

Pooling System Valuable Weapon for All Other Comp Over

"In your pooling system you have a weapon of your competitors have at all; you can dispose of your fruit to markets at times when the sales agency thinks it can get the best return to the pool," explained A. K. Loyd, general manager of B.C. Tree Fruits Ltd. to a recent growers' meeting in Summerland.

This summing up followed an explanation of the pooling system provided by Gordon Wight of Oliver, a prominent member of the pooling committee, and a frank discussion on Jonathans and their breakdown this year.

Co-op Cold Storage Grant Still Intact

Denial that the cold storage subsidy granted by the federal department of agriculture at Ottawa will be cut in half was welcome news at the annual meeting of the Summerland Co-operative Growers' Assn.

A news release from Ottawa when supplementary estimates were being produced indicated that the Summerland Co-op subsidy would be reduced from \$3,350 to \$1,675.

This alarmed the Co-op directors who received a reassuring reply from Ottawa as follows:

"We wish to advise you that as far as this department (agriculture) is concerned, we have no knowledge of the subsidies being reduced by half and contracts in force will be paid as arranged."

Director F. R. (Tiny) Ganzewald discussed this phase of the Co-op operation when the annual meeting was held in the IOOF hall Tuesday evening.

Each director took some form of operation, after President Eric Tait gave a brief resume of the entire year's activities.

J. Y. Towgood discussed the operation in general and the maintenance program, adopted. Packing costs had gone considerably higher, because of the short crop year, the increase in wages and materials, he explained.

He mentioned that Mr. Fell has completed his first year as packing foreman, and the directors are pleased with the responsible manner in which he supervised the grader operation.

Last season 25,000 junior boxes were packed and in the coming season 70,000 pack is the anticipated requirement.

Controlled Hauling

Most time of the meeting was taken in discussion of the controlled-hauling deal, led by Director Walter Toews. It was explained that the growers as a whole are getting their fruit hauled economically but the cost of hauling soft fruit or mixed truckloads is more than apples.

A possible adjustment upwards of soft fruit hauling costs to the growers was predicted.

Dr. D. V. Fisher reviewed the fire insurance setup of the Co-op, assuring growers of a full coverage of plant, equipment and fruit. He also declared that there are 144 members in the co-operative life insurance scheme inaugurated, with three claims paid in the past year.

President Eric Tait and Vice-President J. Y. Towgood were unanimously returned to office as directors for further two-year terms after H. R. J. Richards declined to accept nomination.

Lorne Chambers represented Rutherford, Bazett & Co. and explained the balance sheet. This auditing firm was re-appointed.

Postpone Health Unit Meeting Because of School Board's Session

Because the annual meeting of the Okanagan branch of the B.C. School Trustees Assn. is being held in Oliver on Wednesday, May 7, the quarterly meeting of the Okanagan Health Unit proposed for that afternoon is being postponed until Wednesday, May 14, Dr. D. A. Clarke, director, has stated.

This session will be held in Kelowna.

Mrs. A. W. Vanderburgh and Secretary B. A. Tingley are two school board members who will be attending the school trustees' session in Oliver next Wednesday.

Board Chairman C. J. Bleasdale, who is vice-president of the Okanagan branch, BCSTA, signified at Monday's school board meeting that he would be unable to be at the Oliver gathering and declared he would not allow his name to go forward for office again as he intends to retire from school board activities in 1955.

Billings by coast critic Van Perry as the best production he has seen in years, UBC Players' Club is producing Shakespeare's "Much Ado About Nothing" as their annual spring vehicle. The Rotary Club of Summerland is bringing this famous players' club to the new high school auditorium here on Friday evening, May 9.

TAKE GREAT RANCH PUPILS HOME BY TAXI

Due to daylight saving time, it is no longer possible to send Great Ranch pupils in Summerland schools home by bus and a taxi which brings the pupils here each morning will be authorized to take them home, the school board was told on Monday. This extra trip commences today.

PROVINCIAL LIBRARY VICTORIA

The Summerland Review

Vol. 7, No. 18,

West Summerland, B.C., Thursday, May 1, 1952

Contract for Road Work About Ready

According to reliable sources, the Storms Construction Co. has entered the lowest of four bids for the construction job on the modernization of the Penticton-Trout Creek section of Okanagan highway.

The bid is believed to have been \$451,000 and is close to the government estimate on the job.

It is expected that the contract will be awarded at any time, with work to proceed in the near future.

Tom Clark, Naramata, has been employed on a resurvey of the Trout Creek-Deep Creek section of Okanagan highway, is reported to have received an appointment as government engineer on the new road project which will go ahead as soon as Storms company receives its contract.

Assisting Mr. Clark will be Harvey Wright of Summerland, it is understood.

The reconstruction contract provides for a new, modern road highway from the proposed Eckhardt avenue entrance over Okanagan river to Penticton, north to Trout Creek bridge.

This modern roadbed will follow a somewhat similar course to the present road but most of the twists and turns will be eliminated, it is understood.

Council Orders Initial Survey Of Drainage Area

At last week's session of the Summerland council, Reeve Bentley announced that arrangements had been made for Engineer R. A. Barton of Penticton to bring his 1921 survey and estimates of expenditure on the draining of the Station Road-Prarie Valley section up to date.

Council concurred on this arrangement, it having been agreed tentatively before that this preliminary work would be undertaken by the council in order to give the proposed drainage district an opportunity to get away to a good start.

If the scheme can be financed by drainage area, and it goes ahead, cost of Engineer Barton's work will be transferred from the municipality to the new water district, it has been stated.

MEADOW VALLEY ROAD IN GOOD SHAPE

"The road to Meadow Valley is in good shape and I haven't received any complaints from my area," Rural Trustee Aubrey King reported to Monday's school board meeting.

Ogopogo's Coils Cause Plenty of Splash

Ogopogo has been seen again. The Okanagan's elusive sea serpent has come to life again, this time about half way to Penticton.

Last Friday afternoon, about 3:30 o'clock, a party of Summerland residents proceeding to Oliver along the highway was attracted by a commotion in the lake. Three coils could be observed thrashing about with a great deal of agitation.

No sign of Ogy's head could be seen but the three coils made quite a backwash, the travellers claim.

In the party were Mr. and Mrs. J. Prior, Mrs. W. McClure and son Bill, and Mr. Nash.

No Harm From Frosts so Far

There has been no commercial damage to the soft fruit crop so far from spring frosts but some cherry blossoms along the back flats towards Garnet Valley section have shown signs of being damaged.

This was the report at noon today of Alec Watt, provincial horticulturist. Mr. Watt has not made a widespread survey of the district.

Damage to blossoms is confined to the lower branches, about ten feet from the ground.

Only one report of damage to apricot blossoms has been received by Mr. Watt.

Frost is expected tonight, a similar warning to that for Monday night being given at noon today, two to five degrees of frost in low lying areas.

Coolest this week was Tuesday morning when 30 degrees, or two degrees of frost, were recorded at the experimental station. It was 33 degrees this morning at the coldest.

Hospital Plans Open House Day Wed., May 14

Arrangements were completed this week to hold Open House at the Summerland General hospital on Wednesday afternoon, May 14.

Monday, May 12 is Florence Nightingale's birthday and has been declared National Hospital Day throughout Canada. However, it has been deemed by local hospital management that visitors would have a better opportunity of inspecting the local institution on the merchants' holiday, Wednesday.

Matthew Foley, editor of Hospital Management, conceived the idea of a national visiting day at hospitals back in 1921. "That the community may know its hospital" were the words chosen by Editor Foley at that time and they are considered just as appropriate today.

Arrangements have been made with Administrator J. E. O'Mahony and Matron Mrs. J. R. Butler that nurses will be on hand to conduct groups of visitors around the hospital and explain the operation of the various pieces of equipment which are needed for such a modern institution. Hospital directors are being asked to assist in arranging the conducted tours.

Open House will commence at 2 o'clock on May 14 and conclude at 4 o'clock. Tea will be served between 3 and 4 o'clock.

Plant Red Oak In Church Garden

Directly following the morning service at St. Stephen's church last Sunday, the congregation gathered in the Garden of Remembrance for a simple service which saw a Red Oak planted in memory of the late King George VI.

Rev. Canon F. V. Harrison opened the planting ceremony by reciting the 23rd Psalm, while Clive Atkinson, president of the Summerland Horticultural Society, Mrs. M. E. Collas and Mrs. F. V. Harrison undertook the actual planting ceremony.

Reeve C. E. Bentley read the inscription which was suitably engraved and framed to commemorate the occasion, by the horticultural society.

Following a prayer, the ceremony concluded with God Save the Queen.

STREET LIGHT EXTENSION

Last week, municipal council received a petition from residents on the Jubilee road section west of the B.C. Fruit Shippers Ltd. corner for extension of street lighting service. Decision awaits a quotation from Electrical Foreman T. P. Thornber.

Former Kelowna Mayor Is Willing to Become Pro-Con Standard Bearer

W. B. Hughes-Games, former mayor of Kelowna, is throwing his hat into the provincial political ring.

From Vancouver this morning after attending the provincial convention, Mr. Hughes-Games wired The Review that he will allow his name to go before the Progressive Conservative nominating convention at Kelowna next Wednesday, May 7.

A man who has gained a great deal of recognition throughout the province for his work in municipal affairs, Mr. Hughes-Games has been sought by Conservative followers for some time to cast in his lot and contest the riding.

"After seeing the Progressive Conservative platform, the most straight forward and honest program ever put before the electors of B.C., and seeing and meeting the fine candidates standing for the Progressive Conservatives, I have readily consented to allow my name to go before the South Okanagan Progressive Conservative nominating convention on Wednesday," Mr. Hughes-Games wired from Vancouver today.

Local Pro-Cons are meeting at the Nu-Way Annex on Monday evening to select delegates to attend the nominating convention on Wednesday.

Mr. Hughes-Games, if he is elected as PC standard bearer, will be the fourth and probably the final candidate to enter the election contest in South Okanagan. Nomination day is May 22 and election day is June 12.

Pro-Cons were the first to choose their candidate, Tom Wilkinson of Kelowna; the Liberals named a former member, Capt. C. R. Bull, also of Kelowna; last week, W. A. C. Bennett, last member for South Okanagan, received the Social Credit candidacy.

All four parties have held their provincial conventions, have declared their platforms and are now ready to enter the big contest which sees the alternative voting system in force for the first time.

Most interest centered around the Social Credit party provincial convention, as that party's platform in B.C. was not known.

The Social Credits, after hearing what some delegates described as an "ultimatum" from the Alberta government, Alberta Social Credit League and the National Social Credit Assn., agreed on Rev. E. G. Hansell, Social Credit MP for Macleod, Alta., as leader of the forthcoming political campaign.

The three Social Credit groups declared they would give what support they could to the B.C. contest provided a man from outside the province who has the knowledge and background of the Social Credit movement was appointed as campaign leader.

W. A. C. Bennett was also proposed for this post but he was the last nominee to withdraw his name, declaring he had never had any intention of seeking such a post.

Leader of the Social Credits in the legislature will be decided by the members elected to sit at Victoria, it was decided.

In the past week, The Review was visited by dozens of persons seeking to ascertain if their names are on the provincial voters' list. A number of new voters were registered through the efforts of this office.

The voters' list closed last night, with a short revision scheduled for May 10 when names of persons deceased can be struck off the list.

Kiwanis Old-Time Melodrama Is Big Hit to Crowded Hall

The audience laughed and boomed, laughed and applauded.

That in itself should indicate that the Kiwanis Club of Summerland's presentation of Morland Cary's melodrama, "Will the Mail Train Run Tonight?" or "Love Rides the Rails" was an overwhelming success when it was presented to a bumper house at the high school auditorium last Thursday evening.

Straight out of the Gay 90s came the characters, complete as to makeup and characterization. Add a realistic stage setting changed sixteen times and a small idea of the amount of work which went into this production can be gathered.

Lacey Fisher again excelled himself in producing this melodrama.

Summerland Kiwanis Club has completed arrangements with its brother club in Penticton to stage the three-act melodrama, "Will the Mail Train Run Tonight?" at Penticton on Wednesday, May 14, Director Lacey Fisher informed The Review last night.

which was so unlike anything which has been presented to local audiences for some years.

It was a three-act melodrama wherein the more the characters overplayed themselves the better the audience loved them.

Ventilation in Auditorium to Be Improved

Plans are being prepared to provide a better ventilating system for the high school auditorium, School Board Chairman C. J. Bleasdale informed The Review reporter at Monday night's school board meeting when he reviewed the checkover of the school building recently completed by Architect W. K. Noppe and Contractor H. S. Kenyon.

Mr. Bleasdale and Trustee Tom Manning took turns in accompanying these two building men on a complete and exhaustive tour of the new school building.

It has been found difficult to ventilate properly the new school auditorium and the Pacific Pipe & Flume Ltd. has been preparing plans to rectify this situation, Mr. Bleasdale reported.

A lengthy list of essential repairs and corrections which the contractor and his subcontractors must carry out before the building is finally taken over by the school board was examined by trustees on Monday.

Despite the large number of surfaces the school is very free of plaster cracks and Summerland can consider itself fortunate in this respect, Architect Noppe was quoted.

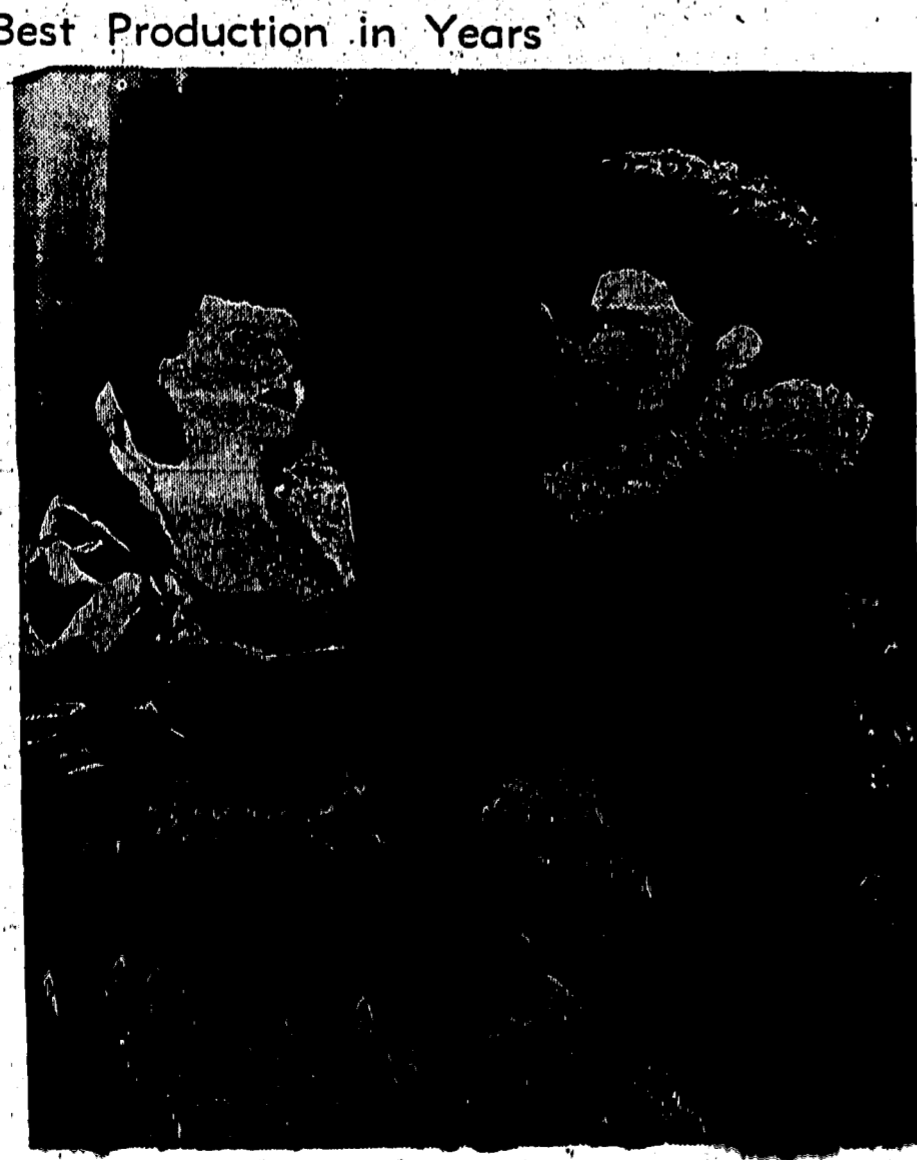

"Some 'make good' in painting outside the building has been ordered, the main corridor is to be raised to the level of the tile at the main entrance, stucco cracks are to be filled, and some grading work outside is to be undertaken.

The roof is also to be given a thorough overhaul and all potential trouble spots are to be covered again, the architect has ordered.

Processors to Meet Here Next Thursday

Next Thursday, May 8, the Okanagan Processors Club will hold an important session in Summerland at which fruit products of various canners will be on display and a panel of experts will discuss many phases of processing.

Industry leaders including B.C. FGA President A. R. Garrish, B.C. Tree Fruits Ltd. General Manager A. K. Loyd and Sales Manager J. B. Lander will be present and are expected to enter into the discussions.

Billings by coast critic Van Perry as the best production he has seen in years, UBC Players' Club is producing Shakespeare's "Much Ado About Nothing" as their annual spring vehicle. The Rotary Club of Summerland is bringing this famous players' club to the new high school auditorium here on Friday evening, May 9.

Editorial

We Held the Tax Rate Level

TAXPAYERS in Summerland area must have been gratified that the municipal council was able to hold the mill rate at the 1951 level despite the rise in education costs, as announced last week.

It was only after considerable debate that the council came to the compromise decision that current planned expenditures for municipal purposes would be curtailed in order that the landowner would not be required to pay any excess amount in taxes this year.

This is only a stopgap decision, however, as the municipal roads system cannot be ignored any longer. Five years ago, a good start was made on hard surfacing municipal roads from the centre of the district in four directions. But there are many more road surfaces in need of surfacing and have nearly as much priority as those which were constructed.

This newspaper has never favored an oiling pro-

gram merely for dust-laying purposes. The cost is about half of the finished job and in no time at all the surface has crumbled and presents a worse traffic hazard than before.

But there is a distinct dust nuisance in the dry, hot summer days and this should only be met by a continuation of permanent roads.

Next year, nearly \$10,000 will be released, if the tax level remains the same, with the final payment on the five-year road machinery and surfacing bylaws. Although there will be many who will wish to drop tax payments by this amount, we feel it would be poor economy. That extra amount should be applied to permanent road surfaces in the municipality, along with as much more as can be set aside for this purpose.

Council did well to hold the tax rate this year, but it cannot continue to dodge the road surfacing issue because of increased demands by education costs. If the money isn't forthcoming from tax revenue it must be raised by money bylaw.

Happenings in B.C.'s Hinterland

Armstrong Teen Town was awarded the Frank Nassau memorial trophy being judged the best such group in B.C. at the annual B.C. Teen Town Mayors' conference at Nanaimo recently.

A tree-planting project to beautify some principal streets is being planned at Princeton by the board of trade.

Revelstoke city council has endorsed a Revelstoke CCF club resolution asking that that section of the Kamloops riding be restored to the West Kootenay riding when a redistribution bill is drafted at Ottawa.

Hon. W. T. Straith, minister of education, will officially open the third annual folk festival at Osoyoos May 9 and 10.

Armstrong city council has accepted extraordinary school board estimates for new high school and other buildings and equipment at a cost of \$1,447,500. School districts' share is \$587,675, divided between Armstrong, Enderby, Spallumcheen and rural area.

Reeve W. J. Thompson has decided to retire from Salmon Arm municipal council. He is CCF candidate in that riding.

Although four resolutions were submitted by ratepayers' groups on the subject, Salmon Arm municipality has decided against a minimum school tax for this year. Because there was no unanimity in the proposals municipal council decided to drop the scheme.

Ernest Smith, flood control engineer at Penticton stated last week that flood control officials are still awaiting word from Ottawa to proceed. No tenders have been let. Work of straightening the river channel will start at Penticton.

Two truckloads of peach blossoms were sent to the coast by the Penticton Tourists Assn. last week and were displayed by the Hudson's Bay Company and the Vancouver hotel.

Kelowna ratepayers will vote May 21 on a \$150,000 bylaw to provide 8.3 miles of hard-surfaced roads within city limits.

Kelowna's non-food stores have decided to quit Friday night opening and revert to Saturday night 9 p.m. standard.

Vernon could become a prime target for enemy bombing aircraft coming from the west or northwest. Col. J. H. Horn, civil defence co-ordinator for the Okanagan, told a civil defence meeting in that city last week.

Irrigation water has started to flow in the main canal at Oliver.

Hope reports that the first stretch of oil pipeline right-of-way on the entire route from Edmonton to Vancouver has been cleared completely. This is a 3000 by 50 foot stretch from Silver Creek to the Trans-Canada highway near Flood.

Revelstoke's canning plant, started last year with the assistance of F. E. Atkinson, of the Summerland experimental station fruit by-products laboratory, has added new equipment and will extend its operation this year. In addition to small fruits, it will handle asparagus and beans.

R. G. Anderson, general manager, has been elected a director of the West Kootenay Power & Light Co. Ltd., succeeding E. M. Sillen of Trail. Other directors are W. A. Mather, E. E. Stavert, G. A. Walker and W. S. Kirkpatrick, all of Montreal; R. W. Diamond, Trail; A. J. Johansson, Vancouver.

Consolidated Mining and Smelting Company of Canada Ltd. made a net profit of \$50,785,381, dividends amounted to \$36,038,688; made an expenditure of \$17,884,895 on projects in West Kootenay and Alberta which eventually will cost \$63 million; and sold products amounting to \$174,773,548, with a record silver output, during 1951.

Establishment of a Kamloops-Penticton air service to connect with Vancouver-Prince George and Vancouver-Calgary flights, is to be urged on CPAL by Kamloops Board of Trade.

CONFUSION In the Editor's Confidence (And Was His Face Red)

Confusion Confounding Confusion That's what occurred here last weekend when The Review editor, with his face a crimson pink went around with his coat collar turned up and his head hanging low to avoid recognition.

He always knew that sooner or later it would happen. Well, it happened sooner.

Last week's Review in bold type on the front page told its readers to TURN BACK their clocks and watches.

Every other paper in B.C. told their readers to turn their clock AHEAD.

In order to do some form of penance, Ye Ed deliberately looked over every exchange paper which arrived in the shop last weekend. Every one said AHEAD. He winced at every glance.

Some readers didn't give it another thought. With blind obedience to the printed word, they turned their clocks back.

Some missed church on Sunday. Others didn't get to the ball game in time. Others just naturally slept in.

Some came in and thanked us for the extra couple of hours' sleep. Others just came in.

Some advised us to find other employment. Others took a look in the door and sadly shook their heads. They knew that the strain would take its toll sooner or later.

Some suggested advertising over CKOK to make amends. CKOK, according to other eager beavers, did that for us.

Some just had a good laugh, and wondered why that hollow sound came from the other side of the counter.

One kindly soul on Sunday suggested: "Why, I didn't think you'd dare show your face today." Others just nodded in silent recognition that an editor is supposed to have a hide like a rhinoceros.

All in all it was a splendid weekend. The people laughed and laughed.

Confusion was added to confusion. Train schedules went every which way, and Greyhounds also zigged. Daylight saving was here again, and we really had LOST an

hour. But on June 12 we can do something about it. We can save our faces and see that such a horrible mistake never happens again.

But we just aren't going to do it. We're still going to vote for daylight saving. So there.

Will Appoint New C. D. Co-ordinator

Summerland is to have a new civil defence co-ordinator, to be appointed by Reeve C. E. Bentley, who is the present incumbent, as well as being chairman of the valley-wide civil defence committee set up by the Okanagan Municipal Assn.

He suggested at last week's council meeting that some other person be appointed and council agreed.

In this year's estimates, council has set aside \$250 for civil defence organization.

ASK POLICE FOR STRICTER TRAFFIC ENFORCEMENT

Reeve C. E. Bentley informed council last week that a letter had gone under his signature to RCMP Constable I. G. Thorsteinson requesting further action in enforcing traffic regulations in the municipality, as suggested by the council at a previous meeting.

TO PURCHASE ROCK DRILL FOR WATER DEPT.

The irrigation department has been authorized to purchase a rock drill at a cost of about \$650 to \$700, council agreed on April 22. Councilor H. R. J. Richards can make the purchase provided the price is in that neighbourhood. All councilors who had seen a similar drill in operation expressed delight with its possibilities.

MAY CROSS ROAD

Municipal council last week gave G. E. Woollams permission to cross a municipal road in order to extend his irrigation pipe system.

highest points in the whole musical festival held at Kelowna last week. He was awarded this honor for his rendering of the clarinet solo, Higgin's Romance.

By order-in-council there will be a fifteen cents bounty on crows and magpies.

Mrs. R. C. Palmer has resigned from the teaching staff of the Summerland high school. It was with regret that the board was obliged to accept the resignation of Mrs. Palmer who has helped them so much the past two years during readjustment of the staff.

F. Van Hise is making a name for himself at Santa Cruz, Calif. where he is a blue print expert for the Twin Lakes lumber yard.

Major Coope arrived home on Friday after a visit of several months in England.

Miss Bertha Johnston has come from Victoria where she has completed her course in nursing and next week will commence duties on the Summerland hospital staff.

Miss Betty Barnes has severed her connections with the hospital staff.

The Basklatoons are making a wonderful showing of blooms on the Gulch Road. Their blossoms are uninjured by frost, so that they indicate a good setting of fruit in the orchards.

Give Drainage Scheme Every Support

ONE of the great needs of a certain section of this municipality was discussed at length at a meeting of landowners recently when the decision was reached to institute a drainage scheme in the section bounded roughly by the Station and Prairie Valley roads.

It is heartening to find that the municipality as a whole is taking the initiative in bringing in a preliminary survey so that those who propose a drainage district will have some definite information on which to base their decisions.

One person was heard to remark recently that subdivision of this portion should never have been allowed. We heartily agree with that statement, but the fact remains that the subdivision did go ahead, property was sold in good faith there, and now the very health of a good many citizens is threatened because of lack of proper drainage.

With the aid of the provincial government water rights branch, a drainage scheme can be instituted to reclaim the alkali land in that large area and in a few years what is now an eyesore in many parts can be turned into a productive and attractive portion of the municipality.

If action is taken, and the area drained properly, it is reasonable to expect that a good portion of the present hay lands could be turned into more profitable fruit growing areas should the owners decide to make the change.

One important factor is the health angle. That is the first consideration. But secondly, the value of the property could easily be doubled given proper drainage. That in itself is enough justification for the municipality to go a long way in giving the drainage district every assistance towards a proper start.

Plumping Defeats the System

IN this issue, in the previous two issues and in every future issue from now to election time on June 12, the chief electoral officer of the provincial government has a message for the voters in explanation of the new alternative voting system.

Every person should make a point of studying these messages in order to be acquainted with as many phases of the new system as it is possible to explain.

The system, as far as the voter is concerned, is quite a simple one. You merely mark down figures 1, 2, 3, or 4 in order of your preference and you have completed your duty towards the system of selecting your representative at Victoria according to the will of the legislature.

Ramifications of the new alternative voting system are another thing which politicians are stud-

ying earnestly in order to determine how to base their strategy in the election campaign which is upon us.

And if the representative is not chosen on the first ballot, the work of the returning officer is made more difficult, for second, third and maybe fourth choices may have to be counted before a final decision is reached and it is assured that the majority of persons have favored a certain candidate.

But that doesn't concern too closely the ordinary voter. All he or she has to remember is how the new system works when marking the ballot. And everyone should bear in mind, also, that plumping for one candidate only defeats the purpose of alternative voting and is a reversion to the former system.

Signifying Nothing By RUSTICUS

"Now we can start to get somewhere," the young wife thought as she planned the purchase of their new home and waited eagerly for her husband's return.

That was the spring, you remember, when British cars first invaded the Canadian market and with their low prices started cars changing hands all over British Columbia. At the factory where the young husband worked everybody seemed to be trading for a new or at least better car, and all the conversation had a distinct odor of gasoline. How could the young husband help being infected?

When a dealer descended on him one day after work with a twenty-year-old rattletrap which he described as combining the best points of the latest products of Buick, Rolls-Royce, and Cadillac, the young husband melted like ice-cream before a blowtorch, and as he climbed into the wreck and proudly took the wheel, "Now we are starting to get somewhere," said he.

When he roared to shuddering stop before his door that evening and shouted to the young wife to come and see what he had already pledged their entire savings on, it is a testimony to her love and loyalty that after a few gulps she managed to say that the new car looked nice, and did not reveal her disappointment until much later in the evening.

But her feeling that her husband had let her down deepened as in following days he spent on the car the time he formerly devoted to

gardening and helping her with the children. Bills for gasoline, oil, and garage repairs began to mount up enormously; and with a sort of bitter resolve to get her share out of the money they were spending, the young wife ordered a new vacuum cleaner, then a new electric refrigerator, and defiantly told her husband about it afterward.

They had another quarrel—there had been several since the car came—but he had to agree to her rights.

"We'll have to borrow to make the down payments," he said, "but maybe we can keep up the instalments if that raises gas through and no bad luck hits us."

They managed, so the young wife next ordered a fine console radio, and began listening to the radio on an evening or a Sunday when her husband was busy tinkering with the car. You can guess what happened; she began using tooth-paste, face-creams, special soaps; in fact, both husband and wife were developing into fine representatives of our modern civilization.

Then the bad luck hit. First the car died so dead that diagnosis suggested it would take at least a hundred dollars to get it on its feet again. Then they received notice to vacate the cottage they had rented so securely for years. And finally the wife took sick and was rushed to hospital for a sudden appendix operation.

Not only had they no savings left, but they owed bills at practically every store in town, so those new obligations hit them hard. And it would be just at this time that

a neighbour offered them an excellent building lot at a ridiculously low price; a second good chance at the home they had once dreamed of.

What could they do? Maybe the wife's sickness had drawn their closer again; maybe the husband had been too busy looking after home and children in her absence to think about his car.

But those darned fools sold their new frig and vacuum and radio, sold their car too—after the husband had worked like a beaver to put it in good shape—and scraped together enough money, and credit to buy that lot and put up a little shack to live in.

Imagine it, my dears! No bathroom, no car, no radio, no frig, no vacuum cleaner. Not yet a single wrist watch or piece of sterling silver. They even stopped using Soaps That Make You Lovelier and Your Wash Whiter than Brand New, and bought whatever cheap soaps would get hands, faces and clothes clean.

Yet the poor fools seem perfectly happy; children and parents find enough pleasure around their little home that their yells and shouts of laughter sometimes annoy their more sedate neighbours. And the grounds are beautiful; the whole Horticultural Society came up to see them the other night.

The moral is that if you don't try to live the normal life your neighbours do, anything may happen. And so we take our leave of Him and Her, the Couple Without Everything that makes Life Worth While.

THIRTY YEARS AGO

May 5, 1922

H. W. Harvey and Clarence H. Elsey have announced that they will be partners in order to meet the requirements of a growing community in a more adequate manner. This will mean an increase in the factory plant and a larger stock of lumber and building materials. Mr. Elsey will be in charge of the retail department thus leaving Mr. Harvey free to devote his time to the factory and to contract work.

O. F. Zimmerman has resigned as manager of the Summerland branch of the Dominion Bank, intending to look after his fruit ranch and other business matters. He has been in charge of the branch since its opening in 1919 with A. W. Nisbet and H. P. Scott as assistants.

station has been appointed head of the provincial illustration farms system.

With seven horses and a wagon Reg Coldwell, Paddy Miller and Ernie Riley have left for Queensland where they have taken up pre-emptions. Jack Wilkinson and Douglas Stewart left via the KVR with a carload of cattle for the same point and will join the others.

Born, to Mr. and Mrs. T. C. Orr, April 27, a daughter, Lillian Edith. While clearing up some brush, Mrs. Pennant disturbed a hen pheasant sitting on twenty-seven eggs.

While playing football, Kirk Sutherland hurt his foot, necessitating a plaster cast and crutches.

Cub Calls

1st Summerland Pack
Practices are going very well. Don't forget to have your posters in next Monday, also pot holders. There is a new time for our meetings for the month of May when we shall start at 6 p.m. sharp.
Next meeting, May 5, Duty Six, Yellow Six—Akela.

Blackberry Cake

One half cup butter, 1 cup brown sugar, 3 eggs, separated, 1 tsp. soda, 1 tsp. nutmeg, 1/2 tsp. cloves, 1 tsp. cinnamon, 2 cups sifted cake flour, 1 cup blackberry jam, 3 tbsp. sour milk, 1/2 cup chopped raisins, floured.

Cream butter, add sugar gradually, cream till fluffy. Beat egg yolks and add then sift dry ingredients and add alternately with jam and sour milk, mixed together. Add floured raisins. Beat egg whites until stiff, then fold into batter, then divide batter and pour into two 8-inch cake pans and bake at 375 degrees F. for 25 minutes. Ice with:

Caramel Fluff Frosting

Three quarters cup brown sugar, 1/4 cup water, 1/4 tsp. cream of tartar, 2 egg-whites, 1 tsp. vanilla, 1 tbsp. butter.

Combine sugar, water and cream of tartar in two-quart pan and boil slowly, without stirring, until syrup spins a fine thread (242 degrees F.). Keep pan covered for the first three minutes to keep crystals from forming on sides of pan. Beat egg-whites until stiff, pour hot syrup very slowly into stiffly beaten whites, beating constantly. Add vanilla and beat until frosting holds its shape, then fold in the soft butter. Let stand until lukewarm, then spread frosting between layers and on top and sides and let set.

Top off the meal with the Blackberry Cake on the left. It's flavored with your own homemade blackberry jam and topped with Caramel Fluff Frosting.

SHS is Sending Square Dance Team to Coast

Summerland High School is sending a square dance team to Haney tomorrow to compete in the Pacific Northwest Teen Town Square Dance Festival on Saturday, May 3. Under Summerland Teen Town auspices Summerland's team last year placed third with a simple square routine.

This year, with a more intricate number, the high school team coached by Peter Greer, of the SHS staff, has high hopes of capturing the first prize.

Other entrants in the high school class are Kelowna, John Oliver of Vancouver, Agassiz, and Philip Sheffield of Abbotsford.

The grand championship class features UBC Square Dancers, 1951 champions, and Tamarack and Swingettes, both of Vancouver.

There are also Teen Centre and Teen Town classes in the big competition which opens at the school auditorium at Maple Ridge.

Bill Rea, manager-owner of CKNW, New Westminster, will present the prizes.

Basis of judging will be on performance, timing, rhythm, foot-

work, formation and natural enjoyment. The general appearance of the teams, including their costuming and neatness, will also be considered.

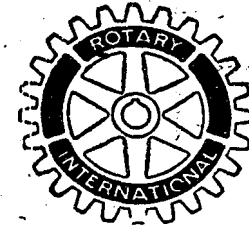

The caller will be judged on clarity, rhythm, timing, phrasing and personality.

Mr. and Mrs. Peter Greer are accompanying the SHS team as chaperones and coaches, while the caller is Jim Peter. Transportation is being provided by Dave Mennis and Members of the Summerland

PEACHLAND TO JOIN IN WELCOMING MUNICIPALITIES

Peachland municipal council wishes to join with Summerland in playing host to the next quarterly meeting of the Okanagan Valley Municipal Assn. to be held here on May 29.

team are Olga Libicz, Mabel McNab, Rose Harrison, Merle Heavysides, Yvonne Polesello, Daryl Weitzel, Don Blacklock, Ross Axworthy, Herb Arndt and Dwaine Greer.

AOTS Club Puts Red Cross Drive Over Top With \$3,003

Members of the Summerland AOTS Club were delighted to hear of the success of two of their recent projects at their April meeting, held on Thursday April 24 in Lakeside Church Hall.

First, Everett Bates announced that the Red Cross drive, which the AOTS had undertaken to lead this year, had achieved the splendid total of \$2993, within seven dollars of its objective. At once club members voted the sum of ten dollars, so that the Red Cross drive is now over the top, with its objective achieved for the first time in three years.

Then Wallace Boothe and Bill Jenkinson reported on the recent variety show. The program had been good, the hall filled and a gross of \$150-odd taken in, so that club will have funds for its projects for the ensuing year.

Requests were immediately forthcoming, too, for some of the money, for three other club projects are steadily coming on.

Next is the track meet, set for May 10, and Joe Sheeley appealed for plenty of help to put this over. He also asked for financial advan-

ces for equipment for the several boys' baseball teams that the club sponsors.

Les Gould announced that the AOTS-sponsored 2nd Summerland troop and pack of Scouts and Cubs would be holding a Father-and-Son banquet on Friday, May 9, and asked for the cost of the meat to be underwritten by the club.

The whole meeting was kept short and lively by new president Herb Pohlmann, in order that members might get through in time to go to the Kiwanis melodrama and the meeting adjourned shortly after 7:30.

BOY SCOUT ACTIVITIES

1st Summerland Troop
Scout Apple Day on Saturday proved a great success. The two troops sold apples for a return of \$201. The generosity of the public is highly appreciated; also the kindness of those who provided cars to transport the boys to outlying districts.

For the greatest individual effort on Apple Day, Scout Jack Baillie won the 1st Summerland Troop prize of a fishing reel and line. All those who participated, however, turned in good performances.

At Tuesday evening's meeting, Mr. J. Brown continued his talks on 1st class first aid. This will be carried on for several weeks yet. Next meeting we will be dealing with construction of pack boards for weekend camping.

In the patrol competition, points are as follows, after making allowance for different numbers of boys per patrol: Eagles 147, Beavers 224, Buffaloes 187, Hawks 189.

Next meeting: Tuesday, May 6, duty patrol, Beavers. Please bring your dues up to date—D. V. Fisher.

OKANAGAN MAN HONORED

President J. J. Creighton, National Dairy Council, Ottawa, has announced the appointment of Evorard Clarke of Vernon to the national quality control committee. Mr. Clarke served the industry on this committee in 1950 and 1951.

HOME AGAIN

Mr. W. B. Purvis of the Bank of Montreal staff has returned from a three weeks' holiday at the home of his parents in Vancouver.

Mr. and Mrs. A. McLachlan have returned from a trip of several months when they visited in the southern States and in Ontario. They drove home by way of the States in a new car.

Mrs. H. A. Solly, who spent the winter months visiting at the home of her son-in-law and daughter, Mr. and Mrs. Eric Randall at Trail is

being welcomed home again. She returned on Saturday having been driven over by her grandsons, Mr. Christopher and Mr. Michael Randall.

Mr. K. M. McIntosh, who has been in northern B.C. for some time, is expected home this weekend.

OPENS PHOTO STUDIO

Mr. and Mrs. John Sunderwood, formerly of Penticton, have taken up residence in Summerland, in the former Hecker home on Granville street, where they are opening photographic studio.

Colored Pictures by Blake Milne Precede Temperance Lecture

Outstanding and lovely were the pictures shown by Mr. Blake Milne at the Baptist church on Monday evening, April 28.

The scenes in Yellowstone Park with the wild life, steaming pools and geysers were enthusiastically received. An hour-long film of a variety of pictures, including the Canadian Rockies, New York City, Florida Cypress Gardens with water skiing, colorful parrots of the jungle, alligators both wild and in captivity, deer roaming the highways, and many other interesting things, was a pleasure to all present.

Mrs. Howard Milne, president of the local WCTU introduced Mrs. R. H. Boyer of Vancouver, who is president of the Baptist Women's Missionary Societies of the three western provinces, but who spoke Monday evening in her capacity as president of the provincial WCTU.

In her brief but telling and pointed remarks, Mrs. Boyer quoted figures from Ontario regarding the increased consumption of liquor there and its attendant consequences with further crime and social problems since cocktail bars and lounges were opened in 1947.

B.C. leads the dominion, the speaker said, in having a government appointed director of temperance in the department of education.

A fine educational film called Liquid Lore was shown in color.

Fishing News...

(By Bert Berry)

There will not be too many places that the fisherman can wet his line this opening day, which is today, May 1.

A reminder that only the mountain lakes open today and the streams and creeks are not open until June 1.

Garnet Valley Dam: Road okay and fishing should be satisfactory. Fish Lake: Road good enough for any car, if you take your time. Fishing always good early here. None of Howard Clark's upper lakes ready.

Shannon Lake: Lake open, road okay. However, bass and perch like warmer water. Some Kamloops planted last year.

Percy Wilson reports his camp, Headwaters, will be closed for two weeks yet as the water is still frozen.

Glenn Lake: The road will be impassable for awhile yet.

Okanagan Lake: Open, but fish are not biting up to this date. Should be on soon.

Pro Rec Offers \$336 Towards Classes for Junior Boys, Girls

It has been tentatively decided that Summerland will obtain \$336 towards instructional fees for those who handle classes of junior and juvenile sports during the next twelve months. A meeting of those interested was held in the high school last Thursday afternoon with Jim Panton, provincial recreational chief for the Okanagan present.

The Pro-Rec will probably divide this money as follows: 30 swim classes, \$90; 12 junior baseball classes, \$36; 12 girls' gym classes, \$36; 12 boys' gym classes, \$36; 8 basketball classes, \$24; 14 badminton classes, \$42; 10 skiing classes, \$30; 14 junior hockey, \$42.

A further meeting at which any other junior sport can make representations for inclusion in this Pro Rec fund is being held at 8 p.m. on May 14 at Room 12 in the high school, W. J. Schwab states.

Capacity Audience Sees Moody Films

Mr. Fraser McRae, representative of the Moody Institute of Science, Los Angeles, spoke to a capacity audience in the Baptist church for a short time before showing films.

Mr. McRae has been coming annually for about five years and the pictures which he shows are always anticipated. This year they were of tiny plant organisms, and micro-organisms in water, and indicated the perfection of each living thing in the smallest detail.

Legal

Re. Navigable Waters Protection Act, R.S.C. 1927, Chapter 140

The Corporation of the City of Penticton hereby gives notice that it has under Section 7 of the said Act, deposited with the Minister of Public Works, at Ottawa, and in the office of the District Registrar of the Land Registry District of Yale at Kamloops, B.C., a description of the site and the plans of a pipe line proposed to be laid in Okanagan Lake at Penticton in Foreshore Leases L 215.S and L 219.S near the foot of Martin Street.

And take notice that after the expiration of one month from the date of the first publication of this notice, The Corporation of the City of Penticton will under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the said site and plans.

Dated in Penticton this 24th day of April, 1952.

(Signature) H. G. ANDREW, City Clerk, City of Penticton.

VISITING HERE

Mr. Bert Berry, Sr., has arrived from Edmonton and will make his home with his son and daughter-in-law, Mr. and Mrs. Bert Berry, Jr.

Mr. Michael Maier of Quesnel visited relatives and other friends during the weekend before returning north where the family moved last year.

Miss Julia Hack returned from UBC on Monday to spend the summer months at the home of her parents, Mr. and Mrs. W. Hack, Victoria Gardens.

Visitors over last weekend at the home of Mr. and Mrs. E. H. Hannah were Mrs. Hannah's brother-in-law and sister, Mr. and Mrs. Arthur Weeds of Vancouver.

Mr. and Mrs. Frank Pollock of Kelowna visited friends here during the weekend, when Mr. Pollock was down to see about taking his boat to Kelowna.

After spending the weekend at the home of his son-in-law and daughter, Mr. and Mrs. H. A. McCargar, Mr. Carl Pohlmann is leaving on Sunday for a month's holiday in the States.

Miss Valerie Tingley was a weekend visitor at the home of her parents, Mr. and Mrs. B. A. Tingley. Miss Tingley who is attending Normal school at Victoria, is doing practice teaching at Oliver.

Mrs. J. MacDonald and her three little girls, Janet, Daphne and Debra, formerly of Kamloops, who will be moving to Ontario soon, is visiting at the home of her parents,

Rev. and Mrs. W. H. Ellis, at the Baptist parsonage.

Mrs. R. M. Wilkin of Vancouver who spent a week here recently visiting at the home of her son and daughter-in-law, Mr. and Mrs. W. C. Wilkin, returned to her home when Mr. Wilkin drove to Vancouver last weekend.

Mr. W. C. Wilkin drove out to the coast last weekend to fetch Mrs. Wilkin and Marcia who have been visiting in Vancouver since Easter. Returning with them for a few days were Mrs. Wilkin's parents, Mr. and Mrs. J. Grant McIntosh.

Mrs. Norma Henry and Miss Isabel Leboe of Crescent Spur, B.C. are spending a month here from Victoria where they are attending Normal school and are doing practice teaching in the MacDonald school. While here they are staying at the home of Mrs. Henry's parents, Mr. and Mrs. Wm. Hack.

Mrs. E. Beeman of New Westminster and her daughter, Miss Evelyn Beeman of Vancouver have been visiting at the home of the former's son-in-law and daughter, Mr. and Mrs. W. Pattie. Miss Beeman returned to the coast last Saturday and Mrs. Beeman has remained for a longer visit. Other visitors at the Pattie home who returned to Quesnel this week were another daughter of Mrs. Beeman, Mrs. H. Cheetham, who was here with her two children.

TO RESIDE IN KAMLOOPS

Mr. and Mrs. A. Campbell and their daughter, LaVerne, have gone to live at Kamloops.

SOCIAL EDITOR Mrs. A. W. Vanderburgh

Pioneers Who Came Here in 1907 Celebrate Golden Wedding Day

On Tuesday, April 29, Mr. and Mrs. J. J. Blewett, Peach Orchard, celebrated their golden wedding day.

While their health did not permit them to hold Open House on the memorable occasion, their old friends, Mr. and Mrs. Harry Chapin of Kelowna, who were married about the same time and who set up housekeeping then, too, came down to visit that day, and a number of neighbors and other friends called to congratulate them and wish them continued happiness.

Mr. and Mrs. Blewett were married in Ontario, moving to Hartney, Man., where they lived for five years before coming to Summerland in 1907.

Those were pioneer days when the Summerland Hotel at the lake-shore was quite imposing and the only way that people arrived here was by lake steamer from the rail head at Okanagan Landing.

They lived first at the foot of Chinaman's Gulch at the lower town, later buying land in Peach Orchard and erecting a tent house which was a type of dwelling favored then. It was a comfortable 18 by 24 foot place, screened, and carpeted with a kitchenette added. They drained the land, and started their beautiful garden which Mr. Blewett designed, utilizing the natural beauty of the trees and stream which runs through their property, so that it became one of the lovely gardens of Summerland.

Mr. Blewett operated a flour and feed store at West Summerland for years, and is a millwright and grist miller by trade. He was first baseman on one of Summerland's first ball teams.

Mrs. Blewett has always done beautiful handicraft work as well as metal work and sharing in her husband's love of gardening.

Gracious and kindly they are held in esteem throughout the community.

Two sons, Gordon and Ralph live here. Another son, Jack, was accidentally drowned. Their only daughter, Jean, Mrs. S. C. Watson, lives at Kinnaird, B.C.

Barbara McClure Has 25 at Birthday Party

On the occasion of her sixteenth birthday, Saturday evening, April 26, Miss Barbara McClure entertained at a dancing party at the home of her parents, Mr. and Mrs. W. McClure. Games were enjoyed, as well.

There were about twenty-five friends present from Summerland and Penticton and music was supplied by Andy Johansen with his mandolin and violin and Jim Peter with his guitar.

SPEAKS AT CAWSTON

"Gardening with a minimum of work", was the subject taken by Dr. R. C. Palmer when he addressed an open meeting of the Cawston Women's Institute recently.

May Day Dates Back To Time of Druids

This is May Day, and many schools and colleges are reviving ceremonies which date back to the Druids or earlier, celebrating the crowning of May queens amid Maypole dancing and choral singing in the Hey-Nonny-Nonny tradition.

One periodical, the School Arts magazine, with special reference to May baskets, thinks that the day should not pass unobserved.

"Ought we not to make the most of every opportunity which makes it possible to instill in the hearts of our children lessons of unselfishness and love?" it says.

Unfeeling small boys have at times perverted the lovely custom of hanging a May basket at the door by now and then suspending a pail of water in such a way that the water would drench anyone who opened the door. The little nuisances would ring the bell and run like crazy to enjoy the discomfiture of their victims at a safe distance.

However, as a rule, May baskets contained candy, cookies, or early spring flowers; a charming custom!

Mrs. Roy Angus returned this week after a month away when she visited her sister in Massachusetts and her daughter, Miss Jean Angus, in Toronto. Mr. Angus drove to Sicamous to meet her.

NEW ARRIVALS

Mr. and Mrs. J. V. H. Wilson, Paradise Ranch, are the parents of a baby girl, Florence Elaine, who was born on April 11.

A son, Walter Robert, was born to Mr. and Mrs. Rees K. Powell at Victoria on Tuesday, April 29. The new arrival is a grandson of Mr. and Mrs. W. R. Powell of Summerland.

A daughter, Elizabeth Susan was born in Los Angeles on April 15, to Mr. and Mrs. F. Hamilton of the California city. Mrs. Hamilton is the former Miss Lavella Day, only daughter of Dr. and Mrs. L. A. Day.

A baby daughter, Susan Ruth, was born at Vancouver General hospital on April 23 to Mr. and Mrs. Jerry Darby, North Vancouver. Mrs. Darby was formerly Miss Ruth Clark, daughter of Mr. and Mrs. W. O. Clark, Kelowna, and the family is well known here where Mr. Clark was on the staff of the local branch of the Bank of Montreal.

Orange Lodges Honor Couple on Eve of Trip to Ireland

Honoring Mr. and Mrs. William May, who are leaving early this month on a leisurely trip across Canada and the Atlantic to Ireland, after an absence of 42 years, LOL, LOBA and JOL lodges met their honored guests in the IOOF hall Thursday evening and escorted them aboard the "Good Ship Maytime".

A gala shipboard program was conducted, in which Mr. and Mrs. May had no small part, the former excelling in recitations and Irish Quiz contests. All "aboard ship" took part in the program.

As the "ship" cruised slowly into Ireland, Mr. and Mrs. May led the entire crew ashore in the grand march and dancing began. Later, a lovely lunch with tables set for the many guests was held, and at its conclusion Mr. Harvey Walton presented Mr. May with a much-prized Orange badge while Mrs. Johanson presented Mrs. May with a gift of lingerie.

Earlier in the year, Mrs. Johanson had presented Mrs. May with a collar of merit and long attendance, on behalf of the LOBA.

Okanagan WCTU Has B.C. President

Mrs. R. Boyer, provincial president of the WCTU, visited at the home of Mr. and Mrs. Howard Milne while in Summerland to address a meeting in the Baptist church on Monday evening.

Mrs. Boyer went on to Penticton where she was guest speaker at the Okanagan district WCTU convention held in the Baptist church there on Tuesday and Wednesday of this week.

Mrs. L. Mino, Summerland, is the district president, and presided over the meetings.

Mrs. E. M. Pohlmann has returned from a holiday spent at Creston.

Farm Improvement Loans Pay For Labor-Saving Devices In Rural Homes

Many an orchardist wants to give his wife the benefit of home modernization, but finds that lack of ready money stands in his way. Yet thousands of farmers' homes have been modernized with the help of Bank of Montreal Farm Improvement Loans.

This inexpensive kind of credit can be used to pay for refrigerators, washing and milking machines, cream separators, electrical, heating or water systems; and even the erection, repair or extension of buildings, including homes.

Farm Improvement Loans cost only five per cent in interest. There is no other charge. They can be repaid on easy terms. Ivor Solly, B of M manager at West Summerland, extends a hearty welcome to fruit growers to drop in for a talk about farm and home modernization and its financing.—Adv.

WANTS FIRE PROTECTION: Approval, subject to Councilor H. R. J. Richards' investigation, was granted by local council last week to the B.C. Fruit Shippers Ltd. application for a one-inch pipe connection for fire protection purposes.

Experimental Station Experts Issue Advice on Fertilizer And Sandy Soil Requirements

What fertilizers do Okanagan soils need? Mr. J. L. Mason says that many years at the experimental station at Summerland have shown that nitrogen and boron are needed on all Okanagan soils for all tree fruits.

The cheapest fertilizer for supplying nitrogen, calculated on the basis of cost per pound of actual nitrogen, is ammonium nitrate. It contains 33 per cent of actual nitrogen. Another fertilizer which costs slightly more per pound of nitrogen is ammonium sulphate. It contains only 20 per cent nitrogen. Mixed Fertilizers

Nitrogen is also supplied by mixed fertilizers that contain other fertilizer materials such as phosphate and potash. These fertilizers invariably cost considerably more per pound of nitrogen. Furthermore, experiments with phosphate and potash have shown no favorable response by tree fruits to these materials.

Eroded sandy or gravelly soils require special treatment. For these soils, ammonium nitrate should be used every second year and ammonium phosphate (16-20-0) in the alternate years. As ammonium phosphate (16-20-0) contains only 16 per cent nitrogen, twice as much must be used to supply the same amount of nitrogen as ammonium nitrate.

How much fertilizer should be used? Enough nitrogen should be applied to each tree to make the right amount of terminal growth.

The right growth for apples, pears, cherries, plums and prunes is 10 to 12 inches; for peaches and apricots, 18 to 20 inches.

Boron is applied to the soil as boric acid at the rate of 30 pounds per acre once every three years. In special cases, for example, stone fruits on sandy or gravelly soils, boron should be applied at 10 pounds an acre annually broadcast, or 5 pounds an acre each year as a spray.

Water for Sandy Soils
Sandy soils can produce heavy yields of high quality crops, but usually require more careful handling of irrigation, fertilizing and other cultural operations.

Irrigation schedules for sandy soils have been studied both at the Summerland experimental station and at the Kelowna substation. Until a few years ago, all of the tests were made using the furrow method of irrigation. More recently the sprinkler irrigation method has been studied.

Sandy soils have two important

Would Route Branch Gas Pipe Line Through Valley En Route to USA

Spearheaded by Mayor J. J. Ladd of Kelowna, an effort is being made by all cities, towns and villages in the Okanagan to persuade the West Coast Transmission Co. to plan its natural gas pipeline route through this valley rather than over a mountainous area in the Merritt-Princeton district.

Summerland municipal council last week endorsed the Kelowna plan and ordered a similar letter to the Kelowna one sent to the West Coast Transmission Co.

The local letter differs somewhat from the original Kelowna one in that the need to have such a pipeline routed through Westbank, Peachland and Summerland has also been stressed by the Summerland council.

Also in local council hands last week was a copy of a Kelowna city council letter which has been prepared for submission to the board of transport commissioners, but has been held back pending further word from the gas line company.

West Coast Transmission Co. plans a gas pipe line from the Peace River oil fields via Prince George, Quesnel, Williams Lake, Savona, and Vancouver, with a branch line south to Merritt and

Princeton, crossing the United States border near Osoyoos, and continuing on to Coulee Dam and Spokane.

If this line was routed via the Okanagan instead of Merritt and Princeton the distance would be 50 miles more but would provide fuel for 100,000 persons, it is stated.

George L. McMahon, in a telegram to Mayor Ladd at Kelowna, states plans for his company eventually call for a branch line through the Okanagan. More definite information would be available after hearings before the transport board and the federal power commissioners in June and July, he considered.

Flume Discarded for Sprinkler System

A municipal flume serving the E. W. Stevenson property in Victoria Gardens blew over recently. This lot is the last one using gravity flow in that area and to replace the flume would have cost the municipality \$50. Mr. Stevenson is being allowed this sum on the cost of bringing a sprinkler irrigation connection to his property, thus doing away with the necessity of replacing the flume. He had no intention of putting in sprinklers this year until the wind created the damage.

The above deal was played at several tables in an American pairs tournament. The bidding usually took the same course West opened One Spade North bid Two Hearts East Two Spades South Three Hearts and West Four Spades; when this came round to South, he tried Five Clubs. North eventually lost 300 in Five Hearts doubled—by no means a triumph since Four Spades would not be made. The general opinion was that North's recall of Two Hearts was unjustified. Not a single South player thought of bidding Four Hearts at once. Had he done so, the decision would rest with North. His pass over Four Spades would suggest some prospects in defence, and South would be warned against attempting a sacrifice.

School Board Takes Exception to Attitude

PENTICTON—Exception to city council's criticism of the present-day educational system, as embodied in a recent resolution forwarded to the school board of District 15, along with council's acceptance of the 1952 estimates, has been taken by Penticton school trustees. Special emphasis in the objection has been laid on the council's view that results are not commensurate with the money spent on education, "nor is it producing satisfactory academic or practical results."

Pension Plan Being Considered

Municipal council is studying various forms of pension plans with the idea of instituting some form of retirement plan for municipal employees. No decision has been made but if a proper type of scheme is agreed upon it will be put into effect this year. It estimates a sum of \$1,050 was set aside as a probable amount which the municipality would pay as its portion of a part-year payment towards the scheme. In last week's issue, an extra zero slipped into the type and the figure read \$1,0050 instead of \$1,050.

NOTES FROM PARLIAMENT HILL

Wholesale Thefts from Military Camps Startle Parliament

By O. L. Jones, MP for Yale

During the Easter recess a serious situation has been found at the Petawawa Camp where charges have been laid in the civil court against five civilians and one service officer and further charges are yet to be laid. Hon. Brooke Claxton pointed out that the matter has been brought before the court and therefore could not be discussed in the House but he did outline the type and quantity of goods that have been removed and sold irregularly from the camp.

Naturally, the opposition wished to capitalize on the situation. Both the Progressive Conservatives and the CCF had presented a notice that they were going to ask for the adjournment of the House for the purpose of discussing a definite matter of public importance, namely, the necessity for an immediate enquiry into the administration and especially the accounting methods of the department of national defence.

Mr. Drew in his presentation referred to the looting and disappearance at the Farnham military training centre which included some buildings and the theft of stores and paints reported by the member from Peterboro West. He also referred to the theft by carload lots of hundreds of tons of supplies including such military equipment as a baby tank. He also claimed that the out-break of incendiary fires in military storehouses had been timed in such a way that they could have hidden the extent of any looting and thefts which had taken place in these storehouses.

However, the speaker ruled the matter out of order at that particular stage. An opportunity will be given to pursue the matter during the budget speeches.

Rumours regarding the presence of flying saucers that people claim to have seen flying over southern Ontario was explained away by the minister of national defence. He stated that it almost certainly refers to an ordinary service flight of an R.A.F. Canberra plane across Canada and the middle west of the United States at a speed of something of the order of 500 miles an hour. In spite of this explanation the papers continue to headline stories about the mysterious objects seen flying in formation at a tremendous height.

Most of the first day was devoted to the redistribution bill with the Conservatives endeavoring to have the matter referred to the various provinces. However, the prime minister pointed out that this was definitely a matter for the federal government to decide. Mr. Stanley Knowles crystallized the views of many members of parliament regarding redistribution in these words:

"... redistribution should not be the business of parliament nor of a parliamentary committee. We share to the full the views that have been expressed on a number of occasions by the hon. member for Quebec South (Mr. Power) to the effect that redistribution should be handled by an independent commission."

I thoroughly agree with this otherwise history will prove that the political party in power has taken the opportunity during redistribution to tear up constituencies and regroup them to the political advantage of the party forming the government at that time.

As long as redistribution remains in the hands of the government such a condition will prevail. It was to avoid such a situation that Mr. Power moved a resolution sometime ago that a special committee of experts should be set up to deal fairly with the matter affecting the representations of all

parties of Canada. Public opinion alone will force the government to accept this point of view.

Both the CCF and the Progressive Conservatives moved amendments to the budget speech charging the government with waste and extravagance. In the case of the CCF party they demand the abolition of the 4% limitation for medical expenses.

Mr. Macdonnell on behalf of the Conservatives charged the government with placing an unnecessary and unfair burden on the taxpayers who had paid several million more than the needs of the country demanded, mentioning the \$30 million surplus that was forecast by Mr. Abbott and then imposed taxes which in the end rolled up a surplus officially estimated at \$355 million but unofficially put as high as \$800 million for the year 1951.

He charged that economy had disappeared from Mr. Abbott's vocabulary and the government was getting back into a semi-war atmosphere where the practice was outmooted. For instance he went on to mention the travelling and removal expenses of government employees including the armed forces had reached a staggering figure of \$46 million a year and another \$17 million a year was going for departmental publications such as films and other forms of publicity.

Political Parties Get Free Time Before Election

To bring messages from the various flying political parties before CBC radio audiences, the corporation has set aside 24 quarter-hour periods between April 28 and June 9 for the free use of five parties, Kenneth Caple, regional representative, has announced.

The provincial election takes place on June 12. Representatives of five political parties met CBC officials and arranged the order in which the parties would speak.

Liberals have been given seven periods, Conservatives six, CCF six, Social Credit 3 and Labor-Progressive 2 periods.

The programs commenced last Monday when the Progressive Conservatives staged a 15-minute broadcast. Liberals are on the air tomorrow, CCF on Monday.

On the final date prior to the election, Monday, June 9, the CCF has from 2:45 to 3, B.C. Social Credit League from 9:30 to 9:45, Progressive Conservatives from 9:45 to 10 and Liberals from 10:15 to 10:30.

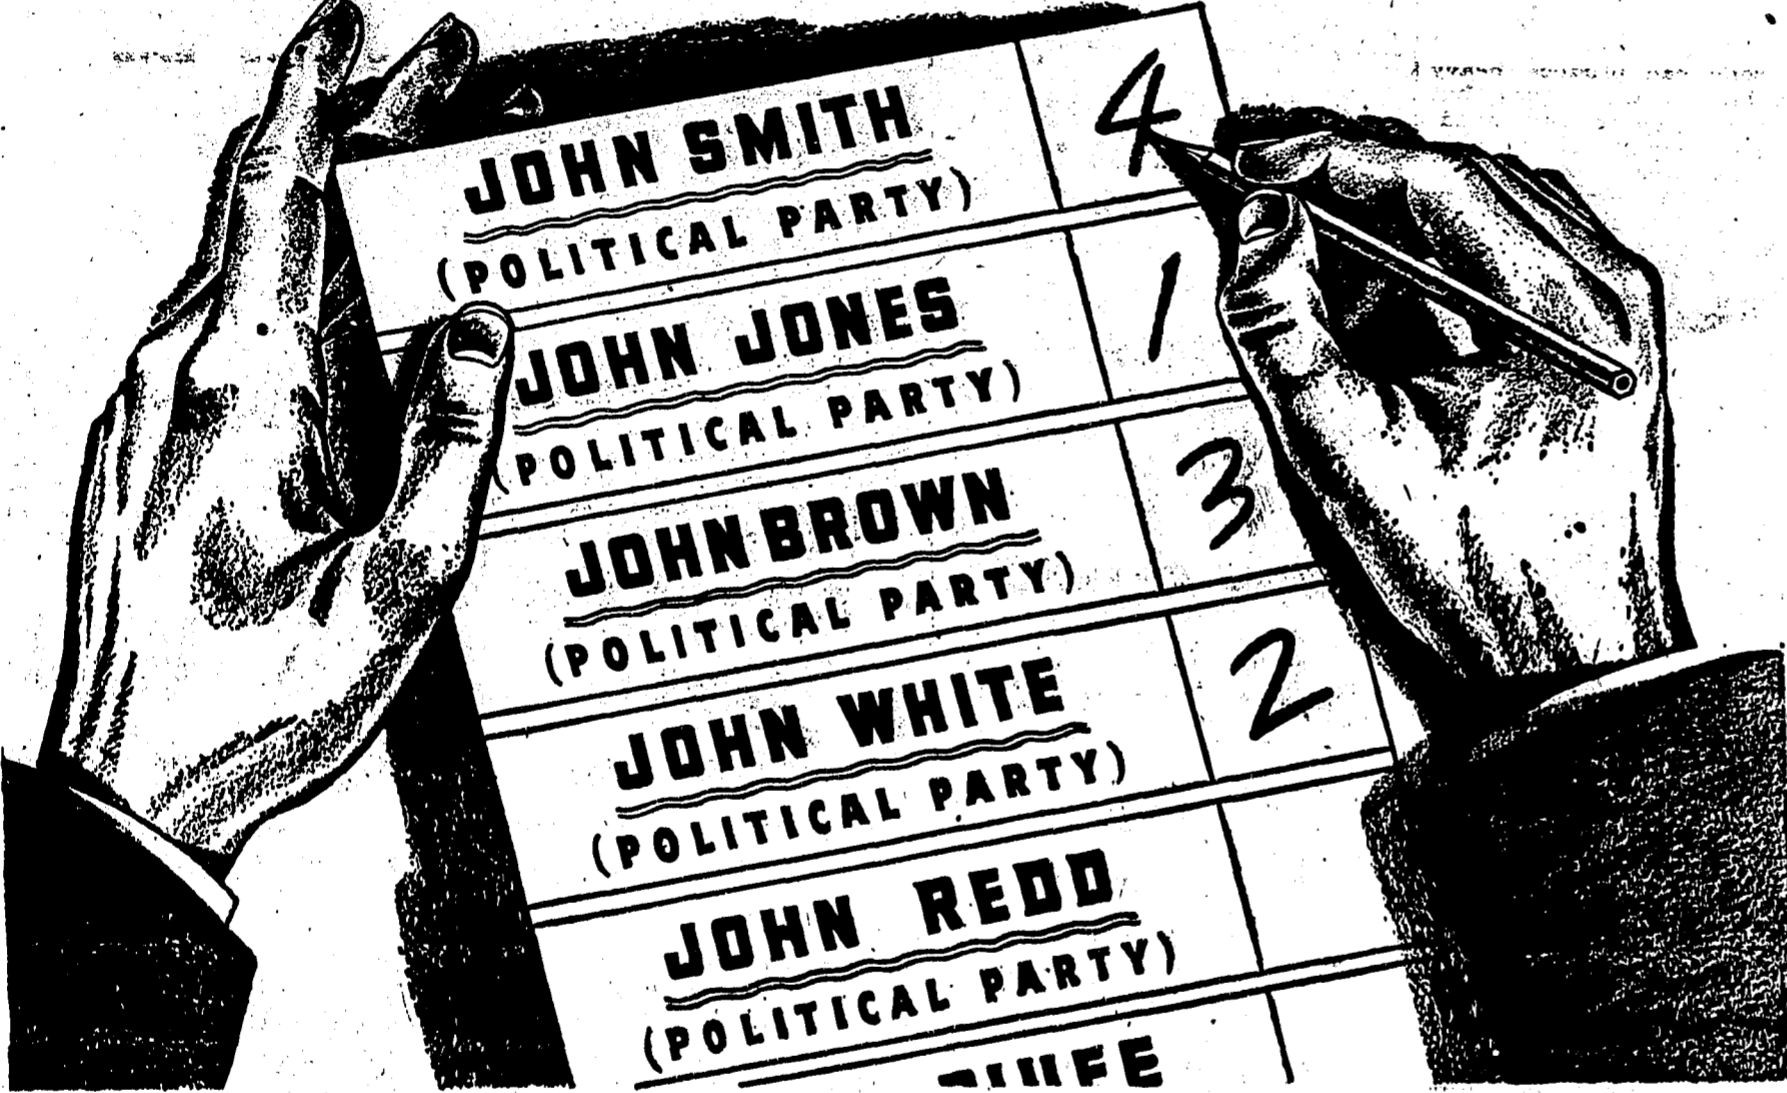

TRUSTEES CANNOT CLOSE SCHOOLS

Local school boards are not vested with power to close schools. F. T. Fairley, deputy minister and superintendent of education, has informed the BCFGA in relation to closing of schools for harvesting of fruit.

Col. Fairley adds, however, that the department of education "has always been most willing and anxious to help when the need is properly established and that we can act immediately on being informed of any local emergency. This department is usually guided by the recommendations of the department of agriculture as to the real need of depriving the young people of their education at such time."

This is the way to mark your ballot under Alternative Voting

Alternative Voting will be used in the coming Provincial Election.

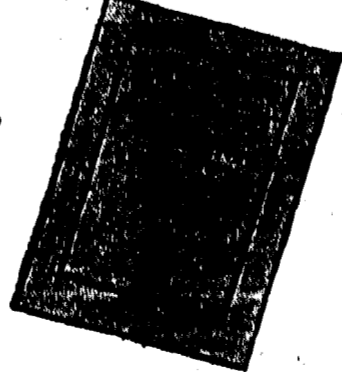

Explaining Alternative Voting briefly, it may be said that the voter has no longer to content himself with marking an X for just one candidate. He marks a first choice for his candidate, and then proceeds to make a second, third and possibly further choices for as many candidates as have been nominated.

On counting the ballots, if the highest candidate has an absolute majority over and above the total votes cast for all the other candidates, he is declared elected. If, however, no candidate obtains an absolute majority on the first count, a second count is required. Before doing this, the lowest candidate is excluded and the second choices on that candidate's ballot are transferred to the other candidates as indicated on his ballot. If the second count elects no one on an absolute majority, the next lowest candidate is eliminated making a third count necessary. This is continued until some candidate obtains an absolute majority.

It's Fair - It's Easy

Early Detection of Cancer of Stomach Now Possible Through New Method

A new method for the early detection of cancer of the stomach is being used at the provincial cytological diagnostic laboratory, situated in the British Columbia Cancer Institute in Vancouver. Chief technician at the cytological diagnostic lab is Denys Lock who, last year, spent several weeks in the Papanicolaou laboratory at Cornell University, New York, learning this technique and studying other extensions through a grant from the British Columbia Division of the Canadian Cancer Society.

In every case of cancer there is a stage when it is still curable but, since cancer is very slow to manifest itself, the difficulty lies in detecting the growth in this early stage. Pain, which would normally drive a person to his doctor, is seldom present until cancer is too far advanced for a cure to be effected. In the case of stomach cancer, major surgery has been necessary in the past before diagnosis could be made.

This new method employs the same principle as the Papanicolaou smear test which has been used for some time for the detection of uterine and cervical cancers. In the case of stomach cancer the device which is used consists of a double rubber tube (two tubes in one). At the end is an opening which allows fluids to pass in either direction.

There is also, at the end, a small balloon of thin rubber which is covered with a slightly rough silk net. The balloon can be inflated or deflated by the technician carrying out the test and, deflated, it is inserted through the patient's mouth and throat, down into the stomach. When it is in place in the stomach it is inflated and deflated several times, the object being, by gentle abrasion, to remove infinitesimally small particles of the superficial layer of the stomach lining.

A minimal amount of alkaline or salty solution is injected into the stomach through the open end of the tube and when this is withdrawn, by suction, it brings with it the cells which have been loosened during the abrasion.

At the conclusion of the test the balloon is gently withdrawn and the soft silk net is washed off. Any cells found either in the washing or in the withdrawn fluid from the stomach are examined under a microscope and it is possible then to detect in the great majority of cases whether any of the cells are cancerous.

Vernon Plays Host For Jubilee Week

C. A. Hayden, chief of the public relations department of Vernon's Diamond Jubilee committee, has issued a blanket invitation to Reeve C. E. Bentley and municipal council members and through them to all citizens of Summerland to attend Vernon's celebration days July 12 to 19.

Vernon is planning a special celebration to commemorate its anniversary this year.

Summerland's Board of Trade President W. M. Wright has also received an invitation to have members of his organization attend the functions during Diamond Jubilee Week in Vernon.

Committee to Plan New Cemetery Section

Councillor H. R. J. Richards is council representative to act with the board of parks commissioners and Water Foreman E. Kercher to lay out the new section of the Peach Orchard cemetery. This group will likely follow a plan which was originally devised by ex-Municipal Clerk F. J. Nixon, it was considered at last week's council session when Mr. Richards' appointment was confirmed.

RCAF Recruiting Unit Established In Okanagan

Opening on May 1st, the new R.C.A.F. Okanagan recruiting unit is designed to bring the same recruiting services to the Okanagan and Interior B.C. as are available in other important centres, such as Vancouver and Victoria.

Commanding Officer of the new unit is F/O Clare Angus, who is moving his wife and family to reside at Vernon, from which centre he will make regular visits to Okanagan and other interior centres. For instance, every Monday he will be at Penticton, and applicants from Summerland should see him there.

Angus says opportunities are so numerous and so varied in the R.C.A.F. under the new expansion scheme, that he has little trouble finding interesting openings for almost any kind of personality.

"Operating on mobile recruiting trips out of Vancouver," he says, "we found such a high percentage of good quality recruits in this area that it was soon obvious that we should open the new unit to make available to them the full career counselling service."

F/O Clare Angus

Supreme Court Is Studying Markets Act

The Supreme Court of Canada is this week questioning the federal government's agricultural products marketing act, Bill 82, which was passed in 1949 in order to extend the powers of provincial marketing boards to inter-provincial and export trade.

On Monday, April 28, the first sittings of the Supreme Court on this question were held.

Canadian Federation of Agriculture has employed counsel to defend the bill on behalf of the producers of Canada.

According to C. E. S. Walls, secretary-manager of the B.C. Federation of Agriculture, his group made representations to Hon. Gordon S. Wismer, B.C.'s attorney-general, to have this province represented at the Supreme Court hearing in order to defend the interests of B.C.'s fruit and vegetable marketing boards.

This representation to Mr. Wismer was supported by Hon. Harry Bowman, minister of agriculture. A brief is being presented

Ashnola Kennels Wins Canadian Championship

Pepper, the black and white female American cocker, which is the pride and joy of Mrs. W. H. B. Munn's Ashnola Kennels, captured a Canadian championship in the American cocker parti-color class at the recent big Kiwanis dog show at Vancouver.

By winning two classes, at the Vancouver show, Pepper's point total with previous wins at coast shows reached 11 points, more than enough for a Canadian championship.

Mrs. Munn also exhibited a junior pup Alberta Gunner from her kennels, the little fellow winning two points and making a good showing despite his tender years.

Trends in Education E. E. Bates' Topic at Greenwood Banquet

E. E. Bates, of the Summerland high school staff, addressed the Greenwood Board of Trade annual banquet on the subject of modern education on Wednesday evening, April 23. Says the Grand Forks Gazette:

"At the outset he outlined the various trends in modern education developing from the realists of 40 years ago through the idealists of 20 years ago to the progressives of the modern day.

"Each group had different ideas and methods of what should be taught school children, and how it should be taught and for what children should be prepared in life. Mr. Bates stated that he did not know the answers when it came to deciding which was the best system.

"He summed the three groups as follows: The realists were those who believed that students should be best prepared for life by a thorough understanding of reading, writing and arithmetic. The idealists believed everything should be scientific and if they had their way all education would be on a purely scientific basis. The progressives believe that the end result in education is the important thing, that is to educate children to be citizens of tomorrow.

"The speaker stated that in B.C. there was a hodge podge of education with the three systems being used in part, and the results either good or bad are yet to be seen. The present courses in British Columbia are designed to prepare the students for effective living when they graduate from school," he concluded.

Expect to Purchase New Loader-Bulldozer

Most council members travelled to Vernon on Wednesday, April 23, to view a loader-bulldozer which was offered by the Flinn Tractor & Equipment Co.

Reeve C. E. Bentley and Councillors F. M. Stuart, H. J. Barkwill and H. R. J. Richards, accompanied by Road Foreman Len Gould, made the trip.

It is understood that the delegation will recommend to the next council meeting that purchase of the machine be authorized. An allowance of \$750 was made in this year's budget for such a capital expenditure out of revenue.

WILL ONLY LEASE ON YEAR TO YEAR BASIS

Mrs. L. G. Gillard last week sought a five-year lease for DL 2880, a municipally-owned lot not in the municipal limits near the Kelly mine. Council has decided it should take steps to bring this property within municipal limits, but will not lease for more than one year at a time, subject to sale.

Engineers have great plans for payroll industries

in
**BRITISH
COLUMBIA**

**WILL INVESTORS
PUT UP THE MONEY?**

To change these tremendous projects planned for B.C. from mere blue-prints to job-giving reality at least fifteen hundred of millions of dollars must be invested in the next three years.

The money will come if investors feel it can safely be risked here.

When British Columbians overwhelmingly rejected Socialism in 1949, the result was a flood of vast new developments. The eyes of the entire world turned to B.C.

We can continue to attract capital, to grow, to see thousands of new jobs develop if we prove that as a people we favor sound, progressive public policies under a free enterprise form of government.

Let's keep the vital flow of new capital coming to our incomparable Province.

B.C. FEDERATION OF TRADE AND INDUSTRY

Wally Day Earns 4-0 Shutout as Kelowna Bows To Summerland Macs

Wally Day pitched championship ball for a full nine innings last Sunday despite a cold arctic breeze and some drops of rain, to humble Kelowna 4-0 and give his Summerland Macs the first win of the season.

Although he started to falter in the sixth, Wally kept right in there and with wonderful help from his fellow teammates, eked out a masterful victory.

The elongated Wally had ten strikeouts to his credit, two more than losing pitcher Johnny Wishlove, who has stepped up from junior ranks for the first time.

It was a game which had plenty of thrills, including George Taylor's leap into the air to spear one-handed a hard-driven ball by Johnny Lingor which was ticked for four bases, and in the same inning Babe Kuroda's shoestring catch for the third out to keep the shut out intact.

Kelowna's hockey players bolstered the visiting ball club as Jim Lowe showed to advantage in centre garden, while Roche behind the plate and Joe Kaiser at second are valuable acquisitions to this year's team.

Sandy Jomori played heads up ball at short to handle six chances without a miscue while Taylor, after letting a bouncer get past him for three bases settled down and covered the centre pasture in his old sure-fire style.

But it was the moundwork of two young pitchers which held the centre of attraction and Wally Day earned every inch of the big shut-out.

Taylor Scores First
What proved to be the winning run came in the second when Taylor got the first single for the Macs, stole second and scored on Jomori's clout after, Kaiser had booted Aikins' hard-driven grounder.

Day faltered a bit in the third when he walked the first man up, but two strikeouts and an easy grounder to the pitcher held the Kelowna men to third base.

Then came the sixth when Tostenson failed to get past second despite Lingor's mighty clout to deep centre and Jomori's shoestring catch made the third out.

The eighth saw Kelowna get two men on via the walk route, but Lingor flied out again to end the rally.

In the bottom of the eighth, the Macs at last got to Wishlove. They had been threatening all game but couldn't quite crack through before.

Kuroda drew a walk but Kato fanned. Taylor got hold of one to his liking to drive it into centre field for three bases, scoring Kuroda. Metcalfe was at bat when Roche threw the ball sloppily to the pitcher and Taylor scored easily on the overthrow.

Wakabayashi, Wishlove's running mate last season, relieved him on the mound after Metcalfe singled, to right. Aikins doubled Metcalfe home but went out at second when Jomori hit into a double play.

In the ninth, Kelowna threatened once more with men on first and second with two away when Roche took too big a lead off second and Day whirled and whipped the ball to second for the third-out, and the end of the ball game.

Umpiring of the bases left a lot to be desired, but the breaks were evenly divided so there wasn't too much room for argument.

This Sunday, the Macs play their first away game when they travel to Kamloops.

Summerland 4, Kelowna 0.
Oliver 12, Kamloops 7.
Penticton 18, Vernon 5.

Toggy TOMMY IVAN, the coach of the Stanley Cup champions Detroit Red Wings, who has done such a notable job in balancing the motor city crew. He had the team in top form for the finals, winning the cup in straight games. The Wings ousted Toronto in four games in the semi-final, rested while the Boston Bruins and the Montreal Canadiens battled through a seven-game series, and then polished-off the Canadiens in four games.

BC Inland Rifle Shoot Contests Are Enumerated

Entry forms have been issued to rifle clubs throughout the interior and at the coast for the sixth annual meet of the B.C. Inland Rifle Assn., to be held on May 24 and 25 at Vernon, according to John F. Khalembach, Summerland association secretary.

On Saturday, May 24, the meet starts at 10 a.m. with contestants competing for Matches No. 1 and No. 7. At 1:30, Matches No. 1 and 7 and 9 commence, while at 3:30 Nos. 1 and 8 go on.

Competition are as follows: No. 1, Price-Ellison cup, 200 yards, open, 2 sighters and 10 shots to score.

No. 2, CM & S cup, 600 yards, as No. 1.

No. 3, Fish Lake and Summerland cup, 200 yards, 2 sighters and 7 shots on score.

No. 4, Osborne McPherson Memorial cup, 500 yards, as No. 3.

No. 5, City of Kamloops cup, 600 yards, as No. 3.

No. 6, Sweet Caporal shield, teams of five members, counting scores in Nos. 3, 4 and 5.

No. 7, Summerland shield, teams of eight members, counting scores in Nos. 1 and 2.

No. 8, City of Kamloops challenge cup, coached team match, one from interior and the other from the coast.

No. 9, William Louie trophy, teams of four members, counting scores in No. 2.

No. 10, 7-shot handicap match, from 600 yard range, to entertain shooters while the prize list is being compiled.

The all comers aggregate is the Lt. Governor C. A. Banks trophy, while the E. W. Work trophy goes to the winning tyro shot.

J. Khalembach Gets April Gold Button At Rifle Range

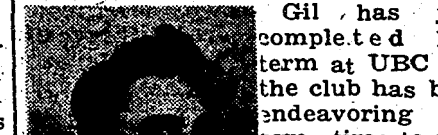

With a brilliant 97, John Khalembach not only led scorers at the Summerland Rifle club shoot on the Garnet Valley range last Sunday but also captured the gold button for April.

In a shootoff, Len Shannon captured the silver button and E. Gillespie the bronze button for the best second and third scores during the month.

Complete results of last Sunday's shoot are: J. Khalembach 97, E. Gillespie 96, George Dunsdon and Dewey Sanborn 95, Steve Dunsdon 94, Dave Taylor 93, Len Shannon and Herb Simpson 91, Bill Young and Art Dunsdon 90, Fred Dunsdon, Ed Gould and Phil Dunsdon 89, Murray Elliott 88, Jill Sanborn 80, Pop Dunsdon 75, Jack Dunsdon 72, George Stoll 68.

Gil Jacobs to Hurl for Macs

Summerland Macs are rejoicing today, with word that their big left-hander Gil Jacobs has accepted a job in the district and will be available for hurling duties in the 1952 season.

Gil has just completed his term at UBC and the club has been endeavoring for some time to find him suitable employment so that he would be available for the ball season.

With both Wally Day and Gil Jacobs as right and left handers respectively, and Ken Brawner as a coming prospect, the problem of mound duties for the Macs should be at an end.

LOSES LEG AT HOSPITAL

W. H. Tassell, well-known piano tuner, is a patient in Kelowna General hospital, having undergone a leg amputation.

Executive of Curling Club Told to Close Deal for Plant

Executive of the Summerland Curling Club has been instructed by its general membership to proceed with the closing of a contract for the installation of artificial ice in the curling section of the arena.

This was the decision of some forty curlers who gathered in the high school library on Wednesday evening, April 23, and discussed all phases of the installation.

Bids on several types of installation were received, with varying price range according to specifications. Prices quoted went from under \$15,000 to \$22,000.

So many angles to the installation of artificial ice on three sheets were considered by the general membership that it was decided no firm decision could be made until further investigation of the exact needs of the club was made.

Consequently, the executive was asked to discuss the project further and close the deal.

Close at End of June

Also, it was decided that the general membership drive would be closed at June 1, when 120 members either paid up in full or partially paid up would be considered the active participants in the new artificial ice deal for 1952-53.

If the full quota of 120 has not signified its intention of participating by that time, the executive has power to throw open its active membership list to persons in neighboring communities who might wish to participate.

Membership in the curling club utilizing artificial ice has been set at \$100. An inactive membership list, valued at the same amount, and bearing interest payments each year is also being prepared. These inactive members would have restricted playing privileges in the club, it is explained.

President Walt Toews and Past President Cecil Wade made a hurried trip to Revelstoke last week to inspect the artificial ice arena there. They reported to Wednesday's meeting.

ELKS SPONSOR BASEBALL

Princeton Royals are to be sponsored in their entry into the Upper Fraser Valley baseball league by the Princeton Elks lodge.

ARENA WALLS STIFFENED

PENTICTON—East and west end walls of the Penticton memorial arena are being strengthened and the big structure should be re-opened next week. A quotation of \$3,220 by Kenyon & Co. was accepted to install stiffeners.

Huge Revenue from US Hunters In BC Threatened This Fall

Nearly a third of the near-million dollar revenue of the fish and game department is threatened this year because of the foot and mouth disease and the United States embargo on animals of any kind except bear being imported in that country. Game Commissioner James Cunningham told the annual social meeting of the Summerland Fish and Game Club in the IOOF hall last Friday evening.

A full hall greeted the game commissioner, who showed some colorful pictures of wild life following his short talk on problems of his department throughout the province.

Situation Looks Grim
"It looks mighty grim," was the burly commissioner's prediction of the visiting hunters' prospects for this fall. They paid \$363,000 in licenses last year and the great percentage of this revenue to the department will be lost, he predicted.

Also, a thousand guides throughout B.C. face unemployment this fall.

Mr. Cunningham adopted a halting attitude in some of his remarks, taking a few passes at Avery King, president of the B.C. Fish and Game Council, and challenging the Princes Rupert club for statements which were released in a Vancouver daily recently.

He is anxious to see the B.C. Council go ahead, however, and pointed out that the commission is providing \$5,000 towards its operation. On pheasants, \$40,000 is being allocated to research and other propagation work, while bounties amount to \$148,000.

Mr. Cunningham referred briefly to the "bad luck" experienced last year by the local fish hatchery and declared that the commission biologists and Fishery Manager Higgs are not in entire agreement on the cause of the loss of a large percentage of Kamloops trout.

Mr. Cunningham announced that fish are being brought in from the coast to supplement the Summerland hatchery supply for distribution to interior lakes and streams.

He also stated that Dr. Larkin is taking over all fish culture research in the province.

Will Oppose Cabinet
The game commission is not afraid to oppose the government in anything which it believes would be detrimental to the interest of the sportsmen, he insisted, stating that the possible loss of a valuable bird feeding area on Sidney spit, Vancouver Island, will be opposed by the commission before the cabinet.

"I've opposed the cabinet before and I will do it again," he emphasized. "I'm not afraid to fight the government but there is a time and place to do it."

Mr. Cunningham declared there will be no decision on the deer season until June when the result of the winter season, after advice from the biologists, will determine if the proposed two bucks will be allowed.

If there are to be no incoming hunters, an increase in the harvesting of moose by local hunters will be necessary and it may be found that an open season on cows will be essential.

W. Snow, president of the local fish and game club, was chairman of the evening and called on Reeve C. E. Bentley and J. R. Armstrong to bring greetings from the municipal council and board of trade respectively.

Avery King, Penticton, president of the B.C. Fish and Game Council, was another guest speaker, expressing his delight in finding so many young people present to take an interest in wildlife preservation.

He urged members to attend the annual B.C. Council convention to be held at Vernon later this month.

Jim Peter and Jake Knipplberger provided musical entertainment prior to supper and dancing.

RCAF Opens New Okanagan Unit

For the four summer months, starting May 1st., the new R.C.A.F. OKANAGAN RECRUITING UNIT will bring a complete, full-time Recruiting Service to the Okanagan and Interior B.C. Stationed at the unit is a skilled staff, specially trained in matching the great variety of Air Force trades and occupations to the needs of those enquiring about Service Life.

There is a job to YOUR liking waiting for you in the expanding Royal Canadian Air Force! Consult the Career Counsellor at the R.C.A.F. OKANAGAN RECRUITING UNIT in Vernon... or see the Mobile Recruiting Officer when he calls at the Legion Hall in Penticton on any Monday. Remember, the Air Force trains you 'from the ground up' on the finest equipment in the world! Skilled men and women... especially Veterans... are also urgently needed in today's Jet-powered R.C.A.F.

You owe it to yourself to check the career opportunities now available in the modern

MORE ABOUT—

Kiwanis

Continued from Page 1 masquerading as Derk Sneath, who carried out most of Simon's nefarious schemes. He was a nasty piece of goods, to say the least.

Also aiding Simon in his scheme to undermine the good name of Truman Pendennis and turn the railroad workers and his fiancée, Prudence and her mother against him was Carlotta Cortez, who operated the Paradise Cafe and a suit of rooms therein. Don Cruickshank did an excellent job in the role of Carlotta.

She lured the unsuspecting Truman into her boudoir, plied him with strong drink and disgraced him. The railroaders foresook their jobs, joined Derk at the bar in the Paradise where Hilly Smith wiped the polished surface in convincing style and refused to operate the mail train.

Also mixed up in this intrigue was Jack Dunham, as Fifi, Carlotta's maid, and Beulah Belle, the extremely buxome blonde, who turned out to be none other than Fred Schumann.

Bob Alstead was Fred Wheelwright, the engineer, while Frank McDonald played the part of the sheriff—no melodrama would be complete without one.

Truman Pendennis' right-hand man was the lisping, meek and mild Harold Standfast, played by Leighton Nesbitt. It was dear Harold who eventually gave the final evidence which convinced the railroad men that Simon Darkway was really as sinister as he sounded and they should go back to work.

Truman is trusted to the broken rails as the mail train rumbles onward to its doom, but his dear love Prudence comes to his rescue and all is saved—and the villain goes to jail.

Among the railroad men were Jack Dunsdon, George Henry, Joe Sedlar, Marcel Bonthoux and John Betuzzi.

Credit for the excellent set designs goes to Father A. M. Meulenbergh, who was assisted by Frank McDonald in a lot of the construction.

At the piano, providing suitable music were Ken Henderson of Pen-ticton and Lashley Haggman of Summerland. The Summerland Band was also in attendance and was given enthusiastic applause for its renditions.

Although the set designs and costuming were elaborate, the only properties rented for the show were the wigs, parasol and the villain's cloak.

Leighton Nesbitt had charge of the lighting, while scenes were shifted by the back stage crew consisting of Bartender and Prompter Smith and the railroad crew. Sound effects were managed by Father Meulenbergh.

Costumes and other effects were designed, made or borrowed by Mrs. Lacey Fisher, Mrs. Bill Laidlaw, Mrs. J. E. O'Mahony, Mrs. C. F. N. Guernsey, Mrs. F. W. Schumann, Mrs. Ed. (Hilly) Smith, Mrs. Ken Heales and Mrs. M. Scott.

Mrs. A. K. Macleod and Mrs. Lacey Fisher had charge of make-up, assisted by Mrs. Guernsey, Mrs. O'Mahony, Mrs. Smith and Mrs.

WILL ATTEND MUNICIPAL EMPLOYEES' CONFERENCE

Gordon Smith, municipal clerk, has been granted leave of absence by the Summerland municipal council to attend the annual municipal employees' conference to be held this year on June 19 and 20 at Victoria.

Laidlaw.

Only members of the cast who did not belong to the Kiwanis club were Leighton Nesbitt, Don Cruickshank and Jack Dunham.

A \$10 door prize was given away to the holder of the lucky ticket, Mrs. Bert Berry.

Past Lieutenant-Governor Red Graham of Oroville and a group of his friends from south of the border were appreciative spectators of the well-applauded show.

Vol. 7, No. 19

West Summerland, B.C., Thursday, May 8, 1952

Friends, Neighbors, Rally To Aid Gillard Family Who Lost Home in Fire

A blaze of unknown origin completely demolished the recently-acquired home of Mr. and Mrs. W. G. Gillard shortly after two o'clock Sunday afternoon. More than half the contents of the house was saved, but many valuable possessions of the Gillard family were lost in the blaze.

With the help of local organizations, friends and neighbors the Gillard family has renovated another building on the property and has taken up temporary residence in the new quarters.

It was early Sunday afternoon that the Gillard family, having just settled down for lunch, heard a crackling and smelled smoke. Investigation revealed a fire had commenced on a rear porch and while trying to put out the blaze there it was discovered that it had swept up the building into the upper story.

First attempt by Mrs. Gillard to call the fire brigade was not successful, it is understood, but eventually a call was put in and neighbors also appeared on the scene to assist.

It took only seven minutes for the brigade to reach the Gillard property at the top end of Prairie Valley from the time the alarm telephone sounded, but by that time the house was nearly engulfed.

Only water available was from the tank on the fire engine and attempts to get the fire engine through the orchard to tap a creek supply proved futile.

Fire Chief Ed Gould doubts if water had been available that much of the house could have been saved, as the blaze had got a tremendous start.

Most of the contents of the living and dining rooms and the master bedroom downstairs were removed, but the contents of the children's bedrooms upstairs were completely lost.

Also destroyed were most of the appliances in the kitchen including kitchen stove, washing and sewing machines and a cream separator.

Built 45 Years Ago
The house is one of the oldest in the district having been constructed about 45 years ago. It was solidly built but once the fire got a start in the old timbers it blazed up fiercely.

Neighbors and the fire department managed to save better than 50 percent of the Gillard household belongings.

The house and contents were partly covered by insurance but not on a replacement basis.

Since Sunday's fire, friends and neighbors have been very helpful in getting the unfortunate family settled in new quarters.

Another building which was once a packinghouse was available on the property and it is being renovated for use as a dwelling as a temporary measure.

A number of organizations have signified their intentions of assisting the Gillard family and, in order to avoid duplication, the Summerland Welfare Committee was pressed into service to detail the requirements.

Consequently showers by Prairie Valley residents and by Lakeside United Church WA members are being arranged, the Red Cross has requisitioned for blankets and other organizations have signified their intentions of assisting.

In a time of emergency, the friendliness of people in a small community has once again been readily demonstrated in this case, it is stated.

Mr. Gillard is well-known as the agent at the CNR office in Summerland. He and Mrs. Gillard recently acquired orchard property and their new home in Prairie Valley for themselves and three children.

Look for Many Visitors at Local Hospital

Next Wednesday afternoon, May 14, will be Open Day at the Summerland General Hospital. Everyone in the district is being invited to inspect this public institution and gain a first-hand knowledge of the equipment and services which it provides.

Mrs. J. R. Butler, matron and J. E. O'Mahony, administrator, have arranged that visitors will be conducted through the building and given an insight into the operation of various machines used in modern hospitals.

Afternoon tea is being provided for visitors following their tour of the hospital.

The visit will commence at 2 o'clock that day and continue until 4 o'clock. Tea will be served out of doors, if the weather permits, or in the nurses' home from 3 to 4 o'clock.

President C. J. Huddleston will welcome the visitors during the tea hour on behalf of the Summerland Hospital Society.

"I hope that several hundred people will turn out to take advantage of this Open Day," Mr. Huddleston told The Review today. "After all, the people of Summerland district pay for the upkeep of the hospital and should be acquainted with its operation."

National Hospital Day is actually on Florence Nightingale's birthday, Monday, May 12 but it was considered that a Wednesday afternoon Open Day would be more suitable to a larger number of persons.

Explosion Hurls Frank Young About 20 Feet

Frank Young and Bert Fraser had a narrow escape from more serious injury last Saturday afternoon at the latter's orchard when a generator used in connection with Mr. Young's acetylene welding equipment caught on fire on the back of his truck.

Mr. Young was closer to the burning generator and he lunged forward, grabbed a handle and dragged the equipment off the truck with one tug.

Just as it was landing on the ground the acetylene exploded, the concussion sending Mr. Young hurtling back about twenty feet. The generator blew into the air, the blast also affecting Mr. Fraser, who was standing farther away.

Neither man was hurt, although Mr. Young did receive a severe shaking up. He saved his truck from demolition and his welding equipment is covered by insurance. But it was a narrow escape, all the same.

Damage by Frost Not Too Serious

Frost damage in Summerland is spotty, with the main sections affected being Jones and Siwash Flats and low spots such as one or two in Happy Valley, A. W. Watt, district horticulturist, declared to The Review this morning.

Although it is still too early to make a positive prediction, he does not think that any amount of commercial damage has been done to the fruit crop here.

Peachland shows little signs of frost damage and Westbank is about the same as Summerland, he has found.

From the bottom end of Garnet Valley over Jones Flat and Siwash Flat there has been considerable frosting of blossoms in patches, he has found.

Cherries and some apple varieties, particularly Delicious, are reported as the main blossoms affected.

But not even in cherries does Mr. Watt believe there is any appreciable commercial damage to the crop as a whole.

He warns that growers, especially in the areas mentioned, should check their buds carefully before using any blossom thinning sprays.

Only one evening in the past week was any frost recorded at the experimental station. Sunday evening—Monday morning, the thermometer registered 29, or three degrees of frost.

On Jones Flat, five degrees of frost were registered on reliable thermometers that same morning.

Drive Reaches \$600 This Week

J. E. O'Mahony, chairman of the Conquer Cancer campaign in Summerland for the Kiwanis Club, reported at Monday's weekly supper meeting in the Nu-Way Annex that contributions to that date had totalled \$600.

There are still a number of Kiwanians who have not completed canvassing their territories. Mr. O'Mahony noted, and he urged that they do so as soon as possible as the campaign was to have closed officially at the end of April.

The two previous years the Conquer Cancer campaign yielded more than \$1,000 and the drive chairman is hopeful that this year's effort will not fall short of that objective.

Expect Garrish to Continue As BCFGA Prexy Next Week

History is being made in Kelowna next Thursday when the final meeting of the BCFGA directors, who are also B.C. Fruit Board delegates, is held for the purpose of selecting officials to operate the highly-organized fruit industry setup.

Officers named next Thursday will hold office until the first of the year only, when the annual meeting of the BCFGA will elect the new heads on the recommendation of the district councils.

This is the first major change in fruit industry setup since 1939 when the sales agency, B.C. Tree Fruits Ltd., was instituted.

It is considered that A. R. Garrish of Oliver will be returned as president of the BCFGA, while the only major change in the executive announced so far will come about with the withdrawal of George A. Lundy, of Oliver, from active participation in grower affairs.

Attempts were made to have a local grower recommended to fill Mr. Lundy's position on the central executive but without success to date.

The annual B.C. Fruit Board meeting will be held at 1 o'clock next Thursday morning at Kelowna and after the three-man board is nominated—and elected if only three candidates are forthcoming—the grower delegates will become BCFGA directors and will proceed with BCFGA business.

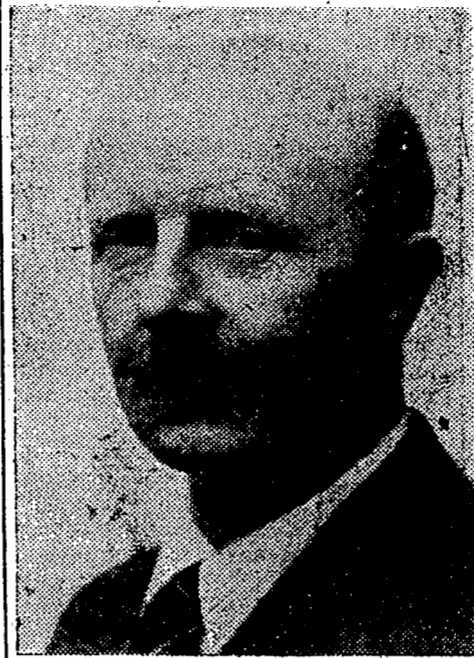

Next January, the district councils will name representatives on the executive and will recommend nominees for governors of B.C. Tree Fruits Ltd., and directors of B.C. Fruit Processors Ltd. These selections will go before the annual convention.

In 1953 the central executive will consist of a president and seven directors elected by the district councils for their respective areas, two coming from the North-Okanagan-Mainline, two from the Central Okanagan, two from the South Okanagan and one from the Kootenays.

Out of this resolution came B.C. Tree Fruits Limited the following June.

Mr. Lundy is an extensive grower of stone fruits and apples, with a fine orchard adjacent to the main highway, a few miles north of Oliver.

Pro Con Candidate

W. B. Hughes-Games

Who was named last night as Progressive Conservative candidate for South Okanagan riding at the nominating convention in Kelowna.

Building Keeps Active Along Ordinary Lines

Summerland stands right alongside several much larger interior centres in building activity but still falls behind other year's building values as there has been no large construction commenced in the district so far this season.

In April six new dwelling permits for a value of \$20,900 were taken out, along with a similar number of permits for alterations and additions, valued at \$2,225. These 12 permits amounted to \$23,125, bringing the total for the first four months of the year to \$54,150.

This total just edged April 1951 by a small margin, at \$22,375, but the four-month total last year was \$62,425, including the Occidental \$25,000 cold storage addition.

Mrs. G. Ritchie is WI District Officer

Mrs. Gordon Ritchie, past president Summerland Women's Institute was elected to the district executive of the Institute at the spring district meeting held at Naramata yesterday.

Others attending yesterday's conference were Mrs. R. C. Palmer, president, Mrs. E. M. Hookham, Mrs. E. C. Bingham, Mrs. A. Inch, Mrs. D. Turnbull, Mrs. E. Farnoch, Mrs. M. E. Collas, Mrs. H. C. Whitaker, Mrs. Ann Bingham, Mrs. C. C. Strachan, Mrs. Gilman and Miss Bletham.

W. B. Hughes-Games Given Rousing Acclaim as New Conservative Candidate

In what could be described as an "old-time political rally", delegates to the South Okanagan Progressive Conservative nominating convention in Kelowna last night gave rousing consent to W. B. Hughes-Games ex-Kelowna mayor as Progressive Conservative standard bearer in the forthcoming provincial election.

Summerland was much to the fore in last night's unanimous selection of the Orchard City man, having a third of the delegates present. C. V. Nesbitt, vice-president of South Okanagan Pro Cons and president of the Summerland association, moved the nomination and Alderman R. F. (Dick) Parkinson, who has been associated with Mr. Hughes-Games for twelve years in city work, seconded the nomination.

Declaring himself as fully aware of the needs of this riding after so many years in public office, Mr. Hughes-Games accepted the Progressive Conservative nomination only after hearing the platform as expounded at last week's provincial convention in Vancouver, he said.

"Almost without exception I can subscribe to every plank in the platform," Mr. Hughes-Games declared, that one exception being the hospital insurance non-compulsion, non monopolistic insurance scheme advocated by Leader Herbert Anscomb.

"This will have to be considered carefully, as I'm not too sure about the non-compulsion," the new candidate added, having been a secretary of the Kelowna Hospital Society for many years and having gained considerable knowledge of hospital administration and problems in that time.

Three Main Points

He believed that he has always had progressive ideas in civic administration and he promised to continue to have progressive ideas and to work towards the preservation of those things which are worthwhile—those things which the Progressive Conservatives stand for, he emphasized.

In presenting himself as a candidate, Mr. Hughes-Games indicated three main points.

"1. I don't think South Okanagan has been properly represented for the last number of years. In administering the city, we got no help from our late member," pointing out that any approach to the government by the City of Kelowna had to be done directly between city representatives and the cabinet members with no help from the sitting member.

"2. Social Credit is a distinct threat to our way of life and our freedom. It is my intention to fight what I think is a threat to us. I'll tell what Social Credit may mean to us. (He added that he meant Social Credit as it is being advanced in this province).

"3. In Hon. Herbert Anscomb, we have the most outstanding political administrator in B.C. today." He declared that many persons point to Mr. Anscomb and C. D. Howe as to the two best administrators in Canada. "He is the most qualified man to lead the province," Mr. Hughes-Games concluded.

C. G. Beeston, South Okanagan Pro Con president, who opened the sessions with a resume of the Conservative platform and the provincial convention last week in (Continued on Page 8)

Associated Boards to Have New Officers at Wednesday's Meeting

Next Wednesday evening the re-organizational annual meeting of the Associated Boards of Trade of the Southern Interior will be held at Okanagan Falls, and it is anticipated that more than fifty representatives of twelve boards of trade will be in attendance.

J. R. Armstrong of Summerland is acting president and Lorne G. Perry is acting secretary, instructed to proceed with the reorganization until a general meeting can call new officers.

Delegates from Summerland will be appointed at the quarterly dinner meeting of the Summerland Board of Trade at the IOOF hall tonight.

Speaker at this session will be E. E. Sandall, of the firm of Rump & Sandall, Langley Prairie, invited to come to the Okanagan by Walter M. Wright, local board president.

Twelve New Canadians Are Given Certificates by School Board

An interesting part of the program of the regular meeting of the Parent-Teacher Association held on Thursday evening, May 1, in the library of the high school was presentation of certificates to those who had been taking the course in English and Citizenship for new Canadians in night school for the past five months.

Mr. W. J. Schwab has been teaching this group which numbered twenty-three at its inception last fall.

For various reasons some of the students were not able to continue, and in all twelve finished the first year of this two-year course satisfactorily, and were given recognition by the Summerland school board in the presentation of a certificate showing their achievement.

School Trustee, J. Y. Towgood addressed the meeting and more particularly those receiving awards, saying that language contributed to understanding and could be a great factor in international understanding if there were a common means of communication.

Rotary Clubs To Come Here For Picnic

Between 200 and 300 Rotarians will visit Summerland district on Sunday, June 29, directly after the annual assembly conference of club presidents and secretaries called for Penticton on June 27 and 28 by the new governor of Rotary District 153, Ed Smith of Wenatchee.

This was the announcement made by Reid Johnston, Rotary Club of Summerland president, following his return last week from Yakima, Wash., where he and a number of Rotarians attended the district conference.

Governor Former Resident

Ed Smith of Wenatchee is a former Summerland resident and is well-known to many Okanagan residents as he operated the first ice house in Summerland and was responsible for the first cold storage operation in the Okanagan.

For some months local Rotarians have been planning a basket picnic gathering at the Summerland experimental station, on June 29 and 30, issued invitations to all clubs in District 153.

But local Rotarians never dreamed they would be able to entertain, as well as a large number of Rotarians from nearby clubs on both sides of the border, the annual assembly conference called by the newly-elected governor.

This will mean a much larger affair and already plans are being made so that basket picnic lunches can be provided for those visitors to Penticton who otherwise could not provide their own repasts.

The experimental station is especially lovely at that season of the year and local Rotarians expect their visitors to be delighted with the many beauties of the station.

Ross McLachlan is chairman of the committee in charge of this big international gathering of Rotarians and Rotary Anns.

Last Friday evening's Rotary weekly supper meeting at the Nu-Way Annex heard a detailed report from Dr. W. H. B. Munn on the Yakima district convention, while President Reid Johnston added further comments.

Others in attendance at Yakima were President-elect, S. A. MacDonald, Francis Steuart, Mel Ducommun and their Rotary Anns.

NOTES FROM PARLIAMENT HILL

Abbott's Absence An Example Of Government's Disdain

By O. L. Jones, MP for Yale

Hon. James G. Gardiner, minister of agriculture was faced with a barrage of criticism over his refusal to produce correspondence that had reached Ottawa from Saskatchewan in connection with the foot and mouth disease. Six weeks ago, the house unanimously approved the tabling of those papers but Mr. Gardiner chose to withhold them without giving the reason until forced to do so by John Diefenbaker.

It then turned out that some of the letters could be used to the detriment of members of the civil service. Mr. Gardiner gave this as his reason for withholding them. On the other hand, the Commons took the view that the minister of the crown had defied an order of parliament and were determined that such highhanded methods would not be tolerated. It all ended peacefully when Mr. Gardiner tabled the papers.

The committee on defence expenditure has resumed its meetings after the Easter recess. So far we have been studying a vast volume of figures and other information relative to our defence commitments. The committee sought to discuss the recent thefts at Petawawa camp but the chairman disallowed the request on the ground that persons involved were yet to

appear in a court of law and any discussion that might take place in connection with this could prejudice their case. Later on the subject will be reintroduced after the trial has been disposed of.

The Canadian National Railways pension scheme was under discussion when it was revealed that 3,256 ex-employees were in receipt of a pension amounting to only \$25 per month. Several speakers taking part in the debate urged the government to set an example by improving the pension scheme and at the same time taking care of the ex-employees who are retired on this very low pension. This suggestion has been passed on to the house committee on railway matters.

Absence of Finance Minister
The absence of Finance Minister Abbott from Ottawa during the debate on the budget came in for strong criticism by the leader of the opposition.

Parliament at this time is discussing and supposedly examining the major government measure of the session, the budget. Yet we had the extraordinary spectacle—one, we believe, without precedent in all the years since Confederation—of the minister of finance being absent. From Wednesday (Continued on Page 8)

George Lundy Retires from BCFGA Activity

George A. Lundy of Oliver, is retiring from official participation in BCFGA affairs, which includes the activities of the association's central executive, of which he has been a member for ten years, and also the activities of various industry committees, according to a news release from C. A. Hayden, public relations chief for the BCFGA.

This means that Mr. Lundy will not be a candidate for the central executive at the directors' annual meeting in Kelowna, on Thursday, May 15, and that his place will have to be filled on the soft fruits section of the pooling committee and on the industry labor and box shock and container committees. Mr. Lundy has been a member of these committees for years.

He was also a member of the tree loss committee when this was functioning.

He was one of the founders of the BCFGA Mutual Hall Insurance Company and served as its first president, retiring recently and being succeeded by Capt. E. A. Titchmarsh of Penticton.

Mr. Lundy, along with the Kootenay-Creston member of the central executive, John E. Hall, Jr., of Erickson, were keen supporters of the central selling campaign fourteen years ago and were at the 1939 Golden Jubilee BCFGA convention at Vernon at which the historic resolution, authorizing the setting up of a growers' one-desk agency, was passed.

Signifying Nothing *By* RUSTICUS

What's your favorite dream of getting rich quick?

Sweepstake tickets are very popular at this time of writing. ("Say, dja hear about the ole lady in England who won \$400,000 on a \$2 ticket?") So are oil wells and shares in same; if a fella could only go to Alberta and get in on the ground floor of one of those new oil wells—well, he'd get pretty well oiled, wouldn't he?

Aside from such seasonal popularities, the old favorites still draw their thousands. Like finding buried treasure, for instance. Never heard of much of this in the Okanagan; nearest thing to it is Dr. Andrew's story of the old days when freight was delivered by boat, and a couple of treasure-hunters used to hide under the wharf and bore up from beneath to tap kegs of whiskey, until one time they hit a coffin by mistake.

But no one who has read the book or seen the movie of Treasure Island is immune to occasional visions of a whole sea-chest full of rubies and emeralds, doubloons and pieces of eight, by thunder. There's nothing nicer than sitting back in an easy chair and dreaming of tossing the last few shovelful of sand off the top of that chest and lifting up the lid. The digging is a lot easier that way, too. Fetch aft the rum, Darby.

Or maybe you dream of getting your gold more in the natural

state, by prospecting. Even the thought of squatting by a stream and swirling a heavy gold pan and being splashed by cold water becomes bearable when you picture the bottom of that pan fairly thick with flakes and nuggets of solid gold.

Though I prefer diamonds, myself. I've never forgotten the story of the South American explorer, watching an Indian woman washing clothes on a primitive washboard of stones set in clay, who noticed the dull glitter of some of the stones and discovered they were actually diamonds. Wouldn't that be something! You can have your electric washing-machine any time; just give me my old diamond studded washboard.

Then there's uranium. One afternoon I wuz rambling along the shoulder of ole Bughouse Mountain, enjoying the sky and the scenery, when my Geiger counter started chattering like mad and there she was, boys, the biggest uranium find of the century.

But, that's too modern—and a little sinister. Let's get back to the older treasure pleasures.

If you're nautically-minded, what about rowing out in the bay some calm morning and finding a great chunk of hard grey smelly jelly floating there, and realizing it was ambergis—a hundred thousand dollars or so off the hoof? A couple of youngsters did just that out

of Vancouver one time, the story goes. It was quite a job getting the slippery wet stuff aboard, but they didn't begrudge the time.

Or if you're the neat business type, how about playing the stock market? A few thousand shares of Summerland Sewage Preferred, bought at 14 cents, would be a tidy little nest-egg if the price soared to forty bucks. If you prefer outdoor stuff, but not the roving kind, there were people who made small fortunes out of beef cattle when the price of a cow rose from five dollars to three hundred in little over ten years. A good big wheat farm is not to be sneezed at either. Given a capable and honest manager, you could run it by remote control from California or the Okanagan, and let the shekels roll in.

Still, there'd be a certain amount of worry to these last ones, and they might take some time. The sweepstake ticket might be quickest and easiest after all; or the finding of buried treasure. There's an old mine shaft somewhere in Nova Scotia, they say, where a wealth of pirate treasure was cunningly buried just below tide level. If one could just figure out a way to keep that sea water out long enough to dig down to it.

Answers to a few questions about ALTERNATIVE VOTING

- Question:** What is Alternative Voting?
- Answer:** A form of voting which allows the voter more than one choice in the marking of his ballot.
- Question:** What is the purpose of Alternative Voting?
- Answer:** To prevent the election of a candidate on a minority vote.
- Question:** How does a voter mark his ballot under Alternative Voting?
- Answer:** He marks his ballot in the order of his preference by using the figure 1 for his first choice, the figure 2 for his second choice and so on.
- Question:** May a voter vote for one candidate only, in other words, "plump"?
- Answer:** Yes.
- Question:** Is "plumping" or voting first choice only considered advantageous?
- Answer:** No. Suppose a voter marks only one choice; that voter has virtually said to the Returning Officer "I am only interested in my No. 1 choice". Upon distribution of the low candidate's ballots to the remaining candidates, the ballot of a voter who voted one choice only, cannot be further dealt with. It is, in other words, an "exhausted ballot". Such a voter simply deprives himself of full participation in the contest.

CUT OUT THIS MESSAGE FOR REFERENCE AND DISCUSSION.

Fred H. Hurley . . . Chief Electoral Officer

PROVINCE OF BRITISH COLUMBIA

THIRTY YEARS AGO May 12, 1922

The council has passed a bylaw authorizing a tax rate of 40 mills. Keith Elliott and J. Morrow applied for domestic water and their applications were approved.

Hospital directors decided to purchase the property in front of the hospital consisting of about fifteen town lots, making a frontage of 375 feet.

Game Warden Robertson, Penitton awarded prizes for bird houses made by the boys of the public school, supervised by Manual Instructor Wishart. They were: 1st, Rhodes Elliott; 2nd, Edward Dunsdon; 3rd, C. McAlpine.

Rev. James Dunlop has accepted the offer of a pulpit in his old church in California for a month. Although irrigation water has been available for some time, very little is being used. The use of water for irrigating is nearly a month later than last spring because of the backward season.

While lowering a horse collar from the wall in his harness shop, John S. Ritchie, had the misfortune to severely injure his nose when the hook slipped and let the full weight of the falling collar strike his face.

James Marshall, son of Gabriel Marshall, has returned from his studies at the Agricultural College, Guelph, where he led his class by

102 points and took first class honors in 13 out of 15 subjects.

A son was born to Mrs. and Mrs. D. P. Ewen at the hospital on May 7.

Miss Blanche Babbitt, who has been relieving at the hospital at Golden, is expected home.

TWENTY-FIVE YEARS AGO May 13, 1927

The sixth annual Okanagan inter-school track meet will be held at Kelowna on Saturday.

Jersey breeders are intending to make a big success of their part of the plans for the June 3rd picnic at the experimental station. They have donated for sale a calf from a cow which has a record of 101 pounds of fat in a month, another calf from a cow giving 760 pounds of fat in her three year record. In all fifteen calves have been donated.

Next week the Canadian Mounted Rifles go into camp at Kelowna and are to camp at Crescent Beach for one night on their way, then ride to Kelowna.

Miss Dancer is back from her winter's stay in California.

A Kastelein has arrived from Holland and will be employed by Walters' Ltd.

Born to Rev. and Mrs. Reed, at the Summerland hospital on May 6, a son.

Rum stories . . .

"There was a coldness between the bear and myself when we first met on the ice-floe," said the bosun confidentially.

"However, by a fortunate chance I had with me a quantity of Lamb's Navy Rum. After several tots of this dark and heart-warming fluid, his attitude distinctly thawed. Before long we were fast friends.

"Crisis came when I discovered that we had food and water for fifteen years and rum for only a fortnight. I imposed rationing, of course, and this testing time exposed the dross in my companion's character. One night, I detected him searching me for the corkscrew. Taking the only manly course I slipped over the side with the rum while he was sleeping and, sustained by the body-building beverage, swam to the nearest licensed premises."

"A Rum story!" murmured the wedding guest thoughtfully.

"Most generous!" replied the mariner with seamanlike alacrity. "A Lamb's Navy Rum, if you please."

High School COMMENTS

Another year of school is rapidly drawing to a close. Because school is almost over is no reason for relaxing of studies, however, since many still have to write exams.

Last Saturday, a Summerland team entered the Kinsmen track meet at Pentiction. A lack of senior competitors, however, seriously handicapped Summerland's chances of placing very high in the meet.

While this meet was taking place, the square dance team was doing its best in the square dance competition at Haney. Despite their best efforts, however, the dancers did not manage to take any prizes. This Wednesday, the inter-high

Girl Guides and Brownies Mother And Daughter Banquet Draws 225

The Girl Guide and Brownie Mother and Daughter banquet attended by about 225 was enjoyed by all present at the Youth Centre on Friday evening, April 25.

Mrs. D. L. Sanborn, president of the Girl Guide local association presided over the first part of the program immediately following the delicious supper, which was served at long tables covered with white cloths and prettily decorated with spring flowers and the Guide motif.

Guests of honor included, Mrs. F. V. Harrison, former and first South Okanagan division commissioner; Mrs. W. A. Holden, Pentiction, district commissioner; Mrs. Pares, and Mrs. A. W. Vanderburgh.

A toast to the mothers was graciously given by Mable McNab, with Mrs. R. Blayney responding, and Mrs. Walter Bleasdale proposed a toast to the Brownies, with Barbara Fudge making a suitable reply.

Mrs. Vanderburgh spoke to the Guides, Brownies and mothers, about the helpfulness of Guide training, and of its organization from the local scene to that of world-wide strength. She told the mothers of the need for more members in the local association and how much their attendance would be appreciated.

Mrs. Holden outlined the Guide movement using the human hand as an illustration for her talk.

Mrs. W. H. Durick told of the well-known Cookie Week which is being observed at present and asked for the co-operation of all. She mentioned that cookies may be obtained from any Guide or Brownie during this week.

The banquet was served by members of the Legion Ladies Auxiliary, so that mothers of Guides and Brownies could all be seated at the tables with their daughters.

The second part of the program was the Flying Up ceremony when fifteen Brownies "flew up" into the Guide companies from the Brownie Packs.

From the first pack were Wendy Wright, Gail Henker, Mitzi Jomori, Dorothy and Marion Dunsdon and Anne Macleod. From the second pack Ruby Gronlund, Marlene Bleasdale, Carol Reinertson,

Ruth Gronlund, Marilyn McKay, Amy Berry, Georgina Inglis, Valerie Miles and Jo Wilson "flew up".

The district commissioner assisted the Guide and Brownie leaders with the ceremony.

After this was completed the Brownies played Pop Goes The Weasel to the amusement of all. The Guides entertained by singing sea shanties which were explained by Pat Boyd as songs sung by the crew members aboard ship in the days of sailing vessels. Six girls; Margaret Lott, Barbara Baker, Carole-Ann Short, Carol Cornish, Marie Gronlund and Bonnie Wilson, uniformed in sailor hats, white middies and shorts, delighted the audience as they danced the Sailors' Hornpipe accompanied by Miss Margaret Barraud at the piano.

As everyone sat around the campfire at the conclusion of the noteworthy occasion, the second such banquet to have been held here, Frances Atkinson presented a gift to Capt. Gwenth Atkinson who is handing in her warrant soon. Frances told Capt. Atkinson of the appreciation felt for her efforts for Guides and the gift was a remembrance of this work. The evening closed with the Guide prayer and Taps.

Cub Calls

1st Summerland Pack
Still a few pot holders out, also posters. Turn them in, please. Would like all costumes in on Monday with names on them. Remember, meetings start at 6 p.m. sharp and no uniforms. All boys out, please, for practice. Next meeting, May 12. Duty Six, Green Six—Akela.

Discussion on Discipline at School Reminds Trustee King of Earlier Days

Although school trustees did not approve of the manner of administering the discipline, they did not make any move towards handing out any admonishment when they were appraised at their regular meeting on Monday, April 28, that one of the high school staff had punished one of his pupils by striking her on the arms.

M. F. Daniels reported by letter to the Summerland school board that his daughter had been punished in such a manner that large red blotches were observed on her arms when she returned from school.

He raised no objection to discipline being administered but did consider the "type of punishment was a bit too severe."

Chairman C. J. Bleasdale reported he had been informed that other pupils in the same class had been

Representing Canada

ROSEMARY SMITH, a Patrol Second in the 33rd Montreal Girl Guide Company, who has been asked by Dominion Headquarters, Canadian Girl Guide Association, to represent Canada at the International Camp being held from August 11-18, on the estate of Lady Burnham, at Barn Hall, Beaconsfield, Buckinghamshire, England.

punished by this teacher. This particular class had given trouble at other times; it was stated.

The teacher in question probably "took all he could and then blew his top", was Chairman Bleasdale's succinct summing up of the situation.

Inspector A. S. Matheson had been appraised of the situation but he had advised the board not to take any action, trustees were informed.

It was decided that the letter would be passed on to Principal A. K. Macleod but the trustees did not give any directive while so doing.

Rural Trustee Aubrey King reminisced shortly about early days in Meadow Valley when he remembered one lady teacher took up a baseball bat when her big male pupils threatened to walk out of school. She stood by the door and dared them to leave, Mr. King remembered, adding that the pupils stayed in the classroom.

Trustees agreed that it would have been better for the teacher to administer punishment "where nature intended" rather than on the arms.

ENTERTAIN CONCERT PIANIST AT TEA

The Parent-Teacher Association held a small tea in the home economics room of the high school on Wednesday, April 30, to honor Miss Marion Barnum of Trail following the recital which she graciously gave to the pupils of both schools that afternoon.

track meet was held. All four houses were out at the field with a full list of entries and high hopes of gaining a few points.

This coming Saturday, our Summerland AOTS club is holding its annual track meet. Schools throughout the valley will be in attendance and competition for many trophies will be stiff.

Last Friday, softball teams from Rutland came down to play Summerland senior girls and senior boys. Rutland won the boys game 13-2 and the girls game 9-7.

Guide News

1st Company

This week was the first Guide meeting for our new recruits, the Brownies who "flew up" from the 1st and 2nd packs on Friday, April 25, at the Mother and Daughter banquet.

We opened our meeting with inspection followed by the forming of a horseshoe at which we sang God Save the Queen and repeated the Guide Laws.

After this, Miss Rogers, who is teaching us two dances for our dancer's badge, and Miss Craig, who accompanies on the piano, arrived, and we spent the next three-quarters of an hour very enjoyably learning a Scotch dance.

Then we had campfire, at which we sang several songs. We closed our meeting with Taps and the Guide Prayer.

The returns from Guide Cookies, which were sold from door to door during the week of April 28 to May 2, have come in very well and every package has been sold.

VISITING HERE

Miss May Bateman of Vancouver and her little grandniece visited last weekend at the home of her aunt and cousin, Mrs. Dale and Miss Ruth Dale.

While in Summerland to give a recital under P-TA sponsorship last week, Miss Marion Barnum was a guest at the home of Mr. and Mrs. F. E. Atkinson.

Recent visitors at the home of Mr. and Mrs. Frank Young were their cousins, Mr. and Mrs. J. Young and their two small sons of Prince George.

Mrs. Lundberg of Beaverdell visited last weekend at the home of her brother-in-law and sister, Mr. and Mrs. W. G. Hack, Victoria Gardens.

Mrs. R. C. Blackmore of North Vancouver who has been visiting at the home of her parents, Mr. and Mrs. M. Cousins returned home at the beginning of the week.

Mr. Ron MacRae has been visiting at the home of his mother, Mrs. M. K. MacRae since UBC closed. He will be with the B.C. Forest Service this summer and at present has gone to a station near Lilloet.

Miss Isabel Dewar of Ledue, Alta., who graduated this spring from the Naramata Leadership Training School visited last week at the home of Mr. and Mrs. J. A. Heavysides before returning to the prairie.

RCMP Inspector Terence Guernsey visited his brother and sister-in-law, Mr. and Mrs. C. F. N. Guernsey in Summerland briefly over last weekend while in British Columbia from the east. Mrs. G. F. Guernsey is in Penticton hospital and her son came in to spend a short time with her.

On Tuesday, Mr. Snider of Vancouver, and a party including one lady from the prairie, visited at the home of Mrs. Dale. They were motoring through to see the blossoms, and expressed themselves as charmed with Maytime in the Okanagan.

Co-op Presents Gift Watch to Bertha Bristow

Miss Bertha Bristow, who is retiring from the position of Secretary-treasurer of the Summerland Co-operative Growers' Assn. after twelve years, was presented with a gift Bulova watch by the association on Friday afternoon, April 25, in recognition of her years of service.

Miss Bristow has been with the organization since its inception but has decided to step down from the position of secretary-treasurer. She will continue to work in the co-op office.

A new secretary-treasurer will be appointed shortly, as more than two dozen applications for the position have been received.

Co-op directors, staff members, a past president C. J. Huddlestone and a former manager, Charles A. Steuart, were present on Friday afternoon when Vice-President J. Y. Towgood made the presentation.

W. R. Powell, another past president, was invited but found himself unable to attend.

Former Norma Swayne Honored at Shower

Mrs. George Haddrell and her daughter Marlene were hostesses at a shower last night in honor of Mrs. Frank Johnston, the former Miss Norma Jean Swayne, a recent bride, whose home is at Meadow Valley.

Guests gathered at the old high school and went in a group to the Haddrell home where they completely surprised the unsuspecting honoree.

All the lovely gifts were presented in a box gayly decorated as a horse.

Invited were Mrs. Frank Maddocks, and Lois, Mrs. E. Gould, Mrs. C. W. Reinertson, Mrs. N. Henry, Mrs. H. Baker, Mrs. W. Grant, Mrs. C. Adolph, Mrs. Wm. Hack, Mrs. C. V. Nesbitt, Mrs. R. M. Darke, Mrs. S. Taylor, Miss Sue Weber, Miss Rita Gordon, Miss Florence Royer, Miss Leona Sowder, Miss Zelma Scarf and Miss Ruth Kilb.

SHS Square Dance Teams Fails to Place

Competition in the square dance festival at Haney on Saturday was keener than last year with the result that Summerland high school's square dance team failed to bring home the cup in the high school class.

Two cars of Summerland students, driven by Jack Lawler and W. (Scotty) Ritchie of the Kiwanis club, went to Haney last week and were impressed with the welcome they received.

The party, along with teams from 30 other schools and Teen Towns, besides three teams of dancers from UBC, were billeted by Haney and Maple Ridge residents. Mr. Peter Greer was coach of the local school team.

Fifteen schools competed in the high school class. Although the standing of other than the winner, Cowichan high school, was not announced, Summerland High was given third adjudication which led the local team to believe that that was the ranking.

The students were driven into Vancouver for a short tour before returning home Sunday evening.

Missionary Society Official is Visitor

Mrs. Hazel Johnson of Winona, Indiana, general superintendent of the junior missionary society of the Free Methodist church, held five meetings in Summerland in the past week and also took the morning and evening services on Sunday in the absence of the pastor.

Mrs. Johnson covers 43 conferences of the church in the USA and Canada, has 18,000 juniors under the age of 14 plus 75 missionary children in missions throughout the world under her guidance. She supervises 879 locals, including twenty under 14 years of age in the Summerland local.

The continent-wide traveller has been in this post since 1943 and has been doing junior missionary work all her life.

We Solicit Your Inquiries About Diversified Income Shares

Here is the way a limited income can participate in Canada's outstanding stocks.

Appealing to the methodical saver, we can offer a unique savings plan for the purchase of diversified income shares. Shares may be purchased for as little as \$10 month or in any suitable amount that best fits your income. Through this convenient installment saving you increase your capital regularly and enjoy the benefits of compounded semi-annual dividends.

Dividends accruing to holders of 100 shares or more will be reinvested as "asset value"

The savings plan is particularly useful in providing for children's educational funds, travel funds, business reserve funds or retirement income.

Piano Recital Is Outstanding

Commendation on all sides has been heard following the remarkably fine piano recital given by Miss Marion Barnum on Wednesday evening, April 30 in the high school auditorium under the auspices of the Parent-Teacher Association.

This was probably the finest piano recital ever heard in Summerland. Miss Barnum has returned from four years of study at the Juilliard School of Music in New York which she is attending under a scholarship. Her father recently retired as manager of the Bank of Montreal at Nelson.

The program was diversified and rich in material from the old masters, Brahms, Mozart and Chopin to the moderns, Ravel and Bartok. Adding to the interest were the little explanations made by the charming pianist before her performances of some of the program groupings.

Rather a small number attended the concert, but in the afternoon the auditorium was crowded as a rapt audience of pupils from both the MacDonald and the high school listened to such piano music as they had never before heard.

Miss Barnum went on to Victoria where she gives a concert this week, and in the fall is returning to continue her studies in New York.

Mr. and Mrs. F. J. Hewitt, who spent the winter months here, left this week for their former home at Innisfail, Alta. They plan to return to West Summerland in September.

Mr. and Mrs. P. G. Dodwell motored to Calgary last week to attend the marriage of Constable Myles Dodwell which took place on Saturday evening in the Alberta city.

Couple Married in Penticton to Live At Georgetown, Ont.

A wedding of interest in Summerland, where the bride is well known, took place on Thursday morning, May 1, at 11 o'clock at the home of Mrs. Douglas Steuart, Penticton, when Miss Dora Steuart, daughter of Mrs. John Steuart and the late Mr. Steuart, became the bride of Mr. Walter Evans of Georgetown, Ont.

The ceremony took place before the fireplace which was banked with beautiful spring flowers, in the presence of about thirty guests and was performed by Rev. E. Rands, minister of the United church, Penticton.

The bride wore a pretty powder blue tulle with black accessories and a beautiful corsage of Ophelia roses.

Mrs. John Steuart, the bride's mother, was becomingly attired in grey sheer with pink carnations and lily-of-the-valley in her corsage.

Following the ceremony a luncheon was served, and the couple left for a honeymoon at Victoria and other island points. They will make their home at Georgetown, Ont.

The bride was employed with the CPR at Penticton for many years, and the couple received beautiful gifts.

Guests from Summerland included Mr. and Mrs. George Henry, Mrs. Basil Steuart, and Mrs. Isabel Nelson.

Jim Towgood Heads Youth Fellowship

Reorganization of the Youth Fellowship of the Trout Creek Church of God took place on Monday evening, May 5.

Jim Towgood was elected president, Dennis Johnson vice-president, and Lauriel Youngusband, secretary-treasurer.

A special service is being planned for Mother's Day.

After the meeting refreshments were served and on this occasion farewell and good wishes were given to two of the members, Isaac Harms and Bob Miller.

MATRON OF HONOR

Mrs. R. Spelsberg was matron of honor at the marriage of Mr. and Mrs. R. Kennedy which took place in the chapel of St. Saviour's church, Penticton, on Monday, April 28.

Mrs. Spelsberg and Mrs. Kennedy have been friends for a number of years.

Tested Recipe
This is from an old scrapbook, yellowed with years, and pasted in probably over half a century ago. Recipe for Preserving Children.
1 grass grown field
1/2 dozen children (or more)
Several dogs (and puppies if in season)
1 brook
Pebbles
Method: Into the field pour children and dogs, allowing to mix well. Pour brook over pebbles until slightly frothy. When children are nicely brown, cool in warm tub. When dry serve with buttermilk and fresh-baked bread.—Mary Alkus.

VISITING ABROAD

Mrs. Tom Fisher is spending several days in Vancouver this week.

Mr. Howard Milne was a visitor to Victoria over last weekend.

Mr. and Mrs. Wm. Atkinson are on two weeks' holiday visiting at Vancouver, Portland and Seattle.

Mr. and Mrs. V. Brawner visited last weekend at the home of their nephew, Mr. C. Ellergodt at Kamloops.

Mr. and Mrs. W. R. Boyd flew to San Francisco last week to spend a fortnight in the California city.

Mr. Lacey Fisher was in Grand Forks last Friday and Saturday to adjudicate at the regional drama festival.

Mr. and Mrs. W. May leave on Saturday for Ireland which they have not seen for 37 years. On their trip across Canada they plan to stop at Regina, Ottawa and Montreal visiting former friends whom they knew in the Old Country prior to coming west. They plan to be away until September.

RCMP Uniforms Colorful at Calgary Nuptials

Of interest to many in Summerland was the wedding of Constable Myles Dodwell, RCMP, son of Mr. Philip G. Dodwell and the late Mrs. Phyllis Dodwell, and Ann Elizabeth, only daughter of Mr. and Mrs. Leonard Towler, 1611 23rd Ave. SW, Calgary, which took place in the Scarborough United church, Calgary, on Saturday, May 3. Rev. S. Parsons, DD, officiated.

The groom, best man and ushers were all members of the RCMP, the scarlet tunics of the four tall, uniformed men making the simple candlelight ceremony a very colorful one.

The pretty, dark-haired bride, who entered the church on the arm of her father, was preceded by the aisle by the two ushers, Constables George Offley of Banff and David Baillie of High River; the matron of honor, Mrs. Russell Cairns and the little flower girl, Heather Ann Neufeld.

The groom was supported by Constable Peter Graham, a former Summerland man, now stationed at Coutts, Alta.

A very becoming full-skirted, floor-length gown of gold embroidered nylon, with fingertip tulle veil, was worn by the bride, who carried a sheaf of stephanotis, lilac and yellow rosebuds.

The matron of honor was gowned in pale yellow nylon and carried a bouquet of yellow daisies, while the flower girl wore blue taffeta and carried a tiny old-fashioned nosegay.

After a small reception for relatives and near friends at the home of the bride's parents, the newlyweds left on a honeymoon to the eastern United States and Canada. They will reside at High River, Alta., on their return.

NEW ARRIVALS

A baby boy was born at Summerland General hospital on Sunday, May 4, to Mr. and Mrs. John Brown.

On Monday, May 5, a baby daughter arrived at Summerland General hospital to Mr. and Mrs. Frank Bennison.

Miss Minnie Burley of Milton, Ont., is visiting at the home of her cousins, Dr. and Mrs. H. R. McLarty, Trout Creek.

April Colder Than Usual, Little Rain

Except for four days from April 23 to 26, when the thermometer rose to the 70 mark April was a cold month for springtime with two degrees of frost two nights before the monthend. Early in the month it also dipped down until a low of 20 was reached on April 7. Hottest day last month was 79 on April 25. The sun shone every day in April, if only for half an hour as on April 3. Little rain was experienced, being just over half an inch in the month.

Following is the complete report:

April	Max	Min	Rain	Sun
1	51	27	.01	2.7
2	52	37	.02	4.4
3	44	27	.5	
4	63	33		5.5

May Have Third Primary Class

There may be nearly one hundred beginners for next year's primary classes in the MacDonald school, trustees were warned at a recent school board meeting. In a preliminary survey, Principal S. A. MacDonald has already listed 90 possible beginners and fifteen more would mean a new teacher and a new class, Secretary B. A. Tingley reported. It has been the custom here to take beginners if their sixth birthdays come before November 30 but if it means overcrowding the age limit will be dropped to start of the school term, trustees were informed.

Five-Day Mission Held At Catholic Church

Starting April 27, a five-day mission was held at the Church of the Holy Child, Summerland, preached by Rev. Father C. F. Suver of the Society of Jesus, Seattle Mission Band. Father Suver has spent fifteen years in mission work and for five years was a war chaplain in the South Pacific.

GRAVEL PIT FOR \$350
A gravel pit on two lots, south of the E. H. Bennett property has been offered to Smith & Henry for \$350, council was informed last week by the real estate committee, headed by Councillor F. E. Atkinson. The lots must provide a small portion for a road allowance.

DISCUSS REFUSE GROUND WITH SANITARIAN
Councillor H. J. (Bill) Barkwill informed council that some refuse is being dumped at the nuisance ground which should never be taken there. He declared he would discuss the question with Sanitarian Alcock of the health unit before taking any action.

Day in Second Shutout As Macs Trim Kamloops 9-0; Taylor Clouts Homer

For the second Sunday in a row Wally Day and his Summerland Macs pulled off a shutout and proved themselves the second hottest team in the league as they defeated Kamloops 9-0 at the mainline city.

George Taylor, cleanup hitter, proved the most powerful offensive player as he clouted three for four, including a double and a homer. Len Gatin, once considered the most promising rookie in the interior, was powerless to hold the fast punching Summerland Macs last Sunday.

Right off the bat, the Macs took an edge in the game as they jumped into a 2-0 lead in the first half of the first frame, Gould and Kuroda scoring when Gatin failed to find his control. Gould was walked in as Gatin issued two passes in a row to Kato and Taylor, while Kuroda scampered across on an infield play.

The fifth was the deciding factor as the Macs exploded all over the lot and drove in five runs to lead 7-0. Again it was the top half of the batting order which started things off. Gould was safe on a miscue and landed at third when the Kamloops rightfielder failed to pick up Kuroda's single properly.

Kato's single to right scored Gould, while Taylor's double to centre cleared the bags ahead. Alkin singled Taylor across and he scored on another infield error.

Taylor added further insurance in the sixth when he lifted one over the wall with Kato on the paths ahead.

Day in Some Trouble

But Day didn't win his shutout without a struggle, by any means, as Kamloops was always dangerous.

In the first frame, Kamloops filled the bags with one out, but Day settled down to strike out Mayhew and Candido grounded out to the pitcher.

Sandy Jomori's error in the sixth, followed by a base on balls gave Kamloops two potential scores with none down, but the runners never got any farther as the next three batters flied out.

The seventh seems to be Day's weakest inning, as again the bags were filled. However, Kamloops' cleanup hitter Haywood was forced into a weak grounder to the mound to end the rally.

Another attempted uprising by the home town club in the ninth failed to materialize when Gatin ran into an easy out at third on Kaminishi's grounder and Ottem struck out.

For the second Sunday running Day had 10 strikeouts to his credit, limiting the Kamloops men to four scattered hits, all of them singles.

Defensively the Macs played better ball, only committing two miscues, while Kamloops had four errors charged.

This Sunday, Vernon Canadians.

come to Summerland for the first time in some years. Vernon has failed to come through with a win yet, but is improving each time out.

Bob Taylor has arrived from Vancouver. An infielder, he is expected to be a valuable acquisition to the team. He is being employed at Durbin Motors.

BERNARD "BOOM BOOM" GEOFFRION, Montreal Canadiens' sharpshooting right winger has been named the NHL's rookie of the year. With the prized award goes the Calder Memorial Trophy and a check for a thousand dollars from the league. Another check with the same round numbers will be donated by the Canadian Hockey Club. The money is very acceptable at this time as the "Boomer" was married Saturday, May 3 to pretty Marlene Morenz. Marlene is the daughter of Howie Morenz, one of the all-time greats in the history of the ice-game. Geoffrion led a poll of 18 writers and broadcasters with 58 voting points.

Kiwanis Bowlers Plenty Hot to Capture Hecker Bowling Trophy

Kiwanis Club of Summerland's best five-pin bowlers were "hotter than firecrackers" last Thursday at the Kingpin Bowladrome as they captured the Hecker trophy, emblematic of the Summerland five-pin bowling championship.

Nic Solly, Joe Sedlar, Ken Heales, Doris Short and Nettie Shannon were the Kiwanis members who rolled up an impressive 5260 points. Next in line was A division of the

Fishing News...

(By BERT BERRY)

Okanagan Lake: A few fish being caught but not in large quantities. George Inglis caught four, one of them a three-pounder.

Fish Lake: Road good, fishing good. Worms or minnows here. Upper lakes will be open about May 15.

Garnet Valley Dam: Road pretty rough with branches hanging down. But the fishing has been okay here.

Shannon Lake: Open but no reports so far.

Headwaters Camp: Percy Wilson hopes to have this going by the weekend but better check with Mrs. Wilson. Percy reports the road passable.

Glen Lake: No reports but the road must be impassable yet.

Fee Fee Lakes: Hope to be open for May 24. Anyone interested should write the Gold brothers.

Echo Lake: Two parties were in but no luck yet. Must be too early.

Shuswap: Bob Bleasdale is up there now and will give me an account for next week.

Silver Lake: Parties getting in okay but it is a jeep road. Fish coming out are fine.

AOTS Track Meet to Attract 250 Athletes to Summerland

Two hundred and fifty athletes will descend on the Living Memorial athletic park in Summerland on Saturday, May 10, for the second annual AOTS Club track and field meet.

Joe Sheeley, chairman of the big meet, states that entries have been received from Kamloops, Salmon Arm, Armstrong, Vernon, Rutland, Kelowna, Summerland, Penticton, Oliver-Osoyoos and Keremeos-Cawston high schools.

Last weekend the Kinsmen's club track meet was a big success in Penticton. Summerland's invitation track meet is being held this Saturday and on May 17 in Kelowna the biggest schools event of the year, the annual Okanagan Valley schools track meet will be held in Kelowna.

Along with Mr. Sheeley in charge of arrangements for this second meet are Walter Charles, secretary, and a committee of E. E. Bates, W. J. Schwab, Peter Greer, George Woitte and Ken Boothe.

Starting at 11 o'clock Saturday morning, 36 events are included on the day's program, which should wind up at 5 p.m.

The events are divided into three classes, junior 16 and under, intermediates 18 and under, and open senior events.

Many Trophies at Stake

Trophies were donated last year for the following classes: Kiwanis cup, senior girls' aggregate, won by June Minnette, Kelowna.

Retail Merchants cup, intermediate girls' aggregate, won by Frances Gillis, Penticton.

Junior Chamber of Commerce cup, junior girls' aggregate, won by Sandra Lipsett, Kelowna.

Legion cup, senior boys' aggregate, won by three contestants A. Kiess and S. Joss, of Southern Okanagan HS, Oliver and A. Desimone, Vernon.

Rotary cup, intermediate boys' aggregate, D. Nolan, Vernon.

Holy Name cup, junior boys' aggregate, W. Hardie, Armstrong.

AOTS cups, awarded on a proportional basis according to number of pupils enrolled in the schools; Senior High aggregate, Summerland high school; Junior High aggregate, Armstrong junior high school.

This year a new trophy has been donated by The Summer-

land Review for the school winning the highest points in the track meet.

Jim Panton, well-known Pro-Rec Okanagan supervisor, will be down from Kelowna to officiate as chief official and announcer. Jim Logie of Kelowna, dean of Okanagan track meet officials, will be referee while Peter Greer of the local school staff will be official starter.

No hurdle events were included this year as the AOTS club decided it could not afford the expense of making hurdles, and could not arrange to borrow any from neighboring towns.

At Penticton last Saturday, Kelowna athletes far outclassed all other valley entries to win the aggregate championships easily.

Kamloops, Salmon Arm and Armstrong, however, did not enter the Penticton meet and will be strong contenders this Saturday at Summerland.

Billets are needed for visiting athletes from the north end of the region, and E. E. Bates is accepting offers of accommodation.

Red Sox Blow Early Lead to Lose To Naramata 8-7 in Junior Opener

Summerland Red Sox dropped their opening game to Naramata in the South Okanagan junior baseball league last Sunday at the cross-the-lake centre by an 8-7 score, blowing an early 3-0 lead.

The teams were tied up going into the last of the ninth, the Red Sox having gained the equalizer in their half. Naramata got a man on third, scoring when young Dave Doumont, new Red Sox catcher dropped the third strike and threw it away pegging to first.

Sheeley Thrown Out

One of the highlights was the eviction of Joe Sheeley, Red Sox manager, when he became too vociferous about the umpiring of Mr. Baker of Naramata. Sheeley objected strongly to the balls and strikes called and the umpiring in general and became so forceful in his protests that Mr. Baker ejected him from the game and Bert Bryden took over complete management of the team.

Karrer was the winning Naramata pitcher, settling down after a wobbly start to keep the Red Sox in check. Two doubles into left field by Bryden and Ask started the initial frame and Eyre's grounder was muffed, allowing in two scores. Another error allowed Eyre to romp home to give Red Sox a 3-0 lead.

In the 4th, Ward tripled with one aboard and came across for the second Naramata run.

Red Sox made it 6-2 in the first half of the fifth, Bill Eyre's triple to left scoring two. He was scored by Hooker's single.

With a comfortable lead, Desllets was relieved at the half way point by Bill Eyre, who immediately got into trouble, allowing three Naramata runs in the last of the fifth, Ward again being a major factor in this cleanup.

Naramata went ahead 7-6 in the 7th when two errors and a single scored two tallies. Desllets went

back into the game in the eighth and his teammates drew level at the top of the ninth when Bryden singled, stole second, went to third on a passed ball and was driven home by Ask.

But Naramata sewed it up with two men down in the last of the ninth when Doumont dropped the third strike and threw away to first.

Dorothy MacLeod Triple Winner in Initial Table Tennis Tournament

Dorothy MacLeod was a three-time winner Tuesday night in the finals of the Summerland table tennis tournament, the first ever staged in this community and one of the first such major tournaments held in the Okanagan.

Play started Monday evening with semis and finals on Tuesday night, followed by the presentation of prizes by Reeve C. E. Bentley.

So successful was the event that it is proposed that an Okanagan table tennis tournament be held in Summerland in the fall, while it is also suggested that a table tennis club be formed in conjunction with the Summerland Athletic Club.

Exhibition Matches

Feature of Tuesday's finals was an exhibition match between Hong Mar of Kelowna, 17-year-old recent winner of the Western Canada junior championship and A class men's event in Vancouver, and Art Towgood, local singles champ, and the runnerup Dave Waddell.

Fifty-two players contested the various events, making 127 entries.

Final matches were extremely well contested, Dorothy MacLeod, being extended by Stella Creese in the ladies' singles before the former won 24-22, 25-23.

Art Towgood downed Dave Waddell in four hard-fought matches, 21-18, 15-21, 21-9, 21-19.

In the ladies' doubles, Dorothy MacLeod teamed with Anne Carney to capture her second title. They defeated Stella Creese and Mrs. Creese 21-12, 24-22.

George Fudge and Corky Haddrell took the measure of Dave Waddell and Dave McIntosh 21-17, 13-21, 21-13 in the men's doubles final.

Third triumph of the evening for Miss MacLeod came in the mixed doubles when she partnered Dave Waddell to defeat Stella Creese and A. K. Macleod 21-17, 21-16.

Consolation events winners were as follows:

Ladies' singles, Mary Reid defeated Phyllis Hoath 21-10, 19-21, 21-19. Men's singles, J. Perrie, Pentiction, defeated Roger Smith 21-15, 21-16. Men's doubles, R. Cardinal and T. Hill, Pentiction defeated C. G. Crane and J. Perrie, Pentiction, 25-23, 21-15. Mixed doubles, Mary Reid and Art Towgood defeated Mrs. Creese and George Fudge.

The tournament was under the responsibility of Anne Carney and Dorothy MacLeod, assisted by Jim Miltimore, John Ruck, Dave Waddell and other members of the athletic club.

Cold Weather, Rain Dampens Golfers

Sunday, April 27 was opening day at the golf club, but only the hardy "oldtimers" numbering about twenty turned out in the raw wind and threatening rain.

It had been planned to have an old-timers vs newcomers match but only the oldtimers showed up so play was continued until the rain drove many to the ball game. Tea was served in the afternoon.

MORE ABOUT

Abbott's Absence

Continued from page 1
nesday through the rest of last week, Mr. Abbott was not in the house, and he was not in the house on Monday of this week.

Further, not a single member of the cabinet deigned to answer or in any way take notice of the criticisms or suggestions of the opposition, or the criticisms or suggestions of other private members.

A budget in many ways the most vital in our history was discussed in a vacuum, with debate bereft of that meeting of minds or examination of opinions without which parliament becomes unrealistic, meaningless, a futility.

If Mr. Abbott's absence from the house was compelled by some grave international engagement, or compelled by disability, no cause would exist for complaint. But Mr. Abbott's absence from the house last week and his absence from it thus far this week was not and is not due to either of these reasons.

And this incident of Mr. Abbott, absent for a week in the United States, while his budget is before Parliament—the prime minister did not as much as deem it worth, while to mention the matter to the House—is not an isolated example of the government's disdain for parliament.

It follows, at this session alone, Mr. St. Laurent telling the house that a bill was not used to increase the allowances of Lieutenant-Governors because a bill would have meant too much discussion, and follows the absence of the minister of defence during the debate of NATO military commitments.

MORE ABOUT—

Hughes-Games

Continued from page 1
Vancouver, told the meeting that in selecting Bill Hughes-Games, the Pro Cons had obtained by far the most outstanding of the four candidates.

"This nomination will come as welcome news to all parts of the riding," he declared.

In making the nomination, Mr. C. V. Nesbitt of Summerland stated W. B. Hughes-Games is a candidate with cabinet calibre, and has the full backing of the Conservative candidates from Summerland. He referred to the candidate's "wonderful civic record" as alderman and mayor of Kelowna, a hard worker in the Okanagan Valley Municipal Assn., chairman of the Okanagan Flood Control committee, and of the Okanagan Union Library board, among many other civic tasks.

Alderman R. F. Parkinson, nomination seconder, declared Mr. Hughes-Games as "the best man who could be picked for the South Okanagan."

"He has done an outstanding job; Kelowna has been well planned and Bill Hughes-Games has done the planning; I have faith in him," declared Mr. Parkinson.

Among those who lauded the appointment of the ex-Kelowna mayor was Reeve C. E. Bentley of Summerland who has been associated with him in civic work for many years.

Those who attended from Summerland included Mr. and Mrs. C. V. Nesbitt, Mr. and Mrs. A. K. Elliott, Capt. and Mrs. A. M. Temple, Mr. and Mrs. H. R. J. Richards, Mr. and Mrs. J. R. Armstrong, Mr. and Mrs. Harvey Walton, Reeve C. E. Bentley, W. C. W. Fosbery, C. W. Haddrell, E. C. Bingham and Fred Thompson.

George Dunsdon is Leading Rifle Shot

Despite adverse weather conditions, scores at the local rifle range last Sunday were quite good, George Dunsdon with a 98 topping the list. Work was carried out in the morning, while shooting took place in the afternoon. Other scores were: Len Shannon 96, H. Simpson and John Khalembach 94, D. L. Sanborn 93, D. Taylor 90, Bill Young and George Stoll 87, Jill Sanborn 86, Pop Dunsdon 74.

Political parties have named the way towards promoting their nagan, as well as throughout, the their candidates and are well on political campaign in South Okanagan of the province.

Civic Office May Open by Next October

By the end of May detailed plans for the new municipal office in Summerland will be presented to the municipal council by the architectural firm of McCarter & Nairne, Reeve C. E. Bentley informed council on Tuesday.

Three weeks to a month will have to be allowed for the calling of tenders and accepting of bids and the architects believe the structure can be erected in three months from the time the first work is started.

This will mean that the new municipal hall can be ready for occupancy about the end of October.

Mr. Porter, representative of McCarter & Nairne, who visited Summerland recently advised strongly that the municipality should put the work out for contract and not attempt to erect the building by day labor under one supervisor.

Lighting Rate For Big Users Goes Down Again

Reduction of electric lighting rates for large consumers was authorized by municipal council on Tuesday, bringing the 1 1/2 cent rate in three categories down to one cent.

This alteration is expected to be set up in time for the June billing. Irrigation pumps using in excess of 200 kwh will pay 1 1/2 cents per kwh for 200 and over.

The combined rate for electric light, range and water heaters in excess of 920 kwh will pay at the new rate of one cent.

Space heating will also come under this new category and the need for a rate in this connection was partly responsible for the new rate structure, it is understood.

Councillor F. E. Atkinson explained to council on Tuesday that power rates will remain the same.

There is no rate for commercial lighting in Summerland whereas most communities make a heavy charge as a differentiation from domestic lighting. He explained that the electric light department considered this was sufficient compensation rather than having any lower power rate.

Bennett's Gladioli Bulbs Go on Sale

One hundred dozen gladioli bulbs go on sale on Saturday in Summerland stores to bolster the funds of the Summerland Youth Centre Assn.

These are a gift from Mr. E. H. Bennett, well-known gladiolus grower of Summerland. They are being packaged and will be ready for sale in local stores this weekend.

Last year, through Mr. Bennett's generosity, the Youth Centre realized about \$100 from sale of bulbs and gladiolus blooms.

Curlers Sign Contract for Arena Artificial Ice Plant

Walter Toews, president of Summerland curlers, stated that the installation is a three-compressor deal, fully automatic, using frongas instead of ammonia.

The suggested installation was given full approval by an independent engineer whose services were obtained by the club executive, Mr. Toews states.

This move resulted from the last general meeting of the club which instructed the executive to obtain independent advice before deciding on the firm to obtain a contract.

Betts Electric intends to install the equipment in the near future and has ordered the necessary pipe for three sheets of curling ice.

By selling membership in the artificial ice curling club at \$100 per member, the club expects to raise \$12,000 of the contract price. The balance will be financed for the next year, it is expected.

June 1 is the deadline when 120 members from Summerland are required to give the club a firm indication of their intentions, which includes the posting of the entire membership fee or making suitable arrangements for the pay-

ment, Mr. Toews points out. If the full membership is not obtainable from among Summerland enthusiasts by that time, the executive has authority to fill up the ranks from Pentiction or other neighboring communities.

Play Two Nights Weekly With 120 members, the club can operate a schedule with each team playing two nights a week from Monday to Friday inclusive, leaving Saturday and Sunday for open curling, it has been explained.

First and foremost necessity now is the improvement of the area allotted to the curling club at the arena. Work parties have already started the task of enlarging the playing surface to standard requirements and levelling and shaping the ground for the pipe installation.

Jake Ganzveld is in charge of the work parties and has divided the membership into six work parties. Each party will be allotted certain evenings to undertake volunteer work on the curling club grounds and will be expected to carry out a program of improvements in time for the installation of equipment.

been only two political rallies, the first when Harold Winch, leader of the CCF spoke following Tom Wilkinson's nomination as CCF candidate and the second when W. A. C. Bennett, most recent MLA for South Okanagan, addressed a public meeting.

Mr. Bennett will be returning later in the campaign, but at present he is assisting the Social Credit campaign leader, Rev. Mr. Hansell, MP for Macleod, Alta., in promoting the Social Credit campaign in many ridings apart from South Okanagan.

He speaks at Pentiction tonight and it is likely many persons from Summerland will travel to that centre to hear him.

Next Thursday, Liberal Premier Byron I. (Boss) Johnson will come to Summerland during the afternoon and will meet many of his followers, and others, at the IOOF hall, in support of the Liberal candidate, Capt. C. R. Bull, a former MLA for South Okanagan.

Capt. Bull will also address a political rally here at a later date, his campaign headquarters at Kelowna state.

The CCF party has made no announcement when Tom Wilkinson will address a public meeting here.

Yesterday afternoon, Howard Woinoski, campaign manager for W. B. Hughes-Games, Progressive Conservative candidate, informed The Review that his standard-bearer would be coming to Summerland shortly but the exact date would not be known until the weekend.

Anscomb in Valley Last Saturday, Progressive Conservative leader Herbert Anscomb spoke to a public gathering in Pentiction and continued on to Vernon on Monday and Kelowna Tuesday evening.

An attempt was made to have Mr. Anscomb visit Summerland on Tuesday afternoon but he has been suffering from a severe attack of influenza and has only been able to appear for his speaking engagements in the valley.

Native Daughter of Vancouver to be Laid to Rest Here Friday

Frances Isobel Wilkinson, wife of Charles Wilkinson, and a new resident of this district for the past year, passed away early Tuesday morning, May 13, after an illness of about three years.

Born in Vancouver in 1910, the late Mrs. Wilkinson spent most of her life in the coast city until she moved with her husband about seven years ago to the Cariboo country near 70-mile, where they established the Flying U guest ranch.

Both Mr. and Mrs. Wilkinson have a wide circle of friends and acquaintances throughout the province as Mr. Wilkinson was manager of the Canadian Forestry Assn. in B.C. for many years.

Funeral service is being held tomorrow afternoon, Friday, May 18, from St. Stephen's Anglican church at 2 o'clock with Rev. Canon F. V. Harrison officiating. Summerland Funeral Home is in charge of arrangements.

Besides her husband, she leaves two sons, Billie and Charles Jr., in Summerland; two sisters, Mrs. G. Stanley Miller and Mrs. J. H. Taylor, both of Vancouver; and two brothers, J. L. Morris of Spokane, Wash., and E. W. Morris of Vancouver.

An aunt, Miss Kate McCurdie of Vancouver, who raised Mrs. Wilkinson from infancy as her mother died when she was very young, arrived in Summerland last week to be with her niece.

Summerland Review

Vol. 7, No. 20 West Summerland, B.C., Thursday, May 15, 1952

Was Hospital Head for Many Years

S. A. MacDonald, for twenty years president of the Summerland Hospital Society, was honored yesterday afternoon at the Summerland General Hospital nurses' home when the society presented him with a clubbag as a token of esteem and appreciation for his work over the years.

The presentation was made by Mrs. H. A. Solly herself a pioneer and long-time director of the hospital society.

It was the high point in Hospital Day when the hospital was thrown open for inspection and between 50 and 75 persons took advantage of the invitation to visit the institution.

Actually, National Hospital Day was on May 12 but the directors felt that Wednesday afternoon would be a better time for Open House.

Tours of the hospital were arranged by the matron, Mrs. J. R. Butler and a staff of nurses, while visitors were greeted by President C. J. Huddleston and Administration.

Conquer Cancer Goes Over Top

Conquer Cancer campaign went over the top with a bang this week as on Tuesday \$1,171.75 had been banked, J. E. O'Mahony, chairman of the campaign for the Kiwanis Club of Summerland, proudly informed The Review.

This exceeds last year's collection and there are still some donations to come in, Mr. O'Mahony declared.

The entire district was divided into sections and Kiwanians, each took an area for a house to house canvass.

Protest Inadequate Postal Service Westbound to Coast

Emphatic protest over inadequate delivery of westbound mail from Summerland to coast centres has been lodged with the district postal inspector at Vancouver by the Summerland Board of Trade.

Sparked by information supplied by Secretary Lorne Perry, the trade board on Thursday evening at the IOOF hall unanimously endorsed a letter which deprecated the present service and urged that mail be carried on KVR local train No. 45, Pentiction to Vancouver, instead of the daylight No. 11 as at present.

"Deplorable mail service," was the commentary of Secretary Lorne Perry in describing delivery of mail posted in Summerland bound for Vancouver.

He instanced that a letter posted Monday would not reach Vancouver until late Tuesday afternoon and would be delivered Wednesday in Vancouver business district.

The worst case is a letter destined to a business address and posted Thursday afternoon. Because of offices closing Saturdays in Vancouver and lack of delivery in some districts on Saturdays, such a letter would not reach its destination until the following Monday morning, he stated.

At present, the official closing time of westbound mail is 6 o'clock in the morning, when it is taken to westbound KVR Train No. 11.

Train No. 11 goes through Summerland at 7:30 o'clock standard time and arrives in Vancouver at 4:45 p.m. that same day, too late for any delivery that day.

However, business mail posted in the afternoon or evening could be placed on Train No. 45, which leaves Pentiction at 8:30 p.m., going through Summerland at approximately 9 o'clock, and arriving in Vancouver at 7 o'clock the next morning, Mr. Perry pointed out.

Mail for Pentiction, Summerland and northern points arrives in Pentiction via Train No. 46, Vancouver to Pentiction local, so why shouldn't the local on the westbound trip take mail, as well, it was asked.

From the West Summerland post office, closing times for outgoing

PENTICTON LIKES KIWANIS OF SUMMERLAND MELODRAMA

About 380 persons applauded vigorously and boomed the villain mightily at the Pentiction high school auditorium last night as the Kiwanis Club of Summerland staged another highly successful production of The Gay Nineties Melodrama, Will the Mail Train Run Tonight?

Pledge to Queen Elizabeth from Kiwanis

On the east wall of the Nu-Way Annex on Monday night a pledge of allegiance by the Kiwanis Club of Summerland was hung for the first time.

Suitably framed, the pledge has been beautifully inscribed in colors by J. H. Lee-Grayson. Below the royal crest, is written in script the pledge:

"We pledge allegiance to Her Majesty Queen Elizabeth the Second and loyalty to Canada our heritage and homeland, Summerland Kiwanis Club, 1952."

Name Temple To Civil Defence

A. M. Temple, an officer of the British Columbia Dragoons reserve force for many years, and a veteran of two World Wars, has been named by Reeve C. E. Bentley as civil defense co-ordinator for Summerland.

He replaces Reeve Bentley, who was the temporary head of CD activity here at the outset and is still head of the main valley committee organized by the Okanagan Valley Municipal Assn.

This appointment received council ratification on Tuesday.

ARTHRITIC FUND DRIVE DELAYED

No attempt will be made to stage the drive for the Canadian Arthritis and Rheumatism fund until early in June, because of the carryover of the Conquer Cancer campaign, it has been decided by those in charge of the canvass in South Okanagan. In Summerland the Faith Rebekah lodge is undertaking the drive, it is understood.

GRADE ROADS WHILE THEY ARE WET FROM RAINS

Municipal grader was busy at the first of the week levelling local roads to take advantage of the wet weather. Crushed rock is being hauled to the new road approaching the Powell Beach entrance at Trout Creek, Councillor F. M. Stewart informed council on Tuesday.

Macs Lose to Pentiction in Night Ball Game

For the first time in history a Summerland ball team played under lights last night at Pentiction's city park, losing to that centre's Athletics by a 6-2 count.

Summerland Maos weren't quite as effective with the hickory and therein lay the difference between the two squads.

Les Edwards went the entire game for the winners, getting 8 strikeouts and also clouting the first run of the game, a homer over the left field fence in the third.

Wally Day, despite his pitching effort last Sunday, went into action for the Maos and struck out seven, but was nicked for 7 hits and 4 runs to be debited as the losing pitcher.

In the 8th, Ulmer, who came from South Burnaby Athletics relieved Day but gave up two more runs.

Kuroda knotted the count at 1-1 in the 4th when he singled and came home when Aikin's single to left was thrown in wildly.

Maos took a 2-1 edge in the 5th when Day singled Jomori across after Kato had been put out at the plate on a close play.

Athletics got that one back in the bottom of the 5th when Powell made the circuit, being walked in with the bases loaded.

In the 7th, Pentiction scored the winning runs when Kilburn walked and scored on Raptis' double to centre, the latter coming around on Powell's single.

This victory gives Pentiction a clear edge of 5 wins and no defeats in the season's play to date. Oliver is next with 8 wins and one loss and Summerland is down in third spot with 5 wins and 2 losses.

Board of Trade President Fears Not Enough Fire Protection on Lakefront

Need of additional fire protection for the industrial buildings along the waterfront in lower town, especially from the lake side, was urged on Summerland Board of Trade members at their quarterly dinner meeting in the IOOF hall on Thursday night by their president, Walter M. Wright.

Mr. Wright considered the situation extremely serious and one which should occupy the attention of every citizen.

He felt that the loss in payroll should fire destroy any one or a number of these factories would be a crippling blow to Summerland.

"We have no fire equipment to cope with a fire in the packing plants here," Mr. Wright contended, later qualifying his remark by declaring that he has the utmost regard for the operation of the Summerland Volunteer Fire Brigade but he did not think its equipment adequate to cope with a really serious waterfront fire.

The district has been provided with a new school, the municipal hall is assured, the arena has been built and parks have been provided. Now, the district could well turn its attention to more fire protection for its industrial plants, he thought, warning that it would be an expensive proposition.

Brigade Pumps from Lake Joe Biollo, a member of the fire brigade, asked Mr. Wright what more would be needed as the fire department has pump equipment so that water can be taken from the lake and sprayed onto the buildings.

"What is needed is a larger pipe and more pressure from the land side," was W. Ritchie's opinion.

Ivor Solly thought all packing-houses, in West Summerland and in the lower town should be considered, but it was pointed out that the Occidental and B.C. Fruit Shipper plants can be completely circled while on the water front it would be difficult to get at a fire on the lake side.

Mr. Biollo also pointed out, however, that four or five hoses could be played on the buildings in lower town from the wharf and from the fish hatchery.

Reeve C. E. Bentley gave the trade board some valuable information on the water supply situation in lower town.

At the outset he congratulated the fire brigade on its valuable work and expressed the firm belief that it is doing everything in its power with the equipment at hand.

However, the lower town is fed from springs and only has a pressure of 15 to 20 pounds, too low to put out a fire, he thought.

Years ago a gas pumping plant was suggested but all the mains are laid for a low pressure supply and would not withstand the extra pressure from such a pump, it was found.

It had also been suggested that the upper and lower towns should be connected, but this would mean laying new pipe as far up as the Anglican church corner, and expensive deal, he thought.

"It is a difficult problem but in my opinion the engine and pump is the answer," Reeve Bentley concluded.

He added that the cost of providing fire protection is unfairly borne by the taxpayers and that the fire underwriters, who benefit mainly from fire protection measures, should bear a larger proportion of the cost. He instanced the City of London where the fire underwriters provide the fire protection.

Accounts totalling \$14,428 were passed for payment at Tuesday's council session.

Final Survey of Highway Started

Work of laying final stakes for the modernized highway section between Pentiction and Trout Creek is being undertaken now from the Pentiction end. Harvey Wright of Summerland is assistant to Engineer Tom Clark of Naramata on this work. Some clearing of underbrush along the highway is also being started.

L. G. Eeroyd, B.C. Chamber of Commerce secretary, was a guest speaker, dealing with the importance of the board and chamber movement Get Out the Vote campaign in connection with the provincial election.

Charles Yull of Okanagan Falls is the new vice-president and S. B. Hirtle of Oliver is secretary-treasurer.

The meeting was conducted by Acting President J. R. Armstrong with secretary Lorne Perry, both of Summerland.

UBC Speaker Comes Here on May 23 For Citizenship Day Program

Citizenship Day is being observed in Summerland on Friday evening, May 23, in the high school auditorium, starting at 8 p.m.

For this important occasion in the year Mr. John Haar, assistant director of the department of extension of UBC, is coming to be the special speaker. Mr. Haar is a past president of the Alma Mater Society, a past president of the UBC Canadian Legion, and was sent on a scholarship to study at the Rice Institute in Texas. From

Texas he returned to be assistant director UBC extension services. The evening is being sponsored by Summerland Women's Institute and the co-operation of different groups of various racial origin has been obtained in preparing a program having an international tang in its music and dancing.

Citizenship papers will be presented and refreshments will have a cosmopolitan flavor as some of the confections are to be German strudel and Dutch sweets.

Stan Gladwell Again Leads S and P Club

Seeing themselves in the movies was one of the pleasures of the annual meeting of the Summerland Singers' and Players' Club on Tuesday, May 6, in the high school. Mr. Bob Yamabe took colored pictures of the Summerland performance of The Mikado and members found it amusing to see their own show in this way.

Mr. S. Gladwell was re-elected as the popular president, with Mr. D. Dunham, vice-president and Miss Nancy Fleming secretary-treasurer.

The singers' representative on the executive is Miss Chris Mair, and the players' are represented by Mrs. F. O'Leary. Orchestra member of the executive is Mr. Ireland, Pentiction.

The president reported a highly successful year with a performance of Pride and Prejudice by the players' and four showings of The Mikado. The singers' took part in Christmas singing at the Lakeside United church, and formed a nucleus for a choir at the memorial service for His late Majesty, King George VI, in February.

The president was pleased that the schedule had been maintained and the club had finished by the end of March.

The crying need of the club is always where to find a suitable and more or less permanent place to build, paint and store scenery and this remained an unsolved problem.

Thanks were given to various members; Mrs. A. K. Macleod for directing the play; Mr. Alan Butler, who took over as players' representative when Mr. Dave Lancaster left; to accompanists, Mrs. Dunham and Miss Barraud; Mr. Ireland; Mrs. Pat Agur; Mr. Blair Underwood, business manager; Mrs. Holman, secretary-treasurer, who replaced Mrs. Gately; to the school board, and to the costume and refreshments committees.

At the end of the meeting refreshments were served by Mrs. J. Sheeley, Miss C. Mair and Miss Nancy Fleming.

Oliver Man Chosen New President of Associated Boards

William Pearson, Bank of Commerce manager at Oliver was named last night as the new president of the Associated Board of Trade of the Southern Interior of B.C.

Election came unanimously at the reorganizational meeting held at Okanagan Falls, with delegates present from Greenwood, Osoyoos, Oliver, OK Falls, Pentiction, Naramata, Summerland, Keremeos and Caston.

L. G. Eeroyd, B.C. Chamber of Commerce secretary, was a guest speaker, dealing with the importance of the board and chamber movement Get Out the Vote campaign in connection with the provincial election.

Charles Yull of Okanagan Falls is the new vice-president and S. B. Hirtle of Oliver is secretary-treasurer.

The meeting was conducted by Acting President J. R. Armstrong with secretary Lorne Perry, both of Summerland.

Three Parties Against One

FOUR candidates have been named in South Okanagan, the platforms of all four parties have been prepared, and the way has now been cleared for a bangup election campaign between now and June 12, election day.

Liberals in South Okanagan have brought forward a former member in Capt. C. R. Bull. Progressive Conservatives have chosen a former mayor of the City of Kelowna and one of the most active men in municipal affairs in the Okanagan, W. B. Hughes-Games. Social Credit has nominated the immediate past sitting member, W. A. C. Bennett, who has been chosen by South Okanagan three times on the Conservative and Coalition tickets, but who sat out the past year as an independent member. And the CCF party has chosen Tom Wilkinson, a hard worker for the fruit and vegetable growers, and a man who made a good showing in the last provincial election campaign but who failed to come really close to defeating Mr. Bennett.

They are all good men, well tried in their respective fields of endeavor and with good records behind them. If they had equally good platforms behind them it would be very difficult to choose between them.

That brings us to the point that with four respected candidates in the field, all known for their administrative ability, then it must be the party platform they represent which will help the elector decide the choice he will make on June 12.

It should not be forgotten that this election provides the elector with more choice than ever before. The elector has four choices in South Okanagan and he should decide in what order he will place them on the ballot paper.

If the voter doesn't mark his ballot with all four choices then he is in danger of losing his vote at some stage in the counting, provided the decision is not reached on the first or second count. To plump in the alternative voting plan is to defeat the purpose of the new system. If you plump for a candidate who goes out of the running on the first ballot then you have failed to give yourself a vote in the rest of the counting, and you have lost your other opportunities to elect the man of your choice.

In reality, there are three free enterprise parties against a party which wishes to sponsor a socialist experiment in B.C. The CCF has been quite frank in its election platform this time, and has broadened its scope of nationalization proposals.

Coming as it does at a time when B.C. is enjoying an industrial expansion never before realized in event the fondest hopes of its residents, those who prefer a less government interference with the management of their affairs are worried about the CCF proposals and their probable effect on the economy of the province.

Those who favor free enterprise as compared with socialism gave the latter a sound spanking in 1949 as the result was overwhelmingly in favor of a continuation of our unfettered system.

In this coming election, the threat of socialization of industry is even more apparent than two years ago, as the CCF has broadened its scope of proposed endeavors, and the vote of the free enterprise thinkers is now split into three.

Only the carrying out of the alternative voting system to its ultimate conclusion can provide this province with a true picture of the type of government its people want.

Trade Board To Choose Queen

Summerland Board of Trade will choose a queen to represent the community in the Peach Festival at Penticton and maybe in the PNE Miss 1952 contest, the quarterly dinner meeting of the board decided last Thursday evening in the IOOF hall.

The executive council had recommended that some form of queen selection, preferably along the lines adopted two years ago, should be undertaken.

In 1950, a queen contest was held on a Saturday night in July in the Living Memorial athletic park, and it is probable that a similar affair will be staged this year as there will be no Spring Fair.

President Walter M. Wright told the board that the speaker for the June meeting will be Mr. McCormick, representative of the Vancouver Tourist Council.

Mr. E. O. White had consented to do some preliminary work in connection with the board's annual float in the Peach Festival parade at Penticton.

Councillor F. E. Atkinson was urged by President W. M. Wright to undertake the important new industries committee again, but no definite answer was forthcoming at the meeting.

President Wright commented on the municipal council grant of \$150 for tourist publicity purposes, stating this was the first time in many years that the board had sought a grant from the council.

Appreciation of the council decision to make such a grant was shown by the board members' applause.

It was also stated that arrangements are being made to work with the Jaycees in a Get out the Vote campaign in connection with the election in June.

S. A. MacDonald has been appointed board auditor by the executive, the board was informed.

Not all the committee heads have been appointed; but most committee work is proceeding.

A report on the B.C. Chamber of Commerce progress was heard from J. R. Armstrong, who attended the March directors' meeting in Vancouver. He also outlined pro-

Signifying Nothing

By RUSTICUS

Sometimes I think that we who live in the Okanagan do not appreciate water enough. We have such an ample supply for both irrigation and household use at the turn of a tap that we look on snow and rain as little more than necessary nuisances, and many of us don't even appreciate the lake.

It was different where I was brought up. There, a shortage of either snow or rain might make all the difference between making money out of our crops, or being hard up. As for housewater, for washing both clothes and people, we had to melt snow for the purpose all winter, catch rain all summer, and when snow was light or there was a long spell of summer drought, it became quite a problem to get clothes cleaned, and a boy could get by for days with hardly any face washing at all!

So one of the reasons we appreciated spring so much more than people do here—aside from the joy of release from the grip of a much more severe winter—was that there was then plenty of water around. The melting snow left pools and ponds in every hollow; the countryside changed from winter's monotonous white to a patchwork of black fields and brown pastures all dotted with assorted-sized dabs of blue where water reflected the clear spring skies; and we loved it.

Mother used to have us haul the soft brown water to the house from the nearest pond by the tubful, and indulge herself in a veritable orgy of clothes washing. All the children were encouraged to wash, not only hands and faces, as usual, but arms, necks, feet, hair, and even take extra baths between Saturdays. It was no longer safe to get thoroughly dirty; you'd be stripped and popped into a tub of warm water before you could say "Idon-wanna."

We loved to play round those ponds, too. A child could sit by the hour and watch the tiny life in and on them; pollywogs, water-flies who could run along the surface without getting wet ("Dost know this water-fly?") red spiders,

and most delightful little "fish".

There were two kinds of these latter. The ordinary, or garden variety—possibly half-an-inch long—were feathery, orange-colored, quivering little creatures. But there was a sort of aristocracy which was longer, slenderer, with a ball-shaped swelling between tail and body, and of various colors; in fact, memory paints them in reds, blues and greens much more vivid than they ever could have been. But I used to be so fascinated by them, that after watching them most of the day I'd gather a jar full of water and "fish" and bring it in of an evening to carry on the study indoors.

If we could find a pond so full that a little stream of overflow ran from it, we were overjoyed, and would have a great time building a dam of earth and stones there, mighty works sometimes reaching six feet in length and up to a full eight inches high.

Or we'd build rafts. I never made one that didn't sink as soon as one stepped on it, resulting in wet feet, and a trip to the house for dry socks and shoes, with some peril of being tossed into a bath on principle as well. But neighbor children built a beauty, of fine large logs with boards nailed across to hold them, and a board platform. It was big enough that two could get on at a time and role it along with sticks, and when we pushed off from shore and, gently rocking, sailed out into the unknown with a good three feet of clear brown water under our bows—well sir, not Columbus nor Drake nor the hardy voyageurs on Kootiki felt any greater thrill.

We were pirates on the Spanish main, Indians leading a fleet of war canoes, Arctic explorers passing through Hudson Bay, we were anything we had a mind to be. And the day the raft tipped up and slid us slowly and remorselessly into the water, fully expecting to be drowned until we found it was only deep enough to come just above our knees—our cup of adventure was filled to the brim.

Somehow I can't get the same kick now, out of going out on a lake in a boat; haven't been in one for years.

THIRTY YEARS AGO May 19, 1922

Many tons of gravel were hauled on the road in front of the hospital last week. The road has been graded and this was a step to eliminate the dust in the hospital during the summer. Those assisting were R. Johnston, man and truck; R. V. Agur and R. H. English, man and team each; W. Ritchie, J. W. Wheeler, Simpson and Gowan, T. H. Riley, two men each; A. N. Cross, S. Darkis, Jas. Ritchie, R. C. Lipssett, H. C. Mellor, each one man.

W. Fares, one of the heads of the firm of Gordon, Ironsides and Fares, Ltd. Winnipeg, is here on his way east from a visit to Mexico. He has some property here in charge of Fred Bernard, and is endeavoring to locate suitable feeding grounds. Accompanied by W. Johnston of the Premier Hotel he was looking over the Summerland range country.

The Mineola ladies have left for a six months' visit to the Old Country. They were Mrs. J. H. Lee and Marian, Mrs. S. H. Downing and her young son Bertie and daughter, Eunice, and Mrs. Harry Thompson and son, Goldwin.

A daughter was born to Capt. and Mrs. A. M. Temple at the Summerland hospital on May 16.

A son was born to Mr. and Mrs. John M. McDougald on May 14 at Summerland hospital.

Josiah Milley suffered a broken leg when the canthook with which he was turning logs at the mill at Mineola broke and permitted the log to strike him.

Miss Barkwill, one of the telephone company operators, has left for a vacation at the coast.

TWENTY-FIVE YEARS AGO May 20, 1927

Within a short time the Occidental Fruit Co. will erect a shipping assembly plant at the CPR north of Walters' packinghouse. This is convenient to the siding and will facilitate loading of cars this season.

The Operatic Society has closed for the season and at the election of officers Mr. Benmore was again chosen president, Capt. Webb secretary, and the committee consists of Messrs. H. Daniel, Ben Newton, J. Clements, J. Barkwill and Miss R. Dale.

Tom Charity's little boy, who scalded himself in an unfortunate accident a fortnight ago, is getting on nicely now.

Miss Rose Norcross of Vancouver, a short story writer for McLean's magazine, is visiting her sister, Miss Norcross.

Two first prizes were brought

home from the Kelowna track meet. Norman Thompson took first in the broad jump and Ruth Tait was first in the 75 yards for girls under 17. Edna Smith unfortunately strained her ankle, but still was able to win second place in the high jump under 16. Ian Campbell won second in the broad jump.

St. Andrew's CGIT put on a play, The Elopement of Ellen, under the direction of Mrs. Steven and Mrs. Waldron. Those taking part were Marjorie King, Joan Steven, Lorna Sutherland, Isabel Laidlaw, Iris Williams, Ruth McLachlan and Mable Lockwood.

Rex Barnes is home again for the summer holidays from the University of Toronto having successfully passed his sophomore year.

Mrs. A. Hobbs is making satisfactory progress after her operation at Vancouver.

Would Bring Music Festival To Summerland

E. E. Bates gave Summerland Board of Trade two good suggestions at the quarterly dinner meeting in the IOOF hall Thursday night.

First of all, he pointed to the lovely big auditorium now provided in the new school and suggested that it was time Summerland considered offering to stage the Okanagan Musical Festival.

It would probably take several years' preparation and an organization to sponsor such a move, but it would be good business for the community, he felt.

J. E. O'Mahony suggested that before such a plan is fostered more accommodation should be made available in Summerland.

That brought a short discussion on the need of a new hotel in this district.

Second suggestion by Mr. Bates was the establishment in Summerland of an agricultural school, similar to the one operating in Olds, Alberta, where students can learn to be practical farmers.

This idea had originated with Vernon, he believed, but with the experimental station at Summerland's back door this would be the logical centre for such a school, Mr. Bates suggested.

President Walter M. Wright complimented Mr. Bates on his ideas and promised they would be given consideration by the board council.

A MAN OF PROVEN ADMINISTRATIVE ABILITY

BEFORE YOU VOTE in the Provincial Election June 12, ASK YOURSELF: "Has Any Other Candidate in South Okanagan Riding These Qualifications?"

1. Member of Kelowna City Council for 8 years.
2. Mayor of City of Kelowna for 5 years.
3. Chairman of Okanagan Valley Flood Control Project.
4. Former Chairman of Okanagan Health Unit Board.
5. Chairman of Okanagan Union Library.
6. Former Vice-president B.C. Hospital Association (before BCHIS).
7. Former Director Kelowna General Hospital.
8. Former member Kelowna Board of Trade executive.
9. Member of Okanagan Valley Municipal Association executive.
10. President Kelowna Canadian Club.
11. Member Anglican Church vestry, and synod delegate.
12. Superintendent of Anglican Church Sunday School for five years.

BOY SCOUT ACTIVITIES

1st Summerland Troop
 This week's meeting produced a good turnout, but on account of rain all the meeting had to be conducted indoors except for a game of prisoner's base.
 Mr. Jim Brown continued his instruction on bandaging in 1st

RECIPE HINTS

Beans, the versatile vegetable, can be cooked and served in so many different ways to add variety and food value to any meal. Here we have green bean strips, carrots cut in lacy circles and tiny potato balls.

Beans with Onions

For 1 lb. beans, use 1/2 lb. small onions, 4 tbsp. butter, 1/2 cup water and 1 tsp. salt. Peel the little onions and leave them whole. Melt the butter in a pan, add the onions and cook very slowly for 10 minutes. Watch carefully and turn them over three or four times. Add the beans, boiling water and salt. Cover and cook for 12 or 15 minutes or until all are tender.

All of the recipes for beans may be used with fresh, frozen or canned beans, cutting the cooking time accordingly for frozen or canned varieties.

String Beans with Celery

Prepare 1 lb. string beans "French style," and cut a stalk of celery in pieces as nearly as possible the same size and shape as the beans. Combine them in a

heavy saucepan with 3 tbsp. butter and stir them over the heat for 2 minutes. Add 1/2 cup of chicken stock, or water, and cover, allowing the vegetables to cook for five minutes, gently. Then cook for another 4 minutes without the cover. Both vegetables should have a crispness about them, and a special flavor. Good with chicken or fish.

Green Beans with Parsley

Cook the beans, cut either Julienne, or frenched, in the smallest amount of water possible. Watch them so that they do not overcook and lose both character and color. Drain. Melt butter in the pan and toss the beans in it until they are glossy and well heated through. Sprinkle with a little chopped parsley, salt and pepper.

Cub Calls

1st Summerland Pack

Will the mothers please get the costumes in on Monday next. For information on them telephone 2626. All boys out, please, next meeting, Monday, May 19, at 6 p.m. sharp. Duty Six, Yellow Six—Akela.

class first aid and the younger boys received instruction in signalling and hand signals.

Hawks won both the rope climbing and the knot tying competition.

Patrol scores stand at Hawks 422, Beavers 415, Buffaloes 333, Eagles 350. The Beavers report a good weekend patrol camp at Garnet Valley dam.

Next meeting, Tuesday, May 20, at 7 p.m. There is room for several new Scouts. Duty patrol, Buffaloes.

High School COMMENTS

The school term is rapidly growing shorter and, as graduation draws closer, the grads are beginning to form plans for the big occasion.

Last week, students were privileged to see some extremely good colored slides of the Mediterranean, shown in the auditorium by the Women's Institute.

Senior boys and girls softball games were played here on Friday against Kelowna. Both Summerland teams lost out to the visitors as a lack of pitching strength on the Summerland squads gave the visiting teams an advantage.

Wednesday, the annual inter-house track meet was held at the Living Memorial Athletic park. The houses finished the very successful meet with House 1 in first place and House 3, 2 and 4 following in order.

Saturday, the annual AOTS track meet was held with Kelowna taking first honors. Summerland had very few entries in this meet.

This coming Saturday, the valley high school track meet will be held in Kelowna. Two busloads of spectators and athletes are expected to attend.

Guide News

1st Company

After the usual opening ceremonies, Jill Sanborn supervised a game with the Guides while patrol leaders and seconds held a short court of honor, at the last meeting.

It was decided that a fifth patrol should be formed. Patsy Menu will be the new leader and Loretta Inglis her second. Margaret Lott was also named a new second.

Patrols were re-arranged and the former Brownies were placed in patrols. In order to find the number of points the new patrol should have, the average of the four remaining patrols was obtained and given the fifth patrol.

Mrs. Groer was present to instruct the girls for their dancers' badges.

On Friday, May 9, a film was

NOTES FROM PARLIAMENT HILL

Yale Member Hears Evidence On Foot and Mouth Disease

By O. L. Jones, MP for Yale

The agriculture committee of which I am a member has been listening to evidence of the incidence of the foot and mouth disease in the Province of Saskatchewan. We have had all the leading veterinarians before us to give evidence and quite naturally the Saskatchewan members on that committee have been the most active in questioning.

Attempts have been made to blame the Saskatchewan government in part for the delay in reporting the disease. Dr. C. A. Mitchell, chief of the division of animal pathology exploded the theory in his evidence as did others when it was learned that the responsibility for the checking of infectious diseases remains with the federal authorities. However, the evidence so far produced would indicate negligence in diagnosing the disease at an early stage.

One good thing will result from this investigation is that future protection against the ravages of infectious diseases will be more stringent and complete than those pertaining up to now.

On Preliminary Tasks

The defence expenditure committee has not yet got down to grips with the problem. So far we have been taking evidence from various officials in the defence department, the last meeting being confined entirely to a report on the system of checking goods during their movement and the method of auditing units and stores.

Another committee has just been appointed to delve into the war veterans allowance act, which proposes to raise the allowance of a single person to \$50 a month and a married veteran to \$90 a month. These proposed figures are far below those asked for by the Canadian Legion in their brief. Many veteran members of Parliament including myself spoke in favor of accepting the principles and recommendations contained in the Canadian Legion brief. I spoke on behalf of all the Legion members and organized clubs in Yale who have written to me asking for my support for this brief.

Hon. Douglas C. Abbott announced in the house that an order-in-council has been passed effective immediately suspending all regulations under the consumer credit act. This act was passed by parliament in September, 1950, and met strong objections from both consumers and merchants. The changed regulations may again cause a buying spree that will upset our balance of trade in which case Mr. Abbott has warned the government that he would have no hesitation in re-introducing consumer-credit controls. For this purpose, the legislation remains on the statute books but is not operative.

A large delegation of farmers was in Ottawa this week to meet the minister of agriculture and discuss the plight of cheese producers who are feeling the loss of foreign markets and the keen competition through imports in the domestic market.

Already, from January 1 to March 31 of this year 5,329,123 lbs. of cheese has been brought into

Canada mostly from New Zealand, Switzerland, Italy, United States, Denmark and the Netherlands. The cheese producers of British Columbia are also alarmed but assurance has been given that imports from New Zealand will not be allowed to upset the market in the future.

It has been generally conceded that the greatest lack of our times is housing and member after member has brought this to the attention of the house during the budget debate. All will agree that the federal government must take a leading part by advancing the greater proportion of the money needed for low rental houses and give greater aid to those institutions that are now working under the national housing scheme.

I fully expect that before the session is over, the minister of resources and development will take some action along the lines suggested by the various speakers. Mr. David Croll said that the promise of Ontario alone has a minimum need for 450,000 housing units which could easily be doubled in the country as a whole particularly in British Columbia where the population increase leads the way for all Canada.

Mr. Drew while Premier of Ontario raised some objections to the payment of children's allowances by the Liberal government. His statements had been recorded and filed by the Hon. Paul Martin who used them, effectively, in the house when this subject was under discussion.

It raised the ire of Mr. Drew and

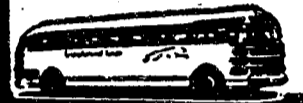

produced a first class battle of words between these two members. The private bill seeking to increase children's allowance in keeping with the higher cost of living was defeated—it being felt by the opponents who were more numerous than the supporters that the allowance was never intended for the full maintenance of the child but only to give a little extra money to enable the parents to buy more good food and clothing for their children while attending school.

New Pastor for Christ Lutheran

Rev. E. Krager was installed as pastor of Christ Lutheran church for Summerland and Kelowna on Sunday, May 4.

er, and a small son were present, too. A social of welcome was given for the new pastor and his wife that same evening in the IOOF hall, West Summerland, when about seventy-five were present.

Son of Local Resident Has Novel Published

Mr. Brian Atkinson, son of Mrs. G. Atkinson, Sandhill road, who lives in London, Eng., has had a full-length story of book proportions published in the current issue of the Toronto Star Weekly.

The title is Jungle Music and the locale is the Malayan jungle. It tells of communist infiltration there, and is an exciting yarn of adventure and intrigue.

Mr. Atkinson spent some time in Malaya touring the country and going into the interior, and because of papers written after his return to England was awarded a Fellowship in the Royal Geographical Society.

He is well known here where he lived as a boy and attended school.

Mr. and Mrs. Gerry Hallquist are holidaying at Youbou, B.C.

Spring Bazaar, Tea By St. Stephen's WA

Highly successful was the annual spring bazaar and tea of the WA of St. Stephen's church which was held on Saturday afternoon, May 10, in the parish hall.

At three o'clock Canon F. V. Harrison opened the sale where the tea tables were attractively decorated with small vases containing white and yellow flowers. The larger tea table was centred with a charmingly-arranged bowl of mixed spring flowers, and from this table Mrs. Harrison and Mrs. K. B. Thompson poured.

All of the stalls were filled with lovely things, sewing, needlework, and home cooking, as well as a variety of garden plants, and practically every single thing was sold at the end of the afternoon.

Mrs. Nicholson convened the apron section, and Mrs. Wm. Beattie and Mrs. Gladys Chadburn the needlework. Home cooking was in charge of Mrs. Blanchette, Mrs. O. Eaton and Mrs. A. F. Calder, while Mrs. F. Haddrell and Miss Cartwright sold the plants.

The kitchen was well staffed by Mrs. Barr, Mrs. J. Mellor, Mrs. Wilburn and Mrs. Wade, Sr. and Mrs. E. Hack served. At the door, Mrs. Milton took the tea fees.

VISITING HERE

Miss Patricia Sqaunce, RN, of Vancouver is visiting at the home of Mr. and Mrs. C. V. Nesbitt.

Reg T. Rose, executive secretary of the Vancouver Board of Trade was a visitor to Summerland on Tuesday.

Mrs. Shelley Knowles of Kamloops visited last week at the home of her parents, Mr. and Mrs. H. J. Mott.

Miss Barbara Munn of Vancouver was a weekend visitor at the home of her parents, Dr. and Mrs. W. H. B. Munn.

Mrs. W. M. Heins of Calgary is visiting at the home of her son-in-law and daughter, Mr. and Mrs. H. F. Fisher.

Miss Merritt, a missionary on furlough from Bolivia, visited at the home of Mrs. D. L. Milne while in Summerland last weekend.

Mr. and Mrs. George Lewin of McGregor, Man., are visiting at the home of Mr. and Mrs. T. B. Young, Parkdale.

Mrs. Herbert Fry of Beaverdell arrived on Wednesday to visit at the home of Mr. and Mrs. E. O. White.

Weekend visitors at the home of Mr. and Mrs. Wm. White were Mr. and Mrs. Don Swinnerton of Regina and Mr. Charles Thompson of Hamilton, Ont.

Visitors from Chicago at the home of Mr. and Mrs. Simon Buddingh are Mrs. Buddingh's uncle and aunt, Mr. and Mrs. G. Lightcoet.

Mr. and Mrs. John Lawson of Castlegar were visitors over the weekend at the home of Mr. and Mrs. G. Ryman, Trout Creek. Mrs. Ryman is Mrs. Lawson's niece.

Mrs. Raymond Jaster of Edmonton is visiting at the home of her parents, Mr. and Mrs. A. Arndt. Mr. Jaster, who is attending the Christian Training Institute in Edmonton will join her here at the close of the school year.

Visitors from Victoria last week at the home of Mr. and Mrs. E. L. Farnchon were Mr. and Mrs. C. F. Hunt, their daughter Mrs. Wooten and her little girl, and Mrs. McColl.

C. S. Lyer, MSA, tractor engineer of the department of agriculture, Magpur, India, and Prem Narain Batjal, MSA, of the department of agriculture, Ajmer, India, were visitors last week at the experimental station. Both men have taken

Women's Institute Sees Colored Films

A Mediterranean cruise in colored pictures was shown to members of Summerland Women's Institute at a meeting held on Thursday afternoon, May 8, in the high school auditorium. These were scenes photographed by Mrs. R. W. Craig, Naramata, on a recent trip. Mrs. Craig gave a commentary as the slides were projected.

Beautiful pictures of the Mediterranean were seen, Cyprus, Egypt with The Sphinx and the pyramids, the Nile, and the Holy Land, were included as the lovely tour unfolded. Old Greek and Roman theatres, and the ruins of the Acropolis were among the pictures.

The speaker was introduced by Mrs. R. C. Palmer, Institute president. School children were invited to see the show, and tea and a business meeting were held later. Tea arrangements were convened by Mrs. Gordon Ritchie.

During the business meeting, resolutions for the June provincial convention to be held at Vancouver were considered. These include the Summerland WI resolution regarding standardization of garment sizing, and a number from other centres dealing with citizenship, hospitalization and social welfare.

their masters' degree in Canada.

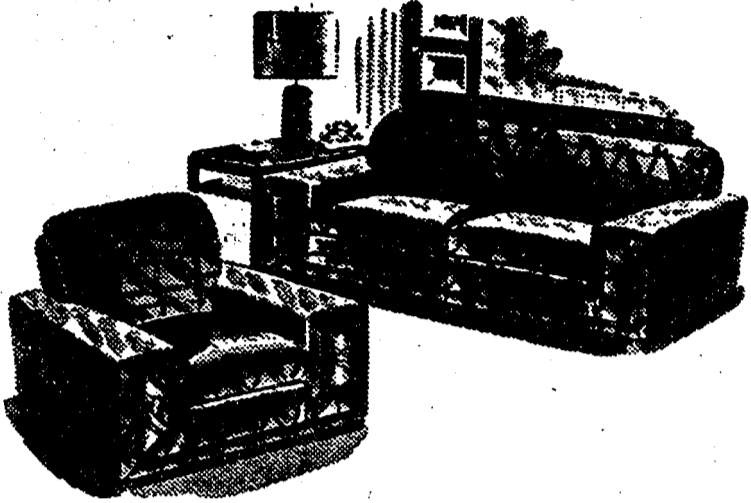

Mr. and Mrs. Jack Wilson, Peach Orchard, are enjoying a visit from Mrs. Wilson's mother, Mrs. Wm. Harkness of Brandon, Man. Mrs. Harkness came in time to be present at the christening of the Wilson's baby daughter, Heather Margaret, which took place in St. Andrew's church on Sunday morning, May 11. On this occasion the baby girl wore the christening robe which had been worn previously by her mother and her small brother, Billy Wilson.

Mrs. S. G. Osmond of Okotoks, Alta., who has been visiting for the past month at the home of her brother and sister-in-law, Mr. and Mrs. Wilfred King, Trout Creek, left for her home on Friday. She was accompanied by her daughter Doreen who was a student at the Naramata Leadership Training school this past term.

Mr. and Mrs. W. Duff visited last week at the home of Mr. and Mrs. T. A. Walden. Mr. and Mrs. Duff have been residents of Mirror, Alta., where the former was a druggist for some time. They have left this town now and Mr. Duff will relieve as a druggist here and there on the prairies during the summer before deciding on a permanent place of residence.

Col. and Mrs. Matterson and Mr. and Mrs. Stewart Lough of Vancouver visited Mr. W. C. W. Fosbery last Saturday and stayed at Haddrell's Cabins. They were driving through the valley to see the blossoms. Col. Matterson had not been in the Okanagan since 1913 when he was in Summerland to visit his brother, Mr. Victor Matterson, who was on the staff of the local branch of the Bank of Montreal at that time. The party called, also, at the home of Mr. and Mrs. C. N. Higgin.

Many World Topics Heard at Presbyterial Session in Kelowna

Outstanding speakers were heard at the meetings of the Kamloops-Okanagan WMS presbyterial held at the Rutland United church on May 7, 8 and 9 and attended by executive members Mrs. S. A. MacDonald and Mrs. W. Caldwell, and delegates Mrs. W. D. Laidlaw, Mrs. A. C. Fleming and Mrs. V. Charles. Mrs. T. W. Boothe, president of St. Andrew's Federation, and Mrs. Lou Wright attended, also.

The whole district, which is from Merritt to Revelstoke and all the Okanagan Valley, was well represented. As well as church business, splendid addresses were heard.

The head of the B.C. presbyterial, Mrs. David Dick of Vancouver, spoke to the gathering, and Miss Frances Botham, a Kelowna girl and UBC graduate, sent by the United church of Canada as a lab technician to the hospital at Donde, Angola, West Africa, held the complete interest of the audience as she told of the psychology of the natives with whom she works.

Another excellent and timely speaker was Mr. J. Stewart, a Kelowna teacher, who won a scholarship from UNESCO and Rotary and has been at Ottawa and at United Nations headquarters in New York, and whose subject was "Human Rights as Maintained by United Nations".

The theme of the conference was Stewardship of Life, as to Talent, Time and Money, and around this the thought of the presbyterial revolved.

Lakeside WA Turns Meeting Into Shower

The Lakeside WA meeting held on Monday evening at the home of Mrs. H. Lemke took the form of a shower for Mrs. W. Gillard whose home was burned on Sunday, May 4.

There were twenty-two members and a visitor present, and after a short report on the success of the recent sale in St. Andrew's hall was heard, and business was finished. Mrs. Jack Young, Mrs. Walter Bleasdale and Mrs. J. St. Denis, left the meeting to take the shower gifts to Mrs. Gillard.

Later, dainty refreshments were served by Miss Mary Scott, Mrs. Walter Bleasdale, Mrs. R. Hutton and Mrs. Jack Wilson.

The next meeting will take place at the home of the president, Mrs. A. R. Morgan, who presided Monday.

Lay Members Take Sunday Services

Rev. H. R. Whitmore is in Vancouver this week to attend the B.C. conference of the United church and in his absence lay members Mr. E. E. Bates and Mr. Rennie will take charge of the St. Andrew's and the Lakeside services, respectively, with a member of the Gideon Society as the speaker.

The next Sunday a team from the Naramata Leadership Training School, who have been to Victoria on a two weeks' tour, will take the services at both Summerland United churches.

NEW ARRIVALS

A baby boy arrived at Summerland General hospital on Monday, May 12, to Mr. and Mrs. Glenn Witte, Meadow Valley.

A baby girl was born at Summerland General hospital on Friday, May 9, to Mr. and Mrs. R. Akerley of Penticton.

Socially Speaking

SOCIAL EDITOR

Mrs. A. W. Vanderburgh

Son of Local Resident Takes Victoria Bride

Mr. Lorne Ross Bloomfield, younger son of Mr. and Mrs. Wm. Bloomfield, West Summerland, was married on May 3 in Victoria, to Miss Anne Cora Farrell, youngest daughter of Mr. and Mrs. A. R. Farrell, Victoria.

It was a very pretty wedding solemnized in the Glad Tidings Tabernacle on Saturday evening, when the church was decorated with spring flowers and fern, and the ceremony was performed by Rev. C. B. Smith, and the benediction pronounced by Rev. P. S. Jones.

A princess-styled satin gown was worn by the bride, who was given in marriage by her father. The gown was fashioned with a fitted bodice, full flowing skirt with lily-point sleeves. Her French veil was held in place with a coronet and her wedding flowers were white carnations and red roses arranged in a cascade.

The four attendants, Mrs. Mark Rushton and Miss Colleen Farrell, sisters of the bride, and Misses Gwen and Joyce Bloomfield, sisters of the groom, were gowned in pastel shades of pink, turquoise, yellow and orchid taffeta with flowing net overskirts. Their flowers were of iris, stocks, roses and carnations in contrasting colors.

Mr. Homer Bloomfield, brother of the groom was best man and the ushers were Mr. R. F. Farrell, Mr. M. R. Rushton and Mr. Roy Moffatt. During the signing of the register, Mr. Victor Morley sang "Because".

A reception was held at the flower-decorated Strathcona Hotel where the mother of the bride received in a powder blue gown with navy accessories. The mother of the groom was in burgundy crepe with matching accessories. Mr. John Wheeler proposed the toast to the bride.

For travelling, the bride chose a three-piece ice blue ensemble with navy and white accessories and a corsage of red roses.

Out-of-town guests were Mr. and Mrs. Wm. Bloomfield, Mr. Blake and Mr. Howard Milne, Mr. Sam Imayoshi, West Summerland; Mr. and Mrs. Homer Bloomfield, Kamloops; Mr. and Mrs. Thomas Hindle, Woodstock, Ont.; Mrs. T. E. McAlister, Haileybury, Ont.; Mrs. Clara Lee and Johnny, Ferndale, Wash.; Mr. Robert Farrell, Vancouver; Mr. and Mrs. Roy Moffatt, Mr. and Mrs. John Wheeler, Mr. and Mrs. Wesley Farrell, Mr. and Mrs. Clarence Ledding, Mr. G. P. McMillan, Mrs. O. Malenski, Mrs. J. Smith, Mr. Sidney Greenleese, Misses Gwen and Joyce Bloomfield, Marjorie Tebbut, Beatty Blundell,

Large Congregation For St. Andrew's On Mother's Day

St. Andrew's United church was crowded and beautifully decorated with flowers for the Mother's Day service on Sunday morning, May 11. An annual custom was observed when children of the congregation were christened by Rev. H. R. Whitmore, minister of the Summerland charge. The junior choir in their white surplices sang The Angels' Song by Bronner and the senior choir sang Holy Art Thou from Handel.

The thirteen children christened were Marian Lynn Gartrell, daughter of Mr. and Mrs. Lloyd Gartrell; Sheila Elizabeth Smith, baby daughter of Mr. and Mrs. Gordon Smith; Donna Jean, and James Robert, children of Mr. and Mrs. Dave Taylor, Jr.; Mr. and Mrs. H. Hanson's little son, Dennis Roy; Mr. and Mrs. Leonard Shannon's little daughter, Carol Louise; Charles Brian, the son of Mr. and Mrs. C. B. Hankins; Roland Charles, Mr. and Mrs. John Dunn's little boy; Heather Margaret, daughter of Mr. and Mrs. Jack Wilson; Keith Douglas, son of Mr. and Mrs. Don McLachlan; the baby daughter, Patricia Louise, and the son, David Peter, of Mr. and Mrs. J. Ganzeveld; and Terence Albert, son of Mr. and Mrs. Albert Dickenson.

Quiet Nuptials at United Church Manse in Penticton May 9

A very quiet wedding was solemnized at nine o'clock in the evening on Friday, May 9, at the manse of the United church, Penticton, by Rev. E. Rauds, when Miss Jessie Isobel Turner, daughter of Mrs. Grace Turner, Summerland, and Mr. Don Impett, son of Mrs. P. Atkinson, Kelowna, were married.

For the occasion the bride wore a pretty pale blue suit with matching hat.

The attendants were Mr. and Mrs. Stan Thom of Penticton. Following the ceremony the young couple spent a few days at the coast and are making their home at Summerland.

Joan and Mary Masters, and Dot Hope, all of Duncan.

The honeymoon was spent in Washington and the young couple arrived last Thursday to make their home at West Summerland.

VISITING ABROAD

Mr. and Mrs. C. N. Higgin motored last week to Kamloops where they visited Mr. Larry Higgin.

Mr. J. H. Lee-Grayson is spending a few days in Vancouver this week having gone to the coast on Monday.

Mrs. F. E. Atkinson, Mrs. W. T. Bleasdale, Mrs. Annie Johnston, Mrs. J. H. Dunsdon, Mrs. I. Schwass and Mrs. John Caldwell attended the nineteenth annual meeting of the Okanagan Rebekah district association No. 1, held at Armstrong on Thursday, May 8.

Mrs. E. E. Bates and Mrs. W. H. B. Munn drove to Okanagan, Wash. last Friday to attend the biennial luncheon meeting of the international past matrons' and patrons' club of the Order of the Eastern Star.

Driving out to Vancouver in a party on Tuesday were Rev. H. R. Whitmore, Mr. Cyril Stent, Mrs. E. Hack and Mrs. Eric Skinner and Clinton. Mr. Whitmore and Mr. Stent are attending the B.C. conference of the United church being held in Ryerson United church, Vancouver this week, while the others are visiting in the city.

Bolivian Missionary Speaks to Baptists

Miss Merritt, whose home is in Vancouver, and who is a Baptist missionary in Bolivia, was the interesting speaker at the Baptist church on Sunday, May 11.

Miss Merritt told something of the evangelical and school work being done in the Bolivian field, and of the efforts of communists who travel through even the smaller villages inciting trouble among the native Indians who often can neither read nor write.

Miss Merritt is home on furlough and had been travelling and speaking to various congregations on the prairies before coming to the Okanagan.

Miss Jacquie Trafford has returned from UBC where she completed her first year studies. She will spend the summer with her mother, Mrs. Ben Trafford.

IT'S NEVER TOO SOON TO SAVE YOU CAN OPEN YOUR YOUNGESTER'S SAVINGS ACCOUNT WITH ONE DOLLAR

Like some grain crops, the earlier you plant the savings habit, the better its yield. And it's certainly a habit worth planting, for countless success stories show how saving builds happy homes and successful careers.

More and more Canadian parents are getting their youngsters off to a good start by helping them to open their own savings accounts at the Bank of Montreal. The first deposit need be only a dollar—not a lot for the ownership of a savings account and a new B of M pass-book.

Having his own account will be powerful encouragement to your youngster to go on saving out of his pocket money—for the things he really wants. He'll learn to persevere.

Ivor Solly, manager of the Bank of Montreal branch at West Summerland, or any member of his staff, will be pleased to help your youngsters open their accounts, and show them how the B of M looks after the savings of its million and more depositors.—Advt.

Dated Saturday, May 17, 1952.

Delay Weather Forecast Station Another Year

Because of the demands by the national defence department on the number of trained personnel available, there will be no long range weather forecast service available to this province until the spring of 1954. Hon. Lionel Chevrier, minister of transport at Ottawa has informed the BCFGA.

The growers' body has been pressing for two years to have this service established in the interests of the fruit and vegetable industry, and has received favorable consideration from the transport department.

Mr. Chevrier has replied to the growers that plans to have the forecast service have been seriously affected by "circumstances beyond our control."

He continued: "We had felt that such plans were well in hand a year ago and that a firm target date could be given. However, shortage of technical personnel resulting from reduced recruitment, together with an unanticipated increase in the demands of the department of national defence has further delayed the development of the service."

"A critical appraisal of our existing and anticipated professional manpower, and our organization problems, indicates that long range forecasts cannot now be expected before the spring of 1954."

"I do appreciate the continued interest of your organization in long forecasts and you may assure your members that I will have the service commenced at the earliest possible date."

Co-op Services Society Formed

Formation of the Summerland Co-operative Services Society with registered office at West Summerland, has been accomplished by a group of fruit growers in this district with Roy Smith as president, and J. M. McArthur as secretary-treasurer.

This group is now conducting a canvass for members, with one of the chief aims being the formation of a machinery pool from which members may rent equipment essential to their production problems without the necessity of paying large sums for purchase of this equipment.

"Fruit growers are increasingly aware of the necessity for intelligent mechanization of every possible phase of their operation," but the society's directors submit.

Summerland Services

Consult this Business and Professional Directory for Your Wants

they are also increasingly aware that individual ownership of much of the essential equipment is financial suicide, largely due to the small acreage holdings in this district."

Reduction in the per acre investment and maintenance costs to grower-members and at the same time to make available modern equipment with consequent decrease in labor costs is the purpose of the society, directors state. Other officers consist of Tom Washington, Jack Morrow, and George Allen.

Ask BCFG A Prexy to Appoint Six-man Committee of Cannery and Growers to Deal with Problems of Canning Industry

Arising from a conference in Summerland Thursday morning, May 8, a three-man committee from the Okanagan Processors-Club has been appointed to approach A. R. Garrish, president of the BCFG with the request that a combined committee of cannery and growers be appointed to consider the whole general policy of the canned fruit deal in the Okanagan.

It is the cannery's intention to suggest to the BCFG that the canning industry needs assistance as much as any other phase of the fruit industry setup and such a committee could provide valuable assistance.

The committee would consist of three cannery and three growers, it was suggested. Ewart McNaughton of Oliver, Ryan Lawley of Summerland and Bob Willis of Kelowna are on the committee which will wait on President Garrish.

Cannery Handle 30 Percent of Soft Fruit

That the canning industry is a potent factor in the industry setup was evidenced on Thursday afternoon when L. J. Kelly of Kelowna, moderator for the afternoon's canning discussion, pointed out that 30 percent of the valley's soft fruit now goes to the processor.

In the United States, 60 percent of soft fruits is diverted to processing and it may well be that the present proportion will be increased considerably in the Okanagan he suggested.

Cannery, growers, free fruit officials and experimental station staff were gathered in the Youth Centre last Thursday to review the canning deal. It was hoped that some concrete suggestions would arise from a panel discussion for the good of the industry and the grower.

In the morning, the processors met separately under the guidance of President Bob Barkwill of Summerland and evolved the approach to President Garrish.

Suggest "Purchase Flavor" as Cannery Slogan

The canning industry is the safety valve of the fruit industry, Moderator Kelly observed as the discussion continued. He pointed out that only by the cannery taking certain volume of the soft fruit could the higher values on the fresh fruit market be maintained.

W. R. Powell elicited the information that it costs more to put up a can of No. 2 grade than a No. 1, so he pointed out the cannery should be able to pay more for fancy quality grade.

He said that it is hardly economical to put the expense of sugar, cans, labor, etc., on low-grade stuff.

The merchandise must look nice on the table besides having good quality, he pointed out, although the American product has a better appearance with less flavor than the Okanagan peach, for instance.

He felt that an advertising slo-

In the afternoon, a cutting demonstration was provided, with various soft fruits of three main grades, fancy, choice and standard, exhibited. A large gathering from all parts of the valley assembled for this phase of the day's sitting.

A. R. Garrish was present from Oliver and at one stage offered the suggestion that as long as the cannery pays, so much per ton, he will continue to get mixed maturity and grades, as the grower is not being paid for more attention to the fruit he is sending to the cannery.

"Growers should get a premium if their fruit is above certain standards," he thought.

"If you can sell that to B.C. Tree Fruits Ltd. then the cannery will be very glad," was the reply of H. J. (Bill) Barkwill, president of the Canned Foods Assn. of B.C. "Right now, the fresh fruit market comes first and the cannery second," he emphasized.

Trade Has Demanded 20-oz Can

One of the main topics which arose last week concerned the 15 ounce tin compared to the 20-ounce can, the former having nearly taken the place of the latter on most grocers' shelves.

Moderator Kelly told the gathering that eastern competition had forced the adoption of the 15-ounce size.

"I'm in favor of selling prunes in pails if the public will buy," declared Mr. Kelly, warning that no opportunity should ever be passed up when some form of container is popular with the public.

He expressed the wish that some type of research into markets could be set up whereby the cost would be spread over all the industry.

Ryan Lawley reasoned that "we're putting up the 15-oz. can for the same reason you put up the junior box pack."

This brought a denial from Walter Toews that there was any relation, and he carried on a vigorous short discussion on the subject finally asking why the cannery couldn't introduce a bargain price of, say, 15 cents for a 15-oz. can and 17 cents for 20 ounces.

Walter Haaty of the American Can Co. declared the difference in cost of the can is about one-half cent.

However, P. F. Eraut of Penticton denied that there is only a two-cent differential in cost of

putting fruit into the two types of cans.

At another stage, E. L. Famchon of Summerland declared that the Canadian Association of Consumers demands a 20-oz. can.

This was in the face of a report by V. B. Robinson of Penticton who has recently made a research of the three far western provinces and has been informed by the wholesale trade that there is only about a five percent demand for 20-ounce cans now.

Mr. Eraut also pointed out that the population of Canada has changed considerably and is now largely an industrial population living in apartments or other cramped quarters. The housewife in such conditions wants only enough for one meal and doesn't want anything left over from the can as she has nowhere to store it.

R. P. (Tiny) Walrod, Kelowna, wound up the discussion on the subject with the statement that the unit cost on the grocer's shelf is the final persuasion in the problem. If the housewife has only so much money to buy all her food needs she is likely to take the lesser cost tin regardless if it is not as good a bargain as the tin five ounces larger.

He also voiced the opinion that many inconsistencies had been voiced in the discussions that day but few concrete ideas for improvement had been expressed.

He also voiced the opinion that many inconsistencies had been voiced in the discussions that day but few concrete ideas for improvement had been expressed.

He also voiced the opinion that many inconsistencies had been voiced in the discussions that day but few concrete ideas for improvement had been expressed.

Prunes are Main Worry at Conference

Members of the panel leading the discussions were Ernie Ruffum of Vernon, Ryan Lawley of Summerland, Ewart McNaughton of Oliver, H. McAlpine of Osoyoos, A. H. Grant of Naramata and W. R. Powell of Summerland.

Main discussion at the outset centered about the prune deal, with everyone agreeing that something is definitely wrong with the quality of prunes being delivered in the past two years especially.

The product is being picked at a later date, but there are many inconsistencies in the product. One suggestion was to have prunes selected by cannery on a sugar content basis and do away with putting green, immature prunes on the canned food market.

Another cannery voiced the opinion that if the processor cannot get No. 1 prunes he cannot afford to pack them.

One of the best presentations on the subject came from P. F. Eraut of Penticton who felt there was fault on both sides. Growers are

too prone to pick their prunes too soon, he felt, stating that he arranged with packinghouses and growers to leave the prunes on the trees until he gave the word.

As a consequence, he had prunes picked for his cannery two to three weeks after the fresh fruit market prunes were picked.

Answering a previous statement, he declared that it shouldn't cost \$12 per ton to grade prunes for cannery use, as his plant grades all prunes received, and selects them with the co-operation of the packinghouse manager.

Cannery who do not bother to select their product are partly to blame for poor quality prunes being put into cans, he believed, as there are too many faulty quality prunes which should never have been canned at all.

L. G. Butler of Kelowna queried the moderator on a previous statement concerning "bargain" prices for prunes. He wanted to know why the prunes could not obtain a fair price instead of being consid-

Plan to Introduce Management Program For Valley Timber

At last January's BCFG convention, a resolution was passed pointing out the serious situation which can be forecast concerning the available timber supplies in the Okanagan for box shooks.

C. D. Orchard, deputy minister of lands and forests, has replied that "the minister (lands and forests) has been concerned for some years past about the timber supply for the Okanagan Valley. The problem has been under active review and we are endeavoring as rapidly as circumstances and staff will permit, to place all or most of the Okanagan Valley on a sustained yield working plan which, at least, will assure that the liquidation process is stopped.

"We cannot, of course, replace the stands of timber that have been removed in past years, but a sustained yield management program, as rapidly as it is introduced, will ensure the future as fully as existing conditions on the ground will permit."

B.C. Federation to Meet in Vernon

Directors of the B.C. Federation of Agriculture are planning to meet in Vernon on May 27 and 28 for a semi-annual conference. The first day's sessions will be closed but all primary producers may attend the second day's sitting on May 28.

REVIEW CLASSIFIED ADS BRING RESULTS

Reviewed always as a bargain product. R. P. Murray, Okanagan horticulturist, informed the meeting that a five-year experiment in fertilizing methods for prune production is being carried on, but results will not be known for two to three years yet.

In a further discussion on how to determine sugar content, F. E. Atkinson of the experimental station byproducts lab declared that a prune 1 1/4 inches or larger will provide the necessary quality, but to get that type of prune a grading process is necessary.

He felt that if the cannery insisted on a better product he would gradually increase the saleability of his product and command a better return.

In a discussion on apricots, A. R. Garrish voiced the opinion that as long as the cannery continues to pay so much per ton there is no incentive for the producer to give him a better quality product.

E. L. Famchon wanted to know why Wenatchee Moorparkers are shunned by the Okanagan cannery and he was informed that it cannot compete in quality as a canned product with the Blenheims and Tiltons.

Concerning Bartlett pears, Ryan Lawley stated that the smaller the pear the more expensive it is to the cannery, and this presented a distinct problem last year.

Old Coupon Ticket Of Great Length Abandoned by CNR

The traditional but unwieldy, mystifying and lengthy strip of coupons for travel over two or more railroads became a thing of the past with the introduction in Canada by the Canadian National Railways of a new inter-line ticket which is about the size of a dollar bill.

The new ticket offers several advantages to travellers. In booklet form, approximately three by six inches, it is carried easily in pocketbook or purse. Unlike the old style tickets with six to 12 or more coupons in a continuous strip and requiring a long arm-reach to handle, the new one contains two to six coupons, each forming a page of the booklet. Additional coupons may be added if required.

The passenger's routing is easy to read and understand with the new ticket because the coupons are made out in proper sequence to the journey. Formerly, the ticket was made out in reverse order, the first coupon to be detached being the last on the strip.

Refunds on unused portions of the new ticket are speeded because it includes a complete record of the passenger's route and fare paid.

The international aspects of the ticket are depicted on the attractive cover by a passenger train and the coats of arms of the 10 Canadian provinces and by 11 stars representing the number of American states in which the railway operates.

Twenty New Records Set As Kelowna Tops AOTS Second Big Track Meet

Out of 36 events, 20 new records were set and three others tied on Saturday afternoon at the Living Memorial athletic park when Kelowna walked away with the Summerland AOTS Club invitational track meet.

At Penticton Kelowna swept the Kinsmen meet the previous Saturday and last weekend captured the new grand aggregate trophy donated by The Summerland Review, with 98 points. Vernon was second with 81 points.

The two AOTS cups, for aggregate scores in relation to the school population went to Kelowna for senior high events and to Salmon Arm for junior high events. The latter cup was held by Summerland last year.

These two track meets are a preliminary warmup for the big Okanagan Valley high schools track meet which celebrates the 25th running next Saturday in Kelowna.

Vernon put up a stiff challenge to Kelowna despite the loss of its two star track men, D. Nolan and Desimone. Nolan pulled a muscle in preliminary warmup and in the senior broad jump Desimone, who took his place, suffered a slight sprain when he failed to hit the takeoff properly.

Consequently, the expected feature race between Desimone and Royce Moore of Kelowna did not come off.

It was in field events that most records were broken, starting with the discus, which was tossed 114 feet 11 inches. Larry Yakimovich of Vernon

established himself as one of the best junior prospects in the Okanagan when he leaped 18 feet 4 1/2 inches in the junior boys' broad jump to eclipse last year's record of 16 feet 9 1/2 inches. Larry also won the 75 yards sprint handily.

Star High Jumper

Another outstanding jumper was Gwen Ginn of Salmon Arm whose 4 feet 9 inch high jump in the intermediate girls' division was given an ovation. She broke her last year's leap by 4 1/2 inches, despite the fact that she only stands 5 feet 4 inches in height.

L. Ewers of South Okanagan high school added nearly a foot to the junior girls' broad jump when she went 15 feet 7 inches. The former distance was 14 ft. 8 1/2 inches.

Records were set in most relays while one of the star performers was Bill Barlee of Kelowna, who nearly lapped his opponents to capture the mile run in 4:49 2-5.

Summerland failed to come close to a win in any event and in one relay event caused some dismay among track officials when a local contestant started the race wearing long pants.

Lack of any uniformity in track attire among the school athletes from all parts of the valley tended to cause confusion as it was difficult to pick out the school being represented by the contestants.

Joe Sheeley was the general chairman of the event, while Walter Charles handled the paper work. Jim Logie of Kelowna was referee and Jim Panton, Pro Rec valley director was announcer and meet director. E. E. Bates handled the pole vault jumping. A. K. Macleod was in charge of the broad jump and A. D. Gately handled the high jump. Pete Greer was starter, Walter Charles head timekeeper, with timekeepers being Francis Steuart, Louis Burnell and Fred Dunsdon. Field judge was Bert Stent and head finish judge was W. H. Durick, those picking the winners being Don Tait, Percy Austin and John Dunn.

Recorder was Miss Stella Creese, while Mrs. C. A. Witherspoon handled the first aid tent and George Woltee was in charge of concessions.

Standings of the schools were: Kelowna 98, Vernon 81, Penticton 49, Salmon Arm 32, Rutland 27, South Okanagan and Armstrong 26 each, Summerland 9 1/2, Rossland 6, Kamloops 5.

Rossland was a surprise entry, bringing along a small team of senior boys, while Kamloops also had a small crew on hand.

Complete Results of Meet
Following are complete results: Discus, open—1, Ted Johnson, Kelowna; 2, R. Baker, Rutland; 3, F. Fritz, South Okanagan; 114 ft. 11 inches. New record.

Senior girls' softball throw: 1, L. Ghezzi, Kelowna; 2, Olga Libicz, Summerland; 3, A. Kzmek, Salmon Arm; 184 ft.

Int. boys, broad jump: 1, R. Campbell, Rutland; 2, D. Blumauer, Armstrong; 3, R. Towgood, Summerland; 18 ft 11 1/2 in. New record.

Senior boys, broad jump: 1, Royce Moore, Kelowna; 2, A. Kelss, South Okanagan; 3, D. Butler, Penticton; 20 ft. 7 in. New record.

Senior boys, 880 yards: 1, Bill Barlee, Kelowna; 2, W. White, Vernon; 3, Johnson, Penticton; 2:07.8. New record.

Senior girls, broad jump: 1, L. Ewers, South Okanagan; 2, F. Baumbrough, Vernon; 3, J. Runnalls, Armstrong; 15 ft. 2 1/2 in.

Int. girls' softball throw: 1, L. Ghezzi, Kelowna; 2, C. Carlson, Salmon Arm; 3, S. Tyrell, Vernon; 149 ft 10 1/4 in.

Junior boys' high jump: 1, Ian Stibbs, Salmon Arm; 2, C. Peters, Armstrong; 3, D. Craig, Rutland; 4 ft. 10 in.

Int. girls' broad jump: 1, Haluschuk, Vernon; 2, S. Lipssett, Kelowna; 3, E. Andrews, Salmon Arm; 16 ft. 2 in. New record.

Junior girls' softball throw: 1, E. McKallam, Armstrong; 2, J. Anthony, Penticton; 3, D. Hartman, Rutland; 155 ft. 0 in. New event.

Senior girls' 100 yards: 1, B. Birch, Kelowna; 2, C. Anderson, Vernon; 3, A. Hatten, South Okanagan; 12 1-5 sec.

Int. boys' pole vault: 1, S. Malinchuk, Vernon; 2, E. Tennant, Penticton; 3, G. Thompson, Rutland; 9 ft. 1 1/2 in. New record.

Shot put, open: 1, B. Butler, Penticton; 2, D. Schmidt, Vernon; 3, B. Shippitt, South Okanagan; 45 ft. 6 1/4 in. New record.

Senior boys' 440 yards: 1, Glen

Geen, Kelowna; 2, M. Garbutt, Vernon; 3, J. Pendergraft, South Okanagan; 55 3-5 sec. New record.

Junior boys' broad jump: 1, Larry Yakimovich, Vernon; 2, T. Kawase, Salmon Arm; 3, T. Perrott, Summerland; 18 ft 4 1/2 in. New record.

Junior girls' high jump: 1, S. Walker, Penticton; 2, J. Marklinger, Kelowna; 3, D. Kraft, Rutland; 4 ft 5 1/2 in. New record.

Senior boys' pole vault: 1, Kuhn, Vernon; 2, E. Tennant, Penticton; 3, Hong Mar, Kelowna; 10 ft.

Junior boys' 75 yards: 1, L. Yakimovich, Vernon; 2, Dennis Casey, Kelowna; 3, T. Perrott, Summerland and Ian Stibbs, Salmon Arm; tied; 8 1-5 sec.

Senior boys' 220 yards: 1, R. Moore, Kelowna; 2, G. Ball, Penticton; 3, C. Turner, Rossland; 24 sec. New record.

Int. boys' 100 yards: 1, S. Henderson, Penticton; 2, Marshall, Vernon; 3, Tom Nordstrom, Armstrong; 11 2-5 sec.

Senior boys' 100 yards: 1, Duncan Campbell, Kamloops; 2, D. Nolan, Vernon; 3, Don McKenzie, Kelowna; 11 sec. Tied record.

Junior boys' 300 yard relay: 1, Kelowna, Briscoe, Casey, Dodds, Neidolin; 2, Salmon Arm, T. Kawase, L. Lepine, I. Stibbs, A. Meena; 3, Penticton, Lahey, B. Coulter, G. Burns, H. Tomlin; 35 seconds. New record by 1-5 second.

Int. boys' high jump: 1, C. Burtch, Penticton; 2, R. Towgood, Summerland; 3, R. Marshall, Vernon; 5 ft. 2 1/2 in. New record.

Junior girls' broad jump: 1, L. Ewers, South Okanagan; 2, D. Kraft, Rutland; 3, B. Thorarison, Salmon Arm; 15 ft. 7 in. New record.

Senior girls' 75 yards: 1, Marilyn Oatman, Kelowna; 2, C. Anderson, Penticton; 3, J. Runnalls, Armstrong; 9 2-5 sec.

Junior girls, 75 yards: 1, Nancy Carter, Salmon Arm; 2, Zamabi, Rutland; 3, G. Fleck, Kelowna; 9 4-5 sec.

Senior boys' high jump: 1, C. Stinson, Rossland; 2, A. Brown, Vernon; 3, A. Kiess, South Okanagan; 5 ft. 5 in.

Senior boys' 880 yard relay: 1, Kelowna, Geen, Willows, Mackenzie, Moore; 2, Penticton, Bell, Rodie, Friend, Raitt; 3, Armstrong, Henley, Harrison, Gill, Danallanko; 1:43.

Senior girls' 440 yard relay: 1, Kelowna, Oatman, Birch, McMurdock, Underhill; 2, Vernon, Baumbrough, Anderson, Glock, Webster; 3, South Okanagan, Ewers, Seidler, Mang, Hatton; 55 1-5 sec. New record.

Senior boys' one mile: 1, Bill Barlee, Kelowna; 2, J. Lyver, South Okanagan; 3, M. Kitto, Vernon; 4:49 2-5. New record.

Int. girls' high jump: 1, Gwen Ginn, Salmon Arm; 2, V. Mac Crostie, Armstrong; 3, Herbst, Kelowna; 4 ft. 9 in. New record.

Int. boys' 220 yards: 1, E. Fandrich, Vernon; 2, R. Moyer, Kelowna; 3, T. Smith, Penticton; 25 3-5 sec.

Int. girls' 75 yards: 1, Natalie Haluschuk, Vernon; 2, Sandra Lipssett, Kelowna; 3, S. Terral, Rutland; 9 2-5 sec. Ties record.

Senior girls' high jump: 1, J. MacDonald, Armstrong; 2, F. Baumbrough, Vernon; 3, E. Birtles, Summerland; 4 ft. 5 in. New record.

Junior girls' 300 yard relay: 1, Rutland, Yamabe, Filder, Kraft, Marshall; 2, Kelowna and South Okanagan tied; Kelowna, Fleck, Cummings, Watt, Walker; South Okanagan, Mang, Seidler, Evans, Ewers; 38 45 sec. New record.

Int. girls' 300 yard relay: 1, Vernon, Haluschuk, K. Smith, L. Irychuk, E. Bishke; 2, Salmon Arm, J. Peck, E. Aten, E. Andrews, S. McGregor; 3, Armstrong, M. Bell, N. Shore, M. Field, L. Shumay.

Int. boys' 440 relay: 1, Penticton, Henderson, Smith, Burtch, Ishikawa; 2, Vernon, Marshall, Fandrich, Hill, Robertson; 3, Kelowna, Schammer, Fisher, Moyer, Wakabayashi; 49 sec. New record.

GRADUATES AT EDMONTON
Miss Edna Gould, daughter of Mr. and Mrs. Edgar Gould; was among those who graduated from the Misericordia hospital at Edmonton on Monday, May 5.

America's largest atomic bomb was fired in the Nevada desert at Yucca Flat recently while scientists and officials watched the blast through dark glasses 16 miles away. Here, the great spiral of smoke swirls miles into the sky, seconds after the bomb exploded. Troops in fox holes three miles away were unhurt.

Legion Hall Packed For Klondyke Night

The Legion hall was crowded to capacity Tuesday evening, May 6, when approximately 125 veterans, Legion Auxiliary members and their friends gathered for a Klondyke Night to commemorate VE Day.

Arranged by the social committee chairman, Howard Shannon, it was a highly successful event. Games were played at the start of

the evening, being in charge of Ken Boothe, Tom Charity, Harry Thornthwaite and Bill Milne, and assisted by other Legion members.

Among those who provided entertainment features were Mrs. Ken Boothe and a chorus, and the "Barber Shop Triplets" Ben Newton, Ken Boothe and Harry Howis.

Dancing was enjoyed to music supplied by Fred Gale and Bill Read, while at midnight refreshments consisting of Klondyke stew and bacon and eggs were served.

Individual aggregate cups were won as follows:

Senior girls, Kiwanis cup; C. Anderson and F. Baumbrough, both of Vernon, and M. Oatman, Kelowna. Senior boys, Legion cup: R. Moore, Kelowna.

Intermediate girls, Retail Merchants cup: Natalie Haluschuk, Vernon. Intermediate boys, Rotary cup: E. Tennant, Penticton.

Junior girls, Junior Chamber of Commerce cup: L. Ewers, South Okanagan.

Junior boys, Holy Name cup: Larry Yakimovich, Vernon.

"I put away my hard-earned money"

This young bank depositor recently wrote to his bank manager:

"I made a goal of \$1,000 for this year. It is two years since I opened the account with two dollars. I owe thanks to you that I put away my hard-earned money where it will benefit me... I do not wish to touch it for the time being."

Building up a bank account means work and sacrifice. But Canadians know the value of having savings handy in time of opportunity or need: they maintain 7 1/2 million savings accounts in the chartered banks—almost twice as many as ten years ago. At the same time bank staffs have almost doubled. That, and higher wages, have increased bank payrolls almost three times.

More people use the banks, more people work for the banks than ever before.

This advertisement, based on an actual letter, is presented here by THE BANKS SERVING YOUR COMMUNITY

Young Local Artists Do Well at Festival; Choir Disappointed

Summerland music students did well in the musical festival held

recently at Penticton with all entries winning from 75 to 86 points which is in the honor class.

Those who appeared were Marilyn McKay, Richard McDougald, Lynne Boothe, Barbara Fudge, Eileen Wilcox, and playing duets were

Nan Solly and Bruce Brown; Carol Hackman and Louise Shannon; Carol Allison and Eugene Bates; Marilyn Washington and Diane Rumball; Marnie Bleasdale and Linda Beeman, all pupils of Miss Kay Hamilton.

Robert Alstead was the only cup winner while F. E. Brinton also contested solo events.

St. Andrew's junior choir with Mrs. E. E. Bates conducting had a high mark of 86. Summerland girls' choir, which

is headed and taught by Miss Kay Hamilton was unable to enter the musical festival because of illness, both of Miss Hamilton and among the girls.

There are nineteen in the choir

this year and 1951-52 has been an active and enjoyable season.

A meeting was held on Tuesday May 6, to decide about music for the fall and the choir will be disbanded until that time.

What the PROGRESSIVE CONSERVATIVE PARTY Stands for...

OUR PLEDGE

THE B.C. Progressive Conservative Party is pledged to careful, efficient and honest administration and to courageous development of the God-given and matchless resources of this province for the benefit of all our people. We will protect freedom and enlarge opportunity for the individual as natural rights of all those who dwell within our borders today, and as a heritage for generations to come.

The B.C. Progressive Conservative Party believes that the welfare of the people is best assured by a minimum of compulsion by governments; that the increasing intrusion of government authority into the private affairs of the individual must be curbed; that the growth of bureaucratic controls brings burdensome and destructive taxation, and endangers the freedom of all our people.

The life of our province is the sum of the daily effort of all those who toil in mill or mine, factory, field or forest; in office, shop, school or home, and in the many other pursuits of our people. For all of them, the opportunity to work and save, to win advancement by ability and application, to found and maintain families, to find happiness and contentment, are of prime importance.

To achieve these aims, we pledge ourselves to deal reasonably and justly with the problems of all our people, to ensure equality of opportunity to all our citizens, to preserve freedom and to oppose monopoly.

The B.C. Progressive Conservative Party pledges itself to support in every way these principles and the actions outlined in its platform.

Mauson
Leader B.C. Progressive Conservative Party

HOSPITAL INSURANCE ...

We recognize the wide-spread dissatisfaction with the British Columbia Hospital Insurance Service as presently carried on in the Province.

The Progressive Conservative Party will institute a new plan of Government Hospital Insurance that will be on a non-compulsory, non-monopolistic basis, and will eliminate the problem of co-insurance.

EDUCATION COSTS ...

That the Progressive Conservative Party will review the problem of School Finance as it exists at present, including mounting costs, and costs of school construction, with a view to effecting a more equitable distribution of the Province's contribution.

FOREST MANAGEMENT ...

We will appoint at once a Commission of Inquiry to review the present Forest Management Policy in order to make recommendations as to how:

- (a) to ensure perpetual yield of our forests;
- (b) to provide adequate opportunity for small loggers, mill operators and all others who desire to use and develop the forest resources of the Province;
- (c) to safeguard for the public the mining, power, fishing and recreational resources within all management license areas.

HIGHWAYS ...

We propose to continue and to accelerate the highway program laid down by the Conservative Section of the Coalition in 1943, which has been carried out continuously since then.

The B.C. Progressive Conservative Party will reduce the cost of license fees on all private passenger automobiles by 30% from the present prevailing license fees.

PACIFIC GREAT EASTERN RAILWAY ...

As proposed by the Conservative Party members in the Legislature, immediately on forming a Government, we shall proceed to extend the P.G.E. into North Vancouver, with the final object in view of extending the railway from Prince George, into the Peace River area.

LIQUOR PLEBISCITE ...

The B.C. Progressive Conservative Party stands for local option.

POWER DEVELOPMENT ...

The B.C. Progressive Conservative Party will implement the Electric Power Act in accordance with the original intention of the Legislation, to provide power and light to our rural areas.

AGRICULTURE ...

We advocate a reorganization and extension of the services of the Department of Agriculture, to make the services of the department, particularly in the information field, more widely available to the farmers.

We propose to negotiate with the Federal Government to make the Prairie Farm Rehabilitation Act applicable to the whole of B.C., so that our fertile but undeveloped agricultural areas can be brought under irrigation or be reclaimed.

PROVINCIAL-MUNICIPAL TAXATION REFORM ...

The B.C. Progressive Conservative Party proposes the payment of grants in all areas where there is Provincial Government real property.

LABOR-MANAGEMENT RELATIONS ...

The B.C. Progressive Conservative Party is pledged to give consideration to the reports of the Industrial Conciliation Act Inquiry Board Report, and to the report by Chief Justice Sloan on the Workmen's Compensation Act, at the next session of the Legislature, in the best interests of Labor, consumers and industry.

EXPORT TRADE ...

The B.C. Progressive Conservative Party is deeply concerned over the deterioration of conditions in our basic industries in British Columbia due to loss of export trade. It is the firm belief and determination of the Party that some method can and must be found to simplify financial arrangements between the dollar and sterling areas of the Commonwealth and other nations. The Progressive Conservative Party will use its best efforts to bring about a betterment of trade within the Commonwealth.

SEPARATE SCHOOLS ...

The B.C. Progressive Conservative Party believes in the democratic system of non-sectarian schools as at present established by law in the Province of British Columbia.

PROGRESSIVE CONSERVATIVE

JUNE 12

Prizes Presented to Junior Reading Clubs In MacDonald School

On Friday, May 3, Mrs. M. Foulkes, chief librarian of the Okanagan Union Library came to Summerland to present prizes to the two reading clubs in Grade V of the MacDonald school.

The Rosy Rangers' club is in Mrs. E. A. Tingley's room, and is the grade in which the reading club was initiated three years ago. Because it was thought to encourage good reading habits a similar club was started last year in Mr. T. Moore's room. This is called the Streamliners' club.

Mrs. Foulkes spoke to the pupils of both grades telling them of the benefits to be had from reading and how they increase as one grows older. She mentioned to the boys and girls that when the Okanagan Union Library was formed Summerland was one of the first centres to ask for better library service, and that the people living here have always been interested in books.

This year's winners in the Rosy Rangers' group were Mitzi Jomori, Shirley Anderson and Jean Kersey.

In Mr. Moore's Streamliners' Club, Florence Antifaev, Barbara Boyd and Rosalie Hoffman, won prizes.

Keen Interest in Lecture on Diseases Shown at Monthly Meeting of P-TA

Miss Irene Stewart, PHN, was speaker at the regular meeting of the P-TA on Thursday, May 1, in the high school library, taking as her subject "Prevention and Control of Communicable Diseases".

The many advances made in control of disease were mentioned and figures quoted to show that fatalities had lessened spectacularly in many so-called children's diseases. As an example, since 1925 deaths due to whooping cough have dropped from 23.9% to 1.6%. This is accounted for by the more recent discoveries in medical science and immunization as well as more knowledge in how diseases are spread. Sanitation, water precautions and pasteurization, supervision of food handlers, and of meat, food and supply stores also contribute to prevention of disease.

A communicable disease was defined as one that is caused by contact with a person who is ill or contact with something that the sick person has handled. Usually these diseases are spread through secretions of the nose or throat.

It is the direct responsibility of the householder in which the disease occurs to report promptly any illness to the health unit or to the family doctor, in order to curtail its course. There is a law which

insists upon this measure, said Miss Stewart.

Good household sanitation and good community sanitation are the best means of combating sickness, the nurse continued. Children should be taught good health habits, such as covering the mouth and nose when coughing or sneezing, cleanliness, not going in crowds if at all ill, to touch only ones own belongings, to drink water from protected sources and to teach others similar habits.

Usual symptoms of contagious diseases are sniffles, sore throat, loss of appetite, vomiting, irritability, fever and rash.

If any of these occur the child should be isolated, the doctor called, the patient kept in bed, kept warm and fed only clear fluids. To prevent the spread to others in the household, it is important to wash hands after attending the sick one, to use paper handkerchiefs and burn them after using.

Some of the better known and frequently occurring contagious diseases are whooping cough, diphtheria, smallpox, measles, red measles, mumps, scarlet fever, streptococcus throat, dysentery and rheumatic fever. Some of these are treated with penicillin and for some immunization is set up as a

Osoyoos Wins Drama Festival Top Award

Mr. A. K. Macleod represented the Summerland Singers' and Players' Club at the dinner meeting held in the Prince Charles' Hotel on Saturday, May 3, prior to the evening performances during the South Okanagan Regional Drama Festival.

There were over twenty Summerland people present for the one-act plays on both Friday and Saturday evening.

The cup for the best play in the festival went to Osoyoos with a Spanish play called "A Sunny Morning".

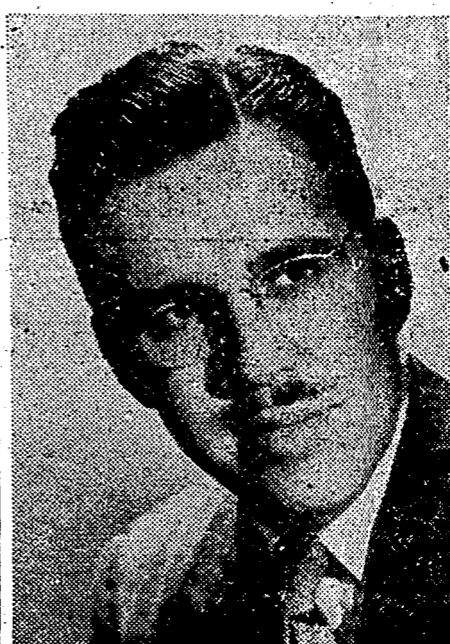

preventive by the use of special serums.

Tuberculosis is given specific treatment. The mobile X-ray machine in Penticton is for the use of the district and an X-ray may be had there any week day between 2.30 and 3.30 p.m.

Typhoid inoculations have been discontinued, it was told, as of this year, since now there are drugs which are more effective than immunization for this disease. Scarlet fever immunization has been discontinued for the same reason.

Mrs. Harvey Mitchell, who introduced the speaker, thanked her for her instructive address.

The annual meeting of the P-TA will be held in June and Mrs. H. H. Dunsdon, Mrs. W. C. Wilkin, and Mr. J. Morrow were chosen as a nominating committee.

E. C. (Ed) McPherson

E. C. (Ed) McPherson of Vancouver, and formerly of Saint John, N.B., has been made public relations officer for the Canadian Pacific Railway's Pacific Region with headquarters at Vancouver, it was announced here today by J. H. Campbell, manager, department of Public Relations.

He succeeds J. F. Magor, who is leaving the position to become publisher of the Prince Rupert Daily News.

Mr. McPherson, who came to Vancouver in January as public relations officer for Canadian Pacific Airlines, will be succeeded in that position by J. H. Crump, formerly assistant supervisor of advertising and sales promotion for the airlines.

A native of Zealandia, Sask., Mr. MacPherson worked for 12 years on the Carleton Place (Ont.) Canadian, and was a reporter on the Ottawa Journal before serving in the Canadian Army, latterly as public relations officer. He joined the CPR in 1945 at Montreal where for a time he edited the company publication The Spanner and was attached to the press department. For the past five years he has been stationed in the maritimes.

Mr. Crump, a public relations officer with the RCAF, in World War II was engaged in commercial photography and promotion work in Vancouver before joining the Canadian Pacific Airlines in his present capacity. He lived for a number of years in Penticton where his father was superintendent of the Kettle Valley division of the CPR.

J. H. Crump

ALTERNATIVE VOTING AND HOW TO MARK YOUR BALLOT IN THIS PROVINCIAL ELECTION

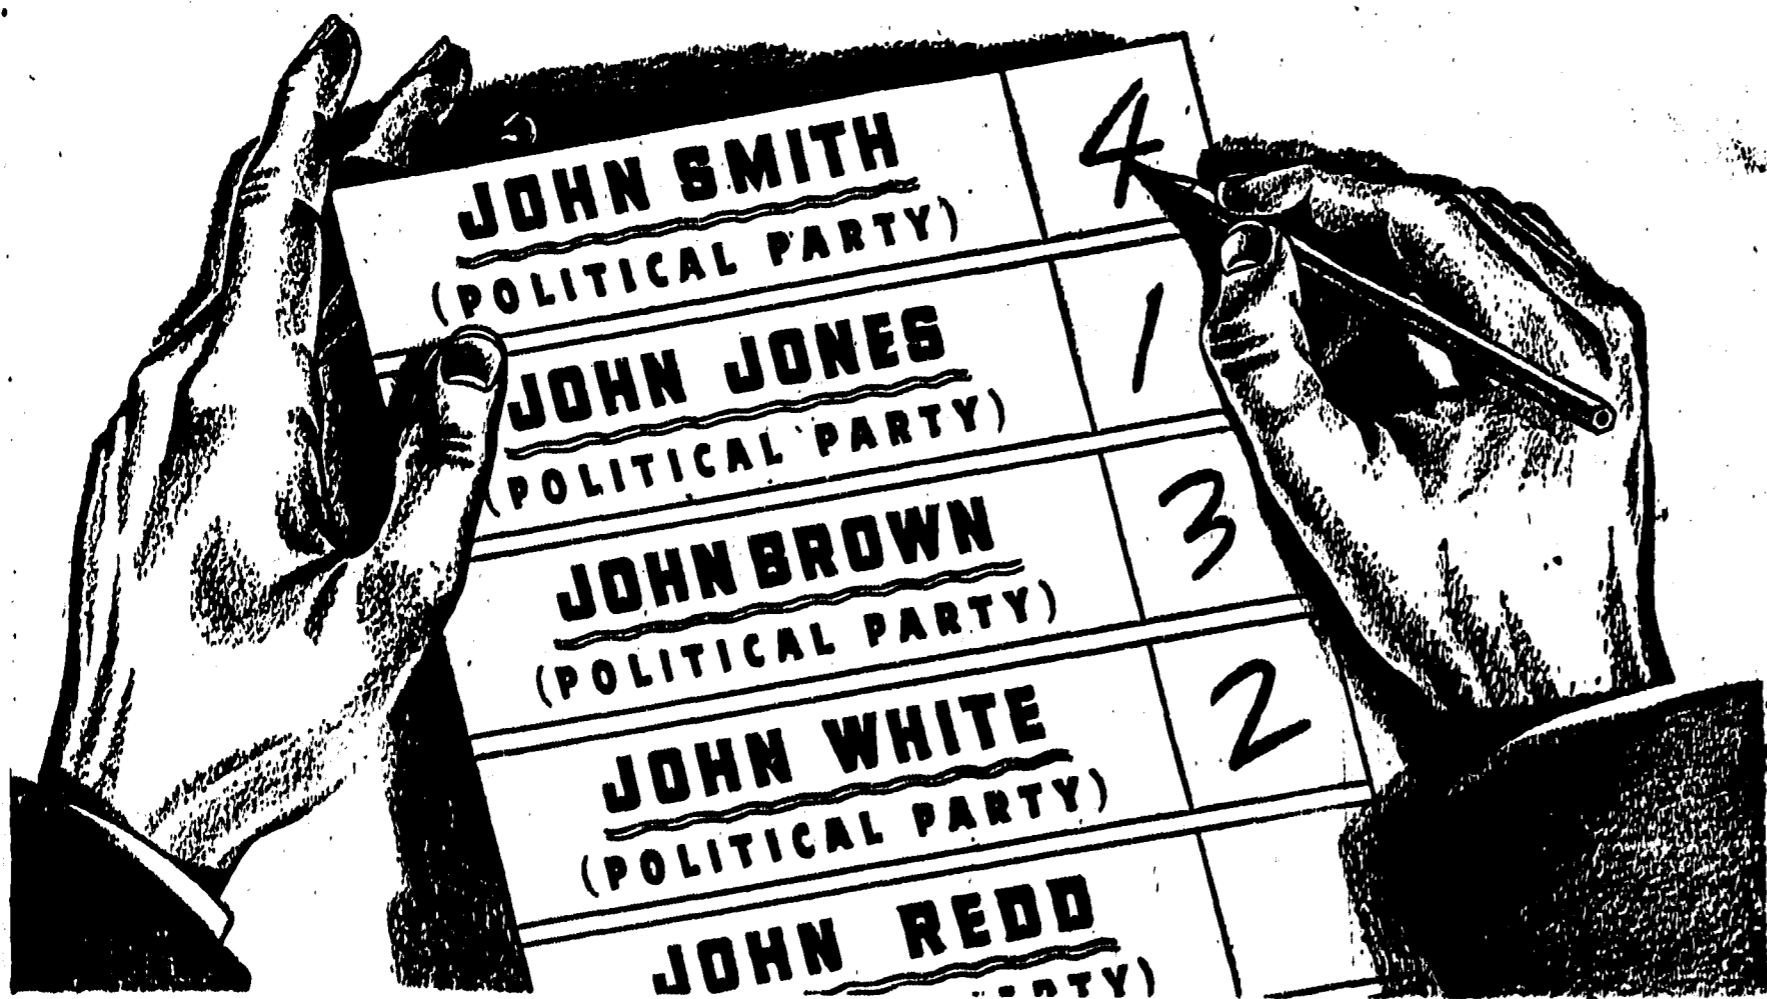

HERE'S WHY THE NEW SYSTEM IS BEING USED

The Voting system has been changed to enable every voter to cast his ballot for more than one candidate in order of his preference.

When you vote under the Alternative Vote system YOU GET MORE THAN ONE CHOICE. This will prevent any candidate being elected on a minority vote as has happened in the past. The candidate so elected in each riding will have received an absolute majority over all other candidates combined.

HERE'S HOW YOU VOTE WITH ALTERNATIVE VOTING

The Alternative Vote is as simple as the voting system used before only, instead of marking an X against your one choice only, you can mark 1-2-3-4 with your first choice as number one, your second choice as number two and so forth in order of your preference.

CUT OUT THIS MESSAGE FOR REFERENCE AND DISCUSSION.

PROVINCE OF BRITISH COLUMBIA

High School Athletes Break Eleven Local Records at Meef

Eleven records were broken, three by Terry Perrott, as House 1 won the annual Summerland high school track meet on Wednesday afternoon, May 7. Final standings of the houses were: House 1, 183; House 3, 175; House 2, 160; House 4, 138.

It was announced at first that House 3 had topped the meet but it was found that P. Hooker had entered too many events, which disqualified her from her first place in the softball throw, and changed the final team standings.

Captains of the teams were: House 1, Ken Drawner, Margaret Marshall; House 2, Ronald Desilets, Eileen Birtles; House 3, Preston Mott, Yvonne Polesello; House 4, Daryl Weitzel, Margaret Jomori.

Complete results follow: Junior boys, 75 yards: 1, T. Perrott; 2, G. Hackman; 3, Billy Ward. 9:4-5 sec. New record.

Open pole vault: 1, D. Weitzel; 2, R. Towgood; 3, Glen Younghusband; 8 ft. 3 in.

Senior girls, 75 yards: 1, Mary Marshall; 2, Arlene Raincock; 3, Anna Briekovich; 10:3-5 sec.

Int. boys, high jump: 1, R. Towgood; 2, B. Higgs; 3, B. Austin. 5 ft. 1 in.

Junior girls, 50 yards: 1, Sheila Bennison; 2, Pearl Wakefield; 3, Gail Steuart; 7:3-5 sec. New record.

Senior girls, broad jump: 1, Marg Jomori; 2, Eileen Birtles; 3, Phyllis Bradford; 13 ft. 7 1/2 in.

Junior boys, 100 yards: 1, T. Perrott; 2, G. Hackman; 3, B. Ward; 12:3-5 sec. New record.

Int. boys, 100 yards: 1, B. Krause; 2, V. Campbell; 3, A. Cyra; 11:4-5 sec.

Senior boys 100 yards: 1, G. Washington; 2, Roger Smith; 3, P. Mott; 11:4-5 sec.

Junior girls, broad jump: 1, Pearl Hooker; 2, Marie Gronlund; 3, M. Kawasaki; 13 ft. 5 1/2 in. New record.

Senior boys, 880 yards: 1, Herb Arndt; 2, Jack Smith; 3, B. Daniels; 2:32.3-5.

Junior boys relay, 300 yards: 1, Parker, Ward, Uogama, Hanson; 2, Perrott, Stoll, Biollo, Walker; 3,

Metters, Walker, Sedlar, McClure; 39:2-5 sec. New record.

Int. boys 220 yards: 1, B. Krause and V. Campbell, tied; 3, A. Cyra; 26:2-5 sec.

Junior boys broad jump: 1, T. Perrott; 2, R. Parker; 3, A. Draper; 16 ft. 1 in. New record.

Senior girls high jump: 1, Eileen Birtles; 2, Mary Marshall; 3, Olga Libicz; 4 ft. 3 in.

Open shot put: 1, Roland Desilets; 2, K. Brawner; 3, D. Weitzel; 33 ft. 1 1/2 in.

Senior boys, 220 yard: 1, G. Washington; 2, Roger Smith; 3, B. Daniels; 26:1-5 sec.

Senior girls, 100 yards: 1, Eileen Birtles; 2, M. Jomori; 3, Arlene Raincock; 14:2-5 sec.

Int. boys broad jump: 1, R. Towgood; 2, F. Lauer; 3, B. Austin; 18 ft. 5-8 in. New record.

Int. girls 75 yards: 1, Yvonne Polesello; 2, Irene Menu; 3, Orla Raham; 10:3-5 sec.

Junior girls, softball throw: 1, Pearl Hooker; 2, Nella Huva; 3, Pat Menu; 122 ft. 10 in. New record.

Junior girls, 300 yards relay: 1, Sheila Bennison, M. Gronlund, L. Elliott, C. Gibbard; 2, M. Faasse, Neyeko, M. Lauer, Lauriel Younghusband; 3, P. Hooker, Nona L., P. Wakefield, J. Smith; 43:1-5 sec.

Int. girls, 300 yards relay: 1, R. Jomori, J. Brandama, J. Miller, S. Berg; 2, I. Menu, J. MacDonald, L. Lewis, Norma Arndt; 3, O. Raham, Glenn Heavysides, Pauline Hoffman, M. Inglis; 42:1-5 sec.

Junior boys high jump: 1, G. Hackmann; 2, B. Walker; 3, R. Walker; 4 ft 4 1/2 in. New record.

Senior boys 880 yards relay: 1, R. Smith, R. Desilets, A. Hooker, H. Arndt; 2, Lewis, Higgs, Weitzel, Axworthy; 3, Harblcht, Daniels, Glenn Younghusband, R. Mott; 1:53 1-5.

Int. girls broad jump: 1, Yvonne Polesello; 2, I. Menu; 3, P. Hoffman; 13 ft. 5 1/2 in.

Junior girls high jump: 1, Donna Lewis; 2, P. Hooker; 3, M. Faasse; 3 ft. 9 1/2 in.

Int. girls 100 yards: 1, Orla Raham; 2, Yvonne Polesello; 3, Joan Brandama; 14 1-5 sec.

Int. boys 440 yards relay: 1, B. Krause, B. Austin, B. Boyda, T. Paul; 2, V. Campbell, F. Lauer, L. Higgs, L. Younghusband; 3, A. Cyra, C. Ask, R. Towgood, G. Brake; 54 sec.

Int. girls high jump: 1, Irene Menu; 2, J. Brandama; 3, June Willis; 4 ft. 1 in.

Senior girls 300 yard relay: 1, Anna Briekovich, Eileen Birtles, Winnie Smith, Doreen Sowehuck; 2, M. Menu, A. Raincock, P. Bradford, June Willis; 3, Luella Polesello, Esther Mottora, M. Stevenson, Margaret Jomori; 42 3-5 sec.

Senior boys broad jump: 1, E. Brydon; 2, R. Lewis; 3, P. Mott; 18 ft. 8 1/2 in.

Bike race: 1, Art Cyra; 2, A. Hanson; 3, J. Ballile; 2:43.5 New record.

Senior boys high jump: 1, P. Mott; 2, R. Lewis; 3, A. Hooker; 5 ft. 2 in.

Open discus: 1, G. Washington; 2, Ken Brawner; 3, Ronald Desilets.

Junior girls 75 yards: 1, S. Bennison; 2, P. Hooker; 3, M. Faasse; 11 sec.

Senior boys 440 yards: 1, H. Arndt; 2, D. Weitzel; 3, J. Smith; 1 min 2-5 sec.

Senior girls softball throw: 1, Olga Libicz; 2, M. Jomori; 3, Dot Long; 144 ft. 0 in.

Int. girls softball throw: 1, Ruby Jomori; 2, Maureen Prior; 3, Esther Huva; 188 ft.

Gould's Single Beats Vernon By 3-1 Count

A weak hitting crew of ball players still managed to eke out a narrow 3-1 victory in a listless baseball game at the Living Memorial athletic park last Sunday afternoon as Summerland Macs triumphed over Vernon, getting their winning runs in the lucky seventh.

Lefty Gould proved the hero as he pasted the horsehide into short left centre just over short for a sharp single to score two runs after Metcalfe had already crossed the plate for the equalizer.

Ken Brawner started on the mound for the locals as Day was to have been saved for Wednesday's epic against Pentiction. However, with two down and two singles and a walk against him Brawner was yanked in the first frame and Day forced the third out to pop up to short.

For the third straight game, Day shutout the Vernon team, limiting them to four bingles, and whiffing eight.

A big right-hander, Dave White who formerly threw in Vancouver Island circles, was the Vernon hurler. He was a control ball, change of pace pitcher who made the Macs look slightly weak in the punching department.

He hooked the corners religiously and threw the Macs offstride at the bat so that they only got two good smacks all day.

Brummett Blows His Top

With Vernon's lone tally in the first frame looming as big as a mountain, White got into trouble in the 7th frame. Metcalfe was safe on a fumble by Graff at first. Then Alkin walked after a very close call on a third strike tip foul which the umpire ruled just touched the ground.

Jomori was at bat and swung on a low ball which was trapped by Tony Brummett, the big Vernon catcher who started his ball career with Rutland and who tried out for pro ball with St. Louis Browns rookie camp.

Umpire McCargar ruled that he had interfered with Jomori's bat and awarded the Macs shortstop a free trip to first, thus filling the bags. Brummett raged that he had not interfered and that it was the click of the ball in the glove which McCargar had heard. Tony staged quite a show of temper but got back in the ball game just the same.

Day hit a bouncer to short to score Metcalfe and Gould smacked one to short left to score Alkin and Day for the winning runs, Jomori having been forced at second on Day's grounder.

Vernon threatened seriously in the sixth with men on second and third with none away. Some smart fielding and pitching by Day, however, held the visitors scoreless.

REVIEW CLASSIFIED ADS BRING RESULTS

Much to the chagrin of his Montreal Canadian teammate "BOOM-BOOM" GEOFFRION (left), MAURICE RICHARD got in the first kiss, as the Boomer was all lined up for the big buss with his bride, MARLENE MORENZ. She is the daughter of the late Howie Morenz, all-time hockey great.

New Hurler Helps Sox Win 8-5

Summerland Red Sox unearthed a 19-year-old hurler, Bill Ulmer, for Sunday's contest against Kelowna Chiefs, who is one of the best prospects to appear here for a long time. Last year he hurled for South Burnaby Athletics, but will be in Summerland for two months, at least, this season on a construction job.

It was mainly due to his hurling in the final stages of the contest that the Red Sox triumphed 8-5 in eight innings, the game being called on account of darkness in the early part of the ninth frame.

Red Sox were trailing 5-3 going into the last of the eighth, when they got to Smeeth, Chiefs' hurler for five runs, Hickson being called in to put out the fire.

Young Dave Doumont was called upon to do some fancy acrobatics to try and hold Desilets' pitches for the first five frames, the ex-Pee Wee being a bit too inexperienced for the job. Ulmer didn't really open up in his pitching stint, as Doumont could hardly hold really fast hurling.

Both teams scored single runs in the second, Thompson scoring when Eyre's grounder was muffed. Red Sox went ahead 3-1 in the third when Ulmer and Siegrist scored on two steals and infield plays.

The Chiefs turned the tables in the fourth when they tallied three times on three singles and a walk off Desilets. Kelowna added more insurance in the sixth with Ito scoring the fifth run.

But this rally went for nothing when Smeeth blew up in the eighth, ten batters facing the Kelowna team before the rally could be stopped. Five runs crossed over and the Red Sox went ahead 8-5.

Play went on in the first of the ninth, with another run scoring but it didn't count when Umpire Wendell Schwab, who was mixed up in many arguments with both teams, called the game for darkness.

Ken Brawner is coming back to junior ranks, having been given his

Three Tie with 96 At Rifle Shoot

Three contestants were tied for top honors with 96 each at last Sunday morning's shoot at Garnet Valley range, being D. L. Sanborn, John Khalembach and Herb Simpson. Two other sets were also tied, Phil Dunsdon, Fred Dunsdon and Bill Young each having 94 and Steve Dunsdon, George Dunsdon and Ed Gould 93 each.

Other scores were: Art Dunsdon 91, Jill Sanborn 86, E. Gillespie and George Stoll 85, Pop Dunsdon 74, Roy Desilets 68.

There is sufficient money in the treasury after last season's operations to pay the interest on debentures issued but not sufficient to finance the bleacher accommodation.

President George Stoll considered it absolutely essential to the continued successful operation of the arena to have seating accommodation, especially for hockey games.

It was decided that the curling club would be authorized to move the present east wall of the skating rink in a westerly direction not more than two feet, so that sufficient width for the curling rinks can be provided. The curlers will build a concrete wall to the necessary height on a proper footing, it was agreed.

Red Sox 8, Kelowna 5.

Rink Directors Would Borrow Five Thousand

An endeavor to borrow \$5,000 to pay off all existing debts, including the original bank loan, and to construct bleachers on the east side will be made by the Summerland Rink Assn. it was decided at a recent meeting in the Occidental Fruit Co. Ltd. office.

These races will be followed by a midget baseball game, with two teams from the midgets being coached by Harry Hackman contesting for top honors.

Final event on the day's program will see the Summerland Red Sox and Kamloops juniors tangle in a ball game.

Kiddies' Sports At Athletic Park On Victoria Day

As both the Summerland Youth Centre Assn. and the Summerland Macs baseball club have given notice they do not intend to stage any May 24 sports this year, the AOTS Club has stepped into the scene and is arranging a kids' day.

On Monday evening, the sports committee of the AOTS Club, led by Joe Sheeley, agreed to arrange races for youngsters from 3 and under to 13 and under, commencing at 11 o'clock Saturday morning May 24.

These races will be followed by a midget baseball game, with two teams from the midgets being coached by Harry Hackman contesting for top honors.

Final event on the day's program will see the Summerland Red Sox and Kamloops juniors tangle in a ball game.

Fishing News...

(By Bert Berry)
Fish Lake: Road okay, lake producing well. Howard Clark reports jeep road to Munro Lake will be open Sunday.

Garnet Valley: Road rough, but otherwise okay, fishing is pretty fair with some fair sized ones coming out.

Silver Lake: Jeep road only; fishing was good over the weekend, up to 1½ pounds being caught on

BERT BERRY has a big Stock of Fly Rods, Tapered Leaders, His Own Files and Snelled Hooks... in fact, Everything for the Fisherman.

fly and trolling.
Headwaters Camp: Road passable and repairs being done. Will be open for fishing this weekend. Only one party in over the weekend and reports lakes open.

Glen Lake: Road still too muddy for anything but a jeep, or walk the last mile and a half. Fishing will be fine for those lucky enough to get in.

Shannon Lake: Lake open but fishing not on just yet. One party reports they had no luck but should be starting anytime now.

Okanagan Lake: Just fair for most this past week. One report of five caught in an evening, but this is best report. Good fishing is overdue here.

Billy Hall and Bill Hack had fairly good luck at Shannon Lake. Bob Bleasdale had good luck on the Shuswap.

MORE ABOUT— Was Hospital

Continued from page 1

tor J. E. O'Mahony. Tea was prepared by the hospital staff and was served in the nurses' home. Greeted Visitors

Here, President C. J. Huddleston welcomed the visitors, and spoke of the gratifying support of the people of Summerland, and dealt shortly with the added comforts which people supply a small community hospital which make patients' enforced stay more comfortable.

In making the surprise presentation, Mrs. Solly spoke a few words of appreciation for the "wonderful record of chairmanship and work you have accomplished", in addressing Mr. MacDonald.

The latter has served the hospital for twenty years as president, and had six years before that as a director. He is therefore on his 27th year of continuous service.

Mrs. Solly said of Mr. MacDonald that he has always been dependable, level headed and wise in his decisions.

"It is because of your leadership that our little hospital stands in the forefront of the small hospitals of B.C.", Mrs. Solly declared. "Please accept this gift with all our love and gratitude."

"You can look on such work as a duty or as a privilege", commented Mr. MacDonald after he received

Substitute Teachers Ask Salary Raise

Local substitute teachers applied to Summerland school board at the regular meeting, Monday evening, May 12, for an increase in the amount paid to them on the grounds that the amount was not in line with general rise in teachers' salaries.

In view of the fact that the money paid to substitutes is below that of existing regular teachers' salaries, it was decided by the board that effective June 1, an adjustment would be made and a higher sum paid to them.

Widening of the Front Bench road near the J. E. O'Mahony property will not be done until a survey is completed, council decided on Tuesday.

ered from his initial surprise. "Such work as I've done hasn't been work at all but has been a privilege and a pleasure."

The Mail Bag

DISCARDED THEORY 30 YEARS AGO
1437 Taunton St.
Victoria, B.C.
April 28, 1952

Editor, The Review:

As it is many moons since I last inflicted myself on the good people of Summerland perhaps I may be pardoned if I ask for a little space to discuss some political aspects of the passing scene. I refer primarily to that party known as Social Credit to which the disgruntled members of the two old parties are being attracted because it appears to offer something new and radical.

It is not radical because we discussed the Douglas theory of Social Credit at the Summerland Open Forum thirty years ago and decided it didn't have anything, an opinion which was later verified by the leading economists of Britain. This just goes to prove that each generation produces a fresh crop of suckers.

It is not radical because the Alberta government which professed to be radical at the start has become so conservative along orthodox capitalistic lines that it solicits campaign funds from oil companies.

Major Jukes of Victoria who is president of the original Douglas Social Credit Party of B.C. states that the Alberta movement has nothing to do with either Douglas or Social Credit. Of course he is quite right as any high school pupil could have told them years ago that the theory has no validity whatever under provincial jurisdiction, a fact which they now admit. Before it could be brought into operation on a federal basis it would involve complete ownership and control of the entire financial system of the country and that would be socialism, not the phony system of inflation which they preach as the cureall for our social ills.

Most of the items on the local platform could be swallowed whole bolus by either of the two old parties, the leaders of the movement know nothing whatever about it and admit this fact by importing a carpet bagger from Alberta, to handle their campaign. We prefer our gas from Alberta in pipes, not sprayed around the "atmosphere". The ostensible purpose is to gain dominion control and as their federal policy is more reactionary than the Tories and their outlook on international affairs isolationist and out of date, they have nothing of any value to offer to the people of British Columbia. This province could use a few statesmen but there is no evidence that they will ever be found in the ranks of Social Credit.

Yours,
JACK LOGIE

A. R. Garrish Continues To Lead B.C. Fruit Growers; C. McKenzie Local Choice

A. R. Garrish, energetic president of the B.C. Fruit Growers Association for the past year, was the unanimous choice of directors gathered in the board room of B.C. Tree Fruits Ltd. last Thursday afternoon to continue at the helm of the huge growers' organization until the next annual convention in January.

Empire Day Is Holiday On Saturday

This Saturday is Empire Day throughout the British Empire and is a holiday commemorating the late Queen Victoria.

All places of business close this Saturday and many will be taking advantage of the long weekend to travel to various parts of the province or into the United States.

For those who remain at home, the AOTS Club is arranging a family day at the Living Memorial athletic park, with kiddies' races starting at 11 o'clock, followed by a midget baseball contest and a junior baseball exhibition between Summerland Red Sox and Kamloops All Star Juniors.

Rt. Hon. the Earl of Gowrie, VC, has issued a special Empire Day message, as president of the Empire Day Movement.

"We are a friendly people," said His Late Majesty King George VI, and Gowrie believes it is this special aptitude for friendliness and Socratic respect for the opinion of others that has knit together into so unique a partnership, the British Commonwealth.

Mrs. J. Dryden To be Laid at Rest Sunday

On Sunday afternoon at 2:30 o'clock, a graveside funeral service will be conducted by Rev. H. R. Whitmore in Peach Orchard cemetery when the remains of the late Mrs. Jeanie Alexandria Dryden will be laid to rest.

Mrs. Dryden, the widow of the late William Dryden, former secretary-treasurer of the Summerland Co-operative Growers' Assn., died in Vancouver on Tuesday, May 20, in her 79th year.

A funeral service is being held in Vancouver on Friday, with remains being forwarded for burial in the family plot at Peach Orchard cemetery on Sunday.

Born in Scotland, Mr. and Mrs. Dryden lived on the prairies for some years before coming to Peachland, where Mr. Dryden was employed in a packinghouse. He was also a member of the Peachland council for a time.

In 1928 he came to Summerland to take over the post of secretary-treasurer of the Summerland Co-op, and both Mr. and Mrs. Dryden had many friends throughout this part of the Okanagan. He passed away in 1941.

One son was killed in World War I and a baby died in infancy. Only surviving member of the family is one daughter, Mrs. E. A. Peck of Vancouver.

LOYD ON SALES PICTURE

Probably Have to Divert Export Fruit to Processing This Year

That the fruit industry may have no alternative but to divert a large portion of its apple crop which ordinarily goes export into other channels such as processing was made amply clear by A. K. Loyd, B.C. Tree Fruits Ltd. general manager, when he spoke to the 24 delegates representing all locals of the fruit area in the interior of B.C. last Thursday at Kelowna.

Mr. Loyd reminded the grower directors that the fruit area's economy rests on exporting part of the apple crop and "if these markets are withdrawn permanently we have to adopt a realistic attitude".

This top official has just returned from Montreal where a conference on export with high government officials was held. "No favorable assurances resulted."

"It simply does not pay the industry to pack and pay freight on a portion of the tonnage which brings back little or nothing to the producer," Mr. Loyd remarked, also pointing out that the industry is fortunate in having an alternative outlet in the processing deal, even though the returns compared to export sales will be reduced.

Mr. Loyd reiterated his statement made to Summerland growers a month ago that the export prospects "were never more gloomy than at the present time".

The sales agency is not giving up the fight but there are no encouraging signs that the UK markets will open this season, he felt.

Other signs are encouraging, however, as for the first time other apple producing provinces of Canada realize all areas must work and plan together. Nothing can be done about the quantity of fruit produced but marketing must be planned intelligently, he thought.

In the U.S., two million boxes are

This was the final meeting of directors under the setup which was formulated in 1939. In January, 1953, for the first time in approximately 15 years, the president and executive will be selected at the annual convention.

The May meetings of BCFGA directors will be disbanded from now on, it was decided at last January's convention, and all elections and recommendations for official positions will be undertaken at the January conclave in future.

Mr. Garrish's election last Thursday was in sharp contrast to the election which took place last year at the same time.

Then, President Ivor Newman was seeking re-election and George A. Lundy, a member of the executive for many years, was another candidate. Arthur Garrish was a surprise nomination and he was successful in being named over the two other candidates in the balloting.

This year, there was no doubt about the growers' desire to have Mr. Garrish continue at the helm of their business affairs and he was unopposed.

On the central executive with Mr. Garrish will be J. G. Campbell of Salmon Arm and J. M. Kosty of Vernon, both elected by acclamation to represent the mainline and North Okanagan sections respectively.

A three-way vote for Central Okanagan resulted in Sam Pearson, Jr., of Glenmore being elected over Nigel Taylor of S.E. Kelowna and J. Follmer of Rutland. George Fitzgerald had been the executive member from the centre for three years but because of his orchard work had to decline nomination.

For South Okanagan, Colin McKenzie of Summerland was successful in being named over J. W. Johnson of Penticton. He replaces G. A. Lundy of Oliver.

John Hall will continue at the Kootenay's choice on the executive. Fruit Board Re-elected.

In the morning, George A. Barrat, who was on the original B.C. Fruit Board elected in 1934, was again the unanimous choice to head the three-man board. Once more, along with J. G. Campbell of Salmon Arm and A. G. DesBrisay of Penticton, Mr. Barrat's salary was raised to \$4,000 per annum and the other two members receive \$500 each.

Only one section introduced more than the required number of candidates for recommendation as governor of B.C. Tree Fruits Ltd. James Snowsall of Glenmore, chairman of the BCFGA Planning Committee, replaced George Day of

Conquer Cancer Fund Going Higher Yet

Conquer Cancer campaign has reached an all-time high here of \$1,204.55 and still more funds are expected to be received, J. E. O'Mahony, chairman of the canvass on behalf of the Kinawis club of Summerland reported to The Review yesterday.

Probably Have to Divert Export Fruit to Processing This Year

That the fruit industry may have no alternative but to divert a large portion of its apple crop which ordinarily goes export into other channels such as processing was made amply clear by A. K. Loyd, B.C. Tree Fruits Ltd. general manager, when he spoke to the 24 delegates representing all locals of the fruit area in the interior of B.C. last Thursday at Kelowna.

Final Apple Pool Cheques Are Mailed

This week, growers in the Summerland area are receiving more than \$200,000 as final payments on the 1951 apple crop.

It is known that the Summerland Co-operative Growers' Assn. sent out cheques on Tuesday totalling \$95,000.

On the basis that the co-op has about 40 to 45 percent of the local tonnage, it is estimated that at least \$200,000 will be distributed by all four local packinghouses.

Two weeks ago, it was stated from Kelowna that apple pool returns will be about 42 percent higher than the year before.

A figure of \$2.38 per box to the shipper, before packing charges were taken off, was the average worked out by the sales agency some time ago. Packing charges range from \$1 to \$1.25 per box with the average said to be \$1.15.

In 1951, on the basis of a much larger crop, the apple pool paid to the shipper an average of \$1.67, with packing charges ranging about 10 cents per box lower than the \$1.15 average this year.

Statements from head office in Kelowna place the crop at 4,300,000 for the purposes of this final pool, as Wealthies and early cookers were in a separate pool which was closed much earlier.

On the basis of \$2.38, less \$1.15 for packing charges, growers in the fruit industry are receiving the balance of a total receipt of approximately \$5,289,000 for their apple crop, it has been estimated.

Speaking on the crop year just ended, A. K. Loyd told directors at the annual meeting in Kelowna last week that "fairly reasonable returns on nearly all markets" had been obtained.

B.C. Tree Fruits Ltd. got as much income as it was possible to achieve, he thought.

"Get Out the Vote" Campaign Urged on Boards of Trade By B.C. Chamber Secretary

Although the vote of the electorate at the last provincial election was the highest percentage of the total possible ever recorded, yet it was only 73 percent of the voters on the lists, Larry G. Ecroyd, secretary of the B.C. Chamber of Commerce, told the annual general meeting of the Associated Boards of Trade of the Southern Interior at Okanagan Falls on Wednesday evening, May 14.

In 1949, Mr. Ecroyd found that 171,020 persons in B.C. did not vote. Two portions of the Associated Boards area, Similkameen and Greenwood had the highest percentages in the province, being 80 and 82 percent, he said.

Despite the publicity which has been given, there is still some suspicion abroad concerning the alternative voting system, Mr. Ecroyd declared. He pointed out the advantages of this system, that a voter whose chosen candidate is not successful still can use his preference votes and have an opportunity to select a candidate, not of his first choice but of a lesser choice.

The Junior Chamber of Commerce movement in B.C. is particularly active in this Get out the Vote campaign. Mr. Ecroyd declared, but is looking to the senior boards and chambers to assist in the promotion.

He has been on a tour of the province in an endeavor to get all possible assistance in having as big a percentage of voters as possible turn out to the polls on election day.

After Chairman J. R. Armstrong of Summerland described briefly the program of work which has been drawn up by the B.C. Chamber for this year, Mr. Ecroyd gave some additional information, stating that a semi-monthly or monthly bulletin will be issued by the B.C. Chamber to keep members posted on province-wide activities.

He described the B.C. Chamber movement as a "province-wide knitting together" and declared that some 65 boards in the province had become members. The objective for this year was set at 75.

The Southern Interior meeting last week voted unanimously to affiliate with the B.C. Chamber, thus bringing all six associated boards groups in the province within the scope of the new provincial body. Want Flood Control

Nine resolutions were introduced to the Southern Interior meeting, the first from Cawston dealing with possible flood control measures in the Similkameen valley. The Cawston board asked the federal government to investigate the possibility of a system of dams near the headwaters of the Similkameen and Tulameen rivers as a

HERE TODAY

Byron I. Johnson

Premier of British Columbia who appears in Summerland this afternoon for a brief visit. Along with C. R. Bull, Liberal candidate for South Okanagan, the genial premier will meet many old friends at the IOOF hall today.

Municipalities Gather Here Next Thursday

Representatives of municipal councils from Kamloops south to Osoyoos will gather in Summerland next Thursday for the quarterly meeting of the Okanagan Valley Municipal Assn.

Reeve C. E. Bentley of Summerland, president of the OVMA, will officiate at the business sessions, while both Peachland and Summerland municipal councils will preside at the banquet which will precede the meeting.

Civil defense will also be a major topic at this session and Lt. Col. J. H. Horn, chief administrator of civil defense for the Okanagan and other officials in the interior will be present to address the gathering, it is planned.

Many Shop at Home Values Offered

It is not often that a group of local merchants get together on a combined sales effort but next week five local grocery stores and three meat markets are combining to provide special offerings to their many customers in Summerland area to mark Don McNeill Week.

Don McNeill is a favorite of thousands on the Swift Canadian program over CBC network Monday to Friday at 8:15 a.m.

This company is featuring Don McNeill Week in Summerland and on Page 7 can be found dozens of special bargains offered by the merchants of this community on a "SHOP at HOME AND SAVE" basis.

Resident Here Twenty Years Dies at Coast

A resident of Summerland for twenty years, Mrs. Caroline Maud Elsey passed away at 8747 Marine Drive, West Vancouver, on Sunday, May 18 in her 75th year. Widow of the late H. H. Elsey of Summerland, the late Mrs. Elsey was born in Ontario and resided here for two decades before leaving last fall on a visit to Los Angeles and later Vancouver.

Falling health caused her to out short her visit in the south and she returned to Vancouver about four months ago.

Funeral service was held at 3 o'clock on Tuesday afternoon, May 20 from Simmons & McBride funeral chapel, Vancouver, Rev. Elbert Paul, DD, officiating. Interment was in Mountain View cemetery.

She is survived by one brother, Archibald McCall of Vancouver; two stepsons, Dr. C. R. Elsey of Vancouver and C. H. Elsey of Summerland; three stepdaughters, Mrs. Frank H. Hayward of West Vancouver, Mrs. W. W. McGill of Victoria and Mrs. G. M. Widen of Vancouver.

Four Candidates File Papers for B.C. Election; Two Meetings Next Week

At one o'clock today, Harvey L. Wilson, returning officer for South Okanagan electoral district, announced that four candidates would seek election in this riding on June 12. Nominations closed at noon today throughout the province.

On the ballot papers, in the order their names will appear will be the following candidates:

William Bower Hughes-Games, accountant, Kelowna, Progressive Conservative.

Cecil Robert Bull, fruit grower, Okanagan Mission, Liberal.

Thomas Wilkinson, farmer, Kelowna, CCF.

William Andrew Cecil Bennett, merchant, Kelowna, Social Credit.

Names of the official representatives of these candidates have also been announced, and are as follows:

Robert Robinson, Kelowna, barrister and solicitor, for Hughes-Games.

Robert Morris Hayman, Kelowna, solicitor, for Bull.

Terence Dampier Dyson, RR3 Kelowna, fruit grower, for Wilkinson.

Harold Cecil Evans Sladen, Kelowna, accountant, for Bennett.

Three important public meetings have been detailed for Summerland in the next two weeks.

Political Rallies Start

Next Tuesday, the Progressive Conservative candidate, W. B. Hughes-Games, will come to West Summerland's IOOF hall to address the first public meeting since the election campaign really got underway.

Mr. Hughes-Games will be supported by Ald. J. D. Cornett, of Vancouver.

Two days later, next Thursday, Tom Wilkinson, the CCF candidate and O. L. Jones, MP for Yale, will address a public meeting in the same hall, the latter arriving from Ottawa to enter the political arena in this riding.

On Monday, June 9, just prior to the election, W. A. C. Bennett will make his only public appearance here, addressing a political rally in the Youth Centre on behalf of himself and his adopted Social Credit party.

Arrangements for a public meeting to hear Capt. C. R. Bull, Liberal candidate, will be made in the next few days, local officers of the Liberal association state.

May Stage Street Carnival in August

At their Monday evening meeting in the Nu-Way Annex the Kiwanis Club of Summerland considered operation of another street carnival probably in August. Further discussion on this project will ensue before the club makes a final decision.

RESIGNS FROM STAFF

Municipal council last week received with regret the resignation of Mrs. Evelyn M. Spelsberg from the municipal office staff, effective May 31. A letter of appreciation for her services is being sent by council to Mrs. Spelsberg.

Dams Would Not Fill This Year If Emptied Last Fall -- Kercher

"If we had emptied our dams last fall they wouldn't fill this year," was Water Foreman E. Kercher's advice to municipal council last week after investigating conditions at Trout Creek headwaters and Thrak dam.

And if 1953 proved to be a dry year, then there would be a shortage of water supplying this district if the council had not demanded of the water rights branch to drain the dams last fall, it was stated.

This problem has been widely discussed between municipal council and the provincial water department for some time.

Summerland has stoutly contended that it would be unwise to drain dams. The water rights engineers have stated that there is less danger of earth dams giving way if they are emptied before the winter.

Would Weaken Dams
Summerland's chief water expert, Foreman E. Kercher, has been vigorous in his contention that the Summerland dams would be weakened if they were drained before the winter and allowed to fill in the spring.

He received backing from members of the council to the extent that the water rights branch relented for last winter, with the understanding that another survey of the situation would be made jointly with the local water peo-

Voters' List in S. Okanagan Is Increased

An increase of 389 names in the provincial voters' lists for Summerland and West Summerland polling divisions of South Okanagan riding has been noted.

These lists were printed by The Review and forwarded to Kelowna where the South Okanagan voters' list is being compiled.

In all the riding the increase in names is 2,154 over the 1949 voters' list compiled for the previous general election. The total number of names on the entire list is 16,586, whereas in 1949 the number was only 14,432.

Biggest proportional increase in the riding is in West Summerland Division 14, which increased from 1,622 to 1,927, or 305.

Summerland Division 12 went up 84 names from 498 to 582.

However, this does not mean that the populations of these two centres has increased by that amount as on some pages of the voters' lists many persons can be noted who are no longer resident of this district.

Percentages of persons no longer registered here but whose names are still on the list go as high as eight percent on some pages, it has been noted.

There is no machinery whereby names can be struck off the list until their re-registration in another riding in the province can be put through, or until they fail to reply to a registered letter despatched to their address shown on the voters' list, it has been explained.

Cemetery Plan Now on File

A rough sketch plan of the new section of Peach Orchard cemetery which will be opened shortly was provided council last week by its representative on a joint committee with the parks board, Councillor H. R. J. Richards.

This plan makes provision for 230 graves, each plot being 4 feet by 8 feet. There are five-foot paths dividing the plots, but there will be no road system through the new section.

MEASURE TRANSFORMERS

A maximum metre to measure loads on transformers is being purchased by the electric light department at a cost of \$148.

Editorial

More Money, Bumper Crops

THERE is good news for the fruit grower this week. Final payments for the 1951 apple crop are being made by the packinghouses and the prospects for the 1952 soft fruit and apple crop were never better from a yield standpoint.

Many growers will be able to meet outstanding accounts which have piled up during the winter and prepare themselves for another busy season. They can look forward to a bumper soft fruit crop for the first time in three seasons, and that should make a tremendous amount of difference to the economic outlook of the Summerland district as well as most portions of the South Okanagan.

The one cloud of gloom which still pervades concerns the export apple situation, and it now appears that there is little chance of shipments to the Old Country markets.

This means that the authority given the industry to "tailor the crop" must be carried out for the first time on a widespread basis. Processing of

surplus apples in unwanted grades and varieties is essential.

This will be a year of trial for the streamlining process which all growers must realize by now is a necessity if the valley is to market its crop in an orderly manner and with commensurate returns for the product offered.

A great deal will depend on the co-operation of the grower in streamlining his own orchard picking practices so that a minimum of undesirable apples reach the packinghouse.

If these precautions are taken, the apple crop to be offered to the fresh fruit market this fall and winter can be "tailored" to satisfy the needs of Canadian and American consumers.

After two years of curtailed production and returns, this district can look forward to several months of full employment in the orchards and packing and processing plants. It is a good prospect and one which should bring satisfaction to us all.

"Horse and Buggy" Mail Service

THE "horse and buggy days" service being provided by the post office department to the South Okanagan, with the exception of Penticton, came in for severe criticism by the board of trade at a recent meeting. The protest registered is justified, to say the least.

The businessman of this district carries on most of his transactions with firms at the coast, but with the new mail service on Train No. 11 which goes through Summerland in the early morning, letters take several days before delivery can be made.

Such service is not good enough in this day of rapid transportation and streamlined services. The postal department has carried us back many years by this dilatory service.

A local businessman can now reach business houses in Toronto and Montreal almost as rapidly as Vancouver. A letter written to a Vancouver firm

on a Monday morning does not leave Summerland until Tuesday morning, it arrives in Vancouver that afternoon and is delivered to the business address on Wednesday morning.

A letter written to a firm in Toronto on Monday morning and posted by mid afternoon is loaded on an eastbound plane out of Penticton Tuesday morning, and reaches the east Wednesday morning in time for delivery that same day.

The post office has two alternatives to speed up service out of this portion of the Okanagan. It can give an airmail contract to the present air passenger limousine service operating from Kelowna to Penticton, and it can also put westbound mail from Summerland on Train No. 45 which goes through here at 9 o'clock each evening.

In either case, first-class mail could be delivered in Vancouver the day following its posting here in the valley.

Signifying Nothing *By RUSTICUS*

Sometimes I finish and lay down a popular novel with a great urge to scour out my mental mouth—if that is where one's literary tastes are—change my mind, and get out in the fresh air to get the accumulation of filth off me.

Granted that there are people just as immoral, conversations just as obscene, and thoughts just as horrible, in real life as there are in any novel. But is that any reason for giving them a prominent place in a book? Anybody who was brought up on a stock farm knows that there is plenty of manure in real life, too; but that doesn't mean he'll prefer to spend his spare time sitting on a manure pile.

Granted that the frank, modern novel may be a psychological help to many people. Few of us have the patience, or the need, to wade through the dreary pages of a text on psychology; so it may be good for us to learn from a novel, seeing we may never learn it elsewhere, that the private thoughts of which we felt so guilty do not make us unnatural monsters, but are common to many other human beings, perhaps to all. It's a relief to get that burdensome feeling of guilt off our cerebral shoulders.

But the modern novelist not only tosses aside the old feeling of guilt about sin, but substitutes a feeling of glorying in it. And while it does make a book more realistic to have sinners in it as well as saints, should it be the former who are cast in the heroic

roles? Seems to me that whereas a feeling of guilt may be bad for us humans, a feeling of being ashamed is not. If such concepts as right and wrong are to exist at all, there must be things which any self-respecting man or woman will be ashamed to do. And if his books encourage readers to be entirely shameless, I don't think a writer is a good influence.

"We aren't supposed to be 'influenced,'" the novelists answer loftily. "It is our high and noble duty to portray life as she is—no matter how nasty."

I'm not so sure of that. It appears to me that most people are constantly trying to better themselves, morally as well as other ways; and it's worthwhile for any book to give a boost to our betterment instead of leaving us with a frustrated feeling that nothing is worth trying for any more.

Besides, how do our novelists know they represent life? Life is a pretty big thing. A writer may live for years in slums and skid-roads to get the feel of life among the dregs of humanity, he may chum with the idle rich who form that same humanity's frothy scum; but does he therefore know humanity whole?

Not many of the people in my world are like the heroes of Norman Mailer, John Dos Passos, or Dr. Kinsey. Who is therefore unnatural—they, or I? Or the people I know?

Like you, I wouldn't for the world admit to being old-fashion-

ed. But at times I sigh for the old-fashioned novels we used to get, where the immoral characters were, definitely the villains. The heroes and heroines were, also, just as exaggeratedly good as today's are exaggeratedly bad, and probably if I started to read one of those books now I'd find it cloying and insipid. After a steady diet of whiskey one loses one's taste for milk.

Yet there was a time when Gene Stratton-Porter's "Freckles" and "The Girl of the Limberlost," Harold Bell Wright's "The Winning of Barbara Worth," Ralph Connor's "Man from Glengarry" and "Patrol of the Sundance Trail" were both thrilling and delightful.

Tastes change; we don't get books like them any more. But have you noticed how much more popular non-fiction is? If novels now contain much more sex and swearing than they used to, non-fiction books which depend on soldier stuff for their entertainment value are much more widely read. Thirty years ago our book-case at home contained mostly fiction; my own shelves today are more non-fiction. Even the book-clubs, which frequently pander to the lowest of human emotions and tastes, issue far more non-fiction than they did a couple of decades ago.

So maybe hope is not dead, and if anyone will lend a copy of Horatio Alger's "From Log Cabin to White House" I'll curl up on an antimacassar and read my old-fashioned little soul into an old-fashioned sleep.

THIRTY YEARS AGO

May 26, 1922

Driving his McLaughlin car Scott Darkie, accompanied by A. E. Smith, J. Crago, R. H. McConnell, and Ernie Brighton left Summerland on his long journey by road to Quenoi and Cedar Creek. Game Warden R. M. Robertson has issued a warning to owners that from April 15 until August 1, it is unlawful to allow game dogs to run at large.

The tennis court laid out on Shaughnessy avenue by the local organization is being rapidly levelled in readiness for the necessary

apparatus to be installed, when an excellent and shady playing ground will be available.

Mr. and Mrs. E. F. Sanborn left by automobile for Innisfail, Alta., to visit their sons.

TWENTY-FIVE YEARS AGO

May 27, 1927

It is expected that the box factory will be in operation next week. It will be a short season but a busy one. The floor space is roomy and the machinery is up-to-date. The factory is certainly quite an asset to the town and its equipment and arrangement is a credit to the

owner, Mr. Muir, Stewart.

Harry Thornthwaite coming along the lakeshore road near the experimental station pump house found a little fawn in the water. He thought he was in time to help it but it had been in the water a little too long and died before he could get it to safety.

A carload of purebred Jerseys donated by the Jersey Breeders' Association arrived at the experimental station for the third of June sale. One came all the way from Ontario from a herd at Brampton, Ont.

A music loving community such as Summerland has been delighted with the Chautauqua which this year has been successful both from the point of view of entertainment and of finances.

Crops are two weeks late this spring due to the cold weather. Some damage has been done to soft fruits but the apple crop looks very good. This season is between 15 and 18 days behind that of last year.

SCOUT NEWS

1st Summerland Troop
 A very good meeting was held on Tuesday with almost full attendance. Wayne Mitchell was invested as a member of the Eagle patrol.
 John Cuthbert completed his second class work and received his badge. A number of tests were passed on identifying trees and shrubs, axmanship and Kim's game. Jim Brown, as special instructor on first aid, continued his series on ambulance man's badge.

In patrol competition standings are: Hawks 544, Buffaloes 489, Beavers 474 and Eagles 420.
 At the start of the meeting a game of stalking was played up Giant's Head. Some boys proved to be very adept stalkers, coming within a few feet of the "spotter" in reasonably open country. The evening concluded with a sing-song which was hilarious if not harmonious.

Notices: Next meeting, Tuesday, May 27, at 7 p.m. The troop can accept a few new boys who will have to enter now in order to take in summer camp. Boys still owing dues are asked to clean these up as soon as possible. Mrs. McCargar, Cubmaster, extended an invitation to all Scouts to attend the Cub concert June 2, if boys come in full uniform. Duty patrol next week, Eagles.—D. V. Fisher.

2nd Summerland Troop
 Last meeting the boys were taken on an observation hike. On their return they were asked questions about what they saw, the Beavers coming up with the most correct answers. A short instruction period followed.
 ASM Van Driel had charge of the meeting in place of SM Whitmore.
 Next meeting, Friday, May 23 at 7 p.m. Duty patrol—Beavers.

International Camporee
 For three days, May 16, 17 and 18, 19 Scout troops from East Kelowna south to Grand Coulee, Wash., with the exception of Summerland troops, held their sixth annual international camporee on the Kruger estate just north of Kaleden.
 There were 239 boys attending along with 23 adult leaders. Camp chief was DSM Gordon Blewett of Summerland, with Ron Hughes of Omak as deputy chief.
 Others who took charge were Jack Scrivener, field commissioner for B.C. interior; Doug Southworth, South Okanagan commissioner; Jim Mitchell, Boundary commissioner; Carleton McNaughton, Boundary district Scoutmaster; Jim Rea, field executive for North Washington State; Art Edwards, Central Okanagan commissioner and Wes Rogers, North Okanagan commissioner.

High School COMMENTS

About 150 high school students from all parts of Canada are gathered in Ottawa today concluding a four-day introduction to the machinery of national government as arranged by the Rotary Club of Ottawa in conjunction with Rotary clubs throughout the dominion.
 This is the second annual "Adventure in Citizenship" and includes a visit to parliament, receiving of citizenship certificates from Prime Minister Louis St. Laurent, a call on Governor-General the Hon. Vincent Massey and listening to addresses by Hon. Brooke Claxton and Hon. George Drew.

Guide News

1st Summerland Company
 Coaching in tenderfoot tests was given the new Guides by their patrol leaders at our last meeting. Later, Capt. McIntosh tested them. Those not practicing or passing a test joined in a humorous game. Around campfire, it was found that four girls, one from each company will be going to Wenatchee. As far as is known, the Guides leave Saturday morning, June 7, returning Monday evening, June 9.

Opportunities For Freshman Are Recounted

Experiences of a freshman at UBC were recounted with considerable humor to the Rotary Club of Summerland at the Nu-Way Annex Friday evening by Miss Jacqueline Trafford, Summerland's 1951 scholarship winner.
 There were approximately one thousand freshmen enrolled at UBC last fall, nearly 300 being lined up for registration before six a.m. on the appointed day.
 For Frosh Week, a large yellow button and a green and yellow hat was a "Must" for all these freshmen.
 There are 27 clubs and a number of fraternities and sororities available for UBC students, Miss Trafford choosing the players club, not as a thespian but as a behind the scenes worker for one of her hobbies.
 She also tried out as a reporter for Ubyssy and the Totem but feels that she will have a better opportunity for success in the journalistic line in her second year. Among the subjects offered was Ballroom Dancing, which rather intrigued her until she scanned the

students who were wishing instruction.
 "You can imagine what kind of boys there were who couldn't dance by the time they reached university," was her rather scathing comment.
 There is something to do for everybody on the university campus, Miss Trafford explained, and gave her audience the impression that she had enjoyed her first year at UBC immensely and that she had obtained the utmost from the campus, as well.

Talk on Peonies By R. P. Murray Of Keen Interest

Mr. R. P. Murray of Kelowna was speaker at the regular meeting of the Summerland Horticultural Society on Friday evening, May 16.

Mr. Murray spoke on peonies of different kinds; how to start them; and a bit of their history as to where they originated and have been grown.

A former resident of Penticton, his beautiful garden there has often been visited by Summerland horticulturists and his training and experience have made him well qualified to amplify his subject. He spoke, too, of garden planning, though not so fully as he might have done as there were few present who are just starting a garden.

With Mr. Nat. May as auctioneer a plant sale was held, members buying fine perennials for their gardens.

The secretary, Mr. A. F. Calder, gave an account of the valley horticultural annual meeting held in Kelowna recently, attended by Mr. Clive Atkinson, president Summerland Horticultural Society, and Mr. Alex Watt, executive member.

Refreshments were served to conclude the meeting.

MORE ABOUT—

PROBABLY

Rutland while L. G. Butler of South Kelowna was re-elected in Central Okanagan.

Other nominations, by acclamation, follow: Mainline, J. E. Wood, Salmon Arm; North Okanagan, Tom Hill of Vernon and T. S. Towgood, Oyama; South Okanagan, W. R. Powell of Summerland, Reg. Duncan of Penticton and Albert Millar of Oliver; Kootenays, John S. Hall. The B.C. Fruit Board will name George A. Barrat as the tenth governor.

Mr. Wood is the only new governor in this state, replacing Mr. Graeper of Kamloops who no longer is in fruit production.

There was but one change in the recommended directors of B.C. Fruit Processors Ltd., Peter Wing of Kamloops being a new nominee. Others are A. W. Gray of Oyama, L. G. Butler of East Kelowna, W. R. Powell, of Summerland, C. C. Macdonald of Penticton and Louis Deighton of Oliver. A. G. DesBrisay, Processors President, will be named from the B.C. Fruit Board.

Walter Toews was the Summerland director at this BCFGA meeting.

Canada Geese Are Nesting on Lakeshore

Many residents along the lakeshore have been delighted to see that Canada geese, at least two "couples", have been nesting along the shore. One pair have been in the reeds near the Sheldrakes and have hatched five goslings. The other birds have been at Trout Creek and the number of goslings has not been found at present.

It is hoped that these big birds which have such an appeal because of their almost human characteristics will continue to nest hereabouts and add their color and interest to Summerland.

Another bird which usually is found at higher altitudes which has been seen along the lakeshore is the land rail, of the same species as the water rail and the corn-crake.

Housewives on Julia Road Invite Council To Share Their Dust

Six housewives who represented all the home owners on Julia avenue, met the municipal council on Tuesday, May 13, to request an alleviation of the dust nuisance along their roadway and a slowing down of speed by vehicles because of the number of children.

Council could give no assurance of providing any blacktopping for Julia avenue this year but did enter into an agreement to share the cost of signs warning motorists of the prevalence of a number of young children playing along this street.

It was stated that there are 26 youngsters belonging to home owners in this section.

The delegation was insistent that the dust nuisance is unbearable, that practically all the children suffer from sore throats and coughs, which are attributable to the clouds which pour over the homes.

One of the ladies in the delegation suggested the council could well spend a day in the homes along Julia avenue to see for themselves the conditions created by the dust.

Another lady suggested that it be a good, hot, dry day that the council should be invited but the municipal fathers failed to accept the invitation.

Hold Discussion On Plans for New Legion Hall

Plans for the renovation of the Canadian Legion hall have been prepared but because of the small attendance at last week's monthly session any major discussion was held over until Wednesday, June 11, when it is hoped a full-scale debate on the scheme can be held.

Dr. C. G. Woodbridge, Legion president, told members on May 14 that the proposal calls for a wing on the east and south side of the present building which would add greatly to the facilities.

Such an extension would give better clubroom facilities and would also provide a meeting place for the Legion Auxiliary, it was stated.

TO WED JUNE 14

Of interest here is the engagement recently announced at the coast of Second Lieut. Ross Hugh

Hold Discussion On Plans for New Legion Hall

Recent visitors at the home of Dr. and Mrs. R. C. Palmer were Mr. and Mrs. Bert Hillary and their two sons of Sarnia, Ont. Mr. Hillary was formerly employed at the experimental station here and is now with Dow's Chemical Works at Sarnia.

Visitors over the weekend at the home of Mr. and Mrs. D. H. McIntosh, Trout Creek, were the latter's brother Mr. Kenneth Smith and Mr. Harry Jones and Mr. Jack Frew, all of Toronto, and Mr. Doug Morton of Thornhill, Ont. They left on Monday for the coast where Mr. Morton will go to Victoria to be with the department of forestry. The others are returning to Summerland for a further visit before going east.

VISITING HERE

McLarty, son of Dr. and Mrs. H. R. McLarty, Trout Creek, to Lorraine Clara, daughter of Mr. and Mrs. J. A. Handlen, New Westminster. The marriage is to take place on Saturday, June 14, in Queen's Ave. United church, New Westminster.

Catholic Spring Tea And Sale Successful

Tulips and bleeding hearts were the tea table decorations for the spring tea of the Catholic Women's League on Saturday afternoon, May 17.

General conveners for the successful sale were Mrs. Henry Schaeffer and Mrs. John Selinger. Busy selling articles at the sewing table were Mrs. Roy Derosier, Mrs. Philip Pelletier and Miss Ettie Bonthoux. Home cooking was managed by Mrs. John Menu, Mrs. Ted Logie and Mrs. Selinger.

Mrs. Alphonse Menu was selling tickets for the draw on the decorated cake, donated by Mrs. J. Betuzzi, and the chicken which she had donated herself. Mrs. Howard Shannon was lucky in winning the chicken, while Mr. H. Braddick won the cake.

Rather behind the scenes, but busy with tea preparations, were Mrs. J. Cristante and Mrs. S. Fabbli.

EMPLOYED FOR SUMMER
Carroll (Chuck) Brawner, who has completed his third year in civil engineering at the U of Manitoba, will spend the summer as assistant engineer with the provincial water resources branch, with headquarters at Kelowna. He will have a territory consisting of the Okanagan and Similkameen valleys and Grand Forks-Greenwood.

Socially Speaking
SOCIAL EDITOR Mrs. A. W. Vanderburgh

Empire Day Bride Feted at Shower at Mrs. C. Stuart Home

With an archway decorated prettily for the occasion, a decorated chair in her honor, and showered with confetti from a balloon suspended over her chair, Miss Dorothy Arnold was entertained by Mrs. Charlie Stuart and Mrs. Jack Raincock, at the home of the former on Thursday evening, May 15.

Miss Arnold's marriage to Mr. Wm. Clark is an event of Saturday, May 24.

All the daintily wrapped lovely gifts for the honoree were piled in an apple box made gay with tissue paper and there were many "Oh's" and "Ah's" as the bride-to-be unwrapped them.

Present were Mrs. A. W. Arnold, Mrs. Ross Arnold, Mrs. J. W. Clark, Mrs. I. Tavender, Mrs. George Clark, Mrs. A. D. Glen, Mrs. C. R. Morgan, Mrs. I. G. Thorsteinson, Mrs. B. Smith, Mrs. D. Campbell, Mrs. Drovina, Mrs. Frieson, Mrs. C. Witherspoon, Mrs. Wood, Mrs. W. White, Mrs. V. Brawner, Mrs. Henry Kuhar, Miss Betty Green and Miss Helen Brandstrup.

Unable to attend but sending gifts were Mrs. G. McKenzie, Naramata, Mrs. R. B. Elliott, Mrs. Grace Turnbull, Miss Doreen Stewart and Judy and Ronnie Clark.

The hostesses served delicious refreshments at the end of the happy evening.

VISITING ABROAD

Mr. and Mrs. Alan Holmes are spending the month of May visiting in Paynton, Sask.

Mr. Andy Johansen has gone to Kamloops where he is employed with the CNR.

Mr. J. W. Harris was among those who went out to the coast on Sunday.

Early in June Dr. C. C. Strachan leaves for Chicago where he will give an address to a meeting of the Institute of Food Technologists.

Mrs. C. J. Amm is among those who are visiting at the coast having gone last week to New Westminster.

Mr. and Mrs. Les Rumball left last week for a short holiday in Edmonton. They expect to return tomorrow.

Mr. Stanley Taylor and Mr. Wm. Reid left last week for Quesnel where they are planning to spend some months.

Mr. J. Bernhardt left at the beginning of the week for St. Paul, Minn., where he will attend the Mayo Clinic.

Mrs. C. G. Woodbridge left last Friday for Deer Lodge, Montana, to visit at the home of her parents, Mr. and Mrs. C. M. Setterlund for about three weeks.

Mr. and Mrs. N. O. Solly left on Monday accompanying Mr. and Mrs. Frank Pollock of Kelowna to Marsh Lake, Y.T., where Mr. Solly and Mr. Pollock will engage in a grizzly bear hunt.

Dr. R. C. Palmer left on Tuesday for Nelson and Kaslo. At the latter town on Wednesday he addressed a meeting of the West Kootenay Farmers' Institute taking as his subject, Our Changing Agriculture. He returns this evening.

Mr. Joe Biollo, Okanagan Telephone Company manager here, was a recent visitor to Vancouver where he attended the annual gathering of the Telephone Pioneers of America.

Mrs. G. Johansen, Mrs. Fred Carston and Mr. Harvey Walton are in New Westminster this week as delegates from Summerland LOBA and LOL attending the Orange Grand Lodge convention.

Mr. Douglas Yearwood has rejoined the RCAF and will be leaving Summerland with Mrs. Yearwood and their little girl on June 9. They will go to the coast at first and do not know yet to which station he will be attached. Mr. and Mrs. Yearwood have rented their Peach Orchard home to Mr. J. R. Martin of Penticton who will come to live here the middle of June.

Oliver Man Heads Music Teachers

Miss Kay Hamilton was hostess at her home, Prairie Valley road, on May 18, to the South Okanagan registered music teachers' regular and final meeting for the present season.

The president, Mrs. Monica Craig-Fisher, Penticton, opened the meeting. Many interesting items of "new business" and "letters received" came up for discussion.

Tentative date for the student performers' guild, which is a new venture in the Okanagan Valley, is Nov. 29, and the proposed date for the first Young Artists' concert is Oct. 20, at Penticton.

Officers for the coming year were elected as follows: President, Mr. Harold Ball, Oliver; vice-president, Miss Frances Latimer, Penticton; secretary, Mr. Alex Leander, Penticton; and treasurer, Mrs. Fleet, Penticton.

Mrs. Hughes, Penticton, will be social convener. Tea was served while members listened to the 5 o'clock broadcast of the Talent Show being given by Mr. Ball's pupils of Oliver.

LEGION LADIES GO TO NELSON

Mrs. Dave Taylor Sr., and Mrs. H. Dracas have been appointed delegates from the Summerland Legion Ladies' Auxiliary to the provincial LA convention in Nelson early in June.

Their appointment was confirmed at the May regular meeting in the Parish hall where Mrs. Alan Butler was installed as a new member.

Tea was served at the conclusion of the meeting.

VISITING HERE

Mrs. M. D. Archibald of Vancouver is a visitor at the home of Mr. and Mrs. D. M. Wright.

Mrs. Conway Cartwright of Vancouver is visiting at the home of her niece, Miss Marian Cartwright.

Mr. Dale Rumball of Vancouver was a weekend visitor at the home of his parents, Mr. and Mrs. L. W. Rumball.

Mr. Wm. Jewell of Vancouver, a former resident, is visiting in town and spending quite a bit of time on the lake enjoying fishing.

Mr. and Mrs. C. E. Clay of Grand Forks were at the home of the latter's brother-in-law and sister, Mr. and Mrs. George Graham on Saturday.

Dr. and Mrs. Kenneth Smith, the former a professor at Cambridge, who are touring the United States and Canada visited at the home of Dr. and Mrs. H. R. McLarty on Monday.

Mr. John Tait of Vancouver, former district horticulturist here, visited last week at the home of his brother, Mr. Magnus Tait, Trout Creek, returning to the coast on Saturday.

Mr. H. Truax who has been visiting at the home of his son-in-law and daughter, Mr. and Mrs. W. R. Boyd from his home at Walkerton, Ont., has left to go to Alaska before returning to eastern Canada.

Recent guests at the home of Mr. and Mrs. F. M. Nicholls, Hospital Hill, were their son-in-law and daughter, Mr. and Mrs. A. O. Fretwell and their baby daughter of Seattle. Mr. and Mrs. Nicholls camp in early April from Revelstoke to make their home here, having bought the Wolfer place on Hospital Hill.

HOME AGAIN

Mr. and Mrs. W. R. Boyd have returned from a holiday trip to San Francisco.

Mr. and Mrs. H. I. Dempster who have spent the winter months in California have returned to their home at Summerland.

Mr. and Mrs. Frank Smuin have returned from a vacation motor trip to Spokane, Wenatchee and Revelstoke. At the latter town they visited Mrs. Smuin's mother for about a week.

Re Navigable Waters Protection Act, R.S.C. 1927, Chapter 140

The Corporation of the City of Penticton hereby gives notice that it has under Section 7 of the said Act, deposited with the Minister of Public Works, at Ottawa, and in the office of the District Registrar of the Land Registry District of Yale at Kamloops, B.C., a description of the site and the plans of a pipe line proposed to be laid in Okanagan Lake at Penticton in Foreshore Leases L 215.8 and L 219.8 near the foot of Martin Street.

And, take notice that after the expiration of one month from the date of the first publication of this notice the Corporation of the City of Penticton will under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the said site and plans. Dated in Penticton this 24th day of April, 1952.

(Signature) H. G. ANDREW, City Clerk, City of Penticton.

The Mail Bag

THOSE HORRID CORPORATIONS

Summerland, B.C., May 19, 1952.

Editor, The Review:

The title of your leading editorial of May 15 is misleading — there are not three parties against one. The CCF is one party with one candidate; on the other side is one party with three candidates. The labels mean nothing. Liberals and Conservatives compete for the privilege of office; the other candidates masquerading under the title of Social Credit are financed by the oil magnates for the sole purpose of deluding unwary voters and with the hope of splitting the CCF vote.

They are all desperately afraid of the CCF and are spending huge sums, provided by the coffers of Big Business, in glaringly untruthful propaganda. Free enterprise parties, you call them.

What would happen if they really were to encourage free enterprise. There is no such thing as freedom in any civilized country; freedom would speedily become chaos. But there could be a far more equitable system of control by which the monopolistic corporations would be prevented from exploiting the country's natural resources at the expense of the taxpayer.

Who pays for the protection of our forests, for instance? Not the big companies who are making huge profits while destroying them. The government pays thousands of dollars yearly for forest protection and the money comes out of the small taxpayer's pocket; the taxes paid by the big companies, so I understand, does not begin to foot the bill. I do not think many people are deluded by that "Freedom with Security" slogan.

Your editorial has another misleading statement; I quote—"The C.C.F. has been quite frank in its election platform this time and has broadened its scope of nationalization proposals."—the rather nasty insinuation being that the CCF has not always been frank in its election platforms; it is hardly necessary to refute this silly statement; the CCF has always been frank; it has never stooped to the indecency of trying to hoodwink the electors; also, it is absolutely untrue that the CCF "has broadened its scope of nationalization." The nationalization proposals are what they have always been as embodied in the Regina Manifesto; neither more nor less, at the recent provincial convention in B.C. there was no mention at any time of any broadening of nationalization proposals.

"Complete socialization is not possible within the present constitutional limitations of provincial jurisdiction" (quotation from B.C. program.)

The CCF will not attempt the impossible; it has published and is distributing a list of important enactments; things that can be done and will be done when they obtain a mandate from the people. What they promise they will do.

You also remark that socialism "got a sound spanking in 1949". Is this another joke? The CCF polled thirty-five per cent of all the votes in the province, working against a coalition that had all the money power of the monopolistic corporations behind it.

This is something like the

Little Experimental Data on Hail Storm Damage Control BCFGA Told

There is little possibility of hail storm damage control through preventive measures in the near future, Dr. Harry Wexler, chief of the scientific service division, weather bureau, of the U.S. depart-

Kiwanis Choose Twisp Man as New Governor

Delegates from Summerland to the annual spring conference of Kiwanis Division 5, held at Tonasket, Wash., last Sunday brought back glowing reports on the conduct of the session and the excellence of the reports tendered.

The affair was arranged by Lt-Governor J. Y. Towgood of Summerland and was attended by District Governor Bob Robinson of Seattle.

New lieutenant-governor for Division 5 will be Joe Allen of Twisp, who was the unanimous choice of the conference for the post.

J. E. O'Mahony, one of five local Kiwanians who attended on Sunday, gave a comprehensive report on the discussions when Kiwanis met on Monday, May 13, at the Nu-Way Annex.

Others at Tonasket were President J. E. Jenkinson, Jack Lawler, Bob Alstead and N. O. Solly.

The report on the work of the Kiwanis Club of Republic, Wash., was an outstanding one, Mr. O'Mahony reported and that club was lauded for the extensive community work it carries out.

Other reports covered "Kiwanis and the Member", support of churches, work of committees and how they should be reported, boys and girls work, public relations, and agriculture and conservation.

"The President Conducts a Meeting" was the topic of an address by R. L. Sharp, president of the Penticton Kiwanis club.

In speaking on public affairs generally, President Jenkinson considered that the lack of interest by young people in political affairs is deplorable and thought that attempts should be made to see that young people should become better acquainted with the affairs of government and the parties which aspire thereto.

Sprinkler Bylaw Delayed Further

It is doubtful if the proposed sprinkler bylaw for the municipality will be ready before this fall, at the earliest, Councillor H. R. J. Richards reported to council last week.

It is a complicated bylaw and approval of the water rights branch in the matter of the Jones Flat sprinkler system scheme is necessary before any concrete move is made, he explained.

There are also a number of points which Municipal Solicitor John Alkins wished to have discussed with Water Foreman E. Kercher before proceeding further with the bylaw, Mr. Richards stated.

Speeding and Other Traffic Violations Discussed by Council

Complaints of speeding by logging trucks on the Prairie Valley road as heard by Councillor H. R. J. Richards precipitated another lengthy discourse on traffic violations at last week's meeting of the Summerland municipal council.

Other councillors had heard reports of speedsters and other traffic violations at the foot of Peach Orchard hill by some residents of Crescent Beach. Also, it was thought there is not enough observance of the school zone, especially by tourists.

"Some poor little devil (school child) is going to get it," was Councillor Richards' opinion.

"If you're not satisfied, then the only recourse is to take the matter up with the RCMP NCO," was Reeve Bentley's opinion.

He pointed out that the police here had been asked several times to clamp down on traffic violations, and a letter had been written to that effect three weeks before.

Councillor F. M. Stuart defended the police by pointing out that they have to clock a car a certain distance in order to determine the exact speed of the vehicle before making any arrests.

Councillors were against writing to higher authority in the RCMP but felt that another letter should go to the local constables instead, pointing out the reports which have reached council ears.

UBC Players Make Much Of 'Much Ado'

Full of surprises with players strolling in through the auditorium and fourteen changes of scene in the two acts, UBC Players' presentation of Mr. William Shakespeare's Much Ado About Nothing was received with delight by its Summerland audience in the high school auditorium on Friday evening, May 9.

Setting a quick pace, the play went along with dispatch in all its amusing intricacies and intrigues. Probably because of the wish to maintain a good tempo some of the speech was lost in the first part of the play. The words of Shakespeare, unusual to the ear, and the rapidity of talking made many lines unheard, but the general movement and attitudes of the young players were so good that seldom was the sense or the humor lost.

There were over thirty in the cast and groupings were excellent, especially in the scenes with the constable, his companion, and the watch. Costuming of the period was colorful, adding to the visual enjoyment.

The play was under the able direction of Miss Joy Coghill. It was noted that the name of Miss Jacquie Trafford, last year's

BETTER FIRE PROTECTION FOR SEVEN RESIDENTS

Seven residents in the vicinity of H. L. Wilson, A. M. Temple and H. Parker have requested council to install a two-inch standpipe hydrant to provide additional fire protection for their area. As it will be installed at the same time as the new water connection the cost to the seven residents will be reduced to \$50, it was stated at last week's council meeting.

A fire guard is to be bulldozed at the refuse ground by the new municipal loader-bulldozer, council was told on Tuesday, May 13.

Summerland scholarship winner, a student at UBC, appeared on the program as one of the heads of the tickets and invitations committee.

The UBC Players' were sponsored in Summerland by the local Rotary Club at whose homes, with a few exceptions, the players were billeted.

No Foundation to Complaints on Drain

As a result of complaints about unsanitary conditions in connection with the drain along the Station road, Councillor F. E. Atkinson, chairman of the council health committee, reported to council last week that a complete investigation had been made in company with Sanitarian Alcock of the South Okanagan Health Unit.

Decaying vegetable matter in the drain has resulted in the offensive odor at various points along the ditch, he felt, and a treatment of copper sulphate is being attempted to kill the smell.

Copy of a letter to A. Gronlund on the Station road concerning household waste being emptied into the ditch brought the information before council that this owner had been told the condition could be overcome with an extension of the absorption bed and this work has already been undertaken.

VOTE W. A. C. BENNETT 1

YOUR SOCIAL CREDIT CANDIDATE

Authorized by South Okanagan Social Credit VICTORY Campaign Committee

ALTERNATIVE VOTING WILL BE USED IN THE COMING PROVINCIAL ELECTION

HERE'S WHY THE NEW SYSTEM IS BEING USED

The Voting system has been changed to enable every voter to cast his ballot for more than one candidate in order of his preference.

When you vote under the Alternative Vote system YOU GET MORE THAN ONE CHOICE. This will prevent any candidate being elected on a minority vote as has happened in the past. The candidate so elected in each riding will have received an absolute majority over all other candidates combined.

IT'S FAIR!

HERE'S HOW YOU VOTE WITH ALTERNATIVE VOTING

The Alternative Vote is as simple as the voting system used before only, instead of marking an X against your one choice only, you can mark 1-2-3-4 with your first choice as number one, your second choice as number two and so forth in order of your preference.

IT'S EASY!

Further messages will appear in your daily and weekly newspapers explaining the Alternative Vote. Watch for them.

Fred H. Hurley . . . Chief Electoral Officer

PROVINCE OF BRITISH COLUMBIA

NOTES FROM PARLIAMENT HILL

Committee on Foot and Mouth Disease Futile

By O. L. Jones, MP for Yale

The committee on agriculture and colonization has been hearing more evidence on the foot and mouth disease outbreak in Saskatchewan. This committee started without any limit being placed for time allotted to the members for questioning with the result that some members held the floor for two hours. It was at this stage that a ruling was passed that ten minutes would be the maximum period allowed any one member.

This naturally speeded up proceedings. In spite of this it has been a long, costly investigation—costly as practically all the witnesses had to be flown to and from Regina. It has also been a futile committee as the only evidence produced merely confirmed what everyone knew that there had been some slackness in diagnosing the disease at the beginning.

There will be just one good result that in future the department responsible for the protection of animals will be more alert.

Liberty of the Subject

Mr. Diefenbaker placed on the order paper a request for all correspondence relating to F.D. Miller of Edmonton who was discharged from the RCMP after an investigation for alleged misconduct. The minister of justice refused to produce the papers and was promptly challenged by Mr. Diefenbaker, and supported by Mr. Coldwell. They both felt that the liberty of the subject was involved.

It seems that this man had been tried under the act and sentenced by a superior officer in the RCMP. He had appealed to the commissioner of the force but this appeal was disallowed. Mr. Coldwell claims that the liberty of the subject is endangered because of secret reports and documents. However, when the vote was taken the government, relying on its usual majority, won which did not necessarily mean that justice won.

Railway in North

Ten million dollars was voted to the Canadian National Railways to construct a line from Terrace to Kitimat. The Aluminum Company has agreed to provide traffic to, at least, \$1 million worth a year for ten years or in the alternative make payments to the railway company of one third of any deficiency below the \$1 million.

The aluminum company has also agreed to make available a substantial amount of electric power to any other industries locating in that region. The minister mentioned that the Kitimat valley has about 2½ billion feet of accessible timber estimated to be capable of yielding 22,500 tons of rail traffic annually that should gross about \$340,000 a year to the railway com-

pany using its facilities.

The port of New Westminster is a tribute to the City council, who in 1913 passed a by-law calling for the expenditure of \$500,000 to develop the port as a municipally-owned project. Careful supervision and planned development has now made this port one of the busiest in Canada which is a tribute to the co-operative efforts of our good friends in New Westminster.

Hon. Lionel Chevrier, minister of transport produced a resolution to provide that the governor-in-council may make regulations for the zoning of air ports and also to provide for the payment of compensation in respect of any property injuriously affected by the application to the said regulations. The bill will provide powers to limit the height of buildings or other structures adjacent to air ports which constitute a hazard.

The minister pointed out that the growing importance of air travel has caused the movement to locate various buildings adjacent to air ports hoping to benefit by air traffic. This resolution was, no doubt, prompted by the recent heavy damage and loss caused by aircraft flying in and out of a certain New York air port which, I understand is now closed.

Discounts Commission Need

Mr. Drew moved that a royal commission be appointed to exam-

ine the organization and general efficiency of government administration. Hon. C. D. Howe would not admit the need of such a commission because he claims that some of the finest brains in Canada are in the civil service and are quite capable of taking care of the efficiency of their various departments.

Mr. Howe outlined in detail the controls exercised to make savings where possible without the loss of efficiency. Mr. Coldwell on behalf of the CCF expressed opposition to the resolution on the grounds that if members of parliament have the real function it is that we must control the finances and the administration of this country and should not abdicate those responsibilities and place them in the hands of a royal commission.

If the government is conscious of the need of more efficiency they should hire experts who are available for carrying out surveys in the various departments with a view to streamlining the service and bringing more efficiency into government administration.

The following question was asked by Mr. Lennard: "How many pairs of footwear were covered by Sessional Paper No. 18-A tabled on the 7th of April, 1952?" The government's reply was "1,304,407 pairs". This would appear to be about 12 pairs of boots for each member of the various services.

Technical School Is Suggested For Okanagan

At a meeting of the Okanagan branch of the B.C. school trustees' association held in Oliver on Thursday, May 8, a letter regarding the establishment of a technical and vocational school in the Okanagan was presented by the Penticton school board.

This letter had been received by them from H. A. Jones, director of vocational and technical training, who stated that he was compiling a five-year plan of possible expansion to be forwarded to Ottawa for federal consideration.

Mr. Jones wished to know the type of school which it would be most advisable to establish in this valley, and trustees were asked to give the matter some thought.

The site of such a school was not named, and the matter was left in abeyance until the July meeting of the trustees' association to be held at Vernon.

A strong stand was taken on the matter of separate schools in B.C. and the following resolution was forwarded to all school boards in the Okanagan, and the minister of

education;

"Whereas requests are being made for the use of public tax funds for the support of sectarian schools, be it resolved that the Okanagan branch of the B.C. Trustees' Association go on record as being opposed to any change in that clause of the public schools act which provides that all public schools shall be free and non-sectarian in character."

Mr. Frank Venables, president B.C. School Trustees' Association and chairman of the South Okanagan school board declined to take the presidency again, and Mr. M. S. Freeman of Vernon was elected to the position. Mr. L. W. Woods, Armstrong, was named vice-president, replacing Mr. C. J. Bleasdale, Summerland, who did not wish to act this year, and the secretary-treasurer, Mr. O. E. Carlson of Armstrong was re-elected.

The meeting was attended by Mrs. A. W. Vanderburgh, trustee, Summerland, Secretary-Treasurer E. A. Tingley, with Trustee T. S. Manning present in the late afternoon.

ATTEND BOARDS SESSION

Walter M. Wright, L. G. Perry, Ivor Solly, R. J. G. Barkwill and J. R. Armstrong represented Summerland at the annual meeting of the Associated Boards of Trade of the Southern Interior at Okanagan Falls Wednesday, May 14.

FARMERS WILL PROFIT FROM B.C.'S INDUSTRIAL GROWTH

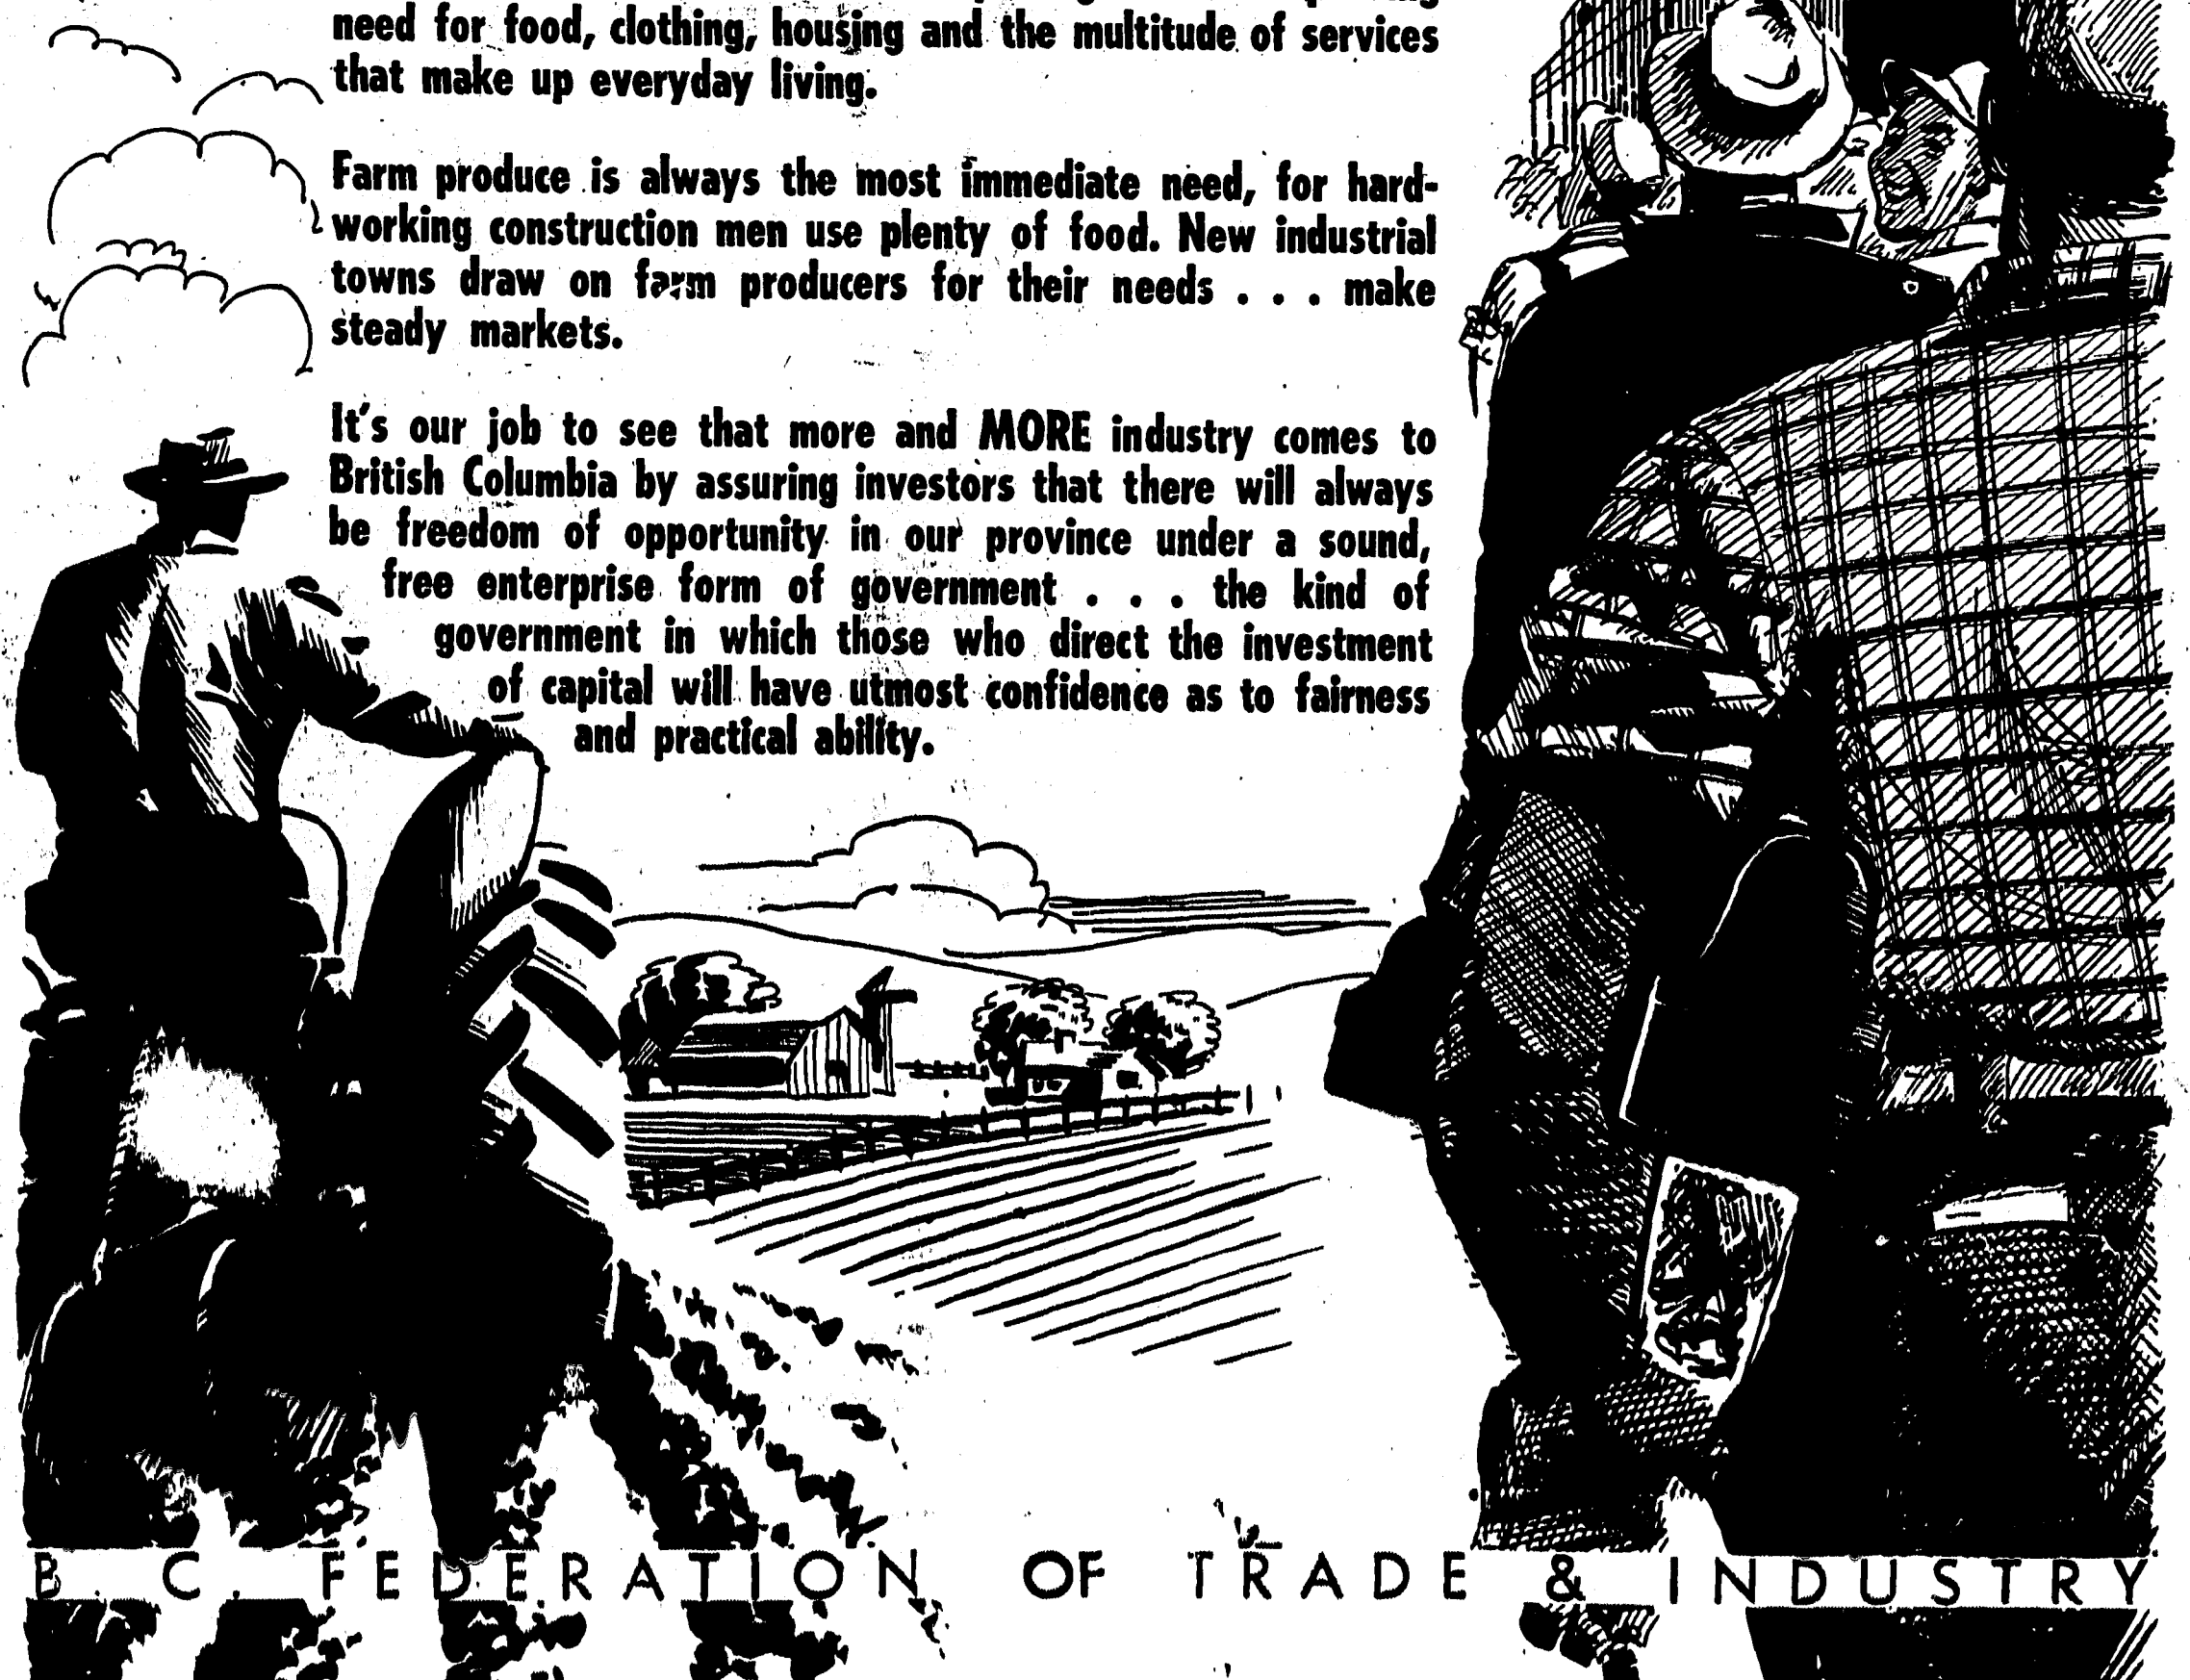

PAYROLL-BUILDING PROJECTS MEAN GREATER HOME MARKETS

The British Columbia farmer has a heavy stake in this province's record industrial expansion.

Tremendous projects, costing hundreds of millions of dollars, are coming to British Columbia. They bring an ever-expanding need for food, clothing, housing and the multitude of services that make up everyday living.

Farm produce is always the most immediate need, for hard-working construction men use plenty of food. New industrial towns draw on farm producers for their needs . . . make steady markets.

It's our job to see that more and MORE industry comes to British Columbia by assuring investors that there will always be freedom of opportunity in our province under a sound, free enterprise form of government . . . the kind of government in which those who direct the investment of capital will have utmost confidence as to fairness and practical ability.

New Machines Are Purchased

Two capital purchases have been made by the municipal council since estimates were approved three weeks ago.

First was a new loader-bulldozer, which was bought by the municipality following a trip by most council members to Vernon to view a new machine which had been brought there by the Finning company.

This machine was purchased for \$8,554.15, complete, although the

original budget for such expenditure was \$7,500.

Purchased by the roads department, the machine is for use by other municipal departments as well on a rental basis and is now on irrigation department work on the south main, council was told on Tuesday, May 14.

Reports on its successful operation were heard and it was also stated that the machine is economical on fuel.

Second purchase was for a rock drill, steels and hand grinder complete for \$793.55. The drill itself was quoted at \$675. This machine is mainly for water department use and was purchased by that public utilities section.

Potential Market for Broiler Plant Here Board of Trade Told

Keen interest in the re-introduction of a broiler plant industry in Summerland was evidenced at the Summerland Board of Trade quarterly dinner meeting in the IOOF hall on Thursday, May 8, when invited guests E. E. Sendall of the Langley firm of Rump & Sendall and Jim Scott of the Scott, Simpson Processing Co. outlined necessary requirements.

Accessibility to potential markets is one of the requirements for the establishment of a successful brooder plant, Mr. Sendall considered, and he believed Summerland would find ready markets in the area south to Oliver west to Princeton and north to Kelowna and possibly Vernon.

He stressed that strains are now available which are far superior to birds of former days while the type of feed is also superior and tends to raise chicks with plenty of meat. He believes that the New Hampshire is the best fryer bird.

Continuity of Supply

The size and type of operation is important, a continuous supply or a large batch brought to one maturity can be adopted but he advocated continuity of supply as the better procedure because of markets available.

There is more work in operating on a continuous supply basis, he warned and told of some of the diseases. Newcastle disease he did not refer to as such as dangerous one as the government had stressed and he intimated that many birds in the Fraser Valley were killed when they did not have this disease.

Depending on housing, bringing birds to maturity every two weeks is the best operation, he felt, and this would mean about six lots "on the go."

He emphasized that floor brooding is preferable to battery-raised chicks, as they are not so susceptible to damage and consequent down grading.

Ventilation is important and he advocates a deep litter, as long as

it is kept dry.

"The broiler industry has to be run efficiently or there won't be any profit," Mr. Sendall warned. But if it is efficient a person can make a success. There must be volume, however, as one man can handle 10,000 broilers efficiently. He had observed one lot of 40,000 under one roof tended by two men.

Grades of Chickens

Mr. Scott, of Cloverdale, who processes the broilers, pointed out that there are A, B and C grades, with 1,000 birds going through his plant daily. These aren't all broilers but sometimes the entire daily process is that type of birds.

He warned that from mid-November to mid-January there is no demand for broiler birds and therefore the producer must study markets and operate accordingly. Best season for broilers is June, July and August.

The speaker stated that in off periods the only recourse for the producer is to interest the packer, but the latter won't store unless at a much-reduced price.

No. 2 birds get just half the price of No. 1s, Mr. Scott continued, giving an outline of the procedure in receiving and processing the birds. Refrigeration of a proper type is absolutely essential for the operation.

Value of the cut-up birds, which are wrapped in attractive cellophane packages and chilled in 36 to 42 degree temperature is to the modern housewife who wants to keep her kitchen clean, he emphasized.

The modern housewife doesn't wish to do any bird cleaning and that must be undertaken by the processor.

Both speakers stressed that freezing doesn't hurt the bird a bit, in fact, Mr. Sendall believes that a frozen chicken is better than the freshly-killed bird.

He wondered why many housewives seem to shun frozen chickens when so many other products are readily accepted in the frozen state.

The most avid reader of British Columbia's weekly press is undoubtedly Les Way, CBC's Neighbourly News commentator on the Pacific coast. In his search for items reflecting the course of rural life in the province he scans each week some sixty-odd papers.

Neighbourly News, heard on the Trans-Canada network of the CBC every Wednesday at 6:00 p.m., is designed to keep listeners informed of the news and views of those people who live outside the big cities. The program content may well range from a flying saucer story to a report on the sale of a prize bull. The more serious items are always interspersed with illustrations of the lighter side of country life.

Les Way is admirably qualified for the job of commentator since he, not so long ago, was publisher of one of the larger weeklies in the province, the Powell River News.

He now manages a Vancouver agency which looks after the interests of weekly newspapers.

School Board Still Considering Plan for Municipal Rest Rooms

Reeve C. E. Bentley met the school board on Monday, May 12, at the regular meeting, to ask that consideration be given to a long lease or deed of property of a piece of the school grounds approximately twenty feet by twenty-five feet on the north side of the IOOF hall facing Kelley St. for the purpose of erection by the municipal council of public rest rooms.

This was discussed at some length with the school board reluctant to commit itself and generally viewing with disfavor the erection of such an unsupervised structure on school property.

The municipal council and the school board have always maintained harmonious relationships and the school board did not wish to change this by any action that could be avoided.

No decision was reached and board members will give the matter further consideration, also conferring with department of education officials in Victoria, Reeve Bentley reported to last week's council sessions.

WOULD YOU SIGN A BLANK CHEQUE?

The Plebiscite to be taken on Election Day, June 12th, is not an open and shut proposition.

It is not a prohibition issue.

In effect, if you vote "Yes" you are giving the next Government of the Province of British Columbia free rein to open bars in any area in the Province where there is a "Yes" majority.

Liquor by the glass is sold in British Columbia now. The real issue is "Where" and "How" will it be sold in future. The Plebiscite, as it is worded, doesn't give you the chance to record your views.

Vote "No" until you know.

The Alcohol Research Council, a group of public spirited citizens, including educators, doctors and businessmen, feel that a thorough study should be made on the alcohol distribution system before a "blank cheque" is signed. Anything can happen under a "Yes" majority.

Granted, the present liquor distribution system is not satisfactory but before a change is made, the very best method of distribution should be arrived at for British Columbia.

The sale of alcoholic beverages is not comparable to the sale of food—its method of distribution can have a positive or negative effect on the community as a whole.

Vote "No" on June 12th—vote "No" to the "blank cheque" Liquor Plebiscite!

Summerland Signs Petition Seeking Gas Branch Pipeline Through Okanagan to Spokane

Reeve C. E. Bentley and Walter M. Wright, board of trade president, have signed a petition, originating in Kelowna, to the board of transport commissioners regarding the proposal to bring the proposed gas pipeline branch from Brookmere to Spokane through the Okanagan.

Mr. D. E. Oliver, representing the Kelowna committee which has been pressing strongly for this change in route to service valley municipalities, was a recent visitor to Summerland on a tour through the valley and obtained these two signatures to the petition.

Every community in the Okanagan with the exception of Penticton signed the petition, it is stated.

Penticton is believed to feel that if the pipeline was brought from the north on the original route it would pass within 25 miles of Penticton anyway and would be constructed at a cheaper cost than if brought through the valley, an extra 75 miles.

The first route, proposed was via Merritt and down through the Similkameen valley, crossing the border near Osoyoos. This is one of the most thinly populated sections of the southern interior.

Full text of the brief to the transport commissioners follows:

"Basically this pipeline is for the purpose of moving Canadian natural gas to the USA where it will help build up their economy.

"The natural gas would originate in Alberta and in the large area of North Eastern British Columbia which lies east of the Rocky mountains: the present route is from the Peace River area to Seattle for the main pipeline; with a branch line for Spokane leaving the main pipeline near Brookmere, B.C.; this branch line traverses one of the most thinly populated areas of southern B.C. to cross the border near Oroville, Washington.

"We are writing you about the route of this branch pipeline to Spokane.

"According to the Dominion Bureau of Statistics, Bulletin 1-7 the 1951 population in the area of British Columbia from Kamloops to Osoyoos is approximately 85,700; this includes the communities and surrounding districts of Kamloops, Vernon, Kelowna, Penticton, Oliver and Osoyoos. The population on the present route from Brookmere, B.C., to the point where the pipeline would cross the U.S. border is less than 5,000; this includes the communities and surrounding districts of Princeton, Hedley, Keremeos and Cawston.

"Parliament has approved the principle of supplying as many Canadians as possible with natural gas before it is exported.

"Not only is there an enormous difference in population on the two routes under consideration but the area from Kamloops to Osoyoos has shown an increase of approximately 40,000 since 1941 whereas the increase on the other route is negligible.

"Altitude and lack of rainfall is a limiting factor, the Princeton area being over 2,100 feet in elevation while that of the Okanagan Lake is only 1,060 feet.

"West coast's branchline route in British Columbia is approximately 100 miles in length; our proposed route, which would service 80,700 more Canadians, is approximately 80 miles longer.

"We therefore propose that the branch pipeline for Spokane should start from Savona, B.C., approximately 27 miles west of Kamloops,

go through Kamloops and continue to Vernon and Osoyoos via the shores of Okanagan Lake and the Okanagan river until it crosses the U.S. border.

"A map is enclosed showing the distances on the present tentative route and the one which we propose. A hard surfaced highway extends practically all the way from Savona, B.C., to Osoyoos, B.C.

"If it is found necessary to cross the Okanagan Lake we are informed that this presents no special difficulty due to the fact that the pipeline can be attached to cables and rest on the lake bottom.

"If it would be of assistance, we could send a representative to answer any questions.

"In view of the vast difference in the present population on these two routes, the much greater increase in population on the Okanagan route, the anticipation that much of the natural gas in the pipeline will soon originate in B.C. and parliamentary emphasis on supplying Canadians first, we respectfully request that approval be given to a branch pipeline to Spokane only which would pass through and serve our Okanagan communities."

Aide-de-Camp General

GEN. H. D. G. CRERAR, who directed the first Canadian Army in its European campaign, has been appointed aide-de-camp general to Queen Elizabeth. Gen. Crerar served in the same capacity to the late King George VI.

FOUR UBC STUDENTS AT ENTOMOLOGICAL LAB

Students from UBC who will be at the dominion entomological laboratory for the summer months are Miss Jean Eraut whose home is in Penticton; Mr. Frank Seemungal, of Trinidad; Mr. Norman Anderson and Mr. Donald Chant from Vancouver.

Mail Service Protest Goes To Ottawa

Summerland Board of Trade's protest to the postal department at Vancouver over the westbound mail service has been referred by the coast office to headquarters in Ottawa, Trade Board Secretary Lorne Perry was advised on Friday.

The trade board believes that Summerland could be given better mail service if outgoing westbound mail was handled on the KVR local No. 45 between Penticton and Vancouver instead of waiting overnight to be taken on Train No. 11.

Linked with this line of thought is the request for a mail pickup service from Kelowna through to Penticton to catch the outgoing CPAL plane for the coast, especially. At present, only Penticton enjoys any advantage from the plane airmail service, it is contended.

An indication of the speed with which mail travels east in comparison with delivery in Vancouver was provided in the despatch of the board of trade's protest.

The protest was mailed to Vancouver on Friday, May 9. A copy of the letter was mailed at the same time to O.L. Jones, MP for

Files Objection to Trespass by Electric Light Department

Two objections were registered with municipal council at its May 13 meeting by Dr. C. G. Woodbridge, a resident of the Trout Creek area.

First objection dealt with the action of the electric light department in stringing wire across his property without permission. In time, the growth of fruit trees under the wires would be such that they would interfere with service,

he pointed out. Secondly, the electrical department failed to obtain permission when it planted a pole stub on his property as an anchor.

Council received a report from the foreman, T. F. Thornber, which explained that the sandy soil in that vicinity had made it necessary to encroach on the Woodbridge property unless a more expensive installation had been made.

Authorization for moving the anchor onto municipal road allowance was given by council while the electric wire installation will also be altered.

MUSIC TEACHER RESIGNS

The resignation of Mr. J. Rewakowsky as music teacher in Summerland junior-senior high school was accepted with regret at the regular meeting of the Summerland school board on Monday evening, May 12.

Will Discuss Fire Protection For Lower Town

Tomorrow afternoon at the office of the Summerland Co-operative Growers' Assn. a meeting will be held by Board of Trade President Walter M. Wright to discuss his fears that there is not sufficient fire protection provided to safeguard the big plants along the lakeshore in lower town.

Mr. Wright startled members of the trade board at their recent meeting in the IOOF hall by declaring that, in his opinion, some system for sufficient water pressure should be provided.

As a consequence, at a subsequent executive session, it was decided that a small meeting of representative citizens should be called to discuss the subject of lower town water supply.

The trade board has invited managers of the industrial plants on the lake shore, Reeve Bentley, Fire Chief Ed Gould and several residents of lower town for an informal discussion on this subject.

Municipal council discussed its ramifications shortly last week when Fire Chief Ed Gould attended the meeting. Council felt that more frequent flushings of the hydrants in lower town might supply a solution to the sand monoo which clogged hose lines during the Dr. F. W. Andrew house fire last December.

Discuss Fire at Gillard Home and Brigade's Response

Various rumors have been circulated concerning the disastrous W. G. Gillard fire in which the latter's home was completely destroyed.

Last week, council asked Fire Chief Ed Gould to appear at its regular semi-monthly meeting and give the municipal fathers a first-hand account of brigade actions.

Mr. Gould told council that he could not give the exact time which elapsed between the sounding of the brigade telephones and the arrival of the fire engine at the Gillard residence near the top of Prairie Valley, but he believed it was seven minutes.

He had been visiting at the Phil Dunsdon home when he received a telephone message concerning the fire. He drove sixty miles an hour in his car to the fire and the engine was only a short distance behind him.

In further discussion it was revealed that the alarm was turned in to Les Gould, who relayed it to the fire brigade number. Unconfirmed reports stated that Mrs. Gillard had called the number 2000 when the fire was first discovered and could get no answer.

Fire Chief Gould could give no explanation for this report, unless the wrong number had been dialed by mistake.

"There wasn't a chance to save the house with the water we had," he declared at another point. He also intimated that even if a portion of the house had been saved it would probably have had to be demolished in any case.

Valley Nearly Recovered From 1949-50 Winter; 'Cot Crop "Greatest Ever"

One of the heaviest fruit crops in history is in prospect throughout the Okanagan, especially in the southern portion, according to the horticultural news letter first issue received at the first of the week from the Kelowna office of the department of agriculture's horticulture branch.

Although some damage was done by the early May spring frosts from Kelowna south, over the entire acreage the loss is slight. In the northern part of the valley, orchards are beginning to recover from the severe 1950 winter, and will have a better crop than last year.

Snowfall was greater than average in most areas and provided a protective cover for the fruit trees.

In the Summerland, Peachland, Westbank area, "fruit trees have now leafed out and are in better shape than at any time since the record winter of 1949-50," the news letter stated.

"The spring has been dry up until the past few days (May 13). Heavy showers which fell Saturday night have been followed by steady rain today. Almost a week of frosty nights which climaxed on May 5 with a minimum reading of 27 degrees on the West Summerland flat has caused negligible damage to the crop as a whole.

"This frost occurred at a time when cherries were at full bloom and consequently caused slight damage in some individual lots. Damage to developing apple and pear buds amounted to a thinning on Delicious and Stayman in a few orchards.

Good 'Cot and Peach Prospect

"Apricots have shed all bloom and are now nearing the fall of husk stage. Prospects for this crop are the greatest ever in the Summerland area. Peaches are now at petal fall and promise a crop near to the figures reached before the 1949-50 freeze.

"In many orchards, prunes have not bloomed as heavily as last year. Bartlett pears have produced another extremely heavy blossom, somewhat similar to last year. Flemish pears did not bloom so heavily.

"Apples are in full bloom and in most cases exhibit a blossom as heavy as that of 1950. With the shortage of help threatening, practically every grower is using chemical thinning. This has created a shortage of material for thinning purposes.

"At Westbank, frosts caught some tomato plants in the cold frames and others that were set out in the fields. However, the damage was not serious, since only a small percentage of the planting had been set out.

"There is little sign of insect and disease activity as yet. Growers have been applying petal fall sprays for peach worm and some have been trying out copper sprays for fire blight," the report for the west side concludes.

Turn Acreage to Tomatoes
In the extreme north, Kaimloops reports that the May 5 frost damaged more than half the apple blossoms, which were in the pink stage. However, growers are hopeful that frost damage will serve to more or less effectively thin the crop.

"A tree removal program last fall cleared most of the old apple trees killed by the 1949-50 winter and these lands have since been prepared for ground crops, mostly tomatoes. It is expected that tomato acreage will increase this year by more than 100 acres.

In the Salmon Arm - Sorrento area, crop prospects for apples appear to be considerably improved over last year. McIntosh trees are showing excellent crop prospects. There has been a marked increase in grower activity in the orchards this spring. There are still many growers, who through necessity, must seek outside employment,

however, most orchardists are anxious to return to full-time farming whenever possible."

Only slight frost damage was reported this spring in the Armstrong, Vernon to Okanagan Centre area.

"Trees in general have recovered considerably from the 1950 frost but in many instances trees are still dying and from observations made one might expect trees to die for several years. Some trees have been almost completely girdled by frost damage, which in many cases is not noticeable until the tree tops start to wilt back, but general appearance of orchards in this district is very much ahead of last year.

"It looks as though we can expect quite a good crop of fruit if the set is at all average. All apples should yield good crops with the exception of Delicious which appear a little spotty. Apricots in the Oyama and Okanagan Centre area appear to be setting a fairly good crop and likewise cherries. Peaches are almost over the blooming period; Prunes are just past the full blooming period and should produce a good crop of fruit."

Heavy Kelowna Crop

"All varieties of fruit trees have bloomed heavily and indications point to a heavy crop," Kelowna reports. "The use of blossom thinning sprays on apples has been heavier than at any time in the past. Orchard insect pests and diseases are under control. Very little mildew has appeared to date."

Kelowna also states that some individual growers were affected by frosts but "the overall loss has been light."

The Penticton-Naramata-Kaleden-Keremeos area reports the spring frosts damage was scattered and usually confined to the lower parts of trees. Apples, mostly Delicious, and cherries were hardest hit, pears to a lesser extent and prunes, peaches and apricots very little. The effect on the overall fruit production appears almost negligible; in fact, what damage that was done may be an aid to thinning.

"The season is almost the same as last year. There has been an abundance of bloom except for peaches and prunes in a few places . . . all fruit crops will be larger than in 1951.

Oliver and Osoyoos area states that the May 6 weekend spring frosts "did considerable damage in one section of the Oliver area."

"The 1952 crop is much improved over that showing at the same time in 1951. One area, predominantly apples, was badly hit by frost but elsewhere the damage was light. There was some thinning of apricots and cherries in some sections but the crop loss is felt to be slight.

Twig borer and pear psylla have been noted but the control measures have been applied with apparent success. No codling moth sprays have been applied as yet but the first cover should be on before the next newsletter comes out."

Premier Johnson's Leadership Will Assure Stable Government and Continued Prosperity for B.C.

Hon. Byron I. Johnson, Premier of British Columbia

- **EXPERIENCED LEADERSHIP:** Byron Johnson is a man of undisputed integrity and outstanding ability. Under his leadership, B.C. has developed more rapidly than any time in its history.
- **INDUSTRIAL DEVELOPMENT:** Sound, progressive legislation has stimulated the enormous industrial expansion which has attracted millions of dollars to B.C., created new jobs and greater opportunities for all.
- **SOCIAL LEGISLATION:** Under Premier Johnson's leadership, B.C. now surpasses the whole of Canada in social legislation, and its important benefits to people in every walk of life.
- **INDIVIDUAL OPPORTUNITY:** Never before in B.C.'s history have conditions been so ripe for greater opportunities for the men, women and youth of this province. Premier Johnson's government will give the leadership B.C. must have for continued prosperity.
- **STABILITY:** Only the guarantee of continuing stable government will keep B.C.'s industrial development moving forward to its giant potential. Premier Johnson's government is pledged to further the industrial advance of B.C.

Kamloops Gets Revenge as Macs Blow Sky High, Lose 11-4

Summerland Macs and about 300 fans who went away disgusted from last Sunday's game at the Living Memorial athletic park hope the Macs got all the errors and mistakes out of their system in that one exhibition.

Kamloops got ample revenge for the 9-0 pasting the Macs administered at the mainline recently by trouncing the Macs 11-4 last Sunday as the entire home team blew sky high.

Gil Jacobs started the game but he grooved too many and his support was so shaky he retired with a 6-4 count against him. Wally Day didn't have it any more than Gil and a couple of bad throws didn't help any more.

Just as shaky as the pitching staff was Metcalfe behind the plate. He couldn't hold Jacobs' deliveries in the pinches and let two successive men score from second base. The second one he didn't even go after until it was too late.

Francis Gould was shaky at first, Fred Kato let as easy a catch as he will ever get drop on the ground and the infield didn't play in close when the chips were down.

Couldn't Hit Either

Daryl Weitzel was a tower of strength in right field, but at the bat he just didn't count. Neither did any of the other Macs as they were completely outclassed by Gatin, who got better as the game progressed.

Kamloops opened with a two-run slurge as a walk and three successive singles after two men were away gave the visitors an advantage.

This was short-lived, however, as the Macs staged their one and only uprising of the game, in the second frame. Taylor opened with a single and went around the bases on two passed balls and an error by the catcher. Kato walked and stole second, being safe at third on a very close play on Jomori's grounder. Jacobs walked and Gould drove two runs home with a single to centre, Jacobs scoring when Kamloops catcher Maralia let another wide one get by him.

Owens opened the fourth with a clean triple over Weitzel's head in right field, scoring on Candido's single, the Macs infield not even bothering to come in and try to close off the scoring chances.

The score was knotted in the fifth when Marriott walked and came home on Jacob's miscue.

The balloon was really up in the sixth when Kato dropped Candido's easy fly. Three errors chalked down to Metcalfe that inning were mainly responsible for Kamloops taking a 6-4 edge and Jacobs leaving the mound, being replaced by Day who got the last man out.

And the Macs continued their rocky road to oblivion in the 7th when Day could not find the corners. The bags were filled and McDonald scored on a wild pitch. Then Day threw badly to home on what should have been an easy out. Then Gould failed to hold another bad throw by Day and that concluded the fiasco. One more run crossed over but from then on the Macs settled down and played ball. Owens, Kamloops left-fielder, was hurt in a slide into first base and had to leave the game. Extent of his injuries was not known when the Kamloops squad left for home.

Ulmer Hurls Red Sox to Vernon Win

Behind the purposeful hurling of Bill Ulmer, Red Sox travelled to Vernon last Sunday and won handily by a 9-5 count, blasting Keklow for three runs in the second and repeating in the third off Spelay, his successor to establish a commanding lead.

Not only did Ulmer strike out 11 Vernon batters but he hit two for three and led the Red Sox in cleanup position. The former South Burnaby Athletics hurler is proving a decided acquisition to the local junior ball squad in the South Okanagan loop.

Bryden, Eyre, Hooker and Brawner were the other stout men with the hickory. Eyre held down the catcher's post, replacing Dourmont, while Ken Brawner came back to Red Sox ranks to handle third sack.

Vernon in Early Lead
 Vernon took a 2-0 edge in the frame when Green's double scored McLean, coming home himself on Polak's single.

This was short-lived however when Red Sox tripped three across in the second as Keklow became wild and walked three, besides hitting another. A single by Brawner and an error by Corillo at short helped Keklow contribute the three runs.

Another three were scored in the third, two errors by Vernon's catcher McLean and another by Corillo being the main reasons for Red Sox taking a 6-3 lead by the end of the third.

Eyre scored in the fourth and Younghusband and Bryden made the circuit in the fifth to complete the Red Sox scoring. A timely hit by Morgan scored two Vernon runs in the sixth to complete the counting.

Two Firsts for Local Athletes At Penticton

At Penticton on Saturday last, elementary schools of the South Okanagan and Similkameen competed in their second annual track meet, Penticton's Jermyn avenue school being tops with 45 points.

Kereemos-Hedley-Cawston schools were close behind with 42 points, Oliver was third with 41, Penticton Carmi road fourth with 37 and Summerland MacDonald school fifth with 27 points. Osoyoos had 15 and Okanagan Falls-Kaleden 10 points.

Two first places were won by MacDonald school entrants, Carole Hackman placing out in front in the 50 yard dash for 10-year girls and Marilyn Embree winning the same distance sprint for 11-year girls.

Second place winners were: Broad jump, 13-year boys, Alvin Lekel; 50 yds, 10-year boys, Doug Holmes; 75 yds, 13-year boys, John Brandama; high jump, 10-year girls, Carole Hackman; broad jump, 12-year boys, Carlton Sheeley; 11-year and under boys relay, Allan Anderson, Henry Huva, Eddie Matsue, Warren Parker.

Third place wins by MacDonald school pupils were: Broad jump, 12-year girls, Lorraine Johnson; high jump, 12-year boys, John Menu; broad jump, 10-year boys, Doug Holmes; 75 yds 11-year boys, Allan Anderson; high jump, 13-year boys, Alvin Lekel; 12-year girls' relay, Diane Rumball, Tilly Schramm, Joan Beggs, Diane Durick.

Others who competed were Nan Solly, Jo Wilson, Barbara Boyd, Carol Reinertson, Eddy Lekel, Elva Raham, Marilyn Kay, Jean Kersay, Florence Antifaav, Elsie Karlstrom, Ona Willis, Nina Warren, Viola Ganzefeld and Lorraine Johnson; Gary Steuart, Gary Short, Ray Dunsdon, Allan Wallbank, Eddie Menu, Mayo McCutcheon, Bruce Crawford, Harold Doyler, Bruce Gingham and Allan Mitchell.

SUMMERLAND BAND IN ATTENDANCE

Finch Has Perfect 75 At Trap Club

Gordon Finch, well-known Kelowna sharpshooter, was "hotter than a firecracker" at the Summerland Trap Club spring shoot last Sunday afternoon as he knocked over his first 50 pigeons without a miss to cop the main event at the 16-yard target range.

Six trap shots from across the border, competed with marksmen from Penticton, Summerland, Kelowna, Lumby and Nelson in a highly successful event.

Not only did Finch knock over his first 50 birds but he went back to the same range and hit another 25 without a miss for a perfect 75 score.

The buddy shoot, which has the lovely Lewiston trophy for a prize, was won by its donors, Bob Sargeant and Bud Bartlett of Lewiston, Idaho. They won their own trophy in a shootoff against Louis Doyle of Pendleton, Ore., and George Pennington of Summerland.

Gordon Finch shot 22 out of 25 to win the doubles event, while Carl Brown of Tonasket captured the miss and out contest with Finch in second place.

Prizes for the various events were hams and bacons.

Those who visited Summerland last weekend for this premier event of the spring season were Louis Doyle of Pendleton, Ore.; Bob Sargeant and Bud Bartlett, Lewiston, Idaho; Carl Brown, Ted Brown and Mike Thornton, Tonasket; Don Barrett, Penticton; Mr. McIndoe, Nelson; Gordon Finch, Frank Pollock, Bob Haldane, Fred Campbell, Kelowna; Messrs. Genier, Wills and Sigale, Lumby.

Headwaters Camp: Road passable and from few reports fishing is okay.

Glen Lake: Road passable though wet. Fishing is okay.

Silver Lake: Still good here, up to 1 1/2 pounders being caught.

Shannon Lake: Peck and bass being caught; perch especially good now.

Ed's Note: Last week it was erroneously stated that Bill Hack and Bill Hall went to Shannon Lake. It seems that these two Williams are strictly fly fishermen and as Shannon Lake is anything but a fly fisherman's paradise they are reported to be somewhat miffed at such an insinuation. Actually, they were fishing at Jewel Lake.

Fishing News...

Okanagan Lake: Has been better this past week but not on yet. George Inglis had a good catch, the largest being four pounds.

Fish Lake Camp: Open and road good. Still giving up fair catches but few large ones; lots of little ones. Munro Lake open and the few parties in had good luck. Howard, Clark reports Deer Lake and the rest of the chain will be open on Saturday.

Headwaters Camp: Road passable and from few reports fishing is okay.

Glen Lake: Road passable though wet. Fishing is okay.

Silver Lake: Still good here, up to 1 1/2 pounders being caught.

Shannon Lake: Peck and bass being caught; perch especially good now.

Ed's Note: Last week it was erroneously stated that Bill Hack and Bill Hall went to Shannon Lake. It seems that these two Williams are strictly fly fishermen and as Shannon Lake is anything but a fly fisherman's paradise they are reported to be somewhat miffed at such an insinuation. Two Possibles As Marksmen Get Prepared

Under ideal weather conditions, the first possibles of the year were scored at the Garnet Valley rifle range last Sunday, Herb Simpson gaining one on the 200-yard range and Phil Dunsdon another perfect score at the 500-yard range.

This was the final practice shoot before most club members travel to Vernon for the annual B.C. Inland Rifle Assn. shoot being held there this Saturday and Sunday, May 24 and 25.

Herb Simpson's perfect score on the 200 range enabled him to lead all sharpshooters last Sunday with a total of 98.

He also tied with George Dunsdon for the highest score for the month of May, but in the shootoff for the gold button the pace told and Dunsdon's inner was better than Herb's magpie, so the latter had to be content with the silver button.

Another shootoff was necessary to determine winner of the bronze button, Art Dunsdon emerging victor over Phil Dunsdon.

Scores last Sunday follow: H. Simpson 98, P. Dunsdon and A. Dunsdon 97, D. L. Sanborn and Fred Dunsdon 96, George Dunsdon and Ed Gould 95, Len Shannon 94, John Khalembach and Steve Dunsdon 93, Bill Young 89, Pop Dunsdon and Dave Taylor 88, Jack Dunsdon 87, Roy Desilets 71.

NEW RESIDENT RECENT ARRIVAL FROM ENGLAND

Ronald Stoddern, who arrived in Canada from his native Cornwall recently, has come to Summerland and is being employed as assistant baker at Dunbar's Bakery. His wife and daughter expect to join him shortly in this far western province.

RETURN TO NORMAL

Normal school students Mrs. Norma Henry and Miss Isabel Leboe, who have been doing practice teaching here for a month, and Miss Valerie Tingley who was at Oliver as a student teacher, have returned to the coast to finish their term.

MORE ABOUT—

"Get Out to Vote"

Continued from page 1 flood control measure. Sam Langford of Princeton contended that the government has the information already, while other speakers dwelt on attempts which have been made by US parties to have a dam at Oroville which would flood 20,000 acres on Canadian and American soil. Such a dam would flood land nearly up to Cawston, it was stated, and is being opposed by Canadian residents in that area.

By a narrow margin, a resolution from Keremeos asking for the diversion of the southern transprovincial highway via Richter Pass from Keremeos to Osoyoos, was lost. This would save 20 miles, it was stated, and provide a road which would enable fruit growers in the area to haul their produce without having it harmed by bumpy roads.

The meeting pointed out, however, that what Keremeos should seek is an improvement to its secondary roads in order to provide roads suitable for hauling fruit.

It was deemed inadvisable to ask the public works department to alter an arterial highway for the sake of the fruit growers in one particular section.

Okanagan Falls suggested that a stop signal arm and a flashing red light should be attached to all school buses, so that oncoming traffic would have to stop when the bus is parked to allow children to descend. This was passed after some discussion which included comments on similar types of school buses in Washington state.

A 24-hour service at the Osoyoos customs house was advocated by Pentiction board during the heavy holiday season.

Those Gremlins Got Loose Once Again

Those gremlins which thwart all newspaper offices got loose again last Thursday with the result that a portion of the "lead" telling about the signing of a contract between the Summerland Curling Club and Betts Electric Ltd. of Pentiction was omitted. The contract price for three sheets of curling ice was \$14,000, and curlers declare that at least half of this amount must be paid by the end of this month. Therefore, those who wish to curl on artificial ice as members of the club must make payments on their new membership fees before May 31.

PUBLIC NOTICE

Notice is hereby given that the Regulations made on February 27th, 1952, pursuant to Section 35 of the Highway Act restricting loads and speed on all Provincial Government Highways in the South Okanagan Electoral District are hereby rescinded as from MID-NIGHT, May 14, 1952.

Dated at Kelowna, B.C., this 14th day of May, 1952.

L. E. WILLIS,
District Engineer.

"... saved me days, perhaps weeks, of work"

After returning from his first trip to the West, a business man wrote his bank:

"I arrived having no idea where to start in to make the connections I required. The thought occurred to me that perhaps the bank, which has been very helpful to me on numerous occasions, would give me some guidance. Mr. W. proved to be of tremendous help. He introduced me to the people I should have met and saved me days, perhaps weeks, of work."

Every chartered bank works this way. Whether you walk into your neighborhood branch or one a thousand miles away, you will find the same full range of banking service—and the same readiness to help.

Hughes-Games Advocates Sound, Sensible Government

"Sound, Safe and Sensible Government" was the slogan adopted by W. B. Hughes-Games, Progressive Conservative candidate for South Okanagan, in his public rally at the IOOF hall in Summerland Tuesday evening and attended by some 70 persons.

Mr. Hughes-Games not only reviewed the policies of the Pro Cons but took a few raps at the Social Credit claims both in this province and in Alberta.

He was supported by Ald. J. D. Cornett, Pro Con candidate in Vancouver Burrard, who spoke mainly on B.C.'s need for a sounder agricultural program and the courage to retain markets in the Commonwealth; and by Mrs. Marjorie Mann, panel speaker for the Conservative party in England, who recently arrived in Summerland from the Old Country to visit her sister-in-law, Mrs. W. H. F. Welsh.

Mrs. Mann concentrated on socialism and warned her audience against its ramifications after her experiences in England.

Electrical Workers Get New Scale

Faced with a settlement by Penticton with its electrical workers, local municipal council has capitulated to demands of the Brotherhood of Electrical Workers Union and has made a settlement without going to conciliation.

On Monday afternoon, Penticton agreed to a settlement on the basis of \$1.94 for journeyman linemen for the first three months of 1952 and \$2 per hour for the rest of the year.

A stormy meeting between council and George Gee, the electrical workers' bargaining agent, ensued in local council quarters Monday evening.

As a result of discussion a new wage scale was agreed upon which provides one revision for six months of 1952 commencing April 1st and a second revision from October 1st on.

For the first six months the wages will be: Foreman, \$16.32; journeyman lineman, \$15.20; groundman-truck driver, \$11.78; groundman, first year, \$10.86; groundman, 2nd year, \$11.28.

After October 1, the wage scale will be: Foreman, \$17.12; journeyman lineman, \$16; groundman-truck driver, \$12.10; groundman, 1st year, \$11.20; groundman, 2nd year, \$11.60.

The electrical superintendent's yearly stipend will be increased to \$3,420 in lieu of the general increases.

"After the award made in Penticton, we couldn't see a win from a conciliation board," Councillor F. E. Atkinson remarked at Tuesday's open council session. "We still think our arguments were valid but when you have a gun put to your head you have no recourse."

The municipal offer was based on \$1.82 per hour for journeyman lineman.

It had been pointed out that Vancouver scale is \$2.11, with 20 cents additional fringe benefits and they are seeking an extra 35c per hour in a new agreement.

Penticton and Summerland electrical workers have abandoned their valley chapter and have joined the Vancouver local.

Other municipal salaries have been revised upwards in a consequence of general living costs' increase and to keep pace, in some measure, with the electrical workers' demands.

The complete municipal payroll is now based as follows: Semi-skilled, \$1.15; ordinary labor, \$1; truck driver, \$1.15; road foreman, \$2.80 per month; assistant water foreman, \$2.50 per month; water foreman, \$3.50; clerk and treasurer, \$3.00; assistant clerk, \$2.85; of-

W. A. C. Bennett Outlines Major Planks in His Sacred Platform

W. A. C. Bennett, Social Credit candidate for South Okanagan who is conducting a province-wide tour on behalf of his party, clarified his stand on several major issues when addressing a political rally in Vancouver Point Grey on Monday evening.

He was speaking on behalf of Mrs. Tilly Rolston, who is recuperating from an operation.

Mr. Bennett long distanced his enunciation of the Sacred Platform to The Review on Tuesday. Following is Mr. Bennett's statement: "As a result of my experience as a member of the legislature of British Columbia for 11 years I will recommend to my colleagues on the election of a Social Credit government on June 12 that the Social Credit government put the following measures into effect at the first session of the Social Credit government:

1. HOSPITAL INSURANCE. That the voluntary plan of hospital insurance outlined in the Social Credit program be put into effect immediately.
 - (a) Cancelling all arrears in payments.
 - (b) Substantially reducing the yearly premium rates for both family and single persons.
 - (c) That the present high-cost co-insurance be cancelled.
 - (d) That a \$1 per day plan be instituted to cover public ward and all necessary x-rays and medicines.

(e) That government grants be given direct to hospitals to carry out the above plan.

(f) That an immediate conference be held between the government department and the management of all hospitals in B.C. to arrange all details.

2. SCHOOL TAXATION. That a new plan of school financing be established to reduce school taxes on homes and farms in B.C.

(a) All government grants for school purposes to be paid into an equalization fund so that the cost to the taxpayers will be equalized on a fair basis throughout the whole province.

3. 5-YEAR COMPULSORY DRIVER'S LICENCE. That the 5-year compulsory driver's licence be abolished and the 1 year rate be re-established.

4. AUTO LICENCES. That car licences be reduced on a progressive basis with the object in mind of establishing a \$10 yearly car licence as soon as possible on all ordinary cars such as Fords, Chevys, Plymouths, etc.

5. SALES TAX
 - (a) That all meals up to and including \$1 be completely exempt from sales tax.
 - (b) That all children's clothing and children's boots and shoes be completely exempt from sales tax.
 - (c) That medicinal items such as food liver oil be completely exempt from sales tax.

Summerland Review

Vol. 7, No. 22

West Summerland, B.C., Thursday, May 29, 1952

Phone Rate Increase is Chief Topic

Application of the Okanagan Telephone Company to the public utilities commission for permission to increase rates on telephone rentals anywhere from 40 cents to \$1.25 per month is expected to be one of the chief topics under discussion at the quarterly meeting of the Okanagan Valley Municipal Assn. in session at Summerland today.

Municipalities from Kamloops south to Oliver are expected to be represented at these sessions which will be presided over by Reeve C. E. Bentley of Summerland, president of the OVMA.

Lt.-Col. J. H. Horn of Kelowna, chief civil defense co-ordinator for the Okanagan is expected to address the gathering.

Peachland has joined with Summerland in tendering a reception and luncheon to the delegates at noon today.

Decline Offer Of \$200 Towards Acoustic Tile

Until estimates of cost can be obtained, Summerland school board has declined a cheque for \$200 offered by the Summerland Singers & Players Club for the installation of acoustic tile in the new school auditorium.

At Monday evening's meeting, the club president and secretary, Stan Gladwell and Miss Nancy Fleming, tendered a cheque for \$200 to be applied towards improving the auditorium acoustics.

School trustees, however, did not wish to assume the responsibility for such an outlay until it is determined how much of an outlay would be necessary to gain the desired effect in the auditorium.

W. K. Noppe, board architect, will be consulted and his opinion obtained before any commitment is made.

Premier Johnson Confident of Liberals Return to Victoria

Premier Byron Johnson, urbane, smiling and extremely confident, visited Summerland last Thursday afternoon to address the only afternoon meeting of the present political campaign, to tell of the victories of the Liberal regime in B.C. and throughout Canada and to urge the voters to continue their support of the Liberal party and its candidate in South Okanagan, Capt. C. R. Bull.

For most of his talk, Premier Johnson reviewed the great humanitarian legislation of the Liberal party, from 1916 on, told why the last sitting of the legislature had no power to deal with various amendments to present acts, described the assistance which the government of B.C. in co-operation with the Liberal government in Ottawa has brought to the people of this province.

Mr. Johnson expressed confidence in the return of the Liberals on June 12.

About fifty persons, including many women, heard the premier at the IOOF hall last Thursday afternoon and partook of tea prior to the addresses.

"I was the one who recommended it," declared Premier Johnson, boldly in speaking of hospital insurance, taking full responsibility for instituting the plan which has created so much discourse over the past four years.

Hospitals Were Bankrupt. He explained that prior to BCHIS being introduced the hospitals told him a sorry story, that they couldn't pay their bills and they were bankrupt. The hospital insurance scheme was hurriedly introduced to save the hospitals.

"I'm very happy, even with all the trouble we've had that we brought in hospital insurance when we did," the premier emphasized. Advances in wages to keep pace with those paid in other lines of endeavor were one of the main reasons for increased hospital costs, he said. "There is no reason why people in hospital should work at lower wages."

Hospitals are now in sound financial shape, he continued, as \$50 million has been advanced to hospitals to take care of the people who have been sick. Many accounts between \$4,000 and \$7,000 have been paid by BCHIS.

He stated that under a voluntary scheme of hospital financing the question of hospital financing reverts to the local authorities back to the system of hospitals going broke.

Premier Johnson warned against

HEAR TONIGHT

Tom Wilkinson, CCF

One Down and Three to Go

One down and three to go. That's the situation regarding political meetings in Summerland district prior to the June 12 election.

Last Tuesday, Bill Hughes-Games, Progressive Conservative candidate, addressed a public meeting in the IOOF hall, supported by Ald. J. D. Cornett of Vancouver and Mrs. Marjorie Mann, newcomer from England.

Tonight, Tom Wilkinson makes his first appearance here, since his nomination. The meeting is in the same hall where he received his CCF nomination, the IOOF hall, and he will be supported by O. L. Jones, MP for Yale who has come from Ottawa for a short time to enter the provincial campaign.

Next Thursday, June 5, C. R. Bull, the Liberal standard-bearer, will be here at the IOOF hall to address a political rally. His supporter is Art Laing, well-known MP in Vancouver, and a former president of the Liberal party in the province.

Final political rally here will be on Monday, June 9, just prior to the election when W. A. C. Bennett, Social Credit candidate for South Okanagan makes his only appearance.

Mr. Bennett has been making a tour of the province on behalf of his new party but is returning to the South Okanagan tomorrow to concentrate on his own riding.

Carl Nesbitt's Sudden Death Shocks District; Cause Still Mystery

Yesterday afternoon at Penticton a coroner's inquest into the death of Carl Vance Nesbitt, 57, who passed away suddenly at his home in Summerland on Monday morning, May 26, was adjourned until 1:30 p.m. next Thursday, June 5, when evidence will be taken.

Mystery surrounds the sudden death of the well-known and popular garage proprietor and resident of this district for the past thirty years.

It is known that he suffered some type of head injury Friday evening, May 23, but it has not been made clear how he came by his injuries.

Funeral service is being conducted from the Parkdale Baptist church this afternoon at 2:30 o'clock with Rev. W. H. Ellis officiating.

The late Carl Nesbitt is known to have been working late in his garage on Friday, May 23. He did not arrive home until after midnight with blood stains on his face and head and a large lump on the back of his head.

He apparently was making a good recovery and was preparing to proceed to work Monday morning when he became ill and died suddenly.

RCMP have been investigating blood stains on a municipal flume along Giant's Head road where it is believed he may have fallen Friday evening.

Dr. W. H. White of Penticton is coroner, as Summerland Coroner Dr. A. W. Vanderburgh is a brother-in-law of the deceased man.

Members of the coroner's jury are: Norman Holmes, J. P. Sedlar, D. McInnes, W. (Scotty) Ritchie, Ryan Lawley and Lloyd Shannon.

On Wednesday afternoon, the jury was sworn in, viewed the remains and then adjourned until evidence can be compiled.

Retail stores are closing from 2 to 3:30 o'clock this afternoon in memory of the late Carl Nesbitt and to allow fellow businessmen and clerks an opportunity to attend the funeral service.

Born in Blackstock, Ont., 57 years ago, he was a school teacher on the prairies before coming to Summerland more than 30 years ago. He became interested in the garage business and was a partner first in the firm of Nesbitt & Forster, which later became Nesbitt & Washington and three years ago Nesbitt Motors when the late Carl Nesbitt took over complete control.

He was a past noble grand of the IOOF Lodge in Summerland and this year was appointed Grand Marshal of the IOOF jurisdiction in B.C. A lifetime Conservative he was president of the Summerland Progressive Conservative Assn. and vice-president of the South Okanagan Progressive Conservative Assn.

An active member of the Summerland Board of Trade, he was also active in the Kiwanis Club of Summerland, belonged to the curling club and the Summerland Rink Assn. as an executive member. Always a prominent member of the Baptist church he had been on its finance committee for years.

Besides his wife in Summerland, he leaves one son, Donald at home, and one daughter, Ruth, in Vancouver; one brother, W. J. Nesbitt of Lacombe, Alta.; and two sisters, Mrs. W. J. Howe at Swallow, Alta., and Mrs. Olive Beattie, Calgary.

Interment in Peach Orchard cemetery will follow the services at the Baptist church this afternoon, Roselawn Funeral Home in charge of arrangements. The IOOF lodge will conduct a graveside service with Jim Brown officiating. Pall-

bearers will be W. Downton, Harry Tomlin, Walter Blasdale, Arnold Gayton, T. S. Manning and W. J. Howe of Swallow, Alta.

Thus the BCHIS makes a net saving of 40 cents per patient day through increasing the rate 10 cents and pushing up co-insurance.

From Victoria on May 9 came the announcement that BCHIS has increased benefits for persons needing hospital care outside B.C. Under BCHIS the new benefits are \$3.50 per day for newborns and \$8 daily for other beneficiaries for public ward accommodation not exceeding 30 days unless authorized by the minister.

Former rates were \$3 and \$6.50 respectively and the BCHIS paid 2,000 out-of-province accounts last year.

Former rates were \$3 and \$6.50 respectively and the BCHIS paid 2,000 out-of-province accounts last year.

Council Provides Additional \$300 Towards Electric Line Extension

On Tuesday, municipal council took a definite step towards formulating a policy whereby residents on the "fringe" of the municipality may obtain electrical service to their homes.

Adorno Biagioni's application for two connections at the northern end of the community has been given consideration and council moved a resolution authorizing a \$300 allowance, with the owner being required to pay \$200, being the net balance of the cost of extending the electrical service to that area.

For this amount, Biagioni will receive service for range and hot water heater, besides electric light. At a previous meeting, extension in the same area was authorized to homes of J. R. Gluck, Mrs. K. Broadbent and Mrs. Eva Stent. Total cost of the extension, including rebates to T.B. Young for the line already in existence to the

Extra Check On Traffic is Now Ordered

RCMP Inspector Bloxham was a visitor to Summerland from Chilliwack on Monday and interviewed Reeve C. E. Bentley concerning council complaints that traffic violations were going unchecked here.

At Tuesday's council session, Reeve Bentley reported that "They're taking action" and declared a general checkup of traffic regulations throughout the entire South Okanagan has been ordered.

In this respect, a patrol car has been appointed for highway detail between Penticton and Westbank. Regarding work of the local detachment, council was informed that in May twelve charges for infractions of the motor vehicle act had been laid, some of which had been settled without reference to a magistrate's court.

Council appeared to be satisfied with the report that action is being taken to cut down on traffic violations in Summerland district.

BCHIS Raises Rate, but Saves

Patients in Summerland hospital are now paying a higher co-insurance rate and the BCHIS does not have to pay as much to the local hospital per patient day, local directors were informed last week by Administrator J. E. O'Mahony.

In a surprise move at the first of May, the ward rate was raised by the BCHIS from \$9.50 to \$9.60 per day.

This raise brought the co-insurance category up from \$2.50 to \$3 per day.

In effect, for the first ten days, the patient pays 50 cents per day more co-insurance and the BCHIS pays the difference, only \$6.60 instead of \$7 per day to the hospitals, it was pointed out.

Thus the BCHIS makes a net saving of 40 cents per patient day through increasing the rate 10 cents and pushing up co-insurance.

From Victoria on May 9 came the announcement that BCHIS has increased benefits for persons needing hospital care outside B.C. Under BCHIS the new benefits are \$3.50 per day for newborns and \$8 daily for other beneficiaries for public ward accommodation not exceeding 30 days unless authorized by the minister.

Former rates were \$3 and \$6.50 respectively and the BCHIS paid 2,000 out-of-province accounts last year.

Former rates were \$3 and \$6.50 respectively and the BCHIS paid 2,000 out-of-province accounts last year.

Signifying Nothing

By RUSTICUS

Yesterday a Hallam's catalogue arrived in our house,—something I hadn't seen for years—and a wave of nostalgia flooded over me.

Do you know the Hallam catalogue? They specialize in trapper's supplies—traps, guns, ammunition, sleeping-bags, tents, collapsible stoves, and so on. And decades ago, when my brothers and I were young, those catalogues used to be a regular arrival in our farm home, eagerly looked forward to, and studied until the old was worn out before the new one arrived.

It was our dream in those days to go trapping for a living; it seemed like the perfect life. You should spend most of your time outdoors, in fresh air and beautiful scenery, yet have a cosy cabin to return to; you'd get lots of hunting and fishing, which we all loved; you'd get lots of venison and fish to eat, which sounded like treats to us. All you had to do was walk around outdoors—we all loved walking—on snowshoes, which sounded thrilling—set traps, take beautiful glossy furs from them, and let them pile up back in the cabin until you had bales and bales of them.

In the spring you took them down to the nearest trading post by canoe—another thrill—received large sums of money from the dealer whose eyes bugged with awe as you nonchalantly produced magnificent beaver, martin and several rare silver foxes and had nothing to do until winter but go canoeing and camping and fishing, with perhaps a trip to civilization for a holiday to spend some of the surplus money.

It was a glorious dream, and it lasted for years. Like many farm boys we had a few traps around the place, and used to trap an occasional weasel or mink—just enough to whet our appetites, so to speak. We all made a careful study of every book we could find about ways and means to outwit the wily furbearers, learned by heart sets for otter, fox, coyote and martin, the right bait to use, the

right trap to use, and from Hallam's catalogue knew exactly the price of each kind of trap. We had long debates as to whether it would be sporting to buy one of the bottles of special bait fluid advertised as "irresistible", and how useful it would be to have a patent smoker for getting animals out of their dens in the winter.

That was many years ago; I don't feel the same about it now. That is doubtless partly due to the waning enthusiasm of age; but partly also to the disillusionment of reality.

For I've discovered that the real trapper's life is a lot different from our dream. It provides fresh air and exercise, all right; but the dense evergreen forests of the north where furs are found strike me as being gloomy rather than beautiful. Hiking along a trapline all day with a pack of traps or dead animals can be hard work; skinning the animals is bloody and messy, and there is more work to stretching the hides than I ever dreamed of. The hunting part of it, for moose and deer meat, likewise provides a lot of work in getting the animals butchered and the meat carried back to the cabin—I never thought of that.

And most trapper's cabins that I've seen have been far from attractive. They've been very small—even a small log cabin is a lot of work for one man to build—usually just dirt floors, few windows, low ceilings. The bedding has looked dirty, the towels have looked dirty, there is dirt on the tables and dishes, there are raw red skins on stretchers and drier ones too lying about everywhere, plus usually a few dead animals to skin, the meals mostly of meat have not been appetizing.

And the hardships have been unbelievable. Tramping through deep snow, out in the coldest weather, and having to go out, not for one day at a time, but for several days to get around a trapline, meant either carrying a heavy pack of blankets or sleeping cold with only the warmth of a fire on

Pioneer Days

THIRTY YEARS AGO
June 9, 1922

An address on Thinning given by R. C. Palmer was heard by the Trout Creek Farmers' Institute.

While loading his truck at Mineola, George Henry of the firm of Smith and Henry, fell off a load of lumber, injuring his back.

The packing house on the north side of the Gulch road, leased by C. W. Lees, was completely demolished by fire.

The log cabin of the Arts and Crafts' League at the foot of Peach Orchard newly formed here, was formally opened on June 1 with J. W. Jones, M.L.A., in attendance.

Owing to electric light service not being available, Postmaster W. Hayes was unable to move his office from temporary quarters at the Storage building to the Empire Block. This will soon be effected.

The fish are biting well now, and one resident reports having taken a 6½-pounder from the lake recently.

Municipal collections are not coming in well this year, only 52 percent of the current water rates having been received, which is quite a drop from previous years, and about \$5,000 less than last year.

TWENTY-FIVE YEARS AGO
June 3, 1927

There was a huge crowd at the experimental station picnic this afternoon. By ten o'clock more than 1700 persons had entered the grounds to take in the afternoon's program.

Mr. Boyd, the bee man, has received 25 colonies of bees and has Continued on Page 6

nights well below zero. Even with a long trapline the average trapper doesn't make much money, and probably has to work at something else all spring and summer, instead of the idyllic canoeing and camping trips we thought of.

No, the real trapper's life doesn't tempt me at all. But the dream life was wonderful, and something of its thrill comes back to me as I look through that Hallam's catalogue even today.

This We Believe—

A Statement of Principles on the June 12 Liquor Plebiscite

The voters at the provincial election on June 12 will be asked to vote on this question in a province-wide plebiscite:

Are you in favor of the sale of spirituous liquors and wine by the glass in establishments licensed for such purpose?

YES NO

We believe the answer from the citizenry should be a resounding "YES!"—we believe our liquor laws in B.C. are antiquated and poor—we believe liquor by the glass should be approved; and these are our reasons:

OUR LIQUOR LAWS NEED TO BE MODERNIZED:

THEY ENCOURAGE LAW-BREAKING by forcing the average citizen who wishes a glass of wine or a cocktail or highball with dinner in a public place, to have them surreptitiously and in violation of the law.

THEY TEND TO CORRUPT YOUTH, because they expose young people to the example of adults winking at or actually taking part in violating the law.

THEY IMPOSE UNFAIRLY UPON PUBLIC OFFICIALS by requiring them to administer and enforce unpopular and unworkable laws.

THEY ADVERSELY AFFECT TOURIST TRAVEL by denying visitors the hospitality offered by other Canadian provinces and by the neighboring states of Washington, Idaho, and Montana.

THEY ARE DISCRIMINATORY because they (a) permit one class of persons—the members of private clubs—to purchase wine and liquor by the glass, but forbid others to do so; (b) similarly, they permit one very limited type of establishment—the private club—to sell wine and liquor by the glass, but forbid other eating establishments with which the clubs compete to do so.

LIQUOR BY THE GLASS SHOULD BE APPROVED:

IT PROMOTES TEMPERANCE by making it unnecessary to buy a whole bottle in order to have one drink.

IT REDUCES LAW-BREAKING by eliminating washroom drinking, reduces hotel-room drinking, and wipes out the bottle-under-the-table evil.

IT MAKES POSSIBLE SERVING LIQUOR AND FOOD TOGETHER, conceded by everyone to be one of the most temperate uses of spirits.

IT REMOVES THE PRINCIPAL SOURCE OF INCOME FOR THE BOOT-LEGGER and other shady characters in the illegal traffic in liquor.

IT RAISES STILL FURTHER THE STANDARDS OF MEALS AVAILABLE TO THE PUBLIC, by providing eating establishments with an additional volume of business.

FOR ALL OF THE ABOVE REASONS, IT WILL RESULT IN BETTER COMMUNITIES in which to live and to rear families.

The government has stated its intention to set up a consultative committee, comprised of a cross section of community life, after the plebiscite, to study the problem and make recommendations to the legislature on changes in the liquor regulations. But that consultative committee needs a "Yes" on the principle expressed in the plebiscite, to guide it in

working out the details in the public interest.

We invite every citizen who is interested in community improvement, to join us in this effort toward a better, saner system for the sale of liquor. No obligation. Phone your name and add it to the growing list of active supporters.

ADS BRING RESULTS REVIEW CLASSIFIED

Three-Year Old Runs 440 Yards At AOTS Races

Races for kiddies 2 and under right up the scale to 12 and 13 years of age were the first feature of the AOTS Club family day at the Living Memorial athletic park on Empire Day, May 24.

Prizes were awarded to the first three winners and the kids had a great time.

Highlight of the morning was the effort of three-year old Eric Greer, son of Mr. and Mrs. Peter Greer, who was entered in the 440 yard race, a complete circuit of the track.

Despite his tender years, he never once faltered or slowed his pace and completed the entire circuit, much to the amusement and amazement of the onlookers.

Complete results follow:

Girls, 2 yrs and under: 1, Donna Holmes; 2nd, Laverne Campbell; 3, Janice Beggs.

Boys, 2 yrs and under: 1, Bobby Dunsdon; 2, Billy Fitzpatrick.

30 YARDS

Girls, 3 yrs: 1, Trudy Schwab; 2, Betty McInnis; 3, Judy Gartrell.

Boys, 3 yrs: 1, Eric Greer; 2, Jimmy St. Dennis.

Girls, 4 yrs: 1, Cheryl Ann McCargar; 2, Nancy Fudge.

Boys, 4 yrs: 1, Gordon Boothe; 2, Ronnie Clark; 3, Billy White and Russell Andrew (tied).

Girls, 5 yrs: 1, Anne McLachlan; 2, Ruth Charles; 3, Evelyn Gronlund.

Boys, 5 yrs: 1, Freddy Gartrell; 2, Bary George Holmes; 3, Joy Beggs.

Girls, 6 yrs: 1, Linda Rumball; 2, Alice Downes; 3, Betty Dunsdon.

Boys, 6 yrs: 1, Hughie St. Denis; 2, Billy Maddison.

Girls, 7 yrs: 1, Audrey Beggs; 2, Georgine Kennedy; 3, Sharon Greer.

Boys, 7 years: 1, Jimmy Sheeley; 2, Donnie Wood; 3, Neil Gronlund.

50 YARDS

Boys, 8 yrs: 1, George Burnell; 2, Billy Wood; 3, Teddy Burton.

Boys, 9 yrs: 1, Richard Toews; 2, Douglas Andrews; 3, Keith Skinner.

Girls, 9 yrs: 1, Diane Gillard; 2, Lynne Boothe; 3, Lynn Bleasdale.

Boys, 10 and 11 yrs: 1, Douglas Holmes; 2, Eddy Menu; 3, Gary Short.

Girls, 10 and 11 years: 1, Marilyn Embree; 2, Ruth Gronlund; 3, Donna Wiles.

Boys, 12 and 13 years: 1, Gary Steuart; 2, Alan Mitchell; 3, Ken Pennington.

Girls, 12 and 13 yrs 1, Joan Beggs; 2, Marilyn Washington; 3, Diane Rumball.

300 yds, girls 13 and under: 1, Joan Beggs; 2, Ruth Gronlund; 3, Marilyn Washington.

440 yds, boys 13 and under: 1, Jim Brake; 2, Donald Skinner; 3, Max Ongaro.

Cub Calls

1st Summerland Pack

One hundred percent turnout for Thursday, please. All costumes must be in then. Thursday and Sunday, 7 p.m. sharp. Full uniforms for Sunday. All tickets and money in, too.—Akela.

BOY SCOUT ACTIVITIES

Tuesday's Scout meeting had a turnout of 21 with several boys absent because of sickness. Plans for summer camp were discussed and the date tentatively set for sometime between July 20 and 30. There will be a court of honor meeting this Friday at 7:30 at the Youth Centre to decide on location of the camp, plus other details.

The evening's program consisted of an outdoor game of Capture the Flag up the side of Giant's Head. Gordon Gillespie finally succeeded in capturing the flag for his side. On the way home there was a patrol competition on collection and identification of 12 trees and shrubs. The Eagles, Hawks and Buffaloes each qualified on this assignment and won 15 points for their patrols.

Patrol standings are: Hawks 611, Buffaloes 608, Beavers 570, Eagles 553.

Notices: Next meeting, Tuesday, June 3 at 7 p.m. sharp. Duty patrol, Beavers.—D. V. Fisher.

April Busy Month At Local Hospital

During April 45 patients were treated at Summerland General hospital requiring 593 days' treatment. There were six births and no deaths. This figure was 60 patient days over the figure estimated, while expenditure of \$4,627.44 for the month was \$472 under the estimate. April was one of the busier months of the year to date, with earnings calculated at \$6,193.34.

LEAGUE MAY STAY OUT OF ALLAN CUP RACE

Some discussion on abandonment of Allan Cup hockey playoff participation outside the province

High School COMMENTS

Since my last column, a great variety of interesting things has taken place around the school.

Last Tuesday, senior boys and senior girls made a trip to Westbank to play softball. Both teams returned victorious. On Friday, a busload of players and spectators went to Rutland to meet the northerners in softball contests. Senior boys, senior girls, junior girls and junior boys played and lost all four games. These were the final games of the season.

On June 4 a variety show sponsored by the graduating class will be held in the auditorium. The hard-working committee in charge has lined up some top-notch school talent and it should be well worthwhile attending.

Invitations to the graduation ceremonies have been printed and are ready to be given to the grads. Plans for the ceremonies are being made by the committee in charge.

The students' council has been at work totalling the points to see who gets an award pin or a block letter. The award pins are given out to students with a certain total of points obtained in non-athletic fields. The block letters are given for having the required amount of points in athletic events.

Of great interest at the moment are the elections for the various student offices. Nominations have been received and campaign speeches will be made at the next assembly. Voting will take place in the near future.

held the centre of interest at the annual meeting of the Okanagan Senior Amateur Hockey League in Kamloops on May 18. A meeting in June will go further into this thought, as it is deemed too expensive for B.C. senior hockey clubs to travel east every other year.

Guide News

1st Summerland Company

At last week's regular meeting, Mr. E. E. Bates was present to instruct the first class, or near first class Guides for their astronomers' badge, which is part of the Gold Cord.

Relays based on tenderfoot were played. Patrols who answered the most questions first were awarded points.

Four Guides, Patsy Menu, Lo-

retta Inglis, Carole Ann Short and Darlene Bonthoux served at the Citizenship Day observance at the high school on Friday evening. At campfire, Capt. McIntosh informed the Guides that five may go to Wenatchee from the 1st company, rather than four. The fifth Guide to go will be Anne Beggs. Carol Allison is the spare in case someone is not able to travel.
 Patrol points: Buttercups 155, Orchids 145, Hepaticas 140, Pimpernels 128, Forget-Me-Nots 127.
 —Marie Gronlund.

VOTE W. A. C. BENNETT 1

YOUR SOCIAL CREDIT CANDIDATE
 Authorized by South Okanagan Social Credit VICTORY Campaign Committee

My Campaign Statement

Early this month, I was asked to accept the nomination as Progressive Conservative candidate for South Okanagan riding. I did so for two reasons:

I believe this constituency has not been properly represented for the past three years.

I do not think the average working man has had a decent break, and do believe there is a definite need to overhaul certain legislation, such as B.C.H.S., now on the statute books.

On accepting the nomination, I promised to represent all electors regardless of party, color or creed, and I now reaffirm this position.
 During the current election campaign, I have made no rash promises. Parties and candidates who have little or no chance of ever forming a government can promise anything, knowing full well there will be no likelihood of having to fulfill those promises.
 During the 13 years I served on the City Council — eight years as alderman and five years as mayor — I made certain promises — and they were kept. If you give me the privilege of representing you in the Legislature, I will do my utmost to serve you well.
 On this basis I am soliciting your support during the campaign and at the polls on election day, June 12.

Sincerely,
 W. B. Hughes-Games.

MARRIED AT COAST

The marriage is announced between John W. Harris of Summerland and Mrs. Marjorie R. Greenaway of Hove, Sussex, England, who arrived recently in Vancouver from the mother country on board the Royal Mail Lines Steamship, "Loch Avon", via the Panama Canal.

The ceremony took place in Vancouver on Tuesday, May 20.

VISITING HERE

Mr. and Mrs. C. F. Schwass of Lethbridge have arrived for a month's visit in Summerland district. Mr. Schwass is attending the cannery school at the experimental station his week and will commence his holidays when that is concluded.

Premier Johnson

Continued from page 1

the danger of returning a government without sufficient majority to carry on in B.C., as the interests which are pouring vast sums of money into the province are looking to B.C. for stable administration.

"The most important thing is to be sure that we elect a government that can give reasonable assurance that these investments will continue to come here", he added.

"Don't be swayed by promises and unfair criticisms," warned C. R. Bull, Liberal candidate, in his address which preceded

WANTS KERCHER TO ATTEND

B.C. Engineering Society, municipal engineers' division, is meeting in Vernon September 11, 12 and 13. Foreman E. Kercher has been requested by Summerland municipal council to attend.

Visitors over the holiday weekend at the home of Mr. and Mrs. G. Ryman were Mrs. Ryman's mother, Mrs. Beadford of Enderby, her sister and family, Mr. and Mrs. Robert Nelson and Wayne from Enderby and Mrs. Ryman's brother from Kelowna, Mr. and Mrs. R. W. Bradford.

that of the premier. He termed the Liberal party the only one which has any possible chance of forming a government on June 12 and termed Social Credit as not having any chance of electing enough candidates.

He referred to W. A. C. Bennett's quitting the Coalition as a great disservice to South Okanagan and to B.C. He felt that Mr. Bennett should have followed the "proper course", fought out his problems in the government caucus and "stayed with the ship".

Magistrate R. S. Oxley was chairman of the meeting.

MORE ABOUT—

Hughes-Games

Continued from page 1

seeking election in B.C. have any experience in any type of government or administration, the Kelowna mayor claimed, and he ridiculed the thought that Alberta and B.C. should be joined together. B.C. has the highest standard of living in Canada and he did not wish to lower his standard by going in with Alberta.

For example, he declared that teachers average \$3,600 in B.C. against \$2,400 in Alberta while nurses average \$212 per month here and only \$160 in the neighboring province.

Spend What You Can Afford

The Progressive Conservative movement in B.C. stands for no experimentation, he insisted. "They won't spend your money when you cannot afford increased taxation." He praised the social services provided in this province but considered they should be expanded only in relation to the increased wealth of the province.

"In conclusion, he told the story of his fight against TB, which was only won after he moved to the Okanagan. "I have a debt to pay to this valley and I've been trying to repay it. I'm willing to keep on paying that debt".

Ald. J. D. Cornett took a side-swipe at both the Social Credit and CCF by claiming that both parties insist upon candidates being approved by their central executive before being allowed to represent a constituency.

With the return of a Progressive Conservative party to Victoria, full benefits of the PFRA would be sought, but he warned that there is no use in providing land unless there is some promise of a return commensurate with the work.

Markets must be found and retained, Mr. Cornett insisted, if agriculture is to survive. The markets built up in pre-war days have been lost because the government has not seen fit to make agreements with these countries.

"We have to have the courage to say to the United States that we are going to reinstitute those preferential tariffs which R. E. Bennett had the courage to impose", Mr. Cornett declared, stating that the best markets for B.C. apples, salmon and lumber are the United Kingdom and Commonwealth countries.

No Government in Business

"We have candidates with the courage to say what must be done to save our markets," he said, urging that government get out of business.

"You can run your own marketing boards," he added, pointing out that the federal government has protected and assisted some agricultural commodities and allowed others to go free and unaided. He instanced the \$90 million aid to the prairie farmers when B.C. fruit growers received three cents for each frost-killed tree.

Dealing with forest management licences, Mr. Cornett said: "We cannot hand over the wealth of our forests to a few cartels. We

must protect the rights of the truck logger and the small sawmill operator."

"The Conservatives are the most progressive minded men in Canada for they have the courage to say that if we cannot afford it, then we shouldn't have it," he concluded.

"I've had six years of socialism in England," declared Mrs. Marjorie Mann, first speaker of the evening, and she uttered absolute distaste for the example, as the country was over-governed and over-legislated.

Quoting one prominent cabinet minister: "It stank", she said, claiming stupidities and anomalies in the bureaucracy which was formed, which discouraged private interest in any endeavor, even at the expense of the taxpayer.

"The individual must be the captain of his soul, not the government," she believed, "for no government can control a man's thinking or his emotions."

Socialism she said is the negation of liberty, the point of no return, the road to dictatorship, offering pie in the sky.

"All I want from government is that they shall do for us the things they can do better than we can do for ourselves," Mrs. Mann insisted. "Think twice before you surrender your liberty."

Guests at the V. M. Lockwood home over the May 24 weekend included their son-in-law and daughter, Mr. and Mrs. Harold Pierson of Tacoma, Wash.; their grandson and his wife, Mr. and Mrs. Lorry Pierson from Moses Lake, Wash.; and Mr. and Mrs. Clifford Hultgren of Penticton.

VISITING ABROAD

Mr. and Mrs. G. G. Young were weekend visitors to Wenatchee.

Mr. and Mrs. Ken Boothe have been spending the past few days in Seattle.

Miss Irene Stewart, PHN, motor-ed to Omak during the long week-end.

Mr. and Mrs. Henry Kuhar spent the holiday weekend visiting friends at Enderby.

Mr. and Mrs. William White left on Friday for a week's holiday at Seaside, Ore.

Recent visitors to Revelstoke were Mr. and Mrs. J. E. O'Mahony. They drove over and Mr. O'Mahony attended a regional hospital board meeting held there.

Mr. and Mrs. J. E. Miltimore and family spent the long weekend in Salmon Arm visiting at the home of their parents.

Mr. and Mrs. Cecil Wade visited Vancouver over the holiday weekend, being accompanied home by Mr. Tom Dewhurst of Vancouver, who will visit here this week.

Mr. and Mrs. Rennie Lenzi and their children, and Mr. Pete Lenzi are leaving on Saturday to motor to Asquith, Sask., to visit at the home of Mrs. Lenzi's parents.

Mr. and Mrs. Mel Ducommun and their family were among those who took advantage of the long weekend to go to the coast for a short holiday.

Mrs. C. C. Strachan will go to Vancouver next week where she will attend the provincial Women's Institute conference in her capacity as a director of the provincial board.

Miss Gweneth Atkinson went out to the coast on Tuesday to spend a vacation visiting friends. She drove out with her brother-in-law, Mr. Bill Barkwill, who was on a short trip to Vancouver.

Mrs. C. D. Meadows, Trout Creek leaves on Saturday for Spring Valley, Sask., to visit her mother and sister. They will go on from there to visit in the States.

Mr. and Mrs. E. R. Butler visited the coast over the holiday weekend, returning on Monday evening accompanied by Mrs. Butler's mother, Mrs. J. C. Robson, Mrs. A. G. Bisset and her mother, Mrs. W. Morrice.

Mr. and Mrs. V. M. Lockwood left on Monday for Bellingham, Wash., where they were called on the sudden death of the former's brother, Mr. W. T. Lockwood. The late Mr. Lockwood had visited Summerland every year for the past decade and had many acquaintances here. He had intended to come here again in June.

Sarah Ann Stark Buried at Penticton

Mrs. Sarah Ann Stark, aged 69, passed away at the home of her daughter, Mrs. Wesley Davis, Trout Creek, on Friday, May 16.

She leaves to mourn her passing, two sons, Dr. Kenneth Stark, Swaziland, South Africa, and Dr. Clifford Stark, Vancouver; two daughters, Mrs. Wesley Davis, Trout Creek, and Mrs. A. E. Nicholson, West Summerland. A sister, Mrs. W. Steele lives at Edmonton, and there are nine grandchildren.

Funeral services were conducted from the Foursquare Gospel Church, Penticton, on May 20, at 2:30 p.m. Rev. C. L. Ketchum officiating, assisted by Rev. H. Childerhose and Rev. V. Williams. Interment was in the family plot in Lakeview cemetery, Penticton. Roselawn Funeral Home in charge of arrangements.

PROGRESSING FAVORABLY
Friends of Mr. A. H. Corns will be pleased to know that he is progressing favorably in the Penticton hospital following an operation there.

Early Summer Flowers Profuse at Lakeside Church for May Nuptials

Dorothy Kathleen, only daughter of Mr. and Mrs. Adrian Arnold, Summerland, was united in marriage with William David, son of Mr. and Mrs. James Clark, Summerland, on Saturday, May 24, at 2:30 in the afternoon, at a lovely ceremony in the Lakeside United church.

Sprays of early summer flowers were on the altar curtains, and baskets of lilacs decorated the church for the Maytime wedding, which was performed by Rev. H. R. Whitmore in the presence of over sixty guests.

Entering the church on the arm

of her father, who gave her in marriage, the bride was a picture in her floor-length satin wedding gown with its sweetheart neckline, and the bodice richly embroidered with trapunto work and soutache braid. The sleeves were long and fitted. A fingertip length veil of rayon net edged with rayon braid which was held in place with a pearl and orange blossom crown misted over her gown, and the bride wore a three-strand pearl necklace. Her flowers were deep red roses arranged as a fan.

Miss Elizabeth Morgan came from Vancouver to be the bridesmaid, and for the occasion wore a floor-length pale blue frock with a lace cape top and full net skirt over taffeta. In her hair was a wreath of blue flowers and she carried a fan of yellow and red tulips and blue iris.

Mr. Donald Nesbitt was groomsmen and the ushers were the bride's brother, Mr. Ross Arnold, and Mr. Tommy Bell.

Mr. Charles Witherspoon was organist for the ceremony.

The reception following the church service was held in a delightful setting of spring flowers on the lawn of the bride's home at Summerland. Mrs. Arnold received in a pretty navy gown with white accents and accessories and was wearing a corsage of pink carnations. Mrs. Clark, mother of the groom, wore a becoming navy floral dress with navy accessories and pink carnation corsage.

The bride's table was covered with a lace cloth centred with a beautiful three-tiered wedding-cake which had been decorated by the groom's sister, and on either side were vases of tulips. A delicious buffet supper was served.

Mr. J. H. Lee-Grayson proposed the toast to the bride with the groom responding.

For going-away on a motor trip the bride donned a bluish grey gabardine suit complemented with navy accessories and a corsage of red roses. Before leaving, the bride presented her wedding bouquet to her grandmother.

Out-of-town guests included Mr. and Mrs. Elmer Arnold, Mrs. Frost, and Mr. Sam Elliott, all of Vancouver.

The young couple will make their home at Summerland.

Sing Song Enjoyed By Service Club

On Monday evening, May 19, the Service Club of St. Andrew's United church held its regular meeting with Mrs. Allan McKenzie in the chair. Mrs. J. C. Wilcox conducting the devotional period.

The sum of \$50 was voted to be sent for the use of the new Toronto training school.

At the close of the meeting a very successful sing song was enjoyed by all present with Mrs. L. Fudge at the piano. This was followed by the serving of refreshments by Mrs. H. R. Whitmore, Mrs. J. C. Wilcox, Mrs. Ewart Woolliams, Mrs. L. Wright, Mrs. Young, with Mrs. W. F. Ward convener.

Birthday Party For Five-Year-Old

Miss Cheryl Ann McCargar entertained seven small friends at her fifth birthday party on Tuesday, May 27, at the home of her parents, Mr. and Mrs. A. McCargar. Games were played, then ice-cream and birthday cake enjoyed.

Present were Margie and Billy White, Trudy and Jimmy Schwab, Larry and Mavis Fetterer and Linda Bullock. Mrs. White, Mrs. Schwab and Mrs. Fetterer were invited to tea, also.

HOME AGAIN

Mr. and Mrs. Frank Young and their two children have returned from a short visit to Prince George.

Mr. L. Sharpe has returned to Peach Orchard after spending the winter months at the coast, and has reopened Sharpe's Auto Camp.

Mrs. James Darke returned home on Monday after a visit of two and a half weeks in Kamloops at the home of her son-in-law and daughter, Mr. and Mrs. Tedder.

Mr. and Mrs. Ed Matthon and Mr. and Mrs. Louis Wolfer have returned from a visit to prairie points which included Winnipeg and Edmonton besides several Saskatchewan centres.

OPEN HOUSE

MR. AND MRS. T. A. WALDEN WILL BE AT HOME ON

Tuesday, June 3

from 2 to 5 and 7 to 9 p.m. On the Occasion of their

GOLDEN WEDDING ANNIVERSARY

Visiting Here

Mrs. M. Goulette of Nanaimo is visiting at the home of her cousins, Mr. and Mrs. Scott Rand.

Mrs. V. A. Leeson of Long Island and Florida is spending the summer with her brother, Dr. F. W. Andrew.

LAC V. L. Borton of the RCAF Sea Island base is visiting here prior to his transfer early next month to Goose Bay, Labrador.

Miss Emily Mayhew of Vancouver was a holiday visitor at the home of her brother-in-law and sister, Mr. and Mrs. R. Blayney.

Mrs. B. B. Cooke of West Vancouver is visiting at the home of her son-in-law and daughter, Mr. and Mrs. A. K. Macleod.

Mr. and Mrs. W. N. Aslin and their small son of Rossland spent the weekend visiting at the home of Mr. and Mrs. V. B. Durnin.

Holiday visitors at the home of Mrs. Dale and Miss Ruth Dale were Mrs. Raymond Corner of Kelowna and Miss May Bateman of Vancouver.

Visitors at the home of Mr. and Ed Wright, Trout Creek, are their son-in-law and daughter, Mr. and Mrs. Jim Sisson and their children from North Vancouver.

Mr. and Mrs. Lloyd Johnston and their family came from their home at Ymir, B.C., to visit over last weekend at the home of the former's parents, Mr. and Mrs. Elmer Johnstone.

Mr. John Haar, assistant director of UBC extension department was the guest of Dr. and Mrs. R. C. Palmer while in Summerland to speak at the Citizenship Day program.

Miss Ann Glaser, daughter of Mr. and Mrs. John Glaser, who is on the teaching staff of the school at Field, B.C., visited over the weekend at the home of her parents.

Mr. Bill Amm, and his fiancée, Miss Grace Dunnison of Vancouver, visited over the weekend of May 24 at the home of his mother, Mrs. C. J. Amm. Other visitors at the Amm home during the weekend were Mrs. Amm's nephew and his wife, Dr. and Mrs. Hans Gergie of Wakefield, P.Q.

A FARM IMPROVEMENT LOAN FOR AN ELECTRIC REFRIGERATOR?

There's more to Farm Improvement loans than tractors or sprayers, points out Ivor Bolly, manager of the Bank of Montreal at West Summerland. They're designed to help the fruit-grower—and his wife—make the best out of their home as well as their orchard. For you can get a Farm Improvement Loan to cover the installation of water and electric systems, to improve your plumbing and put in stoves, washing machines, heating or lighting appliances, refrigerators or freezers.

Even the building of tourist cabins and summer cottages, which provide a farm family with valuable extra revenue during the vacation season, may be financed through an F.I.L.

If you feel that a low-cost Farm Improvement Loan would benefit your orchard, or better your living conditions, make a point of calling on Mr. Bolly next time you're in town. Talk over your plans with him, in confidence, so that you can work out together how the B of M can best help you with financing your orchard improvement.—Adv.

Flood Threat Definitely Over In Okanagan

Any possible threat of floods in the Okanagan has vanished and instead there is some doubt if there will be sufficient water storage in some areas.

On May 15, the water rights branch conducted a survey of snow water content at high levels and found in the Okanagan and Similkameen it to be 95 percent of the same date last year and 71 percent of May 15, 1950.

A high runoff in the Columbia basin in April left little danger of flooding in this area. The snow-line has receded to roughly the 5,000-foot level.

Water Foreman E. Kercher told municipal council on Tuesday that Thirsk dam was visited on May 14 and water was just coming over the spillway, with the creek coming up.

Canyon dam on May 20 appeared to be so low that it is unlikely it will fill as usual. Mr. Kercher reported. There was no snow on the trail and little in sight at the dam.

Trout Creek has been dropping steadily, he told council.

Fishing News . . .

(By Bert Berry)

Okanagan Lake: Coming on better all the time. Some days are off but some good-sized fish are being caught. Biggest one reported is a 5-pounder. Should continue good.

Fish Lake Camp: All lakes open, accommodation available at Fish Lake or the upper lakes. Report good catches.

Headwaters Camp: Road okay, all accommodations available. Reports are okay on fishing.

Glen Lake: Road okay, fishing has been fair, but not big catches so far.

Silver Lake: Jeep road but reports still good, especially if you hit an "on" day.

Shannon Lake: Perch and bass in good numbers. Some good catches coming out.

Northern Lakes: Lou, Lewis reports no luck at Echo Lake, but wonderful fishing at Little River. No reports on Tee Pee but it is open and should be good.

A reminder to you that the rivers, and creeks are open around here on June 1. Some good fishing should be had at the mouths of local creeks. Could possibly hook a big one here.

FESTIVAL OF BRIDES

Wedding Costumes Back Through Years Show Similarity of Design

In tune with the season of blossoming trees and singing birds the Festival of Brides staged by the Women's Hospital Auxiliary on Thursday evening, May 15, was a happy and entertaining event.

There is practically no age in the feminine calendar when the appeal of bridal costumes and wedding arrangements is not of enrapturing interest. To see a revue of lovely gowns dating from 1893 to the present time, modelled so daintily, was a rare treat.

Members of the auxiliary in costumes of former times gave further romantic atmosphere.

Mrs. Jim Mayne arranged the script which made the bridal pageant flow along smoothly and also acted as commentator, welcoming all those who were such amused spectators.

Mrs. Lionel Fudge was the anxious, but capable pianist, with her three pupils, Mrs. B. Bergstrom, Mrs. K. Boothe and Miss Nancy Fleming, who sang trios and solos in keeping with the various periods depicted. The high black laced boots of the pianist made most of those present feel that at least, fashions in ladies' footwear have progressed favorably.

The first wedding gown, modelled by Miss Margaret Barraud, was worn in 1893 by Mrs. J. S. Chapman at her wedding in England. It was sweetly fashioned with little winged sleeves, square neckline with pale pink ribbon, and lace trimming. It was creamy in color, of corded silk with a full skirt. Mrs. C. Lackey wore the wedding dress of Mrs. J. C. Wilcox's mother, Mrs. McKenzie, originally worn in 1895 for her marriage in New Westminster. It had a twenty-one inch waistline, was hand-made of white silk, fully lined and had leg o' mutton sleeves.

Mrs. Walter Charles modelled her mother's lovely satin gown with its tiny boned waist which Mrs. A. G. Munn had for her wedding in Windsor, N.S. in 1899.

Judge and Mrs. Percival Higginbottom, the former Mrs. E. E. Bates in her great grandfather's tails, and the latter in a costume of the period arrived on the scene as wedding guests. Mrs. Higginbottom's beaver hat, feather boa, blouse, and skirt had been loaned by Mrs. Scott Rand and were worn by Mrs. Annie Johnson.

Giving variety and a touch of surprise was the Chinese scene in which Margaret Lott wore the Chinese costume in which her grandmother was married when she was a missionary in West China prior to the Boxer Rebellion. In this bridal scene were Donna Eden, Barbara Baker, Nona Lewis, Darlene Bonthoux, Margaret Marshall and Eileen Wilcox, in other Chinese costumes of bright mandarin jackets and embroidered skirts, including one modern Chinese frock.

Miss Christina Mair wore the cool-looking wedding frock originally of ivory cotton, purchased in Montreal and worn by her mother, Mrs. H. B. Mair in 1909 at her wedding in Ft. Daniels, P.Q. Mrs. A. Crawford modelled Mrs. Wallace Boothe's bridal gown of the same year. It was made on princess lines, of delicate white silk mull with panels of imported lace. Miss Beatrice Davis, a guest, was in a tucked silk tunic dress of the same vintage.

The dress of 1910, that of Mrs. Adam Stark, at her Ottawa wedding was worn by Mrs. R. Oxley. It was hand made with a square train and elegantly trimmed with Honitan lace. Mrs. Witherspoon as a guest was in a nostalgic white drill suit with eyelet trimming and sailor hat, which had been Mrs. McKenzie's, Mrs. Wilcox's mother. Mrs. Don Chapman recalled to many the wedding of her mother, Mrs. Ernie Campbell in Garnet Valley on May 18, 1916, and which was the first wedding ever attend-

ed by Mrs. George Forster. It was on simple, slim, princess lines with imported lace and a triple tiered skirt.

Mrs. Blazeko was the pretty model for the georgette and satin dress worn by her aunt, Mrs. Wm. Baker in 1928. This scene was enhanced by three guests, Mrs. M. Ducommun, Mrs. F. Steuart and Mrs. A. J. McKenzie as attendants. This was the period when knee-length frocks had no relation to "the human form divine" and everyone looked like a sack tied in the middle. The little hats were of the "cloche" type, and the audience rocked with laughter to think that these costumes were the height of fashion twenty-five years ago.

Miss Betty Green in Mrs. C. V. Nesbitt's wedding gown of 1928 was the same short type, of filmy white georgette with metallic lace inserts at the waist and flounces in the skirt which barely came to the knees. A full length veil seemed rather incongruous, though authentic. This was worn at a June wedding in Parkdale Baptist church, West Summerland.

Mrs. F. E. Atkinson's gown of the same year as Mrs. Nesbitt's was worn by her daughter, Miss Frances Atkinson. It was of georgette, too, semi-fitted as to waistline, moderately full skirt, short in front and dipping down in the back. The ceremony took place at Enderby.

Five years later was the next costume, that of Mrs. Ewart Woolliams, who was married at Vancou-

ver in 1933, worn by her daughter, Miss Jane Woolliams. Gowns had become longer again, and this was floor length of regal, gleaming white satin, with a slightly flared full skirt, and cathedral length veil of sheerest net.

A slight break in the program showed Mrs. A. Moyle wearing a costume made by Mrs. J. Rewakowsky to appear in a choral festival. It took her most of the evenings of one winter to complete the colorful embroidery, and the sash was brought by her grandmother from Europe. Little Vanda Rewakowsky played her piano accordion following the interesting showing of her mother's costume.

Mrs. J. Sheeley appeared in her own wedding gown which she wore at her Vancouver wedding in 1938. It was completely handmade, of white faille taffeta and had dainty puff sleeves, fitted bodice, with flaring skirt having a corded hemline. A coronet of traditional seed pearls and misty veil completed the ensemble.

Mrs. J. Mayne's princess wedding gown was displayed by Miss Mary Marshall. Of the year 1946 it had the well-known sweetheart neckline, torso length waistline, and was trimmed with French lace. A chapel length veil of illusion net was the headress.

From Holland came the next bridal costume, a navy tulle, made by the bride who wore it when she was married in Utrecht in 1950. Mrs. Arie van Driel. It was of wool felt, the jacket strikingly and beautifully embroidered in white. A small white hat, white silk blouse, and navy shoes gave it further smartness.

Mrs. R. Bleasdale modelled the exquisite wedding gown of Mrs. Frank Kuroda, married last year in St. Andrew's United church,

West Summerland. It, too, was made by the bride, of shining white satin, with net over the circular skirt falling from a tiny waist. Satin rosettes studded with pearls adorned the scalloped neckline, and the cathedral veil misted over the beautiful picture.

Of this year was the final bridal scene, when Mrs. Melvin Wells, the former Miss Shirley Wilson, modelled her own nylon lace and tulle bridal gown worn in St. Stephen's church on Easter Monday. She was attended by her bridesmaid, Miss Beverley Fleming in crisp blue organdy over blue taffeta. The bride wore her head-dress, a Dutch cap of nylon lace matching her frock and a chapel length veil, while the bridesmaid wore a blue organdy Dutch cap.

Surprisingly, except for the short dress period, there was a similarity in the outstanding gracefulness of all the gowns. It would seem that dress designers through the years have put the delightful spirit of romance in all their bridal costumes.

At the door, the treasurer, Mrs. S. Fabbi, took admissions, and Mrs. James Marshall and Mrs. K. Williams sold tickets for the draw on the decorated wedding cake which was awarded to Mrs. I. H. Solly.

Let's get down to the Solid Facts!

Chevrolet Trucks Can Save You Money All Along the Line

RUGGED
and Thrifty too!

A GENERAL MOTORS VALUE

Fact No. 1

More Truck for Your Money

Check the comparative value of Chevrolet trucks, and you'll see for yourself how Chevrolet gives you far more for your money. In design, in craftsmanship, and in every last detail of their construction, Chevrolet trucks are engineered and built to unsurpassed standards of value.

Fact No. 2

Rock-Bottom Operating Costs

Many thousands of truck users have proved to their own satisfaction that Chevrolet costs the least of all to own and maintain! Valve-in-head economy, in the 92 h.p. Thriftmaster, 105 h.p. Loadmaster, 114 h.p. Torquemaster and 120 h.p. Workmaster saves on gas. Chevrolet's special 4-way engine lubrication system reduces wear, keeps oil costs low.

Fact No. 3

Engineered and Built for Your Loads

Chevrolet trucks are engineered to your payload requirements. You don't waste money by buying "too much truck" - you don't risk work interruption or slow downs by buying "too little truck." Frame, axles, springs, body, brakes, and power are part of a well-balanced team that does the job at lowest cost.

Fact No. 4

Lower, Slower Depreciation

Records show that Chevrolet trucks consistently bring more money at re-sale or trade-in than any other make of trucks which cost about the same when new. Chevrolet's market value stays up because the value stays in. Here is further evidence that Chevrolet is the best truck buy - and that's why more truck users buy them!

Look at the facts before you buy. They'll show you how a Chevrolet truck can mean really substantial savings on your hauling or delivery job. And they'll show you why.

Ball-Steering and other Advance-Design features keep maintenance costs down. Value is built in to stay in - safeguarding your truck investment.

In every detail, Chevrolet trucks are designed with the customer's job and payload in mind. Their economical, dependable Valve-in-Head engines, famous for power and stamina, keep fuel consumption low. Sturdy hypoid rear axles, deep channel-type frames, Flexi-Mounted cabs. Recirculating

More Canadians buy Chevrolet trucks than any other make. Let the facts lead you to Chevrolet trucks for real savings - right from the start and on through the miles. Come in and talk over your truck needs and see how you can save money all along the line!

Eleventh Biennial Women's Institute Convention to be Biggest Yet Held

Rural women of the province will meet at the University of British Columbia, June 4, 5, and 6, for the Eleventh Biennial convention, which promises to be the biggest in the history of British Columbia Women's Institutes.

Women from the fourteen districts will meet together to discuss their problems and exchange ideas.

The different districts, the Arrow Lakes, the Bulkley-Tweedsmuir, the Cariboo, Central Interior, Fraser Valley North and South, East and West Kootenay, North Thompson, North Okanagan and Salmon Arm, South Okanagan and Similkameen, Peace River, North and South Vancouver Island will each wear their own distinctive badge, typical of the district they represent.

Welcome newcomers will be the seventeen new Institutes organized since the last biennial meeting in 1950, with the total in the province now 229.

Mrs. J. H. East, provincial president of Keremeos, will preside and will be assisted at the different sessions by Vice-President Mrs. A. A. Shaw, of Vancouver; Mrs. C. C. Strachan of Summerland, and Mrs. E. Glover, of Lake Hill, Victoria, directors, while the minutes will be taken by Mrs. R. Doe, secretary, of Salmon Arm.

An interesting program has been planned, with Mrs. Raymond Sayre of Ackworth, Iowa, president of the Associated Countrywomen of the World, and Mrs. Hugh Summers of Fonthill, Ontario, president of the Federated Women's Institutes of Canada, guest speakers.

A complimentary dinner is being given by the Government of British Columbia, with Hon. Harry R. Bowman, minister of agriculture, slated to attend, and at which Mrs. Stella E. Gummow, superintendent of Women's Institutes, will preside. A complimentary luncheon is also being given by the B.C. Products Bureau.

The program features the five standing committees. Mrs. J. Young of Rose Prairie will report on Agriculture, and there will be a symposium on "Soils and Foods", with Dr. D. G. Laird of UBC, acting as chairman. This symposium was arranged by Dr. Blythe Eagles, dean of agriculture, and members of the panel are Dr. J. G. Jarvis, health of animals branch, Canada Department of Agriculture; Mr. Laurence Farstad, senior soil surveyor, Experimental Farms Service; Dr. Charles Rowles, associate professor of soils, UBC; Dr. V. C. Brink, associate professor, department of agronomy, UBC; and Dr. Howell Harris, department of horticulture, UBC.

Mrs. E. Tyron, of Parksville, will report on Citizenship, while Dr. W. G. Black, department of citizenship and immigration will be guest speaker.

The home economics report will be given by Mrs. T. Windt, of Alexandria, and the guest of honor at this session will be Miss Lora Stowell, first of the WI scholarship winners to graduate.

Mrs. M. Powers of Lister will report on social welfare, with Dr. U. P. Byrne of the child guidance clinic, Vancouver as guest speaker.

Mrs. L. Cunningham of Little Fort will give the report on handicrafts and industries, while Mrs. E. Glover will report on the Queen Alexandra Solarium.

Mayor Fred Hume will give the official welcome to the city of Vancouver, with Mrs. E. J. Roylance, past president of the West Kootenay, replying. The welcome to the university will be given by Dr. Norman MacKenzie, with Mrs. G. Lund of Prince George, president of the central interior district, giving the reply.

An interesting feature will be the broadcast of the CBC farm program with Mr. Tom Leach as commentator, and including the Carson family, on the afternoon of June 4.

A get-together will be held that same evening with Mrs. A. A. Shaw, vice-president, presiding

Another example from a pairs tournament of the risks taken by duplicate players in contesting the part-score. East usually opened with One Club and West bid One No-Trump, passed round to South, who reopened at several tables with Two Clubs in spite of East's original bid.

This bold move was justified by results, since One No-Trump can only be defeated by an initial Club lead. In some cases Two Clubs was doubled and made by taking advantage of the favourable lie of the cards.

The inevitable misunderstanding occurred at one table where North took his partner's Two Clubs to be some sort of demand bid, losing 300 in Two Spades doubled. South naturally assumed the call to be based on length and strength in Spades.

NOTES FROM PARLIAMENT HILL

National Library for Canada Will Fill Great Need

By O. L. Jones, MP for Yale

Members of the Unity School of Christianity have written to me asking why donations to their organization were not recognized in the same way as donations made to the organized churches for income tax purposes. On their behalf I took the matter up with the minister of finance and the minister of national revenue and I am very pleased to announce that in future all donations made to this organization will be regarded as charitable donations to be deductible from taxable incomes of the donor.

The contract for a rock fill for the construction of the causeway across the Strait of Canso has been awarded to a Vancouver firm, J. W. Stewart Company Limited at a price of \$5,786,650. It was the lowest tender while the highest was approximately \$10,000,000. The granting of this contract brings to an end a struggle that has been kept up by the people of Nova Scotia for this causeway over a period of many decades.

Mr. Pouliot, Liberal member for Temiscouata was the only one injecting a sour note when the bill to extend the Canadian National Railways at a cost of \$10,000,000 to Kitimat was under discussion. He claimed that British Columbia already had more mileage of railway per one thousand inhabitants than any other province. It is interesting to note that on page 2226 appears the following table:

Province	Single Track Mileage, year 1950	Mileage per 1000 inhabitants	Mileage 1000 sq. miles of Land area.
Newfoundland	705	2.0	4.9
Prince Edward Island	286	2.9	131.0
Nova Scotia	1,397	2.2	67.3
New Brunswick	1,835	3.6	66.8
Quebec	4,795	1.2	9.2
Ontario	10,458	2.3	28.8
Manitoba	4,834	6.2	22.0
Saskatchewan	3,739	10.5	36.7
Alberta	5,643	6.0	22.7
British Columbia	3,890	3.3	10.8
Canada	42,582	3.0	19.8

In view of this I do not think Mr. Pouliot's criticism was very sound. However, the bill was passed unanimously.

We have taken the first steps to establishing a national library in Canada. This dominion is one of the few countries in the world that has not yet reached the status of having a national library and a national theatre, both of which were recommended in the Massey report.

While the resolution has been accepted and passed by the house, few details have been given as to the cost or type of building that will be erected. It is generally agreed that a site near the Supreme Court has been earmarked for this new library.

The need for such a building is very great. At the present time valuable books and manuscripts are scattered all over the country—some in safekeeping, others not particularly well protected.

A national library will bring all these valuable books under one roof and will take steps to preserve, especially our historical documents for future generations to enjoy. A great deal of work has already been done by Dr. Kay Lamb, formerly of UBC. Much of the credit for the proposed national library must go to him for the excellent work he has done. Dr.

Lamb also gave valuable assistance in establishing the Okanagan Union Library.

The censorship of books coming into Canada has been severely criticized by opposition members in parliament. It seems the minister of national revenue is the only official censor which duty he delegates to his officers at the various points of entry with the result that books like Bellamy's Looking Backward was banned for some time and it is well known that a book may be refused entry at one port and admitted through another port. In other words we have a very slack, theoretical censorship.

In view of the fact that many books of obscene and objectionable types do filter through from other countries, it was felt that steps should be taken, to guard our youth from the contaminating influence of such literature. No doubt the department will tighten up its method of censorship in the future.

Mr. Drew again brought up the subject of the appointment of a royal commission to investigate the thefts that have been taking place in various military, naval and RCAF units across Canada. The government felt that such a commission was not wanted at the present time and therefore the motion.

EACH YEAR....

Better Telephone Service

1948

Spent on expansion \$214,070
Telephones in service 11,283
New automatic exchange buildings erected at Armstrong, Westbank and Peachland.

1949

Spent on expansion \$364,047
Telephones in service 12,938
Armstrong, Lumby, Peachland and Westbank converted to unattended dial operation.

1950

Spent on expansion \$509,523
Telephones in service 14,016
Addition to the joint exchange and office building at Vernon completed and occupied. Summerland converted to dial operation.

1951

Spent on expansion \$614,498
Telephones in service 14,955
New exchange established at Arrowhead. New automatic exchanges at Oyama and Winfield. Preparatory construction work at Kelowna, Penticton and Vernon for the conversion to dial operation.

1952

To be spent on expansion by year's end \$788,000
Telephones in service now 15,177
Automatic dial installed at Seamous, March 15. Automatic dial installed at Kelowna, April 12. Penticton will be converted to automatic dial by September.
Modernization and extension now underway at Revelstoke, Salmon Arm and Enderby.

1953

In March, Vernon will be converted to automatic dial operation at a cost of \$543,000.

During the past four years your Telephone Company has established an all-time record in the development and expansion of telephone facilities in the fast growing Okanagan Valley. Each year thousands of dollars have been spent on engineering, construction and installation of new telephones. All this vast expansion and improvement has provided more work and added over \$1,350,000 to a payroll that is spent almost entirely in this area. Plans for the next two years call for even greater progress. Today your Telephone Company is well on its way to bringing the speed, accuracy and convenience of dial telephones to the entire Okanagan Valley.

Seventeen New Canadians Get Citizenship Papers At Auditorium Program

"I am a Canadian" is one of the finest responses which a resident of Canada can give," declared John Haar, assistant director of the UEC extension department, guest speaker at the Canadian Citizenship Day program arranged in the high school auditorium last Friday evening by the Women's Institute.

Nearly 300 persons were gathered in the lovely school auditorium to participate in the second annual program and witness the presentation of certificates to New Canadians, some 17 in number.

Also a pleasing feature was the short program of songs and dances by natives or descendants of persons from other countries who are now residents of this comparatively new country.

Acknowledge Our Status

"It is heartening to realize that in the past decade we have become willing to acknowledge that a unique species does exist," declared Mr. Haar in referring to Canadians generally, as "we have been most reluctant to admit that any Canadian will do anything worthwhile."

"It is important to take one day in the year and think how fortunate we are to be Canadians," he added, pointing out that there are two types of new Canadians, those who will be voting for the first time on June 12 and those who are welcomed from across the sea.

Being a citizen in a democracy he described as a two-way street. There is the right of freedom of speech or religious worship, assembly and discussion. But these didn't always exist and it is a duty of all citizens to see that they continue to exist in future years.

The speaker referred to our debt to the pioneers and declared that Canadians must keep faith with them.

"If we fail to recognize the rights of the minority, if we fail to practice the rights of government, our rights will slip away and totalitarianism will rise up," he warned, urging his listeners to participate in their citizenship with an understanding view of other people and their opinions.

It is time to foster some nationalism in Canada, but he warned that it is also dangerous. But with the natural political growth which leads to internationalism there is a need for a strong stepping stone, which is nationalism.

Through "our government, which is our voice, it is everyone's duty to foster and extend Canada's part in international events," stressed Mr. Haar. "We can thus ensure spiritual and economic growth of the nation not only for the benefit of Canada but for all mankind," he concluded.

Welcomed by Reeve
Reeve C. E. Bentley welcomed the gathering at the outset of the program and felt that the Women's Institute should be complimented on arranging such a splendid program.

He stressed that Canadian citizens come from all parts of the world to be welded into one great self-governing country where there is no one dictating to them but a freedom of their own beliefs and speech.

Reeve Bentley urged Canadians to be tolerant of race, color and creeds, and to do their share in

building and protecting their country, for only by so doing can real security be attained.

"What makes Canada great is its citizens, not its resources," he concluded, wishing new Canadians happiness in their new life in Canada.

Mrs. R. C. Palmer, WI president, gave a gracious welcome to the gathering on behalf of her sponsoring organization.

She urged local residents to extend the hand of friendship and welcome them (new Canadians) to the community so that they can adopt the Women's Institute slogan: "For Home and Country".

Musical Program
The musical program opened with a Hungarian song, "Almado Tiszpart," sung by Viktoria Millivoi, accompanied by Mrs. O. Sikorsky. Louis and Rheinold Schindel provided a guitar duet, and Dutch songs were sung by Elizabeth Buddingh, Jean Buddingh, Jackie van Driel, Mrs. Lichvoet and Henni Abelinck. The latter was also vocalist for the Dutch song Admiral de Ruyter.

The original costumes from their native land were an interesting part of the program and added gaiety and color to the numbers.

Next came the plaintive Oriental music for Japanese dances, Amy Kawasaki, Moots Jomori, Dorothy Arase, Sylvia Arase and Mrs. K. Arase combining in rhythmic steps which intrigued the audience. Little Dorothy Arase concluded

Floral Decorations For Citizenship Program Beautiful

Exclamations of delight were heard on all sides regarding the fitting and exquisite decorations in the high school auditorium for the Citizenship Day observance held there on Friday evening, May 23.

Across the front of the platform in lovely profusion and pattern of red, white and blue were tulips, iris, snowball flowers, and graceful sprays of spirea. Through this floral setting was interwoven a gold banner bearing the names of the ten Canadian provinces.

Baskets of flowers in similar red, white and blue arrangements were placed effectively on the platform and at the sides of the stage. A large crayon portrait of Her Majesty, Queen Elizabeth II, framed in greenery, was on an easel, centre stage, and two large flags were at the back of the stage.

This beautiful background for the program and ceremonies was planned and executed by Mrs. H. C. Whitaker, Mrs. Gordon Ritchie, Mrs. A. K. Macleod and Miss Miwa Tada.

Refreshments were planned by the special teas committee and the home economics committee, Mrs. S. A. MacDonald, Mrs. Eric Tait, Mrs. I. G. Williams, and Mrs. R. Alstead, assisted by members. The food had an international flavor, as part of it consisted of German nut strudels made by Mrs. Wm. Stein and Mrs. H. Glazer, and there were several varieties of Dutch dessert breads.

the Japanese numbers with a solo dance.

Lianel Guidi sang, in Italian, "La Legiera", followed by an Italian trio singing "Stornelli". These were Pietro Torelli, San Carlo Torelli and Pietro Boni, accompanied by Carmello Ongaro.

The Canadian Square Dance was the final number on the musical program, Mr. P. C. Greer's high school team which competed at the Pacific Northwest square dance festival at Haney recently being given an enthusiastic reception.

Mr. Greer called the numbers for the dancers, Yvonne Polesello, Merle Heavysides, Rose Harris, Mable McNab, Don Blacklock, Herb Arndt, Ross Axworthy and Dwayne Greer.

Presentation of certificates by Reeve Bentley, assisted by Mrs. A. K. Macleod, was followed by the oath of allegiance, the entire audi-

ence joining in the declaration: "I swear that I will be faithful and bear true allegiance to Her Majesty Queen Elizabeth II, her Heirs and Successors, according to law, and that I will faithfully observe the laws of Canada and fulfill my duties as a Canadian citizen. So help me God."

Those whose names were called to receive their citizenship certificates were: Irma Arndt, Wallace Arthur Day, Murray Rhodes Elliott, Ruth Wharton Nesbitt, Patricia Golay, Isamu Imayoshi, Mrs. Marjorie Michiyo Kuroda, Mrs. Alma Lekei, Donald Allan Cruickshank, Anne Rae Armour, Jean C. Bryden, Joan Margaret Howard, Annie Martha Brennan, Louis Schramm, Mrs. Hilda Ruth Schramm, John Schramm and John Keith McLean.

Three Japanese ladies who are old-time residents of the district

was defeated.

The same subject has been under sharp criticism in the committee on defence expenditures. This committee was able to get the details of the looting that took place at the Farnham camp where 31 complete buildings were removed and sold to farmers in the surrounding area before the govern-

ment authorities became aware of the thefts. Many of these have now been recovered and the civilian caretaker, who was partly responsible, has been brought to trial. The committee contended that a stricter check should be kept on all stores, buildings and equipment in general by the auditing department. It is with this in view that the chief auditor of the department of national defence is now appearing before the committee to explain the method by which a check is kept on government property.

Because of a ruling that radio talks and newspaper articles by members of parliament are cancelled until after the elections in Saskatchewan and B.C., Mr. Jones' reports from Parliament Hill will not appear until after June 12.

A Personal Message from the Premier of British Columbia

VICTORIA
May 21, 1952

To the People of British Columbia:
As I cannot visit, or talk to all of you personally, I take this means to reach as many as possible.

Pushing aside all the exaggerations, distortions and mis-statements of facts made mostly for political purposes, I believe most people will agree with the following statements:—

1. We are the fastest growing Province in Canada.
2. Most people come here for greater opportunity, so our province must offer more than the place from which they came.
3. Our great experiment in Hospital Insurance with its "all inclusive cost", drugs, X-Ray, physiotherapy, cardiographs, blood tests, urine tests, blood plasma and many other things that make up a hospital bill, is by far the most humanitarian action ever taken by a provincial government in Canada.
4. Our wage rates per hour, day, week and month — conditions of employment — opportunity for work — length of the work week — working conditions — the I.C.A. Act and the W.C.B. Act — are the best in Canada.
5. The industrial output, the increase in basic industry — lumbering, fishing, mining, agriculture, the growth of manufacturing and services show the greatest percentage increase in Canada. Our development is tremendous.
6. In education, social services, hospitalization — in all fields of health service — in pensions to the needy, the sick, the unemployed, the aged, the widows and the fatherless — we are in the lead not only in Canada, but in almost all the world.
7. Nature has bestowed on us vast and rich resources which we are developing to their fullest extent for the benefit of our people. With our magnificent scenery and fine climate, we have every reason to be, and are a happy people. Compare our lot with that of any other people in the world and you must agree.
8. To continue our progress this province needs — above all else — an experienced, far-sighted and capable government. It needs men whose records you know, men who will seek, encourage and give confidence to the investors of the huge amounts of capital this province requires for its continued development.

I believe every fair-minded and politically unbiased person who reads this letter will agree with this brief statement of undeniable facts. I appeal to you for your active, personal support in bringing about the continuance of British Columbia's development and progress to which our party is pledged.

Yours very truly,

Byron I. Johnson
BYRON I. JOHNSON,
Premier of British Columbia.

Telephone Company Seeks Twenty Percent Increase

A sharp rise in cost of telephone service is projected by the Okanagan Telephone Company in an application for increased rates which is now before the public utilities commission.

In Summerland's case, the main increase comes in the business telephone service by those using independent telephones. Present rate is \$4.75 per month and the proposed rate is \$5.70.

In residence services, mostly multi-party lines are in use here and it is proposed to raise the monthly rate from \$2.35 to \$2.80.

Business telephone rates would, therefore, be increased 20 percent and residential services 19 percent.

The company claims rising costs have forced it to apply for the increased rate structure.

Total of additional expenditure which the company must meet in its operation amounts to \$98,181, the company has pointed out to the PUC.

Big Increase in Taxes

Taxes paid to municipalities, provincial and federal governments during 1951, were \$42,000 more than those paid in 1950. Income tax paid to the federal government now takes more than 50% of net earnings.

Operating costs during 1951 went up by \$57,000 compared to the previous year, mainly due to increased wages. Wages went up again by approximately \$60,000 a year, on January 1, 1952.

"Like us, our employees face increased costs," said a company spokesman.

At the moment, the company says increased costs are beyond the management's control. Despite this, they are trying to give subscribers the finest telephone service modern science can devise.

A major expansion program is underway. Many automatic exchanges have been put in service, much to the advantage of the smaller communities served by the company.

The new Kelowna automatic exchange went into service on April 12, this year. Penticton will get an automatic exchange in September, and Vernon in March next year.

By July of 1953 the company will have in operation a system of operator toll dialling, for the first time by any company in British Columbia.

A spokesman claims that this will provide fast and accurate long distance service within the system that will be unexcelled by any other telephone company.

But such a program is expensive.

STEEL PERMIT VALID

Municipal council has been informed that its steel permit for use in the proposed municipal office is still valid.

Farmers Are Asked to Co-operate in June Agriculture Survey

How many livestock are there in Canada? How many of these are dairy and how many are beef animals? What is the acreage seeded to grains in Canada in 1952? How much of this acreage is sown to wheat and to feed grains? These and a host of other questions can best be answered by asking the farmers of Canada.

Therefore, each year at this time, the bureau of statistics in co-operation with the provinces distributes questionnaires to farmers throughout Canada so that every farmer may have the chance to supply information about acreages and livestock on his own farm.

The June crops and livestock survey is a voluntary one. Many farmers supply information every year and this year again all farmers are urged to co-operate in the survey. The object is to get a large number of completed reports back to the statistical offices as soon after June 1 as possible. The individual reports will then be grouped together and estimates of acreages and livestock numbers will be made for each province across Canada. The 1952 estimates will be related to the census figures of June 1, 1951, and it will be important to know what changes have occurred since then.

The statistics obtained from the June survey are an essential part of agricultural statistics in Canada. They form a base for the crop production estimates later on in the year and the livestock numbers are used to determine meat consumption in Canada and supplies available for export. Government bodies, farm organizations, industry and international organizations such as the Food and Agriculture Organization use the figures extensively.

All schedules returned by farmers are kept strictly confidential. The individual forms are seen only by employees in federal and provincial statistical offices.

Thompson Sets Osoyoos Down For 4-1 Win

Joe Thompson had Osoyoos blanked 4-0 right up to the ninth frame at Living Memorial athletic park last Sunday afternoon when four errors looked for a time that the balloon was definitely up. But a visiting runner got caught between third and home and the rally was stamped out at the 4-1 stage.

Red Sox main hitter was Hooker who plastered out a homer in the first frame with one on board to give his team a handy 2-0 lead. In the seventh he duplicated the effort, although the scorekeeper considered the leftfielder got his glove on the ball and ruled it an error.

The other Red Sox run came across in the sixth when Thompson tripled and was scored by Ask.

The generally reliable Hooker at short made two errors, Thompson committed another and Ulmer in right field thought he would go along with the general idea in the first of the ninth before the Red Sox settled down and retired Osoyoos.

Local Hitters Got Away to Good Start

Secretary of the Okanagan Mainline Baseball league has released batting averages for the first four games of the league schedule, including games on May 11.

These official releases follow for those who had 12 or more trips to the plate:				
Kaiser, Kelowna	666		
Sibson, Oliver	467		
Taylor, Macs	466		
Kamachi, Kamloops	357		
Kuroda, Macs	333		
Thompson, Oliver	315		
Home runs: Sibson, Oliver, 2.				

Kamloops Wins Tight Ball 7-0

Kamloops All Stars proved superior to local Red Sox and triumphed, 7-0, in a clean-cut exhibition of baseball at the Living Memorial athletic park on Saturday, May 24, one of the features of the AOTS celebration.

Jeffrey had the Red Sox under control throughout and limited them to 6 hits, only once allowing a local player to reach third.

Desilets was nicked for four hits and four runs before being relieved by Ulmer who contributed another of each. Kamloops played errorless ball while the Red Sox were committing five miscues.

Keen Contests at BCIRA Shoot; L. Shannon Only Local Cup Winner

Len Shannon was the only cup winner from Summerland in the B.C. Inland Rifle Assn. annual shoot staged at Vernon on Saturday and Sunday, but the other 11 marksmen captured quite a lot of prize money in the various competitions entered.

Competition was keen throughout and the margin between winners was small. Twenty-three contestants from rifle clubs west of Hope competed with interior marksmen with a large contingent of tyros from Chilliwack' army camp being quite prominent.

Len Shannon captured the Price Ellison trophy with 49 out of 50 in the first competition on Saturday over 200 yards.

C.M. & S. cup, also at 200 yards, went to Dan Hill of Kelowna with 48 out of 50.

J. B. Robertson of Kamloops scored a 35 possible to win the Fish Lake and Summerland cup, seven shots at 200 yards.

W. A. Robertson of Chilliwack also shot a possible to take the Osborne McPherson memorial cup at 500 yards.

Still another perfect score was registered by E. R. Jamieson of Vancouver in winning the City of

Kamloops cup at 600 yards. The five-man team shoot for the Sweet Caporal shield went to the Kamloops squad of E. W. Work, C. R. Lee, R. M. Chappell, J. Walls and G. Farquharson.

The Summerland shield for eight-man team competition was won by Kelowna's team of D. and G. Hill, G. N. Kennedy, Ron Weeks, H. Palmer, P. Jensen, W. Franko and Mrs. Franko.

The coast squad retained the City of Kamloops challenge cup for the coached team match.

Vancouver and District team also won the 4-man team match and the William Louie Trophy, the marksmen being Norm Beaton, F. Verchere, W. Lightburn and E. Jamieson.

All-comers aggregate and the Lt. Governor C. A. Banks' trophy was won by Bisleigh champion George Farquharson of Kamloops, while E. W. Work of the same city cap-

Bowladrome Wins Ten-Pin Title

The Bowladrome team, with 2616 points won the ten-pin championship of Summerland at the Kingpin Bowladrome Tuesday night. Members of the winning team were Lloyd Uzick, Cliff Dunn, Dave Stevenson, Scotty Ritchie, Jean Dunsdon and Zel Scarfe.

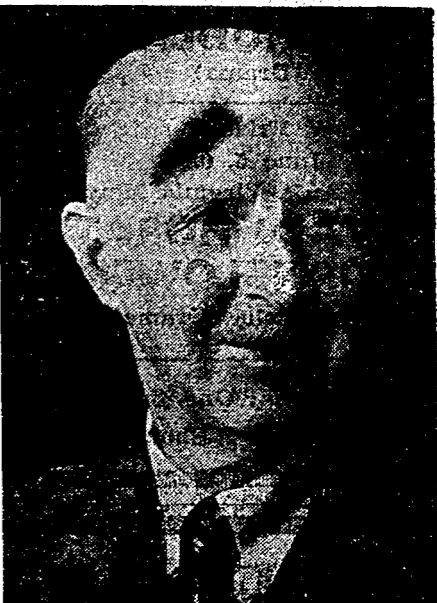

Trophy winners included Gladys Meadows who had high single with 185 and high average with 139, and Doreen Thompson with 464 for ladies' high three.

Lloyd Uzick captured all three men's awards, having 232 for high single, 169 for high average and 587 for high three.

tured the grand aggregate and the Lt. Governor E. W. Hamber trophy. Tyro championship and the E. W. Work trophy went to R. J. Scott of Chilliwack.

Competing from Summerland were Pop, Art, George and Phil Dunsdon, Dewey Sanborn and Jill, Bill Young, E. G. Gillespie, Dave Taylor, L. R. Shannon, John Khamlach and Bert Simpson.

Preaches Final Sermons Sunday

Rev. W. H. Ellis, former judge of the juvenile court in Alberta, who has been acting as interim pastor of the Baptist church in Summerland for the past six to seven months will preach his final sermons there on Sunday, June 1. The following Sunday, the new student-pastor who has been called to Summerland will take the services.

Ken Knight is graduating from McMaster University and will motor out from Ontario to his new charge in Summerland.

Later in June, Mr. Knight will be ordained as a minister of the Baptist church.

Two Resignations From Local Staff

At the regular meeting of Summerland school board on Monday evening, May 26, two teacher resignations were accepted with regret.

Mr. P. C. Greer has resigned and has taken a position on the staff of the Vernon senior high school.

Miss Rita Backmeyer was the other teacher handing in a resignation, but it was not known at Monday's meeting where Miss Backmeyer will teach next year.

Other Resolutions at Associated Boards

A number of resolutions which were discussed at the annual meeting of the Associated Boards of Trade of the Southern Interior at Okanagan Falls recently could not be included in last week's account of this session.

Penticton was given endorsement in its plan to have the Osoyoos customs open 24 hours daily in the busy summer season, although it was stated that the Americans are not in favor of such a move.

Purchase of the right-of-way along the Okanagan river channel in the near future so that owners of property in that vicinity from Okanagan Falls south to the border would have a clearer idea of what property they would have left was approved by the meeting.

Another resolution from Penticton dealt with a report on the "appalling condition" of the Cariboo highway north of Quesnel.

The government will be urged to give these residents a clearcut picture of the future operation as soon as possible.

W. H. Laird of Oliver succeeded in presenting two highway resolutions before the meeting from the floor. His first dealt with the condition of the southern transprovincial highway from Boundary Falls to the summit on the Greenwood section, which he considered a disgrace to the province and the second sought a double checkerboard

at the right-angle turn on the highway at Okanagan Falls. Both resolutions met with unanimous approval.

Takes Rough, Tough Wear

FLOOR, PORCH & DADO ENAMEL

Especially made for outside wood surfaces

Here is an outside Porch Paint that's been scientifically formulated to really WALK ON—we mean to hold color and body under tough traffic wear. Into it have gone selected materials that make it resist the destructive blasts of cold; blustery rains; stinging sleet; wet snow; hot sun and chill winds. For a worthy, durable finish for outside wood porch floors, steps, stoops, doors, railings, bannisters, shutters, trim, cellar doors, wood or canvas decks, insist on:

This is the way to mark your ballot under Alternative Voting

Alternative Voting will be used in the coming Provincial Election.

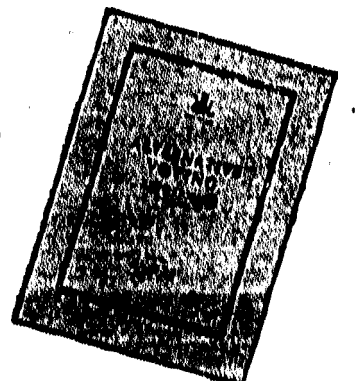

Explaining Alternative Voting briefly, it may be said that the voter has no longer to content himself with marking an X for just one candidate. He marks a first choice for his candidate, and then proceeds to make a second, third and possibly further choices for as many candidates as have been nominated.

On counting the ballots, if the highest candidate has an absolute majority over and above the total votes cast for all the other candidates, he is declared elected. If, however, no candidate obtains an absolute majority on the first count, a second count is required. Before doing this, the lowest candidate is excluded and the second choices on that candidate's ballot are transferred to the other candidates as indicated on his ballot. If the second count elects no one on an absolute majority, the next lowest candidate is eliminated making a third count necessary. This is continued until some candidate obtains an absolute majority.

It's Fair - It's Easy
