West Summerland, B.C.

Volume 16, No. 5

Under the Giant's Head

Anyone interested in learning first aid should attend the St. John's Ambulance Society classes in the Health Centre. The first lecture will be Feb. 8 at 7:30 p.m. The lectures will be from the new first aid book with Dr. F. McInnes instructor. More information may be obtained by phoning Mrs. H. Croil at HY4-5281.

On Saturday night the high school basketball teams travelled to Oliver. The senior A boys' basketball team won, but the senior B boys and senior girls lost.

House standings now are: House 1, 201 points; House 2, 266½; House 3, 228½; House 4, 290½.

In zone curling playdowns in Osoyoos over the past week end the Herb Lemke rink of T. Jomori, L. McKilligan and W. Baker won a hard fought game 4-3 in Osoyoos.

The Summerland ladies have also come in for their share of prizes. At Peachland's annual spiel, Amie Beggs took second in the A event; first place in the B event went to Anne Dunsdon with Hazel Ganzefeld second. The Ganzefeld rink also took third in the C event.

Weather report from the Research Station shows that during the past week there were 8.4 hours of sunshine and 4.6 inches of precipitation.

Did you hear gun shots downtown Wednesday afternoon? Don't worry, it was only a demonstration of a "starling trap" at the growers Chataqua.

In case of fire phone 94-2000.

Ladies, reserve March 25 for the United Church Women's Federation spring sale and tea.

Bond Interest six percent

Last week, the Summerland Senior Citizens Club's 1960 were erroneously advertised as bearing interest of five percent. A twenty year debenture interest at six percent semi-annually. For more information, contact George Smith.

George Lane heads Society

At the annual meeting of the Summerland Association for Handicapped Children, held Monday night, it was decided to again ask the Summerland school board if it will be possible to integrate the handicapped into the local school system. The meeting was in favor of continuing to try to operate a school in Summerland provided there were enough children to warrant it.

Elected president of the Association was George Lane; 1st vice president, Mrs. T. H. Waterhouse; 2nd vice president, Ed Krause; treasurer, Hans Meierhofer; secretary, Miss Ruth Dale; directors, Mrs. Ray Wilburn, John Prior, Ian McCuaig and Ed. McGillivray. Past president is Dr. Jack Ratzlaff.

Mrs. Ian McCuaig reported on transportation provided for pupils attending Happyvale school in Penticton. Volunteer drivers are John Prior, Mrs. Paul Charles, Mrs. Dugal McGregor, Mrs. C. J. Bleasdale, Mrs. Leighton Lopatecki, Frank Plunkett, Mrs. George Lane and S. Jones. A request was also made for others to volunteer at Happyvale school.

E. H. Cotton of the Happyvale board, Penticton, spoke in the absence of Mrs. A. E. Wells, who was unable to be present.

Enter now for CNIB contest

The B.C. Division of the Canadian National Institute for the Blind is again sponsoring the blindness essay contest, which is gaining in interest each year. The contest is open to all Grade 10 pupils in the province. Essays judged best locally are sent to Vancouver for final judging and cash prizes are awarded for the three judged best.

In Summerland the writer of the essay judged best is awarded the Alstead Memorial trophy for one year and an attractive fountain pen to keep. Through the co-operation of the principal A. J. Longmore and Grade Ten English teacher, J. C. Clement the contest will again be held during the month of February. Presentation of the Alstead trophy will be made at the regular Awards Day in June.

The winning essay in 1959 was written by John Downton and in 1960 by Elaine Dunsdon.

BRIDGE TOURNAMENT

The Summerland Badminton Club will start play on February 17 for its annual bridge tournament. Any person wishing to enter can contact George Fudge or Mrs. E. Bernhardt.

Of course, this picture was not taken in Summerland, but according to some of the prairie weekly papers

we receive, it's just about cold enough for water to freeze when poured out of a kettle.

Miss Betty Allen pleases local audience

by Madeleine Alstead

The second concert of the season of the Overture Concert Association of Summerland was presented in the High School Auditorium on Saturday evening and will be remembered by all who were fortunate enough to attend.

The audience was captivated by the superb voice and artistry of mezzo-soprano, Miss Betty Allen. She possesses a voice of phenomenal power, range and vocal beauty. Her mastery of technique enables her to use this lovely voice with great ease and to achieve the emotional demands of her art at will. One felt that at no time did she need to sing at the full limit of her powers. In the best tradition of the concert stage, she subordinated the singer to the song, with every note and every word under complete control. It is seldom that one is fortunate enough to hear a concert singer of this high calibre. She also possesses a warm and enchanting stage presence that hold the

audience with her through a program that was all too short.

The first three songs by the English composer, Henry Purcell, were sung with full realization of their style and possibilities. The second section of the program, five songs by Brahms sung in German, gave the singer in their variety ample opportunity to display her emotional qualities and understanding. These were especially enjoyed by the audience.

The well-known and popular "Habanera" from the opera "Carmen" made up the third part of the program and revealed the dramatic possibilities in the voice and capabilities of the singer.

In the next section, four songs by the modern composer, Virgil Thomson, made great demands on the performer. These were completely different in character from the preceding works but Miss Allen brought out all their beauty with ease and great charm.

(Continued on back page)

Contest starts to name Home

A \$20 prize is being offered for a suitable name for the senior citizen's home now under construction in West Summerland. The Summerland Review, in co-operation with the Corporation of Summerland, is sponsoring the "Name the Home" contest. Any one is eligible to enter. You are requested to use the official entry form on page six of this issue. Names submitted may be left at The Summerland Review office, Holmes and Wade Hardware, or the municipal office. Additional entry boxes may be found at

these places. Closing date for the "Name the Home" contest is 12 noon Wednesday, Feb. 22.

Judges for the contest are Reeve F. E. Atkinson, Mrs. H. Whitaker and Mrs. T. Croil.

So, think up a suitable and original name for the home and win yourself \$20.00.

Services for local residents

Funeral services were held for Mrs. Elizabeth Wilson, formerly of West Summerland and lately of Penticton on Tuesday, January 31, in the Penticton Funeral Chapel.

Born in Peebles, Scotland in 1890, Mrs. Wilson came to Canada in 1910. The family was among the early settlers in south-west Saskatchewan, near Killdeer. Mrs. Wilson moved to Summerland in 1946 and later moved to Penticton.

Surviving are one son, Jack of Summerland, one sister Mrs. Tom Frew of Winnipeg, one brother Robert of California and three grandchildren.

Committal was in Peach Orchard cemetery.

Funeral services were held Wednesday, January 25 in Penticton Funeral Chapel for Mrs. Myra Harkness, formerly of West Summerland and lately of Penticton.

Born in Blagburn, England in 1898, Mrs. Harkness came to Canada in 1919 with her husband. They lived for many years in Saskatchewan and Alberta and moved to Summerland in 1955.

Mrs. Harkness is survived by one daughter, Mrs. Jack Wilson (Margaret) of Summerland; three grandchildren; a sister, Mrs. Fred Tanner of Regina, and two sisters in England.

Remains were forwarded for committal in the family plot in Virden, Manitoba.

Court news

Lionel Albert Cooper appeared before Magistrate Johnston in Summerland police court this week charged with doing wilful damage to the Bank of Montreal window. Cooper was alleged to have thrown a suitcase through a bank window.

He received a two month sentence concurrent to a two month sentence received in Vernon for driving without due care and attention.

Cooper was also charged with theft of an auto and for this offence received a four month definite and a three month indefinite sentence to run concurrently with the other penalties.

John Alexander Croft of West Summerland received a fine of \$15.00 and costs for driving without a driver's licence.

Corporal Larry Martin of the local RCMP reminds all orchardists buying fertilizer in the near future to take care in storing. "Put the fertilizer in a safe place, under lock and key" advises Corporal Martin. It is impossible to identify fertilizer and proper precautions should be taken.

Baptists work on new camp

Interest in the progress of a new camp site to replace Sorec was evident in reports submitted at the recent annual meeting of the Summerland Baptist Church.

Cash contributions have amounted to nearly \$900 and weekly work parties have joined those from other Okanagan Baptist churches in clearing land, making roads and planning facilities.

The site near Peachland is fortunately chosen for basic conveniences: easy access by car, water from a spring, electricity and telephone. A two floor main building, insulated for year round use, (Continued on back page)

Mr. George Henry Bishop 75 years of age, formerly of West Summerland, passed away in the Kelowna Hospital, Sunday, January 22.

He leaves to mourn his loss two daughters, Mrs. Edna Overby and Mrs. Lena Hickey, both of Cremona, Alberta and five grandchildren.

Funeral services for the late Mr. Bishop were conducted from the Pentecostal Church, West Summerland, Thursday, January 26, at 2 p.m., by Rev. D. Rathjen officiating.

Interment in family plot, in Peach Orchard Cemetery. Royal Home funeral arrangements.

CHARLES CLARK RITES

Funeral services were held last Friday in Penticton for Charles Albert Clark, 81, formerly of West Summerland, who died suddenly at his home.

Surviving are one son James Ivan of Maple Creek, Sask. and one daughter Miss Helen Edith Clark of West Lafayette, Indiana.

A small boy is having a hay-day with the latest in farm machinery at the annual Grand Farm and Trade Equipment Show of the Retail Farm Equipment Dealers Association at the Canadian National Exhibition grounds in Toronto. Roy Livingston, 5, of Brampton, Ont., tried out a huge self-propelled combine and found it a delightful experience.

Summerland High School February meeting postponed from Feb. 2nd to:

Thursday, Feb. 9
Commencing at 8:00 p.m.

PROGRAMME:

"The Pupil and His Community Teachers" 3rd of a series of four Film planned. Discussion to follow.

BIRTHS

Born in Penticton General Hospital on January 29, to Mr. and Mrs. Don Estabrooke, a son.

Born at Summerland General Hospital on January 31 to Mr. and Mrs. George McAdam, a son.

Eastern Star annual dance successful affair

Friday, January 27, was the date chosen for the annual dance sponsored by the Summerland Chapter, Order of the Eastern Star.

Many guests were welcomed at the door by the Worthy Matron, Mrs. Gerald Laidlaw and Worthy Patron Frank Maddocks.

The decorations, under the able leadership of Mrs. Jack Dunsdon and Mrs. George Washington, with assistance from the Summerland Art Club, included novel wall silhouettes carrying out the theme "Bohemian Night."

The stage was set about with flowering shrubs and ornamental rose trees with the background mural suggesting the Latin quarters of Paris including a picturesque bridge across the Seine.

A varied dance program with music by Saxie's Orchestra were highlights at the well attended dance.

Among the members heading committees were Mrs. Ray Leiner, dance convenor, Mrs. Art Dunsdon and Mrs. Geo. Forster, invitations; Mrs. Frank Maddocks, refreshments; Mrs. Earle Wilson, flowers; Mrs. Don Clark, checkroom tickets; Mrs. Edna Chadburn and Mrs. Joan Tannar, checkroom; and Earle Wilson, master of ceremonies.

Kiwanis Club Notes

Kiwanians were treated to a very thought provoking talk on Tuesday night by Probation Officer Raye Cutler. Mr. Cutler outlined some problems he meets with delinquent youths and stressed more than once that the actions and reactions of teenagers who run off the rails, are the results of the training they get, or in most cases, don't get. Example, he said, is all important, and that whatever adults do, is an example, be it good or bad, which is almost always stored in a child's mind, and sooner or later, acted upon. He went on to say that the most important part of a Probation Officer's work perhaps, is to try and find out what interests a delinquent has. Only too often, he doesn't seem to have any then starts the long business of trying to arouse an interest. If and when this can be done, then the work with the young people seems to smooth out. Great interest was shown by members in Mr. Cutler's talk, and an extended question period followed. He was introduced by Ken Storey and thanked for his interesting talk by J. Selinger.

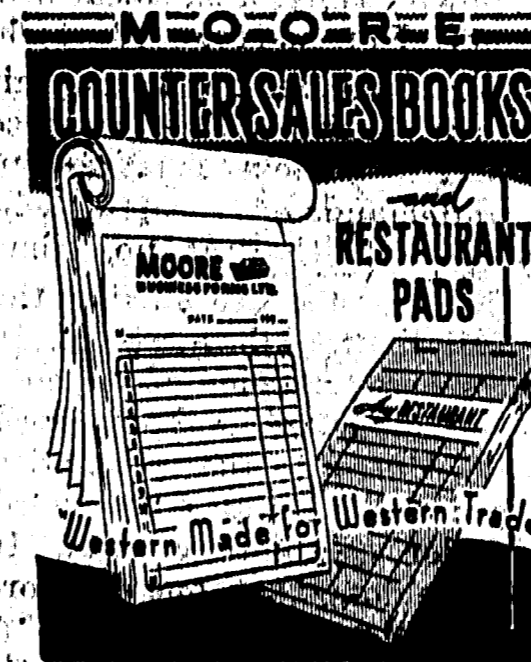

Frank Wittner from Penticton was a visitor to the meeting.

Jack Ratzlaff led the singing, and three members saved money (10c each) by announcing their own birthday. George Lane, Jack Towgood and Blake Brandon paid the Sheriff, less ten cents.

Bob Alstead and Johnny Betuzzi will visit the Key Club this week.

Remarks were heard admiring the new table cloths, they were a nice color scheme, yellow, gray and black.

It was a happy meeting and argues well for the coming year. The Society

White Cane Week, February 5 to 11

Across Canada White Cane Week will be observed from February 5 to 11, with the 1961 theme, "Share Your Sight with the Sightless." This annual education period was inaugurated in 1946 by the Canadian Council for the Blind and the Canadian National Institute for the Blind and is not connected with fund raising.

With 23,000 registered blind in Canada, over 2,400 of these, being in B.C., there are many with whom you

may share your sight. Offer to write letters for your blind neighbors or read to them. If you drive your own car, offer to take them shopping or for a drive. When you walk with a blind person, describe the scene before you, tell of any business changes and describe the store windows.

Blindness may happen to anyone so always remember to "Share Your Sight With The Sightless."

WHICH ONE WILL GET THOR FIRST?

Would you like to know?

by Rev. D. M. Rathjen
"Who shall ascend into the hill of the Lord, or who shall stand in His holy place?" Psalm 24:3.

The answer to this question is vital to all of us, whether we believe it or not. Without the truth of God we could have no assurance in this matter. However, in the succeeding verses God gives us a picture of a perfect man. Surely no one who is honest with himself would dare to say that he qualifies when God, Himself, has said, "All have sinned and come short of the Glory of God" (Romans 3:23), and also, "We are all of us as an unclean thing, and all our righteousnesses are as filthy rags." Isaiah

64:6. None of our own endeavors will qualify us. (Romans 3:20).

For this reason God has acted to make possible to us the blessing of the eternal. (John 3:16). Faith in Christ as our personal Saviour can make such a transformation in our hearts and lives (Eph. 2:1) that we are made heirs of these things. Romans 8:17 says, "And if children, then heirs: heirs of God, and joint heirs with Christ," and I Peter 1:3-5 tells us, "Blessed be the God and Father of our Lord, Jesus Christ, which according to His abundant mercy hath begotten us again unto a lively hope . . . to an inheritance incorruptible, and undefiled, and that fadeth

not away, reserved in heaven for you, who are kept by the power of God through faith unto salvation ready to be revealed in the last time."

Library Report

by Kay Dunsdon

Virginia Cowles, well-known author of several books on the Royal Family of England, has written an unusual book on the true facts of the South Sea Bubble, called the Great Swindle, which embroiled so many political figures of that day.

Anton Dolin writes his memoirs, a remarkable career in modern history. In it he tells of Winston Churchill, at Cannes, about to form his first cabinet, and many other notables are met with in his well-written biography "Trial by Existence" by Elizabeth Sergeant, is a well illustrated book on the life of the American poet, Robert Frost.

"I BELIEVE HARDENING OF OPINION IS THE FORERUNNER OF HARDENING OF THE ARTERIES."

Assessment report

Interesting reading indeed is the assessment report given by J. P. Sheeley, municipal assessor, at last week's council meeting.

Total assessment for the municipality including all land improvements and landlord and tenant equipment now stands at \$9,295,965. Assessment increase for general purposes is \$79,010 and increase for school purposes is \$50,050, making a total rise of \$129,060 over last year.

Land assessments have decreased \$23,050 since last year and stand at \$2,235,560. Improvement valuations for school tax are up \$73,100 and general improvement assessments have risen \$102,060.

Broken down into divisions and giving comparisons with the 1960 roll the report shows: 1961 total land assessment \$2,402,120 less land exemptions amounting to \$166,560 making total land taxable \$2,235,560.

This year's improvement assessment for general purposes comes to \$6,374,880 less improvements exempted for general purposes of \$1,029,255, making general improvements taxable totaling \$5,345,625.

Improvement assessment for school purposes amounts to \$6,374,880, less \$907,100 in exemptions making a total improvement assessment for school purposes of \$5,467,780.

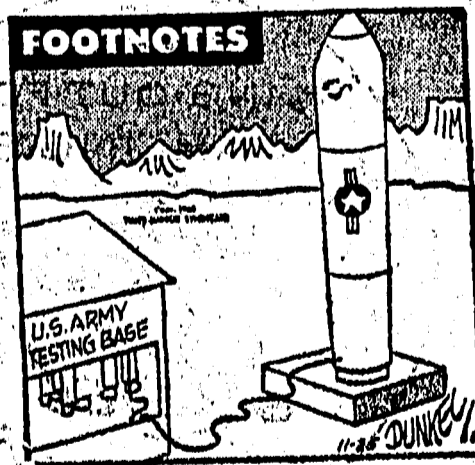

This year landlord tenant improvement assessment for school purposes only, amounts to \$518,965 with \$78,500 in exemptions. This leaves L and T assessments

taxable for school purposes totalling \$440,465.

Total improvements for school purposes taxable at 75 per cent are \$5,908,345. These percentages given by Mr. Sheeley show how the total assessment is made up: agriculture 21.90; small holdings 16.32; residential 30.87; commercial 11; industrial 9; provincial 5; municipal 3; tax sale 4; hospital 1.4; school 4; church 1.6.

Mr. Sheeley said that land on the lake front and in the Trout Creek district was found to be valued slightly too high when a member of the assessment commissioner staff was in town. A reassessment was carried out and this accounts for the drop in land assessment.

The excellent work done by Mr. Sheeley was shown when a member of the assessment commissioner's staff spent two weeks in Summerland checking improvement assessments against improved sales to see that the level of assessment was at 60 per cent of 1953. It was found that too much depreciation was allowed in some classes, but otherwise it was satisfactory.

"Don't worry, Rocky. We'll have that tooth out in a jiffy."

Pairs and Squares executive plans party night for Feb. 18

The executive of the Summerland Pairs and Squares met at Fred and Betty Smith's home Jan. 24.

A report on Friday night lessons indicated that adult new dancers are very regular in their attendance. Two couples found they could not continue this term.

Teenagers have had to miss a lesson or two, because of scheduled school activities, and are reported very slow in registering.

Intermediate attendance has been very poor.

Although instruction fees from the lesson nights are not sufficient to cover ex-

penses, enough profit has been realized from party nights to enable the club to continue with classes, if the teen agers fees are paid for.

Badges were ordered January 10, and have not yet arrived.

Bob Hardie, who has been handling pop sales very efficiently, has agreed to carry on until the end of March.

Plans were made for Feb. 18th party night. This dance will be beginner's level and to give the new dancers a chance to dance to a different caller. Chuck Inglis of Peachland will emcee. (Continued on page 4)

by Doug Holmes

A League

High team: Occidental 3329; men's high three: Al Coffey 726; high single, Foster Cunningham 286; ladies high three, Muriel Walker 725; high single, Muriel Walker 279.

Team standings: Occidental 29, Wood Bees 27½, Five Pennies 25½, Kinsmen 24, Alley Cats 24, Left Overs 23, Hurricanes 22, Slow Starters 21, Whirly Birds 20, Farmers 20, Long Shots 18, Jokers Five 10.

Occidentals and Wood Bees will now play off for A League championship.

B League

High team: Peach Pens, 2755; men's high three, Glenn Fell 651, high single Jim Quigg 255; ladies high three Eileen Fell 634, high single Eileen Fell 261.

Team standings: Bomares 29½, Peach Pens 25½, Crackpots 26, Ups and Downs 26, Bar Flies 24, Skid Row 24, Loffers 23½, Sportsman 20, Roamers 19½, Alley Ooops 17, i-Los 15, Question Marks 13. Bomares and Peach Pens will now play off for the B League championships.

Ladies League:

Beacheomers 7, Pea Pickers 6, Peach Pals 5, Pin Pals 3, Leftovers 2, Hot Shots 1. High single: Emily Latta 275; high three, Emily Latta 671; high team, Beachcombers 2315.

Men's League

Five Pins 9, Peachland 5, Hangovers 3½, Die Hards, 2½. High game: Bob Paulson, 293, high three: Junius Johnson 921; high team, Peachland 4013.

PAIRS AND SQUARES

(Continued from page 3)

Refreshments will be a buffet of cold ham, potato and jelly salads, and dessert.

Three members of the executive have completed their two year term of office and two others have asked to be replaced. A nominating committee composed of Phyllis and Eric Smith, was appointed to find suitable candidates for election at the annual meeting. Representatives from the new dancers as well as the intermediate group will be sought.

A committee of three, composed of Fred Smith, Nettie Shannon and David Munn was set up to audit the books at the year end.

The executive expressed appreciation of the contributions to party nights given by club members both old and new. The Pairs and Squares reputation for putting on good dances depends greatly on the members contributions, attendance and help.

Joan Fairfax, Canadian actress and singer turned down by the CBC although her show had 3 million viewers and two sponsors were waiting in line, has gone to the U.S. — where she is now a smash hit. Performing in night clubs in Washington, D.C., she will soon play in Puerto Rico and expects to make Hollywood by next year.

1st Summerland Troop

The troop has had two very excellent turnouts in almost full uniform. We were sorry last week to miss Nigel Blagborne who was in hospital with an appendectomy.

Dr. McInnes and Miss Empey and Mrs. Smith have been very helpful in instructing and examining boys in Public Health Man's Badge. George Lewis is continuing to examine boys in Ambulance Man's Badge.

The following badges have been earned in the past two weeks: Jim Fiske, Ambulance Man; D. Rider, Public Health Man and 1st Class; Ron Bangma, Pathfinder, Ambulance Man, Despatch Rider, Public Health Man and 1st Class; John Beaven, Pathfinder, Ambulance Man, Despatch Rider, Public Health Man and 1st Class; Michael Lopatecki, Ambulance Man; Fred Trussell, Ambulance Man.

Instruction in signalling is continuing each meeting by Mr. Towgood and Stan Krause, so that as many Tenderfoot scouts as possible may win 2nd class badges by March 13, the date of the Father and Son banquet.

Patrol points are: Hawks 55, Beavers 86, Eagles 67, and Buffaloes 108. Duty patrol for Feb. 6 Hawks. D. V. Fisher, Scoutmaster.

Junior Hockey

Kiwanis Report

Leafs down Bruins

In a regular Pup hockey game Saturday morning the Maple Leafs outscored the Bruins 5-3. The Leaf goal-getters were Ken Haddrell (2), Bryce Parker, Garrett Faasse and Don Wright. Assists went to John Leibert (3), Haddrell, Mel McArthur and Ron Taylor.

For the Bruins scorers were Jack Bullock, Don McArthur and Jim Campbell. Assists went to Geo. Jenner, and Gordon Gronlund.

John Leibert was the outstanding player for the Leafs, with Jim Campbell tops for the Bruins.

No 1-6, Penticton 3

Summerland No. 1 Bantams defeated Penticton Black Hawks 6-3 in a recent game.

Local goal getters were: Wertz (3), Anderson (2), and McAdam. Assists went to McAdam (3), Anderson (2) and Pollack (2).

In a game played in Penticton last Saturday, No. 2 Bantams romped over the Penticton Canadians 14-0.

Local scorers were Selinger (4), Biagoni (3), Gowling (3), Beggs, Young, Trussell and Campbell. Assists went to Young (2), Beggs (2), Campbell, Selinger (2) and Biagoni.

Square em' up

Three carloads of Summerland dancers, 19 in all, drove up to Peachland last Saturday to attend the Totem Twirlers Party Night. Nineteen squares danced to Chuck Inglis calling, and a happy crowd they were.

Our Friday night class will be in session again Feb. 3rd. A couple of hours' work out certainly helps chase away the cob webs and tension you've accumulated through the week.

Saturday night, Feb. 4, there are two dances to choose from. Chet and Ev Larsen are emceeing a beginners level party at Kelowna, in the Centennial Hall. Sack lunch.

Ray Frederickson emcees an intermediate level party for the Peach City Promenaders that same night in the Masonic Hall, Penticton. Buffet supper served.

Do you recognize the man in the Russian-type fur hat? It's Canada's former Governor General Earl Alexander of Tunis. Well aware of Canada's cold, he paid a return visit last week and came prepared—just in time to catch the cold snap in eastern Canada. He visited Ottawa and Toronto where he went to strengthen the Canadian association with the Post Graduate Medical School of London, of which he is president.

ALLEN

(Continued from front page)

The final part of the program consisted of Negro spirituals, one especially arranged for Miss Allen. These were sung with deep emotion, controlled throughout with fine artistic feeling. At the insistence of the audience, Miss Allen sang several more spirituals as encores.

Miss Dorothy Swetnam was a graceful and accomplished accompanist.

Noticed among the audience were members of the Overture Association from Kelowna, Peachland, Penticton and Oliver.

In the past few years, Betty Allen has sung in many countries of the world with outstanding success, the United States and Canada, Europe, North Africa, Scandinavia and Iceland, a South America and the Caribbean. Last season she gave eight concerts in New York which were received with great enthusiasm. She has appeared with the New York, Minneapolis and Los Angeles Philharmonic Orchestras and the Boston Symphony in the United States, and more than once with the Berlin Philharmonic in Germany. She has just returned from a special recording trip to Berlin and leaves next week for Norway.

A reception after the concert was held at the home of Dr. and Mrs. C. C. Strachan where members of the Association could meet and talk with the guest of honor; they were charmed by her warm, vibrant personality, as fascinating as her stage presence.

Miss Betty Allen is a singer to watch with interest and anticipation. The audience Saturday night fully endorsed the critical press of Europe. "We dare say this is the most beautiful voice we have ever heard."

CAMP

(Continued from front page)

provides over 3000 square feet of working space with large kitchen, cook's quarters, wash rooms and showers and a large recreation room and equally large dining room, each graced with a fireplace of cut stone.

Ladies of the church are concerning themselves to furnish flatware and dishes through collecting coupons and other projects.

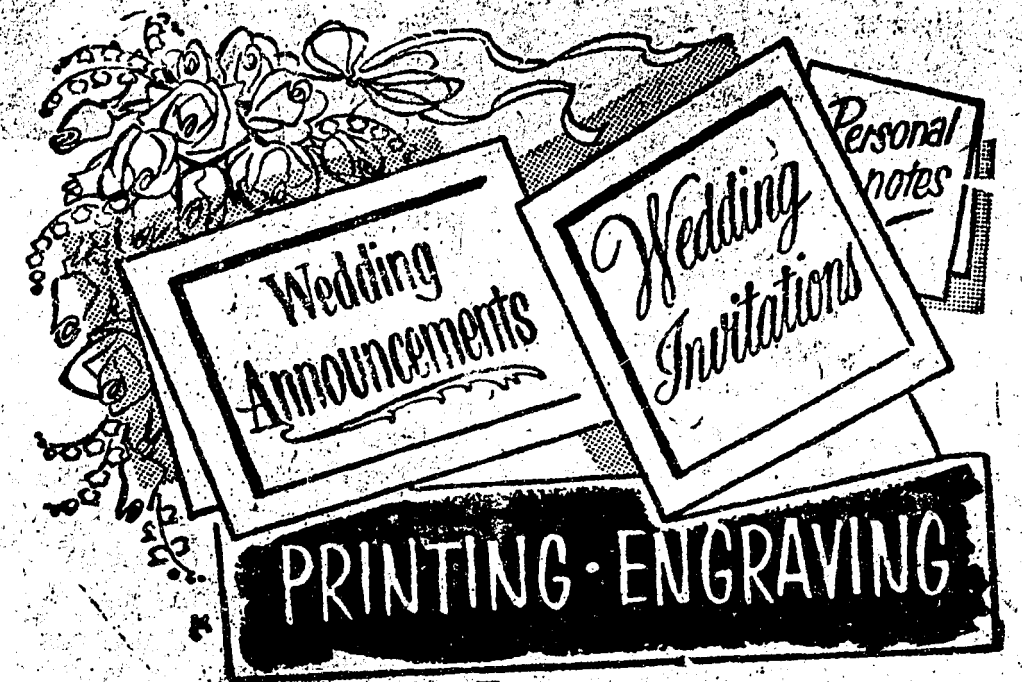

Mission offerings have exceeded \$2000, financial support has kept an African boy in school and parcels of food and of medical supplies have gone to foreign fields as well as Christmas gifts and boxes of used clothing for distribution to workers in the Peace River area. Fruit and jam showers have been sent to Carey Hall on the UBC campus and to missionaries on furlough in Vancouver.

Tiling of the auditorium ceiling and re-wiring of the kitchen has been completed. Of special interest, too, is the large mural painting depicting a landscape in Palestine, donated by the Young People to fill the rear wall of the baptistry.

New officers elected include Mr. Hank Wouters to the Board of Deacons, Mrs. Martha Ganzefeld as Church Clerk, Mr. and Mrs. Arnold Gavton as Treasurers; Mr. Clement as Sunday School Superintendent and Mrs. John Barg as President of the Women's Missionary Society.

It speaks well for the Overture Concert Association that they can present such a fine artist.

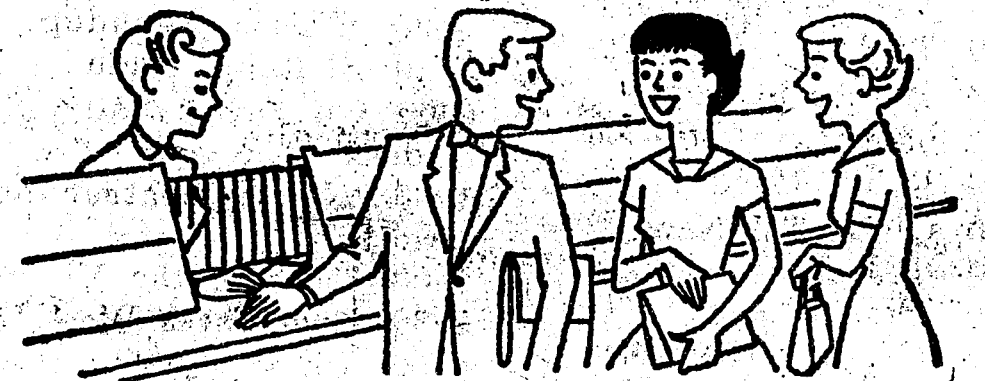

Thursday, Feb 2, the Association presents at Oliver, the outstanding pianist, Miss Marie Warrot. Members are reminded that they are privileged to attend this concert also.

For my money, it's a Current Account!
For my money, it's a Personal Chequing Account!
For my money, it's a Savings Account!

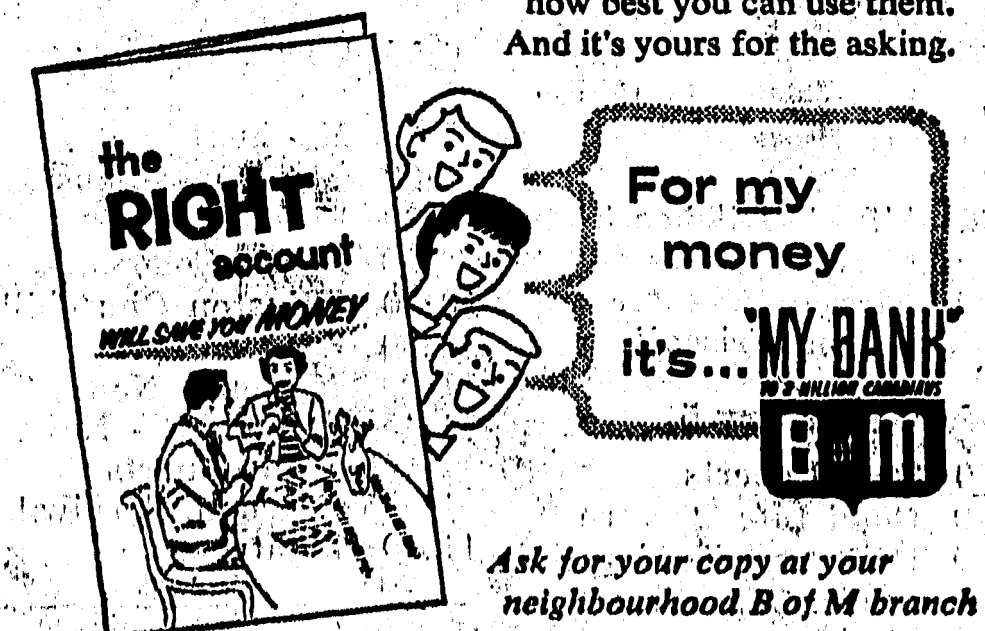

**Which is the RIGHT account
for your MONEY?**

Are you using your bank to your own greatest advantage?

Are you putting your money into the particular type of account—or accounts—that best suits your needs?

At the Bank of Montreal, Savings Accounts, Personal Chequing Accounts and Current Accounts all offer you particular advantages depending on how you plan to use the money you deposit.

Best way to decide which account, or combination of accounts, is just right to give you the best run for your money is to pick up a copy of the B of M's little folder "The Right Account Will Save You Money". It outlines the difference between the various accounts and explains how best you can use them. And it's yours for the asking.

Ask for your copy at your
neighbourhood B of M branch

Under the Giant's Head

Despite the fact he declares he tried to stay out of the sun, Mel Ducommun is sporting quite a tan as a reminder that he and his wife have been sailing under the tropic sun. Some of the ports of call made by the Ducommuns were Boliviar, Ecuador, Machala, Panama City, Colon and Port-O Armeulles.

Asked his main impression of the cities and towns of South America, Mel said both he and his wife were fascinated with the throngs of healthy, happy, laughing children they saw everywhere and also the lovely white washes that billowed on every clothes line despite the obvious signs of poverty

Award winning violinist Eric Freidman, who is 20 years old and has as one of his most enthusiastic supporters, the distinguished conductor, Peirre Monteaux, will be presented by the Penticton Community Concert Association Monday, February 13.

Seen from the Review office Saturday morning, a convertible with the top down and the words "Polar Bare" printed on the side.

Miss Doreen Tait reports that the pussywillows are out at Trout Creek.

"On the Beach" is now showing at the Pen-Mar Theatre in Penticton. This film depicts the last outpost of civilization in a world depopulated by radiation sickness.

Weather report from the Research Station shows 10.6 hours of sunshine and .30 inches of precipitation during the past week.

Boy Scout Week will be celebrated across Canada the week of Feb. 19-26, and a highlight will be the inaugural meeting of the Interior Region, Boy Scouts Association. The meeting will be in the form of a dinner to take place at the Kelowna Aquatic on Saturday, Feb. 25.

It is expected that some five hundred Scouters, Regional, District and Group committee members will attend.

A prominent supporter of scouting in B.C. will be speaker of the evening.

Mrs. Hector Whitaker, Good Citizen of the year, is also one of the judges in the Review's "Name the Home" contest.

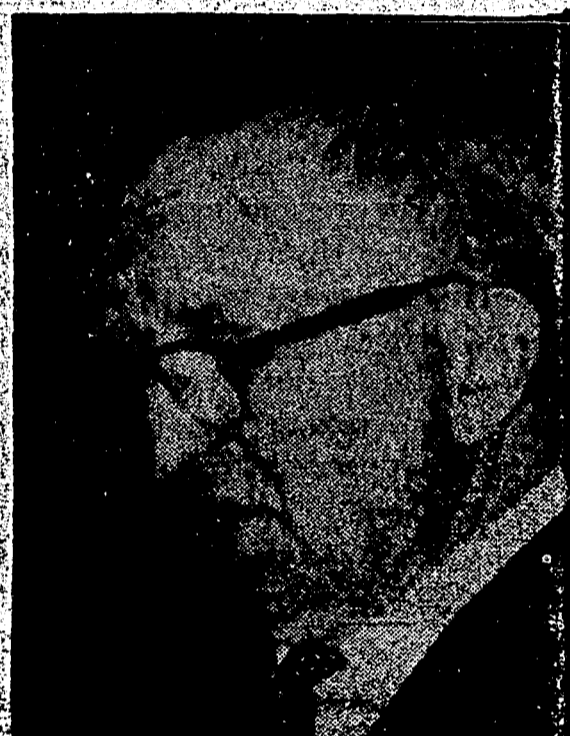

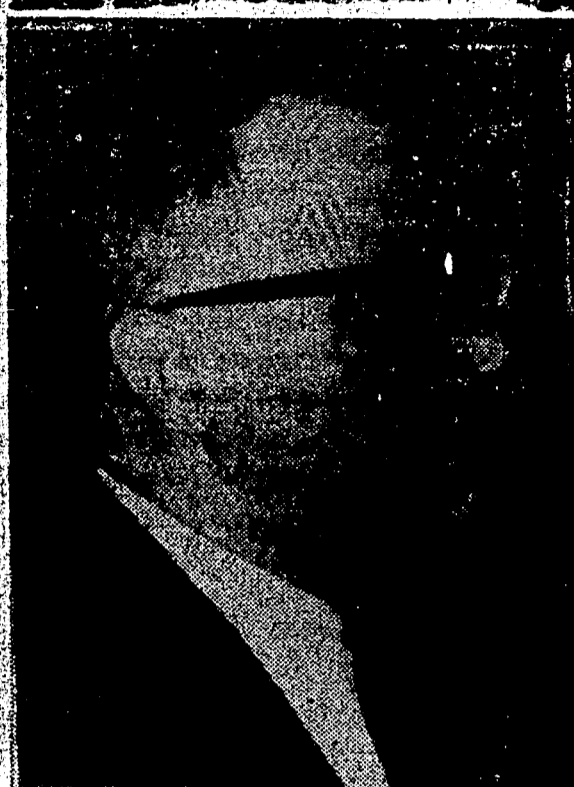

The Summerland Review

Thursday, Feb. 9, 1961

West Summerland, B.C.

Volume 15, No. 6

Mrs. Hector Whitaker Named Good Citizen

In upper left hand corner, Maurice P. Finnerty addresses the annual dinner meeting of the Summerland Board of Trade last Thursday. Top right picture shows

Mrs. F. E. Atkinson presenting the Atkinson Cup for best Christmas lighting to Mrs. R. K. Yamabe. Bottom right shows Reid Johnston donor of the Good Citizen

Cup. New executive for the year is Lorne Perry, secretary; W. S. Ritchie, past president; W. A. Gilmour, vice-president and G. C. Johnston, president.

G. C. Johnston was installed as president of Summerland Board of Trade at the annual dinner last Thursday night in the IOOF Hall.

Reid A. Johnston, cup donor, presented the Good Citizen Cup for 1960 to Mrs. Hector Whitaker. He told the large gathering that she taught in the Trout Creek school, was active in the Okanagan Historical Society, Women's Institute, the Red Cross blood donor clinic and is a member of the WI board for Okanagan Similkameen.

A musical interlude was provided by Summerland high school students. Included were Breen Bergstrom, Helen Liebert, Mary Morgan

Ruth Pielou, Laverne Lynn, Jean Coates, Helen and Marilyn Farrow, John Bennest, Wendy Toevs, Pat McCutcheon, Linda Charles. Conductor was teacher Desmond Loan.

The toast to the ladies was given by Nat May with the reply by Mrs. Gordon J. Noel.

Bantams win first game

In Bantam hockey playoffs played in Penticton, on Tuesday, the Summerland All Stars defeated Penticton All Stars 11-3.

Scoring for Summerland were: Anderson (2), Biagioni (2), Selinger 5, Wertz and Young. Assists went to Selinger (2), Biagioni (3), Anderson (2), Young, McAdam, Wertz.

More details on the playoffs appear on the sports page.

Building permits up in January

Total building permits for January were \$156,900, giving Summerland a boost in the right direction to start the year. Three permits for new buildings were issued for a total of \$16,000, and three alteration and addition permits were issued amounting to \$900. A permit for building the senior citizen's home was issued for \$140,000.

Total permits for January of last year were \$16,500.

Fifteen electrical permits were issued last month.

Funeral services for W. C. Johnston

Funeral services were held February 3 for the late William Carlross Johnston of West Summerland who passed away at the age of 78. Born in Fingal, Ontario, Mr Johnston came to West Summerland three years ago.

Surviving are his wife, Rosetta; a brother Reginald and a niece and nephew in California.

The funeral service, conducted by Rev. P. K. Louie, was held at Peach Orchard Cemetery.

May change name at Board meeting next Thursday

A recommendation of the executive of the Board of Trade to change its name to Chamber of Commerce will be submitted at next Thursday's meeting. This will be a dinner meeting, at 6:30 p.m. in the IOOF Hall. President G. C. Johnston asks that those who cannot attend the dinner, to please come to the regular meeting at 7:30 p.m.

Recommendation will be made by the Board to the municipal council that a program of installation of road signs be undertaken as soon as possible. President Johnston and secretary Lorne Perry will attend the next council meeting Feb. 14.

The president reported on the Kelowna chamber of commerce luncheon meeting on Monday at which Captain Jeffery, OBE, QC, president of the Canadian Chamber spoke.

W. S. Ritchie, past president, has been made chairman of the resolutions committee to prepare resolutions for the annual provincial meeting. Deadline for sending in resolutions is April 6.

New school addition ready for occupancy

J. H. Wilson, head of the department of school planning, will be in town about the third week in the month for a final inspection of the new addition to MacDonald Elementary School. Following this inspection, the school board hopes to move classes into the new building. The school will be entirely finished inside before the classes move in, and the outside stuccoing and cement work will be completed in the mild spring weather. An official opening will possibly be held in May.

The five large bright identical classrooms will accommodate approximately 170 students. Constructed with window space along one entire wall, plenty of cupboard and storage space, the rooms are decorated in soft shades of pale green and pink with the dark green blackboards giving a nice contrast. The classroom floors are tiled in beige and pink tile.

The spacious halls are finished in butternut wood with green ceiling and cream

floor tiling. A bright note are the classroom doors painted a flame color.

A combination activity room and auditorium will be a feature appreciated by both students and teachers alike. There are two storage rooms and a kitchenette adjoining.

One pleasant feature in the building is the heavy

beams used throughout the building. Fluorescent lighting is used and the rooms are gas heated.

A play area under cover is provided by the canopy arrangement between the addition and MacDonald school.

Ollen and Webber are the contractors in charge of construction.

TO NAME SENIOR CITIZEN'S HOME

Many names submitted in Review contest

Have you entered the "Name the Home" contest, which features a prize of \$20.00.

Sponsored by the Summerland Review and the Corporation of Summerland, the contest is designed to choose a suitable name for the new senior citizens' home now under construction in West Summerland.

Quite a few names have been deposited in the boxes located in the Review office,

the Municipal office and Holmes and Wade. Another official entry form is printed on page two of this week's paper. Additional entry blanks may be found at the above named places.

Deadline for entries is 12 noon, Wednesday, Feb. 22, so get your entries in now for that \$20 prize.

Names submitted will be judged for originality and aptness.

Named Summerland's 1960 Good Citizen at the annual board of trade banquet last Thursday evening, was Mrs. Hector Whitaker. She is the youngest daughter of the late Mr. and Mrs. J. L. Logie and was the first student to matriculate from Summerland high school.

Summerland Review

Square 'em up

Sixteen members of the Pairs and Squares attended Peach City Promenaders party on Saturday night. To say Red Frederickson did us proud is an understatement. A wonderful party Ray. Our sincere congratulations.

One car from Summerland drove to Kelowna to attend the Wagon Wheelers party that same night. They rep-

ort a very good dance there.

This Saturday Bill French emcees a party for the Wheel 'n' Starts in the KP Hall, Penticton. Buffet supper will be served.

That same night Les Boyer will be at Westbank for a beginners level dance in the Community Hall. Buffet supper there too.

Feb. 18 is the Pairs and Squares party night. This will be beginner's level with Chuck Inglis to MC.

Ann Clifford and Stella Martin are the convenors, so we'll all be hearing from them concerning our contributions towards supper.

Lynda Smith is in charge of decorating the hall, and will enlist the help of the teen-aged dancers. We appreciate the young folks helping out in this way and it is more fun than washing dishes, kids! We'll all be looking forward to seeing the results of your efforts.

A special meeting of all members of the Pairs and Squares is being called for Monday, Feb. 13 at 8 p.m. in the Health Centre. It is urgent that you be present.

Friday night classes will be held as usual at the Youth Centre at 8:15 p.m. Teen agers who have not paid their registration fees will not be admitted without them.

Let those engaged in therapy work among the aged take heart! Johnny Bower, the NHL Maple Leafs' veteran goalie, is leading the polling as the league's most valuable player. Half-season balloting for the Hart Trophy gave the goalie a good lead. He's in his 40s.

HORTICULTURAL NOTES

At an Horticultural Society executive meeting at the home of Mrs. E. C. Bingham last Thursday, Alex Watt and Mrs. E. Woolliams were elected program charimen; J. Mott, show convenor, Mrs W. F. Ward, tea convenor; and G. Dinning in charge of membership, door prizes and the question box. Mrs. M. Collins is honorary president. Plans were made for the coming season.

World Day of Prayer set for February 17

The annual executive meeting of the World Day of Prayer was held in the parlor of the Baptist Church on Monday, Jan. 30 with Miss Ruth Dale acting as chairman.

Six churches were represented. Attending were Mrs. J. Y. Towgood, Mrs. Ted Weekes, Mrs. Rathjen, Mrs. Mohr, Mrs. Durick, Mrs. W. Davis, Miss Edith Verity, Mrs. Lillian James, Mrs. Mott, Mrs. Wilfred King, Miss Dale and Miss M. Cartwright.

Arrangements were made for the service which will be held in the Baptist church February 17, the first Friday in Lent.

The service this year has been prepared by the Cen-

tral Day of Prayer committee of the USA, with the theme "Forward through the Ages in Unbroken Line."

NATIONAL ELECTRICAL WEEK

February 5th to 11th, 1961

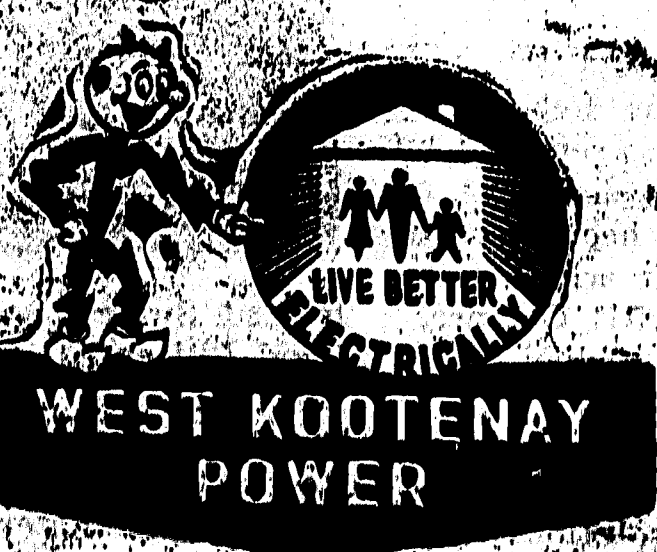

Edison's FIRST LAMP

National Electrical Week from February 5th to 11th celebrates Thomas Alva Edison's birthday and pays tribute to the pioneers whose Electrical developments spark the '60's.

World wide television... light without heat and almost without shadow... electronic air conditioners, noiseless and with no moving part... artificial moon relay stations to rebroadcast radio and TV programs... miniature two-way radios enabling prospectors in the North to talk to home or headquarters... these and hundreds more exciting Electrical developments will become a part of our lives in a few years.

In the 1960's Electrical marvels will be introduced in ever increasing numbers. We salute the memory of Thomas Edison for his great contributions to Electrical Living, commencing with the incandescent lamp only 82 years ago.

Contestants are asked to use an official entry blank, such as the one printed below. Contestants should deposit forms in boxes provided at The Summerland Review office, Holmes and Wade Hardware, or the Municipal Office. Additional entry blanks are provided at these places.

Editorials

Whither -- or wither?

In his address to the Summerland Board of Trade annual meeting, M. P. Finerty, president of the B.C. Chamber of Commerce gave a glowing picture of the possibilities that lie ahead for this part of the world.

His views, contained in a news story in this issue, are an excellent antidote to the professional pessimists that have been having a field day of gloomy prophesy of late. These opinions, sustained by expert analysis as they were, showed that despite the developments of the post-war years, British Columbia has hardly begun to grow, compared with the potential seen for it by the experts.

Thus the hard work, the faith of the pioneers who made this province will bear richer, greater fruit than they dreamed possible. Yet even as the pioneers worked, so must we. Mr. Finerty made it abundantly clear we cannot sit around and wait for things to happen. We've got to get out and work for them. In that he is but restating the philo-

sophy of B.C.'s early white residents — the road and railway builders, the pioneer manufacturers and suppliers.

Work — that's the watchword. And one place where that work must be made most manifest is through the Board of Trade in any community. As a Board, the record of the Summerland organization — via its leaders — stands particularly high. As a membership — a working, grass-roots, everybody-doing-a-share organization, our record leaves much to be desired. That's in the past, and, like all such things, it may have no bearing on the future. So, from now on, it may be we shall see a new trend.

We should, for the sake of the Board of Trade. We must, if Summerland is to have its rightful share in the future of B.C. that the Chamber of Commerce president sees for it.

So — we shall be looking for YOU at the next meeting of the Summerland Board of Trade.

Women always win

Husbands whose few clothes are crowded into the ends of bedroom closets by their wives' abundant finery might as well quit bothering. The well-adjusted human does not worry about things that cannot be cured. Women's dominance over the male in possessing more clothes, or more sets of clothes, however skimpy, is a situation chronic all throughout the course of history. There is no indication of a changed trend. Men have no chance of winning and so should turn to other things, like how to find a safe place to keep their fishing tackle.

That the modern male has no chance of getting more space in the clothes closet is seen clearly by examining Greece in the days of man's glory. The women were effectively suppressed in those great days. Pericles advised them that the best a wife could achieve was

not to be talked about. Yet, even then, two dozen centuries ago, when the surrendering Potideans were allowed to walk out of their city, the terms of capitulation (made by the Athenian general) were that each man was allowed one garment. The women were allowed two!

WEEKLY CHUCKLE

The hard-to-get bachelor was dining with a young lady in a Chinese restaurant. "How would you like your rice," he asked, "boiled or fried?"

The young lady gave him a meaningful look. "Thrown," she said.

It seems we've lost count. How many world crisis are concurrent now?

ALOFT WITH MARILYN?

As though life were not exasperating enough already U.S. airlines are now going to present "feature-length films" to passengers on jets, says The Financial Post. An outfit in the U.S. is said to be all set, to quote Stephen Leacock, to add this new horror to life and make death a long felt want. FP comments:

"Showing films to a captive audience amounts to an invasion of privacy — and it would be an insufferable nuisance. Passengers on planes want to get to their destinations quickly and in comfort, not to attend night clubs or movie palaces."

Tips for parents

Parent Education Associates

WHAT constitutes a good children's film? Tests devised by two women have taken much of the guesswork out of making and choosing entertainment films for children.

Mary Field, chairman of the International Centre of Films for Children in Brussels, a UNESCO agency, used infra-red photographs to record the reactions of ten audiences at forty selected points.

The results were published in "Children and the Cinema" and British film makers have been guided by them in producing films for children.

NOT FIT
In recent years there has been a steadily growing conviction in Canada that many of the films offered as entertainment are not fit for children.

There have been recurring outcries against the crime and impropriety depicted.

But many thoughtful adults believe the portrayal of false values, of an easy and selfish philosophy of life is more pervasive and dangerous than the more obvious affronts to good taste.

Film societies in communities scattered from Victoria to Eastern Canada have been busy planning and presenting special programs for children.

Interest had developed to the level where it seemed appropriate to arrange a cross-Canada tour by Mary Field.

CANADIAN CENTRE
Miss Field presented the case for children's films so convincingly that 70 Canadian organizations gave moral support to setting up a Canadian Centre of Films for Children.

Copies of the Canadian Centre of Films for Children Catalogue are available at \$1.00 each from the Canadian Film Institute, 1762 Carling Ottawa 3.

This pickerel's no piker. In fact, it weighs 16 pounds, measures 33 1/4 inches in length and has a 39-inch girth. It's the prize catch of the ice fishing season in northern Ontario. John L. Lariviere of North Bay caught it while fishing at Temagami.

Tightrope

by Rev. P. Louie

Once upon a time there was a boy who weighed about eighty pounds. It was forty pounds adventure and forty pounds imagination. He came upon a piece of rope, long enough to stretch between two trees. He saw himself, naturally, as a tightrope performer.

He asked his father, "Dad, is this rope strong enough to hold me?"

His dad tested the rope and said, "I think it will hold you son."

The boy stretched the rope as tightly as he could between the trees, about six feet above the ground. Full of confidence, because his father said it would hold, he started at one end to walk the rope. After about three steps the rope broke, and he came down in a heap.

He ran crying to his father whom he accused of double crossing him. But his father said, "You didn't say how you were going to use the rope. It would have held you if the weight had been hanging down on the rope. But you stretched horizontally along the world."

Before launching out on a great adventure like marriage, raising a family, or setting up a new business, we would like to check our faith: "Father, will my faith hold?" The answer is "Yes, my child, your faith will carry you, but it depends on how you use your faith. Will it be leading up, straight up, to a strong support? Or will you try to stretch it along the world?"

Are you looking for something that will carry you through the cares of the day, something to overcome the temptation around you? Are you looking for some-

thing that will carry your weight and the weight of your problems?

"For verily I say unto you, If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you." (Matthew 17:20).

Verily, I say unto you, a thin thread of faith, which leads up to God, will support you, in spite of everyday evils, though they appear as big as mountains.

"I will lift up mine eyes unto the hills, from whence cometh my help. My help cometh from the Lord, which made heaven and earth." 121st Psalm.

Summerland Review

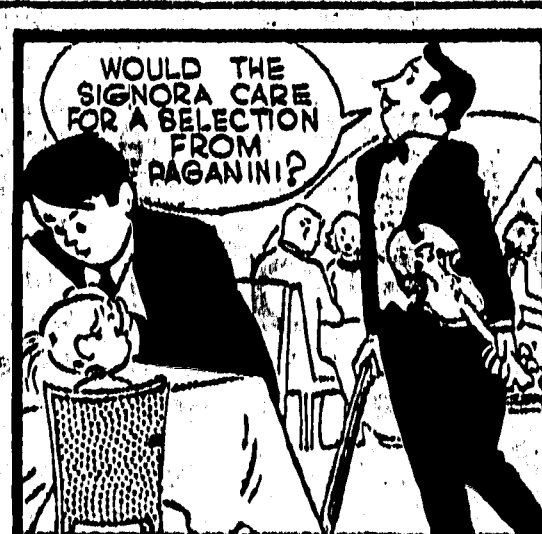

Published every Thursday morning at West Summerland, B.C. by the Summerland Review Printing and Publishing Co. Ltd.

Eric Williams, Managing Editor

Member Canadian Weekly Newspaper Association

Authorized as Second Class Mail, Post Office Department, Ottawa, Canada

Thursday, Feb. 9, 1961

Attending the Western Food Association in convention in Vancouver are Ryan Lawley and Doug Campbell of Corwall Cannery, H. J. and R. J. Barkwill of Barkwill Canneries and A. F. Crawford, fruit inspector.

Members of the high school Key Club, which is sponsored by the Kiwanis club, recently presented the school board with a bicycle shed.

Alex Watt has returned from attending a civil defence course for agronomists held in Vancouver.

Local Queen reports on winter carnival

Kiwanis

Club Notes

Tuesday night being the first meeting of the month, was workshop night. There was no guest speaker and the club broke up into committees for committee work.

Two members of the Key Club were present as guests Jim Fiske and John Bevan.

The Sheriff spent an active evening and collected four fines, ending by paying a fine himself.

Jim Schaeffer led the club singing.

District statistics show that Summerland was 4th in attendance in the District and showed the biggest gain in memberships.

Blake Brandon and Bill Brown will attend the Key Club meeting tomorrow.

The Scribe.

Mr. and Mrs. T. J. Macdonald have recently returned from a trip to Edmonton.

Mrs. Geo. Noton of Kelowna was a recent visitor at the home of Mr. and Mrs. Eric Williams.

Miss Sigrun Meierhofer attended Vernon's Winter Carnival in her official capacity as Summerland queen. She gave the Review a glowing report of her activities. From Sigrun's standpoint the carnival was a huge success and we of Summerland can be sure that Sigrun performed her duties well.

Queens from Trail, Vancouver, Victoria, Kelowna, Lumby, Enderby, Port Alberni and the Shuswap area were present.

On Friday they attended the winter queen crowning ceremony in the beautiful ice palace, followed by the skating carnival and the evening was topped off with refreshments.

The girls found Saturday a particularly busy day. They participated in the parade, attended a banquet, at which Sigrun had the pleasure of talking to B.C.'s new Lieut. Governor, Mr. Pearkes. The girls then attended a hockey game, a dance at the Legion, and a party at Kalamalka Lake.

On the following day, Sunday, they were taken on a breathtaking trip to the Silver Star Mountain Ski area and Sigrun and her new found friends ended a delightful week end as participants at the skier's banquet.

Sigrun says she feels Vernon's winter carnival was a sure success filled with color, variety and a zest that filled everyone.

Dr. W. Evans addresses annual Cancer meeting

by Madeleine Alstead

The Summerland Branch of the Canadian Cancer Society held its annual meeting Wednesday evening, Feb. 1 in the Health Centre. The number of people attending was very gratifying and it is hoped more will attend next year. This is "our" problem, it concerns us all.

Dr. J. C. Wilcox, president of the local branch, was in the chair. In his opening remarks, he said that statistics show a "trend" between lung cancer and cigarette smoking. He thanked all individuals and organizations who had worked so hard for the Society during the year, the doctors, the hospital staff, Mrs. Eric Smith, Welfare director, the Kiwanis Club, the Eastern Star and many others who gave time and effort in this work.

Mrs. J. E. O'Mahony gave a report of the last year's work. She attended two annual meetings and two executive meetings in Vancouver during the year and in May went down to the opening of the new extension which will provide 20 more beds and more parking space at the Cancer Clinic. The new Radio-Therapy Extension is almost ready for use where it is hoped to install another Cobalt 60 and a small caesium unit. The possession of a center where basic cancer research can be carried on in B.C. is now a fact and is operating under Dr. Noble in the new research center at UBC. To this, the Canadian Cancer Society contributed \$625,000 and the National Cancer Institute another \$65,000 for the first operational budget. Also \$24,000 has been contributed to new Health Centers in B.C. and \$66,000 for the educational program.

Extra money has been spent on the educational program this year with special emphasis on informing teen-agers of the dangerous effects of heavy cigarette smoking before young glands and bodies have reached maturity. Mrs. O'Mahony has put literature in the Youth Center, High School and Health Center for this purpose. Miss Carole Williams, a Summerland High School student, won second prize of \$10 in the Cancer Essay contest, a girl in Oliver came first, and a boy in New Westminster won \$50 in the provincial essay contest. Literature is also placed in packing houses and fruit processing plants. The Cancer Society prints these in French, German, Italian and Magyar for Hungarians, and they are available on request from Mrs. O'Mahony.

Mrs. O'Mahony also thanked the many organizations for their wonderful work. Job's Daughters has undertaken Cancer Research as their special project and

contributed \$2336 for research equipment. The Summerland Kiwanis Club collected \$1400 in their annual campaign. There are thirteen consultative clinics in B.C. which are visited every month. In Summerland, 2 welfare cases had transportation costs to Vancouver paid by the Cancer Society and one of them was given free treatment at the Cancer Clinic.

The speaker of the evening, Dr. Wilford G. Evans, gave a very interesting talk on "Attitudes to Cancer", attitudes on the part of society as a whole, that of the patient, and attitudes toward the treatment of cancer. He said, taking the social aspect, let's get cancer out of the emotional penalty box and put in its proper place with other diseases, and not look on it as a monstrous life-eating crab too terrible to do anything about, for a percentage of cases are cured and many helped.

Although progress in finding a cure for cancer may seem slow compared with many modern scientific processes, we have seen some fantastic progress in the past few years, and this may be only the first few steps. The heartening fact is that research on this problem is now a huge co-ordinated effort. "We are all part of a grand scale research, unbelievable in its magnitude, unwilling to end without success."

The attitude of the patient must be watchfulness for signs and willingness to go to the doctor as soon as possible; also to go as far as the doctor thinks necessary for cure; the doctor, too, must go as far as possible to attain that aim. Dr. Evans stressed again the great im-

portance of early diagnosis, as at present only with early diagnosis can it be cured. The old story of "I wonder what this is" or "Maybe it will go away" creates a great, perhaps insuperable handicap for both patient and doctor.

Dr. Evans was, for six years, a member of the Vancouver Medical Association Summer School and met there some very famous surgeons. He was especially interested in the attitudes of these men who had such great experience in the treatment of cancer. After citing some of the talks and experiences he had with them, he felt that he could sum up their many attitudes toward this problem in the words, "We are getting somewhere."

In closing he said that though cancer had its heart breaks, it also had its rewards, and to a doctor being part of a cure was in itself enough reward.

Officers were as follows for 1961: Hon. Pres., Reeve F. E. Atkinson; president, Dr. J. C. Wilcox; vice president, Nat May; secretary, Mrs. J. E. O'Mahony; treasurer E. R. Butler; welfare director Mrs. Eric Smith; representatives, Legion, Nat May; hospital, J. E. O'Mahony; director at large, W. Brown; Women's Institute, Mrs. Procuoroff; Legion WA, Mrs. Mortimer; Hospital Auxiliary, Mrs. Clarence Adams; Kiwassa Club, Mrs. Wm. Brown; Kiwanis Club, Blake Brandon; PTA, Mrs. Campbell; Rotary Club, Gordon Smith; St. John's Ambulance, Charles Denike.

The annual cancer campaign by the Kiwanis Club will be convened by Blake Brandon. It will start April 1st and the objective again is \$1400.

The mailman is always glad to be of service

"If you have difficulty in getting to the bank, the mailman will be glad to help," says Jock Johnston, manager of the Summerland branch of the Bank of Montreal.

"Many busy people do most of their banking by mail in Summerland," he adds. "They find it a big convenience, and it's entirely safe, of course."

Prompt service is guaranteed when you bank by mail because the staff starts to handle your business as soon as the mailman arrives, even before the bank opens for regular business.

You can handle almost every kind of banking transaction through the mail these days, thanks to the efficiency-minded B of M staff in Summerland.

Why not ask for the B of M's helpful Banking-by-Mail folder soon. It gives you all the details. Or ask Mr. Johnston next time you are near the bank. He'll be glad to tell all about the way the Post Office B of M team can simplify your banking problems.

Good News for Homemakers

Hearty Fare For February

The weather outside is frightful while the food inside is delightful ... that is if you're a clever menu planner ... as you probably are.

Ignore winter's icy blast with warming, hearty foods. Set a gay but simple table to serve a tempting chili dish to your family.

Most of the ingredients come right from your pantry shelf. Start with canned condensed tomato soup, famous as a soup and good as a cooking ingredient. Combine it with canned kidney beans, wieners, green pepper, onion, and chili powder for this February special.

Crackers, and a crisp salad garnished with cucumber slices are perfect accompaniments to this chili dish.

WIENERS AND BEANS CHILI

½ pound wieners, cut in ½-inch slices
 ½ cup chopped onion
 2 tablespoons chopped green pepper
 ½ teaspoon chili powder
 2 tablespoons butter or margarine
 2 cans (1 pound, 4 ounces each) kidney beans, drained
 1 can (10 fluid ounces) condensed tomato soup
 1 teaspoon vinegar
 ½ teaspoon Worcestershire sauce

In skillet, cook wieners, onion, green pepper, and chili powder in butter until wieners are browned. Add remaining ingredients. Cover; cook over low heat about 15 minutes, stirring now and then. Makes 6 servings.

Chansons d'Amour with Janine and Nico, will be the final concert sponsored by the Summerland Overture Concert Association this season. The couple will appear in the High School Auditorium on Feb. 22. They sing French songs through the ages from the 13th to the 20th century. They combine a deep understanding of the French music of the past with a freshness of approach to the French music of today.

Lovely ceremony at St. Stephen's Church

St. Stephen's Anglican Church was the scene of a pretty wedding, Saturday, Feb. 4, at 2:30 p.m., when Marilyn Claire Alexander, daughter of Mr. and Mrs. James Alexander of Winnipeg, became the bride of Robert Baille Towgoode, son of Mr. and Mrs. Jack Towgoode of West Summerland. Rev. Norman Tannar officiated.

The bride entered the church on the arm of her father. Her cocktail length gown was of white peau de sois, featuring a scalloped neckline, three-quarter sleeves, and a full skirt. A seed pearl and lace headdress held an illusion veil in place. A bouquet of roses completed her ensemble.

Mrs. Daniel Geernaert of Penticton, matron of honor, chose coral crystalite over taffeta, with matching accessories and a bouquet of white chrysanthemums.

Groomsman was Geoffrey Solly. Ushers were Terry Coggan and Herb Arndt.

Mr. Lupton played the wedding music and Clive Atkinson sang "The Lord's Prayer" and "Through the Years."

Following the ceremony, approximately 100 guests were received by the bridal party and their parents at the Anglican Parish Hall.

Locals

Phone contributions to HY4-5406

F. E. Atkinson, Dr. Dugal MacGregor and Miss Dorothy Britton of the Research Station are in Vancouver attending the Western Food Association convention. They will be giving talks on their work here.

Mrs. C. C. Strachan has returned home after being in Vancouver with her parents, Mr. and Mrs. Oliver Lacey, following the death of her brother, Dr. Oliver Lacey, who died in a fire in his home in Alabama.

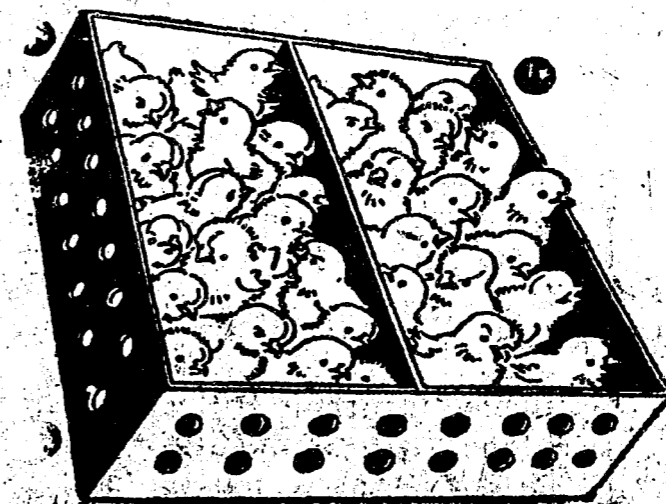

Tentative dates for Okanagan Summer School of Arts are July 10 to 28.

The Rifle Range

by Herb Simpson

The small bore shooting, held at Barkwill's Cannery on Thursday evenings, is becoming a very popular pastime; every week sees new faces at the range.

At the annual meeting on Jan. 26, Bob Barkwill replaced brother Bill as president for the coming year. Other officers elected were vice president, Harold Richardson; secretary Herb Simpson; treasurer Louise Atkinson; range officers, Harold Felker, Jim Doherty, Roy Bertram and Ken Blagborne.

A record of scores is being kept each evening so averages may be worked out and teams can be made up to compete in various types of matches. Three small cups owned by the late Fred Anderson of Penticton, were donated to the club by the Summerland Rifle Club (full bore). These will be used as prizes during the season. Featured each evening is the sweepstake lucky shoot in which a small entry fee is paid; the winner taking the money. Also included in the weekly shoot is a set of mechanical "rabbits" travelling on an endless chain. This competition is known as the "bunny shoot" and it proves a real test of skill to the marksmen.

As this writer has mentioned before in this column, it is not necessary to have a fancy rifle to shoot in the club. If you own an ordinary .22, not over seven pounds in weight, come on down to the range Thursday evening and get in on the fun. Coffee is served free of charge.

Bantam playoffs here Wednesday, Feb. 15

Summerland Bantams played in Penticton on Tuesday night in the first game of the Okanagan Bantam playoffs.

On Wednesday, February 15, at 8 p.m., Penticton will

play the local bantams in the Summerland arena.

Vernon and Kelowna meet each other in a home and home series Feb. 9 and 18.

Winners of the above series will meet for the valley finals the week of February 20-25.

Okanagan valley winners will meet the Okanagan-Mainline winners, place and date still to be agreed on. This series must be over by March 10.

Winner of Vancouver-Mainland will meet the winners of above in the valley for the B.C. semi-finals on March 11 and 12.

Winners of above will travel to the Kootenays for the B.C. bantam championship March 14, 15 and 16.

Don't forget, the second game of the locals against Penticton bantams here on Wednesday, February 15 at 8:00 p.m.

Next week the troop will meet at Barkwill's cannery for an evening of target shooting and instruction on use, care and safety of fire arms. Meet at 7 p.m., sharp, no uniforms required. This program is being sponsored by the Summerland Rifle Club.

D. V. Fisher, Scoutmaster

It was Operation Foster Father for a few hours in Halifax last week end as soldiers stationed there turned out to assist wives and children of their buddies stationed in Germany. The families were en route to

Europe to join the soldier fathers serving with the 4th Canadian Infantry Brigade Group. They were delayed overnight in the city as the Cunard Line's R.M.S. Ivernia was late in docking because of a storm. Here Spr.

Albeht Lelievre, an unmarried soldier from Cheticamp N.S. hands over his charge to a steward as Mrs. F. W. Armitage of Summerland looks on.

(National Defence Photo)

Canada at the crossroads says M. P. Finnerty to Board

An optimistic view of the future, and a warning of a blight that could spoil it was given to Summerland Board of Trade members and guests at the annual banquet on Thursday last. The speaker was M. P. Finnerty of Penticton, president of the B.C. Chamber of Commerce.

Dealing more specifically with this province, Mr. Finnerty said it had ridden on a wave of expansion through out the post war years, until just recently, when a noticeable slowing of pace had occurred. This condition, so unusual, had caused some people to lose faith in the future of the area, and to

anticipate serious consequences to the economy.

Facts actually were that, far from going into a recession, B.C. was continuing to expand, but that the rate of growth, during the past few months has been slower than before, giving rise to the spurious sense of depreciation of values.

"I am convinced," said Mr. Finnerty, "that so long as we know the problems, we'll solve them." And no small part of achieving such a solution would arise from the rank and file of Board of Trade members, provided the interest, the activity of each individual member remains at a high level.

The speaker was introduced by Frank Haar and thanked by Lloyd Miller.

Members of the Summerland Women's Institute have taken on the job of reporting social items for the Summerland Review. Until the next Women's Institute meeting, when reporters will be chosen the following ladies have consented to take phone calls of "neighborly news." Mrs. Rothwell, HY4-2239; Mrs. W. Brown, HY4-3717; Mrs. Inch, HY4-4737; and Mrs. Geo. Inglis, HY4-4146.

Rev. E. Childerhose, pastor evangelist and former Bible School principal, is guest preacher at a series of revival meetings at the Free Methodist Church, February 14 to 26. Meetings start at 7:45 each evening.

The public is reminded of the annual Hospital Society meeting on Thursday, Feb. 23, at the IOOF Hall at 8 p.m. It's your hospital, so be sure to attend the annual meeting.

The Summerland badminton club's annual bridge tournament will begin Friday, Feb. 17 in the IOOF Hall. Anyone wishing to enter should contact either Mrs. C. Bernhardt or Geo. Fudge. Publicity chairman G. E. B. Fudge told The Review that because of increased expenses the admission fee has been raised to 75 cents.

A service of blessing will be held for the new Anglican rectory on Sunday at 3:00 p.m. The rectory will be open for inspection following the service.

Weather report from the Research Station shows this week 9.1 hours of sunshine and .35 inches of rain.

A public meeting is to be called for Tuesday, March 7, in the high school to discuss future planning in the Trout Creek area.

Council is considering a grant of \$350 to help the Board of Trade in its work. Reeve F. E. Atkinson mentioned that a list of suggested street names placed at the municipal hall has not as yet been accepted.

Work is progressing fast on the senior citizen's home. Councillor Norman Holmes reports that 25 per cent of the work is now completed.

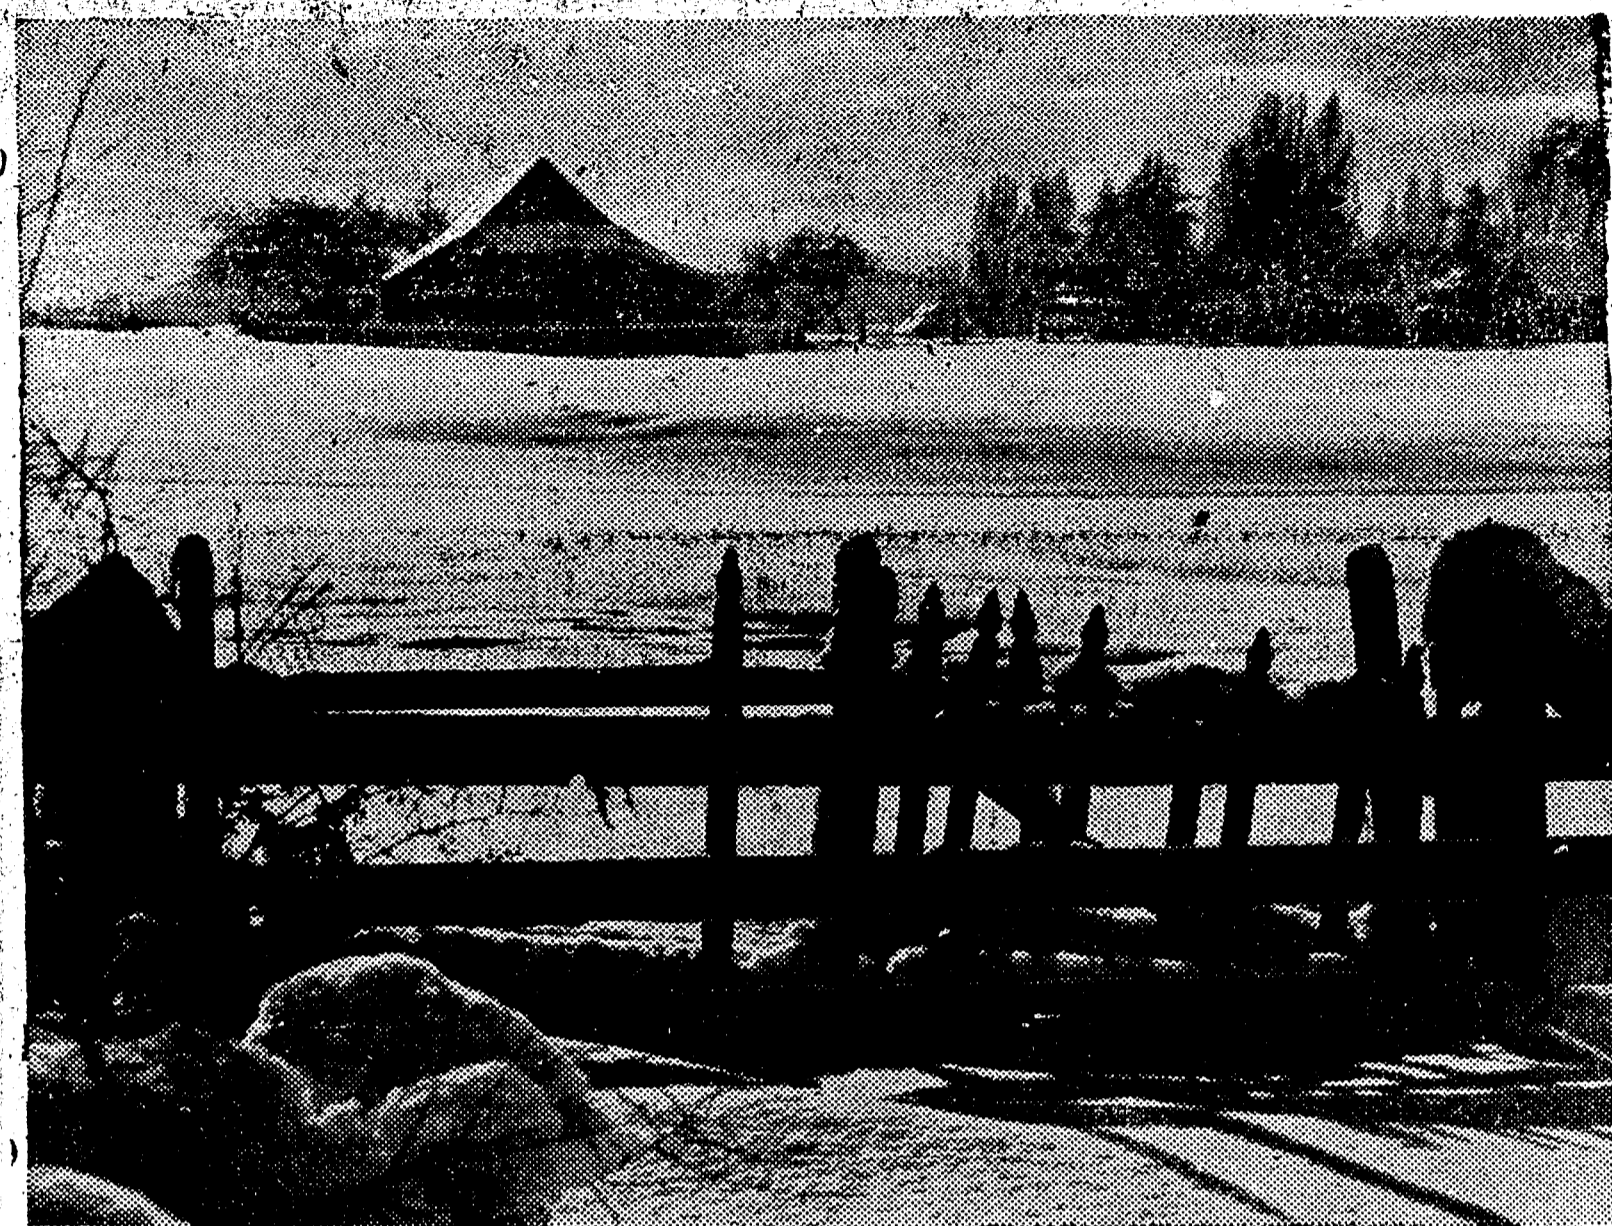

Mr. Harvey Pomranke of Kelowna waited on council regarding re-zoning of Jubilee and Rosedale Avenue corner. If re-zoned as commercial Mr. Pomranke told council he intends to construct a Taste-Freeze, starting construction in about three weeks.

The Summerland Review

Thursday, Feb. 16, 1961

West Summerland, B.C.

Volume 15, No. 7

Here's a Canadian winter at its best — bright and cold down on the farm with the fields spread with a shimmering mantle of snow and the gate etched black on white on a sunny day. A memory for many a boy to

cherish if he finds himself far from home in the gray city.

cherish if he finds himself far from home in the gray city.

New fire truck asked for by fire brigade in budget

Summerland's Volunteer Fire Brigade made 51 calls in 1960 and total loss in fires in this community was \$269,325. Among major fires last year was the B.C. Fruit Shippers, Hatton's Chicken Farm and the Summerland Review. These were among the facts presented to council by Fire Chief Joe McLachlan and 1st Lt. F. M. Stewart when discussing needs of the fire department.

A proposed budget of

\$22,601.73 was presented, which includes the cost of a new fire engine at \$16,000. Suggestion was made that the municipality buy the fire engine on the instalment plan so that use could be made of it as soon as possible.

Mr. McLachlan said that considering the size of the area and the value of real estate now being protected, he feels the time has come when a new fire truck is

essential.

Councillor W. B. Powell asked that more consideration be given to having more hydrants in outlying districts. At present there are 45 hydrants in the municipality. Reeve Atkinson suggested that municipal assessors make a survey of the areas with pipelines and no hydrants.

The fire brigade's budget was: fire chief's salary and car, \$1,380; force salary, \$1,800; truck operation, \$400; heating hall, \$150; telephone and alarm \$483.34 light and water, \$45.39; siren location \$18.00; Workmen's Compensation \$250; hydrant rentals \$200; insurance \$50; sundry and supplies \$500. Total \$5,276.73. Capital expenditure was: fire truck \$16,000; one thousand feet of new hose \$1,000 two nozzles \$75; gated ball Y \$150; aluminum wall ladder \$100, total \$17,325, making a total budget of \$22,501.

Council will study these figures and suggestions and a report will be given at the next meeting.

Funeral services held for Alex Smith Tuesday

Funeral services were held Tuesday afternoon, Feb. 14 for Mr. Alex Smith, one of Summerland's pioneer residents. Mr. Smith, 87, died in Summerland General Hospital on Sunday, Feb. 12. He had been a resident of this community for 53 years.

Mr. Smith came to Trout Creek in 1908 from Edinburgh. He lived at the homes of Magnus and John Tait, farmed with them and later with Alex Steven.

From 1913-19 he was the livery stable manager for the firm of Pares and Hookham.

In 1920 he went into partnership with George Henry to establish the trucking firm of Smith and Henry. This partnership continued for 40 years until the time of his death.

Mr. Smith sang in the choir of the United Church for 50 years and recognition was given him at the time of his retirement from the

choir. He was an elder of the church and an honorary elder at the time of his death.

In 1910 he married Johanna P. Fisher who came from Edinburgh. The marriage was held at the home of the Magnus Tait, Trout Creek.

He is survived by his wife, two sons, Edward F. in the family firm and Gordon D., municipal clerk; a daughter, Mrs. A. J. (Margaret) Berry of West Summerland. One son, Sandy, was killed in World War II. There are nine grandchildren.

Funeral services were conducted by Rev. P. K. Louie. Burial was in Peach Orchard cemetery.

Pallbearers were Joe Maddison, Dr. James Marshall, E. M. Tait, Jack Dunsdon, Allan McKenzie and W. A. Laidlaw.

West Summerland stores closed Tuesday afternoon from 2 to 3 p.m. as a mark of respect for the late Mr. Smith.

52 rinks entered in local bonspiel

Summerland's 9th annual bonspiel started at the local arena on Wednesday of this week at 7 p.m.

Fifty-two rinks are entered, six more than last year, with curlers coming from Salmon Arm to the north and Osoyoos in the south.

Penticton ice will be used for some of the games as the four events are to be finished by Sunday. The final games will be Sunday evening. The four main trophies are: 'A' event, the

Occidental Fruit Shippers; 'B' event, the B.C. Shippers; 'C' event, the Walters' Trophy; and 'D' event, Holmes and Wade trophy.

A special prize of four steak dinners is being donated by Mac's Cafe.

The Ladies Curling Club will be serving meals during the 'spiel in the arena and on Saturday evening the ladies are arranging a smorgasbord for the curlers in the Anglican Parish Hall starting at 6:30 p.m.

Growers to discuss starling control

A meeting of local growers has been called for Tuesday, Feb. 21 in the IOOF Hall, at 8:00 p.m. Subject under discussion will be starling control in the Summerland area.

Mr. Charles Bernhardt, president of the Summerland BCFGA local, told The Review, that with the numerous reports of starling sightings, and an increased awareness of the problem this bird presents, it is hoped a control plan having the support of all growers can be adopted.

Mr. Bernhardt said that at the moment the only safe, reliable method available are "starling traps." The two local building supply firms have the material pre-cut for assembling of the traps. The city of Kelowna placed two traps at the refuse ground last fall and in the first month captured 924 starlings.

Mr. Bernhardt said that a proposal will be made at the meeting that a committee be formed to supervise the servicing of the traps if they are constructed.

It will be suggested at the meeting that growers pay according to acreage, as this is deemed the fairest and most feasible method of having the maximum number of traps at a minimum outlay to each grower.

The BCFGA executive urges all growers to come to

this meeting to discuss these plans. They feel steps must be taken for starling control before the situation gets out of hand.

A report on important matters dealt with at the convention will also be given.

Last chance to enter name contest

Entries continue to pour in for the "Name the Home" contest, which features a prize of \$20.00.

Sponsored by the Summerland Review and the Corporation of Summerland, the contest is designed to choose a suitable name for the new senior citizens' home now under construction in West Summerland.

A final official entry blank is printed on the back page of this week's issue. Names should be deposited in the boxes located in the Review office, the Municipal office and Holmes and Wade. Additional entry blanks may be found at the above named places.

Deadline for entries is 12 noon, Wednesday, Feb. 22, so get your entries in now for that \$20 prize.

Services held for Mrs. Rosa Fry

Funeral services were held from Roselawn Funeral Home Monday, Feb. 13 for Mrs. Rosa Fry, who passed away in Summerland Hospital at the age of 87. Rev. Norman Tannar officiated.

Mrs. Fry was attached to the British Army in India and served in the British Army in various countries during World War I. She also served in Africa. Mrs.

Fry travelled much of her life with her husband. After coming to Canada they entered into a mining venture at Beaverdell.

In recent years Mrs. Fry made her home with Mr. and Mrs. Earle White of West Summerland.

Mrs. Fry was predeceased by her husband in 1944 and by a son who died as a child. Interment was in Lake View Cemetery.

Janine and Nico will appear in the final concert sponsored by the Summerland Overture Concert Association on Feb. 22 in the High School Auditorium.

Square 'em up

Fifteen members of the Pairs and Squares attended Westbank's beginner's level party held last Saturday. MC Les Boyer and guest callers Ray Frederickson, Don Popham, Lester Arkell and George Fyall put seventeen squares of dancers, a goodly number of them teenagers, through their paces.

Last Friday's lesson night was a very lively and enjoyable one. The dancers tried their hand (or should I say feet?) at a round dance Three Penny Waltz, and learned how to do a Dixie Twirl and a Star Through. Grand square was reviewed and some fast squares gave all a good workout.

Pairs and Squares Feb. 18 party night will keep us busy this week end. The refreshment committee has a lovely supper planned, and the decorating committee will start dressing up the hall at 9:00 a.m. Saturday.

Oyama Twirlers and Summerland Pairs and Squares are exchanging callers that night. Ray Frederickson will emcee the Twirlers dance at Oyama, and Chuck Inglis is to be our MC.

New national head office of Interprovincial Co-operatives Ltd. is located in the spank-

ing new Co op Building, St. James, Manitoba. A functionally designed building

featuring all the techniques of modern office planning, the Co-op Building was formally opened last Wednesday, Feb. 8.

Interesting speaker planned for Horticultural meeting February 17

The TV personality, District Horticulturist, will be guest speaker at the Summerland Horticultural Society's meeting Friday, Feb. 17 in the Anglican Parish

Hall. Mr. Wilson's talk will be of interest to home gardeners planning rock wall, walk or patio construction in the spring. Mr. Wilson is considered an outstanding authority on this subject. All interested are cordially invited to the meeting which will be followed by a social hour over tea.

This meeting is the first of a series planned for this year. It is designed to help home owners in planning their gardens and grounds.

Careful Fitting Gives More Miles Per Dollar AT THE Family Shoe Store

EVERY CARGO CALLS FOR BANKING

Its destination may be Bombay, or Oslo, or even fabled Timbuktu.

But wherever it is bound, chances are that a chartered bank is helping to smooth the journey. Services provided by the chartered banks simplify the task of those who buy or sell in distant lands, who often deal in unfamiliar markets, languages and currencies.

With a network of representatives around the world, the banks provide on-the-spot contacts and useful facilities wherever Canadians wish to trade or travel.

Every day, services of the chartered banks help to move the cargoes that mean so much to so many Canadians.

Editorials

Retired people wanted -- but not they alone

The editor was in a discussion the other day with some local residents who liked the idea of making Summerland a mecca for the elderly, particularly those with just a few dollars plus their old age pensions. It was argued that such people would provide a good "payroll" for Summerland.

Some years ago a similar thought was voiced by a leader in a neighboring larger community. He wasn't long in getting the answer. It was pointed out that such people are wanted, but that to base an entire economy on them is fallacious.

Here are some of the reasons: While it is true that those couples in receipt of old-age security spend a high proportion of their income, they customarily do not spend it all. Years of saving, of self-denial and thrift are not so soon thrown overboard. Inevitably, they will keep "something back for a rainy day."

Moreover, their needs are small. They do not require nearly the amount of food an active adult consumes. It is estimated that two such senior citizens will eat no more than one working adult.

They do not need as many clothes, and what they have, because of lack of activity, do not wear out as quickly. They are not customarily in the market for the new appliance, and often they do not own a car. All of these things and the many others that could be added to the list mean less commerce for the community; fewer people to take on necessarily active roles in civic, club, and community affairs.

Certainly we want senior citizens, and should make them welcome. But we must not lose sight of the facts stated above, and permit our municipality to become lopsided. We must seek, and welcome both senior citizens and outlets that will provide payrolls and vitality.

Tidbit for Mr. Mous -- sign your name

No editor, dead or alive of this century or of colonial days, has been missed by that ageless, mystic crusader of the mails, A. Nony Mous.

A man of many faces with many missions, he has rubbed shoulders with the seething masses of the great city, labored with the poorest of the country folk, and prescribes, without askance or pay, the cure for all the evils of mankind.

His most revered possession is his unlimited supply of stationery, ink and stamps, and up to the minute directory of all newspaper, magazine and periodical editors, and the motivation necessary for his incognito existence, an unparalleled lack of convictional courage.

And strangely enough, not all of his missives are without merit. Many times he proposes good, backs it up with intelligent reasoning, and then drifts away to hunt up another editor's mailbox.

We received a letter from

Mr. Mous a couple of weeks ago, about a happening in our community which he thought this newspaper should investigate. Presumably, he knew quite a few details of the matter, but did not release them to us.

So, Mr. Mous, if you feel so strongly about what you write, why not lift your veil?

WEEKLY CHUCKLE

On an Alberta dude ranch as usual a cow hand was nonchalantly displaying his dexterity rolling cigarettes one handed. One duly impressed Easterner expressed his admiration for the skill involved.

"Oh, rolling them don't take much," said the cow hand, "it's getting the filter in that is the trick."

Husband to judge: "Your Honor, I don't mind getting my wife back so long as she gets a legal separation from her mother."

Tips For Parents

Parent Education Associates

HERE is one parent who does not enjoy the breakdown of the reserve that formerly existed between parents and their children.

She writes, "My children speak to me in a way that I would not have dared to speak to my own parents. I correct them but without much success."

"How should I deal with their rudeness to me?"

Manners are simply an expression of the way one feels about others. Children who grow up in a family where each is considerate of the others, where there is genuine affection and kindness, are laying the best possible foundation for good manners.

But children are not always in command of their feelings. Self-discipline comes slowly and they often speak out plainly, bluntly, rudely.

How the parents deal with this behavior depends in part on the age of the child.

With the very young child it is usually enough to say "Too bad, or sorry you feel that way, but come along and wash," or get ready for bed, or whatever the task may be.

It is important that ill feelings (either the child's or the parents) are not allowed to obscure the main issue, to confuse the child's sense of what is reasonable.

The older child, six or more, is shifting his centre of interest from home to the friends and experiences he is meeting.

He is growing up, becoming more independent. Along with his baby dependence he sheds some of his family rules and regulations.

He may forget to wash his hands, to be tidy and punctual.

He needs to be reminded of these things with as much patience and good humor as can be mustered.

Did you know?

by Rev. Norman Tannar

Do you know that one speck of dust in an automatic flight control instrument is sufficient to cause a multi million dollar supersonic jet to veer widely and wildly off its course?

Did you know that lint from clothing or moisture from fingerprints can make a guided missile, zooming along at twice the speed of sound, go awry and miss its mark?

Did you know that the body is so delicately balanced that if it lacks a mere fraction of some mineral element it may mean death?

Is not this a reminder that there are many tiny things which cause the finest specimen of humanity to go astray, and miss the glorious destiny his Maker has made possible for him to enjoy?

It is not necessary to commit some glaring evil in order to become a failure spiritually. A fire can start from a spark. One small crack and a dam is broken. So in life the fires of sin and the floods of evil can only be checked by watching the small things.

Read Proverbs 21:4, Matthew 5:28 and 12:36, Col-

losians 3:5, I John 3:15, James 2:10 and consider what is to be done about all these things which seem so tiny that we do not even think seriously about them. They can cause us to veer widely off the "straight and

narrow" onto the broad way which leads to destruction. Math. 7:13-14. Tiny thoughts pass into acts, And acts form into habits: And naturally, whether good or ill, They multiply like rabbits.

A New TV Experience!

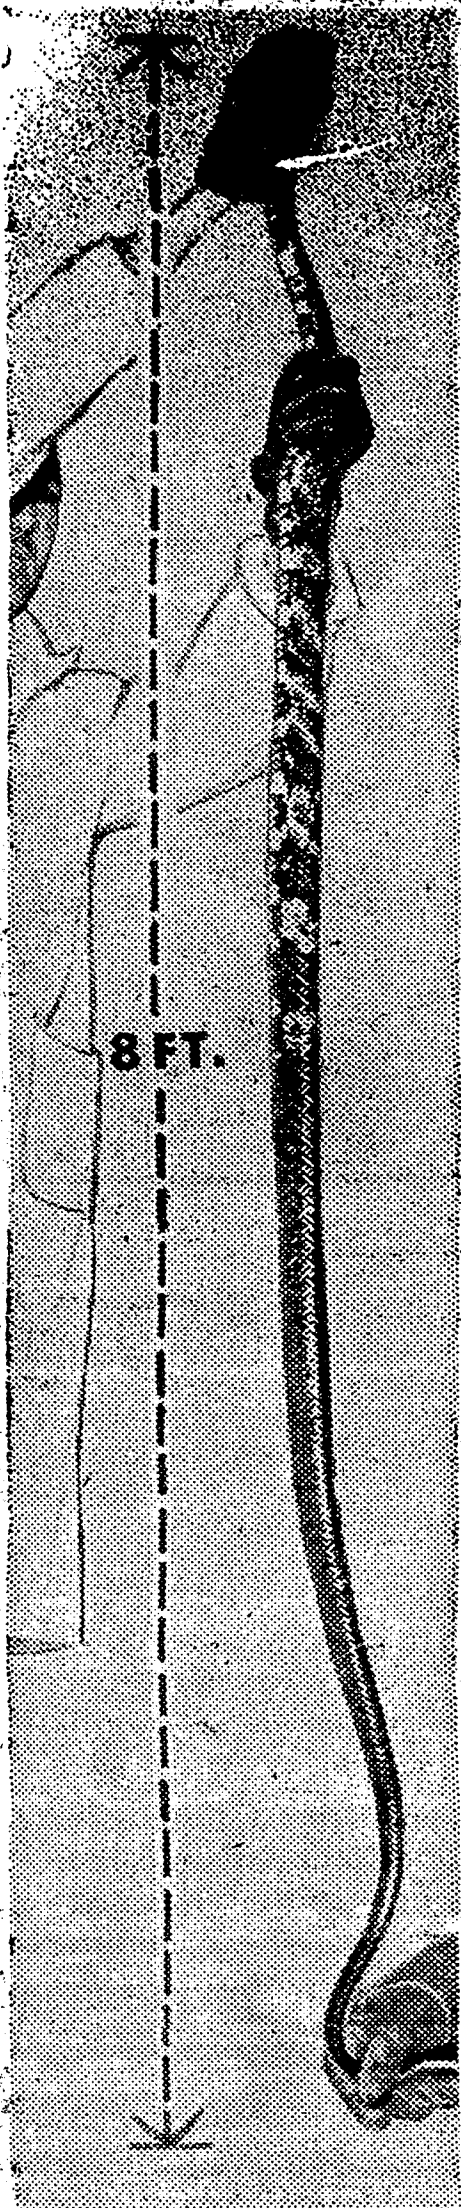

GEORGE VANDEMAN

It is written!

CHBC-TV
Sunday, Feb. 19, 1961
"LIFE ON OTHER WORLDS"

An empty Universe? Inhabited? Here's an answer. See time-lapse photography of other planets filmed through our world's largest telescopes. An unforgettable experience.

1:00 to 1:30 p.m.

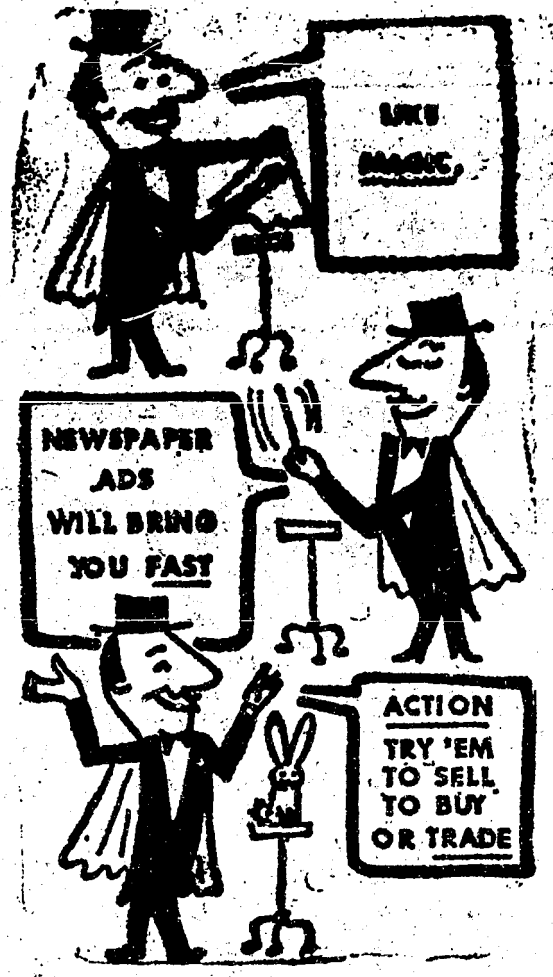

TNS
A crate of bananas arrived at a supermarket warehouse in Toronto, looking innocent enough, but when it was emptied workers found this snake curled up asleep in the bottom. An expert was called in to handle it and identified the snake as a South American Cribó—a snake with a severe, though not necessarily fatal, bite. Some banana!

Still seek donations for Thrift Shop

Mrs. Rose Fiske was in the chair for the regular monthly meeting of the Summerland Hospital Auxiliary on Monday evening, Feb. 6. The purchase of linen hampers, operating room equipment and a chair for the use of heart patients was authorized. It was reported that the Auxiliary has raised approximately \$2700 so far toward the X-ray fund, over \$2000 of this through the Thrift Shop, augmented by the Golden Ruler Fund and the proceeds from the Hospital

Tag Day. The Thrift Shop continues to be a busy place, well supported by donations and the members of the Auxiliary are grateful for all contributions of clean used clothing, household articles and furniture. Clean cottons are sold to garages for wiping rags. Nothing is wasted at Summerland Hospital Auxiliary Thrift Shop and nickels mount into dollars for our hospital, so please keep this community project in mind when clearing out drawers and attics at spring housecleaning time.

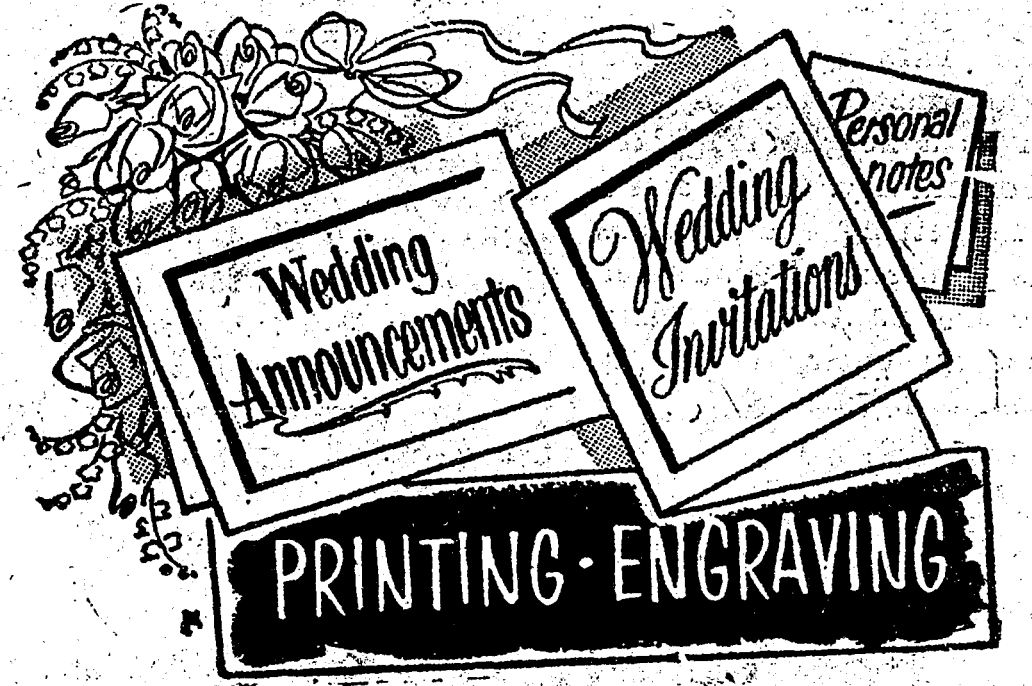

Shower for bride-elect

A shower was held recently at the home of Mrs. M. Welsh to honor bride elect Miss Sallie Wilson, whose marriage to Mr. James S. Hanna will take place Feb. 18 in Summerland United Church. An enjoyable evening was spent playing games and a lovely luncheon was served by the hostess.

Among the guests present were Mrs. C. Hanna, Mrs. P. Wilson, Mrs. M. Aronitz, Mrs. M. McGibbon, Mrs. P. Munro, Mrs. Stan Porritt, Mrs. W. Tavender, Mrs. Bud Green, Mrs. Walter Toevs, Mrs. G. Dent, Mrs. R. Downing, Mrs. D. Campbell and the Misses Elsbeth Tavender, Anne Wright, Leslie Anne Caldwell and Carol Anderson.

Unable to attend but sending gifts were Mrs. B. Evans, Mrs. N. Solly and Mrs. D. Wright.

Town band elects officers

The annual meeting of the Summerland Town Band was held Wednesday, Feb. 8 in the high school auditorium. 1961 officers elected were: president, Harry Killick; vice president, Ross Axworthy; secretary, Bill Horne; treasurer, Dr. Dave MacIntosh; directors, Fred MacInnes, Jim Hanson and Ralph Downing; librarian, C. Morgan; uniform custodian, Bill Durick; instrument custodian, Jim Schaeffer.

It was reported at the meeting that the band operated at a profit during last year. They had several out-of-town engagements as well as local concerts.

The band at present is operating under the night school program at the Summerland High School. Attendance has been good this year but there is a need for more drummers. Any interested person is asked to come to practices held Wednesday nights at 8 p.m. in the high school auditorium.

Scout week Feb. 20-26

During Scout Week, Feb. 20-26, there will be two window displays in the Summerland area showing some phases of scouting. One is being prepared by the 2nd Summerland Scout Troop, and will be in the window of Laidlaw and Co. store. The other display by the Trout Creek Cub Pack will be in the window of the IGA in Trout Creek.

The window displays are being sponsored by the Okanagan South Boy Scout District Council throughout the region covered by the Council, which includes Summerland, Naramata, Penticton, Kaledon, Keremeos, and Cawston. There is a prize for the best window display by a Scout Troop and also by a Cub Pack. The exhibits are set up and arranged by the boys themselves, with guidance from their leaders.

The annual Church Parade will be on Feb. 26 at the end of Scout Week. 1st Summerland Scout Troop and Cub Pack will attend St. Stephen's Anglican Church, 2nd Summerland Scout Troop and Packs will attend Summerland United Church and Trout Creek Cub Pack will attend the Church of God at Trout Creek Point.

Valley Style Shop

Mr. and Mrs. V. A. Kimball of Vancouver have purchased the Vern Brawner residence in Garnett Valley and expect to be moving here soon. Mr. Kimball is a consulting engineer with a firm in Vancouver.

Dr. Proverbs, is away for three weeks at Guam and Hawaii, regarding the control of codling moths.

Mr. and Mrs. J. H. Martin of Prince George, are visiting Mrs. L. Bingham, prior to leaving for England.

Valentine decoration for WI meeting

Heart and flower decorations and a large birthday cake were features of the celebration of the Women's Institute's combined Valentine and Birthday party on Feb. 10 in the Anglican Hall. Twenty-two guests were introduced, each by her hostess, and name cards with Valentine decorations made by Mrs. Wm. Brown were worn by all present.

Routine business and committee reports occupied the first part of the meeting. Mrs. Tait, convenor of the agricultural committee gave interesting hints on early spring plant care. Mrs. Ritchie for cultural activities reported that fourteen ladies had come to the monthly work meeting held at her home.

Mrs. J. MacLachlan, reporting for welfare, gave a resume of the annual meeting of the Summerland Welfare Committee. In response to its request for financial help to buy bandages for non-cancer patients out of hospital, the Institute voted \$5.00. Mrs. Pretty also sent a request that individuals willing to donate blankets or sheets notify her and keep these articles in reserve until needed since she has no storage available.

Mrs. Tait reported that the used stamps which members collect to pass on to our Cubs and to the Solarium are no longer needed at present by the former. A further request had come from the Solarium, however, stating that stamps not used for albums were used to decor-

ate cigar boxes and other articles. Mrs. Collas suggested the unused Christmas, TB and other seals might also be appreciated.

Mrs. W. M. Wright reported the last cook book sold with no more available.

Mrs. G. Morgan was given charge of the Birthday box.

Mrs. W. McCutcheon, on behalf of the Legion Auxiliary, asked for discarded nylon stockings for stuffing toys made at Shaughnessy Hospital.

Unitarian Services Committee would like to have new or used clothing for layettes as well as basic articles such as soap, pins and towels.

Three resolutions were accepted to be presented at the district rally to be held in Naramata in May. The first concerned petitioning the Canadian Government to oppose any further nuclear tests around the world. The second urged that household linens be required to show quality of sheets and pillow cases by thread count and that sizes and shrinkage be clearly stated. The third requested that manufacturer of packaged foods and household products such as soaps and detergents be required to display the weight in a position on the package and in letters of a size to be quickly read.

In introducing the party period, the president, Mrs. Rothwell stated that the group was marking the 64th anniversary of an organization founded in Canada and having a membership in our country of 90 thousand and throughout the world of seven million. Then followed a social period with games under the direction of Mrs. Mortimer. Tea was served by the members of the executive who were hostesses, and the birthday cake was cut by Mrs. Pearce.

Locals

Mrs. Shirley Winters and small son Mark left Friday for their home in Pomona, Calif., after visiting for six weeks at the home of Mr. and Mrs. T. H. Winters of Trout Creek.

Donna Butler and John Beavan of the Summerland High School are among delegates who will be attending the 14th annual high school conference at UBC on Feb. 24 and 25.

J. R. Cuthbert of Summerland will be a guest at a banquet to honor the 1961 graduating class of the Faculty of Forestry at UBC on Thursday at the Canyon Gardens in North Vancouver.

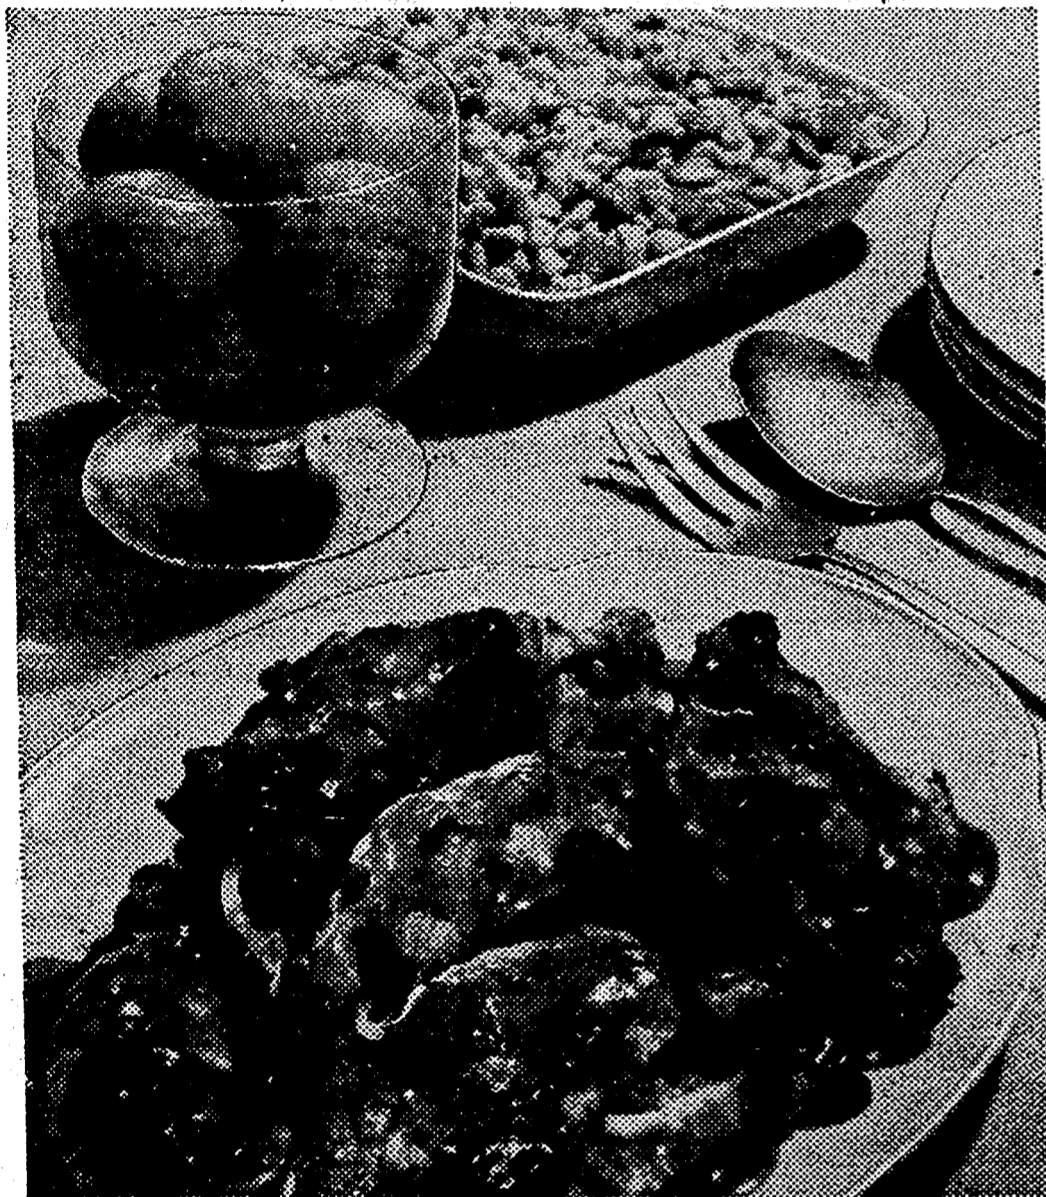

Miss Norah Dowling, formerly of Vancouver, is the new librarian at the Research Station.

Dr. Strachan, head of the Research Station, is attending a meeting of the Western Canadian Society for Horticulture at Banff.

Good News for Homemakers

Combine Chicken And New Canned Mushroom Gravy

It's the little things in life that count!—Something new and different for dinner and your family will think you're extra wonderful.

Surprise them tonight with Chicken Champignon... a tempting and delicious skillet dish featuring frozen chicken breasts, sliced onion, green pepper strips, and the secret of your success... new canned mushroom gravy. This new product will turn your ordinary recipes into exciting fare. 10½ ounces of rich savoury base filled with heaps of select mushroom slices ready to enhance any meat or poultry dish. This new gravy is a perfect third to the already popular canned gravies... beef and chicken. All three give you about ½ less calories than homemade; all are failure-proof, economical, and flavour perfect.

Buttered succotash and spiced peaches complement this festive chicken dish. For dessert, frozen

individual apple pies; hot coffee and milk.

CHICKEN CHAMPIGNON

1 package (1 pound) frozen chicken breasts
2 tablespoons flour
¼ teaspoon salt
¼ teaspoon pepper
1 small clove garlic, minced
2 tablespoons butter or margarine
1 medium onion, sliced
1 can (10½ ounces) mushroom gravy
½ cup green pepper strips

Thaw chicken as directed on package. Dust with flour, salt, and pepper. In skillet, brown chicken with garlic in butter. Add onion and mushroom gravy. Cover; cook over low heat about 30 minutes, stirring now and then. Add green pepper. Cover; continue cooking about 15 minutes longer or until chicken and green pepper are tender. Makes 3 servings

BIRTHS

Born at Summerland General Hospital to:

Figure Skating Club holds competitions

The Summerland Figure Skating Club held its annual competitions on Thursday and Friday, Feb. 2 and 3, with keen competitions in all categories. The results showed very good improvement in the skaters and everyone was well satisfied with the results. Thanks to the fact that the parents assisted in organizing the competitions, everything proceeded smoothly and on schedule. Results were:

Juvenile group (boys): Kenny Ryman, Michael Wellwood, Ralph Gerrard, (girls): Mary McCuaig, Katherin Perry, Shirley Weeks and Gail Abernathy (tied).

Novice group (boys) Frank Jones, Ronny Ryman, Bruce Gartrell; (girls) Josephine Adenuchi, Dianne Hampton, Anita Bonaldi.

Junior group (boys) David Gartrell, Robert Perry, Steven Richards; (girls) Donna Holmes, Lynne Gartrell; Barbara Brandon.

Juvenile ladies: Lillian Hankins, Colleen Jones,

Marjorie Lewis.

Juvenile ladies pairs: Kay Fenwick and Maureen McLachlan, Lynne Gartrell and Colleen Jones, Marjorie Lewis and Cheryl Moore.

Novice ladies: Trudy Gartrell, Griselda Evans, Wendy Toevs.

Novice ladies pairs: Cheryl Ann McCargar and Lillian Hankins, Marjorie Porritt and Trudy Gartrell, Beatrice Young and Betty McInnis.

Novice men: Robert Munro, Pat Keys, Bruce MacGregor.

Junior men: Lance Jones. Senior men: Wess Campbell.

Junior ladies: Ruth Keys, Janet Munro, Anne McLachlan.

Senior ladies: Leona Keys, Teresa Keys, Linda Munro.

Junior ladies pairs: Sharon McIntosh and Anne McLachlan, Patsy Tyacke and Sheila McLachlan, Linda Brandon and Becky Downing.

Junior mixed pairs: Marjorie Porritt and Robert Munro, Beatrice Young and Bruce MacGregor.

Senior mixed pairs: Anne McLachlan and Lance Jones, Janet Munro and Wess Campbell.

Senior ladies pairs: Teresa Keys and Ruth Keys, Linda Munro and Janet Munro, Carina Campbell and Becky Downing.

Dutch waltz: Cheryl Ann McCargar and Lillian Hankins, Marlene Charles and Linda Charles, Marjorie Porritt and Barbara Porritt.

Preliminary dance: Becky Downing and Linda Brandon, Linda Charles and Beatrice Young, Griselda Evans and Susan Wilson.

Bronze dance: Linda Munro and Anne McLachlan, Wess Campbell and Janet Munro.

Bowling News

by Doug Holmes

Bowling results are:

A League:

High team: Peach Pens, 3073; high three: Ev Spelsberg 654; high single, Jean Harrison 266, high three: Norm Campbell 306; high single Bill Austin 721.

Team standings: Five Pennies 6, Peach Pens 16, Whirly Birds 6, Alley Cats 5, Farmers 5, Wood Bees 5, Hurricanes 3, Left Overs 3, Slow Starters 3, Sportsman 3, Kinsmen 2, Occidental 1.

B League

High team: Bomracs 2634, women's high three: Elsie Archibald 605; high single Lisa Archibald 266; men's high three and high single, Glen Fell, 618 and 263.

Team standings: Bar Flies 6, Question Marks 6, Bomracs 5, Jokers 5, Alley Oops 4, Craskpots 4, Lotters 4, Long Shots 4, Roamers 4, Skid Row 4, Ups and Downs 2, 1110s 0.

Ladies league:

Peachers 15, Pin Pak 10, Beach Combers 8, Left Overs 7, 2, Peach Pals 9.

High single: Bernice McDonald 285, high three, Wilcen Fell 705, High team: Pin Pals 213.

Men's League:

Die Hards 145; Five Pins 13, Peachland 12, Hang Ivers 105.

High game: Bill Austin, high four Al Coffey 941, high team: Die Hards 4170.

The Rifle Range

by Herb Simpson

Eighteen shooters turned out to the regular weekly practice at Barkwill's Cannery Thursday evening.

Three new arrivals were welcomed to the club, Mr. and Mrs. V. Kimball and Don Tait. Don, by the way, won the sweepstake in the lucky shoot.

Shooting in the prone, kneeling and standing positions, Leunis Quak had high aggregate for the evening, with a score of 289 out of a possible 300. Roy Bertram was a close second with 288.

The club has been offered the use of some property suitable for an outdoor range for the summer months. Nothing definite has been decided, but most of the members agree that it would be a good idea to carry on with the practice after the indoor range is closed, so more about that later.

Well, that seems to be about it for this week, so we will see you at the range on Thursday evening.

Don Fletcher, of the Trail Smoke Eaters, Canadian representatives to the World Hockey championships to be held in March, angrily tosses his stick and gloves to the ice after being ordered to the penalty box during an exhibition game with Swedish national team Ire Kroner. The Canadians won handily 4-1, but the Swedish press blasted them for rough play. Canadian ice hockey executive Jack Rosburgh snapped that "you Swedes are too weak."

Bantams win over weekend

Kiwanis Report

Summerland Bantams kept up their winning ways over the week end by winning both games. In the morning game played at Summerland the No. 1 Bantams defeated Penticton Red Wings 4-2. Goal getters for Summerland were Wertz, Ezzard, Anderson and McAdam with assists to Ezzard, Wertz and Anderson. Both Penticton goals were scored unassisted by Hill.

In the afternoon game played in Penticton, the Summerland No. 2 Bantams came up with a 8-1 win over Penticton Rangers. Biagioni was the big gun coming up with six goals and one assist. Other goals were scored by Selinger (2) with assists going to Campbell (2), Booth (2) and Gowing.

Pee Wee Pups

The Bruins and Maple Leafs fought to a 2-2 dead lock last Saturday afternoon.

Goal getters for Bruins were Arthur Bolton assisted by McArthur and McArthur assisted by George Jenner.

Maple Leafs first goal was scored by Kenny Haddrell with an assist from Roberge. The tying goal was also scored by Kenny Haddrell on a penalty shot.

The best player for the Leafs was Haddrell while the Bruins best player was Don McArthur.

The public is requested to watch the bulletin board at the post office corner for the bantams next home game, as they follow the playoff trail.

Coming Events

Meeting of Summerland Rod and Gun Club, Monday, Feb. 20, 8 p.m. in the IOOF Hall. Films will be shown by Summerland Fish Hatchery.

The Summerland Overture Concert Association presents Janine and Nico, Wednesday, Feb. 22 at 8:15 in the High School Auditorium. This is the final concert for this year.

Don't miss Horticulturist Bob Wilson, also seen on Farm and Garden CHBC-TV, at the monthly meeting of the Summerland Horticultural Society, Friday, Feb. 17, at the Anglican Parish Hall.

Board of Trade dinner meeting, 6:30 p.m., Thursday, Feb. 16, IOOF Hall.

African Violet Society will meet at the home of Mrs. Ryan Lawley in Peach Valley, Monday, Feb. 20, at 7:30 p.m.

The Summerland OAPA members will be entertained by the Penticton Club at the next regular meeting on February 21, IOOF Hall.

Legal

Province of British Columbia Department of Highways South Okanagan Electoral District
Advance Warning of Load and Speed Restrictions on Highways.

During the Spring break-up it will very likely be necessary to impose load and speed restrictions on some roads, pursuant to Section 35 of the Highway Act. These restrictions may be imposed on short notice and trucking and transportation companies should govern themselves accordingly, and are requested to take advantage of the present road conditions.

The restrictions will limit the axle load of trucks and busses and will restrict speed.

Vehicles with solid tires will be prohibited from using the Highways.

Your co-operation in the protection and elimination of damage to all roads would be appreciated.

Club Notes

A new member was inducted into the Club on Tuesday night, and Bob Hardie was introduced by Scottie Ritchie. The induction was carried out by Jack Towgood, and President Jerry pinned on Bob his new Kiwanis button. Welcome to the Club, Bob, and we all feel sure you will enjoy the work and the fun.

John Selinger led Club singing and Lloyd Shannon celebrated a birthday.

Doug Campbell introduced his guest from Kamloops, where he was a charter member of the club, Mr. McInnes.

Bill Laidlaw tactfully announced that he has a brand new receipt book and is open to receive membership dues for 1961.

On Monday, Feb. 20, fifteen members have indicated they will attend the inter-club meeting at Kelowna, and all those going are asked to meet at John Tamblin's house at 5:30 p.m.

Guest speaker of the evening was The Rev. Norman Tannar, who gave an interesting talk on "The Brotherhood of Man." This is Brotherhood Week, so the subject was apt and well chosen. Rev. Tannar dealt with the family, and the family of nations, pointing out that "Brotherhood is both human and spiritual, and in the national picture all men should work toward the bringing together of all nationalities and races. His talk was well delivered and held all members interested. He was warmly thanked by Ken Storey.

The Scribe

Card of Thanks

We wish to express grateful thanks to Dr. Munn, the nurses, and staff of Summerland Hospital and the many friends who helped care for and cheer our dear friend, Mrs. Rosa Fry. We also express a very grateful appreciation to Mrs. Freda Agur for her nursing care beyond the call of duty. Mr. and Mrs. Earle White.

What next! Boys will be boys, they say, just as undergraduates will be undergraduates, and here's their latest sport — bed pushing. These Western University students huff and puff along the highway despite below zero weather, with the iron bed in tow. They pushed it 110 miles to their university in London, Ontario, claiming a world record, beating a University of New Brunswick push of 102 miles.

Choke Cherries spread Virus

Wild choke cherry trees 19 miles from the nearest orchard and on mountains 1,900 feet above orchards have been found to carry the virus of diseases slowly spreading through Okanagan fruit farms.

Known as twisted leaf in sweet cherry and ring pox in apricot, the diseases are traceable to a single virus and have been known in the dry belt for about 20 years.

T. B. Lott and F. W. I. Keane of the Canada Department of Agriculture Research station at Summerland report that the diseases can be induced by inoculating apricot and sweet cherry trees with material from wild choke cherry.

Affected cherry trees are stunted and yield poorly, and the disease persists for years. The abrupt angles of kinks in the leaf blade or leaf stalk and the curve in one main vein distinguish twisted leaf disease from

aphid injury. In apricots brown spots appear on the fruit and may form scabs and force culling.

WANTED — Janitor for Trout Creek School, commencing March 16. This is a part time job which includes care of lawns and grounds. Salary \$91.00 per month to start, rising to \$95.00 after probationary period, union agreement and medical benefits in effect. Applicants will state age, experience and enclose copies of testimonials, if any. Mark envelope "Janitor." Applications in writing only will be received at the School Board office until noon, March 3rd. B. A. Tingley, Secretary Treasurer. 2c7

ROTARY CONFERENCE

Four hundred Rotarians from 25 cities in central British Columbia and Washington State will visit Ellensburg, Washington, for the occasion of the Annual District 506 Conference of Rotary International from March 19 to March 21.

Rotarian Francis Steuart told The Review that ten or twelve couples from the local Rotary Club expect to attend the conference.

This meeting is held each year to review Rotary service activities and to make plans for increasing their effectiveness during the coming year. The principal activities of Rotary clubs in this district include contributions to the Rotary Foundation for graduate scholarships, Rotary Overseas Travel Award,

Summerland Hospital Society Annual Meeting

Notice is hereby given that the Annual Meeting of the Society, will be held in the IOOF Hall, West Summerland at 8 p.m., on Thursday, February 23rd, 1961.

Business will include the election of a Board of Directors, appointment of Auditors, consideration of reports, also financial and statistical statements concerning the operation of the Summerland General Hospital during the past year.

By order of the Board of Directors,

JOHN E. O'MAHONY,
Secretary-Treasurer.

Last Chance to enter the Name the Home Contest

In co-operation with the Corporation of Summerland, The Summerland Review is conducting a contest to choose a suitable name for the Senior Citizens Home now under construction. A prize of \$20.00 is offered to the person submitting the name chosen by the judges.

Contestants are asked to use an official entry blank, such as the one printed below. Contestants should deposit forms in boxes provided at The Summerland Review office, Holmes and Wade Hardware or the Municipal Office. Additional entry blanks are provided at these places.

Contest closes 12 noon,

Wednesday, Feb. 22

Kiwans report

The local midget hockey club met Kelowna in the Summerland arena Tuesday night in the first game of the second round in playoffs. After a hard fought game final score was 8-7 for Kelowna.

Local scorers were Beggs, Selinger (3), Young and Anderson (2) with assists going to Selinger, Beggs, Blagionni and Wertz.

Five penalties were handed out to Summerland and the Kelowna boys were tabbed six times.

Second game in the series will be held in Kelowna Tuesday, Feb. 28 at 8 p.m.

This Friday, Feb. 24, in the Summerland arena the first of two total point play off games will be played between Summerland All-Stars and Penticton, Pee-Wee All-Stars. Game time 8:00 p.m.

Volume 16, No. 9

West Summerland, B.C.

Thursday, February 23, 1961

Senior Citizens Home named Parkdale Place

281 Entries submitted

Parkdale Place is the name chosen for Summerland's Senior Citizen's Home. Six people submitted Parkdale, and the judges drew one entry, that of Miss Ruth Dale. The word "Place" was taken from an entry submitted by Ron Dunsdon, son of Mr. and Mrs. Geo. Dunsdon. The judges felt that the word "Parkdale" has a historical significance, being the original name given to West Summerland by Mrs. James Ritchie.

18-year-old Ron Dunsdon and Miss Ruth Dale, a long time resident of the district, will divide the \$20.00 prize.

281 entries were submitted in the Review's contest to name the senior citizens' home now under construction in West Summerland.

The lucky winners will divide \$20.00, donated by the Summerland Review and the Corporation of Summerland.

Many out-of-town entries were received, coming from former residents, who subscribe to the Review. Entries were received from Victoria, Vancouver, Ontario and Nova Scotia.

Judges were Reeve F. E. Atkinson, Mrs. Hector Whitaker and Mrs. T. Croil.

Annual bonspiel again successful

Summerland's annual bonspiel, the biggest bonspiel in the Okanagan, with 52 rinks entered, wound up last Sunday night with the Walter Toeys rink of West Summerland coming out on top in the A event. Bill Croft of Summerland copied the B event, and the Keith Douglas and Tonny Megalle rinks of Penticton capturing C and D events.

Curling club president reports the club was very pleased with the number of rinks, the excellent condition of the ice both here and in Penticton, and the evident good time enjoyed by the curlers.

The Saturday night Smorgasbord, sponsored by the Ladies Curling Club proved very popular.

The Dornan rink for Penticton won the steak dinners at Mac's Cafe with the dubious honor of being first out of play. The socks donated by Harry Hackman were won by the Walker rink for laying the biggest end.

Jimmy Eden won the door prize of a transistor radio and the other door prize of a smoking stand was won by Ray Fredrickson.

Growers start plans to control Starling menace

Local growers held a well-attended meeting in the IOOF Hall Tuesday night under the auspices of the Summerland local of the BCFGA. Mr. Charles Bernhardt was in the chair. The group heard talks from supervising horticulturist John Smith of Kelowna, district horticulturist Alex Watt and John Weiss of the Research Station. The speakers reviewed methods of starling control and the habits of the birds.

Poisoning was discussed at some length, such measures have been carried out near the Idaho and Oregon borders, but it was pointed out that the birds winter in these areas and are present in such numbers as to make poisoning feasible.

Furthermore, when starlings move into a district in vast numbers, all other bird life vanishes and the poison is then directed to the birds in question. In Summerland the starlings are not present, as yet, in numbers sufficient to discourage all other bird life.

At the moment the other alternative for iradication are wooden traps placed in the orchards.

After much discussion a plan was endorsed whereby the individual grower contributes a set sum. An orchardist with five acres was asked for \$1.00; up to 10 acres \$2.00; up to 20 acres \$5.00, and over twenty acres \$10.00. The traps cost a little over \$30.00 to build.

The growers felt that a workable plan for servicing the traps would have to be found. A suggestion that a person be hired to service all traps was made, but it was thought that this would add considerably to the cost.

It was pointed out at the meeting that the birds are destroyed as humanely as possible and other species trapped are set free.

A committee of Alex Watt, Harvey Mitchell, F. R. Ganzfeld and Hans Stoll was set up with the objective of formulating a starling control area and

Jack Evans, treasurer of the Muscular Dystrophy Association of Canada, lets MD victim Debbie Selmes listen in to the news that the 1960 March for Muscular Dystrophy has raised a record breaking \$333,000 for medical research.

Two members honored by Horticultural Society

Two Summerland citizens were honored at the monthly meeting of the Summerland Horticultural Society held Feb. 17. Mrs. M. Collas was named honorary president of the Society, and Mr. Lee McLaughlin was presented with a life membership.

Mr. Nat May gave his timely topics dealing at some length with annuals. In the petunia growing group, old favorites are still good. Among these we find LaPaloma, Elks Pride and Red

Satin. Mr. May suggested that colored Alysum be grown in partial shade for best colors. Exhibitors will still grow Rockets and Snapdragons for outstanding bloom.

An important ruling was passed at the meeting. In future flower shows all entries must come from amateur growers except in special open classes where commercial growers will be able to enter.

Mr. Bob Wilson, district horticulturist for Kelowna and moderator on TV's Farm and Garden program gave an informative talk on the basic planning of a home garden. His theme, "A minimum of work with a maximum of pleasure." Many new and interesting ideas were put forth on rock walls, rockeries and patios.

This is the first of a series on planning the home garden to be presented by the Horticultural Society this year. If you are building a home or revamping your grounds be sure to take advantage of these informative lectures. The next meeting will be March 16 in the Anglican Parish Hall.

Court News

Mr. Kurt Strobl of Penticton appeared before Magistrate Reid Johnston charged with making a U-turn in the business section of West Summerland and was fined \$10.00 and costs.

A radar trap placed on the highway this month picked up two violators, one near Summerland and one at Peachland.

Corporal Larry Martin reminds motorists that the 1960 licence plates expire February 28 at midnight. Persons found driving without 1961 plates affixed to their vehicles after that time will be charged.

B. of T. now C. of C.

It's now the Summerland Chamber of Commerce. The change of name was voted for unanimously at the regular monthly meeting of the Board of Trade last Thursday evening. The change of name conforms with the general trend in this area and throughout Canada. Over thirty members attended the first dinner meeting under new president G. C. Johnston.

Standing committees appointed were: civic affairs, Hilton Hughes; membership, W. S. Ritchie; agriculture, Charlie Bernhardt; traffic and safety, Bud Rusaw; new development, Keath Marten; resolutions, W. S. Ritchie; publicity, E. Williams.

Mr. Johnston reported on the presentation regarding road signs that he and secretary Lorne Perry made to municipal council. He reported that an impression was given by council that a quick start would be made on erecting the signs.

Council said that consideration was being given to street lighting the entrances to town.

W. A. Gilmour reported on the work of a fall fruit fair steering committee comprised of Mr. Gilmour, W. S. Ritchie and Lorne Perry. Dates for the fair have been set at Sept. 8-9. The school are to be asked for plans for hobbies and other exhibits, and the school garden contest will again be held.

George Stoll reported that there would be summer skating this year and a summer bonspiel is being planned.

Active year ahead for Rod & Gun

The monthly meeting of the Summerland Rod and Gun Club was held at the IOOF Hall February 20. It was a well attended meeting and the work program for spring and summer was discussed with the following results.

The first and most important project will be the improvement of the road to Pennask Lake and campsite. A picnic grounds and campsite at Garnett Valley Dam should be developed, and clearing of access to various lakes in this area is planned. It is also proposed to re-activate trap shooting at the Summerland range.

Jim Treadgold of Kelowna, director of the B.C. Federation of Fish and Game Clubs, spoke of the work of the federation and the necessity for all sportsmen to co-operate in preserving their fishing and hunting rights. The support of all sportsmen in this area will be needed by the Rod and Gun Club in order to put these plans into effect.

The next meeting will be held on Monday, March 20, at the IOOF Hall, at which time Bud Green of the Summerland Fish Hatchery will show slides pertaining to the work of the hatchery.

Over 100 women at World Day of Prayer

More than a hundred women were present at the World Day of Prayer service held this year in the Baptist Church on Friday afternoon, February 17.

Layman elected to church office

At the spring meeting of the United Church Kamloops-Okanagan Presbytery held in Oliver last week, Mr. A. C. Fleming of Summerland United Church was elected chairman for the coming church year. This is the first time a lay delegate has been elected to this church office in this presbytery.

The Kamloops-Okanagan Presbytery is made up of one ministerial and one lay delegate from each pastoral charge within an area extending from Revelstoke and Kamloops in the north, to Princeton in the west. It meets three times a year to conduct church business within its bounds, pertaining to calling and settling of ministers, church properties and discipline.

Other delegates elected to office were Rev. P. Louie of Summerland, secretary; and Rev. C. A. Warren of Peachland, treasurer.

Large baskets of forsythia in the church were a reminder that spring will soon be here.

Representatives from six churches took part in the service, with Mrs. John Barg leader. Others were Mrs. Rex Chapman, Mrs. Jones, Mrs. J. Y. Towgood, Mrs. Johnston, Mrs. Leasor and Mrs. M. Ward, Mrs. Kennedy and Mrs. Bloomfield.

The service this year was prepared by the Central Day of Prayer committee of the USA with the theme: "Forward through the ages in unbroken line."

The address was given by Mrs. H. R. McLarty, who spoke of the twenty-four hours of continual prayer, the same service in different languages being used all around the world. She also told of the medical missionary work in India, this being of special interest as the women of Summerland have supported a bed in the Lady Kinnard Hospital for Women at Lucknow for over forty years.

For special music the Melodiers sang "Song of Peace", accompanied by Mrs. L. Fudge.

Miss Ruth Dale was organist for the service and Mrs. John Smith and Mrs. Ed Krause acted as ushers.

Dame Flora MacLeod, 83-year-old chieftain of the MacLeod clan of Scotland, has arrived in North America to head a gathering of her fellow MacLeods. She estimates there are at least 20,000 of them in the U.S. and Canada. Dame Flora has traveled from her ancient, ancestral castle on the Isle of Skye where she is the only woman ever to head the 1,000-year-old MacLeod in the history of Scotland.

Evangelistic Mission at Baptist Church

Rev. Robert Roberts, of Edmonton will conduct an Evangelistic Mission in Summerland Baptist Church from Feb. 26 to March 5. Services will be held each night at 7:30 p.m., except Saturday. Sundays services are at 11:00 a.m. and 7:30 p.m. There will be special music each night.

Rev. Robert Roberts is the son of the well-known Welsh musician and evangelist, Rev. Elgar Roberts. He is the minister of the Braemar Baptist Church in Edmonton.

Rev. Roberts has great musical ability. He was conductor of the University of Alberta Mixed Choir that toured Western Canada and visited here in West Summerland a few years ago. He is an outstanding Song Leader and a very fine speaker. He won the Preaching Scholarship while at McMaster University, Hamilton, Ont. While at the University of Alberta he was on the top debating team that won many distinctions there. Also he was active in sports, playing senior hockey in Alberta.

Rev. L. Kennedy, minister of Summerland Baptist Church, extends a cordial welcome to all to hear Rev. Roberts at these services from February 26 to March 5.

Sun Life Increases dividends

Sun Life Assurance Company of Canada will increase dividends to policyholders in 1961 for the 12th consecutive year, Harry A. Shannon, manager of the Sun Life branch in Trail, announced following the company's 90th annual meeting in Montreal.

Mr. Shannon said Sun Life Southern Interior of British Columbia. In all its operations had an outstanding year in the the company sold \$1,034 million of life insurance to a total in force by the company of \$9,573 million. This is 7.1 per cent more than the amount in force at the end of 1959. Group life insurance accounts of \$3,618 million and new group life insurance accounts of \$3,618 million.

Annual premiums on group accident and sickness contracts at year end amounted to \$6,422,000 — an increase of 57 per cent over the year.

Mr. Shannon said the growth of the company and increased earnings will result this spring in increased dividends to individual, participating policyholders. About \$41,400,000 will be paid in policy dividends in 1961 — \$3,000,00 more than in 1960.

Sun Life policy payments totalled \$185 million in 1960, of which \$129 million was paid to living policyholders and annuitants. Payments in respect of deaths occurring under policies and group certificates which had been in force for less than five years amounted to \$10 million.

At the company's annual meeting in Montreal, President G. W. Bourke devoted the major part of his address to Canada's economic prospects. He recommended the expansion of Canadian secondary industry and had some words of caution to say on Canada-U.S. relations.

Canadians and Americans would do well to remember at all times that interdependence is the key to their relations with one another, he said.

Again — a Dividend Increase to Policyholders!

For the twelfth consecutive year, Sun Life of Canada announces new dividend scales which will result in an increase in the total amount to be paid in dividends to its participating policyholders. In 1961, over \$41 million will be paid out in the form of dividends, an increase of nearly \$3 million over the corresponding amount in 1960.

For the second consecutive year, Sun Life's representatives sold over \$1 billion of life insurance, more than any other Canadian life insurance company, and thereby protected the lives and futures of thousands of families.

And for the ninetieth consecutive year Sun Life has offered its policyholders up-to-date policy plans and the finest life insurance service.

1960 — Another Record Year for Sun Life

New Life Insurance	\$ 1,034,745,577
Total Life Insurance in Force	\$ 9,572,801,199
Paid to Policyholders and Beneficiaries	\$ 185,195,670
Assets at December 31st, 1960	\$ 2,389,212,662

A copy of the Sun Life Annual Report for 1960 will be sent to policyholders; copies may also be obtained from any of the 150 offices of the company from coast to coast.

I. F. DeWest - District Supervisor
Pentiton, B.C.

Corporation of Summerland

Notice

A PUBLIC HEARING will be held on Monday, February 27th, 1961, at 7:00 p.m. in the Municipal Office, to hear complaints against the following proposed amendment to the Zoning By-law:

To re-classify — That part of Lot 1, District Lot 473, Map 1012 (shown as Parcel A on Plan B7319), to Commercial Property. (S.E. corner of Jubilee and Rosedale Avenue).

The proposed amendment to the Zoning By-law may be seen at the Municipal Office.

Power, payrolls, and progress

Several Summerland residents heard the Hon. E. D. Fulton's address to the Penticton Chamber of Commerce recently. Comments from those at the gathering show they were deeply impressed with the possibilities of the gigantic power project.

The daily press and radio have carried many stories on the address, and what it can mean to B.C. in the way of power, payrolls (for construction and industry) and the progress it can mean to this province.

At risk of being redundant, we repeat, in capsule form, some of the items, such as 31 million man hours of work; expenditure (total) of almost half a billion dollars; and getting three-quarters of a million kilowatts of power. And, in spite of some statements, the major portion of this must be underway within five years, continuing thereafter for at least another decade.

It glows, it throbs with life and vitality for the areas directly concerned. Yet — how about Summerland, which is not near a power plant, a planned new transmission line, or an apparent potential industry. Does it mean anything, will it bring anything to this community?

At first glance, the answer might be in the negative. But let's look a little deeper. There is, first of all, the general effect on the whole interior of the huge construction. Some benefits from that will inevitably spill over and reach communities such as this. And that extra dividend will likely be much greater than many suppose.

Now take a second look at one item — three quarters of a million KW to come across the line and be distributed from Oliver. Oliver — a scant 40 miles away, just a handsbreath for modern high tension power lines. Summerland could very well be the site of some of the new industries. No raw materials? Wenatchee, Spokane do not have bauxite, yet do have aluminum plants — and the same holds true for other items. Summerland does have high assets — a comfortable, well-developed community with all the amenities; a splendid climate. These are just the things some manufacturers are looking for.

But growth doesn't happen if we sit around and wait for it. We've got to work, to plan and promote it long before the power becomes a fact. We have a community to be proud of — so let's make it one we are proud to work for — and get into the vanguard of areas profiting from the power plan for the Columbia.

How much is a billion?

In these days of stupendous national expenditure figures, a billion is a commonplace word, so commonplace in fact that few of us have ever tried to grasp what a billion is. On this continent a billion is one thousand millions; in England, it is a little tougher, being a million millions. Let's consider the smaller figure, our at-home-thousand-millions:

Ask yourself: "Am I a billion minutes old?"

A minute is such a short space of time, as for instance, when you have to catch a ferry, train, or plane; surely any person over 50 must have lived several billion minutes!

But if you figure it out, you would have to live 1903 years to have lived a billion minutes. Or, in terms of dollars, you have had to earn a dollar a minute since the year 57 AD, 24 hours a day, seven days a week, 365 days a year.

If you care to borrow a billion or two (or go in debt for it) as our governments so easily do, the interest at 4% on a billion dollars is forty million dollars per day, or over one hundred thousand dollars a day.

Any time you become disinterested in government (your) debt, simply because it has passed comprehension and a "billion dollars" is merely a figure of speech, think over these figures.

LARGENESS OF HEART

by Rev. L. Kennedy

Text: "Give therefore thy servant an understanding hear." I Kings 3:9.

One interpreter uses the words "largeness of heart" for "understanding hear." Surely this is not misinterpretation. The understanding heart is a heart of empathy and sympathy.

Largeness of heart is a Christian virtue. Is anything better?

1. It means power to love radiantly, to act nobly, to think deeply, to enjoy richly, to suffer divinely, to plan magnificently.

2. It means room in the heart for both lover, neighbor and friend, for children and animals, for other nations than our own, for the poor and the rich, for nature, for all things God has made. It means hospitality for all opinions; appreciation for all faiths, response to all enthusiasms. The large of heart have no enemies, for they have already understood them, and

to understand them is to forgive

3. What ails most of us is our narrowness of heart. We are overwhelmed with today, because the heart has no tomorrow.

We are imprisoned in the cell of fear. We are islanded in the foggy sea of doubt. We are ringed about with the serpent-fire of suspicion. We are walled up in pride. We are bound hand and foot by the bands of undisciplined passion, unintelligent credulity, fatuous ignorance. Narrowness of heart makes war; largeness of heart makes peace. Narrowness brings tears; largeness wipes them away.

4. Enlarge your heart! Why live in a hut when you should dwell in a palace?

Call in the workmen — courage, hope, love, wisdom and cheer — that they may tear down your mud-walls and erect for you a king's palace.

Mystery Tunnel Puzzles Diggers

Almost any day now the world may hear news of one of the greatest archeological discoveries in history—the result of more than 70 day's excavation in a long, narrow tunnel in Luxor's famed Valley of the Kings.

For the past two months a wizened Egyptian living only a few miles from the burial ground of the ancient Pharaohs has been directing diggings into a rock-hewn tunnel leading from the tomb of the mighty and famous Pharaoh Seti I. Sheikh Ali Abdel Rassoul believes the tunnel will lead to treasures and relics which may even surpass the fabulous riches of King Tutankhamen, discovered in 1923.

Abdel Rassoul and his 22 workmen, having reached a depth of 145 yards in the approximately 6-by-6-foot subterranean passage, believe they are nearing the end. They expect to come across the door of Seti's real burial chamber any day. Abdel Rassoul thinks that the burial chamber previously discovered was a decoy, built to deceive grave robbers.

When Abdel Rassoul will reach his goal, and what the secret chamber, if found, will contain, is a bit of a guessing game among Egyptologists.

Dr. D. Mayler, professor of Egyptology at Munich University, maintains that the tunnel

leads to a temple of the god Osiris, because King Seti I held this "God of the Underworld and Judge of the Dead" in great veneration.

Egyptologist Dr. Mohammed Abdel Kader holds that the subterranean passage was designed as the spirit's route to the underworld, and expects stone solar boats to be discovered.

Abdel Rassoul, who also is financing the diggings, claims he learned about the passage from his grandfather, who worked with some European archeological missions at the turn of the century. He said he kept this revelation a secret until he had enough money to undertake the diggings.

There are altogether 507 tombs in the Valley of the Kings across the Nile from Luxor, the ancient Pharaonic capital of Thebes.

King Seti's tomb is one of the biggest in the valley, extending 105 yards into solid rock. The tomb contains five corridors and six side chambers, including the burial chamber, where a well was drilled to mislead robbers. The big burial chamber at the end of the room contained a marble sarcophagus where the King's mummy was kept.

The subterranean passage discovered by Abdel Rassoul begins beyond the burial chamber. Seti's tomb, which is about 3,500 years old, was apparently known to the Romans during their conquest of Egypt. It was mentioned in Roman historical writings.

The tomb was rediscovered by an Italian circus clown called Belzoni who came to Egypt in 1817 to entertain the Khedive. Belzoni succeeded in getting the Khedive's permission to excavate in the region of Luxor.

With the help of Abdel Rassoul's grandfather, Belzoni succeeded in opening the tomb, but apparently all its contents, except for a huge marble sarcophagus, were stolen by grave robbers many centuries ago. The marble case is now in the British Museum in London. The walls of the tomb and the ceiling were covered by beautiful multicolored designs and hieroglyphic inscriptions which have remained vivid throughout the years. There are 75 representations of the sun-god Ra performing his different duties.

A mystery tunnel being excavated in the Valley of Kings at Luxor may lead to fabulous treasures of the famous Pharaoh Seti I which may even surpass some of the antiquities, similar to the gold mask above, found in Tutankhamen's tomb in 1923.

In the good company of Marianne Lenchak these little piglets lent their weight to the annual meeting of the Meat Packers Council of Canada last week. More than 200 officials representing every phase of the meat industry attended the sessions in Toronto.

Violet Society sees slides

Eleven members and four guests met at the home of Mrs. Ryan Lawley on Monday evening for the regular meeting of the Summerland African Violet Society. Each member brought a gift plant for a new member, Mrs. Downes, to welcome her to the club.

Mrs. Robinson of Penticton gave a very interesting reading on newatodes and mites; their detection and treatment.

Miss Doreen Tait showed slides of beautiful wild flowers which are found in this district. These slides were enjoyed very much by the group, and a hearty vote of thanks was extended to Doreen for bringing these pictures to the meeting.

At the close of the evening Mrs. Lawley served a delicious lunch. The next meeting will be held Monday, March 20 at the home of Mrs. H. W. Pohlman in Peach Orchard. All new or prospective members are cordially invited.

Rosalie Young Shower for

Miss Rosalie Young, whose marriage to Jacob Ganzeveld takes place Friday, Feb., was honored with a shower at the home of Mrs. Edna Chadburn recently. Mrs. Ron Andall was co-hostess.

A gayly decorated basket of lovely and useful gifts was presented to Rosalie. A friendly social evening of games and a luncheon was enjoyed by the 22 guests present. Three guests were unable to attend but sent gifts.

Comings and Goings

Vern Campbell, son of Mr. and Mrs. Colin Campbell, is home from Dawson Creek where he has been working for the past year.

Mrs. M. D. Proverbs is leaving Feb. 17 by jet for Hawaii where she will join Dr. Proverbs. She will be away about ten days.

Mr. Phil Davies is home again after wintering in Barbados.

Mr. and Mrs. Ira Williams, former residents of West Summerland, have returned from Squamish and will again make their home here.

Rev. Norman Tannar was in Vancouver last Friday to attend the B.C. sector committee conference.

Miss Sallie Wilson, bride of last Saturday, gave a dinner party Feb. 14 for her bridesmaids and serviteurs for her wedding.

Miss Carol Krause, a nurse at the New Denver, B.C. hospital, has been at home visiting her parents, Mr. and Mrs. Karl Krause. The family all traveled to the coast this week.

Mr. and Mrs. Frank Lauer of Prairie Valley have returned from a trip to Vancouver.

Mrs. Odetta Mathias of Penticton was a visitor in Summerland this week. She accompanied Mrs. H. H. Steen of Vancouver, a member of the Canadian delegation to the UN on her trip through the Okanagan.

Mr. and Mrs. Les Rumball were in Vancouver over the week end.

Mrs. Wm. Snow has left by jet for England to visit a sister who is ill.

Mrs. George Hack of Vancouver was visiting her mother Mrs. W. L. McPherson and her mother in law, Mrs. E. Hack, both of this district recently.

Mr. and Mrs. W. Maxwell of Vancouver are visiting Mrs. Maxwell's mother, Mrs. M. M. Stephens.

Mr. and Mrs. L. H. Pledge and Stewart, Mr. and Mrs. Reg Pledge of Vancouver and Mr. John Pledge of Faun, B.C. are in Summerland visiting Mrs. J. H. Pledge, who is seriously ill in Summerland Hospital. The family will stay with Mr. John Pledge while in Summerland.

Miss Karen Scow of Calgary is visiting Mr. and Mrs. Charles Letts and Mr. and Mrs. H. Dunsdon.

Needles Are Flying!

... But --

Did You Know Why Women Sew?

Here are five reasons:

- (1) It's MORE ECONOMICAL — You have a larger wardrobe — two for the price of one!
- (2) It's a PERFECT FIT — Whatever your size — or your individuality and fashion flair, we have the smart, easy to follow patterns to choose from.
- (3) It's Creative and Satisfying. "Sew Your Own" and enjoy the thrill of creating something your own way.
- (4) It's Original and Distinctive. Express your own styles and colorings.
- (5) It's pleasant work. It's fun to sew in your own home where you're not rushed and can take your time.

Hannah-Wilson ceremony in United Church Feb. 18

A pretty wedding was solemnized in St. Andrew's United Church Saturday evening at 7:30 p.m., February 18, when Sallie Joan Wilson, daughter of Mr. and Mrs. Percy Wilson, became the bride of James Shearer Hannah, son of Mr. and Mrs. Charles W. Hannah, Penticton. Rev. P. K. Louie officiated.

The bride, given in marriage by her father, looked lovely in a bouffant, floor length gown of white peau de soie featuring a front panel of Chantilly lace. Her chapel length veil was held in place by a pearl and rhinestone headdress. She carried white mums.

The three bridal attendants were attired in similarly styled chiffon gowns. Miss Elspeth Tavender wore pale green and carried violets. Miss Carole Anderson and Miss Ann Wright wore lilac gowns and carried lilacs. The flower girl, Miss Dawn Aronitz, wore a harmonizing green lace dress.

Groomsman was O. S. P. W. Dave Printon and ushers were Jim Eden and Mike Fredrickson, both of Summerland.

Mr. Ken Storey provided the wedding music and soloist was Mrs. Bud Green.

At a reception at the Prince Charles Motor Inn approximately 100 guests were received by the wedding party assisted by the parents of the bride and

groom. Mr. Wes Tavender proposed the toast to the bride to which the groom ably replied. A toast to the bridesmaids was proposed by Jim Hannah.

UN delegate speaks here

Mrs. J. E. O'Mahony entertained informally at tea Tuesday afternoon for Mrs. H. H. Steen of Vancouver who is in the Okanagan lecturing on the UN.

Mrs. Steen is a member of Canada's delegation to the 15th General Assembly of the United Nations. She is vice-president of the National Council of Women, past president of the Canadian Club of Vancouver, executive member of the UN Association and on the PNE board of directors.

Mrs. Steen gave a short but illuminating talk on the set-up of the UN, some of the happenings there in the past year and several amusing anecdotes. Her talk was much appreciated by all those present. During the tea hour, questions were asked and the ladies chatted with Mrs. Steen, charmed by her friendly personality and stimulated by the information she could give on this very important topic of today.

Out-of-town guests included the bride's sister, Miss Diane Wilson, Vancouver; Mr. and Mrs. Jerry Anderson, Kelowna; Mr and Mrs. W. Mitchell and Judi, Oliver; Mr. and Mrs. E. Aronitz and Dawn, Mr. and Mrs. R. Laffere, Miss Elaine Slater of New Westminster; Mrs. Grace Hicks of Lafleche, Sask.; Miss Brenda Parker, Mr and Mrs Bill Fairley, Vancouver; Dave Brinton, Esquimalt; and Tom Hannah, Winnipeg.

Following a honeymoon in Victoria the young couple will make their home at 1343 Esquimalt Road, Esquimalt, B.C.

The bride is the great-granddaughter of C. A. Walter, pioneer Summerland resident.

Yep, that's so!

Serve Frozen Pork Dinner In 25 Minutes

The pig has often been called the "Encyclopedic animal" because of its variety of cuts... ham, bacon, ribs, chops, and one of the most popular which has now found its way into a frozen prepared dinner... loin of pork.

Where it formerly took several hours of oven time to roast a loin of pork and additional minutes to make gravy, it now takes only 25 minutes when you slide one of these 10-ounce dinners onto an oven shelf. When ready to serve, remove the foil cover and you'll find lean, tender slices of pork loin surrounded by rich brown gravy. As a bonus... golden French fried potatoes and lightly spiced apple slices... perfect accompaniments for pork.

This dinner is excellent served "as is" but if you have a creative urge how about trying one of these suggestions... certain to please the men in the family.

MUSTARD
Fold aluminum foil back to uncover meat section of dinner. Spread prepared mustard lightly over meat. Reseal. Heat according to label directions.

HORSERADISH

Fold aluminum foil back to uncover meat section of dinner. Spread 1/2 teaspoon prepared horseradish over meat. Reseal. Heat according to label directions.

MATCHLESS MENUS

Eggs Benedict
Coffee Milk

Birth Day Luncheon
Beef Broth
Chicken Salad with Avocado Slices
Date Bread Sticks
Baked (frozen) Individual
Cherry Pies
Tea Coffee

When the doorbell rings at noon remain calm and invite your guest to join you at lunch. Here's what to do: Cook 1/4 cup chopped onion in 1 tablespoon butter or margarine until tender. Add 1 can (15-ounces) beans and pork; heat. Serve with hearts of lettuce salad, fruit, and tea.

Womens Federation discusses Periodicals

The February meeting of the United Church Women's Federation welcomed 35 members Thursday afternoon, Feb. 16.

Mrs. Edgar Gould's favorite hymn was sung "Unto the hills around do I lift up my longing eyes." Mrs. Moir and Mrs. Cox conducted the devotional period reading from Philippians 4: 4-11. Mrs. Cox took as her theme "The Perfect Prayer" illustrating her talk with all the phrases of the Lord's Prayer. This period closed with prayer and a hymn.

Mrs. Lazenby, president, in the chair, approved the minutes as read by Mrs. Fleming, secretary. Mrs. Chapman gave the treasurer's report and reported the balance on hand of \$394.77.

One of the older members now residing in Kelowna, Mrs. Basil Steuart sent greetings. Mrs. Hemingway, being shut-in with a cold, also sent best wishes. Mrs. Pourie is in hospital now, she is one of the faithful members.

Letters and thank-you notes were received from a number of people. Dr. Helen Clark of Indiana wrote in appreciation of the kindness and visits of people in this church and groups who had called on her late father and mother. Her mother had helped greatly with quilts and handiwork in missionary efforts. She died a few years ago and the father died recently after ten year's residence.

Members were reminded of the spring tea and sale of aprons and home cooking March 25.

A special meeting will be held March 2nd to hear Miss Thompson, a retired missionary of China, a teaching missionary,

She will speak on her many years of work and will show pictures also.

Delegate to Presbyterian in Penticton Feb. 28 will be Mrs. M. Fleming.

Mrs. Kay Dunsdon chose church literature as her topic to speak on. "The Observer", the church periodical, is sent to over 180 homes twice weekly here. Circulation in Canada numbers 284,000. \$1.00 per year only is the cost to a subscriber through the United Church. Then the "Missionary Monthly" is the WMS pamphlet of interest to all women of the church. Each month it contains a wonderful number of articles, as well as selected programs, price being 75c per year. "The World Friends" is for children and helps a child to grasp information on mission work at an early age. A new book recommended by Mrs. Dunsdon, titled "Not Tomorrow, Now", by A. C. Forrest is about changing conditions in Africa.

Ravemcco was explained by Mrs. Lazenby. Its stands for Radio, Visual Education, Mass Communication Committee of the Division of Foreign Missions of the National Council of Churches, USA. The WMS share in this round the world activity, the work extends through south east Asia, Philippine Islands, Hong Kong, Japan and Korea. Tea hostesses were Mrs. Eaidlaw, Mrs. Jacket and Mrs. Bancroft.

Camera Club hosts Kelowna

The Summerland Camera Club was host to members of the Kelowna Camera Club at the regular monthly meeting held in the Health Centre on Monday evening.

The program consisted of a showing of slides submitted by local members, and a series of slides entitled "Picture Clinic" from the Color Photographers Association of Canada, complete with a commentary of each picture. There was a considerable amount of discussion of the slides, the members not always agreeing with the CPAC commentary.

Following the slide showings, Mr. M. P. Demara, president of the Kelowna Club, gave a brief outline of the work being carried out by its members, and extended an invitation to the local club to attend one of the meetings and also join them in a field day later in the year.

In the past, meetings have been held in the Nurses's Residence, but it was decided that in future the club will meet at the Health Centre which is more centrally located, and affords more space for projecting slides. New members will always be welcome. Details of membership in the local club or the Color Photographers Association may be obtained from the secretary, Mrs. C. B. Snow.

High School Sports

In Kelowna this week end, the Rockets (Senior A Boys' Basketball) won their 17th game of the season.

House scores are as follows: House 1 223.5, House 2, 279; House 3, 233.5; House 4, 300.5.

Friday night the high school will be host to the Kelowna basketball team. The occasion will commence with a sock hop at 4:00 p.m. in the gym, a bean feed at 6 p.m. and the games starting at 7 p.m.

The high school had two entries in the Okanagan Modern Language Festival, held in the Penticton High School on Saturday, Feb. 18. The play "L'erreur", directed by Mrs. Farrow was presented, and among the cost were Tom Hutton, Russell Bleasdale, Nancy Young, Sigrun Melerhofer, Donna Butler, Helen Suter, Judy McGillivray and Helen Farrow. Howard Oxley was in charge of lighting, Mary Dawn Grayley took care of make-up, and Jean Walton was prompter.

The second entry was a marionette show, presented by Division II, and directed by Mr. D. M. Loan. Mr. Loan and the class constructed the stage and scenery, as well as the marionettes, and the class and its director deserve much praise for the effort that went into the production.

OAPA Notes

The regular monthly meeting of the Old Age Pensioners Association was held in the IOOF Hall February 21, with president B. Mayne in the chair.

There were 48 members present. Members of the Penticton branch of the CNIB entertained the local group with a delightful program of musical selections, which was thoroughly enjoyed by all.

Mrs. Mayne, assisted by some of the other ladies, served the refreshments.

SHOWER

A shower for bride-elect Rosalie Young was held at the home of Mrs. E. Lloyd Wednesday evening, February 15.

A social evening was spent playing games. Many lovely games were presented to the bride-to-be in a basket decorated in pink and white. The hostess served a lovely luncheon at the close of the evening.

Guests present were Mrs. L. Lloyd, Mrs. J. Ganzeveld, Mrs. K. Young, Miss Joan Crawford, Miss Carol Rogers, Miss Phyllis Lloyd and Miss Faye Young. Mrs. R. Lawley sent a gift but was unable to attend.

Square 'em up

Our Valentine party night was a very gay and happy affair. Over fifteen squares of dancers made merry to Chuck Inglis' top flight calling. Visiting callers Lester Ukell, Fred Proulx and Glenn Ashcroft as well as three teen-aged callers Wayne Inglis, Norm Euns and Don Campbell, gave Chuck a hand.

One reason for the festive atmosphere was an almost complete attendance from our own club. Only three couples from the Pairs and Squares were not there. Two squares of our teen agers had a real ball, with lots of young dancers from other

towns in attendance. Bouquets to the ladies of the club, who provided such a delicious supper, under the able convenorship of Ann Clifford and Stella Martin. An abundance of help with cleaning-up got the task over in a hurry, while some of the more energetic dancers enjoyed a few squares after supper.

We appreciated the help of our young dancers very much. Linda Smith and her decorating committee did a very commendable job on the hall and we noticed the young folks helped put away the benches quickly and expertly.

Our thanks also to the Nistors, Braedens, Roseboroughs, who received the guests at the door in such a friendly manner.

A very gratifying attendance at our general meeting Feb. 13 was a real indication of the interest of our members in the affairs of their club.

The president summarized the year's activities, reporting a healthy financial position, several new members, and a very co-operative club spirit.

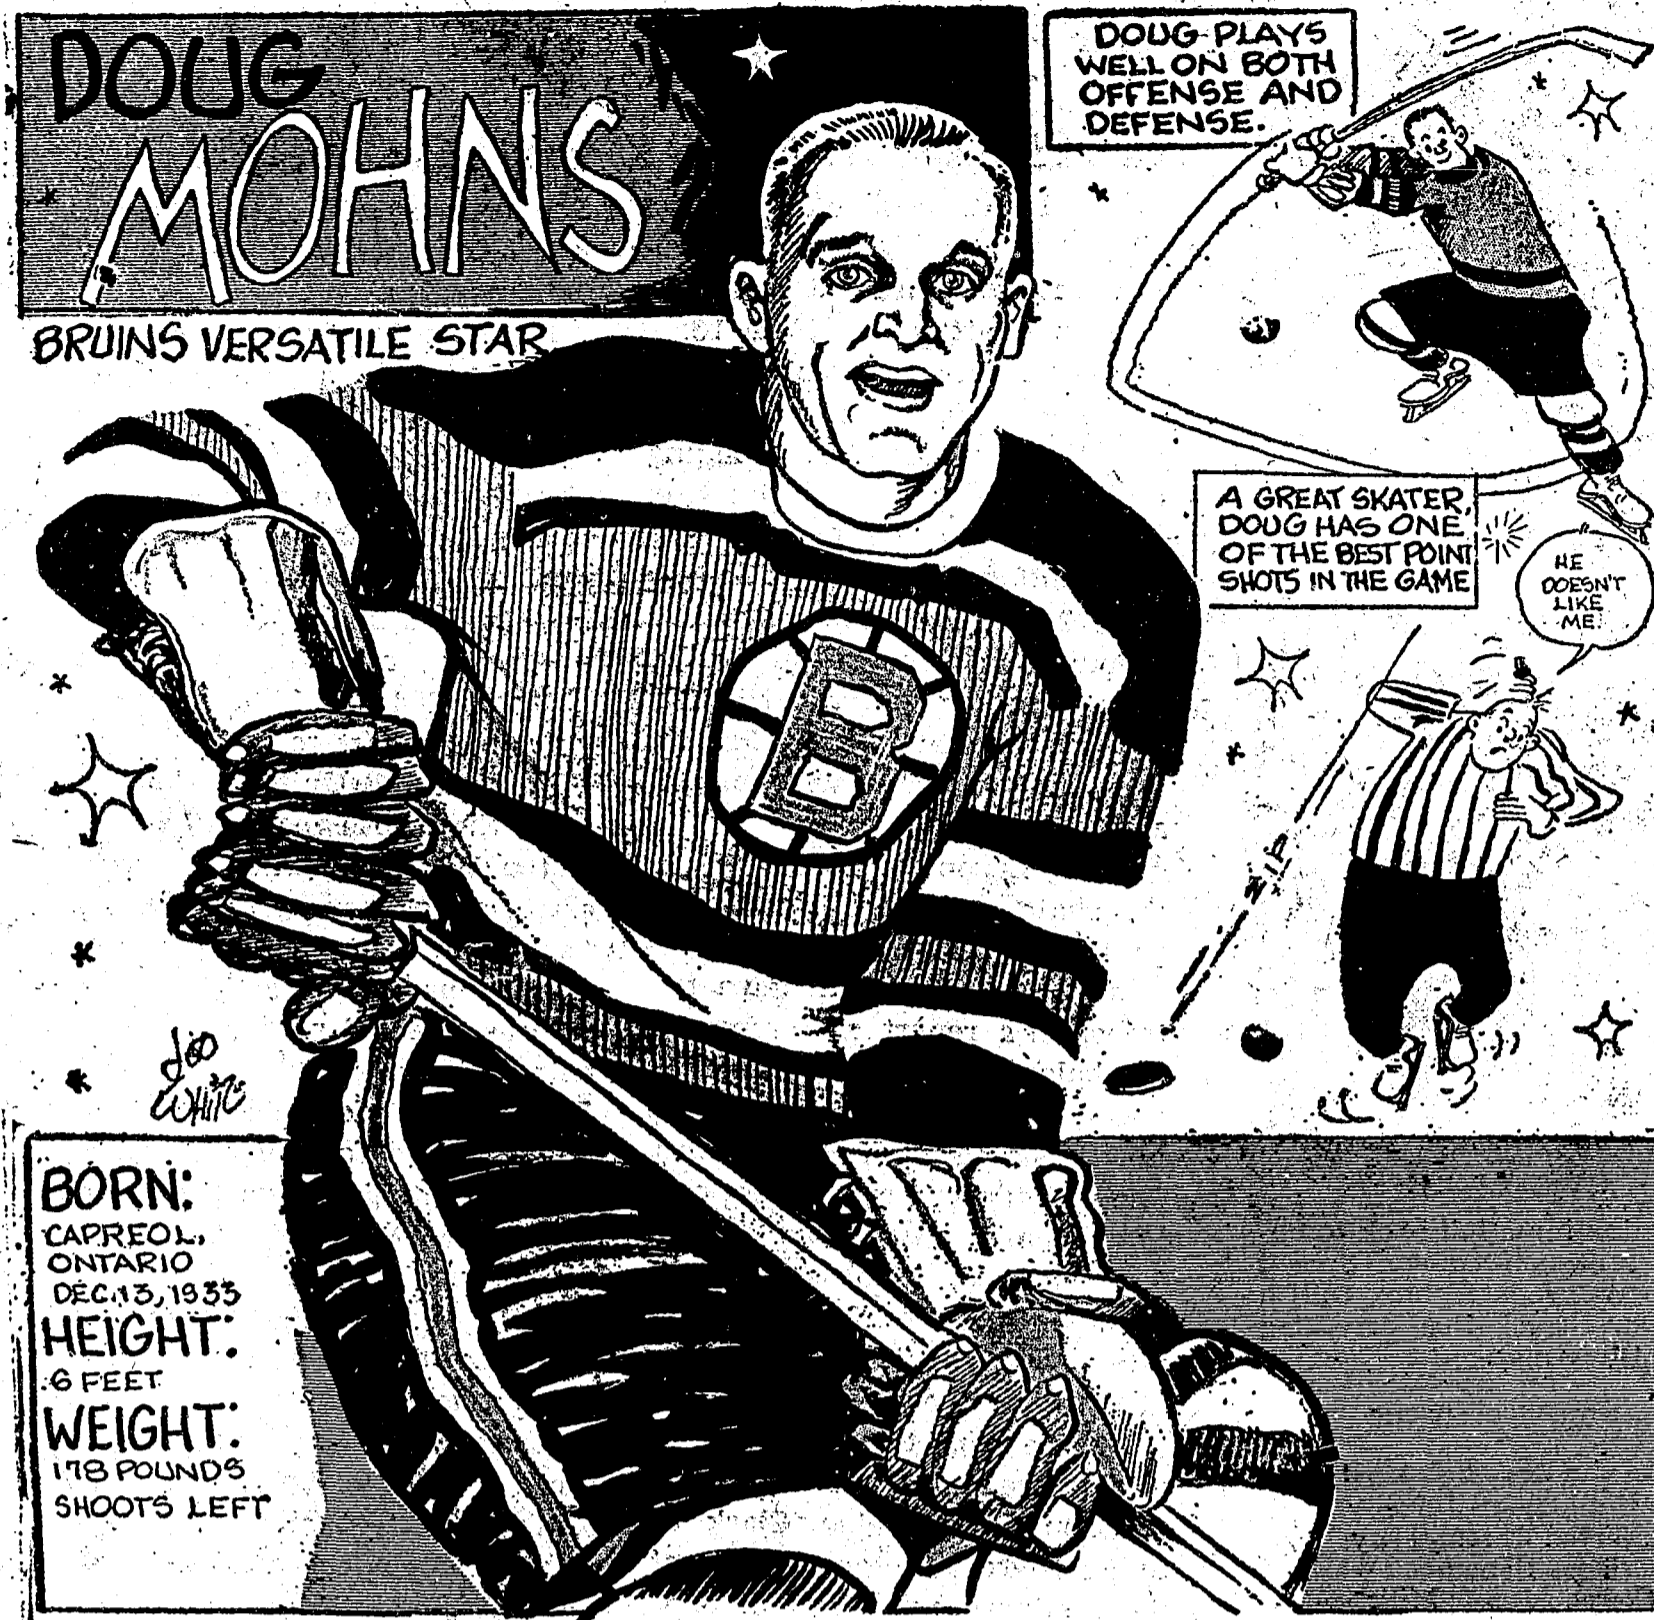

The annual meeting will be held in May, when election of officers will take place.

Five squares attended last Friday night's class for instruction on "Shuffle the Deck", a new mixer "The Girl I Left Behind Me", and more work on "Three Penny Waltz" and Grand Square.

We certainly enjoy these Friday night sessions, but hope next fall we can arrange to have our lesson night a little further away from party nights!

On the rifle range

by Herb Simpson
Another very successful practice was held at the range on Thursday evening. Harold Richardson was top man in the prone, kneeling and standing positions with a score of 295 x 300, with Bill Barkwill in second place with 294 and Bob Barkwill in third spot with 293.
The bunny shoot is now being run as a four man (or ladies) competition with one minute of shooting time allowed for each team. Each team shoots twice during the evening. The team of Ken Blagborne, Teunis Quak, Jim Doherty and Don Tait shot 25 moving "rabbits" in two minutes.
On Monday evening, 19 scouts and their leaders held a practice at the range and received

a lecture on the safe handling of firearms from Harold Richardson. It is hoped that more of the young people will take advantage of such instruction by attending the practices.
Shooting starts at seven p.m. with the first hour being devoted to the younger shooters. This gives them time for plenty of shooting, and they will be able to go home early. After all, kids, you do have to go to school the next day.

Window displays mark Boy Scout Week

Right out of the jungle of Kipling comes the call to mystery and adventure with Cubbing through the window of the IGA Store at Trout Creek. There stands Mougale, the little Indian boy, symbol of the eight year old who learns to understand a society governed by law and order where God is honored and evil is represented by bad animals such as Sheere Kan, to be hated and overcome.

Akela, the great lone wolf, leads the pack who keep Mougale from being taken by his enemies. Bagherra, the black panther, teaches hunting. Balso the gruff brown bear, teaches the law of the jungle. In a clearing in the middle stands the boys cub pack giving the Grand Howl to the moon, a greeting their leader.

This exhibit put up by the Trout Creek Impessa Pack.

named for Lord Baden-Powell's Boer War name meaning "the wolf that never sleeps", as part of the program for Boy Scout Week.

In the window of Laidlaw and Co. in West Summerland, is an exhibit by the Second Summerland Troop. The display includes the Scout Law and the Promise beautifully printed. A trail outfit, including pack sack, boots, shirt, hat, compass combines with semaphore flags and rope knots. Skills are depicted in the miniature foot bridge and nick-nack stand, showing effective lashing of willow twigs. Action snap shots complete a display that must surely bring longing to the heart of any boy of 11 to 17 years of age who is not fortunate enough to belong to this organization of over a quarter of a million Canadian youths.

Boy Scout Notes

1st Summerland Troop

Two weeks ago the troop met at Barkwill's Cannery and spent an evening in rifle instruction and target practice. The boys all made over 80 scores and in between times received instruction on gun safety, rifle cleaning, bore, cartridge construction, etc. from Harold Richardson and other members of the small bore rifle club.

Those boys wishing to work on their Marksman's Badge should meet at the Youth Centre at 9:00 a.m. this Saturday morning. Here they will be driven to Stan Krause's place in Prairie Valley for a morning of practice and passing of the Marksman's Badge test on distance estimates. Mr. Richardson promises to come to some Scout meetings for passing of other parts of the Marksman's Badge.

At this week's meeting the patrol leaders worked with District Scoutmaster Gordon Blewett on fixing up the climbing ropes in the Youth Centre. A number of games were played and instruction was on rope whipping and signalling.

Boys wishing to qualify for Handyman's Badge, should know amongst other things how to: (1) Mix paints and care for brushes; (2) care and use of oil and gasoline stoves and lamps; (3) fusing system of a house; (4) replacing a tap washer; (5) sharpening knives; (6) glazing windows; (7) repairing china; (8) look after a burst gas or water pipe; (9) adjust window blinds; (10) prepare paste and hang wall paper.

This Sunday there will be a parade in full uniform at the Anglican Church to commem-

orate Baden-Powell Sunday. Please meet in the Parish Hall at 10:45 p.m. There will be five patrol points for each boy in attendance.

D. V. Fisher, Scoutmaster.

Teen Town Topics

The thing uppermost in the minds of all council members at present is the up and coming elections. A new council and a new mayor will be elected. The mayor will serve for one year, the aldermen for two. The voting will take place at the Election Dance sometime in April.

A conference of the Parliament of Okanagan Teen Towns will be held March 3-5 in Armstrong. Several delegates representing Summerland will be going. Because of this there will be no dance March 4 but there will be one this Saturday.

We would like to thank Mr. and Mrs. F. Mallet for chaperoning our dance last Saturday.

Vicki McKee.

Bud's Garage

announces their appointment as

Summerland representative B.C. Automobile Association

We are pleased to announce that we are now official representatives in West Summerland for the British Columbia Automobile Association.

Call in soon and inquire about membership in this automobile club. When you drive have these benefits: personal accident insurance policy that pays both death or disability benefits, emergency road service any time of day or night, legal advice, car theft protection, travel arrangements and much more.

EVERY CARGO CALLS FOR BANKING

Its destination may be Bombay, or Oslo, or even fabled Timbuktu.

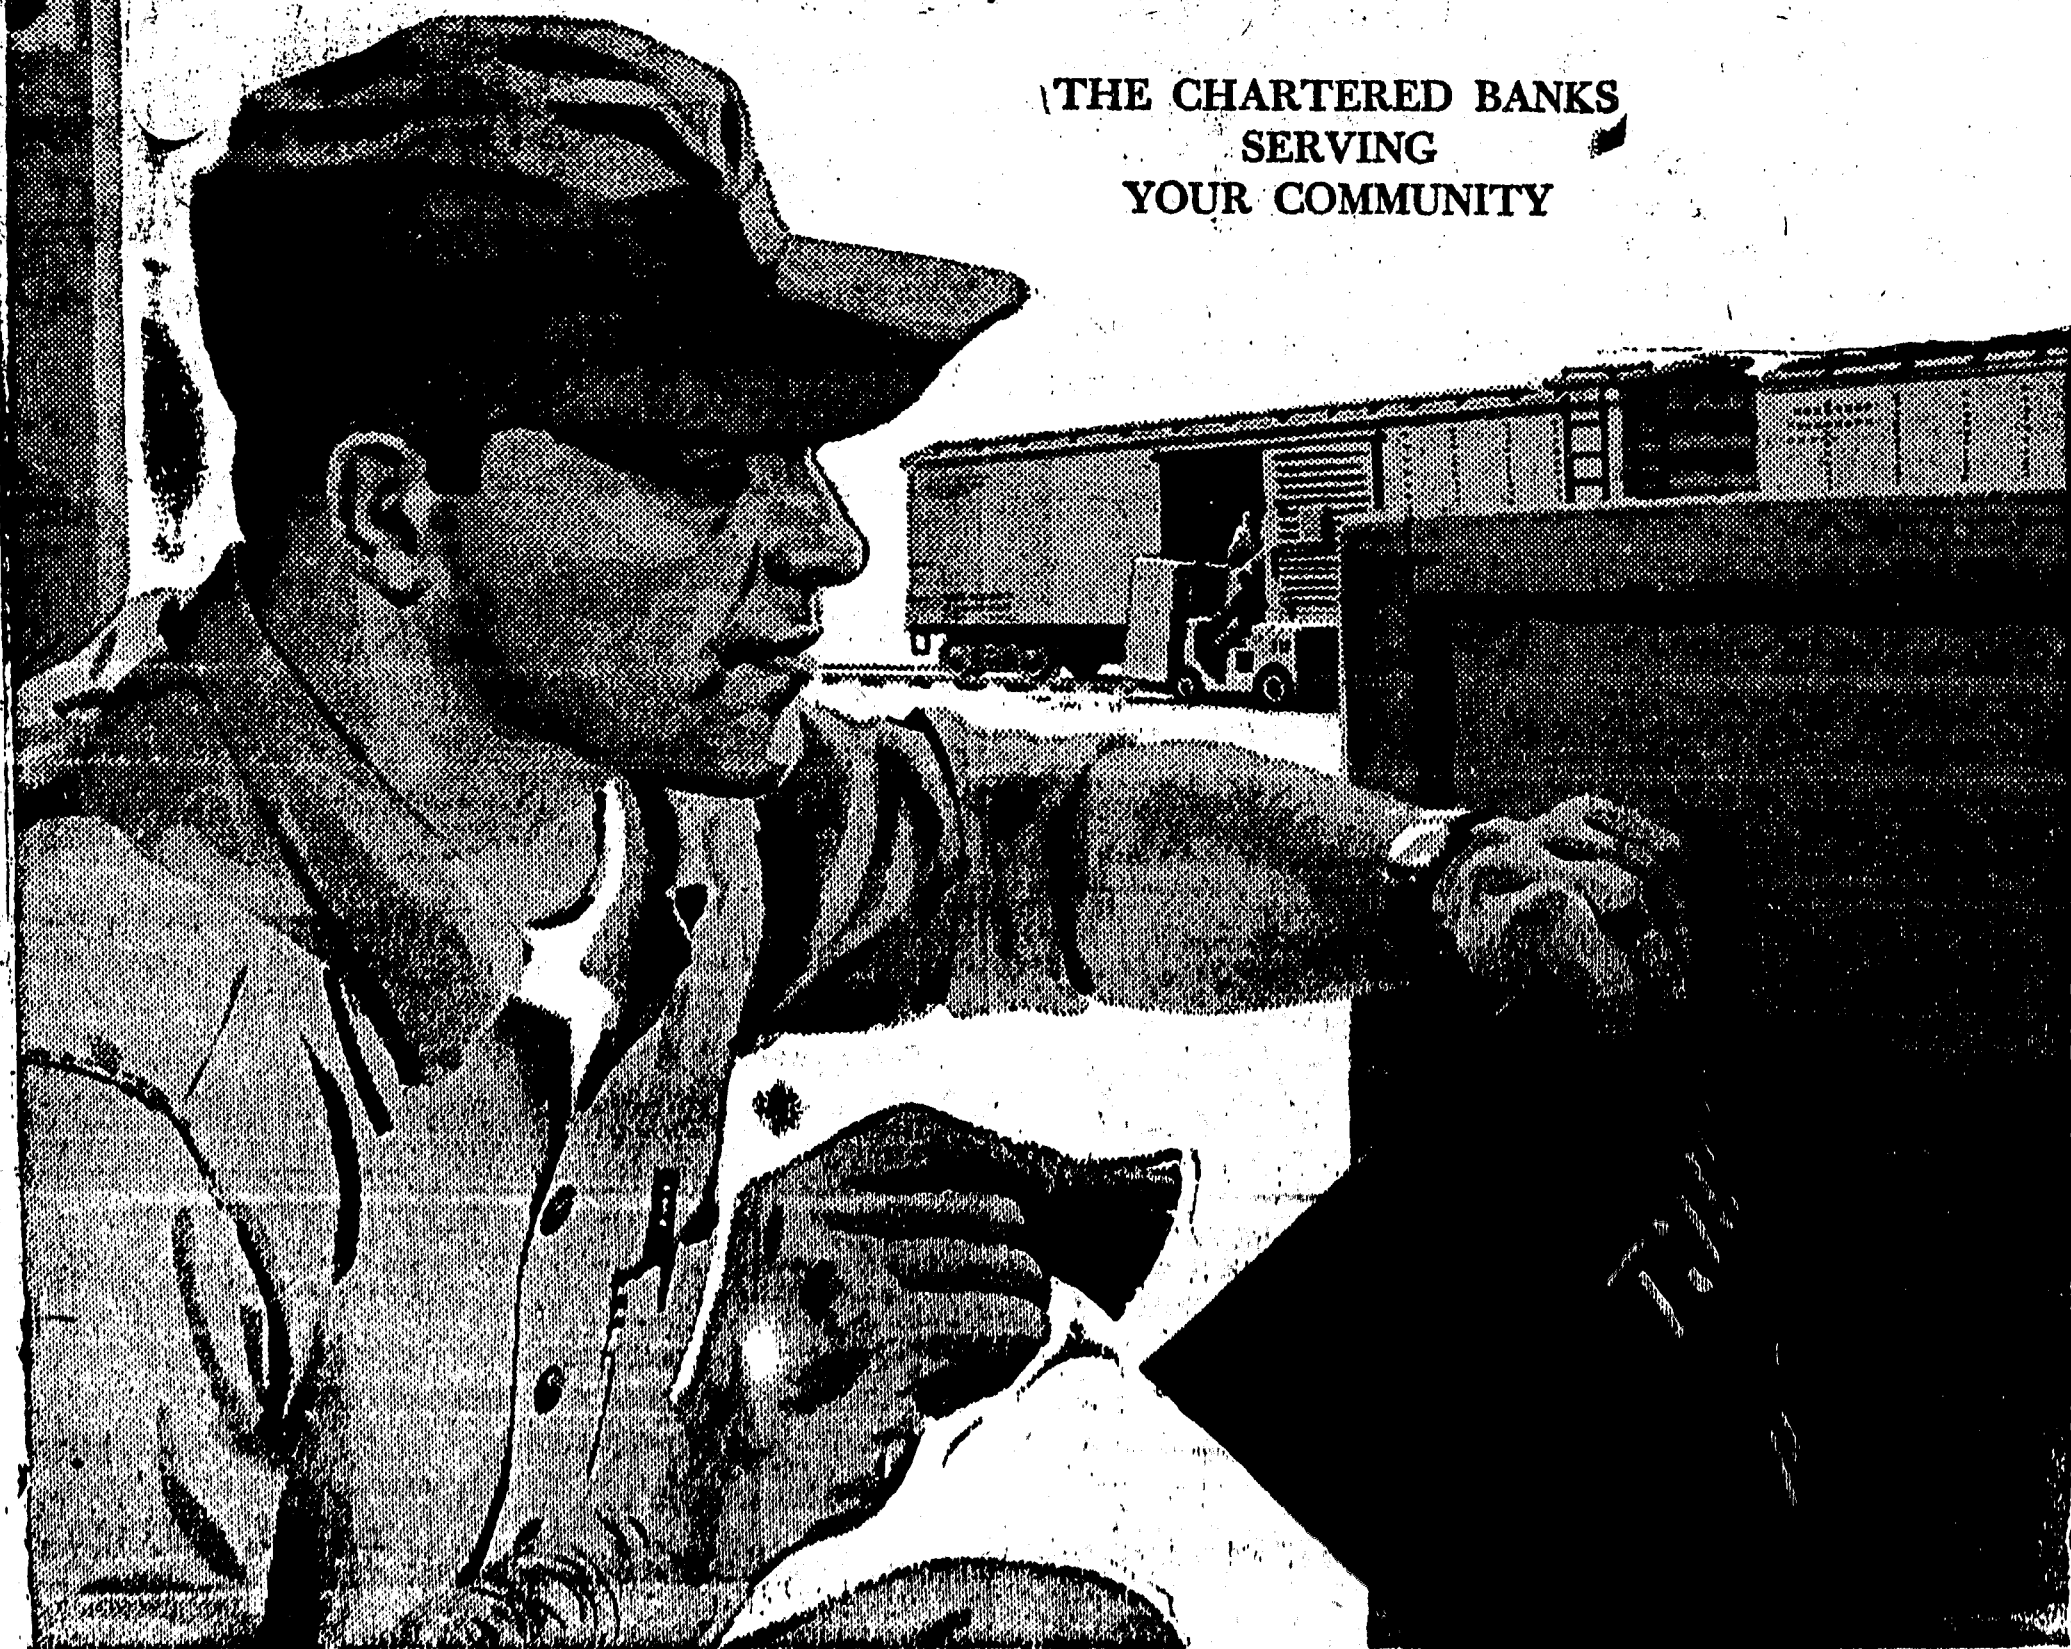

But wherever it is bound, chances are that a chartered bank is helping to smooth the journey.

Services provided by the chartered banks simplify the task of those who buy or sell in distant lands, who often deal in unfamiliar markets, languages and currencies.

With a network of representatives around the world, the banks provide on-the-spot contacts and useful facilities wherever Canadians wish to trade or travel.

Every day, services of the chartered banks help to move the cargoes that mean so much to so many Canadians.

Notes

The guest speaker for Tuesday night was Bruce Howard, manager of the Penticton Chamber of Commerce. He chose as his subject "The Tourist Trade" This has doubled in the last four or five years and 1 1/4 million dollars goes yearly into the retail trades in this area, said Mr. Howard. The total dollar value to B.C. is some 106 million dollars, 20 per cent of which goes into accommodation 25 per cent into retail trade and 22 per cent into food. Mr. Howard suggested that employees should be briefed on courtesy to tourist. He was thanked for his talk by Dr. Jack Ratzlaff.

George Henry was back at his old job of Sheriff and collected six fines.

Hilton Hughes won the draw and for his pains was elected to lead the club singing.

Nick Solly reported on Monday night's visit to Kelowna, and by all accounts those who were not there missed a fine large evening.

The Omak Club has written to say they would like their Key Club boys to visit Summerland about March 1st.

Next week, after the regular meeting, the club will go curling, and has secured the rink from 8 onwards. This includes the ladies also, so it is hoped that as many as possible will turn out. The Scribe.

course in Beekeeping

A short course in beekeeping, sponsored by the Apiary branch of the B.C. Dept. of Agriculture, will commence Feb. 28 in Penticton high school, vocational agricultural room. The lectures start each evening at 7:30 p.m. and will be from Feb. 28 to March 3. This informative course begins with "How To Begin Beekeeping" and carries through on the care and maintenance of bees and equipment.

Further information can be obtained from district horticulturist Alex Watt.

P T A

will meet in

Summerland High School

Thursday, Mar. 2

Commencing at 8:00 p.m.

PROGRAMME:

Convention resolutions will be presented for discussion.
