

Under the Giant's Head

From the 27th of January we have had 8.3 inches of snow, but the 26.9 hours of sunshine soon melted it all away. The research station reports the following temperatures:

	High	Low
January 27	24	14
January 28	21	16
January 29	19	7
January 30	14	2
January 31	17	4
February 1	23	9
February 2	37	8
February 3	52	11
February 4	55	36
February 5	55	40

Building inspector R. F. Angus reports that eight building permits for alterations and additions were issued in the first month this year.

Six permits were for dwellings amounting to \$2,350 and two for commercial totalling \$330.

In January, 1962 four permits were issued for \$8,100.

There were seven electrical permits issued last month.

Bob Alstead is Acting Magistrate while Magistrate Reid Johnston is on holidays.

The Key Club is sponsoring a Hobby and Crafts Show on Saturday, February 23 in the school auditorium.

Designed to be an annual event, the show is to allow residents to display their various hobbies and crafts.

Details appear in the entry form on the back page.

Who says its warmer down south? Scotty Ritchie and his wife have returned from a few weeks in the southern states and guess what Mrs. Ritchie brought back — pneumonia. Fortunately a return to the sunny Okanagan has put her well back on the road to recovery.

Summerland's big dance band played its first engagement this year at the Snow Frolic Dance in Osoyoos last Saturday.

Fall Fair princess Darlene Shannon represented Summerland at the Vernon Ski Carnival over the week-end. She was one of 23 visiting royalty attending the big winter event.

Darlene attended the ice revue on Friday, took part in the parade on Saturday, and the civic banquet in the evening. On Sunday she attended the jumping at the ski hill and a smorgasbord dinner at Bayview Inn.

She was accompanied by her mother, Mrs. Lloyd Shannon.

Reeve and Mrs. Norman Holmes also represented Summerland at the carnival.

"Why wait for spring — do it now! And that's what we appear to be doing with another federal election set for April 8.

New assessment for packinghouses

Golf course will not be finished this year

Summerland's proposed new golf course will not be ready for play this year. Owner Vic Parker said today that he hopes to have the greens planted this summer and in good shape for a spring start next year. The golf course is located north of the ball park on Highway 97.

He is planning to build a club house but this will not be done until after the course has been in operation for a while.

Mr. Parker mentioned that several of B.C.'s top flight golfers have looked over the course recently and said that they were very impressed with the challenge that it will offer when completed.

S'land post office broken into Tuesday

For the second time in six months, thieves have broken into the post office in Lower Summerland. Summerland RCMP report that Tuesday night the post office was entered through a back window and the safe punched open. An undetermined amount of money was taken. Frank Daniels of Daniel's Grocery said that Wednesday morning he saw silver money lying on the street outside the post office. RCMP are investigating.

Four accidents occurred in this district during the past week.

On February 1, John Archibald Maddock, Penticton, attempting to make a left hand turn onto Peachland, turned into the path of a car driven by Joseph William Smith of Penticton. \$900 damage was caused to the two vehicles.

On February 2, a car driven by Bob Gardiner of Penticton collided with a car driven by Fraser Smith of Summerland. RCMP are investigating.

Icy roads caused an accident in the West Summerland bus-

Will name good citizen February 14

Ticket sales are going well for the annual Good Citizen Banquet on February 14, reports Chamber of Commerce secretary Len Weist. Tickets must be picked up by February 13. Although the banquet is sponsored by the Chamber, it is open to any resident who wishes to see the Good Citizen Award presented.

Reeve Norman Holmes will install newly-elected president Doug Hill and his officers. F. E. Atkinson will present the Christmas light-up trophy. Guest speaker will be J. R. Borsos.

The banquet starts at 6:30 p.m. in the IOOF Hall:

Following a recommendation from the Court of Revision, municipal council have called in a provincial assessor from Victoria to assess the machinery and cold storage equipment of Summerland's three packinghouses.

The move followed an appeal by the Summerland Co-op Growers Association at last Friday's Court of Revision. The packinghouse felt that its assessment was not in line with others in the district.

The assessor from Victoria will arrive in Summerland on February 11 and the Court of Revision has been adjourned until February 13.

Councillor Eric Tai, asked that consideration be given to having all the local canneries re-assessed at the same time. Reeve Norman Holmes commented that the canneries should be done now if the assessor has the time and if he is unable to do the job now, the reeve suggested that he could be called back again this year.

Peachland council has requested the use of Summerland's assessor J. P. Sheeley, for six weeks this year to do that community's assessment. Reeve Holmes said that he had discussed the matter with Mr. Sheeley and he was willing to take on the extra work at Peachland.

The school district can not include the cost of a fire hydrant in its budget. This information was received by council following its letter to

the school board asking that hydrants be placed closer to the schools.

Council will discuss the matter further with the school board when that group presents its annual budget at next week's council meeting.

Councillor W. B. Powell reported that the double basement room at Parkdale Place is still vacant but that all other rooms are full and the matron reports a waiting list of persons wanting upstairs accommodation.

95th birthday for pioneer H. A. Kenyon

A resident of Summerland since 1921, Mr. Herbert Allen Kenyon celebrated his 95th birthday on February 1.

Mr. Kenyon was born in Lancashire, England. He owned a furniture and cabinet making operation in England before moving to Canada in 1907. After living in the Kootenays for two years, he moved to New Westminster, where he worked in the B.C. Electric car shop.

Following the outbreak of the First World War, Mr. Kenyon returned to England where he worked in an airplane factory for the British government.

Mr. Kenyon returned to Canada in 1921, and bought an orchard on Quinpoole Road West Summerland, and has resided there since.

Mr. Kenyon is still in good health, wears glasses only for reading, and up to last year worked in his garden. He drove his own car until he was 93.

Mr. Kenyon worked on the installation of Summerland early plumes, and took an active part in politics in the valley. He is still interested in politics, being a long time member of the CCF-NDP party.

On his return to England in 1914, Mr. Kenyon married the former Miss Annie Singleton

Mrs. Barnes Celebrates 91st birthday

Mrs. Ivor P. Barnes, a former Summerland resident, now living in Salmon Arm, celebrated her 90th birthday on January 21.

The day was spent at the home of her son in law and daughter, Dr. and Mrs. J. Graham at Salmon Arm. During the week she was honored by the Anglican Church of which she is a valued member.

Her son Rex lives in Toronto and another daughter, Mrs. Norman Lockyer lives in Victoria. Mrs. Barnes was born in North London England in 1872. Married in England she came to Canada in 1914. The family lived in Summerland until the sudden death of Mr. Barnes in 1947 following which Mrs. Barnes moved to Salmon Arm. She has seven grandchildren and five great-grandchildren.

ness district February 2. Joseph Verecki, going north on Hastings Road was hit by a truck driven by William Bates, coming from the lane back of Laidlaw's. RCMP said that no charges will be laid.

\$450 damage was caused to a car driven by Angelo Andrucci on February 4. He was going north on Happy Valley Road when his car started to slip, ran into the bank on the west side of the road and then rolled over.

In police court Tuesday, Acting Magistrate Bob Alstead fined Anton Barteling of Osoyoos \$25 and costs for passing on a double solid line.

Whether working out his six-foot, one-inch frame in a gymnasium or working in nightclubs, on stage or before television cameras, singer Doug Crosley is equally at home. Doug became known as host of CBC-TV's Swingalong last summer and now has his own weekly radio program, Crosley's Quarter, heard Mondays on the CBC radio network.

of Lancashire. One son, Sid, resides in Penticton, and another son, Fred lives in Darwen, Lancashire, England. Mr. Kenyon has six grandchildren and 11 great-grandchildren.

A family gathering to honor Mr. Kenyon on his 95th birthday will be held at the home of his grandson, Mr. and Mrs. Gordon Kenyon, in Penticton this week.

Workshop here for teachers

"Teaching Machines" will be the subject of discussion at a workshop in Summerland Secondary School, Saturday, February 16. The Workshop in "Programmed Instruction" is expected to draw 500 teachers from the South Okanagan, Grand Forks and Princeton.

The featured speakers are Reg Cox, Principal of Princess Margaret Jr. High School, Penticton, and Bryan Vincent, Vice-Principal of Stuart Wood School, Kamloops. Both speakers have recently taken courses in Programmed Instruction — Mr. Vincent as British Columbia Teachers' Federation delegate to a course conducted at the University of California, Berkeley; Mr. Cox at a similar course at San Francisco State College.

Teaching machines will be available for inspection and manufacturers' representatives have been invited to attend.

Hospital Society meets February 27

Annual meeting of the Summerland Hospital Society will be held in the Health Centre on Wednesday, February 27. Yearly reports will be heard from the Hospital Board and Hospital Ladies auxiliary.

Board president, Les Rumball, and hospital administrator Harvey Wilson, will visit the new hospital nearing completion in Grand Forks this Sunday.

Beautiful Retirement Home

Close-in, on double lot. Four year old home with two bedrooms on first floor, large living room, cabinet kitchen and utility room. Lovely bathroom, full basement, gas heat, and 220 wiring. One bedroom with double plumbing in basement. Beautiful flower and rock garden. \$8,500 with \$2,500 cash.

Three Bedroom Home

Nearly new, with every convenience, including automatic heat. Large well landscaped lot and attached garage. A very good buy at \$9,000, some terms.

**The Corporation of the
District of Summerland**

It is the intention of the Municipal Council to dispose of certain portions of highway in exchange for certain lands for the purpose of improving, straightening and widening the said highway:

(1) By-law No. 973

A By-law of The Corporation of the District of Summerland in the Province of British Columbia providing for the disposition of a portion of highway adjacent to Lot Three (3), District Lot Four Hundred and Seventy-five (475), Plan Seven Thousand, Five Hundred and Forty-eight (7548), Osoyoos Division, Yale District, in exchange for a portion of said Lot Three (3) necessary to improve the highway. (Haddrell's Corner).

G. D. SMITH,
Municipal Clerk

January 30th, 1963

Parliament Hill report

by Dave Pugh, MP

United States interference in Canada's affairs has far overshadowed any other event in the Commons this week and in fact for quite some time. There was immediate and angry reaction well summed up by the Prime Minister and concurred in unreservedly by all other leaders.

Thursday proved itself a day of tremendous import on three counts and it has had a marked effect on the thinking of all members. The first was the bombshell of the unprecedented manner of dealing between two friendly nations on a matter of national import to both. The second was the forcing of a debate by the three opposition parties and the effect of this on the position of the Speaker of the House. Certainly the whole question of outside interference is of national importance and tremendous urgency but to my mind no useful purpose could possibly be served by a debate on this subject. The Prime Minister and other leaders had already expressed themselves all too clearly. To debate the matter would only add fuel to a smoldering fire already kindled. The real solution is a return to normal procedures of communication between two friendly nations. However, there is every indication that the matter may come to a head even possibly today. I mentioned the effect on the Speaker. The Speaker decided although urgent, it was not a matter for debate. He was overruled even though there is a former principle that the Speaker's ruling in this connection cannot be overruled. This was a precedent set by a Liberal

Speaker in 1954 and rigidly adhered to since that time. One cannot help but ask the question: Will the Speaker be able to continue in office? The third count deals with a question on everyone's lips - Will this precipitate a general election?

Well, it was a memorable day for other reasons as well. The atmosphere was electric and it was not long before thousands of citizens were drawn to the House to be at the source. The corridors buzzed with conversation and when the House opened galleries were packed. There were more people there than I have ever seen and the overflow stood for most of the day. The feeling of excitement was all too apparent and when the day closed the question on every lip was: what are the next steps and how soon?

**United Church
reports active
year's activities**

The annual meeting of the Summerland United Church held last week heard encouraging reports from the various church organizations. Rev. P. K. Louie presided.

Honorary members of the session are: J. R. Campbell, A. D. Glen, Wm. Jenkinson and A. F. Wright.

Session members are Wm. Jenkinson, Dan Spencer, George Ryman, Robert Shannon, Ewart Woolliams, Cyril Stent, Robert Chalmers, Mrs. Colin Campbell, with Mrs. F. E. Atkinson and Mrs. T. W. Boothe re-elected. Clerk of the session is Harvey Wright.

The Committee of Stewards consists of Miss Jean Ritchie, treasurer; Mr. McEachern, Mr. and Mrs. C. L. Wright, Jim Brown, Gavin Paterson, Leonard Weist, Andrew Fasse, Gordon Smith, Dan Spencer, with the chairman to be elected later.

Trustees of church property are A. D. Glen, Wm. Jenkinson, J. R. Campbell, Leonard Weist and Robert Shannon.

Coffee was served at the conclusion of the meeting and an enjoyable time was spent by those present.

**Mrs. J. E. Miltimore
heads Guide Assoc.**

Summerland District Guide Association has decided to hold a Daffodil tea this year in place of the light bulb sale which has met with decreasing success in the past year or two.

At the annual meeting, it was reported that with camp assessment being greater this year, some new method of raising funds had to be found. The tea will be held in March at the IOOF hall.

Mrs. J. E. Miltimore was elected president for the coming year with Mrs. John Cooke as vice-president. Other officers elected were: secretary, Mrs. Harvey Wilson; treasurer, Mrs. Howard Pruden; badge secretary, Mrs. James May; publicity, Mrs. T. H. Waterhouse. Pack mothers appointed were, Mrs. Phil Smith, 1st pack; Mrs. R. J. Barkwill, 2nd pack; Mrs. G. Wardle, 3rd pack. Guide mothers will be Mrs. T. I. Davies and Mrs. L. Parker.

The annual potluck mother and daughter banquet will be held February 21, in the Youth Centre. Mrs. Wardle will convene the banquet with the assistance of the Pack and Guide mothers.

One reason there are so many juvenile delinquents today is that their dads didn't burn their britches behind them.

Haves and have-nots

by Rev. Norman Tannar

For so many years we have read and heard so much about Haves and the Have Nots, and what we as Haves should do for the Have Nots that it has never occurred to us that we also are Have Nots. It is written: "For unto every one that hath shall be given, . . . but from him that hath not shall be taken away even that which he hath."

We as a generation have been guilty of a dangerous neglect. We have refused to be disciplined or to discipline ourselves. We have had little regard for what Dr. Fisdick once called "the techniques of Christian living" — regular church worship, the reading of the Scriptures, prayer and meditation, the practice in the presence of God—these we have neglected. True we have developed to an extraordinary degree other skills — the skills of science and art. We have made almost fantastic progress in the provision of creature comforts. Our generation in the history of mankind has had what we have to make life easy and comfortable. But who would say that all these gains have made life better itself?

We make airplanes and we get bombers; we invent automobiles and we get tanks; we discover new marvels in the field of chemistry and we get germ warfare; we smash the atom and we get Hiroshima and Nagasaki.

And one might add we provide an ever increasing standard of living and we get in creasing divorce rates, more crime, worse morals, greater drunkenness, more juvenile delinquency.

Oh, we've been mastering physical nature, but on the spiritual side we haven't kept pace. We have lost sight of the fundamental fact that man doth not live on bread alone and now we are reaping a blighted harvest. Is it not time for us to take stock and realize where our danger lies? The shores of history are strewn with the wrecks of civilizations that have given up God . . . and died a Have Not.

LAUGH OF THE WEEK

Lady: "Was that the telephone? For whom was the message?"

Maid: "It wasn't anything. The operator just said 'Long distance from Winnipeg' and I said it sure is, and hung up."

Father of curvaceous young thing in revealing dress, to mother: "Aren't you afraid she'll outgrow it before the night's over?"

A Scurrilous Tongue

A scurrilous tongue and an empty mind,
Her constant chatter as vague as the wind,
Nothing is right, her friends insane,
The neighbors' wits are all inane,
The Jones did this, the Browns did that,
Completely wrong is her flat.
If they would seek her good advice
She could rectify all in a trice,
How to live with no illusions,
Modelled perfection, no delusions,
If she were running the world, ah me!
What a wonderful, wonderful world 't would be.

— Mabel Atkinson

CONSERVATION CORNER

(The following is the second in a series written by Alf Kohlhauser, secretary-treasurer of the Summerland Rod and Gun Club).

I have been told by "hunters" who have never sighted in a rifle and would not know the principles involved if they had to, that, "My gun is right on the button! All I have to do is get them in the sights and whamo, they're down!" "Whamo" is right. This type goes "whamo" all over the country at anywhere, from ten to a thousand yards with the same gun, the same load and same sight picture. And there are more bloody trails through the wilderness.

Picture a hunter's overnight "camp" that was hastily departed from, as they usually are. There probably is paper scattered all over the area. Within a radius of twenty-five yards there may be any number of raggedly opened tin cans callosly thrown there. Glinting fiercely will be empty bottles, some, liquor bottles. If they have been used for targets the shattered splinters of glass may be all over the road if the camp was near one.

Fishermen are also not innocent. They take overlimits of fish. This is bad enough but they do it in the presence of their sons and sons' friends, perpetuating the art of killing sport. They complain that this and that body of water is fished out when they don't catch as many fish as they would like to. They decry the planning and stocking as sloppy and inefficient. However, on shore or even in their boats and on streams they clean their fish and throw the heads and viscera into the water. If they have an overlimit of fish and fear getting caught they throw the smallest fish back into the water to rot. How many discarded lunches, garbage and other unnecessary filth goes into lakes and streams, besides fish waste. Some, when told it is wrong or illegal, in areas where that may apply, can't for the life of them see why. "There's scavenger fish, they'll clean it up". There likely is and if they are native to that water there probably is no problem. But how many game fish waters in North America remain free from scavenger fish that feed on wastes, domineering the water to the point where they scavenge the eggs and young of the game fish?

There are types who cannot be called sportsmen because their only active interest is in themselves, and how they appear in the eyes of the world, and money. Without having any connection to sports, out of doors they may well be the

most dangerous killers of sport afield that exist. This is the minority that seek to stop all hunting so that "our" wild animals will not be "cruelly shot-off". They would sooner have them starve naturally or succumb to disease, or better, yet, they prefer to kill off the wildlife themselves by unbalancing natural resources by exploiting timber and water without regard to the future. Or by polluting vast areas with industries that "can't afford" pollution control.

I don't want to paint "industry" as a whole in this colour for it is one of our greatest keepers of sport. Wise industrialists realize that conservation is the "farm" of industry.

Conservation is synonymous with many words and meanings. It means many things to many people. To those of us whose greatest interest lies in sports afield it should have the most intense meaning of all. Preservation of the resources that are required for the maintenance of our sport. It should be synonymous with common sense. Common sense wouldn't urge a hunter to slaughter game left and right to prove how good a hunter he is. Instead it would prevail upon him to prove how good a conservationist he is. Common sense might bury some of the rusty tin cans and broken glass that is spread the length and breadth of this continent. Common sense might persuade the careless shooter to sight in his gun, or learn how. It might elect representatives to government with more of an eye to pollution

control. And it might shame these fishermen that need it into showing their sons how to be an honest fisherman.

Above all conservation should mean common sense every time. "I" am engaged in "my" particular sport afield. Any thinking person knows that regulations are for the common good in most instances. If not, they are changed sooner or later.

With a bit of prodding by conscientious buddies—even the mechanical hunter might learn what he is missing. I am reminded how old timers would rather make a small half-hour circle and wait all day for their sons and grandsons, rather than bounce around in a car all day having their ribs punctured with their own muzzles.

Occasionally, I have met an old gent while hunting, maybe on a low ridge or sitting on a log in a hollow. A composite of these meetings might go like this. "Hi there" he'll say, "couldn't tell whether you was Art or not. My eyes ain't as good no more," he might confide. "The boys got way a head o'me so I just sat down to rest a spell." I don't shoot nothin' anymore," he may venture, patting the scarred up old gun he's got cradled in his arm, "but I like to get out with the boys and smell the trees." "Sometimes I get a bit a blood in my hands, and deerhair all over so the old woman can give me hell like she used to," he may add with a chuckle. "Say," anxiously, "how's the game this fall?" I'll bet he was a keeper and could teach the killers a thing or two!

Suitable punishment

Is our present (but archaic) idea of imprisonment for relatively minor offences being truly realistic? Does the punitive intent of prison fulfill any purpose other than having an individual freeload off the rest of the taxpayers, or of giving young offenders a chance to advance along the road to crime under the teaching of hardened experts as they are forced to live with long-term criminals?

Do fines, on the whole, gain the effect they once did? For the most part, the fine structure in the punishment for law-breaking was set up fifty or a hundred years ago, and while there have been small changes, the amounts have not been substantially raised in the intervening period; certainly they have not kept pace with inflation. Forty years ago a fine of ten dollars was the best part of a week's pay for an ordinary person. A hundred dollars meant he had no alternative but jail. Today, a fine of \$50 brings a slight frown, while \$300 or \$500 is borrowed almost immediately and paid back on the time payment plan.

Punishments for those who wilfully and maliciously damage property, or demonstrate a complete lack of self-discipline, or show a complete disregard for the rights of others could be made a little more realistic and understandable and therefore educational with some adaption of the Finnish policy. In that country convicted drinkers, reckless drivers, petty thieves and property damagers are put to work on public projects. A wealthy or influential person convicted of drunken driving works on the "road-gang" alongside a youth serving out punishment for Halloween hoodlumism. There are no fines (in money) and there are no alternatives.

As a result Finland built one of the finest international airports in the world, in spare time. And the incidence of these offences dropped sharply once the plan became fully known.

This idea is not new of course. It goes back to early societies and in the past two centuries resulted in such things as Devil's Island and the southern chain gangs, where little work of value was performed and no idea of reformation was in mind, and cruelty and sadism was the ruling idea.

But for this day and age, with more and more people seemingly losing their respect for the rights of others, it offers a lot of interesting possibilities. Some of the tax load for public works could be lifted from law-abiding taxpayers and some of our long-delayed projects could be tackled and completed. We have plenty of roads to build in B.C.

And in the process some of the offenders would have time to deeply consider if that "one for the road" with its horrible consequences was worth a year or two of hard and productive labor.

— Powell River News

Winter work

For the past few years the federal government has been sponsoring winter works projects in an endeavour to reduce seasonal unemployment during the winter months. Municipalities and other selected bodies may undertake certain specified work with the federal government paying part of the costs. A great deal has been achieved by these projects.

Individuals too are advised that they should contract as much as possible to have repairs and alterations done in the winter time. They will receive no financial help from the government, but they will benefit from the off-season lack of employment to have work done more readily and completed more quickly than in the busy season when employment is at its peak. They will also help reduce unemployment in their area.

In this district the so-far mild winter has made it possible to undertake projects requiring outside work to a much greater extent than in previous years.

There is still time for anyone who has projects planned for spring or summer to get them underway during the winter.

Stuffed baked potatoes can be a real conversation piece at a meal. Simply cut a slice from the top of each baked potato and scoop out the centre. Mash potato with a little hot milk, butter and salt and pepper and add one of the following: fried, crisp bacon pieces, chopped cooked mushrooms (1 cup for 6 potatoes), or grated nippy Cheddar cheese (3/4 cup for 6 medium potat-

oes). Fill the shells with the mixture and reheat in a hot oven (400F) for 15 minutes.

The Consumer Section, Canada Department of Agriculture have many other suggestions for serving potatoes in interesting ways. These are given in the "Potato" booklet which is available from Information Division, Canada Department of Agriculture, Ottawa.

Anglicans appoint new officers

Annual meeting of St Stephen's Anglican Church was held recently with F. E. Atkinson and A. F. Calder with K. B. Thomson alternate appointed lay delegates to the synod.

Re-elected secretary was A. F. Calder, and again treasurer is Mrs F. V. Harrison.

Rector's warden is Alex Inch

with the people's warden to be appointed later.

Members of the church committee are H. J. Barkwill, T. B. Washington, Mr. Howard Pruden, T. H. Waterhouse, Roy Mead, Dr. S. W. Porritt, Norman Holmes, Stan Skippings, Bruce Blagborne, W. C. Baker, Fred Trusell, choir representative; E. O. Mortimer, envelope secretary; and G. C. Johnston, auditor.

Representative from the Afternoon Branch WA is Mrs. Ray Wilburn and from the Evening Branch WA Mrs D. M. Wright. Sunday School representative is Mrs R. J. Barkwill.

Cougar will be featured at banquet

The Summerland Rod and Gun Club will hold its annual banquet and dance on Friday, March 8. Meat served will include moose, cougar and deer, plus fish.

The February meeting of the Club will be held February 19 in the IOOF Hall at 8 p.m. Following a short business session, Victor Blewett will show films and slides.

At the annual meeting in January, George Stoll was re-elected president, with Harold Richardson vice president and Alf Kohlhauser secretary treasurer. Executive members are Hans Melerhofer, Harold Felker, Herb Blumhagen, Sandy Fenwick, Channon Snow, Herb sides, John Dunn, Pete Unrau, Arndt, Stan Taylor, Jim Heavy-Alex Kalinin, Eric Trackl and Bill Eyre.

WOMEN'S PAGE

3500 volunteer hours given to Thrift Shop by Auxiliary

The regular monthly meeting of the Summerland Hospital Auxiliary was held in the Health Centre Monday evening.

The group discussed plans for the selling of notepaper featuring a drawing by Irwin Adams, an internationally-known artist who lives in Summerland. Mrs. R. Alstead is in charge of arrangements. A committee of Mrs. A. Dunsdon, Mrs. Les Rumball and Mrs. Mel Ducommun was appointed. Within a month's time, the notepaper will be on sale in most Summerland stores.

It was announced the members of the Auxiliary had put in 3,500 volunteer hours in the thrift shop last year. Over \$50 was raised from the sale of hospital calendars in Dec-

ember. The next meeting of the Auxiliary will be on the first Monday in March in the Health Centre at 8 p.m. New members are welcome.

Why give the burglar an engraved invitation!

"You might as well give a burglar an engraved invitation to help himself at your house, if you leave valuables lying about," says Jock Johnston, manager of the Bank of Montreal's Summerland branch.

Mr. Johnston adds that behind the steel doors of a B of M vault is the safest place for valuables such as bonds, leases, stock certificates, insurance policies, deeds, birth certificates, passports and other important family documents.

"It costs less than two cents a day to rent a B of M safety deposit box," he says, and explains that hundreds of thousands of Canadians use B of M safety deposit facilities, an indication of the popularity of this service. "It pays for itself again and again in peace of mind alone," he says.

"Give the burglar a brush-off at your house," Mr. Johnston advises. "Keep your valuables in your personal strong box — it's exclusively yours — in the Summerland B of M vault."

Drop in soon and see Mr. Johnston about renting a safety deposit box — it will set your mind at rest.

Locals

Bob Alstead has returned from Vancouver where he underwent a successful knee operation.

Mr. and Mrs. Reid Johnston left this week for a holiday at Laguna Beach, California.

Mrs. Regina Cornish was called to Nanaimo on her mother's death.

Mrs. Granville Morgan, Mrs. E. R. Butler and Mr and Mrs Jack Gowen are presently holidaying in Honolulu.

Mr. Reg Beck was a visitor last week end at the home of Mr and Mrs. Norris Iaidaw. He is presently stationed at the weather station at Contwayton Lake, NWT.

Mrs. W. R. Powell is visiting in Cornwall, Ontario.

Word has been received from Mr. and Mrs. Jack Kirk who are now in the Canary Islands enjoying the warm weather.

Tom Garnett and his daughter, Mrs Robert Cuthbert left for a holiday this week at Long Beach, California.

Hilly Smith is in Victoria this week to bring back a 55-passenger school bus.

Offices from the research station in Vancouver attending the Western Food Processors Association convention are F. E. Atkinson, Dr. Dougald MacGregor, J. A. Kitson and Miss Dorothy Britton. Dr. MacGregor will give a paper on civil defence and food processing and Mr. Kitson will give a paper on plant layout design.

Carl Deitrich is a visitor in Vancouver this week.

Anglicans meet to plan future of summer camp

At a special meeting called by Rt. Rev. W. R. Coleman, Bishop of Kootenay, of representatives of all parishes within the Okanagan Archdeaconry expenditure of \$5,000 was approved. Archdeacon D. S. Catchpole chaired the meeting, held in the parish hall of St. Michael & All Angels, Kelowna. Summerland representatives at the meeting were, Rev. Norman Tanner, chairman of the camp committee, T. H. Waterhouse, St. Stephen's church committee, Mrs. T. H. Waterhouse, member of camp operating committee and Roger Blagborne who assisted the

camp manager in 1960 and 61. Mr. Howard Morgan, chairman of the camp planning committee presented a brief which showed the expenditures essential to the continuing operation of the camp. Mr. Morgan listed improvements which would cost in excess of \$13,000 that are necessary, but recommended that they be accomplished gradually. The sum approved would cover the following most essential items: gasoline motors to provide water and refrigeration and a pump; chlorination; propane lighting inside and outside the Dining hall; new beds and mat-

tresses; boats; a new wash-room; kitchen utensils. Some of these things must be provided before the camp can open this summer, in order to comply with the provincial health regulations.

The Anglican Church Camp on the west of Okanagan Lake has a lake frontage of 3,000 feet and comprises 59 acres. In 1959 a large dining hall was built, and is at present the only permanent building on the site. It is hoped that following the 5-year plan approved at the Kelowna meeting, further permanent buildings may be erected such as new sleeping facilities and a new administration building to replace the old one, built during the depression.

For generations, apple pie has been considered a classic dessert. Sooner or later, every cooks tries her hand at this ever popular dish. Naturally, the best apples to use are those grown in the Okanagan.

Strikes & Spares

by Herb Simpson

The gap in first place standing in "A" League has widened during the past week as the Occidentals, with 38 points are 3 1/2 points ahead of the second-place Hilltoppers. The Hilltoppers occupy third spot with 25 1/2 points, only one-half point ahead of the Bushwackers, a team that had a very slow start in earlier weeks of league play. Games over 300 were rolled in the ladies' and men's high singles Alice Bye had a score of 305, and Glen Fell came up with a game of 303. This, Glen tells us, is his first game over 300 in league play. Congratulations Glen and Alice. Muriel Walker sharpshooter on the Occidental team, rolled ladies' high three of 654, while Barney Furllyrea of the Bushwackers took men's high three with 719. High team, Occidentals, 2982 pins.

The Bouncers still remain top place in "B" league with 34 points, two points ahead of the Accidentals (no relation to the Occidentals), Ruth Borklund dominated the ladies' high single and high three positions with 263 and 605. Norm Campbell rolled 234 for men's high single with Bob Newton's 578 being high three score for the men. High team Lucky Strikes, 2418 pins.

In "C" League, the Oddballs are now 1 1/2 points ahead of the Dodgers with 33 points, while the latter team is only 1/2 point ahead of the Hustlers. Individual scores in this League were: Ladies' high single and high three, Sally Ney, 202 and 514. Men's high single, Doug Laidlaw, 236; men's high three, Barry Parish, 574. High team, Hustlers, 2573.

Unfortunately, the secretaries of the mens and ladies' leagues did not give results of their first games in time for publication.

Sorry we missed the column last week, we will try to avoid such happenings from now on. See you next week.

Killick elected band president

Summerland Town Band had an active year last year, appearing in conjunction with the Penticton Band at the Fall Fair, Peach Festival, Remembrance Service and Peachland Regatta.

At the annual meeting held last week, Harry Killick was elected president; Dr. J. Mason, vice president; Art Simpson, secretary, and Ken Stewart, treasurer. Directors are John Betuzzi, Delmer Dunham, and Fred McInnes. Past president is Bill Lacey.

The band decided to continue to co-operate with Penticton for practices and concerts.

Harold Crane of Penticton is conductor of the combined bands and Dr. Mason spare conductor.

The band is operating with the night school class, and practices are held every Wednesday in the school auditorium. New members are welcome at the practices.

Kiwanis Club Notes

Kiwanis was favored with two guests on Tuesday Night — Bruce Morris and Jack Burrows, both of Penticton.

Scottie Ritchie back from California, led the Club in singing.

It was in a way a working night for the Club. Committees sat together during dinner and talked over their projects and matters in hand.

John Tamblin, who was not present last week, celebrated his birthday by paying his fine to the Collector.

A very interesting talk was given by Wally Harrison (our own Club member) on Insurance, and the long question period after his talk gave evidence of the interest shown.

A directors meeting was held after the club meeting.

Life memberships for faithful Baptists

Meeting in their annual business session on January 29, members of the local Baptist Church conferred on two of their number, John Macdougald and Mr. W. M. Wright their highest award for long and valued service. Sponsored by charter member Mrs. M. M. Stephens, who referred with grace and wit to the many years through which she had known them as "Joanie and Walter", the latter were made Life members of the Deacon's Board.

With the Rev. F. W. Haskins in the chair, a large assembly listened to reports from every department and heard of future plans. The Treasurer, Mr. C. A. Gayton, reported all expenses met with a balance on hand. The Pastor and the Clerk Mr. W. M. Wright, reported good attendance at all regular services and Mrs. Fitzpatrick told of growth and activity in the Sunday School where

an average of 80 percent was recorded.

The Shirley Knight Circle went over its budget as well as sponsoring the Mission Band and the Cradle Roll. Bales of clothing went to Dawson Creek, hospital supplies to India and a substantial money gift to Mrs. W. Knight. Mrs. W. King visited every Cradle Roll mother and entertained them at tea. The Mission Band with 30 enrolled registered an average of 26 present. Under the Misses Banks and Mrs. J. Brown much fine handwork was accomplished and used Christmas cards were sent to Bolivia.

Miss Ruth Dale and Mrs. Tingley as Explorer leaders told of an active year of work and fun. Attendance of members at all regular meetings of church, Sunday School, and weekday, averaged 80 percent with two boys reaching 100 percent. Currently, a bible memory course is receiving enthusiastic response.

Mr. Bill Wellwood reviewed projects of the Baptist Youth Fellowship such as cleaning up the church basement, leading church services, auditorium decoration, and leadership training under Dr. S. Trite, of Toronto, parties, study and activity at Maple Springs Comp.

Church property care included repairs and exterior painting, said Dr. D. L. McIntosh, as well as installation in the manse of a gas furnace, a hot-water boiler, and the building of a new garage.

Committee of Finance, Welfare, Couples Club, Catering and Social, along with the care given the church and grounds by Mr. and Mrs. J. Likei all showed interest and many hours of service given.

Mrs. C. A. Gayton and assistants were thanked for the editing of the Friendly Letter, 140 copies of which are published monthly.

Mr. Macdougald's report of of Maple Springs Camp listed an attendance of some 350 campers and leaders. All departments of the Summerland church had co-operated with the churches of the Valley in contributing gifts or money and labour for buildings and a swimming pool and in providing leaders and kitchen staff. Still urgently needed are Junior and Intermed leaders.

New officers include Mrs. L. Bloomfield as Clerk with Miss Norma Arndt as assistant; Mr. D. McWhinnie as Sunday School Superintendent and deacons for a three year period, Mr. J. Brown and Mr. D. McWhinnie. Continuing in office are the treasurers Mr. and Mrs. C. A. Gayton, and deacons Mr. L. Bloomfield, Mr. N. Buddingh, Mr. Jack MacDougald, and Mr. N. Wouters.

Refreshments were served by the retiring catering committee Mrs. F. P. Ganzeveld, Mrs. W. King, E. Krause and Mrs. D. McWhinnie.

Aid for handicapped given by Employment Office

Despite the permanent layoffs during January by virtually all packinghouses in the area, and those temporary shutdowns in sewer and concrete construction projects, the total of persons registered as seeking employment is still less than as at 31 January, 1962.

According to H. I. Moss, Manager, the comparative figures are: 31 January, 1963; Men — 1,211, Women — 996; 31 January, 1962; Men — 1,330, Women 976.

No reports of frost damage to area orchards has been received. Almost all logging, mining, and sawmill operations are running at regular capacity. Retail Stores report business is brisk as reduction sales commence.

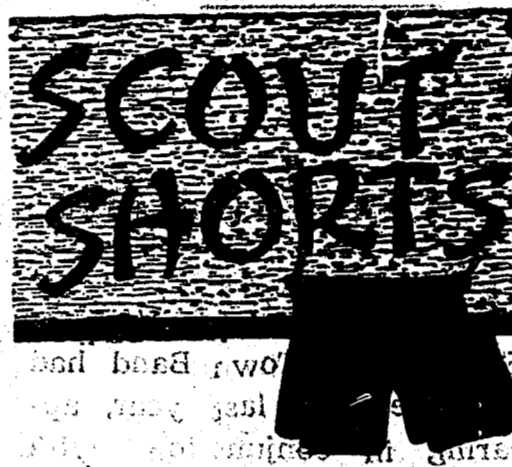

The demand for experienced reliable waitresses and housekeepers has not slackened to a great degree.

Using the facilities of the Penticton-NES office, an area Rehabilitation Committee has been formed this month. Aimed primarily at co-ordinating the efforts of all interested groups who undertake to find suitable employment for handicapped people, this Committee has access to assistance from Okanagan Valley Health Unit, Provincial Social Welfare Branch, and the Employment Technique Counselling of Special Services Officer, Mrs. Marie Fay of the NES.

1st Summerland Troop

The troop is making excellent progress on tests, especially toward the 2nd class Badge. Scouts Lane, McQuaig, Barkwill and Haddrell passed their Trees and Shrubs test on Saturday and their will be another chance to pass this test this Saturday at Mr. Fishers house at 10:00 a.m. Scouts Wiens and Johnson passed second class Axemanship, Lane his lashings, and McQuaig, Steuart, Liebert, Arkell and Johnson, compass. Scouts Wright, McQuaig, Liebert, Betuzzi, Dunsdon, Lane and Weeks passed the rifle handling portion of the Marksman Badge under Mr. Richardson. PL Gordon Lackey passed 1st Class Emergencies.

Mr. Denike continued instruction on 1st Class First Aid and will be with us again next week.

All boys are reminded to be sure to bring Tenderfoot to Queen's Scout Manuals to each meeting. Boys working on 2nd Class First Aid are reminded to look up this part of the work in their manuals.

The winter camp has definitely been scheduled for February 22 to 24 and the five new pairs of snow shoes purchased by the Okanagan South District Council have been reserved for this occasion.

The Father and Son Banquet is set for March 22.

Duty patrol next week, Hawks.

D. V. Fisher, Scoutmaster.

56 rinks entered in bonspiel, play starts here February 15

Juveniles in playoffs Saturday

Summerland Juveniles will meet Pentiction in play-off hockey in the Summerland arena this Saturday night. Game time is 8 p.m.

Monday night in Pentiction the local team went down to defeat against Pentiction 8-3. Summerland had play-off jitters for the first part of the first period, but for the rest of the game kept on even terms against Pentiction for an exciting hockey game.

Playing for Summerland were: goal: Martin Hoffman; defence: Larry Jones, B. Hallquist, Don Karlstrom, Bud Maddock, Berrey Holmes; Forwards: Keith MacInnes, Larry Dent, Mike Makato, Marvin Maka, Steve Hardwicks, L. Poulsen, and Gerald Moseley.

The team is handled by Gordy Taylor and Joe Bullock.

Turn out Saturday night and urge the local boys to victory

The annual bonspiel of the Summerland Curling Club will be held next week, February 15 to 17. This year all play will be in the Summerland arena, with seven sheets of ice in use.

Fifty-six rinks have entered four more than last year. Again there will be four events

with four winners in each event.

Members of the Ladies Curling Club will be serving meals in the arena club room during the bonspiel. A banquet will be held in the Rosedale Room of the Royal Canadian Legion on Saturday night.

Bonspiel chairman is Harry Hackman, with Walter Toevs

and Jerry Hallquist in charge of the ice and rock committee and Joe Elliot and Howard Pruden on the raffle committee. Mrs. Harvey Eden is in charge of the draw.

A work gang next Thursday morning and evening will prepare the ice for the bonspiel. All curlers are asked to turn out and help.

Bantams lose to Pentiction

Pentiction Bantam All-Stars will represent the South Okanagan for the valley Bantam hockey title. They won the right after defeating Summerland All-Stars in two games.

The first game Monday saw the Pentiction team win 14-4 in the southern city.

Playing in Summerland on Tuesday night, the local boys lost 13-2. Agur and Bullock scored singles for the two markers.

Organize club for junior sportsmen

An organizational meeting of a new club for youngsters was held on January 31. In spite of the poor weather 33 boys and their parents attended the community. Mr. Tyler Summerland True Sportsmen Club.

Conservation Officer Butch Tyler of Pentiction, in addressing the group, said that the club deserved the full support of the community. Mr. Tyler stated that if the club gave the Federation Rifle Safety course it would receive 50c for each member who passed it.

Organizer of the club, Mrs. John Gray, said that the name True Sportsman, was an indication of the Club's objective of training boys to be true sportsmen in the future.

Memberships were set at \$1 per year, including liability insurance. Donations of beer bottles, etc. may be left to the club's credit at Shannon's Transfer and any other donations from clubs, businesses or persons would be appreciated.

Ages for boys were set at 8 to 18 years inclusive, and will be divided into three age groups with each group meeting at least once a month.

Bud Green, fisheries officer at the Summerland Fish Hatchery, has promised to show slides and teach fly-tying to the group.

Two adults are needed as directors, one from the Rod and Gun Club, and one parent. Four ladies will act as directors. Mrs. G. Smith, Mrs. E. Spelsburg, Mrs. Nora Rajacich, Mrs. Lois Bolton, Harold Richardson was appointed by the Rifle Club.

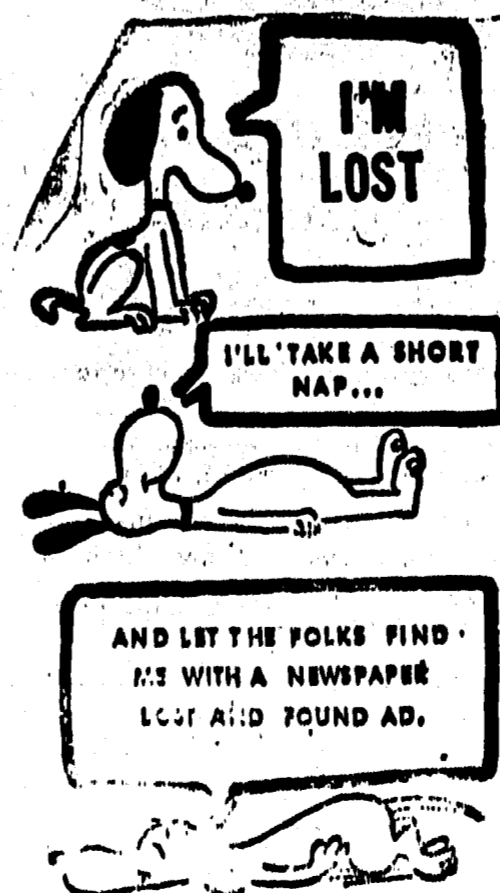

The first junior group, ages

15 to 18 inclusive, will meet at Mrs. John Gray's home on Station Road February 7, from 7 to 9 p.m.

Mr. Tyler had films for showing and Mr. Shannon was projectionist. Films were shown on gun safety and artificial respiration. Unfortunately, the poor weather prevented all the youngsters from staying for the films.

A rarity in the badminton club's bridge tournament occurred last Friday when Mr. and Mrs. C. Bernhardt and W. Palmer and F. Peddle tied for first place. They both had 7820 points. In third place were F. Browdie and E. May of Penticton with 7770 points.

Whoever said that cleanliness is next to godliness must have been thinking of West Summerland. Don't believe us? Take a look at the business section on Hastings Road.

.14 inches of rain and .6 inches of snow were recorded at the research station during the past week. We had only 16.5 hours of sunshine.

	High	Low
February 13	40	21
February 14	42	24
February 15	37	28
February 16	40	28
February 17	42	28
February 18	44	33
February 19	42	33

A note from British Columbia House, San Francisco informs us that Wm. Beattie was a recent visitor there and a letter from the Jack Kirk's said that they are enjoying beautiful weather during their holiday on the Canary Islands.

A team from the Junior Badminton Club defeated Penticton high school nine games to seven here on Friday. Summerland team members were Gillian Miles, Ruth Pielou, Sue Lopatecki, Mary Morgan, George Hauschild, Richard Ganzveld, David Mead and Gordon Lackey. A return match will be played in Penticton.

Nomination convention for the Progressive Conservative party will be held in Penticton Legion Hall on Monday, February 25 at 8 p.m. Hon. E. Davie Fulton, newly elected leader of the PC party in B.C. will be guest speaker. David Pugh, MP will seek re-election.

Entries in the Key Club Hobby and Craft Show Saturday include two model train sets, complete with hand-built scenery, a tiny complete set of hand-made wooden doll house furnishings, a large leather craft display and polished stones. Evan's Hobby Shop of Penticton will bring a display of professional work.

Annual meeting of the Hospital Society will be held in the Health Centre on Wednesday, February 27 at 8 p.m.

Macs Cafe Aces will play their first home game of the season, Saturday night when they meet the Lumby Flying Dutchmen. Game time is 8:30 p.m. in the Jubilee Arena.

Away from home, the Aces have a 2-1 record, defeating Penticton and Salmon Arm, while losing to Armstrong.

Macs Cafe Aces have added a few junior players to the team, while retaining old favorites, like Gordie Taylor, Al Hooker, Warren Parker, Jim Brake, and Bob Bonthoux.

For some good hockey, see the game Saturday.

The Summerland Review

Thursday, February 21, 1963 West Summerland, B.C.

Volume 18, No. 8

5c Per Copy

A Summerland rink won top honors in the annual curling bonspiel held over the week end. Fifty-six rinks were entered for the three day event held entirely in the arena. Winners of "A" Event were (left to right): Don Skinner, skip; Don Cristante, third; Fred Kato, second; and Tom Jomori, lead.

Name Tamblyns good citizens

Enthusiastic applause greeted the choice of Mr. and Mrs. John Tamblyn as Good Citizens of Summerland for 1962.

The award was given at the annual banquet of the Chamber of Commerce last Thursday. Retiring president G. C. Johnston presented the Reid Johnston Cup to the Tamblyns.

Mr. and Mrs. Tamblyn moved here 10 years ago and have been active in the United Church and all phases of community work, allowing their home to be a centre for gatherings.

Mr. Tamblyn in acting prin-

cipal of the secondary school, worked for many years with the school band, is a past president of the Kiwanis Club and still a very active member.

Mrs. Tamblyn has been president of the Figure Skating Club and president of the Art Club.

Guest speaker was J. R. Borsos, art teacher at the Penticton secondary school, who spoke on ideas to develop Summerland as a tourist attraction.

Installed as officers for 1963 by Reeve Norman Holmes were: president D. H. Hill; vice-president T. S. Manning; secretary, C. W. James; treasurer Ken Heales; directors, F. E. Atkinson, Lloyd Shan-

non, Charlie Bernhardt, Ed McGillivray, Preston Mott, John Dunn and Don Carmichael.

F. E. Atkinson presented the Rose Bowl to the first place Christmas light-up winners: Rev. and Mrs. Norman Tannar. Second and third place prizes went to J. H. Dronsfield and Harvey Mitchell.

Changing drains in Trout Creek

Council Tuesday discussed relocation of existing drains in the Trout Creek area. The drains carry excess water from the low-lying Trout Creek area. Council hopes to place the drains along the roads, where they will be under municipal maintenance.

During a committee meeting council decided the cost of replotting the drains should be borne by all the Trout Creek area, rather than by individual persons who are subdividing and find themselves involved in the drainage replotting scheme.

Councillor Eric Tait said that since the drains are beneficial to all the area and because some of the orchard land would be useless without the drains it was only fair that the expenses be borne equally among all residents.

Works superintendent Ken Blagborne reported work on the new fire hall progressing very well. The hall to house the engine is nearing completion and the new truck will be moved into the building shortly.

A letter from the Okanagan Regional Library Association stated that Summerland's share of the annual library levy will amount to \$4,900.50. Council granted the library's request for painting of the interior and more shelving to accommodate the extra books which the increased circulation has warranted.

Credit Union declares three percent dividend

Members of Summerland and District Credit Union heard that a dividend of 3%, amounting to \$19,754, will be paid on shares held last year, at a well attended annual meeting held in the Rosedale Room of the Royal Canadian Legion Tuesday evening. The balance of the \$28,717 surplus was placed in a reserve fund.

President Lloyd Shannon presented his report, noting that since the Credit Union was incorporated in 1944, a total of \$4,200,000 has been loaned to members. He also commented that endowment loans have only increased \$14,000 in the past year which he felt was a poor increase for such a valuable plan.

Revenue of \$70,908 was re-

ceived last year, down \$3,852 because of decrease in loans to members.

The credit committee reported that 410 loans totalling \$344,836 were approved.

Officers for 1963 are L. W. Shannon president; J. J. Lichtenwald vice-president and directors, J. M. McArthur, John Khalembach, S. H. Dunsdon, Don Blagborne and John Dunn. Phil Munro is secretary to the board.

Members of the supervisory committee are H. Burdon, L. S. Jones, Franklin Stent, Ted Weekes and Alf Kohlhauser.

Credit committee is comprised of G. R. Beggs, J. W. Caldwell and E. F. Smith. Recognition was given to Mr. Beggs who has served 19 years on this committee.

Five juveniles charged with breaking and entering

A tip from an alert Summerland resident led to the arrest of five youths early this week. The five will appear before acting juvenile magistrate Robert Alstead on charges of breaking entering and theft.

The offense occurred Sunday night. E. F. (Hilly) Smith reported to police that a garage and storage shed at the wharf in Lower Town had been broken into. Missing was a 45 gallon drum of gasoline and a rotary hand pump, valued at \$60, which has since been recovered.

The five juveniles will appear in police court today. One boy also faces an extra charge of using purple gas in his motor vehicle.

Slick road conditions and soft shoulders have caused a number of accidents, recently and RCMP advise motorists to use caution when driving.

On Tuesday a transport truck owned by D and D Cartage Co. sank into the soft shoulder off Highway 97 in front of the Tank and Tummy

at Trout Creek. Weight of the load tipped the transport over. No damage was caused.

Mrs. Doreen Dean of Victoria Road, driving south on Highway 97, hit a soft shoulder near the Pyramids picnic site and her pick-up truck overturned, causing \$1,000 damage.

On Tuesday two cars collided at the intersection in front of the West Summerland post office. The cars were driven by Mary Mayert and Alastair Burt, both of Summerland. Approximately \$100 damage was caused.

Norman Francis Berkner of Westbank appeared in police court February 15 charged with failing to submit an accident report. He was fined \$15 and costs.

On February 18 James Edward Lestage of Kelowna appeared, charged with using another person's driver's licence. He was fined \$10 and costs. He was also fined \$50 and costs for driving while his licence was suspended.

Dr. J. C. Wilcox heads Cancer Unit

The Summerland Cancer Society held its annual meeting in the Health Centre on Tuesday night, April 12th. A very good attendance was noticed and appreciated. Dr. J. C. Wilcox, President, was in the chair.

The main business of the evening was the election of officers for the coming year. Reeve Norman Holmes was elected as Honorary President. Dr. J. C. Wilcox returned as President, Nat May, Vice-president and Howard Pruden Treasurer.

A big change this year was in the resignation of Mrs. J. E. O'Mahony as secretary after a devoted service of 26 years. She will continue as Public Relations Officer and Delegate for the South Okanagan to the B.C. Cancer Society and the B.C. Cancer Foundation. Miss Gweneith Atkinson will take over secretarial duties. Miss Fay moved that an expression of appreciation for the work of the Kiwanis Club and the Order of the Eastern Star for all their invaluable help be put in the public press.

Mrs. O'Mahony gave an account of the patients assisted.

(Continued on page 5)

Bonspiel winners

The Skinner rink won the Occidental Fruit Co. Trophy. Second place in A Event went to W. Croft of Summerland, while W. McCutcheon of Summerland and Dirks of Penticton took third and fourth places.

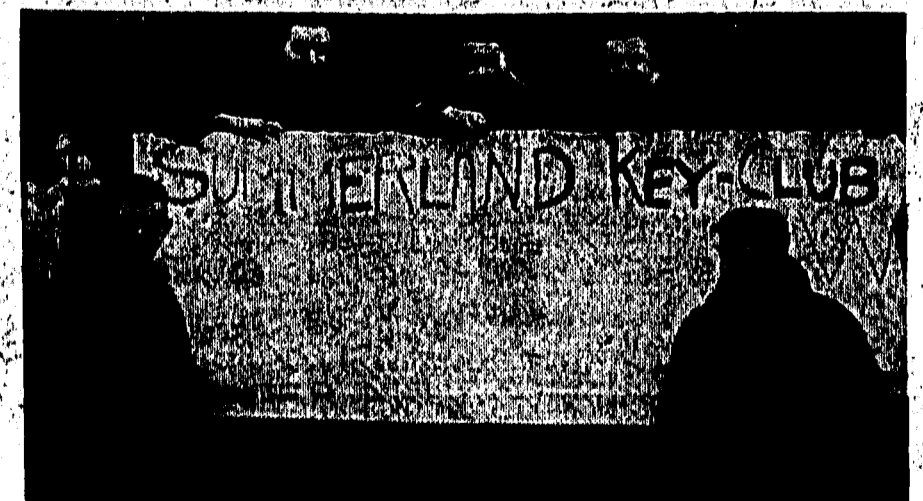

In B Event, the B.C. Shippers Trophy went to Barzal of Osoyoos, with other winners: Moen and Wiltse of Penticton and H. Pruden of Summerland.

The Keller rink from Penticton topped C Event and won the L. A. Smith Ltd. Trophy. Following them were Moore of Peachland and Birch and Ek of Summerland.

In D Event the Holmes and Wade Ltd. Trophy went across the lake, won by Johnson of Naramata, followed by Brown of Westbank, Childerstone of Penticton and Reid of Merritt.

The travel companion was won by Ken Fulks of Peachland and the picnic kit by Bill Head of Penticton.

In charge of the bonspiel were curling club president Harry Hackman, Walter Toews and Jerry Hallquist. Drawmaster was Mrs. Harvey Eden.

Members of the Key Club paraded a banner down main street Saturday to draw attention to their Hobby and Crafts Show, this Saturday, February 23. Displays of junior and senior crafts will be in the secondary school auditorium from 1:00 to 9:00 p.m. If the event goes well, the Key Club hopes to hold it annually, giving residents a chance to show their hobbies. Admission is 25c for adults and 10c for children. Holding the banner and inviting you to attend are (left to right): Archie McGillivray, Mark Tamblyn, Ken Smith, Harold Nicholson and Dave McInnis.

'No Place Like Home,' Says Burglar Bill

If you took the advice of Burglar Bill, you'd keep all your valuables at home. Under the mattress, maybe. Or in that old teapot which lost its spout.

But Bill's advice isn't entirely objective. He figures if you leave your valuables at home — even in a "safe" hiding place — he stands a better chance of getting his hands on them.

Much better advice comes from Jock Johnston, manager of the West Summerland branch of the Bank of Montreal. "Keep your valuables really safe in a B of M safety Deposit Box," says Mr. Johnston. "Your personal strong box, exclusively yours, costs less than two cents a day, and it pays for itself over and over again in peace of mind alone," he adds.

Hundreds of thousands of Canadians use B of M safety deposit box facilities. Their valuables — bonds, leases, stock certificates, insurance policies, deeds, birth certificates, passports, and other important family papers — are safe and sound behind the steel doors of the B of M vault.

Forget what Burglar Bill says. Mr. Johnston says, "Clean out those closets, drawers — and teapots. Bring your valuables into the bank instead."

Kiwanis Club Notes

The Club met as usual on Tuesday night and was treated to a very interesting talk on Income Tax, by Larry Megee of the Pentiction Club. With the filing date for tax forms at hand, the talk was listened to very closely, and it was certainly full of interesting detail.

Next Tuesday there will be NO regular meeting, as the Club is meeting on Friday, at 6:30 p.m., at the High School in support of Education Week. For those members who were not present, we would advise that a reservation can be made through John Tamblin. Wives welcome.

President Bill Laidlaw took the opportunity of congratulating John Tamblin and his good wife, on being chosen "The Good Citizens" for the year. Good going John, and the Club is proud of you.

A directors' meeting was held in the president's house after the Club meeting.

All members who can, are asked to remember the Key Club Hobby and Crafts Show on Saturday from 1 to 9 p.m. Any support from members by their presence will be greatly appreciated.

Sun Life reports to shareholders

Sun Life Assurance Company of Canada sold more than one billion dollars of life insurance in 1962 for the fourth consecutive year, and will increase policy dividends in 1963 for the 14th consecutive year, I. F. Dewest, Sun Life Manager in Pentiction announced following the company's 92nd annual meeting.

Forward strides by the Sun Life during the past year also included the mutualization of the company, which was commenced in 1958 and completed in December, 1962.

The Pentiction Branch reported that Sun Life sales last year of \$1,128,440,000 were larger than those of any other Canadian Life company, and brought total insurance in force with the company to \$10,840,722,000. This is an increase of 6.4 per cent, over 1961. Of the total, \$4,255,659,000 is in Group life insurance and the balance in individual contracts.

During the year the company paid \$199 million in policy benefits, of which two-thirds was paid to living policyholders and annuitants and one-third to the beneficiaries of deceased policyholders. Dividends to be paid to Sun Life policyholders will be \$46.8 million — five per cent more than the 1962 policy dividends.

Conservation Corner

The attendance for the February 18 meeting and showing of slides and movies was excellent. Our thanks to Rich Blewett, sportsman and conservationist, for the fine entertainment.

I have come across a definition of conservation that bears repetition, study and a commitment to memory. It is contiguous to my own personal creed and should be to everyone who believes that conservation is of grave import to every man, woman and child.

Conservation means more than putting the brakes on use of field crops, trees and minerals. The conservationist is not a hoarder, but a person who makes judicious choices. He has three general principles. In the first place, he applies resources primarily to those uses for which they possess particular qualifications. In the second place, he prefers to use continuing or recurring resources instead of fund resources. And in the third place, he tries to protect his sources of supply.

Conservation may be summarized as meaning, "We will use without using up." It also means restoration to sustained productivity of worn or damaged resources, and it means selection of land for use according to the best it is capable of giving.

— Alf Kohlhauser
Secretary-Treasurer
Rod and Gun Club

Legion Aux. busy with catering

The regular meeting of the Legion Ladies Auxiliary was held February 14, in the Rose dale Room with 27 members present. Mrs. Ruth Dunsdon was initiated into membership. Several catering appointments were discussed and convenors named. February and March will be a busy month for the Ladies at the Rosedale Room. Our new table top stone has been installed and a committee report was given on drapes for the Canteen windows. We plan on doing something about this in the near future.

Mrs. Isabel Gerrard and Mrs. Pat Smith will attend the Zone meeting at Princeton on March 3 as representatives from this Auxillary. March being the birthday of the forming of our Auxillary we will precede our March 14 meeting with a Pot Luck supper to which our husbands are invited.

Open Meeting (All Supporters Welcome)

AN INVENTORY OF PUBLIC SERVICE A MUTUAL LIFE INSURANCE COMPANY

Since 1871 SUN LIFE OF CANADA has been active in the public service. 1962 was another year of achievement.

✓ Sun Life's representatives, for the fourth consecutive year, sold over \$1 billion of life insurance, thus casting the mantle of protection over countless thousands of men, women and children.

✓ Sun Life paid out \$200 million in benefits to policyholders and their beneficiaries. Two-thirds of this amount was paid to living policyholders.

✓ Sun Life's three million policies and group certificates provide protection of more than \$10 1/2 billion.

✓ Sun Life announces new dividend scales which, for the 14th consecutive year, will result in an increase in the total amount to be paid in dividends to its participating policyholders. In 1963, dividends will amount to \$47 million.

✓ From 200 branch offices, Sun Life men and women have been privileged and happy to serve an ever growing body of policyholders.

FOR THE RECORD: IN 1962

Paid to Policyholders and Beneficiaries . . .	\$ 199,884,000
New Life Insurance	\$ 1,128,440,000
Total Life Insurance in Force	\$10,840,722,000
Assets at December 31, 1962	\$2,583,033,000

SUN LIFE ASSURANCE COMPANY OF CANADA

A Mutual Company with its Head Office in Montreal

Taxation for its own sake

We have very little fault to find with Premier Bennett's 1963-64 budget except for one item — provision for a \$70 home-owner grant in 1963, \$85 in 1964 and \$100 in 1965 and thereafter. We take the stand that if the government has huge surpluses to return to the taxpayers, it would save a great deal in salaries, bookkeeping and other expenses by eliminating the five per cent tax instead.

Elimination of this obnoxious tax would also be more equitable (if taxation can ever be described in that term) than the home-owner grants. Every resident of the province is forced to contribute to the five per cent levy but many thousands of families, through no fault of their own, are discriminated against simply because they are prevented through circumstances from buying a home.

First of all, there are those without the financial resources to make an acceptable down payment. Then there is the still larger group whose occupations or hopes for advancement do not permit them to establish permanent residence in any particular location. These include policemen, bankers, business managers and assistants, teachers and even government employees. Until their careers have reached the highest peak attainable, there is simply no way for them to take advantage of the government's largesse.

Then again, in communities such as Fernie where municipal governments scrape by on a low mill rate with resultant low taxes, a very large proportion of home-owners have to settle for far less than the ultimate \$100 grant. We find no equity there.

We simply fail to see the sense in taking taxes with the right hand only to dole them out with the left. It offers no advantage to either the government or the taxpayer in general. All it does is provide employment for two large of civil servants — one to collect the taxes and the other to distribute them. It also adds to the headaches and costs of businesses which are compelled to act as collection agents.

There are many more reasons for getting rid of the five per cent tax instead of handing out home-owner grants. One is the discouragement of industry. What individual or group of businessmen in their right minds would even dream of spending huge amounts of money to set up in B.C. at an initial cost of five per cent above that required in, say Alberta? All other factors being equal, the obvious answer is: None.

Then there is the question of tourism. Surely everyone must admit that the travelling and holidaying public attempts to avoid being gouged. No one can even hazard a guess as to how many millions of dollars are lost annually by soaking our visitors with excessive taxes that the government itself says it doesn't need or want.

We are continually amazed that at least one of B.C.'s three other parties does not adopt the elimination of the five per cent tax as the top plank in its platform. Are they afraid of public opinion? Well, they needn't be. We know of very few people who would not be willing to sacrifice home owner grants in favor of abolition of this vicious tax that is evidently unnecessary.

However, many politicians appear to favor taxation for its own sake rather than for its usefulness or fairness. We fail to follow this type of reasoning.

— Fernie Free Press

Postscript

Last week we printed a few words about the evolution of the fairer sex, particularly in invading male preserves such as billiard parlors. While we didn't say it, we did think that such things may happen in big cities such as Vancouver and Toronto, but surely would never strike the interior of B.C.

But on Saturday we learned different. "Wake up, Dad!" a pert 19 year old Summerland miss said to us, "didn't you realize there already is a billiard parlor for women in Penticon. And gee, is it ever a swell game!"

Be ready to rally round the flag, men. The invasion may strike Summerland next.

World Scouting theme for 1963

This is Scout Week and is observed in practically all countries of the free world.

The Scout week theme in 1963 is World Scouting and the 306,000 Canadian Boy Scouts send greetings to over eight million brother Scouts in these other lands.

"The Boy Scouts Movement is of national, international and universal character, the object of which is to endow each separate nation and the whole wide world with a Youth which is physically, morally and spiritually strong."

It is international in that it

recognizes no national barriers, in the comradeship of the Scouts.

"The Scout movement has no tendency to weaken but in the contrary, to strengthen individual religious belief. The Scout Law requires that a Scout shall truly and sincerely practice his religion and the policy of the movement, forbids any kind of Sectarian propaganda at mixed gatherings."

(Above from resolution passed at International Scout Conference at Copenhagen)

"Space satellites have brought a certain reality to the statement so often made that the world is shrinking. They have brought also a new an-

swer to the age-old question "Who is my neighbor?"

To-day, as never before, everyone is our neighbor. A neighbour is not only the person who lives next door, or on the same street, even in the same city or country — now-a-days neighbours are everywhere and anywhere. He whose voice and image can be brought into our homes by the miracle of modern science is our neighbour.

That is why the Boy Scout theme "World Scouting" is so appropriate this year 1963."

(Excerpt from a letter of His Excellency Major-General George P. Vanier, DSO, MC-CD, Governor-General of Canada.)

1st Summerland Troop

February 17 to 24 is Scout Week, celebrated each year in the Scouting world to commemorate the birthdate February 22, 1857 of its founder, the late Lord Baden-Powell.

Scout Week is observed by different groups in various ways, such as special good turns, Father and Son banquets, window displays and church parades.

The founder, himself the son of an Anglican minister, laid great stress in his writings on duty to God, which is part of the Scout promise.

This Sunday, February 24,

the Cubs and Scouts of the 1st Summerland Group will parade to the Anglican Church for the 11 a.m. service. Full uniform (plus windbreakers) is requested and boys should be at the church by ten minutes to eleven. A full turnout is requested.

At Monday's meeting Mr. Denike concluded his four weeks of instruction on 1st Class first aid, for which work the troop is most appreciative. Further 2nd Class tests were passed so that now there are about ten boys nearly through their 2nd Class work. Some boys are still deficient in a few items of uniform and parents are asked to try to see that their boys are turned out fully uniformed.

Scores for patrols are Buffaloes 174, Eagles 185, Hawks 160 and Beavers 184. Duty patrol next week, Buffaloes.

D. V. Fisher, Scoutmaster.

After of life and death

by Rev. M. R. Schulz

We are born to live, not to die and yet each of us realize the truth of II Corinthians 4:12 "death worketh in us." Why do we mourn when a loved one passes from this earth, is it not because death is an intrusion? Why do we have doctors, safety officers and a host of other life preserving agencies, is it not to help retain life?

I read of a case where a small boy, fell into an abandoned well which was dry. The Police and Firemen were hindered in their rescue efforts by crumbling walls of the well. The radio heard of the rescue attempt and began an on the spot report. Soon thousands of people were all singularly intent on saving the life of this young boy. Many people volunteered their help as the minutes soon became hours and the rescue became more and more difficult. Hundreds agreed in prayer on behalf of the boys' safety. One workman donor provided free coffee and doughnuts for all those who worked or stood by watching. Then finally after many hours of preparation one of the firemen was lowered and brought back up with the boy safely in his arms, and all who knew rejoiced because a life had been saved.

Life is a sacred gift but at the same time we are all dying. We struggle to hang onto the threads of life but one by one the threads give way and break. Death is at work but in St. John 10:10 Jesus says "I am come that they might have life and that they might have it more abundantly." In St. John 5:24 Jesus says, "He that believeth on him that sent me hath everlasting life."

Man wants to live and we were born to live not to die, and St. Luke 9:24 tells us the way to have an abundant life, for it says "Whosoever will save his life shall lose it, but whosoever will lose his life for my sake, the same shall save it."

Concert Assoc. selling tickets

The re-engagement of the Canadian Opera Company for the 1963-64 concert season was announced at a recent meeting of the South Okanagan Community Concert Association.

The opera, to be presented in the fall of 1963 will be an English version of Mozart's comic opera "Cosi fan tutte", "Women are Like That". This booking will bring back a company well known to Summerland, and most recently remembered for their production of Puccini's "La Boheme" in November, 1962.

Preparations have been made under the direction of campaign chairman A. Harley for the eleventh annual renewal membership campaign, which was launched early this week. There will be no increase in fees for the coming season.

Renewal kits have been issued to approximately 85 volunteer workers in Penticon, Naramata, Summerland, Kaleden, Okanagan Falls, Oliver, Osoyoos and Keremeos, and the drive includes both the renewal of present memberships and the enrolment of new members.

As the Community Concert Association is based on the "organized audience" plan the Canadian Opera Company's presentation of "Cosi fan tutte" and the three other concerts to be selected at the conclusion of the membership campaign, are open to members only.

You'll always stay young if you live honestly, eat slowly, sleep sufficiently, work industriously, worship faithfully — and lie about your age.

1st Summerland Cub Pack

Each year during Scout Week, Troops and Packs are encouraged to put displays in store windows depicting a phase of their activity.

We wish to thank W. A. Laidlaw for allowing us the use of his window to salute Scouts and Cubs in other countries of the world by representing of the background flags of many countries where Scouting is active.

In the foreground is a model of the campsite at Faulder. This cabin was built some five years ago by the Troop under Dr D. V. Fisher. It has been used by many different Troops and Packs and is a wonderful spot. The Pack has had four summer camps there

and have many happy memories of it. We tried to convey to you all just what our camp looks like, when all the tents are set up on the banks of Trout Creek.

First Summerland Pack meets at the Youth Centre at 6:30 p.m. every Friday and at the moment has an enrollment of twenty-seven.

We have a wide variety of activities including the summer camp, rambles, visits to points of interest throughout the area, participation in Remembrance Day parades, church parades, sale of poppies, apple day sales, etc.

First Summerland Pack is sponsored by branch 22, Royal Canadian Legion.

United Church Women give life pin to Mrs J. C. Wilcox

The quarterly meeting of the United Church Women was held in Summerland United Church Hall Monday, February 8, Mrs. J. C. Wilcox in the

chair. A Living Faith to meet the challenges of our times was the inspirational theme of the devotional by Mrs. V. Foster. Mrs. Lew Wright reading from the scripture from Mark's Gospel, Chapter 11, with its lesson of the power available to Christians through faith and Prayer.

There was a good representation if all circles when the standing roll call was called, and reports heard of the work being done by the various groups. Members were urged to remember the World Day of Prayer on March 1st, services to be held in Summerland United Church at 3 p.m. They were also urged to attend the Retreat at Naramata for the women of the church.

This will be a one day retreat, commencing at 2 p.m. on Sunday March, 10.

Mrs. Colin Campbell reported that the coupon collecting project participated in by the ladies has paid off and that very soon a large coffee maker will be added to the kitchen equipment and suggested that by continuing with this project other useful items might also be added.

During the meeting Mrs. Jack Dunsdon was called upon to make a presentation to Mrs. Wilcox. In presenting Mrs. Wilcox with a life membership pin Mrs. Dunsdon pointed out that this small gift would show something of the appreciation they feel for her devotion and her tireless effort at home and also at higher levels toward bringing into being one fellowship embracing all the women of the United Church of Canada and her guiding of the local group through its first years, hoping the token would be accepted and worn "with our love".

Accepting an invitation to address this meeting, Mr. Frank Haar Barrister and Solicitor, spoke on a subject not too often studied in an informal manner especially by women, the subject "Wills". He brought out many important although sometimes obscure points often overlooked by those not accustomed to handling the legal business involved in family life and the necessity of having not only a will, but one which takes care in the best possible manner the welfare of those for whom it is made. Summing up the legal aspects of this discourse Mr. Haar went on to remind us that the greatest "Will" we can hope to leave behind us is the heritage left to our families through loving influence during childhood and on into adult life helping to develop well rounded lives with Christian character which will enable them to withstand adverse pressures that may be encountered beyond the security of home and community. Many problems were discussed during the question period and Mr. Haar explained how to avoid many pitfalls and legal entanglements. Mrs. A. McEachern thanked the speaker for his enlightening and interesting address. Meeting closed with serving of refreshments.

Valentine theme for annual tea

Pink Valentine Mobiles, hearts and flowers in pink and pale green were the decorations in the Parish Hall on Saturday, February 16 for the very successful tea and home bake sale held by the Evening Branch of St. Stephen's Anglican W. A.

Mrs. T. M. Croil and Miss Gweneth Atkinson were co-convenors. The serving table from which Mrs. F. V. Harrison, Mrs. N. O. Solly, Mrs. Ray Wilburn and Mrs. Ted Mortimer poured during the tea hour was covered with a pink cloth, silver candelabra with pink tapers and a pale green bowl with hydrangea in the same shade formed the centerpiece.

Decorations throughout the hall and on the tea tables were arranged by Mrs. Adrian Moyls, Mrs. J. M. McArthur, Mrs. E. J. Guttormson, and Mrs.

Howe Thompson.

Guests were received by Mrs. Earl Wilson, president, and Mrs. Norman Tanner.

The tea tables were centered with long stemmed green apples topped with pink and white flowers, on white cloths. Servers during the afternoon were Mrs. Skippings, Mrs. W. F. Evans, Mrs. W. C. Baker, Mrs. Norman Holmes, and Mrs. A. W. Watt.

The bake table, which was a gaily decorated cart with a large red umbrella was looked after by Mrs. Ted Weeks and Mrs. Bert Berry.

Those assisting with refreshments were Mrs. Ben Trafford, Mrs. George Lane, Mrs. Alex Munn, Mrs. Jim Smith, Mrs. W. Birtles, Mrs. C. M. Robertson, Mrs. K. Hickson and Mrs. T. Lott.

A Valentine grab box was an interesting feature during the afternoon.

Births at Hospital

Born at Summerland General Hospital to:

The Summerland Review

Will address church meetings in Summerland

Mrs. G. Hitchcock, provincial Field Secretary of the WC TU, will be showing films throughout the Okanagan District this week and next. She will be on the radio at Kelowna February 21st, and on TV the same day.

There will be an election Contest in the Baptist Church Monday, February 25 at 7:30 p.m. at which time Mrs. Hitchcock will speak to the children. Following this meeting she will be in Penticton for a meeting.

She will be back in Summerland for a meeting with the Mission Band at the Baptist church at 3:15 p.m. February 28 and at Trout Creek for a

coffee party in the Community Church, 10:00 a.m. She will then go to the school for the I.S.C.F. at noon. At 8:00 p.m. she will be at the Pentecostal Church, she will have films to show.

Locals

Mr. and Mrs. Thomas Winter have returned from a month's holiday in California and at the coast.

Mrs. Jack Wilcox and Mrs. Alan McKenzie left Wednesday for Vernon where they will attend the annual church convention.

George Young of Tacoma, Washington is visiting Mrs. J. Y. Towgood. Mr. Young is being transferred to the Eastern Air Command.

Cpl. Larry Martin has returned from Regina where he has been taking a six-week training course.

Mr. and Mrs. Harvey Pomrenke and daughter Lynn have returned from a five week holiday in United States and Mexico.

Mrs. George Morrison of Carrying Place, Ontario, is a visiting with her brother in-law and sister, Mr. and Mrs. J. E. Britton.

A Good Turnout Is Requested

Dean Neville Scarfe to speak at Community Banquet

Dean Neville V. Scarfe of the Faculty and College of Education at the University of British Columbia will be guest speaker at two Education Week activities planned by the Summerland Teachers' Association. Education Week this year is March 3-9 and to begin the week of school open houses, displays, and student activities a community banquet will be held on Friday, March 1 at

6:30 in the Secondary School. Tickets have been distributed to many local organizations. Dean Scarfe will be guest speaker at this banquet, his topic being 'New Ways of Teaching your child.'

Following the banquet, a symposium will be held in the Secondary Auditorium at 8:00. Dean Scarfe will be joined by two other speakers to form a

panel to discuss "What Society Expects From Our Schools". Other panel members are Rev. R. A. Wallace, Director, Naramata Christian Leadership Training School, and Mr. C. E. Clay, District Superintendent of Schools for Penticton and Summerland.

Ray McNabb, Education Week chairman, reports that Dean Scarfe, Rev. Wallace and Mr. Clay will discuss various topics on the panel. Dean Scarfe's interest in teacher education and teaching techniques will make his contribution very interesting to everyone. Rev. Wallace, an outstanding young speaker, educated at UBC and the Andover-Newton Theological School in Boston will add a wealth of information to the discussion. Mr. Clay, well-known to many residents, will speak on the many duties of the school system.

The evening is planned as a fitting introduction to Education Week, the theme of which is this year "Education — Measure of a Nation."

Elaine Dunsdon has lead role in ballet

Elaine Dunsdon will dance the lead role in the Gwendyth Lloyd ballet which is being presented in Penticton this Sunday afternoon. Elaine is the daughter of Mr. and Mrs. Jack Dunsdon of Summerland.

The ballet is being presented in the Penticton high school auditorium at 2:15 p.m. It is held in conjunction with the series of concerts being presented by the Okanagan Valley

Symphony Orchestra under the conductor Willem Bertsch.

This is the fourth season for the Okanagan Valley Symphony Orchestra and a varied and delightful program featuring the music of Mozart, Beethoven and Handel will be presented.

Summerland musicians playing with the orchestra are Ken Steuart, Stan Skippings and Harry Killick.

Harold Richardson heads True Sportsmen club

Summerland Junior True Sportsmen Club adult directors met at Mrs. John Gray's last week. Harold Richardson was appointed president and Mrs. Evelyn Spellsburg secretary treasurer.

Directors were told that the school principals were in favor of such a club for the community.

A donation has been received from the WI with others expected soon.

At a meeting of the 12 to

14 age group on February 14 a survival kit was shown. It contained a first aid kit, food for three days, fishing hooks and line, rope, plastic sleeping bag, gun cleaning string, and an enamel cup. The pack was about 8x6 inches and weighed four pounds.

Other items to wear when hunting were also explained.

Canadian to Vietnam

ELIZABETH BROWN

Foster Parents' Plan, an international relief organization through which 5,000 Canadians give support on a person-to-person basis to destitute children around the world, has announced the appointment of Elizabeth Brown, a Canadian citizen, as new director for Plan's operations in South Vietnam. Miss Brown was born in Toronto and is a graduate of the University of Toronto, with an M.A. in personnel and guidance from Columbia University. During the war she initiated a program of recruitment and placement of women in industry for the Canadian Department of Labour. For the last 7 years she has been a regional officer for the National League of Nursing, responsible for field and administrative work for 11 North Atlantic states in the U.S. She had previously been chief of the U.S. Welfare Division of the IRO in West Germany, supervising a staff of 100, and had also headed a post-war overseas mission for UNRRA. In her new post she will move to Saigon, as permanent director and supervisor of a staff of Plan social workers.

CANCER

(Continued from page 1)
 literature distributed, school essays and special programs etc. and the extension of facilities for patients in Vancouver and the immense research being done in Vancouver and all of Canada in the causes and treatment of cancer.

Dr. Fred MacInnis gave a most interesting and enlightening address on the "Historical Aspect of Cancer Research." Such research began in the 1700's and has steadily grown. A veil of secrecy, in former years, made for slow progress, as first and nature guards her secrets jealously. The great stumbling block has been to regard cancer as a single disease but Dr. MacInnis pointed out that it is really a group of diseases and in fact a process of diseases.

The normal cells of the body stop their growth at a certain point, but the cancer cell grows unchecked. The most recent approach to causes of cancer have been "What causes the normal cell to stop growing?" Cancer has been like a fire that burns continuously and has many methods of starting.

Dr. MacInnis gave many illustrations of irritants, chemicals, viruses and other apparent causes of various types of cancer.

He gave out real hope in modern research and cited the percentages of cures as always stressed the importance of early diagnosis and treatment. Immunity may not be too far off.

Many organizations were represented in the audience. Summerland Hospital, Harvey Wilson; Women's Institute, Mrs. J. McLachlan; Red Cross Mrs. George Lewis; Canadian Legion, Mrs. Phil Smith; Rebecca, Mrs. Raincock; Hospital Auxiliary, Mrs. Robert Alstead; Kiwanis, Mr. Fred Schumann, Kinsmen, Mr. D. Anderson; Rotary, Mr. Roy Angus; Mr. Will Brown, Directors at large.

Strikes and Spares

by Herb Simpson

No change in standings in "A" League as the Occidentals, with 43 points, lead their nearest rivals, the Headpins by 2 1/2 points. Doris Senger bowling for the Bushwackers, rolled a high single of 315 and a three-game total of 711. Men's high single also went over the 300 mark with Earl Bryden bowling 314. Hugo Harks rolled 741 for men's high three total. High team, Questionables, 3061 pins.

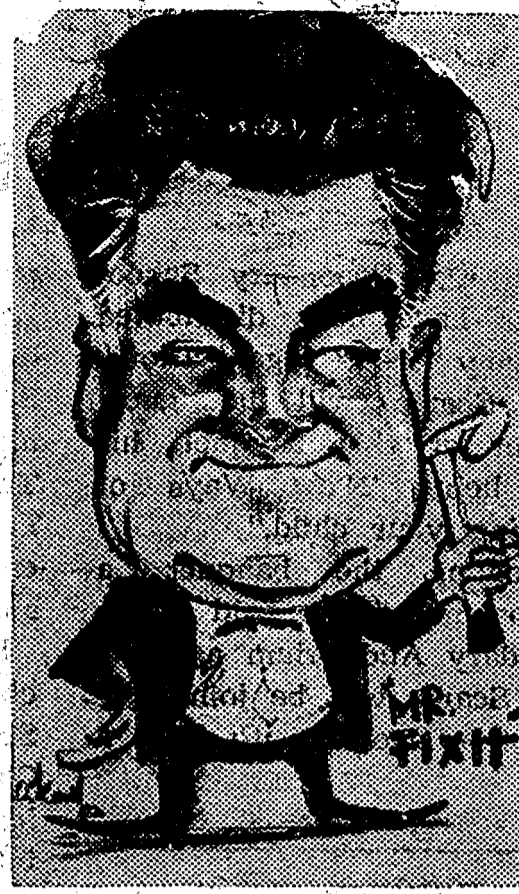

In "B" League the Bouncers retain their lead with 39 points. The Accidentals and Woodchucks are now tied for second spot with 36 points, a lead of two points over the Roamers. In individual scoring Bernice Carty took ladies' high single with 223, with Henry Brummelhaus bowling men's high three of 275. Ladies' high three went to Irene Rosner with 594, while a score of 640 gave Bill Austin the men's high three total. High team, Strugglers, 2680 pins.

The Dodgers, having taken three points, are now in the lead in "C" League by one-half point. They now have 37 1/2 points, with the Oddballs dropping to second place with 37. The Hustlers and Misfit, each took four points from their opponents, so remain in a tie

for third place. Paula Vandenburg, with a single of 219 and a three game total of 546, was high lady for the week. While Mac Butler, scoring 275 and 662, took top place in the men's scoring. High team, Leftovers, 2425 pins.

Results of play in the Men's League last week show the Oldstyles in first place with 31,568 pins, followed by the Secondhands with a 31,374 total, only 25 pins ahead of the Hillbillies. Oscar Neilson bowled high single and high four games with 308 and 862. The standings in this League are stored on total pins instead of the point system.

Leaders in the Ladies' League are the Screwballs with 18 points followed by the Chat-n-Roll with 15, and the Knot Heads with 13 points. Tip honors went to Eileen Fell with a high single of 259 and a high three total of 633. High team Chat-n-Roll, 2351.

Peter Whittall, perennial favorite with do-it-yourself fans, shows viewers how easy it is for them to do home repairs in his weekly program, Mr. Fix-It, Wednesdays, on CBC-TV. The curly-haired handyman presents a 15 minute mixture of instruction and entertainment.

Nautical notes

It has long been felt, by many Yacht Club members, that they could and should take a greater part in the day-to-day operation of the Summerland Yacht Club. Thus, organization and re-organization is the order of the day, at SYC.

Commodore L. A. Smith, and Mrs. Smith, as secretary, have both done so very much — every aspect of the Club organization, and most of the work, have been left to them since the club started. The Club gives them both a real debt of gratitude for the way they have so willingly carried this tremendous work load.

Next Monday, February 25, is the date of the Annual Meeting, and with a new year starting, it is hoped that this work may be shared by the membership, for two reasons: first to relieve Mr. and Mrs. Smith of innumerable responsibilities so that they, too, may enjoy the facilities and social activities of the club, and second; to give the members a greater share in their own club, and thus a greater interest in their own club. (Remember, many hands make light work for all). Accordingly, the executive has taken the initial steps toward setting up committees, each one to be headed by an executive member, and each one made up of club members.

On February 23, the Yacht Club Ladies' Auxiliary will hold a pot luck supper and dance, for all Yacht Club members and guests.

The only change — ladies are asked to bring a contribution of food for supper, at 7:30 (social hour 8:30 p.m.). Regular admission will be charged for the nine o'clock dance, music will be provided by the Okanagans.

Subsequently, "business as usual" on Saturday nights, with dancing to the juke box, until an entertainment committee is activated and able to re-organize the regular Saturday dances. During this transitional period, there will be no charge for members; non-member guests, 50c per couple.

Power Squadron members

are nearing the end of their course, with final tests planned for March 17. On Saturday February 9, several members attended a pot luck supper and dance held at Kelowna Yacht Club in honor of District Commander Roy Hales of Haney. On Saturday, February 10, Mr. Hales held a special instructional meeting, again at Kelowna Yacht Club, and several of the Summerland Power Squadron attended.

The Ballroom Dance Club has now grown to about 50 members, and new membership was cut-off in mid-January. At present, there are three groups dancing, each one progressing very well.

A new addition at the Yacht Club is a suggestion box — members, give some thought to ideas you might wish to express, and put them into the suggestion box for the consideration of your executive.

Let's see all Yacht Club members at the annual meeting and election of officers, on Monday, February 25

SUMMERLAND REVIEW

Once a Scout, always a Scout. The Scouting movement confers a lifetime benefit on boys. We are happy to salute the Scouts and Scouters of this district.

Lamb Motors

Scouting helps a boy develop his natural gifts and teaches him to use them for the good of others. The result is a boy with a fine start on the road to good citizenship.

5c to \$1.00 Store

We accept with pleasure this opportunity to pay tribute to the Scout movement and to express our appreciation to those whose unselfish efforts bring its benefits to Summerland

Shannon's Transfer

We are proud to participate in this tribute to the Scout movement, which has, through the years, done so much for boys the world over.

Summerland & District Credit Union

Scouting is for boys but Boy Scout Week is for all of us — to help us remember that this work is not carried out without great sacrifices made by many of our neighbors.

Cranna's Jewelry

The transition from boyhood to manhood is a difficult experience for all but those who have the advantage of Scout training. We salute all those who give of their time to make that training possible in this district.

Hardie's Service

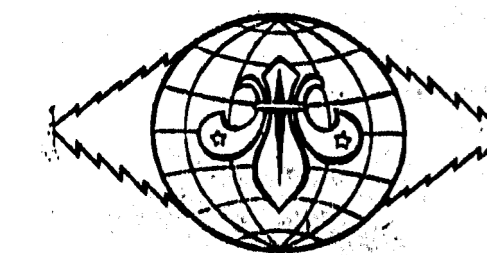

We congratulate the local leaders of the Scout movement. The work they are doing today confers on the community benefits which will endure for many years to come.

Bank of Montreal

Congratulations to our scouts their parents and their leaders. Through support of and participation in this movement they help to build a better Canada

Overwaita Foods

We are proud to participate in this tribute to the Scout Movement which, through the years, has done so much for boys the world over.

Leonard's Insurance Agency

We are happy to have this opportunity to express our gratitude for the countless hours spent by Scouters and members of local group committees and district councils to provide this invaluable training program

Greenwood Cleaners

BOY SCOUT WEEK FEBRUARY 17 to 23

All too rarely do we have the opportunity to give public recognition to the fine work of the Scouting movement. It is with great pleasure that we accept this opportunity to do so.

Selinger's Plumbing and Heating

The world is in a distressing state but we need not lose hope as long as the rising generation has the benefit of influences such as the Boy Scouts.

Laidlaw and Co.

Training in good citizenship is more important today than it has ever been before. We are happy to extend congratulations to the Scouters of town.

Deluxe Electric

The Scout law, motto and promise comprise a code forming a promising basis for good citizenship. It would do much good if we all resolved to commit them to memory this week.

Frozen Food Lockers

Training in good citizenship is more important today than it has ever been before. We are happy to extend congratulations to the Scouters of this town.

Killick Photography

All too rarely do we have an opportunity to give public recognition to the fine work of the Scouting movement. Boy Scout Week offers such an opportunity and we seize it gladly.

Holmes and Wade Ltd.

In a world where many young men lack any opportunity to learn the lessons of citizenship, we have reason to be grateful to those who make this opportunity available, through Scouting, to the youth of this district.

L. A. Smith Ltd.

Bringing Scouting to youth in a community is like sowing registered seed in a field. It promises a cleaner, harder, more vigorous and more useful crop.

Fisher's Shoe Store

The world is a better place today because the late Lord Baden-Powell started the Scout Movement over half a century ago. It is good to see the work being continued.

Inland Realty Ltd.

Our youth has been justly called the most valuable of Canada's natural resources. We salute the movement that has done so much in the profitable development of that resource.

Bud's Garage

In a world where so many young men lack any opportunity to learn the lessons of citizenship, we have reason to be grateful to those who make this opportunity available, through Scouting to the youth of this district.

Smith and Hill Ltd.

Three fingers held aloft in the Scout salute remind a Scout of his promises. Boy Scout Week reminds us all that there are those among us who spend many hours every week, working for the benefit of our boys.

T. S. Manning Lumber

We think it a good thing that Boy Scout Week will focus the spotlight on local Scouting. We can't all give time to this worthy work but it behooves us all to give recognition to the efforts of those who do.

Family Shoe Store

Scouting teaches our boys to be resourceful and to use their resourcefulness in the service of others. Such training is of great value to the boys and to the society which they will, one day, be citizens.

OK Swap and Shop

To help other people at all times. How simply the Scout law puts this basic rule of good citizenship. How valuable it is to a community to have its young men taught respect for such rules.

Macil's Ladies' Wear

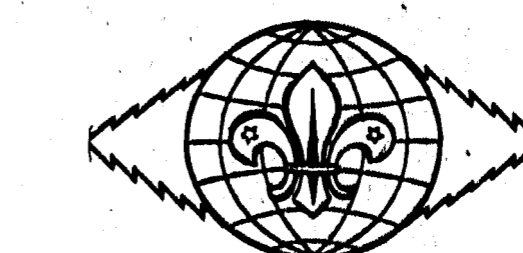

"As the twig is bent, so is the tree inclined." The whole world owes a debt of gratitude to the twig benders of the Scout Movement.

West Summerland Hardware

It is our pleasure to offer congratulations to the Scout and Scouters of this district. The efforts of both are deserving of enthusiastic support.

Farm and Garden Supply

We extend congratulations to all who have played a part in keeping Scouting alive in this district. They deserve the admiration and gratitude of every citizen.

Under the Giant's Head
The regular meeting night of the Chamber of Commerce has been changed from the second Thursday to the first Thursday of each month. Next month's meeting will be held March 7 at 6:30 p.m. in the IOOF Hall. Town planning and rezoning in West Summerland will be discussed.

Junior badminton players held a return match with Penticton last Friday, scoring 14 wins, nine ties and one loss. Making the trip were Mary Cuthbert, Gillian Miles, Anthea Morgan, Sue Lopatecki, George Hauschild, Edgar Mosley, Mike Lopatecki, Richard Ganzeveld, Gerald Mosley, David and Eddie Mead, Neil Mason.

We've been asked to remind members of the Elks Lodge that their meeting place has been changed from the Yacht Club to the IOOF Hall, effective with this week's meeting.

The research station reports .18 inches of rain and 20.6 hours of sunshine during the past week.

	High	Low
February 20	43	31
February 21	34	30
February 22	33	30
February 23	40	31
February 24	40	29
February 25	40	28
February 26	50	36

Mac's Cafe Aces will play an exhibition hockey game against Kelowna Packers on Saturday night. This could be the last game of the season in the arena. Game time 8:30 p.m.

Last Saturday the Aces defeated Lumby 8-6 in a fast, clean game. This year's rookies particularly came up with some fine plays.

Council members must miss their afternoon coffee breaks. Anyway, starting next week they are going back to evening meetings. First four Tuesdays in the month starting at 7:00 p.m.

Services for William Huva

William Huva, 68 years of age, formerly of West Summerland, passed away in the Penticton Hospital Feb. 22.

Besides his loving wife Pauline, he leaves to mourn his loss, six sons and five daughters: (Martha) Mrs. H. Mohr of West Summerland; (Wilma) Mrs. H. Ohsberg of McKees Port, Pennsylvania; (Alma) Mrs. E. Leiki of Penticton; (Esther) Mrs. E. Hogg of Penticton; (Nellie) Mrs. L. Lemke of Chilliwack; Rueben of Westbank; Fred of Merritt; Garry of Kamloops; Adam of West Summerland; John of Winnipeg; Henry of Calgary; 22 grandchildren and two great-grandchildren.

Funeral services for the late William Huva were conducted from St. John's Lutheran Church, West Summerland on Monday, February 25 at 3:45 p.m., Rev. Beiderwieden officiating. Interment, Peach Orchard cemetery.

Hospital step closer with plans approved by Victoria

A letter of approval from Victoria for plans for a new hospital for Summerland was read at the annual meeting of the Hospital Society last night. Society president Les Rumball read the letter and said that

the executive is proceeding with plans and estimates for the new hospital. Mr. Rumball said that the board hopes to have something definite regarding financing to present to the people of Summerland

this fall.

A brief rundown on planning to date for the new building was given to members of the Society by hospital administrator Harvey Wilson, with particular emphasis on layout. Mr. Wilson said that it is planned to design a functional hospital, while keeping the cost within reason. One-half of the cost of a new hospital comes from the provincial and federal governments, and one half is provided locally.

The financial statement for 1962 showed revenue for \$113,974.26 and expenditures of \$115,316.39, giving a deficit of \$1,342.13. The administrator said that Summerland hospital enjoyed an enviable financial position with no large loans or overdrafts to meet.

It was reported that due to the "tight money policy" the hospitals had to adopt last year, changes were made in the staff. Two of the graduate nurses on staff were put on part-time and one full time graduate staffer was hired for relief work.

Mr. Wilson and former board member R. A. Aistead mentioned the capable job being done by B.C. Hospital Insurance Services and said they felt the hospital had benefited greatly from the co-operation they had received from this agency.

The three vacant seats on the 12 member board were filled by G. C. Johnston, Dr. Harold McLarty and John Betuzzi.

School Board signs with employees

At the School Board meeting on Thursday evening the Board of School Trustees approved the signing of a Union Agreement for 1963 with the Okanagan Valley School Employees' Union. This agreement provides for a forty-hour work week commencing March 1st, sick leave benefits, accumulative to sixty days use in one year and wage adjustment retroactive to January 1st, 1963.

Trustee J. Bennet, Chairman of Finance, reported that the budget for 1963, with a gross total of \$414,976.00, had been presented in detail to the municipal council February 12 and accepted by the council at that time.

Accounts totalling \$36,091.23 were passed by the Board. It was noted that the salary payroll for January was \$30,969.71, a record high.

The Board instructed that arrangements be made for a (Continued on back page)

Education Week program starts with banquet Friday

Dean Neville Scarfe of the Faculty and College of Education at UBC will be guest speaker at a community banquet this Friday, to open Education Week. Following the banquet, a symposium will be held in the secondary school auditorium at 8:00 p.m. Dean Scarfe will be joined by two other speakers to form a panel to discuss "What Society Expects from our Schools". Other panel members are Rev. R. A. Wallace, director, Nar-amata Christian Leadership Training School, and C. E. Clay, district superintendent of schools for Penticton and Summerland.

The Elementary School is

planning to repeat last year's plan in Education Week open house programs. Instead of inviting the parents to visit classrooms during the day, they are asked to visit the classrooms between 7 and 8 p.m. in the evening.

At MacDonald School all visitors are invited to a gymnasium display and presentation of several choir numbers which will take place in the Activity Room.

At Trout Creek School a social period will be held with tea and coffee being served by the Trout Creek PTA.

Open House at MacDonald School is Tuesday evening and Trout Creek School Thursday evening.

Wright retiring after 52 years in business

After 52 years in business in Summerland, Walter W. Wright announced this week that he has sold his insurance business. Mr. Wright started in business in Summerland, and moved to West Summerland as the business section moved.

He came here from Ontario in 1909, teaching in the Baptist College on Giant's Head for two years. In 1911 he started in the insurance business and has continued in the same business since, with a two year absence in 1914-16.

Mr. Wright acted as editor of the Review for two years when it was located in Lower Town.

He is an active member of the Chamber of Commerce, serving a term as president. He is a member of the Rotary Club and an honorary deacon of the Summerland Baptist Church. Mr. Wright was one of the 10 original members of the Summerland Credit Union.

In 1916, Mr. Wright married Margaret White, daughter of Summerland pioneers, Mr. and Mrs. Coulter White. At the time of their wedding, the Wrights planted the only two oak trees in Summerland, still growing near the home of Mrs. T. W. Boothe.

The Wrights have one son, Howard, in Summerland; three daughters, Mrs. W. McIntosh of Toronto; Mrs. H. Turbett of Winnipeg; and Mrs. Harry Locke of Kelowna. They have six grandchildren.

Mr. and Mrs. Wright will continue to live in Summerland. Mr. Wright says he plans to remain active in the community and will sell investment securities for Leonard's Insurance Agency, who has purchased his insurance business.

Mr. and Mrs. John Tamblin, who were awarded the Reid Johnston Good Citizen Cup, at the annual banquet of the Chamber of Commerce.

Parks Board plans many improvements

A parks board budget of \$11,600 was approved at Tuesday's council meeting. An additional \$1,200 for the purchase of a large rotary lawn mower will be considered at a later date.

Powell Beach, which is used to a great extent by the holidaying public, is in for a major portion of the park board's work this year. A new diving stand will be built. Works superintendent Ken Blagoorne said that piles for the stand are on hand now and that he will rent a pile driver as soon as one is available in this area. Councillor W. S. Kitchie said that he had checked the price of a commercial diving board and found that it would cost \$6,000.

The parks board is responsible for the beaches at Peach Orchard, Rotary Beach, Evan's and Powell Beach, as well as Peach Orchard and Powell Beach parks, Memorial Ball Park, Five Corners and Peach Orchard Cemetery. They also look after the tennis courts at Peach Orchard and Powell Beach and the flower planters on Granville Road.

The board plans to rent the Penticton beach cleaning machine to clean the sand on Powell Beach, construct ten new tables for the park and build a new entrance road.

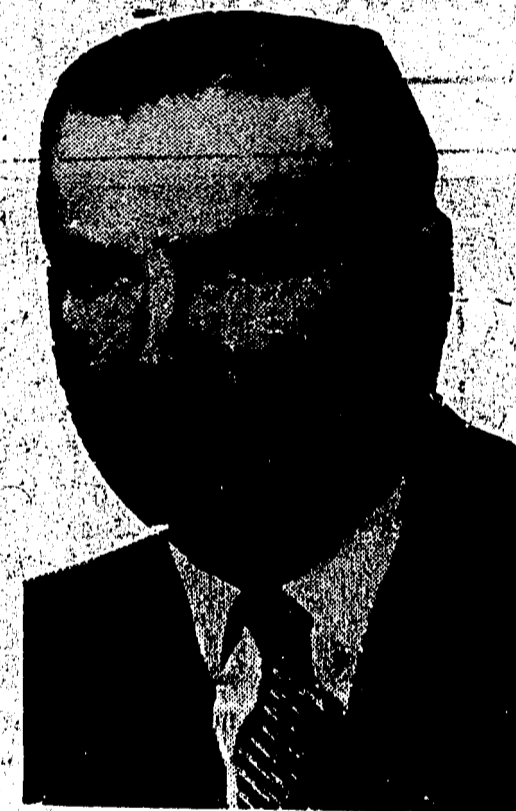

The area near the Station Road Hill, where the public lavatories are located, now being used for a parking lot, will be levelled ready to plant grass and a new sprinkler system installed.

Peach Orchard Park will have a new kitchen installed and a caretaker will be hired for part time in June and September and full time in July and August.

A log marker will be placed at Five Corners.

A tree farm to grow shade

and ornamental trees for the parks is planned this year. The farm would be stocked with a good selection of cuttings and trees would be available when needed. Plants and shrubs have taken a good sized bite out of the board's budget in past years and it is felt that a tree farm will give a wide variety of ornamentals at much lower cost.

DAVID PUGH

David Pugh, Progressive-Conservative MP since 1957 for Okanagan-Boundary was elected by acclamation at a nomination convention at Penticton Monday Night. Mr. Pugh was unopposed.

He was nominated by Tom McLaughlan, Okanagan Mission, and seconded by Don Corbishley of Oliver.

Guest speaker was Davie Fulton, newly-elected leader of the provincial Conservatives.

Mr. Pugh said that the entire Canadian business structure had been advantageously overhauled in the last five years. He said that the pegging of the dollar at 92½ cents made an "invisible tariff" and that government action in stabilizing the dollar had meant "a record of stability".

Locals

Mrs. H. B. Mair and her daughter, Christina Mair are now living on the West Bench at Penticton. Chris is employed at the West Summerland post office.

K. O. Lapins is in Ottawa attending a work planning meeting on tree fruit breeding.

Mrs. Rex Chapman attended the annual meeting of the B.C. Division of the Canadian Red Cross Society in Victoria last week. She was the delegate from the Summerland branch.

Mr. and Mrs. W. S. Jothwell have returned from an 11 week holiday in California.

Mrs. Granville Morgan, Mr. and Mrs. Jack Gowans and Mrs. E. R. Butler have returned from a holiday in Honolulu.

Mrs. Elsie Nettleton has gone to Vancouver before returning to her home in Winnipeg. She has been visiting her sister, Mrs. M. L. Laidlaw, Mrs. T. H. Winter and Mrs. A. C. Logan in Trout Creek.

Alumni meeting in Kelowna

Summerland members of the Alumni Association are planning an executive meeting in order to discuss ideas and questions to be presented at the March 9 University Association meeting in Kelowna. The Summerland group hopes to have several worthwhile ideas to present to the meeting.

Among the many interesting speakers, including the president of UBC and author of the MacDonald Report on Higher Education will be Professor Rodney Berg of Everett Junior College, Washington.

Dr. Rodney Berg is the 4th president of Everett Junior College. He has been a part of the College's development since 1948, when he first came as a music instructor. He was dean of instruction two years, then left in 1960 to organize the new community college in the Highline District south of Seattle. He had been president of the new Highline College about a week when he announced his return to Everett to replace Dr. Frederick Giles.

SPEAKS TO TEACHERS

Miss Kay Hamilton addressed the February meeting of the Registered Music Teachers Association at their meeting in the home of Mrs. F. Taylor in Penticton. Her topic was new music and Canadian composers.

Business dealt with the student recital on June 21 and promotion of membership in the music teachers' organization.

Arlene Street of Osoyoos and Barbara Smith of Penticton were welcomed as new members. A social hour followed.

WOMEN'S PAGE

Research Station employees hold gala social evening

On Saturday evening, February 23, the staff of the Summerland Research Station decided to leave all scientific investigations on "the Hill", and proceeded to do a little researching in the field of fun. Accompanied by wives, husbands and partners, they gathered at the Prince Charles Motor Inn, Penticton, at 7 p. m. The singing of O Canada followed by a special grace offered by Mr. Walter Weber preceded the serving of a delicious chicken dinner. The tables were arranged to seat groups of eight persons, and displayed attractive place and name cards made by Mrs. John Kitson, Mrs. J. McArthur, Mrs. A. Moyle, Mrs. R. Stoney and Miss D. Knodel. Mr. George Ryman, Chairman for the evening, announced that as his opening remarks had been donated by an anonymous member of the staff, another staff member might donate his time to reading them and Mr. Peter Phillipoff, Administrative officer, was asked to do this. Dr. Strachan, Director of the Station, and Mrs. Strachan were introduced to the guests, and Dr. Strachan introduced the several Section Heads and their wives: Mr. and Mrs. F. E. Atkinson, Dr. and Mrs. J. Wilcox, Dr. and Mrs. J. Marshall, Dr. and Mrs. D. V. Fisher, Dr. and Mrs. M. F. Welsh, Dr. and Mrs. J. E. Miltimore, Mr. and Mrs. Peter Phillipoff, and Mr. Lyall Denby. Each Section head then introduced the individual members of his Section, and their partners. Several former staff members now retired and living in the district, were present, and received a special welcome. They included Mr. J. E. Britton and Mrs. Britton, accompanied by the latter's sister, Mrs. Morrison, Mr. and Mrs. Cy Stent, Mr. Bill Blagborne. A letter from A. J. Mann in Moose Jaw, expressed his regret at being unable to attend, and recalled "Farm" parties of former years.

The program provided a variety of entertaining items. Following a short period of community singing, there was a song competition (with original lyrics) by each Section, which produced some surprisingly melodious ??? effects. The Farm Gang demonstrated their superiority in this field by winning top honors. Drs. Bowen and Porritt, sporting silver "wigs" and large black spectacles, offered masterful and hilarious adjudications. Games promoting fellowship and also a test of geographical knowledge, were ably supervised by Mrs. Lloyd Uzick, Mrs. Don Heinicke and Mrs. Don Fisher. A comedy skit by

Drs. Fisher, McArthur and Heinicke entitled "A Bird's Eye View of the Canada Agriculture Research Station, Summerland" was accorded much laughter and applause. Gunnar Rasmussen offered several harmonica selections, well rendered and enjoyed by all, John Kitson in the role of a TV newscaster, "scooped" various items of "unclassified" press releases originating on the Station. Ed Britton provided a humorous recitation entitled "My Get Up and Go. Has Got Up and Went". A witty number by Dr. Wilcox, concerning certain unorthodox submissions to the Glassco Commission, complete with pertinent and impertinent charts, provided much amusement.

The program concluded with the singing of the national anthem, and dancing was enjoyed for the remainder of the evening. Pianists for the program were Mrs. Pelham and Mrs. Ryman.

The committee in charge,

comprising Dr. and Mrs. Wilcox, Dr. and Mrs. Miltimore, and Mr. and Mrs. Ryman, assisted by several staff members, are to be congratulated, as their careful planning and capable organization produced a most enjoyable and successful social evening for station personnel and guests.

Wives feated by Men's Club

The Men's Club of the United Church entertained their wives at a dinner in the church hall this week. Over 60 sat down to the turkey dinner, catered by the Majic Circle of the United Church Women. Miss Enid Maynard showed slides of her trip to Japan and Korea.

Pros and cons for college

Larger publications than ours have thundered forth on the "college issue" — and mostly have put forth a single side, one designed to meet the thinking or feelings of the readers in their particular area. Summerland can afford to be impartial — it does not particularly matter to this community if the college is in Westbank or Penticton.

From our view point, there are two sides to this, as to all questions, and it is our purpose to advance some ideas from both of them. First, on the pro side for the establishment of the college as planned:

One: There is urgent need for some relief of pressure on the UBC and establishment of centrally-located smaller four-year colleges will relieve this pressure.

Two: Such centrally-located institutions will put a college education closer for a number of people, whose children may otherwise be unable to attain such advantages.

Three: Placing of a good, solid educational institution in the Okanagan will help a good many of our own people — and that means Summerland, for we will be close enough to benefit.

Four: Kelowna has the required area for an eventually-fair sized institution, with a campus apart from crowding from urban institutions and services.

So much for the pro side of the issue. Now for the con side:

One: What are the educational needs of the future — specialized training, or pouring all pupils through a general "arts course"? Educationalists will tell you, quite firmly, that specialization is essential — and that a two-year college course is adequate preparation for it; few such courses require a four-year arts course; that even in university the student has branched into specialization by the third year. Also, some will admit that even a full sheepskin from a small four-year college may call for a post-graduate year in order to obtain proper standing for most professions (medicine, law and similar fields require specialty courses by the third year, usually.)

Two: Commuting: In addressing the Penticton Chamber of Commerce the assistant to the President of the UBC stated there would be no dormitory or residential accommodation at Kelowna "at present". He added "We considered that most of the pupils would commute." From Summerland, Peachland, and the environs of Kelowna, certainly — but could pupils travel back and forth twice each day from Coquoyos or Salmon Arm? We think not — and there is no adequate accommodation for the anticipated numbers to "live-in" at Westbank, and perhaps even Kelowna.

Three: Teaching staff, and academic standing. The joint author of the report stated baldly in Penticton that obtaining staff for a four-year college would be near impossibility, but that those with adequate standing for a two-year junior college are readily available. This could mean, as one of our contemporaries has said, that the Okanagan college would provide (when it is a four-year institution) degrees that would have small standing in the eyes of prospective employers, (and perhaps even with some universities whose entrance gate for specialty or post-grad courses is particularly stiff.

The foregoing are a few of the items that must be considered as the situation exists now.

Fortunately, Summerland leaders on council and school board are continuing to take an active part in deciding the best, not only for the Okanagan but for Summerland.

Rotary's 58th anniversary

In more than 11,000 communities around the world this week from the Fiji Islands to Florida and from the southern tip of Chile to the northernmost point in Norway — Rotary clubs are observing the anniversary of a day back in 1905 when Paul Harris, the Founder of Rotary, asked three business acquaintances to meet with him to discuss a new club.

That day was February 23, and the new club was the Rotary Club of Chicago. Since then, Rotary has encircled the globe entirely through the voluntary efforts of men to share the organization's ideals of unselfishness and service with men in other communities. Today there are more than a half million business and professional men who belong to 11,400 Rotary Clubs in 128 countries.

Fellowship ranks high as a factor in the success of the organization. It stems from a mutual commitment on the part of Rotarians to simple but significant goals. The development of personal acquaintance is regarded as a means for increasing the opportunities for serving others. The wisdom of this principle is evident in the numerous and varied ways that Rotary clubs and Rotarians improve their communities, their vocations, and their countries.

As other Rotary clubs do around the globe, the Rotary Club of Summerland helps its community to become a better place to live and to work and to raise happy and healthy families.

To Rotarians of this Community and to their fellow Rotarians everywhere, we extend our congratulations on this anniversary of their organization. May it continue to grow and bring its benefits to more people.

Active year for Art Society reported

At the recent annual meeting of the Summerland Art Club, Mrs. John Tamblin gave an outline of the year's activities of the club.

Arrangements were made for the presentation of several shows in the Summerland Library. The following artists held one-man shows: Peter Ochs, Leroy Jensen, Vaughan Grayson (Mrs. A. J. Mann), Evelyn Middleton, Robert Borsos, Endre Bozin, Irvine Adams and Murray McArthur (teen age son of Dr. and Mrs. J. M. McArthur), and Mollie Collas. During November Summerland had its first show from the Vancouver Art Gallery. This was the same show that was in Penticton earlier this month. The lively public interest in these displays repays the artists and the hanging committee for the hours spent preparing for the shows.

New pictures, painted by the Art Club members were exhibited at the annual Summer Show, at the opening of the Craft Stall, the Penticton Spring Show, the Peach Festival, the Fall Fair and at the Vernon Juried Show. Members' pictures help brighten the walls of the secondary school and of Parkdale Place. These pictures are changed several times a year.

The Art Club has taken advantage of the night school courses offered last spring by Leroy Jensen and this winter by Robert Borsos.

Paint Library for new exhibitions

The municipality has repainted the library walls and book shelves. Members of the Art Club assisted by removing books from the shelves and putting them back when the paint was dry. The walls are now bone white and muted rose. The display panels are also bone white, a color that will be a good background for the art exhibits that will be hung on them.

The first exhibition to be held on the newly painted panels will be Mrs. Krahnstoevers' embroidered pictures. These will be on view during library hours for two weeks beginning March 4.

On March 23 for two weeks there will be an exhibition of water colors from the Vancouver Art Gallery.

LAUGH OF THE WEEK

An American tourist, stopped at an inn in a small French village and ordered a couple of scrambled eggs for lunch. Afterward he noted with astonishment that he had been charged a dollar apiece for them and asked, "Are eggs scarce here?"

"No, monsieur", said the innkeeper. "Eggs are plentiful. But Americans, they are scarce here."

Summerland Art Club has helped in many community endeavours. The backdrop for the skating carnival was an Art Club project (which was voted by other skating clubs as the best in the valley) as was decoration of the stage for the queen crowning ceremony at the fall fair, and the decoration of the Youth Centre for the Eastern Star dance. Art Club members work as Friends of the Library, helping clean and ornament the Summerland library. The decorations at Christmas time were made by them. This weekend the members removed all the books from the shelves and cleaned the shelves so they could be repainted by the municipality.

Each year the Club gives a scholarship to two high school students to enable them to attend the Okanagan Summer School of the Arts.

In June the Club held an evening of films at which Mrs. Gordon Noe spoke about Film Societies, hoping one could be started here in the fall. The response was so good that the membership quota was filled.

Also during June the Club formed the Arts and Crafts Society with the object of encouraging the production of and selling local crafts. Mr. Howe Thomson of the IGA in Trout Creek offered facilities for a craft stall outside his store. However, as the summer was poor, tourist buyers were fewer than the Society expected. The Art Club feels the idea of promoting and selling local crafts is a sound one, and hopes the venture will be carried on by some already established business organization.

The members agreed with Mrs. Tamblin's recommendation that, as the Art Club existed primarily to give interested people opportunity to paint, less time and effort should be spent on related activities and more on practicing drawing and painting.

Legion Notes

Regular monthly meeting of Branch 22, Royal Canadian Legion, saw 45 present and Comrade Emil Bonthoux in the chair. The annual audit was presented and approved at the meeting.

Comrade Nat May attended the annual meeting of the Cancer Unit, as the Legion representative, and reported on the meeting.

The Legion curling rink of Bill Croft, Pete Eden, Bill McCutcheon and Bill Carse won the zone trophy in the playoffs held in Summerland last month. The B.C. championship playoffs will be held in Kamloops March 2 and 3.

Six Summerland South African veterans will attend the provincial Legion convention in Kamloops.

The zone meeting will be held March 3 in Princeton.

A vote of thanks was given to the president and executive for 1962.

A do-it-yourself report card for parents

by Rev. George Leasor

Children are constantly being graded on the activity in which they are engaged. Unfortunately this practice is not carried into adulthood. In view of this obvious lack there is herewith a sample checklist by which you can grade yourself as a parent.

1. Are you consistent in your discipline (or is a thing wrong one time and right the next, or do you say no and then let them go ahead and do as they please)?

2. Are you teaching good manners, both by precept and example?

3. Do you know your children's friends and where they spend their time?

4. Do you encourage them in constructive activities and do things together as a family?

5. Do you approve their literature and TV diet?

6. Do you teach your children gratitude by such procedures as "returning thanks" at meals?

7. Do you read the Bible, and have prayer in your home?

8. Is your church attendance exemplary?

9. Is your conversation in the home conducive to harmony and a sense of security? (Or is there a lot of "bickering and nagging" and arguing in front of the children).

10. Are you well enough acquainted with God that you can introduce your children to Him?

Give yourself 10 points for each "yes", and five points for each "sometimes". Grade as follows: 90-100, A; 80-90, B; 60-80, C; below 60, you need to do more "home" work.

Strikes and Spares

by Herb Simpson

For the first time since league play started, the Accidentals have dropped from first place. In last week's play they were only able to take one point from the Pin Racers, while the Headpins, who were in second place, took four points from the Hilltoppers, bringing their total to 44½ points, a lead of one-half point over the Accidentals. Ladies' high single went to Ev Spelsburg with 270, while Martin Shannon took men's high single, scoring 280. Eileen Fell rolled 716 for ladies' high three games, Ernie Harrison taking men's high three with 698. High team, Questionables, 2842.

The Bouncers now hold a lead of three points over the Woodchucks in B league with 41 points. The Accidentals are in third place with 37 points. Irene Rosner and Bernice Carty dominated the ladies' scoring; Irene had 254 for high single and Bernice rolled a high three total of 583. Bill Austin really gave the boys something to shoot for as he bowled scores of 323 and 921. This is the highest three game total so far this season in any of the league divisions. High team was Alley Cats with 2855.

In C League the Dodgers lead the scoring with 41½ points, one and half points ahead of the Oddballs and two half points up on the third-place Misfits. Ladies' high three went to Marg. Oltman who scored 229 and 524. In the mens scoring it was Ashely Austin, with 328 and 681. High team Misfits, 2624.

Standing in the Ladies' League show the Screwballs leading with 21 points, followed by the Chat-n-Rolls, 19 points and the Knotheads, 17 points. Ladies' high single was rolled by Eileen Fell who scored 262. Elsie Archibald had a high three-game total of 641. High team, Chat-n-Roll, 2473. Standing in the Sunday evening Men's League were not available this week, but in individual play it was Bill Austen all the way, with a high single of 270 and a high four total of 983.

On Sunday afternoon, the Catholic Youth Organization sponsored a five pin tournament with teams from several valley entries, taking part. Top honors went to a team made up of players from Keremeos, Kelowna and Rutland. They defeated an all-Rutland squad by scoring 1416 pins to 1293 pins. Summerland placed third in the tournament.

A new competition for open bowling is now in progress. A prize is offered each week to the player who can beat the top score bowled during the previous week. If the score is not beaten, another three dollars will be added to the jackpot. Top score last week was 268, bowled by Albert Hailstone. Who will top it this week. League scores do not count in this contest.

Herbicides control weeds around trees

Okanagan Valley orchardists would like to get away from tilling and mulching around trees and use herbicides instead.

But though herbicides may afford a cheaper and easier way of keeping the ground bare around the trees, growers face the question: How safe and effective are they?

Dr. J. C. Wilcox of the Canada Department of Agriculture research station at Summerland, says few are satisfactory. Some are very selective in their effects; others may injure the trees.

In tests at Summerland, herbicides were applied around young apple, peach, apricot and cherry trees, that had been planted in good sandy loam in course loamy sand and in gravelly soil with cover crops of grasses, legumes and weeds. These hinder the growth of young trees when allowed to grow within three feet of the trunks.

None of the pure herbicides tested gave satisfactory control of all the weeds without injuring the trees or endangering the fruit with toxic residues.

However, an answer was found.

Dr. Wilcox says a herbicidal mixture of deisel oil emulsion and dinitro did the trick. It has to be used three times a year but is recommended as safe.

Parkdale Place report

by Mabel Atkinson

February has been so temperamental that we reel like singing with the unknown poet: "We long to see the tips of green

Expand by March's rains, And wave a shield of rustling leaves

To soothe our winter's pains." Notwithstanding the inclement weather, we have welcomed visitors from Toronto Saskatchewan, and Manitoba with 37 local callers. Mrs. McGinnis, smart with her 90 years, paid us a visit to renew old acquaintances.

Mr. Tom Garnett, seeking salubrious climes, writes: "far away places are not what they seem," and hopes to be back with us soon to enjoy good old Summerland's spring.

We have had buzzers installed almost a necessity for emergencies. Mrs. Crozier in Kelowna Hospital, is to be congratulated on her speedy recovery and we hope she'll be back with us soon.

We were invited to the Anglican tea with transportation. In an educational vein, we attended the Annual meeting of the Cancer Society and we were enraptured by the display put on by the Art and Hobby Club, showing the wide breadth of the powers of the constructive mind. In the variety of their exhibits, we feel like quoting Oklahoma's motto as a tribute to their work; "Labor omnia vincit."

The Boys are working hard so everyone will be able to receive at least one badge at the Father Son Banquet on March 25. About 10 boys are almost finished their second class and the meetings are being arranged to pass any tests required. Some badges suggested are: Skiers, Snowshoer's, Speed Skaters, Naturalists, Handyman's, Woodworkers, Artists, Collectors. Badge books will be available to all boys at next week's meeting at 25 cents each.

The church parade on Sunday was one of the best ever. Attended by both scouts and cubs. Patrol point scores are: Beavers: 202, Eagles 185, Buffaloes 180, Hawks 161.

This Saturday boys wishing to complete the part of their Marksman's badge dealing with Estimations may do so by meeting at Mr. Fisher's house at 10:00 a.m. Any Scout wishing to do 2nd class cooking may also do the test at the same time. Please phone before Friday if you are coming.

Duty patrol next week, Eagles.

D. V. Fisher, Scoutmaster

Weddings priced as low as 50 for \$9.00 and 100 for \$13.50, complete with double envelopes and tissues.

SUMMERLAND

REVIEW

Career Day at school for students Tuesday

Tuesday of next week is Career Day at the Summerland Secondary School when senior students will be given the opportunity to interview and ask questions of people in various professions and trade.

Career Day was started in order to give students an insight into some of the lesser known fields that they may be interested in. An executive of the CBC will be in attendance to talk on little known fields of radio and TV. There will be 18 experts in various vocations from all points in B.C. in attendance to talk to the students. The program will start with a panel on "Education and the Student" with panelist C. E. Clay in charge. Mr. French, manager of one of Penticton's leading department stores will discuss what an employer expects of his employees. Mrs. Fay, an employment officer with the Unemployment Insurance Commission in Penticton will talk on job opportunities. The probation officer of this area will talk on the value of education and what it means to the individual.

Following the panel discussion, the students will each have an opportunity to speak to two of the 18 career consultants with a view to planning their future.

The Key Club's first, hobby show held last Saturday at the secondary school auditorium was an unqualified success with over 200 different displays exhibited for the over 400 visitors to see.

Everyone was very impressed and enthusiastic at the wide variety and quality of the work. An eye catching hobby, miniature railroading, was shown by Ken Nistor of Peach Valley. Mr. Nistor's intricate railroad set up with

Veteran of stage, screen, radio and television, actor Austin Willis has an eye for the off-beat and for the interesting events that happen all around us. He relates examples from his collection of tales of Canadiana each Monday, Wednesday, and Friday on the CBC radio network program, Matinee With Austin Willis.

three complete little trains buzzing merrily around, gave all the little boys and some bigger boys a full afternoon's entertainment. Bill Borton, longtime resident of the district, showed a fine display of his woodwork and another very attractive display, a lighted case with highly polished stones pleased all the 'rock hounds'. The late, Irvine Adams picture, a water color of Rattlesnake Point, a pastel bias, was shown for the first time. The show was chaired by Kenny Smith. Key Clubbers felt the show was very well accepted and expect to stage it again next year.

SCHOOL BOARD

(Continued from front page) meeting with J. G. Hirtle, of Wannop, Hirtle and Associates, Kelowna, to discuss a grounds development plan. This would be a long range plan embodying developments which the Board hopes to carry out in the years ahead. The principals had been consulted and their suggestions will be considered.

The Board was informed that Trustee Day would be held at Victoria College on March 11 and at UBC on March 12. This is a yearly event when trustees meet with teacher-trainees to give information on teaching opportunities in the various districts. District brochures have been prepared for distribution at that time. The Board authorized the attendance of two trustees.

The Board received notice that a Secretary-Treasurers' Workshop will be held on April 22-24 at Kamloops. The attendance of the board secretary-treasurer was authorized.

All Board members and their wives will attend the community banquet and symposium to be held in the auditorium Friday when Dean N. B. Scarfe will be guest speaker.

The provision of transportation for students wishing to attend the Vancouver Symphony Concert at Penticton on March 29, was approved.

The Board endorsed the establishment of a college in the Okanagan as recommended in the Report on Higher Education by Dr. MacDonald.

WCTJ sponsors elocution contest

The Elocution Contest on Monday night was very well attended by an attentive audience. Mrs. G. Hitchcock showed the film "The Bottle and the Throat", and spoke on the beginning of the YCTU in B.C.

The winners of the medals were: bronze medal, Helen Lynn; with honorable mention going to Tommy Rathjen; Darlene Muir won the Silver Plated Medal, Hazel Lynn receiving honorable mention.

Judges were: Rev. N. Tanner, Mrs. G. Hitchcock and Mrs. G. Wray.

Keath Marten heads Yacht Club executive

Keath Marten was elected Commodore of the Yacht Club at the annual meeting held on Monday night. Vice-Commodore is John Kitson, secretary, Bob Butler, Treasurer, Ralph Downing; and directors Doug Campbell, Clarence Lackey, Don Cristante, Harry Dracas, Fred McInnis, Fred Kato and Teunis Kwak.

A hearty vote of thanks was given to L. A. Smith, who has been Commodore since the club was formed, and Mrs. Smith, who has been secretary.

At a pot luck supper and dance Saturday night, Mr. and Mrs. Smith were presented with an electric percolator in appreciation of their efforts for the club.

During the past year lights have been installed on the government wharf which has added to the club's facilities at the moorings.

An active group using the clubhouse this year is the Power Squadron.

Announcement . . .

I have arranged to sell my insurance business to Mr. Leonard Weist of Leonard's Insurance Agency, West Summerland.

Mr. Weist will assume control of my insurance business effective March 1, 1963, and I am sure he will give you complete satisfaction on your policies.

May I thank you for your support and patronage during the past 52 years.

I will be in my office mornings during the month of March.

**Walter M.
Wright**

As you will note, I have purchased Walter M. Wright's insurance business effective March 1, 1963.

I intend to continue your policies under the same companies Mr. Wright had, and will endeavour to give the same good service you have received in the past.
