WEST SUMMERLAND, B.C.

Growers Need Time To Digest 1,100 Page Report

December 1, 1958 could be the day the tree fruits industry has been awaiting for many months. On that day, according to Agricultural Minister Newton P. Steacy, the Royal Commission report on the Fruit industry, the MacPhee report, all 1,100 pages of it, will be available to the industry.

Speaking at the recent Social Credit convention in Vancouver, Agriculture Minister Steacy intimated that the report would make gloomy reading for the small orchardist, suggesting that the vexed question of what constitutes an economic unit will be stated in the report.

Publication of the report at this late date, particularly in view of its volume, 1,100 foolscap pages, creates a problem for the fruit growers, as an association.

The British Columbia Fruit Growers' Association annual convention is called for January 21, 22 and 23. This means that it will be an impossibility for the voluminous report to be adequately studied and discussed at the BCFGAs' level in time for resolutions to be submitted to the convention.

Even if every grower had a copy of the report in his hands by December 1, at the latest, there would not be the time for the study and deliberation which the report should have, before the date of the convention.

The executive of the BCFGAs will have to face up to the fact, however, that the report will be in the hands of the grower and in consequence, unless steps are taken, snap judgments and hurried resolutions will find their way to the convention floor.

The industry must also face up to the fact that with the report public property before the convention, the thinking of the delegates is almost certainly to be influenced by the findings of the report.

The danger to the industry is

"O judgment! thou hast fled to brutish beasts: And men have lost their reason."

Some of the bitter taste of a destructive Hallowe'en was washed away on the morning after when members of the High School Key Club took on the task of cleaning up. Two of the Key Club are pictured above as they industriously cleaned a soaped store window.

Lest We Forget

Editorial

Within the municipality of Summerland there are 1066 school students between the age brackets of seven to seventeen. Some ninety-nine and two thirds percent of those students celebrated Hallowe'en as Hallowe'en should be celebrated in dressing up — in setting off fire crackers — in knocking on doors with the traditional cry of "trick or treat" — and it was good fun at the Youth Centre where the bonfire and the treats and the fireworks were enjoyed by young and old alike.

Ninety-nine and two thirds percent of the entire student body of Summerland could face the morning after Hallowe'en in good conscience — but one third of one percent of that student body must have hesitated to meet their parents' eyes on the morning after Hallowe'en.

We speak of that small destructive minority — that puny one third of one percent — the morons, the misfits, the nitwits, the vicious hoodlums, who waged a campaign of senseless destruction which included the turning over and deliberate smashing of the flower containers which so helped to brighten West Summerland's main street during the past summer. To itemize the senseless acts of vandalism would serve no useful point here, but we can take considerable satisfaction in reporting that the tale of Hallowe'en is not yet full told and the RCMP are investigating and it is quite likely that some of the vandals will find themselves answering for their actions before the magistrate.

Yes, it was a sorry sight that met the eyes on Summerland's main business streets and elsewhere on the morning after Hallowe'en, but there was also an antidote and that was another sight, which we have now seen for two mornings after Hallowe'en in Summerland, that was the cheering sight of High School students, members of the Kiwanis sponsored Key Club, busily at work cleaning windows throughout the business district and generally tidying up after the Hallowe'en celebrants.

So, in condemning those who ran wild and indulged in an orgy of destruction we must remember that they are not representative. One third of one percent, — the culls of our student population and this small minority led by two or three louts beyond school age, compiled the sorry record.

So, it can be said that Hallowe'en as observed by 99 and two-thirds percent of the Summerland school population was safe and sane.

In condemning the two-thirds of 1 percent who brought shame upon themselves, their schools and their families let us also give a full measure of praise to the majority who played the game.

And, believe it or not, it could have been worse — watchfulness of the officers of the local detachment of the RCMP nipped in the making what could have become a veritable riot, when they corralled two truckloads of teen age rowdies from Penticton before they could get started. They herded them out of town and subsequently the Penticton gang was stopped at the Kelowna bridge and given an police escort back to Penticton.

Which all adds up to the need of greater protection on Hallowe'en. Before another Hallowe'en rolls around it might be a good idea to arrange to augment the strength of the local police detachment with volunteers to provide extensive patrols throughout the area. Patrols and a few stern examples made would quickly bring this destructive minority to heel.

On Tuesday, November 11, at 11 p.m. the people of Summerland will join with Canadians from coast to coast in observing Remembrance Day.

Veterans are requested to wear their decorations.

The parade will assemble at the MacDonald School at 10:30 under the command of W. C. McCutcheon, MM, president of Branch 22, Canadian Legion.

The Rev. A. A. T. Northrup, Legion Padre, will conduct the service assisted by other members of the Summerland ministry.

Legionnaires, Scouts, Cubs, Girl Guides and Brownies will take part in the parade. Music will be provided by the Summerland Town Band.

The Remembrance Day banquet will be held in the IOOF Hall on the evening of November 11.

Poppy Day will be held on Saturday, November 8, when the Legion Ladies Auxiliary will go into action.

Proceeds of the Poppy sales go to aiding Canada's disabled veterans.

Building Permit Values Climb

Building figures showed an upswing during October with the total permits issued in the first nine months of this year running within less than \$8,000 for the total recorded in the first ten months of 1957.

Twelve permits were issued in October to the amount of \$47,455 as against 13 permits to the value of \$38,385 issued in October last year, an increase of \$9,000.

Five of the October permits were for new dwellings valued at \$37,000. Four permits were issued for alterations and additions to the value of \$3,475 and one permit for a new commercial building to the amount of \$5,500, and a permit of \$600 for commercial alteration were issued.

Total permits issued to the end of October this year total 100 to the value of \$381,605 as against 125 permits issued in the corresponding period of last year to the amount of \$388,930.

A Sorry Sight

Only Minority Acted Up Hallowe'en Mostly Sane

Witches and hobgoblins and pirates and Indians and cowboys and all manner of soldiers, sailors, Robin Hoods and raggedy anns made uproarious whoopee at the Youth Centre last Friday night — Hallowe'en.

Under supervision of members of the Youth Centre Association and emceed by Dr. D. V. Fisher, president of the association, more than 200 Summerland youngsters cavorted around the big bonfire, whooped at the fireworks display and partook with gusto of the refreshments.

It was a grand Hallowe'en.

Costume prize winners were: Pre-school group, girls, Katy Walker in Chinese costume. Boys, Ralph Gerrard, as a Red Lady.

Six to nine, girls, Jane Foster, as an Indian; boys, Chris Frederickson, a clown.

10 to 12: Girls, Carol Clifford a gypsy; boys, Gordon Boothe, Robin Hood.

13 years and over: Girls, Marcella Goodman, as an Indian.

Most original costume award for girls went to Anne Forster, dressed as Raggedy Ann. Most comical costume award was pre-

sent to Brian Foster.

Judges for the contest were Mrs. C. J. Bishop, Mrs. Hudson, a visitor from Toronto, and Miss Enid Maynard.

Stores Closed Monday, Tuesday

Summerland places of business will be closed all day Monday, the regular closing day, and all day Tuesday, in observance of the Remembrance Day holiday.

PTA News

This is an active week for the Summerland Parent - Teacher's Association. At the meeting held last Monday week so much interest was evidenced in the question dealing with sports, it was decided to have a panel discussion - "Sports Program in our Schools." This will follow the usual monthly meeting Thursday, November 6.

The panel will consist of Mrs. J. C. Wilcox (moderator), Mr. R. S. Oxley, Mrs. Brian Williams to give the parents views, and Mr. P. Mincham of the High School staff, and Mr. Ted Weeks, MacDonald School to represent the schools. This should bring out some lively discussions and give the Summerland people a chance to express their views.

In order to honor its pledge to help pay for the grand piano to award the bursary for a teacher in training, P.T.A. is holding a rummage sale on Saturday, November 8th, and it is hoped all parents will donate an item to help the project along.

Local Lads At Decommissioning

Three Summerland lads took part in one of the saddest ceremonies a Navy man participates in, earlier this month, the decommissioning of his ship.

On hand when the ensign was lowered for the last time aboard the HMCS Ontario, the "Big O" were P.O. David Turnbull, son of Mr. and Mrs. David Turnbull and the grandson of Mr. and Mrs. Frank Plunkett; AB Jack Pohlman, son of Mrs. H. Pohlman and the late Mr. H. Pohlman and LS-A. Larry Crawford, son of Mr. and Mrs. A. F. Crawford.

Why You Should Buy A Poppy

The Remembrance Day season is again approaching, and it is appropriate once more to focus attention on one of the important activities of the Canadian Legion — the National Poppy Campaign.

This November it will be 37 years since the custom of wearing a poppy replica for remembrance was inaugurated in Canada. From the modest beginning in 1921, the custom has become general throughout the country, and this year — with careful preparation and planning by Legion branches everywhere — several million Canadians will be wearing the familiar symbol. Remembrance and the Poppy are irrevocably bound up with each other because the memory of Canada's Fallen can best be honored by ensuring that none of their comrades still living are allowed to suffer want and distress. So Poppy Day has become the one annual appeal which the Canadian Legion makes to the public in order to provide funds for the relief of necessitous war veterans and their families.

THREE-FOLD SIGNIFICANCE

There are three distinct phases to the observance of remembrance through the poppy.

FIRST — there is the Act of Remembrance itself, symbolized by the wearing of a poppy — the emblem derived from the blood-red flower which grew in such profusion on the graves of Canadian soldiers who sleep their last long sleep in Flanders Fields. The wearing of the poppy is a tribute to those who paid the su-

preme sacrifice in all the wars in which this country has been engaged.

SECOND — there is the use to which the money raised by the Poppy Campaign is put. Across the length and breadth of Canada thousands of families not entitled to Government assistance are being given a helping hand through the Poppy Fund of Legion branches.

THIRD — there is the assistance given to disabled veterans by the sale of poppies which they have made in D.V.A.'s "Vetcraft" shops in which light, sheltered employment is provided for them through the distribution of their poppies.

The national distribution is carried out through the Dominion and Provincial Commands of the Legion and its more than 2,000 branches which are charged with the duty of carrying the Message of the Poppy to all sections, classes and communities throughout the country.

With this threefold significance, each item in itself being important and extremely worthwhile, Poppy Day again makes its appeal to the patriotic people of Canada. Its success, however, depends not only on the generosity of our citizens but also on the competence and vigour with which it is organized and conducted by Legion branches. If it is done conscientiously and well by every branch of the Canadian Legion, this year's campaign should be the most successful in the history of poppy distribution in this country.

The new Impala 4-Door Sport Sedan . . . like all new Chevies . . . rolls on tougher Tyrex cord tires.

CHEVROLET SAYS NEW LIKE NOBODY ELSE!

Let your eyes linger over Chevrolet's fresh, finely shaped contours. Relax in the roominess of its elegant new interior, get the exhilarating feel of its hushed, silken ride. The more familiar you become with this '59 Chevrolet, the more ways it says new!

Here's the car that's definitely new in a decidedly different way. The '59 Chevy is shaped to the modern Canadian taste — crisp, clean and beautifully efficient looking, with new poise, new proportions.

Chevrolet's new Slimline design not only brings you new grace, but also new space . . . a new and roomier Body by Fisher. And Chevy's vast new areas of visibility, give you clear seeing from every seat.

The more you look, the more you see that's new. Like the new Magic-Mirror finish which, with normal washing alone, will retain its original lustre for up to three years. And you'll find important engineering developments — eight V8's plus a new Hi-Thrift 6 that delivers up to 10% more gas economy with more usable horsepower at normal driving speeds; bigger, safer stopping brakes; a smoother, steadier ride.

No other car says new like this. And you get all those Chevrolet virtues of economy and dependability. See the '59 Chevrolet today.

What Canada wants, Canada gets in a Chevy!

The beautiful Bel Air 4-Door Sedan with vast new areas of visibility.

The budget priced 4-Door Biscayne like all new Chevies, has big new Safety-Master brakes.

The luxurious 9-passenger Kingswood Station Wagon, with a new retractable rear window.

The captivating Impala convertible — liveliest-looking new Chevy of all.

All new — all over again! '59 CHEVROLET!

THEIR LIVES—HIS LIVELIHOOD DEPEND ON OIL

Imperial contributes to a better life for Canadians through constant leadership in oil... finding new supplies... pioneering more useful products

There are more than five tractors for every six occupied farms in Canada... one motor vehicle for every four Canadians. More than half the homes in Canada are heated by oil.

Canadians consume half again as much gasoline today as they did in 1946, nearly five times as much heating and diesel fuels.

Imperial has been a major contributor to this better life, more productive economy. In 1946, Canada produced less than one-tenth of its oil needs. In 1947, Imperial discovered oil at Leduc, in Alberta. Today, Canada's own fields produce nearly 60 percent of our requirements.

Through its nine refineries from coast to coast... and in its research operations, larger than the rest of the Canadian oil industry put together... Imperial has constantly been able to lead in the development of newer and more useful products... to make a fuller life for Canadians.

ESSO IMPERIAL OIL LIMITED

IMPERIAL OIL... FOR 78 YEARS A LEADER IN CANADA'S GROWTH

OZAN MARSH

First of the winter series of Overture Concerts, scheduled for the High School Auditorium here on Monday night will feature Ozan Marsh, outstanding young American pianist. The concert, the first of four scheduled for this winter, starts at 8:15 p.m.

Membership in the Summerland Overture Concert Association open the portal to a wide field of cultural entertainment as membership carries admission to Overture Concerts held elsewhere in the valley. Several Summerland members, for example, enjoyed the recent concert at Oliver, featuring the famous dancers Goya and Matteo.

Through his many engagements with orchestra and in solo recital across the American continent, Ozan Marsh has established a reputation as one of the most outstanding of the younger generation of American piano virtuosos. For his recent appearance as soloist at New York's Lewisohn Stadium he again won remarkable notices from the Manhattan critics, who had previously praised his four local recitals, and he scored significantly with the Hub City reviewers when he opened the season as soloist with the Boston Pops. Marsh has accepted Arthur Fiedler's invitation to appear as soloist on all concerts of the Boston Pops Tour Orchestra on its 1959 tour. Resounding successes have been

scored recently with the National Symphony, the St. Louis Symphony, and the Chautauqua Symphony.

A Californian descended from the old Anglo-Norman family of Ozanne, Marsh demonstrated his prodigious talents at an early age with appearances both in recital and with orchestra on the West Coast. The great Dutch pianist Egon Petri was so impressed with the boy's abilities that he offered him a full scholarship for study in Europe. Marsh worked intensively for several years with Petri in the Tatra Mountains of Poland and accompanied that eminent artist on his concert tours throughout Europe. Emil Sauer, one of the last living pupils of Franz Liszt, also became interested in the young American and for a time Marsh devoted his study to the complete works of Liszt with Sauer. Through these connections Marsh developed an affinity for the piano music of Chopin and Liszt.

Mr. and Mrs. Howard Thomson and their three daughters have come from Edmonton to take a residence in Summerland. They are staying at present with Mr. Thomson's parents, Mr. and Mrs. Ken Thomson.

Mrs. F. Fudge, Mr. L. Fudge and Mr. G. Fudge spent the weekend visiting at the coast.

Mr. and Mrs. Bob Bleasdale and Mary of Silvery Beach, Shuswap, visited in Summerland over the weekend.

Remember The Living As Well

Patricia Boyd Bride At Lovely Fall Rites

One of fall's lovely weddings was solemnized on Saturday evening, November 1, at half-past seven in St. Stephen's Anglican Church, West Summerland, uniting in marriage Patricia Helen, third daughter of Mrs. W. R. Boyd, Summerland, and the late Mr. Boyd, and Herbert George James of Vernon, son of Mr. and Mrs. G. W. James of Penticton.

Because of the sudden illness of the rector, Rev. A. A. T. Northrup, the service was performed by Canon A. R. Eagles

of Penticton, in the presence of 100 guests.

White and palest yellow antirrhinum in white bowls were arranged on the chancel and on the altar, lighted by tall white tapers set in white candleabra standards on either side of the centre aisle. Guest pews were indicated by white tulle bows. **Ivy Satin Gown**

The bride was given in marriage by her brother-in-law, K. M. Stuart of Vancouver. Ivory satin fashioned the traditionally beautiful floor-length wedding gown designed with a fitted bodice having a square neckline and logn liy pointed sleeves. Beading outlined the neckline and was continued in a front panel to the hemline. The same beading traced the line of the long torso from which the skirt flowed into a graceful sweeping train. A simple circle of ivory tulle held a chapel length tulle veil of the same creamy shade. The bride carried a white prayer book on which a single white gardenia was imposed.

Miss Barbara Boyd, sister of the bride, and Miss Darlene James, the groom's sister, were the bridesmaids. They were similarly and charmingly attired in flamingo colored frocks in ballerina length characterized by square decollete, fitted bodices, and crinolined skirts having panels caught into the hemline. They wore feathered headbands and satin slippers in a color identical to their gowns and carried flamingo carnations shading into saffron tones.

Best man was Malcolm Gordon-Smith of Penticton and the ushers were the bride's brother-in-law, Donald Rand of Vancouver, and Harvey Gee and Robert Shumay of Vernon.

Mrs. Joan Zimmerman, organist of the church, played the processional and while the register was being signed.

Mrs. Boyd was assisted in re-

ceiving by the groom's parents and the bridal party at the reception in the parish hall.

J. E. O'Mahony proposed a toast to the bride to which the groom responded. The best man gave the toast to the attendants.

Mrs. J. E. O'Mahony and Mrs. E. M. Hookham poured coffee and tea from a table covered with a white delicately embroidered Chinese cloth centred with a silver bowl of white and pale yellow antirrhinum arranged with silver sconces holding white candles. A beautifully decorated wedding cake was on a smaller table encircled with white tulle, topped with white gardenias and surrounded by white snapdragons.

The bride's youngest sister, Miss Sunny Boyd, served, with Miss Wendy Wright and Miss Phyllis Fabbri, both of whom came from UBC for the occasion.

For motoring in the northern Okanagan to the coast and to Seattle the bride wore a brown suit, the skirt featuring front pleating repeated in the back of the boxy jacket. A brown velvet bow on her fair hair, brown accessories and a camel hair topcoat, with orchid corsage completed her costume.

On their return the young couple will make their home in Vernon.

Out of town guests included the bride's brothers-in-law and sisters, Mr. and Mrs. K. M. Stuart and Mr. and Mrs. Donald Rand of Vancouver; Mr. and Mrs. Eric V. Chown of West Vancouver; Mrs. W. A. Thom of Vernon; the groom's parents, Mr. and Mrs. G. W. James, Penticton, and the groom's grandmother, Mrs. Wilma James of Penticton.

After the toasts and refreshments, guests danced until the bride and groom left for their honeymoon.

Surprise Party And Shower

A surprise party and shower in honor of Mr. and Mrs. Maurice Dwayne Schepens was held on October 24 at the home of Mr. and Mrs. James Mitchell, Prairie Valley Road. The honored couple were married some months ago in Calgary and recently took up residence in West Summerland.

A dancing party, singing and jokes were enjoyed by all, before Anne Mitchell presented the young couple with a large blue and white box, overflowing with many lovely gifts. Also a one-layer wedding cake, a special hostess gift.

A dainty lunch was served by the ladies.

Present were: Mr. and Mrs. Bill Haddrell; Mr. and Mrs. Fred Pearce; Mr. and Mrs. Sam McAdam; Mr. and Mrs. Willard Cockell; Mr. and Mrs. Gino Echino and Larntina; Mr. and Mrs. Allen Chomat; Mr. and Mrs. John Jenner and Janet; Douglas Mitchell; Allen Mitchell; Miss K. Lemon, Penticton; Mr. and Mrs. Leon Schepens and Isla.

Comings & Goings

After spending a week visiting at the home of Rev. and Mrs. C. O. Richmond, Mr. Richmond's mother, Mrs. A. H. Richmond, returned Monday to her home in Vancouver.

Mr. and Mrs. Ken Stuart returned to the coast Sunday after attending the wedding of Mrs. Stuart's sister, Pat, and Mr. H. James of Vernon.

Mr. and Mrs. Pat Minchin have had visiting them Mr. Minchin's sister and brother-in-law, Mr. and Mrs. Jack Chaatwin and their family of Vancouver.

New residents in Summerland are Mr. and Mrs. Edward Mortimer who have come here from Alberta and have purchased the Noel Higgin property on Jones' Flat.

Mr. and Mrs. Gerald Dent of Trout Creek have had visiting them their son and daughter-in-law, Mr. and Mrs. Robert Dent of Squamish.

Mr. and Mrs. Ralph Downing, Trout Creek, have as their guest Mr. Downing's father, Mr. A. G. Downing of Rosedale.

Pup and Boots were both kept in mind by the designer of this tray-mat of heavy ribbed polythene. For the pup, it is suggested as an ideal spot for his feeding dish since the plate cannot be nudged off the mat. For winter footwear, the raised edge catches the drips preventing marks on floors and carpets. The tray has many other uses such as holding baby accessories or flower pots. The plastic mat can be easily washed with soap and water and folded out of sight when not in use.

OES Hold Annual Fall Tea Here

Annual Fall Tea of the Summerland Chapter of the Order of the Eastern Star was held in the IOOF Hall October 25th. The hall was beautifully decorated for the occasion in Autumn colors.

Mrs. George Washington, associated matron, received the guests in the absence of Mrs. Thomas Marsh, worthy matron.

Co-conveners for the occasion were Mrs. G. A. Laidlaw and Mrs. K. Heales.

The larger tea table was covered with a lace cloth and arranged with a beautiful bowl of 'mums in tawny autumn shades with tall yellow candles in silver sconces on either side.

Pouring at first were Mrs. Earle Wilson and Mrs. John McPahl who were relieved later by Mrs. Simms and Mrs. Eva Smith, both of Peachland.

Decorations for this table were planned by Mrs. Jim Green and Mrs. Frank Maddocks. The smaller teatable, presided over by Mrs. George Clark, was decorated by Mrs. A. D. Wilson and Mrs. David Munn. A single large 'mum and greenery was a pretty decor set in pottery bowls made by Mrs. Wilson.

Assisting in serving were Mrs. M. F. Welsh, Mrs. J. P. Sheeley, Mrs. Harvey Wilson, Mrs. J. M. McArthur, and Mrs. R. S. Oxley, while refreshments were planned by Mrs. A. F. Calder and Mrs. George Washington.

Making tea and seeing that everything moved with dispatch from the kitchen, Mrs. Nels Charlton convener, had the help of Mrs. A. J. Berry, Mrs. D. B. Clark, Mrs. J. R. Butler, Mrs. W. W. Borton and Mrs. Don Fisher.

Home cooking was convened by Mrs. S. W. J. Feltham, Mrs. C. J. Bleasdale and Mrs. James Marshall and a large stock of delicious supplies sold quickly along with large quantities of flowers.

Mrs. Jack Dunsdon and Mrs. Art Dunsdon were in charge of

advertising.

Mrs. Mel Cousins and Mrs. Eve Bingham were responsible for the hamper to which each member donated, Mrs. J. W. Mitchell of Oliver, a former resident, held the lucky ticket.

At the door Mrs. Florence Stark received the tea money. Guests were present from Peachland and from Penticton, to enjoy the pleasant afternoon.

Accord Reached Here Between Teachers and School Board

An agreement on teachers' salaries for 1959 has been reached by the Board of School Trustees and the Summerland Teachers' Association by negotiation. This negotiation had been requested by the teachers.

By the new agreement the Board consented to share the cost of teachers MSA on a fifty-fifty basis, gave some increase in administration and supervision allowances and gave an al-

lowance for head teachers in small schools.

The general salary scale, it was agreed, will be the same as will be decided, by whatever means, in Penticton School District, for 1959.

British Columbia's new legislation governing salary negotiations between school boards and teachers is being put to the critical test of experience this fall. For the first time, under the new Public Schools Act, fixed expiration dates for negotiation, conciliation and arbitration are in effect, and conciliation is a new procedure for both boards and teachers.

P. M. Hopkins, of Kitimat, president of the B.C. School Trustees Association, said today that it was extremely difficult at this stage to assess the pro-

vince-wide situation, but the general atmosphere of negotiation appears good.

"Salary demands vary widely through B.C.," he said, "They range from small increases to is, as yet, no definite pattern of as much as 20 per cent. There settlement."

Mr. Hopkins pointed out that trustees and teachers are required — unless they have reached agreement by midnight of October 31 — to prepare for conciliation. They must, under the Act, appoint conciliators during the period November 1 to 5; and the conciliators must start their work between November 6 and 15. If no agreement is obtained by midnight of November 15, the question goes automatically to arbitration.

"However," Mr. Hopkins said, "even though conciliation procedures are under way, there is nothing in the period November 1 to November 15 to prevent trustees and teachers continuing negotiations in the hope of reaching settlement."

"Every opportunity to reach negotiated settlement is given in the new Act," he said, "and trustees are working with high hope that they will not have to resort to conciliation, nor arbitration."

BCTA officials noted that in negotiations so far teachers have taken a new "slant" in salary comparisons. They said the comparisons formerly used — between teachers and doctors and engineers — have been dropped in favor of comparisons between teachers and actuaries, estimators, etc.

General emphasis in proposals this year has been upon the "upper brackets" in the salary scale, and upon shortening the scale so teachers will arrive in the "upper brackets" more quickly.

Officials also said they were disturbed by the fact that many of the salary demands were being made on a percentage basis — that is, percentage increases over salaries now paid.

The effect of increases on this basis, they explained, would be larger increases for senior

teachers who are already receiving the high salaries based on their experience and certification, while smaller gains would go to the "new" teachers. This would result in widening the differential between beginning and experienced teachers, and would make it difficult to bring beginning salaries to more attractive levels.

New Cider Pack Being Shipped

Shipment of the new pack of Sparkling Cider commenced last week from the Caribou Brewing Co. plant in Princeton. Within two weeks it is expected that there will be distribution throughout British Columbia. The product is also being shipped to Alberta for the first time this fall.

A limited quantity of Sparkling Cider was marketed in B.C. last spring and proved to be so popular that it was quickly sold. A much larger pack will be put up this season.

Officials of B.C. Fruit Processors Ltd. in Kelowna stated that the new product is appearing in a smart redesigned package. A special machine has been imported from the European continent to apply gold foil to the neck of each bottle. It is anticipated that approximately 150,000 boxes of apples will be required for this season. The plant in Princeton is operating on a double shift.

B.C. Sparkling Cider is the first product of its kind to be marketed commercially on this continent. It has an alcoholic content of about 10 1/2 percent proof spirits. Already great interest has been shown by other apple growing areas.

Comings & Goings

Mr. and Mrs. John Smith have left to visit in Edmonton and in Winnipeg. They expect to be away two or three weeks.

Rev. Kutch Imayoshi has been appointed to head the new Baptist mission on Lulu Island which is sponsored by Trinity Baptist Church, Vancouver. Before taking up his new position Mr. Imayoshi will supply at the First Baptist Church, Kelowna, for a few months.

Ross Tingley, whose parents, Mr. and Mrs. Roger Tingley, live in Summerland, has been transferred to Calgary.

Mr. and Mrs. Eric Bullock spent a week's holiday south of the border.

Mrs. Harry Darke of Trail was a week-end visitor at the home of her aunt, Mrs. James Darke.

Visiting last weekend at the home of Mr. and Mrs. Ken Taylor were Mrs. Taylor's brother and sister-in-law of Blind River, Ont.

Clayton Darke of North Vancouver has been spending a few days visiting his mother, Mrs. James Darke.

Hallowe'en, 1958, will be remembered as one of the worst experienced in Summerland insofar as wanton, vicious damage is concerned. One gang of between fifteen and twenty was responsible for the destruction of the flower containers and wrecking of signs on Granville an adjacent streets. One of the worst acts of vandalism was the chopping down of trees, an act attributed to one or more high school students with a grudge against a teacher. RCMP are taking action against some of the Hallowe'en vandals and summonses have been served.

Apricots Marketed As Puree

British Columbia apricot trees have been given a new lease of life by fruit processing discoveries.

Two years ago, recalls F. E. Atkinson of Summerland Experimental Farm, leaders in the industry were advocating that apricot trees be cut as there was over-production and no visible chance of selling additional crops.

Apricot puree had been worked on in the Fruit and Vegetable Processing Laboratory about 1940 but there had been "no commercial adaption of puree."

Interested British Columbia fruit processors asked the laboratory two years ago to prepare samples of apricots, peach and pear puree of 24 per cent total soluble solids.

Orders Placed
These samples were acceptable to prospective customers and a rising film evaporator was installed in time for the 1958 crop.

Orders were obtained for 28,000 cases of six 105-ounce cans but, because of other uses already developed by

processors, only 10,000 cases could be supplied.

A price under consideration is considered acceptable to growers and should revitalize the apricot grower industry.

Hundreds of tons of apricots damaged by hail this year would have been worthless had it not been for the new outlet.

Work is now being carried on to peach puree.

Juice for Babies
Blended fruit juices for babies may prove another profitable outlet for surplus. Okanagan Valley fruit.

Specialized infant foods have become popular, points out A. W. Moyles, also of Summerland Experimental Farm, and has spurred interest in juice blends like apple-pineapple, apple-prune, apple-apricot and apple-grape.

Development of satisfactory formulations, he explains, will mean a valuable outlet for surplus fruit and fruit unsatisfactory for the fresh market.

In all blends opalescent McIntosh juice has been the basic ingredient, constituting 33 to 67 per cent of the fruit drink.

The apple-apricot samples contained from 17 to 28 per cent apricot puree. In other blends, fruit other than apple was employed in concentrate form and ranged from four to 11 per cent.

Balance of the formulation consisted of sugar and water.

Huge Crop Of Ontario Apples

Arthur Oughtred of Clarkson, chairman of the Ontario Apple Growers' Association, said this year's apple crop is one of the biggest in Ontario's history.

He said more than 5,000,000 bushels will be picked in Ontario, and the total crop for Canada will total about 15,000,000.

The huge crop has meant low prices for the growers, who are getting as low as 75 cents a bushel for McIntosh Reds. Snow apples are selling "at any price the grower can get," Mr. Oughtred said.

He said one-quarter of the southern Ontario crop was wasted. "They had too many apples this year and no market for them."

New Peach Varieties

In the September 1958 issue of the BCFGA Quarterly Report, Dr. D. V. Fisher of the Summerland Experimental Farm is the author of an article "The New Look in Peach Varieties."

Dr. Fisher says in part "The Vee peaches have been the mainstay of the Okanagan peach industry for years but chances are that they too will be replaced by firmer varieties with better handling qualities in years to come."

Some weeks ago this column referred to the same peach problems as those mentioned by Dr. Fisher, and we suggested at that time the Vee peach was not good enough, that there were new varieties of good flavor, superior firmness and appearance, more uniform ripening qualities, and that these new peaches could replace the Vees.

We are glad to see that the eminent Summerland horticulturist has come to similar conclusions, and this should help growers in planning their peach plantings for the spring of 1959.

Dr. Fisher does not come right out and recommend any particular varieties. In fact, he says that "It will take several more years of testing to learn more of the canning possibilities of some of these varieties and to include other firm type peaches in the above list." The list mentioned included new and old varieties showing maturity dates.

New varieties are going to play an important part in the near future, and the grower who contemplates new peach plantings next spring would do well to give first consideration to some of these new varieties.

Vans And Sams
Of late years cherries have lost favor with many growers because of tree losses from winter injury and heavy damage to the crop by rain just before or at harvest time. The Bing variety appears to have taken the heaviest losses.

On the whole, Lamberts have fared better than Bings. The Van, being less susceptible to splitting, has gained considerable favor, but the short stem on this variety and its heavy bearing habit which results in reduction of fruit size, are undesirable characteristics. I am inclined to think heavier pruning of the older Van trees will keep the tree vigorous and maintain size in the fruit.

There is increasing interest in the Sam cherry. This, like the Van, is a product of the Summerland Farm. The Sam has characteristics similar to those of the Van, but with a longer stem.

Cots And Pears

Many growers have abandoned the apricot and will not be planting any more. There are a few orchards where apricots thrive and good crops are raised, but for most of us in the Oliver and Osoyoos districts the record shows the apricot as a poor bet.

The apricot has a nasty habit of appearing in the spring with a beautiful bloom, setting a good crop, and then dying on its feet when the fruit is half grown or just before picking time.

No more 'cot planting for me. My soil is not suitable or else I don't know how to grow this truly luscious fruit from the eastern shores of the Mediterranean.

The prune has been kicked around a lot and probably gets less attention than any other fruit in the orchard. This poor cousin from across the tracks maker of late years.

Bartlett pears probably have been the most consistent contributors to the grower's income but pears have their headaches. The two main problems with Bartletts are fireblight and pear decline, both of which have resulted in heavy losses to many growers. The D'Anjou variety has its own private problem — bitter pit — which hits the crop all too frequently.

If, after reading all this you still don't know what to plant a good indication that you are a perfectly normal fruit grower who is in exactly the same fix as most other growers.

Be sure to order your trees early.

More For Liquor Than Paid For Social Services

This past week visitors at the home of Mr. and Mrs. Howard Milne were Mrs. W. S. Watson an Mrs. E. W. Crawford of Vancouver. Mrs. Watson is the Provincial Director of the WCTU and Mrs. Crawford is the Educational director.

Their special project in touring the Okanagan is to present the Christian Education approach to the drinking situation, which is becoming a major problem in Canada today.

At an open meeting Friday evening Mrs. Watson drew attention to the fact that 70 percent of the adult population of Canada are not abstainers and over 80 percent in British Columbia.

B.C. has the highest rate of drinking per capita, the highest rate of alcoholism, of crime, of juvenile delinquency, of any province in Canada. The latter would seem to be the result of such a high percentage of drinking. Alcoholism is increasing at the rate of 12,000 a year in Canada and every day in B. C. there are four new alcoholics.

From the financial angle comparisons highlight the cost of drinking to society: statistics indicate that nine million dollars is given to church causes 140 million to community services as against one billion, 48 million last year in Canada, spent on liquor.

While the above are sobering facts the speaker felt that there is an awakening interest in the province as the results of drinking touch more lives and as public spirited citizens realize they have an obligation to the society of their day. The WCTU is working on a prevention programme through factual information, visual education, tape recordings, medal and poster contest Sunday School Temperance lessons, and other avenues whereby they are trying to alert the public to the magnitude and seriousness of the problem and the necessity of finding a constructive solution. This is important if Canada is to prevent the weakening of her whole moral fibre by liquor.

Bowling News

by GLEN FELL

In league play this week the Highlighters took 4 points off the Spudniks, the Diehards took 4 points off the Trout Creekers; the Highlighters outbowled the Les Bumbs by 4 to 0; the Pentiks and the Baby Austins split their games; the Baby Austins lost out to the Misfits by 3 to 1, the Occidentals took 4 points off the Beebops; the Rollaways and the Cackleberries split their games; the Whizbangs outbowled the Northern Lights by 4 to 0 and the Kingpins and the Hobos split their games.

League standing to date is as follows:

Diehards	15
Kingpins	14
Occidentals	13
Hilltoppers	13
Whizbangs	13
Misfits	12
Highlighters	10
Cackleberries	10
Beebops	10
Trout Creekers	10
Northern Lights	9
Hobos	9
Baby Austins	8
Pentiks	8
Albertans	8
Rollaways	7
Les Bumbs	5
Spudniks	5

Muriel Walker won double honors by bowling a 276 and a 626 for the ladies high single and the ladies high three! Don Clark bowled a 705 for the men's high three and Imre Toth rolled a 309 for the men's high single. Congratulations on your league "300" Imre. The Occidentals were the high team this week with a total of 3032 pins. Seems as though the Occidentals were outstanding in almost everything this week! More news, views and comments next week.

MEETING

Friday Night - 7.30

I.O.O.F. HALL

Colour films "The Salmon Struggle for Survival" and "The Sensitive Sockeye", with an address by Mr. Tom Parkin, representing the Fishermen's Union, and Federal Fisheries Department.

General Business.

NO CHARGE - EVERYBODY WELCOME

Youth Centre Fund Near \$1,500

Almost \$1,500 has been subscribed so far in the annual Youth Centre fund campaign, but the directors are hopeful that with some organizations yet to be heard from and with late donations that the \$1,500 mark will be considerably surpassed.

Objective this year was more than \$2,000 owing to extensive alterations and additions to the Youth Centre building.

Directors of the Youth Cen-

Growers

Continued from Front Page the possibility that this thinking will be shaped from superficial reading of the report with the possibility of the findings being exaggerated or minimized.

These are the dangers implicit in the unfortunate timing which will see release of the report less than two months before the annual convention and with the Christmas and New Year's holiday season in between.

To meet this situation the executive could decide to postpone the annual convention until say the middle of March which should give ample time for study of the report, or it could rule that no late resolutions dealing with the MacPhee report, nor any discussion of the report, will be allowed at the January convention which would be confined strictly to routine business.

If the executive follows the latter course, then it would be up to the delegates in convention assembled to set the dates for a later emergency convention to deal exclusively with the MacPhee report.

Two things the growers do not want and that is action on the report without adequate study and vice versa — they do not want any prolonged delay before action on the report is taken.

Wait for it . . .

CRANNA'S BIG ANNIVERSARY SALE

Association are, however, pleased with the response to date and have expressed their appreciation of the many contributions. More than 500 individuals have so far contributed to the fund.

Anyone missed by the canvassers and who wish to donate to this youth work can do so by leaving their donation at Read and Prudens.

Nalos Sawmill Destroyed By Fire

Fire of undetermined origin completely destroyed the Nalos Company Sawmill located at Faulder, six miles west of Summerland in the early hours of last Saturday morning.

Forty men are now unemployed as a result of the blaze and according to mill manager K. G. Marten, there are at present no plans to rebuild.

Loss is estimated at \$150,000. Watchman Ernie Clarke had just made his rounds and returned to his quarters when about ten minutes later he was drawn to the window by the flames.

Within five minutes the mill was engulfed. Members of the Summerland fire department and millworkers could only confine the blaze to the mill-site but couldn't stop it from destroying everything.

The fire will throw 40 men out of work. Mr. Marten stated there are no plans to rebuild.

CCF Association Annual Meeting

The CCF South Okanagan Constituency Association held the Annual Meeting in Herbert's Business College last Thursday night. Officers elected for the coming year are as follows: Chairman, Mr. T. D. Dyson, East Kelowna; Vice-Chairman, Mr. W. Ratzlaff, Westbank; Treasurer, Mrs. Mary Carlyle, Kelowna; Secretary, Mrs. B. Bedel, Kelowna; Provincial Councillor, Mr. John Newman, Kelowna. Main business of the evening concerned planning for the CCF-Trade Union Conference to be held on November 8th and 9th from 10:00 a.m. until 5:00 p.m. at the Canadian Legion Hall, Kelowna. The ladies, with a committee under the chairmanship of Mrs. R. Casner plan to serve a hot turkey supper to the delegates on Saturday, November 8th.

Obituary

The death took place on October 21st, 1958 in Royal Jubilee Hospital, Victoria, of Oliver Eaton, former of West Summerland, after several months illness.

Eaton, formerly of West Summerland, worked on farms around Winnipeg. He left in 1914 to join the British Navy, and served with the Royal Marines at Gallipoli, and later in France, where he was wounded. In 1919 he returned to Canada and engaged in farming activities on Saltspring Island and other places. During the Second World War he was with the Canadian Legion War Services at Debert Camp, Nova Scotia, and at Cornwallis Naval Base, and kept up his association with the Legion over many years.

He is survived by his wife and one son, Edward, at the residence, 3801, Epsom Drive, Victoria, B.C.

Funeral services were held from Summerland United Church Friday for Walter Powers, 69, formerly operating the Penticton Flower Shop, who died at Vernon, October 29.

Mr. Powers resided in Summerland for the past seven years after retiring from the flower shop business.

He is survived by his wife Sarah, and three sisters and two brothers in England.

Officiating at the funeral was Rev. C. O. Richmond, with committal in Peach Orchard Cemetery.

Roselawn Funeral Home was in charge of arrangements.

Fraser Valley poultry farmers are facing ruin unless protection against importation of below cost of production fryers and boilers from Washington State is provided, so reads a coast newspaper story.

There it is again, the old vexed question of protection. The plaint of the Fraser Valley poultry farmers comes at a time when the United States is vigorously protesting the Federal government's new custom regulation which, if it is ever implemented will afford some measure of protection to the fruit and vegetable growers against below cost of production importations from across the line.

Soft fruit growers in the Okanagan are particularly vulnerable to this annual invasion of low-priced soft fruits from across the line and they are hoping against hope that the Federal Government will make the new legislation stick, despite the howl from across the line.

The Americans claim that the new legislation, which empowers tariff impositions on fruit and vegetables being shipped across the line at less than cost of production, is a violation of the General Agreement on Trade and Tariffs, known as "GATT."

Technically that may be so, but doesn't the American practice of increasing the tariff on zinc and lead and other products of the Canadian mining industry when they threaten the American mining industry, violate the same principle the Americans are arguing about?

This question of tariffs is a ticklish subject. For example some housewife in Vancouver will ask with considerable indignation why she shouldn't be able to buy American soft fruits or poultry at less than cost of production, if the American producers are prepared to sell at that low price.

There is, beyond doubt much to be said for such an argument. It is a beautiful argument — let's do away with tariffs altogether — let's have free trade — no customs — everything finds its true level — presto we here in Canada could buy an automobile hundreds of dollars cheaper than we can now — Washington fruit would flood in earlier and at low cost. "Hurrah!" says the housewife, whose husband works for an American television branch manufacturing factory in Vancouver, "this is lovely." But the housewife suddenly finds that, although she can buy a lot cheaper she hasn't the wherewithal to buy cheaply. Her husband has lost his job. The American company, with no tariff wall to jump doesn't need the Canadian factory.

And so it would go on. The Ontario cities, homes of the big automobile factories would become near ghost towns overnight.

And so we must face up to it, tariff walls create and protect Canadian jobs. If we accept that fact and if Canada is to continue its industrialization, it goes without saying that common justice demands protection should be provided all along the line.

It doesn't make sense, nor justice, to expect a fruit grower, without tariff protection, to have to pay higher for his suit of clothes because the government in its wisdom has seen fit to protect Canada's textile industry from lower priced importations of the British textile industry.

Furthermore, what the growers of fruit and vegetables are seeking and what the Fraser Valley poultry farmers are seeking is not protection against fair competition, but protection against what is a singularly vicious method of dumping.

Tariffs and tariff policies are not easily arrived at. There has always to be some horse trading — but we see no reason why the Canadian government should give in to the United States on legislation which is not designed to stifle competition nor to point a pistol at the consumer's head — but legislation which will ensure fair competition, which the Canadian primary producer of fruit, vegetables and poultry is not afraid to meet.

Canadians pay a stiff price for the privilege of nationhood, for the privilege of living behind the great undefended border, which should perhaps, be marked out on the map in dollar signs, for it is a costly border behind which the Canadians have elected to live — but while this border is the factor in the high cost of living in Canada we must be prepared to accept that standard in all things where competition enters into the picture.

No segments of the people, such as the fruit growers of this Okanagan Valley nor the poultry farmers of the Fraser Valley should be sacrificed. If in the horse trading on tariffs the government sees fit to throw any industry or group of its nationals into the teeth of unfair competition, then the government has a responsibility to maintain the status quo with adequate floor prices.

One thing certain, the government cannot afford to discriminate in its policy of protection of Canadian industry at least not in any instance where not competition, but only unfair competition is the issue.

Fund Canvass Underway Here

This week and next canvassers for the British and Foreign Bible Society will be calling at homes in Summerland and district to give each one the opportunity to help in this great work. The Bible is the most wonderful book ever printed and today the entire Bible, or some portion of it, is being printed in over a thousand languages and yet there are still many people who have not yet the Bible in their own tongue. The support given to this work

in the past by the people of this Municipality of Summerland is very commendable. Of the \$48,000 approximate, received in B.C. last year through the various locals, almost \$1,000 came from this community. Only eight locals in B. C. gave more than did this community and among them were the largest cities of the province, Vancouver, wealthy West Vancouver, New Westminster and Victoria. For your support in the past and the support we anticipate this year, your local committee says a sincere "thank you" for your contributions to this great work.

WEST-SUMMERLAND, B.C.

Civic Election Picture Clarified, Vote Dec. 11

Councillor N. Holmes

Councillor W. B. Powell

Trustee W. A. Laidlaw

Municipal elections only involve two council seats this year and both Councillor Norman Holmes and Councillor Walter B. Powell, the two councillors whose terms expire at the end of the year, informed The Review today that they will seek re-election.

Reeve F. E. Atkinson, who is expected to return from a two months visit to Europe with Mrs. Atkinson at the end of the week, has another year to go, as do Councillors Eric Tait and Francis Stewart.

It is a different picture on the School Board. Three trustees retire at the end of the year and it is understood that two of them will not stand again.

Retiring is School Board Chairman W. A. Laidlaw who said today he will not seek re-election. Mr. Laidlaw has served four years.

Trustees W. C. McCutcheon and Harvey Wright are the other two retiring trustees, and neither could be contacted today to learn their intentions, but it is believed that Mr. McCutcheon will not run again, while Mr. Wright will allow his name to stand. With one year yet to go are trustees K. L. Boothe and T. S. Manning.

Nomination day is December 1 with voting day this year on Thursday, December 11.

In relation to the parks commissioners under the new regulations the parks commissioners will no longer be elected and council must set up machinery before the end of the year to allow for the appointment of its parks commissioners.

Lord's Day

The Lord's Day Alliance of Canada was organized at City Hall, Ottawa, in April, 1888, for the protection and preservation of the Lord's day.

In order that we may appreciate this day to a greater extent six local ministers will be speaking this coming Sunday, Nov. 16, on the general subject "Our Heritage, The Lord's Day". Your presence in your church this Sunday will help preserve this great heritage.

R. F. Irving.

B.C. Society Of Artists To Show In Kelowna

From November 17th to 30th, the British Columbia Society of Artists will show a distinguished group of oil and water colour paintings in the Board Room of the Okanagan Regional Library, Kelowna. On Wednesday, November 19th, tea will be served by the Kelowna Art Exhibit Society from 2:30 to 5:30 p.m. Visitors welcome.

More Than 300 Attend Remembrance Day Service

The Kinsmen Mobile Hearing Clinic was a huge success when it visited Summerland on Thursday, Nov. 6th. After careful screening by the Public Health Nurse, local doctors and teachers, 18 children went through the clinic in the one day of operation allotted to Summerland district. The soundproof trailer contains the latest audiometric equipment operated by skilled technician Miss Jean Semple from the Health Centre for Children. The clinic is a free service provided by public contribution to the Kinsmen sponsored Mother's March.

Despite inclement weather blustery winds and intermittent rain storms, more than 300 attended solemn Remembrance Day Services held at the Cenotaph in Memorial park here on Tuesday.

Veterans of Canada's two world wars paraded to the Cenotaph under command of Parade Marshal W. C. McCutcheon, M. M., and president of the local branch of the Canadian Legion, The Town Band, under leadership of W. A. "Bud" Stuart, lead the parade which included members of the Legion Ladies Auxiliary, Boy Scouts, Girl Guides and Brownies and Cubs. Rev. A. A. T. Northrup, Legion chaplain officiated at the solemn service assisted by other members of the Summerland ministry.

A Remembrance Day banquet was held on the evening of November 11 in the IOOF Hall, followed by a social evening at the Legion headquarters.

Remembrance Day Service At High School Here

Students and teachers of the Summerland High School joined in an impressive Remembrance service held in the school auditorium on Monday afternoon, prior to breaking up for the Remembrance Day holiday.

Legion president W. C. McCutcheon, M.M., and other members of the local branch of the Canadian Legion attended the school service.

Speaker's Club Reorganized

Summerland Speakers' Club has been reorganized after a three year lapse.

The club, which was one of the most popular in Summerland which operated for 18 years before its three year dormancy, will start again on Tuesday next, November 18, in the High School Library, at 8 p.m.

Twelve new members are already enrolled and there is room for four more. Several

former members have also signified their intention of taking a refresher course in the art of public speaking.

Classes will continue on through the winter until March 30 when a wind-up banquet will be held.

Anyone wishing to join the Summerland Speakers' Club should get in touch with either R. Tingley, Walter M. Wright or secretary-treasurer F. Gale.

First Community Overture Concert Brilliant Success

Summerland, always noted for its keen interest in all the arts, took a big step forward musically on Monday night with the introduction of its first concert under the Overture Concert Association. The visiting artist was the famous young American pianist, Ozan Marsh, whose mastery of technique and great gifts of interpretation stirred and delighted the large audience in the High School Auditorium. The notable success of this first venture augurs well for the future of community concerts in Summerland.

Great credit is due to the people who had the courage and foresight to undertake this project and have worked so hard to bring artists of such outstanding ability to our town.

Mr. A. K. Macleod, before introducing Mr. Marsh, welcomed visitors from Kelowna, Oliver and Penticton, who were in the audience. Mr. Macleod explained that Summerland holders of season tickets for the Overture

Concert Association could attend concerts in Kelowna and Oliver put on by the Association without extra charge; this would enable ticket holders to attend from eight to ten concerts in a season at those centres. Mr. Macleod also said that it was his hope of bringing such artists as Mr. Marsh to Summerland, that the organizations and persons interested had sponsored the purchase of the Chickering grand piano which is in the High School Auditorium.

Mr. Marsh's program ranged from classical to contemporary, that is, from Bach to Bartok, and gave great scope for the power and versatility of this fine artist. Contrast and variation were shown in many forms, from a breath-taking pianissimo to thunderous exuberance, from the golden ripples of a mountain lake to the Funeral March of Chopin.

Mr. Marsh has made a special study of the works of Franz Liszt and Frederic Chopin. In

introducing his Liszt section, he informed the audience that the great Toscanini had once told him that the three great pillars of keyboard composition were Bach, Beethoven and Liszt. Mr.

Ozan Marsh

Marsh had played from the works of Bach and Beethoven in the first part of his program; now his interpretation of Liszt's music was a revelation seldom heard of that composer's works. His picture of the lovely sunlit Lake Wallenstadt was followed by the lively Etude "The Chase". Then the exciting Hungarian Rhapsody No. 12 brought out all the romance and tempestuous moods of the Hungarian gypsies who inspired Liszt's rhapsodies.

In the second half of his program, Mr. Marsh opened with Chopin's Sonata in B flat minor, one of the composer's best known works. Mr. Marsh again spoke to the audience and explained that as Chopin could not fight for his beloved Poland, he wrote music to inspire his countrymen. This sonata portrays the life and death of a Polish knight and the third movement is the famous Funeral March. The short, unusual and eerie last movement has been called "night winds over the graves."

A well-known Prelude by Debussy began the last section; the second selection, the amusing "Diary of a Fly" by Bela Bartok, was played with full appreciation of its possibilities.

The final work of this illuminating program was a composition by Ozan Marsh himself, "March and Variations", set to the famous "Parade of the Wooden Soldiers." This was a most interesting and vigorous composition done with a fine spirit of fun. The technical difficulties which Mr. Marsh had posed for himself were dexterously overcome by the composer pianist.

Mr. Marsh's brilliant execution and complete control of the piano turned this exacting program into sheer beauty and an evening that will be remembered by all who heard it. In response to insistent applause the artist was generous with his encores.

It was heartening to see many young people and several chil-

dren among the audience. If our young people can hear artists of the calibre of Mr. Marsh and learn that classical music can be so thrilling and exciting and at times great fun - the work that has gone into procuring our community concerts will be more than worthwhile, to say nothing of the great enjoyment brought to the musically-conscious adults in the community.

After the concert a delightful reception for Mr. Marsh was held at the home of Mr. and Mrs. C. E. Emery. Invitations were extended to the Summerland people who had helped to organize and sell subscriptions to the Overture Concert Association. An opportunity was given to meet and chat with the guest of honor.

Two concerts will be presented by the Overture Concert Association before Christmas: In Kelowna on November 24, Miss Fredel Lack, violinist, and in Oliver, on December 5, Mr. Lorne Driscoll, tenor.

**Ottawa Wedding
 Of Interest Here**

A wedding of interest took place in Ottawa, Ontario, where the vows of Miss Gloria Elaine Nichol and Mr. Donald John Blacklock were heard in Bethel Tabernacle, on Saturday afternoon, October 4th.

The bride is the daughter of Mr. and Mrs. Arthur Nichol of Ottawa, and the bridegroom is the son of Mrs. Nora Blacklock, of West Summerland, B.C. and the late Mr. John Blacklock.

Rev. Gordon R. Upton officiated at the ceremony.

Mrs. Ruth Seres was soloist.

Given in marriage by her father, the bride was attended by Mrs. Doreen Walsh as matron of honour. The bridesmaids were Miss Marlene Nichol, sister of the bride, and Miss Dorothy Blacklock, sister of the groom. Diana and Nancy Andrussek were flower girls and Peter Andrussek was ring bearer.

Mr. Donald McDowell was the best man, and the ushers were Mr. David Purdie and Mr. George Wall.

The bride wore a floor-length gown of French faille, designed with a rounded portrait neckline of scalloped lace, and lily point sleeves, and a bouffant skirt with a fitted bodice, the skirt descending to a slight train. A crown of lace roses which matched her dress secured her chapel length veil of nylon illusion, and she carried a bible adorned with white snowdrop chrysanthemums and baby yellow roses tied to white ribbons falling from the Bible. She wore a single cultured drop pearl and pearl earrings, a gift of the groom.

The matron of honour wore a waltz length gown of bronze crystal charm with a fitted bodice and full skirt. The bridesmaids wore matching gowns of green crystal charm with matching headbands. The flower girls wore yellow dresses of crystal charm with headbands of bronze baby mums. All carried cascade bouquets of yellow and bronze chrysanthemums.

Going away the bride wore a dark brown suit of Virginia wool with beige accessories, and

a corsage of burnt orange Talisman roses.

The couple left on a motor trip to Florida, and after their return will reside in Ottawa.

Mrs. Blacklock is a graduate of Ottawa Civic Hospital School of Nursing, and Mr. Blacklock is a graduate of the University of British Columbia in Arts and School of Social Work.

**Marie McLachlan
 Honored at Shower**

On Tuesday, October 28, a surprise shower was held for Marie McLachlan, prior to her wedding, November 1, to Alfred Karlstrom. Mrs. Alvin Logie and Mrs. James Logie were co-hostesses at the home of the former.

The lovely gifts were put into a replica of the O.K. Valley Freight truck, pulled by Joanne Logie.

After the opening of the gifts games were played, the winners were Miss Donna Adams, Nella Huva, Shirley McAdams and Mrs. Marie Aiken.

Delicious refreshments were served buffet style.

Ladies present were: Marie McLachlan, Mrs. Marie Aiken, Mrs. E. Karlstrom, Mrs. D. Crisstantie, Mrs. George Smith, Mrs. Annie Johnston, Mrs. C. Adolph, Mrs. H. C. Whitaker, Mrs. Earl Smith, Mrs. Halborn, Mrs. G. Logie, Mrs. D. Hudson and the Misses Nella Huva, Donna McAdams, Shirley McAdams and Joanne Logie.

**Red Cross Sewing
 Group Start Work**

Twenty ladies met in the new Red Cross room at the Health Centre for the sewing groups initial meeting of the winter season.

The group was informed that the quilts and clothing which the group made and prepared were sent not only to disaster victims in this country but to seven foreign countries as well, namely Switzerland, Poland, Korea, Lebanon, India, Ceylon and Vietnam.

The Red Cross quarters are bright, comfortable and convenient, with lots of room for the many more workers which are needed.

Promenade

On Saturday, November 15, Square dancers are welcomed to Summerland. The Summerland Pairs and Squares are holding a party night in the Youth Centre Hall with Lloyd Shannon as emcee. Callers are invited to bring their own records. A sack lunch is the order of the day, so bring along a snack and it will be pooled. Coffee and tea will be provided.

Summerland callers are reminded that there will be a Callers' practice on Thursday night at the home of the president. Any local dancers wishing to have a little fun and to help the club callers out are most cordially invited.

Delegates from nine Okanagan clubs present at the meeting in the IOOF Hall, Penticton on November 9, decided to join a B. C. Square Dance Association. In addition the delegates were in agreement to form a local council. Ray Frederickson was appointed to represent the local council at the Kamloops organization meeting on Nov. 15. A local Council executive was chosen as follows: President Ray Frederickson; Pairs and Squares Club, Summerland; Vice-president, Earl Gokoy, Wheel n' Stars, Penticton; Secretary-treasurer, E. R. Hermiston, Pairs and Squares, Summerland. E.R.H.

**WHY
 IS WINTER
 THE
 BEST TIME—**

—for repairs, maintenance,
 renovation and general
 clean-up work around your
 home or place of business?

In the winter men and materials are more readily available, and small jobs get better attention and can be more economical during the cold weather lull. This applies particularly to building and renovation jobs.

Building and Gardening Page

Watch Frost Killing In Low Planters Growing Tulip Bulbs

The raised planters common to many modern homes where winters are severe pose a few problems to the gardener hoping to grow tulips or other spring-flowering bulbs in them.

If the planter is too shallow, its contents will be frozen. If the first row is planted too near the brick wall receiving warmth from the house it will grow first

and give the bed an uneven and unsightly appearance. If the outside row is too near the edge of the planter it may be killed by frost.

The Horticultural Division at the Central Experimental Farm found that bulbs planted between the middle of September and the middle of October give more uniform blooms than those planted later under garden conditions. Under artificial conditions bulbs were not damaged until soil temperature fell to 10 degrees Fahrenheit. Under natural conditions soil temperature does not go so low four to six inches below the soil or away from the planter edge.

Three New Lawn Grasses Outstanding

Three relatively new lawn grasses have proved outstanding at the Saanichton, B.C. Experimental Farm: They are: Penn-cross bentgrass; Pennlawn; and Merion bluegrass.

Penn-cross bentgrass, released by Pennsylvania University, shows outstanding seedling vigour. The seed germinates and becomes established from seven to ten days more quickly than Colonial bent grass. It forms a very dense, thick, dark green turf.

Creeping bentgrasses thrive in cool, wet climates and are a-

dapted to heavy, moisture-retentive soils. They spread mostly by overground runners and being very aggressive, quickly creep into flower beds. The overground runners must be frequently raked up and cut off, otherwise the lawn becomes coarse and patchy.

Bentgrasses require more work and better management than other lawn species.

Pennlawn, a variety of red fescue, has been a recent release by Pennsylvania University. Like Penn-cross, it shows outstanding seedling vigour and becomes established more quickly than other varieties of lawn fescues. This variety is fine-leaved, dark green in color and forms a dense, hard-wearing turf.

Fescues are highly recommended for home lawns as they will produce an excellent turf with a minimum of care.

Merion bluegrass originated in the United States and is superior to Kentucky bluegrass in tests at Saanichton. The leaves of Merion are coarser than Ken-

tucky and it produces a denser more vigorous, hard-wearing turf. Merion spreads by underground stems and is also difficult to keep out of flower beds.

It is more drought-resistant than Kentucky and when irrigated, continues to grow longer into the dry summer period than most other lawn species.

Household Hints

When mixing paint to match a sample color remember that colors in large areas are darker than in small areas so the sample should be much less intense than the desired color. It's a good idea to look at the color choice in both day and night too, for colors appear different under various lighting conditions.

If fall housecleaning chores include polishing silver then have some polythene bags handy. Shining silver stored in these bags comes out, for festive occasions, looking as bright as the day it was cleaned.

Here's a hint for the do-it-yourself painter. A soft bottle cleaning brush is just the thing for those hard-to-get-at places around radiators.

Housewives who have found that polythene dishpans are good for clean-up jobs around the house as well as for washing dishes, should give their stamp of approval to the newest ones now on the market. They're made with two handles, making them easier to carry about from job to job.

Pictured above is the well appointed interior of Garnett's Billiards. This well equipped well managed recreation centre is open for your inspection. George Garnett extends a special invitation to the ladies who are taking an increasing interest in this popular game all over North America. The well-lighted, beautifully decorated building is heated with Natural Gas and houses six full-size billiard tables.

Our picture shows George Garnett, the genial operator of Garnett's Billiards. Born and raised in Summerland, George has been in the business of billiard halls most of his life. The valuable experience he has accumulated over the years is your assurance of a well-ordered recreation centre where you can meet your friends for a friendly game. A well stocked refreshment counter with confections and soft drinks is there to serve you.

Comings & Goings

Mr. and Mrs. R. Gordon Robertson left Wednesday to spend the winter in California.

Miss Eleanor Barons, Burnaby, spent the weekend visiting her Aunt and Uncle, Mr. and Mrs. Ryan Lawley.

Mr. and Mrs. Jerry Adams and daughter spent the weekend at the home of Mr. Adams' parents, Mr. and Mrs. C. R. Adams.

M.V. Nolan of Whitehorse, Yukon Territory, has joined Mrs. Nolan to spend the winter in Summerland. They will occupy the Walter Wright's home while the Wrights are in California.

Visiting at the home of Mr. and Mrs. Howard Milne for a few days last week were Mr. and Mrs. Milo Coldren. Mr. Coldren is the Provincial Secretary for Inter-School Christmas Fellowship and he visited the local branch of this organization while here.

Mr. and Mrs. Gordon Smith spent the long weekend in Spokane.

Summerland Review

Wednesday, November 12, 1958

Mr. and Mrs. J. Sheeley and Jim visited in Seattle over the long weekend.

Mr. Jim Heavysides, accompanied by Mr. M. Ongaro spent the weekend hunting in the Rock Creek area.

Mr. Wm. Leach of Owen Sound, Ontario, is visiting his son-in-law and daughter. Mr. and Mrs. Ed. Krause.

Mr. and Mrs. John Glaser and daughter Mrs. L. Peters and Mrs. Ed. Krause spent a few days in Spokane last week.

Visiting at the home of Mr. and Mrs. Alex Kean over the long weekend were Mrs. Kean's parents, Mr. and Mrs. C. Nicholls of Haney.

Home from UBC the last weekend Miss Eileen Wilcox visited her parents, Dr. and Mrs. J. Wilcox.

Mr. and Mrs. Hugh McLarty have taken up permanent residence in Penticton.

Mr. and Mrs. Gordon Dinning were at Salmon Arm last week visiting their son and daughter-in-law, Mr. and Mrs. G. C. Dunning. They also went to see the salmon run.

Mr. and Mrs. Gordon MacArthur left Thursday on a fishing trip to Spences' Bridge, returning Sunday with a steelhead that tipped the scales at over twenty pounds.

Lorne Carston, of Creston, has been visiting with his parents in Parkdale and will leave Tuesday accompanied by his sister, Dot, who goes to Calgary to attend Canadian Comptometer school.

Jan Creighton has been visiting with the Carstons for the long weekend.

Mr. and Mrs. Sigurd Skrove of Craik, Sask., have purchased one of the Ken Young homes in the Ritchie subdivision and will reside there after spending the winter in the South.

Bowling News

by GLEN FELL
In league play this week the Beebops won out over the Trout Creekers by 3 to 1; Baby Austins outbowed the Rollaways by 3 to 1; the Les Bumbs and the Kingpins split their games; the Albertans lost out to the Spudniks by 1 to 3; the Whizbangs outbowed the Hobos by 3 to 1; the Hilltoppers won out over the Penticks by 3 to 1; the Misfits took 3 points off the Northern Lights; the Diehards took 4 points off the Cackleberries and the Occidentals took 4 points off the Highlighters.
League standing to date is as follows:

Diehards	19
Occidentals	17
Kingpins	16
Whizbangs	16
Hilltoppers	16
Misfits	15

Beebops	13
Trout Creekers	11
Baby Austins	11
Highlighters	10
Cackleberries	10
Hobos	10
Northern Lights	10
Penticks	9
Albertans	9
Rollaways	8
Spudniks	8
Les Bumbs	7

Beryl Fleebe bowled a 261 for the ladies high single and Bernice MacDonald bowled a 684 for the ladies high three. Foster Cunningham bowled a 296 and a 773 for both the men's high single and the men's high three. Congratulations on those double honors Foster! The Occidentals are once again the high team this week with a total of 2975 pins.

In a couples' tournament on Sunday, it was quite a surprise to the management to find that Eileen and Glenn Fell won first place honors, with a total of 2855 pins for the 12 games. Pentiction won 2nd place by rolling over 2771 pins. In 3rd Eileen Jakins and Art Clarke of place was Beryl Fleebe and Bill Hepperle with a total of 2612 pins.

Don't forget the Masquerade Party planned for November 28 at the I.O.O.F. Hall! I will give more details about the party in my next article. In the meantime, start thinking and planning for your costume right now!

PTA News

The regular monthly meeting of the Summerland Parent-Teacher Association was held in the High School Library on Thursday, November 6 with the president, Mrs. Clarence Adams in the chair.

A letter was received from the Holiday Theatre thanking the people of Summerland for their interest and stating that they were taking a year off to consider reorganizing under a different financial arrangement. The secretary was asked to write expressing this association's appreciation and continued interest and the hope that the Holiday Theatre would continue to bring fairy tales in live theatre to delight the children of the province.

The P-TA is the sponsoring organization for Teen Town and after some discussion it was decided to form a committee and meet with Mr. Bigsby and report to the next meeting.

Following the business agenda Mrs. Wilcox introduced the panel, Mrs. B. Williams, Mr. Oxley, Mr. Weeks and Mr. Minchin took part. Further comments on this interesting discussion relating to sports in our schools will be given in next week's P-TA news.

The annual P-TA rummage sale held Saturday, November 8 in the IOOF Hall, was a success thanks to the co-operation of the parents and the High school students. The object was to meet the pledge to the community plan and help boost the bursary fund. Besides all those who helped with their contributions, the sale was in charge of Mrs. Adams, Mrs. Emery, Mrs. Macleod, Mr. and Mrs. Doug Campbell, Mrs. H. Dunsdon, Mrs. Greensale, Mrs. Grazeley, Mrs. Turbane and Mrs. Gunnarson. The selling was brisk and the results gratifying. Articles unsold were gladly accepted by the Salvation Army.

Miss Margaret Lott, who is attending UBC, spent the weekend at the home of her parents, Mr. and Mrs. T. B. Lott.

Mr. John Adams was home from UBC to spend the weekend with his parents, Mr. and Mrs. C. R. Adams.

Engagement

Mr. and Mrs. Alfred H. Jones, of Victoria, B.C., announce the engagement of their only daughter, Marjorie Eileen to Mr. Donald Richard Currie, son of Mr. and Mrs. James Currie of West Summerland, B.C. The wedding will take place on Saturday, December 13th at 2:30 p.m. in St. Martin's in the Field Anglican Church, Victoria, B.C., Rev. S. J. Wickens officiating.

VOL 13, NO. 47

Wednesday November 19, 1958

WEST SUMMERLAND, B.C.

17 Percent Freight Rate Increase Looms Threat To Fruit Industry

British Columbia fruit growers may have to absorb an additional \$250,000 per crop year in freight costs if a rail transport board hike of 17 percent is established.

The only way it can be avoided is through emergency assistance granted by the federal government.

This jolting news is the opinion of B.C. Tree Fruits transport expert Steve Webster. There appeared to be no prospects of passing on any increase in transportation costs to fruit industry customers.

Mr. Webster said that the report received on Monday that the board has awarded a 17 percent general increase to the railways, effective December 1, could be "very, very serious news for the British Columbia fruit industry."

Not Official Yet. "We have not yet received official advice from Ottawa and we are still hoping for special consideration by way of exemption," Mr. Webster said.

He said an appeal was made to Ottawa only last Thursday "and we understand the eight provinces, excluding Ontario and Quebec, but including B.C. are doing all they can to oppose or delay any new increase."

Mr. Webster added no news had yet been received from Ottawa in respect to the equalization case pursuant to hearings in Kelowna last March and in Ottawa last June. And the board has evidently given priority handling to the later application of the railways for an increase.

The official added: "Due to the softening influence of competitive rates particularly those available to and from border stations such as Oroville, Wash., Portal, N.D., and Moyes, Minn., at worst the full 17 per cent may not be expected to be added to all fruit rates from the Okanagan to western Canadian markets."

"If the new increase is applied against our shipments, it is probable that considerable tonnage will be diverted by truck at this end, via Oroville, and at the other end, from Portal and Noyes to southern Saskatchewan and Manitoba destinations."

BCFGA MEETING

Members of the Summerland BCFGa local are requested to attend the annual meeting of the local to be held in the IOOF Hall on Thursday of next week at 8 p.m.

MACS IN ACTION

Miles Gillard of Summerland and goalie Don Moog starred in the two game exhibition series at Prince George in which the Summerland Macs intermediate hockey team won 4-1 and tied the second game 6-6.

STEWARDSHIP MEETING

Summerland's municipal council will report on the past year of administration at the annual Stewardship meeting to be held on Wednesday in the High School Auditorium at 8 p.m.

MAKING MONEY — for the Students' Open House on Friday of this week are Shirley Anderson, Mitz Jomori and Anita Watson. A dollar gets you \$100 of the stuff they're making and access to bargains/galore.

Water gushing from a broken water main Monday afternoon almost isolated Summerland's High School, creating a Venice-like scene, see above. Rumors that the school had been inundated with water led to some students phoning in to ask hope, fully if the school would be closed Tuesday.

EDITORIAL

A routine check at the RCMP office here today revealed a very disturbing situation.

Summerland people will not have forgotten the senseless Halloween vandalism which saw the destruction of the flower containers on Granville Street. Opinion then was unanimous that the hoodlums who took advantage of Halloween to perpetrate such acts, deserved to have the book thrown at them.

The police did considerable investigating and prepared the groundwork for the issuance of summonses which would have brought the culprits into court long before now, but for one thing, lack of witnesses—not for lack of people who actually saw the hoodlums at their destructive work but for lack of witnesses who are prepared to come forward and testify in court and to identify the culprits.

So the Review's query to the police: "When are the Halloween cases coming up?" was met with a shrug of the shoulders. "We've done all that can be done," the police told the Review, "unless and until the people who saw the gang and can identify the gang are prepared to make their identification and give their testimony in court."

That is the way the matter stands — it appears that the hoodlums are going to get away with it and to be encouraged to further moronic antics.

This unwillingness of witnesses to testify in this matter is very serious indeed. Law and order prevails in Canada not through multiplicity of its police forces, but by and large, because Canadians are a law abiding people and are on the side of law and order. It will be a sorry day for Canada if this ever ceases to be the case and when through fear or intimidation or for any cause whatsoever the people of Canada refuse to aid in the maintaining of law and order. A citizen has a duty to assist the police in their work. In fact without the assistance of citizens the police could not maintain law and order without the introduction of police state tactics repugnant to Canadians.

We can only hope that the people who saw the Halloween hoodlums in action will reconsider and that their sense of duty as citizens will prevail and that they will do what is, admittedly, an unpleasant task, but one which, as good citizens, they should be prepared to do.

Fruit Transportation Charge Dismissed

Two charges against Emil Wanke and Herbert Hass, orchardists, both of Oliver, B.C. under the Natural Products Marketing (British Columbia) Act, the Scheme and Regulations were dismissed by Stipendiary Magistrate Milton C. Switzer of Abbotsford, B.C.

Both Emil Wanke and Herbert Hass were charged with unlawfully transporting fruit on Highway No. 1 in the Village of Abbotsford, B.C. and the trial was heard by the Magistrate on Friday, November 7th last. Emil Wanke was charged with transporting between 1,400 and 1,650 pounds of apples and Herbert Hass was charged with transporting between 1,000 and 1,250 pounds of apples and other fruit.

The defence denied there was a transporting of fruit and raised a number of arguments challenging the validity of the legislation.

Frank Wilson was counsel for the British Columbia Fruit Board and Frank C. Christian was counsel for the defendants, Wanke and Hass.

Amongst other things, Mr. Christian contended that the marketing legislation was in restraint of trade and that the legislation was ultra vires of the Provincial Legislature and the matter related solely to federal jurisdiction.

It is expected that the decision of the Magistrate will be appealed.

High School "Open House" On Friday

The Summerland Junior, Senior High School is a scene of bustling eleventh hour preparations for the third Annual Open House. Zero hour is 7 p.m. Friday, November 21, when the general public is invited to participate in the funny money exhibition, carnival extravaganza of the school year. This is one of the major efforts of the student body — an effort proven so successful in the past two years — to have parents and friends in to the school to witness displays, to see some results of student effort in various fields and to generally have a good time with the youngsters.

Everyone is made rich at the door, where one dollar will purchase \$100,000. From there on it is a millionaire's holiday with attractions for all ages. A baby-sitting room complete with toys, cartoons and built-in baby sitters will entertain the younger children, while Mom and Dad are bravely (?) investigating the haunted corridors of the House of Horrors. A variety concert, featuring student and adult entertainment will show three times in the gymnasium; games of skill will provide challenges and frustrations in the auditorium; booths and side-shows will present cartooning contests, guessing contests, book trades, a pie-eating competition to mention only a few.

The annual event which has been supported so generously in the past, provides funds for the promotion of the school band and student council activities.

Youth Should Be Un-Educated To Halloween

A letter from the Summerland District School Board to the Municipal Council suggesting that a representative meeting be held in the spring to discuss the problem arising out of the last Halloween celebrations, sparked a new idea.

Council is of the opinion that the job is not one of educating but uneducating youth to Halloween.

It was pointed out that everyone allows their children from a very early age to go out on the trick and treat routine and that this establishes a pattern and as the youngsters get older tricks become increasingly violent, until they get beyond all bounds of reasonableness.

Halloween should be allowed to die a natural death some of the Council thought, suggesting that there should be no emphasis on Halloween whatsoever.

A curfew on the night of October 31 was also suggested as a means of curbing the senseless vandalism which marred the recent Halloween observances here.

Flying through the air with the greatest of ease, Richard Varty goes through his paces in readiness for the Open House Gymnasium show on Friday at the High School. Waiting his turn at the spring board is Gordon Smith.

David Petvinchuck and Satoshi Uchida display a poster which tells what it is all about.

Plans for the big Open House do at the High School on Friday are discussed by School Band President Victor Uegama and Student Council president Ted Hannah. These two organizations will share the proceeds of the night of whoopee.

Dental Clinic

The School Board is planning a preventive dental program for Grade 1 pupils commencing at the first of the new year. This program will be operated in co-operation with the South Okanagan Health Unit and Dr. J. P. Ratzlaff, the local dentist. The purpose will be that pupils will receive necessary dental treatment at a critical age at a nominal cost to parents.

Two hours of dental treatment are allotted for each child for the year but it is expected that the number of appointments will depend upon the need of the individual child. Parents will be notified of the time of each appointment and will be expected to provide any necessary transportation to the dental office.

The treatment to be provided will be of a preventive nature and will not include emergency or chronic conditions.

Registration and consent forms will be sent to parents from the Principal's office, MacDonald School and these will be filled in and returned with a registration fee of \$2.00 per child. This will be the only cost to the parent.

It is hoped that parents will realize the opportunity and be prompt in registering their children in order that the program may commence without delay at the opening of the January term.

C.A.R.S. CAMPAIGN OVER TOP HERE

Mrs. Lloyd Shannon, convenor of the canvass for the Canadian Arthritic and Rheumatism Society drive in Summerland, announced today that total sum raised was \$988.52.

Canvassers were members of Okanagan Lodge No. 58, IOOF, and of Faith Rebekah Lodge, No. 32.

Land Set Aside For Cemetery

Summerland folk with a sense of humor are chuckling over the decision of Municipal Council, made last Thursday, to set aside ten acres of Municipal land in Paradise Flats for cemetery purposes.

Commented one resident, "well it's something to know for sure that I'll be going to Paradise."

Request for the setting aside of a new cemetery tract was made by the Summerland Ministerial Association which pointed out that there is little land left at Peach Orchard Cemetery and at the Anglican cemetery on Giant's Head Road.

The Ministerial Association also asked that the cemetery be made a lawn type, with flat markers.

Access to the cemetery will be opened at all times as the school buses and rural mail delivery travels the road.

Letter to Editor

The Editor,
Summerland Review.

"Clotted Cream"

The very interesting article recently contributed by Mrs. Mary Orr to the Summerland Review, is, let us hope, the forerunner of many such stories.

Her reference to the making of Devonshire cream aroused my interest, as that delectable adjunct to apple pie, strawberry jam, junket, etc., is one of my earliest gastronomic recollections.

I well remember my grandmother's Cornish dairy with its wide shelves of blue slate slabs where the big pans of rich new milk rested awaiting the rising of the cream, which took about twelve hours; when ready the pans were carried very carefully to the kitchen range and heated until the top of the milk was covered with thick, crinkled, golden cream, it was then taken back to the dairy to cool and set for another twelve hours before being skimmed. After skimming the cream was then brought to the white "deal" kitchen table and my grandmother went to work on it. She did not use a churn; dressed in a lilac colored print dress with a spotlessly white linen apron covering it and a lilac "sun bonnet" on her greying hair, she rolled her sleeves above her elbows and thrusting her white firm hands into the thick cream, she kneaded it in the same way as she kneaded her bread dough, pounding and rolling it until the buttermilk came oozing out and the butter "came"; then the butter was salted and made into pats, pressed into a mould that marked it with the image of a "contented" cow and then wrapped in clean cheese cloth and stored on a special shelf in the dairy.

The buttermilk, sweet and fresh, with bobs of cream still floating in it, was given to us children to drink.

My grandmother allowed no one but herself to make the butter; she made it for her household use only; but occasionally there was a surplus which went with other farm produce to the market. Going to market was great fun; we left the farm in the market cart at 5 a.m. driving about five miles to the "quay" where we boarded a steam vessel for the twenty odd mile trip on the river Tamar.

The Tamar divides the counties of Devon and Cornwall rising near Morwenstowe in the north and mingling its waters with two other rivers before it reaches Plymouth Sound in the south.

My grandfather's farm was on the Cornish side of the river; we called our cream Cornish cream and, truly, Cornwall was the original home of clotted cream. We should say, English homes, for history tells us of

Editorial

Wednesday November 19, 1958

School Hours In B.C.

British Columbia in 1958 had the shortest school year in Canada, excepting only Newfoundland. It works out at less than half a year of actual instruction.

The number of prescribed school days in the school year as established by the department of education for this year was 194. Taking into account additional holidays over and above those set out in the school calendar, and deducting time required for writing Christmas and Easter examinations along with "free" time for students passing by recommendation, the "year" for many students is reduced in 1958 to 171½ days.

These figures were supplied by the B.C. School Trustees Association following a lengthy survey. Initiated by demands of school boards at various provincial centres, which said the B.C. school system was "too soft" the survey was carried out by R. T. Cubbon, BCSTA research assistant, under direction of a special committee headed by John Williams of Sooke, Vancouver Island representative to the BCSTA executive.

"Results of this survey have confirmed the charges of those who claimed that school facilities were not being utilized to the fullest extent and points up the fact that 1958 instruction time for B.C. students is one of the shortest in Canada," said Mr. Williams.

"This study will continue, because figures do not tell the whole story," Mr. Williams added: "But they are startling enough to back up those boards which have asked for a longer school year to provide maximum use of school buildings and equipment."

In his comparison of school years, Mr. Cubbon found that Newfoundland prescribed 187 days; B.C. 194; Ontario, Quebec, New Brunswick and Nova Scotia, 195; Alberta, 196; Saskatchewan, Manitoba and Prince Edward Island 200.

He also found that most students in Canada spend five hours daily in school, though the three prairie provinces have 5½ and some Quebec students seven.

Another interesting development in the survey was the discovery that senior students in most American cities spend more time in school than their counterparts in B.C. This applied across Canada, with the exception only of Toronto.

Mr. Cubbon found also, in comparing available figures on the Russian and American systems, that the Russian student receives as much instruction in 10 years as the American does in 12.

Part of this is due to the fact that the Russian student attends school six days a week, whereas the American student has a

five-day week. Practice throughout the western world is five days.

"It was difficult to obtain direct comparisons between Canadian and Russian systems," said Mr. Cubbon.

"On the basis of the 194-day school year in 1958, it appeared that B.C. and Russian students were comparable on a 10-year basis. Our sources show that the Russian student spends 9,680 hours in school in 10 years; and the B.C. student 9,700 if he puts in the full 194 days.

The Soviet student is required to spend a lot more time on home work, and hence devotes more time to actual study."

One of the problems in making comparisons between different countries was the variation in holidays. Americans and Russians have three months off in the summer, compared to two for Canadians. Other holidays such as Christmas and Easter, vary in different countries.

Hours in the teaching day in New South Wales, Western Australia and New Zealand are very similar to the general pattern in Canadian provinces. In Great Britain, as a rule, the hours are slightly shorter.

In his analysis of the B.C. school year Mr. Cubbon found 194 days prescribed by law. If a student is recommended and hence does not have to spend time writing term and examinations, particularly in the senior grades, his school year is reduced to 179½ days.

In pinning this down to actual instructional days he deducted time for Christmas and Easter examinations, along with holidays, for fair days, teachers' conventions, and so on, and arrived at 171½ days. He admitted that this was a controversial figure.

Also included in the study are various systems of year-round school operation attempted by a number of school districts, along with summer school plans tried elsewhere. The conclusion is reached that extension of the school year by special summer school is preferred to 12-month school operation.

Member Canadian Weekly Newspaper Association

those ancient adventurous traders the Phoenicians who, long before our Christian era began, sailed from the western country bordering Syria out through the straits of Gibraltar into the stormy Atlantic and by some means discovered the south-west corner of England, that romantic peninsula we know as Cornwall. Here they found tin which, apparently, was of little use to the primitive inhabitants, for it is said they received their foreign visitors with friendliness

and let them take what they would; in return, these visitors from what was known later as the Holy Land, taught the Cornish folk how to make clotted cream. It is, I have been told, a fact that the only places in the world where clotted cream is made in quantity is in Devon and Cornwall in England and in Palestine and Syria and, perhaps, some other parts of the Holy Land. It may be that this delicious food was a favourite dish in a certain humble home

in Nazareth and that it helped to nourish the beautiful and precious body of the Carpenter's Son.

Clotted cream has long been known as Devonshire cream; its Cornish origin ignored. Devon has much more pasture land than Cornwall so it is made there in larger quantities.

The trade in clotted cream has put many a golden sovereign into the pockets of Devonshire farmers.

NOTICE OF ELECTION

PUBLIC NOTICE is hereby given to the Electors of the MUNICIPALITY OF SUMMERLAND that I require the presence of the said Electors

at the MUNICIPAL OFFICE

West Summerland, B.C., on the

1st Day of December, 1958

at the hour of ten o'clock in the forenoon

For the purpose of electing persons to represent them as

Councillors and School Trustees

The Mode of Nomination of Candidates shall be as follows:

Candidates shall be nominated in writing by two duly qualified electors of the municipality. The nomination-paper shall be delivered to the Returning Officer at any time between the date of this notice and noon of the day of nomination. The nomination-paper may be in the form prescribed in the "Municipal Act", and shall state the name, residence, and occupation of the person nominated in such manner as to sufficiently identify such candidate. The nomination-paper shall be subscribed to by the candidate.

In the event of a poll being necessary, such poll will be opened at the

Municipal Office, West Summerland, B.C.

on the

11th Day of December, 1958

between the hours of 8 a.m. and 8 p.m.

of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at West Summerland, B.C., this 16th day of November, 1958.

A. F. CALDER,
RETURNING OFFICER.

He is saving for an extra room for his growing family

He wants to modernize his home heating system

...so both are building up bank accounts

Nowadays, practically everybody has a bank account. Last year alone, forward-looking Canadians opened 450,000 new deposit accounts in the chartered banks—almost as many as the increase in population. The owners of today's 11 million accounts

know a bank is the safe, convenient, pleasant place to build up funds for every need and purpose.

They know, too, that in a chartered bank you deal with skilled, friendly people, ready to help with all your banking.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Summerland Singers Players Club Meets

SUMMERLAND Singers
Annual meeting of the Summerland Singers and Players Club saw a good turnout with several new members from Peniticon and Peachland in attendance.

Ken Boothe was elected president with Stan Gladwell, stage director; Charles Smith, musical director, and Mrs. E. Dunsdon, pianist. Ken Storey is assistant pianist.

Chosen for presentation this year are "Trial by Jury" and "The Sorcerer".

Visiting at the home of the Miss Banks last weekend were their nephew, Mr. H. Mainsley, of Vancouver.

Miss Florence Taylor and Miss V. Harris have returned after spending a week visiting at the coast.

Mr. Ross McLachlan was in from UBC last weekend to visit at his home in Summerland.

Mrs. Gallagher and her sister, Mrs. Noble, were visitors to Summerland over the weekend.

Summerland Municipal Council will petition the department of highways to place adequate lighting at Five Corners on Highway 97.

About Books

It was stated at the annual Conference of the Library Association in London, England, recently, "that books today have never been more alive; that they will still be living and vigorous when the television set has died, and the radio is silent. There is no substitute for the book, and there never will be." This robust view, expressed by a Professor of English, at one of the world's leading Universities, is gratifying in the extreme — at least to those who value the art of re-reading.

When, more than at the present time, has reading been of such supreme importance to civilization? How are we to understand the complexities of this Atomic age, unless we study the mass of literature which has been written for our benefit? Surely many misunderstandings national and international can be clarified simply by taking the trouble to find out the other man's point of view. Language customs, cultures, vary tremendously from country to country, and it is only by reading, and comparing the sociological differences that we can hope to form a clear picture of the world as it is today.

How often have we said to ourselves, "Oh, how I would love to travel, to visit Europe, Alaska, or even the South Sea Islands?" For most of us this is impossible. We are limited by time — and our incomes, but nevertheless we can read of these places, and derive enjoyment from the experiences of others. The Summerland library has a large selection of travel books. They are yours for the asking — at least for two weeks!

We also cater for the handyman, the gardener, and the artist. There is a good selection of biographies, many of them fascinating to read. Our children's section has grown abundantly since our removal to the new building, and of both fiction and non-fiction, there is a plentiful supply. Whatever your interest, we have something for you, and we would welcome

your ideas, and suggestions for new books to improve our stock.

At present there are between four and five thousand books on our shelves, and new supplies come in regularly from the Regional Headquarters at Kelowna. Any requests you may have will be dealt with promptly, and at a cost of only 2 cents.

You ask what is the registration fee? Absolutely nothing. **THE LIBRARY IS FREE!** It is yours! Why not use it?

Since the new building was opened on July 21st, nearly 100 new members have joined our ranks. In consequence, our supply of books from Kelowna has increased accordingly. The quantity and quality of the books improves with the membership.

Unfortunately, there are always the odd people who neglect to return their books, usually through forgetfulness, but we have to impose a fine. We charge one cent for each day that the books are overdue. Over the weeks, we realize that these fines mount up, and we know that there are people who prefer to hang on to a book, rather than pay their dues. For such people we are installing two "book return boxes". One will be placed in the Summerland Review office; the other in the foyer of the Municipal Office Building. We ask you to search your homes, and return any overdue books you may have, either by placing them in the boxes provided, or by bringing them to us at the library. We are not concerned with the fines. It is the books we are wanting, although if anyone likes to add a little "conscience money" it will be readily received, and added to the library fund. Reminders will be sent to individuals through the mail, but we appeal to ALL members of the Summerland Library, past and present, **PLEASE RETURN ANY OVERDUE BOOKS.** We would like them **THIS WEEK!**

Among the list of new books issued from Kelowna in November are:-

Summerland Review Wednesday November 19, 1958

(a) **RUSSIA REVISITED** by L. Fischer. An up-to-date picture of life behind the Iron Curtain.

(b) **BUILDING YOUR OWN BOAT** by Graham Bell. A new book for the craftsman, giving many useful hints on construction.

(c) **THE SMALL ARMY** by Michael Marshall. A true story about an extraordinary army, which in spite of the rigours of its training, the enthusiasm of its members, and the ingenuity of its weapons, had not the slightest effect on the course of the last war.

(d) **THE CITY AND THE DREAM.** A new novel by Raymond.

(e) **DYNAMIC DECADE** by Hanson. Which tells of the discovery of oil in Leduc, Alberta, and the dramatic changes it has brought to the community there.

And very many others both Fiction and Non-Fiction. During October 2,600 books were borrowed from the Summerland Library. This breaks our previous record, set up in November 1957, when 2,322 were taken out.

Mr. and Mrs. Raymond Murphy and family of Keewatin, Ont., are new residents in Summerland, having purchased the Rudy Klix orchard. ?

Free Lessons Offered By Band

The Summerland Town Band is inviting anyone interested in learning to play a band instrument to attend a meeting at the Summerland High School Auditorium on Wednesday, November 26 at 7:30 p.m.

A highly successful class was started in 1954 and many of those beginners of that class are now very valuable members of the band. It is hoped that there will be as good a response to this year's offer as there was in 1954.

The band is offering all instruction free of charge and will assist in obtaining instruments.

Shower Honors Former Resident

Carolyn Joan, whose marriage to ACI Robert Elwyn Ellis, son of Mr. and Mrs. S. E. Ellis of North Vancouver, took place on Saturday, November 15th in Clinton, will be the recipient of many gifts which were presented at a shower for her held at the home of her parents, Mr. and Mrs. Gordon Beggs, on Sunday, November 16th. In her absence Mrs. Beggs accepted the gifts on Joan's behalf.

Mrs. Aubrey Beggs was hostess and after a social evening delicious refreshments were served to the group of friends gathered to honour Joan.

Guests included: Mrs. Robert Barkwill, Mrs. Alex Kean, Mrs. Dennis Kean, Drs. Earle Wilson, Mrs. Art Dunsdon, Mrs. George Dunsdon, Mrs. Robert Armour, Mrs. Blake Brandon, Mrs. Phil Munro, Mrs. B. Bark-

will, Mrs. George Smith, Mrs. George Pennington, Mrs. Don Agur, Misses Leone Smith, Marjorie Campbell, Ruby Gronlund, Frances Daniels, Joan Killick, and Mrs. Dave McDonald of Penticton.

Flt. Lt. Alan Kirk flew in from Ottawa last week to visit his parents, Mr. and Mrs. J. A. Kirk of Trout Creek. He is leaving shortly to take a year's advanced training at Biloxi, Mississippi.

AYPA Reports

The annual meeting of the A.Y.P.A. was held Wednesday November 12 at 8:00 p.m. in the St. Stephen's Parish Hall. There were 18 members present.

The purpose of the meeting was to elect officers for the coming year, and the results were:

President: Ron Wilson; vice-president: Ken Bissett; secretary: Barbara Beaven; treasurer: Barbara Boyd; recording secretary: Valerie Miles.

In charge of the refreshment committee is Anita Watson, while Vicki Cuthbert heads the telephoning committee.

We were pleased to have with us as guest speaker, Brian Hamilton of Kelowna, President of the Kootenay Diocese A.Y.P.A., who gave us an interesting talk on the work amongst A.Y.P.A. clubs throughout B.C.

Present also, were members of the Penticton A.Y.P.A. who shared with us films shown by Ron Wilson.

Our thanks goes out to all new members whose presence helped us to have such a successful evening.

"Where Quality Costs No More"

Mr. and Mrs. Art Crooks have returned home after visiting at the coast for two weeks.

Around Town

It's almost time to do more than just think about making your Christmas cake. As well as placing a pan of water in the oven for the long baking necessary, here's a way to avoid the outside of the cake getting too brown before the centre is cooked. Put several layers of newspaper under and around the sides of the pans on the outside. If the heat in your oven is not automatically controlled you will also find that this helps you to know when the oven is too hot as the paper will start to turn yellow.

Do you still see quite clearly that little hole in the needle and can you "hit her in the eye" every time you try to thread it? If not, take a look at the handy little gadget in the hardware store that will do the chore for you with no frustrating delays, and very reasonable it is, too.

Wonder what brought on the Hula Hoop at this particular time? Could it have anything to do with satellites orbiting a-

round the world? The junior miss sure has to wriggle inside her hoop to keep it spinning, and likewise, there's many a diplomat on this old planet wriggling like crazy to try to keep things moving in the right direction.

Try a little brown shoe polish on that scratched furniture. It covers and polishes at the same time.

Canned fruit is plentiful in most homes in the Okanagan and for a change try adding a little eye appeal by putting a few cubes of jello in contrasting color with each serving. Tiny cubes are nice in fruit salads.

Men like sweater girls! Girls like sweaters. KEEP YOURS SHAPELY and good for all the wearings possible by following these rules: NEVER overload sweater pockets so they sag out of shape. 2. After washing roll your sweater in a turkish towel and let stand a few hours to remove most of the water and then lay out flat to dry. 3. Never put sweaters on hangers. Between wearings, fold neatly and lay them in a drawer. 4. Before washing a sweater, sew the buttonholes together so they will not stretch out of shape. That's what is meant by the "stitch in time."

THE ART OF CONVERSATION
I sit and listen while you chin,
Of things I have no interest in,
Waiting my chance, at length
to spout
Things you don't give a whoop
about.
Now it's your turn.

Mr. and Mrs. Gerald Dent, accompanied their son Larry to Vancouver last weekend. After spending the week at the coast they returned bringing with them their niece, Miss Jan Daly of Vancouver.

BCFGA Annual Meeting Nov. 27

Executive of the Summerland BCFGa local meeting on Monday were of the opinion that the annual BCFGa convention should be proceeded with on the scheduled dates, January 21, 22 and 23 even though the MacPhee report is not expected to be in the growers hands before December.

Annual general meeting of the Summerland local will be held on Thursday, Nov. 27, the execu-

utive decided. This is the meeting at which resolutions for submission to the BCFGa convention are framed and the local's nominations for various BCFGa offices are made.

Orchard Run

by WALLY SMITH

In this health conscious age it would seem a guarantee of immediate and widespread popularity if a certain food item could offer the customer attractive appearance, delicious flavor, and high nutritional and health value.

If it were pointed out that this same food item, so tasty and delightful to eat, increases the body's tolerance to toxins and helps digestion, then one would expect to see a tremendous demand for that particular food item.

We are talking about the apple, a food as old as nature and the backbone of Okanagan agriculture.

Apples possess all these virtues and more. They also have calories. A medium sized apple has 80 to 100 or more calories, chiefly from carbohydrates. Everyone needs calories, and half of all food calories are from carbohydrates of one kind or another.

With all these virtues wrapped up within the rosy skin of a shiny apple how large a spot does this delectable and healthful fruit occupy in the diet of the average Canadian? Rather small. Figures show the average Canadian eats fewer than 20 lbs. of apples per year. In western Canada the amount is about double that figure.

Canadians consume large quantities of citrus fruits, largely because for many years the citrus people have promoted the sale of their fruit by vigorous advertising. Canadians formerly were heavy apple eaters, but as Canadian citrus consumption went up apple consumption went down, and it may never regain the dimensions of former

figures.

Tell 'Em

One wonders, however, how much we could increase apple consumption by an imaginative and consistent advertising campaign stressing the health angle, a campaign costing two or three times the amount we are now spending on advertising.

Maybe it wouldn't get results commensurate with the cost, but I would like to see it tried. However, chances are the majority of growers would turn thumbs down on such "lavish" expenditure of money.

MacPhee Report

Now that the McPhee report is completed the minister of agriculture should see to it that the job of printing the report is rushed through without a day's delay. As a printer who followed the trade for 20 years I know that the printed report could be turned out in a matter of a week or even less. If it takes any longer somebody is not handling the job efficiently.

Okanagan fruit growers can be excused if they are growing impatient about further delays in the McPhee report which requires time and careful study if it is to be of any value to the BCFGA convention next January.

Parental Apathy (maybe this applies in Summerland too)

A local fruit grower who is active in the Boy Scout movement expresses concern over parents' lack of interest in boys' and girls' organizations. Some, possibly all, of these organizations experience difficulty in getting enough support from the parents to even fill the executive offices of the organizations.

The general attitude of the

The Summerland Review

Wednesday November 19, 1958

parents seems to be they have done enough to provide the boys and girls, so let George take over management of the Scouts or Guides or what have you.

My informant said many parents didn't even seem interested in finding out what kind of men and women are willing to work with these junior citizens and give them guidance and leadership.

Not Our Function

I lent a sympathetic ear to his complaints, but when he sought to enlist my support through this column I pointed out that the main, perhaps the only purpose of Orchard Run was to discuss some of the many problems related to or having a bearing on the production, packing, or marketing of our Okanagan Valley fruit.

There are many fine organizations deserving support. The officers of each organization quite naturally are most concerned in promoting the welfare and interest of their particular group.

However, if we beat the drum for one organization we would, in all fairness, be obliged to voice our support of other worthwhile efforts. This might look all to the good, but where would it end?

My answer is this: Readers of Orchard Run look to this column for information and opinion on fruit growing and related industries. If the column space is used up in advertising the activities of all and sundry worth while organizations, reader interest would soon subside.

The column could easily become little more than a billboard, of small value to the fruit growers or to the organizations that seek to use it as a publicity medium.

Matted Strawberries Produce More To The Acre, Experiments Prove

The matted row system of growing strawberries versus the hill system has been under test at Terrace, B.C., for the past three years. Results strongly favor the matted-row system. Matted-rows yielded annually, an average of 675 pounds of

strawberries per acre more than the hill system, reports G. A. MacEachern of the Prince George Experimental Farm.

Where weeds were no problem greater land utilization occurred through the matted-row system.

In the hill system, plants are grown singly and runners are clipped as soon as they appear. Runners are allowed to grow to a length of two or three feet in the matted-row system thus the plants spread out forming a mat.

Mulching with hemlock sawdust was effective in controlling weeds. Average time required to weed the mulched area was 25 per cent of that required to weed the non-mulched areas.

Fruit cleanliness was 75 per cent higher in the mulched areas as compared to the non-mulched areas.

Moisture conservation was quite evident in the mulched areas in all years, prolonging the dormant period 7-10 days in the spring. This ability to conserve moisture prolonged soil conditions suited to the development of Red Stele and destroyed large numbers of young British Sovereign plants not resistant to this organism.

Hence, mulching with hemlock sawdust has desirable as well as undesirable features.

How To Keep Holly While In Transit

Gifts of English holly are highly prized chiefly because they express so well the traditional "Merry Christmas"! How very important then that the holly be attractive and fresh when it arrives and that it remains in this condition as long as possible.

Choose only clean, highly colored leaves and berries with the latter well distributed along the sprig for a balanced effect. When ready to ship, cut and dip momentarily in a solution containing naphthalene acetic acid. This is normally available under various trade names and used for the prevention of apple drop. Use at 30 parts per million — which is three times the strength recommended for apples shown in the directions on the container.

After dipping and quick draining, pack immediately into wax-paper lined cartons, cellophane bags, or appropriate "moisture-proof" containers, to retard drying in transit.

Holly is a live product, therefore perishable. Avoid heat and frost. If you must store the holly, store at 33 degrees — 34 degrees F.

In the home, holly can be kept green and fresh much longer if the sprays are arranged with the stem ends in bowls or vases of water. Cutting the stem-ends helps the uptake of water.

**WHY GIVE THE BURGLAR
AN ENGRAVED INVITATION!**

"You might as well give a burglar an engraved invitation to help himself at your house, if you leave valuables lying about," says Jock Johnston, manager of the Bank of Montreal's Summerland branch.

Mr. Johnston adds that behind the steel doors of a B of M vault is the safest place for valuables such as bonds, leases, stock certificates, insurance policies, deeds, birth certificates, passports and other family documents.

"It costs less than two cents a day to rent a B of M safety deposit box," he says, and explains that hundreds of thousands of Canadians use B of M safety deposit facilities, an indication of the popularity of this service. "It pays for itself again and again in peace of mind alone," he says.

"Give the burglar a brush-off at your house," Mr. Johnston advises. "Keep your valuables in your personal strong box — it's exclusively yours — in the Summerland B of M vault."

Drop in soon and see Mr. Johnston about renting a safety deposit box — it will set your mind at rest.

**IN MOMENTS OF CRISIS—
CONFIDENCE COUNTS**

Imperial's 78 years of leadership has helped Canadians take for granted the reliability of oil and oil products

Reliability implies an adequate supply of the products you depend upon . . . when and where you need them, at reasonable prices.

Imperial has always been the leader in ensuring Canadians of an adequate supply of oil. Imperial's discovery of oil at Leduc, in 1947, opened the vast western oil fields.

The first oil company to supply consumer needs in all Canada's provinces, Imperial has nine refineries from Halifax to Vancouver (and in the Northwest Territories) to meet the local needs of Canadians.

Imperial has always been the leader, too, in a highly competitive industry which must seek . . . by broadening markets and increasing efficiency . . . to keep prices down. Over the past ten years, while prices of things in general have risen 134%, regular gasoline has gone up only 11%.

**School Sport Debated
At PTA Meeting**

Starting out as a panel on the imbalance of physical education in the present school system, Thursday's regular P-TA meeting in the high school library felt that there was a lack of physical education facilities in proper buildings; lack of staff and time in the elementary schools to carry out a minimum physical education program and frustration with the present government educational setup.

Reasons for dissatisfaction were that grants to school board are limited by the prescribed ratio of pupils per teacher as allowed by the department of education. Any extra teachers considered necessary must be paid for by the local school boards.

Mrs. J. C. Wilcox was the moderator. E. F. Weeks of the MacDonald elementary school, Dr. Sara Williams, recently here from England, P. W. Minchin of the high school staff and R. S. Oxley, unanimously thought more facilities and emphasis should be given to implementing physical education in our schools.

Mr. Weeks' opinion was that physical education in elementary schools was neglected. He said Summerland was unique in that no room was provided by the school board for a minimum carrying-out of the course. Although the gymnasium in the high school had been planned for use by MacDonald elementary school pupils as well as high school students, enrolment had increased crowding them out and for the past two years they had not used the gym, he said. Consequently natural energies could not be channelled to further the aims of the Physical Education course. There was an outdoor program but not in winter.

Mrs. Williams countered that perhaps in months considered as winter pupils still could be taken out of doors for sports even though the climate is more rigorous than where outdoor games all year round are the rule.

Mr. Oxley believed that Summerland's school enrolment of over 1,000 called for two or three physical instructors in the schools. He suggested possible conversion of the gym into classrooms in the near future and erection of a detached gymnasium.

SCHOOLS OFF BALANCE
He said: "Our schools are off balance so far as physical edu-

cation is concerned. Some form of sport is necessary in the elementary school to prepare for high school sports."

Dr. Williams said she had learned from the experimental farm that Kentucky blue grass would grow on the school campus and if planted would make a good playing field. She spoke of the psychological benefits of a sports program and particularly before adolescence.

"Learning to play a game and lose without tears is a step in growing up," she said. Mrs. Williams realized the complicated administration necessary to maintain a competent physical education curriculum in a rural community where children are transported by bus to schools and the need of extra staff. She felt it was a government responsibility.

P. W. Minchin stated, "Athletics are a challenge. They reach for specific goals. Coaching gives correct attitudes. These are of transfer value."

During the business meeting Mrs. Clarence Adams, president outlined the aims of P-TA generally, provincially and locally.

A resolution is to be presented to the provincial convention asking that detention homes be established in several places in B.C. where young offenders can be placed after trial while waiting to be sent to Brannan Lake or other similar schools.

A motion was passed to encourage Holiday Theatre to continue.

The secretary, Mrs. J. P. Sheeley, read Miss Kathleen Green-slade's letter of thanks to the P-TA for the bursary which she received this fall to assist her in taking a teacher-training course.

The P-TA will sponsor Teen Town again this year with Mr. and Mrs. R. A. Grigsby adult advisors.

Mrs. Adams announced that John Tamblin will be convener of programs this season. Mrs. C. E. Grazeley will head the social committee, assisted by Mrs. A. Holler.

Bowling News

by GLEN FELL

In league play this week the Highlighters won out over the Hobos by 3 to 1, the Trout Creekers split their game with the Baby Austins, the Whizbangs took 4 points off the Kingpins, the Les Bumbs outbowed the Spudniks by 4 to 0, the Rollaways won out over the Hilltoppers by 3 to 1, the Cackleberries outbowed the Occidentals by 3 to 1, the Beebops and the Misfits split their games the Pentics won out over the Northern Lights by 3 to 1 and the Diehards took 3 points off the Albertans.

League standing to date is as follows:

Table with bowling team names and scores: Diehards 22, Whizbangs 20, Occidentals 18, Hilltoppers 17, Misfits 17, Kingpins 16, Beebops 15, Highlighters 13, Trout Creekers 13, Baby Austins 13, Pentics 12, Hobos 11, Les Bumbs 11, Rollaways 11, Cackleberries 13, Northern Lights 11, Albertans 10, Spudniks 8.

Beryl Fleebe bowled a 301 this week for the ladies high single. Congratulations Beryl for bowling a 301, especially in league play! Muriel Walker bowled a 725 for the ladies high three. Both the 301 and the 725 scores are the highest scores so far this year in league play for the ladies high single and the ladies high three. Congrat-

ulations to both of you for bowling these new high scores! Ash Austin bowled a 270 for the men's high single and Corky Haddrell bowled a 670 for the men's high three. The Cackleberries are the high team this week with a total of 2967 pins.

The latest word on the Masquerade Dance on November 28th is that it will be held in the IOOF Hall and the admission is seventy-five cents per person. A lot of couples have already made definite plans on their costumes - have you? More news, views and comments next week!

Promenade

One of the most successful dances of the fall season was held at the Youth Centre on Saturday night. Dancers from Oliver to Vernon were in attendance. The tempo was very lively and the variety calls kept the dancers on their toes throughout the evening.

This week we understand that the French Twirlers of Oliver are holding a dance in the Community Hall with Bill French as emcee. Callers are requested to bring their own records. Lunch is provided. Also, on Nov. 29th at Peachland, the Twirlers are holding their regular party night with Bill French as emcee. A buffet supper will be served.

Clubs in this area are looking forward with a great deal of anticipation to the forming of a Square Dance Council. It is hoped that a better square dance policy will be formed by closer association between clubs.

Lessons continue on Tuesday nights until Christmas, and it will be determined then whether the attendance warrants continuing during the winter.

Curling

The prize winners in the opening mixed spell which ended on the 9th are as follows:

- A Event: 1st Garry Hackman, 2nd Jake Lichtenwald, 3rd Bill Croft, 4th Mr. Warren. B Event: 1st Bill Baker, 2nd Gerry Hallquist, 3rd Pete Eden, 4th Sandy Munn.

Thirty-nine rinks took part in the bonspiel and there was some good curing for the beginning of the season.

Penticton rinks walked away with top money in the money spell held on November 16.

Eight rinks took part from Kelowna, Peachland, Westbank, Summerland and Penticton. The Bill Carse rink from Penticton took first, with the N. Clow rink of Kelowna, second. Al Mather came first in the "B" event.

In Memoriam

IN REMEMBRANCE - GEORGIE Stoll, met accidental death on November 19, 1956. Tonight the stars are gleaming On a lonely, silent grave, Where sleeps in dreamless slumber

One we loved but could not save, No one knows the silent heart-aches, Only those who have lost can tell

Of the grief that we bear in silence, For the one we loved so well. Ever remembered and sadly missed by Mom and Dad and brother Karl. 47-C-1

WEST SUMMERLAND, B.C.

Growers Meet Here Thursday Under Cloud Of Uncertainty

Annual meeting of the Summerland BCFGA will be held in the Oddfellows Hall, West Summerland at 8 p.m. Thursday. The meeting will elect officers consider resolutions for submission to the annual convention of the parent BCFGA to be held in Vernon January 21, 22, 23, and will name its choice for the various executive positions throughout the organization.

The annual meeting of the Summerland Growers will be held under a cloud of uncertainty in regard to the future of the industry.

Decision of the Federal government to grant the railways the 17 percent freight increase, as announced at noon today, is a blow to the fruit industry, unless, as is hoped, tree fruits will win exemption of the increase.

The threatened increase in freight rates, the uncertainties as to the MacPhee report, all make this a testing time for growers. "It is a time," said one BCFGA local official "when every grower should be out at the meetings — it is a time when every grower should accept his share of responsibility by expressing his opinion and voting on the matters which are of such vital concern to the industry as a whole."

Evangelist From Wales In Penticton

On Sunday next Nov. 30, Rev. Ivor Powell "The Man from Wales" will begin his Okanagan Evangelistic Mission at the Penticton First Baptist Church on Government Street. The Baptist Churches of the Okanagan Baptist Association have combined forces to bring to this area this world-renowned evangelist. Since 1948 Rev. Powell has preached almost nightly under Baptist or Inter-Denominational sponsorship to vast crowds throughout the world.

Rev. Ivor Powell is different from other evangelists. He does not stunt; is not a fire eater. He believes the Bible to be the Inspired Word of God, and delivers his messages with all the zeal characteristic of the Celtic race. Wales has ever been famous for its preachers, and Mr. Powell continues this tradition. Mr. Powell is a master of the art of pictorial preaching; and in his services the ancient scenes seem to be re-enacted; the old prophets speak again, and the stories of bygone ages seem to be the accounts of yesterday. Some of the topics he will speak on are: "Why I believe in God", "The Greatest Sermon Ever Preached", "Will the Old Gospel Solve the Problems of a Modern Age?", "The Savior's Strangest Utterance", "Digging for Gold", and "It Could Prevent a Third World War".

This Mission can well be considered a soul clinic. All are invited to hear God's Messages through "The Man from Wales", each evening at 7:30 p.m. Cars will leave the Summerland Baptist Church nightly at 7:00 p.m. to take those wishing to attend.

It's Later Than You Think

Summerland Retail Merchants Association brought the nearness of the Christmas festive season to the attention of Municipal Council last night when they requested that Christmas street lighting be switched on Monday, December 1, only five days away. The association also asked that the Christmas tree be made available by December 10.

Shopping hours in Summerland during the Christmas and New Year's holidays have been decided as follows: stores will remain open Christmas week on the usual Monday closing day until 5:30, and until 9 p.m. Tuesday, Dec. 23rd, and until 6 p.m. Wednesday, December 24 (Christmas Eve). Stores will close Christmas Day and Boxing Day, opening again on Saturday, December 27.

Stores will open again Tuesday, December 30, closing at 6 p.m. New Year's Eve. Stores will stay closed New Year's Day and January 2nd, opening Saturday, January 3rd, and continuing from then on on regular winter schedule.

Summerland Deserves Well, Lighted Entrance

A letter from the Department of Highways informing Municipal Council that it is not the department's policy to provide street lighting brought sharp comment from Reeve F. E. Atkinson and instructions to the municipal clerk to place the municipality's case fully before Highways Minister P. A. Gagliardi.

The issue arose from the request of the Board of Trade for lighting to be installed at Five Corners, the junction of Peach Orchard Hill and the road into West Summerland, branching off Highway 97.

The municipal council applied to the department, in view of the fact that the major problem at this corner is created by the provincial highway.

Commented Reeve Atkinson, "We are one of the few communities which displayed a fair, and reasonable and helpful attitude in letting the highway follow the best route, regardless of the fact that it meant by-passing the West Summerland business district. In view of this, it should be the highway's department responsibility to provide a well-marked and well-lighted entrance to the town."

Xmas Bazaars Coming Up

The United Church W.A. Bazaar Committee have made final plans for their Christmas Bazaar, which will be held Saturday, Nov. 29, at 2:30 p.m. in the Church Hall. There will be all the usual items, aprons, novelties, candy, home baking with Christmas Cakes a special attraction. New features added this year will be an assortment of plain, fancy and novelty cushions; white elephant and a Christmas Tree for children. Tea will be served throughout the afternoon. General convenor this year is Mrs. Lou Wright.

Baseball Meeting Here Thursday

Members of the Summerland Baseball Club, juniors and seniors and all persons interested in perpetuating baseball in Summerland are requested to attend a meeting to be held Thursday night in the Nu-Way Hotel annex at 8 p.m.

One of the purposes of the meeting is to seek ways and means of raising money during the winter, so that the teams can get away to a good start next season.

Parks Board Now Appointed

Summerland, one of the last municipalities to take action in accordance with changes in the Municipal Act, will at the end of the year cease to have an elected parks board and on Tuesday, machinery was set in motion for a bylaw which will authorize the setting up of an appointed parks commission.

Council mulled over the best method of dealing with parks under the new set-up at some length at Tuesday's meeting, but no decision will be reached until after council has conferred with the present parks board at the next council meeting.

Emergency Sand For Motorists

Councillor Walter B. Powell secured council approval to his suggestion that sand piles be placed at "tough spots" as an emergency measure to enable motorists to help themselves up grade and on icy corners.

It is usually some time before the municipal work crews can cover the area and the emergency sand piles would help keep traffic moving in the interim.

Stewards Meeting Here Tonight

Summerland's municipal council, school board and parks board will report to the people tonight at the annual stewardship meeting to be held in the High School Auditorium at 8 p.m.

Rumors are floating around of a bombshell to be exploded but the rumors are very vague.

One subject certain to be aired is that of the Old People's Home which has been in the wind for over two years.

Efforts which have been made to secure NHA financing for the type of building which is generally thought desirable for Summerland but which conflicts with the general policy of NHA has stalled the project and considerable annoyance at the prolonged delay is being expressed in some quarters.

Council is anxious to proceed with the project if a satisfactory formula can be established. On Tuesday night Council expressed interest in the word from Victoria that the government was anxious to see senior citizen housing projects proceed and that any community going ahead should notify the government before the end of the year.

Summerland's council wondered if this indicated that the provincial government was prepared to increase its grant.

Waste Disposal Termed Archaic

A complaint from Summerland that CPR toilet waste disposal from trains is both unsightly and unsanitary and also a matter of concern, as the CPR track traverses for some 20 miles what is a watershed from which Summerland draws a major portion of its water supply, has been taken up by the South Okanagan Health Unit.

On Tuesday, Municipal Council received a copy of the letter sent by the Health Officer to the CPR complaining of this situation and terming the present system of getting rid of waste from the trains as "archaic".

Town Band Concert Friday

Its Band night on Friday. Sponsored by the Summerland Youth Centre Association the Summerland Town Band will give its annual concert in the High School Auditorium starting at 8 p.m.

The program will be a varied one, including a sparkling show by an ex-professional magician now living in Penticton.

It's the annual Christmas Town Band Concert, sponsored by the Youth Centre Association, and the proceeds will go to reducing the debts incurred alterations and repairs to the this year in making extensive Youth Centre building. A good time for a good cause.

Toni Onley

Toni Onley, son of Mr. and Mrs. J. Onley, of West Summerland, who has recently returned from Mexico, after studying on a year's scholarship at the Instituto Allende, has been given a one man exhibition of his paintings at the Vancouver Art Gallery. His works will be on exhibit at the gallery for the next three weeks.

Mr. Onley is planning to return to Mexico to take up a further year's scholarship and will be holding a public auction of his paintings at the Canadian Legion Hall, Penticton, on December 4, at 7:30 p.m. The Exhibition will be open for public view on the afternoon of the same day. The proceeds of this auction sale, which will be conducted by Doug Smithson, will, Mr. Onley hopes, finance his coming year in Mexico.

When Mr. Onley returns to Mexico he will be taking his two daughters, Lynn and Jennifer with him. Last year he was accompanied by his younger daughter, Lynn, who attended a Mexican school. We are told she speaks Spanish better than her father.

While in Mexico last year Mr. Onley was honored to be among 6 Canadian artists sponsored in an exhibition given by Canadian Ambassador to Mexico Lionel Roy. Since Mr. Onley's return he has been planning with the Vancouver Art Galleries to bring the paintings of the six artists to Canada for a exhibition at the Vancouver Art Gallery, probably to show in May, 1959.

He will be getting this exhibition together on his return to Mexico next month.

PTA To Discuss TV In Classroom

Is closed circuit television one of the answers to the present teacher shortage? Are our pupils learning more by visual contacts with many parts of the world? What place has a well developed Audio-Visual program in our present schools?

These questions and many more will be answered at the Summerland High School P.T.A. meeting on Thursday, December 4th at 8:00 p.m. when Mr. Jim Pollock, Director of Audio Visual Education for the Province of British Columbia will be the guest speaker at the Association's monthly meeting.

Mr. Pollock is going to be in the area giving workshops to the teachers of the Okanagan on the latest developments in his department. He has kindly consented to bring his material to the Parent Teachers Association and will be prepared to answer any questions interested parents may have. Mr. Pollock has done much to develop audio-visual education to this province and as well as giving courses at the University of British Columbia; heads the research department on developing new methods of teaching by means of audio-visual material for the Department of Education.

Mr. Pollock's lectures at the

university were well known for the interesting, informative and entertaining use of quick cartoons to illustrate his points. An enjoyable evening is assured all those who attend and it is hoped a large turnout of parents and guests will be on hand.

Summerland Woman Sees Packers Play Hockey In Russia

Moscow's (USSR) Metropole Hotel has been anything but a bit of foreign land to Mrs. B. D. Gilman of West Summerland, this past week or so.

The other day Mrs. Harvey Mitchell, a neighbor of Mrs. Gilman's on Paradise Flats received a postcard from Mrs. Gilman at the Metropole in Moscow. "Just off to see the second hockey match," wrote Mrs. Gilman. "The Packers are playing here. The first game was a good one, we lost by one goal. Quite a lot of Canadian hockey fans, as well as the team, are in this hotel and we have a good time together."

Editorial

For some time now we have been apprehensive that many fruit growers are awaiting the MacPhee report and the recommendations of the Commissioner with something approaching the complete faith and innocent anticipation with which children, under five-years of age, are today awaiting the coming of Santa Claus.

We are afraid that Commissioner MacPhee's report will be as disillusioning to those over-optimistic growers as is the disillusionment of children, who in the process of growing up learn the truth of the Santa Claus legend.

We think growers in general should steel themselves to the fact that Commissioner MacPhee is not a magician who, with the wave of a wand, can cure the ills of the industry.

We believe the MacPhee report will prove of inestimable value to the industry although we think some of the remedies will be very unpalatable, but we certainly do not expect to find within the report, nor in the Commissioner's recommendations, the cure-all which, so it seems, some growers are eagerly anticipating.

One has only to consider the very serious possibility that the government will approve the 17 percent freight increase which the railway companies have demanded, in vicious blackmail sequence, which eventually will hurt almost every section of Canadian economy. If that freight rate increase is granted, fruit industry experts estimate that it will cost the growers a further quarter-of-a-million dollars a year to move the crops.

The usual answer to increased cost of production, whether internal or external is to pass the increase on to the consumer, but this is not practicable where fierce competition must be faced.

It is such factors as freight rate increase, tariffs and foreign currencies which cannot be solved by a Royal Commission which is not federal in scope, and after all it is mostly outside factors, beyond the industry's control which are the major factors contributing to the industry depression. So, growers would be well advised not to build too much on the MacPhee report which, although it will undoubtedly come up with some of the answers, will certainly not come up with them all.

At the last P.T.A. meeting we asked a representative group of parents and teachers to speak to a panel on the Sports Program in our schools. We did this because we knew many parents were asking themselves questions and were dissatisfied with what they thought was the school policy.

Some felt that children were being trained to be merely spectators, that the members of the school teams were the heroes and that brawn rather than brain is King. That there was no encouragement toward healthy, interschool competition,

just for fun, that the average player is the one who really needs building up and is the forgotten man.

We feel that this condition, if it really does exist, might go back further than the High School, and we started to look at the question right from Elementary School level. The whole panel agreed that it was here that the foundation should be laid, that here a child should learn team co-operation, learn to play with enthusiasm, take his bumps and learn to lose like a good sport. But, here

we found that there is very little to work with. The curriculum lays down a definite course but the growth of population has almost crowded the program out. There is insufficient indoor playroom and the instructors have to spread themselves so "thin" that they cannot be really effective. For weeks on end, the Physical Education program has to be dropped. Children can play happily and healthily in cold, but they cannot sit in class in wet clothes and soaking feet. The indoor play space DOES

NOT come up to specification as laid down by the school act. This is not the fault of the School Board. Mounting costs, rapid rise in birth rate, and regulations re buildings and number of allowable teachers are an almost insoluble problem. Then we take a look at the High School.

Space, time, and lack of enough full time instructors hamper the Junior-Senior School program, the PE (physical ed) program. P.E. has had to be dropped entirely from grade 12 for lack of time.

Women's Federation Here Continues Varied Activities

Thursday, Nov. 20th the Women's Federation of Summerland's United Church met in the church hall, Mrs. M. Pollock, as welcoming hostess, greeted 30 members and visitors.

Mrs. J. Dunsdon, the president, open the program with a few cheery words to the members who had been sick, then asked all to join in singing "Breathe on me Breath of God", a favorite hymn of Mrs. G. D. Glen, a shut-in member.

Mrs. H. Boothe, Mrs. H. Milley and Mrs. L. E. Bancroft led a devotional service. The minutes and financial reports were read. Mrs. A. McLaughlin reported on cards sent and visits paid to hospital patients. Mrs. W. Ward reported a 12 lb. parcel recently sent to Korea. Mrs. H. B. Mair reported a 5 lb. bundle of used nylon stockings had been sent to the same country. Three lovely colourful quilts were on display, the work of Mrs. T. McCarthy and Mrs. M. Pollock. They were assisted in the quilting by Mrs. E. Gould and Mrs. R. Chapman. It was decided to send these quilts to the girl's home in Burnaby.

The secretary, Mrs. S. A. McDonald, read an appeal sent to Mrs. T. B. Young, from Mr. Charles H. Daly, of the Central Mission, 309 Cordova St., Vancouver, asking for all types of men's used clothing. Mr. Daly in his letter, told of the mission supplying 340 breakfasts, 430 dinners and 265 beds each day and many men were turned away. The clothing is badly needed at once.

Anyone who has anything in men's wearing apparel to give away will find a marked carton in the United Church hall

inside the right hand door. Mr. Charles Daly is the son of a former Summerland minister. Mrs. Dunsdon directed the attention of members with TV sets to a series of programs on christian work in Angola Africa. The next appearance of the series will be Nov. 24 and Dec. 1.

Mrs. J. Lazenby was in charge of the study program, assisted by Miss Chambers and Mrs. M. Scott, the subject being "Our Canadian Indians." Miss Chambers and Mrs. Scott scored their talks with stories from their own experiences. Miss Chambers had spent 8 years as nurse at the Ahowsat residential school and reserve. Mrs. Scott, supervisor in an Indian school, too, had spent some years as a nurse. The meeting was dismissed with the Mizpah Benediction. A social half hour was spent over tea and dainty biscuits supplied by Mrs. W. Ward, Mrs. S. A. MacDonald and Mrs. E. Gould.

Farewell Tea For Mrs. Bryan Williams

Mrs. Bryan Williams was honored at a farewell tea Monday afternoon, Nov. 24th, at the home of Mrs. J. L. Mason, Trout Creek.

Dr. and Mrs. Williams and their three children are leaving shortly to be in England for Christmas, and will leave later for Australia where they plan to make their home.

Guests at the tea were Mrs. Adrian Moyles, Mrs. L. Lopatecki, Mrs. H. R. McLarty, Mrs. John Kitson, Mrs. Ewart Woolliams, Mrs. J. Y. Twogood, and Mrs. Robert Alstead.

Summerland Girl Is Wed At Clinton

The marriage took place on Saturday, November 15th at 2:30 p.m., in the Protestant Chapel of the RCAF at Clinton, when Carolyn Joan, second daughter of Mr. and Mrs. Gordon Beggs of West Summerland became the bride of Robert Elwyn Ellis, only son of Mr. and Mrs. S. E. Ellis of North Vancouver, B.C. Padre Flt. Lt. McLaren officiated at the ceremony.

The bride wore a suit in turquoise color with beige hat and other accessories. Her flowers were worn en corsage. Miss Joan Cook of Nova Scotia was bridesmaid and her suit and accessories were in beige and brown. The groom was supported by Mr. Alen Forbes.

After a small reception Mr. and Mrs. Ellis left for a honeymoon trip to London, Ont. They will make their home in Clinton until A.C.1 Ellis is posted.

Girl Guides Hold Pie Sale Dec. 6

The local Girl Guide Association met November 19th in the Youth Centre at 7:30 p.m. with seven of a possible ninety members present.

To help in the financing of the new campsite on the shore of Okanagan Lake each Brownie and Guide is to be assessed \$2.00. An additional \$220.00 to cover operating expenses is to be raised through various events to be held throughout the year and these endeavors will require the support of all those interested in these worthwhile organizations.

There are 60 guides and 50 Brownies receiving valuable instruction in the Summerland area and the nominating committee, appointed at this meeting, hope to have the full support of all the mothers of these girls and hope too, that they will accept responsibility, contributing actively as well as financially.

There will be a pie sale on December 6th at the Super-Valu. All mothers are being asked to donate two pies, preferably berry or fruit.

Comings & Goings

Mrs. Dean Carter, was home from UBC to spend the weekend. Mr. and Mrs. Bob Bleasdale

and Mary were visitors in Summerland over the weekend.

Mrs. J. E. O'Mahoney left Tuesday for Vancouver to attend the semi-annual meeting of the Cancer Foundation, of which she is a board member.

Mr. and Mrs. Rolphe Pretty and their daughter, Cheryl, spent last weekend in Revelstoke.

Q.S. Jim MacArthur, RCN, is spending two weeks leave at the home of his parents in Trout Creek. Having finished his basic training in Cornwallis, he is enroute to Esquimalt.

Mr. Frank Walden of West Vancouver is visiting at the home of his mother, Mrs. T. A. Walden.

Mr. and Mrs. Rolphe Pretty Trout Creek, have had as their guests recently, Mr. and Mrs. Hansen of Vancouver and Mrs. Hansen, Sr., of Denmark.

Birth

To Mr. and Mrs. Vic Smith in Summerland General Hospital on November 19th, a son.

Promenade

The Totem Twirlers of Peachland will be the hosts to square dancers this Saturday, November 29th. Bill French will be the emcee and caller for the event. I believe the lunch is provided by the ladies of the club. This is one event when you can be assured of having a good time as Bill and Leona always have a very interesting program planned.

Five couples have started learning square dance basics one night per week and are progressing very nicely. An additional three couples are expected to start this week and this will make two complete squares of dancers.

Classes are continuing on

Rialto Theatre

Thursday - Friday - Saturday
November 27 - 28 - 29

Summerland Review

LAST MINUTE ADVICE NETS AUTHOR FORTUNE

Most of us will dispense a 'bit of advice' at the drop of a tam-o-shanter but few of us ever follow it as eagerly. Yet a few chance words can prove fortunate sometimes.

Years ago, an unknown young author had his book accepted, and the publisher asked which he preferred, a hundred pounds for the copyright or a royalty arrangement.

The young man chose the hundred pounds, but while the publisher went out to prepare the contract, someone whispered "I'd take the royalty if I were you".

Swinging around, the author observed an elderly clerk, already back at his work. The author didn't take long to decide. He went back to the publisher's office and settled for royalties.

The book, "King Solomon's Mines" by Henry Rider Haggard became an all-time best-seller, and what that advice cost the company no one has dared to compute.

Now here's a "bit of advice" you'll find worth heeding. The easiest, safest and surest way to avoid financial stress and strain is to make regular deposits in a Bank of Montreal savings account. Then when unexpected need or opportunity arises, you have the ready cash waiting for you. You'll be amazed at how handy it can prove. To start your account, visit the Summerland branch of the B of M soon. Doug Galloway, the accountant there, will show you how easy it is, and how profitable in the years to come.

Around Home

Doesn't look as though this winter and the last one are going to have much in common. What with waking up Monday to find icicles decorating the roof and snow being merrily blown about by a playful north wind and oh, that blue, blue lake with thousands of white-caps dancing southward.

PEACE

I could not ask a better world, More innocent of follies, Than cool green lawns and friendly homes, And men with pipes and collies, And little girls who sit on steps A-talking to their dollies. Geo. Greenway.

The lawns may be white at the moment, the men and their collies curled up in front of the fire with their pipes, but the little girls will still be playing with their dollies. If there is a little girl or two on your Christmas list the stores in Summerland are well stocked to supply any type you could wish for them from soft cuddly kind that will be literally loved to death by the wee ones to the beautiful bride dolls that will be handled ever so carefully and may even live to be treasured on through the years when the world of make-believe is forgotten in the reality of grow-up. Do look over the wonderful displays — whole families of dolls and make your selection while there are lots to choose from.

And for father — if he has to leave that fire long enough to bring in some more wood to stoke it — here's a quick way for him to cope with getting on with the job and back to the

fire in a hurry. Get him a pair of those nice heavy warm Indian knit socks to pull on and a pair of ordinary rubbers to put over them. When he comes in out of the snow just a quick shake of the sox and they are dry again.

Also for Father — and it might be an idea for a Christmas present — are the light-as-a-feather quilted nylon vests that are made to give protection and warmth to the body without restricting the movement of the arms. Nice and long in the back — just where they are needed and not bulky, but can be worn and will feel mighty cozy under coat or jacket. One of these vests would be wonderful for those hours of pruning that are ahead.

Better watch it, or he'll be so comfortable outside there you won't be able to get him to come in!

The season of candlelight is almost upon us. Candles lend enchantment to a table set for a festive occasion, a dinner, buffet supper or a party snack. If you place candles in the refrigerator for a few hours before lighting them they won't drip!

If you have lots of company over the festive season, and who doesn't, cut down on the work by covering your table with one of the Christmassy plastic tablecloths, which can be wiped off with a damp cloth after each using. Another way to beat the Yuletide laundering is to use a pretty paper cloth covered by clear plastic. The children will love it and so will mother. Paper tablecloths are available in large sizes and the plastic is sold by the yard.

Read Labels On Cans

When you are shopping for canned fruits and vegetables, how often do you wish you could see the product inside?

If you think of the can label as a window and read it thoroughly before you buy you will be surprised at how many clues are revealed. You will realize that you don't have to see the food to know all about it. Look, for example, at the label on a can of peaches. If it bears the words, "Packed in Canada", you may be sure that the Canadian Department of Agriculture approved it as giving true facts about the contents of the can.

The label gives the name and address of the packer so the compliments and the complaints can reach him. It tells the name of the product, the quality grade, the degree to which sugar or syrup has been added, and the weight.

If the peaches were packed in a government inspected plant as practically all the 60 million pounds of peaches packed commercially in Canada this year were, they will be graded Canada Fancy, or Canada Choice. Few, if any, Canada Standard peaches were packed this year. The crop was superb so only top quality fruit was used. Canada Fancy guarantees peaches that are as nearly perfect as possible. They have been packed from sound fruit at perfect maturity, free from blemishes of good color, uniform in size and in a clear liquid.

Canada Choice allows a slight variation in color and maturity but must be packed from fruit that is sound, free from blemishes and in a fairly clear liquid.

WEST SUMMERLAND

As I came over the hill, And looked at the valley below. It was a sight that gave me a thrill,

With its beauty of new fallen snow.

A village is nestled there, Born by the toil of man's hand Its name was chosen with care. For they called it West Summerland.

Summer brings flowers enchanted,

In the distance, the mourning doves call,

In autumn the orchards are painted,

With their burden of fruit, for all.

Some say they have found the rainbows end,

And some say, it's the promised land,

Some say they have come here just to mend,

And some have just come, to West Summerland.

Clarence A. Davis, 1958.

Mrs. Eric Smith Again Heads Evening Branch W.A.

Mrs. Eric Smith was re-elected president of St. Stephen's Evening Branch W. A. at the annual meeting held Monday evening in the Parish Hall with 22 members present. Other officers all re-elected were Mrs. Bob Barkwill, 1st vice-president; Mrs. A. K. Macleod, secretary and Mrs. D. M. Wright, treasurer.

Annual reports were presented

by the executive and special committee heads.

Mrs. A. A. T. Northrup, as leader of the Church Boys league, reported a large attendance. The boys are between the ages of 8 - 14 and meet once a week at noon in the Parish Hall.

Mrs. E. G. Miles gave Mrs. J. Y. Towgood's report on the Junior Girls' Auxillary and Mrs. K. Hickson told of her work with the "Little Helpers", and of their enjoyable party and candle service held in the church last month.

Mrs. R. Cuthbert as visitor to the sick made many visits during the past month. Mrs. Bert Berry as convener of the House Bazaar, to be held on December 13, reported on final arrangements.

Refreshments were served at the close of the meeting.

Pensioners Delinquency Is Discussed By W.I.

The Old Age pensioners held their monthly meeting on 18th November at 2 p.m. After the usual business was done an election of officers was held for the coming year. A lively discussion took place.

Elected were:
President: Mr. Glen.
Vice-Pres.: Mr. Haddrell.
Secretary: Mr. Taylor.
Treasurer: Mr. McDougald.
Social Committee: Mrs. Johnson, Mrs. Sheldrake.
Sick visitors: D. Taylor. Mrs. Brind.

Reporter: Dave Jack.
Senior Citizen's Help: W. Haddrell.

Pianist: Mrs. Bancroft.
Entertainment: Mr. Glen.
Mr. Trippe will be asked to audit books.

The Women's Institute put on a splendid lunch; they also ran a bingo game with good prizes. The Rebecca Lodge puts on the annual banquet on the evening of the 12th December, at 5:30 p.m. If it is like the others 5:30 p.m. If it is like the others

Dave Jack, reporter.

Juvenile delinquency was the subject of group discussion by members of the Summerland Women's Institute at their meeting Friday afternoon at the Anglican Parish Hall. Mrs. E. M. Hookham, convener of Health and Welfare, divided the members into three groups headed by Mrs. H. McLarty, Mrs. S. A. MacDonald and Mrs. Gordon Ritchie. After spirited discussion on the causes and ways of correcting delinquency the leaders summed up their findings. Many ideas and suggestions were given and the program proved very interesting.

The president, Mrs. L. W. Rumball was in the chair to conduct the business meeting. A donation was voted to the Youth Centre Association campaign and a copy of the Women's Institute Centennial Cook-book will be presented to the Summerland Library.

Plans for the tea and entertainment for the Old Age Pensioners on Nov. 18 were made with many volunteers to help with food, prizes and entertaining.

A nominating committee com-

posed of Mrs. H. C. Whitaker, convener, Mrs. J. Y. Towgood and Mrs. Roy Angus was named to bring in the slate of officers to the annual meeting on Dec. 12.

Following adjournment a de-

licious tea was served by Mrs. Gordon Dinning, convener, Mrs. Geo. Harper, Mrs. G. McArthur gifts will be sent to the Mental Health Association to be used in their Christmas gift program. and Mrs. N. H. Charlton.

B of M Deposits Over 3 Billion

MONTREAL— Deposits in the Bank of Montreal have passed the three billion dollar level for the first time in history, according to the 141st annual statement, issued today. The bank's financial year ended October 31.

Resources mounted to \$3,277 million an increase of \$411 million over a year ago, the bank reports, while deposits stood at a new high of \$3,038 million, showing little change from \$1,438, as the figure stood a year ago. Included are NHA loans themselves up more than \$40 million to \$171,371,272 - enabling more Canadians to buy homes of their own.

STRONG LIQUID POSITION
The statement shows the B. of M's traditionally strong liquid position continuing, with quick assets of \$1,926 million reported representing 62.1 per cent of liabilities to the public, as against 54.8 per cent last year.

Valuation of bank premises alone rose - from \$36 million in 1957 to nearly \$41 million - a clear indication of the continuing expansion of B of M facilities to meet Canadians' growing requirements.

B of M EARNINGS UP
Earnings reported - before income taxes - are at a new high of \$22,889,690. After provision of \$12,533,000 to meet these tax payments, a net profit of \$10,356,690 was reported - \$706,998 more than the 1957 figure. Payments to shareholders totalled \$8,904,564, or \$3,628,436 less than the bank's income tax payments - leaving a balance of earnings of \$1,452,126 on operations of more than 750 B of M offices in Canada and abroad.

This amount, added to 1957 undivided profits of \$2,113,834 permitted a transfer of \$2 million to the bank's rest account, leaving undivided profits at \$1,585,980 at October 31. The B of M rest or reserve account now stands at a new high level of \$120 million.

She's helping to write
our Bank Statement...
and lending money
to Build Houses...
JUST fifty cents a week... yet the regular deposit of this young lady at one of our school wickets makes her a "valued customer" of "MY BANK".
She's one of more than two million Canadians saving at the B of M. Their deposits run into the billions. To be exact, this year-end - October 31st - total deposits amount to \$3,038,349,556.
But her part in the B of M's "total deposits" is only half the picture.
What's happening to her deposit? Well, along with the deposits of the other two million, her money is being lent to build houses, buy tractors, cut lumber - to do a thousand and one things.
How? Through hundreds of thousands of bank loans, the B of M is employing this youngster's deposits, with many others, to finance the operations of business and industrial enterprises of all kinds and sizes... of farmers, fishermen, oil-men, miners, lumbermen and ranchers... of citizens of every calling... of provincial and municipal governments and school districts. Total B of M loans now run to no less than \$1,416,518,876.
Yes, when you save your money at the B of M you not only keep it safe and earning interest for you, but you make a sound investment for yourself in Canada's growth now and in the years ahead.
What's more - whether you want to save money or borrow it - you'll like banking at the B of M. Why not drop in next time you're passing?

Bowling News

by GLEN FELL
This week has seen a lot of 300 games bowled in open bowling, but league bowling is falling just short of the 300 mark. Guess everyone is holding back for a big finish. Nan Thornthwaite came close to the mark with a 293 for the ladies' high single. Ash Austin rolled 272 for the men's high game. Eileen Free bowled 650 for high three for the ladies and Bill Hepperle rolled a nice 703 for the men.

Big event this week is, of course, our Masquerade dance this Friday. According to all comments there is going to be lots of fun with some really terrific costumes. We'd like to see everyone in a costume, but don't let a costume keep you from coming. I'm sure the doorman will let you in anyway. Remember, this dance is open to everyone, not just bowlers. That's this Friday, November 28th.

League standings this week are:

Diehards	23
Whizbangs	21
Occidentals	21
Misfits	20
Hilltoppers	20
Pentics	18
Kingpins	20
Beebops	19

SKATING PARTY A GREAT SUCCESS

About 130 ISC Federationists from Penticton, Rutland and Kelowna joined Summerland in their first skating party this season, November 14.

An enthusiastic singsong was held at the Baptist Church with refreshments served.

BCFGA Told Of Prairie Markets

The November Southern District Council meeting of the BCFGAs was attended by all locals from Peachland to Osoyoos.

H.J. Wells of Summerland reporting for the Board of Governors, gave impressions of his recent trip to the prairies. Mr. Wells told the council that generally speaking B. C. fruit was in good supply and preferred both by the wholesalers and consumers to imported fruit. Retail prices on Michigan State McIntosh sold in Winnipeg were about one dollar per box lower than Okanagan apples.

Peaches sold in cell pack cartons are generally preferred to those in other types of containers. Customers can open the cell type package and see exactly the quality of fruit they are buying.

Gordon DesBrisay, gave some highlights of B. C. Fruit Processors' operations. He said that overall production will be lower than in 1957, since more commercial fruit is being sold on the fresh fruit market. Cider made from a blend of Delicious Newton and Jonathan apples is being sold in B.C. and Alberta. A carload of cider has been shipped to Edmonton and to Calgary. Mr. DesBrisay also reported that orange-cot sales have been very good. The only product showing sales resistance to date is peach pie filling which is not moving too well. J. Luthy of Oliver, reporting for the BCFGAs executive told the district council that so far compulsory unemployment insurance has not been obtained for the industry. C.E.S. Walls of the B. C. Federation of Agriculture will file a re-application. It is hoped that the fruit industry will have compulsory insurance by spring. Mr. Luthy also reported that an inquiry is being made to determine whether subsidy payments are income tax exempt or not.

P.T.A.

(Continued from Front Page)
Each year has its physical education program laid down but sports are not compulsory. There are facilities for students to play games, especially in the noon hour, but many pupils are not interested in the games and prefer to spend their time in town. This, it was felt, was in part because they had not been introduced to a properly co-ordinated school sports program in their early years.

A criticism was made that the gym was being monopolized by a few students. It is natural that the student who is willing to put time on practice will be given preference. Surely most of us take great pride in a fine team and enjoy cheering them on to success. But it is right that we as parents should be on guard to see that they do not assume such importance that the student who spends time on his books and makes a good grade is sneered at as being a 'brain' or a 'square'. Perhaps we might ask that making the team be regarded as a prize for work well done in school. Most of all, let us not neglect the needs of our Elementary School.

NOTICE TO CREDITORS
