

Breakwater To Be Extended

Summerland's breakwater will be extended this spring another 240 feet.

This was announced today by Summerland Yacht Commodore L. A. Smith who through David Pugh, MP, made representations to Ottawa and who received word Tuesday from the district chief engineer for B.C. and Yukon, A. Walkey that the extension has been okayed.

The extension, which will angle into shore partway and then point straight in, will make a completely wind proof harbor. To give further protection the breakwater will be extended on the south side.

Work is expected to start early in April.

Mothers' March Raises \$1,175

Summerland, as usual responded generously to the Kinsmen Mothers' March donating \$1,175 during the two-hour Kinsmen blitz canvass held on Monday.

R. Towgood, chairman of the Kinsmen club, expressed deep appreciation of the generous response and also extended the thanks of the club to all those who had canvassed.

The response was not limited to adults and in many homes youngsters emptied their piggy banks.

Canvassers in Happy Valley met up with a group of children who had pooled their resources and cheerfully donated their all, 14 cents, to the Kinsmen fund.

A large percentage of the Kinsmen polio fund goes to assist stricken children.

Reports Seeing Three Robins

Councillor Robert Alstead reported seeing three robins in his garden at Trout Creek this a.m. Maintains Councillor Alstead, that's pretty good for this time of the year even if we do happen to live in Summerland's banana belt.

Building Permits Down In January

Two building permits to the value of \$16,500 were issued in January representing one permit for \$500 for alteration and addition to a dwelling and \$16,000 for additions and alterations to a commercial building. This showed a drop from January 1959, when eight permits were issued for a total value of \$23,450, a decrease of \$6,950.

New Diseases In Apple Orchards

Virus diseases are causing considerable injury to B.C. apple orchards, reports the Summerland Research Station. Some viruses cause dwarfing, puckering or yellow mottling of the leaves. Some, that occur very commonly, cause no obvious symptoms in most apple varieties. Certain viruses interfere with compatibilities of scions and rootstocks.

Investigations so far have indicated an urgent need for discovery of virus free sources of apple varieties and rootstocks.

The Summerland Review

Authorized as Second Class Mail, Post Office, Department, Ottawa, Canada

Wednesday, Feb. 3, 1960

West Summerland, B.C.

Volume 15, No. 5

Pictured above are the Summerland Rockets basketball team, who are at home this week end, to do battle twice in trying to solidify their hold of second place in the league standings. Friday they take on the Similkameen Sparks, who could grab a share of second by defeating our boys. Oliver visit here Saturday night.

The Senior "B" Comets and the Rockettes play preliminaries each night beginning at 6:30 p.m.

Senior boys unofficial standings are:

Penticton	6	6	0	12
Summerland	5	3	2	6
Keremeos	4	2	2	4
Oliver	5	1	4	2
Kelowna	6	0	6	-0

Fluoridation Topic Of Health Week

Discussions on fluoridation and pasteurization are being held here for National Health Week, now in progress.

Talks on fluoridation have been arranged by Miss Hattie Empey, PHN, following a meeting with Reeve, F.

E. Atkinson, high school principal, A. J. Longmore, board of trade president, W. S. Ritchie and service club representatives.

Tuesday afternoon Dr. Jack Ratzlaff, Summerland dentist, and Fred Alecock, Continued on back page

Sixty Growers at Afternoon Chautauqua

Sixty growers attended the afternoon session of the Growers Chautauqua held in the IOOF Hall, in West Summerland this afternoon (Wednesday). Further discussions will take place this evening.

Guest speakers at the afternoon session were Mr. J. A. Smith, Provincial Supervisor of Horticulture and Mr. Chet Neilson, Provincial Entomologist.

Topics discussed were spray materials, insects and diseases.

Fruit Growers Must Keep Up With Competition

By Wally Smith

In his talk to the BCFGA convention banquet guests, Dr. James Marshall, research scientist at Summerland, told a story. It is a matter of record that he told several good stories during that address, but the one we are concerned with has a background of a little town in the western cattle country.

It seems that a cowpuncher who had spent some time at the corner tavern, staggered out through the swinging doors. His horse

was standing nearby and when the tipsy cowhand managed to scramble into the saddle he was astride the horse backward.

A passerby noticing this, said to him, "Hey, Bill! You're going the wrong way."

The puncher gave the other fan a bleary eyed stare and asked, "How do you know which way I'm goin'?"

It is important to Okanagan fruit growers to know which way they are going and it is just as important

to find out which way fruit growers of other districts are going for the direction and the pace of their industry has a most important influence on ours.

Logging Behind

To this writer the most outstanding feature of the 71st annual convention was the disturbing information that the Okanagan Valley, once a leader in the efficient production of top quality fruit, has been standing still these last ten years and is now far behind more progressive growers else-

where. This was apparent in the report of sales agency officials, in Dr. Marshall's report on his trip to Great Britain and Europe and his suggestions to Okanagan growers as a result of that trip; it was sticking out all over in the report of H. W. Byatt, Oyama grower on the board of governors of B.C. Tree Fruits Ltd.

Delegates were told the Okanagan produces an excessive quantity of low grade fruit, that they must liquidate the old, poor paying trees and replace them

with newer types, that yield a minimum of the low grades. They were told that profitable fruit growing was a highly specialized business and that the poor grower will be eliminated by sheer economic pressure.

Other fruit growing areas in the world are achieving success with dwarf and semi-dwarf trees, and extensive research with this type of tree should be undertaken in the Okanagan at once, the delegates were told.

At the Churches

National Health Week

During National Health Week we are supposed to assess our position in the field of health to see where we rate as a community. How do we rate in the eyes of public health authorities? Are we keeping pace with the recommendations of Public Health Organizations in their efforts to prevent disease on a community wide basis?

On the surface Summerland enjoys comparatively good health. We have had the occasional case of tuberculosis, polio, salmonella and streptococcal infection. Most of these diseases have been almost eliminated through immunization programs safeguarding and chlorination of water supplies, pasteurization of milk and health education, all of which have been generally accepted as desirable public health progress.

There are two aspects, however, in local community health in which we are dragging our feet. One is the continued use of "bootleg" raw milk by persons who patronize certain farmers in the district who are not licensed to sell same. The dangers of raw milk in this day and age are so well known that they should not have to be dwelt upon. The municipal council repealed its local raw milk bylaw long ago thus outlawing further sale, in the interest of protecting the health of its citizens. All Municipalities in the Health Unit area have taken similar action and a further move was made by the South Okanagan Union Board of Health requesting that the Department of Agriculture declare the Health Unit as a pasteurized milk area in order to prevent new retail raw milk outlets from developing. Two years have passed and as yet no such area has been established. How much longer do we have to wait?

In the interim we are setting up treatment schemes to deal with rheumatic heart conditions resulting from streptococcal infections which might conceivably have originated from consumption of raw milk. How much more progressive it would be to stamp out the possible sources of these infections.

We are informed that illegal sale of raw milk is still continuing in the Summerland area. If this is so, then certainly stern action should be taken to stop it.

The second aspect in which we have not kept pace with health concepts on the inter-national level is in dental health. Today dental decay ranks second to the common cold in the list of diseases in humans. Dental organizations admit that decay is increasing faster than it can be treated.

Low income families are often unable to provide for the dental needs of their children and the damage caused by such neglect often affects the personality and future of the child. Today at forty the average person may expect to have one complete denture or a partial plate if dental work is carried out. The agonizing point is that such a situation need not occur if recommendations of medical, dental and health organizations representing the best scientific brains in the world were heeded.

Fluoridation of community water supplies is advised by the World Health Organization as a means of reducing by two-thirds the dental decay in children. The subject matter have been proven more thoroughly and with a far greater volume of evidence than any other public health measure to date.

The annual cost of chemical for a municipality the size of Summerland (using 300 million gallons of water annually) is approximately \$600.00.

Community groups interested in the health and welfare of the municipality should make their support of this measure known by resolution in order to spur the matter on to a proper conclusion.

The South Okanagan Union Board of Health of which Summerland is a member, was the first Union Board of Health in B.C. to support fluoridation of community domestic water supplies. Kelowna and Glenmore proceeded with the approval and commenced fluoridating in October 1956.

What are we waiting for?

A meeting on this important subject is to be sponsored by the Trout Creek P.T.A. on February 18 in the Trout Creek School. Here is an opportunity to thoroughly discuss this important subject and we hope that parents from all parts of the school district will attend.

By Dave Pugh, M.P.

Today, Friday the 22nd, sees the close of the first week's work in this session of Parliament. Last week was the opening of parliament with all the pomp and ceremony which tradition demands. As this was the first opening for our new Governor General, I made a point of standing beside the steps at the entrance. Before me the Guard of Honour was drawn up and as the Governor-General drove up accompanied by his wife, I felt the same thrill as on both former occasions. There was, however, an additional thrill in that Constable Garry Tasker of Oliver was acting as footman. In this capacity he rode with the Governor-General from Government House. It is a signal honour to be chosen for this position and he carried out his duties in splendid fashion.

To my mind the fact that the Governor-General is married added a great deal to the ceremony. Madame Vanier is a very delightful person and I am sure will add much to the Governor-General's position. The evening before, as your representative, I had the honor of being presented to Their Excellencies at a State Reception at Government House. In itself the reception was most colorful. All diplomats in Ottawa were present and representatives from the Armed Forces were there as well as members of the Senate and the House of Commons.

The Speech from the Throne was reasonably short and of course contained only a statement of intention on proposed legislation. This includes farm legislation, the Bill of Rights, a Revision of the Civil Service Act, the Enfranchisement of Indians, the organization of a new forestry department and amendments to the Old Age Security and Veterans Allowance Act. An early criticism is that the Speech from the Throne did not fully set out matters of defence, unemployment and other material. The answer to this is of course that the Speech from the Throne cannot set out in detail everything that will be done. (Continued on page 7)

First all Canadian air service from Canada to Rome will be inaugurated March 4 by Canadian Pacific Airlines' jet-prop Britannias flying the direct sunny southern route from Toronto Montreal to Rome. The Eternal City has more than ever to offer

the tourist in 1960 as it is the site of the Olympic Games. However, there is more than athletic displays to lure the tourist to Rome. One example is St. Peter's in the Vatican, largest of Christian churches. Begun in 1506, it was finished 120 years later.

Bowling News

by Glenn Fell

Mixed league standings:
Occidentals 44, Come ons 39, People Eaters 38, Kinsmen 37, Whizbangs 35, Teenagers 34, Tornadoes 34, Spudniks 32, Foresters 31, Headliners 31, Hilltoppers 31, Zeros 31, Liberties 30, Scandies 30, Sportsmen 30, Five Squares 29, Happy Gang 29, Hi-Los 29, Gibtins 27, Bankers 25, Dead Beets 24, Five Spots 24, Hillbillies 23, Billiards 22, Laggars 22, Outlaws 21.

Muriel Wallser rolled a 303 and Bruce Bingham a 310 for high singles. Nan Thornthwaite bowled a 704 and Fred Kato 671 for the

high three. Occidentals were the high team with a total of 3223 pins.

Ladies league standings:
Pin Heals 5.5, Hellecats 5, RangyTangs 5, Beatniks 4, Strangers 4, Chatterboxes 3, Just Us 3, Hayseeds 2.5.
Marilyn Cristante bowled a 289 for the high single and Eileen Fell 673 for the high three. Rangy-Tangs were high team with 2422 pins.

Men's league standings:
Kinsmen 14, Toppers 14, Rollaways 13, King Pins 11, Retreaders 9, Hot Shots 7, Five Blows 6, Rockets 6.

Bud Green bowled 339 for high single and Don Clark 942 for high four. Toppers were the high team with a total of 4118 pins.

Shower Honors Officers Elected By Bride-elect Guide Association

Marjorie Scott

Mrs. C. Wade and Mrs. D. Cristane were co-hostesses at a shower Thursday night given in honor of Miss Marjorie Scott, whose marriage to Douglas Holmes took place January 30.

The bride to be was given a champaign colored rose corsage and the gifts were brought in, in a box decorated with Overwaitea posters. After the gifts were opened games were played and refreshments served.

Those present were: Mrs. T. Scott, Mrs. W. Holmes, Mrs. G. Wade, Mrs. E. Naskie, Mrs. B. Tam, Mrs. A. Campbell Sr., Mrs. A. Campbell Jr., Mrs. D. Taylor, Mrs. Geordie Taylor, Mrs. H. Smith, Mrs. B. Laidlaw, Mrs. J. Laidlaw, Mrs. G. Clark, Mrs. H. Shannon, Mrs. A. Clifferd, Mrs. K. Heales, Mrs. H. Bishop, Mrs. A. Menu, Mrs. D. McInnes and the Misses Ruth Scott, Donna Holmes, Vanda Wade

The local association to the Girl Guides and Brownies in Summerland has elected officers for the ensuing year. Mrs. K. M. Storey is the new president succeeding Mrs. Ross McLachlan who has filled the position capably for the past two and a half years.

Others on the executive are past president, Mrs. McLachlan; vice president Mrs. Melvin Hyde; 2nd vice president Mrs. Ian McCuaig. Secretary is Mrs. Syd Hodge and treasurer Mrs. Ann Swinnarton. Mrs. W. H. Durick continues as badge secretary. Those on the special events' committee are Mrs. Nels Charlton, Mrs. John Tamblyn, Mrs. John Bennest, Mrs. T. I. Davis, Mrs. Mel Ducommon, Mrs. Ed McGillvray, Mrs. McLachlan and Mrs. Stan Porritt.

Mrs. H. R. McLarty will be in charge of publicity and press and is the provincial public relations officer. Uniform convener is Mrs. Al McIntosh and phoning convener, Mrs. Donald Orr. Those in charge of decorating for special events

will be Mrs. Waterhouse, Mrs. Roy Kuroda and Mrs. McLachlan.

During the year the organization raised \$902.78 of which \$232 was the Summerland quota for the Okanagan Lake Guide campsite.

A survey by letter to all mothers of Guides and Brownies as to whether each would rather pay \$5 outright instead of having fund raising events, did not prove conclusive enough for a firm opinion. Sixty-seven percent were in favor of the donation and thirty three percent thought LA members should work for the money. One large fund raising event for the year has been suggested. It is selling light bulbs in a complete community canvas for the first week in March. If not enough money is raised this way, it would be augmented with other fund raising events.

Other business showed 72 Guide badges had been earned and 114 Brownie badges in 1959. There is one Guide company in Summerland and three Brownie packs.

The Municipality Of Summerland

PROCLAMATION

To the Residents of Summerland

It is my privilege to proclaim January 31st to February 6th, 1960 as

National Health Week In Summerland

Although we individually endeavor to maintain a good standard of health, a week devoted to greater emphasis of the achievements of medical science is very much worthwhile.

An article appearing in this paper deals with many aspects of health, including pasteurization and fluoridation. Let us each give more attention to these items in 1960.

January 29th, 1960

F. E. Atkinson
Reeve

Promenade

Items on the square dance calendar for Saturday, Feb. 6 include:

Intermediate level dance at the High School Cafeteria in Penticton with Bob Emerson as emcee.

Kelowna Wagonwheelers are holding a dance in the Centennial Hall with Chas Larsen emcee. Lunch is served by the club.

In Vernon the Buttons & Bows under the direction of Ray Fredrickson are holding a party night. Lunch is served at this one too.

Square dance lessons for new dancers and intermediates are in full swing with both classes being well attended. New rounds being taught are Bye Bye Blues, First Love and Marcheta.

Mr. and Mrs. Fred Gale of Clinton were here for the week end.

Local Couple Wed In Anglican Church

A very pretty wedding was solemnized on Saturday January 30 at 7:00 p.m. at St. Stephen's Anglican Church, when Marjorie Lue-lla, daughter of Mrs. T. Scott and the late Mr. Scott, became the bride of Douglas Wade Holmes, son of Mr. and Mrs. N. Holmes. Officiating was Rev. W. S. Beames.

Midst a setting of yellow and white mums the bride was given in marriage by her brother Chester Scott, of Seattle. The bride wore a ballarina length gown of white taffeta with panel of lace chantilly, also a lace collar trimmed with white iris sequins and rhinestones with lily point sleeves. Her headdress was a cornet with veil, trimmed like her dress. She carried a pillow of red

roses and white carnations with lily of the valley. She wore pearls, the gift of the groom.

As matron of honor and bridesmaid were her sisters Mrs. Archie Campbell of Penticton and Ruth Scott of West Summerland, both wore peacock blue sheath dresses of brocaded nylon with ruffled trim, white accessories and white carnations. They carried bouquets of peach camillas.

Flower girls were Donna Holmes, sister of the groom and Darlene Campbell niece of the bride. They wore dresses of peacock blue net baskets of orange blossoms and peach camilla buds.

Harold Derosier, of West Summerland was best man and ushers were Raymond Scott of Kelowna, brother of the bride and Glen Taylor, cousin of the groom.

Soloist was Mrs. Dale Campbell of Penticton, who sang "The Lord's Prayer".

A reception was held in the IOOF Hall where one hundred and forty-five guests were received by Mrs. T. Scott, Mr. Chester Scott and Mr. and Mrs. Norman Holmes. Mr. Archie Campbell proposed the toast to the bride and Mr. Harold Deroiser the toast to the bridesmaids. A dance followed the reception.

Locals

Miss Dorothy Dunsdon and her twin sister, Miss Marion Dunsdon, daughters of Mr. and Mrs. A. R. Dunsdon, have completed their RCAF basic training at St. John's Quebec and have been posted to Winnipeg. They are both taking the airforce medical assistants' course.

Mrs. Jim Hack and her small daughter of Spence's Bridge has returned to her home after visiting with Mr. Hack's mother, Mrs. E. Hack.

Mr. and Mrs. A. McLachlan and Mr. and Mrs. Tom Ritchie have gone to California for a winter holiday. Mr. and Mrs. S. A. McDonald are holidaying in California.

Mr. and Mrs. K. O. Lapins and daughter, Miss Ruth Lapins have left for Ottawa where they will be for the next two months. Mr. Lapins, on the staff of the pomology section at the Canada Research Station has been posted to Ottawa for this period.

To Discuss Summer School of Fine Arts

Friday, February 5 will be UBC day in Penticton. Sparked by a suggestion made at the November meeting of the Penticton Board of Trade by Frank Laird, education chairman, a request was made to the university to consider possibilities of a Summer School of Fine Arts in Penticton. Further negotiations have resulted in arrangements for a panel of faculty members to be in Penticton to discuss the feasibility of the undertaking with the committee of the Board of Trade, officials of School District No. 15 and leaders in the art groups.

A public meeting will be held in the High School Auditorium at 8 p.m. when the panel of speakers from

UBC will outline current trends in the arts, expansion of the arts throughout the provinces, sources of help and in short undertake to present "what Penticton can do" towards setting up a Summer School of Fine Arts.

Interested groups throughout the Okanagan Valley are invited to attend.

Open Letter to Parents, Students and Friends

We would like to say how pleased we were with the capacity crowd to view the wrestling teams. We regret, however, that we haven't been able to fill the gym for our own basketball games. Many people are missing the good entertainment and proficient basketball displayed by our teams. This Friday and Saturday, Summerland plays host to Keremeos and Oliver respectively. We hope to see a large enthusiastic crowd in attendance.

On the front page of this issue is a picture of 12 boys and their coach. This is the senior boys basketball team. We would like to add, however, that they are more serious towards their game, than they apparently were to the photographer. The editorial staff has put their heads together and come up with some remarks to befit the Rockets' facial expressions.

No. 11 Roger Solly: I've had my tranquilizer, now pass the glucose.

No. 33 Ed Menu: What opponents.

No. 44 Frank Carey: Sure we'll win.

No. 45 Dick Dunsdon: What's that, eh, ref.

No. 3 George Henly: Do we have to play a game on Saturday night?

No. 27 Vern DeWitt: My mummy said it was all right.

No. 55 Don Graham: So that's basketball!

No. 24: Ken Beggs: Are you sure this won't hurt?

No. 23 Stosh Uchida: Did you check the rule book ref?

Holding ball, Larry Freeman: What ball, sir?

No. 25 Keith Skinner: Hey, those cheerleaders!

No. 12 David Davis: We gotta win.

Coach Puddy: Ah, these are MY boys!

Wrestling In Gym Attracts Large Crowd

On the evening of Saturday, January 30, the Summerland High School gymnasium was the site of a most interesting wrestling program. Summerland wrestlers were Paul Roberg, Norman Smith, Ken Mountford, and Maurice Braniff. These boys put up very fine fights against wrestlers from UBC. Unfortunately the Quesnel wrestlers were unable to appear owing to the bad roads.

Mr. Longmore started the evening with a welcoming speech and then introduced the coach of the UBC wrestlers, Paul Nesmith. This gentleman has 35 years of wrestling experience and so was a very capable referee for the evening's bouts. He introduced Keith Maltman of Kelowna, one of the more experienced to appear, who gave us a very convincing demonstration of his skill later on in the evening.

Before the "real" wrestling began, two boys from UBC gave a demonstration

holds. Some of the latter are kicking, ear and finger pulling, the flying mare with the palm uppermost, pulling the opponent's cloth of the orthodox and illegal ing, and the wearing of grease or some other slippery substance on the body or hair.

One of the most interesting bouts was between John Hargrove, an ex-B.C. champ and Bill Maslechko of UBC. The referee declared it a scoreless draw.

Keith Maltman, 1954 BEG bronze medalist, defeated John Hargrove in 43 seconds, the fastest fall of the night.

Results of Summerland wrestlers were:

Braniff over Bartello, points
Casperson over Smith, Summerland, points.

R. Casperson, UBC, over Bartello, fall.

Kamill, UBC, over Roberge Summerland, fall.

R. Casperson, UBC, over Smith, points.

Two Out Of Three Win Against Kelowna

Friday, January 29, Summerland played host to three Kelowna teams.

In the preliminary, Summerland Junior Cosmics were downed by a score of 16-8. Special mention must be given to Dave Mallett, the Cosmics' high scorer.

In the second game of

the evening, the Summerland Senior B Comets came up with a win by defeating the opposing team 28-20.

The final game between the Rockets and Golden Owls proved to be another victory for Summerland, the score, 40-29.

Drama Club Prepares Two Plays For March

The Drama class is now working on two plays "The Happy Journey to Comden and Trenlin" by Thornton Wilder, and "The Wondor Hot" by K. S. Goodman and Ben Hecht.

These will be produced and shown sometime early in March.

Key Club Holds Hot Dog Sale

On January 27, the Key Club held a very successful hot dog sale. Net profit was approximately \$39.00.

Part of this will help pay for the bicycle shed, built by the Key Club.

The remainder will pay for the construction of a large bulletin board to be put in the auditorium.

Comments on Wrestling

Disappointment was on the faces of many spectators on Saturday night after the Olympic Wrestling Show. The comments were mostly negative. A few of these were:

"Personally, I felt badly let down. After seeing the glowing advertisements the actual wrestling did not meet my expectations at all."

"I thought this was the most boring entertainment I've seen in a long time."

"It was positively lousy."

"Very few people have seen this type of wrestling before, and therefore perhaps it wasn't appreciated."

In Memoriam

WALKER — In loving memory of our darling daughter, Sandra Lynn, who passed away Feb. 2, 1957. Today brings back sad memories

Of a little one laid to rest. And the ones who miss her most today

Are those who love her best Always remembered by Mommie, Daddy and brother Bobby.

Obituary

LAMACRAFT — Arthur Lamacraft, formerly of West Summerland, passed away in Vancouver January 27 after a lengthy illness. He is survived by his wife Lottie, one son Harry and one daughter Gweneth all of Vancouver.

RANDALL — A long time resident of Garnett Valley, West Summerland, Herbert Edward Randall, 83 years of age passed away January 29, 1960. He leaves to mourn a brother, S. J. Randall, two nieces and one nephew all of England. Funeral services for the late Mr. Randall were conducted from St. Stephen's Anglican Church, February 1 at 2:30 p.m., Rev. W. S. Beams officiating. Interment at Peach Orchard Cemetery. Roselawn Funeral Home entrusted with arrangements.

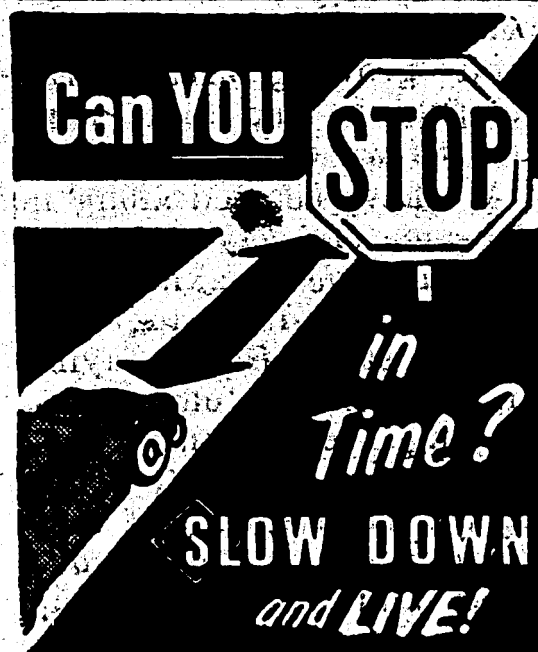

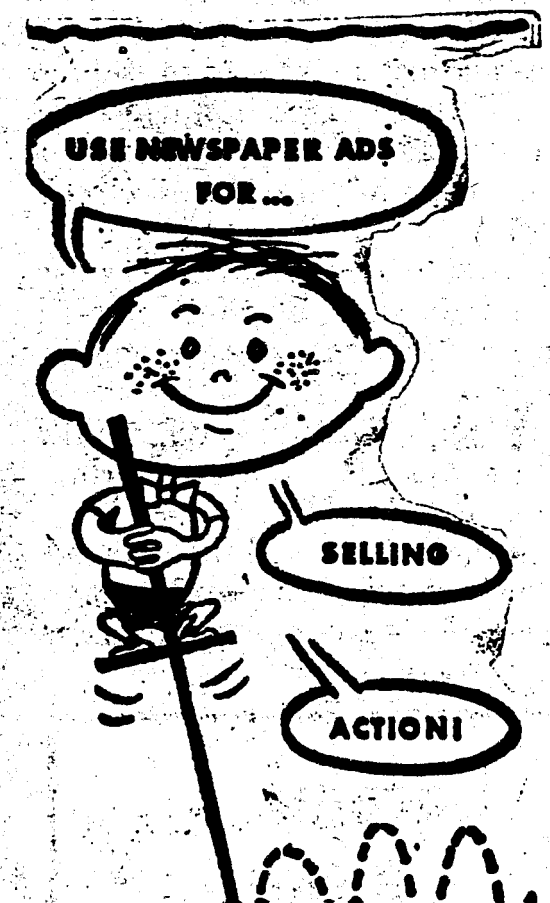

Member Reports

(Continued from page 2)

sidered in Parliament and that our Speech from the Throne is not comparable with the State of the Union message given by the President of the United States each year. As you know, the latter is a comprehensive survey of United States affairs and covers the economic situation in that country.

The Speech from the Throne was adjourned in order to allow consideration of urgent legislation on advance payments and short term loans to grain producers made necessary by the snow conditions on the prairies at the time of harvest.

the Throne Speech well on Today, January 29, sees its way. The quality of the speeches this year has improved and there seems to be a good deal more thinking behind the speeches of most members. Instead of sticking strictly to constituency matters, we are broadening out into various aspects of world affairs.

Orchard Run

Continued from page 1

A report on developments in other fruit growing areas must have been something of a shock for those who heard it for the first time.

H. W. Byatt reported that everywhere the marketing season of McIntosh is being extended to July by the use of controlled atmosphere storage. There have been some failures with CA storage, but there have been enough successes to prove that it can be done. Mr. Byatt said it would be a bad mistake to think that CA storage is a fad. Areas planned 90 percent to McIntosh believe CA is their best hope

Macs Host

Enderby Sunday

Summerland Macs Cafe Aces defeated the Penticton Kencos 9-8 in the regular weekly game Thursday.

This Sunday the Macs Cafe Aces will host Enderby, one of the better hockey teams from the North Okanagan Hockey League.

The time 2:30 p.m., the place Summerland Arena. Macs Cafe Aces vs Enderby.

This is genuine amateur hockey, deserving of support

Health Week

Continued from page 1

South Okanagan Health Unit sanitarian spoke at an assembly in the high school and later this month Dr. Ratzlaff will address a meeting of the Trout Creek PTA.

Senior grades will discuss fluoridation in their health and personal development classes.

Pasteurization of milk will also be discussed during the week.

Pamphlets will be placed in store windows and essays and poster contests held in the schools.

Careful Fitting at the Family Shoe Store gives you More Miles Per Dollar

for a prosperous industry. A successful CA storage program could have a serious effect on the marketing of late variety apples such as Winesaps.

Handled in this way the consumer buys apples freshly packed, free from disease or storage scald, and in good condition. Cartons are always fresh and crisp looking, never bulged and tired from standing long weeks in humid storage.

Many of our competitors pack one grade, a mixture of fancy and extra fancy with cee grade out. They claim this reduces costs. If they get an order for extra fancy they can fill it for they only pack to order.

Quoting from Mr. Byatt: They see no profit in storing cee grade and culls. With culls dropped in the orchard and with better average color and maturity because of their spot-pick program, cee grade is kept to a minimum and they find it practical to keep it off the market."

All this and more the delegates heard as they listened to various speakers who reported on what was being done in other fruit growing areas.

It wasn't nice to hear but it had to be told for only by seeing things as they are can we know the truth. And the truth is we have lost the leadership, in quality of apples grown and packed, and are now well behind the more progressive fruit growing areas who compete in the same markets as we do.

We have coasted along in the same old way for years, growing the maximum amount of fruit to the minimum standards, staying with the same old trees, packing everything we could get away with, berating the sales agency if they couldn't sell it for a good price, and so wrapped up in our own little affairs that we didn't bother to take a look at what other fruit growers are doing.

It's a rather grim situation, but Okanagan growers can get back into a competitive position by tightening up packing regulations, adopting maturity standards, and improving quality at the grower level with better trees and improved orchard culture.

There was evidence at the convention that they are ready to make a start on an improvement program

Kiwanis

Club Notes

Kiwanians spent a very busy evening on Tuesday, as being the first meeting of the month, the usual type of program was replaced by committees meeting and working on their plans for the year.

President John Tamblyn is preparing a revised and up to date list of all members including their address and phone numbers. When published, this will be of great use to all in the club.

Club singing was lead by Bob Alstead, whose two outstanding songs were "Nellie" and "We're Here for Fun", a very thoughtful choice.

George Henry introduced a guest from Penticton, Gordon Stenson.

Blake Brandon celebrated the only birthday this week and swelled the club's coffers by one dollar for his pains.

Scotty Ritchie reported that the curlers enjoyed a nice week end with visitors from Omak, Penticton, Kelowna and Vernon and that on Sunday, Vernon won the trophy. Eight teams in all played.

Jock O'Mahoney and Scotty Ritchie will visit the Key Club this week.

The Rotary Club has asked curlers to turn out for practice on Sunday and curlers are asked to do their best to be present.

Jerry Halquist introduced Earle Smith (club member) who gave a short talk on Citizenship and what it means to us and how can each Kiwanian help. He stressed the "privileges and responsibilities" of democracy. He said that each individual should examine himself and see how well HE is accepting his responsibilities. His talk touched off a discussion from the floor of the meeting, which brought out many thoughts and different ways in which a good citizen can be a driving force in his community.

Next week is Boy Scouts Week and our speaker on this subject is Dr. D. V. Fisher. The president asks that a good turnout will be kept in mind by all.

Committees met under their respective chairmen and handed in reports on last month's activities.

"The Scribe."

Topping Rink In B.C. Curling Finals

Zone playoffs in both men's and women's curling on the week end moved both divisions farther along the trail toward B.C. finals later in the month.

Dick Topping of Summerland copped the men's final at Osoyoos and the Millie Topham rink of Peachland grabbed the women's championship at Peachland.

Topping, with Bill Croft, third, Merrill Birch second and Hunt McKay lead built up a 5-1 lead by the fifth end of the final match against Bill Carse.

However Carse pulled to within one point in the next two ends. Topping pulled ahead 7-4 in the eighth and then protected an early counter with a host of guard rocks to add another

in the ninth. Topping used the same strategy in the 10th to take a 9-4 lead and allowed Carse a single on the 11th. Carse ran out of rocks coming home. In play leading to the final between Carse and Topping Carse won the A event and Topping took the B event.

In Peachland, the Topham rink posted a six won, one loss record to wrap up the championship when the runner-up Watson rink was upset by Mullen of Princeton in their final match.

The wins in the zone playoff now move Topping into the men's B.C. final at Kelowna, February 8 and Topham into the women's provincial final at Vernon, February 15.

School Trustees Report On Building Program

The School Board welcomes the opportunity of coming before the PTA, School Board chairman T. S. Manning said in introducing the school trustees at last week's PTA meeting. Mr. Manning said, we are glad to show you who we are and what we are planning in the way of a building program. You asked us to report on our functions but we are not going to dwell on that aspect. At the moment, our building program is all important and we want to take this occasion to present it to you and enlist your support. We are trying to give you our material briefly and concisely.

"The function of the

School Board, as you well know, is to administer the business affairs of the School District. To do this to best advantage, we ap-

(Continued on page 5)

Well matched teams Play Here Sunday

Summerland Macs Cafe Aces will tangle with the Kelowna Intermediate All-Stars on Sunday. Game time is 2:30 p.m. at the Summerland Arena. This should be a good spectator game. The Summerland Macs Cafe Aces recently won out over the Kelowna ice squad by a score of 5-4, an indication of how well matched are the two teams.

Teen Town March Of Dimes Over Top

Thanks to the generosity of Summerland citizens and the help of Teen Town members on the annual tag day, a total of \$291.86 was collected this past season for the March of Dimes in aid of the Children's Hospital.

A breakdown shows that \$147.55 was raised through the annual tag day, \$57.56 through piggy banks placed in the stores, \$54.07 through donations by children in the elementary schools, and \$32.68 raised by Teen Town members at one of their dances. In addition to the above, \$33.89 was collected

at the local Bowladrome and sent to CKOK in Penticton to help boost their fund raising campaign.

In acknowledging receipt of this year's donations Mrs. Jean Gould of Children's Hospital, made the following comment: "Our official receipt in the amount of \$291.86 is enclosed. This is the largest amount ever collected in your town and for your records we list the following totals received during the past six years: 1954 \$236.77, 1955 \$193.23, 1956 \$141.88, 1957 \$170.86, 1958 \$280.00, 1959 \$291.86.

Board Of Trade Workshop Meeting

Summerland Board of Trade president W. S. (Scotty) Ritchie and his executive have planned something different for the Thursday night board meeting this week at the IOOF Hall.

Following supper the usual order of business will be dispensed with and those present will be split into discussion groups centering around the standing committees of the board. This "Workshop" is designed to find out the individual members interests and give him an opportunity to express himself.

The president will have an opportunity to select permanent chairman for the standing committees, organize active committees, give them definite terms of re-

ference and jobs of work for the coming year.

Discussion chairman for this meeting will be: new development, F. E. Atkinson; Civic Affairs, William Fell; Agriculture, Colin McKenzie; traffic and safety, Doug Hill; publicity, Sid Godber; national and provincial affairs, G. C. Johnston; Retail Merchants Norman Holmes.

President Ritchie urges every business man, every grower, every individual, whether or not they are presently members of the Board, to come out to this meeting where everyone will have an opportunity to express their own views on the future development of Summerland.

The meeting starts with dinner at 6:30 p.m., IOOF Hall, Thursday, Feb. 11.

Irrigation Rates Up 1% First Increase Since '47

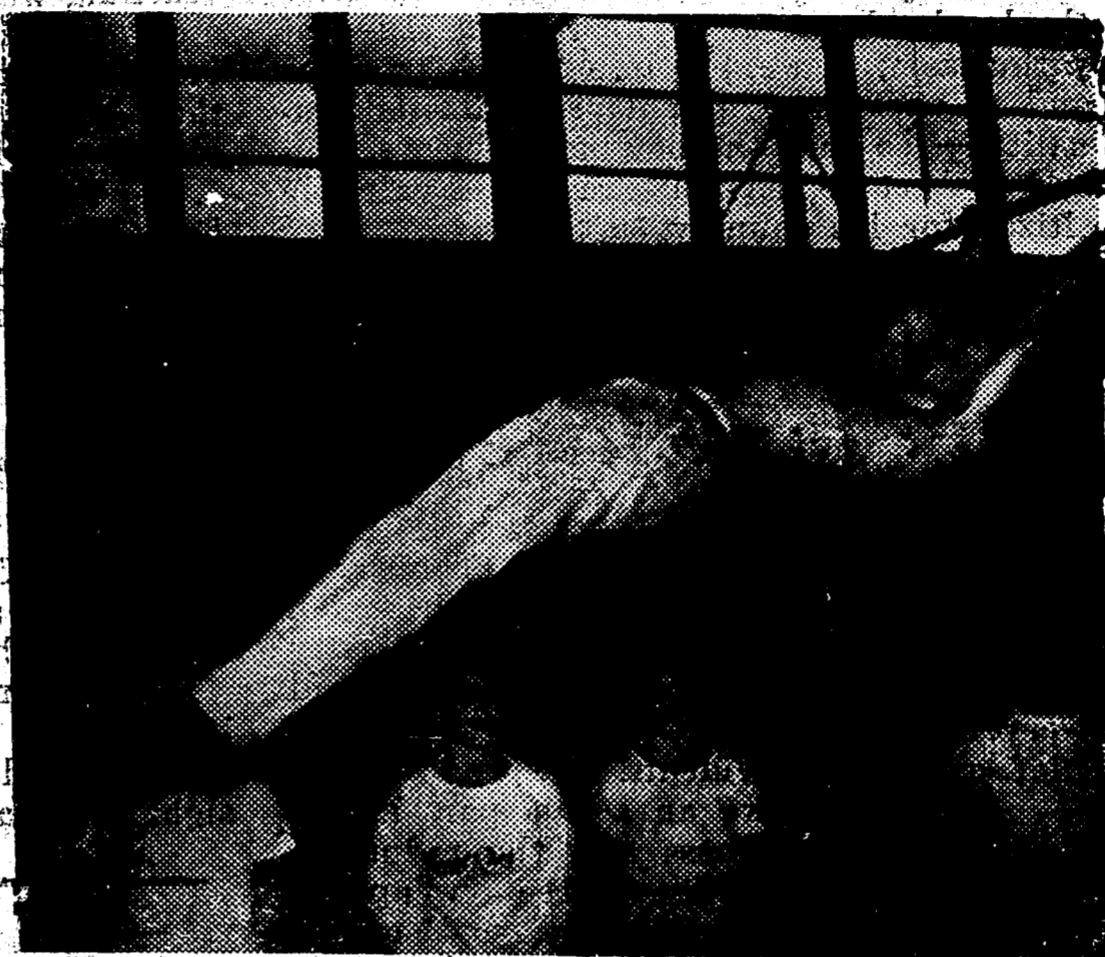

Irrigation rates in Summerland will be increased one per cent retroactive to January 1. This was passed at last night's council meeting and is the first rise in irrigation rates since 1947.

Higher rates are primarily to take care of the debt charges on Canyon Dam repair bylaw and to give assistance to the increased cost of maintenance on the general irrigation system.

About \$52,000 is raised by irrigation fees and the increase will amount to around \$5000 taking the discounts for prompt payment into account.

If an orchardist pays all his irrigation money by May 1 there is a 15% discount. Otherwise payments are due 60% May 1; 25% August 1; and the final payment of 15% on October 15. Ten per cent is allowed in discount if payments are made on due date.

Court of revision for irrigation rates will be held April 19 when appeals will be heard from anyone dissatisfied with the rates.

Larry Freeman swings from the high bars, practicing for the Summerland High School's teachers-pupils gymnastic competitions to be held Saturday, February 13 in the High School Gymnasium.

Balladeer, Concert Artist Here Feb. 17

Unique programming is a feature of the concert to be given by the celebrated balladeer William Clauson who will appear in the High School Auditorium at 8:15, Wednesday, Feb. 17 under the auspices of Summerland Overature Concert Assoc.

Clauson's huge repertory includes folk songs and ballads in more than a dozen languages and numerous dialects. The artist also speaks six languages fluently, three of them like a native.

Clauson has been featured soloist with the orchestras of Paul Whiteman and Paul Nero, as well as with the New York Philharmonic Symphony under the baton of Wilfred Pelletier.

Clauson is not only a well trained singer with an appealing voice, skilled in the use of languages and dial-

ects, but an actor as well, adroit in the use of mimicry and in conveying a concept through the slightest movements. His accomplished guitar playing is not confined to mere accompanying chords but carries a compelling range and scope that provides a rich and broad musical background.

TO ATTEND CONFERENCE

High School Principal Alan Longmore will attend the Secondary School Administration Conference to be held in Portland, Washington, February 27 to March 2.

18 Appeals Heard Against Assessments

Of the 18 appeals heard in the assessment court of revision in Summerland, thirteen were sustained; one held over and four reduced. There are approximately 2500 parcels of land in Summerland municipality.

Appeals were heard from 10 a.m. to 3 p.m. by Reeve F. E. Atkinson, Lorne Perry and H. R. J. Richards.

Those appealing were from Lower Town, Louis Roberts, Ar Morgan, Eric Johnston, Mrs. Jack Raincock and Mrs. Walter Wright from Trout Creek, Henry Keuning, H. M. Doh-

erty, A. H. Baker, I. J. Beliveau and T. C. Ross.

In Paradise Flats appeals were made by Mrs. Iram Anderson and W. G. Gillard and the former were reduced on improvements, the second on land.

In Prairie Valley Thomas Fookes made an appeal and on KVR Road, Mrs. T. B. Young. Others presenting complaints to the board on their assessments were Kyle Steele and W. J. Peter, of Front Bench; and Leonard McNabb and George Lampard on land in Peach Orchard. (Continued on back page)

T.B. MEETING FEB. 17

On Wednesday, Feb. 17 at 8 p.m. a meeting to organize the most comprehensive anti-tuberculosis survey in the history of West Summerland will be held in the Health Unit office.

Library Review

by Freda Storey

An outstanding collection of new books for younger readers arrived at the library this week; beautifully illustrated and delightfully written, there is a plentiful supply both for teenagers and juniors.

For high school girls in particular we have a new "Du Jardin"; "Sue Morris Sky Nurse" by Dorothy Deming R.N.; "Nurse Hilary" by Peggy Gardis, some new "Grace Livingstone Hill", and for those who like horse stories — "Midnight, Wild Stallion of the West" by Rutherford Montgomery.

For the older boys there are two new baseball books, several mysteries, and a number of science fiction. Also among the high school non-fiction there is an extremely interesting story about the twin scientists, August and Jean Piccard, whose daring ascents into the stratosphere, and descents beneath the ocean have revealed new and important finds to the world of science. "Ten Miles High and Two Miles Deep" is the title of this fascinating book.

"The Story of Music" by Benjamin Britten and Imogen Holst is another exceptional edition, also "Librarians Wanted" by Adrian Paradis which tells of the many and varied opportunities offered to those considering librarianship as a career.

Many of these books may be pleasing to adults as well as to students.

The new selection of senior fiction and non-fiction proved a trifle disappointing this time although it contained three new biographies, and the inside story of the U.S. and Soviet lunar probes, and man carrying flights to the moon. The latter is contained in "War for the Moon" by Martin Carder, quite a revealing little book. "Auchinleck" by John Connell is one of the biographies. It is a critical study of a truly controversial figure and makes interesting reading. "Covered Wagon Geologist" is another.

Among the fiction we have an amusing novel, "Wake up Stupid" by Mark Harris, recently reviewed and recommended by Dorwin Baird on the radio; "Grandma Went to Russia" by Antonia Ridge which rather speaks for itself, and for anyone interested "Return to Peyton Place" by Grace Metallious.

Most outstanding this week is probably James Michener's new novel *Hawaii*. (Continued on page 10)

Editorials

Scouting Builds Character

"Boy Scout Week" is being observed from February 7 to 13 and brings to mind the fact that Scouting is a prominent activity in Summerland.

When in 1907 Lord Baden-Powell founded the Boy Scout movement he had definite aims in mind, declaring, "The whole object of our Scouting is to seize the boy's character in its red-hot stage of enthusiasm, to weld it into the right shape and to encourage and develop its individuality — so that the boy may educate himself to become a good man and a valuable citizen for his country."

Since that time, Scouting has attained almost colossal proportions and has

spread to almost every civilized country of the world and has already formed the tangible nucleus of a world brotherhood. In every country the aim of Scout training is identical — efficiency of service toward others — and, with such an objective in common, it can go forward and do a far-reaching work. In their training, the youngsters are taught self-reliance and co-operation that should make them fit to take their places as valuable citizens of their country and promoters of world peace.

The Summerland groups will shortly be holding their annual financial campaign and we hope that they will receive the same generous support given in the past.

This Is White Cane Week

Each year more than 2,000 of your fellow Canadians become blind. Thousands more cause serious damage to their vision through accidents. Doctors state that fifty percent of this blindness is unnecessary and everyone agrees that carelessness is the chief cause of accidents.

You can take an active part in the fight against blindness and the reduction of accidents with these three weapons: prevent it; cure it; and improve the lives of those already without sight.

No longer is the White Cane a sign of faltering steps and despondent hearts. It has now become a mark of confidence and independence of spirit.

With White Cane Week underway, learn to take an active part in preventing unnecessary blindness. If you work in industry, wear your safety goggles. If someone in your family has defective sight, have his eyes examined and the prescribed treatment followed. Around the house carry knives, scissors and pointed tools with the sharp end held downward. Keep bows and

arrows, air rifles and sharp shooters of all kinds out of the way of young children. A thoughtless shot has cost many an eye and even total blindness.

Remember that blindness is YOUR business not just during White Cane Week but every day of the year. Act on it, the sight you save could be your own.

Rebekah Lodge Installs Officers

Installation of officers of Faith Rebekah Lodge 32, took place recently. Mrs. J. L. Brown, district deputy

president, was assisted by Mrs. Harvey Mitchell, marshal and a staff of Past Noble Grands in performing the ceremonies.

Noble Grand is Mrs. A. K. Elliott, vice grand Mrs. Jack Raincock.

Others in office are Miss Maida Morrell, secretary; Mrs. Lloyd Shannon treasurer; RSNK Mrs. Frank Bennison; LSNK Mrs. K. M. Blagborne; RSVC Mrs. George Inglis; LSNK, Mrs. Leonard Shannon; conductor, Mrs. Harold Burdon; warden Mrs. E. G. Gillespie; color bearer Mrs. Peter Buelah.

Inside guardian is Mrs. Ted Dunsdon; outside guardian Mrs. Herb Lemke, pianist Mrs. Frank Downes.

During the evening Mrs. George Inglis graciously presented Mrs. Charles Letts with her Past Noble Grand pin.

Promenade

This week end you can pick up your favorite Valentine and take your choice of at least two dances.

In Penticton at the K.P. Hall the Wheel N Stars are providing a full evening of entertainment and fun with Percy Coulter as emcee. Refreshments will be served by the club. Visiting callers are asked to bring their records.

Also on the Valentine menu is a dance at Westbank with Chuck Inglis as emcee. This is a low level party dance. Lunch is served by the club.

If you are an enthusiast you can dance almost every night of the week. On Monday in Penticton at the High School Cafeteria with Les Boyer. On Thursday with Bob Emerson. In Summerland on Thursday with Ray Fredrickson at the Youth Centre. On Friday with Chuck Inglis at the IOOF Hall and numerous other places Saturday nights.

Business Telephone Subscribers

The sale or purchase of binder covers for use with Okanagan Telephone Company's directories is in direct contravention to Item 30 of our Tariff, which states, in part:

30. Telephone Directories

A. Ownership and Use

"... directories shall remain the property of the Company.

"No binder, holder, or auxiliary cover except as may be supplied by the Company, is to be used in connection with any directory furnished by the Company.

"In the case of any breach of these conditions the Company may resume possession of the directory."

The Okanagan Telephone Company respectfully urges the co-operation of all subscribers in observing this Tariff regulation — as failure to comply leaves us no alternative but to remove the unauthorized binder or to resume possession of our directory.

On Monday, Feb. 1st, a meeting of the special events committee of the Summerland Guide Assoc. was held at the home of Mrs. Nels Charlton to discuss plans for the annual Mother and Daughter Banquet to be held Feb. 19 at 6 p.m. in the Youth Centre. Guide mothers were asked to bring scalloped potatoes and the Brownie mothers pies.

Badminton Club Wins Tourneys

Summerland badminton teams won both the home and away tournaments with Penticton.

Playing in Summerland a team composed of Mrs. C. Emery, Mrs. R. Cuthbert, Mrs. C. Bernhardt, Mrs. M. Welch, L. Lopatecki, W. Evans, C. Dunsdon, G. R. B. Fudge won 10 games to 6.

In Penticton the team of Mrs. W. Evans, Mrs. B. Penny, Miss D. Britton, Miss E. Maynard, D. Krause, S. Krause, C. Emery, R. Arworthy, won 14 games to ten. There will be more matches coming up.

Barbara Baker Attends Conferece In Toronto

Barbara Baker, 21 year old daughter of Mr. and Mrs. W. C. Baker, West Summerland, has been chosen to represent the 2,000 Anglican students of UBC at a meeting of the Canterbury clubs of Canada in Toronto this week and part of next. Barbara is a fourth year student in education and flies east on Thursday for the conference at Canterbury Centre in Toronto.

Miss Carole Allison has completed her training as a nurse at Royal Columbian Hospital, New Westminster and has joined the nursing staff of the Chilliwack General Hospital.

Mr. and Mrs. W. McRitchie of Saskatoon have been visiting at the home of Mr. and Mrs. Robert Cuthbert, Hospital Hill. They have gone on to Vancouver to ther. T. J. Garnett, who is visit Mrs. McRitchie's brospending the winter at the coast, and her nieces, Mrs. Floyd Simpson and Mrs. J. S. Burton.

Surprised At Arts Attendance

Professor Ian McNair, in a visit to Summerland on Saturday said they were delighted and surprised at the number in attendance at the meeting Thursday night, at the cafeteria of Penticton High School.

Professor McNair, Dr. Freisen, Miss Dorothy Somerset and Dr. Hans Carl Piltz were guests from the UBC.

This distinguished panel gave many reasons why the community should support the arts. The need for man to rise above the level of mediocrity, to make a place more enjoyable and satisfactory, create an insight in to the world around us. A study of the Arts improves both taste and good judgement.

School Trustees

Continued from page 1
point committees to deal with problems or projects under various headings.

These committees make reports and recommendations to the board as a whole for action.

Our committees for 1960 are: Health, John Bennest; Library, Eric Brinton; personal and salary, Ken Boothe myself and Mr. Tingley, sec. treas.; finance, Mr. Boothe; grounds, Mr. Bennest and Mr. Brinton; buildings, Mr. Wright and Mr. Bennest. The chairman acts on all committees when desired or required.

"As I said previously we are much concerned with our proposed building program which has been approved by the Department of Education. You may rest assured that the Department does not approve more than is necessary for the efficient operation of our plant."

Trustee Harvey Wright then gave details of the building plans.

"Over two years ago," Mr. Wright said "we started a project to provide additional classroom space adjacent to the MacDonald School. Our purpose was to take the classes out of the substandard basement rooms and provide for expansion. We have discarded the basement rooms on two previous occasions but increased enrolment has always put them back into use.

"The Department of Education is strongly in favor of small area schools to save transportation costs so no approval could be obtained for our planned centralized construction. We sent a delegation to Premier Bennett who referred us to the Minister of Education. The Minister finally paid us a visit last August when he was driven over the area and our case presented to him. After further delay, we recently received approval to build centrally.

"Our plan is to build five classrooms and an activity room just north of the MacDonald School. Four classrooms would come into immediate use next September and the fifth would be used as a library until it was needed. This might be sooner than we expect. The activity room would fill a long felt need. It would be used as a gymnasium and assembly hall with seating capacity of about four hundred. It would have a small stage for use in school plays etc. In recent years activity rooms have come into general use for elementary

schools and all new elementary schools in Penticton have them, even 4 room schools.

Now the High School.

"Since we need additional classroom space at the High School, it is planned to put a second storey on the west wing addition to provide four classrooms. We project the enrolment three years ahead and are required to make provision in advance when a referendum is presented. We are also planning to start two new classes when accommodation is available, a grade XIII and a special class for non-academic students.

A grade III class would enable local students to take the equivalent of first year university at about one-tenth of the cost of leaving home and going to UBC. It is estimated that a class of fourteen would be available next September. It is not planned to operate this class for less than ten. With a small fee charged to the students and government grant on the additional teacher required, there would not be any great expense to the School District.

The special class which I referred to is a class for non-academic students. This group at present does not fit into any program offered and we believe that every child should have an equal opportunity to develop whatever talents he or she may possess. We are hoping that this special course will provide continuing interest and progress for students who now leave school at about age 15.

"The pupil enrolment has been increasing at the rate of 5% yearly over the past five years. We see no reason why this should not continue so we are trying to make provision for the three years ahead. Beyond that time will be the problem of another School Board."

"To summarize, five standard rooms and an activity room at the MacDonald School and four standard classrooms at the High are presenting to you this evening."

Finance chairman Ken Boothe reported on the financial aspects of the building program. "Any capital expenditure, such as our building program, is financed by the issue and sale of School District debentures guaranteed by the province," he told the PTA.

"First, the assent of the owner-electors of the district has to be obtained which

Continued on back page

Rockets Win Over Keremeos

The Summerland teams were able to come up with only one win the weekend series, that was the Rockets against Keremeos 40-36.

Other scores against Keremeos were senior girls 20 and Keremeos senior girls 31. The senior B's were defeated 20-14.

In the Rocket's game the action was fast and rough. Summerland led through most of the game but during the last quarter Keremeos boys put up a desperate fight. However the thought of being second in the league spurred our boys on to victory.

Though our girls handled the ball nicely they lacked the height and accuracy of shots to win.

After losing their game, the senior B's are now in second place. The loss of the game was a real disappointment. They had the on position out scored 11-2 at one point in the game but the Keremeos boys came on and managed to come up with a win, their fifth of the season.

The one game Saturday was against the Oliver Hornets. The senior A's lost 36-27. Special mention must be given Vern Dewitt for his show of drive and ambition.

Shown here are a couple of the boys practicing on the bars for teachers, pupils gymnastic competitions to be held Saturday, February 13 at the High School Gymnasium.

Events and times are:

- 7:30 A grand march and calisthenics by grade 9's under Mr. Puddy.
- 7:45 Volley ball game, teachers vs student's council. (Two out of three).
- 8:00 Tumbling by Gym Club (Mr. Schwab)
- 8:20 High bar, Larry Freeman and five club members.
- 8:25 Spring board work, Gym Club.
- 8:35 Parallel bar work, David Davis and club members.
- 8:45 Vaulting box crosswise, Gym Club.
- 9:00 High bar special, Larry Freeman.
- 9:05 Vaulting box lengthwise, Gym Club.
- 9:20 Flying and stationary rings, Roger Solly.
- 9:25 Girls pyramids, Miss Flett.
- 9:30 Boys pyramids, Mr. Puddy.

Students See Film On Fluoridation

On Wednesday, February 3, a portion of the high school students saw a short film on fluoridation projects in Grand Rapids, Michigan, and surrounding districts. Following this, Mr. Aleock gave a talk on the benefits of fluoridation regarding teeth.

He pointed out that fluoridation was becoming more popular and that preliminary surveys had been made in Summerland to find out the cost and type of equipment needed. He mentioned the cost per person per year would be approximately 15c. Mr. Aleock also stated that fluoride scientifically measured into the water did not stain teeth.

Following Mr. Aleock's talk Dr. Ratzlaff gave a short talk in which he said: "When fluoridation comes I want to take it easier."

Dance on Friday

Friday, Feb. 12 promises to be a night of fun for everyone attending the Senior Semi-Formal Dance. As the dance falls only two days short of Valentine's Day, a Valentine's theme will be used. Music will be provided by the Down Beats, and refreshments will be sold.

Let's see everyone at the dance from 9 till 12. Tickets are now on sale from the Social Reps. at 75c per couple or 50c single.

BOYS LOSE AND WIN

On Sat., Feb. 6, Summerland junior boys lost a close game against Princess Margaret School 16-15. The Summerland squad came back to win its game against Penticton High School 21-16.

MORGAN'S Plumbing & Heating

— Phone Penticton 4010 —
419 Main St., Penticton

All Heating Systems Should Be Checked

All heating systems should be checked periodically during the operating season to ensure satisfactory service.

Soot and ash should be removed occasionally from all heating surfaces of the furnace, the smoke pipe and when necessary, the chimney. An excessive formation of soot may be an indication that the furnace dampers are not functioning properly, resulting in poor combustion.

The flue pipes leading from the furnace to the chimney should be inspected regularly. Pipes that are burned through or are becoming thin should be replaced as any leak will al-

low smoke and poisonous gases to escape through the house.

Oil burning equipment with pot type burners require attention to guard against the formation of an excessive amount of soot or carbon.

In coal and wood burning furnaces the ashes should never be allowed to accumulate in the ash pit to the point where they reach the grates. Grates that become overheated through obstruction of air circulation may be damaged or ruined.

Repairs on gas burning equipment should never be attempted by the homeowner. If faulty operation of the mechanism is suspected, a serviceman should be called without delay. If necessary, the intake valve led without delay. If necessary, the combustion chamber should be thoroughly aired to remove all free gas before attempting to rekindle the pilot light.

SPORTS

Summerland Macs Elect New Officers

The Summerland Macs Baseball Club held its annual meeting in the Nu-Way Annex on Wednesday evening.

Tom Hooker was returned as president by acclamation with Tom Charity as vice president. Nan Thornthwaite resigned as secretary treasurer, Bert Simpson being named to fill that position. Nan was presented with a pen and pencil set in recognition of her many years of work with the club. The team will be under the guidance of Joe Sheeley as manager with George Stoll as assistant manager and Ollie Egely as coach. Ralph Spellsburg and George Taylor will serve on the executive.

The Macs will again spon-

sor the Junior Redsox as they have done in the past. Tiny Hankins continues as manager of the junior team. These young fellows play good ball and it is hoped that they will get much more support from the public during the coming season.

Several of the Redsox players will be moving up to the senior club this year, so the Macs are looking forward to fielding a good hustling ball team. Although they may not win every game, they will certainly give the fans good value for their money.

It was decided that club membership tickets and season tickets to the home games will again be sold. These will be available in the near future.

Croft Rink in Legion Finals

The Bill Croft rink of Summerland won its third straight South Okanagan-Similkameen Legion curling playoff Sunday, easily taking the final match 12-6 from John Martin's Osoy-oos foursome.

Croft, with Walter Toevs third, Howard Pruden second and Ken Heales lead, went through the week end competition undefeated.

Croft will represent the interior zone in the British Columbia Legion curling final.

Macs Cafe Aces Defeat Kencos

Macs Cafe Aces turned the tables on Penticton's Kenco All-Stars in their weekly commercial league hockey series Thursday as they walked off with a 9-6 win in Summerland Thursday night.

Scorers for the Macs: George Taylor with four, Imayoshi three and Bulloch and Chapman one each.

Bowling News

by Glenn Fell

Ladies league standings: Pin Heads 9.5, Hellcats 8, Beatniks 7, Hayseeds 6.5, Rangy Tangs 6, Just Us 4, Strangers 4, Chatterboxes 3

Mary Steuart bowled 255 for high single and Bernice MacDonald 573 for high three. Pin Heads were high team with 2568 pins.

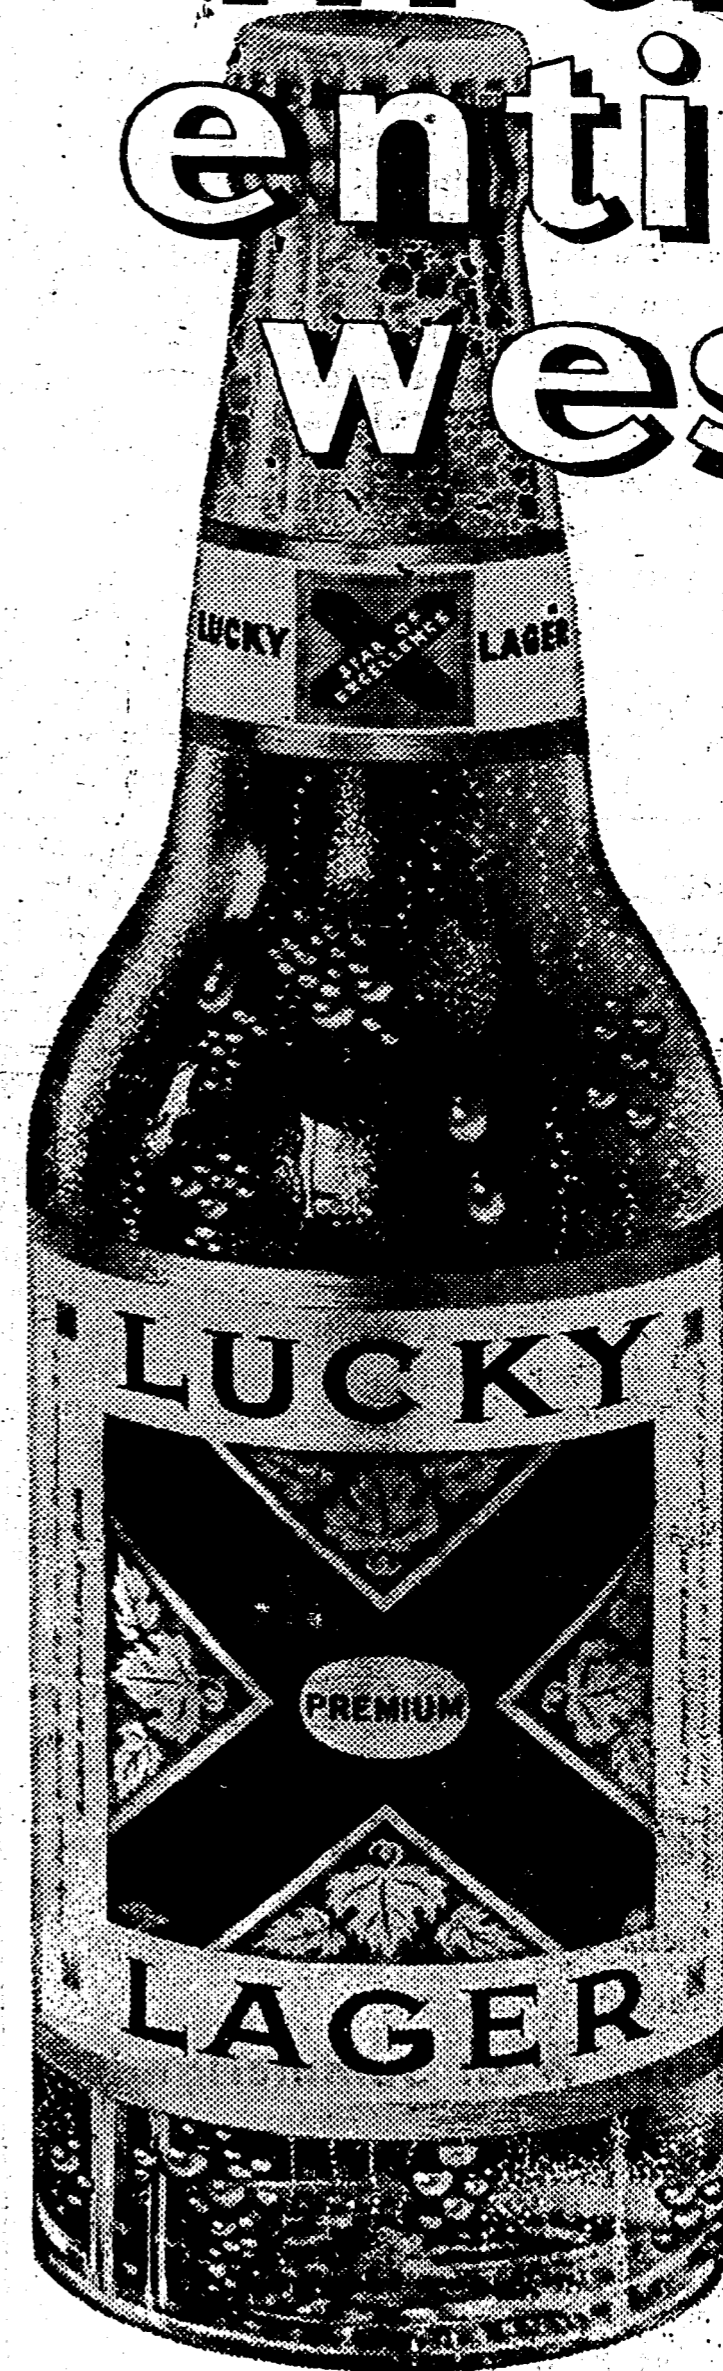

Men's league standings: Kinsmen 17, Toppers 17, Rollaways 15, Retreaders 14, King Pins 13, Rockets 9, 5 Blows 8, Hot Shots 7.

Bill Pollock rolled a 338 for high single and Bill Austin 1008 for high four. Retreaders were high team with 4170 pins.

Mixed league standings: Occidentals 49, Kinsmen 40, Come ons 39, People Eaters 38, Teenagers 38, Whizbangs 38, Tornadoes 36, Headliners 35, Spudniks 34, Foresters 33, Happy Gang 33, Hi Los 32, Hilltoppers 32, Scandies 31, Sportsmen 31, Zeros 31, Five Squares 30, Gibbins 30, Liberties 30, Bankers 27, Dead Beets 27, Lagers 26, Billiards 25, 5 Spots 24, Hillbillies 24, Outlaws 22.

Nan Thornthwaite bowled 265 and Howard Simey 280. Muriel Walker bowled 630 and Bill Austin a 727. High team were the Occidentals with 3074 pins.

School Trustees

(Continued from page 5) is done by having you vote "yes" or "no" on a referendum. If a 60% "yes" vote is obtained, that is the Board's authority to proceed with the program. Usually, borrowing from the bank is involved pending the issue and sale of debentures.

"The debt service, which consists of redemption of debentures and interest, is shared by the government and the district on a basis varying with the relation of the debt service to district assessment. The greater the debt, the greater the portion that will be paid by the government. There are three bases with the government share named first: 50-50, 75-25 and 90-10. We now have a small portion of our debt service paid 75% by the government so any new debt is serviced

75% by the government.

"The cost of our program has been estimated as follows:

MacDonald add.	\$124,000
High school addition	\$75,000
-----	\$199,000
MacDonald Equipment	\$10,000
High School Equipment	\$4,400
-----	\$14,400
Plans and supervision	\$5,300
Contingencies	\$10,300
-----	\$15,600
Total estimates	\$229,000

"This is a tremendous amount, but don't let it scare you. What is important is how much our program will cost you individually. The debentures will bear interest at 6% and will be redeemed over a twenty-year period. As near as we can calculate a yearly amount of \$18,400 will be required for redemption and interest. This will be divided 75-25 so the District portion will be \$4600. Of this amount the rural area pays about 5% so the Municipal amount is reduced to \$4370. On the basis of municipal school assessment figure of \$6,600,000, which is the latest we can obtain, it will cost you .66 or 2-3 of a mill.

"Let us assume that the average residential property is assessed at \$6,000.00 with land valued at \$600.00 and improvements at \$5400.00. With land 100% taxable and improvements 75% we compute 2-3 of a mill on the total of \$4650 and our program will cost you \$3.10 per year for twenty years."

Kiwanis**Club
Notes**

Tuesday night was the occasion of a refreshing visit from the Boy Scouts. Ed McGillivray introduced the guest speaker, Colin McKenzie, cub master, 1st Summerland Cub Pack who outlined the history of Scouting. Organized by Baden-Powell, who at one time was commanding Officer of the 13th Hussars (known to all British Army men as "The Lily White" as the facings on their tunics are white, instead of yellow as is usual with Hussar Regiments) the movement has become worldwide in scope spreading to the USA in 1910. He was ably backed by a young Cub, Billy McCuaig, nine years old and a 1st Star Cub, who told the club why he enjoyed being a Cub and of the work and training they pursue. His talk was much enjoyed by the club, and they were both thanked by the secretary, Brian Leibert.

Bill Laidlaw is in hospital and we hear that Nick Solly will return home tomorrow.

The Youth Committee reported that an exchange of students is being arranged in March between Summerland and Orville. Also the Girl Guides are holding a light bulb sale (in \$1.00 packages) March 7.

This week, George Henry and Hilly Smith will visit the Key Club.

Members are particularly asked to note that the Tuesday weekly meetings will commence at 6:30 p.m. starting next week.

George Lane of the VLA was introduced as a guest, with every hope that he will become a member of the Club.

The program committee reports a good start by having programmes planned for the next two months.

Other committees report that National Health Week is being well looked after, youth services are receiving a lot of attention and Doug Campbell is promoting minor hockey in the district with the club sponsoring a Pee Wee team.

The Club is active fellows, be sure you attend every Tuesday and hear what's going on at first hand.

"The Scribe"

Over 80 delegates from Summerland attended a 3 day convention of Jehovahs Witnesses at Oliver last week end, Mr. Ervin Felker reported today.

Appeals

ard area. The latter two comprised the fourth reduction.

Final meeting is on February 16 when other appeals will be heard for any whose assessment has been increased by the court of revision.

LIBRARY REVIEW

(Continued from page 2)

iii. Mr. Michener has told this story in terms of highly individual characters whom readers will not soon forget, men and women of many nations, from the time of the earliest voyagers who arrived in Hawaii by canoe down to the eve of statehood. His emphasis is on characters, their personal triumphs and tragedies, loves and hatreds; but this compelling drama is enacted in front of a lively and informative background of history.

Mr. and Mrs. James Onley have returned after a holiday in Mexico. Their two granddaughters returned with them while their father Toni Onley is in England.

Active Year Looms For Board Of Trade

A special effort to enlist merchant support for the Board of Trade met with lukewarm response accord-

10 Percent Hike, Not One Percent

The gremlins were at work in the Summerland Review and also the flu bug last week. The result we goofed.

The headline said "Irrigation rates up 1%". The story said the same thing. Actually the irrigation rate increase is 10 percent. This was the first rate increase in 13 years.

ing to the report of a committee which discussed the matter of increased merchant participation at last week's February meeting of the Board. But this was the only disappointment arising from an innovation of new president, Scottie Ritchie, who broke the meeting up into committees, each with an imposing field of reference in subjects ranging from traffic and safety to national affairs.

The merchants seem to think that they are alright with their own retail merchant group, the Board of Trade was told and it was recommended that a brief should be prepared stating

Summerland Kinsmen Review Fine Record

This week being Kin week in Canada, the Summerland Kinsmen at their regular meeting last night looked back over their endeavors since the club was chartered in April, 1958.

The club was launched by the provincial Kinsmen Association with a handsome cheque for \$1,000 which the Summerland Kinsmen turned over to the Health Centre.

A fire which rendered a family of eleven homeless brought the Kinsmen into action and they constructed

a temporary home for the burned out family.

Last year the club started construction of a Little League ball park. They sponsored and manned a refreshment booth at the Summerland Centennial celebrations and also had a Kin booth at the Fall Fruit Fair.

The Summerland Kin are active in health and youth work. They have sponsored several Polio Vaccine clinics, the third of which is scheduled for March. A Hearing and Speech Mobile

IN WHICH MEN DIED

Summerland Doctor Succumbs To Injuries

Dr. W. O. McDaniel, 38, Summerland physician, died in Penticton Hospital Tuesday afternoon as a result of injuries received in the worst automobile crash recorded in Summerland. Another Summerland man, John Paul Anderson, 32, and Penticton realtor Robert James Tinning of Naramata were killed instantly while a fourth man, Penticton lawyer Michael Davison suffered severe injuries and is in critical condition in Pen-

tiction Hospital.

Funeral services for Dr. McDaniel will be held on Friday from The Church of the Holy Child at 10 a.m., with interment in the Peach Orchard Cemetery.

It is unofficially estimated that the 1952 Jaguar owned and driven by Dr. McDaniel was travelling in excess of ninety miles-an-hour when it crashed into the abutment of Trout Creek Bridge shortly after Friday midnight.

The car is a total wreck with the right side almost completely sheared off. Police report the car travelled only seven feet after impact.

Dr. McDaniel leaves a wife, Patricia, and three children, David, Heather and Mary Rose. He took up medical practice in Summerland in 1955.

A veteran of the Second World War, Dr. McDaniel, serving with the Royal Highlanders of Canada, Black Watch, was wounded in 1944, but returned later to his Regiment and served until the end of hostilities.

He is survived, besides his wife and three children, by his parents, Mr. and Mrs. E. D. McDaniel, of Seattle; two brothers, Dr. S. McDaniel of West Vancouver and Franklin in Seattle and one sister, Mrs. J. Haibeck of Seattle.

Mr. Anderson will be buried in Winnipeg. An investor and financier, Mr. Anderson came to Summerland from Winnipeg six years ago. He is survived by his wife Pat and a daughter.

Mr. Tinning, who was buried on Monday in Naramata is survived by his wife Nancy and two children

Annual Meeting Cancer Society

The Summerland branch of the Canadian Cancer Society held its annual meeting Tuesday, Feb. 9 in the Health Center. The president of the Summerland branch, Dr. J. C. Wilcox, chaired the meeting.

Dr. Wilcox stated that he had visited the Cancer clinic in Vancouver this summer and found it larger and with many more facilities than he had expected. Even so, there was not the capacity for the work to be done, and enlargements were planned. He made the

point that agriculture was greatly interested in cancer research in Canada, United States and Europe as there existed cancer in plants which seemed allied to cancer in humans. Cancer cells in plants grew and produced indefinitely, that is they proliferated, as they do in the human body. There is also a direct application in cancer producing chemicals used in agriculture, a fact of which government circles were very conscious. Here in the Okanagan, chemicals

William Clauson, balladeer and guitarist, who appeared under the auspices of the Summerland Overture Concert Association at the High School Wednesday night.

Cancer Society

(Continued from page 1)

used in spraying trees to rid them of insects and diseases was of concern to plant pathologists and entomologists.

He concluded his remarks by thanking the various organizations, particularly the Kiwanis Club, Order of the Eastern Star, the Key Club, the doctors and nurses, the Public Health Nurse who had done such valuable work for the Cancer Society in the past year.

The secretary, Mrs. J. E. O'Mahony, gave her report on the last year's work. She attended two annual meetings and two board meetings and is again a director of both the Canadian Cancer Society and the Canadian Cancer Foundation. She reported that the president Mr. F. Brown, OBE in his opening address thanked the service clubs and especially the Kiwanis Club for their continued help in the cancer campaign, held each April. The Summerland branch have, this year, had four patients who needed help in the boarding home and in treatments. Mrs. O'Mahony visited the high school principal and asked that students be advised to enter the cancer poster competition open to all, for which there were substantial prizes.

It is hoped to provide 20 more beds in the boarding home and the provincial IODE have undertaken to furnish them in the proposed new wing. In Summerland, under Mrs. Geo. Lewis, sewing for the Cancer Clinic is being done.

Dr. W. O. McDaniel gave a most absorbing talk on

Tweenies Move Up

In Summerland on Tuesday, Feb. 9, six spellbound Tweenies sat around a toadstool at the Youth Centre. They were listening to the story of how the first brownies came into being, dramatically told by Mrs. Jack Mason, their Brown Owl. Later they danced around the pool, discovered themselves as Brownies, and were welcomed into the 1st Brownie Pack by District Commissioner Mrs. Bruce Blagborne. Mrs. Peter Ochs, Tawny Owl also helped in the ceremony when Diane Selinger, Betty Ware, Donna Ipmett, Patricia Impett, Janice Farrow and Joanne Newton were enrolled.

Meanwhile in Trout Creek on the same afternoon a similar ceremony was being held under the direction of Brown Owl,

cancer, on the cellular division of cancer cells and how they spread through the body. He said that undoubtedly the cure for cancer would be found in the nucleus of the cell. A question period followed.

The meeting was well attended and representatives of various organizations were present: J. E. O'Mahony, Kiwanis Club; Mrs. W. Brown, Kiwassa; Mrs. C. Adams, Hospital Auxiliary; Mrs. Mortimer, Legion Auxiliary; Nat May, Legion; Ronald Bangma and Gary Robertson, Key Club; Mrs. Procuronoff, WI; Mrs. Campbell PTA.

Officers elected for the coming year are president, J. C. Wilcox, vice president Syd Hodge, treasurer E. R. Butler, secretary, Mrs. J. E. O'Mahony.

Mrs. George Ryman in the 3rd Summerland Pack. Anne Rae, Linda Kewning, Beverley McArthur, Marilyn Parker, Judy Bonthoux and Yvonne Bombadier were the Tweenies who discovered themselves here, and were duly enrolled.

On Friday, Feb. 12, the 2nd Summerland Pack held its ceremony when Mrs. Norah Kopp, District Commissioner from Peachland, officiated. Lyndora Carpenter, Margot Clarke, Johanna Hauschild, Jill Pruden, Sharon Potter, Judy McWhinney and Sheila Smith were enrolled into this pack whose Brown Owl is Mrs. Wilfred Evans, and Tawny Owl Mrs. Lawrence Charles.

Catherine Evans and Elizabeth Orr of the 3rd Brownie Pack were presented with their golden bar after having their shoes sprinkled with gold dust before they walked the golden ground. Jane Miltimore received her Golden Hand after repeating the promise she had learned as a Tweenie, and promising to keep her hands shining by the help of others.

Obituary

READ — Mrs. John A. Read (Mary) 46 year resident of West Summerland and an active Red Cross worker during the past war, died in Summerland Hospital at the age of 71, on Monday Feb. 15. She leaves beside her husband, John Arthur, three daughters, Kathleen, Mrs. W. C. Kennedy of Vancouver; Margaret, Mrs. H. O. Pruden, West Summerland; Miss Lois at home; one sister Miss M. M. Fraser London, England, 5 grand children and one great grandchild. The late Mrs. Read was a member of the Ladies Auxiliary to the Canadian Legion, branch 22 of Summerland and last year was presented with a 25 year membership pin.

Funeral services were held Wednesday, Feb. 17 at 2.00 p.m. from St. Stephen's Anglican Church with Canon A. R. Eagles officiating. Interment in the family plot, Anglican Cemetery. Summerland Funeral Home entrusted with arrangements. J. B. Carberry and associates directors.

LA Plans Banquet

A meeting of the special events committee of the Summerland Guide Association was held Thursday, February 4 at the home of Mrs. Mel Hyde. Representatives brought their plans before the executive and various aspects of the annual mother and daughter banquet to be held February 19 were discussed. Since this is Girl Guide golden jubilee year, no effort will be spared to make it an outstanding success. Instead of inviting a guest speaker this year, the Guides and Brownies are producing a pageant by way of celebration. Decorating will revolve around the golden tulip theme and the decorating committee commenced their activities on Monday, Feb. 7, when they made large numbers of paper flowers at the home of Mrs. Ross McLaughlan.

It has also been decided that this year a gigantic effort will be made to clear our camp site debt in one great sweep. On Monday, March 7, the LA will conduct a door to door drive selling Westinghouse light bulbs. Local merchants are co-operating and over 1000 bulbs have been ordered. They will be for sale at

Sun Life Assurance Company of Canada sold more than one billion dollars of new life insurance last year a record for a Canadian company, Harry A. Shannon CLU, manager of the Sun Life branch in Trail announced here February 9, following the company's 89th annual meeting in Montreal.

Mr. Shannon said the record year and increased earnings will result this spring in adoption of increased dividends to the holders of most classes of participating policies. About \$38,700,000 will be paid in policy dividends in 1960.

BUY A GUIDING LIGHT

A Girl Guide and her mother were shopping in a store. Bread, butter, cookies, soap and soup. Some paste to wax the floor. "I think that's all," the Mother said. "I'm sure there's nothing more."

"We need some light bulbs," said the Guide, "It's very dark at night." "But not this week," her Mom replied, "Remember your camp-site. We'll have to wait till March the Seventh, And buy a Guiding Light."

"What does that mean?" the Guide inquired. "It means that on that day. We're selling bulbs from door to door." "Who's we?" "Why! The L.A.!" By doing so we'll help to clear The Guide Camp Debt away."

bargain prices and we ask everyone to be ready when we call to "buy a Guiding Light."

Macs Lose To Kelowna

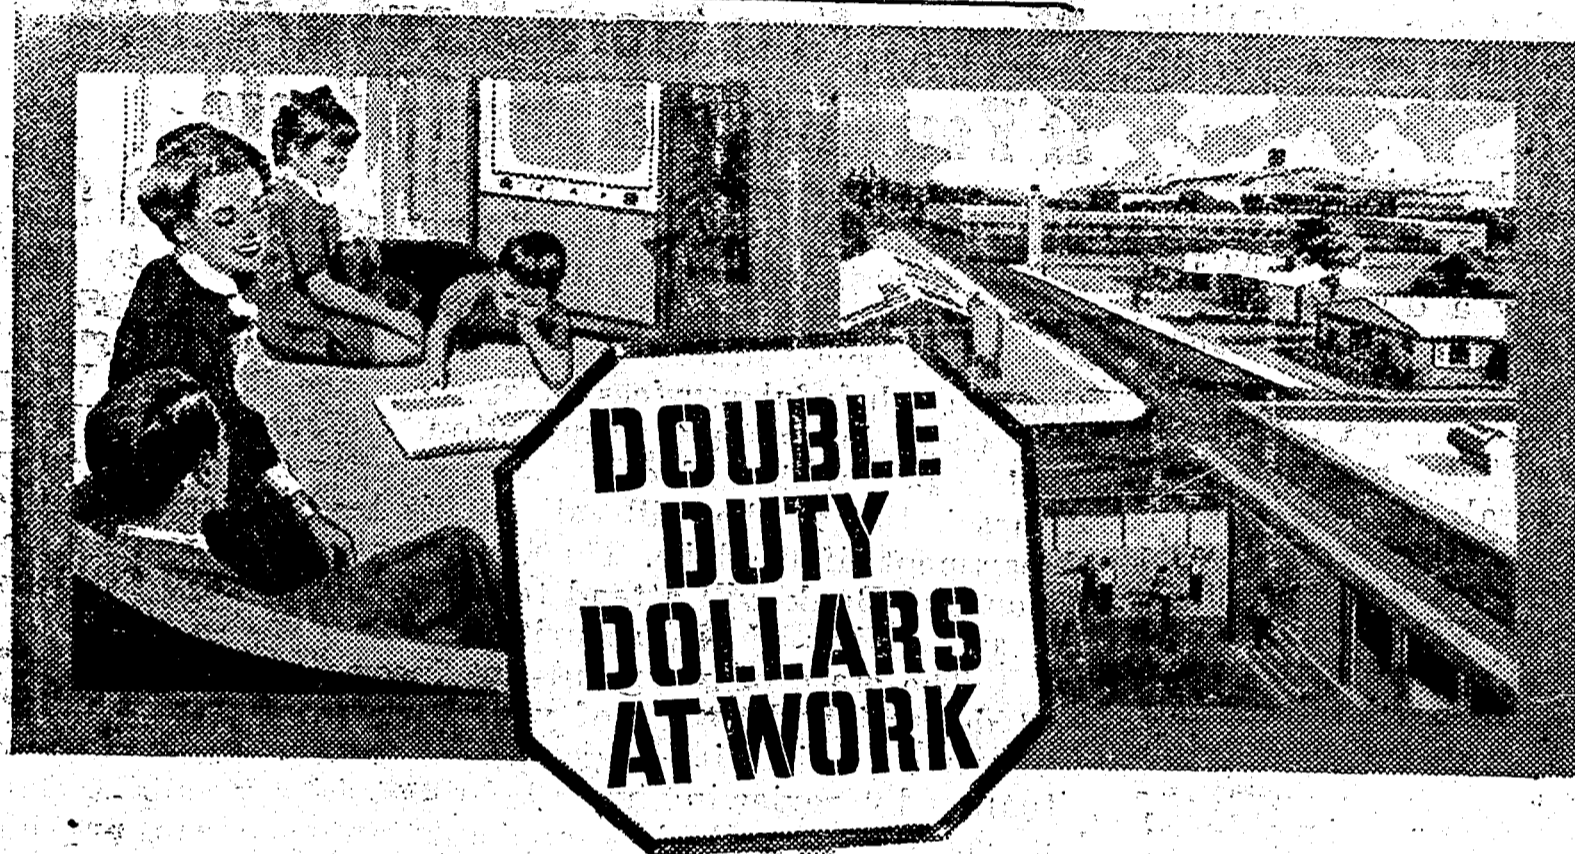

Last Sunday Macs Cafe Aces went down to defeat by Kelowna All Stars 6-5 in one of the best and fastest games this year.

In the first period Kelowna led 3-1, and at the end of the second the score was 3-3. The third period went back and fourth but Kelowna went ahead shortly before time ran out.

In the near future the Macs will play an all Indian hockey team from Pateros, Wash., at the Summerland Arena.

Obituary

McDANIEL — Passed away in Penticton Hospital Tuesday, Feb. 16, William Oliver McDaniel, who was born in Nelson, B. C., December 9, 1922. Survived by his loving wife Patricia, three children, David, Heather and Mary Rose; his parents Mr. and Mrs. D. E. McDaniel of Seattle; two brothers, Dr. S. McDaniel, West Vancouver, Franklin of Seattle; one sister, Mrs. J. Haibeck of Seattle. He served in the Canadian Army in the Black Watch, Royal Highlanders of Canada. Requiem mass will be celebrated Friday at 10 a.m. in the Church of the Holy Child, Rev. Father Meulenbergh, celebrant. Interment in Peach Orchard Cemetery. In lieu of flowers, donations may be made to the Church of the Holy Child. Summerland Funeral Home entrusted with arrangements. J. B. Carberry and associates, directors.

ALL around you, every day of the year, DOUBLE DUTY SUN LIFE DOLLARS are hard at work. As insurance dollars, they provide security for Sun Life policyholders and their families. As investment dollars, they are put to work to produce income, and play an important role in the national economy, busily building homes and schools, factories and roads, and thousands of other community projects. If you are a policyholder of our Company, these double duty dollars include YOUR dollars.

NEW RECORDS FOR SUN LIFE IN 1959

New life insurance purchased from the Company in 1959: \$1,041,997,636
Sun Life insurance in force at December 31st, 1959: \$8,938,122,126
Assets of the Company, December 31st, 1959: \$2,307,412,050
Payments to Sun Life policyholders and beneficiaries during the year: \$179,315,492
Policyholders' dividends in 1960: \$38,700,000 will be paid in dividends to participating policyholders.

SUN LIFE insurance plans are designed to provide a happier, more secure tomorrow for you and for your children and your children's children. Many people are finding they need extra life insurance protection to take care of present-day requirements. Have you recently given any thought to this important matter? There is a trained Sun Life representative in your own community. Why not call him today?

A copy of the Sun Life Annual Report for 1959 will be sent to policyholders; copies may also be obtained from:

Miss Marilyn Embree has entered the school of nursing at the Royal Columbian.

Mrs. K. Norstrom left Tuesday to attend the funeral of her mother, Mrs. I. B. Fitzgerald, who passed away Sunday, Feb. 14 in the Royal Inland Hospital, Kamloops. Remains were forwarded to North Battleford, Sask. for burial in the family plot, Meota, Sask. Mrs. Fitzgerald who was the eldest and last of her immediate family, was a sister of the late T. A. Wallen and first cousin of Mrs. E. R. Butler both of Summerland.

Kiwanis Club Notes

A well attended club meeting on Tuesday witnessed the induction into the club of two new members, Johnny Selinger and Blake Brandon. John Selinger served overseas in the last war, has been in Summerland since 1948, is married and has three children. Blake Brandon graduated from UBC, has been a teacher for five years and is now the head teacher at Trout Creek School. He too is married and has three children. Welcome to the club fellows, we are sure that you will enjoy the fellowship and the community work that goes on. Installing officers were Fred Schuman, Ernie Jenkins, Bob Alstead, Doug Campbell, Scotty Ritchie, Hilly Smith under the installing officer, Jack Towgood. The meeting was followed by a directors meeting at the president's house.

Members will be pleased to hear that Nick Solly and Bill Laidlaw are now out of hospital.

Blake Brandon will attend the organizational meeting of the TB Association as the club's representatives.

Amidst much laughter, Bob Alstead led the club singing.

Jack Stewart introduced the guest speaker Dr. C. Strachan, director of the Research Station. Dr. Strachan brought to light what is perhaps not generally known that our Research Station here is well known abroad and in Europe and counts some outstanding men on the research staff. He pointed out some of the problems to be faced, one of which is the struggle for human beings to guide and hold the balance of power against noxious insects and a problem that is always with them is to keep sprays and powders toxic for insects, but non-toxic for human beings. The experimental farms were organized in 1885, and in the course of time different departments grew. About 20 years ago these were all coordinated under a director general. They never lose sight of the main object "to help solve the problems of the man on the land." His talk was much enjoyed and he was thanked by Percy Wilson. Birthdays were celebrated by Lloyd Shannon and Jack Stewart, who duly paid their dues.

The Sheriff was busy and fined Doug Campbell and the president,

WI Notes

The annual Valentine party was given by the executive of the Summerland Women's Institute on Friday afternoon at the Anglican parish hall for members and invited guests. Games were played and a delicious tea served. A large decorated cake was cut by a member, Mrs. Fred Pearce in honor of her birthday.

During the business meeting preceding the party the president, Mrs. A. A. Fenwick was in the chair. Mrs. H. C. Whitaker reported that the layette gift for Unitarian Service Committee was receiving good response. Cut out garments were given to members to make. Donations should be turned

in by March 15.

Nominations for the provincial board were the present president, Mrs. J. O. Decker, and two directors, Mrs. C. B. White, and Mrs. E. G. Woodward. Mrs. G. Ritchie was nominated to run for director. Resolutions are to be brought to the March meeting.

Mrs. Fenwick read a paper on the significance of Health Week. Mrs. A. C. Fleming reported on the cancer meeting and distributed pamphlets on cancer. The next meeting March 11 will be in charge of the home economics committee and will feature Miss Dorothy Britton who will show slides and speak on the use of fruit fillings. The public is invited to attend.

Money Can Work Hard For You If You Give It A Real Chance

Did you know the Summerland branch of the Bank of Montreal is equipped to help you start a safe and successful investment program to make spare cash to do a real job of work for your future?

It's true. Buying and selling of securities is one of the many helpful services offered by the B of M. When you want investment information, the manager will be glad to put his knowledge of the security markets at your disposal. Indeed, he will call on his head office securities department, if need be. Then, when you have made a decision, the Bank will attend to all details in both the buying and selling of any securities.

The state of your current income and savings will best determine the scale of your investment program. But from time to time it's a good idea to take stock of your situation by reviewing your holdings. As a result of market changes, on which your bank manager can provide full information, it might be advisable and profitable for you to sell certain securities and buy others.

Either way, you can always be sure of getting helpful information and convenient service at the Summerland branch of the Bank of Montreal. And anything you discuss with Jock Johnston, the manager, or any of his staff, will be in absolute confidence, of course.

Fertilize Fruit with ELEPHANT BRAND

for **LPC***

*Lower Production Cost per unit

Whether you are growing apples or raspberries, peaches or strawberries, you will increase your profit with Elephant Brand fertilizer. Fruits fertilized with Elephant Brand produce more and your expenses are spread over the larger crop. Each unit (box, crate or pound) has cost less to grow. The result is LPC - Lower Production Cost per unit and greater profit for you. See your Elephant Brand dealer, soon.

It pays to choose from the Elephant Brand line

Oliver Team Triumphs In Debating Match

It is resolved that capital punishment should be abolished in Canada.

Summerland's debaters were Vicki McKee and Louise Shannon with opposing Hans Kuehn and Maureen Saunders of Oliver. Helen Farrow and Gordon Smith travelled to Oliver to represent Summerland. The formal debate was judged by Rev. Kennedy, Mrs. Croil and W. Wright. The adjudication was that Summerland did not make full use of its time and the Oliver team did not take advantage of a wild statement made by Summerland.

Oliver won this debate by 15 points out of a possible 100. Mr. Clement, the team coach, had this to say: "Oliver team had more polish in their delivery and supported their arguments more fully. Similar comments made for our debaters in Oliver. Considering that this is the first debating team for a number of years, they should be commended for a good job well done."

The prospects of a debate with Grand Forks in the near future is being considered.

CBC radio's Stamp Club started its 10 year on the air recently. During the past decade host Doug Patrick (centre) his wife Mary (right) and his assistant on the show, Judith McLeod, have answered more than 65,000 questions from listeners in 60 countries on all aspects of stamp collecting. CBC Stamp Club is heard on alternate Saturday afternoons on the Trans-Canada radio network.

Class Visits Three Occupational Centres

On Thursday, February 17, a grade 10 HPD class visited three occupational centres in our community. They were the Apple Blossom School for Retarded Children, the MacDonald Elementary School and the Review Office. The object of these visits is to give them an opportunity to see for themselves the various types of occupations open for girls in our community.

Mrs. Boulton, the HPD teacher organized these visits with the cooperation of Mr. Cook, principal of the

MacDonald School, Mrs. Leibert, who is in charge of the School for Retarded Children, and Mr. Godber, editor of the Review.

On Wednesday, Feb. 17, the class visited the Summerland General Hospital and the experimental farm.

Senior Girls Lose To Penticton

The Summerland Senior girls basketball team travelled to Penticton Thursday afternoon, and were narrowly defeated by the score of 34-23. Summerland played hard and fast, leading until the third quarter, when Penticton pulled up to tie the score.

In the last few seconds of the game, Penticton pulled ahead of Summerland by one point. Although our girls tried hard, time was too short, and they were unable to win.

There seems to be some controversy over, and questioning as to the necessity, of the resolution passed last week by the Senior Students' Council. Passing the resolution, however, was decidedly necessary after trouble developed at basketball games in the school two nights in succession when the police had to be called both nights.

The trouble resulted from non-students refusing to pay at the door. The Council felt that a possible way to discourage such trouble would be to have ticket stubs taken upon entrance of spectators and audiences to each function. This means that in the future tickets will have to be sold at the entrance door of the school and stubs of these tickets will be taken at the entrance door of the gym, auditorium, or wherever the activity is taking place.

It was felt by the Council that if such measures were not taken and the trouble should continue, higher authorities, such as the School Board, might step in and ban further extra-curricular activities. Not only that, but if we had to bring in the police to every game, dance, etc. Summerland and our High School would soon have a very poor name. So it looks as though the resolution was decidedly a necessity and the Council was very wise in its action.

Pranks not appreciated

Certain so-called high school students resorted to childish pranks on Thursday evening. A group of persons felt they had the right to interrupt a meeting by bombarding the windows at the school with snowballs. This continued until the police were called to control the situation.

It has been pointed out that if a similar incident occurs again the school's extra curricular activities will be suspended.

Letter to the Editor

The Editor:

In reviewing the last four games I failed to recall support from the Senior A cheerleaders. This, in my opinion, has helped the cause of the opposing teams.

Many spectators come to the games only to see the cheerleaders, so it also contributes to the turnouts at games. I think that if the cheerleaders are going to

be cheerleaders, they should cheerlead at every game or be dissolved.

A possible suggestion would be to have boy cheerleaders working in co-operation with the present cheerleaders.

Anonymous

Work Started on School Annual

Work has commenced on the planning of this year's annual. The staff is anxiously awaiting a visit from R. Cringan of the Inter Collegiate Press Inc., to help plan the annual.

A fact that needs to be established is a title and theme for the book. The suggestion box is in the hall for anyone who wants to contribute. Any unique ideas are welcome.

Help wanted

WANTED: Student spectators, the more the merrier, to cheer on our teams against our most honorable opponents SIM High on Friday night. Buses will leave at 5 p.m. Apply SHS.

NOTICE

Regulations - Section 35 "Highway Act"

Extraordinary Traffic

Similkameen Electoral District, Naramata Area Roads, South Okanagan Electoral District.

The undersigned, being a person authorized by the Minister of Highways, in writing, to exercise the powers vested in the said Minister in Part XI of the "Highway Act" and being of the opinion that all highways, roads and arterial highways within the Similkameen Electoral District are liable to damage through traffic thereon, hereby makes the following Regulations, pursuant to Section 35 of the "Highway Act", effective from 12.01 a.m. on the morning of February 18, 1960 until further notice:

"No person shall operate any vehicle over the following highways in the Similkameen Electoral District, having a single axle weight in excess of 75% of 18,000 pounds or a tandem axle weight in excess of 75% of 32,000 pounds. The LX factor will be disregarded in calculating the allowable load."

No. 3 Highway from Stirling Creek Bridge to Kaleden.

No. 97 Okanagan Highway from Trout Creek to Anarchist Mountain.

"No person shall operate any vehicle over any highway in the Naramata area of the South Okanagan Electoral District and/or all other highways in the Similkameen Electoral District, except those lying west of Stirling Creek Bridge, having a single axle weight in excess of 50% of 18,000 pounds or a tandem axle weight in excess of 50% of 32,000 pounds. The LX factor will be disregarded in calculating the allowable load."

Vehicles with solid tires are prohibited.

Dated at Penticton, British Columbia, this 15th day of February, 1960.

J. M. HAMILTON,
District Engineer,
Department of Highways.

YOU'LL FIND IT IN THE WANT ADS

THE GOVERNMENT OF THE PROVINCE OF BRITISH COLUMBIA

Province of British Columbia
Department of Highways
South Okanagan Electoral District

Advance Warning Of Load and Speed Restrictions on Highways

During the spring break-up it will very likely be necessary to impose load and speed restrictions on some roads, pursuant to Section 35 of the Highway Act. These restrictions may be imposed on short notice and trucking and transportation companies should govern themselves accordingly and are requested to take advantage of the present road conditions.

The restrictions will limit the axle loads of trucks and busses and will restrict speed.

Vehicles with solid tires will be prohibited from using the Highways.

Your co-operation in the protection and elimination of damage to all roads would be appreciated.

W. M. UNDERWOOD,
District Superintendent,
Court House,
Kelowna, B.C.

Honored On Anniversary

Celebrating their silver wedding anniversary, Mr. and Mrs. T. B. Lott were guests of honor at a supper party on Saturday evening Feb. 6, at the home of Mr. and Mrs. G. Ewart Woolliams, Trout Creek. The table was decorated with an anniversary cake and lighted tapers. Dr. J. C. Wilcox proposed a toast to the happy couple and they were presented with a silver rose bowl. During the evening, guests were entertained with games. Those present were Mr. and Mrs. T. B. Lott, Dr. and Mrs. J. C. Wilcox, Mr. and Mrs. G. E. Woolliams, Dr. and Mrs. James Marshall, Mr. and Mrs. Eric Brinton, Mr. and Mrs. Jack Towgood, Mr. and Mrs. Lew Wright and Mr. and Mrs. A. F. Crawford.

Kinsmen

Continued from page 1.

Cinic was held at the Youth Centre under Kinsmen sponsorship.

Among their good works was the sending of Nancy Leardo, a polio victim to Vancouver for specialized treatment.

The annual Mothers' March is another Kinsmen sponsored effort and this year the Mothers' March raised over \$1200.

And among their youth activities the local Kinsmen include sponsorship of Teen Town.

Board of Trade

Continued from page 1
what the Board of Trade thought could be gained by both the board and the merchants by closer co-operation and more interest on the part of the merchants.

The new development committee reported numerous ideas for strengthening Summerland's economy, including developing the Summerland beach area, jeep trips to view points; markers for historic sites; a museum for Summerland; more things arranged for tourists to do while in the municipality; small specialty eating places; signs to indicate location of the Yacht Club and boat launching ramp.

Wm. Fell presented the report of the civic affairs group. Fluoridation was considered a good idea and a speaker on the subject was requested. Support was given to a second fire engine for the volunteer fire department; and street lighting should be checked in the outlying spots, the panel thought.

It was considered that the domestic water situation and enlargement of the mains was a council matter though the committee would co-operate in any way.

The committee hoped that the town band would give more concerts in the park at West Summerland and Charlie Bernhardt, past president of the band, said he believed the band is willing to do this.

Colin McKenzie spoke for the agriculture committee pointing out that agriculture is Summerland's basic industry involving millions of dollars. Poultry, turkeys, greenhouses, all strengthen the district's economy, he said. Strawberry growing, also nets a good gross and might be expanded.

The school vegetable growing competition for the fall fair will be continued by this group. Spray service for small lots was another recommendation by the agriculture committee.

Doug Hill for traffic and safety wanted more signs and thought reduction of speed limits at night was a good thing. He mentioned

patrol of water for boating and swimming safety.

For national and provincial affairs G. C. Johnston recommended adoption of the red ensign as the national flag, saying it is known the world over.

This panel's opinion was that national health funds should be contributed to personally during working years. Education should be uniform throughout the province and throughout Canada if possible. Mr. Johnston reported stating this would be of advantage to teacher and pupil alike in his committee's opinion.

Price equalization for fruit over a period of years was another suggestion of this group.

Next month's meeting will hear a panel discussion on "Tourists in Summerland."

IT'S THE POLICY plus THE AGENT THAT GIVES YOU THE BEST PROTECTION

When you deal with your local independent agent or broker you are dealing with a man who is building his business on the service he gives you. His interest is in you.

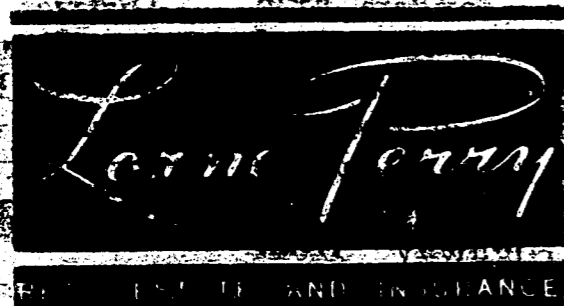

Because he is free to represent more than one insurance company, he can select the coverage most suited to your needs.

Fire Department Seeks New Truck

Summerland Volunteer Fire Department reported 81 percent attendance at fires in 1959. Councillor L. A. Smith, council representative to the department, gave the story of the annual meeting at last night's council meeting.

There were 36 calls during the year but small fire

losses. They were estimated at \$2,570 in buildings and \$800 when a car burned.

Joe McLachlan, fire chief speaking at the annual meeting said that there had been 29 practices, six of these during the annual fire school. Twenty-nine standbys were arranged for Sundays and holidays and there were 25 building inspections.

Mr. McLachlan attended the Fire Chiefs college held at Burnaby.

The fire department would like a new fire truck. Cost of this is \$15,000 which was referred to the estimates. Annual banquet of the fire department is to be held soon.

Publisher In Car Accident

Sid Godber, editor and publisher of the Summerland Review, was slightly injured when his car went off the road just north of Penticton. The accident occurred late Monday night.

Mr. Godber reported to police that an oncoming car failed to dim its lights and he went into the ditch striking a power pole with the right fender.

He was discharged from hospital Tuesday with superficial cuts and numerous bruises.

Council Purchases New GMC Truck

Summerland council has purchased a new GMC truck for the water department from Howard and White Motors Penticton. Purchase price was \$1,980 less the trade-in allowance for the former 1952 GMC light delivery.

The truck was included in last year's budget.

Town Band Appoints Two Bandmasters

The band lost the services of its regular conductor at the annual meeting when Bud Stuart resigned after leading the band for the past three years.

Dr. Jack Mason has been assistant bandmaster during the past year and appreciation was expressed at the meeting for his services.

The executive appointed Henry Keuning and Jack Mason bandmasters on a trial basis and will make permanent appointments later.

Mr. Henry Schaeffer and Mrs. L. Pohlman were elected to honorary membership. Mr. Schaeffer organized and rendered valuable service to the band along with the late Herb Pohlman. Mrs.

Pohlman was chosen in recognition of the service contributed by her husband.

A constitution and by-laws were read and adopted. They were drawn up by a committee headed by Bill Durick. The treasurer, Tom Washington, reported that the band operated at a small loss this past year.

New slate of officers elected were: president Harry Killiek, vice president Ross Axworthy, secretary Ted Weeks, treasurer, Dr. Dave McIntosh, directors Henry Keuning, Bill Durick and Chas. Bernhardt.

Cecil Morgan was re-appointed librarian and custodians for instruments and uniforms are Bill Durick and Jim Schaeffer.

Parks Board Estimates Expenditure Of \$9,537

Parks' board estimates for 1960 in Summerland are \$9,537 of which it is expected that \$2,500 will be recovered in revenue from Peach Orchard camping park.

Councillor Norman Holmes representative to the parks board and its chairman, reported at last night's council meeting that the \$1,517 of the total budget to be spent on Peach Orchard Park seemed out of balance until it was realized that the amount spent on it will probably be doubled according to previous year's records and the park's growing popularity.

Other expenditure are for Peach Orchard Beach \$515; Peach Orchard cemetery \$275; West Summerland Memorial Playground Park \$245; Memorial Baseball Park \$140; Five Corners Park \$200.

At Powell Beach the parks' board plans to spend \$495 to repair entrance and exit roads; extend the water supply for sprinkling, build ten extra tables; put down top soil and seed it to grass as well as other improvements. Construction of a new groin to prevent erosion at the point and road brushing at an approximate cost of \$850 has already been done at Powell Beach as part of the winter works' program, K. M. Blagborne.

Mom Whyte Operating Mountain View Home

Fred Alcock, sanitarian with the South Okanagan Health Unit, inspected Mountain View Home yesterday and reported it in excellent spotless condition. It has been newly decorated. Mountain View Home is now operated by Mom and Dad Whyte, formerly of Wytehaven Mission, Bowmanville, Ontario. It is licensed for 13 old people.

Summerland council last night reported that the department of health and welfare has asked to have the building inspected by the fire marshall and the Summerland building inspector since the Whytes have applied for a license to operate the home as a welfare institution.

Inspection will take place immediately and a report sent to Victoria.

Last Overture Concert In Series For Year

The concert of folk songs given by Balladeer William Clauson last Wednesday night was a fitting climax to the fine programs presented by the Overture Concert Association in Summerland this winter. The audience, perhaps expecting the usual "man with a guitar" were surprised and held breathless by the sheer artistry of this fine singer, who possesses a full and powerful tenor voice of great range and astonishing flexibility. His tone production was flawless and his voice always under such perfect control that he was able to produce extremely unusual vocal effects without effort. His guitar playing was an excellent aid in the interpretation of his songs.

Mr. Clauson sang folk songs in more than a dozen languages; songs gay, sad and humorous, the last delighting the young members in the audience. Indeed, he swept all his audience with him through the many moods he created with his voice and guitar. The clarity of his diction made every word audible to each person in the audience, a most important feature in folk singing in which every song is a story. Each note and word, each gesture, showed careful thought for the interpretation of the

meaning and mood of the many songs, in an extremely varied program. The artist put himself into his songs and painted pictures in the minds of his listeners, playing on their emotions as expertly as he played his guitar. No criticism could be made of this singer's vocal equipment and technique.

His stage personality was charming and he showed a masterly understanding of his songs and music, and a fine sense of humor. It was a great feat that one man with no stage settings, no

Annual Meeting Of Credit Union Friday

The directors of the Summerland and District Credit Union will present the sixteenth annual report for the members approval Friday.

As the people of Summerland are beginning to expect, the report which has been circulated to members, again shows substantial growth with 200 new members, and a net increase in shares of \$80,000.00.

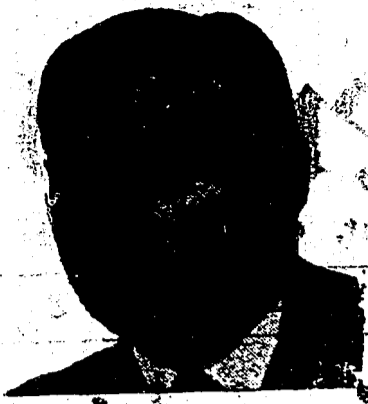

The Credit Union policy of insuring life savings and loans to members again proved its worth, with more than \$6,700.00 in claims be-

ing paid to members accounts.

In order to meet the loan requirements of their members, the Credit Union itself borrowed \$141,000 from the Central Credit Union, at an interest rate of 5 1/2%. The directors point out that much of this interest could be saved in 1960 if more local money were invested in Credit Union shares there by making greater dividends to members possible. The 1959 dividend will be voted on by the members

Member Reports

By Dave Pugh, MP

Last week I commented on the External Affairs debate. Later that evening Mr Pearson spoke followed by Mr. Diefenbaker.

There seems to be general agreement that each and every country should make all out effort for peace and that consultation should be continued firmly directed towards disarmament and the halting of nuclear tests and the final banning of the use of fissionable material as an article of war. Part of the criticism levelled at the government was that it had not been specific in its concept towards the achievement of the foregoing. This matter was corrected during the course of the debate and general concepts given. These are as follows:

Maximum disarmament with reduction of armed forces with such control as national security demands; control of nuclear missiles in the interim; the banning of biological and chemical weapons and the control of outer space for peaceful purposes.

A further day was given over to the debate and it was finally closed off by Mr. Green, the Secretary of State for External Affairs. To those of you who receive Hansard, I would recommend the reading of the various speeches. Certainly the debate was freewheeling and I would direct particular attention to Mr. Green. He spoke quietly and firmly without the use of a prepared text. There is no doubt that this in itself was the basis for one of the best debates heard in the House for some time, and this is all the more notable in the case of External Affairs.

This week also heard the commencement of the debate on the abolition of capital punishment. Many contributions have already been made and I will hold my comment until after its conclusion on Thursday next.

This morning the business of the House was stopped while the Prime Minister announced the birth of a son to Her Majesty.

This happy event was received with applause by all members of the House.

Editorials

Tribute To "Bill" McDaniel

(Contributed)

Last week Summerland lost a man who was much more than just a capable doctor. There is no denying that Dr. W. O. McDaniel was a remarkably capable general practitioner. Hundreds of men, women and children in the community are alive and healthy today because he knew his work well and practised it skillfully. Summerland was able to congratulate itself on having, for a community of its size, three remarkably effective medical men, and Dr. McDaniel, though the youngest of them, was a fully competent member of the team.

The exceptional thing about Bill McDaniel was that, in an era when the traditional country doctor is a dying breed, this highly trained, brilliant young man assumed all the responsibilities and possessed all the best qualities of the much loved men who devoted their lives to maintaining the health of pioneer communities. He had a zest for his work. He never begrudged any service that his patients required, whatever the time of day or night, the weather, or the circumstances. Most of all, he liked people, and especially he showed this in dealing with people who were sick or in trouble. He had the ideal per-

sonality for his chosen work. He gave sympathetic hearing to his patients' woes, and offered in return the assurance and the cheering words that were needed to augment his medical skill.

No one can assess the the total of good that he accomplished in the community, but almost everyone in Summerland knows of some of the little extras that he gave of himself, and that contributed to the magnificent whole. In the several years he was in Summerland he contributed more than most of us can do in a lifetime.

Anniversary Banquet Held By Local Guides

Fifty years of Guiding were celebrated in Summerland last Friday night when approximately 200 mothers and daughters attended a golden jubilee banquet.

After proposing a toast to the Queen, LA president Mrs. K. L. Storey introduced honored guests Reeve and Mrs. Ted Atkinson, Mr and Mrs. John Tamblyn, representing the Kiwanis; Mrs. E. Gerrard, representing the LA of the Legion; and Mrs. A. E. O'Mahoney who helped to start Guiding in Summerland many years ago.

A toast to the mothers was proposed by Brownie Jane Miltimore, to which Mrs. Lorne Perry replied. Guide Anthea Morgan proposed the toast to Guiding answered by District Captain Mrs. Gordon Whitaker, and Guide Janet Storey proposed the toast to the community to which Reeve Atkinson replied.

Mention was made of the magnificent work which had been done during the year by the Guide and Brownie leaders, and a small bouquet was presented to Divisional Commissioner Mrs. Bruce Blagborne for her outstanding contribution to Guiding not only in Summerland but throughout the valley. Mrs. W. Durick made the presentation on behalf of the LA and expressed the appreciation of all.

Three All Round Cords were awarded by the Divisional Commissioner. Theresa Keys, Janet Storey and Mona Inaba were the recipients. The Pares Cup which is presented annually to outstanding Guides was awarded jointly this year to Janet Storey and Theresa Keys who will hold it for six months each.

The banquet was convened by Mrs. Nels Charlton and Mrs. Dorothy Morgan and served by the Legion ladies. Mrs. Ross McLachlan and Mrs. W. Durick were in charge of decorations and effectively used the Golden Tulip theme as their motif. Many members of the LA helped both with the decorations and preparations.

Following the banquet a pageant was presented under the direction of Mrs. Wilfred Evans, Brown Owl of the 2nd Summerland pack with Mrs. Jack Mason, Brown Owl of the 1st Summerland pack, who also act-

ed as a narrator. Every Guide and Brownie present took part and 50 candles were lighted on an enormous birthday cake which was constructed by Dr. Wilfred Evans. The theme of the pageant was 50 years

of Guiding, and various tableaux were enacted depicting scenes in the lives of Guides and Brownies.

Also taking part were Captain Enid Maynard and Lieut. Magda Ferwick of the 1st Summerland Guide

Kiwanis Club Notes

At the club meeting Tuesday night, Jack O'Mahoney presented a "red" background for the Kiwanis but ton to president John Tamblin and Doug Campbell, which is the distinguishing mark for those members who have introduced new members to the club.

Everybody was happy to see Bill Laidlaw back again after his spell in hospital. Members will be sorry to hear that Fred Schuman is in hospital and would welcome any visitors from the Club.

Jack Stewart led the singing for the evening.

The Penticton club will be putting on a Gala Night on May 6th when all members that can be asked to attend with their wives. It is the occasion of the visit of the International president.

The Kamloops club are holding their installation of officers and directors on Saturday, the 27th inst. Also next Monday night is Installation Night at Penticton.

On Wednesday there is an Interclub meeting at Orville and Okanagan, Washington.

Blake Brandon reported on the arrangements for the TB tests to be held here shortly.

J. Betuzzi and C. Elsey will visit the Key Club this week. Will all members please note that a Special Directors Meeting will be held next Tuesday evening at 5:30 p.m., and all members are welcome. This meeting to be followed by the club meeting at 6:30 p.m. as usual.

Earl Smith will be in charge of the cancer drive.

Dr. J. Ratzlaff gave a most interesting talk on the advantages of fluoridation. His talk was illustrated by an interesting film. He was both introduced and thanked by Walter Toeves.

Members: Don't forget the directors meeting next Tuesday at 5:30 p.m.

Horticultural Society Appoints Officers

The Summerland Horticultural Society met in the Parish Hall on Feb. 19 with the new president, Mrs. A. Inch in the chair.

Convenors of the various committees were appointed as follows: flower shows, A. Watt; programs, Dr. D. McIntosh; teas, Miss D. Tait; membership and question box, G. Dinning; films Miss D. Tait; press reporting, Mrs. E. C. Bingham.

Mr. Dinning stressed the value of making use of the question box and asked members to jot down questions whenever they thought of them, and to bring them to the next meeting where they would go, unsigned, into the question box. If someone at that meeting cannot answer any question it will be held over and the answer brought to the next meeting.

Mr. Nat May answered the current questions and then gave as his regular timely topics, names of the best petunias, dahlias and snapdragons, as tested at the Summerland Research Station.

To start a program for 1960 that would be helpful and interesting to both new and old gardeners, Dr. McIntosh introduced Lyle Denby who is in charge of research in plant propagation at the local research station. He hoped that many members would try plant breeding as a hobby as he felt raising seedlings of such plants as roses, gladioli, African violets and especially chrysanthemums could be most interesting. To keep one's interest in plant propagation a basic knowledge of botany is needed so Mr.

Denby spoke on the genetics and structure of flowers, describing and showing slides of various parent plants used for cross pollination. He also explained how to use the few simple tools needed to hand pollinize carefully selected parent stock.

At the conclusion of Mr. Denby's very informative lecture M. Tait thanked him on behalf of the members.

A lovely white cyclamen plant was raffled the winner being Mr. Denby.

The pleasant evening concluded with tea served by Miss Tait and Mrs. G. Atkinson.

WA Appoints Convenors

All circles of the Summerland United Church Women's Association attended the birthday meeting and installation of officers on Monday evening, Feb. 15.

Rev. Philip K. Louie officiated at the installation of the executive: president Mrs. Wm. Durick; 1st vice president Mrs. Harvey Mitchell; 2nd vice president, Mrs. Robert Oxley; secretary Mrs. Steve Blaseko; treasurer Mrs. Syd Feltham.

Circle convenors are: Ok-We-So Mrs. Art Crawford; Just us, Mrs. Allan McKenzie; Century circle, Mrs. L. Wright; Magic circle, Mrs. Alex Kean; Lakeside circle Mrs. Donald Orr; Mariposa circle Mrs. Wardle.

The ladies were welcomed by Mrs. A. McKenzie and Mrs. Colin Campbell took the devotional.

Representing the WA Mrs

Bob Chalmers and Mrs. Martin agreed to attend the house to house organizational meeting of the TB X-ray clinic at the Health Center.

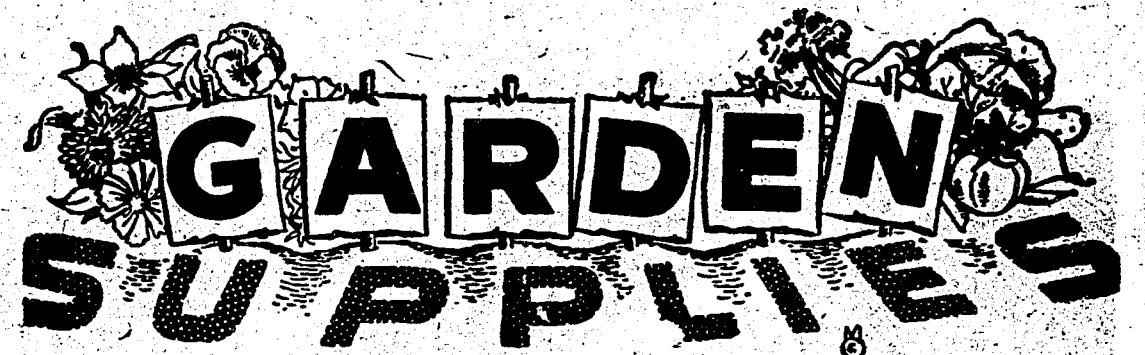

A request had been received from the WI for help in making layettes for Arab children and anyone wishing to assist in the project either by sewing or providing material can get in touch with Mrs. Whitaker

Mrs. Broderich is to represent the WA at a meeting of WA' and WMS to be held in Kamloops, Feb. 24-25.

At the end of the business meeting a "get acquainted" contest was arranged by Mrs. R. Oxley and her committee, after which delicious refreshments were served by the Century circle and the birthday cake was cut by Mrs. John Holman, past president.

A roomy and practical bag is a must in a business girl's wardrobe and here is a smart spring number with several excellent features.

For your house plants

Make the Summerland Groceteria your headquarters for all your gardening supplies this spring.

Women's Federation Holds Feb. Meeting

The February meeting of the Women's Federation of the Summerland United Church opened with the singing of Abide With Me the favorite hymn of Mrs. Victor Hart, a shut in member. The president, Mrs. O. J. Lazenby welcomed visi-

tors and members, then with Mrs. W. Boothe in charge, the devotional was begun, with singing of the hymn, Holy Spirit Hear Us, as a prayer. The theme of the devotional was housecleaning, as applied to our heart, mind and spirit. Single verses from several Psalms, from Proverbs and from 1st John were read by Mrs. D. Spencers to show how often the Bible speaks of the necessity of having a clean heart and hands and mind, to live as Christians. Miss Chambers closed with prayer.

Following the reports of the secretary and treasurer, Mrs. A. C. Fleming gave a review of the book African Manhunt by Munroe Scott of Ontario. This is the story of the Umbundu tribe of Angola or Portugese West Africa. This venture to discover and picture the Umbundu people as they are, was sponsored by the Canadian Baptists, the United Church of Canada and the American Board of Commissioners for Foreign Missions. The leader of the group was Rev. Anson Moorhouse, audio visual director of Berkeley Film Studios in Toronto, a studio set up by the United Church of Canada for the making of educational documentary films on all phases of church and mission work.

Mrs. Scott concluded by saying that of all the revolutionary forces at work in Africa today the greatest is Christianity.

At the conclusion of the book review, members of the Mission Band marched in, each carrying articles to be sent to a children's orphanage and hospital in Seoul, Korea. A short presentation

speech was made by Sheila Smith for the Band.

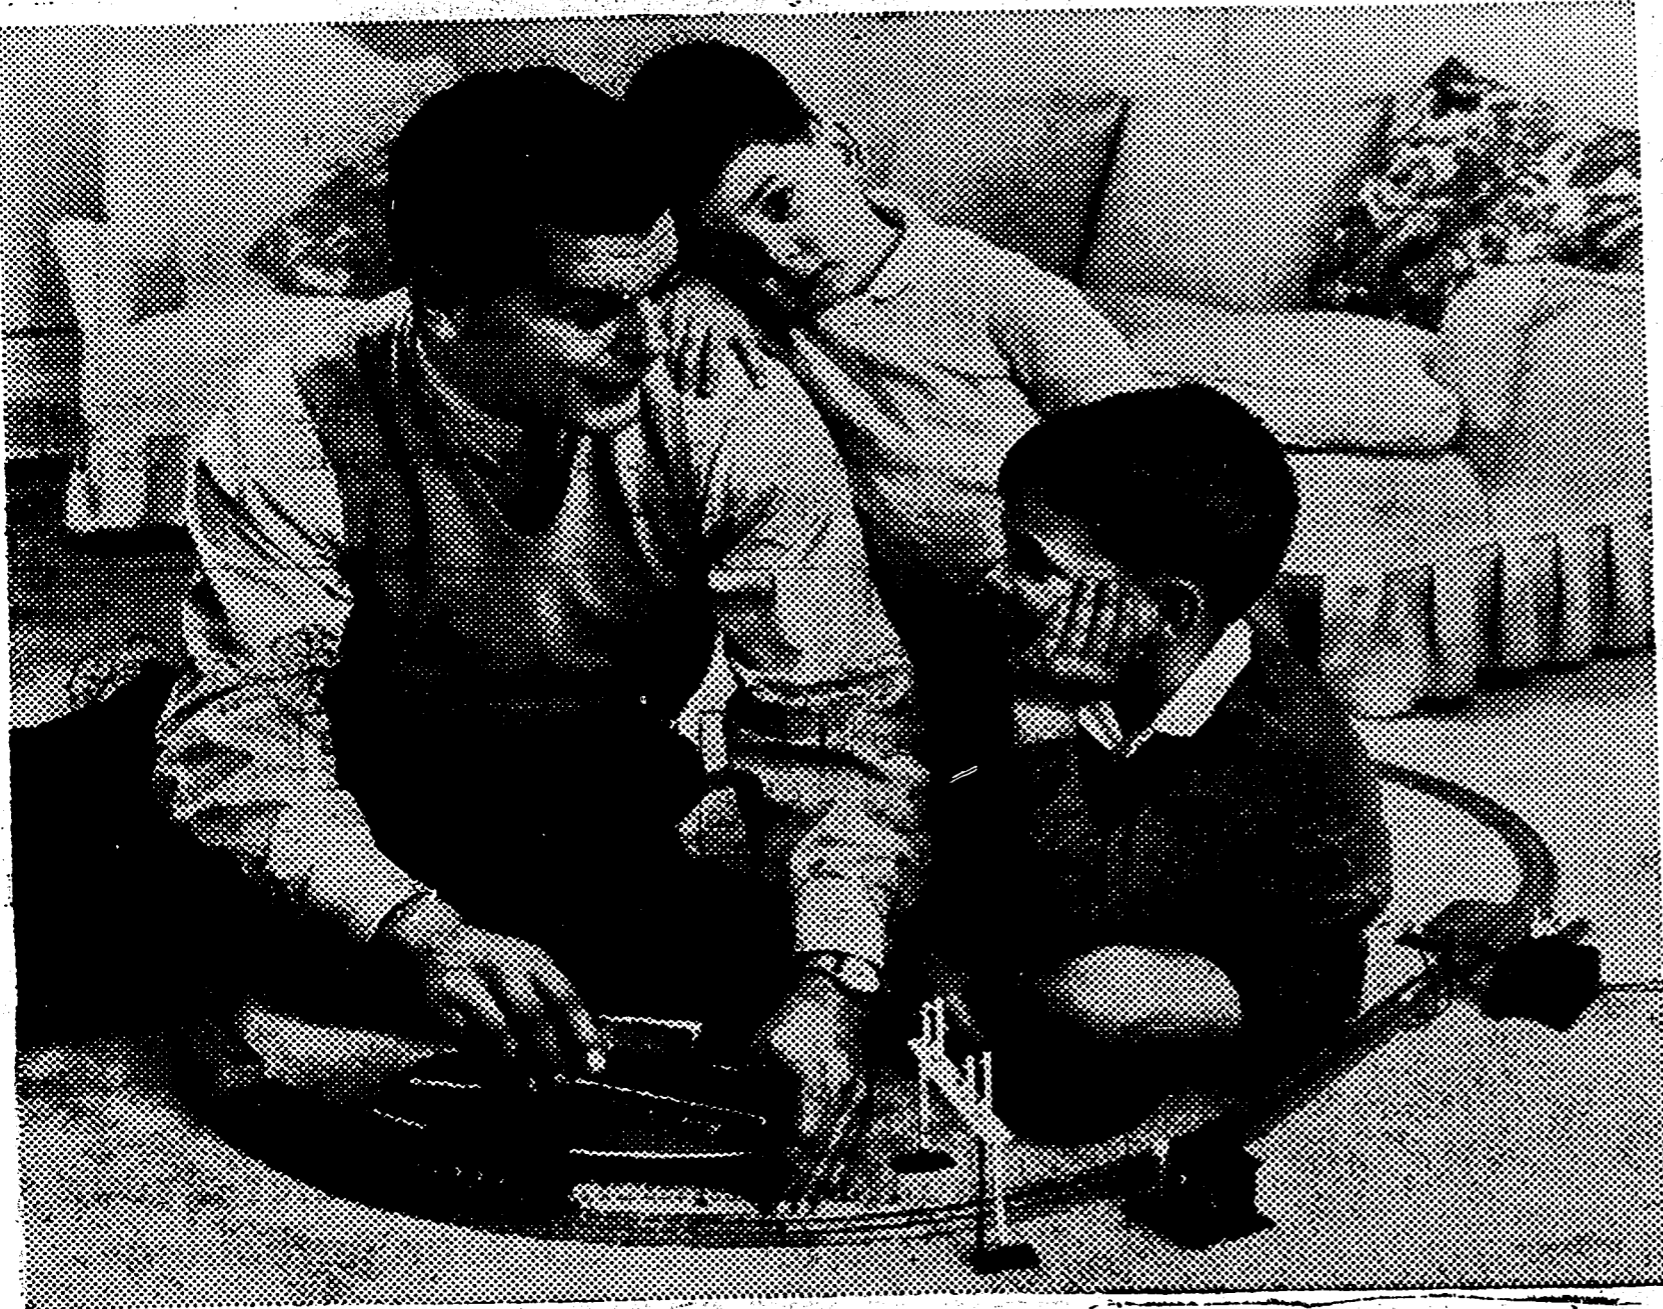

Mrs. Lazenby announced that the Women's World Day of Prayer would be held March 4 in St. Stephen Church.

Mrs. Margaret Babcock made a report on the coming TB testing campaign in Summerland. Mrs. Colin Campbell spoke of the project for sponsoring one or more young Sunday School teachers to a two week training course at Naramata school in July.

The meeting closed with the Mizpah benediction repeated in unision.

Tea was served by Mrs. J. Heichert, Mrs. J. W. Clark and Mrs. Harry Milley.

Mrs. Hugh Mair greeted members at the door.

Dads who are on the right track make the better buy in life insurance

The right track is the one that leads where you want to go. In life insurance it's the track that leads to lifetime security for your family; it's income for your wife and children if you die; it's savings for tomorrow's emergencies and a monthly income for your retirement.

This is what you get from The Mutual Life of Canada, plus high dividends. Dividends that are credited to your Mutual Life policy can put

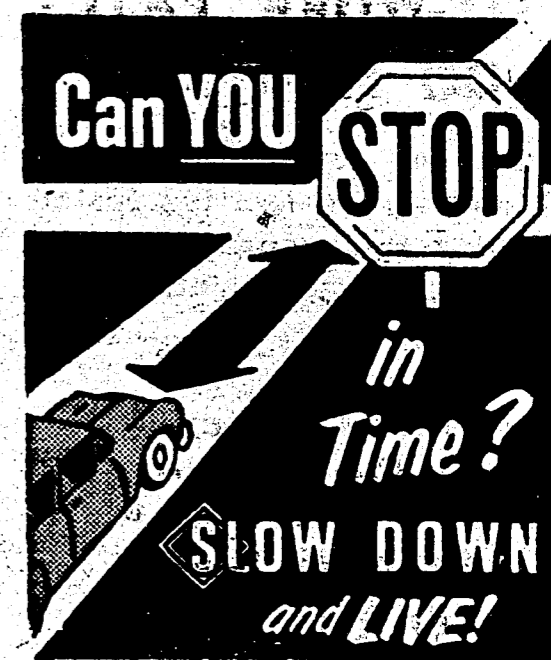

you many, many dollars ahead.

Ask your Mutual Life man to draw up the facts and figures. See for yourself how much extra you get in dividends . . . and discover why so many Canadians are turning to The Mutual Life Assurance Company of Canada for the better buy in life insurance. Or write to the Head Office at Waterloo, Ontario, for additional information.

Leadership... through an outstanding dividend record

Auditors' Report

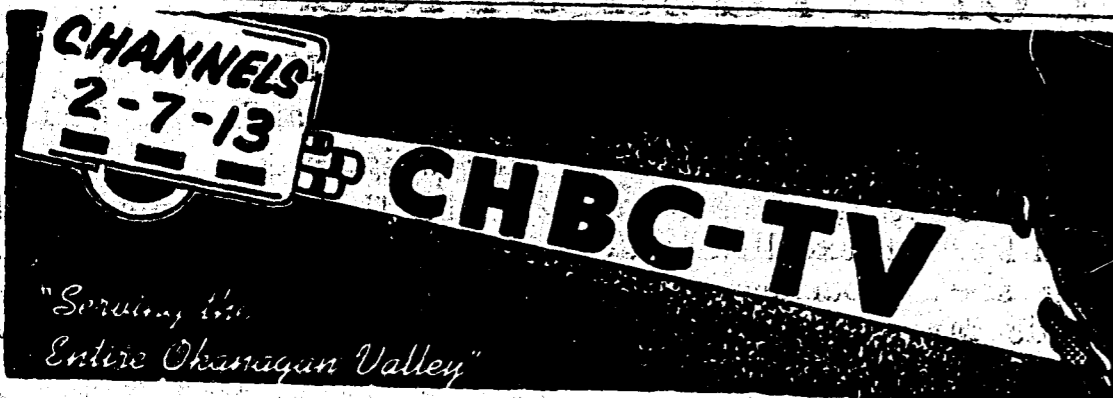

Kelowna, B.C.
February 10, 1960

To the Reeve and Members of the Council,
The Corporation of the District of Summerland,
West Summerland, B.C.

We have examined the accompanying Balance Sheet of The Corporation of the District of Summerland as at December 31, 1959 and the Statements of Revenue and Expenditure for the year ended on that date and have obtained all of the information and explanations we have required. Our examination included a general review of

the accounting procedures and such tests of the accounting records as we considered necessary in the circumstances. In our opinion the accompanying Balance Sheet and Statements of Revenue and Expenditure are properly drawn up so as to exhibit a true and correct view of the state of the affairs of the Corporation as at December 31, 1959, and the results of its operations for the year ended on that date, according to the best of our information, the explanations given to us and as shown by the books of the Corporation.

Volume 20, No. 17

Senior Boys Teams Secure Second Place

Both senior boys teams were able to secure second place last week end by defeating the Keremeos teams in Keremeos.

The senior A Rockets had no trouble in beating the Keremeos Sparks 60 to 48. The contest was fairly even through the first quarter, however the Rockets fought onward, led by Frank Carey came up with a flurry of points that put them in the league for keeps.

The senior girls, only losers in the week end series, were no match for the 27 to 20 win put the B's in a second place tie with the Pentiction senior B's. There will be another playoff

height and shooting accuracy that the Keremeos girls showed. They lost 27-18.

The action was even more concentrated in the senior B game. Although the score was not high, the game was well worth watching. The game some time this week to decide which team will

travel to Winfield for the senior B tournament.

On Saturday night the Summerland Junior Cosmics defeated the Pentiction Midgets 12-11.

The senior girls came up with a win over George Pringle, central zone champions. Score was 18 to 11.

Letters To The Editor

The Editor:

Ever since the opening of the new wing, students have not been allowed to use the two doors in the wing for anything but exits.

This seems utterly ridiculous. I don't think anyone knows, or could figure out, a reasonable excuse why we are not allowed to enter the school through these doors.

Students who have lockers in the new wing have to use doors at almost the opposite end of the school. When school opens, in the morning, and particularly at 1:00 p.m., there is a great congestion at the main entrance doors, so why aren't the new wing doors, particularly the south one opened at least at busy times to decrease the traffic at the other doors and in the halls and to save the students of the new wing some time and steps.

Even at non rush hour times we aren't allowed to enter the school through the wing doors.

This only causes embarrassment for anyone in the new wing who can't let a person in, and extra trouble for the person wanting to enter the door.

I think that we the students and particularly those

of the new wing, should kick up a fuss to see why we can't be given some sort of explanation, or better still, a right to use the new wing doors to enter the school.

Student of the new wing.
(Editor's Note: Mr. Longmore has informed us that "according to fire marshall's regulations, those doors are exits only.")

Rock and Roll In Hallway

On Friday night, the hallway of the new wing swung with the sounds of rock and roll, as 90-odd students jived, waltzed and strolled in the very successful Sock Hop sponsored by the social ministry.

The hop was held to help wipe out the debt incurred at the last senior dance. An admission fee of 5c was charged and a profit of \$4.57 was recorded.

The great success of the sock hop leads us to expect more noon dances in the near future.

B's Outplayed

Summerland was host to the Pentiction Senior B basketball team on Thursday evening. Pentiction outplayed Summerland, maintaining their lead throughout the game.

Pentiction's accurate shooting and fast play outshone Summerland's careless passes and poor rebounding.

The lopsided score of 40-24 was an unusual one for our senior B boys who have played so well in previous games,

Students Turn Out For Track Friday

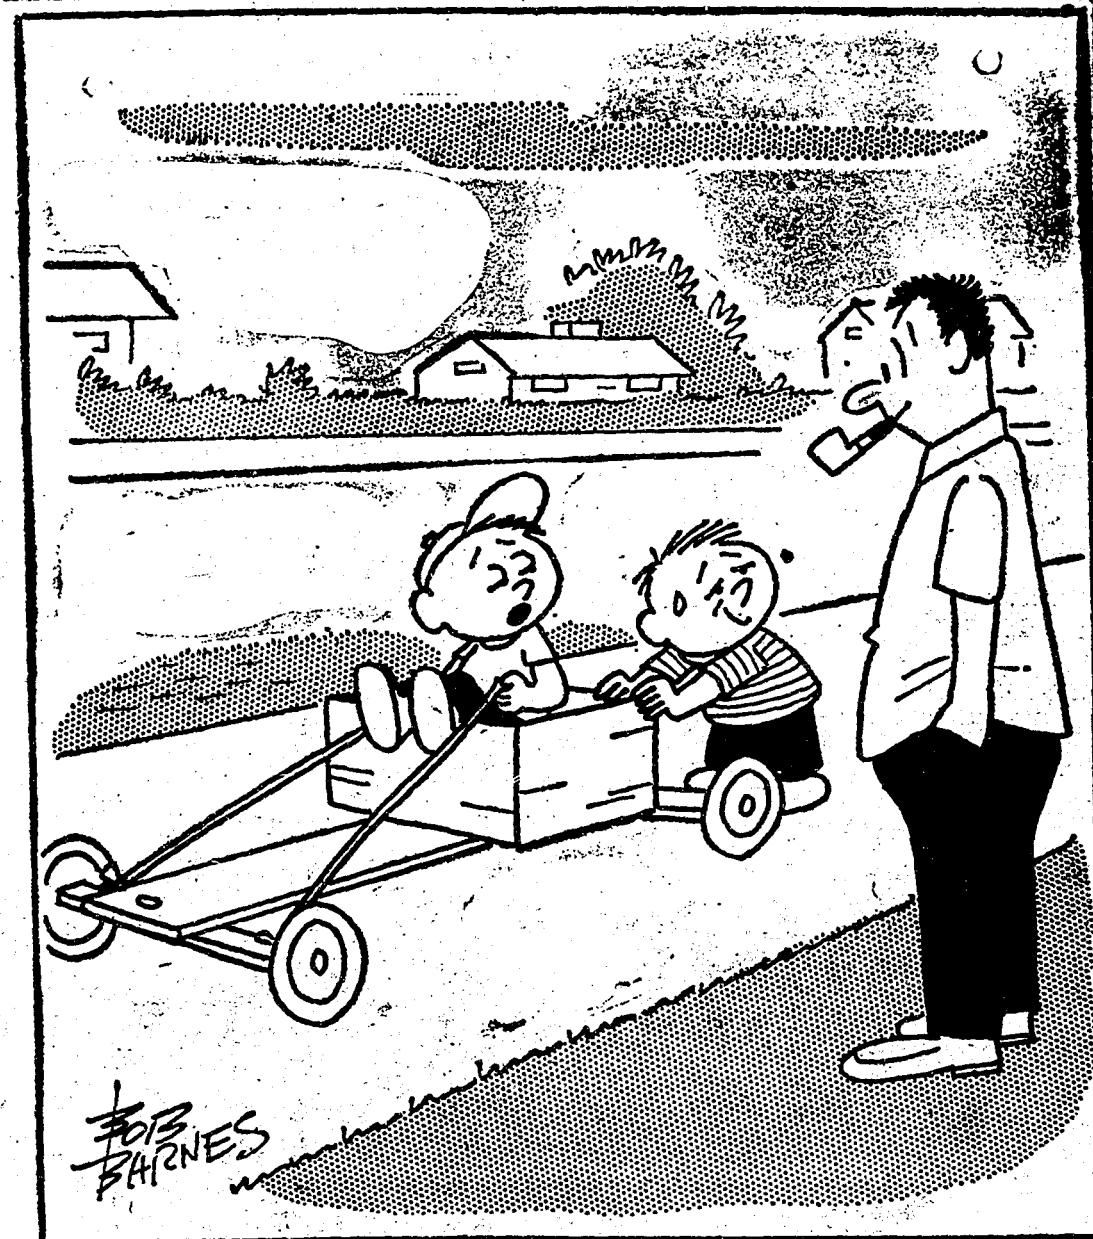

Fifty-five track enthusiasts turned out to the track rally held last Friday.

The students who continue will have an excellent coaching staff. Coaches will include Mr. Longmore for jumping, Mr. Ochs, Mr. Min

chin and Miss Flett for sprinting, and Mr. Puddy for weights.

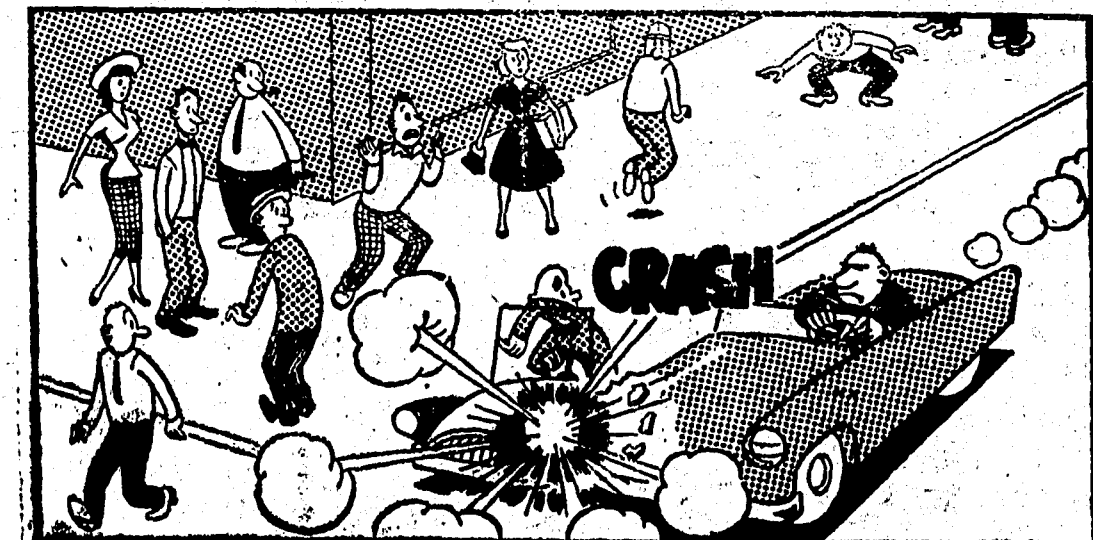

The first track meet will be held sometime in May, and it is hoped that Summerland will be able to field a good team.

LAFF OF THE WEEK

"I get between one and two miles an hour—depending on who's pushing."

THE BAFFLES By Mahoney

Key Club Goes Tobogganing

Toboggans, snow, food and drink with a few people thrown in formed the nucleus for a very successful Key Club tobogganing party Saturday night at the ski hill.

Wet bottoms were numerous but no one minded and there were no fatalities only a few close calls.

A good time was had by all and a similar party in the future is being hoped for.

Local Rinks Take Lions Share In Spiel

Summerland rinks captured the lion's share of the honors in the Summerland bonspiel which wound up over the week end as Bill Baker took the A event, Herb Lemke the C and Bill Snow the D. Nelson Clow of Kelowna was the only outside rink to break the charemd circle as he walked off with the B event.

In the A event Baker had little trouble in the final game as he overcame the Bill Croft rink 12-3. Taking third place was the George

Clarke rink skipped by Jack McNeil and fourth was Douglas of Penticton.

In the B, Clow rolled to a win over Leo Bauer of Penticton 10-6 while Gerry

Badminton Club Bridge Tourney Being Planned

Summerland badminton club spring bridge tournament will be held in the Youth Centre starting Friday, March 4, at 8:15 p.m.

Weekly as well as grand prizes will be awarded. Refreshments will be served.

Anyone interested please phone Mrs. Welch 6451, Mr Fudge, 4277 or Mrs. Bernhardt 2041.

A very active and enthusiastic club this year, it held a successful match with Penticton and is planning one with Naramata very soon. They also hope to send quite a few juniors to the valley tournament this spring.

Hallquist and Bill Carse of Penticton placed third and fourth.

Herb Lemke was pushed to the limit by the Clarence Power rink of Penticton as he scraped out a 9-8 decision in the C event in which Pat Moen of Penticton and John Caldwell took the runner up spots.

Bill Snow in taking the D event handed Bill Croft his second defeat in the finals, by an 8-2 score and John Littlejohn and Roy Dirks of Penticton completed the prize winners.

Clarence Power came up with the best draw to the house to break a three way tie with Bill Carse and Bill Croft for the biggest end after all three rinks had come up with a six ender during the bonspiel.

SPORTS

Local Rifle Club Seeks New Members

The Summerland sporting rifle club holds a practice every Thursday evening at Barkwill's Cannery warehouse where an excellent 20 yard indoor range is set up. Unfortunately, the attendance has not been up to par this season, so the club will welcome anyone interested in this type of target shooting. It is not necessary to own an expensive or elaborate rifle as the competitions are restricted to sporting .22 rifles of under 7 pounds in weight.

Competitions are held under dominion marksmen rules, with badges and pins being awarded to the qualifying marksmen.

The local club has accepted an invitation from Penticton to shoot on their range on Friday evening and it is hoped that there will be more inter club shoots before the end of the season

Bowling News

by Glenn Fell

Mixed league standings:
Occidentals 57, Kinsmen 45, Teenagers 42, Come ons 41, People Eaters 41, Whiz bangs 40, Happy Gang 40, Headliners 40, Spudniks 40, Tornados 39, Gibbins 37, Foresters 36, Hi Los 35, Zeros 35, Hilltoppers 34, Sportsmen 33, Scandies 32, Dead beats 32, Laggars 32, 5 squares 31, Liberties 31, Bankers 31, 5 spots 31, Billiards 29, Outlaws 29, Hillbillies 26.

Eileen Fell bowled 246 and 651. Roy Bradley 272 and Bill Austin 728. Occidentals were high team with 2831 pins.

Ladies bowling standings:
Hellcats 13, Pin Heads 12.5, Hayseeds 11.5, Beatniks 10, Rangy Tangs 10, Strangers 9, Chatterboxes 8, Just Us 6 Louise McAdam rolled 275 and 646 for double honors. Hellcats were high team with 2400 pins.

Men's league standings:
Kinsmen 23, Retreaders 23, Toppers 23, Rollaways 22, King Pins 14, Hot Shots 13, Rockets 12, 5 Blows 10. Len Jackson won double honors by rolling 385 and 979. Rollaways were high team with 4214 pins.

Greenwood Against Macs on Sunday

Last Sunday Macs Cafe Aces travelled to Greenwood coming home with 2 wins.

They won the first game 10-6 and the second game 10-5.

This Sunday, February 28 at 2:30 p.m. in Summerland Jubilee Arena Macs Cafe Aces will play host to Greenwood.

Win Potter Prexy Of Archery Club

The Archery Club which was organized last summer is now under the leadership of Win Potter who was elected president at a meeting held earlier this month.

Promenade

Thirteen squares of dancers comprising a gratifying number of new dancers were present at the Youth Centre on Saturday night to participate in square through bend the lines, turn back and crosstrails of square dancing. All new dancers took to the patterns like veterans and it looks like a real "shot in the arm" to square dancing in this area. Chuck Inglis as emcee turned in a terrific performance and did the major portion of the calling which kept the dancers enthusiastic throughout the evening.

Square dancers have a difficult decision to make this week end with a big dance at Peachland with Chuck Inglis as emcee and a big subscription dance in Oliver with Bill Ireland, editor of the Canadian Square Dancer magazine, as emcee. Both dances request a sack lunch and guest callers on the program. Judging from the reputation of the two aforementioned callers you are practically guaranteed a good time either place.

He replaces Jack Kirk who is spending the winter in Europe.

Considerable enthusiasm is being shown by the junior members, but the club would certainly like to see more adults taking part in the practices. The range is now located above the bowling alley and is clean and warm. Refreshments are served free of charge each night. Practices are held every Friday evening, commencing at 7:30 p.m.

It is hoped that an outdoor range will be established as soon as weather and light conditions will permit evening shooting.

Better results can be obtained when painting if the primer coat is allowed to dry before applying the succeeding coats.

COVER KNOTS

Before painting new wood surfaces all knots should be covered with shellac or other sealer. Otherwise the resins contained in the wood will blemish the finished paint job. New lumber with a rough or unplanned surface should be sanded before the paint is applied.

EASY WAY . . . To remove broken handle from pitchfork, saw off handle near ferrule, drill small hole and fill with kerosene. Let oil soak into wood before lighting and it will burn until only char remains.

Good Paint Job Achieves Smart Finish

Good painting means not only an attractive finish but a paint job that will last. This requires some know-

ledge as well as a certain amount of skill.

Unpainted wood, plaster and plaster board surfaces should always be primed with a sealer before it is given the finisher coats. Prepared paints can be obtained at any paint or hardware store.

If the surface to be painted is mildewed, it should be cleaned with a solution of sodium carbonate or other recommended preparation. The surface should then be thoroughly rinsed and left to dry before the paint is applied.

Wood work must be dry before painting with an oil base paint. Trouble is bound to develop if paint is applied over wood that is not properly seasoned. Moisture accumulating under painted surfaces will cause the paint to blister and peel.

We've got it! The amazing enamel that's really

DRIP-PROOF!

Jell enamel makes "paint measles" a thing of the past! It stays on roller or brush even when painting ceilings — no more spots on you or your furniture. And it spreads so easily—like butter on hot toast. For interior and exterior use.

MARSHALL WELLS
THIXOTROPIC ALKYD
JELLENAMEL

NEVER SAGS, RUNS OR DRIPS

Flows on smoothly, evenly, uniformly — like baked enamel. Never leaves brush or lap marks. Dries without unpleasant odor to a high gloss finish. Needs no stirring . . . never settles in the can.

Beauty by the gallon for all your painting needs!

Borrow this beautiful COLOR HARMONY BOOK! Choose in your own home from hundreds of modern color combinations!

In Memoriam

RICHARDSON — In loving memory of Barbara Richardson who passed away March 2, 1959.

Many a day her name is spoken,

And many an hour she is in our thoughts,

A link in our family is broken,

She has gone from our home, but not our hearts.

Sadly missed by her loving husband, Geoff, Lil, Ken and Les.

Coming Events

Women's World Day of Prayer service will be held in St. Stephen's Anglican Church on Friday, March 4 at 3 p.m.

Reserve March 17 for the CWL annual St. Patricks supper to be held in Youth Centre. 8c2

Announcement

Mr. and Mrs. F. W. Schumann, of West Summerland, announce the engagement of their younger daughter, Joyce Marilyn, to Warren Percival Coulter, son of Mr. and Mrs. Percy Coulter of Penticton. Wedding to take place Friday, March 18, at 7:30 p.m., in the West Summerland United Church. Rev. P. K. Louie officiating

Credit Union

(Continued from page 1) at the meeting Friday with the directors recommending that four per cent be paid on shares.

The credit committee re-increase in the amount of money loaned, with 446 members borrowing nearly half a million dollars. Buildings and real estate took a \$180,000 slice as the worth of cars and trucks largest single group. \$65,000 were financed, at considerable saving to the community.

The School Savings Clubs operating at the two elementary schools show an amazing savings of \$18,700 since the clubs started a few years ago. The club receives well deserved praise for their efforts at teaching thrift early. Four of the seven Summerland entries in the provincial Credit Union poster contest won major prizes at last summer's convention in Kelowna.

All committees show confidence in continued expansion in 1960, and the members contribution to this planned expansion will be outlined at the meeting on Friday. All interested parties, members and non members are urged to attend.

Locals

Mrs. G. McDougald has returned from Toronto where she attended the wedding of her son Richard.

Concert

Continued from page 1

accompaniment but his guitar, could hold an audience entranced for two hours.

One of the highlights of the evening was a German folk song sung at the request of Mrs. W. Tenning of Osoyoos, "Das Zerbrochene Ringlein" (The Broken Ring). Members of the Overture Concert Association from Osoyoos, Oliver and Peachland were in the audience.

After the concert, a reception was held at the home of Mr. and Mrs. C. E. Emery where Mr. Clauson was guest of honor and met members of the Overture Concert Association who found him easy to talk to, as natural and charming as on stage. One interesting feature was his learning of a folk song "Soft Corn, Hard Corn" taught to him by Mrs. J. L. Mason, a song sung by her grandfather. Mr. Clauson was delighted to learn it to add to his repertoire which includes hundreds of songs as he told this reporter. This made another delightful concert for those attending the reception.

Mr. Clauson has sung all over the world to enthusiastic audiences. He stated that the Summerland audience was "wonderful." This concert in Summerland was his first appearance in Canada and all who attended last Wednesday night will hope to have the privilege of hearing him again. M. A.

Parks

(Continued from page 1)

works superintendent reported.

Councillor W. B. Powell said that he doesn't agree with being in business as far as parks are concerned in Summerland. His opinion is that the beaches and parks should be kept for Summerland people as much as possible. He said that one of the reasons that Powell Beach was crowded with Penticton people is because all Penticton beaches are full of tourists.

Reeve Atkinson's reply was that when Peach Orchard park is developed fully the profit from it can be spent on other park spots from which the ratepayer in general will benefit.

Mr. Atkinson stated that the tourist industry is bound to develop and may equal the revenue from the fruit industry. He thought it would be to Summerland's advantage to bring tourist money to the municipality.

Continuing the reeve said that Summerland needs more beach area and the plan is to open Peach Orchard Hill road to the beach. This is within the road allowance. From Peach Orchard south a fill can be made to provide parking room and access to the lake.

Appreciation was expressed by the council for the voluntary work of Arnold Logan of Trout Creek in cleaning out part of the Sharpe subdivision giving a view and access to the lake.

**NOTICE**
