

Last home game here Sunday

At 1:30 p.m. this Sunday Summerland Macs may be playing their last home game of the season when they tangle in an exhibition game with the Dufferin Hotel team of Vancouver.

It is hoped that a large crowd comes out as Macs' need all the money they can raise to finance their trip to the Quesnel Labor Day tournament and a chance at \$1000 first prize.

The Dufferins are the top team in the Vancouver league and they are the team that took top money at the July 1st tournament in Penticton.

Under the Giants head

The Jack Kirks received a post card from Mr. and Mrs. Bert Stent who are presently holidaying in Mexico. The only thing different about this particular card was that the message was written in Spanish by Mr. Stent.

While tearing down the old Anglican rectory Ralph Drayton and Frank Bennison came across a piece of brown paper with the date July 1908 and the names W. (Bill) Nelson and A. Black written on it. Seems funny the building was built in July of 1908 and torn down in July of 1960.

Miss Joan Pouchard; skating professional from Cranbrook is in Summerland to take exams at the Summerland figure skating school; under direction of Miss Delores Casier. Joan is staying at the home of Mr. and Mrs. Herb Waterhouse.

Anyone needing their doctor after office hours and his home phone doesn't answer just call the hospital. The staff on duty always are notified of a doctor's whereabouts and if he isn't readily available, they will know where to reach another doctor.

Unveil B of T float at Peach Festival

Summerland's 1960 Fruit Fair Queen elect Sigrun Meierhofer and her princesses Carolyn Read and Judy McGillivray will represent Summerland at various functions of the Peach Festival and grace the Summerland's Board of Trade Float Thursday evening at 6:30 in the Peach Festival parade.

Float construction has been handled by Mr. and Mrs. E. O. White. Mr. Stan Gladwell who has designed several floats for the Board in past years, has once again come up with a most attractive design. Mel Cousins has been in charge of painting and Bud Rusaw looked

The Summerland Review

Volume 15 No. 31

West Summerland, B.C.

Wednesday August 3 1960

Summer 'spiel set for Aug. 28

Members of the Summerland curling club spent the hottest evening of the summer planning this year's summer bonspiel which they hope will be even a greater success than last year.

Harry Hackman president of the local curling club; told the Review that curling will probably start on August 28. Jerry Halquist is now taking entries.

There were 16 rinks in the mixed bonspiel last year and

the executive hopes for 20 to 24 rinks this year. Entries are expected from Kelowna; Peachland; Osoyoos and Penticton.

Entry fee is \$16.00 and this assures each team at least three games. Each event has a first and second prize.

Members of the executive will canvas all local tenting parks and motels for tourists who would like to participate.

Kelowna sweeps local annual rifle shoot

The annual invitation rifle shoot held on Sunday at the Garnett Valley range was a very successful meet. Shooters from Kelowna; Vernon and Penticton rifle associations and a group of cadets from Vernon military camp took part in the competition shot at 200, 500 and 600 yard ranges.

R. S. Weeks of Kelowna made an almost clean sweep of the trophies as he took the Summerland Cup at 200 yards with a possible score of 50 points; the Sport Centre cup at 500 yards and the Dunsdon shield for the high aggregate score. He also placed second at 600 yards after a shoot off with Bill Lightburn of Mission for the George Rose Cup. Kelowna had little difficulty in winning the BCD shield in the five man team shoot with Summerland No 1 team 2nd.

Following are the details of the winners in the various events: Senior 200 yds. R. S. Weeks 50; H. Palmer 48; H. Simpson 47; Tyro: W. McCargar 47; Bob Barkwill 44; R. Maddocks 42. Cadet: G. Snell 48; N. Ostash 47; J. Aikins 46.

Senior 500 yards: R. S. Weeks 48; Vecquray 47; F.

E. Whittle 46, H. Simpson 45 Tyro: C. Bordelau 47; W. McCargar 46; Barkwill 45. Cadet: Aikins 46; R. Morton 46; G. Snell 45. Senior 600 yards: W. Lightburn 46; R. Weeks 46; Vecquray 45, S Lee 45

Cadet: Aikins 45; Tremblay 45; Forbes 44 Tyro: Dunsdon 45; Barkwill 43; Richardson 41.

Grand aggregate: Weeks 144; Vecquray 136; Wrinch 136; Whittle 135.

Tyro aggregate: McCargar 133; Barkwill 132; C. Dunsdon 129.

Five man team shoot for BCD shield and spoons: Kelowna 664; Summerland No. 1 team 632; Penticton 632; Summerland No. 2 team 622

Congratulations are extended to the ladies who worked in the kitchen; to all who assisted with score keeping and the volunteer target markers as they all helped toward the success of the shoot.

Next Sunday the club will hold its annual shoot for the Shattford Cup and other prizes. This shoot is open only to members of the Summerland Rifle Association. Shoot will commence at 9 a.m.

Three fires in district

Lightning strikes have caused three fires in the Summerland district during the past week.

A fire near the Faulder dam was quickly brought under control and is almost out now.

Two fires at Fish Lake have joined together and a crew of 35 men and three bulldozers are working on it and have the fire under control.

The 'flying banana' seen hovering over Summerland is an Air Force reserve helicopter and is keeping a close watch on the situation.

Betty Allen

The Summerland Overture Concert Association is pleased to announce that it has been fortunate enough to secure the famous American mezzo soprano Miss Betty Allen for the third program in the series of concerts for next winter.

Miss Allen is a singer who has been steadily climbing the musical heights since Leonard Bernstein selected her as soloist in his Jeremiah Symphony in 1951. She has received the Marian Anderson award and the John Hay Whitney award. She has sung with the leading orchestras in the United States and has had outstanding successful concert tours in the United States, Canada, Europe North Africa and the Caribbean.

Her voice is described as "pure gold" and one of the great voices of our time. All who have heard her are loud in praise of her unusually beautiful voice and her warm fascinating personality.

Miss Allen's concert will be held in the Summerland High School auditorium on Saturday, Jan. 28 1961.

Please note the change in date for the first concert of the series; the Hart House Orchestra under Dr. Boyd Neel from September 28 to Saturday; Sept. 24.

To release fish on Friday

Some 5000 Kamloops trout will be planted in the Similkameen river on the evening of August 5. The fish will be put in the river near the Bromley campsite between Hedley and Princeton.

The trout will come from the Summerland Fish Hatchery and will be from 8 to 10 inches long and weigh up to half a pound.

Good news for local fishermen is that they will be able to go after these fish immediately.

NURSE BACK

Miss Hattie Empey, Summerland's public health nurse has just returned from a holiday trip to Honolulu. She wishes to remind parents of preschool children that their children should receive their booster shots. Parents can also get polio shots on Tuesday and Friday afternoon.

To judge junior garden entries For Fall Fruit Fair next week

A report from the Summerland Board of Trade shows that plans for the fall fair are showing results as the committee chairmen are working on their projects. Alex Watt reports today that the junior garden contest is showing surprising results. This contest is limited to grade 5 students (average age 11 yrs.) and some forty took seeds of pumpkin; onion; leeks, beets and potatoes. First inspection of the gardens has already taken place and some ten have been chosen from which the winners will be picked. The final judging takes place next Thursday and there will be first second and third chosen from the boys and the same from the girls. It should be noted that all students in the contest may show their

produce in the Fair whether they win a first, second or third place or not. The winner in each sex will be given an expense free trip to the fair at Armstrong in the middle of September.

Earl Smith also reports that many exhibitors have been contacted regarding their display booths in the fair and results are very encouraging. Any firm or person who desires space at the fair and has not been contacted by Earl Smith, would they please contact him at the Bank of Montreal any day of the week.

S. A. MacDonald is in charge of hobbies and expects to have a good number of entries.

Any information regarding any branch of the fair's activities will be supplied by Lorne Perry.

Summerland sweets go on sale here

"Summerland Sweets" a product of the Fruit Processing Laboratory at the Research Station went on sale here this week. This institution is assisting Lionel L. Fudge with the initial sales campaign. This is essentially the same product as was sold by the Summerland Rotary Club last Christmas. It has a high fruit content; at least 50 percent Delicious apples and Moorpark apricots.

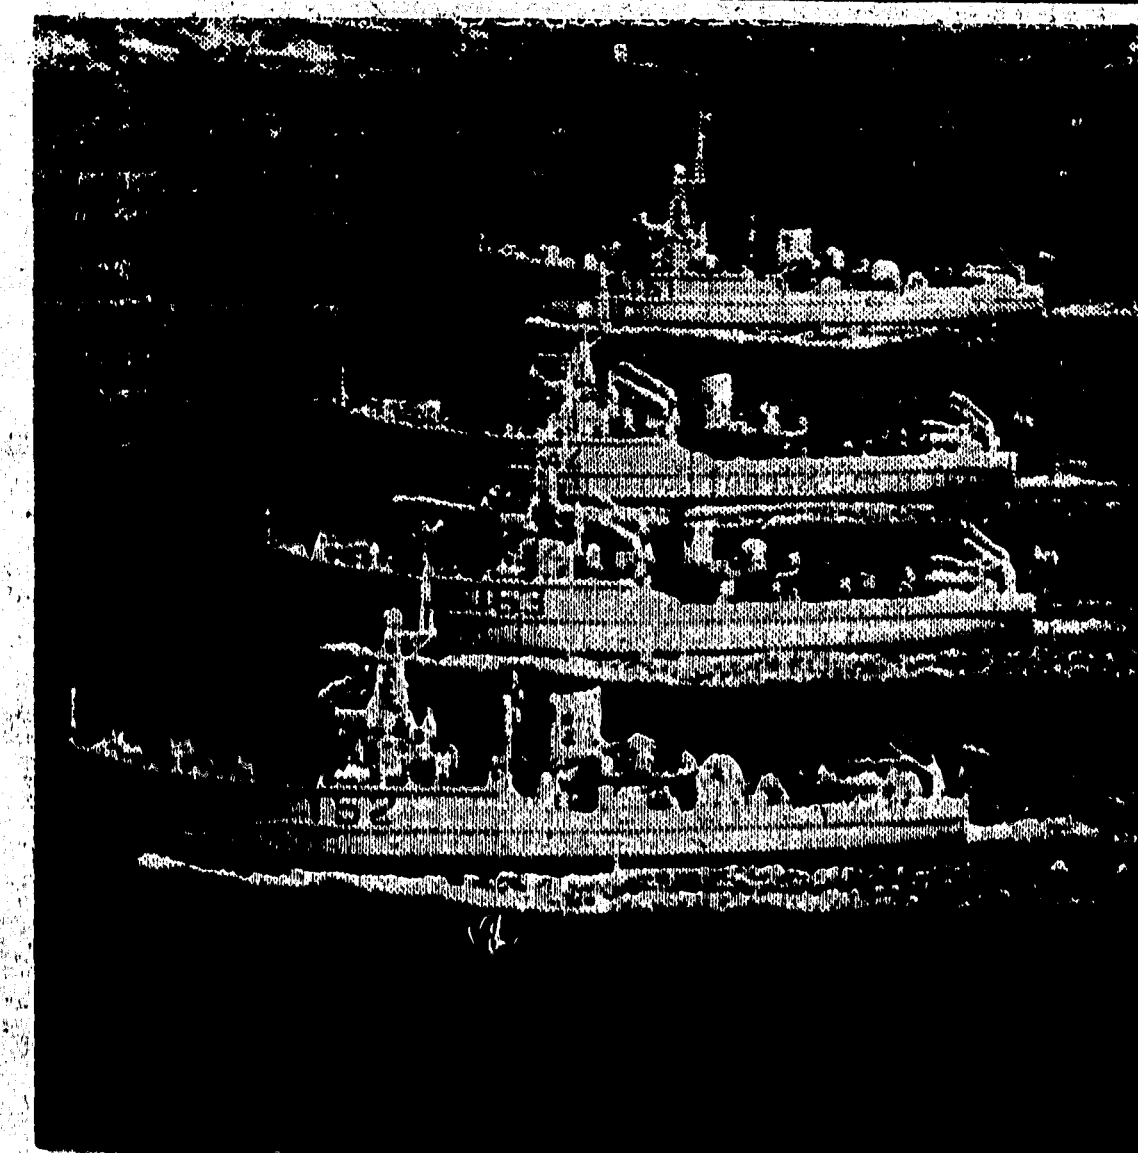

The candy is packaged in a very attractive box showing branches of pink peach blossom against a typically blue Okanagan sky. Mailing sleeves are available for

anyone wishing to send a gift package through the mail.

The candy is retailing for \$1.25 tax included at stores in Summerland; Penticton and Peachland and at some of the Fruit Stands.

Mr. F. E. Atkinson, head of the Fruit Processing Laboratory told the Review he feels Summerland Sweets is a good quality product; attractively packaged; that should appeal to tourists and to anyone wishing to give a high quality gift.

It is anticipated that the Summerland Rotary Club will again use this product for Christmas sales.

A task group of 18 ships, including the National Exhibition from the Royal Canadian and United States navies, will steam into Vancouver Harbour on the eve of the Pacific 50th anniversary, August 20 to September 5. The RCN and PNE are saluting each other on their 50th anniversaries.

Welcome Summerland

Midway

Come and enjoy the exciting games, bingo etc. All games operated by members of the Penticton Kiwanis Club.

Peach Festival - Bigger and Better

This week end Penticton opens its doors and arms to visitors not only from Summerland and other parts of the valley but to tourists from all over the North American continent. For August third to sixth is Peach Festival time; a time for parties, laughter; dancing on the streets; rodeo; the midway and all the things that make Peach Festival the top attraction that it is. This year it promises to be bigger and better than ever.

Thursday, Friday and Saturday night some of the continent's top cowboys will compete in the Peach Festival Rodeo at Queen's Park Bowl.

The gala midway features rides and novelty attractions

with the mystery acts of Mandrake the Magician; the magic of the Shell Marionette Show; and the hilarious antics of Tola the Clown. The midway, located on the festival grounds adjoining Penticton Memorial Arena will be in action on Thursday; Friday and Saturday from noon onwards.

The mile-long Peach Festival parade along Main St. and Lakeshore Drive Thursday night will be a glittering spectacle well worth seeing.

And of course there's the big seventh annual B.C. Square Dance Jamboree on the plywood floor at King's Park on Thursday, Friday and Saturday night with street dancing on Main Street every morning of the week.

Police in eastern Canada conducted wide search for "gang girl" Dorothy Mills, 17, first prisoner to escape from Kingston, Ont., penitentiary for women. Girl went over 15-foot wall with aid of ladder and blanket. Native of Dominion, N.S.; she had been sentenced to three years for terrorizing and robbing Ontario farm family.

New attractions at Rotary Exhibition

Entirely new - shown in a new format. This in brief is the story on the annual Salon of Photography to be shown at the Rotary Industrial Exhibition held in conjunction with the Penticton and District Peach Festival August 4, 5 and 6.

The Professional Photographers Association of B.C. through its local members will present the 1959-60 Award Winning Salon, possibly all sixty prints if space permits. The collection ranks as one of the outstanding

shows to be seen in Canada this year.

The B.C. Pharmaceutical educational and public interest exhibit, representative of the work and responsibility of the Pharmaceutical profession will also be on display. This exhibit has been constructed to display many of the concealed and detailed attentions necessary in the preparation of prescriptions to safeguard the health of the general public.

The Rotary Industrial Exhibition will feature a sup-

erb display of wood carvings by retired railroader Harry Amundson.

Many years spent in isolated railroad posts enabled Mr. Amundson to develop a boyhood interest in wood carving into a highly skilled talent. Beautifully grained pieces of native pine, juniper, poplar and birch have been patiently fashioned in to tables; picture frames; sewing boxes; candle holders; vases; lamps; totem poles; birds; animal and novelty items.

Editorials

Planning future creage development

Recently the Summerland municipal council accepted a recommendation from its consulting engineer, that certain sums of money should not be spent on Canyon Dam. It is used elsewhere, in the protection of the municipal water supply.

This is an excellent move, one that will save our ratepayers some money at a time when every dollar counts. The water is not required now, and the money would be needlessly spent if used on this project.

That is for the present, and possibly for the next half full decade. Yet there is something linked to water, at Summerland must do — something it should start right now.

In previous editorials we have outlined some of the possibilities that lie in store for this region. One of these is an expanded agriculture. That expansion will require water; whether a little or a lot depends upon the type of agriculture utilizing the land. The thing we should start right now is broad planning and deep thinking and our municipal council has well proved itself capable of that, so our water and land reserves can be utilized to the utmost when the time for it is ripe.

Such planning and thinking will require little, if any cash outlay; particularly in earlier stages. But aerial maps, physical factors, soil conditions and a host of other data should be on tap — and should, where they have been prepared in past years be updated now. That is the job for the moment.

Consideration of agricultural and industrial developments are other items we must look into; we must not just let them happen, with Topsy-like "jes' growed" results as has occurred to communities not so far distant from Summerland. Such communities seem to delight in letting waves roll over the beach of progress; without regard to who ends uppermost. Summerland has cared too well for its own, for its own people to act in that way.

We here must realize what foodstuffs the steadily-growing metropolitan areas of B.C. are going to demand and which will be the best for us to produce. It could be fruit, but is just as likely to be other crops — or items like dairying; raising seed crops; or field crops for canneries. And, as logging off of some lands occurs; some of it might be utilized for sheep grazing.

All of these are, of course just wild guesses. Newspaper people are not particularly well qualified to delineate such lines of endeavor. But we do feel the planning should be commenced. And, while we're at it; we've got to match out that valuable agricultural land isn't all gobbled up via subdivisions.

In future items, we shall enquire into the future of tourism and industry as it affects this community. The ideas we have expressed, both herein and previously; are only part of the picture. We shall welcome other ideas — and the community can benefit from them.

Fire

A holocaust of blinding roaring flame
Covering all the grassy mountain side — Again
Rushing onward; up the tree strewn hill
Smoking; choking; morning air stands still
And trembling; bows to the giant's mighty will.
Fear burns cold inside each mortal breast
As fiery flames rush up the mountain crest
And wait; as if to see which way to go.
As if to say "I will; so be it so."

And human beings with their puny hands
Will work to smote the giant's fiery fangs.
Will cool his head; with silvery water found;
And break his heart with bulldozed earth around.
In fiery fury he'll burn out his awful might
They'll bury him in still darkness of night.

Mrs. Mary Squire

Protestant couple, Mr. and Mrs. Ken Hallas of Winnipeg, refused to give up five-year-old Catholic foster son, Bobby, whom they had cared for since birth. Denied permission to adopt child, parents fled with child from home to avoid surrendering Bobby for adoption by a Catholic family. Mrs. Hallas, seen here with Bobby, has one other child and has cared for 38 foster children during past few years.

Open the doors

by Rev. Lyle Kennedy

Text: Behold I have set before thee an open door and no man can shut it." Rev. 3:8

Dr. J. H. Jowett used to speak of a small seaside town where there was a little cobbler's shop. He had reason to visit this shop. It was a tiny place. The cobbler sat, surrounded by the tools of his trade but there was hardly any room for him to move about and very little light for him to work by.

"Don't you ever get depressed, cooped up in the gloomy place all day?" Dr. Jowett asked him.

"No" was his reply, "because when I begin to feel

like that, I just open the door." And he reached out his hand and did so.

Through the door Dr. Jowett saw a most marvellous view of sea and sky and sand and rolling hills. "I just open the door" — the door to the great world of light and space and beauty.

"Well, such a door is faith. You and I live in this world where there seems often to be little room and less light for the spirit of man.

But our faith opens on another world, far greater; more majestic and beautiful; the spiritual world. Why not open your door and experience it?

Tips for Parents

By HELEN R. HEWSON
Parent Education Associates

A SMALL nephew came to his aunt, who was looking after him, with a big request.

"Auntie May, is it alright if I stay with Bobbie all night? His mother says I can if you'll let me, will you?"

Auntie May almost vetoed the idea. Then she noted the watchful, appraising look on her nephew's face.

She was on trial. Her answer might mean co-operation or opposition from this small boy while his parents were away and he was in charge of the household.

"Well John, we talked over the things you could do while Daddy and Mummy are away and they didn't mention overnight visits.

"How about asking Bobbie over here for supper tomorrow and we will have something really special? You go and invite him now then come back and we will plan something super right now before you go to bed."

John studied his aunt's face for a moment, then returned her smile and skipped off on his errand.

Taking charge of another's home and family is a challenge but it can also be a happy experience for both the adult and the children if a bit of planning is done.

It is advisable for the parents and their stand-in to discuss the daily schedule of meals and bedtime, to have a clear understanding of the extent and the limits of play areas and activities.

It is well to plan also for occasional treats, such as favorite desserts, a picnic or garden tea party, a new toy or game. Treats should be appropriate to the age and interests of the children.

The experienced sitter will be prepared also to hear special requests that cannot be granted. Healthy, energetic children always feel they are under a certain amount of restraint.

Disciplined, adult behavior is learned slowly, the freedom of childhood is surrendered reluctantly.

They search for ways and means of easing the pressure, especially when a newcomer is left in charge.

Like Auntie May, the skillful adult will avoid many "no's."

3 BASES FOR BC PROGRESS AND PROSPERITY

Following a long period when we in B.C. could sell our products easily around the world, at favorable prices, we now face much more competitive world markets.

Where we go from here appears to depend on three things:

1. WE MUST NOT WORSEN OUR COMPETITIVE POSITION by heavy new costs and must modernize and use every improved technique to help keep threatened markets.
2. WE MUST GO ON ATTRACTING RISK AND INVESTMENT MONIES—to the total of at least one and one-half billions of dollars. (\$1,500,000,000) each year—in order to keep private and public projects of all kinds at prosperity levels.
3. WE URGENTLY NEED TO REMOVE FEAR that B.C.'s 1958 and 1959 grim record of lost time through strikes will not become chronic to discourage new job-creating investments, and that politically the province will never be dominated by a group of union business agents ambitious to add the control of government to their already great power.

B.C. has long enjoyed the reputation of being a safe and attractive place to invest savings of people and of companies. This confidence, one of its greatest assets, once lost would take many years to regain.

No government distrusted as to its attitude by those who decide where saved-up earnings will go can hope to keep B.C. people employed and prosperous in the more competitive conditions now here.

Local girl married in lovely ceremony

July 16 at 10 o'clock in the Church of the Holy Child; West Summerland was the date chosen by Anne Louise eldest daughter of Mr. and Mrs. Gordon Beggs for her marriage to George Yelle of Vancouver, son of Mr. and Mrs. Rosario Yelle of Melville Sask.

Given in marriage by her father the lovely fair haired bride was charmingly gowned in a full floor length dress of lace and taffeta. The bodice was of lace and the full hooped skirt was fashioned with lace at the front and a white silk taffeta bustle and short train at the back. A seed pearl tiara held the short nylon net veil in place and she carried a heart shaped

and ivy. Attendants were Miss Audrey Beggs sister of the bride as matron of honor; and Miss Cecile Yelle; sister of the groom as bridesmaid.

Junior bridesmaids were Janice and Lee Beggs sisters of the bride.

Best man was Ernie Turner of Vancouver and the ushers were Kenneth Beggs brother of the bride and Jerry Polesello, both of Summerland. Organist was Mrs

Henry Schaeffer. At the reception in the IOOF Hall Mrs. Beggs wearing a flowered green nylon chiffon gown and hat to match received with the bridal party. She wore a corsage of yellow roses.

S. A. MacDonald was MC. A toast to the bride was given by David MacDonald of Penticton and responded to by the groom. The best man proposed the toast to the attendants. He also read telegrams of congratulations

from Kitimat; New Westminster, Calgary and Vancouver.

The bride's table was centred with a lace cloth and decorated with a bowl of roses and pale pink tapers. The beautifully decorated three tiered wedding cake was on a separate lace covered table.

The bride wore a light blue polka dotted sheath with matching plain blue duster; large white hat and white accessories when the couple left for a motor trip to Portland and Seaside Oregon. On their return they will make their home at Coquitlam.

Locals

Summerland people who were acquainted with the Van Den Plas family when they lived here will be happy to know that Mr. and Mrs. J. R. Bentley have received a letter from them stating they have returned safely to Belgium after leaving the Congo where Mr. Van Den Plas had been operating a trading post since leaving Summerland about 2 years ago. Mr. Van Den worked in a packinghouse.

Local students do well in examinations

The University Entrance Results in the Summerland junior-senior high school were good again this year. The following tabulations show the number of candidates, the number passed and the percentage of passes.

English Language 40: 40; 31; 77.5%.

Eng. Literature 40: 40; 29; 72.5 per cent.

English 91: 15; 13; 86.66.
Social Studies 30: 34; 31; 91.18.

Geography 91: 28; 24; 85.71

Mathematics 30: 34; 29; 85.29.

Mathematics 91: 35; 31; 88.57.

Biology 91: 30; 24; 80.

Chemistry 91: 25; 23; 92.

Physics 91: 25; 23; 92.

French 92: 9; 8; 88.88.

The results of those who wrote for scholarship were quite good and the scholarship winner Wesley Schindel passed with an average of 90.625 percent.

Kiwanis club notes

An enjoyable supper was had at Brian Leibert's on Tuesday evening and members are advised that next week is Ladies Night and will be held at Jerry Halquist's house in Parkdale.

It appeared on Tuesday night that Kiwanians rarely tell their wives anything or so it was said; but this is important; so don't forget to tell the other half of the family that she is expected to be there too next week.

Doug Campbell will have all information ready next week on the Kiwanis Carnival August 19 and full information will be published in this newspaper; so be sure and look for it.

Residents of Summerland

will have noticed by now the large map of the town and surrounding district that has been erected opposite the old Durnin Motors and the club would like to offer its thanks to Gordon Blewett and his helpers for their work in erecting same. We understand that the municipality has this matter in hand. Thanks also to Jack Stewart and his committee for this good piece of work.

Jerry Gaffney of Vancouver was with the club as a guest. We hope your stay in the Valley will be a pleasant one Jerry. Don't forget that next week is Ladies Night.

Visiting for the past two weeks at the home of Mr. and Mrs. Richard Neil and Mrs. Derosier, mother of the visiting daughters were Mrs. West and daughter Sharon of Haywood, Calif. and Mrs. Allen Weaver and daughter of Fort MacLeod; and Mr. and Mrs. Alex Niblock of Everett, Wash.

NEW SERVICE

A new convenience has come to Summerland to make housekeeping a little easier. Mr. and Mrs. Kenneth Stowell, newcomers to Summerland have started a commercial and home cleaning service.

Mr. Stowell has 14 years experience in the cleaning business both in Vancouver and Kelowna.

They have about \$5,000.00 worth of cleaning equipment and can do a professional job on chesterfields, chairs; rugs; linoleum floors; general cleaning and windows.

The Stowells plan to make their home in Summerland.

Handyman about the house

In a century or so, when
wooden furniture is a thing
of the past (the forests having
been blasted to bits) and what
is left of civilization is relax-
ing on exotic seats made of
adjustable nuclear rays, there
will be some fascinating items
in the antique shops.

These will be the bits of
furniture hacked out by to-
day's do-it-yourself artists.
They will be very expensive,
very wobbly and their great
charm will be that you can
see the workmanship.

"Look!" the gushing lady
of the future will cry, "see
that lovely old mitre joint
that doesn't fit. And there's
the mark where the saw
slipped, with a tiny little old
bloodstain beside it. You can
just imagine the old crafts-
man hopping about and howl-
ing in Early Canadian . . ."

Shop-made furniture will
be in far less demand. It
lacks character, even today.
Because character implies
blemishes and the profes-
sionals are too good at cover-
ing them up.

(I still remember a boat I
rebuilt years ago. That had
character all right. The holes
in the roof were patched with
plaster and the first time it
rained the stuff snowed down
in white blobs, blighting my
fiancee's hair—and my life).

No—blemishes are an es-
sential part of do-it-your-
selfery. But they can be con-
cealed.

The common screw-hole or
chisel gash that ruins the ap-
pearance of a homemade
coffee table or bookcase can
be filled with plastic wood.
(Two applications are advis-
able, because the first will
shrink.) But if you then try
to stain and polish it you'll

find the filled part a dif-
ferent color from the rest.

A crafty method is to use
sawdust from the wood you're
using, mixed with glue.

Plain glue can be used, too
—particularly for filling in
end grains. But you can't
stain over it.

Here I should mention the
dangers of staining directly
on fir plywood jobs. The
grain is so pronounced that
it immediately produces a
tigerish effect that can be
seen a mile away. Unless you
like this glaring grain, use
white filler sealer—giving it
plenty of time to dry—and
then wipe stain over it.

For jobs that are to be
painted, all sorts of fillers
are available. Putty is grand
for large, quiet holes that are
well out of sight and will not
be subjected to any strain.
Gray caulking compound—
the stuff you force in around
leaky window joints, will take
slight strain as it remains pl-
iable, although hard enough
to paint on the surface.

Wood putty comes in pow-
der form, so you don't waste
so much by forgetting it and
leaving it to harden. It is
mixed with water and dries
hard in a couple of hours.

When painting old, batter-
ed wood that is deeply pitted
and scratched but not worth
resurfacing entirely, mix a
heavy dose of plaster in with
the undercoat, slapper on
thickly and then strike off
with a broad-knife. This
gives a strong, even surface
that can be painted in the
normal way.

Using these methods, you
can produce jobs that have
less character but look a little
better. It'll all be the same
in 100 years so why worry
about posterity!

Henly 4th at Victoria

George Henly finished 4th in the open mile and 5th in the open 880 last Saturday at Victoria's Highland games. University of Oregon's Vic Reeves won both races; the mile in 4:18.2 and the 880 in 2:00.0.

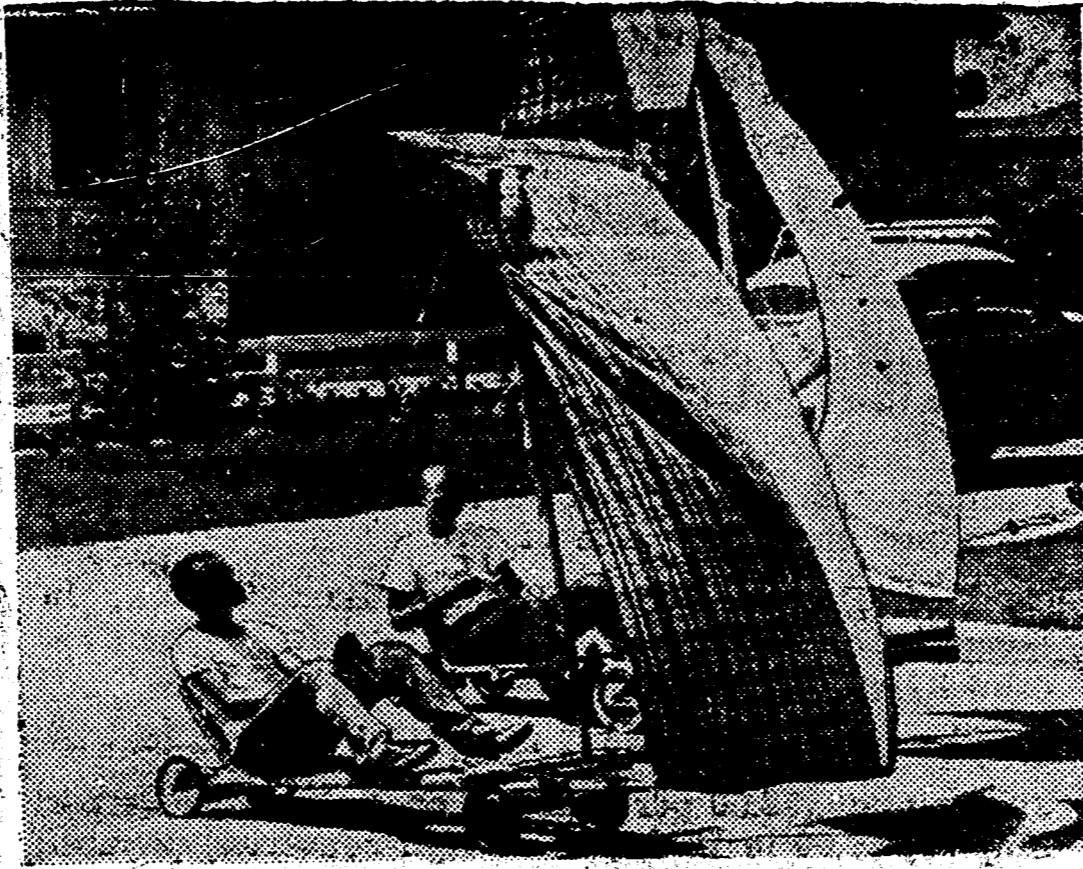

In the mile, George took the lead immediately and held it through the first lap. As intended, he eased his pace in the second but dropped back a little too far to ninth in the field of thirteen. Although a little late making his move by the backstretch of the final qua-

ter the Summerland boy was running strongly in 5th place. George passed Harrison of Vancouver and with 250 yards to go pulled away decisively to finish about 10 yards behind Vic Stevens and Dick Douglas.

George's time of 4:29.5 (five seconds better than the Okanagan High School record) was his best mile to date but not as good as his recent 4:08.2 and 4:06.8 postings over 1500 metres. A stiff breeze blowing into the backstretch kept all runners well below their personal bests.

In the 880, George again set the early pace but relinquished too much ground in the middle running. He again finished strongly; but from too far back to place fifth in the slow time of 2:04.6. Again Harrison had a good view of George's back as Henly moved by in the final backstretch and let a good ten yards of daylight come between by the time they were off the turn.

Henly's next races will be at Vancouver's Caledonian games August 13.

Gliding along the street in these weird contraptions has become a summer pastime for Arthur Cooke and Fred McConnell, both 13, of Scarborough, Ont. The sail carts, which have caused passing motorists many second looks, will hustle along at up to 20 mph. The "schooners" are made from sheets, scrap lumber, rope and old wagon wheels.

Macs lose to Red Sox in exhibition game

What was supposed to have been a regular league game against Penticton on Sunday turned out to be a strictly exhibition baseball and a poor brand at that.

It seems that due to a decision of the OMBI, executive in taking five games away from Penticton for playing ineligible players the Red Sox have pulled out of the league.

As for the game itself; Menu started on the mound for the Macs and pitched good ball for 4 innings building up a 3 to 1 lead but in the 5th the Red Sox got to him for a couple of free passes and three hits to score four runs. Al Hooker reliev-

ed and gave up two more runs. Final score Penticton 7 and Summerland 3.

The Macs started fast and scored their three runs in the first inning on two hit batters; a double by O'Neil a single by Hooker and an error. Ed Menu with a double and a single in two times at bat was the big hitter.

Next Sunday there will be a double header at the ball park. At 1:30 Macs play the Dufferin Hotel of Vancouver and at 4:00 the junior Red Sox play host to Kelowna in a league game. Dufferins are the team that took top money at the 1st of July tourney in Penticton.

Water show at Regatta

A highly diversified selection of talent has assured something for everyone this year during the night show performances of the 54th Kelowna International Regatta. Leading the talent parade will be Metropolitan Opera Star Teresa Stratas who will sing all four nights of the famed Water show. The opening night performance on Wednesday, August 10th will feature Joan McKinley's Water ballet and the choosing of the 1960 Lady of the Lake in the annual pageant.

The water ballet on all four nights is highlighted with underwater lighting and spectacular black light.

3 accidents during week

On August 5th a 1955 Pontiac driven by Mrs. Drussilla Belliveau was in collision with a 1960 Chev driven by Mr. Edgar Roberts of Penticton. While proceeding north at Trout Creek Mrs. Belliveau signalled and then slowed for a turn. Roberts was travelling too fast to stop and an oncoming vehicle prevented his passing thus forcing his car into the right side of Mrs. Belliveau's car. Damage to the vehicles was \$145.00. Roberts was charged with driving without due care and attention.

On August 7 at 3:50 a.m. a 1957 convertible driven by Donald Roland of Lumby; went out of control at the Five Corners; fishtailed and landed up against a flume; throwing both passengers out. No one was seriously injured but the car was damaged to the extent of \$600.

Driver inexperience is blamed for an accident to a 1948 Packard that drove off the road at the foot of Summerland hill. The car was heading toward the lake and the driver swung back too hard and caused the car to roll. The driver was Carl John Bulyez of North Burnaby. His wife was hospitalized with minor injuries. The car was a total loss.

\$945.77 raised for CARS

A total of \$945.77 was given to the Canadian Arthritis and Rheumatism Society by Summerland residents this year. Money was raised in a canvas carried out by Faith Rebekah Lodge No. 33 and Okanagan Lodge No. 58. Mrs. Lloyd Shannon convenor of this year's campaign; told the Review that the canvas was made in June this year instead of the national month of October.

Carvassing is done voluntarily by the two lodges and they deserve a great deal of credit for their part in assisting this very worthwhile work.

Many people in this district are given treatments by CARS and the money raised here goes toward that work.

Voting registration closes midnight Thurs.

Mr. Harvey L. Wilson of Summerland has been appointed returning officer for South Okanagan constituency in the forthcoming election September-12.

Mr. Wilson told the Review that nominating day is August 30 and will be held in the government office in Kelowna. Poll closes at 1 p.m. Candidates nominated so far are W. A. C. Bennett Social Credit; Walter Ratzlaff CCF; and Harrison Smith Progressive Conservatives.

A local Liberal spokesman told the Review that a Liberal candidate will be nominated shortly.

Mr. Wilson also reported

that there has been a jump in the number of registered voters in the constituency. In the election in 1956 the number of registered voters was 15,446 and at the moment the number of registered voters stands at 18,304 and that number at the moment is incomplete.

The number of registered voters in West Summerland went from 1,837 in 1956 to 1,957 this year. Summerland is up to 630 from the 1956 total of 545.

Residents who are not yet registered must do so by midnight August 11 to be eligible to vote. Further details can be found in an advertisement on page 6.

West Summerland, B.C.

Wednesday August 10 1960

Council feels merchants here do good job

Reeve F. E. Atkinson and all councillors fully agreed with Works Superintendent K. M. Blagborne that local merchants should be given high praise for the way they are keeping streets and sidewalks in front of their stores clean this summer. A resolution thanking the merchants was passed at Tuesday-night's council meeting.

It was noted that the work of the merchants was a big help to municipal crews in keeping the streets clean.

Not only clean sidewalks but the corner flower boxes cared for by the merchants all help to maintain Summerland's reputation as the cleanest town in the valley.

It was also noted in council that several tourists have been seen taking pictures of the flower boxes down the middle of main street.

Records broken during July

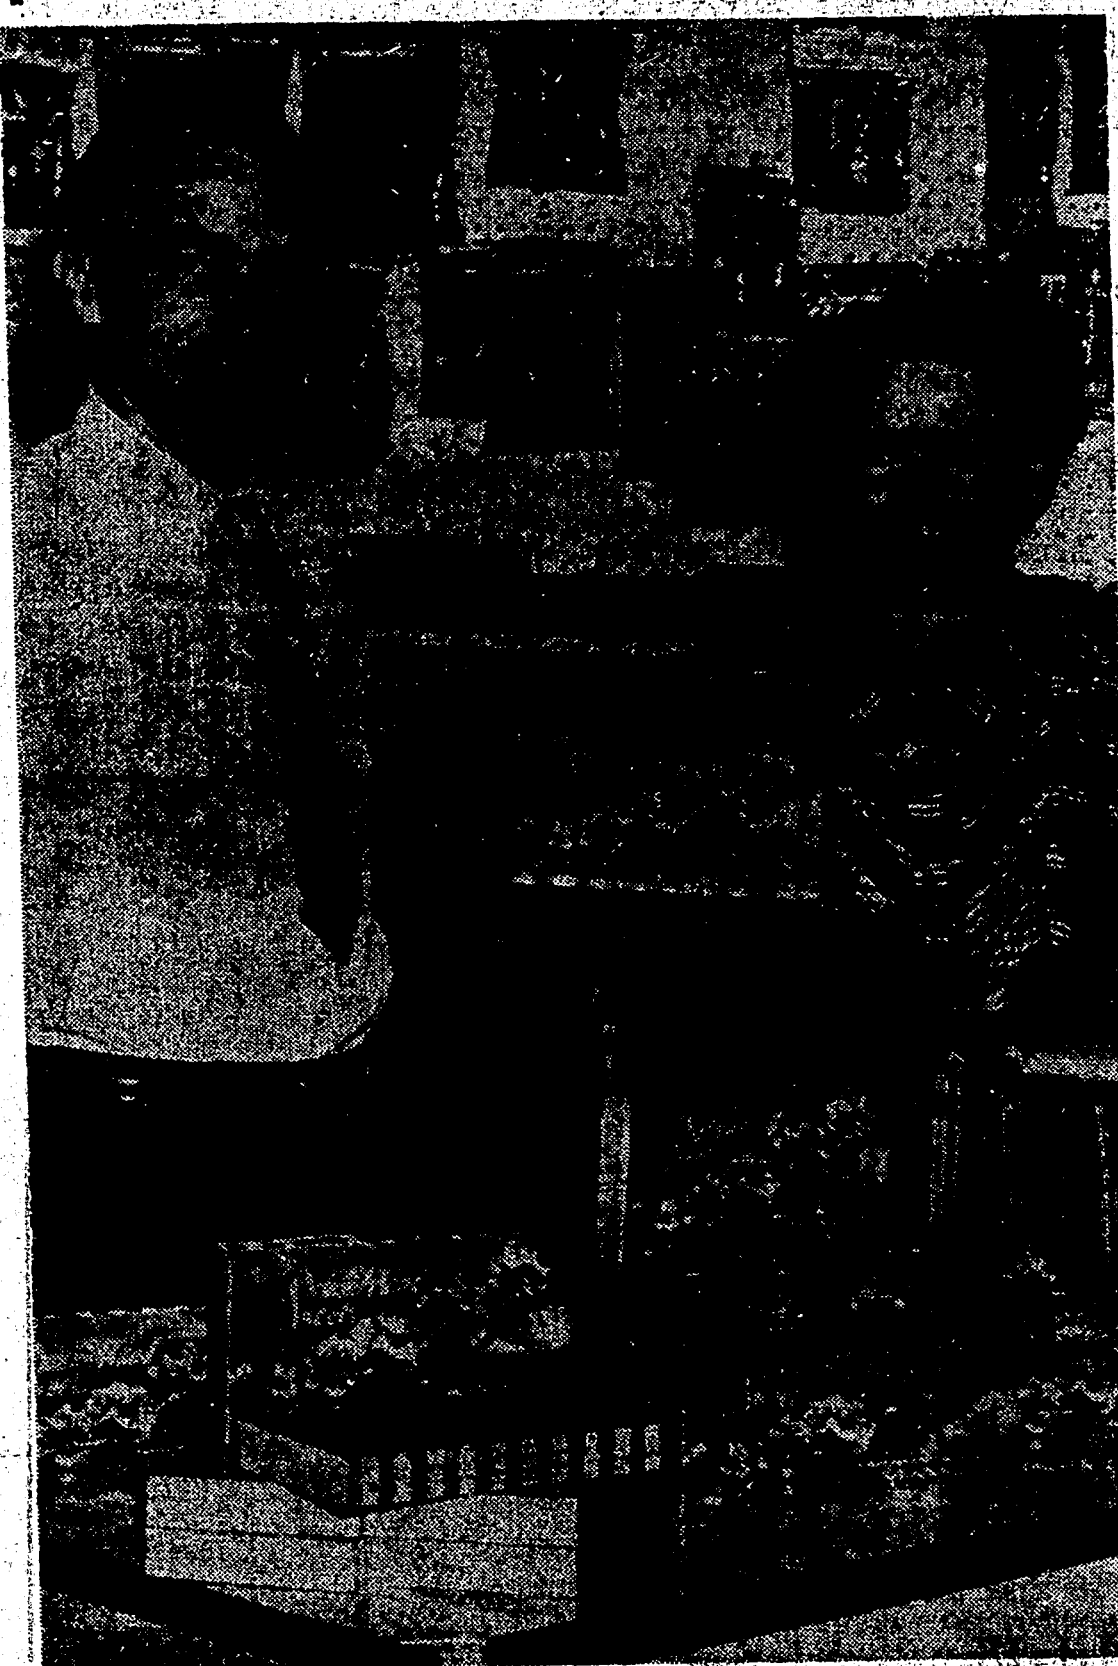

During the month of July some weather records were broken at the Summerland Research Station. J. E. Millimore reported to the Review the following:

Precipitation: New record low of 0.0 inches. Previous low of 0.02 inches occurred in 1929. 44 year average is 0.86 inches.

Sunshine: New record high of 382.7 hours. Previous high of 371.1 hours occurred in 1931. 44 year average is 318.95 hours.

44 year average total annual hours of sunshine is 1993.4. In July this year we had 19.2 per cent of this 44 year average.

Mean temperature: No records for maximum but the mean temperature broke a record. New record high mean temperature of 75.3 F. Previous high of 74.6F occurred in 1958. 44 year average is 69.7F.

Mrs. A. F. A. Crawford is shown above selling the first case of Summerland Sweets to Les Kimball, manager of Summerland Super-Valu. Mrs. Crawford told the Review that there are quite a number of retail stores and fruit stands in Sum-

merland selling the candy. The mixture of Delicious aples and Moorpark apricots was developed at the Research Station and packed by Lionel L. Fudge. Mailing sleeves are available for those wishing to send the candy through the mail.

Council to enforce stricter supervision

A photograph taken by residents living near Powell Beach was received by municipal council at Tuesday night's meeting. Taken early in the morning it showed two men sleeping on the ground; one with a beer bottle beside him. Residents also complained of hoodlums and transients and racing cars and car radios disturbing them throughout the evening.

Council decided to refer

the matter to the RCMP and urge that strong action be taken to curb drinking and wild parties at Powell beach. The beach is closed to traffic after midnight.

Traffic signs to be changed

"Yield right of way" signs will be installed on Jubilee Road at Kelly St. and on Giant's Head road at Barkwill's corner at the intersection coming in from the west.

Investigation will be made by municipal council as to the possibility of installing traffic lines at several corners in West Summerland.

It is hoped to have the work done before school starts. Because hand painting is too expensive council will look into ways and means of having the lines painted by a machine.

Under the Giants head

Be sure to mark next Friday August 19 on your calendar. It's the date of the annual Kiwanis street carnival. Should be lots of fun for everybody.

I had proof the other day that mothers with growing boys get used to anything. A young fellow walked up to his mother and handed her a small bulging paper sack and said "See what I have got Mom." She pecked and said "Well where did you get it?" IT proved to be a four foot rattlesnake freshly killed.

Nearly 100,000 gallons of water is used at the arena every 24 hours during the summer skating period.

Council will investigate the arena situation before next summer.

Co-op packinghouse instals new dumper

The Summerland Co-op packing house has added another new piece of equipment to facilitate the handling of fruit.

The bin immersion dumper is the only one of its kind in this area and is a relatively new innovation in the handling of fruit.

It is used exclusively in the handling of apples and pears. In principle bulk bins are lowered into a tank of water and fruit allowed to float-free-before-being-raised up an incline into the washing machine.

Officials feel this is superior to the old method of dumping out the fruit with nothing to cushion the fall therefore causing a great deal of bruising.

Co-op packinghouse officials believe that the immersion dumper will cut down on bruising; meaning better grades for farmers.

Services Sat. for Mrs. C. E. Orr

Mrs. C. E. Orr an oldtimer in this district passed away Tuesday August 9 in Summerland Hospital at the age of 79 years.

Mrs. Orr was born in Coventry England and was brought to Canada as an infant. She spent some time in Eastern Canada and came to Summerland in 1910. Except for a short time spent in Toronto Mrs. Orr has lived here ever since.

Mrs. Orr was very active in the Red Cross and Women's Institute and last year made a rug to be entered in the PNE. She had taken a number of prizes with her rug making; among them the Tweedsmuir prize.

Her passing is mourned by one son Donald living here; two daughters Mrs. W. W. Walton Penticton; and Mrs. C. Bartram of Victoria.

Funeral services for the late Mrs. Orr will be held on Saturday August 13 at 2:30 p.m. Rev. P. K. Louie officiating. Interment in the Peach Orchard Cemetery.

Park named after Reeve

Have you ever wondered how Powell Beach received its name?

Back when Mr. W. R. Powell was reeve; Walter M. Wright in reporting council minutes coined the name "Powell Beach" to designate that area then unnamed; and the name has stuck ever since.

It was at that same time municipal council considered selling the area that is now Peach Orchard Park. The idea was vigorously vetoed by Mr. Powell and the park as it stands today; a welcome to tourists and residents alike; foretells his vision.

Avenue of beauty down main street

What a lovely picture the flowers on main street in West Summerland make this year. How many of us can say we have done as much for the appearance of our town as Bill Gallop has done with his inspired idea of flowers planters down the centre of the street and along the sides.

When Mr. Gallop presented his idea to council some years ago they acted on his

My princesses and myself had a wonderful time at the Peach Festival and we are looking forward to attending the parade in Kelowna.

A report will be given afterwards of all activities we took part in at both cities.

On behalf of my princesses and myself I would like to thank Mrs. Shannon; Mrs. Bouey and Mrs. White who helped us a great deal in preparing for the occasion.

We would also like to thank Mr. Gladwell for designing our fine Board of Trade float; Mr. and Mrs. White; Mr. Mel Cousins and Mr. Graham Bouey and all the other people who helped in many ways to make it a success. To Jim Eden we say thank you too for driving the float.

suggestion and had the cement boxes built and provision was made for watering the larger planters.

Since that time Mr. Gallop has donated the flowers from his greenhouse and the time to plant and fertilize them.

Mr. Gallop told the Review that in the years to come he hopes the planters can gradually be extended to the length of main street.

Comings & Goings

LAC Bruce Crawford is home on leave from Greenwood N.S.

Corporal Larry Martin and family are holidaying at Osoyoos Lake.

Weekend visitors at the home of Mr. and Mrs. J. S. Kirk were their son Flight Lieutenant Alen Kirk and Mrs. Kirk and their four sons of Comox B.C.

The annual CCF basket picnic was held last Sunday at the home of Mrs. M. E. Cellas at Crescent Beach. About 85 people from the South Okanagan association were present.

Mr. W. R. McMorrin of the staff of the Winnipeg Free Press and Mrs. McMorrin are visiting at the home of Mr. and Mrs. Gordon Ritchie.

Mrs. C. Bartram of Victoria is here to attend the funeral of her mother Mrs. C. E. Orr.

Mrs. Ron Andell had the misfortune to kneel on some poison ivy while working in her garden and is now in hospital.

The enterprising gentleman from Kelowna with the pickup truck full of glads has been doing a land office business. It's rather nice to be able to get some flowers on the street.

Notice to Taxpayers

Re: Provincial Home-Owner Grant

Tax Notices for 1960 have now been mailed. Please read the information printed on back of the middle copy of your tax bill regarding Provincial Home-Owner Grant.

In order that we may collect from the Provincial Government; taxpayers eligible to receive this \$50.00 Grant are requested to bring their Tax Notice to the Municipal Office as soon as possible regardless of whether or not they wish to pay the balance at this time.

MISS E. L. ATKINSON

The Election- Our Opportunity

Without being unduly selfish Summerland can now make requests coming under provincial jurisdiction; with definite hope of being heard. The September 12 provincial election is a golden opportunity of getting these things attended to.

We say "without being unduly selfish" because what Summerland will be looking for would be well within the powers of the government to grant; and to do so without in the least; putting a crimp in the rights of others.

There are of course, some broad items that cover not only this community but also all; or nearly all others in the province. Of them more later. For the moment, however; we are asking you; our readers; to put aside all personal or political views or feelings and think of Summerland and what it needs now or in the future; particularly that portion of the future covered in the next four years.

We ask you to do this now and to keep the thought in the back of your minds; so you will not only make your demands; but will remember any that remain unfulfilled four years from now. If those seeking; or elected to office know of this "watch-dog" angle they will (a) make only those promises they know they can fulfil; and (b) make certain Summerland's requests are in the forefront of budgetary and legislative items.

Turning now to the broad provincial picture for a moment; there are some obvious items that should be in all parties' platforms — and intended to be implemented.

One of these concerns school costs; and the payment of these through real estate taxation; particularly on farms and homes. No matter who is elected; or what stripe the government; this is a matter that must have immediate attention and early action. Payment of school costs through land or home ownership is archaic and uneconomic.

Another broad item concerns assistance for agriculture. Let those who will argue the farmer is a pampered pet — they are likely those who have never gone through years of low returns and continued toil. Practical assistance — as the assertions to the contrary — is not only possible; but a "must" if the man on the land is to remain there.

In the third spot could a whole list of items — such as setting up a provincial water authority (similar to the power commission) with funds at its disposal; revision of the municipal act; greater activity in overcoming unemployment; and a number of others. We'll leave the choice to you and incidentally plan to make a choice; plan to vote on September 12. As a first step in that direction make sure you are on the voters list which closes midnight August 11. Further details as to where to register can be found in an advertisement on page 6.

Safety makes driving fun

Remember when you took your family on a motoring trip for the pleasure of it. Motor cars have improved; highways have improved so it should be more than ever fun to take an automobile trip today. However the attitude of the man behind the wheel seems to be "I've got to get wherever I'm going and get there fast so I can get whatever I plan to do over with and get back."

The Association of State and Provincial Safety Coordinators; a non profit organization interested in promoting highway safety; believes "highway safety makes driving fun." They merely ask motorists to "slow down and live" and enjoy our modern highways and modern motor cars.

Lovely Margaret Powell of Calgary finds a man to look up to—Sgt. K. H. Bettes of the Royal Regiment of Canada, who is guarding a replica of the Crown Jewels set up for display at Niagara Falls. Miss Powell, who will compete in Miss International contest in California in August, holds sceptre which belonged to Mary, wife of James II of England.

Money - Servant or Master?

by Rev. Ira Johnson

Here is an age old question which is still relevant to our modern age and one which needs to be answered by every thoughtful person.

Actually what is your attitude toward money? Do you strive to store up great quantities of it for the future and do you acquire wealth only for what pleasure or possessions it will buy? If such is the case; money is your master and according to the First Epistle of Paul to Timothy chapter 6:9-10 "it is an ugly master."

Every man can make money a useful servant. John Morrison defends the proper love of money in this way. Love money because of the good it can do. "Money;

enough of it; will send a thousand trained missionaries to unchristian lands. It will send a multitude of promising youth to Christian colleges. It will furnish food and beds and homes for the thousands of orphans in our land. It will put shoes on the freezing feet of poverty's children." All this and more.

We might add that Jesus gave us to understand that by ministering to the spiritual and physical needs of our fellowman we were ministering to Him. "Inasmuch as ye have done it unto one of the least of these my brethren; ye have done it unto me." (St. Matthew 25:40b).

To what use are you putting your money?

OTHERS ARE AFTER OUR DEVELOPMENT MONEY

British Columbia long has been one of the most progressive and prosperous provinces in Canada for two reasons:

1. We could sell our raw products for good prices on favorable world markets.
2. Investors, mainly outside B.C., put up about one and a half billions of dollars (\$1,500,000,000) of new money each year to finance our private and public development projects.

Now other producers, favored by lower costs, are bidding strongly for our world markets; and other regions, with attractive conditions to offer, are competing with us for the investment moneys we must have EACH YEAR in huge volume to modernize, raise living standards, create new jobs and make existing ones more secure.

For this reason it is vitally important that we avoid becoming known far and wide as a province whose future is threatened by too many industrial disputes—as in 1958 and 1959—and by the ambitions of a group of union officers to control the province by taking over the Socialist CCF party, winning an election and thereby gaining almost total power.

SKY DIVING

A twelve man team from the Vancouver ski diving club will give two shows daily at the Kelowna Regatta this week. Parachutists will dive from aircraft 3000 feet above Okanagan Lake and "free fall" over 1000 feet before opening their parachutes.

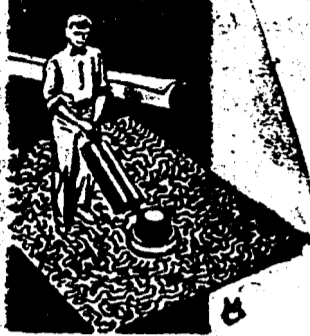

A mass jump will be held Saturday night.

The first of Trans-Canada Air Lines' Vickers Vanguards is now undergoing Certificate of Airworthiness development flying in England, prior to delivery to the airline late in 1960. The big, 96-passenger, 425-mile-an-hour turbo-prop airliner is scheduled to enter service on domestic routes early in 1961, succeeding the piston-powered North Stars and Super Constellations on medium-length routes. They will enter service on trans-border routes and to Bermuda and the Caribbean later in the year. The Vanguard is the world's first second-generation turbo-prop airliner, successor to the Viscount with which TCA introduced turbine travel to North America in 1955. By the end of 1961, TCA expects to become the world's first intercontinental air carrier with an all-turbine fleet, flying Viscounts, Vanguards and DC-8 jetliners exclusively.

On The Rifle range

The annual trophy shoot open only to members of the Summerland Rifle Club was held Sunday morning. George Dunsdon proved his superiority by winning the Shatford Cup for the high aggregate with a score of 134 out of a possible 150. Runner-up was Herb Simpson with 133 points. Winners in the 10 shot matches at 200; 500 and 600 yards were:

Senior 200 yards; Munro Cup: G. Dunsdon 46; Herb Simpson 45.

Tyro 200 yards, trophy: H. Richardson and W. McCargar tie 42.

Senior 500 yards Summerland Cup: Al McCargar 47; G. Dunsdon 46.

Tyro 500 yards trophy: W. McCargar 46; H. Richardson 45.

Senior 600 yards Adams-Gartrell Memorial Cup: H. Simpson 44; G. Dunsdon 43.
Tyro 600 yards trophy: H. Richardson; Cliff Dunsdon 41.

Tyro aggregate: H. Richardson 130; W. McCargar 128.

Three four man teams competed for the Powell Cup with No. 3 team taking top honors with a total of 496. Members were: Ray Maddocks; Bob Barkwill; Harold Richardson and G. Dunsdon. The second place team scored 490 points and the third place squad finished with 485.

In the annual feud between the "Town Rats" and the "Garnett Valley Polecats" the former emerged victorious scoring 741 points to the Polecats' 729. Losing team pays for refreshments. Town Rats team was made up of A. McCargar; W. McCargar; B. Barkwill; R. Maddocks; H. Simpson and A. Kalinin. Shooting for the honor of Garnett Valley: "Polecats": G. Dunsdon; S. Dunsdon; C. Dunsdon; D. Dunsdon; P. Dunsdon and Harold Richardson.

It is hoped that there will be more shoots before the season is over as the winner of the Loomer Button has yet to be decided. This button was presented to the club several years ago by the late George Loomer and is awarded for the highest aggregate of five declared shoots during the season.

Following is a complete list of the aggregate scores recorded at the shoot Sunday: G. Dunsdon 134; H. Simpson 133; H. Richardson 130; W. McCargar 128; G. Kennedy 128; S. Dunsdon 125; A. McCargar 125; A. Kalinin 123; C. Lee 122; B. Barkwill 120; C. Dunsdon 119; P. Dunsdon 112; R. Maddocks 112; D. Dunsdon 109.

Popsicle sets' fiscal future rosy, says B of M

"You can shorten the odds on future happiness for your youngsters by getting them off to a good start financially and teaching them how important it is to save," says Jock Johnston, manager of the Summerland branch of the Bank of Montreal.

A dollar bill is all you need to start a child's saving account at the B of M "but this is a good beginning and a fine way to help develop habits of perseverance and self-reliance which will be so valuable in the future" he adds.

Mr. Johnston continues "His own personal savings account will be a strong encouragement to put away part of his weekly pocket money towards buying something he really wants; whether it's a pair of skates or a college education. The habit of planning and thinking ahead is mighty important in the development of any youngster today. In fact it's a pretty solid foundation on which to build tomorrow's adult."

Any member of the Summerland B of M staff will be delighted to help your boy or girl to open a savings account. Bring your child in soon.

This fall ladies can add five to 10 inches to their height. Most striking new Paris hats are as high—almost—as Eiffel Tower. This fluffy chapeau designed by Albouy is of pink tulle worn with matching stole and diamond pin and earrings.

Macs defeat Dufferins

Behind the steady 7 hit pitching of Carl Sheeley and the clutch hitting by Keinan O'Neill the Summerland Macs took the top coast team Vancouver Dufferins; on Sunday by a 5-4 score.

The Dufferins started fast and by the 4th inning had built up a 4-0 lead on some good hitting and some very sloppy play by the Macs.

Macs came back in the 5th and scored 3 runs on four hits and some heads up base running.

The big thrill for the crowd was the 8th. O'Neill drove in a run with his second hit of the day and went to second on the throw-in. On the next pitch he stole third and scored the winning run when the catcher

made a bad throw.

Sheeley had one of his better days on the mound; giving up seven scattered hits and no walks.

Tanner for the Dufferins had a good day giving up only 8 hits and one walk.

After the first three innings the Macs played good ball. Lemke on first base played a heads-up game as did Bonthoux on second.

But you still have to give it to O'Neill the Macs' catcher. He has been playing good ball; hustling all the way and never giving up.

Hitters for the Macs were Parker with 2 for 2; O'Neill with 2 for 4; and Biollo; Sheeley and Lemke each with one hit.

In league statistics just issued; Macs lead in double plays with 25 just two off the record set by Penticton last year; Hooker leads the league in batting with .390 and Parker has 16 stolen bases.

Next league action will be a double header in Oliver next Sunday. The Macs could use lots of support.

Square 'em up

Flowers and fruit from Summerland's lovely gardens and orchards provided an appropriate setting for the 5th annual Trail Dance on August 2.

MC Ray Frederickson assisted by 13 fine callers from Alberta; Saskatchewan; Washington state; Vancouver Island and the Lower Mainland kept over 22 squares dancing at a lively pace.

About halfway through the evening Board of Trade president Scotty Ritchie and Summerland's Royal Party arrived to welcome the guests; telling them (with a broad Scottish accent on Mr. Ritchie's part) that there's no finer place than this either to live or spend a holiday. Lovely corsages were presented to the Queen and her Princesses; and to fourteen other pleased ladies; after which the dances squared up for another session.

Coming as it does at such a busy time our Trail Dance requires a very real effort to make it a success. To all the members who worked so hard and well; and to other friends who gave their flowers and their help; our sincere thanks. Seeing the very obvious good time our guests were having and hearing them say they'd be back next year; left no doubt that we had given 178 people a really happy evening. We're glad we belong to the Summerland Pairs and Squares.

Fall Fair shaping up bigger & better

A report to the Review from the Fall Fair committee shows that things are shaping up for a very interesting and informative fair.

They have 22 exhibits already and probably more will come in. Some of the exhibits are commercial and some educational but they all should prove informative.

The Women's Institute is planning a tea room in one corner of the arena. A spot where visitors can relax and enjoy a cup of tea and some cookies if they wish.

The Town Band will give a concert Friday evening at 7:15 followed by the queen crowning.

On Saturday night the B.C. Dragoon Pipe Band from Vernon will play on the street and give an hour long concert in the Arena. There will be a magician present Saturday night to delight everybody.

These are only some of the treats in store at Summerland's Fall fair September 9 and 10.

Under the Giants head

Summerland curling club is very happy with the way the summer bonspiel is shaping up. Only four more entries are needed for a full house so if you are interested better see Jerry Halquist right away. Curling starts Monday, August 29 and continues to Friday. Draws are at 7 and 9 p.m.

Probable Liberal candidate for this constituency in the forthcoming provincial election is Joseph Barre, Kelowna school teacher. Others in the running for Thursday night's nomination are: Sigh Kobayaki; S. F. Angus; and Hugh Fitzpatrick. W. A. Gilmour of Summerland is campaign manager and Fraser McDonald of Trout Creek is the local candidate representative.

Mr. Kimiyuki Arase had an experience he's not likely to forget when a young, female bald eagle mistook him for her lunch and dived on him while he was picking cots in his orchard. Mr. Arase did battle and after

no little struggle and a few battle scars managed to subdue the bird. He has presented the eagle (which has a wing span well over four feet) to the Gray Sage Wild Life Museum at Okanagan Falls.

Annual Flower Display set for Saturday

Saturday, August 20 is the date for the 35th annual flower show sponsored by the Summerland Horticultural Society. Doors will be open from 3 to 9 p.m. at the High School Auditorium and tea will be served.

Anyone who would like to enter and is not a member of the Society, is reminded that no entry fee is charged.

Classes include annuals, chrysanthemums; begonias; roses and gladiolias.

Prize lists are available at local stores and at the office of the district horticulturist.

The trend to cooler weather the last few days is expected to bring a good show of flowers and a large and colorful display is anticipated.

Swim Test Classes start next week

Mrs. L. Hyde, organizer for the Rotary Red Cross swim classes told the Review that she feels this has been another very successful season. Over 270 youngsters received instructions, the highest enrollment for any year since the Rotary swim classes started.

Mrs. Hyde and the three girls who are instructing this year as well as others who help deserve a great deal of credit for this work. This year, for the first time a bronze medallion class has been included. Two swimmers in this class won their medallions with distinction in tests in Penticton recently.

Classes this year were instructed by Barbara Fudge, Elinor Baynes and Irene Pennington.

Another worthwhile feature of the swim classes, is that they give tourists a chance to receive instruction. A large number of visitors took advantage of this opportunity this year, many only for a week's instruction at a modest charge of 25c

a day. Water safety and swimming tests for all classes will be held Monday and Wednesday of next week. Further details can be found in an advertisement in this issue.

Three charged with trespassing

Four girls employed by a local cannery called RCMP at 2 a.m. August 10 to remove three men who were causing a disturbance at their cabin in lower town.

Harry Podmorrow of Kelowna; Sid Zarakoff of Kelowna and George Vakin of Grand Forks refused to leave the premises and the lone constable on duty called in reinforcements from the Penticton detachment.

The three were taken to Penticton jail and charged with assault by trespassing.

Podmorrow was fined \$75 and costs and the other two received fines of \$50. and costs.

Kiwanis Carnival gala event on Friday

Friday night, August 19 is Kiwanis Street Carnival time in West Summerland. Come early and hear the Summerland Town Band at 7 p.m. before you take in the fun and games at the Carnival.

It's bigger and better this year with games of skill, bingo, weight guessing; fish

pond; pony rides and Trump Giraffe rides to mention only a few of the attractions.

Come and bring the kiddies this Friday night. It's all for a good cause; the money realized helps support many of the worthwhile community projects which the local Kiwanis Club sponsors.

Tender approved by government for school addition

Summerland School Board has received approval from the department of education of the Owen and Webber Ltd. bid of \$102,975.00 for the construction of the addition to McDonald Elementary School. It is expected that the contract will be signed next week.

& Mc Penticton; Glu-Lam beams, Glu-lam Products Ltd. New Westminster; masonry and tile, J. B. McLaren of Penticton.

It is anticipated that work on the school will start immediately after the signing of the contract.

Sub contractors on the Ollen and Webber tender are: plumbing McKay and Stretton, Penticton; heating Penticton Engineering Works electrical Betts Electric, Penticton; mill work, Master Craft Mill Work, Penticton; roofing and sheet metal, Neilson Sheet Metal Ltd., Penticton; linoleum and tile floors, Floor Specialties Ltd.; hard wood floors, Floor Specialties Ltd., Penticton; painting Mel Cousins, West Summerland; stucco and plaster Ted Wray, Naramata; hardware, Mc

Weather Report

	High	Low
Monday	87	60
Tuesday	90	62
Wednesday	95	67
Thursday	95	63
Friday	88	61
Saturday	77	58
Sunday	72	55

14 inches of rain.

69 hours of sunshine.

Dr. Wilks reports on trip to Japan

Dr. Jack Wilks, plant pathologist at the Research Station, working under the Research Branch of the Canadian Department of Agriculture has spent the past 3 months in Japan.

He told a staff meeting of the Research Station Tuesday morning his two fold purpose was a study survey of the incidence of virus disease in the flowering cherry, a disease which has become apparent in that strain here and also a survey of the sweet cherry orchards.

Dr. Wilks illustrated his talk with slides showing orchards and grain crops. It was evident from the pictures that fruit growing is not of such prime importance to the Japanese as their rice, rape and wheat crops.

Of their total arable land of 13,000,000 acres only 5000 is planted to cherries consequently, though they are very advanced in the plant pathology in grain crops, they have only just begun study on fungus and virus diseases in tree fruits.

Dr. Wilks said that in the research stations he visited the Japanese expressed a great deal of admiration for Canadian knowledge of tree fruit pathology and methods in handling fruit.

Japanese methods differ to ours and one noticeable fact is that their orchards are not as well kept as ours. A great deal of the common varieties of disease was evident on many of the trees. Another noticeable difference was they do not prune

their trees but train them on bamboo poles and the trees have a ragged appearance.

Dr. Wilks felt that as a Canadian he had received every kindness and consideration at the hands of the Japanese and that some interest had been aroused among the plant pathologists to begin studies on diseases found in their fruit trees.

It is Dr. Wilks feeling that all flowering Japanese cherry trees in this area will have to be destroyed.

Fitting a queen with golden cape and crown are Bert Manly, president of Fashion Designers Assoc. of B. C., and vice president Ruth Mathers. The queen is Anna Finlayson, Miss PNE of

1959. The cape and crown will mark the 50th anniversary of the PNE and will be a special feature of the Miss PNE contest during the Exhibition which runs August 20 to September 5.

Robert Bonner

Speaking date for Hon. Robert Bonner in Summerland have been changed.

Mr. Bonner will speak in Naramata Friday night, August 19.

On Saturday evening August 20 Mr. Bonner will address a public meeting in the IOOF Hall at 8:30 p.m.

Vegetable Growers Field day Sunday

A special field day for vegetable growers will be held at the Summerland Research Centre on Sunday, August 21.

Growers and industry officials are invited to pack a picnic lunch and bring the whole family to enjoy a day in the beautiful gardens at the Research Centre.

The program will feature a conducted tour of the vegetable plots.

Mr. L. G. Denby, officer in charge of vegetable research will show and describe various items of interest to the vegetable industry.

hope is to be able to continue through school and be able to qualify for a reasonably well paying position.

Any person interested in obtaining more information regarding the foster parents plan can write Foster Parents' Plan, Inc., P.O. Box 65, Station B, Montreal.

Local couple 'adopt' young Greek boy

A Summerland couple (who wish to remain anonymous) have financially adopted Sotirios Alexopoulos shown here; through the Foster Parents Plan. The foster parents have promised to contribute \$15 a month for the child's support for at least one year. Of this sum the child receives \$8 each month in cash and the remainder is used for periodic food and clothing packages; translations of letters; medical services and education.

Sotirios lives with his mother; a sister Nikoletta 19; a brother Evangelos 15 in the town of Tripolis in Southern Greece. The boys' father was killed in a rebel war which followed World War II and since then the family have been well acquainted with hardship and privation.

A small plot of land yields an income of \$4.67 a month and Evangelos manages to

earn \$16.67 as a porter. They all live together in one small room which costs \$4.50 a month and the remaining money has to buy all their food and clothing.

Sotirios is a rather serious lad, and is a good student in the fifth grade. His

Re: Provincial Home-Owner Grant

Tax Notices for 1960 have now been mailed. Please read the information printed on back of the middle copy of your tax bill regarding Provincial Home-Owner Grant.

In order that we may collect from the Provincial Government; taxpayers eligible to receive this \$50.00 Grant are requested to bring their Tax Notice to the Municipal Office as soon as possible regardless of whether or not they wish to pay the balance at this time.

MISS E. L. ATKINSON
Collector

UNION OFFICERS; UNION AFFAIRS AND POLITICS

Of the established place of labor unions today there can be no doubt.

They are accepted, and legitimate union affairs are recognized to be the business of members and their officers.

But there is a large scale doubt — amongst unionists, too — that union affairs and party politics should be mixed. The heads of United States international unions strongly advise against it. They say union interests suffer when unions go into politics.

In British Columbia, certain union leaders have virtually taken over the Socialist CCF party. Today no one knows what is done for union advantage and what is for political propaganda effect. Union statements formerly taken at face value are now suspect by members and the public alike.

These paid union officers reach to add vast political strength to the money, jobs and power they already control.

As neither union interest nor public interest is served by mixing unionism and politics, British Columbians will create more confidence and employment in B.C. by clearly rejecting state Socialism and the CCF-union tie-up at the polls.

Equitable Financing for Senior Homes

There used to be a time when the elderly had to "sit in the corner" and take the odd crust of bread — or else perform menial tasks considered beneath the dignity of all others. In this and many other countries this day has passed. We now take care of our elderly more in accordance with their needs and deserts.

Yet sometimes there are still stones in the pathway. A remark made to us the other day pointed to one such item requiring removal.

This is the handicap placed upon housing projects for senior citizens via the inequitable financing now in effect. City governments have to shoulder a large share of the cost of such projects — and still look about for some service club willing to take on part of the burden.

Consequently far fewer of such homes are built than are needed or desirable. Some communities cannot afford them, and haven't the service clubs with sufficient funds to aid either.

Not only that, but even in communities where they are, by extreme care managing to finance such homes it means the community embarking on such a deal must scrimp on other needed items.

Notoriously, city-governments are on the short end of the economic scales, when compared with either federal or provincial incomes. This senior housing plan is only another thumb on the wrong end of the aforementioned scales; one that should be removed.

And the present provincial election would be an excellent time to see what can be done to make a better deal for senior home projects for all B.C. areas.

Kiwanis Street Carnival Friday

Friday, August 19 will see the Kiwanis Street Carnival swing into action to give the residents of the Summerland area an evening of family entertainment and at the same time to allow the Summerland Kiwanis to raise money for their many and varied community projects. This is the main fund raising effort of the Club for the year.

Kiwanis projects in town have varied over the years but they are all aimed at the betterment of the community and the individual.

Their projects embrace all ages; from the young people, such as supporting youth organizations, as Guides and Scouts, to the old folk who have been supplied with a checkerboard in the park and driven on drives around the valley.

Club projects include: newspapers to Summerland hospital; handling the cancer drive; community map; presents bursary; sponsors Key Club; CQ program; church signs; sponsors exchange students with U.S. and many other projects for community betterment.

It takes money, lots of it; apart from time and effort to support these many projects. You can help by having fun and spending freely at the Kiwanis annual Street Carnival this Friday.

Tips For Parents

By EDITH HENRY
Parent Education Associates
Associates

In a letter from Manitoba came this request.

"I should like to further the interests of my ten-year-old son. He has a very high school average, and has a well developed love of books and carpentry projects.

"Dr. Joiner, on Trans-Canada Matinee, suggested the Parent Education Associates as a possible source of help, so I am writing to you."

THREE BASICS

There are three basic ideas to keep in mind. The best help can be given when the age of child is understood.

For example, — ten-year-olds are just entering the "stage" when gangs and clubs mean a great deal to them; so does independence of both ideas and action.

They do an immense amount of learning in these areas which is important to them in later life.

They are just beginning to try managing a cohesive

group life. They need help, but it must be given in such a clever way that it comes unrecognized as parental guidance!

For further reading about this age group write us for How To Help Your Child In School by Frank and Frank, (55c). See Chapt. X, also the reading list at the end. Also consult your librarian.

EACH INTEREST

The second point to think of is the difference between each child. A program should suit the particular child's interests.

You have mentioned books and carpentry. Books can be broadened into a reading project.

Excellent children's books are available. Write The Children's House, Toronto Public Libraries, College St., Toronto, Ont.

The third point to consider is the kind of world in which our children are to live.

They will meet people of many tongues, so an extra language will never be amiss. An eight-year-old might enjoy French.

Trail Dance Successful

An executive meeting of the Summerland Pairs and Squares was held at David Munn's home August 11.

A very successful Trail Dance was reported with the largest number of dancers attending in the 5 years of Trail Dances recorded. Fourteen guest callers came to help out with the program (among them the top names on the Jamboree list) a real indication of the high regard they have for caller Ray Frederickson.

Plans for next year's dance were discussed. A cheaper form of poster was decided on for next year with all information printed thereon; rather than using regular dance posters. Contacts with

callers through our emcee were considered important, as well as our own announcements to the various clubs. On the spot advertising in motels, trailer camps and at preceding dances were very effective.

The fruit and flower theme will be used again with emphasis on the fruit, which proved so popular with out of town guests.

The idea of holding the dance out of doors was discussed but in view of the expense and work involved, in constructing an outdoor floor and the lack of enthusiasm for summer dancing on the part of our own members the executive decided it was not feasible.

The resignation of secretary Flo Delves who is moving to Vancouver was accepted with regret. The election of a new secretary will take place at the party at Ray Fredrickson's home August 19.

Plans were formulated for the coming winter's dancing. First party night of the season will be October 15 with a party night on the third Saturday of every month thereafter.

First intermediate dance night will be Tuesday, October 25 and every Tuesday night thereafter with the exception of the Tuesday immediately following a party night.

Ray Fredrickson would like to start the first beginner's class with a special party October 21. Each Pairs and Squares member is asked to come and try to bring at least one beginner to the Youth Centre that night. Ray will show the new dancers a few fundamentals for the first hour and a half; and then the older dancers will get up and show them how they'll be dancing after they've had their lessons.

Since hall rent and instructors' fees must be paid every dance or lesson night, registration at the beginning of both intermediate dancing and beginners lessons will be required if the club is to function on an economically sound basis. Last year's instruction costs were a very heavy drain on the club finances, mostly because attendance was sporadic. Intermediate fees to the end of the year will be \$3.00 per person plus the yearly membership fee of \$1.00. Beginners fees will be \$4.00 per person because they have 4 lessons per month and no party night, with no membership fees.

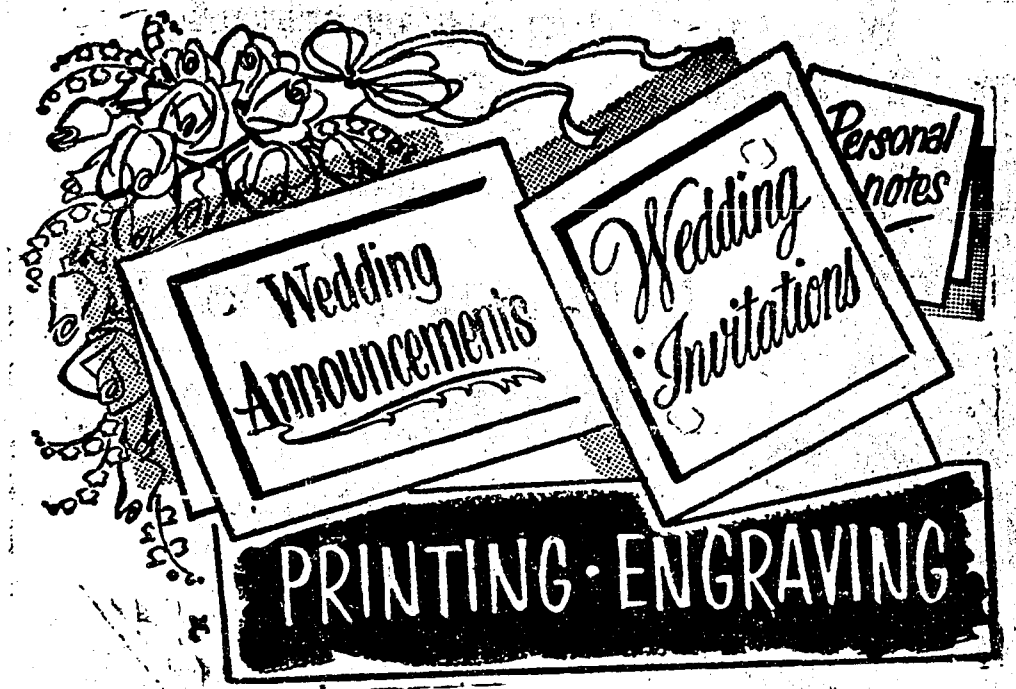

Square 'em up

With the Peach Festival over the only dances in the area last week were the regular Wednesday evening pavilion dance in Penticton and the Saturday night corral dance in Oliver emceed by Percy Coulter.

All members of the Pairs and Squares are invited to Doreen and Ray Fredrickson's home at Crescent Beach for our third garden party of the summer Friday night August 19. The phoning committee will do their best to contact everyone; but sometimes find it impos-

sible to reach some of the members. We hope you can all get down for a few hours relaxation and fun. It helps to take a break when life is so busy and square-dancing down by the lake on an August evening is a good way to take it. Bring along a sandwich and a cookie if you like food with your coffee; your bathing suit if you like an evening swim; and your partner if you like!

Mr. and Mrs. F. Tilbe and Gloria are in MacLeod, Alberta attending a wedding.

Handyman about the house

Now that you're stretched out on some beach somewhere, soaking up that happy sunshine and gently turning brown—here are some dismal thoughts that will turn you blue instead.

Have you considered what's going on back at home?

The house is locked up? Good — but how securely? What about that faulty catch on the basement window? Cats might get in — kids might get in.

What harm could they do? Well, what about that can of highly inflammable paint-remover, waiting there to be spilled?

The heating system is turned off? Great—but what about the automatic water heater? So it's been working perfectly without attention for years—isn't it time it had some attention?

Did you stop the newspapers? Did you tell the milkman you'd be away?

Having softened you up and ruined your holiday with these vague, general worries, let's get down to the big worry—fire.

If you stubbed out that last cigarette carefully and switched off the electricity (the big main switch down by the fuse box) before you left home not much can go wrong while you're away.

But when you get back—aha! — just think that children playing with matches and adults misplacing cigarette ends account for one in four of all house fires.

You can do something about this. Have plenty of ashtrays around; lock up the spare matches and clear those old papers, rags and the rest of that inflammable junk out of the basement.

The other big causes of home fire are faults in the heating and electrical

systems. Most electrical fires probably start because homeowners are mean about buying fuses. They figure fuses are made to last, so they buy big, high-amperage ones that sit there, solid as rocks, until the house burns down around them.

Or they repair burned-out fuses with thick wire, or fall for the fatal trick of slipping in one-cent pieces.

Fuses are meant to be expendable. They burn out from time to time and should be given credit instead of blame for doing so.

A 15-amp. fuse is quite strong enough for the average household circuit. If it keeps burning out, look for the weakness in the circuit. Don't put in a stronger fuse.

If you do, one day the wiring behind a wall will glow, hotter and hotter and may eventually start a fire.

Fire prevention experts estimate that one in four Canadian homes has fuses too strong for the job they should be doing.

Your stove or heating unit is probably off at the moment. But now's the time to start worrying about it. Have it checked for efficiency, cleanliness and insulation before the fall. Coal and wood burning stoves should be at least 18 inches from the nearest wall and walls near all forms of heating units should be protected by fireproof material of some sort.

A little worry about these points now may save big worries later on.

And if you've just got back from holidays and found your house burned down, this column of nagging advice may still be of some use to you. You can spread it out on the charred ground, sit on it and have a good cry.—TNS.

More than 10,000 people lined the route to the church when lovely Luz Marina Zuluaga got married recently in Manizales, Colombia. And with good reason—the South American beauty won the 1958 Miss Universe contest.

Orchard Fungus

A strange soil fungus that is damaging fruit trees in the Okanagan Valley has scientists puzzled. But they haven't given up the struggle. Experiments are being made with chemicals which it is hoped will control the disease.

The soil fungus rots the bark close to the ground and infects limbs and immature fruit on trees that are kept wet for long periods by sprinkler irrigation. The fungus has been recovered from a pond used for storing irrigation water.

Means of controlling the disease are being sought at the Canada Department of Agriculture Research Station, Summerland and some apple rootstocks including East Malling and Malling Merton types have already been found to be resistant to the fungus. Resistant rootstocks of pears, apricots, peaches and cherries are proving harder to find.

SPORTS

Macs lose to Oliver Sunday

Summerland Macs ended the season Sunday in Oliver the same way they started it; by losing. Between the start and finish some good games and some bad, but most fans will agree that even in defeat the Macs gave it all they had and gave full value for the money.

As for the games in Oliver the Macs were on the short

end of both games 9-4 and 6-3. Hooker pitched the 7th inning first game, giving up 11 hits while striking out 4 and walking four. Hooker was the big hitter with 3 for 4.

Sheeley was on the mound the second game and the Macs were on their way to a win until the fatal 7th inning when they had a 3-1 lead. Oliver bunched three hits, a walk, and one error to score four runs.

Sheeley gave up 7 hits while striking out two and walking four.

Hooker helped his batting average with 3 for 7 at the plate. His average is now .393. Parker had one stolen base to give him 17 for the season.

Macs still have three games to play that were postponed during the season. One against Penticton which is likely washed out, and two in Merritt which may be played next Sunday.

Canada's newest university opens in September. York University, which will relieve overcrowding at the University of Toronto, will open in a 45-room old mansion with classes for 100 students. Dr. Murray Ross, president, is seen at work at his desk. York University will eventually have own campus, buildings, and several thousand students.

Aces win semi finals

Macs Cafe Aces defeated Keremeos in two straight games in the semi finals in the Inter City Softball League. They now are waiting for the winner between Penticton and Osoyoos for the finals and the Adams trophy which the Aces won last year.

The first game of the finals could be here either on Thursday or Sunday at 7:00 p.m.

Henly third in Vancouver

John Larson from the University of Washington, one of the top milers in the U.S. ran away from all competition in the Caledonian mile Saturday in Vancouver winning by the length of the homestretch in 4:12.4.

Meanwhile (as Larson broke the tape) coming off the final turn was the most exciting battle of the day; Jones and Harrison of Vancouver and George Henly of Summerland abreast of each other vying for second place honors. Harrison crossed the finish line a half stride ahead of Henly as they took second and third respectively in the times of 4:25.0 and 4:25.1, a personal best for each.

Sixteen men started in the race and Henly found himself well positioned in 6th place through the first lap. He picked up one place in

the second lap and in the backstretch of the third he made his first real bid and got by two men to find himself in third place. A moment later Gary Harrison, twice defeated by Henly in Victoria last month, drove ahead.

The excitement came at the head of the backstretch in the final lap. Henly fought his way by Harrison to run in third again, and shadowed Jones around the final turn. Then at the same moment Henly and Harrison began their final bids as they came head and head down the stretch. The duel for second was not decided until a few strides from the end, where Harrison managed to edge ahead enough to grab second place by a tenth of a second.

Under the Giants Head

Because of the cooler weather and the fact that water pressure is up again council at Tuesday night's meeting removed sprinkling regulations.

Mr. Jeremy Greenfield dropped in to the Review office for a chat today. Mr. Greenfield is from Kensington, London, England is presently touring across Canada; and writing up his observations for an English trade magazine called "Auto-Car". He has just finished a five and half year course at the University of London in veterinary surgery and was interested in visiting the Summerland Research Station, particularly the cattle section. Mr. Greenfield feels that the Canadian veterinary methods and ideas are superior to the British.

Mrs. Charles Scott of Wawanesa, Manitoba, a sister in law of Miss Mary Scott of Summerland appeared on television's "Live a Borrowed Life" program. The life she borrowed was of her aunt, Nellie McClung, the writer. The panel was unable to guess her identity and she won \$300. She donated the money to the local chapter of the IOOE in Wawanesa.

The Review owes an apology to Mrs. M. Hyde for misquoting her in last weeks story of the swim classes. The fee for registration in the swim classes was 25 cents. Not 25 cents a day.

RCMP Warn of phony bills

Local RCMP have issued a warning about counterfeit Canadian \$10 and \$100 bills which persons might try to pass in the South Okanagan.

The counterfeit Canadian \$10 bills, 1954 series are: N-D 9165255, S-D 83252229, F-D 8447863, G-D 0862006, G-D 1829771 and U-D 8725-017.

On the counterfeit \$100 bills in circulation the serial numbers are all of the A-J series followed by the first three digits: 188.

If counterfeit money is encountered do not accept the bill. Get a complete description of the passer and obtain a description of the vehicle he is driving. Notify the RCMP immediately.

The Summerland Review

Volume 15 No. 23

West Summerland, B.C.

Wednesday, Aug. 24, 1960

Perennial winner of the Dewar Shield for the best District Exhibit at the Pacific National Exhibition show, this display from the Okanagan Valley again topped all entries. The PNE runs to Labour Day, Sept. 5th.

School system best says Bonner

The whole function of government is to serve the people, policies exist to help the people, and the policies of the Social Credit for the past eight years have greatly benefited the people.

These words were the gist of the opening words of a speech made by the Right Hon. Robert Bonner in the IOOE Hall in Summerland Saturday night.

In speaking of the B. C. school system, Mr. Bonner said that the system of financing schools is far ahead of any other in Canada. \$112,000,000 yearly is spent on 310,000 pupils. Grants from the provincial government provide half of this figure and local boards provide the other half.

If school costs are all to become provincial, continued Mr. Bonner, as has been suggested by other parties, where will the money come from.

Provincial government concern does not stop at grade 12 said the speaker. A vast expansion program at UBC is now under way. Money for it is derived half from government grants and half from public subscription.

The "money for marks" program has been instigated by the government this year to help young people attending university. Pupils with

first class standing get a fifty percent reduction in fees and second class standing a thirty percent reduction continued Mr. Bonner.

In speaking of municipal government aid Mr. Bonner said "There is no place in Canada where provincial government money is as available to local levels of governments as it is in B.C. Mr. Bonner replied vigorously to the question "is B.C.

giving away her natural resources." The only giveaway according to Mr. Bonner was the Kemano project and that was given away tax free by a former administration.

Mr. Bonner spoke in support of W. A. C. Bennett, the Social Credit candidate for this constituency. "Mr. Bennett's ability to deal with the problems of this province is the despair of his opponents" said Mr. Bonner.

Annual Rose Show again successful

The 35th annual flower show of the Summerland Horticultural Society counted among its many visitors the Hon. Mr. Robert Bonner, attorney general of B.C.

Judges for the show, held in the high school auditorium on Saturday were Mr. G. Robinson and M. G. Glen.

Reeve F. E. Atkinson presented the awards with cups going to the following:

Napier Higgins cup for annuals: W. Snow.

Mrs. Magnus Tait memorial bowl, for table decoration: Mrs. W. F. Ward.

P. E. Knowles cup for artistic display of garden flowers: Mrs. W. F. Ward.

W. H. Malkin cup for dah-

they grew at the fair.

Cash prizes are being awarded to first, second and third in each vegetable class as well as a trip to the Armstrong Fair for the winning boy and girl entering in each exhibit.

Alex Watt is in charge of this annual contest sponsored by the Summerland board of trade.

Council to consider work needed on dams

K. M. Blagborne, superintendent of works reported at Tuesday night's council meeting that repairs are needed at No. 1 dam in Summerland's headwaters.

Mr. Blagborne and Bob Harris of the Water Rights Branch were on an inspection trip to the dams this week.

Beavers are active at No. 1. Plans are being made to blow out their extensive yard dam.

It was recommended discarding the old tunnel and plugging it and then building a new one at one side or the other of the dam.

This dam was built at the beginning of the century and it is said that the old timbers are still under it.

The tunnel at No. 4 dam needs repairing it was said. A minimum amount of work will have to be done at Canyon Dam. Garnett Valley Dam is being repaired now.

Local dams hold about 8,000 feet of water, with Thirsk dam being one third of the total.

There is plenty of water and this year the works superintendent said that there will be 2,500-3,000 acre feet at the end of the irrigation season.

Council asked that a full report and the engineering work necessary be presented at next council meeting.

Police court

Harry Edward Podmorrow appeared before Magistrate Reid Johnstone in Summerland police court this week and was fined \$50 and costs for consuming liquor in a public place.

Last week the same Mr. Podmorrow had appeared before Mr. Johnstone charged with creating a disturbance.

Who's who in 1909

Scanning through the little booklet about Summerland (in 1909) we find a lot of familiar names, and some that are today, but a nostalgic memory.

To begin at the beginning the Summerland council of 1909 had R. H. Agur as reeve. The rest of the council (elected in accordance with the old time ward principle) were: Ward 1, James Ritchie; Ward 2, George N. Gartrell; Ward 3, Chas. J. Thomson; Ward 4, J. R. Brown; clerk, J. L. Logie.

Next the Summerland Board of Trade and at once an unusual coincidence, the president, R. H. Agur, the reeve; vice president, James Ritchie, councillor for Ward 1. The secretary, Charles H.

Cordy. Those on the executive: R. H. English, F. B. May, H. C. Mellor, J. M. Robinson, E. W. Sawyer.

Directly under the listing of the council and board of trade appears the names of three members of the commercial and professional life of Summerland 51 years ago, these are: Lake Shore Telephone Co., Summerland, Penticton and Peachland; and adds "charges moderate; service good; instruments, the best. Head office, Summerland, Chas. S. Stevens, managing director."

On a full page appears the advt. of another pioneer firm. The advt. is captioned "Summerland's big outfitting establishment. The Summerland Supply Co. Ltd

Winners now picked in Childrens garden contest

The judging of the children's garden contest has been completed. The committee divided the 41 gardens into 5 groups and the judges chose the best boys' and best girls' garden in each group.

Mr. Morris King of Kelowna, B.C. horticulturist for vegetables, chose the winners from these finalists.

Preliminary judging was done by Jack Kirk, Mr. and Mrs. John Berg, Tom Ritchie, Alf McLachlan, Alex Watt, Colin McKenzie and Donald Strachan.

Winners will be announced at the fall fair, September 9 and 10. The committee hopes that a good number of the boys and girls will exhibit the vegetables

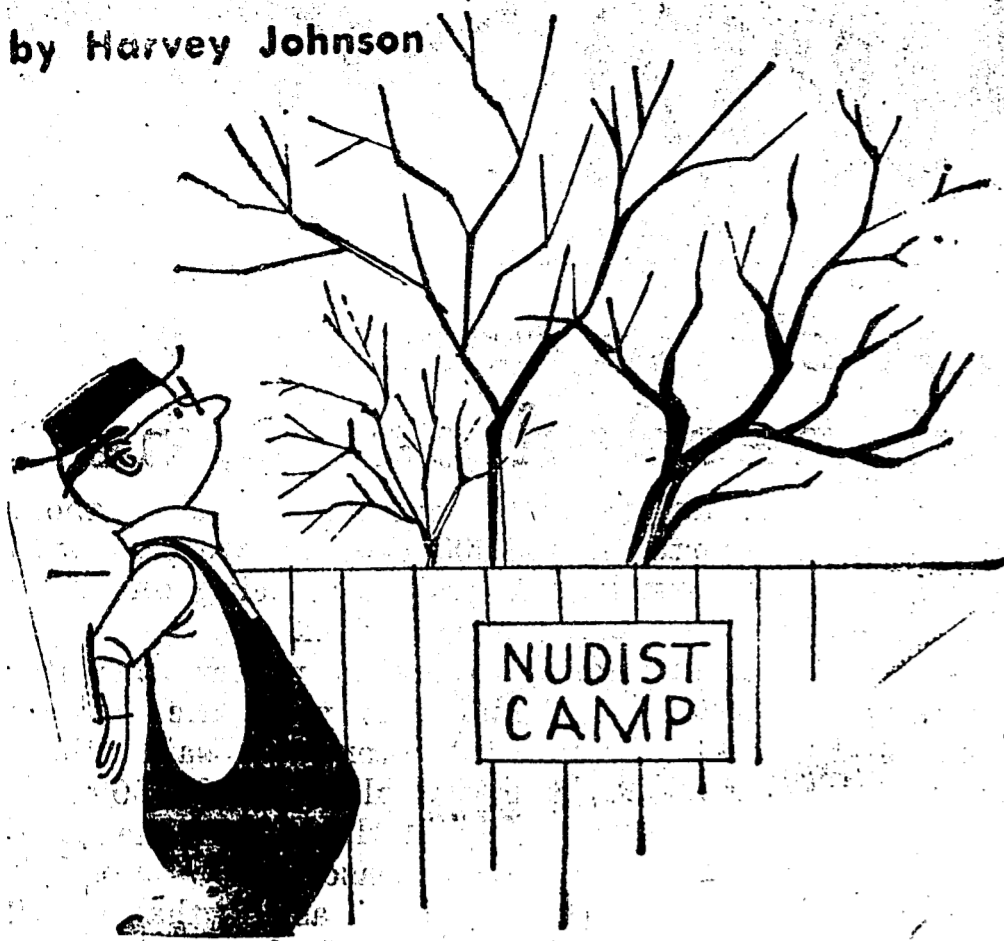

T. B. Young brought this picture into the Review to show the "horsepower of the

pioneer days." Driver is Mr. Tom Blakely, employee of Mr. Young. Although proud of his horses Mr. Young

said that he was the first in Summerland to have a commercial motor vehicle.

UNCLE DUD
by Harvey Johnson

Pensioners discuss senior home site

The Old Age Pensioners held a monthly meeting on August 16 in the IOOF Hall with forty members present and president A. Glen in the chair.

Secretary D. Taylor read letters from the executive of the head office.

The president spoke about the picnic given the members by the Oddfellows and Rebecca lodges.

Treasurer Macdougald gave the financial report.

The citizen's home came up for discussion. It seems it's no nearer being built than it ever was. Members

were all in favor of a site between the Health Centre and the Arena if it is to be erected.

Corporal Martin of the RCMP gave an interesting address on present day motor traffic and the dangers to those who walk on the highways. A vote of thanks was given him for the questions he answered.

Happy birthday was sung for Mrs. Macdougald, Mrs. Martin and Dave Jack.

W. Haddrell gave a report of the OAP convention held in Vancouver as he was a delegate from the club.

Mrs. D. Taylor, Mrs. Hallam and Mrs. L. Johnson served the lunch.

Thomas Cronin, butler for 25 days to Princess Margaret and Tony Armstrong-Jones, resigned after "a difference of opinion." Cronin said Armstrong-Jones wouldn't allow him the usual privileges of supervising staff and wages

Faith In God

by Rev. D. M. Rathjen
"Have faith in God".
Mark 11:22.

Mankind seems to have abundance of faith in himself and in his own inventions but when it comes to God in many cases it is sadly lacking. According to the Scripture this lack of faith originated in the Garden of Eden when our forparents listened to the lie of the deceiver. Faith in the goodness and veracity of God was destroyed in the heart of Adam and Eve. God, in His love, has from that time till now sought to restore that original confidence. He has drawn near to men and

spoken to them of His plan for their present and future well being. He has demonstrated to the world what He can do for individuals and nations who will believe and trust Him.

Abraham believed God and was abundantly blessed. While Isreal's faith remained in God she prospered in every way. According to Scripture, "faith in God" is more than a mental assent to the fact of God. It is seen to be a Trust in God that acts in obedience to His Holy Word. In the Old Testament it was faith to believe God for accounted righteousness when an atoning substitute was placed on the altar of sacrifice. In the New Testament it is seen to be faith in God's sacrifice of His Son for our sin. This kind of faith in God brings eternal blessing. "For God so loved the world that He gave His only begotten Son, that who soever believeth in Him should not perish but have everlasting life." John 3:16.

Canada's "Brakeman Baronet," Bob Williams of Kamsack, Sask. (seen here with wife, Ruth), has decided to move to Britain permanently after inheriting title of Baronet of Tregullow from distant relative. Sir Robert ("Call me Bob") returned home to railway job in Kamsack after visiting 2,000-acre estate in Devon, England, but says he'll go back after winding up affairs in Canada. Photo shows pair relaxing outside new home, Upcott House.

SHOULD B.C. BUY WHAT OTHERS HAVE THROWN AWAY?

Around the world — except in the completely Socialized countries where Communism denies any choice — Socialist governments have been tried and rejected.

They could not deliver what they promised. Free enterprise policies have produced better times, more jobs and fewer restrictions on the personal liberties of the citizens.

In Britain the Socialist-Labor Party, with its programme of state-ownership and state controls, was voted out of office. Its leaders are dismayed by the public apathy to the old appeals of Socialism. Voters in Europe have found the less they have to do with Socialism, the higher is their standard of living.

Here in British Columbia, where we depend on huge investments of new capital — at least \$1,500,000,000 EACH YEAR — to keep up employment and purchasing power, we are urged by some to experiment with a CCF-style Socialism based on what Britain tried and threw away.

British Columbia is in competition with countries today pushing vigorously ahead. We can not afford to handicap ourselves with experiments tried elsewhere and abandoned.

JUMPING FOR JOY—AND HEALTH

The latest craze sweeping North America is jumping, and this pretty miss finds it's good exercise as well as good fun. Craze started in Los Angeles and has now spread to Canada, with first jumping stages being opened in Toronto. All that's required is a vacant lot and a set of trampolines. At one time purely a circus or stage prop, the trampoline has recently become an approved method of physical exercise in many schools. Most popular among teen-agers, jumping stages are also drawing housewives and businessmen who want to bounce off a few excess pounds.

Canadian Pacific

Look around you...

Your Social Credit Government is getting things done!

- The highest pensions and welfare allowances in Canada.
- More money for hospitals — your Social Credit Government leads all provinces by paying half the cost of construction.
- Canada's most successful hospital insurance plan — more than \$255 million paid in patients' hospital bills since 1952.
- Modern housing for our senior citizens.
- Canada's highest per capita grant to education — School Board grants are up 355% since 1952.
- The highest per capita University grant in Canada — U.B.C. now receives \$9,428,000 compared with \$1,999,500 in 1952.
- Part payment of fees for university students with superior marks.
- Yearly dividend grant of \$50 to every homeowner to help pay municipal taxes. B.C. is the only place in the world where such a grant is made.
- Largest highways and bridges construction program in Canada — more than \$500 million spent in eight years.
- Elimination of the public debt. The money saved is now spent for the development of B.C.
- Most progressive labor legislation in Canada — new acts safeguard rights of all citizens.
- Largest railway expansion on the continent — the P.G.E. is the most important single factor in the progressive development of interior and northern B.C.
- The most modern ferry service in North America between the B.C. mainland and Vancouver Island.
- Canada's largest power development program, to make B.C. the most electrified province.
- Encouragement of new industries to provide thousands of new jobs and greater opportunities for everyone.
- Increased aid to municipalities to help pay for local services.
- Protection of forest jobs through farsighted policies which place forests on sustained yield basis, plus increased programs of reforestation and fire prevention.
- Increased assistance to vital farming industry through consumer publicity campaign, land clearance program, control of disease and soil survey, drainage and grain programs.
- Expansion of recreation facilities by B.C.'s unique Department of Recreation and Conservation.

Square 'em up

Twenty-three members of the Pairs and Squares enjoyed an evening together at Ray Frederickson's home on Friday, August 19. Squaring up on the patio and lawn with the breeze right off the lake, to keep us cool we danced to Ray's and Lester Arkell's calling for an hour or so.

Then a short business meeting was held. The president reported to the club on the last executive meeting.

May Mayne and Mertice Stankowry were nominated for the position of secretary. May was elected.

Mertice will be in charge of junior dancing again this year and will do her best to make satisfactory arrangements for classes for the young dancers.

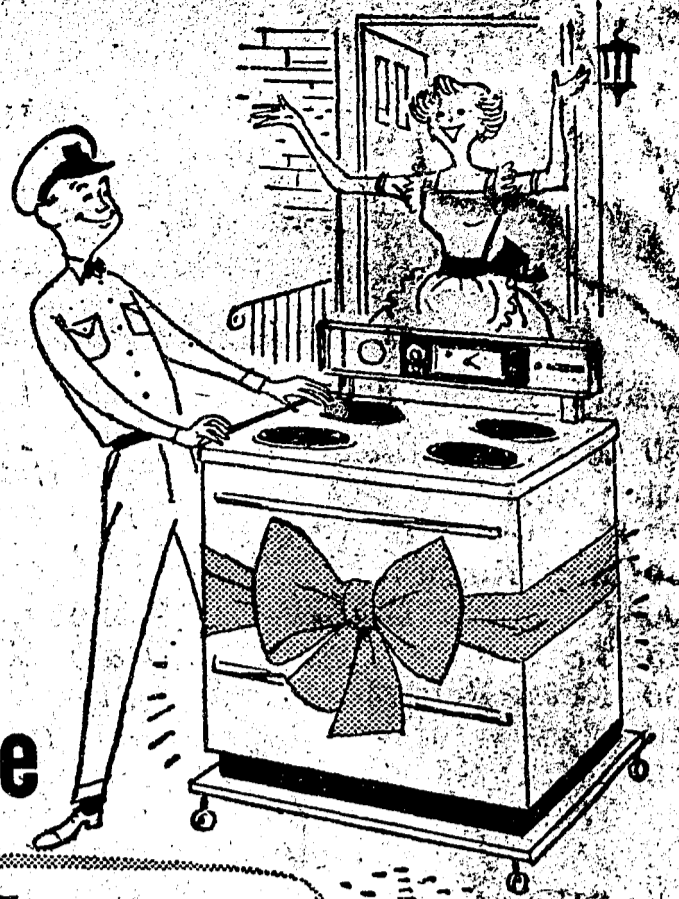

Members are all asked to bring new dancers to the beginner's class on October 21, and also to the intermediate dance night October 25. A personal invitation often helps the shy ones to get started and makes them feel part of the club right

from the beginning. The business over, we needed some dancing to warm us up again. Five of Ed Gilmour's recorded calls seemed to fill the bill, and we were ready for some coffee and food to wind up a pleasant evening.

Thanks Doreen and Ray. We know what busy people you are, and appreciate your hospitality very much.

Summer 'spiel underway

The summer bonspiel opened at the Summerland arena Monday night with five sheets of good ice. Response to the bonspiel was very good this year, eight rinks having been turned down.

The 24 rinks in the bonspiel come from the border to Kamloops with about half being local rinks.

Monday night's results: Stoll over Coombs; Hackman over Jackson, Brochu over Skinner, Hines over Bentley, Walker over Halquist, Eden over Smith, Ferrier over Green, Pruden over Fulks, Hughes over Longmore.

Tuesday night's results: McCutcheon over Hughes, Eden over Pruden, Ferrier over Kenyon, CKOK over Herald, Hackman over Stoll, Brochu over Hines, Jackson over Walker, Lichtenwald over Green, Halquist over Smith, Coombs over Bentley.

Awards will be made to the first, second, third and fourth winners following the finals Friday night.

Under the Giant's Head

More honors for Summerland young people. Miss Elaine Dunsdon and Miss Jennifer Penny are home after taking summer classes at the Banff School of Fine Arts. Each girl won a \$150 scholarship in her respective class to be used toward further training.

Four ceramic workshops conducted by well known B.C. ceramicist Santo Mignosa will be held in Summerland-Penticton area on September 12-24. The tour is under the sponsorship of UBC's extension department.

A teacher in Summerland for 12 years, Mr. Wendel Schwab and family are moving to Vanderhoof Saturday. Mr. Schwab will teach physical education to grades 7 and 9 and Mathematics 10 to grade 9.

A reminder to motorists. School goes in next week so be on the lookout for the little ones. School zones are now 20 m.p.h. from 8 to 5.

A Yacht Club executive member told us that bond sales for the new club house are coming along very well. Anyone interested in obtaining information on the bonds can contact one of the executive.

On Tuesday, September 6 a five day week will start for Summerland stores. Stores are closed all day Monday and open from 8:30 to 5:30 the rest of the week. On Saturday stores are open until 9 p.m.

John Bowen, a bacteriologist at the fruit and vegetable processing laboratory of the Research Station here is leaving in September for Bristol, England. He will study for two years at Aston Experimental Station.

The Summerland Review

Volume 15, No. 35

West Summerland, B.C.

Wednesday, August 31, 1960

Schools open Tuesday

Summerland Junior-Senior High School opens for the 1960-61 term Tuesday, September 6 at 1 p.m. This year the high school population is expected to be over 500 and all rooms with the exception of the Industrial Arts shop will be used for registration purposes.

All students are expected to be present for the first day. Any student who cannot attend must contact the principal and make arrangements for picking up assignments. Classroom work begins on Wednesday.

Students are asked to bring book rental and locker fees on the first day, September 6, in order that books and lockers may be issued and assigned immediately. Book rentals for grades 7, 8 and 9 will be \$4.50, and for grades 10, 11 and 12 \$5.00. Locker fees are 50c yearly, and student association fees are 75c for grades 7, 8 and 9, and \$1.50 for grades 10, 11

and 12. Student association fees will also be payable on Tuesday, in the school auditorium.

On the morning of September 6, a staff meeting will be held to familiarize the staff with the new timetable.

Students or parents wishing interviews with the principal or counsellors, should make appointments through the school office.

At 1:00 p.m. Tuesday the elementary schools in Summerland will open for the new fall term.

During the past week, pupils have had an opportunity to get registered for the 1960-61 school year. As well the local merchants have been able to assist pupils in the purchase of their year's supplies, through use of the lists of required items which were supplied by the schools.

School busses will begin their pick-up, for the starting day only, at approximately 11:45 a.m. The usual dismissal hour will be observed with busses running on their regular afternoon schedules.

Local Society hosts regional conference

The members of the Summerland Hospital Society hosted the annual meeting of the Okanagan and District Regional Council, B.C. Hospital Association, in the Summerland Health Centre last Saturday. Forty delegates were present.

After registration at 11 o'clock the delegates heard an address of welcome by R. S. Alstead, chairman of the Summerland Hospital Society.

The delegates strongly opposed the proposed action of the B.C. division of the Canadian Medical Association to take over all outpatient prepaid medical services as of January 1. This comprises X-ray and laboratory work.

A resolution was passed instructing Kenneth Conibear, BHA, to take this to a joint meeting of the executive of BCHA and the executive of the Provincial Medical Association which is to be held soon.

The group was addressed by K. Conibear, of the executive of the BCHA. He gave a progress report on group purchasing, salary and job classification.

At this point the group enjoyed a luncheon prepared and served by the Summerland Hospital Auxiliary following which D. R. Andrews, Kamloops moved a vote of thanks to the ladies.

Head table guests were F. Richter, MLA; Miss Sinclair of Kelowna; Frank Laird, R. S. Alstead and Reeve F. E. Atkinson.

F. W. Laird of Penticton was re-elected chairman for the regional council and was elected as the regional delegate to the BCHA. Other officers elected were David Howrie, Vernon, vice president; secretary Don Gray, Penticton; executive members D. R. Andrews, Kamloops and A. Cyderman, Kelowna. Miss C. Sinclair, nursing director of the Kelowna General Hospital gave an informative talk on the changing trends in nursing.

At 4 p.m. when the business session ended, delegates adjourned to the IOOF Hall where the Summerland Hospital Auxiliary served tea and sandwiches.

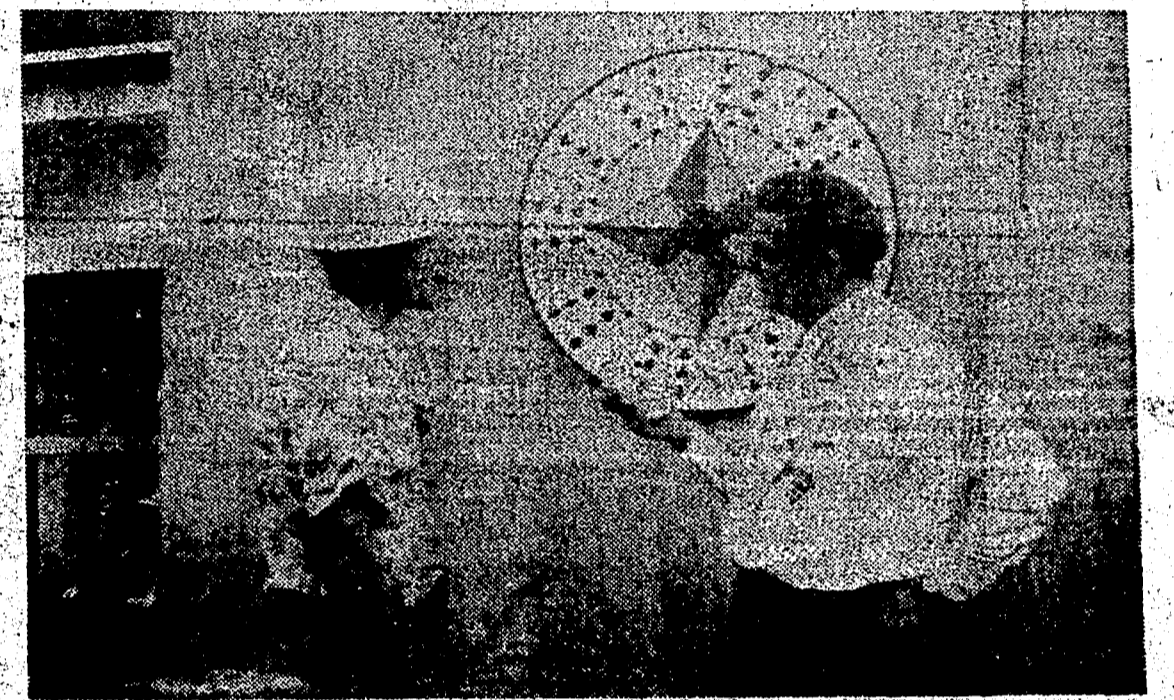

The Weather

Weather report for August 24 to 30 from the Summerland Research Station.

Date	High	Low	Prec.
24	65	55	
25	60	46	21
26	62	47	T
27	78	53	
28	65	48	.01
29	65	54	
30	67	54	T
Total rainfall		.22 inches.	
Hours of sunshine		15.1.	

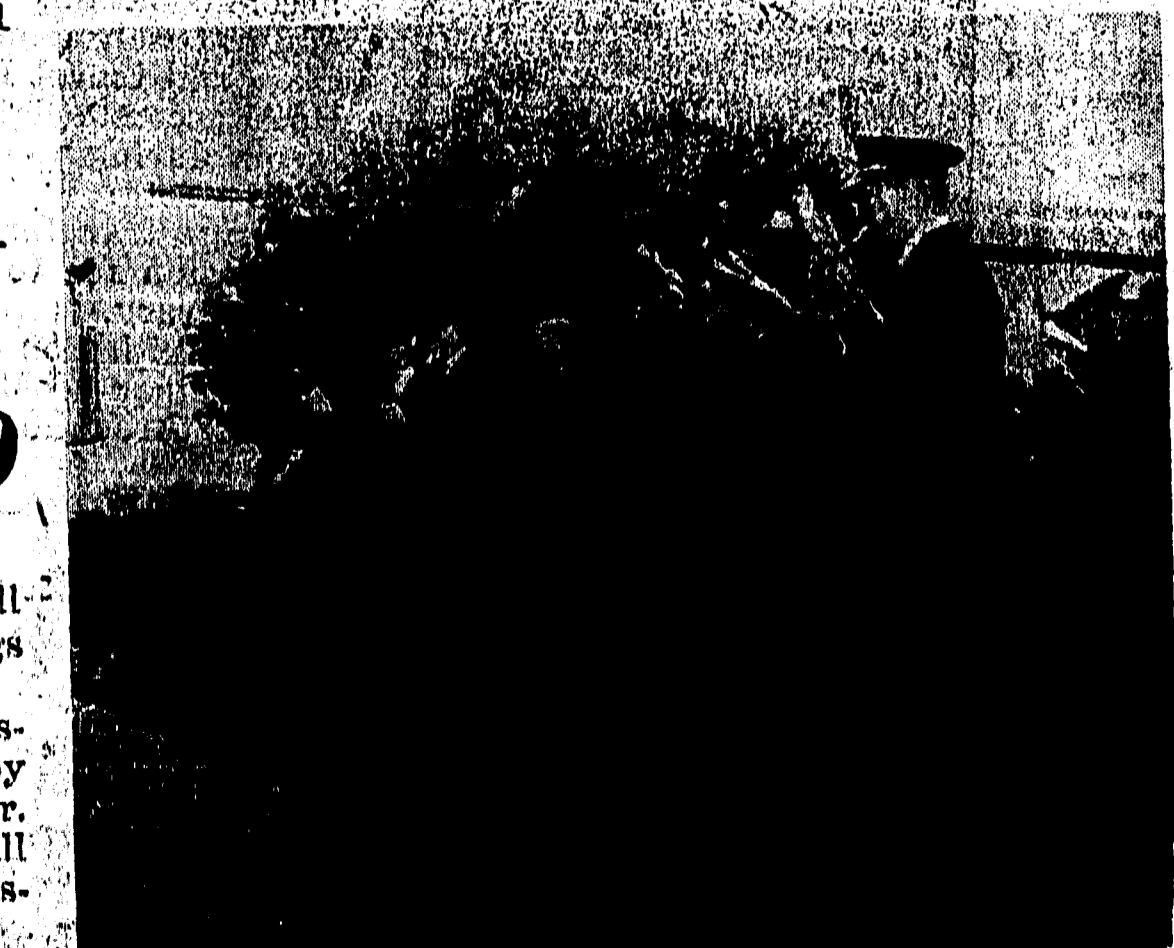

Up we go — having fun on one of the three Trump Giffes at the Kiwanis annual Street Carnival.

Mr. Fred Schuman, busy working at the Carnival, takes time out to hope the fall fair will be just as big a success.

Under the B — one of the most popular events was bingo, with "Hilly" Smith calling out the numbers.

Our excellent town band started off the carnival with some lively music. Club officials were happy with the local support given to their bigger and better carnival.

Prize Lists now available for Fall Fruit Fair Sept. 9 & 10

Prize lists for the Fall Fruit Fair, September 9 and 10 are now available at local stores. There are ten sections this year, two more sections having been added for rugs and quilts. These competitions are sponsored by the Women's Institute, who also sponsor the fruit pie contest.

The rugs and quilts will be shown in the WI Emporium, a new and novel idea the Institute has come up

with this year, in order to display the rugs and quilts.

All exhibits must be in place by 3:30 p.m. Friday, September 9.

Visitors to the fair can enjoy an added treat this year. A real wester barbecue, sponsored by the Canadian Legion. The barbecue will be held on Saturday starting at 6 p.m. in the fair grounds, next to the arena. So come and have supper

at the fair.

Again this year there will be display of wood carvings by Harry Amundson.

There is also a rock display for "rock hounds" by the Moores from Trepanier.

The Research Station will have its excellent fruit display again this year.

There will be lots more — entertainment and displays for everyone — at the fall fair September 9 and 10.

Editorials

It's that time again

The executive of the Fall Fruit Fair, sponsored by the Board of Trade, is working hard again to give us something varied and of interest September 9 and 10.

It must be remembered that no person or group of persons is responsible for the progress of the Fair. We, as individuals, must realize our responsibility in that the success of any fair depends on how much effort each person is willing to make.

This community should be proud of our Fair and willingly give of time and effort to make it a success.

This year as usual the accent is on better agriculture, however due regard is being given to entertainment, as a necessity of life and in this respect provision is made for "fun at the fair".

A new feature this year is the rug and quilt contest. In past years this display has been very interesting and it is hoped this year all the ladies who have articles to show will do so and ensure a good variety for the display.

A Challenge to CCF Leader Robert Strachan:

Tell B.C. where CCF would get \$1,500,000,000 a year for jobs and construction

Harsh language and untrue charges are no answer to statements we have made warning British Columbia against possible loss of its good standing with investors.

We have said this:

1. It takes one billion, five hundred million dollars (\$1,500,000,000) a year—mainly from outside B.C.—invested in private and public projects to keep B.C. prosperous. (This is undeniable.)
2. A Socialist-CCF Government would frighten away, not attract, such capital. (If you disagree, Mr. Strachan, you owe it to the public to say WHERE you would go to get the money.)
3. A Socialist-CCF Government put into office by alliance with a militant group of labor union leaders would give such leaders not only their present great economic power in B.C. but political power as well, through control of government. (Such power would be extreme and dangerous.)

You describe these warnings as "dirty, rotten practices", and "mud-slinging". Do you have any better answers?

You have charged that the B.C. Federation of Trade and Industry is a "front organization for the Socreds." The Federation was formed years before there was a Social Credit government in British Columbia, never has had association directly or indirectly with it nor with any political party whatsoever in British Columbia.

The Federation answers Socialist propaganda with factual statements and urges British Columbians NOT to take a gamble in state-ownership and class government which could dry up the vital flow of funds for new development and payrolls.

INDUSTRIAL PROGRESS COMMITTEE
of the
B.C. Federation of Trade and Industry

We are all under Obligation

by Rev. P. Louie

"I am under obligation both to Greeks and to barbarians, both to the wise and to the foolish". Romans 1:14.

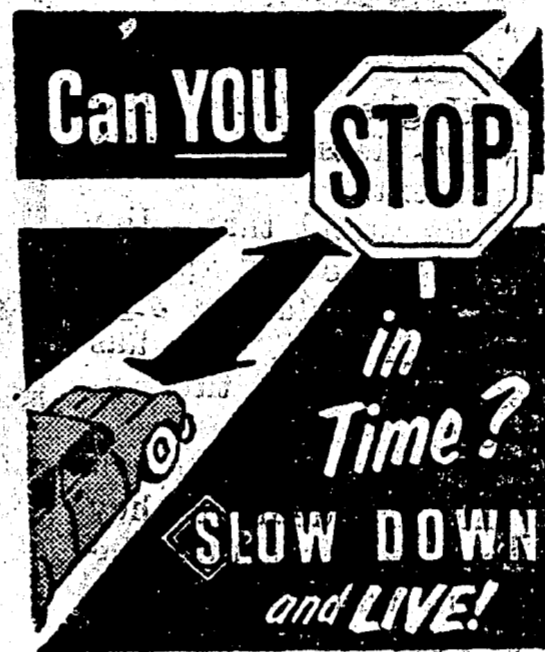

In the text the Apostle Paul declared himself to be under obligation both to the Greeks and to the barbarians, to the wise and to the unlettered. But why would the militant missionary so speak. Had he not been persecuted and imprisoned by some of these same people to whom he now declared his indebtedness. The apostle felt, and rightly, that the immensity of Christ's redeeming love, which had so amazingly transformed his own life, constrained him to give himself freely to all kinds and conditions of men that they, too, might become ambassadors of God's love.

Here we see a cardinal principle of the Christian life, namely, it is the giving of oneself rather than the asking for oneself that determines devotion and spiritual direction. Love never bargains!

Jesus never asked any

man, "What's in it for me". He was constantly giving Himself, and in abundance, that others might know the will of the Heavenly Father. Jesus felt an obligation to introduce man to his Maker.

As we scan the pages of history, the indeible characters have not been those who lived by the philosophy of "What's in it for me" but rather those who have said, "What is mine is yours if you need it; if I can serve you, that is my privilege, for some day we must journey to heaven together."

Prizes

Fruit, Vegetable, and Handicrafts: 1st \$1.00; 2nd 50c
Rugs and Quilts: 1st \$2.00; 2nd \$1.00.

Club Notes

Tuesday night saw the last of the summer suppers and next week the club will meet at the usual time and at its headquarters, the cafe meeting room.

Having gone back on to the regular schedule of meetings, members are requested and reminded to please call the president if they will be unable to attend, as arrangements now have to be made for catering for the required number.

Five guests were present with us on Tuesday night: Dr. McInnis, Frank McDonald, Wilf Gilmour (the new manager of the Co-op) Gordon Stinson of Penticton and Hilton Hughes. The club was very pleased to have them present.

We understand that Jim Schaeffer is now a proud father, congratulations Jim, also to your wife, who has a great interest in this event too.

Members are asked to advise the president if they can be present at the convention in Vancouver at the end of September. Some ten couples are all set to go, and it is hoped that more will be able to arrange to be there.

A letter was received from the high school, thanking the club for the scholarships that were presented to the students.

It will be remembered that the losers of the attendance competition eat beans for their supper. Tuesday night however, they came into their own, as the steak eaters bought them their dinner, of steak this time.

The club wishes to thank Jerry Halquist for all the time he has spent during the summer in arranging and cooking the suppers, also Clare Elsey for the use of the dining room at the Occidental.

Locals

A shower was held in honor of Lillian Larson at the home of Mrs. Keith Young with Mrs. George Kennedy as co-hostess.

Mr. and Mrs. G. Dinning are home from a trip to the prairies. They travelled to Winnipeg the Canadian way and home again via the American highway. They brought their grandson, Gregory Dinning back with them. He will be attending Trout Creek School.

Rev. and Mrs. W. R. Ashford of Calgary, formerly with the Summerland United Church, visited at the Fred Gartrell home recently. They were enroute to Calgary from their summer home on Salt Spring Isle.

Local girl wed in lovely ceremony

A marriage of wide interest took place in Summerland United Church August 20, 2:30 p.m., Rev. P. K. Louie officiating, when Miss Dorothy Carston, daughter of Mr and Mrs. Fredrick Carston of West Summerland, became the bride of Mr. Jan Leonard Creighton, Vancouver, son of Mr. and Mrs. Geo. Creighton, Riverside, California.

The bride entered the church, which was decorated with white and yellow gladiolus, on the arm of her father. Her white gown was fashioned with a chantilly lace bodice and a flared skirt of Bombazine silk ending in a train. Her veil was chapel length, edged in lace and she carried Rubrum lilies.

Her attendants, Miss Bonnie Wilson of Calgary, Miss Penny Creighton, sister of the groom, and the flower girl, Dianne Carston, were identically attired in gowns of yellow organza over taffeta, featuring bouffant skirts flaring from a cummerbund.

Wedding music was played by Mrs. Delmar Dunham and Miss Marjorie Campbell of New Westminster sang, "The Wedding Prayer" and "O Perfect Love".

Groomsman was Raymond Dunsdon. Ushers were Dave Marshall and Charles McKay.

A reception was held in the IOOF Hall which was decorated with baskets of glads and yellow and white

streamers. The toast to the bride was proposed by Mr. Barry Wilson of Calgary and a toast to the bridesmaids was given by Mr. Raymond Dunsdon.

The bride chose a beige linen suit and matching accessories as her outfit for their honeymoon through the interior.

The groom, a student at UBC, is in his final year in Agriculture.

Miss Bonnie Wilson, florist from Calgary, did all the floral arrangements.

Former U.S. Air Force Sgt. Paul Wilson, who says he hates the United States, has turned up in Cuba and offered his services to Fidel Castro. Wilson was dishonorably discharged after being convicted of dealing with Communist agents in East Germany. "If Castro can't use me, perhaps Russia or Communist China can," he said.

Comings and Goings

Recent visitors at the home of Mr. and Mrs. B. Wilburn were their son Bill and his wife. Mr. and Mrs. Bill Wilburn were married this spring. Mrs. Wilburn was on the teaching staff of an Edmonton elementary school. Mr. Wilburn graduated in Arts from the University of Alberta. They are on their way to California where he will study theology in a Baptist College there.

Also visiting at the R. Wilburn home were Mr. and Mrs. Manning Powers and family of Creston.

Miss Jean and Miss Nan Bostock of Monty Creek were recent guests at the home of Miss Marion Cartwright.

Rev. George Leasor of Vancouver has been appointed to the West-Summerland Free Methodist church. Rev. Leasor, wife and three children are now living in the Free Methodist parsonage. Rev. Souter and family have moved to Burlington, Wash. where he has taken a position on the teaching staff of a local school.

Rev. Lyle Kennedy is attending the convention of the Baptist Union of Western Canada in Brandon.

Mrs. M. K. MacRae is home after attending summer school at UBC.

Mrs. H. J. Mott has returned from a three week trip on Vancouver Island.

Mr. and Mrs. Bert Stent are home again after an extended holiday in Mexico.

Mr. and Mrs. C. Brawner, Cathy and Randy of Victoria spent the week end at the home of Mr and Mrs. V. Brawner.

Miss Louise Shannon and Miss Vicki Cuthbert will be leaving Monday to take nursing training at Royal Columbian Hospital and the Vancouver General Hospital respectively.

Visitors at the home of Mr. and Mrs. Ron Andall were Ron's niece and nephew, Mr. and Mrs. Armstrong and family of Regina. Also visiting was Mrs. Mabel Tetreault of Saskatoon.

Miss Mabel Hine of New Westminster is holidaying at the home of her brother, Ernest Hine on Hospital Hill.

Mr. and Mrs. Vern Lockwood had as guests over the week end Mr. and Mrs. Frank Haskell of Bellingham, Wash. Mr. and Mrs. Lockwood leave September 2 on a fishing trip up north.

Mr. A. W. Watt of the B.C. Dept of Agriculture attended the annual conference of the North West Association of Horticulturists and Plant Pathologists in Vancouver last week.

R. M. Kent, Sand Hill Road won first prize for coloured slides at the Saskatoon Exhibition. In 1959 Mr. Kent received honourable mention at the Regina Exhibition with black and white.

Births

Born in Summerland Hospital to Mr. and Mrs. Jim Schaeffer, a boy, August 29.

Shower held for Miss Margaret Lauer

A shower was held at the home of Mrs. C. Krause on Friday to honor Miss Margaret Lauer. Mrs. I. Nelson of Penticton and Mrs. J. Smith of Summerland were co-hostesses.

Miss Lauer sat in a large armchair that was cheerfully decorated in blue and white. An enjoyable evening was spent with games and bingo. An attractive as well as a delicious lunch was later served.

Those attending were Mrs. A. Kohlhauser, Mrs. F. Morrow of Penticton, Mrs. A. McCargar, Mrs. W. P. Powell, Mrs. N. Dickenson, Mrs. J. Hollinger, Mrs. T. MacFarland, Mrs. J. Cameron, Mrs. E. Dickenson, Mrs. J. King, Mrs. O. Wendal, Mrs. W. Neuman of Naramata, Mrs. E. Stahl, Mrs. E. Mayart, Mrs. J. Morrow of Penticton, Mrs. B. Burns, Mrs. S. Proctor, Mrs. W. Schramm of Windermere, Mrs. F. Lauer, mother of the bride to be, sisters of the bride, Misses Susan and Cynthia Lauer, and Miss Shirley Wend.

Unable to attend but sending gifts were Mrs. C. Elsey, Miss Rosemary Neumay, Miss Rosemarie Neumay, Mrs. K. ... Mrs. B. Milne, Mrs. E. Pagliocchini, Mrs. B. Hafner of Naramata.

END SCHOOL TAX ON HOMES & FARMS

IT CAN BE DONE!
IT WILL BE DONE!

Shift school costs from homes and farms. A wealthy man who rents and those in trailer camps NOW pay NO school tax, but one-half of your land tax goes to schools. Restore real activity to local school boards. Protect teachers' rights. Make education everyone's responsibility.

Polyethylene Mulch speeds tree growth

Will a polyethylene film mulch help speed the growth of trees, particularly nursery stock, fruits and ornamentals.

Preliminary tests at a research farm in North Carolina have indicated significant increases in tree growth through the use of black polyethylene film mulch around the base of the tree.

If present results are confirmed in a broad scale testing program, it will mean that new homeowners can radically shorten the time required for shade trees to grow to pleasing proportions. For nurserymen it will mean larger, stronger plants that command higher market prices. For the fruit growers, it will mean larger, sturdier trees in less time.

Feet off the ground, the highland dancing lassies thrill the heart of every Scot as they go through their paces before the judges. One of Canada's most popular forms of folk dancing, this Scottish highland performance was turned in at Fergus, Ont., where the annual Fergus Games are recognized as one of the top events of its kind in the country. Visitors throng by the thousands to enjoy the games.

HANDYMAN ABOUT THE HOUSE

By GORDON DONALDSON

There's nothing like a drive through a thunderstorm to start you thinking about the marvels of nature. The menace of lightning may be pretty small stuff compared with the menace of a do-it-yourself electrician with a screwdriver in his hand, but it looks much more impressive.

So when I got home, neither drowned nor frizzled to bits, I looked up the latest dire warnings from the Lightning Protection Institute of the United States.

All I could remember about lightning was the saying that it never strikes twice in the same place and the uncomfortable feeling that it doesn't really need to. Once is enough.

Apparently even this is wrong. Lightning begins striking lightly, like a cat stroking its prey, then lashes itself into a fury within a split second.

There are two main kinds—hot and cold.

"Cold" lightning has high voltage but low amperage. It darts in at a speed of one-tenth thousandth of a second, expanding the gases around it so fast that it will explode and shatter walls or trees like a small bomb.

Its effect is explosive; it seldom starts fires.

"Hot" lightning has quite low voltage backed by tremendous amperage. What appears to be one stroke is actually a succession of rapid blows at the same spot which rapidly heat up to a temperature of thousands of degrees. There is a swoosh—and fire breaks out.

The average bolt is about 4,000 feet long. Its core of electricity is half an inch thick and it releases about 25 cents worth of current (domestic rates) in a hundredth of a second.

Its target is not selected at random—in fact the target

may send up preliminary streamers of energy to meet the downward bolt.

The highest building around—the church steeple, for example—is usually the best target. But low-lying ranch homes, packed with people living better electrically, are by no means immune.

Any building standing by itself can be in danger.

The Empire State Building is struck up to 48 times a year. But it expects attack and is ready for it with a most elaborate conductor system.

You, too, can be ready for lightning. But most of us aren't. In the United States alone, \$100,000 worth of property damage is caused every year, 600 people are killed and 1,500 injured.

Lightning conductors are the answer. They not only catch the devastating bolt if it comes, conducting it safely to earth, but they stop the dangerous build-up of ground charges which are an invitation to the bolts in the skies.

One ground does not give full protection. You need several rods—going down 10 feet into moist earth and connected to all the roof ridges.

For proper protection you need a complete system. It can either be the concealed type installed when the house is built, or an exposed complex of conductors added later. It's a job for a lightning protection expert.

Of course the most elaborate system won't help you if you're out alone in a thunderstorm. Keep away from lonely trees, overhead wires and chunks of machinery such as tractors. If you feel your hair prickle and stand on end you may be becoming a target, so lie down quickly.

However—and I wish I'd known this yesterday—you're pretty safe in a closed car.

Notice to Creditors

PHILIP G. DODWELL formerly of R.R.1; West Summerland, B.C. Deceased

NOTICE IS HEREBY GIVEN that creditors and others having claims against the estate of the above deceased are hereby required to send them to the undersigned executor at 626 West Pender Street, Vancouver 3 B.C.; before the 30th day of September, 1960 after which date the Executor will distribute the said estate among the parties entitled thereto having regard only to the claims of which it then has notice.

THE ROYAL TRUST COMPANY, Executor; BY: Boyle, Aikins O'Brian & Co. its Solicitors.

NOTICE

Notice to Contractors Sealed tenders are invited for the construction of a Rectory for the Board of St. Stephen's Anglican Church, West Summerland, B.C.

Plans and specifications and instructions to tenderers will be available to bona-fide General Contractors at the office of J. R. Baxter, Architect, Room 117, Loughheed Bldg., 304 Martin St. Penticton, B.C. on and after Monday, August 22, 1960.

Tenderers will be received up to 4 p.m. on Tuesday, Sept. 6th, 1960 at the office of the Architect and will be opened at a meeting of the Board immediately thereafter.

A certified cheque in the amount of Twenty-five Dollars (\$25.00) will be required for each set of tender documents, and will be returned on receipt of same in good condition within ten days after close of tenders. Make cheques payable to J. R. Baxter, Architect, PENTICTON B.

J. R. Baxter, Architect, Room 117, Loughheed Building, 304 Martin Street, Penticton, B.C.

WANTED TO RENT — with option to buy, small farm, with 500 and. Write Box 20, Summerland Review.
