

Under the Giant's Head
Nobody found the Review's Lucky Number 701 last week so now the prize is worth \$5.00. And the merchant in whose ad the Lucky Number appears this week has offered \$2.50 worth of merchandise to the lucky number holder, making a grand total of \$7.50.

So for \$7.50 the lucky number this week is

No. 432

in one of the advertisements in this issue. It isn't a date, price, address, telephone number or any combination of numbers, but just

No. 432

as it appears. Copies of this edition of the Review are numbered consecutively in one ad only, but only

No. 432

is the winner. The finder should bring or mail a clipping of the ad to this office before Tuesday noon, November 8, to claim the prize.

How can no social news these days? If you've been away or have had guests in, give us a call at HY4-5406. We'd appreciate hearing from you. While we're on the subject my wife and I are travelling to Vancouver this week end to attend the annual convention of the B.C. Weekly Newspapers Association.

We had a call from Mrs. H. R. McKee of Parkdale to tell us she had picked her last bouquet of sweet peas on Friday. Sort of makes you think this is truly the Banana Belt.

But on the other hand I understand the ardent types are getting out their skis and applying the first coat of wax.

Speaking of sportsmen Mr. Bill Radomske just out his 43rd deer, not all this season, mind you. That's since 1936, but in all that hunting he only missed once. This was a nice fat, 5 point black tail buck that dressed out at 187 pounds. The Radomske's have just returned from a duck hunting trip to Saskatchewan where Bill got 8 geese and 14 ducks. One thing Saskatchewan can brag about, certainly not its weather, but boy, those grain fed ducks and geese.

We see a lot written and hear a lot more said about the antics of young people on Hallowe'en. Most of it is unfavourable, but the kids here were pretty good this year, with no serious damage reported. One young lad we heard about did his good deed Hallowe'en night. Fourteen year old Wes Campbell gathered up nine little ones in his neighborhood and took them around to receive their share of the treats.

Larrie Allen Grant of West Summerland received his Bachelor of Physical Education degree at UBC's fall convocation ceremonies recently.

Teachers' salaries go to conciliation

Curling underway next week

For the past two weeks, work gangs have been busy at the arena getting the ice ready for curling.

There will be free instruction for anyone wishing it on Friday and Saturday at 7 and 9 p.m. and on Sunday at 1 p.m. and 3 p.m. Please be at the rink of phone H. Hackman, HY4-5687 evenings.

The first challenge game will be played on Sunday at 7 p.m. between Sakal and Hackman.

The mixed bonspiel will get underway on Monday at 7 p.m. Regular draws will start a week later.

Anyone interested in watching is welcome at any time.

The phone number at the rink is HY4-2851.

Weather

During the last week of October there was .09 inches of rain and 26 hours of sunshine recorded at the Research Station.

	High	Low
October 26	50	46
October 27	50	40
October 28	57	46
October 29	47	31
October 30	46	36
October 31	52	38
November 1	58	40

Selects looking for members

The Summerland Selects hockey team is going to reorganize and form a team of approximately 25 members. So how about it, fellows, if you can skate, pick up a pass, stay off side and find a stick that will hold you up, there's a place for you in the line up. For further details, contact Tiny Hawkias or Vic Parker.

Do you have any questions on fluoridation? If you have, send them into the Summerland Review, and the Kiwanis Club's committee on fluoridation will answer them through this newspaper.

Questions must be signed and received at our office by Tuesday noon.

Don't forget to be a blood donor on Friday at the United Church Hall.

For transportation during clinic hours phone HY4-8181

First poppy to mark the proclamation of Legion Week, November 6-12, is pinned on B.C.'s new Lieutenant-Governor Major General George R. Pearkes, by Mr. Legion of 1960, John F. Towler. Mr. Towler, an 80 year old South African War veteran, is president of the Legion's Branch No. 1. He was chosen Legionaire of the Year by the Provincial Command as an outstanding example of a long time veteran who continues to work actively for the welfare of the Legion comrades.

The local Legion Branch Poppy Day is this Saturday.

Exchange students like Summerland

The exchange students from Ellensburg, Washington High School who are visiting Summerland High School for a week, consider themselves very fortunate to be chosen for this job. The four students are Liz Welding, Crystal Raau,

Bill Hahn and John Coleman.

In an interview with the Review the students told us they feel the class room tenor here is much the same as back home except that they receive a little more home work at Ellensburg High.

The young people have a busy schedule ahead of them. They have visited the Fish Hatchery, the Research Station and still have several tours to make.

They are billeted in various local homes and feel they are seeing a cross section of life in Canada.

The girls Liz and Crystal, both grade 12 students, are planning careers in nursing. John hopes to go to California university and study mathematics, and the lone grade 11 student, Bill Hahn hasn't made up his mind as yet.

The one thing they are unanimous on, is that they are enjoying their visit at the Summerland high school as no doubt are their counterparts. Eleanor Martin, Iris Willis, David Davis and Russel Bleasdale are enjoying their week at Ellensburg high school.

The annual exchange trips are arranged by local Rotary clubs.

Summerland school board has turned down the teachers' request for increases in the salary scale. The board has taken the stand through out the negotiations that no salary increases are warranted. The present 1960 salary scale is the only one that has been offered by the board and no concessions whatever have been agreed to by school trustees.

School Board says:

The school board has released the following statement to the Review:

The Summerland Teachers' Association on September 28, requested negotiation of a revised salary agreement for 1961. A new salary scale was proposed and numerous changes in the clauses governing the agreement were requested. The new salary scale left the minimums the same but the maximums were drastically increased in all categories except Elementary Conditional which remained the same. The increment pattern (number of years' experience required to reach the maximum) was reduced from the present eleven and twelve, to ten years. The proposed salary scale would provide salary increases to individual teachers as high as \$1200 per year. It would mean an 8.4 percent increase in payroll total and an extra \$19,000 per year to be provided by District taxation.

The School Board rejected this salary scale stating it was excessive in view of economic conditions throughout the country. The Board

believed in adequate payment for services and that, in regard to teachers' salaries, this stage had been fully reached. The teachers were asked to present a more realistic scale, which they agreed to do.

The second salary scale put forth by the teachers was considerably reduced. It would involve a 4.35 per cent increase on payroll total and offered an eleven-year increment pattern. It proposed a decrease in the minimums and the salaries of some teachers low on the scale. According to this formula, the salaries of four teachers would remain the same and twelve teachers' salaries would be reduced with the increases given to those at or near the top of the salary scale.

The Board reply to this proposal was that to take from those who need it most to give to those who need it least was unfair to the former group and not in accordance with Board thinking. The teachers ventured the ingenious statement that since the 1960 salary agreement had stipulated that no

and teachers say:

The following statement was released to the Review by the Summerland Teachers' Association:

The Summerland Teachers' Association have named Dr. C. C. Strachan as conciliator for the 1961 agreement between Summerland School District 77 and the Summerland Teachers' Association. In making this announcement the Teachers' Association regret that a negotiated settlement was not reached and sincerely hope that with the aid of Dr. Strachan and Mr. W. A. Jaidlaw as conciliators a satisfactory agreement can be arrived at before the deadline for arbitration, November 16.

When negotiations were opened, at the end of September, the Teachers' Association was very much alarmed with the deteriorating position of the Summerland School Board in competing with other districts in the Province for qualified teachers. The placement of our present scale in relation to the other 80 districts of the province is as follows: (based on average earnings of 13 years for elementary scales, 16 years for second-

ary scales, and out of 81 districts) - Elementary Basic (1959) 76, (1960) 81; Elementary Advanced (1959) 73, (1960) 73; Secondary Basic (1959) 65, (1960) 77; Secondary Advanced (1959) 67, (1960) 74.

It was realized by the teachers that 40 per cent of the Summerland staff, those on Elementary Basic certification, are on a scale which is the lowest in the Province. Further, 29 per cent of the staff, those on Secondary Basic certification, are on a scale which is fourth from the lowest in the Province. Most alarming is the fact that from the 1959 to the 1960 agreement, the relative positions of the Summerland Teachers became worse in all excepting the Elementary Advanced category, which remained eighth from the bottom.

In opening negotiations, it was felt that the School Board should have the opportunity to improve their relative position in order to attract fully qualified teachers. Under the present scale, it has been necessary for the School Board to engage teachers lacking full

Blood better than many miracle Drugs

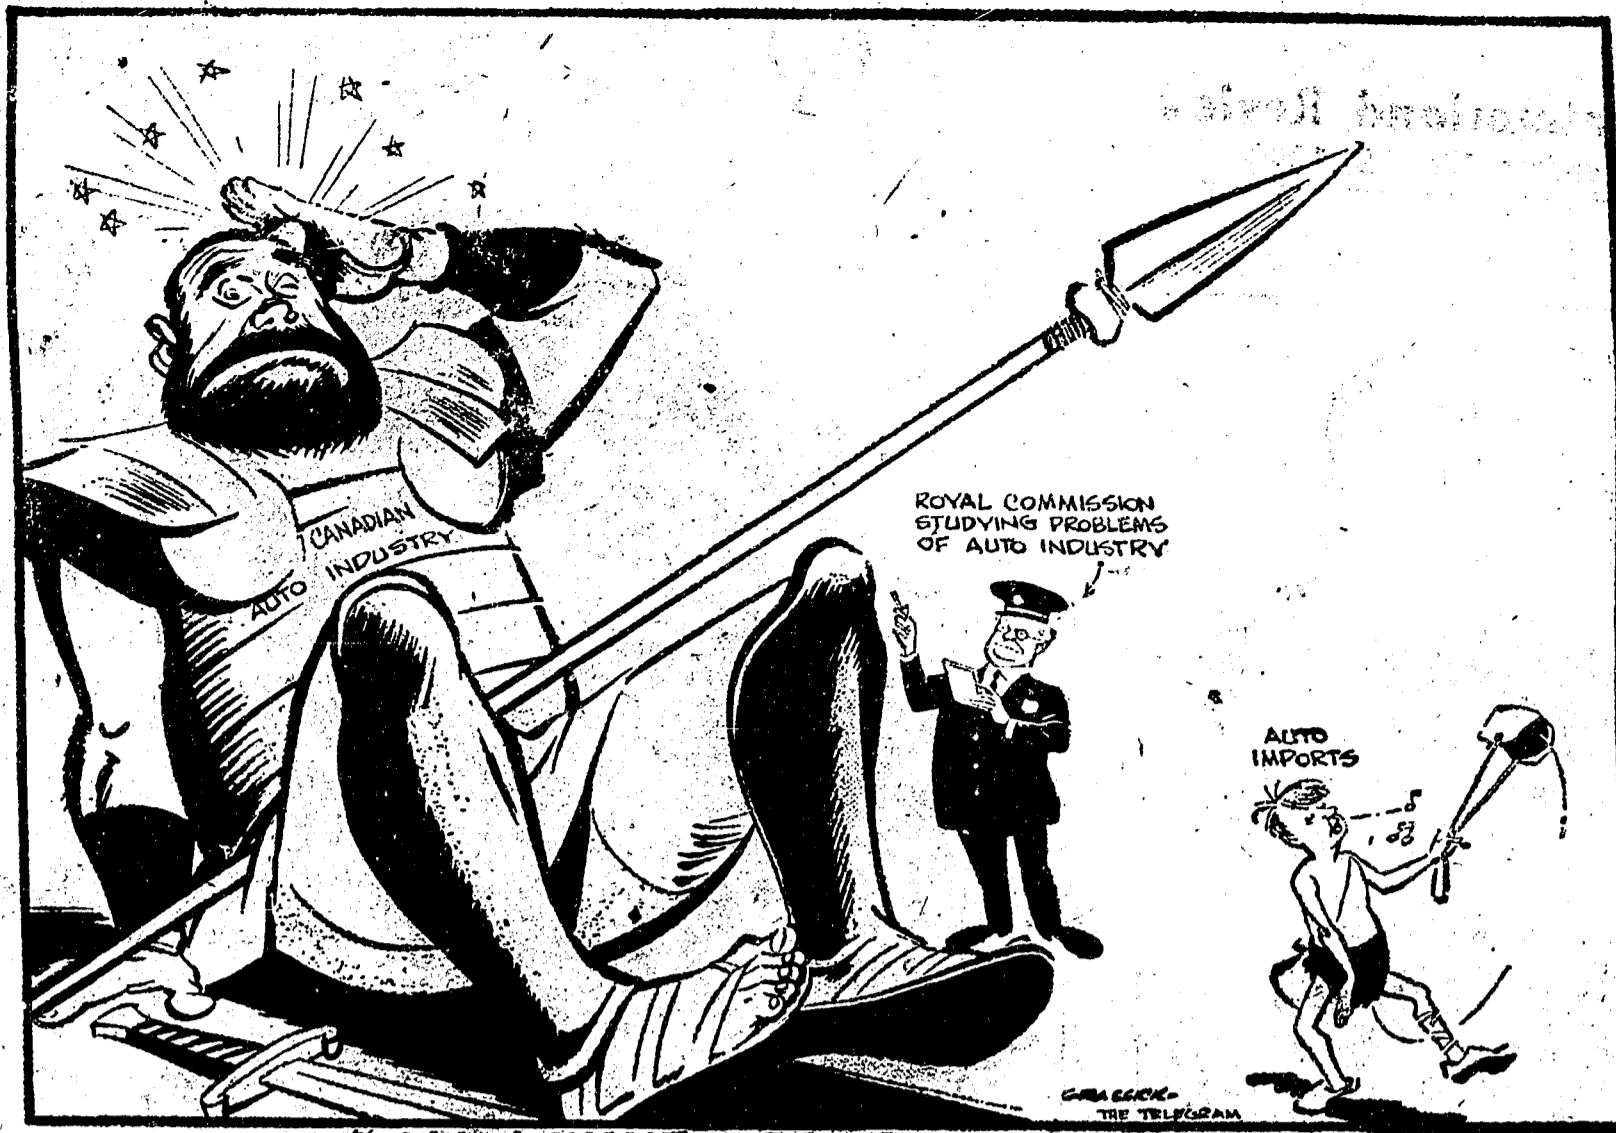

The blood flowing in your veins is indeed a most amazing substance, a real miracle worker doing more life-saving jobs than any of our wonder drugs. It saves life and speeds recovery from operations, accidents and serious illness. And there are many normal healthy little boys and girls in the world today who would have died within hours of birth if blood had not been immediately available for the complete replacement transfusion which saved their lives.

An average of 70 patients receive blood transfusions in British Columbia hospitals

every day. It takes some 1200 donors a week to supply this need in the right proportion of blood groups. Since 1947 this service has been free of charge.

In Summerland only one blood clinic is conducted each year. This year's clinic will be held in the United Church Hall on Friday, November 4, from 1:30 to 4:30 p.m. and 6:30 to 9:30 p.m. For transportation to the clinic phone HY4-3037, or during clinic hours phone HY4-6181.

This year the need is urgent. Be sure to donate your blood.

Faulty Ideas

by Rev. Ira Johnson

There are some people who do not like to think about God. According to Charles Jefferson, the reason for this may be the wrong ideas they have about God. One of the purposes of Christ in coming to earth was to give men a true concept of God.

To start with, many people think of God as an Unknowable God. But Jesus simply taught us to think of Him as a loving heavenly Father. St. Matthew 6:31-33.

Some may think of God as being too busy to think about common people. They have a feeling that God is concerned with only great and important men. But Jesus went so far as to say that not even a little sparrow falls to the ground without the notice of this heavenly Father. Then Jesus added: "Are ye not of more value than many sparrows?"

Others may feel that God is trying to pin something on them. They may have the idea that God is deliberately condemning them. But Jesus told Nicodemus that God didn't send him into the world to condemn the world but that the world through him might be saved. St. John 3:16-17.

Finally there may be those who doubt the forgiving grace of God. For such Jesus told the story of the prodigal son, who when he repented of his sins found that his father was eagerly watching for his return. In fact he came out to meet him. St. Luke 15:11-32.

Letter to the Editor

The Editor,
Summerland Review

Dear Sir:

In reply to a letter which appeared in your issue of October 19, 1960, in regard to fluoridation of drinking water: apparently Mr. Brown has no knowledge of the very keynote of democracy, which is the protection of the rights of minorities. To force the will of the majority on all people merely because a "vote" has been taken, is dictatorship. Supposing the majority were in favor of the United Church or the Roman Catholic Church; then, is it democratic to force all to attend whichever church is most favored? Mr. Brown's idea of fluoridation is similarly "democratic".

Obviously Mr. Brown knows as little about fluoridation as he does about democracy. He assumes that the water soluble sodium fluoride, which is the chemical used to fluoridate drinking water, is the same as the organic calcium fluoride found in nature. The calcium is the natural antidote for the poisonous fluoride. Sodium fluoride cannot be assimilated by the body but is a cumulative poison, the full effects of which may not be known for ten to twenty years. In a statement issued by The Water Supply Department of the City of New York rejecting any question of a vote on the fluoridation of the water supply, we find: We are aware that fluorides are extremely toxic substances, and evidence exists that even at the recommended level of one part per million of fluoride in drinking water, people in

fluoridated communities have been harmed."

Mr. Brown evidently does not know that by a vote of five to one, the Ontario Supreme Court decided against the fluoridation of the water supply of the City of Toronto on the grounds that such would be Mass Medication. The Supreme Court of New Brunswick brought down a similar decision on December 16, 1955. The Association of American Physicians and Surgeons Inc., which comprises 15,000 members of the A.M.A., at its annual meeting held in San Francisco on April 12, 1958, passed the following resolution: "Whereas the right to determine what shall be done to one's own body is fundamental, and whereas, water is necessary for life, and whereas, many people are dependent on public supplies for water. Therefore, be it resolved that the association of American Physicians and Surgeons Inc., assembled in San Francisco, California this twelfth day of April, 1958, condemns the addition of any substance to public water supplies for the purpose of affecting the bodies, or the bodily or mental functions of the consumers. And be it further resolved that copies of this resolution be transmitted to the President of the United States, the Members of Congress, the Governors of the several states, and the majors of our principal cities, and released to the media of public information."

The address of the Association of American Physicians and Surgeons, Inc., is 185 North Wabash Avenue,

Chicago, Ill. The secretary is William L. Baughn, MD.

Finally, I should like to ask Mr. Brown why the majority of the large cities in Canada have rejected fluoridation of water supplies? Also why upwards of a thousand centres in America that have experienced it have thrown it out?

My trust is that in some small way I have been successful in enlightening Mr. Brown.

Yours very truly,
Erma Anderson.

Riyadh

City of the Future

New municipality building in Riyadh, progressive capital of Saudi Arabia.

Until very recently, the Saudi Arabian city of Riyadh was as dreary and brown as the desert which surrounds it. Most of the houses were of mud-brick and the streets were foot paths, too narrow for cars to use.

But there is new sparkle and enthusiasm in Riyadh today as architects and builders work to create a modern capital on the site of the old city. The dream of King Saud, who planned the new city, is fast becoming a reality.

Broad asphalt-paved boulevards now divide the city. Sparkling white government buildings; a magnificently furnished royal palace; and spacious villas have already been built. Everywhere workmen are hammering, painting and digging to construct the new metropolis. Long rows of trees are being planted and shopping centers constructed to replace the ancient bazaars.

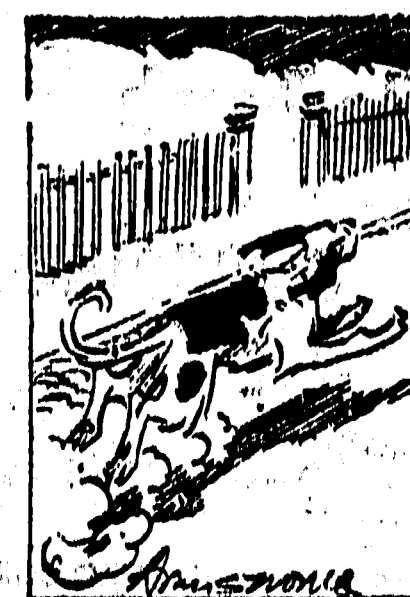

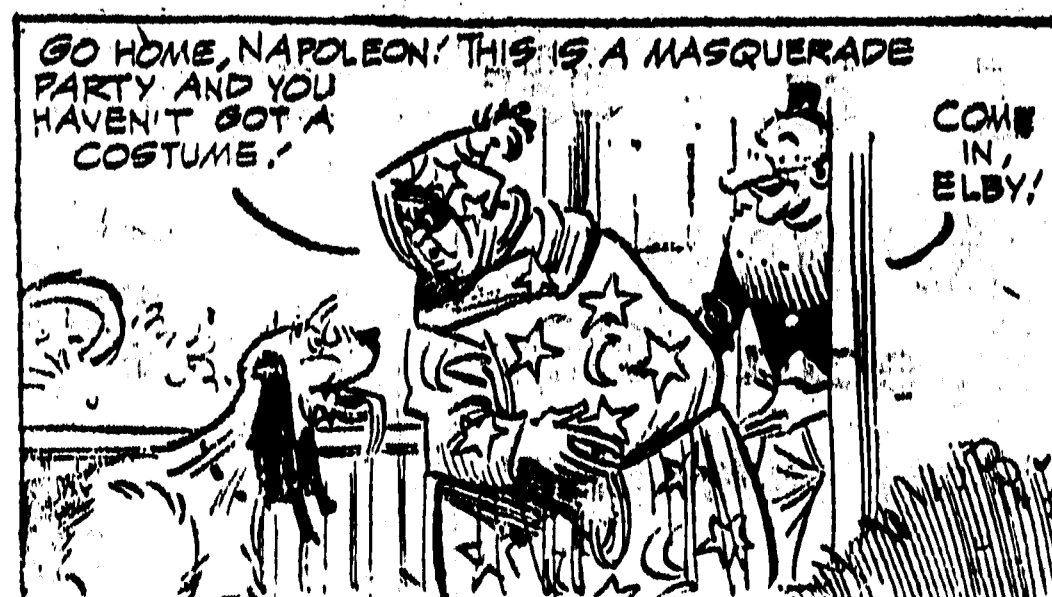

Six public gardens have been planned for Riyadh, and a zoo has been established. A gypsum plant is under construction; a tile plant is already operating; and a job

printing firm now publishes a weekly newspaper and a variety of pamphlets and books.

Riyadh has three new hotels which are air conditioned throughout, with five-station radio speakers in each room, along with swimming pools, roof gardens, and luxurious lounges. A 65-bed hospital which is among the most modern in the Middle East has also been built.

Indicative of Riyadh's faith in the future is King Saud University, the first four-year university to be established in Saudi Arabia, which will graduate its first class in 1961. Riyadh also has seven public schools, an elementary teachers institute, and an industrial school.

The building program becomes even more impressive when one realizes that the building materials were gathered from points throughout the world, and that they had to be transported across the desert by rail. The rate of construction is so rapid that Riyadh ranks as the most quickly established seat of government in recorded history.

These coats are warm and washable. Come in and choose yours now while the sizes and colors are at their best.

Macil's Ladies' Wear

Portrait look party frocks will be popular this season with the young miss who shows a growing interest in her wardrobe. These dresses can be machine or hand washed and worn with little or no ironing. The portrait dresses are available in sizes 3 to 14. They are wrinkle resistant.

Square 'em up

This year's beginner class certainly a livewire group, or in instructor Ray Frederickson's words "a really hep bunch of dancers."

A new square of adults was added to the group last Friday. Also four couples from the Pairs and Squares were on hand to help out when needed.

Four or five more couples plan to come next Friday. With four squares of adults and at least three squares of teen agers to teach which left foot is their right one, Roy will be busy on Friday nights this winter!

This Friday, November 4 is the final night for registration. No new members will be accepted after that time. If you have attended the first lessons and are unable to be out that night, please let us know. Fees are \$4.00 per person for adults and \$2.00 for teen agers.

Eight squares of pre teen-agers attended Saturday afternoon's class. Fees are \$2.00 up to Christmas. Since the lesson money is sometimes lost enroute to classes, parents are asked to pay for the lessons in advance. A receipt will be sent home with your youngster. It is hoped that this practice will result in better attendance, and therefore a higher standard of dancing at the completion of the course.

Chuck Inglis started intermediate dancing off Tuesday evening. We learned a

new round dance, Rainier Waltz and did some brushing up on things we've forgotten since last spring. Those who are interested in learning round dance fundamentals are invited to come at 7:30 for extra instruction.

Two party nights are scheduled for November 5. The Peach City Promenaders in the Youth Centre with Ray Kerfoot of Vancouver MC. Buffet supper served. Kelowna Wagon Wheelers in the Centennial Hall, with Bob Emerson of Omak MC. Sack lunch:

Jerry Hallquist elected president of Kiwanis

Kiwanis met on Tuesday evening at practically full strength. It was nomination night and the result of the elections was: Jerry Hallquist president (by acclamation), Walter Toeves, vice president; Bill Laidlaw, treasurer; directors, Ed McGillivray, Doug Campbell, Don Randle, Nick Solly, Carl Dietrich, John Selinger and George Henry.

Walter Toeves introduced Councillor Norman Holmes, who described the plan for a senior citizens home. The home will house twenty-four persons at a cost of \$75 per month, which includes everything: food, laundry, room, lounge and dining room. The Kiwanis felt it was a wonderful project and wished it the very best of luck.

The club is building a shelter for school children in Happy Valley at Gordon

Robertson's Corner, which will be built on skids, so that it can be moved at any time, should need arise.

Monday, November 14, will be a gala night for Kiwanis. Not only will it be Ladies Night, but Governor Jack Frost will be in attendance. New members will also be inducted.

A letter from the Canadian Mental Health Assoc. was received, thanking the club for the Christmas gifts of last year, and the club passed a motion to continue this sympathetic action again this year.

A short director's meeting was held at the close of the meeting.

Eastern Star tea attracts many visitors

Baskets of lovely autumn flowers decorated the IOOF Hall Saturday afternoon when Mrs. G. A. Laidlaw, Worthy Matron of Summerland Chapter, Order of the Eastern Star, graciously received the many guests attending the annual fall tea and sale of home cooking. Co-conveners for the event were Mrs. Nels Charlton and Mrs. J. M. McArthur.

Mrs. A. J. Berry and Mrs. C. J. Bleasdale arranged the lovely baskets and the beautiful tea table which was centred with a large bowl of mauve and white chrysanthemums set on a wide round clear crystal plate.

Pouring at first were Mrs.

W. E. Jackson, Worthy Matron of Penticton's Edina Chapter OES, and Mrs. George Washington, Past Matron of Summerland Chapter and they were relieved later by Mrs. K. B. Thomson, Mrs. Jack Long and Mrs. W. H. B. Munn.

Mrs. Jack Young was in charge of catering, assisted by Mrs. Frank Maddocks, Mrs. Joe Sheeley, Mrs. G. Leigh, of Penticton, Mrs. Fred and Mrs. Art Topham, and Mrs. Myrtle Ferguson of Peachland, Mrs. R. W. Mead and Mrs. Ken Heales.

Homecooking was convened by Mrs. S. W. J. Feltham assisted by Mrs. A. F. Calder, Mrs. Gordon McArthur and Mrs. James Marshall.

Mrs. Earle Wilson was responsible for the two grocery hampers given as door prizes and won by Mrs. Syd Myers and H. O. Pruden. Mrs. George Clark, Mrs. Howe Thomson and Mrs. Mel Cousins sold tickets for those at the door.

Mrs. David Munn was in charge of the advertising for the tea.

Mrs. Florence Stark received the tea money which will be used for various Eastern Star projects.

Library news

by Kay Dunsdon

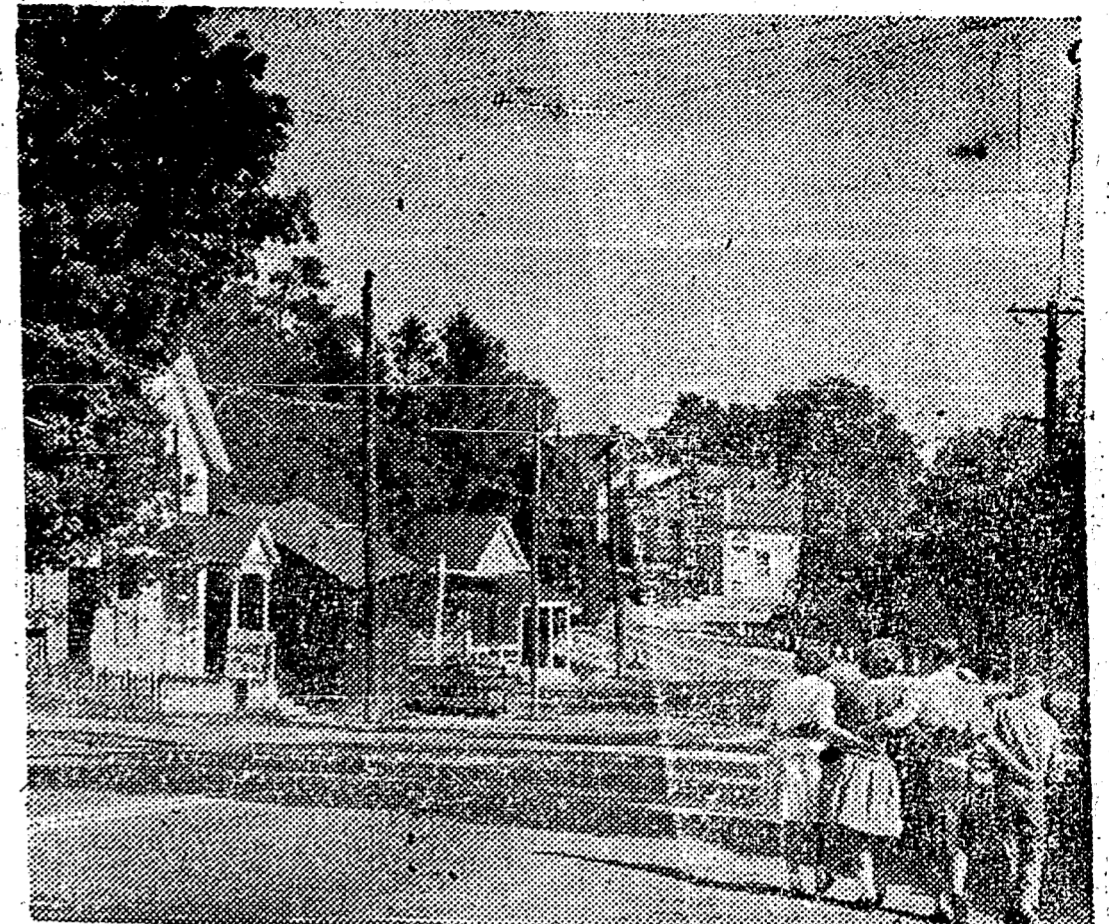

One of the many interesting books in your local library is a 1960 Ryerson fiction award book *Short of the Glory*, by Elizabeth M. Granter Bennett.

This English born author received her early education in Ontario, and on graduation was awarded the McLaren Gold Medal in modern languages. She is special lecturer in French at Victoria College, Ontario.

Short of the Glory is a truly Canadian historical novel, set in New France in the 1690's with a background of intrigue and exciting adventures, as France contends with England for the mastery of North America. This is not just another Indian story, but is the story of Abbie, her convictions and prejudices among enemies who love her, long before she loves, or understands them. Bought out of Indian captivity by a friendly French family, her Puritan soul is appalled that her benefactors are papists.

How she learns to live in friendship and to appreciate her friends with their different language and approach to life makes interesting reading.

More library news next week.

This pleasant town is dying—and all its residents are on the move. Giant construction machines will soon rip through Dunbarton, Ont., to make way for an \$80 million Canadian National Railway bypass that will skirt Toronto. A third of the hamlet's 150 residents already have settled up with the railway and moved. They received an average of \$20,000 for their properties. The end is only months away.

Inadequate wiring one of nation's top fire hazards

"The fire was caused by faulty wiring." How often have you read this at the bottom of a newspaper account of some fire?

It's inevitable, perhaps, in this electrical age, that circuits in many older homes should become overloaded with the many appliances in use today. A good idea is to call in your electrician and get him to check over the wiring in your home. And now is the time to do it, when he's not tied up with outdoor construction.

Of course, there's always the chance that you haven't the ready cash to repair or replace your present wiring. That's where Jock Johnston, manager of the Summerland branch of the Bank of Montreal, might help you with a home improvement loan.

Home improvement loans are available at the B of M at the lowest rate - one half of one per cent interest per month - and can be used for all kinds of worthwhile repairs and improvements. If you have wiring worries on your mind, it will pay you to have a chat with Mr. Johnston at the B of M today.

Summerland Review

Mayor Harry Veiner of Medicine Hat, Alta., brings up the outside position (extreme left) as he bids goodbye to a pair of marathon walkers and a wagon train movin' west. Continuing on their Toronto-Vancouver walk are Matt Deane, left and Kevin Griffin. They temporarily joined the covered wagon carrying driver Tessa O'Keefe and her mother, Mrs. Katherine O'Keefe west. The O'Keefes of London, England, have been traveling since June, 1959, seeing Canada the inexpensive way. Griffin and Dean have to make Vancouver by foot in time for the Grey Cup Nov. 26 to pick up \$20,000 offered by sponsors. They are now in southern B.C.

Local girls find university life exciting

Life at the University of British Columbia is exciting and interesting according to Ona Rosalee Willis, a Summerland student who enrolled this year in the faculty of pharmacy.

Miss Willis, who takes her classes in UBC's brand new \$700,000 pharmacy building, lives with another Summerland student, Arlene Embree, who is in second year home economics.

Miss Willis is the daughter of Mr. and Mrs. Edward P. Willis of West Summerland. Miss Embree is the daughter of Mr. and Mrs. J. J. Embree of West Summerland.

The two girls share an apartment in Vancouver where they do all their own cooking and washing. "We still manage to study about three hours a night," Miss Willis says.

After graduation from West Summerland high school Miss Willis took senior matriculation at Penticton. This year she was awarded a B.C. government

scholarship paying one-third of her fees and the Penticton Bar Association bursary.

Miss Willis, who plans a career in hospital or research pharmacy after graduation, is one of 150 students who are taking classes in the new pharmacy building which is a wing added to the Wesbrook building.

This year the academic requirements for the bachelor of science in pharmacy degree have been increased from three to four years of study beyond senior matriculation. Students can choose from a greater number of electives and acquire a broader education.

Miss Willis says her heavy schedule at UBC doesn't leave much time for extra-curricular activities. "There are a great many things to do at the University," Miss Willis says, "but we have not found time to take part yet. Maybe next term..." she says hopefully.

Teen Town Topics

by Vicki McKee

Last Saturday night Teen Town held its annual membership dance at which anyone who bought a membership card was admitted free of charge. Although not many memberships were sold the dance was quite well attended. Membership cards are still available at Teen Town dances or from any council member. We are grateful to Mr. and Mrs. Bonthoux for acting as our chaperones for the evening.

Teachers

(Continued from page 1)

teaching qualifications. On September 30, all school districts had opened salary negotiations for an upward revision on the 1960 scale. In order to bring the teachers to the average paid in the rest of the province, it would necessitate at least a 3 percent increase on the 1960 overall salary budget. Anticipating even a 2 percent rise (the two settlements already reached are 1.8 percent and 1.56 percent) this would justify a 5 percent overall increase necessary in order to place the Summerland School Board in a competitive position to hire fully qualified teachers next September. This would appear to justify the request for 4.35 percent increase as estimated by the Board which the teachers are now asking.

The School Board has offered to renew the 1961 contract at the present scale. In the light of the above facts, it is the sincere feeling of the Teachers' Association that to accept this offer would be a disservice to education in Summerland.

Secret composition was used in this 17-foot statue of Christ, The Teacher, which stands before a Redemptorist Fathers Seminary in Edmonton. Alta. Rev. Paul Scullion views the statue, which was made in Vancouver by two Hungarian artists and shipped in four pieces. Weighing four tons — much less than normal statues of comparable size — it is made of plastic-like material which could revolutionize sculpturing due to its ease of handling, durability and light weight.

YOU'LL FIND IT IN THE WANTADS

School Board

(Continued from page 1) salary would be reduced by its provisions, no teacher's salary would be, in fact, reduced. It would remain on the present basis until next September when an increment, based on experience, would place the teacher at a higher salary than received at present.

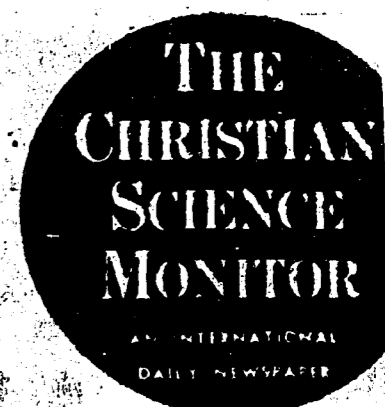

The Board has taken the stand throughout the negotiations that no salary increases are warranted. The present 1960 salary scale is the only scale that has been offered by the Board and no concessions whatever have been agreed to.

At this stage (November 1), conciliators are to be appointed according to the Public Schools Act and Mr. W. A. Laidlaw has been selected to act on behalf of the Board. If agreement on sal-

aries is not reached by November 15, the matter, automatically goes to an arbitration board for decision on a 1961 salary scale.

It can be pointed out that local teachers have received salary increases in eleven out of the past twelve years. The exception was when the agreement was a continuing one based on the cost-of-living index. The present average salary paid to members of the local teaching staff (on full time) is \$5270 per annum.)

This year, throughout the province, to October 29 only one salary agreement for 1961 has been reached. This gave teachers a 1.56 percent increase which it is understood made salaries conform more closely with 1960 salaries in that general area.

Babylon . . . World Wonder

Ancient relief found on a wall of glazed brick is among the remains of ancient Babylon.

The ruins of the Hanging Gardens of Babylon, justly famed as one of the Seven Wonders of the Ancient World, are a "must" stop for the visitor to Iraq. Built by King Nebuchadnezzar, who reigned as the Chaldean monarch of Babylon from 605 to 562 B.C., the gardens were designed to give his bride the refreshing coolness which she had enjoyed in her childhood days in the mountainous northern regions of Babylon. No vegetation is found now at the site of the ancient gardens, but the massive brick piles which supported the terraces remain as mute reminders of a king's devotion.

The gardens consisted of a vast network of artificial terraces, vineyards, and groves. Water was pumped by engines through the terraces to simulate a series of small waterfalls. Ancient Babylon was situated on a plain which lies between the Tigris and Euphrates rivers, 70 miles south of Baghdad. The kingdom flourished about 2,225 B.C. when it was the richest and most magnificent of cities. Its reign ended when it was conquered by the Medes and Persians prior to 500 B.C.

Still standing is the Ishtar Gate, one of the great landmarks of old Babylon. It consists of two massive brick pillars which arch over the asphalt "Street of Procession." Elaborate carved replicas of unicorns, griffins (a monster half lion and half eagle), and other mythical creatures adorn the walls of the gate in low relief. They are gracefully executed and well preserved from the ravages of time and weather, although they have lost their original glazed finish. Religious processions dedicated to the ancient goddess of fertility once passed this massive gate.

Under the Giant's Head

This week's lucky number winner of \$2.50 was Mr. Lee McLaughlin who found the lucky number 183 in West Summerland Frozen Food Lockers and Meat Market advertisement.

This week's lucky number is worth \$2.50 and the lucky number is:

No. 364

in one of the advertisements in this issue. It isn't a date, price, address, telephone number or any combination of numbers, but just

No. 364

as it appears. Copies of this edition of the Review are numbered consecutively in one ad only, but only

No. 364

is the winner. The finder should bring or mail a clipping of the ad to this office before Tuesday noon, November 22, to claim the prize.

Have you seen the fall and winter edition of the Beautiful British Columbia magazine. On pages 20 and 21 a picture of the Douglas Lake area itself is worth the fifty cents purchase price. Makes a very acceptable gift as well as performing its intended task of advertising B.C.

Horticultural Society will meet Friday, Nov. 18, in the parish hall at 8 p.m. Miss Doreen Fair will show slides of wild flowers. Mr. Gordon Richardson has donated a trollus for auction at the meeting.

The new lights on Main Street really light up the main drag at night. We think the municipal crew deserve a word of commendation for the dispatch in which the old lights came down and the new ones went up.

Here's an invitation we received and were asked to pass on: "We, the girls of Home Economics '20, would like to invite the public to our Fall Tea Nov. 24 in room nine of the senior high school from 3:30 to 4:30 in the afternoon. A charge of 25c will go to the Student's Council to help finance student activities in athletics and fine arts."

A resident of West Summerland has enrolled for fall quarter classes at Seattle University. He is Raymond P. Blumenschein, son of Mr. and Mrs. Ivan J. Blumenschein. He is a junior majoring in English.

Rain recorded at the Research Station during the past week amounted to .59 inches and 11.7 hours of sunshine.

Alumni Associations should be regional

About 60 people attended a panel discussion on "The State of the University and its Future Development" at the West Summerland Library Tuesday evening.

F. E. Atkinson was moderator of the spirited discussion with Art Sager and Emerson Gennis panelists.

The Summerland Branch of the UBC Alumni association sponsored the evening and several members of the Penticton Association were in attendance as well as Summerland members and friends.

Upon the suggestion of Mr Sager, a motion was passed to organize the formation of a regional association of alumni groups, with suggested boundaries of Kamloops to the border and Grand Forks to Princeton. It was pointed out that there is a great deal of difference of opinion regarding the establishment and location of junior colleges and vocational institutes against equalization grants, throughout the interior. A regional association would serve to co-ordinate these ideas and by concerted action accomplish more than individual rivalry.

Every Person Visitation

Across Canada Protestant Churches swing into action this week end as they make their annual visitation on the members of their own churches. This year 1,200 churches are using the Sector plan for their Every Person Visitation. In the Okanagan 12 churches have been preparing and training for Visitation Sunday, November 20. Summerland United and St. Stephen's Anglican will be making their visitations this Sunday too.

The Every Person Visitation, under the Sector plan of the Canadian Council of churches, is more than a financial campaign. Primarily it is concerned with the whole life of the church and therefore, it is an educational programme, a recruiting drive for Christian manpower, a leadership training course, a cultivation of Christian responsibility and service. Properly organized and developed it is revitalizing churches throughout the urban and rural areas of Canada.

As a pebble striking a pool causes ever enlarging ripples of water to move out from the centre, so the Sector plan has emerged in 4 years from a single area of action to a coast to coast movement. Not only has it increased in size, but it has proven depth influence. Congregation after congregation has spoken of its new spiritual vitality, awakened leadership, increased church attendance, stewardship evangelism. As always the emphasis has been the Biblical priority.

Mixed bonspiel reported successful

The 1960-61 curling season got off to a fine start last week with a mixed bonspiel. Thirty rinks took part, and the finals were played on Sunday at 7 p.m.

Results were in A event: A. McIntosh, H. McKay and J. Dunsdon.

B event: G. Beggs, W. Baker, Etter, H. Hackman. Regular curling started on

Harold C. Huggins

"Alcoholism, The Jet-age Plague" will be the subject of an address to Summerland Rotary Club by Harold C. Huggins, education director of the Alcoholism Foundation of B.C., on November 25 at 6:15 p.m.

Mr. Huggins, who is to speak also to Penticton Kiwanis Club on November 22, will be in the Okanagan next week as coordinator for the free public alcoholism travelling clinic service of the Foundation, which will visit health units in Kelowna and Penticton, Nov. 23 and 24.

Monday evening and ladies afternoon and evening rinks both start this week, as well as the old timers who curl in the afternoon. High school rinks are being organized. They will curl Wednesday at 4 p.m.

The instruction classes were well received, 27 turning out for instruction. Many of these novices took part in the bonspiel.

The money bonspiel and the turkey shoots will be coming up soon. The dates will be posted on the bulletin board at the arena.

RIALTO RE-OPENS

The Rialto Theatre, in West Summerland is again back in operation with shows starting on Monday.

Mr. Gerald Alderson, who at present operates the Twilight Drive-in in Penticton, is the new manager.

The Rialto will be in operation Monday, Tuesday Friday and Saturday, with a Saturday matinee. Shows start at 7:30 p.m.

Basketball tourney here this week end

The big news at Summerland High School this week is the fourth annual basketball tournament to be held this week end. Play starts Friday at 6 p.m. and will continue through Saturday. The last game is slated for 8 p.m. Saturday. Eight teams are competing, coming from points in the Okanagan, Kamloops and Princeton. Take it as many games as possible.

On November 11 at the Remembrance Day service John Beavan and Sandy Brown placed a wreath on the cenotaph on behalf of the high school.

Four high school students are travelling to Vernon, under the sponsorship of Mr. Molnes to attend the Okanagan High School Conference this week end.

Both ladies will be the guest of the Penticton Canadian Club Thursday.

Fluoridation, Home, discussed at B of T

At the regular monthly meeting of the Board of Trade last Thursday evening, Councillor Norman Holmes explained the method of financing the proposed Senior Citizens Home and showed an architect's drawing of the buildings.

President John Tambllyn, of the Kiwanis Club, showed a film and spoke of the benefits of fluoridation.

The meeting voted to send a letter, to council sending congratulations on the new street lighting.

President W. S. Ritchie reported that a questionnaire on the tourist industry had been sent to all businesses in Summerland.

Appointed as a nominating committee were Eric Williams, Wm. Fell and Lloyd Miller.

March of Dimes sponsored by Teen Town

Saturday, Nov. 19, a tag day will be held to start this year's March of Dimes campaign. Teen Town is taking over the campaign for Summerland and district this year and will be looking for everyone's support. Vicki McKee, publicity chairman, told the Review that other projects are being planned by the Teen Towners to give everyone a chance to donate. "Support us and put your community at the top of the 1960 March of Dimes Campaign," Miss McKee said. "Help the crippled children to help themselves."

In other Teen Town news the regular Saturday dances were held on November 5 and Nov. 12. Both were well attended. At the Nov. 5th dance, poppies were sold at the door with nearly everyone buying one. Chaperoning the Nov. 5 dance were Mrs. C. Adams and Mr. W. Harrison and the Nov. 12th dance were Mr and Mrs. B. Trafford.

Audrey Beggs, Norman Smith and Vicki McKee, representing the Teen Town Council, laid a wreath at the cenotaph on Remembrance Day.

Police court

Several cases have been heard in local police court before Magistrate Reid Johnston.

On Monday, November 8 three local youths appeared charged with entering a beverage room when under the legal age. Bartender, Mr. G. Burns of the Totem Inn at Peachland was given the minimum fine of \$300 and the boys received the maximum fine of \$50 and costs.

Another local youth appeared before Magistrate Johnston charged with speeding and was given a fine of \$15.00 and costs.

Wage dispute unsettled

Only one of four school districts in the South Okanagan have settled teacher salary negotiations by conciliation. Keremeos-Cawston District 16 will sign the 1961 contract Thursday. Summerland, Penticton and Oliver-Osoyoos salary disputes will go to arbitration this month.

Mistaken Identity

The Editor, Summerland Review, Dear sir:

In last week's issue of your paper a letter appeared signed by A. J. Cook. This letter expressed anti-fluoridation sentiments. Many people in Summerland immediately attributed this letter and its contents to me, J. Cooke, principal of the Summerland Elementary Schools. I would like, therefore, at this point, to absolve myself of the authorship of that letter and its contents. The author of the letter is a Mr. Alva J. Cook, a retired gentleman, who came to West Summerland approximately two years ago. Because of the importance of the issue involved, I feel it both wise and necessary to clarify this case

of mistaken identity.

As a school principal, it is my privilege and duty to endeavour to serve fairly all members of a community regardless of their beliefs, behaviour, economic or social status. It has always been my policy to refrain from publicly expressing my personal feelings on controversial subjects which are not directly concerned with school matters or the field of education. I respect the democratic rights of citizens to hold their own beliefs in matters of politics, religion and similar issues, and I value highly our freedom of speech.

Thus, I respect Mr. A. J. Cook as a citizen and I respect his right to express his opinion. However, I do not

wish to take either credit or blame for the content of his letter with regard to fluoridation. Consequently, I feel quite justified in stating that I wholeheartedly support the proposal to fluoridate the local water supply.

I would also like to take this opportunity to congratulate the Summerland Municipal Council for the progressive step they have taken in bringing this matter of fluoridation before the public in the form of a plebiscite. By the same token, I would like to commend the members of the local Kiwanis Club for their untiring efforts on behalf of fluoridation and their many other public services. J. Cooke, principal, MacDonald and Trout Creek Schools.

District Governor visits Kiwanis Club

Kiwanis of Summerland was "On Parade" on Tuesday night and 32 members and their wives enjoyed an excellent turkey supper, an impressive club meeting and lots of fun afterwards.

The Governor of the North West District, Jack Frost, and his charming wife Margaret were present and quickly made friends with everybody present. President John Tamblin introduced the head table guests, but unfortunately, Doug Campbell was too big to fit on the head table, so he and his nice wife were introduced from the "floor of the house."

Ken Storey played the organ for club singing, and Bill Laidlaw, after his week of assiduous private practice, turned in a wonderful job in leading the singing. Such an evening would not have been complete without

the club theme song, so "Dinah in the Kitchen" was sung, but lustily. It is with regret that we report that one male insisted on singing with the ladies, and was duly shushed. The male, why, the one and only specimen in captivity, The Scribe

Scotty Ritchie asked members to be sure and hand in their Christmas presents for the Canadian Mental Health Assoc. next week, as time is now getting short.

President John, on behalf of the Club, thanked Nick Solly, for a job well organized and well done on the blood bank drive.

The president also reminded members of the Fall Conference to be held in the Prince Charles Motel Sunday, December 4, preceded by a dance Saturday night, to both of which, it is hoped that Summerland will be very much in evidence.

A letter was also read from Mr. John Cooke, school principal of McDonald and the Trout Creek Elementary Schools, disclaiming authorship of a letter published in the Review last week, signed by a Mr. A. J. Cook, against fluoridation. John made it quite clear that his personal attitude is definitely in favor of the proposal.

It is with pleasure that the club heard, that through the efforts of Scotty Ritchie

(transport) and Father Meulenber (repair specialist) that the vandalism of Hal-lowe'en on the miniature church on the highway has been repaired, and this writer saw it yesterday and a very good job has been done.

Mrs. Leibert thanked the club, in the name of Kiwasa, for the invitation to such a pleasant evening.

The chairman of the membership committee, Ken Heales, then took over the meeting and introduced 7 new members and their sponsors: Jim Schaeffer, sponsored by Don Randle, Simon Kouwenhove, by Ed McGillivray; Dr. Jack Ratzlaff, by Jerry Hallquist, Hans Meierhofer by Fred Schumann, Ken Storey by John Tamblin; Hilton Hughes by Ken Heales; Wilf Gilmour by Walter Toeves, who were then inducted, in a simple and impressive ceremony. Governor Jack Frost spoke a few words of welcome to the new members and pinned the membership badges on each one in turn.

Governor Jack also awarded "Perfect Attendance Tabs" to the following: George Henry, Hilly Smith and Jack O'Mahoney for 10 years, Claire Eelsey for nine years, Scotty Ritchie for 8 years, Doug Campbell, Nick Solly for six years, Lloyd Shannon, John Tamblin for five years, Brian Leibert for four years, Walter Toeves for two years, and Bill Brown for one year.

This brought to a close the business and from there on it was just good clean fun.

The tables were cleared, the orchestra from Penticton was on hand and set up, and the urgent business of dancing was undertaken with vigor. Prince Philip could well be persuaded to revise his suggestion that Canadians are perhaps a little "out of condition" could he have seen the athletes perform. Scotty Ritchie and Fred Schumann outclassed all others, which was no mean feat. Both of these "hombres" must surely have been in strict training for a month, they were wonderful to behold.

At midnight sharp, coffee and sandwiches were served, and goodbyes were said after one of the most pleasant evenings had by Kiwasa and Kiwanis.

The Scribe

Lassie's Pal Gets TB Demonstration

Lassie, star of television, looks on as TV pal Jon Provost gets a demonstration of the tuberculin test to determine if the TB germ is present in his system. Demonstrating the test is Dr. Hyman W. Gierson (right) Chief Physician, Chest Service, Los Angeles, (Calif.) County Hospital. Looking on at left is Dr. Floyd M. Feldmann, Director of Research, National Tuberculosis Association. Christmas Seals aid in discovering new cases of TB.

IN TIME FOR CHRISTMAS!

The Fall-Winter edition of Beautiful BRITISH COLUMBIA

Magazine is at your news stand now!

The glory of British Columbia's rich autumn and winter beauty has been captured in 48 pages of full-colour photographs and stories. A wonderful holiday gift that you and friends will cherish!

These are just a few of the issue's features:

- Autumn in British Columbia: lovely photographic studies of the land in the most colourful of all seasons.
- University of British Columbia — the country's most beautiful campus.
- Rockhounds of B.C.: The fascinating story of the men and women who explore the province's majestic mountain country.
- Vancouver: bustling transportation centre of the west — in story and photographs.

PLUS: Four full-colour scenic double-page spreads; a four page 1961 calendar, beautifully illustrated; a full-page bird painting by the renowned Fenwick Lansdowne... and much much more!

If you're planning to send copies of Beautiful British Columbia to friends and relatives in other lands, these mailing dates will be of importance to you! Your news stand dealer will be pleased to order back copies of Beautiful British Columbia for you. He can also begin your subscription, if you wish, or you may use the coupon.

Cook is not Cooke

On the front page of this week's issue you will find a letter written by Mr. John Cooke, principal of MacDonald Elementary School.

We would ask you to read this letter carefully, in it you will find that Mr. John Cook did not compose the letter in last week's Review signed A. J. Cook. That letter was written by Mr. Alva J. Cook, a retired gentleman living in this district.

Because of the opinions expressed in the letter, Mr. John Cooke received a barrage of phone calls from pro-

fluoridationists, causing Mr. John Cooke considerable embarrassment.

The letter by Mr. Alva J. Cook was against fluoridation of the local water supply, and in Mr. John Cooke's letter this week, he takes a stand for fluoridation.

We would urge our readers, in matters of importance such as this, to please check the facts before wild accusations are thrown about. A check in the local telephone directory would have shown both Alva J. Cook and John Cooke.

Letter to the editor

The Editor
The Summerland Review
Dear Sir:

My name is Sue Freeman. I am a Girl Guide of Penticton, also a Gold Cord candidate. This means I am working for the Gold Cord, the highest badge for Guides.

Another candidate, Geor-geen Couston of Naramata, and I are working on one of the three "challenges" or tasks set out for us by the District Commissioner, Mrs Leighton.

Our particular challenge is to organize and set up a display in the Hudson Bay store in Penticton, of articles ordered from the Guide catalogue. The purpose of this display is to give Brownies, Guides and their mothers an idea of what may be ordered from the Guide catalogue to help them with their work.

Miss Couston has done the ordering, and, since I am in charge of publicity, I would be very pleased if you could publish an article in your newspaper to let the Guides and Brownies of Summerland know about our display.

The display will be on the second floor, in a showcase by the baby's wear. It will be from November 12 until November 19. Either Miss Couston or I will be attending it each Saturday from 2 to 5 p.m. and from 7 to 9 p.m. We will be glad to answer any questions pertaining to the articles on display, and to Guiding in general.

I would be very grateful if you could print a small article to publicize our display. Thank you.

Yours very truly,
(Miss) Sue Freeman
(Well Sue, here's your publicity, and we wish you luck in your quest for the Gold Cord. Editor)

A singing parrot and a flying squirrel have been helping to carry the Gospel into the backward areas of North and Central America. Pedro, the parrot who sings Jesus Loves Me, and Flash, the squirrel, are the friends and assistants of Baptist Minister Erland Smith. Mr. Smith's operation base is Galt, Ont., but he is seldom there, spending a great deal of time in South America. The pets are a great success with the children.

The cost of fluoridation

With fluoridation of Summerland's water supply to come before voters as a plebiscite next month, interest in the matter is very much to the fore.

A large group of those in favor of fluoridation are active throughout the municipality and are concentrating their efforts on distributing literature and information showing the benefits which can be derived from the plan. On the other side is a group of people who are opposed to fluoridation. From what we can learn one of the objections is based on the cost of installation and operation of equipment.

While we are not in a position to state how much it will cost to install equipment in Summerland, we understand these figures are being compiled. We have, however, a table of figures showing how much it actually costs to add fluoride to the water supplies of a number of cities in British Columbia. From this list, it is not-

ed that the city of Prince Rupert with a population of 10,381 had the highest installation cost, \$8,865. Prince George, on the other hand, with a population of 13,500 installed a plant for only \$4,299. Smithers cost was \$2,040 and Mesachie Lake, \$1,100. Figures based on Kelowna's cost show that our cost for installation and equipment would be eight cents per person per year over a ten year period. Operation of the plant, also from figures provided by towns that have been adding fluoride to their water supply, averages about eight cents per capita per year.

From the experience of other towns it would appear that the cost factor is not a deterrent. True, adults will not benefit as much from the addition of fluoride to the water but isn't the same true of many community projects on which our tax dollars are spent? For instance, the money spent on parks and playgrounds, which, for the most part, are for the benefits of our children. We spend hundreds of dollars on schools which are used only by the young people, and on the other end of the scale we are being asked to support a money by-law to build a home for our senior citizens. But all of this is as it should be. These things are a necessary part of the community — things which we willingly support. Why should we question the cost of fluoridation because it will not benefit us personally. Does it not fall in the same category as many of our other services?

'The Family Doctor'

"IT ISN'T KEEPING UP WITH THE JONES' THAT'S HARD - IT'S KEEPING UP WITH THE INSTALLMENTS."

FIGHT TB WITH CHRISTMAS SEALS

ANSWER YOUR CHRISTMAS SEAL LETTER TODAY

A most gracious offer

by Rev. D. M. Rathjen

"Come now and let us reason together, saith the Lord, though your sins be as scarlet, they shall be as white as snow, though they be red like crimson they shall be as wool." Isaiah 1:18

The Divine invitation for unworthy sinners to have an audience with Him is wonderful condescension on God's part. However, God in His wonderful love desires to supply us with the means of cleansing that we all so sorely need. "For all have sinned and come short of the glory of God." Romans 3:23. "We are all as an unclean thing, and all our

righteousnesses are a filthy rags." Isaiah 64:6.

Modern science has discovered many means of cleansing material and physical things but no invention of man has ever, or will ever, erase the stains of sin. God alone has opened the fountain for the cleansing of sin and all spiritual uncleanness. "The blood of Jesus

Christ, His Son, cleanseth from all sin." 1 John 1:7.

The Divine counselling reveals that the method is simple: "If we confess our sins He is faithful and just to forgive us our sins and to cleanse us from all unrighteousness." 1 John 1:9. How blessed to have Him say, "Now ye are clean!" John 15:3.

Summerland Review

Local girl wed in lovely ceremony

On Nov. 5 at 11 a.m. in St. Stephen's Anglican Church Barbara Gainford Baker daughter of Mr and Mrs. William C. Baker of West Summerland became the bride of John McLeod Killough, son of Mr. and Mrs. John C. Killough of Castlegar. Rev. L. A. C. Smith of North Vancouver officiated.

Mr. Glen Killough of Vernon was groomsman and the ushers were Andrew Baker and Michael Killough.

The bride entered the church on the arm of her father wearing a lovely white gown which she had designed and made herself. The gown featured a deep V neckline, with soft folds leading into an Empire waist line. The princess style skirt was floor length. She wore her great, great-grandmother's ruby pendant. Her veil was held in place by a head piece of white flowers, and her bouquet was white mums and ivy.

Her attendant, Mrs. Gordon Read of Trail, sister of the groom, wore a red velvet street length dress, trim-

med with white fur at the neck. Her head band was white fur and she carried white mums.

Organist was Miss Ruth Dale.

A reception was held in the bride's home with Mrs. Baker and Mrs. Killough receiving.

For her going away costume the bride chose a gold wool dress topped with a black fur coat and black accessories. The couple left by car to the United States for a brief honeymoon following which they will reside at Castlegar where they are both on the teaching staff.

Out of town guests were Mr. and Mrs. G. A. Reid of Trail, Mr and Mrs Glen Killough of Vernon, Rev. L. A. C. and Mrs Smith of Vancouver, Mr and Mrs John Killough and family of Castlegar, Mr and Mrs. J. E. MacLeod of Burnaby, Mr. Harry Killough, Vancouver.

Ontario's Dairy Princess, Sheila Linton, met the Queen Mother on her trip to England. She says the Queen Mother was "just wonderful. The most charming woman I've ever met. She asked me about home and what I thought of England and it was a genuine interest, not just formal questions."

Comings and Goings

Mrs. Rooke of Vancouver is spending two weeks with Mr. and Mrs. J. Newton.

Dr. D. Proverbs of the Research Station left last Saturday for a business trip to the West Indies. While there, he will visit his father in Barbados.

Mr. and Mrs. Curtis Weaver of Vancouver visited with Herb Simpson and his mother last week.

Rev. Norman Tannar, A. Calder and T. Mortimer are in Trail attending the electoral synod of the Diocese of Kootenays.

Mr. and Mrs. Glenn Fell have a new son, Douglas Dallas, born in Pentiction Hospital, Friday, Nov. 11.

Mr. and Mrs. Eric Tait have returned from a two week holiday. They visited at Brandon, Manitoba.

Mr. and Mrs. Duncan Ellery and three children of Nanaimo visited with Mr. and Mrs. James Kapostinsky over the week end.

Mr. and Mrs. Barry Agur and their new daughter, Shawna Leigh, were recent visitors at the home of his parents, Mr. and Mrs. Pat Agur.

Mrs. Walter Birtles went to the coast this week to visit her son Allen, a student at the University of Hawaii. Allen was in Seattle playing basketball.

Barbara Fudge was home from UBC and had as her guest Miss Joan Yates of Cornwall, Ont.

Also home from Vancouver visiting their respective homes over the weekend were Carlton Sheeley, Carol Hackman, Diane Durick, Emily Bonthoux, Barbara Beaven, Bruce Lemke and Lowell Laidlaw.

Library week

by Kay Dunsdon

Usually, any day after school, there is a rush of young folk in our library to exchange books and comments on those they have read. To an onlooker, their varied choice of reading material is very interesting.

For example, most small boys like wild animal stories like Biography of a Grizzley by Ernest Thompson Seton, an oldie, but still a favorite. Slightly older ones enjoy books of magic or how to make things, preferably something on wheels, or junior science fiction.

Small girls enjoy books of little girls in other lands, ballet books, and they usually enjoy horse stories like Anderson's The Crooked Cat. Both enjoy the old, well known Dr. Doolittle's series or the mysteries of Enid Blyton.

This week is Library Week across Canada so we invite you to visit your library to see for yourself the wonderful world of books for children.

As a service to our readers who are buying books for children's Christmas gifts, we have a list of suitable books, graded as to age and interest. We will be glad to help you.

George Fudge Club Prexy

The annual general meeting of the Summerland Athletic Club was held Thursday, Nov. 10. John Reich, retiring president, gave a report of the activities of the past year and also reported on the financial standing of the club.

Officers elected for the coming season were: George Fudge, president; Dorothy Britton, secretary treasurer, and Mrs. E. Bernhardt, Mrs. Z. Cuthbert and Kyle Steele immediately following Mrs. E. Bernhardt called a meeting of the Badminton Club. Allen Lewis, secretary treasurer, read the minutes of the last meeting and presented a financial statement. The club has enjoyed a good membership during the past year and is looking for a good year in 1961 with matches up and down the valley.

Mrs. E. Bernhardt will again be president; Allen Lewis secretary treasurer; and executive Miss Dorothy Britton. Mrs. Z. Cuthbert, Mrs. M. Lonatechie, Mrs. Joan Welsh, Dr. Evans and George Fudge.

New Macaroni & Cheese Dinner Is Introduced

If the number one problem of the day is preparing a good family dinner with just not enough time, then here is some food news of interest to you. A brand new dinner, the frozen prepared version of an old family favourite—Macaroni and Cheese. This attractively priced new dinner joins the ranks of the already established popular five varieties.

Some night soon, when time is at a premium, or a night when every one is "just plain hungry", try this new Macaroni & Cheese dinner.

It is "filled to the brim" with colour and flavour. Fine parmesan, and sharp cheddar cheese—plus creamery butter, gives the rich creamy sauce. Before you heat the dinner in a 450°F. oven, turn back

the foil covering the macaroni and cheese itself and approximately 25 minutes later you'll see a surburst of colour and waft an aroma enough to rouse any appetite.

Served with the macaroni and cheese are tender garden peas topped with a pat of butter and diced carrots with a sweet butter sauce. This colourful, tasty combination is appetizing to everyone, especially to children.

Salads, green or molded, or a chilled fruit salad made of orange and banana slices and red grape halves—give a striking contrast to this dinner. Vary the type of bottled dressing—French, garlic, Italian, or whatever pleases your taste most with this dinner and salad.

Square 'em up

Final tally on the Beginner's Class stands at eight squares, five of teen agers, and three of adults.

The group is enthusiastic, and with Ray Frederickson's competent instruction, and regular attendance, will advance quickly. It would certainly be nice to have a square of our teen agers enter the competitions at the Armstrong Teen Town Festival in March. So try hard kids, and Ray will do all he can to help you.

All you grown up kids in the adult squares seem to be having fun too. The members of the club are looking forward to squaring up with you, and at the rate you're going, we're wondering if we can hold our own!

On Tuesday, Nov. 22, there will be no intermediate dance night. A meeting of the executive of the Pairs and Squares will be held that night at the home of the president, David Munn.

This Saturday is the Pairs and Squares November Party night. Dancing starts at eight, with refreshments served between ten and ten thirty. After refueling with a buffet supper of hot casseroles and salad, we will be all set to square up again for an hour or so.

Bill French, with other guest callers, will be there to keep things rolling. It's going to be fun!

Canadian college football celebrations got out of hand when Queen's University visited Toronto. The Queen's students won the game 21-5 and then began to tear down the Toronto goal posts. This young man climbed one post. The students tore his pants off and he then suffered a head injury in the resulting riotous melee. He's shown, less pants and hanging to the post, shortly before he fell.

Face Lifting for Cairo

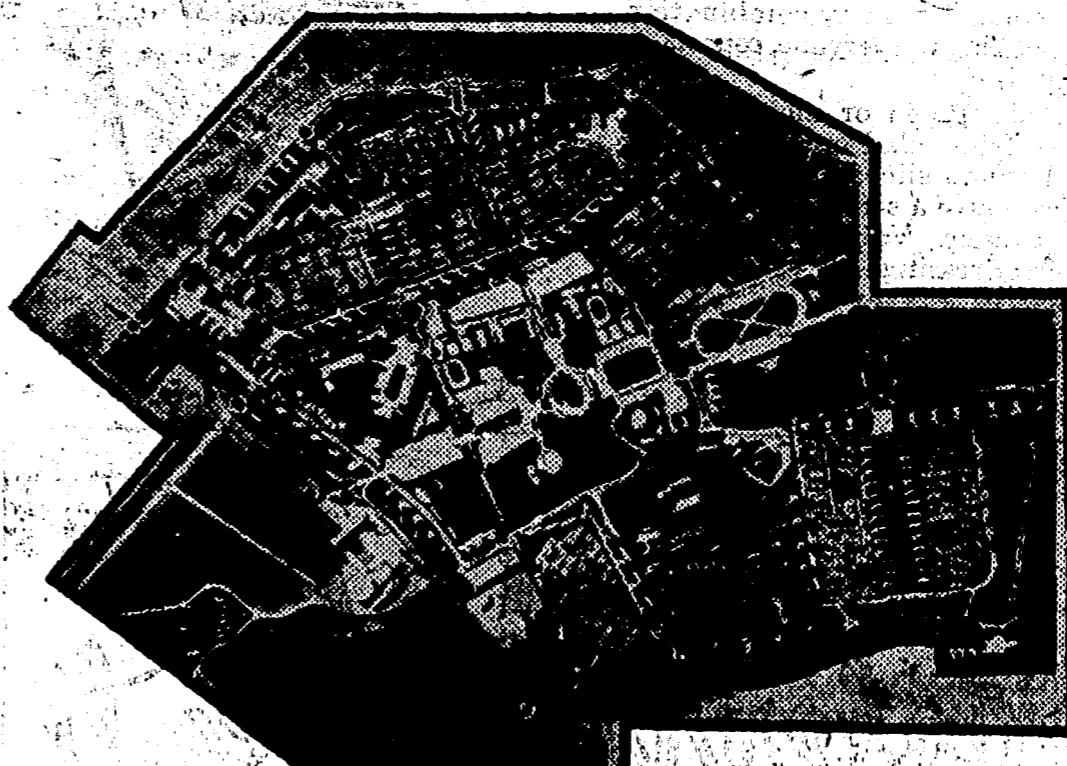

A face-lifting operation is in store for the Arab city of Cairo. In the heart of the highly industrialized international crossroads which has long been a popular vacation resort area, a virtually independent community which will be named "Nasr"—Arabic for victory—is slated for construction.

The new city will cover some 3,000 acres of downtown Cairo. Work on "Nasr" is scheduled to begin sometime next year and is expected to be completed in 1966 at a cost of approximately \$21 million.

"Nasr" is designed to alleviate overcrowded conditions in Cairo, an ancient city planned early in the 19th century to accommodate a maximum population of 350,000, which now has some 3,000,000 inhabitants. The new community will be composed of four major districts.

The Olympic District will have Cairo's main stadium in its center. In addition to the 85,000 seat stadium, this district will also hold amphitheaters, race tracks, administration buildings, open-air and indoor playgrounds, athletes' homes, and parking lots capable of accommodating 4,000 cars and 250 buses. The plans call for complete separation of the streets in this district from those of other districts to avoid traffic congestion on game days. Forty acres of the stadium, which will be completed next July, will be devoted to soccer courts alone.

The stadium will be equipped with four tunnels which will enable the spectators to be discharged in 15 minutes. Press, radio, and television offices have already been built on the third floor of the building. The western entrance to the stadium has a 135-yard front where souvenirs and newspapers will be sold. The public will be admitted at the north

Scale-drawn plan of Nasr, the new modern addition to Cairo, U.A.R.

entrance and players will leave at the south entrance.

In direct contact with the Olympic district will be the International Fair District. The main area of this district will encompass 700,000 square yards and will house trade pavilions, museums, exhibitions, and administration buildings. Nearby will be an exhibition swimming pool for water shows flanked by exhibition halls containing arts and science displays.

A suggestion to add museums for railroads, natural history, civilization; a movie theater; and a tourist information center is also under consideration.

The International Fair District could be considered complementary to the Heliopolis University area which lies just a block away. The new district will include additional college buildings which will be accessible through a pedestrian tunnel connecting the two districts.

A Tourist District, which is scheduled to contain the first drive-in theater in the Middle

East, will be located on a picturesque hill just south of the stadium. In a delightful wooded area, a modern tourist hotel and casino annex will be built. No effort is being spared to make this district attractive to the large number of vacationers who yearly visit Cairo.

The fourth district in "Nasr" is to be the Residential District. Here in an area of 6,000,000 square yards ten housing units, each capable of providing living quarters for 4,000 to 6,000 persons, are to be built. Cooperative units can combine to house 12,000 persons. Each housing unit will have its own kindergarten and grammar school. Each group of units will have a police station, a first aid station, and an administrative unit. Buildings will each contain 50 individual villas and all buildings will have their own gardens.

At a time when industrialization has come to full flower in the Arab Middle East, the ancient city of Cairo again takes the lead in pointing the way to progress.

Letter To The Editor

The Editor,
The Summerland Review,
Dear Sir:

One of the hopes of education is that people will be able to discern the reliability of facts and assess the worth of near truths, half truths, untruths and inuendos.

One is surprised to read another anti-fluoride letter from Mr. Alva Cook against the whole weight of professional organizations throughout the world after years of research. Pickings from news papers are not really sound scientific evidence any more than misused, out of context quotations. A legal dispute over a point in a by law in Toronto has become an argument against fluoridation. What is pure water? At least very expensive even if obtainable. An analysis in p.p.m. of any water supply would prove a surprise for many people and a real hey-day for "pure" water advocates. Encrustation of water pipes occurs without fluorine being present in the water. It is a serious problem in the case of iron and carbonates, but it is unfair to blame this by inference unto fluorine. One woman's survey of the drinking habits of children in the block simply tells us that children in that block prefer pop to water when they can get it (was the pop bottled in a fluoride district).

The toxic effects of this essential food are as well

understood by those concerned as the toxic effects of common salt are correspondingly guarded.

One might even ask, has the layman the right or the knowledge to vote on such a technical issue? What are the professions for if not to give sound advice?

Fluorine was first related to tooth decay in 1874, it was advocated as essential in an address to the British Dental Society in 1892. We were twenty needless years to late in accepting immunization against diphtheria. Let us not withhold the benefits of adequate fluorine supply from another generation.

Ken Storey.

1st Summerland Troop

In a fund raising project each year the troop cuts Christmas trees from the municipal property allotted for this purpose, and sends these trees to the 41st Vancouver troop who sell them. The two troops share the proceeds. This year the cutting will take place on Saturday, Nov. 19 starting at 9 a.m. sharp. The troop will meet at the gravel pit on the Giant's Head Road equipped with pruning saws, with a name tag on each saw, plus a few really sharp axes. The cutting will be under the direction of Mr. Sandy Fenwick, an experienced Christmas tree cutter. It would be greatly appreciated if as many fathers as possible could come along to help with the job as it is quite a job cutting, trimming and packing out 200 trees. The help of Cubs and Cub fathers is also hoped for.

Instruction this week centered on 1st class bandaging and splints with former ASM Mr. Brinton as instructor. P.L.'s Truex and Fiske took 1st class signalling tests, recruits were instructed in rope whipping and ten derfoot scouts in 2nd class lashings. Next week there will be an examiner for Pathfinders Badge and further instruction in bandaging.

The pack visited the troop for the going up ceremony of Sixer Doug Trussell and next week there will be a going up ceremony for Nigel Blagborne. Doug becomes a member of the Buffalo patrol under patrol leadership of his brother.

Scouts Michael Ingh and John Bennest were invested as members of the world brotherhood of scouts. Neil Mason was presented with his 1st class badge.

Patrol points are: Beavers 178, Buffaloes 164, Hawks 184, Eagles 90. Duty patrol next week Eagles.
D. V. Fisher, Scoutmaster.

Remembrance Day services well attended

A large crowd gathered at the cenotaph for the Remembrance Day Services on Friday, Nov. 11.

Parade Marshall W. C. McCutcheon led the long line of veterans, Ladies Auxiliary, Scouts, Cubs and Guides.

The town band, directed by J. L. Mason, played for the march and during the service.

Rev. W. S. Beames, padre of Branch 22, took the service, assisted by Rev. Norman Tannar and Rev. P. K. Louie.

That evening a banquet attended by 160, was held in the Legion Hall.

Summerland Review

The Corporation of the District of SUMMERLAND

Notice of Election

Public Notice is hereby given to the Electors of the Municipality of Summerland that I require the presence of the said Electors at the Municipal Office, West Summerland B.C., on the

28th day of November, 1960

the hour of ten o'clock in the forenoon,
For the purpose of electing persons to represent them as

Councillors and School Trustees

The mode of nomination of candidates shall be as follows:

Candidates shall be nominated in writing by two duly qualified electors of the municipality. The nomination paper shall be delivered to the Returning Officer at any time between the date of this notice and noon of the day of nomination. The nomination paper may be in the form prescribed in the "Municipal Act" and shall state the name, residence and occupation of the person nominated in such manner as to sufficiently identify such candidate. The nomination paper shall be subscribed to by the candidate.

In the event of a poll being necessary, such poll will be opened at the

Municipal Office,
West Summerland, B.C.

on the

8th day of December, 1960

between the hours of 8 a.m. and 8 p.m.:
of which every person is hereby required to take notice and govern himself accordingly.
Given under my hand at West Summerland, B.C.,
this 15th day of November, 1960.

A. F. Calder,
Returning Officer

Under the Giant's Head

This week's lucky number winner of \$2.50 was Mrs. M. Greenslades who found the lucky number 364 in Family Shoe Store's ad.

This week's lucky number is worth \$2.50 and the lucky number is:

No. 992

in one of the advertisements in this issue. It isn't a date, price, address, telephone number or any combination of numbers, but just

No. 992

as it appears. Copies of this edition of the Review are numbered consecutively in one ad only, but only

No. 992

is the winner. The finder should bring or mail a clipping of the ad to this office before Tuesday noon, November 29, to claim the prize.

Would anyone like a nice kitten? We have three partly grown kitens, house broken that would make ideal pets for anyone. If you would like one, call HY4-5136 evenings or drop into the newspaper office during the day.

Nov. 29 baby clinic will be cancelled. Call the Health Unit for appointment.

Get into the habit of looking for the "Made in Canada" tag on all the goods you buy. We would all like to see our country's prosperity grow and this is one tangible way to do it.

28 inches of precipitation and 6.1 hours of sunshine were recorded at the Research Station during the past week.

Local family in car accident

Vernon Dunsdon, son of Mr. and Mrs. Jim Dunsdon is still in Kamloops hospital following an accident which occurred about 5 p.m. Sunday near Kamloops, when the Dunsdon truck was struck by a car.

Mr. and Mrs. Dunsdon and Vernon were returning home from the wedding of their son Douglas at Williams Lake when the accident occurred. Mr. Dunsdon suffered an arm injury and Vernon had severe head and other bruises. Mrs. Dunsdon escaped with only shock and bruises.

Vernon is expected to be released from hospital shortly.

Their son Douglas, was married Saturday to Gloria Dowds, daughter of Mr. and Mrs. Wm. Dowds, formerly of Trout Creek

The Summerland Review

Wednesday, Nov. 23, 1960

West Summerland, B.C.

Volume 15, No. 48

Tuckered out by the hum of activity at the Royal Winter Fair, this day old Jersey sleeps the sleep of the innocent. And while it won't be a prize winner in the judging ring for a while, it did win the affection of show visitors.

Set for November 30

Candidates to speak at ratepayers' meeting

A ratepayers meeting will be held in the High School Auditorium, Wednesday, November 30.

Discussion will be given to the senior citizens home bylaw and the fluoridation plebiscite.

Candidates in the forthcoming civic election will be speaking at this meeting.

There are now five candidates running for the three vacant seats on municipal council in the December 8 election.

Walter Toeves, H. J. (Bill)

Barkwill, Walter Powell and Lloyd Miller are in the running for the two 2-year council vacancies. Norman Holmes is the only candidate so far for the one year seat left vacant by the resignation of Bob Alstead.

Candidates for the three school board seats are W. S. (Scotty) Ritchie, John Bennett and Eric Brinton.

Yacht Club reports bond sales doing well

Concrete walls and the cement slab are now completed for the Yacht Club building.

It is hoped that within the next few days the septic tank and cement slab for the fireplace will be put in. The carpenters are at present busy on the Anglican rectory, but it is hoped to have the Yacht Clubhouse roof on by the end of the year.

Bond sales are going along steadily, the first women to buy a bond being Mrs. Joe

McLachlan. The executive members appreciate this show of interest by the distaff side.

The youngest and largest bond holder to date is a boy of 14, who purchased his bonds from money saved from a paper route and odd jobs in the past two years.

Council gives okay to rebuild Shippers

Strong indication that B.C. Fruit Shippers intends to rebuild was given at council Tuesday night, when manager C. J. Bleasdale showed council a sketch of the lot, showing how the company intends to utilize the present space if they rebuild.

Plans are being prepared for a two storey cold storage building flush with Jubilee

Road and back 90 feet from Victoria Road.

One storey packing facilities are planned to be erected north of the cold storage with space between for operating trucks. Another building would be erected at the west end of the lot.

A concrete slab would be put on the 90 foot setback and the whole operation would be palletized.

Trout Creek Plan now on display

On display at municipal hall for those interested is the Master Plan for Trout Creek Point, as prepared by J. R. Baxter, consultant planner of Penticton.

Municipal council Tuesday night approved in principle the Master Plan for Trout Creek Point that has been prepared.

This follows enthusiastic reception of the proposed plan as it was presented by Mr. Baxter to a recent committee meeting of municipal council, the advisory planning Commission, and representatives of the school board.

Council, in approving Mr. Baxter's proposals, recommended that details of the Plan be presented to a

meeting of Trout Creek Point residents as soon as possible after necessary additional information is received from the Provincial Government Planning Division in Victoria. Residents will be asked for opinions and suggestions that will improve the plan further, and aid in its implementation.

A great deal of work has already gone into preparation of the plan, and several unanticipated delays have arisen. The first and most serious occurred when Mr. Baxter determined that existing surveys of the area were not sufficiently accurate to allow a good job to be done. Council immediately arranged to have accurate aerial surveys made by Hunting Surveys Corporation, but this had to await the dispatch of a plane to the Okanagan Valley for this and other assignments.

In the course of preparing the plan Mr. Baxter has been able to recruit advice from officials of Central Mortgage and Housing Corporation, as well as from the Provincial Planning Commission. He has received praise from both groups for a plan that they consider will fill all the requirements of a desirable residential community.

Completion of the plan has suffered some additional delay because of impending changes in the sections respecting zoning and planning in the Municipal Act. A copy of the proposed plan for Trout Creek Point has already been submitted to Planning Division in Victoria so that information can be obtained on the means by which such planning (Continued on back page)

Rockets win tournament

The Summerland Rockets won the fourth annual high school basketball tournament, in which teams from Kamloops to Penticton took part. The Rockets beat Penticton in the final game to win by a score of 43 to 30.

Monday morning, at assembly in the High School Auditorium, the four Summerland students who visited Ellensburg High School, reported on their trip. Russell Bleasdale, spoke of the geographical setting, and principal industries in the Ellensburg area. Eleanor Martin outlined the courses of study and programs the students could follow towards graduation, contrasting it with the curriculum of schools in this Province. Iris Willis reported on the buildings and facilities provided for the use of the school, and David Davis described the general atmosphere at the school, school spirit, behaviour of the students, attitude towards education in general, and extra curricular activities. Each of the students expressed appreciation to the Rotary Club for making the exchange possible.

A Penny Drive in aid of the March of Dimes will be held this Thursday and Friday in the Auditorium during noon hours. The house with the greatest number of pennies will be awarded extra points.

Final plans are being completed for Open House, to be held in the High School Auditorium on December 2, at 7:30 p.m. There will be games of skill, the House of Horrors, candy sale, fish pond, and many other hobbies. Each house will supply six minutes of entertainment in a Variety Show which will be too good to miss.

Evangelist campaign here

Rev. Blundell, a well known Evangelist both in Canada and the United States is currently conducting a two week campaign in the West Summerland Pentecostal Tabernacle, Jubilee Road. The campaign commenced Nov. 22 and will be each evening at 7:30 p.m., excepting Monday and Saturday, and at Sunday services. Rev. Blundell has had good success in Healing Campaigns in many places, including the Island of Trinidad.

Trout Creek PTA hears panel on teaching reading

At the November meeting of the Trout Creek PTA last Thursday, approximately 50 parents turned out to hear Mrs. M. Roberge and nine grade 2 students give a demonstration of reading.

A panel discussion on "Modern Methods of Teaching Reading" followed with J. Cooke, Miss Lott, Mrs. O. Hackman and R. McNabb. From this discussion the parents learned how stu-

dents are grouped to assist in correcting individual difficulties, as well as to sort out those who learn at different speeds. By the time a child leaves grade 6, he has a vocabulary of 8-10,000 words plus others it

has learned outside of the school.

Mrs. C. Strachan, in the chair, welcomed two visitors, E. F. Weekes and Mr. Raham, both teachers at MacDonald School, where as yet there is no PTA.

The Corporation of the District of Summerland By-law No. 908

A BY-LAW of The Corporation of the District of Summerland in the Province of British Columbia to authorize the construction of accommodation for the aged and to authorize the borrowing of the sum of Sixty-Five Thousand Dollars (\$65,000.00) for such purpose.

WHEREAS it is deemed advisable and expedient to undertake the following works, namely the construction of suitable housing accommodation for the aged and to be known as the Summerland Senior Citizens' Home, located on certain lands owned by the Corporation more particularly known and described as Lot Two (2), District Lot Three Thousand Six Hundred and Forty (3640), May Ten Thousand and Thirty-four (10034).

AND WHEREAS the estimated cost of the said construction described in the next preceding paragraph hereof is the sum of One Hundred and Forty-five Thousand Dollars (\$145,000.00).

AND WHEREAS after allowing for money grants from the Government of Canada and the Government of the Province of British Columbia, the share payable by the Corporation towards the cost of such construction will be Sixty-five Thousand Dollars (\$65,000.00).

AND WHEREAS it is deemed necessary to borrow upon the credit of The Corporation of the District of Summerland the said sum of \$65,000.00 which is the amount of the debt intended to be created by this By-law, the said sum of \$65,000.00 to be borrowed pursuant to the provisions of this By-law to be used for the works above described.

AND WHEREAS the estimated lifetime of the construction by this By-law hereinafter authorized and described aforesaid is in excess of twenty years.

AND WHEREAS it is intended to create the debt hereinafter authorized in the year 1960, and the amounts of the assessed value for general Municipal purposes of the taxable land and improvements for the years 1958, 1959 and 1960 are respectively as follows:
For the year 1958 \$6,358,407.00
For the year 1959 \$7,060,566.00
For the year 1960 \$7,499,505.00

AND WHEREAS the amount of the existing debenture debt of The Corporation of the District of Summerland is the sum of Three Hundred and Sixty-seven Thousand Two Hundred and Seventy-five Dollars and Ninety-Seven Cents (\$367,275.97) and no amount of the principal or interest of the said debenture debt are in arrears.

AND WHEREAS the approval of the Inspector of Municipalities, for the Province of British Columbia has been obtained.

NOW THEREFORE the Municipal Council of The Corporation of the District of Summerland, in open meeting assembled, ENACTS AS FOLLOWS:

1. That it shall be lawful for The Corporation of the District of Summerland to carry out the construction in this By-law hereinafter described, and such construction is hereby authorized, namely, the construction of accommodation for the aged at the estimated cost of One Hundred and Forty-five Thousand Dollars (\$145,000.00).

2. That for the purpose of doing the construction authorized by section 1 of this By-law it shall be lawful for The Corporation of the District of Summerland to borrow upon the credit of the said Corporation the sum of Sixty-five Thousand Dollars (\$65,000.00) and to issue debentures for such sum with interest at six per cent (6%) per annum as herein-after more particularly described, and the said sum of \$65,000.00 to be so raised by borrowing shall be used for the work authorized by section 1 of this By-law.

3. That the debentures authorized by this By-law shall be serial Debentures and shall be dated the first day of February, 1961, and shall have attached thereto coupons for the payment of interest at the rate of 6% per annum payable semi-annually on the first day of February and the first day of August in each year of the currency of the Debentures, and the principal of the said Debentures shall be repayable by annual instalments as follows:

Two Thousand Dollars (\$2,000.00) on first day of February in each of the years 1962 to 1964 inclusive and Three Thousand Dollars (\$3,000.00) on the first day of February in each of the years 1965 to 1973 inclusive and Four Thousand Dollars (\$4,000.00) on the first day of February in each of the years 1974 to 1981 inclusive.

4. That during the currency of the said Debentures The Corporation of the District of Summerland shall levy and raise by rate sufficient therefore over and above all other rates, on all the land and improvements subject to taxation for general municipal purposes within the said Corporation at the same time and in the same manner as other rates, in each of the years set out in Column 1 of schedule "A" attached to and forming part of this By-law the total amount required for repayment of principal and payment of interest as shown in Column 4 of the said Schedule, so that the said Corporation may make the annual repayment of principal and payments of interest required by the said Debentures.

5. That the Debentures authorized to be issued pursuant to this By-law shall be in sums of not less than One Hundred Dollars (\$100.00) each.

6. That the principal and interest of the said Debentures authorized by this By-law shall be payable in lawful money of Canada at the Bank of Montreal, West Summerland, British Columbia.

7. That the said Debentures shall be sealed with the Corporate seal of The Corporation of the District of Summerland and shall be signed by the Reeve and Treasurer of the said Corporation, and the coupons attached to the said Debentures shall bear the signatures of the said Officers of the said Corporation, and such signatures attached to the said Coupons may be written, or may be stamped, printed, lithographed, or be in other facsimile form.

8. That all or any of the said Debentures may contain or have endorsed thereon a provision for registration.

9. This By-law shall take effect on the date of adoption.

10. That this By-law may be cited for all purposes as "The Summerland Senior Citizens' Home By-law, 1960."

Read a first time by the Municipal Council of The Corporation of the District of Summerland, the 18th day of November, 1960, read a second time by the said Municipal Council the 18th day of November, 1960, read a third time by the said Municipal Council the 18th day of November, 1960.

Received the approval of the Inspector of Municipalities for the Province of British Columbia on the 21st day of November, 1960.

Received the assent of the owner-electors of The Corporation of the District of Summerland the day of December, 1960.

Reconsidered, finally passed and adopted by the Municipal Council of The Corporation of the District of Summerland, sealed with the Corporate Seal of the said Corporation and signed by the Reeve and Clerk of the said Corporation, all on the day of December, 1960.

TAKE NOTICE that the above is a true copy of the proposed by-law upon which the vote of the owner-electors of the municipality will be taken at the MUNICIPAL OFFICE, WEST SUMMERLAND, B.C., on Thursday the Eighth day of December, 1960, between the hours of eight o'clock in the forenoon and eight o'clock in the afternoon, and that Andrew F. Calder has been appointed Returning Officer for the purpose of taking and recording the vote of electors.

DATED at West Summerland, B.C., this Eighteenth day of November, 1960.

G. D. SMITH,
Municipal Clerk.

"FIGHT? WHAT FIGHT?"

Fellowship in church

by Rev. P. K. Louie
 "So we, being many, are one body in Christ, and every one members one of another." Romans 12:5.

The Church is different from other fellowships in two ways. In the first place, there is an invisible bond or rather, an invisible Presence, that holds the mem-

bers together - Jesus himself. The Church is not the sum of its members, but the sum of its members plus one. It exists because of Jesus Christ. He has been the magnet without whose power the Church would never have come together, and without whose power it would now disintegrate.

This is not just theory, but a matter of experience through the centuries. From the beginning, men have discovered Jesus in the fellowship. You may get to know most of the facts about Jesus' earthly life from a private reading of the Bible but you can never come to know Christ as a living reality except in a fellowship of believers. To be drawn to Christ, therefore, has never been a merely solitary venture, but an experience in Fellowship with others.

Letter to Editor

The Editor,
 Summerland Review,
 Dear sir:

While Summerland people are fortunate in having a supply of healthy mountain water, why not leave good enough alone?

If society wants the children to have stronger teeth, give them nourishment and not fluoridation.

In some parts of the world small children receive at school a pint of milk daily. That is something that will develop teeth strong enough to tear the pants from anyone.

T. Williams.

The Corporation of the District of SUMMERLAND

Notice of Election

Public Notice is hereby given to the Electors of the Municipality of Summerland that I require the presence of the said Electors at the Municipal Office, West Summerland B.C., on the

28th day of November, 1960

at the hour of ten o'clock in the forenoon, For the purpose of electing persons to represent them as

Councillors and School Trustees

The mode of nomination of candidates shall be as follows:

Candidates shall be nominated in writing by two duly qualified electors of the municipality. The nomination paper shall be delivered to the Returning Officer at any time between the date of this notice and noon of the day of nomination. The nomination paper may be in the form prescribed in the "Municipal Act", and shall state the name, residence and occupation of the person nominated in such manner as to sufficiently identify such candidate. The nomination paper shall be subscribed to by the candidate.

In the event of a poll being necessary, such poll will be opened at the

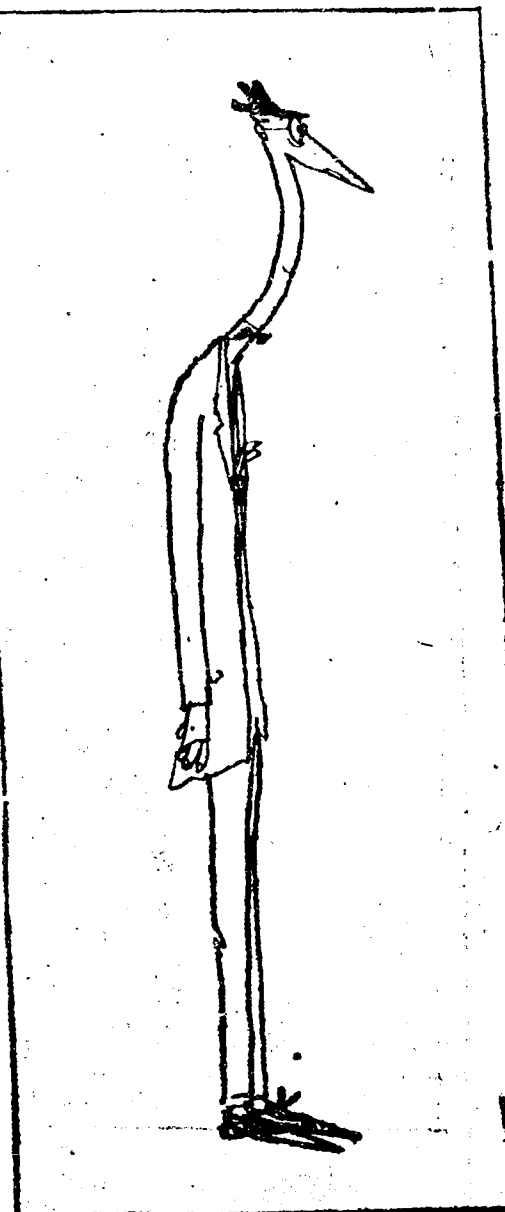

Municipal Office,
 West Summerland, B.C.
 on the

8th day of December, 1960

between the hours of 8 a.m. and 8 p.m.:

of which every person is hereby required to take notice and govern himself accordingly.
 Given under my hand at West Summerland, B.C., this 15th day of November, 1960.

A. F. Calder,
 Returning Officer

EARTH'S MOST POWERFUL CREATURE

That's right. Appearance to the contrary, man is the most powerful creature on the face of the earth.

Man—of all creatures—put his brain to work instead of his muscles, shaping energy sources to his own use and betterment.

In Canada we've put our energy sources to work so well we enjoy one of the world's highest standards of living. Take oil for example. Because it has been made available at reasonable prices wherever it is needed, Canadians use more than 1,000,000 gallons an hour. And speaking of reasonable prices, Imperial Oil gets less for a gallon of gasoline today than it did ten years ago.

IMPERIAL OIL LIMITED

...for 80 years Canada's leading supplier of energy

Square 'em up

Ten squares of lively dancers, a jovial MC, attractive decorations and delicious refreshments made the November party night a very enjoyable one.

To Betty and Fred Smith, our thanks for the very effective way they used pumpkins, Oregon grape, mountain ash and snowberries, apples and chrysanthemums to decorate the Youth Centre.

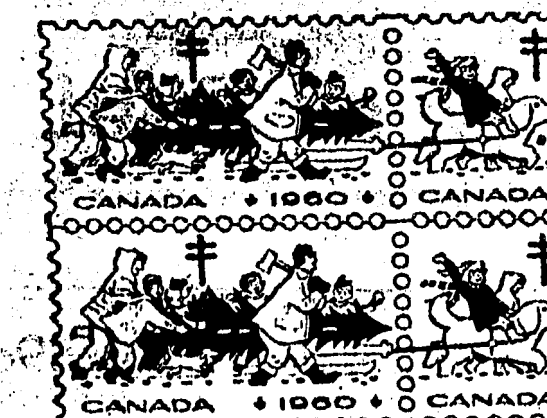

Those delectable hot casseroles have certainly established a reputation for the cooking ability of the ladies of the Pairs and Squares. We heard several requests for recipes, and regrets expressed that saturation was reached before everything had been sampled! Congratulations girls, and many thanks Goldie Charles, for your efforts as convenor.

Stacks of dishes disappeared in record time with four men at one sink and four ladies at the other. A camera will be on hand next party night, and reprints of the pictures will be available for wives who have trouble getting these same men on the business end of a dish towel!

This Saturday, Nov. 26, Ray Frederickson is MCing an apple time party in Oliver. A buffet supper including cabbage rolls and apple crisp is promised.

Also on that night, Fred Proulx MC's at Peachland. Sack lunch.

Program complete with interesting short subjects and travelogues. Plus colored cartoon.

African Violet Society sees slides on Holland

Eleven members and one guest gathered at the home of Miss Dorothy Britton on Monday evening for the regular meeting of the Summerland African Violet Society.

Mrs. Kennedy read a brief description of foliar feeding of violets. This method of feeding has been tried out successfully, and it is recommended that half strength Hyponex or liquid Blue Whale be sprayed in a fine mist over the plants once a month, more frequent feeding appeared to mar the foliage. One must also be careful to use a very fine spray so as not to allow droplets of chemicals to collect on the crown of the plant. Foliar feeding is to be used only in addition to regular root feeding, and about one-third of the total fertilizer required can be fed through the leaves.

Through the efforts of Mrs. Robinson, slides were obtained from a bulb company in Toronto to be shown at this meeting. Included were beautiful scenes of Holland, and views of several new varieties of tulips and other bulbs. Mrs. Rob-

inson and Miss Britton kindly added several slides from their own collections.

Following this program, plants to be grown by members for the June competition were distributed. A lovely lunch and "visit over the teacups" ended this very pleasant evening.

Next meeting will be held on December 12 at Mrs. Lazenby's home in Jones Flat. Anyone interested in violets and their culture is most welcome to come out to this meeting.

Locals

Mr. Eric Tait is in Victoria this week, as a representing the board of directors of BCFGA at the convention of the B.C. Federation of Agriculture.

Mr. and Mrs. A. K. Macleod were in Summerland recently visiting with friends.

Recent visitors at the home of Mr. and Mrs. C. A. Gayton and Mr. and Mrs. A. R. Gayton were Dr. and Mrs. J. L. Gayton of Vancouver and Mr. and Mrs. Warren Gayton of Vancouver.

Miss Anne Emery, who was with the RCAF has left the service and is at home in Summerland.

Mrs. A. C. Fretwell and son Pat of Seattle recently visited with her parents. Mr. and Mrs. F. Nicholls of Hospital Hill.

Miss Muriel Banks recently returned from a visit to the coast.

Mr. and Mrs. Jack Kirk are on the first leg of their annual trip to warm climes. The Kirks plan to spend sometime in Florida and then go on to Mexico.

Mr. and Mrs. Douglas Gow and their small son have been visiting Mrs. Gow's parents, Mr. and Mrs. Reid Johnston.

Mr. Joe Stewart, originally from Londonderry, Ireland, passed away November 10 in Haney Hospital. Mr. Stewart will be remembered by many of the old timers here. He spent some time working for Mr. A. Stevens.

Mr Bob Alstead left Wednesday morning for a elk hunting trip in the Kootenays.

A reminder to the people who asked us to order Fenswick Lansdowne bird pictures, they are now in stock at the Review office.

Mrs. Melvin Raham entertained in honor of Mrs. Raham Sr., on the occasion of Mrs. Raham's 92nd birthday. A tea and lovely birthday cake were enjoyed. Guests included Mrs. James, Mrs. Younghusband, Mrs. Curtis Stevenson, Mrs. Edith Varty and Mrs. Wesley Davis.

Women's Federation

The November meeting of the Women's Federation of the United Church opened with the singing of the favorite hymn of Mrs. C. J. Amm, a retired member. The president, Mrs. A. J. Lazenby, was in the chair. A beautiful devotional "The Unchanging Glory of God" was presented by Mrs. S. A. MacDonald with the Bible reading by Mrs. Wm. Fleming.

The business of the meeting then proceeded with the treasurer's report being given by Mrs. W. Ward, the treasurer, Mrs. Rex Chapman, being kept home by illness.

The supply secretary, Mrs. Ward, reported enough articles on hand for a parcel to the Korean Children's Hospital, the donation of several things from a shut-in member, Mrs. John Paige having completed it. On hand also are two beautiful quilts, the work of Mrs. Tessa McArthur and Mrs. Rex Chapman.

A nominating committee was chosen consisting of Mrs. Roy Angus, Mrs. Mowatt and Mrs. Bancroft.

Mrs. Arley Gayton reported on the Joint Fall Rally in Osoyoos giving the highlights of two main talks, one given by Mrs. J. C. Wilcox, titled "Looking Ahead" the other given by Mrs. R. C. Gates of Penticton, on the subject "The Church's challenge to Women".

Mrs. A. C. Fleming then gave the highlights of Miss H. R. Hurd's report of the general council of the United Church which was held at Edmonton in September. This gave information on the planned unification of the Women's Association, and the Women's Missionary Society of the United Church into one group in January 1962, to be called United Church Women.

Mr. Bill Laidlaw spoke on the benefits of adding fluoride to the water supply in a community.

Tea was served by Mrs. Peter Galloway, Mrs. Leo Lockhart and Mrs. Margaret Babcock.

13 Brownies fly up in colorful ceremony

Summerland's Youth Centre, tastefully decorated, provided the background for a most impressive Flying Up ceremony Wednesday evening November 16. More than 80 girls, and a dozen of their leaders took part in the ceremony, during which 13 Brownies passed through a flower bedecked archway and "flew up" into Guides.

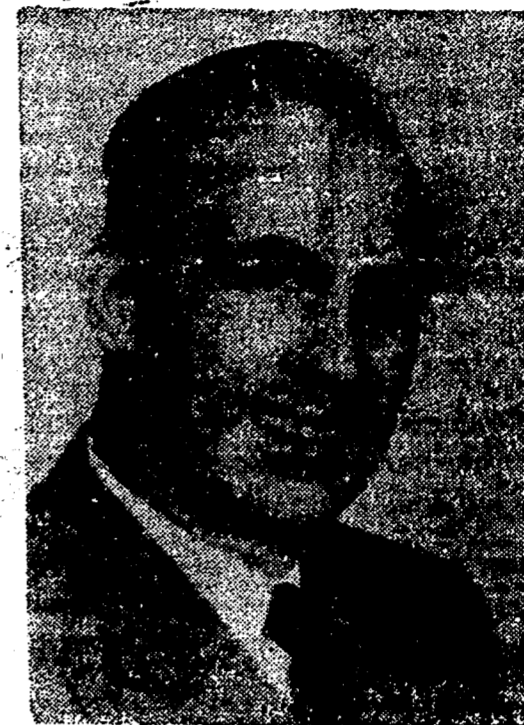

Brown Owls Mrs. W. Evans, Mrs. G. Ryman, Mrs. J. Mason and Tawny Owls Mrs. L. Charles, Mrs. Mel Hyde, Mrs. H. Waterhouse, and Mrs. L. Martin of the three Summerland Packs were found to be sleeping around the toadstool at the commencement of the evening. They were awakened by the Brownies who sang and danced in honor of their 13 comrades shortly to leave their ranks. District Commissioner Mrs. Ross MacLachlan presented badges to a number of their members. Outstanding was Darlene Swinarton who received 8 badges; Karen Fenwick, Connie Roberge and Heather McArthur each received their Golden Hand, and Maureen McLachlan was awarded her toymakers' badge.

After a grand howl and farewell song Griselda Evans, Elaine Charles, Sylvia Hodge, Dianne Chadburn, Marlene Charles, Dianne Selinger, Darlene Swinarton,

Dianne Brennan, Debbie Stoney, Nancy Inaba, Susan Kean, Sandra Stein and Linda Keuning each received their wings and entered the archway. Here they were met by their new patrol leaders and introduced to Captain Enid Maynard who welcomed them into the Company. Lt. Mrs. Sandy Fenwick and 2nd Lt. Mrs. Geo. Taylor were also in attendance.

Divisional Commissioner Mrs. Bruce Blagborne presented badges to some of the senior Guides. Theresa Keys and Janet Storey each were awarded their Woodcraft Emblem; Freda Bangma and Ruth Lapins received their Woodcraft Emblems Little House Emblems and All Round Cords. Others to receive badges were Ruth Keys, Patsy Ryman, Marjorie Porritt, Agnes Bangma, Darylin Ducommun, Susan Mallett and Carol Ann Gowing.

Kiwanis Club Notes

A very pleasing attendance graced the meeting Tuesday night, but several members slipped up in one way or another and eight members payed fines (including the Sheriff himself).

Scotty Ritchie and Fred Schuman appeared to be quite rested after their efforts of last week.

Blake Brandon led the club singing with Ken Storey at the organ.

Scotty Ritchie advised that a visit will be made to Omak on Dec. 1 with ten members of the Key Club.

Walter Toeves reported that the bus shelter for the school children is now complete, and that the cost will be in the neighbourhood of \$80. Fifty hours work has been put in the project.

It was decided to again hold a Christmas turkey bingo as was done last year.

Ken Heales presented Kiwanis buttons to the seven new members that were inducted into the club last week, and also a six year attendance tab to Johnny Betuzzi.

Nick Solly showed some films of his trip by air to California last Christmas. They were unusual and interesting as most of them were taken from the air.

A directors meeting was held in the president's house after the meeting.

The Scribe.

As the seasons come and go...

he continues to give his family guaranteed security

There's less worry and more enjoyment in the years ahead when you have established complete family security by being adequately insured through The Mutual Life Assurance Company of Canada.

Family security is guaranteed three ways:

Guaranteed financial protection over the years, should anything happen to you.

Guaranteed values should you ever need ready cash.

Guaranteed retirement income to free you from financial worries in later years.

There's no better way to guarantee family security than with Life Insurance — and the generous dividends you receive from The Mutual Life of Canada make it one of today's best buys.

Have your Mutual Life representative give you full details. Or write to the Head Office, Waterloo, Ontario.

Leadership... through an outstanding dividend record

WI hears talk on pattern alterations

An interesting talk by Mrs. G. Bouey, home economics teacher of Summerland High School, was featured at the regular meeting of the Women's Institute Friday afternoon. Mrs.

Bouey spoke on flat pattern checking, and explained how to alter patterns to individual measurements. Mrs. L. W. Rumball thanked the speaker for her informative talk.

During the business meeting, the president, Mrs. A. A. Fenwick was in the chair. Reports showed that four boxes of apples had been sent to the Queen Alexandra Solarium at Victoria, a donation made to the Youth Centre Association and gifts had been sent to the Mental Health Assn. for Christmas distribution. A letter from the Old Age Pensioners Association thanked the Institute for tea served them following their November 15 meeting.

Mrs. W. M. Wright reported that eleven WI cook-books had been sold recently by the Rotary Club to give to the two girls who were exchange students from Ellensburg, Washington.

The PNE prize money amounting to \$34.75 was distributed to the winners.

Girl Guide Ruth Lapins gave a 10 minute talk as a requirement for a Gold Cord candidate.

Tea was served by Mrs. H. B. Mair, Mrs. F. Pearce, Mrs. G. Ritchie and Mrs. C. E. Ward.

Members were reminded to bring food for Christmas hamper to the next meeting, December 9. This will also be the annual meeting and memberships are due at that time.

Horticultural Society sees slides of Holland

The Summerland Horticulture Society held its monthly meeting in the Anglican Parish Hall Nov. 18.

A nominating committee was appointed, headed by Mrs. Nat May for the annual election of officers.

A most enjoyable evening was spent watching slides of Holland and their bulb industry. These were provided by the Holland Bulb Co. and shown by Miss D. Tait.

Mr Nat May conducted his Timely Topics speaking on mulches.

A flat of trollius, donated by Geo. Robinson of Penticton, was sold.

It was decided there will be no meeting in December.

Corporation of Summerland Public Notice

A meeting of the Ratepayers of the Municipality
will be held in the
High School Auditorium
West Summerland

Wednesday, Nov. 30

at 7:30 p.m.

For the consideration of Municipal and school
matters, and the following By-laws:

- Senior Citizens' Housing
- Fluoridation of water supply

Following these reports, candidates will be given an
opportunity to address the meeting.

November 23, 1960

G. D. SMITH
Municipal Clerk

1st Summerland Troop
The troop had an excellent
turnout with almost full
uniform. The co-operation
of all concerned is much ap-
preciated by the leaders.

There was a going up cere-
mony when Sixer Nigel
Blagborne came up from the
Cub pack and was posted to
the Eagle patrol. Scouts
Richard Bangma and Frank
Fenwick received their Leap
ing Wolf badges from Cub-
master McKenzie. The Sur-
veyor's Badge was present-
ed to Scout McGillivray and
will also be presented next
week to P.L. Lopatecki.
These boys earned these
badges at camp at Cathed-
ral Lakes last summer. Re-
cruit Trussell also received
his Collectors Badge. Scouts
Alan Wiens and Gordon
Lackey were invested into
the World Brotherhood of
Scouts.

Instruction on 1st class
First Aid continued under
Mr. Brinton. Mr. Fisher re-
viewed Pathfinders badge
work with some of the older
boys. The examiner for this
badge will be present next
week to take tests. Mr. Ben-
nest instructed recruits and
Mr. Towgood passed signal-
ling tests and worked with
boys doing 2nd class lashing.

This is the first notice re-
garding the 3rd Canadian
Scout Jamboree in Ottawa
from July 6 to 15, 1961. It
is available to 1st class
Scouts (14 years or over)
and the cost inclusive of
everything is \$165. This
takes in transportation plus
meals and camp, etc.

There will be another ses-
sion of Christmas tree cut-
ting this Saturday starting
at 9:00 a.m. near Mr. Ralph
Blewett's place. Scouts, cubs
and fathers will be welcome.
We then hope to have our
250 tree order ready for
Vancouver.

Patrol standings are Buf-
Hawks 166, Eagles 110. The
faloes 208, Buffaloes 202,
duty patrol next week, Buf-
faloes.

TEEN TOWN TOPICS

by Vicki McKee

The big news this week is
the March of Dimes Tag
Day held last Saturday. It
was a most successful cam-
paign and we are very grate-
ful to all those who helped.
A special vote of thanks
goes to the parents and
Kinsmen members who sup-
plied transportation. We also
wish to thank the citizens
of Summerland who donat-
ed so generously to help the
crippled children.

The March of Dimes dance
was held Saturday evening
and was a big success. Teen
agers from all over the
South Okanagan were pres-
ent. All proceeds from the
dance went towards the
March of Dimes. We are
grateful to Mr. and Mrs.
Pollack for acting as chap-
erones for the evening.

The March of Dimes cam-
paign will continue until
the end of the year and
small green pigs will be in
most of the stores.

The regular council meet-
ing was held on November
19 with Mr. Ed Lekei, re-
presenting our sponsors, the
Kinsmen Club, present. We
welcome Mrs. E. Stankowy
who is coming in as adult
advisor to assist Mrs. Reid,
our present advisor.

Trout Creek Plan

(Continued from front page)
can be implemented un-
der the most recent modifi-
cations of the Act. This in-
formation is required before

further steps can be taken.
The two most important
aims of the Plan are econ-
omic provision of roads and
services as they are requir-

ed, and maintenance of des-
irable living conditions in
the area as it acquires an-
ticipated increases in pop-
ulation and subdivision de-
velopment.

"Don't wait 'til Christmas!"

From now until December 15 we offer gift subscrip-
tions of the REVIEW at an amazingly low price. You
may order up to three subscriptions during this pe-
riod (your own renewal may be included).
Many of our readers mail their copy of the REVIEW
to some friend or relative who has moved from the
district. Your Christmas gift subscription eliminates
this chore and there is no postage to worry about.

Two subscriptions \$4.00
Three subscriptions \$5.25

Summerland Review

The Corporation of The District of Summerland By-law No. 909

A By-law of The Corporation of the District of Summerland in the Province of British Columbia Authorizing the Fluoridation of the Domestic Water Supply

WHEREAS representations have been
made to the Council of the Corporation of the
District of Summerland in support of the
fluoridation of the domestic water supply of
the Corporation, in the interests of Public
Health;

AND WHEREAS the Council of The
Corporation of the District of Summerland
has deemed it expedient and advisable in the
interests of the Public Health of the inhabi-
tants of the Corporation to provide for such
fluoridation of the domestic water supply;

NOW THEREFORE the Municipal Coun-
cil of the Corporation of the District of Sum-
merland in open meeting assembled enacts
as follows:-

It shall be lawful for The Corporation
of the District of Summerland to undertake
such measures as it deems necessary for the
fluoridation of the domestic water supply pro-
vided by the Corporation.

This By-law may be cited for all pur-
poses as the "Summerland Fluoridation By-
law, 1960."

Read a first time by the Municipal Coun-
cil of the Corporation of the District of Sum-
merland, the 18th day of November, read a
second time by the said Municipal Council the
18th day of November, 1960, read a third time
by the said Municipal Council the 18th day of
November, 1960.

Received the assent of the
electors of The Corporation of the District of
Summerland, the _____ day of _____, 19____

Reconsidered, finally passed and adopted
by the Municipal Council of The Corporation
of the District of Summerland, sealed with
the Corporate Seal of the said Corporation
and signed by the Reeve and Clerk of the
said Corporation, all on the _____ day of _____, 196____

REEVE

CLERK

TAKE NOTICE that the above is a true
copy of the proposed by-law upon which the
vote of the electors of the municipality
will be taken at the MUNICIPAL OFFICE,
WEST SUMMERLAND, B.C., on Thursday
the Eighth day of December, 1960, between
the hours of eight o'clock in the forenoon and
eight o'clock in the afternoon, and that
Andrew F. Calder has been appointed Return-
ing Officer for the purpose of taking and re-
cording the vote of electors.

DATED at West Summerland, B.C., this
Eighteenth day of November, 1960.

G. D. SMITH,
Municipal Clerk

Under the Giant's Head

Nobody found luck number 992 in last week's issue so this week's lucky number is worth \$5.00. The lucky number is

No. 648

in one of the advertisements in this issue. It isn't a date, price, address, telephone number or any combination of numbers, but just

No. 648

as it appears. Copies of this edition of the Review are numbered consecutively in one ad only, but only

No. 648

is the winner. The finder should bring or mail a clipping of the ad to this office before Tuesday noon, December 6th, to claim the prize.

There will be a turkey, ham and novelty shoot this Sunday from 10 a.m. to 10 p.m. at the trap club on top of Prairie Valley. The Rod and Gun Club is planning its annual wild game dinner in January. George Pennington has already donated some elk roasts towards the menu.

The Summerland PTA's collective face is a little red. Apparently an enthusiastic committee asked some ladies who haven't any children in school to donate pies for the packing house sale. The committee wishes to thank everyone who helped in this project and especially the non-members who so gallantly contributed.

Due to the poor showing of patrons the Rialto Theatre is now only open Friday and Saturday evenings with a Saturday matinee. It's nice to have our local cinema open again, so why not enjoy a night at the movies sometime.

The Summerland Review

Wednesday, Nov. 30, 1960

West Summerland, B.C.

Volume 15, No. 49

60 camp units being added to Lake campsite

The Okanagan Lake campsite, on Highway 97, 6 miles north of Summerland, will be increased by the addition of 60 new units. These units will be built in the picnic area adjacent to the large campsite.

Work on the new units has started already and 1400 yards of gravel have been moved in.

The new units will bring the total of sites to 140. This campsite is proving very popular and during the past tourist season the units were nearly all utilized, and the 60 new units are considered necessary for the next season.

The staff, consisting of four Summerland men and four Peachland men, was laid off in October, but all are now recalled and will spend the winter months completing the new units.

Community Concert planned

A community Christmas concert will be presented on Wednesday, Dec. 21, at 8:00 p.m. in the high school auditorium. The program, sponsored by the Ministerial Association, will feature a mass choir of about 60 voices, singing the cantata "Love Transcending."

Also included on the program will be selected choruses from Handel's "Messiah" by the choir, a carol sing with the audience participating and accompanied by the town band. The carols will be projected on a screen.

An invitation has been extended by the choir director Mr. Ken Storey, to anyone who would like to sing in the choir to report at the next practice. Contact Mr. Storey for time and place.

There will be no charge for admission. A silver offering will be received for the cost of the music and incidental expenses.

Weather

42 inches of precipitation and 5 hours of sunshine were recorded at the Research Station during the past week.

HIGH SCHOOL NEWS

The Summerland Jr. Sr. high school will be presenting a Christmas concert on Friday, December 16, under the sponsorship of the Fine Arts ministry. It will feature music by the Junior and Senior bands as well as a presentation of excerpts from "A Christmas Carol" by Dickens, performed by the Drama Club. The concert will be held at eight o'clock in the high school auditorium.

Rotary auction next week

The Summerland Rotary Club is participating in the annual Rotary auction held over CKOK. Eighty prizes have been collected from Summerland merchants and others, and these will be auctioned on Monday, Tuesday and Wednesday of next week from 7:30 to 11:30 p.m.

Some valuable articles have been donated including a transistor radio worth \$50. Summerland Sweets have also been donated for this auction.

One thing to note is that bids may be placed in collect so you can bid and re-bid without cost to you.

Funds raised by the sale of these articles will come to the Summerland Rotary Club for use on community projects.

Boys are doing boys work, and the girls are doing girls work while getting ready for the big open house at the high school this Friday evening.

Candidates speak their minds

Herewith are the opinions of the four candidates who are running in the December 8 civic election for two council seats.

Walter Toeves

I am running for councillor for various reasons. One is because I think it important that we have an election. I do not believe it a healthy situation when people have to be appointed to council.

Another reason is that I am interested in our community as a whole and if I am elected I would do my best to see that we have good government in our community.

Also I believe that in our particular municipality we should have the representation of two fruit growers on council.

PTA THURSDAY

"The child and his four teachers" will be discussed at the regular meeting of the PTA this Thursday.

Norman Holmes was re-elected by acclamation for the one year seat left vacant by the resignation of Mr.

H. J. Barkwill

Today Summerland stands at a crossroad. Do we develop into a worthwhile community under a vigorous, fair minded council or do we become a collection of bickering factions and districts?

Summerland has had a history of pulling together. Over the years improvements have been made to the water system, electric light system, roads, etc., all over the district, wherever the need developed it was tackled as a community project.

I stand for getting things done together. If there are problems in one area, let us treat them as community problems and attack them with vigor. Let's get on with the job.

If you feel the same way as I do I would appreciate your support at the polls.

Bob Alstead.

Candidates for the three vacant seats on the school board are Eric Brinton, John Bennest, W. S. Ritchie

Walter Powell

Having already served four years on the Summerland council I find it a little hard to give a statement of policy. A wide variation of problems are dealt with and can only be evaluated as they arise.

During my two terms in office I have been chairman of three major committees: roads, electric lights and water and have enjoyed working on each very much. The past year I have been chairman of the water committee and some very important decisions have been made regarding the renovation of our storage dams. On being appointed to the head of the water committee I fully expect to be able to get the Trout Creek domestic water system off the drawing board by now, but (Continued on back page)

and Dr. Wilford Evans.

And so, the election battle is on, four candidates — two seats to fill, and now the candidates have the floor:

Lloyd Miller

It is indeed a privilege to present my views of municipal government. Good government begins in the home with a Christian outlook. Today we have a Godless Socialism and Communism against a Materialistic Democracy, both wanting more, with the least possible service.

The Christian outlook is the extra mite. Politicians come forward with elaborate platforms. Many of them are very sincere only to have their platform crumble beneath their feet. Then people begin to loose faith in promises.

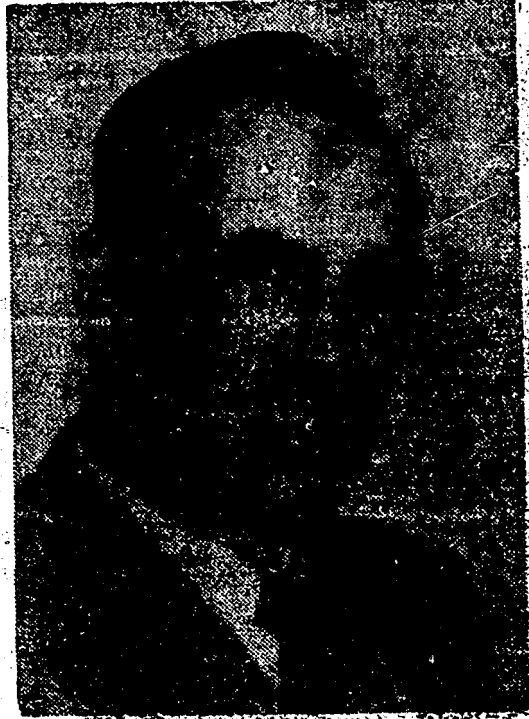

Our municipalities in B.C. are faced with an abnormal growth caused by immigration and birthrate. This has overtaxed the school facilities. (Continued on back page)

Fun for everyone high school open house

After two years preparation the students of Summerland Jr.-Sr. High School are preparing for another open house carnival this Friday, Dec. 2, from 7:30 to 10 p.m.

The theme Pioneer Days has been selected with pioneer funny money used throughout the evening.

There will definitely be something for everyone in the family ranging from displays of various school departments for the older folk through the variety concert and games of skill to the movies and the traditional House of Horrors for the youngsters. For anyone feeling in need of refreshments there will be tea and coffee served as well as donuts, french fries candy and lots of home cooking. There will be no charge to get in the door. However, for such things as variety concert, booths and food there will be a charge of several thousand dollars of the pioneer money. All money realized goes towards the funds of the two sponsoring school groups the student's council and the Key Club.

Guide Association Conference hears report on Guide camp

At the semi-annual Guide Association Conference held in Penticton recently, thirty Guiders and representatives from various Local Guide Associations were in attendance. Divisional Commissioner Mrs. Bruce Blagborne was in the chair.

A letter from Carcross, Yukon was brought before the meeting, requesting assistance in the buying of uniforms for a newly formed Indian Pack. It was decid-

ed to ask each Brownie in the Division to contribute 5 cents towards this cause.

Mention was made that the North and South Divisions are requesting Provincial Headquarters to arrange for a visit to the Interior by Lady Baden Powell during her stay in B.C. in 1961.

All areas have been asked to contribute information regarding the early development and achievements of their individual companies

for use in compiling a History of Guiding.

A committee was chosen, with representatives from Naramata, Summerland, Penticton to investigate possibility of forming a joint Ranger Company.

It is hoped that a Divisional music trainer may be found to visit Brownie and Guide meetings and introduce new songs.

Considerable discussion followed regarding Gold Cord candidates, all of whom will be visiting other Divisions for the purpose of carrying out their final challenges.

Mr. Sid Hodge, chairman of the Camp Committee Society gave a financial report in which he stated there is still a deficit outstanding of \$3050 on the camp fund. The Camp advisor reported on the excellent progress which has been made during the past months in improving the site. Work is continuing on the Brownie Retreat.

The meeting ended with the playing of a record provided by Dominion Council on the "Aims of Guiding."

Is Mass Fluoridation Safe?

Who Are the "Experts?"

\$500 Reward

Will be paid to any of the promoters of compulsory artificial fluoridation who can produce ONE "expert" from the entire province of British Columbia who has done any conclusive, original research proving safety, or who can produce documentary evidence that artificial fluoridation is indeed safe to use on our good citizens.

To those who doubt, cut this out and send this to your local fluoride enthusiasts.

This is the TWENTY-EIGHTH TIME this offer to the "experts" has been published in the past five years.

Why do the "experts" not claim the money?

Signed,

E.R. Moxey,

Pres., Pure Food Guild of B.C. Inc.

(Incorporated For Nutritional Research)

A Mass Meeting

will be held in

Square 'em up

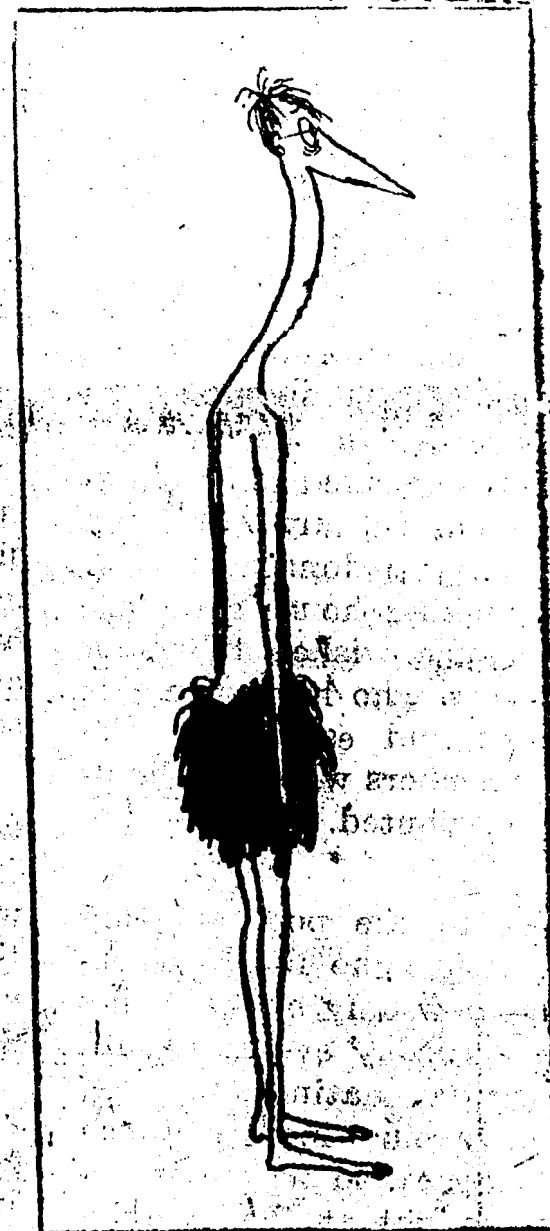

With the prospect of Intermediate and Beginner Classes being combined after the New Year, we are looking forward to fulfilled Friday evenings.

President Dave Munn will be around next Friday to explain the privileges and responsibilities of belonging to the Pairs and Squares and to invite the new dancers to join the club. We would like to have you start off the New Year as club with your badges at the party night Jan. 21st. This party will be especially for beginner dancers, but we know there'll be lots of old timers there too, because they will want to meet you and because beginner dances are always so much fun.

Christmas parties for Intermediates are so intriguing and so numerous it's hard to choose. Saturday, Dec. 3, Kelowna Wagon Wheelers have Ernie Funk of Kamloops as MC. Buffet supper. That same night, Percy Coulter MC's the Promenaders party in Penticton High School cafeteria. Buffet supper, there too.

Saturday, Dec. 12, Wheel N Stars MC will be Bob Emerson in the Penticton High School Cafeteria, buffet supper. Also that night Chuck Inglis will emcee at Westbank.

Our special date is the Pairs and Squares big Christmas party on Saturday evening, Dec. 17. It will be a gala evening and we hope you'll all be lucky enough to get there. Can't think of a better way to start the festive season.

WHERE DID HE GET THE PANTS?

Primitive man was so puny an animal we might wonder how he got the skins he wore. One theory is that the other animals laughed themselves to death at the sight of him. But man had the last laugh—by putting nature's energy to work he became earth's most powerful creature.

In Canada our most important energy source is petroleum. The reason—oil is made available wherever it is needed, the price is right, and product quality has been constantly improved. Gasoline octane, for example, is ten points higher now than it was ten years ago—while in the same period the amount Imperial receives for a gallon of gasoline has gone down.

A positive vote

On December 8th we will have the opportunity to exercise our rights as citizens of a democratic community by going to the polls to vote on two by-laws.

An affirmative vote for By-law No. 908, the Summerland Senior Citizens' Home, will result in our having an much needed addition to our community. A great deal of work and planning has gone into the development of this building. Work was started in 1956 by a committee headed by E. H. Bennett and S. A. MacDonald. Reeve F. E. Atkinson, Councillor Norman Holmes,

and others have done a great deal of travelling and correspondence to determine the most suitable Home for our community. All deserve congratulations for their fine work.

With the provincial grant of one-third of the cost, and assistance under the federal winter works project, the cost of a Senior Citizens' Home is greatly lessened. It would be gratifying and indeed complimentary, to our senior citizens, and to Summerland as a whole, if an affirmative vote is cast for By-law No. 908.

for both by-laws

The other bylaw regards fluoridation of our domestic water supply. Whenever a new proposal in public health is placed before the people, there are varying reactions. Skepticism, apprehension and suspicion guide the thinking of some while others are opposed to anything that costs money, or are just generally opposed. It follows that every new scientific proposal must win its way to acceptance through a more or less prolonged battle of ideas.

It was so with vaccination against smallpox, immunization against diphtheria, chlorination of water for safety,

fortification of milk with vitamin D and enrichment of flour for bakery goods.

We are now going through the same phase in regard to fluoridation of drinking water. The arguments against fluoridation have all been considered by responsible scientists in medicine, dentistry and the allied sciences.

We feel it has been established overwhelmingly that the addition of a measured quantity of fluoride to public water supplies to prevent dental decay in children is not only a constructive public health measure but is as safe as is humanly possible to determine.

by Rev. Norman Tannar
In the world of a few years back the Bible was the "best seller" and the Religious Digest wrote "The Bible Lives"!

Generation follows generation - yet it lives.
Nations rise and fall - yet it lives.

Kings, dictators, presidents come and go - yet it lives.
Hated, despised, cursed - yet it lives.

Condemned by atheists - yet it lives.

Scoffed at by scorners - yet it lives.

Exaggerated by fanatics - yet it lives.

Misconstrued and misstated - yet it lives.

Ranted and raved about - yet it lives.

Its inspiration denied - yet it lives.

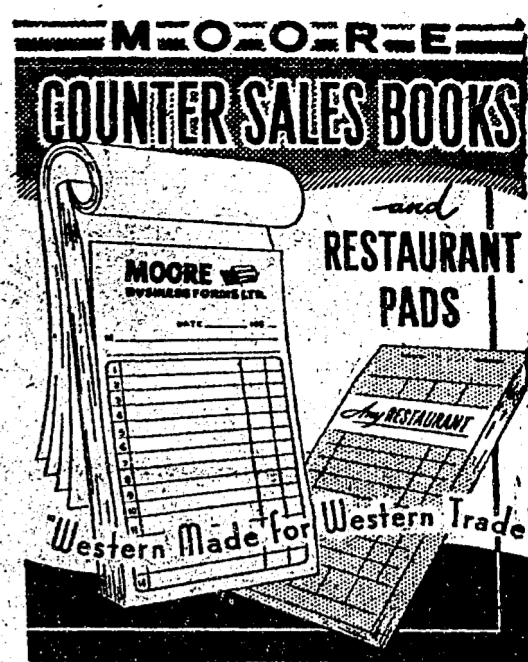

To know it is to love it. To love it is to accept it. To accept it means life eternal.

Yes, the Bible lives, but we as Christians are dead to our responsibilities. Today the Works of Lenin is the "best seller"; the Bible is second and the Works of

Stalin third. Here is proof that we are not propagating the Bible as Christians should.

The finest and first gift on our Christmas List should be the gift of a Bible to an African, an Eskimo or an Indian. You may not be able to give it personally but a donation to the Canadian Bible Society (formerly The British and Foreign Bible Society) will do it for you.

Yes, the Bible lives, if it lives in us and not just as printed words on a page.

Deposits \$3,200,419,323

This is where he comes into the B of M statement

and helps build a bright future for Canada — and himself

After he deducts college and living expenses from his part-time income, there's not much left for savings — yet this young man regularly deposits a small sum in his B of M savings account.

He is one of well over two million Canadians saving at the B of M. Their deposits run into billions.

But his part in the B of M's "deposits" is only half the picture.

WHAT'S HAPPENING TO HIS DEPOSIT?

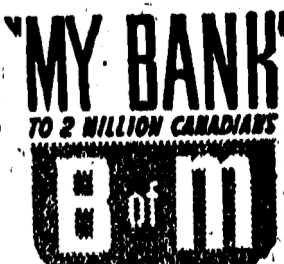

Well, along with the deposits of the other two million, most of his money is being lent for both personal and business purposes — to pay medical bills, meet school expenses, buy modern appliances, build houses, buy tractors, improve farm buildings and

cut lumber — to do a thousand and one things.

HOW?

Through hundreds of thousands of bank loans, the B of M is employing this young man's deposits, with many others, to finance the operations of business and industrial enterprises of all kinds and sizes... of farmers, fishermen, oilmen, miners, lumbermen and ranchers... of citizens of every calling... of community organizations and of provincial and municipal governments.

Yes, when you save money at the B of M, you not only keep it safe and earning interest for you, but you make a sound investment for yourself in Canada's growth now and in the years ahead.

BANK OF MONTREAL

Canada's First Bank

RESOURCES: \$3,485,471,333

Whether you want to save money or borrow it for some useful purpose, you'll find the B of M is a good place to do it.

So, if it's about money, see Canada's First Bank first!

Valley churches to present TV program

The Protestant churches of the Okanagan Valley are sponsoring a thirteen week TV series called "Talk-Back." It will commence the latter part of January.

The first 15 minutes of the half hour program will consist of a film situation and the remaining time is taken up by a panel discussion on resolving the problem situation depicted in the movie, by Christian means.

A preview of one of these series will be shown this Thursday at 8:30 p.m. in the Anglican Parish Hall. Panelists will be chosen from various valley churches. The public is welcome.

B.C. Fruit Growers Association delegates, to the Federation of Agriculture convention in Victoria were, from left, Eric Tait, Summerland; Alan Claridge of Oyama; and C. Mcclounie of Vernon. Okanagan apples were prominently displayed during the two day meeting in the Empress Hotel.

"No Place Like Home," Says Burglar Bill

If you took the advice of Burglar Bill, you'd keep all your valuables at home. Under the mattress, maybe. Or in that old teapot which lost its spout.

But Bill's advice isn't entirely objective. He figures if you leave your valuables at home - even in a "safe" hiding place - he stands a better chance of getting his hands on them.

Much better advice comes from Jock Johnston, Manager of the West Summerland Branch of the Bank of Montreal. "Keep your valuables really safe in a B of M safety deposit box", says Mr. Johnston. "Your personal strong box, exclusively yours

costs less than two cents a day, and it pays for itself over and over again in peace of mind alone," he adds.

Hundreds of thousands of Canadians use B of M safety deposit box facilities. Their valuables - bonds, leases, stock certificates, insurance policies, deeds, birth certificates, passports and other important family papers - are safe and sound behind the steel doors of the B of M vault.

Forget what Burglar Bill says. Mr. Johnston says: "Clean out those closets, drawers - and teapots. Bring your valuables into the bank instead."

Four hats fly through the air from four pretty misses of Canada's 4-H clubs. The girls were among 149 boys and girls from 4-H clubs across the country who visited Ottawa and Toronto in connection with the group's 29th international gathering. From left are Marilyn Barnes of Shoal Harbour, Nfld.; Betty Allison, Ladysmith, B.C.; Donna d'Entremont, Lower East Pubnico, N.S.; and Donna Haggerty of Pense, Sask.

TIPS FOR PARENTS

B HELEN R. HEWSON
Parent Education Associates

WHEN evening comes, thousands of Canadian parents close their front doors and step out for a few hours, secure in the knowledge that their little ones are in the care of a competent baby-sitter.

Today very few homes have built-in baby care service of grandma or a maiden aunt, and parents turn thankfully to the increasing numbers of teenagers who are being trained in the special baby-sitting courses given in some communities.

Community organizations and provincial departments of health have helped to plan and promote the courses. Saskatchewan began its program five years ago.

The courses have been conducted by church groups, women's organizations, Girl Guides and some of the high schools. In one town the boys insisted on being included in the training course, and their services are especially appreciated by families with lively small sons.

The New Brunswick Department of Health and Social Services, in conjunction with the Red Cross Society, held its first baby-sitting course this spring. This fall the course is being given in some of the high school home economics departments.

The courses are a series of six planned discussions aimed at developing attitudes as well as giving information. Films are used and recommended literature is read and discussed. The discussion leaders are local professional people, public health nurses, nursery school staff, child psychologists and safety experts.

The first meeting is usually devoted to a searching discussion of the characteristics of the baby-sitter, age, experience, family background, present knowledge and attitudes to the job.

1st Summerland Troop
There was a good turnout of Scouts at Monday's meeting. The major activity was the bundling and stying of the Christmas trees cut the past two Saturdays by the troop. The work was under the supervision of the group committee and the trees will be dispatched this week to the 41st Scout Troop in Vancouver.

While the younger boys were bundling trees, the older boys, who had bundled trees in previous years, stayed behind at the Youth Centre where Mr. W. Snow passed the following in their Pathfinders' Badge: Lopateki, McGillivray, Tamblyu, Mason, Bangama, Fiske, Blagborne and Wilson. Mr. Brinton also completed his investiture of recruits Baraid with the older boys.

Next week we plan the investiture of recruits, Baron, Smiley and Home. Duty patrol Hawks.

POWELL

(Continued from page one)
the major part of the plan-
ning had to be delayed un-
til the Trout Creek subdivi-
sion plan was completed.

This has been a keen dis-
appointment to me, but now
I feel the final plan can be
made and negotiations start-
ed with Trout Creek Dis-
trict so that a workable ag-
reement can be reached
enabling us to present a by-
law to the people of Sum-
merland for Trout Creek
domestic water this year.

Owing to the fact that our
economy in Summerland is
largely dependent on fruit
growing and its secondary
industries, I do feel the
council would be better bal-
anced with at least two
members representing the
fruit growing industry. This
past year I have been the
only grower on the council
and at times felt a little
outnumbered.

To have a good sound
council, I feel you must have
members who are not afraid
to speak their mind, right
or wrong, and be prepared
to discuss a problem amicably
and intelligently. Discus-
sion and interchange of ideas
is the only way to make
a sound decision.

I do feel I have shown
the qualifications necessary
to be a useful member of the
Summerland council and
have always given to the
best of my ability, trying to
be fair and just on all
decisions.

MILLER

(Continued from page one)
ties and domestic water lines.
Roads are becoming more
congested. I can remember
when one could walk to
Summerland and never see a
car on the road.

We must have a forward
look and adopt a policy that
our children will not be
ashamed of.

We must build on a larger
scale and on a firm founda-
tion. In my short lifetime
I have seen three different
flumes built in Trout Creek.
We now have concrete which
is becoming a nuisance with
subdividing. Besides we have
numerous pumps which are
costly to install and operate.

My personal views are a
combination system under
pressure tied in with West
Summerland, because extra
water supply is badly need-
ed on the Sand Hill. Cost
would have to be worked
out.

The Senior Citizens' Home
is a forward step and some-
thing that is badly needed.

Nevertheless, with mount-
ing debts, we must watch
our finances. The orchardist
has not fully recovered from
the big freeze.

However, with unemploy-
ment increasing, it will be
necessary to create employ-
ment. Self-help is the best
help given to any man.

In conclusion, I might say,
the tax payer has the final
say in what they want. We
are your servants. However,
we must ask ourselves the
question: "Are we prepared
to pay the price?"

Notice of Poll

Municipality of Summerland

PUBLIC NOTICE is hereby given to the electors of the municipality aforesaid that a poll has become necessary at the election now pending, and that I have granted such poll; and further, that the persons duly nominated as candidates at the said election, for whom only votes will be received, are:

SURNAME	OTHER NAMES	FOR COUNCILLOR OR TRUSTEE	TERM of OFFICE	RESIDENTIAL ADDRESS	OCCUPATION
