## Four Municipal Offices Vacant for Next Election

All but one position on Summerland's five-man council will be open when municipal election time rolls around next month. Terms of the reeve and two councillors expire this year and one present councillor has announced his intention of resigning to contest the office of reeve.

### Funeral Services Held for Pioneer

A resident of the Okanagan for over 55 years, Mrs. Gertrude Alice MacKenzie died in the Summerland General Hospital on November 9 at the age of 70 years.

Mrs. MacKenzie was born in Hartney, Manitoba, and moved to Peachland in 1898 with her parents, Mr. and Mrs. L. D. McCall. In 1905 she married A. J. MacKenzie of Peachland.

During her active and interesting life in the Peachland community, Mrs. MacKenzie was a charter member of the Peachland Baptist Church.

She is survived by her husband; two sons, Wallace MacKenzie of Peachland and Gordon MacKenzie of Naramat; three daughters, Mrs. Wilfrid King of Trout Creek, Mrs. R. R. Farrell of Westview, Powell River and Miss Muriel MacKenzie of Peachland; four grandchildren and one brother, Harold E. McCall of Vernon.

Funeral services were held today from the Peachland Baptist Church, Rev. Kenneth Knight of Summerland officiating. Interment was made in the Peachland cemetery.

Roselawn Funeral Home was in charge of arrangements.

### Badminton Artists To Display Talents In Oliver Exhibition

Of interest to all local badminton enthusiasts will be the exhibition badminton games planned for Saturday evening in the high school gymnasium in Oliver.

Six of the best Vancouver novists, all champion winners, will display the art of badminton playing to all interested spectators. They are Lois Reid, Jean Bardsley, John Bauch, Ken Meredith, Dave McTaggart and Daryl Thompson.

For those interested, the exhibition will begin at 8 p.m. Everyone is welcome.

## Blood Donors Needed

The chief complaint most people have against a bank account is that they can only take out as much as they put in—and it seems to shrink so much faster than it grows. Try to take out more than you put in and your cheque comes back "NSF".

Well, that's exactly the problem faced by the Red Cross with their Blood Donor Clinic. The deposits have to be made before there can be any withdrawals.

Up until a few years ago, when a person was in need of a blood transfusion, a call went out for donors and sometimes one could be found—sometimes not. If one was found in time, a fee of \$20 or \$25 was paid out for the pint of blood. Too often, a donor could not be located in time and countless lives were lost because precious blood was not available when needed.

Because of the Red Cross Blood Donor Service, that situation no longer exists. Blood is now immediately available and it is free.

During the war, whole blood and plasma were required in tremendous quantities to meet the demand for treating casualties at the battle fronts. While there is not now this demand, medical science has discovered its use can be effective in saving lives and aiding recovery in many conditions where it was not previously used and so the demand continues to grow, even though there is not at present a military need.

No one can say who will be the next person to call upon the Red Cross Blood Bank for this life-preserving fluid. Accident and sickness can strike anywhere at any time but the withdrawals can never exceed the deposits.

The Red Cross Blood Bank is not an impersonal sort of thing. It is, in fact, very personal. It is your blood placed on deposit at a time when you have ample against the time when you will need it badly—just the same as doing business at a money bank.

So those who are health budget-wise will be at the clinic in St. Andrew's Church Hall on Tuesday to make sure that if and when the time comes they want to make a withdrawal from the blood bank, their request will not be returned "NSF".

# The Summerland Review

### Experimental Station Now Game Sanctuary

According to a letter from the Director of Experimental Farms, Ottawa, the Experimental Farm in Summerland is now a game sanctuary.

For some months the Summerland Fish and Game Club have been making an effort to establish the Experimental Station property, situated south of Trout Creek on the west bank of Okanagan Lake, as a game sanctuary and they recently received word of the success of their efforts.

This property, on its south and west boundaries, borders No. 1 Indian Reserve which is a recorded game and bird sanctuary. If it is necessary to destroy game or birds that are definitely destructive, then it is necessary to follow the usual procedure of notifying the provincial authorities.

### Telephone Canvass ...

## Red Cross Blood Donor Clinic To Be In Summerland Next Week Backed By Local Kiwanis Club

Red Cross Mobile Blood Donor Clinic will be in Summerland on Tuesday and the local committee, backed by the Summerland Kiwanis Club, is out to better their best previous mark of 300 donors during the visit next week.

The clinic will be set up at St. Andrew's United Church hall and will operate during the afternoon and evening. Afternoon hours will be from 1:30 until 4:30 and evening hours will be from 6:30 until 9:30.

Kiwanis committee has been making telephone canvasses of the district and already have made appointments for 200 donors and hope to boost that number substantially before next Tuesday. Any person not contacted by the committee may attend at any hour convenient.

The Red Cross blood bank is dependent entirely on volunteer donors and the steadily growing demands on the bank require a like increase in the number of donations obtained.

The Red Cross committee is being directed by E. E. Bates while the Kiwanis group is under the chairmanship of J. Y. Towgood.

The Canadian Red Cross Society has announced that additional blood donors will be required to supply blood for the gamma globulin project of the department of national health.

The minister of national health has requested the Canadian Red Cross to undertake the collection of blood for the processing of gamma globulin. This is in addition to the Society's present commitment to supply whole blood for civilian hospitals and blood products for emergency stock-piling purposes.

The responsibility of the Canadian Red Cross is limited to the collection of blood. The process-

### \$600 Gross Results Reported From Sale Of Poppies Saturday

Approximately \$600 was the gross results of the poppy day sale here last Saturday. Dr. Cyril Woodbridge, general chairman of the campaign, reports the sale was very successful.

The members of the Legion Ladies' Auxiliary undertook the street sale of poppies and Boy Scouts and Cubs conducted the house-to-house canvass. Sale of wreaths was also very successful with the number sold greatly exceeding sales of any previous year.

Funds raised through the sale of these poppies are administered by a committee of the Legion Branch and are used solely for welfare purposes in assisting local veterans or families of veterans who are in needy circumstances.

### Honor The Dead ...

## Annual Remembrance Day Ceremony Witnessed Here By Large Crowd

People in countries all over the nation yesterday bowed their heads in remembrance of those lost in the wars and in Summerland a large crowd gathered at the cenotaph to witness the annual Remembrance Day celebrations.

Cloudy skies occasionally broken by rays of brilliant sunshine marked the services in Summerland which were opened with a prayer by Rev. J. W. James.

The parade, which was formed of Legion members, the Summerland band, the Legion Auxiliary members, Boy Scouts, Wolf Cubs, Brownies and Girl Guides, circled in front of the cenotaph. Following the scripture reading by Rev. Kenneth Knight, those assembled joined in the Remembrance Day hymn.

A prayer was given by Rev. Charles O. Richmond and the Roll of Honor was read by H. Howis with a response given by the Legion.

The Last Post, played by a member of the Summerland Band, was followed by the moment of silence and then the band members played Reveille.

The laying of the wreaths and benediction by Canon F. V. Harrison concluded the impressive program.

## Summerland Wins Over Penticton Contractors 9-6

Summerland hockey team last Sunday came out on the top end of a 9-6 score over the Penticton Contractors.

Scoring for the fast, hardworking Summerland team were D. Steining, 3 goals, 2 assists; G. Taylor, 2 goals, 1 assist; Walt Wilde, in his first game, 1 goal, 2 assists; Bill Eyre took his first goal of the season and one assist; Al Hooker took his first two goals of the season with Kato assisting on these two goals, and R. Campbell, 2 assists.

Penalties went to Steining and to Bill Eyre with a penalty shot to Penticton.

Great interest has been shown in Summerland, judging by the sale of tickets, for the play of "Macbeth" being presented on November 13 in the high school auditorium in Penticton by the Lancaster Company.

## Hail Damage Insurance Pays \$181,000

The grower owned Hail Insurance Company has paid claims in excess of \$181,000 this year, reports Geo. H. Northan, manager.

The hail damage this season has been the worst the fruit industry has ever experienced. Several down grading damage was experienced in seven sections of the northern fruit growing area—four sections of the central fruit growing area and three sections of the southern fruit growing area—fourteen areas in all with only seven areas not affected.

A large percentage of this hail damaged fruit has been diverted to the B.C. Fruit Processors Limited, for processing purposes.

Mr. Northan states the growers formed their own Hail Insurance Company in 1950 and it has this season definitely proved its value by being able to pay all claimants in full regardless of the fact that this has been the worst hail year in history.

This enterprise has again proved the far sightedness of the fruit growers of the BCFGA by providing a fuller protection against hail damage at a lesser cost due to the fact that the company is being operated on a co-operative basis.

## Board of Trade Guest Is Former Resident

Former Summerland resident, C. (Mike) Clay, now school inspector of Grand Forks, will be speaker tonight at the meeting of the Summerland Board of Trade in the IOOF hall at 8 p.m.

Topic of Mr. Clay's address will be the Dookhobor history and problems.

## 'Pure Hearts' Win Out in Contest For Mine Ownership in Melodrama

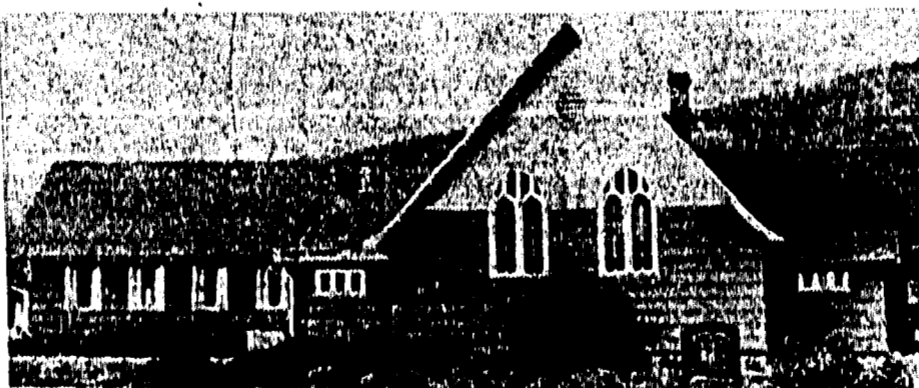

Rumors have been current for several weeks in Summerland coffee shops that Wednesday, December 9 will see a bid by unscrupulous financial interest to wrest control of the Falder coal mine from its widowed owners, Mrs. Jack Truelove and Mrs. Allan Dalrymple.

When interviewed, both ladies were in a highly emotional state and were unable to give a coherent account of events leading up to the threatened action, which is believed to involve foreclosure of a mortgage held by Sebastian Hardacre, who has repeatedly been involved in many previous transactions of this nature, and worse.

It has been learned from other sources, however that Miss Melody Truelove and Mr. Goodwin Dalrymple, dutiful daughter and noble son respectively of the two elderly ladies will enlist the aid of all high-minded local residents at a gathering to be held in the High School Auditorium on December 9, when the climax of this titanic struggle will take place.

It has also been definitely established that the local Kiwanis Club has taken this method of announcing the second of its popular "melodramas", to be produced by Lacey Fisher, with an all-male cast.

The title of this epic of trial and tribulation is "Because Their Hearts were Pure", or The Secret of the Mine, by Morland Carey, writer of the well known "Love Rides the Rails", which was produced by the same club in 1952.

The 48th anniversary services of the Summerland Baptist Church will be held on Sunday when the minister, Rev. Kenneth Knight, BA, BD, will preach on the subject, "The Hearing Ear" and in the evening he will talk on the subject of "Before the Cross". On Monday evening the annual congregational supper of the Baptist Church will take place followed by an evening program.

# 23 Shopping Days Till Christmas

Largest and most attractive selection ever . . . At your Local Shops

From Early Files of The Review

Thirty-Five Years Ago

The municipal council agreed to pay P. Laidlaw \$500 for a team of horses, harness and wagon...

At a meeting of the school board it was decided that preparations would be made to care for the overflow from the crowded rooms of the Central school building.

Though there were about 60 cases of influenza in the district there were very few serious cases and many were of a very mild type.

The terminating of hostilities was duly celebrated by young and old. Early in the evening the night's celebrations were opened with a procession of Boy Scouts carrying the Kaiser in effigy...

Conservation of pocket space as well as metal was probably in minds of the authorities when they decided to reduce materially the size of the Canadian one-cent copper coin.

Twenty-Five Years Ago

At a weekly meeting of the municipal council it was reported that parts for repair of the municipal tractor had not arrived and the tractor was laid off road work.

Magnus Tait, for the Trout Creek water users presented a request to the council for assistance in repairing the dam on Trout Creek point.

Two sawmills were added to the output of Summerland business. A company was formed to take over the mill that was operated during the season by James Ritchie...

Freight trains were heavy and trains with three engines were not uncommon passing up the line.

With the close of the pheasant and quail hunting many local sportsmen were turning their attention to deer. Pheasants had been patchy and the use of dogs was essential for good hunting.

A recital was given before a large and appreciative audience in Peachland by Miss Marjorie King, soprano and Cyril Mossop, pianist.

Armistice Day services were conducted in all churches in Summerland after which the congregations went to the cenotaph to place their wreaths in memory of those who gave their lives in the war.

Five Years Ago

Drawings for a new 50-foot beam span were being prepared by the provincial public works department for the proposed new bridge over Trout Creek.

Chlorination of the domestic water supply in Summerland was started. The new system was to be manually operated until the adaptor arrived and the supply of chlorination going into the system could be automatically controlled.

Summerland council agreed to purchase a pump for the municipal fire truck being assembled, the cost of the pump to be about \$1,000.

The Review came out a day earlier as Remembrance Day fell on the same day as publication day.

Quick thinking on the part of Miss Chris Mair, operator on the Okanagan Telephone Company staff, was responsible for the failure of a robbery at the office premises of Smith & Henry about 4 o'clock in the morning.

Possibility that a parks board, to carry out a policy of maintenance of parks and the cemetery with gradual improvements in each case each year, might be advocated for the Summerland district was mooted when Councillor Eric M. Tait reported on a meeting of the local cemetery committee.

Proposal to form a second growers contract which would provide a per box levy to provide a hall insurance fund was to go before a big growers' meeting called by the BCFGA among its 3,700 members for Pentiction in January.

Quick thinking on the part of seven-year-old Myles Gillard, son of Mr. and Mrs. W. G. Gillard, saved his playmate, eight-year-old Lou Lewis, son of Mr. and Mrs. L. A. Lewis, from nothing worse than a thorough soaking and a good scare when young Lewis fell from a wharf into deep lake water.

Eight groups and organizations representing all parts and industries of the Okanagan Valley told the board of transport commissioners in Kelowna that the high freight rates caused by the mountain differential were keeping this valley from developing.

Roy F. Angus was to take on the duties of electrical engineer energy inspector as well as building inspector, the municipal council decided.

Alex Watt was elected president at the annual meeting of the Speakers' Club, one of the most enthusiastic organizations in Summerland.

The Summerland quota of tickets for the Greater Artists Series of Concerts to be held during the winter months in Pentiction was entirely sold out, Roy F. Angus, Summerland representative on this co-operative group, stated.

Playing at the Rialto Theatre was "Four Faces West" starring Joel McCrea, Frances Dee and Charles Bickford along with the beginning of a new weekly serial starring Superman.

More than 20 pheasants were brought to Pentiction from Summerland as the first stage of the Summerland Fish and Game Association project to raise pheasants for distribution in this district.

It was a big opening night for Summerland basketball at the school gym when three Vernon teams went down to defeat at the hands of the plucky local hoopers.

CARS AND KIDS

With the children throughout the Valley now returned to school for the new term the importance of observing speed limits through school zones again comes to the motorists' attention.

Canada's future is tied up with these children, for they are the nation's future and it is the responsibility of all citizens to give them every possible chance of reaching adulthood.

Parents, too, although at times they seem to forget it, have a responsibility to the motorist that is to keep their children from playing in the streets.

It is not fair to expect utmost caution and courtesy from motorists while at the same time allowing these added hazards to romp in their path.—West Coast Advocate.

Editorials

THURSDAY, NOVEMBER TWELVE, NINETEEN HUNDRED AND FIFTY-THREE

Volunteers Needed... but some urging is needed

A MONTH from now, ratepayers of Summerland will be asked to fill three, possibly four, vacancies on the municipal council.

On that occasion, Summerland ratepayers were fortunate in that the council was able to find a competent and experienced man to accept appointment to fill the vacancy.

That the council was once able to find a well-qualified member to keep their board up to strength without disturbing the public, doesn't mean they can do it every time.

People of Summerland have been fortunate in their choice of council members in the past and that body has over the years done an efficient job at building up the community and its assets.

It is certainly a compliment to a civic council when there is an absence of candidates for any election because it is an indication of general satisfaction with the way in which municipal business is being carried on.

The best men usually do not seek public office on their own initiative. They enter public life only because they have been persuaded to do so by friends and associates who convince them that their particular talents would be valuable if made available to the community as a whole.

So it is the duty of voters to start thinking now who is best qualified to serve the community—not wait until election day to make a choice between those who have been nominated but to urge those who they believe to be qualified to allow nomination.

A council can operate most effectively in the interests of all the people only when the diversified viewpoints of the populace are represented on the council.

There are no doubt other interests who feel they are being neglected and it's an odds-on bet that if they are, they'll continue to be until they take some action themselves to have the name of one of their number on the ballot.

We have no sympathy for any group who feels they are being left out in the cold municipally because they could easily have had a council representative just by merely nominating one at the by-election a few months ago since there was no opposition.

The more candidates in the field, the stronger the likelihood of finishing up on election night with a qualified body to carry on in the fine tradition of previous councils.

And while considering what various interests should be represented on the council, the female angle should not be overlooked. Experience has shown the effectiveness of all levels of government can be greatly enhanced by the addition of one of the "weaker" sex to their number.

As we weigh the worth of this annual campaign we should remember that there are still 10,000 new cases of tuberculosis being found yearly in Canada; that in 1952 there were 2,456 deaths from this preventable disease, 215 of which occurred in British Columbia; that TB causes more deaths in the 15 to 49 age group than any other communicable disease, and that it is estimated there are about 40,000 cases of tuberculosis in Canada in the yet-to-be-found group.

True, deaths from the disease are declining, and that's how it should be, but the rate of progress in preventing the disease is lagging a long way behind; every week in Canada, about 200 new cases of TB come to light. A disease cannot be said to be beaten when this is the case.

Since Christmas Seals are spent for tuberculosis prevention the intensity of the programme is dependent on the generosity of the citizens.

One thing we can do is to buy Christmas Seals when they reach us in the mails this year. Funds from Christmas Seals help pay for tuberculosis prevention in this community.

Back To School... we endeavor to keep improving

THIS week editors of British Columbia's hometown weekly newspapers are meeting in Vancouver for the 35th annual convention of the B.C. Division, Canadian Weekly Newspapers Association.

Unlike many other conventions, this annual meeting of B.C.'s country editors is an occasion for serious business. True, it affords us the opportunity of enjoying a "break" from the year-round weekly grind of publishing a newspaper and operating a commercial printing establishment.

It's much like "going back to school", for the three-day business sessions will deal with the varied problems of small-town publishing. There we are able to resolve many of those problems by learning how others under similar circumstances overcame them.

And what does all this mean to our community? The net result is that a weekly publisher comes home with new ideas and better methods which, when applied, make for an improved newspaper and a still better service for the community he serves.

As someone once observed, the local newspaper is the voice of the community. Without a good town, a newspaper can't be much. By the same token, a good newspaper helps to make for a better town.

The Review is proud of its role in the life of Summerland and district. We aim to keep on improving our service and being deserving of the community's support.

Every day, in some way, God is speaking to us and telling us of His great love. Nature reflects His power and His goodness. Our lives are far from perfect, but we can speak of His love if we determine in our own lives to do what He asks of us.

Almighty God, as we go out into the world, help us to recognize and appreciate Thy love and goodness toward us. Fill our hearts with love and kindness for our fellow men so that we may show for Thy goodness. In Jesus' name, Amen.

There seems to be some discrepancy between us and the high-powered executives whose desks we occasionally see pictured in the news or an ad. Don't any of them ever use an empty pop bottle for a paperweight?

Girl describing a newly engaged couple to another girl: "They're a cute couple—except for her."

Other Opinions

Other Editors Say:

PAPAN MUST LIVE

The anti-Communist world wants an anti-Communist Japan. What is it doing to ensure it?

The Republic of Korea has imposed a line around the Korean peninsula, far beyond accustomed international limits, excluding Japanese fishermen from waters which Japan feels are free to all comers.

Australia announces that Japanese pearl fishers will be excluded from the waters of its continental shelf (reaching in places beyond 200 miles off the coast) except under licensing and control measures of Australia's own making.

Western European countries fight Japanese commercial competition in southeast Asia, Africa, and South America. United States industry presses for higher tariffs on imports of tuna and silk scarves from Japan.

Yet Japan must live, and Japan must trade to live. Under the circumstances, with 80,000,000 Japanese cooped up in a few islands without natural resources and with American aid liable to fall off drastically at any time, it is not surprising that Nipponese thoughts turn longingly toward a resumption of "normal" trade with the Chinese mainland.

It may be mere delusion for them to believe that Red China would offer conditions for really profitable, large-scale trade, but, since they are effectively prevented by the United States from finding this out for themselves, the delusion persists.

We would not suggest that Japanese needs should have priority over those of others of America's allies or that Japanese commercial vices should be over-looked; but we think Japan's economic situation needs to be clearly understood by all concerned if that country is to remain firmly on the anti-Communist side.—Christian Science Monitor.

BRITAIN WELCOMES COMPETITION

The U.S. Government farm policy hardly merits our neighbor's charges of socialism in the conduct of affairs in Britain today.

The Times, London, writing of the recent refusal of Britain to sign the International Wheat Agreement, notes, in part, "a moral stand was made by the United Kingdom's implied refusal to condone the United States farm price support policy, which effectively maintains the American export price at an unjustifiably high level."

Regulation in business and industry there has always been and probably always will be. That business can regulate itself better than government is very much the present mood in Britain.

The danger with fixed prices is that they tend to become the minimum rather than the maximum price. With a free enterprise trading record few can boast, Britain today is disposed to accept market competition as the chief factor determining price.

Canada and the U.S., which are both toying with socialism, may find it costly and difficult to shake off its effects. Britain, which alone of the three has had a socialist government, is attacking the problem with vigor. Her advantage lies in the knowledge of what socialism can mean. Must we go through the same mill?—Cowan Leader.

CONFLICTING VIEWPOINTS

In the face of the announced objective of the administration in Washington to open up more and larger markets in the U.S. to imports from Canada, Congress periodically gives evidence of the apparent hopelessness of any marked development along these lines, from the short term point of view at least.

The latest example of this is a report brought down during the past week by a House of Representatives sub-committee on the results of a survey, which has been carried on over a period of 3 years, of the supply and demand situation in the newsprint field. The report presents a twenty-five point program for bridging the gap between newsprint supply and demand; and, all the way through, it is evident that the objective of the sub-committee is to end the "domination" of the Canadian newsprint industry at almost any cost.—Financial Times.

### Apples-on-a-Stick

Two cups sugar, 1/2 cup light corn syrup, 3/4 cup water, 12 apples, 12 skewers, red coloring, few drops, flavoring oil.  
Select well-flavored red apples. Wash thoroughly and insert skewers in the blossom end.  
Put sugar, corn syrup and water into a saucepan and cook, stirring until sugar is dissolved. Continue cooking, without stirring until temperature of 300 degrees is reached. Any sugar crystals thrown on the sides of the pan should be washed away with a wet cloth. Cooking should be slow so that syrup will not darken.  
Remove syrup from fire and set the saucepan into boiling water so the syrup will not cool and thicken. Add enough coloring to make the syrup a bright red. Add flavoring oil: peppermint, clove or cinnamon may be used. Holding the apple by the skewer, plunge it into the hot syrup, drawing it out quickly and twirling it until the syrup runs down to the stick and spreads smoothly over the apple. Stand the skewer in a small rack or vase so the apple does not touch anything while hardening. A flat bottom can be made by putting the apple in a bowl or cup, where only the bottom touches. Rapid dipping is necessary or the syrup will become too stiff for coating. Make plenty.

## Guide News

The weekly meeting of the Summerland Girl Guides was held on Wednesday, November 4, 1953.  
Inspection was held, and while some of the Guides played the game of 'Rats and Rabbits', the others took instruction on the child nurse badge.  
Marching for the Remembrance Day parade was practiced after which Campfire was held. Here the Guides practiced for their part in the Youth Centre Family Night.  
On Saturday, November 7, the seven patrol leaders and our company leader, along with our captain, Mrs. Alex Inch, attended the Patrol Leaders' conference held in Princeton. A profitable and enjoyable time was had by all those attending.—Pansy.

## Cub Calls

Parade in full uniform at the MacDonald school, Wednesday, November 11 at 9:50 a.m. Dress: long pants and jackets to be worn over uniforms. Let's have a full turn out.  
Family Night at the Youth Centre, Friday, November 13 at 7:30. Full uniform to be worn. Leave your candy at Bill Milne's before Friday noon.  
No meeting Monday, November 16.  
Note: Akela's new phone number 4011, it is not in the phone book yet.—Golden Quill.

## The HI LIFE

By JILL SANBORN

Another quiet week has passed at SHS. Ho hum! I guess we'll have to do something to liven it up like having some real crowds out to basketball games. It's been so long since SHS had a good turnout to a basketball game that I think the old school would just simply shake with the noise of cheering. We all know what it's like to have a good crowd behind us so come on, gang, get out and show our teams what good old School Spirit is.

"J. Smith looked up the elevator shaft to see if the elevator was on its way down. It was. Age 45." See you next week, everybody.

## BROWNIE CHATTER

The last few dollars from the magazine sales are coming in so we should know by next week for sure who is going to win those wonderful prizes. Right now Grade 12-B seems to be ahead in aggregate classroom sales. Hurray for 12-B.

Last Thursday the auditorium was the scene of much lip-smacking as all the students who had sold subscriptions on Tuesday or Wednesday afternoon were treated to a sundae party. Umm-mmm! As we walked down the hall after the feast we saw a large number of full-looking students so we judge by this that everyone got as much as they wanted of the delicious sundaes.

Plans for the big school dance scheduled for Friday, November 13, unfortunately had to be cancelled. It seems that every suitable night is taken up with some other activity. Oh well, we can still look forward to the Christmas dance.

The first basketball game of the season was played here last Friday. The SHS teams fought hard but in spite of diligent practice and a good fight, they were unable to down the Similkameen teams. However, this is only the first game so better luck next time.

Guess that is about all for this week. Next week for sure we'll have the score on the magazine sales.

By the way, have you heard this one before?  
Teacher: Now class, name a great time-saver.  
Student: Love at first sight.  
Or this one?  
The cub reporter was told to cut his story down to bare facts. Following the editor's orders, he did so and produced this the next day:

### 1st Summerland Brownie Pack:

At our last meeting in October there was great excitement to see which Six had the best attendance record. This included full uniform, fairy gold and a special surprise question. The Elves won out by a very narrow margin and received prizes. It was voted to continue the same attendance sheet during November.

Linda Betuzzi and Jo-Ann Ongaro passed their house orderly badge. Our thanks to Mrs. W. A. Laidlaw who so kindly helped to test them.

We are practicing a singing game for Family Night on Friday, November 13. We hope that all parents will come to the Youth Centre at 7:30 p.m. for an evening of entertainment.

Margaret Marshall is our new pack leader. We welcomed Margaret at our meeting last week and hope that she will enjoy being with us.

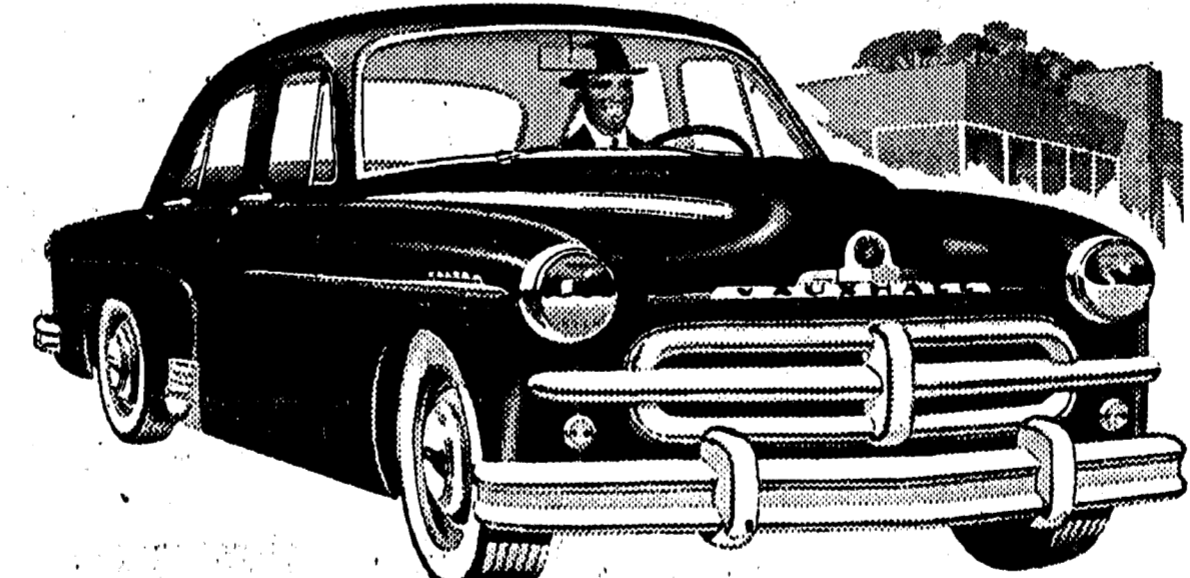

Has anyone got a second hand Brownie uniform they aren't using One is still needed. Phone 3441, — Brown Owl.

## P-TA Members Gather To Hear Discussion

Summerland P-TA gathered recently at the home of Mr. and Mrs. Ewart Williams, Trout Creek, to hear the discussion, "Do Parents Have Enough to Say in Education?" a Citizen's Forum broadcast.

Led by Mrs. E. Martin, members brought forward many pertinent and spirited criticisms to make the evening well worthwhile.

# SAVE ALL WAYS!

**VAUXHALL** — Britain's finest and most popular low-priced car — is designed to give you satisfaction at all times and savings in all ways — and it's built for Canadian roads and conditions. It's a family car, with lots of room, too, for everyone. Yes, you'll save on the Vauxhall's already-low price, and you'll also save with Vauxhall's well-known economy of operation.  
Looking at Vauxhall from the standpoint of buying price, of operating cost, of service, and of trade-in-value, you'll agree that Vauxhall's the buy — you save when you buy a Vauxhall.

### SAVINGS GALORE — FIRST COST — ECONOMY — MAINTENANCE

- SAVE ON FUEL** — Vauxhall's "square" engine gives extra miles for every gallon — as well as outperforming and outlasting conventional engines.
- SAVE ON SERVICE** — Parts and service depots right across Canada are at your call — but performance records prove the fine craftsmanship of this great car.
- SAVE WHEN YOU TRADE IT IN** — The dependability, plus the popularity, of Vauxhall means you get a higher trade-in when you decide you want a newer model.
- SAVE ON LONGER LIFE** — Vauxhalls are built to high standards of craftsmanship which keep your Vauxhall running smoothly and quietly for years and years.

### FEATURES GALORE — ROOM — COMFORT — LUXURY

- FULL FIVE SEATS** — Vauxhall gives room to spare for five big people.
- LARGE LUGGAGE SPACE** — room to spare for family luggage on short or long trips.
- FLOATING RIDING COMFORT** — New springing and shock absorbers give you "Vauxhall Glide".
- APPOINTED IN LUXURY** — Vauxhall's styling is created by top-flight designers.
- NIMBLE IN TRAFFIC** — Quick acceleration and short turning radius make it a joy to drive.

### BRITAIN'S FINEST AND MOST POPULAR LOW-PRICED CAR

NOW IS THE TIME — YOU SAVE WHEN YOU BUY.

Rebekah Tea, Bazaar Reported Successful Event of the Season

Faith Rebekah Lodge No. 32 of Summerland reports a most successful tea and bazaar last Saturday afternoon in the IOOF hall.

Beautiful decorations of many-colored fall flowers proved a charming background for the many stalls and dainty tea tables.

The varied and interesting stalls were convened by many capable members of the Rebekah Lodge.

The candy stall was under the management of Mrs. W. Hack, Mrs. R. Bleasdale and Mrs. W. Toews.

One of the biggest drawing cards of the afternoon was the CNIB handicraft booth which featured the beautifully and expertly made wickerwork of the blind.

Those serving tea and the delicious refreshments were Mrs. J. Dunsdon, Mrs. T. Washington, Mrs. R. Desilets, Mrs. T. A. Walden, Mrs. F. Bennison, Mrs. W. Fell, Mrs. R. Cornish, Mrs. H. R. J. Richards, Mrs. M. Henker, Mrs. George Inglis and Mrs. W. Mowatt.

Assisting in receiving the guests who attended from all points in the southern Okanagan valley were the parents of the bride and groom.

Social Get-Together Honors Old Friends

A social evening was held last Saturday evening at the home of Mr. and Mrs. Herb Lemke for a gathering of old friends.

Present at the affair were Mr. and Mrs. W. Greer, Mr. and Mrs. Frank Tilbe, Mr. and Mrs. Chuck Mellon and Mr. Mellon Sr., of Ogema, Saskatchewan, Mr. and Mrs. H. W. Greenlees and Irvin Lemke and Miss Viola Bleu of Vancouver, and Mr. and Mrs. H. Eden.

Gale - Cooper Vows ...

Autumn Wedding Solemnized Against Setting of Fall Flowers

A quiet wedding of interest throughout the southern Okanagan was solemnized on November 6 at 2 p.m. when Pauline Frances Cooper, daughter of Mr. and Mrs. Albert Cooper of Summerland and Frederick Charles Gale, Jr., son of Mr. and Mrs. F. C. Gale of Penticton, exchanged marriage vows in St. Andrew's United Church in West Summerland before Rev. Charles O. Richmond.

The pretty bride, given in marriage by her father, wore a floor-length gown of shimmering satin, strapless style, with a matching bolero and a full overskirt of misty net.

Assisting in receiving the guests who attended from all points in the southern Okanagan valley were the parents of the bride and groom.

motor trip to Wenatchee, Washington, USA. On their return the happy young couple will reside in Penticton.

The bride attended school in Vancouver and was employed in Penticton prior to her marriage. The groom attended school in Saskatchewan and is employed with The W. H. Malkin Company in Penticton.

Mrs. H. R. McLarty To Speak at WI Meet

Mrs. H. R. McLarty will be guest speaker on Friday afternoon at the regular meeting of the Women's Institute.

Following the business session of the meeting, Mrs. McLarty will speak on the subject of "Up to Date on United Nations".

Pilgrimage Planned ...

Local Rebekahs Meet Interior Lodges at Meeting in Salmon Arm

Representatives from many points in the Okanagan Valley attended the semi-annual meeting of the Okanagan Rebekah District Association No. 1 which was held in Salmon Arm on Wednesday.

NEW ARRIVALS Mr. and Mrs. Marcia Desjardins are the parents of a baby boy born on November 7 in the Summerland General Hospital.

A daughter was born to Mr. and Mrs. William Walker on November 4 in the Summerland General Hospital.

Mr. and Mrs. J. R. Butler and Mr. and Mrs. Thomas Marsh are currently spending a three-week holiday in California and Mexico.

This theatre coat of fine imported French wool by Louis Schrier shows the new straight, narrow silhouette.

Hospital LA Again To Sell Calendars

The handy calendars of the Marpole Infirmary were once again distributed to the members of the Summerland Hospital Auxiliary to sell for funds.

Their regular, monthly meeting was held on Tuesday evening in the Parish Hall, the president, Mrs. Cyril Woodbridge, in the chair.

Other business of the meeting consisted of the reading of a report on the Hospital LA tea and raffle which were very successful.

Mrs. Earle B. Wilson, official delegate to the provincial convention of the Hospital Associations, B.C. Division, held in Vancouver recently, gave an interesting report on the convention.

The LA catered for one wedding during the past month and has further plans for more catering in the future.

VISITING HERE

Weekend guests at the home of Mr. and Mrs. H. Eden were Mr. and Mrs. Chuck Mellon and Mr. Mellon, Sr., of Ogema, Saskatchewan.

Irvin Lemke and Miss Viola Bleu of Vancouver were weekend houseguests at the home of Mr. and Mrs. H. W. Greenlees.

Mrs. E. Riley and children of Celista were visiting here last weekend with the former's parents Mr. and Mrs. T. J. Garnett.

Weekend guests at the home of Dr. and Mrs. Lloyd A. Day were their son, Wally Day of Vancouver and Mr. and Mrs. Clayton L. Sullivan of New Westminster.

Houseguests over the weekend at the home of Mrs. F. F. Stark were her son-in-law and daughter, Mr. and Mrs. H. Fleming of Oliver.

HOME AGAIN

Miss Elsie Hack, a student nurse at Vancouver General Hospital in Vancouver, returned to duty recently following a month's holiday spent with her mother, Mrs. Edith Hack.

Mr. and Mrs. J. H. Wells and Mrs. D. L. Cruickshank returned home on Friday from a two weeks' holiday visiting friends on the prairies.

### P-TA Members Discuss Suitable Dress for High School Graduation

With about seventy present P-TA meeting Thursday evening, Nov. 5, in the high school library had an interesting discussion on the matter of suitable dress for high school graduation.

Mrs. A. K. Macleod had compiled information as to the type of clothes worn at graduation in fifteen other schools throughout the province and from this Mrs. J. Sheeley gave a summary. In some cases girls had two special dresses, one for graduation and another for the dance in connection with it. The situation for the boys seemed in most cases easier, since formal requirements appeared to be adding a tie to usual garments.

Mrs. Macleod prefaced her findings with the statement that P-TA might suggest or recommend certain things, but had no thought, nor authority of doing more than that.

Some people had the idea that the school demanded the dress worn for graduation and this was clarified during the discussion which followed, when it was noted that this was not the case.

Mothers of 1954 graduating class attended and expressed opinions. Among those who spoke on the subject were Mrs. J. Raincock, Mrs. J. L. Brown, Mr. and Mrs. F. Lauer, Mrs. D. L. Sanborn, Mrs. C. Adams, Lloyd Miller.

After sifting material presented and talking it over, it was decided that mothers of graduates, graduating class and Miss Hoath, home economics teacher, meet prior to the June event and make plans as to what will be worn. Miss Hoath said that, when asked, the majority of girls had said they would like to make their own graduation dress in class at school.

On the suggestion of Mrs. C. Adams, P-TA will offer to make bouquets for graduates. Mrs. Green-slade gave a resume of the Listening Group which met recently at the home of Mr. and Mrs. E. Woolliams; announcement was made that a sum of over \$50 had been given the school band by P-TA from the dance recital held in the early summer.

Mrs. J. C. Wilcox, program convener, said that plans were made to have a teacher tell something of a subject or course he or she teaches, with a bit of the philosophy be-

### Show Winter Here Fast Approaching Weather Report

Winter is well on its way as is apparent from the dropping temperatures and twice during October the mercury dropped below freezing during the night. Average temperature for each night was 39 degrees.

The days were quite warm and sunny with an average of 4.2 hours of sunshine each day and an average temperature of 60 degrees.

Rain fell on 8 days with a trace of rain on two days last month although the total amount of precipitation did not exceed one inch.

Following is the weather report for the month of October:

Oct.	Max.	Min.	Rain	Sun
1	59	39	.02	3.50
2	62	35	.01	6.10

### Pentecostal Young People Hold Rally

Rev. John Peel of the Bethel Tabernacle in Penticton was guest speaker at the Young People's sectional rally in the Pentecostal Church in Summerland recently.

Over one hundred and fifty attended the rally with representatives from Pentecostal churches in Osoyoos, Penticton and Summerland. In charge was Rev. Harold Grant of Osoyoos, sectional leader of Christ's Ambassadors.

Rev. C. D. Postal of Summerland took part in the program which included a male quartette by four of the visitors as well as a solo by Maynard Embree and a piano solo by Miss Ella Mohr.

### Scout Activities

There were 13 boys out for Tuesday's meeting. District Scoutmaster visited us and gave us our final instructions for the parade the following morning.

Vic Smith came out to give us a hand and his efforts are very much appreciated. Your Scoutmaster will not be present next meeting and Vic has offered to give Mr. Brinton his services, so let's have a full turnout and show your leaders what a good troop you have and give them all the help you can.

At a court of honor meeting held on Wednesday evening, we decided to make Saturday morning our scrap metal drive. All those interested should be at the Youth Centre at 9 a.m. Have your scrap ready for the truck to pick up as this will be the last drive this fall.

Hope to see all Scouts out for our part in Family Night on Friday. Duty patrol next week, Buffaloes.—D.M.M.

### Dr. J. C. Wilcox Honored With ALC Fellowship Award

An ALC honorary fellowship was presented to Dr. J. C. Wilcox at a dinner meeting last Wednesday in Kelowna of the B.C. interior branch of the Agriculture Institute of Canada.

This award is given for outstanding contribution to Canadian agriculture and Tom Willis, chairman of the B.C. council ALC, brought the good wishes of all present as he made the presentation which was announced at the June annual meeting in Saskatoon.

Dr. H. R. McLarty, head of the dominion pathological station here, holds a similar fellowship; one was held by the late Dr. R. C. Palmer and Dr. A. F. Barsé, UBC was presented with one at the June meeting this year.

The Summerland Teachers' Association will be directly represented by its president on the executive of the Okanagan Valley Teachers' Association. Its officers for the current school year are: President, W. H. Durick; vice-president, E. E. Bates; secretary, Mrs. Marion Kean; treasurer, Mrs. Hilda Allison.

Close upon this news comes the announcement from an OVTA executive meeting in Kelowna Saturday, that the various local associations have decided that valley-wide negotiations on salaries will be discontinued. While teachers

### Officers Elected

### Okanagan Teachers Will Bargain Separately By Each District

The Summerland teachers have this fall formed their own local association. Previously they have been combined with Penticton in the South Okanagan Teachers' Association. The reason for their withdrawal is the necessity of dealing with the local school board on salary matters and other teacher problems.

The Summerland Teachers' Association will be directly represented by its president on the executive of the Okanagan Valley Teachers' Association. Its officers for the current school year are: President, W. H. Durick; vice-president, E. E. Bates; secretary, Mrs. Marion Kean; treasurer, Mrs. Hilda Allison.

say they have appreciated the negotiations with valley trustees during the past few years, they feel that the valley trustees request that they negotiate with Dr. English of the Kamloops school board and a Mr. Watt of Vancouver is not in the best interests of education. Negotiations with these men, it is felt, remove the talks from the local level. As far as Summerland is concerned this means that any negotiations or arbitration necessary to bring about a salary agreement for 1954 will be between the Summerland School Board and the Summerland Teachers' Association.

### Noted Hypnotist To Appear Again

Here Saturday night to repeat the performance which proved to be a hilarious hit at the Legion Auxiliary banquet Wednesday night, will be the noted hypnotist Ravell, who will demonstrate powers of hypnotism, including a flame defying act in which actual flame is placed against flesh without causing burn or mark. The show will be in the IOOF hall at 9 p.m.

Ravell is one of the few hypnotists in the world who can actually hypnotize members of the audience while he is backstage and out of sight of his subjects.

With the show is 19-year-old Dick Sorenson whose height of 30 inches and weight of 29 pounds make him the world's smallest man. He was appearing until recently with the show of Gypsy Rose Lee.

Also in the cast is Pianist Mary Clyne who has been appearing in one of Vancouver's leading supper clubs and will shortly start an engagement with the CBC. She has performed also with Theatre Under The Stars.

Show master of ceremonies is Charles Lloyd.

### The Summerland Review

THURSDAY, NOVEMBER 12, 1953

Repairing a car at this time of year if often a hazardous occupation. Some car owners run their engines in a closed garage rather than let in the cold by opening the doors. This dangerous practice kills many motorists every winter. Carbon monoxide is generated by every car engine.

## BERT BERRY'S Hunting and Fishing News

Fishing on the Okanagan Lake has been fair for anyone who has been out trolling. Nothing big, but fair catches, pretty cold and inclined to be stormy now.

White fishing is starting now and one of the fellows last week caught a couple of nice trout as well. As trout feed on white fish it seems as if trolling and casting for trout in areas that the white fish are spawning should give good results.

Pheasants seem to be around in fair numbers and hunters with good dogs are not having too much trouble getting their share. Quail are around in quantity and easily got at.

Ducks, mostly locals still around on local lakes, no nothens as yet.

Deer seem to be fairly numerous this year from most reports of hunters, however one reliable source claims that there are not many. A few more are in the lockers again this week and some were got in local areas by outside hunters. Reports show kills made at Fish Lake, Bald Range, Ackland, Thirsk and Glen Lake areas which shows they are on the way down.

Moose hunters this last week report moose scarce in the Caribou. Elk have been seen across the lake by at least two parties. One party is over in the Kootenays now and we should hear from them soon.

Mr. and Mrs. R. M. White vs Mr. and Mrs. Don Clark.  
Mr. and Mrs. John Dunn vs Mr. and Mrs. Clarence Lackey.  
Mrs. M. E. Creese, Mrs. T. J. En-

### J. Tamblin Gives Talk on Music To P-TA Meeting

John Tamblin, school music teacher, gave a fine, concise talk to the P-TA meeting last Thursday evening in the high school, as to the aims in teaching music in the schools.

He named co-operation, co-ordination, sense of security, discipline and participation as some of the benefits which the music teacher hopes will result from band playing. Particularly he spoke of participation in a time when he said, "So much in music and sport is done by a few and watched by a greater number." He cited radio, television and sports.

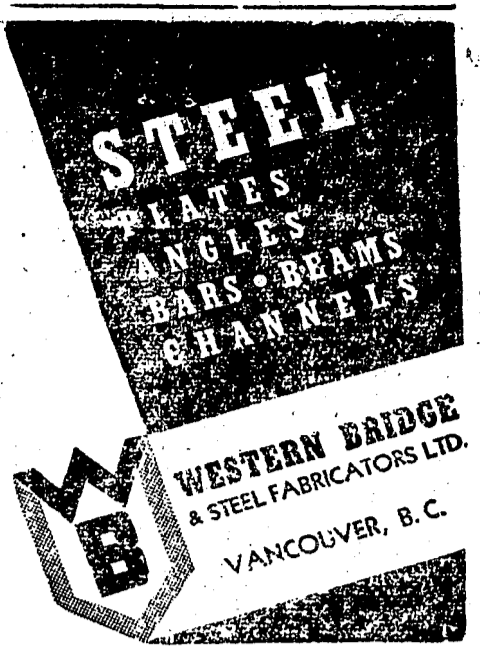

He said these were two schools of thought in teaching music. One was to pick a few and concentrate on their training—the other was to allow all who showed inclination for music to join the classes. He stated he follows the latter course. J. H. Dunsdon, president of the P-TA, added his thanks to those of Mrs. C. Adams to Mr. Tamblin for his talk and Reeve C. E. Bentley congratulated Mr. Tamblin on his splendid work with the high school band.

stone vs Eileen Miltimore, Margaret Harding.

Mr. and Mrs. K. B. Thompson vs Mr. and Mrs. Charles Bernhardt.  
Dr. and Mrs. Charles Strachan vs Mr. and Mrs. Ted Peers.  
Ben Trafford, Bill Snow vs Cecil Morgan, Ken Williams.

Carol Brice, the great Negro contralto, who sings in recital in the Penticton High School Auditorium on November 25, under the auspices of the South Okanagan Community Concerts Association, is often credited with restoring the alto voice to the glory it enjoyed in the days of Schumann-Heink, Matzenauer, and Louise Homer. Her most recent New York recital brought the audience to its feet in cheers as she took her final bows and the New York Times said that it had been the season's most distinguished recital.

### Dr. Anstey Speaks ...

### Remembrance Day Concluded Here With Banquet, Dance for Legion

A fitting conclusion to Remembrance Day was the special banquet and dance for Legion members and their families and for members of the Legion WA and their families held in the Youth Centre last night. Guest speaker for the evening was Dr. T. H. Anstey, superintendent of the Experimental Station who spoke on some of the reasons for war. The banquet was opened with a welcoming speech by Mrs. Annie Johnson and Dr. C. G. Woodbridge gave the grace.

Toastmasters' during the evening were H. Howis, with a toast to the Queen and D. Jack proposed a toast to the fond comrades who gave their lives that others might live with Ben Newton giving an appropriate reply by singing "In Flanders Fields".

The toast to the ladies was given by W. H. Durick, replied to by Mrs. W. Milne and Mrs. H. A. McCargar gave the toast to the men with E. E. Bates giving the reply. A beautiful bouquet of chrysanthemums was presented by Mrs. A. Johnson to Mrs. M. V. Dale during the evening, for her capability as honorary president of the Legion WA. Mrs. Johnson also presented Mrs. Anstey with a lovely corsage of roses.

Highlight of the evening came following a sing-song led by Ben Newton when Ravell the Hypnotist put on an entertaining and hilarious show for the members present.

A dance in the Legion hall to the toe-tapping music of Mrs. Anderson, Lionel Guidi, T. Bell and Freeman Reid wound up the evening.

## Will Form Joint Committee On Senior Citizens' Home

Plan of a senior citizen's residence in Summerland will be discussed at a meeting to be held on Tuesday, Nov. 23, at the home of Mrs. J. V. Towgood.

The meeting is being called by the Board of Trade and Women's Institute and represented will be Canadian Legion Branch, Women's Institute, Welfare Committee, Public Health as well as other organizations. It is slated for Nov. 30.

The Board of Trade and Women's Institute have from time to time given active consideration to some plan for establishment of a home here to accommodate senior citizens but none of the earlier discussions have led to any direct action. It is hoped that with the joint committee representing the district's leading organizations that a definite course of action will be developed which will lead to the construction or acquisition of suitable accommodation.

Several types of accommodation have been considered in the preliminary discussions but the one which seems to have found greatest favor is a plan which would provide separate living units with central dining and recreation facilities.

Decision to form the joint committee was reached last Thursday night at the Board of Trade monthly meeting which heard a review of the history and problems of Doukhobours from former resident C. E. (Mike) Clay, now school inspector at Grand Forks. Mr. Clay traced the history of the Doukhobours' immigration to Canada and outlined the philosophy of the Sons of Freedom sect which has made their presence in British Columbia one of the major social problems of the province.

The board recommended the installation of a flashing yellow traffic light at the corner of Grandville and Hastings Road to try and give a greater measure of traffic safety at that corner.

Plans were laid for the trade board Christmas activities and householder's light-up campaign will again be staged this year, under direction of a committee headed by Ken Boothe. The youngsters' Christmas treat will be held Christmas Eve with the committee in charge being headed by Robt. Barkwill.

Get-out-the-vote Campaign for the municipal election will be directed by the civic affairs committee under the chairmanship of Ken Boothe.

The board gave support to the resolution of the Kelowna-Transport Association that the main highway by-pass Pentlcton.

The meeting heard a report on the recent meeting in Hope of the Fraser Valley North Shore Road Association from Reeve C. E. Bentley.

### Blood Clinic

#### 250 Pints

In the Red Cross Mobile Blood Donor Clinic in Summerland on Tuesday, 250 pints of blood were donated by local residents.

This total did not exceed the objective of 300 pints, but the Kiwanis Club, sponsors of the clinic, are satisfied with the results and with the turnout and hope that the next time the clinic is in Summerland, the people will realize the value of their donations and respond more fully to the call for their help.

The Kiwanis committee made over 200 appointments through their telephone canvass, under the chairmanship of J. V. Towgood. The Red Cross committee was directed by E. E. Bates.

Through the volunteer assistance of many Summerland women, the blood donor clinic ran smoothly throughout its visit here. Mrs. R. G. Russel was chairman of the reception committee made up of Mrs. H. R. J. Richards, Mrs. W. Hack, Mrs. James Dunsdon and Mrs. R. Lawley.

Mrs. A. W. Vanderburgh and Mrs. I. H. Solly were in charge of the registration.

The auxiliary nursing was ably done by Mrs. William White, Mrs. Frank Doumont, Mrs. A. G. Bissett, Mrs. Russell White, Mrs. C. J. Bleasdale and Mrs. S. W. Feltham.

In charge of refreshments were Miss Marion Cartwright, Mrs. F. R. Stark, Mrs. C. F. M. Guernsey, Mrs. E. E. Bates, Mrs. J. Y. Towgood and Mrs. M. C. Whitaker.

Several members of the Girl Guides looked after the checking of coats. They were Anne Solly, Margaret Lott, Isabel Reinertson, Carol Cornish and Frances Atkinson.

## No Halloween Problem When You Trust Kids!

Related Halloween Story: High School Teacher Lacey Fisher was planning to be out all evening on Oct. 31 so he left an ample supply of "treats" on the porch with a large sign: HELP YOURSELVES, KIDS, BUT LEAVE SOME FOR THE NEXT GUY

He came home to find: Evidence of numerous visitations; Over a pound of candy left; Nothing about the house molested.

## Okanagan Rotarians Here For Bonspiel

Ten rinks were in play at the annual Rotary Bonspiel on Friday and a Vernon rink skipped by District Governor Dolph Brown went home with the trophy.

Clubs represented in the sniel were Vernon, Kamloops, Kelowna, Salmon Arm, Pentlcton and Summerland. It is the fourth time the bonspiel has been staged for Okanagan Rotary Clubs.

The guests were entertained at a luncheon held in the IOOF hall with members of the Hospital Auxiliary catering for the event.

## Shipments Halved

### Christmas Tree Shipments Hard Hit With Needles Affected by Infection

Christmas tree harvest in this district has suffered a severe setback this year through infestation by needle miner—a small insect which bores into the needle and causes it to turn yellow. While shipments out of Summerland last year have totalled 90,000 trees, this year estimates run to only 40,000 to 50,000.

Lone tree buyer operating here this year is Norman Holmes while in past years as many as five buyers have been working at this time of the year.

The infestation of needle miners is general through the Okanagan and other parts of the province as well. The damage caused by the insect affects the trees for only the one year and there is no residual effect. Forestry experts say the appearance of the insect is unpredictable but usually it does not reappear in great numbers in consecutive years.

The trees are being yarded at

The meeting is being called by the Board of Trade and represented will be Canadian Legion Branch, Women's Institute, Welfare Committee, Public Health as well as other organizations. It is slated for Nov. 30.

The Board of Trade and Women's Institute have from time to time given active consideration to some plan for establishment of a home here to accommodate senior citizens but none of the earlier discussions have led to any direct action. It is hoped that with the joint committee representing the district's leading organizations that a definite course of action will be developed which will lead to the construction or acquisition of suitable accommodation.

Several types of accommodation have been considered in the preliminary discussions but the one which seems to have found greatest favor is a plan which would provide separate living units with central dining and recreation facilities.

Decision to form the joint committee was reached last Thursday night at the Board of Trade monthly meeting which heard a review of the history and problems of Doukhobours from former resident C. E. (Mike) Clay, now school inspector at Grand Forks. Mr. Clay traced the history of the Doukhobours' immigration to Canada and outlined the philosophy of the Sons of Freedom sect which has made their presence in British Columbia one of the major social problems of the province.

The board recommended the installation of a flashing yellow traffic light at the corner of Grandville and Hastings Road to try and give a greater measure of traffic safety at that corner.

The board gave support to the resolution of the Kelowna-Transport Association that the main highway by-pass Pentlcton.

The meeting heard a report on the recent meeting in Hope of the Fraser Valley North Shore Road Association from Reeve C. E. Bentley.

## Canadian Observer At NATO Exercises

An interesting trip to Portsmouth, England, as Canadian observer at NATO combined sea and air exercise is described in a letter to his parents, Mr. and Mrs. Fred Croft, by Sqn.-Ldr. L. E. Croft, who is now stationed in Halifax.

Sqn.-Ldr. Croft was a member of the Canadian analysis team sent to assess the success of the exercise.

He reported a nice air trip to England with a brief stop at Goose Bay but found weather on the south coast of England rainy, windy and cold—and no fire in the quarters.

Before leaving Halifax, he had express instructions from his sons, aged five and seven, to be sure and see the queen and carried out the instructions to the letter when he saw Queen Elizabeth and Prince Phillip on the street during a visit to London.

## Nice To Have Holiday Once In A While

Mr. and Mrs. Mike Nolan arrived this week from Yukon to visit Mrs. Nolan's sister, Mrs. N. O. Solly.

In the Yukon, the Nolan's operate a hunting lodge and Mike spends his time guiding parties of big game hunters.

Mike's first act upon arrival in Summerland? Bought a license so he could go hunting.

## Envelopes On Trees Advertise Summerland

Advertising for Summerland will be read in at least 10 different places across Canada this winter, thanks to a publicity stunt by the Summerland Board of Trade.

Last Friday morning a delegation from the Board of Trade, consisting of Mr. and Mrs. Walter M. Wright, Mrs. A. W. Vanderburgh and Joe Biollo, visited the Christmas tree loading lot here and placed envelopes on 10 trees going to different parts of the country.

These envelopes contained two folders advertising Summerland and also a picture postcard of the business section of West Summerland, wishing whomever received the envelope a merry Christmas and asking them to let the Summerland Board of Trade know who got the tree and any other information they wished to give.

Queen Elizabeth and the Duke of Edinburgh, arrive at the Royal Festival Hall in London for a concert given by the Australian Musical Association and the New Zealand Musical Society. The event was of particular interest in view of the Royal Couple's forthcoming tour of Australia and New Zealand.

## Robert Strachan Speaks

### 'Financing by Subterfuge' Charge Against Government by CCF Member

"Financing by subterfuge" was the charge laid last night against the Social Credit administration by CCF legislative member, Robert Strachan of Cowichan who gave a report on the activities of the last session to a small group in the IOOF hall.

Mr. Strachan told the meeting that the present government while claiming to reduce the provincial debt by \$4 million has at the same time been borrowing in the name of public agencies and the money so borrowed will not show on the public balance sheet. He cited as example \$20 million borrowed by the B.C. Power Commission, \$20 million borrowed by the Toll Roads Commission and \$10 million borrowed by schools. These loans, he said, are all backed by the province and claimed the province is "probably \$20 million deeper in debt than when the present government took over."

The speaker also leveled charges of bad faith on the part of the government in the logging tax case and in the female equal pay act.

Speaking of the new tax on logging, he said that the measure was ineffective since it covered only the woods operations and since 60 percent of the logging industry is controlled by companies who have complete operations right through to the finished product, they can

## Nice To Have Holiday Once In A While

Mr. and Mrs. Mike Nolan arrived this week from Yukon to visit Mrs. Nolan's sister, Mrs. N. O. Solly.

In the Yukon, the Nolan's operate a hunting lodge and Mike spends his time guiding parties of big game hunters.

Mike's first act upon arrival in Summerland? Bought a license so he could go hunting.

## Hardtop Roads Exceed 16 Miles In Municipality

A total of 16.05 miles of hardtop was completed in the municipality this year through the council's road program, Councillor Francis Steuart, chairman of the roads committee, reported to the council at its recent session.

The Giant's Hoop Road is currently being widened and improved in many places and there is consideration of improving the Switchback road.

Councillor Steuart expressed hope that the incoming council would continue the present system of road improvements whereby four and a half miles of hardtop are constructed each year.

This year, the first in the program, the municipality exceeded its quota for hardtopping and council is satisfied with the road program results.

## Many Pros and Cons . . .

### Financing of Ice Arena Problem For Incoming Council To Solve; Likely Issue In Next Elections

A big problem for Summerland to solve is that of the local arena question. At present, as far as the council is concerned, the whole matter is at a standstill and the stand taken by the candidates in the forthcoming election will, no doubt, be anticipated with interest.

The rink was built in 1951 after a group of citizens formed the Rink Association under the Societies' Act; sold three percent bonds, accepted cash donations and secured volunteer help to erect the structure. At the time the association said there would be no municipal aid sought.

The curling club, which has its own artificial ice plant, operates independently, paying rent to the rink association for use of part of the arena building.

As last year there was a mild winter, there was no natural ice, so an agitation started for an ice-making plant and the rink association asked the council for a straight grant of \$28,000 towards this possibility. The reply was that it was impossible to give the grant since council would be giving a grant to a company, or its equivalent, which had interest paying bonds, to pay which, assessment would fall on all ratepayers.

Next, the rink association asked the council to buy the arena outright for the same sum, approximately \$28,000 and lease it back to the association at a nominal rent with the association getting the rent from the curling rink and making a deal with the bondholders to allow the bond money to be used for the installation of an ice-making plant. In the latter case, if the municipality bought the rink, it would have no legal obligation to the bondholders.

To do this, it would be necessary to put a by-law to the ratepayers. There was no council support of this when the issue first came up at council meeting and to find out public opinion, it was decided to draw up a referendum for December.

At the last meeting of the council, a delegate from the rink association asked the council not to put up the referendum as they feel it might not pass, and other means of raising the money is being attempted.

A tax, similar to the library tax, that is, a tax on each land owner rather than on the mill rate is the new scheme for raising money.

The minister of municipal affairs, B. C. Bracewell of Vancouver, was approached when several members of the Summerland council were at the UBCM meetings recently. The arena question was brought up although it had not been mentioned publicly previously.

Mr. Bracewell said, "Under the present municipal act, it is impossible. It would mean changing the whole system of taxation."

It is an explosive theory as it strikes at the basis of our taxation system because the small landowner is taxed the same as the larger one and if followed into its potentialities, could be used for schools, etc.

Premier W. A. C. Bennett, since

## Over 3 Million Boxes of Apples In Cold Storage

As of November first, 2,168,747 boxes of apples were in cold storage and 369,052 in common storage, according to the department of agriculture.

Of that number 2,007,371 boxes were in cold storage in the Okanagan and 356,346 in common storage, with approximately 192,866 in Vernon storage plants.

Approximately 301,855 boxes were in cold storage in the Oiyama, Woodside, Winfield and Okanagan Centre area, as well as 41,004 in common storage in that area.

Of the 100,283 boxes of pears in storage in the Okanagan, only 382 boxes were in Vernon. The largest number were in Kelowna-Westbank district, with 30,435 boxes.

Potatoes in storage in the Okanagan amounted to 189,742 bushels, with the largest number in Lytton and Chase, amounting to 81,166 bushels. The next highest tonnage was in Vernon, of 67,991 bushels.

There are 232,321 bushels of onions stored in the Okanagan, and the largest tonnage, or 122,989 bushels in Vernon.

**DOGS KILL CHICKENS**

At the recent meeting of the municipal council, a total of \$23.75 was authorized to be paid by the municipality to Percy E. Miller of Trout Creek for a number of chickens destroyed by dogs.

Most Canadian families spend more on cigarettes annually than they do on health services.

## A Huge Success . . .

### Friday The Thirteenth Proves Successful Date Of Family Night

A very enjoyable and hilarious evening was spent by the record crowd of five hundred adults and youngsters who attended the Youth Centre Jamboree on Friday evening, November 13, in the Youth Centre.

Undaunted by the superstitious date, the Youth Centre Association went ahead with plans and held the very successful Family Night, a unusual feature of Summerland social activities.

The various organizations which use the Youth Centre building for their meetings were asked to help in providing part of the program for the Family Night. Chairman of the program was F. E. Atkinson.

The committee provided games for all ages and the return from those, as well as the large turnout, were most gratifying.

Refreshments were apple cider provided by the Experimental Station and cake, supplied free to the kids and Teen Town donated sandwiches which, with coffee, was adult fare.

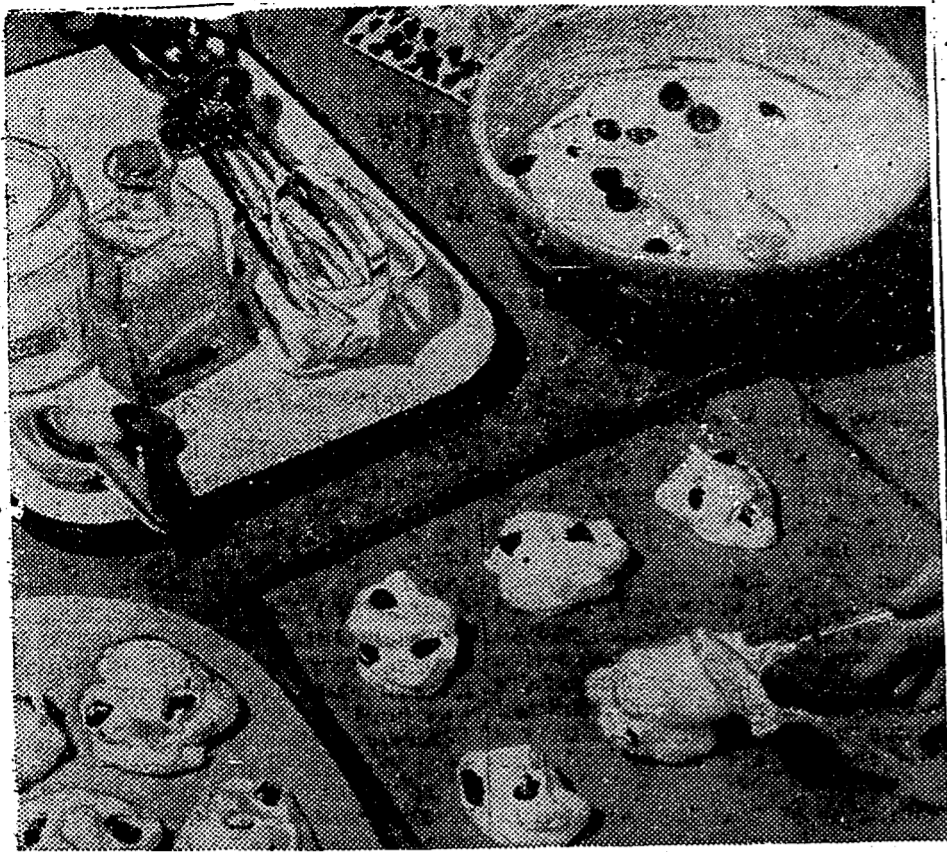

Once a year the public is invited to the Family Night entertainment that attention may be drawn to the valuable contributions that are being made by the youth organizations of the community and to show that those organizations are an asset to the community.

The debt on the Youth Centre building was reduced by over \$100 through the Family Night proceeds and as the committee is desirous of having this hall debt free in the very near future, the continued support of the Summerland public is asked for.

## For Honest Friendly Service . . . Plus Reliable Values

Not a cookie—not a candy—but a nice way to satisfy your "sweet tooth!" They are peppermint flavored meringues, filled with chocolate chips. Chocolate Peppermint Kisses—Two egg whites, ¼ tsp salt, ½ tsp. cream of tartar, ½ cup sugar, 1 package (1 cup) chocolate chips, ¼ tsp. peppermint extract.

Beat egg whites until foamy throughout; then add salt and cream of tartar and continue beating until eggs are stiff enough to hold up in peaks, but not dry. Add sugar, 2 tbsps. at a time, beating thoroughly after each addition. Fold in chocolate chips and peppermint. Drop from teaspoon on ungreased heavy paper. Bake in slow oven (300 degrees F.) 25 minutes, or until done. Remove from paper while slightly warm. Makes about 3 dozen kisses.

## The HI LIFE

By JILL SANBORN

Hello, everybody! Do you realize that there are only 23 more school days until the Christmas holidays? Hurray! Then all of us, including the hard-working teachers, will get a much-needed holiday.

Last Friday Mabel McNab, Marie Gronlund and Ron Lawley travelled to Vernon as SHS's representatives to the Students' Council conference in that city. All reports from the three say that they had a wonderful time and brought back many new ideas to our high school. The very interesting and entertaining program of the conference included a banquet and dance and also an exciting basketball game between Oliver and Vernon.

There is still no news on the magazine subscription sales. However, grade 12-B is still ahead in the aggregate sales.

The grade 10, 11 and 12 classes were treated to a wonderful production of Macbeth yesterday afternoon. The play, produced by the Lancaster Players of Vancouver, was presented in the high school auditorium in Penticton at 2:15 p.m., so we all received an hour's holiday from school as well as the enjoyment of seeing a very worthwhile play.

SHS teams played the second game of the basketball season in Osoyoos on November 14. The junior boys emerged victorious with a score of 24-20 but our other teams were not so lucky. Although they fought hard they were unable to beat the tough Osoyoos hoopsters.

Big plans are in the making for the monster Christmas banquet and dance which will be held on December 18. Music will be by the "Play-

boys" and it is rumored there is to be a most entertaining program. Let's all turn out and make this dance a success and show your school spirit, kids and support good old SHS.

Tomorrow the first edition of the 1953-54 Campus Chaff will go on sale. Here's hoping the sales will top any previous year. From all reports heard from the busy publication room, this year's school paper will be the best ever so buy yours early to be sure of receiving a copy. Let's put the Campus Chaff sales to the test.

That's about all for now but I'll see you all next week.

Increase Accepted

## Annual SOK Ruri-Decanal Meeting Held in St. Stephen's Church

The annual Ruri-Decanal meeting for the parishes of the South Okanagan was held in the St. Stephen's Parish Hall on November 4, the Reverend Canon Harrison, rural dean, presiding. Present at the meeting were the Venerable Archdeacon D. S. Catchpole and the Rev. R. W. S. Brown, of Kelowna, the Rev. J. E. W. Snowdon, of Oliver.

The parishes were represented by two church wardens from Oyam parish, two church wardens from Kelowna, one from Peachland and the treasurer of the Summerland parish.

The meeting accepted a general increase of twelve and a half percent on the block assessment for 1954, the total amount to be raised in the deanery being \$4,096.

Sunday school over the air was discussed and it was decided to await the outcome of the broadcast from Vernon before taking action over CKOV or CKOK.

The report on the Anglican

Camp at Wilson's Landing was very encouraging, both from attendance and finance.

The Ascension Day service of Witness will be held in Oliver in 1954.

Archdeacon Catchpole gave reports on the Diocesan executive meeting, the meetings of the general synod boards, fire insurance etc. The meeting dealt with general routine business.

Tea was served by Mrs. F. V. Harrison before the departure of the delegates.

## The Summerland Review

THURSDAY, NOVEMBER 19, 1953

### Cub Calls

Thanks, boys, for the good turnout on Family Night. Also thanks to the parents for the candy supplied.

Long pants will be worn from now on. Remember Akela's new phone number, 4011.

Next meeting Monday, November 23, at 6:30 p.m. sharp. Duty six: Red Six—Akela.

### APPLICATIONS PASSED

Domestic water applications for J. D. Wood, K. M. Kita and W. M. McLean were passed at the regular meeting of the municipal council held on November 9. Applications were also passed for the following: Roman Catholic Bishop of Nelson, range; Ivar Nilson, electric light; Mrs. H. M. Allison, range and P. G. Agur, light, range and space heater.

When the thermometer dips, will your car be equipped to "take it"? ...Not unless it's been prepared for winter driving by qualified technicians who know what your car needs to make it give top cold weather driving performance.

# DURNIN MOTORS

YOUR SHELL DEALER

You're "sitting pretty" behind the wheel

Take this Bel Air model. Rich-looking upholstery and appointments—roomy, comfortable seats with foam rubber cushions. Just turn the ignition key to start the engine and you're ready to go.

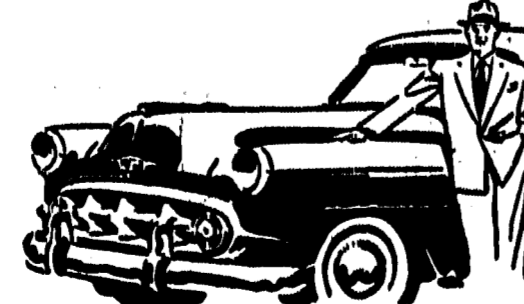

You get more power on less gas

Here's all the power and performance you could ever ask for. In Powerglide\* models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gearshift models offer you the new 108-h.p. "Thrift-King" engine.

You can see all around

You see all the road ahead and see it close in. For you look out and down through a wide, curved, one-piece windshield that sweeps back to narrow corner posts. The panoramic rear window and big windows provide a clear view in all directions.

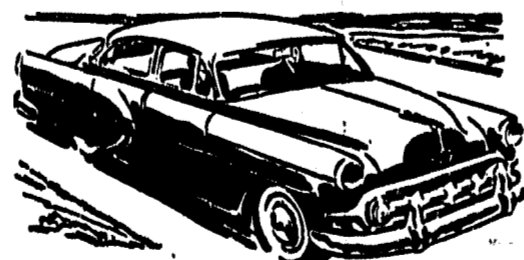

And it's the lowest-priced line

Chevrolet offers you about everything you could want. So what's the point in paying more? You can be ahead in every way with a new Chevrolet!

\*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

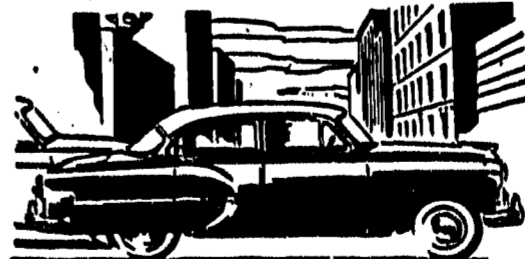

I figured on paying about \$200 more for a new car... until a *Discovery Drive* showed me all that Chevrolet offers

I was ahead in every way after this demonstration!

A Smoother and a Safer Ride

Chevrolet has ample weight to give a good, road-hugging ride. It's weight that comes from Chevrolet's extra strength, weight that means extra protection and safety because it's been utilized in strengthening body and frame.

You get greater getaway with the new Powerglide\*

A lot finer performance on a lot less gas. Now you're automatically in "low" range for standing starts and for quick passing in city traffic. Then, automatically, again, you slip smoothly into "cruising" range as you pick up speed.

Even Power Steering, if you want it

Just like the highest-priced cars, Chevrolet offers you the amazing convenience of Power Steering on all models. You ought to try Power Steering to see how easy driving can be. It's optional, of course, at extra cost.

A GENERAL MOTORS VALUE

## TEEN TOWN

Last Friday night, November 13, the Youth Centre Association sponsored a family night at the Youth Centre in which Teen Town took part by running an auction sale. Some of the Teen Town members received donations for this sale from merchants of Summerland.

On November 28 the Youth Centre will be the scene of a huge Hawaiian dance with palm trees, moonlight and everything that goes with romantic Hawaii.

This dance is bound to be a great success if we all give it our support. So come on out and let's have a lot of fun.

Decorating for this dance will take place on Friday, November 27, right after school. Let's have a good turnout to help with this job. Further information on the dance will be given in the Teen Town news next week. Anyone wanting to help make posters please get in touch with Marilyn Wade.

Plans for the dance were made at the council meeting Tuesday evening at the home of Mayor Yvonne Polesello.

Be seeing everyone at the dance.

## Ranger News

The November 12 Ranger meeting was mainly devoted to practicing the play for Friday night. During the business part of the meeting we decided to hold a poster contest after Christmas.

Carol Cornish will be a Paokie in the Second Brownie pack.

We will work on shifts to help with the blood donors clinic.

The Rangers will look after the dart boards on Friday night at the Youth Centre.

Some of the girls will do posters for the New Year's dance sponsored by the Youth Centre Association.

Next meeting we will have enrollment tests for those who have been Rangers for three months.

Frances Atkinson and Carole Allison will go to the Mountain View Home on Saturday.

We spent the rest of our time on the skit for Family Night.

**Outstanding Colored Quintet to Sing Here In YC Concert Friday**

An opportunity to hear an outstanding colored quintet will be given residents of Summerland when the Eureka Jubilee Singers of Chicago give a concert in the high school auditorium tomorrow evening sponsored by Youth for Christ.

The Eureka Jubilee Singers, organized by Esther R. Gaskin-Williams, a graduate of the American Conservatory of Music, form an extraordinary combination of voices, presenting rare harmonies, well-selected songs and unusual excellence in assembly singing. Their repertoire is extensive, including all the best in Negro music.

This fine group of artists has travelled widely throughout Canada and the United States, appearing in schools, colleges, universities, army camps, hospitals for returned veterans and in leading cities for Youth for Christ.

After hearing this group J. B. McLaughlin, Commissioner of Agriculture in Charleston, W.Va., said, "My appreciation for the depths stirred within me by the beautiful singing of the Eureka Jubilee Singers on West Virginia Day at the World's Fair cannot be expressed by adjectives. I can only say, 'Hear Them!'"

The high school students will have an opportunity to hear this group of singers on Friday during the noon-hour period in the auditorium by special arrangement of the Inter-Schools Christian Fellowship Association.

It is expected that the opening rally, at which the general public will be welcomed, will see the auditorium packed to capacity.

**HOME AGAIN**

Holidaying at the home of Mr. and Mrs. N. O. Solly are Mrs. Solly's mother, Mrs. E. Catteridge of Dewdney and Mrs. Solly's brother-in-law and sister, Mr. and Mrs. M. V. Nolan of Whitehorse, Yukon.

Guest on Wednesday at the home of Mr. and Mrs. David Turnbull was Bertha Vogel of Vancouver.

**Keen Sportsmen Vie For Prizes at Shoot On Remembrance Day**

Keen sportsmen from Lumby, Vernon, Kelowna, New Westminster as well as local sportsmen were present at the very successful shoot held on Remembrance Day by the Summerland Trap Club.

A number of spectators were present to see the skill of the marksmen as 25 turkeys and 25 hams were carried off by the best shots.

Wives of members served hot dogs, sandwiches and coffee during the afternoon to anyone wanting refreshments.

President of the club is K. Blagborne and C. H. Elsey is secretary.

**Bride Lovely in White**

**Church of the Holy Child Is Setting For Logie-Metters Nuptial Vows**

In the Church of the Holy Child, in an early evening setting of golden mums, Esther Mildred Metters, daughter of Mr. and Mrs. R. C. Metters, was given in marriage by her father to James Hector Logie, son of Mr. and Mrs. G. E. (Ted) Logie. Father A. M. Meulenburgh performed the ceremony on Saturday at 7 p.m.

Attired in a lovely white wedding gown of billowy net over satin, the young dark-haired bride made a pretty picture. Her long, flowing veil was also of net, held in place by a sweetheart headpiece. She wore long gloves and carried a bouquet of pink and white carnations.

Miss Arlene Raincock was bridesmaid and wore a frock of pink with a full skirt and matching bolero. In her hair was a wreath of posies, en tone with her beautiful bouquet.

Bestman was W. Vanderburgh of Brookmere and ushers were Gerald Washington of Summerland and Mel Munro of Seattle, Washington.

Pink and white streamers and wedding bells formed the decorations in the Japanese hall where the reception was held and a beautifully decorated three-tiered wedding cake centered the bride's table. Mrs. E. H. Hannah and Mrs. Earl Smith poured tea and coffee and girl friends of the bride served refreshments.

Many telegrams of congratulations were received, including one from the groom's brother, John L. Logie in Ketchikan, Alaska.

For travelling to Vancouver, the bride changed to a smart grey costume having matched veskit and topcoat. Her accessories were black and she wore a corsage from her bridal bouquet.

Upon their return, the young couple will make their home in Penticton.

**Noted Contralto in Concert Series**

**CAROL BRICE**

The prima donna contralto reigns again with this fabulous artist who was born in Indianapolis, daughter of a Congregational minister and a schoolteacher mother. Lead by Serge Koussevitzky, who engaged her ten times to sing with the Boston Symphony, thereby establishing her reputation, the music leaders of America joined in hailing a phenomenal new talent.

In the years that have passed Miss Brice has become one of the top vocalists in the western world both in recitals and as soloist with orchestras. Her searching musicianship has revived much beautiful music, forgotten in recent years, and also caused much exciting new material to be written.

To Carol Brice, as to those great contraltos before her, including also such memorable artists as Sigrd Onegin and Sophie Braslau, go the coveted assignments at American music festivals where personal dignity is also considered one of the basic elements in public performances.

An important feature of a Carol Brice recital is the presence of her brother, Jonathan Brice, at the piano as her accompanist. Jonathan Brice is considered to be one of the best accompanists in the concert field and brings high artistry to this unique family combination.

Members of the South Okanagan Community Concerts Association who heard the thrilling performance by the Longines Symphonette last month will not want to miss this next concert by the truly great artist Carol Brice.

**Lakeside UC Has Visit Campaign**

Climaxing over a month of preparation by study, prayer and fellowship together, an augmented committee of Stewards of Lakeside United Church completed a Visitation Campaign on Sunday, November 15.

The campaign, in which over one hundred homes were visited on two Sunday afternoons, was aimed at renewing the ties of those connected with the congregation and welcoming newer residents into the life of the local church.

A secondary aim was the effort to underwrite as large a portion as possible of next year's budget through pledges for payment in 1954. Both of these aims were well achieved.

A most cordial welcome was given to all visitors and a lively interest shown in the work and welfare of the congregation. A sum of close to \$1,600 was pledged in total towards 1954.

Those taking part included the teams of V. Charles and Miss M. Scott; H. Pohlman and Mrs. J. W. Raincock; A. D. Glen and Mrs. C. D. Orr; James Brown and Mrs. E. R. Butler; Mr. and Mrs. Walter Bleasdale and G. Wittie and Mrs. W. Greer.

It is expected that this shall become an annual fall effort of Lakeside United Church.

The December meeting of the WA will take the form of a Christmas party, the members decided. Delicious refreshments were served at the close of the meeting by the November hostesses, Mrs. E. Skinner, Mrs. K. Steuart, and Mrs. N. O. Solly.

Foreign travel expenditures in Canada in 1952 amounted to an estimated \$275,000,000 against an all-time peak of \$336,000,000 spent by Canadian travellers in other countries.

**FACTS & FIGURES**

1  
= 1  
= 2

**FACTS**  
Dracon—a chemical composition made from—Ethylene Glycol and Therephthalic acid.  
Plus Qualities—Drapes and tailors' exceptionally well, wrinkle resistant, completely washable. Resists mildew, moths, etc. Fabric warm to touch and has good insulating qualities.  
Minus Quality—Must be ironed at low temperature.

**DID YOU KNOW?**  
Rubbing can chafe a fabric or damage color. Sponge only with proper cleaning agent.

**FIGURES**  
Mister Small, 5'3" to 5'8" about 130 lbs. Wear heavier looking fabrics—check, diagonals, overall patterns, 2 button, notch lapel jackets best. Wear light shades whenever possible.

Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B.C., or the District Forester, Kamloops, B.C.

B of M Folder Helpful To Fruit Growers

Many growers planning orchard improvements are held back by a lack of ready cash. For such men, the Bank of Montreal has an interesting booklet dealing with Farm Improvement Loans. It explains what they are, how they can help growers make more money, and how to go about getting a loan. The booklet emphasizes the extreme low cost and convenience of Farm Improvement Loans. The charge is five percent, simple interest, repayable in instalments matched to seasonal-income peaks. It includes a list of the purposes for which these loans are available, such as payment for new or used implements and equipment; livestock; electrical or drainage installation; and additions or improvements to farm buildings.

If you have farm improvements to make and need a loan to complete your plans, call in at the B of M's West Summerland branch for a copy of the bank's booklet. It's yours for the asking. At the same time, have a chat with Ivor Solly, the manager. Mr. Solly is experienced in this type of financing, and you can count on him to help in every way possible. Why not drop into the B of M next time you're in town?

### Coming Events—

SUMMERLAND HORTICULTURAL Society will meet in the Parish hall tomorrow at 8 p.m. Mr. S. Cannings will show colored slides of local plant life and Mrs. Alex Inch. will demonstrate table decorations. 46-1-c

PLAN TO ATTEND THE CWL whist party on Thursday, Nov. 19 at 8 p.m. in the Catholic Church hall. Admission 50c. Refreshments will be served. 46-1-c

CORPORATION OF SUMMERLAND public notice. A meeting of the Ratepayers of the municipality will be held in the high school auditorium, West Summerland, on Saturday, November 28, 1953 at 2:30 p.m. for the consideration of municipal and school matters. 46-1-c

ST. ANDREW'S SERVICE CLUB will hold its annual bazaar and afternoon tea on Saturday, Nov. 21, in the church hall beginning at 2:30 p.m. 46-1-c

ON NEW YEAR'S EVE DANCE to the music of the Esquires Orchestra at the Youth Centre. 43-aw-c

Mrs. Piers to Start Cafeteria Operations

Mrs. Ted Piers has been engaged to manage the school cafeteria for the winter season and it is planned to start operations on November 23.

Hot chocolate and soup will be served on alternate days with separate sittings for the pupils of the MacDonald School and the High School. The Elementary pupils will enter the cafeteria at 11:45 and will vacate by 12:15 when the High School is dismissed.

Pupils will assist with the food serving and washing up as has been done in the past.

### ACCOUNT REPORT GIVEN

MAKING THE BEST OF Living

One of the 38,000 Sun Life of Canada annuitants receiving his regular income cheque. In many instances this lifetime income was provided by regular small payments during the annuitant's best earning years. Others, at older ages, used a lump sum from savings or capital to guard against advancing years. Independence in old age can be made certain with a Sun Life Pension policy.

PLANNED LIFE INSURANCE BRINGS PEACE OF MIND

Without obligation, let me tell you how the facilities of the SUN LIFE ASSURANCE COMPANY OF CANADA can best meet your particular needs in a way that will fit your pocketbook.

## Cub Calls

### BROWNIE CHATTER

Brown Owl is back again with the second Summerland pack and everything is going very well. We now have two packies, Ilene Wilcox and a new packie, Carol Cornish.

Our new Tweenies, eight in all, are almost all ready to be enrolled and will become real Brownies on December 11 which is also the date of our Christmas party. We are looking forward to as many parents as possible attending that day as we also have several badges and service stars to present.

Congratulations Pat Kennedy and Sheila Allan, who passed their Golden Hand test on November 14. Our next Golden Hand test will be sometime in February and we have quite a few Brownies working towards that goal.—Brown Owl.

**1st Summerland Pack**  
The boys are working hard for stars, etc. for our Christmas party. The first practice for our carol singing went very well. Let's see a full turn out next week for practice. Next Monday is the very last day to collect our All-Sweet carton ends. Let's ask all the neighbors, too. Next meeting Nov. 30, at 6:30 p.m. sharp. Duty six—Green Six.—Akela.

#### APPLICATIONS PASSED

At the meeting on Tuesday of the municipal council, the following applications were passed: G. H. Doherty, trailer connection; Canadian Pacific Railway; C. E. Bolton, range; K. M. Kita, light, range and water heater; Adam Stein and A. B. Caldwell, water heater; L. Allyn, range; Mrs. D. I. Gilman and E. H. Bennett, sprinkler irrigation and A. W. Watt, extra irrigation water.

## The HI LIFE

By JILL SANBORN

Big news this week around SHS is the Campus Chaff. Sales went way over the top and everyone is just simply raving about this wonderful little publication. I would like to congratulate the editors and staff of the paper for a job well done.

On the other side of the picture is the Lancaster's Players' production of Shakespeare's "Macbeth". This proved to be a great disappointment as far as the students of SHS were concerned for they were looking forward to the same type of competent performance which made "Hamlet" such a success. The cast was comprised of some of British Columbia's top actors and actresses and although their individual performances were quite acceptable, the play itself was very hard to follow, probably due to the fact that some of the most important and most impressive scenes were omitted.

There were no basketball games

this week so SHS teams are having a good chance to get in some extra practices before their next battle which will be against Princeton. Good luck, teams!

Last Thursday, Lieutenant Turner of the Royal Canadian Navy gave a very interesting and informative talk of the work of the RCN. He then showed us some films about the navy in Korea and also about navy recruiting.

An assembly was held last Friday afternoon. Following the usual reports, an interesting discussion was held on the name and points for high school curling. No new name was decided upon and any suggestions should be given to Allan Cornish.

Reports on the students' council conference were given by Marie Gronlund, Mabel McNab and Ron Lawley.

That's "30" for this week, kids, so everybody have a good weekend and I'll be back in the next edition.

### Record Deposits . . .

## Bank Annual Business Statement Shows Business at All-Time High

Striking confirmation of the rapid pace of Canada's extraordinary development is found in the Bank of Montreal's annual report to its shareholders and its two million customers. The 136th annual financial statement of the country's senior chartered bank shows all-time peaks in the most important departments, with total resources running a record figure of \$2,364,000,000.

A most notable indication of the nature and pace of business activity during the past year is provided by the fact that the B of M's total loans have increased by \$145,682,000 and stand at the impressive total of \$857,762,561.

These loans are made "to Canadians of every calling—farmers, miners, fishermen, oil men, lumbermen, ranchers—to industrial and business enterprises and to provincial and municipal governments," according to the report just issued by the local manager, Ivor Solly.

His report underlines the fact that the extent of the bank's participation in financing the business and personal needs of its customers is made possible by the record amount of funds which B of M depositors have placed with its branches from coast to coast. Increased over the year by \$79 million, the bank's total deposits run to \$2,226,960,000—the highest figure in the bank's long history. Well over half this money is made up of the savings of private citizens in all walks of life.

#### Strong Position Maintained

Notwithstanding the greatly increased amount of money which the B of M is lending to its customers, the traditionally strong liquid position of the institution has been maintained, with quickly available resources at \$1,513,000,000 equal to 68.75 percent of all its liabilities to the public. Of these "quick assets" the most important in size are the bank's holdings of government bonds and other investments amounting in all to nearly a billion dollars.

Earnings and taxes both showed increase for the bank's year which closed on October 31. After allowing for a tax-bill of \$6,650,000—up from \$5,918,000 in 1952—the B of M reported earnings from the operation of its 600 branches of \$7,042,676. Of this amount \$5,040,000 is being paid to shareholders. This represents a return of 5.21 percent on their investment, compared with 5.01 percent last year. The bank's

rest account was further strengthened and now stands at \$60,000,000.

## TEEN TOWN

Teen Town is holding a big Hawaiian dance this Saturday night, November 28 in the Youth Centre at 9 o'clock. Admission 25¢ for members and 50¢ for non-members. Good refreshments will be sold, and you'll all enjoy the big floor show that is being lined up for extra entertainment. Music by the Play Boys and a swell door prize will be given to the teen-ager holding the lucky ticket.

Every body is bound to have loads of fun dancing among the swaying palm trees, with soft music and lots of moonlight. Just everything imaginable that comes from that romantic island of Hawaii.

Let's keep up the good spirit kids and turn out to decorate Saturday.

If we get all the enthusiasm from the teen-agers that went into the last dance, we guarantee it a big success.

We'll be seeing you all there.

## Guide News

At the regular meeting Mrs. B. Blagborne took charge as Captain Inch was out of town.

Inspection was taken, then the patrols had time to fix their corners on Manitoba, the Pansy patrol winning.

A balancing game was played, followed by instruction for Tenderfoot Guides and learning new songs for the second class.

We then played a training game, which was a review of Tenderfoot laws and knots.  
The meeting closed with Campfire Songs. — Forget-Me-Not.

This is the way I see it...

This past year saw Canada take another big stride forward. The rapid development of our natural resources and the continuing high level of business activity in 1953 are bringing benefits to Canadians everywhere.

Without adequate financial resources such progress would be impossible. That's why it is my pleasure to report to you that never before have your savings contributed so vitally to Canada's welfare as they have this past year.

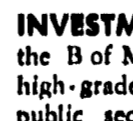

This year—as always—the B of M, through its 600 branches, kept your money hard at work with Canadian enterprise of every description and size. The following are some of the important highlights:

**DEPOSITS:** At the end of the Bank's year, October 31st, 1953, two million Canadians had \$2,226,960,333 in deposits with the B of M. Although much of this money belongs to institutions and business firms, well over half of these deposits represent the savings of everyday Canadians—savings that, day by day, are working for you . . . and for Canada.

**LOANS:** Your bank is playing an important role in our expanding economy by means of loans to Canadians of every calling—farmers, miners, fishermen, oil men, lumbermen, ranchers—to industrial and business enterprises and to Provincial and Municipal Governments. As of October 31st, B of M loans totaled \$857,762,561—the highest figure in the history of the Bank. In a thousand ways, these dollars played their part in maintaining full employment and in sustaining—or bettering—our standard of living.

**INVESTMENTS:** At the close of the year the B of M had \$864,057,948 invested in high-grade government bonds and other public securities which have a ready market. This money is helping to finance government projects for the betterment of the country and the welfare of Canadians at large. Other securities held by the Bank—mainly short-term credits to industry—bring total investments to \$982,490,826.

The B of M has been working with Canadians in every walk of life for 136 years. Each year proves afresh to my bank the great importance of every savings account. Every dollar you deposit works long and steadily not only for your own future, but also for the future of the country as a whole.

Ivor Solly

IVOR SOLLY, MANAGER,  
WEST SUMMERLAND BRANCH, BANK OF MONTREAL

**Women's Federation Holds Panel Discussion on World Missions**

A panel discussion on "World Missions", taken from the study book led by Mrs. M. T. Laidlaw at the regular meeting of St. Andrew's Women's Federation held in the church hall on November 19.

Those taking part in the interesting and enlightening discussion were Mrs. A. McLachlan, Miss Mary Scott, Mrs. Roy F. Angus, Mrs. S. A. MacDonald and Miss Ada Cochran.

The president, Mrs. R. S. Chapman, conducted the devotional period which the theme was Household of Faith and Mrs. J. W. Clark led in prayer.

Reports were heard from various committees. Mrs. T. A. Walden, the Federation delegates to the WA fall rally held in Kamloops, gave a most interesting account of the meeting and brought back several copies of their theme song which was rendered by four members of the local service club, Mrs. M. Milley, Mrs. George Washington, Mrs. Ken Boothe and Mrs. J. Dunsdon. Mrs. Washington concluded the entertainment with the WA prayer.

Mrs. Walden also announced she had extended an invitation to the WA presbytery to convene in Summerland for the spring meeting.

A suggestion was given by Mrs. T. W. Boothe that the Federation make a shower of large tea towels and dusters for the Christian Leadership Training School in Naramata as that was one request made by the school. Each member was instructed to bring her donations to the December meeting of the association.

At the close of the meeting, tea was served by Mrs. H. B. Mair, Mrs. T. W. Boothe and Mrs. Isabella Mowatt.

**Fern Turigan Plans Wedding Ceremony For Early December**

A December wedding is being planned by Fern Doreen Turigan, daughter of Mr. and Mrs. Andrew Turigan, West Summerland, whose engagement to Leslie Edward Smith, son of the late Mr. and Mrs. R. Smith of Calgary, Alberta, is announced this week.

Miss Turigan and Mr. Smith will wed in St. Stephen's Anglican Church in West Summerland, on December 14, Canon F. V. Harrison officiating.

**Pleasant Evening Had At CWL Whist Party**

Prize winners at the Catholic Women's League whist party in the parish hall of the Church of the Holy Child on Thursday evening were, high for men and women, Mr. and Mrs. W. Schwab.

Consolation prizes were won by Mrs. A. Menu and Mr. Sakel, low scorers.

Rounding off a pleasant evening, delicious refreshments were served by members of the CWL.

**NEW ARRIVALS**

An infant daughter was born to Mr. and Mrs. Don Turnbull on November 22 in the Summerland General Hospital.

**VISITING HERE**

Mrs. J. T. King of Enderby has been a visitor at the home of Mr. and Mrs. A. D. Glen for the past two weeks.

**Special Notice  
Legion Meeting**

Monthly Meeting of  
Summerland Branch  
No. 22 Canadian  
Legion, B.E.S.L.

will be held  
**WED., DEC. 2**  
**at 8 p.m.**

**AT THE LEGION HALL**

Nominations will be received for officers for the ensuing year.

**Horticultural Society Members Report on Meetings of The Year**

At the November meeting of the Summerland Horticultural Society, held on November 20 in the Parish Hall, many reports were made by members of various meetings they attended during the season. The president, Clive Atkinson, occupied the chair.

A meeting of the Central Okanagan Valley Horticultural Society at Kelowna was held on November 16 and was attended by E. H. Bennett who gave a very enlightening and thorough report to the local members.

Nat May was a representative last Wednesday for the Horticultural Society when he attended a meeting of the local School Board on the school grounds to discuss plans for the planting trees most suitable to various locations on these grounds. Low growing evergreens were favored for corners on roadways with dwarf Norway spruce between.

During the summer, two delegates from Ottawa visited in the Okanagan Valley on a botanical survey as part of a five-year Canadian Program and Steve Cannings of the Experimental Station staff accompanied them throughout their valley trip.

Working in co-operation with these delegates, Mr. Cannings photographed many wild flowers and trees in their natural habitat from low-lying areas to mountain tops. These beautiful slides in natural coloring were shown to the members by Mr. Cannings along with a most interesting running commentary.

He also pointed out that this botanical survey has already proved beneficial to agriculture as they have found that certain wild plants transfer diseases and pests to cultivated crops, such as rust to prairie grain.

In extending a very hearty vote of thanks to Mr. Cannings, A. J. Mann declared that every picture was of great artistic ability. A book, entitled Trees, Shrubs and Flowers to Know in B.C. by C. P. Lyons, was recommended by Mr. Cannings to any member who wished to own a helpful and complete book on the study of B.C. plants.

As Mrs. Alex Inch was unable to attend the meeting, Mrs. Gordon Ritchie substituted for the planned table decoration demonstration with an extremely interesting talk on floral arrangements.

Mrs. Ritchie gave the basic principles of a well-balanced floral arrangement and also showed how there is a relationship between design, flower container and location and said that if a few principles such as spear and round form and color were kept in mind when arranging any type of flowers the resulting bouquet would be eye-catching and not an eyesore.

Mrs. Ritchie then showed some semi-dwarf arrangements that Mrs. Inch had made up and explained that they were the type that is appreciated by bed patients and would be distributed at the local hospital on Saturday.

The president expressed thanks to Mrs. Ritchie on behalf of the members for so ably taking over for Mrs. Inch and for so many helpful hints.

It was decided that the December meeting of the Society will feature Christmas decorations, special announcements concerning this meeting to be announced later.

At the close of the meeting, delicious refreshments were served by Mrs. Don Tait and her November committee.

**Afternoon Branch Tea Is Financial Success**

Financially, the tea and bazaar sponsored by St. Stephen's Afternoon Branch of the Women's Auxiliary, was a great success, the members of the branch report.

The tea tables, tastefully decorated with dainty vases of bronze and yellow mums, were continually filled during the afternoon and the various stalls were well patronized.

Canon F. V. Harrison officially opened the tea at 2:30 p.m. and Mrs. Harrison, president of the afternoon branch, welcomed the many guests.

Tea was poured by Mrs. H. A. Solly and Mrs. Clara Mueller, Mrs. W. E. White, Mrs. E. Hack, Mrs. Barr and Mrs. W. J. Harris were serviteurs and also, assisted in the kitchen.

Convenors of the booths were Mrs. A. L. Blanchet, Mrs. A. F. Calder and Mrs. O. Eaton, home cooking; Mrs. Roy Wilburn and Miss Marion Cartwright, variety; Mrs. E. A. Nicholson and Mrs. Clark, aprons, and Mrs. William Beattie, Mrs. Chadburn and Mrs. Haddrell, needlework.

**VISITING ABROAD**

Mr. and Mrs. Alphonse Menu left yesterday for California where they will attend the funeral of their son, Charles Menu, who was recently killed in a motor accident.

**G. Woitte, F. Brind Top Cribbage Players**

George Woitte and F. Brind were the top scorers at the cribbage party held by the Ladies' Auxiliary to the Canadian Legion last Wednesday evening.

At the opposite end of the scoring were Mrs. Ann Johnson and H. Thornthwaite who received consolation prizes.

Delicious refreshments were served to the eight tables of players under the direction of Mrs. H. A. McCargar.

**Legion Changes Date For Regular Meeting**

Date for the regular meeting of the Summerland Branch, Canadian Legion, has been set for Wednesday, Dec. 2, at 8 o'clock in the Legion Hall.

Although meetings are usually held on the second Wednesday of each month, the date of the December meeting was changed to avoid conflict with other local activities.

Meeting next Wednesday will hear nominations for the annual election of officers.

**Meet Monday Night To Discuss Home**

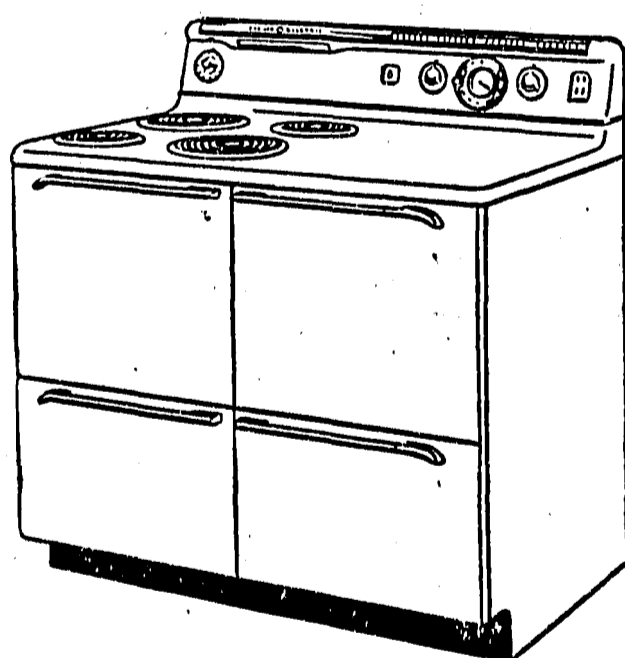

Meeting of representatives of various local organizations to discuss the proposed housing project for senior citizens will be held Monday night at 8 o'clock in the office of Walter M. Wright.

The subject has been under discussion here for a considerable time and in recent months was renewed by the Women's Institute and then by the Board of Trade. The meeting Monday night is being sponsored by the Board of Trade.

## Reeve Honored At Vernon Meet

Reeve C. E. Bentley was honored Tuesday at the meeting of the Valley Municipal Association in Vernon when he was recipient of a bouquet of flowers presented by

Alderman Ley on behalf of the City of Vernon in appreciation of the service the Summerland reeve has performed in the association.

Warm tribute was paid to Reeve Bentley for his work and regret was expressed that he was retiring from municipal affairs and would no longer be a part of the association.

Accompanying the reeve to the meeting was Municipal Clerk Gordon Smith and also on the trip was Assessor Joe Sheeley who was attending an assessors' meeting held also on Tuesday.

One item under discussion at the municipal association meeting was the new assessment for school taxes but it was felt thorough study of the matter would have to wait until directives are received from the provincial government.

Next meeting will be the annual session and will be held in Kamloops in the spring.

Every year more and more  
*Canadians*  
enjoy sunny winter vacations in  
*Long Beach*  
CALIFORNIA

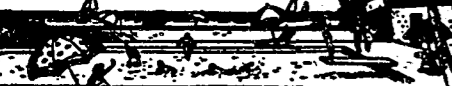

Join your Canadian friends in Long Beach this winter. Enjoy warm, pleasant days and fun-filled nights. Stay at friendly Venetian Square, 2 blocks of modern hotel apartments and comfortably furnished bungalows—on the ocean front.

Sunlaze beside our big fresh water swimming pool or lounge in the comfortable shady patios. Stroll along miles of sunny beach or enjoy fishing, boating, golf and other sports.

Wonderful food at moderate prices in our own modern coffee shop.

Special winter season entertainment nightly in the colorful Lanai.

Winter rates from \$20 per week for 2 to 4 persons. Write today for reservations and free illustrated folder.

## Cycles Impounded By Local RCMP

"Will have to start getting tough with the youngsters and charge a few of them," said Constable Ted Piers in speaking of the danger of children and adults riding bicycles at night without lights.

Three bicycles were impounded during the past two weeks and quite a number of children were made to walk rather than ride their bike without lights, but this punishment does not seem to be strong enough to impress upon them that they must have lights.

Constable Piers also reported there were two accidents in the municipality during the past two weeks. On November 11 the cars driven by Barry Agar and F. B. Bedford were involved in a collision amounting to \$168 damages on both cars.

On November 17, behind Peachland, a Peachland Transfer truck and the car belonging to A. J. Simmard of Kamloops skidded on the icy road and collided. There was possible damage of \$200 but no one was injured.

Police Magistrate Robert S. Oxley this week fined one citizen \$2.50 for parking in a restricted area and another Summerland resident \$10 and costs for speeding in a 30-mile-per-hour zone.

"Otherwise," said Constable Piers, "We're having a very quiet time."

## Vets' Allowances Changes Outlined

Summerland recipients of War Veterans' Allowance last week had an opportunity of hearing an outline of new amendments to the act when Harold Walker, veterans' welfare officer of the department of veterans affairs, met with a group of allowance recipients on Thursday evening to discuss the regulations.

To veterans receiving the allowance, Mr. Walker had welcome news that registrants may now accept work and for each day worked in a month, the allowance is reduced by one-twenty-fifth. This allows the veteran to accept both partial or full time employment for a period. If fully employed after three months he is suspended with the right to re-establishment when he becomes unemployed. However his medical benefits continue during all the period of employment.

Mr. Walker traced the history of the act from its inception and explained how subsidiary employment could be obtained up to \$50 a month to augment his income if registered under section 4 of the act.

This is Mr. Walker's last trip through the valley as he is to take up special rehabilitation work at Shaughnessy Hospital. Harry Howis, president of the local branch of the Legion, who acted as chairman of the meeting, in closing thanked Mr. Walker for the unfailing interest he has taken in the affairs of the local veterans and the great regret that was felt that he would no longer be the department's representative in this district.

In the first seven months of this year the Canadian steel industry produced 2,281,481 ingot tons, an increase of 50 percent over a full year's production prior to World War II.

FACTS	1
&	1
FIGURES	=2

**FACTS**  
Wool—The most versatile of all fabrics. It is strong, elastic flexible, absorbs moisture, does not burn readily; is very warm. Woven in two threads.

Woolens—Loose all length fibres placed everyway leaving a fussy finish.

Worsted—Long fibres running lengthwise making a smooth strong thread.

**DID YOU KNOW?**  
Gabardine—Is a special tight twill worsted weave—not a special fibre.

**FIGURES—**  
Mr. Tall and slight must be careful in cut of clothes and pattern he selects. Wear double-breasted suits or overcoats or single breasted 2 button suits, with wide lapels, wide shoulders and square lines. Wear checks or small overall patterns.

## Jubilee Singers Well Received At Concert

A crowd of over 300 people were in attendance when the Eureka Jubilee Singers of Chicago, Illinois, gave a concert in the high school auditorium on Friday evening.

The guest artists, sponsored by the local Youth for Christ organization, brought with them Bob Dyers from Vancouver Youth for Christ who delivered the evening message.

The Jubilee Singers, consisted of four members, two ladies and two men and the quartette rendered many beautiful Negro spirituals and many other familiar hymns. They were accompanied by their own pianist.

The quartette formed an extraordinary combination of voices, presenting rare harmonies, well-selected songs and unusual excellence in assembly singing.

Their wide repertoire included such songs as "Swing Low Sweet Chariot," "By and By," "Battle of Cherocho," "All God's Children Got Shoes," and "Rise and Shine."

The high school students of Summerland were privileged to hear this Eureka Jubilee Singers during the noon hour period last Friday afternoon by special arrangement of the inter-school Christian fellowship association.

## Marie Menu Principle In Baptismal Rites

Marie Eva was the name given the infant daughter of Mr. and Mrs. C. Menu of Westbank at a christening ceremony in the Church of the Holy Child on Sunday.

Father A. M. Meulenbergh officiated when Mr. and Mrs. John Menu stood as proxy for the godparents, Mr. C. Menu's brother and sister-in-law who are in eastern Canada.

Later the christening party was entertained with a number of the family at the home of Mr. and Mrs. Alphonse Menu.

### MORE ABOUT

## Report

Continued from Page 2  
of the House, another sub-amendment is not allowed until the present ones are dispensed with. It is quite possible that the Social Credit group will then propose some type of amendment to the Throne Speech.

From indications, it would appear that the predominant feature in our discussions during this first part of the session will be how to dispose of our surplus wheat. Several speakers have already made proposals towards getting rid of the bulk by gift or trading with those countries who are in dire need of food. Such is the interest created in this subject, that Mr. Howe this week has promised to discuss the matter from the government point of view.

Next week, I shall endeavor to discuss his proposals together with the views of others on this very important matter.

# Tribute Paid B.C. Weekly Newspapers By National Association President

British Columbia's country newspapers are "among the top best weeklies in the whole of Canada." This recognition was paid the weekly press of the province when W. Kenneth Walls, national president of the Canadian Weekly Newspapers Association addressed the 35th annual convention of the B.C. Division, CWNA held in Vancouver two weeks ago.

Mr. Walls, who is publisher of the Barrie (Ontario) Examiner, also paid special tribute to B.C.'s winners in the association's Canadian-wide better newspapers competitions.

When newspapermen attend a convention, they usually are there to report what goes on. Last week country newspaper editors from all parts of the province had the order reversed when Vancouver dailies and radio stations "covered" their discussions at the three-day sessions held in Hotel Vancouver Thursday, Friday and Saturday.

Approximately 100 weekly publishers, editors and their wives "went back to school" at the annual meeting to talk over their small-town publishing problems and to exchange ideas for the improvement of their newspapers and their service to B.C.'s hometown communities.

In attendance from this newspaper were Mr. and Mrs. Gordon Crockett.

Retiring president W. L. Griffith, of the Cariboo Observer, Quesnel, presided over the sessions while Ronald White, publisher of the Kamloops Sentinel, was chairman of the convention program. Elected president for the ensuing year was Mr. White of Kamloops, with Leslie E. Barber, of Chilliwack Progress and Jas. E. Jamieson of the Armstrong Advertiser being named first and second vice-presidents respectively. A. W. Lundell, Revelstoke Review, was re-elected secretary-treasurer. New directors are W. E. Dunning, Haney; C. R. Fahrni, Kaslo, Fred Cox, Langley; Ray Daubney, Agassiz; Fred White, Rossland Miner, and W. McCusker, Campbell River.

The trade association also embraces the B.C. Weekly Newspapers Advertising Bureau whose chairman, Cecil Hacker of Abbotsford, was re-elected for a second term. Other officers of the Bureau for 1954 are vice-chairman Edgar Dunning, Ladner; A. W. Lundell, secretary, Revelstoke; W. S. Robertson, Duncan; George Johnson, Langley; R. S. MacLean, Kelowna; Arthur Cottrell, Parksville.

A feature item on the program

was an address by Willard Ireland, provincial archivist from Victoria, who traced the history of B.C. newspapers back to the mid 1800's and observed that in 1953 the publishing trade in this province will mark its 100th anniversary. Other talks dealt with various practical phases of weekly newspapering.

Attending from eastern Canada with Mr. Walls was Wm. E. Telfer, the national association's managing-director from Toronto.

During the social functions the delegates were guests of the PNE board of directors, B.C. Telephone Company, B.C. Electric Co., Canadian Pulp and Paper Association (Western Branch), Vancouver printing ink and equipment distributors and printing paper supply firms.

On the closing afternoon, Saturday, the editors were also guests of the RCAF Recruiting Unit on an enjoyable flight in an Air Force Dakota transport plane. The air tour took the newspapermen over the lower mainland, the southern coast and Vancouver Island.

## Tries to Alter Order . . .

### Nature Equips Man With Required Mechanism To Maintain Health

Of all living things—plants, animals, human beings—only man tries to alter the order of nature with results that are sometimes disastrous. Nature endowed man with a sound body, barring the presence of abnormal conditions, a body equipped with mechanism required to maintain health and resist disease.

Nature also provides man with a bountiful supply of wholesome natural food. That natural food contains all necessary substances for building strong, healthy bones and sound teeth, as well as other tissues of the body, so that the whole body may be well prepared for the struggle for existence.

Animals instinctively accept and use the food in the form in which it is found, so conforming to the plan of nature.

Man, in his superior wisdom, improves on nature in many ways; but in the selection, preparation and use of food, he often suffers grievously for his departure from nature's plan.

Whole grain, for instance, contains not only the pure white heart material favored for most flours; it also provides other substances that are necessary for our health. The shell of the grain, with all its valuable material, is carefully sifted out. Previously, this was discarded, or used only as animal food.

Now, knowing how valuable those by-products are, we spend much time and effort re-adapting them for human use. The effort is worth while, of course.

But although we have learned how to take the grain apart, we are far from being as efficient as nature is in putting it together again. Something valuable is always lost in the process.

How much better it would be to

New CFR vice-president—D. S. Thomson of Winnipeg who has been appointed to the newly created system post of vice-president of operation and maintenance for the Canadian Pacific Railway at Montreal, reporting to N. R. Crump the vice-president of the company. Mr. Thomson was vice-president of the prairie region since 1950 and headed the eastern region at Toronto for two years before that.

## Peaches Possible For Nova Scotia

It is the opinion of R. P. Longley, pomologist at the Experimental Station, Kentville, that peach growing in Nova Scotia can only reach its proper development if producers recognize their advantages, chief of which is the possibility of placing on their markets tree-ripened carefully-packed peaches of our best varieties.

If consumers are willing to accept inferior peaches picked in the green or firm ripe stage, there is little justification for growing peaches under the disadvantages of the Nova Scotia climate.

Thanks to the plant breeders, Nova Scotia gardeners and fruit growers can gamble on peach growing with increased chances of suc-

cess, for breeders have produced the needed and fairly hardy varieties which mature quality fruit before the warm weather ends.

Success with these varieties depends on selecting a location for the orchard which is relatively free of frost and with good, well-drained soil.

The culture is quite similar to that for other tree fruits. The young trees thrive under the best of care including clean cultivation, good fertilization, fruit thinning and careful pruning. The trees repay by the production of commercial quantities of fruit the third or fourth year after planting.

# The Corporation of the District of SUMMERLAND

PUBLIC NOTICE is Hereby Given to the Electors of the MUNICIPALITY of SUMMERLAND that I require the presence of the said Electors

At the MUNICIPAL OFFICE, West Summerland, B.C., on the 3rd Day of December, 1953

at Ten o'clock a.m.

FOR THE PURPOSE OF ELECTING PERSONS TO REPRESENT THEM AS

Reeve, Councillors, School Trustees and Park Commissioner.

The Mode of Nomination of Candidates Shall be as Follows:

The Candidates shall be nominated in writing; the writing shall be subscribed by two electors of the Municipality as proposer and secondor, and shall be delivered to the Returning Officer at any time between the date of the notice and 12 o'clock noon of the day of nomination; the said writing may be in the form numbered 3 in the schedule of the "Municipal Elections Act", and shall state the names, residence and occupation or description of each person proposed, in such manner as sufficiently to identify such candidate; and in the event of a Poll being necessary, such Poll shall be opened on the

12th Day of December, 1953

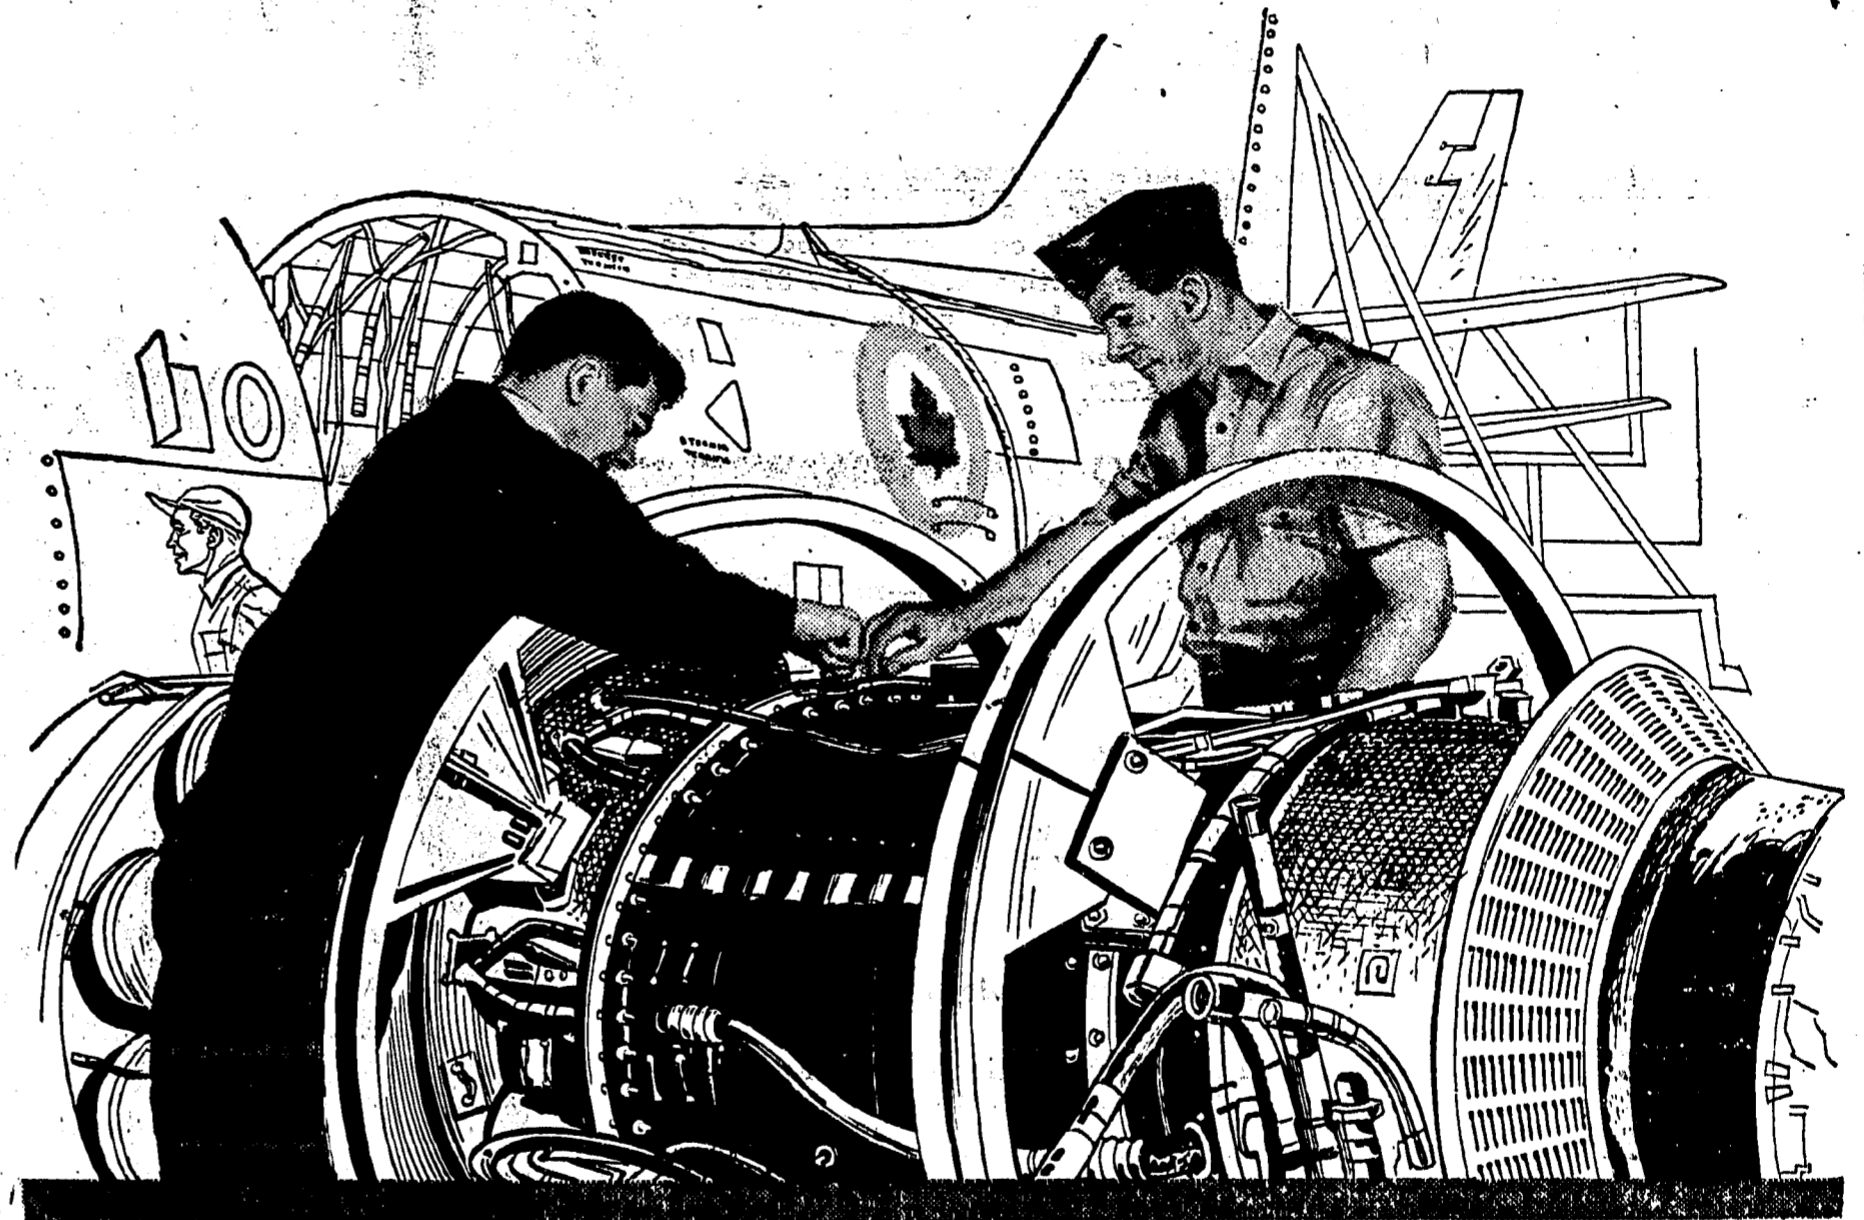

AT

United Church Building, Summerland, B.C., and at the Municipal Office, West Summerland, B.C.

of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at West Summerland, B.C., this 14th day of November, 1953.

C. NOEL HIGGIN, RETURNING OFFICER.

## "I wanted a career in aviation" YOU CAN HAVE ONE, TOO!

Skilled Aircraft Technicians are the "line backers" in the expanding Royal Canadian Air Force team. Without their "OK" a plane isn't permitted to take off.

LAC Eric Craig was a garage mechanic a couple of years ago. Today he's a fully-trained and skilled Aero-Engine Technician. He's an expert on all types of aircraft engines — from single-engine planes to four-engine transports.

What does he think of the life?

"I've got an important and interesting job now," he says. "It's a job with a future. Nowhere but in the Air Force could I have obtained so valuable an aviation training."

If YOU want an aviation career with opportunity for advancement, adventure, good pay and a pension after 20 years, enrol today to train as a skilled Aircraft Technician.

SEE THE CAREER COUNSELLOR AT YOUR NEAREST RCAF RECRUITING UNIT — OR MAIL THE COUPON TODAY!

LAC ERIC CRAIG 25, of Carp, Ontario, doesn't get enough of planes in his RCAF job as a skilled Aero-Engine Technician. In his spare time, he makes model aircraft. He, his wife and baby live in married quarters at RCAF Station Uplands, near Ottawa.

Director of Personnel Manning, R.C.A.F. Headquarters, Ottawa.

Please mail to me, without obligation, details re enrolment requirements and openings available in the R.C.A.F.

## Butter In Three Grades . . .

**Many Points Tell Story Of Butter To Grader Before Reaching Market**

Every consumer knows that creamery butter is sold in Canada by grade, for they are familiar with the grade mark on the wrapper. There are three grades of butter, first grade and second grade and third grade. The most important factor in governing the grade is the flavor. Flavor tells the story to the butter grader. Butter is also graded for moisture, aroma, saltiness and texture. This is the story of how butter is graded.

Before grading butter, the grader always avoids smoking and the eating of strong flavored food in order that his senses of taste and smell will stay sharp.

He starts his job by first checking the boxes the butter is packed in. The boxes must be new ones and must be made of special wood. Incidentally butter is packed in 56 pound boxes in the creamery and is made up into pound blocks later. The boxes cannot be dirty or damaged and they must have the proper markings as required by the Canada Dairy Products Act.

While the grader is checking the boxes, he looks at the butter to see that it has been neatly packed in the boxes and he also looks at the surface to see if there is any discoloration or mould growth on the butter.

If there is any mould growth whatsoever, the butter is immediately graded below 3rd grade. The next procedure is to insert a long hollow implement called a "trier"

into a block of butter. He draws out a sample plug from within the block.

When he has pulled out the sample plug, he examines the butter to see if the moisture in it is well dispersed throughout. The moisture should be distributed in small droplets throughout the butter and no free moisture should show on the surface.

Then the grader smells the butter very carefully, for by its taste and smell he can tell if good quality cream has been used in making it. Speaking of cream, it is interesting to know that creamery butter must contain not less than 80 per cent milk fat and it must be milk fat, no other fat is allowed and not more than 16 per cent water. To bring that down to figures that homemakers will understand, in each pound of butter there is a quart of whipping cream.

After the grader has become thoroughly acquainted with the aroma of the butter, he tastes it to see

if the taste corresponds with the smell. While tasting, he also checks to see if the salt in the butter has been dissolved. If it has not been thoroughly dissolved, there may be a slight sandiness to the texture.

Next, the grader places a sample of the butter in a bottle and sends it to the Dairy Research Division of the Canada Department of Agriculture. Here the butter will be checked for moisture, mould growth butter fat content and salt. Then the grader places a portion of the "sample plug" back in the butter, in order to seal the hole made by the "trier".

That is the story of how butter is graded. The grader has a grading score card with maximum and minimum scores allotted to flavor, texture, moisture, color, salting and packing. Butter that scores a total of 92 points or over with minimum score of 39 points for flavor ranks as first grade butter. Second grade butter must score a minimum of 87 points with not less than 37 points for flavor, and third grade less than 87 points.

When thinking of butter, one thing which comes to mind is cookies, for what better ingredient for making luscious cookies than our own fine quality Canadian butter. Ice box cookies are a staple with many homemakers. They like to have a feeling that when they have two or three 'rolls of this rich cookie dough stored in the refrigerator, they can pop a pan of cookies in the oven at a moment's notice.

Just a little imagination a homemaker can dress up these regular standbys to give them a festive air. For instance, if double the recipe is prepared, the dough can be divided into three or four parts.

To one part may be added some chopped candied cherries, to the second part, some finely chopped chocolate and to the third and fourth part, finely grated orange peel or cocoanut, or finely chopped dates.

If each part is wrapped separately, when it comes to cooking them, a few cookies of each type may be baked and there will be no lack of quantity or variety. For a fancy cookie this dough may be shaped into long fingers and as soon as it is baked and cooled, one end may be dipped in chocolate icing and the other end either left as is or dipped in white or pink icing.

Here are two favorite simple recipes for cookies using butter:

**OATMEAL COOKIES**

½ cup melted butter, 1½ cups brown sugar, 1 beaten egg, 1½ cups uncooked rolled oats, 1½ cups chocolate chips or chopped nuts, 1 cup flour, sifted, ½ tsp. soda, ½ tsp. salt, ½ tsp. vanilla, 2 to 5 tbs. water.

Cream butter, sugar and egg, then stir in water and chips. Add dry ingredients, rolled oats and vanilla. Drop from teaspoon onto greased cookie sheet and bake in moderate oven (375 degree) 12 minutes.

**SUGAR COOKIES**

½ cup granulated sugar, ½ cup melted butter, 2 well-beaten eggs, 1 tsp. vanilla, 2 cups flour, sifted, 1 tsp. cream of tartar, ½ tsp. baking soda, ½ tsp. salt, 1 tbs. sugar, ¼ tsp. cinnamon.

Combine ¾ cup sugar and butter in bowl and beat in eggs and vanilla; gradually add dry ingredients to mixture, beating well. Chill dough until easily handled. Roll out dough to 1/8 inch thickness

## Gives Health Rules . . .

**US Dental Association President Says Child Teeth Care Essential**

The president of the American Dental Association, Dr. Otto W. Brandhurst of St. Louis, recently said the care that teeth receive during childhood determines to a substantial degree the state of the individual's dental health throughout his adult life.

The erroneous belief that a child's teeth are unimportant "because they fall out anyway", has added immeasurably to the staggering toll of adult dental disease in the United States and Canada, he went on to say.

"More than 90 per cent of boys and girls have an advanced case of tooth decay by the age of 16 with an average of seven affected teeth each and more teeth are lost as the result of dental decay than from any other cause", Dr. Brandhurst said.

Loss of teeth prematurely in children can lead to poor "chewing ability", diseased second teeth and facial disfiguration as remaining teeth shift and crowd out of position the erupting second teeth, he said.

Dr. Brandhurst described fluoridation of public water supplies as "the most effective large-scale

means ever devised for the prevention of dental decay".

He called for the development and expansion of community health programs to make dental health education and care available to all children as the most practical way of raising the level of the nation's dental health.

Dr. Brandhurst listed four rules of general health for children.

**Four Rules**

1. Proper use of the toothbrush immediately after eating is one of the most effective weapons against dental decay. By the age of three, the child should be taught to brush his teeth, or at least, rinse out his mouth with water, within 10 minutes after eating.

2. The diet should be well balanced with sugar intake kept as low as possible. Sweet tooth is the number-one enemy of dental health and the prime cause of tooth decay.

3. Early detection and treatment of dental caries will prevent more serious dental ills later.

4. The fluoridation of community water supplies to give children in the community the prospect of two-thirds less tooth decay throughout their lives than children living in areas where water supplies are fluoride-deficient.

and cut out cookies. Place cookies 2 inches apart on greased cookie sheet. Sprinkle cookies with 1 tbs. sugar mixed with cinnamon. Bake at 375 degree 10 to 12 minutes. Makes about 2 dozen. Decorate as desired with colored icing, nuts, cinnamon candies, candied cherries, citron, angelique, gum drops.

# New RPM 10-30 SPECIAL motor oil

## can save up to this much gas in every 5 gallons you buy

Now . . . a motor oil so superior it can save up to ¾ gallon of gas in every 5 . . . a motor oil so far ahead that just one grade serves all cars, all year 'round, in all climates. Proved in the toughest stop-and-go driving, easier-starting RPM 10-30 SPECIAL saves you money, saves engine wear, boosts performance—gives you extra values worth far more than the slight extra cost. Start saving today with RPM 10-30 SPECIAL.

**RPM 10-30 SPECIAL**

does more for new cars—old cars—all cars

- SPECIAL** . . . can boost gas mileage up to 15%—more miles per gallon in tough stop-and-go driving
- SPECIAL** . . . less oil consumption—savings as high as 33% compared with light grade oils
- SPECIAL** . . . tops for hydraulic valve lubrication—cuts noise and sticking
- SPECIAL** . . . designed for older cars as well as new—covers all car manufacturers' motor oil recommendations
- SPECIAL** . . . stepped-up power—for better acceleration, more pull on hills
- SPECIAL** . . . easier starting—battery-saving starts in all kinds of weather
- SPECIAL** . . . money-saving motor protection—tops for preventing wear of critical engine parts
- SPECIAL** . . . one oil for all purposes—covers SAE grades 10W, 20W, 30; recommended for all seasons, all climates

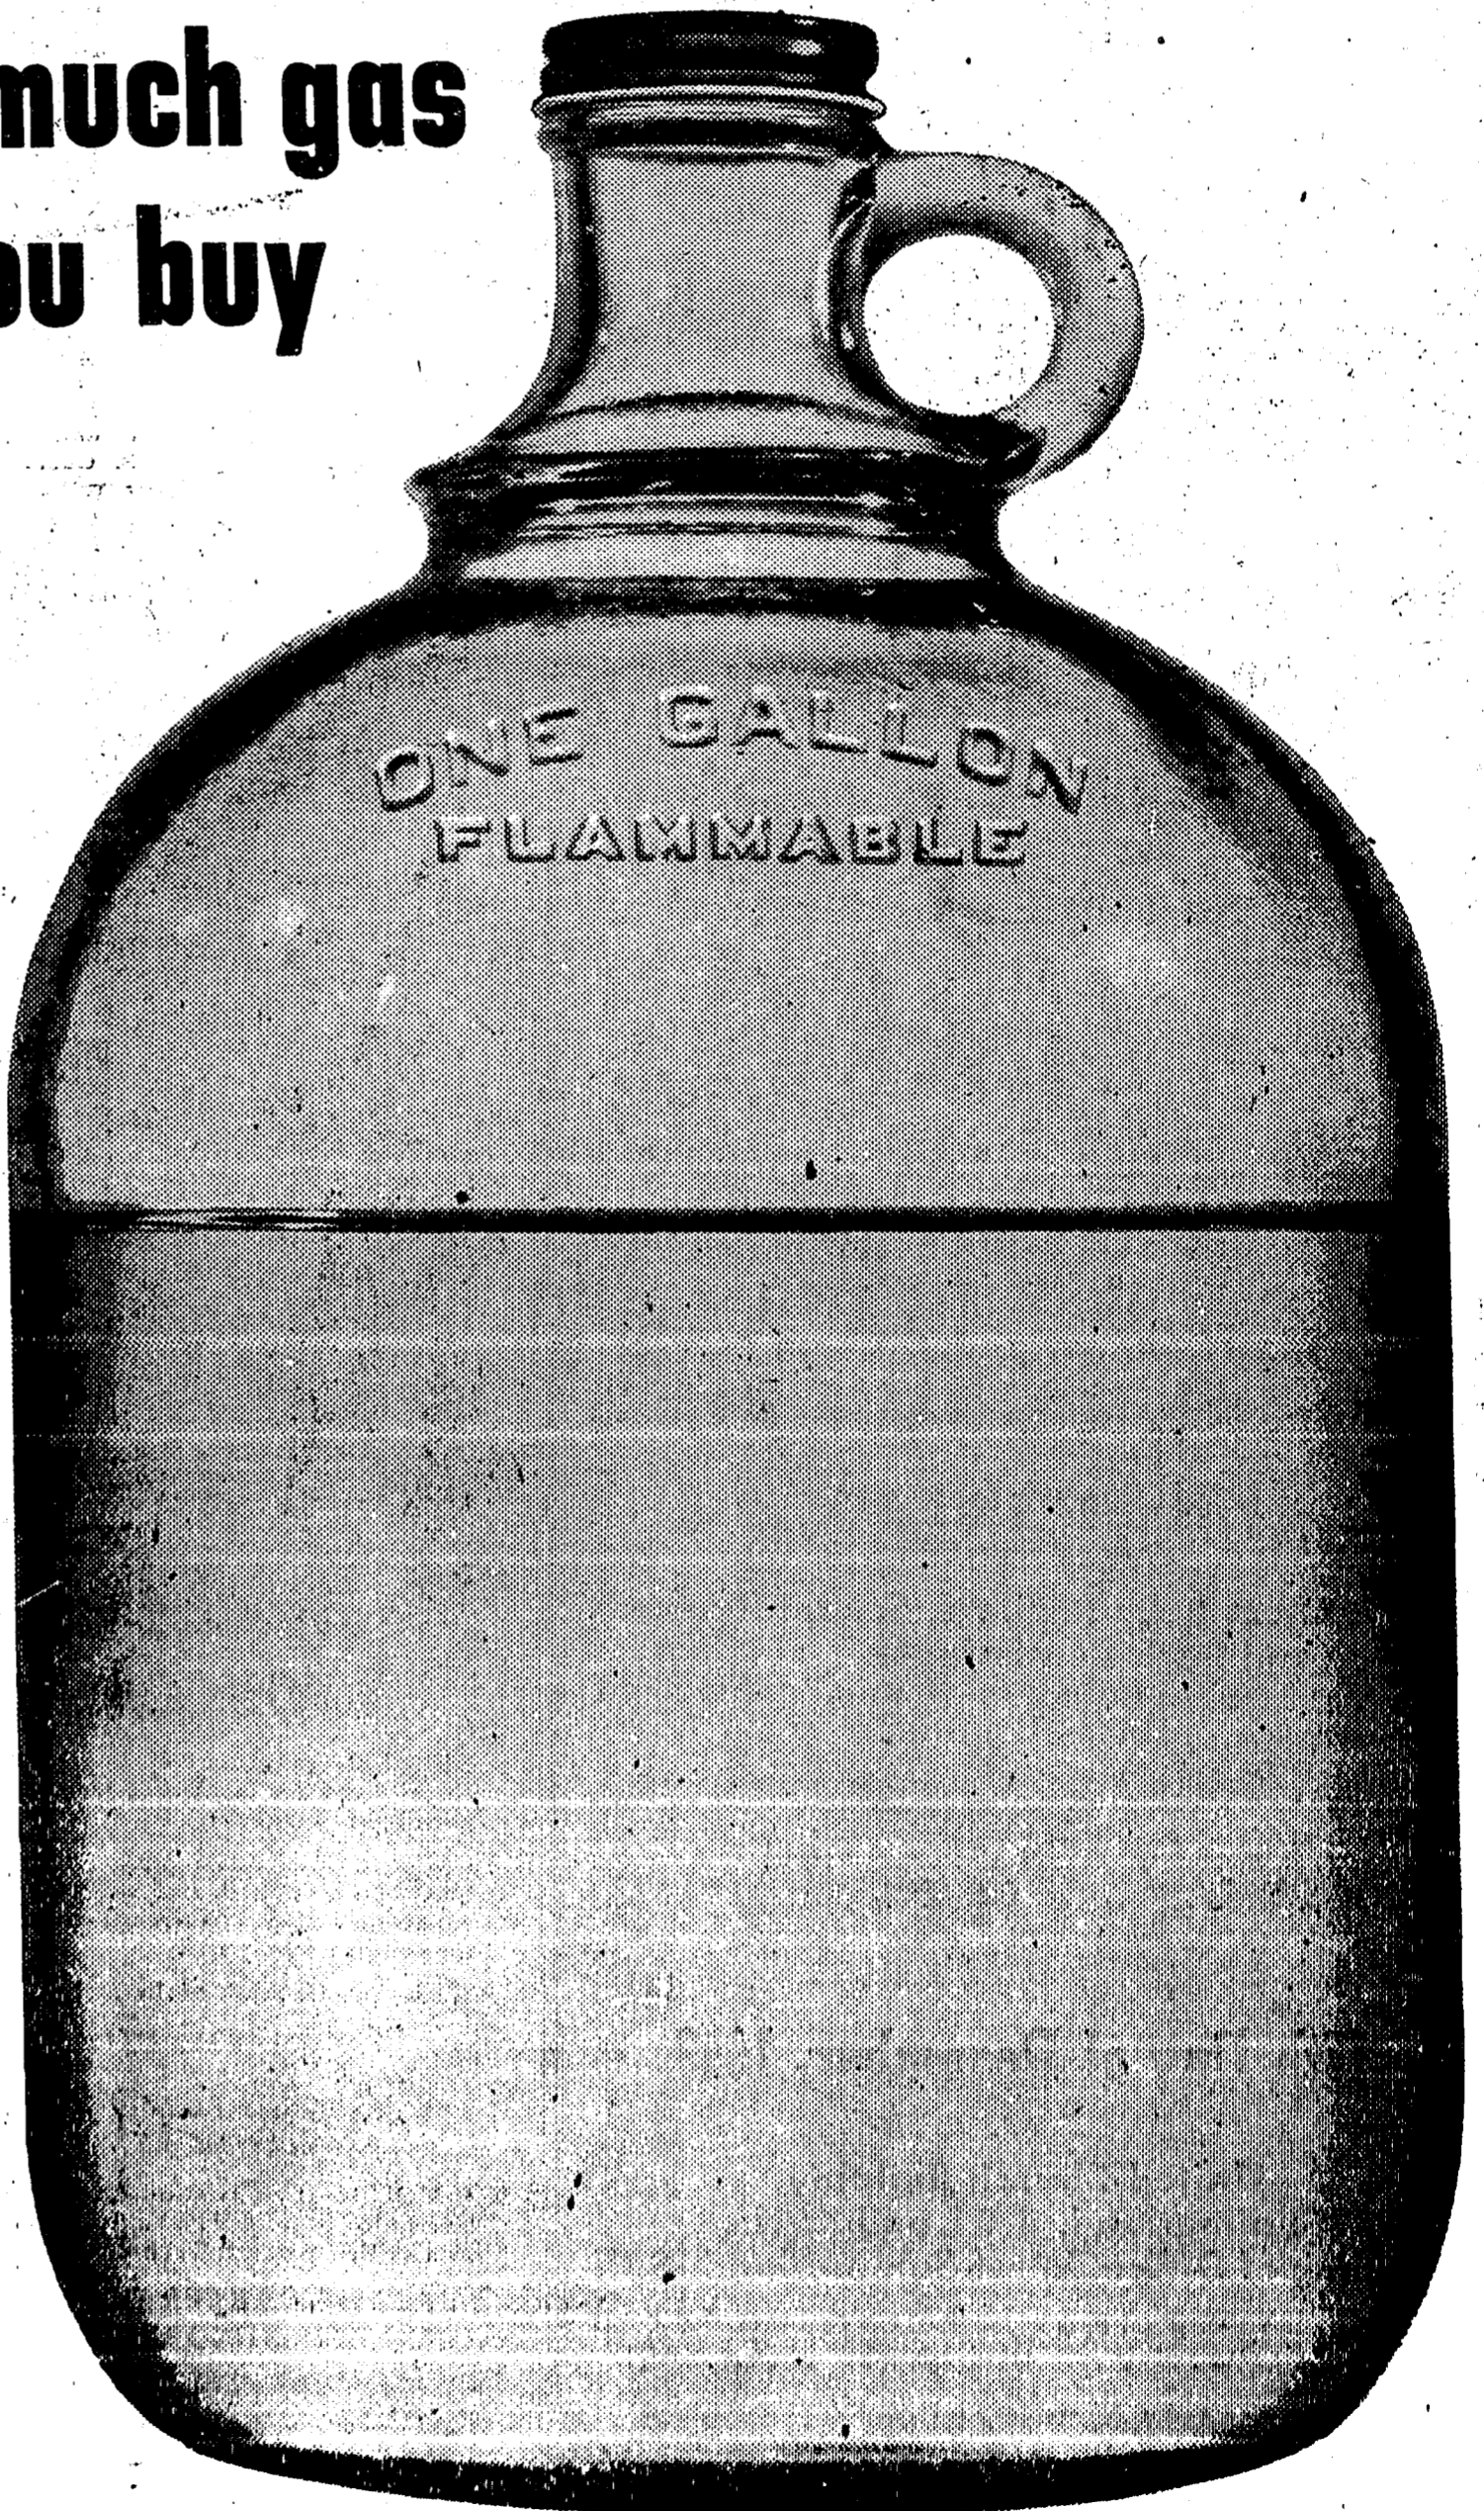

We take better care  
of your car

**CERTIFIED** by Independent Research Laboratories

This is to certify that we have made our own investigation of RPM 10-30 Special Motor Oil. Our findings confirm the above claims regarding the qualities of "RPM" 10-30 Special.

**Livestock Deaths  
By Dogs Amount  
To Over \$500**

Claims paid out this year by the municipality for livestock killed by dog or dogs unknown have amounted to well over \$500.

In June of this year, the claims had amounted to \$324.50 for chickens, sheep and goats which had been destroyed by dogs. In the past six months, over \$200 has been added to these claims.

The most recent claim was that of A. Doney Wilson for 12 year-old and a-half old chickens which were found dead in his chicken pen. A sum of \$24 was voted by the councillors to be paid for the birds. RCMP have been unable to trace the dogs doing the damage and to date have no knowledge whose dogs are running rampant.

**Local Scouters Take  
Positions On Council  
Of Scout Association**

Dr. H. R. McLarty, after two years' service, retired as president of the Okanagan South District Council of the Boy Scouts Association at a recent meeting in Penticton when H. H. Boyle was elected to succeed him.

At the meeting, Dr. D. V. Fisher was appointed as district Scoutmaster in charge of training for this district and Mrs. H. A. McCargar district Cubmaster.

Major A. H. Grant was re-elected vice-president, Dave McDonald, secretary and M. R. Dinney, treasurer. Members elected to the council included R. F. Raikes and A. A. Swift.

Special tribute was paid by Dr. McLarty to the Scouters who have done such excellent work in carrying out their training programs. "If it were not for the leaders," Dr. McLarty said, "we would not have our Scout and Cub groups."

Interesting reports on the activities of their groups were given by Scouters and group committee chairman. George Washington, reported on the second Summerland troop and Dave McIntosh reported on the first Summerland troop, all reporting progress.

ple growers are to obtain the maximum returns from their crops every endeavor must be made to put these crops on the market in the best possible condition and as economical as possible and,

Whereas it would appear that this can be partially accomplished by the use of other than wooden containers, this being particularly true with the top grades and,

Whereas certain types of paper containers have been found satisfactory.

Therefore be it resolved by this 1954 BCFGA convention that the central executive of the BCFGA requests the proper authorities to put into use all the paper containers possible over the next three years so that by that time the large percentage of Extra Fancy and Fancy apples would be packed in this new container.

And further that in 1954 all possible Extra Fancy and Fancy McIntosh be packed in the tray pack. Moved by J. Wells, seconded by H. Stoll.

**Audience Thrilled  
By Carol Brice**

The thrill of hearing one of the great contraltos of all time came last night to members of Community Concert Association who filled the Penticton High School Auditorium for the appearance of Carol Brice.

And the concert offered a premium as well with the presence at the piano of Jonathan Brice, brother of the great contralto. No tall to his sister's kite, Jonathan Brice rates as one of the great piano-accompanists of the day and together the brother and sister form an incomparable team.

The seemingly effortless performance of both made their performance just as natural as though they were performing some routine activity. Music is certainly a part of their birthright.

Miss Brice is credited as being a stand-out in her generation for enriching the tradition of the great contraltos and is compared to the greats of other years—Schumann-Heink, Matzenauer, Louise Homer. Certainly she has gained a place in the musical hall of fame.

Miss Brice has a winning personality on the stage and a total of four encores during the performance gave evidence that she enjoyed singing to her Okanagan audience.

The disappointment felt by many when they found Brahms Lullaby was not included on the program was dispelled at the climax of the performance when she sang that as her final encore.

In the final section of the program, Miss Brice sang a group of Negro spirituals and to these selections she added a spiritual quality which had an inspirational effect on the audience. W.G.C.

**Mixed Bonspiel  
Very Successful**

Local curling got underway last week with a mixed bonspiel, 48 rinks entered, with two events.

The bonspiel was sponsored by the Ladies' Curling Club with Mrs. Harvey Eden and Mrs. Harry Hackmann in charge, with assistance from Gerry Hallquist and Harvey Eden in making up the rinks and draws.

The 'spiel was a great success, with P. Eden rink taking first in "A" event and W. Baker rink placing second. The Eden rink was made up of Mrs. H. Hackmann, Ken Boothe and Ryan Lawley while the Baker rink included W. Ward, K. Anderson and Mrs. I. H. Solly.

"B" event was won by E. Coughlin and second place by S. Munn. Coughlin rink consisted of Mrs. E. Coughlin, Mrs. H. Lemke and J. Raincock and the Munn rink was made up of W. Charles, Mrs. Les Rumball and F. Tilbe.

Prizes for the events were awarded by Mrs. Eden and G. Hallquist.

**Kelowna Pressing  
For East Highway**

Kelowna Board of Trade has launched a new effort to press for the construction of either a bridge across Okanagan Lake from Westside to Kelowna or for a highway on the east side of the lake to run from Penticton to Kelowna.

Main interest of the board is for construction of the road through Naramata and they have asked for backing of the Penticton Board of Trade in their campaign for this highway construction.

The Naramata road has been a contentious issue ever since a group of volunteer citizens from Kelowna attempted to blaze their own trail between Kelowna and Penticton before the start of World War II. They completed several miles under volunteer labor, but the war came, and the project was abandoned.

About three years ago the provincial department of public works made a survey to ascertain the feasibility of a bridge to replace the present ferry system. The survey indicated that a bridge is feasible and that the estimated cost would be in the neighborhood of \$7,000,000.

At the last session of the Legislature a bill was passed authorizing the setting up of a toll authority to construct roads or bridges which are not in present construction program but which are needed and cannot be financed out of current revenue. There are some seven large bridges, including Okanagan Lake, which have been designated as probable prospects for the toll authority construction.

Any bridge constructed under the toll authority would receive an annual grant from the government of 2 1/2 percent.

Highway engineers are on record as favoring a bridge here to fit in with the highway program. They point out the bridge would eliminate ferries and would be cheaper to operate and maintain. In addition, immediately a bridge is available traffic increases three-fold.

Cost of constructing the Naramata road is estimated at \$5,000,000 and the annual maintenance cost of 25 miles of road would be considerably more than the maintenance of a bridge and would not be revenue producing as would a bridge, the "across-the-lake" proponents argue.
