

Under the Giant's Head

"A difficult choice" was what the audience said after seeing the official appearance of the ten queen candidates Friday evening in the MacDonald School auditorium. G. C. Johnston and F. E. Atkinson introduced the girls, with a fanfare from the town band.

The queen and her two princesses will be chosen at a strawberry tea later this month.

Local Kiwanians poured well over 1,500 gallons of gas and installed a number of seat belts at Hardie's Service on Saturday. Committee chairman Jim Schaeffer reports that the club is very pleased with the support they received for the project. Funds realized by the hard working members will be spent on various community projects.

Probably the funniest sight was Wally Harrison's "jailbird" outfit. Top salesman of the two dollar gas vouchers was Jerry Hallquist who sold 80 vouchers with John Tamblin a close second.

Other Kiwanians helping with the gas sales were W. Toevs, Jack Towgood, Doug Campbell, Ed McGillivray, Blake Brandon, Don Randle, Fred Schumann, Lockie McKilligan and Bob Hardie. Key Club members were on hand to clean windows, but the rain washed away their usefulness.

Yes, we know it's June! And we also know that some gardeners report frost damage over the week end. But warm weather has finally arrived, and soon we'll be complaining about the heat. The research station reports .43 inches of rain and 52 hours of sunshine during the past week.

A visitor at the Review office Monday was the Hon. Frank Richter, Minister of Agriculture. What did we talk about? With the election only two weeks away, we'll give you three guesses.

1962 May building permits were above those issued for the same month last year, but the total permits issued this year are lagging far behind last year with a total of \$176,540 against a 1961 five month total of \$379,225. Last year's figures include Parkdale Place and the B.C. Shippers building.

Two permits were issued for new buildings amounting to \$13,000 and 19 permits for alterations and additions totalling \$7,575.

One new commercial permit for \$18,000 was issued and two commercial alteration permits for \$12,150 were taken out.

There were 18 electrical permits issued during May.

Forty-six graduate Monday

Forty-six students took part in the commencement day exercises in Summerland Secondary School Monday afternoon. A large audience of parents and friends watched the ceremonies in the auditorium. Reeve Norman Holmes brought greetings from the municipality and presented the municipal bursary to Donna Powell.

Janet Storey was presented with the \$1,000 grant from the Lord Strathcona trust fund.

Services for R. S. Oxley

Robert Sedgwick Oxley, 55, former lawyer and crown prosecutor in Nova Scotia, died in Shaughnessy Hospital, Vancouver on June 2.

He was born in North Battleford, Saskatchewan, graduated from Dalhousie University in arts and law and practiced law in Nova Scotia becoming crown prosecutor. Mr. Oxley and his family moved to Summerland 17 years ago and he practiced law here until he gave it up because of ill health.

Mr. Oxley acted as magistrate here; was secretary and welfare officer of the Royal Canadian Legion; treasurer of the Yacht Club; on the executive of the Association for Handicapped Children; a member of the Art Club; and active in the work of the Summerland United Church.

He is survived by his wife, Marion; two sons, Howard at home and Harold at Port Alberni; two brothers, William, Toronto and Donald, Nova Scotia; one sister, Mrs. Frances Carmmoch in California.

Funeral services were held in Summerland United Church on Wednesday, June 6, Rev. P. Louie officiating. Interment in the family plot, Peach Orchard Cemetery, graveside service conducted by branch 22, Royal Canadian Legion.

This was the first time this award has been made in the Okanagan. The trust fund was set up by the late Lord Strathcona, to be given to girls of proven ability who were born in Britain and who are entering education courses. Mrs. Bruce Blagburn, division commissioner, South Okanagan Canadian Girl Guide Association, made the presentation.

Howard Oxley won the Verrier Trophy as the best all round student. Last year's winner, David Davis, made the presentation, naming various winners and what their occupation is now. Howard also won the Kiwanis bursary, presented by president Walter Toevs, and a Cranna watch for high academic standing.

Other Cranna watch winners were Donna Powell, Eleanor Martin and Gerald Turnbull.

Ray McNabb, president of the Summerland Teachers' Association, presented \$200 bursaries to Janet Storey and Vern DeWitt.

Mrs. L. W. Rumball presented the Women's Institute Rose Bowl trophy and WI cook book to Ruth Lapins for the highest standing in home economics.

School board chairman, Kent Boothe, congratulated the graduates, and said that the school was honored that A. J. Longmore had been chosen to work on the department of education's board of curricula.

C. E. Clay, district superintendent of schools, said that Summerland has a very good record in scholastic ability. He made particular mention of the Girl's Service Club and the Key Club raising a \$50 scholarship, and that Anthea Morgan had been awarded a Canada Council Stratford Scholarship.

Home Oil dealer Bud Rusaw presented the Reach for the Top team of Eleanor Martin, Donna Powell, Howard Oxley, Gerald Turnbull and Janet Storey, with scholarships.

R. Cox, principal of Princess Margaret School, Penticton, was the guest speaker.

Howard Oxley was valedictorian and Janet Storey gave the class poem.

Graduating were Ray Toy, Bill Whitford, Dave Holman, Brian Eden, David Muir, Jim Tomori, Dennis Lackey, David Barrett, Ron Embree, Brian Adams, Russell Bleasale, Jim Sheeley, Charlie Leinor, Bob Felker, Howard Oxley, Gerald Turnbull, Ted Burdon, Gordon Hodson, Ed Toevs, Verne DeWitt, Leigh Trafford, Richard Dunsdon, Janet Storey, Ruth Lapins, Freda Bangma, Jo-Ann Schafer, Joyce Bednard, Sheila Green, Dorothy Watson, Leona Keys, Cynthia Lauer, Marjorie Johnson, Pat Kennedy, Gloria Dickinson, Pamela Biczio, Penni Eden, Frances Braniff, Carolyn Parkinson, Dallas Stoney, Betty Clark, Elaine Dunsdon, Alice Dunsdon, Donna Powell, Trudy Mitchell, Lesley Waterhouse and Eleanor Martin.

High turnout for clinics

65.1 per cent of Summerland's citizens showed up for their dose of Sabin oral polio vaccine when the clinic was held here last month. The only South Okanagan community with a better record was Oliver where 74.9 per cent of the population turned out for the oral dose.

In order to accommodate the children and adults who missed the first clinics, pick-up clinics are planned for Friday, June 8 at the Health Centre from 2:30 to 4:30 in the afternoon and 7 to 9 in the evening. Persons who missed the first clinic are asked to take advantage of the Friday clinic.

Fire equipment on display Monday

Summerland fire brigade is presenting a display of its newly purchased fire fighting equipment on Monday night, June 11, between 7 and 8 p.m., prior to the public meeting called to discuss the proposed new fire hall. The meeting will be held in the high school auditorium.

Reeve Norman Holmes will chair the meeting with all the councillors in attendance to present the new fire hall plan in detail and to discuss the work of Summerland's volunteer fire brigade.

Chairman of the protection of persons and property committee, councillor Bill Barkwill, told the Review: We feel the brigade is doing an excellent job for the community. They spend many hours every month studying and practicing, they study first aid and all the latest rescue techniques." Mr. Barkwill went on to say that he felt the community appreciates the services of this entirely volunteer group and will show its appreciation by turning out in force to the meeting.

In talking of the fire hall plan Councillor Barkwill mentioned that it is much modified from the fire plans submitted by the architect.

"We have pared away everything we considered unessential and feel we are asking for a vote on a very practical fire hall, both for now and the future," he said.

Voting on the \$30,444 money bylaw will be held on Thursday, June 14, at the Municipal Office from 8:00 a.m. to 8:00 p.m. Owner electors only may vote. A. F. Calder is returning officer.

Students lose in TV Finals in Van.

Loading, up to the final eight minutes of the Reach for the Top contest in Vancouver last night, Summerland's young team went down in defeat to the Alpha team, comprised of Vancouver's top winners, two students from Kitsilano and two students from Prince of Wales school. Final score was 276 to 249 in favor of the Vancouver team.

Principal A. J. Longmore, who accompanied the young people, commended the Summerland team on a very hard fought match. Team members were Eleanor Martin, Anthea Morgan, Gerald Turnbull, Donna Powell and Philip Helman.

ELMORE PHILPOTT
Liberal candidate

With the federal election less than two weeks away, the political tempo is beginning to pick up in Summerland.

Last Thursday George Hees spoke in support of Conservative candidate, David Pugh at a well attended meeting in the Yacht Club.

This Friday, June 8, Liberal Elmore Philpott will hold a public meeting in the Yacht Club starting at 8:00 p.m.

Next Thursday, June 14, Hon. Robert Bonner will speak in support of Social Credit candidate Jack Shaw, at a public meeting in the IOOF Hall, starting at 8:00 p.m.

NDP candidate Owen Jones told the Review Wednesday that he does not plan to hold any further meetings in Summerland.

Local Conservatives announce that Alvin Hamilton will have a special message for fruit growers over TV Friday night.

FLOATING HOTEL—The proud old S.S. Catala, familiar to nearly all of British Columbia's coast dwellers, is winding up her service as a floating hotel for the Seattle World's Fair. Once the flagship and pride of Union Steamship Co., the Catala ran for more than 30 years between Vancouver, Campbell River, Port Hardy, Alert Bay, Prince Rupert, Kitimat, Port Simpson and scores of other coastal points. She was known as the "Loggers' Liner" because she stopped at many logging operations, canneries and mines.

Philpott says Pugh dodging meetings

Elmore Philpott, Liberal candidate in Okanagan Boundary launched a heavy attack last Friday on David Pugh, the Con-

servative standard bearer.

Speaking to a Liberal meeting in Osoyoos, he said:

"Why has Mr Pugh ducked and dodged all invitations to take part in joint meetings? He and all the other candidates were invited to take part in these face to face meetings by the Chambers of Commerce of Princeton, Summerland, Osoyoos, Grand Forks — and even his home town, Oliver. Yet in every case the Tory candidate ran away. All the other candidates were willing to come to most or all of the meetings. But Mr Pugh would not come to a single one of them — even when the sponsors and other candidates offered to let him pick the dates.

"Mr Pugh is a ready speaker,

but he is also an intelligent man. He simply could not come to a free for all meeting open to all candidates and defend the record of the Diefenbaker government, for the obvious reason that not even the archangel Gabriel could succeed in such a task.

"Nobody could successfully defend the five year record of mess and muddle, culminating in the collapse of our dollar to 92½ cents.

"Yet I feel the people of this riding would have preferred that Mr. Pugh had come to the meetings and taken his medicine like a faithful soldier.

"Mr Pugh asks the voters to send him back to parliament, where he would have competition from 265 other MPs. But he won't face free speech, face to face with the other three candidates in his home constituency or even his own home town".

42 GRADUATE FROM KINDERGARTEN

Forty-two boys and girls graduated from the Jack and Jill kindergarten at exercises held last week. Over 60 parents attended the 14th annual graduation exercises.

Six pupils played the Swiss melody bells to colored music notes; several children did the Danish Dance of Greeting; John Watt and Ann Martin recited an Indian poem and all the children took part in the operetta "Goldilocks".

Elementary school principal John Cooke addressed the students and presented the diplomas and report cards.

Kindergarten teacher is Mrs. F. M. Steuart, assisted by Mrs. Mel Ducommun and Mrs. Roy Kuroda.

Effective Boldness

Water Safety Week

Just as necessary

Summerland residents will be going to the polls twice within five days. June 18 we will vote for a new federal government and June 14 owner-electors will vote on a money bylaw for a new fire hall. Both votes are important.

It certainly cannot be denied that Summerland needs a new fire hall. The present building, built approximately 50 years ago, is so antiquated it is actually unsafe. It is indecently cold in the winter, and on occasions it has been touch and go whether the fire truck would start after a cold night. Also, the present building just isn't big enough to store the two trucks we now have, necessitating valuable equipment being scattered in various places instead of under one roof.

Actually, we as taxpayers can argue that \$30,000 is a lot of money to pay for a fire hall, but after looking at the plans it is obvious that council is building for the future as well as the present, and with our increasing population such planning is necessary.

The plans have left a spot for a dormitory in the future, this would possibly house young men who would act as firemen while working in Summerland. It has also been suggested that single RCMP officers could board in the building.

A decent sized lounge would be an asset to the 20 volunteer fire fighters under Joe McLaughlin that make up our brigade. These men, as well as attending fires, meet twice monthly for practice sessions, and the old building cannot be considered by anyone as ideal for such workouts.

The brigade, under the boundless enthusiasm of Mr. McLaughlin, has a very enviable record. During the past year, 73.9 per cent of the boys turned out to practices and their fire attendance record was 76.2 percent.

Our municipality has just spent nearly \$20,000 for an efficient, modern fire truck, and is now proposing decent housing for the investment, which we feel to be a sound idea.

We urge you to attend the public meeting on Monday where council members will explain the fire hall bylaw. It is a tradition that Summerland's municipal council calls a ratepayers' meeting before a money bylaw. It should also be a tradition that there is a good turnout of electors to listen to them.

"Grudge-bearing is nerve-wearing".

by Rev. Ira Johnson

Background Scripture: Acts Chp. 1-5).

According to M. K. Heicher, opposers of religion have made charges such as the following with regard to religion:

"Religion is the opiate of the people — it is like a dose of laudanum". But this is not the religion of the first chapters of Acts.

"Religion is a tonic — it is like a dose of vitamins". (Some times we need religion as a tonic). But the religion of Acts was far more effective than a tonic!"

After the coming of God's Spirit upon the individual members of the church on the Day of Pentecost, unusual and wonderful happenings took place. This is evident from the healing of the lame man, recorded for us in Acts 3:1-11. Not only were a few individuals helped, but an estimated

8,000 people responded to the effective preaching of Peter in the two sermons recorded for us in Acts 2:14-41 and in Acts 3: 12-26. In looking for an explanation for this effectiveness we have only to take note of what the "opposers of religion" of that day had to say. Acts 4:13 says: "Now when they saw the boldness of Peter and John, and perceived that they were unlearned and ignorant men, they marvelled; and they took knowledge of them, that they had been with Jesus".

Is not this the need of the church today? Hearts aflame with love for God and fellowman, hearts that will risk the displeasure of some, in order that the good news from God may reach those who will respond. Do we not need the refreshing and effective boldness that comes through a life directed by the Spirit of God?

WI planning garden party on Friday

The annual June garden party of the Women's Institute will be held at the home of Mrs Gordon Dinning, Trout Creek on Friday. Mrs H. R. McClarty will report on the provincial convention which was held in Vancouver last week. There will also be an exchange of plants.

Honor Mr. and Mrs. G. C. Harper

A happy event of this week for Mr and Mrs George C. Harper of Trout Creek was the celebration of their golden wedding anniversary.

Mr. and Mrs Harper were married 50 years ago, in St.

Peter's Church in Kitchener, Ontario. They came from Saskatoon nearly ten years ago to make their home in Trout Creek and have made many friends here.

All immediate members of the family were able to be with their parents for the celebration. Their son, and daughter in law, Mr and Mrs Tom Harper, flew from Regina; their daughter, Mrs. Russell McQuarrie, accompanied by Miss Alma Sinclair, flew from Saskatoon; their daughter and son in law, Mr. and Mrs O. Johnson, came from Trail, and their daughter and son in law, Mr and Mrs Ken Williams, live in Trout Creek; also a granddaughter, Miss Carol Williams. Four other grandchildren were not able to be present.

The only living member of the bridal party, Mrs. Charles Wylie of Calgary, bridesmaid and sister of Mrs. Harper, was unable to attend owing to the illness of Mr. Wylie. Mr and Mrs Wylie lived in Penticton for several years.

On Sunday afternoon, Mrs. Daisy May of Penticton, sister in law of Mrs Harper, entertained for the family before the

party went on to a family dinner at the Colonial House in Hedley.

Monday afternoon, Mr and Mrs. Harper were "At Home" to their friends from 3:30 to 6 p.m. Their three daughters and granddaughter Carol acted as serviteurs to the many guests who came to offer congratulations and best wishes. Mrs J. E. O'Mahony and later Mrs Russell McQuarrie, presided at the beautifully appointed tea table with its appropriate and artistic center piece of golden iris.

Mrs McQuarrie and Miss Sinclair will stay on as house guests with Mr and Mrs Harper till Friday before returning to Saskatoon.

Legion conducting track & field meet

The track meet of Branch 22, Royal Canadian Legion's Junior Olympic Training Plan will be run here next Monday and Tuesday, June 11 and 12.

Track and field events for Peewees (11 years of age and under) and Bantams (12 and 13 years) will be staged Monday evening, and competition for Midgets (14 and 15 years) and Juveniles (16 and 17 years) will be Tuesday. Each programme will begin at 6:45 p.m. The winners of these local

events will then proceed to the Zone Meet in Penticton on Saturday, June 16, and subsequently, all Midget and Juvenile winners in this Zone Meet will qualify for the B.C. Junior Olympic Finals at Vancouver's Empire Stadium at the end of August.

Contestants registration forms are now available at the schools and must be returned this Friday, June 8.

Local meet director, Bernie Hubbard is in charge of the Summerland meet, which will be handled by Legion officials assisted by school track coaches.

On the Rifle Range

by Herb Simpson

Weather conditions were certainly not the best on Sunday morning when eleven shooters attended the practice at the Garnett Valley range. A very cool north wind blew steadily all morning.

Matches were shot from the 200 and 300 yard ranges. Three junior members took part and all did very well.

In previous years, the club awarded gold, silver and bronze buttons for the top three scores each month, also a button for the high junior score. They were challenge awards, and did not become the property of the winner, unless they were won for three consecutive months. Unfortunately, they have become misplaced, so the club asks all those who won them to please check their jewel boxes, range boxes or wherever they keep their valuables, and if they are found, please return them as they are needed for future competitions. Such awards add to the interest and competitive spirit of rifle shooting.

There is only one more practice before the Kelowna invitation shoot on June 17th, so how about getting the shooting eye sharpened up so we can take some of the silverware at that meet.

Fish derby successful

The first fishing derby sponsored by the Summerland Yacht Club was held on Sunday at Okanagan Lake. Thirty-one boats were registered for the event which commenced at 7:30 a.m. with weighing-in time at 4:00 p.m.

The largest trout, weighing 3 pounds, 15 ounces, was caught by J. Heichert, with Teunis Kwak taking second place with a 2 pound, 11 ounce fish. Winner of the ladies' class was Mrs. C. Collins of Penticton with a fish weighing 1 pound, 5 ounces. A note of interest here, Mrs. Collins stated that this was the first fish she had ever caught. The smallest fish, a five ounce trout, was taken by Mrs. Chahley of Penticton.

Although weather conditions were not perfect, the executive of the Yacht Club was very pleased with the results and expect to make the derby an annual event.

Members of the Ladies' Auxiliary to the Yacht Club were busy throughout the day serving coffee and hot dogs to the contestants and visitors.

Jr. sailors hold meet on Sunday

The Okanagan Junior Sailing Association held its open meet on Sunday from 11 a.m. to 4:00 p.m. Some 40 juniors competed, with 20 complete beginners.

Members from Summerland, Penticton and Naramata participated. Dr. Leighton Lopatecki is liaison officers for the juniors and Howard Oxley is Commodore.

Among the tests taken are capsizing a boat and righting it, swimming 100 yards with clothes on, and sailing in heavy and light winds.

ATTEND CONVENTION

Mr. Felker, presiding minister of the Summerland congregation of Jehovah's Witnesses, announced today that the Summerland congregation has been invited to send delegates to the "Courageous Ministers District Assembly" to be held in Kamloops July 20-22. With delegates coming from the Fraser Valley and interior British Columbia congregations, the attendance will exceed 5,000, convention officials estimate.

The assembly in Kamloops will follow a program tied in with seven other Canadian cities.

Piano students entertain with varied recital

Piano students of Miss Kay Hamilton and Mrs Isabel Hamilton appeared in recital at the high school recently under the auspices of the Fine Arts Ministry of the School. Proceeds from the program will provide scholarships for music students to attend the Summer School of the Arts in Penticton this summer.

Ed Mead, piano; John Rathjen, trumpet and Doug Lynn, trombone, opened the program with O Canada. First piano student to appear was Bernice Geres, five years old, who performed with assurance and evident enjoyment.

Solo numbers were interspersed with trios, duets and quartets, all moving smoothly through junior, intermediate, to senior performers.

Also adding variety were two young vocalists, Tommy and Philip Rathjes who were festival winners in the Valley Music Festival.

An interesting trio arrangement of "How Great Thou Art" was played by Laverne Lynn, piano; John Rathjen, trumpet, and Doug Lynn, trombone. This arrangement was made by Laverne as part of her studies in musical harmony.

To close the program these three performers were joined by David Mead in God Save the Queen.

Junior students taking part in the program were: Bernice Geres, Timmy Rathjen, Scott

Mann, Buddy Senger, Lea Emerson, Geriant Davies, Darlene Martin, Maureen Smith, Alice Brown, Lorraine Bennest, Gavin Brown, Gordon Bennest, Glenda Leisor, Mary Mead and Sandra Kean.

Intermediates: Josephine Rumpf, Anne Davies, Kay Fenwick, Marlene Charles, Dale Weist, Dick Baker, Judy and Harold Hockley, David Gartrell, Lenard Geres, Sharie Randle, Graydon Ratzlaff, Helen and Hazel Lynn, Mary Foster, Marilyn James and Lynn Gartrell.

Seniors: Darlene Kuroda, Evelyn Rathjen, Bob Birtch, Myrna Johnson, Jacquie Mann, Linda Charles, John Rathjen, Ed Mead, Doug Lynn, David James David Mead, and Laverne Lynn.

The Turning Point:

Don't split the Vote

by

Elmore Philpott

Liberal Candidate For

Okanagan-Boundary Riding.

It is now clear to well-informed people in Canada that the Tory government is going to get a terrible licking on June 18.

But the question is: Are we going to make a clean-sweep of those Tories who have made such a sorry mess at Ottawa? Or are going to vote ourselves from the frying pan into the fire?

If we split our votes three or four ways we could find ourselves on the morning of June 19, with a parliament in which NO party could give good government. We could even make another election necessary.

So, it is strange but true that in this particular riding in this election EVERY VOTE CAST FOR SOCIAL CREDIT OR NDP IS INDIRECTLY A VOTE FOR PUGH AND DIEFENBAKER.

The confidential surveys made by the various parties clearly show that in this riding the race is between the Liberal and Conservative candidates.

The Tory candidate, David Pugh, knows that he has not the proverbial snowball's chance in a straight fight. He knows that he cannot defend the muddled record of the government — which explains why he has refused all invitations to joint meetings.

But the Tories have one last hope. It is to split up the anti-government vote, so they can wriggle back in on a minority.

Whatever you do on June 18 — make sure of a clear-cut Liberal working majority. Don't vote for still worse mess and muddle.

Parkdale Place report

by Mabel Atkinson

May brought many visitors to our door, 44 from adjoining neighbourhoods, and Mr. Richard Lickenby of London, England, who paid us the compliment that our Home was the most efficient of any he had yet visited and suggested we ought to have our name on the front.

Two excellent picture showings came during the month. One display by Miss Maynard, showing the Okanagan Valley in all its majestic beauty from the Silver Star ski grounds near Vernon down through orchards, lakes and rivers to Apex skiing south of Penticton.

Reeve and Mrs N. Holmes, just returned from Hawaii, tried to eclipse our own magic scenery by views from the Southern Isles.

Mrs Lillico, who has stretched beyond the allotted time of

three score years and ten, to four score years and ten, received many congratulations from United Church Federation, the Friendship Circle of the United Church and the Ladies Auxiliary of Gideons, with a wealth of flowers and cards, while May Campbell, also celebrating, was honored by Mrs R. Keeley of Penticton providing a delicious cake for the two birthdays.

Donations for the kitchen were liberal and always appreciated. Mrs H Millie supplied 17 dozen eggs, Mr and Mrs E. White presented the ladies with beautiful corsages to wear on Lilac Day, while the shelves are well provided with flowers from various donors.

Mrs Ritchie and Mrs Blewett invited a number for afternoon tea and a display of spring

Research Station aids New Zealand growers

(The following article is reprinted from the Christchurch, New Zealand, News. The clipping was given to us by Mr. T. Ritchie who holidayed in that country this past winter. The article concerns the first factory in New Zealand, for the processing of apple juice. Mention is made of F. E. Atkinson, of the Summerland Research Station, who went to New Zealand, to help in the formation of the plant.)

Two types of New Zealand-made canned apple juice and apple-orange juice will be on sale next month as a result of activities at the Apple and Pear Board's new fruit processing factory at Stoke.

The modern factory, designed for future expansion, employs a staff of 79, mostly women. It processes lower-grade Nelson apples for juice, and for pre-cooked

packs for export. Three types of apples — all mature, mellow fruit — are being used at the factory to produce clear apple juice, opalescent apple juice and apple-orange juice. Retail prices are expected to be 1s 6d and 1s 9d respectively for 20 oz. cans.

"Although the fruit juices should be on the Nelson market soon, no active sales promotion will begin until we have sufficient stocks to supply at least Auckland, Wellington and Christchurch", said the Apple and Pear Board's sales manager, Mr J. B. Cubey, recently.

Exhaustive tests were meanwhile being carried out to perfect the blend of apple-orange juice by using Rarotongan oranges and imported orange concentrate, Mr Cubey said.

"Eventually it will be the board's policy to encourage and educate people to drink fruit juices every day", said Mr. Cubey.

Inquiries about the factory's export products have already been received from Honolulu, Singapore, Hong Kong, Britain, and Europe. So far, 10,000 car-

tons containing six one-gallon cans of pre-cooked apple filling have been sent overseas. The cartons and cans have all been made in Christchurch, and have bright, attractive labels bearing the words: "Processed by the New Zealand Apple and Pear Marketing Board, Nelson, New Zealand".

Exploitation of the overseas market would depend on the availability of direct shipping from Nelson, said Mr. Cubey. Freight charges would increase if the products had to be shipped to Wellington and reloaded in overseas vessels.

The first step in establishing the new apple-juice industry — long contemplated by the Apple and Pear Board and encouraged by the Nelson applegrowers — was taken in 1956. In that year, 146 cases of different varieties of apples were sent to F. E. Atkinson, associate director of the Summerland Research Station in British Columbia. Samples of the products, which tests had shown to be the most practical uses for the apples, were sent back to New Zealand for the board's decision.

The next year, 1957, 16,000 cases of mixed varieties of apples were shipped to a Canadian apple-processing factory, and the products were returned to New Zealand, and test marketed in Palmerston North. This city was chosen because it was sufficiently large, and yet sufficiently isolated for the popularity of the new products to be evaluated. A full sale within a short time confirmed the board's choice.

After the test marketing, preliminary plans and specifications were drawn up in Canada. Working drawings for a factory were developed by King and Dawson of Wellington, architects to the board.

Mr Atkinson, a world authority on fruit juice processing, visited the new factory at Stoke recently. Although the manager, Mr W. Porter was absent through illness, Mr. Atkinson worked closely for several days with the acting manager, and factory engineer, Mr G. Robertson, the Apple and Pear Board's deputy chairman, Mr H. Sampson and Mr Cubey.

"The products I have seen here compare very favourably with our own in Canada, although we grow a special apple for fruit juice processing," Mr Atkinson said.

ACTION! EXPORTS MEAN JOBS

World shipping has to queue up these days to load Canadian exports, a result of the action policies of Prime Minister Diefenbaker's government. **These are facts:** / In four years exports have increased by \$900 million (greater growth than ever before in history) . . . resulting in the first favourable balance of trade since 1952. / Aggressive export sales have made Canada top wheat seller in world markets. / B.C. lumber exports breaking all records . . . proof of great strides forward under the ACTION GOVERNMENT of Prime Minister Diefenbaker.

Kiwanians guests for Key Club installation

Tuesday evening, on the occasion of its annual installation, the Key Club invited its sponsors, the Kiwanis Club to the school auditorium.

Between sixty and seventy were present, including Lesley Caldwell (this year's Kiwanis candidate for queen) and several Penticton Kiwanis and prospective Penticton Key Clubbers, a Key Club being in

the process of organization there at the present time.

Super chef Jerry Hallquist with his able helpers, master minded the grilling of those delicious "Dietrich" steaks. Mrs. Hallquist should be very proud of that boy.

The Penticton club is holding its charter night next Monday in the Prince Charles Hotel, and invited Summerland club to join them.

Leigh Trafford, retiring Key Club president, in his final report listed an imposing array of projects completed and plans for the future. He also dealt humorously with several schemes that had fallen by the wayside and why. These young people are, and will be, a credit to their community.

The meeting was then turned over to Lt. Gov. Doug Campbell, who proceeded to install the new officers.

In his remarks, the newly installed president, Bruce Hallquist, said he would do his best to continue the good work the club had done in the past, and with an optimistic outlook for the future.

Former reeve Ted Atkinson was the guest speaker. He and Mrs. Atkinson last winter had visited New Zealand and Australia. While there he took many colored slides which he showed, with a running commentary, both of which were thoroughly enjoyed.

Robert Munro tops in meet

A twelve year old grade six pupil at the Trout Creek School who set two new school records for the broad jump and high jump has been named Trout Creek's top boy athlete. At the Sports Day held Friday afternoon, Robert Munro jumped 13 feet to top all competitors in the broad jump and also set a new record for the high jump of 4 feet, 1 inch. Giving Robert close competition was Bryce Parker who tied Robert's high jump of 4 feet, 1 inch. In the younger age group Bruce Gartrell showed much promise.

The award for the top girl athlete for the second year in a row went to ten year old Barbara Porritt who also set a new record for the ten year old girl's high jump of 3 feet, 6 inches. Barbara also placed first in the broad jump. Twelve year old Linda Keuning excelled in both jumping and racing and was runner-up to Barbara.

A very large crowd of mothers and fathers was on hand to enjoy the day and to cheer on the children's teams. R. McNabb, of the teaching staff reports a near 100% participation of pupils in most events. Because of this, most of the jumps had to be completed beforehand. Ladies of the Trout Creek PTA under the chairmanship of Mrs. Gordon Noel served hot dogs, ice cream and pop to the children. Syd Hodge helped carry the events along smoothly by operating the public address system.

Receiving the grand aggregate award for the track meet

were the Reds captained by Judy Bonthoux and Robert Munro. Close behind were the Whites with Marilyn Parker and Raymond Davis as captains and the Blues with Anne Rae and Bryce Parker as captains.

Okanagan Boundary constituency has been held by three different parties in the last three federal elections. It is bounded roughly by the U.S. border on the south, a point just east of Hope on the west, a jagged line reaching to Kelowna on the north and down a line just west of Lower Arrow Lake.

Conservatives won it with a good majority in the 1958 election. The vote was: Conservative 13,065; CCF 7,829; Social Credit 3,470 and Liberals 2,637.

Members of branch 22, Royal Canadian Legion, were very happy with the large turnout of youngsters for their track meet Monday. A Legion member particularly commented on the fine co-operation they had received from the school board and teachers in the use of school grounds and equipment. Co-operation and community spirit of this sort makes any event worthwhile, he said.

Remember on Monday to vote as you please — but please vote.

16 enter zone finals in Penticton

Fifty-three youngsters took part in the track meet of Branch 22, Royal Canadian Legion's Junior Olympic Training Program held here Monday in the school playground.

Bernie Hubbard was the meet director, assisted by teachers Pat Minchin, Austin Raham, Peter Ochs, Don Puddy, and 17 Legion members.

Sixteen winners will take part in the zone meet in Penticton at King's Park this Saturday, starting at 12 noon. The meet is open to the public. Transportation for the youngsters to the zone meet will be provided by branch 22.

Winners of the midget and junior divisions on Saturday will go to the provincial finals at Vancouver in August.

Attending the meet in Penticton on Saturday are Gordon Lackey, Bryce Parker, Karen Fenwick, Judy Bonthoux, Robin Agur, Norman Stein, Robert Munro, Katy Evans, Arthur Bolton, Bill Coates, Gina Storey, Joan Holler, D. Clark, Elaine Charles, Michael Lopatecki and Fred Trussell.

The meets are promoted throughout the province by the Royal Canadian Legion to improve the physical fitness of Canadian youngsters.

Volume 17, No 26

West Summerland, B.C.

Thursday, June 14, 1962

Pictured above are the Summerland students who took part in the Reach for the Top TV quiz held in Victoria May 31. The students won a resounding victory over the Greater Victoria team with a 230 to

145 score. The Okanagan team comprised of Gerald Turnbull, Eleanor Martin, Anthea Morgan and David Holman, expressed a depth of knowledge on all subjects, but the speed and accuracy of Gerald and

Philip in answering questions in geography were two of the main reasons for the convincing win. The team subsequently lost out to a Vancouver team in the final series of the program.

Work nearly finished on Trout Creek line

At the regular council meeting Tuesday night water chairman W. B. Powell reported that the chlorinator is now in operation in the Trout Creek domestic water tank and that health authorities will be taking a tap test soon. Works supt. Ken Blagborne told council that work on the line would be completed by June 15. It was suggested that the water rate levy should be started on users at that time.

Mr. Blagborne also reported that some person has driven a vehicle along the top of Canyon Creek dam. He said that such unwarranted driving could cause serious damage, and that rutting created would possibly start a washout that could cost the municipality a lot of money. He said that engineers recommend that no vehicle of any kind be driven on the face of the dam and that the municipal crew is not allowed out on the earth dams with vehicles. Council moved that the road to the dam be closed to the public.

Council moved that residents be given an opportunity to vote on all four questions when a liquor plebiscite is held in Summerland. The four types of outlets are beer parlor clubs, hotel dining rooms and cocktail lounge. The Chamber of Commerce had asked council

for voting on the last three types of outlets. Council felt that an expression of opinion should be given on all types, and instructed the municipal clerk to make out the necessary applications. No date has been set for the vote.

K. L. Boothe heads trustees

The annual meeting of the Okanagan branch, B.C. School Trustees Association was held in Salmon Arm last Thursday, and was attended by K. L. Boothe, chairman and B. A. Tingley, secretary treasurer of school district No. 77, Summerland.

Officers elected for 1962-63 were: K. L. Boothe, president; W. Holm, Salmon Arm, vice president; O. B. Carlson, Enderby, secretary treasurer.

The executive is made up of one member from each of the 13 districts in the Okanagan branch.

The matter of negotiating teachers' salaries for 1963 on a zonal or branch basis is being investigated. A preliminary meeting of teachers and trustees' representatives is scheduled for this Saturday in Kelowna, to find out if a basis for negotiation can be established.

Register now for swim classes

Deadline for entries to the Rotary sponsored swim classes is June 18, and parents are asked to have their entry forms turned in by that time. Entries received after that date will have to take pot luck as to whether they can get instruction. Entries have been brisk up to this time and the instructors are anticipating a record enrollment.

Mrs. Mel Hyde is once again in charge of arrangements with Miss Barbara Fudge head instructor, assisted by Miss Freda Bangma, Miss Audrey Beggs and Mrs. Jeff Solly, who will help as a spare. Mrs. Solly is a former instructor.

Children ages 6 to 15 years are eligible to receive instruction in swimming at the classes held at Rotary Beach on Okanagan Lake. Classes from beginners to bronze medallists are held. Children will receive able instruction in swimming from the instructors in

well organized classes, the nominal fee of 25 cents enabling a child to become a competent swimmer in the Rotary sponsored project. Entry forms are available in Summerland stores and further information may be obtained from Mrs. Hyde. Classes for older swimmers, who have completed the bronze medallion training, and for adults who wish more advanced training are being organized by Miss Fudge. These classes

are not sponsored by Rotary and are of particular benefit to the more advanced swimmer wishing extra training.

Classes will include life saving, award of merit adult classes, synchronized swimming, and general swimming instruction for older swimmers. Miss Fudge is now organizing evening classes and will book private lessons for any person. She can be contacted at HY4-5906.

1st Summerland Troop

At Monday's meeting two recent recruits, Bob Dunsdon and Bob Steuart were invested. Bob Dunsdon is a member of the Buffalo patrol and Bob Steuart of the Beaver patrol. The Buffalo patrol accompanied the Group Committee work party up to the Faulder campsite and the other patrols climbed up Giant's Head, back of

Trussell's to work on trimming up fir trees previously cut for Christmas trees. The party was under the direction of Sandy Fenwick.

Next meeting will be the last of the season before summer camp. A letter will go out to parents soon regarding summer camp which is proposed for Cathedral Lake on July 18 to 24.

Institute hears report of provincial convention

A plant exchange and hats of living plants were the order of the day at the regular meeting of the Women's Institute held at Mrs G. Dinning's beach home at Trout Creek. From the collection of the latter, one could have a green salad complete with salt and pepper, fruit deserts, vases of flowers and potted plants or a watering can. Most artistic prize went to Mrs Gordon Ritchie for "Tropicana", a watermelon half scooped out and decorated with fresh dates, bunches of grapes and other exotic fruits. Mrs A. Inch won the originality prize with "Watering Can".

The program featured the report by Mrs H. R. McLarty of the Biennial Provincial Convention held at UBC with 147 delegates representing 251 Institutes with 4,500 members.

The retiring president, Mrs. Partington of Francois Lake, reporting on two years' work, reviewed the various assistance projects. The Lady Aberdeen Scholarship Fund, presently assisting two young women from under-developed countries to study in Canada, aims at a foundation fund of \$30,000 to support five. Following up the 65th anniversary project of assistance to Eskimos and Indians of our north, the United Nations is being asked to make this a UNESCO project. Financial support for the Children's Hospital and Queen Alexandria Solarium continues along with gifts and used stamps sent for occupational therapy. The Memorial Fund, which provides scholarships in agriculture or home economics at UBC for sons or daughters of WI members has sent six young people and has available two \$250 amounts to be ap-

plied for by July 15. The Otho Scott Fund, closed, has provided medical help for nine children. Proceeds of the World Refugee Fund were used in West German camps to buy shoes for children and for business training for a young woman who, with her mother, has since come to Canada. Sale of cookbooks has built up a savings fund of \$5,000.

Mrs. Haggerty, national president, spoke of the restoration of the home of Adelaide Hoodless, Institute founder, in Ontario, furnishings for which are still being sought in the Ontario period of 1880. Then, under the caption of "Open Doors" she evaluated the 65 years of the Institute's existence.

Special emphasis was given to the West Indies which have been "adopted" for aid. Following a film on Barbados, a young woman was introduced whose husband is on a two year scholarship and who is to be assisted in taking a home economics course which she desires before their return home.

Mrs. McLarty thanked the members for sending her, and was in turn thanked for her report.

Other business included a lesson in Russian, counting to ten under the direction of Mrs Procuranoff; a plan to buy two dozen dolls to dress for the fall bazaar October 20; a new B.C. Tree Fruits competition; the International Border picnic in Washington July 17; and the 1964 Tweedsmuir competitions.

Tea hostesses were Mrs A. Inch, Mrs S. A. MacDonald, Mrs Moors, Mrs Procuranoff, Mrs G. Ritchie and Mrs H. Whitaker

A new Bonanza

It is only a few weeks since the pegging of the Canadian dollar at its new low value of 92½ cents US, but already there are indications as to who is going to pay the price for helping the Canadian exporter. Finance Minister Fleming said some time ago that the national benefits of devaluation can only be achieved if the line is held on domestic prices. Events of the past few weeks indicate that the minister's hope, which was apparently based on a belief in the morality of those in control of business, has already been destroyed.

International operators moved quickly to prevent lower-priced Canadian products interfering with their worldwide price structure. Price of most grades of Canadian crude oil were increased 10 cents a barrel, in order that cheaper Canadian oil would not undercut the price of oil production in other countries. Similarly, the domestic price of nickel has gone up 3½ cents a pound; copper is up 1½ cents a pound; wheat is up six cents a bushel. B.C. lumber producers are taking advantage of the new situation. They are getting more Canadian dollars for their exports, but this isn't enough. The domestic price has gone up about 10 percent, in the

past few weeks. After all, it wouldn't be fair if we could buy our own lumber, for less than the Americans are paying for it.

Importers are not missing out on the bonanza. Vegetables and fruit are up 25 per cent allowing for the devaluation and quite a bit more to boot.

Another burst of inflation seems inevitable. Once again it is the consumer who will be caught in the squeeze, while production and industrial profits go even higher. With the rise in the cost of living there will come renewed demands for higher wages.

And labor will get the blame for the whole thing.

PEACEFUL FEELING

The psychiatrist turned to the child's mother and advised, "I will see Johnny next month, but you need help yourself. You are upset and worried about the child, so I suggest you take one of these tranquilizers each day until I see you again."

A month later the mother brought the child back.

"How is Johnny getting along?" the doctor asked.

And the mother replied, "Who cares?"

Dad's big job

by Rev D. M. Rathjen

"The steps of a good man are ordered by the Lord; and He delighteth in his way". Psa. 37:23

What a happy privilege it is to pay tribute to Dad on Father's Day. He's a mighty important fellow in the home. His job is a big one, with a family to support, a community to help build and an example to set. It takes a good man to do all that. Perhaps Dad feels he has missed the mark and is not worthy of the tribute paid him. The text quoted should be an encouragement for him to try again with God's help; for no man has yet been all that he ought to be without the aid of the Lord.

God, Who has placed Dad at the head of the home, is able to supply the wisdom and grace needed for such a responsible task. He will be the good man he ought to be as God guides his feet and those of his family and associates that follow in his steps will be led into "the path of the just which shineth more and more unto the perfect day" (Prov. 4:18) and "into the straight gate that leads to life eternal" (Matt. 4:14).

Succeeding Don Forward of Kitimat as president of B.C. Chamber of Commerce is Ralph D. Baker, president of Standard Oil Co. of BC. The provincial group represents 124 local boards of trade and chambers of commerce throughout B.C.

Why do teens smoke?

by Rev. George Leasor

The American Cancer Society invited ninety teenagers to a conference to endeavor to find out why teenagers smoke. After a two day discussion, the young people agreed that "so long as cigarette smoking is a common and socially accepted habit it will be difficult to keep young people from smoking, no matter what the risks are to their future health".

In small discussion groups, the students came up with these main reasons for their smoking: to gain social status; to be one of the crowd; influence of parents who smoke; to get attention. It seems obvious from these conclusions that the influence of parents and socially respected persons is highly responsible for the smoking habits of the youth of our society.

In their effort to be "grown up" they are adopting the social image that is most often presented to them. There are moral, spiritual, physical, economic and social aspects to this teenage smoking habit.

What will be done about it? I am not very optimistic at this point — for I would guess that probably nothing will be done to halt this trend. What could be done? Two things at least. Set a different example. Enforce sane discipline, relative to smoking, on the teenagers in the home.

Set new record

The Summerland students contestants reached a new high point when they appeared on CHBC TV against a team from the South Okanagan High School. The secondary school contestants reached a new high point with an average of 510 points. Left to right, Florence Johnson, Donna Powell, Howard Oxley and Gerald Turnbull.

The Turning Point:

The verdict is yours

by

Elmore Philpott

Liberal Candidate For

Okanagan-Boundary Riding.

The election campaign is over now. All the speeches have been made. All the arguments have been threshed out.

It is now up to you, Mr. and Mrs. Voter. The verdict is yours. I do not ask you to vote for me — for in all my life I never yet asked anybody to do that. But I am really proud to ask you to mark your ballot with an X after the name of Philpott, in order to get a clear cut Liberal victory.

Only the Liberals offer a practical alternative to the Tory government which has made such a muddle of things, by its indecision and confusion.

But make sure that you give

the Liberals the tools to do a good job. Make sure you elect Pearson prime minister, with a fair majority behind him.

Make sure that this election does not end at dead centre, where the deadlock would make ANOTHER ELECTION NECESSARY.

And avoid, like the plague, those groups which actually WANT a deadlock.

If you believe that mine is a steadfast and sincere voice get that voice working for you INSIDE the new Liberal government.

But, however you vote, good luck to you.

And in all sincerity, thanks a million for reading these bits over the last several weeks

Animal researchers meet in Penticton

Mayor M. P. Finnerty welcomed members of the Western Section of the Canadian Society of Animal Production, as the group opened its convention in Penticton on June 7 and 8.

Hon. Frank Richter, provincial minister of agriculture, welcomed members to B.C. and noted that livestock was one of the brightest sectors in the province's agriculture.

The first day's program centred around a symposium on Ruminant Physiology with an additional talk on the suitability of carcass grade standards. On the last day, research papers were presented, an annual meeting was conducted, and there was a brief tour of the Research Station. At the conclusion of the tour of the animal science facilities, Mrs. J. E. Miltimore and the staff served coffee and cake.

Deputy minister of agriculture Wm. MacGillivray paid tribute to the high technical

level of the papers and pointed out that such deliberations were only useful when the ideas were applied by livestock producers.

A film of the Douglas Lake Cattle Company by the National Film Board was shown by S. R. Cannings, president of the South Okanagan Naturalist Club. He also showed slides of animals, flowers and scenes of the South Okanagan.

Elected secretary of the branch was Dr. J. E. Miltimore of the Summerland research station.

A resolution was passed asking that carcass grade standards be adjusted to reflect the cut out value of a carcass and that this value be transmitted to the producer. Otherwise there would be no real incentive to breed higher quality carcasses.

Kiwanis Club Notes

Twenty-eight Kiwanians attended Tuesday night's regular meeting, including four visitors from Oliver, and Bud Rusaw, a prospective member for this club.

Jack Towgood reported on a delegation visit to Oliver to assist and encourage them in the formation of their infant club.

Jim Schaeffer reported that in the recent gas voucher sale, approximately \$275 will be cleared, all of which will be plowed back into the town in various Kiwanis projects. Too much credit cannot be given Hardie's Service for its generous part in this venture by turning over to the club the entire profits.

An invitation was received a golf tournament in Penticton on June 17. This is for all Kiwanians in District 5. George Henry, and it is hoped others from here will take part.

The club was delighted to hear that Howard Oxley has won the Kiwanis scholarship.

Remaining June meetings will be held in the Legion Hall, after which if it ever warms up, the annual practice of lawn party steak dinners will probably be resumed.

Guest speaker Gordon Ritchie took the club along with him in a series of very wonderful colored slides of Panama, Tahiti and New Zealand.

The quarterly meeting of the United Church Women was held recently with a good attendance. The devotional was taken by Mrs J. Mayne.

Reports of activities were heard from all Circles. In lieu of the regular monthly meetings the group broke up into Circles for 15 minute meetings to discuss business.

"Let this mind be in you, which also was in Christ Jesus" was the theme of a challenging and inspirational address by Dr. Nora Hughes, BA, MA, PhD, BD at the inaugural presbyterial meeting in Kelowna this spring, and was presented by tape recording to the group.

Dr. Hughes has been elected the first women president of the United Church Conference in B.C. and is now the minister of Ganges United Church, Salt Spring Island. She was the author of all addresses used throughout Canada in inaugural meetings of local, presbyterial and conference groups of United Church Women.

The meeting was followed by a social hour and refreshments.

Red Sox drop two to Keremeos Sunday

The Summerland Red Sox dropped two close games to the third place Keremeos Rattlers in a double header played in Summerland on Sunday. Final scores were 6 to 5 and 2 to 1.

The first game was scheduled for seven innings but the Red Sox tied it up in the last of the seventh to force extra innings. Keremeos scored three times in the ninth and Summerland came right back with two but it was not enough. Terbasket was the winner while Skinner took the loss.

The second game was a thriller all the way. Keremeos scored once in the first and

held the lead until the fourth when Ken Pushkerenko drew a walk and Ken Beggs drove out his second hit of the game to score the tying run.

Keremeos came back with a double and a single in the fifth to take the lead and hold it for the win. The Red Sox loaded the bases in the final inning but were unable to score as a double play ended the game. The winning pitcher was Broderick and the loser Sheeley.

The next action for the Red Sox will be this Sunday when the second place Vernon Juniors will be in Summerland for a single game starting at 1:30 p.m.

Line	Score	R	H	E
Keremeos	000 11	103-6	11 0

Fishing News

by Bert Berry

The weather has played a factor on fishing this season. It seems that we can't get two good days together. We hope that from now on this will change and give better fishing for all.

Okanagan Lake

One good fish caught last week by A. McLean, just under six pounds. Lots of good catches of smaller fish.

Agur Lake

Fish up to 3½ pounds caught, but very moody.

Fish Lake Camp

Good report from here.

Headwaters Fishing Camp

Few reports, all fair to good.

Silver Lake

Was slow, but has good fish in it.

Garnett Valley Dam

Slowing down but still producing good catches.

Shannon Lake

Good reports of perch and small bass.

Rose Valley Dam

No reports but should be OK, especially if you can keep from snagging!

Pirates lead Little League

In the Little League baseball Pirates are still undefeated, and the rest of the league will have to bear down to trip them up. The other teams are bunched up and it will be a close race to determine second and third places.

Last week Angels lost to Dodgers 17-11; White Sox over Trout Creek Tigers 15-12; Pirates over Yankees 10-2; and Dodgers 23; Mounties 4.

Next week on June 13, the Dodgers meet Tigers; Pirates against White Sox on June 14; Angels take on White Sox on June 15; Angels vs Yankees on June 19; and Mounties against Trout Creek Tigers June 20.

From Sunny California —

Chewy Raisin Graham Brownies

The caramely raisin graham brownies are the jiffy kind that today's homemakers love. Combine California seedless raisins, chopped walnuts and crushed graham crackers with eggs and sugar. Add a pinch of salt and a few drops of vanilla then bake. They come from the oven chewy and soft inside with a crispy macaroon-like top crust. For a dessert of distinction, cut while warm in big squares and top with frosty ice cream. For picnics or snacking, cut in smaller squares or bars.

RAISIN GRAHAM BROWNIES

- 2 eggs
- 1/2 cup brown sugar (packed)
- 1/2 cup sugar
- 3/4 cup California raisins
- 1/4 teaspoon salt
- 1/2 teaspoon vanilla
- 1 cup fine graham cracker crumbs
- 1/2 cup chopped walnuts

Beat eggs and beat in sugars. Stir in raisins and remaining ingredients. Turn into greased 8-inch square pan. Bake in moderate oven (350 degrees F.) about 35 minutes. Cut while slightly warm. Makes 16 cookie squares or 9 dessert squares.

Timely Travel Tip Can
Save worry-money, too

It can be mighty embarrassing when you run short of ready cash while travelling. Yet no one likes to carry around large sums of cash because there's always the danger of loss or theft.

What's the answer then, on your next vacation or business trip?

More and more people are finding the easiest and safest way to carry funds for travel purposes today is in the form of B of M travellers cheques. Any bank in Canada and most hotels and stores will cash them readily — because you counter-sign each cheque only when you cash it.

Thus the person cashing it knows right away that you and only you are the rightful owner. This feature makes B of M travellers cheques useless

to everyone except their purchaser. What's more, if your B of M travellers cheques are lost, destroyed or stolen, the Bank replaces them.

So before you set off on that next trip, stop at the Summerland branch of the Bank of Montreal and buy as many travellers cheques as you think you'll need. The service charge is negligible and the peace of mind is wonderful.

Don Carmichael, the accountant, or any member of the staff will be glad to help you make any other arrangements for your travel financing. If your trip is an extra long one and you need a large sum, travellers letters of credit are available from the B of M and if you are going abroad, there are special travellers cheques available at every branch.

Here are a couple of specials this week that it would pay you to look into:

Lakeview Property

Highly producing lake view orchard, with 2 bedroom house. Would be ideal for subdividing. \$14,000 on very liberal terms.

Orchard Land

Nine acres of best orchard land in district, fully planted to best varieties. Has real good return each year \$16,000, small down payment, balance one-third crop

A top notch marksman, Ken scored 96 and 99 (out of a 100) in the 16 yard event and 92 and 89 in the handicap event.

Summerland's young telly-quizzers are still going strong. Up against Penticton high school this week, the Summerland group romped away with a convincing win of 340 points. One last, fast question gave the students an extra 10 points, putting them up to 350, and giving them an extra \$50 award money. Penticton counted 190 points.

Talking of TV, we thoroughly enjoyed the election coverage by the CBC Monday night. A clear indication that television can grow up when it tries.

A small pressure can type fire extinguisher sitting in the back window of John Gray's car became heated by the sun and exploded, blowing out the back window of the car, as well as scattering things around inside the vehicle. Fortunately for the Grays, who live on Station Road, no one was in the car at the time.

The Eric Tait's and sons Donald and Ian spent last week end in Revelstoke. They took a drive on the new Rogers Pass highway and are full of enthusiasm over the road and the wonderful scenery along it. It is planned to have the road open by the end of July and no doubt plenty of Summerland people will have an opportunity to see the scenery which up to now has only been visible by train.

At a two table bridge party last week at Miss Howden's home in Trout Creek, with Mrs. Florence Howden and Mrs. Harper at one table and Mrs. Mrs. T. B. Young and Mrs. Isabel Nelson at the other table, both bid and made grand slams in diamonds simultaneously.

Because of exams, the junior baseball game scheduled for here on Sunday, was cancelled. Next home game, for the Red Sox will be Sunday, July 1, when they meet Kelowna.

CHBC-TV will show the Reach for the Top programs which Summerland students participated in at the coast. On June 26 at 7:30 p.m. they will show the match with the Greater Victoria team; and on July 3 the match against the composite Vancouver team.

No need to boil water

Good news for Trout Creek residents. The water in their new line has been okayed by the South Okanagan Health Unit and can now be used for drinking purposes without prior boiling. The System has been turned on for some weeks now and the residents have been enjoying good pressure. However, until the final Health Unit test it was not considered satisfactory for drinking.

To date almost 150 home owners have signed up for domestic water with approximately half of them now hooked up to the system.

DAVE PUGH Re-elected

PUGH RE-ELECTED

Conservatives form minority government

Some Summerland voters have changed their minds since 1958, but enough voted Conservative in Monday's federal election for David Pugh to top the polls locally.

In the 10 polling divisions of Summerland, Mr. Pugh received 762 votes; F. D. (Jack) Shaw, Social Credit received 251 votes; O. L. Jones, NDP, 423 votes; and Elmore Philpott, Liberal, 285 votes.

In the 1958 election votes were Conservative 1,076; CCF 407; Social Credit, 276 and Liberals, 210 votes.

1,991 voters turned out in Summerland on Monday to vote, as compared to 1,979 in 1958.

Total votes in Okanagan-Boundary were Pugh, 8847; Jones 7851; Shaw 6698; and Philpott, 4974.

Across the country, of course it was a different story, with the Conservatives having their 208 seats reduced to 118; with Liberals receiving 97; Social Credit 30; and NDP 19 seats.

Prime Minister Diefenbaker has indicated he plans to lead a minority Progressive Conservative government for the second time in five years.

When the prime minister first took office in 1957 he carried a minority government. A year later his party swept the country.

When the Liberals present their first non confidence motion in the Commons, it will be up to Social Credit and the NDP to decide whether to sustain the government. Together or separately the two splinter parties hold the balance of power in that situation.

A record vote across Canada of over 7,500,000 was indicated. Only party leader defeated was T. C. Douglas, new NDP leader.

How long the Conservatives can hold power depends on

how Social Credit, surprising third place finisher behind the Liberals in Monday's general election, and the New Democratic Party vote in the 25th Parliament, likely to be convened this fall.

In a press statement Tuesday, Mr. Pugh said "it was an extremely tough fight. For the first time in history, four ex-MP's ran against each other and this made it tough.

"I would like to thank the people of this constituency for re-electing me and thank also my supporters for the tremendous job they did.

"Also, I would like to congratulate my opponents for making this such a wonderful fight. I've enjoyed this campaign and was delighted to get around and see so many people.

In this election here were no candidates who lost their deposits. In 1958, both the Liberal and Social Credit candidates were unable to poll enough votes to save their deposits.

Art Club showing three films Monday

The Summerland Art Club is presenting three films on Monday, June 25. The public is invited to the showing which will be held in the Red Cross room of the regional library, starting at 8 p.m.

The first film is "From Renoir to Picasso" an essay in art criticism. It describes and compares styles of Renoir, Seurat and Picasso. The film was a winner at the Venice Film Festival.

"Pottery in the Gold Coast" deals with the education of native craftsmen as potters at Ashimoti College on the African Gold Coast.

The third film, "The Open Window" is a discussion of art in the world of nature. Several landscapes of Great Britain and Europe as recorded on the canvasses of the greatest painters of each country, are shown and commented on.

The three films take approximately an hour to show.

Services for Boer War veteran

James Clarence Morris, a veteran of the South African War, passed away in the Summerland General Hospital on June 13 at the age of 88 years.

Surviving are two sons, Alfred of Chilliwack and William of Enderby; four daughters (Kathleen) Mrs. E. C. Grant of England; (May) Mrs. T. G. Fookes of West Summerland (Mary) Mrs. Austin Steeves, New Brunswick; (Dianne) Mrs. Ray Farrell of Ontario, 26 grandchildren and five great grandchildren.

Funeral services for the late Mr. Morris were conducted from the Roselawn Funeral Home on Saturday, June 16, with Major Wm. Carey officiating, Interment Peach Orchard Cemetery. Mr. Morris was a veteran of both the Boer War and World War I. Members of Summerland branch 22 of the Royal Canadian Legion were in attendance and conducted a graveside service.

Legion members were pallbearers, and honorary pallbearers were veterans of the Boer War, all over 80 years of age. They were Captain Bowen-Colthurst of Naramata Road, J. L. Middleton and A. S. Hatfield of Penticton; J. Ellis and James Scott of Summerland.

Classes finish

The Interrupted Education Classes, sponsored by the night school program this past winter, have finished for the season. Thirteen adults completed the courses. Departmental tests are now being written.

This fall the classes will resume with courses being offered in Maths 30 and 91 (combined course) or combination of Science 10 and 20 and Chemistry 91. Anyone interested in these particular courses should contact Bob Chalmers at the high school.

To acquaint parents with the new methods of teaching mathematics in grades 3 and 8, a 10 week course in what the new method entails, will be held next fall.

Child drowns at Thirsk

An accident at Thirsk, 24 miles west of Summerland, on Sunday claimed the life of 2½ year old Karen Rubner. The youngster was found drowned in Trout Creek, after a search when her parents discovered she was missing.

The accident happened at Clark and Lacey's logging camp where her father, Bruno Rubner is employed.

After Karen was discovered missing, a quick search was made, and then RCMP were called in. There was a log jam across the creek and men were stationed each side of the stream and a bulldozer removed the logs. Her body, which had been caught in the log jam was recovered at 8:00 p.m.

An inquiry was held in Penticton the first of this week.

Yes vote for new fire hall

"Extremely gratifying" was how Fire Chief Joe MacLachlan termed the vote last Thursday on a new fire hall. There were 459 "yes" votes and 83 "no" with three spoiled ballots.

\$30,000 worth of 10 year bonds will be used bearing 5½ per cent interest. The building will cost \$40,000, but it is expected \$10,000 will be received from the winter works program.

Work on the building will commence this fall and it will the new fire truck and other fire fighting equipment. It will be built on the site of the present fire hall.

Forming Film Society

Formation of an International Film Society is being planned in Summerland for this fall. Films from several countries, which have won prizes at film festivals, will be shown. The films will be of all kinds, comedy, drama, etc and will be shown in the high school auditorium.

Membership in the Society, is \$5.50, which will be good for five shows. Membership tickets will be on sale soon.

Further information on the Society may be obtained from Mrs. Gordon Noel or Mrs. L. Lopatecki.

Films will be shown the third Monday of each month, with the first showing scheduled for September 17.

PEACHLAND YOUTH DIES

A 19 year old Peachland youth, Ronald Kraft was reported drowned Sunday in Lake Simpson, Yukon.

According to a report from his employers, General Construction Co. in Vancouver, Roland and two companions were fishing on the newly ice-free lake when a sudden squall overturned their boat.

Carl Anderson dies suddenly

Mr. Carl Joseph Anderson, formerly of West Summerland, passed away in Summerland General Hospital on Wednesday, June 20, 1962.

Besides his wife Helen, he is survived by two brothers, Joel and August, in Sweden.

Remains will be forwarded to Rocky Mountain House, Alberta, for interment by Roselawn Funeral Home.

Rose Show set for Tuesday, June 26

The Summerland Horticultural Society is staging its 1962 Rose and Flower Show in the Parish Hall, Tuesday, June 26. Exhibits must be in place by 3:00 p.m. as judging will start at 3:05.

The Horticultural Society particularly invites entries from persons outside their group, they are hoping for a good cross section of blooms from the whole district.

Class number one winner will be awarded the Summerland Rose Cup, presented yearly for showing six named varieties of roses, one bloom each, presented in separate containers. Classes 2 to 18 are rose displays and 19 to 26 will be

flowers of other varieties. No entry fee is charged.

W. F. Ward will be in charge of the show committee, and Mrs. Ward is taking care of arrangements for tea to be served during the show.

Oppose removal of libraries

At last week's municipal council meeting, opposition was expressed to removal of school library service as proposed by the public library commission through withdrawal of its grant.

Council was unanimous in thinking the service should be

continued and plans to bring up the matter at the July meeting of the Okanagan Valley Municipal Association.

One of the first schools which would be affected by the move is Summerland elementary, with over 600 students.

John Tamblyn heads teachers association

John Tamblyn, recently named acting principal of the Summerland Secondary School, has been named president of the Summerland Teachers' Association for the 1962-63 season. Mr. Tamblyn takes over the duties from Ray McNabb of the Trout Creek School who has served as president for the past year.

At a dinner meeting held in the Anglican Parish Hall, the teachers elected Mr. Ted Weeks as their vice president; Miss Amy Yamabe as secretary; Peter Andrew as treasurer; Ray McNabb as public relations co-ordinator, Austin Raham as agreements chairman; and Bob Chalmers and Des Loan as in-service education representatives.

Mrs. Maureen Roberge presented gifts to several teachers who are leaving the district. Miss Betty Aitken of the Trout

Creek staff, Miss A. Kohler, Miss P. Richardson and Mrs. K. Thomson, all of the Secondary School staff received gifts. Miss E. Goresky and A. J. Longmore, both on a year's leave of absence, received cards wishing them well.

\$10.00 fee for salesmen

At last week's municipal council meeting, it was decided to charge itinerant magazine salesmen a \$10 trade licence every six months to sell in Summerland, applicable to each salesmen. Applicants will also be required to hold a valid Central Registry licence.

Decision to charge a trade licence fee was brought about after complaints to RCMP by local residents of high-pressure magazine salesmen.

Youngsters installed in Little White Ribboners

The annual enrollment of Little White Ribboners, conducted by Mrs. J. Mott, was held in the Baptist Church parlors, June 15. Garry and Randall, sons of Mr. and Mrs. C. Miller, were enrolled.

Twenty-two ladies and seven children were present to hear Mrs. Grant speak to the mothers on their responsibility in

educating and bringing up their children to respect and love God.

Glenda Leasor and Tommy Rothjen each sang a solo after the enrollment ceremony.

WCTU members from Penticton were entertained at this meeting. A lovely lunch was served.

Excerpts from Kay's Tours

(The 1962 edition of "Kay's Tours", an informative magazine on the tourist attractions of British Columbia, will soon be on the newstands. The magazine is published by Mrs. Kay Norstrom of Summerland, who has been issuing her tours since 1957. The following is an excerpt from this year's edition.)

"It is good to see that the beauty, and potential for recreation in the midst of our lush forests (through the Eagle Pass between Sicamous and Revelstoke) is finally being understood and utilized. You may now give the children (and yourself) a rare treat, with its setting in one of British Columbia's natural woodlands at The Enchanted Forest, 20 miles west of Revelstoke.

"Brew a magic potion and allow yourself to drift up the path high above the roadway and into the land of fantasy; where the knell to fallen moss covered tree trunks and grotesque roots, spells a home for the story-book characters who people the woods, and speak their own mysterious language.

"Posies nod gaily . . . mushrooms peep shyly . . . fairies sway daintily from cobwebby swings suspended between the branches. Froggies "would a-wooing go" as they play their guitars . . . the Three Little Pigs live in "three little houses" which are waiting to be "huffed and puffed in" . . . Johnny and Petunia Skunk are wondering if Jack will make the Beanstock . . . the Cow jumps over the Moon, and the Witch holds forth a poisoned apple from a hollow tree. Perhaps a crowning feature of the 50 scenes along the one-half mile of carpeted paths in the five acres, is Snow White and the Dwarfs, and their dwelling-place with the crooked roof.

Live Jays flit from tree to tree in the blue above, and in reality one may look down upon the passing motorist. More than 8,000 persons placed a stamp of approval (in the few short weeks which followed the opening in 1961) on this new addition to the Trans-Canada attractions.

Pre-school children are guests; adults 50c and grades one to eight 25c.

New parks in Canada

This summer another Canadian national mountain park will be opened to the motoring vacationer when the ribbon is cut for a highway between Golden and Revelstoke, B.C. The new 90 mile mountain road is the last gap in the paved Trans-Canada Highway and opens up Glacier National Park to highway travel. Previously this 521 square mile park could only be reached by railway.

The new road also opens up part of Revelstoke National Park to the motoring vacationer, its route being along the southern edge of this 100 square mile park best known for its winter ski championship jumps. The 90 mile road has been the longest to build through the area because here are the heaviest snowslides among the 10,000 foot mountains. The road had to be protected against avalanches, making it safe for summer car travel.

The area is along the Illecillewaet Glacier, a region of snow-capped mountains which annually bring mountain climbing enthusiasts to Glacier National Park. Here also will be seen mountain sheep, wild mountain flowers and magnificent scenery. There are some hotels in the area and new motor car campsites in both parks.

Revelstoke and Glacier are two of almost 40 national parks across Canada. Some are small historic sites with some acres of parkland, others cover hundreds of square miles. Two of the largest of the parks are Jasper with 4,200 square miles and Banff with 2,564 square miles of mountain area. In every part of Canada and so close to every part of the international border with the United States, there are national parks for summer visitors.

In the east the newest preserve is Terra Nova National Park in Newfoundland, on the main highway across the island province. Newfoundland can be reached by car ferry, an overnight trip from Sydney, N.S., Port-aux-Basques at the southwestern tip of Newfoundland. Or it can be reached by air from any part of the eastern United States and Canada to the capital city of St. John's.

Shower held in honor of Evelyn Hoffman

Miss Evelyn Hoffman, June bride-elect, was honored at a shower held at the home of Mrs. David Cox, Station Road on Monday. Hostesses were Mrs. Cox and Mrs. Julian Ask. The guests were entertained with many enjoyable games during the evening. Miss Hoffman received many lovely and useful gifts presented in a large box tastefully decorated and topped with a large pink heart. Following the presentation the guests enjoyed a delicious luncheon.

Guests of honor were the bride elect and her mother, Mrs. Paul Hoffman; the groom's mother, Mrs. O. Ask; Mrs. D. Fountain and Mrs. D. Taylor. Other guests included Mrs.

Sam McAdam, Mrs. Lois Bolton, Mrs. Tom Scott, Mrs. H. Schaefer.

Unable to attend were Mrs. Larry Martin, Mrs. Alfred Coffy, Mrs. K. Arase; Mrs. Len Barrett and Mrs. Helen Dymoski.

During the luncheon Evelyn cut a lovely cake, topped with a miniature bride and served the guests.

Picnic held on Sunday

Twenty-four relatives and friends of the Gartrell families gathered at the Research Station for a picnic on Sunday, June 17.

The occasion was in honor of Miss Barrie Gartrell, daughter of Mr. and Mrs. Bill Gartrell of Penticton, and her fiancé, Mr. David Fitzsimons both visiting Summerland from the Eastern United States.

Miss Gartrell is employed as a fashion co-ordinator with the U.S. Rubber Company in New York City.

Locals

Mr. and Mrs. J. Y. Towgood and her mother, Mrs. W. Baillie are visiting, with Mr and Mrs Gordon Baillie at Prince George.

Mr Lloyd Gartrell, Trudy and Colleen are in Vancouver this week, where Trudy will be undergoing medical treatment.

Mr. Alex Inch/ is in Victoria this week attending a welfare administration meeting.

RCMP Constable James Rice, Mrs. Rice and daughter of Red Deer are visiting his aunt, Miss Doreen Tait and other relatives

Missionary groups here

On the evening of June 14, some 65 women met in the parlors of the Baptist Church for the annual get-together of the missionary auxiliaries of the South Okanagan. Represented were Kaledoen, Peachland the John Hart and David Phillips circles of Penticton and this year's host group, the local Shirley Knight Circle.

Mrs. Lorne Bloomfield, Summerland president, welcomed the visitors to the buffet supper convened by Mrs. L. Kennedy, Mrs. M. Procuranoff and Mrs D. McWhinnie. Following the supper, she then introduced Miss Vera Davies of Penticton, to whom she handed over charge of the program. Under Dr. Flora Barr's direction, members of the John Hart Circle presented a living reproduction of Leonardo Da Vinci's painting "The Last Supper" in front of a backdrop made by the painting of the Jordan Valley in the church auditorium, the twelve bearded actors costumed in the soft jewel colors of Da Vinci's picture entered silently to take their places behind the long white clothed table where a vacant chair occupied the central place. One by one each reviewed the events of his earthly-life as based on biblical times and traditional references.

Two beautiful duets were given by Mrs E. Danallanko and Mrs. Asay.

After the meeting an opportunity was given for visiting with old friends and making new ones.

Elks Lodge organizing here

Organizational work is now under way for the formation of a Charter Lodge of the Benevolent and Protective Order of Elks of Canada in Summerland and District.

Students in recital at Penticton

The Registered Music Teachers Association (Penticton branch) is holding a student recital, open to the public, this Friday, in Penticton High School at 8:00 p.m.

The program will consist of piano and vocal numbers three items from each member-teacher of the Association.

Summerland pupils of Miss Kay Hamilton appearing Friday evening will be: Bob Burtch (Albumbblatt by Beethoven), David James (Allegro by Kuhlau), and Shari Randle, Graydon Ratzlaff and Lenard Geres (in a trio, Rosemary Waltz).

tional work and to see that the Lodge is properly founded.

The B.P.O. Elks of Canada is a community fraternity of friendship and service, non-political and non-sectarian. Elks Lodges provide a common meeting ground for men of all religious groups and all walks of life where they make take part in community and social activities.

An inviting fact, too, is that the B.P.O. Elks is strictly a Canadian order, with its Grand Lodge in Winnipeg, and therefore all Lodge money remains in Canada.

Since its inception in 1912, the Order of the Elks, through its unselfish devotion to charitable and community service work has well merited the respect, confidence and praise of the many communities throughout Canada in which Lodges are located.

Former members of the Elks are asked to contact Walter Baker at the L & L Motel in West Summerland.

Kiwanis Club Notes

Tuesday evening 26 were present, including Hans Stoll, who was giving the club a speculative "once over".

Jerry Hallquist celebrated his 39th birthday. He certainly neither looks nor acts it. This event brought much money to the coffers. Curiosity and aversion went into sharp rivalry. Some bid for Jerry to sing "Happy Birthday" to himself, while others bid to have him keep quiet.

In Jerry's election sweep, first prize went to Jim Schaeffer. In this deal the club was enriched by about \$40. Good for you Jerry, you've done it again.

Don Randle reported on the school bus shelters. There was only one thing he needed — more help.

President Walter reported on last week's visit to Oliver, where he went to assist them in organizing their new Kiwanis club.

At least one more meeting will be held in the Legion Hall, when it is expected the club will revert to its regular summer practice of lawn steak dinner meetings.

Freddie Schumann told a fish story which was much too rank to repeat.

Edgar Dewdney, Penticton lawyer and Kiwanian, gave an enlightening talk on wills. The club's interest was evidenced by the many questions asked at its conclusion.

Fishing News

by Bert Berry

Most reports in from last week showed good fishing in nearly all lakes.

Okanagan Lake

One 10-pounder caught and lots of limit or near-limit catches on smaller fish this last week. Really good bites here.

Fish Lake Camp

Good reports from here both on Fish Lake and the upper lakes of this area.

Agur Lake

No reports, but if you can hit it right, should be good.

Garnett Valley

Spotty results from reports last week. Some good reports, some only fair.

Headwaters Camp

Nice reports from here. All lakes of this chain good.

Silver Lake

No reports, could be good.

Shannon Lake

Getting better for perch and bass.

No confirmation on Hathume Camp or Pennask Lake yet. Roads definitely not good for standard cars by last report, but should be open very soon.

Shooters take part in Kelowna meet

Five members of the Summerland Rifle Club took part in the Kelowna Rifle Association's invitation shoot on Sunday. Although the weather was sunry and hot all day, a fresh wind and mirage challenged the skill of the contestants, especially during the fifteen shot match at 600 yards.

Local shooters who attended the meet were Alex Kalinin, Jim Sheppard, Raymond Maddocks, Frances Bentley and Herb Simpson. Roy Bertram and Mrs. Jack Bentley also attended the shoot, but did not compete.

Entering competitive shooting for the first time, Frances Bentley, shooting in the junior class placed first at 500 yards, second at 200 and 600 yards and second in the junior aggregate. Raymond Maddocks and Jim Sheppard were money winners in the tyro class with Raymond placing second in the tyro aggregate. Senior placing was won by Walt Cousins of Penticton, with Doug Smithson, Penticton taking the high tyro award.

Practices are being held at the Garnett Valley range every Tuesday evening, commencing at 7 o'clock. These evening

shoots are proving popular with shooters who are unable to attend practice on Sunday morning.

The Penticton Fish, Game and Rifle Club will hold their invitation shoot on Sunday, June 24th on the West Bench Range, and it is hoped that Summerland will be well represented at the meet.

Under the Giant's Head

Summerland residents wishing accommodation are invited to place their application on the waiting list of the senior citizen's home, Parkdale Place. It was brought to council's attention at the Tuesday night meeting that although Parkdale Place presently has an opening for one lady, they do not have anyone on the waiting list. Reeve Norman Holmes suggested that vacancy notices should be posted at the municipal hall. The reeve noted that with the fairly large capacity of Parkdale Place, there is bound to be tenant fluctuations but it is hoped to build up a substantial waiting list in order to keep the rooms full at all times.

"Helen's Golden Flasher", a beautiful golden palamino horse owned by R. (Dick) Parmley of Penticton will be coming up to Summerland tonight to call on an old friend. Mr. Parmley is bring the 13 year old stallion to Summerland to the home of Jack Sproule, owner of the Pleasant View Service. Mr. Sproule trained Flasher for show work some years ago and is going to give Mr. Parmley some pointers in handling him. The showy horse comes to Penticton from the Golden Gates Ranch near North Battleford, Sask. and is renowned throughout that province for his work both in the show ring and on the parade ground. Well versed in the art of handling show horses, Mr. Sproule tells us he is probably the only man in Canada who has trained both heavy draft horses and light show horses for the Royal Winter Fair in Toronto.

Ken Blagborne, who says he would rather trap shoot than eat, retained the 16 yard trophy in Vernon on Sunday. He won the same trophy earlier this year. Sunday's score was a decisive 50 hits out of a possible 50. He and his son Ray are off to Tonasket, Wash. this Sunday for a trap shoot where Ken hopes to pick up a few more prizes.

Local RCMP have issued a warrant for the arrest of J. P. LaFlamme for obtaining money by false pretenses. La Flamme is a magazine salesman and is charged with using fraudulent tactics in selling.

Corporal Larry Marton once again asks home owners to be sure that any salesman they are dealing with has a proper municipal licence. He requests any person who is in doubt about a salesman to contact a member of the local detachment.

Works superintendent Ken Blagborne reports that the arena machinery is making ice smoothly in preparation for summer skating which starts next week.

DIES SUDDENLY

Mr. Nels Jardie passed away suddenly at his home in West Summerland, Tuesday, June 19, at the age of 77 years.

Born in Kragery, Norway, he is survived by one son, Alf, at Whitehorse, Yukon, three sisters and two brothers.

Remains were forwarded to Vancouver for burial.

Ice Skating in Arena starts on July 2

The Summerland Arena will open on July 2nd for a two month Summer Skating School. Summerland figure skaters will be joined by skaters from Nanaimo, Kamloops, Salmon Arm, Vernon and Penticton.

Arrangements have been made with the Curling Club for the use of its club rooms as a dormitory for outside skaters.

It is planned to have two patch sessions per day, followed by a two hour free skating session morning and evening, with dance sessions held twice weekly on Tuesday and Friday evenings.

Skaters may enroll at any time for all sessions, or if they wish just for dance lessons. Dance ticket for the season is

\$7.00, and single admission 50c.

The school has been very successful test-wise, with last year's pass rate being 96 per cent. A skater who is willing to work hard can achieve a test with as little as one month's summer school. This is about equal to a winter season of skating.

The Summer School offers

skaters a real opportunity to advance their tests and their skating. Many of our young skaters may use this pleasant sport to make their living in the future.

Council briefs

Councillor H. J. Barkwill reported Tuesday night that hospital administrator Harvey Wilson and architect Roy Meiklejohn of Penticton were in Victoria on June 11 discussing the proposed new hospital with BCHIS construction manager, A. W. E. Pitkethrey. They discussed room layout treatment facilities and the type of construction suitable for Summerland. Mr. Wilson gave a report to a recent hospital board meeting and the board commissioned Mr. Meiklejohn to prepare sketch plans of the proposed building.

Ken Blagborne reported that the road oiling is going along according to schedule. At the moment the Trout Creek section is being oiled with plans to do Quinpoole Road next, then Prairie Valley and Station Road. The lesser side roads will be done last. He also reported that a dispute has arisen regarding the placing of a sidewalk and the advice of a professional engineer will be asked to establish property lines.

The municipal insurance contract for \$96,000 was awarded to Leonard's Insurance Agency, agent for Fruit Growers' Mutual. Bids were received from Fruit Growers' Mutual with a premium of \$826.56 and Read and Pruden with a premium of \$835.20. The contract is for three years.

Debentures for the new fire hall are now being offered for sale. Bonds are in \$1,000 denomination and bear five and a half per cent interest.

Tenders for removal of the old fire hall will be called for July 26, with the building to be removed by September 30.

Work on the new fire hall will start October 15.

Courses offered for students

For the first time the Summerland Secondary School will offer summer school classes for students who have failed one or two subjects of their course.

Formerly, these courses were held only in Penticton. However, it was felt by local school authorities that an effort should be made to hold the classes in Summerland provided enough students take advantage of the course. To make the summer school practical, at least ten students must be registered in each of the five courses offered.

Students from grade nine to eleven may participate and the teachers feel that in many cases the extra tuition is sufficient to enable the student to master the necessary fundamentals in a weak subject. Students successfully completing the summer courses will be awarded credits and will be able to go on to higher courses.

Tuition will be from Monday to Friday with 1 1/2 hours study each day. The summer school starts Monday, July 9 and continues to Friday, August 3.

Registrations must be in by Wednesday, July 4. Further details as to courses offered will be found elsewhere in this issue.

Yacht Club flotilla off to Peachland

Members of the Summerland Yacht Club will take part in the Peachland Regatta Sunday, July 1. A flotilla of boats from Summerland will leave at 12 noon to travel to Peachland, where they will be joined by boats from Penticton and Naramata.

Later in the afternoon, the boats will go to Comando Bay, on the east side of the lake.

In the evening Summerland Yacht Club will host members from Vernon, Kelowna, Penticton, Peachland and Naramata to an outdoor barbecue on the grounds of the Summerland Yacht Club.

GORDON BEGGS

was installed as president of the Summerland Rotary Club Friday night. Past District Governor John Coe of Penticton installed Mr. Beggs and the directors at an installation night held in the Yacht Club. Rotary members and their wives attended a supper first, and closed the evening with a dance.

Complaints of Codling Moth must be in by July 5

July 5 has been set as the deadline for sending in complaints of Codling Moth infestation, Councillor W. B. Powell reported at Tuesday night's council meeting.

Any person with a complaint about an infested orchard must have the complaint into the municipal office by that time, in writing.

Mr. Powell went on to say that any person with apple or pear trees infected with Codling Moth would be well advised to have the proper control sprays applied at once as there is still time for fairly effective control. He said that if the municipality has to do the spraying, as will happen in

the case of a legitimate complaint (the cost will be considerably higher than if the property owner did the work himself.

The 1962 codling moth inspection committee is comprised of Dr. James Marshall, officer in charge of the entomology laboratory at the research station; and BCFGA members Hans Stoll, F. R. Ganzeveld and J. Y. Towgood.

At a meeting earlier this week the inspection committee agreed not to bother with first brood control but to use a Guthion spray for second brood control. Councillor Powell said that the Guthion spray at 10 lbs. per acre (which was the strength recommended by Dr. Marshall) at the cost of \$1.73 per lb., plus

the cost of spraying, would make it expensive for the property owner, if application is needed.

Reeve Norman Holmes said that verbal complaints will not be acted on. Only those complaints in writing to the municipal office will receive action.

Water regulations now in effect

Domestic water sprinkling regulations have again gone into effect immediately.

Domestic water users whose surnames begin with the following letters: A - C - E - G - I - K - M - O - Q - S - U - W - Y will be permitted to sprinkle and to use two sprinklers on the odd numbered days of the month. No sprinkling permitted on even numbered days.

Domestic water users whose surnames begin with the following letters: B - D - F - H - J - L - N - P - R - T - V - X - Z will be permitted to sprinkle and use two sprinklers on the even numbered days of the month. No sprinkling permitted on odd numbered days.

No open hoses are to be used. These regulations do not apply to Trout Creek where it is felt they are not necessary at present.

Works superintendent Ken Blagborne told council that the heaviest water usage is between 4 p.m. and 9 p.m. and recommended sprinkling at night or early in the morning for maximum efficiency.

Pick Queen this Saturday

This Saturday, at a Strawberry Social, the 1962 Fruit Fair Queen will be chosen.

The ten candidates will be serving strawberry shortcake and tea or coffee in the IOOF Hall from 7:00 to 9:00 p.m.

Admission is 50c and includes a chance on a door prize.

G. C. Johnston will be master of ceremonies for the evening.

Assisting the queen committee convener, Mrs. L. Shannon will be Mrs. L. Weist and Mrs. M. Lamb.

The ten candidates for queen this year are: Sharon Geres, Maureen Clifford, Leslie Caldwell, Donna Laidlaw, Rosemary Day, Gloria Tilbe, Darlene Shannon, Lynda Scott, Vicki McKee and Linda Rumball.

Film Society holds showing

Over forty attended the first showing of the newly-former Summerland Film Society. Three films on art were shown in the Health Centre on Monday night.

Eight films will be shown in the coming season, with the next showing in September. Tickets for the season are \$5.50.

Award winning films from various foreign countries have been chosen with a balanced program of comedy, drama, etc.

Further information about the Film Society may be obtained from Mrs. Gordon Noel or Mrs. L. Lopatecki.

Report from Summer School

by Helene Scott

The Okanagan Summer School of Fine Arts continues to draw interested inquiries from many and varied points across Canada and the U.S. Donald Stainsby's article, "The Okanagan's Thirst for Culture," published recently in a weekend issue of an eastern newspaper came to the attention of a 17 year old girl in Robin Hood, Sask. This young lady's journalistic ambitions were somewhat clouded by financial problems, but nevertheless she addressed an inquiry to "Creative Writing Workshop, Okanagan, B.C." and postal authorities forwarded it to George Gay, Administrative Director of the Okanagan Summer School of Fine Arts in Penticton. In his reply to her, Mr. Gay forwarded a brochure and informed her of scholarship benefits available to students with talent, ambition and ability, in any field of fine arts.

A family with diverse interests and hobbies, has written from the prairies for details of the School's program. H. Jolson, superintendent of schools in Sturgis, Sask., intends to study painting; his wife, creative writing; and their son will be joining the beginner's class in strings.

Another letter which has come to Mr. Gay's attention is from a couple residing in Washington. A one time piano student of Arthur Loesser, the writer expressed his desire for further advanced study with this splendid instructor. A second couple, not interested in the arts, would consider accompanying them, providing Penticton had adequate golfing facilities.

Mr. Gay wrote: "that our golf course was second only to the fine arts course."

Brownies receiving Gold Bars were Patricia Clark, and Leslie Heavysides.

Golden Hands were presented to Jill Pruden, Judy Fountain, Jane Blagborne and Margo Clark. District Commissioner Mrs. R. McLachlan was present to make these awards.

The 3rd Summerland Brownie Pack's enrollment took place in the Youth Centre Monday, June 18th. Brown Owl Mrs. M. Hyde and mothers were present.

Tweenies enrolled were Maureen Johnson, Marion Lloyd, Jennifer Morgan, Joan Proverbs, Aileen Wardle, Janet Rowen, and Gail Hickson.

Brownies presented with Gold Bars were Lauraine Sawatsky and Barbara May. The 3rd Pack will close the term with a beach picnic at Powell Beach.

The second pack holiday will be held July 6 to 8 with Mrs. W. Evans as Commandant. Accompanying her will be Mrs. H. Pruden, Mrs. P. Smith, Mrs. H. Waterhouse and Mrs. Leighton Lopatecki.

Sixteen Brownies will be going to Camp Mawata with Mrs. W. Evans as Commandant. Accompanying her will be Mrs. P. Smith, Mrs. Ian McQuaig, Mrs. L. Charles and Mrs. Don Agur.

Dominion Day

Sunday, July 1 is Dominion Day, a day which most people in Summerland will spend relaxing, swimming or working in the garden, and perhaps in passing, give a thought to Canada and Dominion Day. We thought the following quotation, which appeared in the Christian Science Monitor, worthy of reading this holiday week end.

If I were asked to design an emblem illustrating my chief impression of Canadian railwaymen and Canadians in general, I'd draw a perfectly straight line and below it I would insert the word "Sure." The line would indicate the logic of thought which describes the shortest distance between any two points.

The word "Sure" which I heard spoken in Canada, for first time in Montreal, sounds entirely different from all the other "Sures" I've heard. It is typical and characteristic of the confidence which I saw exhibited everywhere I travelled. There are few "maybes" or "perhapses" in a Canadian's vocabulary. When you ask him if he can do a certain thing he will either give you a blunt, quite uncompromising "No" or he'll draw that confident "Sure."

Possibly when someone looked at the Canadian Rockies and said, "Let's build a railway there," another one merely said "Sure." Then they went and built a railway. Just like that. The fact that mules and wooden scrapers were their implements, that bears and hazards such as snow, storms, and seemingly impossible rock barriers had to be overcome didn't deter them. "Sure, we'll build a railway."

That's the spirit which I sensed lives in Canada of today. I, along with millions of others, have unconsciously developed the idea that the people who have settled in Canada can remain as their fathers were when they emigrated. We are all wrong. Canada is populated with Canadians. They may claim Britain or France or Rumania as their mother country, but those who stay when the spell of Canada has them in her grip become a distinctive race . . .

The many Canadians to whom I talked echoed these sentiments. Perhaps not so forcibly, but there was no mistaking their faith and sincerity. I sensed this as I said goodbye to my intimates on the railway platform at Toronto. I sensed this when next I stood on the Empress of Britain at Montreal. We on the ship were joined to the crowd lining the dock side by gaily coloured paper streamers. At the other end of my streamer was a brown faced Canadian quite unknown to me. A piper was skirling "Scotland the Brave." Imperceptibly the "Empress" moved away. My last link with Canada parted. I looked at my bronze unknown who held the other end of the flimsy paper streamer — he was smiling and waving like a brother.

Suddenly across the widening gap which separated the ship from the dock the old song of farewell came swelling from the folk on land. "Will Ye No Come Back Again?" My wife gave my arm a squeeze. "Who knows?" she said softly. Then turned suddenly away. The Western Rail Trail was over, but "Who knows?" I echoed. "Maybe we will come back again." —From "Western Rail Trail," by Norman McKillop. Copyright, 1962, by Norman McKillop. Thos. Nelson & Sons, New York and London.

It's your life

Now is the season of the year when family thoughts turn to summer cottages and favorite resorts. It is also a season of truly heavy responsibilities for mothers. Schools will be out, the children will need constant watching and guidance and fathers of course generally will only be available in the evenings and perhaps only at weekends if the family is away from home.

Youngsters love to play near or in water. Water can be extremely dangerous if simple rules are unknown or ignored.

In 1961 in B.C. alone 153 people — including forty-one young children — lost their lives in drowning accidents. In almost all cases of child fatality it was fun-followed by tragedy.

Water recreation is fun — but only when the dangers are known and kept at bay by the following simple rules. Knowing the dangers is the first big step to safety. Preventing the disaster by observance of easy practices is the other necessary step to safety at all times.

Air-inflated toys carry windblown cargo of tragedy on water, so restrict their use to the beach. Boating without a lifejacket is not only against the law but is a gamble with death. Fun on a raft claims an alarming number of lives every year. The list is endless and the hazards ever present.

Red Cross branches have water safety information available on request. This information can help you save a life — perhaps your own.

Progress applies to individuals

by Rev. P. K. Louie

In the Webster dictionary the word progress is described as "a moving or going forward, growth, development." May we then think of progress not only as a forward movement for the individual but also as a movement in which the human race acquires additional strength and purification as it moves,

thus transforming the dusty journey into a blessed pilgrimage.

C. S. Lewis once said, "Progress means getting nearer to the place where you want to be. And if you've taken a wrong turn, then to go forward doesn't get you any nearer."

Quite obviously the history of progress differs from belief in progress. The tribesman has no philosophy of progress for he has no history of progress. The early Greeks had no concept of progress. In fact, they had no word for it. The Romans had no philosophy of progress. Marcus Aurelius testified to the monotony of life when he said: "The periodic movements of the universe are the same, up and down, from age to age." Darwin and Huxley propounded the idea of biological progress and man was as confused as he was challenged.

Which way is progress? It is always in the direction of truth. Jesus declared the triumph of truth in His immortal words, "You will know the truth, and the truth will make you free." (John 8:32). Truth never enslaves; it emancipates.

Truth never hides; it reveals. Truth is more than partial knowledge of a subject; it is continuous and total wisdom. found not in a formula but in a life revealed. Daily honesty concern for others, and moral integrity in the handling of our common responsibilities in the community reflect our regard for truth.

Letter to Editor

(The following is not actually a letter to the editor, but a letter from the Summerland Teen Town to all parents which we have been asked to print).

Dear Parents:

This is to inform you that we have received 16 replies to our letter requesting your co-operation as a Teen Town chaperone.

In the event you did not receive this letter or perhaps mislaid it we are once again requesting your co-operation.

We need you; we hope you will assist us.

Sincerely,

Summerland Teen Town.

(Well, there it is, Mom and Dad; your youngster is looking for your assistance.

It won't cost you any money, you'll have a lot of fun, all it will take is a little time. If you would like to be a chaperone at any of the weekly dances, volunteer your services to any Teen Town member. It's one way to stay young).

California Raisins Elegant In Creamy Summer Salad Mold

This spectacular buffet salad stars suntanned California raisins in dramatic contrast with frosty white molded gelatin. Combine this tangy little fruit with canned crushed pineapple, chopped apple, whipped cream and gelatin for a truly piquant, truly superb salad offering. It may be served as a lovely light dessert also.

Be sure to allow several hours' or overnight refrigeration for thorough chilling and firming. If time is short, the mixture may be chilled in 12 individual salad molds.

Creamy California Raisin Mold

2 envelopes plain gelatin	½ cup lemon juice
½ cup sugar	1½ cups California raisins
1½ cups water	2 cups diced apple
2 (9-ounce) cans crushed pineapple	1 cup whipping cream
	Fresh mint sprigs

Mix gelatin and sugar thoroughly. Add ½ cup water. Place over low heat, stirring constantly, until gelatin is dissolved. Remove from heat and stir in remaining water, undrained pineapple and lemon juice. Chill mixture to unbeaten egg white consistency. Meanwhile, cover raisins with water and boil 10 minutes. Cool in cooking water. Drain well and add to chilled gelatin. Fold in apple and whipped cream. Turn into 6-cup mold. Chill until firm. Unmold and garnish with fresh mint sprigs. Makes 10 to 12 servings. (Half of recipe fills 6 individual molds.)

New song written for Hospital Ladies Auxiliary

The Summerland Hospital Ladies Auxiliary took a night off Tuesday evening, as they do every year, dug down into their purses, and bought themselves a Dutch-treat smorgasbord at the Incola Inn in Pen-ticton.

Just for once, work was the last thing on their minds, and the forty-odd that were present played games and above all, under the practised hand of Alma Fudge, sang "The Thrift Song Lament". For those who do not know this classic, the Review produces it in full on the understanding that it must not be performed in public more than once a year.

"Yes, we have no bananas — we have no bananas today. We have neckties and bathtubs, bras, corsets and backrubs. And all kinds of dresses gay. We have stove pipes and fuses and all kinds of shoes; But yes, we have on bananas — we have no bananas today.

"Yes, we have no bananas — we have no bananas today. We have belts, hats and purses, and buttons (Vi curses). A cent box where kids can play. We have jewellery and toldies, old style embroideries. But yes, we have on bananas — we have no bananas today.

"Yes, we have no bananas — we have no bananas today. We have shirts, pants and snuggles — sox, bedpans and buggles, And sealers in great array. We all play the junkman and sometimes feel sunk, man. But yes, we have on bananas — we have no bananas today.

Yes, we have had our notice — we have had our notice it's true. The fireman don't want us and Main Street won't have us.

But Thrift Shop is here to stay. We may go a'tenting — for sure we'll be renting But yes, we must find us quarters — or else we'll cry "Boo-hoo"."

Bingo was played and prizes of great worth were handed out. We hope that Mrs. J. V. Hughes and Mrs. W. Gillan of Vancouver who were guests do not think too badly of the "Gals" of Summerland.

Teachers honored for service

The United Church Sunday School honored 14 of its teachers for long years of service at a pot luck supper last week. The teachers were presented with a beautifully lettered scroll prepared by Rev. and Mrs. P. K. Louie. The scroll will hang in the church.

Honored for 25 years service in the Sunday School were Mrs. Francis Steuart, Mrs. E. H. Bennett and Mrs. Don Orr. Mrs. F. E. Atkinson and Mrs. Art Crawford have given 20 years teaching service while Mrs. L. Fudge, Mrs. Joe Sheeley and Mrs. Jack Dunsdon were honored for 15 years service.

Also included among the honored guests for 11 years of teaching were Mrs. A. A. Fenwick, Miss Marjorie Fenwick, Mr. Allen McKenzie and Mr. Charles Rennie. The present teaching staff and their husbands and wives were all present to enjoy the supper.

Mrs. F. E. Atkinson showed slides taken on a recent trip to New Zealand.

SPORTS

Babe Ruth playoffs start next Tuesday

Although it seems we are barely into summer, it's already time for the Babe Ruth teams to start playing for the provincial baseball championships.

A team has been picked from the four Summerland Babe Ruth teams, and this team meets Penticton All Stars for the valley championship next week.

First game of the best of three series will be Tuesday, July 3 in the Summerland Memorial Park. Game time is 6:30 p.m. and ladies of the Babe Ruth Auxiliary will operate a refreshment booth.

The second game will be on Friday, July 6 in King's Park, Penticton. Game time will again be 6:30 p.m. A number of Summerland baseball fans are expected to go down and cheer on the local boys.

A third game, if necessary, will be played in Summerland on Saturday, July 7.

Winner of this series will go to Trail to play for the interior

championships, and the winner of that series will go to the coast for the provincial playoffs. Admission to the games is 50c for adults and 25c for children.

"We have a strong team this year" said Babe Ruth official Gordon Beggs, "and we hope for a good crowd Tuesday night to cheer the boys along".

Freeway driving is different

The call of the opening road is beckoning and more and more of the road is becoming a "freeway".

B.C. Automobile Association has a few tips on how to drive these super-highways:

Study the course; freeway driving is different.

Always decide where you're going — before entering a freeway.

Merge smoothly with traffic; "blend" is the idea.

Get into exit lane in plenty of time.

Observe posted ramp speeds carefully.

Don't drive too slowly. Never stop on pavement; use road shoulder.

Don't follow too closely, on any road, but especially freeways.

Don't weave about or "lane switch".

Finally, get the "feel" of the freeway and travel with composure and comfort.

NO PERMITS FOR ROGERS PASS

The Hon. P. A. Gaglardi, Minister of Highways, said recently that no permits are being issued for travelling through the Rogers Pass Route of the Trans Canada Highway. Still under construction, the new section will remain closed to the public until the official opening date July 30.

The Department of Highways has been flooded with requests for passes but it is felt that any public travel at this time through the area would interfere with construction progress and possibly delay completion by July 30.

A few passes were issued earlier this year and any for current dates will be honored but no new issues will be made.

Services will be held in Summerland United Church at 11 a.m. with interment in Peach Orchard Cemetery. Rev. P. K. Louie will officiate. Mr. Spiers is survived by three sons: Donald G. in Ontario and Gordon J. and Douglas A. of Quesnel; four daughters, Mrs. G. Gormley (Elsie) of Nelson; Mrs. A. Watson (Jean) in Manitoba; Mrs. R. Johnston (Hazel) in Alberta; and Mrs. A. Ramsay (Helen) in Ontario; a sister, Mrs. Jane Nelson, Summerland; 24 grandchildren and 21 great grandchildren.

Timely travel tip can Save worry-money, too

It can be mighty embarrassing when you run short of ready cash while travelling. Yet no one likes to carry around large sums of cash because there's always the danger of loss or theft.

What's the answer then, on your next vacation or business trip? More and more people are finding the easiest and safest way to carry funds for travel purposes today is in the form of B of M travellers cheques. Any bank in Canada and most hotels and stores will cash them readily -- because you counter-sign each cheque only when you cash it.

Thus the person cashing it knows that you and only you are the rightful owner. This feature makes B of M travellers cheques useless to everyone except their purchaser. What's more, if your B of M travellers cheques are lost, destroyed, or stolen, the bank replaces them.

So before you set off on that next trip, stop at the Summerland branch of the Bank of Montreal and buy as many travellers cheques as you think you'll need. The service charge is negligible and the peace of mind is wonderful.

Don Carmichael, the accountant, or any member of the staff will be glad to help you make any other arrangements for your travel financing. If your trip is an extra long one and you need a large sum, traveller's letters of credit are available from the B of M, and if you are going abroad, there are special travellers cheques available at every branch.

SUMMERLAND REVIEW

Frances Bentley wins Penticton Tyro Cup

Four members of the Summerland Rifle Club attended the invitation shoot at the Penticton Rifle Range on Sunday. Raymond Maddocks, Jim Sheppard, Frances Bentley and Herb Simpson took part in the competitions with members of other Interior clubs. Harold Richardson, unable to shoot because of a hand injury, acted as range officer.

Frances Bentley proved to be the most outstanding of the local shooters with scores of 38x50 at 200 yards; 46x50 at 500 yards and 44x50 at 600 yards. These scores gave her a good share of tyro prize money and the tyro cup for high score at the 500 yard range: Jim Sheppard was also among the money winners in the tyro class. The high aggregate trophy was won by J. Vecqueray of the Vernon Rifle Club.

Fruit Fair shaping up

Japanese dancers, western singing and dance music are some of the entertainment already planned for the annual Chamber of Commerce Fruit Fair, September 7 and 8.

Committee reports were heard at a meeting Monday night, with general chairman F. E. Atkinson, presiding.

Reporting on the agricultural part of the fair, chairman Alex Watt said that it is hoped to have new agricultural equipment on display both inside and outside the arena.

Mrs. Lin Smith reported that a high standard of entertainment would be provided both evenings.

Other committee chairman reporting were W. F. Ward, horticulture; John Cooke, hobbies; J. E. O'Mahony, arena and publicity Eric Williams.

This year the fair will open Friday afternoon with the queen crowning Friday evening.

A prize list will be prepared and distributed to exhibitors throughout the Okanagan.

Kiwanis Club Notes

Twenty-seven were present at Tuesday evening's meeting.

Deputy Sheriff Bob Akstead, with a mean look in his eye, viciously penalized unfortunate victims for the smallest infractions.

While Bob was a really tough Sheriff, he redeemed some of his lost popularity by the wonderful manner in which he led the sing-song.

Hans Stoll and Bud Rusaw came, they saw, they liked what they saw, and applied for membership.

President Walter Toevs reported on his visit to the Rotary Club Installation. Walter was very enthusiastic about the reception he received.

Doug Campbell, Bill Laidlaw, Hans Meirehofer and it is hoped at least one more, plan to visit Oliver Kiwanis Club on Thursday evening.

Next Tuesday night will mark the first of the annual lawn party steak dinners and will be held on Hilly Smith's lawn at 6:30 p.m.

The speaker of the evening, introduced by John Tamblin, was Miss Coulter. She was born in Australia and is on a two year touring trip with a girl friend of Canada and the United States. While here she was unexpectedly asked to be a relief teacher to fill in a short, temporary vacancy.

Miss Coulter gave a very interesting talk on Australia, winding up with some amusing differences between Australia and Canada, and inviting questions.

In thanking her, Jack O'Mahoney, wanted to know which way the water went out of a bathtub in Australia.

A director's meeting was held later at President Walter's home.

The Recorder.

The Summerland Review

Thursday, June 28, 1962

Juicy and delicious, July's little fruits are in popular demand for making pies and tarts, for freezing and for jams and jellies. They are available from stores, markets and road side stands. Ripe fruits which are plump and fresh looking taste best. Always give a quick, cleansing dip in cold water just before using.

CORPORATION OF SUMMERLAND

Re: Codling Moth Control

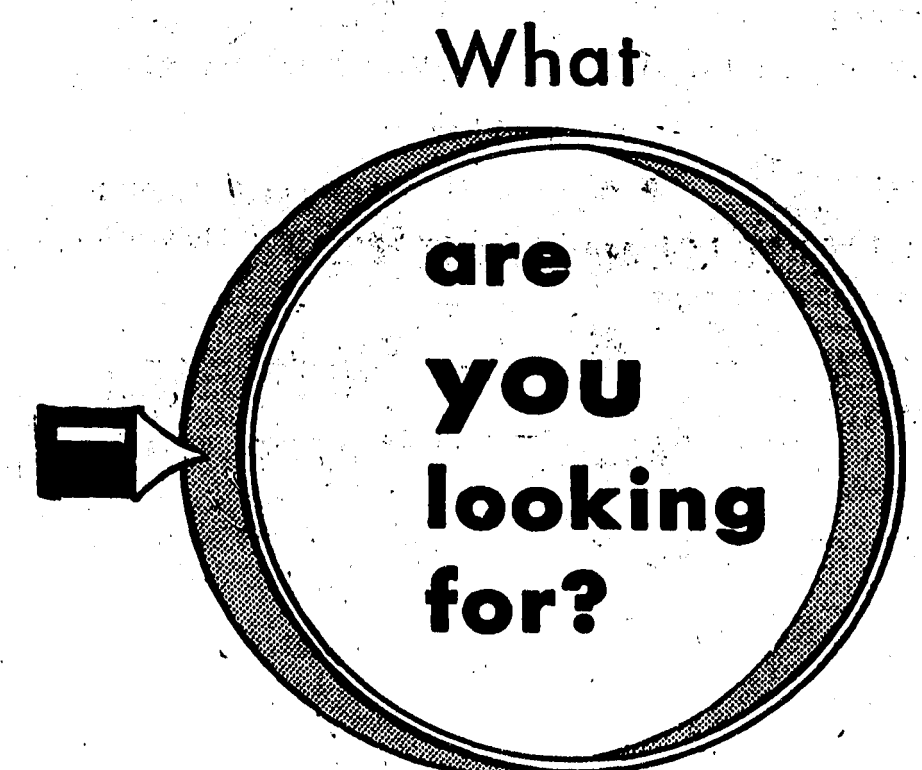

An Inspection Committee has been established and any person may submit complaints, in writing, to the Municipal Clerk regarding Codling Moth infestation. Complaints will then be investigated and appropriate action will be taken to eliminate further infestation.

All complaints must be received by July 5th, 1962 so that investigation may be made and sprays applied where required.

G. D. SMITH,
