

Under the Giant's Head

The big wind on Monday did considerable damage to a Crescent Beach home, driving a branch through the roof. It also started a grass fire at the municipal dump but the fire brigade soon had it under control.

Films by Mike Nolan will be shown at the high school auditorium Friday, April 7 at 8 p.m. One hour of the show will be devoted to springtime in the Yukon, and one hour of big game thrills, featuring hunting scenes in color. You'll have a chance to see mountain sheep, moose, caribou and grizzly bear in their natural habitat. The show is sponsored by the Summerland Rod and Gun Club.

Note the change of place for the annual meeting and election of officers of the Summerland Rink Association on Thursday, April 6. The meeting will be held in the Occidental Cafeteria at 8 p.m.

Local RCMP would like again to remind orchardists that it is not safe to leave fertilizer sitting along the road side on loading stands

Omitted from the hospital report last week was the ground's committee consisting of Francis Steuart, S. A. MacDonald and G. C. Johnston.

Winds up to 72 miles per hour were recorded Monday at the Penticton airport. The Research Station weather report for this week shows 33.9 hours of sunshine and .02 inches of rain during the past week.

The new Taster-Freeze building next to Esso Service is rapidly taking shape. Owner Harvey Pomrenke told the Review this week that he plans to be open for business the first week in May. At the moment the plumbers and electricians are installing the fixtures. A great deal of fill has been hauled into the lot which will be covered with concrete for the drive-in entrance and parking lot.

Mr. and Mrs. F. G. Haddrell, long time residents of this area are celebrating their 50th wedding anniversary April 11 and will be at home to their friends on that day. On Saturday of this week the family are having a dinner in the Glengarry Room of the Prince Charles Motor Inn with about 26 members of the immediate family expected.

Summerland delegates attending the annual meeting of the Provincial Teachers Association in Vancouver are J. Clement, R. McNabb and A. Raham.

The Summerland Review

Thursday, March 30, 1961

West Summerland, B.C.

Volume 16, No. 13-14

This is one of the last of the water-wheel driven mills in Canada—and it is right in the heart of one of southern Ontario's richest grain producing areas, Preston. With 75 horsepower capacity, the wheel runs the mill's grinders from the power of the Speed River. It makes an odd contrast. Wheat entering the S. J. Cherry and Sons mill is weighed on modern automatic scales, then ground into flour by the oldest machine known to man. It was built in 1893.

Report on Parkdale Place shows rapid progress

Parkdale Place furnishings committee reports satisfactory progress in their drive for funds. At the present time four organizations have donated \$300 each to furnish four bedrooms. Several other organizations and some private citizens have intimated they are considering giving a \$300 donation for this purpose. Those already signed are the Women's Institute, the Kiwanis Club, the Masons Lodge and the Kingsmen Club. A number of donations in cash have been received along with the very fine donation from the municipal employees which may reach close to \$1100. The committee plans a TV

broadcast next Friday night, April 7th, over CHBC-TV, at 6:55 p.m. to start off an intensive campaign. A number of volunteer canvassers will call on many of our citizens to sol-

To observe anniversary

The 50th anniversary of Summerland United Church will be observed Sunday, April 16. Guest speaker at the anniversary service will be Rev. T. H. Allen, formerly of Summerland. The annual congregational dinner will be held Friday, April 14 in the church hall. In conjunction with the 50th anniversary a display of pictures and articles of interest is being prepared to tell the story of the history of the United Church in Summerland.

licit donations and give out any information desired. The committee finds it impossible to call on everyone, so if you are missed in the canvas, please call up any member of the committee and a canvasser will call on you, or you may leave your contribution at any of the following places: Laidlaw and Co., Holmes and Wade, or the Bank of Montreal.

The committee would like you to feel this is your home, owned and operated by the municipality, and furnished by you. The committee wish to furnish Parkdale Place with as much new material as possible, but may have to use a quantity of good used materials and would appreciate hearing from anyone who may have something which may help to furnish the Home. Finance chairman E. H. Bennett says "The Home you furnish may be your own."

Will Canadian women turn in to "bat-women" soon? Strictly Oriental in mood, the "kimono coat" is an eye-catcher in New York. By Martier-Raymond, it is done in nubby strawberry-colored wool imported from Italy. All attention is centred on the dramatic deep sleeves.

Police court news

During March seven motor vehicle infractions from Summerland and district were heard in the local police court. Fines ranged from \$10 to \$35.

On March 20 a local juvenile appeared in court charged with stealing a wallet containing \$75, pictures and personal papers from a coat in the IOOF Hall. The wallet was recovered with the money missing and all the personal effects had been burned. The same juvenile was charged with the theft of a Timex watch from Holmes and Wade. He was found guilty on the two counts of theft and sentenced to the Boy's Industrial

School. RCMP received a complaint from a person living near the Roman Catholic Church. Residents in that neighborhood were disturbed by an intoxicated Summerland resident who had bothered several people in their homes. Apprehended by the RCMP and charged with being drunk and disorderly he was unable to pay his fine, and was jailed for ten days.

Mr. Milford Adolph of West Summerland is alleged to have been struck by a motor vehicle on Rosedale Avenue Thursday evening, causing a fracture to his left thigh. As yet the vehicle has not been located.

Hospital honors J. E. O'Mahoney

Members of the Hospital Board, nursing staff and Hospital Auxiliary gathered at the nurses residence on Wednesday afternoon to make a presentation to Mr. J. O'Mahoney on the occasion of his retirement from the post of administrator of Summerland General Hospital.

In making the presentation to Mr. O'Mahoney board chairman Robert Alstead thanked him for his long, faithful and efficient

service to the Summerland hospital. Mr. Alstead said that the board and staff were sorry to see Mr. O'Mahoney leave but were happy he is able to retire in such good health.

Mr. Alstead presented Mr. O'Mahoney with a life membership in the Hospital Society, a sportsmen's tent, a Coleman two burner stove with stand, a fibre glass cooler and a Coleman lantern.

Mrs. E. R. Butler, hospital matron, presented Mr. O'Mahoney with a folding camp table and four matching stools.

Dr. W. H. B. Munn presented Mr. O'Mahoney with a fibre glass fishing rod on behalf of the medical staff.

Mr. O'Mahoney thanked every one present, stating that he and Mrs. O'Mahoney hoped to do a good bit of camping and they now had the equipment to make it a luxury.

Following the presentations, the guests were served tea by members of the nursing staff. Mrs. T. B. Lott presented Mr. O'Mahoney with a large cake inscribed "Best wishes Jack".

Members of the Hospital Board present were Robert Alstead, Norman Holmes, G. C. Johnston, C. R. Adams and Mrs. T. B. Lott. Miss Doreen Tait represented the hospital auxiliary.

Moving into new addition

Classroom equipment is being moved into the new addition to MacDonald Elementary School this week. Five classes will be moving into the addition, grades one taught by Mrs. Hilda Allison, Mrs. Alfred Johnston and Mrs. M. W. Hoops and the grades two taught by Miss Sunderman and Miss Amy Yamabe.

Final inspection of the premises by will be made on Thursday of this week by J. H. Wilson, of the school planning division of the department of education.

It is expected that an official opening ceremony of the new addition will be held sometime in May.

Explains changes in Assessment Act

At the last session of the B.C. Legislature, the Assessment Equalization Act was changed, on the advice of the B.C. Association of Assessors.

To help explain these changes and what they mean to Summerland taxpayers, the following article was written for the Review by J. P. Sheeley, municipal assessor.

Section 37 of the Assessment Equalization Act now provides that valuations for assessment purposes shall be actual value, deleting the past statutory directive that valuations shall be the actual value in specified base years. (1953 for improvements; 1955 for land). Also, the percentage that the assessed value bears to the actual value is revised from 60 per cent to 50 per cent.

Actual value current value, market value, arg for assessment purposes to be considered synonymous.

For attainment of equitable and uniform valuations between assessment jurisdictions, it is desirable that a common period for interpretation of actual value be adopted. For this purpose, and to attain and conform to the intent of the Assessment Equalization Act, it is required that actual value shall be the value pertaining to land and to improvements in the last year

for which complete value evidence and for which sales listings are available on January 1st of the year in which the roll is being compiled. That is to say, for the 1962 assessment roll the base year for determination of actual value shall be 1959, for the compilation of the 1963 roll the base year shall be 1960, and thereafter advancing at one year intervals for each subsequent roll.

Section 37 of the Assessment Equalization Act as amended is effective and applicable for the compilation of the 1962 roll. This requires that all land and all improvements shall be valued at actual value, which for the purposes of the above Act shall be the value pertaining in the year 1959, and the assessed value shall be 50 per cent of the value so determined.

It is believed that in Summerland, in most cases, improvements will remain about the same.

An increase in assessments can be looked for by those owning property in locations that have had a marked increase in value during the last five years.

The Municipal Act has been changed to give a farm (so classified by the assessor) a \$1,000 exemption on land assessment.

This exemption applies to the 1961 Assessment Roll.

A great example of Canada's expanding frontiers is the plant and town of Thompson being hacked from the wilderness of northern Manitoba by the International Nickel Company of Canada. It will eventually be the biggest nickel operation in the world operating in an area where there has been no previous industrial activity. In the background is the giant "stack" of the processing plant. It is about 500 miles northwest of Winnipeg.

Parks board to start tree nursery here

At last week's council meeting, E. H. Bennett, on behalf of the parks board, presented a plan for establishing a small nursery to grow trees for replacements in Summerland's parks.

Mr. Bennett said that the parks board is faced with the expensive problem of replacing a number of trees each year in Summerland's many parks. The cost of these trees is high, as for planting in a public place, trees should be at least eight feet tall. Mr. Bennett said, other wise the trees are used for weiner sticks.

The parks board proposed starting a nursery on municipal property in Paradise Flats where there is a suitable lot with available water for irrigation.

Further information will be obtained from government experimental farms or the prair-

ies and Ontario. It is hoped to start with 300 to 400 small trees and acclimate them until they are large enough for planting in the parks. It was stated that production of trees for the park

board in a local nursery would prove to be very economical for the parks board, in replacing the local trees which are dying out. It was purposed that shade trees of hardwood varieties be grown.

Shower held for Miss Myrna Tucker

Mrs. Jim Onley was hostess at her home in Peach Orchard recently for a party and shower to honor Miss Myrna Tucker, daughter of Mr. and Mrs. John Tucker, Peach Orchard, whose marriage to Arthur L. Mihalick of Oliver took place April 1st in Summerland United Church.

For the occasion the rooms were tastefully decorated with spring flowers.

Lovely gifts were presented to the bride-elect and refreshments were served.

Among those attending were

the mother of the honoree, Mrs. John Tucker, Mrs. Norman Abernathy, Mrs. John Richards, Mrs. J. J. Blewett, Mrs. Leo McCrea, Mrs. G. A. Brown, Mrs. Hans Hansen, Mrs. Vern Charles, Mrs. Jack Wilson, Mrs. E. G. Miles, Mrs. W. Mortimer, Mrs. J. H. Coates, Mrs. H. W. Pohlman, Mrs. Ryan Lawley, Mrs. L. A. Smith, Mrs. C. Head, Mrs. W. Milne, Mrs. Ralph Gibbard, Mrs. E. L. Coates.

Unable to attend but sending gifts were Mrs. John Selinger and Mrs. C. E. Kennedy.

Check rules on apple maggot

Regulations of the Destructive Insect and Pest Act are under review with an eye toward amending the restrictions relating to apples, according to the Plant Protection Division of the Canada Department of Agriculture. The movement of Ontario apples to the B.C. market for the second successive year was one reason for the proposal to amend the regulation.

Apple maggot is a pest peculiar to the North American continent and in Canada, is confined to the eastern provinces. B.C., which found itself having to import Ontario apples for the first time in 1959 and again in 1960, is free of apple maggot and is naturally anxious that the pest be not introduced here.

Can shoppers supply the answers?

There has been a great deal said and written about local people doing their shopping in the Okanagan, Salmon Arm and Kamloops.

It is a problem which is being felt by merchants in many other communities as well as Summerland.

Last week the West Coast Advocate, published at Port Alberni, had the following editorial on the subject.

The businessmen of the City of Duncan, like those of the Albernis, are very concerned these days over the shopping habits of their prospective customers. In the southern city, however, they are taking steps to try and like an age-old problem . . . "Are local people going outside to do their shopping — and why?"

There steps have been taken to enlist the aid of the housewives through having them supply the answers to the question of shopping habits. The same housewives are also being asked whether the items they desire are to be found on the shelves of the local merchant. They hope to come up with some sort of answer to a mutual question.

Here in the Albernis one hears so many times that business should be better in view of the large payroll here. Perhaps they too should conduct a similar survey in the hope that a better understanding can be brought about and the thoughts of the people in various shopping problems better understood.

Too many times during our rounds do we come across some of the following . . .

"Ever since Friday night shopping came in . . ."
"They should never have closed on Mondays instead of Wednesdays . . ."

And many others . . . questions that the householder has an interest in . . . not just solely the merchant.

We cannot solve the problem nor bring about a compromise that would settle all differences, but at least we bring out into the open some of the questions which confront the householder and which the merchant would like to have settled so that more shopping will be carried out locally.

It is a question for the retail merchants to take up, or as is the case in Duncan, the Chamber of Commerce."

SMALL TALK

By Syms

"I hear the boss hit the ceiling this "Yes . . . three springs in the morning."
"mattress broke."

Sunday is the day when -

by Rev. L. Kennedy

Text: "Remember the sabbath day, to keep it holy" Ex. 20:8.

I. Sunday is the day when many people do not have to work at their bread-winning occupations. It is a day of freedom. It is in the purpose of God that man should live in freedom. Without it there can be no development of personality. Jesus said: "The Sabbath was made for man, not man for the Sabbath."

But freedom is a dangerous gift and it needs God's guidance to handle it. Paul gloried in the fact that Christ sets man free; "only," he says, "be careful that freedom does not become mere opportunity for your lower nature" (Phillips). See Gal. 5:13. "As free men you should never use your freedom as an excuse for doing something wrong . . ." I Pet. 2:16 (Phillips.)

II. Sunday is the day when many dissipate the resources of the spirit. The air of the modern world with its absorption in getting and spending, in running about and seeking pleasure, can choke the spirit.

Many a youth starts out on life from a good home where the pieties that give life some meaning were cherished. He has some convictions that give life foundations and some ideals that have been caught from the vis-

ion of the glory of Christ. These are his spiritual capital. But it may easily become exhausted. Saving truths, like some kinds of coinage, begin to lose their value in a world that has no use for them. The habit of worship drops out of the routine of life and Sunday, which was originally a holy day, becomes a holiday.

The result is a deterioration of character, the loss of spiritual values. One by one, the lights go out. Faith, hope and love are lost in the great darkness.

III. Sunday is the day when we worship in our churches. It is the God-given opportunity for worship, for quiet reflection on life and its meaning, and for those deeds of love that unite us across the barriers of circumstance. Nothing can take the place of the Christian Sunday if man is to live in the world without losing his soul.

Distribute Telephone directories

Over 26,000 new Okanagan Telephone Company directories have been mailed to all the Company's customers in twenty exchanges from Arrowhead to Kaleden. This new directory became effective April 1.

Just like the Company's system the new directory has grown in size and includes for the first time instructions for the direct dialing of long distance calls by subscribers on a nationwide basis.

Now available in eighteen of the Company's twenty exchanges, direct distance dialing now permits most subscribers to dial their own long distance calls to nearly 435,000 phones in B.C. and with the introduction of dialing on a nationwide basis this summer Okanagan Telephone customers will then be able to dial an estimated 50 million telephones throughout Canada and the USA.

Letter to Editor

The Editor,
The Summerland Review.

Dear sir:
In your issue of March 16, you stated that our old friend Dave Jack was the last of the South African War Veterans in Summerland.

This has proved incorrect as the letter of March 30 from Mr. T. C. Fookes proves.

Might I go a little further and state that there are at least four more of these old soldiers living in Summerland.

One has been a resident of this town since 1905 and has served in two wars.

These old people are very proud of their South African War service.

Sincerely yours,
Tom Whitfield.

For all your building needs

Mr. and Mrs. A. C. Fleming had their daughter, Mrs. E. M. Zimmerman and Miss Sandra Smythe visiting from Victoria, for the holiday week end.

About 25 friends dropped in to surprise Mr. and Mrs. Cyril Stent on their 40th wedding anniversary, March 29. A very happy evening was spent reminiscing. Delicious refreshments were served by Mrs. Gordon Smith and Mr. and Mrs. George Ryman.

Mr. and Mrs. W. S. Rothwell and their guests Mr. and Mrs. A. R. Rothwell of Calgary, have returned from a week's visit to Victoria and Seattle.

Miss Barbara Beaven and Miss Barbara Poyd were here over the week end visiting Mr. and Mrs. F. Beaven.

Miss Eileen Wilcox was at home recently visiting her parents, Dr. and Mrs. J. C. Wilcox.

Mr. and Mrs. Ed Green of Kimberley were week end visitors at the home of Mr. and Mrs. Earle White.

Mr. and Mrs. Jim Hack of Spencers Bridge visited with his mother, Mrs. E. Hack recently.

Mr. and Mrs. Mel Duccomun and family spent the week end in Seattle.

Mr. and Mrs. Walt Setter motored to Seattle over the week end.

Mr. and Mrs. Ed McGillivray and family visited Mr. McGillivray's mother in Winnipeg.

Mr. Harry Wamsley of Invermere visited his mother, Mrs. Wamsley and his aunt, Miss Banks recently.

Nan Thornthwaite and Susan Blewett are holidaying in California by car.

Visiting at the home of Mr. and Mrs. Frank Nicholls are Miss L. E. Abbey and Miss Dolora Abbey of Everett, Wash.

Arlene and Eleanor Raincock of Vancouver spent Easter with their parents, Mr. and Mrs. Jack Raincock. Other guests at the Raincock home were Mr. and Mrs. Alex Cran. of Trail.

Mr. and Mrs. Larry Lemke and their two daughters visited with his parents, Mr. and Mrs. Herb Lemke over the week end. Bruce Lemke was at home also.

Mr. and Mrs. Jim Brown spent the Easter holidays in Creston.

Mrs. Ann Bingham of Victoria well known in Summerland, is taking a two month trip to England and Ireland. She will sail on the Empress of England about the middle of April.

Harold Oxley of Vancouver, spent the holiday with Mr. and Mrs. Bob Oxley.

Mr. and Mrs. Don Grice and Lois and Miss Noreen Bennison were week guests at the home of Mr. and Mrs. Frank Bennison.

Recent guests at the home of Mrs. Mary Scott were Mrs. R. A. McEwen of Moose Jaw, and Mrs. Advocate of Vernon.

Mr. and Mrs. J. L. Brown travelled to Canyon, B.C. to be present at the christening of the three little sons of their eldest daughter and son-in-law, Mr. and Mrs. Gordon Gardner on Easter Sunday in the United Church at Canyon, with Rev. Thomson officiating. The little boys were given the names of Gordon Earl, David James and Robert Wilfred. Ian Gardner returned with his grandparents to spend the remainder of the Easter holidays.

Gilbert Jacobs of Eugene, Ore. spent the holiday with his parents, Mr. and Mrs. Frank Jacobs. Also visiting was Miss MacDougald of Vanderhoof.

Bob Macdonald spent Easter Sunday with his sister and brother-in law, Mr. and Mrs. D. Wakefield at New Westminster.

Magistrate F. V. Vernon of West Summerland is replacing Magistrate Reid Johnston while he and Mrs. Johnston are holidaying in California.

Miss Marilyn Washington spent Easter with her parents, Mr. and Mrs. Geo. Washington.

Miss Sunny Boyd visited Mr. and Mrs. R. Clithbert over the week end.

Mr. and Mrs. A. McRae and family of the Tank and Tummy, Trout Creek, were in Winnipeg over the holidays.

Mr. and Mrs. G. Dent had as visitors their parents, Mr. and Mrs. Dent and Mr. and Mrs. Ogden of Vancouver.

Mr. and Mrs. Alex Inch were at Oliver over the week end to attend the christening of Mrs. Inch's nephew, Loyale Jeffery McBride, grandson of Mr. and Mrs. S. McBride.

Holiday visitors at the home of Mr. and A. D. Wilson were Mr. and Mrs. Russell Kazan of Calgary.

Mr. and Mrs. Herb Waterhouse and family spent the week end in New Westminster.

Mr. E. E. Stephens of Washington, D.C., is visiting his parents, Mr. and Mrs. M M Stephens.

Mr. and Mrs. G. C. Johnston visited their son Pat at Esquimalt over the week end.

Mr. and Mrs. Mark of Vancouver were Easter guests at the home of Mr. and Mrs. John Tamblin.

Mr. and Mrs. T. D. Grant of Vancouver spent the holiday with Mrs. Grant's parents, Mr. and Mrs. H. R. McKee. Also a guest at the McKee home was Miss Heather MacLeod of Vancouver.

Chief Walking Buffalo, who remembers when his tribe in Alberta signed a peace treaty with the white man in 1877, blew out the candles at a party thrown for him in Toronto to celebrate his 90th birthday. He has recently gone on the warpath again. At 88 he started on a trip around the world that took him to four continents, 27 countries and to address 100 million people in support of the Moral Re-Armament program, and he's still on the road.

Shopping around

by M. E. W.

A comfortable chesterfield by day and a full size bed by night, the ideal solution for the small home owner who needs some extra sleeping space for summer guests. Such a combination, the Restmore "Hide-a-bed", is featured this week by the West Summerland Hardware. Well constructed and at a very reasonable price.

Something new and nice at the Valley Style Shop, especially for the younger set and their summer pyjama parties, a three piece drip dry cotton sleep set. A ruffled bra and panties with a little overjacket that buttons down the front, in pink and blue print. Would make an ideal gift for your teen aged daughter.

A real spring treat can be found at Super Valu and Groceteria meats, fresh Alberta spring lamb. Makes a nice change for Sunday dinner.

Recent renovations to the front of the Groceteria make it one in town. The garden seeds and in town. The garden seeds and tools are attractively displayed

in the new window. Especially worthy of mention are the B.C. made redwood hanging planters. These little planters are nicely finished and add a bright tone to any home. Also at the Groceteria of interest to the housewife is "Fablon", a plastic coated, self-adhesive material that adheres to almost any surface. Very useful in the kitchen or bathroom, around sinks, on counter tops and cupboard doors. A nice selection of colors.

These silver, life-saving tags, attached to a bracelet or necklace, may mean the difference between life and death for diabetics who suffer coma. They are also helpful in driving cases when diabetics have been mistaken for drunks. Tags can be obtained from Medical Alert Foundation through Ralph Finkle of Port Credit, Ontario.

BIRTHS

Born at Summerland General Hospital to:

Mr. and Mrs. Anthony Holler, a son, April 5.

Mr. and Mrs. Adam Huva, a girl, April 4.

Kiwanis

Club Notes

Kiwanis took a night off on Tuesday night and after a short business meeting, watched the hockey game between Chicago and Montreal. Lloyd Shannon provided the TV set. From the grunts and shrieks coming from members, the game must have been much enjoyed.

This writer was remiss last week, and inadvertently missed the name of one of our guests, Larry Belway of the Trout Hatchery. Sorry Larry, it was just another one of my silly moments. We hope to count Larry as a new member very shortly, and rest assured Larry, that the club was very glad to have you with them.

T. B. (Tommy) Young was introduced as a new member and was warmly welcomed by the membership.

A short discussion took place on the formation of a new club at Merritt and ways and means will be found to help the new club get started. The matter will be discussed next week. Doug Campbell outlined the procedure in such cases.

Tentative arrangements are being made for an inter-club meeting with Winthrop on Monday, April 24 and this will also be discussed next week.

The Scribe.

"Nothing Old Hat about our house this spring!"

Bright and shiny, like a new spring bonnet — that's how our house looks these days. We've had it "done" all over and now the Joneses are keeping up with us. The cost? Well — much less than you'd think. We financed the "work" with a B of M Home Improvement Loan. That's how you can get your home improvements done at lower cost. Talk to the people at your neighbourhood B of M branch soon — they'll be glad to tell you all about it.

Caring for Young Trees After Planting

April is tree planting month in the Okanagan. In my last report I dealt with the mechanics of tree planting. This week I would like to follow up with a word or two on the care of young trees after they are planted.

Young Trees Need Cultivation

Young trees do not like competition from other plants nearby, particularly weeds, grass or other larger fruit trees. It is therefore advisable to suppress all weedy growth for a distance

of four or five feet from the tree. This requires several tree tillings per season during the early years of the tree's life. The last cultivation should not be later than mid-July. This is to allow time for trees to harden off before winter. If trees are being grown as inter-plants among old trees be sure to cut back the old trees in plenty of time to admit light to the young ones.

Regular Irrigation Needed

Young trees since they have restricted root systems may require more frequent irrigation than older trees. In this connection, mulching helps to conserve moisture around young trees. About 3 inches of shavings or sawdust spread over the root zone will be sufficient.

Young trees need nitrogen

Young trees require feeding regularly with nitrogen. This can be supplied to them in the form of ammonium nitrate or ammonium sulphate applied to the surface of the ground in the late fall. Usually about half a pound scattered uniformly over the root zone is plenty. Minor elements such as boron, zinc or iron may sometimes be deficient and if young trees fail to grow the possibility of minor element deficiencies should be looked into.

Control of Aphis Important

Finally, a word about aphis. Anyone who tries to grow young trees must be prepared to spray them promptly when aphis appear. Delay can cause severe stunting and malformation of the new growth — particularly in apples. Diazinon, malathion or nicotine are the recommended aphicides. They usually require repeated application. Recently the new systemic aphicides have been appearing and the latest of these, dimthoate bears promise of reducing the number of summer sprays required in young trees. Due to the residue problem its use must be restricted to non-bearing trees only.

Here's a sight that made the passengers look twice. Airline stewardess Andrea Van Groenou, of Amsterdam, wheels Queen Victoria aboard an airplane for a trip across the North Pole to Victoria, B.C., where the wax effigy will be displayed in the Royal London Wax Museum.

Thinning peach blossoms

Importance of thinning peach blossoms in British Columbia's southern interior is stressed by Dr. D. V. Fisher, a Canada Department of Agriculture researcher at the Summerland station.

Dr. Fisher warns that unless thinning is done, peaches may not reach the minimum commercial size. Even varieties like Golden Jubilee, regarded as moderate setters elsewhere, require thinning in the Okanagan Valley.

In order that the fruit may mature earlier and more uniformly, thinning should be done at the blossom stage, or soon after.

Thinning with chemical sprays is cheaper and faster than hand thinning, but not so reliable — especially with dinitro materials when used in damp weather.

Hand thinning should be done when the blossoms are in the early to late balloon stage and two-thirds of the flowers removed. One method is to run a lightly clenched hand around and down the flowering shoots. Another is to brush the flowers off with a small whisk or straw housebroom equipped with a two foot handle. A wire or twig brush may also be used.

A tree that bears about 400 pounds can be thinned in about 15 minutes when exact spacing

is not attempted.

Thinning should be done at both the blossom and early fruit stages. No attempt should be made to complete the job at the first thinning, either chemically or by hand, since some of the flowers left on the tree may shed later. About a month or more after bloom, thinning can be completed by going over the trees again.

It is cheaper to thin twice than to thin only when the fruit is an inch or more in diameter. At the later stage hand thinning may cost \$150 per acre.

Growers who have not hand-thinned peaches before the pre-bloom stage should consider doing so.

This little plastic greenhouse is an example of what a farmer with some enterprise can do in Canada, and it's no wonder Alex Raab and his wife, Jeannine, are all smiles. Orders are pouring in from stores and seed firms for the invention. The French immigrants were on the verge of returning home five years ago, but they got what was considered to be worthless property at Unionville, Ont. The horticultural specialist now has a business employing 11 people. The plastic greenhouse started out as a sideline and is now a \$100,000 business. It gives seedlings the exact conditions of full-scale greenhouses.

Brian Adams elected mayor of Teen Town here

The annual election dance was held at the Youth Centre last Saturday. Although the crowd was small those attending enjoyed themselves.

Brian Adams was elected mayor, and Rosemary Day, Dorothy Arase, Scott Bergstrom, George Burnell, Dick Butler, Richard Newton and Dave Mallet were elected to serve as aldermen. The mayor

will serve a one year term and the aldermen two years. Five girls and two boys remain on the council for the second half of their term.

Mr. Ed Lekei, who has for the past year been our Kinsmen representative, is moving and will be leaving us. Mr. Lekei has been a great deal of help to the council and we shall miss him very much.

Two representatives are travelling to Richmond for the provincial mayor's conference to be held April 5, 6 and 7.

Vicki McKee

For Sale

FOR SALE — Baby carriage, \$15.00. Phone HY4-4361.

No need
for continuous
advertising

TRAFFIC LIGHTS — Should be turned off at dangerous intersections to save electricity.

Everyone knows it's a dangerous spot and that is sufficient.

TEACHERS — No need to review lessons. Tell the children just once and they'll never forget.

HIGHWAY POLICE — Stop driving up and down the highways. No need to caution drivers by patrolling highways. Drivers know the law and should obey.

OUT OF TOWNERS — That advertise in the local paper and mail order firms that send catalogues are wasting their money. Everyone knows what is sold at stores in town and they'll all shop at home.

BUT — If you are one of the foolish kind, like the Notre Dame Cathedral that has stood for six centuries but still rings the bell every day to let people know it is there, and believe in continuous profitable advertising, then you will advertise in the

COMFORTABLE

HEAT

COSTS LESS
THAN YOU THINK

Electricity gives heat without combustion and does not give off fumes or use up oxygen.

You can depend on Electric Heat to give you comfort, safety and cleanliness—its as clean as sunlight.

When you build or remodel your home—install Electric Heat. It is economical and its advantages are unbeatable.

HEAT BY WIRE

NOT BY FIRE

Under the Giant's Head

An automatic laundromat is on the way for West Summerland. Plans are now under way to construct the laundromat beside T. S. Manning Lumber.

Mr. T. S. Manning told the Review that Westinghouse equipment will be installed and he hopes that the opening will be within the next few weeks.

Mr. Manning said that he felt the washers and dryers will not only be useful to local residents but also for tourists staying in this area.

The annual meeting of the Summerland branch of the CNIB will be held Monday, April 17 at the High School Library at 8 p.m. Two interesting films will be shown, a Walt Disney production "You and Your Eyes" and another film used extensively by the Consolidated Mining Co. "It's Up To You". The public is welcome and urged to attend and all organizations are asked to send representatives.

Ken Heales and W. A. Laidlaw of the Retail Merchants Association attended an executive meeting of the Chamber of Commerce Tuesday, to discuss plans for the merchants to amalgamate with the Chamber. It was decided that the merchants should become a committee of the chamber, electing their own chairman, and will be in charge of matters pertaining exclusively to retail merchants, such as store hours. The regular monthly dinner meeting of the Chamber of Commerce will be held Thursday, April 13, in the IOOF Hall at 6:30 p.m. For those unable to attend the dinner meeting, the business session starts at 7:30 p.m.

1961 Summerland building permits continue to spiral, as March saw 21 permits issued for a total of \$312,160 (including B.C. Fruit Shippers new packing house at \$102,450).

Three new dwelling permits were issued for \$16,000 and 14 dwelling alteration and addition permits were issued for a total of \$10,850.

In the commercial field four permits were issued totalling \$116,250.

Thirty-five permits have been issued in the first three months of 1961 amounting to \$313,160, as compared to 21 in the first three months of 1960 for \$71,550.

(Editor's note: The following letter was received along with a cheque for \$100 from an elderly West Summerland couple, who are living happily in their own home and are not applicants to enter Parkdale Place). To Mr. Ernie Bennett:

We donate this amount to the general fund of the Senior Citizens Home, West Summerland, with our best thanks to all who have worked to bring the Home about, and the first thought shall be for the comfort and well being of those who live there.

Volume 16, No. 15

Apple Day on Saturday

On Saturday morning, April 15, the Summerland Scouts and Cubs are holding their annual Apple Day, at which time fifty-four Scouts and Cubs, and twenty-seven cars and drivers, will canvas the Summerland area.

Apples and cars are donated, and the total proceeds go directly in aid of the Scouting and Cubbing programs here.

Cars and boys will meet at the high school parking area at 8:45 a.m. Saturday morning, and drivers are asked to report back to Mr. Alex Watt's office after they have completed their part of the canvas.

Music festival winners

In the first day of the 35th Okanagan Valley Music Festival, being held in Penticton, Summerland youngsters took three firsts.

Summerland winners on Monday were:

Class 202, pianoforte solo — under 10 years: 1. Lynn Gartrell, 86 points. Other Summerland entrants: Georgina Storey, 81 and Raymond Halvorson, 76.

Class 203, pianoforte solo — under 11 years: 1. Marilyn Parker, 87 points.

Class 114, vocal solo, folk song, boy or girl, under 16 yrs. Linda Bell 78 points.

Class 212, piano solo — open. Only one entrant, Lynne Boothe 85 points.

Local winners on Tuesday:

Class 219, pianoforte solo, sonatina, under 14 years: Edward Mead 82 points.

Class 201, pianoforte solo, under 9 years: Sharie Randle, 2nd with 86 points.

Class 222, pianoforte solo, Bach, under 17 years: Anthea Morgan, 80 points.

Class 223, pianoforte solo, Bach, under 19 years: Lynne Boothe, tied for first with 86 points.

(continued on back page)

Longmore heads group

A. J. Longmore, principal of Summerland Junior-Senior High School was elected president of the B.C. Principal's Association at the annual meeting held in conjunction with the Easter convention of the B.C. Teachers' Federation.

Mr. Longmore was vice-president and editor of the Association's journal last year.

The B.C. Principal's Association has been formed in order to correlate the activities of the various groups of school principals and vice-principals which are formed throughout the province. The association also circulates information to administrators in the province concerning research in the field of education.

This young crippled girl, thanks to the generosity of all British Columbians, will receive expert medical attention at the Queen Alexandra Solarium in Victoria. There are many more children needing care in the province and when the "Shower of Dimes" appeal is launched May 1-15, the only appeal made for the Solarium, local residents will have the opportunity of helping once again. Since the Solarium was opened in 1926, more than 2,500 children have benefited from its services. Last year, four from Summerland, entered the hospital.

Parkdale Place report

Councillor Holmes reported to council Tuesday night that the interior painting has been started on Parkdale Place. The sidewalks are almost completed, and Mr. Holmes requested that three new poles and four lights be purchased for the street lighting. Council agreed to purchase lamps the same as those installed on Granville Street last year. Light department crews are at present installing service lines.

J. SUNDERWOOD PASSES

John Sunderwood passed away in the Summerland Hospital on Friday, April 7. He was born in Holland. Mr. Sunderwood is survived by his loving wife, Margaret; two sons, John, Vancouver; William, Nelson; two daughters, (Margaret) Mrs. W. Henry; Penticton; (Christine) Mrs. Jack Bay, Nelson; two brothers and one sister in Holland and seven grandchildren.

Prayers for the late Mr. Sunderwood were said in the Penticton Funeral Chapel, Sunday evening at 7:30. Requiem Mass was sung in St. Ann's Church, Monday, April 10, at 11 a.m., Father F. Quinlan celebrant. Interment Lakeview Cemetery.

Council to enforce dumping regulations

At municipal council meeting, Tuesday night it was decided to clean up the refuse dumped illegally on a vacant lot close to the old Felix Hotel in Lower Summerland. Signs had been previously posted, but it was felt that until the site is cleaned up it is too easy for them to be ignored. Another nuisance area Ground in Garnett Valley is to be cleaned up also, and "No Dumping" signs erected.

Bill McCutcheon waited on council on behalf of the Summerland Rod and Gun Club to ask permission to erect two toilets and two picnic tables on the twenty acres of municipal land at the south end of Garnett Valley Dam. Permission was granted and they will be erected this coming Sunday.

Permission to erect a sign close to the Peach Orchard Park was requested by Mr. Len McNabb of the OK Village Auto Court. Council decided not to change its policy of not allowing any signs larger than finger posts on road allowances. Councillor N. Holmes reported that the Retail Merchants Association and the Parks Committee were discussing the advantages of a large sign board listing all the stores and services of the community to be placed in the vicinity of Peach Orchard Park.

Councillor W. B. Powell reported that irrigation water is now running in some ditches, and if growers needed water before May 1, it could be arranged.

Councillor R. J. Barkwill reported that patching of blacktop throughout the municipality is continuing, and that a culvert has been installed at Peach Orchard. The work on road naming is not yet completed.

Approval for the erection of new toilets in Peach Orchard Park has been received, and work has now been started on them, Councillor Holmes reported.

Word has been received from the Department of Municipal Affairs this week, that the winter works programme has been extended to May 31 this year, to apply only to projects already approved.

Will work in England

Dr. Maurice Welsh, head of the Plant Pathology Section, Summerland Research Station, will be leaving on May 29 for 12 months in England, accompanied by his family.

He has been granted a Postdoctorate Transfer of Work by the Canada Department of Agriculture. The Postdoctorate Transfer scheme has been devised "to afford able research officers with considerable professional stature the privilege of electing to work for a substantial period with a distinguished foreign colleague". Dr. Welsh will be working with Dr. A. F. Posnette, Head, Plant Pathology Section, East Malling Research Station in Kent. They will be combining their studies of the virus diseases of apple and pear, paying particular attention to the problems of viruses in Malling and Malling Merton clonal rootstocks. During the year Dr. Welsh will also be paying short visits to several other research institutions in the British Isles and on the continent.

Dr. Welsh began work at the Summerland (Plant Pathology Laboratory) almost 26 years ago as a seasonal labourer, and obtained a permanent appointment to the staff in 1945 after his return from overseas.

Teachers meet at coast

Mr. Jim Clement of Summerland High School, Mr. Austin Raham of McDonald School and Mr. Ray McNabb of the Trout Creek School represented the Summerland Teacher's Association at the B.C. Teachers' Association's forty-second annual convention.

The convention was held in Vancouver from April 3 to 6 under the chairmanship of BC-TF president, Wesley Janzen of Surrey. Keynote addresses were given by the Rt. Hon. L. R. Peterson, minister of education, and Professor Alan Thomas of the University of B.C.

Teachers of each high school subject and of the elementary and primary classes met by groups to consider their own particular areas of instruction. Demonstrations, workshop sessions, panel discussions and ad-

resses were featured.

New approaches to teaching were considered in discussions on such subjects as team teaching and an experiment in the teaching of Russian and in demonstrations of audio-audal techniques, music, science, mathematics and physical education.

Delegates approved the details of a plan whereby the Federation will classify its members into three groups in terms of their basic qualifications and determine and state their competence. Cards issued annually will show the membership category assigned to each member. A member judged incompetent will be issued a card stating "Category Withheld." The plan represents the desire of the Federation to exercise greater control over the service of its members and to recognize the quality of that service.

Dr. H. K. Fidler is the key man behind efforts to eliminate cancer of the cervix among B.C. women through screening of annual cell tests. The local Kiwanis Club will be conducting the annual drive for funds for the Cancer Society on Tuesday, April 25. Chairman for the campaign is Blake Brandon.

This week in your orchard

by Alex Watt

Grafting of Fruit Trees

1961 Apricot Blossoms Early

Apricots are in bloom at about the same date as last year. This is eleven days earlier than in 1959. The average full bloom date for apricots in the Summerland district over the past 15 years is April 21.

The time is now right for grafting fruit trees. A number of growers are top-working odd varieties of pears and apples to commercially acceptable kinds.

Pollination Problems

Now is a good time to consider the pollination status of

your orchard. Most commercial varieties of apricots, peaches and Italian prunes are self-pollinating. Pears are partially self-pollinating. Apples usually require another variety for good pollination. However it is only in Sweet cherries and occasionally in large blocks of Delicious or Winesaps that a serious pollination problem may exist.

Where a block of Sweet cherries or Red Delicious has been planted solidly to one variety, there is a very good chance that poor cropping may result from lack of pollinizers. A good rule for Sweet cherries is to have at least every third tree in every third row a pollinizer tree. Sam and Van are good pollinizers for Bing and Lambert. Golden Delicious, McIntosh or Spartan are good pollinizers for Delicious.

Quite often, when solid blocks of trees have been planted to one variety there are no free spaces in which to plant the pollinizers. In this case grafting or budding may be used to work a limb or two on each tree over to the required pollinizer. Two thirds the way up the tree on the south side is the best position for pollinizer limbs.

Controlling Cutworms in Vegetables

Cutworms and wireworms are present in most garden soils in the area. It is far better to treat the soil for control of these insects before planting than after wards. Treatment is simple and effective. You simply obtain Aldrin 2 1/2% dust, dress yourself in overalls and gloves and scatter the Aldrin evenly over the garden area before cultivating. The recommended dosage is 160 pounds per acre - which works out at approximately 3 2.3 lbs of 2 1/2% Aldrin per 1000 square feet of area. Thoroughly cultivate the Aldrin dust into the surface soil. The garden may be planted one week later.

Canadian Library Week

Libraries in Canada - are there enough? Are they effective? Do Canadians use their libraries? Reading in Canada - Do Canadians read books? Do they buy books for their home libraries?

Canadian Library Week seeks to answer some of these questions, in its celebrations this year from April 16-22, an occasion when librarians and those who work with books all year, invite their fellow Canadians to join with them in a special public consideration of the importance of libraries, books and reading.

The slogan is a simple one - "Reading is the key". Many doors open to the person who reads, their precise nature determined by his needs and interests.

The Patron is the Right Hon. John G. Diefenbaker, Prime Minister of Canada, who, in his Library Week message, reminds Canadians of some basic truths about reading. "Books enlarge the mind, stir the imagination, please us in our leisure hours, and help us in the serious business of life."

Canadian Library Week is administered by a Council, whose chairman is Dr. Wm. Kaye Lamb, Dominion Archivist and National Librarian. It is sponsored by the Canadian Library Association, the Book Publishers Association, La Societe des Editeurs Canadiens du Livre Francais, and by individual friends of libraries. National publicity is being arranged on a wide scale, and individual libraries everywhere, are invited to plan their local programmes, aimed at bringing their own services, needs and potentialities, to the attention of the communities they serve.

Many more books are being written, published and sold than ever before. More books are being consulted, borrowed and read than ever before. Experience shows that when better library facilities are provided, the public will make use of them - will indeed, soon tax them to capacity. This is the bright side of the picture, but in spite of striking advances in many places in recent years, library facilities in Canada, public, university and special, are still far short of what they should be.

There is the question recently put to a representative cross-section of adult Canadians, in the course of a survey. "Are you reading any book now, or have you read any in the past year?" Twenty-six percent answered "yes" in 1959, compared with forty percent in 1945. How much higher can the proportion of non-book readers go?

There are also the public libraries, who at this season, set forth in their annual reports, the achievements of the past year, along with their disappointments, their hopes and fears for the future. These differ widely, but from one coast of Canada to the other, the good libraries agree that their use is increasing, percentage wise, far beyond the natural growth of population. New buildings, planned for twenty years of orderly growth, are already overcrowded. Old buildings of the Carnegie era, are hopeless in terms of modern use. Bookstocks are inadequate, and costs are rising - but rising also in a steady curve, are library memberships and quality as well as quantity of service.

Canadian Library Week invites Canadians everywhere, to visit their community libraries, and consider their quality. Interested citizens, working with library authorities, form the ideal team to make Canadian libraries more effective, thus raising the percentage of readers.

It has been said that the man who does not read is no better off than the man who cannot read. Reading is the key that opens many doors - it can also lock the door on intellectual illiteracy.

BETTER LAY OUT YOUR TROPICAL SUIT!

Summerland Review

Don't miss the best CHURCH SERVICES

by Rev. Ira Johnson

In the first nine or ten chapters of his book, the writer of the letter to the Hebrews explains the superiority of the Christian faith over that of the faith based upon the Old Testament law.

In the tenth chapter, verses nineteen to twenty-five we are made aware of some of our privileges and also the responses that are to be expected in view of these privileges. We might list them as follows:

Verse 19: We can confidently approach the throne of grace.

Verse 21: We have a high priest to intercede for us. Therefore:

Verse 22: Let us draw near to God with full assurance.

Verse 23: Let us hold fast our Christian faith.

Verse 24: Let us encourage one another.

Verse 25: Let us not forsake the assembling of ourselves together.

While we may be blessed through the written word of God, or the presentation of God's word by means of radio or television, nothing can take the place of being assembled together to hear the spoken word

of God.

Dr. Morrison illustrates this point in this way. "Courtship by mail, by telephone, or even by imagination is better than no courtship at all, but such courtship yields a very puny satisfaction in comparison with courtship where both parties are present."

"... thank God for the good sermon that comes to you by way of the printed page. Thank God twice for the good sermon that comes to you by way of radio. Thank God thrice for the good sermons that come by television. But bless the name of God for the good sermon, that comes to you direct from the burning altar of the preacher's heart."

"My wife doesn't understand me."

Comings and Goings

Mrs. F. Stark has as recent guests her neice and nephew, Marillee Fleming of Oliver and Bill Fleming of Nelson.

Mrs. Clara Jones of Whalley is visiting Mrs. G. Inglis this week.

Mr. and Mrs. Ray Mayert and family visited her brother, Les Abernathy at Giscomb, B.C.

Guests of Mr. and Mrs. Wm. Verrier recently were their daughter and family, Mr. and Mrs. Morris of Keremeos.

Mr. and Mrs. Pat Agur had as their guest son Barry and family, Mrs. Sandra Hole and Miss Arvilla Hole of Vancouver

Mrs. L. Rumball and Mrs. W. S. Rothwell attended a meeting of the district board of the South Okanagan and Similkameen Women's Institute. Plans were made for the district conference to be held in Naramata May 2.

Mrs. Jack Raincock spent last week in Vancouver visiting with friends.

A winter guest of Mr. and Mrs. H. Mosley, Prairie Valley. Mr. Gus Olson, has returned to his home in Valhalla, in the Peace River.

Arnold and Edgar Mosley are leaving for a month's hunting and fishing in the Fraser Canyon.

Mrs. R. S. Monro has returned to Summerland after spending the winter in Vancouver with her son-in-law and daughter, Mr. and Mrs. Norman Gatenby. Mrs. Monro, who is now visiting her son-in-law and daughter, Mr. and Mrs. L. Desrosier, was accompanied here by car by Mr. and Mrs. Gatenby.

Mr. Frank Wright of Ridge-dale, Sask. is visiting at the home of Mr. and Mrs. Peter Galloway.

Five members of the Future Nurses Club of grade 12, accompanied by Mrs. Eric Tait, travelled to Kamloops to visit the Royal Inland Hospital. The girls were Cornelia Spencer, Elspeth Tavender, Maureen Keys, Jean Walton and Maureen Weber.

Mr. and Mrs. A. McEachern of Trout Creek have left for a three month visit to Scotland.

Mr. and Mrs. Donald Orr and daughter Elizabeth visited with friends in Nelson last week.

Miss Edith Verity, Mrs. Wesley Davis, Mrs. Edward Joy and Mrs. Walter Greber are visiting in Spokane this week.

Miss Phyllis Lloyd is leaving shortly to join the RCAF. A graduate of Summerland high school, she will take basic training at St. Jean, Quebec.

Coming Events

Please reserve Friday, April 21, for Band Concert, featuring New Westminster School Band and Summerland School Band.

African Violet Society meeting, Monday, April 17, at 7:30 p.m., at the home of Mrs. Jack Wilson, Peach Orchard.

Good Shepherd Crusade announced

The Church of the Holy Child and other Catholic parishes of the South Okanagan are joining in a Good Shepherd Crusade throughout the Nelson Diocese during the week of May 7.

The diocese, comprising all the Catholic parishes and missions of the Kootenay, Boundary, and Southern and Central Okanagan districts, is now marking its Silver Jubilee and Most Rev. W. E. Doyle, D.D., bishop of Nelson, has launched the Crusade as part of the jubilee observances.

During the next five weeks, an intensive program of instruction and organization is being conducted throughout the diocese, with each pastor being assisted by a central committee of nine priests from various parts of the far-flung area.

In Summerland A. McMechan and Mrs. Henry Schaeffer are co-chairman of the parish organization under the pastor, Father Meulenbergh.

A force of men and women is now being organized to call on the homes in Summerland.

The crusade is a goodwill mission with the primary purpose of seeking out the entire Catholic population and interest less ardent members in a more ac-

tive membership in their church.

In preparation for the crusade a number of parish and regional meetings are slated for Pentiction.

A regional gathering of all crusade workers is slated in St. Ann's parish Hall April 23, 3 p.m.

Bishop Doyle will be the main speaker at this gathering giving the workers an official commission to participate in the Crusade.

A part of the crusade will be a Social Life Survey, relating to religion and social well-being of family life in each parish.

A questionnaire will be left at each Catholic home to be completed privately. Answers, to be kept entirely secret and anonymous, will be tabulated to aid parish priests, teachers, counsellors and others in the work of promoting better family and social life.

Youth Temperance Education Week

Recently Education Week was observed in this province. Now April 16-22 is being highlighted all over the North American continent as Youth Temperance Education Week, with the emphasis on alcohol education in order to help our youth meet, with factual information, the growing menace of social drinking.

There are 22,000 alcoholics and many more problem drinkers in British Columbia with 1400 new cases each year. It is estimated that one in nine of our young people who are drinking in their teens will be an alcoholic by the age of 30.

The Women's Christian Temperance Union is stressing the value of visual education and are making available fifteen films which may be obtained through the Vancouver Film Council, 5 East Broadway, Vancouver 9.

Skits, posters, elocution contests and talks on alcohol problems will present a challenge of total abstinence as the only complete satisfactory solution to the situations which confront our society today.

Premier W. A. C. Bennett has said, "The goals presented by this programme are most worthy and merit the fullest support of every citizen."

Shopping around

by M.E.W.

Only a short column this week as I find I'm spending all my time out working in the garden. I noticed that the fresh pro-

duce displays in the local groceries are very tempting these days with some of the spring vegetables now in evidence. Our family has enjoyed several feeds of fresh asparagus and I notice beets and new potatoes have now arrived.

For a nice break during your Saturday shopping, the Overwaite store is celebrating "Tea for Canada Week" by serving cups of their excellent tea with cake to their customers.

YOU'LL FIND IT IN THE WANT ADS

Summerland Review

This is the biggest transformer ever built in Canada, and also the heaviest item ever moved by rail in Canada. Rail crews had to lay a special bed and a special car had to be imported from the U.S. to move the transformer which rode only six inches above the track at five miles an hour from Hamilton, Ont., to Lakeview, 25 miles away. It weighs 250 tons and could handle enough electricity to supply four of Canada's major cities.

To discuss future of higher education

The future of higher education in the Okanagan Mainline area will be the subject of a day-long regional conference at the Vernon Junior High School on Saturday, May 6, sponsored by the Alumni Association of the University of B.C.

At 9:45 a.m., the conference will open with greetings by Dr. E. M. Stevenson of Vernon, president of the North Okanagan University Association and the chairman of the conference planning committee.

Greetings will also be extended to delegates by Stuart Fleming, local MP; Hugh Shantz, MLA, and Dr. F. Miller, UBC Alumni Association president.

At 10:00 a.m. the deputy president of UBC, Dean Geoffrey

C. Andrew, will give the keynote address entitled, "A System of Higher Education for the Province."

The balance of the morning will be taken up with a panel discussion entitled, "What does higher education cost and is it worth it?" and a general discussion.

Mr. George Falconer will act as chairman of a luncheon panel discussion entitled, "We want to know." Panelists will include Dean N. V. Scarfe of UBC's Faculty of Education and Mr. J. E. A. Parnall, UBC Registrar.

An afternoon symposium entitled "The Future of Higher Education in the Okanagan-Mainline region" will begin at 2 p.m. Panelists include Dean Andrew; R. T. Wallace of Victoria College; Dean S. N. F. Chant of UBC's Faculty of Arts and Science and Dr. John Friesen, director of UBC's Extension Department.

A general discussion will take place from 3:00 until 3:45 p.m. when Dean Andrew will sum up the conference.

From 4:00 to 5:00 p.m., the conference will break up into discussion groups with University speakers answering questions and conducting informal discussions.

At 6:30 p.m. a conference banquet will be held in Vernon's Allison Hotel with Dr. Stevenson as chairman. The banquet speaker will be announced later.

Chairman for the local committee which has planned the conference is Mrs. Margaret Solly.

Witnesses to convene here

The local congregation of Jehovah's witnesses will host over 300 visiting delegates to the three day convention to be held here this week end. This announcement was made by Mr. Irvin Felker, overseer of Jehovah's witnesses in West Summerland.

A special feature of the convention will be the public address scheduled for Sunday at 3 p.m. Mr. D. Mills of Toronto will speak on the subject, "Is God interested in the affairs of men?"

The convention will be held in the Youth Centre and will be attended by delegates from six congregations in the South Okanagan and Similkameen.

Seven teams in junior baseball league

The annual meeting of the South Okanagan Junior Baseball League was held in Vernon on Sunday, April 9. Representatives were in attendance from Merritt, Kamloops, Vernon, Winfield, Summerland, Penticton and Kelowna.

Naramata and Kelowna will not be fielding teams this year, but the application from Winfield was accepted, making a

seven team league. The schedule will be a double home and home series for each team with the first games to be played on Sunday, April 23. All Sunday league games will start at 1:30, evening games at 6:30.

The executive will be made up of: Ralph Gerrie, Kamloops, president; Ray Ottem, Kamloops secretary treasurer; J. H. Goldie Merritt, vice president; and one representative from each team.

On the rifle range

by Herb Simpson

In addition to the regular weekly practice, we had another inter-club competition with the Penticton Rifle Club last Wednesday evening on our range. This time the visitors took top place with an aggregate score of 2607 to 2563. Harold Richardson continued his winning ways with top aggregate score of 298 with 17" X" rings, closely followed by Penticton's Ralph Riley who also scored 298, but only 14" X" rings. The "rabbits" again proved to be very popular with the

visitors, and some excellent shooting was seen during the competitions. In the miss-and-out contest, Jim Leeson scored 20 consecutive hits before being eliminated.

The final shoot for the season will be held Thursday, April 13, with prizes being awarded in individual and team matches.

Targets for the Dominion Marksman awards have been completed by the following members: Louise Atkinson kneeling crest; Teunis Kwak, sitting crest; Mrs. Roy Bertram, bronze and silver pins; Roy Bertram, bronze, silver and gold pins; Alex Kalinin, bronze and silver pins; Jim Doherty, silver pin.

Remember, the next shoot packs it up until next fall, so let's have a good turn out this week.

Bowling Results

by Doug Holmes

A League:

High team: Occidental; high three: Muriel Walker 678; high single: Irene Rasner 264; high three: Bill Pollock 783; high single: Johnny Jenkins 313.

Team standings: Peach Pens 23; Left overs 21; Whirly Birds 20; Five Pennies 19; Kinsmen 19; Occidental 19; Sportsman 19; Slow Starters 18; Alley Cats 16; Hurricanes 15; Farmers 14; Wood Bees 14.

B League

High team: Ups and Downs 2897; high three and high single: Emily Latta with 765; high three and high single: Oscar Nilson with 768 and 326.

Team standings: Long Shots 26; Skid Row 22; Jokers Five 21; Hi-Los 19; Crackpots 18; Question Marks 22; Roamers 15.5; Bomarcs 15; Barfiles 14.5; Lofters 14; Ups and Downs 13; Alley Oops 12.

Ladies League "A": Pea Pickers 31; Pen Pals 29; Beach Combers 22.

Ladies League "B": Peach Pals 20; Left Overs 19; Hot Shots 12.

High single: Enid Alace 261; high three: Emily Latta 831; high team: Pea Pickers 2406.

James G. Wharry has been appointed chairman of the Grocery Products Manufacturers Association of Canada. He is president of Quaker Oats Co. and succeeds Lion A. Miller, president of General Foods.

Babe Ruth start practices this Friday

Babe Ruth baseball is underway in Summerland with the first practice being held at the ball park at 6 p.m. on Friday, April 14.

A good turn out of boys on Friday for registration presaged a very good season with enthusiasm and interest on the part of the boys. The same enthusiasm and interest on the part of the parents can make Babe Ruth baseball a success in Summerland. They will have a chance to show the boys they will have the support they need, at a meeting on Wednesday, April 19, at 8 p.m. in the Nu-Way Cafe Annex. A good turn out is hoped for.

LIVE BETTER

Electrically

Electricity does so much
... costs so little

Just pennies a day! That's all it costs to operate your Electric Refrigerator, range, water heater, washer, dryer, TV, radio—in fact, all your Electrical Appliances. And, Electricity does all these jobs so well—Electricity is quick, clean, safe, quiet—and above all, Economical.

Get the most out of Electricity and you get more out of life.

LIVE BETTER,
ELECTRICALLY
the clean, safe, modern
way

Square (em) up

Now that square dance lessons are over for the season, attending party nights is the best way to keep up on out dancing.

Les Boyer is continuing classes on Monday nights in the IOOF hall in Penticton, with emphasis on round dancing. This is an excellent opportunity to learn the current rounds.

Several clubs are holding jamborees and bringing in name callers from other centres for their party nights during the next two months.

Kelowna Wagon Wheelers had Vic Graves of Nelson for their Easter dance April 1, with 23 squares in attendance.

Al Berry and Dawn Draper emceed the spring jamboree at Chase on April 8.

Dick Cameron will be at Trail April 21 and 22 for their annual jamboree, and will emcee Peachland's party April 29.

Chilliwack is also having a jamboree April 29, with Al Berry, Barry Garland and Dawn Draper calling for an expected 600 dancers.

Carl Nelson of California is slated to emcee the Peach City Promenaders party May 6.

These opportunities to dance to different callers may polish up our dancing, even though we feel our own boys are mighty hard to beat.

Ten members of the Pairs and Squares attended the Wheel n' Stars party in Penticton April 8, emceed by Percy Coulter.

That same night Ray Frederickson emceed a party in West bank. Although we were not notified about this party, Gwen and Bob Hardie attended as Summerland's representatives.

Because the Youth Centre is booked for our regular party night in April, and our May party night falls on a holiday week end, the Pairs and Squares will not be holding a dance until June 17.

Please keep Monday, April 24 clear for our annual general meeting. Five new executive members will be elected at this meeting. A vote will be taken on callers for the 1961-62 season, as well as most suitable night for classes. Every member whose membership fees are paid is entitled to vote. We hope you will all be present to express your opinions on club policy and plans.

Kiwanis Club Notes

Tuesday night the Kiwanis Club went for an extended tour in a helicopter. Piloted by our guest speaker, Bud Tilitson of Okanagan Helicopters Ltd.; he took us (in film) in the Jasper area and up and around the Alaska Highway. It was all very interesting. The club gasped when he told of some of the expense items met with up north. For instance, gasoline has a basic price of \$4.00 per gallon, and has been as high as \$9.00 per gallon. British Columbia is certainly a wonderful province. The Club spent a very enjoyable half-hour, and thank you Bud.

Walter Toeves led club singing, and somehow the club listened to Wally Harrison sing a solo. Please don't do it again, Wally. We realize that it was forced upon a willing performer, we enjoyed the fun anyhow.

The CNIB holds its annual meeting next Monday and Mr. Blake Brandon will arrange for Kiwanis representation.

A letter was received from the Summerland minor hockey club, thanking the club for its support and Johnny Selinger, who has done a good job with these young boys.

Kiwanis is once again handling the drive for funds of the Cancer Society. Arrangements are in the hands of Blake Brandon and on Tuesday night, April 25, a Kiwanian will call on you and ask for your support. Please help out by leaving on your porch light, it makes (it easier for the one who will be

calling on you.

President Jerry brought to light that there are eighteen Kiwanians serving in the Canadian House of Commons, one of whom is the Right Hon. John Diefenbaker. In addition there are five Kiwanians serving in the National Senate.

Even insurance men celebrate birthdays, and Freddie Schumann was allowed to pay his fine for that privilege this week. Many more of them, Freddie. The Scribe.

This coming Saturday is Scout Apple Day, a joint effect between the three Summerland Scout groups to raise money for operating expenses, including camping. Apples will be sold by both Scouts and Cubs and the price is open to whatever the buyer wishes to give.

Scouts and Cubs will meet at high school parking lot at 8:45 a.m. on Saturday, preferably in full uniform, but if the weather is cool, it will be permissible to wear long pants. Windbreakers will probably be needed. The boys will be driven in pairs over established routes so as to cover the municipality systematically. In the 1st Summerland group there will be a prize open to Cubs and Scouts for the two boys bringing in the most returns from apple sales.

At Monday's meeting we had an interesting account from the three Scouts: Jim Fiske, John Beaven and Ron Bangma who attended the recent Queen's Scout Investiture at Government House in Victoria. There were 8 boys from Okanagan South District and 227 from the whole province. One of the highlights of the trip was the return run from Victoria to Vancouver in three Royal Canadian Navy frigates.

Boys wishing to make packboards for the forthcoming Camporette and Campore should keep in mind Saturday, April 22. The approximate cost of the packboards, all materials supplied will not be over \$2.00.

At next week's meeting plans will be laid for the spring camporette near Crescent Lake. Also there will be a chance to pass tests, including signalling.

The last patrol competition was won by the Buffaloes under Pat Triasol. In the new competition, point standing is as follows: Beavers 28, Hawks 23, Buffaloes 23, Eagles 15. Duty patrol next week Beavers. D. V. Fisher, Scoutmaster.

Teen-Town Topics

The first meeting of the new term was held last Saturday night in the IOOF Hall. The new mayor and council members were sworn in by retiring mayor Bryan Baillie. The 1961-62 executive is: mayor, Brian Adams; vice-mayor Vicki McKee; re-elected secretary, Diane Bonthoux; treasurer, Rosemary Day; advertising manager, Dorothy Arase; record manager, Anne - Marie Bonthoux.

The three delegates who attended the provincial mayor's conference on April 5-7 in Rich-gave their reports to the council. We are proud to say that Summerland Teen Town placed third in the province for the March of Dimes with a donation of \$400.12. An engraved gavel was presented to Bryan Baillie at the recognition banquet on Friday night.

FESTIVAL

(continued from page 1)

Class 224, pianoforte solo. Bach; open: 2nd, Ruth Lapins, 80; 3rd, Donna Powell, 79.

Class 233, pianoforte solo, modern music, open: One entrant, Eynne Boothe, 86. Lynne won the R. A. Davidson Memorial Trophy for highest marks in classes 212, 224, 227 and 233.

Class 220, pianoforte solo. Bach, under 13 years: Edward Mead 79, Pat Gillespie, 79.

Class 221, pianoforte, solo. Bach, under 15 years: tied for 3rd, Laverne Lynn, 84; Anne Powell 80.

Wednesday's results:
Class 205, pianoforte solo, under 13 years: 2nd Susan Wilson, 85; Pat Gillespie 79.

Mr. Ed Leki was presented with a gift by the council in recognition of his fine work as the Kinsmen representative for the past year.

Due to lack of a hall there will be no dance this Saturday, but there will be a dance Saturday, April 22 in the IOOF Hall. Vicki McKee.

Indecisive Driver Causes Highway Hassle

Canadians have always believed in plenty of freedom for everybody. It's in our blood to value things like freedom of religion, of speech, of the press, of sleeping in on Sundays if we want to.

Of course, some women do take unusual liberties with liberty. Like that woman who is always dashing around town. She was out for a drive last week and had a collision — with a man.

The policeman on the scene was a gentleman, so naturally, he cross-examined the man first, about why he hadn't given the lady her half of the road. The man was pretty mad. He said he was ready to do just that as soon as he could figure out which half she wanted! Which is a good example of what comes of indecision.

Maybe Canadians are not always models of decision, but there is one thing a lot of us made up their minds about a long time ago — and kept it made up. That's the importance of saving regularly for the future at the Bank of Montreal.

A savings account at "My Bank" can mean so many things — an education fund for the children, help for the whole family if there's ever a rainy day, a down-payment fund on a new home. If you haven't yet started your own plan for regular saving, plan to visit the Summerland branch of the Bank of Montreal soon. Simon Kouwenhoven, the accountant there, will be glad to show you how easy it is, and how profitable, to operate a B of M savings account.

Be prepared for April 15

Apple Day

In Summerland

The Boy Scouts and Wolf Cubs will call at your home on Saturday morning. The sale of apples helps our Summerland Troops and Packs throughout the year's activities. Please buy an apple on Saturday!

Corporation of Summerland

Volume 16, No. 16

Under the Giant's Head

Rt. Rev. W. Coleman, DD. will be making his first visit to St. Stephen's Anglican Church on Sunday at 11 a.m. for confirmation of 12 candidates. There will be a brief reception in the Parish Hall after the service when the Bishop will present the newly confirmed with their certificates.

A house to house canvass will be conducted here April 24 to 29 in support of the B.C. Muscular Dystrophy campaign. The drive is sponsored by the Ladies Auxiliary of the Fraternal Order of Eagles, with Mrs. R. O. Fitzpatrick of West Summerland, committee chairman. All money raised will be used to further research work in this province.

RCMP report the theft of fertilizer from the orchard of James Doherty in Jones Flat. Seven bags were taken from an orchard stand.

The Kiwanis Club has changed its Cancer Drive to May 2.

A Rod and Gun Club work party is being organized for the Garnett Valley Dam road and picnic site for Sunday. Interested persons are asked to meet at Smith and Henry at 8 a.m.

Lilac Day, a town wide bargain day, introduced this year by the Retail Merchants, will be held here Wednesday, May 10.

The weather report from the Research Station shows 22.1 hours of sunshine this past week and .33 inches of rain.

	High	Low
April 12	54	41
April 13	45	36
April 14	49	33

April 16	63	38
April 17	55	44
April 18	51	33

The three bicycle stands placed in West Summerland have greatly improved parking facilities for our youngsters. However, the recent addition of "No Parking - Bicycles Only" signs have the youngsters rushing to their dictionaries checking the spelling of the two wheelers they ride.

Mr. Wm. G. Wilson, Field and Education Secretary of the Alcohol Research Council, will be guest speaker at the United Church Men's Club supper meeting on Thursday, April 27.

As the work of the Alcohol Research Council is of community interest, it was decided that the public be invited to hear of the work being done in a matter so important to the welfare of our citizens.

Mr. Wilson will commence his talk at 7:45 p.m. and all persons (men or women) interested in this work are invited to attend. The place is the United Church Hall, the time 7:45 p.m., April 27th.

Commodore L. A. Smith points with pride to the outside chimney of the fine stone fireplace in the Summerland Yacht Club. Construction of the inside of the building is being rapidly completed and it is hoped to hold the club's annual meeting in the building later this month. Assisting Commodore Smith in construction have been Harry Thornthwaite (right) and Dave Smith.

Band concert here Friday night

Summerland high school students who won their classes at the recent Okanagan Valley Music Festival will be on stage along with the visiting band from New Westminster schools.

Starlings released

Another starling problem has arisen to plague the personnel at the Summerland Research Station.

One trap has been placed at the Station for the express purpose of providing "callbirds" for that many traps that orchardists are building in this area. Such birds are necessary to entice others into the traps and the Research Station had hoped to supply the necessary birds for this purpose.

The past few week ends, however, persons unknown have been releasing the birds from the Research trap. The motive for this is not clear but it is considered the work of pranksters.

An official told the Review that the birds, when caught, are treated in a humane manner and any birds that are not used immediately are disposed of as quickly as possible.

The matter has been put in the hands of the Summerland RCMP but it is hoped that prosecution will not be necessary.

and the Summerland high school band.

The New Westminster group under the direction of Mr. Mark Rose director of music for the New Westminster schools, will be guests of the Summerland high school band for the evening. The visiting group will be leaving Saturday morning for a concert in Kelowna that night. Mr. Rose was director of the Kelowna school's band and orchestra before taking up his present post at the coast.

Also on the program will be some of the Summerland high school students who won top honors in the recently held Valley Musical Festival. This part of the musical presentations will include: Donna Powell, piano solo, Sonata, Hayden; Ruth Lapins, piano solo, Valse, Bouleuse; Douglas Lynn and Edward Mead piano duet, Minuet in E Flat, Mozart; Ivan Sayers, recitation, "After Apple Picking" and "Paul Bunyan"; Jennifer Penney, dance. The High Wire; woodwind quartette (Breen Bergstrom, Linda Charles, Wendy Toews, Pat McCutcheon) Quartette No 1, Dilton.

The evening's entertainment will be opened by the Summerland High School Band. This group is organizing the musical

PLAY SUNDAY

Summerland Junior Red Sox open the baseball season this Sunday at Penticton.

evening and will benefit from the money raised as all proceeds are to go towards expenses that the local band will incur on a trip that is being arranged in the first week in May. This trip will take the Summerland students to Grand Forks, Trail and Colville, Wash.

Tickets may be secured from band members at the door. Prices are 50c for adults and 25c for elementary and pre-school children.

Start membership drive for Overture Concert

The Summerland Overture Concert Association will hold its fourth annual membership campaign from April 24 to May 6. Harry Killick is campaign chairman.

For three years the local association has brought to Summerland a varied and interesting collection of fine programs, classical, instrumental and vocal concerts, dancers, and balladeers. Its aim has been to provide as wide a cross section of entertainment as possible, to appeal to all tastes.

As holders of memberships in the Summerland group know, their membership tickets can be used in Oliver or in any other centre where the Overture Association operates with-

Conduct survey on continuing education

"Are you interested in continuing or completing your high school education?" This is the question that R. Chalmers and A. J. Longmore of the Summerland high school are asking a number of young people and adults in Summerland this week.

The night school committee of the school board have granted permission for a survey to be conducted in the community to ascertain whether or not there is an interest in "Continuing Education". The project is for those people who require courses for vocations or who want to complete their high school graduation.

A meeting has been called for next Monday, April 24 in the

high school at 7:30 p.m. for those interested.

If there is sufficient interest the night school committee will investigate the possibility of offering academic courses in the evening.

The suggested plan is to operate courses on a five night week for six weeks. For example, English 21, five nights a week for six weeks would be equivalent to a full term of English 21. Students successfully completing the course would be granted credit.

Finances of such a plan would also need looking into. Some charge would be made to the students.

The immediate problem "Is how many are interested?" Those who wish to know more about this project are asked to contact Mr. Chalmers or Mr. Longmore, or be at Monday night's meeting.

Mrs. Rothwell heads CNIB

The annual meeting of the Summerland branch CNIB was held Monday night.

J. C. Hembling, field secretary, gave a talk on his work with CNIB and on the prevention of blindness.

Representatives were present from Rotary, Kiwanis, Chamber of Commerce, Masons, Hospital Auxiliary, Legion Auxiliary and Women's Institute.

Gordon Dinning, treasurer, reported that the 1960 financial campaign had been increased by a \$100 anonymous donation. Total collected last year was \$736.81.

Two films were shown with N. O. Solly projectionist.

The executive was returned by acclamation and two new board members were elected in accordance with a request from the Vancouver office to increase the executive to seven. Officers are: president, Mrs. W. S. Rothwell; 1st vice, R. A. Alstead; 2nd vice, Mrs. E. M. Tait; secretary, Mrs. J. H. Dunsdon; treasurer, G. Dinning; board members: Mrs. Geo. Ryman and Miss Lois Read.

To speak on education

Prime Minister John Diefenbaker, in his outline of the country's economy on the TV program "The Nation's Business" earlier this week, announced that there will be more vocational schools built across Canada with the federal government bearing 75 per cent of the cost.

To discuss this and other aspects of higher and vocational education, Dr. A. J. Wood of UBC will be visiting Summerland May 5. Dr. Wood is a lively speaker and an authority on scientific agriculture as well as many other fields of education in the province.

While here, Dr. Wood will have a full schedule, speaking to the high school students at 2:30 p.m., to a Rotary dinner, and to a public meeting at 8:00 p.m. in the high school library the same evening. The following day he will travel to Vernon for the Okanagan-Mainline Conference on higher education, where he will be a featured panelist.

So significant is the subject at this time, that letters have been sent to all organizations in the Summerland area, inviting them to send representatives to the May 5th meeting.

It will be an excellent opportunity for students, parents and taxpayers to ask such questions as "Will the Okanagan be blessed with one of the schools Mr. Diefenbaker proposes?" or "What are the facts regarding equalization grants to offset the boarding of students at the coast?"

57th ANNIVERSARY

Mr. and Mrs. Fred Pearce of Prairie Valley have just celebrated their 57th wedding anniversary.

Corporation of Summerland Property for Sale

The following property in Paradise Flat is offered for sale without irrigation water rights, the property to be sold as a unit:-

This week in your orchard

by Alex Watt
Little Cherry Disease

It is an unfortunate fact that one of our ornamental trees, the Japanese Flowering Cherry (*Prunus serrulata*, Lindl.) may be a carrier of the Little Cherry disease of commercial sweet cherries. What is more this hand some tree carries the Little Cherry disease without showing symptoms.

The virus disease known as Little Cherry has for many years been a severely limiting factor in cherry production in the Kootenay Valley. Almost the entire Kootenay cherry crop is affected. The fruits from trees infected with Little Cherry are usually about half normal size and are dull red in color. They fail to develop normal flavor and sweetness. These trees have no foilage systems. Once the disease starts it spreads rapidly.

Fortunately the Little Cherry disease has never become established in the Okanagan Valley area. If it ever does get a foothold fruit growers in the Okanagan area will lose hundreds of thousands of dollars in revenue. Cherries which are infected with the disease are barely marketable — usually No 2s or culls.

Regulations

In order to help protect the producers of sweet cherries from the disaster of Little Cherry a number of provincial regulations

have been set up to keep the disease out of the Okanagan area. One of these regulations prohibits the planting, growing or offering for sale, of Japanese Flowering cherry in this area. It further calls for the removal of all Japanese Flowering Cherries now growing in the area. Another regulation prohibits the entry of sweet cherry nursery stock into the Okanagan unless a permit has been obtained from the Provincial Horticulturist.

To most home owners it is a difficult thing to remove a tree, particularly one as ornamental as the Flowering Cherry. However it is a much more serious thing if the major part of the livelihood of primary producers in the area is lost.

There are relatively few Flowering Cherries in this area so the problem of removal is not a major one. Furthermore the tree is relatively tender in cold winters. There are other trees which are just as ornamental and are better suited climatically. One of these is Bechtel's Flowering Crab which has large double blossoms and is quite hardy. It does not fruit so has no problem with Codling Moth.

Identification

The Japanese Flowering Cherries have bark and leaves similar to ordinary cherries. However the edges of the leaves are much more deeply serrated (indented) than in sweet cherries. The flowers are large, showy, pink or white. Each flower cluster has a single stem breaking into several stems ending in flowers. Blossom time is the best time to identify these trees. Anyone desiring assistance in identifying these trees is urged to call the horticultural office.

It will be one of the duties of your horticulturist to make a search of the area for these flowering cherries in the next week or ten days.

Spring Blooms to be shown

Gardeners will be interested in the April program of the Summerland Horticultural Society. The monthly meeting will be held Friday, April 21, at 8 p.m. in the Anglican Hall. A parlour show of spring blooms will be featured and Mr. Don McLachlan is guest speaker.

Members are reminded to bring displays of any spring blooms. Classes will be arranged from the collections.

A most informative talk is expected when Mr. McLachlan speaks on "The Handling of Annuals and Perennial Bedding Plants".

A very cordial welcome is extended to all interested, especially new gardeners. An interesting and informative evening is planned, and it is expected all those interested in gardening, whether experienced or not, will profit by the evening.

BUD'S GARAGE
YOUR GOODYEAR TIRE DEALER

Attention Drivers!

B.C. Automobile Association
announces the appointment of

E. (Bud) Rusaw
as Local Secretary of the
Summerland Area

"Bud" Rusaw is the well known proprietor of "Bud's Garage" in Summerland. Born in Kincaid, Saskatchewan, he has had long experience with motorists' problems. He is a member of the Summerland Retail Merchants Association and the Chamber of Commerce.

Now there are 18 reasons for joining the BCAA

The benefits of BCAA membership are many, but the cost is low. Join now for emergency road service wherever you drive; free legal advice; Personal Accident Insurance covering you in car, plane, train or ship; the best travel, touring and accommodations services available anywhere; and much more. Altogether, we've counted at least 18 individual services. You'll find that Automobile Club membership adds pleasure to every mile you drive. It's the reason over 76,000 British Columbia drivers now belong.

The many benefits of membership warrant your attention if you own or are the regular driver of an automobile. Phone or visit your new BCAA Representative for complete information.

Needed - New Hearts

by Rev. G. Leasor

There are two basic philosophies in the world today. One is, change circumstances and men will automatically change; the other is, change men and circumstances will change. Certainly there is truth in both.

There is danger however, in relying exclusively on the former. This danger exists because it is easier to change things than it is to change men. Things have no will, men do. Things can be changed by men, men must be changed by God. Things cannot resist, men can. Things simply

need to operate, men must cooperate. As E. M. Bounds said: "Man seeks for better methods, but God seeks for better men."

What then shall we do, quit trying to improve things? God forbid. At the same time however, let's not forget the greater task, the improvement of ourselves. Let's pray as the Psalmist did "create in me a clean heart, O God, and renew a right spirit within me." Men can make the world a better place to live, God can make a world of better men.

This is Library Week

by Kay Dunsdon

Canadian Library Week from April 16 to 22 has as its slogan "Reading is the Key". The aim is to call attention to library facilities in our district, to help us realize the value of books, to encourage reading for pleasure and relaxation and to gain knowledge.

You are invited to visit your library, to browse along the shelves and see for yourself the wide range of books on every subject, gardening, building, needlework, painting and decorating your home, to mention only a few.

We would especially invite parents to come and get acquainted with our junior shelves to see the wonderful selection of books for teen agers, and the beautifully illustrated, and infor-

mative books for younger children.

We have many Canadian authors, but space to mention only a few - Bruce Hutchinson comes to mind, with his book, "The Incredible Canadian", a study of MacKenzie King, and his book on the history of the Fraser. Pierre Burton's books on Alaska are interesting, and a new author, Margaret Sharcott has given us a look at life on the west coast of B.C.

Closer to home we have Edith Lambert Sharp's book for young children "Nkwala" which won several book awards. For nature lovers C. P. Lyons "Trees, Shrubs and Flowers to Know in B.C." helps us to recognize our local wild flowers.

You may be interested to know in March our circulation was 3137 adult books taken out and 1019 junior books were read, which was 249 more than March of last year.

Gideon Sunday

Sunday next has been designated Gideon Sunday in Canada, when hundreds of members will be giving an account of their work in churches from coast to coast, as part of the Association's jubilee celebrations.

An Association of Christian commercial, business and professional men, the Gideons International in Canada was organized in 1911.

Best known for their work in the area of Scripture distribution, the Canadian Association has placed over 750,000 Bibles in hotels, hospitals, schools, penal institutions, university residences and a number of sundry fields. In addition, more than two million New Testaments, with the added books of Psalms and Proverbs, have been given to boys and girls in public schools. Another (important phase of distribution is carried on by the Ladies' Auxiliaries who present white Testaments to nurses in training.

Fourteen years ago, a Memorial Bible plan was introduced, through which Scriptures are dedicated in memory of departed loved ones and friends. Over 50,000 Bibles are dedicated annually.

682 at Convention

The Summerland Youth Centre was filled to overflowing when 682 interested persons turned out to hear a public address "Is God Interested in the Affairs of Men". The meeting was sponsored by the Jehovah's Witnesses.

D. M. Mills, western organizer from Toronto, was guest speaker and in his talk stressed that God is interested in the affairs of men. He said that some of the prophecies contained in the Bible show how God will take an active interest in the affairs of men by restoring Paradise on earth.

E. Felker, presiding minister here, appeared on the program Friday evening following the theme "Ordained ministers let light shine." He said "Jehovah's Witnesses believe that if religion is worth believing in, it is worth practicing, for this reason our conventions are training programs which make for efficient ministry."

Summerland youngsters do well at Music Festival

Following is a resume of Summerland results at the Okanagan Valley Music Festival held in Penticton last week. Results up to noon Wednesday were published in last week's paper.

Jennifer Penney of Summerland placed second in the solo dancing.

Class 207 pianoforte solo, under 15 years: 2nd Anne Powell, 86 points.

Class 245, pianoforte sight playing, under 10 years: 1st Marilyn James, 83; 2nd Lynn Gartrell 77.

Class 248, sight playing, under 16 years: Julie Brown, 85, only entrant.

Class 317A, instrumental ensemble (recorders): one entrant Summerland high school recorders, 76.

Class 505, dancing solo, classical, under 13 years: 1st Susan Lopatecki, 85.

Class 239, pianoforte duet, under 16 years: 1st Douglas Lynn and Edward Mead, 86.

Class 129, vocal solo, radio audition, open: 2nd Lynne Boothe, 82.

Class 508, dancing solo, classical, on pointe, under 18 years: 2nd Jennifer Penney, 84.

Class 119, vocal solo, mezzo-soprano, open: 3rd Mrs. James Capostinsky, 78 and 80.

Class 100, vocal solo, boy or girl, under 9 years: 2nd Philip Rathjen 84 points.

Class 512, dancing solo, demi-character, under 13 years: One entrant, Darlene Swinarton, 79.

Class 518, dancing solo, character, under 13 years: 2nd Joy Gilmour, 79.

Class 228, pianoforte solo, Mozart or Haydn, under 18 years: 1st Donna Powell, 86.

Class 231, pianoforte solo, modern music, under 16 years: 1st Anthea Morgan, 84.

Class 220, pianoforte solo: Douglas Lynn 82, Edward Mead 79, Pat Gillespie 79.

Class 514, dancing solo, demi-character, under 18 years. Only entrant: Jennifer Penney, 90.

Class 210, pianoforte solo, under 18 years: 1st Donna Powell, 80.

Class 211, pianoforte solo, under 19 years. Only entrant Lynne Boothe. Lynne won Vernon United Church cup for highest marks in classes 208 to 211.

Class 232, piano forte solo, modern music, under 18 years: 1st Ruth Lapins, 86, and Donna Powell 78.

Class 225, pianoforte, solo, Beethoven, under 15 years: 2nd Laverne Lynn, 83.

Class 226, pianoforte solo, Beethoven, under 17 years: 1st Anthea Morgan, 86.

Class 524, dancing solo, national, under 13 years: tied for first: Susan Lopatecki, 81. Tied for second Darlene Swinarton 80.

Class 236, pianoforte duet, under 10 years: 1st Helen and Hazel Lynn, 84; 2nd Lenard Geres and Graydon Ratzlaff, 83.

Class 250, pianoforte solo, quick study, under 14 years: 1st La Verne Lynn.

Class 548, dancing, duet or trio, classical or demi-character, open: 1st Jennifer Penney and Elaine Dunsdon, 85.

Class 619, choral speaking, grade 3: MacDonald School, 77

and 75.
Class 616, story telling, open: 1st Mike Lopatecki, 86 and 84.

Class 614, sight reading, under 16 years: 1st Jo-Anne Fiske, 83 and 84; Mary Cuthbert, 82 and 81; Linda Bell, 82 and 80.

Class 339, woodwind quartette, under 16 years: 1st Summerland high school, 80.

Class 376, accordion solo, under 12 years, Sandra Dunn 82.

Class 403, band, junior high school: 2nd Summerland Junior High, 84.

Class 607, spoken poetry, boys, under 16 years: 1st Ivan Sayers, 82 and 84; John Rathjen, 79 and 80; Mike Lopatecki, 79 and 75.

Class 623, choral speaking, junior high school: 2nd Summerland Junior High School.

From almost 200 entries in the festival Summerland placed third, capturing 25 firsts:

Comings and Goings

Mr. and Mrs. Dave Wall of Vanderhoof are visiting Mrs. Wall's mother, Mrs. Ruth Fleming.

Mr. and Mrs. Lacey Fisher of Salmon Arm visited in Summerland recently.

Mr. and Mrs. Earle White were in Greenwood recently to attend the wedding of Miss Lynn Hendry.

Mr. and Mrs. C. R. Arnold of Rainy River, Ont were visitors at the home of Mr. and Mrs. Arnold and relatives here.

Visiting Mr. and Mrs. George Wilson is Mrs. B. Landon of McLeod Lake.

Mrs. E. O. Mortimer is visiting Rev. and Mrs Northrup in Revelstoke.

Mr. and Mrs. Geo. Washington are now living in Penticton.

Mr. Don Rand and children, Vancouver, spent a few days with Mr. and Mrs. S. Rand and friends.

Miss Carol Rogers left Monday for Vancouver where she will take a hair dressing course.

Mr. Eric Tait travelled to Nelson recently on business.

Miss Joan Young and her friend, Joan Fleming and Kenneth Ward, psychiatric nurses at Essondale, were week end visitors at the home of Mr. and Mrs. K. Young. Jim Eyre of Castlegar also spent the week end at the Young's and at his home.

Mr. and Mrs. O. Morphy are visiting in Chilliwack and Vancouver this week.

Mr Ken Brawner of Vancouver and Mr. Chuck Brawner recently visited their parents, Mr and Mrs. V. Brawner, who have recently moved into the J. R. Bentley home in Parkdale.

Mr and Mrs. Ken Bissett of Enderby have been visiting with his parents, Mr. and Mrs. Sandy Bissett. Mrs. Bissett entertained her daughter in law at an afternoon tea.

Mrs Advocaate of Vernon visited Mr. and Mrs. Vern Charles last week.

Mr. and Mrs. Frank Dumont have left to make their home in Vancouver.

Mr and Mrs. E. W. Thomas have returned to their home in Trout Creek after wintering in California.

Mrs. Gordon McArthur was at Tappen last Friday to attend the 45th anniversary celebration of the Tappen WI.

Shopping around

Always on the lookout for simple, tasty meals I tried the West Summerland Frozen Food Lockers home made weiners with the Cake Box weiner buns and what a success. The weiners are a little larger than the conventional size and I found that one split up the middle just nicely filled a bun and they went further that way. Something else the Cake Box specializes in is the Vegetable Bread, it's delicious sliced thin and toasted, and although I haven't tried it I'm sure it would make nice open face sandwiches.

This is national library week and if you want to start a library at home take a look at the Golden Book Illustrated Encyclopedia for Young People on sale at Super Valu. There are 16 volumes in the series, which is designed to be a reference library to meet the needs of every school age youngster. Volume 1 costs 49c and Volumes 2-16 99c each. Volume 10 is on sale this week.

"Goofballs" have become a major teenage problem in Montreal. An innocent little two-tone red capsule, seconal, is being bootlegged in many major Canadian cities. Taken with beer it gives a "kick" and is blamed for some of the increase in juvenile crime. Seconal is normally a sleeping pill available at any druggists with a prescription. The capsules have infiltrated schools, social club week-end dances, dance halls and almost every location where juveniles congregate.

Square 'em up

Oyama Twirlers' party with Chuck Inglis MC, was the only dance in the area last week end. April 22, Kalamalka Squares of Vernon and French's Twirlers of Oliver are the host clubs. Ray Frederickson emcees in Vernon and Ed and Irene Stebor in Oliver with buffet supper served.

May Mayne, secretary of the Pairs and Squares will be sending a memo to all members this week, reminding them of the annual general meeting Monday, April 24, at 8:00 p.m. in the Health Centre.

Our nominating committee, Phyllis and Eric Smith, have contacted six people who are willing to serve on the executive, and we anticipate further nominations from the floor. We hope all members, including our teen agers, will be present to vote for the five candidates of their choice.

Instructors for beginners and intermediates will also be chosen, and the most suitable nights to hold classes.

This is your opportunity to voice your opinions on club policy and plans for the coming season. Let's hear from you — you're the callers that night!

Kiwanis

Club Notes

While Tuesday night at Kiwanis was a night without a guest speaker (he was unable to turn up at the last moment) it proved to be a very interesting meeting.

Doug Campbell (we believe against his will) led the club singing and it was enjoyed, the volume was terrific.

Ed McGillivray introduced Richard Toeves as his guest, from the Key Club.

A letter was received from Mr. Longmore thanking the club for making it possible for nine students to attend the 1960-61 series of concerts at the high school.

A most important interclub meeting is scheduled for Monday, April 24. It is a "must" for club members, and as many as possible are asked to try and go. Winthrop is the scene of action, and the Winthrop Club are our good Kiwanian neighbors who presented a new flag to us last year, so it is in the nature of a duty for as many members to go and visit them as possible.

On April 27 there is an interclub meeting at Omak. The Winthrop party is being arranged by John Tamblyn and the Omak trip by Walter Toeves.

Doug Campbell reported on the trip to Merritt last Wednesday, and it appears that lots of things happened, such as something missing when Nick was about to take off from the airport, and while in Merritt, it appears two bulls chose the plane as an ideal place to scratch their backs. The fellows had just about decided to walk home when the bulls kindly wandered off down the field to talk to some lady friends. An inspection of the plane showed that a part of the rudder appeared to be bent, so the fellows exerted all their muscles and straightened "something" but a check at Penticton brought to light that they had straightened part of the trimming. In spite of which the plane never flew better.

Jack Towgood reported that Merritt is very strong in the Kinsmen Club and that now does not seem to be the best time to consider the organization of a Kiwanis Club there. A vote of thanks was passed to those members who went on this exploration trip.

Blake Brandon announced that owing to several members being out of town on interclub visits next Tuesday, the Cancer Drive will be held May 2nd.

Ed McGillivray gave an interesting few minutes talk on his recent trip east by car. He noted particularly that Kiwanis is very much in evidence in all USA towns, both small and large. The Scribe.

School is out, and this happy pair is off to a honeymoon — in Sarawak—a country few of us have heard about. Two happy young students have just finished their anthropology exams at the University of Toronto and have chosen a village in an underprivileged part of the Orient as part of Canada's "Peace Corps." George MacDonald and Rita Rice are two of 10 young Canadians who will go to Ceylon and Sarawak to devote time and energy to help the underprivileged help themselves.

WCTU elects Mrs. L. James president

The Kamloops-Okanagan District Women's Christian Temperance Union, held its 51st annual convention April 11 in the United Church at Vernon. There were over 40 delegates and friends representing all unions from Kamloops to Penticton.

President Mrs. J. Meldrum of Penticton was in the chair. During the morning session, a very informative talk on smoking and lung cancer was given by Dr. A. Druitt, MD of Rutland. About 48 sat down to a lovely banquet prepared by the Women's Mission Circle of the United Church. The special speaker was Mrs. E. W. Crawford, provincial president.

During the afternoon, Mrs. A. Dobson of Vernon gave a very interesting account of her visit to the legislature in Victoria, and of her work with the World Council of Women. She introduced the new field secretary, Mrs. G. Hitchcock of Vancouver, who spoke on "Breaking down the Barriers" from John 4.

Officers elected were: Mrs. Lillian James, West Summerland; 1st vice president, Mrs. A. S. Matheson, Kelowna; 2nd vice president, Mrs. G. P. Bagnall, Vernon; treasurer, Mrs. C. Coss, Kaleden; corresponding and recording secretary, Mrs. H. DeWitt, West Summerland.

National winners in the Sunday School Temperance Study Course were each awarded books as follows: John Rathjen, LaVerne Lynn, Terry Charman and Marilyn James. David James received a certificate of honorable mention.

F.G. Haddrell's 50th Anniversary

Mr. and Mrs. F. G. Haddrell held open house to a large gathering of friends on the occasion of their golden wedding anniversary, Tuesday, April 11. They were married in Uxbridge, England on April 11, 1911. They came to Summerland in the fall of 1914 where they have resided ever since.

They have three sons, two daughters, ten grandchildren, three great grandchildren.

A family dinner was held in the Glengerry Room of the Hotel Prince Charles on Saturday evening, April 8th where the honored couple were presented with gold wrist watches. Those attending were Mr. and Mrs. George Haddrell and Bob, Mr. and Mrs. Edward Haddrell, Mr. and Mrs. Claude Haddrell and Jimmy and Kenny, Mr. and Mrs. Laurence Burnell, Lorraine and Linda, Mr. and Mrs. Roy Kennedy, Pat and Rone; Mr. and Mrs. Don Haddrell, Mr. and Mrs. Harold Stein, Mr. and Mrs. C. W. Haddrell and Nels Larson.

Light and Life hour to be heard here

The local Free Methodist Church is co-operating with others in the valley in sponsoring the world wide radio broadcast "The Light and Life Hour" over CKOK, at 1:30 p.m., beginning next Sunday.

The program consists of music by a chorus, vocal solos, quartette and a message of inspiration and challenge by Dr. Myron F. Boyd. The program is broadcast over hundreds of stations in the US and Canada and is beamed around the world over about 20 foreign stations. It is produced in French and Russian as well as English.

Ross' honored

Numerous local friends of Mr. and Mrs. George M. Ross of White Rock are interested to learn of their having recently attained their golden wedding anniversary.

Mr. Ross, as can be recalled, happened to be the first resident agent appointed by the CPR at this point about 1911, while Mrs. Ross, still familiarly known at that stage as Nellie Bartholmew, who with her father happened to be in one of the earlier flights of settlers to arrive in what then appeared the modern Mecca.

Both young folks from the outset were closely and zealously identified with every cultural and social youth movement of that day. Possessed of a rare and appealing soprano voice, of exceptional range and cadence, Mrs. Ross never failed to captivate and hold her audience, large or small. Indeed the echo of the refrain of that gifted voice still comes down the years, as it were, to touch the nostalgic chord of those, who during their leisured moments happen to observe "dark shadows on the grass."

Amongst those attending the function, we understand, were Rev. F. W. Hardy and Pete Cotton, former residents of Summerland, and while the former in a reminiscent and entertaining vein proposed the toast to the happy couple, the other, we are persuaded in the belief, smiled his unqualified approval.

Their Okanagan friends join with those of White Rock in extending to the celebrities the plaudits of the occasion, and would bespeak for them a continuance of many happy days.

(The above report was written for the Review by Mr. A. Stevens).

SPORTS

Indoor shooting ends with high scoring night

by Herb Simpson

Indoor shooting came to a very successful conclusion for the season last Thursday evening. An excellent turn out of members and guests took part in the individual and team competitions, for which prizes were awarded.

Final results in the events were as follows: team shoot, No 3 team, 284; No. 2 team, 281; No 4 team 277; No. 1 team 273. Members of the winning team were Isobel Jeffries, (Teunis Kwak, Don Tait, Len Shannon, Alex Kalinin and Bob Barkwill. In a match between members of the full-bore club and the small-bore shooters the latter scored, 1740 points to 1672. This was a five man competition.

Ladies high aggregate was won by Louise Atkinson with a score of 293. Men's high aggregate went to Harold Richardson with 298, and high aggregate with handicap was scored by Don Tait with 298.

In a one minute time limit match in the "Bunny Shoot" No 1 team shot 17 "rabbits", and in the miss and out competition, Roy Bertram scored 10 consecutive hits.

We were very pleased to have George Dunsdon, Ron Dunsdon, Dick Dunsdon and Dennis Lackey of the Summer-

land Rifle Club, full bore, with us and hope we will see them more often next season.

Anyone interested in outdoor small bore shooting is asked to contact this writer, as the range at the Trap Club is available if we wish to use it.

One of our junior members, Gordon Lackey, who recently won the cup for scoring a possible in the prone position, again showed us 'how it should' be done by shooting a perfect score from the kneeling position. Congratulations Gordon.

In conclusion, a vote of thanks to the ladies is certainly in order for the excellent refreshments served during the evening of our final shoot. Also, the club wishes to thank the Summerland Review for the publicity it has received during the season.

SOFTBALL PRACTICE

Macs Cafe Aces start the season this week with a softball practice in the Memorial Park, across from the band shell.

The practice starts at 2:00 p.m. on Sunday, April 23.

All interested in playing softball are invited to come out to this practice. Macs Cafe Aces have a lot of fun throughout the season, so be sure to turn out on Sunday.

Scout News

The Monday meeting was devoted mainly to planning for the Camporete to be held April 28-29 at the Group Campsite at Faulder, and to decide on the camp gadgets to be pre-fabricated for the International Camporee next month. All patrols plan to participate in each event. Food is to be purchased for patrol by the patrol leader for the camporete and the boys charged \$1.20 each.

This Saturday boys wishing to make pack boards will meet at the Youth Centre at 9:00 a.m., with a screw driver each. Materials will be pre-cut for each boys' measurement and the complete back board with web straps and buckles will be \$2.00. Each boy is to bring the \$2.00 with him to pay for materials.

The winners for apple day sales will be announced next week. There will be a meeting next Monday which as many as possible should attend for final arrangements on the camporete. Duty patrol Eagles.
D. V. Fisher, Scoutmaster.

In Memoriam

SCOTT — In loving memory of Thomas Scott, who passed away April 19, 1959. Gone from us but not forgotten, Never shall thy memory fade, Sweetest thoughts shall always linger, Round the spot where thou art laid. Ever remembered by his loving wife, Winnie, daughters and sons, Eileen, Marjorie, Ruth, Chester, Raymond and Terry.

SCHINDEL — In loving memory of a dear husband and father, Fred Schindel, who passed away April 16, 1960. He went away without farewell, He said good-bye to none, But Heaven's gate was open wide, And a loving voice said "come". Beside his grave we often stand, Our hearts are tired and sore, But through the gloom There comes the words: "Not dead, just gone before." Lovingly remembered and missed by his wife Sophie and family: Mr. and Mrs. Fred Hauser, Rev. and Mrs. A Kirkpatrick, Mary, Alvina and Helen.

Coming Events

Please reserve Saturday, April 29, for Bottle Drive sponsored by High School Key Club and High School Band.

Mr. Wm. G. Wilson, Field and Education Secretary of the Alcohol Research and Education Council, Vancouver, will be the guest speaker at a public meeting, sponsored by the United Church Men's Club. All interested persons are invited to attend, the United Church Hall, Thursday, April 27 at 7:45 p.m.

An opportunity to hear Dr. Alex Wood, UBC, at a public meeting, Friday, May 5 at 8:00 p.m. in the high school library. His topics will be "Higher Education, What It Costs and is it Worth it?" and the "Future of Higher Education in the Okanagan-Mainline Region."

Overture Concert Membership drive April 24th to May 6th. Good musical entertainment next winter. Tickets good in Summerland and Oliver.

Horticultural Society monthly meeting April 21, 8 p.m., in Anglican Parish Hall. Speaker Don McLachlan with the topic "The handling of annual and perennial bedding plants."

Muscular Dystrophy campaign will be conducted in Summerland April 24-29. The house-to-house canvass will be conducted by the Ladies Auxiliary to the Fraternal Order of Eagles.

Active year ahead for Chamber of Commerce

This is Chamber of Commerce week across Canada. A week when local Chambers explain their purpose and activities, and also make their annual appeal for membership.

Here in Summerland we are fortunate in having an active Chamber doing its full share towards community betterment.

The recent decision of the Retail Merchants Association to amalgamate with the Chamber, will prove of mutual benefit to both organizations. Signs, tourist information, store bargain days and many other activities can be promoted better with both organizations working together.

The Chamber also reflects the opinion of the community in national and provincial matters. An example is the action of the Chamber at last week's meeting to write to Highways' Minister

G. C. JOHNSTON
1961 president

P. A. Gagliardi asking that the bypass road on Highway 97 to the west of Penticton be completed. The Chamber is also giving serious thought to the proposed closure of the Coquihalla Pass by the CPR. W. S. Ritchie, convener of resolutions is preparing a resolution to present to the annual provincial meeting of Chambers of Commerce, asking that if the route is abandoned freight rates remain the same. The Chamber also lent support to Apex Alpine Recreations Ltd. when their delegation met Highways' Minister Gagliardi asking for development of an approach road to Apex Mountain. All of these matters concern Summerland but the Chamber of Commerce

is the only organization that can reflect the feeling of Summerland to the proper authorities.

Of direct benefit to the community is the Chamber's decision to designate an official tourist information bureau. Tourist information will also be given at the north and south entrances to Summerland and at fruit stands along the highway.

The annual fruit fair is shaping up to be bigger and better than ever this year. This annual show window of the community is also sponsored by the Chamber. A garden content is already been started with 42 children signed.

Membership in the Chamber is representative of every phase of endeavour in the Summerland area, represents many years of knowledge and experience in service to our community.

These high qualifications and past record of accomplishments are worthy of your continued support and consideration in future undertakings of this Chamber. A better community, a better tomorrow.

This year the Summerland Chamber of Commerce is aiming for a membership of over one hundred. Do your part by becoming not only a member, but an active member.

FOOTNOTES
If we walk fast enough, we should get there before the bus.

THE CORPORATION OF THE DISTRICT OF SUMMERLAND

PROCLAMATION

Chamber of Commerce Week

April 16 to 22

Dear Fellow Citizens:

Chamber of Commerce Week will be observed across Canada April 16 to 22. This week has been set aside to bring about a greater understanding of the role of community Chambers of Commerce and Boards of Trade in making individual communities better places in which to live and make a living.

A Board of Trade or Chamber of Commerce — in Canada the term means the same — is a voluntary organization of forward looking citizens of a community banded together to promote the civic, commercial, industrial and agricultural progress of the community and district in which it operates. The strength of the Chamber movement lies in the fact that it is politically non-partisan, non-sectarian and without any special vested interest.

Its operation on behalf of good citizenship, good government and good business is performed in the interest of all Canadians.

APRIL 16-22

YOUR BOARD OF TRADE

Community building for the national good

YOUR CHAMBER OF COMMERCE

Eleven reasons why you should be a member

1. Because I have a business stake in this community which can be best safeguarded by working with others through the Chamber of Commerce to protect and advance all business. I help to insure the success of my business.
2. It is only fair for me to support the Chamber since I reap benefits through the concerted planning, council, and action that is best obtained through the work of the Chamber of Commerce.
3. Because my support is ploughed back to yield many-fold benefits in new industry, increased payrolls, health, safety legislation, business protection and community advancement.
4. Because I believe that the man who helps his community through active participation in the work of his Chamber will develop his own powers and broaden his own views.
5. Because through the Chamber I can best discharge my obligation to this community in which I live and earn my living. I realize that every man owes a debt to the community that cannot be paid in taxes, a debt of personal service.
6. Because the Chamber cannot carry out its broad program of work to protect and advance business without personal service and adequate financial support.
7. Because the Chamber unifies the public spirit of all and directs it into useful and constructive channels.
8. Because the Chamber of Commerce helps create and express sound opinions on questions affecting the welfare of Canada.
9. Because without strong effective Chamber of Commerce action, we would be less able to compete with our towns for new industries and payrolls.
10. Because I believe it is essential to progress to have a central organization watching community welfare and development.
11. Because the most effective and constructive influence is the force of organized business functioning through the Chamber of Commerce for the purpose of improving our town. We can through organized effort make the kind of town we determine it shall be.

Volume 16, No. 17

Under the Giant's Head

Members of Parkdale Place furnishings committee were present at municipal council Tuesday night to see E. H. Bennett receive a cheque for \$1,000, a donation from the municipal crew, municipal office staff and Parkdale Place building crew. In presenting the cheque Reeve Atkinson expressed appreciation for the effort on the part of the employees towards the furnishings fund. Miss Ruth Dale was presented with a cheque for \$10 for her part in naming Parkdale Place. Miss Dale said the money would be put to good use in Parkdale Place.

43.2 hours of sunshine were recorded at the Research Station during the past week.

Lilac Day, a store wide bargain day, will be held in West Summerland May 10. Valuable prizes are being offered by local merchants. Watch for further details in next week's issue.

To speak on vocations

This Thursday night H. V. Rickard, inspector of technical classes for the Department of Education will be at the Summerland High School to speak on the opportunities for those who may be interested in the vocational-technical courses which are available in this province. This is a public meeting and all interested members of the community are invited to attend.

Mr. Rickard has a first-hand knowledge of the various courses available to both men and women along the vocational-technical lines as well as the latest information on proposed changes in this field. He will show slides of the work done in the various courses.

A special invitation is extended to all interested young people and their parents to attend. In many cases it is found that those wanting further training along these lines do not realize what opportunities for further learning is available in B.C.

G. C. Johnston presented E. H. Bennett with a cheque for \$300 in front of Parkdale Place Saturday morning. The presentation was made to commemorate the 50th anniversary of the Bank of Montreal in Summerland, and the money will be used to furnish a room in Parkdale Place. Assisting the local Bank of Montreal manager in the ceremony was accountant Simon Kouwenhoven. (left).

Mill Rate remains same as last year

The 1961 mill rate will remain practically the same as last year.

Total budget for 1961 is \$395,233.10, an increase over last year of \$12,774.10. Total mill rate is 34.85, with 11.61 for general purposes, 1.87 for debentures, and 21.37 for schools. One mill equals \$6,243 for general purposes and for school purposes equals \$6,370.

Revenue from general taxation is \$72,461 and from school taxation \$136,116; debenture tax \$11,673; one per cent utility tax \$965; trades licenses \$5,000; dog tax \$900; building permits \$800; rents \$1,250; fines and costs \$2,500; interest \$1,500; service charges \$1,200; penalties \$900; local government grant \$60,716; fire service, Farm \$650; commission, \$400; miscellaneous \$1,500; recoveries from social welfare \$41,000 and from debt charges, utilities and school,

\$42,567.10; sale of cemetery plots \$225; 1960 reserve for road equipment, \$10,000; parks, beaches and tourist camp, \$3,000.

Expenditures include payment on a new fire truck at \$6,000 and for fire hoses and equipment at \$1,325. Increases in expenditure have been made in social services, general government, fire protection and extra police protection.

Public works for the year is budgeted at \$46,875.00.

Picnic site now ready

George Stoll told the Review that the Rod and Gun Club is getting everything ship shape at the Garnett Valley Dam site. The work party Sunday cleared out a really fine picnic area and Mr. Stoll emphasized that two large piles of campfire wood had been cut and stacked for the convenience of would-be campers and asked that people please refrain from burning the blocks that are provided for seats.

Part of the crew set up the new toilet facilities and another gang cleared the road of rocks and provided six or seven pass-outs. Also several fire places were built and tables will soon be set up. Mr. Stoll reported that about fourteen car loads of approximately forty people were out picnicking on Sunday.

Plans near completion for Trout Creek water

Much of the paper work on the Trout Creek domestic water plan has been completed and a tentative price of \$108,000 has been set. This was reported by Councillor W. B. Powell, chairman of the water committee, at Tuesday night's council meeting.

The new plan calls for increasing to 10 inches the size of the pipe down the hill to Trout Creek and expanding the pressure.

The water committee will meet with Penticton's municipal clerk shortly to discuss a frontage tax bylaw. A sum of approximately \$10,000 a year will be needed to operate

the scheme.

The plan would give domestic water service to all of the approximately 154 homes in Trout Creek Point.

Continuing education

Twenty-four people over the age of 18 years, representing many walks of life, attended a meeting Monday night in the high school to discuss continuing their education under a new scheme recently introduced in B.C.

School principal A. J. Longmore said that for the present the school is only making a survey, but if numbers warrant, more action will soon be forthcoming. In his opening remarks Mr. Longmore assured the prospective pupils that an evaluation of their grades can be obtained and if such records are not available to people from another country, an assessment could be made.

A list of regulations recently received from the department of education stated that a person must be 18 years or over, anyone under 19 must have been out of school for at least one year; only courses presently being offered at the Summerland high school can be offered; and all courses for credit are at a grade ten level or above.

At the completion of the courses certificates are issued, and records will be kept of credits received.

Seventy hours of work is required to complete a given course. This is spread over six weeks with 2 1/4 hours instruction given five nights a week. A tentative fee of \$15 a course has been set, with an estimated cost to the school of \$300 for each course.

Police court

Wm. Baker of West Summerland was fined \$10.00 and costs when he appeared before Magistrate P. Vernon in Summerland Police Court charged with following another vehicle too closely. The other vehicle, driven by Cyril Thomas Cuzzocrea of Penticton, sustained damage when struck in the rear by the Baker vehicle.

Also appearing in Tuesday's court, Robert E. Alderson of Penticton, charged with fishing without a licence was fined \$10.00 and costs. Charged with the same count, Edward Settle of Penticton pleaded not guilty and the case was remanded.

ROD AND GUN CLUB

At the regular monthly meeting of the Rod and Gun Club discussion was held on starling control in cooperation with the BCFGA local and it was decided to form a committee which would organize the destruction of these birds immediately.

The next meeting of the club will be held Monday, May 15 in the clubhouse at the trap shooting range at 8:00 p.m.

At a meeting Friday afternoon the Community Piano Committee officially transferred ownership of the grand piano to school district No. 77. Final payment has been made on the piano which cost \$2,300. The five year project was completed through the efforts of the Rotary Club, the P.T.A. and the students council. The piano, a decided asset to the community, will be kept in the school. Twelve students used the piano for practicing before the recent Music Festival. Shown looking over the piano are W. S. Ritchie, school trustee; Ken Boothe, school board chairman; Reeve F. E. Atkinson, Rotary president; Mrs. C. A. Adams, P.T.A. representative; and A. J. Longmore, high school principal.

Overture Concert Assoc. tickets now on sale

The Summerland Overture Concert Association began its two week campaign for memberships for next winter's programs on Monday. These programs will include concerts held in Oliver as well as those in Summerland.

On Monday evening, the Association held a meeting in the high school with Mrs. Dorothy Wortman, Overture representative who met members of the campaign committee to plan the campaign and suggest programs for the next season.

This year it is hoped to obtain a unique and especially interesting program as the main attraction "Lords Puppets International" a theatre for adults. This is adult entertainment of a very high order which will delight young people as well. Mr. Lords is a master-puppeteer and single handed, manipulates as many as 187 strings at one time. Those who have seen this presentation state that under the skilled hands of the artist, always visible above the spec-

COUNCILLORS AT SCHOOL

A team of councillors, under the direction of Major J. F. McLean, director of Student and Personnel Services at the University of B.C., will visit the Penticton High School the week of May 8th and will test and counsel all interested students in Grades 12 and 14 who plan on going to university. Summerland high school students will be included. Examinations will be held May 8 and individual counselling will be carried on during the week. The purpose of this visit is to test the pupils for aptitude and to advise them as to the programme best suited

A rarity in thoroughbred births, twin fillies, occurred a week ago at Agincourt, Ont., when the mare Fawn Shepp gave birth at White Haven Farm. The twins didn't fare too well for the first couple of days, but as this picture shows, they are doing fine now. Gerald Harnov is owner of the mare and twins.

**Pleasure trip or
precious time wasted...**

SUMMER TRIPS CAN BE EITHER

"Make mine a pleasure trip" you say -- but it's largely up to you. We can help, though -- if you'll let us have those old tires.

Remember, it's a lot better to trade off those tires now before summer driving, or to have to buy one on the road someplace. Besides, it could be very costly in money and it could be disastrous.

Your best assurance of an enjoyable summer is to trade tires now.

"How much is that
in DOLLARS?"

On your European trip, take the mystery out of unfamiliar currencies by carrying the latest B of M Currency Guide wherever you go. This pocket-sized guide gives you, at a glance, the dollar equivalents of twelve European currencies... and it's yours for the asking at any B of M branch.

FOR CARRYING THOSE DOLLARS

There's no safer method of carrying those dollars you will be converting "over there" than by Travellers Cheques sold by the B of M. Unless, of course, you are planning a lengthy stay and need a large sum of money. In that case, a B of M Travellers Letter of Credit is your best bet. Either way, your money will be completely safe from loss or theft.

BEFORE YOU GO...

Drop in to your nearest B of M branch. Our people can be helpful to you in numerous ways in planning your trip and they'll be glad to outline the services that will be willingly offered you at the B of M offices in London and Paris.

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

**This week
in your orchard**

by Alex Watt

Climbing Cutworms

Every year at this time there is a rash of trouble with cutworms which climb onto newly planted trees and eat the opening buds. These cutworms are rarely caught at the scene of the crime because they do their work at night! However a quick check of the surface of the ground will usually turn up one or two fat grubs lurking near the base of the tree. The preventative for these sneak attacks is to scatter cutworm dust on the soil at the base of each tree. Ordinary 50% DDT used for Codling Moth spraying is still quite effective but better results may often be had by using one of the 2½% Aldrin or 5% Chlordane dusts which are put up for use against soil

insects. A very light scattering at the base of each tree is all that is needed. About one ounce of 2½% Aldrin should do four trees if a 2'x2' square of earth is covered around each tree.

Warning

A word of warning to all persons using insecticides such as DDT, Aldrin or Chlordane. These materials are toxic if applied to the foliage of cucumbers, tomatoes and certain other tender plants. Quite a few young plants are killed each year by people in this way. It is wise to apply soil insecticides early before there is danger of getting them on plants at the seedling stage. The person applying these dusts should be adequately protected with gloves and overalls. Try to avoid breathing these dusts and wash thoroughly after the job is done.

**Distinguished speaker
at education meeting**

Dr. Ian McTaggart Cowan, head of the Department of Zoology at the University of B.C., will be the banquet speaker at the regional conference on higher education in Vernon's Allison Hotel May 6th at 6:30 p.m.

Dr. Cowan will speak at the final session of the conference which will meet all day in Vernon junior high school to discuss the general subject of the future of higher education in the Okanagan-Mainline area.

Dr. Cowan, who has visited Russia in the past, will speak on "Science and education - the challenge in our world today."

The evening banquet, sponsored by the UBC Alumni Association, will climax meetings which will see some of UBC's top administrators participate in full scale debate on education in B.C. today.

The conference will open at 9:00 a.m. and Dean Geoffrey C. Andrew, UBC's deputy president, will give the keynote address.

For the balance of the day panels of UBC professors and Okanagan businessmen will discuss such subjects as "What

does higher education cost and is it worth it?"

Dr. Cowan is a graduate of UBC and is well known for his television appearances and series of films dealing with biology and wild life.

You Know This?

Overture Concert Series

This year two weeks is being devoted to the sales of Summerland Overture Concert tickets, in the hopes of an increased membership.

Only this week we heard a recording of one of the numbers presented by William Clausen, folk singer, in his concert two years ago. The vivid recollection of this and other numbers makes one realize the true value of "live" entertainment. Today we have a host of media by which to be entertained but nothing impresses us as much as seeing the performer in person.

The Overture Concert executive hopes, as always, to create musical interest among the young people of the community and feels that from the experience of the past years, many young people have become interested in these concerts and have profited by them: Family tickets will be available and these proved popular last year.

It's a hard world

(This lovely weather must put our readers in a poetic mood, because we received two poems this week. The first is from Mrs. Gordon Dinning, and appeared originally in a cook book published by the Riverview United Church, Winnipeg. It's entitled "Her Day".)

She cooked the breakfast first of all,
Washed the cups and plates,
Dressed the children and made sure
Stockings were all mates;

Combed their heads and made their beds,
Sent them out to play,
Gathered up their motley toys,
Put some books away;

Dusted chairs and mopped the stairs,
Ironed an our or two,
Baked some cookies and a pie,
Then she made a stew;

The telephone rang constantly,
A youngster fell and stubbed his toe,
And then the laundry came

She picked up blocks and mended socks,
And blackened up the stove.
Gipsy folk were fortunate
With carefree ways to rove!

And when her husband came at six,
He said, "I envy you.
It must be nice to sit-at home
Without a thing to do!"

(And in case you think we're playing favorites, we now present the male point of view, in a poem submitted by Tommy Hooker, called "A Trucker's Lament".)

There were an interior trucker and logger
Both hard working, I should say,
They competed all day with each other
No one worked harder than they.

The harder they worked the more they earned
Their gross earnings were astounding,
But try as they would they could not keep
The balliff at their door from pounding:

It wasn't lack of knowledge of logging
Nor was it careless spending,
It was just a plain ordinary case
Of taxes without an ending.

Their license fees were raised sky high
Still the government needed more money,
Another 3c a gallon motive fuel
The situation is beyond being funny.

Now we must be on constant guard
O troubles are far from over,
There are bound to be further taxes
We are certainly not in clover.

Our trucks may be called luxury' equipped
As in them we have floor mats,
There is room here for a further tax
As well as on our boots and hard hats.

So why not join your association friends
Let's stop this unjust discrimination,
Let's work together for the common good
To improve our grim situation.

What will the harvest be?

by Rev. D. M. Rathjen

"Be not deceived; God is not mocked, for whatsoever a man soweth that shall he also reap." Gal. 6:7.

At this time of the year almost everyone is doing some gardening. Whether little or much it is being done with anticipation of reaping some pleasurable benefit or profitable harvest. To be assured of desired results, careful selection has been made of that which is planted, for we all know the law of the harvest, whatever we

Library news

by Kay Dunsdon

John Dos Passos has always written of his era as no one else could, and in his latest book, "Midcentury" he has once again given us a full length novel of our times and problems.

Actually this book is a story in fiction form of the lives of such well known men as Walter Reuther, Douglas MacArthur, John L. Lewis, Sam Goldwyn and others, with emphasis on the troubles of labor, and its effect on the lives of ordinary men and women.

"The Double Axe" by Lauren R. Stevens is a first novel by a very young writer, a recent graduate of Princeton University. It is a well thought-out study of a man who hates the city, and takes his bride to a remote farm to live out his ideals of fulfillment through the land. How he tries to impose his will and guide the destiny of his five children and their eventual escape is the story.

We would like you to see the water colors in the library, the work of H. V. Foster of Victoria. Mrs. Foster has beautiful control of her media, her painting of flowers, especially roses is excellent. There are several landscapes also. These paintings will be on view for the next ten days.

Now that spring cleaning time is here, perhaps you have been surprised to come across library books long overlooked. Please remember we are more anxious to get books back than to make money on fines. We will be glad to see our prodigals return.

plant or sow we are going to reap the same

The text quoted from Galatians 6:7 teaches us that this law is especially true in the Spiritual realm. Our thoughts, our words, and our actions sown today are going to bring us a harvest in a future day: If we 'sow to the flesh we shall of the flesh reap corruption; but if we sow to the Spirit we shall of the Spirit reap life everlasting." Gal. 6:8. Surely it is the part of wisdom to take inventory of our sowing in the Spiritual sense in view of the eternal harvest to come.

However, the Scriptures reveal that there must be a change of nature in our individual lives, before we can sow to the Spirit. Through conversion, and the impartation of Divine life through God's Holy Spirit, we are made new creatures. (Eph. 2:1-10, 2 Cor. 5:17). Then the harvest will be Life everlasting.

Letter to Editor

The Editor,
The Summerland Review,
Dear Sir:

Just a few lines to say hello to the folks in Summerland. We plan on leaving for Nigeria the second week of May, and of course that takes quite a bit of money. There were some folks around Summerland that bought things at the sale and promised to pay before we left, but did not.

I don't have their correct address, so would you put a note in the paper asking those that owe us money to please forward it to us at: Box 4, Brooklyn 15, New York, USA. It would help on our tickets.

Yours sincerely,
Robert and Bertha Whyte:

WI considers resolutions for annual meeting in Naramata

Main business of the regular meeting of the Women's Institute on April 14 in the Parish Hall was consideration of some ten resolutions drafted by branches of the South Okanagan to be presented at the annual conference in Naramata May 2nd. These covered subjects from standards of linens and dating of frozen foods to provincial welfare problems and a recommendation favoring an Interior Vocational School. Mrs. Mortimer was elected to be the official delegate, but it is hoped that a good representation of local members will be in at-

tendance. Present will be Mrs. Partington, provincial president and other members of the board.

The treasurer reported a balance on hand of \$178.60 after payment of all bills and a cash donation of \$200 to Parkdale Place.

Mrs. Dinning reported on the work meeting at Mrs. Gordon Ritchie and said good progress had been made to date and no further meeting was planned until June.

Mrs. Inglis read a letter from Mrs. A. Shaw, director in charge of Institute exhibits to the PNE regretting Summerland's decision to submit no entry this year and complimenting them on their past achievements which have thrice won the provincial cup.

Mrs. A. Fleming reminded members that articles for the Unitarian Services layettes must be in May. Then, for the Home Economics Committee she read a poem "Her Day" which was humorously appreciated by all.

Mrs. Holler was the winner of two prizes; the first a chance on a draw at the forthcoming provincial convention for a quilt the blocks for which were embroidered by girls of Ceylon; the second, a birthday gift of \$5 given to members with new babies for the setting up of a bank account.

The birthday box was remembered by two members who admitted to being 39, namely Mrs. O. Rumball and Mrs. Inglis.

Mrs. Nilson accepted the appointment as representative to meetings of the CNIB.

The president announced that the International Peace Picnic would be held on July 18 at the Research Station.

A CBC radio and TV survey in the form of a questionnaire and dealing with types of children's and adults' programs was presented by the president, Mrs. Rothwell, the members voting yes or no to each question.

Adjournment was on motion of Mrs. Nichols and tea hostesses were Mrs. Collas, Mrs. Dinning and Mrs. Procuranoff.

Will keep new motors clean and new — In older motors restore compression, renew valves and rings while you drive, saving costly repairs. It stops friction wear giving smooth, quiet power, quicker pick-up, better gas mileage and longer motor life. Use it in cars, trucks, tractors, spray and boat motors, all spark ignition motors. Just put in gas tanks, guaranteed for 150,000 miles. Send money order for \$3.00 plus 15c tax to G. H. Libby, RR 1, Oliver, B.C., or call half mile east road No 1 Also sold at Powell Beach Service Station.

Spring blossoms featured at horticultural meeting

An atmosphere of spring prevailed at the monthly meeting of the Summerland Horticultural Society April 21. A parlour show featured a good display of spring blooms, and the guest speaker, Don McLachlan spoke extensively on the growing of annual and perennial plants.

The meeting was well attended and many guests were welcomed.

Highlighting the parlour show was a beautiful display artistically arranged by Mr. and Mrs. Ken McKay of Naramata. Prize begonia plants were awarded to winners holding the highest aggregate points: 1st, Mrs. A. Inch; 2nd Miss Doreen

Tait; 3rd, Mr. G. Dinning. Mr McLachlan punched his address with delightful humour, at the same time offering information for the newest as well as the most experienced gardener.

Two regular features are "Timely Topics" directed by Nat May and "The Question Box" where all gardening problems are answered by the experts. Members and guests are reminded to bring their questions to the next general meeting which will be held May 19 at 8 p.m. in the Anglican Hall. Several clumps of dahlias were offered for sale. These were kindly donated by Mr. Lee McLaughlin.

Two door prizes were offered. Mrs. A. Ward received a calceolaria plant and Mr. A. Watt a planter of begonias.

The evening closed with a social hour with tea and pastries being served.

Reports on Presbytery

A report of the recent joint WA Presbytery and WMS Presbyterial held in Penticton recently was given by Mrs. W. Fleming at the monthly meeting of the United Church Women's Federation.

Of special interest were the speakers Mrs. D. Dick and Mr. C. Shoemaker of Vancouver on what the new organization of United Church women will mean to all members of the church.

Miss Annie Thexton of Hong Kong showed slides of that city and told of the refugee problem there.

The Thankoffering devotional

was led by Mrs. Cox with Mrs. R. Chapman giving the prayer of Thanksgiving.

Mrs. G. Barrs chose as her theme "Our Church Today" and compared our activities at the present time to those of women in Biblical times when Christ walked among men.

The favorite hymn of Mrs. H. K. Lott "Just as I Am" was sung by the members.

President Mrs. J. Lazenby expressed gratification on hearing Mrs. R. Chapman's report of the Easter teas financial success and thanked all those who so willingly gave of their services.

Mrs. V. Charles and Mrs. J. W. Clark thanked the members for the remembrance of their golden wedding anniversaries.

Social convener Mrs. F. W. Ward was assisted by Mrs. L. Lockhart, Mrs. S. A. McDonald and Mrs. J. Heichert.

SUMMERLAND

REVIEW

TNS.
Sydney A. Williams, a founder of the Canadian Association for the Advancement of Colored People, has returned from a month tour of South Africa. He learns that Canada must back up its lead at the Commonwealth conference with economic sanctions. He says South Africa is set to explode next month when it becomes a republic.

Kiwanians journey to Winthrop

A large contingent of Summerland Kiwanians travelled to an inter club with the clubs from Winthrop and Twisp, Washington, last Monday evening.

The members and their wives were entertained at Twisp before proceeding to the meeting in Winthrop where they heard a very interesting talk on the philosophy of American politics.

Making the trip were president Jerry Halquist and his wife Edith, Mr. and Mrs. Brian Liebert, Mr. and Mrs. Hilly Smith, Mr. and Mrs. Lloyd Shannon, Mr. and Mrs. Jim Schaeffer, Mr. and Mrs. Ken Storey, Mr. and Mrs. John Tamblyn, Mr. and Mrs. W. S. Ritchie, Hans Meierhofer, Father Meulenburg and Nick Solly.

A very fine time was had by all and plans are now being made for a return to Winthrop for the fall conference of division 5 Kiwanis which will be held in Winthrop May 22.

BIRTHS

Born at Summerland General Hospital to: Mr. and Mrs. N. Even, a son, April 24.

On account of school spring exams a smaller than normal meeting was held. The main activity was in whipping 70 ropes to be used for lashings at the Camporette and Camporee. Arrangements were made for those boys who had not made packboards to do this before this week end. Packboards will be needed for the Camporette this week end.

For the Camporette at Faulder this Friday and Saturday, the need of plenty of sharp axes and hatchets and pruning saws was emphasized. The troop will leave the Youth Centre at 4:30 p.m. Friday by car. Packs may be left at the Youth Centre in the morning before school. Food is being purchased by each P.L. at a cost of about \$1.25 per boy. The troop will return Saturday afternoon at 4:00 p.m. It is hoped to prefabricate all gadgets for the Camporee.

In the 1st Summerland troop the two winning Apple Day sales men were Scouts Richard Bangma and Frank Fenwick. On behalf of the group committee E. F. Weeks presented the boys with their prizes of \$3.75 each. Because of the Camporette, there will be no Scout meeting next Monday, May 1.

TRAP SHOOT

The Fish and Game Club is planning a trap shoot for this Sunday, starting at 11 a.m. at the trap range. It will be a turkey, ham and novelty shoot with some competition shooting.

Summerland General Hospital TENDERS

Tenders are invited for painting the exterior woodwork of the Nurses' Home at the Summerland General Hospital, particulars and specifications from the Administrator at the Hospital.

50 boys entered in Babe Ruth league

As a well attended meeting held last Wednesday evening, the Summerland Babe Ruth Ball Club formed an association with the following slate of officers: president: Gordon Beggs; secretary-treasurer: D. S. Birch; transportation chairman: John Selinger; executive members: Doug Campbell, Mrs. McInnes, Ross Fitzpatrick, Tiny Hankins, R. Biagioni, D. Wartz and Mrs. N. Reid.

Jim Heavysides conducted the meeting as he had worked as coach and manager with the club last season. In his opening remarks Jim stressed the need for help from parents of the players as there are now almost

fifty boys attending practices, and it is almost impossible for one coach to take care of more than fifteen players.

Mr. Grycan was appointed as coach to take the second team, with Ollie Egely coaching the first team.

Two uniforms were donated from the floor to fill the requirements of the league team. Fred Gartrell, who donated one of these uniforms, was unanimously elected to the position of honorary president. There has been a good response to the plea for used equipment, and Bert Berry donated a catcher's mitt to the club.

At an executive meeting held Monday evening it was decided to hold a blitz on May 3rd to raise the needed money for equipment and it is hoped that the people of Summerland will be generous when the boys call.

An event which should arouse much interest will take place on May 7th at 2 p.m. This is a game between the Juniors and the Old Timers of Summerland, with the gate receipts to be shared between the Junior Club and the Babe Ruth Club. A Ladies Auxiliary to the Babe Ruth Club is being formed and they will operate a concession booth at this game.

SPORTS

Junior baseball starts Sunday

The junior baseball season opens in Summerland on Sunday when the Junior Red Sox play host to Penticton A & W Juniors. Game time is 1:30 p.m. in Living Memorial Park.

The South Okanagan Junior Baseball League opened last Sunday and saw the Summerland Red Sox in Penticton to meet their old rivals, the A and W Juniors. They fought to a 13-13 tie.

Just about every thing that could happen, happened. There were lots of hits and lots of errors and some good pitching. It was a good game considering the early season opening and cold weather practicing. The game was featured by two, 3-run homers, one by Day of Penticton and one by DeWitt of Summerland. DeWitt's was a

line drive over both left-center fences.

The score was tied five times. Penticton opened the scoring in the 1st inning but the Red Sox came right back and tied it up and then went ahead 7-5 in the fourth. The A and W's caught fire in their half of the fourth, getting five big runs of Skinner and Huva who had followed Sheeley on the mound for the Sox. With the score 12-9 in the seventh for Penticton, Parker singled, Huva doubled and DeWitt hit his big one to tie the score. The eighth was scoreless but in the ninth Parker stole home with what looked like the winner's run. It was not to be as two hit batters, an error and a long fly gave Penticton the tying run. Sheeley struck out Day to end the game.

Camera Club fans judge own pictures

A series of slides from the Color Photography Association of Canada entitled "Let's look at Composition" was shown to members of the Camera Club on Monday evening. The set contained some excellent slides and interesting commentary. In the

judging of slides submitted by local members Doug Ramsey took top place with a slide entitled "Blossoms by Moonlight". Second place was awarded to Miss Jean Ritchie for an excellent picture of ducks on a pond. On the judging committee for April were: Alan MacKenzie, John Mott and Vern Charles. Judges for the slides to be shown at the May meeting are John Mott, Graham Bouer and Doug Ramsay.

The next meeting of the club will be held at the Health Centre building on May 15th and members wishing to enter slides are asked to leave them with Harry Killick, not later than May 1st.

The club greatly appreciates Harry Killick's offer to have a notice board placed in his store. On it will be the results of CPAC competitions, bulletins of CPAC and local club activities, meeting dates, and other interesting information. It is hoped that photographers other than club members, will be interested in the information and will turn out to the meetings and take part in club projects.

Cornering Cabs Abroad

In Europe as at Home, a Well-Directed Taxi
Can Be A Traveler's Best Friend

In Paris or Brussels or London, the shortest distance between two points is often a taxi ride. The service is door-to-door; the timing is go-as-you-please, and to a just-arrived visitor, the experience lacks the confusion involved in sharing a bus with fifty French-speaking folk who all seem to know where they're going.

Many visitors to Europe take more taxis in the course of a two weeks' vacation than they do in a year back home, according to Mile Sabena, director of Women's Services for SABENA, Belgian World Airlines. Though it helps, you don't have to know the language to travel in one successfully.

FARE FACTS

In Europe as in America, city taxis are metered. A 10% tip is customary to add a 10% to 15% tip. It's a simple computation except, perhaps, in the case of British pounds, shillings and pence; the rule there: a nine pence tip for each two-shillings-sixpence run up on the meter; one shilling-sixpence (about twenty cents) for a seven-shilling (\$1) ride.

When the sun goes down, cab fares go up. This is

true, for example, in Finland; in France, where the 'witching' is eleven p.m.; in Amsterdam, where you pay more between one-thirty and five in the morning; in Rome, where the cabbie is entitled to an extra 150 lire after ten.

Further fare notes include an additional twenty-five lire each for more than two people per cab in Rome; a legal round-trip charge for a one-way ride to any airport in Spain. When in Brussels, remember the smaller the cab, the lower the fare.

One word about the meterless "cars for hire" that bloom late in some nightclub neighborhoods: this sort of convenient luxury generally comes high. If you decide to take one, settle on price before you climb aboard. If there's any discussion at the end of the trip, call in the doorman.

OVERTURE

(Continued from page 1)

ially designed and lighted puppet stage, the puppets create an illusion of complete reality. The costumes of the marionettes are gorgeous in color and material.

Mr. Lord's recently gave concerts with the Edmonton Symphony at the Jubilee Theatre to full houses and received an enthusiastic response. He has given concerts with his puppets on two continents and in five languages, and he has appeared on TV, radio and in movies with famous stars as well as on the stage; wherever he has gone he has played to packed houses. This is a one man extravaganza in music and drama done with great technical skill.

Other interesting programs are planned. As far as dates can be given at present Lord's Puppets will appear here on October 28. The local association is hoping to present also a duo-piano team, the Marlowes, on December 2. These are a twin brother team who have earned the reputation of being one of the leading duo-piano teams on the continent today, having appeared with the New York Philharmonic and other leading orchestras. For the third concert, it is hoped to secure an outstanding soloist, the brilliant and exciting tenor, Joseph Sopher, late in January. Mr. Sopher is attracting great attention in musical circles.

Oliver has already announced that they will feature the Myra Kinch dance ensemble. This program is a dance satire; hilarious and delightful.

Prices for membership in the Summerland Overture Concert Association remain the same as in previous years: adults \$5.50, students \$2.75 and family tickets \$13.75. The family tickets are the price of two adults and one child and cover the memberships for all the family.

An office in West Summerland will be open from May 2 to May 6 in Cranna's Jewelry store where memberships may be obtained if you are not contacted by the committee. This office will be open from 2:30 to 5:30 p.m. on the above dates.

Further details on the above concerts will appear at a later date. —M.A.

Timely Travel Tip Can Save Worry - Money, Too

It can be mighty embarrassing when you run short of ready cash while travelling. Yet no one likes to carry around large sums of cash because there's always the danger of loss or theft.

What's the answer then, on your next vacation or business trip?

More and more people are finding the easiest and safest way to carry funds for travel purposes today is in the form of B of M travellers cheques. Any bank in Canada and most hotels and stores will cash them readily — because you counter-sign each cheque only when you cash it.

Thus the person cashing it knows right away that you and only you are the rightful owner. This feature makes B of M travellers cheques useless to everyone except their purchaser. What's more, if your B of M travellers cheques are lost, destroyed, or stolen, the bank replaces them.

So before you set off on that next trip, stop at the Summerland branch of the Bank of Montreal and buy as many travellers cheques as you think you'll need. The service charge is negligible and the peace of mind is wonderful.

Simon Kouwenhoven, the accountant, or any member of the staff will be glad to help you make any other arrangements for your travel financing. If your trip is an extra long one and you need a large sum, travellers letters of credit are available from the B of M, and if you are going abroad, there are special travellers cheques available at every branch.

L. A. SMITH LTD.

Capt. Gerard Belanger, of Quebec City, has been cited for great bravery by the United Nations for his stand at Matadi Harbor in the Congo. He walked out unarmed to face Congolese troops firing on a nine-man Canadian signal group. When he was fired on he jumped into a canal and crept into snake-infested bush to make good his escape. The other eight men were released by the Congolese.
