

### Under the Giant's Head

Mr E. L. Farncheon brought in a visitors guide, published by the business men of Summerland in 1924 on the Review Presses. As well as information about Summerland and district the booklet also contains some delightful poems by J. J. Atherton entitled "Rollicking Rhymes of a Rambling Rummy". Mr. Jack Kirk tells us he remembers an earlier Summerland tourist guide, but is not sure what year it was published. Perhaps someone has a copy of it.

One inch of rain has fallen during the past week, with only 22.9 hours of sunshine, according to the weekly report from the Research Station.

	High	Low
April 26	67	41
April 27	66	40
April 28	54	44
April 29	50	44
April 30	62	46
May 1	59	47
May 2	58	40

April saw some activity in dwelling construction permits. Four new permits were issued totalling \$39,500 and six permits for alterations and additions totalled \$3,125, making a total of \$44,125, compared with April, 1960, when twelve permits were issued amounting to \$39,300. In the commercial and institutional field no new permits were issued and two permits for alterations amounted to \$1,500.

In the first four months of 1961, 47 permits issued amounted to \$356,285, compared with the first four months of 1960, when 33 permits were issued amounting to \$110,850.

Ice cream fans in Summerland will be happy to know that the tentative date for the opening of the Tastee-Freeze is May 12th week end. Owner Harvey Pomrenke hopes to have everything ready for business by that time. The Summerland Tastee-Freeze will be one of well over 3,000 stores in the chain, ten of which are located in the Okanagan.

This modernistic, glass fronted shop, sells not only the soft ice cream Tastee-Freeze is famous for, but in side a counter with stools accommodates luncheon customers who prefer to come in from their cars.

Mr. Pomrenke is installing the latest in coke machines. There are only two of its type, in B.C. and the drink is served at the ideal drinking temperature of 34 degrees. Luncheon specialties will be burgers, foot long hot dogs, fried chicken, fish and chips and fish burgers.

Friends of Mrs. Rose Derosier will be sorry to know that she is a patient in the Summerland General Hospital. She is suffering from a broken hip.

Miss Dianne Durick of Summerland and Miss Mary Ann McKay of Princeton, practice teachers in MacDonald School took their class on a field trip through a local garage and bakery this week.

# The Summerland Review

Thursday, May 4, 1961

West Summerland, B.C.

Volume 16, No. 18

## Yacht Club will meet in clubhouse

Summerland Yacht Club members, bond holders and interested persons are asked to attend the annual meeting to be held Monday, May 8. The meeting, to be held in the new club house, is called for 7:30 p.m.

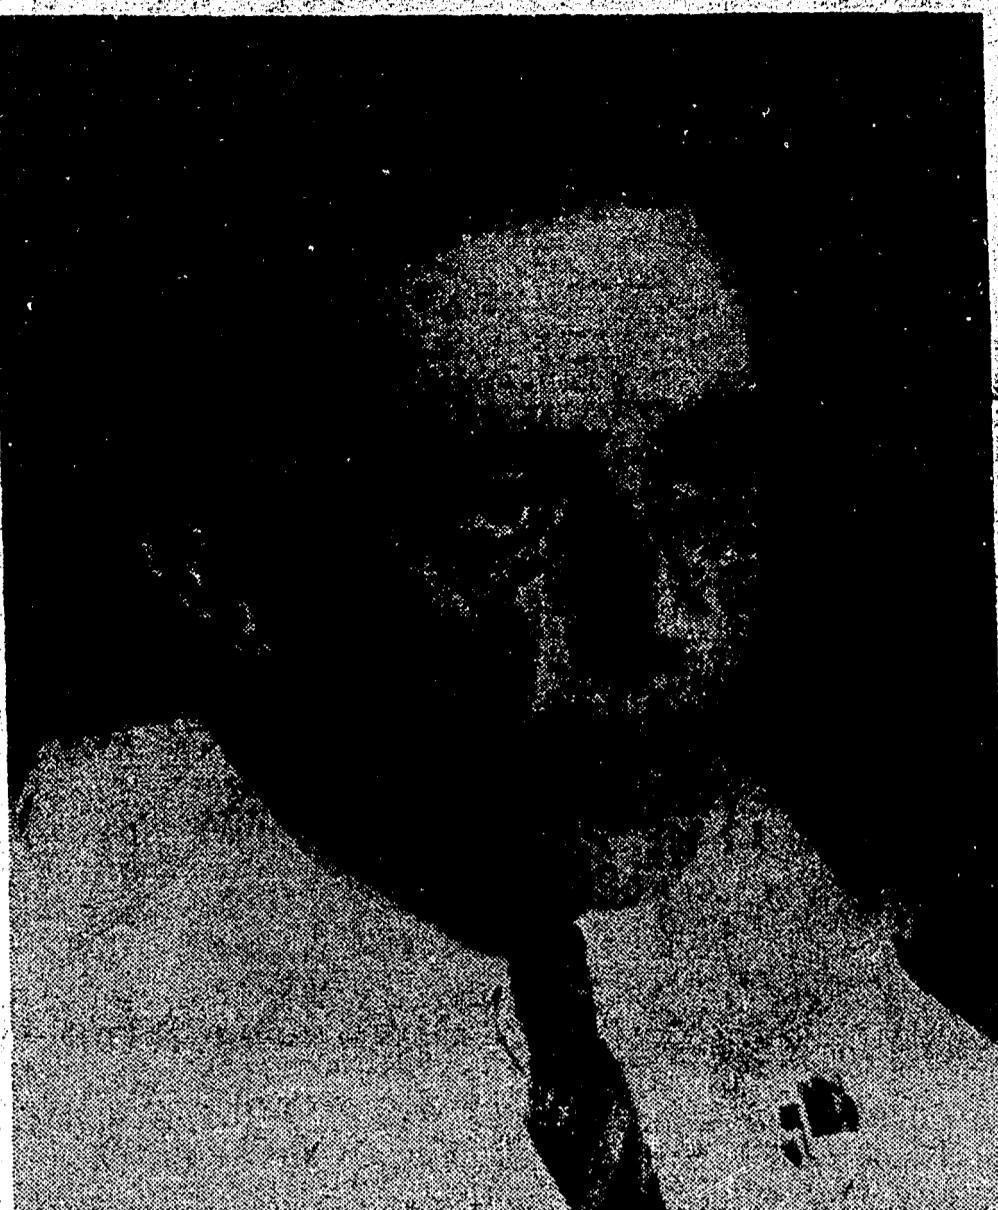

Following the election of officers, a report on the building of the club house will be heard and plans for the coming season will be discussed.

Commodore L. A. Smith reports that the new club house building is almost completed and an official opening date will be announced soon.

## Band on trip

Summerland High School Band, comprising sixty-eight grade 9, 10, 11 and 12 students will present concerts in Grand Forks, Coleville, Wash., and Castlegar on the evenings of May 4, 5 and 6. As well as providing an opportunity for the Summerland youngsters to meet other students on both sides of the border, field trips have been arranged through the Trail smelter and one of the large dams at Castlegar.

A varied program is being presented, ranging from marches by John Philip Sousa, selections from some of the best known composers such as Chopin and Tschaikowsky, through to highlights from "My Fair Lady" and South American sambas and novelty numbers. Also on the program will be numbers presented by winners in the piano solo classes at the recent Okanagan Valley Musical Festival.

## Dr. J. A. Wood will speak here Friday

Dr. James Alexander Wood, professor of animal husbandry in the faculty of agriculture at the University of British Columbia, will speak at a public meeting in the high school library, Friday, May 5 at 8 p.m. Dr. James Marshall will be chairman.

Dr Wood holds degrees of Bachelor of Science of Agriculture and Master of Science of Agriculture and a Doctorate in Philosophy by Cornell University.

He is the author of more than fifty articles and papers. Dr. Wood is a lively speaker and an authority on practical education. Persons interested in vocational and technical training as well

as higher education are urged to attend.

Dr. Wood will attend the regional conference on higher education in Vernon on May 6.

The conference will open at 9:00 a.m. and Dean Geoffrey C. Andrew, UBC's deputy president, will give the keynote address.

For the balance of the day panels of UBC professors and Okanagan businessmen will discuss such subjects as "What does higher education cost and is it worth it?"

Dr. Wood's address is sponsored by the local branch of the UBC Alumni Association, with Mrs. N. O. Solly committee chairman.

## BCFGA offers bounty on starlings

The BCFGALocal have announced that a bounty of 5c will be paid for each starling caught between now and August. Mr. Bert Berry of the Sports Centre has agreed to set up a receiving station and will pay the bounty of 5c on each bird. Birds must be identifiable, it is not sufficient to bring a part of each bird. The Summerland Rod and Gun Club has undertaken to dispose of the birds.

Corporal Larry Martin told the Review that all game laws still apply. Section 11, sub-section 3 states that no persons shall discharge a fire arm of any description either on or across any travelled road or highway within the boundaries of any municipality. All firearms require a firearm permit, which

does not give the owner permission to enter upon or travel over private land without the permission of the owner. Unmost caution is urged if any person intends to use firearms to destroy starlings.

Mr. Charlie Bernhardt of the BCFGALocal told the Review that plans for a smaller trap will soon be made available to the growers. This trap can be easily moved and could be placed in a tree or building frequented by starlings. The BCFGALocal urges everyone to help rid the community of starlings by every means possible. Mr. Bernhardt said. Trapping and destruction of nests are highly recommended.

### BREAKFAST ON TOP OF GIANT'S HEAD

Those figures seen up on Giant's Head on Sunday morning were members of the Research Station Foods Processing staff. They were entertaining for breakfast 25 technologists from the Vancouver area, who during the course of their trip also visited the Sun-Rype packing plant and the Calona Winery at Kelowna. Bud Rusaw transported the group up the mountain in his jeeps, where the visitors were treated to a sumptuous breakfast of pancakes, sausages, fruit syrups (developed at the Research Station), fruit juice (Okanagan of course) and coffee. Cooks were Miss Dorothy Britton, F. E. Atkinson, Dr. Dugald MacGregor, John Kitson, Adrian Moyle, Dr. John Matthews and Doug Irvine.

## Continuing education

Latest word on the continuing Education Program is that the school trustees of school district No. 77 have accepted in principal the recommendations made by night school director W. R. Chalmers and high school principal A. J. Longmore.

A letter has been sent to the Department of Education asking permission to conduct two classes this spring. The classes would commence the latter part of May and finish about the end of the school year. Classes recommended are Commercial which would include typing and bookkeeping) and a class in English 30 and English 40 (this is Grade 11 and 12 University Programme English).

A recommendation of a fee of \$15 for each course has been made.

## \$12,000 needed to furnish Parkdale Place

(The following report on Parkdale Place was written by Mr. E. H. Bennett, chairman of the finance committee. Within the next two weeks, canvassers will be calling at many homes accepting donations for the furnishing of the senior citizens home. We hope this article will help answer some of the questions about the various committees of Parkdale Place.)

In 1956 when the Summerland senior citizens housing committee decided the best type of accommodation for our senior citizens was a boarding type home, the question arose how it could be financed and by whom.

In most other centres this type of home was sponsored by a strong central organization, such as a church group, or a service club, who in turn obtained their support from the general public through voluntary donations.

Because of the amount needed for a project of this kind the committee decided the only central organization sufficiently

strong was the municipality as a whole, so the committee recommended to the council that it be built by and operated by the Corporation. Financing is one third grant from the provincial government and the remaining two thirds by a municipal by-law. This by-law will be retired and financed out of revenue from the home.

At the present time it appears that this policy will work out and that the Home will be self-supporting, with no charge against the tax roll or no voluntary contributions asked for.

However, furnishing the Home when built was another matter. This could not be included in a finance scheme in which the provincial government was involved, because they will not participate in the cost of the furnishings. A by-law for this purpose would definitely have had to be charged to the ratepayers' tax roll.

The committee felt that there were sufficient public spirited citizens who would be interested in giving for this purpose,

that all furnishings could be bought and paid for and not held as a charge against the Home or the municipality.

Another important part was the selection of the furnishings required obtaining prices, inspecting quality, and finally placing the orders to the best advantage. That required a furnishings committee.

The municipal council appointed such a committee, about half ladies and half men. The ladies are making the list of articles required, inspecting quality and obtaining competitive prices. This committee is known as the requirements committee.

Another committee was formed of the men, known as the finance-public relations committee. Their purpose is to conduct a canvas, to raise the necessary funds required for the complete furnishings. They also attend to matters pertaining to public relations.

Both committees report to a full committee meeting and all matters are decided by this complete committee.

It is hard to determine the exact amount of money needed but a rough estimate is between \$10,000 and \$12,000. As an example of costs, the order for bedding and linen, etc. to furnish 27 rooms was authorized at the last meeting. The cost was approximately \$2,000 and was awarded to a local store on a price that was wholesale plus a very small handling charge.

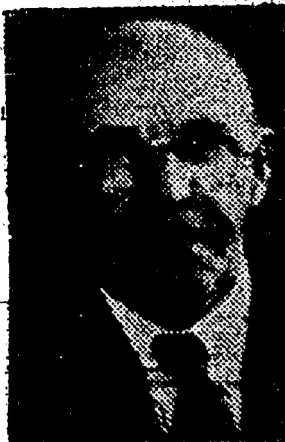

The local merchants are using their buying facilities to provide the furnishings at almost wholesale prices, and also all prices are competitive.

Almost the entire furnishings will be new material, as it was decided used material was not satisfactory, and cost of renovating in some cases did not pay. Also many of the residents who will live in the Home wish to provide their own furnishings. Their wishes will be respected as far as possible, however it is felt certain articles must be supplied by the furnishings committee, for example, drapes and linen for the beds.

The requirements committee will be bringing in lists of requirements all the time now, and this material must be ordered to have it on hand when needed. The finance committee must gather in the money soon, to pay the bills.

Within the next two weeks voluntary canvassers will be calling on many of our citizens to offer any information which may be requested and accept donations from all interested persons. It will be impossible to call on everyone, and the canvassers will endeavour not to call on any one who has already donated. If this happens, please accept our apologies, because it will be a difficult job for the canvassers.

Any one wishing to contribute and who is missed in the canvass, may leave a donation at the following places: Laidlaw and Co., Holmes and Wade, or the Bank of Montreal. Or if you will phone the treasurer, E. H. Bennett at HY4-2936, a canvasser will be pleased to call.

Associations. Messages will be received and despatched in accordance with the procedures as laid down for emergency planning.

Immediately after the sirens have sounded a nation wide radio broadcast will be made which will last for a period of thirty minutes. A message from the Prime Minister and statements on emergency planning by leading figures, both national and provincial will also be made.

As Summerland and district forms part of the Okanagan Mobile and Support Area, this community will be expected to receive, care and feed around 12,000 people in the event of a national emergency.

The draft of the Summerland plan has been prepared on this assumption, but many more volunteers are needed in the key services, such as Fire, Rescue, Wardens and Communications.

Forms for registration may be obtained at any time from the Municipal Office or from the Civil Defence Officer.

President Kennedy may have started a fad with his White House office rocking chair, but a Canadian sculptor has already immortalized the subject. The girl and chair comprise a 300-pound bronze casting in life size by Ottawa artist Arthur Price. Price is \$3,000.

## This week in your orchard

by Alex Watt

**Cooler weather has slowed down blossoms**

Although the season started out on the early side there has been enough cool weather to slow things down and bring 1961 more in line with the average. Actually the season is running about three days ahead of average date.

There has been a very heavy bloom on cherries and peaches and weather was excellent for pollination. The pear and apple bloom just opening up appears to be heavy.

**Black Cherry Aphid**

Where Black Cherry Aphid is a problem and a dormant spray was not applied cherry trees should receive a Diazinon spray shortly after petal-fall. It is important to put this on as soon as possible after petal-fall to avoid spray residue on the cherries at harvest.

**Apple Scab**

The rainy weather of the past week is generally considered to have constituted an infection period for Apple Scab. In apple orchards where Scab has been known to occur and where no lime sulphur was applied at the pink stage a spray of dichlone has been advised. Although dichlone can be applied to open bloom it is not compatible with the chemical thinning sprays. To be effective in eradicating scab dichlone must be applied within 60 hours of the start of the rainy period.

**Chemical thinning of apples**

Present indications are for a heavy apple bloom. Stone fruit blossom has been at least as heavy as last year and pollinating weather has been good. This could add up to heavy thinning costs for stone fruits. However, in apples a considerable saving in thinning costs can result from the use of chemical thinning and it is likely that full use of it will be

made again this year. Full instructions for chemical thinning are given on the Spray Calendar and need not be repeated here. Instead, a few general points seem worthy of mention.

1. Weather conditions have a direct bearing on thinning results. In cool, humid weather the chemicals tend to penetrate more easily into the tissues and cause a greater shock or burning effect. Under these conditions spray calendar concentrations should be reduced about 25 per cent.

2. Sufficient time should be allowed for the trees to be fully pollinated before spraying. The trees should not be sprayed before the first petals start falling from king blooms.

3. Large, vigorous fully mature Transparent, Wealthy or Duchess trees are the hardest to thin. These can usually take two sprays at full strength.

4. Fully bearing McIntosh or Newtowns are in an intermediate class and can usually be thinned with one spray at full strength.

5. Delicious and Rome are quite easily thinned and require reduced strengths.

6. Weak or sick trees, poorly pollinated trees or trees in their early bearing years are the easiest to overthin and it is wise to skip them.

## Teen Town Topics

At the regular weekly council meeting in the IOOF Hall mayor Brian Adams was in the chair. A financial report was given by retiring treasurer Bryan Baillie. The 1960-61 term was very successful financially. The new Kinsmen advisors, Mr. Bud Green and Mr. Herb Arndt were welcomed to the council.

All proceeds from the dances held in May will go towards

the Teen Town donation to furnish a room in the new Parkdale Place home. We hope that everyone will get out and support these dances, so that our donation may be as large as possible.

We would like to thank Mr. and Mrs. Hallquist and Mr. and Mrs. McGillivray for chaperoning our April 22 dance.

## Handicraft Booklet

An interesting little booklet arrived at our office recently, in the form of a directory of Handicraft Products and Producers in British Columbia.

It is the tenth such directory to be published by the Department of Industrial Development, Trade and Commerce in Victoria, and is intended to provide a listing for the benefit of stores and other outlets interested in buying and selling handicraft items.

Forty-eight different handicrafts are listed and the book tells us this is not a complete listing as now ones are being added at all times.

It is hoped that this little booklet will be a means of creating an increased demand for handicrafts and, in the years to come, help make a substantial contribution to our economy.

In particular it should have a valuable effect on our tourist industry in that it will afford our many visitors the opportunity to purchase distinctive British Columbia handicrafts.

In a quick perusal we did not notice any Summerland names listed, but anyone wishing to look through the booklet is welcome to borrow it.

★

## Protect our Forests

With the memory of the disastrous 1960 forest fire season still fresh in the minds of thousands of British Columbians, preparations for the 1961 war against fire have been under way for some time.

Officially, the 1961 fire season started on Monday and continues until October 31, unless shortened or lengthened by order-in-council by the provincial cabinet. During that time special permits are required by any person before lighting any open fire within one-half mile of a forest or woodland.

As the forest rangers add the final touches to the province's firefighting forces, every citizen of British Columbia has a heavy investment in the success or failure of this force. The public also has a responsibility in helping to conserve our rich timberlands and natural beauty.

Greatest caution should be exercised by campers and woods travellers in making positive every fire and cigarette is out.

## Operation Tocsin

The nation wide exercise that takes place over the vast expanse of Canada on Friday, May 5, has indeed been aptly named.

Over the centuries Tocsin or alarm signal has been used by primitive and civilized man to warn of danger be it of war, fire, flood or other disasters. These signals have varied over the course of the years, the drums of the jungle, the horns of the ancient Britons, the flaring beacons that were lit on the headlands of Britain on the approach of the Spanish Armada, all these served their purpose and the summons that they conveyed to the people to deal with such emergencies were seldom ignored.

In common with communities both large and small, sirens will again sound in Summerland and district on Friday. With the mailing of the wallet size card to residents throughout the municipality and the previous information given publicly last year in the local press it is hoped that everyone will now become familiar with the meaning of the signals.

Through the co-operation of the director of the Summerland Research Station, residents in the Trout Creek area will hear the Alert sounded from that Station. It should, however, be noted that due to technical difficulties the Alert only will be given in the area. The problem of ensuring that everyone in the community will hear all of the signals will, it is hoped, be solved in the near future. As to Tocsin itself the primary purpose of this will be to test emergency communications and the national survival attack warning system and to direct public attention to emergency planning, including, that at the community level.

In Summerland and district all key personnel will be alerted on the receipt of the first warning and requested to stand by for immediate duty. Including those that will be warned will be the Reeve, Councillors and other officials of the municipality, fire service, hospitals, Red Cross and St. John's Ambulance (Continued on page 2)

## Preparing for Pentecost

by Rev. P. K. Louie

The first Pentecost did not just happen. For the disciples there had been three years of careful preparation. They had walked and talked and eaten in the presence of Jesus. From Him they had learned the purpose of prayer, the power of love to save, the wonder working force of faith. They had listened as He read and interpreted the scriptures as no man had done before. They had discovered how to live. They had

awakened to his concern for all men in every condition of life. They had found an unshakeable assurance that "in everything God works for good with those who love him, who are called according to his purpose."

Really, they had been preparing for Pentecost from the first day they followed Him. Their friendship with Jesus helped to make them the kind of people who could receive power from

on high.

We, too, need to make ready for Pentecost, for the coming of His Holy Spirit into our lives through us into His Church. The period between Easter and Pentecost provides a time for us to prepare our minds, our hearts, ourselves, to receive this power from on high, that we might be ready to show this New Courage, to use this New Power, to display this New Love for all mankind.

### SUSIE GUIDE SAYS:

More than 7,000 members of the Girl Guides Association in B.C. will camp this summer.

This camping trend has become an annual migration, and last season the provincial government recorded 154,686 family nights on government campsites, 650,000 individual camper nights, and our provincial parks were visited by 3,100,000 people.

# Anglican WA hold annual meeting here

The 53rd annual meeting of the Kootenay Diocesan Board of the Woman's Auxiliary of the Anglican Church of Canada was held in St. Stephen's Church and Parish Hall April 26-27. This is the first time it has been held here.

The Afternoon and Evening Branches of the WA of St. Stephen's Church combined efforts to offer hospitality for meetings and for guests and were assisted by the WA of St.

Margaret's Church, Peachland.

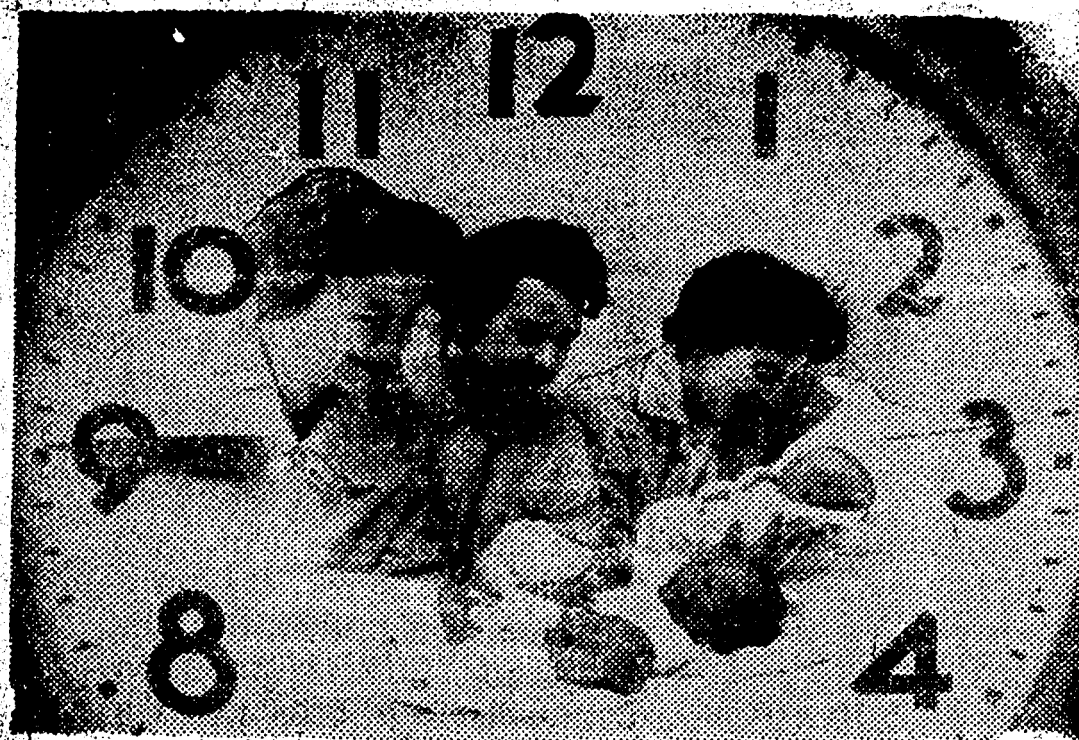

Mrs. W. C. Baker was general convener, Miss Marion Cartwright and Mrs. E. O. Mortimer in charge of registrations; catering was arranged by Mrs. B. T. Washington and Mrs. Earle Wilson. Hall arrangements and decorations, Mrs. A. W. Watt; hospitality conveners, Mrs. F. V. Harrison and Mrs. N. O. Solly.

Opening prayers were by the Ven. D. S. Catchpole, Kelowna, Archdeacon of Okanagan. The rector of St. Stephen's, Rev. Norman Tannar, welcomed the guests, and Reeve F. E. Atkinson spoke briefly. An address of welcome was given by Mrs. J. Y. Towgood, president of the Afternoon Branch WA.

Roll call was taken by Mrs. N. O. Solly, vice president for Summerland.

Lord Bishop, The Rt. Rev. W. R. Coleman, MA, STM, DD, FRSA, spoke to the gathering Wednesday afternoon.

Reports of youth departments, deanery, constitution revision, church publications, books of remembrance and all departments of diocesan work were heard.

Here's a shining example of family togetherness—these sisters even had their babies together; well, almost at the same time. The three sisters all had their babies within two days in Toronto. Mrs. Kevin Williams (left) gave birth to a seven-pound boy at 6.33 on a Tuesday; Mrs. Ralph Boehler had a boy, 10 pounds six ounces, at 9.25 a.m. on the same Tuesday; and Mrs. Ralph Smith (right) had a seven pound eight ounce girl at 3.59 a.m. two days later.

## Services for William Hall

Mr. William Hall of West Summerland passed away in the Summerland General Hospital on Sunday, April 30, at the age of 76 years.

He is survived by his wife in Rockland, Ontario; two daughters and one son, Mrs. Thomas McGarrell; Mrs. Alex Robb and William Hall, Juniro, all in Ireland.

Funeral services for the late Mr. Hall were held in the Pentiction Funeral Chapel, Tuesday, May 2, at 2 p.m. with Canon A. R. Eages officiating. Interment in Peach Orchard Cemetery.

## LA hears report on Brownie retreat

At a recent meeting of the Local Guide Association held in the Youth Centre, a report was given by Mrs. Keith Young, convener of the second annual light bulb sale. Two thousand light bulbs were bought for disposal this year, and to date a profit of \$252 has been shown. Owing to a shortage of mothers available on the night of the sale, it was impossible to cover all areas of Summerland in the limited space of time. In consequence Lower Town and Garnett Valley will be canvassed during the first week in June. There was an excellent representation of drivers from the Kiwanis, Kinsmen and Rotary Clubs, and it was unfortunate there were insufficient mothers to utilize all the cars available. It is hoped that during the final canvass all remaining light bulbs will be sold.

The Guide Cookie Sale on Saturday met with more success as all the cookies were sold.

The semi-annual meeting of the South Okanagan Division will be held at the Research Station this year on Monday,

May 15 from 9:30 a.m. to 3:00 p.m. There will be sessions for Guiders and many interesting discussions for L. A. members. Keremeos Guide Association will be providing refreshments.

The district commissioner, Mrs. Ross MacLachlan also stated that the Brownie Retreat at the Guide Camp is now sufficiently complete to enable the Brownies to move in for their first camp on May 1st.

On May 5th there will be a Divisional Patrol camp, and during the summer months the camp site will be in constant use for numerous other Divisional Camps for Guides and Brownies.

Sixteen trees have been supplied by Summerland for the site, and these have already been planted by Pentiction Guides.

A Ranger Company has been started under the direction of Skipper Mrs. A. A. Fenwick, meeting in Pentiction on alternate Monday evenings. Ruth Lapins, Janet Storey, Freda Bangma and Mona Inaba have joined from Summerland. Other members come from Naramata, Keremeos and Pentiction. As a result of this a new Guider is required for the 1st Summerland Guide Company to replace Lt. Mrs. Fenwick. Anyone interested please phone the District Commissioner at HY4-3277.

## Rod and Gun trap shoot successful

Summerland Rod and Gun Club held a successful trap shoot at the range on Sunday. Despite inclement weather, over 30 shooters were present from Kelowna, Vernon, Pentiction, Keremeos and Summerland. Over 4,000 rounds of ammunition was fired.

Winner of the first event was Ken Blagborne, with 49 out of 50; 2nd event, doubles; was won by Coltheart of Kelowna; body shoot winner was F. Bevan and Pentrice of Pentiction; miss and out went to Nishe of Kelowna.

The next practice shoot will be held May 15 which is also the regular meeting night.

President George Stoll is representing the club at the annual convention of the B.C. Federation of Fish and Game in Pentiction this week end.

There will be singing again in the historic Monte Carlo saloon in Dawson when the Yukon holds its 1962 Gold Rush Festival. Famous folk singer Burl Ives has bought the saloon and plans to have it operating by 1962.

## Summerland Review

## Comings and Goings

Mr. and Mrs. Frank Nicholls are back after a two week visit with their daughter in Seattle. On the way home they stopped at Hope to attend the wedding of Gilbert Jacobs, son of Mr. and Mrs. Frank Jacobs of West Summerland. Other Summerland guests were Mr. and Mrs. Frank Jacobs, Mr. and Mrs. Roy Gilbert, Mr. and Mrs. V. Smith, Mr and Mrs J. Cristante, Mr and Mrs. Don Cristante, Mrs. Sam Fabbi, Mr. Frank Kuroda and Mrs. C. B. Snow

Rev. Norman Tannar left on Monday for Banff where he will attend a church conference.

Mr. and Mrs. G. F. Peart of Burlington, Ont are visiting with their daughter, Mrs. A. M. Proverbs and family.

Mr. and Mrs Herbert Rice of Vancouver visited in Summerland over the week end

Mrs. Jack Young is visiting in Victoria this week.

Mr. and Mrs. R. Oxley are visiting their son Harold in Vancouver.

Mrs. J. McNulty of Saskatoon and Mr. and Mrs. Pat Moen of Penticton were visitors of Miss Mary Scott.

Mr. and Mrs. A. C. Logan are visiting in Vancouver this week.

Miss Doreen Tait and her father, Mr Magnus Tait are on a trip through the Fraser valley.

Mr. and Mrs. J. Y. Towgood were in Oyama Sunday to attend the 60th wedding anniversary of Mr Towgood's parents, Mr. and Mrs. Arthur Towgood.

Miss Ona Willis and Miss Arlene Embree arrived home on Sunday after completing second year university.

Don Woodbridge of Summerland is practice teaching at Trout Creek.

Mrs. L. W. Rumball and Mrs. W. S. Rothwell attended a tea given by the Oliver Women's Institute Saturday afternoon

Fourteen Summerland ladies travelled to Naramata May 2nd, to attend the district conference of the Souh Okanagan and Similkameen Women's Institute. Over 100 ladies from the 18 districts in this area were in attendance. The provincial president, Mrs. R. Partington, of Francois Lake presided. In the afternoon a talk by W. J. Rose was heard "entitled "Women — the hope of the world".

The Women's Institute regular monthly meeting will be held May 12 in the Anglican Parish Hall. Mrs. W. A. Durick will demonstrate gift wrapping. Visitors welcome.

Mrs. Harvey of Alberni is visiting with Mr. and Mrs. C. A. Gayton

Visiting with Miss Ruth Dale were Mrs Larroe, Mr. and Mrs. H. W. Daniel of New Westminster and Mrs Munford of North Surrey

Mr. and Mrs. M. Sloper of Parkdale had their son visiting them from New Westminster.

Mr and Mrs. J. C. Alder visited recently with Mr and Mrs. Walter M. Wright.

Mrs. E. M. Hookham had her daughter from Victoria visiting her, also a sister in law from England.

Mrs. I. Stiers of Trail recently visited with Mr. and Mrs. Earle White

Thirteen university students registered this week for summer studies at the Resarch Station

Mr. and Mrs. J. Lekl are visiting their daughter in Prince George.

Visitors at the home of Mrs W. King of Parkdale were the Rev. and Mrs. Williams of Vancouver.

## The answer to your Dreams - an attractive Savings Program

Dreaming about money you wish you had saved is but wishful thinking. It is better to commit yourself to a definite savings plan and provide yourself with actual cash.

The Summerland and District Credit Union is now offering its members a very attractive fifteen year savings program supplemented with insurance. Here is how to create a \$4,000 Estate immediately with a Credit Union Endowment Savings Plan.

The member subscribes for \$2,000.00 worth of shares and concurrently the credit union will by the same agreement lend him \$2,000.00 to meet his obligation on the shares. Through this combined savings and insurance plan you as a member agree to save \$120.00 a year (or \$10.00 a month) during the term of the contract. In the event of death before age 70 or total disability before age 60, the loan balance would be paid off in full by the insurance. In addition, if the plan is started before age 55, the \$2,000.00 in shares would increase by another \$2,000.00 in insurance leaving your family, dependents, or beneficiary \$4,000.00 in cash.

Through your credit union's affiliation with the B.C. Credit Union League it is able to arrange to insure both the loan and the shares. Your credit union uses the \$120.00 per year that you are repaying on the loan in its regular operations and the interest received from it pays the cost of insuring your loan and shares.

You do not pay any interest on your \$2,000.00 loan nor do you receive any dividends on the \$2,000.00 shares, and you cannot withdraw any of the money you have paid in on this plan while the contract is in force. It may be possible to borrow against your equity in your shares as this loan is repaid.

At the end of 15 years when you have repaid \$1,800.00 it is conservatively estimated that reserves set aside out of surplus for the purpose will be ample to pay off the balance of your loan.

If you wish to cancel the agreement before the term of the contract ends, the cost of the insurance, etc. will be deducted from the amount you have paid in, and the balance will be returned to you.

Call into your credit union office in West Summerland soon. The staff will be glad to explain the Endowment Savings Plan to you. — Advt.

Pupils Prepared for Festivals and Examination

The following successful piano entries in the recent Penticton Music Festival, were all awarded first place:

Beethoven Sonata, under 17 (86) — "Well colored playing, well prepared and executed".

(This pupil attained highest mark of all entries in Beethoven classes under 15 and 17, and was awarded the Simpson Rose Bowl.)

Duet, under 16 (86) — "Good pace, gracious effect, ensemble excellent."

Solo, under 10 (87) — "The Correct style of a Bourree. This player has excellent piano style."

Quick Study, under 14 (86) — Piece to be prepared in two days and performed in public — "The quality of the touch brought out the spirit of the music — gaiety."

Sight Playing, under 16 (85) — "Very good, a promising performer."

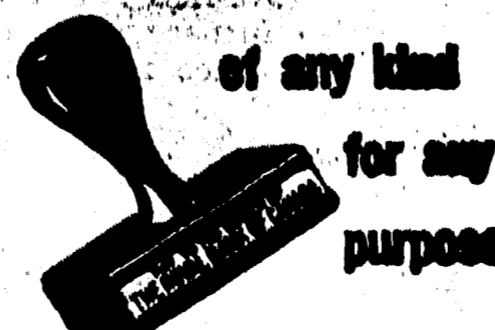

Duet, under 10 (84) — "Well balanced, had life in coloring and touch."

Sight Playing, under 10 (83) — "A good general standard."

Five students placed second and three came third in their classes with marks ranging from 81 to 86.

Carol James, former pupil, reports from Victoria Music Festival: First in Concert Group (87); Runner-up for Victoria City Medallion.

# Bowling league holds wind-up banquet

Team winners for the season were The Occidentals from A League and Long Shots from B League with the Occidentals winning out for the championship trophy. Other trophy winners in the round robin series were the Peach Pens from A League and the Bomarc from B League.

urer, Muriel Walker, executive, Elsie Archibald, Peachland; Oscar Nilson and Barry Parish. Bill Austin is past president.

## Square 'em up

Pairs and Squares members are taking full advantage of party nights to keep up on their dancing. Twenty members attended the Blossomtime Dance in Oliver on April 22, and seventeen of us were on hand when Dick Cameron squared 'em up at Peachland April 29.

This Saturday's parties are at Kelowna and Penticton. Glen Ashcroft is calling at Kelowna, for the Wagon wheelers and Carl Nelson of Los Angeles, a yodelling caller, will MC the Promenader's party night in the high school cafeteria in Penticton. Buffet supper will be served.

The Okanagan Square Dance Association is sponsoring a free dance in the Youth Centre at 8:30 p.m. on Friday, May 12. Bill French will emcee, and all Association callers will be on hand to help him out. Ice cream and cake, and coffee will be served, and dancers are asked to bring along a sandwich or two.

Chuck Inglis will emcee the Wheel N' Stars party in hte Elks Hall in Penticton on Saturday, May 13. Buffet supper.

We're looking forward to next winter's dancing season with enthusiasm. Bob Emerson and Ray Frederickson will certainly provide us with wonderful instruction, and we hope all our members will be able to take advantage of it.

We also extend a very warm welcome to any square dancers who have had to discontinue dancing, and would like to get back into it again. Come and join us at the Parish Hall Nov. 1.

We are asking members to pay their fees for the full 20 lessons at the beginning of the series. This will be \$10 for adults and \$5.00 for teen agers. It will make registration much easier for the treasurer, and as money is always pretty scarce after Christmas, it will be a relief to have our fees all paid up ahead of time. So start salting away your pennies now and you'll be all set for some happy nights out come November 1st.

## Thrilling junior game opens baseball season

It took 20 innings of baseball to do it, but the Summerland Red Sox finally got a decision over the Penticton A & W Juniors. The game last Sunday in Penticton went to a 13-13 tie while the game here on Sunday went to the local team by a 5-4 score in 11 innings.

The Penticton team opened the game with a bang and drove young Keith Skinner to the showers in the 1st inning. A double, a single and a walk loaded the bases but Garry Thompson, out of Naramata and now playing with the locals, got Hamilton on strikes and made McMaster fly out to end the inning with no damage. The out-of-town team came right back in the third to score two runs on a walk, a double to Hamilton and a single to McMaster. The Red Sox scored once in their half of the third on a walk, a stolen base, and a single by Parker. In the 5th the Red Sox got to Wilson, Penticton's starter and scored three

times on a couple of walks and three singles.

Penticton tied the game in the sixth on a walk and two singles. From then on it was a pitcher's battle, neither Wilson or Thompson giving an inch until the last of the 11th. Then with lead-off man, Pushkarenko getting on with a single, going to second on an error and advancing to third on Thompson's hit, it set up the play that climaxed the game. Uchida laid down a perfect bunt to squeeze in the winning run.

A good crowd saw a real pitchers battle with more good plays thrown in than you would expect to see in half a dozen junior games. The next action for Summerland will be Sunday, May 14 when Kamloops will be in town for a double header.

# PLANNING?

## HEAT BETTER, ELECTRICALLY

ELECTRIC HEATING will give you luxurious living—and economy too. The annual operating cost of an Electric Heating system is comparable with other automatic systems. In addition, Electric Heat reduces construction costs—saves space—cuts the cost of cleaning bills—and, gives convenience and comfort never before possible.

### AUTOMATIC

Each room's temperature can be controlled by its own thermostat.

### CLEAN

Flameless. No soot—no smoke—no fumes.

### DEPENDABLE

Safe—just like an Electric Light.

### QUIET

No moving parts—no noise.

### SPACE-SAVING

No furnace or fuel storage space required.

### HEAT BY WIRE—

NOT BY FIRE

Call on your Electrical Contractor—ask him how you can Heat Better, Electrically.

# Pairs and Squares elect new officers

The Summerland Pairs and Squares chose their new executive at the annual meeting on April 24, and the executive meeting which followed April 30.

David Munn continues as president, and Ken Nistor is the new vice president. May Mayne will carry on her duties as secretary, and Bert Roseborough is the new treasurer. Gladys Laidlaw is general convener of refreshments, and Keith Taylor heads the decorating committee. Fred and Betty Smith will represent the club at the Okanagan Square Dance Association meetings. Nettie Shannon continues as a director.

The hard working phoning committee consists of Lil Nistor, Gwen Hardie and Ann Clifford. Bob Hardie will again take charge of pop sales.

After consulting all the mem-

bers, it was decided that Wednesday night was an excellent night for intermediate classes, with only two couples unable to attend that night. Instructor will be Bob Emreson, and classes will be held in the Parish Hall, starting November 1.

Ray Frederickson, who did a fine job with the beginners' class last year, was the unanimous choice to instruct the beginners. Classes will be held on Friday nights in the Youth Centre. A "Bring a Beginner Night" will be held on October 13, with all square dancers invited to come and bring along their friends who are interested in learning to square dance.

Fees for both classes will be \$10 for adults and \$5 for teenagers for the 20 lesson series from October to March. Members will be asked to pay the full fee when they register for the season.

Oolichans, Ooligans, Oulachans. There's confusion about the spelling on the West Coast, but in the east they call them smelt. No matter what they're called, they're running up rivers and streams from the east coast to the Great Lakes to the west. Fisherman Denny Dieterle landed a catch in British Columbia that would make any fish-fry addict's mouth water.

# Dr. M. Boyd speaks on trip to Russia

On Tuesday night, Dr. Myron F. Boyd, spoke to a capacity audience in the Free Methodist Church on his recent tour of Russia. Dr. Boyd, of Winona Lake, Indiana is director and speaker of the world-wide broadcast, "The Life and Light Hour" of the Free Methodist Church. He is currently on a tour of north-west and central Canada. He also showed a short film of the Russian invasion of Latvia in June, 1940. Visitors were present from Winfield, Kelowna, Peachland, Penticton and Oroville, Washington.

While in Russia Dr. Boyd addressed students of the University of Moscow. He was permitted to speak in churches through the avenue of bringing greetings from America and to give personal testimony, though he was not permitted to preach. He said there is only one protestant church, the Evangelical Christian Baptist Church, which is a merger of three churches. No Sunday Schools or church youth groups are permitted in Russia. He said that there was supplemental entertainment for the youth in parks, etc. in lieu of church.

## IT HAPPENED IN CANADA

By Mal Campbell

# Kiwanis report

Kiwanis met on Tuesday night as usual and Clair Eisey's brother, Dr. Roy Eisey of Vancouver was present as a guest. Other guests were Bert Simpson of West Summerland and Ernie Turk of Penticton, also eight members of the Key Club who had volunteered to help with the cancer drive for funds.

Jerry Hallquist announced that it is hoped to hold a ladies night and dance during the last week of May.

The month of May is attendance month, and as was the case last year, the club has been split into two, the president's team and the vice-president's team, in competition. The losers will eat meatballs and the winning team steaks.

Ken Heales announced the first subscription of the evening to the cancer drive — \$10 from the Kiwasa Club.

After supper, the members left at once to canvass the entire area for the cancer drive. Should anybody have been mis-

sed, their donation will be gladly accepted at the office of Smith and Henry.

A flash report at 10 p.m. Tuesday night showed that \$815.45 had been collected in cash, with four districts still to report and also the business section still to come in.

It is with great regret that we report that the Church on the highway has once again been sabotaged and practically destroyed. It is hardly possible to repair it again, so plans are going ahead to rebuild it. It is inconceivable that this should happen again and makes one wonder what can be the mentality of those responsible. This is not a childish prank but deliberate destruction of an attractive little building that is a symbol of our faith, whatever church we may attend. While Kiwanis is going to rebuild, the club as a whole consider this a very regrettable incident.

— The Scribe.

# Letter to the editor

The Editor,  
The Summerland Review,  
Dear Sir:

May I be permitted a few lines in your valued paper, to express my appreciation, to the Council and members of Summerland Teen Town, for the respect accorded me during the time I was associated with them as a member of their sponsors, the Summerland Kinsmen Club.

I sincerely think that the people of Summerland are most fortunate to have this active group of young people in the midst. Those of you parents who have not been out to chaperone at least one Teen Town function, you are surely missing a most rewarding and worth while experience. These young people under the leadership of Mayor Brian Batley did a terrific job

last season, and I am sure that this season under Brian Adams as Mayor, they will do equally well. They are the future leaders and citizens of your community, give them your support and guidance.

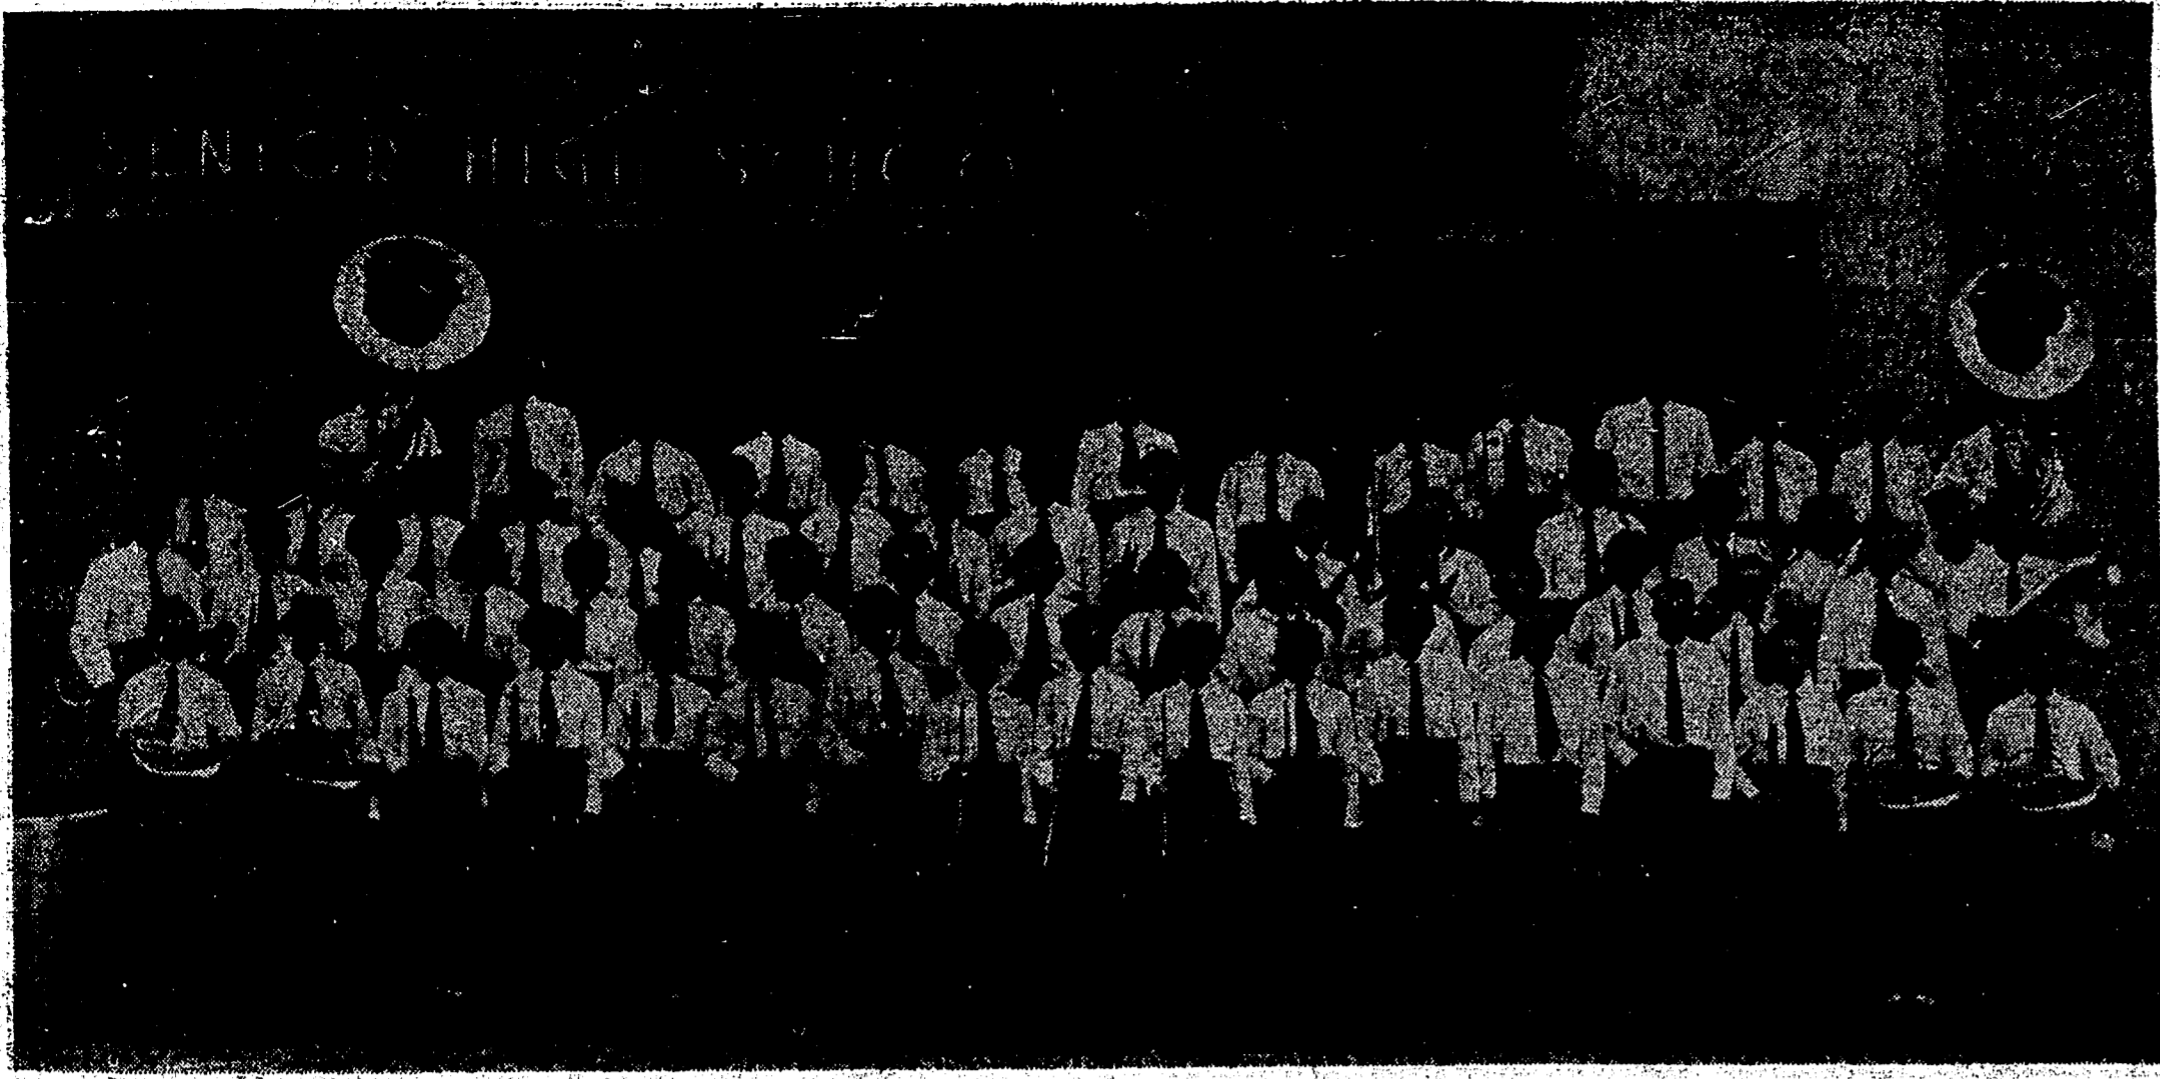

I would also like to congratulate Summerland Teen Town on their forth-coming efforts in raising funds to contribute to Parkdale Place. This is a very good example of community spirit.

Yours truly,  
Ed Lekol

Summerland  
Review

Summerland residents will be treated to the final high school band concert of the season on Friday, May 12. The concert, to be held in the high school auditorium, will give everyone a fine evening's entertainment as well as culminating a year's hard work and practice for the young people. Selections will be heard from both junior and senior bands and a very worthwhile program has been lined up, with a good attendance anticipated.

The band will also participate in the Lilac Day festivities on Tuesday, May 16, when they will give a short concert on the main street immediately after school is out.

This picture was taken shortly before the band left on its week end trip to Grand Forks, Colville, Washington and Castlegar. Thirty-five of the band members and their chaperones escaped without serious injury Friday when their chartered bus slipped off the treacherous Cascade Highway east of Grand Forks and slowly slid to the bottom of an 80 foot ravine. Mrs. W. R. Chalmers and seven of the students suffered minor injuries when the bus skidded off the Summit highway on a hair pin curve. After boarding the second bus they proceeded toward Trail but were stopped by a mud slide at the first of two summits on the route. The injured were taken to Rossland hospital and two buses from Nelson picked up the stranded passengers. The students continued to Colville to give their concert. They returned home Sunday and were welcomed by a large crowd of parents, students and teachers.

## Under the Giant's Head

On Monday, May 15 the Rod and Gun Club will hold a practice shoot at the trap at the top of Prairie Valley. The shoot, for .22 and trap shooting, will be from 6 to 8 p.m. Supervised instruction will be given to all youngsters who turn out.

The regular monthly meeting of the club will be held from 8 to 10 p.m. A report will be heard on the recent convention in Pentikton.

The first captured starlings are now coming in for the bounty reward. Anyone not able to identify a starling can see one on display at Bert Berry's Sport Centre. The Rod and Gun Club is disposing of the birds.

The Hospital Auxiliary is planning its annual tag day in West Summerland, May 13, between 9 a.m. and 6 p.m. The proceeds will go toward the X-ray fund, as does the money taken in by the Thrift Shop. The tag committee is headed by Mrs. Don Clarke.

Mr. J. Russel Baxter, architect and town planner, will be guest speaker at the regular chamber of commerce dinner meeting Thursday evening, May 11. His subject will be on developing tourist potential in Summerland. Mr. Baxter is an authority in his field and all interested persons are asked to attend.

At the executive meeting Tuesday, E. R. Butler was appointed to canvass members for the chamber's donation towards the Parkdale Place furnishing fund.

It was decided to have 4,000 brochures on Summerland printed this year with distribution throughout B.C. and Alberta.

Not typical Okanagan weather could be said of the Research Station weather report this week with 1.02 inches of rain recorded and only 15.1 hours of sunshine.

## Yacht Club hears reports of successful activities

The annual meeting of the Summerland Yacht Club was held for the first time in the new clubhouse Friday night.

Reporting on the year's achievements Commodore L. A. Smith said that an 84 foot mooring pier has been constructed in the inner harbor, and the federal government has completed an addition to the breakwater; gas pumps will be ready in a week, and plans are being completed to install lights on the breakwater in the near future.

Votes of thanks were given to Commodore Smith, Mrs. Smith, Harry Dracas, Norman Holmes, Harry Thornthwaite and T. S. Manning.

Commodore Smith and vice-commodore Clarence Lackey are in the second year of their two year terms. Also serving their second year as directors are Ken Heales, Hilton Hughes and Harry Dracas and Les Rumball. Officers elected at the meeting were secretary, Mrs. L. A. Smith, treasurer, Bob Oxley, directors for two years: Harold Richardson, Keith Marten and Pete Andrew.

A furnishings committee was appointed with Pete Andrew as

chairman.

Membership fee for a person or family were set at \$6 per year. Mooring fee is \$20 per year and \$15 per year for life members.

Donations were received from Mrs. L. W. Rumball, who is giving an electric clock in memory of her husband, the late L. W. Rumball; Gordon Dinning, who donated toward furnishings; E. W. Thomas donated trees for landscaping; and Keith Marten who donated lumber for a temporary walk.

## Well represented at conference

Summerland was well represented at the Okanagan-Mainline Regional Conference on Higher Education held in Vernon all day Saturday.

Approximately ten per cent of the registrations were Summerland residents. In addition to this, Summerland's Reeve F. E. Atkinson was asked to chair a symposium which was the highlight of the afternoon session. The subject of the symposium, "The future of higher education" (Continued on back page)

## Grateful parent says thanks

The Editor,  
The Summerland Review.

Dear Sir:  
As a parent of one of the members of the Summerland senior high school band, I should like through your paper to pay two tributes.

The first is to Mr. Tamblin and Mr. Chalmers who gave up much time to organize the recent band tour and, with Mrs. Tamblin and Mrs. Chalmers, to accompany the students on their trip. When we heard of the accident we were thankful our children were in such good hands. Their responsibilities then were beyond all normal call of duty. From the parents of the bandmen, a heartfelt thank you.

Now our children are safe home we know how lucky all

were that the accident was no worse. We know also how every boy and girl who was not hurt rose to the occasion and did their utmost to aid their less fortunate comrades.

They made a human chain to help them up the cliffside. They calmed them, raised their spirit by singing — they did everything boys and girls could do in the emergency. It is to them I wish to pay my second tribute.

When young people rise to an occasion spontaneously as ours did they are a credit to their school, their community, to youth.

My particular name is not necessary for signature. I speak not for myself, but as,

Gratefully,  
A Parent.

## Lilac Day Tuesday

Lilac Day in Summerland has been set for Tuesday, May 16. The day, featuring special bargains in all West Summerland stores is sponsored by the retail merchants assoc. of the chamber of Commerce.

The stores will be decorated with lilac blooms with many stores having sidewalk displays. The flower boxes on the main street will also be filled with lilac blooms, to make the town take on a colorful aspect on Tuesday.

The high school band will play on the main street after school hours.

The Summerland Yacht Club will have a boat display on main street with a booth for those wishing to obtain memberships or information about the club. Also available at the booth will be guided tours of the new Yacht Clubhouse building. A large number of boats are expected to be put on display by club members.

Store owners are working hard to make their stores attractive for the big day and the many specials offered should attract many people to town Tuesday.

This is the first time a Lilac Day has been attempted, and if successful, it is hoped, it will become an annual affair.

## Violet show May 20

African Violets in shades of pink, blue and white, single and doubles with plain, quilted, ruffled foliage. These will be on display at the second annual African Violet show, Saturday, May 20th at 2:30 p.m. in the IOOF Hall, under the auspices of the African Violet Society of Summerland. All growers of violets, whether members or not, are cordially invited to exhibit. Gallop's Greenhouse has donated a cup which will be awarded to the violet with the highest points. Each violet will be judged on its own merits.

(Continued on back page)

## To discuss Domestic water for Trout Creek May 17

A public meeting has been called for Wednesday, May 17 at 8 p.m. in the Trout Creek School, to discuss obtaining domestic water for the area.

Councillor W. B. Powell reported to council Tuesday night that it is proposed forming a

special domestic water district in Trout Creek. Money for the purpose would be raised by a Trout Creek mill rate with a ceiling of four mills instead of a frontage tax. Water rates would be \$40 per year less 10 per cent or approximately \$36 per year.

A minimum of 100 subscribers would be needed to get the plan rolling and Councillor Powell pointed out that as new users sign up the cost would be reduced on an equitable basis.

In the ensuing discussion Reeve Atkinson pointed out that although Trout Creek residents have to bear the brunt of the cost of the present work they receive the benefits of the large investment the municipality has put into building dams and reservoirs in the past few years in which Trout Creek taxpayers have not shared. Improvements have also been made to the intake at the reservoir and to the south main for such time when domestic water came to Trout Creek.

## Operation Tocsin

Reporting on Operation Tocsin in Summerland, Ivan E. Phillips, civil defence officer, said: "that although on a modest scale in comparison with many larger communities Exercise Tocsin proved to be a successful and fine community project." Much valuable data was acquired as the result, and the useful information gained will be used to the best advantage in any future exercise and planning.

Active participation in the staging of a Welfare Centre was carried out at the Youth Centre, headed by Mrs. J. Towgood of the local Canadian Red Cross branch and Mrs. S. Blazeiko of the St. John's Ambulance Association.

Under the direction of Mrs. Francis Stewart, the role of the evacuees was mainly performed by the mothers and in some cases the fathers of the children of the kindergarten school, with the children themselves actively participating. Particularly pleasing was the speed and smooth efficiency of the crash evacuation that was carried out at the schools, a perfect example of timing and co-ordination.

Feeding arrangements were again in the capable hands of the Ladies Auxiliary, Branch 22 of the Royal Canadian Legion under direction of Mrs. Isabel McCargar. Among those also taking part in the exercise was Mrs. J. O'Mahoney, in charge of first aid and nursing; Mrs. Eric Smith, Mr. and Mrs. E. Mortimer, Miss Dorothy Britton, welfare; Mrs. R. G. Russel, Mrs. M. Greenslade, Mrs. D. Charlton, and Mrs. G. Skippings

## Commends Students

(The following letter was received by high school principal A. J. Longmore from the driver of the ill-fated bus that carried the band members on their tour) Dear sir:

The reason I am writing is to let you know how sorry I am that the bus accident happened at all last Friday.

I am sincerely sorry because it happened to such a nice group of young people. This was the nicest "gang" I have ever had on any charter that I have ever been on. The whole group took the misfortune so well.

Would you please let the married couple and all the youngsters I had in the bus know how I feel and how sorry I am that it happened.

Fours truly,  
Clarence Kiehlbauch,  
Vernon.

PARKDALE PLACE FURNISHINGS COMMITTEE

## Canvass for Funds

During the next two weeks voluntary canvassers will be calling on many of our citizens to offer any information which may be requested and accept donations from all interested persons. It will be impossible to call on everyone, and the canvassers will endeavour not to call on anyone who has already donated. If this happens please accept our apologies, because it will be a difficult job for the canvassers. Anyone wishing to contribute and who has been missed, may leave their donation at the following places: Laidlaw and Co.; Holmes and Wade; or Bank of Montreal. Or if you will phone the treasurer E. H. Bennett at HY4-2936, a canvasser will be pleased to call.

Parkdale Place will be a Home of which Summerland will be very proud. Please help furnish it in the same manner.

## Has man triumphed?

by Rev. Norman Tannar

"The greatest triumph in man's history" has been the claim for the recent orbiting of the earth by the Russian astronaut, Gagarin. Then a few weeks later, Shephard for the United States made a spectacular shot into space and back.

Indeed, science has triumphed, but has man triumphed? Are we searching to explore the face of the moon or Mars while this world falls into neglect? What is it we want today — to get away from the world (the insane have been doing it for centuries) or to overcome the world and live life as it should be lived in love and charity with our fellow-man? Is not the understanding of the living heart

and mind of man more rewarding than the exploration of the dead cold surface of the moon?

History is being made today; but history is also showing that man has not advanced far from the tribal rivalries of outdistancing one another in the hurling of stones or shooting of arrows. Man is still hurling and shooting from the same worldly motives.

Into history has come Jesus Christ, whose ascension back to the Father, we remember this week. His ascension was not an ascent away from the world but rather a means to be in the world and to enter into the hearts of all men. It was expedient that He should go so that He could come to us in another way. It was this same Jesus who said, "Be of good cheer, I have overcome the world." St. John 16:33.

The true triumph of man will not come when he has overcome the pull of this world's gravity, but when he will have overcome the pull of this world's sin, and can say with Jesus, "Be of good cheer, I have overcome the world."

## Square 'em up

Lots of opportunities for square dancing fun again this week end, Friday, May 12. Bill French will emcee the free dance put on by the Okanagan Square Dance Association. All Association callers will be helping Bill with the program. Coffee, cakes and ice cream will be served, so all you need to bring along is a sandwich or two. Dancing starts at 8:30 in the Youth Centre. A meeting of the OKSDA is scheduled for 8 o'clock. Representatives are asked to use the back door to avoid disturbing the Cubs who are in session at that time.

Saturday, May 13, Ernie Funk of Kamloops is emceeing Westsyde Squares party night, with guest callers invited. Buffet supper will be served. Also that night, Chuck Inglis will call for the Wheel 'N' Stars in the Elks Hall in Penticton. Buffet supper at this dance too.

Pairs and Squares June 17 party will be emceed by Chuck Inglis. Gladys Laidlaw and Nettie Shannon are convening refreshments. June flowers will be used to decorate the hall for this "summertime" dance. Special arrangements are being made for our allergic members!

## Water Safety Week

Along with its promised pleasures, the approaching summer season brings with it some grim prospects

After each week end during the summer, newspapers, radio and television report what they term as "week end fatalities".

The Canadian Red Cross is holding its annual National Water Safety Week at the earliest date in history, May 11-20. This public education campaign is designed to urge Canadians to follow simple, common-sense water safety rules. These water safety rules are just as vital as good road safety rules.

By holding this week at an early date, the Red Cross hopes to cut down on the unbelievable number of water accidents over the holiday and start of the water season. As readers know, May 20-22 is the Victoria Day holiday week end and, to many, the unofficial start of summer season. It is also a week end during which drowning victims will join the list of "week end fatalities."

Learn the rules of water safety yourself, teach them to your children and make certain they are followed. Children also should be taught the reasons why these rules have been made, so they can learn to enjoy the water, and to respect it.

It's a staggering fact that last year 900 Canadians lost their lives through drowning. Not all of these, of course, were "week-end fatalities." Some drowned during the week, too. That's why it's so important to practice water safety ALL the time.

## Seek help to find Twist Rust

Pine twist rust, a European forest disease, has recently been discovered on western yellow pine in a small experimental nursery at Telkwa, near Smithers in north central B.C. Although this is the first and only record of the disease in North America it is possible that the disease may spread, or may have already spread, to other areas where yellow pine is a tree species of commercial importance. It has yet to be determined, moreover, if yellow pine is the only native coniferous tree species susceptible to this disease, there is a possibility that lodgepole pine will also be attacked.

Pine twist rust is known to alternate between certain hard pines (2 or 3 needle pines) and certain species of European poplar, it cannot survive indefinitely in the absence of poplar. European white poplar, *Populus alba*, is the suspected carrier of the disease in B.C.; although this tree is not native to North America it is believed to be widely planted as an ornamental. One of the initial steps of the program to gain essential information on pine twist rust is to determine the distribution of white poplar in B.C. The B.C. Forest Service and the forest industry are co-operating in this survey but public support is also required to expedite the progress of the work.

Readers are asked to report the presence of white poplar. This tree can be identified by the characteristic white cottony bloom on the under surface of the leaves and on small twigs and branches. The leaf bears some resemblance to a small maple but maple lacks the white coloration. European white poplar has a wide spreading crown and may reach a height of 100 feet or more. A small twig supporting 3 or 4 leaves should be removed from white poplar. This material should be pressed between the pages of a book for several days, or until reasonably dry, removed and placed between two pieces of heavy paper to avoid excessive damage in shipment, and then placed in an envelope and submitted to the forest disease laboratory.

Submit samples of any foliage or stem rust on yellow pine (3 needle pine) or lodgepole pine (2 needle pine). The rust will appear as orange or yellow pustules or blisters on the foliage or very young bark and may appear at any time from May through July. The rust specimens on pine should be submitted as soon as possible after collection and need not be dried. Twenty or thirty infected needles, or a small section of the infected twig with a few needles attached, should be sealed in a kraft bag, placed in a small cardboard container, and mailed to Victoria.

Co-operators are asked to identify themselves with their name and address and any other information that may serve to establish the geographical position of the tree or its size, age, condition or origin.

Reports and collections should be forwarded to: Canada Department of Forestry, Forest Entomology and Pathology, 409 Federal Building, Victoria, and marked "rust survey."

Memo to Members — Bring Plants for the Plant Sale

Visiting at the home of Mr. and Mrs. J. S. Kirk are Mr. and Mrs. Jack Wilson of Smith's Falls, Ontario. Before coming to Summerland, Mr. and Mrs. Wilson have been visiting their son-in-law and daughter, Flight Lieutenant and Mrs. Alan Kirk at Comox, Vancouver Island.

Mr. and Mrs. Joe Shelley motored to Vancouver last week to pick up their son Carlton at UBC.

Mr. and Mrs. Gilbert Jacobs dropped in on his parents, Mr. and Mrs. Frank Jacobs on their way to Oregon following their honeymoon.

Mrs. and Mrs. E. Johnston have returned from a holiday in California.

Mrs. Vera Blake of Armstrong was the recent guest of Mrs. Alex Inch.

Mrs. C. Velay and son of New York were recent guests of Mrs. O. Berg of Prairie Valley for three weeks. They have now left for a tour of Europe.

Mr. and Mrs. Frank Cochran of Dawson Creek are visiting relatives in town for two weeks.

UBC students Bryon Todd and Kenneth Lam are guests with Mr. and Mrs. Jack Raincock while doing summer work at the trout hatchery.

Miss Barbara Bevan of Vancouver is visiting her parents, Mr. and Mrs. Frank Bevan.

Mr. and Mrs. C. R. Adams are expecting their daughter, Phyllis from Winnipeg shortly.

Mr. and Mrs. Ross Tingley of Calgary are visiting at the home of Mr. and Mrs. Roger Tingley.

## Wedding

A wedding of local interest took place in Our Lady of Good Hope Church in Hope April 29, when Mary Louise Hasell, daughter of Mrs. Robert John Hasell became the bride of Gilbert Francis Jacobs of Oregon, son of Mr. and Mrs. F. Jacobs of West Summerland. Rev. Father Holzaphel officiated.

Soloist was Mrs. Zonetta Douglas, accompanied by Mrs. M. Barker, both of Hope.

The bride was given in marriage by her brother, Robert J. Hasell. Her white floor length gown was fashioned of white silk organza and featured appliques of Alencon lace. A head piece of pearls and rhinestones held an elbow length tulle veil in place. A prayer book and white carnations completed her ensemble.

The matron of honor, Mrs. Frank McDougall, sister of the groom; and the bridesmaids, Miss Irene Hasell and Miss Linda Hassell, were identically gowned in white nylon street length gowns accented with azure blue cummerbunds, gloves and headpieces. They carried bouquets of blue and white carnations.

Groomsman was Mr. Frank Jacobs of Vanderhoof and the ushers were Mr. S. Mulligan and Ron Walther.

At a reception following the ceremony the bride's mother received in a silk taffeta sheath with white accessories. The bridegroom's mother was attired in a two-piece silk shantung ensemble with blue accessories.

The young couple honeymooned in the United States.

Guests attending from West Summerland were Mr. and Mrs. R. Gilbert, Mr. and Mrs. F. Nicholls, Mr. and Mrs. V. Smith, Mrs. C. Snow, Mr. and Mrs. D. Cristante, Mr. and Mrs. F. Kuroda, Mr. F. Kato, Mrs. J. Cristante and Mrs. S. Fabbi.

FOR SALE — ½ acre, well landscaped, with garden and fruit trees. Fully modern country home, 1 bedroom, living room, kitchen and bath, electric heat, small basement, chicken house and shed, lovely lawn, hard-top road. Special price, \$4,500, half cash. Inland Realty, phone HY4-5661, West Summerland.

**TEEN TOWN TOPICS**

The first of the "Parkdale Place" dances was held last Saturday in the IOOF Hall.

These dances are being held every Saturday of this month from 9-12, and the proceeds go towards Teen Town's donation to the Parkdale Place furnishing fund. We urge everyone to please get out to the dances and support our effort.

We would like to thank Mr. and Mrs. G. Geres and Mr. and Mrs. Madison for chaperoning our April 29 dance and Mr. and Mrs. W. Cockell and Mr and Mrs. Empett for chaperoning our May 6 dance.

— Vicki McKee

## Horticultural society to hear talk on roses

A lively and entertaining evening is planned when Dr. James Marshall speaks to the Summerland Horticultural Society. The meeting will be held Friday, May 19 at 8 p.m. in the Anglican Hall.

Dr. Marshall's subject will be "Roses." He is well qualified to speak on this subject and his entertaining delivery is well known to Summerland residents.

There will be a plant sale, where members and friends can purchase interesting plants to

add to their garden. Members are reminded to bring plants from their garden.

A regular feature is the "Question Box." Members are requested to bring their gardening problems for this feature.

An invitation is extended to all interested to attend this meeting. A social hour with refreshments will conclude the evening.

## Dr. J. A. Wood addresses Rotary

Professor J. A. Wood of UBC addressed the Rotary Club on Friday evening.

Prof. Wood explained how his department had been able to utilize refuse from grain shipments passing through the elevators. The material had been combined with whale by-products and made into food pellets for feeding animals. A market for this product is available in the Orient. With an increasing quantity of grain passing through the port of Vancouver, an important industry could develop.

Prof. Wood dealt with experiments in animal nutrition at UBC. The findings had been related to wild life nutrition and the eating habits of deer. Experiments in cattle production by intensive feeding and use of vitamins were explained.

Prof. Wood had an easy delivery and his address was spiced with humor. This answers to questions displayed a keen interest and a full knowledge of his subject.

## Shopping around

by M.E.W.

Tuesday, May 15 is Lilac Day in Summerland. I hope everyone comes in to take advantage of the many fine specials being offered in local stores.

Apparently powdered butter-milk has been on local shelves for some time but I hadn't tried it until recently. It's a handy addition to the cooking cupboard to use in lieu of sour milk.

Another trick with powdered milk. Did you know that when making instant pudding that stipulates fresh milk you can use powdered milk by mixing the powder with the pudding mix and adding water.

No doubt the ladies who like to bake their own bread have noticed the large crockery mixing bowls being featured in the West Summerland Hardware. They're wonderful for raising bread as they hold the warmth.

And for the nutrition minded, the Groceteria sells unbleached flour. The cost is a little higher but it turns out a wholesome loaf of bread.

Mother's Day shoppers should not have too much difficulty in selecting just the right gift from the large displays to be found in all the local stores.

Bargains galore  
for everyone!

## Honored on Anniversary

Mr. and Mrs. Herb Lemke were honored at a surprise party on the occasion of their 25th wedding anniversary at the home of Mr. and Mrs. Harvey Eden Saturday evening, May 6th.

The evening was spent playing cards after which a turkey supper was served. The happy couple were presented with many gifts.

Those present, including the honored guests were: Mr. and Mrs. Harvey Eden, Mr. and Mrs. Larry Lemke, Buce Lemke, Mr. and Mrs. Frank Tilbe, Mr. and Mrs. Harold Greenlees, Mr. and Mrs. Clair Erant and Mark of Penticton, Mr and Mrs. John Caldwell, Mr. and Mrs. J. H. Dunsdon, Mr and Mrs. Jack Raincock and Michel, and Mr and Mrs. J. L. Brown.

## Kiwanis Club Notes

At the Tuesday night meeting of the Club, members were privileged to have as their guest speaker, Miss Mary Pack of the Canadian Arthritis Society (CARS). Miss Pack, who lives and breathes CARS and is the one person responsible for the building of the the organization in B.C., told just what it does for patients; the most important of which is perhaps making it possible for those who are crippled with arthritis, to regain the use of their muscles and limbs, and to return to their gainful occupations once more, or in many cases, to offer a substitution of work and to allow women to once more be able to run their homes and look after their families. It is possibly no probably, the most economically run organization in the province. Many of its helpers are unpaid and just "dedicated" to this humanitarian work, and what is not always realized is that even though a patient has no money, he or she is treated in exactly the same way, by the same trained physiotherapist, as a patient who may be in a position to pay for the care and treatments. Miss Pack concluded by showing a number of pictures depicting the work in the province, in its various branches. Two birthdays were celebrated, Wm. Brown and Hilton Hughes.

It was with great regret that the club accepted a letter from Bill Gilmour, asking for a year's leave of absence, owing to pressure of business.

Please note the spring conference at Winthrop, May 21st. Several members noted that they would be present.

Blake Brandon reported that the cancer drive of last week has reached the sum of \$1051, with one more district and the business block still to report. There is therefore, every likelihood that our objective of \$1,200 will be obtained and perhaps, passed.

Doug Campbell reported on a "flying trip" (in fact) to the Kamloops Kiwanis Club, on Tuesday, midday.

Richard Toeves, our guest from the Key Club of Summerland, advised of the coming bottle drive next week, to help the funds of the Key Club and the School Band.

— The Scribe

## Why was MAY selected as National Safety Month?

Fine weather and inviting roads ahead — week end trips and vacation tours coming up — what better time to make a special point of car safety? National Car Safety Month deserves everybody's support.

Stop in right away. We'll safety check your brakes, tires, steering, glass, lights, wheels, muffler and exhaust, horn and windshield wipers. For summer driving we carry a complete line of Dominion Royal and Firestone tires — the best tire buys on the market today.

If you need a new battery we recommend Firestone or Williard batteries. And if you need brake linings, be sure of safe stops with Rabestos Brake Linings.

Because of the mounting toll of deaths and injuries, the object of the May Nation-Wide Safety Drive is to have every car safety-checked now!

DRIVE YOUR CAR IN TODAY —

IF THERE'S ANYTHING WRONG — WE'LL FIND IT.

**Scouts prepare for Camp**

Plans are well in hand for the Scout International Camporee to be held May 19-21 at Loup Loup, about 20 miles from Omak, Washington. Since all camp construction items such as tables and seats have to be imported into the camp area, the troop made use of its week end camp two weeks ago to prefabricate and bundle all gadgets at the Faulder troop campsite. The camp also served for a bit of practice in outdoor cooking, since the only tinned goods allowed were canned milk.

At this week's meeting the troop practiced square lashings

and all Scout knots, so as to be proficient at the Camporee. All boys in need of packboards have now constructed these and at next week's meeting there will be a demonstration on how to tie the pack onto the packboard.

The troop will be leaving about 9:00 a.m. from the Youth Centre, Friday, May 19 by private car for the Camporee. Urgently needed are parents or friends to volunteer the use of their cars to transport boys and supplies, 4 cars and a light delivery truck each way. The return trip is at 2:00 p.m. Sunday afternoon. If anyone can help with transportation please phone R. J. Barkwill.

Full details on what each boy will take to the Camporee will be given each boy next Monday. The only cost will be about \$2.00 for food. Leaders in attendance will be Mr. W. O. Horne and Mr. D. V. Fisher.

— D. V. Fisher, Scoutmaster.

**Start softball**

The softball season starts in Summerland Thursday, May 11.

The Inter City Softball League gets started when the Mac's Cafe Aces play host to the Penticton Merchants. Game time is 7 p.m. in the playground. Park.

The League is made up of three good teams: Penticton, Osoyoos and Summerland.

Anyone interested in playing softball contact Mac's Cafe.

**This Week  
in Your Orchard**

by Alex Watt

**Apple blossoms slow**  
Apple bloom has been opening slowly during the cool wet spell so that there is a wider spread between varieties than normal. On taking a second look I would say that we have a moderate apple bloom rather than a heavy one. Fortunately as far as crop is concerned a moderate bloom can be worth every bit as much as a "snowball" bloom.

**Chemical Thinning**  
Pollinating conditions have been poor for most of the apple bloom period. So far most growers appear to be waiting for better weather before applying dinitro thinning sprays.

**Apple Scab**  
We can expect Apple Scab to show up in a good many orchards this summer if these rains keep up. Fortunately we now have two good eradicator type fungicides for controlling Scab. These are dichlorone for use up to the calyx stage and dodine which can be used in the late summer sprays as well as up to the calyx stage. Eradicator sprays are sprays that prevent further growth of infections that have already started. It is important to apply these materials within 60 hours of the start of a rainy period. Both dichlorone and dodine will also prevent new infections from starting for a period of seven to ten days after application.

**Weather Note**  
The weather station at the Entomology Laboratory, Trout Creek, has recorded 1.86 inches of rain from April 28 to May 9. This is very close to one-fourth of the entire precipitation recorded in 1960.

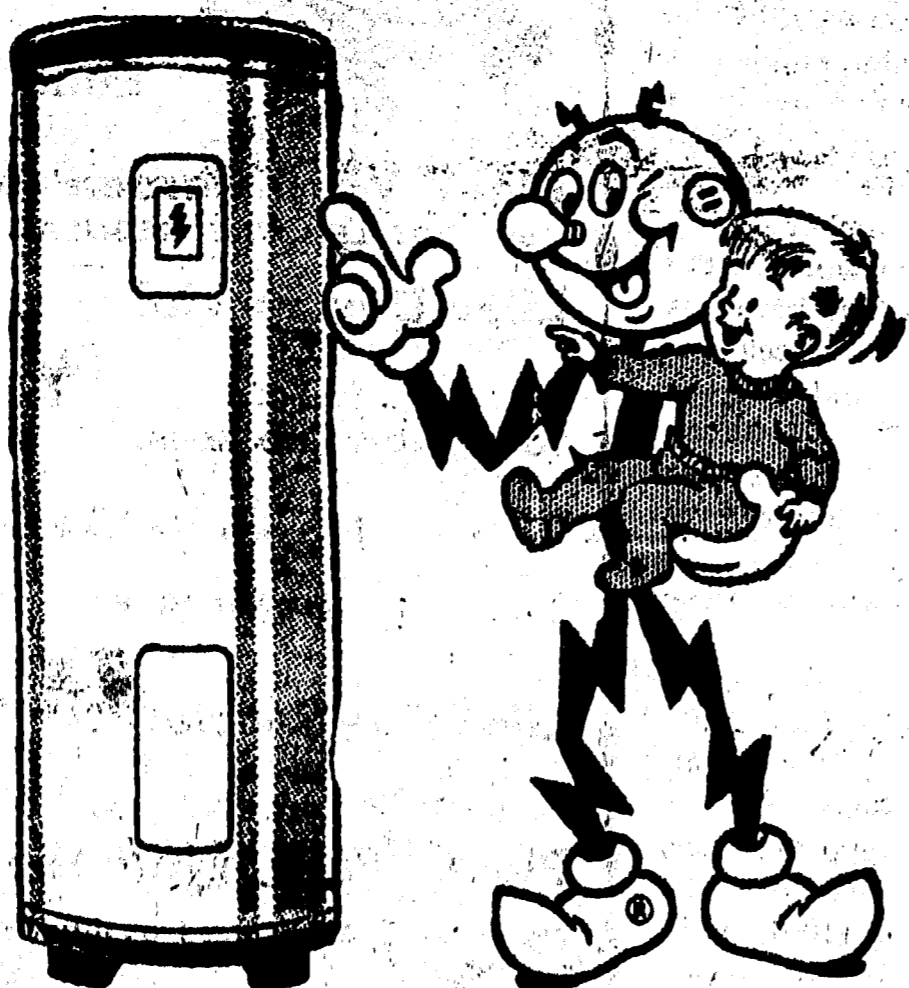

**BE SAFE**

**BE SURE**

**Coming Events**

Monday evening, May 15 is the regular meeting at 7:30 of the Summerland African Violet Society at the home of Mrs. Lyle Kennedy, Parkdale.

Monday, May 15 at the Rod and Gun Club trap shoot, top Prairie Valley Road, 6-8 p.m. practice trap and .22 shooting. Afterwards 8-10 p.m. regular monthly meeting. Important business will be discussed.

Chamber of Commerce dinner meeting, Thursday, May 11, 6:30 p.m., IOOF Hall. Speaker, Russell J. Baxter on "Planning Summerland to Attract Tourists"

African Violet Show, Saturday, May 20, 2:30 p.m., IOOF Hall. Tea 25c. Plants and novelties for sale. Class list available at District Horticultural office.

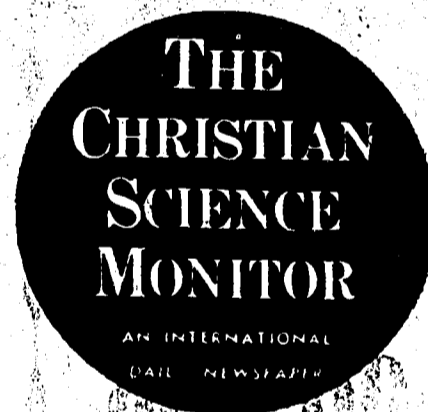

The Old Age Pensioners Association meeting will take place May 16 at 2:00 p.m. in the IOOF Hall.

**ATTEND DANCE**

Eleven dancers from Summerland attended the Peach City Promenaders party on Saturday night to dance to Carl Nelson's calling. Unfortunately Carl was not able to either sing or yodel that night, but he did manage some patter calls, and with the help of Bob Emerson, kept the dancers happy.

#### CONFERENCE

(Continued from page 1)

in the Okanagan-Mainline Region" was broken down into six parts with a question period following.

Taking part were Dean G. C. Andrew as moderator, Mr. Robert T. Wallace of Victoria College, who spoke on junior and community colleges; Dean S. N. F. Chant, whose subject was senior matriculation; Mr. Dean Goard, assistant director of adult education, and also a member of the Vancouver School Board, who spoke on vocational and technical education; Dr. J. K. Friesen, director of the UBC Extension Department whose subject was extra-mural studies, and Dr. A. J. Wood of the Faculty of Agriculture.

Dr. Wood gave a very interesting talk to about fifty people in the Summerland high school library the previous evening. As an agricultural professor his ideas applied only to agricultural education, but he pointed out that with the steady increase of the population of the world at approximately 100 a minute, it is vital that new ways be found to increase the world's food production; and this can only be done by research. This would mean that more people must be trained for this work and that perhaps vocational schools are the answer. He said that he would like to see educational farms set up throughout the province wherever the type of agriculture is specific; such as cattle in the Fraser Valley, fruit in the Okanagan, etc., so that maximum use can be made of the facilities at UBC during the winter, and field trips for firsthand experience during the summer could be made to these farms. However, Mr. Wood would not venture an opinion on how long it would be before any such schools or farms would be built; he stated "That is out of the realm of the academician and into the realm of the politician."

#### VIOLET SHOW

(Continued from page 1)

The class list is available at the District Horticulturist office, West Summerland, or from Janet's Shop at the Plaza in Penticton. Entries will be ac-

cepted from 10 a.m. to 12 noon on May 20th.

This show should interest all flower lovers, as well as the African violet grower, and in addition to the show of these

interesting plants there will be a number for sale.

Tea will be served during the afternoon for a nominal charge and a selection of novelties will be for sale.

will be held in the

Trout Creek School  
**Wednesday, May 17th**

at 8:00 p.m.

to discuss the proposed Domestic Water Scheme for the Trout Creek Point Area.

Plans will be shown indicating the routes of the pipe lines and methods of financing will be discussed. A good attendance is requested.

G. D. SMITH, Municipal Clerk.

### Under the Giant's Head

According to Mr. Jim Moore, the government camping site north of town is averaging about four campers a night at this early date. The camp is all prepared for a land office business, each summer seeing more and more tourists taking advantage of the excellent facilities. 135 units are now available with the overflow units to be used only when the other camp is full.

Now that the fire season is upon us we can expect to see a red shirted Junior Forest Warden on patrol. Currently some 5,500 youngsters, age 10 to 16, are receiving instruction in courses designed to instill a fuller appreciation of our personal liability for protection and wise use of all forest and wildlife resources. Dale Jenner of West Summerland has recently been appointed to the Lone Patrol.

A little more sunshine this past week with the Research Station reporting 44.4 hours of sunshine and only .16 inches of rain.

	High	Low
May 10	54	46
May 11	59	38

May 14	63	44
May 15	71	42
May 16	67	47

Mr. Magnus Tait brought into the Review office this week a booklet published in 1911, entitled "Opportunities in B.C." The book was printed with the compliments of G. A. McWilliams and is made up of extracts from Heaton's Annual, a publication from Toronto, which advertised Canada as a whole.

An interesting point is the estimated cost of an apple orchard. We quote: "In the case of unirrigated land the cost would be approximately 20 acres at \$200 per acre, fencing \$250, preparing land (ploughing and harrowing) \$150, trees, yearlings, 80 per acre at 15c each, setting out trees, 1,600 at 8c ea., making a total cost of \$4,768. Cost of maintenance for five years is \$30 per acre per year, making the total cost of the orchard at the end of the fifth year when it should give commercial returns \$7,768.00.

The section on Summerland says that apples grown in this area were taking first prizes even then. "Apples have won highest awards in Great Britain against all colonies for four successive years."

There were 45 members present at the regular monthly meeting of the Old Age Pensioners held in the IOOF Hall May 16. Mr. B. Mayne was in the chair.

After the business meeting was over Mr. T. B. Young showed lovely pictures taken on a trip to Australia, New Zealand and Hawaii with an interesting commentary on them.

Mrs. Mayne and Mrs. Porter served refreshments.

# The Summerland Review

Volume 16, No. 20

West Summerland, B.C.

Thursday, May 18, 1961

## Lilac Day successful

West Summerland was humming on Tuesday as eager customers from the area flocked to town to take advantage of the many Lilac Day specials offered in the local stores.

Every store in town was decorated with a lilac theme, with blooms in the flower boxes on the main street, and hanging planters outside many stores.

The boat display by the Summerland Yacht Club attracted a great amount of attention, with many boating enthusiasts clustered around the sleek models.

After a cloudy morning the weather turned warm in the afternoon.

Mr. Ken Heales, chairman of the Retail Merchants Assoc. told the Review that the merchants were well pleased by the large number of visitors to town for the first Lilac Day. "I would like to thank all those who donated lilac blossoms," Mr. Heales said, "and also the Summerland Yacht Club for its interesting and attractive boat display."

## Must have gun permits

Corporal Larry Martin of the local RCMP reminds parents that a BB gun is considered an offensive weapon under the criminal code. Young people under the age of 18 cannot use a BB gun off their parents' property.

Under the age of 18 years, in order to obtain a firearm permit parental consent must be given and the gun carried only under supervision.

## Coffee party for writers in Penticton

The Okanagan Writers' Group is preparing for its second annual coffee party to be held May 31st in the Penticton Regional Library at 8 p.m.

The first coffee party held last year created so much interest that the Writers' Group was asked to make it an annual event. Okanagan writers of fiction, articles and prose of all kind, and poetry and all those interested in writing, are cordially invited to attend. These parties are given in order that Okanagan writers may get to know each other and the work done in the Okanagan Valley.

A display of work will be set up. This proved a very interesting feature of last year's coffee party. It is hoped that this meeting of Okanagan writers will help to create an interest in the course on creative writing to be given by the well known author W. O. Mitchell in the Okanagan Summer School of the Arts to be held in Penticton in July.

E. H. Bennett received a cheque for \$300 from the Summerland Scandinavian Club last week for the furnishing of a room in Parkdale Place. The cheque was presented by Mrs. Lloyd Shannon (right) president of the club, and Mrs. Junius Johnson treasurer. The Scandinavian Club was organized in 1954 and has been saving money derived from catering and its annual Christmas Smorgasbord for the past two years, in order to furnish a room in Parkdale Place. The presentation was made in the tea room of the senior citizens home with both ladies wearing authentic Swedish dress. Mrs. Johnson's outfit is over 60 years old.

## Hospital Society receives donations

At the board of directors meeting of the Summerland Hospital Society Tuesday night it was announced that the hospital has recently received two cash donations.

The estate of a recently deceased Summerland old timer gave a \$500 legacy to the general hospital.

President Linda Betuzzi, on behalf of the Senior Girls Service Club of the Summerland High School, presented Mrs. J. R. Butler, matron, with a cheque for \$50. The money is to be used to buy nursery scales and a ward chair. The Senior Girls Service Club consists of forty girls in grades 10 to 12 in the high school.

Hospital board president, R. Alstead expressed appreciation

## Progress on road signs

Councillor H. J. Barkwill told the regular monthly dinner meeting of the Chamber of Commerce last Thursday that a map is now on display at the municipal hall with road names marked in as suggested by a committee which has been working on it for some time. Some names have been changed and others have been added.

He invited residents to go in and look at the map and, if they have any objections or suggestions to put them in writing to the council. The Chamber of Commerce asked council earlier this year to investigate the putting up of road signs in Summerland. Naming of the streets is one of the first steps needed.

## Education program postponed until fall

Difficulties in financing is the reason given by the department of education for not endorsing the continuing education program proposed by the Summerland high school.

The continuing education course proposed for Summerland high school to commence immediately has been cancelled until September.

At the moment 51 persons have indicated they wish to take part in the program and the night school committee will continue working toward a solution of the financial problem.

Directives have been sent to high schools in British Columbia regarding the continuing education courses and it is reported that a good deal of interest has been stirred up all over the province.

In the meantime, night school director W. R. Chalmers is continuing to contact interested persons in order to line up a complete program for the fall.

### NO GRADE 13 HERE

Grade 13 will not be offered in Summerland high school in 1961-62 because of insufficient registration.

Registration forms for senior matriculation at Penticton high school are now available at the Summerland high school office. Penticton principal H. D. Pritchard has advised that fees for the 1961-62 term will probably be \$175.

## Rifle Club elects officers

The Summerland Rifle Club will again be under the leadership of Harold Richardson who was returned as president at the annual meeting held on Tuesday evening at the home of P. S. Dunsdon. Other officers elected were: honorary presidents, Pop Dunsdon and Ed Gould; vice-president, H. Simpson; secretary treasurer, Art Dunsdon; executive members: A. Kalinin, R. Bertram, R. Maddocks, G. Dunsdon and P. Dunsdon. Range captains are Harold Richardson and Ray Maddocks with Art Dunsdon as recorder of scores and George Dunsdon in charge of ammunition and equipment.

The annual invitation shoot will be held July 30, and the local club trophy shoot Aug. 6.

Some vandalism was reported by Harold Richardson. He found the lock on the target house had been forced and the door of the cabin was broken. This column has pointed out many times that such destruction can accomplish nothing, as there is nothing of value to anyone but rifle shooters in either the target house or the cabin. Ammunition is never stored at the range. Again, let us repeat, the range is private property, and anyone caught doing damage will be prosecuted.

A work party is being organized to put the range in good condition and regular practices will be starting very soon. Anyone interested is asked to contact any member of the club for details of membership, and please note, rifles are always available at the range.

### ADDRESSES C OF C

Guest speaker at last week's Chamber of Commerce meeting was J. Russell Baxter, town planner from Penticton.

Speaking on tourism in Summerland he said the area should determine the type of tourist we want, and then provide the best service possible. Mr. Baxter said an attractive entrance to town was a necessity but that careful thought should be given to the type of entrance wanted. It should be something different from any other community, he said.

## Scouts off to Camporee

An excellent troop turnout on Monday enabled final plans for the Camporee to be completed. Three patrols, Hawks, Buffaloes and Eagles are going with 6 or 7 boys each. Boys are reminded that the troop will leave the Youth Centre Friday, May 19 at 9:00 a.m. Dress is full uniform with extra sweater or windbreaker in case the day is cool. Boys should take a change of socks and shoes and everyday pants and shirt for off-duty periods.

District Scoutmaster G. M. Blewett attended the meeting to demonstrate the proper method of tying a pack to a pack board. About 22 feet of awning or nylon cord is desirable for this purpose which is available at local hardware stores.

The Buffalo patrol was awarded the winter patrol competition prize, a first aid kit. After being out of the troop a year Jim Munn's application for re-admission was approved and he is posted to the Buffalo patrol.

Any boys having questions re the camporee should get in touch with their patrol leader or the scoutmaster. Return trip from the camporee will be on Sunday at 2 p.m. All boys must pay their patrol leader for food supplies before leaving on the trip.

"Ride a cock-horse to Banbury Cross" says the old nursery rhyme — well, this is Banbury Cross at Banbury, about 60 miles northwest of London, England. The rhyme dates back to the 16th century when a cock-horse or spare trace horse, was taken to the crossroads hill at Banbury to help pull loads to market. The cross is a Queen Eleanor Cross, erected by King Edward I to mark a spot where her body rested on its journey to London.

**Library  
Report**

by Kay Dunsdon

Vance Packard came into national prominence in 1957, with his "Hidden Persuaders" a study of motivation in business of buying and selling. His second book, the "Status Seekers", was also a controversial book on American class consciousness.

In his continuing study of American society he once again has given us a disturbing book "The Waste Makers", a startling story of planned obsolescence, brought about by the capacity of our productive systems to produce more goods than we need.

In contrast, we have the light hearted and amusing story of "Cats in Cahoots" by Doreen Tovey, the hilarious deeds and misdeeds of Sheba and Solomon, two capricious Siamese cats and their companion, a squirrel, with a weakness for brandy and furniture polish!

"The Governor's Lady" by Thomas Raddall, is a stirring biographical tale of life in early America during Revolutionary times. The governor's lady yearned for power, money and the prestige of a title, which she achieves through political juggling and intrigue. A) very good book and recent best seller.

Our new art display in the library is by Zeljko Kujundzic, a native of Yugoslavia but now a naturalized Britisher. He has had a brilliant art career in his homeland, studied on scholarship, in Budapest and other European art centers.

During the last war he was in forced labor camps, escaped, worked for the underground and finally made his way to Scotland. He taught in Edinburgh and three years ago came to Nelson where he teaches art in Nelson School of Fine Arts. His exhibition in the Vancouver Gallery has been held over for another month.

Most of his paintings here are based on his study of the Kootenai Indian. Art critics in Vancouver claim he is the first interpreter of British Columbia Indian life since Emily Carr. We invite you to come and see these paintings during library hours.

**Hi-C convention  
held at Naramata**

Eleven young folks from Summerland attended the Kamloops-Okanagan Presbytery Hi-C rally held at the Naramata Youth Training School May 12-14.

Ariel Spencers, Micki Jomori, Ann McLachlan, Vicki McKee, John Grazley and Jim Munn were driven over on Friday night by David Munn.

Sharon Harbicht, Gloria Tilbe, Morren Clifford and Alan Hardie all participants in Friday night's band concert, went over Saturday morning at 7:30. David Woolliams also attended the rally, and drove this carload over and back. Bob Hardie provided transportation home for the other six.

These young people are very grateful for the financial support of the WA and the Men's Club of Summerland United Church, which enabled them to enjoy such a wonderful week end. They were provided with lots to do and lots to think about, as well as the opportunity to meet and talk with other young Christians from all parts of the province.

The girls attended the WA general meeting on Monday evening to extend their personal thanks to the ladies, and the boys will convey their thanks to the Men's Club at its meeting on Thursday evening.

The group from Summerland was responsible for a panel discussion on "What is the purpose of Hi-C?" David Woolliams led the panel, and other ten members gave their ideas, as well as answering questions from the audience. No other group was given an assignment of this nature.

Other Hi-C groups provided camp fire programs. Rev. Bob McLaren told the story of the training school; Rev. Roy Stobie took charge of Vespers and Bible Study, and Rev. Bob Wallace, speaking on the theme, "Jesus Christ is Lord" made a very favorable impression on the young listeners.

# Editorials

## Lilac Day successful

Despite a cloudy day Summerland's first Lilac Day seemed an unqualified success. The bright displays and bargains offered by local stores, the lilac-bloom decorated flower boxes, and the Yacht Club boat display drew favorable comments from the many shoppers in town on Tuesday. It appears that co-ordinated advertising efforts and a little planning can create an eye-catching scene without too many long hours of preparation.

An annual event such as Lilac Day or Lilac Days, should prove that local stores offer as much in bargains and services as any other town in this area.

## May is Safety Month

With summer just around the corner, what better time is there to make a special point of car safety. National Safety Week which is held each year throughout the month of May, deserves everyone's support. The British Columbia Automobile Association reports that 81 per cent of all traffic accidents occur in fair weather, and 71 per cent of all mishaps happen on dry roads.

Because of the mounting toll of deaths and injuries on our highways, we fully endorse the object of the May Nation-wide Safety Drive to have every car safely-checked.

"OF COURSE IT'S SPRING! THE HUMANS ARE LOOSE!"

## Family swirled into life

by Rev. Lyle Kennedy

Travelling by car at night, a family of four was caught in a cloudburst which swept the vehicle from the road. Husband and wife each seized a child, clambered through the car window, and were swept by the torrent into and through a railroad culvert.

"That was the most brutal force I ever experienced," said the husband, an engineer. "We were tumbling end over end under water, banging against the side, then spewed out on the other side. We did not know if we were alive or dead, or where we were." The force of the water shot the wife in to a shallow place where she caught their little son as he floated past. Then she climbed an embankment. The husband clung with one hand to a low-swinging branch of a tree, caught their small daughter with the other, and was rescued by another motorist just as the tree was washed away.

Later the family returned to the spot. "We could not believe it," said the husband. "All

the water was gone and there was a tiny stream running through the culvert. It was like waking from a nightmare. We

stopped right there for the first family prayer we ever had."

As for me and my house, we will serve the Lord." Josh 24:15.

## Theosophical society to meet in Penticton

The Canadian Federation of Lodges of the Theosophical Society is holding its annual convention at the Prince Charles Motor Inn, Penticton May 20-22.

The Theosophical Society is a world wide organization with its headquarters at Madras, India. The Society has three declared objects, namely: to form a nucleus of the Universal Brotherhood of Humanity without distinction of race, creed, sex, caste or color; to encourage the study of comparative religion, philosophy and science; and to investigate the unexplained laws of nature, and the Powers latent in Man. It is a non-sectarian body, and approval of these three objects is the sole condi-

tion of membership, and anyone willing to subscribe to them is welcomed as a member.

The program of this convention includes a public lecture on Sunday, May 21, at 8 p.m., in the Heather Room of the Prince Charles Motor Inn. This will be given by Mr. John Barnes, a member of the Society and editor of the Canadian Federation Magazine. His lecture is entitled "Explorations in Theosophy." Anyone who is interested in hearing about the principles of Theosophy is cordially invited to this lecture.

There is a Lodge of this Society with headquarters in Summerland. Its address is P. O. Box 64, Summerland.

## Letter to Editor

The Editor,

The Summerland Review.

Dear Sir:

In a recent issue of one of our popular Canadian magazines there is an article concerning Sir Sam Hughes, who was Minister of Militia at the outbreak of the war of 1914-1918.

This article is appreciative of, and also critical of, his activities in the office he held. In spite of his eccentricities there are many of us who served in the Militia and Overseas Forces at that time, can look back and think of the preparations he had made and enthusiasm he installed, in what proved to be a creditable contribution to the winning of that war.

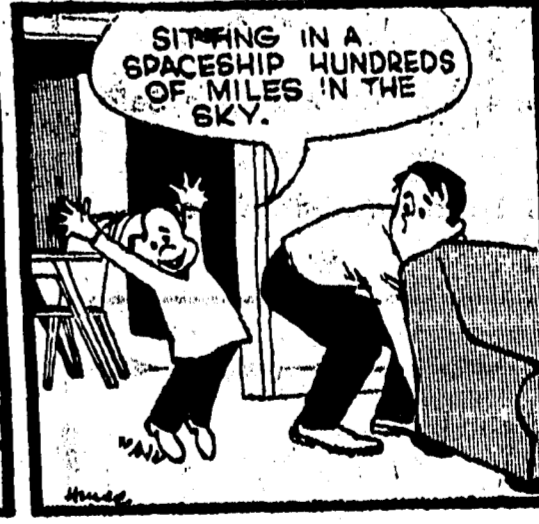

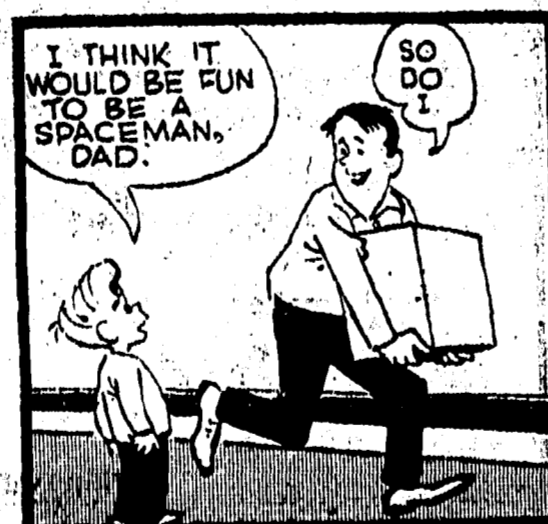

As an example he had authorized the building of Armories for the Militia in a number of localities throughout the country, one of which completed in Port Arthur in 1913, in which city I was living at the time.

This Armory, occupied by the 96th Lake Superior Regiment, was the centre of recruiting from Kenora and Fort Francis in the west to White River on the East, from which a number of men went to the 8th Battalion, Winnipeg; a company to the 28th Batt., Regina; the 52nd Batt. to the 4th Division in France, the 94th Battalion and 144th Battalion to England, which reinforced units in France. This effort would not have been possible had there not been provided the facilities and organization.

Sir Sam visited Port Arthur in the spring of 1915 and at a dinner in the Prince Arthur Hotel at which he addressed the officers of the 52nd Battalion and the 96th Regiment. I have always remembered a quotation he made at the time. In the course of his remarks in which he said our career would not all be glamour and glory, he quoted:

"God and the soldier is the cry, But when war is over, and wrongs are righted, God is forgotten, and the soldier slighted."

J. E. Jenkinson.

Mrs. Pete Cruise, White Rock, was a week end visitor at the home of Mr. and Mrs. Carl Dietrich.

Toni Onley, son of Mr. and Mrs. Jim Onley of Summerland, has been chosen as one of the seven artists to represent Canada in Paris in September.

Mrs. E. Hack has returned from visiting her son in Vancouver.

Mrs. C. Adams has Miss De-Ceoulenner of Winnipeg as a guest.

Mr. and Mrs. W. Rothwell of Trout Creek have returned from Missouri, where they attended the funeral of Mr. Rothwell's brother.

Mrs. J. V. Hughes of Vancouver is visiting Mrs. W. Brown of Parkdale.

Mr. and Mrs. Frank Nicholls spent a week end in Vernon and Kamloops and came back via Merritt.

Constable Ernie Best of the local RCMP detachment and his new bride are holidaying in Banff and points east.

Mrs. Lou Rowan of North Vancouver is visiting at the home of Mrs. E. C. Bingham.

Mrs. Dave Turnbull, former resident, is in Summerland for a few weeks enewing old acquaintances.

Mr. and Mrs. Jim Brown and Mr. and Mrs. Howard are holidaying on the Oregon coast.

Mrs. F. E. Gibbs of Rochester, England has arrived in Summerland to reside with her brother and sister in law, Mr. and Mrs. W. F. Woodbridge. She came over on the maiden voyage of the Empress of Canada.

Miss Marilyn Embree, nurse-in-training at the Royal Columbian Hospital, New Westminster is visiting her mother, Mrs. Mark Embree.

Miss Doreen Tait, Mrs. C. D. Meadows, Magnus Tait and Don Tait have returned from a trip to Pavilion Lake and other points in the Fraser Canyon.

Miss Muriel Weitzel visited with her brother and family in Vernon recently.

Mr. and Mrs. Max Johnston and family visited Mrs. W. R. Powell and Mr. and Mrs. R. A. Johnston recently.

Mr. and Mrs. H. Dempster have as guests, Mr and Mrs. Reichel of Vancouver.

Mr. and Mrs. John McPhail are home from a visit to Vancouver.

Mr. and Mrs. Hamling of Lethbridge are visiting Mr. and Mrs. Tom McDonald and Mr and Mrs. George Henry.

Mrs. Vi Turnbull of Victoria is visiting her parents, Mr. and Mrs. Frank Plunkett and will attend the Theosophical convention in Penticton while here.

Mr. and Mrs. George Smith of Armstrong visited Mr. and Mrs. O. Morphy and Mrs. George Inglis over the week end.

The Misses Florence and Eva Howden have returned to their residence on Trout Creek point. They have as a guest their sister, Mrs. Wm. Scott of Chicago.

Ms. Fred Kay and Bruce of Penticton visited Mrs. W. R. Powell on Friday.

The Penticton Women's Institute has invited the Summerland group to attend a garden party at the home of Mrs. G. Brock, 861 Argyle St., on Wednesday, June 7 at 3 p.m.

Ms. W. B. Baile of Vernon visited Mrs. J. Y. Towgood last week.

Mr. and Mrs. Harvey Edon and Mr. and Mrs. Greenloes are holidaying in Regina.

# Invitation extended to Open House on Wednesday

The Summerland School Board has issued an invitation to all Summerland residents to visit and inspect the newly-constructed MacDonald School Addition on Wednesday, May 24 from 2 to 5 p.m. Refreshments will be served.

The five new classrooms bring the total up to 17 to accommodate the 540 students enrolled.

Classes in the addition will be dismissed at 2 p.m. so that the visitors may view the offices, activity room and all the classrooms in the new building.

Grade six girls will provide a baby sitting service for children between the ages of two and five in the basement playroom.

The building has been occupied in its entirety since Easter but May 24 will see its official debut.

The building was constructed by Ollen and Webber, contractors from Penticton. Mr. J. H. Wilson, of the Department of Education was in charge of plans and supervision.

Parents and visitors will be impressed with the new classrooms. Simplicity of design, utilization of space, heavy ceiling beams and a delightful color scheme go together to create a pleasant, light atmosphere.

The five large classrooms will accommodate approximately 170 students. Each room has an entire wall of window space, al-

lowing for a maximum of natural lighting. The color scheme is in tune with the general picture, with soft shades of pink and pale green.

The spacious halls are finished in butternut wood with green ceilings and cream floor tiling. A bright note are the classroom doors painted a flame color.

The combination activity room

and auditorium will be appreciated by both the students and teachers. Two storage rooms and a kitchen adjoin.

The latest in fluorescent lighting is used and the school is heated by natural gas.

Additional play room is added by the canopy arrangement between the original school and the new addition.

## MacDonald School built in 1922

The first construction work on what is now MacDonald Elementary School was done in 1922. At that time the present brick structure was built with extensive renovations in 1948.

The original contractor was Thomas Carson, who constructed some 60 schools throughout B.C. The entire project, costing \$34,987 was completed in two months. Some of the modern innovations for that day were a lighting system controlled from the boiler room, keys to turn on the hall lights, and a horn to call the children in from play. The building was occupied in October 1922.

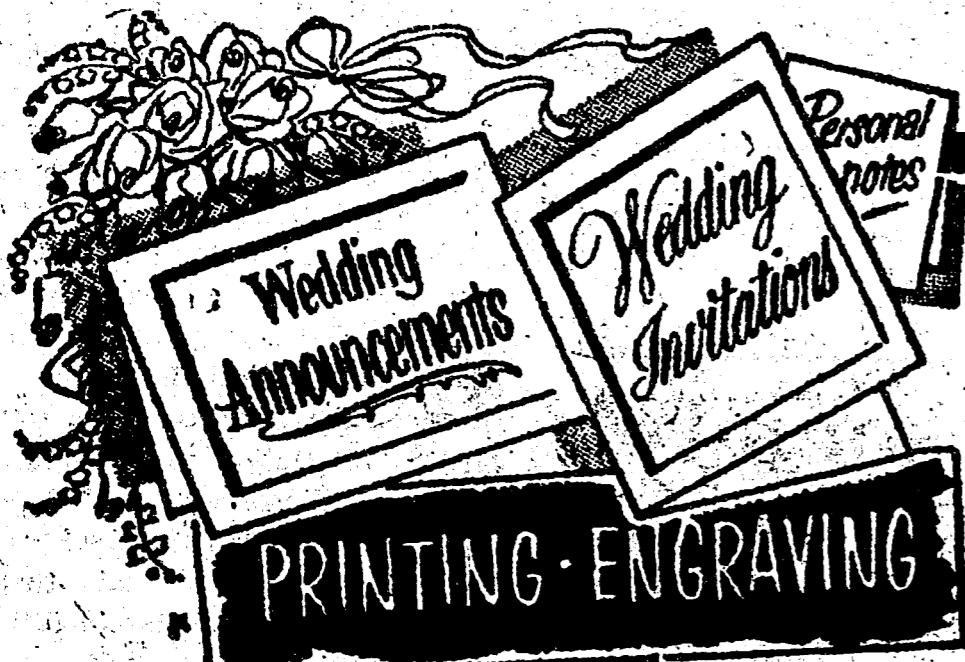

About 300 students were registered in 1922, and there were eight teachers on the staff. S. A. MacDonald, now retired, was principal. The building was cal-

led the Summerland Central School.

Members of the school board at that time, still living in West Summerland were Mr. Fred Gartrell and Mr. Tom Garnett.

In September of 1948 the first move toward renovation of the elementary school was made. Classrooms were overcrowded with extra space in the United and Anglican church halls being utilized.

P. G. Dodwell was chairman of trustees at that time. Bennet and White were contractors with construction costs estimated at \$88,494. The entire school was renovated and four new class rooms were added. The basement rooms were used by the high school until the present junior-senior high school was constructed.

## This Week in your Orchard

by Alec Watt

### Trees Budded Last Summer Should Be Checked Now!

Each August many thousands of buds are placed in fruit trees for the purpose of changing varieties over or in working hardy framework apples to the commercially acceptable varieties.

If you did some budding last summer, now is the time to make an inspection of the buds to insure that they will grow

into strong new shoots. The next two months will be critical, as far as these buds are concerned. Close care and attention during this period will pay big dividends in bringing your new trees along quickly. Here is what to do in caring for buds:

1. First of all the bud locations should be clearly marked. A daub of red or yellow paint or a strip of cloth tied on will help you find the buds each time you make a check of them.

2. If this has not already been done, the old branch on which the bud was placed should be cut back to a point about one inch above the bud. A really sharp pair of snips or a sharp knife should be used to avoid damaging the bark.

3. Side shoots of the old variety will tend to crowd the new bud. These should be pinched back as they appear. This will give the buds you put in a chance to grow free from competition.

4. The rubber bands around each bud should be checked. These are supposed to perish but every now and then one fails to rot away and starts to strangle the branch. When this happens cut the rubber band with a sharp knife taking care not to injure the bud.

5. Last but not least aphids must be kept under control. Severe infestations of aphids can cripple the growing buds and hold them back so that the stronger shoots from the old variety will take over. Spray as soon as aphids appear. The Spray Calendar gives directions.

### Square 'em up

Sixteen squares of dancers attended the Okanagan Square Dance Association party in the Youth Centre last Friday.

A good representation from all square dance clubs was on hand. Several teen aged callers from Bridesville, as well as adult callers who attended, gave the dancers lots of variety. Lady delegates to the Association served the refreshments at the conclusion of dancing.

Chuck Inglis called to over fourteen squares of dancers at the Wheel 'N' Stars party in the new Elks Hall in Penticton on Saturday. "Myrtle", that sad sack from Omak, who was spirited away from Omak by the Peachland teen agers, and then disappeared at Peachland's party with one of the Wheel 'N' Stars members, showed up at Saturday night's dance. Being a little ashamed of her actions she spent the evening in the check room, until Ron Campbell finally persuaded her to come out and meet the folks. While everyone's attention was on Myrtle, the attractive new banner belonging to the Wheel 'N' Stars, disappeared from the wall. We don't know who dunnit, but we have a feeling it will be on display at the Totem Twirlers' next dance!

Westside Squares had Ernie Funk to emcee their dance on May 13 with over twelve squares of enthusiastic dancers on hand. Ernie and his wife brought along their 6 weeks old baby, who slept in her basket all through the proceedings. Probably she will cut her teeth on a square dance mike!

This coming week end, dancers are heading north to Kamloops for the big jamboree up there emceed by Arnie Krowenberger of California. There is also a square dance festival in Missoula Montana, with Lee Hiesel emcee, and the Washington State Festival at Richland for dancers who prefer to go south.

### Trainers Clinic at school

Roy F. Cavallin, president of the B.C. Trainers' Athletic Association, will give a Trainers Clinic in the West Summerland High School on Saturday, May 27th, beginning at 10 a.m.

All trainers and coaches throughout the Okanagan are invited to participate in this clinic. Instruction will be on the prevention and treatment of injuries. The course is applicable to trainers and coaches of all types of sports.

The Clinic is being sponsored by the West Summerland Recreation Commission and is free to all participants.

Information concerning the clinic may be had by phoning John Keys, at HY4-4921.

Thursday, May 18 Summerland Babe Ruth will play Penticton Western Farms team at Living Memorial Park on highway 97. Monday, May 22, Summerland will play in Penticton against Love's Lunch.

These are the men who will be leading Canada's representatives to the World Hockey championships next season. Champagne flows from the Allan Cup, symbol of Canadian senior hockey championship as the Galt Terriers celebrated. Sipping is goalie Boat Hurley. Wine steward is forward Butch Martin.

## Two more wins for Juniors Sunday

The Summerland Junior Red Sox continued their winning streak on Sunday in the local ball park by sweeping both ends of a double header from the Kamloops Juniors. Both games were hard fought and one run decided both.

In the first game Kamloops took a 1-0 lead in the second on a triple by Letcher and a fielder's choice. Summerland had a big inning in the fifth as they pushed across five big runs and then held on to win as Kamloops came close with three in the sixth. The final score, 5-4, with Thompson the winning pitcher and Davoren the loser.

The second game scheduled for seven innings went eleven before the Red Sox came out on top 4-3.

Kamloops got three in the third and Summerland one in the third, one more in the fourth and tied it up in the fifth. From then on it was a pitcher's battle with both sides threatening but unable to score until Skinner got on on an error in the 11th, stole second and scored on rookie Bob Mortimer's single with two out, to win the ball game. Skinner came on in relief of Jim Sheeley in the third to take the win with Uyoda being charged with the loss.

## Pre-Natal Budgeting Cuts Baby's Fiscal Impact

It's a happy home when a new baby is on the way, and the parents-to-be are happier than ever when the extra costs involved are taken care of.

Mr. Jock Johnston, manager of the Summerland branch of the Bank of Montreal, suggests that many Canadian couples about to have their first child often don't realize just how costly parenthood can be. Medical bills for Mom, the baby's layette, the furnishings for his room, and baby food are all expensive items.

That's why Mr. Johnston suggests it's a sound idea to plan ahead financially for your Great Expectations. Why not plan a B of M Stork Savings Account? Simply work out an estimate of the costs involved, divide the amount you'll need to save by the number of months remaining and deposit that amount in your B of M Stork Savings Account regularly each month.

Your local B of M has a useful folder on the subject called "Paying for your new baby". Why not drop in and pick up a copy, or, if you wish, phone Mr. Johnston, who will be glad to mail you one on request.

## Tieing packages shown at WI

At the May meeting of the Women's Institute in the Parish Hall, in the absence of the president, Mrs. W. Rothwell, business was conducted with the vice president, Mrs. O. E. Mortimer in the chair. Secretary Mrs. O. Rumball announced that paid-up memberships had now reached 58 which makes this the largest Institute in the district, and probably in the province. Balance in the treasury is \$185.39.

From Tappan Institute came thanks for greetings and the peach blossoms taken them on behalf of the local organization by Mrs. Gordon McArthur on the occasion of their fortieth anniversary. The letter stated that some of the Tappan members had never seen peach bloom. Bringing gleanings from the WI Rally in Naramata on May 2, delegate Mrs. Mortimer said that Summerland Institute had successfully carried out its assigned task of registration and that 14 of its members had attended the session.

In committee reports period, Mrs. H. B. Mair of Home Economics read a communication from Mrs. Bert Showler to the

effect that lack of storage accommodation has made it necessary to close the Unitarian Services Centre in Kelowna. Mrs. White then offered to take further local donations at Macil's store until June 1. Especially needed are towels, soap, baby pins and baby shirts.

Mrs. E. Tait for Agriculture gave advice from professional gardeners listing causes of failure to germinate plants as being too eager to plant before proper soil preparation, sewing seed too thickly and too deeply.

For citizenship, Mrs. S. A. McDonald reported that Halloween collections of \$300 had gone to United Nations for the children's fund but that this represented only three days expenditures.

Mrs. Gordon Ritchie asked members to attend a sewing afternoon at her home on May 31 and announced a work party and tea to be at Mrs. Collas' home in June.

Mrs. Ivar Nilson who was delegate to the CNIB annual meeting reported that there are 6 registered blind in Summerland and 281 in the local district.

Mrs. Rumball advised that a quantity of bedding had been donated for Parkdale Place.

Authority was given to the home economics committee to have inscribed on the new Christine Elizabeth Orr Copper Bowl, the name of the winner from Grade II, and to choose a suitable personal gift to go with it.

Attention was drawn to a fruit canning competition sponsored by Tree Fruits, with very substantial cash prizes.

"Learning to tie pretty packages is interesting, imaginative and creative", was the way the guest speaker, Mrs. W. Durick introduced an interesting demonstration. With tissue and a variety of sizes of ribbons she showed how attractively wrapped parcels could be elaborately decorated for personal delivery or more simply for mailing. Mrs. McDonald thanked the speaker who was heartily applauded.

The June meeting is to be held at Mrs. Rumball's summer home at Trout Creek with the Agricultural Committee under Mrs. Eric Tait and Mrs. A. Inch in charge of a plant exchange. The Institutes' annual variety sale has been set for Oct. 21.

Adjournment was moved by Mrs. F. Nicholls and tea hostesses were Mrs. Mair, Mrs. McDonald and Mrs. Nilson.

## Mrs. G. Washington receives Life Membership Pin

The quarterly general meeting of the Summerland United Church WA was held Monday, May 15 in the church hall with president Mrs. W. Durick in the chair.

The meeting opened with roll call and devotional by Mrs. J. Sheeley, using as her theme, "service". Two selections by the Melodiers were enjoyed, the first being "Through The Years" sung as a tribute to Mrs. George Washington, who has moved to Penticton to reside and was presented at this meeting with a Life Membership Pin. Mrs. Durick, who made the presentation on behalf of the WA, thanked Mrs. Washington for her contribution of time and talent to this organization through the years.

Mrs. J. C. Wilcox gave an interesting and informative talk on the new organization which comes into being in the new year, uniting the WMS and WA into one group, the "United Church Women". Mrs. Wilcox explained the function of the women's work in the church as related to the work of the church itself, starting with the local group of Circles on to Presbytery, then to Provincial or District Conference of United Church Women and up to the General Council, which meets every two years in various parts of Canada.

Rev. Louie was present to answer any questions the members might wish to ask about the women's work in the church.

The meeting concluded with refreshments served by the members of the Century Circle.

ATTENTION — No sportsman can afford to be without Public Liability Insurance for \$2.00, which includes membership in the Summerland Rod and Gun Club.

**3 Bedroom Home**  
A comfortable 3 bedroom home, ideally situated on 10 acres of orchard. Owner would accept a small, clear title home as part payment. A good deal for \$8,500.

**Retirement Home**  
A fine retirement home, one bedroom, living room, dining room, nice kitchen with natural gas range and garbage burner, bathroom and vegetable room. Clean as a pin, natural gas heat. A roomy lot 60x125, nicely landscaped lawn with shrubs. Garage. Priced at \$6,500, with \$2,000 cash.

## Trainers' Clinic

ROY F. CAVALLIN, President of the B.C. Trainers' Athletic Association, will give a Trainers' Clinic in the

Summerland High School

Saturday, May 27

BEGINNING AT 10:00 a.m.

All trainers and coaches throughout the Okanagan are invited to participate in this clinic.

The clinic is being sponsored by the West Summerland Recreation Commission and is free to all participants.

For information concerning the clinic, phone John Keys, HY4-4921

## Kiwanis Club Notes

On Tuesday evening the club was treated to a forceful talk on the evils of alcoholism. The speaker was Mr. H. C. Huggins, director of education of the alcoholism foundation of B.C., ably aided and supported by the Rev. L. M. McFerran. Mr. Huggins cited statistics that show that in seven years, 42,000 patients have been treated and a conservative estimate is that there are some 2,200 problem cases at the present time. He further stated that the damage done by alcoholics is in the neighbourhood of \$85,000,000 per year and is the 3rd, or 4th ranging public health problem, and the problem is growing in size. He drew an all embracing picture of the problem and his talk led to a lively question period at the end. He was introduced in noble style by our very own Scottie Ritchie, and thanked by Dr. Jack Ratzlaff.

Owing to the long and interesting talk, no business was done but a directors meeting was held at the president's house after the meeting.

### Under the Giant's Head

The fire brigade was called to the home of E. G. Mayert on north Praire Valley Road Friday afternoon to extenguish a fire which had started on a rubbish pile and then travelled along the north side of a one storey chicken house. Damage was estimated at \$200.

Students from Summerland receiving their degrees from UBC on May 25 and 26 at the spring congregation ceremonies include: Mrs. Margaret Kirsen MacRae, B.Ed. (Elementary program; Geoffrey Mark Solly, BA Sc. (Civil Engineering; Ewart Neil Woolliams, B.Com.; and John Robert Cuthbert, B.Sf.

Awards Day at Summerland junior-senior high school will be Friday, June 16. If there are any organizations or individuals wishing to donate \$5.00, \$10.00 or \$15.00 for a Fine Arts Scholarship, please contact Mr. John Tamblyn at the high school. About 12 students were able to take advantage of these courses last year and it is hoped that money will be available to send more of the young people again this year.

A trainers clinic will be held in the high school library on Saturday, May 27 starting at 11 a.m. Coaches, trainers and any person interested in junior sports are cordially welcome. There is no charge.

Our picture last week of Banbury Cross brought back old memories to Mr. John H. Page of West Summerland. Mr. Page booked passage from Banbury in 1903 to come to Canada. He moved to Summerland in 1953. In all that time Mr. Page said he has only met one person who has come from Banbury. He would like to know if there are any other former residents of Banbury in Summerland.

05 inches of rain was recorded at the Research Station during the past week with 78.5 hours of sunshine.

Surprise party for Dr. and Mrs. M. F. Welsh was held last week at the home of Mr. and Mrs. Bill Horne. The party was organized by Mrs. Horne and Mrs. Charles Bernhardt with 15 couples present.

A novel idea was used when the ladies took box lunches which were raffled to the men. The money raised was given to the Welsh to use for an evening in London.

Dr. Welsh is leaving Monday for a year at East Malling Research Station, in Kent, England, for post-doctorate transfer of work. He will be accompanied by his wife and 3 children.

## Clean-up, Paint-up this week

This is clean-up, paint-up week in Summerland, sponsored by the Chamber of Commerce. The annual observance of this week is to remind residents to take pride in their homes and lots and to help keep our municipality one of the brightest spots in the valley. The tourist season will soon be in full swing and visitors like to see tidy lawns, flowerbeds and clean roadsides.

The Corporation of Summerland fully endorses the clean-up campaign and urges residents to report unsightly accumulations of rubbish.

## Boy bit by Rattlesnake

David Mellor, 12 year old son of Dr. Edmund Mellor of Haney, was released from Summerland General Hospital Monday afternoon and returned home with his family following treatment for a rattlesnake bite.

David and his older brother, camping with their parents and two sisters for the week end at Okanagan Lake Camp, rowed across the lake on Sunday. They were wandering in the hills above Comando Camp near Naramata when David was bitten by the snake. In the meantime a severe squall came up and they could not row back. After his 15 year old brother gave first aid, he took him down the hill to the Comando Camp where the Penticton Yacht Club was picnicking. There Rolph Pretty of Penticton took the boy across the lake in the storm in Mr. Pretty's cabin cruiser while Kilnick worked on the arm to extract more venom.

Don Cristante and his wife and family at a picnic in the Okanagan Lake picnic site took David to Summerland Hospital where treatment was given.

## Baseball fun Sunday with Old Timers vs Red Sox

It's the Old Timers vs the Junior Red Sox in an exhibition ball game on Sunday, May 28 in Memorial Park. Sponsored by the Babe Ruth League, the game gets underway at 2:30 p.m.

A big gate prize is being offered for the game on Sunday, L.A. Smith Ltd. has offered a car tune-up, grease job, and oil change, valued at \$35.

The old timers, all set set to defend their honor against the juniors, are being coached by George Clark. Among those limping (er, running) onto the field Sunday will be captain Wilf (Stretch) Evans, Joe Elliot, Bill Evans, Babe Kuroda, Rocci Biaglioni, Oley Egley, Bob Bon-

Don Forward of Kitimat (left) succeeds Maurice Finnerty of Penticton as president of B.C. Chamber of Commerce which is a federation of 120 local boards of trade and chambers of commerce throughout the province.

## Queen Candidates at band concert

Seven candidates for this year's title of 1961 Fall Fruit Fair Queen will appear for the first time at a band concert on Wednesday, May 31. The concert, which is sponsored by the Chamber of Commerce, will commence at 8:00 p.m. in the high school auditorium. Appearing with the town band, which will be under the baton of Dr. J. Mason, will be various local supporting artists.

Proceeds from the concert will go toward the Parkdale Place Furnishing Fund. Admission is 50c for adults and 25c for school children.

A good turnout is anticipated to see the lovely young contestants. Girls must be at least

16 years of age and almost all are grade 11 students.

Queen candidates are: Dianne Bonthoux, Kinsmen Club candidate, 5'2", blond, blue eyes, Grade 10, 17 years old.

Trudy Mitchell, Rotary Club, 5'6", brown eyes, brown hair, Grade 11, 17 years old.

Dorothy Watson, Yacht Club, 5'5", brown hair, green eyes, Grade 11, 17 years old.

Audrey Beggs, Teen Town, 5'3", red hair, Grade 10, 16 years old.

Penny Eden, Canadian Legion, 5'5", dark brown eyes, dark blonde hair, Grade 11, 16 years old.

Marylyn Dickinson, Kiwanis, 5'4", light brown hair, hazel eyes, Grade 11, 17 years old.

Eleanor Martin, Fire Department, 5'5", brown hair, hazel eyes, Grade 11, 16 years old.

### 140 VIOLET ENTRIES

140 entries were on display at the second annual violet show Saturday, in the IOOF Hall, sponsored by the African Violet Society.

"Queen of the Show" Cup, donated by Gallop's Greenhouses was presented to Mrs. J. H. Brown for her violet "Cut Velvet".

Judging of the entries was handled by Mrs. Worman and Mrs. Bury of Kelowna with Mrs. A. Inch of Summerland acting as clerk.

A goodly number of visitors turned out to the violet show to see the large number of displays of blooms and plants.

## No shortage of water this year

Reporting to council Tuesday night, K. M. Blagborne, works superintendent said that there should be lots of water this year and that all dams are in good shape. Trout Creek has not reached its peak of flow. No. 1 Dam is full, No. 2 is up to capacity, No. 3 almost full, and No. 4 down a little. Thirsk and Crescent Dams are full.

If works starts on the Trout Creek domestic water system by

October 1, some homes should have water in 2½ months, Councillor W. B. Powell reported. Council asked at a public meeting last week that at least 100 people are required to sign for domestic water by June 1 to get the scheme underway. It was reported that twenty-two people have signed so far.

Proposed Menu subdivision at Crescent Beach was approved in principle, lots 1-7 along the road facing the campus and lots 8-11 of the right size. An access road goes between 7 and 8 to provide for future lots at the back. Other lots will have to be redrawn to provide the 8,750 square feet required for building lots. Geoge Fudge's request for subdividing his Crescent Beach property was referred to the Health Unit regarding drainage. T. M. Croil's subdivision of lots on Crescent Beach north shore by transfer of one lot to an adjacent parcel of land was approved.

## Services for Ben Newton

A resident of Summerland for 50 years, Ben Newton, 76, died suddenly in West Summerland on Saturday. Mr. Newton had been released from Summerland General Hospital on Thursday, where he had been ill with a heart condition.

Born in Horstorth, Yorkshire, near Leeds, February 20, 1885, the late Mr. Newton came to Summerland in 1911. In 1914 he enlisted with the B.C. Horse which became the 2nd C.M.R.'s in the First World War. He served overseas, was demobilized and returned here in 1918.

Mr. Newton was well known in Okanagan Valley musical circles for his tenor voice. He was a choir boy in England and was choir leader of the United Church for some years. He was a prominent member of Summerland Singers and Players Club. Mr. Newton served for water ditchman for the municipality for 40 years.

Mr. Newton's wife, the former Margaret Ritchie, predeceased him in 1953. Surviving are three sons, John and Jim of Summerland, Edward of Vancouver and nine grandchildren.

Funeral services for the late Mr. Newton were held Tuesday May 23 from Summerland United Church conducted by Rev. Lyle Kennedy in the absence of the minister, Rev. P. K. Louie. The Canadian Legion, Branch 22 conducted the graveside service in Peach Orchard Cemetery.

## Cannery in full swing

Milne's Cannery, the only plant in the valley canning asparagus, is in full swing again this year. It usually takes six weeks to clean up the crop, and another three weeks should see it finished for this season.

A full crew of 28 women is employed now during the asparagus season. During cherry canning the work is handled almost entirely mechanically and requires a staff of only five.

The asparagus is grown commercially from Salmon Arm to Cawston, generally in fairly large fields, some up to 40 acres. It is hand picked and trucked into Milne's Cannery in Summerland or else to Vancouver for canning purposes.

Some of the women employed for the canning season have been with Milne's for as long as 15 years.

## Box Factory sold, will open in June

A subsidiary of Noranda Mines Ltd., Northwood Mills Ltd., has purchased the Summerland Box Co., from National Forest Products Ltd.

Manager Frank Tilbe told the Review that work will begin about the first of June. A group of between 30-35 of the senior men will be called to work. At the moment only one shift will be running, as no plans are in the offing for the sawmill. Lumber for the boxes will be purchased from other mills.

Some renovations are present-

ly taking place. The box factory is being converted entirely to electricity, formerly it was partially steam powered.

Pay cheques will be going into Summerland homes, where they have been missing since the factory closed in 1960, and will give a boost to the economy of the municipality.

Summerland Box Co., was rebuilt by the late Muir Stewart following a fire in 1925. After his death the business was run by his son, W. A. Stewart. A couple of years ago it was sold to National Forest Products Ltd.

### Teen-Town Topics

At the last meeting of the Teen Town council, Audrey Beggs was elected to represent Teen Town in the Fall Fruit Fair queen contest. We wish Audrey the best of luck.

It was also decided at the council meeting to continue the regular Saturday night dances through the months of July and August. This was done for the first time last year and proved most successful.

This Saturday's dance will mark the end of the Parkdale Place dances. The proceeds from these dances will go towards Teen Town's donation to the Parkdale Place furnishing fund. We urge everyone to turn out and make this last dance a big success.

### Explorers Group entertains mothers

To show their mothers some of their training and to entertain them, the Explorers Group of the Baptist Church, under the direction of their leader, Miss Ruth Dale, were hostesses at a tea in the church parlour on Tuesday afternoon, May 16.

In a processional the sixteen members took their places and conducted a short business session with the current month's president, Miss Deewee Wouters presiding and Miss Donna Nicholson and Miss Beverly Fountain acting as secretary and treasurer respectively.

Gary Smith led a sing song, the group recited their purpose and then presented an entertaining program. Miss Jane Foster gave a novel object lesson stressing the importance of learning to build good character early and Gary read a poem in keeping with this subject. Taking part in a number of trios were Jane and Mary Foster, Judy McWhinnie, Donna Nicholson, Diane Fitzpatrick, Kathy Caldwell, Peggy Lee and Ida Wellwood, and Deewee Wouters.

A presentation was made to Mrs. L. Kennedy of a dozen and a half teaspoons to be given to the Maple Springs Camp Committee, purchased with coupons and money earned by the members. Miss Dale explained that of the more than \$15 collected, the policy had been to divide it three ways: missions, church and Explorer expenses.

A game was provided for the mothers after which tea was served along with attractive refreshments, many of which were prepared by the members themselves.

Mrs. Arnold Gayton assisted with the tea and mothers and invited guests present were Mrs. Vera Foster, Mrs. F. R. Ganzeveld, Mrs. E. Krause, Mrs. E. B. Karlstrom, Mrs. L. Kennedy, Mrs. F. Mallott, Mrs. D. McWhinnie, Mrs. H. R. McLarty, Mrs. A. Nicholson, Mrs. W. Smith, Mrs. H. Wouters and assorted little brothers and sisters.

### Services for Mrs. Shields

Elizabeth Clarinda Shields of West Summerland passed away suddenly in the Summerland General Hospital on Thursday, May 18, at the age of 75 years.

Born in Brandon, Manitoba, she had been a resident of West Summerland for the past 21 years.

She is survived by her loving husband, Bertram; one son, Clarence William Ellison, Vancouver; one daughter, Susannah Evelyn Liddell, Calgary, and one grandchild.

Funeral services were held in Summerland United Church on Monday, May 22 at 2 p.m., Rev. P. K. Louie officiating. Interment in Peach Orchard Cemetery.

## A workable plan

A representative of this newspaper sits in on council meetings every second Tuesday and therefore we have a good idea of how much planning and effort went into the Trout Creek domestic water presentation made last Wednesday.

Members of the council are to be commended, not only for their hard work, but for the very workable plan that evolved from their efforts. Councillor W. B. Powell, in his position as chairman of water and irrigation, gave a very concise report of the planning that has been done by the municipality readying the general system for addition of domestic pipelines in Trout Creek.

Residents are being asked for 100 signatures plus a \$5 deposit signifying willingness to accept domestic water. Signatures were asked for by June 1. After this an immediate start would be made by municipal council to put a 20-year bylaw to Trout Creek residents only for their consent. If the bylaw passed work could start by October 1 and the system ready by April 1.

Cost per annum is approximately \$10,000. Council proposes to raise this by quarterly rates on the same basis as other parts of Summerland and by an additional four mills on taxes. A \$2,400 deficit after rates and the mill levy would be subsidized from the general water profits.

As suggested by Councillor Powell it is quite likely that the whole cost would be written off in 10 years rather than 20 since a new water system would increase substantially the population of Trout Creek.

## Will visit Baptist Church

The Acadia University Male Quartet, currently making a visit among churches of the Baptist Union of Western Canada, will be heard in Summerland Baptist Church, Friday, June 2 at 8 p.m. Making up this singing group is (left to right) John Carter of Bedford, N.S.; Gerald DeBow of Moncton, N.B.; Rev. Charles Taylor; Willis Henderson of Saint John, N.B.; and David Wilton of Moncton.

Sponsored by the Board of Evangelism of the Baptist Union

of Western Canada, the itinerary has been arranged by Rev. T. E. Roberts, church organizer and evangelist of the Union.

Accompanying the quartet is Rev. Professor Charles Taylor of the Divinity Faculty of Acadia University. Professor Taylor has been a pioneer in Canada in the area of Clinical Pastoral Training and his work in this field has drawn pastors for summer study to Acadia from all parts of the country.

Between May 12 and June 18 this quartet will visit some

thirty different centres. Their present tour will mark the third year that these young men have been involved in this particular type of ministry.

Acadia University, the Alma Mater of this quartet, is located in Wolfville, a beautiful residential town in Nova Scotia's Annapolis Valley.

Academically, Acadia's graduates have a distinguished record. For Acadia is tied for first place among Canadian universities in per capita production of scholars, those who found a place in the Directory of American Scholars, and is tied in third place for the proportion of scientists it has contributed.

Acadia aims at providing qualified students with a liberal education in a Christian atmosphere.

## This Week in Your Orchard

by Alex Watt

Codling Moth

The warm weather of the past week has brought out the first flights of Codling Moths. The question now is when to apply the first Codling Moth spray. The timing of the first spray may be determined by the use of bait pots. These consist of pans containing water, molasses and yeast hung in the tops of the trees. Moths are attracted by this fermentation and in their eagerness fall into the syrup where they remain. Once a goodly number of moths are being caught and if evening temperatures remain above 60 degrees damage from Codling

## Who is to blame?

by Rev. Ira Johnson

There is a tendency for all of us to shift the blame for our failures upon someone or something else. This tendency is illustrated by a cartoon said to have appeared sometime ago in the New Yorker magazine. (Joseph Krutch, The Measure of Man). Included was the picture of a small boy standing by as his father examined an obviously unsatisfactory report card. "Well, Dad," inquired the boy, "which do you suppose it is: heredity or environment?" Even at his age he had learned that it is possible to inherit certain traits from one's parents and that one's environment has a certain amount to do with good development. The trouble with this boy was his desire to avoid his own personal responsibility.

Parents need to set a good example before their children so that their instructions carry with them the right kind of weight. And the spiritual admonition which says: "Children obey your parents in the Lord: for this is right" is sound advice that shall never become out-dated. (See Ephesians 6: 1-9). Success, it seems, is not so much a matter of heredity or environment as it is a matter of having good example and following that example.

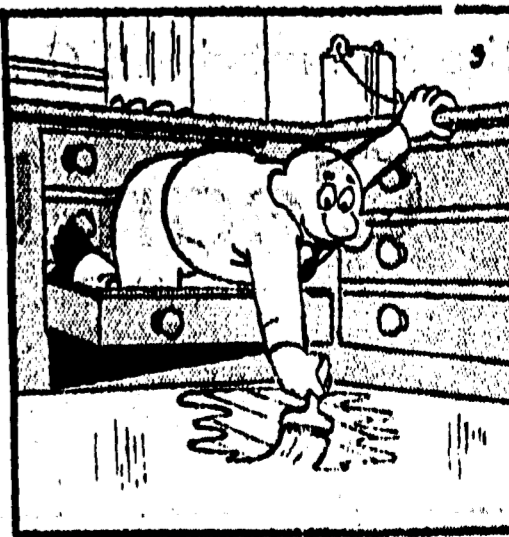

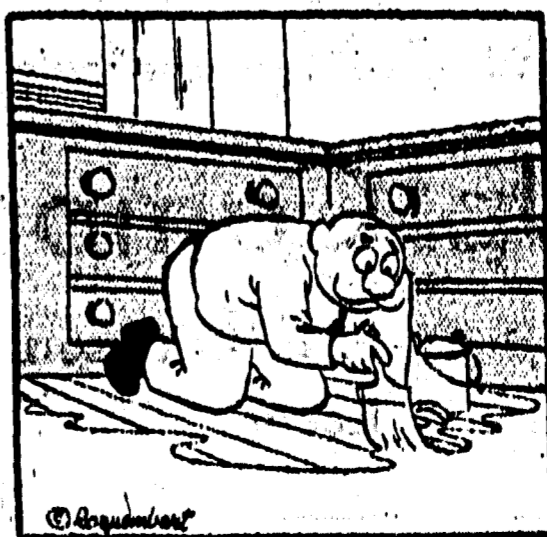

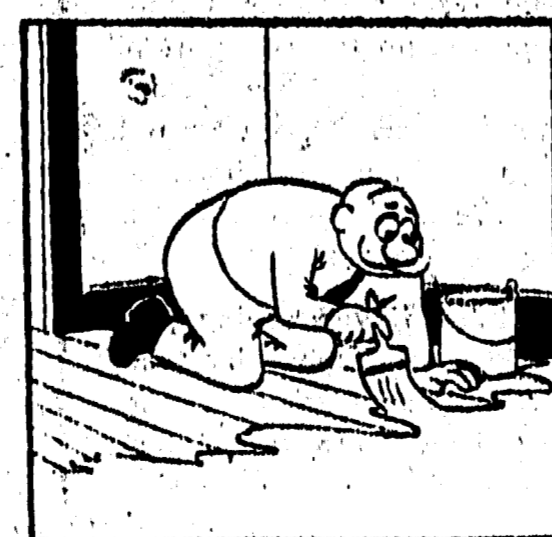

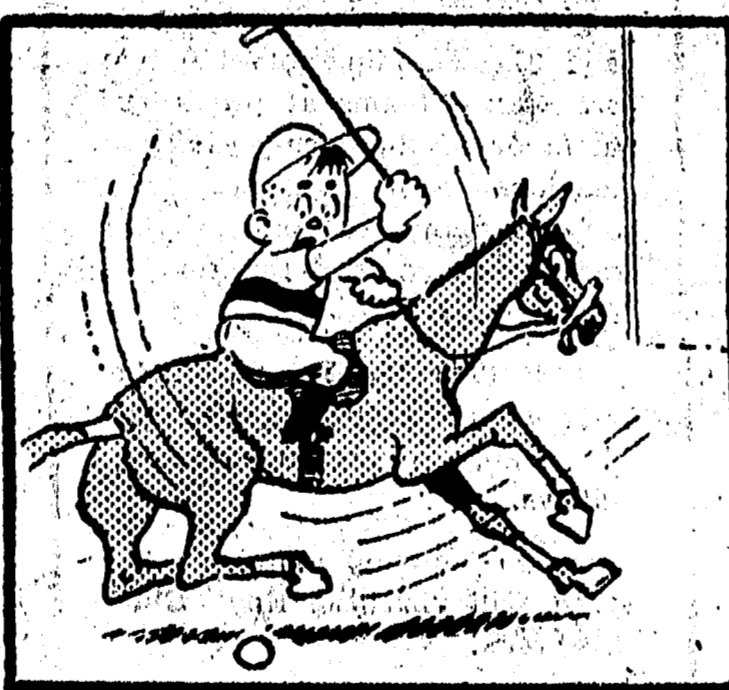

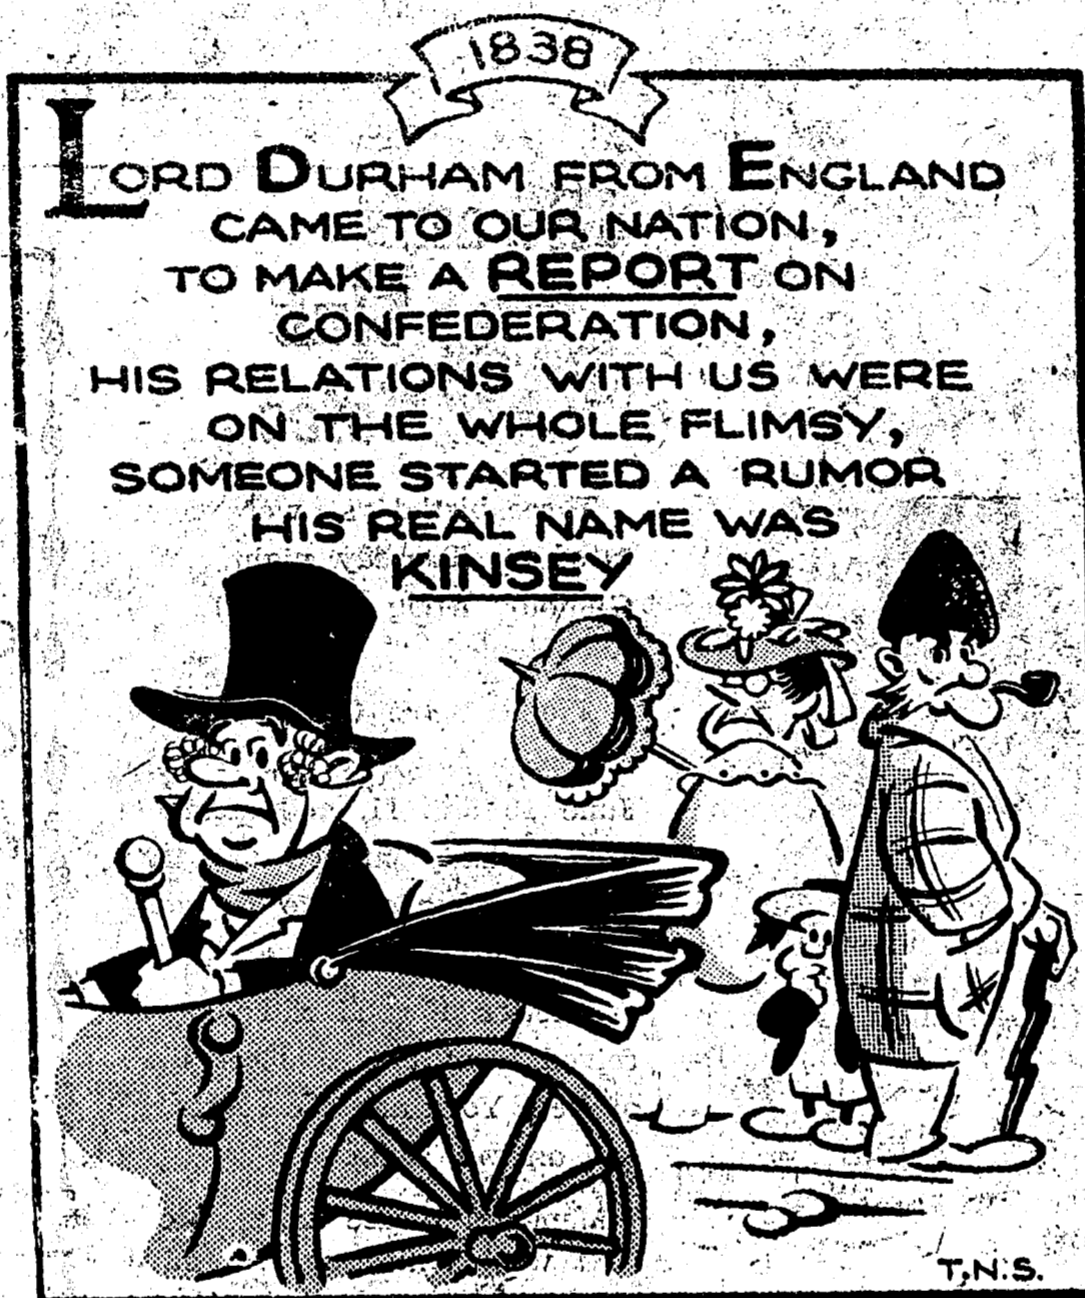

Moth can be expected in about ten days.

Experience has shown that in very cool years such as 1960 the first heavy flights of Codling Moth may be delayed and accordingly the first spray may be put off a week or so. However in very warm years such as 1958, the flight is early and strong so that spraying has to be early and very thorough.

The weather of the past week up to the 22nd was ideal for a heavy flight as was indicated by the catches made over the week end. It is therefore considered advisable that the first Codling Moth sprays should be completed in all areas by May 31st and radio bulletins have gone out to this effect.

The Summerland Review

## Horticultural society hears talk on roses

Summerland Horticultural Society will host members of the Kamloops Garden Club when the tour Summerland gardens on Sunday, May 28.

Guest speaker at the regular monthly meeting of the Society Friday evening was Dr. James

Marshall who spoke on the history of roses. In an interesting and informative talk Dr. Marshall said that roses are found in Europe, North America and Asia. However roses are not native in the Southern Hemisphere, although they will grow there. Dr. Marshall told of hybridizing and breeding of roses for quality.

A plaque was donated to the Society by Mrs. Wm. May, in memory of her husband, the late Wm. May. The plaque will be awarded for chrysanthemums in the annual fall show.

In flood and chaos, this pooch took things calmly. He didn't like getting his feet wet so he took to the rooftop during a flood at Puce, Ont., near Windsor. Sandy, pet of the Robinson family didn't have to stay there too long—the spring flood subsided quickly and he went back to his doghouse.

### SEEK CROSSWALK

John Beaven of the junior-senior council of the high school and W. R. Chalmers of the teaching staff attended the council meeting to request that a crosswalk be made from the high school to the east side of the street at a location between the Tastee Freez and Super Valu. The matter was left to the road committee for decision.

### 2 Bedroom Home

A lovely 2 bedroom, fully modern home situated on a fully landscaped double lot, flowers, nice lawn and planted garden. Part basement. \$6,800, terms if desired.

### Two Bedroom Home

Another thrifty buy, 12 year old two bedroom modern home, including furniture. Plenty of storage space in the full basement. Landscaped, trees, flowers and garden. \$7,700, down payment of \$2,000 cash.

Canadian styles got quite a notice at an international fashion show held in Nice on the sunny French Riviera. Called Hortensia, this late-day summer dress by Lew Shedlack has strictly simple style and lovely print of blue hortensias and green leaves in cotton.

## Kiwanis Club Notes

Three birthdays were celebrated on Tuesday night. Will Gilmour, Doug Campbell and Ken Heales.

The Kelowna Club is holding a fishing party at Beaver Lake June 10 and 11, and members are cordially invited to take part. It sounds like a good week end.

A letter of good will was received from the Endicott Club of New York and the secretary will answer same.

Members please take note - next week's meeting will most likely take place at the Yacht Club. It is the steak and beans night. The ladies will be present and the standing of the two attendance teams at present is in favor of the vice-president's team. Members will be called on the phone to confirm the meeting place, and the time is 6:30 p.m.

T. B. (Tommy) Young will be inducted as a new member, so all in all, be sure to be there, fellows.

Doug Campbell and Bob Alstead will visit the Key Club this week.

Walter Toeves gave a short account of the week end trip to Winthrop and Doug Campbell reported on the convention. It was opened by John Tamblin as the first speaker, and John, in his usual inimitable style, gave the convention a really good start off.

The club enjoyed seeing pictures of Hawaii, shown by Jack Weintz, president of Pentlicton Jaycees. They were very interesting.

## Lt. Irene Carey transferred to Vancouver

Lt. Irene Carey of the Salvation Army, daughter of Frank Carey of Trout Creek, has been transferred from Hazelton, B.C. to North Vancouver. Lt. Carey has spent the past two years working with the Indians in and around Kitimat and Hazelton. In North Vancouver she will be assisting Captain Betty Kerr, who was formerly stationed in Penticton, and who will be remembered by many Summerland residents for her visits here.

**YOU'LL FIND IT IN THE WANTADS**

Summerland Review

A six-pound beauty comes out of the water with a streamer fly in its mouth. It's a splake (a cross between a speckled trout and a lake trout) and the fisherman who gets one this size will be talking about it for the rest of the season.

## Comings and Goings

Visiting Mr. and Mrs. Tom MacDonald were Mr. and Mrs. Garry Crombie of Edmonton.

Miss Margaret Morgan of Vancouver has been visiting her uncle and aunt, Mr. and Mrs. Cecil Morgan and family here.

The town band held an informal party for Dr. M. F. Welsh in Trout Creek Friday evening.

Mrs. Mark Embree, her son Ron and Don Woodbridge spent the week end in New Westminster visiting friends.

Mrs. Don Lindsay of Harrison Lake spent last week with her parents, Mr. and Mrs. Edward Willis of Trout Creek.

Mr. and Mrs. Roy Howe of Vancouver are visiting Mr. and Mrs. T. H. Winter.

Visiting Mrs. Matt Sloper is Mrs. A. Steele.

Mr. and Mrs. A. Emsland of Vancouver visited with Mr. and Mrs. E. O. Mortimer.

Visiting Mr. and Mrs. E. O. Mortimer was their daughter, Mrs. P. Kamstra and grandchild Jackie.

Mrs. E. Hookham has returned from a week's visit to Vancouver Island.

Mr. J. V. Hughes and daughter Marlyn were guests of Mr. and Mrs. W. Brown over the week end.

Visiting Mr. and Mrs. L. L. Fudge were Mr. and Mrs. H. Hillard of Saltair, V.I.

Miss Barbara Fudge spent the week end at Cultus Lake.

Mrs. C. A. Gayton and Miss Ruth Dale motored to Kamloops and Clinton over the week end.

Mr. B. Tingley is spending a few days in Chilliwack. Mrs. C. McCutcheon visited Mrs. R. A. White at Kamloops for a few days recently.

The Misses Minnie and Jean Ritchie left for four months holiday in Scotland this week

Donald Andrew, youngest son of Mr. and Mrs. Andrew Turgan of West Summerland was united in marriage with Claire Eleanor Stafford, only daughter of Mr. and Mrs. Herb Stafford of Westbank, May 6 in Coeur d'Alene, Idaho. The couple will reside in Merritt. On their honeymoon they visited the groom's parents and sister and brother in law, Mr. and Mrs. Jim Smith in West Summerland.

Mr. and Mrs. L. Hagram, formerly of Summerland, visited friends over the week end here.

Mrs. Nellie Waldon visited her daughter Mrs. Nesbitt in Kamloops over the week end.

Born in Summerland General Hospital to Mr. and Mrs. Des Loan, a girl, Sunday, May 21.

Mr. and Mrs. Jim Peters of Creston visited over the week end with their respective parents

Rev. Norman Tannar will attend the Anglican Synod in Nelson this week.

## Geo. Henley sets records in Kelowna

George Henley of Summerland high school shattered two records, including a mark that had stood for 26 years, to highlight the annual Okanagan high school track and field meet in Kelowna Saturday.

Henley cut two-tenths of a second off a mile mark set in 1934 by Dave Garbutt of Kelowna when he raced to victory in 4:34.4. He was far ahead of the pack as he sprinted across the finish line in record time before 1,200 fans.

Earlier Henley lowered to 2:01.9 from 2:03.0 the time for the 880 when he won that event.

In Class B school aggregate, Lumby walked off with top honors with 85 points. Armstrong took second with 28 and Summerland was third with 22.5.

## Junior tennis starts Saturday

Tennis is now in full swing at the tennis courts at Peach Orchard Park.

Tennis Club president G. R. B. Fudge told the Review that junior tennis classes will commence Saturday, May 27 at 10 a.m. A large number of boys and girls are anticipated this year, Mr. Fudge said. All youngsters from grade 6 and up are welcome. Junior fees are \$2.50 per year, and tennis equipment will be supplied by the club.

Mr. Fudge requests that all mothers of junior players attend the first class Saturday to help arrange a schedule of classes.

Junior classes will be held every Saturday from 10 to 12 noon and playing hours will be explained at the court.

# SPORTS

A rarity in the animal world, these quadruplets present a problem for their mother who has facilities for feeding only two at a time. She is given an assist by bottle feeding, on the British Columbia Tillotson's Farm where they were born.

## Junior Red Sox split with Merritt

The Summerland Red Sox and the Merritt Junior ball club split a double header in Merritt on Sunday. Scores were 8-5 for Summerland in the first game and 8-3 for Merritt in the night cap.

Ed Menu started on the mound for the Red Sox in the first game but the hard hitting Merritt club jumped on him for three runs in the first two innings. He was relieved by Skinner who gave up two more runs before leaving the game in the third. Young Jim Sheeley came on and held Merritt off the score board for the rest of the game.

The Red Sox never gave up and kept pecking away at the Merritt lead until they tied it up in the fifth and then got three big runs in the sixth to take the win. Sheeley was the winner and Loving the loser.

The second game was all Merritt as they got six big runs in the third and never looked back. Thompson was the loser.

**SAVE \$\$\$**  
Use Alloyed Metal  
Internal Motor Plating  
Will keep new motors clean and new — in older motors restore compression, renew valves and rings while you drive, saving costly repairs. It stops friction wear giving smooth, quiet power, quicker pick-up, better gas mileage and longer motor life. Use it in cars, trucks, tractors, spray and boat motors, all spark ignition motors. Just put in gas tanks, guaranteed for 150,000 miles. Send money order for \$3.00 plus 15c tax to G. H. Libby, RR 1, Oliver, B.C., or call half mile east road No 1. Also sold at Powell Beach Service Station.

owner Harvey Pomrenke

Owner Harvey Pomrenke, Mrs. Pomrenke and Mrs. C. F. Day.

**Grand opening of  
Tastee Freez this week**

The ultra modern Tastee-Freez drive-in on Granville Street in West Summerland is holding a grand opening on Saturday and Sunday, May 27 and 28. To mark the occasion, special prices are going into effect as outlined in the advertisement on this page.

Mr. and Mrs. Harvey Pomrenke are the operators of the new business. Together with Mrs. C. F. Day, they are looking forward to meeting the people of this area on Saturday.

Everything is new and modern about this building. All the equipment is new and of the latest designs. This includes an ice cream machine, coke dispenser, deep fry, grill, refrigerator and walk-in cooler. This equipment has been selected to insure best quality of goods at all times.

The Tastee-Freez will be handling soft ice cream, sundaes, shakes, soft drinks, malts, coffee, hamburgers, hot dogs, and bulk ice cream. Tastee-Freez is the largest world wide drive in chain in the world.

Those who played a part in the erection and equipping of the Tastee-Freez have supporting advertising on this page of the Review. Their work is a credit to the firms and serves as good advertising.

A cordial invitation is extend-

ed by owner Harvey Pomrenke to the people of Summerland to drop around to the Tastee-Freez which is open Monday to Thursday from 11 a.m. to midnight, Friday and Saturday till 1 a.m., and Sunday to 11 p.m.

**ROAD CLOSED  
TO PENNASK LAKE**

George Stoll reported to the Review that the road to Pennask Lake is closed until further notice due to a slide on Redstone Road.

The road built by the Rod and Gun Club last year is in good condition but wet, with very few windfalls and no caving or slides. There is still quite a bit of snow, but Mr. Stoll reported that when the road showed through it was in good shape.

The Redstone road, above the Rod and Gun Club road has completely washed out for about 200 feet and until such a time as the washout is repaired, the roads are impassable.

All the fishing lakes except Brenda are open, but anything above Headwaters is impassible as yet. A fishing party on Shannon Lake reported a good catch of perch and Garnett Valley Dam is yielding one half to one pound trout. About 20 boats on Trout Creek headwaters reported the fishing was fair.

Congratulations to Harvey Pomrenke

on the opening of the new
