

Hon. Peterson Non-Committal on School Sites

The Honourable L. R. Peterson, Minister of Education, made his long-awaited visit to the Summerland School District on Monday. The Board of School Trustees has been pressing for this visit for some time to obtain decision of the location of proposed elementary construction. The Board favors a central building adjacent to the MacDon-

ald School while Departmental policy has been strongly directed towards small area schools.

The Board Committee met. Mr. Peterson and the whole issue was thoroughly discussed. The small area of the District was pointed out to the Minister, the concentration of growth in the West Summerland area and the history of consolidation back in 1920.

Mr. Peterson was then driven over the nearby area where new residence construction has been so rapid during the past few years. Then he was taken to some of the outlying districts where small schools had been suggested by the Department.

The Minister expressed his understanding of the Board point of view but stated the difficulty of departing from a policy which was meant to apply to all School Districts. Mr. Peterson left for Victoria where he would discuss the matter with his Deputy Minister Dr. J. H. K. English and Mr. J. G. Graham, Director of Administration.

Those meeting the Minister were T. S. Manning, board chairman; John Bennett of the building committee; K. L. Boothe, chairman of finance; C. E. Clay, district superintendent and B. A. Tingley, secretary-treasurer.

New Principal Appointed For High School

A. J. Longmore of Grand Forks has been appointed principal of the Junior-Senior High School to succeed A. K. Macleod who goes to Trail School District as Director of Education. Mr. Longmore has been Vice-Principal at the Grand Forks Junior-Senior High School for the past three years. Before that he spent two years on the staff of the Creston High School following five years as vice-principal of the Oliver Elementary School.

Mr. Longmore is married, has three children and intends to move to West Summerland about the middle of August when he will take up his duties here.

Kiwanis Planning For Annual Street Carnival

Saturday evening of August 15 will see the downtown section of West Summerland again turned into a giant carnival. Chairman Doug Campbell announces that this year's extravaganza will be better and bigger than ever. Backed by Kiwanis president Scotty Ritchie and the entire club membership the old favorite attractions have been kept with several added wrinkles.

A decided effort has been made to have something that every member of the family can enjoy. For the youngsters there will be rides on the girafes, pony rides, fish pond, refreshments. For the not so

young a variety of games of skill, bingo, weight guessing, home cooking and lots, lots more.

The evening will commence at seven p.m. with a half hour concert by the Summerland Town Band under the direction of Bud Stuart. All Summerlanders are urged to come early to hear this fine group of musicians who represent our community so ably at various functions throughout the valley. Immediately the band is finished the bingo and other booths will be in operation. The downtown stores will be open for business as usual until nine p.m.

Tickets for the raffle can now be obtained from any member of the Summerland Kiwanis Club and under the direction of Scotty Ritchie. Tickets are available before 10 p.m. on Friday night.
page 9

P-TA Bursary Announced

The P-TA Bursary is awarded to the student who enters the teaching profession. The successful application will be awarded the P-TA \$100 bursary. Applications should be channelled through the high school office.

The Board of Trade with regret the resignation of William Gillard as president. C. Stahl is the vice president. The meeting to preside over the 1959 year will be held on Thursday, August 13.

BANDS, BONDS AND BALLYHOO, featured the seventh anniversary party of the British Columbia Social Crediters held last Saturday. The gigantic birthday rally centred around the burning of millions of dollars worth of retired bonds by Premier W. A. C. Bennett, which, according to the Premier, freed B.C. from debt. The Premier is shown holding up a bundle of retired bonds, later burned on a

raft out in the lake. With the Premier are members of the cabinet from left to right, the Hon. R. C. Williston, Minister of Lands and Forests; Hon. Lyle Wicks, Minister of Labor; Hon. Eric Martin, Minister of Health and Welfare; the Hon. W. A. C. Bennett, Premier; and the Hon. Robert Bonner, Attorney General.

AS PART of the Social Credit birthday party celebrations at Kelowna last Saturday, Premier Bennett was honored with the presentation of a portrait of himself. The oil painting, a gift from the B.C. Social Credit League, is shown above.

Unveil S'land Float at Peach Festival Parade

Summerland Board of Trade have entered a float in all of the Penticton and district Peach Festival parades, and have won many prizes. While the prizes are gratifying to those who labor designing and building the floats, the main purpose is to attract attention to the town. The float will be seen at the Penticton parade on Thursday, August 13.

August 6 at Penticton with parade time at 6:30 and again in Kelowna at the Regatta parade, Thursday, August 13 at 6 p.m.

The committee who have designed and constructed this year's float are Mr. and Mrs. E. O. White, Mrs. H. R. Hodgson, Mrs. Flora Bergstrom, Johann Bergstrom and Mel.
Continued on page 12

Complaints Of Dust Nuisance

Dust on the front porch, dust on orchards and even dust on the lake in front of a boat were among complaints heard by municipal council at last week's meeting.

A two-man delegation from the Giant's Head Road area past Milne's Cannery, headed by Harry Howard, asked for blacktopping and were promised this work would be on next year's agenda.

L. S. Jones asked for oiling of part of Quinpoole Street where it meets Rosedale at the Catholic church. Council's reply was that residents must pay for the oiling since its benefits are of short duration and of no permanent value.

Police Officer Transferred

Cpl. Ralph Brown, RCMP officer in charge of the Summerland detachment, experts to leave early next week for Haney to where he has been transferred. Cpl. Brown, who came here last May will be second in command of a nine man detachment. Coming here is Cpl. Larry Martin from the Haney Detachment. Cpl. Brown will remember his tour of duty in Summerland. It was here that on a hot August day he narrowly escaped being shot to death in a brush with John Morrison, which started Canada's biggest man-hunt.

Orchard Run

BY WALLY SMITH

Farm Aid

Deficiency payments as a means of giving assistance to the Canadian agricultural industry are not favored by the Ontario Federation of Agriculture.

This group recently came out as definitely opposed to deficiency payments only a short time following the Ontario Farmers' Union had voted in favor of deficiency payments.

Thus two farm groups in Ontario take opposite sides on this vital issue and create a situation which isn't likely to help the federal government in its effort to solve the farm problem.

The deficiency payment plan provides for the government to set a floor price on wheat, eggs, apples, or any other product that may come within the scope of the scheme. The government does not buy farm produce at any price, but when the market falls below the floor price the government makes up the difference.

Payment is made only on produce sold. Unsold produce is the responsibility of the producer or his agent.

U.S. Puzzle

Ottawa appears to be in no hurry to get any deeper into the business of farm price supports. Perhaps Ottawa is fearful of getting involved in an entanglement like that which exists in the United States Department of Agriculture. As a result of their farm price support program the U.S. now has nine billion dollars worth of farm produce in storage, and more is accumulating every day.

Government inking with farm prices in the U.S. combined with revolutionary technological advances has thrown the agricultural economy of that country away out of balance and repercussions are being felt in Canada and elsewhere.

In view of the chaotic condition of agriculture in the U.S. it would seem wise for Canada to move with extreme caution in the matter of further farm price supports. While it may be true that under the deficiency payment plan Ottawa would not buy and store farm surplus, the surplus could still be there, unsold, on the farm, dragging the owner down to bankruptcy.

It is difficult to see any successful form of price control without some measure of production control and this is something the Canadian farmer is not yet prepared to accept.

As far as fruit growing is concerned, perhaps the most satisfactory arrangement would be to give us the same ratio of tariff protection as other industries enjoy and leave us to work out our own problem from there.

Editorials

WEDNESDAY, AUGUST FIFTH, NINETEEN HUNDRED AND FIFTY-NINE

Of Interest to Summerland

Speaking in Kelowna last Saturday on the occasion of Social Credit's seventh Birthday Party, Premier W. A. C. Bennett clearly stated that some portion of the \$25,000,000 saved in interest payments as a result of the Government's debt retirement policy would be used to help finance the building of homes for senior citizens.

This commitment is of especial significance to Summerland where plans for a senior citizens home have long been discussed.

In fact the Municipality has the site and plans for such a structure. Attending the luncheon in Kelowna last Saturday was Reeve F. E. Atkinson and the Premier's comment "that you can look for more help for homes for elderly citizens," did not pass unheeded and a letter is now on its way to Victoria pointing out that Summerland has already gone a long way towards a senior

citizen's home and outlining the contribution so far insofar as cost of site and architects' fees are concerned.

Reeve Atkinson is hopeful that the Premier's public comment indicated government assistance to the extent that prevails in Alberta where the municipalities are only required to put up 10 per cent of the cost.

If this is so, it means that Summerland practically has its share of cost already covered.

It will, of course, require ratification by the legislature before the increased provincial government aid becomes a legal fact, but there is no reason to doubt that the legislature will gladly vote such a measure.

In consequence a go slow policy is called for here, but there can be no harm now in completing plans and having everything ready for instant implementation early next year.

60 Is Too Fast In Spots

Few motorists will quarrel with the 60 mile-an-hour speed limit in effect on Highway 97. The highway is well engineered and provided motorists heed the warning signs the additional 10 miles an hour appears to be safe. We do believe however that a mistake was made and is being perpetuated by increasing the speed limit on the highway through Trout Creek.

In fact, rather than being increased, the speed limit should have been reduced from 50 to 40 miles-an-hour. Cars wishing to enter Highway 97 from Giant's Head Road or from Powell Beach are often stalled for long periods by cars zooming along at what is now a legal 60. A hazard is also frequently created by cars travelling south seeking to turn off down to Powell Beach. The gap between cars travelling at 60 miles-an-hour is closed in an appallingly short space of

time. A car roars around the bend going south and the driver is braking for his own and other people's lives if a car is stationary waiting to turn across the highway and onto Powell Beach. This of course is a frequent situation during the summer time when the hazard of the increased speed limit is at its height.

A 40 mile-an-hour zone should be established starting just south of Trout Creek Bridge and continuing north through the existing reduced speed zone which starts now around the bend past Trout Creek.

One thing sure, if the 40 mile zone on the highway hill is justified, then it is most certainly justified at Trout Creek.

We can only hope that it will not require an accident to compell action of the authorities on this matter.

RCAF crack Golden Hawks jet flight will perform wingtip-to-wingtip formation aerobatics at the Pacific National Exhibition from Aug. 22 to Sept. 7. The sil, golden painted Sabre Jets will hurtle through the air at near the

speed of sound in rolls, loops and "bomb-burst" over Burrard Inlet just off the fairgrounds. The Hawks were the hit of the show on their recent visit to Vancouver's international air display.

All Welcome

According to the Mood . . .

By SID. GODBER

Final comment on the Royal tour:
"God REST the Queen".

The grim battle goes on — the bulge continues to bulge, ambulances on every side. Somebody said if you eat sweet stuff it takes the edge off your appetite. Up for the doings at Kelowna on Saturday at the Premier's garden party — hungry as all get put — tried to dull the appetite with toothsome cookies — I had, believe it or not, got down to 201 pounds, a loss of ten pounds, but here I am back up to 205 pounds. Still the long and bitter battle is being slowly won. Heck I've only got to shuck another 35 pounds to be down to my fighting weight and what punishment I'll give roast beef and yorkshire pudding when that joyour day comes around.

Got it from Penticton's Alderman McPherson just back from Edmonton that the three Warwick brothers have been invited to go over to Poland this fall and play four exhibition games with the Polish international team. Those Warwicks sure made an impact on Europe, but I think they'll be better advised to stay home. Europe remembers them as champions and five years is a lot of water under the bridge.

Harking back to the bonfire at Kelowna on Saturday — a wonderful time was had by all. You may or may not believe Premier Bennett's bookkeeping, but the fact remains that when those bonds went up in smoke last Saturday it did mean that a sizable chunk of B.C.'s debt had been wiped out with what would have been required for interest released for more constructive purposes.

I just can't go along with the theory that B.C. doesn't have any debt — but I do think that most of the debt we have is "good" debt. Debts for schools, debts for bridges, for highways, for railway extensions — they are, to my thinking, debts of which there is no need to feel ashamed.

No doubt about it, people are funny — it seems almost impossible to find anyone outside the dyed-in-the-wool Social Credit ranks who really believes that B.C. is out of debt, but they seem to take the attitude, oh well, if the premier wants to kid himself, why not — and here is the payoff sentence — the sentence that is the writing on the wall for the next election. Says the man in the street, "Anyway, debt or no debt, we're getting something for our money."

And my guess is, come election, that the people will weigh Somers, Briggs, debts, Bill 43 and other sins of commission and omission by the Social Credit government against what they've got for their money and the Socreds will go back for another term. Seven years now since that day when the people said to the Libs. and Pro. Con., a plague on both your houses and turned to Social Credit. My hunch is that the Socreds will have quite a few more birthdays to celebrate.

These are weird and wonderful times we live in — heard a strong union type complaining that with mostly women working in the packinghouses on a seasonal basis, it was hard to get them excited about a few cents an hour increase. "All these women are interested in," said this union type, "is getting in the days so that they can draw unemployment insurance longer."

And while on the labor front here's a thought provoking editorial from the Comox Free Press — could be ye editor has a point.

The axes are swinging merrily in the United States; the saws are buzzing happily and the loggers are earning a good living.

Meanwhile in Canada the logger is out on strike; there is little or no money coming in and it seems as if this condition will exist for some time. The Canadian operator is doing no trade. His American counterpart is enjoying brisk business.

Canadian logging companies, controlled in the U.S., are probably extremely pleased with the situation and are quite likely to offer wages that force the Canadian on strike. More business for the U.S. operations.

The Canadian unionist isn't shedding too many tears over the situation his Canadian brother in labor. When the Canadian operator says the American engine is in high gear.

It is a coincidence, surely. The American influence over the strikes and unions must be so strong that it is having a direct effect on Canadian economy.

Nonsense. Then we'll have to hear a more sensible explanation of the situation and the refutation of this opinion.

Mr. and Mrs. Eugene Bates and their daughter arrived on Saturday from Prince George to spend a week at the home of Mrs. Bate's parents, Dr. and Mrs. Jas. Marshall who are at present in Europe.

AT

Macils Ladies Wear

Granville Street

West Summerland

Visiting Summerland last week after an absence of 21 years was Russell Bolton, of Regina Sask. He was accompanied by his wife, Eunice and two daughters. While here they renewed old acquaintances and visited numerous relatives. They were the guests of his aunt and uncle, Mr. and Mrs. Irwin Seigrest of Station Road.

Dr. and Mrs. H. B. Munn returned home last week after spending two months travelling in Europe. Dr. Munn attended the Medical Convention in Edinburgh. They visited many places in England and continental Europe.

Guests at the home of Mr. and Mrs. Howe Thomson are Mr. and Mrs. Roy Johnston and their four children from Calgary.

Guest at the home of Mr. and Mrs. Howe Thomson is Mrs. Thomson's mother, Mrs. M. Denny of Edmonton.

Mr. and Mrs. Les Rumball have had as guests during the past week Mr. and Mrs. Mervyn Frost and their daughter Judy of Cloverdale. After spending the past month at her home here Miss Dianne Rumball, nurse in training at St. Paul's Hospital, Vancouver, returned to the coast with them.

Guests at the home of Mr. and Mrs. T. W. Boothe are Mr. and Mrs. Carl Salter of Port Credit, Ontario.

Recent visitors at the home of Mr. and Mrs. Ed Gould were Mr. and Mrs. Art McPhail of New Westminster.

Visitors at the home of Mr. and Mrs. Joe Sheeley during the past week were Mr. and Mrs. N. Murray of Vancouver and Mr. and Mrs. C. Gordon of Alert Bay. Mr. Gordon was engineer on the sternwheeler "Aberdeen" fifty years ago and as this was his first return to the Valley since that time he found the Okanagan greatly changed.

Seventeen ladies of the Missionary Society of Trout Creek Church of God met on the lawn at the home of Mrs. W. Stein for a farewell gathering in honor of Mrs. A. F. Irving prior to her leaving later this fall. The evening was spent in a time of devotion followed by a presentation to Mrs. Irving after which games were played. A dainty lunch of strawberries and ice cream was enjoyed by all.

Mr. and Mrs. Bob Wismer and son, Bobby left Saturday after spending the past two weeks at the home of Mrs. Wismer's parents, Mr. and Mrs. George Lewis.

Guests at the home of Mr. and Mrs. Wesley Davis are the latter's brother in law and sister, Dr. and Mrs. A. C. Stark and their children, Cheryl and Gary of Vancouver, also Mr. and Mrs. Bob McCormick and sons from New Westminster.

Visiting at the home of Rev. and Mrs. A. F. Irving for the past week was Rev. Irving's brother, Mr. Will Irving of Three Hills, Alberta. Mr. Irving is music teacher at the Prairie Bible Institute.

Guests at the home Mr. and Mrs. F. R. Ganzeveld for two weeks were her sister, Mrs. B. A. Sloan and her three daughters, Dianne, Gail and Sandra of Kitimat.

Guests at the home of Mr. and Mrs. Howe Thomson are Mr. and Mrs. A. Bower and their two children from Edmonton.

Visitors at the home of Mr. A. A. Crawford over the week end were his sister and brother in law, Mr. and Mrs. Wm. Hamilton of Vancouver.

T. W. Boothe's Honored on 50th Anniversary

August 4th was the 50th wedding anniversary of Mr. and Mrs. T. Wallace Boothe, well known Summerland residents who have made their home here for the past 38 years.

The Boothers were married at Galt, Ontario August 4th, 1909. Mrs. Boothe was formerly Miss Ada Maude Salter. After living there for two years they moved to Calgary and then to Regina.

They came to Summerland in 1921 to visit relatives, "took root" Mrs. Boothe says, and stayed.

Since that time they have been busy in a number of ways. Mrs. Boothe for five years after coming here was a bookkeeper in Walters Ltd., fruit company. They have both been active in the work of the United Church. Mrs. Boothe is a life member of the WMS, is now the honorary president of the Women's Federation and has been president. Both Mr. and Mrs. Boothe have been in the Sin-

gers' and Playes' Club and in the choir of the United Church for the past 38 years. Mr. Boothe has been associated with musical circles ever since he came here.

Their two sons, K. L. and Gordon, were both in the air force in World War II, and Gordon was among those who did not return.

They have three grandchildren.

Mrs. Jack Dunsdon, president of the United Church Women's Federation and Mrs. John Holman, president of the WA poured the tea and coffee from a lace covered table arranged with a basket of flowers.

Flowers were from the gardens of Mrs. Delmar Dunham Mrs. W. F. Ward and Mrs. Bancroft.

The "Just Us" circle of the United Church WA served. Assisting were the Boothe's granddaughter, Miss Lynne Boothe and Miss Sharon Hansen and Miss Barbara Fudge. Margaret Salter, Mrs. Myrtle Scott, Mrs. L. L. Fudge.

Guests included Mrs. Boothe's nephew, Carl Salter and Mrs. Salter from Port Credit, Ontario; old friends, Rev. and Mrs. John Goddard of Kelowna and the newly arrived United Church minister Rev. Phillip Louie and his wife.

Other out of town visitors from Vancouver were: Mrs. Sowby, Mrs. Verna Atkinson, Rev. and Mrs. C. Richmond, Mr. and Mrs. Clark Wilkin, Mr. and Mrs. A. E. Smith.

Rev. and Mrs. H. R. Whitmore of Nelson, Mr. and Mrs. Joslin and Mrs. V. Clark of Penticton; Mr. and Mrs. Fred Baker of Naramata, Mr. and Mrs. Underwood of Mesa, Arizona, and Mr. and Mrs. A. Storey, England.

James Family Honored

About sixty people gathered at the home of John Graham on Monday, August 3 to say farewell to the Rev. James and family who have been here for six years.

A programme under the direction of Bob Killick consisted of singing, a Bible quiz, special song by Mr. and Mrs. Leonard Rusk of Penticton; and two impromptu numbers by the well known James family "octette". A purse was presented to the family by Mr. John Mott.

The James family, in part, left on Wednesday for Victoria. Mrs. James and the younger ones will follow later. After refreshments the

evening was brought to a close by a benediction from Rev. H. H. Childerhose (retired) of Penticton.

New American pastor for the Free Methodist Church will be Rev. W. L. Sooter, a native of Washington State. He is a graduate of Seattle Pacific College, a former professional baseball player and school teacher.

Prior to being appointed to West Summerland he served at Moses Lake, Washington, for a short period. Rev. Sooter takes over his new charge on Sunday, August 9. Mrs. Sooter and two sons will arrive about the following Thursday.

Ski Divers In Action at Kelowna Regatta August 12 to 15

One of the most daring and dangerous sports of the modern age will no doubt keep spectators breathless during the 53rd annual Kelowna International Regatta, August 12 to 15.

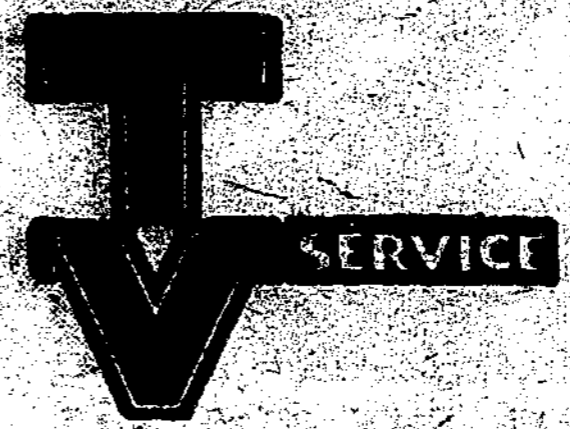

A 15 man team from the Vancouver Sky-Diving Club will give two shows daily in which parachutists will "dive" from aircraft and "free-fall" from 1000 feet to cover a mile before opening their parachutes.

Two jumping displays will be given daily with 4 or 5 parachute descents, each one being made into the lake. Smoke trails will be used to enable the public to follow the descent of the jumper. Parachutists will reach

speeds of 120 miles per hour during their sky dives before they open their chutes.

A mass jump of the entire fifteen man team will conclude the Sky-Divers appearance on Saturday night, August 15.

Comings and Goings

Recent visitors from the coast were Mr. and Mrs. T. D. Grant and children, Linda and Donald. During their stay they were the guests of Mrs. Grant's parents, Mr. and Mrs. H. R. McKee.

Mr. and Mrs. Wm. Vanderburgh and daughter of Brookmere are visiting at the home of the latter's parents, Mr. and Mrs. J. Heavysides.

Mr. and Mrs. V. Brawner had as guests recently Mr and Mrs. G. Norris, who were en route to their home in Virden, Manitoba, after spending a week with their son and daughter-in-law, Mr. and Mrs. Churk Brawner of Victoria. Also visiting with Mr. and Mrs. Brawner here last week were Mr. Brawner's sister and her husband, Mr. and Mrs. Jack Tuck, of Lavoy, Alta.

Recent visitors to the home of Miss Mary Scott, Peach Orchard, were Mr. Ken Buttle and his two daughters, Regina and Donna and his son, Jimmy from Kellog, Idaho.

Mr. and Mrs. Charles Halls of Regina were visitors at the home of Miss Mary Scott for a few days last week.

Mrs. A. J. Brighton spent last week end visiting with her sister, Mrs. C. J. Amm.

Mr. and Mrs. John Amm, Susan and John of New Westminster are spending a ten day holiday with Mr. Amm's mother, Mrs. C. J. Amm.

Mrs. Viola Darke has returned to her home after spending her holidays visiting in Calgary and Quille Lake, Sask.

Miss Mary Scott had visiting her last week Mr. and Mrs. Robert Tullork and their son, Brian.

Guests at the home of Mr. and Mrs. C. R. Adams last week were Mr. and Mrs. Darrell Coats and their young son, Douglas of New Westminster.

Miss Ruth Dale left Tuesday to spend a holiday at the coast.

Mr. and Mrs. Clark Wilkins are staying at the summer cottage of Miss Ruth Dale and renewing friendships while their two daughters attend Camp Sorec.

Rev. A. Hamill of Victoria conducted the service Sunday morning at the Summerland Baptist Church. Mr. Groom of Trail was the soloist.

Bringing her young son here to attend Camp Sorec. Mrs. W Maxwell will visit this week at the home of her sister and brother in law, Mr. and Mrs. Harry Brown.

Rev. F. W. Haskins of Calgary are camping in Peach Orchard Park while visiting amongst their friends in Summerland.

Miss Joanne Bergstrom returned from the east where she attended the Stratford she was the guest of Mr. and Mrs. Keith Sayers, former residents of Summerland.

Mr. and Mrs. Mel Ducummon will have as their guest for the next two weeks their niece, Sheryllyn who arrived with her parents, Mr. and Mrs. C. Usher from New Westminster on Monday. They were accompanied by Mrs. Harry Braddick and her daughter, Ginny, who will spend a few days visiting in Summerland.

Visiting at the home of Mr. and Mrs. Don Clark this week end was Mr. Clark's brother, Dr. Spencer Clark of Kimberley. Accompanying Dr. Clark from the coast was Mrs. Clark's mother, Mrs. C. D. Grant who will visit here for a week.

Mr. and Mrs. F. R. Ganzveld have as their guest Mrs. Ganzveld's mother, Mrs. M. K. Crants. She accompanied her son, Mr. E. A. Crants who was enroute to Vancouver from Dawson Creek.

Do you need a
NEW TRUCK?

... then talk to 'MY BANK'

A necessity on almost any farm, a good sturdy truck saves you time, work and money in a hundred ways.

If you're short of ready cash for such a profit-building purchase, FIL may be your answer. A B of M Farm Improvement Loan can put a new or used truck to work for you on your farm very quickly. Why not talk it over with the manager of your nearest B of M branch this week?

If your proposition is sound, you can get a B of M Farm Improvement Loan for any type of equipment you need on your farm.

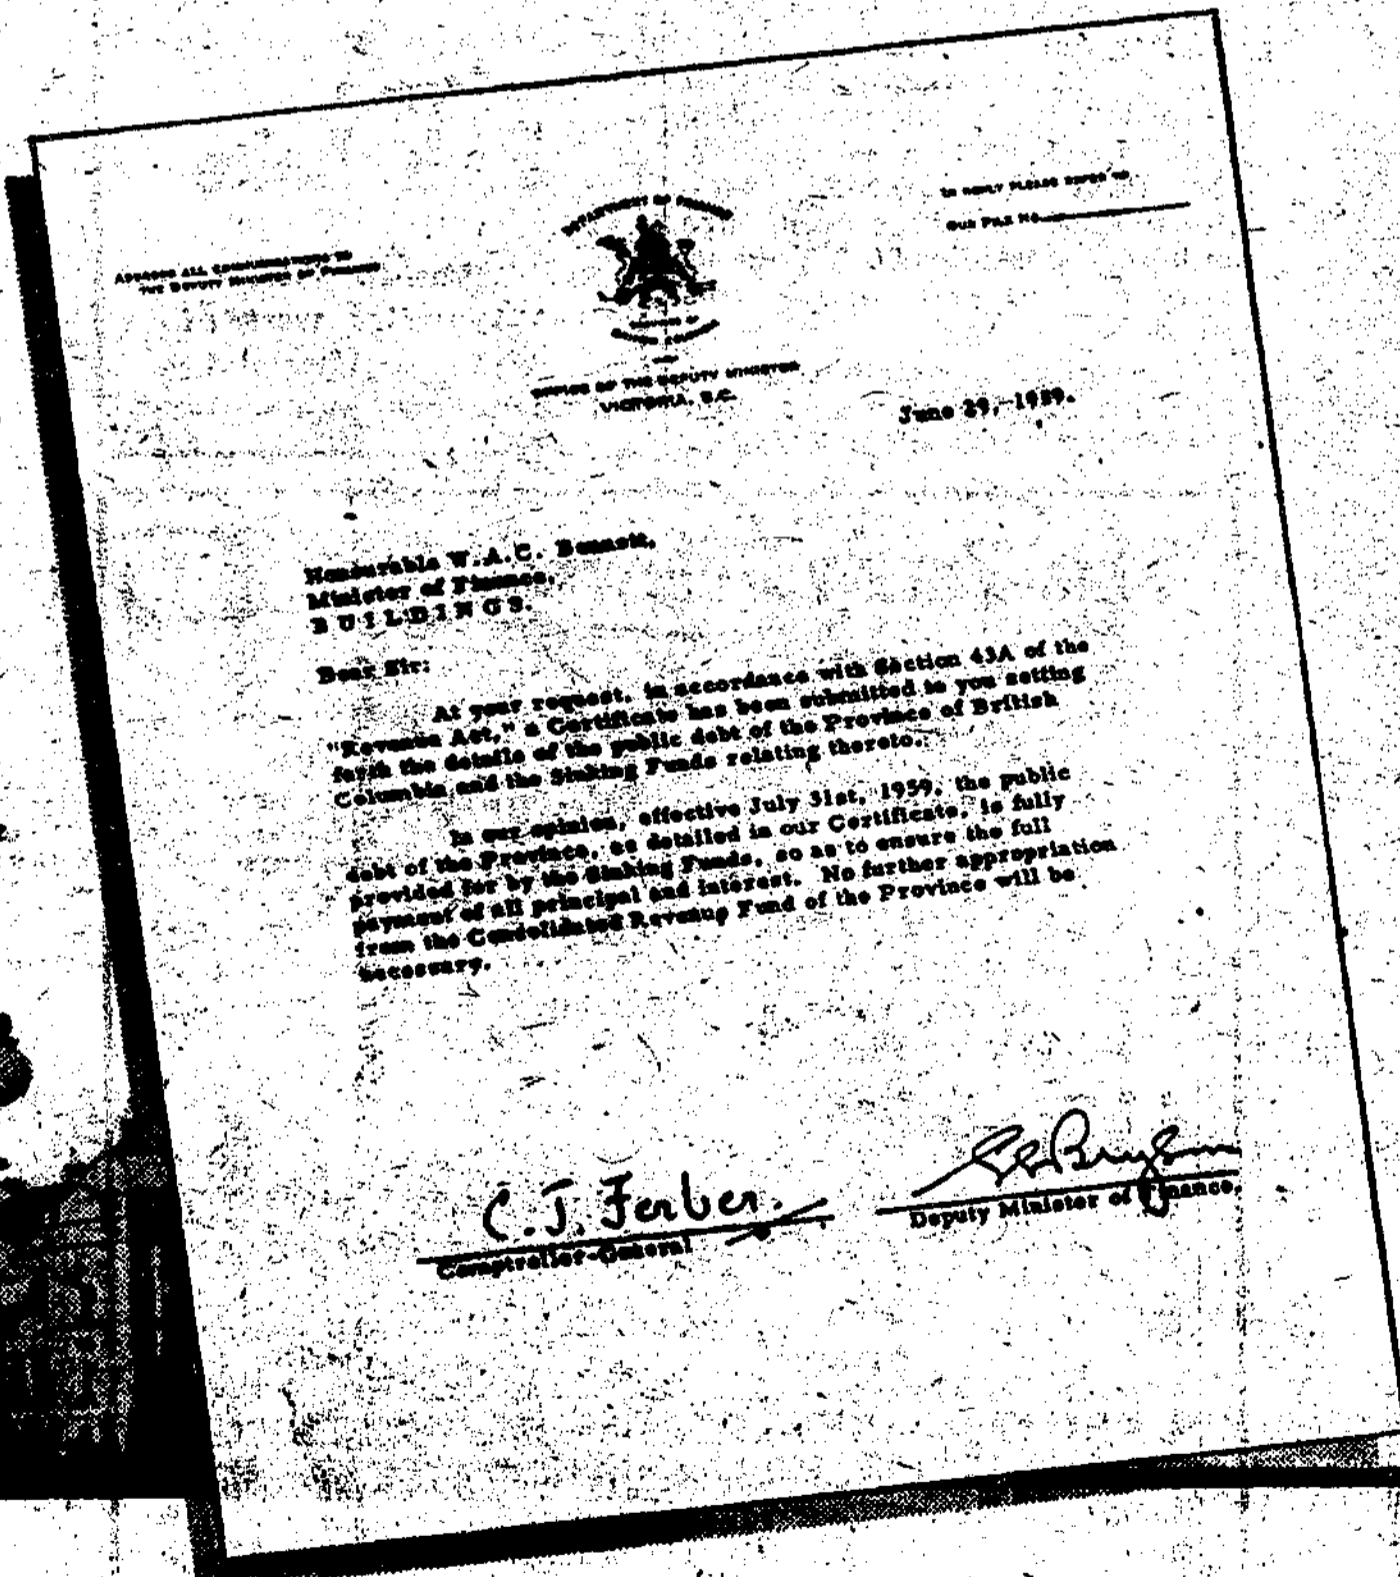

FIL — the fixer... his full name is Farm Improvement Loan. Give him a chance to help fix up your farm... he's economical, convenient, versatile. He can do almost anything in making your farm a better farm.

MENT OF THE PROVINCE OF BRITISH COLUMBIA

Macs WIN One

The lowly Summerland Macs took a new lease on life here Sunday by defeating the Penticton Red Sox 5-2.

This was only the Macs third win this season.

Al Hooker pitched the Macs to victory yielding only six scattered hits.

Macs took the lead in second inning when Taylor pounded out a double and romped home on Bonthoux's single.

Hooker had the Red Sox hogtied yielding only two hits in the first six innings. The

Sox came through in the seventh when Richards got on with a single and Burgart blasted out a home run to count two.

Biollo's double off losing pitcher Englesby in the fifth and singles by Parker and Egely proved the winning run, but Egely added an insurance marker in the seventh with the second home run clout of the game. Macs added two more runs in the ninth to wal off the field pinching themselves, they'd won a ball game

	A	B	R	H	P	O	A
Pinske, rf	5	1					
Biollo, cf	5	1	1				
Parker, lf	5	3					
Egely, c	4	1	2	12	1

Kato, 1b	3	1	11				
Bonthoux, 3b	3	1			3		
Hooker, p	3	1	1	12			

Winning pitcher, Al Hooker, losing pitcher, Bud Englesby.
Home runs: Lloyd Burgart, Ollie Egely.
2 base hits: Geordie Taylor, Harold Biollo, Allan Richards

SPORTS

Two Of World's Best Divers To Perform At Kelowna Regatta

The two best divers in the world will headline the 53rd International Regatta at Kelowna, August 11 to 15.

The reigning Olympic champions, Mrs. Pat McCormick of Los Angeles, California and Joaquin Capilla of Mexico will head a diving program which will also include Irene Mc-

Donald of Hamilton and Ed. Cole of the eastern U.S.

Mrs. McCormick is the only diver in history to sweep the tower and spring board events in the Olympics, which she did in the 1952 and '56 world championships. Joaquin Capilla swept aside all opposition in capturing the 1956 Olympic and world high tower championship. (Both Mrs. McCormick and Capilla have since turned professional.)

Irene MacDonald, the pride of Canada, is Canadian and American springboard champion and is rated the best amateur woman diver in the world today and highly favored to win a gold medal for Canada in next years Olympics.

Ed Cole is North American Trampoline champion and will perform with Capilla in straight and comedy diving from the Athens tower, one of the few diving towers in Canada built to Olympic specifications.

On the Rifle Range

BY HERB SIMPSON

Not much activity this week. We held a practice at the 500 yard range on Friday evening with nine regulars and one visitor attending. The visitor was Alan Jensen of Vancouver. Alan had done no shooting for several years and as he was using a strange rifle, I think he did very well and we hope he will be with us again before he returns home.

Weather conditions were very good, but some of the shooters had difficulty getting accustomed to the light at that time of day, consequently, the scores were not very high. The following scores were recorded: H. Simpson 46, R. Bertram 44, Louise Atkinson 42, Cliff Dunsdon 41, Ron Dunsdon 40, H. Richardson 40, Dick Dunsdon 31, H. Felker, 28; Dave Patterson 28, Alan Jensen 24. These scores are out of a possible 50 points as only one 10 shot match was fired.

The next practice will be held on Sunday morning, commencing at nine o'clock sharp.

Enlightened Lighting

Many Canadian women pride themselves on their homemaking skills. They are not only good cooks, but they have studied diet planning and dietary needs. However, it is a rare woman indeed who has an adequate knowledge of

lighting. There are several broad areas that every woman should investigate. Does her home have adequate lighting for all activities? Is her home adequately wired to accommodate all the new appliances that has become necessities. And what about light reflection?

Certainly every furniture grouping should have its own lamp — high enough to throw light directly on your book or knitting but properly shaded not to shine in your eyes. Light reflection will depend largely on the finish of your walls and ceiling. For instance you probably have ceramic tile on your kitchen and bathroom walls. Because of its gleaming surface, you will get maximum light reflection. On the other hand, if your den is panelled in dark wood, much of your light will be absorbed.

The latest lighting trend is decorative lighting, inside and out. Panels of light mounted under the valance board at your window will throw interesting light effects on your draperies when they are drawn.

Last Rites For Mrs. Campbell

Mrs. Elizabeth Genevieve Campbell, 68, wife of Ernie E. Campbell, died in Summerland General Hospital Sunday after an illness of several weeks.

Mrs. Campbell was born in 1891 at Winoski, Vermont, and was a resident of Summerland for the past 53 years. She came from the Eastern Townships of Quebec with her two uncles, J. R. Campbell, A. G. and John Campbell and their families.

Mrs. Campbell is survived by her husband Ernie; two daughters, Mrs. Don Chapman (Isabel) of West Summerland and Mrs. Bernard St. Denis (Marion), of North Vancouver; and two grandchildren, Roddy and Heather St. Denis.

Funeral services were held

at Summerland United Church Wednesday afternoon, August 5, at 2 p.m. with Rev. Phillip Louie officiating.

Interment was in Peach Orchard cemetery. Summerland Funeral Home was in charge of arrangements.

Float

Continued from page one Cousins.

The theme is a surprise until parade time but we can tell you that Summerland's Fruit Fair Queen-elect Leona McNabb and her two princesses, Joan Young and Lynn Bleasdale will be on the float.

Summerland's royal party will attend the Penticton queen crowning ceremony and Queen's Ball this evening.

Prepare Plans for Canyon Dam

H. R. Hatfield and R. A. Barton, professional engineers are preparing plans for the reconstruction of Canyon Lake Dam.

The municipality of Summerland is having these plans made on the advice of the Water Rights branch.

A leak in the dam was first noticed on the evening of July 8. Since that time the dam has been drained removing the danger of flooding and thorough surveys made by the municipality, the Water Rights branch and engineers.

Mr. and Mrs. E. E. Bates of Chilliwack were visitors last week to Summerland.

12

MRS. W. A. C. BENNETT, wife of the Premier of British Columbia was also honored at the Kelowna Social Credit party birthday celebrations last Saturday. Mrs. Bennett is shown above shortly after being presented with a necklace presented by the women of the B.C. Social Credit movement.

\$50,000 Money By Law For Reconstruction Canyon Dam

Ratepayers will shortly be asked to approve a money by law authorizing the borrowing of some \$50,000 to finance cost of reconstruction of Canyon Dam, which had to be emptied earlier this summer because of its dangerous condition. Council is unanimous that it is imperative to restore the dam to ensure adequate water supplies, no matter how dry the seasons.

Work will be done on contract and Council, because of the emergent nature of the project is calling for tenders immediately, subject to approval of the bylaw.

Cost of the project will be borne by the irrigation system users and to repay capital and interest and retire the indebtedness will call for a 10 per cent increase in irrigation rates.

A ratepayers meeting will be held on Thursday, August 27 and it is hoped that the bylaw can be voted upon in the first week in September.

Reeve F. E. Atkinson, at Tuesday night's Council meeting released the following full and comprehensive statement regarding the dam so that rate payers will be informed.

Reeve Atkinson said:

Water is the life blood of the Summerland District since the building of Thirsk Dam in 1940 there has been an ample supply. To oldtimers who remember fruit withering on the trees in late July and August during the '30's, the period since Thirsk with plenty of water has been a tremendous relief.

In a normal operating season in recent years it has been the practice to fill Canyon Dam within a foot or two of the maximum for this dam and when storage was needed to open the gate 4 inches.

The Canyon gate was left at this adjustment and extra supplies of water were obtained by opening the gate at Thirsk. When Canyon Dam was exhausted extra supplies were released from the Trout Creek Headwaters Dams. Thus Canyon and Thirsk are empty every year and any surplus water is stored in the Headwaters Dams.

Canyon Dam is one of our most important dams and when full contains around 1100 acre feet of water. Thirsk contains 2628 at 50 feet. This year when the dam was full, water containing very fine silt was observed boiling up in the pool at the lower end of the tunnel under the dam. This appeared quite serious and the Council together with the Water Rights Branch, decided that the dam should be emptied as quickly as possible. This was done and later Mr. Harley Hatfield, engineer for the Corporation, and Brian Harvey for the Water Rights Branch were towed through the tunnel on small stretchers so that they could

Senior Citizens Home Awaits Gov't Action

ALL THE FUN of the fair, rides, pony rides, giraffe rides, fish pond, bingo and of course, hot dogs, and so on. Another big street carnival staged by the Summerland Kiwanis Club this Saturday. Fun and frolic for all and for the Kiwanis, money to carry on their many community projects. The three characters above: Doug Campbell, acting like the rough riding champ of the rodeo, Pancho Villa Walter Toeves, and the man with the brogue "Scottie" Ritchie, president of the Kiwanis Club, invite one and all to turn out for the Summerland Kiwanis Annual Street Carnival which starts at 7:30, Saturday night. The only good looking one in the picture is one of John Dunn's four ponies, which will be available for the youngsters to ride.

A plan which will provide 24 single occupancy rooms so arranged as to provide sitting room and bedroom accommodation of married couples, has been finally approved by the Senior Citizens' Home Committee and last night the committee, which has been working steadily for three years on the senior citizen's home project was dissolved with warm words of appreciation by Reeve F. E. Atkinson speaking on behalf of council and the people of Summerland.

Ernie Bennett, chairman and sparkplug of the committee and S. A. Macdonald waited upon Council on Tuesday to report that the committee had finalized its plan and that rough drawings had been prepared by Architect Roy W. Melkejohn. The proposed home would contain 24 single occupancy rooms with a large 43x22 living room. A five room apartment upstairs for the matron and a basement recreation room.

The matter of the site, whether on the land purchased by Council, adjoining Memorial Park on the northwest corner, or alongside the Health Centre and Library building is still, according to Mr. Bennett, a matter of decision.

Reeve Atkinson commented that this marked the end of

Continued on page 16

Community Need Governs Sidewalks

Council debated on Tuesday without reaching a definite conclusion what warranted departure from policy in the matter of sidewalk construction, a policy which calls for contribution by the property owner fronting on the sidewalk. General opinion was there were instances where a sidewalk is a matter of community need and with this in mind council authorized construction of a sidewalk on the east side of the Esso Service Station at the foot of Granville and leading to the arena. This sidewalk will serve the arena, badminton and curling rinks, as well as the schools, it was pointed out.

Lockwoods Back From Trip East

Mr. and Mrs. V. M. Lockwood have returned home after a three month tour down east. The Lockwoods travelled aboard the first passenger ship Italian, the S.S. Stellamaras through the newly opened Great Lakes Waterway, and came in on all the festivities, civic luncheons and what not which attended the ship at its ports of call. Mr. and Mrs. Lockwood toured Old Quebec, Ontario and also visited in the States.

Winesap Lament

The apple grower has been having a rough time of it for the last few years and at last a few urban dwellers are beginning to realize that the fruit growing industry presents the paradox of a declining economy in the midst of booming general prosperity.

This attitude is shown in the occasional editorial in the metropolitan press. Even Elmore Philpott, Vancouver Sun columnist, has yet to meet a fruit grower who is "making money." Mr. Philpott spends his summers in the Okanagan and thus is in a position to get the low down on the fruit growing business.

We have just come to the end of another business year and the figures show disastrously low prices for Winesap apples. Some growers appear to be so discouraged that they are about ready to sing the swan song of this old reliable variety.

"Winesaps have had it", G. Alington of Kaleden is reported to have told a meeting in Penticton. "They are an excellent apple, good eating, with lots of color, but they can't compete with controlled atmosphere apples of other varieties." This is indeed a pessimistic view and one that I am not yet prepared to share.

C.A. Threat

Last year the Okanagan had a better than average Winesap crop. Stiff competition was encountered in distress selling of U.S. apples, and then eastern Canada and eastern U.S. growers, by means of C.A. storage, carried over three million boxes of fall apples and put them on the May and June market in competition with Winesaps.

All these things combined to knock the bottom out of the late apple market. We do not know how much of our Winesap trouble may be attributed to C.A. competition, but it certainly constitutes a definite threat to Winesap sales. However the whole C.A. deal is still under trial and it is too early to draw definite conclusions.

Information on the C.A. deal is sketchy but we do know that it carries a very high overhead and this means C.A. apples have to be sold at a high price to show a profit. We also know that a lot of these apples were actually sold at low prices which must have incurred a loss on the part of somebody.

Eastern apple men have invested a lot of money in C.A. storage and even if they did take a beating this spring they will certainly be back again in the hope of recouping their losses.

The Winesap can expect continued competition from C.A. apples and in a year when both Canada and the U.S. have a heavy crop prices are likely to prevail.

WEDNESDAY, AUGUST TWELFTH, NINETEEN HUNDRED AND FIFTY-NINE

Kiwanis Street Carnival Saturday

Saturday, August 15 will see the Kiwanis Street Carnival swing into action to give the residents of the Summerland area an evening of family entertainment and at the same time to allow the Summerland Kiwanis Club to raise money for their many and varied community projects. This is the main fund raising effort of the Club for the year.

Kiwanis projects in town have varied over the years, but they are all aimed at the betterment of the community and the individual.

Their projects embrace all ages, from the young people, such as supporting youth organizations, as Guides and Scouts, to the old folk who have been supplied with

a checkerboard in the park and driven on drives around the valley.

Club projects include: newspapers to hospital, handling cancer drive, sponsor school boy patrol, built Girl Guide camp kitchen, church signs, presents \$200 bursary, sponsors Key Club, backstops at elementary schools, Christmas hampers, sponsors exchange students with U.S., sponsors exchange ministers, aids needy schoolgirls re sewing material, Music Festival scholarships.

It takes money, lots of it, apart from time and effort, to support these many projects. You can help by having fun and spending freely at the Kiwanis annual Street Carnival on Saturday.

How Dare We

We've read some diatribes in our day, in fact we've been guilty of writing quite a few, but the journalistic effort which appeared in a Penticton publication last week takes the whole ovenfull of biscuits, and would certainly take first prize in a competition for the most childish editorial to be written by an adult.

A spoiled child of seven could not have done worse.

The editorial in question takes to task the Summerland delegation to the Associated Boards of Trade meeting for presuming to defy Penticton's wishes and proposing a resolution urging action on the long talked of, long overdue Penticton by-pass.

Only Penticton voted against the resolution after heart wringing appeals to the villains of the piece to stay their cruel hands.

But Penticton has been playing the same old record for years. Always Penticton agreed something should be done — an alternate route, but not a bypass. But always

Penticton has stopped at words.

And so L. L. Trippe of Summerland resurrected the corpse which Penticton thought comfortably buried and today thanks to its own dilatoriness, Penticton faces that awful fate, evidently considered by the editorial writer a fate worse than death, of being bypassed.

We think Penticton justified from the point of view of self interest, in opposing the by-pass, but why, when knowingly facing the inevitable didn't Penticton authorities act years ago to provide an alternate route that would have lessened the impact of the full bypass?

The idea that big trucks, businessmen going through, and for that matter any traveller with a set objective should have to travel a meandering route along Skaha Lake Beach and through Penticton (about four times the mileage by bypass) just so that Penticton can get a crack at more tourist dollars, may be a sound idea from Penticton's viewpoint, but it certainly doesn't jibe with the golden democratic rule of "Serving the best interests of the majority."

We can only hope that the Penticton Board of Trade will, at the very least, disassociate itself from the editorial which huffs and puffs and threatens darkly that when Summerland wants something, Penticton will arise in its wrath and say Summerland nay.

Penticton has for many years been considered a poor loser — the editorial certainly does nothing to lessen that belief.

Letter to the Editor

The Editor,
Summerland Review.

Dear Sir:
Regarding speed limit at Trout Creek. Thanks for your editorial of August 5th. It's truly a timely warning.

No one with common sense, and acquainted with local conditions, wants 60 mile speed per hour on Highway 97 at Trout Creek. It's absolutely, dangerously foolish.

Recently on two occasions at the corner of Trout Creek Home Service, car brakes filled the air with squeals, and smell of rubber tires burning to save a smash up.

Surely, safety regulations is more important than high speed.

T. Williams.

According to the Mood . . .

By SID. GODBER

No wonder there were times during her tour of Canada that the Queen looked sickish. In the mail this a.m. a souvenir copy of the menu of the civic luncheon for Her Majesty, in Cornwall, Ontario.

MENU: Stuffed Olives, Queen Olives, Black Olives. Olives, ugh!
Iced celery — chomp, chomp.
Cantaloup supreme — a tasteless vegetable.
Cold Breast of Chicken Garniture — I'd be awfully suspicious of that "Garniture".

And get a load of this:
POTATO SALAD —
And this:
Tomatoes stuffed with jellied vegetable salad.
Thousand Island Dressing — nauseating what.
Ah! something I'll bet the Queen enjoyed, Fresh Ontario Strawberry Coupe — I dunno about the Coupe part of it, but fresh strawberries are alright with me.

And coffee. So, out of the works, had I been at that civic luncheon I'd have nibbled on iced celery, smacked my lips over strawberries and looked for a second cup of coffee.

And I'll bet the Queen made out she enjoyed it — a courageous woman our Queen, who wouldn't flinch before a potato, salad.

And I'm winning the battle of the bulge — at least I was until I attended the little reception following official opening of the breakwater last week.

Why is it that just about everything I like is loaded with calories?
Last weighing 203 pounds.

I'm still wondering where I got to last Thursday eve. Intention was to go down and see the Penticton Peach Festival parade — well I saw a parade — but judging by the adjectives spilled over the radio and the paens of praise in the press, I must have strayed to some other place, for the parade I saw was the worst yet, and by a long shot the worst organized.

The wee daughter, by honest toil selling hot dogs at the Peach Festival, made herself a few dollars. Being beach bound when she collected her pay she gave her cash to Pop for safe keeping.

Later I said to Mom, I guess now we can eat, I've got the wee one's pay, let's stop off and get some groceries.

Mom reacted as if I suggested stopping off and robbing some blind man of his shoe laces.

Now, I was only joking, but Mom's reaction really got me riled. Suppose I hadn't been joking, what would have been so wrong with using a few of the wee daughter's earned dollars to buy a few groceries?

When I launched my more or less illustrious career as office boy with the Sheffield Independent I got two shillings a week, and out of that I got thruppence, about six cents, as spending money, that would be the equivalent of about 25 cents today. I also got tramfare — the rest went into the household kitty. That was the way it was — no matter how small the earnings, the big percentage went towards board — but nowadays, everything a kid earns is his or hers — and it's considered almost criminal to suggest that maybe the kids should help out a little bit.

Notice To Taxpayers

Re: Provincial Home-Owner Grant

Tax Notices for 1959 have now been mailed. Please read the information printed on back of the middle copy of your tax bill regarding Provincial Home-Owners Grant.

In order that we may collect from the Provincial Government, taxpayers eligible to receive this \$28.00 Grant are requested to bring their Tax Notice to the Municipal Office as soon as possible regardless of whether or not they wish to pay the balance at this time.

New York Ranger Star May Establish Hockey School Here

WALLACE COLCLOUGH, five and a half years of age, dropped into The Review Office recently to brag about the big fish he caught at the Headwaters. Says young Wallace, stretching his arms wide, it was 15½ inches long and weighed three and a half pounds. His brother John, no mean fisherman himself got four sizable fish on this outing. The boys are the grandsons of A. J. Shaw, West Summerland, and live in Vancouver.

Andy Bathgate, starry performer with the New York Rangers of the National Hockey League and brother of Bernie Bathgate, a member of the world champion Penticton Vees, may establish a summer hockey school in Summerland.

Andy was on skates here Monday night and expressed himself as well pleased with ice and the facilities for a hockey school. He hopes to interest a top defencemen and a top goalie in the school.

Andy helped brother Bernie in giving instruction here on Monday.

A summer hockey school under the auspices of such outstanding players as Andy Bathgate would be highly beneficial to Summerland's economy as it would attract players from far and near. Such a school in conjunction with a figure skating school, a big summer bonspiel could make the arena a big factor in Summerland's summer economy.

JOEY BEGGS had one of those thrills that only comes once in a lifetime to small fry. It happened last Monday night when Joey met with Andy Bathgate, New York Ranger star, here to look over the possibilities of a hockey school. Andy and Joey are shown above going into a huddle over the serious matter of how to grip a hockey stick.

On the Rifle Range

BY HERB SIMPSON

Ten regular members and three visitors turned out to practice on Sunday morning. The visitors were Ted Kalin, in and John Bertram who are holidaying here, and Bob Barkwill, although I don't think we should call him a visitor, as he was a member of the rifle club several years ago. Welcome to the range again, Bob, and we hope you will rejoin the club.

Ten shot matches were shot at the 200 and 500 yard ranges, the following scores being recorded: Al McCargar 95; H. Simpson 98, G. Dunsdon 92, Steve Dunsdon 92 Art Dunsdon 90, Cliff Dunsdon 89, Roy Bertram 87, J. Bertram 86, Ted Kalinin 72. Shooting at only one range were Len Shannon 47, Bob Barkwill 44 and A. Kalinin 31.

With the days becoming shorter, it is no longer practical to continue the evening shooting, so members will please note that the next practice will be held on Sunday morning, commencing at nine o'clock sharp.

Summerland Breakwater Now Officially Opened

Local Parks Filled To Capacity

Peach Orchard Park is proving increasingly popular with tourists.

During July 1,219 single registrations were made in this municipal tent park. Total for the whole season last year was 1,675.

Majority of tourists registered are from the prairies.

At a meeting of the Parks Board recently it was decided to make accommodation for 70 this fall further developing the 10 acres in the area.

There are 50 tables at present. Through July over 60 camps were set up reported W. Langbell, superintendent of the park reports.

Councillor Norman Holmes, chairman of the Parks Board says that the unit across the creek will be levelled and a washroom built there.

Other members of the parks board who have been keenly interested in the park and planned for its growth are E. H. Bennett, Wm. Snow and L. L. Fudge.

Charge to stay in the park is one dollar per night. The parks board plans to keep dogs off Peach Orchard and Powell Beach where they are a nuisance.

The Summerland Breakwater which was officially opened last Thursday night by Mrs. F. E. Atkinson, is shown with Mrs. Atkinson cutting the ribbon and declared the breakwater open.

Summerland's new 300 foot breakwater was officially opened last night when Mrs. F. E. Atkinson wife of Reeve Atkinson cut the ribbon and the crowd gathered for the ceremony walked out to the end of the installation.

Representing the culmination of years of work by the Board of Trade, in petition to the government, the breakwater is more recently the result of efforts by the Summerland Yacht Club headed by Commodore L. A. Smith, Vice Commodore Clarence Lackey, working committee, treasurer Bob Oxley and a Reeve Atkinson was chairman for the occasion and Commodore Smith spoke outlining something of the history of the breakwater.

Mr. Smith presented Harry Dracas with a barometer, a gift recognizing his help in building the breakwater from the time it was started.

David Pugh MP was introduced by the reeve and congratulated Summerland on its community spirit. He said the breakwater would be extended next year with 250 feet added to the north and 100 feet to the south. The northern extension will stop the current which comes around Windy Point and blows into the breakwater harbor.

Mr. Pugh said Peachland is to have a breakwater built this fall by the government and that work will be done at the Kelowna breakwater and at a boat landing in Osoyoos Lake. He reported that the government is sympathetic to appeals for help in water safety program anywhere. Breakwaters and harbors contribute to safe landings.

Mr. Pugh spoke of the tremendous interest in boating and water sports throughout the Okanagan and elsewhere in Canada.

Following the opening, Mr. and Mrs. R. S. Oxley entertained the club on the lawn at their home at Summerland assisted by Commodore and Mrs. Smith. Mrs. Harry Dracas poured coffee.

Among guests were Dave Roegle, Commodore of Penticton Yacht Club; Pete Speckman, Commodore of Peachland Club, and Mrs. Spackman; Joe Biollo, new president of Summerland Board of Trade and Mrs. Biollo.

Install Drains

Council on Tuesday authorized installation of drains at the Radomske property at the junction of Peach Valley and Giant's Head Road to eliminate a flooding nuisance caused by collection of water at this point from surrounding orchard properties.

 Mrs. H. Braddick
 Mrs. Francis Stuart entertained at tea for Mrs. H. Braddick of Vancouver on Wednesday, August 5. Guests included Mrs. Roy Kuroda; Mrs. Mel Duncanson, Mrs. Les Rumball, Mrs. W. Durick, Mrs. Frank Kuroda; Mrs. Jack Dunsdon, Mrs. Stuart Hemingway and Mrs. George Washington.

Provinces Offered Crop Insurance Aid

Federal assistance to provinces wishing to participate in crop insurance is offered in the Crop Insurance Act piloted through the House of Commons by Agriculture Minister Hon. Douglas S. Harkness.

The legislation is the first firm step by a government of Canada towards a policy which has been debated, studied and urged for many years.

Briefly, the bill authorizes the minister to sign separate agreements with provinces which wish to undertake crop insurance and will set up and administer the scheme most suited to its needs.

Under the Legislation the federal government is authorized to:

1. Pay half of the administration costs of any scheme set up by the province;
 2. Pay 20 per cent of the premiums paid in respect of policies of insurance in that year.
- Loan the province 75 per cent of the amount required to meet indemnity commitments, less \$200,000.
- In explanation of the last point Mr. Harkness said a province would be expected to

bear a loss of up to \$200,000 if premiums fall short of indemnity commitments, but his government would loan up to 75 per cent of the deficit in excess of \$200,000. This provision would help prevent provincial finances becoming crippled, say by a succession of bad years early in the operation of the scheme, before it was financially well established.

Each province may decide what crops would be covered, what premiums would be charged, and how they would be paid. But the federal government will have to be satisfied that the insurance plan proposed is actuarially sound. This would require: (a) premiums to be set at a rate that will offset indemnities in the long run; (b) voluntary participation of a minimum, say 25 per cent, of farmers in an insurance unit; (c) insurance coverage of up to but no more than 60 per cent of the long-term average yield in the area.

Farmers who join the crop insurance scheme will not be eligible for Prairie Farm Assistance.

Nor will they be required to pay the one per cent levy under PFAA.

Mr. Harkness estimated that the proposed federal contribution would actually amount to payment of 25 to 30 per cent of the cost of the insurance scheme in any particular province and would involve a heavy contingent liability. But it was essential to get some experience of the operation of the Act and then consider possible changes in the light of such experience.

He pointed out that owing to the division of responsibilities between the federal and the provincial governments it is almost impossible to contrive a wholly-federal insurance scheme. The diversity of crops and conditions in the

provinces also would cause wide variations in the desire for insurance and the type of insurance and the amount of premiums to be paid, factors which made it desirable in any event for the insurance to be set up and administered on a provincial basis.

The federal government does not have the authority to impose compulsory crop insurance on the nation, and no provincial government has yet offered a comprehensive insurance program. For these and other reasons it has been felt best to leave the choice of insurance scheme and administration to the provinces, as in the hospital insurance scheme, and to confine the federal participation to grants.

Crop failures are disastrous to the community and quickly make their effects felt on the nation. The scope of PFAA, although greatly widened, does not meet the needs of a national and comprehensive program such as is envisaged in the new legislation. It does not, for instance, deal with individual cases of crop failure.

THE
Certified General Accountants' Association

Comings & Going

Visiting at the home of Mr. and Mrs. Mike Prokopenko in Trout Creek from Vancouver are Miss Pauline Vooy's and also for the week end Mr and Mrs. C. Martin and son Bob of Vancouver.

Mr. and Mrs. Colin Campbell were visitors to New Westminster when their daughter, Marorie, nurse-in-training at Royal Columbia Hospital received her cap on July 29.

Visiting at the home of Mr. and Mrs. Roy Angus for a month are their daughter Miss Jean Angus, Montreal West, and Miss Alice McCool of South Hadley, Mass.

Visitors at the home of Mr. and Mrs. Wallace Boothe during the week end were Rev. H. T. Allen, Mrs. J. Sowerby, Mrs. Vern Atkinson, Mr. and Mrs. A. E. Smith, all of Vancouver.

Mrs. B. Stuart has had visiting her for a few days her sister, Mrs. R. J. Henderson of Winnipeg, Mrs. George Bell and Mr. Ross Campbell and his family.

Mr. and Mrs. H. Hansen of Peach Orchard returned home last week after spending two weeks vacationing on the prairies. Accompanying them from her home in Moose Jaw was Mrs. B. D. Carey, who spent a few days visiting at the home of her brother-in-law and sister, Mr. and Mrs. J. Heavysides.

Mr. and Mrs. J. D. Parke of Calgary and family left Sunday for Vancouver after spending two weeks at the home of Mrs. Parke's parents, Mr. and Mrs. A. C. Fleming.

Visiting at the home of Mr. and Mrs. A. C. Fleming for a few days is Mrs. M. M. Simmiremand of Victoria.

Mr. and Mrs. Ivor Solly of Victoria will spend the balance of the month vacationing at their Trout Creek cottage when they arrive with their daughters Janie and Nan next week end.

Guests at the home of Mr. and Mrs. Bill Thomson, Trout Creek are Mrs. Thomson's mother and three brothers, Mrs. P. M. Freeman, David, Philip and Keith, also her brother-in-law and sister, Mr. and Mrs. Jim Currie, all of White Rock, B.C.

Guests at the home of Mr. and Mrs. A. C. Johnson are their two daughters, Miss Inez Johnson of Calgary, and Mrs. Ben Witke and her little son Murray of Medicine Hat, Alta.

Mr. and Mrs. Fred Walker had as guests during the past week Miss Gwen Lamacraft and Miss Dorothy Ainsworth of Vancouver.

Guests at the home of Dr. and Mrs. H. R. McLarty are Mr. and Mrs. Archibald Allan and their family from California, Mr. Donald Allan and Miss Barbara and Miss Betty Allan.

Kiwanas To Attend Convention

The Kiwanis Club of Summerland will be represented at the 1959 convention of the Pacific Northwest District of Kiwanis International at Eugene, Oregon August 16-18. Club president Scotty Ritchie announced today. Nick Solly, and Scotty Ritchie are planning to fly in Nick's plane.

Mr. C. L. Morris, a trustee of Kiwanis International, from Springfield, Illinois will be a featured speaker at the 3 day meeting at the Eugene Hotel. Morris is an insurance company executive.

Delegates from 248 clubs, representing nearly 13,000 business and professional leaders will participate in the various

C. L. Morris

sessions. Committee conferences, a discussion of plan for the coming year, and the election of district officers will highlight the convention program, Scotty Ritchie said.

Rotary Swim Classes

Juniors, intermediates and seniors who will be taking the Red Cross Swimming and Water Safety examinations will receive additional instruction for the tests on Monday, August 17 and Monday, August 24. Juniors at 9:30 a.m.; intermediates at 10:30 a.m. and seniors at 11:30. Beginners tests will be held on the final lesson day at the regular times on August 13 and 14.

Baby Bonus Can Help To Buy College Education

Most parents are only too well aware that it takes a good deal more than brains for a boy or girl to go to college. That's why far-sighted mothers and fathers who want to give their children the best possible in life plan far in advance for the rising costs of higher education.

For many Canadian parents, the monthly family allowance cheque provides an opportunity to lay the groundwork of a savings program designed to cover the costs of higher education for their children.

Family allowance cheques for one child, if deposited in a B of M Savings account until the age of 16, will total more than \$1,600, including interest the bank pays. It's a tidy sum towards a college career.

If you're in doubt as to what it might cost in the long run to send your boy or girl to college, why not drop in at the West Summerland branch of the Bank of Montreal. Jock Johnston, the manager, will be glad to give you a copy of the B of M folder outlining a typical education savings program which can easily be adapted to the special requirements of your youngster.

LIFE JACKETS are the fashion for all young boaters. In an attempt to reduce the number of summer drownings, government regulations now call for an approved life preserver for each person in a pleasure craft. These comfortable models in vivid red have fluffy Ka-

poc sealed within a "Fabrilite" pocket which will keep the children, or adults, afloat for hours in case of accident. Vinyl fabrics are also proving ideal for boat upholstery since they are very durable and also waterproof. Life jackets by Tapatco Limited.

Comings and Goings

SUMMERLAND'S FLOAT, which carried the flags of many nations follows through on the theme of the Fall Fruit Fair "AROUND THE WORLD TO SUMMERLAND". On the back of this colorful float, which won honorable mention in the Peach Festival parade is painted a map of the world. One big red dot, on an otherwise blank North American continent shows the approximate location of Summerland.

Miss Olive Grant will arrive next week end to spend a 3 week holiday at the home of her brother in law and sister, Mr. and Mrs. Don Clark.

Prior to joining the RCAF Miss June Rempel of Hardisty, Alberta, was a visitor at the home of Mr. and Mrs. Colin Campbell over the week end.

Mr. and Mrs. Bill Thomson, Trout Creek, have returned home from a three week vacation at Wells Gray Park.

Recent visitors at the home of Mr. and Mrs. Phil Munro were Mrs. Munro's brother-in-law and sister, Mr. and Mrs. Earl Nelson and family of Vancouver.

Visitors at the home of Mr. and Mrs. Phil Munro have been Mr. Munro's two sisters and brothers in law, Mr. and Mrs. Owen Ellis and their three children of Comor, V. Is. and Mr. and Mrs. Jack Brown and their son of Calgary, Alberta.

Mr. and Mrs. Russell Bolton and daughters, Delores and Diasne, Regina Saskatchewan were guests of Mr. and Mrs. Irwin Siegrist. Mr. Bolton attended school in Summerland twenty-one years ago and enjoyed meeting friends and school mates. Mr. Bolton is a nephew of Mrs. Siegrist.

Mr. and Mrs. G. A. Croil, and their three sons, Tom, Gordon and James left today for their home in Vancouver after visiting Mr. and Mrs. T. M. Croil for the past ten days.

Visiting at the Rectory last week end were Jean Northrup and Iris Rankel. Jean, having successfully passed her theory training with a high standing, leading her class in two subjects, has started her hospital training at the Coqualeetza TB hospital, Sardis, B.C.

Dr. I. C. Prentice, assistant chief minister of agriculture, Plant Pathology Services in England was a guest at the home of Dr. and Mrs. M. Welch while visiting the Research Center during the past week.

Mrs. I. C. Schwass has left for her home in Lethbridge after spending the summer visiting with friends here.

Mr. and Mrs. W. Tunbridge and family of Chilliwack are holidaying in the Dale cottage, Crescent Beach.

Dr. and Mrs. D. P. Pielou, Trout Creek, have visiting them Mrs. Pielou's sister, Mrs. Barclay of Norfolk, England.

Dr. A. F. Posnette, head of the Plant Pathology Section, East Malling Research Center in England was a visitor at the Summerland Research Station last week. Dr. and Mrs. Posnette and their family were guests at the OK Au-Creston and will visit other to Court and left Sunday for Research Stations before arriving in Montreal where Dr. Posnette will attend the International Botanical Congress

Guests at the home of Dr. and Mrs. H. R. McLarty are Miss Mammie Allan of Winnipeg, Mr. and Mrs. J. Linklater and son, Gary of Dawson Creek, also Ruth and John McGladdery of Pentiction.

Mr. and Mrs. Eric Bullock and family have returned after spending a holiday at the coast.

Continued from page 2

Orchard Run

The C.A. apple deal was given a lot of ballyhoo on its introduction to the Canadian and American consumer. We have heard they are "wonderful"; we have heard they are so-so; we have heard they look nice but have lost their flavor. The sample I tried was just fair, but maybe I am prejudiced.

Time will determine the popularity of the C.A. storage apple, and time will also determine the fate of the Winesap, always a good apple from generations back.

Perhaps if we all try a little harder, spend a little more money and effort on publicizing the fine qualities of the Winesap this variety may be able to hold its own. Anyway don't be in a hurry to push out those Winesap trees.

DRAINAGE PROBLEM

Survey and cost of draining the corner in front of Carl Radomske's place on Giant's Head Road will be prepared at council request by K. M. Blagborne, superintendent of works and presented at the next council meeting.

Mr. Radomske attended last night's council meeting asking that something be done about the water, which he said, ran across his driveway.

LAND LEASED

Barry Wilson has been given a 10 year lease on five acres of land south of Mrs. Irma Anderson in Paradise Flat. He plans to use the land for evergreen nursery stock.

Light irrigation is available K. M. Blagborne, superintendent of works, told council, but domestic water is not available at present. Annual taxes and water rates will be paid by the lessee.

W. SUMMERLAND

PHONE HY4-5256

The Okanagan Regional Library van visited Summerland again this week, bringing more new books to our shelves. Outstanding perhaps were the large number of childrens and teenage books, all new publications designed to attract youngsters of all ages, and especially those who have grown tired of the long school holiday.

is concerned not so much with places, beauty spots and scenery, although it is beautifully illustrated, as with the Highlanders themselves in the first place, and with their history,

literature and traditions in recess and social conditions. We have plenty for all at lation to present day economic the Library, so enjoy your holiday with a good book.

Mr. and Mrs. Del Young and family of Nanaimo and Miss Irene Lawes of Viking, Alta., visited with Mr. and Mrs. Al Campbell over the week end.

Mr. and Mrs. Vern Charles have visiting them their son and daughter-in-law, Mr. and Mrs. Walter Charles of North Vancouver and their daughter Lorna.

There are two large volumes "Best Horse Stories" and "Best Dog Stories" published by Good Housekeeping, for the animal lovers. There is a new book by Betty Cavanna "Stars in Her Eyes", also "Miss Tippy" by Janet Lambert for the teenage girls. "The adventure of the Blue Admiral" by Dorothy Clewes may please some lad who likes a mystery, and there are many editions both fiction and non-fiction which also may help to satisfy some idle High School student. For the Elementary School too, there is a good selection. We particularly invite those long-suffering parents with overstrained nerves to encourage their offspring to pay a visit to the library! Give yourselves a break, and give your children the opportunity to form the habit of reading, which may prove invaluable to them and you, in later years.

For adults we have another novel by Boris Pasternak who hit the headlines a short time ago with his "Dr Zhivago". This new and hitherto untranslated novel "Last Summer", has an autobiographical basis. It is set in the winter of 1916, when the central character, Serezha visits his married sister. Tired after the long journey, he falls into a restless sleep, and half remembers, half dreams, the incidents of the last summer of peace before the 1914 war.

There is also a new novel by Jay Williams, "Solomon and Sheba" which is well worth reading. Mr. Williams is accounted one of the finest of contemporary historical novelists, a reputation he earned with four books in this field before "Solomon and Sheba". This his latest, is the story of a great king and queen who loved each other, and the political conflicts which beset them. It is also a masterly recreation of a distant day and time, based on one of the most provocative of Biblical stories.

Among the new mystery books, "The Eighth Circle" by Stanley Ellin is prominent. This is Ellin's third novel and those who have read his "Dreadful Summit" and "The Key to Nicholas Street" will no doubt enjoy his latest creation.

Most of the newest non-fiction books which arrived, were sent down by request and will therefore be in general circulation in two weeks time. Among these "Incas and Other Men" by Woodcock; "The Divine Wind" by Inoguchi, and "Abbot Extraordinary", a biography by Anson. "The Hightands" by Calum I. Maclean, too, we feel will be in great demand. This latest book on Scotland was requested by Mr. Alex Stevens. It

Building Permits Down This Year

Building continues at a slow pace here, far below last year. During July there were seven permits issued amounting to \$34,100. This was \$17,100 less than during the same

month last year according to figures given out by R. F. Angus, building inspector.

In July 1958, there were nine permits issued for a total of \$51,200.

Total permits for the first seven months of this year were 96 for an estimated value of \$253,050. In the same period last year there were 90 permits issued for \$319,930. Total building so far this year is thus \$66,880 below last year.

There were six electrical permits issued in July.

HOLDS GUTTERS... Gutters stay tight when attached as shown. Sheet metal strip is placed under shingle as indicated before nail for wire hanger is driven through. Wood strip serves as spacer, provides additional support.

Do-it-yourself craze is in full swing, meaning those patching and repairing jobs around home, sidewalks, basements, patios, driveways, steps, walls and rockeries. Series shows important stages of patching a cracked and worn concrete surface, easily repaired with small amounts of concrete topping mix. (EVCO). In all repairs, dampen area before applying mix, and when concrete has set, keep moist with light spray for 48 hours. Clockwise, the method is (1) clean area for good bond (2) pour on topping mix (3) finish with strikeboard and (4) steel trowel for smooth surface.

Your Own Collection Of Art in Your Home

In Pensacola, Florida, art went to jail. It seems that a suitable building couldn't be found to house the community's growing collection of art treasures. And so the local jail (empty, of course!) was converted. The heavy barred doors and riot portholes have been retained, giving the new art gallery a flavor unlike any other.

It took some imagination to turn a jailhouse into an art gallery, but wall rangings of

all types are treated with less reverence than they once were. Today the imaginative decorator is completely uninhibited when it comes to choosing decorations for the walls of contemporary interiors. In the home, your only rule of thumb should be that your wall decorations reflect the type of furnishings you have chosen. With traditional furniture, good prints of the old masters, early steel engravings, tapestries and Oriental prints will be suitable. Generally speaking paintings with a delicate, sketchy touch will better reflect finely scaled furniture.

With modern furniture, both primitive art and contemporary artists offer a wide range of subjects and techniques.

You can be imaginative with framing. The old masters will be framed in the traditional manner, but there is great flexibility with contemporary work and Oriental prints. For instance, a number of small pictures might be grouped and mounted on natural burlap or linen. Oriental prints might be framed with bamboo. (Do you have an old fishing pole at the cottage?)

If you plan to group a series of colorful, lively prints in your bathroom or kitchen, beware of too much color competition. For instance, paint your walls the same color as your ceramic tile for the sake of uniformity.

School District No. 77, Summerland Voters' List - Rural Area

Qualified persons, other than property owners, wishing to have their names entered on the List of Electors for 1959-60 must file the necessary declaration with the Secretary-Treasurer of School District No. 77 (Summerland), West Summerland, B.C., from whom declaration forms may be obtained, NOT LATER THAN 5:00 p.m., August 31, 1959.

Attention is drawn to change in classification of voters effected by the "Public Schools Act" in 1958. The new classes are as follows:

RESIDENT-ELECTORS — British subjects of the full age of twenty-one years who are resident and who have resided continuously for not less than six months within the school district immediately prior to the submission of the declaration provided for in Section 69, and whose names are not entered on the list as owner-electors.

TENANT-ELECTORS — British subjects of the full age of twenty-one years and corporations which are and have been continuously for not less than six months immediately prior to the submission of the declaration provided for in Section 69, tenants in occupation of real property within the school district and whose name or the names of which are not entered on the list as owner-electors or resident-electors.

Corporations are not automatically placed on the list and those qualifying as owners of property or as tenant-electors must also file a written authorization under the Seal of the Corporation naming some person of the full age of twenty-one years who is a British subject to be its agent on behalf of such corporation. Such authorization must be filed with the Secretary-Treasurer not later than August 31, 1959.

Names, other than property owners, will not be carried forward from last year's list without a person making a new declaration in accordance with the foregoing.

B. A. TINGLEY,
Secretary-Treasurer,
School District No. 77 (Summerland),
West Summerland, B.C.

Senior Citizens Home

Continued from page 1
phase one. The next stage is dependent upon a promise and the action of the provincial legislature, he said.

The Reeve pointed out that Council has been in a quandary with our pressing projects such as Canyon Dam and the Trout Creek Domestic Water bylaw coming up. "We have also to consider the phantom of more school accommodation, so we were in a quandary until the Social Credit Birthday Party when the Premier promised that some of the \$25,000,000 saved in interest as a result of debt retirement would go to help financing cost of senior citizens' homes.

Later the Premier had assured the Reeve that he meant

what he said and that Summerland had only to put up 10 percent.

"With purchasing of the site and architect's fees we've about got our 10 percent in it now," Reeve Atkinson said.

A small committee will be appointed by the Reeve to study methods of administration and to generally organize so that action can follow quickly on the heels of legislation providing for provincial government assistance.

Commented Reeve Atkinson "there's no doubt that the direct debt has been retired, the government has a large majority and it isn't likely to be upset between now and the next legislative sitting, so we can reasonably assume that we will get the assistance promised by the premier."

Ask For Road Blacktopping

Municipal Council was invited, by letter, last night to hold a council meeting in the front room of Mr. and Mrs. David Munn's residence on the Front Bench Road. Their front room, the Munn's pointed out, was an excellent spot to watch the traffic go by in a cloud of dust.

There are 23 families now using the road and the Munn's think it is time Council got around to blacktopping.

Council was sympathetic, but the road won't be blacktopped this year — there just isn't the money.

Canyon Dam

Continued from page 1
thoroughly examine the tunnel. This tunnel is 249 feet long and roughly 24 inches square with an arched roof. Most of this tunnel is in excellent condition but the lower 65 feet is cracked and broken and off-grade in places. Consequently this part has to be replaced.

Those who have been familiar with Canyon Dam since it was first built will all recall that there has been weeping across the face of the dam. There has always been a layer of clear water coming through and flowing down the face of the dam but until this year there was no actual washing. This situation has resulted from the fact that the location where Canyon Dam is built does not contain sufficient fine material, that is particles of the size of which soil is made, to fill up the spaces between the sand. Because of this situation the dam has always leaked and I am told by individuals who have known the dam since its construction that a portion of the toe of the dam slipped during the first year it was filled. Consequently the Council added another 40 feet of tunnel and put in more fill. This work was done in 1927 or 1928.

Now that the dam has shown a definite tendency to wash as evidenced by the muddy water, the Water Rights Branch are insisting on a proper reconstruction before the dam is again filled. Because of the heavy expenditure involved the Council has considered alternatives as follows:

1. To fill Canyon Dam to a safe point without reconstruction. When looking into this it was found that at the 20 foot level there is 400 acre feet of water in this dam, and it is doubtful if the Water Rights Branch would okay this depth of water without additional work on the structure.
2. To reconstruct the diversion ditch at Headwaters so that Nos. 1, 2, 3 and 4 would always be full. This is a possible solution but in a dry year we would use all of this storage plus Thirsk and be in danger of it being dry at the end of the season. It thus appears that reconstruction of Canyon at the earliest opportunity is the only safe precaution to continue with an ample water supply.

After the examination of the tunnel by Mr. Hatfield and a general survey of the whole dam site with his partner Mr. R. A. Barton (who incidentally was the engineer when the dam was built) Messrs Hatfield and Barton have prepared a plan for reconstruction which has been approved tentatively by the Water Rights Branch. It was very fortunate that Mr. Leitch Chief Hydraulic Engineer for the Water Rights Branch was in the Valley recently and was able to visit Canyon Dam. Only one minor change was made in Mr. Hatfield's plan for the reconstruction and verbal approval was given to start immediately. Having

In this plan the general had Mr. Leitch on the site and

obtaining verbal approval is a tremendous time saver as otherwise negotiations could have gone on for a considerable period.

scheme is to extend the tunnel further into the dam and to put a vertical section on the upstream end of the tunnel which would accommodate a sliding gate, the rod for adjusting the same would be laid on the face of the dam. The face of the dam, on the upstream side would be covered with from 5 to 10 feet of fine soil placed and rolled firm. In this soil would be a heavy layer of polyethylene which would make the face of the dam water tight. All this would be continued down past the tunnel in an effort to better seal the bottom of the dam. The lower side of the dam would be dug away sufficiently to put in a new tunnel to replace the part that is broken. The material so obtained would be hauled up and put on the top side of the dam. The excavation at the toe of the dam would be filled with crushed rock of one half inch to 1 1/2 inch size for a few inches and then 2 to 6 inch rock, and finally with large rock. The large rock would keep all this in place so that if water did seep through it would be filtered clean and none of the dam material would be removed.

All this would make a very fine dam which should last for a very long time into the future. However, this is an expensive operation. The closest point at which the soil could be obtained is at the road crossing of Canyon Creek which is 5 miles away, whereas most of the gravel for the concrete work and the crushed rock would have to be hauled from the Summerland crusher. The large rock may come from slides in the Faulder area. A rough estimate of the cost of this work is \$40,000.00 to \$50,000.00.

On the basis of \$50,000.00 at 6% for 20 years the annual cost would be approximately \$6,000.00 which would roughly increase our irrigation rates by 10%. For the benefit of non-irrigation users I would point out that this is another expenditure that is retired entirely by the irrigation rates and is not paid for from general taxes.

The Council is planning to proceed with a by-law for this expenditure and a rate-payers meeting has been tentatively set for Thursday, 27th at 8:00 p.m. If all the steps in the preparation of the by-law proceed on schedule it is possible that a vote could be taken in the first week of September.

The time factor is quite tight and because of this the Council intends to do as much preparatory work as possible in the immediate future.

In this country "water is gold" and we cannot afford to take a chance. In one of the long dry years when storage water can be required from early June till late September all the water is needed that all our reservoirs will hold.

Japanese Tumblers To Appear At Fruit Fair

Plans for the Summerland Board of Trade's third annual Fruit Fair are taking final shape under Fruit Fair committee chairman Fred Schumann. Thousands of valley residents and visitors saw the Summerland float at the Kelowna Regatta and Peach Festival parades and the theme of the float "Around the World to Summerland" will be carried out at the fair where exhibits and decorations will show work of the various ethnic groups of the community.

The agriculture exhibits of fruits and vegetables spearheaded by a large junior section will be larger than ever. Mr. Schumann urges everyone to bring in their fruit and vegetables for display. While quality will win the prizes it is the quantity of fruit which reflects the prosperity of the district and is interesting to the thousands of visitors expected at the fair as the dates fall on the Labor Day weekend.

There will be rides for the

Discuss \$50,000 By-law at Public Meeting, Aug. 27

A public meeting will be held on Thursday, August 27 at which the Municipal Council will explain the need for the expenditure of \$50,000 on reconstruction of Canyon Dam. The meeting will be held in the High School Auditorium, starting at 8 p.m.

A statement regarding the situation prepared by Reeve E. Atkinson was published last week and this week the money bylaw is published on page 9.

The bylaw is comprehensively worded and close reading by the voters will enable them to go to the meeting informed as to what the project will cost and the method and amount of repayment over a 20 year period.

The money bylaw affects irrigation users as to retire a total indebtedness with interest of \$84,500. Council proposes to increase irrigation rates by 10 percent.

It is expected that Council will again invite local investors to buy in on the \$50,000 debenture offering.

It will be recalled that only last year local investors subscribed all of the \$40,000 required for the revamping of the municipal electric light and power system.

The annual Kiwanis Street Carnival, under shadow of foreboding weather forecast turned out to the best yet, drawing huge crowds which jammed Granville Street all Saturday evening. A section of the crowd is shown above while below Alphonse Menu is shown guessing the weight of a young miss, this one

of the many money getters at the carnival, money which will go to the many worthwhile Kiwanis projects. Prize winners were L. Giannotti, electric frying pan, Ryan Lawley, toaster and Ronni Austin of Nelson, electric percolator.

Macs Aces Could Cop Softball Title Friday

Summerland's Mac's Cafe Aces took a one game lead in the best of three playoff for the Senior Men's Softball League championship when they defeated Marshall's Battery Shop on Monday in Penticton by a score of 9-3.

The second and what could be the deciding game of the final playoffs will be played here in Summerland at the Memorial Park on Friday night, game time 7 p.m.

The Summerland nine were unbeatable last Monday, although the Marshalls, who had led the league all season hit freely, they were completely smothered by brilliant work in both infield and outfield.

Terry Parrot pitched for the Macs with John Marshall for the losers.

Legion Corn Roast Friday

Summerland Branch 22 of the Canadian Legion will hold a corn roast at Powell Beach on Friday night at 8 p.m.

Around the bonfire sing-song will feature the occasion.

The local Legion branch also plans on honoring its retiring Padre, the Rev. A. A. Northrup, a week later at a farewell party to be held in the Legion Hall on Friday, August 28.

Orchard Run

By Wally Smith
Handout Sought
Members of the Okanagan-Kootenay Co-operative Growers held a general meeting in Penticton recently. At that meeting the so-called rebel group or opposition group (as opposed to the BCFG) did, among other things, pass two resolutions.

According to information in the press one of these resolutions called for a provincial subsidy to assure the fruit grower cost of production and the other recommended no packing of cee grade apples until there was a market for them.

Government officials must get tired of people begging for handouts for this group and subsidies for that group. It seems to be a trend of the times to run to the government for help whenever things become difficult. So many want something for nothing and forget that the only way to give one group a handout is to take that much away from the rest of the taxpayers.

It is true the fruit grower has, in the past, received help from Ottawa in the form of a grant to ease financial stress but it's unrealistic to expect a government, whether federal or provincial, to subsidize Okanagan fruit growers to the amount that their sales may fall short of the cost of production.

Guessing Game

There is no originality in the suggestion that cee grade apples be not packed unless there is a sale for them. In recent years Tree Fruits Ltd. has had exactly that in mind and instructions to packing-houses have stipulated that certain sizes of cee grade in certain varieties be not packed until instructions were issued to do so.

In withholding the packing of some cee grade the sales agency needs to look well into the future to try to gauge the probable demand for apples many months after packing date. At the end of the season it's easy to see exactly what should have been done but it's no simple matter to arrive at that same conclusion six or seven months earlier.

Of course all or nearly all cee grade could be set aside at packing time and placed loose in cold storage to await a market, then packed as sales were made.

Purpose of the "delayed pack" policy for cee grade is to save unnecessary packing costs but the method itself is actually more expensive than packing at harvest time.

If it turns out that there is no sale for this cee grade then packing costs are lower but there is still a large bill of expense chargeable against that same cee grade even though its final destination is the juice plant.

Costs Pile Up

Let's follow a block of fruit through the packing house to get a better picture of the situation. The apples are delivered by truck to the warehouse door and whisked into

Editorials

WEDNESDAY, AUGUST NINETEENTH, NINETEEN HUNDRED AND FIFTY-NINE

Need For Community Participation

Here it is August 19 — less than three weeks to the Summerland Fall Fruit Fair. Committees are hustling, the Queen's Crowning committee is planning for a spectacular crowning, the Queen's Fall committee is planning to make the Queen's Fall one of the big Social Events of the year. The entertainment committee is rounding out a fine program of entertainment. Indeed, there will be all the fun of the fair at the Summerland Fall Fruit Fair. But without the exhibits, without the products of our orchards, our poultry farms, our gardens without the exhibits of local skills and talents, there will be no Fall Fruit Fair.

Truly the Summerland Board of Trade's Fall Fair is a show case, a show

case of the community and every additional exhibit adds to the community's stature.

It is recognized only too well that the Fair falls at a busy time of year, but usually it is the busiest people who find, somehow, the time to do that extra job. And so we hope that when Fair Day comes, when the sound of the merry-go-round dings on the ear, when the smell of hot dogs pervades the crisp fall air, that the men and women of Summerland will have made the time to get their exhibits in. We particularly hope that the poultry people will manage to get in a display as this growing industry here, bids fair to become a major pillar in the economy of Summerland, and as such should have an impressive and interesting exhibit at the Fall Fruit Fair.

In short, regardless of what committees may do, success of the Fall Fruit Fair depends in the main on the extent of community participation.

Honeymoon In Ogopogo Land

It was out here in these mountains

After sailboat ride and swim

I made a promise to her

I would bring her back again.

We had fun here in the mountains

While her skin had gathered tan

From the sunshine and the water

In Ogopogo land.

Yes I promise to be back again,

And the reason now is this

The valley always beckons me

And that I can't resist.

And again we'll build some castles

For forty thousand grand,

With just imagination

And a little bit of sand.

We like to hike the mountain trails

Find it good for her and me.

To enjoy the mountain breezes here

Is only heavenly.

I saw her shadow on the water,

And we played upon the sand.

It was in the Okanagan known

As Ogopogo land.

It was early in the evening

And the sun was soon to set.

And the beauty of it all

I never will forget.

She made me want to linger

For I was feeling grand.

Yes it's fun to honeymoon

In Ogopogo land.

The lake was blue in color

And the sand was painted gray

And the longer that I lingered here

The more I longed to stay.

Just to play here in the water.

And to lay upon the sand.

Yes, it's fun to honeymoon

In Ogopogo land.

THOUGHTS

I'M GOING ON A DIET TOMORROW!

...BUT LET'S FACE IT!

TOMORROW — ALWAYS TOMORROW!

According to the Mood . . .

By SID. GODBER

Nowadays a kid gets a larrupping and the larruper ends up in court.

Take this young truant at Castlegar — a few belts on the backside and the belter, the school principal, is in court on a charge of common assault.

Dunno what the court has decided at this time but I hope the teacher gets away with that common assault charge.

Actually his ribs should be up on a charge of violating human dignity, if there is such a statute on the books.

In my day and age we wrongdoers had to bend over, and as most of us had threadbare pants we really felt it, not from a namby pamby belt, but from a swishy, pliant and thin cutting cane — excruciating. I squirm even now from the memory. But that was all part of the game — defy authority call the tune and bite on the bullet when paying the pipe.

But I'm thinking that most of us would have tangled physically with authority before we'd bare our buttocks. That goes beyond corporal punishment — that's humiliation — offensive to human dignity and, even a rebellious schoolboy has the right to be able to safeguard his dignity.

Anyway I hope the school principal is upheld insofar as having the right to administer corporal punishment to recalcitrants.

Trouble seems to be with parents — Johnny runs home and howls that teacher gave him a licking and poppa and momma hit the roof. Harking back again to my day, when we got a licking we kept quiet and hoped our parents would not hear about it. As often as not a licking at school meant a licking at home for having got licked at school.

And talking about corporal punishment I'd like the powers that be to post a Guardsman on duty at Buckingham Palace carrying, instead of a rifle, one horsewhip along with the authority to use it on the morons who poke stupid fun at and indulge in minor acts of violence on the men who are only doing what they have to do, in keeping with a long tradition.

Those giggling, tittering half-witted tourists, particularly the American breed, should be made to study the history of those Guard Regiments and their battle honors.

This foot pounding, kick step stuff is, I grant you, for the birds, but it always seems that the foot pounding spit and polish soldiers prove themselves when the drums begin to play.

And what do you know — at our house everyone but yours truly and of course our discriminating dog and the cat have gone wild on potato salad. And it seems that everything else that is fit for a human to eat is tainted with the horrible stuff — to think a family will do that to the man of the house.

WEIGHT BULLETIN — Down a pound this a.m., but somewhere along the line I gained two pounds day before, net gain one pound — at press time. 204 — objective 170 — a long, long way to Tipparary.

Sing song, music by Bill Reid

If inclement weather, sing-song to be at Secretary's home

Mr. and Mrs. H. Thornthwaite of Lower Summerland had as their guests, Mr. and Mrs. Geo. Dewar of West Vancouver.

Miss Lois Read and Miss May Howard returned last Wednesday from a week's holiday at the coast.

Mr. and Mrs. A. D. Glen have just returned from Vancouver where they attended the wedding of Mr. Glen's niece, Miss Dorothy Glen, daughter of Mr. and Mrs. Sam Glen of Lumby.

Don and Murray McArthur have returned from Victoria where they have been holidaying.

Mr. and Mrs. H. Hackman returned Tuesday from a vacation in Edmonton and Sylvan Lake, Alberta with Mr. and T. Jenner and Miss Marion Jenner of Ann Arbor. On their return they were accompanied by Billie Jenner, who will holiday for the next two weeks in Summerland.

Visiting at the home of Mr. and Mrs. Clarence Meadows for the past three weeks was Mr. Charlie Atkin of Brandon, Man.

Visitors at the home of Mr. and Mrs. Ian McCuaig are the former's brother and sister-in-law, Mr. and Mrs. Bruce McCuaig and three children of Montreal.

Mrs. Cecil Morgan entertained on Wednesday for Mrs. Cyril Woodbridge of Pittman, Wash., who is visiting here with her two children, Jann and Colin. Dr. Woodbridge is attending a convention in Montreal.

Dr. and Mrs. J. M. McArthur and daughter Heather have returned from a two week camping trip to Banff and Glacier National park. They were accompanied on the trip by Mr. and Mrs. G. Russell of Penticton.

Mrs. Nancy Anne Shaw of Seattle, Wash. is visiting her son in law and daughter, Mr. and Mrs. Adrian Moyls, Trout Creek.

Guests at the home of Mr. and Mrs. J. Y. Towgood are their son and daughter-in-law Mr. and Mrs. Arthur Towgood and two children of Montreal.

Mr and Mrs E. D. Burke and little daughter Glennis, Vancouver were week end guests of Mrs. Burke's parents, Mr. and Mrs. John Bendig.

Mr. and Mrs. Bradford and son, formerly of Trout Creek have moved to Chilliwack.

Holidaying at the home of Mr. and Mrs Walter Rothwell of Trout Creek are Mr. Rothwell's nephew and his wife, Mr. and Mrs. Walter Riddle of Victoria.

RESEARCH GUESTS
Recent visitors to the Summerland Research Station and home of Dr. C. Strachan, director of the Research Station, were C. H. Wake from the office of the High Commissioner for the United Kingdom at Ottawa and Dr. H. U. Fenner of Winkler, Manitoba. They were accompanied by their families. Mr. Wake represents the British Ministry of Agriculture and Food and is currently visiting Western Canada observing agriculture industry and research.

Pensioners Treated To Trip to Kelowna

On Sunday, August 9 at 1 p.m. thirty seven Old Age Pensioners met at the Oddfellows Hall to be taken on a picnic by the Oddfellows Lodge and Rebekahs to and around Kelowna. The first stop was at the government park north of here where some members had tables set in a grove of peach trees and tea and coffee and ice cream ready. While having lunch the company was entertained by Mr. Dockerty and Miss Dunn with accordian music. Miss Dunn also sang.

The president then thanked the Lodge for its kindness.

After lunch everyone got into the cars to go north. At Westbank the party took the route by the veteran's settlement and then across to Kelowna. The new shopping centre was visited and the beautiful park, where owing to the large number of cars it was hard to find a parking space.

After a splendid afternoon the group returned to Summerland.

There will be no meeting of the Association in August.

Witnesses To Convene At New Westminster

About 50 of Jehovah's Witnesses from the Summerland congregation will attend a District Convention in New Westminster Sept. 3 to 6.

J. R. Prior, presiding minister of the Summerland congregation, in announcing the plans of the local delegates, said that it has been necessary to cancel all local meetings from September 1 to 7, due to many being away for the assembly.

Special this week!

Orchard Run

Continued from page 2
cold storage or, if cold storage is full, they are put into common storage.

When their turn comes these apples are put over the grader, sorted into extra fancy, fancy, cee grade and culls. They go down the grader line and are dropped into bins according to grade and size.

We will assume that cee grade is not going to be packed immediately but will be placed loose in cold storage. Up to now a box of cee grade has as much expense chargeable to it as has a box of extra fancy or fancy. This amounts to 50c or 60c and may vary from one packing house to another.

Since cee grade is not to be packed at once the fruit is placed loose in boxes and for this the packers are paid 3c or 4c a box. The boxes are stacked in cold storage until further instructions are issued. If at a later date it is decided to pack cee grade it is bought back to the grader room, packed for the fresh fruit market

then goes back to cold storage to await shipping instructions.

All this extra handling and double packing means extra cost. If no market can be found for cee grade it is shipped off to the processing plant without further handling costs, but it still has that original 50c or 60c charge against it plus cold storage costs.

Even so this could be less expensive than wrapping and packing all cee grade through the season then ending up with no market but the juice plant.

Another Problem
However, the delayed packing policy has a special cold storage problem that may be difficult to overcome in some packing houses. Being loose in orchard boxes any given quantity of cee grade requires more storage space than packed fruit; probably 20 to 25 percent more.

Most packing houses in the south end of the valley are now pinched for cold storage space and if they have a lot of cee grade to store loose, whether in boxes or bins, more cold storage construction would be necessary, and this for a low quality product for which there may be no sale.

It is now apparent that a delayed pack policy for cee grade is not so simple as it might first appear.

My own views about cee grade are: grow as little as possible. If there is no market for a commodity then stop producing it or reduce production to a minimum.

O.C.'S REFRESHING NEW DISCOVERY, A GREAT LAGER BEER BY O'KEEFE

O'KEEFE BREWING COMPANY B.C. LIMITED

Comings and Goings

Miss Barbara Fudge left on Friday for Portland, Ore. where she will be the guest of Mr. and Mrs. H. Erant and will attend the annual reunion of the IOOF pilgrimage of youth to the United Nations being held there this week. Miss Fudge was delegate from Summerland on the trip to New York last year.

Mr. and Mrs. E. F. Weeks have returned from a camping holiday in the North Okanagan.

Mr. and Mrs. J. E. Tedder of Kamloops are spending a week with the former's mother, Mrs. J. Darke.

Mr. and Mrs. Arnold Gayton, accompanied by Mrs. W. Brown are spending a week in Vancouver.

Marge Clark left Tuesday to spend a holiday in Vancouver.

Mr. and Mrs. George Lewis and Marjorie left last weekend to spend a holiday in Banff.

Mr. and Mrs. F. J. Wismer and son Bobby of Vancouver arrived Friday to visit at the home of the latter's parents Mr. and Mrs. George Lewis.

Mr. and Mrs. A. F. Crawford motored to the coast over the week end. They were accompanied by Miss Barbara Fudge.

Guests at the home of Dr. and Mrs. J. C. Wilcox for a few days last week was Mrs. Angus MacMillan of Vancouver.

Mr. and Mrs. George Lewis Jr. and family moved to Oliver Friday, Mr. Lewis having accepted a position on the teaching staff there.

Dr. E. E. Lopatecki and Dr. J. L. Mason left last weekend to attend the International Botanical Congress being held in Montreal.

Mrs. N. Napier and Mrs. N. Sparks of Vancouver visited with Mr. and Mrs. Jack Dunsdon last week.

Mr. and Mrs. S. Hemingway and family left on Monday to visit in Vancouver before returning to their home in Saskatoon, Sask.

Mr. and Mrs. L. Locke of Vancouver are visiting at the home of Mr. and Mrs. H. Richardson.

Mr. and Mrs. George Dunsdon and Gordon left on Saturday for a holiday in Banff.

Mr. and Mrs. E. R. Butler had visiting them last weekend, Mr. and Mrs. Guy Winters and family from Mission. Mrs. Winters is a niece of Mr. Butlers.

Miss Nancy Fudge is spending two weeks visiting in West Vancouver with her aunt and uncle, Mr. and Mrs. Gordon Lott.

Mr. and Mrs. Fred Richardson and family of Powell River have been visiting at the home of Mr. and Mrs. E. F. Weeks.

Mr. and Mrs. Jack Mumford and family of Vancouver visited with Mr. and Mrs. Jack Dunsdon during the past week.

The Misses Elaine Dunsdon, Brenda Parker and Jennifer Penny returned on Monday after attending the Banff school of Fine Arts.

Guests of Mr. and Mrs. G. Harper of Trout Creek have been their daughter and son in-law, Mr. and Mrs. O. I. Johnson and family of Kimberly.

Mrs. H. Penketh is leaving Summerland to make her home in Vancouver.

CORRUGATED CONTAINERS RATE HIGH IN COOLING AND STACKING TESTS

Recent findings of the Research Station at Summerland, B.C., show that now, instead of taking the standard SEVEN days required, fruit in corrugated containers cools to 32 degrees . . . safely in only FIVE days. And new, durable, water-resistant glues plus increased stiffness of materials permit the stacking . . . using advanced methods . . . of corrugated boxes to full warehouse height without fruit damage.

For more information about corrugated containers get your FREE copy of the new booklet on TREE FRUIT PACKAGING from Les Roadhouse or Dave Vivian, 990 Richter St., Kelowna . . . phone POplar 2-2146

**S'land Macs Lose to
Penticton Red Sox 9-3**

Summerland Macs continued their losing ways here Sunday when they lost to the powerful, league leading Oliver OBC's by a score of 9-3.

Oliver's Eisenhut cast a shadow of things to come when, first man at bat, he clouted out a home run.

Macs countered that one by combining a base on balls, two singles and a steal for two runs.

They added another, their last run of the game, in the fourth when Skinner's double drove in Hooker.

The visitors complied 12 hits against Cristante (tagged as losing pitcher after starting for one inning), Bonthoux who pitched for six innings and Hooker who pitched two innings.

Driessen went the distance for Oliver yielding only five scattered hits.

The Canyon Creek Dam Improvement By-Law, 1959

The Corporation of the District of Summerland, By-law No. 887

A By-law of The Corporation of the District of Summerland to authorize the undertaking of repairs and improvements to the Municipal water storage system and to authorize the borrowing of the sum of \$50,000.00 for the purpose of such works

WHEREAS it is deemed advisable and expedient to undertake the following works, namely the repair and improvement of The Corporation of the District of Summerland's Canyon Creek dam, located approximately 20 miles West of the municipality and forming a part of the water storage system owned by The Corporation of the District of Summerland.

AND WHEREAS the estimated cost of the works described in the next preceding paragraph hereof is the sum of \$50,000.00.

AND WHEREAS it is deemed necessary to borrow upon the credit of The Corporation of the District of Summerland the said sum of \$50,000.00, which is the amount of the debt intended to be created by this By-law, the said sum of \$50,000.00 to be borrowed pursuant to the provisions of this By-law to be used for the works above described.

AND WHEREAS the estimated lifetime of the works by this By-law hereinafter authorized and described aforesaid is in excess of 20 years.

AND WHEREAS it is intended to create the debt hereinafter authorized in the year 1959 and the amounts of the assessed value for general municipal purposes of the taxable land and improvements for the years 1957, 1958 and 1959 are respectively as follows:-

For the year 1957	\$6,227,492.00
For the year 1958	\$6,358,407.00
For the year 1959	\$7,060,566.00

AND WHEREAS the amount of the existing debenture debt of The Corporation of the District of Summerland is the sum of \$373,255.98 and no amount of the principal or interest of the said debenture debt are in arrears.

AND WHEREAS the approval of the Inspector of Municipalities for the Province of British Columbia has been obtained.

AND WHEREAS the approval of the Provincial Health Officer has been obtained.

NOW THEREFORE the Municipal Council of The Corporation of the District of Summerland, in open meeting assembled, enacts as follows:

1. That it shall be lawful for The Corporation of the District of Summerland to do the work hereinafter in this section of this By-law described, and such work is hereby authorized, namely, to undertake the repair and improvement to Canyon Creek Dam, being a part of the water storage system owned by The Corporation of the District of Summerland.

2. That for the purpose of doing the work authorized by section 1 of this By-law it shall be lawful for The Corporation of the District of Summerland to borrow upon the credit of the said Corporation the sum of \$50,000.00 and to issue Debentures for such sum with interest at Six per cent (6%) per annum as hereinafter more particularly described, and the said sum of \$50,000.00 to be so raised by borrowing shall be used for the work authorized by section 1 of this By-law.

3. That the Debentures authorized by this By-law shall be serial Debentures and shall be dated the first day of November, 1959, and shall have attached thereto coupons for the payment of interest at the rate of 6% per annum payable semi-annually on the first day of May and the first day of November in each year of the currency of the Debentures, and the principal of the said Debentures shall be repayable by annual instalments during the currency of the Debentures, and the instalment for the repayment of principal in each year together with the amount required for the payment of interest in each year shall be as set out in the following schedule:

Column 1 Year	Column 2 Total principal payable	Column 3 Total interest payable	Column 4 Total principal & interest payable
1960	\$ 2,000.00	\$ 3,000.00	\$ 5,000.00
1961	2,000.00	2,880.00	4,880.00
1962	2,000.00	2,760.00	4,760.00
1963	2,000.00	2,640.00	4,640.00
1964	2,000.00	2,520.00	4,520.00
1965	2,000.00	2,400.00	4,400.00
1966	2,000.00	2,280.00	4,280.00
1967	2,000.00	2,160.00	4,160.00
1968	2,000.00	2,040.00	4,040.00
1969	2,000.00	1,920.00	3,920.00
1970	3,000.00	1,800.00	4,800.00

1971	3,000.00	1,620.00	4,620.00
1972	3,000.00	1,440.00	4,440.00
1973	3,000.00	1,260.00	4,260.00
1974	3,000.00	1,080.00	4,080.00
1975	3,000.00	900.00	3,900.00
1976	3,000.00	720.00	3,720.00
1977	3,000.00	540.00	3,540.00
1978	3,000.00	360.00	3,360.00
1979	3,000.00	180.00	3,180.00
	\$50,000.00	\$34,500.00	\$84,500.00

4. That the respective specific sums set out in Column 2 of the schedule contained in section 3 of this By-law shall be provided in each respective corresponding year set out in Column 1 of the said schedule during the currency of the said Debentures for the repayment of principal, and the respective specific sums set out in Column 3 of the said schedule contained in Section 3 of this By-law shall be provided in each respective corresponding year set out in Column 1 of the said schedule during the currency of the said Debentures for the payment of interest.

5. That during the currency of the said Debentures The Corporation of the District of Summerland shall levy and raise by a rate sufficient therefor over and above all other rates, on all the land and improvements subject to taxation for general municipal purposes within the said Corporation at the same time and in the same manner as other rates, in each of the years set out in Column 1 of the said schedule contained in section 3 of this By-law the total amount required for repayment of principal and payment of interest as shown in Column 4 of the said schedule opposite the year shown in Column 1 of the said schedule, so that the said Corporation may make the annual repayment of principal and payments of interest required by the said Debentures.

6. That the Debentures authorized to be issued pursuant to this By-law shall be in sums of not less than One Hundred Dollars (\$100.00) each.

7. That the principal and interest of the said Debentures authorized by this By-law shall be payable in lawful money of Canada at the Bank of Montreal, West Summerland, British Columbia, and at the principal office of the Bank of Montreal in the cities of Vancouver or Victoria, British Columbia, at the option of the holder thereof.

8. That the said Debentures shall be sealed with the Corporate Seal of The Corporation of the District of Summerland and shall be signed by the Reeve and Treasurer of the said Corporation, and the coupons attached to the said Debentures shall bear the signatures of the said officers of the said Corporation, and such signatures attached to the said Coupons may be written, or may be stamped, printed, lithographed, or be in other facsimile form.

9. That all or any of the said Debentures may contain or have endorsed thereon a provision for registration.

10. This By-law shall take effect on the date of adoption.

11. That this By-law may be cited for all purposes as "The Canyon Creek Dam Improvement By-law, 1959".

Read a first time by the Municipal Council of The Corporation of the District of Summerland, the eighteenth day of August, 1959, read a second time by the said Municipal Council the eighteenth day of August, 1959, read a third time by the said Municipal Council the eighteenth day of August, 1959.

Received the approval of the Inspector of Municipalities for the Province of British Columbia on the nineteenth day of August, 1959.

Received the assent of the owner-electors of The Corporation of the District of Summerland the _____ day of _____, 1959.

Reconsidered, finally passed and adopted by the Municipal Council of The Corporation of the District of Summerland, sealed with the Corporate Seal of the said Corporation, and signed by the Reeve and Clerk of the said Corporation, all on the _____ day of _____, 1959.

Reeve

Clerk

TAKE NOTICE that the above is a true copy of the proposed by-law upon which the vote of the owner-electors of the municipality will be taken at the basement of the SUMMERLAND MASONIC HALL, SUMMERLAND, B.C., and at the MUNICIPAL OFFICE, WEST SUMMERLAND, B.C., on the Third day of September, 1959, between the hours of eight o'clock in the forenoon and eight o'clock in the afternoon, and that Andrew F. Calder has been appointed Returning Officer for the purpose of taking and recording the vote of electors.

DATED at West Summerland, B.C., this eighteenth day of August, 1959.

G. D. SMITH,
Municipal Clerk.

Cars Clothes and Colour In Your Home

Car manufactures not only employ high priced stylists to design their car interiors, but spend fantastic sums with independent researchers to establish public colour preferences. Because color is big business,

Experts claim they can date most cars by color as quickly as the average man can recognize them by style. Only recently, however, have color studies shown a decided similarity in car, clothing and home furnishing trends. Cocoa brown cars first became popular about the time that cinnamon brown rugs began outselling the standard grey rug. In 1958, tangerine was the spring color in women's fashion shops, and simultaneously became the high style accessory color in our homes. Turquoise blue is currently outselling clear blue, both in our summer clothes and our interior furnishings.

What does all this prove? Primarily that public preferences follow a pattern. Most important, it indicates that by careful study, future preferences can be predicted with some accuracy.

Just for fun, analyze your own family. Ask what color car they would buy, what color dress or sport shirt they would like. Ask them what color they would like their room decorated. They just might have the same answer to all three questions.

Ten years ago, white ceramic tile outsold all colors by a wide margin. But today pink is first. Green is second and white ranks fifth!

Don't be casual about color. Study your family's preferences and your own. Chances are the color car your husband chooses is the color you should paint his den!

Obituary

Mr. George Sheldrake, 75 years of age, formerly of Summerland, passed away in the Summerland Hospital, August 15, 1959. Besides his loving wife, Jennie, he leaves to mourn his loss 3 sons, Melville, Stanley and Arthur, all of Vancouver; one daughter and son-in-law, Rhona and Iver Nilson of Summerland; 3 grandchildren. Mr. Sheldrake had been a resident of Summerland for the past 30 years. Funeral services for the late Mr. George Sheldrake were conducted from the Summerland United Church, August 17 at 2:30 p.m. Rev. Philip Louie officiated. Interment in Peach Orchard Cemetery. Roselawn Funeral Home entrusted with arrangements.

Announcement

Mrs. W. Faasse of West Summerland announces the engagement of her youngest daughter, Marie Betty to Mr. David Nicholson of Brantford Ontario. The wedding will take place on Saturday, August 29 at 2 p.m. in the Free Methodist Church, West Summerland.

Mr. and Mrs. Albert Wiggins of West Summerland wish to announce the engagement of their youngest daughter, Beryl Priscilla to Mr. Douglas Williamson, youngest son of Mrs. Olive Williamson and the late Mr. H. A. Williamson of Edmonton, Alberta.

Card of Thanks

The Kiwanis Club of Summerland wishes to thank the residents of the district who supported their Street Carnival on Saturday.

Rifle range

Continued from page 8

93, H. Richardson 90, H. Simpson 85, J. Bertram 85, R. Bertram 79, A. Kalinin 76, L. Atkinson 74. Those shooting the 600 yard range only were Len Shannon 43, R. Dunsdon 42, Don Tait 39, P. Richardson 39, D. Riddington 27.

It was very gratifying to see a junior member Cliff Dunsdon, in second place this week. Nice going Cliff.

Next Sunday the Vernon Rifle Association is holding its annual shoot on the Kelowna range and we hope that there will be enough local shooters attending to make up an entry in the team competition. How about it fellows, let's go up there Sunday and bring home some silverware.

It is hoped that another sport will soon be organized here as bow and arrow enthusiasts are attempting to organize an archery club. Permission has been granted by the Parks Board to set up a twenty five yard range on the land where Charlie Wharton operated his skating rink.

The first practice was held on Tuesday evening, August 11 and the attendance was very encouraging. On Friday evening, a work party was held

to clear the weeds and rocks away from the target area, as conditions are much better than they were the first evening.

Anyone who has archery equipment packed away in the attic or basement is urged to dust it off and come out to practice. Practice time and other details may be obtained by contacting Jack Kirk or Bert Simpson.

Flower Show

Continued from page 1

ment of Agriculture Anyone can enter flowers free of charge.

There are over 50 classifications.

Mrs E. C. Bingham, president of the Horticultural Society is anticipating a large entry in what is literally Summerland's most colorful event of the year.

Admission is 25 cents and doors open at the High School Auditorium on Saturday at 3 p.m. continuing until 9 p.m. Tea will be served. Prizes will be awarded at 9 p.m.

New Approach to Peach Harvest for Canneries

Cannery harvest program for peaches authorized by the B.C. Tree Fruits was talked over in Summerland Tuesday at the Occidental Fruit Co.'s packinghouse.

During the past few years it has been said that nearly every grower has sent his peaches to the packinghouse not knowing whether they should be packed for the fresh market or shipped to canners.

About 40 per cent of the peach crop is sold to canners. D. J. Sutherland, assistant to the general manager of B.C. Tree Fruits Ltd, explained the harvesting program by showing a series of colored slides that peach growers found helpful. Difficulties were talked over and cannery prices discussed.

BC Tree Fruits, in a letter to growers has said that in theory the ideal maturity for packing is the same as for cannery and "the interchangeability of maturity" has been discussed.

Ollie Gave Us Plenty - We Can Give A Little

Ollie Egely, veteran catcher of the Summerland Macs is in the Vancouver General Hospital today suffering from a fractured cheek bone and lying under the threat of losing his sight of his right eye.

Ollie incurred the injury playing in the All-Star game at Kelowna during the Kelowna Regatta.

What at first appeared to be only a severe bruise and a black eye was later revealed to be much more serious and Ollie was rushed to Vancouver. An operation has already been performed, but it is not yet known whether Ollie will retain the sight of his right eye.

The Okanagan Mainline Baseball League has donated \$200 to help towards Egely's medical costs, but this is only a drop in the bucket. Plans are now being laid for benefit games in both Kelowna and Summerland. It is thought that the Sunday after Labor Day will be the date for the Summerland game. The game already advertised for Saturday has been cancelled.

Ollie Egely has contributed much to Summerland sport. Season after season, winning or losing, Ollie has been the sparkplug of the Macs. He wasn't a paid athlete, the OMBL clubs can't afford player insurance and so it is a serious matter when a player gets hurt, apart altogether from the extent of the injury.

The Summerland Macs feel that the people of Summerland will turn out in force for Ollie's benefit game, date of which will be definitely announced later, but those who don't go to ball games and those who recognize Ollie Egely's contribution to Summerland in the world of sport can show their appreciation by leaving any donation they wish to make at the Summerland Review office.

Dam Bylaw Repealed, Meeting Thursday

A bylaw to repeal a bylaw was introduced in Municipal Council this morning, Tuesday.

Repealed is the money bylaw to provide \$50,000 for the construction of Canyon Dam. Decision was taken last night after more than two hours of

discussion.

Council was faced with many problems in arriving at the decision to stop the bylaw. Contributing largely to the decision was the time element and the necessity of finishing the job of reconstruction of Canyon Dam before the frosts.

Council, however, decided this morning that it would hold the ratepayers meeting called for Thursday, August 27, in the High School Auditorium, at which the general situation regarding Summerland's water supply in relation to Canyon Dam will be explained to interested property holders.

The following statement was released by Council to explain reasons for stopping the bylaw which was to have been voted on September 3.

The Council has decided to postpone the bylaw covering repairs to Canyon Dam. This decision has been influenced by the following points:

1. Shortage of time. A project involving an expenditure of \$50,000.00 requires consid-

Queen Crowning To Open Fair

Queen-elect Leona McNabb will be crowned at a colorful ceremony at the Arena Friday, September 4th to get the third annual Summerland Fruit Fair off to a rousing start.

Attended by her princesses Lynn Blesdale and Joan Young, plus Royal parties from neighboring towns who have been invited this year's crowning of Summerland's Fruit Fair Queen promises to be one of the most colorful ceremonies of this type ever held in Summerland.

Continued on page 12

Junior Red Sox Hope For Fan Support Sunday

It's been a doleful baseball season for the Summerland Macs, but there's a silver lining to the dark cloud — Summerland could yet win a baseball championship.

Summerland's hopes are riding on the Juniors, the Summerland Red Sox, who last Sunday in a brilliant comeback took the first game of a best of three semi-final series from Kamloops.

The series will be decided at the Summerland Memorial Park on Sunday, game time 2 p.m. If the Kamloops Jay Rays take the first game there will be a doubleheader to decide which club will advance into the finals against Vernon.

The Summerland Juniors are hoping that they'll get the kind of support here that the Kamloops team got there.

Summerland Juniors Take Lead In Semi-Final Playoffs

The Summerland Red Sox, in a thrilling "come from behind" victory, took a one game lead over the powerful Kamloops Jay Boys in the first game of the best of three semi-finals of the Junior Ball League, played in Kamloops on Sunday.

The Red Sox drew first blood when, with two out in the 1st inning, Parker doubled and then scored when the short stop errored on DeWitt's hot grounder.

Chapman started on the

mound for the Red Sox, set the Kamloops team down 1, 2, 3 in the first. They picked up one run in the 2nd, three in the 3rd and then three more in the fourth. Sheeley came in to relieve Chapman and shut the door on the Kamloops boys for the rest of the game. Going into the 5th the Red Sox were down 7-1 and then they came to life, scoring 5 big runs to close the gap to 7-6. Again in the sixth inning the Red Sox got two men on and McNabb came up

with a long double to score them both to make the score 8-7 for the Red Sox. The Summerland boys got another one for insurance in the 9th to end the scoring.

Kamloops was dangerous all the way. They loaded the bases in the 8th with one out and couldn't score. Again in the 9th they had men on 2nd and 3rd with none out. The next man up grounded out to Sheeley for one out. The 2nd out was a strike out. The last man up hit a high hopper that

Sheeley jumped for and just managed to get the ball in the tip of his glove for an easy throw to first to end the game 9-7 for the Red Sox.

The boys all played good ball, but if stars were given out Parker should have one for his outstanding play behind the plate and his two hits. McNabb should have one for his game winning double. Sheeley did a fine job of relief pitching and made some sharp fielding plays. Lemke should have the fourth star

for his great work at 1st base.

All of these things helped but the game was won on hustle and never say die spirit.

The next game will be next Sunday at 2 p.m. and it will be a double header if necessary.

Kamloops took in \$65 at the gate and had a good crowd. It would be nice to show them that Summerland gets good support too.

Like score:

Announcing

... no sounder way
for you to profit from B.C.'s
dramatic growth

For the first time, the people of British Columbia are invited to participate in, and profit financially from, the development of one of our Province's greatest enterprises. The offering of this bond issue, exclusively in B.C., means also that interest which normally would be paid to people outside the Province will be paid directly to British Columbians.

The PGE is now one of the world's most modern railroads and a vital factor in British Columbia's growth. The three year, 5% bonds of the Pacific Great Eastern Railway that are now being offered are the soundest bond buy on the market — an excellent way to let your savings earn more for you.

PARITY BONDS UNCONDITIONALLY GUARANTEED BY THE ENTIRE RESOURCES OF THE PROVINCE AND REDEEMABLE ANY TIME AT FULL PURCHASE PRICE

DENOMINATIONS: \$100, \$500, \$1,000.

INTEREST: Interest at the rate of 5% per annum will be paid quarterly on the 15th day of December, March, June and September during the currency of the bond.

DATE OF ISSUE: September 15, 1959.

DATE OF MATURITY: September 15, 1962.

REDEMPTION: Should you need the money in a hurry, you will be able to cash these bonds at par value at any time you wish, at any bank in the Province of British Columbia and at the principal office of the Canadian Bank of Commerce in Calgary, Edmonton, Regina, Winnipeg, Toronto, Montreal, Saint John, Halifax or St. John's.

LIMIT OF PURCHASE: There is no limit whatsoever to the amount you may purchase.

REGISTRATION: Bonds of \$500 and \$1,000, or multiples thereof, can be fully registered.

PAYROLL DEDUCTIONS: Bonds may be purchased through payroll deductions. Your office manager will advise you.

TRUST COMPANIES AND LEADING INVESTMENT DEALERS**

According to the Mood . . .

By SID. GODBER

Me — I'm a fast thinker.

Come the emergency — the wheels spin — click — decision — action — I'm a whiz.

Last Monday I was up at Kelowna. Trying to locate a certain street I was driving along with eagle-eyed glances at the street name signs.

I saw a sign alright — it read simply, clearly and unmistakably "STOP".

But I was looking for the street name and had drifted past the stop sign before its import registered on the busy brain.

Emergency. I glanced with eagle glance to the left. Down the street, away my eyes photographed a police car brain duly registered police car to port. My eyes swivelled to starboard — not even a stray dog. My lightning brain calculated distances, the police car was 300 feet away. Should I brake hard, burn off two bits of good tire rubber, stop and back up, or should I get out of there.

Decision — step on it. I stepped on it, darted across the through street and then — with the keen old brain still in command — I figured the cop might get the wrong impression and figure that I had ignored the stop sign — which just wasn't the case — true I'd gone through it, but that was a calculated decision on the best and quickest way of retrieving the situation.

So, I pulled over and sure enough the police car pulled in behind me. I got out. Officer and citizen faced each other. "You went through that stop sign," the officer said reproachfully. "Could have caused an accident."

I admitted my sin with all the candour of little George Washington caught standing by a chopped down cherry tree and with an axe in his hand, admitting that he cut down the tree.

Then I went on to explain — how I could have stopped and backed up — but there was more risk of a car coming up behind than continuing through the sign.

The officer listened courteously and patiently, then requested my driver's licence, which praise be I had on hand.

Then he said, "I don't want to be hard on you, but you could have caused an accident."

At that point I read the cop's mind. Here comes the lecture and then the admonishment to drive more carefully. I thought.

Then what do you know — he took out his little black book, jotted down the name — I had to spell it for him then he suggested I should appear before the magistrate at 10 a.m. the next day. I explained I just couldn't and so he very courteously gave me a conducted tour to the magistrate's office.

It was all very friendly and amicable — the magistrate beamed, listened to my story — sympathized with me and I read his mind too — dismissed with a warning.

"Yes, I can see how it happened," said the magistrate. "I think ten dollars and costs will meet the situation."

With costs — fourteen bucks! FOURTEEN DOLLARS . . . gone, gone down the drain.

Me — I'm a fast thinker — come the emergency — the wheels spin — click — decision — action — the trouble my decisions are too costly — TEN DOLLARS AND COSTS, too costly.

Mrs. L. L. Fudge and Mrs. J. P. Sheeley were week end visitors to Vancouver. Accompanying them on the return trip were Miss Barbara Fudge and Miss Nancy Fudge, who have been holidaying at the coast.

Mr. and Mrs. G. Saunders of New Westminster are guests at the home of Mr and Mrs Les Rumball.

Mrs. Myrtle Lewis and her family of Prince George have been recent visitors at the home of Miss M. White.

Mr. and Mrs. Art McPhail and their two boys of New Westminster visited at the home of Mr. and Mrs. Ed Gould over the week end.

Guests at the home of Mr. and Mrs. H. R. Richards are their son and daughter in law FO and Mrs. Norman Richards and their young son of Portage la Prairie.

Mr. and Mrs. Ken Stuart and family of Vancouver visited relatives in Summerland over the week end.

Mr. and Mrs. Glen Palmer accompanied by Mrs. Palmer's mother, Mrs. Hornick of Comber, Ont. visited for a few days last week at the home of Mr. Magnus Tait.

Visiting at the home of Mr. and Mrs. T. M. Croil are Mrs. Belle Nesbit and her son, LAC Donald Nesbit who has just returned after spending the past three years with the RCAF in Metz, France and will shortly be leaving for Ottawa where he will be stationed.

B.C. Fruit Processors Ltd.

3% Bonds - 1953 Crop Year

Registered holders of 3% Bonds of B.C. Fruit Processors Ltd. for 1953 Crop Year dated August 31, 1954 are reminded that the above mentioned bonds are due for payment on August 31st, 1959, and must be surrendered to the Head Office of the Company, 1165 Ethel Street, Kelowna, B.C. before payment is made. This may be done by mail or in person. If there has been a change of address from that appearing on the bond, please advise us.

J. M. Conklin,
Secretary-Treasurer.

School Will Re-open Wednesday Sept. 9

Summerland High School will open its doors for the 1959 term on Wednesday, September 9. Teachers will hold school conferences Tuesday, September 8.

All students are requested to be present in September 9 and will remain in school for the complete day. If a student is not available for opening day he or she is requested to contact the school office stating the date they expect to return and stating the reason for the absence.

Mr. Longmore, school principal, will be available during the week of September 1-4 for interviews. Appointments are to be made through the school

office. Students who have moved into the area since June 26, are asked to report at the school office on Friday, September 4.

CHRISTENING

At a christening ceremony held in Summerland United Church on Sunday, Rev. Philip Louie officiating, the twin daughters of LAC and Mrs. Ronald Mitchell were given the names Donna Leigh and Debra Ann and their son, Ronald Edward Harry. LAC and Mrs. Ronald Mitchell of Cold Lake, Alberta are visiting the former's parents, Mr. and Mrs. Harvey Mitchell. A family gathering was held

Hear Report on Piano Fund progress

Through the enthusiasm of several Summerland residents interested in music, agitation was started about three years ago to purchase a grand piano. One of the most energetic workers in this project was A. K. Macleod who is presently leaving Summerland. As a result of the interest that was aroused a committee was formed of the following: F. E. Atkinson, chairman; A. K. Macleod, secretary treasurer; Ken Boothe, W. S. Ritchie. Mrs. Clarence Adams

These individuals signed a note, with the Bank of Montreal entailing a total expenditure of \$2250.00. The payment of this note was based on promises from various organizations. First there was a school piano fund that accumulated over the years, roughly \$500.00, then Rotary, PTA and the Senior Students Council each promised to make annual payments of \$100.00 for five years. There were also some private contributions and some rentals.

As Mr. Macleod will now have to be replaced the committee met on Tuesday, August 18 to consider the committee's financial position and the selection of a replacement for Mr. Macleod.

The committee felt that real progress had been made as the total indebtedness is now down to \$825.00. The chairman, Mr. Atkinson, thanked Mr. Macleod for his enthusiasm and continued drive toward the repayment of this debt and thereby the acquisition of a very good grand piano for the benefit of the district. When the piano is finally paid for it will be presented by the committee to the Corporation of the District of Summerland.

Last Minute Advice Nets Author Fortune

Most of us will dispense a "bit of advice" at the drop of a tam o'shanter but few of us ever follow it eagerly. Yet a few chance words can prove very fortunate sometimes.

Years ago, an unknown young author had his book accepted and the publisher asked which he preferred, a hundred pounds for the copyright or a royalty arrangement.

The young man chose the hundred pounds, but while the publisher went out to prepare the contract, someone whispered, "I'd take the royalty if I were you".

Swinging around, the author observed an elderly clerk, already back at his work. The author didn't take long to decide. He went back into the publisher's office and settled for royalties.

The book, "King Solomon's Mines" by Henry Rider Haggard, became an all-time best seller, and what that advice cost the company no one has dared to compute.

Now here's a "bit of advice" you'll find worth heeding. The easiest, safest and surest way to avoid financial is to make regular deposits in a Bank of Montreal savings account.

Then when unexpected need or opportunity arises, you have the ready cash waiting for you. You'll be amazed at how handy it can prove.

To start your account, visit the Summerland branch of the B of M soon. Earl Smith, the accountant there, will show you how easy it is, and how profitable in the years to come.

Comings & Going

Miss Margaret Morgan of Burnaby is visiting her uncle and aunt, Mr. and Mrs. Cecil V. G. Morgan of Trout Creek for a week.

Mrs. R. R. Farrel and her daughter, Heather, of Powell River are visiting with Mrs. Farrell's sister, Mrs. Wilfred King.

Mrs. S. Ratzlaff of New Westminster is visiting at the home of her son and daughter in law, Dr. and Mrs. J. Ratzlaff.

Mr. and Mrs. Donald Blacklock and daughter of Ottawa are visiting at the home of the former's mother, Mrs. Norah Blacklock. Mr. Blacklock will be leaving shortly to attend UBC where he will study for his master's degree.

Guests at the home of Mr. and Mrs. Wm. Durick over the week end were Mrs. Durick's niece, Miss Janice Halls of Regina, Miss Janet Rogers of Charlottetown, PEI; Miss Lynn Donahue of Quebec City and Miss Margaret Rooney of New Brunswick. All these girls have been studying physio and occupational therapy at McGill University and are presently interning at the Rehabilitation Center at Shaughnessy Hospital in Vancouver.

Mr. and Mrs. E. E. Bates and Barbara of Chilliwack spent the week end at the home of Mr. and Mrs. Wm. Durick.

Mr. J. C. Darke of North Vancouver spent the week end visiting his mother, Mrs. J. A. Darke.

Mr. and Mrs. E. O. White have visiting them, their son in law and daughter, Mr and Mrs. Gerald Andrews and two sons of Victoria.

Mr. and Mrs. Ollie Ringstad are visiting in Victoria for a few days.

Dr. T. D. Marr from London, England, is visiting his sister, Mrs. J. M. McDougald, Hospital Hill.

Mr. and Mrs. Buck Gurnsey and family of Victoria spent a few days in Summerland last week.

Mr. and Mrs. Tom Pitfield and family of Vancouver are visiting at the home of Mr. and Mrs. Ted Wilson.

Miss Marion Rinn and Mrs. Dorothy Ryan of Kamloops are visiting at the home of Mr. and Mrs. W. Baker.

Home from attending summer school at Victoria College is Miss Marilyn Washington, also home from UBC are Miss Barbara Baker, Miss Amy Iwayoshi, Mrs. Rumpf and Mr. Ross McLachlan.

Visiting at the home of Mr and Mrs. H. Hackman this week are Dr. and Mrs. Littlejohn.

**Shower Honors
Darlene Bonthoux**

Miss Darlene Bonthoux, whose marriage to ABEM Jack Pohlman, RCN, takes place on Saturday, August 29 was honored at a miscellaneous shower at the home of Mr. and Mrs. T. Lott Thursday evening, August 20.

The rooms were decorated with red, white and blue streamers and a nautical wheelbarrow made an appropriate container to present the bride with many lovely and useful gifts.

Miss Jackie Watson and Miss Margaret Lott were co-hostesses on this happy occasion and delicious refreshments were served from a table centred with a decorated shower cake and flowers.

Guests included Miss Darlene Bonthoux, Mrs. H. Pohlman, Mrs. Marcel Bonthoux, Mrs. C. Watson, Mrs. George Washington, Mrs. H. H. Dundson, Mrs. H. Eden, Mrs. C. Erant, Miss Patsy Menu, Miss Janie Smith, Miss Phyllis Fabbi, Miss Irene Tycholaz, Miss Lorraine Bonthoux, Miss Barbara Baker and Miss Marilyn Washington.

The Summerland Review

WEONEDAY, AUGUST 26, 1959

Mrs. Bill Maxwell of Vancouver is visiting his mother, Mrs. M. M. Stevens.

Miss Diane Durick left on Sunday to spend a few days in Vancouver.

Mr. and Mrs. Howe Thomson and family went to Spokane over the week end. They were accompanied by Mrs. Thomson's mother, Mrs. Denney who was enroute to Edmonton.

Mr. and Mrs. Gerald Washington and their baby daughter of North Vancouver were week end visitors at the home of the former's parents, Mr and Mrs. Geore Washington.

On the Rifle Range

BY HERB SIMPSON

Six members and two non-members of the Rifle Club attended the Vernon Rifle Association's annual invitation shoot on the Kelowna rifle range on Sunday. Those taking part in the competitions were Al McCargar, Roy Bertram, Ron Dunsdon, Cliff Dunsdon and myself representing the Summerland club in the five man team shoot, with Dick Dunsdon, Phil Richardson and Dave Riddington entering in the individual competitions only.

Ten shot matches were fired at 200, 500 and 600 yards, with trophies and cash prizes being awarded to the winners. The grand aggregate trophy Vernon. None of the trophies was won by H. Palmer of came to Summerland, but the boys brought home some of the money. Cliff Dunsdon shot exceedingly well with scores of 47, 47 and 40 for an aggregate of 134. Other scores by the team members were H. Simpson 135, Ron Dunsdon 131, Roy Bertram 130, Al McCargar 130.

Weather conditions were very good. There was no wind and the sky remained overcast all day. A shower in mid afternoon caused some difficulty to the first squad at 600 yards. A swarm of hornets, with their nest in the 600 yard firing point, gave the competitors some anxious moments as they flew angrily around us. A few of the boys went home with swollen faces as a result of an encounter with the striped demons.

Although only thirty nine marksmen competed, everyone agreed that it was a very successful affair.

The next regular practice on the local range will be held on Sunday morning at nine o'clock. See you on the range.

Guides Attend Camp in Wash.

Two Summerland Girl Guides, Theresa Keys and Anthea Morgan have made an exchange camping visit with the Camp Fire Girls organization of Washington, USA.

They have been camping at Lake Zanika-lache, which is 40 miles from Wenatchee on Steven's Pass.

While there they have been taking part in midnight canoe expeditions, archery classes and Indian craft.

The Camp Fire Girls organization is conducted on the Indian theme and the girls learn Indian basket weaving and bead work. They are awarded beads of different shape and color for achievements instead of badges as in the Girl Guides.

Sixty girls attended this meet and the Girl Guides from here gave an account of the work done by the Canadian Girl Guides.

This meeting is unique as it is the only one of its kind in Canada and the United States.

Macs Lose to Vernon

The Okanagan Mainline Baseball League wound up the 1959 season Sunday with two games that didn't change final standings.

Oliver OBCs, who won the league pennant last week edged Penticton Red Sox 1-0 while Vernon defeated Summerland 9-5.

At the game in Oliver, Okanagan Boundary MP Dave Pugh presented the OBCs with the pennant. Their win Sunday gave them a 12-0 win record for home games.

Penticton's hopes of getting into a playoff spot were sunk by the defeat.

Ron Miciuk led Vernon to their win over Summerland. Miciuk scattered 10 hits as Vernon broke the game wide open with a four run outburst in the third inning and another three run onslaught in the ninth.

Singers and Players Honor A. K. Macleods

Summerland Singers' and Players' Club members, past and present, of Penticton and Summerland, paid a rousing tribute to Mr. and Mrs. A. K. Macleod last night in the Anglican parish hall prior to the Macleod's departure for Trail.

Both Mr. and Mrs. Macleod have been active in the club for years. Mr. Macleod has taken many lead parts in Gilbert and Sullivan productions. Mrs. Macleod has directed plays, acted in them and con-vened makeup, as well as as-

sisting with scenery and costuming.

Following a potluck supper enjoyed by over 100 persons, K. L. Boothe, president of the club spoke, regretting the Macleods' departure and expressing appreciation for their work. Delmar Dunham presented the couple with a silver tray as a gift from both sections of the society. Mrs. R. K. Russell gave flowers to Mrs. Macleod.

Stan Gladwell, director of the Singers' production said two operas were planned for next season. It is hoped to present "Trial by Jury" before Christmas and "Iolanthe" in the spring. Two musical directors, Mrs. Ethel MacNeill for vocal and Charlie Smith for choruses and orchestra have been obtained, making the two productions possible. Over 40 persons will be needed for the first show and those present were asked to sign for parts.

First meeting for the fall will be Oct. 6, Friday, Dec. 4 has been set as a tentative date for the first performance of the 1959-60 season. Colored slides of scenes from previous operas were shown and the music of Iolanthe, produced some years ago, was played from a recording. Musical numbers concluded the evening's entertainment.

Orchard Run

By Wally Smith

Labor Trouble

Another increase in the fruit growers' overhead will take place when industry officials and the British Columbia Fruit and Vegetable Workers' Union CLC, come to agreement on a new working contract.

Negotiations, which have been proceeding for some time, came to an impasse on the wage issue and now the services of a conciliation officer are being sought.

Want 18 per cent

The union is asking for 18 percent increase across the board. Employers have offered three percent. There is quite a spread between these two figures.

Basic rate for male employees is \$1.27 an hour (a low rate of pay as compared with other industries). Workers such as truck drivers and lift truck operators get more. Night shift workers and cold storage workers also get more than the basic rate.

Basic rate for women is 91 cents an hour. Packers (on piece work) make a minimum of 91 cents and some earn up to \$1.50 an hour.

And shorter day

Another point of dispute is hours of work. The union is asking for an eight hour day. Present working day is nine hours because of the highly perishable nature of the produce handled. There are times when a large volume of fruit has to be sorted and packed promptly or a lot of it will spoil. The only way to get the job done is to put in the hours.

A shorter day would mean less money for the workers, but it is extremely doubtful if the union wants a shorter day and less money. What they are really after is time and a half for that ninth hour.

Packing house managers have no desire to operate on a nine hour day basis and do it only because of the pressure of harvest. They cut back to eight hours every day they can and there are many days of less than eight hours and even down to only three hours.

During the apple season packing houses cut back to eight hours as soon as all the apples are hauled in from the orchards and under cover, or when the storage problem is think I am pretty safe in saying that, if averaged out, the working day through the season is less than eight hours.

The three percent increase offered by the industry is sufficient to approximately balance the increased cost of living since the last wage boost.

During the same period of time the fruit growers' economic position has worsened because of crop losses, weak markets and increased overhead.

Strategy Pattern

Union officials originally asked for 30c an hour across the board increase. This was scaled down to 18 percent.

Continued on page 10

Editorials

WEDNESDAY, AUGUST TWENTY-SIXTH, NINETEEN HUNDRED AND FIFTY-NINE

Daydreaming - But

The Board of Trade, Retail Merchants' Association and any other groups interested in the development of Summerland should be alert to the fact that the Municipal Council is very much interested and very sympathetic to any idea of bringing golf back to Summerland.

Municipal Clerk Gordon Smith mentioned during discussion of an application for lease of part of the old golf course that there had been a query as to the cost of rental of the course for golf.

Council displayed keen interest and opinion was unanimous that a golf course would do much for Summerland. The question and the difficulties of getting water to the old course is fully recognized and mention was made of a possible alternative site where water would not be a problem.

Some of the council believe that this alternative site, adjacent to the Athletic Park, would allow for construction of a very sporty nine holes.

It was all little more than daydreaming by council, but indications were clear that if some determined group went after a golf course for Summerland that group could be assured of all possible assistance from Council.

Summerland sorely needs more tou-

rist attractions and a sporting, scenic golf course is a number one attraction and, of course, it must be remembered that Summerland is becoming increasingly residential and whereas only a few years ago there were too few to sustain a course that situation has changed and it is quite likely that sufficient memberships could be sold to bring a golf course within reach. We certainly think that the Board of Trade should reactivate its golf committee so that the possibilities could be more fully explored and support and encouragement could be given to any private group or individual who may be pursuing the same paths.

S'land Flower Show Winners

Freshness and excellent quality of entries were the outstanding features at the 34th annual flower show of Summerland Horticultural Society held last Saturday afternoon and evening, in the high school auditorium.

There were 155 entries.

E. H. Bennett won the W. R. Powell Memorial Trophy for grand aggregate points in the show. Wm. Snow placed second.

In addition to the competitive display Lee McLaughlin brought a fine selection of blooms from his glad farm at Westbank to add to the beauty of the glowing exhibition.

Mrs. E. C. Bingham, president of the Horticultural Society presented prizes, assisted by E. H. Bennett.

Complete prize list, with cups won, is as follows:

Four named annuals, Napier Higgin Cup: Wm. Snow, E. H. Bennett, Mrs. W. F. Ward.

Asters, four colors. Noca Cup: Alf McLachlan, Wm. Snow.

Asters, six blooms: Alf McLachlan, Mrs. Tom Ritchie, W. Snow.

Asters, any color: 2, Wm. Snow.

Begonias, three blooms: T. S. Manning, Wm. Snow, E. H. Bennett.

Begonias, rose form: H. W. Brown, T. S. Manning, E. H. Bennett.

Calendula: T. Brown.

Carnations, six: E. H. Bennett, Mrs. W. F. Ward, Gordon Dinning.

Mums, outdoor, three blooms:

E. H. Bennett, H. W. Brown, Wm. Snow.

Dahlias, five named: Mal-kin Cup: E. H. Bennett.

Dahlias, three named: E. H. Bennett, Gordon Dinning.

Dahlias, cactus type, three blooms: E. H. Bennett, Wm. Snow.

Dahlias, best individual: E. H. Bennett.

Dahlias, miniature: E. H. Bennett, H. W. Brown.

Dahlias, pom pom: H. W. Brown.

Dahlias, pom pom: H. W. Brown, E. H. Bennett, Mrs. W. F. Ward.

Dahlias, basket, E. H. Bennett.

Gladioli, nine named varieties, Jones Cup: Wm. Snow, E. H. Bennett.

Gladioli, six named varieties: Wm. Snow, E. H. Bennett.

Gladioli, three spikes: Miss Doreen Tait, Wm. Snow, E. H. Bennett.

Gladioli, best individual: Wm. Snow, E. H. Bennett, D. R. Walker.

Gladioli, basket, round: Wm. Snow, E. H. Bennett.

Gladioli, basket, wall type: Wm. Snow, E. H. Bennett.

Gladioli produced by bulbs supplied by the Horticultural Society: Magnus Tait, Mrs. E. C. Bingham, Mrs. W. F. Ward.

Marigold, African, six blooms: E. H. Bennett, Mrs. Tom Ritchie, Wm. Snow.

Marigold, French, bowl: E. H. Bennett, Wm. Snow, Mrs. E. C. Bingham.

Nasturtiums, Mrs. F. E. Atkinson, Miss Doreen Tait, Mrs. Alex Inch.

Pansies: Lew Wright, Wm. Snow, Mrs. W. F. Ward.

Petunias, double: E. H. Bennett, Wm. Snow, D. R. Walker.

Petunias, single, fringed: Wm. Snow, T. Brown, Miss Doreen Tait.

Petunias, single, plain: Lew Wright, E. H. Bennett.

Roses, three named: E. H. Bennett, Wm. Snow, Mrs. F. E. Atkinson.

Roses, best individual: E. H. Bennett, Mrs. F. E. Atkinson, Mrs. M. E. Collas.

Roses, decorative arrangement: E. H. Bennett, Mrs. F. E. Atkinson, Wm. Snow.

Roses, floribunda, Wm. Snow, Gordon Dinning.

Snapdragons, bowl: Wm. Snow, E. H. Bennett, Alf McLachlan.

Stocks: E. H. Bennett.

Sweet peas: T. S. Manning.

Zinnias: No entries.

Arranged bowl of flowers, under 10 inches, Mrs. Magnus Tait Memorial Bowl: Mrs. W. F. Ward, Wm. Snow, Mrs. E. C. Bingham.

Arranged bowl, over 10 inches: Mrs. W. F. Ward, Mrs. F. E. Atkinson, D. R. Walker.

Arranged bowl, line arrangement: Wm. Snow, E. H. Bennett, Mrs. F. V. Harrison.

Arranged basket, decorative wall type: E. H. Bennett, Mrs. E. C. Bingham.

Artistic display in space 3 feet by six feet, P. E. Knowles Cup: Mrs. W. F. Ward, Mrs. E. C. Bingham.

Ladies corsage: Mrs. Don McLachlan, Don McLachlan, Mrs. F. V. Harrison.

Arranged bowl, any flowers, by children 13 years and under. Children must arrange flowers in hall: Neil Mason, Katie Walker.

You Can Tile Your Own Wall

Among decorators, there is marked emphasis on ceramic tile for rooms other than kitchen and bathroom. A room divider can be a focal point if it is highlighted with tile. A fireplace wall can be a beauty spot. And so can your vestibule.

But can you do it yourself? The experts say — yes!

You can lay real tile over any firm surface, plaster, plywood, masonite and asbestos. Be sure your wall is dry and free from wax or grease.

There is no great outlay in tools. You require a glass cutter, putty knife, linoleum spreader, level, a rule and end cutting pliers.

Don't start in a corner. You can never depend on your corners being square. Instead draw a straight line across the entire wall, using your spirit level. Now draw a vertical line that will dissect the first line. Again, you may use your level or, alternately, a plumb line. You will lay your first tile where the two lines cross.

With a putty knife, smooth a little ceramic tile adhesive on the back of the first tile. Working out from this tile, 'butter' adhesive on the back of your next tiles and press into place.

Now, for the sake of speed and uniformity, apply the adhesive direct to the wall and smooth with your linoleum spreader. The remainder of your tiles will press into place quickly and easily.

Canadian made ceramic tiles have self spacers which help the amateur immeasurably. They guarantee a uniform space between each tile.

To cut your tile into the corners, use a glass cutter in just exactly the same way

you would to cut a piece of glass.

Twenty four hours after your tile wall is completed, mix white grout cement with clear water. It should be about the consistency of heavy whipping cream. Wet your tile with clear water and then fill the joints between the tiles with this white paste. Wipe off the excess with a damp cloth.

For a decorative wall you might select a pale color (ivory, white, grey, beige) and 'spot' the wall with bright jewel colors.

You will have created an area that is truly a conversation piece, as well as a practical wall that is water, fire and stainproof. Better still, it is well worth your effort because you know that it will last a lifetime.

Summerland Review

Orchard Run

Continued from page 2
thus following the well worn pattern of first asking for something they know is well beyond reach and then scaling the figure down to make it appear the union is willing to give way in order to effect a peaceful settlement.

Fruit growing in the Okanagan is a sick industry. It has been sick for a number of years and there are no symptoms to indicate an early improvement in the patient.

In view of the present financial status of the industry three percent increase to the packing house employees is a generous offer.

The present wage agreement expired at the end of August. The fruit and vegetable workers' union does not to the best of my knowledge, follow a policy of 'no contract, no work'. It is expected they will continue working until a settlement is reached or until called out on strike.

By-law Repealed

Continued from page 1
erable time for careful consideration. In an effort to get this dam repaired during the fall of 1959 everything has been rushed. Experience has shown that study of a project over a longer time brings improvements and often saves money.

2. Extra cost. Although the engineers working on a plan involving earth fill on the inside of the dam and a rock fill at the toe of the dam, estimated cost of \$50,000 a large contractor who would be interested in the job has intimated that \$50,000 would not be sufficient. His reason for this was based on the cost of hauling so much of the material long distances. This leads to point no 3.

3. Alternate Methods. With the rock fill mentioned in point 2, fill that would cost 50 cents a yard in the Municipality costs \$5.00 a yard at Canyon Dam. In other words 90% of the expenditure is put into transportation and not into actual material in the dam. For this reason there has been investigation of another method in which a this layer of concrete would be laid on the inside surface of the dam to waterproof it. In this method the inside surface of the dam is brought to an even, smooth grade. Wire mesh is supported just above the smooth surface and a mixture of cement, sand and water is sprayed onto the surface of the dam under 150 pounds pressure. The mixture of cement to sand is 1:4. This will adequately waterproof the actual face of the dam but the consulting engineer employed by the Gunnite Co. that does this work doubted the wisdom of proceeding with the work this late in the season. This type of cement work requires curing with water for about 7 days and cannot stand frost while curing. There has already been frost at the Canyon Dam site.

4. Further engineering required. It can be argued that the Dam has proven that it is sufficiently strong to resist the thrust of 28 feet of water, and that its only weakness is in the porosity of its material which has allowed for leakage since the dam was first built. Thus if the inside surface of the dam is waterproofed the dam should be in satisfactory condition aside from some repairs to the tunnel. However, the latest consulting engineer to look at the site thought that further study should be made of the structure at the ends of the dam. These items all take time.

5. Differences of opinion over present tunnel. The tunnel has been thoroughly examined by an engineer of the Water Rights Branch and by a Corporation engineer. The Corporation engineer feels that by replacing the bottom 60 feet and making an extension for the amount of the by-law, construction can be completed

at the top end, that the tunnel would be in satisfactory condition. However, the latest communication of the Water Rights Branch states as follows: "It is proposed that the old culvert either be removed completely and replaced by a new one, or that it be adequately sealed off near the upstream end, and that the new culvert be located somewhere else." This very seriously affects the plans that have already been drawn for the reconstruction of the dam using earth fill. Negotiation with the Water Rights Branch over this item will take time.

6. 1960 Water Supply assured. The Headwaters Dams are all full. Crescent always fills and Thirsk always fills. There would likely be a benefit from Canyon as there was this year. Thus the district has a satisfactory water supply assured for the 1960 season.

In view of the foregoing points the Council would prefer to delay the bylaw for the repair of Canyon Dam until alternate methods have been investigated, a final plan selected, and approved by the Water Rights Branch and there is assurance that the

STREET LIGHT ESTIMATE

Estimate of cost of extending street lighting on Jubilee Road past the Occidental Fruit Co., to highway 97 will be obtained with a view to putting street lights there. This follows a request from Mel Ducommun and residents in the area as a result of a council promise given a year ago to consider the matter.

Queen Crowning

Continued from page 1
The Summerland Band will be in attendance and everyone will have an opportunity to see the exhibits as well as the Crowning the first evening.

A Queen's Ball has been arranged for the same evening at the Youth Centre with Saxi's Orchestra and a large crowd of young people plus the "not too old to dance" crowd are expected to make this a gala evening.

Saturday will be a busy day with the fair open at 1 p.m. There will be rides for the chance, plus a full evening of children, bingo and games of variety entertainment, the highlight of which will be the Japanese judo and tumbling group from Kelowna.

Fruit Fair Chairman, Fred Schumann reports very encouraging response from growers and others planning to exhibit fruit, vegetables and hobbies in the Fair.

Thurs., Fri., Sat., Aug 27-29

Hercules
