Members of the Summerland Baptist Church attended the dedication services of the new First Baptist Church in Kelowna recently. Rev. Kutch Imayoshi, who attended elementary and high school in Summerland, is the new pastor of the church.

Mrs. Francis Lacey of West Summerland is a winner of the Kraft Recipe of the Month contest in Liberty magazine. A winner of \$25, Mrs. Lacey contributed a shortbread cookie recipe.

Donald B. Clark has been re-appointed as provincial representative on the hospital board for another two years.

Flying Officer N. H. Richards, son of Mr and Mrs H. R. Richards, presently stationed at RCAF Station, Portage la Prairie, will be leaving in January to attend the all-weather operational training course at the RCAF Station, Bagotville, Que. After completion of this course he will be transferred either to Canada's Air Division in Europe flying CF-100's, or to the Air Defence Squadron in Canada.

Big things are planned for Summerland Yacht Club members on New Year's Eve. Sunday evening, December 31, the executive has planned a turkey supper starting at 10:30 p.m. last. ing through to the New Year. After seeing in the New Year in traditional style, guests will dance to the music of Tony Stoltz' Orchestra. Sounds like a lot of fun.

The lovely Christmas favors on display at the Valley Style Shop and in Holmes and Wade Hardware were made by members of St. Stephen's Evening Branch WA, for their bazaar to be held this Saturday at the IOOF Hall, starting at 2:30.

The Summerland Kinsmen Club will be selling Christmas trees in town this year. Starting December 12, the trees will be sold in the lot next to Hardie's Service.

The Kinsmen will give free delivery of the trees, which range in price from 50c to \$1.50.

All proceeds from the sale will be used by the Kinsmen in their many community activities

The Summerland Review

Thursday, December 7, 1961

West Summerland, B.C.

Volume 16, No. 49

Light up campaign again underway

Light up for Christmas and make Summerland reflect the holiday spirit. That's the slogan for the Chamber of Commerce's annual "Light up for Christmas" competition. Once again the F. E. Atkinson trophy will be awarded for first place, with second and third prizes of \$10 and \$5. All those entering the competition are asked to notify the Chamber secretary, Lorne Perry at HY4-5556.

Committee chairman Hilton Hughes told the Review that judging would be earlier this year, taking place between December 18 and 21.

It is hoped that more residents will enter the competition this year, as it certainly creates a festive attitude in the community.

A new idea suggested for this year is the construction of a large greeting card, to be placed outdoors and properly illuminated. What better way to greet your friends and neighbors than with an outdoor Christmas Card. It can be constructed of plywood, with a nice Christmas

scene painted on, some pine or fir tree for a garland, and a spot light to make it visible at night, and you can say "Merry Christmas" to everyone that goes by.

The Christmas card is only one of endless ideas to give your yard and home a festive touch. Let's all start now to make Summerland the district that "lights up for Christmas".

Building again shows increase

Building permits for November were up compared to the same period last year. One application for a new dwelling amounted to \$8,000 and six applications for alterations and additions amounted to \$2,300, totalling \$10,000 compared with \$8,500 for last November.

127 permits for the first 11 months of this year now total \$618,370 compared with 104 in 1960 totalling \$360,675.

There were seven electrical permits issued during November.

Will present Harvey this Friday night

"Harvey", the delightful Broadway comedy, is being featured by the high school drama club this Friday at 8 p.m. in the high school auditorium

This highly entertaining three act comedy centers around a very ordinary fellow, Elwood Dowd, whose closest friend and companion is a six foot invisible rabbit, Harvey

Elwood and Harvey become very involved in other people's affairs which creates a great deal of havoc since no one but Elwood can see Harvey.

The lead roles are played by Gloria Tilbe and Ivan Sayers with a supporting cast of Joan Fiske, Ann Leinor, Ann McLachlan, Gordon Hodson, John Grazley, Barry Hodson, Julie Brown, Mike Lopatecki and Bill Wellwood.

According to Mr. Desmond Loan, teacher director, the young people, under the able direction of student Mary-Dawn Grazley, have spent long hours in practice and are ready to give the audience a real treat on Friday night

Summerland high's "Reach for the Top" team, appearing on CHBC TV recently lost to a Salmon Arm team by 5 points. Summerland scored 235 against Salmon Arm's 240. However, this week Summerland came back in great style defeating the South Okanagan school team 283 to 150. The possibility of a play-off is pending awaiting the results of the South Okanagan and Salmon Arm contest next week.

Grade nine to twelve noses are close to the grind stone with Christmas exams slated for December 20 to 22.

On a happier note, the senior party, arranged by the grade 12 students this year, will be held in the auditorium on December 15.

Sportswise, the junior boys basketball team defeated Kelowna last Friday night. The senior A boys came off second best in their effort against Kelowna.

The senior boys and girls basketball teams played Kermes Saturday night and lost both games.

Summerland does well in figure skating competition

A very appreciative audience of 400 people turned out to the finals of the Okanagan Mainline Figure Skating Association championships held in the Summerland arena on Sunday afternoon. There were 126 entries from Kamloops, Vernon, Kelowna, Penticton and Summerland entered in the two day event.

Miss Dolores Casier, professional for Summerland and Penticton clubs, entered contestants in 23 events, with four first place winners coming from Summerland. Bonnie Fuoco of Penticton was the big winner, taking two trophies in single events and winning four more with partners. Wess Campbell was Summerland's big winner, winning two trophies, with one for novice men's singles.

Summerland Chamber of Commerce donated a new trophy this year to the new Pre-Juvenile Ladies single group, which takes in the younger skaters. Committee chairman Phil Munro told the Review that the wonderful co-operation from club members, organizations and residents of Summerland made the competition the best in its nine years of existence. This year showed the largest number of entries ever, and because the event was successful financially will go a long way in providing encouragement to continue the championships.

Mr. Munro particularly praised the fine ice conditions provided by arena manager George Stoll and assistant Bill Eyre. A presentation banquet was held in the Legion Hall Sunday evening, with skaters and parents attending. The banquet was arranged by Mrs. A. McCargar, assisted by Doris McLachlan, Mrs. Jean Richards, Mrs. Jean Porritt and numerous other ladies.

In cases where there were only one entry, the contestants skated against the standard to qualify as a winner. The men's singles open was not contested as there is not a valley skater at present that will attempt to meet the standard.

Pre-Juvenile Ladies: Trophy, Summerland Chamber of Commerce: Laura Donovan, Vernon; Elizabeth Low, Kelowna. Barbara Porritt, Summerland. Pre-Juvenile Men: Trophy, Kelowna Secretarial School: Trevor Kayzer, Vernon; Lennie Bigeau, Penticton; Robert Munro, Summerland. Juvenile Ladies: Trophy, Simpson Sears Ltd., Kamloops: Barbara Bathgate, Penticton; Colleen Madill, Penticton; Sharon Baird, Kelowna. Juvenile Men: Trophy, CFJC, Kamloops: David Huggins, Penticton, Robert MacDonald, Vernon. Novice Ladies: Trophy, Penticton: College of Commerce: Gail Holmes, Kamloops; Linda Munro, Summerland; Linda Fulton, Vernon.

Novice Men: Trophy, Kelowna Figure Skating Club: Wess Campbell, Summerland.

Junior Ladies: Trophy, Dearborn Motors Ltd., Kamloop Dale Hutchinson, Penticton; Eileen Soper, Penticton; Pamela Wyles, Penticton.

Junior Men: Trophy, Gleggarry Figure Skating Club, Penticton; Raymond Troyer, Penticton; Vernon Hartt, Penticton. Intermediate Ladies: Trophy, Vernon Skating Club: Bonnie (Continued on back page)

Hunters lost over weekend

Two young Summerland hunters spent a long chilly night on Bald Mountain Range last weekend.

The boys, Kenneth and Devin Harbicht, sons of Mr. and Mrs. Elmer Harbicht, left early Saturday morning to spend the day hunting on the Bald Mountain range.

They failed to meet their hunting companion Alf Kohauser that evening, and he turned to Summerland and alerted the RCMP.

The boys were located about 3 p.m. Sunday, when they found their way out after hearing police siren and signal shots. RCMP reported that the boys spent the night by a fire which were none the worse for the night out.

Preliminary plans for Minor Hockey Week and arrangements for continuing participation by the Robin Hood trophy program in organized minor hockey in Canada were discussed at a luncheon meeting attended by Canadian Amateur Hockey Association officials this week in Montreal.

Minor Hockey Week will again be sponsored by the CAHA

in January. And George H. McIvor, GMC, chairman of the board of directors of Robin Hood Flour Mills Limited, announced at the meeting that his company will again present trophies for the 1962 season for boys in the 9 to 13 age group competing in organized minor hockey leagues across the country.

In the photo, Mr. McIvor (center) discusses the Play-Creed with Lionel Fleury (right) of Quebec City, chairman of Minor Hockey Week Committee and J. M. Roxburgh (left) of Koro, Ontario, president of Canadian Amateur Hockey Association which sponsors Minor Hockey Week in Canada January.

Noted educator to address teachers

One of Canada's most distinguished educators will be speaking to the Summerland Teachers' Association's supper meeting in the new Legion hall on Thursday, December 14.

He is Dr. Samuel Laycock, whose books on children and child psychology, radio talks over the CBC, and lectures in both Canada and the United States have made him famous in both countries.

His career has been a notable one. He obtained his B.A. from the University of Toronto, together with the Prince of Wales Gold Medal for general proficiency; later he won both Master of Arts and Master of Education degrees from the University of Alberta, and a Ph.D. from the University of London (England). From 1927 to 1953 he was Professor, and later Dean of Education at the University of Saskatchewan, which gave him an honorary Doctor of Laws degree in 1960.

Although now officially retired, having reached pensionable age (70), Dr. Laycock is still a very busy man. He is a special lecturer on education at

UBC, advisor to the editors of Parents' Magazine, Honorary President of the Canadian Home and School and Parent-Teacher Federation, a fellow or member of half a dozen educational and psychological societies in England, the United States and Canada. In his spare time he has written some eight books and many articles — one appeared recently in Maclean's — and he is in constant demand as a lecturer.

He will be speaking to Summerland teachers, with their wives and special guests.

He is expected to speak on "Trends in Education in the Sixties", and Summerland teachers, who are bringing their wives and a few special guests to mark the occasion, are looking forward to a memorable evening.

Potato conference at Armstrong

The British Columbia Department of Agriculture will sponsor a Potato Conference for interior growers at Armstrong on December 19.

This conference will feature top speakers from many parts of the province, and is designed to keep interior growers informed of their place in a changing potato industry.

Highlights of the program will include panels on marketing and processing. New potato products and new varieties will be on display, and information on growing techniques and problems will be presented.

Mr. Charles E. Walls, secretary manager of the B.C. Federation of Agriculture, will be the feature speaker at the evening banquet.

All interior growers are invited to attend this important conference at the Canadian Legion Hall, Armstrong, on December 19.

MEET...
WALTER M. WRIGHT
of the Summerland & District
Credit Union

One of the original members of the Summerland Credit Union, he holds passport No. 5. He has served as director, and was on the supervisory committee for eight years. Mr. Wright is married and operates an insurance business in West Summerland.

Information about your Credit Union

When You Borrow

Loans are insured at no extra cost to you.

If you borrow from your credit union and then die — or become totally and permanently disabled before age 60 — your loan will be paid in full.

For Example —

Suppose you borrowed \$250 and you later became totally disabled or died. Your loan would be paid in full in a lump sum. Your co-signer or family would not be liable for payment of the unpaid balance.

Is This Insurance Given To Everyone?

You are eligible for death benefits regardless of age. You are also eligible for disability benefits if you are under 60 and able to perform the usual duties of your job when you make the loan.

The staff of the Credit Union are willing and able to answer any questions you may have.

Editorials

Safe driving week

Safe-Driving Week, which is, being observed this week, is an established national campaign for the promotion of highway safety. Held annually since 1956, it is the only all-Canadian, nationwide highway safety drive sponsored by the Canadian Highway Safety Council.

Safe-Driving Week has always enjoyed the active and valued participation of provincial safety organizations in all provinces as well as federal, provincial and municipal governments and police forces.

The aims of the campaign are two fold: to emphasize the responsibility of the motorist and pedestrian, as individuals, in the prevention of highway accidents, and to stress the safety value in driving and walking relaxed, unexcited, unemotional but always alert.

No accidents, no fatalities in traffic during Safe-Driving Week would be ideal. The Canadian Highway Safety Council knows it is possible, but only if every motorist, every pedestrian drives and walks as he well knows he should. But since human nature is, to a degree, predictable, the Council expresses the fear that

53 PEOPLE WILL DIE IN TRAFFIC DURING THAT WEEK.

Accidents happen one at a time. They can be prevented the same way — one at a time.

It is the responsibility of the individual to prevent THAT accident!

"Many a man has lost a warm friend by winning a hot argument."

Wanted . . . help from parents

The Editor,
The Summerland Review,
Dear sir:

It has long been known that youngsters follow example, be that example good or bad. Such a fact could mean a lot of trouble for Summerland in the years ahead.

The teen agers in the town long ago decided to form their own clean-cut, well behaved organization, Teen Town. There are many reasons for such a group in any community. It gives youngsters a chance to meet, work and play with their own kind, talk in their own language, and find the sympathy we all need as we go through life.

So the Summerland Teen Towners got organized and, after a short time, started a Saturday night dance. They were anxious that their dances should not be condemned by trigger-happy adults so arranged that at each Saturday hop there would be at least two adult couples. Sensible and simple — if you can get four adults to attend a teenage dance.

Are we suggesting that in Summerland there are not four adults, two men, two women, who would volunteer on Saturday nights to act as chaperones for the Teen Town dances? Yes, that's just what we are suggesting.

That is what we meant in our opening paragraph when we

said that if Summerland youngsters followed adult examples the community was in for a pretty rough time in the not too distant future.

We have two recommendations to make. Let every Summerland adult who has complained about the conduct of teen agers, pledge one Saturday night as chaperone. Might even convert him to the idea that all kids aren't necessarily bad and it would, beyond doubt, show the youngsters that some adults were willing to pitch in and help whenever they could.

And it wouldn't be a bad idea if some of the parents of those youngsters who get so much out of the Saturday night dance chipped in one night a month too. At least they'd know what the boys and girls were doing. Who knows, they might even understand their children better.

Think about it.

Yours truly,
An Adult Advisor.

Successful Christmas party

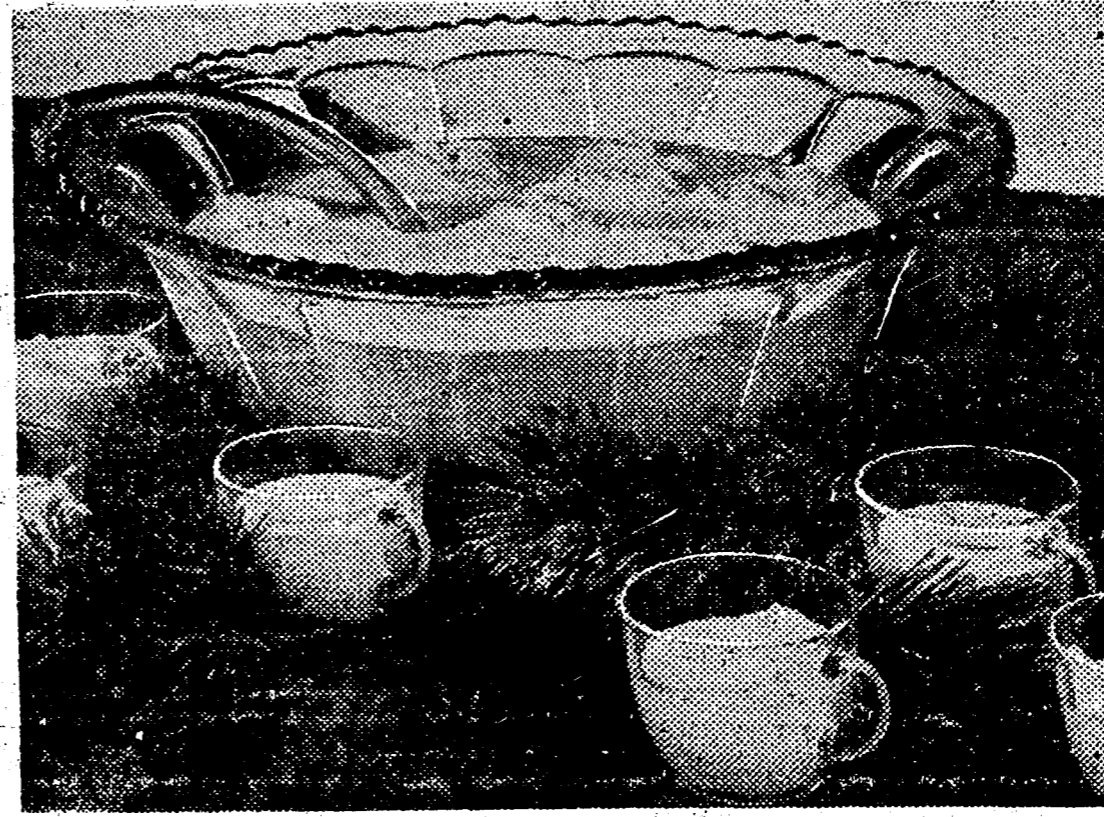

The United Church WA held a very successful Christmas sale and tea in the church hall on Saturday, November 25. Mrs. W. Durick, president of the organization, declared the sale open at 2:30 and many interesting and useful items were displayed.

A Christmas gift table, stocked with many gift suggestions, were shown by Century Circle. The aprons, convened by the Just Us Circle, were very gay, hanging among the blossoms on trees set up for the purpose. A Christmas tree of gifts for the children was looked after by the Lakeside Circle, while Okwesu Circle were in charge of novelties.

A well stocked bake table was presided over by the Magic Circle and tea was served by the ladies of the Mariposa Circle, the tables being prettily decorated with Christmas ornaments and greens.

Mrs. Colin Campbell was in charge of the decorations in the hall and general convener was Mrs C. L. Wright

HIC girls sold mincemeat, CGIT girls candy, and children from the Mission Band sold small gift items.

To make this lovely smooth rich eggnog, separate 2 eggs. To the 2 yolks add 4 whole eggs and beat slightly. Add 1/4 cup sugar and 1/4 teaspoon salt, blend thoroughly. Gradually stir in 4 cups milk, then strain. Stir in 1 teaspoon vanilla and two teaspoons rum flavoring. Beat the 2 egg whites until soft peaks form, then gradually beat in 2

tablespoons sugar. Add to milk mixture and combine well. Chill thoroughly. Just before serving stir well, then pour into chilled punch bowl. For garnishing egg nog, whip 1/2 cup whipping cream. Dot eggnog with "islands" of the whipped cream and sprinkle lightly with nutmeg. Makes about 7 cups.

Horticultural Society will tour local greenhouses

Christmas decorations and a parlor show will be the feature of the monthly meeting of the Summerland Horticultural Society. Members are reminded that

due to the Christmas season, the meeting will be held a week early, on December 15 in the Anglican Parish Hall

The parlor show will consist of three classes of Christmas decorations: a door decoration; a mantle decoration; and a table arrangement.

It is expected to have an enthusiastic turnout for this interesting event, and participation in this show is not limited to members of the Society. All entries must be staged by 7:30 p.m.

This December meeting also features the annual visit to Joe McLachlan's Greenhouses. This is an event eagerly anticipated as flowers and plants for the Christmas trade are just approaching their peak. The meeting will assemble at the Parish Hall at 8 p.m. sharp, and then proceed to the greenhouse, later to return to the Parish Hall for a short business meeting and parlor show

The evening will conclude with a social hour and refreshments will be served.

Mrs. George Wardel went to Vancouver Friday to see her father, Mr Phil Davis. Mr. Davis passed away on Sunday

Mr James and Ronnie Hack of Spences Bridge and George Hack of Vancouver were the week end guests of Mrs. Hack.

Mrs Fred Beeman of Nanaimo is visiting her brother, Mr. G. Fudge

Students on TV Show

CHBC-TV has invited teams from the Okanagan Valley to compete in an old fashioned spelling game series called "Let's Spell".

West Summerland's MacDonald Elementary School has contributed two teams to compete. They are the "Wizzards", who are made up of Joan Holler, Linda Murphy, Harold Hockley, Judy Brown, and the spare, Judy McWhinnie, and the "Kool Katz" who are made up of Connie Roberge, Gina Storey, Jane Perry, Rosemary Munn, and the spare, Donnie Wright. All are from Mr. Raham's room.

The "Wizzards" have already played twice. The first time,

on November 24, they played against a team from Trout Creek, which had already won four times in a row. The second time, on December 1, they were challenged by a team from Oyama, and both times they defeated their opponents.

On Friday at 7 p.m. they will be challenged by a team from Revelstoke. Until they have been defeated, they will keep on playing

The "Kool Katz" have not appeared yet, but will on December 22nd.

In the end, members of the winning team will receive a 25. jewel watch, and the school will receive \$100. Each week the runners-up receive a pen.

We hope that each Friday night at 7 p.m. you will turn on your television and watch the old-fashioned spelling game, "Let's Spell".

— Gina Storey.

This is Safe Driving Week

CHECK YOUR CAR — CHECK ACCIDENTS!

- BRAKES — Do they take hold properly and evenly? Will hand brake hold the car?
- HEADLIGHTS — Do dimming switch and both upper and lower beams work? Are lights aimed to avoid glare?
- REAR AND STOP LIGHTS — Do all bulbs burn? Do brakes operate stop lights?
- TIRES — Are they properly inflated? Do you check regularly for worn treads and beaks?
- WINDSHIELD WIPERS — Do they always operate and wipe glass clear?
- MUFFLER AND EXHAUST SYSTEM — Is it free of worn spots? Is it tight and quiet?
- STEERING — Is steering wheel free of excess-play? Wheel bearings tight? Wheels properly aligned and balanced?
- MOTOR OPERATION — Does it react to your command? Are the plugs, points, fuel pump, carburetor all doing their work?
- COOLING SYSTEM — Is the anti-freeze right in your radiator for the coldest weather?

YOUR CAR CARRIES THE MOST IMPORTANT
PEOPLE IN THE WORLD — KEEP THEM SAFE!

SPORTS

Macs again have top notch talent

Mac's Cafe Aces open their home games of hockey this Sunday. Game gets underway in the arena at 3:00 p.m. Meeting the home team will be the Armstrong Warriors of the Northern Hockey League.

The Aces have lined up an excellent team again this year. Among those playing will be Geordie Taylor, Al Hooker, Bob

Bonthoux, Warren Parker, Sam Imayoshi, Bernie Furuya, Fred Kato, Jack Eden, Ed Schnieder, Const. Art Giesbrecht, Const. Owen Maguire and Ken Hunt.

If you enjoy seeing good hockey, turn out on Sunday at three. The boys could use your encouragement, and you'll enjoy seeing them play.

Trail Riders hold Christmas party

The annual Christmas party of the Summerland Trail Riders was held Friday, December 1, at the home of Mr. and Mrs. C. E. Emery. There were twenty members present, who played games and enjoyed a turkey buffet.

The party began with some uninitiated members going on an "airplane ride" Then a lively game of charades, with Agatha Letts' team winners. The club then went down to the basement for some hilarious "pole bending" with stick horses — winner Donna Bennett's team.

A Blind Horse Race was next. Sharon Harbicht and Ron Reinertson winning.

Back upstairs, the lights were turned out for two minutes while everyone sketched a horse, rider and feedbox in the dark. Prizes for the Darn Horse contest went to Betty Walton and

Donna Bennett.

Supper was served at 10 p.m. and the party ended at 11 with all eager for the next year.

At Monday's meeting Mr. Lewis continued instruction on artificial respiration and Mr. Feltham gave instruction on Pathfinders Badge. A good many Tenderfoot and 2nd Class tests were passed. The recruits expect to complete passing Tenderfoot tests next week with investiture the following week. Recruits are, especially reminded to get their uniform in shape and to make their Scout staffs by next week. Last week's meeting was devoted to bundling 250 Christmas trees at Barkwill's Cannery for shipment to the 41st Vancouver Troop.

Quite a few boys brought in their registration and dues, and we hope to clean this up before long — \$3.50 for annual dues plus registrations

Patrol points are as follows: Buffaloes, 269; Hawks, 219, Beavers 215 and Eagles 184.

Would parents please see that the yellow driver's liability slips given the boys are signed and returned by next meeting. These are issued by the Okanagan South District Scout Association to be signed by the parents of Scouts.

D. V. Fisher, Scoutmaster

Hunger and thirst

by Rev. Norman Tannar

"Blessed are they which hunger and thirst after righteousness: for they shall be filled." Math. 5:6.

We are told that two-thirds of the world's peoples have insufficient food and go to bed hungry every night. We are urged by CARE, the Unitarian Services and other organizations to help alleviate this situation by our individual donations. Most of our churches, through their national boards, are also helping in the feeding and the clothing of these peoples. We would not want it otherwise, but lest we forget, "Man does not live by bread alone, but by every word that proceedeth out of the mouth of God." Deut. 8:3 and Math. 4:3

Besides the physical hunger and thirst, there is also the spiritual hunger and thirst — the hunger and thirst for God's word. To fill this need the Bible Societies distribute 30 million Bibles annually. This is the only source of Scriptures for 80 per cent of the people of the world. In Canada last year our own Canadian Bible Society distributed nearly 300,000 volumes in 86 languages.

"They shall be filled", and the Bible Societies are trying to do just this; but the Bible Societies exist and carry on this work only as far as fellow Christians give to the support of this work.

One dollar to CARE sends a food parcel, eighty-five cents to the Canadian Bible Society sends a Bible. Can we not help to send a gift to the person who has nothing?

B of M again records record year

Bank of Montreal resources, deposits and loans all reached new high levels in 1961, according to the bank's 144th annual statement for the year ended October 31.

The statement, covering the most active year's business in the B of M's history, shows resources increasing 13 per cent over 1960 — or nearly half a billion dollars — to \$3,950 million.

Deposits reached \$3,647 million, up 14 per cent from the \$3,200 million figure of a year ago, and total loans rose nine per cent to a record \$1,934 million.

The year's operations of some 890 offices at home and abroad produced record net earnings of \$14,578,817, an increase of 2.5 per cent over 1960. Taxes, also at a new high, amounted to \$18,043,791, compared with \$17,352,044 a year ago.

"MY BANK"

TO 2 MILLION CANADIANS

B of M

Who is our 3 millionth customer?

A housewife in Hamilton . . . a youngster in Yarmouth . . . a farmer in Fruitvale?

Frankly, we'd just be guessing. This year our total customers soared above the three-million mark. But which new customer in our network of 875 branches was the one between 2,999,999 and 3,000,001, we have no way of knowing.

But we do know our 3-millionth customer will probably use the B of M in many ways . . . to save for the things he wants, to finance his automobile at low cost, to pay his household bills and to keep his valuables safe.

If he is a businessman, he might use Canada's first bank to finance his day-to-day operations, to pay his employees, to collect and remit money the world over . . . if he is a farmer, "MY BANK" might be called upon to finance new trucks, modern barns and labour-saving electrical equipment.

He's very important to us, that 3-millionth customer. Never before in our long history have we been privileged to serve so many. We number with a good deal of pride those three million expressions of trust from people who call the Bank of Montreal "MY BANK".

Police Court

Two local juveniles appeared in local juvenile court this week. Charged with breaking and entering and stealing gas, the boys were remanded to December 15. They have to comply with the 9 p.m. curfew until that date.

At approximately 9:45 p.m. last Friday Kelowna RCMP notified the Summerland detachment that a vehicle belonging to Victor Felker of West Summerland had smashed into a power pole in Kelowna and been abandoned. Summerland RCMP picked Felker up in a friend's car and escorted him back to Peachland where he was met by the Kelowna detachment. Charged with impaired driving

in Kelowna police court he was fined \$70 and costs.

December 2 at 1 a.m. RCMP checked Henning Poulson after learning he was the driver of a vehicle that had rolled into an irrigation ditch. He was charged with impaired driving, and Magistrate Reid Johnston levied a fine of \$50, instead of the usual \$75 and suspended his driver's licence for three months.

Also appearing in police court this week was Brian Willett of Kelowna, for speeding. He was fined \$20 and costs.

Eric G. Lamb of West Summerland also was fined \$20 and costs on a speeding charge.

Library report

by Kay Dunsdon

Murder mystery fans will find several new mysteries on our shelves. A request by a reader brought the book "Mostly Murder" to our attention. It is written by Sir Sidney Smith, noted criminologist, who specialized in forensic medicine, or the study and analysis of clues leading to detection of crime.

Sir Sidney was born in New Zealand, went to Edinburgh University, and later became assistant to Dr. Harvey Littlejohn, Professor of Forensic Medicine. From there, he went to Egypt and became principal medical and legal expert to the Ministry of Justice.

In his book, he tells of how he was sent three human bones found in a well in Arabia, and his deductions of the person and manner of death is uncannily

correct. Some of you may have heard this excerpt on the radio recently.

Although the book is rather gruesome in parts, it is fascinating reading.

Sir Sidney returned to Edinburgh to become Emeritus Prof. of Forensic Medicine. He has lived a long and interesting life, crowned with many honors and the love of many friends.

An unusual book is "Hunza" or "Adventures in a Land of Paradise" by J. H. Tobe, who also writes a popular column in a magazine Organic Gardening. Mr. Tobe is the owner of a seed company in Ontario, his hobby is travelling to countries off the usual tourist routes. It took him many months to get permission to visit the Hunza, a people located in the most inaccessible part of Pakistan, who are glowingly healthy and very long-lived.

As a farmer, the author was intrigued by their growing of foodstuff and eating habits, and has an original way of expressing his views.

If you are giving books to children this Christmas, we have prepared lists with suggestions for all ages.

Once again, please remember our return book slot at the back of the library, as a number of books, especially childrens, are still out. So come on kids do your good deed before Christmas, by helping mother in tidying your room, and returning your books to us.

During Christmas week we will be open our usual hours, but closed Boxing Day.

Services for three residents

Mr. Frank Wigenhouser of West Summerland passed away in the Summerland General Hospital on December 4.

Funeral services for the late Mr. Wigenhouser were held at the Church of the Holy Child, Wednesday, December 6, at 10 a.m. with Father M Guinan officiating. Committal in Penticton Lakeview cemetery.

Surviving are one sister and a brother in Germany.

Mr. Bertram Philip Davis, 65 years of age, formerly of Trout Creek, passed away in Shaughnessy Hospital, Vancouver on December 3, 1961.

He leaves to mourn his loss one daughter and one son, Mrs. G. (Audrey) Wardle of Trout Creek; Frank, with the RCAF in Vancouver; and six grandchildren.

Funeral services for the late Mr. Davis will be conducted from the Roselawn Funeral Home, Monday, December 11, at 10:30 a.m., with Rev W S Beames officiating. Interment in family plot, Laveview Cemetery.

Members of Branch 22, Royal Canadian Legion, will conduct a graveside service.

Roselawn Funeral Home entrusted with arrangements, Fred and Wilf Smith, directors.

Mr. John Carson, formerly of West Summerland, passed away in the Summerland General Hospital on Monday, December 4, at the age of 95 years.

He is survived by three nieces Miss Essie Carson of Toronto, Mrs T. E. Drought of Naramata; Mrs Thisble Christie of Kamloops.

Funeral services for the late Mr. Carson were conducted from the Summerland Pentecostal Church, Wednesday, December 6, at 2:30, Rev Rathjen officiating, interment Peach Orchard Cemetery.

Roselawn Funeral Home entrusted with arrangements.

Five Basic Elements For good automobile service

1. Experienced Manpower.
2. Sufficient Equipment
3. Adequate parts stock
4. Intelligent supervision
5. A sense of customer responsibility.

If any one of the five is lacking, then your car will not get the automotive service it needs and deserves. All FIVE of the basic elements are found in our repair department — which means that your car always gets the best attention when it is in our hands.

WE HONOR ALL SHELL CREDIT CARDS.

You may have repairs up to \$50 done on your Shell Credit Card.

The regular dinner meeting of the Chamber of Commerce will be held in the IOOF Hall on Thursday at 6:30 p.m.

Mr W. A. Henderson phoned us further proof that Summerland is the banana belt of the Okanagan. He reported seeing a flock of about 60 robins in his yard Saturday morning.

"Greetings from Oaxaca, the land of eternal sunshine" read the post card we received this week from the Jack Kirks in Mexico. They report lovely warm weather and have just left Mexico city to continue further south.

Weldon Munden of Keremeos is exhibiting over 150 paintings in the Penticton Legion Hall Thursday, December 14. This is his first exhibition but he has had paintings hung in the Vancouver Art Gallery, Montreal Art Gallery and Edmonton Art Exhibition. The exhibition is from 1-10:30 with most of the paintings Okanagan scenes and some scenes from Mexico. His sister, Dorial Munden, is on the staff of the McDonald Elementary School.

Fire chief Joe McLachlan, as assistant fire chief Fred Dunsdon and Councillor L. A. Smith were in Kelowna last week to attend a meeting on mutual fire aid in the Okanagan. The fire chief reports a very successful meeting and said that a committee of two representatives from each town would be set up to further investigate the program. Mr. McLachlan also reported that Eddie Martin has flown to Chatham, Ont. and is driving the new fire truck back to Abbotsford where it will be outfit.

The Summerland Secondary School team for "Reach for the top" will appear on that program on Tuesday at 7:30 against a team from Salmon Arm. Members are Donna Powell, Gerald Turnbull, Florence Johnson, Howard Oxley and Ann Ringstad. This will be the final appearance for the young people in this round of the contest.

It was reported that the power outage Monday night was caused when West Kootenay witches wouldn't hold the heavy demand. Council will ask the power company to step up their switches to deliver more power.

Ritchie, Tait top poll for councillors

Over 1,000 voters turned out at the polls on Thursday, December 7, in spite of the heavy snowfall and cold weather.

Two councillors elected were W. S. (Scotty) Ritchie with 734 votes and Eric M. Tait with 509 votes. Fred Schumann polled 333, and Howard Shannon 319 votes. There were 35 spoiled ballots.

Norman Holmes was elected reeve by acclamation.

For the second year in a row, a fluoridation bylaw was turned down. This year the vote was 562 to 436 against, with 27 spoiled ballots.

Last year the vote was closer, with only two ballots separating the total votes.

The Baxter Town Plan referendum, which was voted on by Trout Creek owner electors only passed 88 to 31. There were two spoiled ballots.

Elected to the school board by acclamation were Ken Boothe and R. J. Barkwill.

There were 1,027 ballots cast out of a total of 1,892 eligible voters.

Stores open on Monday

Retail store hours in Summerland the week before Christmas will be: open Monday to Friday, December 18-22 to 5:30 p.m., and Saturday, December 23, to 9:00 p.m. Stores will be closed on Sunday, Monday and Tuesday, December 24, 25 and 26, and open Tuesday to Saturday, December 27 to 30 until 5:30 p.m. Stores will again be closed on Sunday, Monday and Tuesday, December 31 and January 1 and 2.

Water assured for new golf course

Victor Parker of Trout Creek attended Tuesday night's council meeting to discuss irrigation water for his proposed new golf course, which would be situated on highway 97 north of the baseball park.

Works superintendent K. M. Blagborne said that without any changes 20 acres of water could be made available from the Jones' Flat pipeline.

Mr. Parker told council that he would be sprinkling 40 to 45 acres of fairway and this amount of water would do all the greens at least six hours once weekly. He asked if more water could be made available to him and how soon. Reeve Atkinson replied that the line improvements had been tremendous in the past few years and he felt more water could be made available in the future.

It was suggested consummating a deal on 20 acres and reviewing the situation in a year's time.

In the discussion following a point brought up by Councillor Powell, it was suggested that the area be rezoned as recreational to ensure its continuation as a golf course, not to be used for other purposes. It is presently classified as unimproved rural. "We must not lose sight of

the fact that it is a very desirable project for Summerland," said the reeve.

Councillor Powell reported that a start has been made on the Trout Creek Domestic Water system. Some work has been done on the storage tank.

The cold weather has made it necessary to build a plastic shelter at a cost of about \$200. Works superintendent Ken Blagborne said the cost of the shelter would be saved in working time and the plastic could be used for other purposes later. Councillor Powell also reported that work on the downhill pipe has started.

Council was of the opinion that there should be no telephone toll between Summerland and Penticton. Councillor Powell raised the point following reading of a letter from Okanagan Telephone regarding proposed changes in its rates.

A motion was passed that persons with unpaid dog taxes be taken to small debts court.

Two letters from the RCMP were read regarding marauding dogs. Several chickens were killed on the property of H. E. Knuff and a sheep killed on the property of Mrs. E. Inglis. Reimbursement will be made.

Curlers curl for turkeys

The turkey curl on Sunday afternoon, conducted by the local curling club, was very successful.

Turkeys were won by Jack Rozander, Penticton; Peter Beulah, Herb Lemke, Dougal, McGregor and Walt Toevs.

Hams were won by Herb Lemke, Joe Sheeley, Tom Jomori, Bill Croft, Don Turnbull.

Chickens were won by Herb Lemke and Tenus-Kwak.

The curlers welcome Allan Elsey into the curling club and hope he will enjoy many hours of good curling.

If there are any new residents in the district who wish to curl, just drop in at the curling club any time of the day and try throwing a few rocks.

Any ladies who have not been curling and wish to curl after Christmas, please leave your names at the rink or phone Mrs. Fred Schumann.

Art Club plans show on Friday

The Summerland Art Club will hold a Christmas Art Show in the public library on Friday, December 15.

All paintings shown will be new this fall and it is hoped the public will enjoy the Christmas theme. Mr. Irvine Adams will have a painting on display, as well as a large number by local Art Club members.

The Club has extended its support to the library, and funds raised will be used to add beauty as well as accessories to the building.

There will be coffee and tea served in the library from 3 to 9 p.m.

On display will be paintings in the Christmas theme, as well as Christmas decorations.

This is a new venture for the Art Club, and if it is successful they hope to continue it in future years.

Opening of Apex Resort a credit to whole valley

A good number of Summerland skiing enthusiasts attended the official opening of the new Apex mountain ski development last Sunday. Close to 1,000 people were in attendance to witness the ribbon cutting ceremony.

In declaring the new site officially open, provincial minister of agriculture Frank Richter paid tribute to those responsible for the new development as he said "thanks to the initiative and industrious efforts of these people a fine new recreational installation has been created here which is credit to all the Okanagan and in fact B.C." Also on hand at the opening, MP Dave Pugh, himself a keen

skier said "this is a terrific site and has the potential to become one of the finest ski sites in the country."

Operating perfectly throughout the day, and a definite point of interest to all was the big \$50,000 Pomolift as it whisked skiers up to the top.

At the council meeting Tuesday evening Reeve F. E. Atkinson commended Councillor W. B. Powell for his part in the Apex Mountain project.

The reeve said he was very impressed with the road up, and with the lodge and ski hill. He said that this area could use many more such projects.

The resort area, about 23 miles out of Penticton, expects to have first class skiing until about May 24.

Students tour Review plant

Last Friday the special class of the Summerland Secondary School toured the Review plant as part of their visits to local business places.

Among those in the group were Alan Bennison, Tana Trussell, Martin Hoffman, Leala Peter, Marjorie Wilson, Sandy Robertson, Marlies Wuensche, Shirley Mayert, Rene Kennedy, Carrol-Ann Gowing, Larry Ferrer, Edgar Mosley, Bill Impett, Valerie Ezeard, Bill Wownton, Ray Chippendale, Wayne Myers. Accompanying them was their teacher, Mrs. Whittle.

Busy season for service clubs

Summerland service clubs are having a busy time just before Christmas.

The Rotary Club is selling boxes of apples and Summerland Sweets. This fruit confection is on sale in all local stores.

The Kinsmen Club is selling Christmas trees next to Hardies Sweets. Trees are priced from 50c to \$1.50, with free delivery to your home.

The Kiwanis Club's Christmas projects include four well stocked hampers to needy families and next Tuesday they will entertain children of the school patrol with a turkey dinner.

Services for E. R. Butler

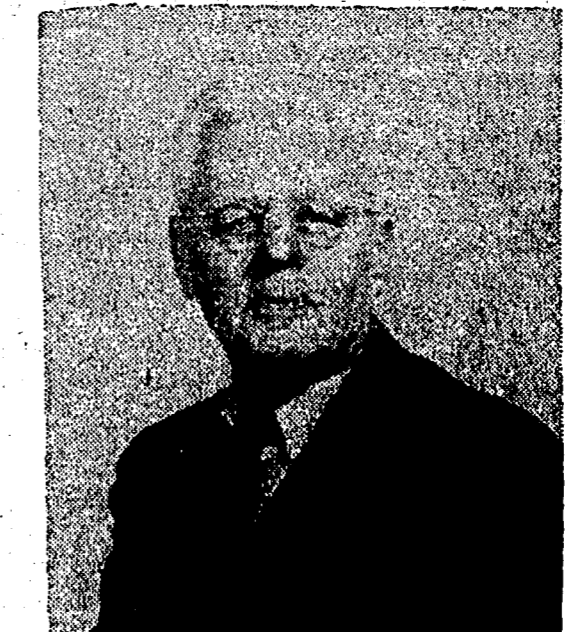

Edward Richard Butler, 79, died suddenly of a heart attack at his home in Summerland on Saturday, December 9.

Born in Reading, Berkshire, England, the late Mr. Butler lived at Arden, Manitoba, before coming to Summerland. He worked for the Summerland Supply Co. and became a partner in the hardware firm of Butler and Walden.

Although he had been retired for a number of years, Mr. Butler was still an active member of many community organizations. At the time of his death he was treasurer of the Chamber of Commerce, the Youth Centre Association and the Canadian Cancer Society. He was a member of the Summerland United Church and the Masonic Lodge.

Surviving are his wife, the former Miss Minnie Robson, his two sons, Bob and Alan of West Summerland and a daughter, (Dorothy) Mrs. Tom Furness of New Westminster and six grandchildren.

Funeral services for the late Mr. E. R. Butler were held in Summerland United Church, on Tuesday, December 11 at 2:00 with Rev. P. K. Louie officiating, interment in Peach Orchard Cemetery.

EDWARD RICHARD BUTLER (An Appreciation)

Coming from Reading, England, his native place, he arrived in this new land with that innate degree of courtesy, which seemed to characterize him throughout the long years of his life....

He first settled at Arden, Manitoba, coming west to the Okanagan shortly after the turn of the century and about the time the first flight of settlers had established themselves in Summerland. Here he was employed by the Summerland Supply Company Ltd. — the only merchandizing concern at that time, as its hardware clerk, and continued in that capacity until the company's dissolution, when he formed a partnership with the late Mr. T. Austin Walden, and conducted the same line of business until their own final retirement.

From the very outset, he identified himself with every youthful and useful movement promising advancement of community welfare, and as the district grew his interest seemed to keep pace with its growth.

A devoted husband, an exemplary father and a consistent and loyal friend, he faithfully and unremittingly discharged all fraternal and public trusts. While possessed of a rare and kindly humour, yet withal a breadth of charity to seek always the silver lining, to climb the heights of reality and leave all superstitions far below. In the exercise of all such luminating qualities he of a surety added much to the sum of human joy.

Such a life requires no statue of remembrance to perpetuate its memory. We have only got to pause and look around to note the cultural and recreational utilities that have come into being during his life, and to realize the seal of his co-operation, his wise counsel and unflinching bounty that rests thereon.

We left him yonder, but in the moment of our backward glance, we seemed to feel anew the significance of Anthony's Eulogy of the dead Brutus — "He was the noblest Roman of them all. His life was gentle, and the elements so mixed in him that Nature might stand up and say to all the world —

THIS WAS A MAN

— Contributed

Institute hears of activities in north

A little known project of Women's Institutes carried on in the North West Territories was the subject of a report given by Mrs S. A. McDonald of the citizenship committee at the local Institute's annual meeting on Friday, December 8. On request of the federal government for assistance to Indian women of these districts, a number of Institutes have been organized among them. A home economist was sent in and found that in a representative district there were as few as three stoves but that the native women were extremely fond of cooking. They have enthusiastically adopted our bingo game, but are not at all interested in our modern type of homes or life. The visiting Institute organizers were concerned over the home conditions of squalor and dullness to which teen-age girls are compelled to return on holidays from residential schools and in one district, have sponsored the purchase of a cabin reserved for these girls to decorate and use as a club house.

With the president, Mrs W. Rothwell in the chair, the secretary treasurer, Mrs L. W. Rumball presented a financial report which showed a balance at December 1 of \$184.52. Total receipts to date were \$1175 and expenditures \$990. With a mixture of gratification and humor members noted that "over the back fence" chatter had netted \$126 in coffee parties and news items to The Review. Largest single expenditure was an appropriation of \$500 set aside for furnishings in the proposed new hospital.

Convenors of committees thanked members for their support and extended greetings of the season. Mrs Tait of agriculture showed an attractive table center made from weeds and wild plants picked up on a walk. Mrs A. C. Fleming stated that two parcels of layettes were awaiting transport to the coast by any traveller volunteering delivery to the Unitarian Services Committee. Mrs J. McLachlan for welfare requested two hampers for the central committee and was authorized to purchase fowl for each. Mrs W. Brown reported that she and Mrs H. Ward had purchased two sets of costume jewellery, two pipes and one work basket for gifts to the provincial mental hospital. A nice surprise awaited members when in response to roll call each was presented with a small potted plant.

Mrs G. Harper was invited to help Mrs G. Morgan, who is in charge of the birthday box, to count the year's receipts after each member had registered a guess as to the total. Mrs H. McLarty came nearest to the amount, \$15.12 and received a small prize.

The president read a number of items from the newsletter which included a reminder of the provincial convention May 28-31.

A competition has been opened for making layettes for the USC and for an embroidered picture — district entries between Institutes to be in by March 31, and for provincial judging by April 30. Anyone interested in assisting to make items may get particulars from the president

Miss M. Cartwright moved a vote of thanks to the president, the executive and the committee convenors. The president thanked Mrs. Rumball who had provided and decorated a Christmas tree and Mrs Scott for an attractive seasonal center piece

The meeting adjourned briefly for tea served by Mrs Moor's committee of Miss Cartwright, Mrs. Chadburn, Mrs Chariton and Mrs G. McArthur and then re-convened for elections. Mrs Fleming presented the slate of nominations and during counting of the ballots members joined in carol singing with Miss Dale at the piano.

Elections resulted in president Mrs. W. Rothwell, and directors

Mrs W. Brown, Mrs McLarty, Mrs E. Tait and Mrs E. White. The next meeting will be the usual pot luck luncheon with husbands and friends at 12:15 January 12.

when **MONEY** is
the logical

gift... Here are three
B of M ways to say "Merry Christmas"

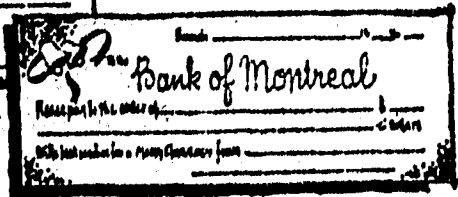

Sometimes a gift of money is the only realistic answer to a Christmas shopping problem. If money is the answer to some names on your list — see the B of M. "My Bank" can provide you with a way to give that takes the chill off cold cash and trims your gift of money with festive decorations.

1. YOUNGSTERS' AND BABIES' PASSBOOKS make a delightful extra for some of the small fry on your list. Your gift of money is entered in a special passbook and enclosed in a Christmas cover guaranteed to make young eyes pop with glee.

2. MONEY ORDERS purchased for Christmas-giving come in gaily-decorated envelopes or folders that clearly spell out your Yuletide wish. Ideal for those "hard-to-buy-for" people on your out-of-town and overseas gift lists.

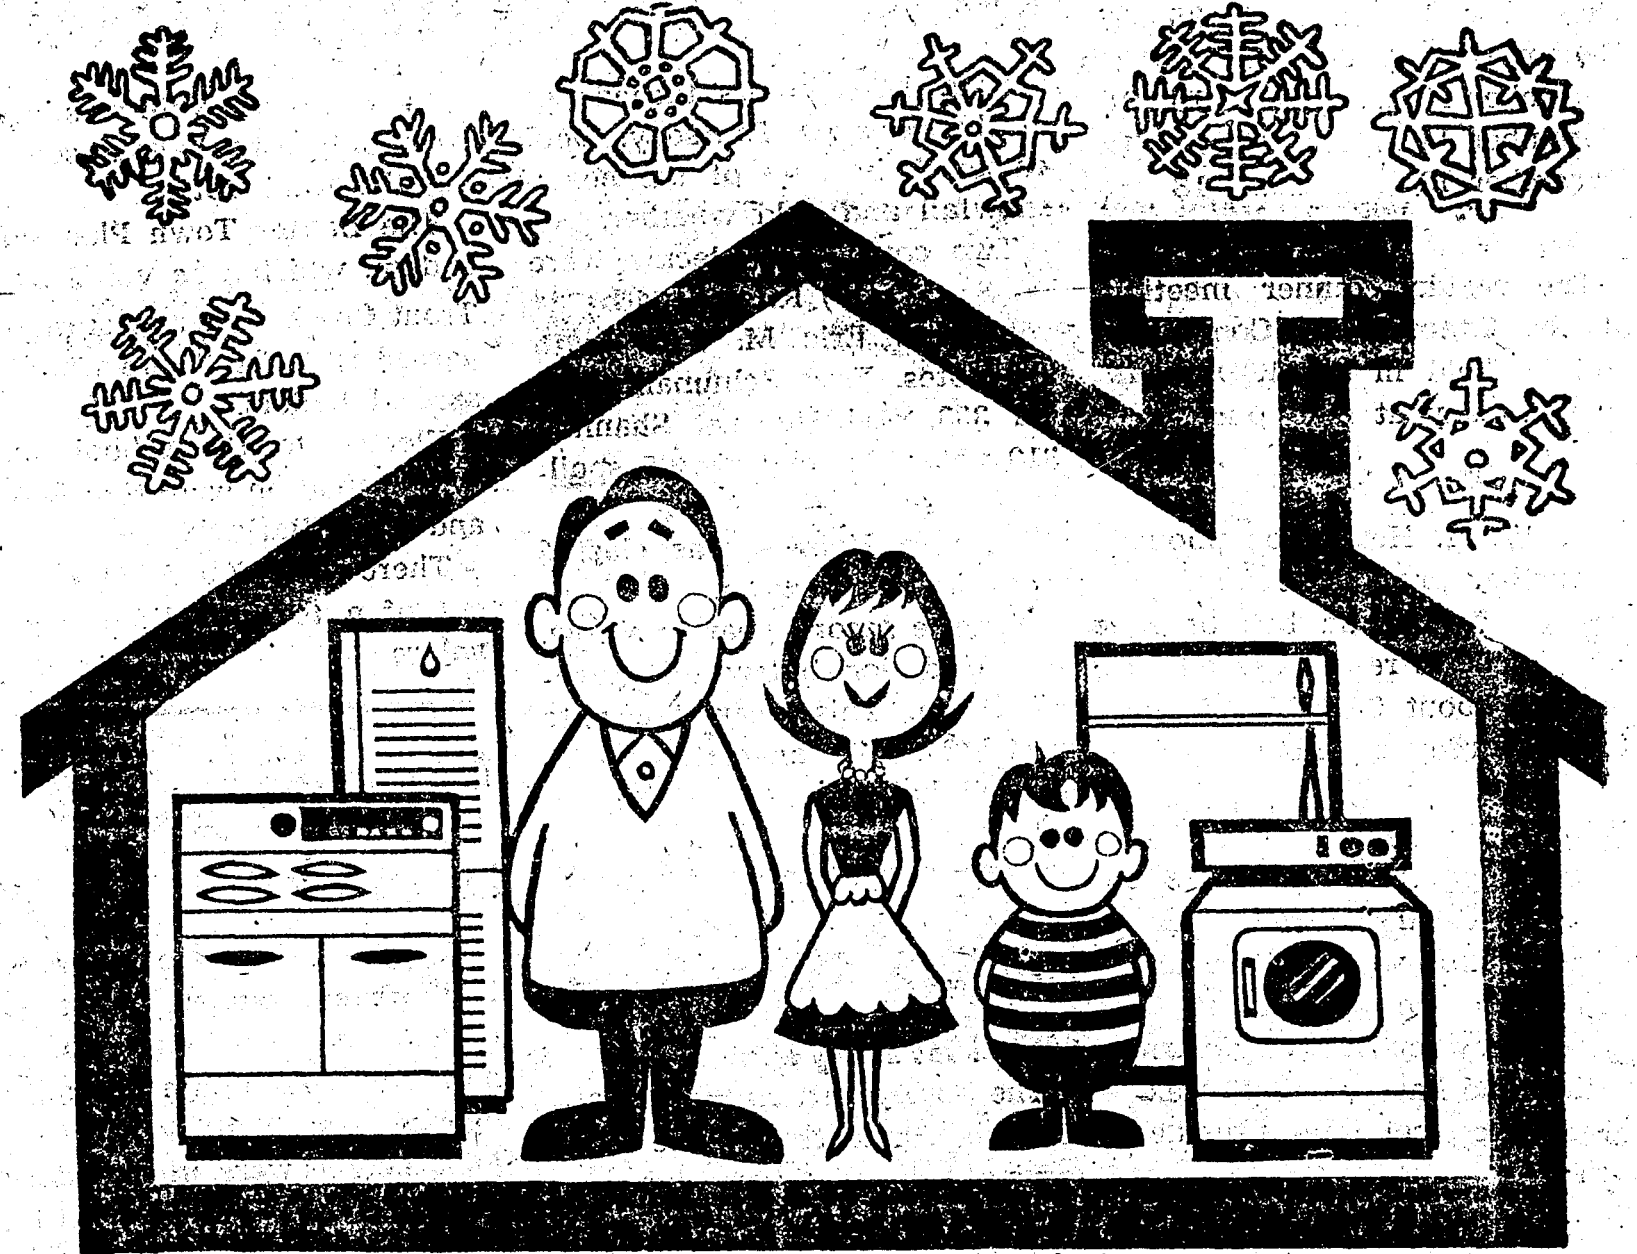

3. SPECIAL CHRISTMAS CHEQUES are available in two colourful holiday designs — one for personal and one for business giving. They are "gift-wrapped" in a bright cover that glows with the spirit of the season.

See these special Christmas features at your neighbourhood branch of the B of M today (don't forget to bring your Christmas shopping list).

A HAPPY HOME IS A GAS HEATED HOME!

MOM IS HAPPY...

Happy because gas is so clean, she can keep her house spotless with so little work. She loves all her gas appliances... that fast, fast water heater, the cool, easy cooking with gas, the washday wonder of her clothes drier that costs only a penny a load. For heating, cooking and drying clothes, gas is better everyone knows!

THE KIDS ARE HAPPY...

When they come in from outdoor play to warm comfort, ideal for quieter indoor pastimes. Their full days and restful nights are happier with gas heating.

DAD IS HAPPY...

Content in the knowledge that his family is healthy and happy, with room temperatures perfectly controlled... that fuel supply is regular and automatic... that all this costs less than heating with any other modern fuel.

Editorials

An old Fallacy

At this season of the year especially, there seems to be an inclination on the part of residents of smaller towns to do their shopping in larger neighboring centres. In this connection, however, it is pertinent to re-emphasize the reasons why their hometown merchants should receive their buying support.

Throughout the year, Summerland stores constantly supply all day to day needs. They strive to provide the best possible service at all times, a courteous neighborly service.

Yet each year at Christmas, they are deprived of a certain amount of patronage because of the age-old fallacy, "There's a wider selection of goods in a bigger town."

Let's take a careful look at the advantages of shopping in a bigger centre. Certainly, there are more shops. But how often have you tramped from one store to another, only to come back to the first one to make your final purchase.

There are those who will argue that there is a wider selection of goods in a bigger town. But let us remember retailers in Summerland are dealing from the same wholesalers as those in neighboring towns.

What are the disadvantages of leaving Summerland for Christmas shopping?

To our mind there are many. The first and most important is that money is being taken out of the Summerland area. The economic health of a community depends upon the money circulating in it. More sales for stores, means more jobs in every field.

Secondly there is the question of travel. The distance to nearby centres may not seem far. But added to the gas bill, is wear and tear on the car, not to mention the strain on the nervous system with the icy roads of winter.

Adding up the pros and cons, we are left with only one thought on the subject of Christmas shopping — stay in Summerland and support your local retailers.

"This is the season of the heart".

Advent 1961

by Rev. Lyle Kennedy

Here is the heart of the Advent message: God has done something which is of deep personal concern to every one of us.

This is the fact that many people miss during the season of preparation for Christmas Day. That we may not miss it this year let each one of us decide upon the following:

I. I will be expectant that he will come to me this Advent season. All too often people are skeptical that anyone will come. All too frequently the experience of Christmas has been thoroughly frustrating for some people. In the hurly-burly of preparation they lose sight of its religious message and after the carols are sung and bells rung, the silence is oppressive. Christmas has had no intrinsic significance. For them no one has ever come.

Advent 1961 must not repeat this mockery.

II. I will grasp the dimensions of Advent. Newman caught the magnitude of the Advent when he wrote:

"God's presence, and His very Self,

And essence all-divine".

This is so difficult for secular minded people to grasp. We are all spiritual isolationists. Our horizons are so limited to the things we see that no longer are we awed by the thought of an eternal mind that embraces all creation. Advent is time of expectancy but it is also a time of wonder. We've lost the majesty and magnificence of Advent when we no longer react to it with glad surprise.

Letter to the Editor

The Editor,
The Summerland Review.

Dear sir:
Thanks for the previous borrowed space in your good paper. Credit goes to the good people of Summerland with that rare "common sense" for exercising their vote to save their civil rights and health from further attack by the servants of the people who would so much like to deprive a good citizen of such privileges. From myself, as a member of the Summerland Pure Water Association, a very sincere thank you, for now I won't have to drink sodium fluoride; and since I am a so-called health crank and food faddist, what might the attackers be?

Do we have an answer? Here is a good one, right off the press:

"Buck teeth and sodium fluoride — The imagination of a dental quack on New York State's payroll took such a blast off that it is so far in orbit nobody can see it. "Doctor" Dave Ast of NY State's Dental Health Bureau got his name in the paper the other day with a story to United Press that fluoridated water will straighten out buck teeth. Instead of ducking with a smile and making out it was all a joke, he risked being struck down like Lot's wife by saying:

"Among 100 children in Newburgh, where water has been fluoridated since 1945, 35 per cent had nearly ideally straight teeth. In a nearby town (ho

(Continued on page six)

III. I will pay the price of Advent. Advent costs something. This is not meant to be facetious. All preparation requires discipline. Few will escape the drudgery of tying bundles and stamping cards, but many will overlook preparation which Advent demands and without which Christmas is meaningless.

To make Advent a higher experience than ever before, it will be helpful to capture the meaning C. H. Dodd put into it when he wrote: "The Word is uttered in a Person, who, living among men, shows forth the splendor of the divine nature in terms of personal character and social action, and so finds us where we live".

Advent points to an event — "The Word became flesh and dwelt among us". It deals not with a folk tale; it presents a fact of history. And this tale is not restricted to the locale of a village inn, but bursts the narrow frames of tribal story and embraces all history and moves it with revolutionary strength.

Advent looks ahead to Christmas with the steady assurance that this event can occur again whenever the Spirit of Christ lays hold upon human character and makes a new creation.

Santa has to travel But You Don't!

Summerland merchants have spent months planning ways to make your Christmas happier and more economical — they have stocked their shelves full of new and unusual gifts, and kept their merchandise at lower than ever prices.

You'll enjoy the leisurely shopping away from huge crowds and inexperienced sales people hired for the Christmas season. You'll appreciate the friendly suggestions of Summerland merchants who stake their business futures on YOUR satisfaction. And you won't spend time driving on slippery highways, banging fenders and looking for a place to park.

IT'S A

Cosy old custom that everyone has new slippers for Christmas Day

Slippers Galore

At the Family Shoe Store

Comings and Goings

The Review's social reporters, ladies of the Women's Institute, are hard pressed for news these days. With the holiday season coming up, and many parties and extra guests in the offing, please be sure to let the ladies know or call us at HY4-5406.

Mr and Mrs J. G. Littau and Mr and Mrs H. Sellinger are among those now making plans to attend the three day convention of Jehovah's Witnesses in Princeton next week end. While there they will renew acquaintances with many of their friends from the South Okanagan.

Mr. and Mrs. Walter Birtles will spend the Christmas holiday with son Jim and family at Olds, Alberta, and New Year's with their daughter Mrs. Garry Singbush and family in Vancouver.

Mr and Mrs H. R. McKee have returned from a recent trip to Calgary where they visited their son and daughter in law, Mr and Mrs. Gerald McKee.

Mr and Mrs Paul Charles were in Wenatchee last week where Mr. Charles was a delegate to the Washington State Horticultural Convention.

When Pat Mead arrived yesterday from HMCS Stadacona, in Halifax, Nova Scotia to spend two weeks leave with her parents, Mr and Mrs Roy Mead.

Mr. and Mrs Doney Wilson will spend Christmas in Calgary with their daughter, Mrs Russell Kizan.

Mr and Mrs Gerald Dent are in Vancouver to attend the wedding of her sister, Mrs Marion McKay to Mr Reginald Kelly on Saturday.

Frank Davis of the RCAF, his wife and sons, Colin and Robin, have moved from Ottawa to Vancouver, where he will be stationed with the RCAF. They attended the funeral of Frank's father, Mr V. P. Davis held in Summerland this week

Mr and Mrs Cormie McArthur and family have gone to Dawson City to reside, where Mr. McArthur is flying for a commercial airline

Mr. and Mrs. Bob Wagner and four children of Calgary have moved to Trout Creek, and are living in the Maurice Welsh home.

Dr and Mrs M. O. Proverbs and four children are leaving on Thursday by plane for the Barbados to holiday with his father and other relatives.

Births at Hospital

Business trips produce unexpected problems

Handling the household finances while her husband is away on a business trip can be a problem for any wife unless she has enough cash on hand to cope with everyday expenses, as well as with those little emergencies that always seem to arise at awkward moments.

But the practice of having sums of money around the house can be dangerous. More and more couples are finding a far more practical and flexible method of handling money is through a B of M joint account operated by them both. It's a favorite with women everywhere because the joint account is both simple and convenient. It makes an ideal way to keep track of family expenses, too.

Various arrangements can be made when opening a joint account at the Bank of Montreal — some people stipulate that both signatures are required on all cheques. Others find it more convenient to allow both parties to write cheques independently.

Either way, a joint account is the safest method of keeping family financing on a flexible basis at all times. See Simon Kouwenhoven, the accountant at the Summerland branch of the Bank of Montreal, for complete details about opening and operating a convenient joint account.

Thank you

I wish to thank all those who supported me at the polls on December 7th, and to congratulate the successful candidates, W. S. Ritchie and Eric Tait

Howard Shannon

Thank you

I wish to express my appreciation to those who supported me at the polls in Summerland on December 7th, and to extend congratulations to the successful candidates, W. S. Ritchie and Eric Tait.

I feel that we have a strong council, and it will be my pleasure to support them at all times.

F. W. Schumann

In appreciation

I wish to thank those who supported me in the recent election, and hope that I can justify your continuing confidence.

To all of Summerland a Merry Christmas and the very best in the New Year.

Eric Tait

In appreciation

I wish to express my sincere thanks to all those citizens who supported me at the polls on December 7th.

To all residents of Summerland may I wish a Merry Christmas and a Happy New Year.

W. S. (Scotty) Ritchie

New Ideas for tree decorating

Feel like trying something new and different this Christmas? Try decorating your tree with some of the new colors and styles of Christmas lights! But don't just choose any colors at all — to get a really beautiful effect it's best to study the decor of the room your tree will be in, the color scheme of the walls, furniture and rug, before you even purchase the tree.

And tree colors! Some of the most unusual and beautiful effects can be achieved very easily by choosing the right color for your tree together with colored lights selected to complement the room decor.

For instance, if your living room has white walls, and furniture upholstery and rugs in burnt orange and beige shades, with dark woodwork, try a gold painted tree decorated with red Sparkle lights only. These are a beautiful magnet red, with clear glass, that really sparkle. They are on the market this year for the first time. I'd suggest you purchase the string and socket wire separately, then select the red Sparkle lights to fill the sockets.

A living room with blue walls, and furniture and rug in blues, greens and whites, would look really attractive with a Christmas tree painted white, and decorated with turquoise and green Lighted Ice lights. These are also new this year — a large globe of lights with chips of "ice" all over it. When lit they create a beautiful wintry look that is quite unusual and attractive.

For the traditional living room, with green walls, and chintz covered furniture and dark woodwork, there is nothing like the natural green tree decorated with a mixture of red, green, yellow and blue Sparkle lights.

For a more formal living room, with beige walls and neutral furnishings, try a gold and white Lighted Ice lights.

Violet Society holds contest on decorations

The December meeting of the Summerland African Violet Society was held at the home of Mrs H. W. Pohlman

Following a brief business session conducted by president, Miss Dorothy Britton, there was judging of Christmas centre pieces.

First prize went to Mrs J. Richards, second to Mrs J. H. Brown, and third was a tie between Mrs H. W. Pohlman and Mrs J. Lazenby.

The ladies then enjoyed an evening of bingo, with prizes donated by members.

The next meeting, on January 15 will be held in the Red Cross room at the public library. There will be a competition using driftwood and violets, plus instruction on how to use dried flowers for floral arrangements.

Refreshments were served by the hostess, which concluded a very pleasant evening.

All these new lights, incidentally, are made by Canadian General Electric and they are on the market for the first time. That may apply to your living room is mushroom walls, with greens, pinks and browns in upholstery and rug. This would set off by a pink tree, decorated with mixed Snowball lights. These Snowball lights, incidentally, come in six beautiful pastel shades when lighted. When turned off, they instantly become white as snowballs — a lovely decorative light even when not burning.

As a general rule of thumb, however, the good natural green tree covered with mixed Glow lights will always be attractive, in any room, and any decorating scheme.

A word about gold and silver trees: Use them carefully, for they can be a very strong feature of a room. They are rather sophisticated, and suit a larger living room done in more formal style, or a hallway. They are lovely as a small tree, particularly in a small apartment where they will stand out without becoming too dominant.

Try your hand at it, and you'll discover that decorating the Christmas tree can be very creative as well as lots of fun especially by blending the many new colors and styles of Christmas lights now available.

Personal

The Pure Water Association of Summerland would welcome new members and donations. Phone HY4-2134, or write Mrs. Hazel Prokopenko, RRI, West Summerland. 3p50

Twin City Macs play here Sunday

The new Summerland Intermediate hockey team plays its first game here on Sunday. The team, called Twin City Macs,

(Continued from page one)
LETTER TO THE EDITOR
meant Kingston) the water is "deficient" in fluoride; only 13 per cent of the children there have straight teeth".

"What this prevaricating quack didn't say was that these two towns were taken as a test center in 1945 by the U.S. Public Health Service whose boss (Oscar Ewing) had been given a "fee" of \$750,000 by the Aluminum Trust for propagandizing all municipal water systems to buy this cumulative, paralyzing poison (aluminum filing tailings), and to dump it in the public water supply in defiance of all health laws. Ewing was told to pretend that this product, which toxicologists say is fit only for rat poison and roach killers, would "save the kiddies' teeth."

A four year test made in these control cities showed exactly opposite. In the unfortunate city of Newburgh, the State Board of Education made their own examination after the U.S. PHS made one, and suppressed the results. This test showed that of 4,469 inspections 3,139 had bad teeth, 63 per cent

In the pure water city of Kingston 5,308 children were examined and 2,209 found with bad teeth: 41 per cent.

That same year the Newburgh City Board of Health's annual report showed a 50 per cent increase in heart and kidney diseases and infectious hepatitis.

Five Utah cities rejected fluoridation at the polls in November by wide margins

Biggest blow to the undertaking business was in Salt Lake City where the vote was 35,864 to 10,389 for pure water. The other four communities where common sense ruled were American Fork, Sunset, Clearfield and Springville. In 1961, 43 of the 58 cities where the voters had a shot at it voted no.

Yours truly,
Erma Anderson.

is comprised of Summerland and Penticton players. Sunday they will meet the Penticton Junior Vees in the Jubilee Arena at 3 p.m.

In the Macs line up will be members of the old Penticton Vees including Jim Fairburn, Jack Durston, Walter Peacosh, Yogi Kraiger, Jack Taggart, Kevin Conway, Red Bosscha with Bernie Bathgate as coach. Summerland players include Geordie Taylor, Al Hooker, Don Moog in goal. Manager is George Stoll.

Helping out the junior Vees will be Don Slater.

The Twin City Macs have lined up some good players for their team, and have done a lot of practicing, so Sunday's game should be well worth watching.

More exhibition games are being arranged, and will be announced shortly. It is hoped to have a game here on Boxing Day.

SCOUT NOTES

There was a near perfect turnout for a cold night on Monday, with 23 out of 25 boys present. A game which proved popular, and which hadn't been played for a long time, was indoor hockey. The main work of the evening was test passing.

Investiture of the recruits will take place next Monday. Boys must have completed their tests and must have their Scout staff and as much uniform as possible. Any boy needing uniform parts should see Mrs. Logie's uniform exchange or phone the Scoutmaster. Mickle's store in Kelowna is authorized dealer for Scout supplies. All catalogue prices are post paid. Parents are asked to look at the Scout catalogues the boys took home.

Boys thinking of the winter camp are again reminded about rubber air mattresses and good sleeping bags for warm sleeping. A notice will go to parents next week re winter camp.

Next meeting will not be too formal as many boys will not be present owing to exams. Those that come to the meeting will have a good program of games and tests.

D. V. Fisher, Scoutmaster

Square 'em up

Ten members of the Pairs and Squares enjoyed the Wheel 'n' Stars Christmas party in Penticton last Saturday night. A very friendly, happy crowd and a delicious supper added to the dancing fun.

Preparations are well under way for our Christmas dance this Saturday. Harold Wiens and Keith Taylor have the decorating all lined up. Louise McCrea, Gladys Laidlaw and Lil Nistor are cooking the turkeys and Gwen Hardie, Phyllis Smith and Beryl Roseborough are gathering at Ruth Munn's Friday morning to make the mince pies. Other club members are providing jellied vegetables and fruit salads and cranberry sauce.

With Chuck Inglis as our emcee we are looking forward to a wonderful time with our square dancing friends from up and down the valley. Let's hope the icy roads don't make travelling too difficult. See you all at the Youth Centre this Saturday at eight!

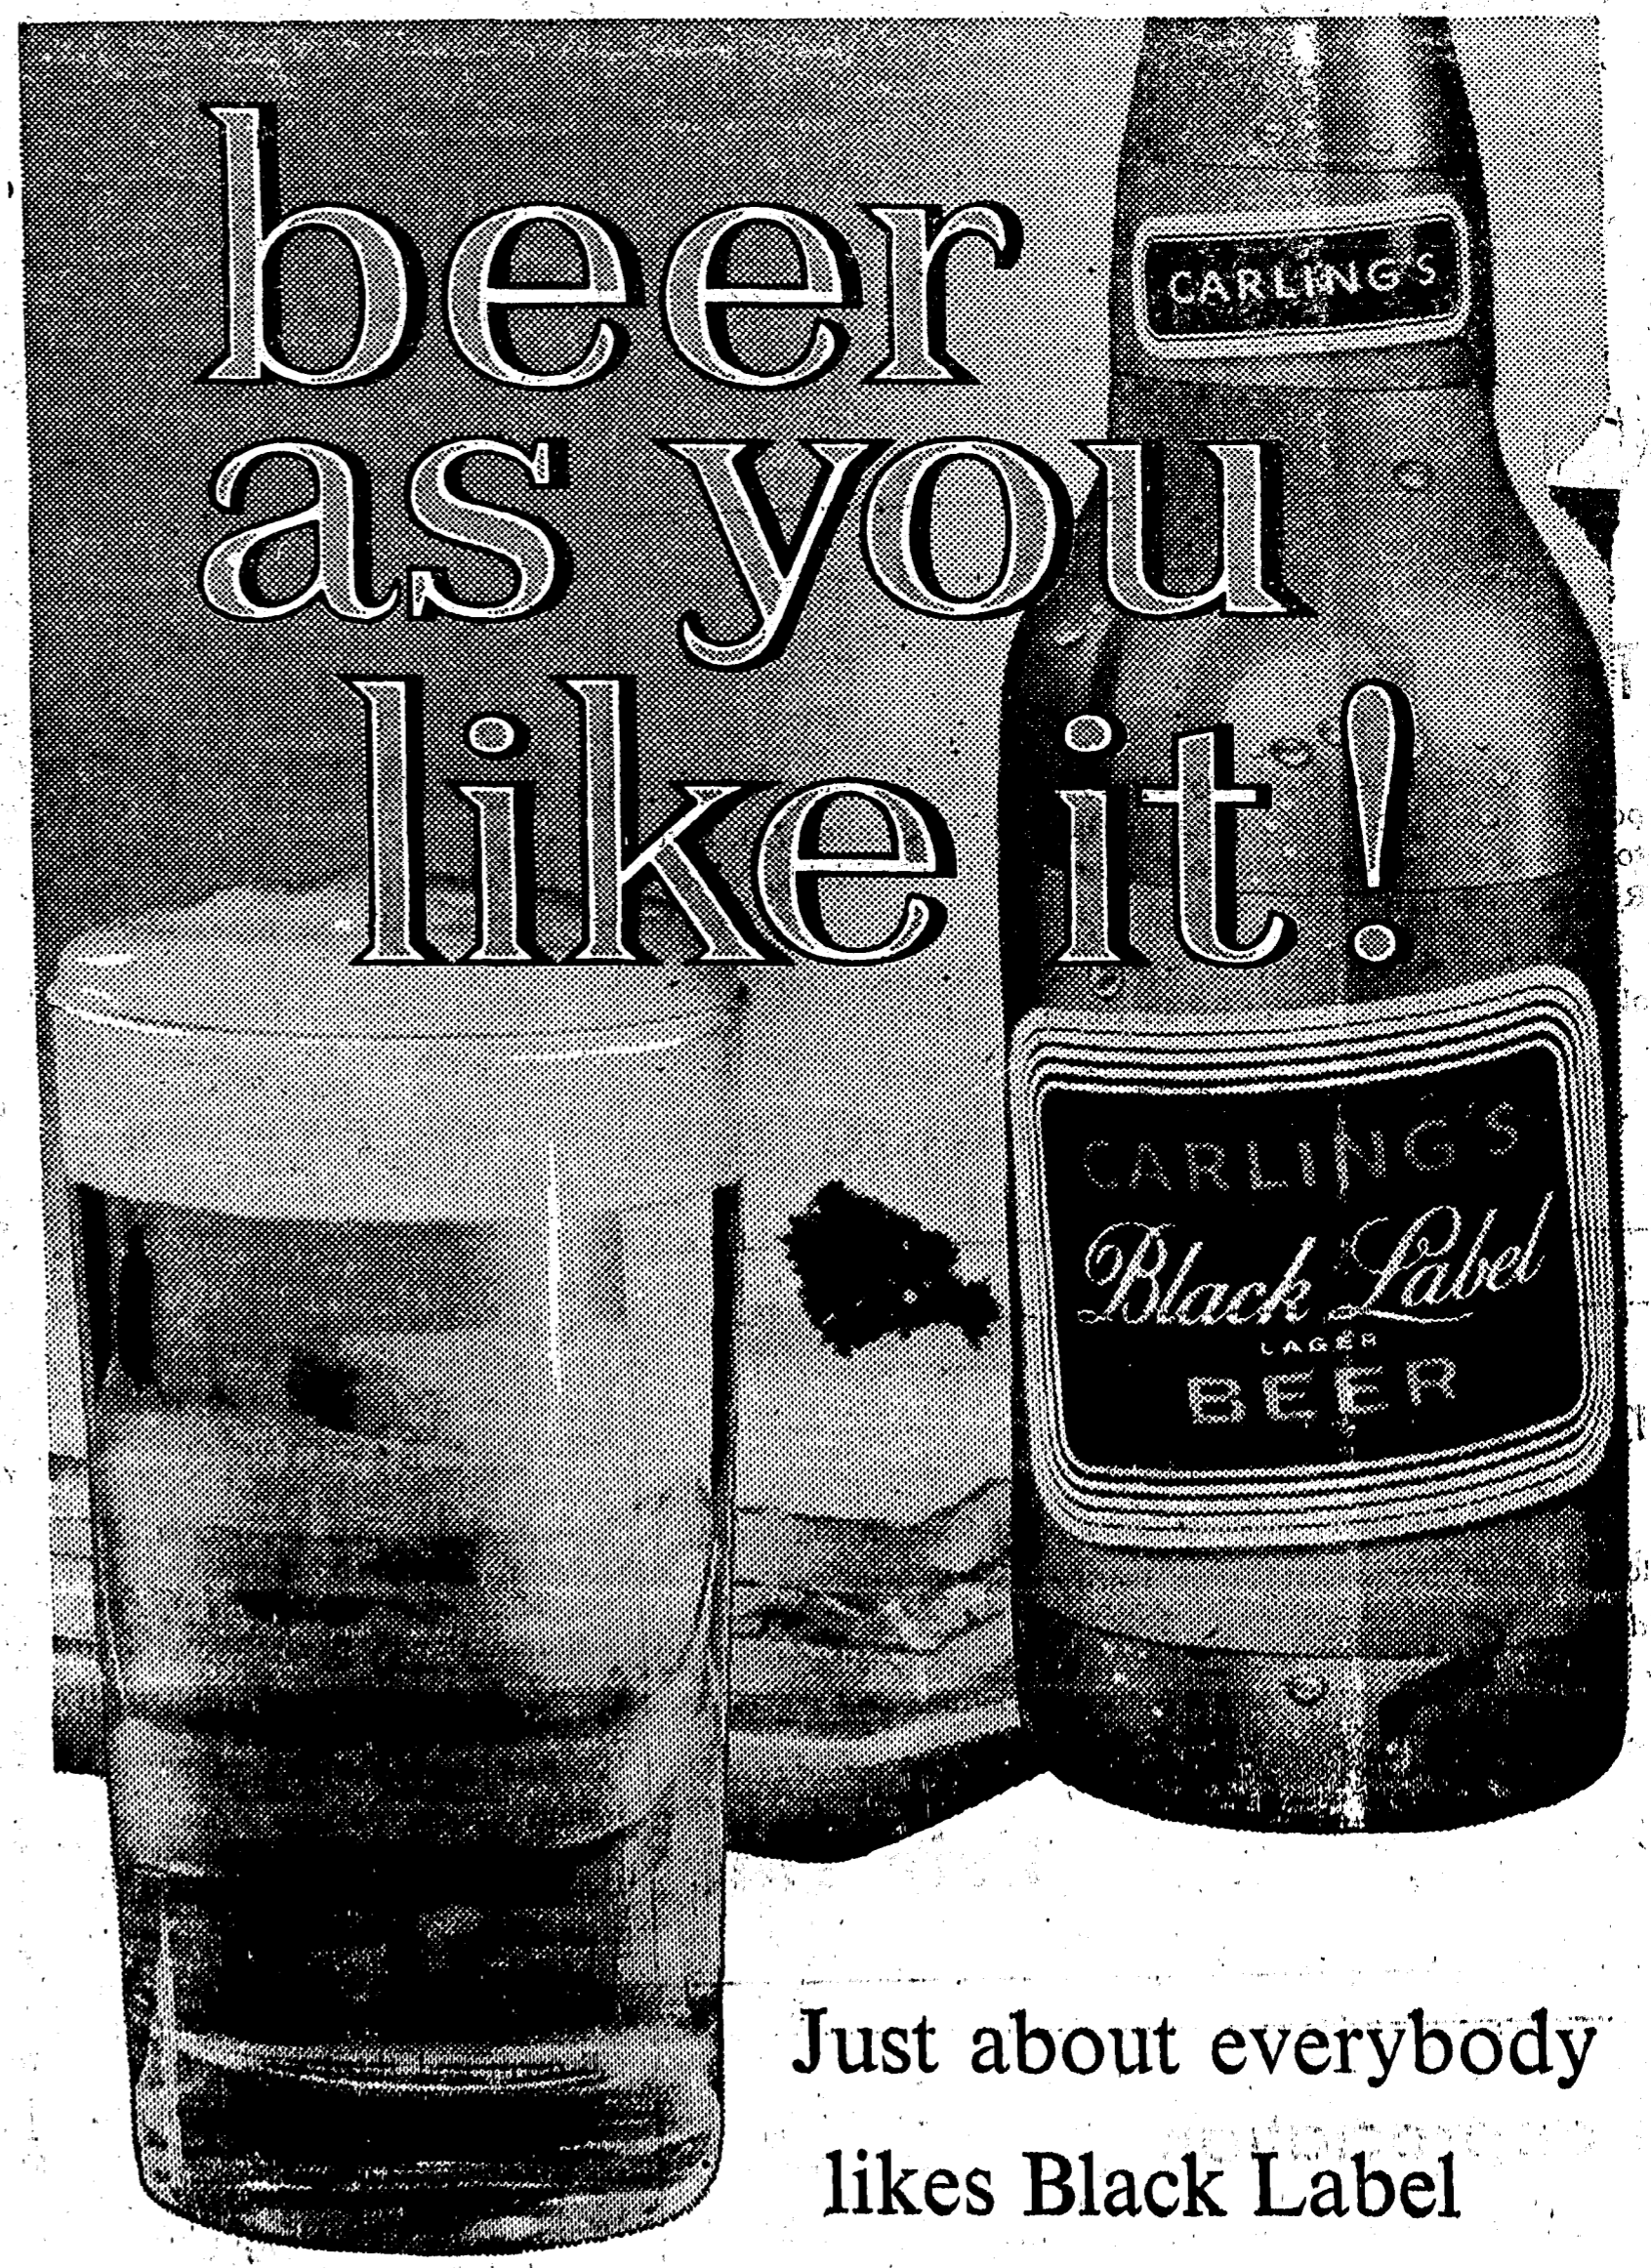

OWN YOUR OWN HOME

Value Hard To Beat
10 acre orchard, new sprinkler system, fully planted, high percentage of Red Delicious and MacIntosh. Comfortable, well constructed, older style 2 bedroom home with modern facilities. Barn and loading platform. Only \$6,500 with terms.

Services for Mrs. Wendt

Funeral services for the late Mrs. Freda Wendt, 76, who died in Penticton Hospital on Friday, December 8, were held in Summerland United Church on Monday, December 11, Rev. P. K. Louie officiating, interment in the family plot, Peach Orchard cemetery.

Left to mourn her loss are one daughter Mrs. Elmer Harbicht, West Summerland, and one son, George of Vancouver; eight grandchildren and seven great grandchildren.

Hear talk on Fluoridation

An audience of about 250 people attended a public meeting in the Summerland Secondary School Tuesday, December 5th, to hear Dr. Ananda Bhavanani, a clinical psychologist of Vancouver. The meeting was sponsored by the Pure Water Association of Summerland.

Dr. Bhavanani, a member of the Orthodynamic School of preventative Psychology, talked on the psychological problems created by the addition of fluorine to a public water supply.

In his opening remarks, he stated that he felt happy to be living in a democratic country, and that here in Summerland, he was seeing democracy at work.

He went on to say that the basic rights of democracy are being tampered with, when people are being denied the right of free decision and that in his opinion, the proposed addition of fluorine to the drinking water was just such an instance.

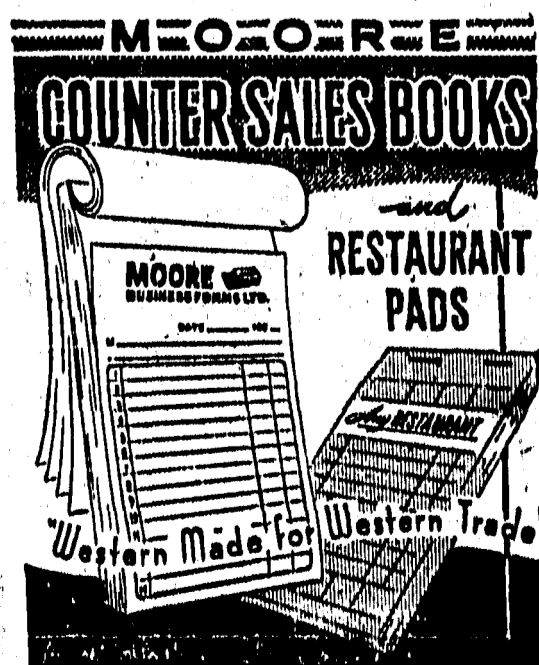

He stated that fluorine had only been under scientific investigation since 1945, and he felt this to be much to short a period of time for any conclusive results.

Cafe Aces join league

Playing in the arena last Sunday, a short handed Mac's Cafe Aces team went down to defeat against the fast, hard skating team from Armstrong. Final score was 8-4.

Osoyoos, Penticton and Summerland have formed a commercial hockey league.

On Mondays, at 8:15 in the Jubilee Arena, the Macs Cafe Aces play Osoyoos and on Thursdays at 8:30 play against Penticton in the local arena.

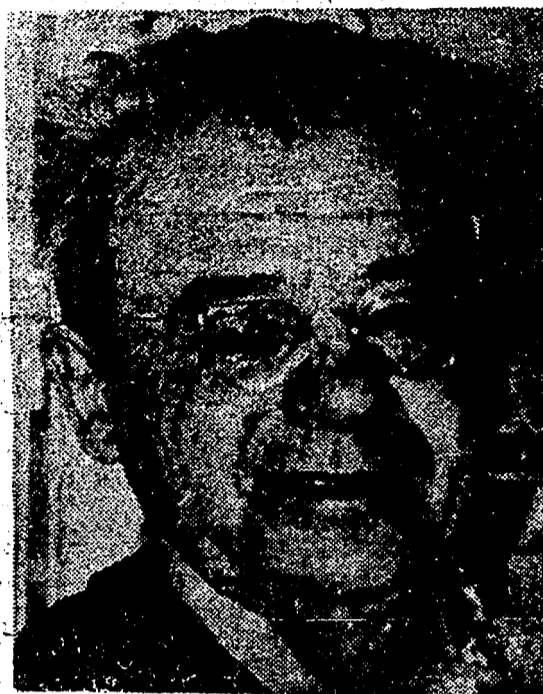

Summerland Review

MEET...

E. L. FAMCHON

of the Summerland & District
Credit Union

He serves on the supervisory committee. Born in France, he came to Summerland in 1920, working as a packing foreman for 25 years and field man for 10 years for a local packing-house, and is now retired. Mr. Famchon is married with one daughter. He is a past master of the Masonic Lodge. His main hobby is fishing.

Information about your Credit Union

★ Officers

Who operates the Credit Union?

The members through their board of directors and committees.

Who are the Board of Directors?

They are elected by the members at the annual meeting. They are in charge of the affairs of the Credit Union during the year. They are usually elected for three years in staggered terms, so that at all times a majority of the board has had one or more years' experience.

What committees are there?

There is the credit committee which passes on loans. There is also the supervisory committee of five members who act with the accredited auditor of the Credit Union. Progressive Credit Unions have an educational committee to bring a better knowledge of the Credit Union to the members and to potential members.

What pay to the officers of a Credit Union receive?

Only the manager and office staff receive pay. Officers and committee members receive no monetary recompense whatsoever. They give freely of their time and ability in a spirit of co-operation.

Summerland & District Credit Union

Under the Giant's Head

Weather as well as people is unpredictable. The research station reports that twice on Tuesday night the wind came up and the temperature shot up 10 degrees for an hour or so, only to drop down again when the wind died down. During the past week there has been 10.3 inches of snow and the sun shone for only 1.8 hours.

	High	Low
December 13	22	15
December 14	28	15
December 15	29	20
December 16	27	18
December 17	33	19
December 18	26	24
December 19	39	22

Because of the heavy snowfall, judging in the Chamber of Commerce's light up contest did not take place Tuesday night as planned. Judging will be completed before Saturday.

One of our scouts informed us that about 20 snow enthusiasts were up at the ski hill on Meadow Valley last Sunday. Locomotion included skis, toboggans and sleighs and the report says that everyone had a wonderful time. The hill had a good foot of snow and was in excellent condition. The road to the hill is plowed out, so why not give the kids a chance to try out that new sleigh?

At the heart of every child's Christmas is the birth of the Babe in Bethlehem. This is evident in 11 year old Tommy Inch's impressions of Christmas in Summerland, depicting his family at church, shopping, a giant Christmas tree, the dinner table, and the stockings hung by the chimney. Tommy's painting was one of 20 winners from 2,000 entries across Canada submitted in a Family Herald contest. His painting appeared in the December 21 issue. Tommy, son of Mr. and Mrs. Alex Inch, won a pair of skates.

Elected president of the Royal Canadian Legion, Branch 22, at the annual meeting held last week was Emil Bonthoux. Hon. president is Dr. W. H. B. Munn; vice presidents are Dr. Dugald McGregor, Bernie Hubbard and Mrs. Phyllis Hickson; executive: Doug Hill, E. F. Smith, Jack Wilson, Al McIntosh, George Clark; padre, Rev. W. S. Beames; canteen chairman Dave Taylor Jr.; sergeant at arms, Earle Smith; welfare officer, W. C. McCutcheon; sick committee, John Dunn; house and grounds convener George Charlton.

Following our usual custom, the Review will not be published between Christmas and New Year's. Next issue will be January 4th, 1962.

In writing thirty to this week's "Under the Giant's Head," we'd like to quote Corporal Larry Martin of the local RCMP, who says: "Merry Christmas to all, especially those who drink coffee!"

The Summerland Review

Thursday, December 21, 1961

West Summerland, B.C.

Volume 16, No. 51

Yes, this jolly old gentleman is coming to town on Saturday. His visit has been arranged by the Chamber of Commerce. He will be in lower town at 2:00 p.m. and then in the playground park in West Summerland at 2:30 p.m. Public school children, grades 1 to 4 have received tickets from the school principal. Parents of pre-school children can pick up their tickets at the D. H. Hill and Co. office or Read and Pruden office. Please note that children must appear in person to receive their present.

Heavy snowfall causes head-on collision Tuesday

Heavy snow and icy road conditions have resulted in a number of car accidents during the past week.

A head-on collision approximately one mile north of West Summerland Tuesday night resulted in one person being sent to hospital. Due to snowy conditions, a car driven by Fritz Enock of Kelowna was travelling on the centre line and smashed into an oncoming vehicle driven by John Reich of

Valemount, B.C. A passenger in the Reich car, Mrs. Rosa Waidnar, was taken to Penticton hospital suffering from minor injuries. Damage to the two cars was about \$1,200.

Last week end a car driven by Brian Leibert of West Summerland was in collision with a truck driven by Hilly Smith on the Peach Valley Road at 7:45 a.m. Damage amounted to \$285. No charges were laid.

On December 16 a car driven by James McArthur of Trout Creek went into a skid and rolled into the bank on the west side of highway 97 with a resultant \$400 damage to the car.

In local police court, 24 minors have appeared before Magistrate Reid Johnston this year charged with possession of liquor.

On December 19, Kenneth Ralph Barber appeared in police court charged with being a minor in possession of liquor. He was fined \$35 and costs.

On December 8 James Gengell of West Summerland was fined \$10 and costs for displaying improper licence plates.

On December 11 John Jmaeff of Grand Forks was charged with impaired driving and fined \$100 and costs or in default 60 days in jail.

On December 15 two West Summerland juveniles appeared in court on a breaking and entering charge. One boy was placed on probation for six months under the supervision of the probation officer. The other juvenile's sentence is pending.

Retiring reeve honored by Chamber

F. E. Atkinson, retiring reeve of Summerland, was presented with an illuminated scroll by the Chamber of Commerce following the dinner meeting last Thursday. President G. C. Johnston made the presentation.

In outlining Mr. Atkinson's many years of civic service, Mr. Johnston remarked that when Mr. Atkinson began as a councillor 17 years ago, he had a child in grade school, and now

he is a grandfather.

Mr. Atkinson has given Summerland excellent leadership, the municipality has prospered under his direction, and is now, thanks to wise government, in an excellent financial position, and growing steadily, said Mr. Johnston.

He also commended Mr. Atkinson for his help and cooperation in his dealings with the chamber, stating that many towns do not enjoy this happy relationship.

In thanking the group, Mr. Atkinson said: "I have been the lucky one. He went on to say that he had reaped the fruits of the hard labour of the people before him. He expressed his pleasure of the scroll and thanked the members for the thought and work behind it.

The citation reads: "In appreciation of civic work during 17 years, eight of them as reeve in which forward looking policies have been established making Summerland one of the most progressive places of its size in B.C. A leader in local government, industry, health and social services. Past president, Okanagan Valley Municipal Association; past president Okanagan-Kootenay local Agricultural Institute of Canada; active worker in Youth Centre Association; also served on Okanagan Valley health unit."

Around the edges of the scroll are sketches of various buildings in construction of which the reeve had been associated. Mention is also made of his being officer in charge, fruit and vegetable processing laboratory, Summerland Research Station, a Mason, an Anglican and on the board of management of the B.C. Research Council.

Heavy role for schools

An audience of some sixty teachers and trustees, with their wives, husbands or friends, was delighted with the speech delivered by Dr. Samuel Laycock to the Summerland Teachers' Association at its supper meeting in the Legion Hall last Thursday, December 14.

The famous educator, speaking on "Education for the Sixties", pointed out that man's knowledge is now expanding at such a fantastic rate that the schools can provide only a small sampling of the knowledge available. Therefore, besides providing a background of facts, it is important that the schools teach pupils how to organize their thinking, sift fact from opinion, and draw sensible conclusions, so that they can cope with new situations as they arise.

Another important duty of schools of the future, Dr. Laycock said, is to develop personality and character traits. Emotional development is just as important as intellectual development. Problem children and

(Continued on back page)

Chamber opposes change in telephone toll charge

At the regular dinner meeting of the Summerland Chamber of Commerce last Thursday night, tribute was paid to the late Mr. E. R. Butler, an active member and treasurer of the chamber for many years. In giving the grace, Mr. J. O'Mahoney asked for a few moments of silence in memory of Mr. Butler, and later during the business meeting president G. C. Johnston paid tribute to Mr. Butler's work not only in the chamber, but also in many other worthy civic groups. "He will be sorely missed," said Mr. Johnston.

A letter from the minister of agriculture, Frank Richter, took sharp issue with the chamber for its stand in backing the northern Okanagan farmers in their milk demands. In part Mr. Richter stated that he felt the C of C had taken its stand against the government without looking into the facts.

In discussing the letter, president Johnston said he felt that the chamber was justified in

its support of the farmers, B.C. FGA president Charlie Bernhardt said he felt the letter was consistent with the department's reluctance to do anything for farmers.

In discussing the Okanagan Telephone Co.'s brief for a raise in rates it was mentioned that the company has not had a rate increase since 1953 and that the improved service of today cost more money. In discussing municipal council's decision to inquire into the removal of toll charges between Summerland and Penticton, it was pointed out that removal of the charge would probably result in a raise in the basic rate. Also mentioned was the fact that Summerland would be listed under the Penticton directory, the same as Naramata and Kaleden subscribers. It was felt that this would result in Summerland's losing its identity, and the chamber decided to write council that it was not in favor of the removal of the toll.

More power by working together

At a special dinner meeting of the Okanagan Valley Tourist Association, held at Penticton last Thursday night, the smaller communities of the valley were invited to share with the three major cities, Penticton, Kelowna, and Vernon, in their general cooperative tourist publicity efforts. Representing Summerland at the meeting were Councillor Norman Holmes and Eric Williams from the chamber of commerce.

It was pointed out that while cash contributions will expand the plans of the association materially, the major idea of inviting their participation at this time is to assure mutual cooperation and concerted align-

Horticultural Society tours local greenhouses

The December meeting of the Summerland Horticultural Society was held on December 15 in the Parish Hall. After gathering at the hall the group went on its annual tour of Joe McLachlan's greenhouses. The tour was thoroughly enjoyed by all members, as the blooms were just ready for Christmas. Especially delightful were the chrysanthemums and carnations.

They also visited the bulb house where the methods of forcing hyacinths for early spring was explained.

Returning to the hall a parlor show of Christmas decorations was held. Winner of class one door decorations, was Mrs. A.

Inch; Class two, mantel decorations was Mrs. E. C. Bingham; Class three, table decorations, Mrs. W. Harrison. Prizes for the first two classes were potted mums, and for the third class a cycleman plant.

The decorations were very attractive, made from natural seed pods, green, weeds, etc. Some of the displays were gilded upon completion.

E. H. Bennett won the door prize, which was a cycleman plant.

Alec Watt is chairman of the nominating committee for the annual meeting of the Society on January 19.

Services for pioneer residents

Funeral services were held on Friday, December 15 at 2 p.m. for the late Mrs. Fanny Fudge, 89, who passed away in Summerland General Hospital, on Wednesday, December 13. Services were held in St. Stephen's Anglican Church, conducted by Rev. Norman Tannar, with interment in Peach Orchard Cemetery.

Mrs. Fudge, a resident of Summerland for many years, was born in England.

She is survived by two sons, George and Lionel of Summerland; one daughter (Zoe), Mrs. Fred Beeman of Nanaimo; and four grandchildren.

Another pioneer businessman of Summerland passed away last week. Funeral services for the late Arthur Keith Elliott, 67, were conducted on Saturday, December 16 at 2 p.m. from the Summerland United Church, Rev. P. K. Louie officiating. Interment was in the family plot, Peach Orchard Cemetery, with graveside services conducted by the Masonic Lodge. Mr. Elliott died in Shaughnessy Military Hospital, December 13.

Mr. Elliott was born in Nova Scotia and came to Summerland in 1904 with his parents, the late Mr. and Mrs. A. B. Elliott. He owned the former A. K. Elliott Department Store in West Summerland. Serving overseas in the first world war with the 1st Canadian Field Ambulance, 1st Division, he was a member of the Royal Canadian Legion, branch 22, for 25 years. He was a member of the Summerland Lodge AF and AM and the Royal Arch, Penticton Chapter 22.

He is survived by his wife, Violet; one son, Murray, West Summerland; two daughters, (Maxine), Mrs. W. B. Kennedy, Vancouver; and (Bernice) Mrs. Bert Pollock, Coquitlam; eight grandchildren; one brother Rhodes, in Vancouver; Kenneth, Seattle; and one sister, (Kathleen) Mrs. Charles Rive, Vancouver.

Packinghouses hear report on compensation

About 50 representatives of fruit and vegetable packing plants met on Friday morning, December 15, with Mr. E. V. Ablett, of the Workmen's Compensation Board, for the purpose of discussing matters pertaining to Workmen's Compensation in the packinghouse industry in central B.C.

A statement was handed to each packing house representative showing his total assessments paid to the Board and the total claims paid on behalf of his employees, by the Board, over the past 11 years. These schedules disclosed that, whereas the total claims of some packing houses were as low as 13c per dollar of assessment, the claims paid on behalf of other packing houses ran as high as \$1.60 per dollar of assessment. These figures also revealed that the industry campaign for accident prevention and against abuse of the basic principles of the act, has resulted in a saving of about \$14,000 per year over the past five years.

As a result of the discussions, Okanagan Federated Shippers Association will intensify its campaign for safety measures and for more accurate reporting of accidents, incidents and industrial disease occurring in its operations.

Representatives of the canning and the lumber industries were present at the meeting.

Heavy apple storage

Of the 1,787,954 boxes of apples in cold storage throughout B.C., 1,689,537 are stored in Okanagan packing houses.

A Federal Department of Agriculture survey released last week shows that Summerland had the third largest quantity on hand of any point with 184,653 boxes in cold storage.

In first and second place were Oliver-Osoyoos with 413,940 boxes and Penticton with 189,342 boxes, Keremeos had 77,006, Naramata 58,439 and Kaledon 27,155 boxes.

Of the 54,237 boxes of pears stored in B.C., 51,585 are located in Okanagan storage plants. Summerland has 4,353, Penticton 2,353, Kaledon 1,870, Naramata 1,826, Keremeos 1,182, and Oliver-Osoyoos 757 boxes

Summerland Review

Editorials

At the crossroads

A new route to Vancouver — via Summerland — and a new vista of tourist development for the entire Okanagan, and this community particularly, was opened out at a recent meeting of the Okanagan Valley Tourist Association.

To some, placing Summerland at the crossroads might seem far-fetched. But it wasn't so to those at the OKVTA meeting. They saw the new "short-cut" to the coast going by way of Summerland, rather than Peachland, linking this community with Princeton, and thus with Vancouver on a new highway that would be an hour shorter than the existing one.

True, this road won't come tomorrow, or for a good many more tomorrows after that; but it will come. Some say twenty, some only ten years for it to be fact and not fancy. Here, in Summerland, we must work as if the time would be less than a decade, we must hasten it all we can, not by arguing or disagreeing with those on existing routes, but by co-operating with them, and by being prepared ourselves.

And we must be prepared — a condition we are far from at the present time. We can develop our own "visitor consciousness", putting out the welcome mat in many ways. We can co-operate with all other groups doing the same thing — notably the Okanagan Valley Tourist Association. We can make certain the approaches to Summerland are well and distinctively marked.

These things we can do for tomorrow and tomorrow and tomorrow; we can do these things now. And, in doing them well, we can make certain that the use of Summerland as turn-off point will become obvious.

Summerland is at the crossroads now in its need to be the crossroads of the future.

"This is the season of the heart".

Christmas 1961

by Rev. Ira Johnson

Over nineteen hundred years have passed since Christ came into this world as a baby, at Bethlehem. On that momentous occasion, a mighty host of angels, descended from outer space to announce to a needy and sinful world that a Saviour was born. Just before this host gloried in singing their carol of "Glory to God in the Highest", a solitary angel delivered this glorious message. "Fear not, for behold I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David, a Saviour which is Christ the Lord." (St. Luke 2:10-11). Perhaps this was the same angel that appeared to Joseph not long before this with this message. "And she (Mary) shall bring forth a son, and thou shalt call his name Jesus: for he shall save his people from their sins"

During the passing centuries, the observance of Christmas has spread around the world. Many traditions and superstitions have sprung up in the various countries, which tend to obscure the real significance of Christmas. More attention, it seems, is focused upon "yule logs", "superstitious rituals", and "revelry" than to the actual significance of a Saviour being sent into the world. Even in our so-called Christian land, we find it difficult at times to see beyond the commercialism, and pleasure seeking, to the real meaning of Christmas. Only those who have personally appropriated the message of the angels and have received Christ as their Saviour, are able to carry with them daily the spiritual joy and peace which Christ came to bring.

Evelyn R. Liddell expresses this thought poetically. "Christmas, like the Bible. Means varied things to man, To some a reawakening Of God's momentous plan. To some a day of gladness, A special time and place, To give a gift, to greet a friend, Or wear a smiling face. But some there are, who seem to me, Forever set apart; Who through the years serenely walk With Christmas in their heart." May God's gift be yours this Christmas.

"HEAD FOR CUBA..."

Christmas Poems

We're happy this week to present a selection of Christmas poems, written by Mrs Mabel Atkinson, a resident of Parkdale Place.

CHRISTMAS

'Twas the night before Christmas nineteen sixty-one,

The wind it whistled as if in fun,
Such a sheet of ice and a gale of snow,
Santa Claus decided he couldn't go!

Up spake Mrs. Santa gay and bright,
"It's a terrible storm for Christmas night,
Leave your reindeer at home, they are too slow,
The fairies will loan you a plane, you know."

Santa rang the fairies on the telephone.
They said to Santa, "You can't go alone,
We'll go with you and steer the plane",
Santa heard chuckles they couldn't refrain.
Santa and the fairies started out all right,
But when Santa was keeping the world in sight,
The fairies, the mischievous little elves,
Were mixing the toys to amuse themselves.

They put the boys guns in the little girls pack,
They put all the dollies in the little boys sack,
If on Christmas you get the wrong thing,
'Twas all on account of that telephone ring!

Santa didn't know till the very next day,
The fairies had mixed things up that way,
When he gets all the letters from the girls and boys,
He'll know they didn't like his selection of toys!

THE CHRISTMAS LETTER

I wrote to Mr. Santa Claus
And told him what I needed,
When he came 'round at Christmas time,
The old chap never heeded.

A dolly that would close her eyes,
A pretty set of dishes,
A snow suit and a sled to ride,
Were really all my wishes.

He must have got the letters mixed,
I'll have to write another;
Of all the things he sent to me —
A crying baby brother!

He cannot play or walk or talk,
He needs so much attention.
How Santa could have blundered so,
'Tis beyond my comprehension.

THE SNOWMAN

We made a great big snowman,
Out at the garden gate,
He nearly frightened Daddy
When he came home quite late.

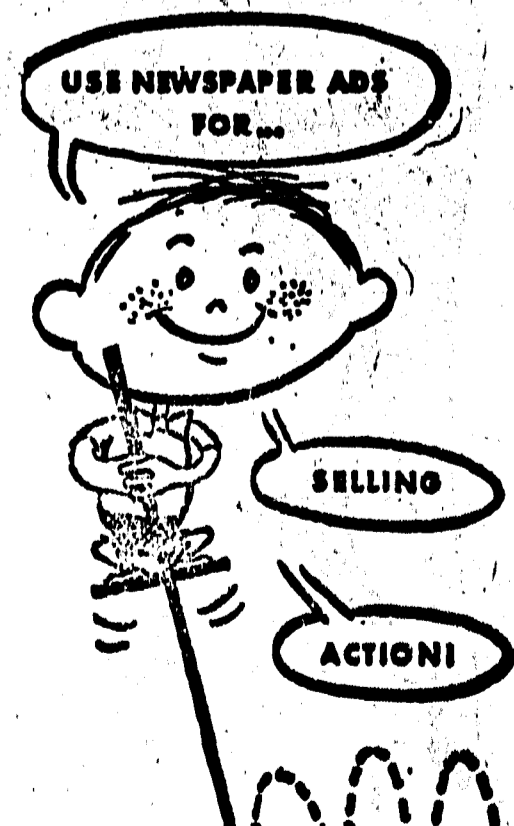

He thought he was a burglar
Holding a gun so high;
His hat was sitting sideways
Over his left eye!

Poor Daddy was so frightened,
We giggled behind a tree,
For Daddy always tells us
To be as brave as he!

We must never see any goblins
When we're in the dark.
He will feel so foolish,
When he knows it was a lark.

A TADPOLE

A grumpy little tadpole
Felt himself a dud.
He felt he hadn't any life
In a pond of mud.
Suddenly he took the urge
To paddle to the shore,
Jumping on a lily pad
Life no longer was a bore!
He felt he needed color.
His coat turned spotted green,
He became a croaking bull frog
As plainly to be seen,
You never know what artifice
Old Nature has in store,
She stocks some queer surprises
When you set out to explore!

Comings and Goings

Miss Bernice Dewitt and Miss Coraella Spencer have returned from a trip to Medford, Oregon, Anderson, and Madestia, California. The girls were away for about six weeks and came home by way of Vancouver.

Mr and Mrs M. R. McKee and Vicki have left to spend Christmas at the coast, where they will be the guests of their son in law and daughter, Mr and Mrs T. D. Grant.

Mrs P. Dick and two children are visiting her parents at Stratford, Ont.

Mr. and Mrs. A. Menu have left for California to visit with her sister.

Mr. and Mrs. Donald Orr and Elizabeth will spend Christmas in Victoria.

Miss Marilyn Embree has returned to the Royal Columbian Hospital in New Westminster, after a short visit with her mother, Mrs. Mark Embree.

Mr. Arnold Logan is in Vancouver on business this week.

Mr and Mrs O. Bendexson of Los Angeles, visited with her sister, Mrs Ann Clifford and her brother Ray Fredrickson.

Mr. Jim Fiske of UBC is spending Christmas with his mother, Mrs Rose Fiske.

Michael Fredrickson is spending Christmas with his parents, Mr. and Mrs. Ray Fredrickson.

Mr. and Mrs. George Henry will spend Christmas with their son in law and daughter, Mr. and Mrs Emmett Cafferky, and family in Burnaby.

Mrs Kay Norstrom will spend the Christmas holidays with her son in law and daughter, Mr and Mrs H. A. Wallin at Edmonton and with other members of the family.

Teen-Town Topics

Summerland Teen Town's March of Dimes is going up and up every week. Recently a mass drive for the March of Dimes was held in Summerland and District making a profit of \$196.

The Summerland Secondary School had an inter-house competition with the whole school participating. The profit was \$154.30, going to Teen Town's March of Dimes.

A special dance on December 9 was held in the Legion Hall. All proceeds went to the March of Dimes.

This coming Saturday, December 23, Teen Town is having its Christmas dance. The time is 9-12 with an admittance of 50c. Everyone is invited.

Pensioners enjoy dinner courtesy of Rebekahs

by W. W. Borton

On December 5th the Old Age Pensioners Organization was the guests of the Faith Rebekah's in the IOOF Hall. Ninety-four of us sat down to a real Christmas dinner, which we will long remember: turkey with all the trimmings, having a wonderful taste; tables daintily decorated, and the Rebekahs saw that we wanted for nothing.

Acting Reeve Norman Holmes gave us a very interesting talk, especially on the new senior citizens' home, which we, the citizens of Summerland are very proud of.

President Ben Mayne, in his address, thanked the Rebekahs for the wonderful dinner and the kind thoughts that made it possible. He also thanked the members of the IOOF Lodge for making it possible for us to hold meetings by the free use of their hall and many other kindnesses. This also applies to other organizations in this community. "We might be old but not forgotten".

The Noble Grand of the Rebekahs replied, followed by the Noble Grand of the IOOF.

While the hall was being cleared, Mr W. R. Cook gave us some very excellent renditions on the piano at which he is an artist.

We are very fortunate in having him as a member, as between him and Glen singing, it makes our meetings lively.

Elizabeth Orr and Lorraine Kripinski, two very charming young girls, put on a very commendable puppet show, which from the applause was much appreciated.

The Girl Guides and Brownies, conducted by Miss Enid Maynard, gave us some very nice singing followed by the school choir, conducted by Mr. Beames.

A very enjoyable evening and on behalf of the AOPO we give our heartfelt thanks to all concerned and our best wishes.

Bert Simpson heads local photography club

The annual meeting and Christmas party of the Summerland Camera Club was held at the nurses' residence on Monday evening.

Bert Simpson was elected as president for the coming year, with H. Wouters as vice president. Mrs Channon Snow will continue as secretary and Miss Jean Ritchie replaced R. Killick as treasurer. A committee of three was formed to take care of slide judging and arrange for the educational slide series which are available from the Color Photographic Association of Canada. Serving on the committee are Vern Charles, Enid Maynard and Harry Killick. Mr Charles and Miss Maynard were

also appointed as a phoning committee.

After completing the business of the evening, slides, submitted by members, were shown and criticized. A motion picture, "How Film is made for your camera", provided by the Kodak Company, proved most interesting and instructive as it showed the complete process used in the making of of photographic film. Rev. Leasor very kindly lent his motion picture projector for the showing.

Refreshments were served by the ladies to conclude the evening.

Kiwanis Club Notes

Kiwanis, with 25 members present, treated 15 members of the high school patrol and their teachers to a turkey dinner on Tuesday night, with gifts to each.

Bill Laidlaw did a magnificent job of leading the singing. That boy should be on Perry Como's show.

Matt Sloper, the newest Kiwanis member, was inducted by Jack Towgood, and heroically survived the ordeal.

Allen Elsey showed movies of his fishing camp near Bella Coola and Ocean Falls. The pictures were wonderful and enhanced by Allen's running commentary. This must indeed be a fisherman's paradise!

Meetings during the Christmas season are suspended. Installation of 1962 officers will be held in the Legion Hall January 11 at 6:30 p.m. and the next regular meeting in our usual place January 16 at 6:30.

Immediate past president Jerry Hallquist will hold open house at his residence from 2 to 5 p.m. December 26 and president Walter Toevs will also hold open house during the same hours on January 2.

SPORTS

More than 50 prize winning dolls from the Pacific National Exhibition will go to the Children's Hospital and the Province Stocking Fund. The dolls are from all over the Pacific North West and were entered in the doll dressing contest, sponsored by the T. Eaton Company Limited, at the 1961 fair. The contest has been running for several years in the Home Arts Show. Hede, preparing them for shipment for Christmas are: Mrs. H. H. Steen, Director of Home Arts, and Mr. Thomas R. Fyfe, PNE president.

Intermediate team off to good start

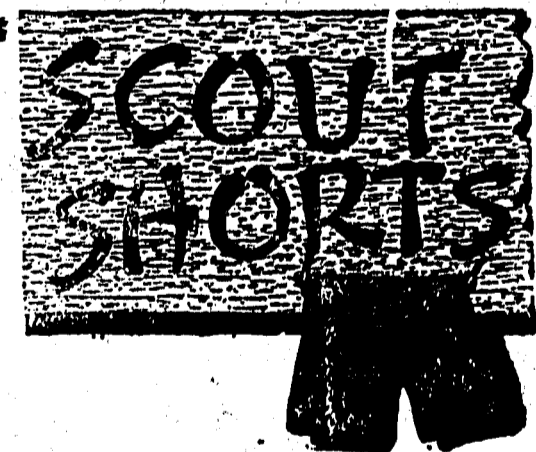

Summerland's new intermediate hockey team, the Twin City Macs showed off its stuff on Sunday against the Penticton Junior Vees. Over 200 fans turned out to watch the fast

game with the intermediates leading at the final bell 22-13.

The intermediates who are comprised of several Summerland and Penticton players, as well as former Vee's players, showed they still knew their hockey as they whipped the Penticton Juniors.

High scorer for the senior team was Red Bosscha with six markers. Scoring the rest of the goals for the seniors were: Geordie Taylor (4), Jack Howard (3), Steve Tomlin (3), Jack Durston (2), Joe Fisher (2) and Walt Peacosh and Yogi Kraiger with one goal each.

Scoring for the juniors were coach Don Slater (4), Shelley Atwell (3), Charlie Cuzzocrea (2), Harley Hatfield (2) and Howie McNeil (2).

The last meeting of the year featured the investiture of six recruits who had successfully completed their Tenderfoot tests. The boys were: Gary Smith, Don Wright, Bruce Lane, Ken Downes, Bryce Parker and Raymond Betuzpl. We wish them the best in Scouting. Gordon Lackey was awarded his Second Class Badge.

The winter camp will be at No-1 Headwaters from December 28 to 30. It appears about 18 boys will be going. The next troop meeting will be on Monday, January 8.

Square dancers enjoy annual Christmas party

In spite of the heavy snow-fall that evening, the Pairs and Squares Christmas party was very successful.

Our sincere thanks to Chuck Inglis, Ray Fredrickson and Percy Coulter, who gave us all such a fine evening.

With so many calls on people's time and energy at this season, we very much appreciated the wonderful support of all the members.

The hall was beautifully decorated and the refreshments were a credit to all the ladies who worked so hard to prepare them.

Classes will resume on Wednesday, January 3 at 8 p.m. in the Parish Hall.

Sincere good wishes for a Merry Christmas and the best in the New Year to you all from David and Ruth.

OWN YOUR OWN HOME

Now is the time to buy that home. The Summerland branch of Inland Realty have been aware that a buyer's market now exists in Summerland and have acquired a large number of listings priced well below normal market value. Phone come in now and tell us what you would like in the way of real estate.

Trout Creek Home

Exceptional price of \$3,700. Older style, could use some paint on stucco. Inside comfortable with 2 bedrooms, cabinet kitchen, two piece bathroom fitted for shower. ½ acre close to beach, good garden, some fruit trees.

Three Bedroom Home

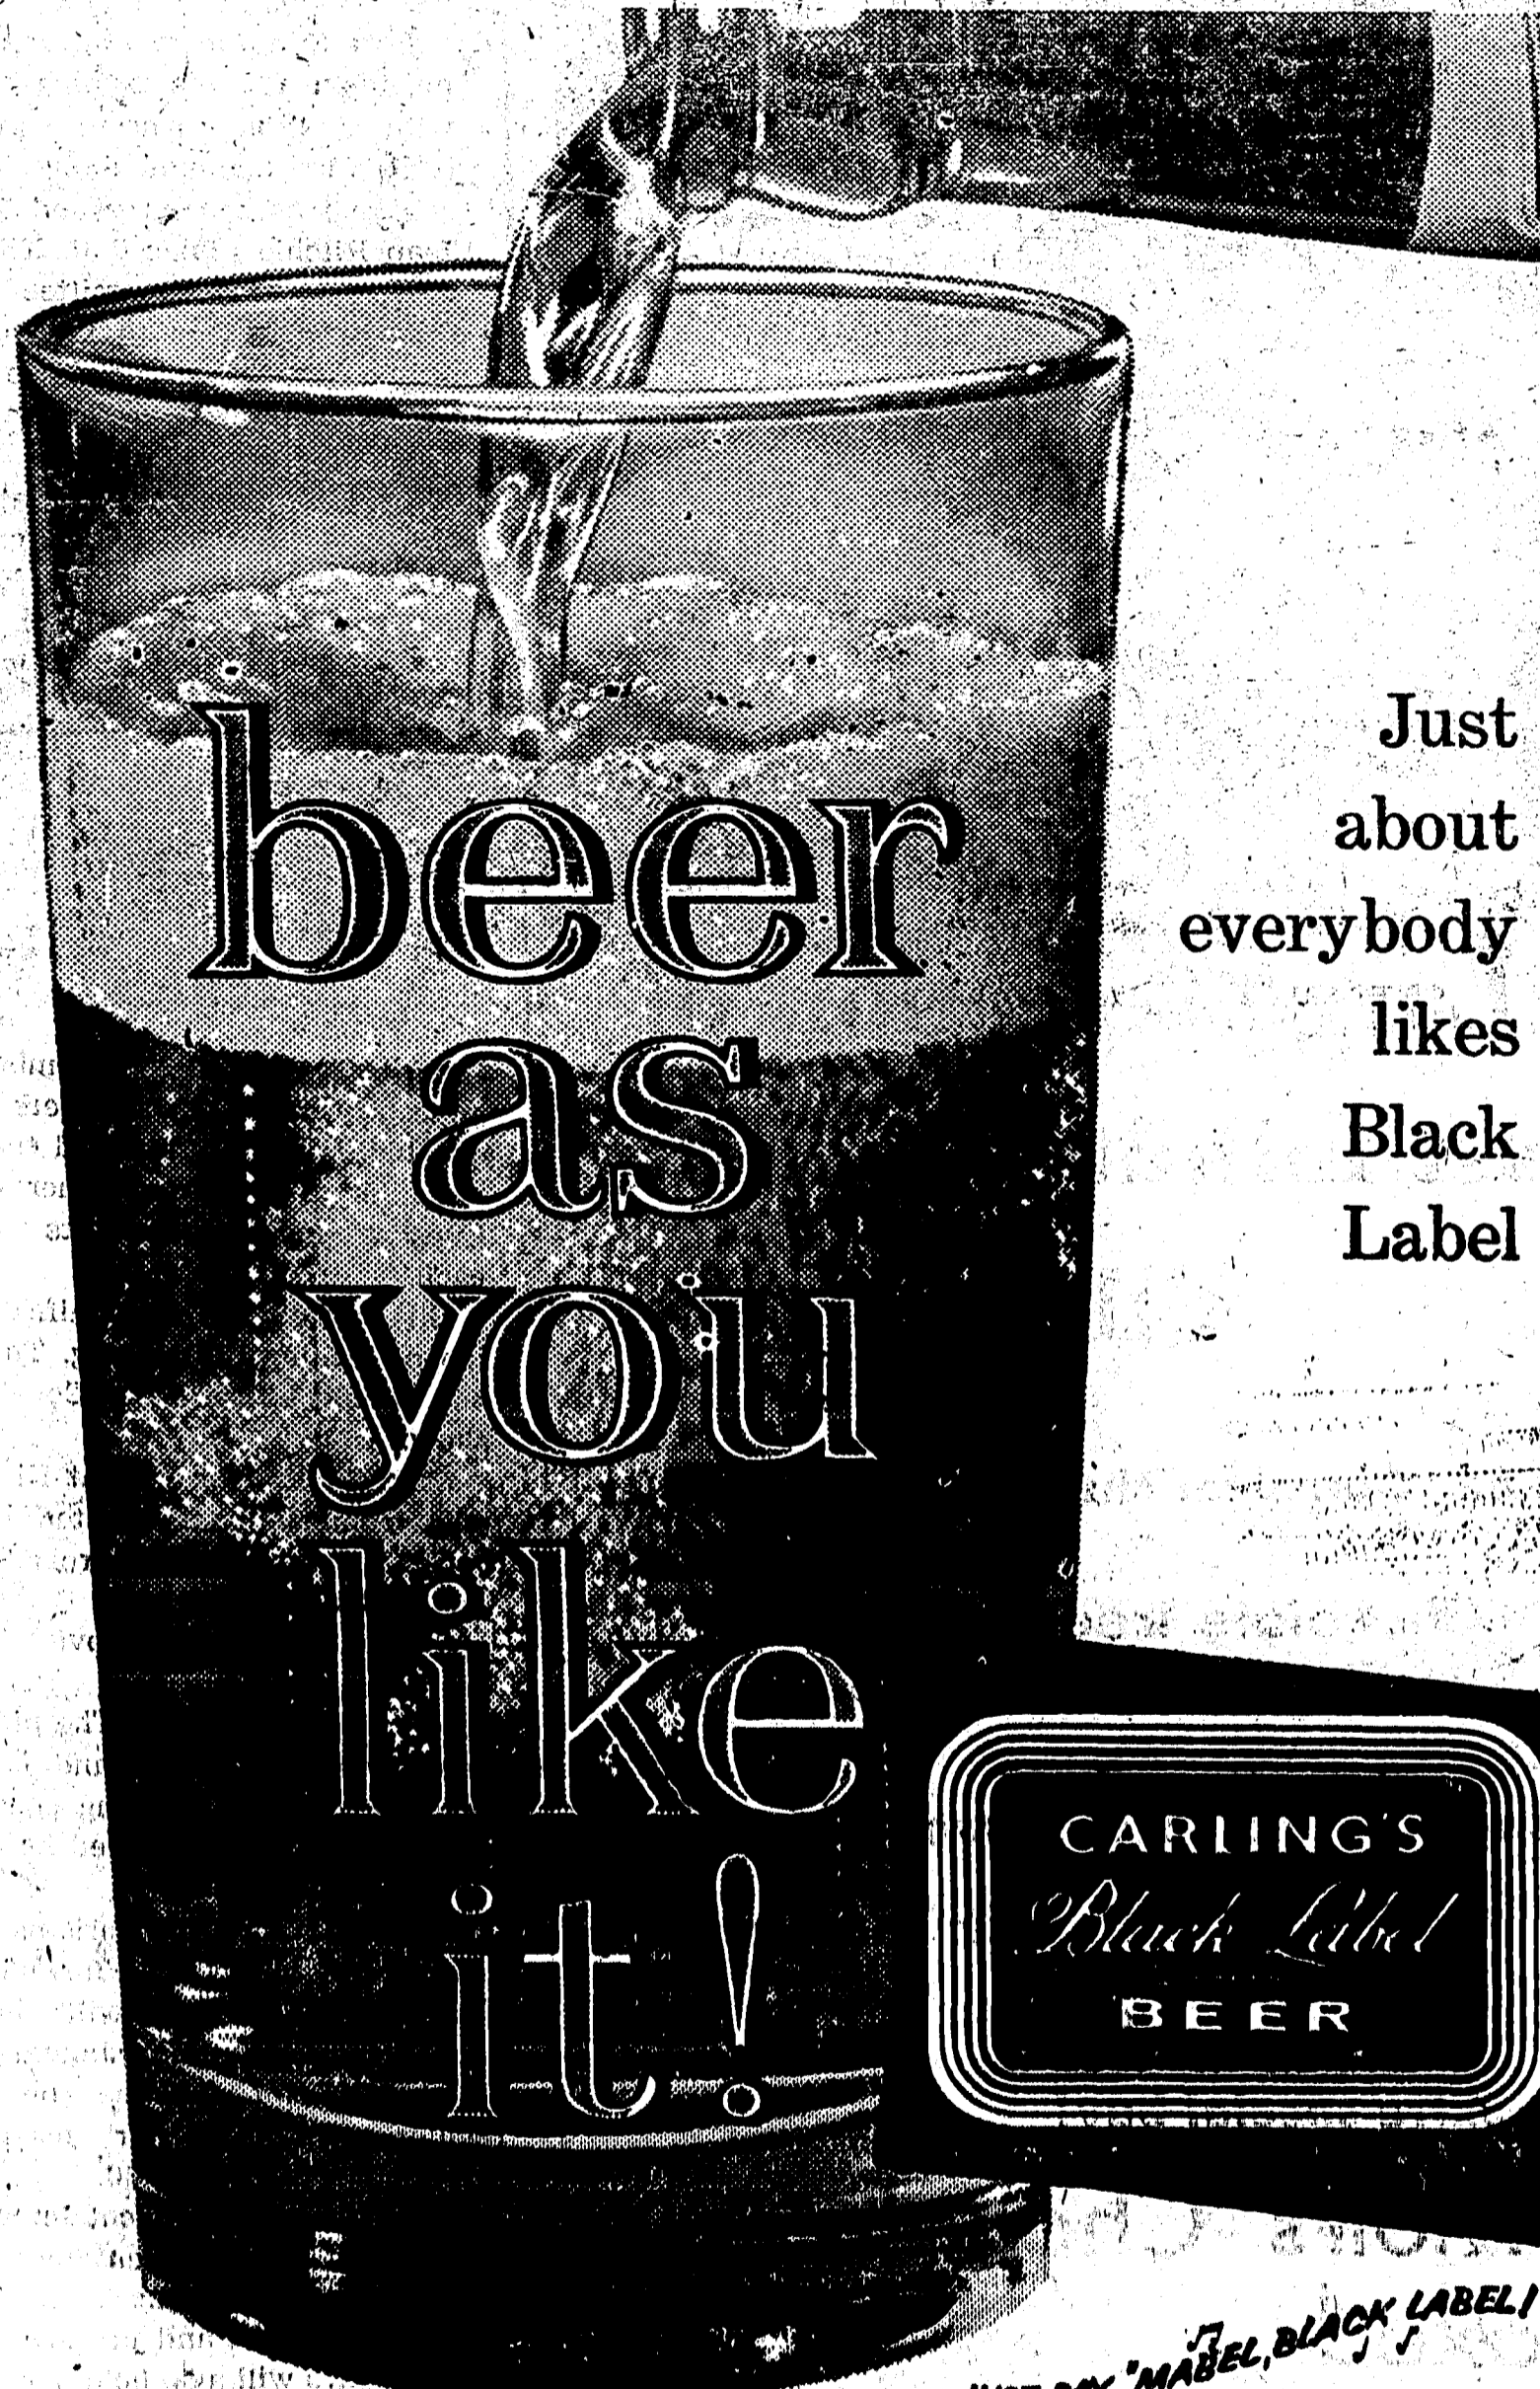

A three bedroom home situated on a 2 acre lot, 1 ¼ acres in fruit. About a mile out of town. Fully modern, basement, furnace and the land is under irrigation. A good buy for \$7,500.

MORE POWER

(Continued from front page.)
ment of effort. Such co-operative effort will, leaders of the group explained, mean more for all concerned, than the divided, single drives now under way, can possibly accomplish.

A central committee has been set up to work out the exact formula via which the smaller centers can align themselves with the three year old campaign now under way, and in which the three major cities have participated.

Plans of the group for the coming year include setting up a booth at Sicamous and Osoyoos, to draw tourists into the Okanagan; extensive advertising both in Seattle during the 1962 World's Fair; and at prairie points; and distribution of the remainder of the pamphlets printed by the group last year. These booklets have a "pocket" in which extra items — such as a leaflet from Summerland — may be included.

In addition to the Seattle World's Fair, the association is concentrating on the opening of the Rogers' Pass route, which, it is expected, will bring a new influx of visitors to B.C.

One speaker at the gathering suggested that Summerland, rather than Peachland, might well be the "turn-off point" for the new route to Princeton. It was stated that such a new route wouldn't happen for a year or two — but that inevitably, and eventually, it will come.

Letter to Editor

The Editor,
The Summerland Review.

Dear Sir:

May I, through the courtesy of your correspondence column, take the opportunity to thank Dr. Evans and the staff of the Summerland Hospital for their care and many kindnesses during my lengthy period as a patient.

I would like to thank also the ladies of the United Church for their visits and kindly gestures and the appreciation to members of different organizations who called.

Being a complete stranger in this community when first admitted to hospital in August, the many friendly expressions were deeply appreciated.

I have enjoyed the weekly edition of your newspaper and have come to know many of this community whose names were mentioned therein.

Mrs L. A. Howe,
3091 West 35th Ave.,
Vancouver, B.C.

ATTEND CONVENTION

Summerland will be represented by a delegation of 80 at the semi-annual circuit assembly of Jehovah's witnesses to be held at Princeton, December 22 to 24. Mr. Ervin Felker, presiding minister here, announced that the assembly theme is "Assist one another to do God's will". He expects more than 400 will attend from the seven congregations in the South Okanagan and Similkameen.

D. M. Mills, Toronto, will be the featured speaker, delivering the main public address at 3 p.m. on Sunday at the high school auditorium. His timely subject will be "Uniting men in a split-up world".

HEAVY ROLE

(Continued from front page)

problem adults are usually emotional problems, and sensible, successful people are usually mature and stable emotionally.

Creativity is another important human trait which schools should try hard to develop, and which now they tend to stifle through emphasis on conformity.

Finally, the public must learn to shift its emphasis from quantity to quality in education.

The speaker was introduced by district superintendent C. E. Clay, and thanked by A. J. Longmore, principal of Summerland Secondary School, both former students of Dr. Laycock. The delightful supper was served by the Legion Ladies Auxillary, and the chairman of the meeting was Ray McNabb, president of the Summerland Teachers' Association.

GREETINGS

To our host of good friends and neighbors we send our sincerest Holiday Greetings. We are mindful that there is no gift that can equal that of close friendship—and the friendships we have made in the years that have passed remain our most cherished possessions.

The
Summerland Review

Greetings
A cheery word
for a cheery season
... may your
Holiday be a
merry one!

Mac's Cafe

**Customs Associated
With New Year's Day**

Centuries ago, the Vikings built huge fires at the turn of the year to propitiate their fierce Norse gods. The ancient Romans would observe the start of a new season by hanging masks of Bacchus upon trees and vines, with the hope that fertility would be imparted in every direction to which the masks were turned by the wind.

The Scots switched the trunks of fruit trees, in anticipation of a "howling good crop."

*A stocking filled
with health and
prosperity —
that's our wish
for you, this
Yuletide!*

C. F. Day

Greetings

Now, at the happiest time of the year, we take the opportunity to express our deepest appreciation of your loyalty and friendship and extend our warmest wishes for your health and happiness.

Brighter and Safer Christmas

How Many Lights?

Too often, the number of lights used to trim a tree is arrived at by guesswork, and results look disappointingly "spotty." There is a formula, however, which does away with much of the guesswork and helps produce an evenly lighted appearance. To achieve what professionals call a "good lighted effect," try this formula:

Height of Tree (in feet) x Width of Tree at Base (in feet) x 3.

Let's say your tree is 6 feet in height and 4 1/2 feet wide at the base. (See Fig. 3.) The formula would work like this: 6 x 4 1/2 x 3 = 81 lights for "good lighted effect."

While personal taste is the last word in decorating Christmas trees, each year finds more families adopting the above formula which will help in bringing out the natural beauty of their tree and give a "good-lighted effect":

Size of Tree	No. of lamps required to give a "Good Lighted Effect"
4'	36
5'	56
6'	81
7'	110
8'	144
10'	225

Where to Start

Trees should always be trimmed from the top down. In working from the bottom up, a trimmer is literally "in his own way," and runs the risk of knocking the tree down. So start at the top, with your angel or star ornament, and work down.

After your tree-top ornament is firmly in place, string the tree lights, using the formula outlined above for a good lighted effect. Reflectors and halos are available at modest cost, and these greatly increase the brilliance of tree lights. Next, add your "continuous" decoration, such as strung popcorn. Follow this with glass ball ornaments, snow balls, candy canes and similar decorations. Last, add aluminum or lead tinsel, one piece at a time, and finish perhaps with a spray of artificial snow.

Simply make sure you plug a safety "fused" plug set (such as those offered by NOMA LITES) into your original source of current and then add your other decorative sets to this set. This will ensure protection against overloads and short circuits, and prevent darkened rooms due to blown-out fuses. In addition, inspect all light sets carefully for fraying or exposed wires. Let's make this Christmas the safest on record.

Handy Hints on Decorating

To help you make this Christmas season the brightest, safest ever, here are some worthwhile hints on decorating, inside and outside, all around the house.

Caring for Your Christmas Tree

As soon as you bring the tree home, stand it in a pail or tub filled with water until you are ready to set it up and trim it. This will prolong the life and appearance of the tree, keep the needles from falling, and minimize the danger of fire.

Trimming Your Tree

Keep your tree stand water-well full and your tree will remain fresh and fragrant throughout the holidays.

Bear in mind that tree trimming follows a fundamental rule of women's fashions—*accentuate the opposite*. If your tree is tall and slender, decorating lines should tend toward the horizontal. (See Fig. 1.) If it is short and full, trim your tree along lines which tend to be vertical. (See Fig. 2.) Applying this simple rule will help you bring out the best in the tree.

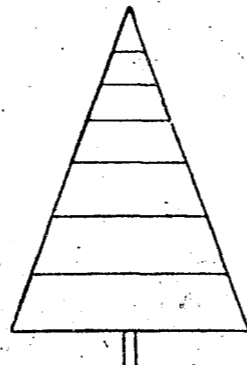

Fig. 1

Take Care With That Christmas Tree

Years ago, it used to be a very dangerous thing to have a Christmas tree in the house. Instead of the electric light we now use, trees were decorated with tiny candles in flimsy little tin holders, and they presented a constant fire hazard. But even today there is an ever-present element of danger in every lighted tree. Here are a few points to remember as you put up your tree and decorate it, so that you will be sure your Christmas season will end as happily as it has started:

Never overload a string of lights. Most of them have a two or three-way outlet for attaching other strings and saving on wall plugs. But be very wary of putting too many on the same connection.

Don't let the bulbs touch the dry branches of the tree or the needles of pine and spruce. In the house, any tree is bound to dry out somewhat, no matter

how fresh and moist it was when you brought it home. Keep the bulbs away from any paper decorations on the tree. Bulbs become very warm when lighted for a whole evening and can easily ignite paper.

When you go out, unplug your strings of lights. It's tempting to leave them on for the benefit of passersby, but it's also very dangerous.

If possible, place your tree away from any window so that the hot lights will never touch a curtain or drapery.

A tree will stay beautifully fresh and won't drop its needles if you pack a pail with wet newspapers or wet coal and set the tree trunk down in the moisture.

Your tree is a source of pleasure and fun to your family each Christmas; let it keep on being so, and never cause a tragedy.

HAVE A WONDERFUL Christmas

We wish you and yours a Merry Christmas, full of wonderful surprises!

Deluxe Electric

As another year draws towards its close, the time has arrived for us to undertake again the happiest duty of all — that of exchanging warm good wishes for the Christmas Season.

The wish is an old one, but the meaning is ever-new. It draws us closer to family and friends; it recalls blessed memories.

The message of Christmas restores us. In timeless phrases, it strengthens our faith in God and enjoins us to pray for peace and fellowship of man.

To each of my good friends and neighbours of South Okanagan Constituency, may I extend personal wishes for a Merry Christmas and a Happy New Year.

Premier of British Columbia

Peace on earth

Joy to the world through a new spirit of Peace and Good Will...this was the message of the first Christmas. May that spirit be rekindled in your heart today... and brighten your life with a deep and abiding happiness.

**Bud Rusaw
and staff at
Bud's Garage**

Our words are few — their meaning heart-felt. A Joyous Holiday to all of our friends.

Geres Plumbing

OPULENT DECORATIONS for Christmas can be made with simple materials. Pine cones are gilded with gold aerosol spray and the graceful milkweed at left has received the same gold treatment. Egg shells (fore-

ground) are touched with house-hold cement, dipped in glitter, and trimmed with gift ribbon. The unbreakable Christmas tree balls are white plastic foam spheres (available in dime stores) treated with glitter,

bound with satin gift ribbon, and studded with beads or the fluffy balls cut from ball fringe. Ribbons and beads are anchored with straight pins and a bent hairpin provides hook for hanging.

'Happy New Year' In All Languages

Nowadays it is possible to buy greeting cards which extend New Year wishes in several languages. This modern development is a convenience for those who send greetings to friends in the "old country" wherever that country happens to be.

Should you be sending a card to friends in Paris, the greeting would be "Bonne Annee!" In Spanish, the greeting is "Feliz Ano Nuevo!" and in sunny Italy, "Buon Capo d'Anne!"

"Ein Gleuckliches Neues Jahr" is the salutation one might send—or receive from—friends in Germany.

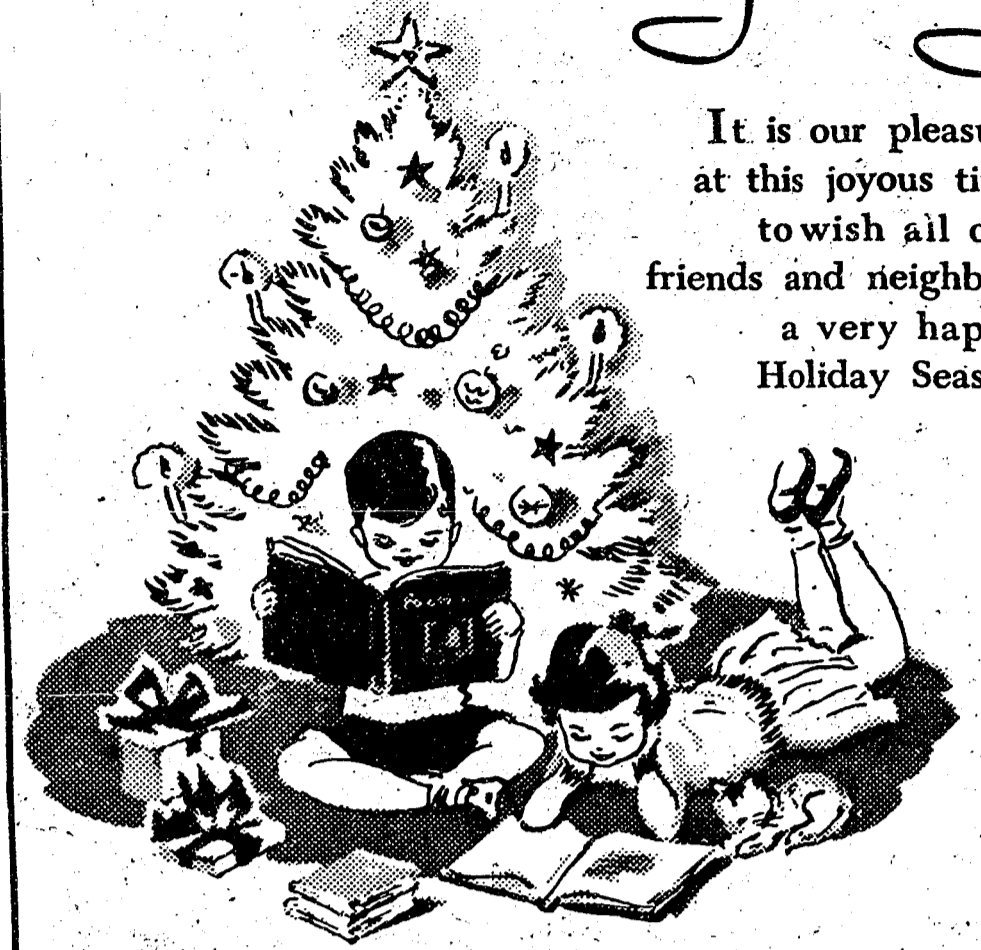

Whatever the language, the words "Happy New Year" represent only the best of wishes for the year ahead.

New Year Feast Is Traditional In Many Lands

In practically any land that you care to mention, feasting is an important part of the New Year observance, probably on the first day of the year will assure that there will be plenty in the days ahead.

Feasts in England and Western Europe may include turkey, duck or goose. Latin countries bedeck their fowl with truffles, chestnuts and olives.

To many Swedes, glogg is as important as food as part of the holiday fare. This traditional drink is made with claret wine, sweetened with sugar and flavoured with almonds, raisins, dried orange peel, cinnamon, cloves and cardamon. It is usually set afire before serving.

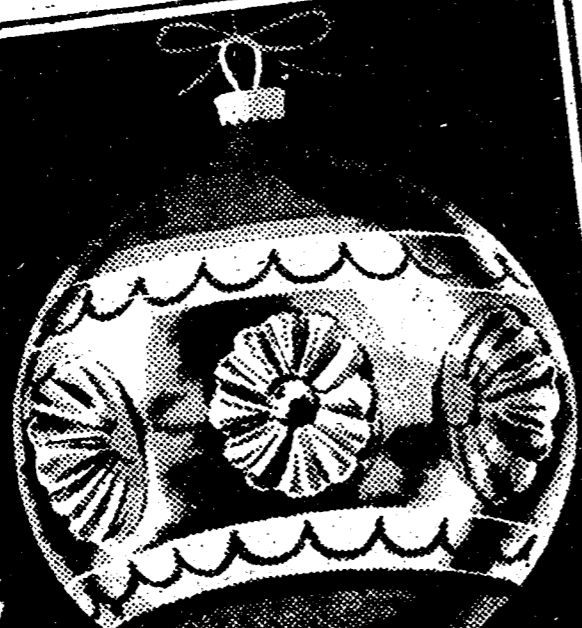

A popular Spanish dish is sopa, rice cook with olive oil, tomatoes, vegetables and meat particles. Africans enjoy cous-cous, which is composed of wheat grains, lamb and vegetables.

We wish to thank all those who have patronized us in the short time we have been in Summerland. We appreciate your confidence in us and we look forward to a continuingly increasing friendship in 1962.

West Summerland

Greetings

CHRISTMAS IS A GOOD TIME

For Thinking of Our Friends — for appreciating them — for helping us to say to them what we've so often had in mind all through the year.

Thank you for the goodwill and loyalty you have shown us — for the share of your business which has meant so much to us — for, perhaps, your tolerance in the face of our shortcomings.

We Can Only Say that we've tried to do our job well — that, in all humility, we shall always do things that way — that if we can serve you better, you have only to tell us how.

Meanwhile, in the joyous season ahead, we trust yours will be a Christmas of great happiness and inspiration, and for the New Year, may yours be a prosperous one.

New Year Custom Coined 'Pin Money'

New Year's Day hasn't always been January 1 in England, but whenever the day fell it was the occasion for giving and receiving presents.

Kings and queens received very elaborate gifts on this day. The gifts, presented and received by ordinary people led to the phrase "pin money." It was custom for men to give their wives and daughters money for pins and knick-knacks on New Year's Day.

New Year Observance Not Always January 1

New Year's Day has been observed at various times of the year. In ancient Egypt, it was observed in June, when the traditional overflowing of the Nile was the signal for the beginning of a New Year. The Babylonians began their year in early March, as did the early Romans.

Even our early American colonies observed a different date than we do today. Our ancestors observed March 25.

Universal observance of January 1, of course, came about with the adoption of the Gregorian calendar, but even today many races and faiths solemnize traditional feasts, including New Year, in accordance with ancient calendars.

A VERY MERRY CHRISTMAS

May your rosiest dreams of Christmas all come true and may you and yours enjoy the happiest New Year ever.

Fisher's Shoe Store

Greetings

Once again it's the time of the year for Joy and Merriment, and we wish to take a moment to extend to all our friends our very best wishes for a Holiday Season full of good cheer and happy times.

Merry Christmas

In the true spirit of the Yuletide season we wish you all a rich abundance of health, happiness and contentment in the New Year.

OLLIE'S Cash Store

Evergreen trees on your front lawn can be especially appealing when lighted. Generally, lights of a single color are preferred on outdoor evergreens. For an enriched effect, however, try this. Make your topmost light white, and mix perhaps two blue lights with an overall pattern of green lights.

Fig. 7

In order to protect a valuable Blue spruce or Douglas fir, build a simple "teepee" to carry the light strings. Pound stakes into the ground around the tree, inside the spread of the branches, at regular intervals. Then lead rigid wire up from the stakes to a point several inches below the tree-top. Fit a padded wire collar around the tree stem at this point and fasten wires to the collar. (See Fig. 7.)
