

Car causes \$700 damage to post office

An accident Wednesday afternoon caused \$700 damage to the West Summerland post office.

Mrs. Alice Gertrude Embree, of Trout Creek, driving a car with automatic transmission, with which she was not familiar, drove over the sidewalk curb and hit the front of the post office, breaking two windows and smashing in the front of the building. Damage to the car was estimated at \$200.

No one was injured in the accident.

RCMP say that no charges are contemplated.

Under the Giant's Head

A Summerland boy is off this week for a trip around the world. Gary Hackman, son of Mr. and Mrs. Harry Hackman, graduated in commerce from the University of Alberta in Edmonton and spent the summer with the Yellowknife Transportation Co. in the Northwest Territories. After a short visit with his parents he left Wednesday for Vancouver where he will board the liner Canberra for New Zealand, Australia and Europe. He expects to return next August.

Another couple leaving soon for Europe are Mr. and Mrs. J. S. Kirk. They leave November 10 to spend the winter in Spain, Portugal and Italy.

The badminton club's bridge tournament started last Friday with 15 tables, including players from Penticton and Peachland. High scorers on the opening night were W. Palmer and M. Peddle of Penticton with over 10,000 points. Runners-up were Mrs. E. Burns and W. Hepperle, and third place went to Mr. and Mrs. E. May of Penticton.

The fog is still rolling in and the majority of our old timers declare they have never seen anything like it. The research station reports .03 inches of rain and only 17.4 hours of sunshine during the past week.

	High	Low
October 24	43	37
October 25	45	38
October 26	55	36
October 27	53	42
October 28	60	42
October 29	48	43
October 30	50	38

The first meeting of the Summerland mixed choir was held last Tuesday night at the High School with twelve people in attendance.

The small group enjoyed the singing of four or five numbers but a lack of tenor voices was noted in particular. It is hoped that at least another twelve people and preferably more will come out to the next meeting of the choir which will be held next Tuesday night, November 6 at 8:00 p.m. in the High School. So if you enjoy singing, come out and help make the mixed choir a success.

New wage scale set by teachers, trustees

A salary scale has been negotiated for School Districts and Teachers' Associations in the Okanagan area by teams representing boards and teachers. This scale has been recommended for acceptance to individual Boards and Teachers' Associations and will be subject to ratification by each group.

In Summerland, both the trustees and teachers have approved the new scale, and a salary agreement for 1963 has been signed embodying the new scale and no other changes.

The new scale provides for varying increases over the teaching staff, the amount being dependent upon individual placement in certification and

experience. The average salary to be paid in 1963 will be \$5,636 per year. The additional cost to the school district will be \$10,124 which is a 4.12 per cent increase on present pay-

roll. Since no increase in salary was asked for or given last year, there was additional cost here to bring the scale in line with other Districts.

School to host band conference

Summerland Secondary School will host second and third year band students at a conference here on Saturday, November 24.

Band enthusiasts from eleven Valley schools will converge here for the one day of band instruction. About 450 students are expected to take part.

Eight clinicians in band theory from UBC will give lectures and demonstrations on the various instruments.

Several of the bands will give concerts for the conference and some massed band numbers are planned.

L. Biczko is the conference director.

The graduating class is planning a smorgasbord dinner for the directors and visiting clinicians.

The party season will be started at the school with the junior's party planned for this Friday. Grades 7 to 9 will be taking part in the informal dance which is sponsored by the junior student council.

This year's Reach for the Top team of Anthea Morgan, Florence Johnson, Philip Holman, Mike Lopateckj and Neil Mason will appear on CHBC-TV November 20 at 7:30 p.m. against another Valley school. The winner of this round will then be in the running for a \$400 prize.

LISTER SINCLAIR finds relaxation in games of chance, but challenge in the mysteries of science. As host and editor of the Tuesday night program, Science Review on the CBC radio network, he introduces world-famous scientists in a series of talks about themselves and their experiments.

Poppy Day November 10

On November 11th, Canadians will gather at war memorials in some 2,000 cities, towns and villages. Here they will stand with heads bowed and a poppy on their breast. In two minutes of silence, they will pay tribute to the more than 100,000 Canadians who were killed in war.

Each will remember in his own way. Perhaps veterans will think of comrades as they were a few seconds before their death. Wives will remember the long wait for husbands who went to war and never returned. Parents will think of boys who were so young when they left home for the last time. And some will think of a father who went away such a long time ago.

Remember on Saturday, November 10 to buy a poppy and on November 11 to attend the ceremony at the cenotaph.

Civic offices popular, all seek re-election

Civic officials in Summerland appear to be satisfied with their jobs, as all those whose terms expire at the end of this year have indicated that they will run for office again.

On municipal council, both Councillors W. B. Powell and H. J. (Bill) Barkwill told the Review that they plan to run again in the December elections.

Three seats will become vacant on the school board, and the three retiring trustees, W. S. (Scotty) Ritchie, Dr. W. G.

Evans and John Bennest have indicated that they will run again.

Having another year in office yet on the council are Reeve Norman Holmes, and Councillors Eric M. Tait and W. S. Ritchie.

On the school board, chairman Ken Boothe and trustee R. J. Barkwill have one more year in office.

Nomination day is Monday, November 26 and voting day is Thursday, December 6.

Our Lady of Fatima Statue here on November 6

The Pilgrim Virgin Statue of Our Lady of Fatima will visit Holy Child Parish, West Summerland, on Tuesday, November 6, at 7:30 p.m., and carries with it a very important message for peace in our world.

Most people, Catholic and non-Catholic alike, recall the book published a few years ago called "Song of Bernadette" and the movie later produced by Hollywood under the same title. This book and movie told millions of people the world over of the apparitions in Lourdes, France, of the Blessed Virgin Mary in 1858 to the girl Bernadette. The story of the apparitions of the Blessed Virgin Mary of Fatima, Portugal, in 1917 carries a similar plea for penance and peace, but seemingly to the whole world. Six apparitions were given to three children of Fatima in

1917, during the First World War on the 13th of each month from May to October.

The appeal of the Mother of Jesus for penance and the recitation of the Family Rosary in these apparitions was a very urgent one. In fact she said: "This war will soon end but if men do not do as I ask, there will be another war worse than this one. Sin is destroying the world. The cause of war is the sins of man. The errors of Russia will spread throughout the world destroying nation after nation; the good will suffer with the wicked; the Church will suffer persecution, but in the end God will give a time of peace to the world. Russia will be converted from its Godlessness and my Immaculate Heart will triumph."

A few years ago the song, "Our Lady of Fatima" told

some of this message to millions by record, radio and television shows. In September, 1952, the movie entitled "Miracle of Fatima" was produced and since that time has been seen by millions all over the world. During the years since 1917, many of the things the Virgin Mother Mary foretold have come to pass in our world, apparently because men in general refuse to keep the Ten Commandments of God and to beg God's mercy and peace through the penance of living good lives and through daily prayer.

For fourteen years statues, carved to bring out as closely as possible what the Mother of Jesus looked like in the apparitions, have been taken from Fatima, Portugal and carried by land, sea and air to be used as a visual reminder to bring

this message to the world. This plan has developed into a veritable crusade of penance and prayer to bring peace to our war-torn and suffering world, before it is destroyed and enslaved by Godlessness, hate and greed for power.

During the visit to each church, the prayer of the Rosary is offered often by thousands of people, to beg God's blessing and protection through the intercession of the Blessed Virgin Mary upon all peoples, homes and families of whatever religious denomination.

Father Moore, who accompanies the Statue, has preached to thousands in other countries, in the streets using loud speakers. In South American countries he has talked in capital cities over the radio against Godlessness or Communism. He has been inspired by the good-

will of non-Catholics as well as Catholics everywhere, to the appeal for prayer and penance to save our world and to save souls. He feels that even yet, if men in general would only listen and lead better lives, the evil force of Communism will be crushed and the world could be saved from the heavy threat of an all-out war which will spell the destruction of many of our large cities.

His crusade will go to other countries and other parts of Canada, if continued travel is possible. Godlessness, he says, cannot forever reign and God's peace will eventually be given to the world. This is the promise of Mary the Immaculate of God. "In the end My Immaculate Heart with triumph Russia will be converted; a time of peace will be given to the world."

Student's work on display here

The paintings of Murray McArthur are on display for the next two weeks in the West Summerland Regional Library.

Murray, 19, is the son of Mr. and Mrs. J. M. McArthur of Trout Creek. He won a scholarship to the Summer School of the Arts in Penticton, given by the Summerland Art Club, in 1960.

Later he attended Regina College of Art and last year was accepted by the Alberta College of Art where he is still studying.

His paintings in gouache are fresh and modern and show great color sense and imagination.

Why pay rent?

When you can buy on easy terms any of these nice, modern homes at these very low prices.

THREE BEDROOM HOME — Modern, electric heat, large lot — \$7,000.

TWO BEDROOM HOME — Modern, close in, three-quarter acre lot, fruit trees, garden space — \$6,500.

TWO BEDROOM HOME — on one acre of land. At this very low price of \$4,800.

ONE BEDROOM HOME — Look at this! Close to town, natural gas heat, 220 wiring, fully furnished, \$3,500.

Why not own your own home and stop throwing away money on rent.

CORPORATION OF SUMMERLAND

Court of Revision on 1962-63 Voters List

The annual Court of Revision on the Municipal Voters List will be held on Thursday, November 1st, at 2:00 p.m. in the Municipal Office, West Summerland, B.C. to hear complaints and correct and revise the list of electors for 1962.

October 22, 1962

Municipal Clerk

G. D. SMITH,

1st Summerland Troop

The week end camp planned for last week end is now definitely on for this week end, November 2, 3 and 4. Leaving time will be from the Youth Centre at 4:00 p.m., return on Sunday at 2:00 p.m. The meeting on November 5 will be cancelled.

Poppy Day

Saturday, November 10, on which it is the custom for Scouts, Cubs and Guides to sell poppies for the Legion in aid of disabled veterans. Meeting place will be at the Health Centre at 9:00 a.m. and the canvass takes the better part of the morning. Uniforms please

Remembrance Day

Parade and service on Sunday, November 11 will be attended by all Scouts. Meet at MacDonald School at 10:20 where parade forms up. Full uniform, but wear windbreakers and sweaters to keep warm

Recruit Michael Inch completed his Tenderfoot Tests and will be invested at the next meeting. Some boys still owe annual dues of \$3.50 and parents are asked to see that boys pay these right away.

Patrol points are: Buffalo 128, Eagles 113, Beavers 107 and Hawks 114. Duty patrol next week Hawks.

— D. V. Fisher, Scoutmaster.

Parliament Hill report

David Pugh, M.P.

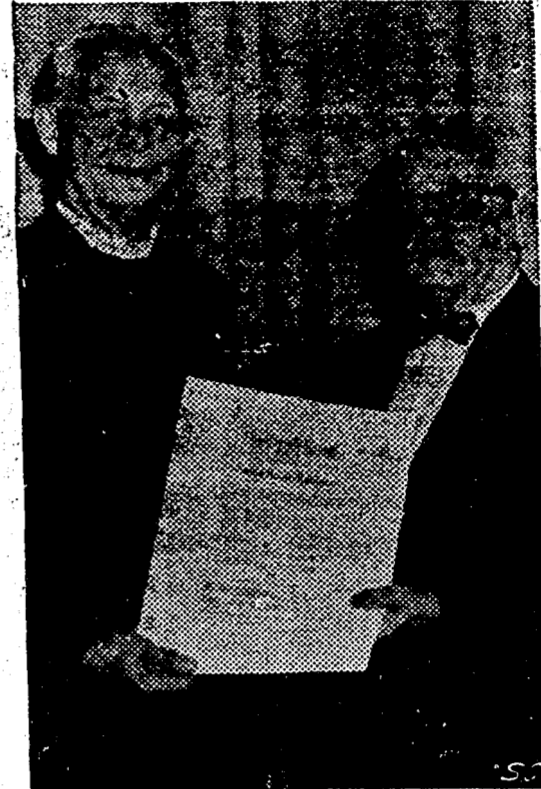

Today, Friday the 26, sees the close of a week overshadowed by international tensions. The Cuban situation has had a most sobering effect on all lines of thought. To my mind this one further manifestation of the cold war which has been with us for years — the only difference being that now the matter is closer to home — and more heavily underlined because of the deadly nuclear aspect.

In the Commons discussion has been on finance and budgeting. The Liberals have generalized that all is not well with the economy but their arguments seem rather futile stacked up against the last two years. 1961 was a good year and all indices point to 1962 as being ever so much better. Employment figures to the end of September show an average of those employed as 197,000 higher than in the corresponding period for 1961. Unemployment is lower than it has been for years and in many professions there is a shortage of skilled labor. Personal income and labour income have shown a marked increase as well as industrial production and merchandise exports. We are well ahead on our gross national product and as a result Walter Gordon, the financial critic for the Liberals in the House of Commons has come in for a good deal of ribbing. Mr. Gordon is the author of a book on economics and was also the author of a commission on economics — as well as the author of the famous Gordon Report in which he forecast a gross national product in the neighbourhood of 39.5 billions of dollars for 1965. We have already reached that figure three years ahead of time and the government is taking a good deal of credit for these figures.

At the present moment the resolution on farm credit has to all intents and purposes passed. The Liberal contention is that it does not provide sufficient loaning ability to the small farmer but they make haste to say that this Conservative Act is a good one. Anyone who has had anything to do with it in the Okanagan is more than satisfied and the Act has proven thoroughly workable. With the amendments to be brought in there should be

a reasonable broadening of credit. Certainly in Okanagan-Boundary the Act, since its inception in 1959 has revolutionized farm credit as against the meager use under the former lending institution, the Canadian Farm Loan Board.

Canadian Wins Citation Award

The Right Rev. Dr. James R. Mutchmor (left), newly-elected moderator of The United Church of Canada and secretary of its Board of Evangelism and Social Service, is shown receiving a Citation presented by The Upper Room, interdenominational and international daily devotional guide, published in Nashville, Tennessee.

The Citation was made at Niagara Falls, Ontario, Canada, recently at a luncheon held at the Hotel Sheraton-Brock. The Rev. Dr. J. Manning Potts, editor of The Upper Room made the presentation to Dr. Mutchmor for "outstanding leadership in world Christian fellowship."

Stand up and be counted

Every year at this time the Review runs an editorial urging men (and women) to run for the municipal council and school board. This year there are two vacancies on council and three on the school board. On the front page we have the declarations of the retiring officials, most of whom plan to stand for re-election. But we are sure that they would be the first to endorse having all capable candidates stand for election, as there is little satisfaction in being elected by acclamation. Speaking on the subject recently the Powell River News said:

Municipal elections are just over a month away, and we'd like to see some thought given to this important event, and to the men (and women) who may be offering themselves for Council service.

Normally municipal elections follow a very staid pattern. A very few people have enough courage to let their names stand for council, even though they have the recognized ability to lend to our council. Many people feel they "will not take the guff" that comes their way from the public and the press. If honest and constructive criticism is "guff", then that must be accepted as part of the job, along with the salary.

Robert Moses, New York's famed park commissioner, is always the center of a storm of criticism. It comes from slum owners whose feet and purses he tramples on in his zeal to improve the teeming city, it comes from frustrated porkbarrellers, it comes from people who criticize action in any form. But Mr. Moses, now in his umpteenth term of office and his 80th year, simply goes on with his job, shrugs, and says "I would rather be respected than be popular." That he is respected is indicated in the fact that he is re-elected every time he goes to the polls.

Public office, whether high or low, is no place for a popularity seeker. He may avoid criticism by keeping his mouth shut and doing nothing, unless the others do it first, and he may feel that he is being a "good guy". He isn't. He isn't doing the job for which he was elected, and he should get out of public office at the next election. He is a mugwump, and there is no useful spot for a mugwump on our Council, he is merely blocking an able man.

And when people want something done, it is significant that they don't go to him (usually they don't even know he is on a Council) but go to a fireball who is not afraid to express a reasoned opinion in plain terms.

We do not suggest that everyone should run for Council; there are many who are just not cut out for public administration, just as there are many not cut out to be engineers, or carpenters, or tinsmiths, or electricians. But we do suggest that you consider some of the men (and women) that you know personally, and for whom you have a high respect for integrity and intelligence, and that you encourage them to enter the management of your business.

It is true that many feel there is some shame or loss of popularity in losing an election; the people who feel this way are not the ones we are seeking. Anyone who stands up for election because he or she believes he can do a better job, by adding his bit is not afraid to lose . . . in fact the thought probably never enters his head. He is intelligent enough to know that the voters often make big mistakes too.

A candidate who loses out by a narrow margin in a lively election has every right to be satisfied with a duty well done, for he has the satisfaction of knowing that he was responsible for bringing a large number of thoughtful voters to the polls, even if he didn't get quite enough out to be elected. At least he performed a service in showing those elected how a large section of taxpayers feel.

Some good potential candidates hesitate to enter the race because they feel they should not run against a person whom they've known for years and perhaps is even a good friend. This too, is an unsupportable reason. Friendship will surely stand a sound difference of opinion, and after a fairly fought election campaign is over there should be no reason for hard feeling among big men.

Now is the time to stir up some good candidates to action, people who will announce their intention of running for office now. So often it happens that nomination papers are not filed till the last hour of the last day, in the vain hope that it may fool someone, or because a prospective candidate "wants to see who else is running." Such thinking is not a product of the type of brains we need at our municipal hall and a candidate who is deliberately a last minute filer lays himself open to suspicion.

People want a chance to talk to their candidates before election time, to discuss policies and plans with them — and yes, perhaps argue a bit.

How big is your world?

by Rev. P. K. Louie

"Small world, isn't it?" is a familiar remark we hear when we meet friends and acquaintances in far-off places. Well, then, how small or how big is your world?

Most of us have learned that it is as big as our information. Nothing is in your world that lies outside your knowledge. If it isn't in your mind it isn't in your world. One can travel around the world, and come back as small a person as he sets out, or conversely — he can stay at home and know more about the world than some who are burning up the airways and highways. The real journey is in the area of the mind, the broad sweep of imagination and information.

The most widely travelled man of the 19th century was a Frenchman, Jules Verne. He voyaged 60,000 miles under the sea. He went around the world many times, once in 80 days — unheard of then. He talked with cannibals in Africa, Eskimos at the North Pole. He even made a journey to the Moon! Yet it was all done from a small table at his home in Amiens, France. For 40 years he stayed at home, let his mind travel; in tedious long hand, wrote his exciting books about the marvels of tomorrow with such accurate precision that Marconi, Admiral Byrd, acknowledged him as the stimulator and visualizer of the exciting explorations which they later accomplished. Actually it is in the area of the mind that your world is big or small.

How big is your world? It is as big as your appreciation. Two men may look at exactly the same object of reality — one thrilled, the other bored. The difference is in the response they bring to it. Appreciation is often the key to understanding, without which much of the real world is shut out even though we look at it every day.

Every civilization has its roots in the past. Our Western civilization is the product of many nations, histories and cul-

tures. Our vital inheritance comes chiefly from those old lands of which three cities stand as symbols — Athens, Rome, Jerusalem.

Our language, our laws, our political ideas, our thoughts of freedom and democracy — even the name of it, our concepts of God and our Christian faith, all have come down to us in the stream of their cultural history.

How big is your world? It is as big as your compassion. It is the measure of human greatness. How much do you love? How wide are your sympathies? How big is your spirit? It is in this area of compassion that the Christian faith excels. Not in all the generations of history has anyone come close to Christ with so revolutionary a plan for "World Conquest". Love! "God so loved the world that he gave . . ." In that phrase He challenged the whole philosophy of the past and set history in a new direction.

Out of a despised and little world Christ came. In all his lifetime he had never been more than a hundred miles from home except once, when his parents fled with him to Egypt. When we examine his journeys in the Gospels, we discover that all the towns and villages which in His 33 years He visited were not more than 18 or 20. Small world? From Bethlehem to Calvary is only five miles. Yet out of that narrow world His spirit traveled far — in vision, in appreciation, and above all, in compassion, to establish the Kingdom of God that "He shall have dominion also from sea to sea, and from the river into the ends of the world".

LAUGH OF THE WEEK

Professor: "What possible basis do you have for your statement that the human mind keeps on growing even after a person reaches adulthood?"

Taxi driver: "My wife has been giving me a piece of hers for years and she still has as much as she ever had."

There's danger in the woods

There's danger in the woods today — I heard
The blue-jay's call of warning. Watchful bird,
He plays no favorites — sounds his alarm
Lest man or bird or beast should come to harm.

There's danger in the tall woods, on the hills,
The fiercest kind, that hurts and maims and kills,
That asks no pardon, and is given none —
How could such cruelty be nicknamed fun!

I heard it in the cold wind's whiplash crack —
Reverberating from the mountain's back . . .
I heard it in the stream, and more, much more,
It pulsed from out the reeds along the shore,
As Nature's flags hung, for the world to see,
Crimson as blood from every bush and tree!

Telstar's First Air Travel Booking

A new dimension has been added to the ease and speed of jet travel. On August 8, 1962, Air France, the world's largest airline, transmitted the first passenger reservation in commercial aviation history over the Telstar satellite. The historic, "live" telephone call originated from the airline's Paris headquarters on the Boulevard Auguste Blanqui. It was placed at 3:15 p.m., Paris time, and confirmed a booking for a French businessman en route from Paris to Mexico City via New York.

Transmission was clear and uninterrupted. The call was received at the Air France reservations center, New York International Airport, at 3:15 p.m., EDT, by Mlle Edda Dreon, a general sales reservations agent.

How Call Was Relayed
The first trans-global reservation was transmitted on the regular continental telephone networks of France and the United States. From the point of origin in Paris, the call was channeled through the facilities of the French Poste Telephone et Telegraphie system. It was then relayed to the satellite ground station in Pleurmeur-

Bodou on the Brittany peninsula. From there, the call was re-transmitted to the 34½-inch sphere which has been orbiting the earth every 158 minutes since its initial launching last July.

The telephone signal was bounced back to earth from Telstar and picked up at the Andover, Maine, ground station. It was then relayed by telephone again from Andover to the Air France offices at New York International Airport.

Sharing the momentous event with Mlle Dreon was Rene Costa de Beauregard, Assistant Commercial Services Manager of Air France, who commented: "Air France is proud to be the first airline to link the French and American business communities by Telstar. It is a great and efficient step forward, and certain to make jet age travel even easier than it is today."

WOMEN'S PAGE

Autumn setting for Eastern Star Tea

Autumn-shaded chrysanthemums with tall white tapers in silver holders graced the tea table for the annual tea and home baking sale of the Order of the Eastern Star held last Saturday afternoon in the IOOF Hall.

Mrs. Ray J. Leinor, Worthy Matron, welcomed the large number attending.

Small tea tables had centres of Summerland pottery made

by Mrs. A. D. Wilson. They contained a colorful miniature seasonal arrangement of scarlet Chinese lanterns, dried grasses, tied with chrestre ribbon and each held a yellow candle.

Presiding at the tea table were Mrs. George Long, Mrs. Gordon Beggs, Mrs. Jack Long and Mrs. T. Marsh.

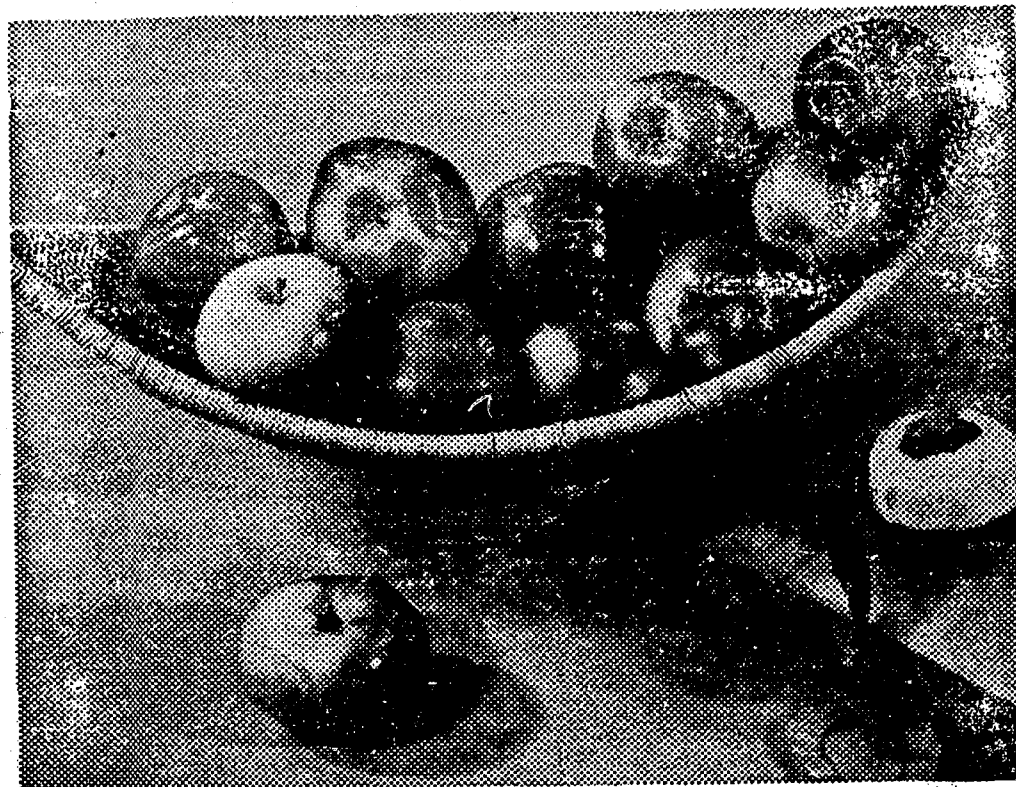

General convener was Mrs. D. B. Clark; home baking, Mrs.

A. J. Berry; tea, Mrs. Ken Heales; tea tables, Mrs. Norman Tanner; decorations, Mrs. George Clark.

Assisting in serving were Mrs. Flora Bergstrom, Mrs. C. Minter, Mrs. Larry Martin, Mrs. Dave McInnes, Mrs. Jack Garraway, Mrs. George Leigh, and Mrs. S. W. Cannings.

Mrs. George Forster took the tea money at the door.

Dr. W. H. B. Munn drew the tickets for the grocery hampers which were won by Mrs. W. G. Evans and Mrs. A. Gayton. Mrs. Earle Wilson convened the draw.

A crackling fire, a good book and a basket of crisp red apples at your elbow — perfect companions for a long autumn evening at home. The ever popular McIntosh is a good all-purpose apple for eating or cooking. For information on using apples, write Information Division, Canada Department of Agriculture, Ottawa for "Apple" booklet.

Locals

Mrs. F. E. Atkinson motored Thursday to Bend, Oregon, where she will represent the Rebekah Assembly of B.C. at the conference of the Northwest Odd Fellows Association, which is being held in Bend from November 2 to 4. Mrs. Atkinson is accompanied by Mrs. L. Nagle of Penticton.

R. D. White is in Vancouver this week on business.

Mr and Mrs. Ewart Woolliams are in Vancouver this week visiting relatives.

Recent visitors with Mr and Mrs. S. Procuronoff were Mr. and Mrs. Charley Otto of Winnipeg.

Mr. and Mrs. Henry Horne of Thornhill, Ontario, left Wednesday after visiting with Mr and Mrs. S. Procuronoff.

Mr. and Mrs. Jim Onley of Vancouver were visitors this week in Summerland.

Mr. and Mrs. Wm. Wotton of Trout Creek have left for a holiday in the United States for a few months.

Miss Carol Hackman of New Westminster, was a week end visitor with her parents, Mr. and Mrs. Harry Hackman.

Baptist Church observes anniversary

When the Baptist Church celebrated their 57th anniversary at a banquet on October 29th, the occasion was somewhat in the nature of a welcoming home-coming for the pastor, Rev. F. W. Haskins and Mrs. Haskins and for absentee members Rev. and Mrs. K. Knight who resigned in 1954 to go to India.

Greetings read by Jack MacDougald from former members stressed this aspect of past associations. Mr. and Mrs. Tom Racicot of Qualicum recalled that they had been married 16 years ago by Rev. Haskins during his previous pastorate here. Mr. and Mrs. Clarke Wilkin and daughters of North Van-

couver recalled that they had been next door neighbors to both Haskins and Knights as well as the Kennedys and had shared in 17 annual banquets. Other messages came from Mrs. Haskins Sr., now in Toronto and popularly known as 'Gran' during her days in Summerland; from Miss Judy Nicholson of Edmonton and from Rev. and Mrs. L. Kennedy and boys of Nelson.

An especially honored guest was charter member Mrs. M. M. Stephens who is the only living link with the year 1905.

Miss Ruth Dale who celebrates 45 years as pianist and organist was presented with a corsage by H. Wouters on behalf of the choir and costume jewellery from the church.

Rev. and Mrs. Knight, who, with Kathy 6, Bobby 4, Linda 3 and John 5 months are sailing for India via the Canberra on October 31 gave a dialogue answering the four questions most commonly asked of them during their past eighteen months in Canada. For the occasion, they wore the appropriate Indian surplice and Mrs. Knight in a printed sari.

As a background, they cited statistics recently published by the United Nations to show that the world is divided into two sections, one-third white and two-thirds colored. In the first group, average annual income is \$1100 and in the second \$60. Average age expectancy is 65 plus against 32. Average homes show two inmates to three or four rooms with modern facilities as compared to three to four or more in one room with no facilities. One third are nominal Christians two-thirds are non-Christian.

The questions asked were:

Blood donor clinic here November 16

The annual Red Cross Blood Donor Clinic will be held in the United Church Hall on Friday, November 16. Clinic hours are from 1:30 to 4:30 and 6:30 to 9:30 p.m.

This week the Kiwanis Club is conducting a telephone canvass for donors. Minimum quota for Summerland is 300 pints, but this has been greatly exceeded during the past few years.

General chairman for the blood donor clinic this year is J. Y. Towgood.

Other committee chairman are reception, Mrs. H. R. J. Richards; registrations, Mrs. T. B. Lott; nurses, Mrs. Eric Smith; refreshments, Mrs. Rex Chabman; records, Miss Bertha Bristow; transportation, L. G. McKilligan.

Free transportation and baby sitting will be provided on the day of the clinic.

CONCERTS IN TWO TOWNS

South Okanagan Community Concert members have the opportunity of attending two out of town concerts during the first week of November. Andree Juliette Brun, pianist, is appearing in recital at Omak on the evening of Thursday, November 1st. The Vernon concert series opens Wednesday, November 7th with Canadian duo-pianists Parsons and Poole. Both towns extend a cordial invitation to all Community Concert members to attend.

Births at Hospital

Born at Summerland General Hospital to:

Mr. and Mrs. Wm. Austin, a boy, October 22.

Mr. and Mrs. David Bruce, a girl, October 28.

Mr. and Mrs. Stan Taylor, a boy, October 31.

More help needed Bible Society told

A rededication of our resources to the world task of the Church is the great need of the hour, declared Rev. J. A. Raymond Tingley, Vancouver, district secretary of the Canadian Bible Society as he deplored the fact that while contributions to the churches have increased tremendously in recent years, so little is being given to share the Gospel with half the world's people who have never heard of Christ.

Mr. Tingley was addressing the annual rally of the local branch of the Bible Society on Tuesday night in the West Summerland Baptist Church, and made a strong appeal for increased support of the Society's essential and urgent work of supplying the scriptures for the missionaries of all churches and for the more than one million people who learn to read each week. The Bible Society, he said is hindered in its work of providing the scriptures so desperately needed because of lack of funds.

Speaking of the call of India for Gospels in Tamil, the secretary said that the Canadian Bible Society is supplying one million Gospels to the Christians of South India to enable them to do the work of evangelism in villages which have no church and not even a Gospel. Stating that the cost of this project amounts to \$100,000, the speaker appealed for financial help, for this as well as for the many worthy projects of the Bible Societies in this time when there is an unprecedented and ever increasing demand for the Bible.

Telling the story of the Portuguese-Umbund Bible for Angola, translated recently under the direction of a missionary of the United Church, the secretary stated that while this diglot Bible (two languages) will cost about \$7 to produce, it will have to be sold in Angola for not more than \$1.50, as such is the average weekly wage of the people.

Doors of opportunity are closing in some parts of the world, said Mr. Tingley, as he told of the embargo imposed on the importation of the Scriptures by the government of Indonesia — an embargo that has been temporarily lifted to allow 300,000 Bibles and 300,000 Testaments to enter the country. He stated that such will be sent only if Christian people respond to the challenge to raise \$350,000. to cover the cost of these Scriptures.

The secretary showed an inspiring motion picture entitled, "Unto the Hills", which portrays the work of the churches in the land of New Guinea, where more than 700 languages and dialects are spoken, and the work being done by the Bible Society in publishing the Scriptures in many of these strange tongues. He showed also a film depicting the work of the Bible Society colporteurs in distributing the Scriptures in the

Office supplies and stationery are carried by the Summerland Review. If we don't have it in stock we will get it for you.

villages of Korea.

The rally was conducted by the minister of the entertaining Church, Rev. Frank Haskins, assisted by other ministers and branch officers. Ralph Ward was re-elected president of the Summerland branch of the Bible Society, while Howard DeWitt was re-named secretary and Cyril Stent treasurer. Other members of the executive are Wilfred King, P. R. Gayton, Lloyd Miller and J. S. Mott. The ministers are vice presidents.

Mr. Tingley made an urgent appeal that the branch increase its contribution in view of the urgent situation which the Society is confronting throughout the world.

Kiwanis Club Notes

Thirty-three attended Tuesday night's meeting. In president Toev's absence, vice-president Bill Laidlaw presided. Walter is undergoing treatment at the coast for knee trouble. His early recovery is hoped for.

Johnny Selinger was appointed to lead the sing song and right there a veritable pandemonium of brick passing ensued, in which everyone appointed tried to bribe someone else to take the place. It wound up with Johnny Selinger after all. Meanwhile, much money had been collected, and the sheriff's back was bowed down with the weight of the mite box.

Johnny Selinger and Bob Hardy, both celebrating their 39th birthdays, had Happy Birthday sung for them, individually, and for the customary dollar consideration.

Scotty Ritchie reported on something, but the Recorder, being slightly hard of hearing, and lacking an interpreter, missed it.

Bill Laidlaw called the final roll to find how many mean to attend Oliver's charter night, November 1. Thirteen couples responded and these are to meet at John Tamblin's house, 5:30 p.m. Thursday.

Jim Schaeffer called for volunteers to move the club's portable kitchen's housing to its new place.

Jack Towgood, chairman of the Blood Donors Committee, allotted to each member his section of the telephone book, including his share of the contacts he was expected to make.

Election of officers will be held next meeting November 6. Wally Harrison introduced, in humorous vein, the speaker, Hugo Redivo, professional photographer from Penticton, who proceeded to show colored slides. Mr. Redivo explained that he had got into this business for three reasons: first because he liked it; second to please his family, and third for money.

His pictures showed landscape scenes in and around the Okanagan, depicted with startling beauty, and showing the skill of the professional artist.

Brian Liebert, on behalf of the club, thanked the speaker.

— The Recorder

Services for D. Strachan

Donald James Strachan, 78 years of age, formerly of West Summerland, passed away in the Summerland Hospital, October 24.

Predeceased by his wife Jean in 1960, Mr. Strachan leaves to mourn his loss three sons and two daughters: George of Lethbridge, Alberta; (Janet) Mrs. J. B. Duxbury of Salmon Arm, B.C.; (Betty) Mrs. T. Fisher of West Summerland, B.C.; Jim with the U.N. forces overseas; and Bill of Grand Forks, B.C. 11 grandchildren, two sisters residing in Wales.

Funeral services for the late Mr. Donald James Strachan were conducted from the United Church, West Summerland Monday, October 29 at 2 p.m. Rev. Philip Louis officiating. Interment, family plot, Peach Orchard cemetery. Roselawn Funeral Home entrusted with arrangements. Fred and Wilf Smith, directors.

Bert Niosi, a top name in Canadian big band music is among those heard on the Tuesday evening CBC radio network program, Canada's Big Bands. Others featured at Ellis McLintock, Art Morrow, Dave Pepper and Dave Robbins.

New children's books at regional library

by Kay Dunsdon

A book recently added to our library is "Your Child in a Scientific World", by Albertina A. Weinlander. In this book, with its very modern outlook, it is suggested that those whose interest lies in helping children to adjust to our everchanging world, should encourage young minds to understand and appreciate the marvels of science, and prepare them for life in an increasingly science-dominated life. The book is aimed at parents primarily, to help them arrange a course to follow to help children see science knowledge in everyday things.

The author was a high school teacher at 25, has her Ph.D., and is assistant professor of education at Wittenburg University in Springfield, Ohio. She has many years of teaching experience, is the mother of two children and has used many of the questions posed by her

family to explain her sensible ideas. As the author says, her ideas on scientific thinking are not a panacea for the world's troubles, but feels that with parents and children working together, a better world is bound to emerge as new ways and ideas are used to improve our living, and in human relations.

A good book for youngsters under 12 is "Peter Jumping Horse, the story of an Ojibway Indian boy and his many animal friends. His home is on a Canadian Reservation and his unusual relations are Big Granie Chichoo, 82 years old, who loves to take airplane rides with her dogs, until the Bush pilot rebels, and uncle Bearfats who keeps a beaver under the village store. Gordon Langley Hall, the author, taught school on a reservation and writes with fun and insight into Indian ways.

With team averages now established, and the teams divided into three leagues, A, B and C, the score board shows the Occidentals in first place in A league with 4 points. Other results in that league are: ladies' high single, Muriel Walker, 288; men's high single, Al Hooker, 323; ladies' high three games, Muriel Walker 756; men's high three games, Al Hooker 757; high team, Occidentals, 2995.

In B league, three teams took four points, the Bouncers, Lucky Strikes and Woodchucks. Ladies' high single was rolled by Ruth Birklund with 271; men's high single, Bill Austin, 320; ladies high three games, Ruth Birklund, 624; men's high three, Bill Austin, 765; high team, Woodchucks, 2555.

The two leading teams in C league, each with four points, are Dodgers and Hustlers. Other C league results were: ladies high single, Beryl Flebbe, 261; men's high single Ron Nelson, 223; ladies high three games, Beryl Flebbe, 599; men's high three, Warren Parker 566: High team, Misfits 2643.

Ref: Sec. 20 & 21, Game Act (R.S.B.C. 1960, Chap. 160)

Report from Parkdale Place

Mabel Atkinson

We feel like reversing the dictum of Mahomet, for far away places have been moving into our horizon this month Mr. J. Williams' granddaughter Betty has announced her intention of returning to Ethiopia in due time, there to expend her talents in that country.

Mrs. Crozier has received picture post cards from her niece and family travelling through Europe and Asia, from Norway's mountains to the Wat Pra Deo temple in Thailand.

We attended the Marshalls pictured lecture in the United church hall and were delighted with views of the jungles, tropical flowers and fruit, and his experiences in helping the Ghanans in protecting the cocoa groves.

We were included in the courteous invitation to the banquet, given by the Credit Union to senior citizens and after the appetizing dinner travelled through the highways and byways, as Miss Maynard showed views of her summer holiday travelling through Korea, Hong Kong and Japan, even seeing a snap of a Summerland lad, now finishing his education in Japan.

Closer to home, Mr. Shultz showed a picture depicting 7,000 residents gathered at Esterhazy, Sask. to watch the departure of a train laden with potash from the big mine there.

We attended a tea given to Mrs. Collas by the Art Club, viewing her pictures in the library.

Our newest residents are Mrs N. Lull, Mr. P. Oates, Mr. D. Watters, Mrs F. Sloper and Mr. T. Garnett has returned after a summer's gardening at Celista.

Miss Verrier and George Williams celebrated birthdays with richly decorated cakes, provided by relatives.

Magnificent donations of flowers, fruit and vegetables have been received. Especially do we wish to thank the United Church for their Thanksgiving gift. Two wild goats reached our larder and were pronounced good by those who recognized the variety.

We welcome Mrs. Lillico back from the hospital. Mrs. Gallagher has enjoyed a brief visit to Salmon Arm and had the pleasure of her niece, Mrs Jones, from Hudson Hope with her here for a few days.

As a requiem to Nellie, whom we miss, and Mr. D. Watters, who was such a short time with us, we quote Longfellow: "There is no death, what seems so is transition, This life of mortal breath. Is but a suburb of the life Elysium, Whose portals we call death."

Flameless electric heat

Six good reasons for heating your home **ELECTRICALLY**

HEALTHFUL
Drafts and cold spots are eliminated. Humidity is accurately controlled.

SAFE
It is completely flameless. No dangerous fumes to escape. No combustible fuel to store. No chimney to become overheated. Electric Heat is as safe and easy to use as Electric light.

PRACTICAL
Electric Heat can lower building costs because chimneys, flues, fuel storage and furnace space are not required. Individual room thermostats provide operating economies too—you heat only where and when it's needed.

EFFICIENT
With an Electric Heating system there is no loss of heat up the chimney. All the energy goes into heating the home. There is no combustion, no soot to accumulate and cut down heating efficiency.

CLEAN
No other heating method can equal Electric Heating in cleanliness. Because there is no fuel to burn, there's no soot, dust or smoke to soil your home or furnishings. There's less housework—fewer housecleaning and redecorating bills.

COMFORTABLE
Electric Heat provides a gentle, even warmth you actually have to feel to appreciate. There are no hot or cold spots—no drafts. Room-by-room temperature controls assure complete comfort for the whole family.

Card of Thanks

We give thanks to the many friends who have shared with us in our sorrow for our beloved son, Paul, who passed away suddenly Thanksgiving Day, October 8, 1962. To the nurses on night shift at the Summerland Hospital, and to Dr. Munn for his untimely awakening, we give thanks for their kindness and sympathy; to Rev. D. M. Rathjen, Rev G. Leason and Rev. C. W. Lynn, and the many friends for taking part or attending the last rites at the graveside funeral of our son; to the directors of the Roselawn Funeral Home for their most considerate and sympathetic service; to those who contributed the beautiful flowers we give thanks.

Paul, that little heaven-sent gift, brought joy, too great to be told, has gone, after a very short sojourn, to our Father in Heaven above.

Remembered and greatly missed by his parents, Mr. and Mrs. Stan Muir, and brothers and sisters.

The first school report cards for 1962 will be given out very soon and parents are asked to come to the school to pick up the cards and meet the teachers. This meeting gives both parents and teachers an opportunity to discuss the student's progress this year.

Dates for cards to be picked up for grades eight to twelve are November 5 from 3:45 to 5:15 p.m. and November 6 from 3:45 to 5:15 p.m. and 7:00 to 8:30 p.m.

Grade seven reports will be given out the following week.

Mixed bonspiel opens curling season here

Curling started Tuesday night with a mixed bonspiel having 27 rinks entered. Play continues each evening with the finals on Sunday for the two events.

In the 7:00 o'clock draw it was H. Eden over J. Dunsdon, Eric Ek over Steve Sakal and Phil Dunsdon over Gordon Beggs. In the 9:00 o'clock draw it was Jake Litchenwald over Gaven Patterson; Sandy McEacheran over Larry Martin and Pete Eden defeated Jack Tow-

good.

The men's draw starts on Monday night with 24 rinks. This year they will be playing a round robin.

One group of ladies will play Monday evening and one group Tuesday afternoon.

Senior players will be on the ice Wednesday and Friday afternoons.

The curling club asks new or retired residents who would like to curl to contact the rink or president Harry Hackman.

Macs drop first game

Twin City Macs opened the hockey season Saturday night in the arena with a hard fought game against Kamloops Chiefs, coming out of the short end of the 5-4 score.

Fans who attended the game report that they feel the Macs will put on a good brand of hockey this season.

Scoring for the Macs were Red Bosscha with two, and Jim Fairburn and Jack Durston. Kamloops marksmen were Billy Donaldson with two, Fred Gaber, Bob Gannon and Bud Schollen.

The Twin City Macs meet Kelowna this Saturday in the arena. Game time is 8:30 p.m.

Civil defence alerted in recent crisis

Provincial Civil Defence stated today that the following teletypes were sent to all Civil Defence Zone and Municipal Co-ordinators between October 22 and 29:

"Reference present international situation. This office has nothing to report but you will be kept informed of all developments. Do not leave town without prior reference this office. Inform your municipal Civil Defence Officers to be prepared for any eventuality and remain easily accessible. This is strictly routine. Please acknowledge.

Civil Defence Co-ordinates were asked to pass the following instructions to Mayors, Reeves and Chairmen of Councils and Municipal Civil Defence Co-ordinators. Crisis still exists but great powers apparently prepared to consult to limited extent on vital issues involved. Civil Defence Co-ordinators at Zone, area and Municipal levels of authority should continue to review all aspects of Civil Defence plans. Key personnel should not leave areas of responsibility without arranging reliefs which are satisfactory to Mayor, Reeve or Chairman of Council concerned and Civil Defence Co-ordinator. Municipal Civil defence Co-ordinators should not leave municipalities without arranging standby relief satisfactory to Council concerned.

Parents asked to attend meeting

A meeting for parents of grade 8 students is planned for Wednesday, November 14 at 8 p.m. in the secondary school auditorium.

The objective is to acquaint parents with the changes being introduced in the 1962 grade eight curriculum and also to discuss the possibility of a night school course for parents to explain the new arithmetic course.

The November 14 meeting is open to any parent but particularly to parents of grade seven and eight students.

In the Western Hemisphere

60 Years Of International Health

December 2, 1902-1962

This young entomologist in Guatemala is literally putting a mosquito, captured earlier, on ice. He does so to keep alive any yellow fever virus the mosquito may be carrying — vital for a laboratory dissection of the insect, and for an understanding of the disease it harbors.

By inhaling, he moves the mosquito, imprisoned in the vial he holds, from the vial into the tube he is biting on. Next, he gently blows through the tube, thus forcing the mosquito into a chilled jar. The jar is then sent away in an ice-packed thermos to the nearest laboratory.

In the case here, a 48-hour

journey away, across four borders to Panama City.

Such entomological investigation is but one of a multitude of tasks, national and international public health workers have long since found they could do better by joining forces.

Indeed, they have done so for as long as the organization whose name appears in Spanish, in the larger letters on the station wagon has existed — on December 2, 1902 for sixty years.

In 1902, when the Pan American Sanitary Bureau, that's the organization's name in English, was formally constituted in Washington, D.C., its founding governments set for its goal

the elimination of disease from the hemisphere, and the protection of the public health of each American nation.

Or, as one founding delegate put it, the Bureau would aid governments in the "... destruction of mosquitoes and other vermin."

The Bureau got a \$5,000 budget, and a staff of eight, six part-time officials and two clerks, to bring this all about.

But from that modest beginning the Bureau has come a long way: from a few clearing house activities then, to the whole of modern public health services now.

During 1963, for instance, the Bureau will spend \$16 million on 303 health projects, a part on programs of the World Health Organization — the second name painted on the wagon — whose regional office for the Americas it became in 1949.

The Bureau's staff now number over 1,000, and is made up of some 40 nationalities, including every one of the hemisphere's. Like the young man here, about 700 work in the field, the most of them in every country and territory in Central and South America, along with a government counterpart.

Today the hemisphere is nearer to ridding itself of ancient scourges, such as malaria, smallpox, yellow fever, yaws, than it has ever been before. And work has begun on modern man's afflictions, mental upset, inadequate nutrition, air and water pollution, to cite but a few.

There is little doubt today that untold millions have been made happier and healthier because of the international cooperation begun sixty years ago.

Services for D. J. Watters

Funeral services were held in Calgary, Saturday, for Donald James Watters, 69, who died in Summerland General Hospital October 23.

Mr. Watters was born in Austin, Manitoba, and was a retired merchant. He resided at Parkdale Place in Summerland.

Surviving are two sons, Donald James of 100-Mile House and Lorne Harvey, of Chase. A daughter, Mary Isabel Mrs. A. Dick, lives at Michichi, Alberta. There are five grandchildren and one great grandchild.

170 different tree varieties in Canada

There are more than 170 different kinds of trees in Canada. Some 55 of these are of commercial importance — 23 of them conifers, or softwoods and 32 broad-leaved species, or hardwoods. The forests of Canada fall into two main classes. First there are those forests growing under climatic conditions that permit timber to attain sizes useful to trade and industry.

About 55 per cent of the forest area falls in this category. Within it about 42 per cent of the area is occupied by timber big enough to be merchantable and the other half bears young, growing trees that will reach merchantable size in the future.

This forest covers about 58 per cent of the land area of the country and greatly exceeds the amount of land suitable for agriculture.

Be a blood donor!

Friday, November 16

United Church Hall
AFTERNOON AND EVENING

Members of the Kiwanis Club will phone all residents this week and next, asking them to donate. If you are between the ages of 18-65 please say "yes".

TRANSPORTATION AND BABY-SITTING AVAILABLE

Under the Giant's Head

The annual meeting of the Summerland Local of the BC-FGA will be held Thursday evening in the IOOF Hall. Election of officers, delegates to the annual convention and resolutions to the convention will be discussed.

Henry Schaeffer noticed an article in the Penticton Herald bragging about strawberries being picked in that city. "That's nothing", said Mr. Schaeffer, and to prove it brought to the Review a branch containing over 10 ripe raspberries. And they tasted good too. How about that?

Twelve building permits totalling \$71,150 were issued in Summerland last month.

This compares with nine permits for \$6,520 issued in October of last month.

In the 10 months of this year 129 permits have been issued with a value of \$340,055, as compared to 120 permits with a value of \$608,070 last year.

Syd Hodge, of Trout Creek, has been appointed real estate manager for the Royal Trust Co. in Kelowna.

Bridge winners last week in the badminton bridge tournament were Mrs. N. Reid and partner, 7,430; Mr. and Mrs. C. Haddrell, 7,210; G. Gingell and partner, 6,890. Play continues again this Friday.

The regular monthly meeting of the Chamber of Commerce will be held Thursday, November 15 in the IOOF Hall. This will be a dinner meeting starting at 6:30 p.m.

Another Summerland business changed hands this week with the announcement that Mr. and Mrs. Sam Howe of Calgary, have taken over the management of Pleasant View Service from Mr. and Mrs. Jack Sproul.

The Sproul's moved here five years ago when they built the station.

Mr. Howe was formerly a mechanic with the federal government. They have one son who is stationed with the RCMP in Kelowna.

Inland Realty Ltd. have announced that Ed Lloyd has joined its West Summerland real estate office. Mr. Lloyd has just completed a real estate pre-licencing course from the University of British Columbia.

Mr. and Mrs. Lloyd have lived in Summerland for 17 years and have four children.

The big annual turkey and ham shoot of the Rod and Gun Club will be held Monday, November 12.

The shoot is held at the range at the top of Prairie Valley and starts at 1 p.m. Shooters are expected from throughout the Okanagan Valley to compete in the 40 to 50 events.

Vandals destroy irrigation flume

Nearly \$300 damage was done to the concrete irrigation flume at the top end of Garnett Valley. Eighteen 4-foot continuous

lengths of concrete flume was destroyed, by dropping boulders inside the flume. Water had been turned off for this year. In addition, one section of the flume, near a turn-off, was completely destroyed.

The work of vandalism was done either October 30, 31 or November 1.

The concrete flume was approximately 12 years old.

Municipal clerk G. D. Smith announced today that a reward of \$50 is being offered for information leading to conviction of the guilty party or parties. Anyone having useful information should contact Mr. Smith at the municipal office. All information will be treated in confidence.

Municipal works superintendent Ken Blagborne said that it was obvious the damage had been done on purpose and it was completely senseless.

Summerland detachment of the RCMP are investigating.

Students leave in record time

A full scale civil defence evacuation was organized and carried out at Summerland's three schools at 2:45 Wednesday afternoon.

Four minutes and thirty seconds after the alert sounded, the first bus load of students left MacDonald school. Bus routes were designed to carry the pupils within easy walking distance of their homes.

Three school buses, making two runs each, carried the 1,200 MacDonald and Secondary students home. All Trout Creek students walked after hearing the alert.

Pupils will report their home arrival times at school this morning.

Superintendent of schools, C. E. Clay of Penticton, was in charge of the operation, assisted by principals John Cooke and John Tamblin.

Mr. Clay said that the recent crisis in Cuba has stepped up civil defence measures in the valley schools. A similar exercise had been staged in the Penticton schools recently.

Mr. Clay said that it is necessary for the schools under his jurisdiction to be rapidly evacuated, as in the civil defence plans for this area, schools are to be used as reception and housing sites for survivors from main target areas.

Following the evacuation, John Cooke, principal of the elementary schools, said he was extremely pleased with the co-operation from both staff and students. "Everyone took the exercise very seriously" said Mr. Cooke, "and carried out their assignments quickly and efficiently."

27 rinks in bonspiel

The Summerland Curling Club started the season last week with a mixed bonspiel. There were 27 rinks entered for the two events. Play started Tuesday and ended Sunday night.

In the A Event, Pete Eden and his rink of Florence McInnis, Frank Daniels and Bel Bröderick took first. Club president Harry Hackman came second, followed by L. McKiligan and Eric Ek.

In the B Event Herb Lemke with his rink of Annie Dunsdon, Vern Charles and Johnny Toews (a beginner who had never curled before) won first, with second going to Smith, followed by H. Pruden and W. Baker.

Disappointing drive for funds

Response to the annual drive of the Summerland Handicapped Children's Association has been very disappointing this year, reports president George Lane.

The campaign started in October and will continue until the end of this month. The association does not conduct a door to door campaign, but sent out appeal letters to all householders, and has containers in all stores, managed by Key Club.

Annual needs of the group are \$600, which provides transportation for five children to the Penticton Handicapped School, where they receive regular schooling. One pupil is also transported to the Sheltered Workshop in Penticton.

Donations may be sent to the treasurer, Hans Meierhofer, or left at the desk when you pay your telephone bill.

President of the Summerland association is George Lane with Mrs. T. Waterhouse vice president; secretary Mrs. J. Sheeley, treasurer, Hans Meierhofer and executive members, Ed Krause, Miss Sally Nev, John Prior, Ed McGillivray, Dr. F. McInnes.

Resident passes in hospital

Mr. Geoffrey Richardson, age 59, passed away in Summerland General Hospital on Wednesday, November 7.

Born in Evesham, England, Mr. Richardson came to Vernon in 1920 and moved to Summerland in 1951.

He is survived by one daughter, (Barbara), Mrs. K. Nistor of West Summerland, and one son, L. Richardson, serving with the Canadian Army in Indo-China. He was predeceased by his wife Barbara, in 1959.

Funeral services will be announced later.

Dental program offered students

A preventive dental program has been in operation in Summerland for the past four years. During that time about 225 grade one pupils have received dental treatment at very little cost to the parents. The program is sponsored by the School Board and the South Okanagan Health Unit.

The program provides dental care for grade one pupils and the cost is borne 50% by the Department of Health and the remainder by the School District, reduced by the registration fee of \$3 charge for each child. The average cost of treatment per child is about \$20 and the only expense to the parents is a registration fee. Not only does the child obtain necessary extractions, fillings, and x-ray but also instruction is given

in dental hygiene which will encourage the children to care for their teeth in the years ahead.

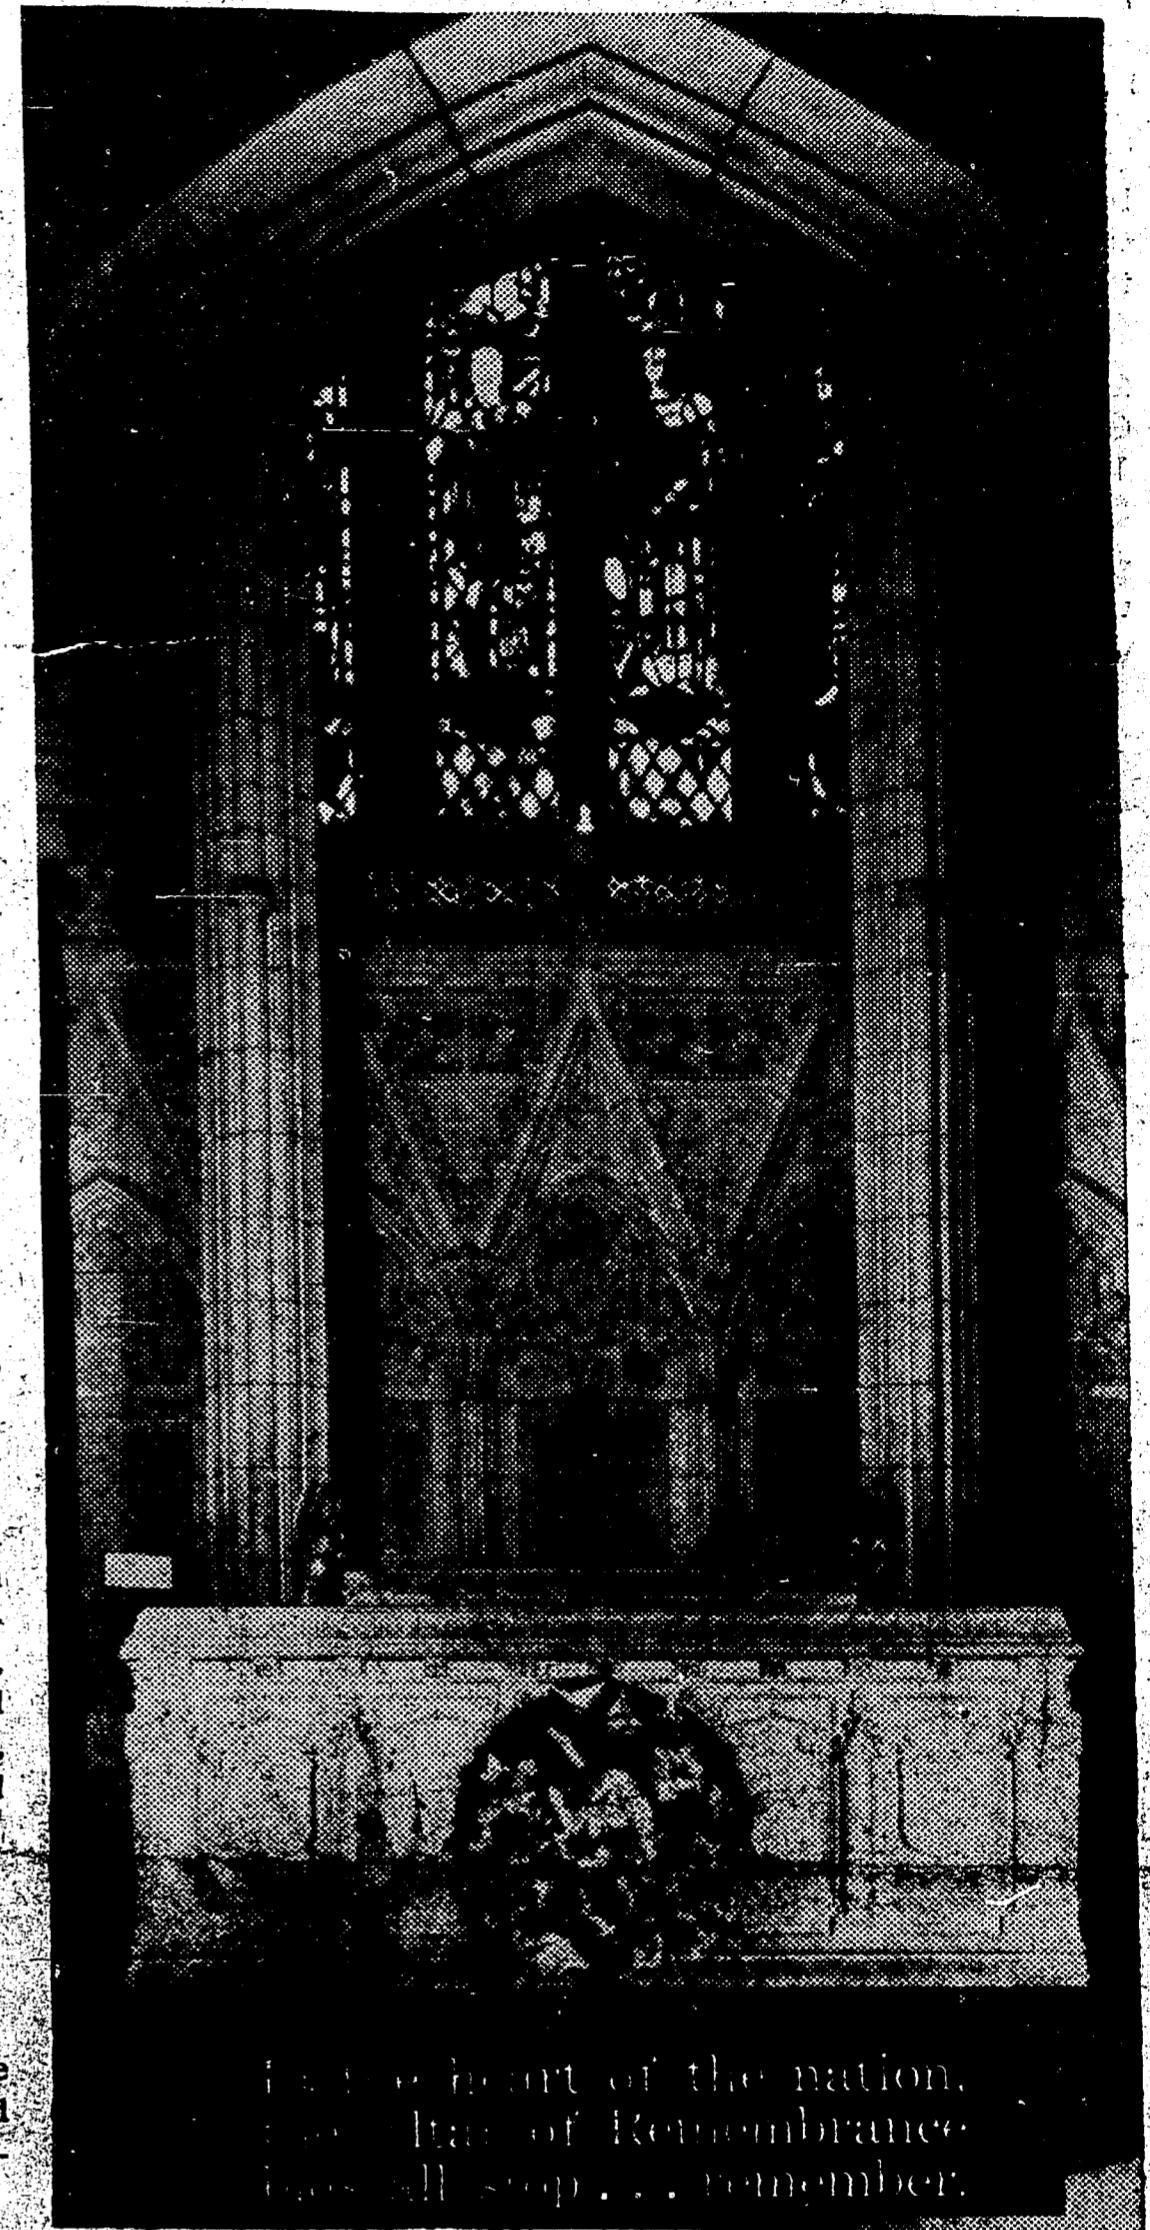

Parents are being encouraged to have their children visit the dentist at an early age. The dentist can not only give any dental treatment necessary but also warns of dangers that may develop and thus prevent dental disease. It is important that the program have a dentist who is co-operative and who gains the confidence of children. In this respect, Summerland is fortunate in having Dr. J. P. Ratzlaff.

Some six year old children require little treatment while on the other hand some have received up to 26 fillings to put their teeth in proper condition. It can be seen that the parents in most cases receive very good

value for the small registration fee. Even if little work is done the parent has the assurance that his child's teeth are not being neglected.

This year 58 grade one children have registered and most of them have completed their treatment under the local program. This number is less than expected with the result that some funds are still available. There is now the opportunity for a limited number of children who will commence school next September to be treated before the end of the present year.

For a limited time, parents may register their children at Principal's Office in the MacDonald Addition upon payment of the \$3 fee until the 1962 quota is filled.

Remembrance Day Sunday

On Sunday, November 11th, the people of Summerland will join with Canadians from coast to coast in observing Remembrance Day.

The parade will assemble at MacDonald School at 10:20 a.m. Sunday morning.

Rev. Norman Tannar, Acting Legion Padre, will conduct the service at the cenotaph assisted by other members of the Summerland ministry.

Legionnaires, Ladies Auxiliary, Scouts, Cubs, Girl Guides and Brownies will take part in the parade.

Veterans are requested to wear decorations.

All church services will start at 11:15 a.m. this Sunday, instead of 11 a.m., in order to enable everyone to attend the service at the cenotaph.

The annual Remembrance Day banquet will be held at 6:30 p.m. in the Rosedale Room of the Royal Canadian Legion.

Tickets, \$1.50 each, are available at Smith and Henry, the Legion Canteen and Daniel's Grocery. A limit of 150 tickets has been set this year.

On Monday night, November 12, a social evening and dance will be held in the Legion Hall starting at 9 p.m. for Legion

members and their partners. A turkey buffet lunch will be served and tickets will be available at the door.

Wreaths for Remembrance Day may be purchased from K. Hickson, secretary-manager of branch 22.

Reeve Norman Holmes has proclaimed November 5-11 as Remembrance Week in Summerland. The reeve said: "I commend the vast amount of volunteer work and financial support the Legion gives to this community by scholarships, sponsorship of young people's sports and continuing dedication to the welfare of veterans."

This year the Legion celebrates its 37th anniversary and increased support will bring new vitality to the Legion organization and greater benefits to many in our community."

SHOPLIFTERS ACTIVE

RCMP are planning a crack-down on young shoplifters operating in local stores. In the past month, five young people have been caught taking goods from store counters. The latest offence happened at Ria's Cash Store. The juvenile appeared in court before juvenile magistrate Reid Johnston on October 26.

Two Bedroom Bungalow

**Music teachers plan
December pupil recital**

The annual meeting of the local group of B.C. Registered Music Teachers was held recently at the home of Mrs. H. D. Hughes, Penticton.

The following members were elected to office for the ensuing year: Mrs D. Fraser, Osyoos, president; Mrs. H. D. Hughes, Penticton, vice president; Mrs A. Sutherland, Oliver, recording secretary; and Miss Frances Latimer, Penticton, secretary treasurer.

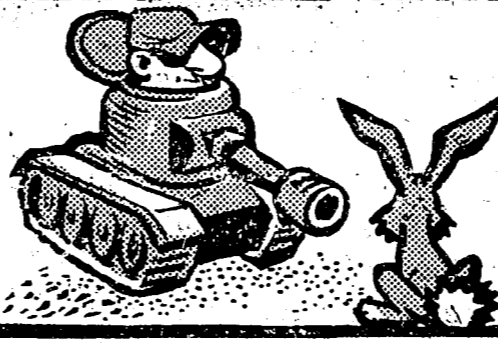

Plans were finalized for the next joint pupils' recital, to be held early in December. Pupils of all grades will present a program in Penticton high school auditorium, the accent being on Canadian, and modern composers.

Arrangements were made for the November meeting to be held at the home of Frances Latimer, Penticton.

Miss Kay Hamilton, of West Summerland, is a member of the association.

YOU ARE BREAKING THE LAW

If you carry loaded firearms in or on a vehicle, or if you discharge firearms from a vehicle on or off the highway.

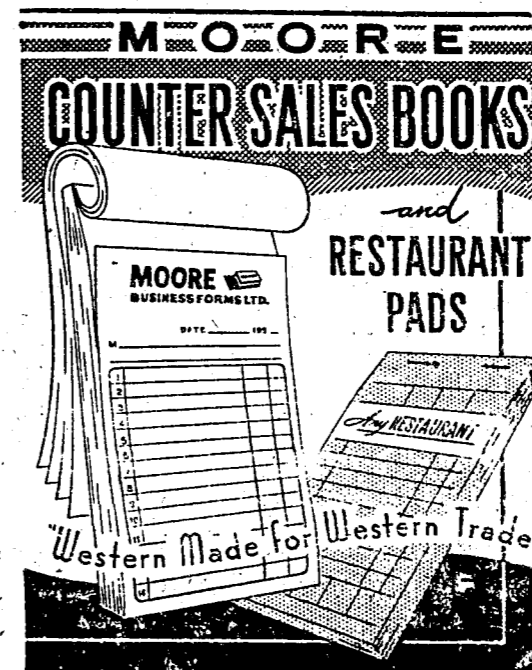

Ref: Sec. 13 (2), Game Act (R.S.B.C. 1960, Chap. 160)

**Announce Elk
season extended**

The Honourable Earle C. Westwood announced today the open season on antlerless elk in Game Management Area No. 11 (East Kootenay District) has been extended from November 4 to November 14. The Minister of Recreation and Conservation pointed out the extension has been authorized to increase harvest so that the desired level may be obtained. Mild weather throughout October and lack of snow at higher elevations permitted the elk to escape normal hunting pressure. An increase in the elk harvest is necessary to keep the animals in balance with the food supply on their winter ranges.

RECEIVES FINE

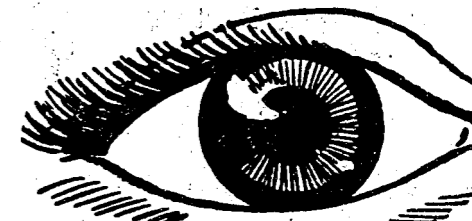

"As a result of a charge being laid by the British Columbia Fruit Board for transportation of fruit contrary to the Regulations of the Board, Mike Favali of Kelowna, B.C. was fined \$100.00 and costs by magistrate D. McDonald on October 26th., 1962 in Kamloops District Police Court."

Let's make plans known

The recent "turning on of lights" at Penticton, in that city's effort to make its northern entrance more attractive, calls to mind the indication given earlier this year by Summerland council that it, too, had plans for the streamlining and better demarcation of the entrances to this community. Of late, little has been heard of this plan, which we were among the first to state was a good one.

One phase of the plan in particular, appealed to us — this called for the straightening, widening and filling of Gulch Road, which would lead traffic coming from the south directly into the heart of our community. Street lighting of modern type and some better directional signs were mooted for the "main entrance" to West Summerland.

We will be among the first to admit that council has had a difficult year, one filled with decisions and problems. In all of these some excellent moves have been made, many of which will be of longlasting benefit to our community. It may be that it cannot "do" the entrance job at this time; or that some phases of it must wait upon further development.

On the other hand, it may be the intention of council to proceed on this plan during 1963. If that's the case, it seems to us they will have a golden opportunity of presenting the whole picture to the ratepayers' at the annual ratepayers meeting, which will be held this month.

Even if the plan cannot be carried out, either in whole or in part during the next few months it might be a good idea to put it before the taxpayers at the stewardship meeting, in order to win full support for it. For after-all, the matter of improving our entrances, and overcoming the existing bypass must be settled at some time — and the sooner we proceed with it, at least insofar as the planning is concerned, the better.

Let's hear about the plan at the ratepayers' meeting.

★

Give generously - It doesn't cost a cent!

Giving blood is an act of Christian charity and those who respond to the Red Cross call for blood donors are observing to the full the admonishment to "love thy neighbor as thyself."

Even so, few acts of unselfish giving are so rich in reward and possible rewards.

For one thing, the person who donates a pint of blood to the Red Cross Blood Donor Clinic in Summerland on Friday, November 16, will suffer no ill effects before, during, or after, and Mother Nature will quickly restore the blood so given.

But what of that blood — your pint of blood which you gave, but which you don't need, and which is replenished by nature's chemistry? That blood can, and in most cases does, save a life.

As a pint of blood coursing through your veins, it doesn't signify too much, you can spare it, but once in the blood bank, with all its life saving potential, it becomes beyond price.

Just think about it for a moment. Think of the child battling for life — think of your own family, think of yourself — modern living is dangerous living, every day there are accidents and illnesses which would prove fatal but for the blood donated by humanitarian citizens and gathered and banked by the Canadian Red Cross — perhaps for you.

And so, on behalf of the Summerland Blood Donor Campaign, on behalf of the Canadian Red Cross and on behalf of those unknown sufferers who will live through virtue of this great undertaking of mercy, we solicit your attendance at the Summerland United Church on Friday, November 16.

Remember — you too can save a life.

Sacrifice for peace

by Rev. Norman Tanner

"Sacrifice" is a concept of religion. The word means "to make holy." The history of religion records man's continuing efforts to make holy his relationship with the powers he has

Of many things

by Ambrose Hills

I am blushing. Recently I wrote an article stating that Western hospitality is a myth. I said the East is more friendly. I claimed we might once have been a hospitable part of the country, but we'd now become cold, unfriendly, rather hard types, all too quick to squeeze the other fellow out of a traffic lineup or honk at him instead of helping him. We've developed a hand grasp stronger than our handshake, I said.

I still think that in many respects the ballyhoo about Western hospitality is a myth, but I must confess it still exists in many of the smaller towns. Over the week end, I attended a country funeral. I saw a whole town go out of its way to help two boys bury their mother, although the boys and the mother had been away from the town for many years.

The mother had expressed a wish to be brought back to her home town for burial. The sons complied; but since they had been gone so long, they had not expected many flowers or many folks present at the ceremony. The church was packed, the flowers were plentiful, and afterwards the ladies of the church served tea. "I can understand," said one of the sons, "why she wanted to be brought home. My God, these are wonderful warm-hearted people."

It may be true that in a small town, everybody knows your business, you have no secrets. Nevertheless, when trouble comes, everybody knows about that too, and they aren't slow to help out. There is nothing phoney about this helpfulness; it obviously comes right from the heart.

Every once in a while a man gets fed up with society. There seems to be much self-seeking, much artificial behaviour, and a powerful lot of selfishness. The newspaper headlines give the impression that it's a wicked, materialistic society.

Don't believe it. There are still a great number of genuine, outgoing, warm-hearted people. I suspect that the vast majority of them live in our country towns.

LAUGH OF THE WEEK

During a house visit, while the woman patient chattered on, the doctor interrupted her and said: "Now, Mrs. Smith, put this thermometer beneath your tongue and keep your mouth closed for two minutes."

When the doctor finally removed the thermometer, the woman's husband, who had been an interested observer, took the doctor to the side and whispered: "Say, what will you take for that gadget?"

Modern paintings are like women. You'll never enjoy them if you try to understand them.

believed to be in control of his destiny. To this end men have sacrificed the fruits of the earth the products of their labor; they have slain animals and even their fellow men. But the history of sacrifice has shown mankind that sinful men are powerless to make anything holy.

God gave the world the only Sacrifice that can make anything holy. He gave His only begotten Son, who in the perfect obedience which man owed but could not offer, made that one full, perfect and sufficient Sacrifice for the sins of the whole world.

The Sacrifice on the cross of Calvary involved loss and death but these God made good and holy. The loss gained for mankind the redemption of the world. Death was transformed into victory with the promise of life eternal.

Now in a different sense those who fell in two world wars sacrificed themselves for home, friends and country, and by their sacrifice hoped peace would come to this world. But it has not come by their sacrifice. Man has not of himself been able to bring peace by his sacrifice. The one, true Sacrifice has been made and if we are to keep faith with the fallen, if we truly remember them, we will do everything in our power to believe and practise the words of Jesus: "A new commandment I give unto you, that ye love one another; as I have loved you, that ye also love one another." (John 13:34)

The sacrifice for Peace has been made and the way is open if man will turn from his ways to God's Way.

Parliament Hill report

David Pugh, M.P.

Today, Friday the 2nd, saw a week closing off with considerable humour in the House of Commons in the induction of Mr. Douglas as the new member for Burnaby-Coquitlam. As is customary on an occasion such as this the Prime Minister made a very gracious speech of welcome and was followed by the leader of the Opposition and then Mr. Thompson of the Social Credit Party. All three speeches held underlying currents of humour and this Mr. Douglas took up very ably when he made his acceptance. Just such an event as this makes up for a lot of the backbiting which goes on from time to time. Actually in the House there is a good deal of comradeship. It comes to the fore in many friendly conversations with members of other parties and on occasions when members of other parties go on a trip together. Just such a trip took place last week to Moose Jaw and later to the new South Saskatchewan Dam. We met with engineers and other officials on land usage, water and conservation and of course learned a great deal about the country. The members were attending from all provinces and from all parties. There were many interesting highlights but my chief remembrance will be on how we all got along together.

The business in the House has covered the economic conditions in Canada and the extensions to the Farm Credit Act. Progress is satisfactory.

Former Summerland girl wed in Ontario ceremony

Our Lady of Fatima Church Ottawa, saw the exchange of wedding vows between Diane Miriam Hannah and Richard John Patvin. The principals were the daughter of Mr. and Mrs. E. H. Hannah, formerly of Summerland and now living in Kingston, Ont. and the son of Mr. and Mrs. John H. Patvin of Ottawa. Monseignor Smith officiated.

Given in marriage by her father, the bride looked charming in a white, floor length imported brocade satin gown. Her mantilla headdress was of Spanish lace, and a trailing bouquets of mums en tone. completed her wedding ensemble.

Attendants, Misses Anne Smith, and Elizabeth and Judy Ross wore identical velvet gowns in autumn tones of gold rust and brown. They carried bouquets of mum entone.

Flower girl, little Delphine McCreight, wore a moss green velvet dress and carried a basket of gold and bronze baby mums.

Groomsman was Kerry Keilty and Ted Hannah, brother of the bride, and Robert Patvin, brother of the groom, acted as ushers.

Following the ceremony, 93 guests were entertained at Whitehill Gardens in Ottawa.

They happy couple were toasted and wires from many parts of the world were read.

For a wedding trip to Grey Rocks Resort in the Laurentian Mountains, the bride chose a brown wool suit trimmed with fur. Her accessories were pink.

The young couple will make their home in Hamilton, Ont.

Locals

Mrs. William May has returned from a month's visit with her daughter and family in Rossland.

Mr. and Mrs. Tom Plant of Vancouver visited over the week end with Mr and Mrs F. Schumann.

Mr. and Mrs. H. T. Klossen of Winnipeg visited last week with her sister, Mrs N. Friesen.

Mr. and Mrs. H. Barber of Saskatoon spent the week end with Mr and Mrs. O. Morphy.

For Sale

SUMMERLAND ESSO SERVICE

Nautical Notes

After a season of ever-increasing boating activity and special events, most of the boats at the Summerland Yacht club have been "tucked in" for the winter months. Just a few hardies are braving the winter blasts, to fish, these days.

Meanwhile, indoor activities at the SYC are on the increase, and it is hoped that there will be something of interest offered for every member of the club.

The new Power Squadron was formed on October 22 with 22 boatowners and associates attending the course. Officers are Ralph Downing, Squadron Commander; John Kitson, Secretary-Treasurer and Clarence Lackey as instructor. The training course will run 14 weeks, with a certificate being awarded to successful candidates.

The Ballroom Dancing club, under the sponsorship of the SYC started the new season on November 2 and will meet Tuesday evenings, throughout the winter. This year, the Dance club will be in two sections, the Advanced group made up of last-years' members, and a group of new Beginners. Instruction will cover the Waltz, Foxtrot, Two Step, Samba.

On September 22 a Pot-luck Dinner was held, preceding the regular Saturday dance, with a good attendance of guests and members. More recently, on October 27, a special Hallowe'en party was held, with special novelty dances featured. Door Prize winners were Mr.

and Mrs. John Selinger and Mr. and Mrs. Red Beggs.

Improvements on the SYC building are continuing — the recent installation of fans has made a big difference in clearing the dance floor of smoke. The interior of the building has been completely oiled and the trim brightened with a coat of paint.

Members are reminded of the continuing Saturday dances. With the return of standard time the dances are now held from 9-12 p.m. and the Tony Stoltz Trio is still providing most danceable rhythms.

KIWANIANS ELECT LAIDLAW AS NEW PRESIDENT

At Tuesday night's Kiwanis gathering, the meeting was turned over to Jack Towgood, chairman of the nominating committee. W. A. (Bill) Laidlaw was elected 1963 president, Ed McGillivray vice president and Don Carmichael treasurer, all three by acclamation.

Out of a list of ten director nominations the following seven were elected by ballot: Lloyd Shannon, John Tamlyn, Carl Deitrich, Jerry Hallquist, Jack Ratzlaff, Don Randall and Bob Hardy.

Summerland youth shows unusual talent

The exhibition of paintings by Murray Allan McArthur of Trout Creek now being shown in the Summerland library has aroused much interest and favorable comment. The maturity in conception and execution by a young man of nineteen is remarkable.

These paintings in gouache, some of which are abstracts, some a degree of impressionism, are appealing in their display of imagination, sense of color and composition, and in their freshness of experimentalism, which is a part of youth, but which is too often sadly lacking in the young people of today. The willingness to experiment must always play a large part in the growth of a young artist. Murray shows a commendable range, versatility and variety in subject matter and treatment in this collection of a summer's work.

An iridescent "still life" of clear glass bottles catches the eye and some collages called

Increased job opportunities

While the last week of October brought "season end" for fruit pickers, fruit cannery and some packinghouse employees in the Penticton area, the number of job opportunities during October 1962 exceeded that of one year ago, states Mr. H. I. Moss, Manager of Penticton National Employment Office.

Federal-Provincial Municipal Winter Works projects are getting underway with 32 workers recruited for the City of Penticton, and to date the Town of Summerland has been able to employ 10. Plans of the Oliver-Osoyoos and Greenwood areas are not yet finalised.

The total number of registered applicants for employment is 150 less than one year ago, as shown below: 31 October 1961 — male 447, female 265. 31 October 1962 — male 330, female 232.

Neil Leroy, creator of the radio program Court of Opinions, is back for another year as its host and moderator. Heard on CBC radio every second Monday, the show features lively discussions on topics of wide interest.

"Oriental" are brilliant with color and imagination. "Mad Rush", black forms rushing into space leaving bright-colored tails behind them and "Shapes in Space" are unusual experiments and remind us that our artist is of the space age. There is a nice quick effect with strength in his landscapes, "Rock and Tree", "After the Storm" and others. Two pictures, abstracts, "Confusion" and "Concentration" live up to their names. His titles are very good. "Evening Woods" is another favorite. One especially attractive picture, "Autumn Weeds" is beautiful in its freedom of form and unusual color effects.

Murray Allan McArthur shows a fresh and easy touch, quite evidently aiming at a style of his own. This, coupled with his youth, his encouraging experimentalism and the vibrant drive without which the true artist does not progress, should take him far. He has made a very good start. His next show will be awaited with expectancy of greater things, which we are sure it will reveal.

The Summerland Art Club is to be congratulated on sponsoring another interesting and unusual art show, especially in this case, that of a young artist who has grown up in Summerland. Murray is the second son of Dr. and Mrs. J. M. McArthur of Trout Creek. He was awarded the first scholarship given by the Summerland Art Club to the Okanagan School of Fine Arts in 1960. —MA

Remembrance-Tide

(The following poem, in honor of Remembrance Day, was written by Ivan E. Phillips, of Summerland. Mr. Phillips served in the British Army in World War I and in the Royal Air Force in World War II).

Remembrance Day - my thoughts take train
Along a path of joy and pain
My steps retracing through the years
The fears, the partings and the tears.

I recall to mind my schoolday chums
Their swift response to roll of drums
That summoned them to fight and die
On sea and earth and in the sky.

The smiling faces and bright eyes
The waving hands and last goodbyes,
How welcome were their letters sane
Amidst the smoke and battle flame.

The crowded troopship and the bustle
Those games of chance and lifebelt tussle,
Thanks to God, that on the sea
Our Navy held the master key.

The listening post, the cruel wire
Patrols and raids, the lice, the mire
Machine guns chattering in the night
The pitiless glare of Very light.

The daily battle in the skies
The little ships - the broken ties,
The Home Guard with their pikes so queer
The slow cold anger at the foreign sneer.

The bursting bomb, the ack ack fire
The never-ceasing funeral pyre,
The sacrifice of years to build
The voices now for ever stilled.

My picture changes now to brother Ron
His quip, his jest, his last, so long
How youthful in his pride and vigour, as he stood
Before his journey's end on mighty "Hood."

Remember I the frantic search
And now, two white coffins borne from out the church,
From danger they disdained to run
My sister and her brave young son.

I've often wondered if it be true
We'll meet again the friends we knew
The kith and kin long gone before
Will they await us on another shore.

Macs meet Vernon Sat.

The Twin City Macs, although they have dropped out of the Okanagan Intermediate Hockey League, are still active, and will play a number of exhibition games.

First game will be this Saturday, when they meet the Vernon Canadians in the Summerland arena at 8:30 p.m.

Manager George Stoll said that the club has picked up new players from Oliver and Kelowna and will ice a good team this Saturday.

Mr. Stoll said that the Macs will be playing for the Coy Cup again this year and will meet the winners of the Okanagan Intermediate League.

Twin City Macs won the Coy Cup last year and were slated to take an exhibition tour of

Japan this December. However, Mr. Stoll said that the Canadian Amateur Hockey Association had refused to sanction the trip because Japan would not pay the expenses. The trip was expected to cost \$10,000 and no team in Canada could afford it.

The Corporation of the District of Summerland Proclamation

Dear Fellow Citizens:

November 5th to 11th will be observed as REMEMBRANCE WEEK throughout Canada. It is a time of double significance for all of us. We recall with pride, and with deep compassion, the men and women who have died so bravely in the service of their country; we also are reminded of the great scope of the community services being carried on by surviving comrades who work through Royal Canadian Legion branches everywhere.

It is with considerable pride that I commend the vast amount of volunteer work and financial support the Legion gives to this community through scholarships, sponsorship of young people's sports and continuing dedication to the welfare of veterans.

The Canadian Legion is the largest service organization in numbers in the province. This year the Legion celebrates its 37th anniversary and increased support will bring new vitality to the Legion organization and greater benefits to many in our community.

Summerland Yacht Club will hold an auction sale this Saturday at the club house. Doug Campbell is auctioneer and the sale starts at 12:30 p.m.

Winners at the badminton club's bridge tournament Friday evening were: W. Palmer and partner of Penticton, 7030; Mrs. Peddle and partner of Penticton, 6990; C. Elsey and partner, 6230.

"The Wages of Fear" a French suspense drama, will be the third offering of the Summerland Film Society on Monday, November 19. The film will be shown in the elementary school auditorium starting at 8 p.m. Admittance is by membership only.

The film was filmed in Latin America, and when first released caused considerable controversy because of its political overtones.

There will not be a film in December, but two will be presented in January. They are, "Eve Wants to Sleep", a Polish comedy, and "Saturday Night and Sunday Morning", a British drama.

It was explained at council Tuesday night that the reason for the power outage Monday at 4:40 p.m. was caused when a hunter shot the insulator off the main feed line running from Oliver over Fairview pass

Youngsters (over 65) wanted

Here's an opportunity for all young people over 65. There is one club in town that will welcome you with open arms. Some of the executive of the Old Age Pensioners Association feel they are getting near retirement age (we won't hazard a guess at what age that is), and would like to see new blood in their organization.

Personally, after seeing our senior citizens in action at the Credit Union dinner recently, we think their club has as active a membership as any in the community.

But if you're 65 or more, and feel younger, why not attend the OAPA meeting this coming Tuesday in the IOOF Hall. Just run over about 2 p.m.

5c Per Copy

One of MDAC's research fellows, Dr. Christina Nichol of the University of British Columbia's Department of Neurological research, checks paper chromatograms made of the body fluids of dystrophic patients. Paper chromatography is a means of separating the components of a chemical mixture by letting them flow over a sheet of specially prepared paper. Dr. Nichol is one of 150 Canadian scientists whose work is sponsored by the Muscular Dystrophy Association of Canada. MDAC's annual fund-raising drive will be conducted during the week of November 18 to 24.

Growers re-elect Bernhardt

Summerland growers re-elected Charlie Bernhardt president of the Summerland Local of the BCFG, at the annual meeting held Thursday, November 8 in the IOOF Hall. Over 40 growers attended the meeting.

Hans Stoll was re-elected vice president.

New secretary is Brian Liebert. Retiring secretary John Caldwell was given a vote of thanks for his 14 years of consecutive service in that office.

Delegates elected to the 1963 convention in Penticton were: George Stoll, Colin McKenzie, W. A. Gallop, Rob Towgood, and W. C. Baker. Alternate delegates are Jim Dunsdon, Doug Grant and Arnold Boehm.

Retiring delegate Jim Mayne was thanked for his 12 years in office.

In nominations to go forward to district council and the convention for industry position, Charlie Bernhardt was nominated for the executive; Hans Stoll, director B.C. Tree Fruits Ltd.; Walter Toevs, director Sun-Rype Products Ltd., and B.C. Fruit Board members, J. G. Campbell, Salman Arm, A. G. DesBrisay, Penticton, and I. G. Penson, Creston.

Growers endorsed two resolutions for the annual convention in January. One asks that work be accelerated on the con-

(Continued on back page)

Regional library asks for increased per capita grant

Rising costs of operation, extra staff due to ever increasing use, higher book costs (this year for the first time the provincial government is charging five per cent tax on book purchases) and the depreciated Canadian dollar, are among the factors the Okanagan Regional Library gave the municipality in regards to a possible hike in the present per capita levy. The 10c raise will increase the Summerland stipend from \$1.05 per person per year to \$1.15.

It was also reported at Tuesday night's council meeting

that the local regional library had received a slightly smaller annual grant this year.

Because a grant is not available for schools over six rooms, the Summerland school board will withdraw from the regional library next year and use budgeted funds to provide library services at the school, gradually stockpiling books.

The above information was presented to council in a letter from the head librarian of the regional library, Mrs. Fookes.

Mrs. Fookes said that other proposals, instead of the increased levy were being studied by municipal council. One proposal was that municipalities could provide a rent free building for the library.

After discussing the matter, council decided to maintain and pay the rent for the library buildings rather than pay the 10c per capita hike.

FLUME DAMAGE

According to reports received (Continued on back page)

C of C will discuss parking

Parking, traffic signs and the need for a parking lot for West Summerland will be discussed at Thursday night's meeting of the Chamber of Commerce.

The meeting will start with a dinner at 6:30 p.m. followed by the business meeting at 7:30 p.m. in the IOOF Hall.

A number of suggestions to improve parking in the downtown area were made at an executive meeting Tuesday and will be presented tonight.

Also up for discussion will be the annual Christmas light-up campaign and the appointment of a nomination committee.

A. F. Calder returning officer

A. F. Calder has been appointed returning officer for the December 6 municipal election. Nominations must be in by November 26 for the offices of two councillors and three trustees. So far, only the retiring officers have indicated they will run for election.

School janitors ask for contract revisions

At the School Board meeting on last Thursday, a request was received from the Okanagan Valley School Employee Union (janitors) for revision of the Union Agreement for 1963.

Ten items were listed for negotiation including increased accumulative sick leave, group life insurance 50% contribution 40 hour week throughout the year, three weeks vacation after five years and salary increase of 8% on Vernon scale.

The board will arrange a meeting with Union representatives.

The Board passed a resolution asking extension of the time of borrowing on Referendum No. 2 from December 31, 1962 (expiry date) to December 31, 1964.

This referendum authorized among other things, High School expansion which may not be needed due to the removal of Grade VII to Elementary status. The funds will be required sometime in the future for addition to Elementary classroom space and the Board

will later seek authority to re-allocate Referendum No. 2 funds for the new purpose.

By-law No. 6 was given first and second readings by the Board. This by-law authorizes the issue of debentures to raise the net amount of \$57,000. These funds are needed to repay a bank loan which financed the construction and equipment of the MacDonald Addition.

The new debentures will bear interest at 5 1/4 per cent and will be marketed by the Minister of Finance on school board behalf.

Night School classes in Beginner's Art, Art, Sewing, Band Music, Pottery, Math 30-91, Choral and Grade VIII Math for Parents were approved. Approval of certain courses was dependent upon sufficient enrolment being obtained.

Math 30-91 is an Academic Course, with granting of credits, for which a limited interest is evidenced this year. The Board hopes that adults, who wish to obtain credits towards university entrance standing, will avail themselves of the opportunity being offered.

Overture Concerts presenting Cuban guitarist

REY DE LA TORRE

Rey de la Torre, celebrated Cuban classic guitarist, who will be heard in recital on Wednesday, November 21 at 8 p.m. in the secondary school auditorium. This is the first in this season's presentations by the Summerland Overture Concert Association.

Resident in New York for many years, this distinguished artist tours annually coast to coast in the United States and Canada, and is heard otherwise in the general Eastern part of America in constant recital performances, in addition to the tours which take him outside of this country.

Born in Havana, he was at five a delightful pianist, at 10 an accomplished guitarist. His

parents sent him to Spain when he was 14 for academic studies, and guitar studies with the famous teacher of virtuosos, Maestro Miguel Llobet. In Spain he made a name for himself at 16 as a concert guitarist and also as an athlete in school, where he excelled in the American game of baseball.

Maestro Llobet presented Rey de la Torre in debut in Barcelona in his teens, an event notable in that city's concert history, and one which launched him on a concert tour which has taken him throughout many countries. In 1941 he made his debut in Town Hall, New York concert, which opened a continuous field for him in the States and Canada, in concerts,

broadcasts and more lately television appearances.

He is a recording artist of note, whose albums are valued throughout the Americas, Europe, the near East and Asia. His Epic Records continue to appear annually, and now Fontana of Europe has released two albums of solos by this artist throughout Europe and Australia.

Among distinguished appearances for Rey de la Torre was his performance of a concerto for guitar by Joaquin Rodrigo, Spanish composer, in premieres for the United States with the Cleveland Orchestra.

During April, May and June of 1962, Rey de la Torre was heard in recitals, concerto per-

formances, and broadcasts in Sweden, Norway, Holland, Belgium, France, West Germany, Greece, Iran and Lebanon; and plans are underway for his return to European and Near East concerts for the spring of 1963.

CELEBRATES 80th BIRTHDAY

V. M. Lockwood celebrated his 80th birthday at a family dinner last Sunday. Week end guests at the Lockwood home for the occasion were Mr and Mrs Harold Peirson of Ephrata, Washington, Mr. and Mrs. C. Halgren of Penticton and the Lockwood's grandson, Lee Nicholson and Mrs. Nicholson of Hope.

Summerland Review

Editorials

Arousing civic awareness

Summerland is a well-satisfied community; it lacks big civic issues which serve to arouse public interest. Instead, this community is more or less well content to let things alone, to the extent that it may have become too complacent.

Lest it be thought we are either pointing an accusing — or dissatisfied, finger at the present municipal council or officials, let us at once state we are quite certain we have had a good council this past year — and for many years before that. However, having stated this, we must immediately follow it up with a complaint, not against elected or salaried officials, but against some of the residents in this community.

We have become so "comfy" in what we have — and we have plenty — that we have adopted a "cat by the fireside" attitude to community business. While this may mean we are doing all right, it may also mean we are not giving candidates for office the best support we could. In one particular we are not doing much of anything — this is giving the candidates for office an adequate hearing. And both new and "would be continuing" office holders deserve this. They used to get it, but in the days before TV and other items of like nature.

Having outlined our grumble we should follow it up with a concrete suggestion. Our suggestion is that the Chamber of Commerce, which used to provide a sounding-board for the candidates, resume this responsibility, but do it in a slightly different fashion. We suggest that the Chamber hold a regular, or special meeting, and, after regular business (and the dinner, if one is held) throw the meeting open to the general public. Indeed, we suggest they set up a telephone committee to urge people to attend this community session, making certain, thereby, that at least a goodly portion of our taxpayers forsake their firesides and TV to attend to community business, in which they are shareholders.

This session should be held apart from the regular ratepayers meeting, which is set up primarily as a report from the directors of our community corporation to its shareholders. If an attempt is made to combine the speeches from candidates into this meeting, it would be overlong and would not give sufficient time for either a proper stewardship report or a hearing for the candidates.

Thus, after some thought on the matter we have come up with the idea mentioned above. By the Chamber, holding a public meeting after its regular meeting, all would feel free to be there; but putting on the phone committee should ensure a good attendance.

In the long-range view this would serve not only for a sounding board for the candidates, but also endeavor to build a closer understanding of our community — and a more closely-knit partnership between the elected and the electors.

King-sized blocks spell out the name of CBC radio's network program for pre-school children. Joy McLean, Mary Syme, Bob Homme and musical director Rudi van Dijk make up the team which provides children's stories, games, poetry and music each morning from Monday to Friday.

Parliament Hill report

David Pugh, M. P.

In general the week ending November 9 has shown a continuation of good legislation, the main bill under consideration being that of Farm Credit. The extensions of this act will benefit Okanagan Boundary. Since the bill was brought in 1959, our orchardists, cattlemen and farmers have used it extensively and in an ever increasing manner.

The highlight of the week was the voting on Tuesday night on the want of confidence amendment brought in by the Liberals and the subamendment by the Social Credit party. These were both defeated and as a result queer political repercussions were established such as the Liberals attempting to back the Socreds on debt free money. This was a side-line compared to the infighting going on in the Social Credit ranks. Here a battle for leadership is looming between Mr. Thompson and Mr. Caouette. Mr. Thompson's stand was based on his earlier statements to the House and to the press but he is finding it increasingly difficult to control the more volatile elements in his party. From a purely speculative view, should the split widen it would well mean a general election. I certainly feel that the sounder elements in all parties are against this and are preparing to go along with the good legislation which is being produced.

LAUGH OF THE WEEK

Ted: Gosh! This story is about a man who lives on onions alone!

Ned: Well, anyone who lives on onions ought to live alone.

Elevator Girl: "And this is your floor, son."

Boy: "Don't call me son; you are not my mother."

Elevator Girl: "I may not be, but I brought you up."

DDT on snow reduces Mosquito hatch out

Winter—with the snow deep on the ground—is the time to launch the offensive in the annual war against mosquitoes.

An increasing number of communities are demanding action to control the pest. This can be most easily done by treating pools and stagnant water with chemicals to kill mosquitoes in the wriggler stage.

But it doesn't necessarily mean waiting for the spring hatching period, says L. C. Curtis, of Canada Department of Agriculture's research station at Kamloops.

In rough areas where there is no danger to humans or wildlife, granular DDT can be spread on the snow, permitting treatment of breeding places months in advance of the hatching period. Pools and

swamps, mapped out during the previous season, can be reached easily when the ground is frozen.

Treatment of dry ground the previous fall is also effective, Curtis points out.

The plan offers other advantages:

Granules, because they do not lodge on leaves or twigs like sprays and dusts, are safer to use in areas browsing animals might enter.

Over large areas, the treatment is more thorough than when it is confined to the few days when wrigglers are most easily killed.

At Kamloops, application of five per cent granular DDT at a rate of 20 pounds per acre proved satisfactory in controlling the pest, Curtis reports.

Kindness counts

by Rev. Frank W. Haskins

It happened in 1885 but the elderly gentleman recalls vividly a boyhood incident at Whitewood when during unrest settlers carried guns.

"One Saturday afternoon when my father and two brothers were away from the farm," recounted the pioneer resident, "my mother was scrubbing the floor and I was sitting across from the door when we looked up and saw an Indian at the window. He had his face painted, a blanket about him and a rifle in his hand. The rebellion was on and we had been warned of danger but my mother beckoned him in."

"I thought that she was crazy," said the man recalling his boyhood fears, "for she turned her back on him and put the kettle on. I looked up at my father's gun above my head and when the Indian saw what I was looking at, he reached toward his rifle which he had set down so I looked away from my father's rifle."

"My mother made the tea and gave him meat, bread and pie. A big smile came on his face when he started to eat. After he was through eating, he pointed at a hank of linen thread hanging on the wall and my mother gave it to him and he made off."

"After he had gone my mother told me: 'My son, use kindness, for that's what counts.'"

The old man repeated these words several times as he described that after his father came home he set out the following morning with a gun to

see if Indians were about. There was evidence that a large party of Indians had camped among trees about a quarter of a mile from his home. Fortunately they had gone, for at that time of tension, one settler with a gun could have started serious trouble.

How true were the woman's words: "Use kindness, for that is what counts everytime." Meeting hostility with kindness avoided trouble.

Is it not true that generous heartedness helps to reduce pettiness and worry. A kindly attitude gives one confidence in dealing with others. A generous spirit goes a long way towards securing harmony in the home or the place of business.

"Have you had a kindness shown?"

Pass it on.

Twas not meant for thee alone
Pass it on."

The Bible says: "A man that hath friends must show himself friendly." A kind friendly word will help to brighten the day.

No one wants to listen to fulsome words and empty flattery, but surely it is right that we should speak out and let our friends hear when we have words of appreciation.

Thanks be unto God that as our Father, He has revealed Himself to us in Jesus Christ, the Friend of men. The Master Teacher who came from God was known as the "friend of publicans and sinners. Jesus, the Saviour of the world offers us the friendship of God and forgiveness of sin through his death on the cross.

Monday, Nov. 26, 1962

at 8:00 p.m. for the consideration of Municipal and School matters.

G. D. SMITH
Municipal Clerk

WOMEN'S PAGE**WI will establish memorial for Miss Marion Cartwright**

At the November meeting of the Women's Institute, which marked the fifty-third anniversary of their founding, members voted to establish a memorial to the late Miss Marion Cartwright whose membership covered over fifty of these years. A cabinet with her name plaque will be placed in the library and will display her Institute and life-membership pin as well as the Village history, and the cups and other trophies won by the society.

The President, Mrs. Rothwell stated that four large cartons of handmade sweaters and layettes and some used clothing had been shipped to the Unitarian Services.

The Treasurer, Mrs. L. W. Rumball reported returns from the Bazaar at some \$240 with balance on hand of \$450. Gifts of \$5 each were made to the C.N.I.B., Queen Alexandra Solarium and for buying Christmas gifts for patients in one of the

provincial mental hospitals, purchase for same to be left to Miss Mary Scott and Mrs. E. Hookham. Prize money won at the PNE was distributed to Mrs. G. Inglis, Mrs. G. Dinning, Mrs. Prucurenoff and Mrs. H. Mott, the latter's quilt having been judged one hundred percent perfect.

Mrs. E. Bingham of Agriculture noted improved bazaar sales due to smaller quantity packaging of fruits and vegetables and ready potted bulbs.

Mrs. V. Barrs of Citizenship conducted a counting lesson from one to ten in Italian, this being the last of a series in languages. Speaking of the education of Canadian Indians she noted that total Federal expenditure for the last fiscal year had been \$29 million, representing only \$675 per student.

Mrs. E. O. Mortimer said that Arts and Crafts had brought in a profit of over \$84 to date

and a few dolls and articles remained for sale.

Mrs. Gray of Home Economics gave a recipe for softening paint brushes and other hints. Mrs. MacLachlan reported good sales of used clothing, proceeds of which would buy Christmas hampers.

The December meeting was advanced to Friday the 7th, and will be the annual meeting.

After the tea provided by Mrs. Procurenoff, Mrs. Mortimer, Mrs. Alstead, Mrs. M. Brown and Mrs. Holler, the members enjoyed a tour via colored slides with Mrs. G. Ritchie. Past Cuba, through the Panama with a stop in Panama City, on to the lovely island of Tahiti and its capital Papete, they ended with a tour of the north and south islands of New Zealand. Mrs. Rumball put into words the interest and thanks of the audience.

WOODLAND-BERGSTROME CEREMONY SATURDAY

A quiet ceremony took place Saturday afternoon, November 10, when Johan Claire Bergstrom, and Robert Earl Woodland were married in Parkdale Baptist Church.

The bride is the daughter of Mrs. Flora Bergstrom of West Summerland, and the groom is the son of Mr. and Mrs. William Earl Woodland, of Okanagan Mission. Rev. Frank Haskins officiated at the double ring ceremony.

Mr. and Mrs. Henry Woodland of Kamloops were attendants.

The couple will make their home in Vancouver, where the groom is in his final year of chemical engineering at UBC.

Comings and Goings

Charles Leinor was home from Burnaby Vocational School for the week end visiting with his parents, Mr. and Mrs. Ray Leinor.

Mrs. George Wardle is at the coast this week, visiting with her brother, Frank Davis and family.

Mr. and Mrs. Doug Young-husband and the latter's mother, Mrs. J. James are in Vancouver to attend the wedding of their son, Gordon Young-husband.

Mrs. W. L. McPherson, who has been visiting in Eastern Canada and Calgary, returned home Sunday by way of Vancouver.

Mr. and Mrs. K. L. Boothe and son Gordon motored to Prince George to spend the long week end with their daughter, Lynn, who teaches music in the Prince George school.

Mr. and Mrs. Palmer Hoem and daughter Allison, of Mission City, were holiday visitors with Mrs. Hoem's mother, Mrs. Hilda Allison.

Mrs. H. B. Mair returned on Sunday from a two week visit to Vancouver and Victoria.

Mr. Douglas Boothe of Vancouver spent the week end here with his grandmother, Mrs. T. W. Boothe.

Mr. and Mrs. Herb Lemke were in Chilliwack over the week end visiting with Mr. and Mrs. Larry Lemke.

Miss Nancy Fudge visited her sister Barbara at UBC over the holiday week end.

John Lott was home from UBC visiting his parents, Mr. and Mrs. T. B. Lott.

Mrs. Rose Fiske and family of Vancouver were here over the holiday week end.

C. O. (Chuck) Brawner of Victoria and Mr. and Mrs. Ken Brawner of Vancouver, visited with their parents, Mr. and Mrs. V. Brawner over the holiday week end.

Mr. Gaynor Williams of Ottawa is here visiting Mr. T. O. Williams of Parkdale Place.

David Davis of UBC was home for the week end visiting his parents, Mr. and Mrs. Wesley Davis.

Mr. and Mrs. W. C. McCutcheon are home after a trip to Edmonton. They visited in the Kootenays on their return trip.

Mr. and Mrs. J. S. Kirk left Saturday for Vancouver, where they embarked by boat for a winter holiday in Europe.

Dr. Dougald MacGregor and John Kitson were in Vancouver and Seattle on business for the research station.

Mrs. Norris Laidlaw and son Lowell were in Vancouver this week.

Mr. and Mrs. J. Collard and daughter Cathy of Vancouver visited Mr. and Mrs. Joe Sheelley over the long week end.

Mr. and Mrs. A. K. Macleod of Trail were holiday visitors with Mr. and Mrs. H. C. Whitaker.

Mrs. Helen Anderson and Mrs. Margaret Sunderwood and three grandchildren from Pen-ticton motored to Nelson over the long week end. They visited with Mrs. Sunderwood's daughter, Mrs. J. Bay and family.

Women in pants since 480 B.C.

Men! If the fact that your wife is "wearing" the pants in your family" is bothering you, just calm down.

Women have been donning trousers for centuries, and apparently enjoying every minute of it.

The first record of women wearing pants is said to have begun as far back as around 480 B.C. with the Amazons, women warriors of Greek mythology. According to legend, these fighters dressed in close-fitting trousers, long sleeved vests and a high cap called the "kidaris."

And of course, Persian harem women lolled about their quarters in filmy pantaloons.

However, in the history of western civilization there is no further mention of women in slacks during the 2,000 years from the time of the Amazons to the beginning of the 19th century.

About 1800, women began to wear drawers—and even dared to display them. The loose trouser legs reached to the ankles and were either open or gathered at the bottom. Sometimes edged with lace, they peeked from beneath modest skirts.

George Sand, the French authoress, actually wore trouser-like pants about 1830 to assert her independence.

Reformer
United States dress-reformer and advocate of women's rights, Amelia Bloomer, adopted the mode of dress in 1849. She wore a short skirt with loose trouser gathered around the ankles, a style originally introduced by Mrs. Elizabeth Smith Miller during the first women's Rights Convention in 1858. The

Square 'em up

The Summerland Pairs and Squares only intermediate level party night of the winter season will be held in the Youth Centre on Saturday, Nov. 17, at 8:00 p.m.

Emcee for the evening will be the very popular caller-teacher Bob Emerson of Omak, Washington. Bob's patter and singing calls guarantee all dancers a wonderful evening of good fun.

A buffet supper will be served by the ladies of the club, and dancers from all up and down the valley are expected. We hope all members of the Pairs and Squares will be able to et out and enjoy dancing with their co-dancers from other towns.

The Friday night Beginners Class is going ahead quickly under Ray Fredrickson's guidance. Intermediate dancers from the club have been coming out to fill up the squares where necessary and help the Beginners get the hang of things. It's a pleasure to see the enthusiasm the new dancers have, and to join in the fun of learning with them. We know it is the beginning of many happy squardancing evenings, and are looking forward to having them in the club with us.

name "bloomers" gradually came to mean any divided-skirt or knickerbocker dress for women.

Bicycling became a popular sport for women at the turn of the century and bloomer variations became increasingly popular. Pyjamas were first introduced in 1910, and women began to be seen on beaches in bathing suits actually designed for swimming.

About this time, Englishwomen gave up their cumbersome riding skirts and adopted breeches and jodhpurs.

Movie star, Marlene Dietrich, was one of the first contemporary women to wear slacks publicly as a sports item back in the 1930's. Baggy and full, with unpressed pleats, they were a great contrast to today's tailored slims.

Overalls

When the Second World War broke out, women in war work donned jump suits and overalls. Regular army cover-alls were issued to the first women recruits in the Canadian Women's Army Corps.

By the mid-1940's, women's slacks resembled sailors bell-bottomed trousers. Pedal pushers, bermuda shorts, treader pants and short-shorts swept into style.

Today, slacks are slim and tailored in plain, patterned or plaid materials. Some are even elasticized. But whatever styles the future may hold, it seems that pants are here to stay.

26 year pin for Mrs. Blacklock

The November meeting of the Legion Ladies Auxiliary was attended by 22 members. Two new members joined, Mrs. T. Bell and Mrs. F. Jones.

A 25 year pin was presented to Mrs. Blacklock.

Arrangements were made for Poppy Day and Sgt. at Arms Mrs. V. McCutcheon drilled the ladies in a practice for Remembrance Day.

The Christmas cake, drawn for Monday night, was won by Mrs. Laura Taylor. The funds from this raffle are to be used to buy crosses to mark the grave of deceased veterans.

Rebekah bazaar Saturday

This Saturday, November 17, you are invited to attend the annual bazaar held by the members of Faith Rebekah Lodge, West Summerland.

One of the many features will be the draw for the matched luggage and made-to-measure sweater.

Home cooking, fancy aprons and needlework, timely suggestions for Christmas shoppers, will also be on display for your buying pleasure. Tea will be served and there will be a fishpond for children.

Doors will open at 2:30 p.m.

Kiwanis Club Notes

At Tuesday nights meeting thirty five were present including two Key Club visitors, Ken Smith and George Hauschild, and two Penticton Kiwanis, Roy Feiklejohn, and Noel Grout.

It must have been in honor of President Walt Toevs return that a swell turkey dinner was served. If this be so, it is hoped Walter will go away and return every week.

Bernie Hubbard part led and part followed in the sing-song. Three of the members, Jerry Hallquist, Jack Ratzlaff, and Wally Harrison who insisted in singing the wrong songs, were penalized by being forced to sing a trio, but it was really the listeners who were the sufferers.

Letters were read from the Key Club, thanking the Kiwanis for the Pines excursion, and from the Summerland School of Arts for a contribution.

There was also a bill for "starting gifts" to the new Oliver club, shared by all clubs in the district.

Jack Towgood reported on the progress of the blood donors clinic and Jim Schaeffer on the building for the portable kitchen.

Roy Meiklejohn, architect from Penticton, introduced by Don Randle, spoke on town planning and architecture. The interest in his talk was indicated by the many questions at its conclusion. The Recorder thanked the speaker.

Baby bonus can help to buy college education

Most parents are only too well aware that it takes a good deal more than brains for a boy or girl to go to college. That's why far-sighted mothers and fathers who want to give their children the best possible in life, plan far in advance for the rising costs of higher education.

For many Canadian parents, the monthly family allowance cheque provides an opportunity to lay the groundwork of a savings program designed to cover the costs of higher education for their children.

Family allowance cheques for one child, if deposited in a B of M savings account until the age of 16, will total more than \$1,600, including interest the bank pays. It's a tidy sum towards a college career.

If you're in doubt as to what it might cost in the long run to send your boy or girl to college, why not drop in at the Summerland branch of the Bank of Montreal. Jock Johnston, the manager, will be glad to give you a copy of the B of M folder outlining a typical education savings program which can easily be adapted to the special requirements of your youngster.

Singer Mary Frances, whose young but eventful life has been devoted to showbusiness, is now featured in her own CBC radio network program, *Fancy Free*, heard each Thursday morning. Accompanying her on the program is The Charles Coleman Trio. Mary, who began singing professionally at the age of 14, came into nationwide prominence as a regular on CBC-TV's *Country Hoedown*.

Bowling results

by Herb Simpson

The Occidentals, after three weeks of play, remain in top place in "A" league with 12 points, a five-point lead over the second place Gutter Gang. Individual scores in this division were: ladies' high single, Eileen Fell, 293; Men's high single, Don Archibald, 251; Ladies' high three, Eileen Fell, 715; Men's high 3, Al Coffey, 683; High team, Hilltoppers, 2994 pins.

In "B" league, the Roamers collected 7 points to put them ahead of the Bouncers by 2

points. The score now shows the Roamers with 11 points, Bouncers, nine points. Ladies' high single was rolled by Nona Bareson with 209; Bruce Bingham took Men's high single with 263. Ladies' high three was 277, bowled by Ann Dean, with Syd Saunders taking the men's high three with 648. High team was the bouncers with 2637 pins.

"C" League standings show a tie for first place with the Misfits and the Hustlers each having 9 points, one point ahead of the Dodgers. In the ladies' individual scores, Paula Vandenburg had it all her own way for the second successive week, bowling a high single of 225 and 534 for the high three games. Norris Laidlaw rolled a 302 game to take the Men's high single, and we believe this is Norris's first game over 300, congratulations, Norris. Men's high three was scored by Mac Butler with 594. This also is a repeat performance, as Mac had 602 last week for the high three games. High team this week was the Misfits with 2470.

The interior of the alleys are taking on a new look, with the stools at the coffee counter being re-upholstered, and the counter moved to allow more floor space. New chairs now replace the benches, and Bill and May are planning more improvements for the comfort and convenience of the bowlers. See you next week.

1st Summerland Troop

The troop has been busy over the past three days. On Saturday the boys sold poppies for the Legion, on Sunday turned out for the Remembrance Day Service and Monday to the troop meeting. Although attendance of the meeting was down, tests were done in signalling and Kims Game and instruction started on map reading. At the end of the meeting a great deal of amusement was caused by a number of rounds of blind-fold boxing.

Patrol points are Buffaloes 148, Eagles 139, Beavers 127, and Hawks 129. Duty patrol next week, Beavers.

Rotary Foundation - works towards peace

The week of November 11-18 is Rotary Foundation Week when Rotary Clubs everywhere bring to the attention of Rotary members and the world at large the great work that is being done by Rotary Foundation.

The purpose of the Foundation is to promote international peace and goodwill. This is done by giving scholarships to worthy students to pursue their studies for one year in a university in a foreign country.

People around the world are thinking in terms of peace. High level conferences are being held with the stated objective — peace.

Billions of dollars continue to be spent for weapons of war — tools of destruction — that in an instant could nullify the work and efforts of millions over a period of many years.

EXCHANGE STUDENTS

Four students from Coulee Dam, Washington are attending school here this week as part of the Summerland Rotary Club's student exchange program. They are Bonnie Stallman, Dean Skorheim, Robert Miliken and Sharon Harrison.

Four Summerland students, John Rathjen, Judy Betuzzi, Micki Jomori and Lina Munro are attending school in Coulee Dam this week.

The Rotary Foundation program of granting Fellowships permitting a student to live and study in a country other than his own is a great forward step. The program has given tangible evidence of what can be done on the positive side to promote worldwide understanding, goodwill and peace.

From an idea — formulated in the mind of a Rotarian back in 1917 — the Rotary Foundation has become a vital part of the worldwide program of Rotary. The Foundation affords clubs, large or small, wherever located an opportunity to render a service with tangible results. The outstanding activity of the Foundation is unique among student-assistance projects because the Foundation is able to carry on an interchange of students, back and forth, over six continents.

Since 1948, nearly eight and one half million dollars has been contributed to the Foundation Fund. During the same time, 1597 Fellowships have been given at a total cost of four million dollars. This year 141 Fellowships have been awarded.

When a Club has contributed \$10 for each member it becomes a 100% Club and \$20 makes a Club a 200 per center. The local Club has qualified for a 200% certificate recently and a certificate will be presented to the Club shortly.

Mr. Fergie Browne, Member of Parliament for Vancouver-Kingsway Constituency from 1958 to 1962, has announced that he will contest the leadership of the Progressive Conservative Party in British Columbia at the convention to be held in Vancouver December 6-8.

Services for G. A. Popplewell

John Alexander Popplewell of West Summerland passed away suddenly at his home on Monday, November 5, at the age of 68 years.

He is survived by one daughter, (Dorothy) Mrs. Roger Strong of Victoria, two grandchildren, one sister, Mrs. Margaret Kosobuski of California; and one brother, Henry of Revelstoke.

Funeral services were conducted in the Penticton Funeral Chapel on Friday, November 9, at 2 p.m. with Rev. A. V. Bentum officiating. Remains were forwarded to Victoria for cremation.

Many honor war dead

Remembrance services Sunday attracted one of the largest crowds in the past few years at the Cenotaph.

Legion members, Ladies Auxiliary, Scouts, Cubs, Girl Guides and Brownies took part in the parade, accompanied by the town band.

Rev. Norman Tannar, Acting Legion Padre, conducted the service assisted by other members of the Summerland ministry.

The annual Remembrance Day banquet was held Sunday evening in the Legion Hall.

On Monday evening a social evening and dance was held in the hall for Legion members and their partners.

GROWERS

(Continued from page 1)

trolled atmosphere storage program and that a report be presented of progress so far. The other resolution asks that the bylaws be amended so that the convention has the authority to regulate the basic principle of pooling.

Another resolution asking that an investigation be made into costs on packed soft fruits compared to costs assessed against that going to the cannery both at B.C. Tree Fruits and packinghouses level was defeated. Growers felt that the resolution was not properly worded.

Council briefs

(Continued from page 1) at the municipal hall the Garnett Valley flume damage occurred as early as October 28, but as yet no clues leading to the persons responsible have been raised.

WINTER WORKS

Winter works projects for the coming season will include parks development, a new irrigation tunnel and fairly extensive road brushing around the municipality.

PROPOSES MOTEL

Keith Young asked for rezoning of his property across from Lamb Motors. He has purchased two lots in this area and proposes to construct a four unit motel. A public hearing will be held Tuesday, November 27 at 7 p.m. in the municipal hall to hear complaints.

HEALTH UNIT HERE

Councillor W. S. Ritchie reported that the South Okanagan Health Unit will hold its quarterly meeting in Summerland next Wednesday. Reeve Norman Holmes will welcome the visitors and the school's home economics class will provide tea.

SINKING FUND INVESTED

The \$12,000 surplus in the municipal sinking fund is now invested, finance chairman Eric Tait reported. The money has

been invested in B.C. parity bonds at 5% percent interest.

Councillor Tait presented the October accounts totalling \$66,317.19, which included a \$10,000 school requisition.

ELECTRICITY CONSUMPTION

This year's electrical consumption is 17½ percent up over the same period last year, reported municipal clerk G. D. Smith.

CURLERS STILL WET

Problems with drip in the arena are not licked yet, reported councillor Tait. A plastic sheeting was placed on the arena ceiling earlier this year and now, possibly due to the steam from ice-making, the beams below the plastic are very wet and some dripping has occurred. Council instructed works superintendent Ken Blagborne to place a fan in the arena to help alleviate the problem.

ROOMS AVAILABLE

Three more guest rooms are now available at Parkdale Place councillor W. B. Powell reported. Installation of a fire alarm system while the new buzzer system is being installed was also discussed. Appointments of Mrs. K. Elliott as matron and Mrs. M. Parry as cook were confirmed by council.

The Corporation of the District of SUMMERLAND

Notice of Election

Public Notice is hereby given to the Electors of the Municipality of Summerland that I require the presence of the said Electors at the Municipal Office, West Summerland, B.C. on the

26th day of November, 1962

at the hour of 10 o'clock in the forenoon, For the purpose of electing persons to represent them as

Councillors and School Trustees

The mode of nomination of candidates shall be as follows:

Candidates shall be nominated in writing by two duly qualified electors of the municipality. The nomination paper shall be delivered to the Returning Officer at any time between the date of this notice and noon of the day of nomination. The nomination paper may be in the form prescribed in the "Municipal Act" and shall state the name, residence and occupation of the person nominated in such manner as to sufficiently identify such candidate. The nomination-paper shall be subscribed to by the candidate.

In the event of a poll being necessary, such poll will be opened at the

Municipal Office,
West Summerland, B.C.

on the

6th day of December, 1962

between the hours of 8 a.m. and 8 p.m.

of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at West Summerland, B.C., this 15th day of November, 1962.

Under the Giant's Head

Only 11 singers turned up Tuesday to what was the third and last practice of the recently formed Summerland Mixed Choir. Since at least 30 to 40 singers are needed, choirmaster Bud Stuart and those present decided to suspend practices for the time being. The group hopes to make another attempt in January. "Not lack of enthusiasm, but lack of numbers caused us to stop", said Mr. Stuart.

The staff room of Parkdale Place has been redecorated. At last week's meeting, the Summerland Rotary Club voted to provide a TV set for the room for the enjoyment of the staff.

The first official temperature below freezing was recorded at the research station during the past week. They also recorded .12 inches of rain and 7.9 hours of sunshine.

If you find you are running short of apples already, the Rotary Club is selling boxes of apples again this winter. They have all varieties on hand at only \$2 per box. Phone "Tiny" Ganzeveld or Gordon Beggs for free delivery.

Last week, Trout Creek Service was inadvertently omitted from the list of merchants urging your support of the blood donor clinic. Sorry Bill.

Attendance was down slightly at the blood donors clinic this year, with 329 donors contributing on Friday.

Plan curling for weekend

Summerland Curling Club is organizing week end curling to start this Saturday and Sunday. Bernie Hubbard is director-in-charge, and all those wishing to play should contact him. The club plans mixed rinks for Saturday nights, and hopes to make it a social evening.

In order to accommodate men curlers who are unable to take part in the regular evening draw, a Sunday morning league is being organized.

Made-up rinks are wanted now; however interested individuals should get their names in, as they can be formed into rinks.

ATTEND ANNIVERSARY

Mr. and Mrs. J. Heichert and daughter, Mrs. W. Copp and two children, Brian and Shirley Ann of Vernon, Mr and Mrs. R. Spelsburg, motored to Vancouver over the week end. They attended the 25th wedding anniversary of the Heichert's son and daughter-in-law, Mr and Mrs. W. Heichert. Fifty guests were present at the gathering on Saturday.

George Geres of the municipal crew, inspects damage caused recently by vandals to the irrigation flume in Garnett Valley. The municipality is offering a \$50 reward for information leading to those causing the damage, which is estimated at \$300.

Valley bands meet here Saturday

As part of the campaign now being pursued with emphasis on stringed instrument playing in the schools, the Extension Branch of the University of B. C., will include an upper and lower string instructor for the Band Conference to be held at West Summerland on Nov. 24. Workshops will also be held for single and double reeds, flutes, brass and percussion.

Music workshops will be conducted by a team of seven faculty members from the university of British Columbia's Department of Music and College of Education at the Summerland Secondary School. The team will be comprised of Miss Carol Kniebusch, Professor Elliot Weisgarber, Courtland Hultberg (woodwinds); Dr. George Proctor, Professor Douglas Talney, (strings); Professor Samuel Davis, Dr. Allan Clingman (brass and percussion).

The Conference, which is confined this year to second and third year students has in the past included bands from Kamloops, North Kamloops, Salmon Arm, Vernon, Rutland, Kelowna, Summerland, Penticton, Oliver and Osoyoos. With all bands and orchestras present this year, the number of students could be well over 450.

Louis Bicz, the Host director, states that the bands and orchestras will arrive at 9:30 a.m. The clinic will start at 10:00 with the students dispersing to various classes where they will receive group instruction on their particular instruments. From 12 to 1 p.m., they will eat their lunches while watching a special film in the school auditorium. They will then assemble as separate bands in the gymnasium. It is here that they will have a chance to (Continued on back page)

Tooth decay reduced, health meeting told

A five year study of water fluoridation in the City of Kelowna has proven that fluoridation is effective, was the report given at the 4th quarterly meeting of the South Okanagan Union Board of Health here on Wednesday.

The Kelowna 1961 Dental Survey indicated that the 265 school children in the 6-8 year old group had approximately one quarter less tooth decay of their permanent teeth than the 208 school children of the same age group in 1955. Their deciduous teeth had also less tooth decay than experienced by children of this age group prior to fluoridation.

Information on the fluorida-

tion study was given to the meeting in the Health Centre by Dr. D. A. Clarke, Medical Director of the South Okanagan Health Unit.

Dental surveys of native resident Kelowna school children between the ages of 6 and 14 years were carried out in 1955 (448 children) and again in 1961 (707 children) five years after the commencement of fluoridation, by the Kelowna Dental Society, utilizing the methodology of Dr. W. K. Brown, Chief of the Dental Health Division, Department of National Health and Welfare, Canada. The children who have benefited most by this public health measure were the youngest age group of school children, from 6 to 8

years of age.

Other findings announced were that nearly twice as many 6 to 8 year olds had experienced no tooth decay whatsoever than in 1955, 20 children vs nine children.

Evidence of less tooth decay was also demonstrated both for the children aged 9-11 years and for those aged 12-14 years.

Dr. Clarke said that until 1971, fifteen years after the introduction of this public health measure can the maximum benefits be expected to be evident by these surveys of school children from the age of 6 up to 14 years. The cost of the program, he said has been less than 10c per person per year.

Janet Munro tops competition

Summerland Figure Skating competitions were held in the arena on Saturday.

Janet Munro was the big winner, with five trophies from five entries. Other winners were Beginners: Linda Gordon, Joan Proberbs, Sherry Nistor. Men: Ken Kuroda, David Minchin, Maurice Tyacke.

Novice: Adita Bonaldi, Connie Kuroda, Barbara Kuroda.

Juvenile Ladies: Dawne Ratzlaff, Barbara Inch, Cathie Minchin.

Juvenile men: Ricky Ratzlaff, Lucky Campbell.

Dutch Waltz: Anne Porritt and Lynne Gartrell; Jill Pruden and Margaret Downing; Patsy Ganzeveld and Anne Forster.

Preliminary Dance: Bill Wellwood and Marjorie Porritt; Robert Munro and Barbara Porritt; Nigel Blagborne and Sheila McLachlan.

Bronze Dance: Wess Campbell and Janet Munro; Anne McLachlan and Carina Campbell.

Beatrice Young and Wendy Toevs.

Junior Ladies Pairs: Marjorie Porritt and Becky Downing.

Junior fours: Bruce MacGregor, Sheila McLachlan, Nigel Blagborne, Beatrice Young.

Senior fours: Anne McLachlan, Sharin McIntosh, Janet Munro, Linda Munro, Carina Campbell, Wendy Toevs, Becky Downing, Marjorie Porritt.

Senior men: Wess Campbell. (Continued on back page)

Skiers plan instruction, films for beginners

At an Executive meeting of the Summerland Ski Club, held at the home of president Don Agur, the following rates were set for the use of the cable tow this coming winter. Family season ticket \$15.00; adults \$10.00; high school \$6.00; and public school \$4.00, this to include club membership.

Daily rates adults and high school \$1.50; children 12 years and under 75c with Club members paying — adults and high school \$1.00; children 50c, Club membership to be: adults \$2.00

juniors \$1.00.

Basic instruction will be given at the hill to all skiers.

The cable has been placed in position and a work party is planned for Saturday, November 24 to hang the cable on its supports and place a new floor in the cabin.

A general meeting is planned for Friday, December 7 to plan for the coming season and register for instruction. Films will be shown and it is hoped that a suitable speaker for the occasion will be secured.

Research Station working in tomato development

The following press release was received this week from the research station.

Tomatoes in the North Okanagan need a "shot in the arm". Changing economic conditions have resulted in the acreage being reduced from about 3000 acres prior to 1950 to 750 acres in 1962. Instead of 15 canneries putting up tomatoes, Bulmans Ltd., Vernon is the sole survivor in the interior. Like many other crops, tomatoes have had additional cultural problems in recent years. If the growing of tomatoes is to continue as an interior industry some kind of reappraisal is necessary.

It is now proposed to more widely establish good economic practice in the growing of vegetable crops in the North Okanagan with tomatoes receiving

the major initial attention.

Present recommendations are to test crops on growers' farms in the Vernon area and will include consideration of the following points: Soil preparation (including fertilizing); greenhouse culture of young plants transplanting; irrigation; side dressing when necessary; spraying for prevention of disease; harvesting; variety screening.

Present fertilizer recommendations will be tested and additional work will be undertaken to determine potash requirement.

Throughout British Columbia the fresh market is at present receiving a large proportion of its tomato requirements from imported fruit. Staking has been tried previously and considered expensive for the yield obtained, so it is thought

worthwhile to re-study this problem to develop the superior quality the market demands.

Canada Department of Agriculture and the B.C. Department of Agriculture will cooperate on the establishment and supervision of the plots while the processing industry will assist with harvesting.

To carry out this program in an effort to stop the tomato decline and return the industry to prosperous conditions, a committee has been appointed by Dr. C. C. Strachan, director Summerland Research Station representing the three main segments of the interested parties, namely, the Research Station at Summerland for the Canada Department of Agriculture and the B.C. Dept. Agriculture and the commercial industry.

Those from the Research Sta-

tion include F. E. Atkinson, Head of the Fruit and Vegetable Processing Laboratory, as chairman; L. G. Denby, Head of the Vegetable Section, and G. E. Woodlams in charge of vegetable diseases. B. C. Dept. Agriculture is represented by Maurice King, specialist in vegetables; Bryan A. Hodge, assistant in vegetables in the Vernon area and M. G. Oswell, district horticulturist in Vernon.

Industry is represented on the committee by T. R. Bulman, president of Bulmans Ltd., Vernon, Don Weatherill, fieldman of Bulmans Ltd., A. C. Lander of the B.C. Interior Vegetable Marketing Board, Kelowna, and L. R. Stephens representing B. C. Federated shippers.

At the first meeting held in Kelowna on Nov. 14, A. C. Carter, provincial horticulturist

was present.

A sub-committee on trial plots is comprised of L. G. Denby, chairman; M. King and B. A. Hodge.

Maurice King is organizing a growers meeting in Vernon December 11, to deal entirely with problems in the tomato industry. A second meeting of the main committee is scheduled for December 18.

It is hoped this will be a continuing committee and as problems with one vegetable are solved other vegetables will be included in the tests. From Lavington north to around Shuswap Lake there are many acres of desirable vegetable land. If a concerted effort can be made this area could be one of the most important vegetable producers in British Columbia.

School board at Trout Creek PTA

Five members of the Board of School Trustees of School District 77 (Summerland) were speakers at the monthly meeting of the Trout Creek P-TA. John Cooke, supervising principal, introduced chairman K. Boothe and members R. J. Barkwill, J. Bennest, W. G. Evans, and W. S. Ritchie. After introductory remarks by Mr. Boothe, each trustee spoke on some phase of school board work.

Mr. Boothe read the minutes of the last School Board meeting. The large crowd present was impressed by the great amount of business transacted at a regular School Board meeting. He also reviewed the Board's budget for this year. Trustee Bennest gave an account of the vocational training program and also mentioned it was financially difficult for a small district such as Summerland to supply all types of vocational training. He mentioned that the commercial department of the Secondary School had been enlarged this year however. Dr. Evans commented in his talk on teacher-board relations. He explained the new valley salary agreement to the meeting. Mr. Ritchie humorously outlined the co-ordination between council and school board. Of considerable interest

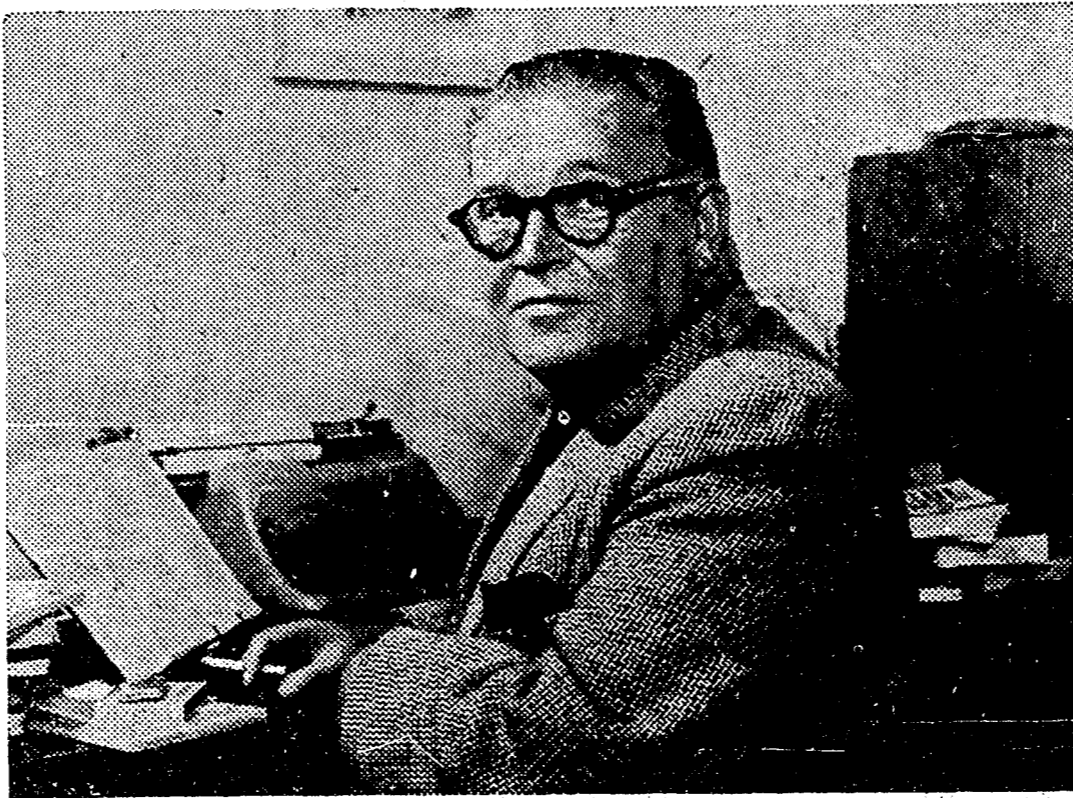

to the parents was Trustee Barkwill's comment that some decision about grade seven would soon have to be made and that a building program could result in expansion of the Trout Creek School.

During the lively question period several questions were asked about the possibility of constructing a multi-purpose or activity room onto the school. Other questions dealt with the incorporation of kindergarten into the public school system and about the cost of bus transportation to the taxpayer.

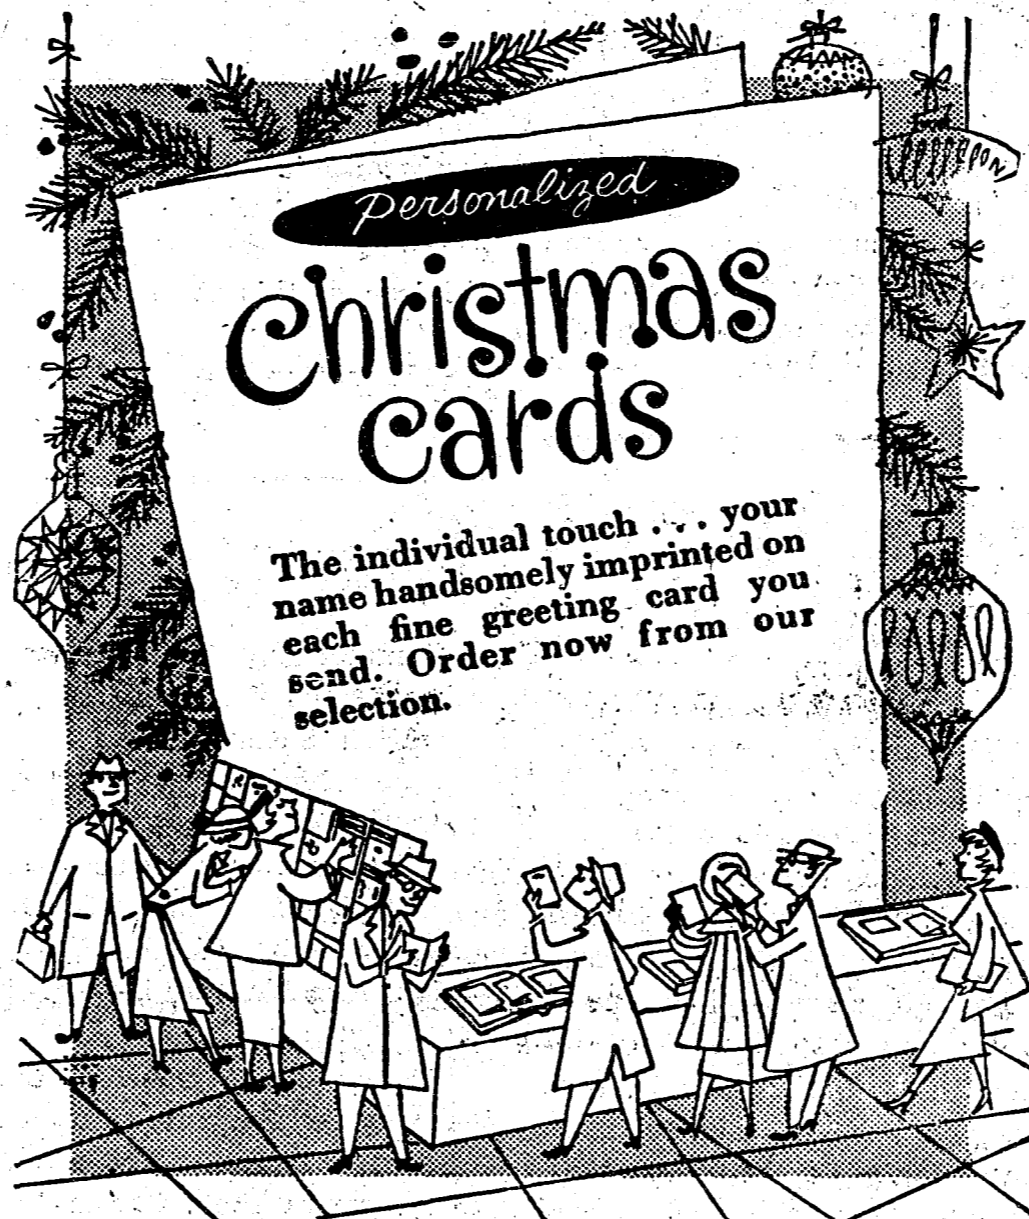

Mrs. D. R. MacGregor thanked the Board for the meeting. As Dr. J. E. Miltimore, president, was out of town on business, George Ryman conducted the business meeting. At the conclusion of the business meeting Ray McNabb thanked Mr. and Mrs. Syd Hodge on behalf of the P-TA for all the contributions they have made to Trout Creek School. Mr. Hodge was one of the first presidents of the group and Mrs. Hodge was responsible for many successful fund-raising projects and also helped organize the Sports Day Program on several occasions.

The meeting concluded with refreshments and many people took this opportunity to browse through a book display of children's books especially selected by the Okanagan Regional Library. Mrs. M. D. Proverbs arranged this display to coincide with Young Canada Book Week and to give parents some ideas on Christmas book gifts for their youngsters.

Some people can remember all the details of a story except the names of the people they have already told it to.

The radio program, CBC Wednesday night, celebrates 15 years of broadcasting in December, 1962. Also celebrating the occasion will be James Bannerman (above) who has introduced the evening's fare since the program first went on the air in 1947. Both Bannerman and CBC Wednesday Night plan to continue bringing radio listeners the best in music, drama, literature and documentaries during the sixteenth year ahead.

SUMMERLAND
REVIEW

FACTS ON FORESTS

The first British Columbia fir plywood mill was opened on the banks of the Fraser River in 1913, and employed only a few people. Today, the B.C. plywood industry gives employment to more than 6,000 British Columbians, not count-

ing those engaged in logging operations.

The world's largest circular saws, up to ten feet in diameter, are used in British Columbia in the manufacture of red cedar shingles.

Editorials

Why the lack?

We may be wrong, but it now appears that Summerland will not require an election for council members this year. And that is extremely bad.

Do not mistake us — it is a splendid thing for a person when they so trust him that they do not want to oppose his re-election to office. It must give such a candidate a feeling of pride, well mixed with humbleness, when this happens.

That is, when motivation for it is genuine, and does not arise from apathy. In mentioning this at the present time we are not speaking of the present period particularly. The two members of council whose terms will end and probably re-commence this year are valuable contributors to community development.

We are discussing the principle of the matter, not its specific occurrence at the present time. We are saying, in other words that when communities elect too many officials by acclamation, this arises not from particular preference for those particular candidates but from apathy on the part of other community leaders who should proffer themselves, should show their willingness to serve; it arises from the indifference of those who should urge proper people to place their names on the ballot paper — and who should support such candidacy.

As part of such interest there should be a proper meeting or meetings where such candidates may be given a full opportunity for placing their ideas before the public. Such sessions should provide for criticism or cross-questioning of candidates — all without rancor or personalities.

Rich rewards come on the heels of such a program as we have outlined. Among them are such things as a better tighter-knit community spirit; a more progressive approach on the part of all to community problems and growth — and the provision of a better place for attracting new industries and new development. Is this not worth while? We think it is.

★ ★

Don't be a sucker

Door-to-door salesmen pose a problem for many local residents, who are too embarrassed, shy or flattered with the flowery language to say "no" when asked to buy something.

The Globe has mentioned on numerous occasions that the best man to deal with is the community merchant, who has your interests at heart and who is always available to live up to claims on the product purchased.

Next time you hear a rap on the door, avoid these pitfalls as listed in the Wolfville (NS) Acadian:

Don't fall for sympathy appeals or hard luck stories, such as working his way through college, supporting an aged mother, etc.

Gullibility appeals, such as you are entitled to a discount of \$50, if you sign today — or "you won a consolation prize, but in order to get your winnings you must sign here, and pay \$xx.00" you will likely be paying for everything you get.

Survey pitch. The salesman who start with a so-called survey

"Free". "You have been selected, and we wish to use your home for an advertising display."

Bait and switch. "You have won \$xx.00 credit on our appliance, (which sells for a cheap price) but when you order it, the salesman refuses to sell it to you. He brings in a much more expensive appliance, which was the one he intended to sell you in the first place.

Referral sales. The salesman asks you for the names of 10 friends, who might be likely prospects for his sales, on the understanding he will pay you for each sale made. It may pay off, but more often it does not, and you may lose a friend.

Rush tactics. You must sign today — this is a one-call opportunity, and tomorrow you will not be entitled to consideration. The reason may be that the proposition will not stand up to investigation.

Paying a deposit on home repairs, before work is started. The excuse may be to purchase materials for the job. If the contractor cannot finance sufficient materials to start the job, it is likely that he may not be able to finance his room and board to finish the job.

Coupons for sale; you get a coupon which entitles you to a photograph at a cheap price. The salesman wants to get an order for a quantity, and if you insist on only one, you may not get the service you expect. Ask for the names of satisfied customers, and check with them before you pay out any money.

A special note to teenagers. Don't pay a deposit and sign a contract without consulting your parents or guardian. The salesman knows that the contract is not enforceable, but he also knows that he does not have to make a refund of the deposit.

— Lacombe Globe

Parliament Hill report

David Pugh, M.P.

To-day, Friday the 16th, closes another good week in Parliament. To me it was important for a number of reasons apart from the general legislative program.

The first of these was in line with the government's pledge to remove surcharges on imports into Canada as soon as possible. You will remember that these surcharges were placed during June as the result of serious foreign exchange depletion. It was a vigorous step and absolutely necessary. Since that date our reserves have continued to climb.

On October 16th surcharges were removed from certain industrial machinery and equipment not made in Canada. On the fourteenth of this month the second relaxation was made and designed to help the Canadian consumer by keeping down the cost of living. Surcharges on practically all foods and agricultural and fisheries products have been removed. It was significant that all parties welcomed these two announcements. Further in the financial field the drop in the bank rate has been welcomed as well.

A strong statement by the Honourable Howard Green, Minister of External Affairs, also received the acclaim of all parties. Mr. Green has received far too little attention for his tremendous work on disarmament and the ban of nuclear weapons. The announcement was that the Committee on Disarmament will be resumed and the basis of talks will be centered on proposals already put forward by Canada.

May I quote from Liberal Member Paul Martin "I am sure it is the general desire of the people of Canada, as well as the membership of this house that the objectives the government has in mind in this regard will be fully realized." Social Creditor Mr. R. N. Thompson "I would say this to the minister, that his consistent and persistent efforts in this regard are appreciated." And later "... and trusting that Canada will lead the way on this question, I may say that she has the respect of the nations of the world and a background that is free from those things which might hinder carrying through this objective." N.D.P. Mr. T. C. Douglas "... that we in this group are appreciative of the efforts which he and his associates have put forth toward promoting the cessation of nuclear tests and bringing about nuclear disarmament."

LAUGH OF THE WEEK

Preacher: "And when I get through with my sermon, I'll ask those of the congregation who want to contribute \$5 toward the mortgage on the church to stand up. In the meantime, you play appropriate music."

Organist: "What will be appropriate?"

Preacher: "God Save The Queen."

God knows

by Rev. M. Schütz

St. Luke, the twelfth chapter, the second verse says: "For there is nothing covered, that shall not be revealed; neither hid that shall not be known." This verse has both its fearful as well as its comforting aspect. To the wrongdoer it is frightening to realize that there is nothing covered or hid that shall not be known. It is disturbing to think that all our best kept secrets are known, all our cunning and deception to be revealed. All of our works, words and welfare known, but also to be accounted for, to a righteous God.

However let us consider the comforting side. A little girl had a deep love for her mother and constantly desired to show her affection. One day, while the child's mother had gone to see a neighbor, the little girl, tired of looking at her story book, spied a linen handkerchief her mother had been em-

broidering. She picked it up and laboriously hemmed it. A short while later the mother returned with the neighbor and saw the work of her little girl. As she gazed upon the crude embroidering she beheld not the awkward, uneven stitches, but the deep love that had prompted her child to "finish" the handkerchief. Her eyes filled with tears. To her the work was beautiful.

Often, with hearts filled with love and eagerness to please, we too attempt to do something for our heavenly Father. Though our work is bungled or poorly done, yet He sees the heart and motive behind it. When others misunderstand God knows and understands. When others misjudge us, God knows our intentions. God knows and can read our innermost thoughts, He will reward us for every good motive and each faithful endeavor. You cannot hide from God, He knows and cares.

HAIL DAMAGE SEVERE

The past season was probably the worst on record for hail damage to fruit crops in the Okanagan Valley.

Hail storms sufficiently severe to cause serious damage were prevalent throughout the growing season. They commenced early in May and followed through well into October, a period of time longer than any previous year.

The worst damage resulting

in heavy financial loss for many growers occurred on June 25th. Penticton was the centre of the area most affected with losses spread between Keremeous and Rutland.

Happily many growers protected themselves against such financial losses by insurance through the BCFG Mutual Hail Insurance Company. An amount totalling \$200,528.86 was paid to growers on November 15th, the highest payment recorded in any one year.

WOMEN'S PAGE

Community concerts presenting dancers Sujata and Asoka

Sujata and Asoka, in dances of India and Tibet, will open the 1962-63 season of the South Okanagan Community Concert Association on Saturday, November 24th, at the Penticton High School Auditorium. Concert time will be 9:15 p.m. for this concert only.

Sujata, who was born in India into a Hindu Christian family began her study of dancing at the age of six, with no thought of making public appearances. However, on finishing school, she broke with all family rules and traditions and joined a famous Indian dance and her group who toured the

length and breadth of India.

Asoka, was born in Europe and trained there in the classical style of the ballet. He then went to India to study Indian dances and learn more of the Indian religions which had interested him for many years. There he met Sujata, and after their marriage they fulfilled many engagements in India, before leaving for Europe and a six months tour of France.

Since then they have completed many successful tours in Canada, the U. S., the Far East and Europe, their latest European tour including a command performance for the King and Queen of Denmark.

Annual tea Saturday

This Saturday, the United Church Women will hold their annual Christmas tea in the United Church Hall, starting at 2:30 p.m.

The ladies will have a range of Christmas gifts for sale including gifts, home baking, Christmas cakes, mince meat, candies and a grab box.

A cordial invitation is extended to everyone to attend.

Reception for recent bride

A reception was held on Nov. 3, at the Japanese Hall for Caroline Diane, daughter of Mr. and Mrs. Bob Rogers of Trout Creek to announce her marriage to Robert Dueck of Westbank.

The wedding took place at a quiet ceremony in the court house at Penticton on Oct. 19.

The reception was held at the later date to co-incide with the arrival of the groom's parents Mr. and Mrs. W. Dueck, from Saskatchewan.

Other out-of-town guests included Mrs. Joan Remarchuck, Saskatchewan; Mrs. J. L. Vaughan, Miss Alma Vaughan, LaVerne Dueck, Bruce Fenton, Bill Kennedy, Dennis Wyberg, Irene Peterson, Mr. and Mrs. Art Johnson, Mr. and Mrs. Seltnerick all of Westbank Mrs. E. Lite and son Milton of New Westminster, Mr. and Mrs. A. Morgan, Osoyoos; Mrs. A. E. Gardner, Alan Gardner, Mr. and Mrs. Larry Gardner, Mrs. R. S. Rogers, Les Rogers, Mr. and Mrs. L. Owen and son Clive, Mr and Mrs Charlie Phipps, Penticton.

The toast to the bride was given by Bill Lewnton, who also took pictures. Music for the dance was supplied by Les and Bob Rogers.

Christmas decorations for annual Rebekah Bazaar

A successful tea and bazaar held by the members of Faith Rebekah Lodge, West Summerland, was opened by Miss Maida Morrell, noble grand, at 2:30 p.m. last Saturday. The IOOF a festive Christmas tree and the teatables centred with white hall looked very attractive with mums and a red candle; items for sale were on long tables covered with Christmas tablecloths. A delicious tea was served under the conponsorship of Mrs. Jack Raincock and served by several of the members, the homecooking was looked after by Mrs. J. Dunn, fancywork and novelties by Mrs. W. Snow and Mrs. C. Denike; lovely variety of aprons by Mrs. K. Blagborne; Mrs. W. Broderick dispensed parcels for the children from the Christmas tree. Mrs. F. Downes was general convenor with Mrs. R. I. Cornish receiving tea receipts at the door. Mrs. T. McDonald and Mrs. C. Denike handled the door prizes. Michael Beulah was invited to draw the lucky tickets, with Jim Brown winning the twin luggage set and Miss Christine Mair the made-to-measure sweater.

Locals

Mrs. R. Oxley returned last week after a six week holiday with relatives and friends in Nova Scotia.

Mrs. T. A. Waldon and daughter, Mrs. D. Nesbitt of Kamloops returned recently after spending a month's holiday with friends in Edmonton and Yorkton, Saskatchewan.

Mr. and Mrs. F. Schumann have returned from a hunting trip with friends in Calgary last week.

Mr. and Mrs. Les Rumball and son Kevin, spent last week end in Vancouver.

Mrs. MacInnes of Vancouver is visiting her son Fred MacInnes on Beach Avenue.

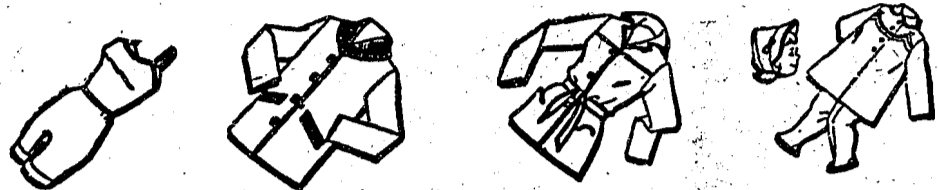

Mr and Mrs. George Forester have returned from a three week visit at the coast.

Mrs. Tressa McArthur has returned after a two month visit with relatives and friends on the prairies.

Mrs. Stan Bishop of Vancouver visited with her mother, Mrs Art Crook and Mr. Crook over the week end.

Tom H. Pledge of Burnaby, visited his father, John H. Pledge recently.

Mr. and Mrs. Ken Henderson of Lacombe, Alberta visited the former's parents here for a few days before going on to Vancouver to visit relatives and friends.

Bank of Montreal celebrating 75th anniversary in B. C.

All seven offices of the Bank of Montreal in this area are this week marking the 75th anniversary of the first permanent bank in this province, according to G. C. Johnston, manager of the West Summerland B of M.

Mr. Johnston said the B of M's first B. C. office was established in Vancouver in 1887, when the city had a population of only 10,000, and the seven district offices are marking the anniversary in common with the other 119 offices throughout the province.

The West Summerland B of M was opened in April, 1911, in quarters on Granville road between Pender and Hastings roads, on the site now occupied by the "Cake Box". The present premises, at Granville road and Kelly Street have been occupied since 1917.

The Kelowna main branch was established in November, 1904; Shops Capri branch, Kel-

owna, July, 1959; Westbank and Peachland offices, both in January, 1947; the main Penticton branch, July, 1910; and the Penticton Plaza office, May, 1960.

GROWTH IN B.C.

In its three-quarters of a century in B.C., the B of M's organization has grown to 126 offices throughout the province. There are 50 offices in the Greater Vancouver area and another 76 offices elsewhere in B.C.

C. E. Noblet, assistant manager, directs operation of the Vancouver branch, which is located at Granville and Pender streets.

The divisional headquarters are located in the same building. J. Leonard Walker, deputy general manager, is in charge

of the B.C. division's 126 offices in this province and four in the Yukon.

PARENT BANK

The B of M's growth in B.C. has followed the pattern set with the establishment of the parent bank in 1817, by the founding of the Canadian branch-banking system which is considered one of the finest in the world.

Today, the B of M has more than 900 offices in Canada and abroad, including offices in the United States, England, France, Germany and Japan and at Canadian Army and R.C.A.F. bases in France and Germany.

In the Caribbean area, the B of M formed the Bank of London and Montreal in 1958, in conjunction with the Bank of London and South America. BOLAM now has 28 offices.

Strikes & Spares

by Herb Simpson

The Occidentals continued their unbroken winning streak on Monday evening as they took four points from their opponents in "A" league. This gives them 16 points in four weeks of play, 6 points ahead of the Hilltoppers who are now in second place. Eileen Fell and Muriel Walker tied for ladies high single with 229, with Muriel taking ladies' high three with 635. A 290 score gave Frank Cook the men's high single, and Al Coffey, with 666, rolled the men's high three games. High team was the Round House Gang with 2792 pins.

In "B" league, the Roamers still hold a two-point lead over the second place Bouncers with 14 points. Ladies' high three being scored by Beryl Flebbe with 568. Men's high single and high three games went to Syd Saunders with 277 and 722. Nice bowling, Syd. High "B" team this week, the Bouncers, 2534.

The Hustlers are now in top place in "C" league with 13 points, with the Dodgers plugging second with 11 points. May Ramsay took the ladies' high single game with 220, and high three games with 490. Men's high single was bowled by Jim Chattam who scored 263, and a high three total of 657 was rolled by Ashley Austin. High team was the Hustlers, total 2461 pins.

It is time to start thinking about organizing the Men's and Ladies' Leagues. So how about talking it over with Bill and May at the alleys.

To Ashley and Helen, who were married on Saturday, the bowlers all extend wishes for a long and happy married life.

1st Summerland Troop

As a fund raising project each year our troop cuts 150-200 Christmas trees and sends them to the 41st Scout Troop in Vancouver who sells them. The proceeds are divided evenly between the troops and represents an important part of our funds. Cost of last summer's camp per boy was set at \$5 below cost because we had money from Christmas sales to fall back on.

Further advantages of the project are that the boys learn something about systematic cutting and tree forming and how to trim trees so a second and third cut can come from each stump. The project is under the direction of Mr. Sandy Fenwick of the 1st Summerland Group Committee.

This Saturday 10 boys have volunteered to do the cutting which will take place between 9:00 a.m. and 12:00 noon, starting from the Youth Centre. Boys are to bring pruning saws and dress as warmly as the weather dictates.

At Monday's meeting Michael Weeks was invested into the troop and as a member of the World Brotherhood of Scouts. We could take on two recruits to fill out Patrol strengths. Second class signalling tests were continued with scouts H. Wiens, T. Inch, and Bob Stewart passing successfully. Mr. Richard Blewett instructed in 2nd class axeman-ship. We were glad to have Blewett back who was one of our former scouts and a top patrol leader. Map reading was continued with older boys.

Patrol points are as follows: Buffaloes 179, Eagles 174, Boavers 164, and Hawks 154. Next week the troop will meet at the Youth Centre and proceed to Barkwills cannery to prepare and bundle trees for shipping. Long pants should be worn for working outside. Duty patrol Buffaloes.

— D. V. Fisher, Scout Master

Handsplit shakes in old tradition

In the methods it uses to turn out its range of products, British Columbia's forest industry spans the years from the most primitive hand tools to the most up-to-date and complex automatic machinery. At one extreme is the newsprint machine, a multi-million dollar complex as long as a football field that

turns pulp into uniform precision-made paper at speeds of 2,000 feet per minute. At the other extreme there is a single man with two simple tools, a mallet and a froe taking advantage of the natural taper of the western red cedar to produce the handsplit shake.

Notice of Election

Public Notice is hereby given to the Electors of the Municipality of Summerland that I require the presence of the said Electors at the Municipal Office, West Summerland, B.C. on the

26th day of November, 1962

at the hour of 10 o'clock in the forenoon, For the purpose of electing persons to represent them as

Councillors and School Trustees

The mode of nomination of candidates shall be as follows:

Candidates shall be nominated in writing by two duly qualified electors of the municipality. The nomination paper shall be delivered to the Returning Officer at any time between the date of this notice and noon of the day of nomination. The nomination paper may be in the form prescribed in the "Municipal Act" and shall state the name, residence and occupation of the person nominated in such manner as to sufficiently identify such candidate. The nomination paper shall be subscribed to by the candidate.

In the event of a poll being necessary, such poll will be opened at the

Municipal Office, West Summerland, B.C.

on the

6th day of December, 1962 between the hours of 8 a.m. and 8 p.m.

of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at West Summerland, B.C., this 15th day of November, 1962.

A. F. Calder
Returning Officer

Kiwanis Club Notes

Thirty-five enjoyed a wonderful ham and egg dinner on Tuesday night. These included six visitors, Jack Shaw, from Penticton, five Oliver Kiwanians, with president Bruce Ecklan, Bill Kreller, Eric Shannon, Henry Horkoff, Jim Sowerby and Chuck Walker.

Bill Laidlaw, the song leader, having a cold, should have picked a lower key.

Hans Meierhofer and Don Carmichael celebrated their 39th birthdays for a dollar each.

Scotty Ritchie suggested a revival of an annual custom, whereby each member turned in next week a gift for the mental institution inmates.

Jim Schaeffer delivered a final and desperate exhortation for help to complete the storage building.

Scotty Ritchie reported on the inter club meeting on Monday to Republic, Washington.

Ed McGillivray called for and got two Kiwanian representatives to attend the next Key Club meeting.

Five members will visit Oliver Club Thursday evening and supply the entertainment.

The date of the Christmas bingo was left in the hands of a committee to decide.

The speaker, Scotty Ritchie introduced and was followed by Jack Shaw of Penticton.

Mr. Shaw had been in politics for 30 year, and a member of the House of Commons for 18 years. His talk, which was non-political, dealt with his many experiences in the House, both humorous and otherwise. Mr. Shaw is a professional speaker and a treat to listen to. He was thanked by Ed McGillivray.

Teen-Town Topics

On Saturday, November 17, Summerland Teen Town canvassed for the March of Dimes. Total received was \$207.40.

Teen Town would like to thank all those who came out on the drive and to the people who donated.

Many more projects for earning money for the March of Dimes are planned for the future.

The Teen Town Council thank Miss E. Lingley and Miss Walsh for chaperoning the dance on November 17.

SCHOOL BANDS

(Continued from page one)

hear other bands play, when bands and orchestras perform individually. To round out the day's program, all groups will play as a massed band using pre-selected music.

The conference is not a festival. There is no competition and no adjudications. The music educators in the valley feel that more can be gained by conferences where students can receive further instruction on their instruments from highly specialized instructors and also have a chance to hear other bands perform.

The Rotary Club will be selling Summerland Sweets again this year in local stores. The popular confection is being packaged now and will be on sale soon.

Word has been received of the death of Arthur G. Duncan, 72, a former Bank of Montreal manager in Summerland.

Mr. Duncan died in Vancouver on Sunday. He was the B of M manager here for a number of years in the 1930's.

Mr. Duncan is survived by his wife, in Vancouver; one daughter, Mrs. Gerald Huckney (Betty) of Richmond. One son, Bob, predeceased him during the second world war.

Winner in a Vernon photo contest recently, was Daleena Dawn, baby daughter of Mr. and Mrs. Ken Heichert.

Our face is red! A few weeks ago we reported that parking in front of the Legion building is now parallel parking, and RCMP were handing out tickets to drivers who were angle parking. However, Frank Daniels pointed out to us last week that we got our terms mixed and said angle parking was allowed. It isn't. Only parallel parking. Just to be on the safe side, why not use the parking lot.

In the badminton club's bridge tournament last Friday, E. May and O. Murray of Penticton came out on top with 7,100 points. Second was Mr. and Mrs. Bert Berry with 6,610; and third was W. Palmer and M. Peddle of Penticton with 6,350. Final play in the annual tournament takes place Friday.

Speaking on road signs (or the lack of them) in Summerland, Rev. F. Haskins told the Rotary meeting Friday night that he hoped we weren't taking literally the Biblical phrase, "And no sign shall be given them."

Merchants set holiday hours

West Summerland retail merchants will open three Mondays in December to provide extra hours for Christmas shoppers.

Store hours for the holiday season were set at a breakfast meeting of the Retail Merchants Association last Thursday.

Stores will be open on the following Mondays, December 17, 24 and 31.

Stores will be closed during the holiday season on December 25, 26 and 27 and January 1, 2 and 3.

The merchants will sponsor Santa's visit to town on Saturday, December 22. A free show will be provided for the kiddies in the high school auditorium and Santa Claus will be on hand to distribute candy to the youngsters.

Merchants report that they have all their Christmas stock on hand now, and displays and varieties have increased over last year.

The Summerland Review

Thursday, November 29, 1962 West Summerland, B.C. Volume 17, No. 50 5c Per Copy

A Summerland girl, Sheila Elizabeth Allen, daughter of Mr. and Mrs. George Allen was married in the Lutheran Chapel at Castle Air Force Base in California recently. The groom is Roger Spangler, son of Mr. and Mrs. J. E. Spangler of Waynesborough, Pennsylvania.

Hospital plans staff changes

To operate within its approved budget, changes will be made in the staff of the Summerland General Hospital the first of next year. The decision was made at the hospital board meeting last week.

President of the hospital board, Les Rumball, said that the changes would be necessary in order to operate within the approved budget of the BCHIS.

Mr. Rumball said that the hospital is in good financial condition and expects to end the year in the black.

Roselawn Funeral Home expanding

Roselawn Funeral Home of Penticton, who serve Summerland and area, have announced that they are constructing a new funeral home in Penticton. Wilf Smith told the Review to-

day that the one storey building will be 82'x42'. The main chapel area will seat 100. Kenyon and Co. are the contractors. Completion date was not announced.

Action called on road signs

The major part of Summerland's roads will be named and signs erected before next summer, following action taken at Tuesday night's council meeting.

The program was discussed following a letter from the Summerland BCFGALocal asking for action on signs. J. S. Kirk, farm labour officer, had written the BCFGALocal asking if the road naming could be speeded up. Mr. Kirk felt proper naming and signs would eliminate a great deal of the difficulty he now experienced in directing transient labor.

Works superintendent K. M. Blagborne said that he has 100 posts ready to go in.

Because metal signs cost \$7 each, council decided to use wooden signs and purchase stencils for lettering.

CONSIDER DOG DANGEROUS

A large German shepherd dog, belonging to Dawne Schepens of Prairie Valley, was the subject of a delegation which appeared at council Tuesday.

A petition was presented, signed by seven residents from the area, asking council to take action against the dog.

It was alleged that the dog had bitten two children, and, according to the delegation, is terrorizing the neighborhood.

Reeve Holmes said that council was only able to enforce the by-law regarding vicious

or diseased dogs which gives the pound keeper authority to impound the dog.

Since the complaints have been received at the municipal office, a letter has been sent to Mr. Schepens asking him to keep the dog on his own property and under control at all times.

Mr. Schepens (who was present, said that was the first direct complaint he had received and that the dog has since been tied up.

Several members of the delegation protested, saying that (Continued on back page)

Seats filled by acclamation

Municipal voting day, December 6, will be just another day as far as voters in Summerland are concerned.

Two council seats and three school trustee positions were filled by acclamation when nominations closed at noon on Monday.

On council, incumbents W. B. Powell and H. J. (Bill) Barkwill both went back in for two year terms by acclamation.

On school board, incumbents W. S. (Scotty) Ritchie, John Bennest and Dr. W. G. Evans will serve two year terms when they also went in by acclamation.

Questions highlight stewardship meeting Monday

Everything from garbage collection to new beaches in lower town were discussed at Monday night's annual ratepayers meeting in the high school auditorium.

Over 40 ratepayers were present and questions flew thick and fast as council members presented their committee reports. Council answered all queries and residents went away satisfied that municipal affairs are in good hands.

First to report was school board chairman Ken Boothe. School affairs were reported in good shape with a total school budget of \$388,000, with the municipal share \$102,341.

Council representative on the Okanagan Regional Library Mrs. T. Croll, said that book circulation is increasing rapidly. Consideration, she said, should be given to an addition to the West Summerland library.

Civil Defence officer Ivan Phillips reported on the recent school evacuation. He said that a member of the municipal crew has just completed a two week rescue course in Vancouver.

Councillor Eric Tait said that the municipality would finish the year within its budget. He is chairman of the finance committee. Increased consumption of electrical power, will give

that department a healthy surplus this year.

G. C. Johnston and Charlie Bernhardt asked what could be done about people who seem to be on permanent welfare. Reeve Norman Holmes said this was a problem facing all municipalities and that council had no control over placing or removing persons from welfare. "The amount contributed to welfare by the municipality has no relationship to costs. Administration is provided by the provincial government, and our share is on a per capita basis." Councillor H. J. (Bill) Barkwill said that maintaining a high standard of dwellings helps prevent attracting welfare cases.

One citizen pointed out that in some ways the municipality benefits, as more money comes in for welfare than is paid by the municipality.

Reporting on the arena, Mr. Tait said that although temporary measures had stopped drips on the ice, in the long run a new roof was needed for the arena. A new road had been built around the arena and parking facilities improved for the arena and badminton hall.

Road chairman Councillor Barkwill, said this year a program had been carried out of widening, straightening and

bringing up-to-grade of roads in preparation for blacktop. He said that guard rails had been placed on Hospital Hill Road. Sidewalks had been built in a number of places where it was felt there was a hazard for pedestrians.

Although the road naming project had been delayed, work would commence on it shortly, Mr. Barkwill said.

Asked why Gulch Road had been chosen as the main entrance to West Summerland, Mr. Barkwill said that it would keep traffic away from schools and was a natural entrance to town from the south.

Mr. Barkwill reported that a new fire truck had been purchased and construction was underway on the new fire hall which should give excellent fire protection for a number of years.

Chairman of water and real estate Councillor W. B. Powell, said that subdivision problems are consuming too much council time. Professional advice is needed in order to ensure proper development, he felt.

Questioned about trailers in Trout Creek, Mr. Holmes said that council will have to bring in a bylaw about trailers.

Municipal garbage pick-up could not be handled as cheap-

ly as was being done privately, Mr. Holmes said.

Mr. Powell reported that 3 extra rooms had been added at Parkdale Place.

Irrigation system is in good shape Mr. Powell said, and no major work had been done on the dams this year. There was 2,500 acre feet of water left in the dams at the end of the year.

Nearly \$22,000 was left over from the Trout Creek domestic water bylaw, and would be used to expand the system as needed.

He felt that work should be started soon on replacing pipe in the West Summerland system. A new chlorinator house is to be built.

Consideration is being given to having the water in lower town chlorinated he said.

Mr. Powell felt that more action should be taken on reporting codling moth infestation, so action could be taken under the codling moth bylaw. It was suggested that there should be compulsory spraying for pear psylla, but Mr. Powell said this was not covered under the bylaw.

Electric light chairman Councillor W. S. (Scotty) Ritchie said that there were 913 elec-

tric ranges, 1,022 hot water tanks and 189 homes heated by space heat in the municipality.

Consumption and revenue of electricity were up over last year, he said.

Reeve Holmes said that consideration would be given shortly to a plan for the complete street lighting of Trout Creek.

Mr. Ritchie said that development of Peach Orchard Park should be completed next year, with two acres being developed on the other side of the creek.

Considerable face lifting is planned for Powell Beach with new entrances to be built.

A suggestion that municipal land north of his property be developed as a picnic site drew immediate fire from Dr. W. G. Evans. He said that Mystery Creek made it impossible for swimming and also that there was a good deal of weeds and swampy land in the area.

Councillor Ritchie said that consideration was being given to building a causeway from Windy Point and filling it in to provide a picnic site.

Dr. Evans suggested subdividing the property into lake-shore lots, which, he said, would bring in a good deal of taxes for the municipality.

Civil defence planners start winter program

The fall and winter training programme of the Provincial Civil Defence Office started on November 12, 1962, with a Rescue Course, which takes place at 1575 W. 5th Ave., Vancouver.

The candidates came from all parts of B.C. and made a special study of Rescue methods with special emphasis on removal of people from damaged buildings.

They also were taught the proper use of portable generators, fire fighting methods, and the hazards that face rescue workers during the course of their work.

The past history of rescue workers has been steeped in traditional rescue: e.g., from damaged cars, people lost in the bush, water accidents, and providing assistance in search and

Rescue operations; in gas line explosion damage, to name a few.

The course was two weeks long, and finished with a large Rescue Demonstration which took place at night, at the Army Rescue School at Jericho Beach. The public were welcome to watch this demonstration.

The Provincial Chief of Rescue, Mr. K. E. Jackson, was the chief instructor for the course, and he was assisted by Mr. D. S. Broomfield and Mr. T. Hastings of the Provincial Fire Marshall's Office.

First Cannibal: "Gosh, I forgot the roast. That missionary is burning."

Second Cannibal: "Holy smoke."

Services for Noella Messner

Miss Noella Messner, 27 years of age, formerly of West Summerland, passed away in the Oliver Hospital November 24.

She is survived by her loving mother and step-father, Mr. and Mrs. J. E. Mitchell of West Summerland and one brother Eric Messner of Princeton.

Funeral service for the late Miss Noella Messner were conducted from the Pentecostal Church, West Summerland, Wednesday, November 28th, at 1:30 p.m. Rev. D. Rathjen officiating. Interment, Peach Orchard cemetery.

Roselawn Funeral Home entrusted with arrangements. Fred and Wilf Smith, directors.

Sir Ernest MacMillan is host and conductor on the Tuesday night CBC radio network program, Talent Festival, which introduces young Canadian concert artists of the highest calibre.

Employment figures up in B.C.

Vancouver, November 21, 1962 — More persons were employed in the Pacific region during October than there were a year ago, Horace Keetch, regional director, Unemployment Insurance Commission, said today.

(Latest DBS — Department of Labour figures showed a total of 564,000 up 13,000 from October, 1961).

During the first ten months of 1962, National Employment Offices throughout the Pacific region placed 131,147 men and women in jobs, an increase of 14,774 or 12.6 per cent, over the total for the corresponding period during the previous year.

Mr. Keetch attributed the improved employment situation largely to high production of forest products, increased construction activity, and a record tourist trade.

"Because of seasonal factors however, we may expect some increase in unemployment during the coming winter months. This is a normal pattern. But if the present encouraging trends continue, the situation should not be as severe as previous years," Mr. Keetch stated.

What are THE FACTS BEHIND THE FIGURES

at **MY BANK**

TO 3 MILLION CANADIANS

Here is a concise summary in layman's language of how the B of M stood at the year-end on October 31st, 1962

WHAT WE HAVE:

CASH: The B of M has cash in its vaults and money on deposit with the Bank of Canada and other banks amounting to . . . \$ 520,065,342

CHEQUES and other items in transit—representing the net amount of the moneys moving between branches of the Bank and into the B of M from other banks on account of customers' transactions . . . 112,094,335

INVESTMENTS: The B of M maintains a strong liquid position through investments in high-grade government bonds which have a ready market. Listed on the Bank's books at amortized value, they amount to . . . 742,197,080

The B of M has other investments—including a diversified list of high-quality short-term issues. These investments are carried at . . . 226,832,563

CALL LOANS: The B of M has call loans which are fully protected by quickly saleable securities. These loans amount to . . . 218,548,259

QUICKLY AVAILABLE RESOURCES: The resources listed above cover 47.8% of all that the Bank owes to the public. These "quick assets" amount to . . . \$1,819,737,579

LOANS: During the year, many millions of dollars have been lent to business and industrial enterprises for production of every kind—to farmers, fishermen, oilmen, miners, lumbermen and ranchers—to citizens in all walks of life, and to community organizations and provincial and municipal governments. These loans amount to . . . \$1,825,682,590

MORTGAGES and hypothecs insured under the National Housing Act, 1954—representing advances to homebuilders . . . 224,644,086

BANK BUILDINGS: In hamlets, villages, towns and large cities from coast to coast the B of M serves its customers at 900 offices. The value of the buildings owned by the Bank, together with furniture and equipment, is shown on its books at . . . 65,878,133

OTHER ASSETS: These chiefly represent liabilities of customers for commitments made by the Bank on their behalf, covering foreign and domestic trade transactions . . . 79,222,188

TOTAL RESOURCES WHICH THE B of M HAS TO MEET ITS OBLIGATIONS . . . \$4,015,164,576

WHAT WE OWE:

DEPOSITS: While many business firms, manufacturers, merchants, farmers and people in every type of business have substantial deposits with the B of M, about half of the money on deposit with the Bank is the savings of private citizens. The total of all deposits is . . . \$3,712,565,329

OTHER LIABILITIES: Miscellaneous items, representing mainly commitments undertaken by the Bank on behalf of customers in their foreign and domestic trade transactions . . . 90,467,309

TOTAL OF WHAT THE B of M OWES ITS DEPOSITORS AND OTHERS . . . \$3,803,032,638

TO PAY ALL IT OWES, THE B of M HAS TOTAL RESOURCES, AS SHOWN ON THE LEFT SIDE OF THIS STATEMENT, AMOUNTING TO . . . \$4,015,164,576

WHICH MEANS THAT THE B of M HAS RESOURCES, OVER AND ABOVE WHAT IT OWES, AMOUNTING TO . . . \$ 212,131,938

This figure of \$212,131,938 is made up of money subscribed by the shareholders and, to some extent, of earnings which have from time to time been ploughed back into the business to broaden the Bank's services and to give added protection for the depositors.

Kelowna and Fluoridation

At last the facts are in regarding fluoridation in Kelowna. After five years, a test has been made and the score compiled. It shows that cavity-incidence in the center city of the Okanagan has been reduced by almost a quarter over the five year period.

More than that, comparative tests with other communities which had been under fluoridation a short time longer than Kelowna showed a greater reduction of cavity incidence. The figures were compiled by an independent group of analysts of impeccable repute, and hence are not subject to challenge.

The figures are interesting, but they tell only a fraction of the story. The real story can be told in the elimination of suffering, in toothaches, or, where parents are sufficiently alert to have teeth treated, in costly dental care — costly, not only in dollars but in the life-use of teeth, for teeth that need filling usually need it more than once — or need extraction much sooner than sound ones.

There's another side to the story that was disclosed at the same session as the fluoridation report at the South Okanagan Health Unit quarterly meeting in Summerland last week, but not included with it. This dealt with a perversion of facts by some of the anti-fluoridation forces. They twisted a report from Sweden to indicate that fluoridation had been "ruled out" there, whereas the facts were that the Swedish courts were endeavoring to clear the way for communities to vote in favor of fluoridation.

With these impressive figures released last week, perhaps we should take another look at fluoridation in our own community.

★ ★

Don't Be Fooled

Once again the mails are bulging with pre-Christmas sucker bait. From mail order establishments in far-away cities come offers of special prices on gift merchandise ranging from power tools to diamond rings.

Individuals are told they will make 'wholesale savings' on personal shopping needs. Business offices and community organizations are offered special inducements, if only they will ship their money out of town. Dollars can be stretched as much as one-third, the splashy literature says.

It still looks like sucker bait to us. Before you rush to send your dollars east, reflect on some of the advantages of doing your pre-Christmas shopping in your own community.

First, you see what you buy. Hometown merchants will have complete stocks, reasonably priced, and your own eyes will tell just what you are getting.

Second, you may make convenient credit arrangements with most hometown firms if you have a good credit record.

Third, should adjustments or exchanges prove necessary, an established hometown firm is never "gone the day after" the holiday season. The community businessmen stands behind what he sells, provides needed repairs or maintenance where they are required.

No community ever became prosperous by shipping its dollars to distant places. Few individuals will gain from the exercise, either.

Summerland Review

Only four non-shopping days 'till Christmas

Does this mean that we will spend just one-seventh of the time between now and the day on which we commemorate the birth of Jesus considering its spiritual significance, and six-sevenths of the time on the material appendages that practically smother its true meaning? Since this is highly probable, please allow this early reminder of the spiritual aspect of Christmas.

Christmas speaks to us of the Incarnation. I'm sure you recognize part of that word as the name of a flower — carnation. It is so called because it is flesh colored, coming from the Greek or Latin word, carnis, meaning flesh. Thus the incarnation is the "coming in the flesh" of Christ who had been eternal in the spirit. The gospel of John confirms this truth when it says, "And the Word (Christ) was made flesh and dwelt among us." John 1:14. This truth is again confirmed by the name he was to be called, Immanuel, which means "God with us." Christmas, then, marks the time when God came down in the person of His Son to join hands with a fallen, sinful race that through death and resurrection. He might lift

Bank reports favorable year

Year end records in loans, deposits and resources, plus new highs in both profits earned and taxes paid, are all shown in the Bank of Montreal's 145th annual statement, issued today.

The statement shows B of M loans at an all time high of \$2,269 million — 17.33 per cent more than a year ago, and reflecting a year of intense credit demands. In contrast, the banks securities portfolio was reduced 12.5 per cent, from \$1,107 million, to \$969 million.

B of M resources were reported at \$4.015 billion, a new year-end record, compared with \$3,950 million a year ago. Deposits increased from \$3,647 million to \$3,713 million. Personal savings, amounting to \$1,834 million, are up by \$85 million.

Earnings, after taxes, for the bank's operations by more than 900 offices at home and abroad were 716,013,512, 9.84 per cent more than in 1961. Taxes also reached a new high — 618,353,442, or 14.6 per cent more than net earnings.

Dividend payments for the bank's 22,000 shareholders amounted to \$12,757,500, or \$2.10 per share, five cents more than the 1961 figure and ten cents more than was paid in 1960.

An amount of \$1,000,000 from tax-paid inner reserves is added to \$4,531,938 in undivided profits thus stands ided profits for a total of \$5,531,938, and of this, \$4,150,000 is transferred to the reat account, now at \$150,060,000. The balance of undivided profits thus stands at \$1,381,938.

Quickly available resources are listed at \$1,820 million, or 47.85 per cent of the bank's public liabilities of \$3,803 million, compared with a 54.56 per cent in 1961, and providing further evidence of the heavy credit demand made on the B of M during the year.

that race once again into fellowship and communion with Himself.

If you are not already in the habit of doing so, be sure to attend church on the four "non-shopping days" 'til Christmas.

Report from Parliament

During the last week and a half committee work has come to the fore. Donald Gordon, president of the CNR, has been examined all week in Railways, Airlines, and Shipping Committee of which I am a member. This is an annual examination of all the ramifications of the CNR and must be quite an ordeal for the president. Mr. Gordon handled himself very well, giving the railroad's point of view on a great number of contentious subjects. Throughout the country is considerable concern on employee relationships due to automation, modernization of the line, extreme competition provided by the trucking industry and decreasing use by the public of passenger facilities.

I mentioned that it was an ordeal for the president and this was so because the questioning came from those expertly briefed by labour and management. We have just concluded our hearings on this part, it being Friday, November 23. Next week Trans Canada Airlines will form the highlight.

Close questioning brought out the fact that Mr. Gordon felt it might well be necessary for the Company to meet competition in short haul trucking and particularly to offset losses of revenue from less than car-load lots. It was brought out that morale in the Company was at an all-time high because of increasingly better relationships between management and labour. Management has made a thorough study of loss to employees through automation and have provided a system of employee training to combat changeover. The pension fund come under fire particularly as concerned those retired prior to the last pension increase.

The Standing Committee on Veterans Affairs has been set up, and I have been given the chairmanship of this committee. The estimates and any projected legislation have not been referred to this Committee at present but there is no doubt that it will remain one of the best committees in the House of Commons. Perhaps one of the reasons for this is that a stern effort is made by all parties to keep it as non-political as possible.

The business of the House is going reasonably well and the Government has seen to it that there is an almost record amount of legislation to be considered which has already been set down on the Order Paper. Feeling in the House has simmered down particularly so far as an election is concerned but as each main point is argued, there is an alignment by the various parties almost immediately. This alignment indicates to me that no single party really wants an election at this time.

Summerland setting for Garlough-Bonthoux wedding

Laurane Ann, younger daughter of Mr and Mrs Marcel Bonthoux and Constable Robert Melvyn Garlough of the RCMP detachment, Princeton, son of Mr and Mrs Emmanuel Garlough of Ingleside, Ontario, were united in marriage on Saturday, November 17 in the Church of The Holy Child in West Summerland. Rev M. J. Guinan officiated.

The ceremony was held at 12 noon and the church was decorated with white and yellow chrysanthemums.

The bride, given in marriage by her father, wore a filmy floor length white organza wedding gown. It was posed over taffeta and hooped crinolines. The fitted bodice was pointed in the front and back and had a bateau neckline with lace flower and sequin applique and long lily point sleeves. The skirt had small appliques of

lace and sequins at the front matching those on the bodice. Back interest was in a large bow of pleated self-material and the skirt was fashioned to reveal rows of ruffled net. The bride wore a small crown of aurora borealis and rhinestones to hold her circular shoulder length veil which was applied with lace and rhinestones. Her bridal bouquet was of red carnations.

Her three attendants were her sister, Mrs Jack Pohlman of South Burnaby, matron of honor; her cousin, Miss Diane Bonthoux, Miss Marie Gove, both of Summerland as bridesmaids. Their costumes were of gold velvet in street-length with fitted bodices having a deep "V" at the back and large covered buttons. The skirts, worn over crinolines, were slightly flared and had unpressed pleats. With these they wore

matching velvet bows with tiny veils and carried white mums. Their accessories were white.

Best man was Constable David Ayres of Keremeos and ushers were Constable Art Giesbrecht of Hope and Ken Dorkin of Penticton.

Organist was Mrs J. M. Betuzzi and Miss Linda Betuzzi of Vernon was soloist.

A reception was held in the Elks' Hall, Penticton. Master of ceremonies was Constable Larry Hansen of Penticton. The toast to the bride was proposed by Jack Pohlman of Burnaby and replied to by the groom.

For a honeymoon trip to the south the bride wore a beige sheath dress with coat of brown wool crepe topped with a brown fur jacket. Her accessories were brown and her corsage of yellow roses.

On their return Constable and Mrs Garlough will reside in Penticton.

CWL plans tea and Bazaar

The Catholic Women's League will hold its annual bazaar and tea on Saturday, December 1 at 2:30 p.m. in the IOOF Hall.

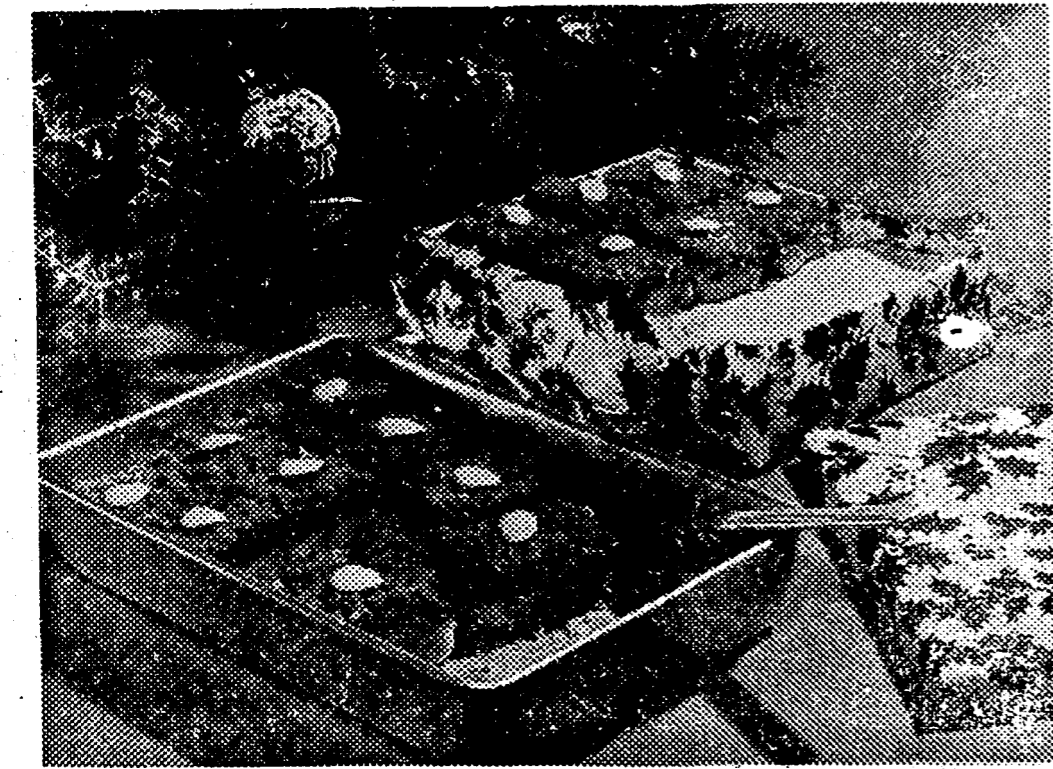

Among the many articles on sale will be home cooking, fancy work, and novelties. The ladies will also conduct a turkey raffle.

Share your Christmas baking with your friends. Jelly Cheese Dreams with a cheese-shortbread base, red jelly centre and butter crumb topping are easy to make and handy to serve or package for gift giving. The recipe comes from the Consumer Section, Canada Department of Agriculture, Ottawa.

1 cup butter
1/4 cup sugar
1 cup shredded, medium or old cheddar cheese
2 cups sifted all-purpose flour
Cream the butter and sugar.

TOPPING
2 cups tart red jelly
1/2 cup firmly packed, brown sugar.
3/4 cup sifted all-purpose flour.
1/2 cup butter

Add cheese and combine thoroughly. Gradually add flour and stir until well mixed. Pat mixture into a 10-inch square pan. Bake in a moderate oven (350) until very lightly browned around the edges, about 20 minutes.

Spread jelly evenly over the baked mixture. Mix brown sugar and flour, add butter and blend well with a pastry blender. Sprinkle on top of jelly. Return to oven and bake until lightly browned, about 15 minutes. Cut in rectangles 1"x2". Makes about 50 rectangles.

2 cups tart red jelly

Local students in Penticton music recital

The local group of B.C. Registered Music Teachers will present a joint pupils recital this Friday, November 30 to be held in Penticton High School at 8 p.m. Teachers from Oliver, Osoyoos, Penticton, and Summerland each present three pupils. Also, on the program, certificates from this year's Toronto Conservatory examinations in theory and piano will be presented.

Summerland pupils who will perform are:

1. Linda Charles: "Important Event" — Schumann.
 2. Lynn Gartrell: "Good humoured Variations" — Kebelesky.
 3. Douglas Lynn: Two-part Invention No. 14 — Bach.
- Those receiving certificates in theory: John Rathjen, Linda

Charles, Darlene Kuroda, Douglas Lynn, Bob Birtch.

Certificates in piano: David James, Bob Birtch, John Rathjen and David Mead.

The above certificates will be presented to the pupils at the recital.

Mr and Mrs J. Y. Towgood left Sunday for Montreal to visit their son and daughter-in-law, Mr and Mrs. Arthur Towgood.

Thrift Shop selling toys

The Hospital Auxiliary's Thrift Shop will be selling toys and Christmas gifts this Saturday. Patrons are urged to come early while the supply lasts.

WHAT'S THE DIFFERENCE?

What is the difference between resin and rosin? Resin is a thick, usually amber colored liquid which exudes from many trees and plants, particularly following an injury. It is composed of acids which form after oxidation of terpenes. The resin from these trees is distilled to obtain turpentine and rosin. Rosin is a solid amber-colored substance. It is used in manufacturing paper, soap, paint and varnish and a long list of other products.

Oliver youths charged with Peachland theft

Three Oliver youths appeared before magistrate Reid Johnston in Summrland police court on Tuesday.

Gilbert George Baker, 18, Marcel Joseph Horne, 20, and John Edward Kinch, all appeared on a charge of breaking and entering and theft, which occurred November 21 at Fulk's General Store in Peachland.

The front door of the store was kicked in and goods and cash to the value of \$500 was taken. Keremeos RCMP stopped a car containing merchandise taken from the Fulk's Store and arrested the driver and two other men.

Baker received a seven month sentence and Kinch six months.

Marcel Joseph Horne was also charged with the November 9 robbery of \$70 of groceries, stolen from the rear of Fulk's General Store. He entered a guilty plea on this count and was given a three month jail sentence to run consequently with the nine month sentence he received on the first charge, making a total of 12 months.

An Oliver juvenile will appear on the same charge later.

Most of the goods stolen from Fulk's Store were recovered in Kelowna. Elso Beno Holtper of Kelowna appeared before magistrate Johnston on November 20, charged with being in possession of stolen property. He was remanded without plea and is presently released on \$200 bail.

LOST HUNTER

Bob Davis of Trout Creek spent a night out last week end when he failed to get out of the bush before dark while hunting in the Fish Lake country. He spent the night on Ackland Mountain and walked out about 10 a.m. the next day.

NO SOAP FOR THEIVES

Not soap, but money was on the mind of thieves who jammed the soap vending machine in the West Summerland Laundromat on November 22. About \$6 was taken.

On November 9, Jack Burton Grover of Oyama appeared, charged with driving contrary to restrictions on his licence. He was fined \$20 and costs.

On November 13, Wm. Picton of Penticton was charged with crossing a single solid line on the highway. He was fined \$25 and costs.

On November 22, Wm. Douglas Middleton of Okanagan Centre paid \$10 and costs for driving with an expired driver's licence.

On November 16, Raymond Gerald Troyer of Penticton was fined \$10 and costs for making a U-turn on Granville Street.

LOST BICYCLE

RCMP have an older style 3-speed bicycle at their office.

PAUL SOLES, a new face to national television audiences, is now seen on two CBC-TV network shows weekly. He is moderator of the panel program. Flashback and, with Anna Cameron, is co-host of Take Thirty.

Kiwanis Club Notes

Twenty-eight sat down Tuesday night, including two Key Club members, Jim Munn and Harold Nicholson.

Story in a nutshell — "Great excitement, Don Carmichael, new son, cigars for all."

Having arrived at the age of 39, Brian Liebert had Happy Birthday, sung to him for a dollar, and worth every cent of it.

Brian Liebert reported on repairing wind damages to the school bus shelters, and to the relief of the entire club, George Henry finally admitted he was satisfied.

President Walter Toews arranged for two Kiwanis representatives to visit the next Key Club meeting.

Hilly Smith reported on last week's visit to Oliver. President Walter suggested a gift of name plates to Oliver Club.

Johnny Betuzzi agreed to take permanent responsibility of the care of the church sign on Highway 97.

Lt. Gov. Doug Campbell is paying an official visit to Republic Club on Monday next.

Instead of a Speaker the meeting wound up with a bingo game, half the proceeds, \$7.00, being turned over to the Teen Town group for their March of Dimes.

Last minute advice Nets Author Fortune

Most of us will dispense a "bit of advice" at the drop of a tam-o'-shanter but few of us ever follow it as eagerly. Yet a few chance words can prove very fortunate sometimes.

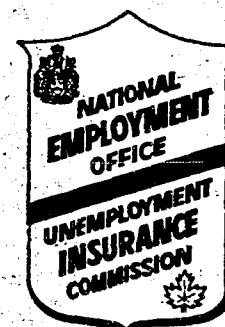

Years ago, an unknown author had his book accepted and the publisher asked which he preferred, a hundred pounds for the copyright or a royalty arrangement.

The young man chose the hundred pounds, but while the publisher went out to prepare the contract, someone whispered, "I'd take the royalty if I were you."

Swinging around, the author observed an elderly clerk, already back at his work. The author didn't take long to decide. He went back into the publisher's office and settled whispered, "I'd take the royalty of I were you."

The book, "King Solomon's Mines" by Henry Rider Haggard, became an all-time best-seller, and what that advice cost the company no one has dared to compute.

Now here's a "bit of advice" you'll find worth heeding. The easiest, safest and surest way to avoid financial distress and strain is to make regular deposits in a Bank of Montreal savings account. Then when unexpected need or opportunity arises, you have the ready cash waiting for you. You'll be amazed at how handy it can prove. To start your account, visit the Summerland branch of the B of M soon. Don Carmichael, the accountant there, will show you how easy it is, and how profitable in the years to come.

Summerland Review

Parkdale Place report

by Mrs. Mabel Atkinson
Herbert Spencer once said: "Life is the internal adjustment to external environment."

At our Home, we find a foursome in front of a glowing fire or a coterie of outside friends with a cup of tea, a congenial pastime for November chills.

Even the weather has reduced our callers to 23 — one from Ottawa, and two from Alberta, the others local residents.

We have extended our accommodation in the basement for three new residents. We wish to thank most heartily, the Rotary Club for the gift of a TV for the staff's sitting room.

George Williams and Mrs. J. Boulton find themselves a year older. The occasion was marked by cakes provided by their daughters.

Mrs. Emery reports that her nephew, Peter Bradshaw, who has spent 11 years furthering education in Nigeria, Africa, will return to England for further study.

Mrs. Agur delightfully entertained a group to meet Mrs. McGinnis who has made such a wonderful recovery.

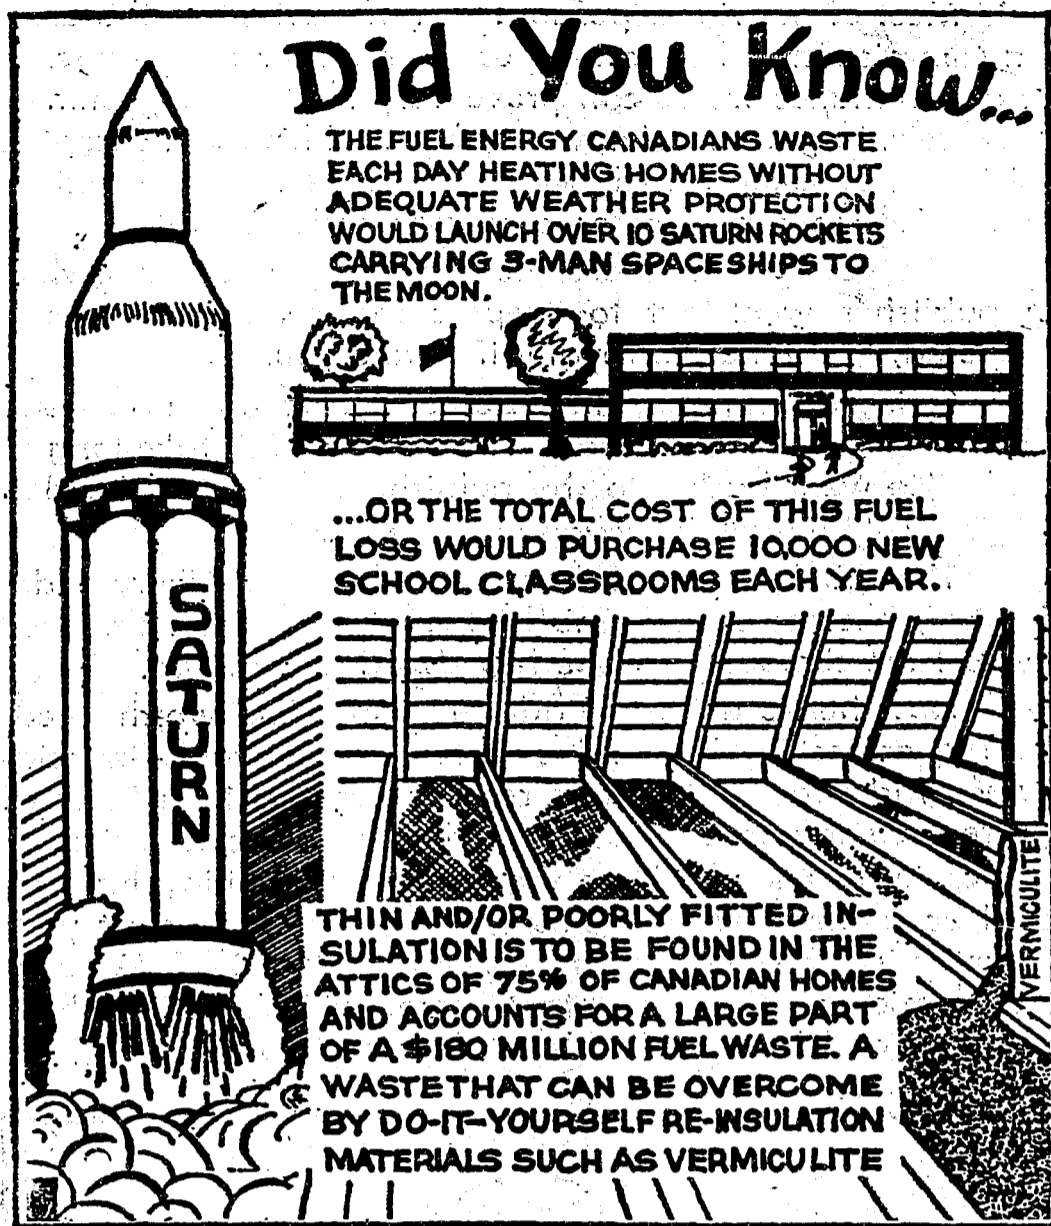

We welcomed an old friend, Mrs. Maude Read to luncheon and tea to renew old friendships.

We appreciate very much the thoughtfulness of town folk, who never forget that we like to attend town functions and provide transportation for us.

An exquisite bouquet of artificial flowers has been contributed to Nellie's memory.

RABBIT CYCLE

The so-called "rabbit cycle" is common to all rabbits, but there is no real agreement on the length of the cycle or the cause for it. Undoubtedly, many factors are involved and the cycle seems to vary from seven to twelve years. Generally speaking rabbits fall into three groups, the cotton tail, the snowshoe and the jack rabbit. The cotton tail and his cousins the swamp and bush rabbits are true rabbits. The snowshoe and jack rabbit, on the other hand, belong to the family of hares. Rabbits are the most sought after game animals on this continent.

Did You Know...

THE FUEL ENERGY CANADIANS WASTE EACH DAY HEATING HOMES WITHOUT ADEQUATE WEATHER PROTECTION WOULD LAUNCH OVER 10 SATURN ROCKETS CARRYING 3-MAN SPACESHIPS TO THE MOON.

...OR THE TOTAL COST OF THIS FUEL LOSS WOULD PURCHASE 10,000 NEW SCHOOL CLASSROOMS EACH YEAR.

THIN AND/OR POORLY FITTED INSULATION IS TO BE FOUND IN THE ATTICS OF 75% OF CANADIAN HOMES AND ACCOUNTS FOR A LARGE PART OF A \$180 MILLION FUEL WASTE. A WASTE THAT CAN BE OVERCOME BY DO-IT-YOURSELF RE-INSULATION MATERIALS SUCH AS VERMICULITE

Homeowners who do not adequately weatherproof their homes are contributing to a national fuel waste each year. An amount that exceeds the total cost of carrying all the mail in Canada including the operation of post offices in every town and city.

Behind this waste are the lack of proper weatherstripping around doors and windows, improper functioning of furnaces and poor air circulation. But the major cause is inadequate insulation, reports the Zonolite Company after a period of intensive investigation and research.

If your attic insulation is less than 4" thick or if there are gaps between your insulation and ceiling joists, you can reinsulate in one afternoon. Simply pour a lightweight insulating material, such as vermiculite, right over the old insulation.

A free-flowing, fireproof mineral, vermiculite fills voids and brings insulation up to the proper comfort and fuel saving level. It is virtually indestructible and will provide fuel savings permanently in your home.

1st Summerland Troop

This week the Troop assembled at Barkwill's Cannery to bundle Christmas trees cut on Saturday, for shipment to the 41st Scout Group in Vancouver. One hundred and seventy-three trees were bundled, as well as some reserved for local sale. The boys not required for bundling trees, practiced lashings, did Kims' Game Tests and played games at the Youth Centre.

Preliminary plans are being laid for the winter camp and more information will be available at the next meeting.

Patrol points are: Eagles and Buffaloes, each 204, Hawks 184 and Beavers 179. Duty patrol next week, Eagles.

— D. V. Fisher, Scoutmaster

Adults invited to attend night school maths courses

A grade eight mathematics night school course will commence this Monday, Dec. 3.

The ten week course on the modern approach to mathematics is designed primarily for parents of students now in grade eight as well as any other adults in the community who are interested in the new math-

ematical concepts now being introduced in classrooms.

Principal John Tamblin said that this new course is the most far reaching of all the proposed changes in the study courses for many years to come, and he feels that it is important for parents to gain an understanding of these changes. More stress is being placed on thinking in mathematical terms and less on the actual mathematical manipulations.

One of the objects of the new course is to prepare students to face a changing world of computers. Mr. Tamblin said that adults will find the course interesting and informa-

tive.

The course starts at 7:30 p.m. in the secondary school and is under W. R. Chalmers who spent two weeks at UBC last April studying the grade eight math course.

Over 500 band members from 10 valley schools attended the band conference at the school last Saturday. The UBC clinicians were unable to arrive due to poor flying weather but the various band directors took over the clinics and did a very creditable job.

Still in the musical field the school is planning a concert for December 7, featuring a variety concert and Christmas music.

Children (12 years and under) 50c

Non-Members

Adults and High School \$1.50

Children (12 years and under) 75c

Provide money for improvements

Federal Aviculture Minister Alvin Hamilton recently announced the signing of the Agriculture and Rehabilitation Development Act by all ten Canadian provinces.

A letter from Everard Clarke a leader in the Shuswap-Okanagan dairy industries, pointing up the importance of ARDA to farmers in this area was read at a regular council meeting recently.

In his letter Mr. Clarke stated that the Act means that B.C. can now get its share of the \$50,000,000 federal contribution to be spent in the next three years for projects designed to improve marginal farm lands and to find other uses for farm

land.

The letter pointed out that there are many potential areas for substantial irrigation projects in this valley, and that very recently Mr. Hamilton, in a press interview, said that the federal government can now approve a wider range of individual projects to develop rural areas and resources, including soil and water conservation, and to provide new uses for marginal and sub-marginal land.

In addition to the federal contribution during the next three years, the provincial contribution will depend on the net value of the province's agricultural production, as well as the number of farms in the province producing less than \$1,200 per year.

Mr. Clarke stressed the need for immediate action to take advantage of the offer. He indicated that B.C.'s share would be around \$3,000,000.

Following the letter, Councillor W. B. Powell asked if this money would be made available to a municipality for irrigation of marginal land. He suggested that land in this area could be put into production under such a scheme.

Strikes & Spares

by Herb Simpson

For the first time in six weeks of bowling, the Occidentals dropped one game to the Roundhouse Gang. They still maintain a good lead in "A" division, with 19 points, six points ahead of the Headpins and Hilltoppers who are tied for second place. Other "A" league results this week were Ladies' high single, Mildred Stein, 254; Men's high single, Al Hooker, 297; ladies high three, Muriel Walker, 701; men's high three, Fred Walker, 735. High team, Occidentals, 3,244.

In B league the Bouncers and Roamers are tied for first place with 15 points, with the Occidentals in second place with 12 points. Freda Miller took the ladies' high single, rolling 233, also bowling ladies high three game total of 568. Bob Newton scored 286 for men's high single game, with men's high three going to Bill Austin with 684. High team, Lucky Strikes, 2488.

Two teams are tied for first place in C league, the Dodgers and Hustlers each having 14 points, while the Misfits are a close third with 13 points. Individual scores in this league were: ladies high single, Freda Bangma, 236; men's high single and high three, Ashley Austin, 249 and 694. Ladies high three, Tina Veper, 515. High team, Dodgers, 2,412.

The Men's League hopes to get under way on January 6. However more teams are needed, so how about signing up at the alleys right now. See you next week.

COUNCIL

(Continued from page 1)

the dog had been loose in the past two days.

Mr. Schepens assured council that he would keep the dog on his own property.

PROPOSE TREE FARM

Rob Towgood, spokesman for the Summerland Kinsmen Club, presented council with a club plan for a Christmas tree farm.

Mr. Towgood told council that the club has raised money during the past few years by the sale of trees and are now contemplating starting a permanent tree farm.

Kinsmen would like council's permission to use the area on the north side of Conklin Mountain which is municipal property.

He explained that the spruce trees would be pruned and cared for, and as they shaped up would be harvested.

Council commended the club's spirit and will consider the matter.

NEW TOWN PLANNER

Gordon Hirtle of the firm of Wannop and Hirtle, Kelowna, has been appointed as the new town planner.
