

### Under the Giant's Head

Summerland has taken on a spring look these days with the peach blossoms out in their full glory. Even the weather is improving, with 32.9 hours of sunshine and .21 inches of rain reported during the past week at the research station.

	High	Low
April 25	60	40
April 26	53	38

Miss Teresa Keys, along with 52 other B.C. Gold Cord Girl Guides, attended an impressive ceremony at B.C. Government House when the girls were presented with their Gold Cord certificates by Lt. Gov. George Pearkes. While in Victoria the girls were entertained at a luncheon in the Empress Hotel, where Mrs. Pearkes and Mrs. W. A. C. Bennett were the guests of honor.

The election hoopla has started in Summerland. On Wednesday morning, a cavalcade of Liberals passed through West Summerland on their way to Kelowna to meet Lester Pearson.

A display of paintings by Leroy Jensen of Kelowna will be shown at the regional library for the next two weeks. A painter of modern art, Mr. Jensen studied in Europe and now teaches privately in Kelowna. He conducted a night school class in Summerland last year.

The current issue of the provincial government's magazine, "Beautiful British Columbia" features our queen Trudy Mitchell. The picture was taken last fall at Gordon Begg's fruit stand. Congratulations, Trudy.

The Kelowna Gideon Camp was host on Saturday to the Zone 4 annual rally. Zone 4 includes Camps from 100 Mile House to the American border and the Gideons in these camps are responsible for the placement of Bibles and other Scriptures in hotels, motels, hospitals and other institutions in this area.

Rev. Ken Evans (a former Gideon, now in full time gospel service at 100 Mile House) was the guest speaker.

Mr. Paul Boyko of Salmon Arm (North Okanagan Camp) was elected zone leader.

T. S. Manning, H. Milne, B. Milne and R. Wellwood from the Summerland camp attended.

She was only a printer's daughter, but I like her type.

### DIES ON VISIT HERE

Mrs. Elida Larsson of Vancouver passed away in Summerland Hospital on Saturday, April 28 in her 81st year.

She is survived by one son, Stan Larsson of Summerland; one daughter, Mrs. T. Wudel of Courtenay and 3 grandchildren.

Funeral services were held in Vancouver, Thursday, May 3.

## Fashions to be shown at Yacht Club

The ladies chosen to model the lovely clothing to be shown at the Yacht Club fashion show will be busy from now until Monday, May 14 picking out their outfits.

The models, members of the newly-formed Yacht Club Auxiliary, are planning a show of summer clothes and will take milady through a typical Okanagan summer day, starting with attractive morning outfits, through the noon hour and into afternoon and evening wear. Sport clothes, cool summer dresses and lovely evening outfits will make up the show.

The modelling will start at 10 a.m. sharp and the fashions will be shown from then almost till noon. Mrs. Stan Taylor of Macil's Ladies' Wear will be commentator.

A door prize, donated by Avon Products will be given away to one lucky guest.

Accommodation has been made available for the youngsters, who will be given lunch and pop while mom watches the show.

## Services for ex-residents

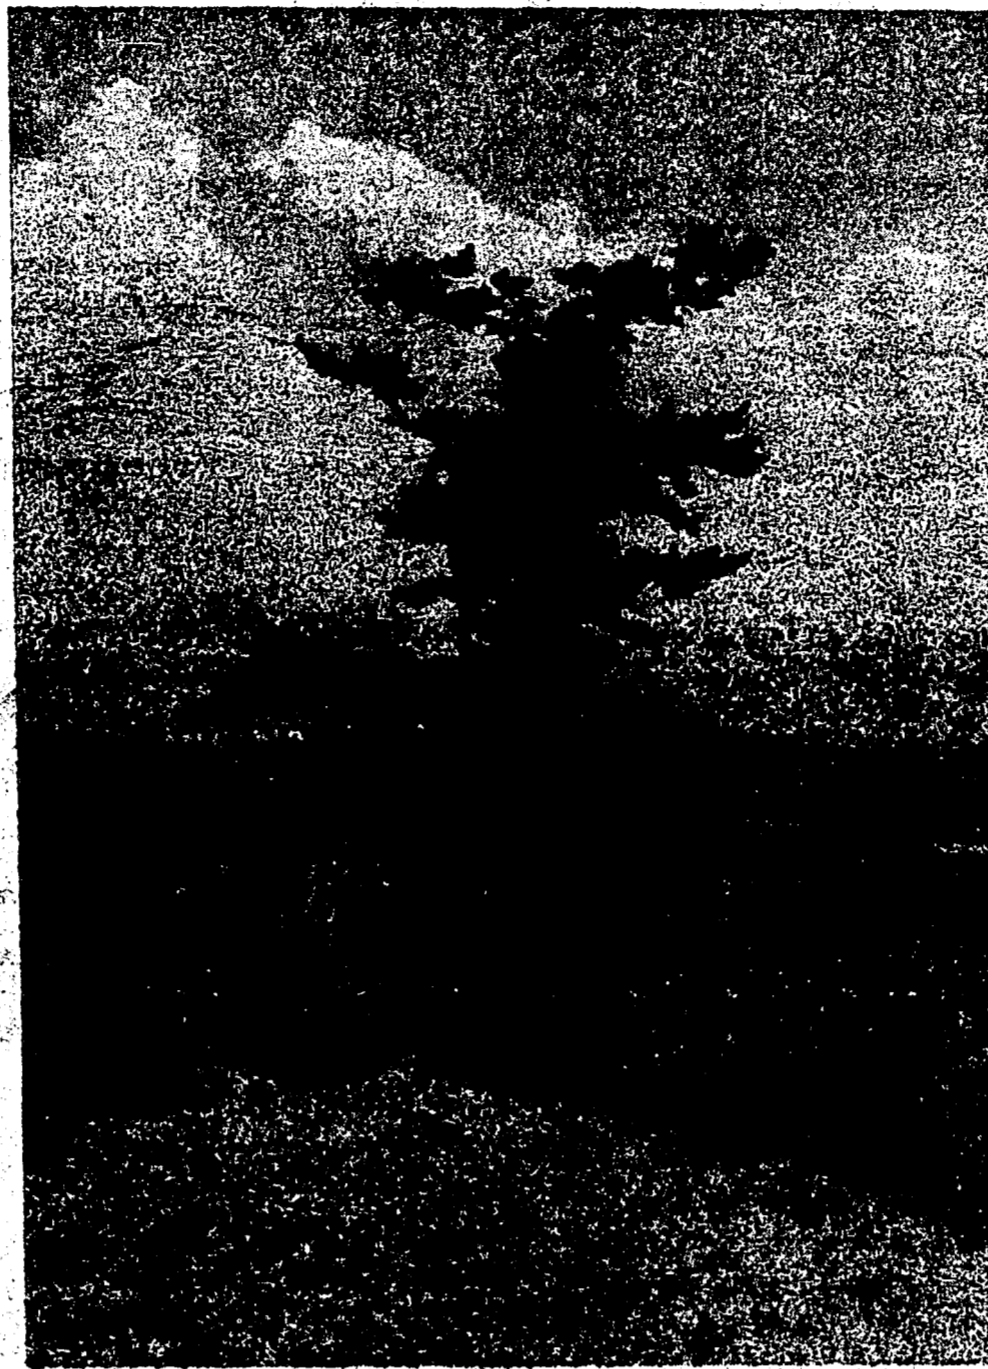

A Kimberley resident since 1928, Basil R. Steuart, died on Monday, April 23 in his 70th year following a lengthy illness. Funeral services were held on Saturday, April 28 from All Saints' Anglican Church, Canon R. E. M. Yerburgh officiating, with interment in the Kimberley cemetery.

Born at Elkhorn, Manitoba, September 21, 1892, Mr. Steuart came west in the early 20's. He worked briefly for Cominco, then came to West Summerland where he worked in the packing houses. Here, on February 7, 1925 he married Georgina Mabel Hack. In 1928 he returned to Cominco's employ in Kimberley, working as a miner and barman until going on pension in 1957.

During World War 1, Mr. Steuart served overseas for 2 years.

Surviving are his wife at the family home at 410 Deer Park Avenue; two sons, Robert George of Kimberley and Donald Basil of Terrace; one brother, Frank of Banfield, B.C. and one sister, Mrs Wynona Henry of West Summerland. There are also seven grandchildren.

Mrs. Sarah E. Fosbery died April 28, 1962 in the Royal Inland Hospital, Kamloops aged 82 years. She is survived by one daughter, Mrs. J. E. Fry of Kamloops; and one granddaughter; also by a brother, M. G. Doyle of Black Creek, B.C. and a sister, Mrs. S. B. King of Lacombe, Alta.

## STANDING GUARD

## Piecemeal planning hit by teachers

B.C. Teachers' Federation at its annual convention in Vancouver during Easter Week criticized the provincial government for reorganizing the school system on a piecemeal basis.

Delegates said the Education Department should give adequate consideration to the total pattern of school organization and course sequence before implementing any further recommendations of the Chant Royal Commission on Education.

The Federation's special committee on curriculum reported its members were worried that many new and revised courses

to be instituted in schools next September had not been tried out experimentally to determine how effective they are in the classroom.

Among the 1,200 delegates from all parts of the province were Ray McNabb and Dave McMurray, representing the Summerland Teachers' Association. A. J. Longmore, as past president of the B.C. Principals' Association, was also in attendance.

## Police court news

On April 25, Wm. Charles Timco of Vancouver was fined \$25 and costs when he appeared before Magistrate Reid Johnston on a speeding charge. Michael Sali of Kelowna appeared on a similar charge and was fined \$10 and costs. RCMP state that the amount of the fine depends on how much a driver is exceeding the speed limit when arrested.

Leonard Bruce Jackson of this district was fined \$50 and costs and had the 1947 vehicle he was driving forfeited to the crown for unlawfully using purple gas in the vehicle. The disposition of the car will depend on the attorney-general's department.

On April 26 a local juvenile driving on the Jones Flat Garrett Valley road flipped his car causing \$350 damage. The driver was not injured. Charges are contemplated.

Another accident occurred on April 28 at Trout Creek near the Powell Beach Service Station when cards driven by Dan James Ehmen of Penticton and David Munro Dewhurst of Vancouver were involved in a collision, resulting in \$300 aggregate damages.

## School band leaving on trip to coast

The big trip for the school band starts this Friday morning at 7:30 when 85 young students will leave on a tour of the coast. They will stop at Keremeos in the morning for a concert and will also give a concert in Princeton at noon. Highlights of the trip are a planned tour of Stanley Park and a visit to UBC.

Mr. and Mrs. Biczko and Mr. and Mrs. R. Chalmers will accompany the students.

The 1962 commencement exercises are planned for Monday, June 4. Guest speaker will be Mr. Reg Cox, principal of the Princess Margaret School in Penticton and past president of the B.C. Teachers Federation. The program is similar to last year with afternoon ceremonies, a banquet at night and evening

parties. Sportswise, the track team is invited to participate in the Kinsmen Invitational track meet in Penticton. Hopes are high that Teresa Keys will set some records with her broad jump and trackers Keith Skinner and Mike Lopatecki will probably bring back honors to Summerland.

The big worry over Easter exams will be settled next Wednesday when the grade nine to twelve reports will come out.

Mr. R. Chalmers and Mr. R. McNabb are now attending the special mathematics work shop in Vancouver, studying the new methods for teaching grades 3 and 8 math. The new system will be introduced this fall.

## George Stoll reports on hockey trip to Ontario

The Review has received a letter from Mr. George Stoll in which he asked to explain to our readers the hopes and plans for intermediate hockey in the South Okanagan. Mr. Stoll says that it is doubtful if Senior A hockey will come back here, and for this reason the Twin City Macs was organized, with financial support from Bill Gillard and Moose Martin. The Macs took part in the intermediate playoffs, winning the B.C. and Alberta Intermediate A Championship.

Mr. Stoll says that due to poor management by the CAHA the Macs went into the finals for the Western Canadian title after a layoff of 20 days which was too long to expect any hockey team to be in condition to put on a good show. During the first game against Marathon he says, the opposition just about skated rings around us, we managed to hold them the first period to one goal, in the second they scored two and we got one and then the roof caved in, final score 8 to 2. In the second game we went into the second period leading 4 to 3. Again the roof fell in and they scored five unanswered goals. However in the final period our boys seemed to be getting their skating legs back and held them to two goals while we scored three, final score 7 to 10.

Mr. Stoll says that for the final game we only had 10 players and a goal keeper. However, the boys felt much better going into this game, they were not only getting back into shape, but also boiling mad and decided to show the whole world that they could play hockey. They were leading all the way through this one, but with two minutes to go, Marathon tied it up 5-5. In the overtime the Mercuries scored two more and we could only manage one. Final score 7-6. The team went down fighting and got tremendous applause from the fans.

Mr. Stoll reports that the Ontario people treated the team like kings, and the peach blossoms presented to different dignitaries made a fine impression.

There is every possibility that within the very near future a new intermediate A hockey league will be formed, consisting of teams from Powell River, Chilliwack, Trail, Vernon, Kamloops and the Twin City Macs.

In closing Mr. Stoll thanks the hockey fans of Summerland those who helped at games, and the merchants for their fine support. Also he reports that the Macs finished the season with all its bills paid.

We think that a word of thanks should go to George Stoll for his efforts to bring hockey back to Summerland and the Okanagan.

## Flower show

The Summerland African Violet Society is busy with plans for its annual Violet Show which will be held on Saturday, May 5 at 2:30 p.m. in the IOOF Hall. Proceeds will go to the Summerland Association for Handicapped Children.

Garden clubs from Penticton and as far north as Kamloops have shown interest in this event. Miss Dorothy Britton and Mrs. John H. Brown are in charge of arrangements for the show with Mrs. Jack Wilson convening the tea.

Admission to the show will be 25c with tea included. Several Summerland merchants have donated prizes which will be on display in the hall and will be drawn for as door prizes during the afternoon.

The cup donated by Gallop's Greenhouses will be presented to the exhibitor of the violet judged the "Queen of the Show".

Entry forms may be obtained from the district horticulturist's office and there is no entry fee. The public is invited to enter exhibits.

## Parkdale Place report

by Mabel Atkinson

Tulips in the garden, bluebird on the wing,  
Portending everything that come\*  
to us in spring.

The parks' board has planted an extensive rose garden for summer blooming with additional shrubbery at the back, while the good rains have made the landscape a vivid green.

At Easter we had inside a galaxy of flowers from the exotic anthurium from far away Hawaii, to growing mums, spring

daffodils, carnations and glloxinia.

Several have enjoyed rides and the conveyance to church never fails.

We welcome to our ranks Miss L. A. Verrier, an old time resident of Summerland.

We listened with interest to Mrs. K. Crozier's account of her flying trip to the coast to celebrate the golden wedding of her brother and wife, Mr. and Mrs. C. Wade, now living in Inglewood, California. Sixty-four guests attended the banquet.

Five birthdays came in April: T. J. Garnett, J. Adams, J. M. Schultz, Eva Braniff and M. Atkinson. Mrs. R. Cuthbert kindly provided a cake.

Visitors numbered 26, the farthest afield coming from Dawson City.

The lure of the outdoors has enticed Mr. T. Garnett and Mr. gardens. Mr. Kydd to his old home and Mr. Garnett to Celista.

Our good wishes go to those ill at present.

We wish to express to one and all our appreciation for flowers, reading matter, rides, fruit, confectionery and invitations received.

## Women's Institute seeks ethnic groups for meeting

The Women's Institute meeting this month will have an international flavor. It is hoped to have at least one representative from each of the nationalities living in this district.

The Institute is a world-wide, country-women's organization, so membership includes many countries, races and religions.

For the year 1962 the theme is "Education". Summerland branch has decided to learn to count (at least to ten) in the different languages.

At the May meeting, representatives from the various countries will count to ten in their native languages, then also count to ten with all other languages speaking together at the same

time. The Institute would enjoy seeing any article typical of a visitor's native land, and also native costumes, if available.

To date the following countries are represented: Germany, Russia, Japan, Holland, Austria, Belgium, France, Yugoslavia, Italy, Egypt; Switzerland; Latvia, Sweden and Denmark.

The group is looking for representatives from China and Hungary. If you would like to represent your native land, contact any member of the Institute or the citizenship convener Mrs Vera Barrs at HY4-6282.

The meeting will be on Friday, May 11 at 2:30 p.m. in the Anglican Church Hall.

# Editorials

## We would like to hear them speak

Okanagan Boundary constituency which is a comparatively large and widespread one as constituencies go has a unique and interesting difference from all others in this forthcoming election. All four of our candidates have been members of parliament. Mr. Pugh, Mr. Philpott, Mr. Jones, and Mr. Shaw have all served time as representatives of various constituencies in Ottawa. Mr. Jones and Mr. Pugh have represented this constituency while Mr. Philpott has represented Vancouver and Mr. Shaw, Red Deer, Alta.

During this campaign we constituents will have the pleasure and responsibility of hearing all of them speak to us, proposing their varied views and ambitions.

As all are experienced men and have had opportunities of action at Ottawa they should be able to stand to some extent on their records. For the rest they will, of necessity, be forced depend largely upon the policy of the party they represent in asking for the support of the voters.

It is to be hoped that during the campaign we will be privileged to hear all four candidates on the platform at the same time and the same place. This has become one of the most popular methods of electioneering in the smaller centres and attracts more of the voters to the meetings than any other type. The day of the independent, single member meeting is almost gone forever, particularly in the smaller community. We like to hear them all face to face for better evaluation.

The above is re-printed from the Grand Forks Gazette and seems to express a growing feeling in Canada towards having all candidates in an election present their platforms at one meeting. During the federal election in 1958, the Board of Trade sponsored such a meeting in Summerland. Each candidate was allowed to speak 15 minutes and given five minutes rebuttal time. This is certainly a project which the Chamber of Commerce should consider again this election.

## Tips for gardeners

After spending a quiet winter in the basement work shop or in front of the TV set, there is always the temptation to overdo it when you do get out in the garden. There are safety rules for lawns and gardens as well as home workshops. Here are some safety tips that should not be overlooked.

Do not attempt that first spring mowing of the front or back lawn until you have cleared away stones, wire and assorted winter debris. The lawn mower motor is usually hard to start the first time, but always shut the motor off before attempting to adjust the blades or clean out string and paper.

Don't smoke while filling the fuel tank of your lawn mower with gasoline. There is no danger from gasoline if you have an electric lawn mower, but you are in for a shock if you attempt to use it on wet grass or in the rain.

Store garden tools carefully. Stepping on a hoe or rake handle in the dark can cause serious injury. If garden tools are stored in the garage, this can be avoided. A few spikes in the garage wall will hold them in place. Hoes, rakes and upturned shovels should be stored as soon as you are finished with them.

There is a poison spray for practically every weed, bug and insect in your garden. But be sure to keep them on a high shelf, or best of all, under lock and key.

Attach the garden hose and see that it is in working order before you light up a rubbish bonfire. Tree pruners should not go out on a limb. Lash the ladder to the tree trunk to avoid a serious fall.

## Do as the Romans?

by Rev. George Leasor

In 1787 Gibbon completed his book, "The Decline and Fall of the Roman Empire". Below are listed his five reasons for the fall of that Empire:

1. The rapid increase of divorce; the undermining of the dignity and sanctity of the home which is the basis of human society.
2. Higher and higher taxes and the spending of public monies for free bread and circuses for the people.
3. The mad craze for pleasure, sports becoming every year more exciting and more brutal.
4. The building of gigantic armaments, when the real enemy was within — the decadence of the people.
5. The decay of religion — faith fading into mere formalism, losing touch with life and becoming impotent to guide the

people.

It is obvious that we are headed in the same direction. What can halt the inevitable arrival. Only an about face. Husband and wife are going to have to learn that "til death us do part" means "til death us do part". Pleasure and sports make good servants but poor master. "Play now and pay later" is an exciting creed for the moment but is a poor long range policy. Faith must be revived. Not just any faith, but living, personal faith in a living, personal God.

May 6-13 is National Family Week in the Sunday Schools across the nation. Make this the occasion of your "about face" and take the family to Sunday School and church next Sunday and every Sunday. That is, if it doesn't interfere with that fishing trip, golf game, or catching up on those odd jobs around the house.

## Letter to the Editor

The Editor,

Summerland Review,  
West Summerland, B.C.

Dear Sir:

Once again I find myself obliged to answer to Mr. Giasson's letter through the medium of your very fine newspaper. Although I am somewhat confused as to what subjects Mr. Giasson is actually expressing his opinion on, I shall attempt to make my final comments.

First of all I realize fully that Mr. Giasson is very bitter and resentful to the present, and past legislature of our government and administration. He expresses his inward dislike of foreigners, because as he says: "Our enemies of a few short years ago, take the available employment." (I am not quoting). He also states that the, "Elite", (no definition given), take all the assets and money, and are in short capitalists. He finally states that we are subject to unmodified slavery. This then, are Mr. Giasson's grievances.

To add my comment now, with respect, and without any libelous intent whatsoever, I believe that the letter to which I am answering, are purely socialist or an outlet for emotions of a psychological bearing. If it is socialistic, then I will admit that I am neither qualified nor versed in matters of that nature, and I can not give an answer or explanation for opinions opposed have silent answers. However, Mr. Giasson, I do respect your to mine, suffice to say I do debatable opinions and I am certainly not implying any remorse.

I can only close by saying that I firmly believe that our government is doing it's best to solve problems, even if the results are sometimes uncomprehensible, and I do firmly believe that we are living a fairly democratic life, and not living in slavery. I should also like to add that when you say that I have never lived in bad conditions, I was born during the Fascist oppression in Europe, lived through all of the second war, and spent two years in a

children's internment camp. On top of that I lost most of my family. Then you imply that this system is not worth fighting for. I disagree with you completely. Mr. Giasson, it is you who has never lived in conditions of war and oppression. It has been a pleasure corresponding.

Bernard Draper.

(Editor's Note: This will close the discussion between our two correspondents. Thank you, gentlemen, your letters have been most interesting.)

## Control of orchard mites

The capacity of some orchard mites for developing strains resistant to miticides poses a continuing challenge to researchers.

Among these orchard pests is the European red mite which has become resistant to many of the organic phosphates, chlorinated hydrocarbons and sulphoesters in certain areas.

There are no new miticides available commercially that are as effective as those that have been in use for the past few years, reports researcher R. S. Downing, of Canada Department of Agriculture's research station at Summerland.

Some of the older miticides, such as Sulphenone, although only moderately effective, still give adequate control of the resistant strains.

Summer petroleum oil is effective against orchard mites but should only be used in cases of extreme necessity, Mr. Downing warns. The oil may injure the trees when used with or after other pesticides. Also, some pesticides when used with mineral oil remain too long on the fruit and cause residue problems.

New methods of controlling orchard mites are being investigated continually at the Summerland station. Those include new chemicals, film-forming compounds and sticky substances, such as polybutenes, which trap the mites.

The Turning Point:

PRINCETON SHOWS HOW

by

Elmore Philpott

Liberal Candidate For  
Okanagan-Boundary Riding.

The Princeton Chamber of Commerce has given a grand example to the whole constituency of Okanagan Boundary. It has invited all four candidates in the federal election to appear together on May 10 in Princeton.

This is real democracy in action. There is nothing deadlier or duller than the one-party meeting where nobody turns out except the convinced supporters.

When impartial bodies invite all the candidates you may be sure there will be a real turnout, and the people will have a lot of fun, besides being able to size up the candidates and the party platforms.

I confess that I am sure that these all party meetings are bound to work to the advantage of the Liberals in this election. Of the two parties that have a practical chance to form the government, the Liberal party headed by Lester B. Pearson is far and away the better. The Conservatives had their fair chance and made a mess of it.

But I could be wrong. Come to the joint meetings, when they are held, and make up your own mind.

I have a real regard for the other three candidates in this contest, and hope to end the joint meetings better personal friends with all of them.

Oh yes, and remember, be listening and watching me on CHBC-TV every Sunday at 5:45.

take a stand for tomorrow

**Form club  
in Mexico**

Kiwanis International has just established its first club outside the United States and Canada, Walter Toevs, president of the Kiwanis Club of Summerland announced today. Mr. Toevs said the Kiwanis Club of Tijuana, Baja, California, Mexico established on April 17 was the first club organized outside of English and French speaking North America in the 47 year history of the international service organization.

News of the historic event came from I. R. Witthuhn, Milwaukee, Wisconsin, president of Kiwanis International. The service organization's headquarters are in Chicago at the Kiwanis International Building, 101 East Erie Street.

In accordance with Kiwanis policy, the new club of Tijuana was sponsored by, and assisted in its organization by, neighboring Kiwanis clubs: the clubs of San Diego and Chula Vista, California.

Seventy-one charter members made up this first Kiwanis club in Mexico. Senor Benjamin Garcia Montiel, an official of Agua Caliente Race Course, is the president of the club.

A large delegation of Kiwanians from the San Diego area crossed the border into Tijuana for the permanent organization meeting. Formal charter presentation will take place May 15.

**Births at Hospital**

Born at Summerland General Hospital to Mr. and Mrs. Franklin Stent, a son, April 26.

Miss Jean Miller, nurse at St. Martin's, Oliver had three weeks holiday of which she spent two at a young people's convention at Briarcrest, Caron Port, Sask. and one week at the home of her parents Mr. and Mrs. Lloyd A. Miller.

**Comings and Goings**

Mr. Frank Carey and son Lorne and Mr. Ernie Doherty and son Sheldon visited the Seattle fair last week. On their way to Seattle they travelled to Rossland to visit Mr. Carey's daughter, Lt. Irene Carey. They also called on Mrs. Clinton Jones and Clifford Dunn in Nelson.

Miss Ida Niblock is home visiting her parents, Mr. and Mrs. John Niblock, prior to her marriage in Kelowna on Saturday.

**Kiwanis Club Notes**

For April 24th meeting the Recorder was out of town, hence the delayed report. On this night the ranks were severely depleted. Seven members: president Walter Toevs, Brian Liebert, Scotty Ritchie, Jerry Hallquist, John Tamblyn, Jack Towgood, and Tommy Young were all with their wives at the Seattle fair. Others were likewise absent on various Easter holiday treks.

So there were only 16 1/2 members present. The half one, Jack Ratzlaff's small boy whom he had brought along to save baby sitter's fees, he having just become the father of a brand new baby daughter. Those present gave short resumes of their lives, omitting all but the credible parts.

In the absence of president Toevs, vice president Bill Laidlaw presided.

May 1st meeting was a different story. Most of the travellers had returned and there were 35 present, including two visitors, Jack Ratzlaff's brother and one visitor from Penticton.

Bob Alstead led the singing, and did the best he could with what he had.

George Henry celebrated his 39th birthday by paying the club to sing Happy Birthday to him.

President Toevs announced the start of a president vs vice president membership competition, to run from date until end of next conference, steak dinners for the winning team and meat balls for the losers.

Don Randall reported on his visit to district clubs when he accompanied the Lieutenant-Governor on his official visits, the Seattle World Fair.

Jack Towgood reported on Fred Schumann "volunteered" to handle the organization for the Cancer Drive, to start next week.

Lieutenant-Governor Doug Campbell reported on his official district club visits. In his address he dealt with attendance, membership, inter club meetings; boys and girls work; Key Clubs, programs, public business affairs; new club buildings; international conventions; Kiwanis education and guidance. At his conclusion, he was given a resounding applause, with a standing ovation.

We are very proud of our Lieutenant Governor.  
— The Recorder

Mr. and Mrs. R. Alstead have returned from visiting their son-in-law and daughter, Mr. and Mrs. G. H. Muttitt in Edmonton.

Mrs. Howard Dewitt will spend four days next week in Vancouver attending the provincial WCTU convention.

Week end visitors at the home of Mr. and Mrs. W. Matkovich were John Rudiselic and family of Cranbrook.

Mrs. Lillian James and Marilyn have returned from visiting relatives in Calgary.

Mr. and Mrs. F. Carpenter and family of Midway were recent guests with her parents, Mr. and Mrs. Earle White.

Mr. and Mrs. John Adams of Vancouver visited his parents, Mr. and Mrs. C. R. Adams last week end.

Mr. Ronnie Hall of Spence's Bridge is visiting his grandmother, Mrs. E. Hack.

Mr. and Mrs. J. V. Hughes of Vancouver were recent guests of the Wm. Brown's in Parkdale.

Mr. and Mrs. Bob Wilson and family and Mr. and Mrs. Tim Pitfield and family of New Westminster visited with Mr. and Mrs. Austin Mitchell.

Mr. and Mrs. Jim Brown spent a few days recently with Mr. and Mrs. Doug Wakefield and family of Durquiltam, B.C.

Ronnie Downes of Regina is visiting his parents, Mr. and Mrs. F. W. Downes for two weeks.

Don Kennedy and Bill North of Vancouver spent a few days with Mr. and Mrs. Jim Dunsdon.

Marilyn Dunsdon spent a few days with her brother and family in Kamloops.

Mr. and Mrs. Jack Raincock and daughter Eleanor visited with their daughter and family in Fruitvale over Easter. They then went to Vancouver and Victoria for a few days.

Muriel Banks went to Vancouver for a week with Harry Wamsley and his sister, Mrs. Wm. Drake of Enderby.

Mr. and Mrs. Frank Kuroda and family have returned from the Seattle fair.

Mr. and Mrs. Eric Tait and son Ian and Mr. and Mrs. T. H. Winter visited in Spokane over the week end.

Mrs. Don Orr and Elizabeth will attend a wedding in Vancouver this week end.

Mr. A. L. Ryman of Addiscombe, Surrey, England is visiting with his son George Ryman and family. He made the trip by jet and was met in Vancouver by his son.

Recent visitors at the home of Mr. and Mrs. Lloyd A. Miller were Mr. and Mrs. Neil Watson and baby daughter, Brenda Marie, Mr. and Mrs. Elmer Watson, Kenny Watson and Estelle Miller of Edmonton; David Miller and a number of friends from Creston. Visiting for a week was Mrs. Vera Watson and daughter who returned to Edmonton on Saturday by plane.

## Little league schedule

Little League activity is now in full swing and parents are reminded to turn out and watch their boys play and give them some encouragement.

Games to be played this week end at Kinsmen Ball Park are on Thursday, May 3, Mounties vs Dodgers and Friday, May 4, Pirates vs Yankees.

Practicing at the school ground on Thursday will be Angels and on Friday the White Sox.

## Junior Baseball

Summerland Junior Red Sox

VS

Kamloops

DOUBLE-HEADER

Sunday, May 6

Memorial Park

GAME TIMES

1:30 p.m. and 3:30 p.m.

Concession booth operated by Babe Ruth Auxiliary

## Red Sox drop two at Kamloops Sunday

The Summerland Junior Red Sox lost both ends of a double header in Kamloops on Sunday by scores of 6-0 and 6-4.

Keith Skinner pitched the first game and only gave up six hits, but errors in the infield along with poor clutch hitting were the downfall of the Red Sox.

Jim Sheeley pitched the second game and gave up 5 hits. The Red Sox only had one error but once again lack of hitting cost the game. In this game they left 11 men on base and in the

first game 10 were left stranded.

Kamloops will be in Summerland on Sunday for a double header, game times 1:30 and 3:30. It is hoped that the boys will have a large crowd on hand to give them some encouragement. There was a big crowd in Kamloops and both teams played better ball.

Kamloops	210	300	x-6 5 1

## Scout shorts

1st Summerland Troop

At the patrol leaders Court of Honor, meeting camps came up for discussion. All patrols plan to attend the International Camporee at Oliver May 18-20. Dates and location of summer camps are still uncertain.

Cathedral Lakes is under discussion for the first week in August, but as many older boys will be working and unable to go, leaving mostly young Scouts, a different camporee may be necessary. In any case, the week long summer camp will be held and at a cost of \$10 per boy.

Attendance at camp will only be permitted to Scouts who turn out at all Scout meetings unless they have a very good excuse from now until June 11 (older boys) and June 18 (younger boys). Our turnouts are excellent and we need to keep them this way for instruction of younger Scouts hoping to go to camps.

All boys going to the Camporee and summer camp will have a pack board. A demonstration model will be on display at L. A. Smith's store which will cost around \$2 to make. Fathers of Scouts who do not have a pack board should take a good look at this model. Mr. Fisher will distribute free at the next meeting the cedar side pieces for packboards and advise each boy as to size of board required.

The troop is sorry to learn of the accident (a broken foot bone) suffered by Bruce Lane and wishes him a speedy recovery.

Next week will be devoted to lashings and each Scout is advised to practice square and round lashings.

— D. V. Fisher, Scoutmaster

## Fishing news

by Bert Berry

### Okanagan Lake

Cold weather has dampened the fishing here, but should be good again this week. No big fish landed by my reports but must be some left for this week.

### Fish Lake Camp

Open and boats available.

### Garnett Valley Dam

Lots of fish and small boats available

### Rose Valley Dam

One report of fish up to 1 1/2 lbs caught.

No other local lakes reported open yet.

# Conquer Cancer Campaign underway Tuesday night

The annual Conquer Cancer Campaign opens here Tuesday May 8, as the Summerland Unit of the Canadian Cancer Society joins cancer volunteers all over British Columbia and the Yukon in helping to raise \$345,000 for the fight against cancer.

Members of the Kiwanis club will assist in the drive, starting at 6:00 p.m. Tuesday night.

"Funds are urgently needed if we are to save more lives from cancer through research, education, welfare services and provision of new treatment facilities", says campaign chairman W. S. Ritchie.

## Lung Cancer is growing killer

Lung cancer, the country's fastest growing killer, offers the greatest opportunity for prevention, says the Canadian Cancer Society.

Medical scientists have given us overwhelming evidence that cigarette smoking is a cause of lung cancer. Now it's up to us to stir the logical realization that you can prevent lung cancer by not smoking.

It is estimated that a man who smokes two packs a day has a one in ten chance of developing lung cancer. A non-smoker's chances are only about one in 270.

## FIGHT CANCER

with a check-up and a cheque

Give Now!

CONQUER CANCER CAMPAIGN

He notes that an estimated 70,000 Canadians will be under medical care for cancer this year.

"Many will be treated successfully thanks to advances in medical science made possible by research. Unfortunately, about 25,000 will die in 1962 because science hasn't yet found a cure for advanced cancer."

"That is why we continue to stress 'Fight Cancer with a Check-up and a Cheque'. A regular visit to your doctor, resulting in early diagnosis of cancer, is your best protection against fatal cancer".

## B.C. leads in fight against Cancer

British Columbia is in the forefront of the fight against cancer. This hopeful note was reported at the Cancer Society's annual conference in Vancouver which officially opened a new \$640,000 Cancer Research Centre at UBC and where glowing reports were heard on early diagnostic techniques for women.

As residents of a province that is forging ahead on all fronts in the fight against cancer, we are going to see definite benefits in more lives saved among our friends and neighbors.

In Vancouver, Dr. Herbert Fidler reports that British Columbia's pioneering cytology program for early detection of cancer of the cervix in women has resulted in a 31 per cent reduction in invasive, or advanced, carcinoma of the cervix among the women of this province.

This is heart warming news and we must remember that it has only come about through the generosity of our citizens in providing adequate funds for research, laboratory facilities and education to get all women to avail themselves of this new technique.

Although it is difficult not to be overly optimistic in the face of such reports, the sobering fact is that there are still many types of cancer for which science has no such answer. Early detection is not always possible for cancers in many sites and

More school children die of cancer than from any other disease. The Canadian Cancer Society needs money to defeat this killer by means of research and public education.

we must hope that our research doctors will find a drug, or a vaccine, or a surgical technique that will enable them to cure such cancers when discovered.

The chances that these answers can be found in the next ten years will be immeasurably increased if we can step up our support for cancer research so that more scientific brainpower can be concentrated on an intensive investigation of all the likely leads.

British Columbia is making a major contribution in this direction with the new Cancer Research Centre at UBC where a group of Canada's leading research scientists are now working full time on various aspects of the cancer problem.

Your generous donation to the Conquer Cancer Campaign is needed now for this work to continue. The eventual rewards for all of us are obvious.

Corporation of Summerland

## PROCLAMATION

Dear Fellow Citizens:

Once again, I am pleased to proclaim this week as Conquer Cancer Week. I urge you to give generously to support the extensive fight against cancer which is being waged by research scientists, doctors and lay educators.

It is also fitting that we take time to reflect on the gains that have been made, and to give thanks for the lives that are being saved through increased knowledge about cancer. For this purpose, I would ask you to give special thoughts to the problems of cancer this week.

Sincerely,

N. Holmes

Reeve

# Conquer Cancer Campaign

ONE-NIGHT BLITZ

TUESDAY, MAY 8

Starting at 6:00 p.m.

Conducted by Summerland Kiwanis Club

Supporting the Conquer Cancer Campaign is not only humanitarian, it's good business. Each year we see further tangible evidences of progress against cancer in British Columbia which show we are getting full value for our cancer donations.

Fight Cancer with a check-up and a cheque

## Lilac Day May 19th.

The Retail Merchants Assoc. will hold its second annual Lilac Day promotion on Saturday, May 19.

Lilac blooms will decorate stores in West Summerland, and all stores will feature special buys. A free show in the afternoon will be held for children at the Rialto Theatre. Other activities for the day will be announced next week.

The merchants have decided to retain the same store hours as last year during July and August, opening six days a week from 8:30 to 5:30 and open on Saturdays until 8 p.m.

## 9 candidates for Queen

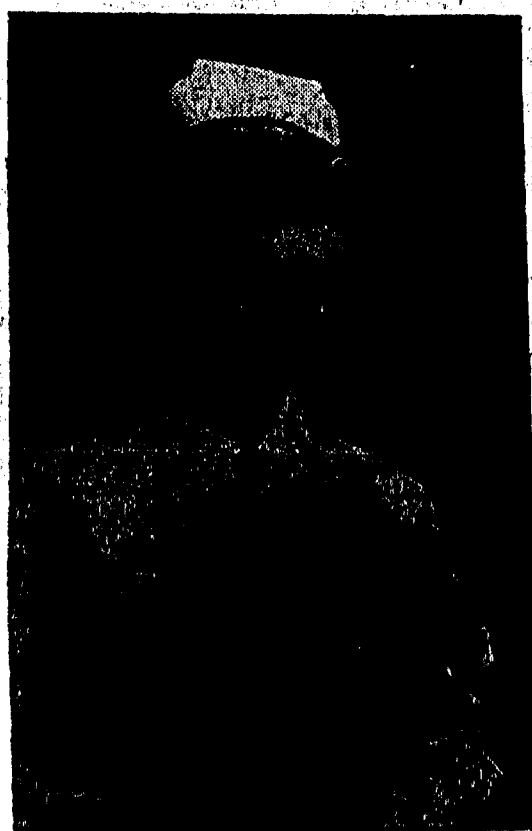

Nine girls have been picked so far as candidates in the 1962 fruit fair queen contest. One more candidate is expected.

Nominated are: Kiwanis representative: Lesie Caldwell, daughter of Mr. and Mrs. John Caldwell; fire department: Darlene Shannon, daughter of Mr. and Mrs. L. W. Shannon; Kinsmen: Rosemary Day, daughter of Mr. and Mrs. C. F. Day; figure skating club: Vicki McKee, daughter of Mr. and Mrs. Harry McKee; square dance club: Moreen Clifford, daughter of Mrs. Anne Clifford; Yacht Club: Linda Scott, daughter of Mrs. Edith Scott; Teen Town: Donna Laidlaw, daughter of Mr. and Mrs. Jerry Laidlaw; Rotary: Lynda Rumball, daughter of Mr. and Mrs. Les Rumball; Retail Merchants Assoc.: Gloria Tilbe, daughter of Mr. and Mrs. Frank Tilbe.

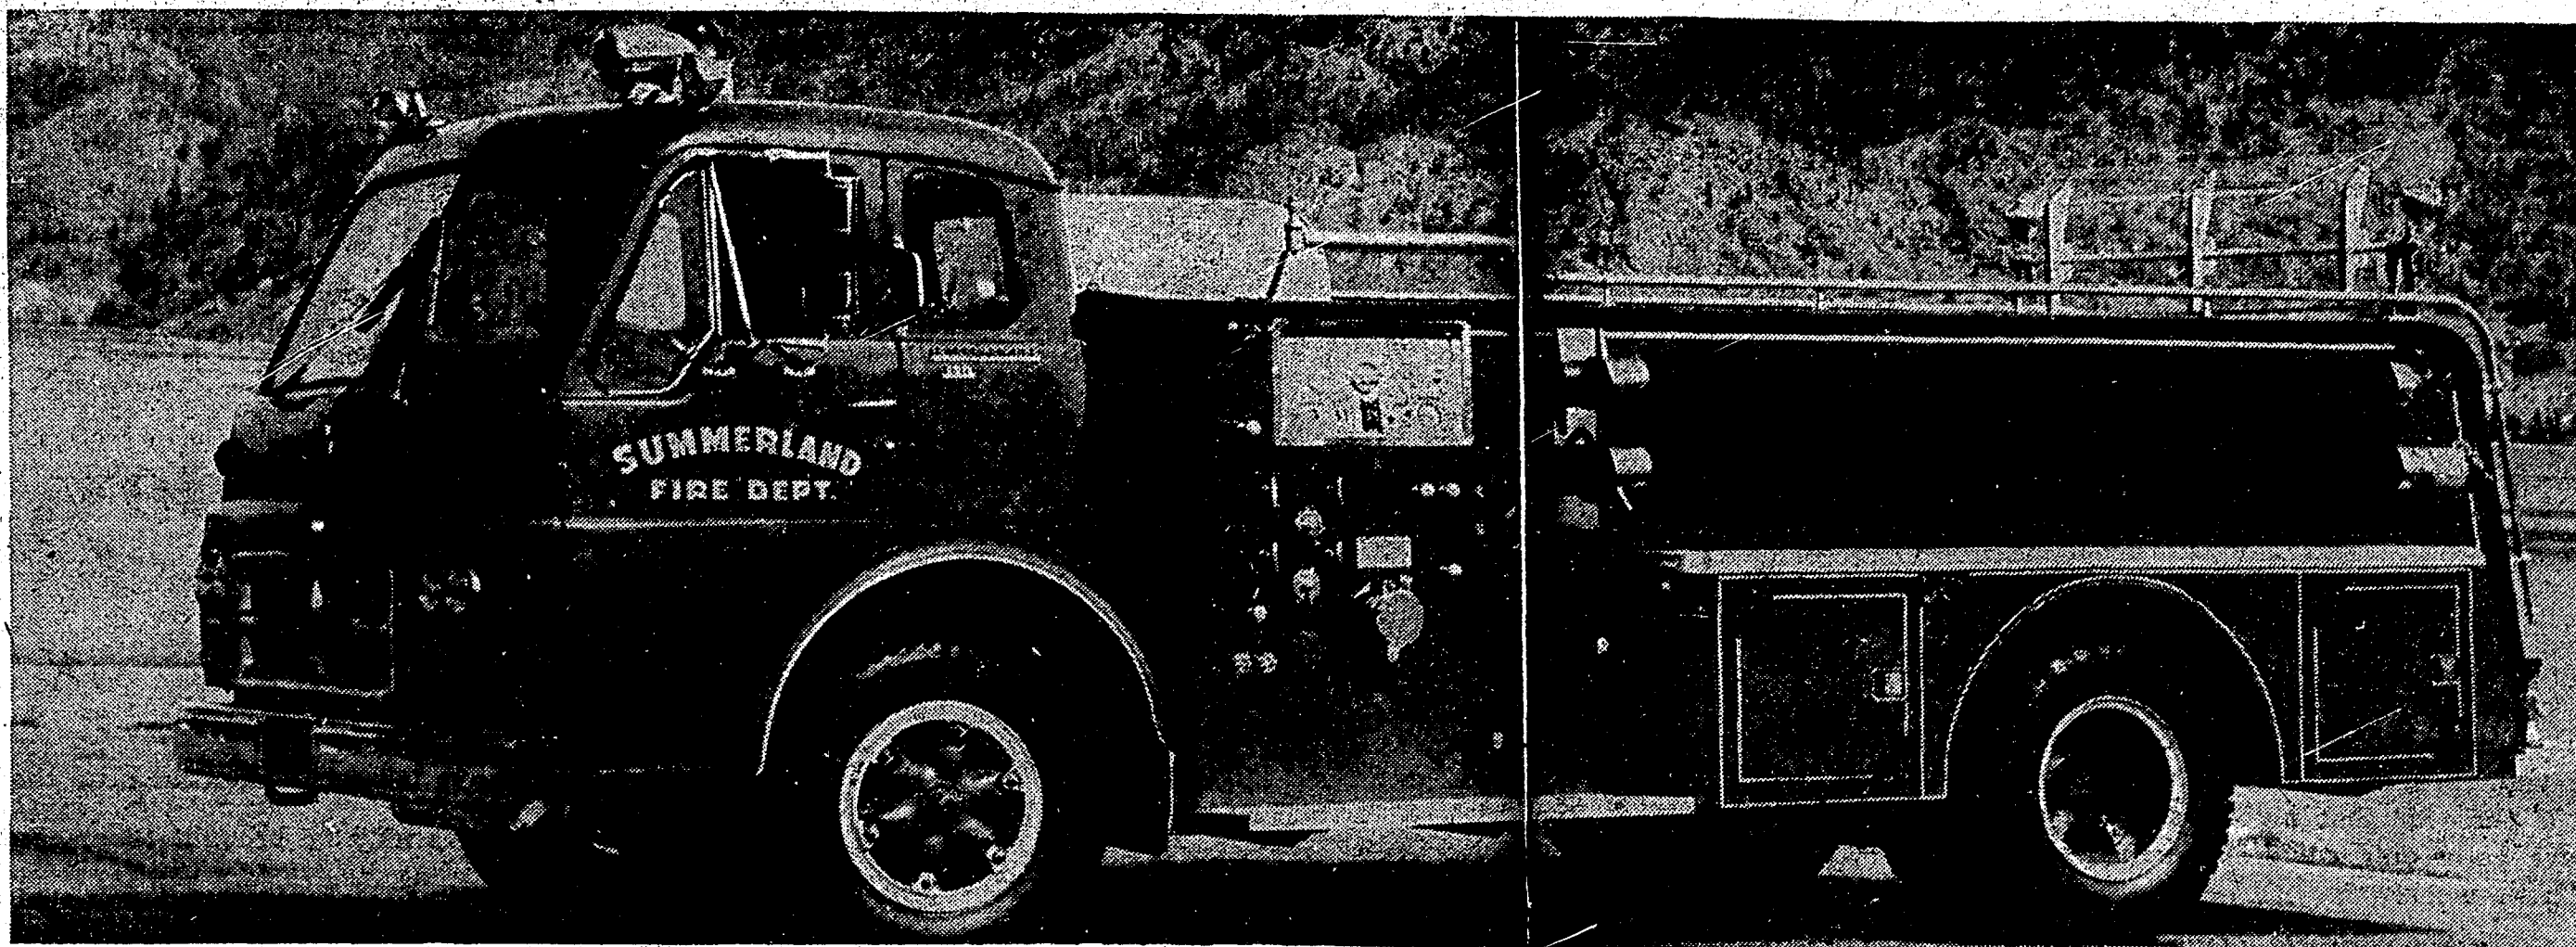

First public appearance of the girls will be at a variety concert on June 1 in the MacDonald School Auditorium.

### BAPTIZED ON SUNDAY

Baptismal services were conducted recently in the Baptist Church. Baptized were Anne Ganzeveld, Dievee Wouters, Margaret McCuaig, Mrs. Lois Bolton, Ken Roberge and Allan Mawhinnee.

The pretty nurse shown here is Miss Marjorie Campbell, daughter of Mr. and Mrs. Colin Campbell. Marjorie finished a 3 year RN course at the Royal Columbian Hospital in New Westminster in January and is presently nursing in Smithers. She and her parents travelled to the coast city hospital last week where Marjorie took part in the spring graduation exercises.

Summerland's new fire truck is all ready for action. The cab over engine truck, built at Abbotsford, has a 500 gallon capacity tank, and will pump 625 gallons of water per minute. It carries 1,600 ft. of 2 1/2 inch hose and 1,000 ft of 1 1/2 hose. The truck is equipped with a PA system, electronic siren, plus a full line

of equipment for extinguishing all types of fires. There are 20 volunteers on the Summerland Fire Brigade, headed by fire chief Joe McLachlan. Cost of the new truck is \$18,500.

## Council briefs

Acting Reeve W. B. Powell and councillors were pleased to note that Trout Creek domestic water applications are still coming in. At the regular meeting Tuesday of this week four more applications for domestic water were approved. Superintendent Ken Blagborne reported that he hopes to finish the Trout Creek project this week, except for the cleaning up. Mr. Blagborne also told council that some breaks have occurred in the line, but that the pipe suppliers, the John Mansville Co., will pay the cost of digging and laying new pipe if breaks occur while the line is under test.

April accounts were approved, amounting to \$95,242.07, including a school requisition for \$30,000 and a bill for the new fire truck totalling \$18,500.

In the correspondence, a petition was read from a number of residents on Station Road, deploring the outdoor toilets in that area. Council discussed the matter thoroughly and gave consideration to a motion eliminating outdoor toilets on small lots. It was decided to draw up a separate building bylaw stating that no outdoor toilet be built within 200 feet of a residence.

First reading was given to a bylaw for the control of codling moth in the municipality.

### RECEIVE COMMUNION

Nineteen young people received their first communion on Sunday at St Stephen's Anglican Church. They had been confirmed the previous Sunday by Rt. Rev. W. Coleman, Bishop of Kootenay.

Communicants were Kathleen Barkwill, Frances Bentley, Suzanne Blewett; Betty Anne Dunsdon, Irene Dunsdon, Louise Dunsdon; Patricia Dunsdon; Shirley Dunsdon, Helen Liebert, Jacqueline Mann; Gillian Miles; Lesley Thomson, Kathleen Green, slade, Patricia Harrison; Michael Inch, David Lane; Edward Mead; Charles Nield and Douglas Trussell.

Acting Reeve Walter B. Powell is all set to take the first dose of Sabin oral polio vaccine from Public Health Nurse Miss Sally Ney. Kinsmen convener for the immunization program Rob Togoood; points out to Mr. Powell that everyone from age 3 months up should attend the community clinics. Times and places for the clinics in Summerland may be found on the back page.

## Open house Friday to view hospital

Friday, May 11 is open house day at the Summerland General Hospital, when the public is invited to see the new X-ray machine. Highlight of the open house day will be the presentation of a \$8,000 cheque from the Summerland Hospital Auxiliary to hospital board chairman Les Rumball. The cheque represents Summerland's contribution toward the X-ray.

The hospital will be open to visitors on Friday from 2 to 4 p.m.

The money was raised entirely by the efforts of the ladies auxiliary in the past two years by their work in the Thrift Shop and tag days.

The Auxiliary met at the Health Centre on May 7 with 34 members present. Two new members were welcomed. At the meeting the ladies expressed

pleasure at the support they have received through donations of used goods for the Thrift Shop and support of the yearly tag days.

It was reported at the meeting that the proceeds from this year's tag day on May 12 will go towards paying off the balance of \$677.35 still owing on the X-ray machine.

Mrs. McBey of Trail, provincial president and Mrs. Manning, provincial vice president visited the meeting and expressed the hope of seeing a good representation at the Penticton regional meeting.

Among business discussed was the ordering of a blood pressure apparatus for the hospital operating room and plans for catering to the Toastmasters Club meeting.

## Coast trip for students in TV contest finals

"We are very proud of our students," said secondary school principal A. J. Longmore when he announced that Summerland will send a team to the TV program "Reach for the Top" semi-finals in Vancouver.

Should the team reach the finals, said Mr. Longmore, they will be competing for the Grolier Trophy and \$2,000 in cash donated by Home Oil for the school scholarship fund.

Summerland's talented team, chosen by Mr. Longmore, consists of Gerald Turnbull, Phillip Holman, Anthea Morgan and Eleanor Martin with Donna Powell as alternate.

They will go to Vancouver on May 30, where the semi-final contest will go on video tape.

CHBC-TV hopes to make the program available to local viewers sometime after that date. The outcome of this contest will determine whether Summerland gets a crack at the big \$2,000 prize. Two Summerland teams took top honors in this region, beating all comers with an aggregate point score of 255. The runner-up school coped 213 points.

The students in the new team were chosen from both the former groups.

Three students took honors at the Kinsmen Invitational track meet in Penticton last week. Teresa Keys won the senior girls' broad jump, Brian Adams took the senior boys high jump; and Ralph Henley (following in brother George's footsteps) came out on top in the junior 440 yard race.

With band trips in season the Langley high school band pays a trip to Summerland, Thursday, May 17 to perform in the auditorium. Money raised by the project will help pay the expenses of the recent band trip to Vancouver. The trip cost the band about \$700, which amounts to a little less than \$10 per student. Almost all of the money was raised by the young people and money raising projects such as Saturday's bottle pickup are still going on. At the municipal council meeting Tuesday night it was moved that \$50 be donated towards the expenses of the band trip.

### CHAMBER MEETS

The regular dinner meeting of the Chamber of Commerce will be held Thursday, May 10 at 8:30 p.m. in the IOOF Hall.

## Bottle Drive Saturday

This Saturday members of the Summerland Secondary School Band and Key Club will be calling on all the homes of the community for their annual bottle drive. The money raised by the students will help defray the costs of the recent trips the two groups have taken. As well as helping the young people to help themselves this gives Summerlanders an opportunity to clean up their garages and basements for the spring weather which is just around the corner.

The two groups have divided up the responsibility of the pickup with the Key Club handling the organization and sorting of the bottles and the Band looking after the actual pickup. It is hoped that the entire community can be covered by early afternoon.

Trucks will leave the Secondary School grounds from 8:30 to 9:00 a.m. Saturday and will make their rounds in the morning. Anyone who can leave their bottles available near the road will be helping in the collection. If you have not been called on by noon hour please phone the school at HY4-2501 and a truck will come and collect. Bottles may be brought to the Secondary School auditorium during the morning and after the Toastmasters Club meeting.

An easy 90 minutes of radio broadcasting is one of the descriptions for CBC radio's Saturday Date which is back for another season on the Trans-Canada network. Heard each Saturday afternoon are (top) June Dennis and Dennis Sweet-

ing, and (bottom) Jim Chorley and Gerald Pratley. Sweeting and Chorley are co-hosts of the show, while Miss Dennis provides the latest book reviews and Pratley reports on films of current interest.

**Rebekahs hold district assembly in Penticton**

On May 1, a very instructive and interesting meeting was held in Penticton which Redland Rebekah Lodge was hostess to Okanagan Rebekah District Association No. 1. Local delegates to this meeting were Mrs Frank Bennison and Mrs. John Dunn. Mrs. Earl Hughes, Vice Grand opened the meeting and it was then turned over to the officers of ORDA.

Lodges were represented from as far north as Enderby and south to Oliver. Among the Assembly officers attending were Mrs. Ira Betts, vice-president of the Rebekah Assembly of B.C. and Mrs. Fred Downes, DDP.

Among the highlights of the day were: the Faith Rebekah Lodge 32, Summerland gave some very instructive work under direction of Mrs. John Caldwell.

Sunset Rebekah Lodge 29, Armstrong presented a very lovely memorial service in honor of those members who have answered the last roll call since the meeting of May, 1961.

Redland No. 12 Penticton entertained the members with a performance, which to those present, spoke for itself.

When recess was called every one enjoyed the delicious pot luck supper, supplied by members from all Lodges and served by the social committee of

Redland No 12. After the evening meeting refreshments were served by the hostess Lodge.

Seating of the District officers and newly elected officers for the coming year was beautifully performed by Kelowna.

Chairman is Mrs. Henry Metke, Kelowna; secretary-treasurer Mrs W. Swick, Okanagan Mission; supervisor, Mrs. Frank Eraut, Penticton.

It was decided to name Kelowna as a central meeting place to facilitate travelling, each Lodge to have its turn as hostess.

**1st Summerland Troop**

There was a turnout of 27 at Monday's meeting with only three absentees. Prisoners Base was played outside and then practice followed inside on lashings in preparation for the camporee.

Scoutmaster Fisher talked to the younger Scouts on packboards. The boys were measured and given the necessary cedar side pieces for their packboards and a construction model shown. All boys going to the camporee on May 18-20 must have packboards and so this project must be completed right away. A letter will be mailed to all parents this week which will include more on packboard construction. The demonstration model is on display at L. A. Smith's store.

Several patrols are planning on camps this weekend. The Eagles had their week end camp two weeks ago at Garnett Valley Dam.

Next meeting Monday, May 14. Duty patrol Hawks.

## You have an invitation

Starting next week, residents of Summerland will have the opportunity to be among the first in British Columbia to take oral polio vaccine. This new method of protection against one of the world's most feared of crippling diseases, is being distributed at community clinics in Trout Creek and West Summerland, by the South Okanagan Health Unit, assisted by the Summerland Kinsmen Club. Details as to time and place are printed elsewhere in this issue.

The introduction in Canada of the live poliomyelitis vaccine developed by Dr. Albert Sabin of the University of Cincinnati offers a tremendous opportunity in the field of preventive medicine — the large-scale immunization of the whole population by a vaccine that is taken by mouth.

The use of "live" vaccine is not new — we have had smallpox vaccination for nearly 200 years. The oral method of immunization, too, has been employed before. But now for the first time these two features are combined in one of man's most determined attempts to cut down and finally eradicate the dreaded spectre of paralytic polio.

The familiar Salk vaccine is made from the killed virus, and given by injection, with all the equipment and precautions that use of the hypodermic method entails. The Sabin oral vaccine is produced from virus that is "live", but weakened to the extent that it could never cause polio. Both vaccines have the property of increasing the body's resistance to the disease, but they differ in that the Sabin type, after being swallowed, works through the intestinal tract. In this way, it builds up a high degree of immunity in the body, while preventing the causative virus of poliomyelitis from spreading from person to person. For this reason, it should ultimately exterminate the disease itself.

Perfection of the "live" vaccine did not come overnight. Early investigation and research by a number of scientists began over 12 years ago, even before Dr. Jonas Salk developed his now famous vaccine. In the intervening period, and before being licensed for use in Canada, the oral vaccine underwent rigorous checking and testing in many countries. During the past few years, it has been administered to many millions of individuals throughout the world. A number of Canadian communities used it last year. Among them was Prince Albert in Saskatchewan, where 97 per cent of the population came forward to take the new form of immunization; following close medical assessment, this oral vaccine was found to live up to all expectations.

The Sabin vaccine is now manufactured in several countries and is authorized for use by the national health authorities of the United States, the United Kingdom and Canada, among others.

Medical authorities, men who are specialists in this field, agree that it is too early to say whether the oral vaccine will replace the Salk type. The Sabin vaccine has many advantages; it is simple and easy to administer, pleasant-tasting, and may be fed to infants as well as to aged persons with no ill effects. Present indications, from the many detailed surveys and studies made throughout the world, are that a judicious combination of both Salk and Sabin vaccines, with the latter predominating, will prove to be the most effective against polio.

## Night-Scented Garden -- Or flowers without fragrance?

Some of the florist's roses, carnations and sweet peas have practically no fragrance compared with their garden grown counterparts.

A. R. Buckley, Department of agriculture horticulturist at the Central Experimental Farm in Ottawa, explains that the attractive forms and colors of some commercially - grown flowers have been developed at the expense of fragrance.

Years ago the monkey flower (Mimulus moschatus) a plant native to British Columbia was popular in England as a fragrant houseplant — until it lost its fragrance. People wondered whether they had lost the fact of smell for this particular plant or whether it had lost its smell through cross-breeding with scentless varieties.

Later the lack of fragrance in some roses in England was publicized and a newspaper offered annual prizes for a rose with the best scent, regardless of its other characteristics. Several varieties of hybrid teas and grandifloras that won these contests are suitable for growing in Canada.

Canadian home owners who enjoy planning a night scented garden would find the following specimens useful: sweet peas, carnations and some varieties of roses; night scented stock, moonflower, ornamental tobacco, lavender; heliotrope; cat nip, wormwood (Artemesia) and the little known but quite hardy

annual mullein, a small delicate plant with good fragrance.

Other annuals noted for their sweet aroma are sweet alyssum, cornflower, cleome; evening primrose; heliotrope and lychnis.

Wallflower, a favorite in Europe, is hardy only in the very mildest districts of Canada.

Among the larger shrubs, lilac has a popular though fleeting fragrance. Several scentless lilacs have been developed but fragrance has been improved in the French hybrids, including the white lilacs. The Chinese lilac belongs to the privet like group and has little smell.

European mock orange and the English woodbine have pronounced aromas which are missing in the American species and varieties.

Fanciers have greatly enlarged the color range and shapes in many species, including specific two tone colors. This has been done with iris and some aroma has been retained. Similarly the gladiolus has been developed for color and form, fragrance being retained in some miniature types.

Gardeners are particularly attracted to a new color when it occurs in a species. Recently developed fragrant and non fragrant varieties are: yellow flowered peonies and perennial asters; pink iris, lilies and lilacs; almost blue gladiolus and roses; and pink and red day lilies.

## Irvine Adams work displayed in Penticton

An art exhibit of special interest to Summerland was held last week in Penticton's Jubilee Pavilion. This was a one man show by Irvine Adams, Summerland's well known artist. The show was sponsored by the Penticton Art Club which reported a large attendance.

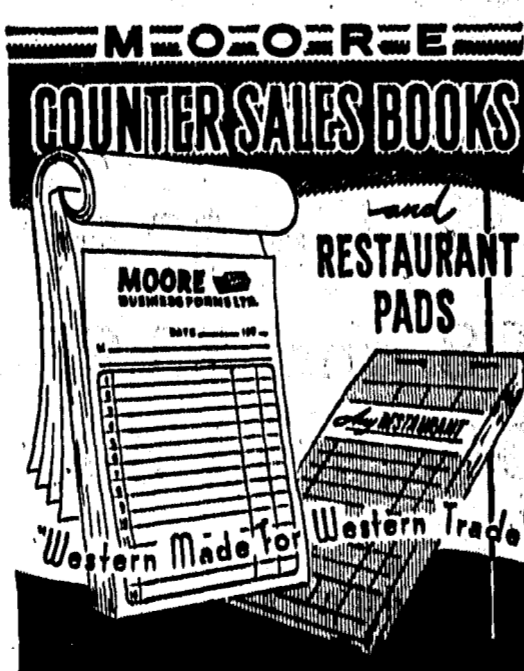

Mr. Adams has exhibited in both London and Paris salons. The strength and vigor in conception and composition coupled with the great delicacy in treatment make this artist's work outstanding and unusually satisfying. Many new pictures were shown and all pictures were of Okanagan scenes; Mr. Adams is making a name for himself and for the Okanagan in Canadian art.

One feature which delighted the artist was the attendance of several classes with their teachers from the Penticton schools, both high school and elemen-

tary. The students asked questions which Mr. Adams was glad to answer. To him, this was one of the highlights of the show as he is especially pleased at any display of interest in art by young people.

Last November Mr. Adams held a one man show in the Summerland Library sponsored by the Summerland Art Club which will be recalled with pleasure by all who were fortunate enough to see it. Another one man show by Mr. Adams is scheduled for October 1st to 15th in Kelowna.

The Turning Point:

## Hellyer Coming Too

by

Elmore Philpott

Liberal Candidate For

Okanagan-Boundary Riding.

Thanks to all you people who have written me about my television broadcasts which take place every Sunday at 5:45 p.m. over CHBC-TV.

Here is some more big news for this riding. The brilliant young Liberal, Hon. Paul Hellyer, is coming to speak for me next Saturday, May 12, at 8 o'clock in the Penticton Masonic Hall.

Paul is one of the best minds in the whole Liberal party. He served in the second world war, mostly as a lance corporal. Then in a few years he became very successful in business, was elected MP and then appointed Associate Minister of National Defence.

Have you noticed the number of really big guns that they have sent in to help us win this riding? First came Lionel Chevrier, the father of the St. Lawrence seaway, then our national leader, Lester Pearson himself, and now comes Paul Hellyer.

The Liberal headquarters is going all out to win this constituency, and from their confidential surveys they are increasingly confident that we can do it.

So come to the meeting Saturday night.

And thanks to all who sent along good wishes on May 1, which was my 66th birthday! Yes, time flies, I am just one year younger than my old friend but political opponent, the Rt. Hon. John Diefenbaker, and just a year older than my national leader, Les Pearson, my old schoolboy chum.

# WOMEN'S PAGE

## Yacht Club fashion show will feature summer wear

Fashions for the First Mate will be shown at the Yacht Club next Monday morning and all district ladies are urged not to miss the gala doings. Modeling the breathtaking fashions, from both of Summerland's ladies clothing stores will be Auxiliary members Mrs. N. Holmes, Mrs. B. Butler, Mrs. R. Bertram, Mrs. V. Kimball and Mrs. K. Boothe. Miss Vicki McKee will show the latest in bathing suits and beach wear. Your Review reporter was fortunate in previewing some of the fashions while the models

were being fitted. The new ruffled shift was very much in evidence. Mrs Butler will model one that could be straight from the beach at Waikiki, in a delicious turquoise and rosy pink print, it features ruffles from top to bottom. Mrs Butler will also model a dainty yellow afternoon dress of silk broadcloth. The feminine shirtwaist style will be accented with a pretty yellow and pearl necklace. All the costumes have been chosen with an eye to attractive accessories.

Mrs Holmes chose as one of

her outfits a Cole of California sun dress, once again in a hot Hawaiian print, with shades of orange, green and brown, so perfect for this area.

Lovely lace evening wear, sheaths with no sleeves and little jackets, mother of the bride outfits, and wonderful "fun in the sun" wear will make up the show.

Come and bring the kiddies to the Yacht Club's first fashion show. A door prize, donated by Mrs Keath Marten, will be given to a lucky lady.

The show is planned to start at 10 promptly and will be finished in plenty of time for the audience to get home to make lunch.

### Attends Funeral at coast

Mrs Frank Bennison travelled to the coast recently to attend the funeral of her brother in law, Mr J. W. Sheepwash, who passed away suddenly in hospital in Union Bay, Vancouver Island. The funeral was held at Courtney Bay on May 5.

Surviving are his wife, the former Gertrude Arkell of West Summerland, daughter of the late Mr and Mrs J. C. Arkell; a daughter, Mrs George Knowles (Beverly) of Campbell River; four brothers and five sisters.

## Comings and Goings

Mrs G. M. Croil of Vancouver was a week end guest at the home of Mr and Mrs T. M. Croil

Mrs W. J. Dent of Squamish and Mr and Mrs Robert Mahood of Vancouver are visiting with Mr and Mrs. Gerald Dent at Trout Creek.

Mr. Alex Inch is in Ottawa this week attending a civil defence course.

Barbara Inch has returned from a week's holiday in Vancouver.

Mr and Mrs A. R. Swan of Burnaby are now living in a house trailer at Hospital Hill while he builds his permanent residence close by on property purchased from Ted Wilson. Mr Swan will build his own house, having had years of experience building houses in Vancouver.

Mr. Ed Neff and Mr Bill Grayburn of Calgary visited with Mr and Mrs Fred Schumann last week.

Visiting at the research station in connection with their pathology program is A. J. Skolko of Ottawa

Mr and Mrs W. J. Baillie and Mr and Mrs C. P. Smellie of Vancouver spent a recent week end with Mr and Mrs Leo Heyworth.

Miss Heather Lawford of Victoria is visiting with her grandparents, Mr and Mrs A. C. Fleming, while doing her practice teaching at Macdonald School.

Mr and Mrs Donald Orr and daughter Elizabeth attended the wedding of their cousin Miss Arlene True to Mr Barry Rise in North Surrey Friday. On Sunday they visited at Pender Harbour and returned home on Monday.

Ten members of the Women's Institute attended the South Okanagan and Similkameen district conference at East Kelowna Community Hall on Saturday. They were Mrs D. I. Gilman Mrs Lydia Johnston, Mrs M. E. Collas, Mrs Hans Moors, Mrs L. W. Rumball, Mrs George Inglis, Mrs William Brown, Mrs S. Procuronoff; Mrs. Eric Tait and Mrs W. S. Rothwell Mrs Rumball was elected president and Mrs Rothwell vice president for the coming year.

Mr and Mrs George Ryman and family visited relatives at Armstrong over the week end.

Mr Magnus Tait, Miss Doreen Tait and Miss Nellie Holder are visiting in Victoria.

A. C Logan and Mrs T H Winter are in Vancouver to meet Mrs. Logan who is returning from New Mexico where she has been visiting her daughter and family.

Mrs Eric Smith is in Victoria attending a registered nurses convention.

Mr. and Mrs John Holman have returned from Vancouver where they attended the golden wedding anniversary of Mrs. Holman's parent's, Mr and Mrs Arthur Bloomer.

Mrs F. Plunkett is in Victoria for several weeks. While there she will attend the marriage of her grandson, Franklin Turnbull to Dorothy Sutcliffe of Victoria.

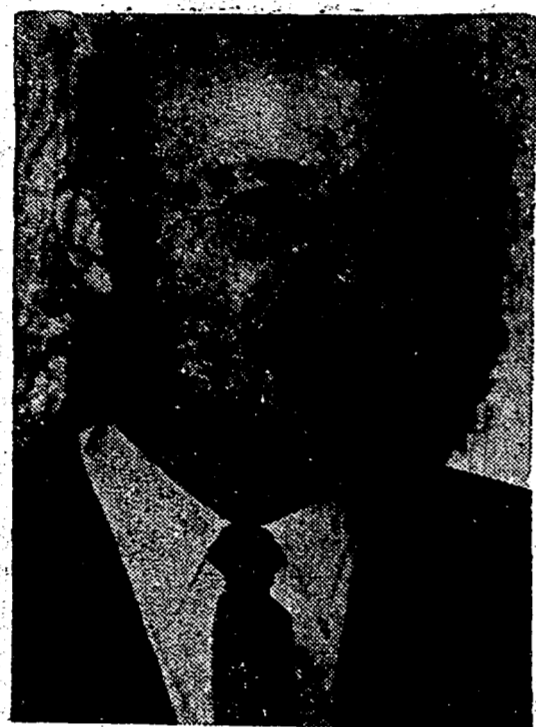

Dr W. Wild, Dr D. MacGregor, Dr D. McIntosh, Dr A. Lopatecki; Dr J. Wilk, K. Lapins and Steve Cannings are attending a seminar at the research station in Vancouver.

Mrs W. C. Avocatt of Vernon spent a few days recently with Mr and Mrs Vern Charles

Ross Norstrom of the University of Alberta is holidaying with his mother Mrs K. Norstrom and taking in the Seattle Exposition. Ross has completed his BSc Honours in chemistry and has been awarded a \$2,000 National Research Council Bursary, tenable at the U of A for one year. He will be studying towards a PhD in the field of physical photochemistry and free radical reactions.

Mr. and Mrs R F Angus have returned from Vancouver where Mr Angus attended a meeting of B.C. Building Inspectors

"Where Quality Costs No More"

All set to leave for the coast on Friday morning are band members (left to right) Anthea Morgan, Carolyn Parkinson, Marjorie Dewitt and Mona Inaba.

## Band members enjoy trip to Vancouver

by Penni Eden

On May 4 the Summerland Senior High School Band left for a trip to the coast where they took part in a mass band conference at Langley High School. The students left the school at 8:00 in the morning, on two Greyhound buses. Chaperones for the trip were Mr. and Mrs. L. Biczio and Mr. and Mrs. R. Chalmers.

The first stop was Keremeos High School where the band played a variety of selections, ranging all the way from a cha cha to an overture. From there they proceeded to Princeton where they played for the students of the Princeton High School. The band members then had lunch which was served in the auditorium by the Grade 12 girls of the school. At 1:00 they were on their way again. There was a short stop at Allison Pass and then on to Langley. Upon arriving at 5:00 they were met by the people who were to billet them for the night. As there was no concert that night they were entertained by the people of Langley and the students were all enthusiastic about the hospitality shown them.

Next morning the two Greyhounds left the Langley High School at 9:30; this time the destination was Stanley Park.

After a short stop at the Park the students were taken down to Granville Street where they were allowed to shop and browse around for two hours. They were then picked up in front of the Hudson Bay and left for New Westminster.

Here they were met by students of Vincent Massey and Lester Pearson High Schools who were billeting them for that night. After supper the Band met once again at Vincent Massey High School where they were taken to Langley for the band conference. Eight high schools from British Columbia participated in this concert. The concert began with the entire mass band playing O Canada and God Save the Queen. The brass section then played a march called Scipio followed by the woodwind section playing three dances. The mass band then broke up into their respective high school bands and the remainder of the conference

consisted of the numbers played by the individual groups. After this there was a short dance which was enjoyed by everyone. At 11:00 a very sleepy band left to travel back to New Westminster for the night.

Sunday morning the band was once more boarded the buses at Vincent Massey High in New Westminster and arrived home at 5:30 that night, ending another successful band trip.

## Flower show judged as best ever

Saturday, May 5 brought many Summerland and district residents to see the best display ever, at the 3rd annual flower show of the Summerland African Violet Society. There were 108 entries on the two full length tables in the IOOF Hall, making a lovely display of color with very few duplications in varieties.

The judges, Mrs. K. Lapins, Mr. C. L. Wright and Mr. W. Graber, with Mrs. I. Siegrist as clerk, gave out many blue, red and white ribbons.

Gallop's Greenhouse Challenge Cup, given for the plant judged "Queen of the Show" was given to "Gold Band" with a bright, pink blossom, crested with distinctive fringed chartreuse edging and wavy, light green foliage, owned by Mrs. J. H. Brown, and displayed under spotlights on the stage.

Mrs. Jack Wilson was tea convener and the members were kept very busy with Miss Heather Wilson, Miss Margaret and Miss Betty Brown serving.

The plant, candy and parcel post sale tables, under Mrs. J. Lazenby, Mrs. L. Pohlman and Mrs. John Richards were well patronized.

### CELEBRATE ANNIVERSARY

Mr and Mrs Walter M. Wright celebrated their 46th wedding anniversary on May 3.

## The Summerland Review

Thursday, May 10, 1962

God made a wonderful mother,

A mother who never grows old.

He made her smile of sunshine,

He molded her heart of pure gold.

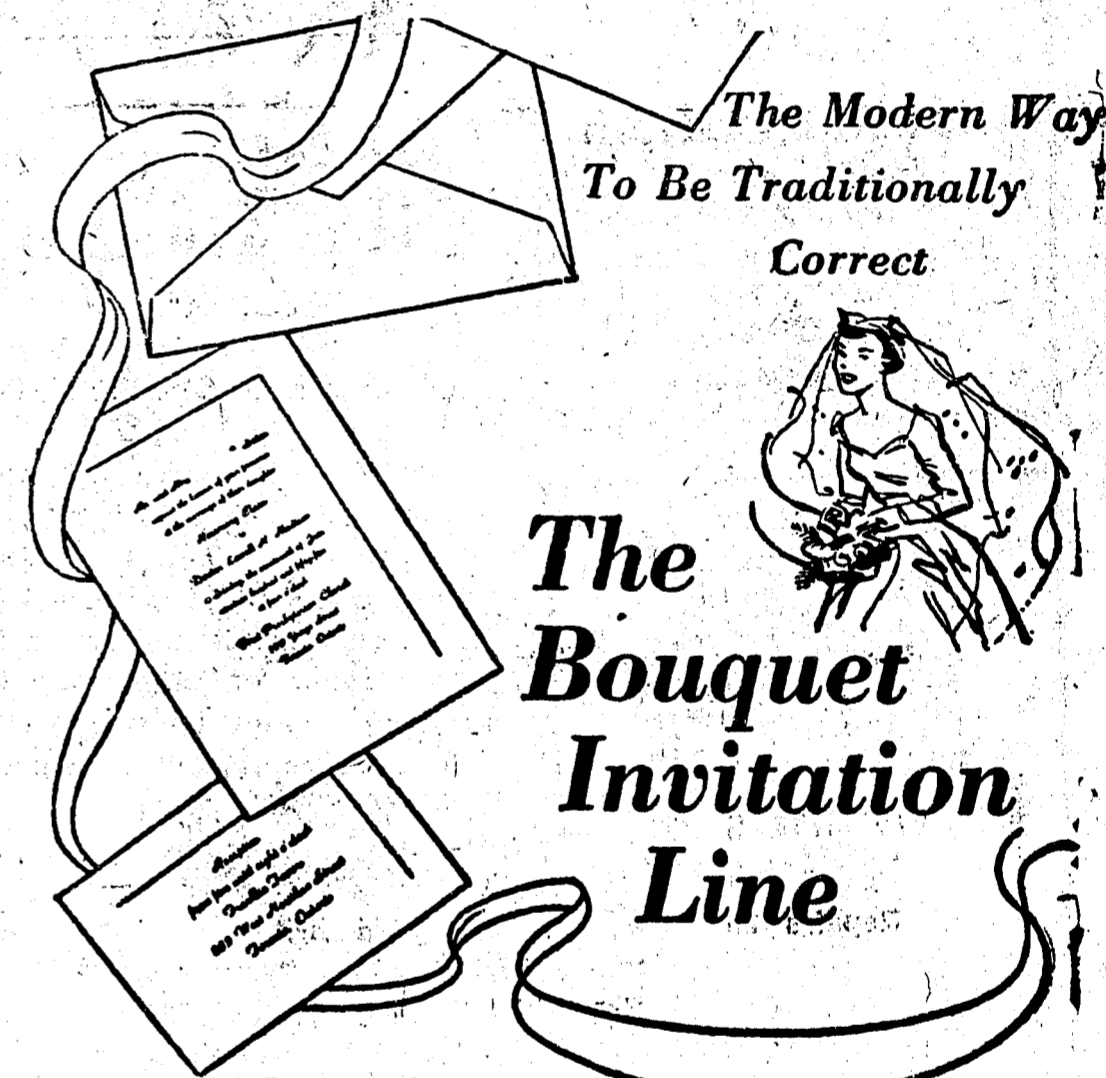

In her eyes he placed bright shining stars,

In her cheeks fair roses you see

God made a wonderful mother,

And he gave that dear mother to me.

Our Best Girl is Mother -  
treat her to something lovely from

## Red Sox drop two here on Sunday

The Summerland Junior Red Sox were defeated twice by the Kamloops Juniors on Sunday in Summerland by scores of 5-1 and 7-5.

In the first game both teams got four hits but an error in the outfield by Summerland, let the Kamloops team get away to a good start and then lack of hits at the right time spoiled any rally that the Red Sox could start.

In the second game the Red Sox were close all the way but a throwing error cost them any chance of winning the game.

Keith Skinner pitched both games and turned in a very good performance, as did the rookie infield made up of Dent on third; Selinger on short; and Pushkerinko on second.

The next games will be on Sunday, May 13, when Merritt will be in Summerland for a double header. First game starts at 1:30.

Line Score	R	H	E
Kamloops	022	100	0 5 4 1
Summerland	000	001	0 1 4 3
Kamloops	001	123	0 7 10 3
Summerland	100	013	0 5 3 2

## On the Rifle Range

by Herb Simpson

Ten shooters took part in the second practice at the Garnett Valley range on Sunday morning. Bill Lightburn, a well known marksman from the coast was with us, also Jim Stump and Bill Thorburn of Penticton. Jim is a newcomer to the ranks of rifle shooting, and he certainly did very well, scoring 82 points out of a possible 100 at 200 yards.

A work party on Thursday evening finished levelling the 300 yard firing point and installing a telephone pole. This will be connected to the line and the firing point ready for use next Sunday.

All members are urged to attend the shoot on Sunday as it the last practice before the B.C. Island Rifle Association annual shoot in Penticton, May 20 and 21.

The small bore range is all ready for action, with seven targets in place. Adult and junior shooters who attended the indoor shoots during the winter will be very welcome on this range. Any members who have targets to complete for pins or crests may shoot them on the outdoor range.

A list of Dominion Marksmen awards has just been received. The results are as follows: Bronze pins: Jo-Anne Schafer; Dale Hughes; Timothy Sheppard. John Liebert, George Penning. Silver pins: George Penning, Molly Bentley, Ted Arkell. Gold pins: George Penning, Howard Wright. Kneeling crest: Junius Johnson. Standing crest: Louise Atkinson, Ray Maddocks.

## Fishing News

by Bert Berry

Not too much to report as yet as the weather is still cold.

### Okanagan Lake

Rumour of 20 lb'er between here and Penticton but I haven't been able to confirm it.

### Fish Lake

Open for business at Fish Lake, but not upper lakes. Should be OK.

### Garnett Valley Dam

Lots of fish but small. Must be bigger ones in here but only small ones being caught.

### Agur Lake

Report of winter kill, but not confirmed. Will let you know as soon as possible.

### Rose Valley Day

Good. C. Day caught a 5 lb. there. Still a good bet.

No reports from distant lakes but judging from local fishing they should be opening up in a matter of days. Some open water at No. 3 Headwaters so it is just about ready. Will let you know as soon as possible. Good luck to you all this coming week.

## Softballers start season

The South Okanagan Softball League will get under way again with a three team league of Penticton, Osoyoos and Summerland.

Last year's champions, Mac's Cafe Aces, play their first home game on Thursday, May 10 at 7 p.m. against Osoyoos.

The Aces have many of the same players as last year with a few younger players added.

Any new comer wishing to play softball for Summerland can contact J. Bullock at Mac's Cafe.

## LITTLE LEAGUE NEWS

Don't send your boy to play ball at Kinsmen Little League Park — take him. You will enjoy watching your son and the teams go through their paces.

Results of last week's league games are: May 1: Yankees 5, Angels 3; May 2: White Sox 8, T. C. Tigers 5; May 3: Mounties 9, Dodgers 8; May 4: Yankees 10, Pirates 12.

Playing this coming week are May 10: Mounties vs Yankees at Kinsmen Park. Practice at school: Pirates.

May 11: Angels vs Mounties at Park; Dodgers and White Sox practice at school.

May 15: Angels vs Pirates at park; and Yankees and Mounties practice at school.

May 16: Pirates vs Dodgers at Park; with White Sox practicing at school.

## B.C. weekly Editors undecided as to winners

A survey of B.C. weekly newspaper editors shows them to be sharply divided as to the probable outcome of the federal election. Fifty-three per cent predict a return to office of the Conservatives while 47 per cent see a Liberal win.

The survey was undertaken by the B.C. Liberal Party and

the results were made available this week.

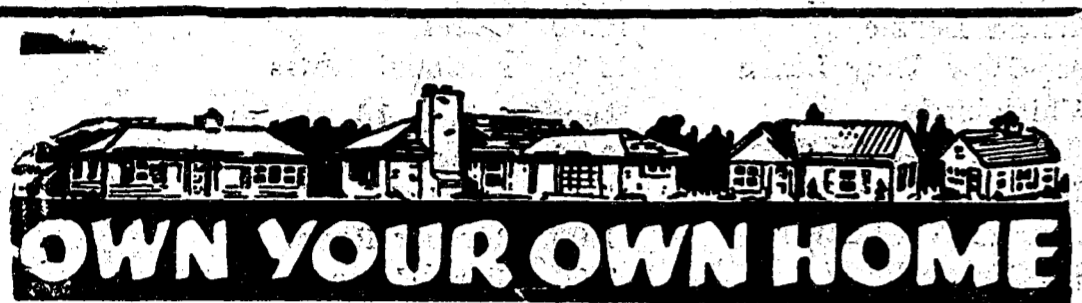

Weekly editors were also invited to estimate the number of B.C. seats (out of 22) that are likely to go Liberal. Guesses ranged from none to 20 and averaged out at 8.1.

While some saw possible wins by the NDP and Socred candidates in their own ridings, none of those replying saw any hope of these parties forming a government. It would be a two-party fight, they agreed and the results would be close.

Some 35 weeklies in B.C., including the Summerland Review, participated in the survey.

## Kiwanis Club Notes

Tuesday night all other business was suspended to give way to the Cancer Drive Blitz. Fred Schumann had very efficiently organized the entire town into districts with maps for each. Dinner was served at 6 p.m. and at 6:30 p.m. thirty Kiwanians, assisted by eighteen Key Club members were on their way, a Kiwanian captain, with assistants to each district.

From 9 to 10, Smith & Henry's clearing house office was a beehive, as the canvassers assembled with the results of their efforts, amounting to about \$1,000. Last year's quota was \$1,200 which was exceeded by \$200.

Not all were able to complete the canvass of their districts, so when these are finalized, it is almost certain that again the quota will be exceeded.

Much credit is due the citizens of Summerland for their generous support, each according to his financial ability.

— The Recorder

## RUBBER STAMPS

## Square dancers report active, interesting year

At the annual meeting of the Summerland Pairs and Squares, and the subsequent executive meeting, David Munn was re-elected as president of the club. Kenny Nistor continues as vice president; Gwen Hardie is to be the new secretary and Eric Smith the new treasurer. Other officers are Nettie Shannon, Harold Wiens and Ray Fredrickson, with Ed Martin continuing as Association representative. Thelma Wiens is refreshment convener, Lil Nistor phoning committee; and Ruth Munn, press and publicity.

The May 19 party night and the Trail Dance on July 31 will be the only two parties held during the summer months.

Emphasis will be placed on a beginner's square dancing class this fall, with special plans now underway to introduce people to this very pleasant form of recreation and entertainment.

The club received an invitation from Ernie and Emily Wildermuth of Omak to attend their golden wedding celebration on May 26. Eleven couples indicated they were interested in driving down to attend this special square dance party. Club members are asked to contact the president so that transportation can be arranged.

The Pairs and Squares are sponsoring Moreen Clifford as their candidate in the Summerland queen contest. An enthusiastic square dancer herself, Moreen is the daughter of Ann Clifford, a member of the Pairs and Squares since the club first started, in 1954 and the niece of Ray Fredrickson, Summerland's well known caller and instructor.

The president expressed his thanks to all the executive and other members of the club for their help during the past season.

Nine party nights were held, with an average attendance of thirteen squares. Intermediate classes under Bob Emerson were satisfactory in every way. The benefit dance, held on Easter week end, realized a nice profit for the Youth Centre. Club finances are in a healthy condition and with prospects of an enthusiastic beginner's class in the fall, square dancing will continue to be one of the many enjoyable Summerland activities.

## Semanitic Study Shows Salary Salty Subject

Some of our words in everyday use originated so long ago that their original meanings have long since gone into the limbo of forgotten things. For instance, "salary", a pretty important subject to most of us, originated in the days of ancient Rome.

Soldiers and civil servants were given regular rations of salt and other necessities, lumped together under the general name of "salt rations."

Although money came to replace the rations, the name remained, and hence the expression "worth his salt." (Latin: salarium, salt).

Nowadays, when they get their pay cheque, hundreds of thousands of Canadians, worth their salt, make it a rule to save part of their salary at the Bank of Montreal. They know thrift is the fastest and surest way of building a firm foundation for future success.

Don Carmichael, accountant at the Summerland branch of the Bank of Montreal, will be glad to help. It's worth the time it takes to find out how easy it is to open a savings account at the B of M. It will earn two and three-quarters per cent interest. But, most of all, regular saving soon becomes a habit that's very much "worth its salt" to you.

## Seafair Tops World's Fair Fun

SEATTLE'S THIRTEENTH SEAFAIR FESTIVAL will be staged this year against a backdrop of a spectacular Space Age World's Fair. The annual maritime frolic will have its ten day run July 27 through August 5, and should prove to be the most exciting period of the Fair which extends April 21 through October 21. In the upper left panel (No. 1) Seattle's famous Lake Washington is the scene of the fabulous \$35,000 Gold Cup Race for unlimited hydroplanes, one of sportdom's most thrilling events. President John F. Kennedy (panel No. 2), who will visit Seattle, is flanked by a picture (panel No. 3) of the 550-foot Space Needle, located in the heart of the World's Fair grounds. The Seafair Grande Parade (panel No. 4) is pictured wending its way before 200,000 onlookers on Saturday, July 22. A glamorous water and stage spectacle (panel No. 5) is nightly entertainment during Seafair, as the beautiful outdoor lakeside Aqua Theatre presents Aqua Follies, July 28 through August 15. In the insets are theatre and recording star Gisele McKenzie (upper left), star of the Aqua Theatre musical "Annie Get Your Gun," July 2-7; Bert Parks, popular television emcee and singing star, featured in "Music Man," July 17-22; and Bob Hope, America's beloved comedian, who will appear in "Bob Hope's Space Age Frolic" stage revue, July 8-15. The lower panel (No. 6) pictures the annual pre-season pro football game, which pits the San Francisco 49ers against the Minnesota Vikings on Saturday, August 11. Seafair Royalty (panel No. 7) welcomes the U. S. Fleet, Wednesday, August 1, while the Ben Odori (panel No. 8) illustrates the picturesque celebration of the Japanese community. It all adds up to the ideal time to visit Seattle, the World's Fair, and ten thrill-packed days of marine-flavored hi-linx—the Seafair.

## Corporation of Summerland

The Municipal Council endorses the plan of the South Okanagan Health Unit to hold Oral Poliomyelitis Vaccine Clinics in this Municipality.

CLINICS WILL BE HELD AS FOLLOWS:

**Tuesday, May 15 - Trout Creek School**

(3:00 to 5:00 p.m. and 7:00 to 9:00 p.m.)

**Thursday, May 17 - S'land Health Centre**

(2:00 to 4:00 p.m. and 7:00 to 9:00 p.m.)

**Friday, May 18 - S'land Health Centre**

(2:00 to 4:00 p.m. and 7:00 to 9:00 p.m.)

Oral Poliomyelitis vaccine is available to every infant, child and adult over the age of three months. This is a very worthwhile project and all residents are urged to attend these clinics.

# The Summerland Review

Thursday, May 17, 1962

West Summerland, B.C.

Volume 17 No. 20

## Under the Giant's Head

Mr. G. C. (Jock) Johnston, manager of the Bank of Montreal, is back on the job after an absence of three months. The Summerland branch has a new accountant, Mr. Don Carmichael, formerly with the Westbank branch of the bank. Mr. Carmichael, his wife and two children are moving to Summerland this week. He will replace Mr. Simeon Kouwenhoven who has been transferred to a B of M branch in Burnaby.

At the International Horse Show in Oliver on Sunday, C. H. Reinertson won two seconds and a fourth with his half-Arabian yearling "Ala Sirdar".

There will be 10 candidates for Summerland Fruit Fair queen this year. Sharron Geres, daughter of Mr. and Mrs. G. Geres was chosen by the Royal Canadian Legion last week. First appearance of the girls will be at a variety concert on June 1 in the MacDonald School auditorium.

Highly successful, is the report given on the Sabin oral polio vaccine clinics being held in the municipality this week.

1,001 school children received the vaccine in MacDonald School on Monday; 82 children at Trout Creek School; and 233 adults at the Trout Creek clinics on Tuesday.

Community clinics will be held in the Health Centre in West Summerland this Thursday and Friday. Afternoon clinics are from 2:00 to 4:00 and evening clinics from 7:00 to 9:00. Free transportation is offered by the Kinsmen Club. Just call the Health Centre.

Miss Elaine Dunsdon, daughter of Mr. and Mrs. Jack Dunsdon recently completed her intermediate and advanced ballet exams in Vancouver. Elaine, who has studied ballet under the Okanagan School of Ballet directed by Miss Llovd and Mrs. Farally, hopes to further her dancing career after her graduation from high school this year. Miss Jennifer Pennev of Kelowna, formerly of Summerland, also passed the intermediate and advanced ballet exams.

## Pick site for hospital

Mr. Les Rumball, president of the Summerland Hospital Society, announced yesterday that a site has been picked for the proposed new hospital. Five to seven acres of land have been chosen due north of Milne's Cannery, on the former C. E. Pearson orchard. The property now belongs to E. H. Anderson. The location was picked for its availability to gas, power and water lines and good drainage. There is a good view of Okanagan Lake and the valley. Approval of the site has been received from BCHIS in Victoria.

## Party night for dancers

Saturday, May 19 will be the final party night of the season for the Pairs and Squares.

Fred Proul, who was to emcee the dance, has been in the Penticton Hospital for the past two weeks. He hopes to be well enough to come on Saturday, but Ray Fredrickson has kindly consented to stand by to take over for him if he is not up to coming. Guest callers are invited to bring their records.

Gladys Laidlaw is convening the refreshments for that evening, with home-made cake and ice cream featured on the menu.

The lilacs that are making the countryside so beautiful just now, will be used to decorate the hall.

Many of our members will be taking advantage of the holiday week end to go traveling, so your president and his wife hope that those of you who are in town will be on hand to make our wind-up square dance a success. The cool weather makes dancing very pleasant, and the exercise will help limber up those muscles that are aching from too much gardening! See you this Saturday night at the Youth Centre.

Retail Merchants Assoc. president W. A. (Bill) Laidlaw is busy putting up blossoms for the Lilac Day celebration on Saturday. In addition to offering special prices, many stores are having a draw for valuable prizes. A boat show will be set up at Smith & Henry's, pony rides will be given for the kids in the lot behind Hardie Motors, and there will be a free matinee at the Rialto Theatre. The school band will be playing at 3 p.m. and a new group, "Summerland's Live Lilac Dolls" will give an exhibition of square dancing, the Twist and other variety numbers. All stores and the main street will be decorated with lilacs for the festive day.

## Victoria Day celebrations for junior ball players

Victoria Day, Monday, May 21 will be celebrated by the Little League and Babe Ruth Baseball teams at the Memorial Ball Park when youngsters in these two leagues will meet for a day of competition.

With over 90 boys in the Little League, play will start at 10:30 a.m. in order to give all the boys a chance to participate. Game time is limited in order to finish playing by six p.m.

Babe Ruth, with 53 players, will start at 1:30 p.m.

During the afternoon the car top boat built by Vince Senger

will be drawn for.

A large crowd is expected at the ball park and a refreshment stand will be in operation.

Later in the evening, a dance will be sponsored at the Yacht Club. Proceeds will go towards the equipment fund, and will give Summerland couples a chance for a pleasant evening of dancing to the music of Tony Stoltz from 9-12.

## Legion Auxiliary plans season

The Legion Ladies Auxiliary held its regular meeting May 10 with 22 members present. Mrs. Bonthoux gave a report on the provincial convention.

Plans were finalized for the tea and bake sale.

Several catering dates were discussed and conveners appointed. Ladies are requested to turn in their afgahn squares.

At the close of the meeting Mrs. Coffey and Mrs. Jockett served tea.

## Graduate with nursing honors

Neil Younghusband, son of Mr. and Mrs. N. D. Younghusband; Bonnie Ganzeveld, daughter of Mr. and Mrs. F. R. Ganzeveld; and Irene Pennington, daughter of Mr. and Mrs. G. Pennington, were among the recent graduates from Essondale Nursing Training School.

## LEAVE FOR VICTORIA

Mr. and Mrs. A. C. Fleming have left for Victoria to make their home.

## Codling Moth Bylaw passes final reading

At Monday night's municipal council meeting, councillors took time off to inspect the former Sunoka plant in lower town.

After discussing the condition of the building, council decided it should be condemned. Council will contact the owner, Mr. Hoscha of Vancouver through its lawyers and give him 30 days to act in the matter before they take further action. Council will also ask the South Okanagan Health Unit to make a survey to determine what is causing pollution of the lake-shore near the Sunoka plant. It was felt that the plant was not the cause of the water's

pollution.

Final reading was given to the new codling moth control bylaw. In order to enforce this bylaw, council must receive a complaint that a property owner is neglecting his trees. The person will then be warned and if no action is taken, his orchard will be sprayed and he will be charged with the cost. An inspection committee will be appointed later.

First reading of a new subdivision bylaw for the whole municipality was given at the meeting. According to the bylaw all parcels of land created by subdividing must contain 8,750 square feet with minimums of 75 feet frontage and 100 feet deep. Commercial lots may be smaller but must have a 30 foot frontage on the principal highway, road or street adjacent to them.

Also announced was that the main entrance to Powell Beach will be a divided road on the north side. The south entrance will be closed and parking areas will be created by widening the north road.

## Candidates will not meet here

Nearly 30 members were present at the monthly Chamber of Commerce meeting last Thursday evening.

A letter was read from the Minister of Highways, saying that his department could not undertake maintenance of roads near Pennask Lake because of their limited use. The Chamber had written Mr. Gaglardi supporting the Fish and Game club's stand that development of roads in that area should be a provincial responsibility.

The meeting favored having an all-party political meeting in Summerland. However it has since been reported that one of the candidates in the forthcoming federal election, would not be available for any such meeting, so plans were cancelled.

Mrs. Lloyd Shannon reported that there were nine candidates in the queen contest and that the present queen, Trudy Mitchell, had represented Summerland at the Kelowna Sports Show.

An interesting talk on his recent trip was given by F. E. Atkinson.

## Services for M. M. Stephens

Melvin McKay Stephens, 90, passed away in Summerland General Hospital on Saturday, May 12. He was born in Ontario, lived for 50 years in Prince Rupert and moved to Summerland five years ago.

Surviving are his wife, Margaret; three sons, Fred of Vancouver; Melvin of Missouri; Elgood of Washington, D.C.; two daughters, (Eileen) Mrs. Oscar Olson of Kamloops; (Laura) Mrs. L. G. Clayton, Wilmington, Delaware; eight grandchildren and eight great grandchildren.

Funeral services were conducted from Summerland Baptist Church, Saturday at 2:00 pm followed by cremation.

At a ceremony on Friday, J. E. O'Mahoney, former hospital administrator, presented S. A. MacDonald with a life membership in the Art Club. Mr. MacDonald has belonged to the society for 25 years and was president for 20 years.

Mrs. Les Rumball presents Mr. Les Rumball with a cheque for \$8,000. Mrs. Rumball was acting in her capacity as Hospital Ladies Auxiliary president, while Mr. Rumball is chairman of the hospital board. The cheque was the Auxiliary's share of the recently installed X-ray machine.

## Win a free pass

Pick up a Rialto Theatre program for May, which are available in cafes, service stations and stores in Summerland. If your program has one of the lucky numbers shown below, present your program to the theatre office, and you will receive a pass for that night's show. The numbers printed below are good only for this week. New numbers will be printed next week.

### Green visits Penticton, addresses Conservatives

Speaking at the meeting with the Honourable Howard Green, Minister of External Affairs, at Penticton last week, David Pugh, the Progressive Conservative candidate for Okanagan Boundary stated in the last five years the Conservatives have given Canadians a sense of awareness of the promising future for Canada. He pointed out how Conservative cabinet ministers are interested in serving the needs of the Canadian people in attaining prosperity for Canada.

In particular he pointed out how the last four years nine cabinet ministers had been in Okanagan Boundary on business and how as a result of these visits

The little old lady was saying her final good-byes to the minister, who was leaving the parish. "I'm so sorry you are going," she said. "I never knew what sin was until you came here."

top government men had a thorough grasp of what is going on in this Riding.

"Over the past days and weeks," Mr. Pugh continued, "I have read, seen and heard that Canada is in a mess. No "why", just that Canada is in a mess; but I think people have a different idea about this. They see the facts that are building a tremendous future for us."

"Canada per capita today is the number one trader among the large nations of the world. In 1956 under the previous administration we were \$728 million in the red. In 1961 we were \$178 million in the black. Last year, 1961, Canada did a record export trade throughout the world, and Canada did a record import trade into Canada. This means one thing: that we are in Canada producing more; we are producing more jobs; we are developing our own country."

Vocalist Denyse Ange, a big hit with the troops during a recent CBC tour of the Middle East, is one of many stars featured in the current spring and summer CBC radio schedule. Among those on the schedule are Wally Koster, Tommy Common, Joyce Hahn and Tommy Hunter, the popular country and western singer who heads another CBC tour of the Middle East this year.

## Forest Conservation Week

Commencing Saturday, May 12th and extending through to this Saturday, May 19th all Canada will be observing "Forest Conservation Week."

Originating in British Columbia some 12 years ago, Forest Conservation Week has now been adopted as a national program which has won the support of conservationists across the country.

Object of the Week is to focus everybody's attention on the vital role that the forests play in our national economy and the responsibility of the individual citizen to practice good forest manners when next he travels abroad.

In British Columbia the red shirts of the Junior Forest Wardens will be much in evidence as they assist the Canadian Forestry Association of B.C. in carrying the forest protection and fire prevention message to the remotest corners of the province.

Pastor Rev. L. Kennedy

"Blessed is the man who lives in the power of the Resurrection".

The McMaster Quartette from Hamilton, Ont. is made up of a fine group of singers. The young men are all from the West and are competing their course in theology this year.

The quartette consists of Douglas Watson, Stuart Hunter, Helmut Kuhn and Roy Walcock.

They will be appearing in Summerland on Wednesday, May 23 at 8:00 p.m. in the Baptist Church.

The group will be accompan-

ied by Professor G. P. Albaugh, a native of Ohio. He took his college training in horticulture, but feeling the call to religious vocation continued his study at Colgate Rochester Divinity School and at Chicago.

For four years he was pastor of a church in North Carolina. Then in 1943, he joined the staff at McMaster Divinity College where he is completing his 20th year of teaching in Christian History.

## Bridges

by Rev. P. K. Louie

Somewhere in the Okanagan Valley there is a bridge bearing the sign, "Unsafe for more than a two ton load". The sign was put there to warn the people that the bridge is built for only a certain capacity, and that they must not try to take too large a load over it, or they might break through and get hurt.

When an engineer designs a bridge he has to consider the traffic, size of loads, width of stream, piling, strain; materials etc. to determine its actual size and shape.

People's characters are like bridges. Some of them are weak, some of them are strong. Some have such weak characters that they cannot be trusted to bear up big loads; they are not safe.

On the other hand, there are folks with strong, trustworthy characters, which, like big strong bridges, do not need any sign at all. They can carry a load safely. They would not

sacrifice their principles and deep conviction no matter how much they were tempted or outnumbered. They have selected the best materials for their characters — in work, in recreation, in companions, in good books and enrichment of the spirit. There is nothing truly great in any man — except character.

Great occasions do not make heroes or cowards; they simply unveil them to the eyes of men. Silently and imperceptibly, as we wake or sleep, we grow strong or weak; and at last some crisis shows us what we have become.

"For each man shall bear his own burden." Galatians 6:5.

"How did he die?"

"Fell through some scaffolding."

"What was he doing up there?"

"Being hanged".

## HOW MANY HAVE USED A BANK LOAN?

More than ever before—because the chartered banks have on their books more commercial and personal loans than ever before / Commercial loans to help keep the wheels of industry moving. Personal loans for a wide variety of individual and family purposes. At last count, more than 1,250,000 men and women were making use of some form of personal loan for some worthwhile purpose / Year by year, more people discover the ease and convenience of borrowing from a bank. It's good business to see your local bank manager when you stand in need of financial help.

Enthusiastic audience for Yacht Club Fashion Show

The Ladies Auxiliary to the Yacht Club fashion show Monday was well worth the hustle and bustle necessary to be there by 10 a.m. Over 200 ladies and a number of children enjoyed coffee, soft drinks and fruit bread before the show. And a very fashionable audience it was with flowering summer hats and lovely spring suits and dresses much in evidence.

After a hustle to provide more chairs for the unexpectedly large audience, the modelling

started at 10:30 and although the five models showed well over 50 outfits, the show finished at 11:45 as scheduled. A runway was cleared among the tables, and in order to give everyone an opportunity to see the garments the models walked leisurely along, giving the show a very informal and pleasant air.

Models Mrs. Ken Boothé, Mrs. Roy Bertram, Mrs. Bob Butler, Mrs. V. Kimball and Miss Vickie McKee showed a wonderful line of Okanagan summer outfits. Mrs. Stan Taylor put the audience at ease with her sparkling commentary.

Mrs. Hill of Penticton won the door prize donated by Mrs. K. Marten. Clothes were provided by the Valley Style Shop and Macil's Ladies Wear. Mrs. Harry McKee convened the event.

Locals

Mr. and Mrs. Joe Lamey of California, are visiting with Mr. and Mrs. Harry Thornthwaite.

Mrs. Jean Campbell and Mrs. Robert Burns of Calgary are visiting Mr. and Mrs. Bob Burns of Hospital Hill.

One of six students from UBC chosen to go to Japan as an exchange student is John Woolliams. He leaves June 15 for the three month trip and will live with a Japanese family.

Mr. and Mrs. C. Snow visited in Vernon over the week end.

Mr. and Mrs. Frank Nicholls spent a few days in Washington with their granddaughter.

Mrs. Ira Williams is visiting in Vancouver this week.

Mr. and Mrs. Fred Dodding have returned to their home in Merritt after visiting with Mrs. Mark Embree for a week.

Mr. and Mrs. J. H. Dunsdon and Mr. and Mrs. Herb Lemke were in Seattle and Vancouver during the past week.

James Matson of Vancouver visited the Alex Inch family on Sunday.

Mr. and Mrs. Jack Thompson and two sons of Kelowna, visited Mrs. E. C. Bingham on Sunday.

Engagement

Mr. and Mrs. Arthur Matsu announce the engagement of their eldest daughter, Midori Joan to Mr. Edward Hideo Kozuki, eldest son of Mr. and Mrs. Fred Kozuki of Williams Lake, B.C. The wedding will take place in West Summerland at St. Andrew's United Church, July 14, 1962 at 2:30 p.m.; Rev. P. K. Louis officiating.

For Sale

## Teen Town Plans Tea Saturday

Summerland Teen Town is having a tea Saturday, May 19 from 1 to 4:30 p.m. in the IOOF Hall. The boys will be waiters, and the girls will model their spring outfits. The modelling will be done twice throughout the afternoon with Mrs. Stankow as commentator. It is hoped that all parents of teenagers will help in supplying food for the tea. A silver collection

will be taken. We hope to see everyone out supporting this function.

I would like to thank Mr and Mrs N. Reid and Mr and Mrs G. Geres for chaperoning the dance on May 5. I would also like to thank Mr and Mrs D. Campbell and Mr and Mrs G. Chadbourne for chaperoning the dance May 12.

— Sharron Geres.

## No Fairy Godmothers Need apply for job

Everyone has his own special dream — a place in the country, a trip back home, college for the boy. But for many people it's just plain hopeless.

But there's no magic involved to make your particular dream come true. You don't need a fairy godmother to do it — just a little determination.

Simply plan to set aside part of your income in a Bank of Montreal savings account. Do it regularly, and watch the balance grow. Watch the B of M's two and three-quarters per cent interest help swell the amount too.

Regularity is the secret, as hundreds of thousands of the B of M's more than three million customers know. They save as much as they can spare each pay-day, and their dreams are turning into reality.

Ask Don Carmichael, accountant at the Summerland branch of the Bank of Montreal about it. He'll show you how easy it is — and how profitable — to open a savings account. See him soon!

Rotary president Harvey Wilson congratulates three members of the club for their fine showing at a district conference in Yakima. Keith Marten and Don Agur (outside) won transistor radios, and Francis Stewart, chairman of the convention committee, won a new suit as his club had the best representation at the meeting.

## Coast wedding of interest to S'land

A wedding of interest to Summerland took place in Victoria when Miss Hazel Sutcliffe, daughter of the late Mr and Mrs Harry Sutcliffe of Hebden Bridge Yorkshire, England and Mr. John Franklin Turnbull of Victoria, second son of Mrs Viola Turnbull and the late Mr David Turnbull, of Victoria, formerly of West Summerland, were united in marriage.

The double ring ceremony took place in St. Saviour's Church, Esquimalt, Victoria, on May 12 at 8:30 p.m. Rev. Douglas Kendall officiating.

The petite, dark haired bride entered the church on the arm of her cousin, Mr. William Sutcliffe of Victoria, who gave her in marriage. She was very charmingly attired in a white brocaded dress with matching jacket and accessories, a small white hat with veil, and carrying a bouquet of talismen and yellow roses with lily of the valley and sprays of dark green ivy.

Matron of honor Mrs. Nan Fielding, wore a sheath dress of turquoise organdy and jacket of same, embroidered in self-colored flowers over matching taffeta with matching shoes and headress and carrying a bouquet of roses.

The bridesmaid, Miss S. L. Beasley, was attired in a sheath dress and jacket of orange brocade with matching shoes, headress and gloves of cream and carried a bouquet of cream roses.

Groomsman was Mr. Robert Metters of Kelowna. Mr. Campbell Mayes and Mr. Ross Sutcliffe were ushers.

The church was tastefully decorated in mauve and white lilacs.

A reception in the War Amputees Hall was attended by many friends and relatives of the bride and groom. White streamers and bouquets of lilies in mauve and white decorated the hall. The hand crocheted white table cloth at the bride's table was centered with a three-tiered wedding cake decorated in pink and white, with top of pink bells and lily of the valley. White tulle surrounded the cake flanked by white candles in silver candlesticks. The lovely

cake was made by Mrs. Walter Baltye of Victoria.

The toast to the bride was given by Mr. Halytleton, the groom suitably responding. Congratulatory telegrams were received from the groom's brothers in Nova Scotia and New Brunswick.

The honeymoon is being spent in the Okanagan and other points. For travelling the bride donned a coral pink suit with beige coat and brown accessories. On their return the couple will take up residence at 727 Esquimalt Road.

Out of town guests were the groom's grandparents Mr. and Mrs. F. Plunkett of Summerland.

## Kiwanis Club Notes

On Wednesday, May 9, Lieut. Gov. Doug Campbell, president Walter Toevs, Jerry Hallquist, Scotty Ritchie and Tom Young visited Omak at their regular Wednesday noon luncheon. It was the occasion of an official visit from Doug. The others went along partly to accompany him and partly to make up what the Kiwanis call an inter club meeting at least one of which is supposed to be made up each month by every club in the district.

At the regular meeting Tuesday night 20 members were present.

Scotty Ritchie reported on the cancer drive. The objective of \$1,200 has practically been reached, with some canvasses as yet not completed.

Tom Young reported for the town checker board committee, and also briefly on the Omak Interclub visit.

Much of the evening was taken up by discussion of the pending conference May 19 and 20, with president Toevs appointing "volunteer" committees to handle the many angles.

Forty-three visitors are expected, and all local members are urged to wear their Kiwanis hats.

— The Recorder

The Turning Point:

Starts With Home Folk

by

Elmore Philpott

Liberal Candidate For

Okanagan-Boundary Riding.

This is a special invitation to young and old to come to my first campaign meeting.

It will take place at the Community Hall, Okanagan Falls, at 8 o'clock on Friday, May 25.

Because this meeting will take place in the village where my wife and I have lived for the past five years, and because the people who will be there are NOT likely to be dyed-in-the-wool Liberals we hope to make this a rather different kind of election meeting.

We plan to stay a thousand miles away from what is wrong with the other parties and instead simply to concentrate on the 1962 platform of the Liberal party.

Oh yes, one good thing the Tories have done. They have changed the law so that it is now legally permissible to serve coffee and similar light refreshments at political meetings.

So please do get a car-load of your friends to drive up, down or over to OK Falls on the evening of May 25 and meet our neighbors. Have a cup of coffee with us.

And please do pass the word around among all your friends to watch my television broadcasts over CHBC-TV every Sunday at 5:45 p.m.

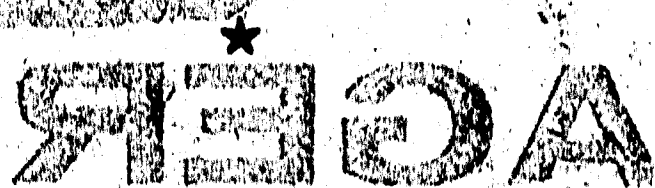

and in the top team

## Macs start season with two wins

Mac's Cafe Aces are off to a good start in South Okanagan Softball League, winning their first two games.

Last Monday at Penticton the Aces won 5-1. Winning pitcher was Garlough, who allowed only one hit. Hooker helped the winning cause with a home run and a triple.

Thursday night at home the Macs downed Osoyoos 10-7.

Aces had hot bats, collecting 13 hits off Osoyoos pitcher, DeCock. Winning pitcher for Summerland was Vern DeWitt, who pitched a fine game.

Next home game for the Macs will be Thursday (tonight) at 7:00 p.m. in the playground park when they will meet Penticton.

If you want to see a good softball game, turn out and watch the boys in action.

### Honor member

The monthly meeting of the Camera Club, held on Monday evening, was highlighted by presentations to Enid Maynard for scoring the highest number of points for slides submitted by local members in Color Photographic Association competitions during 1961, and for receiving an honor award for a slide entered in the CPA inter-club competition. She scored 12 points out of a possible 15 for a picture entitled "Ghosts", depicting snow covered trees on Silver Star Mountain.

A list has been received from CPAC giving standings of all the camera clubs that entered the various competitions across Canadalast year, and it is gratifying to find that the Summerland club placed eleventh in the standings.

Following the presentations, a CPAC slide series entitled, "Picture Evaluation was shown which proved to be very interesting and instructive.

A picnic is being arranged for June 17 to replace the regular monthly meeting. It is hoped that as many members as possible will take part in the outing.

## Red Sox play Naramta on Sunday

Summerland Junior Red Sox, slated to meet Merritt Sunday, took a rest when it was announced that the Merritt team had folded.

This Sunday the Red Sox meet Naramata in a single game. Game time is 1:30 p.m. at the Memorial Ball Park.

Ladies of the Babe Ruth Association will operate a concession booth during the game.

It's called take home pay, because after taxes and deductions you can't afford to go anywhere else with it.

**Engagement**

Mr. and Mrs. Arthur Matsuo announce the engagement of their eldest daughter, Midou Joan to Mr. Edward Hideo Kozuki, eldest son of Mr. and Mrs. Fred Kozuki of Williams Lake, B.C. The wedding will take place in West Summerland at St. Andrew's United Church, July 14, 1962 at 2:30 p.m.; Rev P. K. Louie officiating.

**Card of Thanks**

We wish to express our sincere thanks to our many friends and neighbors for the kind expressions of sympathy received during our recent bereavement. Special thanks to Dr. Munn and to all the nurses of the Summerland hospital for their loving care; gratitude to the domestic staff; and to Rev. Kennedy and Rev. Tannar, appreciation for their helpful visits.

Mrs M. M. Stephens and family.

## Fishing News

by Bert Berry

With weather improving there will be an increase in fishing. I have not had any reports of any exceptional catches, but following are reports of different lakes.

### Okanagan Lake

No reports of any large fish caught, but everyone seems to be getting some action.

### Fish Lake

Open, but have heard no reports.

### Agur Lake

Open, and contrary to reports it is not froze out. A 4 lb. and 3 lb. fish caught last week but road is rough.

### Garnett Valley Dam

Lots of fish up to 11 and 12 inches.

### Rose Valley Dam

No reports this week but should be OK.

### Headwaters

Should be opening up but no reports.

### Silver Lake

Reported open now so should be OK.

All lakes in Oliver area reported open and good fishing.

The executive of the Rod and Gun Club met Monday to appoint Alf Kohlhauser to the position of secretary treasurer. The regular monthly meeting of the club will be held on Tuesday, May 22 at the Prairie Valley Trap Club. A practice shoot will be held that evening starting at 6 p.m.

Under discussion during the meeting will be plans for enlarging the club house, and plans for the coming season.

Anyone requiring a ride to the meeting should be at Smith and Henry's at 7:30 p.m.

This is

# Forest Conservation Week

## Good Forest Manners Mean Fewer Fires

With more and more people using the forests for recreation every year, too much emphasis cannot be laid on the need for "good forest manners".

Always remember that in the forest nothing can be taken for granted. Conditions change fast and you can't take chances, particularly where fire is concerned.

The following basic rules allow for no exceptions:

1. Never start a fire unless you have to.
2. Choose your spot carefully.
3. Never smoke when you are on the move.
4. Use a lighter instead of wooden or paper matches.
5. Never leave a fire unattended.
6. Be positive your fire is completely out.

# The Summerland Review

Thursday, May 24, 1962

West Summerland, B.C.

Volume 17, No 21

Weather report from the research station shows only a trace of rain during the past week. This doesn't count the downpour on Wednesday afternoon. 64.5 hours of sunshine were recorded.

May 16	73	45
May 17	67	43
May 18	64	46
May 19	68	43
May 20	69	53
May 21	72	47
May 22	71	46

This Friday night at the Summerland Yacht Club the Twin City Macs hockey club and its executive are putting on a wind-up party and dance. Object of the party is to give the people of Summerland an opportunity to meet the Coy Cup winners who distinguished themselves in B.C. hockey circles this year. The charge is only a nominal 50c. Refreshment and entertainment will be available.

Summerland pupils are doing very well in the Okanagan music festival being held in Vernon this week.

Lynn Gartrell has taken two firsts: Bach prelude under 13, and in the sonatina under 12.

Mary Foster took first in the piano solo under 13.

David James placed fourth in Sonatina under 14 with Douglas Lynn fourth.

David and Marilyn James won the Reynolds Cup for duet classes with Douglas and Laverne Lynn placing second in this class.

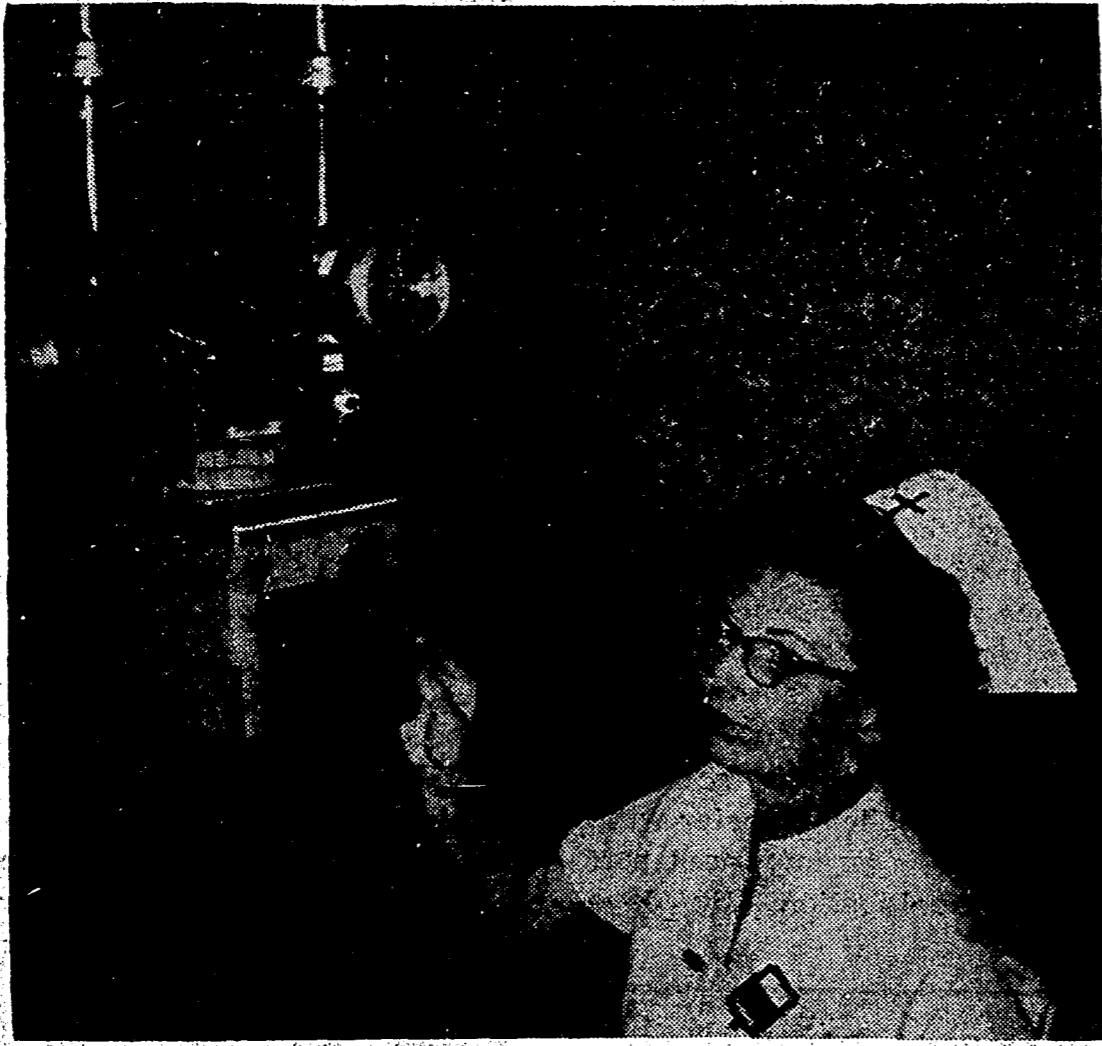

Over 100 students from the Summerland school will attend the festival on Saturday. Two choirs, a woodwind quartet and the senior band will take part.

Local merchants did a splendid job of decorating their shops inside and outside for the 2nd annual Lilac Day Saturday. The boat show, pony rides, movie and dancing attracted a large number of visitors to town and plans are already underway for a bigger day next year.

A new innovation this year was the Lilac Dolls, young girls festooned with lilac sprays.

Eddie Lloyd, former lineman with the Summerland electrical department who was injured in a line accident last fall, has now completed his treatment at the Workmen's Compensation Rehabilitation Centre in Vancouver and is home to stay.

The town band will be featured at the Variety Concert on June 1 when the candidates for fruit fair queen will make their first appearance. Other performers will be Marilyn and David James with a piano duet; Sheldon Doherty with his piano accordion; and Sue Lopatecki will give an exhibition of ballet dancing. The queen candidates will be presented and give a two minute address.

Miss Enid Maynard examines the new X-ray machine recently installed in the Summerland General Hospital. Purchase of the machine was made possible by the Hospital Auxiliary, through profits from its Thrift Shop and tag days.

## Active interest shown in Crafts Society

The Summerland Crafts Society had an organizational meeting last Wednesday and the elected officers are: president, Mrs. John Tamblyn; secretary, Miss Gweneth Atkinson; treasurer, Mrs. George Lane. Mrs. Harvey Mitchell heads the stock committee and Mrs. Flora Bergstrom will handle packaging. Board members are C. Bernhardt and Bob Barkwill. Other committees and conveners will be elected as the need arises. The club has received a number of phone calls during the past week from people who have handicrafts or are willing to start making things for sale.

One of the most interesting, practical and possibly saleable ideas is the construction of baskets from pine needles.

The baskets are practical and fragrant. Starting out a green color, they fade to a tan shade and can be put to many uses in the home.

Members of the Society are meeting at the home of Mrs. Olive Wilson this week to perfect the technique of weaving the "needle baskets" and are hoping to interest other people in making them.

Another interesting and economical idea to come to the club is the construction of brooches and buttons from peach stones. The stones are opened, turned inside out and burnished to a high gloss. Attractive buttons can be made in the same manner.

The club has had offers from local workers to do wool punch work, knit socks, Indian sweaters, small, easily carried pottery pieces, and leather articles such as belts, wallets and purses.

Workers in straws plan a display of hand fashioned summer straw hats for adults and kiddies. For tourists with bored children in the back seat the crafts department will offer attractive little felt toys suitable for kiddies to play with.

A little boy is now industriously gathering bags of pine cones to be packaged to sell to coast and prairie visitors who like plain cones to take home for Christmas decorations.

The club is hoping for more ideas of saleable objects which could be fashioned at home, using inexpensive materials available locally. Anyone interested is asked to phone HY4-3888.

## Red Sox post first win

The Summerland Junior Red Sox ended their six game losing streak with an eleven inning triumph over the Naramata Nomads in Summerland on Sunday. Final score was 6-5.

The game was a thriller all the way as the Red Sox had to battle from behind to tie up the game in the ninth inning with two runs. Both teams scored in the tenth and the Red Sox pushed over the winning run in the eleventh.

Sheeley started on the mound for Summerland and looked good for one inning, but the

hard hitting Nomads got to him in the second for three big hits and four runs. Skinner came on in relief and only gave up three hits and one run in the nine innings he pitched. Skinner was the winner and Kozak the loser.

There will be no base ball in Summerland until June 10 when Keremeos will be here. The game game scheduled for Sunday against Kelowna has been postponed.

Line score R H E  
Naramata ....040 000 000 10 564

# Vote on new fire hall will be held June 14

Voting will be held Thursday, June 14 for a \$30,000 money bylaw to build a new fire hall in West Summerland. First reading of the bylaw was given at Tuesday night's council meeting.

Actual cost of the proposed building is \$40,000, but it is expected that \$10,000 will be borne by the winter works program.

## Reduce rates for summer ice skating

Plans are well advanced for the summer skating school in the Summerland arena during July and August, with applications received from Penticton, Vernon and Kamloops, as well as inquiries from Nanaimo, Prince George, Vanderhoof and Calgary.

Letters are being mailed to all the more advanced Summerland skaters this week to acquaint them with the benefits of summer skating, and also giving the local skaters a considerably reduced rate over outside skaters. In this way it is hoped to attract more Summerland skaters to participate in the summer skating.

The arena machinery has been overhauled and a new condenser installed which will be an improvement over previous operations due to the lack of condensing capacity in the original installation.

Dance sessions will be held Tuesday and Friday evenings during the figure skating season and again the club hopes that a good number of local skaters will take advantage of the opportunity to improve their skill.

The split level two storey block building would be constructed on the old municipal hall site, which now houses the present firehall. Designed by J. Russell Baxter, the main floor contains a large equipment area, a watch office, lounge with kitchenette, washrooms and space for future dormitories. The basement area will provide equipment storage, bathrooms and lockers.

Ten year debentures in \$1,000 denominations bearing five and a half percent interest will be sold.

Municipal council will ask the provincial government to hold a liquor plebiscite in Summerland to permit club licences and hotel cocktail lounges.

The decision was made after council heard a Chamber of Commerce delegation comprised of president G. C. Johnston and Leonard Weist, request that a liquor plebiscite be held for this community.

In presenting the request to council, Mr. Johnston said that it is the feeling of the Chamber that Summerland is being bypassed by the tourist trade partially due to the fact that Summerland does not have a good modern hotel. He also pointed

out that in the near future, the Chamber hopes to entertain a visitor from a large English investment house who has indicated his firm would spend some money on tourist facilities in the valley.

It is the Chamber's feeling, said Mr. Johnston, that if the plebiscite were passed it might help Summerland's chances to interest investment dollars.

A complaint that cattle are running near the north main of the irrigation system was heard by council. The cattle, allowed to run near the very low flume, in an attempt to get a drink of water, kick dirt into the flume and are creating a nuisance to growers using the water for sprinkling. Works superintendent Ken Blagborne informed council that he has also heard complaints of damage caused by cattle allowed to graze in orchards. Mr. Blagborne was instructed by council to see the cattle owners and ask them to keep their animals away from the flume.

First reading of the council remuneration bylaw was given. The bylaw gives the reeve an annual stipend of \$1,200 to be paid quarterly. Councillors will receive \$600 annually.

## District Kiwanians meet here over weekend

The Kiwanis Club of Summerland hosted the Lieutenant-Governor's Spring Conference for this Kiwanis Division over the week end. Clubs were represented from Brewster, Wash. to Williams Lake in the north.

Past Governor Mel Dennis of Seattle attended the conference on behalf of Governor Lloyd Weldon who underwent surgery Friday morning. Mr. Dennis was guest speaker at the dinner on

Saturday evening and the Sunday luncheon. He was governor of the Pacific North-west Kiwanis District in 1957 and presented the charter to the Summerland Key Club on a visit here.

Lt. Governor Doug Campbell praised the Summerland club for organizing one of the best conferences he had attended.

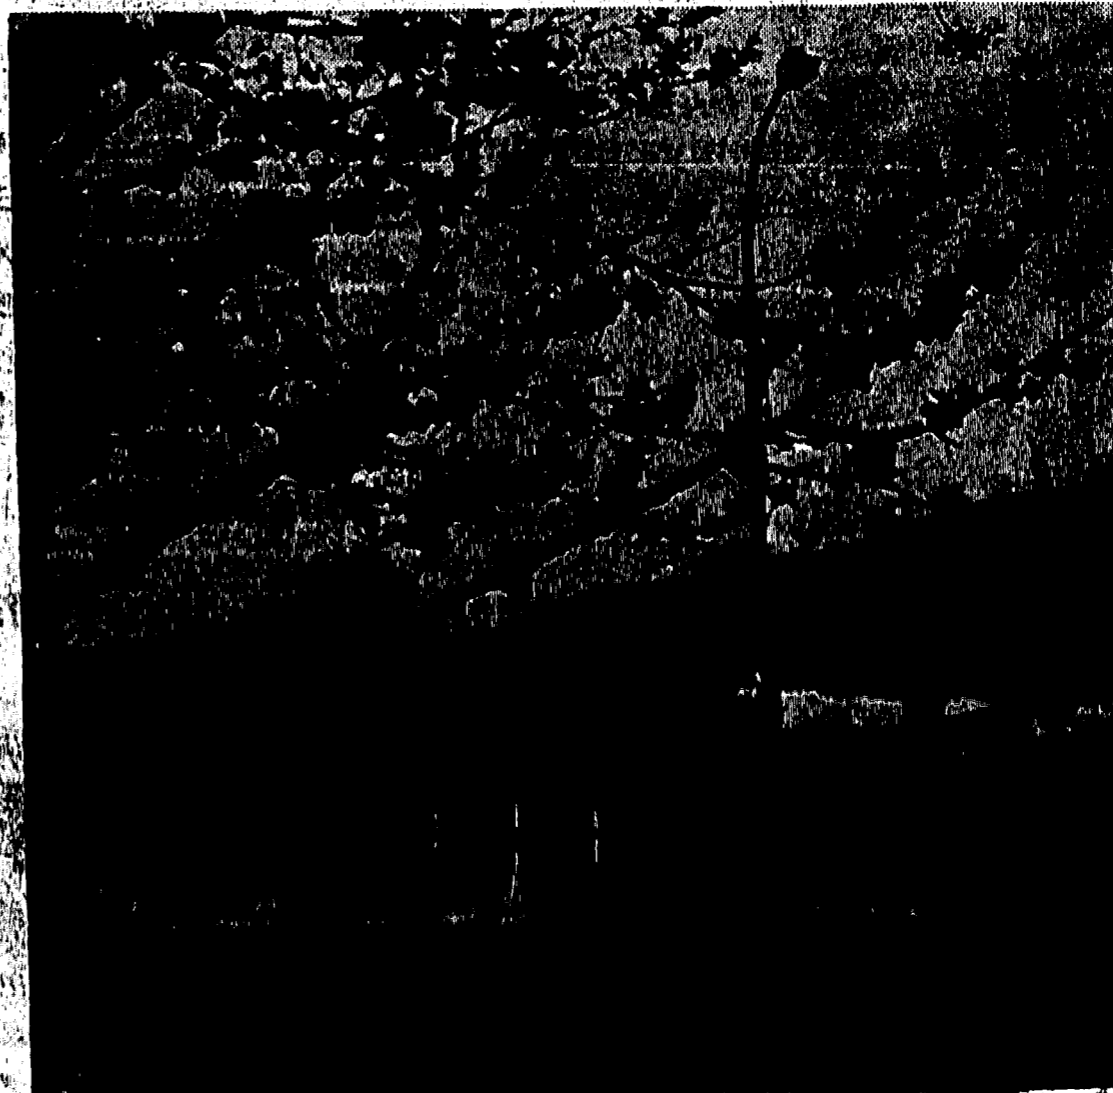

The conference was opened Sunday morning with a short service by Kiwanian Rev. Norman Tannar. It finished at 4:00 p.m. with acting governor Mel Dennis giving a half hour summation.

Visiting ladies were entertained by the local Kiwassa while their families were looked after at the Summerland Yacht Club.

Wally Mulligan of the Penticton club was nominated as candidate for Lt. Governor for Division 5 in 1963. Bob Court of Williams Lake was nominated for Division 5A which will be organized the first of next year and will include all clubs north of Kamloops to the Alaska-Yukon border.

### MUSIC RECITAL

Miss Kay Hamilton will hold a recital of her students at the high school auditorium on May 31 at 8:00 p.m. As well as solo numbers the audience will be treated to trios, quartets and duets on the piano.

### Summer control of Pear Leaf Blister Mite

Pear leaf blister mite can now be controlled with Sevin during the summer.

This provides the grower with an alternative to dormant sprays for the first time in the history of this pest in B.C., says C. V. G. Morgan of the research station here.

A single spray of 50 per cent Sevin wettable powder applied to pear and apple trees in June, July or August at one pound per 100 gallons or six pounds per acre, is sufficient.

### Bees rub shoulders, for extra pollination

Honeybees may be better pollinators of orchard trees than they have been given credit for.

In comparison with wild bees, which flit from tree to tree, honeybees are hard workers and tend to go back and forth from the hive to one tree.

This suggests that they are not efficient cross pollinators. But work in the Nova Scotia and Canada departments of agriculture indicates that honeybees may transfer pollen to other bees in the hive and may therefore be more efficient pollinators than was previously thought.

For a test, apple trees were covered with tents. Hives were provided with two entrances, one leading to a tented tree and the other to untented trees.

To get from one tree to another they had to go through the hive. Thus a crop of apples on a tented tree would indicate that the pollen had been taken through the beehive. This is just what happened: excellent crops of Red Delicious apples were harvested from the tented trees.

The provincial apiarist says, "We are inclined to believe that the pollen must have been brushed from one bee to another in the hives. The bees would be most unlikely to change their habit of working one tree at a time just because the hive had two entrances."

Researchers feel that the experiment gives pretty good evidence that pollen transfer within the hive is an important part of cross pollination by hive bees.

### Removal of infected trees stops apricot ring pox

Removal of infected trees is the only way to halt the spread of apricot ring pox, says T. B. Lott, of the federal research station at Summerland, British Columbia.

The disease has been present in the Okanagan and Similkameen Valleys of British Columbia for 20 years and occasionally has caused heavy losses in orchard crops. The same virus is also the cause of twisted leaf in sweet cherry.

Although the virus sometimes is harbored by peach and sour cherry trees, the source of the outbreak in an orchard usually can be traced to nearby wild chokecherry trees.

For this reason, all wild chokecherry trees near apricot and sweet cherry trees should be removed.

Symptoms of ring pox on apricot fruit may vary from slight surface blemishes to deep pits of dead tissue that is brown or black in color. Dead areas also occur on leaves, twigs and branches although the disease is not fatal to the trees.

Fruit on an infected tree often is worthless.

## It's your business

With the election temperature warming up, bird watchers in this neck of the woods have noted an influx of Sharp Nosed Vote Counters, distinguished by their characteristic call "Who-why, who-why".

The only election questionnaire that really counts is the one that each of us puts to himself, in the privacy of his own hopes and conscience.

Surely we must ask ourselves if the great visions which dazzled the country five years ago have really been achieved, or have they proved an illusion?

Do we have full employment, sound financial policies, national unity? What can be done to restore our formerly effective role in the preservation of peace, to develop trade and industry, to relieve the intolerable burden of mounting taxation.

These are some of the questions each voter must decide for himself on the basis of the record and the party platforms. If we do this before the hullabaloo begins, with full appreciation that this is the most fateful election for many years, we'll know exactly what we are voting for — and no glib-tongued orator can talk us out of it.

Then there'll be nothing to worry about, because we'll get the government we want and deserve. It is our guess that a reunited Canada will get back on that high road of progress, sound management and international prestige, from which we seem to have detoured.

The Turning Point:

## Going - Going - Gone?

by

Elmore Philpott

Liberal Candidate For Okanagan-Boundary Riding.

In the twelve years after the second world war Liberal governments paid off more than THREE BILLION DOLLARS of your national debt.

In five years of Diefenbaker Conservative government, the Tories have INCREASED your national debt by over THREE BILLION DOLLARS.

Under the Liberals, the reserves in the Unemployment Insurance Fund reached \$940 millions. Under the Tories, the rate of unemployment has more than doubled. Almost all the money in the Unemployment Insurance Fund has been spent. They are literally scraping the bottom of the barrel right now.

No other government in the whole history of Canada has mismanaged our affairs as have the Tories. Canada has had five deficits in a row.

Because of all this bungling and confusion business men in foreign countries have lost confidence in the present government of Canada. Our Canadian dollar reached a value of \$1.05 under the Liberals. It has now sunk to 92½ cents, compared with the U.S. dollar.

Canada's dollar is going, gone gone — with John — under the Tories. Only a Liberal victory can restore the confidence of the people at home and abroad in the government of Canada.

# New, interesting books arrived at local library

by Kay Dunsdon

Denis Baly has lived for fifteen years in Palestine, partly under British mandate and later in the new state of Israel. He has taught in schools in Jerusalem and the East Mission to which both Arabian and Jewish students were admitted. He has degrees from Liverpool University in geography and is a member of the American Geographical Society, and later became principal of St. George's Upper School in Jerusalem. During his stay in Palestine, he travelled all over the Holy Land by foot, by donkey, by car and air to collect facts, and take photos to be used in his remarkable book, "The Geography of the Bible". This book has been compiled over the years by painstaking research and accurate maps and uses over 900 scriptural references to the physical parts of the Holy Land. This and has remained in parts almost the same as in Bible times, but is undergoing great changes due to modern conditions of progress.

This is one of the most interesting and informative books to come to our library and makes Bible times really come to life.

"Win Time for Us" by John Toyne, is a modern thriller where truth is stranger than

fiction. Toyne was commissioned by England's Churchill to go to Russia and win time for the Allies by holding up the delivery of oil, and making of tires and other utilities used in war, being sent to Germany, and thus preventing Hitler's attack on Russia for several months.

Having lived in Russia for years he spoke the language fluently, and so was used by British Intelligence in two wars. In Russia during the first world war, and including the Revolution Year of Horror, and later in Bucharest in the second world war. The exploits of this shrewd and brave man are told with humor and vividness and makes an enjoyable story.

"The Irishman" by Elizabeth O'Conner is a study of a young lad and his growing up years, woven into the life of an Australian cattle ranch. The setting is in the Gulf Country of North Australia. The young lad, Michael, is left to fend for himself when his father leaves him, but he finds adventure and strange friendships in the open life of the range.

"The Queen's Own Rifles of Canada" is a comprehensive history of this very old and famous regiment during the last one hundred years, starting with the battle of Ridgway against

the Fenians in 1866. It is well illustrated and has many maps showing skirmishes and battles fought. It is written, after a great deal of research, by Lt. Colonel W. T. Barnard.

"The Georgian Child" by F. Gordon Roe is the second of a series of "The Child Through the Ages", written for young people and adults, to show the way of life in the 1700's. Packed with information and written in an easy style it tells with humor what children did for amusement and points out how some of our modern games are really very old. We read with amusement and amazement the clothes they were burdened with, the awful medicines they took, their school room tasks and their unusual table manners to mention only a few things in this interesting book.

The last few weeks we have enjoyed the paintings of Leroy Jensen, and during June we will have the serigraphs or silk screen prints and paintings of Mrs. A. J. Mann, of Oyama, and Summerland. Mrs. Mann is well known for her finished works depicting scenes of the prairie, the Rockies, and our own Okanagan Valley. She paints under the name of Vaughan Grayson and her many friends will look forward to viewing her work on display in our library.

# Comings and Goings

Mr. and Mrs. Ken Nistor and family are attending the spring graduation exercises at UBC, where Mr. Nistor's brother will graduate.

Mr. and Mrs. Hans Moors visited friends in Vancouver over the week-end.

Captain J. E. Jenkinson will return Saturday from a two week's visit in Toronto. Mr. W. Jenkinson has been visiting in Kamloops.

Mr. and Mrs. Alf Johnson have moved to their new home at Peach Orchard. Mr. and Mrs. Ted Wilson have bought the Johnson home in Parkdale.

Mr. and Mrs. A. Towgood of Kelowna have been visiting at the J. Y. Towgood home. Visiting the Towgoods on Sunday were Mr. and Mrs. Ron Fraser of Kelowna.

Mr. and Mrs. Alex Forbes of Baldaur, Manitoba were guests for 2 days last week at the home of Mr. and Mrs. Donald Orr while visiting relatives here. Mr. Forbes brother, Horace and family lived here about 30 years ago.

An enjoyable coffee party was held at the home of Mrs. E. M. Hookham last Tuesday morning for Women's Institute members and guests.

## Over fifty at Hort. meeting

The Summerland Horticultural Society held its regular meeting last Tuesday with over 50 members present.

Mrs. A. Inch gave a report on the meeting in Kelowna of the Central Okanagan Committee. The next meeting will be held October 27. These meetings are proving very popular as much useful information is secured.

Mr. H. Barritt, superintendent of Parks, Penticton was guest speaker and chose for his subject, suitable evergreens for the Okanagan, with special reference to our locality. He recommended two publications of the research branch of the Dept. of Agriculture as a splendid source of information and suggested that members secure them from the horticultural office at no cost. Mr. Barritt's talk proved very interesting and as a result provoked much discussion.

Nat May had many questions to answer from the Question Box.

Parlor show winners were: class 1, tulips, 3 blooms: G. Dinning, Mrs. A. Inch, T. Ritchie; tulips, 3 blooms: Mrs. W. F. Ward, T. Ritchie, G. Dinning; tulips, double, 3 blooms: G. Dinning, Mrs. Ward, Mrs. Inch; polyanthus: Mrs. Ward; lily of the valley: Miss D. Tait; iris: Mrs. E. C. Bingham, Miss Tait; flowering shrubs: Mrs. Ward, Miss Tait; Mrs. Bingham; bowl of spring flowers: Mrs. Ward, Mrs. Bingham, Miss Tait; bowl of decorative rockery plants: Mrs. Inch, Mrs. Bingham, Miss Tait.

The June meeting will take the form of a garden visit to Mr. George Robinson's garden in Penticton.

Mrs. Bell Nesbit of Clinton was a recent visitor with Miss Ruth Dale.

Mr. and Mrs. Don Adams and two sons of Prince George and Mr. and Mrs. John Adams of Vancouver were holiday visitors with their parents Mr. and Mrs. C. L. Adams.

Dr. Jack Wilks of the plant pathology department at the research station is now at Creston doing research on the Little Cherry Disease.

Mr. and Mrs. C. A. Gayton are visiting relatives in Kamloops.

Mr. and Mrs. G. E. Tedder of Kamloops are visiting with Mrs. J. Darke.

Mr. and Mrs. R. Moore of New Westminster are visiting her brother in law and sister Mr and Mrs J. H. Coates.

Mr. and Mrs. Dale Rumball and children of Vancouver are visiting his mother, Mrs. O. A. Rumball.

Mr and Mrs Walter Clark of North Vancouver were recent guests of Mr and Mrs Lionel Fudge.

Mrs. E. R. Allan of Creston has been visiting with Mr. and Mrs. Gordon Joubert and other friends in Summerland.

Mrs. J. Bristol and Mrs. Orgelmann of Chicago are visiting at the home of Mr. and Mrs. Reid Johnston.

Mr. and Mrs. J. Collman of Cranbrook are visiting Mr. and Mrs D. Valin.

Mr. and Mrs. Don Gilbert and Mr and Mrs C. Coella of Vancouver are visiting with Mr and Mrs. Roy Gilbert.

Mr. and Mrs Bob Barten of Burnaby were weekend guests at the home of Mr. and Mrs J. S. Kirk.

Misses Florence and Eva Howden have returned to Trout Creek for the summer. They spent the winter in Vancouver.

Mrs. Walter Wolfe and Leonard left for Germany this week for a visit with relatives.

## Maureen Keys receives diploma as waitress

Miss Maureen Keys, eldest daughter of Mr. and Mrs. John Keys of West Summerland, a second year art and science student at Victoria College, recently received her diploma for waitressing from the provincial government. Maureen is now employed on the Princess Marguerite, a CPR liner that travels between Seattle and Victoria daily.

The waitress training course was held at the parliament buildings in Victoria and was one of the first of its kind to be held in North America. The two week program included all the formalities that an experienced dining room and coffee shop attendant would encounter.

Dr. L. Lopatecki is at Renata, B.C. making studies of brown rot in sweet cherry trees

Mrs. E. Hack has returned from visiting her son and daughter-in-law, Mr. and Mrs. G. Hack in Vancouver.

Mr and Mrs. Don Clarke were visitors in Victoria over the week end.

Mr. and Mrs. Charlie Hornby were visitors at the home of Mr. and Mrs W. C. McCutcheon over the week end.

Mrs Jim Dunsdon will attend a CNIB meeting in Vancouver this week.

Miss Lynn Bleasdale, a UBC student, will spend the summer working in Banff. Her parents, Mr. and Mrs. Chuck Bleasdale, drove her there over the week end.

Mrs Lloyd Shannon, Darlene and Louise are spending part of this week at the Seattle fair. Louise, a student nurse at the Royal Columbian hospital, is holidaying with her parents

Mrs. D. P. Pielou is home after spending two months in England.

Mr. and Mrs. A. Crawford spent the week end in Victoria with their son, PO L. Crawford of Esquimalt.

**Household Hints** by Joan March Worden, Director, Pine Cleaner Information Center.

There's nothing quite like a closet. We all wish we had "just one more"—and yet the ones we have often turn into unsightly catchalls. Here's a closet checklist to get your spring and summer clothes off to a neat, clean start.

1. Take everything out of the closet: This may seem obvious—but many of us make the mistake of trying to reorganize a closet one section at a time. Result: jumble. Instead, empty the closet until there's nothing left but the skeleton.
2. Give it a bath: Closets, like clothes, start out the spring with a wintertime feel and odor. If you sponge your closet with a pine-cleaner solution, it will smell as fresh as a spring morning.
3. Sort out clothes: This should include a "throw-out" as well. Remember if you haven't worn a dress this year, chances are you won't wear it next year either. So banish clothes which have spent the season on hangers—instead of on your back.
4. Put away: Store winter clothes in garment bags. Be sure to include a pine mothproof-deodorizer in the storage area.
5. Switch over: When you hang spring and summer clothes in your pine-clean closet, try this "filing system." Divide the closet—a multiple skirt-hanger will do the trick.

This way, suits and other short clothes will hang on one side; dresses, robes and coats on the other. You'll be surprised what a difference this makes in your closet "neatness quotient." (Hint to wives: If you're trying togetherness with your husband, use this trick to make a "his" and "hers" closet behind one door).

If you tour the closet shop in your favorite store, I'm sure you'll find even more, clues to a neater closet.

For free Household Hints leaflets write: Pine Cleaner Information Center, Dept. CQ, 205 East 42nd Street, New York 17, New York.

It is best to buy only the amount of strawberries that can be used up quickly, notes the Canada Department of Agriculture Consumer Section. If the berries are to be kept for a day or so they should be removed from the containers and placed on trays in the refrigerator so that cool air circulates around them. Strawberries should be washed and hulled just before using.

## Pastors attend conference

Rev. D. M. Rathjen, pastor of the West Summerland Pentecostal Tabernacle, recently attended the B.C. District Conference held in Evange Tabernacle, Bertram St., Kelowna. Mrs. R. M. Ward local W. M. C. President, was official lay delegate from the West Summerland Pentecostal Church to the Conference.

Conference speaker was the Rev. J. H. Blair of Hamilton, Ontario, Superintendent of the Western Ontario District of The Pentecostal Assemblies of Canada. The National Office of the organization was represented by Rev. C. M. Wortman, M. D., of

of Toronto, Ont., the General Secretary-Treasurer.

Five young men were ordained to the Christian Ministry, and six other young men were granted Licensed Ministers status.

Awards were presented by Rev. H. J. Pendray, Director of the Sunday School and Youth Depts. to Sunday Schools under 200 showing the highest average increase in attendance. Top award went to Juesnel Sunday School with an increase of 67%.

Rev. C. W. Lynn of West Summerland, was re-elected to the office of District Superintendent on the nomination ballot.

# WOMEN'S PAGE

## Accounts of homelands given to WI members

May 11 was citizenship day members of the Women's Institute assembled at their regular meeting in the Parish Hall. Ten guests had accepted their invitation to attend and to represent a foreign country from which our new Canadians have come. On a long table were arranged such interesting items as a copper Dutch charcoal burner, a brass Egyptian bubbling-water smoker's pipe, a map tablecloth of Denmark, Austrian pottery, Japanese soup bowls, tea cups and other articles.

Mrs. V. Barrs, convener of the citizenship committee, welcomed the visitors, saying that Canada's immigrant ethnic groups represent fifty countries, and that the policy of our government is assimilation to become part of our society, rather than segregation. For the skills and cultures they have brought us we are grateful, said Mrs. Barrs. She then introduced each guest and asked her to speak briefly.

Mrs. H. Wouters, wearing the Dutch costume of her home district, recalled that B.C. is 27 times the size of Holland, yet the latter's population is more than all of Canada's. Remembering the frequency of wind and rain she sang a folk song featuring a pedestrian's struggles under an umbrella against the elements, the whole punctuated with the click-clack of his wooden shoes.

Mrs. C. Onaro, for Italy spoke of the festive days of the wine grape harvest and of the national love for music. Most missed items here, she said, were the Latin church services, the abundance of ripe figs and chestnuts.

Mrs. A. Holler stated that Austria has the lowest birth rate of any European country, yet has a population problem since refugees coming in number four to one of native inhabitants. Austria's industries are small, based on import of raw materials to be processed and sent out again.

Egypt was represented by Mrs. Dyck who spent some months in Cairo as an airman's wife. The country, she said, has no canned goods outside of imports. Fresh food of all kinds is abundant and is sold in small stalls supplied from camel trains and donkey carts. Masses of people live in the open, pre-empting a small space in a sheltered square or beside the Nile.

Mrs. G. Rasmussen, dressed in the costume of her home in Denmark and accompanied by her small fair haired daughter, gave an insight into the reactions of the first months in a new land when problems of language and depression sometimes overwhelm one to the extent of one's losing all interest in trying to accept this new home. Her audience laughed with her as she described the fastidiousness of Danish people regarding street clothes and her shock over loose shirt tails, no

ties, pedal pushers and hair curlers.

Mrs. O. Nilson wore a pretty Swedish dress with colorful striped skirt and a gay scarf. Mrs. C. Gorseth gave the talk, showing a beautiful pair of white work shoes with wooden soles and leather uppers, and mentioned the goat treks into the mountains, the home made cheeses, the rich food and the tremendous appetites of the people.

Mrs. F. Gale noted that French women of the working class have little leisure time. France has many churches and clothing factories. Soups are a staple diet and desserts are only for Sunday.

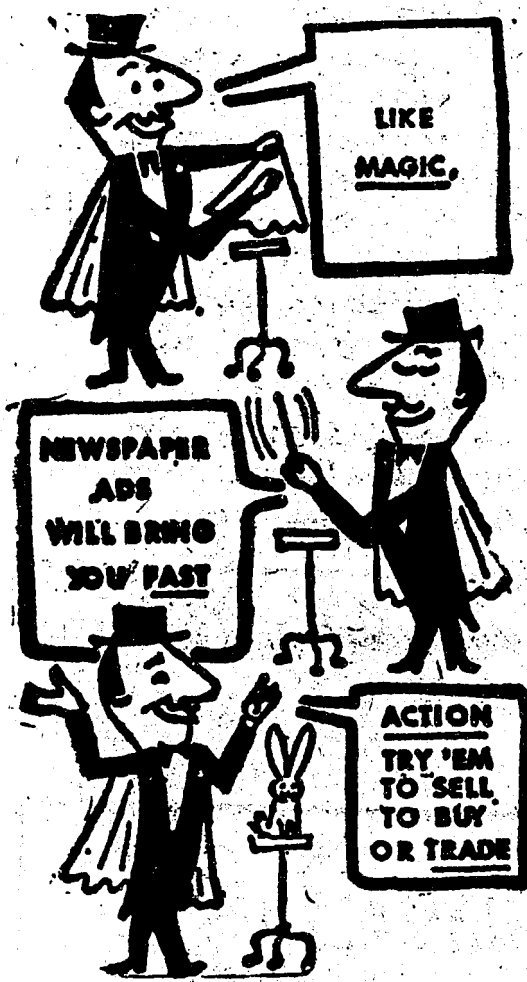

Mrs. H. Moors said the Rhine district of Germany is chiefly industrial but the farmers have little machinery and make a meager living. Land is passed on to succeeding generations and losing it is a major catastrophe. She read an appropriate poem relating to the unity of newcomers and old working in Canada.

Mrs. Roy Kuroda assisted by Mrs. Misao Aoki dressed Mrs. J. Maclachlan in a young girl's kimono with accessories. She was shown how to carry a parasol and to flutter a scented fan. Mrs. Kuroda wore a woman's formal and showed the wide gold cloth heavy sash. The art of tying it is now unknown in Summerland, she said, but is still remembered in Kelowna.

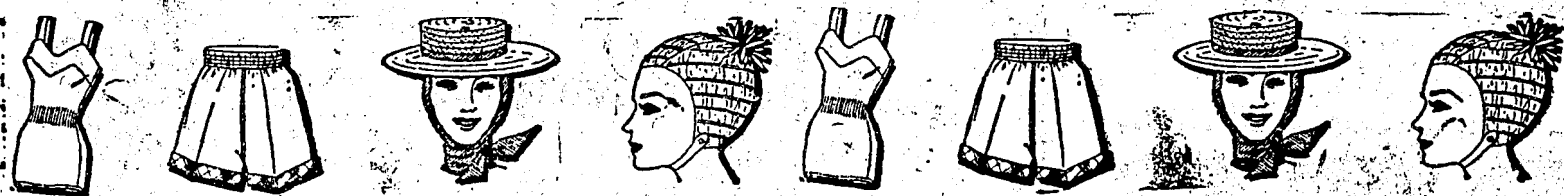

Mrs. Barrs then invited each guest to count in her native language and great was the merriment when the first one started off rapidly in English, and others drifted off halfway through.

President Mrs. W. Rothwell then called on Mrs. Collas for her delegate's report of the District Conference in Kelowna. She reported that three Institutes are foster parents to an adopted child each; a tremendous amount of work has been done for the Unitarian Services.

Tea was served by Mrs. Colias, Mrs. Bingham, Mrs. Croil, Mrs. Maclachlan, Mrs. H. Ward and Mrs. Moors.

Hockey's Coy Cup champions, the Twin City Macs, shown here after winning the B.C. title in Powell River, may be leaving

for a hockey tour of Japan this fall. Although nothing is finalized as yet, team manager Geo-

rge Stoll says that the Macs will likely plan 12 games in an exhibition tour of Japan.

**A LONG TIME AGO**

Believe it or not —the income tax was unknown in Canada before 1917-

**Fishing News**

by Bert Berry

Big news from the fishermen this past week on local lakes.

**Okanagan Lake**

Two 14 pounders checked in at the fish hatchery Monday. Several other catches of up to 6½ pounds brought in as well. This should continue to be good for at least a month now.

**Fish Lake**

Upper lakes just about ready but no news on them yet. Fish Lake itself doing pretty good with fair fish up to 1½ pounds caught last week.

**Garnett Valley Dam**

Still OK, with some bigger fish up to 1½ lbs caught.

**Headwaters Camp**

Open but no reports as yet.

**Silver Lake**

One report said that it was slow.

**Agur Lake**

Is running true to its nature, with either good or bad results. It is moody, but fish are there with up to four pounders being caught. Average is around 1½ pounds.

**Rose Valley Dam**

Still good with average fish of 1 to 1½ lbs being caught.

**YOU'LL FIND IT IN THE WANTADS**

**Junior ball players stage successful tournament Monday**

Summerland's junior ball players gave a good exhibition of their various skills at the ball park on Victoria Day. Because of the lovely weather, a good many parents turned out to watch their offspring at play.

Results of the round robin tournament were Trout Creek Tigers and Angels, 9-9; Mounties 9, White Sox 0; Yankees 14, Dodgers 11; Pirates 2, Mounties 1.

In league play, now in its third week, the scoreboard shows that the Pirates are on top with four wins and no losses. However, the other teams are settling down and before the season is over the Pirates are going to have to

keep right on their toes to keep their unbeaten streak going.

In league play last week, Pirates defeated Dodgers 12-4. Mounties won over Trout Creek Tigers 7-5; and Yankees lost to White Sox 5-4.

League games this week are on May 23 with Mounties vs White Sox; May 24, Pirates vs Trout Creek Tigers; May 25, Dodgers vs Yankees; May 29, Dodgers vs White Sox; May 30 Yankees vs Trout Creek Tigers.

# Police court busy

Summerland police court has been a fairly busy place during the month of May.

On May 4 a juvenile appeared charged with driving without due care and attention. He was fined \$15 and costs and his licence suspended for six months.

On May 7, Grant Alexander MacDonald appeared charged with being intoxicated in a public place. Charge arose from a Teen Town dance incident. Magistrate Reid Johnston fined MacDonald \$50 and costs, noting that he had appeared convicted of the same offence on August 28 of last year.

On May 8, William Fredrick Sutherland appeared on a charge of towing an overweight vehicle without proper brakes. He was fined \$10 and costs.

On May 8, Donald Arthur Grant of West Summerland appeared on a charge of consuming liquor in a public place. He

was fined \$50 and costs.

On May 11, William Clarence McCutcheon of West Summerland was fined \$10 and costs on a speeding charge.

On May 14, Magistrate Johnston fined Leonard Osterbery of Vancouver \$50 and costs for creating a disturbance in a public place. He was also charged with assaulting a police officer with intent to resist arrest and was fined \$100 and costs on the second count. James Elliott of West Summerland was fined \$150 and costs on an impaired driving charge. Peter Spencer Dyson of Kelowna was fined \$20 and costs on a speeding charge.

On May 18 Max Kolesnekoff appeared on a charge of passing in an unsafe area and was fined \$15 and costs.

## Kiwanis Club Notes

Tuesday night 32, including two Key Club members, sat down to dinner in the Legion Hall. John Tamblin led off in the singing of "I've been working on the bypass" again. Penticton, please take note.

Ken Heales, Wilf Gilmour and Doug Campbell all celebrated their 39th birthdays. Sheriff Ratzlaff, with a mean look on his face, gloatingly taxed each of them the customary dollar.

Lt. Gov. Doug Campbell handed out some verbal bouquets to the club in general for its co-operation in the conference just completed.

Jerry Hallquist reported on the financial end of the conference.

Lloyd Shannon reported on the cancer fund drive, which as it did last year, went over the top.

Don Randle suggested and organized a "bee committee" for the erection of a school bus shelter.

Chairman of the safety belt committee, Jim Schaeffer, organized a full club committee to promote the sale of these belts and also vouchers, for \$2 worth of gas, when presented at Hardie's Service on Saturday, June 2. The entire profit on these voucher gas sales will go to the club.

On this day it is hoped that many will order the belts, which will be installed free of charge.

Next meeting, Tuesday, May 29, will be held in the usual place above Mac's Cafe.

— The Recorder.

## In Memoriam

NEWTON. — In loving memory of our father and grandfather, Benjamin Newton who passed away May 20, 1961; and our mother and grandmother Margaret McGlusky Newton who passed away May 30, 1953. — Sadly missed by the family.

## Coming Events

The annual Summerland Art Show will be held in the IOOF Hall on June 9, from 2:30 to 9:30 p.m. to show paintings by members of the local club. Tea will be served.

## PTA elects officers for coming year

The final meeting of Trout Creek PTA elected Dr. J. E. Miltimore as next year's president. Dr. Miltimore will take over from Dr. D. Macintosh who has been president for the past year. Also elected were George Ryman vice president; Mrs. K. Carter secretary; Mrs. C. Morgan, treasurer; and Ray McNabb, Mrs. H. Hackman, Mrs. G. Rasmussen, Mrs. M. Aoki; Mrs. D. McGregor, Mrs. M. Prokopenko, Mrs. M. D. Proverbs and Mrs. W. Cockell as directors. Named as honorary president was Mrs. H. R. McLarty.

Mrs. G. Noel announced that plans for the PTA participation in the Trout Creek school's Sports Day on June 1 were almost completed. The PTA has been asked to provide the three school teams with colored bands this year.

Mr. A. L. Ryman, visiting Mr. and Mrs. George Ryman and family, was introduced as a special guest. He is visiting from England and expressed keen interest in the meeting and the school.

Ray McNabb of the teaching staff introduced the speaker for the evening, Mr. Reg Cox of Penticton. Mr. Cox, in a discussion on aspects of the Chant Report which most affected local schools, brought out the fact that the change of grade seven to the elementary school may be followed by a much more disadvantageous move of grade ten to the junior secondary level.

When asked in a very active question period what PTA's and parents could do to help prevent any undesirable educational changes from taking place, Mr. Cox stressed that the public should at all times strive to keep the control of educational matters at a local level.

After the speaker was warmly applauded, refreshments were served.

Mr. and Mrs. Vern Lockwood will be going to the Seattle Fair with their son in law, and daughter, Mr. and Mrs. Harold Pearson of Eprata, Wash.

# Summerland riflemen participate in shoot

Forty-eight competitors took part in the B.C. Inland Rifle Association's annual shoot at the West Bench Range, Penticton, on Sunday and Monday. Shooters attended from Vancouver, Prince George, Kamloops, Vernon, Kelowna, Summerland, and Penticton.

The Grand Aggregate trophies were won by Gunnar Westling, Vancouver, who was the 1961 winner of the Queen's prize at Bisley. Winners in the individual matches were as follows: Match No. 1 - 200 yards - Price Ellison Cup, Herb Simpson, Summerland; Match No. 2 - 300 yards - B.C. Dragoons Cup, H. Palmer, Enderby; Match No. 3 - 600 yards Cominco Cup, H. Palmer, Enderby; Match No. 4 - 200 yards - Fish Lake and Summerland Cup E. Jamieson, Vancouver; Match No. 5 - 500 yards - Osborne McPherson Memorial Cup, J. Rasmussen, Penticton; Match No. 6 - 600 yards, City of Kamloops Cup, G. Westling, Vancouver. R. Bertram and J. Sheppard of Summerland won money in the tyro classes.

A practice will be held Sunday morning at the Garnett Valley range commencing at 9 o'clock, weather permitting.

# Summerland Review

### Under the Giant's Head

Secondary school principal A. J. Longmore has been appointed by the department of education as provincial consultant for secondary school curricula. He will be assisted by R. Knowles of Rutland elementary school. During his one year leave of absence, J. P. Tamblyn will be acting principal.

Kiwanis chairman for the cancer drive campaign, W. S. Ritchie, reports that \$1,286.73 was raised this year. Mr. Ritchie said that he would like to express his thanks to the community for its support of this worthwhile project.

T. S. Manning of Quinpoole Road has had his artificial lawn flamingos snatched two years in a row. The flamingos, worth about \$5, were taken off the Manning lawn about this time last year. They were replaced with a new pair which were taken during the night of May 21 from the same spot.

Mr. and Mrs. Cyril Woodworth of Sunnyside, Wash. were guests at the L & L Motel over the week end. Mr. Woodworth was one of the first students at the former Baptist College on Giant's Head. While here they visited with Miss Ruth Dale and Mr. and Mrs. Walter M. Wright.

Don't forget the fishing derby at the Yacht Club on Sunday.

## Artist's work on display at library

A comprehensive display of the works of Vaughan Grayson will be shown in the local library for the next two weeks.

A widely known Canadian artist, Vaughan Grayson, better known locally as Mrs. A. J. Mann, will make up her show of oils and serigraphs, many depicting scenes of the Okanagan and the Rockies. "I find the Okanagan Valley one of the finest places to paint, from an inspirational standpoint," the artist says and has done a good deal of her work at her studio in Oyama, as well as her home in Summerland.

Mrs. Mann has written two educational books on picture appreciation and has held one-man shows across Canada. Her works have been on display in Hart House in Toronto and in the Vancouver Art Gallery.

A lovely work by Mrs. Mann which now hangs in the Summerland Regional Library, "The Pipes of Pan" received honorable mention in the Toronto Globe and Mail.

Librarian Mrs. Jack Dunsdon told the Review that she feels we are very fortunate to have a show here by an artist of Mrs. Grayson's calibre and hopes that everyone will take this opportunity to visit the library.

Volume 17, No. 23

West Summerland, B.C.

Thursday, May 31, 1962

## Meet the girls . . .

Ten candidates for Fruit Fair Queen will make their first public appearance this Friday night at a variety concert in the MacDonald School auditorium. The program will commence at 8 p.m. with 50c admission for adults and 25c for children over 12. Five of the candidates are: (left

to right) Sharon Geres, Maureen Clifford, Leslie Caldwell, Donna Laidlaw and Rosemary Day. Master of ceremonies for the evening will be Jock Johnston. Queen's committee chairman is Mrs. Lloyd Shannon.

## Seat Belt Drive Saturday

About 25 Kiwanians will be on hand Saturday at Hardie's Service to sell gas, clean windshields, check oil and generally make local drivers happy. Club members are busy selling "Funny Money" (worth \$2 of gas on Saturday at Hardie's. Money raised from the gas sale will go to swell the Kiwanis bursary and other worthwhile

community projects.

Also on Saturday the Kiwanians will be installing seat belts in cars at the Smith and Henry lot across the street. The belts are a standard type recommended by the B.C. Safety Council, and will sell for \$9.95 each with the Kiwanians doing all installation.

The fact that seat belts are

becoming more and more popular inspired the local club to urge all those driving older models to put in the belts.

According to the B.C. Safety Council it is estimated that seat belts will reduce fatalities by about 25 per cent in those accidents involving ejection and by about one-third in all accidents. In B.C. alone this would mean the saving of 100 lives yearly.

The belt is anchored to the frame or floor pan of the vehicle and installation must conform to a certain standard.

Practicing what they preach, a number of Kiwanians now have safety belts installed and another ten have indicated they will instal them during this drive.

## Delegates will inspect Research Station here

A meeting of the Western Section of the Canadian Society of Animal Production will be held in Penticton on June 7 and 8. Some 40 to 50 research officers, university professors and extension workers will be in attendance at the Okanagan meeting.

Dr. J. E. Miltimore, head of the Animal Husbandry Section of the Summerland Research station is heading the program committee. This is the first such meeting to be held in this area in conjunction with the local animal husbandry branch.

The meeting will be held in the Prince Charles Hotel in Penticton. A very interesting itinerary has been planned by Dr. Miltimore and his staff.

The visiting researchers will be taken on a tour of the research station with emphasis on the animal husbandry department where a great deal of research work on Rumen Psychology has been done in the past few years.

Speaking at the meeting will be the Hon. Frank X. Richter, minister of agriculture; Dr. K. Rasmussen of Ottawa; and Dr. C. P. Bailey of Lethbridge.

Dr. J. M. McArthur of Summerland will give a paper on the properties of rumen foams and their relation to bloat.

In discussing the importance of the animal husbandry meeting and the importance of the research work the Summerland animal husbandry department does, Dr. Miltimore told The Review that 22 per cent of all B.C. livestock is grown within a 100-mile radius of Summerland.

## Police News

Herbert Barnett of West Summerland appeared in Summerland police court on Wednesday, charged with common assault. Found guilty he was fined \$15 and costs and charged to keep the peace for one year. Charges arose out of a fight at the premises of the Reliable Upholstery Shop between Barnett and Albert Hallstone. Mr. Hallstone suffered facial injuries from the fight.

Teenager Gordon Graber of Trout Creek lost control of his bicycle while riding in that area and fell off, injuring himself fairly severely. He was hospitalized for several days. The boy got up following the accident and staggered into the Stan Barret home in a very dazed condition. Mr. Barret rushed him to Summerland General Hospital.

## George Hees here Thursday

Highlighting the election campaign locally, will be the visit of George Hees to Summerland on Thursday (today). Mr. Hees is the minister of trade and commerce in the Diefenbaker government. He will attend a reception at the Yacht Club between 3:30 and 4:30 in the afternoon.

Accompanying Mr. Hees will

## Students at Coast for TV appearance

Up against a student team from greater Victoria, four Summerland students will "Reach for the Top" once again this Thursday at 8 p.m. in the CBC studios in Vancouver. Five students, Eleanor Martin, Anthea Morgan, Donna Powell, Gerald Turnbull and Philip Holman left Thursday morning with principal A. J. Longmore to drive to Vancouver.

The program will be video taped to be released at the coast about June 21. Viewers in this area may see it sometime after that date. If the Summerland team wins Thursday's contest they will then compete against another coast team at a later date.

The present contest is a semi-final. The winner will compete for the Grollier Trophy and \$2,000 in cash.

Two Summerland teams took top honors in this area on the TV program with an aggregate score of 255 points. Contestants from both the former groups make up the new team.

Anthea Morgan has won the 1962 Canada Council Tour for this area and will join 200 students from all parts of Canada at the Stratford Festival this summer. Miss Johan Bergstrom, now studying at UBC, took the tour three years ago.

be the local Progressive Conservative candidate, David Pugh and the well known cartoonist Jack Boothe of the Toronto Globe and Mail.

Those attending the informal gathering at the Yacht Club will be able to see the former Vancouver Province cartoonist at work.

Despite the limited time available, Mr. Hees will be answering questions and will probably give a short address.

A well known Canadian scholar, Mr. Hees played football with the Toronto Argonauts in 1938 when that team was a Grey Cup winner. He saw service overseas during the second world war and returned to Canada in 1944 as a Brigadier Major with the 5th Canadian Infantry.

Mr. Hees threw his hat into the political ring just after the war and has been on the federal scene ever since. Following the Conservative victory in 1957 he became minister of transport, but later resigned that post in favor of his present trade and commerce post.

Mr. Hees will be speaking in Kelowna Thursday evening.

## Concert delights large audience

Over 250 attended the concert of Elizabeth Beames Friday night in the high school auditorium. The concert was sponsored by the Fine Arts Ministry of the school. Florence Johnson introduced Mrs. Beames.

Six groups of songs were performed and before each selection the artist told what type of song it was and why she was singing it.

Accompanist for the evening was Ernest Schneider of Penticton.

## . . . Friday evening

Appearing on the program Friday night will be the town band, Marilyn and David James, Sue Lopatecki, Sheldon Doherty and other top-notch local talent. These five candidates are: (left to

right) Gloria Tilbe, Darlene Shannon, Lynda Scott, Vicki McKee and Linda Rumball. The 1962 queen and her two princesses will be announced at a Strawberry Tea in July.

## Macs meet Penticton Thursday

In senior men's baseball last week, Macs Cafe Aces lost one game to Penticton and won one game from Osoyoos.

Aces are now tied for first place in the league with Penticton.

This Thursday, Macs Cafe Aces will meet Penticton at the playground ball park in West Summerland. Game time is 7 p.m.

## Bill Wotton honored by Research Station

Mr. Bill Wotton retired from the Plant Pathology Laboratory at the Summerland Research Station on May 31, after 15 years as maintenance man. Mr. Wotton came to Summerland from the coast and was formerly with the Royal Canadian Air Force, where he was cited for the OBE.

During his years at the research station he worked at construction and designed several pieces of special equipment for the laboratory. Among them was a soil steam pasteurizer, mechanical soil screen and soil temperature tanks. He also helped in designing the air conditioning of the greenhouse at the virus orchard and at the laboratory.

G. E. Woolliams, acting head of the laboratory, was chairman of a gathering recently when Mr. Wotton was honored

prior to leaving the station. Other guest speakers were Dr. H. R. McLarty, first officer in charge of the Plant Pathology Laboratory and Peter Filipoff, administrator of the research station.

Mr. Wotton, an ardent fisherman, was presented with a fishing reel and icebox for fish from the staff. Flowers were presented to Mrs. Wotton.

### LAUGH OF THE WEEK

"Why did you fire that gorgeous secretary you had?"

She couldn't spell — kept asking me to spell every other word when she took dictation."

I suppose you couldn't stand the interruptions.

It wasn't that, I just didn't have time to look up all those words.

# Summerland Fire Hall By-law, 1962

## The Corporation of The District of Summerland By-law 952

**A BY-LAW OF THE CORPORATION OF THE DISTRICT OF SUMMERLAND IN THE PROVINCE OF BRITISH COLUMBIA TO AUTHORIZE THE CONSTRUCTION OF A MUNICIPAL FIRE HALL AND TO AUTHORIZE THE BORROWING OF THE SUM OF THIRTY THOUSAND DOLLARS (\$30,000.00) FOR SUCH PURPOSE.**

WHEREAS it is deemed advisable and expedient to undertake the following works, namely the construction of a municipal fire hall, to be located on certain lands owned by the Corporation more particularly known and described as Lots Thirty (30), Thirty-one (31), and Thirty-two (32), District Lot Three Thousand Six Hundred and Forty (3640), Plan Five Hundred and Ninety-four (594).

AND WHEREAS the estimated cost of the said construction described in the next preceding paragraph hereof is the sum of Forty Thousand Dollars (\$40,000.00).

AND WHEREAS after allowing for money grants from the Government of Canada, the share payable by the Corporation towards the cost of such construction will be Thirty Thousand Dollars (\$30,000.00).

AND WHEREAS it is deemed necessary to borrow upon the credit of The Corporation of the District of Summerland the said sum of \$30,000.00 which is the amount of the debt intended to be created by this By-law, the said sum of \$30,000.00 to be borrowed pursuant to the provisions of this By-law to be used for the works above described.

AND WHEREAS the estimated lifetime of the construction by this By-law hereinafter authorized and described aforesaid is in excess of Fifteen years.

AND WHEREAS it is intended to create the debt hereinafter authorized in the year 1962, and the amounts of the assessed value for general Municipal purposes of the taxable land and improvements for the years 1960, 1961 and 1962 are respectively as follows:

For the year 1960 — \$7,499,505.00

For the year 1961 — \$7,571,870.00

For the year 1962 — \$7,758,410.00

AND WHEREAS the amount of the existing debenture debt of The Corporation of the District of Summerland is the sum of Four Hundred and Sixty-five Thousand, Nine Hundred and Sixty-four Dollars and Seventy-one Cents (\$465,964.71) and no amount of the principal or interest of the said debenture debt are in arrears.

AND WHEREAS the approval of the Inspector of Municipalities, for the Province of British Columbia has been obtained.

NOW THEREFORE the Municipal Council of The Corporation of the District of Summerland, in open meeting assembled,

ENACTS AS FOLLOWS:

1. That it shall be lawful for The Corporation of the District of Summerland to carry out the construction in this By-law hereinbefore described, and such construction is hereby authorized, namely the construction of a municipal fire hall at the estimated cost of Forty Thousand Dollars (\$40,000.00).

2. That for the purpose of doing the construction authorized by section 1 of this By-law it shall be lawful for The Corporation of the District of Summerland to borrow upon the credit of the said Corporation the sum of Thirty Thousand Dollars (\$30,000.00) and to issue debentures for such sum with interest at five and a half per cent (5½%) per annum as hereinafter more particularly described, and the said sum of \$30,000.00 to be so raised by borrowing shall be used for the work authorized by section 1 of this By-law.

3. That the debentures authorized by this By-law shall be serial debentures and shall be dated the first day of October, 1962 and shall have attached thereto coupons for the payment of interest, at the rate of 5½% per annum payable semi-annually on the first day of October and the first day of April in each year of the currency of the debentures, and the principal of the said debentures shall be repayable by annual instalments as follows:

Three Thousand Dollars (\$3,000.00) on the first day of October in each of the years 1963 to 1972 inclusive.

4. That during the currency of the said debentures The Corporation of the District of Summerland shall levy and raise by rate sufficient therefore over and above all other rates, on all the land and improvements subject to taxation for general municipal purposes within the said Corporation at the same time and in the same manner as other rates, in each of the years set out in Column 1 of schedule "A" attached to and forming part of this By-law the total amount required for repayment of principal and payment of interest as shown in Column 4 of the said Schedule, so that the said Corporation may make the annual repayment of principal and payments of interest required by the said debentures.

5. That the debentures authorized to be issued pursuant to this By-law shall be in sums of not less than One Hundred Dollars (\$100.00) each.

6. That the principal and interest of the said debentures authorized by this By-law shall be payable in lawful money of Canada at the Bank of Montreal in West Summerland, B.C. and at the principal office of the Bank of Montreal in the cities of Victoria, Vancouver, Winnipeg, Toronto and Montreal at the option of the holder, and it shall be so designated on the debentures and the interest coupons.

7. That the said debentures shall be sealed with the Corporate seal of The Corporation of the District of Summerland and shall be signed by the Reeve and Treasurer of the said Corporation, and the coupons attached to the said debentures shall bear the signatures of the said Officers of the said Corporation, and such signatures attached to the said Coupons may be written, or may be stamped, printed, lithographed, or be in other facsimile form.

8. That all or any of the said debentures may contain or have endorsed thereon a provision for registration.

9. This By-law shall take effect on the date of adoption.

10. That this By-law may be cited for all purposes as "The Summerland Fire Hall By-law, 1962".

Read a first time by the Municipal Council of The Corporation of the District of Summerland, the 22nd day of May, 1962, read a second time by the said Municipal Council the 22nd day of May, 1962, read a third time by the said Municipal Council the 22nd day of May, 1962.

Received the approval of the Inspector of Municipalities for the Province of British Columbia on the 28th day of May, 1962.

Received the assent of the owner-electors of the Corporation of the District of Summerland the day of , 1962.

Reconsidered, finally passed and adopted by the Municipal Council of The Corporation of the District of Summerland, sealed with the Corporate Seal of the said Corporation and signed by the Reeve and Clerk of the said Corporation, all on the day of , 1962.

REEVE

CLERK

### The Corporation of The District of Summerland SCHEDULE "A" BY-LAW NO. 952

Column 1 Year	Column 2 Total Principal Payable	Column 3 Total Interest Payable	Column 4 Total Interest & Principal Payable
1963	\$ 3,000.00	\$ 1,650.00	\$ 4,650.00
1964	3,000.00	1,485.00	4,485.00
1965	3,000.00	1,320.00	4,320.00

## Look for the good in your home town

by Rev. Lyle Kennedy

Text: "Overcome evil with good." Rom. 12:21.

We are aware of the evil in our town. Just take a short look around. Or read the town newspaper. Some say that things are going from worse to worst.

Look for the good! Let us take an imaginary walk around town.

We pass a doctor's office, or the local hospital. Think. What a contrast between the services of the doctor and hospital when compared with such services in the "good old days!"

Now we find ourselves passing the Youth Centre, or the high school, or the Memorial Park, or whatever we have in our town. In each case stop for a moment and think. Isn't this a good town in which to live? Walk down main street and

do some window shopping. The citizens of this town buy these things. There may be a Bible Book Store on Main Street.

Pass the Town Hall. Consider the services rendered to the people from that center.

Walk in a residential district. Open lawns, beauty, freedom. These homes are not all occupied by unhappy people, not by any means. Note the gardens and flowers, if you take a walk.

Of course, being a Christian and a member of a church, all the churches will give you a thrill as you pass them by, or as you stop a moment to think.

"Overcome evil with good." There is evil. There is good. Are we doing our utmost in support of the good? Are we doing our utmost to share the good? How can we go about combating the evil with the good?

## Who??

Who really sets the policies of the various political parties? Whoever it is helps set the course of your future; your job, your children's education, your taxes, war and peace, your survival... yes, your life. And so the question "Who?" becomes a question of paramount importance.

Do you belong to the party you're going to vote for? Does your neighbour? What kind of a man is he? So, completely do you trust his wisdom that you'd let him decide whether you should take a holiday, quit your job or commit suicide? Ridiculous? Not at all. If you don't belong to a party you are letting unknown persons make equally important personal decisions for you. We say "unknown" persons because surface appearances and real fact can be quite different, as the calm surface of a broad river and the twisting, traitorous churning undertows beneath it.

Whose voice is the one that's listened to in the party? Is it the voice of your neighbours and friends with whom you share common interests and needs, or is it the voice of people you don't really know, never see, that control the direction of the party's policies, the hard truth of which can be hidden behind platforms which look terribly inviting. (For example, the Canadian Communist Party holds out platform promises of disarmingly identical appearance with some of the platform planks of other parties. Yet few people would agree that their policies are similar).

Who indeed are the members of the party asking for your support? All parties are seeking new members, in fact clamoring for them. Why not take them up on it and join the one you plan to vote for. It should give you a better informed vote on June 18.

## Three days before camping charges

A charge of two dollars per day for the use of certain provincial campsites will be levied after a stay of three days in the designated parks, the Hon. Earle C. Westwood, Minister of Recreation and Conservation, has announced. This provides an additional free day over the 1961 specifications.

The charge, levied to encourage campers to move about the province, will be in effect at parks where attendants are located, Mr. Westwood said.

"In actual fact, a camper may stay at any given spot for six days for a charge of six dollars, which is a one dollar per night charge," Mr. Westwood said. "This is certainly a reasonable charge and should provide excellent camping for a minimum of cost. And, it will discourage the camp hog who,

in the past, has set up his tent in an area and remained there for the summer."

The new regulations will become effective on June 15. Campsites affected in this area are Oliver-Vaseaux-Okanagan Falls and Okanagan.

Mr. Westwood said that, while there were some complaints on campsite charges in 1961, the majority of campers felt the charge was justified for the most reasonable and enjoyable type of family holiday obtainable anywhere. He added that the camper who wishes to remain in a campsite for a three day holiday and move to other areas to continue his holiday in three day intervals could do so without incurring any charges whatsoever.

## Receive degrees at UBC

Summerland student who received their degrees at UBC's spring congregation May 24 and 25 were: Mrs. Barbara Gainford Killough, B.Ed.; and John Leslie Adams, BSF.

More than 1500 students were awarded degrees at the ceremonies.

Highlight of the ceremony

was the installation of Dr. Phyllis G. Ross, CBC, as chancellor of the University to fill the unexpired term of the late Dr. A. E. Grauer who died last year.

An honorary degree of doctor of laws was conferred on Dr. N. A. M. MacKenzie, who retires this year

## Swimming classes at Rotary Beach

Rotary Beach on Okanagan Lake will soon be a busy place. Swimming classes, sponsored by the Summerland Rotary Club start Thursday, July 5.

Registration forms for the classes must be sent in by June 18. A form is printed on the back page of the Review, with directions where the forms

should be sent.

In order that classes may be arranged as conveniently as possible, leaders of the classes ask that registration forms be in as soon as possible:

In charge of the classes are Mrs. M. D. Hyde and Miss Barbara Fudge

With eyes on the future, with feet on the ground, with hearts revering Canada's great traditions, may the members of the graduating class of '62 bring joy to their parents, pride to their teachers and fulfillment to themselves.

## Farm & Garden Supply

## Comings and Goings

Mrs. Watkins of Leavenworth, Washington, is visiting at the home of her son in law and daughter, Dr. and Mrs. J. Marshall.

Dr. and Mrs. H. McLarty are at the coast where Mrs. McLarty is attending a Women's Institute convention.

Mrs. J. Marshall is visiting her son in law and daughter, Mr and Mrs Eugene Bates in Prince George.

Mrs. Wesley Davis of Trout Creek was a Vancouver visitor last week.

Visiting their daughter, Mrs. Estelle Gardner at Erickson, B.C., recently were Mr and Mrs Jim Brown.

Mr and Mrs Ron Newport of Calgary visited with the Fred Schumann's before going on to the Seattle Fair.

Mrs Jim Brown flew to Trenton, Ont. last week to visit her son in law and daughter, Mr and Mrs Robert Gale. Mr. Gale is in the RCAF and has been posted to France for four years.

Mrs E. Hack spent last week end at Spence's Bridge visiting her son and daughter in law Mr. and Mrs Jim Hack.

Mr and Mrs L. A. Wilkins of Saskatoon are visiting with Mr and Mrs O. Morphy this week.

Mrs Bob Butler, Mrs. Ken McIntosh and Mrs W. Brown accompanied Harvey Wilson to a Regional Hospital Association meeting in Revelstoke last week.

Mr. and Mrs S. Fabbri and family were in Vancouver to attend graduation exercises at UBC. Among those participating was their daughter, Phyllis (Mrs. K. O'Neill) who was awarded her Bachelor of Home Economics degree.

Guests at the home of Mr and Mrs Leo Heyworth recently were Mrs. M. Lindsay, Mrs C Tkachuk and Mrs C. P. Smellie, all of Vancouver.

### Births at Hospital

Born at Summerland General Hospital to Mr. and Mrs. Ralph Downing, a girl, May 25.

## Do you run your money, or does it run you?

One of the toughest things in the world to do these days is to live within one's income.

A survey made a few years ago among people with incomes ranging all the way from \$2,500 to \$25,000 a year showed, almost everyone wanted one more thing more than anything else . . . just ten per cent more money!

"That would solve all my problems," everyone said.

But they're really wishful thinkers, says Jock Johnston, manager of the Bank of Montreal's West Summerland branch. He has found there's only one real way to get on top of the situation. That's to learn to live within your income — and like it!

Mr. Johnston doesn't just talk about it, either. He has some sound suggestions about how to do it, too. Why not ask for a copy of the new B of M booklet "Blue-Print for Successful Personal and Family Planning." It's free on request from the West Summerland B of M.

It makes interesting reading. And it may do a lot to help you out of those dollar doldrums.

## OWN YOUR OWN HOME

# SPORTS

## Yacht Club fish derby on Sunday

The Summerland Yacht Club will hold its first Fishing Derby of the season this Sunday, June 3.

The derby is confined to Okanagan Lake, where catches of some good sized fish have been reported recently.

Entry is free to all paid-up members of the Yacht Club, and \$1 per boat for non-members. Registration takes place at the breakwater on Sunday morning between 7 and 8 a.m. Non-members may pay their entry fee at either L. A. Smith Ltd. or the breakwater.

Weigh-in time is 3:30 to 4:00 p.m. at the Yacht Club. Some worthwhile prizes have been lined up and they will be awarded directly following the

weigh in.

Hot dogs, sandwiches, coffee and soft drinks will be available at the club house during the afternoon.

## On the Rifle Range

by Herb Simpson

It was very encouraging to see fourteen shooters on the range for the practice Sunday morning, and we hope those who were with us for the first time will continue to attend. Matches were shot from the 500 and 600 yard ranges and although skies were clear, a strong wind made shooting conditions difficult. However, no one seemed discouraged by low scores.

As this column has stated many times, rifle shooting is an inexpensive sport and every one is welcome. Rifles are always available and sporting rifles of .303 calibre are allowed. Experienced shooters are always willing to help the beginners. So, if you are interested, be at the range at 9 a.m. on Sunday morning.

During the past few years attendance at the invitation shoots has been dropping, due mainly to the fact that the newcomers were reluctant to enter competition. Dates for the invitation shoots, in this area are as follows: Kelowna June 17; Penticton June 24; Vernon July 15; Summerland, July 29. Prizes are awarded in senior and tyro classes, so how about taking in these events and meeting shooters from other clubs and learn a great deal about competitive rifle shooting, and also have a good time. By doing so, the future of rifle clubs in this area will be assured.

## Fishing News

by Bert Berry

More fishing camps are opening all the time. Munro Lake at Fish Lake, is now open and further north in Kamloops area most of the camps are operating. Following are a few reports that have come in this last week.

**Okanagan Lake**  
No big fish reported but nice catches.

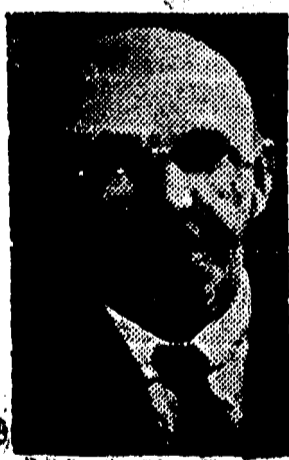

**Fish Lake Camp**  
Munro open and rest of the lakes within a few days. Fish Lake provided a couple of nice catches.

**Headwaters Camp**  
Open but no reports as yet.

**Silver Lake**  
No reports this week but should be OK.

**Shannon Lake**  
Some good catches reported this last week.

**Agur Lake**  
Only one report which was fair but this lake is moody and can be real good.

## Scout happenings

The troop sent four patrols of seven boys each to the Camp ore at Oliver, where they camped with 75 other patrols from Canadian and American troops. There were 430 boys in camp. Twenty-five A ribbons were awarded and 50 B ribbons. The troop obtained two A's and two B's. In addition the troop competed in the campfire skit contest for the "Old Beaky" award and was one of the first five chosen, the winner being 25th Omak Troop.

Good weather prevailed during the camp and the boys had fun and learned a lot about how other troops do things. The standard of camping throu-

ghout was good, better than last year.

The troop has welcomed two recruits, Bob Dunsdon and Bob Steuart who have gone to the Buffalo and Beaver patrols respectively.

At Monday night's meeting games were played outdoors including tug of war with our new rope. At the end of the meeting the troop was treated to ice cream and cookies by the Group Committee

Next week will be devoted especially to passing tests of any kind required. Duty patrol Eagles.

— D. V. Fisher, Scoutmaster

## Little League

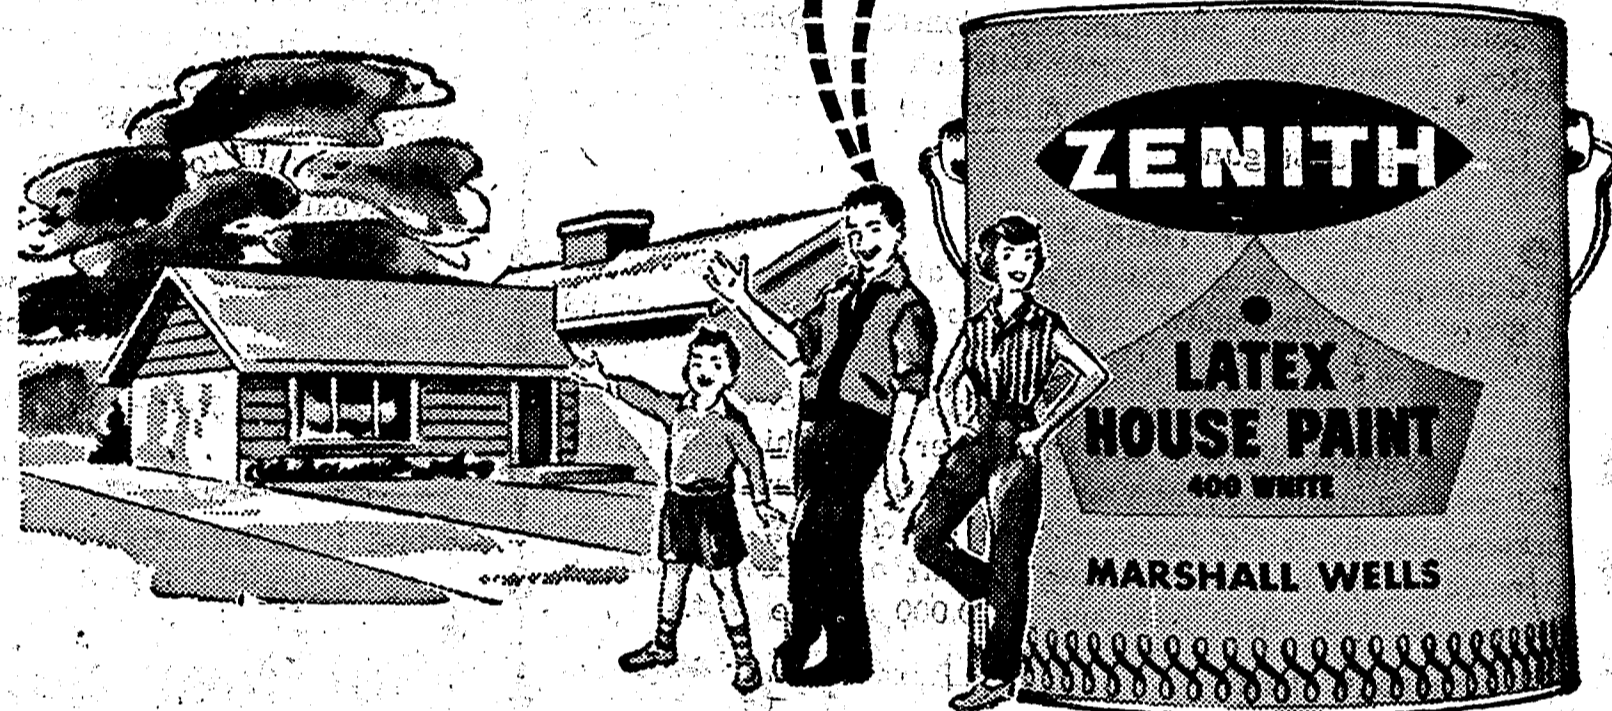

The Pirates are still leading in Little League baseball, in fact, they have been really hitting the long ball. Four homers and six three-baggers in their last outing.

On May 22, Angels defeated White Sox 16-10; May 23, it was Mounties vs White Sox but they were rained out; May 24 Pirates won over Trout Creek Tigers 19-5; and May 25 it was Dodgers 17, Yankees 6.

This week Yankees meet the Trout Creek Tigers May 30th; Mounties vs Pirates May 31; Angels vs Trout Creek Tigers on June 1 and Angels meet the Dodgers on June 5.

**TANNING BY DEGREES**

Since a definite link between deep sunburn and skin cancer has been discovered, fewer people are trying to get a deep tan as quickly as possible on vacation. Wise people take the safe way of developing a protective coat of tan as early as possible in the spring.

**Philpott opens campaign**

Okanagan Falls candidate Elmore Philpott told his neighbors Friday night that the scholarship plank in the Liberal platform was truly revolutionary.

"The Liberals will provide 10,000 scholarships per year, each with a cash value of \$1,000 per year. That will mean that 1,000 students in B.C. will be able to finance their entire university course.

"In addition, there will be interest-free loans for all students who want and need them. The only requirement will be that the student must pass his yearly exams. Repayment of the loans, without interest, will commence two years after graduation, and will be on the instalment plan."

Mr. Philpott dealt in good natured fashion with the Liberal platform, as he said he was aware that others than life-long Liberals were in the audience.

"Regardless of the merits or otherwise of the minority parties it must now be apparent to every intelligent man or woman in Canada that the next Prime Minister of Canada will be either John Diefenbaker or Lester Pearson. I believe with all my heart that Pearson will prove to be almost a God-given leader for Canada for the extremely difficult days that are ahead. He has precisely the qualities and the experience which enable him to make the big decisions which the head of the government must make.

"The paramount issues are peace and full employment. There is no statesman in the whole free world with more to contribute to peace than has Pearson. But what a great many Canadians, including Liberals, do not know yet is that Pearson is also able and willing to act to end unemployment by measures which no prime minister of Canada has ever yet taken except in wartime.

The Turning Point:

Why vote for  
Chaos?

by  
Elmore Philpott

Liberal Candidate For  
Okanagan-Boundary Riding.

The Social Credit and New Democratic parties say they are poles apart politically. But in this election they stand together on one vitally important point.

Both Mr. Thompson and Mr. Douglas say that they expect the June 18 election to end in a deadlock — in a stalemate — in a logjam where NO PARTY WILL HAVE A CLEAR MAJORITY.

Please note that BOTH these minority party leaders have given up the childish pretence that their party has a chance to win a majority. So both suggest that after a period of confusion and political chaos there will be ANOTHER ELECTION.

The voters of Canada can only be sure of getting rid of Diefenbaker's confused Tory mismanagement by voting Liberal.

Both the SC and NDP leaders admit that the Liberals will gain scores of seats from the Tories. But both hope that the Liberals will not gain ENOUGH seats to become the effective government.

Don't waste your vote on June 18. Don't split and splinter the progressive vote.

This time MAKE SURE IT'S THE LIBERALS.

If you agree that Okanagan-Boundary needs a strong voice in a government by the ONLY PARTY WHICH HAS A CHANCE TO BEAT THE TORIES — then put your X after the name of Philpott.

## Bloodthirsty beetle even eats small fish

Both the adult and the larval Young of the diving beetle called the water tiger are ferocious predators. They attack, kill and eat dragonfly nymphs, tadpoles, worms, snails and small fish — often several times their own size. Sometimes they cause severe losses in fish hatcheries.

The water tiger grabs its prey with its large, hollow, sickle-shaped jaws and injects digestive juice into it. After the flesh has become liquified it is sucked back into the stomach.

Diving beetles are adapted for a life in water but are awkward and almost helpless on land. The flattened hind legs are used together like oars.

A number of different local species range from one-eighth of an inch to over an inch in length. At rest they hang head down with the breathing pores on the tip of the abdomen above the surface of the water. Like most water beetles they carry an air supply trapped under their wings when they dive.

## Survival technique

In nature the law of survival is seldom more easily observed than in the forces which dictate nesting habits of wild birds. While they commonly cover their nests while temporarily absent or where the nests are naturally concealed from view by darkness or vegetation, the eggs are usually white, whereas the species that nest more or less in the open generally lay colored or mottled eggs, less visible to prying eyes from above.

The same forces operate to determine the number of eggs in a clutch. Some of the penguins, albatrosses and other sea birds that nest in inaccessible places lay only one egg.

Wild ducks and other game birds with many enemies lay as much as 15 or more eggs at a time. Most song birds lay from three to five, while hawks and owls adjust to local conditions by laying more eggs when their prey is plentiful.

### TICK ALLIGATOR

The alligator lizard of the coast is now recognized to be of considerable importance as a carrier of the coast tick, which has gained prominence recently as a pest of man, pets and livestock.

For this reason its life history is being studied by scientists in the province.

Summerland Yacht Club Fish Derby, Sunday, June 3. Registration at breakwater between 7 and 8 a.m.

Notice to OAPO members No. 54. The president from the coast is making a tour in the valley and will be in Summerland, June 6 at 2 p.m. in the IOOF Hall. A good turnout is requested.

**OFFER FOR TOURIST RESORT**

OFFERS: plainly marked on the envelope "Offer on P.T. No 13" will be received by the undersigned up to noon, June 19, 1962 to purchase for the removal or demolishing the following buildings known as the "Antlers Tourist Resort", located "as is and where is" on Special Use Permit 879, south of Peachland, lying between Highway 97 and Okanagan Lake, Peachland, B.C.

(A) 1 Frame and stucco building used for a coffee bar, kitchen and living quarters 21'x45'

(B) 1 Frame duplex cabin, with bathroom, 18'x40'

(C-F) 4 Frame and stucco cabins 12'x6'

(G) 1 Frame toilet and shower building.

(H) 1 public toilet.

The conditions of sale are: (1) the buildings must be removed or demolished from their sites within 30 days commencing from the date of acceptance of sale. (2) the sites are to be left clean and tidy and any earth disturbed in the removals must be backfilled.

Offers should be accompanied by a certified cheque or money order, made payable to the Minister of Finance for 10% of the bid.

Buildings will be open for public inspection on June 6, 1962, from 1:00 p.m. to 4:00 p.m. The highest or any offer will not necessarily be accepted, but the bearer of a successful bid will be required to pay the S.S. tax.

For further information contact Mr. J. W. Moore, Regional Parks Supervisor, Okanagan Lake Park, or phone West Summerland POrter 7-2273.

The purchasers must make full payment within 10 days of notification of acceptance of the successful offer. Otherwise, the deposit will be forfeited to the Crown.

Upon failure to remove the buildings within 30 days, all right, title and interest shall revert to the Crown and monies paid shall be deemed to be a penalty, and the Crown shall after, dispose of it as it sees fit.

Prospective buyers are solely responsible to familiarize themselves with the zoning by-laws, etc.

G. E. P. JONES, Chairman, Purchasing Commission, Parliament Buildings, Victoria, B.C.

## Don't touch

Would-be kind hearted animal lovers who pick up baby fawns and take them home are not only breaking the law, they are also doing potential damage to the animal, reports Inspector Robert Sinclair of the Fish and Game Branch, Department of Recreation and Conservation.

He said the first such case of the 1962 season has been reported when a kind hearted citizen brought an infant fawn to the Game Office. The animal would be much better off if it were left in its own environment he added. Also it is an offence subject to a maximum fine of \$300.

"Usually, when a baby fawn is discovered by a roadside or in the woods, its mother is very close by." Inspector Sinclair said, "She is still the best custodian of her young and will do a much better job for the baby than humans do. Recreation Minister Earle C. Westwood has instructed me to make every effort to stamp out this practice and I intend to do so," he added.

## Kiwanis Club Notes

Chicken and dumplings (yum-yum) was served to 35, including two Key Club visitors in the Legion Hall on Tuesday night.

John Tamblyn led off in the sing song with "There is no tavern in our town".

Doug Campbell celebrated a wedding anniversary, but all it cost him was a fine for a mild misdemeanour (forgetting to wear his name plate).

Jim Schaeffer reported on the gas voucher and safety belt project.

Don Randle reported on the school bus shelter deal, and

also gave a graphic and drastic account of what could and did happen in delivering a portable stove to the girl's camp at Peachland.

Jack Towgood reported on a visit to Oliver, where the committee is working towards organizing a Key Club.

Dave Mallett delivered an invitation to the Kiwanians to hold their next meeting June 5th, with the Key Club in the

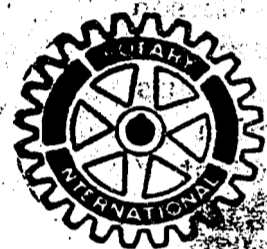

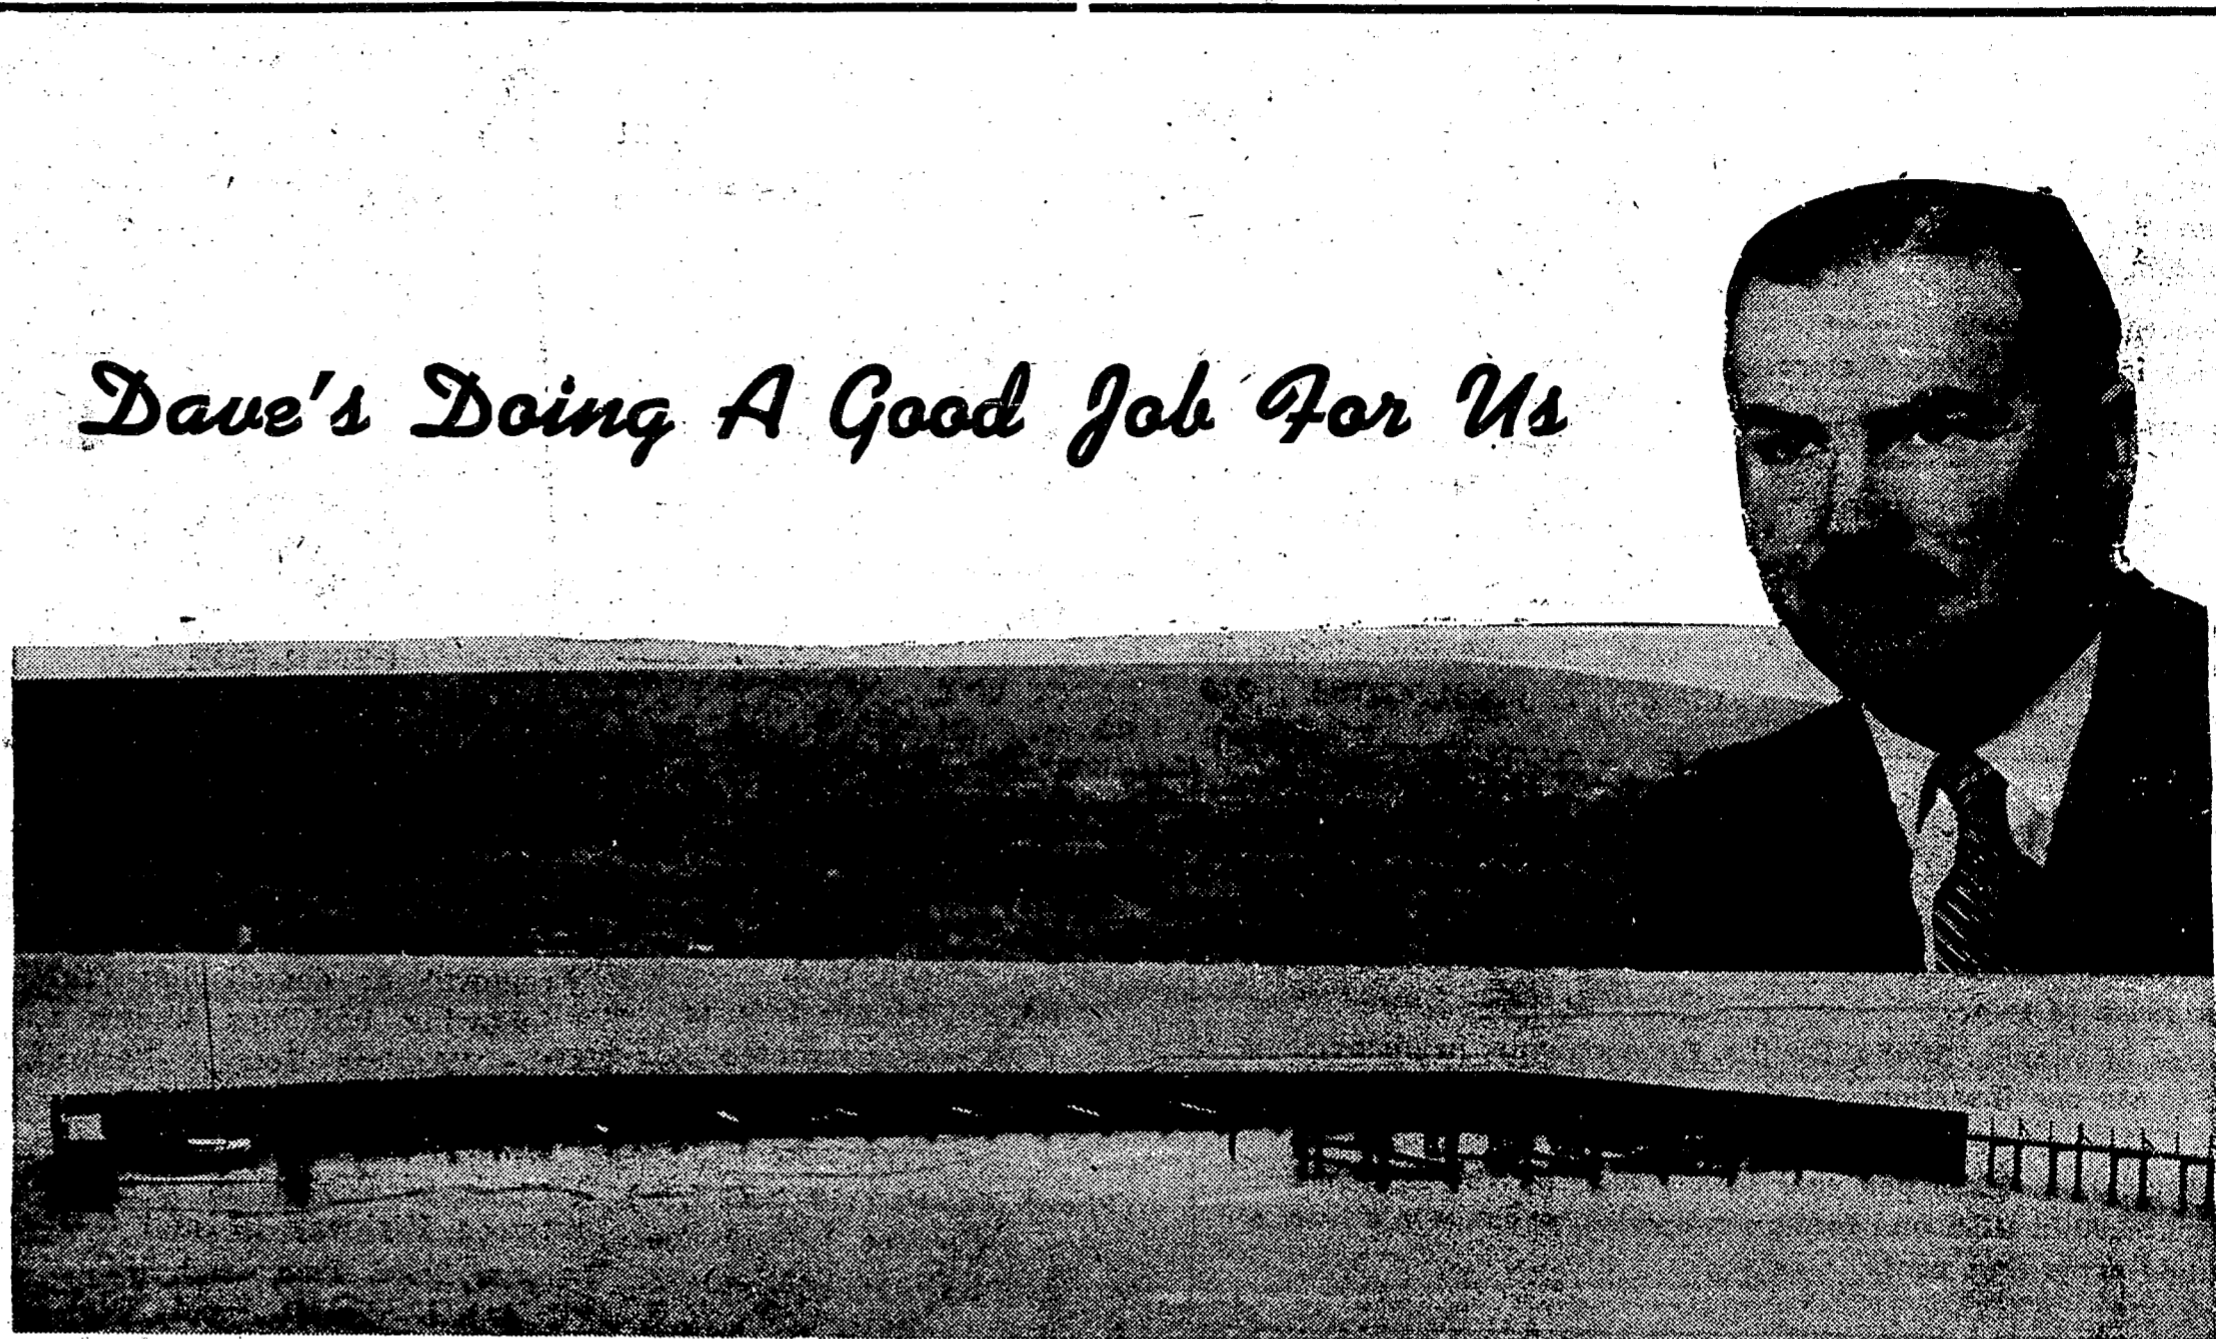

school auditorium. This will be their installation night.

Tom Ritchie showed some moving pictures taken by him in Florida, which were thoroughly enjoyed.

Parents are responsible for transportation of children to and from the beach. Classes will be arranged to make this as convenient as possible, for all registrations received by:

**Not Later Than June 18, 1962**

These forms with 25c or a donation must be turned into Family Shoe Store, Holmes & Wade, Daniel's Grocery in Lower Town or Trout Creek Service, when completed. Additional forms may be had at the above stores. For further information phone Barbara Fudge, HY4-5906 or Mrs. M. D. Hyde, HY4-4371

Signature of Parent ..... Date .....

We cannot guarantee your choice of class times for any registrations received after June 18, 1962. You will be advised of the times of your classes by mail.

## Here's The Record!

- The new Summerland breakwater
- Fair Value and Specific Duties to prevent the dumping of foreign fruit on our markets
- \$800,000 in 1958 to help the apple growers in their time of need
- Extended Airport and instrument landing for Penticton
- New Breakwaters for Peachland and Naramata
- Farm Credit Corporation office moved to Kelowna and Farm loans greatly increased
