## Under the Giant's Head

Weather report from the Research Station for the past week shows 72.4 hours of sunshine and .37 inches of rain recorded.

	High	Low
July 26	86	57
July 27	82	62
July 28	71	58
July 29	75	54
July 30	80	53
July 31	88	60
August 1	91	61

We spent an interesting half hour Tuesday night watching the display of Northern Lights and the auroral arc known as the Okanagan Arc. Having heard that this arc is seen only in the Okanagan Valley, we phoned the White Lake Observatory to see if they could give us any information on it. Dr. Costain, to whom we spoke, was unfamiliar with the Arc as such, although he has seen many displays of Northern Lights from his home town of Saskatoon. However he told us that the lights are usually visible for several nights consecutively and that they will watch for the Okanagan Arc for the rest of this week.

Tuesday night's square dance party attracted visitors from such scattered points as Sacramento, Arizona; Regina, Port Alberni and many other distant places. Many praiseworthy remarks were heard about the friendliness extended to the visitors, as well as the excellent refreshments — what else but our own local fruit. About two hundred people were there, overflowing the Youth Centre into the street which was blocked off from the sub-station to the Cannery road.

Mr. and Mrs. Harry Dracas held a family reunion recently at the home of their daughter, Mrs. Ross Arnold. Present were their sons Ernest and Robert of Vancouver and Murray of Winnipeg.

A lightning storm Monday night started a forest fire about an acre in size in the Osprey Lake area, about 20 miles west of Summerland. The Penticton suppression crew put the blaze out. Remember to watch your fires and cigarettes during this hot weather.

## Funeral Services for Mrs. A. Beaven

Funeral services for Mrs. Alice Beaven, 53, who died in Merritt on Monday, July 24, were held from St. Stephen's Anglican Church Friday morning, July 28 conducted by Rev. N. Tannar.

The late Mrs. Beaven was born in Winnipeg, Man. She was a member of St. Stephen's Afternoon Branch W.A., a member of the Ladies Hospital Auxilliary, and was formerly on the staff of the Summerland Hospital.

Surviving are her husband, Frank; one son John, in Summerland; and one daughter, Barbara in Vancouver.

Interment was in the Anglican Cemetery, on Giant's Head Road.

## Trudy reports on trip to Oliver

by Trudy Mitchell

My princesses, Dorothy and Audrey and myself, journeyed to Oliver to attend their Apricot Fundae last Friday and Saturday and we had a lovely time. The queen's committee of Oliver certainly left no stone unturned to see that we were extended every courtesy and comfort.

Friday evening we had the privilege of taking part in ceremonies crowning Judy Mitchell. Judy is a former Summerland girl and so Judy and her parents were particularly pleased that Summerland was represented. We also attended a coke party out at the Sportsman's Bowl and the Queen's Ball in the Community Hall that same evening.

Saturday morning we rode in the parade, in a convertible, driven by Mrs. Nettie Shannon. The car was decorated with yellow and white streamers and carried placards advertising our fall fruit fair, September 8 and 9. After the parade we were entertained at a luncheon held in the Elks Hall.

At this time I would like to thank Mrs. Shannon for her efforts in making ready a convertible for the parade and many other courtesies. I would also like to thank Mrs. W. Harrison, Mrs. Gordon Beggs, Queen Judy, Mr. and Mrs. W. Mitchell and my parents, for helping to make my first official engagement as your Queen a memorable one.

A hot dog beats New York's heat, where the thermometer went to 90 for the fifth day in a row. For this pooch, named Lucky, the trickle from the fire hydrant was a lucky find.

## Attendance increasing for figure skating classes

Sunday, July 30, five skaters and their supervisor, Carol Mittun, arrived from Seattle to take part in the figure skating classes being conducted at Summerland's arena. They are Patty Fitzpatrick, who is on her third figure and her pre-silver dance test; Janet Eells, working on her second figure and bronze dance

test; Kris Mittun and Allana Mittun, both working for that coveted gold medal in figure and dancing. The only male in the crowd is a handsome lad of 14 working on four figure and pre-gold dances. Most of these skaters are champions in their own club, and all are champions to their teacher.

Other new arrivals this month are David Coffin and Pat Disimone of Vancouver; Dale Hutchinson and Sharon Laird of Penticton; and Betty McInnes of Summerland.

Skaters passing tests this past week included: Bonnie Fuoco, 5 figure; Beverley Marshall, 2nd figure; Judy Steele, first figure; Anne Porritt, preliminary figure.

Dances were passed by the following: Canasta Tango: Hallie Fuegeta, Sharon Kincade; Dutch Waltz: Lynne Wayne; Haris Tango and Rocker Foxtrot: Pam Wyle.

Judges from out of town were: Vernon Hartt and Pat Warr of Penticton; Edric Oswald of Kelowna; and S. E. Angus, Nick Zuk and Ron Beattie of Trail.

## Pennask fishing

Fishing in Pennask Lake is still reported as very good but last week end some fishermen went up and found that there were no boats available. So if you intend to fish at Pennask this week end, reserve your boat early. A phone call to HY4-2939 will do it.

On Sunday there were over 50 boats out with almost every one catching their limit.

The parks superintendent of Kamloops has expressed his pleasure with the Pennask camp site and it is expected that the provincial government will further develop and enlarge the present facilities for next year.

## Judging starts on Fall Fair gardens

Summerland Chamber of Commerce has its plans for the fall fruit fair, to be held September 8 and 9 well in hand with chairman W. A. Gilmour and his committee busy sorting out the many details which go into making the fair a success. Many clubs and individuals who have exhibited in the past are being contacted, and it is hoped that anyone with or knowing of an attractive display will contact either Mr. Gilmour, Hilton Hughes or Lorne Perry for information.

The junior gardening preliminary judging is now completed with W. Ward, T. Ritchie, Mr. and Mrs. John Berg, C. Bernhardt, D. Strachan, Mr. and Mrs. J. Kirk, T. Brown and A. Watt as judges. This year there are 49 gardens being grown by Grade 5 students from seed provided by the Chamber of Commerce. At this time there appears to be a good crop of pumpkins and other produce, although the beans will be past their peak before fair time.

The Women's Institute is well ahead with their planning of the tea garden which proved to be so popular last year. Once again they will organize the fruit pie contest and the country store. This year instead of the quilt and rug contest there will be a knitting contest, to fit in with their theme of "around the world with needle and thread."

Emphasis will again be on fruit and vegetables and their products; although other displays play an important part Summerland's fall fruit fair is the largest fruit fair in the Okanagan.

The junior gardening preliminary judging is now completed with W. Ward, T. Ritchie, Mr. and Mrs. John Berg, C. Bernhardt, D. Strachan, Mr. and Mrs. J. Kirk, T. Brown and A. Watt as judges. This year there are 49 gardens being grown by Grade 5 students from seed provided by the Chamber of Commerce. At this time there appears to be a good crop of pumpkins and other produce, although the beans will be past their peak before fair time.

## Parkdale Place report

(This week we begin a new column, Report from Parkdale Place, written by Mrs. Mabel Atkinson, a resident of Summerland's new senior citizens home. The reports, which will appear periodically, will deal with birthdays, visitors and other happenings at Parkdale Place.)

It is with extreme satisfaction that the citizens of Summerland look upon the realization of their efforts to provide a home for senior citizens, now in operation.

Nowhere in our province has any home drawn forth such exclamations of surprise at the modern architecture, the luxurious furnishings, the modern equipment, set in such majestic beauty of mountain scenery as the culmination of Summerland's dreams.

The gaily running through the halls attribute to the happiness and satisfaction of the residents and the efforts put forth by the staff to provide excellent meals and a cordial relationship is appreciated.

Entertainment is not forgotten. During the month an excellent showing of pictures, taken in Yellowstone Park, the Rose parade at Pasadena and local scene were given by Mr. and Mrs. Howard Milne.

Mr. and Mrs. J. S. Burden of Burnaby, who have toured Japan, showed pictures of the many temples and the exotic beauty of the scenery there. Their son Donald a student in Japan at present, paid us a visit, being the grandson of one of our residents.

Mrs. E. F. McClement, one of Summerland's pioneers, had the honor of celebrating the first birthday. She claims being beyond the four score mark.

The visitors have been too numerous to mention from within the province, but names have been registered from Prince Edward Island, and from Ontario we've had Hamilton, Elora,

Brantford, Powassan and Elliot Lake, Virden, and The Pas from Manitoba; Saskatoon, Estevan, Carnduff from Saskatchewan; Peace River, Panoka, Drumheller, Fairview, Edmonton and Calgary from Alberta and from across the border, Minneapolis, Oroville, Seattle, Spokane and Billings have sent guests. No doubt these visitors will carry home ideas of duplicating our home in their own location. No thanks to the promoters of our home is sufficiently adequate to express appreciation for the time and energy expended in the planning and construction. May they receive their reward from the blessings poured out by all residents, both present and in the far away future.

## Rotary Club to host District Governor

Oscar L. Boose

The Rotary Club of Summerland on Friday, August 11 will be host to Oscar L. Boose, Governor of District 506 of Rotary International, who is making his annual official visit to each of the 25 Rotary Clubs in District 506. This District comprises ten Rotary Clubs in Canada and fifteen Rotary Clubs in Central Washington. He will address the local Club and confer with president Harvey Wilson and secretary S. A. MacDonald, and committee chairman on Rotary administration and service activities.

ties.

Mr. Boose is a retired lawyer in Sunnyside, Wash., and is a member and past president of the Rotary Club of Sunnyside. He was one of the charter members of his club and has been a Rotarian for the past 35 years. He was elected as District Governor of District 506 for 1961-62 at Rotary's 52nd annual convention in Tokyo last May. He is one of 269 district governors supervising the activities of more than 11,000 Rotary Clubs which have a membership of 509,000 business and professional executives throughout the world.

The ideals of Rotary, which have spread around the world, are based on the same general objectives, namely, developing better understanding and fellowship among business and professional men, promoting community betterment undertakings, raising the standards of business and professions and fostering the advancement of understanding, good will and peace among all the peoples of the world.

Each year, this world wide service organization continues to grow in numbers and in strength. During the past year more than 300 new Rotary Clubs were organized in 43 countries of the world.

Here's a little lady who knows exactly what to do about the soaring temperature—just get into a bikini and contemplate a nice, cool dip in the back yard pool. The youngster is 2-year-old Kim Whyte of Oakville, Ont.

Mr. and Mrs. A. J. Beer, of Pacific Palisades, Calif. and Mr. and Mrs. Gordon Beer and family of Nappa, Calif. are visiting old friends in Summerland.

Mr. and Mrs. Palmer Hoem of Mission are holidaying at the home of her mother, Mrs. Hilda Allison on Station Road. Mrs. Hoem is the former Carole Allison.

Mr. and Mrs. Hugh McLarty and family of Prince George are visiting his parents, Dr. and Mrs. H. R. McLarty.

Mr. and Mrs. Jake Godfrey and Mr. and Mrs. Bill Godfrey and son David of Kitchener, Ont. spent the last week end with Mrs. M. E. Kercher.

Mrs. J. Dowse and sons George and John of Montreal are here for a months visit with her sisters, Mrs. William Downton and Mrs. Roy Sifith and their families.

Mr. and Mrs. Ray Brown of Vancouver have moved into residence at Trout Creek. Mr. Brown will teach at West Summerland and Mrs. Brown will teach at Trout Creek.

Mr. and Mrs. Ronald Lyons of Burnaby are visiting Mr. and Mrs. Ray Brown.

Mrs. K. Higgins has returned to Vancouver after spending a week with Mrs. M. E. Kercher.

Mrs. Jack Brown of Scotland is visiting her aunt Mrs. Dan Rutherford and Mr. Rutherford for a month.

Mr. and Mrs. R. Shannon visited William Jenkinson at Vernon hospital on Sunday. Friends will be pleased to hear that Mr. Jenkinson is much improved.

Mr. and Mrs. C. E. Mortimer and three children of Delburne, Alberta, are visiting with Mr. and Mrs. E. O. Mortimer.

Mr. and Mrs. H. Keibel are visiting at the home of Mr. and Mrs. C. R. Adams.

Mr. and Mrs. Douglas Gow of West Vancouver are visiting her parents, Mr. and Mrs. Reid Johnston.

Mr. and Mrs. Leo Lizee and children of New Westminster are staying at Miss Ruth Dale's cottage at Crescent Beach.

Mrs. E. M. Lane of Penticton and granddaughter Laverne Campbell return home today after a months holiday visiting relatives in Saskatchewan and Alberta.

Mrs. M. Leeder of Vancouver is visiting her sisters, Florence and Eva Howden.

Mr. and Mrs. John Winter of Vancouver are staying at the home of his parents Mr. and Mrs. T. H. Winter while they are at the coast for a week.

Mr. and Mrs. Elmer Dent and daughter have returned to Crescent City, Calif. after visiting the Ray Leinors.

Mr. and Mrs. Ken Walden of Edmonton are visiting his mother, Mrs. T. A. Walden.

Don Tait and Charlie Leinor are in the Cathedral Range camping for a week.

Mrs. M. L. Laidlaw of Trout Creek returned Sunday from Brandon, Manitoba.

Mr. and Mrs. J. D. Park, John and Bobby of Calgary, are visiting Mrs. Park's parents, Mr. and Mrs. A. C. Fleming.

Mr. and Mrs. L. Rumball and son Kevin went to Vancouver on Sunday and will travel home via the Caribou.

Mr. and Mrs. Walter Charles and Ruth of North Vancouver are leaving for home this week after visiting with his mother and father Mr. and Mrs. Vern Charles.

Mr. and Mrs. Frank Fisher of Ladner are visiting at the home of Mr. and Mrs. Ivar Nilson.

Mrs. Balmer of Vancouver is a guest of Mr. and Mrs. Lee McLaughlin for two months.

Mr. and Mrs. Jack Morphy are visiting their son and daughter in law, Mr. and Mrs. O. Morphy.

Mrs. Friesen of Chilliwack and Mrs. Pearl Peel of Penticton are guests of Mrs. G. Inglis for a few months.

Miss Nancy Gadbury of Orville, Wash. is visiting with Mr. and Mrs. Channon Snow.

Mr. and Mrs. Gilbert Jacobs of Oregon are spending the week with his parents, Mr. and Mrs. Frank Jacobs.

Dr. W. T. Stephens and his daughters Dana and Chaddus of Corvallis, Oregon, were here visiting his mother, Mrs. S. Procoronoff over the week end. Dana will remain with her grandmother for the rest of the summer.

Mrs. M. Slee of Victoria is visiting with Mr. and Mrs. H. Ward.

## Crying towel

As Canada expresses concern over the possibility that Great Britain might enter the European Common Market we are amazed at the insular viewpoint of the Canadian government.

For centuries Britain has sought to be of but not part of Europe.

Now the vigor and potential of the new economy of Europe cannot be ignored by Britain. It should not be ignored by Canada.

Very recently the government of Canada turned Great Britain down when the mother country sought to have complete free trade with Canada. It should be obvious to Canadian spokesmen who are now piously crying foul that Great Britain has had to seek other arrangements.

The realities of Great Britain's position in the European trading bloc will not disappear by having Canada reaching for the crying towel.

Far too much of the trade position of Canada reminds us of Canada's cry in the thirties: "We will blast our way into the market places of the world." We know that this meant then as it does now — "strictly on our terms."

This cannot be.

The simple fact is: we must SELL our way into the market places of the world.

## An anniversary of note

Seventy-five years ago this month Ottmar Mergenthaler, an obscure German inventor, invented the linotype. Thomas Edison called it the eighth wonder of the world.

The New York Tribune was the first to use it in its July 4, 1886 issue.

This meant the end of type-setting by hand. After that a linotype operator, using a keyboard similar to that on a typewriter, was able to do the work automatically.

The production of newspapers, books and periodicals was speeded enormously with the advent of the linotype. The press could give the customer pages of documented news, mere hours after events happened.

At present over 900 languages and dialects are set in type by Mergenthaler's "wonder". This type you are reading was set on a linotype.

Thomas Carlyle said: "He who first shortened the labor of copyists by device of movable types was disbanding hired armies, and cashiering most kings and senates, and creating a whole new democratic world."

## CHURCH SERVICES

### Summerland United West Summerland Church

Minister: Rev. P. K. Louie

Worship Service:

Sunday 11:00 a.m.

Visitors and tourists are welcome

To all who would know God and do His will — to all who would live and serve to make the world Christian — to all who would seek comfort and would find peace — to saint and sinner, this church opens wide its doors, and in the name of Christ, bids you welcome.

## This week in your orchard

by Alec Watt

Pest situation needs close watching

Weather conditions in 1961 have been favorable for most of our serious fruit pests. Here in tabled form is the situation regarding the more serious pests.

**Codling Moth**

The latter half of May and all of June were extremely favorable to moth development. Second brood larvae are now entering apples. A second brood Codling Moth spray will probably be necessary in most orchards. This should be completed by now.

**Mites**

June and July have been favourable to mite development. Early sprays of Tedion have been favorable to mite development. Early sprays of Tedion have kept Red Mite and McDaniel Mite down on apples. In a few cases Rust Mite have been found where Tedion was applied. Pears and Peaches have tended to have more European Red Mite than usual and sprays have been necessary in some orchards. From now on McDaniel Mite will probably tend to build up in apples. The centres and tops of the trees will need watching closely. The miticides currently

in use are slow acting and will need to be applied as soon as there are signs of a mite build-up.

**Apple Scab**

Early May and the first half of June were favorable to Scab development. There is now more Scab in the Summerland area than we have ever seen before.

The important thing now is protection against Pin-point Scab which may develop in stor-

ed apples if the fall is rainy.

The application in early August of Dodine at 2 lbs. per acre is considered excellent protection against late developing Pin-point Scab. Where Dodine has already been applied in two cover sprays this August spray should not be necessary. The burning question "Is this August Scab spray needed in all orchards?" can best be answered by growers themselves. Certainly where there has been a history of Scab or where an appreciable amount of Scab was found during thinning the wisest thing is to put it on.

## Joke of the Week

"Now that you've learned to wiggle, all you have to do is learn to play the guitar!"

## Airshow highlight at 55th Regatta

It's not likely that any member of the RCAF's Golden Hawks will be the first person to fly to the moon but if number of flying hours counted, they'd already have been there. The seasoned pilots of this aerobatic team have a combined experience of over 20,000 hours — enough time in a Sabre jet to make 27 (that's right, 27!) return trips to the moon.

Their appearance at the 55th annual Kelowna International Regatta on August 10th will mark the first time they have ever performed in an interior British Columbia city. The dazzling 20 minute display of aerial maneuvers will begin immediately after the Regatta parade in front of the grandstand.

Exhibitions by the Golden Hawks consist of both formation and solo flying. Taking their cues from the team leader, they whip through a series of graceful aerial maneuvers. Their air shows are usually climaxed by the famous bomb burst and cross over, which takes them high into the sky trailing streams of red, white and blue smoke, and then brings them swooping down from the four points of the compass to cross paths at low level.

There are probably more queer fish in the sea than ever came out of it. This washed ashore near Sydney, N.S., recently and is still unidentified. Its shape is like a flounder, it has a seal-like tail and flippers, no fins, two pocket-like openings under its flippers which seem to be blind, no gills. On the underside there are two appendages that resemble small hands with five distinct fingers. It has nostrils and eyes and shark-like teeth.

## Red Sox end season with three wins

The Summerland Junior Red Sox finished the season with a three game winning streak as they defeated Keremeos on Wednesday night by a score of 5-0. Skinner was the winning pitcher.

On Friday night, under the light in Penticton, Jim Sheeley pitched his club to a 9-8 win over Penticton, and on Sunday in Kelowna the Red Sox got by Kelowna 15-12 with Garry Thompson getting the win. He also hit a two run homer to win his own ball game. Thompson had to have help from Sheeley, who pitched two hit ball for three innings.

On Monday night Vernon defeated Kamloops 11-2 to gain the last play-off spot.

Final league standings are:

Team	Won	Lost	%
Vernon	17	7	.739
Merritt	12	11	.521
Kelowna	12	12	.500
Kamloops	12	12	.500
Summerland	11	13	.458
Penticton	10	13	.434
Keremeos	7	14	.333

Final batting averages for the Red Sox were:

Player	AB	H	%
Thompson	67	28	.418
Parker	51	15	.295
Partridge	75	21	.280
Skinner	58	13	.224
Beck	63	14	.222
Uchida	63	14	.222
Pushkarenko	60	13	.216
DeWitt	84	17	.211
Jomori	64	9	.140
Sheeley	37	5	.135
Lackey	18	2	.111
Beggs	74	7	.094

## ENJOY... Electric Air Conditioning

It isn't the Heat — It's the Humidity — and Electric Air Conditioning is the one sure way to remove the discomfort of hot, humid days.

High humidity prevents the evaporation of perspiration and you feel hot and sticky. Air Conditioning will make you feel like a new person in the hot summertime. Its humidity and temperature controls will give you real comfort.

The air will not be too cool, nor too damp — but rather, you will have a feeling of springtime comfort all summer long.

Plan to enjoy real comfort this summer—install **AUTOMATIC ELECTRIC AIR CONDITIONING**

# Focus On Canada

## Nova Scotia

### The Place

Area—Land, 20,402 square miles; water, 1,023 square miles; total, 21,425. The second-smallest province.

Capital — Halifax (Population 164,200.)

Terrain — Numerous bays and coves along the coast, with fishing villages on the rocks; inland, the old mountains are worn into rolling hills, broken by lakes and streams. There are extensive timberlands. Back from the western shore, dairying thrives in the meadowlands, and fruit-growing in the Annapolis and Cornwallis Valleys.

Climate — Moderate, with generally warmer winters and cooler summers than Ontario. Average winter temperature is 27 degrees F., and summer 72 degrees F. Annual precipitation ranges from 35-50 inches.

Dollar value of main products by per cent.: Factory, 48.4%; fishing and farming, 43.9%; mining, 17.4%.

Nova Scotia produces one-third of Canada's coal supply, and has, at Sydney, the third-largest steel works in the nation. There are extensive fisheries off the east coast, producing cod, haddock, herring, lobsters and mackerel.

Halifax is one of the principal winter trading ports of Canada, with a magnificent harbor.

### The People

Population—723,000.  
Per square mile—34.05.

Races—33% are of English descent, 25% are of Scots descent. Other major groups are Irish, French, Dutch and German. There are approximately 2,000 Indians.

Religion — Roman Catholic, 33%; United Church, 21%; Anglican, 18%; Baptist, 15%; Presbyterian, 7%.

Politics — Provincial seats: PC 27, Lib. 15, CCF 1. Federal seats: PC 12.

Became province—Nova Scotia was a reluctant member of Confederation in 1867, and there is still some discontent about it.

Nova Scotia was probably the Vineland visited, and named by Lief Erickson about 1,000 A.D.

(Compiled by Walter Stewart, Toronto Telegram News Service)

## Funeral Services for Mrs. Christina Schramm

### Kiwanis Club Notes

Supper was enjoyed on Tuesday night on Johnny Betuzzi's lawn and everyone was very grateful for the cool shade trees that were around.

Four guests were present with us, Ken Nistor of Summerland; Jim Dunn, Harold Johnstone of Kelowna and Harold Brooks of Meidcine Hat.

Members are again reminded of the convention in Spokane August 20, 21 and 22.

It was reported that the carnival on last Saturday night was one of the most successful ever held. Special thanks for their help and work was extended to John Dunn, Lee Trafford and his Key Club members, Jerry's brother in law and mother in law, Mrs. Smith and Les Smith, Roger Solly, and a special vote of thanks to the municipal council for the courtesy of the street. Thanks was also sent to the Kiwasa ladies, who worked like Trojans both before and during the fair.

Next week the Club will meet at Walter Toeves' house.  
The Scribe.

Mrs. Christina Schramm of West Summerland, passed away in the Summerland General Hospital, Friday, July 28, at the age of 61 years. Mrs. Schramm had been a resident of West Summerland for the past five years.

She is survived by five daughters, Katherine (Mrs. M. Walsh), Grand Prairie, Alta.; Phyllis (Mrs. H. Erbach), Colmer, Sask.; Hilda (Mrs. A. Propp), Melville, Sask.; Mary (Mrs. J. Karpo) Edmonton, Alta.; Miss Tillie Schramm, Edmonton, Alta.; five sons, Johnnie, Louis, William, Karl and George, of West Summerland; 16 grandchildren; one brother, Jack Rathgeber, Melville, Sask.; one sister Katie (Mrs. F. Barbe) of Churchbridge, Sask.

Funeral services for the late Mrs. Schramm were held in St. John's Lutheran Church, West Summerland, Tuesday, August 1 at 2 p.m., Rev. C. O. Beiderwieden officiating. Interment in Peach Orchard Cemetery.

Under the Giant's Head

For one of the first times this summer no precipitation was recorded at the Research Station during the past week. Total rainfall for July was 1.14 inches. Highest temperature in July was 97 degrees and the lowest was 47. 77.4 hours of sunshine were recorded during the past week.

	High	Low
August 2	92	62
August 3	95	66
August 4	95	63
August 5	84	69
August 6	84	54
August 7	87	56
August 8	85	65

Summerland Women's Institute won first prize in handicraft for organized groups at the Peach Festival last week. Mrs. George Inglis won first in open class of three entries of fanciwork.

Do you like canned fruit? Of course you do, and so do our senior citizens at Parkdale Place. Perhaps you have a few jars you don't need, or even some fruit to spare. If you have, or if you would be willing to lend a hand with the canning, phone Parkdale Place and let them know what you have to spare jars, fruit or time.

If you would like an extra copy of the Summerland Junior Red Sox telephone directory, drop in at the Review office, and pick one up.

The only information we have been able to pick up regarding the Okanagan Arc mentioned here last week, is that it is also seen in Calgary. Maybe some of our readers know of legends or true stories about this phenomena. We'll be glad to use any information brought to us.

Once again Bill Gallop has produced a riot of color in the flower boxes in West Summerland. Petunias, and geraniums cluster around the broad bronze leaves of the beautiful pink flowered canas with red and gold hybrid and yellow glitter marigolds peaking through. The flowers that look rather like large spiders are called cleome and show up well amid the brighter colors.

Nearly fifty ladies enjoyed a coffee party or WI members and friends at the home of Mrs. Eric Tait Wednesday morning. The next party will be at the home of Mrs. L. W. Rumball, Quinpoole Road, on Wednesday, August 23, with Miss Mary Scott as co-hostess. The ladies from Parkdale Place have been invited as guests.

Mr. and Mrs. W. W. Borton will hold a family reunion and open house, August 22 from 2-5 p.m. and 7-9 p.m. The Borton's are celebrating their 50th wedding anniversary.

# The Summerland Review

Thursday, August 10, 1961

West Summerland, B.C.

Volume 16, No. 32

A mammoth whale with underwater fairyland inside it, will be the theme centrepiece of the Pacific National Exhibition's Marine Festival Aug. 19 to Sept. 4. The giant "walk-through" will be 40 feet high and 80 feet long. It will feature life-like rolling eyes, and sprout water 50 feet in the air.

## Codling Moth control area to be established here

Mr. Charlie Bernhardt, president of the Summerland BC-FGA-Local, and Mr. Hans Stoll, attended council Tuesday night to discuss setting up a codling

### PARKDALE PLACE FULL

Councillor Norman Holmes reported Tuesday night that Parkdale Place is now full to capacity. He suggested that another room could be made available by converting the room set aside for a trunk room into another unit. Sufficient storage space has been made available by using the drying room as the home has been equipped with an electric dryer. Council will make an estimate of costs for installing a sink and clothes closet for another unit.

## No fires at Pennask during day

A stern no fire warning was issued at Pennask Lake picnic site last Sunday by the district fire warden, D. Dewitt of Merritt.

Mr. Dewitt was up looking at the new camp and stressed that during the high hazard season no fires must be lit between 8 a.m. and 8 p.m. and that under no circumstances must a fire be left unattended.

The Summerland Rod and Gun Club asks that these regulations be adhered to as failure to do so could cause the road to be closed during this dry season.

Work is continuing at the camp with a well for drinking water being dug, and a pump with 200 feet of hose has been set up for the camp.

Fishing is excellent and the number to call to reserve a boat is 474-1111.

moth control area locally.

Mr. Bernhardt stated that with the warm weather this year fruit pests have been such a problem that some orchardists have been spraying every ten days. The long steady heat spell this year has made codling moth and other insects difficult to control.

Although it is too late this year to take any action, council will prepare a bylaw now so that it can be enforced as early as necessary next spring. Under the bylaw a committee is set up comprised of three growers and an inspector appointed by the department of agriculture. The committee may de-

### BEACH FOR WATER SKIERS

A letter was read at council signed by six local water skiing enthusiasts asking that a portion of beach be made available for water skiing. The letter asked specifically that the portion of beach near the property of Mrs. Collas at Crescent Beach be set aside for this purpose. Council discussed this move and decided that due to the number of persons water skiing, an area of beach should be designated solely for their use. Signs to this effect will be posted.

## Lineman burned by hot wire

Eddie Lloyd, an apprentice lineman of the municipal electric crew, was seriously burned last week when changing a wire on a pole on Quinpoole St. He was badly burned on his hands and shoulder by a hot wire. He fell two feet down the pole where he was held by his safety belt. Lloyd was taken to Summerland General Hospital and later sent to a hospital at the coast. Cause of the accident is unknown.

clare an unsprayed orchard abandoned. The fruit or trees must be removed to prevent attack by codling moth and spreading to other orchards. At least four sprays are needed, it was stated. Warnings will be given to offenders before any action is taken.

It was reported that Peach Lake, Naramata and Penticton already have moth control centers and that the Kelowna council is considering establishing regulations.

Alec Watt, district horticulturist reports that he has received numerous complaints of unsprayed trees this year.

## Addition to cold storage at Co-op

Work on the new \$72,000 addition to the cold storage plant of the Summerland Co-op Growers Association packinghouse is proceeding rapidly.

The addition, being built by Dalrymple Construction Ltd. of Penticton, is of the same type as the existing plant, tilt-up slabs. Concrete for the walls is poured on the ground, and after fourteen days, a 35 ton capacity crane tilts the 20 ton slabs up into position. The Arrow Transfer Co. of Vancouver supplied the crane for the big lift.

The addition will be completed early in September, bringing the Co-op's total cold storage capacity up to approximately 200,000 boxes.

The refrigeration units to be installed will be similar to the ones presently in use in the main refrigeration unit.

Assistance in the building of the cold storage addition is given by the Cold Storage Subsidy Branch of the department of Agriculture, Ottawa.

## Tourist season here reported as good

Reports from motel and camp site operators in the Summerland area show that things are much the same this year as last in the tourist business. Generally speaking, while some weeks show lower registrations than last year, other weeks show higher registrations, evening out the average.

In West Summerland, the L & L Motel reports that this year they have had more American guests, while last year there were more Alberta guests. With one more unit added this year, the registrations have not increased appreciably. Down on the lakeshore the OK Valley Auto Court reports that their registrations are mostly families who come to stay for a week or more, while the L & L has more overnight only guests. The Lakeshore Tent and Trailer Camp finds that they have mostly B.C. people with more tenting than in trailers, although the number of trailers is increasing. Here too, the length of stay averages a week to ten days.

The municipally operated Peach Orchard Campsite reports a more even flow of people than last year, but the average is about the same. Most people stay for three or four nights, but quite a few families return year after year.

On Highway 97 the Pleasant View Motel has had a larger number of U.S. guests this year with quite a few previous guests returning. At the information bureau there have been fewer people asking for information.

North of Summerland, the government operated Okanagan Lake campsite added 50 new tent spaces this year. During July, almost 2,200 tents were pitched there, mostly only staying for a day or two. August promises to be a much busier month with almost 900 reported for the first nine days. It is interesting to note that of the campers at Okanagan Lake almost one-quarter of the total registering since the camp was

opened in April were from the U.S.; more than one-half were from B.C. and less than a quarter from all other parts of Canada.

No report was available from the Cedar Brooke Auto Court at Trout Creek.

On the whole, Summerland seems to have had a fair to good season, and has a good chance of improving in the last part number of tourists so far this of August as the peaches begin to ripen and people come to spend a few days before returning home with their Okanagan fruit for canning.

## Trudy reports on Peach Festival

by Trudy Mitchell

Another busy week has past, with your royal party taking part in Peach Festival festivities. Tuesday evening we were invited to Summerland Pairs and and Squares trail dance and I had the privilege of welcoming visitors from many parts of the United States and Canada on behalf of the Chamber of Commerce.

Wednesday evening we took part in ceremonies crowning Eleanor Pearson, Queen Valvedette XIV in the Gyro Park prior to a gala evening in which we attended a coke party at the home of Mr. and Mrs. H. Geddes at Skaha Lake. Following the coke party we attended the lovely queen's ball in the Elks Hall.

Thursday afternoon we attended the Queen's Tea at the home of Mr. and Mrs. George Robinson, Skaha Lake. The gardens were beautiful, and made a perfect setting for this formal tea. We were introduced to the Peach Festival officials, visiting royalty and dignitaries.

Thursday evening we rode in the parade on the Chamber of Commerce float. We heard many favorable comments on the beauty of the float which made us proud to be Summerland's ambassadors.

Daredevil Ray Weaver took this torpedo-like craft through the mighty whirlpool rapids beneath Niagara Falls last week. The steel craft was caught for more than four hours in the whirlpool and miraculously escaped being sucked more than 200 feet to river bottom. It is a prototype of a planned rescue craft for the mighty river.

### Should cool pears rapidly

Pears will keep longer when cooled rapidly after picking, reports S. W. Porritt of the Research Station. Lowering core temperature quickly to 30 degrees F after harvest reduces the rate of yellowing and early core breakdown in storage. It

does not freeze the pear. At Summerland, core breakdown in Bartlett pears cooled to 30 degrees F within one day of harvest was only eight per cent as compared with 80 per cent for those cooled during a 10 day period.

### Parity development bonds issued for B.C. Electric

Premier W. A. C. Bennett announced last week that a one hundred million dollar issue of British Columbia Electric Company Limited Parity Development Bonds, carrying a 5 per cent interest rate and maturing

in four years, will go on sale to the public Wednesday, August 9th.

As in the case of past issues of parity development bonds, the new issue will be unconditionally guaranteed by the Government of B.C.

Date of issue of the bonds, which may be purchased from any bank, trust company or investment dealer in the province, will be September 1st. Maturity date will be Sept. 1, 1965.

The Premier said the new issue is being floated to reimburse the treasury of the new publicly owned B.C. Electric Company for the payment of \$110,985,045, made to the B.C. Power Corporation Limited, parent company of the old privately owned B.C. Electric as compensation to the Power Corporation for its holdings of B.C. Electric shares.

The Premier stated further that the one hundred million dollar issue will be the last new offering of parity development bonds to be made by the government. Although refunding, in whole or in part, of existing issues may be undertaken in the future, the total capital amount to be raised for Crown agencies through the medium of parity development bonds will be reached with the current issue.

The Premier pointed out that the last such issue, a fifty million dollar offering made in July on behalf of the British Columbia Toll Highways and Bridges Authority, was over subscribed in two days. He suggested that the many investors who were unable to purchase bonds at that time will find the new issue — which is identical in all respects except the four year term — an equally attractive purchase.

"Based on the experience of past offerings of parity development bonds, I would also suggest that orders be placed as soon as possible," said the Premier. "Preference will be given as in the past to British Columbia citizens, but because parity bonds have demonstrated that they are the best bonds available anywhere, the demand for the new issue will be exceptionally strong. Therefore, I would urge early placement of orders in order to avoid disappointment."

# Announcing B.C. Electric Parity Development Bonds

—to mature in 4 years

**UNCONDITIONALLY GUARANTEED BY THE PROVINCE  
OF BRITISH COLUMBIA AND REDEEMABLE ANY TIME  
AT THE FULL PURCHASE PRICE**

**DENOMINATIONS:** Bearer bonds are available with coupons attached in all denominations — \$100, \$500, \$1,000, \$5,000, \$10,000.

**INTEREST:** Interest at the rate of 5% per annum will be paid quarterly on the 1st day of December, March, June, and September during the currency of the bond.

**DATE OF ISSUE:** September 1, 1961.

**DATE OF MATURITY:** September 1, 1965.

**REDEMPTION:** Should you need the money in a hurry you will be able to cash these bonds at par value at any time you wish, at any bank in the Province of British Columbia.

**REGISTRATION:** Bonds of \$1,000, \$5,000, \$10,000 and \$25,000 can be fully registered.

**AUTHORIZED SALES AGENTS—ALL BRITISH COLUMBIA BANKS,  
TRUST COMPANIES, AND LEADING INVESTMENT DEALERS**

This issue of B.C. Electric Parity Development Bonds gives B.C. families an exceptional opportunity to profit financially from the steady growth of a large public utility.

With its vast network of power and natural gas facilities, the B.C. Electric is an integral part of British Columbia's thriving economy. It supplies electricity and gas to homes and industry in the most heavily populated areas and is geared to keep pace with British Columbia's vigorous industrial development, population growth, and ever-increasing need for power. Backed by the resources and the future of the Province, the B.C. Electric Parity Development Bonds are the soundest bond buy on the market.

## Watch for animals

The bodies of small animals litter many Canadian roads during the summer months. The Society for the Prevention of Cruelty to Animals calls the automobile "one of our most effective game predators."

It rivals, claims SPCA, the shrew, the weasel, the fox, the dog, the house cat and the coyote in its destruction of wild life. The hunter and his gun kill no more game during the season than the automobile. In Pennsylvania, a 1958 survey revealed 8,393 deer killed by motor vehicles. In Ontario, no records have been kept but thousands of rabbits, possums, raccoons, porcupines and other small wild life meet death under vehicle wheels.

Besides the toll of game in traffic, hitting a small animal can spell disaster for a motorist. Should his front wheels strike a skunk or porcupine, he could lose control of the car in seconds and end up in a deep gully or ditch. The least that can happen is severe fright or a damaged steering mechanism from the blow.

Larger animals are another problem. A horse or a cow, straying onto travelled roads, is not generally killed by automobiles, but there have been such incidents, and the motorist and his vehicle usually lose almost as much as the animal. Never try to rush a horse or cow off the highway. Slow to a minimum speed and "edge" it out of the way. It could happen that the animal will get into the spirit of the argument and lash out with flying hoofs. Usually both animal and vehicle need attention after such an occasion. Canada's criminal code requires the motorist to "take reasonable steps to find and inform the owner of the animal." Failing that, get in touch with the nearest police or SPCA office.

Nobody expects a motorist to avoid striking a wandering animal at all costs, especially if human life would be endangered. But it would be wise to remember this advice:

"Animals were never very smart pedestrians"

The first of 4,000 boxcars on the Canadian Pacific Railway to carry a bright red shield to the left of the door advising that the cars are exclusively for newsprint service have been placed in service by the railway. The cars, 22 in number, are shown as they arrived at Montreal from the National Steel Car Plant at Hamilton, Ont. They were the first of 1,150 new boxcars Canadian Pacific is acquiring this year for the "Red Shield Fleet". Shown as he inspect-

ed the new arrivals (inset) is F. K. Hollyman of Montreal, general freight traffic manager for Canadian Pacific. Another 2,850 cars will be up-graded to protect shipments of newsprint being handled by Canadian Pacific. The 4,000 car fleet is part of the railway's effort to provide the utmost in transportation service to the \$1.5 billion a year Canadian pulp and paper industry whose exports exceed \$1.1 billion a year.

## CHURCH SERVICES

Summerland United West Summerland Church Pentecostal Church

Minister: Rev. P. K. Louie

Worship Service:  
Sunday 11:00 a.m.

Visitors and tourists are welcome

To all who would know God and do His will — to all who would live and serve to make the world Christian — to all who would seek comfort and would find peace — to saint and sinner, this church opens wide its doors, and in the name of Christ, bids you welcome.

## What Christ means to us - significant living

by Rev. Lyle Kennedy

Text: "Jesus . . . saith unto him. Go home to thy friends, and tell them how great things the Lord hath done for thee, and hath had compassion on thee."

This man could now begin to live significantly. Now he counted. He had a place that was all his own in God's purpose.

This was, in effect, what a man of the depressed classes in India said. When he was asked what Christ had done for him, he replied, "So I could be a man. None of us was a man. We were dogs. Only Jesus could make men of us."

Christ restores our self-respect, which is a first step toward significant living. Note how he did this in the personalities of the woman taken in adultery, Jachaeus and others.

Christ makes us aware of our human value. Whoever we are, however ignored, Christ died for

us. The Cross makes every life significant. It is a great thing to be loved. It is a great thing to have died for.

Christ teaches us that each man has at least one talent, and the consecrated use of that talent will bring the Master's commendation, "Well done!"

He calls each person to do distinctive service. It may be humble service, but it is related to God's Kingdom, to his ongoing purpose. That makes it wonderfully significant.

A poem entitled "Missing" by Stanton A. Coblenz, is worthy of quotation in this connection. "And if an ant returns not to the hive,

Who shall record the casualty, or mourn?  
Whether he's crushed, or swallowed, or alive,

The multitudes of the nest throb on and on.

And if a man, where traffic torrents flow,

Returns not to the mine, the wharf or shop

Who but a thimbleful of friends shall know?

The world's tumultuous currents cannot stop.

And yet I like to think some Power that scans

Star-swarms and galaxies as

they whirl in space

Looks down with vision more acute than man's,

And on a street will mark each missing face;

And where blind myriads tunnel, swarm and prey,

With pitying gaze note one small ant astray."

## Building values continue to rise this year

Building expenditure in Summerland is up approximately \$345,220 this year over the first seven months of last year. Total to date this year is 86 permits valued at \$520,710 compared to 69 permits in the same period last year valued at \$175,490.

In July of this year 3 dwelling permits for \$17,000; 7 alterations and additions for \$8,535;

1 commercial (Canadian Legion) for \$50,000; and 2 commercial alterations and additions for \$2,800 were issued. Total for July of this year is \$78,335, as compared to 6 permits for \$15,580 issued in July of last year.

There were 16 electrical permits issued during July.

## IT HAPPENED IN CANADA

By Mal  
Campbell

**B**RAVE MADELEINE DE VERCHÈRES HELD HER FATHER'S FORT, FROM A HORDE OF IROQUOIS SO GOES THE REPORT, SHE ASKED, "ARE YOU INDIANS OR PRE-MEDS WITH A LOAD? FOR MCGILL UNIVERSITY IS JUST DOWN THE ROAD"

# Local girl wed in lovely ceremony

Deep red and white gladioli were the lovely floral decoration in Summerland Baptist Church for the wedding of Eileen Linda daughter of Mr. and Mrs. Adam Arndt, to Ernest Steven Sari of Penticton, son of Mr. and Mrs. Steve Sari. The ceremony took place on Saturday afternoon, July 29, at four p.m. with Rev. Lyle Kennedy officiating.

Given in marriage by her father the bride had chosen a beautiful wedding gown of lace and net over satin. A lace bodice was styled with a square neckline and trimmed with seed pearls and sequins. The sleeves were long and lily pointed. A full skirt was of net and lace. Completing the bridal picture was a pearl trimmed lace crown securing the finger tip veil of tulle which had an embroidered edge.

Miss Norma Arndt of Summerland was her sister's maid of honor and the bride's niece, Miss Barbara Lynn Jaster, of Kelowna was junior bridesmaid. Two flower girls, Nancy Lynn Barg of Summerland and Deborah Anne Jaster of Kelowna were nieces of the bride also.

All of the attendants wore matching short turquoise dresses of silk organza with turquoise flowers and veiling headdresses.

The maid of honor carried white gladioli intermingled with pink chrysanthemums and the three nieces had white gladioli with yellow mums.

The groom's cousin, George Nameth of Keremeos was the

best man. Ushers were the bride's brother, Herbert Arndt of Summerland and Gabriel Nameth, a cousin of the groom from Keremeos.

Miss Ruth Dale was organist for the ceremony and the bride's brother-in-law and sister, Mr. and Mrs. Ray Jaster of Kelowna sang "A Wedding Prayer" as a duet.

At the reception following in the church hall Mrs. Arndt received wearing a blue lace dress with matching jacket, white accessories and corsage of pink gladioli. The groom's mother was in beige with a matching nylon duster. She wore a white hat and coral colored gladioli in a corsage.

For travelling to points north on a honeymoon trip, the bride changed to a white frock polka-dotted in mauve worn with mauve and white satin accessories.

On their return the young couple will make their home in Princeton.

Among out of town guests were Mr. and Mrs. Gus Lemke and Gordon of Calgary, Mr. and Mrs. Roger Smith and Julie of Edmonton, Mr. and Mrs. Ray Jaster and family of Kelowna; the groom's grandmother, Mrs. C. Sakal, Mr. and Mrs. Joe Sebak and son, Osoyoos; Mrs. G. Nameth and sons George, Gabriel and Ernest, Keremeos; Mr. and Mrs. Henry Mal, Mr. and Mrs. George Zedna; and family of Penticton.

Glasses for the ladies are getting really fancy. This is one of the latest styles in frames. Opticians say if you have to wear glasses, make the most of them.

A plant's leaves must breathe and a touch-up with a damp sponge now and then keeps them clear of dust. With the same kind of casual attention a

new vinyl upholstery that breathes "Vynair" can be kept in peak condition. This Trendholm group of Danish design, exhibited at the Toronto Furniture

Show, is covered in a petitpoint pattern in tangerine, one of the 12 new colorful notes for spring in this range.

## Comings and Goings

Mr. and Mrs. G. C. Harper had as their guest over the week end, their niece, Miss Norma Wylie of Singapore, en route to her home in Calgary. Miss Wylie has spent the past two years with the World Health Organization in Singapore and following her three month furlough she will return there for one more year.

Mr. and Mrs. W. Dickie and family have returned to Calgary after visiting Mrs. W. T. McPherson in Summerland and other friends in Penticton.

Mr. and Mrs. Vern Brawner leave for Vancouver August 11 to attend the wedding of their son Kenneth. Before returning they will visit another son Chuck and his family at Victoria.

Mr. and Mrs. Art Keach and son David of Calgary are visiting Mr. and Mrs. P. S. Beulah.

Mrs. F. E. Atkinson travelled to Spokane last week to pick up the delegates returning from the IOOF youth pilgrimage to UN headquarters at New York. The delegates represented North and South Okanagan.

M. H. Stevens, head of the research department of the American Can Co. of Hamilton, Ont. recently visited at the home of Mr. and Mrs. F. E. Atkinson. He was accompanied by W. Tutten of Vancouver.

Members of the West Summerland Free Methodist Church Women's Missionary Society were guests of Oroville, Wash. WMS on Wednesday, August 2. After an enjoyable banquet, the groups united in an inspirational service, presenting the theme of Paraguayan missions.

Recent visitors at the home of Mr. and Mrs. Richard Neal were his sister, Mrs. Ruth Childs of Alberta and his brother, Tom Neal and his wife. Also visiting the Neals were Mr. and Mrs. A. Niblock of Everett, Washington.

Ray McNabb returned over the week end from UBC summer session to attend the Lott-Kent wedding in St. Stephen's Anglican Church.

Mrs. E. C. Bingham had as a guest over the week end her cousin, Miss Pat Bressy of North Vancouver.

Mr. and Mrs. George Faasse will be moving to Kamloops where he is employed, in the near future.

Mr. and Mrs. Syd McBryde and daughter Lynda of Oliver visited over the week end with Mr. and Mrs. Alex Inch. Barbara Inch returned with them to Oliver for a week's visit.

Miss Elizabeth Creed of London, England is visiting at the home of her cousin, Mrs. John Kitson.

Cormie McArthur flew home from Vancouver on Saturday. On Sunday he and his wife and daughter Elizabeth left for a trip to Kenora, Ont. for three weeks.

Mr. and Mrs. Scott Rand have returned from their summer home on Vancouver Island.

Mr. and Mrs. Hotchin of Hamilton, Ont. visited her brother and sister in law, Mr. and Mrs. Harry Hackman enroute to their home after a holiday in Victoria.

Visitors at the home of Mr. and Mrs. Frank Bennisson recently were Mr. Alfonso Galette of Forbes, NSW, Australia, and Mr. and Mrs. Jack Bennisson and Norman of Richmond.

Mrs. W. Borton and two daughters of Chatham, N.B., are guests at the home of Mr. and Mrs. W. W. Borton.

Mr. and Mrs. Bud Fuentes of San Francisco are visiting Mr. and Mrs. Mel Cousins.

Dr. and Mrs. D. L. McIntosh and family are holidaying in the east and will visit friends in Illinois before returning home.

Mr. and Mrs. Gordon Sculthorpe and daughter recently visited his aunt and uncle, Mr. and Mrs. W. W. Borton.

Mr. and Mrs. Lloyd Danbrook of Vancouver and Mr. B. G. Eyford of Saskatchewan are visiting Miss Mary Scott.

Miss Anne Park, of Calgary, is visiting her grandparents, Mr. and Mrs. A. C. Fleming.

Barkerville barber Wellington D. Moses died in 1896 but his shop lives on - part of the restoration program now in progress by the Barkerville Restoration Advisory Committee. It was here in the Cariboo gold centre miners left their monogrammed mugs, here they gossiped, here they

could often borrow a dollar or two from Moses. That he was a colored man apparently meant little, although he was buried in the Chinese cemetery. One of the greatest problems of the Restoration Committee was locating old shaving mugs to make the project as authentic as possible

## Trail dance successful

The Pairs and Squares sixth annual trail dance left some very pleasant memories with all who attended.

In view of the large crowd and very warm weather anticipated, outdoor dancing seemed the logical solution. Some very hasty but satisfactory last minute arrangements were necessary to obtain permission to block off the road in front of the Youth Centre, provide the sound for outdoors, and obtain the powdered rubber to smooth the road surface for dancing. Our grateful thanks for the splendid co-operation we received, in spite of the suddenness of the request. Next year we hope a similar set-up can be arranged and advertised in advance, as some dancers stayed away, thinking it too hot to dance indoors.

There were about 24 squares in attendance this year, in spite of the fact that Pentleton had a dance on the same night on their outdoor floor. Over 20 callers from near and far gave the crowd some wonderful dancing. Ray Fredrickson did his usual fine job of emceeing. It appears so effortless, Ray, but we're very much aware of what it takes to produce that effect.

Queen Trudy Mitchell graciously welcomed the guests to Summerland and with her two princesses Audrey Beggs and Dorothy Watson, made a lovely addition to the evening. Beautiful corsages were presented to the royal party; the president's wife, Ruth Munn, the emcee's wife, Doreen Frederickson, and thirteen other ladies from widely scattered points.

Large color photos of the various kinds of fruit grown here were used to decorate the walls of the Youth Centre. Fresh fruit, placed among the evergreens which banked the stage, combined with dozens of gladioli for a very beautiful effect.

Those who danced outdoors were treated to nature's own decorations - a spectacular display of northern light, including the Okanagan Arc.

Guests were most appreciative of the fresh fruit provided for their enjoyment. A box of cherries, one of apples, four of apricots and six crates of peaches disappeared very rapidly, as did several dishes of Summerland Sweets. Coffee, accompanied by glazed doughnuts and buttered fruit bread, was served at the conclusion of dancing.

The wonderful effort put forth by members and friends of the Pairs and Squares to make the dance a success certainly bore fruit. We hope each one of the busy people who worked so hard felt the same glow of satisfaction that David and I did seeing everyone enjoying themselves so much. We were very proud of our club that night, knowing just what it meant to each one of you to

support the dance in this busy season.

## New juice blend found

Using equal parts of the juice from sweet and sour cherries, Canada Department of Agriculture scientists have come up with another promising fruit juice blend.

Researcher A. W. Moyle reports that the cherry juice blend is one of many developed at the Summerland Research Station. Most are being produced commercially.

These include blends of apple juice with that of apricot, grape, cranberry, black currant, loganberry, orange, pineapple and prune. And, the station has discovered, orange-apricot and peach-grapefruit blends make good beverages.

Children and adults alike enjoy the apple-base beverages.

# Local police court report

Summerland police report that a car driven by Robert Julian Stokowski of Summerland missed the corner at Windy Point and landed in Okanagan Lake at 1:50 a.m., August 3. The car suffered about \$800 damage and the driver a cracked vertebrae. A passenger was uninjured.

During the week end a car driven by William John McRae of Glendale, California, was forced off the road by an oncoming vehicle driven by Edward James Newman of Kamloops. The Newman vehicle was travelling north on the wrong side of the road and while McRae drove onto the shoulder of the road in an effort to avoid being hit, the rear of the car caught the impact. Newman was charged with driving without due care and attention and fined \$50 and \$4 costs.

In police court this week two juveniles were charged: one under the motor vehicle act with a fine of \$10 and \$4.50 costs; and the other under the government liquor act with a fine of \$20 and \$4.50 costs.

David Reynold Winqvist was charged with crossing a double solid line and fined \$20 and \$4 cost.

William Ronald Swift suffered cuts, bruises and back injuries when his car went out of control on highway 97 at the view point two miles north of West Summerland recently. Mr. Swift told local police he had no idea what happened to cause his car to swerve off the road and roll over several times before falling about 100 feet down the cliff. A guy wire supporting a power pole prevented the car from falling further down a sheer drop to the lake.

In police court last week Magistrate Reid Johnston imposed a fine of \$50 and \$5 costs on

Barry Edward Parish for driving without due care and attention. Parish overturned his vehicle on Quinpool Road. In addition to the fine, his licence will be suspended for six months. Magistrate Johnston commented that there have been far too many accidents recently, and that from now on he will suspend licences in addition to fines.

A local youth, Albert E. Gove, was fined \$35 and costs for being a minor in possession of liquor.

Mary Manuel of Westbank was charged with being in possession of liquor off the reserve and

was fined \$15 and costs.

Thomas John Alexander of Westbank was charged with impaired driving and driving without a licence and was fined a total of \$200 and costs and in default of payment was given 60 days.

Errol Cullen of Banff was charged with impaired driving and fined \$150 and costs.

Edward William Ketlow of Westbank, an enfranchised Indian, was fined \$50 and costs for supplying an Indian with liquor.

Laurence Rodgers was fined \$25 and costs for exceeding the speed limit.

A giant stole over a summer evening dress of embroidered and beaded "Terylene" and cotton broadcloth was designed by Angelina for the spring-summer collection of the Association of Canadian Couturiers presented recently in Montreal. Rich surface interest is provided by the all-over embroidery. Such imaginative use of new Canadian fabrics was characteristic of this

season's softly feminine collection.

## Kiwanis Club Notes

Tuesday night was spent on the lawn of Walter Toeves' and Jerry Hallquist welcomed and thanked Key Club members for their help at the recent Kiwanis Carnival.

J. Betuzzi introduced his brother-in-law, Doug Grant of Mount Vernon; and Nick Solly his nephew from Victoria, Christopher Grant.

Both Nick Solly and Jim Schaeffer celebrated birthdays.

It was decided that the club would hold its bingo at the fall fair.

Next week the club will meet at T. B. (Tommy) Young's.

## Remote Control Banking Aid To Modern Living

Getting to the bank to make a deposit or transact other financial business can sometimes present quite a problem — especially for older people and people who live some distance from the nearest bank. That's why, today, so many Bank of Montreal customers find it convenient and simple to conduct their banking by mail with their local branch.

Banking by mail is designed to give you prompt service in all kinds of transactions. As soon as the mail arrives, the staff at your B of M branch handle the deposits and other matters that have come in from out-of-town customers. You avoid waiting, avoid transportation costs and save time that can be profitably spent doing something else.

If you would like more information about this special B of M Banking-by-Mail service, write to Jock Johnston, manager of the West Summerland branch of the Bank of Montreal. He'll be glad to send you the B of M's Banking-by-Mail folder which tells you how the B of M and the post office can get together to help fill your special banking needs.

### Under the Giant's Head

After a very hot week the weather turned cooler Tuesday night, and .46 inches of rain was recorded by the Research Station on August 15. 72.7 hours of sunshine were recorded during the past week.

	High	Low
August 9	83	62
August 10	84	56
August 11	86	57
August 12	88	59
August 13	89	65
August 14	95	65
August 15	86	68

Pennask Lake is still the most popular fishing grounds in the area. Over 100 people were there every day last week. The fishing is still excellent there and Okanagan Lake is reported as good this week also. In other lakes in this district, fishing is only fair.

R. M. Kent of Sandhill Road, has received word that his colored slides have won a third prize at the Saskatoon Exhibition and a second prize at the Regina Exhibition.

A new service has come to Summerland with the opening in the old Young's plumbing shop of Service Upholstery, operated by John O'Brien.

Prize lists for the Interior Provincial Exhibition at Armstrong, Sept. 14-16, are available at the Review office.

Several people have brought us specimens of those juicy little monsters known as tomato worms. Apparently the hot dry summer has been ideal for these overgrown green caterpillars as we are told that they have not been seen here for many years.

Tim Armstrong, who will be remembered by many people in Summerland as a former publisher of the Review, will be one of the judges for the Miss PNE contest this year. Some publishers do reach to greater heights!

The section of beach near the property of Mrs. Collas at Crescent Beach is proving to be quite popular for water ski enthusiasts. While swimming is still permitted there, skiers are being encouraged to use this beach in favor of others in the district, to leave them free for the swimmers.

According to preliminary figures released on the 1961 census population of the municipality of Summerland is now 4,224, as compared to 3,893 in 1956.

Rod and Gun Club members are asked to note that a general meeting will be held at the trap club house on Monday, August 21, at 8:30 p.m.

Miss Phyllis Fabbi received word this week that she has been awarded a government scholarship for first class standing in her third year of home economics at UBC.

## Jr. garden winners

Winners of the Chamber of Commerce fall fruit fair garden contest have been announced by chairman A. W. Watt.

Boys section: 1st, John Dickinson, 2nd Teddy Arkell; 3rd Raymond Davis and Frank Jones (tied).

Girls section: 1st Frances Waterhouse; 2nd Mabel Kennedy; 3rd Linda Kuening.

Judges were W. F. Ward, T. E. Brown and D. J. Strachan. Produce from the gardens will be displayed in competitive classes at the Summerland Fruit Fair September 8 and 9.

In other fruit fair news, the Women's Institute has set up the following classes in a knitting competition and it is hoped that the classes will attract a large number of entries.

Classes are: Three piece baby's outfit; three or four ply knitted cardigan (child's or adult's); Socks; Indian type or Northland type sweater; stole or afghan; knitted, any article other than named in the above classes.

There will also be competitive classes in fruit pies, hobbies, senior fruits and vegetables. Prize lists will be available shortly.

Despite the hot weather many clubs and individuals have plans for their exhibits well advanced. For information about exhibit space for yourself, your club or business contact this year's chairman of the fruit fair, W. A. Gilmour, Hilton Hughes or Lorne Perry.

### IN CAR ACCIDENT

Barry Holmes, 14, younger son of Mr. and Mrs. Norman Holmes has returned home from hospital following an accident four miles south of Kelowna last week, in which he suffered a fractured collar bone and a cracked rib.

Barry and Raymond Cooper rode to Peachland with W. R. Chalmers, where they were offered a ride to Kelowna by a female juvenile. Four miles south of Kelowna the car went out of control coming to a halt in a ditch and injuring Barry. The girl and Raymond were unhurt.

RCMP at Kelowna report that the girl will be charged with driving without a licence.

The ostrich feathers of the turn of the century are coming back this winter. So says Parisian milliner Claude Saint-Cyrc who made this elegant bonnet for her collection.

MISS PNE of 1961 will wear this cape and tiara when she is selected from 32 contestants at the Pacific National Exhibition. The cape is modelled by Robyn Mallett and inspected by Martha Wiens, both members of the Fashion Designing Association of British Columbia, who designed and created the costume. The PNE opens Saturday, August 19, and runs to Labor Day.

## Annual flower show in High School Saturday

A festival of flowers will be seen Saturday, August 19 when the Summerland Horticultural Society presents its 36th annual summer flower show at the high school auditorium.

The auditorium will be ablaze with color as every type of flower now blooming in the garden will be represented.

Special classes offer competition for the best blooms of asters, gladioli, dahlias, roses, carnations, marigolds and many others.

Artistic displays of arranged bouquets will also be open for competition.

The show continues from 3 p.m. to 9 p.m. Prizes will be awarded at 8:30 p.m. During the afternoon and evening, tea will be served.

Competition is open to all interested, including non-members. Prize lists are available at the office of the district horticulturist. All entries must be staged by 1:30 on Saturday.

### Peachland Carnival

Peachland carnival starts on Thursday evening, August 17, at 7:00 p.m. Sponsored by the PTA the carnival will start with a demonstration of swimming at the swim bay.

In the Athletic Hall, tables of home cooking, fresh fruits and vegetables, household articles and books will be offered for sale.

It is hoped for a good turnout, as this is always an outstanding gardening event.

### Trudy reports on trip to Regatta

A full report of my activities at the Kelowna Regatta would be much too lengthy to report here, but I will give you a few of the highlights of my visit to Kelowna. I was billeted in the Masonic Hall with eight other queens and their chaperones, and we had a wonderful time together.

We were interviewed on radio and television, and made two public appearances on the floating stage at the Aquatic. We were thrilled to be presented to Lieutenant-Governor George Pearkes one evening.

My princesses, Audrey and Dorothy, joined me Thursday evening, to ride with me in the parade on Summerland's float.

We attended two formal teas and a coffee party. The latter took the form of a fashion show in an Hawaiian setting. It was beautiful. Juliette of TV fame was present and very graciously gave us her autograph.

After the crowning ceremony of Lady of the Lake Diane Alington, on Saturday evening we were entertained at a coke party and dance.

## Announce results of swim class tests

Results have been announced in the Rotary-Red Cross swim classes conducted at Rotary Beach. The classes have been of six weeks, duration with two classes per week.

Examiners were G. W. Cook of Kamloops, assisted by Peter Hall of Kamloops. All Beginners and some Juniors were examined by Barb Fudge.

Beginners were examined on Friday, August 11 and Monday, August 14, and juniors, intermediates and seniors were examined on Tuesday, August 15.

This year's instructors were Barb Fudge, Audrey Beggs and Freda Bangma. Rotary director was Gordon Beggs.

Successful candidates were:

Beginners: Eric Watson, Larry Hultgren, Shirley Mayert, Donna Mayert, Maureen Smith, Gerry Mayert, Danny Spencers, Joan Barkwill, Gregory Ross, Danny Martin, Jessica Perry, Annalies Wouters, Peter McGibbon, Reg Watson, Jeffery Horne, Lenard Geres, Ken Haddrell, Gail Abernathy, Cathy Minchin, Randy Wilson, Janette Hill, Paul Heraty, Ricky Nistor, Peter Nan, Loraine Bennest, Douglas MacDonald, Matthew Moyle, Grayden Ratzlaff, Michael Wellwood, Susan Clark, Linda McIntosh, Joyce Borne, David Dunsdon, Barbara May, Anne Porritt, Berit Rasmussen, Greg Dinning, David Vaive, Morley Strachan, Sarah Strachan, Kenneth Ryman, Dick Vaive, Bruce Gartrell, Joy Gilmour, Mary Lou Dunn, Joy Barkwill, Bruce McGillivray, Ricky Inglis, Jimmy Inglis.

Juniors: Stephen Hubbard, Sandra Hubbard, Jill Pruden, Donna Impett, Pat Impett, Alice Brown, Gavin Brown, Jennifer Onley, Jimmy Haddrell, Keith McLachlan, Marilyn Tucker, Edward Neild, Pat Clark, Patsy Ganzeveld Alan Stent, Susan Ross, Nancy Barkwill, Alma Dunsdon, Ellen Gerrard, Lillian Tucker, Karen Grycan, George Barkwill Barbara Berry, Lesley Heavysides, Dianne Mitchell, Jill Brennan, Susan Kean, Bruce McIntosh, Patty Stevenson, Charles

Neild, Rich Pielou, Paul Walker, David Gartrell, Earl Miltimore, Lynn Gartrell, Barbara Porritt, Heather Laidlaw, Kathy Walker, Rich MacDonald, Peggy Lee Wellwood, Ronald Ryman, Janet May, Jane Perry, Lynda Mitchell  
Intermediates: Bill Maddison, Gilbert Inglis, Greg Pruden, Bob Charles, Bruce McGregor, Billie-Jean Swanson, Lee Beggs, Jacky Barkwill, Stephen Mallett, Maureen McLachlan, Nigel Blagborne, Bobby Walker, Bruce Coffey, Lorraine Etter, Rosalind Hyde, John Horne, Sheila McLachlan, Ralph Smith, Chris Fredrickson, Marge Clark, Edward Mead, Sandra Bower.

Seniors: David Storey, Merilee McGregor, Doreen Glaser, Nancy Fudge, Robbie Dunham, George McMechan, Roger Coffey.

Date for Bronze Medallion examinations not yet set. There will be approximately 14 or 15 candidates.

Total enrollment in classes this year were 110 beginners, 115 juniors, 68 intermediates, and 50 seniors (most seniors were not old enough to take the test).

This Friday evening, August 18, at 6:30 p.m. at Rotary Beach a demonstration is being presented to the Rotary Club by some of the students from all levels. Interested parents are welcome.

### Police Court

Roger Daniel Ezeard was arrested on Saturday night in West Summerland and was charged with being intoxicated in a public place. He appeared before Magistrate Reid Johnston in police court and was fined \$50 and costs.

Also in police court this week two minors were fined \$35 each by Magistrate Johnston for being in the possession of liquor and another minor was fined \$10 for being a minor operating a vehicle without insurance.

Michael R. Fredrickson was charged for speeding. He pleaded not guilty, but was found guilty and fined \$20 and costs.

A scientific search for the mythical sea monster of Lake Winnipegosis will be made this summer by Dr. James A. McLeod, left, of the University of Manitoba. The monster, dubbed "Manipogo" after the mythical "Ogopogo" of Lake Okanagan in B.C., has been reported by many people over the years. If Dr. McLeod can't find the monster he hopes to find remains that might bolster the find in the 1930s of an unusual bone (right) which might have belonged to such a creature.

**Leonard's Insurance Agency**  
YOUR LOCAL CO-OP INSURANCE AGENT  
It Pays To Co-operate  
PHONE HY4-6781 WEST SUMMERLAND

Present at last week's council meeting were Reeve F. E. Atkinson, Councillors Norman Holmes, Walter Powell, Bill Barkwill and L. A. Smith, municipal clerk G. D. Smith, and works superintendent Ken Blagborne.

G. R. B. Fudge waited on council to complain of mud affecting his drinking water and making the bay where he lives

practically unfit for swimming. Councillor Powell stated that he has looked the situation over and the water around the Fudge property is very dirty.

Because the water comes down a natural creek bed Mr. Fudge was advised to write the Water Rights' Branch in Kelowna.

Council will obtain bids on a new Class A fire truck and equipment for Summerland. Cost is expected to be around \$16,000.

Electric applications of Philip Morin, Mrs. Susan McGregor, F. G. Hunter and Harry Rennie and the domestic water application of J. R. Bentley were approved.

**STUDENTS GET TOGETHER**

On Wednesday evening last week, seven student nurses from the Royal Columbian Hospital, New Westminster, held a get-together at Powell Beach. Present were: Kathy Day and Louise Gabel of Rutland, Sharon Smith and Margaret Warren of Peachland, Karen Highland of Chilliwack, Lenora Hambly of New Westminster and Marilyn Embree of Summerland.

by Alec Watt

If the present warm weather continues, damage from the Codling Moth may be expected to continue. So much warm weather has been experienced this year that at least a partial third brood of Codling Moth may be expected if the weather in September continues warm.

The situation therefore requires very close watching from now until harvesting has safely seen each variety into cold storage.

In some cases a Codling Moth spray may be required close to harvest. In such instances we are extremely concerned with the amount of spray residue which may remain on the fruit at harvest.

The amount of chemical that is permissible on our fruit at harvest is called the tolerance and is enforced by law by the Canadian Food and Drug Directorate. Similar laws prevail in other countries, particularly the United States.

The spray calendar sets down the amounts of spray residue permissible and the safe interval which must be allowed between the last spray and harvest in order to get under the tolerance. Most of the tolerances are exceedingly small, amounting to a few parts per million of the fruit weight — a fact which makes Canadian and United States fruit about the cleanest in the world as far as residue is concerned.

In the case of the common Codling Moth sprays for apples and pears the safe intervals are: DDT 30 days, Guthion 15 days, Diazinon 14 days and Sevin 1 day. It is therefore clear that the only material which is safe for use close to harvest is Sevin. However, Sevin may leave an unsightly looking residue if sprayed within a week or so of harvest. Although this residue would be entirely safe from the Food and Drug angle it could spoil appearance of the fruit

somewhat. In concentrate sprayers which are applying sprays without drip the addition of a surfactant to Sevin at the rate of one pint per acre will minimize unsightly spottiness and improve coverage in the tops of large trees.

DEPARTMENT OF LANDS AND FORESTS  
B.C. FOREST SERVICE  
**NOTICE**

Examinations for Scalers' License will be held at the following places on the specified dates, starting at 8:00 a.m.

Place	Date (1961)	Logs to be scaled at
100 Mile House	September 7	Western Plywood Yard
Kamloops	September 12	Kamloops Lumber Co. Yard
Armstrong	September 14	Armstrong Sawmills Ltd.

The mornings will be taken up with scaling logs and the afternoons with the written paper.

Candidates should bring a pencil and if possible, a B.C. Scale Rule and a Ten Times Cubic Rule.

Examination fee is Five Dollars (\$5.00) and is to be paid to the examiner at the examination, except that a candidate who has paid for and holds a valid "Appointment of Acting Scaler" is not required to pay the \$5.00 fee. They will be required to produce a receipt as evidence of payment.

Applicants who have previously tried the examination and paid the \$5.00 fee will be required to show a receipt.

COMPLETED application forms must be in the hands of the examiner before the examination. Old forms previously submitted are unsuitable for this examination.

Application forms and further information may be obtained from the local Forest Ranger or the District Forester, Kamloops, B.C.

W. C. PHILLIPS,  
DISTRICT FORESTER

## Why Are Litterbugs?

There is hardly a community that has not a problem when it comes to litter. Litter dropped without a thought by otherwise community minded citizens. It is not just a question of gum wrappers any more, it's candy wrappers, papers, bags and what have you — they all find their way onto the streets.

Installed on our main streets in West Summerland and Summerland are a number of receptacles, and while they come in for use, they could carry a lot more of the refuse people discard while walking or even while driving.

Alongside our highways one frequently notices where someone has unloaded his garbage, rather than take it to the regular dumps. There is a law against this sort of action, but catching the culprits in the act is not easy. If they are apprehended the full course of the law should be exercised as a deterrent to others.

Beer bottles are objects that are ejected from cars, some of which land unbroken but those that are broken become a menace to other drivers, who could have a blowout from the broken particles of glass.

Let's try to keep Summerland a clean place to live in, and to visit in, let's become more litter-conscious and endeavour to wrap up and leave litter in the proper receptacles.

★

## Aqualane Etiquette

With the boating boom making the summer waterways look like a downtown street at five, here are ten simple rules of the aqualanes that every boater should know:

Except in an emergency, no person shall anchor a vessel in any channel or fairway in such manner as to obstruct the normal passage of other vessels.

When the paths of two boats intersect at right angles, the vessel on the right has the right of way.

When two boats are approaching head-on, both steer to the right.

Fishing boats with lines or other gear out have the right of way.

Sailboats, rowboats and canoes have the right of way over power boats.

Watch your wake. You are legally responsible for any damage it causes.

Do not sound the horn unnecessarily.

When blasts on a signal or horn are used to indicate that one vessel is about to pass another, the overtaking boat should not pass until the other boat has returned the signal.

When one vessel overtakes another, the passing boat has the responsibility for keeping clear of the other.

"Cheerfulness oils the machinery of life".

New Brunswick's hope for higher living standards lies in development of its natural resources. One of the most important new developments is a base metals mine of Consolidated Mining and Smelting Co. near Bathurst. Scheduled to reach production by the end of the year, the mine property and buildings are now in the final construction stage. The copper, lead and zinc will be refined in a new concentrator built by Heath Steele Co. at Little River, N.B.

## After that - then what?

by Rev. Ira Johnson

The story is told of a promising young man who was discussing his future plans with a wise elderly man. The young man was a brilliant student in college and was planning to enter the medical field. The elderly gentleman had great faith in the young man and in the course of his conversation he said:

"After you have finished college, what do you plan to do?"  
"Oh, I am planning to get married as soon as I am through school, after which I will set up my own practice."

"And after you have become established in a good practice, then what are your plans?"

"Naturally I shall want to cultivate a wide circle of friends and affiliate myself with some well known fraternities. Of course I plan to provide my family with the best in education and security."

"After you have accomplished all of this then what?"

"Then, I suppose, I shall think of retiring, of enjoying my wealth and my friendships."

"All of this is well and good" replied the elderly man, "but after your retirement then what?"

"I can't say that. I had really thought much about that. I guess it would be time for me to pass off this earthly scene and appear before my Maker".

"Don't you think it would be wise to give some thought NOW to your relationship to God, rather than to wait until you are old?"

"I believe you are right. Thank you for helping me to

## Rev. Guinan installed on Sunday

On Sunday, August 6 at 7:30 p.m., an impressive ceremony was conducted at the Church of the Holy Child, when the Rev. M. Guinan, formerly of Keremeos, was installed as pastor of this parish.

The Very Rev. F. L. Flynn, Dean of Kelowna, conducted the installation ceremony.

Attending from Penticton were Father Quinlan and Father Cullinan.

pause now, before I have spent all my life and energies on that which is temporary and passing." (Read St. Mark 8:36-38).

## Colorful ceremony in United Church here

White and yellow gladioli graced the St. Andrew's United Church in West Summerland, on July 29, when Carol Ann Barwick, daughter of Mr. and Mrs. Everette Marshall of Brookmere, and Leonard William Anderson, son of Mr. and Mrs. Clarke Anderson of Vernon, exchanged marriage vows, with Rev. P. K. Louie officiating.

Given in marriage by her step father, the bride wore a nylon organdy floor length gown with six gored pleats and a chantilly lace jacket. The finger tip veil decorated with seed pearls, was held in place by a pearl tiara. The whole ensemble was made by the bride's mother. A bouquet of yellow roses completed the picture.

Misses Dorothy and Marion Dunsdon, home on leave from the RCAF, were the two bridesmaids. Dorothy wore a yellow organza dress with a yellow flowered headdress and miniature mauve gladioli. Marion's dress was mauve organza with a mauve flowered headdress with yellow miniature gladioli. The maid of honor, Miss Dorothy Judge of Penticton, wore a dress of turquoise organza with a turquoise headdress with yellow miniature gladioli.

The groom's brother, Clifford Anderson, was best man. Ushers were Phillip Clayton of Salmon

Arm and Douglas Hall of Vernon.

Mrs. R. D. Dunham was the organist and Miss Lynne Boothe sang as a solo "A Wedding Prayer".

At the reception in the IOOF Hall following the ceremony, Mrs. Marshall received the guests wearing a beige organza sheath with matching duster and white accessories. With Mrs. Marshall was Mrs. Anderson in a knitted linen beige sheath and jacket with pink accessories.

The pastel color theme was carried out in the decorations of the hall, with white and turquoise streamers and blue birds and good luck symbols in tinfoil. The bride's table was adorned with roses and sweet peas dominated by the three tiered wedding cake decorated with rosettes, silver leaves and bells.

For the honeymoon, the bride chose a white brocade linen suit with green accessories and a yellow rose corsage.

In September the young couple intend to make their home in Victoria, where the groom will attend Victoria College.

Out-of-town guests were Mrs. Elsie Weins and Dianna of The Pas, Manitoba; Mrs. Alice Olson of Terrace; Mr. Wayne Ashcroft of Vancouver; and Mr. and Mrs. William Long of Golden.

Many farmers believe impersonal milking machines don't inspire temperamental cows to give high enough yields . . . but it seems that TV does. After an English dairy farmer reported an increase in milk production after putting a portable TV in his cow barn, dairyman John Bull of Brampton, Ont., tried the same thing. Mr. Bull says TV restores the soothing touch of the good old bucket and stool days. The cows have become keen TV viewers—and production is going up.

## Shower honors Miss Mary Zokbic

Miss Mary Zokbic was honored Tuesday evening at the home of Mrs. C. Ongaro. Mrs. Ongaro, Mrs. A. Leardo, Mrs. J. Cristante were co-hostesses.

The bride-elect, whose marriage to Mr. Enio Leardo is to take place September 2, received many lovely gifts.

Those attending were Mrs. P. Stipanick, grandmother of the bride to be; Mrs. A. Leardo, Mrs. Rossi, Mrs. J. Vergamini, Mrs. L. Vergamini, Mrs. J. M. Betuzzi, Mrs. E. Pagliocchini, Mrs. B. Falzi, Mrs. A. Bonaldi, Mrs. S. Fabbi, Mrs. J. Cristante, Mrs. M. Bonthoux, Mrs. D. Grant, Mrs. V. Bravi, Mrs. L. Giannotti, Mrs. T. Minardi, Mrs. J. Biagi-

oni, Mrs. E. Rocchioli, Mrs. A. Andreucci, and the Misses Nancy Leardo, Maris and Alda Andreucci, Judy and Linda Betuzzi, Jo-Ann Ongaro and Maria Vergamini.

Those sending gifts but unable to attend were Mrs. R. Gilbert, Mrs. N. Andreucci, and Mrs. E. Bartello.

Delicious refreshments were served to bring the gathering to a conclusion.

## Local teachers attending Summer School

The Registrar's office at the University of British Columbia has announced an enrollment of over 6,500 for the 1961 Summer Session. Most of this number, the largest enrolment of any summer session, is made up of teachers attending the College of Education. Courses in Arts and Science, Education, Commerce, Home Economics, Music and Physical Education Faculties run from the first week in July to August 18.

Local teachers attending summer school are J. Cooke, Miss E. Goresky, D. MacMurray, R. McNabb, A. Raham, J. Tamblyn and Miss A. Yamabe.

FOCUS ON CANADA

Newfoundland

The Place

Area—The island, 42,734 square miles; Labrador, 110,000 square miles; total, 152,734. The seventh largest province.

Capital—St. John's (Population 77,991.)

Terrain—Steep, rocky cliffs rim the island's shore; the interior is a high plateau scattered with lakes and marshes. Much of the inland is still wilderness.

Climate—Mostly moist and cool, with wide daily variations in temperature. Annual precipitation ranges from 35-60 inches. Labrador's climate is harsh.

Dollar value of main products by per cent: factory, 42%; fish and farm, 40%; mine, 18%.

Most people are engaged in fishing or the pulp and paper mills that dominate manufacturing. Agriculture is limited by unfavorable soil and climate. Much food is imported.

Labrador, part of Newfoundland, contains extensive minerals, and the largest stand of virgin timber in North America. It is also famous for its fisheries, which, along with the Grand Banks off Nfld., furnish cod, salmon, herring and seal.

The People

Population—459,000.

Per square mile—2.90. The least densely populated province. There are only 10,000 people in the vast area of Labrador.

Races—99% are island born, descendants of the English, Irish and Scots fishermen who settled the island.

Religion—One-third Roman Catholic, one-third Anglican, one-quarter United Church, other Protestant denominations in smaller amounts.

Politics—Provincial seats: Lib. 31, PC 3, United Newfoundland Party 2. Federal seats: Lib. 5, PC 2.

The island's population is concentrated mostly in the Avalon Peninsula in the southeast corner. Others are scattered in 1,300 fishing villages along the 6,000-mile coastline.

JOSEPH SMALLWOOD  
Premier

Newfoundland was Britain's first colony, discovered by Cabot in 1497.

Became province—March 31, 1949.

(Compiled by Walter Stewart, Toronto Telegram News Service)

To find out if putting out a weekly newspaper is as easy as most big city newspapermen think it is, columnist Wessely Hicks (left) of the Toronto Telegram spent a week working for publisher Bill Kennedy of the Durham, Ont., Chronicle. "I'm beginning to realize now that someone has been romancing about weekly newspaper publishers," Hicks wrote after his first day. "Work seems to be a hobby around here."

Softball finals here Monday

Monday night at Summerland, the Mac's Cafe Aces took a one game lead over Osoyoos, winning 11-7 in a best three out of five series for the inter city softball championship and the Adams Trophy.

The Aces were sparked by some sharp fielding and two home runs, one by Al Hooker and the other by Bob Bonthoux; also some fine pitching by Parrot for six innings. In the 7th, Osoyoos came up with five runs and were still threatening when Dave Davis came on to pitch for Summerland, and retired the side to preserve the win for Parrot.

Next home game of the finals

will be Monday night, August 21 at 7 p.m. in the park opposite the band shell.

Kiwanis Club Notes

On Tuesday night supper was enjoyed at T. B. (Tommy) Young's house in Parkdale, and next week the club will meet at Clare Elsey's. Will members please bring card tables and chairs.

Dr. Jack Ratzlaff celebrated a birthday and saved himself one whole dime — by the skin of his teeth (and who should know about the skin on teeth better than he?) by volunteering the information. This was not the only volunteering done by our friendly member, Jack also offered to supervise the bingo at the fall fair. With his extensive knowledge of the game we are content that it is in capable hands.

Being summer time there was little or no business done, so we look forward to next week, under the trees at Clare Elsey's.

### Under the Giant's Head

More changes will soon be seen on Granville Street. The store recently vacated by Valley Style Shop has been divided into two and Milne's Jewellery has already moved into one half. Very shortly, Inland Realty will be moving into the old jewellery shop and lawyer Frank Haar will move next door where Tom Fisher formerly had his shoe store.

The Muir family of West Summerland did well at the PNE this year. P. S. Muir won a first, two seconds and a third in three different classes of marmalades, a third for fruit cake, a third for canned fruit, and a first for dill pickles. In the Home Arts section, D. Muir won a third for embroidery, and H. Muir a first in the wool skirt class.

Junior membership in the local tennis club is now 18, ranging in age from 9 to 15 years. At this time there are two tournaments in progress, one for girls and one for boys. The winners of each tournament will play a mixed playoff game for the club championship at the Peach Orchard tennis courts.

Mrs. Robert Alstead of Trout Creek has had a radio play accepted by the CBC. The play, entitled "Mine Door" is about coal mining and is an adaptation of one of her short stories, this one having been published in the Canadian Home Journal.

The CBC plan to use Mrs. Alstead's play on next year's "Summer Fallow" series and have expressed interest in more of her stories.

Mrs. Alstead attended the creative writing class at the Okanagan Summer School of Fine Arts taught by W. O. Mitchell.

Seventy-one hours of sunshine and .71 inches of rain were recorded at the Research Station during the past week.

### CHUCK BLEASDALE

manager of the newly completed, B.C. Fruit Shippers packinghouse in West Summerland. Part of this week's issue of the Review is devoted to a description of the new plant.

# The Summerland Review

Thursday, August 24, 1961

West Summerland, B.C.

Volume 16, No. 34

Lone entry in the Pacific National Exhibition Horticultural District Exhibits, was this one from the Okanagan Valley. It has taken the Dewar Shield for five consecutive years. The exhibit is made up of products from the entire Okanagan Valley. Chairman of the BCFGA committee in charge of the display this year was W. F. Ward of Summerland.

## Many groups participating in Fall Fruit Fair Sept. 8-9

W. A. Gilmour, chairman of this year's Summerland Fall Fruit Fair to be held in the Summerland Arena September 8th and 9th, told the Review this week that while the fair is sponsored by the Chamber of Commerce its success is dependent on the co-operation of many groups in the community.

Among the community-minded groups who are taking a part in this year's fair are the Women's Institute with a fruit pie contest, knitting contest and tea garden; Rotary Club, games; Kiwanis Club, bingo; Kiwassa Club, queen crowning; Kinsmen, raffle; Canadian Legion barbeque.

Many other groups are planning attractive displays to bring attention to their community work. Prize lists for the competitive classes in fruits, vegetables, junior gardens, hobbies, knitting, and the fruit pie contest, will be available at Summerland stores next week.

Reserve Friday and Saturday, September 8 and 9 for two days of celebration and entertainment for all the family at the Okanagan's only fruit fair.

## Dies after fall here

Inquest was held August 22 in Penticton into the death of Thomas Ralph Sheehan, 42, who died following an accident at the partly completed Summerland Growers' Association plant.

A coroner's jury Tuesday night found that the death was accidental due to severe injuries and shock. No blame was attached to anyone.

He was employed by the contractor, Dalrymple Construction Co. Ltd. of Penticton.

Sheehan fell 18 to 20 feet from a scaffold onto the concrete floor at approximately 10.30 a.m. on Tuesday, August 15. He was taken to Summerland General Hospital and later moved to the Penticton Hospital where he died 24 hours later.

## WILSONS' HONORED ON 25th ANNIVERSARY

About 60 people attended a no-host party for the 25th wedding anniversary of Mr. and Mrs. Harvey Wilson last Friday night at the Yacht Club. Among the many guests from out of town were Mr. and Mrs. Jack Dalrymple of Penticton who were also celebrating a wedding anniversary. Mrs. Dalrymple was one of Mrs. Wilson's bridesmaids

## Discuss plans for new hospital here

Municipal council and the board of the Summerland General Hospital will discuss plans to build a new 25-30 bed hospital here. Action was decided upon at Wednesday night's council meeting attended by hospital chairman Robert Alstead and administrator Harvey Wilson.

Mr. Alstead told council that the hospital board was faced with three choices: make extensive renovations immediately to the present hospital; build a new

hospital; or close the hospital down. The hospital board has been working for over a year on plans to keep Summerland's hospital up to date, with an outpatient department, elevator service, and better administration offices, without reaching a satisfactory conclusion.

Council's immediate reaction was that a new hospital seemed the best way to provide the community with modern, economical hospital service. Council and the board will start work immediately on the project, including the possibility of a new site.

Civil Defence Officer Ivan Phillipps told council that he has arranged for a course in training rescue workers in Summerland. About 20 will be needed for the course, and anyone interested can obtain further information from Mr. Phillipps.

Reeve F. E. Atkinson presented assistant municipal clerk Glenn Fell with a junior diploma in municipal administration at Wednesday night's meeting.

Recommendation of appointment of Dr. W. H. B. Munn as local coroner was approved by council.

Electrical applications were approved for Jessie M. Gatenby, J. Randall, John Bentley, Mrs. Margaret Dyck, Mrs. Marjorie K. Croil and S. P. Landry were approved, also domestic water application of Oscar Ek.

All councillors were present for Wednesday night's meeting.

## Change in bus routes announced

Summerland School District No. 77 has announced changes in the bus route for the coming term.

The south road run of the Prairie Valley school bus has been discontinued. The bus will now go direct to Faulder with pick-up there at 8:00 p.m. Pick-ups will follow at Muir's Corner and Henry's Corner and, in Prairie Valley, at the Faulder road junction and at Powell's Corner (8:20 a.m.)

No transportation is provided for pupils on the south Prairie Valley road except for those residing at the upper end of the Valley near the bus stops provided.

## Light reading for summer holidays

by Kay Dunsden

Several very good fiction stories have come to our library recently. One, titled "A Brand for the Burning" is by newsman and editor Don Lawson. This novel is the story of Bill and Mark Erickson and their varied family relationships, set in a small town just after the second war. Bill wants success and fame but his very human frailties keep him from attaining both. The dialogue is good, and the story holds one's interest throughout. The author was born and grew up near Chicago, and is managing editor of a well known magazine. This is his first book, although he has published several short stories.

"A Serious Woman" by Stanley Middleton, is the third novel by this gifted British writer. The story is about Dorothea Seyton, her quarrelsome father, and the two men who want to marry her. Her decisions help to mould her into a serious woman.

"Fate is the Hunter" by Ernest K. Gann, is a powerful story, beautifully written, by the author of "The High and the Mighty" and "Twilight for the

Gods". The theme of this book is that all life is war, an undeclared war against fate, the fate that hunts men down. The author, who was an air pilot, has dedicated his book to all his former comrades who were killed in warfare. This book is divided into short stories, each telling of unusual persons, or marvellous escapes, all dealing with aerial life. A real man's book.

An entirely different book is "A Goddess Named Gold", an entertaining fable of modern India, set in the time of independence. The story is of Meera, a village girl who is given a charm, that will turn copper into gold, but only if the wearer does a good deed. How this superstition works in the small Indian village, contrasts the old and the new thoughts in Indian life. The author is Bhabani Bhattacharya of Ngpur, India. He has travelled extensively in Europe and has worked in Washington, D.C. as press attache at the Embassy of India. He will be remembered as the author of "He Who Rides a Tiger", a book very well received here and abroad.

## Police court

In police court last Friday, Douglas Raymond Ofner elected to serve 90 days in Oakalla rather than pay fines totalling \$180 and costs. Ofner was found guilty of impaired driving and of driving without a licence.

Three juveniles were charged with being in possession of liquor and fined \$25 and costs each. One of the three was also charged with driving without insurance and fined an additional \$10 and costs by Magistrate Reid Johnston.

In Tuesday's police court Alex Kastenuk was fined \$10 and costs for not having a safety chain on a trailer carrying a load of lumber.

Thomas William Milne pleaded not guilty to a charge of having inadequate mufflers on his car. The case was remanded until September 1st.

On Tuesday morning at 7:45 a.m. Anne Mary Lamb of Vancouver lost control of her car on Highway 97 by the provincial government camp site. The car went off the shoulder and rolled over. There were no serious injuries and no charges have been laid.

## Ice concert successful

A good crowd turned out to watch an ice concert at the Arena last Saturday. Many fine solos and pairs were presented with all pupils of the summer skating school taking part. The dancing especially showed marked improvement.

Following the concert, the skaters and their parents were invited to a werner and corn roast at the lakeside cottage of Mr. and Mrs. Gordon Blewett, where everyone had a thoroughly good time.

Skaters who passed tests last week were Dennis Gehringu, Seattle, preliminary figure; Shella McLachlan, Summerland, first figure; Jill Miller, Seattle, first figure; and Jill Miller, Seattle, Janet Ellis, Seattle, and Pat Desimons, Vancouver, Junior Bronze Dances.

More tests will be held this week end.

# Ceremony in United Church here

The Summerland Review  
Thursday, August 24, 1961

United in marriage on Saturday, August 12, in Summerland United Church were Eleanor Ann, daughter of Mr. and Mrs. George Edgar Baynes of West Vancouver and Geoffrey Mark Onslow Solly, elder son of Mr. and Mrs. N. O. Solly of Summerland. Rev. P. K. Louie officiated at the ceremony held at 2:00 p.m. before 150 guests.

Baskets of gladioli in shades of apricot and white decorated the chancel rail for the service.

The bride, given in marriage by her father, wore a short wedding dress of chiffon over taffeta with a delicate white lace bodice having a scalloped neckline and short sleeves. It was fashioned on princess lines flowing into a flared skirt.

Completing the bridal ensemble a net chapel length veil was held in place by a pearl tiara. She carried yellow roses.

The bride's two sisters, Miss Margaret and Miss Jeanette Baynes of West Vancouver were her bridesmaids and wore apricot colored frocks of net over taffeta with matching ribbon bows as headdress. They carried carnations in the same shade in colonial bouquets.

Rob Towgood was best man and the ushers were the groom's brother, Roger Solly of Summerland, and John, Donaldson and Don Perry of Vancouver.

The bride's brother, Duncan Baynes of West Vancouver, was organist at the wedding and the soloist was Mrs. Stanley Hope of West Vancouver.

At the reception held in the garden of the Baynes' summer home at Trout Creek Point, Mrs. Baynes wore a silk sheath in tones of taupe and grey with accessories in taupe and a corsage of Talisman roses. The groom's mother, Mrs. Solly, was in a pale green brocaded silk sheath with matching jacket, pale green hat with gold colored flowers circling the wide brim and gold roses in her corsage.

John Kitson proposed the toast to the bride with response by the groom. Rob Towgood gave the toast to the attendants and read congratulatory telegram.

For motoring to points in the United States the bride wore a pink cotton lace dress with white accessories.

On their return the couple will make their home at Trout Creek Point. Both principals are graduates of UBC.

Among the out of town guests were the bride's grandmothers, Mrs. E. G. Baynes and Mrs. A. C. Cameron of Vancouver; Miss Kathleen Cameron, Mr. and Mrs. W. Baker, Mr. and Mrs. S. Hope, Mr. and Mrs. A. Fisher, Mr and Mrs K. Nichols, Mr. and Mrs. A. Croll, Mr and Mrs. D. Jewett, Mr. and Mrs. Michael Randall, Mr. and Mrs. Christopher Randall, Mr. and Mrs. Tim Armstrong, Mr. and Mrs. Thomas Ingledew, Mr. and Mrs. Jack Campbell all of Vancouver; Mr. and Mrs. I. P. Solly of Victoria; Mr. and Mrs. E. C. Randall, Miss Dianne Moore, Trail; Mrs. Harry Freeman, Miss Barbara Freeman of Sacramento, Calif., and Mr and Mrs. Glen Bailie.

Persian Peaches are a delicious and different treat and there's nothing at all to the making. Just combine 4 cups sliced peaches in a bowl with one-third orange juice; 3 tablespoons

honey; 1 to 2 tablespoons thinly sliced giner and a few grains of salt. Mix gently, cover and chill for about 1 hour. Spoon into 6 sherbet glasses and serve.

## Local boy wed in Vancouver ceremony

White blossoms decorated Christ Church Cathedral in Vancouver for the pretty wedding when Maureen Dale McCartney became the bride of Kenneth LeRoy Brawner

Dean Northcote Burke officiated, at the 8 p.m. ceremony, uniting the daughter of Mr. and Mrs. Cecil Gifford McCartney and the son of Mr. and Mrs. Paul Vernon Brawner of Summerland. Both principals are graduates of UBC.

Created of white peau de soie applied with re-embroidered Alencon lace and seed pearls was the gracious bridal gown. It had a slim bodice and very full skirt going to chapel train. A pearl coronet caught the silk illusion veiling.

As attendants Mrs. Richard Coyle, Miss Helen Jones and Mrs. Allen Tremaine wore bell-skirted frocks of turquoise de-lustered satin, complemented by crescent bandeaux the same shade.

Mr. Carroll Brawner of Victoria attended his brother and ushers were Mr. Rudolph Morrelli of Kamloops and Mr. Lawrence Candido. At the reception at Point Grey Golf and Country Club the toast was proposed by Mr. William D. Franklin.

Summerland Review

## Cup and Saucer shower for Mary Zokvic

Bride-elect Mary Zokvic was honored on August 15, at a cup and saucer shower given at the beach cottage of the Betuzzi's. Miss Judy Betuzzi was hostess and Miss Jo-Ann Ongaro was

co-hostess. Attending were many of Mary's school friends including Misses Anthea Morgan, Marilyn Farrow, Ann Leinor, Lois Smith, Evelyn Gronlund, Alice Downes,

Mitzi Jomori, Carol Fiske, Gloria Tilbe, Ariel Spencers and Linda Betuzzi.

Unable to attend but sending a gift was Mary-Dawn Grazley.

## Compact Compacts

A friend whose hobby is trend-watching tells us that "compact" washers, dryers, freezers and refrigerators will be launched shortly in the American market to provide fitting accompaniment for the compact car.

So far so good. Pocket radios, four-ounce suits, air weight typewriters, hand-size watermelons, concentrated juices, smaller furnaces, and compact appliances have filled real needs for many people.

But product designers need to keep thinking small. They haven't yet compacted everything that needs compacting. For instance, we commend to their attention.

Steamer trunks — why can't they fold up when not in use?

Hats, string basses, harps, and golf clubs — ditto?

Frozen food packages — why aren't there smaller sizes or subdividable boxes for one-serving meals?

Garbage — couldn't more packages be designed to collapse after use so that one bushel of groceries no longer results in two bushels of garbage? Why so many small objects camouflaged in oversized containers?

Every consumer will have his own list. Just to keep ours in perspective we have inscribed at the end of it a frivolous plea for compact compacts so that women will be able to manage with smaller purses and fewer worries about getting too much powder on the nose.

## CHURCH SERVICES

Summerland United West Summerland Church Pentecostal Church

Minister: Rev. P. K. Louie

Worship Service:  
Sunday 11:00 a.m.

Visitors and tourists are welcome

To all who would know God and do His will — to all who would live and serve to make the world Christian — to all who would seek comfort and would find peace — to saint and sinner, this church opens wide its doors, and in the name of Christ, bids you welcome.

"Cheerfulness oils the machinery of life".

Film to be shown  
here August 27

"The Heavens Declare", a beautiful color-sound motion picture will be shown on Sunday, August 27, at 7:30 p.m. in the Free Methodist Church.

Up-to-date information on man's adventures into space will be given, and questions such as "What will happen to the earth" and "How big is space" will be answered. High school students will find the picture of particular interest because of the light thrown on the subject of science.

The film, produced by the Bible Institute of Los Angeles will be presented by Rev. A. E. Gloer, faculty member of Berean Bible College, Calgary, Alta. Travelling with Mr. Gloer will be a student male quartette and their pianist, who will provide a musical introduction to the program.

## Approve new contract

Representatives of the B.C. Fruit and Vegetable packing industry met yesterday in Kelowna with the Negotiating Committee of B.C. Interior Fruit and Vegetable Workers Union, Local 1572, under chairmanship of Mr. J. C. Sherlock, conciliation officer of the B.C. Department of Labour, and agreed upon terms for a new contract, subject to approval by the union members. James Currie of Penticton, business agent for the union, L. R. Stephens of Kelowna and P. K. Wynne of Vernon, presented the views of the Industry Committee.

The union will be calling meetings of their sub-locals, during the next ten days, throughout the areas where they are the certified bargaining author-

## Co-operation or Competition?

by Rev. G. Leasor

There are many efforts being put forth these days to provide wholesome leisure time activities for the youth of our community. These efforts require a great deal of dedication on the part of the leaders. It often means taking time from personal or family duties and pleasures in order to contribute time and energy to a larger task. We are all indebted to the men and women who give themselves to this cause of building better citizens for tomorrow.

There is one area of concern, however, that has perhaps been overlooked by some leaders. I am thinking of the contribution that the Sunday School and the Church has made and is still making to the proper well rounded development of our youth. J. Edgar Hoover, director of the U.S. Federal Bureau of Investigation, has recognized the Sunday School as one of the most important character building institutions in existence. With this authoritative opinion in mind I question the wisdom of scheduling youth activities at such a time that children have to choose between the activity or Sunday School and Church. This is not fair to the children or the church nor is it in the best interest of the community.

That's why I suggest that this consideration must have been overlooked for I'm sure the leaders of our community want to do what is best for all. I know more than one young fellow who is out of touch with God and the church because he had to choose between hockey or soccer and Sunday School.

We do not ask our children to skip school to play ball, for we are interested in their mental development. We do not ask them to miss a meal or a night's sleep to practice for the big game, for we are interested in their physical development. Does

making to the proper well rounded development of our youth. J. Edgar Hoover, director of the U.S. Federal Bureau of Investigation, has recognized the Sunday School as one of the most important character building institutions in existence. With this authoritative opinion in mind I question the wisdom of scheduling youth activities at such a time that children have to choose between the activity or Sunday School and Church. This is not fair to the children or the church nor is it in the best interest of the community. That's why I suggest that this consideration must have been overlooked for I'm sure the leaders of our community want to do what is best for all. I know more than one young fellow who is out of touch with God and the church because he had to choose between hockey or soccer and Sunday School.

We do not ask our children to skip school to play ball, for we are interested in their mental development. We do not ask them to miss a meal or a night's sleep to practice for the big game, for we are interested in their physical development. Does

the fact that we schedule youth activities during the traditional hours of worship indicate that we are not interested in their spiritual and moral development?

I hereby enter a plea that careful consideration be given to the importance of the Sunday School and Church when it comes time to make out that schedule for the coming season. Jesus said "Seek ye first the Kingdom of God".

Some lucky girl under the age of ten will win the doll house shown in this artist's conception at this year's Pacific National Exhibition. The all-masonry doll house is sponsored by the Unit Masonry Association of British Columbia, and will be constructed during the fair in the Manufacturers Building. After the fair it will be moved to the home of the winner. The PNE runs to Labor Day, September 4.

## Lovely wedding ceremony in St. Stephens church Aug. 19

St. Stephen's Anglican Church was the scene of a lovely wedding Saturday afternoon, August 19, when Elisabeth Grant McGregor, daughter of Lt. Col. and Mrs. K. G. McGregor of Cardiff, Wales, became the bride of David Francis Doumont, son of Mr. and Mrs. Frank Doumont of Vancouver. Rev. Norman Tannar performed the ceremony.

The bride entered the church on the arm of her father, who gave her in marriage. She chose for her gown a white crystal chiffon gown with short bou-

fant skirt and portrait neckline, and carried a bouquet of pink rosebuds and white carnations. Her plain chapel length veil was held in place by two white satin roses.

Attending the bride were her sister, Miss Nina McGregor as maid of honor, and her cousins Misses Jane, Jessica and Katherine Perry and Helen Morgan.

The attendants wore identical gowns of blue crystal chiffon with short bouffant skirts. In their hair they wore wreaths of tiny blue flowers and they carried Victorian posies of pink rosebuds.

Herbert Arndt was best man, and John Cooper and William Bleasdale were ushers.

The church was decorated with pink gladioli and the wedding music was played by Mr. H. Lupton.

A reception for about 95 people was held at the home of the bride's aunt and uncle Mr. and Mrs. Lorne Perry in Happy Valley.

Receiving the guests were the bride's mother attired in a beige sheath shot with gold with gold accessories; the bridegroom's mother, wearing a beige sheath with watermelon coloured accessories, and the bride's grandparents. A three tiered wedding cake centred the bride's table. The toast to the bride was proposed by Dr. Willford Evans.

Many wires and calls of congratulations were received.

For their honeymoon, the bride and groom drove to Seattle, the bride changing into a powder blue suit with white accessories. On their return they will make their home in Merritt.

Out-of-town guests at the wedding included the bride's grandparents, Mr. and Mrs. Duncan McGregor, Miss Sheila McGregor, Mr. and Mrs. Kenneth Morgan and family, Mr. and Mrs. Ronald Bain and Mr. and Mrs. A. H. Roantree, all of Vancouver; Mr. and Mrs. D. G. McGregor of Clearwater; Mrs. Murray Thomson of Regina; Mr. and Mrs.

William Miller of Kelowna; Mr. and Mrs. John Long of Greata Ranch; Mr. and Mrs. Hugh Hamilton of Marguerite, B.C.; Mr. William Ward of Merritt; and Mr. and Mrs. A. K. McLeod of Trail.

### Locals

Mrs. Rose DeRosier is home from the Summerland General Hospital after a stay of three months.

Mr. and Mrs. Evans Furnival of Powell River visited their sis-

boys of Calgary are spending their vacation at Crescent Beach.

Mr. and Mrs. Evans Frunival of Powell River visited their sister, Mrs. Cecil Morgan and family on their way home from a three week trip to the western United States. Miss Mary Morgan accompanied them back to Powell River for a two week visit.

Mrs. Eric Williams and two children, Nanci and Timothy, are holidaying with her parents. Mr. and Mrs. V. Hurd, Melfort, Sask.

## Shower for M. Bowden

Mabel Bowden, whose marriage to Franklin Stent takes place later this month, was honored at a shower held at the home of Mrs. Loyle Campbell this week.

Those present were Mrs. Cyril Stent Mrs. Lloyd Coates, Mrs. George Ryman and daughter Patsy, Mrs. Elwood Gillespie, Mrs. Allan McKenzie, Mrs. Gordon Smith, Mrs. A. D. Glen, Mrs. Henry Gulck, Mrs. Howard Pruden, Mrs. Harry Smith of Edmonton and Miss Phyllis Read.

Sending gifts but unable to attend were Mrs. Ray Frederickson, Miss Barbara Braun and Mrs. Blake Brandon.

## Tourists Lured by Ja'ita Underground Wonders

Some of the spectacular stalactite and stalagmite formations of the Ja'ita Caverns.

Less than an hour's drive from Beirut, Lebanon, near the sparkling-blue bay of Jounieh, is found one of the underground wonders of the world.

Sightseers and archeological sleuths for years have been left breathless as they paddle small boats slowly into Magharat Ja'ita, the Dog River caverns, and behold the wondrous colors and exotic shapes of the stalagmites and stalactites, eroded-rock formations and growths of molds.

Still much less commercialized than the famous "Blue Grotto" of the Isle of Capri, Ja'ita has an unsullied grandeur reminiscent of an Oriental temple. The black waters of the subterranean river, on which the curious enter, reflect in shimmering elegance the wonders of the artificially-illuminated formations which transform the depths of the earth into a wonderland.

Ja'ita has been known to the modern world only since 1836, when an archeologist by the name of Dr. Thompson first stumbled on the cavern while exploring the remains of ancient life and civilization which pervade the Lebanese coast. At the entrance he discovered a mass of bone breccias composed of bones and teeth and chipped flints. The components had been gradually cemented together into a hard, rock-like formation, a lasting reminder of the primeval beings who once inhabited the cavern.

Dr. Thompson's find was left alone for nearly 40 years until revisited in 1873 by a party consisting of President Emeritus Daniel Bliss, founder of the American University of Beirut, R. W. Brigstocke, and W. J. Maxwell and other engineers engaged in constructing the Beirut harbor.

Going beyond the entrance raft of planks and in goat skins, the team entered the Ja'ita cavern a depth of some 200 yards before being halted by a huge boulder. Even at this depth the candle-lit cavern suggested to the explorers the interior of a cathedral.

Returning a week later, Dr. Bliss and his companions clambered over the boulder carrying a small boat, and went deeper. They passed a maze of mammoth, eerie-white stalagmites, but finally were halted at a depth of about 1,000 yards by rapids.

Since then many have taken up the challenge of the Ja'ita caverns, and to date the quest of eye-filling beauty and adventure has carried explorers to a distance of over 6,200 yards. Not only have the wonders been more fully recognized and photographically recorded through the years, but also, in the early '50s, topographical maps of the interior were drawn.

In 1958 a further, higher cavern was found which is said to be older and even more breathtaking. There is no water in the higher cavern, but the few who have witnessed it maintain that it is full of stalactites and stalagmites of all shapes and sizes, even more attractive than the delightful lower sections.

Construction plans for the upper cavern are currently being made, while improvements are constantly carried out on the facilities of the original Ja'ita cavern. The newly-found cavern will be electrified, and here paths will be paved for the sightseers to allow an ease of entry provided by small aluminum-sheathed boats on the black waters below.

Plans are also being discussed for the purchase of about 20,000 square yards of land surrounding the Ja'ita caverns to be turned into a park, parking area, and shelters for the public.

The upper cavern will be opened to the public in September, 1961.

While the Ja'ita caverns are a recent addition to the tourist's list of "must-see" places in Lebanon, their attraction is gaining a momentum far surpassing expectations. The world-renowned temples of Baalbek are even feeling the competition as the dazzling underground wonders of Ja'ita gain a reputation as one of the world's outstanding sights of natural beauty.

### NOTICE

Examinations for Scalers' License will be held at the following places on the specified dates, starting at 8:00 a.m.

Place	Date (1961)	Logs to be scaled at
100 Mile House	September 7	Western Plywood Yard
Kamloops	September 12	Kamloops Lumber Co. Yard
Armstrong	September 14	Armstrong Sawmills Ltd.

The mornings will be taken up with scaling logs and the afternoons with the written paper.

Candidates should bring a pencil and if possible, a B.C. Scale Rule and a Ten Times Cubic Rule.

Examination fee is Five Dollars (\$5.00) and is to be paid to the examiner at the examination, except that a candidate who has paid for and holds a valid "Appointment of Acting Scaler" is not required to pay the \$5.00 fee. They will be required to produce a receipt as evidence of payment.

Applicants who have previously tried the examination and paid the \$5.00 fee will be required to show a receipt.

COMPLETED application forms must be in the hands of the examiner before the examination. Old forms previously submitted are unsuitable for this examination.

Application forms and further information may be obtained from the local Forest Ranger or the District Forester, Kamloops, B.C.

MICA CREEK DAM  
- an artistic conception

Rising 620 feet above the river bed, the proposed rock-  
filled dam would be the highest of its type in the world.

Drawing by P. J. Croft, Director of Planning, B.C. Hydro.

1. Intake Works (tunnel to Power House)
2. Spillway - for discharge when reservoir is full.
3. Storage discharge works - for release of water to downstream plants at any reservoir level (tunnel to 4.)

Foundation test drilling now under way on the Upper Columbia will seek to confirm preliminary data at Mica Creek site and will range as far south as Downie Creek by B.C. Hydro. Boyles Bros. crews, under the supervision of the consulting

engineers, will probe sub-surface conditions in several areas. Final decision as to the actual site will await the results of the investigations.

## Bloat can be reduced

Bloat in a dairy herd can be reduced but it cannot be prevented.

This is the conclusion reached by Dr. J. M. McArthur and Dr. J. E. Miltimore, of the Canada Department of Agriculture's Research Station at Summerland, following extensive experiments with bloat-preventative materials.

The cheapest and most reliable

means of reducing bloat, they point out, is that of maintaining pastures at more than 50 per cent grass and grazing legumes when they are as mature as possible.

Bloating was easily obtained from freshly cut legumes fed to cattle held in an exercise yard. Preventative materials were added to the feed or given as a drench. Best treatments were 4 ounces daily per head of emulsified tallow, mineral oil or peanut oil added to the chopped legume.

Another effective treatment was an oral dose of penicillin, but a combination of penicillin and mineral oil as a drench did not reduce bloat more than did either used alone.

The two animal scientists found that mineral oil was more effective than tallow when given as a drench. The effectiveness of tallow higher than the four ounces daily did not prove any more effective than did the four ounce rate.

Freshly cut alfalfa at the tenth bloom stage caused less bloat than alfalfa cut at the pasture stage of development. And, the researchers learned, feeding freshly cut immature alfalfa carried no more assurance against bloat than grazing it.

Throughout their experiments, Drs. McArthur and Miltimore found that treated cattle had to be watched for bloat just as carefully as untreated animals.

In summing up their findings, they reported that the cost of preventatives was greater than the cost of treating animals that bloated.

## Large lot facilitates unloading

Unloading of fruit is quick and easy at the new B.C. Fruit Shippers packinghouse. A scale is built into the main entrance where the grower's truck is weighed as he drives in with a load of fruit. The grower has the preference of either bins or boxes and these are unloaded at the front of the building by propane lift trucks.

The building has been especially vented to eliminate noxious gases created by the lift trucks. Propane is used as it creates very little noxious gas.

After the fruit is weighed and moved in, it is put into a bin dumper, designed and built by Van Doren Sales Inc. of Wenatchee, Wash., specifically for the new packinghouse.

The bin dumper is a North-West Automatic Dumper.

The fruit then goes into a washer, designed not only for washing fruit, but also for the application of mold and scald preventative and detergent.

When the washer is not required the fruit moves on a separate track.

Adjacent to the dumper and washer is a belt, bringing the culls back to be automatically weighed, ready to be taken out of the plant.

The fruit is carried from here by conveyer belts into the sorting and grading room.

## Special lights installed in grading room

The lights in the grading room at the new B.C. Fruit Shippers plant are of special note, as they were especially developed by the B.C. Research Council. They were installed under the supervision of Dr. Stan Porritt, research officer at the Summerland Research Station.

By use of special lighting tubes, a carefully selected shade of green paint on the walls, and a white ceiling, the effect given is as close a reproduction of daylight as is possible, thus eliminating shadows and giving the fruit a natural appearance as it is sorted by the operators.

Belts allow the fruit to flow evenly past the sorters. As it is carried down, the fruit trips a small scale that automatically allows it to drop into its size bin.

## Construction makes plant fireproof

Every safeguard has been taken to make the new B.C. Fruit Shippers plant as fireproof as possible. All the supplies used for the care and packing of the fruit are contained in a fire proofed room separated from the main building by fire walls and fire doors.

As another precautionary measure, the bin and storage slab has been located at least 30 feet from any other building, not only reducing the fire hazard, but also the loss in case of a blaze.

**B.C. Fruit Shippers  
new packing house  
now completed**

Continuing the modern trend in Summerland's packing houses, the B. C. Fruit Shippers new plant, now completed and in operation, incorporates a number of new labor saving methods and machines.

Extremely rapid progress has been made in the completion of this new packinghouse. Before the debris of last December's disastrous fire had been cleared away, manager Chuck Bleasdale and the management of B.C. Fruit Shippers were hard at work on plans for the new building.

At this time, a meeting was called of all the growers using B.C. Fruit Shippers facilities and a unanimous vote called for the reconstruction of the plant.

Actual construction started early this year and by cherry season the fruit was moving into the new packinghouse.

Speaking of the work that has been done, manager Chuck Bleasdale, who has been active in the fruit business for many years and with B.C. Fruit Shippers since 1934, gave high praise to his staff. He said they not only rallied around at the time of the disaster, but had also been of material aid in getting the new plant into operation.

The packing house itself and the supply buildings are of pumice block construction with concrete floors throughout. It is situated well back from the corner of Victoria and Jubilee Road giving drivers a much better view of the road and making an attractive front to the building.

**B.C. Fruit Shippers is Proud to Announce  
completion of its new packinghouse  
in West Summerland.**

This plant, one of the most modern and efficient in the valley, has been planned and built to ensure fast, economical service for our growers. The plant is equipped with the latest in machinery for packing and cold storage of fruit.

We wish to thank those who have supported us in the past and assure our growers of the most efficient service possible in our new plant.

**Management and staff of  
B. C. Fruit Shippers  
West Summerland**

Only woman among 200 prison inmates, Odette Charron is staff psychologist at the new Leclerc prison at Montreal. Miss Charron, a native of Quebec City and graduate of the University of Alberta, conducts scores of interviews a day with inmates. "They are much like children," she said, "and all have a fear of what is going to happen when they get out."

**Fruit protected  
from bruising  
by Styrofoam**

The new B.C. Fruit Shippers bins are lined with 3/4 inch Styrofoam, thus reducing to a minimum the incidence of bruises and stem punctures.

The completed packs are moved along on a new type of chair conveyor, then quickly put through a stapler that automatically staples both top and bottom — stacked on pallets and moved to the cold storage by propane lift trucks.

**Four separate units  
in Cold Storage Plant**

The 10,000 box capacity cold storage unit at B.C. Fruit Shippers has been constructed to contain four separate units — one for loose fruit, one for packed cartons, one for cannery fruit and a special pear room.

It is expected that the man hours involved in handling the fruit will be cut down substantially. With specific space allotted for each type of fruit, the trucks can move in, select the fruit wanted and move out in a minimum of time.

The doors have been equipped with automatic opening and closing devices. In the large cold storage unit in the main building, a new type of door is in the experimental stage, and if it proves satisfactory will allow the trucks to move back and forth with a minimum loss of cold air.

Each of the four units in the cold storage has individual coils and blowers so that separate temperatures can be held at al

times. The pear room, for instance, must be held somewhat colder than other fruit.

Another interesting feature of the cold storage is that a greater volume of air than formerly was recommended, is allowed to circulate around the fruit. It is felt that the temperature of the fruit can be reduced more rapidly by use of the greater air volume. The entire walls and ceiling of the cold storage plant are lined with fibre glass insulation.

# The Summerland Review

Thursday, August 31, 1961

West Summerland, B.C.

Volume 16, No. 35

Summerland is again represented in the PNE prize lists. This time for honey and vegetables. Stan Muir has been awarded the PNE Gold Medal for the best honey in the Commercial class as well as a first, two seconds, two thirds and a fourth in six different honey classes. T. S. Brown of Julia Street, won a third and a fourth in two different vegetable classes.

No rain was recorded at the Research Station during the past week, with 64.5 hours of sunshine reported.

	High	Low
August 23	87	63
August 24	80	62
August 25	77	61
August 26	81	53
August 27	82	52
August 28	81	56
August 29	84	57

The RCMP have had a girl's ring turned into them. Owner may claim it by identifying the ring at the local office.

Well-known Summerland artist Irvine Adams has received word from the Royal Institute in London, England, that another picture of his has been hung in the Summer Salon at the Royal Institute Galleries in London. This one is a recent pastel of a winter landscape.

Different pastels of Mr. Adams have been hung by the Pastel Society connected with the Royal Institute, and he has had four pastels hung in the Paris Salon.

Retail stores in West Summerland will be closed on Labour Day, Monday, September 4th, and every Monday from now on.

The nurses residence at the local hospital has been given a face lifting and repainted.

Two local boys, Don Tait and Charlie Leinor, took off Sunday morning in a kayak to find out what the shoreline on the eastern side of Okanagan Lake is like.

Their kayak, made of inflatable rubber and canvas, was well provisioned with food for the two day trip. Setting out from Trout Creek Point, they crossed the lake to just south of Naramata and then paddled north exploring coves and points as they went. When they found a nice beach they stopped for a swim or to eat and Sunday night they slept on the island off Squally Point, which legend has it, is the home of Ogo-pogo. Ogo-pogo must have been tired too, as the boys report there was no sign of him.

Monday they continued their journey on to Kelowna, then crossed the lake again at the Kelowna bridge to the old ferry slip where Mr. and Mrs. Eric Tait, Don's parents, picked them up and brought them home by car.

## High School expects 5% increase in population

A carefree child stumbles . . . in a split second, a life is lost. Don't depend on others to be careful. Be sure that your car is ever in control, your brakes checked and ready for emergency. Drive with caution in school areas. The lives of our children are your responsibility. Remember — school starts next Tuesday, September 5.

On Tuesday, September 5 at 1 p.m., Summerland Junior-Senior High School opens its doors for another term. The administration estimates the school population will be increased by five per cent, with approximately 525 students registering from Grade 7 to 12.

Five new staff members will begin their duties in the school on September 5. Miss Kohler (Grade 7); Miss Richardson (Physical Education) Mr. Beames (Choral Music, Grade 7); Mr. Biczko (Band, Grade 7); Mr. Brown (Industrial Arts); Mrs. L. Hunt returns after a year's absence in which she taught and studied in Europe.

The morning of September 5 will be utilized for staff meeting and preparation. Buses will begin operating at 11:45 a.m. and school will open for the term at 1 p.m. with an assembly in the auditorium. Classes begin on Wednesday morning.

School will operate on a "Six-Day, Six-Period" schedule during the term. Changes in regulations since early June now allow for the following daily schedules: morning registration: 9 a.m.; lunch 11:45-12:45; dismissal 3:35 p.m.

Students are requested to bring required monies to school on Tuesday (book rental, Grade 7-9: \$4.50; Grade 10-12 \$5.00; locker fee 50c; optional student association membership: junior \$1.00, senior \$1.50). Receipts will be issued for each payment. Text books will be issued on the presentation of the receipt. School insurance forms will be made available on the opening day.

Wednesday, September 6, classes begin for all students. Parents may expect homework to be assigned on the opening day. Regulations have been changed regarding homework, since June. Only Grade 10-12 will be required to do at least two hours homework a night. Grade 7-9 revert to 1-1 1/2 hours of work per night.

Students not returning to the school on September 5 should register at the school office and make arrangements for assignments. Further, students who decide to return to school after September 15 must make a written application to the school board.

School counsellors will be available for interviews August 31 and September 1. Appointments should be made through the school office.

Parents should be aware of the school board policy on dress. Basically, they request that the students come to school neatly dressed and groomed, with no extremes in style. Because of the cement floors in the school, shoes with nails or blakeys are not allowed. This is primarily for safety and secondly, for noise.

The school is proposing to establish a second enrichment class at the Grade 8 level. Minor course changes have been made in the school programme.

## Bigger prize list for annual fruit fair

Plans for the Summerland Chamber of Commerce's fifth annual fruit fair on Friday and Saturday, September 8th and 9th are taking final shape under this year's fruit fair chairman, W. A. Gilmour. The fruit fair is unique in the Okanagan in combining displays of fruits and vegetables, displays of orchard equipment, exhibits by service clubs and displays of hobbies together with band concerts, colorful queen crowning ceremony, variety show, rides, games and bingo, all at the one location — the Summerland Jubilee Arena.

Fruit displays will be larger than ever and at the Summerland fruit fair you will be given

free samples of delectable Summerland tree-ripened fruit.

The prize lists are available at all Summerland stores now and Mr. Gilmour urges everyone to bring in their produce and hobbies for display. While quality will win the prizes, it's quantity of fruit and produce which reflects the prosperity of the district and is of interest to the thousands of visitors to the fair.

Added as new sections this year are knitting, cut flowers and canned fruit. Table arrangements 4'x6' of cut flowers is a class which should interest many gardeners as well as a class for a table arrangement of fruits and vegetables.

Entertainment at this year's

fruit fair will be varied and suit everyone's taste from band concerts by the Summerland Town Band and the B.C. Dragon's Pipe Band, to an afternoon Pet Parade on Saturday and a giant variety show on Saturday night featuring top numbers by leading Okanagan performers. The master of cere-

monies of the variety show will be disc jockey Jerry Gawne.

Highlight of Friday night will be the colorful queen crowning ceremony when queen-elect Trudy Mitchell will be crowned by retiring queen Sigrun Meierhofer.

The exhibits will be interesting and educational. A miniature sawmill has been entered, there will be live fish and mounted heads of wild animals at the Rod and Gun booth, as well as home baking for sale.

The Canadian Legion will repeat their very successful western barbecue on Saturday night, so plan to give mother a holiday and treat the family to those delicious beef sandwiches.

The fruit fair is designed as a community showcase and also a community celebration. Reserve the dates now — Friday and Saturday, September 8 and 9, and remind your out-of-town friends to visit Summerland and the fruit fair.

For fruit fair information phone HY4-5556 or contact the Chamber of Commerce secretary Lorne Perry.

## Plan for night schools

Night School Committees of Penticton and Summerland School Boards met on Tuesday evening to work out a co-ordinating programme for Adult Education in the area this winter.

The meeting dealt only with the academic course, offerings for high school credit. The committees will make the following recommendations to the respective Boards.

1. That the first courses be offered November 6 to December 15, with succeeding courses til mid-April.
2. That advertisements be placed to secure staff for the programme.
3. That registrations for courses begin September 5.
4. That the fee be \$17.50 per course.
5. That directors R. Chalmers and G. Dowe draft the co-ordinated programme based on registrations.

Mr. Chalmers will be contacting those Summerland people who registered in the spring, in the near future. New registrations may be made to the school office or Mr. Chalmers.

Messrs. K. Boothe, J. Bennest, R. Chalmers and A. J. Longmore represented Summerland at the meeting.

## Busy week at police court

Summerland police court was busy during the last week with a rash of minor traffic offences and an assortment of drinking charges.

Three men were picked up for driving with expired drivers licences. Sam Peter Cox, of Victoria was fined \$25 and costs, William Frank Townsend of Vancouver was fined \$10 and costs and Fred Hadfield of Kelowna was fined \$15 and costs. Cecil Henry Scott was fined \$40 and costs for speeding and Phillip Santo Pugliese of Kelowna was fined \$25 and costs for a similar offence. Jenkins Cartage Ltd. of Kelowna was fined \$10 and costs for failing to produce a condition licence, and Andrew Sam Basil of Cache Creek was fined \$75 and costs for driving while his licence was under suspension.

Magistrate Reid Johnston imposed fines varying from \$20 to \$150 on various liquor charges. William Joseph, Indian, \$20 for

being intoxicated off the reservation; a juvenile from Oliver \$25 for being a minor in possession of liquor; and Grant Alexander McDonald of Penticton, George Goranko of Vancouver, and Cornelius Buddingh of Summerland each \$50; McDonald for being intoxicated in a public place, and Goranko and Buddingh for consuming liquor in a public place. All three were arrested in front of the IOOF Hall last Saturday night where a Teen Town dance was being held.

An accident occurred, on the Summerland hill early last Sunday morning. A vehicle driven by Gerry James Foster of Penticton was forced into a rear end collision after a third car made an illegal left turn off the highway. The second car braked sharply to avoid colliding with the third car and Foster's car plowed into his rear, causing about \$165 damage to the two cars. No charges are being laid.

## Hospital will purchase X-ray

Summerland hospital board is considering purchase of a new X-ray machine. At a special meeting Monday night two tenders were opened with bids ranging from \$12,400-\$14,000. Plans have been sent to BCHIS in Victoria for approval.

The new X-ray machine could be accommodated in the present room or in the new hospital which is under consideration.

Part of the money for the new X-ray machine has been raised by the Hospital Auxiliary.

## Parkdale Place report

by Mrs. Mabel Atkinson

The popularity of Parkdale Place is evinced by the constant flow of visitors from near and far. During the month of August, we welcomed a lady from Scotland a medical doctor from Massachusetts, and Ontario and Alberta were represented with no less than 70 visitors from points in our own province.

We wish to thank all the Summerland folk for the generous gifts of fruit, vegetables, jars and other commodities and the Women's Institute for an invitation and transportation to their enjoyable coffee parties.

The fruit, under Nellie's frugality, with the help of the residents made 150 quarts of peaches, besides pickles and jams, and have been stored for winter fare.

During the month four new residents have arrived: Mrs. J. Lillico Mrs. McIntosh, Mr. Ellis and Mr. Schultz.

Mr. Schultz hails from Dunblaine and tells us big stories of the new dam, four miles from Dunblaine. They build dams in Saskatchewan, not talk about them, and this one promises to be the largest in Canada and one of the largest in the world. It covers 109,600 acres with a shore line of 475 miles, which will irrigate 5,000,000 acres and cost approximately \$95,000,000. Beside providing irrigation it will also supply power and recreational facilities, good fishing, and a bird sanctuary. The power is estimated at 475,000,000 KVH.

We are pleased to see Mr. Mutton at his place at the table again after a few days absence in the hospital.

"Our Home of restful quietude shows the world the way, To bring a noble brotherhood for the better day.

When the danger of all war clouds that annihilate the brave Shall make way for peace and rectitude from the cradle to the grave".

Fried chicken is a delicious treat. Dredge 5 to 6 pounds cut up chicken in 1 cup flour seasoned with 2 teaspoons salt, 1/4 teaspoon pepper and 1 1/2 teaspoons paprika. Let stand 20 minutes. Fry pieces in 1/4 inch hot fat, turning several times, until chicken is an even, golden brown, 5 to 10 minutes. Cover and reduce heat, continue cooking slowly until pieces are fork tender, 25 to 30 minutes. Meanwhile, measure and mix: 1/2 cup apple juice; 2 tablespoons liquid honey; 1/2 cup finely chopped parsley. Spoon sauce over top of chicken pieces and continue cooking, uncovered for 10 minutes longer. Drain on absorbent paper. Serves 6 to 8.

## This week in your orchard

by Alec Watt

### Stop-Drop Sprays

Whether we like it or not Stop-Drop Sprays are usually necessary to prevent serious early dropping of McIntosh. These sprays are not intended for keeping fruit on the trees longer than the normal maturity dates but are solely for preventing the otherwise unavoidable loss from premature dropping.

The material which has the longer lasting effect in preventing drop is 2,4,5-TP "Color-Set". This material does not become effective until about a week after it is applied. It must therefore be applied well in advance of the probable date when serious dropping may start.

Last year some serious dropping started as early as Sept. 10. We cannot be sure whether dropping will be serious this year or just when it will start. Maturity of McIntosh appears to be about the same as at this time last year. It would therefore seem probable that drop could start as early as last year.

To be sure of having adequate protection in time it would seem advisable to have the 2,4,5-TP spray on by September 2nd.

Where dropping has already started naphthalene acetic acid "Paramone" may be added to the 2,4,5-TP to give more rapid stick-on effect. The Spray Calendar gives details as to the amounts.

## UBC-CGA Offer Five-Year Course For Accountants

A five year UBC course of study leading to certification as a Certified General Accountant (CGA) is available to young men and women throughout B.C. as a correspondence course.

Conducted by the Certified General Accountants Association of B.C. and the university's Faculty of Commerce and Business Administration, the course covers a wide range of business and accounting subjects.

Registration for the 1961-62 course closes August 31. Details may be obtained from the Certified General Accountants Association at Ste. 120, 470 Granville Street, Vancouver.

Some 690 students took the course during the 1960-61 term.

## Municipal Voters' List

All "tenant-electors" and "resident-electors" entitled to vote, (and who were not on the 1960 voters' list) and who wish to have their names placed on the 1961 voters' list, must take a statutory declaration and deliver same to the undersigned before September 30th, 1961. Forms may be obtained at the Municipal Office.

The names of "owner-electors" who are eligible to vote will automatically be placed on the list.

## NOTICE

Examinations for Scalers' License will be held at the following places on the specified dates, starting at 8:00 a.m.

Place	Date (1961)	Logs to be scaled at
100 Mile House	September 7	Western Plywood Yard
Kamloops	September 12	Kamloops Lumber Co. Yard
Armstrong	September 14	Armstrong Sawmills Ltd.

The mornings will be taken up with scaling logs and the afternoons with the written paper.

Candidates should bring a pencil and if possible, a B.C. Scale Rule and a Ten Times Cubic Rule.

Examination fee is Five Dollars (\$5.00) and is to be paid to the examiner at the examination, except that a candidate who has paid for and holds a valid "Appointment of Acting Scaler" is not required to pay the \$5.00 fee. They will be required to produce a receipt as evidence of payment.

Applicants who have previously tried the examination and paid the \$5.00 fee will be required to show a receipt.

COMPLETED application forms must be in the hands of the examiner before the examination. Old forms previously submitted are unsuitable for this examination.

Application forms and further information may be obtained from the local Forest Ranger or the District Forester, Kamloops, B.C.

## It's your Fall Fair-support it

It's only a short time until September 8 and 9 and the Chamber of Commerce's annual Fall Fair. Without your interest and your support it cannot be a success.

Prize lists for the fair have now been distributed and are available at most of the local stores. In reading the prize list you will note the large number of classes, in which you, and this means you, can enter exhibits. If you can bake a pie, do knitting, grow good fruit or vegetables, or any one of numerous other things, you can be a fair contestant and exhibitor. Or if you can do all these and many more things you can make entries in all of them. And if you think you are just a little bit better than lots of others who do the same things you can win yourself some money — if the judges think the same way as you do.

So pick up a prize list, read it and decide the classes in which you are going to make entries and spend the next week in getting these entries into first class shape. Now don't be bashful — go ahead and enter it.

## The real source of satisfaction

by Rev. D. M. Rathjen

"With joy shall ye draw water out of the wells of salvation".  
Isaiah 12:3.

The inspired writer has here pictured for us the satisfying, refreshing, pleasurable experience of those who draw from God the water of Spiritual life. Deep within each one of us is a desire, a longing, an inner thirst which is really Spiritual and can only be satisfied from the wells of God's salvation. The Scriptures also picture the disappointment and loss of those who are trying to satisfy their souls from the many man-made cisterns which do not hold the living waters.

In Isaiah 55:1 the Divine invitation is: "Ho everyone that thirsteth come ye to the waters" and in Revelation 22:17: "Let him that is athirst come, and whosoever will let him take the water of life freely." In John's Gospel chapter 7 and verse 37 Jesus said "If any man thirst, let him come unto Me and drink. He that believeth on Me, out of his innermost being shall flow rivers of living water."

We need only to ask Him for it, as He told the woman of Samaria (John 4:10). "If thou knewest the gift of God and

who it is that saith to thee . . . thou wouldest have asked of Him, and He would have given thee living water," and in verse 14: "whosoever drinketh of the

water that I shall give him shall never thirst, but the water that I shall give him shall be in him a well of water springing up into everlasting life."

# Comings and Goings

Mrs. A. K. Elliott spent last week in Vancouver visiting Mr. Elliott, who is a patient in the Shaughnessy Hospital.

Miss Jane Morrison, formerly of the Summerland teaching staff, is visiting with Mrs. A. K. Elliott until September when she will be re-entering UBC.

Mr. and Mrs. Leonard Andall and Mrs. Schoteim of Saskatoon visited at the home of Mr. Andall's brother and sister-in-law, Mr. and Mrs. Ron Andall.

Visiting at the home of Mr. Fred Gartrell recently were Rev. and Mrs. W. R. Ashford of Calgary and Mrs. Mary Gartrell of Vancouver.

Misses Elsie and Zella Johnson returned to Vancouver to teach school after visiting their parents, Mr. and Mrs. A. C. Johnson. Miss Inez Johnson is at home, and will teach at Penticton this year.

Mr. and Mrs. Ray Leinor have returned from a short visit to Vancouver to see the PNE.

Mr. and Mrs. Gordon Nickells with Sandra and Gail of Victoria are visiting Mrs. Nickell's parents, Mr. and Mrs. A. C. Fleming.

Mr. and Mrs. A. C. Fleming are home again after spending a week in Victoria with their daughters, Mrs. Zimmerman and Mrs. Nickells.

Mr. and Mrs. Bill Drake and family of Enderby recently visited with the Misses Banks and Mrs. Drake's mother, Mrs. Walmsley. On their return to Enderby, they took Mrs. Walmsley with them for a few days and she returned home with her son Harry Walmsley, who has continued on to Invermere where he is teaching.

Mr. and Mrs. B. A. Sloan and four daughters of Kitimat, visited Mr. and Mrs. F. R. Ganzeveld last week. Mrs. Sloan is Mrs. Ganzeveld's sister.

Mr. and Mrs. Don Rand and children recently visited with their grandparents, Mr. and Mrs. S. G. Rand.

Mr. and Mrs. Wes McCurdy of Ontario called on their relatives here recently.

Mrs. Jack Brown, who has been spending a vacation with her uncle and aunt Mr. and Mrs. Dan Rutherford, left last week by plane for her home in Scotland.

Mrs. R. Scott of West Vancouver visited her mother, Mrs. J. Darke recently.

Mr. and Mrs. Arnold Gayton have returned from holidaying on Vancouver Island.

Mr. and Mrs. J. V. Hughes of Vancouver are visiting Mr. and Mrs. Wm. Brown of Parkdale.

Miss Arlene Raincock has left for an airbase in France where she will teach school for two years.

Mr. and Mrs. R. Boucher of Vancouver were week end guests at the home of Mr. and Mrs. Reid Johnston.

Mr. and Mrs. Jack Raincock received word recently that their daughter, Mrs. Alec Kranz of Fruitvale has given birth to a baby boy, Allan Edward.

Mr. Frank Walden and family returned to West Vancouver last week after spending a week with his mother, Mrs. T. A. Walden.

Mr. Alec Peel of Vancouver is visiting his mother, Mrs. Pearl Peel.

Visitors at the home of Mr. and Mrs. A. K. Elliott recently have been Mr. John Jeffries of Herschel, Sask.; Mr. Rhodes Elliott and Denis of Vancouver; Mr. and Mrs. Chas. Rive of Vancouver; Mr. and Mrs. Bert Pollock and Kim of Coquitlam; Mr. and Mrs. E. Jones of Vancouver; Mr. and Mrs. Wm. Kennedy and family of Coquitlam; Mrs. Alice Hayman and Joan, and Miss Becker of Vancouver; Mrs. P. Olson, sister of Mr. Ellett of Calgary; and Mr. and Mrs. Ken Webber and family of Coquitlam.

Mr. and Mrs. Jack Towgood recently had as guests Mrs. Towgood's mother and sister, Mrs. W. G. Baillie and Betty Baillie of Vernon.

Mrs. Allen Lewis of West-bridge has been visiting Mr. and Mrs. H. McLean and Miss M. White.

Mr. and Mrs. Sheehan of Calgary were recent visitors at the T. F. Ritchie home.

# Is your home getting the care it deserves?

Failure to make repairs to your house immediately can be downright expensive. One piece of falling plaster that's overlooked or left to take care of itself so often leads to another. And then the final expense is much greater.

If your house is in need of improvements — repairs, paint jobs and the like — and your ready cash can't take care of the cost, see Jock Johnston, manager of the Summerland Bank of Montreal branch about a Home Improvement Loan. H.I.L.'s are available at the B of M for all kinds of worthwhile purposes about the house.

They're inexpensive, too — the interest is less than one half of one per cent a month — and you repay in easy monthly instalments, plus interest. So, if you have repairs or improvements on your mind, call on Mr. Johnston at the B of M tomorrow. He will be glad to show you how a Home Improvement Loan can help you.

## SUMMERLAND REVIEW

Appliques of red and blue, curving over the shoulders and bodice of a full-skirted dress of white Terylene and cotton broad cloth embroidered in a geometric design were used by Raoul Jean Foure-Jacques de Montjoye for the summer collection of the Association of Canadian Couturiers. Creative and colorful use of new Canadian fabrics was an exciting feature of the collection.

### Kiwanis Club Notes

Kiwanis enjoyed the last outdoor supper of the year at Bill Laidlaw's. It was a good meeting and four guests were with us: Jim Hughes, tourist commissioner from Vancouver; Earle Smith of Quesnel, an old member who cannot stay away from Summerland; Jack Walner from Richmond; and Andy Morrison of Penticton.

Ernie Jenkinson celebrated a birthday.

Scottie Ritchie gave a short report on the convention at Spokane, but left out details of the midnight salmon feed that was made available by the good folks from Alaska.

Next week the Club will be back at the regular meeting in town.

Most important was the news that Doug Campbell was elected Lieutenant-Governor at the recent convention. Congratulations Doug, and we all feel sure that the District could not be in better hands, and rest assured that the Club is one hundred per cent behind you.

— The Scribe

## Rotary Red Cross Swim Classes

Once again this year, the Summerland Rotary Club,  
in co-operation with the Red Cross, has conducted  
a successful season, in swim classes for local  
youngsters

429 took part this year

We wish to thank all those who have contributed  
toward the development of Rotary Beach, and  
toward our water safety program

**ROTARY CLUB  
OF SUMMERLAND**

HARVEY WILSON, PRESIDENT

## Another successful year of water safety

Another successful year has been completed in water safety, swimming and life saving  
classes. Sponsored each year by the Summerland Rotary Club, in co-operation with the  
Canadian Red Cross, the classes attract more and more youngsters each year, with 429  
taking part this year. The classes are conducted at Rotary Beach on Lake Okanagan  
which has been developed especially for this purpose.

Chief instructor this year was Barb Fudge, assisted by Audrey Beggs and Freda  
Bangma. Rotary Club director was Gordon Beggs.

On the next two pages of the Review we present a pictorial record of 1961  
swimming tests, just completed. This is the first time a record has been made of the  
tests. Photos by Jim Onley.

### Coming Events

Due to the Labor Day holiday, the first meeting of the fall season of the Hospital Auxiliary will be postponed to Monday, September 11 at 8 p.m. in the library basement.

### Card of Thanks

May we extend special thanks to Dr. McInnes and Dr. Munn, the nurses and staff at the hospital, and all our friends and neighbours who expressed their sympathy in so many thoughtful ways during our recent bereavement.

Connie Gardiner and family.

I wish to thank Dr. Munn, all the nurses and staff of the hospital, and my friends for their cards and visits during my extended stay in Summerland General Hospital.

Mrs. Rose Derosier

### Engagement

The engagement is announced of Ruth Innis, daughter of Mrs. Thomas F. Scott and the late Mr. T. F. Scott, to Edward August Arnt, son of Mr. and Mrs. A. Arnt, Manitou, Manitoba. The wedding will take place September 23.
