15, 15-11, 15-3.  
Girls' Singles: E. Templeton (CK) bt. D. Johnson (CB) 12-9, 8-11, 11-5.  
Boys' Doubles: W. Morgan (CK) and J. Dubois (I) bt. J. Sutherland and B. Schwarz (VPS).  
Girls' Doubles: D. Johnson (CK) and M. Pratte (CB) bt. S. Shelest (PG) and E. Templeton (CK) 17-15, 5-15, 15-11.  
Mixed Doubles: W. Morgan (CK) and D. Johnson (CB) bt. B. Schwarz (VPS) and J. Shepherd (A) 15-5, 15-11.

**Under 16 Years**  
Boys' Singles: P. McGregor (CB) bt. N. Hughes (N) 15-10, 15-10.  
Girls' Singles: J. Van Ackeren (OC) bt. L. Davenport (VR) 11-8, 11-1.  
Boys' Doubles: A. Kincaid and C. Underhill (VR) bt. N. Hughes and D. Nutter (N) 15-9, 15-4.  
Girls' Doubles: J. Van Ackeren and J. Motowilo (OC) bt. S. Short-house and P. Warren (N) 15-7, 13-15, 15-3.  
Mixed Doubles: A. Spiller (N) and J. Van Ackeren (OC) bt. P. McGregor (CB) and M. Levers (C-K) 12-15, 17-15, 18-15.

**Under 18 Years**  
Boys' Singles: K. Noble (VR) bt. G. Drew (VR) 9-15, 15-5, 15-1.  
Girls' Singles: C. Warren (UHS) bt. R. McGregor (CB) 7-11, 12-11, 11-3.  
Boys' Doubles: B. Campbell (R) and R. Baker (OC) bt. G. Laurie (CK) and A. Crandemire (OC) 15-9, 14-18, 15-13.  
Girls' Doubles: R. McGregor and S. Koch (CB) bt. C. Warren (UHS) and Y. MacKay (I) 15-5, 15-8.  
Mixed Doubles: P. and R. McGregor (CB) bt. J. Newstead (N) and S. Koch (CB) 15-11, 12-15, 15-4.

# Badminton Club Concludes Play with Feeling Season Has Been Good One

Summerland Badminton club wound up one of its most successful seasons on record Tuesday night at the badminton hall when more than 35 present, former and prospective members participated in an American doubles tournament.

Jim Miltimore and Richard Blewett captured first prize, while consolation honors went to Vic Parker and Mrs. C. Lackey.

Refreshments were served at the conclusion of play, the committee in charge of this important part of the program being headed by Mrs. Lackey.

Not only was the badminton club able to reduce its indebtedness considerably during the season but it added greatly to the comfort of the club by glassing in the lounge, officials of the club pointed out.

Thirteen home and away games were held, the home club winning seven of these matches. Members also participated in three valley tournaments, capturing several honors, and the club joined the newly-formed South Okanagan

# Flying Saucers Take Silverware

Playoffs in the ladies' five-pin bowling league last week found the Flying Saucers capturing the Harry Braddick Frozen Food Lockers trophy with a total of 2592 for three games.

High single for the season was held by Mrs. Jean Dunsdon with 233, while the high three was scored by Mrs. Lola Day with 604. Last week, the high single was scored by Mrs. J. E. O'Mahony with 170 and she also had the high three with 424.

Scores of the Flying Saucers in the finals follow:  
Jean Dunsdon .. 165 128 104 397  
Ruth Lawley .. 146 117 95 358  
Stella Fabbri .. 122 100 60 282

**BLAZE ON GIANT'S HEAD**

The community was startled late Monday evening when the fire siren summoned the volunteer fire brigade to a bush blaze about 200 yards above Mountain View Home. At first glance, it was thought by many that the Home was on fire. It is believed some youngsters had been playing in the vicinity that afternoon. The blaze started at a big log and was fanned into a lively blaze which swept over the hilltop by a strong west wind which sprang up about fifteen minutes before the alarm was sounded.

**Apple Juice is Finding Ready Sale--DesBrisay**

A. G. DesBrisay, president of B.C. Fruit Processors Ltd. gave local growers a brief resume of production and sales in apple juice and other lines of processed goods produced by this grower-owned and operated company at Monday's meeting in the IOOF hall.

In the past season 340,000 cases of apple juice had been canned, and the price level had been raised on several occasions. However, the last raise was found to conflict with importations of citrus juices and could not be maintained, he observed.

First certificates will be paid growers in the near future and after that a revolving fund will be created, he said.

Asked if the government is taking any action towards providing apple juice for the armed services, Mr. DesBrisay replied that the company is tackling the subject but doubts if any wholesale use of apple juice can be created until the government insists that all apple juice be fortified with Vitamin C as is the case of the B.C. Fruit Processors product.

The government could then assist in publicizing the health qualities of the juice, he pointed out.

Mr. DesBrisay remarked that growers have received about \$750,000 in cash and have more than \$300,000 in certificates from the operations of the fruit processing company, mainly through the use of products which would have been dumped.

Continued from Page 1

of transportation costs and the prevalence on low grade apples there already.

He believed that the fruit industry has become too systematized in the Okanagan packinghouses, and the packing operation has lost its personal aspect.

Some growers were probably surprised to hear their general manager discuss the early days when he was a fruit packer. If the crown of the pack was too high when he was packing, the box was sent back for repacking, he stated. Now, with the ladder receiving incentive pay for the number of boxes put through, the lid is slammed on with little thought for the fruit being crushed.

A ladder is automatically penalized in remuneration if he sends back a pack because the bulge is too great, it was stated.

Mr. Loyd also noted that it is extremely difficult to obtain labor and to keep labor interested in the work in these times.

It was stated that attempts are being made to contrive a governor attachment to the automatic lidding machines which will not allow the machine to operate if the pressure to clamp down the lid is too great because of the crowned pack.

Asked regarding transportation subsidies, Mr. Loyd remarked that a 46 cent reduction to eastern Canada was obtained last year on apples and pears bringing the rate to \$1.98, while a rate of \$1.69 has also been obtained for Manitoba and eastern Saskatchewan.

However, the rates are effective both ways and gives eastern Canada apples an opportunity to invade the prairie markets, as well.

Negotiations are underway to allow the same reductions for soft fruits, he declared.

Average to Shipper \$2.38

George Stoll criticized a radio release which declared that growers received \$1.70 in 1950 and will receive an average of \$2.38 for the 1951 crop.

It was explained that the official release by the sales agency stressed that these figures were to the shipper and not to the grower but a later radio news despatch had failed to provide an explanation.

The \$2.38 approximate average figure was only given out because of the insistence of a large number of growers that they be given an indication of what to expect from the sale of the 1951 apple crop, Mr. Loyd explained.

It was with reluctance that the sales agency released this figure before the final pool closings, he emphasized.

Details of the discussion on pooling and breakdown of Jonathans will be given in next week's issue.

**Extra Effort Is Needed for Orchard Labor**

Provincial and federal labor officials are planning team play efforts with representatives of the fruit growers' association in order to meet the need for additional labor for thinning and harvesting the interior's fruit crop this year.

For the first time in Okanagan history, the three district councils of the BCFGA met in Kelowna last week and decided to appoint an advisory orchard labor advisory committee of six members—two from each district council—whose duty it will be to exchange information and recommendations so that the campaign for labor may be smooth and efficient.

The provincial farm labor service and the federal regional supervisors' office are co-ordinating their activities with this six-man committee as a result of visits to various valley points last week of William MacGillivray, of the provincial farm labor service and William Forrester, federal regional supervisor, Vancouver.

Where further aid in respect of replacements may be required, Mr. MacGillivray agreed that on recommendation from the BCFGA

local concerned he would be willing to appoint a nominee of these locals for the stress period, with the farm labor service to bear the cost.

The idea in this is to speed up placements and at the same time avoid confusion and overlapping, C. A. Hayden, BCFGA public relations officer, points out.

Mr. MacGillivray advised growers that incoming thinning and harvest labor would require accommodation, fuel, light and water. Both he and Mr. Forrester stated that competition for labor from industrial sources would be very keen.
