West Summerland, B.C.

Volume 16, No. 22

Local census takers go on the road today, with eight Summerland people undertaking the large task of "counting noses." Census takers in Summerland are Mrs. B. Trafford, Mrs. D. Munn, Mrs. H. McLarty, Mrs. Frank Haar, Mr. Wm. Brown, Mr. C. Nesbitt and Mr. F. V. Vernon

One way to ease the census takers task is to have your lot number at your fingertips. It appears on each month's light bill and your tax notice. Another answer to have ready before hand: how many weeks did you work last year

Saiji Inouye of Faulder, a sawyer at the Nalos Lumber Co. seriously injured his right hand when it was caught in a rotary saw. Adam Huva drove the injured man to Summerland General Hospital where his condition is reported as "fine".

61.8 hours of sunshine were recorded last week at the Research Station, with only .17 inches of rain.

RCMP have a small size Waltham pocket watch that was found in the West Summerland Park. Owner can claim by identifying same at RCMP office.

Official opening day for the new senior citizens home, Parkdale place has been set for Friday, June 30th, at 2 p.m.

To date eight Summerland societies have donated \$300 to furnish a room and about ten individuals have given similar amounts. Total collected for the furnishings fund now stands at \$8,000.

Word has been received by friends in Summerland of the death on May 3rd in Windsor, Ont. of Mrs. Windeler, wife of Dr. E. Windeler, who formerly practiced medicine in West Summerland. Mrs. Windeler was the former Miss Jean Johnson, the first matron of Summerland General Hospital. Dr. and Mrs. Windeler were married in Summerland and lived here for a number of years before moving to Windsor. There are two daughters living in Toronto.

## Services for Mrs. Washington

Mrs. Ada Washington of West Summerland, passed away in the Penticton Hospital, Thursday, May 25, at the age of 87 years.

She is survived by two sons, Broydon Thomas in West Summerland; George, in Penticton; one daughter, Mrs. J. H. (Sylvia) Riha in Vallejo, Cal.; six grandchildren and seven great grandchildren.

Funeral services were held in the Summerland United Church, Saturday, May 27 at 2 p.m., with Rev. P. K. Louie officiating. Interment in the family plot, in Peach Orchard Cemetery.

An enthusiastic audience was on hand Wednesday evening for the first appearance of the 1961 Fall Fruit Fair candidates. The concert was sponsored by the Chamber of Commerce in the high school auditorium and proceeds go towards the furnishings fund for Parkdale Place. The seven lovely candidates for queen are: (left to right) back row: Penny Eden, Eleanor Martin, Dorothy Watson, Audrey Beggs, Diane Bonthoux; front row: Trudy Mitchell and Marilyn Dickinson. The girls were introduced by Chamber president G. C. Johnston. Featured during the evening was the Town Band, under Dr. J. L. Mason; the Melodeers, ladies' choral group led by Mrs. L. L. Fudge; and award winning ballet dancers, Jennifer Penney and Elaine Dunsdon.

## Graduation exercises for 33 students Friday

Approximately 200 parents, relatives and guests are expected to attend the graduation ceremonies of the Summerland junior-senior high school Friday, June 2. Thirty-three students will receive their scrolls at the ceremony in the high school auditorium, starting at 2 p.m.

The invocation will be given by Rev. P. K. Louie followed by the chairman's remarks from school principal A. J. Longmore. Board chairman Ken Boothe and Reeve F. E. Atkinson will represent the Summerland school board and the corporation of Summerland.

Guest speaker for the afternoon will be Miss Molly Cottingham, presently on the faculty of education at UBC. Miss Cottingham, a past president of the B.C. Teachers Federation is also an elected fellow of the Canadian Teachers College.

Vice-principal John Tamblin will introduce the graduates with the special awards being presented by the heads of various local groups.

Class valedictorian will be John Downton with a class poem written by Helen Farrow to be presented.

## Graduate from UBC

Miss Eileen Wilcox was one of six Summerland students graduating from UBC this month. She obtained a Bachelor of Science degree in Biochemistry and Bacteriology. Following her exams, Eileen visited her parents Dr. and Mrs. J. C. Wilcox at the Research Station, prior to holidaying with university friends in Mexico City. From there she flew to London, Ont., where she has accepted a position in Clinical Biochemistry at the Hamilton King Meek Memorial Laboratory. The laboratory is under the direction of the Faculty of Medicine of the University of Western Ontario.

Another Summerland student to graduate from UBC this year was Preston F. Mott, son of Mr. and Mrs. J. S. Mott of Summerland. Mr and Mrs Mott and their daughter-in-law, Mrs P. Mott, journeyed to Vancouver to be present at the ceremony. Awarded a degree in law this year, Mr. Mott completed a course in commerce at UBC in 1960. Mr. and Mrs. Preston Mott are living in Penticton, where he is articling with the law firm of Boyle & Alkins.

## \$77,000 cold storage addition to Co-op

### Police Court

Summerland police court has been busier than usual recently.

Three local people have paid fines for overtime parking in front of the post office.

A local juvenile appeared before Magistrate Reid Johnston and was fined \$10 and costs for driving on a boulevard.

Mr. M. Harrison appeared before magistrate Johnston Tuesday, May 30, charged with assault causing bodily harm. Charges arose from an incident in the pool hall where Mr. Harrison allegedly struck Roger Daniel Ezeard with a crow bar. Case was remanded until June 9.

Andrew Panagopoulos of Penticton was fined \$25 and costs for passing on a double solid line.

Another Penticton man, Peter Lovwes was fined \$20 and costs for driving contrary to a restriction.

## Tour local gardens

A chartered bus brought approximately 28 garden enthusiasts from Kamloops to Summerland, on Sunday to be the guests of the local horticulture society. A lovely day brought words of enthusiasm from the visitors about Summerland and Summerland gardens.

Heading the itinerary was a luncheon at Peach Orchard Park followed by a tour of many

At a meeting of the members of the Summerland Co-op Growers Association held May 18, permission was given for the construction of an addition to the cold storage plant. The new addition will provide for an extra 72,000 loose box cold storage capacity.

The Cold Storage Subsidy Branch of the Department of Agriculture, Ottawa, has made a thorough investigation of the need for extra cold storage facilities in the Summerland area, and official confirmation of approval to proceed with construction under subsidy regulations has been received.

At a board of directors meeting last week, final construction details were ratified and arrangements for the signing of a contract with Dalrymple Construction Ltd. of Penticton were completed. Value of the new unit will be approximately \$77,000.00. Construction will start immediately with completion slated for September 10.

local gardens. The visitors first saw the garden of Mrs. J. J. Blewett with its natural springs and pools, then the Iris garden of R. M. White, followed by a tour of W. F. Ward's garden, and Parkdale Place. They visited the lovely gardens of Bill Snow, G. Dinning and Dr. Marshall. The day was topped off with tea and a tour of the Research Station gardens.

## Trout Creek PTA elects new officers

The reports given at the May meeting of the Trout Creek PTA clearly indicated a successful year under the guidance of Mrs. C. C. Strachan as president.

About 30 members were in attendance to hear Miss Jean Wilton, special counsellor in the Kelowna school district, tell of her work.

Mrs. Roberge presented Mrs. Nels Charlton with a past president's pin and thanked her for her services to the organization, first as secretary and later as president. The members expressed regret at losing Mrs. Smiley from the executive. Mrs. Smiley has been a staunch worker in the PTA during the past five years, serving as secretary the last two years. The Smiley family is moving to Salmon Arm.

Mr. Cooke conducted the election of officers for next year. Executive will be: honorary president: Mrs. W. May; president, Dr. D. McIntosh; vice president, Mrs. Roberge; secretary, Mrs. Proverbs; treasurer, Mrs. J. May.

Directors for next year are: Mrs. G. Noel, Mrs. C. Morgan, Mrs. T. Harms, Mrs. Rae, Mrs. Rasmussen, Mrs. H. Hackman, Geo. Ryman and R. L. McNabb.

## Gord Lackey top athlete

A twelve year old grade six pupil at Trout Creek school who placed first in all the six events he entered has been named as Trout Creek's top boy athlete. At the sports day held Friday afternoon, Gordon Lackey placed first in high jumping, broad jumping and the dashes. Ten year old Donnie MacArthur, last year's winner, gave Gordon close competition.

The award for the top girl athlete went to Barbara Porritt, a nine year old grade three pupil, who set a new record for the girls nine year old high jump of 3'6". Barbara also placed first in the broad jump.

Although the weather was not perfect, R. McNabb of the teaching staff reports a near 100 per cent participation of pupils in most events. Because of this, most of the jumps had to be completed beforehand. A good crowd of fathers and mothers was on hand to cheer for the pupils.

Team captains for the sports day were: Blues, Susan Lopatecki, Ralph Smith; Whites, Marilyn Parker, Gordon Lackey; Reds, Carol Bombardier, Robert Munro. The Blues received the aggregate award for the track meet.

Next event for the Trout Creek Elementary School is the Summerland Elementary Invitational Track Meet to be held in Summerland, Saturday, June 10.

### Square 'em up

Vernon, Peachland and Oliver held square dance parties on May 27.

Thirteen dancers from Summerland spent a hilarious evening at Peachland, dancing to Fred Proulx' calling. Ray Fredrickson and Evelyn Proulx helped the emcee keep 'em dancing. Myrtle was present hoping one of her old flames from Omak would arrive to take her home, but they must have deserted her for Bob Emerson's dance at Vernon. However, the Whirl 'N' Stars banner was retrieved by Charlie and Francis Quick.

This Saturday, June 3, Bob Emerson calls for the Peach

City Promenaders in the Pen-ticton high school cafeteria. A buffet supper will be served.

Kelowna Wagon Wheelers have Bill French for their emcee on June 3 in the Centennial Hall. Sack lunch, with salads provided by the host club.

Our June dance is coming up on the 17th with Chuck Inglis as emcee. Gladys Laidlaw and Nettie Shannon are convening refreshments and will be contacting all Pairs and Squares members about their contributions. Seems a long time since our St. Patrick's dance, doesn't it? It'll be fun to get together again.

## Mothers and Daughters entertained by CGIT

The annual mother and daughter banquet of the CGIT was held May 10 in the church hall with thirty mothers, daughters and guests enjoying a delicious cold supper. Toasts were given by Lorraine Krasuin, to the mothers, Mrs. Robert Hardie, to the daughters; Nancy Fudge, to the church, responded to by Rev. P. Louie.

Guest speaker was Mrs. Geb. Gay, girls work counsellor for the South Okanagan, from Pen-ticton, who gave a very interesting and informative address on CGIT and its aims.

The girls then presented each of the leaders with a very lovely cup, in appreciation of the year's work.

The girls entertained the guests with an amusing action song, a three act play, and a sing song around the camp fire. Taps were sung to bring a very enjoyable evening to a close.

On May 17 the CGIT invited the girls who are of CGIT age to a sample meeting. After the business session games were played. Refreshments were served and also home-made fudge. Twenty-one attended this meeting and a good time was had by all.

The final meeting of the year on May 24 was in the form of a progressional meeting. The group met at the church at 4:45, hiked to the Fred Dunsdon home for games, to the Art Gronlund home where Mrs. Gronlund served a lovely supper. After a singsong they hiked to the C. F. Day home for a business meeting, then on to the R. Hardie home for devotional and mugs-up.

May 28 the groups met at the church at 2 p.m. for their final outing. Mrs. Spencers took them by truck to the Green Mountain Road. There, in a lovely picnic spot close to the creek, they enjoyed a picnic supper,

camp fire and all the beauty of the great outdoors. Vesper service conducted by Mrs. Foster ended a very lovely day.

"We at CGIT wish to thank all those who have helped us during the past season. We are looking forward to next season's activities with anticipation".

## Dog shows in Kelowna

Kelowna and District Kennel Club has received word from the provincial director of the Canadian Kennel Club, that two all-breed championship dog shows and three licensed obedience trials have been approved for July 5 and 6 in Kelowna.

Entries which close on June 21, are expected from all over B.C., as well as the Pacific north west, Alberta and California.

If anyone is interested in further information, they are asked to contact the Assistant Show Secretary, Mrs. J. Cooper, P.O. Box 162, Kelowna, or phone POpplar 2-4053.

The shows will be presented at the Eldorado Arms Hotel in Okanagan Mission.

# CONGRATULATIONS GRADUATES

## The British Columbia Teachers' Federation Offers Congatulations to this month's High School Graduates

Teachers are proud of the students graduating from our schools.

As graduates of an educational system which is one of the finest, our boys and girls have received the grounding necessary to prepare them to meet the challenges of further study or immediate employment.

Never has the need for teachers been greater. When they choose their vocation, we hope many of this year's graduates will decide to enter the teaching profession.

## Enjoy local hospitality

Theosophists attending the recent convention of the Canadian Federation in Penticton, expressed

great pleasure at the arrangements made on their behalf by the Summerland and District members.

In addition to symposia on various aspects of religion and philosophy, a well attended public lecture rounded out the three days of the gathering.

The lighter side of the convention consisted of a banquet catered for by the Pythian Sisters, at which the guests were entertained by a film showing all aspects of the fruit industry, and also a highly appreciated performance of the hand bell ringers, Mr. and Mrs. George Ryman, followed by community singing led by Mrs. Violet Turnbull.

In playing host to this convention, the Okanagan members of Fiat Lux Lodge were highly delighted at the appreciative remarks on the natural beauties of topography and climate made during the tours of the countryside by the visitors, most of whom were seeing the Okanagan for the first time.

## Presented with Medal of Merit

The South Okanagan Division of Guides held the semi-annual meeting in the Log Cabin at the experimental farm recently.

Representatives were present from Keremeos, Penticton, Naramata, Peachland and Summerland.

Arrangements were made for summer camps and it was announced that Campfire Girls from Washington state will be visiting in the district the first week in June.

Highlight of the day was presentation of the Medal of Merit to Division Commissioner, Mrs. B. T. Blagborne. Former Division Commissioner, Mrs. E. A. Titchmarsh of Penticton, made the presentation.

## Somewhere I'll find you

"Somewhere I'll find you" — that's the theme of the 1961 census which started today.

Sometime in June Summerland residents will have the local census takers calling on them to answer the questions on the forms.

Every question on the 1961 census serves a definite, useful purpose, nothing is included merely because the resultant statistics would be interesting. The questions are the result of a great deal of planning and have been subjected to rigorous examination.

For instance, what is your guess as to the increase in Canada's population? Fifteen percent? Twenty percent? In fact the population of Canada during the past decade has grown a whopping thirty percent! Estimates indicate that the June census will show a national population of about 18,200,000.

Increases are expected to be the heaviest in B.C. and Alberta, amounting to about 40 per cent.

What use are all these facts?

Questions on income, particularly family income, are of use to Central Mortgage and Housing Corporation and local governments. At present there are no statistics on family incomes by municipalities, such as ours.

Income statistics are also useful in helping businesses and industries to provide commodities and services in accordance with income distribution.

Virtually every organization concerned with people from churches to housing agencies, use the census results in planning programs and services.

### Hear speaker from Centre

The May meeting of the Women's Federation opened with Mrs. Washington Sr.'s favorite hymn "All the way my Saviour leads me." Mrs. A. Gayton gave the devotional, her topic being "Youth". Mrs. Wm. Fleming read the scripture. Mrs. Boothe led in prayer. During Mrs. Gayton's talk she said that parents are teachers in the home and that children reflect the training that they receive there.

The president welcomed Mrs. Underwood on her return after a winter in Arizona and Mrs. Powrie after her recent illness.

The meeting favored purchasing two new hymn books to place in the church in memory of the late Mrs. Basil Stuart. These would be suitably inscribed.

Mrs. MacDonald gave a very clear picture of how the birthday meeting commenced some years ago with the late Miss Janet Sinclair. This meeting is now usually held in June.

The group were fortunate in having Mrs. Stallwood, Dean of Women, from Naramata and also Miss Patricia Pinder, a student from the Christian Leadership School to show slides on the school's activities and the buildings, and also of the new building during the process of being built.

## Shopping around

This is Okanagan Sun-Rype Week, and our shopping column this week is written by Miss Dorothy Britton of the Research Station. This article originally appeared in the Canadian Association of Consumers' bulletin of February 1961.

Possibly nothing is more confusing to the homemaker while shopping than choosing the "best buy" among what she may think are Fruit Juices. An undesirable situation has gradually developed in which she can be seriously "duped" when she buys what she thinks are Fruit Juices, but if she looked more closely she would find are labelled Fruit Drinks. This difference of one word on the label, "Drinks" instead of "Juices", sometimes can mean the difference between a product that is less than 100 per cent fruit juice — with the balance sugar, acid and water — and a product that is 100 per cent genuine juice.

The homemaker is attracted by the price, possibly two 48 oz. cans of Apple Drink sells for 43c while one can of Apple Juice is marked 39c. In many cases she does not appreciate the difference in quality and purchases a product that has little more nutritive value than its equivalent volume, in pop. This situation is most serious in Canada in regards to Apple Juice but also exists with orange grape, and a few other juice

products. So far the Food and Drug Directorate have been unable to frame regulations that will adequately control this situation.

You will get more for your dollar if you are on guard and buy Juices — and not Drinks!

For instance, there are no regulations re the vitamin content of drinks and the housewife can be misled by a statement on the label of Drinks stating "Vitamin C added". With Apple Juice a minimum of 35 mg. of ascorbic acid (Vitamin C) per 100 ml. is required by Food and Drug. However, the Drinks usually contain less than 20 mg. and sometimes as low as 8. An ordinary glass of Vitaminized Apple Juice thus provides the daily requirements of Vitamin C. However, a glass of a Drink "With Vitamin C added" would leave the consumer short.

Thus sa consumers we can get more for our dollar if we follow the slogan "Buy Juices, not Drinks".

## Good turnout for Oldtimers vs Red Sox

A large turnout was on hand Sunday in the Memorial Park when the Old Timers baseball team met, the junior Red Sox, with the younger boys winning 6-2.

The game, with lots of good playing by both clubs, was sponsored by the local Babe Ruth League.

Playing for the Old Timers were: Babe Kuroda, George Clark, Rocky Biagoni, Bob Scriver, Don Cristante, Bob Bonthoux, Wilf Evans, Joe Sheeley, Ollie Egely, Butch White, Joe Elliott, Al Coffey, Bill Evans and Sandy Jomori.

The Old Timers put up a good fight (in spite of their extreme ages and shape(s), with Al Coffey's pitching keeping the score very even, and George Clark showing the younger boys how to hit with a triple and a single. Some good fielding plays were made by Wilf Evans on 1st and Butch White on 2nd.

An accident marred the pre-game warm-up when Bob Mortimer of the Red Sox, son of Mr. and Mrs. Wm. Mortimer, collided with another boy and

broke his jaw in two places. He was taken to Summerland General Hospital.

Red Sox meet the hard hitting Vernon team here Sunday afternoon in a double header. Game time for the league game is 1:30 p.m. in Memorial Park.

1st Summerland Scout Troop

The recent International Camp oreo at Loop Loop, Washington, proved a great success, in no small measure through the co-operation of the weatherman.

Three patrols for a total of 18 boys were transported there and back by truck through the kindness of ex-1st Summerland Scout Joe McLachlan. The boys enjoyed the camporee especially because of more free time than has been available on former occasions.

Altogether 530 boys attended representing 77 patrols from some 20 troops, one of the largest camporees on record. Among the events, the Saturday night campfire and skits proved outstanding. Although the troop did not retain the much-coveted "Old Beaky" award won last year, the troop's skit was one of the four presented at the camp fire in competition for this year's award.

The Camporee broke up at 2:30 on Sunday afternoon and the boys reached Summerland, about 6:30 p.m., tired but pleased to return home with "A" awards won by all patrols.

At the next troop meeting there will be an opportunity for passing signalling for those boys who lack only this test for their 2nd class badge. Duty patrol, Buffaloes.

— D. V. Fisher, Scoutmaster

## This Week in Your Orchard

by Alec Watt,

### Apricot Thinning

Apricots are at the ideal stage for thinning right now. Thinning with a rubber tipped stick should be quite effective on Moorpark this year. On this variety there are at least two sizes of fruit. The smaller ones are quite loose and a good jar with the stick brings them showering down.

On Moorpark aim to break up the clusters and leave individual fruits about 1½ inches apart. On cannery varieties (Blenheim and Tilton) aim for an average spacing of 2-3 inches between fruit.

Don't be fooled into skimping on apricot thinning because the fruit seems large now. If the tree is overloaded the fruit will stop sizing during the final weeks. Properly thinned fruit will finish off large whereas poorly thinned trees will yield too many culls. Furthermore, poorly thinned trees take much longer to pick, are hard to pick without mixing maturities and do not bear as well the following year.

### ACES PLAY THURSDAY

Mac's Cafe Aces are now playing softball at the old Charlie Wharton place, opposite the band shell.

This Thursday the Aces meet Pentiction Merchants here at 7:00 p.m.

Macs Cafe Aces are in second place in the league. Last Thursday they tied the league leading Osoyoos team 9-9 in extra innings.

For good entertainment, see you at the softball game on Thursday evening.

### KIWANIS CLUB NOTES

#### Kiwanians entertain at Yacht Club

Tuesday night was "Hi-Jinks" night for the club members and their good wives. Guests present were the candidate for queen Miss Marilyn Dickenson, Larry Belway and his charming wife of the Trout Hatchery, Bill McElheron and his wife of the Co-op, and past member Jack Lawler. This was the first party to be held in the new Yacht Club, and it certainly was a good send off to the future of the club.

It appears amongst the many duties of the president and vice-president is that of cooking the steaks, which Jerry and Walter did to perfection. As the occasion was that of the winning team (attendance) the winners, captained by Walter (that's my boy) Toeves, were on the steak side of the house, and Jerry's team, eat meatballs and spaghetti, which was tastefully prepared by some of the ladies under the clever guidance of Emma Bettuzzi. It is still not quite clear why a few (including our popular Father Meulenberg) consorted with the "meatballs" to eat their steaks, it is thought perhaps that they enjoyed helpings of both.

Jack Towgood travelled 100 miles to be present at this similar feast last year, and you've guessed it, he got beans! This year also, Jack was on the losing team "the meatballs". However he was given a steak as a reward for his zeal, this mark you, was after he has eaten his meatballs. Jack said however, "It filled the odd corners". Ken Storey was heard to mumble in his beard that steaks were conducive to high blood pressure, etc., etc., — Ha, Ha, sour grapes!

In his most severe scholastic manner, John Tamblyn accused Fred Schumann of claiming two jackets, he only came with one, and Freddy in a huff resigned from the club on the spot and marched out dragging his reluctant wife behind him. John Tamblyn was in duty bound to resign also, and went out. By chance, however, they met at the door, and decided this was no time to leave the club, so they came back into the fold.

The best Jack Towgood could manage in the birthday line, was to celebrate the birthday of his wife. (We understand the Kiwasa Club will pay the usual fine).

Martha Simmons thanked the club on behalf of the Kiwasa. At long last the strange absence from town of F. Schumann and J. Selinger is explained. To stifle the wild rumours flying around, we are pleased to advise that it was all quite harmless. Both Freddy and Johnny hid themselves off into the wood with of all things, an electric guitar and a song book. There they destroyed a few starlings by practicing some songs, which they sprang on the club for community singing. The club not only survived, but enjoyed it.

T. B. (Tommy) Young was inducted as a new member in a very well chosen talk by Jack Towgood, his "K" button pinned on and welcomed by the president. Ken Heales described Tommy's activities in Summerland since 1905, pointing out that since his retirement of a few years ago, he and his wife have acquired the vice of touring the

world every winter. Therein lies the "rift in the lute". It would appear that after their visit to Hawaii, on a more recent trip, Tommy insisted on returning via Hawaii again. It is thought that the voluptuous damsels may have had something to do with this. In fact this was proven by a most astounding entrance of a very large and curvaceous Hula Girl, straight from Waikiki, all 250 lbs. of her, who immediately recognized Tommy, and threw her arms around his neck. This had all the earmarks of "ownership".

Four ladies, Brenda Liebert, Margaret Solly, Vivian Smith and Freda Storey put on a clever skit which could well be called "the irony of, and in, men's meetings".

Ken Storey reported on a visit to Kelowna Club Monday night. This was remarkable for what he did not say. He did say however that they were obliged to slow down to 55 mph at the gravelled section of the road, and that they almost stopped at the toll bridge. We believe this report to be a masterpiece of understatement.

John Tamblyn dealt kindly with the "doings" of radio day last week. The committee (including Walter Toeves and Bill Laidlaw) were in duty bound to entertain the radio operators afterwards, and this led to Walter's undoing. He appeared at the club meeting that night in an entertaining mood, full of fun and vigor and vim. So much energy on his part led to a very amusing sketch of the proceedings by Ken Heales, Bill Laidlaw and Freddy Schumann. Voted upon afterwards, it was awarded top marks. Excellent in every way. — The Scribe

## Money Belts Excess Baggage These Days

Once upon a time — and even today in some parts of the world — travellers had to hide their money pretty carefully if they didn't want to lose it. Money belts were as common as Gladstone bags in the old days.

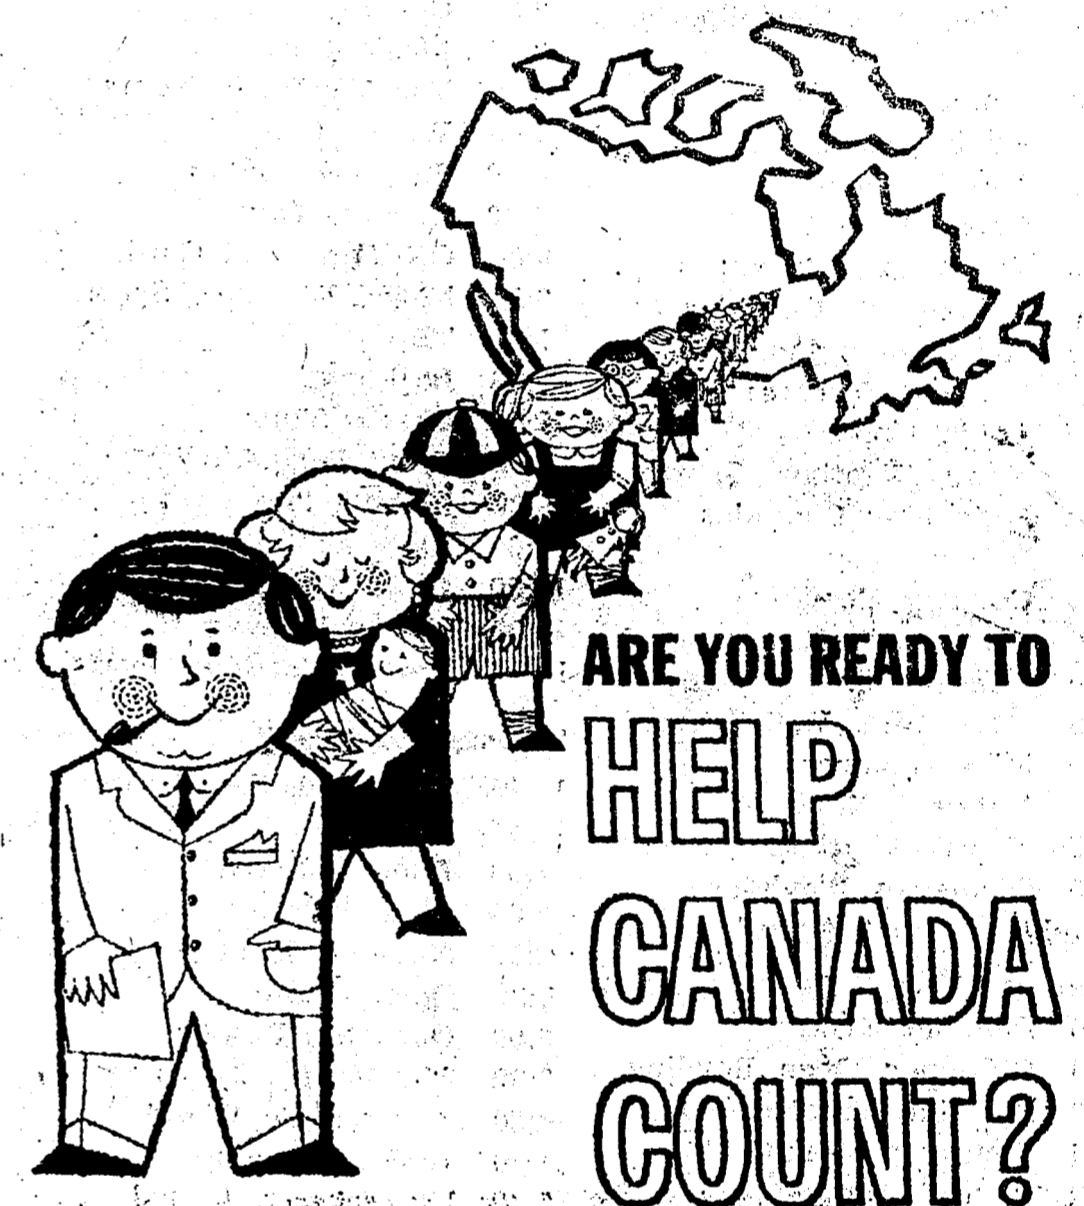

Nowadays it's different. Today's traveller doesn't need to worry about losing his bankroll. Mostly because he doesn't carry a bankroll at all. Instead, he uses Bank of Montreal travellers cheques. They're the perfectly safe and convenient means of carrying funds while travelling.

A visit to the Summerland branch of the Bank of Montreal before starting off on your next business or vacation trip can give you complete peace of mind. There the accountant, Simon Kouwenhoven, can sell you the B of M travellers cheques you need, in whatever denominations you think will be most practical for your purposes.

Then you'll be able to travel with the knowledge that if your travellers cheques are lost, stolen, or destroyed, you won't be the loser because the Bank of Montreal will arrange to replace them for you.

If you're going abroad, the B of M can provide you special travellers cheques, or travellers letters of credit for large sums. Travellers cheques are much more comfortable than a money belt, we promise.

When the Census Taker calls please  
be ready with the answers he needs

Every household in Canada is being sent a list of questions the Census Taker will ask. Please study it and be prepared to answer all the questions or leave the answers with someone who will be at home when the Census Taker calls.

What will you be asked? Questions such as: what is your age and schooling; are you employed and what is your exact job title; how many hours do you usually work each week; in how many weeks did you work for wages or salary in the last 12 months; what were your earnings in the last 12 months?

All information is kept strictly confidential and by law is not available to any private organization or person, or any government department or agency other than the Dominion Bureau of Statistics. The Census is interested only in totals accumulated for all parts of Canada.

When the Census Taker calls, welcome him with your co-operation. Everyone will benefit when you help Canada count!

## Under the Giant's Head

While the coffee break as such has become a recognized part of the business scene only as recently as the early forties, historians generally agree that the first coffee break was taken by a poor shepherd on the plains of Araby. Kaldi by name, he is said to have watched in amazement the antics of his goats who leaped and pranced after chewing the berries of a certain shrub. Curious, he tasted them himself and so pleasantly stimulated was he by this experiment that he reported his find to others, and so unveiled the pleasures of coffee to the world.

We received a very interesting booklet from the Bank of Montreal this week. Called "Canada Today" it is intended for distribution outside Canada and contains easy-to-find information on all aspects of Canadian life: the country, the people and the resources. What we particularly liked was the line "Printed in Canada on Canadian paper", something that isn't found on all Canadian publications.

The Summerland Art Club has changed not only the day of its annual art show this year but also the place. It will be in the West Summerland library on Friday from 3 to 9 p.m.

A check with the municipal office on Tuesday of this week showed that Trout Creek domestic water applications now stands at 97.

In spite of the wet weather during the past week (.62 in.) the sunshine continues to increase with 79.9 hours reported by the Research Station.

## Oriental theme for graduation exercises

An oriental setting highlighted the graduation ceremonies for 34 students at the junior-senior high school Friday afternoon. The high school auditorium was brightly decorated with flowers, Japanese lanterns, large pastel posters, streamers and greetings.

Principal A. J. Longmore acted as chairman. Greetings from the municipality were given by Reeve F. E. Atkinson, from the school board by chairman K. L. Boothe, the department of education by district superintendent of schools C. E. Clay.

Guest speaker for the afternoon was Miss Mollie Cottingham, associate professor of education at UBC, who gave an interesting address of the importance of the students in Canada's future.

May building permits saw Summerland continuing its 1961 upward trend with 12 permits issued amounting to \$22,940.00, compared with May 1960 when 13 permits were issued amounting to \$17,000.

In May two new dwelling permits were issued amounting to \$15,000 and seven permits for dwelling alterations totalling \$3,240. For commercial alterations, three permits were issued amounting to \$4,700.00.

In the first five months of 1961, 59 permits were issued for \$379,225.00. In the same length of time in 1960, 46 permits were issued for \$17,850.00.

## Pennask lake opening set for July 15

The Rod and Gun Clubs in this vicinity hope to officially open the new road into Pennask Lake on July 15. As yet the road is impassable, but Mr. George Stoll told the Review that with good weather between now and the first of July motorists should then be able to get in without any trouble.

50 members from Summerland, Penticton, Oliver and Kelowna clubs, formed a work party on Sunday at Pennask Lake. The

men were caught in a torrential downpour but quite a bit of land was cleared for parking space.

A bulldozer will go in this week to clear another 500 yards around the tip of Pennask Lake. A nice tenting area will be left between the road and the lake, and the road will be provided with plenty of passing space.

A number of the men spent some time fishing on Sunday, and report catching their limit of good sized fish in a short time.

The Verrier Memorial Award, presented by Miss Lynn Bleasdale, last year's winner, was won by David Davis, as best-all-round student.

The Kiwanis bursary, presented by vice-president Walter Toevs, was won by Iris Willis and David Davis.

The Summerland Scholarship of \$250, was divided between Marjorie Brake and John Downton. It was presented by Reeve Atkinson.

Marjorie Brake and John Downton also won Cranna watches for highest academic record. These were presented by C. E. Clay and K. L. Boothe.

President Mrs. Walter Rothwell presented the Women's Institute silver rose bowl to Iris Willis for highest standing in home economics.

The Summerland Teachers bursary, presented by P. W. Minchin, was won by Helen Farrow.

Helen Farrow read the class poem which she wrote and John Downton was valedictorian. Vice-principal John Tamblyn introduced the graduates.

At 8 o'clock dinner was served in the gym and from 9 to 12 p.m. the annual grad dance was held.

## Art Show on Friday

There will be an exhibition of paintings, mobiles and other works of art held in the Summerland Library on Friday, June 9th, between the hours of 3:00 p.m. and 9 p.m. All are the works of local artists.

There will be approximately one hundred paintings by members of the Summerland Art Club, many of whom will be exhibiting for the first time. Paintings and mobiles will be for sale, with prices ranging from \$1.00 to \$25.00.

Works by Vaughn Grayson, Irvine Adams, and Peter Ochs will also be shown, and tea and coffee will be served in the basement of the Health Centre during the hours of exhibition. Proceeds will go towards the Library and also a art scholarship for the Summer School of Painting to be held in Penticton this year.

Come along and see the seventh annual Art Show! Come along and buy a Summerland painting! You never know it may turn out to be a very good investment.

## Services for F. Vernon June 9th

Mr. Fitzpatrick Vernon, of West Summerland, passed away suddenly in the Summerland General Hospital on Monday, June 5, at the age of 67 years.

Mr. Vernon is survived by his loving wife Hazel, and one sister Erma Vernon in Victoria.

Funeral services will be held in St. Stephen's Anglican Church on Friday, June 9 at 2 p.m., Rev. Norman Tanner officiating. Interment in the Family Plot, Peach Orchard Cemetery.

In lieu of flowers, donations may be made to the Canadian Heart Fund, Canadian Legion, Branch 22 members are requested to attend.

## Flower baskets for main street

At a meeting of the Retail Merchants committee of the Chamber of Commerce last Friday, it was decided to order flower baskets for all the light standards on main street. The wooden boxes, lined with tinfoil, will be planted with bright flowers by Don McLachlan. If successful, more flower baskets will be ordered next year.

The 1961 Chamber of Commerce brochure on Summerland has now been completed. Copies may be obtained at Loree Perry's office or at the Review office.

The Chamber has had four thousand of these three-color

## Art school welcomes young people

Do you know any children who like to paint, dance, play "let's pretend" games? Do you know any children who would like to make puppets, any who would like to learn more about making music? The Okanagan Summer School of the Arts will be a wonderful place for such young people.

Myra Benson, one of the founders of Vancouver Holiday Theatre for Children, is famous for her wonderful way with youngsters. She will teach drama for the 7-15 age group.

There are two art instructors for children, Robert Borsos, a European artist who will teach painting and sculpture, and Mrs. Ritchie, who will also teach painting.

Lucy Keith will again teach ballet and will welcome some beginners.

Tiny children (and parents) will enjoy Dr. Sind's week end classes where they will sing and make music on simple instruments.

Older children will have an opportunity to work with Will.

brochures printed and it hopes they will be put to good use to bring more tourists to our town.

A letter was received by the Chamber from P. A. Gagliardi, Minister of Highways, answering a letter from the C. of C. asking for progress on the Penticton by-pass. Mr. Gagliardi stated that the by-pass is not proposed as a truck by-pass, although it has been suggested that it be confined for use of trucks only. He said that the land required passed through an Indian reserve and his department is still negotiating with the Indian band for entrance to their property and until these negotiations are completed no firm date for a start of the construction can be set.

At the regular monthly meeting of the Chamber on Thursday, June 8 at 6:30 p.m. a cash donation will be made to Mr. E. H. Bennett, treasurer of the Parkdale Place furnishings committee

## Police court

A radar trap snaffled five unwary speeders on Summerland hill during the past week. Local RCMP remind motorists that the traps will be placed on Highway 97 periodically during the summer and speeders will be fined.

On Sunday, June 4 at 2 a.m.

a vehicle driven by Paul Kozack travelling up Summerland hill met head-on with a car driven by Engel Lamb that was proceeding down hill. The Lamb vehicle carrened down the barrier 50 feet and jumped the embankment. There were no injuries. The Lamb vehicle suffered approximately \$100 damage, with \$600 damage to the Kozack car, and \$300 damage to the guard rail.

Summerland RCMP have located a dark green wooden rowboat in Okanagan Lake just off Trepnier. Owner please contact the local detachment.

### Final Appeal

Most of our canvassers have now completed their districts. The collections now amount to about three-quarters of our objective.

If you have been missed in the canvas or wish to contribute further to help the fund over the top, please phone E. H. Bennett at HY4-2936, and a special canvasser will be pleased to call on you.

Or you may leave your donation at any of the following places, Laidlaw & Co., Holmes & Wade, or the Bank of Montreal.

## Tour gardens in Penticton

A special meeting of the Summerland African Violet Society was held May 29 at the home of Mrs. H. W. Pohlman, to discuss the recent show and finish up the year's business.

Mrs. J. Lazenby gave the financial report which showed the violet show held May 20 was very successful financially.

After a short discussion the group decided to donate \$50 to the Parkdale Place furnishings fund. The meeting ended with lunch served by Mrs. Pohlman.

On June 1 the Violet Society met at the home of Mrs. Jack Brown, then drove to Penticton to tour the gardens of Mrs. Foley Bennett, Mrs. T. Robertson, Mrs. D. T. Robison, Mrs. G. Woodin, and Mrs. J. A. Duncan.

## Horticultural News Letter

Weather at coast and Kootenay points has been variable with light showers, but generally good growing conditions. In the Okanagan the weather has been generally warmer, with the exception of a heavy thunderstorm last Friday which left a little hail in the Vernon area, and the wind damaged a few weaker trees in the Oliver area.

Apricots: Thinning is still in progress from the Summerland area north.

Cherries: Penticton reports Vans have set well but not as extensively as in 1960, there is

a good crop. Bings and Lamberts are sloughing and the crop is now spotty. All other areas report that although the set is not heavy, the size should be good.

Peaches: Peaches are sizing very well.

Pears: In both the Okanagan and Kootenay areas, the reports all gave Bartlett a light set, Anjou good.

Apples: There is a good set on all varieties except McIntosh. Most districts report, however, that very little thinning will be necessary.

Strawberries: New Westminster area will have a first pick around June 12. Abbotsford is past full bloom. They are well advanced in the Okanagan, with picking expected on a heavy crop around June 21 in early fields. Strawberries are in good condition and setting well in the Kootenays.

## To form Goat milk Co-op

Of interest to all British Columbia farmers is the formation of a commercial co-operative for dairy goat breeders. This organization will provide a market for many thousands of gallons of goat milk.

Come and make your wishes known at Abbotsford Court House, District Agriculturist's Office, on Friday evening, at 7 p.m. June 16.

Come and help to provide permanent facilities for an entirely new dairying project for B.C. The British Columbia Supervisor of Co-operatives will be present to aid in the inaugural proceedings.

## Let's put fund over the top

The general canvass for funds for Parkdale Place is practically completed, with the total amounting to about three-quarters of the objective. There are still some amounts of money promised to come in yet and we hope there are persons who wish to donate but so far have not done so, possibly because they were missed in the canvass.

The response to the appeal for funds has been splendid among the larger organizations, and also from many of the smaller ones. Donations from the general public have been good generally, from the smallest to the largest, and the furnishings committee appreciates the splendid spirit shown in most cases. However, it has not all been sunshine for the canvassers and they have run into a number of dark spots.

The canvassers have done a fine job for our senior citizens home and we wish to thank them for their splendid effort.

If you have not been called on by a canvasser or if you wish to increase on your present donation to help the fund go over the top, please phone the treasurer, E. H. Bennett at HY4-2936 and a special canvasser will call on you. Or you may leave your donation at any of the following places: Laidlaw & Co., Holmes and Wade or at the Bank of Montreal.

The requirements committee under the chairmanship of Mrs. Gordon Ritchie reports that most of the furnishings for the Home have now been purchased and a quantity is now in storage in West Summerland, awaiting the completion of the building. The committee will be working with the matron and cook from now on to arrange for the remainder of the equipment needed.

## Putting first things first

by Rev. D. M. Rathjen

"Seek ye first the kingdom of God and His righteousness; and all these things shall be added unto you." Matt 6:33.

Most of us realize, the importance of putting "first things first" if we are to succeed in life. However, we are often puzzled to know just what should be done first and thus often fail to put first things first.

## Operation Doorstep successful

Mrs. Bill Chalmers, chairman of the Royal Jubilee IODE, sponsor of Penticton Christmas Seal Committee, reported on the latest chest X-ray survey work done in the valley at the B.C. Tuberculosis Society's annual meeting in Vancouver last week.

Mrs. Chalmers reported that a total of 1,019 Penticton residents who had been positive to the TB skin test one year ago, received their chest X-ray during the first week of May. This represented over 70 percent of the individuals found to be positive to the skin test about one year ago. The percentage coverage in West Summerland was slightly better at 76 percent where 254 individuals had their chest X-ray.

In all 13,315 Penticton and West Summerland and area residents were screened by "Operation Doorstep" in 1960. 114 of these individuals required additional medical examination. Among the findings of the survey were 13 new cases of tuberculosis, 18 previously known cases of tuberculosis, 6 individuals classified as tuberculosis suspects, 5 old cases of pleurisy, one heart condition, 15 apical fibrosis, 16 healed primary complexes and calcifications, 27 other significant chest conditions including 2 lung cancer patients.

The words of the text spoken by the Lord Jesus Christ in Matthew 6:33 teach us that spiritual things must be put ahead of all other pursuits. Only as we do this are we Divinely assured that all other needs will be taken care of.

How different is the approach of the majority of mankind to the problem. We think that we have so many important things to be done that we have little or no time to seek God, to pray, to read His Word or attend the place of worship. We have placed the emphasis on secondary things and are losing tremendously by doing so.

We have only to read in sacred and secular history of the success of men who have put God's kingdom and His righteousness first in their lives to see that the Divine injunction is the solution to our problem.

# Graduation exercises for Jack & Jill classes

Mrs. F. M. Stewart, teacher, officiated at the 13th annual closing of the Summerland Jack and Jill kindergarten school.

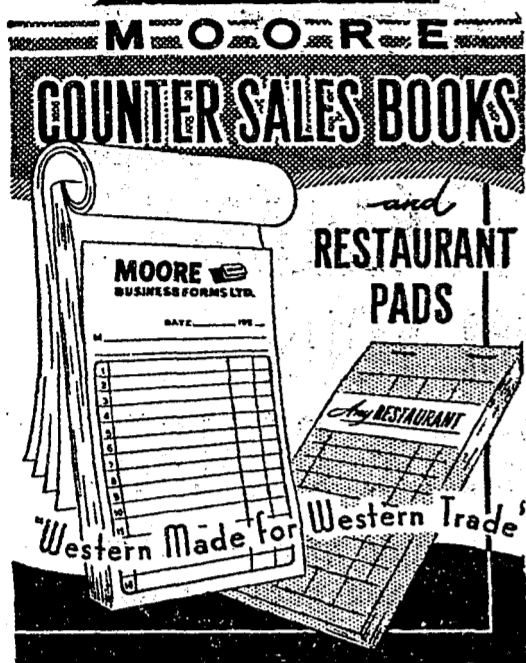

Singing games, playing Swiss melody bells to note, and a rhythm band were part of the morning exercises.

Mrs. J. L. Mason, who has been giving speech lessons at the kindergarten told a story

to the children, and Mrs. Stewart's two assistants, Mrs. Roy Kuroda and Mrs. Mel Ducommun, also helped carry out the program.

John Cooke, principal of the elementary school, gave out the graduation diplomas and perfect attendance badges to Ian McIntosh and Donald Cockell.

Children graduating were: Mark Bloomfield, Patricia Bonaldi, Susan Coates, Don Cockell, Colleen Croft, Susan Downing, Larry Dunsdon, Jeffrey Estabrook, Susan Fell, Barry Fitzpatrick, Douglas Gardiner, Lois Goodland, Barry Harrison, Cheryl Hecker, Charles Hodge, Harold Howard, Gerald Huva, Johnny Irvine, David Lenzi, Christopher Loan, Mairi Anne Longmore, Wade McGregor, Irene McCrae, Paul McInnes, Ian McIntosh, Lee Miltimore, Eric Munn, Julian Noel, Katherine Perry, Kenneth Powell, Kathy Proverbs, Shirlene Potter, Jenny Skippings, Rita Simpson, Marjorie Smith, Sheila Thomson, Judy Walker, Maureen Welsh, Robert Weins, John Wilson.

Australian explorer Terry Whitfield, 28, and his Eskimo sweetheart, Anne Witaltuk, 25, a former air hostess, have run into a snag in their romance which began in the Arctic. Terry says he was fired from his job in the Mid-Canada radar line because of his love for Anne. A clause in his contract stated that natives and Eskimo villages were considered out of bounds and personnel were prohibited from fraternization or association with the native population. However, cupid was not bound by any clause or contracts. The House of Commons is investigating the clause.

## Figure skating starts July 3

Figure skating starts July 3. A professional from Sun Valley, Idaho will teach figure skating in the Summerland Arena this year, secretary treasurer of the Rink Association Phil Munro has announced.

Mrs. Carol Mittur, her chiropractor husband, two daughters, Christine and Allana, were here last week and will return to instruct in August along with five girls from Seattle already enrolled. More students are expected from the States. Mrs. Mittur has taught at Sun Valley for a number of years.

Accompanying the Mitturs were Mr. and Mrs. Ray Ells of Seattle who will come here for their holidays while their daughter skates here.

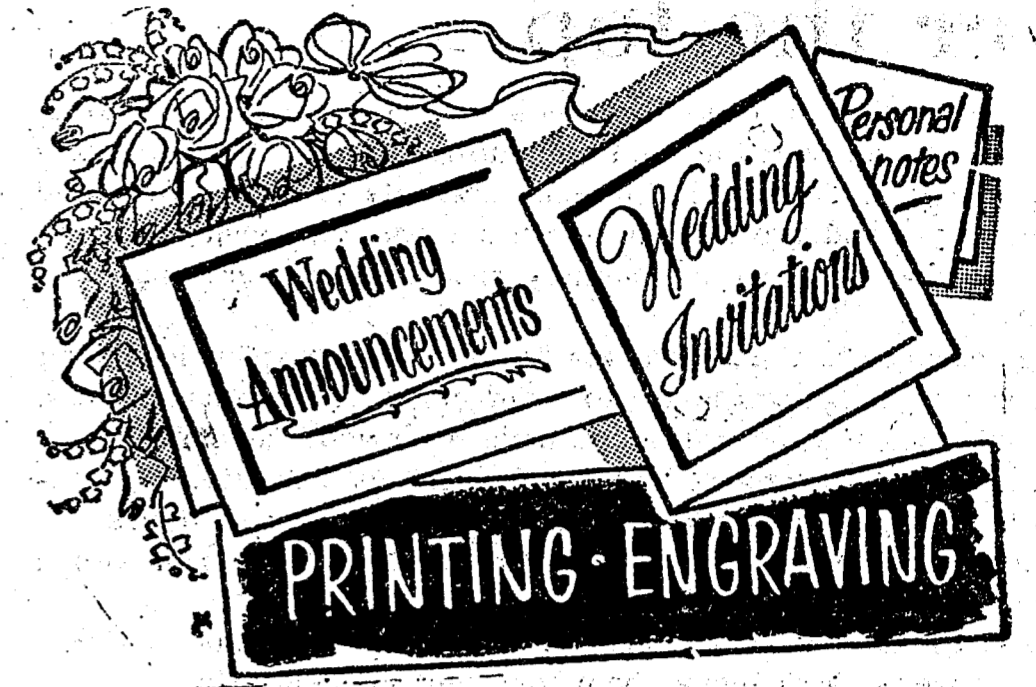

Twenty-two skaters have signed for the summer sessions, to date. Six are from Nanaimo, one from Vernon, five from Seattle, four from Summerland and the rest from Penticton.

Sandra Mitchell of St. Boniface, Man., a skater who has won all the figure skating tests and medals at the age of 15, now turned professional, will also be here.

Miss Dolores Causier will teach the summer school.

The municipal crew is busy putting water from the creek behind the arena into the building for cooling and refrigeration. This is well on the way to completion.

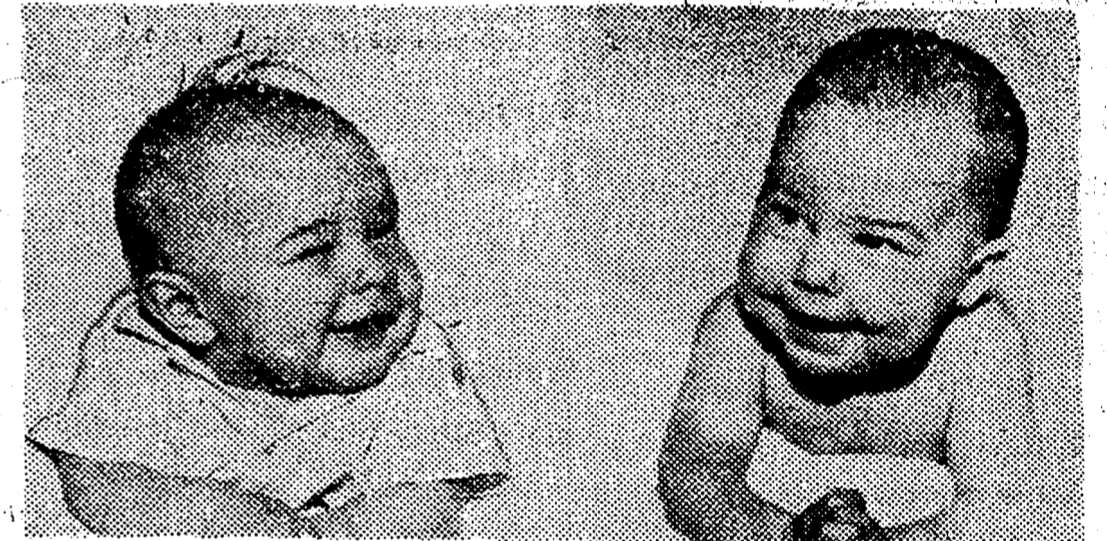

Plans are being made for the summer bonspiel to be held on June 25 to 30.

Canadian artist Frank Panabaker, of Ancaster, Ont., stands beside two identical paintings, but only one was done by him. Mr. Panabaker himself was fooled by the bottom painting which he noticed in a florist shop window. The painting looked dull so he offered to varnish it. Then he realized it was a forgery. The work, entitled Georgian Bay Pines, was sold to Mrs. Churchill Mann of Toronto in 1952. Mr. Panabaker has not discovered who did the forgery.

Ian Bertch, in stringed instruments, Professor Welke in brass and Mrs. Welke in woodwinds.

A completely new course this year is puppetry. In Miss Biss-hopp's workshop students will learn to make rod, hand, shadow and stringed puppets, will write scripts and take part in an actual production of puppet play.

The length of courses varies from a concentrated week end to three leisurely weeks. Fees for children are \$5 to \$50. We can give our children a wonderfully rewarding experience by registering them for any of these classes.

Awards day at the high school is June 16 and at the elementary school June 29. These schools will gratefully accept scholarships for students or contributions toward scholarships, to be given at the awards day. Those wishing to present scholarships should contact J. Tambllyn or J. Cooke before June 12.

## Red Sox drop two to Vernon Sunday

The Vernon Esso's Junior baseball team took both ends of a junior league double header from the Summerland Red Sox,

in games played here Sunday.

Scores were 9-5 and 10-1. By winning both games the Vernon team took over first place in the league standing, dropping Summerland into a second place tie with Penticton.

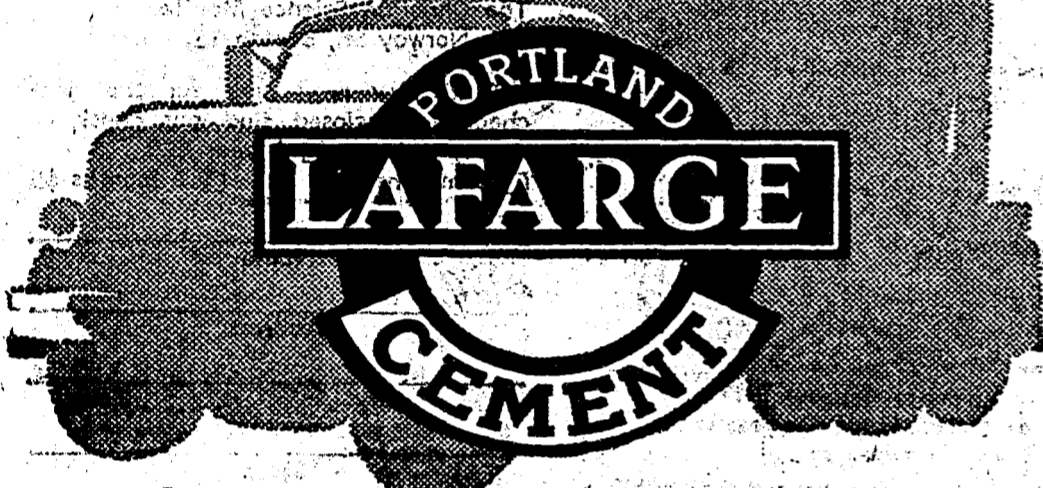

The first game was close for four innings but Vernon wrapped up the game in the fifth with three runs. Thompson started on the mound for the Red Sox and took the loss. He was relieved by Sheeley and Menu. Main went all the way for Vernon and took the win.

The second game was never in doubt as Vernon jumped on the Red Sox starting pitcher, Skinner, for four big runs in the first inning, and never looked back. Brennon relieved in the fifth and pitched good ball. Skinner took the loss and Mc-Mechan picked up the win.

Line Score

These huge planes, the Lockheed C-130B Hercules cargo carriers are being used to airlift the greatest weight ever moved by the RCAF during the semi-annual equipping of Arctic weather-reporting stations. The U.S. built plane shown here was first used for such work in the South Pole U.S. stations. The Canadian operation finishes the middle of this month with an airlift from 435 Squadron, Namao to Churchill. The airlift began April 8.

## Cafe Aces top softball league

Macs Cafe Aces are on top of the inter-city senior men's softball league, after winning five and tying one game in their last six games.

Last Thursday at Summerland Aces defeated Penticton 6-5 in a close game. In a game here Monday night the Aces won

over Osoyoos 10-6.

Due to only three teams in the league, some of the Macs Cafe Aces home games will be played on Monday.

Next league action will be Monday, June 12 at 7 p.m. when the Aces meet Penticton in the park opposite the band shell. Be sure to attend and watch some good softball action.

## Square 'em up

Twelve members of the Pairs and Squares attended the Peach City Promenaders dance in Penticton last Saturday night. Bob Emerson gave the dancers a fine evening in spite of the very warm weather. We learned the very intriguing new two-step, Shortcake, and certainly are looking forward to Bob and Mary's instruction next winter.

This Saturday, June 10, Wheel 'N' Stars are having Ray Lindeveau of Hoquiam, Wash., and are serving turkey supper, all for the admission of \$1.50 each.

Chuck Inglis will be at Westbank the same night, with buffet supper serve.

The following Saturday is Pairs and Squares party night with Chuck Inglis MC. Hope the weather is kind and that everyone will be able to enjoy an evening of fun before the heavy summer work starts.

**Free washing  
on Friday, June 9**

The doors of Summerland's new Westinghouse Laudromat will open officially at 9 a.m. on Friday, June 9. Summerland housewives (fathers too) are invited to bring in the family wash and do it free on Friday, soap will be provided. Come in any time between 9 a.m. and 9 p.m. to attend the grand opening of the laundromat next to T. S. Manning Lumber. Free giveaways for mom and the kids.

Mr. T. S. Manning, owner, is busy completing the installations for the grand opening Friday.

Summerland residents will be pleased to find the very latest in automatic laundry equipment at their disposal. Washing time can literally be cut in half. Instead of loading and reloading the family washer housewives will find sixteen automatic washers and eight dryers at their fingertips. A water extractor is available to damp dry ironing pieces. Clothes can be washed, dried and folded ready to put away in less than an hour.

The washers and dryers are a restful blue shade that contrasts very nicely with the pink walls and splatter pattern tile floor.

Small portable tables facilitate the removal and folding of the wash after drying is finished. The laundromat is open 24 hours a day Monday to Saturday. It closes at 10:00 p.m. Saturday to 6:30 a.m. Monday.

This new service for Summerland is not only an asset to local residents, but should prove an attraction to tourists in our vicinity.

The new laundromat has been planned and designed to take the drudgery out of washday. It is fast, efficient and entails a minimum of fuss and bother.

**This week  
in your orchard**

by Alec Watt,

Severe outbreaks of Apple Scab have been found in two local orchards. In these cases no pink spray had been applied.

A smattering of Scab may also be found in many other places.

The rain which fell early on Tuesday morning may have been enough to start up new infections in those orchards where Scab is already visible. As the present shower activity may continue it is considered advisable to apply a Dodine spray immediately in those orchards where Scab is already visibly active. If a Scab spray was applied in the past ten days this is not necessary.

Even where Apple Scab is not yet showing there is a good chance it will develop later on particularly in areas which have been previously troubled. Growers who are able to spray within 60 hours of the start of a rain would be well advised to have a stock of Dodine handy for use in case of emergency. However, where the orchardist does not have ready access to a sprayer he cannot rely on spraying in time to eradicate the Scab after the infection has started. In this case preventative spraying is the only reliable measure. This means trying to anticipate the wet spells and spraying before they occur. In normal years the middle to the latter half of June brings rainy weather. It is therefore, reasonable to suggest that a spray of Dodine applied within the next week would provide Scab protection during this critical period. This may be combined with the cover spray or Codling Moth.

Mr. and Mrs. A. S. Matheson of Kelowna attended the high school graduation on Friday afternoon when their granddaughter, Helen Farrow, won the local Teachers Association bursary.

### Under the Giant's Head

The local RCMP office has a number of "found" items at their office in the municipal building. A recent addition was a tire and wheel picked up on Pender Street. If you have lost any item in the past few weeks, a check with the RCMP office might turn up the article for you.

In our article last week on courses for children at the Okanagan School of the Arts, fees are from \$5 to \$10, not \$5 to \$50.

Mr. and Mrs. A. C. McEachern parents of Mrs. Cormie McArthur of Trout Creek are on a tour of Scotland and England. In a recent letter to their daughter, they told of reading the Summerland Review at British Columbia House in London. They enjoyed reading the back copies of the Review, and in the April 18 issue found a social note saying their had left for their tour!

A check with a local census taker finds the work progressing quickly. The census will be completed locally by June 21.

The report from the Research Station shows the weather this past week was a bit cooler with .35 inches of rain and 64.1 hours of sunshine.

Word has been received of the death of Rev. David Cruden Davidson on June 8 at Ardrossan, Ayrshire, Scotland. Rev. Davidson served as United Church minister at West Summerland from 1941 to 1944. He was an active member of the Singers and Players. Prior to coming to Summerland Rev. Davidson served 35 years as a missionary of the Church of Scotland in Manchuri. He left to reside in Scotland in 1944. He leaves to mourn his loss his wife and one daughter in England.

Summerland Mac's Cafe Aces are continuing their winning ways. After taking two from Pentton, Aces are now on top of the inter-city league.

Last Thursday at Pentton, the Aces defeated the Pentton boys 11-1, and on Monday in Summerland took a close one from Pentton 4-1.

Next home game for the Aces is Thursday, June 22 at 7:00 p.m. at the new ball park.

The works of Irvine Adams and Mrs. A. J. Mann, who paints under the name of Vaughn Grayson which is currently being shown in the local library will be on display for the next few weeks before being sent away to other exhibitions elsewhere in the province and beyond.

## May improve Five Corners

Further development of Five Corners by installation of a fountain was suggested at the regular dinner meeting of the Chamber of Commerce last Thursday. The idea, introduced by Bob Barkwill, brought immediate response from members, and many further improvements were suggested, including colored lights. Mr. Barkwill was appointed to chair a committee to bring back further details as to the fountain.

Treasurer E. R. Butler presented E. H. Bennett with a cheque for \$300 for the Parkdale Place furnishings fund.

It was announced that tourist brochures have been sent to the coast, interior B.C. points and Alberta, as well as being available at local tourist centres.

Bud Rusaw of the roads committee recommended that Victoria Street be made a through street and that stop signals be changed to both sides of Victoria. A recommendation will go to municipal council to this effect.

Discussion was heard regarding reducing the speed limit on Highway 97 at Trout Creek and RCMP will be asked to enforce the present speed limits.

RCMP will also be asked to start night patrols at Powell Beach, and it was asked that work be done at Powell Beach to remove spear grass. Mr. E. H. Bennett of the parks board, said he would attend to the matter through the board.

## Flower Show next Tuesday

A beautiful and abundant display of flowers is expected when the Summerland Horticultural Society holds its annual Rose and Flower Show. This event is scheduled for Tuesday, June 20 at the Anglican Parish Hall from 3 to 9 p.m.

Due to the recent cool weather, it is expected to have a good quality of blooms. Many gardeners will notice lovely rich colorings to their roses this year.

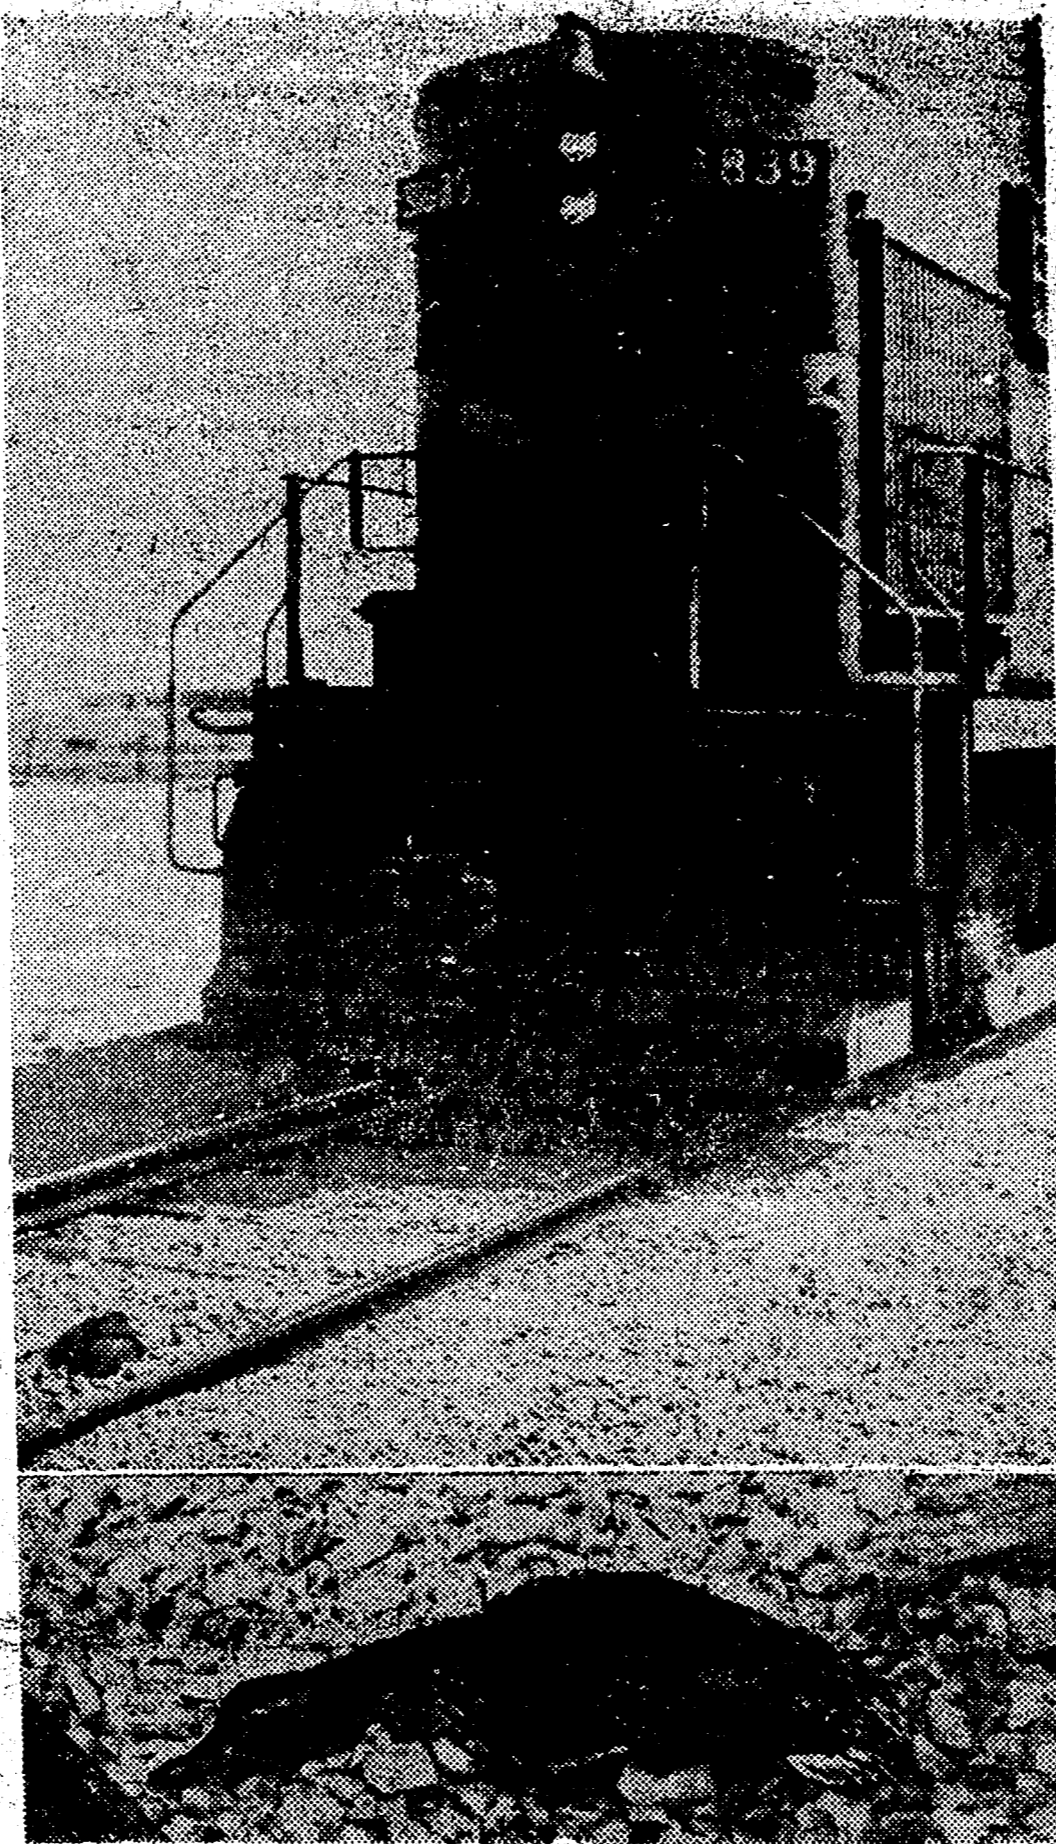

Classes will include: individual roses classified by color, bowls of floribunda roses, artistic floral displays, competition for best delphinium spikes, bowls of pansies and miniature arrangements. All entries must be staged by 1 p.m. as judging starts at 1:05 p.m. sharp.

Throughout the afternoon and evening tea will be served. It is hoped to have a good turnout to see "the cream of the crop" of Summerland gardens.

## WINS IOOF BURSARY

John Downton, grade 12 student at Summerland high school has been awarded a \$250 bursary by the IOOF. The IOOF make six of these awards each year from a provincial bursary fund set up by the groups throughout the province, to students entering UBC.

John is the son of Mr. and Mrs. Wm. Downton and was class valedictorian this year.

The crew of a Canadian National Railway train could hardly believe their eyes when they came upon this young mallard duck hatching a clutch of eggs on the track at Rexdale, Ont. The duck refuses to move, so twice a day the train is stopped, the duck is carefully lifted off her "nest" and then put back after the train has gone by. Bottom view shows close-up of determined mother-to-be. Note large egg just visible.

## Council briefs

Councillor Norman Holmes announced the name of the staff chosen for Parkdale Place at Tuesday night's council meeting. Mrs. Regina Cornish will be matron and Nellie Moojelski cook. Both will live in the home. Mrs. May Campbell and Mrs. Irene Adolph are the two maids. Official opening of the new senior citizens home is at 2:30 p.m. June 30.

104 applications have been received for domestic water in Trout Creek, municipal clerk G. D. Smith reported. Plans were made to obtain final figures for cost of the tank, pipe and other necessary materials. Work will also be started on preparing a by-law.

Councillor Bill Barkwill of the road committee spoke on the need for a mower to cut the long grass on municipal roadsides. Council authorized the purchase of a hydraulic sickle bar type attached to a tractor. Good co-operation of local residents in cleaning up the edge of roadsides by removal of tree stumps, clippings and stones was reported.

Acting on a request from the Rotary Club council moved that Rotary Beach be closed to the

public from 8 a.m. until 12:30 p.m. Monday through Friday during the time that Red Cross Rotary swim classes are in operation. Classes start July 17. Mrs. Bert White of Trout Creek was appointed to the Summerland Recreation Commission. Electric light applications were approved for G. Parker, M. H. Knuff, F. E. Atkinson and T. M. Croll. Domestic water applications were approved for R. P. Best, J. Uytterhaegen, and T. M. Croll.

## Delegate to Ottawa

At a recent meeting of the Okanagan Boundary Federal Social Credit Association it was decided to contest the seat at the next federal election, and to hold a nominating convention at Okanagan Falls Friday, July 14.

The council delegated Mrs. Topping of Oliver, J. C. Armstrong, and K. P. Donale of Grand Forks, along with L. A. Miller of Summerland and W. B. Cartor of Pentton as representatives at the forthcoming leadership convention to be held in Ottawa the first week in July.

## Yacht Club official opening Saturday

Summerland's new yacht club, one of finest clubhouses in the interior of B.C., will be official of the finest clubhouses in the day, June 17.

Guest speakers for the occasion will be G. C. Johnston, president of the Chamber of Commerce and Reeve F. E. Atkinson, who will speak on behalf of the corporation of Summerland.

Tea and coffee will be served and the public is cordially invited to the grand opening.

Commodore L. A. Smith and all the members of the Summerland Yacht Club are to be heartily congratulated on the tremendous effort that has gone into the construction of this fine club house. Situated at the bay in Summerland by the trout hatchery the club house, a roomy 78 feet long, is an L-shaped building. The main lounge is 28 feet by 48 feet with a plate glass windows giving a wide view of the breakwater moorings and across the lake to Naramata.

An out-size fireplace, a work of art in itself, adds to the pleasant atmosphere of the place.

Inside finish of the lounge is mahogany. Floor is two toned beige tile laid in an effective pattern with a tiled ceiling.

There is a kitchen, toilet facilities and refreshment room handy to both the main lounge and to the meeting room.

The good sized meeting room is located in the toe of the "L" with plate glass windows having a beautiful view to the south and east.

There is ample parking space outside and plans are underway for landscaping of the area.

Most of the construction work other than the original cement slab laid by R-M Enterprises and the fire place, has been carried out by yacht club members.

Following the official opening ceremonies on Saturday, a free dance for adults will be held in the evening starting at 9:00 p.m., featuring Tony Stoltz Orchestra.

## Over 200 attend local Art Show Friday

More than 200 people attended the eighth annual exhibition of the Summerland Art Club last Friday afternoon and evening. The show was held in the local library with additional paintings displayed in the volunteer services room of the Health Centre where refreshments were served.

The exhibition included approximately 100 paintings by a variety of local artists some of whom were exhibiting for the first time. Media included oil, water color, gouache and pastel. Some Japanese style panels attracted much attention, as these were made from rice paper with which club members have recently been experimenting. The effect of these paintings was particularly intriguing. The color tones were delicate and designs impressionistic.

Spherical and Origami mobiles, the latter made by Ivy Mason were also on display and a table of pottery by Peggy and Des Loan.

Irvine Adams painting "Okanagan Lake from Vancouver Ave." won the popular vote, with Robert Brinton's "Driftwood" coming a close second.

A number of paintings were sold, and Mrs. Harry Hackman of Trout Creek won the painting which was raffled.

Sufficient funds were raised to enable the Art Club to present a scholarship for the Summer School of Fine Arts in Pentton, and also to make a donation towards the cost of the additional room now being constructed at the library.

Guests were present from Ke-

lowna, Peachland, Pentton, Oliver, Cawston and Keremeos.

The bright pastel colored walls of the library and the health centre lent a pleasant background to the show.

## New teacher appointments

Teacher appointments and resignations were announced at last week's regular school board meeting.

Those appointed to the staff of Macdonald Elementary were Miss Doris Munden of Keremeos; Noel Grout who is temporarily replacing E. F. Weeks, granted a year's leave of absence to attend UBC.

Mrs. C. E. Emery of Summerland was added to the staff to teach slow learners' class.

Miss Pauline Richardson of Powell River is the appointee for girl's physical education and other subjects in the high school. Resignations were received from Mrs. Maureen Grant and C. J. Clement from the high school and Miss Margaret Lott from Trout Creek.

All transportation contracts expire June 30 and the secretary was instructed to call for tenders for all bus routes with no change excepting Meadow Valley which in future will terminate at Faulder.

Further discussion took place regarding offering the Interrupted Adult Education program as part of night school sessions this fall. The board agreed in principle to commencing two (Continued on back page)

# WI plans for international picnic

A very enjoyable afternoon was spent at the lakeshore home of Mrs. L. W. Rumball on June 9th when the regular monthly meeting of the Women's Institute took the form of a garden party with Mrs. Eric Tait as convenor.

There were 38 members and one guest present. The guest was Mrs. Towgood, Sr. of Oyama who recently celebrated her

60th wedding anniversary. The roll call was answered by the members giving their opinion to the question, "Do you welcome summer visitors with pleasure or dismay?" The replies varied, the majority though were with "pleasure".

It was noted that 15 complete layettes and many other articles were received for the Unitarian Services. Mrs. A. Flem

ing took them out to the receiving depot in Vancouver. 75 news items were turned in for the month of May. Members were asked to contact Mrs. G. Inglis, Mrs. Wm Brown, Mrs. Alex Inch and Mrs. W. Rothwell during the summer months if they had any news to report.

Mrs. McLarty accepted the position on the board of directors in place of Mrs. W. R. Powell who found it necessary to resign on account of ill health.

The International Border picnic will be held at the Resarch Station July 18, registration to commence at 11 a.m. The picnic will take the form of a pot luck lunch, each member bringing one article of food, also their own plates and cutlery. Beverages will be served by the Penticton and Kelowna branches. It was also requested that each Institute in the district bring some articles of painting and handicraft work for display. Miss Dorothy Britton will give a demonstration of Sun-Rype Fruits etc.

The Chamber of Commerce has requested that the WI assist them again with its annual fall fruit fair.

It is expected that morning coffee parties will be held during the summer, the first one to be at the home of the Misses Florence and Eva Howden at 10 a.m., June 21.

There will not be any meetings during the summer months but the first fall meeting will be held August 31 in order to make arrangements for the fair. The place will be announced later.

Mrs. Eric Tait presented Mrs. Alex Inch who gave a very enjoyable demonstration on flower arrangements. Tea was then served and a social time enjoyed by everyone.

## Jack Kirk to show slides

The June meeting of the Camera Club, to be held in the Health Centre building on Monday evening, should be most interesting to members and guests. Jack Kirk will show slides taken during his visits to Mexico. Arrangements have also been made for the showing of a series of slides entitled The Cariboo Trail. This series was compiled by the New Westminster Camera Club.

This will be the final meeting until September although it is hoped that occasional field trips may be planned during July and August.

## Good Investment Service Is one of B of M's "21 Ways"

Many Canadians don't know that their local Bank of Montreal manager can help them increase their assets through the buying and selling of securities — that this is one of the "21 ways" 2 million Canadians use the B of M.

Through systematic saving, far-sighted people usually accumulate a reserve fund of cash, some of which could be put to profitable use through wise investment in various securities. Jock Johnston, Manager of the Summerland B of M branch, is always ready to put his investment knowledge at your disposal. Whatever you choose to discuss with him will be handled in absolute confidence, of course, and when the time comes to buy or sell securities, the Bank can look after all the details for you.

With the friendly help of your B of M manager you can increase your income by a wise investment program. Why not drop in at the Summerland branch of the B of M when you are next passing the bank and have a chat with Mr. Johnston.

## Local exhibits at Writers Coffee Party

The second annual Writers' Group Coffee Party on May 31 at the IOOF Hall in Penticton created great interest. The attendance was greater than last year and it is hoped that this increase of interest will continue through the years.

Among the 75 people who attended many were from Kelowna, Summerland, Oliver and Osoyoos as well as the members of the group from Penticton. The object of these annual parties is to bring together writers in the Okanagan Valley to talk over their work and examine the works on display. These were many and varied: poetry, short stories, historical and other articles.

Summerland was well represented in the display. Mrs. Irvine Adams' poem "Indian Soliloquy" was, a few years ago, chosen by the Canadian Authors' Association for poetry and won third place in Canada among 700 entries. It appeared in the Canadian Year Book of Poetry. Other poems by Mary Squires and Kay Norstrom were displayed as well as short stories by Vernon Hockley and Madeleine Alstead. Articles were by Mrs. T. M. Croil, one on a Summerland writer, Brian Atkinson; and others by Bert Stent, Kay Norstrom and Madeleine Alstead. Mrs. Alice Wright kindly lent the historically interesting collection of poems and writings by her mother, the late Mrs. John Fall Allison. Mrs. Mary Orr was represented by an account of Summerland's first bride and other reminiscences of early days and pioneer families.

Speakers at the gathering were introduced by Mrs. W. R. Dewdney. Mrs. Gordon Reade, who has done a great deal of radio work gave an interesting account of broadcasting with some practical advice on radio work. Dr. W. J. Rose, author of many historical works, talked on the value of books which could never be replaced by radio and television and ranked the art of printing, which made books possible, as one of the greatest inventions of man and one of the main forces in civilization.

A very pleasant note was added to the evening when the well known columnist, Elmore Philpott, who now lives in Okanagan Falls, gave a short talk

on his newspaper work and admitted to having written an Okanagan novel "like most of you" which has not yet found a publisher.

Several new members joined the Writers' Group which will begin fall meetings in October. — M.A.

## See British Columbia first

We're glad to see more and more B.C. publications promoting the idea of holidaying in our own province and we think the following article from the Headlight, official magazine of the BCAA illustrates an important point.

"Have you ever lazed in the sun and bathed in the warm waters of the Okanagan . . . hooked a fighting trout in the blue lakes of the Kamloops region . . . dodged the giant Pacific breakers at Long Beach on Vancouver Island . . . driven north to the Yukon along the Alaska Highway . . . panned gold for fun in the Atlin district . . . hunted in the Invermere Valley with the grandeur of the Rockies and the Selkirks on either side?"

And you good people in the Interior of B.C., how about visiting Vancouver and Victoria? They just happen to have everything that a big city and a capital city should have.

British Columbia can offer the vacationer everything from luxury living to rugged mountain holidays . . . from world-famous entertainment to rodeos.

The more British Columbians spend their holidays in their own province, the more motels and hotel building and renovation there will be, providing jobs for construction industry workers. More B.C. food, clothing, gasoline and oil will be purchased (if we must pay tax on gasoline, it might as well be to the BC government)

We don't purport to be economists, but it is a known fact that each new dollar spent will circulate at least three times. So try this piece of mathematics:

1 family holiday in B.C.	\$ 200
x 10 families	2,000
x money circulates 3 times	6,000

equals at least one job for a British Columbian.

It may be yours!

## Library Review

by Kay Dunsdon

One of several new books in our library is Barry Mather's book on New Westminster, written in collaboration with Margaret MacDonald, which brings to light the remarkable past of that historic city. The story of the gold miners, and the Royal Engineers with their amazing feats of survey and construction is well told, in easy to read style.

"The Living Land", by Roderrick Haig-Brown, the Campbell River sportsman and naturalist has been given excellent notices by reviewers.

This work was commissioned by the B.C. Natural Resources Council to tell of natural resources in BC and focus interest in the important subject of conservation. R. Haig-Brown is well qualified both as a writer and naturalist.

"Down Among the Dead Men" is a real novel of suspense by Patricia Moyes and will please those who like murder and detection stories.

## To attend convention

To seek unity with our fellow man is of utmost importance in this day and age. This can be accomplished by applying Bible principles in our daily lives. This is why Mr. Jack Prior, Summerland orchardist, will be attending the United Worshipers District Assembly of Jehovah's Witnesses at Empire Stadium in Vancouver on July 4-9. Also, because we believe that unity in worship must begin in the home, my family will be going with me.

With some 20,000 to 25,000 delegates expected from four northwestern states and four western provinces of Canada, the convention will take on a truly international atmosphere. Sponsoring the six day Bible-training sessions is the Watch Tower Bible and Tract Society with world headquarters in Brooklyn, New York.

Mr. Prior has been a resident of Summerland for twenty-four years and has been associated with the local congregation of Jehovah's Witnesses for

## Individual responsibility

by Rev. P. K. Louie

When Jesus came to this world he did great things. He died for us, He did things for us that we can never do for ourselves, but He didn't do everything. He left many things up to us. And wo the Kingdom is here and yet it's not here. This is the paradox of the Christian situation. The Kingdom is here.

What God wants is not puppets but persons. If he had done everything for us, we would be nothing but puppets. We must grow spiritually and thereby, in undertaking his tasks with him as a basis of co-operative

venture, we are made strong and the Kingdom comes through a redeemed humanity.

Think of that great hymn, "What though the Kingdom long delay and still with haughty foes must cope, it gives us that for which to pray, a field for toil and faith and hope."

Where would you and I be without that challenge? Paul said: "Work out your own salvation with fear and trembling" (Philippians 2:12). So God guides but He doesn't override. What we are is a gift from God, what we become through the Holy Spirit is our gift to God.

## HOW MANY HAVE A BANK ACCOUNT?

Chances are they all have / Because nowadays practically everybody is a bank customer. And they go to the bank so often and for so many reasons: to deposit savings, arrange a loan, buy or sell foreign exchange, purchase money orders . . . ## Teen Town Topics

We would like to thank Cpl. and Mrs. Martin for chaperoning our June 10 dance. A regular dance will be held this Saturday in the IOOF hall.

The rest of this week's column will be devoted to the speech given by Teen Town's candidate for fall fruit fair queen, Audrey Beggs, at the recent band concert. The speech outlines the formation and the ideals and aims of the Teen Town movement:

The first Teen Town movement originated in Penticton. A group of young people formed an organization which they could administer themselves to use their spare time in useful activities.

Most teen town activities fall within three broad areas: leadership, community service and recreation.

A code of ethics was drawn up in which home, country and parents were to be honored and the opinion of others respected.

Another rule is to obtain an adequate education to fit us for the tasks of life, to respect the law and to always remember that before God all men are equal regardless of race, creed or color and that sportsmanship is more important than winning the game.

Municipal government procedure was followed at their meetings, and the success of the movement in the Okanagan stimulated the acceptance of teen town throughout B.C. and also east of the Rockies.

The first conference was held in 1946 and basic outlines of provincial organization was ap-

## J. E. O'Mahoney honored at Kamloops

Summerland representatives at the spring meeting of the Okanagan and district regional council of the B.C. Hospital Association held Saturday, June 10 at the Royal Inland-Hospital in Kamloops were R. S. Alstead, president of the Summerland Hospital Society; Mrs. R. Butler, matron; Harvey Wilson, administrator; and J. E. O'Mahoney, past administrator. The meeting was well attended with 56 members present from Revelstoke, Oliver, Penticton, Summerland, Kamloops, Vernon, Kelowna and other points.

An interesting talk was heard from Dr. G. M. Martin, path-

ologist at the Royal Inland Hospital, on recent developments in hospital laboratory services. Dr. Martin was thanked by R. S. Alstead of Summerland.

Other speakers heard were Mr. J. V. Hughes, chairman of the trustees division, B.C. Hospital Association, speaking on hospital trusteeship; and Dr. J. L. M. Whitebread, director of emergency health services, speaking on B.C. emergency health services. A group discussion was held on hospital disaster plans. Summerland's past hospital administrator, J. E. O'Mahoney, was presented with a spinning reel by regional council chairman Frank Laird, who spoke briefly on Mr. O'Mahoney's useful work and interest in regional matters.

At the fall meeting to be held in Penticton the panel will discuss public relations with newspapers.

## Teachers elect officers

At the annual general meeting of the Summerland Teachers Association held Tuesday, the following slate of officers was elected to serve the 1961-62 term: president: Ray McNabb; vice-president: John Tamblin; secretary: Mrs. M. Roberge; treasurer: P. Andrew; public relations: B. Stent; agreements chairman: A. Raham.

pointed and later regional associations were formed.

In 1950 the Fraser Valley Association launched the first north west square dance festival, which are now held by various districts all over B.C.

Summerland Teen Town was organized in 1952 in a small way but now we have grown in size and each year we have taken on a helpful project. Last year Summerland took the lead in the March of Dimes campaign and were awarded a prize for collecting the third largest amount of money in B.C.

Our project for May has been to use our money collected from teen town dances to help furnish a room in Parkdale Place. In the past year delegates have been sent to three conferences in the valley and in Vancouver.

Teen Town offers a challenge and opportunity for mature minded young people to accept responsibility, as a sort of test flight for future years.

## Getting ready for Summer Bonspiel

president Harry Hackman.  
A work party started work in the arena Wednesday evening in preparation for the annual summer bonspiel June 25 to 30.

### Fishing Report

Summerland Rod and Gun Club reports good fishing in all local accessible lakes.

On Sunday one fisherman on Okanagan Lake reported catching five Kamloops Trout, weighing up to 5 lbs.

Fishing in the mountain lakes is good, and spawning is almost finished in the lower lakes.

Limit catches have been taken out of Pennask Lake in a few hours, with nice Kamloops and rainbow trout weighing up to three pounds reported.

The bulldozer is finished on the road improvement at Pennask and another work party is planned for this Sunday, starting out at 7 a.m. from Smith and Henry's. Bring your picks and shovels.

So far twenty entries have been received from local curlers and Kelowna and Penticton rinks. Last year 24 rinks were entered and the executive is hoping for more this year.

This year it will be evening curling only in order to allow business people to participate. Plans are being made for all day Sunday curling and two events each evening.

Fees are \$20 per rink. Further details may be had by contacting Summerland Curling Club

### Square 'em up

Summerland square dancers visited at Westbank and Penticton last Saturday. Ray Lindeneau called for fifteen squares at the Wheel 'N' Stars party, a very lively crowd, with a high level of dancing.

Chuck Inglis kept the dancers happy at Westbank in his usual perky way.

This Saturday, June 17 is our Summertime Party Night. Gladys and Nettie are keeping the refreshments as simple as possible because everyone is very busy outdoors just now, but the menu sounds inviting just the same. We aren't asking teenagers to decorate because exams are in session. Anyone who has any flowers to contribute is asked to phone Ruth Mann in the evening please. Peonies would be especially suitable.

See you all next Saturday, when Chuck Inglis squares 'em up at the Youth Centre.

## Red Sox tie again with Penticton, 8-8

The Summerland Red Sox and the Penticton Juniors clashed again last Wednesday evening in Penticton and once again no decision could be reached. The game was called on account of darkness at the end of eight innings, with the score tied 8-8. This is the third game played between these teams this year. Two ended in a tie and the local boys won the other. As an example of how close these teams are, in 28 innings the Red Sox have scored 25 runs and Penticton 24, while Penticton has had 30 hits to the Red Sox 29. Both teams are tied for second in the league with identical 5-4 records.

The game was highlighted by home runs, with Skinner and Thompson each getting one with a man on base. Sheeley went all the way on the mound for the Red Sox while Penticton used Wilson and Allencott.

There will be no more games for the Red Sox until after school exams. On June 25 the Red Sox go to Vernon for a double header.

"Jake and the Kid" Author to  
teach course at summer school

by Madeleine Alstead

The second session of the Summer School of the Arts opens on July 3rd and extends to July 29. Many interesting courses are offered by outstanding instructors, several of whom taught here last year. Two new courses are included in this summer's program, puppetry and sculpture.

Great enthusiasm is being shown in the course in Creative Writing by the well-known writer and playwright, W. O. Mitchell, many applications being already received from Alberta and other places outside B.C. This course will extend for two weeks, from July 10 to July 22. A Creative Writing Workshop will consist of lectures, morning and evening, the hours of these classes to be announced later. There will also be a series of evening lectures starting July 11.

Mr. Mitchell is famous for his fine novel, "Who Has Seen the Wind", and many short stories and plays and perhaps best of all for his popular radio series, "Jake and the Kid" which will be seen on TV this year, the first program on July 7.

The writer has met Mr. Mitchell and can state confidently that anyone attending his classes will receive great help in the art of writing and warm-hearted encouragement. Mr. Mitchell is a serious and understanding writer and when he was editor of Maclean's magazine some years ago showed great interest in the work of writers. Those attending his workshop or the evening lecture series will hear a fine speaker with great human sympathy and a keen sense of humor. He is "Jake and the Kid".

Music classes will again be under Willem Bertsch, Mrs. Rachel Welke and Walter Carl Welke, and Dr. Lloyd Slind. All who attended these music classes last year will be eager to go on with their work.

Puppetry will be taught in all its branches by Miss Kathleen Bsshopp, B.Ed., and will draw many students to this new class.

Drama for adults will be again under the capable and outstanding instructor, Victor Mitchell, whose work was much enjoyed and appreciated last year. Miss Myra Benson will take young people from 7-15 years old.

Ballet will again be under Miss Lucy Keith whose work created much comment last year.

Art will be under Mr. Peter Aspell from UBC, a well known artist. The children's classes will be taught by Mrs. P. M.

Ritchie.

The new class in sculpture will be under Robert Borsos, who studied sculpture at the Royal Academy of Fine Arts in Budapest and painting at the University of Innsbruck, Austria. He has exhibited in many European centers and in Aus-

tralia before coming to B.C. several years ago.

For more information as to times and fees for these classes, please consult your brochure. Get your applications in for a rewarding summer of work in your favorite hobbies or professions.

The latest equipment in mouth-to-mouth artificial respiration, considered to be the best form, is demonstrated by Helen Derich. The tube is made of soft plastic and is placed in the victim's mouth, over the tongue. Then the rescuer blows into the tube at four second intervals.

## TEACHERS

(Continued from page 1) academic courses for adults in September. The department of education is to be asked to approve this on a five day week basis extending for six weeks with a minimum of 70 hours instruction time.

It was announced that K. L. Boothe, board chairman and vice-president of the Okanagan Valley School Trustees' Association, had been appointed salary chairman for the valley branch at a meeting of the OKVSTA held in Vernon.

## Coming Events

A meeting of the Old Age Pensioners Association will be held on June 20 at 2:30 p.m. in the IOOF Hall.

## Family home

A good modern family home, a nice planted garden and 400 chicken included. Six acres of mostly semi-dwarf trees. This is value that must be seen to be appreciated. \$12,000.00 cash payment, terms available.

## 2 Bedroom Home

1 and 1-11 acres with a good garden and fruit trees. A modern 13 year old 2-bedroom home with full basement. Also an extra cabin on the property. The house alone is worth the price of \$10,000.00. Will consider \$4,000.00 cash and some terms.

### Under the Giant's Head

Frank Tilbe received an exciting piece of news via telegram this week. He has won a 1961 model 14 foot boat with a 40 h.p. outboard motor and trailer, and complete with such accessories as skiing equipment, life jackets, etc. in a national soap contest. All he did for this wonderful prize was name the boat. The name? He doesn't know which one of his entries won!

Our little note in this column last week regarding lost and found items at the RCMP office apparently had good results. Most of the errant articles were returned to their rightful owners, but there is still a pair of oars and a row boat unclaimed.

Well, it looks like summer has come to Summerland, with no rain and 91.5 hours of sunshine recorded at the Research Station this past week.

	High	Low
June 14	88	58
June 15	93	60
June 16	96	63
June 17	90	67
June 18	94	65
June 19	89	60
June 20	82	58

Dr. James E. Miltimore of the Research Station recently added two degrees to his title. On June 5, he received a MSc in farm crops and a Ph.D. in agriculture genetics from Oregon State University at Corvallis Oregon. Dr. Miltimore took his wife and six children with him, taking two days to make the trip down Highway 97, then attending the commencement exercises, leaving Corvallis the next day and returning by way of the Olympic Peninsula and Vancouver Island.

Macs Cafe Aces are leading the way in the inter-city men's softball league by winning a few close games recently. Thursday night at Summerland the Aces will be playing host to second place Osoyoos. Game time 7 p.m. in the play ground park.

Signing the Yacht Club guest book were Commodores from Vernon and Kelowna, several boatloads from Vernon and several more boatloads from Penticton, and yachtsmen from as far away as Victoria, Burrard, Vancouver, and Bellingham, Wash. Yacht Clubs.

Applications can now be made for \$30,000 worth of debentures being issued by Summerland Branch No. 22 of the Royal Canadian Legion for their new club house. They will carry 7 per cent interest and will be issued in denominations of \$50 and \$100. Application forms may be picked up at Smith & Henry's office, or write to Mr. Ken Hickson, secretary, Royal Canadian Legion, branch 22, W. Summerland.

Work has already started on the building on Rosedale Avenue, making one more changing scene in the progress of Summerland.

## Bonspiel starts here on Sunday

Final plans are being made for the Summerland Curling Club's annual summer bonspiel from June 25 to 30. Work crews are busy putting the finishing touches on the ice in the arena preparatory to painting on the "houses" on Friday.

Harry Hackman, club president, told the Review that they could use a few more hands at the work, as they want everything in shape by Sunday. Curling begins at 9:00 a.m. and will carry on throughout the day, with two draws each evening during the following week.

At the moment entries stand at 28 and the executive hopes by Friday night to have a full house of 32 rinks. Vernon is the most distant point to enter so far, with curlers coming from all the valley points.

President Hackman extended a special invitation to tourists staying in the community. Anyone wishing to curl can contact him or any member of the arena executive.

Spectators are invited to sit in cool comfort in the arena and watch good curling.

## 2 break-ins here over weekend

The Sports Centre on Hastings Street and the Summerland junior-senior high school were both victims of breaking and entering over the week end. A small quantity of 22 shells, a few cigarette lighters and 50c in pennies were taken from the Sports Centre. Entry was gained by breaking a small window at the rear of the building.

At the high school entry was made through a window in the drafting room next to the industrial arts room. The only thing stolen was a set of 27 steel letter stamps, but a considerable amount of wilful damage was done. Files were ripped to pieces, some shop equipment was damaged and obscene language written on blackboards.

Local RCMP are investigating both incidents.

## Sprinkling regulations effective immediately

Municipal council has announced that domestic water sprinkling regulations will go into effect immediately in Summerland. Restrictions are the same as last year.

1. Domestic water users whose surnames begin with the following letters — A - C - E - G - I - K - M - O - Q - S - U - W - Y will be permitted to sprinkle and to use two sprinklers on the odd numbered days of the month. No sprinkling permitted on even numbered days.

2. Domestic water users whose surnames begin with the following letters — B - D - F - H - J - L - N - P - R - T - V - X - Z will be permitted to sprinkle and to use two sprinklers on the even numbered days of the month. No sprinkling permitted on odd numbered days.

No open hoses are to be used.

The above regulations to be effective immediately.

How does a young lady keep cool these days? According to 14-month-old Tracy Bennett, of Innis Lake, near Brampton, Ont., just dress lightly and eat lots of watermelon. By dressing lightly Tracy means something in the way of a bikini.

## Many displays at rose show Tuesday

Roses were blooming in profusion Tuesday at the Anglican Parish Hall when the Summerland Horticultural Society held its annual Rose Show.

Classes included competition for best individual roses, artistic floral arrangements, delphiniums and pansies.

Special classes were arranged for the popular florabunda roses.

The Sammett Memorial Cup for artistic display in a three foot space was won by Mrs. A. Inch. William Snow won the Summerland Rose Cup for best six named varieties, 1 bloom each. Grand Champion Rose was won by Mrs. A. Inch.

The Society welcomes Mrs. K. Carter as an enthusiastic new competitor.

The following are winners in their respective classes.

## Plane Crash at Trout Creek Sunday

A sea plane crash near Trout Creek Sunday afternoon claimed the life of a two and a half year old boy, Eugene Parker. The boy's father, Victor Parker and his uncle, Lloyd Parker, the pilot both of Trout Creek, suffered severe lacerations in the crash which occurred only a few hundred yards from the pilot's home.

The Super-Cub sea plane, making a steep turn at low altitude when it spun into the water, was put under police guard near the shore for investigation by Department of Transport officials who arrived here Monday from Vancouver.

The two men were rescued by Eric Larsen of Penticton, one of hundreds of spectators at an Elks' picnic on Camp Soree beach who witnessed the accident.

The young boy was recovered from the wreckage by divers. Penticton Fire Department worked on the boy with oxygen equipment for an hour and a half before he was pronounced dead by two local doctors.

Department of Transport official M. R. McCribbin has finished his investigation and returned to Vancouver. His report will be made available to Penticton coroner and an inquiry into the boy's death held.

## Many in attendance for Yacht Club opening

Summerland's new Yacht Club house was officially opened on Saturday afternoon when Mrs. J. C. Johnston cut the ribbon across the door.

Chairman for the afternoon ceremony was G. C. Johnston, president of the Chamber of Commerce. In congratulating the Yacht Club, he said that the C of C had been the first to ask for a breakwater in Summerland, and with the formation of a Yacht Club, work had proceeded rapidly on a breakwater and the new clubhouse.

Reeve F. E. Atkinson brought greetings from the municipality. He said that the club house was the beginning of the re-development of Lower Town and that he was pleased to see it being undertaken by private enterprise.

Robert S. Day, former Commodore of the Vancouver Yacht Club, now living in Kelowna, brought greetings from the Kelowna Yacht Club. S. E. Gule extended congratulation from Penticton Yacht Club.

A large crowd was present in the evening to enjoy the free dance. Boats were present from Vernon, Kelowna and Penticton. Starting this Saturday and every Saturday night, dances will be held in the new Yacht Club house. Admission only 50c and refreshments and sandwiches will be available. Open to members and their guests only.

## Fire singes Giants Head

Fire at 11:30 a.m. Wednesday morning crept up the north side of Giant's Head, destroying approximately three to four acres of grassland and trees. Summerland Fire Brigade was right on the job, digging a fireguard with shovels and a municipal bulldozer.

A second call went out for more men to help fight the fire with shovels.

Fire Chief Joe McLachlan told the Review that the fire started near some concrete slabs, which was at one time a slaughterhouse and before that a curling rink.

On Friday, a fire believed to have been started by sparks from a train was stopped at the bottom of Brian Leibert's orchard before it reached the trees.

## Debenture Issue

Summerland Branch 22 of the Royal Canadian Legion is issuing \$30,000 in debentures to finance the building of a new club premises. These debentures will carry seven per cent (7%) interest, paid semi-annually and will be issued in denominations of fifty and one hundred dollars. It is planned to redeem these debentures at fifteen hundred dollars per year over a twenty year period.

The new building will be of one story block construction with a total area of 6144 square feet containing a canteen, various offices and facilities and a kitchen and banquet hall with seating for 150 people. Total cost is estimated at \$50,000.

Application forms for these debentures may be picked up at Smith and Henry's office or by writing Mr. K. Hickson, Secretary Branch 22, Royal Canadian Legion, W. Summerland and the completed applications may be returned to them. Payment for the debentures can be made when they are printed and issued.

There is no limit to any one purchaser although debentures may be issued on a quota basis and no further applications received when the issue is over-subscribed.

Further information may be obtained from any of the following:

- D. R. MacGregor, HY4-6131
- K. Hickson, HY4-2198
- S. H. Dunsdon, HY4-4338
- G. C. Johnston, HY4-4901
- D. H. HNI, HY4-4171

Because of the basic soundness of the club and the attractive interest rate we feel this issue represents a sound investment for anyone desiring a good return on their capital.

## American College Brings Sports to Lebanon

A.U.B. soccer field, track, basketball court and tennis courts, as viewed from an upper-campus vantage point.

The American University of Beirut, formerly the Syrian Protestant College, is credited by the top sports authority in Lebanon with introducing modern sports to his land.

In fact, according to Nassif Majdalani, "Dean of Lebanese Sportswriters," the college campus was the site of the country's first track and field meet on March 22, 1902.

Given this impetus, it was not long before Lebanese throughout the country were giving full-rein to their quick-to-learn nature—learning, participating, and scheduling competitions in all manner of sports activities.

The activity became great, and the interest greater, but for some time there was no direction applied to the growth of sports in Lebanon. In 1926 came another outside push. A Frenchman by the name of Georges Dimont in that year gathered some fellow enthusiasts and introduced soccer to the country. Again, the sport became locally popular overnight, and Lebanese fans formed a committee to promote participation in soccer and track and field, and to encourage spectators.

Soon a few of the spectators-turned-players formed their own club, where they built the necessary facilities and began practicing swimming, track and field, tennis, wrestling, boxing, weightlifting and gymnastics.

As time passed important organizational steps were made. The Lebanese-Syrian Amateur Sports Federation was set up to carry the burden of attracting athletes and organizing sports activities among scouting groups and in the secondary schools. In 1922, Hussein Sejan, a prominent Lebanese sportsman, formed the Lebanese Football Federation, which shortly became affiliated with the International Football Association.

In 1944 Majdalani, Sejan, and other leaders in the sports

field combined their efforts, met with government leaders, and succeeded in obtaining official government sanction for the promotion of sports activities on a national scale. This government entry into the field of sports took the form of a presidential decree setting forth 14 resolutions. The decree prescribed, for example, compulsory introduction of sports into all educational institutions; the establishment of sports facilities in all the cities and towns; that municipalities and villages construct playgrounds; that annual sport conferences be held; and, perhaps most important, that a Sports Department be established, attached to the Ministry of Education, in order to coordinate sports activities throughout the country. The presidential decree was issued on December 7, 1944.

Since 1946 Lebanon has participated in all regional, Olympic and other international games. In the fall of 1959 the Mediterranean Games were held in Beirut's new 'Camille Chamoun Memorial Stadium', as Lebanon played host to its first major international sporting affair. And in 1960 Lebanese athletes carried their country's colors to Squaw Valley for the Winter Olympics, and to Rome for the summer games.

Sixty years after the AUB started the ball rolling, Lebanon has reached maturity as a sporting country. Not only are its younger people enthusiastic about many sports, but also many of its leaders are former participants who continue to be sports-minded. Prime Minister Saeb Salam was an AUB boxer in 1922. Minister of Defense Amir Majeed Arsalan was a cyclist in 1929. Minister of Finance Pierre Gemayel was soccer team captain of the "Circle" club in 1933, and former Premier Rashid Karami was a soccer and table-tennis player in 1937.

## Thou Shalt not kill

by Rev. Norman Tannar

"And Jesus said unto them, is it lawful to do good on the sabbath days, or to do evil? to save life, or to kill? (Mark 3:4).

As the great debate rages in the Legislatures and in society as to whether capital punishment should be kept or abolished, modern man rushes on to kill and to maim his fellowman on the ground, in the air, and on the water. As modern scientific research goes on and society adopts and uses the vaccines, antibiotics, etc., to save lives, modern man dashes about taking lives with the mechanical inventions of this age.

These deaths, these maimings, these "accidents" which take more lives than cancer, or heart, or TB, is there no cure? Is the law a failure? Is it even a mat-

ter of law?

Law is a guide and a help, a reminder, but the fulfilling of the law is love. God loved the world, and He whom He sent desires us to do good on the holy days, not evil.

When we go on vacation or away for the week end let us think of these holidays in the old sense of the world, as Holy days — days in which to do good for ourselves and our fellowman, not evil — days in which to save lives, not to kill.

We say we are Christians, then by all means let us on our holidays be carefree Christians enjoying God's wonderful world, but let us above all else be careful, considerate and courteous Christians mindful of our lives and of others on the ground, in the air and on the water.

## This week in your orchard

by Alec Watt

Pollinators were important to apples and pears this year

Before the 1961 season gets too far along it will be interesting and worthwhile to pause and look at the way Bartletts and Delicious have set.

The first ten days of May were wet and cool providing extremely poor pollinating conditions for pears and some apples which were in bloom at that time. On top of this the cool weather slowed down the opening of blossoms so that varieties which normally bloom together or which overlap their blooming periods did not always do so this year. For example in some districts the McIntosh had pretty well passed their peak of bloom before the Delicious opened.

Those cool wet days of early May served to remind us again of the importance of pollinizers especially in cold wet springs. In most pear orchards the story is the same — a very light set on Bartletts distant from Anjou or Flemish but near normal crops on those trees adjacent to these varieties. The same may be seen in Delicious blocks where the set is much better

near heavily blooming Newtown trees but lighter the further you get away from the Newtowns. This effect is not so frequently noticed where McIntosh are adjacent to Delicious. The reason is not clear but may be partly due to the generally weak bloom on McIntosh this year.

If there is anything to be learned from the 1961 spring it is that solid blocks of Bartlett may let you down in some years just as solid blocks of Delicious will too. The inclusion of a pollinator variety such as Anjou with Bartlett or Newtown with Delicious may make the difference between profit and loss in a year like 1961.

## Some difference

The nickname file of the Thoroughbred Racing Protective Bureau's head office holds the answer to those who think of Canadians as a colourless lot.

Granted that those Canadians who are to be found in it are not exactly pillars of rectitude, their nicknames are not without entertainment value for the rest of us and bespeak powers of perception of description of which Damon Runyon himself would not be ashamed.

Banana Nose, Donkey Ears, Chisel Chin are easily imagined, likewise Chew Tobacco. Skyball is evidently known to hit the roof every so often, while Snuffy the Cab Man both drives a taxi and enjoys a pinch of snuff.

Twenty Grand Mike, Two Gun Pete and Wily Potatoes, on the other hand, seemingly are all men of some means, so you never know.

# Honor life members at birthday party

The lovely garden of Mrs. A. C. Fleming was the setting for the June birthday meeting of the Women's Federation. More than 50 members and guests were present.

Mrs. A. McLachlan reported on community friendship, there were 68 hospital visits, 31 house visits by members and 21 cards sent out to United Church folk during the past quarter. Mrs. W. Ward reported on supply work.

The devotional service was led by Mrs. S. A. MacDonald, her theme being stewardship of prayer. Mrs. Scott read the 28th Psalm. Mrs. Longmore's lovely solo was much enjoyed. Mrs. Delmar Dunham accompanied her on the piano.

Since the birthday meeting a year ago three of the Federation members have passed on. All present stood in silence a few minutes in memory of the late Mrs. F. Shepherd, Mrs. T. Washington and Mrs. B. Steuart. Mrs. W. Boothe welcomed

guests and members to the annual birthday meeting which no doubt will be the last of its kind when the new group, the United Church women is organized in January 1962. It was noted that it was a happy occasion for one of the members, Miss Agnes Chalmers who had just celebrated her 88th birthday.

Seven WMS life members, 2 WA life members and a guest life member were present. As the roll was called Mrs. W. Boothe for each life member present, a candle was lighted on the cake by Mrs. W. Ward and Mrs. Chapman pinned a lovely corsage of roses on each of the following ladies: Mrs. J. McKenzie, Miss Agnes Chambers, Mrs. W. A. Caldwell, Mrs. S. A. MacDonald, Mrs. W. W. Hemmingway, Mrs. W. Boothe, Mrs. Arley Gayton, Mrs. Alf McLachlan, Mrs. T. A. Walden and Mrs. J. R. Armstrong. Four life members unable to attend were Mrs. Bertha Lott, Mrs. E. Jenkinson, Mrs. George Harper, Mrs. C. J. Amu and Miss Ada Cochran.

Mrs. Boothe then had another pleasant duty to perform in presenting a life membership certificate to Mrs. Alex Smith for

her faithful work in the society and auditor for many years. Mrs. Chapman pinned on a lovely corsage and the life membership pin on Mrs. Smith. A daughter, Mrs. A. J. Berry and a daughter in law, Mrs. Gordon Smith were guests for the occasion.

The meeting adjourned for the social hour which was a most pleasant affair, having tea and birthday cake under the beautiful cut-leaf birch trees in the Fleming garden.

## Obituary

Alexander Gené Parker of Trout Creek, passed away, suddenly, Sunday, June 18, at the age of two years.

He is survived by his parents, Victor and Mary Parker and three brothers, Robert, Warren and Bryce.

## Family Fun Tops at Seattle!

SEATTLE'S GALA SEAFAIR FESTIVAL will present its twelfth year of maritime fun and frolic July 28 through August 6 with another full program of hijinks for young and old. In the upper panel (left to right) power-packed unlimited hydroplanes emit a throaty roar and foamy "roostertail" spray for the \$40,000 World's Championship Seafair Trophy Race on Lake Washington, Sunday, August 6. The Seafair Royalty is seen in its colorful pagentry as the Queen and King Neptune are feted at the Coronation Ball, while the devilish Pirates romp with their pet gorilla. The center panel (l. to r.) pictures the Seafair Grande Parade wending its way before 200,000 onlookers on Saturday, July 29. A glamorous water and stage spectacle is nightly entertainment during Seafair, as the beautiful outdoor lakeside Aqua Theatre presents Aqua Follies, July 27 through August 9. In the insets are Broadway singing star John Raitt (upper left) star of the Aqua Theatre musical Oklahoma, July 5-9; Tom Brown, all-America grizzer from the Vancouver Lions, who will lead the latter against the Saskatchewan Roughriders in Seattle's first Canadian pro game on Saturday, July 29; and Don Ameche, famed stage, radio, television and motion picture star, who will be seen in the delightful spoof of Moscow—Silk Stockings, July 19-22. The lower panel pictures the annual arrival of the "Redcoats," Canada's illustrious Mounted Police; Seafair Royalty welcoming the U.S. Fleet, Thursday, August 3, and the Japanese community's picturesque Bon Odori festival. It all adds up to a terrific family vacation.

## Fishing Report

A work party on Sunday completed 2 more miles on the road to Pennask Lake, digging out rocks and filling holes. There are only two more miles to be renovated, and this work will be completed soon by the Pentiction and Kelowna clubs. Most of the work done so far this year has been done by the Summerland Rod and Gun Club.

Club president George Stoll reports that after four p.m., everyone went fishing and by 8 p.m. all had caught their limit of good sized fish. There were 12 other parties on the lake, coming in by jeep and light deliveries, and all caught their limit, some by 11 a.m.

Official opening of Pennask Lake will be July 15, and it is expected a fish derby will be held, with prizes offered for hidden weights.

The road to Pennask is still too muddy for heavy cars but it is expected that it will be firm and dry in about 10 days.

Reports from other lakes are Headwaters, fair fishing, Brenda poor, Munro Lake, big fish but not many of them, Okanagan Lake, still good fishing.

## Square 'em up

In spite of the hot day, 10 1/2 squares of dancers spent a happy evening at the Youth Centre on Saturday night.

Chuck Inglis was emcee with Ray Frederickson and Scotty Hitchman helping out with the calling.

Gladys Laidlaw and her efficient helpers provided the very attractive refreshments. Open-face buns were spread with delicious fillings and accompanied by a variety of pickles, tiny ripe tomatoes and celery and carrot sticks. Dixie-cup strawberry sundaes and water-ice wafers were the dessert. A very appropriate hot weather buffet.

Bert and Beryl Roseborough greeted the guests at the door, and a very willing crew cleaned up after the dance.

Our grateful appreciation to Mrs. John Kwak for her lovely

peonies, and to Phyllis Smith, who helped decorate the hall. Wild syringa, babies' breath and fir boughs added fragrance and beauty making a lovely atmosphere for our summertime dance.

There was one casualty during the evening, a split seam in a pair of square dance pants caused a hasty exit for emergency repairs! However, the owner of the pants was back in short order, without so much as a red face to show for his misadventure.

This week's dances, Saturday, June 24th are at Peachland, with Ray Frederickson emceeing and at Oliver where they are holding a subscription dance for the "Square Dancer".

## Scout Shorts

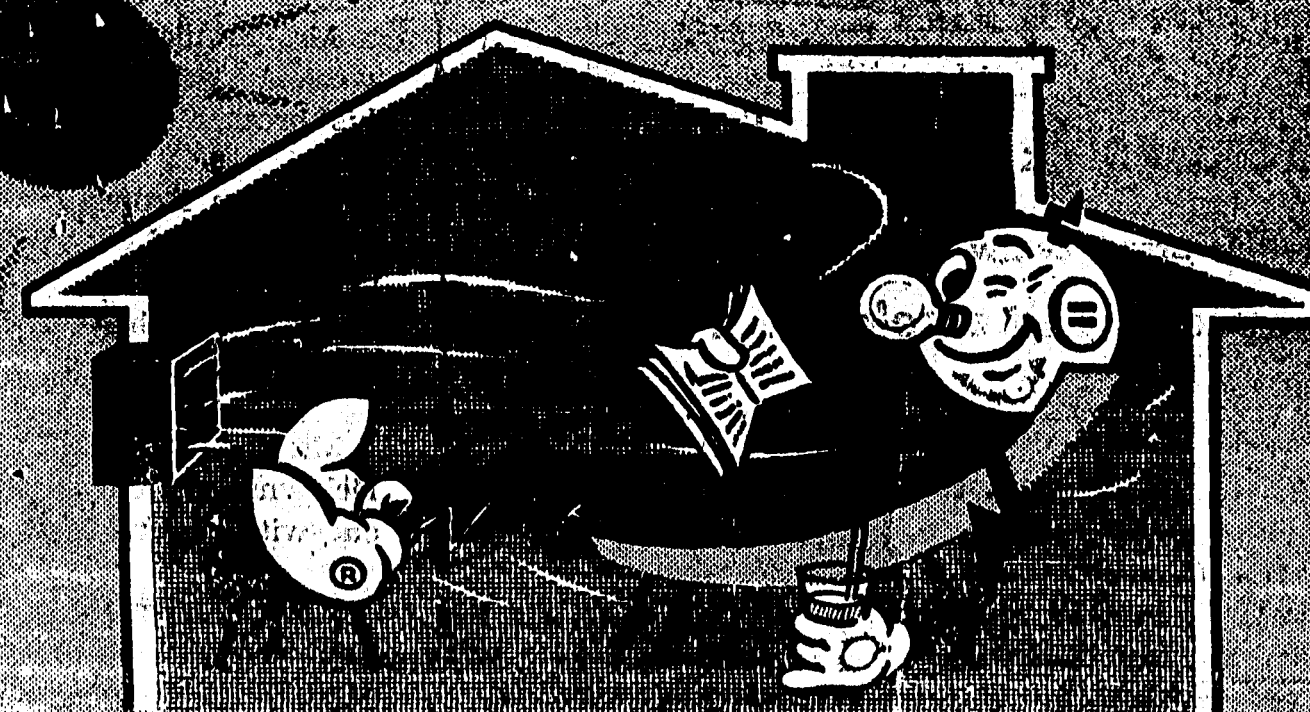

The concluding meeting for the year was held June 12 to allow the boys to study for exams. The meeting consisted of signalling and other outdoor games.

Patrol Leader Fred Trussell was awarded his 1st class badge and "A" Cord. He will be leaving about July 3 for the Canadian Scout Jamboree in Ottawa Good luck Fred.

Summer camp was discussed and will likely be held in the Trout Creek Headwaters area the first week of August. Parents of scouts will receive full information about the camp in two weeks time.

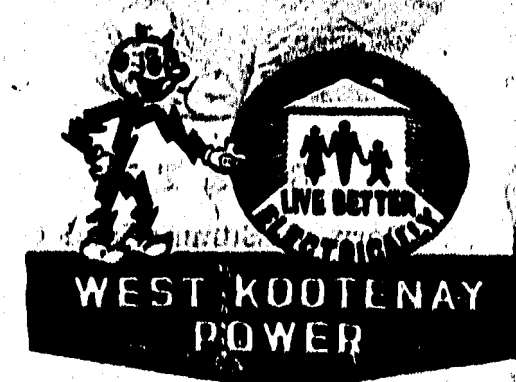

D. V. Fisher, Scoutmaster.

**Kiwanis Club Notes**

Kiwanis members enjoyed their steak supper at Doug Campbell's in lower Summerland. Doug ordered a nice cool breeze that kept everybody nice and cool. Perhaps the outstanding feature of the supper was the amazing cap worn by George Henry. He will be fined for such behaviour in due course. It was a terrific red in colour and from where this writer was sitting, it looked as if it bore a cap badge of the Skull and Crossbones. George said he only wears it in the summer and on very hot days.

Summerland Kiwanis was 4th in the district in attendance during April. A 92 per cent mark was reached.

Nick Solly and J. Selinger reported on the trip to Prince George and it appears a good time was had by all. On the way back, Nick dropped down at Williams Lake and they were able to see our old friend and member, Earl Smith.

A work party will again be at the camp over the week end, several members and families are going but there is still room for more, and any who would like a nice outing for the kids plus giving a hand with the work still to be done, are asked to try and be there.

Bill Laidlaw tactfully reminded members that his receipt book is quite handy and he is always ready to accept yearly dues.

Members and others are asked to note that the Kiwanis Street Carnival will be held this year, Saturday, July 29.

The Spokane convention is to be held July 20 and 21, and members should make a special effort to be there, especially as the matter of the future Lt. Governor will be dealt with and as you all know our one and only Doug Campbell has thrown his hat in the ring. Turn up and support him fellows.

The club must feel very proud of its Key Club. Amongst other things accomplished this year at Awards Day, they presented an encyclopedia to the school library, \$50.00 for technical training, a pen and pencil set to the commerce student; \$50 to handicapped children and \$100 to Parkdale Place. An enviable record. Well done fellows, we are proud of your work.

Next week the club will meet at the John Tamblin house.  
The Scribe

**THANKS RESIDENTS**

(Continued from page one) officer and now holds the position of provincial trustee.

In a statement to the Review, Mrs. Lennie FitzPatrick said: "We would like to say thank you to all the people of Summerland who contributed so generously when we canvassed, and so helped us to reach the largest provincial donation to date. We hope that the public will thus understand what the women of the Fraternal Order of Eagles are trying to do for their community in working towards the cause and cure of this dread disease which robs so many children of their future and will be sympathetic to our aims when we call upon their generosity and help another year. Thank you again to all who contributed."

**FOCUS ON CANADA**

**Alberta**

Area—Land, 248,000,800 square miles; water, 6,485 square miles; total, 255,285. Fourth largest province.

Capital — Edmonton. (Population, 269,314.)

Terrain — Alberta lies on a high plateau rising on the west to the Continental Divide on the B.C. border. It contains the foothills of the Rockies. Although called a prairie Province, only about one-third is treeless—the undulating prairie of south Alberta. The central area has park-like, partly-wooded land, and in the north is much virgin timber. There are many lakes and streams.

Climate—Extreme variations in temperature. A high average of sunshine—2,000 to 2,350 hours per year. Light precipitation averages 22 inches annually. Chinooks bring sudden changes.

Dollar value of main products by per cent.: Farm, 54.7%; factory, 29.3%; mine, 16.0%.

Agriculture dominates the economy, with much growing of grains, particularly wheat. The province is noted for its beef, hogs and sheep.

Alberta is rich in minerals, and contains about 87% of Canada's coal reserves, as well as oil and natural gas. Some geologists consider Alberta oil sands to contain the world's richest reserve of oil.

**The People**

Population—283,000  
Per square mile—4.51

Races—About 47% of British stock; 46% European descent, including many Ukrainians; 5% French Canadian and 2% Indians.

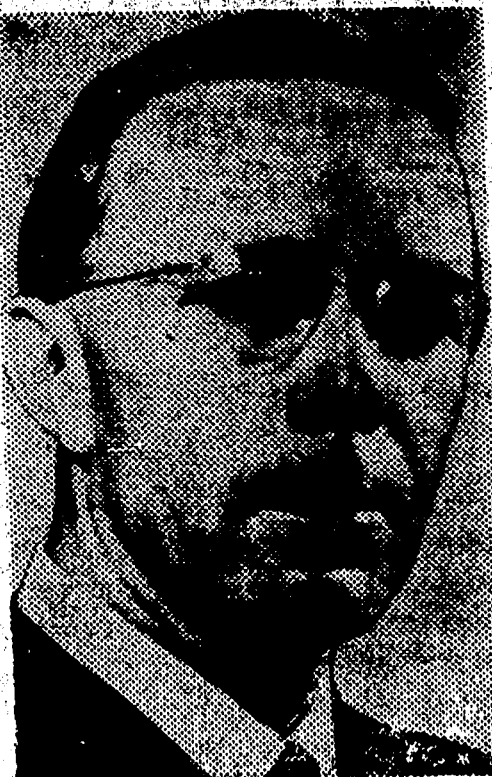

Religion — United Church is largest, followed by Anglicans, Roman Catholics, Presbyterian, Lutherans and Baptists.

Politics — Provincial seats: Social Credit 61; Lib. 1; PC 1; Coalition 1; Independent 1. Federal seats: PC 17; CCF 4.

Became province — Alberta separated from the Northwest Territories and became a district in 1882. It was made a province in 1905.

Except for fertile tracts in the Peace River area, the population is mostly concentrated in the south and central parts.

### Under the Giant's Head

On June 27 Summerland was just 28 hours short of an all-time record for sunshine in June — with three days still to go we may make it. In 1940 total June sunshine amounted to 338 hours, so far this June we have had 310 hours. Over a 45 year average, June has recorded 241 hours of sunshine.

	High	Low
June 21	75	55
June 22	82	52
June 23	90	57
June 24	88	60
June 25	88	62
June 26	81	57
June 27	75	47

Sunshine this week recorded at the Research Station amounted to 91.8 hours.

The West Summerland library has just installed a slot at the rear of the building where borrowers may deposit overdue books. It is hoped that it will encourage people to return books before they become overdue, and will enable those going on holiday to return their books before they leave, even though the library may be closed. Perhaps now that book which has been missing for two or three months will turn up. The name of the book? "Ten Days to a Successful Memory".

Driving home the other evening we came across a little black kitten with a white stripe down its back. Obviously lost and nearly starving we took him home, where he is thriving on a diet of raw eggs and bread and honey. Although he is only two months old, and not fully developed gland-wise, our three year old daughter Nanci, has named him "Mr. P-U".

In the recent examinations held in Penticton by the Royal Conservatory of Music of Toronto, Lynne Boothe received honors in the written piano section for the ARCT degree.

First class honors were awarded to Anthea Morgan of Trout Creek in the Grade 2 theory class.

Rev. Norman Tannar will be in charge of a leadership training camp to be held at Camp Owaisi just north of Wilson's Landing on the west side of Okanagan Lake this week end. It is expected that about forty Anglican teen-agers and about twelve adults from the Okanagan will attend.

During the two day camp, the youngsters will be given training to enable them to assume leadership of a group of children at the summer camps to be held at Owaisi during the months of July and August. The adults will be directors and staff at the summer camps.

Summerland's annual summer bonspiel is rolling right along this week, and even in ordinary clothes it's nice to go into the rink and cool off. But it's still a hot game for curlers, so on Wednesday night, Jack Farraway of Peachland played in bathing trunks! We don't know if his cool playing won the game or not.

## Pennask Lake road now open for cars

The road to Pennask Lake is reported as open to all cars this week, but persons intending to go up and do a little fishing are asked to take the switchback on top of Pennask Mountain — it's easier to get down and the only way to get up for cars.

Fishing is still very good at

Pennask and the other lakes around are also very good. Okanagan Lake is still good, and Headwaters fair to good.

Plans are under way for a fishing derby at Pennask Lake July 15 to mark official opening of the road. Watch this paper for more details on this derby.

## Three sent to hospital

Injuries sent three Summerland women to hospital Sunday night, following an accident on the Mountain View Hill. Florence Christina Taylor told police that her brakes failed as she was driving down the hill, and she drove the car into the bank, whereupon it flipped over throwing the driver and her two female passengers, L. Wiese and F. Wesley about in the car.

The driver suffered only a bruised lip and knee and F. Wesley a back injury. They were both allowed to return home after treatment. L. Wiese suffered a broken arm and was detained for a few days at the hospital. Damages to the car amounted to about \$700.

In local police court, there were several minor traffic infractions, including four or five tickets issued to persons parking overtime in front of the post office.

## Parkdale Place opens this Friday

Reeve F. E. Atkinson will act as chairman at the official opening of the new senior citizens home, Parkdale Place, Friday June 30 at 2:30 p.m.

The program will open with O Canada and a hymn of thanks giving by the Melodiers. An opening prayer will be given by Rev Lyle Kennedy.

Next will be the introduction of heads of committees who will speak and introduce members of their committees.

Mayor R. F. Parkinson will speak on behalf of outside mayors and Reeves.

Introduced next will be Ken Blagborne, municipal superintendent, in charge of the project, and Mr. Colin Campbell, in charge of the actual building.

Roy Mielkejohn, architect and Mrs. Regina Cornish, matron, will also be introduced.

A prayer of dedication will be given by Rev. P. K. Louis. Official opening will be next with the ribbon being cut by Mrs. M. J. Gallagher.

Inspection of the building will follow with tea served in the dining room.

## Recieve Bursaries

Among the lists of those receiving scholarships and bursaries at UBC this year are Ona Willis, daughter of Mr. and Mrs. E. P. Willis of Trout Creek, who received the B.C. Drugs Ltd. scholarship of \$250 for proficiency in her first year; and John Adams, son of Mr. and Mrs. C. Adams of Peach Orchard, who received one of two Western Plywood Co. bursaries of \$125.

Also on the list is John Towgood of Oyama who is the son of Mr. Thos. S. Towgood of Oyama and a nephew of Mr. J. Y. Towgood of Trout Creek. He won two awards, a scholarship of \$350 from Timber Sales and Distributors Ltd., and a scholarship of \$125, one of two given by Woodward's.

## Sanitarian appointed

Darryl Anderson, formerly of Penticton has been appointed as resident sanitarian for Summerland, Peachland, Oliver and Osoyoos. This district was formerly covered by Fred Alcock from Kelowna. Mr. Anderson was appointed to take care of the increased duties of a sanitarian in this area.

There will also be an extension of the clerical worker's time at the health centre.

### WRITE BENNETT

Municipal Council has written to Premier W. A. C. Bennett regarding the boat channels in Trout Creek Point made by residents for use with their boats. Council is attempting to have the government set a definite policy in the matter.

## Council briefs

It was reported at municipal council meeting Monday night that the Tennis Club and the council are arriving at a new agreement whereby the club will lease the tennis courts in Peach Orchard Park for five years. Clauses in the agreement are that the club will have full control of the court but will discuss any changes in rates with the council. Tourist playing fees will be divided equally by the municipality and the club and collected by the park caretaker. Rates will be advertised once a year and will be displayed on a sign in the park. The club will supply nets and other equipment if needed, and will submit a yearly financial statement to council.

The provincial branch of the CNIB has written to council, asking help in establishing the

validity of requests for authority to canvass in the community on behalf of the blind. Mention was made of one society in the United States who is believed to have full time canvassers in B.C. selling books to the blind. The CNIB has the same publications in Toronto from which the books are sent free to the blind in Canada by a special arrangement with postal authorities. The provincial CNIB felt that in B.C. only a few people might be interested in the particular literature sold from door to door and it is felt that canvasses of this sort are unjustifiable and take advantage of communities.

Civil Defence officer Ivan Phillips waited on council to report on the recent civil defence exercise, Operation Toscin.

## Who will it be?

On Saturday evening the seven lovely girls who are candidates for Summerland's 1961 Fall Fruit Fair Queen will know just who will be the lucky one. Two others will be chosen as her princesses. The girls will hostess a dos-

sert party at the IOOF Hall, from 7:30-9:30 p.m., where the judges will mingle with the guests and will be completely unknown to the candidates.

The queen's committee of the Chamber of Commerce, headed

by Mrs. L. Shannon and consisting of members of the Klwassa club are attending to all the arrangements for the party.

Mothers of the queen candidates will pour tea and coffee, and the girls will be serving it

and strawberry shortcake. Admission is only 35c.

The girls are: (left to right) back row: Penny Eden, Eleanor Martin, Dorothy Watson, Audrey Beggs, Dinne Bonthoux; front row: Trudy Mitchell and Marilyn Dickinson.

## An important asset for Summerland

With the cutting of the ribbon by Mrs. G. C. Johnston, Summerland's new Yacht Clubhouse was officially opened June 17. Master of ceremonies for the afternoon was Mr. G. C. Johnston (right) president of the Summerland Chamber of Commerce.

Perhaps the happiest man present as he watched the ribbon being cut, was Yacht Club Commodore L. A. Smith, who has worked hard and diligently toward the completion of the building. Under Commodore Smith the Yacht Club, which was founded only a few short years ago, has progressed rapidly, and the new club house is the culmination of their efforts.

Not only have they built a club house, but now Summerland has a breakwater, boat launching ramp, gas pumps and all the conveniences so necessary in a tourist area.

So to Commodore L. A. Smith, the executive and members of the Yacht Club, we offer congratulations and say "well done".

The Yacht Club is now holding Saturday night dances in their new building. If you are looking for entertainment for your visitors this summer, take them dancing by the lakeshore in Lower Summerland.

## Living one day at a time

by Rev. Lyle Kennedy

Text: "Don't worry at all then about tomorrow. Tomorrow can take care of itself! One day's trouble is enough for one day." Matt. 6:34 (Phillips).

One day's trouble: one day's grace. God does not give grace yesterday for today's need; he gives grace today. God does not give grace for day for tomorrow's need; he gives grace today for this day's need. This day's grace is sufficient for this day's trouble. Tomorrow's grace will be sufficient for tomorrow's trouble.

A woman came to her pastor greatly worried because she was afraid to die. "Are you going to die today?" he asked. "No I think not." "So you're going to live today?" "Yes", she replied. "Well", he said "God gives living grace while you live. When you come to die he will give you dying grace." This short conversation restored in her the spirit of a sound mind.

Recall Moses' blessing on the tribe of Asher (Asher means "fortunate" "happy"). "As thy days so shall thy strength be". He is a fortunate, a happy man, who lives one day at a time,

and accepts from the hand of God strength for that day's living.

To be overanxious about tomorrow is not the spirit of a Christian mind. It is a pagan outlook. This is graphically suggested by Phillips' translation of the preceding verses in Matthew: "So don't worry and do not keep saying 'What shall we eat, what shall we drink or what shall we wear?' This is what pagans are always looking for; for your Heavenly Father knows that you need them all. Set your heart on his kingdom and his goodness, and all these things will come to you as a matter of course." Don't worry at all then about tomorrow. Tomorrow can take care of itself. One day's trouble is enough for one day. This is a Christian outlook, not pagan.

But what can one do if one worries all the time? Overcome the evil with good. Trust all the time! Trust God! Such trust is the spirit of a sound mind. "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind" II Tim. 1:7.

## Growers advised to order budwood supplies now

This year true-to-name budwood of the varieties listed below will again be available from the Research Station, Summerland, in co-operation with the B.C. Nurserymen's Association and the BCFGA. Growers and nurserymen are asked to place their orders as soon as possible and not later than July 10. Orders placed after July 10 will not be filled. In ordering, approximate date of shipment should be specified.

Budwood of the following varieties will be available:

**Apple**  
 McIntosh (Summerland Red), Spartan, Delicious (Harrold Red), Winesap (Mosebar Red), Rome (Cowin and Law), Tydemans' Red, Newtown, Antonovka, Haralson, Canada Baldwin.

**Peach**  
 Golden Jubilee, Redhaven, Triogem, Fairhaven, Vedoka, Redglobe.

**Cherry**  
 Lambert, Sam, Van; Montmorency.

**Apricot**  
 Tilton

Upon receipt of the order an acknowledgement will be sent out followed by a confirmation and a bill shortly after July 10. The cost of budwood will be

one-third cents per bud for all varieties except Harrold Red Delicious for which the charge will be one cent per bud. Instructions for payment will be included with the confirmation. Do not send payment with the order.

Dianna Bennett models the new garb for Girl Guides to wear when they are not in uniform on trips abroad. It features maple leaves on the skirt. A standard pattern has been established but the color selection will be left to the individual.

## Timely travel tip can save worry-money, too

It can be mighty embarrassing when you run short of ready cash while travelling. Yet no one likes to carry around large sums because there's always the danger of loss or theft.

What's the answer then, on your next vacation or business trip?

More and more people are finding the easiest and safest way to carry funds for travel purposes today is in the form of B of M travellers cheques. Any bank in Canada and most hotels and stores will cash them readily — because you counter-sign each cheque only when you cash it.

Thus the person cashing it knows right away that you and only you are the rightful owner. This feature makes B of M travellers cheques useless to everyone except their purchaser. What's more, if your B of M travellers cheques are lost, destroyed, or stolen, the bank replaces them.

So before you set off on that next trip, stop at the Summerland branch of the Bank of Montreal and buy as many travellers cheques as you think you'll need. The service charge is negligible and the peace of mind is wonderful.

Simon Kouwenhoven, the accountant, or any member of the staff will be glad to help you make any other arrangements for your travel financing. If your trip is an extra long one and you need a large sum, travellers letters of credit are available from the B of M and if you are going abroad, there are special travellers cheques available at every branch.

## NOTICE

All persons wishing to operate roadside stands other than Registered Growers selling fruit from their orchards or at a roadside stand at their orchard in the Southern Interior of B.C., being the area under jurisdiction of the Board, are required to apply to the B.C. Fruit Board, Kelowna, B.C. for a selling license, covering the 1961 season. Such a License Holder must display prominently at roadside stand or orchard point of sale, BCFB Form No. 2, advising purchasers of the Regulations governing quantities for the information of the General Public.

This Licence does NOT nullify the provisions of any contract that may exist covering the delivery or sale of a grower's tree fruits.

## Red Sox drop to fourth place

Vernon Essos took a double header from Summerland Red Sox in a regular junior league fixture in Vernon on Sunday, and consolidated their hold on first place. The double loss dropped the Red Sox into fourth place in league standing.

The first game was tight all the way with Jim Sheeley pitch-

ing a one hitter going into the sixth. In that inning Vernon came up with six unearned runs to win the game 6-4.

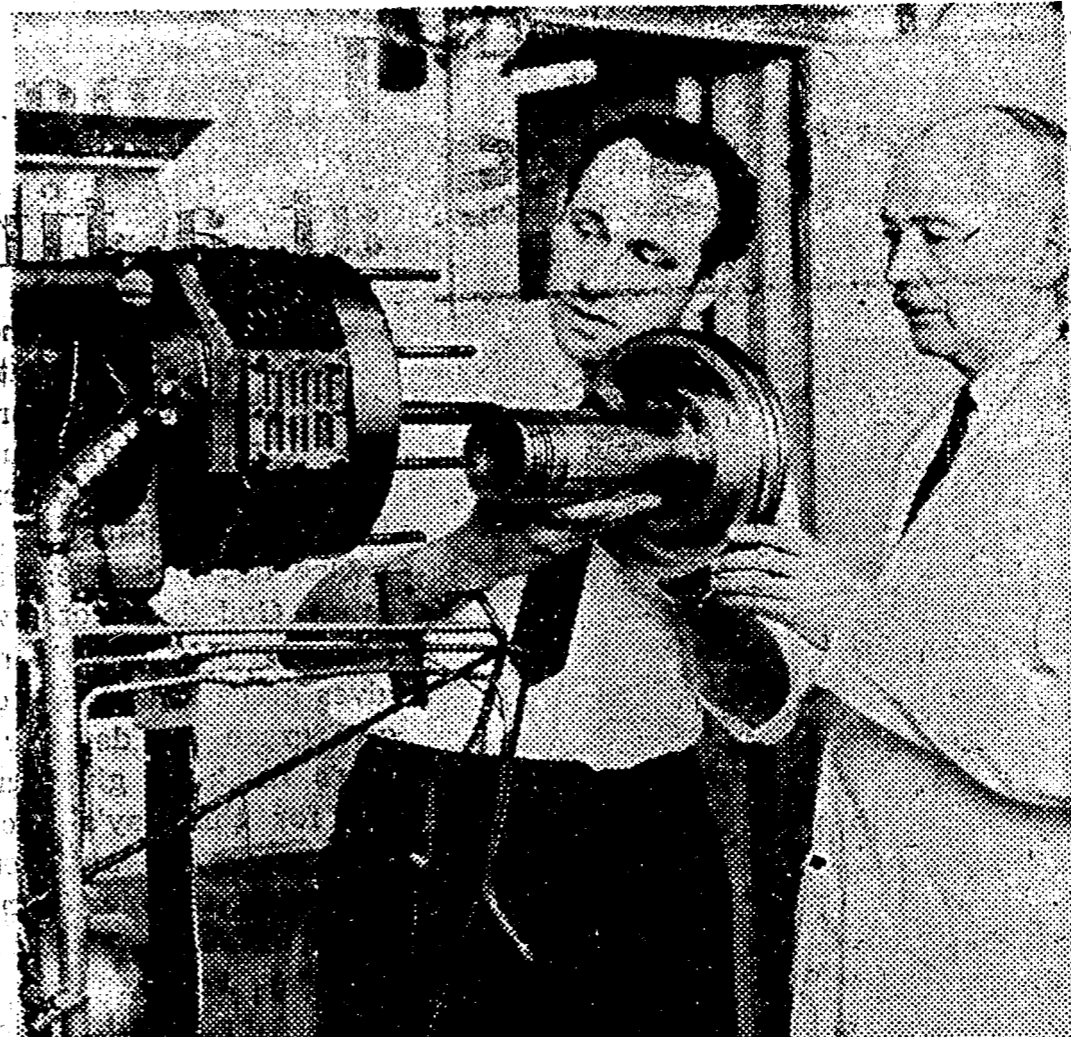

The Red Sox started fast and scored twice in the first inning of the second game but were unable to hold the lead as Vernon scored eight runs and took the game 8-4.

Warren Parker was outstanding as he caught a good game and hit 5 for 8.

Now that exams are over the Red Sox should be able to field a full team and hope to get back on a winning streak in Keremeos Thursday night.

The next home game will be on Wednesday evening, July 5 when Kelowna will be in Summerland for a league game.

## This week in your orchard

by Alec Watt  
**Codling Moth - Is 1961 going to be 1958 all over again?**

In the fruit business no two seasons are alike! There are, however, similarities between seasons. Excepting the first eleven days of May 1961, this year and 1958 have two things in common — they were preceded by a mild winter and they came up with very warm weather in May and June.

Taking the two seasons together how have they stacked up so far, on the major apple pest, the Codling Moth? 1958 was the worst year for "Coders" since the advent of DDT about a decade earlier. In 1958 second brood moths were flying as early as the first week of July! By the third week of August we were well on our way to having a third generation of moths. From this we were saved by a mercifully cool September.

So much for 1958 but what about 1961? Reports already indicate considerably more Cod-

ling Moth activity than last year. Given our usual climate pattern July should be warm and will almost certainly favor second generation egg-laying. This could mean a severe second brood attack. Frequent and close observation of the fruit will help to determine the time of the second brood spray. The first worms will probably start coming early as in 1958 — perhaps sometime around the 15th of July. A sudden rash of new stings about that time will mean that the spray should go on immediately. (Unless you are able to keep a close tab on this it might be a good idea to lay on a spray at that time in any case). Keep watching DDT for signs of resistance. An abnormally large number of entries following a thorough DDT program in the first brood could indicate resistance. In such cases the best bet is to switch to one of the organic phosphates such as Guthion or Diazinon in order to put the fire out quickly.

**Kiwanis Notes**

Members enjoyed a very pleasant supper at John Tamblin's on Tuesday and please note that next week the Club will meet at Ken Storey's. This was John's last meeting with us before leaving for North Vancouver for summer work. Ed Danallanko was with us as a guest.

Last week it was reported in error that the district convention will be held in Spokane on July 20 and 21. This should have read August 20 and 21.

A letter of thanks from the high school was received for the Kiwanis awards for job study and drama.

Plans are well under way for the street carnival July 29.

Nick Solly, Scotty Ritchie, T. B. (Tommy) Young and president Jerry Hallquist leave at 4:30 a.m. Saturday morning for Toronto to attend the international convention at the Royal York Hotel. Good trip fellows, and we expect to hear the news, all the news, when you get back.

**Writes letter to local PTA**

A few years ago Douglas Weeks was awarded the Summerland PTA bursary. The following letter was received from him recently.

Summerland PTA,  
Dear sirs:

As commencement draws near, I am reminded of all the assistance I have received both financial and personal to help me gain this end.

I would like to take this opportunity to convey my personal thanks and appreciation for your contribution along with the promise that I will do my utmost wherever I have the privilege to work, to see that your investment in me is justified.

Canadian women are no longer shy about using lipstick and other cosmetics, says Madame Helena Rubinstein. On a visit to Canada, the head of the \$25,000,000 cosmetics firm said "the sun is more damaging to skin than Canada's harsh winter winds. It takes years to get rid of the harm sunburn does to your skin."

**TAKES CHARGE AT TROUT CREEK SERVICE**

Paul Bonthoux has moved back to Summerland and is taking charge of the service station at Trout Creek Service, corner of Sand Hill Road and Highway 97. Paul is well known in Summerland for his excellent work in repairing tractors and other farm equipment.

Use Review classifieds for fast results, phone HY4-5406.

**TROUT CREEK SERVICE**

PHONE HY4-3056

CORNER OF SAND HILL ROAD AND HIGHWAY 97

WEST SUMMERLAND, B.C.  
R.R. 1,

Dear Customer:

We have recently acquired the services of Mr. Paul Bonthoux, formerly with McMurray Tractor and Auto Sales, Penticton, and Bonthoux Motors, West Summerland.

We know that Paul is happy to return to Summerland where he has so many friends and where his reputation as a tractor and farm equipment specialist is well known.

Paul will be able to give top service to your farm machinery, making full use of our portable welding outfit and other specialized tools and equipment.

He will also do major overhauls on cars and trucks in our shop, where he is equipped to do valve grinding and front-end alignments, plus expert tune-ups and all sorts of minor repairs.

On major overhauls we will pick up and deliver your car and place one of our cars at your disposal.

When you come in to our store in Trout Creek for your groceries, why not drop around and see Paul Bonthoux and talk over your car and machinery problems.

Hope to be seeing you soon.

Yours sincerely,

**Bill Crawford**
