

Under The Giant's Head

A bridge and whist drive is being sponsored by the Trout Creek PTA and will be held Thursday, Feb. 13 at the Trout Creek School, commencing at 8 p.m.

Arrangements for this function are under the chairmanship of Mrs. A. Bombadier. As only a few such card parties are held now, compared to pre-television days the chairman and her members are in hopes they will have a large attendance.

The spring bridge tournament, sponsored by the Summerland Badminton Club starts Friday, Feb. 14 at the Anglican Parish Hall. This is an annual event, and quite popular with local bridge fans.

The tournament will run for six weeks. Those desiring to enter it are asked to contact Mrs. Charles Bernhardt for details.

During the past week, the research station reports 5 inches of snow and 14.3 hours of sunshine.

January 29	43	35
January 30	37	29

February 4	40	32

Most communities in the Okanagan showed a decreased percentage of the population taking the second shot of the Sabin oral polio vaccine. This was indicated in a chart issued recently by the South Okanagan Union Board of Health.

The drop in attendance in Summerland was almost 20 per cent from 65.8 per cent in 1962 to 46.5 per cent in 1963. Of the given population eligible for the vaccine, of 4,639, only 2,151 took the dose last year. There were 3,051 who took it in 1962.

Chamber seeking new members

The first executive meeting of the new officers of the Chamber of Commerce got off to a good start last Friday night. Lists of names were given to each executive member to canvass for membership. These included last year's members and potential members. Wives will be included in the husband's membership this year.

Plans were laid for seven dinner meetings at which there would be outside speakers, aside from the annual banquet. The first meeting under the new officers in March will feature the tourist industry and it is hoped to get a good speaker for this program and to have a good attendance of those sharing in this industry.

Monthly meetings will continue to be on the first Thursday with the executive meeting the previous Monday. It is hoped that individuals interested in the development of their community will reserve the monthly meeting date for the Chamber and contribute to the meetings.

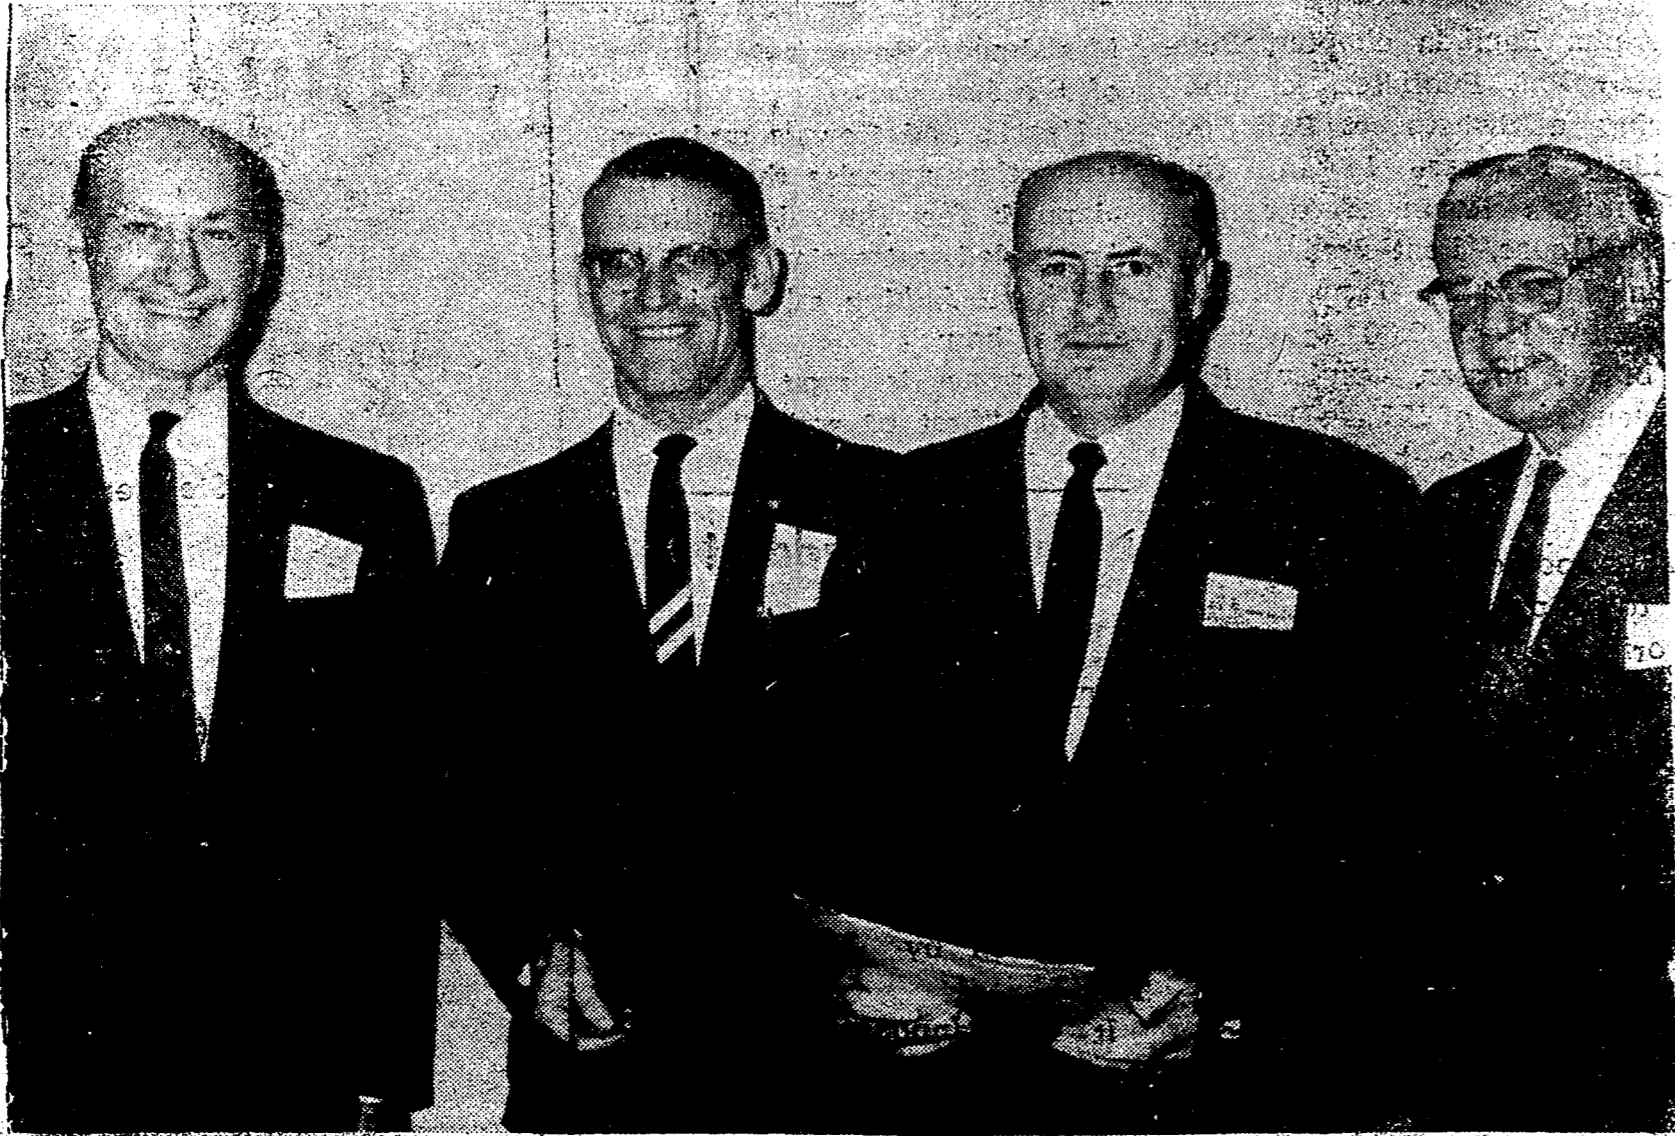

THE SUMMERLAND REVIEW

Thursday, February 6 1964

West Summerland, B.C.

Volume 19 No 3

5c Per Copy

Seen at the recent industrial conference in Penticton are, from left to right, J. A. Cronarty, asst. manager, dept. of industrial and agricultural development, Pacific region, CPR councillor W. S. Ritchie, representing Summerland municipal council, F. E. Atkinson, president of the Summerland Chamber of Commerce;

and T. Sturgess, deputy minister, dept. of industrial development, trade and commerce, Victoria. The foursome was snapped at mid point in the all day session, which may have a decided effect upon bringing new industries to this area.

Summer skating helps arena

The importance of the summer operation of the Jubilee Arena was depicted in a financial statement presented on Tuesday night to council. The statement was presented by arena manager Phil Munro.

It showed that on the period from April 1 to December 31, 1963, a surplus of \$268.27 had been attained. But on the winter only period, from October 12 to December 31, 1963 there was a loss of \$455.

The total winter operation (including the loss) was \$2,854.83; that for the longer period, \$4,074.30 (including the surplus). Receipts from hockey totalled \$995.70; curling \$400; public skating \$706.15; figure skating \$400.05. On the

Hobby courses in Kelowna

Two special recreational conferences are being held during the current month. One is in Kelowna next week and will feature hobbies and crafts. The other, the provincial amateur sports and fitness conference will be held in New Westminster February 15.

Next week's courses in Kelowna will include rock hounding (beginners and advanced); leather craft, copper craft, photography, use of projectors, children's drama and puppetry, nature study and conservation.

Those interested in attending the sessions in Kelowna are asked to contact Mrs. R. D. White at HY4-7391 for full details on fees and transportation.

debit side, power and light are listed at \$705.92; wages at \$1,410.28; insurance at \$592.79 as main items.

Mr. Munro, in presenting his report pointed out the necessity for the summer operation. Pointing up another factor, Mr. Munro stated that minor hockey and figure skating use

the ice for a total of 30 hours weekly for which it pays \$72; but public skating and rentals with but 24 hours of arena time, bring in a revenue of \$144, showing that time allocated to the latter aids in subsidizing the former.

The report and the manager were commended by council.

Co-operation sought in road building program

Co-operation from the public is being sought by civic officials during the construction of Summerland's new south entrance on Gulch Road.

The old narrow, twisting road will bear little resemblance to the new road which is being built.

It has been pointed out that all traffic that uses the route now delays the work and will do so until the job is completed. There must be some traffic links to homes along the route, but other traffic that does not need to take this road can assist by using alternate links.

At the present time crews are laying the pipe that will contain the small stream which has paralleled much of the road. This will enable the route to be both widened and straightened considerably, as the travel portion of the road will now be able to pass directly over what was previously stream bed in some places.

Growers assist in tree census

The Summerland local of the BCFG is planning to participate fully in the forthcoming area tree census, according to the executive of the group. While the last previous such survey was undertaken in 1960, there have been many changes since then, orchardists feel.

Need for full information on such changes is vital in forecasting fruit crops sufficiently far in advance that sale plans are well in hand. Normally, the tree census is held only at five year intervals, but

from statements made at this year's BCFG convention, it was apparent this would not be frequent enough at the present time.

Official announcement of the census has come from district horticulturist A. W. Watt. The Summerland local is organizing a local committee to help Mr. Watt.

Hans Stoll, now a director of B.C. Fruit Board and on the executive of Sun-type, is presently attending the Canadian Cannery convention at Vancouver.

Services Friday for Thomas Garnett

A well known resident of Summerland since 1905, Mr. Thomas James Garnett, aged 90 years passed away in Summerland General Hospital on Wednesday, Feb. 5.

Born in Peterborough, Ont. Mr. Garnett was an early resident of this area and was well liked and respected by all.

He is survived by four daughters: (Alva) Mrs. J. S. Burton, Vancouver; (Grace) Mrs. Floyd Simpson, Celestia, (Zanda) Mrs. Robert Cuthbert, of Summerland; (Dorothy) Mrs. Edward Riley, Celestia; 12 grandchildren; two great grandchildren; and one sister, Mrs. E. McClellan of Vancouver.

He was predeceased by his wife, Bertha and one daughter, Mary.

Funeral services for the late Mr. Garnett will be conducted from Summerland United

church on Friday, Feb. 7 at 3:30 with Rev. P. K. Louie officiating. Interment in family plot, Peach Orchard cemetery.

Plan committee to help with centennial activities

A local centennial committee will soon come into being. This was agreed at Tuesday night's council session when Reeve Norman Holmes asked that each member of council present his own suggested list of those who should be on such a committee.

In this way, he indicated, it will be possible for council to select the best possible personnel for this important move. The group will serve until the completion of the centennial celebrations in 1967, and will have the responsibility of both working on a suitable project and plans for local celebration.

This action on behalf of council came in answer to a letter from the Canadian Centennial Committee of B.C. addressed to council, asking its co-operation in setting up the local group.

NEW ZEALAND GUESTS

Mr. and Mrs. Andrew Ewing of Christchurch, New Zealand were guests of Mr. and Mrs. F. E. Atkinson during the past week. Mr. Ewing has accepted a position as chemical engineer with Celgar at Castlegar.

Church reports very successful year

At the annual meeting of the Summerland Baptist Church John Barg and Wilfred King were elected to the Deacons' Board. Mrs. L. R. Bloomfield was appointed church clerk. Retiring from the Board after three years' service H. Wouters and J. McDougald were thanked for their services on behalf of the church by the minister, Rev. F. W. Haskins. David McWhinnie was appointed Sunday School superintendent.

The treasurer, Arnold Gayton, reported a substantial credit balance after meeting all obligations. A fund for church development has been established.

Both the Womens Mission Circle and the church budgeted for an increase in missionary giving for the coming year. Gifts to Maple Springs Camp, from the Sunday School and the church amounted to \$600 and a cabin built at the camp by the couples club was completed.

On hand each week to match wits against mystery guests on CBC TV's Flashback are panelists Alan Millar, Maggie Morris and Allan Mannings. Flashback is seen each Sunday.

Hat show feature of spring tea

A showing of spring's newest hat styles, through the

courtesy of Macil's Ladies Wear, will be a feature at the St. Stephen's Evening Branch WA Valentine Tea on Saturday, Feb 8 at 2:30 pm in the Parish Hall

The annual event is being convened by Mrs T M Croil and Miss Gweneth Atkinson. Mrs James Rowe is in charge of the hat show

Hearts and flowers and several other surprise themes are planned for the decorations: An added attraction will be the home baking sale and valentine box:

Everyone is most welcome to this "first of spring" affair:

Dance to aid Happyvale School

Alpha Lambda chapter, Beta Sigma Phi, Penticton is sponsoring a Sweetheart Ball on Friday, February 14 in the Wayfarer's Room of the Pilgrim House, Penticton.

Dancing is to Tony Stoltz' orchestra from 9:30 to 1:30. A buffet supper, under the convenorship of Miss Dorothy Britton will be held at midnight.

All proceeds from the dance go to Happyvale School, the sorority's pet project. In the seven years that the dance has been held the sum of \$1,260 has been contributed.

There are at present nine pupils in the school and ten at the workshop — five of these children reside in Summerland.

Mrs. Wally Ramage is dance convenor. Tickets are \$6 double. For reservations call Mrs James Roe, HY4-6581.

New cribs added by Auxiliary

The regular monthly meeting of the Summerland Hospital Ladies Auxiliary was held Monday evening in the Health Centre.

The hospital board report was given by Miss Doreen Tait.

It was announced that the Auxiliary has purchased two small cribs for the pediatric ward of the hospital.

Library notes

by Kay Dunsdon

Two of our new books in the library have more than story interest. The first is Margaret Laurence's book, *The Prophets* Camel Bell, a most interesting story of her stay in Somaliland where she came to know and love these nomads and traders, who are mostly Muslims. Mrs. Laurence is now living in West Vancouver. She is a niece of Mrs Sid Feltham.

The second is *Hungry Hills*, by Summerland writer George Ryga, a first novel. This is a strong, tersely written tale of stark poverty on a dried out farm in Alberta and of how it affects the boy growing into manhood, driving him to crime and violence, but the dependent half-crazy, old Aunt Matilda persuades him to stay on the land he really loves and work out his destiny.

The Group, by Mary McCarthy follows the fortunes, or otherwise of a group of school mates — class of '33, who determine to keep in touch with

one another, and maintain their modern outlook as they shake off old ideas, but the influences of homes and teacher's keeps cropping up to guide them or make rebels of some.

The *Blue Sapphire* by D. E. Stevenson will be enjoyed by many. Mrs. Stevenson a Scottish born writer, has many novels to her credit. This one is how the blue gem changes the course of Julia Harburn's life.

Amber Princess by Henry Treece has as a background the world of ancient Greece. This well known author, essayist and teacher is better known for his series of ancient Britain.

Home Brew and Patches by Harry J. Boyle is the humorous tale of the depression years on the prairies as seen through a young lad's eyes. You will enjoy this even if you didn't live through that era.

Annual Valentine tea

Everyone Welcome

...or André

...or Fred

...or Hans

It all depends on whether your home needs the touch of a master-painter, new bathroom fixtures, or a complete re-modelling job in the kitchen.

If there's work to be done to improve your home, now is the time to put it in hand. Wintertime is the time when hands skilled in putting houses in order are available at short notice. Now is the best time to get repairs and renovations done thoroughly, quickly and at lowest cost.

If the work you have in mind costs more than you care to put out in cash — there's no problem. Simply see your neighbourhood branch of "MY BANK" and arrange for a low-cost B of M Home Improvement Loan. The man who serves you at the B of M will be glad to do it — even if his name isn't George.

Payrolls and People

This community of Summerland has always been in the forefront of those seeking new amenities. Some of these are purely cultural, some are those things, we, in a civilized world, have come to look upon as necessities.

We want still more of these things, for Summerland is a community of people who understand and prefer art, music, literature and the like. To obtain these, the finances for them must be found. In the economics of today the funds for these things can no longer come solely from primary agriculture; and, as our tourist business is yet in its infancy, we must look elsewhere.

That is why the decision reached by this, and neighboring communities at the area industrial conference in Penticton last Friday is so important. Singly, few if any of these communities, not even Penticton, can employ the aid necessary in the search for new industry.

To keep our high standards we must have payrolls, payrolls mean people, means the corporate burden of any development is spread over more shoulders. This was made abundantly clear from the start of the conference.

Speakers at the conference pointed out the need to alter the base of our economy. J. A. Cromarty of the CPR said that in former years the tax base of a community could be safe if it was on a 50 per cent residential, 30 per cent commercial, and 20 per cent industrial. This, he said, was no longer true; the residential portion of the community, said Mr. Cromarty, can no longer carry 50 per cent of the tax base.

This, he stated, means that industry must be obtained to carry more than its original allocation, for commercial enterprises are, like residential, at their maximum or near maximum load. Subsequent speakers continued in similar vein, also showing what had been accomplished by small areas or communities in obtaining industries.

They made it clear there are opportunities, but that they are not easy to get. Furthermore, they made a point of the fact that much industrial increase can come from the expansion of existing industrial outlets already in a community. But they made it definite that a search for new industries must go on at the same time as the effort on behalf of those that are already on the scene.

Summerland has lots of space; it has many things that are attractive to industry. Now this community will have a channel through which it can make such things known.

PI..... by Ed

SUMMERLAND. Roger Tingley called in at the Review office the other day with more word of the "crossing of the lake on the ice" theme. We shall have more to say on this in later issues.

BEE CEE. It seems that the Hon. Robert Bennett, B.C. Attorney General, has declared that the B.C. Bank will be liberally minded toward new industries. Perhaps, who knows, the new bank will set up a mortgage and loan branch or agency that will aid the interior.

De Gaulle has done a great deal for France; he made it into a nation again, when it appeared there was no hope for it. But of late he has been rumping, not to say ranting, like a dictator. He blocked Britain's entry into the Common Market, and may thereby sounded the death knell of that worthwhile effort; he has insisted on continuing the nuclear arms race when others have seen the folly of such a course. Now, continuing out of step, if not out of joint with western nations, he's recognizing Red China. We can't forever ignore Red China, any more than you could the bear that invades your home; but Red China needs bringing into line in social thinking; needs to relinquish its chauvinistic approach before it can be welcome into the society of nations.

Frank McGee, appointed to the cabinet as minister without portfolio just before the last federal election, is host of CBC-TV's new public affairs program, The Sixties, seen on Sundays. The series from Ottawa "reflects the restlessness of this decade and features leaders of industry and the professions from Canada, the U.S. and Europe.

The source of all good

by Rev. D M Rathjen
"Every good gift and every perfect gift is from above, and come down from the Father of light, with whom is no variability, neither shadow of turning." James 1:17.

Dr. H. A. Ironside, in commenting on this verse of Scripture says: "God is the source of all good. Every blessing we enjoy comes down from Him. He is the Father of light who is unchanging in His love and grace and in Whose dealings with us there is no shadow cast by turning as the last part of this verse has been translated. His face is ever toward us. In all circumstances we may go to Him in perfect confidence assured of a welcome and a sympathetic ear as we tell Him all that troubles and perplexes us; it is His joy to undertake for us. He delights to lavish His good

and perfect gifts upon His obedient children.

If He seems to withhold it it is because He has some better thing for us or because we seek to judge something His holy eye has detected in our ways which makes it necessary to trust us with reserve. When all is right He gives without stint in answer to our prayer.

EDUCATION NOTES

More than 4,578,000 pupils are enrolled full time in elementary-secondary schools this year in Canada — an increase of 185,500 or 4.2 per cent over the number enrolled one year ago.

Total expenditure on formal education and vocational training is estimated at more than 2 1/4 billion dollars for 1963

Letter to the editor

The Editor,
The Summerland Review.
Dear Sir:
A group of indignant Quesnel women would like to appeal to the rest of the housewives in British Columbia to protest the high cost of living in Canada and in particular the inflated price of sugar.

We ask them to refrain from buying any sugar for one week beginning on March 2nd to March 9th to help us bring to the attention of the government our concern over the lack of control of prices on staple goods.

To be effective, we must curtail all use of sweets — sugar, syrup — if it is absolutely necessary to bake, use as a substitute for one cup of sugar, 1/4 cup of honey, and reduce the liquid by 3 tablespoons. Honey is a wholesome B.C. product. Use saccharine in coffee or tea, to taste.

To insure the success of this campaign, we ask all consumers to discuss our intentions with their friends and neighbors.

Remember! No Sugar Week March 2nd to March 9th.
"Irate Homemakers"
Quesnel, B.C.

A fashion show that will aid two items, the commencement classes and give the senior high school girls a chance to demonstrate their ability with the needle will be held in the secondary school auditorium on Friday, Feb 14

The function will have Valentine Day for its central theme and the young ladies will model garments they have made themselves during the school year.

As an added attraction there will be a scene depicting sewing being done at home. Another scene will feature small children, modelling garments made by the high school girls.

Commentator for the event will be Mrs M. Bouey. Coffee will be served during the intermission by the Future Nurses Club. The function will commence at 8 p.m. and will include projects undertaken by grades 9-12 inclusive.

Conservation film here Friday

Free coffee and doughnuts will be given at a showing of motion pictures and a display of faulty firearms by Conservation Officer Tyler of the BC Game Department. The Junior True Sportsman welcome all adults and children to attend in the IOOF Hall on Friday, February 7 at 7:30 pm

Forestry film shown to school children

The Canadian Forestry Association regional supervisor, Walter E. Gray, visited Summerland schools last Friday, talking to the students on forest conservation and multiple use problems in British Columbia forests. In conjunction with the lecture Mr. Gray showed the Walt Disney film "Fire Called Jeremiah". The film, which graphically illustrates the terror and destruction of forest fires, was recently filmed by the Disney studios in color.

The lecture tour to schools in the southern interior of BC is being conducted in conjunction with the railway theatre train conservation film shows.

In the recent visits to Summerland schools, Mr. Gray talked to a total of 1,000 students in West Summerland and Trout Creek.

Camera Club plans new slide show

Seventeen photographers attended the January meeting of the Summerland Camera Club on January 20.

The club's first project, "A Picture-story of Summerland" was shown to the Kinsmen Club and highly praised by the members. The club is now starting on a more ambitious venture, "Fruit Growing in Summerland" showing the numerous jobs connected with the growing and packing of fruit and its by-products. A script will be taped explaining each slide.

The club meets on the second Monday each month at the Health Centre, and anyone interested in picture taking will be very welcome.

"This was an excellent course" stated Dr W. H. B. Munn, who with Mrs Betty McIntosh represented the Summerland hospital at a special course at UBC on care of premature babies. New techniques, to give these tiny infants, usually weighing only a fraction of a normal infant, a better chance of living, were demonstrated.

Mrs Gertrude Butler of the Summerland hospital was in Vancouver at the same time, attending a hospital matron's gathering.

Attention fruit growers

A tour of the Sunrype products plant, and CA storage facilities has been arranged for growers. The tour will start at 1:30 p.m. at B.C. Tree Fruits Ltd., on Tuesday, February 11.

All those interested are asked to contact Brian Liebert or Charlie Bernhardt.

"My Business is Groceries"

"It is my business to give the people of this community the very best in food values, prompt service, courteous treatment. The kind of merchandise that goes on my shelves has a lot to do with my success, so I buy good products that are made and packaged in accordance with the well known standards of quality, weight and measure. Buying and selling on the basis of these standards protects my customers and my business."

"I know from experience that good newspaper advertising is the best way to tell people the news of my store. In my opinion, newspaper advertising is not only the most effective way for me to advertise, it is also the safest way. When I spend money in newspaper advertising I make my investment on the basis of verified circulation figures and values that are as well known and important in advertising as the standards of weight and quality that I use in my own business."

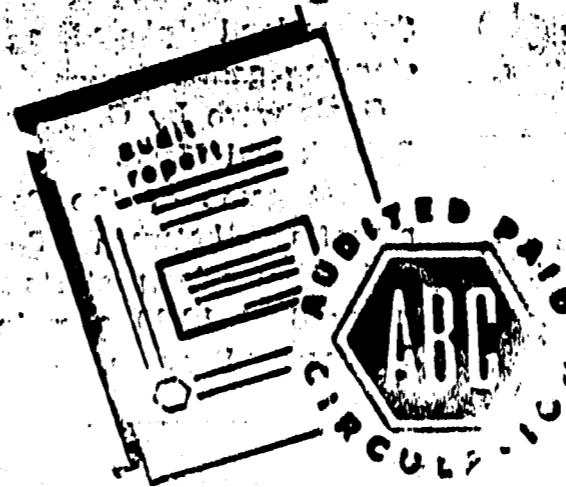

The information the grocer refers to is found in reports issued by the Audit Bureau of Circulations. This is a cooperative, nonprofit association of nearly 4,000 publishers, advertisers and advertising agencies. The work of the Bureau is to furnish advertisers with audited information about the circulation of its publisher members.

At regular intervals the A.B.C., of which this news-

paper is a member, sends an experienced circulation auditor to make a thorough inspection and audit of our circulation records. The FACTS established by this audit are published in an A.B.C. report, which tells you: How much circulation we have; where it goes; how obtained; how much people pay for our paper; and many other FACTS that you need in order to know what you get for your advertising money.

This newspaper is a member of the Audit Bureau of Circulations.

The Summerland Review

SPORTS

Skiing popular sport this winter

By counting the number of skis visible and then dividing by two, Bill Baker and Bob Barkwill estimated that there were over 130 skiers using the Summerland ski hill in Meadow Valley last Sunday.

Penticton and Naramata, as well as Summerland were well represented, not only among the 130 skiers, but also among the dozens who stood watching or enjoyed the warmth and friendliness, coffee

and doughnuts available in the refreshment cabin.

The main ski tow had long waiting lines three or four across. Don Agur's ingenious arrangement of his road grader, running with its hind wheels jacked up and a rope over them, provided a bunny tow that was constantly crowded with beginners.

The Saturday before had accented youth with some 30 youngsters from the elementary and high schools taking part in a ski meet arranged by Ian McCuaig, with some fine performances in slalom and down hill racing.

On the Monday after, February 3, the indefatigable Don Agur started up the bunny tow for older rabbits who wanted to learn in comparative quiet and gave them helpful instruction.

It took a tremendous lot of work before the snow came, and still takes a lot between week ends to keep things running smoothly. Don Agur, Bob Barkwill and Don Hermiston have given a great deal of their time to do this. Assisting in a good many ways this year has been the Rotary Club

School sponsors ski meet here

Twenty-nine students took part in a school ski meet at Meadow Valley ski hill last Saturday. This was the first ski meet held in Summerland for some years and the snow conditions were excellent.

Entries from the elementary schools were classified as junior, and those from the secondary school as senior. The senior boys were divided into A and B classes. Results in the downhill race were based on one run. In the slalom races, the average of two runs was taken.

Winners were: junior girls, slalom: Nancy Barkwill; junior boys, slalom: Craig Moore. Junior downhill: Craig Moore.

Senior B boys, slalom: Jack Barkwill; Senior A boys, slalom: D Lane.

Senior B boys, downhill: Neil Mason; Senior A boys, downhill: David Storey.

The school sponsored meet was ably assisted and directed

by members of the Summerland Ski Club and by members of the Rotary Club. Dr. Munn spent the day at the hill and gave medical aid to two boys who were injured.

Princeton wins Elks playoffs

Playoffs were held here over the week end to choose the representatives for division six in the BPO Elks Corby Cup finals to be held in Vernon March 7 and 8.

Ten rinks took part in the two day double knockout play with the Schisler rink of Princeton winning over Croft rink of Summerland. Playing with Bill Croft were H. Lemke, E. Lloyd and J. Ganzeveld.

Ladies of the Royal Purple served a smorgasbord dinner for the players in the Anglican Hall Saturday evening.

Osoyoos will host the district playoffs next year.

Kiwanis Notes

At a recent meeting of the Kiwanis Club, municipal assessor Joe Sheeley was guest speaker.

He gave a very interesting talk on his job, and carefully explained the methods used.

Much interest was shown during the question period and he was thanked by Jack O'Mahoney, was at one time an assessor himself.

This week's meeting was devoted to working committees with the members preparing their work and program.

Lenten services

Special Lenten services are being held in St. Stephen's Anglican Church. These will commence this coming week-end, which is Quinquagesima Sunday. On Wednesday, Feb. 12, Ash Wednesday a series of special films will start in the Parish Hall at 7:30 p.m.

These will be held each Wednesday throughout Lent, and will feature the life of Jesus; the sub-titles include Triumphant Entry; Last Supper, Trial, Crucifixion; Resurrection and Upper Room.

Mothers March raises over \$1,200

The determination of the group that originated the Mother's March many years ago was re-enacted by 72 mothers in Peachland and Summerland on Monday. A total of \$1294 was collected, this being \$100 more than was obtained last year. This makes the largest single Summerland donation to the Kinsmen-sponsored project.

Following the one evening blitz, the ladies were guests for coffee at the Rosedale Room of the Royal Canadian Legion. The Kinsmen Club has extended its thanks to the mothers, and also their many car drivers who assisted.

In charge this year was Dary Anderson as chairman; Mrs. Bud Green as head mother; Rob Towgood as publicity chairman; and Dale Valien in charge of drivers.

Pee Wees enter playoffs

Summerland Pee Wees played another good game Sunday to defeat Kelowna 4-2 at the center city.

Jerry Johanson in goal for Summerland played an outstanding game.

Goals were by G. Jenner (2), Bullock and Neld.

First game of the Pee Wee playoffs between Penticton and Summerland starts February 8 at 10:30 a.m. in the Summerland arena.

Wins snowshoe hike

Glen Wolte won the snowshoe race on Sunday from Garnett Valley Dam to Peachland with a time of 3 hours, 10 minutes and 13 seconds for the six mile distance.

From all reports Mr. Ground Hog didn't see his shadow this year, so winter might be regarded as over. Now comes word of another harbinger of spring. Mrs W. R. Powell of Trout Creek reports that she has crocuses in bloom in her garden already. And according to the Grand Forks Gazette, robins have been sighted there.

Pee Wees in playoffs this Sunday

Summerland Pee Wees lost their first game of the season when they dropped their second playoff game against Penticton by 3 to 2.

The Summerland team had trouble finding the Penticton net. Craig Moore saved Summerland on many occasions during Penticton break-aways. Local scorers were Glenn Wertz and Rollie Dunn.

The next and final game will be played Sunday at 12 noon. A good turnout is hoped for to support the boys. No admission charge but a silver collection at the door.

THE SUMMERLAND REVIEW

Thursday, February 20, 1964

West Summerland, B.C.

Volume 19 No 3

5c Per Copy

Robert Alstead, vice president of Summerland branch of the CNIB, presents a book on tape to Mrs W A Caldwell. The record player is the first of a new type to be distributed in Summerland from the Blind Institute. At the presentation was field secretary for the CNIB, Clarence Hembling of Penticton.

More subdivisions indicate growth here

The expansion of this community through increasing subdivision activity, is keeping council busy most weeks.

Impatience at delays in approving such subdivisions has brought criticism from those interested. However, it has been pointed out that in each case all the utilities, roads and their link-up with existing similar facilities must be carefully checked.

Under the rules observed in most communities of any size subdivision plans are being referred to the planning board or town planner. In Summerland such plans are sent to Gordon Hittle, town planner for this community, before any final decision is made.

With Acting Reeve W. S. Ritchie in the chair in the ab-

sence of Reeve Norman Holmes, council on Tuesday night had before it one of the larger subdivisions of recent years. This is the Wingate subdivision of the former Cartwright property.

This is a large area situated above the Quispooie section, and will include a large number of lots suitable for better class homes. As this is a large holding, the problem of services, it was stated is a considerable item. Various tentative costs were suggested by superintendent K. W. Baghorst for domestic water, roads and kindred items. Further investigation of the plan will be made by council.

Another holding that occupied some time and attention is the Anderson property, which has been retained as site for the proposed new hospital

Council members indicated there will be need of additional work on this plan before it can be approved.

A subdivision plan presented by F. S. Manning, who desires to separate the Laundromat from the lumber yard, and which was presented last week was again discussed. It was shown that this could not be approved in its present form at least, as it conforms to neither the old nor the new planning bylaws.

Roy Bertram presented a plan for a subdivision of the former Armour property overlooking Okanagan Lake. This property which is near the baseball park, has an access problem. Mr. Bertram indicated his awareness of this and stated he was willing to cooperate with the council in seeking a solution to this.

Court of Revision upholds assessments

At the annual court of revision, which finished Monday, a number of holdings came before the group, where owners were seeking reduction in assessments on either land, improvements or both. F E Atkinson was chairman, J Y Towgood and D M Wright members of the court.

E H Berhett sought a reduction of his assessment, this being granted. It was brought about with a change in classification from farm property to small holding. The land was reduced by \$125, and the improvements by \$1,200.

J E Freeman's property was reduced in the improvements category by \$1,000 on a recommendation by assessor J P. Sheeley.

Application by G N Parker

for reduction in improvement assessment was denied.

The Standard Oil Co. through its representative, appealed its land assessment. This was reduced by \$500. R A Forsythe appealed but had his assessment sustained, as did W H Hill (two lots) and Stewart Lyon. Also sustained were assessments on properties owned by I H Solly, F G Parker, G E Woolliams (two lots), W A Gilmour, Eva and Florence Howden and Catherine Houk-endoff. The assessor presented evidence indicating the value put on waterfront lots is assessed at 10 per cent below the market, also that residential valued at four per cent below property at Trout Creek is the market.

Police warn about forged cheques

A local business man is out \$100 by neglecting to ask for proper identification before cashing a cheque. The forged cheque is believed to be part of the loot from a recent Alberta robbery. Local RCMP are investigating. They caution business people to ask for positive identification before cashing out of town cheques.

On February 17 Louie Roberts was fined \$20 and costs under the stop sign ordinance.

On February 18 Mrs. Ken Hickson was fined \$10 and costs for driving contrary to the restrictions on her driver's licence. The charge arose following an accident on Feb 8 when the Hickson vehicle was in collision with another car on Highway 97.

On Feb. 18 Hans Woudstra was fined \$20 and costs for speeding on Highway 97.

On Feb. 19 Guido Bonanno

was fined \$15 and costs for failing to stop at a stop sign.

Visiting with Mr and Mrs Ted Mortimer have been their son Chuck and family of Stettler, Alberta.

Mr. and Mrs E. D Nesbitt of Kamloops visited for a few days last week with her mother, Mrs T. A. Walden

Mrs R Oxley is home following surgery in Kelowna General Hospital.

**Baptist Choir
at Peachland
ceremonies**

The 60th anniversary of the Peachland Baptist Church was observed on Sunday. A sod-turning ceremony was held on Sunday afternoon when Mrs. Nellie Manning, the oldest member of the church turned the sod. The new Baptist Church is to be located in the Blue Waters subdivision.

Rev. A. L. Foster conducted anniversary services held on Sunday and Monday.

Rev. J. Reggin of Vernon, Rev. Iwayoshi of Kelowna and Rev. F. Haskins of Summerland were speakers. The choir of the Summerland Baptist Church participated in the Monday evening service.

MISS ANNE MUNRO

veteran missionary of the Saora hill tribe of India is to speak in the Baptist Church, Thursday evening, February 27. Miss Munro received the KIH medal in recognition of her public service as a member of the Orissa Legislature and as a research worker in languages of the hill tribes.

BOWLING NOTES

Mixed League

In the A League the Boobs lead with 44½ points followed by the Occidentals with 35½ points. High singles went to Eileen Fell, 244 and Norm Campbell, 279.

In the B League the Gremfins lead with 37 points followed by the Dodgers with 35 points. High singles were won by Betty Hepperle with 218 and Bruce Bingham, 270.

In the C League Bar Flies lead with 39 points and in the second spot Tumbleweeds have 37 points.

High singles went to Elsie Archibald, 229 and Hugo Harks, 223.

Ladies League

BamBams lead with 16 points followed by Pfft's with 11.

High single was Norma Arsd with 105.

In B League the Hopefuls have 15 and the Groaners 12 points. High single was Betty Knuff with 241 points.

Men's League

High single was Bob MacDonald with 295 and high three Shane Mihalk with 680. High team Hot Rods, 2882.

This is Scout Week, celebrated by the 31,500 Cubs, Scouts and leaders in Canada and by millions in other countries, to commemorate the birthday of the Founder, Lord Baden Powell, February 22, 1857.

In connection with Scout Week, the Cubs and Scouts will parade to the Baptist Church on Sunday, February 23. Assembly will be outside the church at 10:45, dress at shirt, scarf with shorts optional.

The troop is making good progress on tests and badges and one Scout is just finishing his 1st class. We hope for about three more before the Father and Son Banquet on March 23.

Patrol scores for the evening were Buffaloes 43, Eagles 41, Beavers 40 and Hawks 35; making total scores respectively, 176, 188, 189 and 210. Did any one lose an axe at the Scout winter camp? Mr. Fisher found one.

April 8-10 evenings and all day April 11 a Wood Safety and Survival Course will be presented in Summerland open to anyone 14 or over. Cost is \$1. Seven Scouts are interested.

D. V. Fisher, Scoutmaster.

**Advertising
is news, too!**

People buy this newspaper for news of the world, the country and our community in particular. Our readers are also interested in news about food, clothes, entertainment, automobiles, furniture and all of the necessities and luxuries that have to do with daily living.

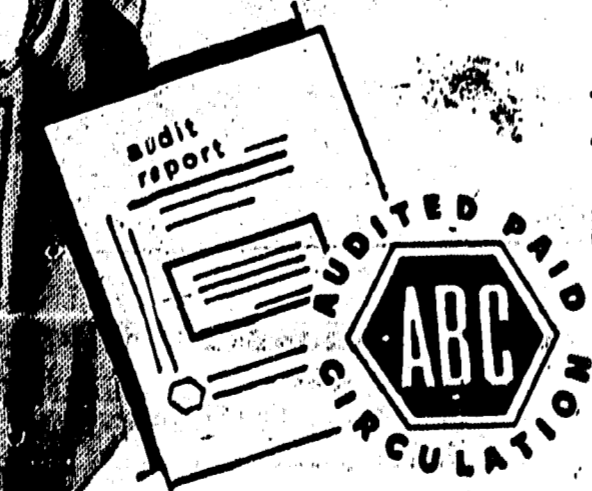

Through advertising in this paper you can give our readers the up-to-date news about you, merchandise and services. Each one of your advertisements can be a newspaper within a newspaper.

Of course you should know all about the circulation of the newspaper that is carrying the news of your business. How many people buy the paper? Where are they located? How was the circulation obtained? To give you this information and many other facts that you need and have a right to know when you buy advertising space, this newspaper is a member of the Audit Bureau of Circulations.

Established in 1914, the Bureau is a cooperative, non-profit association of nearly 4,000 advertisers, advertising agencies and publishers. Its purpose is to furnish advertisers with verified reports on the circulation of its publisher members.

At regular intervals one of the Bureau's large staff of experienced auditors makes a thorough inspection and audit of our circulation records, just as the bank examiner makes a check of your bank's records. The information thus obtained is published in official A.B.C. reports. When you buy space in this newspaper our A.B.C. report tells you just what, in circulation values, you get for your advertising investment.

This newspaper is a member of the
Audit Bureau of Circulations.

**Corporation of Summerland
LOAD REGULATIONS**

Effective immediately and by authority of By-law 707, the following load regulations are imposed:

"No person shall operate any vehicle over any highway within the Municipality having a maximum gross weight or loading in excess of fifty (50%) percent of that allowed by the regulations made pursuant to Section 36 of the Highway Act, R.S.B.C. 1948.

Vehicles with solid tires are prohibited from using the highways during such period as these regulations are in effect."

These regulations will be effective until similar regulations are lifted by the Provincial Department of Public Works.

Cancer Society elects officers

by Madeleine Alstead
The annual meeting of the Summerland branch of the Canadian Cancer Society was held February 11 in the Health Center with Dr. J. C. Wilcox, president, in the chair.

The guest speaker was Dr. D. E. Yates, president of the Pentiction Unit, who gave a most illuminating talk on the demonstration of techniques for diagnosis and treatment of internal cancer.

Before introducing the speaker Dr. Wilcox in his opening remarks as chairman, spoke of regret expressed by the Canadian Cancer Foundation at the retirement from the Board of Directors of Mrs. J. E. O'Mahony who has been appointed Honorary Director of the Founda-

tion. Dr. Wilcox reported that he had visited the Cancer Research Center at UBC and praised the great work being carried on there. He then thanked all who had helped in the work of the Summerland branch with special mention of the Kiwanis campaign and the Eastern Star dressings.

The report of the last annual meeting was read and the chairman then introduced the speaker of the evening.

Dr. Yates said that new techniques and instruments have made possible means to detect and treat internal cancers, not possible until recent years. A knowledge of these facts lessens the fear of going for early diagnosis and treatment and early diagnosis is always the watchword.

He had spread on a long

table the new research instruments now used in this work.

Dr. Yates demonstrated the various instruments, showing and explaining their uses.

Dr. Yates' demonstrations made a great impression on the audience and many suggestions were made for repetition of this talk and ways of reaching larger audiences as it was felt that more people should have the opportunity of seeing and hearing this extremely interesting and important demonstration.

Officers for the ensuing year are: honorary president: Reeve Norman Holmes; president: Dr. J. C. Wilcox; vice president: Ken Nistor; secretary: Miss G. Atkinson; treasurer: H. O. Pruden; public relations: Mrs. J. E. O'Mahony.

Revelation of a critic

by Rev. Norman Tannar

"My grandmother likes coffee, but she doesn't like tea! This is the key sentence in an old parlour game and other clues are given as this guessing game progresses, such as "My Grandmother likes drapes; or, likes villages but not cities; or, likes men but not gentlemen, etc. What is it Grandmother doesn't like?"

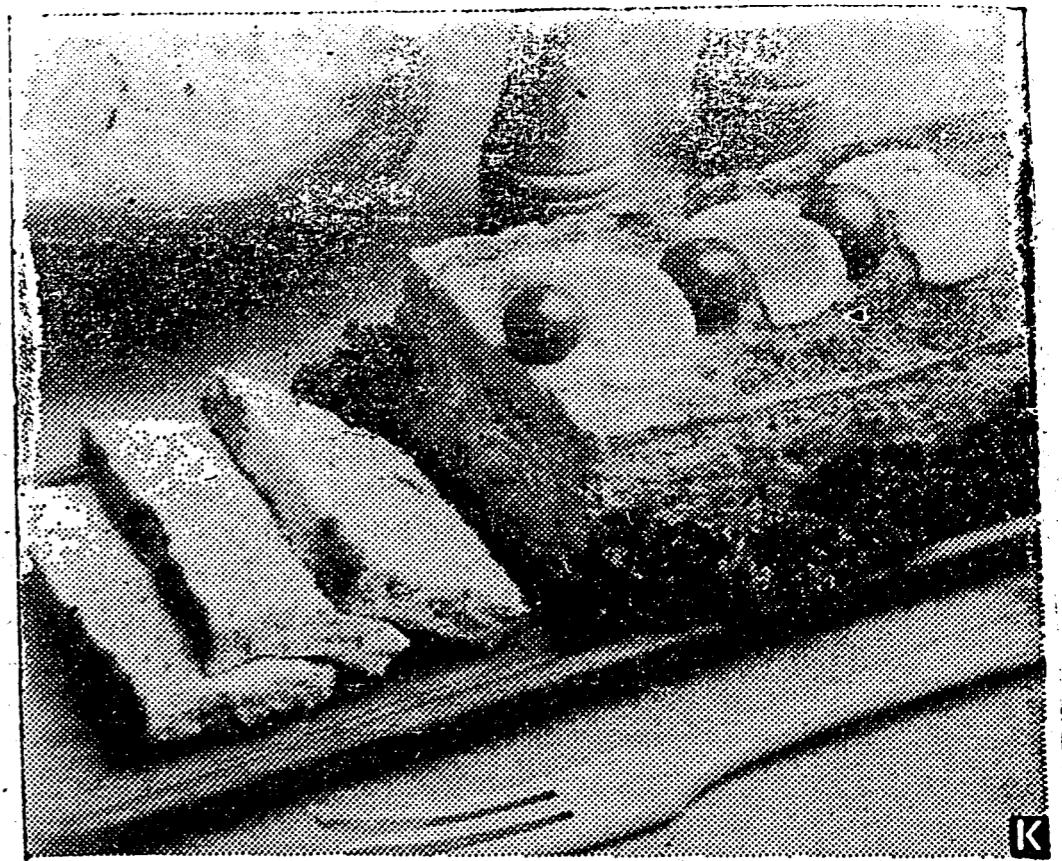

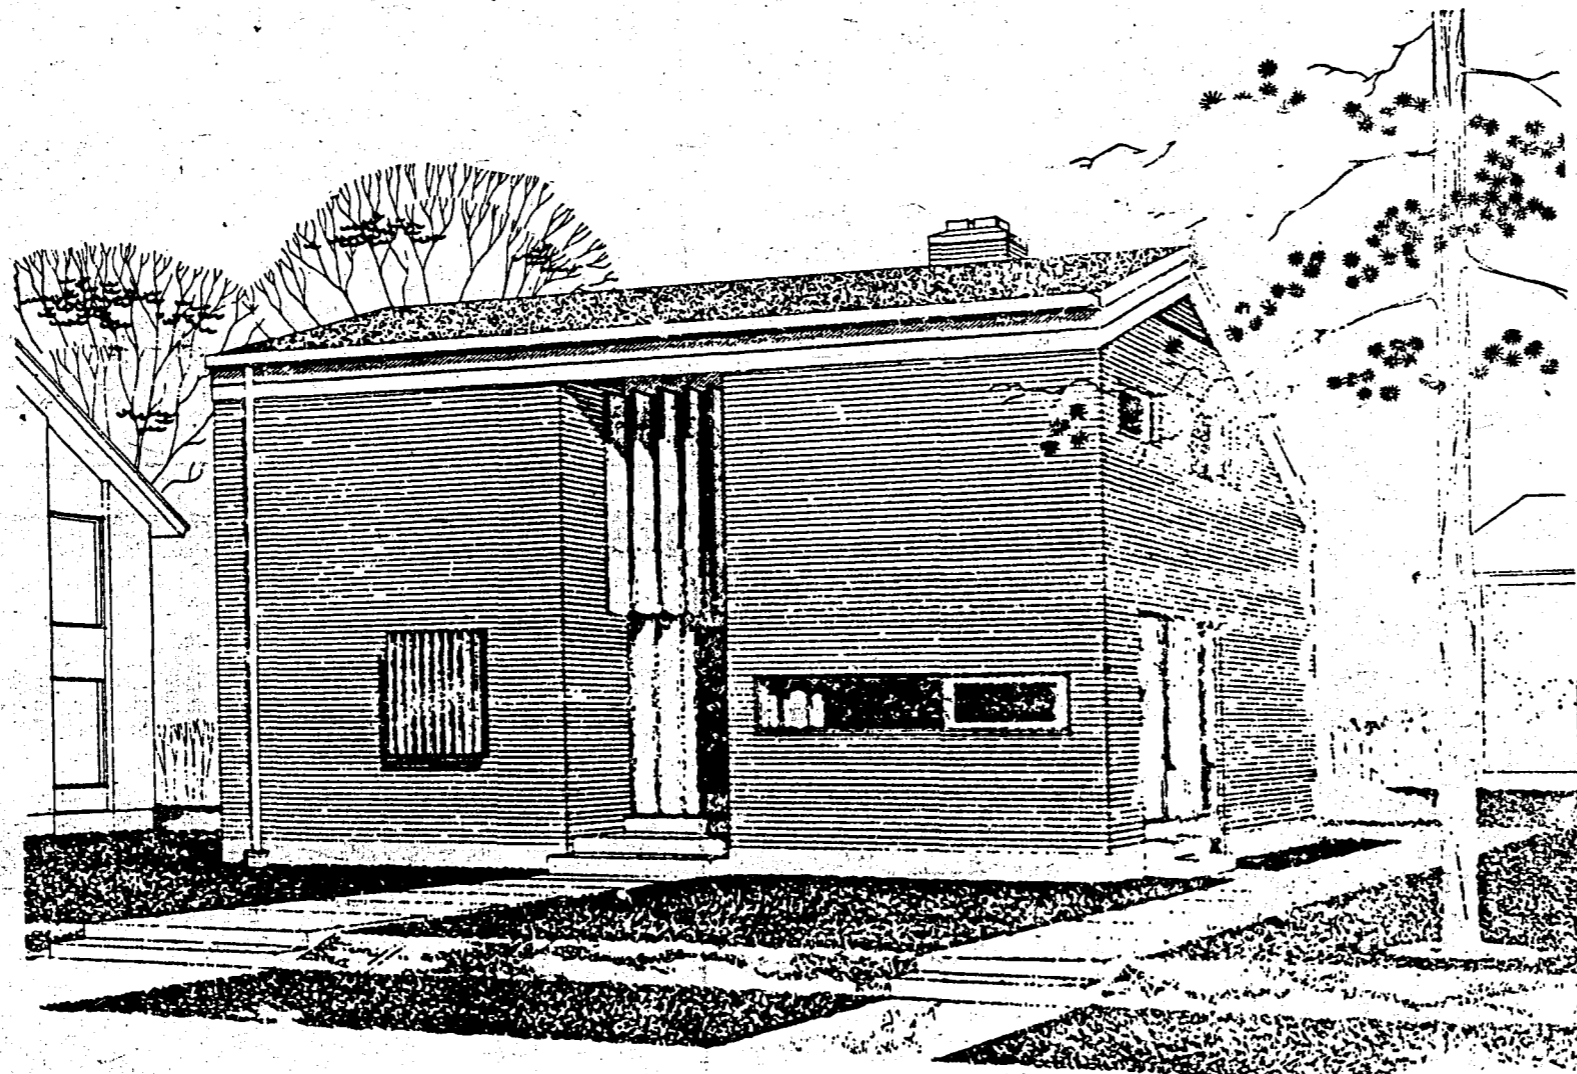

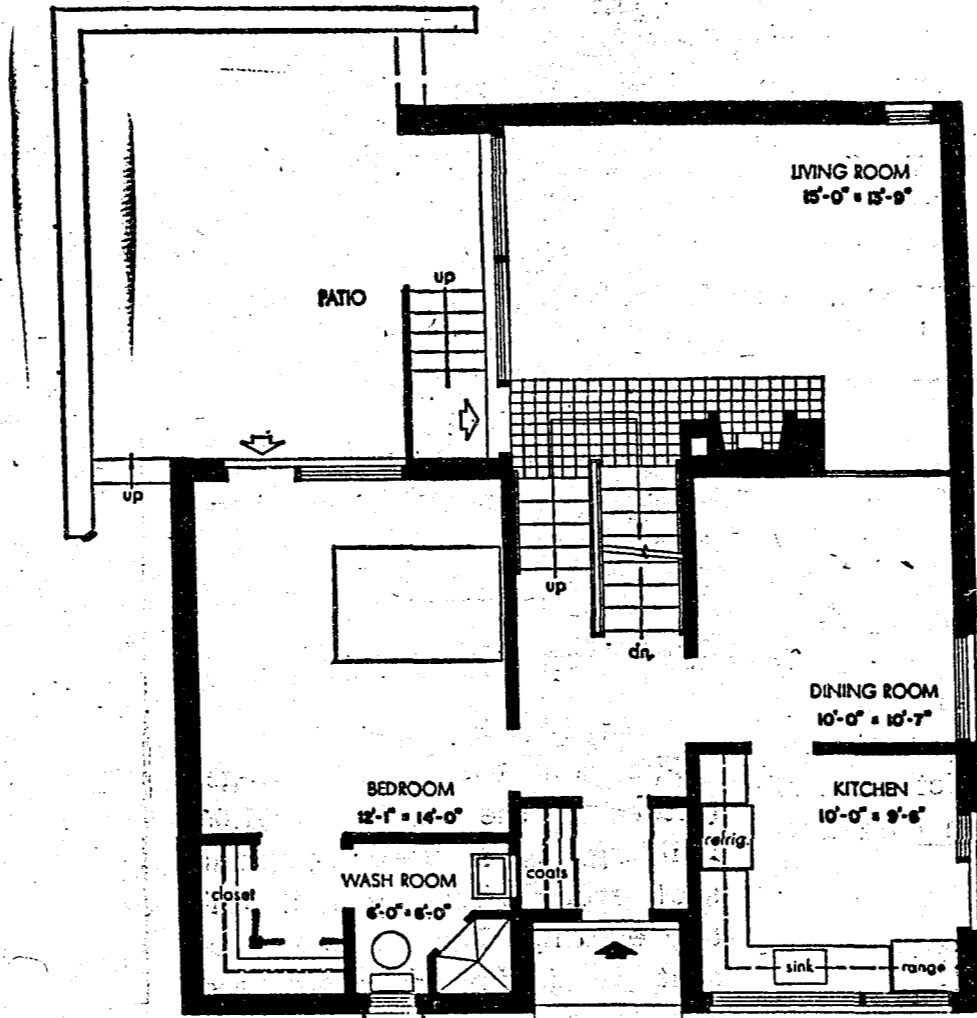

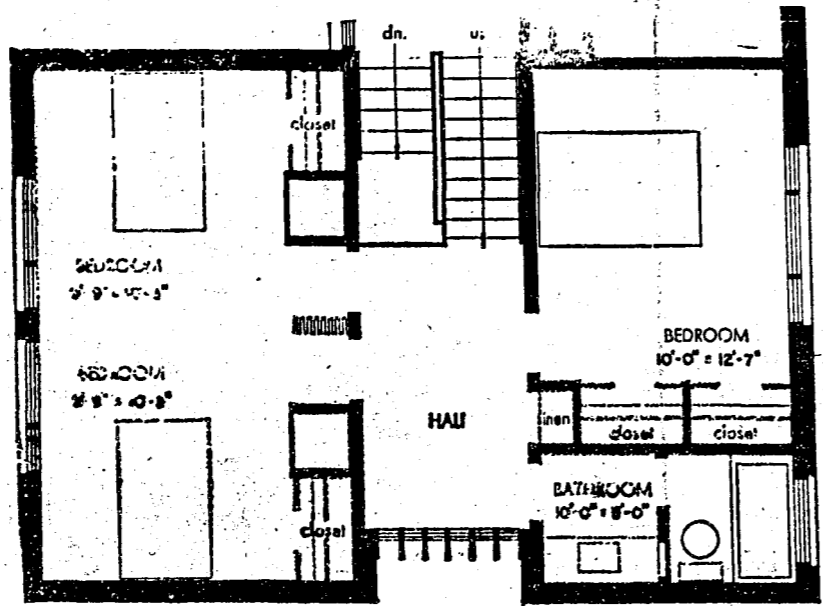

One thing we can be sure of is that Grandmother reveals more about herself than about what she likes or dislikes. All too often the critic is an amateur critic basing judgement from self alone and that self is revealed for all to see by unfounded criticism or complaining.

The psalmist says that the fool criticizes because he is a fool. He shows he is by what he says. Again, to say that you do not like something may tell more about you than about what you dislike.

It is said "actions speak louder than words", but the critical word or the complainative word can also speak loudly about the speaker. Judas was the complainer and critic in Jesus' band of disciples and it took no magic foresight on Jesus' part as to who would betray him.

The right to criticize comes from work and from study, and the training of self to be objective, understanding and compassionate. "He that is spiritual judges all things, but is himself judged of no man. 1 Corinthians 2:15

By the way, Grandmother doesn't like the letter T: the complaining critic generally doesn't like himself.

SALMON LOAF, attractively garnished with lemon curls and cherry tomatoes is an economical and nutritious dish for Lenten meals.

The pleasures of the Lenten table are not restricted to those whose religion requires the observation, for Lenten fare are tempting dishes for everyone. And the simpler dishes are a pleasant change from the rich foods of the winter season. It's a good time, too, to balance the budget with low-cost menus, but not to the sacrifice of nutrition.

Canned salmon is one convenience food that combines all the elements of good nutrition with a delicate flavor that appeals to every palate. Try this delicious salmon macaroni loaf, which makes hearty servings for 8. It's good hot or cold.

SALMON MACARONI LOAF

1 cup elbow macaroni
3 cups milk
½ cup butter

1 1-pound can salmon
6 eggs, lightly beaten
1 4-ounce can pimiento, drained and chopped
2 tablespoons chopped onion
2 cups soft bread crumbs
2 teaspoons salt
Dash cayenne
1 cup grated American cheese

Cook macaroni in 6 cups boiling water for 10 minutes. Drain and rinse. In saucepan combine milk, butter, and liquid from can of salmon. Heat until hot and butter is melted. Stir into beaten eggs. Add pimiento, macaroni, onion, crumbs, salt, and cayenne. Flake and stir in salmon. Turn mixture into an oiled loaf pan, 11 ½ x 4 ½ x 2 ½ inch, and sprinkle with cheese. Bake in a preheated 350° F. oven for 50 to 60 minutes. Serve hot or cold with favorite sauce, if desired.

"There is no substitute for the Gospel of Christ".

Camel caravans swayed across deserts and mountains on journeys lasting as long as 18 months to bring tea to Eastern Europe from China in the 17th Century.

A thrilling sight in the 19th Century were the noble tea clippers. Specially designed for speedy transportation of tea, the tall sailing ships often raced one another from China to London or New York for prizes of thousands of dollars.

Today, ocean liners and tramp steamers carry tea cargoes in their holds to ports all over the world. From these ports the tea goes to the processors and finally reaches tea drinkers blended and packed in three different ways—loose, teabags or instant.

This four bedroom, two well lighted area underneath storey house with the living room at an intermediate level, five steps up from the ground floor was designed by architect A. Banelis of Toronto

At the entrance level is a kitchen, dining room and master bedroom which opens on a patio. There is also a wash-room off the master bedroom. On the second floor are three bedrooms and a bathroom. As the living room is above the entrance level it provides a

recreation room. The front door of this house should face north or east.

The floor area is 1,616 sq. feet and the exterior dimensions are 31 by 36 feet.

Working drawings for this house, known as Design 612, are available from Central Mortgage and Housing Corporation at Ottawa at minimum cost.

Services held for Elizabeth Lowther

Miss Elizabeth Georgina Lowther passed away at the Summerland Hospital on February 17 at the age of 74 years.

She is survived by two nephews, Charles Hudson, Scarborough, Ont. and John M. Barrett of Victoria.

Funeral services were conducted from Wright's Funeral Home with Mrs Isobel Hamilton officiating, followed by cremation.

Miss Lowther was born in Bengal, India and graduated from a nursing school in that country. She was well known in nursing circles both on this continent and in India. She finished her nursing career in Vancouver and is well remembered by many Vancouver school children as their school nurse.

She spent the past 15 years of her retirement in Summerland.

Parents attend Son's graduation

Among recent graduates from the Advanced Flying School at Southport Airbase, near Portage la Prairie, Man. was Flying Officer R J Dunsdon son of Mr and Mrs J H Dunsdon, of Summerland.

His parents travelled to the Manitoba airbase to witness the graduation Feb. 2. Also graduating were three Danish students who visited here last year with the Dunsdons.

FO Dunsdon is now in Clinton, Ont. taking a special course following which he will be an instructor at Portage

Births at hospital

Born at Summerland General Hospital to:

Mr. and Mrs. Gerald Paul, a boy, Jan. 7.

Mr and Mrs O. Harris, a boy, Jan. 28.

Mr. and Mrs. Preston Mott, a boy, Feb. 7.

Constable and Mrs Ernie Best, a boy, Feb. 10.

Rev. and Mrs M. Shultz, a girl, Feb. 13.

Mr and Mrs Jack Howard, a boy, Feb. 17.

Students win at Peachland

Parents of pupils in the secondary school have indicated their appreciation for the extra-curricular work by members of the teaching staff. Teachers play an important part in many after school activities.

Some of these staff members were with the curling teams at the Peachland high school bonspiel. Others were with basketball teams or at the drama workshop.

Vice principal C. F. Greenough was with the curling teams; Miss P. Krehel and D. Puddy with the cage crews; and Mrs. G. Bouey in charge

of the drama group.

Summerland rinks featured fully in the Peachland bonspiel, coming out on top in both the B and C events. In the B event, the Pruden rink was first, and the Croft rink, also from Summerland, second. The C event was taken by the Aoki rink from Summerland.

From Summerland were Greg Pruden, Gordon Boothe, Nancy Fudge and Richard Johnston; Alan Aoki, Ted Scott, Ivan Sayers, Louise Wright; Ron Croft, Bill Shannon, Pat McCutcheon, and Harvey Parkinson.

In the basketball events, the Princeton girls defeated Summerland; while the local boys defeated Kelowna.

CGIT holding foreign tea

A glimpse of India and Nepal will be given on March 7, when the CGIT Missionary Group is staging a novel tea. The girls will depict several items from the Asian land during the event.

For one thing, Indian cookery will be demonstrated. As another, the young ladies will put on an Indian dance. Also, as one of the main features, a series of handicrafts made by the girls from artifacts from India and Nepal.

Table centers have been made from these items and will be on display. The tea is from 2:30 to 4:30 in the United Church hall and admission is 25 cents.

On the rifle range

by Herb Simpson

The new indoor rifle range, located in the old 5c to \$1.00 building, is a very popular spot every Thursday and Friday evening. There are at present 30 junior members and 24 seniors.

The juniors shoot on Thursday evening. Competitions are held for the highest average score, the winner being awarded a box of ammunition. Lucky winners so far are Don Johnson and Kathy Shanno. A lucky shoot for a box of chocolates was won by Dave Ganzeveld last week.

At least three senior members are at the range during the junior practices to enforce safety regulations and instruct the young shooters in the proper handling of firearms.

On Friday evening the seniors practice from 7 to 10 p.m. Several new members have joined the club this season, and there is always room for more. It is not necessary to own a fancy or expensive rifle, as only sporting rifles of under several pounds are allowed in competition. Why not call in and try your luck at the targets?

Rebekah head visiting here

On Wednesday, Feb. 26, the members of Faith Rebekah Lodge No. 32, will host a distinguished guest, Miss Hazel Van Buren, president of the Rebekah Assembly of B.C. of Vancouver, will make her official visit here.

She will be the guest of Mrs F. E. Atkinson for lunch; Mrs A. Walden for tea; after visiting the sick and shut-ins with Mrs E. G. Gillespie, noble grand and Mrs Fred Schumann, vice grand; Mrs Gillespie will entertain; Miss Van Buren for dinner; after which she will attend the regular meeting of Faith 32 at 8 p.m.

A special program has been arranged and visitors are expected from Oliver, Princeton and the northern part of the valley.

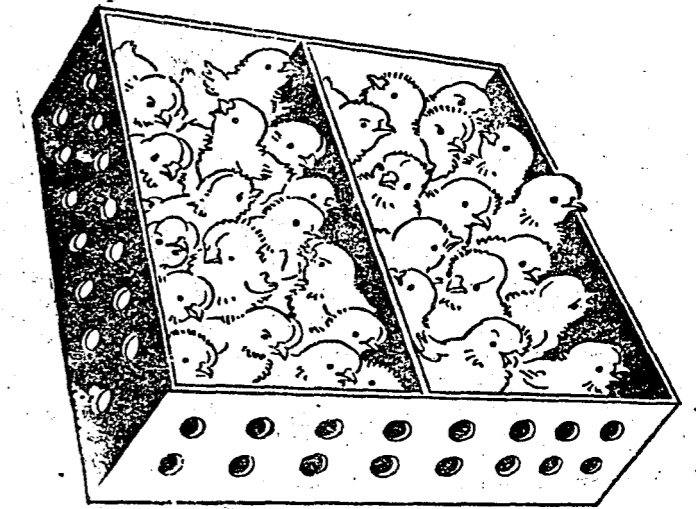

PTA holds successful evening

Bridge, whist and other games were all enjoyed at the community party held at Trout Creek school last week, given by Trout Creek PTA. George Ryman, PTA president, acted as emcee.

General convener for the evening was Mrs A. Bombardier with Mrs. Gunnar Rasmussen refreshment convener.

Prize winners were: games high: Miss Edith Verity, low: Mrs J. Pauls; whist high: H. Schwab, low: Mrs S. Lychowid; bridge high: D. V. Fisher; low: Mrs W D Carter

If you are interested in the present and future plans of our hospital, be sure to buy a membership card now. Cards cost only \$1 and are available from the hospital or president Les Rumball. In order to participate in the annual meeting in March, cards must be bought before the end of February. It's your hospital, take an interest in it:

A new piano scholarship, the Monica Craig Fisher Award has been announced by the Penticton Music Festival Awards Committee. It is open to piano students from 15 to 20 years. Festival entries close on March 2, and piano teacher Miss Kay Hamilton, suggests applications be made now.

Linda Charles of Summerland won the Knights of Pythias public speaking competition at Penticton last week.

Should she win the next step, the Okanagan regional award and then the provincial honor, she will then compete for the Pacific Northwest title at Spokane.

Topic for this year's competitions is 1864 to 1964.

The WCTU is sponsoring an elocution contest on Monday, March 2 at 7:30 pm in the Pentecostal Church.

Students from grades 3 to 7 are competing for the various medals to be presented for poems and recitation.

Appoint committee for centennial plans

A note of enthusiasm for local Canadian Centennial plans has been sounded with the announcement Tuesday of the appointment of Dr. James Marshall as head of the local centennial committee. Charles Bleasdale will be vice chairman of the group, Miss Nan Thornthwaite secretary and Ken Stuart, treasurer. The committee members will include Les Rumball, Councillor J H Schaeffer, Howard Pruden and Bert Stent.

Dr Marshall and his committee will review all suggestions for a local centennial project and will select one of these for approval by council.

The new chairman has indicated he would like every person in Summerland to make suggestions regarding what they consider would be a suitable centennial item.

He stresses the fact that this must be a community wide endeavor if it is to be successful and will require the wholehearted support of everyone in Summerland to carry through to completion.

Precautions for sleeping sickness advocated here

Annual meetings of the South Okanagan Union Board of Health, held in Summerland on Wednesday afternoon, discussed among other items, the dangers of encephalomyelitis or sleeping sickness, both to humans and horses. Paddy Cameron of Kelowna, one of the oldest and best known breeders and trainers in the valley, outlined to the Board the dangers of a possible epidemic this year.

He said there is a concerted effort among all those who know this danger to have the horses vaccinated against it. "It affects horses, and then is transferred to humans, and therefore is dangerous," Mr. Cameron stated.

Officers of the board elected at the session include Ald. L A N Potterton of Kelowna, re-elected chairman; Councillor W S Ritchie of Summerland vice chairman.

To prevent the possibility of anyone in this area contracting "sleeping sickness" and to safeguard the many valuable horses in Summerland a special inoculation clinic is

being arranged. Tentatively this is planned for the first or second week of March, before the first of the seasonal horse shows is held.

Danger through the disease is illustrated through a recent case in Trail, where a young boy has been affected. Exact source of such infection is difficult to trace as insects, particularly mosquitos, can transmit the sickness from an animal (customarily a horse) to a human. In horses the sleeping sickness seems to run in cycles, with perhaps only a single animal affected one year, ten the following, then into the hundreds in a given area.

As practically all horses in Summerland are of the "show" type, and consequently valuable, and also to prevent any outbreak or incidence in humans, those linked to the local Riding Club and stables have made arrangements whereby a veterinarian will vaccinate all animals if they are brought together in one pasture.

Further details on this project may be obtained from Mrs Bud Bye or R A Bertram.

Russian education will be feature of address

With the world spotlight on the USSR in many of its fields, interest in its educational developments has been on the upswing. Residents of Summerland will be given an insight into these as part of the local education week activities. This will be in the MacDonald School Auditorium on Wednesday, March 3.

Speaker will be Professor C E Smith of the Dept of Education at the University of BC, who recently toured the USSR to gain information on the Russian developments in his field. He will illustrate his address with slides taken during his trip.

The address is being sponsored by the Summerland Teachers Association.

Open house will be held at MacDonald and Trout Creek schools on Wednesday and Thursday.

Mr and Mrs Harvey McKee are leaving on the week end for a holiday in the United States, Vancouver Island and the Mainland. On their return they will travel to Kimberley to visit their daughter Vicki and son and daughter in law, Mr and Mrs W G McKee.

R M Kemp has returned from a six week stay in Shaughnessy Hospital in Vancouver.

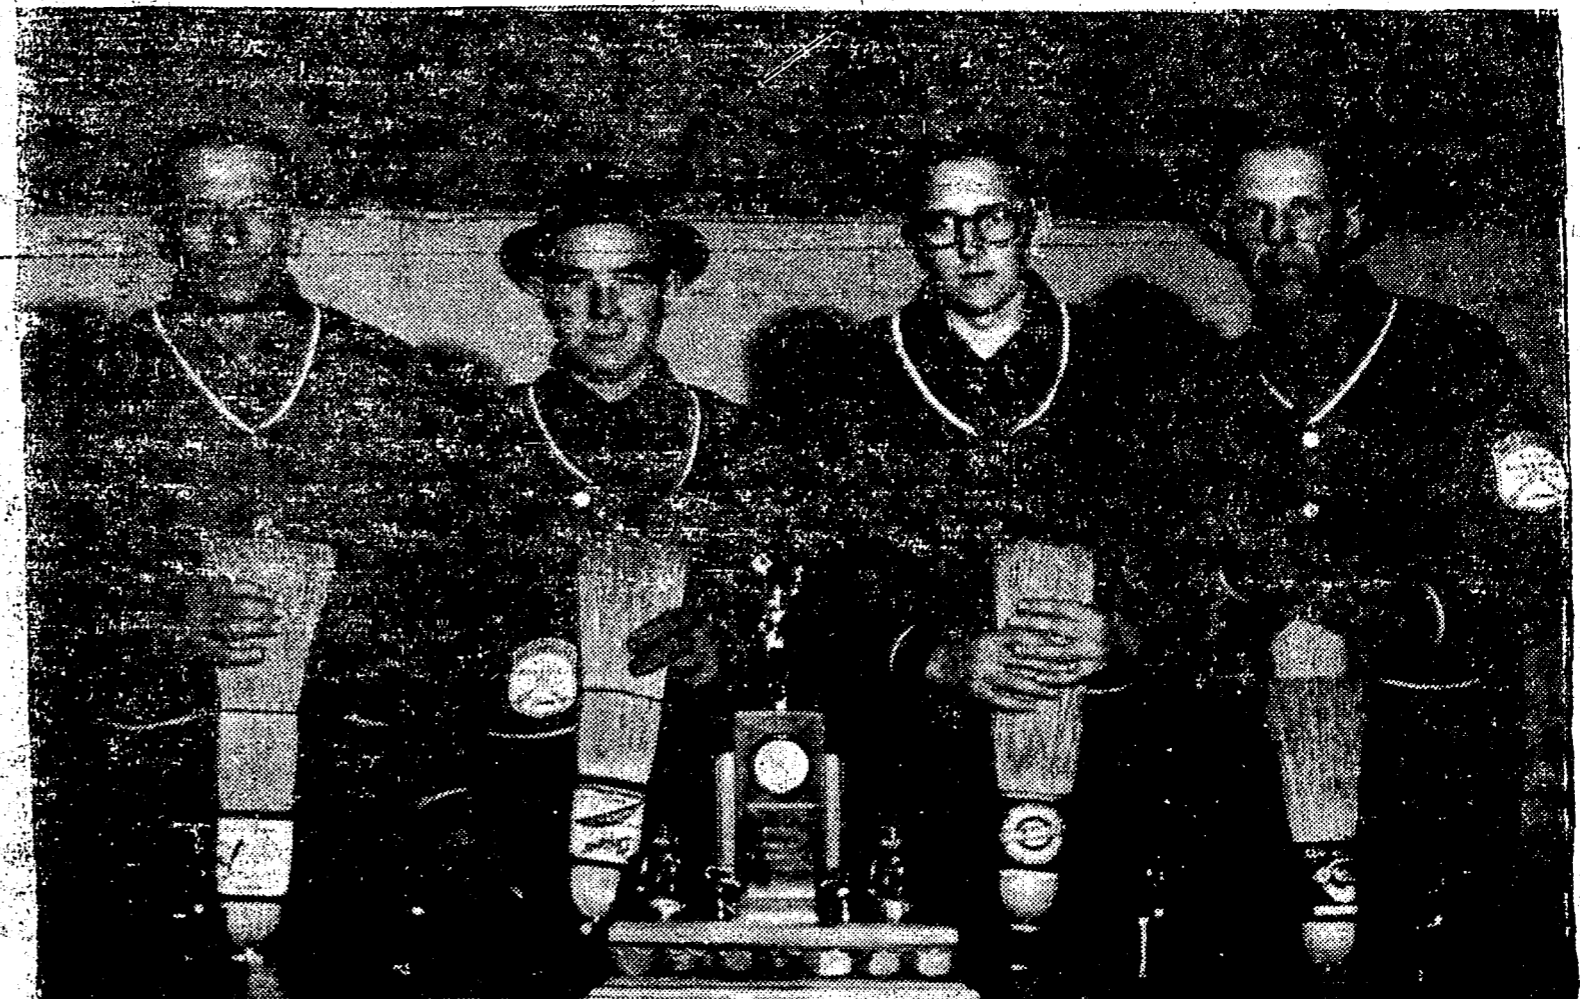

Tourist discussion feature of next Chamber meeting

The importance of the tourist dollar to this part of BC and how Summerland may share in obtaining it will be the feature topic at the next meeting of the Chamber of Commerce to be held March 5. The dinner meeting will commence at 6:30 in the IOOF Hall and the business meeting at 7:30.

Key speaker at this function will be Harry Patrick of Penticton, owner of the Downtowner Motel and chairman of the Okanagan and Similkameen Tourist Association.

President F E Atkinson is urging all motel operators, merchants and fruit stand proprietors to attend this meeting and both voice their opinions and ask questions regarding tourist activity.

He indicated that Mr Patrick will welcome all types of questions and will come armed with ample information to answer these.

Council will assist boating enthusiasts

Two matters linked to local boating circles came before council on Tuesday evening.

As the original scheme whereby the federal government would have used its drag line to clear a new channel at the Yacht Club breakwater has fallen through, for the time being at least, an appeal was made to the council for substitute aid. Council informed Harry Dracas of the Yacht Club that the municipal drag-line will be made available to the club for the work, but only on an all expense basis.

Word having been received from Victoria that use of

Evans Beach for the Sailing Club clubhouse was not within the intent for which it was established as a park, the group has sought further support from council. It had been deemed advisable by council to write to Victoria regarding the plan before it was proceeded with.

At Tuesday night's session, council agreed it will write the provincial government to see if some solution can be found. The provincial parks department has indicated the parks and recreation designation of the area precludes the suggested use. Council will suggest

to Victoria that the sailing group will bring the area into fuller use than it would otherwise be.

Baptist Church Hill has had a reprieve. Faced with a petition from 50 residents of Parkdale subdivision asking retention of the road, council Tuesday night agreed to defer it — for the time being at least.

The petition claimed that it is too difficult for those in the area to drive up Station Road hill and turn off into their area. The matter will be reconsidered at a later date this year.

Editorials

Parkdale Place Report

Education facts

More than 4,578,000 pupils are enrolled full time in elementary-secondary schools in Canada this year — an increase of 185,500 or 4.2 per cent over one year ago.

The enrolment of secondary students passed the one million mark in 1962-63, increasing by 10.4 per cent over the previous year. For statistical purposes secondary level commences at grade 8 in Quebec and at grade 10 in the other provinces.

Full-time enrolment in Canadian universities and colleges reached 141,388 in 1962-63, an increase 9.7 per cent over that of the previous year and almost double the enrolment of seven years ago.

In the four years from 1958-59 to 1962-63 enrolment in teacher-training courses increased from 21,286 to 32,602, or by 532 per cent. Over the same period enrolment in public elementary and secondary schools increased by only 19.8 per cent.

Total expenditure on formal education and vocational training is estimated at more than 2 1/4 billion dollars for 1963. This compares with an expenditure of 627 million dollars in 1953.

Thursday, February 27, 1964

by Augusta Emery

Spring was in the air at Parkdale Place on the first day of February when Mrs. McLachlan brought in a basket of lovely spring flowers — daffodils, tulips and iris to bring cheer to our Home. The gift was greatly appreciated as they were received when several of our guests were recuperating after being confined to hospital for several days. As the snow is gradually disappearing and the afternoons are sunny and bright, it would seem that spring days cannot be too far away.

We are wondering what has happened to the ground hog. No report so far of his appearance on February 2, when according to tradition, he is supposed to come out of his burrow, sniff the air and give us a sign that spring is near. He must still be underground, so we must be satisfied with a continuation of winter until mid-March when the traditional six weeks expires.

A great number of activities have taken place this month to keep us right up on our toes. First and foremost was the Valentine Fashion Show, presented by the students of the secondary school. It was a wonderful demonstration of the excellent results obtained by that special department in our local school. More than 130 girls from grades 9 to 12 in a very charming manner, the modern garments they had made at school and at home for themselves and for tiny tots. The decorations and lighting of the auditorium, the commentary by Mrs. G. Bouey, the music by Mrs. Fudge and Sandra Durn, the presentation by the students — all were worthy of great praise.

Mrs. J. McKenzie gave a Valentine Party for the women in the Home and several town visitors, about 18 in all. Mrs. Allan McKenzie brought a very fine Valentine cake. She and Mrs. Colin McKenzie

did the honors at the tea table. Those visiting for the afternoon were Mrs. J. McDonald, Miss Nellie Holder and Mrs. Morell. Thanks to all those who helped to give us a most enjoyable afternoon.

We, in Parkdale, were really brought right up to date when our local store, Macil's, displayed the smartest in spring hats at the Parish Hall on the occasion of the annual Valentine tea sponsored by St. Stephen's Anglican WA. Now we have the correct idea as to the style, and the angle at which our Easter bonnets must be worn — thanks to the demonstration by Mrs. Solly.

A letter was received from Mr. and Mrs. Frank Taylor of Perfection, thanking the matron and staff or the many kindnesses extended to Mr. Ricketts during his period of residence at the Home.

After a brief illness, Tom Garnett, a former resident of Parkdale, passed away early this month. Mrs. Cuthbert, his daughter, wrote to thank us for the sympathy and tribute to her father's memory. We appreciated the flowers she sent to the Home.

Our grateful thanks to Mrs. Hamilton for the three baskets of lovely flowers which had been donated by friends to the memory of Miss Elizabeth Lowther.

We congratulate Mrs. Geo. Inglis, who was honored by receiving the Reid A. Johnson Cup, presented annually by the Chamber of Commerce to Summerland's Good Citizen of the Year.

Only one birthday was celebrated this month. The matron, staff and all the residents extend best wishes to Mrs. Haker for many happy returns.

The visit of the Mariposa Unit of the United Church from Trout Creek was most enjoyable. They served tea in the lounge and gave us an idea of the work they accomplish.

Congratulations to Miss

Linda Charles for winning the public speaking contest in Perfection.

Now that the men are busy in the orchards and the women are busy spring cleaning, the words of Charles Kingsley are apropos this halcyon time: "Thank God every morning when you get up that you have something to do that day which must be done, whether you like it or not. Being forced to work and forced to do your best will breed in you temperance and self control, diligence and strength of will, cheerfulness and content, and a hundred virtues the idle never know."

"There is no substitute for the
Gospel of Christ".

Eleven year old shares good news

by Rev F W Haskins

A few days ago a Calgary newspaper reported that a boy who wished to share good news phoned the paper:

"I was wondering if I could put a message in the paper," he said.

"What about?"

"About the Lord Jesus and the Bible. I'd like the people who get the paper to know that the Lord Jesus died for us — me, everyone for our sins — on the cross".

His mission accomplished 11 year old Ross Emery said goodbye and hung up.

It is to the credit of the city newspaper that they printed this story of a boy's request. It serves to remind us that the Christian Church has good news to share with all men everywhere.

Loneliness, boredom and frustration are signs of the times. The young boy tele-

phoned the simple message of the Gospel into his paper because he wanted people to know that he had a message to share with them.

The doors of our churches invite us to worship God together and share with each other "the fellowship of the Gospel."

There is no need for people to give way to loneliness and frustration. God is our Father and we are promised blessing and fellowship through the acceptance of His great offer of mercy. Peace of mind follows forgiveness of sins. The Bible says: "Truly our fellowship is with the Father and with His Son Jesus Christ." 1 John 1:3

"If we walk in the light, as He is in the light, we have fellowship one with another and the blood of Jesus Christ His Son cleanseth us from all sin."

New York City was the site of the first international exposition in the U.S. — in 1853. The thirty-first state had only recently been admitted and the total population — predominantly rural — totaled less than 26 million.

Electric lighting was lavishly used for the first time at the 1893 Chicago Exposition. Two out of every three Americans still lived on farms. There were 44 states with the total population of 67 million.

At the 1964-65 New York World's Fair, everyone will know the exact U. S. population. The Demograph of The Equitable Life Assurance Society will flash births and deaths as they occur in the 50 states. Overhead a mammoth counter will keep a running tally of the population as it increases by one every 11 seconds. Today seven out of ten of us live in metropolitan areas. K

The teabag was "invented" in 1904 when a New York tea merchant sent out samples of his tea in little silk bags instead of the usual tin boxes. His customers found them so convenient for brewing tea, they began to order their tea packaged in the little bags.

After the first hand-sewn silk pouches, teabags were made of gauze. Today they are made of a special filter paper, heat-sealed. Modern machinery automatically fill the bags with exactly enough tea to make one cup.

This year, as the teabag celebrates its 60th anniversary, Americans will use over 15 billion of these convenient, time-saving, labor-saving packets at home and in restaurants. The teabag is one of the earliest examples of pre-measured portions for individual service.

Mothers honored at annual Guide banquet

Over 185 mothers and daughters attended the annual banquet of the Guide Association last Thursday in the Youth Centre.

Three candles were lighted, one for Guiding Past by Mrs J E O'Mahony; one for Guiding Present by Tamla Trussel and one for Guiding Future by Jennifer Roe.

Mrs J E Miltimore proposed the toast to the Queen and welcomed the guests. Other

toasts were given by Janice Cooke to the mothers, with reply by Mrs Paul Charles; Susan Wilson to Guiding, reply by Mrs W G Evans; to the community by Jacquie Major, reply by Acting Reeve W S Ritchie.

Convener for the banquet was Mrs George Wardle, assisted by Mrs C D Meadows. Miss Edith Verity, Mrs Adrian Moyls, Mrs E M Tait, Mrs J M McArthur, Mrs R J Bangma

and Mrs G A Laidlaw.

Mrs Ken Storey, on behalf of the Guide Association gave a gift to Mrs Ross McLachlan former division commissioner; Mrs David Munn presented a gift to Mr and Mrs Bruce Blagborne for their work with the South Okanagan Guide Camp, Mewata.

Mrs Blagborne presented Mrs E Touzeau of Penticton, newly appointed division commissioner for South Okanagan with her warrant. Mrs Touzeau presented Mrs Ross McLachlan with her warrant as the new secretary treasurer of the South Okanagan division and Mrs Blagborne with a certificate of appointment as camp advisor.

Guide Captain Enid Maynard awarded All Round Cords to Patsy Ryman and Susan Wilson and the Heleu Pares Cup for patrol efficiency to the Canary and Buttercup patrols as the two patrols tied in points.

Purchase chairs for Legion

The regular monthly meeting of the Ladies Auxiliary, Royal Canadian Legion, was held on Thursday, February 13 in the Rosedale Room with president Mrs P. Eden in the chair. There were 21 members present. Mrs White was installed as sgt at arms.

The new chairs bought by the Auxiliary and donated to the Rosedale Room were on display.

The next meeting will take the form of a pot luck supper with husbands as guests, on March 13 to celebrate the Auxiliary's 37th anniversary.

NOTICE

Any resident of Summerland can become a member of the Summerland Hospital Society with voting privileges at the annual meeting in March, providing dues of \$1.00 be paid before the end of February. Membership tickets may be obtained from the President, Leslie M. Rumball or from the Summerland Hospital.

Meet Mr. A.B.C.

- He Works for our Advertisers

He is one of the experienced circulation auditors on the staff of the Audit Bureau of Circulations.* Just as a bank examiner makes a periodic check of the records of your bank—so does Mr. A.B.C. visit our office at regular intervals to make an exacting inspection and audit of our circulation records. The circulation facts thus obtained are condensed in easy-to-read audit reports which tell our advertisers: How much circulation we have; where it goes; how it was obtained; and many other FACTS that tell advertisers what they get for their money when they advertise in this newspaper.

*The Audit Bureau of Circulations, of which this newspaper is a member, is a cooperative, nonprofit association of nearly 4,000 advertisers, advertising agencies and publishers. Organized in 1914, A.B.C. brought order out of advertising chaos by establishing a definition for paid circulation; rules and standards for auditing and reporting the circulations of newspapers and periodicals.

Cariboo painting display

by Kay Dunsdon
The Cariboo Art Society display of oils in our library is a very pleasing collection. Miss Vivian Cowan of Williams Lake, in her oils, Sugar-cane Valley and Red Willows has captured the Cariboo

country on canvas, and these two, with Small Lake, have been much admired. Her painting style has changed somewhat from earlier work, to a more patterned or designed work, to form a strong calm picture. Eleanor Milner has a good

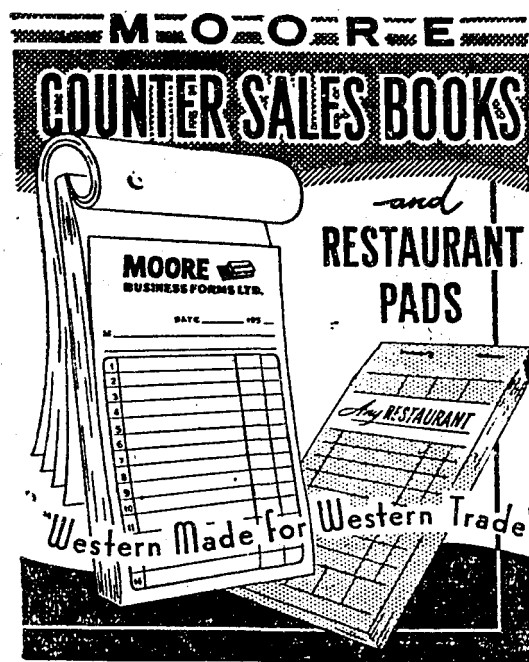

water scene, but her Spring Poplars has caught the feeling of early spring, while in contrast Rolly O'Dei has a very delicate and appealing winter scene.

Pam Mahon's striking sepia study called Bullyard, makes a delightful scene of Cariboo white faces.

Sonia Cornwall's Reflections in Three Studies, are strong and freely done and express clearly the mood of a still lake. Her Nasturtiums are quite impressionist also, and the clean, bright colors make a gay and balanced picture.

Hazel Henry has a very pleasing flower group, Daffodils, and shows good technique in her Gathering Storm and Swamp Meadow.

These artists have given us an enjoyable show. The pictures may be seen during library hours.

Banking Bright Boys' Best bet For Future

"Bright, ambitious young men, looking for a career with a challenge, a satisfying salary and advancement opportunities, can find all of these things and many more in banking," Jock Johnston, manager of the Summerland branch of the Bank of Montreal said this week.

"Best evidence that anyone with intelligence and drive can really achieve distinction can be found in the rapid rise of today's top executives of the B of M," Mr Johnston continued.

The Bank's policy of promoting from within its own ranks gives every young man who enters banking today the chance of rising to a senior executive appointment. Ability

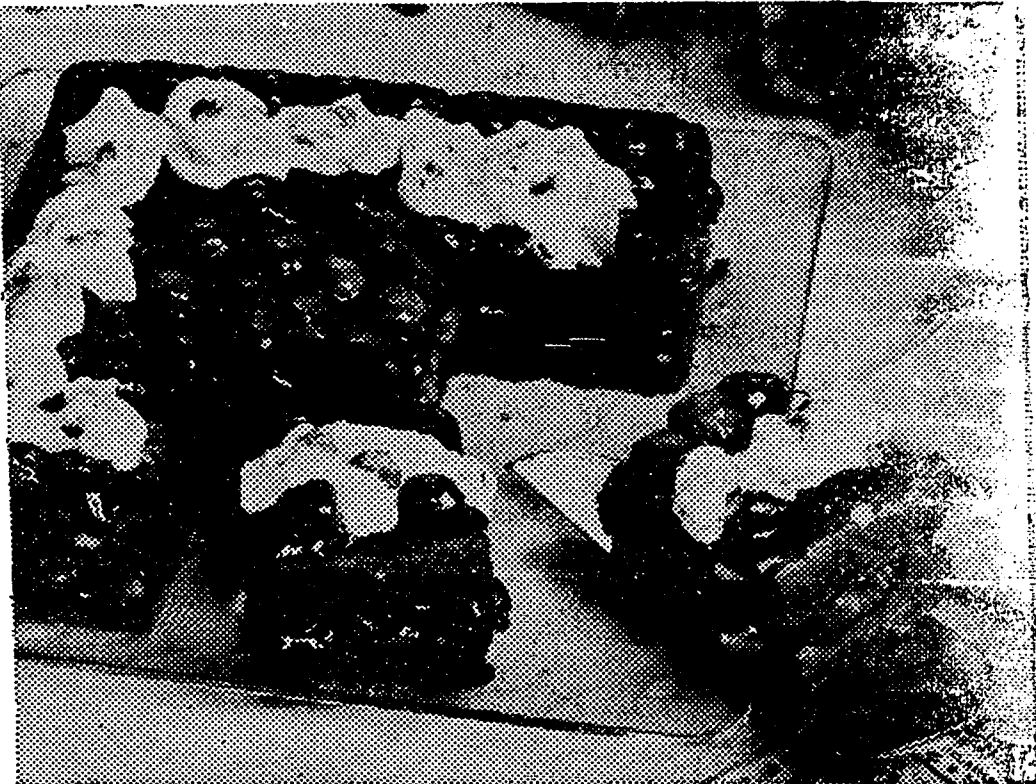

is the only consideration. Right from the start, the B of M puts young men on a training program that forms, in effect, a series of stepping-stones to the growing responsibilities and rewards that constitute success.

Variety is the keynote of this training, with every young banker spending time in as many posts as possible in the branch. Above all, the young B of M banker is encouraged to develop his own abilities.

A chat with Mr. Johnston could be the introduction to a rewarding career in one of the most solidly established and respected fields of business today. Why not see him soon and ask him for a free copy of the B of M's career booklet.

QUICK N' EASY

Recipe of the Month

Just watch the pieces disappear when this Refrigerated Cherry Torte is served! It's a treat that boasts double enjoyment, with two layers of dark, rich fudge nut cookies and two layers of tart-sweet cherry pie filling. A combination of flavors meant for pleasing the man of your life, this torte is easy enough for the newest cook to attempt, tasty enough for the most experienced home-maker to serve.

The torte base is made with a roll of refrigerated fudge nut cookies, sliced and arranged side-by-side in two cake pans. When baked, these fudge layers are much like crisp brownies, good eating to the end! The cherries are in a can—a can of fruit pie filling that is ready for use, wealthy with plump, red cherries. Garnished with an edging of whipped cream, the torte is certain to brighten every party it's invited to.

REFRIGERATED CHERRY TORTE

1 roll refrigerated fudge nut cookies
1 can (2½ cups) cherry pie filling

Cut cookie roll into slices ¼-inch thick. Place cookie slices in the bottom of two 8 or 9-inch square or round cake pans that have been greased, lined with wax paper, greased and floured. Bake at 350° for 15 to 20 minutes, or until light golden brown. Cool 10 minutes; remove from pan. Cool.

Spoon ½ can cherry filling over bottom layer. Top with cookie layer and remainder of filling. Chill overnight. Just before serving, spoon Pecan Whipped Cream around outer edge of cherry filling. Serves 6 to 8.

PECAN WHIPPED CREAM

Whip ¾ cup heavy cream to form soft peaks; gradually add 2 tablespoons sugar. Fold in 1 cup chopped pecans.

Advertising is news, too!

People buy this newspaper for news of the world, the country and our community in particular. Our readers are also interested in news about food, clothes, entertainment, automobiles, furniture and all of the necessities and luxuries that have to do with daily living.

Through advertising in this paper you can give our readers the up-to-date news about your merchandise and services. Each one of your advertisements can be a *newspaper within a newspaper*.

Of course you should know all about the circulation of the newspaper that is carrying the news of your business. How many people buy the paper? Where are they located? How was the circulation obtained? To give you this information and many other facts that you need and have a right to know when you buy advertising space, this newspaper is a member of the Audit Bureau of Circulations.

Established in 1914, the Bureau is a cooperative, non-profit association of nearly 4,000 advertisers, advertising agencies and publishers. Its purpose is to furnish advertisers with verified reports on the circulation of its publisher members.

At regular intervals one of the Bureau's large staff of experienced auditors makes a thorough inspection and audit of our circulation records, just as the bank examiner makes a check of your bank's records. The information thus obtained is published in official A.B.C. reports. When you buy space in this newspaper our A.B.C. report tells you just what, in circulation values, you get for your advertising investment.

This newspaper is a member of the Audit Bureau of Circulations.

Local girl in Kelowna production

With staging date just a week away, rehearsals for Kelowna Musical Productions' presentation of "Guys and Dolls" are in full swing every day of the week. Co-director of this year's production, Harold Pettman, (who plays Nathan Detroit in the show) stated today that the integration of chorus, orchestra, dancers actors and soloists has been very satisfactory, and the final touches of sets, costumes and make-up this week will all add up to the polished production Kelowna and district residents enjoyed at this time last year, when The King and I was a very successful production by this amateur group.

A Summerland girl, Elaine Dunsdon, daughter of Mr and Mrs Jack Dunsdon, is a member of the cast.

Tickets are now on sale at

Regatta headquarters in Kelowna, and everyone is urged to make seat reservations now for the show which opens with a gala first night Tuesday, March 3 for five evening performances.

"Got the order, got a bank loan - we're all set"

When a businessman wins an order or contract, he knows he can turn to his local bank for financial assistance. A loan may be needed for one or more reasons—to lay in a supply of raw materials, to buy new equipment, to meet a payroll, or to cover other costs until the firm receives payment for its products or services.

With bank credit, companies large and small can take on projects they couldn't handle if they had to depend on their own financial resources. More-

over, the chartered banks have steadily widened the scope of their commercial lending to serve new or expanded short-term needs. Every day, local bank managers are lending to producers, manufacturers, farmers, retailers and others, to help them develop opportunities, meet competition, keep men and machines busy.

Commercial loans are one of many essential services your local bank provides, to the benefit of everyone in the community.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Juveniles head north in hockey playoff

Summerland Legion Juveniles, winners of the Okanagan Mainline Hockey League championship, left town today by chartered bus to Dawson City. There they will play a two game, total point series against the northern team for the interior hockey crown and a shot at the lower mainland finalists.

A number of enthusiastic Summerland fans will accompany the young players.

If the locals win over Dawson City, they will meet a Vancouver team on Summerland ice. If successful in this encounter, they would go to Trail to battle for the Monarch Life Trophy, held for the past three years by Trail.

Manager Doug Campbell expressed appreciation for the wonderful response from clubs and individuals to the team's

appeal for financial aid.

Due to the generous gifts though money was raised to finance the unexpected Dawson City trip.

Municipal council made a donation of \$100 toward the

expense fund. In making the donation, the council spoke highly of the work of the coaches of the Summerland team, and the conduct of the team which had achieved its present honors and standing.

SPORTS

Two ladies' rinks win at Peachland

A Summerland ladies' rink skipped by Amy Beggs was winner of the B event in the ladies' bonspiel at Peachland last week end.

In the D event the winner was

the Gladys McKilligan rink from Summerland.

Claim for damages received by council

A claim for damages has been received by the municipality from Walter V. Wollander, via a Penticton legal firm. A registered letter, indicating the claim was read at Tuesday's meeting.

The letter stated that Mr. Wollander's son had slipped on the concrete stairs leading from the park up to Station Road, and indicated there was negligence on the part of the municipality as the stair was icy, and in slipping, the child was injured.

Members of council made no comment on the matter. Municipal clerk G. D. Smith stated the claim had been referred to the firm handling the municipal liability insurance.

Power Squadron will show films on boating

The Summerland Power Squadron has obtained several films on boating and water safety which should be of interest to all boating enthusiasts in the community. They will be showing these films at the Yacht Club on Sunday evening, March 8 at 7:30 pm.

Films include: Be Water Wise; Boating and Good Sense; Repairs to Reinforced Plastic Boats; Keys to Adventure; Fighting in Great Bear Lake.

All members of the Power Squadron, the Yacht Club and the general public are invited to come and view these films. There is no charge and it should prove to be an interesting evening.

Pee Wees advance to valley finals

Last week the Summerland Pee Wees won over Penticton, in a best of three playoff, by a score of 5 to 2.

The first period saw real fast hockey with neither team flicking the red light.

In the second period Ken Haddrell scored from Eddy Neild at the 6:31 mark for the locals. One minute later they reversed order and Eddy scored from Ken at 7:25. Their 2-0 lead was short lived as Penticton came back at 7:41 to make it 2-1. Six seconds later a goal by Rollie Dunn from Jackie Bullock made it 3-1. Penticton scored one more in

the second period.

Summerland tallied two unanswered goals in the third period, one by George Jenner and the other by Eddy Neild.

The Penticton goalie was outstanding as the local boys bore down on him with a barrage of shots. There were six penalties, four to Summerland. A lively crowd of fans from both towns rooted for their favorite teams.

Summerland now plays Vernon in a best 2 out of three game series, with the first game here on Sunday at 12 noon. Second game will be at Vernon on March 7 at 10 am.

WANT TO DRIVE A BARGAIN?

SEE YOUR CAR DEALER... THEN TALK TO THE BANK OF MONTREAL

There are bargains to be had just now in new and used cars. If your heart is set on a newer model this spring — see your favourite car dealer. He can probably offer you a deal that's right for you. And when you've found your bargain, be sure to talk to the Bank of Montreal. The B of M Family Finance Plan offers you a low-cost, life-insured method of financing that will make your bargain doubly attractive.

PROCLAMATION To the Citizens of School District No. 77, Summerland

The week of March 1 to 7 has been designated Education Week by your Municipal Council. For the past quarter of a century Education Week has been observed throughout Canada for the purpose of arousing greater and wider interest in the problems of education.

It is hoped that during this week you will take advantage of the opportunities offered to learn more about our local school system.
