

### Under the Giant's Head

Lloyd Uzick of the Research Centre had the thrill of a life time during his recent fishing trip to Burton on the Arrow Lakes. After a week of good but not exciting fishing, Lloyd, on his last day out, hooked a 19 lb. Dolly Varden, a type of char. According to local Burton fishermen this was one of the largest fish of this type to come out of the lake in many years, and even the old timers were out with their cameras. Mrs. Uzick and their two daughters, Janet and Ray were along on the trip.

The snow is beginning to creep down the mountain sides this week. 17.4 hours of sunshine and .16 inches of rain were recorded at the research centre this past week.

October 31	45	33

Proceeds from various fund-raising campaigns next year by the African Violet Society will be donated to the Summerland and District Handicapped Children's Association.

A fire of unexplained origin did about \$2,000 damage to the Matkovich lumber mill situated 10 miles west of Summerland, near Agur Lake. The mill had been closed down for a week and when one of the men went up to check he found a fire had burned the power generator and an edger unit. Fortunately it had burned out without damage to the rest of the equipment.

The mill produces railway ties and lumber and has a staff of about six men.

Local RCMP are investigating.

Members of the high school Key Club were out bright and early Wednesday morning cleaning store windows after Halloween. This is the second year they have taken on this job and president Leigh Trafford reports that approximately 15-20 boys turned out.

The annual Red Cross Blood Donor Clinic will be held in Summerland on Friday, November 17. The clinic will be held in the United Church Hall in the afternoon and evening. Objective this year is 350 pints.

Winners of the grand prize for the Soroptimists bridge tournament held in Penticton recently, was the team of Dr. W. Evans and W. Hepperle with a total of 47,810 points.

Plans are being made for the new Intermediate hockey team to play the Kamloops intermediate team on Sunday at 3 p.m. Watch for posters. 15 players turned out for practice Monday night. Manager of the team is George Stoll with Bill Gillard secretary treasurer. Watch for some exciting hockey games in Summerland this winter.

# The Summerland Review

Thursday, November 2, 1961

West Summerland, B.C.

Volume 16, No. 44

## Entertaining evening Friday

Forty talented young Indian maidens will be featured at the high school auditorium this Friday night, November 3, starting

at 8:30 p.m. Sponsored by the Rotary Club, the girls will go through an amazing exhibition of folk and native dances, wear-

ing costumes they have created themselves. The girls, students at the Kamloops Residential School, spend one or two hours practicing every day, and work on their costumes in their spare time.

Ranging in age from 7-17 years they have received enthusiastic reviews in many Western Canadian newspapers and one adjudicator noted that they were good enough to tour Canada.

Tickets to this interesting program are available from Holmes and Wade, Green's Drug Store or the Family Shoe Store or any Rotarian.

## Education program starts next Monday

The interrupted education program for adults who have been out of school for over a year will commence at the Summerland high school on Monday, November 6th at 7:30 p.m.

Courses will be two nights a week for a period of 15 weeks and the cost will be \$17.50 per course. This year, courses offered will be English 31, 41 and 40. Teacher will be Miss Katherine McNab, a retired teacher from Penticton.

W. R. Chalmers, director in charge, told the Review that 14 students are registered, includ-

ing some from Penticton. Anyone interested in taking the course may register on opening night.

Mr. Chalmers stressed that these are credit courses and at their completion credits will be given toward high school graduation.

This is the first attempt in Summerland with such courses and if successful, it is anticipated that further courses will be offered in the spring.

Financial assistance towards the courses has been received from the Department of Education, the School Board and the Municipality.

## Walter Toevs heads Kiwanis

Walter Toevs was elected as 1962 president of the Kiwanis club at its meeting Tuesday night. W. A. (Bill) Laidlaw will be vice-president, and Simon Kouwenhoven treasurer. Directors will be Carl Dietrich, Ed McGilivray, Jim Schaeffer, E. (Hilly) Smith, Jack Towgood, Wally Harrison and Bob Hardie.

Past president is Jerry Hallquist.

The Kiwanis club erected another bus stop at the Y on the Giant's Head Road last week.

The fall conference for Division 5, which extends from Dawson Creek to Winthrop, Wash., will be held in Summerland, November 25-26. Lt. Gov. elect for Division 5 is Doug Campbell of Summerland. Meetings will be held in the new Legion building and the Yacht Club. Over 200 delegates are expected for the two day convention.

## School notes

The school assembly will meet next Tuesday afternoon with school band in attendance. Principal J. Longmore will outline the report card and promotion procedures for the school year, and members of the student council will make a number of announcements.

This year the assembly program will consist of public speaking and debating contests between the four houses. This Tuesday will see a public speaking contest with hour 10 (composed of students from the area northeast of school) in charge.

Highlight of the assembly will be the introduction of the exchange students from Sunnyside, Wash. The students will arrive this week end and will be billeted at the homes of Rotarians C. Bleasdale, G. Beggs, M. Duncannon and L. Rumball.

## No contract changes between school, teachers

No change for 1962 was the decision arrived at in the second and final meeting of representatives of the Summerland School Board and the Summerland Teachers' Association, held on Friday, October 27, to discuss their contract.

There was never any question of salary increases. Several clauses of the contract were, however, discussed amicably, including the matter of sabbat-

ical leave and the paying of new teachers higher than the standard salary scale in special circumstances. The matter of monthly payments being made by the Board to the bank instead of to each teacher personally was also discussed.

As no agreement was reached on these items, it was decided that the contract between teachers and School Board for 1962 would be the same in all respects as that now in effect.

## Busy at Police court

RCMP report that they have a pair of almost new hunting boots at the office. Owner can have them on identification.

On October 5th, Mr. Robbie McDonald of West Summerland gave two people a lift while on his way home from work. The following morning Mr. McDonald noticed his transistor radio missing from his car and informed the RCMP. A search of the hitchhikers residence was made and the radio recovered. Alister Wilson Burt of West Summerland was charged with the theft and fined \$50 and costs and in default 30 days in jail.

Sidney M. Flebbe of West Summerland appeared in local police court charged with being a minor in possession of liquor, and was fined \$35 and costs.

Victor W. Felker appeared charged with having no insurance on his car and was fined \$20 and costs.

Warner J. Ertle of West Summerland appeared in police court charged with having no driver's licence and was fined \$25 and

costs.

Wayne McCarger of West Summerland appeared before Magistrate Reid Johnston charged with driving 80 miles an hour in a 50 mile zone and was fined \$50 and costs.

Robert Wise of Penticton appeared charged with driving with an expired licence. He was fined \$10 and costs.

## Two vacancies on school board

Two school board seats become vacant at the end of the year, when the terms of T. S. Manning and K. L. Boothe are completed.

Mr. Boothe told the Review that he intends to run for office again. He has served four years on the board and is chairman this year.

Mr. Manning, who has served 10 years on the board, and has been chairman, announced this week that he will not seek re-election.

Fashions in men's clothes and in radio equipment have changed considerably since this photo was taken in the early 1920's. Jack Dempsey (second from left) then world's heavyweight boxing champion, is shown taking part in a broadcast at a Mont-

real radio studio. The large horn shaped microphone is a far cry from today's tiny, almost invisible types. With somewhat similar equipment, the Canadian Broadcasting Corporation began its radio operations in 1936. On

Nov. 2, 1961 the CBC celebrated its silver anniversary in broadcasting. Dempsey has long retired from the ring, but the CBC is now actively engaged in a greater number of activities than ever before in its history.

## Trout Creek students to appear on TV

The first school team from the South Okanagan to appear on the new TV series, "Let's Spell" will be a team of grade six pupils from the Trout Creek Elementary School.

The programme, televised by CHBC-TV every Friday evening at 7:00 p.m., features two teams of grade six pupils competing in an old-fashioned type spelling bee.

The Trout Creek team, from Mr. McNabb's grade 6 class, consists of Sylvia Hodge, Sharon May, Anne Rae, Linda Keuning, and Dyke Noel. They have chosen as their team name "The Wise Guys".

## Trout Creek PTA discuss summer school

Dr. D. L. McIntosh, president of Trout Creek PTA outlined the fall program and introduced members of the executive at the first meeting of the season in the school.

Mrs. C. C. Strachan, past president, was asked to investigate the possibility of PTA sponsoring a summer school for primary children during the vacation months.

"What can PTA do for us?" was discussed by a panel comprised of John Cooke, elementary school's principal, moderator; Dr. J. Miltimore, parents' representative; R. L. McNabb, teachers' representative.

Dr. Miltimore's premise was that the PTA was an allied organization of parents and teachers working together to promote the welfare of the children.

"Time does not permit a teacher to discuss the many phases of school life with individual parents", he stated, "so PTA is a medium where mutual problems may be solved and where the school program may be made known to the parents."

From the teachers viewpoint, Mr. McNabb said, in his opinion PTA formed a social contact between parents and teachers leading to greater understanding between teacher and pupils. This social contact motivated the child to do his best, the speaker thought.

"School learning unrelated to personal experiences of the

child in the home, his community and environment is meaningless to the child, Mr. McNabb said. "Through PTA the teacher learns the child's background and is better able to motivate his learning".

Following the discussion, refreshments were served.

## Many visitors reported at Parkdale

by Mabel Atkinson

October brought to our door several prominent visitors, including the Hon. Eric Martin, Minister of Health; Mr. Brown, Deputy Minister of Municipal Affairs; Mr. and Mrs. Fisher of Levin, New Zealand; Miss Janet Fisher of Waihi, New Zealand, while Lethbridge, Calgary, Winnipeg and Oroville have been represented as well as 48 visitors from our own province.

As this is Thanksgiving month we have been overwhelmed with gifts and attention. Among many, our gracious thanks go out in particular to the Anglican Church for fruit and vegetables, flowers in abundance, many from Mr. E. H. Bennett's beautiful garden, a set of the Books of Knowledge from Mr. and Mrs. Fleming; a host of current magazines and papers of every kind, and a beautiful birthday cake from Mrs. F. Stuart.

We appreciate the conveyance to church services, Penticton and pleasure drives and the prompt medical service given.

We welcome to our circle Mrs. J. Daines and Mr. T. Garnett permanently, whose picture we noticed as a prominent delegate to the NDP convention in Vancouver.

A special invention to the sumptuous banquet and concert, put on by the Summerland and District Credit Union to celebrate International Credit Union Day on October 27, was enjoyed by some, as were several other invitations to various functions. Some of our ladies have joined the Red Cross.

Kind thoughts go out to two who have been indisposed and we hope to see them with us again soon.

Mr. Geo. Williams celebrated his 82nd birthday with Mrs. Elliott, assistant matron, age unknown.

"Our whole world is made of so many nice things, I'm sure we should all be as happy as kings".

MEET...  
BILL GALLOP  
of the Summerland & District  
Credit Union

He has served four years on the Board and is currently vice-president. Born in Victoria, he served in the Canadian Merchant Navy during the war, on both the Atlantic and Pacific. He worked as foreman in heavy construction work before moving to Summerland in 1951, where he started Gallop's Greenhouses and built it to its present position.

## Information about your Credit Union

A credit union is a group of people having a common bond of association who pool their savings, and from these savings make loans to each other.

Credit unions aim to encourage thrift, to eliminate high interest rates by operating at cost, and to train members in business methods and self-help.

A credit union is based on the democratic principles of:

- Democratic Control (one member, one vote).
- Open membership (membership open to anyone regardless of race, creed or colour).

A Credit Union is controlled entirely by its members. Each year the members elect a Board of Directors to manage the affairs of the Society.

In addition, the members elect a Credit Committee, separate from the Board. This Committee, whose decisions are final, must approve or reject all applications for loans.

The members also elect a Supervisory Committee which is responsible to the members. Their duty is to make sure that the affairs of the Credit Union are conducted in accordance with the Government Act and by-laws, and that good Credit Union principles are practised.

At the end of each year, after expenses have been paid and 20 per cent of net earnings placed in a reserve fund, the remaining surplus is returned to the members according to their holdings and patronage.

The Credit Union holds a general membership meeting each year. Here the members have not only the privilege, but the obligation to review the operations during the past year, elect their officers and instruct them as to the policy to be followed.

## An alarming trend

The year 1961 has seen a new high in the number of files at the Summerland RCMP office. So far this year, 258 cases involving motor vehicles have been handled, compared with 86 in 1955. Cases under the criminal code this year reached the all time high of 98 against 62 in 1955.

Perhaps the most alarming trend is seen in the incidence of cases involving minors in possession of liquor. Only two cases of this nature were heard in 1956, twelve cases in 1960, and so far this year with two months still to go, nineteen cases are on file. A great number of these cases also led to charges under other sections of the act, particularly impaired driving.

What is causing this decided trend among our young people in our community? Who is at fault — the home, the school, the church, the law? It is no longer a small minority of young people involved. With the 1961 cases of minors in possession of liquor in all probability doubling those of 1960, it is time for responsible persons to give these facts some thought.

Our local magistrate feels that the situation is serious. He announced recently that he is increasing the fine for this offence, but though this should act as a deterrent it is not the complete answer.

Nor is liquor the only reason our young people become involved with the law. Reckless driving, high speeds, and a blatant disregard for the laws of our country is becoming alarmingly apparent in our community.

In an effort to examine this trend, which is casting a bad spot on the fine record of our young people, the Review will begin next week a series of articles written by various members of our community.

We hope you find these articles informative and that you will read and examine them carefully.

## Health services for Indians and Eskimos

One of a series of articles describing the Federal Health and Welfare Services Canadians get for their tax dollars.

This coming winter, an Eskimo woman on the east coast of Baffin Island will be able to eat properly once again. Years of chewing skins to make them soft and pliable for the family's clothing had worn her teeth down to the gums. Now her worn teeth have been replaced by properly fitted artificial dentures.

A five-year-old Indian boy has just been re-united with his family on the Anahim Lake Reserve deep in the Chilcoten after a year's treatment for tuberculosis in the Coqualeetza Hospital 450 miles away from his home.

The dentures, the x-ray diagnosis and treatment of the Indian boy were provided by the Indian and Northern Health Services Directorate of the Department of National Health and Welfare. The Directorate does much more — but it does so in the face of enormous problems — problems as old as the Indians and Eskimos themselves, as widespread as the length and width of Canada.

In dealing with the health problems of our two native populations, we cannot merely super impose our ideas and wills on theirs. They have to be convinced before they will cooperate whole heartedly in what we consider good health practices and programs. And each group already has a deep-rooted culture which includes strong beliefs about life, death and the prevention and treatment of disease.

Our twelve thousand Eskimos are split into about 200 small communities all around our Northern coastline. Our more than 180,000 Indians are scattered among fifteen hundred reserves from coast to coast.

In 1946, just over \$3,000,000 was voted by the Federal Government to be spent on the health of Indians and Eskimos. This year the amount set aside for the same purpose will be close to \$25,000,000. Six hundred and fifty nurses, 115 medical officers and 28 dental officers will serve them full time.

These health workers will be manning 19 hospitals, 45 nursing stations, 30 clinics, and 80 health centres where out-patient services are provided. Additionally, INHS uses the services of a large number of hospitals, physicians, dentists and dispensers throughout Canada, and works closely with the provincial health agencies.

Impressive facts and statistics. And this investment of people and money is showing results. One heartening example of this is the fact that the TB death rate has been brought down from just under six hundred deaths annually per hundred thousand in 1946 to less than thirty — lower than the death rate for the rest of Canada at the end of World War II. From combatting TB, the emphasis in INHS work with these two peoples is gradually being switched to such matters as child and maternal health and sanitation.

Our efforts are still spread thin. Even \$25,000,000 only goes so far. To put a nurse into a remote Arctic area costs from \$50,000 to \$100,000 in initial capital expenditure; and it costs \$20,000 to \$25,000 a year to keep her there. The treatment of the average Eskimo TB case costs from \$3,500 to \$5,000 a year, or \$3,500 to \$15,000 per course of treatment, plus the cost of transportation. Transportation of one Eskimo woman, bleeding badly after childbirth, to southern hospital facilities recently cost about \$7,000. The woman's life was saved — the money well spent.

Canada's Indians and Eskimos are gradually becoming more integrated with the general Canadian population. As this trend develops, as their earning opportunities increase, and as the north is opened up, so will the health and health services of these original Canadians continue to improve.

"At the moment", according to the Hon. J. Waldo Monteith, "the chief task is education. To give the people of the north the knowhow which will raise their health level, must be our overriding objective in the years ahead."

## Revaluation necessary

by Rev. Lyle Kennedy

Text: "I look upon everything as loss compared with the overwhelming gain of knowing Jesus Christ my Lord." Phil. 3:8. (Phillips).

Every good businessman makes a periodic valuation of his stock. He follows this wise procedure for various reasons.

A similar revaluation is demanded of us in other matters though we do not always make it. Reasons for revaluation include failure, change of circumstances, disillusionment, frustration, etc.

I. Examples of Revaluation are noted in the Bible. The prodigal son when he "came to himself". Paul after the stoning of Stephen. Zacchaeus when he met Jesus. The Samaritan woman at the well.

II. We are to revalue in the Light of Christ (1) In his light we see things as they are.

(2) In his light the true enjoyment of life is increased. This process of revaluation does not mean that all we have prized becomes worthless and the rich, lovely world of human experience is turned into a desert. Jesus enjoyed life. He rejoiced in friendship with all who would let him become their friend. He saw in every man the gold and the drross.

His fellowship changes the look of everything. The world of nature, for example, has a new loveliness when his light shines on it.

Work which becomes a service to man has a zest in it. Friendship comes into it. Even

common bread becomes a sacrament of fellowship when we see in it the self-giving of God.

III. The Process of Revaluation May Take Time. "Now we see through a glass darkly," wrote Paul, from whose light on the meaning of love we have still much to learn. The light grows as we walk in it, and this may involve renunciation in which old things pass away. We are compelled to make choices and these may demand sacrifice.

To value people in Christ's way, for instance, will make us pour contempt on all our pride and bring political changes. Some of the molds of habit and custom will be broken. They cannot hold the love that Christ awakens.

This calls for thought. "Fix your minds on the things which are holy and right and pure and beautiful and good," says Paul. It calls for prayer — the quietness of mind through which the light of the Spirit can penetrate and guide us. It will call for obedience.

"Besides the private swimming pool there are other surprises."

# Comings and Goings

Mr. and Mrs. M. Stephens had as visitors recently their two sons: M. L. Stephens of Independence, Miss., chief accountant for the Remington Arms Co.; and M. H. Stephens, assistant editor of the Western Miner, of Vancouver.

To make their home in Victoria, Mr. and Mrs. F. A. Schmidt were recently married in the Summerland Baptist Church. The bride, the former Miss Marion Turigan, is the daughter of Mr. Gustav Turigan and the late Mrs. Turigan of Summerland.

Mr. and Mrs. H. J. Barkwill are on a vacation in Vancouver and Vancouver Island.

Mrs. Fred McInnes and two children are visiting relatives in Halifax.

Mr. Ken Blagborne, and son Ray of Victoria, are hunting on the prairies.

Mr. and Mrs. G. D. Smith attended the Okanagan Valley Municipal Officers Association meeting in Kelowna Friday.

Dr. and Mrs. James Marshall and Mr. and Mrs. Gordon Robertson will sail from Vancouver on Friday aboard the liner Canbarra, to spend five months in Australia and other points.

Mr. Fred Gartrell is leaving for Buffalo, New York, to spend the winter with cousins.

Mr. and Mrs. R. B. Berry of Burnaby are visiting this week with Mrs. G. Inglis.

Miss Corby, who has been visiting the Misses Banks, has returned to her home in Vancouver.

Mrs. Pearl Peel and son Alec returned to Chilliwack and Vancouver after being the guests of Mrs. G. Inglis for two months.

Eric and Don Tait are on a hunting trip to the Kootenays.

Mr. Tom Ritchie is sailing on the liner Canbarra Friday for a trip to Australia.

Mr. F. R. (Tiny) Ganzeveld and Mr. Hans Moors have left on a 10 day hunting trip.

Miss Agatha Klossen returned to her home in Yarrow on Saturday.

Mr. and Mrs. J. S. Kirk leave Friday for Vancouver, from where they will fly Monday for Mexico to spend the winter months.

Mr. James Burt of Vancouver was a recent visitor with Mrs. W. Powers.

Mr. and Mrs. Eddie Lloyd have their daughter Phyllis of the RCAF home on leave. Phyllis is stationed at Clinton, Ont.

Mr. Rees Powell of Cornwall, Ont. visited his mother, Mrs. W. R. Powell over the week end. Also visiting Mrs. Powell were her son-in-law and daughter, Mr. and Mrs. R. M. Johnston and son Charles of Mission. Mr. and Mrs. W. B. Powell and family entertained at a family dinner Saturday night in honor of his brother Rees.

## Guide association hears of continuing progress

"Camping in the South Okanagan is making continued progress." This was reported at a divisional meeting of the South Okanagan Girl Guides held in Summerland recently. The Divisional Camp Advisor, Mrs. Joy Cawood, in giving the report stated that during the year many people had given much time and energy in order to improve the Guide campsite at Wilson's Landing. Trees have been planted and the road improved. The Brownie Retreat, a large building, containing a natural stone fireplace has been completed, and the interior has been varnished. A most attractive outdoor dining area has been added to the cookhouse, cupboards have been installed and a permanent First Aid chest has been donated. All this has been achieved through the efforts and hard work of Divisional Commissioner Mrs. Bruce Blagborne, supported by all local Guide Associations who raised funds, donations of time and labour of many fathers of Guides and Brownies, and generous donations of funds and materials from interested groups outside of Guiding.

Mrs. Cawood told of the many successful camps which had taken place at the site this summer. Six Pack holidays were held for the Brownies. These were made possible by the installation of the new Retreat, and provided camping experience for 133 of the younger girls. For the Guides there was an Inter-Company Competition Camp at which one patrol from each company in the Division took part. A Pioneer Camp was held, geared to meet the more advanced type of test work. Three camping experimental camps, three short term company camps and two patrol leaders camps were also held. The site was loaned for one week to the B.C. Council of the Girl Guide Association for their International Camp held in August.

Mrs. A. A. Fenwick reported on the newly formed Okanagan Land Ranger Company of which she is skipper. During the summer a camping trip was arranged enabling the girls to explore a little more of the province, ashee Pass, Kootenay Lake area taking them through the Mon and the Cascades. During the past week end, Mrs. Fenwick reported, the Rangers camped at Fish Lake, spending their

time cutting Christmas trees in order to raise funds for their small, but thriving company. Rangers include senior Guides from Penticton, Summerland and Keremeos.

Other reports were submitted from each district in the Division, and lunch was provided by ladies of the Summerland Guide Association.

## Bennett heads valley group

Over 60 were present at the meeting of the Okanagan Horticultural Association held in Kelowna October 28. E. H. Bennett of Summerland was elected president. Purpose of the association is to unite local garden groups in the Okanagan.

Attending from Summerland were: Mrs. A. Inch, Mrs. E. C. Bingham; Miss D. Tait; Mr. M. Tait, Mr. and Mrs. E. H. Bennett, Mr. W. Snow; Mrs. W. S. Harrison, Mrs. Jack Brown.

In the report from Summerland, mention was made of the African Violet Society, and distribution to members of gladiolus bulbs for exhibition later.

An interesting sidelight was reported by Mrs. A. Inch on her own method of making driftwood from orchard prunings.

During the short business meeting Mr. E. H. Bennett outlined the history of the Okanagan Valley Horticultural Association. It was decided to make this an annual convention to be held in Kelowna. The present officers will remain until spring when an executive will be selected from delegates from each center.

The evening closed with slides shown by Mrs. Worman, official club photographer of Kelowna.

## Curling report

Curling is now in full swing. On Sunday Jack Young and Bill Cranna came up from Penticton to curl against Harry Hackman and Bill Croft.

The regular draw with 24 rinks divided into A, B and C sections are curling every evening but Wednesday.

On Wednesday evening, the ladies curl at 7 p.m. and at 9 p.m. the men curlers who are interested in Brier playdowns will be playing. At present they have six rinks and will play every Wednesday until February. The ladies had their annual fall meeting last Thursday and are now in full swing for the season.

The afternoon ladies had four rinks out on Tuesday afternoon. They were pleased to welcome a few new curlers and hope they will enjoy curling with us. If there are any ladies who would like to try curling, just phone the curling club at HY4-2851 and Mr. Eden will be pleased to help you get started.

## Teen Town Topics

No dance will be held this Saturday, November 4, as the regional conference is being held in Penticton November 4-5. A delegation of fourteen council members will represent Summerland at this conference.

The March of Dimes campaign officially opens November 4, but activities will not get underway in Summerland until after November 11. Watch for further details at a later date.

Remember closed membership is now in effect and you must have a Teen Town membership card to attend any of our functions.

— Vicki McKee

## The Summerland Review

Thursday, November 2, 1961

## Women's groups meet here

The theme for the joint annual meeting of the Kamloops-Okanagan WMS Presbyterial and WA Presbytery held in Summerland last week was "Seek ye first the Kingdom of God".

It was used in the opening worship service conducted by Mrs. V. A. Barrs, assisted by Mrs. J. G. Mayne and Mrs. J. Lazenby. Mrs. G. S. Dawe presided during the morning session.

Mrs. E. Irwin stressed the need for the United Church women to study and be informed regarding all phases of church activities.

Rev. P. K. Louie chose Luke 4 as the subject for Bible study. Mrs. W. H. Pickering gave

highlights of the north-west conference held earlier at UBC this year.

A display of books by Mrs. C. M. Finnis and a brief book review concluded the morning program.

Mrs. C. E. Hopkins presided at the afternoon session.

Mrs. G. S. Dawe told of overseas missions being under-staffed and Canadians not doing enough to help the African people emerge and take their place as world citizens. Our civilization is too selfish and security ridden, she said.

The Stewardship Secretary, Mrs. T. F. McWilliams, asked for renewed efforts to meet the ever increasing allocations as the need for assistance arises.

It was announced that the new program of the United Church Women includes all women of the congregation.

## NOTICE

The library will be closed on Saturday, November 11. It will be open regular hours on Thursday afternoon and evening and Tuesday afternoon.

44-FOR SALE — Two winter tires, 7.50x14. Tubeless. Firestone Town and Country tread. Used slightly. Original tread, not recapped, \$25.00. Apply Powell Beach Service, Phone HY4-3297.

## Scout leader meets with local group

On Saturday morning, local Scout and Cub leaders, along with members of Group Committees and regional representatives were entertained by Dr. and Mrs. McLarty at a coffee party at their home in Trout Creek. Guest of honor was Mr. J. Perry Ross, newly appointed Executive Scout Commissioner for British Columbia and the Yukon.

Mr. Ross, who is 45, is a native of New Brunswick and has spent the last fifteen years as Executive Commissioner of that province. He is a war veteran with six years' service with the Royal Canadian Army Service Corps. He joined the Scout movement in 1931 and has been an active Scouter as Cub Master, Scout Master, District Commissioner as well as having been a Group Committee member of the Scout Association.

He has three sons, aged 18, 14 and 7 and is an active member of the Anglican Church. With his family, he has taken up residence in Vancouver and is presently touring B.C. to become acquainted with Scouting personnel in his area.

A cordial welcome is extended to him and leaders look forward to a happy association with him and progress in Scouting under his direction.

## Scout shorts

### 1st Summerland Troop

The troop's fall camp at Fish Lake proved a great success for the 20 boys and two leaders who attended. The troop arrived at Fish Lake at 5 p.m. and by 6:30 had taken their tents and packs uphill to camp, set-up campsites, and were eating supper. This is a tribute to patrol organization and the kind of training received in Scouting. On Saturday six Scouts Munro Lake and the rest took with Mr. Towgood hiked into a shorter hike toward Peachland. There were two good council fire programs at which Second Neil Mason received an appropriate award for telling the tallest story. A "Scout's Own" service was conducted on Sunday by Scoutmasters Towgood and Fisher.

At this Monday's meeting the troop received some training in marching and was addressed by Royal Canadian Legion president S. Dunsdon, who spoke on the work of the Legion on Poppy Day to raise money for disabled veterans. He also gave demonstrations on flag handling on parades. We are very grateful to Mr. Dunsdon for taking the time to visit us.

This coming Saturday is very important for the troop since it is our good turn day to the Legion and disabled veterans. As usual Scouts and Guides will aid the Legion in the annual

poppy sales campaign from 9 a.m. to 12 noon. All Scouts are requested to be present at the Health Centre in uniform (shorts may be omitted and windbreakers should be worn) at 9 a.m. From there the Legion will provide transportation by car for poppy sales. Will parents please co-operate by having Scouts at the Health Centre on time.

Neil Mason has qualified for his Queen's Scout Award. Patrol Leader Blagborne passed his 1st class cooking test and Scouts Bennett, Inch and Anderson passed their 1st Class Topographical map test.

Patrol standings are Eagles 105, Buffaloes 104, Beavers 102 and Hawks 98. Duty patrol next week Hawks.

— D. V. Fisher, Scoutmaster

# TROUT CREEK SERVICE

NOW YOUR

DEALER

FOR TROUT CREEK AND DISTRICT

Congratulations  
to  
Trout Creek  
Service

Shell Furnace Oil costs no more than ordinary oils, yet it offers complete protection for your heating system in two money-saving ways.

Only Shell Furnace Oil gives you the benefit of a special additive that keeps your burner filter spotlessly clean. It banishes the top cause of burner breakdown, keeps your burner at peak efficiency, all winter long.

With Shell Furnace Oil you get Sonitor protection. Sonitor stops rust forming. Can actually make your storage tank last twice as long!

In you live in the Trout Creek area, phone in your order for Shell Furnace Oil to Trout Creek Service. Take advantage of our guaranteed delivery service.

**J. A. Beasom**

SHELL DISTRIBUTOR

718 WADE AVE. W.

PENTICTON

Stop in and fill your car with Super Shell gas today. It has nine extra ingredients to help give your car top performance.

- A remarkable ingredient called Platformate increases the mileage you get from today's Super Shell. Recent tests show that one cupful of Super Shell with Platformate takes a car 96 feet farther than the same amount of a non-Platformate gasoline. This works out to 2½ bonus miles per hundred.
- Ingredient No. 2 is TCP for power, mileage and longer plug life.
- Ingredient No. 3 is "cat-cracked" gasoline for power with a purr.
- Ingredient No. 4 is heavy alkanes, for knock-free power at all speeds.
- Ingredient No. 5 is anti-knock mix for extra resistance to knocks.
- Ingredient No. 6 is butane for quick starts.
- Ingredient No. 7 is mixed pentanes for fast warm-ups.
- Ingredient No. 8 is an "anti-icer" to check stalling when temperatures drop.
- Ingredient No. 9 is a gum preventative to keep carburetors clean inside.

BILL AND

MYRTLE CRAWFORD

Prepare for Winter -

Let our experienced mechanic  
service your vehicle

When you bring your car, truck or tractor into Trout Creek Service, you will be assured that it will receive the best in care. Our mechanic in charge, Mr. Paul Bonthoux, is well known in Summerland where he has acquired an excellent reputation as a tractor and farm equipment specialist.

Paul's regular servicing of your car can assure perfect harmony among the working parts of your car. With colder weather in the offing, it's even more important than ever to give that motor regular servicing. Drive up to Trout Creek Service today for your winter change-over.

Paul is able to give top service to your farm machinery, making full use of our portable welding outfit and other specialized tools and equipment. He will also do major overhauls on cars and trucks in our shop, where he is equipped to do valve grinding and front-end alignment, plus expert tune-ups and all sorts of minor repairs.

On major overhauls we will pick up and deliver your car and place one of ours at your disposal.

When you stop in at Trout Creek Service for your Shell gas, why not drop around and see Paul Bonthoux and talk over your car and machinery problems.

A special note to our old customers. We will still continue to carry a full line of Home Oil Products.

### Under the Giant's Head

Don't forget that retail stores in Summerland will be open Friday night, November 10, to 9 p.m. They will be closed on Remembrance Day, Saturday, November 11, and regular closing on Monday, November 13.

The weather was colder this week with 28.9 hours of sunshine and one inch of precipitation recorded at the Research Station.

	High	Low
October 1	41	33
October 2	35	18
October 3	36	26
October 4	37	24
October 5	40	17
October 6	42	24
October 7	40	25

Fourteen turned out for the first night of the interrupted education course on Monday. Director W. R. Chalmers reports that anyone may still register Thursday night. Courses are offered in English 40, 31, 41.

Out of the 60 men taking the Special Milita Training Program in Penticton, 19 are from Summerland. Two more Summerland men are training in Kamloops.

A meeting of the Trout Creek PTA will be held November 16 at 8 p.m. in the school. District superintendent C. E. Clay will be present to explain the school report card system. Should be very interesting to all parents.

Municipal clerk G. D. Smith reports that local residents have shown a keen interest in the Trout Creek Domestic Water bond issue. All of the \$105,000 bond issue has now been reserved by local residents. A good indication of the respect people have for our municipal government.

## Exchange students have heavy agenda

Four students from Sunnyside, Washington are visiting Summerland high school this week. They are Helen Mottley, grade 12; Leland Pulley, grade 12; Janet Hillyer, grade 11; and Claudia Morris, grade 10.

Participating in the annual Rotary student exchange, the four are off on a busy social whirl this week as well as following the regular school program in their respective grades.

Leading off their round of extra-curricular activities was a visit to the research centre. They also attended a joint meeting of Summerland and Oliver Rotary Clubs, and will have a con-

ducted tour of the Sun-Rype plant in Kelowna.

Weather permitting, Rotarians will give the students a glimpse of the Okanagan from the top of Giant's Head mountain.

Sportswise, the high school curling club plans to include the visitors in a session of curling, and they will be taken to a hockey game Friday night.

Rotary president Harvey Wilson will drive the young people home Saturday morning and return with the four Summerland students, who have been attending Sunnyside high school, on Sunday.

## Police court again busy

A wild chase, at speeds exceeding 85 m.p.h., on highway 97, between Peachland and Summerland, led to the arrest of a Revelstoke juvenile on the morning of Nov. 4. A local RCMP constable, while driving to Peachland, noticed an oncoming vehicle with only one headlight. He turned and chased the car, finally stopping it just out of Summerland. He said that he had clocked the car at over 85 mph and that the car had zig-zagged down the centre of the highway, into two cases almost crowding oncoming cars off the road. When the car was finally stopped, a search revealed a case of beer and Raymond K. Allen, a passenger, was charged with possession. He appeared before Magistrate Reid Johnston and was fined \$50 and costs for being a minor in pos-

session of liquor and \$10 and costs for being intoxicated in a public place. The driver of the car, a juvenile, was fined \$25 and costs and his driver's licence suspended for a year. The magistrate gave the boy a strong lecture, stressing not only the danger to his five passengers, but to oncoming traffic.

Walter Heid of Kelowna appeared on November 2, charged with obtaining money by false pretences. Worthless cheques amounting to \$25 were cashed by Heid at the Totem Inn in Peachland. Heid was given fines amounting to \$75 or in default 90 days. He elected to serve the jail term.

Wm. McLure of Summerland was fined \$35 and costs for carrying a loaded rifle in his car.

On October 27, Arron G. Beck of Cawston entered a guilty plea to a charge of impaired driving and was fined \$150 and costs. Beck was involved in a head-on collision near Trepanier Bay. No one was seriously injured.

## Don't forget blood donor clinic Nov. 17

The count-down is here. Soon it will be BD Day in Summerland. . . Blood Donor Day!

Members of the Kiwanis Club will be phoning everyone in Summerland, asking them to donate on Friday, Nov. 17. If you are between the age of 18-65, please try to attend the Red Cross blood donor clinic. It will be in the United Church Hall, afternoon and evening, with transportation and baby sitting available.

Few, if any of us know when we are going to need emergency supplies of blood or plasma. For this reason we must be certain that we have adequate supplies available to us at all times. The blood that you so generously donate might save the life of a loved one. It might even be your own.

"Today we need you. Tomorrow you may need us."

## Lest We Forget

## Remembrance services Saturday

On Saturday, November 11th, the people of Summerland will join with Canadians from coast to coast in observing Remembrance Day.

The parade will assemble at MacDonald School at 10:20 a.m. under the command of Parade Marshal S. Dunsdon.

The Rev. A. S. Beames, Legion Padre, will conduct the service at the cenotaph assisted by other members of the Summerland ministry.

### POWER FAILURE

That power outage at supper time on Monday was caused by a lightning arrester blowing out in Oliver. Power was transferred to the northern power route for Summerland. When the load came on, it was so heavy that the district had to be put on in sections so that some areas were without power for an hour.

## Churches observing Dedication Sunday

This Sunday, November 12, will be dedication Sunday for the congregations of St. Stephen's Anglican and Summerland United Churches. There will be no dedication of buildings or furnishings, but of people, the members and adherents of the churches themselves.

In previous years, both churches set aside a Sunday for a visitation of the people; this

Legionnaires, Ladies Auxiliary, Scouts, Cubs, Girl Guides and Brownies will take part in the parade. Music will be provided by the Summerland town band.

Veterans are requested to wear decorations.

The annual Remembrance Day banquet will be held at 6:30 p.m. in the Legion Hall. Guest speaker for the occasion will be Rev. R. C. Gates of Penticton. Tickets for the evening, open to Legion and Ladies Auxiliary members and their partners, are available at Deluxe Electric, Smith and Henry, Milne's Jewellery, Daniel's Grocery and the Legion Canteen.

Wreaths for Remembrance Day may be purchased from K. Hickson, secretary-manager of branch 22.

Reeve F. E. Atkinson has proclaimed November 5-11 as Legion Week in Summerland. The reeve said, "I commend the vast

amount of volunteer work and financial support the Legion gives to this community by scholarships, sponsorship of young people's sports and continuing dedication to the welfare of veterans.

"This year the Legion celebrates its 36th anniversary and increased support will bring new vitality to the Legion organization and greater benefits to many in our community."

## Enjoy Dancers

A large audience thoroughly enjoyed themselves last Friday night when a group of Indian maidens from the Kamloops Residential School performed in the high school auditorium. Sponsored by the Summerland Rotary Club, the girls charmed their audience with their exhibition of dancing and singing. The girls, ranging in age from 7-17, were billeted here overnight, and then travelled on to Oliver to perform Saturday night.

### TURKEY SHOOT SUNDAY

Want to make sure your eye is as keen as ever? Then attend the Rod and Gun Club's turkey and ham shoot on Sunday. Shooting starts at 1:00 o'clock and continues until dusk, and even later if needed, as lights are available for after-dark shooting. Shooting takes place at the Summerland Trap Range, top of Prairie Valley. There will be novelty shoots, and coffee and sandwiches will be served.

Louise Lang holds the new green triangle emblem designed by the British Columbia Safety Council to dramatize need for seat belts on automobiles for greater safety. Emblems read "Seat Belt Equipped" and will be placed on bumpers or trunks of all cars in which belts are installed.

The Summerland Review  
Thursday, November 9, 1961

Hats off to Don Messer and his Islanders, returning to CBC radio and television for another season of folksy music and country hospitality. Here, in typical country setting, which suits them best, are (top to bottom) vocalist Charlie Chamberlain, Don Messer, and announ-

cer Don Tremaine. Also heard on this Monday, Wednesday and Friday Trans-Canada network radio show is vocalist Marg Osburne. In addition to their radio show, the whole group can be seen each Monday night on CBC-TV's Don Messer's Jubilee.

## Many attend showing of local artist's work

The one-man show of Summerland artist Irvine Adams is one exhibition not to be missed. His many pastel landscapes made an impressive display. On the first day, last Friday afternoon and evening, November 3, it was estimated that some 150 people visited the show, many from neighboring communities.

This display will be open until Nov. 18 during library hours: Tuesdays 2-5, Thursdays and Saturdays 2-5 and 7-9.

Mr. Adams has caught something that has eluded many painters, the true feeling, the heart of the Okanagan scene, in many variations of light and shade, sun and storm and snow, quiet water like a mirror; a running stream through snow; ice at the lake's edge in the foreground of a winter landscape; the blackness of a storm creeping toward patches of blue sky; the sun edging the cliffs with a rim of gold as in the picture "Etched Sunlight" and spreading a glow over the scene. Other pictures showed our Okanagan cliffs so like the ruins of medieval towers and castles. There were many scenes of winter landscapes which appeal particularly to this artist, infinite detail lovingly portrayed. Several landscapes from the Revelstoke area showed a quite different and more rocky terrain.

The vision of the creative artist shows beauties undreamed of by the casual observer, moments of beauty caught and held forever. Surely the visitors to this show will see the Okanagan scene with awakened awareness. There is a serenity and grace in these pictures not often seen. Mr. Adams displayed authoritative craftsmanship and a fine delicacy in the use of his chosen medium.

One large painting, "The Broken Drift Fence" was exhibited in London and Paris this year and an English firm has obtained the copyright to make Christmas cards of this typically Canadian winter landscape. A sample card was shown.

The Summerland Art Club served refreshments in the afternoon and evening of the first day of the exhibit. — MA

## Shower for Alice Vogel

On Thursday, Nov. 2nd, a shower was held at the home of the hostess, Mrs. J. Cristante to honor Miss Alice Vogel, whose marriage to Mr. Jerry Polesello takes place later this month.

Gifts were presented to the bride-to-be in a decorated box and refreshments served.

Among those present were

the sister of the bride to be, Mrs. Freda Strafel; Mrs. J. Betuzzi, Mrs. M. Benthoux, Mrs. C. Ongaro, Mrs. J. Vergamini, Mrs. L. Vergamini, Mrs. A. Leardo, Mrs. E. Leardo, Mrs. A. Bonaldi, Mrs. J. Selinger, Mrs. D. Cristante, Mrs. S. Fabbi, and the Misses Aloma Polesello and Maria Vergamini.

# Proclamation

Dear Fellow Citizens:

November 5th to 11th, will be observed as LEGION WEEK throughout British Columbia. It is a time of double significance for all of us. We recall with pride, and with deep compassion, the men and women who have died so bravely in the service of their country; we also are reminded of the great scope of the community services being carried on by surviving comrades who work through Canadian Legion branches everywhere.

It is with considerable pride that I commend the vast amount of volunteer work and financial support the Legion gives to this community through scholarships, sponsorship of young people's sports and continuing dedication to the welfare of veterans.

The Canadian Legion is the largest service organization in numbers in the province. This year the Legion celebrates its 36th anniversary and increased support will bring new vitality to the Legion organization and greater benefits to many in our community.

F. E. Atkinson

## Beer - \$53 a bottle

In a community that never misses a chance to cry the blues about how bad business is or how the economy is ruined by unemployment and forced closures and circumstances it is rather surprising to find people who can afford to pay \$53 for a bottle of beer.

The editor of the Comox Free Press makes that statement. And then he enlarges upon it:

Yet many times a week do people appear in police court and admit to drinking beer in public and are fined \$50 — the minimum amount — plus three, sometimes, four dollars court costs. And usually, this isn't secret drinking where discovery is unlikely, but on beaches and highways where police patrols are common.

Now most broadminded people who use common sense will admit that liquor laws in this province are rather ridiculous.

For example, a man who can marry, fight for his country, vote on who shall lead it and who can publicly handle that lethal weapon, the over-powered car, before he is 21, cannot drink a bottle of beer without fear of arrest until after that age.

It's rather ridiculous too that in the heat of summer a man can't sit and enjoy a bottle of beer on the beach without fear of arrest.

But that is the law and it must be obeyed or changed by public demand.

Until that time it is unlawful to drink in a public place and the minimum fine is \$50. We don't quarrel with that, in fact it might not be a bad idea to increase the minimum for drinking in cars.

What does concern us is, despite the fact that through frequent publicity everyone must know about the \$50 minimum, people still appear and admit these offences and pay these \$50 fines without flinching. And they are mostly young people.

Why they risk a \$50 fine for one bottle of beer is a good question.

How they can afford to pay it is an even better one.

## Wear a poppy Saturday

On Saturday, November 11, the citizens of Summerland will once more gather at the cenotaph, at 11:00 a.m.

Remembrance Day is a day of double significance for all of us. We recall with pride, and with deep compassion, the men and women who have died so bravely in the service of their country; we also are reminded of the great scope of community services being carried on by surviving comrades who work through the Royal Canadian Legion branch.

Wear a poppy on Saturday. A poppy on your label is a silent tribute to those who died in battle and a tribute to the members of the Legion, who live and give to make this a better community for all.

## Help for the blind - a national service

One of a series of articles describing the Federal Health and Welfare Services Canadians get for their tax dollars.

Martha, busy with her farm household chores hardly noticed the greyness around the house. Her kitchen, after 30 years of married life was etched permanently in her mind - yet she found herself switching the light on to see where this pan or that knife was located.

Reading even with her glasses became impossible. Then, one day partial blindness. A medical check quickly diagnosed the case as a cataract, the commonest remedial eye disease in older people.

Soon Martha underwent eye surgery for removal of the cataract. Now her eyesight is back and once more she is back in her beloved farm house, where with the aid of heavy correcting glasses, she has adjusted herself to a normal workday life.

Such is a typical case of what medical science has done and is doing to prevent, cure and remedy blindness for many Canadians. The Department of National Health and Welfare, Control Division, assists provincial authorities and medical officials in this field of blindness control.

Of the 24,000 registered blind persons in Canada, 8,670 between the ages of 18 - 70 receive \$5.00 a month allowance paid on the basis of 75% federal and 25% from provincial funds. Certain provinces provide additional financial assistance.

The total expenditure on blindness allowances for the year 1960 by the Canadian government was over \$4,000,000. In addition, funds provided by the National Health Grants program

were used to assist research covering such subjects as diabetic eye conditions, corneal tissue studies, virus diseases of the eye, retinal detachment and the causes of glaucoma which affects 2% of all people over 40 years of age.

Since the Blindness Control Division's treatment scheme came into force in 1948, the federal government has provided medical treatment for the restoration of vision, to over 700 blind persons. Last year alone 105 people were treated.

Of the total receiving medical treatment, 77% of the cases were successful while in many of the remaining 23%, some improvement was achieved. Successful corneal transplants were carried out in 10% of the cases treated last year.

The Blindness Control Division works with provincial authorities in encouraging the testing of vision among school children. The earlier a vision defect can be spotted, the greater the chance of success for remedial measures in the child. Prevention is the key to blindness control. Stressing this in a recent address the Hon. J. Waldo Monteith, Minister of National Health and Welfare, said: "While substantial progress has been made in restoring the sight of certain blind pensioners through a joint federal-provincial treatment scheme, the real hope for the future lies in the field of prevention."

The work and results so far achieved in combatting blindness can and will continue through the monies provided by your taxes to the federal treasury.

## "May we not break faith . . ."

by Rev. Ira Johnson

Out of World War I there has come to us a poem which stirs us not only to a deeper patriotism, but which also reminds us to always hold high the principles for which the fallen gave their lives. I refer to the familiar poem entitled "In Flanders Fields."

We do well to remember with sincere gratitude those who sacrificed their lives in either of the two World Wars, that the basic Freedoms of Life might be retained for our world in our time. But remembrance alone will not fulfill our obligation to the cause of freedom or to those who paid the supreme sacrifice to preserve it for us. This thought is brought out in the following lines of the poem:

" . . . To you from failing hands we throw,

The torch . . . be it yours to hold it high,  
If you break faith with us who die,

We shall not sleep though poppies grow  
In Flanders Field."

If we really believe in the freedoms for which these loved ones died, we shall go beyond mere remembrance of their sacrifice; we shall so live that the faith of our needy world shall be strengthened in all that is good and noble and godly. Only by holding high the torches of truth, and dedication to that which is right, can we keep faith with those who have laid down their lives for the cause of freedom. (Read Romans 13.)

## Documentary film here Friday night

"A Cry in the Night", an hour long missionary documentary film, will be shown Sunday, November 12 at 3:00 p.m. and 8:30 p.m. at the Free Methodist Church, West Summerland.

Produced by World Vision, Inc., of Los Angeles, and filmed in color throughout Asia "A Cry in the Night" features such scenes as reputed actual demon possession on the island of Bali, a savage cockfight in a temple courtyard, a new Tokyo, one of the world's most beautiful and modern cities, rising out of the ashes of defeat and the age-old customs of the past, brutal Communist riots, a saintly missionary nurse binding up the wounds of the leprous.

The film, the tenth released by World Vision, was a first place winner in the documentary division of the Winona Lake Film Festival, an international competition for religious films. It is being shown in churches across the country in what is described as a unique distribution plan. Churches using it, rather than paying rental fees or taking an offering for the World Vision organization, are required to take an offering

for their own foreign missionary program.

"World Vision is a service organization", explains its president, Dr. Bob Pierce, "and we want 'A Cry in the Night' to serve the churches themselves, and to help them in their own missionary interests." He points to over 75 denominational and inter-denominational missionary organizations receiving "emergency aid" from World Vision, along with over 13,000 children being cared for by the organization in 156 orphanages in the Orient.

## Re-union dinner for Air Force members

Plans are now final for the annual re-union dinner of the Interior Ex-Air Force Association and the eighth annual dinner will be held at the Lakeside Hotel at Okanagan Landing at 7 p.m., Saturday, Nov. 18.

The speaker of the evening will be Wing Commander T. J. MacKinnon, DFC, CD, Commanding Officer of RCAF Station, Sea Island, an experienced pilot and staff officer.

Association members in this area are urged to get in touch with Freddie Waterman, Bob Springer or Hamish MacNeill to renew their memberships and to indicate whether or not they plan to attend the reunion.

It is expected that some one hundred will attend from points throughout the Okanagan and new members will be welcome.

THE NOVEMBER MEETING OF THE

#### Trout Creek PTA

will take place at 8:00 p.m. in the school

Thursday, November 16

C. A. Clay, district superintendent will explain school report cards. This topic should be of vital interest to all parents.

## Auxiliary pledges more money for X-ray machine

The Hospital Auxiliary has announced that it is pledging another \$3,000 toward the fund for an X-ray machine. The money, to be raised in the future, will be added to the \$5,000 raised in the past two years by sales at the Thrift Shop and by catering. The \$8,000 will constitute about two-thirds of the cost of the X-ray machine.

At their regular meeting on Monday, it was decided to open the Thrift Shop three afternoons a week. It will now be open Tuesday, Thursday and Saturday from 2-5 p.m.

The Summerland Brownie Pack has volunteered to make the favors for the Christmas trays at the hospital this year.

President Mrs. H. Fiske outlined the International Hospital Project undertaken by all Canadian Hospital Auxiliary groups. Two Canadian doctors, who are staffing a hospital in Afghanistan, have asked the support of the Canadian groups. \$10.00 was voted to this project.

Mrs Fiske gave an interesting report on her trip to the BCHA conference in Vancouver in October

## Locals

Mr. and Mrs E. O. Mortimer have as guests their son-in-law and daughter, Mr and Mrs D. Defus and three children of Keg River, Alberta.

John Kitson was in Vancouver Monday and Tuesday on business for the research centre.

Mr. and Mrs. W. W. Setter plan a trip to Spokane this week end. While there they will visit Mrs. Setter's niece, Judy McGillivray and Donna Butler, who are enrolled in college there

Col. and Mrs. R. B. Berry of Vancouver Island, who have been staying with Mrs George Inglis have purchased the property of Mrs. L. H. George on Giant's Head Road. Mrs George will move to Victoria to reside.

Mrs. C. G. Clayton of Wilmington, Delaware, daughter of Mr. M. M. Stephens, has been visiting him recently. Also visiting at the Stephen's home is his grandson, F. Olson of New Westminster.

Mrs. E. Hookham has returned from a visit to Victoria.

Miss Amy Berry of Vancouver visited her father, A. J. Berry and Mrs. Berry last week end.

Miss E. S. McKenzie of Nelson is visiting with her brother in law and sister, Dr and Mrs. J. C. Wilcox.

Mr J. W. Miller has returned from Vancouver where he was in Shaughnessy Military Hospital for a few days.

## Kiwanis

## Club Notes

Two Key Club members were with the Kiwanians on Tuesday night as guests, Leigh Trafford and Bruce Hallquist. The latter, being the son of president Jerry, we think should be known as "Little Jerry". Both boys were introduced by Ed McGillivray.

Ken Heales, aided by Lloyd Shannon, led the club singing.

Niek Solty explained fully the job of telephone calls to everybody in the phone book, regarding the coming blood clinic. Kiwanis members undertake this job every year and last year's clinic was very well organized and the response was excellent. It is felt that Summerland residents will respond in the same way this year. All those on party lines, which is nearly everybody, is asked to be especially tolerant on telephone use between the hours of 6:00 p.m. to 7:30 p.m., to give club members an opportunity to contact their people and so properly prepare the visiting clinic with a workable list of volunteer donors. All are asked, if you can, to please volunteer and donate your blood quota. Date: November 17, afternoon and evening.

The Kiwanis convention was mentioned by our Lt. Gov. Doug Campbell. It will be held November 25 and 26. Registration will take place at the Legion Hall at 3:00 p.m. on Saturday, and ladies night will be in the evening when dinner and dancing will be enjoyed.

On Sunday morning, breakfast will be at the Yacht Club at 7:30 a.m. and the convention will start at 9:00 a.m. All members are asked to note the time and date of this important event in Kiwanis life.

— The Scribe.

## Students hear of new report cards

The first student assembly, sponsored by house two, was held last week in the high

school. Featured was a public speaking contest between the four houses. House I speaker was Ivan Sayers, 21 points; house II speaker Brian Adams took 17 points; house III speaker Vicki McKee received 23 points, and house IV speaker, Anthea Morgan 18 points.

Ron Embree, this year's student council president, outlined the work and responsibility of the student body, stressing the importance of each person playing his part to the full. He impressed upon the students the fact that they all have a voice in the student government through their representatives. Ron spent some time outlining the purpose of the council and the major student activities they sponsor.

Principal A. J. Longmore, in his opening remarks, announced that the high school, formerly known as the Junior-Senior High School, is now called the Summerland Secondary School. This title has been given to all B.C. junior-senior high schools.

The principal outlined the "reporting" program to the students. Grades 7 and 8 will receive four term reports, the first being issued next Monday and Tuesday, November 13 and 14. Parents are asked to pick up the reports either on Monday from 3:45 to 4:45 p.m. or Tuesday, evening from 7 to 8:30 p.m. Teachers will be present for interviews at these times.

Mr. Longmore said that grades nine to twelve will receive three term reports and two special reports (given at Christmas and Easter following formal examinations). The first report will be ready Nov. 20 and 21. Mr. Longmore also noted that Penticton and Summerland districts will not use percentages on their term reports.

The pre-festive season of high school parties will soon be in full swing. The first junior party will be held this Friday from 7:30 to 10. House III will be in charge.

**1st Scout Troop**

This Saturday being Remembrance Day, the whole troop will parade with the Legion and other groups to the Cenotaph service to honor the dead of two world wars. Scouts should be at MacDonald School by 10:15 a.m. as the parade moves off at 10:20. Uniforms, hat, shirt, scarves will be worn with long trousers and jackets.

At the Monday meeting two new games were played, Touch and Threes. Mr. Fisher instructed recruits in rope whipping and Mr. Towgood in 1st class knots. Other boys practiced signalling. Parents of recruits are asked to see that they work at home on their Tenderfoot Tests, especially flags and signs. They all have manuals.

Scoutmaster Bennest would like to remind the troop that annual dues are now payable and needed. These are \$2.00 for the troop and \$1.00 for registration. We would like this cleaned up as soon as possible.

The patrol competition is close and stands as follows: Beavers, 134, Buffaloes 129, Hawks and Eagles, 112. Duty patrol next week Beavers.

— D. V. Fisher, Scoutmaster

**Survey for  
recreation  
announced**

A survey of the present recreational facilities of Summerland and the amount of use each is getting is to be undertaken by the Summerland Recreation Commission. Under the guidance of District Recreation Consultant Keith Maltman and local chairman John Keys, an overall plan is to be drawn up so that a comprehensive survey can be made. It is hoped that by obtaining this information the greatest participation by the citizens of Summerland can be attained.

In other Commission business, \$20 gym rental is to be paid on behalf of the Summerland men's basketball players, and a \$200 cheque will go to the Rotary Club for its swim class programme.

**Softball champs  
honored at dinner**

Last Saturday evening Mac's Cafe Aces softball team, members and their wives, boys and girl friends enjoyed a social evening and turkey dinner, compliments of Holmes and Wade, and Mac's Cafe.

The occasion was to honor the team for its winning of the South Okanagan Softball League Pennant and Adams Trophy for the championship of the league. The Mac's Cafe Aces annual

most valuable player award was presented to pitcher Terry Parrott.

The feeling of the evening was for better things next year.

**HOW MANY ARE BANK CUSTOMERS?**

A safe guess would be every one of them / That's because, in Canada, practically everybody has regular dealings with a chartered bank / Deposit accounts number more than 12½ million — or better than one for every adult. And on the books of the banks at any one time are 1,800,000 loans for just about every personal and commercial purpose / Through 5,000 branches, from one end of the country to the other, the chartered banks bring a full banking service within the reach of everyone.

Small Appliances Repaired

New backyard skating rink on polythene film won't damage grass and takes little water for flooding. The heavy lining and plank edging for a rink 20 by

30 feet costs about \$12.00 in a Mastex kit now sold by lumber yards and building supply dealers. The rink is easily drained and removed in the spring and can be used for many winters.

## Brian Adams elected to Teen Town office

Over one hundred teen agers invaded Penticton last week end for the semi-annual Parliament of Okanagan Teen Town Conference. A banquet and semi-formal dance were held Saturday evening with business sessions on Sunday. Teen Towns from Osoyoos to Prince George were represented, with Prince George being admitted to the parliament just this week end.

Ken McLellan of Revelstoke, was elected premier; Brian Adams of Summerland, deputy premier; minister without portfolio for the North Okanagan is Joe Baraducci of Revelstoke; central Okanagan representative is Ken Newcomb of Vernon and Vicki McKee of Summerland is minister for the South Okanagan. Treasurer, premier's secretary and parliamentarian secretary will be appointed by the premier.

Ken Newcomb of Vernon was also named minister of judicial affairs and Joe Baraducci is minister of recreation.

Vicki McKee of Summerland was named queen's printer and will be in charge of revising the constitution and adding new by-laws made in recent years.

Sight of the spring conference will be Salmon Arm.

## Intermediates seek name for team

The new intermediate hockey team is looking for a name. For a suitable name for the team, comprised of players from the South Okanagan, a prize of two season tickets to games in Summerland, will be given. If you can think of a snappy name for the team, contact Bill Gillard.

Practices are being held regularly in the arena, with a bunch of top-notch players participating. It is hoped that several exhibition games will be arranged shortly.

## Selling tickets for three concerts

This Friday evening the Fine Arts Council of the high school is staging a ticket drive for three coming activities. The \$1.25 ticket covers the three events. A musical variety concert on November 17, with three bands, the recorder group and two high school choirs is the first of the series. On December 8, the drama group will give a presentation of "Harvey" and on December 22 the Fine Arts Council will present its Christmas program. The young people are hoping for a good response to their ticket sales.

## Building values still climbing

Building permit values continue to rise in Summerland, with 9 permits issued in October for a value of \$6,520.00.

So far this year, 120 permits have been issued for \$408,070.00 compared to the first ten months of last year when 90 permits were issued for \$352,175.00.

Nineteen electrical permits were issued in October.

## Information about your Credit Union

### Savings

Savings is the first principle of Credit Unions. The only source of working capital a Credit Union has is the savings of its members. Therefore, it is of prime importance that its members make a determined effort to save something regularly, no matter how small the amount may be.

1. Credit Unions provide a convenient method for saving
2. Provide your credit union with funds which enable it to make loans to you and your friends when needed.
3. Your savings have greater earning power — for you.
4. Your savings are safe because you, as members, elect from among yourselves, men and women in whom you have confidence to conduct the affairs of the Society from year to year.
5. Without cost to you; your savings in the credit union provide you with life insurance up to a maximum of \$1,000. Savings made before age 55 are matched dollar for dollar. Sums deposited after age 55 receive a proportionally smaller amount of insurance. This insurance is made possible through the Credit Union's own insurance company, the CUNA Mutual Insurance Society.
6. Regular savings through the Credit Union will build up the member's security for his later years.

MEET...  
E. F. (HILLY) SMITH  
of the Summerland & District  
Credit Union

He is on the credit committee. Born in Summerland, Mr. Smith is married and has one boy. He served 4½ years in the Air Force, and is now a partner in the trucking firm of Smith & Henry. He is a charter member of the Kiwanis Club, belongs to the Masonic Lodge, and the Royal Canadian Legion.

## The Summerland Review

Thursday, November 16, 1961

West Summerland, B.C.

Volume 16, No. 46

### Under the Giant's Head

My wife and Dr. Evans decided early Wednesday morning that she should have her appendix removed, so some of her notes for the "Giant's Head", written in her own shorthand, don't appear this week. As soon as they are deciphered, we'll print them.

"Summerland Sweets" are again on sale at all Summerland food stores. Priced at \$1.19 for a 12 oz. box, this unique confection of apple juice and apricots makes an ideal Christmas gift, especially to send overseas. Sale of the candy is sponsored by the Rotary Club and proceeds are for their swim classes.

Word has been received from the coast that Johnny Brasseur of Vancouver will be in Vernon on November 25 to MC and call a square dance in the Vernon Scout Hall. Wellknown in the city and often heard in Vancouver's "Hayloft", Mr. Brasseur is making his first visit to the Okanagan as a caller. Hosts for the evening of square dancing will be the Kalamalka Squares who are furnishing a turkey supper for the occasion.

Colored slides will be shown of African Violets at the November 20th meeting to be held in the library at 8 p.m. All interested are invited to attend and admission is free.

### Services for Mrs. R. Nield & R. Wilburn

Mrs. Rhona Nield passed away in Summerland Hospital, Thursday, November 9, at the age of 91 years.

She is survived by three sons W. Herbert, A. Stanley, Calgary, and Dennis S. of West Summerland; three daughters, Mrs. C. S. (Gertrude) Crossley, Vancouver; Mrs. D. L. (Kathleen) Sanborn, West Summerland and Mrs. R. (Dorothy) Haar, Vancouver; ten grandchildren and one great grandchild.

Funeral services were held on Monday, November 13, at 11 a.m. from St. Stephen's Anglican Church, Rev. Norman Tannar officiating. Interment Anglican Cemetery.

Mr. Ray Wilburn passed away in the Summerland Hospital on Monday, November 6, at the age of 62 years. Born in Milon, Missouri, he had been a resident of West Summerland for the past 13 years.

He is survived by his wife, Verna; four sons, Eddie, Burlington, Ont.; Glen, Choceland, Sask.; Layne, Vancouver; William, Berkley, Calif.; two daughters, Mrs. F. (Eyleen) Townsend, Choceland; Mrs. D. (Muriel) Bertie, Montreal; two sisters, Mrs. (May) Grandy, San Jose, Cal.; Mrs. (Elizabeth) Wolfe, Corning, Cal.; and 19 grandchildren.

Funeral services were held in St. Stephen's Anglican Church on Wednesday, November 8 at 2 p.m. with Rev. N. Tannar officiating, committal Anglican Cemetery.

### Valley figure skaters here December 2-3

Another milestone will be reached on December 2 and 3, when Summerland Figure Skaters play hosts to the Okanagan Mainline Championships.

Indications are that there will be the largest entry ever in

male competitors and the entries in the overall competition is expected to be larger than in previous years.

This will be a total club effort, and it is hoped that the citizens of Summerland will take advantage of this opportunity to see for themselves how well our young skaters compare with skaters from other clubs from Kamloops to Penticton.

Performers always excel when there is an appreciative audience, this is your club, these are your champions — please support them with your attendance at the arena on December 2 and 3.

Skaters will be selling tickets this week.

Winners in these competitions will go to Vancouver in February to represent the valley in the B.C. championships.

There will be a limited number of banquet tickets available. Competitors and their parents are urged to reserve their tickets by November 20.

### A. F. Calder returning officer

A. F. Calder has been appointed returning officer for the Dec. 7 vote. Nominations must be in by November 27th for the offices of reeve, two councillors and two school trustees. Residents will be asked to vote on fluoridation and Trout Creek owner-electors will vote on the Baxter plan for that area.

### REMEMBRANCE SERVICES

Good weather brought a large turnout to the remembrance day services at the cenotaph on Saturday.

Parade marshal for the occasion was Steve Dunsdon, president of branch 22. Marching in the parade were Legion members, ladies auxiliary, Scouts, Cubs, Guides and Brownies, led by the town band under Dr. J. L. Mason.

The service was conducted by Rev. W. S. Beames, assisted by Rev. P. K. Louie and Rev. Norman Tannar.

Guest speaker at the annual banquet held in the evening in the new Legion Hall was Rev. C. E. Gates of Penticton.

### Ratepayers meeting for November 24

The annual ratepayers' meeting will be held on Friday, November 24 in the high school auditorium.

Members of the council and school board will present their reports of the year's activities.

Also up for discussion will be the fluoridation bylaw and the by-law on the Baxter plan for Trout Creek.

At Tuesday night's council meeting, civil defence officer Ivan Phillips reported on the civil defence exercise Monday. He said that residents still complain of not hearing the siren, and council agreed to investigate further the placing of the siren on Giant's Head or providing a small siren in Lower Town and Hospital Hill.

An application by the Yacht Club for tax exemption was granted. It is on land and improvements.

Attending the Okanagan Valley Municipal Association meet-

ing in Oliver Thursday will be Reeve F. E. Atkinson, Councillors W. B. Powell, Norman Holmes and H. J. Barkwill and municipal clerk G. D. Smith.

Electrical applications of M. R. Elliott, J. S. Mott, T. J. Davies, Mrs. L. E. Gillespie, C. D. Orr, and domestic water application of Mrs. M. A. Ridley, were approved.

The 1961 capital grant to the Summerland General Hospital for \$1,000 was approved.

### C of C meets Thursday

Don't forget Chamber of Commerce Thursday night at 6:30 in the IOOF Hall. Up for discussion will be Christmas decoration, new ideas for publicity for Summerland, and reports from a number of committees.

### Trail Riders enjoy fresh air and exercise

Did you know that there was an active Trail Riders group in Summerland. These pictures were taken at a successful ride recently. Riders were under the supervision of president Mrs. Erma Anderson and Mrs. Alice Bye. Twenty riders took part in the games on horseback — pole bending, egg race, potato race, balloon spearing and balloon pushing. Time was short due to the cool, cloudy afternoon but a very good time was had by all, ending with a feed of home cooked Boston-baked beans, crackers, coffee and doughnuts, served chuck-

wagon style. Anyone enjoying this kind of sport may join by contacting the president Mrs. Anderson or the secretary, Mrs. Isabel Jefferies.

Riders pictured (and their horses) are: (top row, left to right): president Mrs. Anderson, Mrs. Isabel Jefferies; 2nd row: Alice Bye, Dede Emery; 3rd row: Sandra Bennett, Ronnie Rienertson, Sharon Harbicht, Donna Bennett; 4th row: Betty Walton, Doug and Bruce Williams, Beverly Bye, Roy Bertram and Joanne Schaffer.

More pictures on page 4.

# RED CROSS BLOOD DONOR CLINIC

FRIDAY,  
NOVEMBER 17

UNITED  
CHURCH  
HALL

1:30 - 4:30 p.m. AND 6:30 - 9:30 p.m.

## SUMMERLAND BLOOD DONORS

1958	Total	271	(new 38)
1959	Total	328	(new 50)
1960	Total	360	(new 61)
1961	Total	?	?

What will our total be this year?

20th time donor in 1960 was Mr. R. W. Turner

10th time donors in 1960 were

Mrs. N. (Tomie) Aoki	Mr. Al McIntosh
Mr. Colin Campbell	Mrs. J. (Doris) McLachlan
Mr. Don Clark	Mr. Lorne Perry
Mr. Tom Fisher	Mr. Francis Stuart
Mrs. J. (Hazel) Ganzeveld	Mrs. E. (Margaret) Wilson
Mr. "Woody" Gillespie	Mr. Dirk Nan
Mrs. I. (Marion) McCualg	

## A challenge to the citizens of Summerland

THE PEOPLE OF SUMMERLAND WILL AGAIN HAVE A CHANCE TO PROVE THEIR VALLEY-WIDE REPUTATION FOR PULLING TOGETHER FOR A WORTHWHILE CAUSE. THE RED CROSS BLOOD CLINIC WILL BE HERE THIS FRIDAY AND IT OFFERS US A CHALLENGE. OUR OBJECTIVE IS 375 PINTS. LET'S MAKE IT!

N. O. Solly, Chairman  
Blood Donor Committee

## A modern miracle

The blood flowing in your veins is today's most amazing miracle worker, doing more life saving jobs than any of our wonder drugs. It saves life and speeds recovery from operations, accidents and serious illness. And there are many normal, healthy little girls and boys in the world today who would have died within hours of birth if blood had not been immediately available for the complete replacement transfusion which saved their lives.

All this blood comes from the 60,000 public spirited citizens who voluntarily donate blood through the Red Cross clinics held throughout the province. Anyone between the ages of 18 to 65 years who is in average good health and has not had a history of jaundice may become a donor. There is no pain or discomfort from donating blood. All blood collected throughout B.C. is taken to the Red Cross Transfusion Depot in Vancouver.

No blood is wasted. Whole blood will keep for only three weeks, so donated blood and that returned from hospitals, as well as surplus blood is processed into plasma fractions.

In Summerland only one blood clinic is conducted each year. This year's clinic will be held in the United Church Hall on Friday afternoon and evening from 1:30 to 4:30, and 6:30 to 9:30. Full information on transportation and baby sitting services is given on the opposite page. This is Summerland resident's opportunity to do their share.

## Time to speak up

In less than a month from now Summerland voters will go to the polls to elect the men (or women) who will represent them on council and school board for the next two years. That is to say, they'll go to the polls if there are enough candidates nominated to make an election necessary. If there are to be enough candidates for an election, and we believe there will be, they should declare themselves now. For one reason it will give them an opportunity to do a little campaigning on their own behalf; and for a second it will give electors an opportunity to get to know them and find out what plans they have for the future of this municipality.

It has often been said that the city council is the most important of our three forms of government — civic, provincial and federal. Undoubtedly it is the form of government which is closest to the people and it administers the affairs which most concern us as individuals, but never let it be said that their function is purely local. It is the action of councils such as ours, together with thousands more like them across Canada, that guides the thinking and actions that make us truly Canadian.

A seat on the municipal council is an honor and a trust. It presents an opportunity for every civic minded individual to do something really worthwhile for his community. Nomination day presents a challenge — one, we trust, that will not go unanswered.

## CHURCH SERVICES

### Summerland United Church

Minister: Rev. P. K. Louis  
 Sunday Worship 11:00 a.m.  
 Sunday School 9:30 a.m.

## Ancient fallout shelter discovered

by Rev. G. Leasor

Fall-out is now new. Evidently it is an ancient and yet ever present reality. Oh, perhaps nuclear fall-out is new but a more devastating element has been polluting our atmosphere ever since Satan exploded his big bomb back in Eden.

This contagious contamination called sin affects not only the physical but the mental, moral and spiritual as well. It makes people lie, cheat, steal and swear. It even affects the memory, making it difficult for a person to "remember now their creator" and almost impossible for them to "remember the sabbath day". These are only samples of the myriad of detrimental effects. Protection from the fall-out of sin is imperative. That's why God provided it. Simple instructions for use are:

1. There must be an initial cleansing. As Isaiah records

"Wash you, make you clean, put away the evil of your doings."

2. You must dwell under the shelter which is faith in the Lord Jesus Christ as the only and sufficient savior of all mankind.

Fortunately, this shelter is portable and can be taken with you wherever you go. Read your Bible for more detailed instruction.

The Psalmist said, "I will say of the Lord, He is my refuge and my fortress; my God; in Him will I trust."

## Square 'em up

The Pairs and Squares are enjoying to the full their Wednesday night dance sessions in the Parish Hall. The executive is very gratified that nearly all the members are able to take advantage of the splendid instruction given by Bob and Mary Emerson, to say nothing of the wonderful time we are having together.

Thirteen Summerland dancers took in the party night at Westbank last Saturday. With Chuck Inglis emcee, and Ray Fredrickson to help him out, we felt very much at home, and thoroughly enjoyed the Westsyde Squares friendly hospitality.

This Saturday, November 18 is our November party night at the Youth Centre. Bill French will emcee, with guest callers. Nettie Shannon is conveying a hot casserole supper. Paper plates, please, Nettie. Sixteen squares of dancers we love, but sixteen squares of dishes — oh brother! See you all on Saturday night at 8.

## WI NOTES

(Continued from page 6)  
 Mrs. Tait, Mrs. Angus, Mrs. Procurenoff and Mrs. Moors. She also reported that used clothing left from the sale had been divided between the Apparel Shop at Essondale and the Salvation Army in Penticton. Mrs. Inch consented to act as news secretary for Summerland Review items in Prairie Valley and Mrs. A. C. Fleming accepted the task of bringing in nominations for the annual meeting.

Memory items — Annual reports due at the December meeting; scraps of wool and old nylons for toy monkeys; food parcels for the Christmas hamper, each item labelled outside as to contents if gift wrapped; and used Christmas cards for making seals.

Roll call was answered by names of spices matching responder's initial. Tea was served by Mrs. Moors committee, Mrs. Gilman, Mrs. Holler, Mrs. Harris-Brown, and Mrs. Inglis.

### 1st Summerland Troop

This week the troop welcomed a new assistant Scoutmaster, Mr. Harold Wiens, who replaces Mr. Horne, who is now working out of town. The troop feels very fortunate in once again being fully staffed.

This week's program consisted of a talk and demonstration on Holger-Nielsen artificial respiration technique, by Mr. Geo. Lewis, followed by practice by the boys. Instruction was also given on estimations, signalling and Tenderfoot flags.

Neil Mason was awarded his Queen's Scout Badge and Frank Fenwick passed 2nd class signalling.

Patrol points now stand at Buffaloes 177, Hawks and Beavers 158, and Eagles 138. Troop attendance was perfect, all but one boy.

This coming Saturday is set aside for cutting Christmas trees to send to the 41st Scout Troop in Vancouver who sell these for us and return half the "take". This is our annual money-making project and we need a good turnout. Meet at the Youth Centre, five minutes to one p.m. for transportation to the James Lake area where cutting will take place. We need quite a few fathers as well as sons. Come, armed with a pruning saw, with name on it, and if possible, a red painted handle.

D. V. Fisher, Scoutmaster.

## Summerland Review

Published every Thursday morning at West Summerland, B.C. by the Summerland Review Printing and Publishing Co. Ltd. ERIC WILLIAMS, Managing Editor. ## New Cedars for Lebanon

The famous "Cedars of Lebanon," from which the Phoenicians built their ubiquitous merchant fleets and ancient Egyptians fashioned solar boats, will be rejuvenated and increased when Lebanon puts into effect a huge reforestation project.

Known as "Green Project," the program will add about 300,000 acres to Lebanon's forests, estimated at present to

cover an area of 185,000 acres. The magnificent cedars which only grow in Lebanon's highest mountains, and some of which are hundreds of years old, will get special attention from the Ministry of Agriculture. New shoots will be planted on the high mountain slopes and strict laws will be imposed against cutting down the centuries-old trees which have become one of the main tourist attractions of this beautiful country on the Mediterranean.

"Green Project" also aims at making the country self-sufficient in the production of wood and at preventing soil-erosion. No estimate of cost has yet been worked out for the scheme, but it is expected to provide employment for about 6,000 laborers.

The trees most recommended for Lebanon's forests include cedars, poplars, pines, oaks, wormwood and eucalyptus. Nurseries have already been started to grow the young shoots.

The Director of Afforestation, Dr. Malek Basbous, said bids will be solicited from companies to participate in implementing the project which is expected to take several years. To qualify for the contract, a company must have a minimum of 200 tractors with a capacity of 200 horsepower each.

The Ministry of Agriculture will make available, free of charge, all afforestation and fruit trees, both for private and state land. The contracting company may also be approached about opening roads into agricultural lands.

"The Cedars" is now a famous resort for winter sports.

## Fertilize Fruit with ELEPHANT BRAND

## for LPC\*

\*Lower Production Cost per unit

Whether you are growing apples or raspberries, peaches or strawberries, you will increase your profit with Elephant Brand fertilizer. Fruits fertilized with Elephant Brand produce more and your expenses are spread over the larger crop. Each unit (box, crate or pound) has cost less to grow. The result is LPC — Lower Production Cost per unit and greater profit for you. See your Elephant Brand dealer, soon.

It pays to choose from the Elephant Brand line

## Comings and Goings

Miss Mary Scott had as guests over the weekend, Jack and Harry Mooney of Wawanesa, Manitoba.

Mr. and Mrs. Gordon Ritchie have left for Florida where they will board a boat for New Zealand where they will spend some time.

Mrs. M. N. Reynolds of Ottawa was a recent visitor at the research centre.

Mrs. Fred McInnes and children, who have been visiting her family in Halifax, have returned home.

Mrs. Cameron Sutherland of Lanfne, Alta., is visiting her grandfather, Mr. Walter Rothwell and Mrs. Rothwell.

Miss Midori Matsu, teaching in Vancouver, was home for the week end, visiting her parents, Mr. and Mrs. A. Matsu.

E. J. Lombardi of Elgin, South Africa, visited at the research centre last week.

Mr. and Mrs. Clarence Adams were in Vancouver to attend the wedding of their son John to Miss Joyce Pettit of Kelowna at Point Grey First United.

Mr. and Mrs. J. Raincock visited relatives in Fruitvale over the week end.

Mrs. L. W. Rumball, Mr. and Mrs. Les Rumball, Linda and Kevin were in Vancouver over the week end.

On Sunday the infant son of Dr. and Mrs. W. G. Evans was christened James William Glen Evans in St. Stephen's Anglican Church, Rev. Norman Feister officiating. Godparents are Mr. Lorne Perry and Mr. and Mrs. Glen Smith of Cranbrook. The infant wore a 150-200 year old heirloom gown. A family tea was held at the Evans home afterwards.

## Excellent selection of books at library

by Kay Dunsdon

Henri Troyat is one of the most distinguished novelists of France, and has won most of that country's literary prizes. At 47, he is one of the youngest members of the French Academy. His latest novel "Tender and Violent Elizabeth", is a beautiful love story set in the background of French provincial life. The heroine, Elizabeth, falls in love with hard and calculating Christian, but marries Patrice, a young composer, when Christian deserts her. This novel is another in the series beginning with Amelie and Pierre, who run a small hotel in a ski resort and are Elizabeth's parents.

Joy Packer's readers will rejoice to have another story from her facile pen. "The Glass Barrier" is her most absorbing novel to date, set in Africa, and written from first hand observation, as Lady Packer was present at the inquiry into the Langa riots of 1960.

The story is of two girls.

The home of Mrs. Almas at Kaladen was the scene of a delightful birthday party on Tuesday afternoon when Mrs. Mary Raham celebrated her 93rd birthday. Friends gathered to extend best wishes included Mrs. M. James, Mrs. C. Stevenson, Miss E. Verity, Mrs. W. Davis, Mrs. D. Younghusband, all of Trout Creek; Mrs. Sargent of Kaleden; and Mrs. Raham's youngest son Melvern and wife of West Summerland.

Vicki McKee resigned as vice mayor of Summerland. To take her place, Norman Smith was elected as the new vice-mayor.

## Why give the burglar an engraved invitation?

"You might as well give a burglar an engraved invitation to help himself at your house, if you leave valuables lying about," says Jock Johnston, manager of the Bank of Montreal's Summerland branch.

Mr. Johnston adds that behind the steel doors of the B of M vault is the safest place for valuables such as bonds, leases, stock certificates, insurance policies, deeds, birth certificates, passports and other important family documents.

"It costs less than two cents a day to rent a B of M safety deposit box," he says, and explains that hundreds of thousands of Canadians use B of M safety deposit facilities, an indication of the popularity of this service. "It pays for itself again and again in peace of mind alone," he says.

"Give the burglar a brush-off at your house," Mr. Johnston advises. "Keep your valuables in your personal strong box — it's exclusively yours — in the Summerland B of M vault."

Drop in soon and see Mr. Johnston about renting a safety deposit box . . . it will set your mind at rest.

## Horticultural Society meets Friday

Mr. Brian Hodge will be the guest speaker at the monthly meeting of the Summerland Horticultural Society, Friday, Nov. 18. The meeting will be held in the Anglican Parish Hall at 8 p.m.

Mr. Hodge is assistant horticulturist for the department of agriculture in Vernon. His subject is "November Ramblings" dealing with winter clean-up chores in the garden and other preparations for winter. Regular features will include "The Question Box" in which everyone is invited to contribute their garden problems to see an answer; and "Timely Topics" conducted by Nat May. Reports from the Kelowna convention will also be heard. The meeting concludes with tea and a social hour and a warm invitation is issued to all interested.

## Italian Trees to Grow On Holy Mount of Olives

Italian, Jordanian officials receive young trees at airport.

Italy became the first country to respond to an appeal by the Mayor of Jerusalem, Rouhi al Khatib, for young olive trees to replant the Mount of Olives in Jerusalem.

About 200 olive trees from the fertile plains of south Italy were flown to Jerusalem to be replanted on the site where, according to the Holy Bible, Jesus Christ "came out, and went, as he was wont, to the Mount of Olives; and his disciples also followed him." (Luke 22:39)

The Mayor of Jerusalem, the Italian consul and a band of the famous crack Arab Legion participated in the tree planting ceremony which took place near the Garden of Gethsemane.

Mayor Khatib began his campaign to replant the Mount of Olives early this year when it became obvious that the Holy site was losing most of its olive trees. Many of the trees, some of them hundreds of years old, were chopped down during the days of Turkish rule in the 18th century to provide firewood. Many others were destroyed in the Arab-Israeli fighting in 1947.

Under the auspices of the Mayor, a group of private Jordanian citizens formed a society to replant the Mount of Olives. Also to be replanted is the famous Garden of Gethsemane — "Then cometh Jesus with them unto a place called Gethsemane, and saith unto the disciples, Sit ye here, while I go and pray yonder." (Matthew 26:36)

The foreign communities of Jerusalem, as well as Christian and Muslim orders, are participating in the project. Mayor Khatib said that the area to be replanted covers 1,300 acres.

The Mayor pointed out that most of the holy places mentioned in the Bible were in the Arab sector of Jerusalem. This holiest of Holy cities was divided into two parts in 1947 as a result of the Arab-Israeli war. The greater part of the new city, which was built only in the past fifty years, is now occupied by Israel, while the old historic city, surrounded by its massive, medieval walls, together with Bethany and the Mount of Olives, is in Jordan under Arab control. The most important religious and historical sites are located in the Old City. Perhaps one of the holiest of these sites is the Via Dolorosa and the Church of the Holy Sepulchre.

The Via Dolorosa or Way of

Jordanian Army bagpipe band at tree-planting ceremony.

Jordanian Army bagpipe band at tree-planting ceremony.

the Cross starts at the site of Pilate's Praetorium (now the courtyard of Umariyah School) and ends at Calvary within the Church of the Holy Sepulchre. It marks the route that Jesus trod carrying his cross. The scenes enacted on the way are fixed in the fourteen stations. Every Friday at 3 p.m. a Franciscan procession, including pilgrims and tourists, retraces the steps of Jesus and stops to pray at each of the stations.

The Church of the Holy Sepulchre is erected upon the traditional site of the crucifixion, burial and resurrection of Jesus Christ. The site of the church stood outside the city walls at the time of Jesus and included Calvary, where Jesus was crucified, and the garden of Joseph of Arimathea, wherein He was buried.

The early Christians worshipped secretly at these places. In 70 A.D., Titus, Son of the Emperor Vespasian, attacked and destroyed the Holy City. Then came Emperor Hadrian, (117-138 A.D.) who was determined to establish a pagan city in Jerusalem. He rebuilt the city and renamed it Aelia Capitolina, and, in an attempt to wean the Christians away from their faith and holy places, had a temple erected to Venus upon Calvary and the Tomb.

Ironically, this deed of his marked forever the spot of Jesus' crucifixion and burial, and on Constantine's conversion to Christianity, there was no difficulty in identifying the holy sites.

# Women's Institute hears of varied uses of potatoes

Tantalizing cookery odors were wafting in from the Parish Hall kitchen as the members of the Women's Institute began their regular meeting on Friday afternoon. It was therefore, with more than average interest, that they joined Mrs. A. C. Fleming, chairman of the home economics committee, in welcoming Mr. John Kitson from the Research Centre Food Products Laboratory.

Mr. Kitson's purpose in coming was to talk about and demonstrate "Ways with Potatoes". The annual consumption of potatoes in North America at the beginning of our century was 130 lbs. per person, said the speaker, comparing with Poland's 600 lbs. and Germany's 400 lbs. each. Then in 1910, because of a wave of immigration, consumption in the U.S. rose to 200 lbs. However, as these newcomers became better off financially and began to use more expensive protein foods, and as immigration fell off, the level per person went down to 95 lbs. each.

Since that time the line of consumption has risen steadily to about 127 lbs. due in large measure to the many new ways of using potatoes. Tremendous advances in methods and varieties of processing have given the home maker and the commercial caterer a large selection of quickly prepared and delectable edibles based on this basic food.

First processing of this root vegetable was done by the Incas. They used a system of cutting into chunks, freezing, thawing the next day and pouring off the free liquid, re-freezing and continuing the process to remove as much sugar as possible until a rather leathery product resulted. Unpalatable as this would seem to us, it had a ready sale in exports throughout the countries of South America.

Today, our most popular product is chips which take 70 per cent of all processed potatoes. Running second with 50 per cent of the balance are french fries. Most sensational product of the last three or four years is instant mashed potato.

Potatoes are now obtainable dried in powder form, dehydrated slices, cubes, diced or flaked. They are now being canned whole or boiled and frozen. The techniques of freezing are also adding greatly to their use. The local laboratory has developed a frozen version of scalloped potatoes using eighteen ingredients in the sauce. Potato puffs ready to be fried in deep fat,

potato patties or brown 'n' serve sticks are all very good, said Mr. Kitson.

Among interesting sidelights given was the information that a recent change to packaging potato chips in aluminum foil was due to a discovery that exposure to sunlight in transparent envelopes allows rancidity to develop more rapidly, but that house-wives, not being able to see their product have been putting up some resistance. Potatoes for TV dinners are not prepared on the spot but are shipped from processors as mashed patties. The fact that potatoes can be used and held over in so many ways will tend to stabilize prices. Within five years, said Mr. Kitson, fresh potatoes will not go above four cents per lb., because of the competitive price of processed products.

Cookie pans of warm wafers and cheese sticks were passed for appreciative sampling by the audience.

During the main business ses-

sion preceding Mr. Kitson's talk, the treasurer, Mrs. L. W. Rumball, reported a balance on hand of approximately \$700. The members therefore passed a motion proposed by Mrs. S. A. MacDonald and seconded by Mrs. W. Wright that \$500 be set aside and invested in a bank account ear-marked for furnishings for the new hospital.

Mrs. W. Brown and Mrs. H. Ward were authorized to buy Christmas gifts to the value of \$5 for patients at Essondale.

All committee convenors expressed thanks to members in general for assistance in the annual sale. Mrs. E. Tait of agriculture added a little item on "the bad tempered peony", the plant which unlike most others grumpily wants to be completely undisturbed.

Since Mrs. MacDonald's committee is to serve tea at the November senior citizens' meeting, she received promises of food and attendant helpers will be Mrs. Brown, Mrs. M. Scott, (Continued on page 3)

# Ore Train Opens Tunisia Farcountry

Phosphates, olives and tourism... an odd combination for one company's business interests? Perhaps anyplace else but Tunisia.

The Gafsa Phosphate and Railroad Company operates principally in the south of Tunisia. The phosphates extracted from the mines in the Gafsa basin are transported by

rail to Sfax, port of embarkation for the principal countries of Europe and the Far East.

The railroad network includes several lines. That from Sfax to Metlaoui is used primarily for the transport of phosphates. It has branch lines to various isolated mines, and also connects with two of the most beautiful oases of Tunisia—Gabes and Tozeur.

The branch connecting Metlaoui and Redeyef is built in the heart of the gorges of Seldja—an incontestably spectacular technical achievement. The entry to the gorges is a split in the rock cliffs called "the sabre cut." At the bottom of the gorges flows a little stream which never dries up.

The area has become a real tourist attraction, made accessible to visitors now by the little 'phosphate' railroad.

The Gafsa Company also owns a large agricultural area in the beautiful region of Mahares, 40 miles south of Sfax. It is planted with 200,000 olive trees and has an ultra-modern oil producing plant. The oil produced here is extremely high in quality and is generally sold for export.

To its multiple activities the company has recently added the management of The Olive Tree Hotel at Sfax. Built in 1925, this hotel was lately modernized and refurbished. Now, with comfortable and attractive accommodations, it provides the indispensable stopover point for the tourist wishing to set out to see the recently opened routes to the beauties of the desert.

The sturdy little phosphate, now tourist carrying train is dwarfed by the towering walls of the Seldja gorges.

## Concert this Friday in High School

The first in a series of three concerts will be held at the Summerland Secondary School this Friday night under the auspices of the Fine Arts Ministry.

Much activity has been in evidence around the school this week as the musical groups put the final polish on the variety of numbers to be presented.

On stage will be the Senior Band and the grade 8 band under the direction of Mr. Louis Bizzo. The grade 7 group under the baton of Mr. Bill Beames as well as various instrumental groups.

The music selected has been prepared to provide a variety to suit everyone's taste. Almost a third of the school population will be taking part.

This is the first of a series of three concerts put on by the High School-Fine Arts Council. The second presentation is the well known play "Harvey" put on by the Drama Club Dec. 8th, and the third is the Christmas Concert on Dec. 22nd. Each evening will be 75 cents for an adult admission. For those frugally minded, however, a booster ticket covering all three events may be purchased for \$1.25 at the door this Friday night.

It is hoped that there will be a large attendance in order to encourage these young people in the various activities.

### CORRECTION —

Last week's Credit Union ad should have read "without cost to you, your savings in the credit union provide you with life insurance up to a maximum of \$2,000, not \$1,000."

The Summerland Review  
Thursday, November 16, 1961

## The Corporation of the District of SUMMERLAND

### Notice of election

Public Notice is hereby given to the Electors of the Municipality of Summerland that I require the presence of the said Electors at the Municipal Office, West Summerland, B.C. on the

27th day of November, 1961  
at the hour of 10 o'clock in the forenoon,  
For the purpose of electing persons to represent them as

### Reeve, Councillors and School Trustees

The mode of nomination of candidates shall be as follows:

Candidates shall be nominated in writing by two duly qualified electors of the municipality. The nomination paper shall be delivered to the Returning Officer at any time between the date of this notice and noon of the day of nomination. The nomination paper may be in the form prescribed in the "Municipal Act" and shall state the name, residence and occupation of the person nominated in such manner as to sufficiently identify such candidate. The nomination paper shall be subscribed to by the candidate.

In the event of a poll being necessary, such poll will be opened at the

Municipal Office,  
West Summerland, B.C.

on the

7th day of December, 1961

between the hours of 8 a.m. and 8 p.m.:

of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at West Summerland, B.C., this 15th day of November, 1961.

A. F. Calder  
Returning Officer

Summerland Review

MEET...  
GORDON BEGGS  
of the Summerland & District  
Credit Union

He has served on the board since its inception and is a past president. He is currently on the credit committee. Mr. Beggs is married and has 7 children. Born in Vancouver, he came to Summerland in 1914 and is a fruit grower and egg producer. He is a past master of the Masonic Lodge, belongs to Rotary, serving actively on the swim class committee, works with Babe Ruth baseball, and is an ardent curler.

## Information about your Credit Union Children's Savings

The credit union savings plan is the safest and most beneficial method yet devised to provide for the future of your children.

A child's early savings are not large. However, through his credit union he learns the value of thrift, and soon understands that his money, no matter how small in amount, is really working for him.

The credit union can be an inspiration to a youngster when it makes him feel his role in society is important.

Besides encouraging savings the Credit Union teaches him how to handle his own affairs, and provides life insurance without cost to him.

One popular method of providing for a child's future is to deposit the family allowance cheques regularly to his account.

Based on an average 3% dividend this would amount to \$1,528.22 at the age of 16. \$1,000 might be used for further education or other purposes. This still leaves a balance of \$528.22 plus an equal amount of life insurance. At any time the total deposit plus earnings may be withdrawn. No loss is experienced due to default or surrender.

Your local credit union opens an account of \$1.00 for every child born to Summerland residents. An account may be opened by any child under 16 for a membership fee of only 10c. Encourage your youngsters to save at the credit union — it's a healthy habit.

Summerland & District Credit Union  
Not for Profit, Not for Charity : But for Service

### Under the Giant's Head

Teen Town's March of Dimes tag day has been changed from this Saturday, to Saturday, December 2nd.

2.1 inches of snow fell Tuesday night at the Research Station. During the rest of the week we had .3 inches of precipitation and 25.5 hours of sunshine.

	High	Low
November 15	40	31
November 16	37	27
November 17	38	19
November 18	39	28
November 19	35	26
November 20	31	16
November 21	31	20

Big doings at Osoyoos Sunday when they will be having a celebration commemorating 100 years of customs service and peace at the Osoyoos border crossing. Sponsored by the Osoyoos Chamber of Commerce, the event will be from 1 to 5 p.m. with a free reception at the Osoyoos Community Hall. An invitation from the Chamber has been extended to the people of Summerland to attend. Coffee, tea and sandwiches are being planned on a free basis for 1500 people.

Once again Summerland went over its quota in the blood donor drive. 337 donors attended with 45 new donors. Mrs. Phyllis Smith was in charge of local nursing assistance, Mrs. Lott and Mrs. Richards, soft drinks, Miss Cartwright, refreshments, Miss Betha Bristow was in charge of recording, and the Kiwanis Club supplied transportation, as well as conducting a phone campaign the week before. Nick Solly committee chairman, told the Review, that he would like to thank all those who had worked so hard to make the drive successful.

Mr. and Mrs. V. M. Lockwood have returned from an exciting trip down the Mississippi Starting at Cincinnati, they travelled by boat down the river to New Orleans, then back by boat to Cincinnati. They travelled to Detroit to visit relatives before returning home last week.

## Police Court

Thomas Milne appeared before Magistrate Reid Johnston, November 14, on a charge of criminal negligence in the operation of a motor vehicle. The charge resulted from an accident which occurred in Summerland on September 23 when John Khalebach was seriously injured in an accident which involved a head-on collision between his and the Milne vehicles.

Milne elected trial by judge and jury, and the case will probably now be brought up at the spring assizes in Vernon. Magistrate Johnston conducted a preliminary hearing and on its completion Milne was committed to stand trial before a higher court, and was released on \$1,000 bail.

West Summerland, B.C.

Volume 16, No. 47

## Over 100 Kiwanians expected at convention

Summerland Kiwanis Club will host the Division 5 fall conference this coming week end. About 100 delegates are expected from up and down the Okanagan Valley from Kamloops to Winthrop and Republic in Wahington State.

Saturday, the wives and delegates have been invited to a dance and social evening in the Summerland Yacht Club.

On Sunday morning the Summerland club will serve breakfast to the visitors at the Yacht Club and the conference will

commence at 9 a.m. Doug Campbell, Lt. Governor for the division, who is in charge of the conference, has arranged a work shop type program of speakers who will outline the duties of officers of Kiwanis Clubs.

At noon the conference will adjourn to the Royal Canadian Legion Hall where delegates, wives and Key Club members from Omak and Summerland will be served lunch.

The Omak Key Club will join the Summerland Key Club for a conference of their own on Sunday morning.

## Trout Creek PTA honors member

Mrs. C. C. Strachan was presented with a PTA past president's pin in recognition of her work during her term of office as president, at the Trout Creek Parent Teacher Association meeting last Thursday.

Dr. D. L. McIntosh, president, made the presentation on behalf of the members and spoke briefly.

District superintendent C. E. Clay explained the new report cards. He stated that the new cards show letter gradings from A to E and a percentage basis of marks. Some merits and criticisms of both ways of marking were pointed out. It is hoped that with this new system the teachers can better convey and the parents can better understand exactly how well the child is doing in school in relation to his ability; how well he is doing in relation to his class mates; his attitude and work habits; his development of citizenship; as well as to what extent he has learned what he has been taught.

An outline of the curriculum will be given by the three teachers at the January meeting.

## Services for C. W. Campbell

Mr. Chester W. Campbell passed away in Summerland General Hospital on Monday, November 20, at the age of 74. He was born in East Nymouth, Massachusetts, and has resided in B.C. since 1946, coming to Summerland in 1956.

Mr. Campbell was a member of Southern Gate Lodge, AFAM at Oliver, Summerland Lodge No. 56 AFAM, and Branch 22, Royal Canadian Legion, Summerland.

Funeral services for the late Mr. Campbell will be held in the Summerland United Church on Thursday, November 23, at 2 p.m., Rev. P. K. Louie officiating. Interment in Peach Orchard Cemetery.

Left to mourn his passing are his wife, Mildred; two sons, Doug of Summerland; and Sid of Oliver; one daughter, Loraine of Oroville, Washington; and six grandchildren. He was pre-deceased by his daughter, Daphne.

Be a Minor Hockey Booster and leave your porch light on for the canvassers when the minor hockey club goes all out on a fund raising drive this Friday night.

The club is quite active this year and both the boys and their sponsoring association will appreciate the help you can give them.

Make Friday night, Hockey Booster Night. The house to house calls will start at 6:30 p.m.

## Survey expected for hospital

At the monthly meeting of the hospital board, on Tuesday, October accounts in the amount of \$9,622 were passed.

A proposal to purchase an X-ray machine at a cost of \$13,500 was passed. The Hospital Auxiliary will pay \$8,000 of this.

It was reported that the municipal crew would begin work on the new disposal unit on Wednesday.

A letter from the Hon. Eric Martin, Minister of Health, was read, advising the hospital board that the provincial government would undertake an extensive survey of hospital bed requirements in Summerland, in order to determine the size of Summerland's new hospital.

## Growers ask for smaller tractors

About 40 growers attended the annual meeting of the BCFGA local at the IOOF Hall on Tuesday, November 21.

The peach situation was discussed and resulted in four resolutions being prepared for presentation to the BCFGA convention in January 1962. Two major problems are covered by these resolutions: the placing of claims on immature and improperly harvested peaches to the shippers rather than to the pool; and the institution of quality control. Two resolutions on spot picking of apples will also be presented to the convention.

F. R. Ganzveld brought the suggestion that tractor manufacturers be requested to design a lower built tractor for use in orchards where dwarf and semi dwarf trees are grown. Such a tractor would need as much power as the standard models but to avoid damage to the trees must be built considerably lower.

Charlie Bernhardt was returned to office as chairman of the local association and Hans Stoll and John Caldwell were returned.

ed as vice president and secretary treasurer respectively. Delegates to the January BCFGA convention will be Jim Mayne, Bill Gallop, George Stoll and F. R. Ganzveld. Alternate delegates will be John Holman, Bill Baker, Tony Holler and Jim Doherty.

Under the heading of nominations for industry positions it was left to the discretion of the delegates to nominate for the president. Eric Tait was nominated for the executive.

Nominated for directors of B.C. Tree Fruits were John Coe of Penticton, Bill June of Naramata, and Hans Stoll. Nominated for director of Sun-Rype Products were Walter Toevs of Summerland; Ed Hack of Oliver; and J. B. M. Clarke of Keremeos. Nominated as members of the B.C. Fruit Board were J. G. Campbell of Salmon Arm; Gordon DesBrisay of Penticton, and J. Penson of Creston.

## Barkwill seeks school seat

R. J. G. (Bob) Barkwill has announced his intention to run for office on the school board. Mr Barkwill has served on the executive of the Chamber of Commerce, and is at present the chairman of the Group Committee of the South Okanagan Boy Scouts Association. He is married and has three children and is a partner in Barkwill's Cannery. Well known in Summerland, he has lived here for 40 years.

Only other candidate for the two vacant seats is Ken Boothe who is seeking re-election.

## Opens Garage

Mitchell Lamb, who on Saturday opens the service station on Rosedale Avenue, formerly known as Durnins, has had many years experience on all makes of cars, having been a mechanic since 1925. Mr. Lamb comes from Vancouver and has been living in Summerland since September with his wife and two children, a boy and girl. He plans to have a licenced mechanic on duty, plus equipment for major tune-ups, brake service and repairs.

## Questions on fluoridation

Adding fluoride to the Summerland water supply in the proportion of one part per million to reduce tooth decay is urged and supported by our federal and provincial health departments, by the constituted health authorities of Canada and the United States, and bringing it closer to home, by our own council and by every doctor and dentist practising in Summerland.

This column has been prepared to answer any questions on fluoridation that the reader may wish to ask. Please submit any question or questions to the Summerland Review for answer by the Summerland Fluoridation Education Committee. Chairman of this committee is Councillor H. J. Barkwill.

A few of the more commonly asked questions are answered below.

### 1. Does fluoridation reduce

### tooth decay?

In every area where there is at least one part per million of fluoride in the water supply, tooth decay has been greatly reduced; in fact, up to 74 percent less decay than the people of Summerland are presently suffering.

### 2. Is fluoridation costly?

The yearly cost to each person in Summerland would be about 10 cents per person, whereas at present the average family in Summerland is spending over \$25.00 a year in dental care. Summerland taxes will not go up one cent because of fluoridation, and fluoridation can be installed at the present time without increasing the water rates.

### 3. Can fluoridation cause illness in older people?

No. Absolutely not! The Federal Department of National Health and Welfare and many other recognized medical bodies have

been conducting long and careful surveys for many years and their findings show that fluoridation can not harm anyone of any age. Do you think the Canadian government or your own doctor would recommend fluoridation if it could possibly harm anyone!

### 4. Will fluoridation make a difference to the taste, smell or appearance of Summerland water?

Fluoridation makes no difference whatsoever to the taste, smell or appearance of water. Summerland water does not have enough of this natural element at present, and for reasons of better health, fluoride should be replaced in the water.

5. How many people now drink water containing the recommended amounts of fluoride? One person in every four in the United States and more than one person in fifteen in Canada.

Kirk Cleuthier has muscular dystrophy. He's everything little boys are, but he lives in a wheelchair. He looks to Firefighter Harry Wilson as all Canada's firefighters look to you to help finance Canadian researchers in a race against time. The Muscular Dystrophy Association of Canada's annual appeal for funds began on Sunday, November 19th.

## Womens Federation starts on new study books

The regular monthly meeting of the Women's Federation of Summerland United Church opened with the president, Mrs. A. J. Lazenby in the chair. The favorite hymn of Mrs. Jessie Lillo, a former active member, who has returned to live in Summerland, was sung.

Miss A. M. Chambers was in charge of the devotional, the theme of which was "The Glorious Promise". Mrs. Alf McEachlan gave the Bible reading, following which Miss Chambers

read an inspiring article on the theme. A hymn and prayer closed the devotional.

The president thanked Mrs. Rex Chapman for her good work as head of the hostess group for the congregational stewardship dinner, also for again taking charge of the Christmas card sale.

Mrs. S. A. MacDonald presented the study books for this year, on "Churches for New Times". The two main books for study are titled "Signals for the Sixties" and "Hasten the Day". The church has the most permanent influence for good in any community and therefore must be vitally interested and active in the needs of that community.

## Scout Shorts

Good progress is being made all through the troop in passing tests from Tenderfoot to First Class. Since Mr. Weins has become our fourth Reader, test passing has been greatly facilitated. However, Scouts should not depend on meetings alone to pass tests, but should make arrangements during the week with various leaders for test passing.

In the meeting this coming Monday the program will consist of trimming and bundling Christmas trees cut last Saturday for sale by the 4th Vancouver Scout Troop. Meet at Youth Centre with warm clothing as we shall go over to Bargwill's Cannery and do the work outdoors.

During this coming week a letter will go out to all parents re Scout activities. We hope you will read it carefully.

Patrol standings: Buffaloes, 130; Hawks 189; Beavers 188; and Eagles 163. Duty patrol next week, Eagles.

D. V. Fisher, Scoutmaster.

## The man from The Mutual Life

Often he bowls 220 which compares favourably with the rest of the team. He looks forward to this weekly recreation because he enjoys being with people. At work, helping people to plan for a future of financial security is his prime concern. He's an expert at it—a life insurance counsellor. A valued friend.

## A British view

A subscriber told us the other day that he does not wish to argue whether fluoridation will be beneficial to children's teeth or not; he wishes to stand on a matter of principle. "One principle involved," he said, "is a matter of civil rights. A person should not be compelled to take elective medicine."

We do not agree with this, and wish to point out the comments of Britain's Ministry of Health, made in the birthplace and cradle of individual freedom, England, and published in July, 1955, about fluoridation of drinking water:

"The addition of fluoride to a water supply is easily made a subject of controversy, as it raises the age-old conflict between the rights of the private conscience and the needs of the public good. It has been suggested by some people that the addition of fluoride to the water supply is 'mass medication', forcing the community to take a 'foreign' substance whether they wish it or not. But fluoride added to water supplies is not a 'foreign' substance. It is already present in varying quantity in most water supplies . . . (fluoridation) should not be described as mass medication. What is proposed is to make good a deficiency in those water supplies which lack this beneficial element and to proceed in a carefully-planned and scientific way so as to secure the best possible results in our country."

The report from the United Kingdom's Ministry of Health goes on to point out the documented proof obtained through ten years (and more) of scientifically-controlled fluoridation in certain areas of Canada and the US and agrees that dental decay is reduced by 60 per cent in children, with benefits to adults who have not enjoyed adequately-fluoridated water as children.

If dental decay were as dramatic in its effects as, for example, cholera, typhoid, tuberculosis or diphtheria; the report adds, "the public would certainly make demands for some proven corrective effort."

The human system being what it is, however, many people are able to survive, without public discomfort or necessity of hospitalization, the most shocking amount of public caries (decay) even though their digestion and their general health and well-being is far below par. Since dental decay is not contagious, each victim suffers more or less in silence.

If dental caries (decay) were contagious, we would long ago have had epidemics which would have brought vociferous demands for corrective measures.

Fluoridation is one of the leading proven corrective measures. To call it mass medication is to deny the accepted benefits of vaccination, inoculation, pasteurization, irradiation, and other accepted food fortification methods.

"Many a man has lost a warm  
friend by winning a hot argu-  
ment."

New executive of the Pacific National Exhibition vow "togetherness" with Vancouver City Council and an end to the

year long controversy over proposed new Livestock Arena at Exhibition Park. Taking over the presidency from Dr. J. C. Berry is city businessman Thomas R. Fyfe (centre). Flanking him are new honorary treasurer Thomas A. Steeves (left) and vice president Harry W. Mulholland. Also elected vice president was Hedley Fairbank.

## Why worry?

by Rev. D. M. Rathjen

"Casting all your care upon Him for he careth for you."

Life has its cares and worries for most of us. Perhaps there is even more cause for anxiety in this day in which we live. To face our problems and worries alone could be overwhelming. We are conscious of the need of turning to someone to help us. However, so often we find that the help that we get is very limited and we are not relieved of our anxiety. It is then that the Scripture quoted from I Peter 5:7 is a great solace. Phillip's Translation puts it this way, "You can rest the weight of all your anxiety upon Him, for you are always in His care."

How wonderful it is to realize that the Almighty God, our Creator and Redeemer, cares for us and desires to have us unload all our anxious cares upon Him. He would have His children be anxious over nothing (Phil. 4:6), even as the other creatures for whom He provides. (Matt. 6:25-34).

This thought is well expressed in the little poem "Overheard in an Orchard":

"Said the Robin to the Sparrow,  
I would really like to know  
Why these anxious human-  
beings

Rush about and worry so."  
Said the Sparrow to the Robin,  
"Friend, I think that it must be  
That they have no Heavenly  
Father,  
Such as cares for you and me."

## Showers for Alice Vogel

Miss Aliee Vogel, whose marriage takes place on November 25, was honored recently at two showers.

On Saturday, November 18, Miss Eleanor Martin was hostess at a shower held at the home of her parents.

Games were played and the bride-to-be was presented with a lovely gift subscribed to by her former schoolmates, many of whom were present.

Among those in attendance

were the Misses Alice Dunsdon, Elaine Dunsdon, Dallas Stoney, Ruth Lapins, Janet Storey, Donna Powell, Freda Bangma, Dorothy Watson, Trudy Mitchell, Sheila Green, Marilyn Dickinson, Gloria Dickinson, Penny Eden, and Lenore Hansen.

Unable to attend were Miss Lesley Waterhouse and Miss Aloma Polesello.

A miscellaneous shower for Miss Vogel was held at the home of Mrs. Ron Andall this week, with Mrs. M. Perry and Mrs. Gladys Tarling as co-hostesses.

Games were played and prizes were won by the guest of honor, Miss A. Vogel, Mrs. J. Creighton, Mrs. J. Kilback, and Mrs. D. Stoyanowski.

The bride-to-be was seated in a beautifully decorated chair. The gifts were presented in a basket decorated by Miss Sandra Joyce with pink and white streamers and wedding bells. Refreshments were served following the opening of the gifts.

Among those attending were Mrs. G. Charlton, Mrs. J. Schramm, Mrs. J. Kilback, Mrs. O. Straful, Mrs. H. Charlton, Mrs. B. Hackl, Mrs. J. Creighton, Mrs. B. Schapal, Mrs. I. Nelson, Mrs. D. Stoyanowski, and the Misses J. Crawford, S. Green, S. Meierhofer and I. Charlton. Those unable to attend sent gifts.

## Figure Skaters pick club crest

The Okanagan Mainline Figure Skating Championship Trophies will go on display this week in the Nu-Art Hair Style shop. Twenty-two trophies in all will lure over 100 contestants with some of the contestants trying for as many as five of these awards. Nearly 150 entries have been received so far with more clubs to be heard from. Summerland's contestants will number about 30. Results of these championships may well hinge on the backing our local skaters receive from the citizens of Summerland in attendance at the arena on December 2 and 3. Will you be there?

The Summerland figure skating club contest for club crests closed last week, and the selection committee has chosen and ordered the crests. It is hoped that they will arrive in time for the championships, so that they may be worn by the Summerland contestants. Two crests were chosen and combined by Mrs. Tamlyn to form the club crest.

The winning combination was selected because of size and

choice of colors, unfortunately one of the winners neglected to put his or her name on their entry, the other winner was Carna Campbell, with honorable mention going to Janice Solby for her blue and white entry.

## School report

Summerland Secondary School has now completed the issue of first reports. A. J. Longmore, principal of the school told the Review that he is quite pleased with the 82 per cent pickup by the parents, and feels that this year's method of distributing them in the auditorium had many advantages over last year when parents went to the student's home rooms to collect the report cards. Mr. Longmore wishes to remind parents that appointments may still be made with the teachers by phoning the school office.

Three Summerland students will be travelling to Kamloops this week end to attend the Mainline Okanagan High School Conference. Those attending will be David Holman, Ruth Lapins and Donna Powell.

Last Friday a most successful variety concert was held in the school auditorium. Taking part were the senior band and the grade 8 and 9 bands under Mr. L. Bizzo, and the recorder ensemble and the junior choir under Mr. W. Beames.

The grade 9 band attended a band clinic at Rutland last Saturday.

This coming week end will be a busy one also. On Saturday there is the 5th annual invitational basketball tournament with teams from Keremeos, Oliver, Penticton and Enderby expected. The round robin tournament will commence in the Summerland gymnasium at 9 a.m. on Saturday morning and the final game will be played at 8 p.m.

The Key Club is sponsoring a penny drive for the March of Dimes in the school this week, as an inter-house competition, and on Friday night and Saturday afternoon the Key Club will be showing the film "The Golden Age of Comedy" in the MacDonat School auditorium. These showings are for students only.

### Births at Hospital

Born at Summerland General Hospital to:

Mr. and Mrs. George Hartscamp, a boy, October 25.

Mr. and Mrs. Robert Langstroth, a boy, November 10.

Mr. and Mrs. Simon Kouwenhoven, a girl, November 17.

Mr. and Mrs. Eric Trackl, a boy, November 17.

Mr. and Mrs. Richard McDougald, a boy, on November 20, at Ionia, Michigan.

## Shower for Joan Marsh

A surprise bridal shower was held for Miss Joan Marsh at the home of Mrs. Katie Littau on Thursday evening, November 16.

An enjoyable evening was spent with games for entertainment and lovely refreshments were served. The many useful and beautiful gifts were warmly received by the bride-to-be.

Among those attending were: Mrs. Anne Marsh and Shirley; Mrs. Bernice Royer; Mrs. Eileen Littau; Mrs. Friesen and Miss Janet Friesen of Penticton;

Mrs. Eva Bauman; Mrs. Sophie Prior; Mrs. Isobel Joubert; Mrs. Mildred McLure; Mrs. Helen Matkovich and Wendy; Mrs. Irma Norgren and Dawnys; Mrs. Joyce Lacey and Miss Joy Lacey; Mrs. Elsie Woitte; Mrs. LeEtta Felker; Mrs. Edna Elkey; Mrs. Leona Draper; Mrs. Suse Sonnenburg; Mrs. Edith Woodward; Mrs. Winnie Peter and Miss Leala Peter.

Those unable to attend but sending gifts were Mrs. Anna Sellinger and Mrs. June Sellinger.

### Locals

Mrs. J. Hack of Spences Eridge was a recent visitor at the home of Mrs. E. Hack.

Mr. and Mrs. E. White and Mrs. J. Skavos of Oliver are visiting in Saskatchewan.

Dr. C. C. Strachan and Dr. P. F. Fillipoff are in Ottawa this week on business for the Research Station. Dr. Strachan will be going on to Fredricton, N.B. to visit the research station there, and Dr. Fillipoff will visit the Lethbridge and Swift Current stations on his way home.

Mrs. W. R. Powell has returned home after visiting her son George and his family in West Vancouver, her sister, Mrs. H. E. Loop in Bellingham, Wash., and her daughter, Mrs. R. M. Johnston and family at Mission City.

Mrs. Gladys Turling has left North Vancouver to take up residence in West Summerland. She is staying at present with Mrs. M. Parry.

Mr. and Mrs. W. Henderson had as visitors over the weekend Mr. and Mrs. J. H. Silver-sides of Perth, Ontario.

Dr. M. D. Proverbs has returned home from Ontario where he addressed joint meetings of the Canadian and Ontario Entomological Societies.

Mrs. Lloyd Shannon has returned from a few days at the coast.

Mr. and Mrs. Mervyn Green-slade and their daughter, Kathleen have returned home following a visit to Victoria where their daughter Margaret was recently married to Peter Robert Moore, RCN. Kathleen was maid of honor for her sister, and Miss Gloria Mobey of Victoria was bridesmaid. Mr. and Mrs. Moore have left to make their home in Halifax.

MEET...

JOHN BERG

of the Summerland & District  
Credit Union

Serving as a director this year, it is the first time he has served on the executive of the Credit Union. Mr. Berg is married and has two boys and two girls. Born in Saskatchewan, he lived in Penticton for three years before coming to Summerland sixteen years ago. He is a well known contractor, working throughout the Okanagan Valley.

## Information about your Credit Union

### ★ Life Insurance

The Credit Union movement believes wholeheartedly in life insurance, but it does not believe in the principle so often advocated by insurance companies that an insurance policy is the best method of creating savings. The Credit Union movement believes in insurance as a measure of protection but not as a means of providing savings. Savings are determined by the thrift habits of the people, while insurance is a contract which provides protection in the event of death.

If a person wishes to save, the Credit Union is one of the best methods known. Not only does it provide convenient facilities for small or large savings, it also provides Life Insurance for every dollar saved up to two thousand dollars, subject to limitations on savings deposited after age 55.

When members borrow from their Credit Union, and pledge their fully or partially paid-up insurance policies as collateral, they do so without jeopardizing the protection value of an insurance policy in the event of death, because loans in Credit Unions are insured against death or total disability through their own insurance facility the CUNA Mutual.

Credit Unions strongly recommend that insurance contracts should be entered into only for the purpose of obtaining protection and not savings. If a member wishes to save, the Credit Union is the best answer.

## Iraq Athletics Have Long Tale

Iraq is historically athletic. Even in the days of Babylon and Assyria hunting and horse-back riding were popular sports. Kings such as Ashur-Banipal and Nebuchanezzar placed much value in these activities, realizing they strengthened their bodies. Paintings and drawings of the times often featured horsemen and hunters, reflecting the attention and importance given them by the populace.

Then the Arabs came and exerted even further athletic influence. They loved life in the open air and encouraged the spread of hunting, riding and training with scimitars.

During the reign of the Abbasid dynasty polo was adopted, and "drek," a game similar to hockey.

The first national government of Iraq took interest in establishing athletics as required activity in schools. Under the British mandate many organized team games were introduced—soccer, hockey, tennis, boxing and others—and Iraqis proved apt pupils. Since 1921 the athletic movement has been growing steadily in schools and colleges despite the fact that trained instructors and equipment are scarce.

School tumblers at field-day.

Still, sports are flourishing in private groups. In Baghdad alone there are 15 sporting clubs. And in official and semi-official organizations such as the army, police and state railways there is a healthy interest and movement to initiate sports activities, particularly those involving team competition. Iraqi army teams have proved themselves to be worthy opponents in many international meets. Their forte is soccer.

To continue and further this developing national sports-mindedness, the Iraqi government is building playgrounds and athletic fields throughout the country. Sportsmen are particularly pleased that construction is soon to begin on a national stadium and "sports city," and expect that the next five years will witness a real athletic boom.

The lively occurrences ashore of a retired sea captain are told weekly on the CBC radio series, Halifax Theatre. The program is heard Monday afternoons on the TransCanada network. The village yarner, Jimmy Come

Easy, right, reminisces with Captain Andy on some of the light hearted problems that befall him in retirement. Jimmy Come Easy is played by David Murray and Cap'n. Andy by Bill Fulton.

## Hear how to prepare for winter

Mr. Brian Hodge, assistant district horticulturist of Vernon, was guest speaker at the November meeting of the Summerland Horticultural Society. He titled his talk "November Ramblings" and gave many interesting and timely hints on things to be done around the garden at this time of year. He also had samples of winter arrangements of dried flowers, drift wood and evergreens.

During the business part of the meeting Mrs. E. C. Bingham gave a report of the horticultural convention held in Kelowna last month.

The meeting on December 15 will feature a visit to McLachlan's Chrysanthemum Green houses, as well as a parlor show of Christmas arrangements.

## Letter to Editor

The Editor,  
Summerland Review  
Dear Sir:

During the recent showing of my pastel landscapes many favourable comments were made by out-of-town visitors regarding the very attractive setting the Summerland Regional Library affords for the viewing of an exhibition of art.

Special mention was made of the arrangement of screens which had been installed by the Summerland Art Club. These make possible a showing of this kind, yet allow for the continuance of library routine. An added feature of the screens is the convenience with which they can be quickly erected and later removed.

It should like to pass on these comments through your column, and also thank the library staff and the Summerland Art Club for their generous co-operation.

Yours very truly,  
Irvine Adams.

## Notice of election

Public Notice is hereby given to the Electors of the Municipality of Summerland that I require the presence of the said Electors at the Municipal Office, West Summerland, B.C. on the

**27th day of November, 1961**

at the hour of 10 o'clock in the forenoon,  
For the purpose of electing persons to represent them as

**Reeve, Councillors and  
School Trustees**

The mode of nomination of candidates shall be as follows:

Candidates shall be nominated in writing by two duly qualified electors of the municipality. The nomination paper shall be delivered to the Returning Officer at any time between the date of this notice and noon of the day of nomination. The nomination paper may be in the form prescribed in the "Municipal Act" and shall state the name, residence and occupation of the person nominated in such manner as to sufficiently identify such candidate. The nomination paper shall be subscribed to by the candidate.

In the event of a poll being necessary, such poll will be opened at the

Municipal Office,  
West Summerland, B.C.

on the

**7th day of December, 1961**

between the hours of 8 a.m. and 8 p.m.:

of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at West Summerland, B.C., this 15th day of November, 1961.

## Mixed Bonspiel starts

Wednesday night saw the last game in the first round of local men's curling. Two rinks from section A move down to section B. In section B, two move up, and four down to C, and four from section C will move up to section B. The Jerry Halquist rink went through unbeaten.

The mixed bonspiel with 20 rinks entered, will get underway at 7 p.m. on Thursday night and will continue each evening with the finals being played on Sunday evening at 7 p.m. We have a lot of beginners and we hope that they will enjoy their first bonspiel.

High school students turned out to learn the basic ways of throwing a rock on Tuesday afternoon. They have over 40 students registered and we hope they will all carry on and become the future Brier curlers of our clubs.

Monday and Tuesday saw inter-club curling with Penticton Granite Club. We were sorry it snowed on Tuesday and made it hard travelling, but thanks to those curlers who made the

trip as planned.

Mr. Pateson of the over 60 club who play in the afternoons went unbeaten. Mr. Etler, who has held this spot for years will have to get some extra practice in for his rink. If there are any retired men in Summerland who would like to join this club or even try it for a few games, come over to the rink and meet this fine bunch of curlers.

The ladies clubs are gradually growing. We now have 6 rinks in the afternoon and hope to have at least eight after Christmas. The business ladies will have six rinks as usual.

## Remember the retarded children

Numerically, mental retardation is the greatest single chronic affliction of our children today.

November 12-24 is Retarded Children's Week in Canada, and the Canadian Association for Retarded Children states that within the next 25 minutes a retarded child will be born somewhere in the country. Of every 1,000 children born, 30 will be retarded to some degree. Comparatively, six children are afflicted with rheumatic heart disease, 3.5 by cerebral palsy, three by crippling polio at its peak, and two by blindness.

There are 540,000 mental retardates in Canada. Of these 160,000 are children. When the families of retardates are considered as well, more than 1,500,000 people are directly affected by this problem.

## The Corporation of The District of Summerland

# BY-LAW NO. 935

A BY-LAW OF THE CORPORATION OF THE DISTRICT OF SUMMERLAND IN THE PROVINCE OF BRITISH COLUMBIA, AUTHORIZING THE FLUORIDATION OF THE DOMESTIC WATER SUPPLY.

WHEREAS representations have been made to the Council of the Corporation of the District of Summerland in support of the Fluoridation of the domestic water supply of the Corporation in the interests of Public Health;

AND WHEREAS the Council of The Corporation of the District of Summerland has deemed it expedient and advisable in the interests of the Public Health of the inhabitants of the Corporation to provide for such fluoridation of the domestic water supply;

NOW THEREFORE the Municipal Council of the Corporation of the District of Summerland in open meeting assembled enacts as follows:-

It shall be lawful for The Corporation of the District of Summerland to undertake such measures as it deems necessary to fluoridate the municipal domestic water supply in accordance with the methods approved by the Deputy Minister of Health for the Province of British Columbia.

This By-law may be cited for all purposes as the "Summerland Fluoridation By-law, 1961".

Read a first time by the Municipal Council of the Corporation of the District of Summerland, the 14th day

of November, 1961, read a second time by the said Municipal Council the 14th day of November, 1961, read a third time by the said Municipal Council the 14th day of November, 1961.

Received the assent of the electors of The Corporation of the District of Summerland the day of , 1961.

Reconsidered, finally passed and adopted by the Municipal Council of The Corporation of the District of Summerland, sealed with the Corporate Seal of the said Corporation and signed by the Reeve and Clerk of the said Corporation, all on the day of, 1961.

REEVE

CLERK

TAKE NOTICE that the above is a true copy of the proposed by-law upon which the vote of the electors of the municipality will be taken at the MUNICIPAL OFFICE, WEST SUMMERLAND, B.C., on Thursday, the seventh day of December, 1961, between the hours of eight o'clock in the forenoon and eight o'clock in the afternoon, and that Andrew F. Calder has been appointed Returning Officer for the purpose of taking and recording the vote of electors.

DATED at West Summerland, B.C. this Twenty-first day of November, 1961.

G. D. SMITH,  
Municipal Clerk

## The Corporation of The District of Summerland

# BY-LAW NO. 936

A BY-LAW OF THE CORPORATION OF THE DISTRICT OF SUMMERLAND (HEREINAFTER CALLED THE "CORPORATION") TO PROVIDE FOR A REFERENDUM AT THE ANNUAL ELECTION TO BE HELD IN 1961 ON THE QUESTION OF WHETHER THE TROUT CREEK POINT DOMESTIC WATER AREA FAVORS THE ADOPTION OF THE "BAXTER PLAN" AS THE OFFICIAL COMMUNITY PLAN.

WHEREAS the Municipal Council of the Corporation has received a request from the owner-electors of The Trout Creek Point Area asking that at the time of the holding of the annual election in 1961 the opinion of the owner-electors of the Trout Creek Domestic Water Area be obtained upon the question of whether or not the Trout Creek Point Domestic Water Area favours the Municipal Council adopting the "Baxter Plan" as the official plan for the Trout Creek Point Area.

AND WHEREAS it is deemed expedient to submit such a question to the owner-electors of the Trout Creek Point Domestic Water Area and obtain their opinion thereon:

NOW THEREFORE the Municipal Council of The Corporation of the District of Summerland, in open meeting assembled ENACTS AS FOLLOWS:

1. The following question shall be put to the owner-electors of the Trout Creek Point Domestic Water Area at the annual election to be held on the seventh day of December, 1961:-

"Are you in favour of the Municipal Council adopting the 'Baxter Plan' as the official community plan for the Trout Creek Point Domestic Water Area?"

2. This By-law may be cited as "The Trout Creek Point Domestic Water Area Referendum By-law, 1961".

Read a first, second and third time on the fourteenth day of November, 1961.

Reconsidered, finally passed and adopted on the twentieth day of November, 1961.

F. E. ATKINSON,  
Reeve

G. D. SMITH  
Clerk

I HEREBY CERTIFY the within to be a true and correct copy of the original By-law No. 936 as passed by the Municipal Council of the Corporation of the District of Summerland, signed by the Reeve and Clerk, sealed with the seal of the said Corporation and dated the twentieth day of November, 1961.

G. D. SMITH,  
Clerk of The Corporation of the District of Summerland.

TAKE NOTICE that the above is a true copy of the By-law authorizing the submission of the question set forth, for the opinion of the owner-electors of the Trout Creek Point Domestic Water Area and upon which question the vote will be taken at the MUNICIPAL OFFICE, WEST SUMMERLAND, B.C., on Thursday, December 7, 1961, between the hours of 8 a.m. and 8 p.m., and that Andrew F. Calder has been appointed returning officer for the purpose of taking and recording the vote of the owner-electors.

DATED at West Summerland, B.C., this Twenty-first day of November, 1961.

G. D. SMITH,  
Municipal Clerk

### Under the Giant's Head

A number of Summerland residents have driven up to Greata Ranch to take a close look at a moose that ventured into the MacDonald Lake area just above Peachland. Jack Long of Greata Ranch was the lucky nimrod.

The weather is what we used to call on the prairies "B.C. weather" — foggy and damp, but please note prairie subscribers, it's warm! The research station reports 13.8 hours of sunshine during the past week and .07 inches precipitation.

	High	Low
November 22	39	24
November 23	32	17
November 24	35	20
November 25	29	22
November 26	31	23
November 27	38	24
November 28	40	30

And from the Bare Facts department of the Powell River News. "Re bears in national parks (explaining the painting of troublesome bears' backsides) the parks department said: "we are determined to leave no stern untuned".

To which some folks have been heard to observe: "Is this the same guy who, when the Outer Hebrides Islands were overrun with small seagulls and people had to resort to throwing rocks to drive the birds off said: "we will leave no tern unstoned".

Or did he one time work in a paint factory, stirring the various mixtures to produce the desired shades of Liberal Red or Conservative Blue? Your right, he was determined to leave no tone unstirred.

The Pure Water Association of Summerland will sponsor a public meeting in the high school auditorium on Tuesday, December 5 at 8 p.m. Speaker will be Dr. Ananda Bhavanani of Vancouver, who will speak on problems created by fluoridation.

Dr. Samuel Laycock, child psychologist from UBC will be guest speaker at a dinner meeting of the Summerland Teachers Association on Thursday, December 14 in the Legion building.

The following article on fluoridation has been prepared by the Summerland Fluoridation Education Committee.

The question has arisen as to what is the difference between fluorine and fluoride and which is used in a fluoridation system.

Fluorine is a gas similar to chlorine, and in nature is always found in combination with other elements as is chlorine. The combination of fluoride with other elements, is known as fluoride, hence we get sodium fluoride and similarly with chlorine, we get sodium chloride which is table salt.

There are a number of fluorides, amongst the commonest being sodium fluoride, sodium silica fluoride, hydrofluoric acid, and calcium silica fluoride, none of which are fit to eat straight any more than table salt is.

The proposal in Summerland is to use sodium silica fluoride.

West Summerland, B.C.

Volume 16, No. 48

## Large turnout of ratepayers at annual meeting

Total revenue for the municipality this year is \$385,323.10, not including electric light or water rates. This was announced at the annual ratepayers' meeting held Friday night in the high school auditorium.

Chairman K. L. Boothe, of the school board, was first to report and said that provision would soon be made for three grades seven in the elementary school with the departmental change in moving this grade out of the high school. He made special mention of T. S. Manning, who is retiring from the school board this year, and said Mr. Manning will be presented with a 10 year certificate from the B.C. School Trustees Assoc., the first time such an award has come to Summerland. Mr. Boothe said that an 89.4 per cent pass average was obtained in the high school in June, considerably above the provincial average.

In reporting on water and irrigation, Councillor W. B. Powell said that major repairs were made to Headwaters No. 1 dam this year. Colored slides were shown of the work accomplished by Works Superintendent Ken Blagborne. Repairs were also made to Garnett Valley Dam and a new spillway built. He said that a careful watch would have to be kept on the water supply and that better ways of filling the dams would be needed in a dry period.

Councillor H. J. Barkwill, reporting on roads, said that with much of the equipment in the Headwaters No. 1 Dam, road work was slightly curtailed this year. He said that a roadside mower is being purchased and some work is being done now to prepare roads for its use in the spring.

In reporting on the electrical department, Councillor Norman Holmes said that revenue was up 6.5 per cent this year. There 885 electric ranges in the municipality, 956 hot water heaters and space heat is used in 148 homes.

Reporting on Parkdale Place, Councillor Holmes thanked the

members of the building committee, C. J. Bleasdale and L. Rumball for their help. Mrs F. E. Atkinson reported for the furnishings committee and E. H. Bennett for the finance committee.

13,400 people stayed at Peach Orchard Park this summer, Councillor Holmes reported.

Civil defence officer Ivan Phillips reported on civil defence exercises and said that more and more residents were becoming interested in civil defence.

Mrs. T. Croil reported on the library and public health.

In discussing the forthcoming vote on the Baxter Plan, Reeve F. E. Atkinson said that voting would be on adoption of the amended plan. Changes have been made following suggestions from residents in Trout Creek. Only owner-electors in the Trout Creek domestic water area are eligible to vote on this bylaw December 7.

Dr. D. A. Clarke, director of the South Okanagan Health Unit answered questions on fluoridation. Residents will vote again this year on fluoridation of the domestic water supply.

In closing the meeting, Dr. D. V. Fisher expressed appreciation of the work of Reeve F. E. Atkinson who is retiring at the end of the year after 17 years on council.

Summerland voters will have four names from which to pick two councillors on Dec. 7th. In the running are Eric M. Tait, Fred Schumann, W. S. Ritchie and Howard Shannon.

Norman Holmes was the only candidate for reeve when nominations closed Monday.

**ERIC M. TAIT**  
Having been asked by a number of ratepayers to allow my name to stand for council, I have agreed to do so. I am pleased with the number and calibre of the other candidates, indicating a healthy interest in municipal affairs.

Born in Summerland 51 years ago, I have had the privilege to watch and play some small part in the development of this community. In December, 1945 I was first elected to the municipal council and served a total of twelve years. Experience gained as a member of the following boards could be of value. Director of the Summerland Co operative Growers since 1945, executive member of the BC-FGA for the past seven years, director of the Fruit Growers Mutual Insurance Co. and the BCFG Mutual Hail Insurance Co. since their beginning.

(Continued on back page)

**NORMAN HOLMES** — Reeve-Elect

When nominations closed on Monday, Mr. Holmes was the only candidate for reeve.

He has served eight years on the council and is currently the chairman of the parks' board, electrical committee, and chairman of the building committee of Parkdale Place.

Mr. Holmes is married, has three children, and is a partner in Holmes and Wade Hardware.

L. McKilligan's rink won over Gordon Beggs' rink to win first in the mixed bonspiel last week.

Harvey Eden's rink came 1st in B event, defeating the George Smith rink. Mr. Pateson's four won third in A while B. Croft placed fourth.

Eric Ek made third in B event with Hans Stoll placing fourth.

Local curling is underway again, and the executive is planning a turkey curl in December. Watch for the date.

## Council approves new road grader

Members of the Royal Canadian Legion Steve Dunsdon, D. Hill and Emil Bonthoux attended Tuesday night's municipal council meeting to seek tax exemption for their new Legion building. Presenting the Legion's case, Mr. Dunsdon stated that since the new building is used for recreational purposes, members felt it should be tax exempt. The municipal act states that clubs used exclusively for recreation purposes may be exempt.

Considerable discussion on the matter was undertaken by council, but it was decided not to allow the exemption. It was felt that the building is not used entirely for recreational purposes.

Council also amended the by-law exempting the Yacht Club from taxation and decided to levy and tax on the yacht club building but not the land.

Councillor Barkwill read bids on a new road grader, recommending that a new Adams grader, model 440 be purchased. Council moved that the new grader be purchased at a cost of \$19,538. The machinery is equipped with a 471 GM 125 h.p. motor and creeper gears. Total cost will be \$24,199 with a trade in allowance of \$5,160 on the old grader and extra cost of \$499 for the creeper gears. It is expected to be delivered in two weeks.

Parkdale Place Furnishing committee members Mrs. F. E. Atkinson, Miss Ruth Dale, Mrs. A. J. Berry, W. A. Laidlaw, Wm. Pollock, C. Wade, George Clark and E. H. Bennett attended the

meeting to present their books and asked that their committee be dissolved as its work is completed. Reeve F. E. Atkinson thanked the committee for its efforts. He said that the good taste shown throughout Parkdale Place is a result of the hard work done by the committee. Mrs. Atkinson reported that they had a credit balance of \$95 and asked that it be used to add an acknowledgement to the plaque in the home mentioning the \$1,000 given by municipal employees.

## Police report

RCMP report that the warning lamps and markers put out by the municipal crew on the Prairie Valley road repairs are being tampered with. The lamps have been carried away and also broken, making the road very hazardous, particularly on these foggy nights. Corporal L. Martin says that he considers this situation very serious and that drastic action will be taken against any person caught tampering with these lights.

Harold Roy Sterns, Kelowna was fined \$25 and costs for speeding.

Glen Edward Wood of Penticton was fined \$150 for impaired driving. Wood elected (Continued on page 4)

## Candidates have their say

For the school board there were only two candidates seeking the two seats: K. L. Boothe, and R. J. Barkwill

Voters will also mark ballots on fluoridation, and Trout Creek domestic water area owner-

**FRED SCHUMANN**

At this time it is not my intention to make a lot of promises, but rather to state that if elected I pledge my best from a practical, progressive and economical point of view in the administration for the future development of our community, keeping in mind the taxpayers dollar, also that we must be positive in our thinking for the future development of our municipality in these expanding times.

The Baxter Plan for Trout Creek is a must; fluoridation should be looked upon with an open mind; we are democratic and progressive. Parks must be given extensive consideration in view of the tourist potential of this area, this can contribute so much to our economic well being. New industries should be explored to a greater extent to help offset unemployment.

(Continued on back page)

ectors will vote on the amended Baxter Plan

Because of the short time between nomination day and election day, the Chamber of Commerce will not hold a candidates meeting this year.

Again this year the Review is

**W. S. RITCHIE**

Summerland has progressed in an orderly and efficient manner under the able administration of Reeve F. E. Atkinson and his councillors. As a citizen I would like to take this opportunity to congratulate and thank Reeve Atkinson, who is retiring from public office this term, for giving so freely of his time and talent in steering this community through a period of rapid expansion.

I think every citizen at some time or other should take an active interest in the community in which he lives. That is one of the reasons that I have let my name stand for councillor at this election.

Elections are essential in any community to give the voters an opportunity to express their wishes and to vote for the candidate of their choice, and electors should see that there are (Continued on back page)

giving the candidates an opportunity to express their views.

As this is practically the only opportunity, voters have of knowing the various candidates' platforms, we urge you to read them carefully. Take it away, gentlemen.

**HOWARD SHANNON**

My reason for allowing my name to stand for councillor is that I am convinced I would enjoy the work. It has always been my belief that if you do the kind of work you like, you will do a better job.

If I am elected as your councillor, I will do my best and will treat your affairs as if they were my own.

Summerland has many advantages in services supplied by the municipality, as compared with our neighbouring towns and cities. It is my belief that we should not only maintain all these advantages, but should strive to improve on them.

I would like to make it clear that if elected, I will represent the whole of Summerland with no special groups or territory receiving extra consideration; and I won't forget that it still your money after you have paid your taxes.

Old-fashioned charm is combined with modern function in these 65 per cent "Terylene" 35 per cent cotton broadcloth dresses. Rich lace borders the pin tucked

yoke and three-quarter sleeves, enhancing the appearance of these big and little sister dresses by Young Lass.

## Parkdale Place report

by Mabel Atkinson

The chilly blasts of November have reduced the number of visitors to our home. We do notice however, the names of Mr. and Mrs. Zweifel from Zurich, Switzerland; E. J. Lombardi from South Africa; and Mrs. Annie James and E. C. Wilburn from Ontario, and W. E. Williams from California.

During the month Mrs. Daines of Penticton and Mrs. Crozier have joined us. We bid them welcome and extend our sympathy to the Nield family, acknowledging the flowers in her memory.

Birthdays during the month were celebrated by Mr. T. O. Williams, Mrs. J. Boulton and Mrs. M. Grant.

Group pictures were taken of United Church attendants for their current bulletin.

We watch with interest the development of the rock garden, for which our heartiest thanks go to Mr. Bennett, who has not forgotten flowers for the month.

The highlight in the entertainment field was the Kamloops Indian school girls dance, when through the courtesy of the Rotary Club we had free tickets and transportation.

Many enjoyed wandering through the Art Exhibit by Mr. Irvine Adams. Other various functions always entice some one out.

Our nymrod, aged 86, still enjoys the lure of the antlered monarchs of the hills. We may

look forward to a venison dinner.

The revival of old memories of the Boer War are in the air, due to the coming convention.

We have two interested members, Mr. J. Ellis who served as scout for Lord Baden-Powell in R17 Lancers and Mr. Geo. Williams in 3rd Canadian Mounted Police.

We congratulate our ambitious salesman who at 88 has re-opened his Christmas sales Emporium.

We might say life begins at 80.

## Announce Scholarship

A \$150,000 fellowship program to assist graduates who are working toward advanced degrees at Canadian universities has been announced by The Consolidated Mining and Smelting Company. The money will be provided in the form of 50 fellowships worth \$3,000 each. These will be awarded at the rate of 10 per year between 1962 and 1967. Graduate students in the fields of pure science, engineering and agriculture can qualify for these fellowships.

The program will be administered by the Canadian Universities Foundation of Ottawa. Out of each award \$2,200 will go to the student and \$800 to the university department in which the graduate carries out study and research.

# Notice of Poll

## MUNICIPALITY OF SUMMERLAND

**PUBLIC NOTICE** is hereby given to the electors of the municipality aforesaid that a poll has become necessary at the election now pending, and that I have granted such poll; and further, that the persons duly nominated as candidates at the said election, for whom only votes will be received, are:

SURNAME	OTHER NAMES	FOR COUNCILLOR	TERM OF OFFICE	RESIDENTIAL ADDRESS	OCCUPATION
RITCHIE	William	Councillor	1962/63	West Summerland	Fruit Grower
SCHUMANN	Frederick William	Councillor	1962/63	R.R. 1, West Summerland	Insurance Representative
SHANNON	Howard Robert	Councillor	1962/63	West Summerland	Merchant
TAIT	Eric Magnus	Councillor	1962/63	R.R. 1, West Summerland	Fruit Grower

Such poll will be opened at the Municipal Office, West Summerland; B.C. on the 7th day of December, 1961; between the hours of 8 a.m. and 8 p.m. of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand this 28th day of November, 1961

A. F. CALDER,  
Returning Officer

## The vanishing proprietor

Probably a good many people noted a report in a coast daily that three weekly papers in B.C. were being purchased by an English newspaper. We thought that the following comment by the Oliver Chronicle was rather apt.

"The news of the impending purchase by a Liverpool (England) newspaper group of three long-established and influential weekly newspapers in the Fraser Valley distresses us more than a little.

Newspapers in Abbotsford, Chilliwack and Mission are involved in the deal following recent negotiations with a representative of the Liverpool Echo.

In each case the valley newspapers, until now, were managed by their owner-publishers. In each case the publisher had succeeded in establishing a successful, independent newspaper which served the community well. And in each case the newspaper has reached a point where its influence in the community is welcomed and respected.

We are distressed because the recent transactions in the Fraser Valley is one which is occurring too regularly in B.C. — and throughout Canada and the U.S. for that matter.

The ownership of weekly newspapers, daily newspapers and radio stations is more and more falling into the hands of a smaller and smaller number of people or corporations.

Newspapers in Penticton, Kelowna, Kamloops and Nanaimo are all owned by the Thompson group. Every radio and television station in the Okanagan Valley is controlled by a group of business men who have found the arrangement to be most convenient???

There's nothing so terribly wrong with chains of newspapers, or radio stations . . . or any type of business. But there does seem to be something missing in the vitality and personality of a medium of public information when the ownership is in outside hands.

In Chilliwack, in Abbotsford and in Mission residents will be able to see the "editor" or the "manager" . . . but in future he won't be the owner.

The small businessman has played a tremendous part in the development of our country, and, in the case of newspapers, his sense of public duty is a unique mixture of serving his community and trying to make a reasonable profit.

The vanishing proprietor will undoubtedly be missed in Fraser Valley newspapers.

## The master value

by Rev. P. K. Louie

The first decision any traveler makes is to choose its destination. After he knows where he is going, he can then decide what means he will use on the journey — automobile or foot, plane or train. The wise man will proceed by the same ordered method in planning how to live for life, too, is a journey. It, too, must have a goal, reasonably chosen, before we can decide how best to spend our energies and our days.

Some have taken as their goal the accumulation of wealth. This is an inferior destination for it reduces man's dignity, making him serve something lesser than himself — for material goods are inferior to human personality.

Others chase after honors, publicity and fame. These are also unsatisfying and unworthy goals; anyone who steps into a shower, where he cannot carry his press clippings, knows that

his celebrity has not elevated him above other men. To make "what people say" an aim in life is to court a nervous breakdown by becoming the slave of every copywriter's whim.

A true goal in living must take into account the nature of man: what he was made to do, what he longs to have.

The man, who consciously directs his actions so that he will save his soul has Eternity and God as a goal. When God is once chosen as the Master-Value, we have a yardstick by which to measure the value of our actions. A man is "good" if he fulfills, well, his purpose of knowing, loving and serving God. His master-value becomes the dominant and integrating force bringing all his work and thoughts into a sharp focus, giving meaning to his everyday living.

"Seek ye first the Kingdom of God and its righteousness and all other things shall be added unto you." Luke 12:31.

## Letter to the Editor

The Editor,

The Summerland Review.

Dear Sir:

Isn't it a shame that controversial subjects cannot be approached by all concerned, in a deliberate, quiet and analytical way, and reasonable conclusions arrived at as a result of such an approach, after all pertinent points have been studied and considered in the light of truth?

We presently have this question of fluoridation of the public water supplies before us, and the writer humbly suggests the above approach, so that any conclusions arrived at, may be the most logical, after all points have been considered.

During the past few weeks, the writer has devoted considerable time in research, study and analyzing the question from many angles and has arrived at the following point in his thinking:

1. That fluoridation (sodium fluoride) of any public water supply, might be of some benefit to children whose teeth were in the formative stage, providing the dosage or intake could be closely controlled, but at what possible future cost to the physical body: (a) Brittle bones, including the teeth, (b) mottled teeth and their subsequent deterioration should this happen, (c) A build-up of fluoride in the system, leading to a later break down of some weak point or points in the body.

2. Fluorine or any fluoride is a deadly poison, is accumulative and concentrative, and consequently should be treated with great respect, particularly from the standpoint of its getting into the system, lodging there and building up there to cause future damage.

3. Any fluoride than can be assimilated and used by the body in the usual metabolism, must be organic (having been taken up by plant or tree life and activated by the sun and air) rather than inorganic as

sodium fluoride.

4. Fluoride has a great affinity for calcium, and it would seem that when taken into the body, it must take up the reserve carried in the system, that is so necessary to its proper functioning and preservation.

5. The teeth, being composed of a high percentage of calcium, surely need calcium rather than fluoride to keep them healthy.

6. Present day highly refined and de-vitalized food stuffs, preservatives and artificial dyes, poor quality candies and soft drinks are probably greatly responsible for the poor teeth and poor health generally, on the part of so many people today.

7. The approach of fluoridation of public water supplies, is not to improve its quality or purify it, but rather to add something to it, to affect some part or parts of the human body of those using the water. This is mass medication and consequently the question of the Individual's Rights comes to the fore; particularly with those who are opposed to fluoridation.

8. It seems strange, if fluoride is good for people, that its addition to any food stuffs is absolutely prohibited by our Pure Foods and Drug Act, also that it has, and is still used as both an insecticide and a rat poison.

9. There is always the point of a profit to be made, to be considered. In this case it seems very sinister, as there exists a great deal of sodium fluoride, a hard to get rid of waste product of the production of aluminum and artificial fertilizer.

There are several other points that could be mentioned, all against fluoridation, in view of which, in addition to those already enumerated, how could any thinking person possibly consider or vote for fluoridation of any public water supply.

Should there be error or errors in this submission, the writer would welcome being corrected.

Yours truly,  
 E. D. Emerson

## Letter to the Editor

The Editor,

The Summerland Review,

Dear Sir:

Dr. D. A. Clarke, Director of the South Okanagan Health Unit, speaks of adding "fluorine" to the water supply. Like so many other things he says, this statement is erroneous. It is impossible to add fluorine to water; it must be a compound which is added. The one most generally used is sodium fluoride. This is a metallic chemical and is quite different from calcium fluoride, which is found in nature. It is impossible for the kidneys to excrete all of the sodium fluoride from the body, some always remains as a cumulative poison in the tissues. There are many cases of sodium fluoride poisoning on record. For example: eighty-three doctors in the state of Michigan petitioned the governor of that state to stop Public Health Service promoting the fluoridation of water supplies because there were proven cases of poisoning in Highland Park and Saginaw after only three years of ingestion of sodium fluoride in drinking water.

What is behind this tremendous promotion for the sale of sodium fluoride? H. T. Dean, of U.S. Public Health Service admitted under oath his chart showing that: "Fluoridation reduced tooth troubles 65%" was false. "Unpublished records of the U.S. PHS show that the most perfect teeth are found in non-fluoridated areas." Why this distortion of truth? Who gets payola? The general public does not realize the gigantic power structure which is pushing fluoridation. U.S. PHS spends over \$840,000,000 per year in grants, co-operative programs, and salary supplementation. As yet we do not have the figures for Canada.

A recent report on Crest

toothpaste states that Joseph C. Muhler, of the Indiana University Dental School has admitted that he and some of his associates had received \$500,000 from Proctor and Gamble for making a fake survey and: "finding that sodium fluoride prevented tooth decay." This is the basis under which Proctor and Gamble sells Crest Toothpaste by false advertising. Officials of the American Dental Assoc. are reported to have taken bribe money from P&G to let them state: "Crest is the only toothpaste recognized by ADA as preventing tooth decay."

We have been assured through the columns of this paper that "Summerland taxes will not go up one cent because of fluoridation and fluoridation can be installed at the present time without increasing the water rates". I assume that this statement has the backing of the Reeve and Council. It is nice to know that Summerland has some money to spend but it would be even nicer to know that we were going to get something for it. When water supplies are fluoridated less than 1 per cent of the medication is used for drinking. In fact more than 99.9 per cent of all money spent goes down the drain. What would you think of a doctor who told you to buy 600 bottles of medicine, put a drop from one bottle in each glass of water you drank and pour the other 599 bottles down the drain? It is just that silly.

Why not the alternate method: Exact dosage of one teaspoon sodium fluoride mixture per child per day can be given for less than \$1.00 per year, for those who want it! Safe, simple scientific and cheap. One milligram daily is exact medical prescription.

Beware! It is sodium fluoride!

Yours truly,  
 Erma Anderson.

## Kiwanis Club Notes

Kiwanis met Tuesday evening as usual with 28 present. A sing song was supposed to have been led by Scotty Ritchie, but Dr. Ratcliff was so insistent about taking over that Scotty gave way.

Bernie Hubbard celebrated a birthday, and offered the club a dollar if it would sing happy birthday to him. His offer was accepted.

Hilly Smith and Nick Solly reported on the district conference including registration and dance Saturday evening, and breakfast, conference and dinner Sunday. The breakfast, prepared by master chef Jerry Hallquist and staff was one of the outstanding events of the year, and the conference one of the most interesting to date.

On behalf of the club, Rev. Tannar presented Simon Kowenhoven with a valuable item of baby equipment.

Lloyd Gartrell, manager of Southern Okanagan TV (cable division) gave the club an interesting and enlightening talk on cable TV. The many questions following the talk was an indication of the members interest and appreciation. The speaker was thanked by Bernie Hubbard. The Scribe

The Summerland Review

## Seek increase in telephone rates

(Continued from page one)  
revenue by about 11 per cent. The increases that are asked for vary considerably depending upon the class of service. For certain items there is no increase.

The present rates have been in effect since August 16, 1952, which is a period of more than nine years. During this time the cost of providing and maintaining service has increased substantially as is shown in the following figures:

On December 31, 1952 the money invested per telephone, by the Okanagan Telephone Company was \$234. By December, 1960 this had risen to \$375. This is an increase of 60 per cent and has a direct effect on the cost of providing service.

In the years 1953-1960 inclusive \$7,005,000 was spent in enlarging, modernizing and replacing telephone plant. A large part of this money had to be obtained by selling bonds and stocks to the public. During 1952 the bonds the Company sold had a coupon rate of five per cent. For the bonds sold in 1960 the rate was 6½ percent. This substantial increase in the cost of money adds considerably to the cost of providing telephone service.

During 1952 the average annual wage per employee was \$2,460. In 1960 this had risen to \$4,460. This is an increase of 81 per cent. About one third of the Company's gross revenue is used up in paying the salaries and wages of the people who staff the business offices and maintain and operate the plant. Obviously this increase in wage

level has raised substantially the cost of providing and maintaining service.

## Information about your Credit Union

### It's easy to belong

It's easy to belong to a credit union . . . but hard to beat its advantages when it comes to money matters. You can expect — and get — quick and understanding help when money problems arise, because your credit union is owned and operated by its members.

You can save . . . as regularly as clockwork with your credit union. It is so flexible, even your children can have accounts. Saving systematically the credit union way, is sensible . . . and your savings pay dividends — usually larger dividends than any other systematic means of savings.

All members are provided with a Credit Union pass-book which records your savings (and withdrawals). It also records the amount you borrow and repay.

All Credit Unions are required to be chartered by the Provincial Government. Charters are granted on the recommendations of the Supervisor of Credit Unions.

## Money can work hard for you if you give it a real chance

Did you know the Summerland branch of the Bank of Montreal is equipped to help you start a safe and successful investment program to make spare cash do a real job of work for your future?

It's true. Buying and selling of securities is one of the many helpful services offered by the B of M. When you want investment information, the manager will be glad to put his knowledge of the security markets at your disposal. Indeed, he will call on his head office securities department, if need be. Then, when you have made a decision, the Bank will attend to all the details in both the buying and selling of any securities.

The state of your current income and savings will best determine the scale of your investment program. But from time to time it's a good idea to take stock of your situation by reviewing your holdings. As a result of market changes, on which your bank manager can provide full information, it might be advisable and profitable for you to sell certain securities, and buy others.

Either way, you can always be sure of getting helpful information and convenient service at the Summerland branch of the Bank of Montreal. And anything you discuss with Jock Johnston, the manager, or any of his staff, will be in absolute confidence, of course.

# SPORTS

## Macs Cafe Aces start hockey season

Mac's Cafe Aces have started another season of hockey. The team plays every Thursday night at 8:30 p.m. in the arena against a team from the Penticton Industrial League.

First home game for the local boys will be on Sunday, December 10, at 3:00 p.m. at the arena when they will meet an

Armstrong team, playing in the North-Okanagan League.

Recently the Aces travelled to Vernon winning a close game with Vernon of the northern league.

Don't forget, hockey starts in Summerland on Sunday, December 10 at 3 p.m. Turn out and watch a good brand of hockey.

## Square 'em up

An executive meeting of the Pairs and Squares was held at the home of Bert and Beryl Roseborough Thursday evening, November 23.

Everyone expressed satisfaction with the Wednesday night classes in the Parish Hall under Bob Emerson, which will continue until December 13, and resume after the New Year. Date of the first lesson in January will be announced as soon as the instructor has been consulted.

Very successful party nights were reported for both October and November. Plans were finalized for the December 16 Christmas party, to be emceed by Chuck Inglis with Lil Nistor and Ruth Munn as co-convenors. Turkey supper, including hot mince pies will be served. Thelma and Harold Weins will do the decorating, assisted by the teen-aged dancers.

First beginner's level party will be emceed by Ray Fredrickson on January 20, 1962. Beryl Roseborough's special baked bean recipe will be used for the buffet that night, served with brown bread and fresh salads, a good hearty supper for the energetic beginner dancers!

Notices of Christmas dances are coming in from all the clubs. Saturday, December 2, Peach

City Promenaders have Chuck Inglis as emcee, in the Masonic Hall, Penticton. That same night Scotty Hitchman emceeds the Wagon Wheelers dance in Kelowna at the Centennial Hall. Christmas buffet is promised at both dances.

Saturday, December 9, Westsyde Squares have Glen Ashcroft as emcee in the Community Hall, Westbank. Also that night Percy Coulter emceeds the Wheel N' Stars dance in Penticton's Masonic Hall. Buffet supper at these dances too.

## See violet slides

The November meeting of the Summerland African Violet Society was held in the public library with president Miss Dorothy Britton presiding.

Members and visitors enjoyed seeing colored slides of prize violets, also a judging competition of a display of plants.

Mrs. J. H. Brown had charge of the interesting program. Delicious refreshments were served by Mrs. G. A. Brow and Mrs. J. Wilson.

The December meeting will be held at the home of Mrs. H. W. Pohlman, with a display of Christmas centrepieces.

# MEAT BUYS

SPARE RIBS, Lean and Meaty ..... lb. 49c

ORDER YOUR CHRISTMAS TURKEY NOW!

at the Groceteria

"You mean...my fifty dollars means that much...?"

Yes, Miss Jennifer Johnson, we do.

Your deposit of \$50... and the deposits of three million other Canadians add up to well over three billion dollars at the Bank of Montreal.

And here's why it's important: This "three-billion-odd" doesn't stay locked up in a bank vault.

This money, including your fifty-dollars, works steadily — day in, day out — in the form of loans, which help Canadians get what they want in the way of material things.

This money fills a thousand-and-one business and personal purposes. It goes to farmers, fishermen, oilmen, miners, lumbermen... it goes to businesses large and small... it goes to everyday citizens.

This money builds houses... buys cars, trucks, tractors... finances school and university educations, and all sorts of family needs... it goes to community organizations of many kinds, and

to provincial and municipal governments... it works for Canadians in every walk of life.

When you save money at the B of M, you not only keep it safe and earning interest for you, but you make a sound investment for yourself in Canada's growth now and in the years ahead.

Whether you want to save money or borrow it for some useful purpose, you'll like doing business at the B of M. So, if it's about money, see Canada's first bank first!

Back and side roads, given greater consideration in their maintenance.  
If elected, I appreciate my responsibility to Summerland as a municipality and will fulfill this to the best of my ability.

**TAIT**  
Continued from page one)  
If elected I will work to carry on and extend to all parts of our community the orderly and efficient development which I believe we have enjoyed in the past.  
Commenting briefly on the two bylaws before the electorate, first, I would like to recommend to the Trout Creek ratepayers the passing of the revised Baxter Plan. It will provide a much needed master plan for guidance of the future development of this community.  
The fluoridation bylaw I support, believing it to be an economical and effective method of supplying to a large percentage of the future and present children of this community a necessary element for healthy development of their teeth.

**RITCHIE**  
Continued from page one)  
sufficient candidates seeking office to give them a wide selection.  
I have no axe to grind and will not make any pre-election commitments, but will endeavour to the best of my ability to work and co-operate for the betterment of a well organized community.  
As a fruit grower, I think this important industry should have an adequate representation on the municipal council.

In addition to the changes outlined above rate revisions are proposed for Business Private Branch Exchanges, Hotel Private Branch Exchanges, Key Telephone Systems, Private Line Service, Telegraph and Teletype Service, and some other items.

The Company was last granted an upward adjustment of rates in the year 1952. Since that time, substantial expenditures for expansion and modernization have been required, aggregating \$7,005,000. In addition, operating expenses have increased approximately 100% since 1952. An increase of 11% in gross revenue is now requested.

The present tolls and charges will not provide an adequate annual addition to surplus, which is necessary to maintain the credit of the Company and enable it to attract the funds required to continue its high grade service and expansion of facilities.

Any person wishing further information in connection with the proposed rates or reasons for the proposed changes in rates should apply directly to the offices of the Company at Kelowna, Penticton, Revelstoke, Salmon Arm, Vernon, or 215-744 West Hastings Street, Vancouver, B.C.

By direction of the Public Utilities Commission objections to the application are to be forwarded to the Secretary, Public Utilities Commission, 620 View Street, Victoria, B.C., to be in his hands on or before December 22, 1961.

**OKANAGAN TELEPHONE COMPANY**

Dated this 30th day of November, 1961.
