

Under The Giant's Head

# THE SUMMERLAND REVIEW

Thursday, July 2, 1964

West Summerland, B.C.

Volume 19, No. 24

5c Per Copy

A Summerland business changed hands this week. Dick Randall of Regina has bought the Summerland Hardware. Coming here from the prairies, Mr. and Mrs. Randall and family are living in Trout Creek.

Owner of the hardware store for the past five years was Hilton Hughes.

About 60 ladies of the United Church Women enjoyed a lawn party at the research station on June 15. The afternoon ended with a pot luck lunch and will be the last get-together until regular meetings are started in the fall.

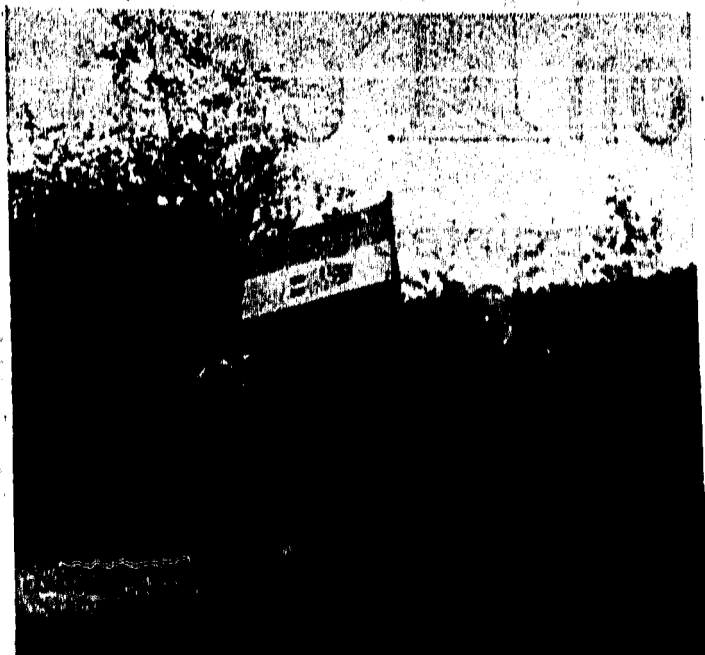

Miss Barbara Beaven, who has been spending a short holiday with her father, Frank Beaven, leaves this week on a trip around the world. She will be accompanied by two other former Summerland girls, Miss Barbara Boyd, and Miss Wendy Wright and a Vancouver friend.

Miss Wright will return to Vancouver in October, but the two Barbaras plan to stay in England for a year before returning home.

Miss Barbara Fudge of the Water Safety Branch of the Red Cross, has been spending a few days at the home of her parents, Mr. and Mrs. Lionel Fudge. Other visitors were Mr. and Mrs. W. O. Clark of North Vancouver, formerly with the Bank of Montreal here and in Kelowna.

Some 200 people attended the July 1st picnic at the Maple Springs Baptist Camp sponsored by the camp association committee. Approximately 50 Summerland people were among the group. Rev. F. W. Haskins conducted a devotional service.

Winner of the sleeping bag at the CWL Father's Day Tea draw was George Braniff.

In the land of the mixed-up flags, another flag was flying last week, when Mr. and Mrs. T. W. Stoddard welcomed his sister, Mrs. George Goowin of South Africa. Mr. Stoddard flew the South African flag to locate his home in South Prairie Valley road for his sister, whom he had not seen in 35 years.

Mr. and Mrs. R. M. Kent celebrated their 50th wedding anniversary on Monday, June 29. Mr. Kent and the former Miss Evelyn Busst were married in Toronto in 1914. He came to Canada in 1911 from Bristol, England, and she came to Canada in 1907 from Bingham, England. Mr. Kent served 4½ years each in both World Wars.

Mr. and Mrs. Kent moved to Huntsville,

Ontario for 25 years where they operated a resort. They moved back to Toronto for nine years and came to Summerland in 1957.

They have a son in Grimsby, Ontario and a daughter in Regina, and five grandchildren.

Mr. Kent is a member of the Royal Canadian Legion, and an enthusiastic photographer, having won prizes in many exhibits.

## Two vie for trustee position

Summerland voters will go to the polls next Thursday to elect a school trustee to serve the remainder of the term vacated by the resignation of Dr. W. G. Evans.

Two men, both staff members at the research station, will contest the seat. Dr. James E. Miltimore, head of the animal husbandry division and John A. Kitson, a staff member in the food processing laboratory, are the candidates.

In an interview with The Review, Dr. Miltimore said he has been keenly interested in education for many years and welcomes the possibility of taking an active part. He indicated he feels that school boards will have to have a more active say in the curriculum in the future.

Dr. Miltimore has taken an active part in the Trout Creek PTA and has attended a number of teachers seminars over the last few

years. Following service with the armed forces, he took a Bachelor of Science degree at UBC and in 1961 received his Master of Science and Doctor of Philosophy degree.

Mr. Kitson has resided in Summerland for the past 14 years. Born in Kelowna, he attained a bachelor's degree at UBC, later mastering in food technology at Oregon State University.

In a comment to The Review, Mr. Kitson said that

he feels education is the country's major source of expenditure and receiving the best value for the education dollar is becoming increasingly important. He said he is very interested in seeing the development of higher education facilities, and more vocational training centres.

Polling takes place in the municipal hall from 8 a.m. to 8 p.m. on Thursday, July 2. A. F. Calder is returning officer.

## Music exam results

Following are the results of the piano and written music exams of the Royal Conservatory of Toronto, written by students of Miss Kay Hamilton. The exams were held in the Penticton high school under John Coveart on June 15, 16 and 17.

**Piano**  
Grade X: LaVerne Lynn, pass  
Grade IX: David James, honors; Evelyn Rathjen, honors; Douglas Lynn, pass.

Grade VIII: Lynn Gartrell, honors; Mary Foster, honors.  
**Written exams**  
Grade 3 history of music: LaVerne Lynn, honors; David James, honors; Evelyn Rathjen, pass; Douglas Lynn pass.  
Grade 2 theory: Marilyn James, first class honors; Lynn Gartrell, honors; Marlene Charles, honors; Mary Foster, pass.  
Grade 1 theory: Leonard Gerrens, first class honors.

## Cast your ballot

Next Thursday the voters of Summerland will go to the polls to fill a vacancy created by the resignation of Dr. W. G. Evans a few weeks ago.

The Review is pleased to see that two good men John Kitson and Dr. Miltimore, both staff members at the research station, have allowed their names to stand for the position.

These are two highly qualified men in their own fields. Since the school board is becoming increasingly important, not only due to growth, but possibly more due to public awareness of the value of proper education, we feel that both these men are in a position to make a fine contribution to the school board work.

We hope the voters of this municipality appreciate the calibre of these candidates and will cast their ballots next Thursday.

## Car accidents send drivers to hospital

An ever increasing volume of summer traffic on highway 97 has caused a rash of accidents during the past week.

Early Sunday afternoon Roy S. Kita of Summerland went to the Summerland hospital following a three car accident north of town. Other passengers in the Kita vehicle, Mrs. Kita, their two children Stan and Helen and another young passenger, were checked over at the hospital for slight injuries. Mrs. Kita was detained until the following morning.

The driver of one of the other cars involved, Theodore E. Plume, a rancher from Oroville, Wash. was hospitalized with a broken right leg. He was travelling south when he failed to make a curve, sideswiping an Edmonton car, and then collided head-on with the Kita vehicle.

Total damage is estimated at \$3,000. RCMP said that charges are contemplated.

### Peachland Accident

Another accident on the same afternoon which occurred near Peachland, sent the driver, Paul Yachiansky of Penticton to hospital. Driving alone he lost control of his car and plunged off the road down the embankment. The vehicle was totally wrecked. He is being detained in Summerland hospital where his condition is described as good.

### Trout Creek Accident

On June 29 a small English car, driven by Edward Brown of Kelowna failed to negotiate Bonthoux corner in the Trout Creek area and came to rest on its top in

the bushes.

The car was not damaged to any extent and the driver escaped without injuries.

### Lands in Lake

Also on June 29 a Kelowna driver, Ronald Vitter failed to make a corner in lower Summerland, and landed his car in six inches of water, shearing a telephone pole in the process. The 1960 model car flipped on its side and was a total wreck. None of the five passengers were injured. RCMP said charges are contemplated.

### Police Court

A Peachland juvenile appeared in Summerland police court before magistrate Reid Johnston charged with impaired driving and driving without proper insurance. The charges arose from an accident on Trepanier Hill in which the car driven by the young man was totally wrecked. On both counts he was fined \$20 and costs and his licence suspended for two years.

On June 23 Ronald McGowan of Ocean Falls appeared on a charge of entering a licensed premises while under the legal age. He also faced another charge of supplying a minor \$20 and costs on the first with liquor. He was fined count and \$50 and costs on the second.

Another Ocean Falls man, George Hussey was found guilty of a charge of driving with purple gas in his vehicle. He was fined \$50 and costs.

Ennio Gasbarri of Ocean Falls was fined \$50 and costs for supplying a minor. Continued on back page

## Dear Doris

Have a problem? Write to Canadian social worker Doris Clark in care of this newspaper.

**DEAR DORIS**—Could you give me the names of some places for unmarried girls that are to become mothers? My girl will be 16 in July and the doctor says she should be able to finish her Grade 10 before she starts to show too much.

Also, do you know what can be expected of the boy to help? He will be 18 this summer and thinks it would ruin both their lives to get married.

### ANXIOUS MOTHER

**DEAR MOTHER** — The child care agency for your area will have a list of places, as well as good counsel for you and your girl.

Shotgun marriages are no longer the rule, thank Heaven. But the man in the case is expected to help with hospital expenses and support the child. If and when the baby is adopted, this obligation is over. (Write in for my article "Unwed Mothers and Their Babies", enclosing ten cents and a self-addressed, stamped envelope.)

\* \* \*

**DEAR DORIS** — I am a 15-year-old honor student, and used to be popular with all the girls. But they suddenly got the idea that I was stealing away their boy friends. I don't go head over heels over boys, but after all I just can't ignore them.

I used to have long blonde hair and got it cut

because the girls thought that was the reason. Then it was my figure. I think it's disgusting when I can't walk down the hall without girls saying things about my figure. I try to eat more and get fat and flabby but it's no use.

You're my last hope; please help me.

### GIRL TROUBLE

**DEAR GIRL TROUBLE** — Once I knew a beautiful girl who was the idol of both girls and boys. How did she do it? By being sincerely friendly. She was never known to say anything unkind or even slightly critical about anyone of either sex. Wouldn't that be a better way than by trying to disfigure yourself, as it were?

\* \* \*

**DEAR DORIS** — My fiancé has invited me to go with him to The World's Fair. We would stay at his married sister's place, which is just one day's drive. This means there would be no "night stops" on the way.

Before I commit myself, I want to know whether it is proper for me to go. I am 21, he is 25. His sister and her husband are over 30.

### MISS PRIM

**DEAR MISS PRIM** — Quite proper. Go with my blessing.

Toronto Telegram News Service

## Parkdale honors residents on 50th anniversary

In early June the residents of Parkdale Place received an invitation to a gathering to mark the 50th wedding anniversary of Mr. and Mrs. Wood on the evening of June 20 at Parkdale. The invitation came from Joan Bridges and Margaret McAfee, daughters of Mr. Alex Steven.

On that evening the town guests were received by the hostesses, the visitors' book was signed, the ladies ushered to the lounge. There were lovely bouquets of flowers, gifts to the honored guests from their many friends.

The long banquet table was most attractive — graced by an antique silver tea service and beautiful china. In the centre was an all white two-tiered cake made by the young ladies. A bouquet of yellow roses occupied a prominent place — a gift to Mr and Mrs. Wood from Parkdale. The golden ribbon streamers bore the names of the staff and residents. It was made by Mrs. Grant.

Presiding at the tea table were Mrs. T. B. Young, Mrs. George Henry and Mrs. C. E. McCutcheon. Refreshments were served by the hostesses: Miss Janice Bridger, Mrs. W. Laidlaw, Mrs. K. Heales

and the matron and staff. During the reception several pictures were taken by Mr. John McAfee.

Telegrams were received from Prime Minister Pearson, Premier Bennett, Toronto, and Perth, Scotland.

In his toast to the couple Mr. Alex Steven, master of ceremonies, said:

"This is something of a significant occasion. Indeed one can come to regard it in the light of an epoch in the joint lives of John Douglas and Mary Kelly Wood, and so we, their friends, have come together this evening to share the pleasure of their having attained this day, the distinction of their golden wedding.

My citation of necessity must be but a brief one. John had drifted into this community of ours in its formative years, and that is prior to 1913. It was then I had come to know John as a fellow Scot, inspired with great expectations and with an objective to achieve, of which he had given no hint.

It so happened that in 1913 my good wife had decided to return to the land of our nativity for her first and only visit. John had come to know of this, and quite naturally inquired if it was possible for his prospective bride to accompany her on the return journey. This was easily arranged, and so about the 18th of June John and I journeyed as far as Revelstoke to meet our respective fates. How well I remember that occasion. In the interval before the arrival of the westbound train we had scoured the town with rising apprehension to obtain the services of the Presbyterian minister, and none was available, neither a Methodist, Baptist, or a non-conformist Jehovah Witness, and finally we had to settle for an Anglican Church dignitary to perform the rites.

Whatever his ecclesiastic abilities, you must surely readily agree that he was a

good welder.

This was the beginning of a happy family relationship that has lasted through out the passing years. At this early stage John and his equally active better-half acquired acquisitive tendencies, something akin to communistic ideals and from the early stages of their domestic intrusion robbed me of much of my paternal responsibilities and still no readjustment in sight.

During each recurring year they have left their impression on the community social order, and have contributed their time and other equivalent assistance to every worthwhile demand upon them; and in so doing have added much to the sum of human joy.

In all of this, it already came to be understood that they had not escaped the buffeting storms of years and escaped the scars and shocks that flesh is heir to.

Now all of us have become happily aware that they have come to anchor in this sheltered roadstead, of which we have grown justly proud, and we can find them in the sure and certain hope for many years to come. This being so, it is now my pleasure and privilege to ask this gathering to stand and pledge with me a toast to the continuing well-being of Mr. and Mrs. Wood.

Mr. and Mrs. R. D. White and family have gone to Victoria for a month's holiday. Dr. and Mrs. H. J. O'Reilly of California are staying in the White home

**Parkdale Report**

by Augusta Emery

The first day of June gave the guests of Parkdale Place signs that summer had really come — brilliant sunshine, not a cloud in the sky, birds chirping in the trees, rosebushes in bud.

The view from our west windows is magnificent. The Memorial Park is at its best — the trees in lovely shades of green, the shrubs in beautiful blossom, the distant hills a contrast in color. How blessed we are to live in such pleasant surroundings.

We watched with regret the demolition of the bandstand. It brought to mind many pleasant memories of the Sunday afternoons when all Summerlanders came in their cars to listen to the local band. That was in the 1950's when Parkdale was not even thought of. We loved those Sunday afternoons when the oldsters sat in their cars and the youngsters danced to the music. Now in our advancing years we would enjoy listening to the band as we sit on our front patio. Will this happen?

Congratulations and best wishes to the 51 students of the 1964 graduating class especially to the winners of the awards and scholarships. The class poem was outstanding. John Rathjen passed on to his fellow students some grand thoughts.

The oldtimers of Parkdale read with great pleasure the splendid results obtained by past Summerland students who received their degrees at the congregation ceremonies at UBC.

The guests at Parkdale extend sincere congratulations to the research station

on their golden anniversary.

Many gifts have been received this month for which we are very grateful. Rhubarb from Miss Ritchie, Mrs. Colin McKenzie, Mr. Verrier — he brought in some fine lettuce also. The eggs and asparagus from Mrs. Milley, vegetables from Mr. Ellis, apples from Mr. Allen and trout from Mr. Borton, all were thoroughly enjoyed.

The Home has received so many flowers. Every Sunday we are remembered by the ladies of the United Church. The officers of the Royal Purple and the Church Circles have entertained the residents on several occasions. Many of the ladies attended the tea given by the CWL for Father's Day. A very pleasant afternoon was spent at the home of Mrs. T. F. Ritchie.

We felt the passing of Arthur Crawford very deeply at Parkdale. A kind, reserved gentleman, respected by all the residents at the Home. May God give him eternal rest.

Readers of the Review will miss Parkdale Report given by Mrs. Mabel Atkinson. Her eyesight has deteriorated recently but we are hopeful that with doctors' care and rest, conditions will improve in the near future.

We send loving greetings to two of our oldest residents. To Mrs. Gallagher, who is resting and being well cared for in our local hospital. To Mrs. Lillico, who is happily settled at Stillwater in Kelowna. She was remembered kindly by the staff and residents of Parkdale on her 92nd birthday. Several of the Pohlman family went to visit her. After

## PARKDALE NEWS

(Cont. from previous page)  
a short drive she enjoyed tea with them.

Welcome, Mrs. Crozier and Mrs. Trippe. May you enjoy the peace and comfort of our lovely Home.

Miss Chambers was well remembered on her birthday on June 1, by her numerous friends. She received from Hawaii a box of beautiful native orchids. May she long continue to enjoy life in our midst.

We had the pleasure of seeing the fine statue of St. Barnabas carved in Canadian wood from our Canadian forests. We have no need to travel to Europe to see the work of great artists. Here in Summerland we have a great sculptor in the person of Mr. LaPlante, and a great painter — Mr. Adams. We thank the Art Club for loaning Parkdale some of their pictures for our pleasure.

## SUGAR AND SPICE

### Loafing Without Honor

By BILL SMILEY

"You're a lazy bum, Bill Smiley." That's a recurrent theme around our place the minute the long, hot days of July begin. And it isn't me talking to myself, I might add.

The Bible tells us that a prophet is not without honor, save in his own country. These days, a philosopher is not without honor, save in his own back yard, when summer comes. And he'd look pretty silly sitting out there meditating in January.

I KNOW the hedge needs trimming and the lawn needs mowing and the flowerbeds need weeding and the back porch needs painting and the kids need a clip on the ear. I don't have to be told over and over again, like a retarded child.

But there are a lot of other things that need doing a whole lot more. So I wish my wife would just shut up about those petty, menial chores and let me get on with something worthwhile.

There's bird-watching to be done. Who is going to enjoy the three robins and the flicker strutting under the sprinkler, just like three dowagers and a gigolo, if I'm not there?

Who's going to shout back insults to the starlings, warn the sparrows that the cat is stalking, and scare off the gulls as they swoop closer and closer to the barbecue, if I'm not on hand?

There's ruminating to be done. Somewhere on this

crazy continent there has to be one man sitting quietly, thinking seriously — if you'll bare with me — about the psychological and moral effects of the topless swim suit.

There's planning to be done. How can a chap plan a golf game and a fishing jaunt and a camping trip and a summer course and a column and a speech and how to avoid doing any of them, if he's muddling about with a paint brush or a pair of shears?

There's a lot of figuring to be done. Who else around here is going to figure out how to get the mortgage extended, meet the note at the bank, and stay out of debtors' prison, when our outgo exceeds our income by an indecent row of digits?

There's cold beer to be drunk. Any simpleton can jam up the fridge with it, and leave it there, taking up valuable space. It takes a touch of the artist to keep it moving at just the right speed so that you're never stuck if you feel like a cold one, but are just fresh out when a gang of thirsty visitors arrives.

There are books to be read, clouds to be counted, squirrel-fights to referee. Who's going to listen to the trees making love, the acorns dropping, the bees droning, if I'm sweating around behind the roar of of the lawnmower?

So. Next time you drive past our place, and see a recumbent figure on a lawn chair, inert, and your wife says, "That Bill Smiley is a lazy bum, isn't he?" don't agree like the coward you are. Just retort, "Nuts! He's a philosopher without honor in his own back yard."

## First things first

by Rev. F. W. Haskins

It is about 150 years ago since the first furtraders settled in the Okanagan Valley. Back in 1814 one McGillivray wrote from 'Okanagan', that 'this is a horribly dull place'. The Subaltern who sported silver wings from the 1812 campaign missed the excitement of army life and the "agitated beauties" of Montreal.

The first settler on Trout Creek in Summerland was Alexander McLennon, a young Canadian from Nova Scotia. The first cabin built in this area by a settler was erected by McLennon in 1886.

The first store house built here in the interests of commerce was at Crescent Beach which in those days was called Storehouse Point. Around 1888, the storehouse was built by D. L. Rabbitt, a Mr. Wood and Captain T. D. Shorts to facilitate the shipment of supplies to the Similkameen placer miners by the Okanagan route.

The story of the first settlers in a community becomes a matter of interest. Priority assumes importance in all phases of our life. First things first, is a maxim which has wide acceptance. What are 'First Things'?

But seek ye first the king-

dom of God, and his righteousness; and all these things shall be added unto you, said Jesus Christ. The Master had discussed with his listeners the subject of daily work, and the people's preoccupation with eating, drinking, clothing and crops. He said:

"Therefore take no thought, saying, What shall we eat? or What shall we drink or Wherewithal shall we be clothed?"

According to Christian teaching God's rule or kingdom should come first in our life. The first thing in life is to live to please God and seek the good of others in keeping with the law of His Kingdom. To this end we may receive forgiveness of sins through Christ the Savior.

### POLICE COURT

Continued from front page with liquor.

On June 23 Richard P. Kilborn was fined \$25 and costs for passing on a double solid line on Highway 97.

Robert Weise appeared on June 29 on a charge of driving without due care and attention. This charge arose from an accident earlier this year when Weise hit a guard rail on highway 97, completely wrecking his car.

Miss Jeannette Perrin of Summerland was fined \$25 and costs for passing on a double solid line.

### Locals

Mrs. E. M. Hookham accompanied her daughter, Mrs. Margaret Eady to Victoria and returned here last week.

Noel Higgins has returned to Crescent Beach after travelling by camper to the coast and then to Vancouver Island.

Mrs. W. S. Rothwell has returned from attending the Federated Women's Institute of Canada convention in Wolfville, Nova Scotia.

Mrs. W. A. Thom of Vernon was a holiday guest of Mr. and Mrs. John Kitson.

Week end visitors with Mr. and Mrs. Eric Williams were Mr. and Mrs. Oscar Hurd, Beverley and Gaye of Merrifort, Sask.

Mr. and Mrs. Frank Pierce, Mr. and Mrs. Bob Webber and four children, and Pary Murray of North Vancouver were guests of Mr and Mrs. Alex Inch over the week end

Dr. James Miltimore will fill the vacancy on the school board created by the resignation of Dr. W. G. Evans. Dr. Miltimore won over John Kitson, 119 votes to 109 votes.

Under The Giant's Head

Summerland branch 22 of the Royal Canadian Legion is now publishing a monthly magazine for its members. Edited by branch secretary Ken Hickson, the magazine will carry news of branch and auxiliary happenings. A contest is now on for a suitable name.

During the past week, the research station reports .53 inches of rain and 45.7 hours of sunshine.

	High	Low
July 1	94	55
July 2	74	66
July 3	68	56
July 4	77	54
July 5	77	56
July 6	78	56
July 7	86	59

Two notes of interest from our local hotels and tenting camps which are enjoying their yearly influx of visitors from many areas. The Lakeshore Tent and Trailer Camp reports that Okanagan Lake fishing is excellent. Last week a happy Vancouver man brought in a Kamloops trout measuring 32 inches, and weighing over 12 lbs. The L and L Motel reports its first reservation from the Belgium Congo.

Five young Summerland musicians are attending the Music Division of the Banff School of Fine Arts. They include Sheri Randal, Marilyn James, Leonard Geres, Lynn Gartrell and Graddon Ritzlaff. Music teachers, Kay and Isobel Hamilton will be attending the two week teachers course later in July.

Students come from all over Canada, the United States and Europe to Banff to participate in a program which affords opportunity and scope for student and teacher alike.

**Police Court**

Early Tuesday morning a prowler forced a window in the Bayshore Motel near Peachland and made off with \$200 cash. A Saskatchewan family visiting in the valley lost part of their holiday cash when the thief climbed through their motel window and grabbed a wallet. The father was awakened by the disturbance but was unable to catch what appeared to be a young man wearing a windbreaker. The thief missed another wallet in the room. Summerland RCMP are investigating.

Three speeders on Highway 97 appeared before magistrate Reid Johnston on July 3. Robert Joseph Stinn of Penticton was fined \$40 and costs; John Oliver Barton was fined \$20 and costs; and Gordon Floyd Goranko of Burnaby was fined \$20 and costs.

Co-hosts Don Harron and commentator Pat Patterson team up this summer on a new radio network series Side by Side, a special presentation of Trans-Canada Matinee from June to September. Each Monday, Wednesday and Friday, Pat and Don present a pot-pourri of entertainment with conversation, music and spoken word recordings. Each Tuesday, Pat takes over the show herself with interviews of music personalities and each Thursday Don Harron sits in by himself to introduce recordings and comment on his favorite Broadway musicals.

**Cherry crop could be biggest ever**

Summerland is in for one of the biggest cherry crops ever — if the weather holds good. A heavy rain can change the picture overnight and although there have been some heavy showers, they were fairly spotty and no real damage has been reported to date.

Some of the early Bing blocks are being picked now and with continuance of fair weather, the picking should pick up momentum by next week. Vans will be ready by late next week and Lamberts a little later.

Provincial horticulturist A. W. Watt told The Review that

It takes the heavily loaded trees somewhat longer to mature. That fact and the dull days are responsible for a somewhat later picking season this year.

The labor situation, according to the Farm Labor Office, is plenty of help but not too much demand.

Peach growers will be interested in watching the third of the TV series on peach growing this Sunday at 4 p.m. over CHBC-TV.

The series was photographed in Summerland and will feature thinning, irrigation and cultural practices used in peach growing.

**Pat McCutcheon selected as queen**

Patricia McCutcheon was announced as Summerland Queen for 1964 on Friday night. She was nominated by the Royal Canadian Legion.

Her princesses are Maureen Hardie, nominated by the Business and Professional Association, and Jeannie Stevenson, nominated by the Fire Department.

The strawberry social at which the royal party was announced, originally scheduled for the Memorial Park, was held in the IOOF Hall because of poor weather.

The cadet pipe band of the B.C. Dragoons played on main street before the event.

The new queen and her princesses will be crowned during the fall fair September 11 and 12.

**Building still continues to rise**

Building in Summerland is more than holding its own this year, according to statistics provided by building Inspector John Khalemback.

A total of 61 permits have been issued for the first six months of 1964, amounting to \$207,618 as against the first half of 1963 when 63 permits amounted to \$156,855.

In June this year, one permit for \$2,000 was issued in the industrial and commercial field, five alteration and addition permits totalling \$25,350 were approved, two dwelling permits for \$7,460 and seven permits for \$5,553 were approved.

**Water regulations must be observed**

Domestic water users will be in trouble if they do not stick to sprinkling regulations (every other day, watering) as laid out by council. Council Tuesday night was informed by superintendent Ken Blagborne that many persons using sprinklers on the domestic system have been completely disregarding the regulations.

Council decided that the offenders will be warned and if the warnings are not heeded, then prosecutions will follow.

The regulations are in effect each summer, not so much as a conservation measure but to equalize the pressure throughout the whole line.

A letter from branch 22 of the Royal Canadian Legion asked that council consider placing an electrical outlet near the cenotaph in the park. This would enable a public address system to be put into use. After some discussion council said a portable outlet should be better as it would not necessitate an unsightly meter box and fixture in the park.

Mas Inouye spoke to council regarding a home industry he is starting at his Jubilee Road property. He explained that he had been injured in an accident earlier this year, and would like to set up a small work shop to manufacture lawn ornaments using cement. He also a patio type display area near his home. Council have taken the matter into consideration.

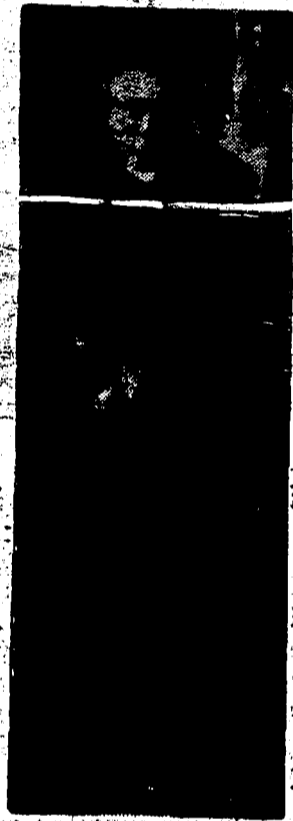

Harry Vanderburgh, on

behalf of the Jersey Cattle-men's Association, asked permission to graze cattle on municipal property on Conklin Mountain. The association has had grazing rights for many years to that portion of the area which is crown land. Council was concerned with the proximity of the rail road and a major flume. The association was told that if the cattle create a washout or damage to the track the municipality would be legally responsible. Council suggested that the association look into the possibility of obtaining insurance against damage. They indicated that if insurance can be provided the right would be given to graze the municipal land.

Road oiling is well under way, with requests from growers to oil dusty roads near orchards receiving priority.

Codling moth complaints must be into the municipal clerk before July 14. Following that date, complaints will be dealt with by the control committee.

**Services held for early resident**

Funeral services were held Thursday afternoon for a Summerland pioneer, Mrs. Hugh (Mary Jane) Gallagher, aged 92, who died in Summerland Hospital on Tuesday, June 7. Services were in St. Stephen's Anglican Church at 2 p.m. conducted by Rev. Norman Tanner.

Mrs. Gallagher was born in Pennsylvania, England. The Gallaghers were early settlers in Garnett Valley. She had been a resident of Parkdale Place since its opening.

Mrs. Gallagher was a member of the Anglican Church WA and sang in the choir for a number of years.

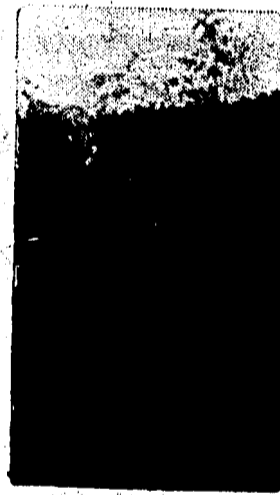

She was predeceased by her husband in 1934, a daughter, Mrs. Mary Noble in 1960, a son William in 1918, while he was serving with the Canadian Expeditionary force in France.

She had been the Summerland Legion's Silver Cross Mother for the past two years.

Surviving are two nephews Reg Kersey, Langley, Mattland Kersey, Salmon Arm; and one niece, Mrs. Amelia Jones of Hudson Hope.

Interment was in the Anglican Cemetery. Wright's Funeral Home entrusted with arrangements.

**T. W. Stodart dies in car accident**

A Summerland man died instantly on Highway 97 about nine miles north of Summerland when the car he was riding in was struck broadside by another vehicle. Dead is T. W. Stodart, who had lived in Prairie Valley for the past two years.

The car, driven by his wife, Mrs. Margaret C. Stodart, was attempting to make a left hand turn when another car came up behind and was unable to get past. She received a broken arm and is in Kelowna hospital.

A passenger in the Stodart car, Mrs. George Goodwin, a sister of Mr. Stodart visiting from South Africa, was uninjured.

The other car was driven by Andrew Rudyk of Vancouver. He and his passengers Rev. Mike Zylla and Michael Armitage, also of Vancouver, were taken to the Kelowna hospital where they were given treatment and released.

**Seek rain data**

Dr. J. C. Wilcox, head of the soils department of the research station, has placed 11 small measuring devices in various areas around the municipality in order to measure the amount of water evaporation from given areas.

The small evapormeter about three inches in diameter, gives the measure of the evaporation power of the air, as well as the effects of sun's radiation and other factors.

The statistics which are now being compiled from the gauges, which have been in use for the past two years, will help orchardists determine when to irrigate and how much water should be used in given areas in each district. Eventually Dr. Wilcox hopes to arrive at a scheme to give irrigation advice to each part of the municipality.

**Bon voyage party**

A delightful garden party luncheon party was held recently at the home of Mrs. John Holman, when the Melodiers Ladies Choir gathered to wish bon voyage to Mrs. Alex Watt.

Mr. and Mrs. Watt, with John and Elizabeth, leave shortly for a summer tour of Great Britain and France.

After a delicious repast, a small gift was presented to Mrs. Watt in appreciation of the several years hard work she has put in as secretary-treasurer of the Melodiers.

## Comings and Goings

Mrs. Val Spearing and two children of Trail are holidaying with Mrs. Spearing's parents, M. and Mrs. Leslie Rumball.

Mrs. N. C. Scly, Mrs. M. Nolan and Mrs. Kay Mearns of Penticton have returned from a motor trip to Alaska.

Rev. and Mrs. C. O. Richmond are holidaying at their Peach Orchard cottage.

The annual Dessert Party of St. Stephen's WA will be held on the church lawn on July 15, starting at 7 p.m.

Mrs. E. O. James visited in Summerland briefly on her way back to Vancouver from visiting her nephew and son F. E. James in Kelowna.

Guests of Mr. and Mrs. J. S. Kirk last week were their granddaughter, Linda Filby and her friend, Miranda Peddie of Vancouver.

Mr. and Mrs. Barry Boyes (Pat Mead) returned to their home in Dartmouth, N.S. last Friday after spending their annual leave with the latter's parents, Mr. and Mrs. R. W. Mead. They are both stationed in Halifax with the RCN.

Meredith Maxwell and Caroline Lee have been guests at the home of Mr. and Mrs. Harry Brown.

Mrs. M. M. Stevens has returned home from a month's visit in Vancouver with her daughter, Mrs. Maxwell.

Mrs. Lois Adams and Miss Valerie Bordly of Vancouver were guests last week end with Mr. and Mrs. J. S. Kirk.

Guests at the home of Mr. and Mrs. Howard DeWitt over the week end were the latter's mother Mrs. P. R. Fisher of Calgary, and Mrs. F. Beresford of Calgary.

Bruce Brown and Jane Teary of Vancouver have been visiting with his parents, Mr. and Mrs. H. Brown.

Mr. and Mrs. Paul Sheeley Dirk and Debbie of Lancaster, Calif. were recent visitors with his brother, Mr. and Mrs. J. P. Sheeley.

Mrs. W. Potts of Ladysmith, a former Summerland resident, is visiting friends here.

Mr. and Mrs. W. C. Parker of Tacoma, Wash. are visiting her parents, Mr. and Mrs. F. M. Nicholls.

Mr. and Mrs. T. D. Grant of Vancouver and children are visiting at the home of her parents, Mr. and Mrs. Harry McKee.

Mr. and Mrs. Bernard Stubbs of Nottinghamshire, England, visited over the week end at the home of their nephew, Mr. and Mrs. Eric Williams.

Mr. and Mrs. Vern Lockwood have returned from visiting their grandson, V. Nicholson at Yale. Visiting with the Lockwoods are their son in law and daughter, Mr. and Mrs. Pearson of Ephrata, Wash.

Mr. and Mrs. J. P. Sheeley attended an executive meeting of the B.C. Assessors' Assn. in Vancouver last week. They also visited in Seattle for a few days.

Ross Tingley and family of Calgary are visiting his father, Roger Tingley.

*Dear Doris*

Have a problem? Write to Canadian social worker Doris Clark in care of this newspaper.

**DEAR DORIS** — I am 41 and an immigrant. My question is: How do you address a stranger without a question? It seems to me stupid to start with, "What do you think about . . . ?"

One movie director said the way to approach a girl without getting the cold shoulder is to ask her: "Do you want to become a movie star?" I haven't tried this.

All the books on the Art of Conversation say be a good listener. That would mean silence for all!

**CONTINENTAL**

**DEAR CONTINENTAL** — Listening is all right in its place. But even this requires the posing of a question — so that you may listen for the answer. Etiquette says if you are guests under the same roof you may consider yourselves introduced.

Even our familiar greeting: "How do you do?" is a question. Or that popular topic, The Weather: "Lovely day?" Not a thing wrong with it.

\*\*\*

**DEAR DORIS** — My sister, eight years married, has tried every way to please her husband. He treats her horribly and is as nice as pie to everybody else.

She is suffering severe attacks of asthma and hasn't had the power to fight back. She used to be such a happy-go-lucky gal but these past years have drained her of everything. I just can't stand by and

watch my sister suffer all this unhappiness.

**STEADY READER**

**DEAR STEADY** — Sounds like a losing battle. Your easy-going sister is not the type to give as good as she gets — which is the best way to handle such a man. The asthma may be her physical response to her dilemma.

There are times, you know, when even social workers won't hold misfits together. But your sister badly needs personal counselling. Help her find it.

\*\*\*

**DEAR DORIS** — I am 14 and I like a boy that is 15 going on 16. The only problem is that he is a foreigner and my parents don't want me going out with him.

I try to tell them he's the same but they fight with me. Please help me.

**ENGLISH**

**DEAR ENGLISH** — Sorry, Duckie, but at 14 your parents still have some say in your choice of friends. They may have other good reasons they haven't mentioned. Let's hope it isn't just because he's a foreigner.

\*\*\*

**To Would-Be Lady Doctor** — If medicine is beyond you, how about nursing, or occupational and physical therapy, which requires some of the same talents? Write in for my leaflets on these two professions, enclosing ten cents (for each pamphlet) and a stamped, self-addressed envelope.

Toronto Telegram News Service

Timely travel tip can save worry - money, too

It can be mighty embarrassing when you run short of ready cash while travelling. Yet no one likes to carry around large sums of cash because there is always the danger of loss or theft.

What's the answer then, on your next vacation or business trip?

More and more people are finding the easiest and safest way to carry funds for travel purposes today is in the form of B of M travellers cheques. Any bank in Canada and most hotels and stores will cash them readily — because you counter-sign each cheque only when you cash it.

Thus the person cashing it knows right away that you and only you are the rightful owner. This feature makes B of M travellers cheques useless to everyone except their purchaser. What's more, if your B of M travellers cheques are lost, destroyed, or stolen the bank replaces them.

So before you set off on that next trip, stop at the Bank of Montreal and buy as many travellers cheques as you think you'll need. The service charge is negligible and the peace of mind is wonderful.

Don Carmichael, the accountant, or any member of the staff will be glad to help you make any other arrangements for your travel financing. If your trip is an extra long one and you need a large sum, travellers letters of credit are available from the B of M, and if you are going abroad, there are special travellers cheques available at every branch.

CORPORATION OF SUMMERLAND

## Codling Moth Control

An Inspection Committee has been appointed by the Municipal Council, as authorized by By-law No. 947 'Codling Moth By-law'.

Any person who feels that there is a Codling Moth infestation which may affect his orchard, is requested to submit their complaint in writing to the Municipal Clerk before July 14th, 1964.

All written complaints will be investigated by the Inspection Committee.

G. D. SMITH,  
Municipal Clerk.

July 8, 1964

## SUGAR AND SPICE

### That Was Some Holiday

I feel sorry for my kids, because the Twelfth for them, is merely the day their mother says, "Oh, dear, this is your aunt's birthday and I forgot to send a card."

Bill Smiley

A whole generation of Canadians has arisen to whom the mighty Twelfth is just another day to go water-skiing, or enjoy a barbecue.

The poor youngsters. They don't know what they've missed. What a grand and glorious day the Twelfth was, when I was a boy, compared to the feeble, orderly skeleton it is today!

About the middle of June, the lodge rooms of the Orangemen and the Young Britons began to throb and thump and shrill and squeal as the fife and drum units tuned up for the big day.

When the Twelfth arrived, it was always the absolutely hottest, brightest day of the whole summer.

Beginning about 10 a.m., the first isolated lodges would begin to arrive in town, and shabby and ashamed was the lodge that could not produce at least one drum and one fife.

They were hard, lean, bronzed men, those from the farming and hill communities around the town. There was a lurking hint of violence behind the great good humor of their uproarious greetings.

When the hotels opened, the streets were suddenly denuded of the hundreds of white-shirted, blue-trousered, straw-hatted men, and everywhere perspiring women produced lunches and sat in the shade with their broods, looking anxious.

About 1:30, the grand parade would get under way, after a great deal of rearing and backing and shouting among the various mounted lodge masters, on their old white plow-horses, decked out like chargers.

And the whole town would be out to see them, Protestants and R.C.'s and Jews and Holy Rollers alike. Down the blazing street they'd come, a mile and a half of solid Orangemen, sweating out the beer in the strange, dignified "walk" to the wild squeal of the fifes and the rattle and blam and thud of the drums.

And there'd be a cheer as one elated Irishman broke ranks and did a rumpety step-dance and slipped back into his place in line. And a round of clapping for a ladies' lodge, trim and dainty in their white dresses and fancy hats.

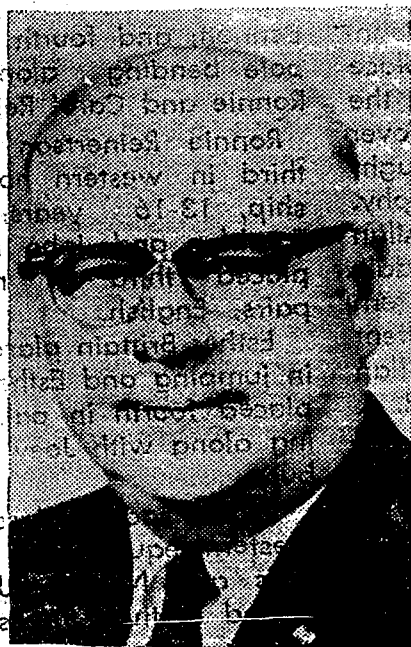

Then to the park for the speeches. Ah, what grand, unenlightened, intolerant speeches we had in those days, when everyone was bigoted and prejudiced and didn't even know it.

It was there that I first learned of the perfidy of the "roamin' catholics," whoever they were, and the danger of the pope, whatever that was, and the bravery and goodness of King Billy, whoever he was, and it was there that I first learned that somebody had got licked at the Battle of the Boyne, wherever that was.

There is something as pitiful and gallant and stirring and faded about the Twelfth nowadays, as there is about Anzac Day or Armistice Day.

Fellow-Ulstermen! Let's stop hating James II (or is it William of Orange?). I'll love my wife and anybody else's wife who shows up on the Twelfth? How about you?

Toronto Telegram News Service.

Edward B. Moylan, Jr.

Miami, Florida, businessman was elected president of Kiwanis International at the organization's 49th annual convention in Los Angeles, according to Brian Liebert, president of the Kiwanis Club of Summerland.

As head of Kiwanis International, Moylan will be official spokesman for some 270,000 Kiwanians in more than 5300 clubs in the United States, Canada, Mexico, the Caribbean, Japan and Western Europe.

Prior to becoming president of Kiwanis International Moylan served one year as

president elect, one year as treasurer, and four years as a trustee of the organization. He has been a Kiwanian for 43 years.

The Los Angeles convention of Kiwanis International was characterized by a near record crowd and a slate of headline speakers and feature events. Attending from Summerland were Mr. and Mrs. Doug Campbell.

The 1965 convention, the Golden Anniversary Convention, will be held in New York City.

The weekly meeting of the local club was on Tuesday night on Fred Schumann's lawn, which is a delightful spot, and it made the weekly steak that much more enjoyable.

Five out of town guests were present: Jim Hughes, Francis Lincott, Norman McBeth, Dick Randall and Ken Young.

It was announced that the Carnival will be held Friday night, July 31. Reserve that night for an evening of good fun. More will be published about this yearly treat later.

Next week the club will meet at the president's house under the large weeping willow, at 6:30 p.m.

## New miticide available

There's an old story about a king who was so impressed by the persistence of a spider which kept climbing up again after repeated falls that he overcome his own discouragement and went out to lead his troops to victory.

Well, Okanagan fruit growers who have been losing the war against the McDaniel spider mite with Tedion or Kelthane weapons should take heart. R. S. Downing of the CDA research station at Summerland says the binapacryl miticide will almost certainly give effective control where others have failed.

The chemical is a dinitro compound sold under the trade name of Morocide and is registered in Canada and the United States for use up

to 60 days before harvest. This means that it cannot be used on apples in some orchards after July 15 and in most orchards after August 1. Trees should therefore be inspected as soon as possible. If further mite sprays are required closer than 60 days to harvest, Kelthane or Tedion may be used. They have been more effective when used in this manner than when used without the previous help of the dinitro miticide.

As with most pesticides, binapacryl has its disadvantages. It does not adequately control the European red mite so correct identification of the mites in the orchard is very important. Binapacryl should not be mixed with certain other chemicals, notably petroleum spray oils, lime sulphur, TEPP and many multisulfur concentrate formulations because these mixtures may cause injury to fruit trees. A final disadvantage is that under certain conditions particularly when used in high volume sprays, it has caused slight bleaching on McIntosh and Newtown apples.

## New Pastor in Pentecostal church

Rev. J. R. Coughlan has recently moved into the community to take over the responsibilities of pastoring the Summerland Pentecostal Church. He succeeds Rev. D. M. Rathjen, who has accepted a call to minister in Creston.

Rev. Coughlan is a graduate of Central Bible College in Saskatoon, and has served three pastorates in the province of Manitoba.

Rev. Coughlan is married and has one boy and two girls.

## Edith Johnson wins trophy at horse show

Ten year old Edith Johnson came out in first place in the Junior Jumping at the Penticton Horse Show over the week end. She brought home the Bowsfield Trophy. Other winners were Allan Jenkins, second in saddle class open; third in western stock horse, second in tent pegging along with Allan and Eric Hyndman and R. J.

Bennett; and fourth in relay pole bending along with Ronnie and Carol Reinertson.

Ronnie Reinertson placed third in western horsemanship, 13-16 years; Janet Tamblin; and John Leathley placed third in matched pairs, English.

Esther Brittain placed third in jumping and Esther also placed fourth in pair jumping along with Joey Winterburn.

In the saddle class open, western equipment, Charlie Letts and Norma Johnson placed in the finals. This was a large class with 52 horses taking part. Other participants were Danny Headdy, Greg Pruden, Beverly and Alice Bye.

On Wednesday, June 24, 15 boys turned out at the school sports day to run through a series of tests for Personal Fitness Badges.

Most boys did extremely well. This little 'track meet' was staged with the help of four members of the Legion to whom our thanks are gratefully extended. This is part of the Scouting theme for 1964-65 which is Fitness Through Scouting.

The troop also said goodbye to a long time leader, John Bennest, who for 10 years has given freely of his time to the Scout movement. We hope before fall we might be able to prevail on Mr. Bennest to change his mind.

### Summer Camp

By vote of the troop it is hoped the camp this year will be held at Cathedral Lakes and the proposed date is August 7-13. It will be a pack-in camp with the aid of horses. Seventeen boys have signified their intention of attending. Cost will likely be \$12, the increase due to higher cost of packing-in. Before long a camp prospectus will go to parents.

The summer camp will not be possible without the procurement of two assistant leaders. At present we have no one in sight. Would any suggestions on this line be sent without delay to the Scoutmaster? Also urgently needed before fall are a minimum of one and preferably two new Scout leaders.

- D. V. Fisher,  
Scoutmaster.

### Results of contract bridge

Winners at the South Okanagan Contract Bridge Club Monday night were:

1. M. Allan and W. Coventry; tied for second: W. Hepperle and C. Eley, and L. Williams and K. Williams, 4. R. Buchanan and M. Gray

PENTICTON

The Summerland Review  
Thursday, July 9, 1964

## Red Sox win two this week

The Summerland Red Sox and their old rivals, Penticton A and W's, met twice in a home and home series, with the Red Sox dropping their home game by a 9-5 score and then clobbering Penticton in their home park by a score of 16-12.

Jim Sheeley started on the mound for the Red Sox in the Sunday game and gave up five hits before being relieved by Walton. The story of this game was lack of hitting by the Red Sox when they had runners on base.

The Tuesday night game under the lights was a different story. Pushkarenko made his first start of the season and was very effective for five innings. He started to tire and was relieved by Walton who was credited with the win.

For the first time this year the Red Sox got hits that counted and with good base running, made it look like a Red Sox win all the way.

The big hitters for the Red Sox were Sheeley, with a long home run and a single; Peacosh with a double and a triple; and Martin with two singles and a double. Martin has started to hit now and has picked up four hits his last nine times at bat

Line Score	R	H	
Penticton	212	102	001
S'land	020	030	000
S'land	011	300	704
Penticton	100	241	004

Home runs by Joe Beggs and Mike Jones and the steady relief pitching of Ernie Pushkarenko gave the Red Sox a 10-9 win over the Oliver Juniors in Oliver on Wednesday evening.

Shower for

bride-elect

Sonya Rumpf

A surprise shower was held at the home of Mrs. Mona Mosley in honor of Miss Sonya Rumpf whose marriage to Arnold Mosley takes place on July 11.

The honoree's chair was decorated with pink and white streamers and bells, and the gifts were presented in a decorated basket matching the general color scheme.

Refreshments were served by the hostess, Mrs. Carol-Anne Head and Miss Jo Rumpf, sister of the bride.

Among those present was Mrs. A. Rumpf, Mrs. H. Moxley, Mrs. A. Austin, Miss M. McPherson, Mrs. A. Downton, Mrs. G. Haglund, Misses Pat and Joan Dunsdon, Mrs. A. Howard, Mrs. E. Gowing, Mrs. C. Wendel and Shirley.

Sending a gift but unable to attend was Mrs. K. Schram

Summer skating in the arena is now in its third week with over 40 skaters taking part.

On Friday night there will be a free Pop Concert for friends and relatives of skaters, starting at 8:00 p.m.

Skaters from Summerland, Seattle, Alberta, Nelson, Kamloops and Penticton will take part in the concert.

The UBC Home Economics First Year Prize, \$75 (proficiency has been won by Florence Elaine Johnson of Summerland.

The Imperial Order Daughters of the Empire Scott Memorial Scholarship \$100 (high standing in Biology 332) has been won by William John Sherwin Downton of Summerland.

### Postal change official July 21

Postmaster Lloyd Coates has received word that the official change of name of the West Summerland post office to Summerland will take place July 21. The information came from A. E. Catterall, District Director of Postal Service, Vancouver.

Rural route mail will now be addressed RR1, Summerland.

Judy Ginn, young and talented Vancouver artist who has been singing professionally for only two and one-half years, has an impressive broadcast, nightclub career already behind her, having appeared in clubs across Canada and in the U.S. and on numerous CBC radio and television shows. Her first major network show is now on CBC radio Thursdays. It is called Judy Sings, and features an orchestra lead by Bobby Reid, with guest singers.

## Council dissatisfied with road conditions left by gas company

Council Tuesday night agreed with William Fleck of Lower Summerland that road conditions after pipes put in by Inland Gas Co. leave something to be desired.

Mr. Fleck complained that the lane behind his house was in poor condition follow-

ing installation of gas pipes. According to the municipality's contract with the gas company, roads dug up by putting in pipe lines must be restored to their original shape. The municipality is paid a flat rate to repair blacktop.

Many instances were cited where roads and lanes had not been restored to their original condition.

A letter will be sent to the gas company pointing out this condition, and stating that the municipality will bill the company for any extra work it has to do to clean up road conditions after gas pipes had been installed.

### Restrictions must be obeyed

Council has decided to take action against domestic water users who continue to ignore sprinkling restrictions.

A letter will be sent to all households containing a final warning to obey restrictions and then offenders will be prosecuted.

Councillor W. Powell said that plans are underway to study and plan the improvement of the domestic water system. He was authorized to spend up to \$1,000 for the study.

He said that a report would be given later on control valves for water lines.

Works superintendent Ken Rlagborne will now be in charge of the staff of Parkdale Place, reporting to the present committee.

June accounts amounting to \$83,891 were passed.

Branch 22 of the Royal Canadian Legion will be informed that if it will hard-surface its property to the lot line, the municipality will Blacktop Rosedale Ave. to meet it. If the Legion does not want to blacktop its own property, the municipality will share the cost with them to the property line.

Council will seek to clarify the new moorage rates established in its new lease of

the breakwater with the department of transport of the federal government.

There is some indication that moorage rates will have to be increased, and the Yacht Club will be asked to check with other valley points.

It was decided to purchase \$30,000 of the new provincial parity bonds.

Council will switch back to meeting every second and fourth Tuesdays of the month until further notice.

### Services Friday for Mrs. Haggkvist

Mrs. Elizabeth Mathilda Haggkvist passed away on Tuesday, July 14 at the age of 92 years.

Born in Sweden, Mrs. Haggkvist had been a resident of Summerland for the past 18 years.

She is survived by her husband Evald, three sons, Sig of Vernon; Holger of Celista; Folke, Aldergrove; two daughters, Mrs. Andrew Edlund of Summerland; Miss Ruth Haggkvist of St. Helena, California; 12 grandchildren and 16 great grandchildren.

Funeral services will be conducted from Wright's Funeral Home on Friday, July 17 at 10:30 a.m. with Pastor R. A. Hulev of The Seventh Day Adventist Church officiating. Interment Peach Orchard Cemetery.

Wright's Funeral Home entrusted with arrangements.

Mrs. L. W. Rumball returned Monay from a month's holiday in the East. After attending the national convention of Women's Institutes in Wolfville, Nova Scotia she visited relatives in Nova Scotia, New Brunswick and Ontario before returning to Summerland.

### Funeral held for accident victim

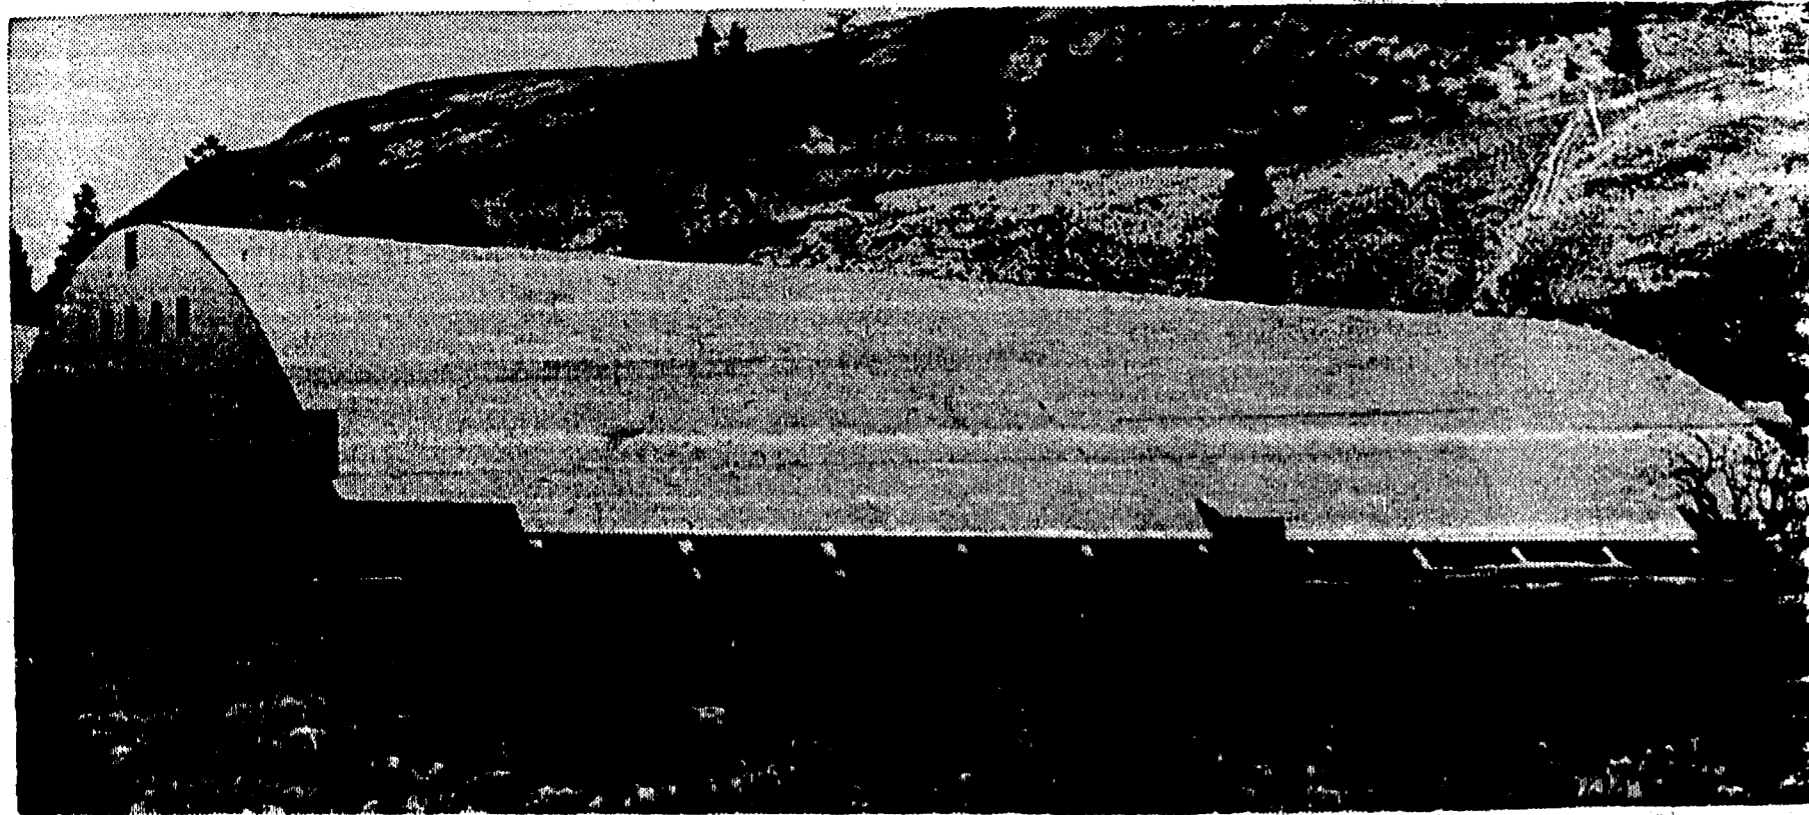

Thomas, William Stodart passed away suddenly July 7 at the age of 83 years.

Born in Jamestown, South Africa, he had been a resident of Summerland for the past four years.

He is survived by his wife Margaret; one son F-L David S. Stodart with the RCAF in Winnipeg; one sister Mrs. Dixie Goodwin of Johannesburg, South Africa; and one granddaughter.

Funeral services were conducted from Wright's Funeral Home on July 10 at 2 p.m. with Rev. Norman Tanner officiating. Cremation to follow.

Wright's Funeral Home entrusted with arrangements.

One of these two scenes could be changed if proposals made to the Centennial Committee are adopted as a project to celebrate Canada's birthday.

Suggestions outlined at last week's meeting of the Centennial Committee included a shopping mall of the main street of West Summerland with shade trees and all traffic moved to side streets.

Also suggested was an addition to the arena to give more use both during the winter and summer.

The Museum Society sug-

gested a library-museum addition to the regional library

Parks were suggested for Giant's Head and along the lakeshore from the fish hatchery to the Felix Hotel.

A swimming pool, interest free loans for university students to start in 1967 and improvements to the Youth Centre, as well as a recreation centre for teenagers, were outlined.

J. M. McKinnon of Kelowna, official centennial representative of the provincial government for Okanagan-Similkameen Boundary, was present at the meeting.

Prov. Librarian  
Parliament Buildings

## Red Sox-beat Oliver In tough battle Sunday

The Summerland Junior Red Sox proved on Sunday that they are the champions of Oliver when they defeated the southern team by a score of 11-10.

The game, played in Oliver in terrific heat was a thriller all the way. The Red Sox opened fast and scored 3 runs in the first inning, but Oliver came right back with four in the first and two in the second.

Ernie Pushkarenko started on the mound for the Red Sox but was unable to locate the plate and gave up enough walks, coupled with a single and a home run to score Oliver's six runs. He was relieved by Jim Sheeley who went the rest of the way, scattering four Oliver hits good for four runs.

Summerland did not catch up with the Oliver boys until the eighth inning when Joe Beggs got a double with the bases loaded to score three runs. It was his third hit of the day. In the ninth with one out, Selinger singled; stole second; went to third on a fielder's choice, and scored the winning run on a passed ball.

The big guns for the Red Sox were Sheeley with a pair of homers, Selinger with

a home run and a single; and Joe Beggs with a double and two singles.

The Red Sox will have a return game with Oliver in Summerland on Sunday.

Game Time 2 p.m.  
Line Score: R H  
S'land 300 011 141-11 12  
Oliver 420 001 210-10 6

### FISHING NEWS

by Doug Taylor

#### Okanagan Lake

Good catches on troll and use 4 to 6' od. lead.

#### Fish Lake

Catches up to one pound on Willow Leaf or still fishing.

#### Island Lake

Good on Ford fender troll, spotty fly or deer hair nymph

#### Agur Lake

Moody but good fish

#### Garnett Valley Dam

Small but good catches.

#### Dee Lake Chain

Slower but some good catches.

#### Pennask Lake

Good fishing on Hot Shot or Spotty Fly.

#### Headwaters

Fair to good, depends on the weather.

Want to invest in commercial property?

215 heads are better than one.

Why spend hours of your time searching for commercial or industrial property when 215 people have already done it for you.

These 215 Realtors and salesmen are part of a cooperative real estate system called Multiple Listing Service. It's their business to know what resort, commercial or industrial opportunities exist throughout the entire Okanagan-Mainline area.

To get this information, all you do is consult a Realtor, a member of the Okanagan-Mainline Real Estate Board. His business experience and knowledge of values, prices and the real estate market can help you carry out your investment plans.

And if you want to sell property of any kind, let the same Realtors work for you. Through MLS they reach the greatest possible number of prospective buyers.

On June 6 Linda-Marie Lucia Betuzzi, daughter of Mr. and Mrs. John M. Betuzzi of Summerland, was united in marriage with Roy Edward DePourcq of Vernon, son of Mr. and Mrs. Jule E. DePourcq, of Vernon.

Rev. M. J. Guinan performed the ceremony in The Church of the Holy Child assisted by sub-deacon Gerald Biollo, the bride's cousin of St. Josephs Sem'nary, Edmonton and cousins, Leo and Steve Biollo. Vernon and Philip McMechan. Summerland

The four attendants were the bride's sister, Miss Judith Betuzzi, Mrs. Frank Roth, a sister of the groom from Rutland; Miss Joan Ongaro, cousin of the bride; and Miss Elena Campbell of Kelowna.

Flower girl was Anne Betuzzi, the bride's cousin, and the ring bearer was the bride's brother, Gregory.

Best man was W. J. Drebold of Vernon and ushers were Frank Roth, Rutland; Steve Uzick, Vernon and Raymond Betuzzi.

A reception followed in Mr. and Mrs. DePourcq will the Pilgrim House, Penticon. reside at 3409-C. 20th Ave. Vernon.

### Results of contract bridge

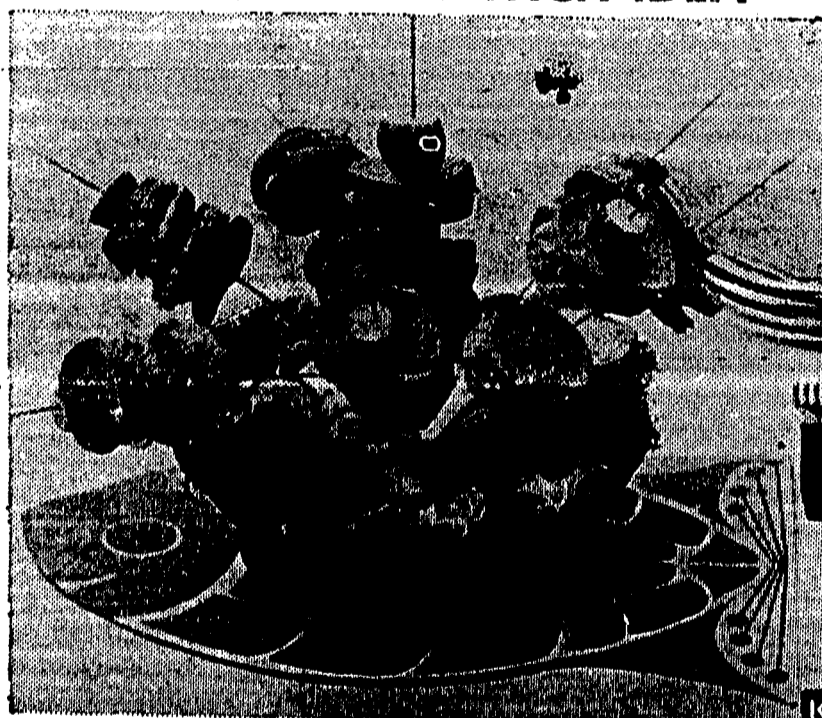

Winners at the South Okanagan Bridge Club Monday night were:  
North-South: 1st Mr. Gray and R. Buchanan, 2nd B. Trafford and C. Elsey

East-West: 1st Mr. and Mrs. A. Von Schilman of Burnaby, 2nd J. Bennett and M. Solly.

Club secretary, Mrs. A. J. Berry reports that many vis-

itors from the coast, Alberta and the U.S., holidaying in the Okanagan are attending the Monday nights' play the Rosedale Room of the Royal Canadian Legion.

### SALMON SANDWICH IDEA

Thin slices of salty rye bread, filled with salmon salad, are arranged on wooden skewers. The skewers are stuck into a cauliflower set in a wicker basket and surrounded by salad greens.

It's a time of the year to think about refreshing, yet nourishing lunches and, if you think about canned salmon, you'll never run out of ideas.

Canned salmon makes an ideal luncheon sandwich filling. Just the color alone is appetizing, but the flavor is appealing and combines perfectly with other salad ingredients, with mayonnaise or with French dressing.

Here are two sandwich fillings that you will enjoy.

#### SALMON, EGG SALAD, SANDWICH FILLING

A 1-pound can salmon  
1 tablespoon chopped parsley  
1 tablespoon minced onion  
¼ cup chopped celery  
4 hard-cooked eggs, chopped  
1 tablespoon French dressing  
½ cup mayonnaise  
Salt and pepper to taste

Drain and flake salmon and combine with remaining ingredients. Mix lightly but well. Makes 8 hearty sandwiches.

#### SUMMER SALMON SANDWICH FILLING

A 1-pound can salmon  
1 cucumber, peeled and chopped  
1 tablespoon minced green pepper  
1 tablespoon minced parsley or dill  
2 tablespoons chopped chives or scallions  
1 tablespoon lemon juice  
1 tablespoon French dressing  
½ cup mayonnaise  
Salt and pepper to taste

Drain and flake salmon and combine with remaining ingredients. Mix lightly but well. Makes 8 hearty sandwiches.

# Dear Doris

Have a problem? Write to Canadian social worker Doris Clark in care of this newspaper.

**DEAR DORIS**—My sister was jilted at 18 and since has been wary of the opposite sex.

Recently she met a very nice young man, through his sister. She is sure he is interested. She says she always sits out a few dances hoping he will ask her but he never does; he just stands and watches her. They speak, but he is quite shy, and when she gets near him she gets speechless.

Doris, I have never seen my sister so serious and I am afraid that it is just what it is: real serious. What can she do about it?

### PUZZLED

**DEAR PUZZLED**—Why don't you be Cupid and take a shot at linking up these two faint hearts? There are times when a girl needs a mother or older sister to take a hand.

You and your husband could invite him, his sister, your sister, to your home for dinner or an evening do. Plan something to do besides talk, so that two shy people can lose themselves in laughter over something that's fun.

Then let nature take its course.

**DEAR DORIS**—I am getting married for the second time and do not want too much in the way of frills. However, in all fairness to my new mate, who has never married, and is one of a family of ten, I would like to have a reception of some kind.

Would an informal lawn buffet for a few close friends and relatives be

OK? At the ceremony itself we will have just two witnesses and my two 11-year-old sons.

### SECOND WEDDING

**DEAR SECOND**—"Informal buffet" strikes just the right note. But don't omit the toast to the bride. I am sending you a leaflet entitled "Wedding Toasts—Order and Content" which includes an outline for this. (Available to readers writing in and enclosing a stamped envelope.)

**DEAR DORIS**—We found out by accident that my girl friend is two years older than her parents brought her up to think she was. This was in order to cover up an illegitimate birth. Proving it is something else again, because the birth was not registered for two years.

We could check with the family doctor, but are afraid he would go back to the parents.

They claim she is 16, and have forbidden us to see each other, and we feel that if we can prove she is 18 they would have to free her to marry me. I am older and deeply in love with her.

### SECRETLY ENGAGED

**DEAR SECRETLY**—Your girl has a right to be her age. Why worry if it gets back to the erring parents? You need legal advice.

But I'd suggest a "cooling off" period later, in which your beloved can experience freedom and think, without desperation, about her future. Then if she chooses you, you'll know it was love, not gratitude.

## Kiwanis Notes

Guests at the Tuesday night meeting of the Kiwanis Club were Norman McBeth, Dick Randall, George Stoll and Father David Bauer, coach of Canada's national hockey league team in this year's Winter Olympics. He is going to coach a Summerland and Penticton entry in the

Okanagan Junior Hockey League. A 10 day clinic will be held in the Summerland Arena.

Lockie McKilligan celebrated a birthday and cooked the steak.

Next week's meeting will be at the home of Hilly Smith.

### Services for Delbert Murphy

Delbert Murphy passed away in Summerland Hospital on Sunday, July 12 at the age of 69 years.

Born in Winnipeg, Mr. Murphy had been a resident of Summerland for the past seven years.

He is survived by his wife Ruth; one son Robert, Vancouver; one daughter, Mrs. Noreen R. Miner, Saskatoon; one brother Wilfred of Seattle; two sisters, Mrs. C. L. Buchanan of Vancouver and Mrs. Nelson Cook, Haney.

Funeral services were conducted from St. Stephen's Anglican Church, Tuesday, July 14 at 2 p.m. with Rev. Norman Tannar officiating. Interment Anglican Church Cemetery.

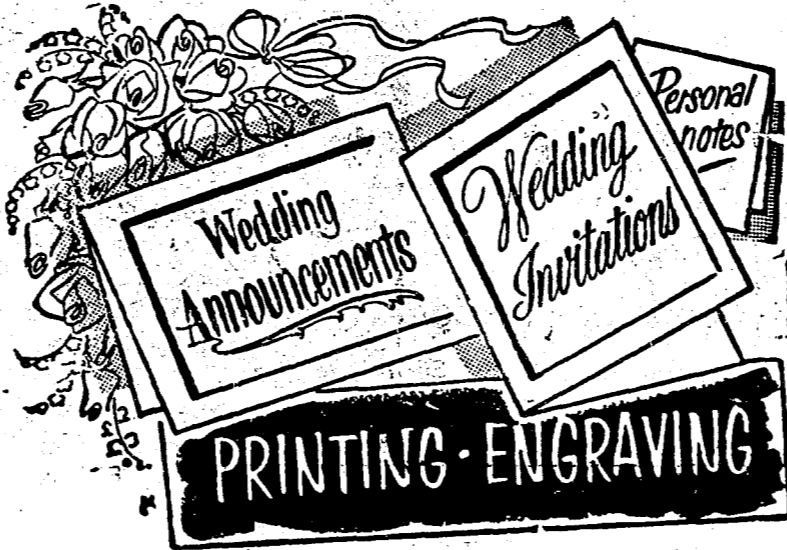

Wright's Funeral Home entrusted with arrangements.

### Services for Mrs. Susan Turigan

Mrs. Susan Turigan passed away in Galahad, Alta. on Wednesday, July 8 at the age of 83 years.

She is survived by four sons, Chris and Karl of Galahad; Andrew of Summerland and Paul of Oliver; five daughters, (Susan) Mrs. G. Schrieber, Edmonton; (Tina) Mrs. F. Blumhagen, Strome Alberta; (Lydia) Mrs. F. Roth, Forestburg Alberta; (Pauline) Mrs. Elvin Burzloff, Calgary; (Annie) Mrs. Ernest Burzloff, Galahad; 28 grand children and 51 great grand children.

Funeral services were conducted from St. John's Lutheran Church on Monday, July 13 at 2 p.m. with Rev. F. Ulmer officiating. Interment family plot, Peach Orchard Cemetery.

## Meet Mr. A.B.C.

### - He Works for our Advertisers

He is one of the experienced circulation auditors on the staff of the Audit Bureau of Circulations.\* Just as a bank examiner makes a periodic check of the records of your bank—so does Mr. A.B.C. visit our office at regular intervals to make an exacting inspection and audit of our circulation records. The circulation facts thus obtained are condensed in easy-to-read audit reports which tell our advertisers: How much circulation we have; where it goes; how it was obtained; and many other FACTS that tell advertisers what they get for their money when they advertise in this newspaper.

\*The Audit Bureau of Circulations, of which this newspaper is a member, is a cooperative, nonprofit association of nearly 4,000 advertisers, advertising agencies and publishers. Organized in 1914, A.B.C. brought order out of advertising chaos by establishing a definition for paid circulation; rules and standards for auditing and reporting the circulations of newspapers and periodicals.

**ANNOUNCING:  
A NEW ISSUE OF  
BRITISH COLUMBIA HYDRO  
AND POWER AUTHORITY 5% PARITY  
DEVELOPMENT BONDS**

British Columbia is now entering its greatest years. The harnessing of the mighty Peace River and Columbia Rivers now guarantees our Province a vast pool of low cost power for all future growth. There is no surer way for you to build your savings than to invest in this vital development. Read in these four points why *British Columbia Hydro and Power Authority 5% Parity Development Bonds* are an exceptional investment for your family.

1. Your investment earns 5% per annum, payable quarterly.
2. Your investment is unconditionally guaranteed by the Province of British Columbia. This is your Province's pledge that regular interest payments will be made during the currency of the bond, and that it will be redeemed for the original purchase price when it matures on August 3, 1968.
3. You can redeem British Columbia Hydro and Power Authority 5% Parity Development Bonds at any time for the full purchase price at any bank in British Columbia or at any branch of British Columbia Hydro's bankers anywhere in Canada.
4. You have the satisfaction of investing in a public undertaking vital to your Province.

**THE ISSUE:** Purchases of this issue by an individual or company are limited to \$10,000.

**DENOMINATIONS:** Bearer bonds are available with coupons attached in all denominations—\$100, \$500, \$1,000, \$5,000, \$10,000.

**INTEREST:** Interest at the rate of 5% per annum will be paid quarterly on the 3rd day of November, February, May, and August during the currency of the bond.

**DATE OF ISSUE:** August 3, 1964.

**DATE OF MATURITY:** August 3, 1968.

**REDEMPTION:** British Columbia Hydro and Power Authority 5% Parity Development Bonds can be redeemed at par value at any time at any bank in the Province of British Columbia, or at any branch of British Columbia Hydro's bankers throughout Canada.

**AUTHORIZED SALES AGENTS:**  
ALL BRITISH COLUMBIA BANKS,  
TRUST COMPANIES,  
AND INVESTMENT DEALERS.

**UNCONDITIONALLY  
GUARANTEED BY THE PROVINCE  
OF BRITISH COLUMBIA**

## SUGAR AND STICE

### There Just Isn't Time

By BILL SMILEY

There's nothing quite as relaxed and indolent as the life of a school teacher in those two long, golden months of summer. Eight glorious weeks: A little golf, a little swimming, a little fishing; a lot of picnics and cook outs and long, cold drinks; unlimited time to read and girls in shorts toogle.

It's a picture I paint for myself in clear outlines, in cool pastel shades, every June. But somehow the finished canvas isn't quite what I had in mind. The outline blurs, the colors change into violent reds, yellows and purples, and we come up with something resembling a drunken rainbow that has been struck by lightning.

This summer has been no exception. It started off in typical fashion with a racking dose of food poisoning that left me about as hearty as a lady of 80 who has just given birth to quadruplets. I was so weak that the cat, who has been watching her chance for years, stuck out a foot as I was tottering toward my lawn chair, and tripped me flat on my face.

Barely over this, I had to drive the family 700 miles into the U.S. on the July 4th week end, to dump young Hugh at a summer music school. But it wasn't the mileage that got me down. It was the list of instructions issued to the kid by his mother. If they'd been written out, they'd have covered a sheet of paper for every mile we travelled, and they could have been remembered only by a herd of elephants.

I didn't blame her, though. It isn't that the kid is stupid. It's just that he's

a teen-ager and lives in that peculiar world inhabited by that peculiar species. In the week before we left, he had lost: his wallet, his running shoes, and a dollar bill (which turned up in the washing machine). That was an average week.

Imagine going away and leaving that gormless gawk of a boy on his own, for three weeks, with 10 different places to be at definite times every day; with money to handle all by himself; with nobody to find all the things he'll lose; and with his way to find all the way home by bus.

We weren't much comforted as we left him. He climbed out of the car, saying, "Yes, O.K. I won't forget. Uh-huh. Right. Yup.", as a last-minute torrent of verbal directions poured at him. He took his bag, waved, and started up the steps of the boarding-house next door to the one we had just registered him in. I doubt if we'll ever see the boy again. He'll start for home and wind up in Tibet.

Got home from that jaunt just long enough to do the washing, repack the suitcases and head for summer school. Arrived a bit shaky after giving myself a small farewell party and was immediately asked to read a poem to a group of intense English teachers.

After summer school, we rush Kim to camp, then hike for the old home town to put out the paper for two weeks while the editor goes on his honeymoon. Then scramble for home, collect Kim from camp, entertain friends in relays for a week before hurtling off to newspaper convention, which is about as easy on a fellow, physically, as breaking wild mustangs with a slipped disc. End of summer. End of "holidays."

Anyone know of a job where they give you four months vacation? If I could find one, I might manage to squeeze in a couple of games of golf, or a day's fishing.

Pastor: Rev. Frank W. Haskins  
M.A., B.Th.

"There is no substitute for the Gospel of Christ".

At least every homemaker in Summerland should know how to bake a cherry pie, but if you don't, here is a very good recipe.

1 recipe pastry  
4 cups pitted cherries  
1½ cups sugar  
1-4 cup flour  
1-8 tsp. salt  
1-4 tsp. almond extract  
Set oven at 450 degrees F.

Line 9 inch pie plate with pastry. Reserve enough pastry for top crust or lattice trim. Combine ingredients and allow to stand for 15 min. Spoon into pie crust. Put on top crust if desired or other pastry trim. Bake at 450 degrees F. for 10 minutes. reduce temperature to 250 degrees and bake 35 to 40 minutes.

Don't fill pie shell completely but have filling about 1-4 inch lower than rim of pie. To avoid an overflow of liquid over pie crust make a funnel of brown paper (about 2 inches high) and place it in middle of the pie crust. Any excess liquid will climb into funnel and as pie cools will run back down into filling.

## Poor Little Guy

Each of us can remember a 'little guy' — the one who at choose-up time was always the last picked, if at all; the one who finally just quit coming around.

The little guy I remember best is one of the reasons men enter the profession of selling Life insurance.

His name was Harold. He was a normal, healthy kid with a good mind. His answers in class were as good and as quick as anyone's. All the guys liked him. He was 'in'.

Then, his Dad died, and with him went Harold's world. Of course we were young and we didn't understand what death means.

Harold changed. He became quieter. He didn't laugh as much. As the weeks turned into months, things about him began to change. His shoes became a little more scuffed. His jerseys and shirts showed wear. He was neat, but he just didn't dress like the other kids any more.

Then came summer vacation. We kids headed for the ball park or the swimming hole. "No more lessons, no more books, no more teacher's dirty looks." This was our cry of freedom — but not Harold's.

At first we didn't notice it, but after a while we asked, "Where's Harold?" He was not playing with us. No one saw him. Then one day we found out why. He was at home most of the time, taking care of his baby brother. You see, Harold's mother had to find a job somewhere, and because she had no particular training — well, being a presser in a laundry may not be the coolest job in a hot summer, but it's an income.

Harold was nearly twelve then and had been 'the man of the house' almost a year. After school he would hurry home to tidy up things because Mom would be tired when she came home. Also there was

Buddy to bring home from the neighbors.

Soon Harold wasn't around at all. Besides, we thought, "Look at the funny way he dresses — men's pants, all tucked and gathered and cut down. And boy, does he need a haircut". Children, in their innocence can be cruel.

So the gang played its games and had its adventures, with Harold watching from a distance. He was 'out'. If I remember correctly, he developed a slight stammer.

When we passed his house we'd sometimes catch a glimpse of him. The things he needed most, companionship and a sense of belonging, were denied him. Why? Very simple. To us kids, Harold was different. Not so much because of his clothes — worn though neat, but more because he became 'different'.

The years spun by, Harold became forgotten. He didn't attend our parties. He never did learn to hunch. He didn't know how to talk with other kids. He didn't have the right clothes to wear. There was a girl whom he obviously regarded as wonderful. But he never let on to her. Perhaps he was afraid she might laugh at him. Movies, cokes at the drug store? Not for Harold.

Those were wonderful years for us. They must have been wretched for Harold.

I became a teacher. Harold came back to haunt me. No, not the Harold, but all the Harolds in town. The little guys — and girls, too — who stood by themselves at recess, pretending they wanted it that way. Pretending their child's hearts weren't breaking. Oh, if only I could have taken some of those kids who had everything, who acted so callously toward the Harolds of their time, and just knocked some sense into their thoughtless heads! But I had been one of those thoughtless ones myself.

I guess youngsters never really change. They don't mean to be cruel. They just don't understand. Oh yes, society will change and will progress. But this makes the problem only more acute.

Can this picture be changed? Not for the Harolds of yesterday and today. But if Travelers agents have anything to say about it, some day there will be no more Harolds — no more sad-eyed little guys, old at age 11; wearing hand me downs, and crying themselves to sleep.

## BOAT HOUSES

With the boating season approaching, Americans by the thousands, will be hitching their boat-trailers to their cars and moving their boats to favorite boating spots, beaches or lakes.

Many will not have shelters for their craft, either at their vacation haunt or back at home. But, by following the free plans available, any boat enthusiast can build an attractive boat house in less than a week's spare time, with modern Homasote weatherproof building board and wood framing.

You can build these boat houses in sections and take them to the site on your boat trailer or build them at the site. Write to Boat House Plans, Box 441, Trenton, New Jersey for your free set of boat house plans and have your boat house completed in time for the boating season.

# Senior curlers hold summer gathering

The Senior Men's Curling Club held their annual get-together and supper Saturday evening on the grounds of Mr. and Mrs. Harvey Eden. The weather was ideal and over 50 attended, including friends and visitors, even a few from Britain.

A number were unable to attend, on account of having holiday visitors over the week end.

Everyone enjoyed the delightful pot luck supper with the generous help of Mrs. Eden.

Harvey Eden was presented with a framed motto of An Ode to An Ice Maker, in recognition of his work at the rink.

## Support These Contract Demands

Your demands for a better 1964-65 agreement with the employers in the Interior lumber industry are now in dispute before a Conciliation Officer.

Your Negotiating Committee has presented convincing evidence to prove the urgent need and justification for the contract provisions listed below and designed to:

- ... raise living standards for lumber workers and their families to prevailing levels,
- ... establish proper working conditions,
- ... stimulate local business activity by increased wage-spending.

**1. The same base rate, \$2.23 an hour, as now in effect at the coast, with a substantial increase for qualified tradesmen and improvers and also an extra 5 cents an hour for shift differentials.**

Interior lumber workers perform comparable work with that of coast lumber workers. Interior lumber production now exceeds coast production. Living costs are higher in the Interior.

**2. The Union's contract conditions on work contracted or sub-contracted by the employers.**

The present system of irresponsible contracting deprives many workers of negotiated benefits especially established wage rates, health and welfare protection, seniority and collective bargaining rights.

**3. Travel time pay for loggers between marshalling points and the work sites.**

Loggers should not be penalized by loss of pay for time spent on the employer's property at his request to travel between marshalling points and job sites.

**4. Three weeks' vacation with pay for one to five years' service and four weeks for five or more years' service.**

Longer vacations are now generally accepted as essential and will shorten the annual work schedules to spread the available employment among more workers, partly compensating for the unemployment caused by mechanization.

**5. Paydays every second Friday.**

The cost of this provision is negligible. It will enable families to take advantage more conveniently of the community shopping pattern.

**6. Double pay for all overtime to be worked on a voluntary basis.**

This provision will check excessive overtime, remove arbitrary and unfair compulsion and ensure the employment of jobless workers.

**7. Improved and standardized seniority rules to provide job-posting.**

Seniority rules should be the same throughout all operations. Qualified workers should be assured the opportunity to apply for promotion to vacant jobs.

**8. One additional paid statutory holiday, (Boxing Day).**

Hourly-rated workers should be able to observe all nine legal holidays as salaried workers do. Interior lumber workers now lose pay to observe Boxing Day with their families.

**9. Provision for swing shifts in multi-shift operations.**

Employees should have the contract right to secure and arrange equal demands on all shift workers to work late shifts.

**10. A job evaluation plan for plywood plants similar to the plan in effect in coast plywood plants.**

Job evaluation as conducted jointly by labor and management at the coast has proven to be a fair and systematic method of determining wage-rates affected by the introduction of automatic processes.

**11. A union-management-government apprenticeship training program for heavy duty mechanics, millwrights and other classifications.**

Re-training in new skills required by new equipment is essential to avoid the displacement of workers now employed. Such a plan is now functioning successfully in the Northern Interior at the joint expense of the employers and the provincial and federal governments.

**12. Provision for the negotiation and equalization of category rates by a representative labor-management committee.**

A clear-cut procedure is required to set wage rates for new and changed jobs as well as neglected categories. Such rates should be uniform for the same classifications in all operations.

**13. A single arbitrator to be selected from a three-man panel.**

This provision will streamline arbitration proceedings, prevent delays and reduce costs.

**14. A one-year agreement.**

Because of rapidly changing production requirements, it is considered to be inadvisable to establish wage rates and working conditions for more than one year at this time.

## Under the Giant's Head

During the past week the research station reports .6 inches of rain and 55 hours of sunshine.

	High	Low
July 15	64	55
July 16	70	51
July 17	78	54
July 18	74	62
July 19	76	50
July 20	84	53
July 21	75	54

The 10th annual international picnic of the Women's Institutes of Canada and Homemakers Clubs of Okanagan County, Wash., was held Tuesday at the Grange Hall in Osoyoos. Among the 224 present were the following from Summerland: Mrs. L. W. Rumball, Mrs. M. Brown, Mrs. W. Brown, Mrs. F. Pearce, Mrs. C. Lott, Mrs. G. Inglis, Mrs. G. Morgan, Mrs. G. Ritchie, Mrs. H. Whitaker, Mrs. V. Barris and Mrs. W. S. Rothwell.

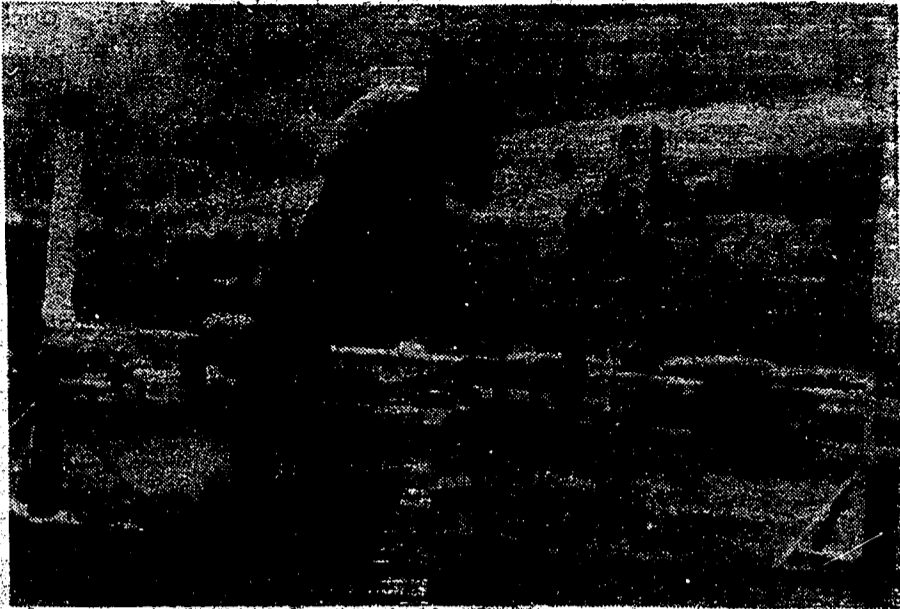

Mr. and Mrs. Walter Smith have sold their home on South Victoria Road and are leaving to reside in Amhurst, Nova Scotia. They have lived here for the past 18 years.

## Two injured in car accident

Two Summerland women, Mrs. Myrtle Evelyn Perry and Mrs. Gladys Ethel Taring were taken to Summerland Hospital on Sunday, following an accident on Highway Hill at 5:30 p.m.

Mrs. Perry was proceeding up the hill and had stopped to let traffic clear before making a left hand turn onto Gulch Road. A second vehicle, proceeding down the hill, driven by Stephen Murray Elkey collided with the Perry car as the turn was made. Both cars were reported to be total wrecks.

Mrs. Perry and her passenger, Mrs. Tarling, were taken to the hospital by ambulance.

## Junior Horse Show here this Sunday

Over 75 entries are expected for the only junior horse show in the Okanagan, to be held in Summerland this Sunday.

The event features jumping (as shown above), English and Western Equitation, and Matched Pairs.

Starting at 9 a.m. the show will be held at the Reinertson Riding School, north of town. The event is sponsored by the Elks Club.

There will be three jumping classes and various games and challenges.

To begin the day a bacon and egg breakfast will be served at 7 a.m.

Dr. and Mrs. C. C. Strachan have returned from a month holiday in Eastern Canada.

Mr. and Mrs. Ken Beck of Vancouver are visiting Mr. and Mrs. Norris Laidlaw.

Miss Heather Lawford, a former teacher in Summerland, visited last week at the Norris Laidlaw home.

## 1964 cherry crop may be a record

A hailstorm in the Cawston area on Wednesday of last week left up to 50 per cent damage in some orchards, reports the dept. of agriculture horticultural newsletter.

In Summerland the report said there had been some splitting, but not as bad as had been expected. Most Bings are picked and Lamberts are well underway.

The newsletter said that this year's cherry crop could be the largest ever harvested in the Okanagan.

Harvest of cherries is completed at Oliver and Osoyoos, while at Penticton the Bings and Vans are tapering off, and Lamberts are now

being picked. At Kelowna harvest is in full swing with some crop reduction due to splitting.

Moderate splitting is reported at Vernon where harvest is now in full swing. The peach crop is reported as good and is progressing normally, as are prunes.

Pears are sizing well, with some cullage expected due

to pear psylla. Yellow transparent apples are being harvested at Oliver and will start soon at Penticton.

Pear psylla is a big problem in the Okanagan this year, and red and rust mites are reported in all districts.

Codling moth has been noted at Penticton, and some foliage scab in Summerland.

## Red Sox end season with loss to Oliver

The Summerland Red Sox, regular play will see the Red Sox at Grand Forks to break the tie. The Sox will play Oliver in the semi-finals while the loser meets League winning Penticton.

Judge for the events will be F. Day of Kamloops. Mrs. Keith Marten, wife of the Exalted Ruler of the Elks Lodge will present the trophies and prizes.

## Elks to convert former post office

Summerland BPO Elks Lodge No. 476 have purchased the former Summerland (by the lake) post office and are converting it into a lodge building.

The building will contain a hall, 50x40 feet, a kitchen and storage room. First meetings of the lodge and its auxiliary will be held in the new quarters when meetings resume this fall.

Formed a year and a half ago, the Elks Lodge now has over 60 members and is one of the most active clubs in the district.

## Water Lawns Lightly and Often

Homeowners wanting to keep their lawns at the peak of condition throughout the season should water them lightly and often.

This is the advice of R. H. Turley, of the federal experimental farm at Saanichton, where lawn watering procedures have been under study.

Frequent applications of a half-inch of water gave better results than fewer and heavier waterings because they maintained a higher and more uniform moisture level in the shallow rooting zone, the researcher said.

At Saanichton, waterings were based on a soil moisture budget determined by vapometers — devices for

measuring evaporation. Water was applied when test plots had moisture losses of a half inch, three quarters, one inch and one and one-quarter inches. All plots, however, received the same amount of water for the season.

Mr. Turley supports his advice with some statistics gleaned from two seasons of tests.

On heavy clay soil, the various levels of application produced the following average percentages of soil moisture: 1/2 inch, 17.6; 3/4 inch, 15.7; one inch, 13.5; 1 1/4 inches 12.8. On light, sandy soil, the percentages were 12.6, 9.5, 8.5 and 6.1 in the same order.

## Couple honored on 25th wedding anniversary

The garden of Mr. and Mrs. George Forster of Crescent Beach was the pleasant setting for a lawn party honoring Mr. and Mrs. Arthur A. Dunsdon on their 25th wedding anniversary.

Co-hostesses were Mrs. F. Stewart and Mrs. L. Rumball.

Over 40 guests enjoyed a buffet supper served from a table centred by a beautifully decorated bridal cake in pink and white flanked by pink candles in silver holders and vari-colored sweet peas in silver bowls. The cake was made and decorated by Mrs. Forster.

A toast to the honored couple was given by James Heavyside and replied to by Arthur in a very humorous vein.

On behalf of those present Phil and Ted Dunsdon made a presentation of a wrought iron driveway coach lamp with brass nameplate, and Annie read out a poem on a replica card of good wishes made by Mrs. Stewart.

George Dunsdon presented a silver rose bowl from the Dunsdon family.

Among those present were Mr. and Mrs. Joe MacLachlan, Mr. and Mrs. G. Washington, Mr. and Mrs. Les Rumball, Miss May Howard, Mrs. O. Rumball, Mr. and Mrs. H. Richardson, Mr. and Mrs. G. M. Dunsdon, Mr. and Mrs. F. M. Stewart, Mr. and Mrs. P. S. Dunsdon, Mr. and Mrs. Murray Elliott, Mr. and Mrs. Les Gould, Mr. and Mrs. A. J. Dunsdon, Mr. and Mrs. T. Heavysides, Mr. and Mrs. D.

Wilson, Mr. and Mrs. Bob Butler, Mr. and Mrs. Fred Dunsdon, Mr. and Mrs. S. C. W. Hemingway, Mr. and Mrs. Mel Hyde, Mr. and Mrs. T. Washington, Mr. and Mrs. Don Clark, Mr. and Mrs. Mel Ducommun, Mr. and Mrs. G. Beggs, Mr. and Mrs. Earle B. Wilson, Mr. and Mrs. Harvey Wilson, Mr. and Mrs. Edward Smith.

## Services Thursday for G. F. Dodge

Funeral services for George Frederick Dodge, aged 60, were conducted from Summerland United Church on Thursday at 2:30 p.m. with Rev. Norman Tannar officiating. Mr. Dodge died suddenly on July 20.

He was born in Kamloops and employed by the CNR for 45 years, residing in Kelowna for 21 years, and for the past two years here.

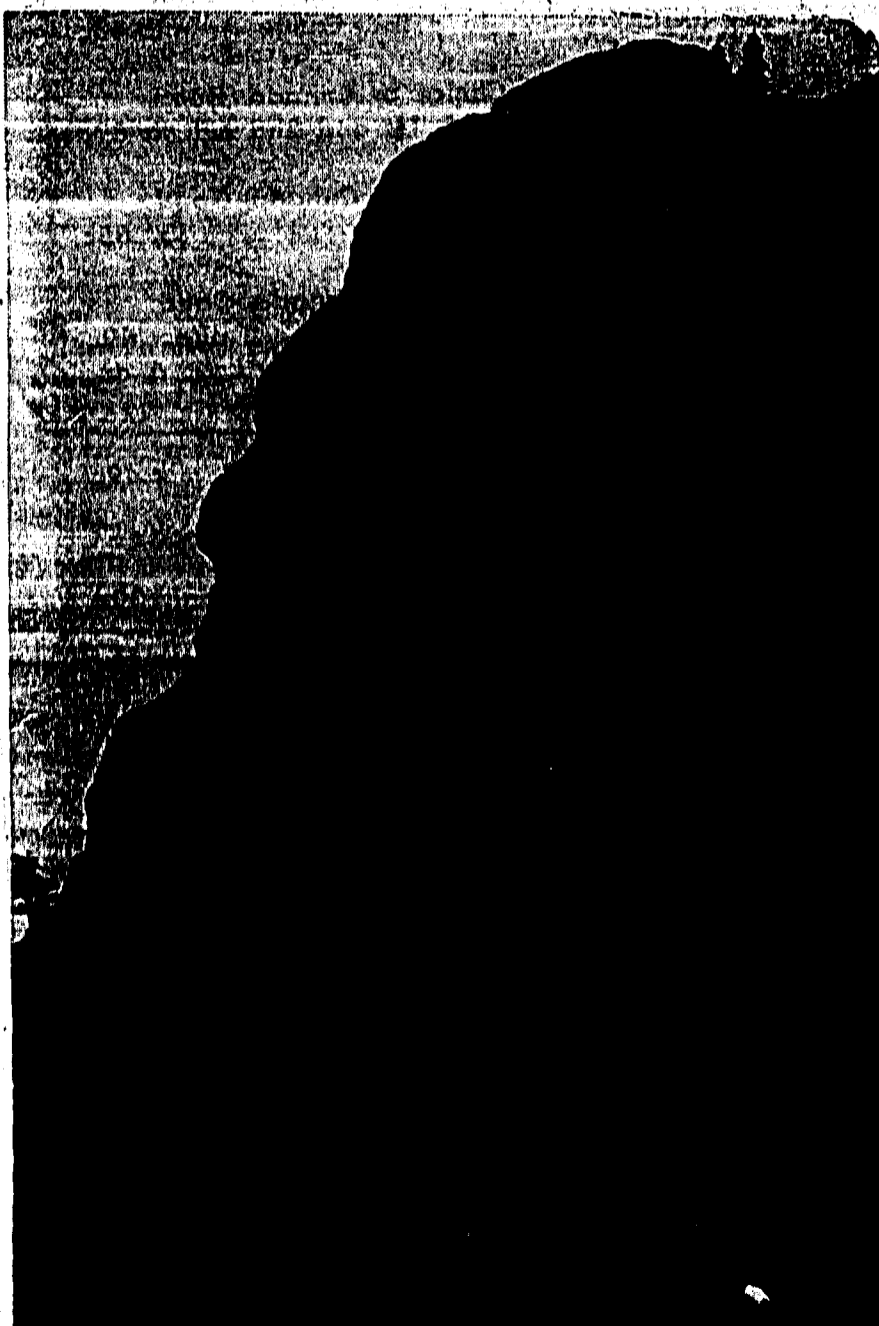

Surviving are his wife, Amy, two brothers, William of Barriere, and James of Lytton, and several nephews. He was predeceased by a daughter, Margaret Lynne in 1953.

Wright's Funeral Home in Summerland is entrusted with arrangements with cremation to follow.

Known as 12 men who love Singers are heard Sunday to sing the Carl Tapscott night on CBC radio.

## Pentiction ceremony for local girl

On July 4. at 3:30 p.m. in St. Ann's Roman Catholic Church in Pentiction Marjorie Mae, daughter of Mr. and Mrs. Howard DeWitt of Summerland was united in marriage by Rev. Anthony MacDonald officiated at the double ring ceremony.

The church was decorated with an assortment of summer flowers.

The bride, given in marriage by her father, wore a white taffeta floor length gown with fitted bodice having elbow length sleeves, a soundly rounded neckline and a full skirt. Her veil was shoulder length and she carried a bouquet of lily of the valley and red roses.

The bride's sister, Miss Beverley DeWitt was bridesmaid and wore a semi formal powder blue dress of chiffon over taffeta and a white hat with white accessories.

series. She carried a bouquet of pink carnations.

Best man was Al Proulx of Pentiction.

Soloist was Miss Jennifer Paterson accompanied by Miss Lynn Hendry, both of Pentiction.

Following the service a reception was held at the home of the bride's parents in Summerland.

For a honeymoon trip to Cranbrook the bride changed to a biene suite with matching and brown accessories.

The couple will reside at 201 Harvey Ave. Kelowna.

Out of town guests included the bride's grandmother Mrs. P. R. Fisher and the bride's aunt, Mrs. F. Beresford, both of Calgary; Lloyd Weeks, Armstrong; Mr. and Mrs. W. Wright, Rutland; and Mrs. E. Randall and daughters, Becky and Janice of New Westminster.

## SUGAR AND SPICE

### Man's Worst Madness

By BILL SMILEY

Great strides have been made in the twentieth century toward the conquering of disease. One after another, typhoid, smallpox, diphtheria, polio and whooping cough have been knocked on the head. And the medical people are hot on the trail of cancer.

That's why it's so discouraging to realize that while today's medicine-men have had their noses glued to a test-tube, a little virus that at first seemed harmless, has sneaked around behind them, spread with the stealth of spilled maple syrup, and is now resulting in an epidemic of appalling proportions.

Worse still, there is no drug that will kill it for it is not a physical ailment but a mental aberration. Already this highly contagious mania has hit so many people that it's not likely anything will stop its ravages of the race except the radio-active fallout that will stop everything one of these days.

Its symptoms are unmistakable, its victims easily discerned. When under an attack, they will: suddenly leave work in the middle of the afternoon; miss the funerals of close relatives; skip meals, though they love their victuals; desert their loved ones at all sorts of odd hours; inexplicably recover from pain or illness that would have them moaning in bed, in the winter. Oh yes, this disease is most prevalent in summer, as polio was.

This mental illness to which I refer, of course, is that ancient and honourable state of mind — it's not a game and don't ever think it is — called golf.

Don't snort, gentle reader. Perhaps you have thus far escaped the anaconda coil of this serpent-like sport but you're not safe unless you're over 90, bedridden, and the relatives are sitting around wishing you'd hurry up and die so they could get out and hit a

Just the other day I was sitting on a bench at the 7th tee. An elderly man came up, playing with two others. He let them go on without him, and collapsed beside me: "Played whuff six holes today," he wheezed triumphantly. "Had a whuff heart attack two weeks ago, whuff. Gotta take it easy. Played whuff three holes yesterday. I'll make whuff nine tomorrow."

Golf used to be a game for rich people and a few professionals. It was associated with country clubs, snobbery and social climbing. But something has happened in the last decade, and we rabble have stormed the barricades and infiltrated the fairways. Go out to a course any day and you'll see a butcher and a baker, a printer and preacher, a hair dresser and HOTEL KEEPER, HURLING THEMSELVES WITH UNANIMOUS VIGOUR AND INACCURACY IN THE GENERAL DIRECTION OF THE BOUNCY LITTLE FIEND OF A BALL.

Old ladies who should be home knitting garments for grandchildren sweat happily around the course, hacking divots as big as dish-pans. Attractive young women who should be sitting around at a beach or bar, just looking beautiful, putting languidly about in long, tanned legs and short, tight shorts. Thereby wrecking the concentration of old codgers, who are distracted into slicing \$1.50 balls into the rough, after spending \$300 in lessons to get rid of that slice.

Oh, I know. The whole thing is ridiculous. "What could be sillier." I used to say before the virus entered my veins, than walking around hitting a little ball with a stick. I still think it's crazy, a mere obsession. And the day I break 100, I'm going to throw away my clubs and start living again, which will probably be about the same day I'm elected president of the Women's Institute.

## Insect predators a help in control of pests

Predatory insects and parasites that feed on destructive plant pests offer a natural and desirable way of safeguarding crops, says W. L. Putman of the research station at Vineland Ont.

Control of pests in this manner however involves a balance in nature that often gets upset. When pests are plentiful spraying is usually necessary and this may also kill the beneficial insects; in times when their prey is scarce the predators may starve to death, leaving few if any to cope with the return of pests.

At Vineland Station scien-

tists have been carrying out studies which may point the way to artificial feeding of the predators to maintain their numbers in periods when natural prey is scarce.

At the research station the living habits of predators of the European red mite — a tiny but destructive pest of fruit trees — are being studied in an effort to find other foods.

The work has produced a number of leads. Some predators are able to survive for a time on vegetable foods, Mr. Putman reports.

A few, like thrips feed to

some extent on tree foliage. Others — including thrips, predatory mites and lady beetles — feed on windborne pollen and fungal spores growing on honeydew and similar substances on trees.

In peach orchards lady beetles and lacewing flies also feed on the sugary nectar secreted by leaf glands.

# Pear Diseases Under Probe

Pear growers suffer serious losses from diseases that affect the mature fruit says Dr. Jack M. Wilks of CDA's Research Station here.

He adds that the nature and cause of many of these diseases is not known but researchers at Summerland in recent years have been studying them and have assembled valuable information.

Of the physiological disorders of pears, cork spot or Anjou pit is the most serious and can be recognized by pockets of brown tissues in the flesh. Severity of cork spot is governed by weather conditions and it is worse in large fruits, on trees on oriental rootstocks and in years marked by much hot dry weather.

The severity of virus disease symptoms is also subject to weather and consid-

erable variation is noted — attacks may be mild one year and sufficient next year to justify 100 per cent cullage.

These diseases include freckle; pit; stony pit; virus pitting and cork pit. As they appear to be spread primarily in the nursery it is important to purchase nursery stock from sources using certified budwood because there is no known method of eliminating them from bearing trees.

Investigations are continuing at the Research Station in an effort to reduce losses to pear growers.

# Comings And Goings

Ian McKay and Don Russell of Oyen, Alberta visited Mr. and Mrs. W. Rothwell on Sunday.

RCMP Staff Sgt. and Mrs. John Brook and family of Toronto visited Mr. and Mrs. Eric Tait last week.

By LYDIA PERRINS

Swiss Steak Easy to make with many people. It takes only an hour to cook, but it can be done either on top of the stove or in the oven, and requires very little attention during the cooking period.

### SWISS STEAK

1 1/2 to 2 lbs. round steak, cut 1 1/4 inch thick  
1/3 cup flour  
1 1/2 tsp. salt  
1/8 tsp. pepper  
3 tablespoons fat or oil  
1 cup water  
2 tsp. Lea & Perrins Worcestershire Sauce  
1 bay leaf  
1 medium onion, chopped

Cut meat into individual serving pieces before pounding, or leave it in one piece. Mix flour, salt, pepper and sprinkle over the meat, and pound in with a meat pounder or the edge of a saucer. Heat oil in large skillet with tight-fitting lid. Add meat and brown thoroughly on both sides. Add water, Lea & Perrins, bay leaf and onion. Cover tightly and simmer over low heat for 1 1/2 to 2 hours, or cook in a 350° F. oven for the same length of time. Turn steak when cooking time is half done. Serve with the gravy which you can thicken with flour and water mixture as you wish.

Mrs. M. Sossin and daughter Jo-Ann have been visiting for a few days with Mr. and Mrs. Jack Dunsdon.

Mrs. George Jenkinson of Vancouver, president of the Women's Council of the NDP, was a recent visitor with Mrs. Mary Thaxton.

Bela Wouters, son of Mr. and Mrs. H. Wouters, has been transferred from the Kimberley branch of the Bank of Montreal to New Westminster.

F.L. and Mrs. Alan Kirk and family of Holdberg, BC visited his parents, Mr and Mrs. Jack Kirk last week. They are now on their way to Colorado Springs, Colorado, where he will be connected with NORAD for the next four years.

Mr. and Mrs. H. Hackman have returned from a holiday to Cariboo and Peace River. They also visited their son Gary and other relatives in Edmonton. They were accompanied by Miss Marion Jenner, RN, who remained in Edmonton as a guest of Mr. and Mrs. F. Jenner.

Visiting with Mr. and Mrs. Ron Andall are her brother and sister in law Mr. and Mrs. Gavin Perry of Naicam, Sask. They also visited his mother, Mrs. M. Parry.

Mr. and Mrs. Huegenduff of Vancouver are staying with her father, Noel Higgin.

Recent visitors with their parents, Mr. and Mrs. W. W. Borton were: Mr. and Mrs. W. B. Borton, Laverne and Patricia of Calgary; Mr. and Mrs. Vernon Borton, Debbie and Ward of Gimli, Man.; and Mr. and Mrs. Pat Borton, Paddy and Kathleen of Bagotville, Quebec.

MULTIPLE LISTING SERVICE

## "I am a Druggist!"

"To best serve the people of this community I maintain a stock of carefully selected merchandise. To be able to recommend the best product for every need, it is part of my training to know the standards of quality and measures that have been established by science and experience. When I order goods my selection is based on the known merits of these widely recognized standards.

"Then I advertise to give people the news of my store. Because I know that nearly everybody reads a newspaper I use newspaper advertising regularly. When people pay for newspapers they read them carefully for all of the news that is interesting to them. When my ads are newsy and contain useful information I know that people will read them because they are news."

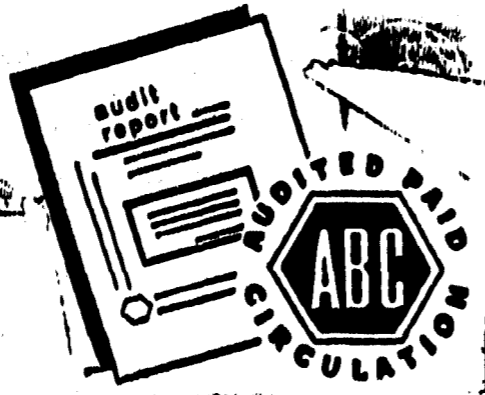

Another fact that merchants like about newspaper advertising is that they can buy it on the basis of known values that are just as definite as the measures of weight and quality that apply to merchandise which they handle.

Businessmen cannot afford to speculate with advertising. When they buy newspaper space they can make their investments on the strength of circulation facts and figures that are verified. It is good business practice to buy advertising by such methods just as it is good business to buy and sell merchandise on the basis of known standards.

This helpful information is available from reports issued by

This newspaper is a member of the Audit Bureau of Circulations.

the Audit Bureau of Circulations, a cooperative, nonprofit association of nearly 4,000 publishers, advertisers and advertising agencies.

At regular intervals the A.B.C., of which this newspaper is a member, sends an experienced circulation auditor to make a thorough inspection and audit of our circulation records. The FACTS established by his audit are published in an A.B.C. report which tells you: How much circulation we have; where it goes; how obtained; how much people pay for our paper; and many other FACTS that you need in order to KNOW what you get for your advertising money.

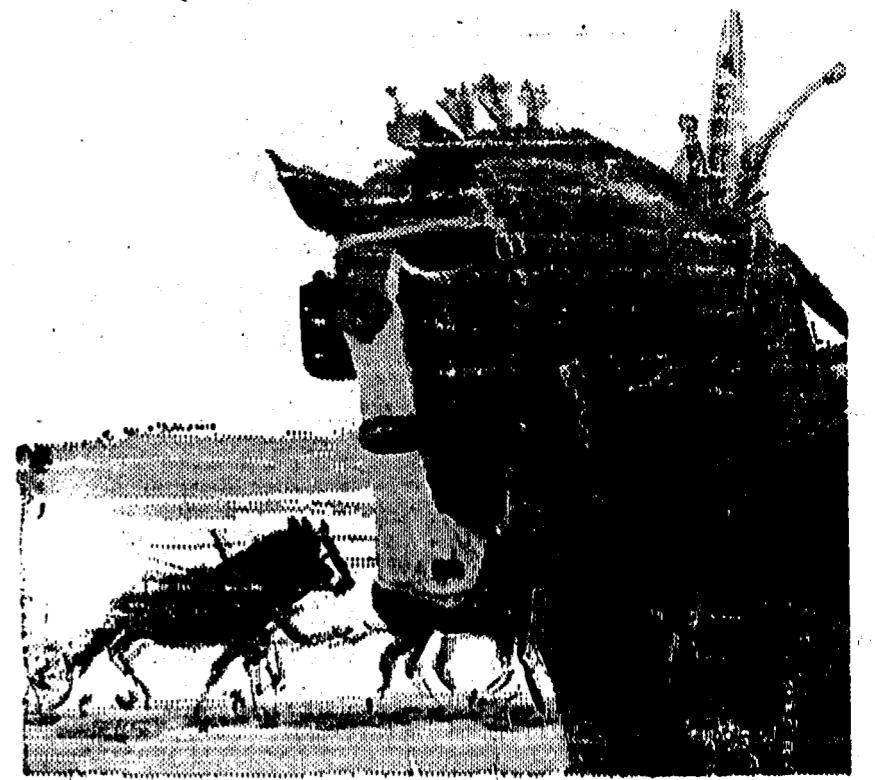

## JUNIOR HORSE SHOW

Sunday, July 26

At Reinertson Riding School on old Highway 97, north

Starting at 9 a.m.

VANCOUVER, B.C. AUG. 22 TO SEPT. 7

Come see the horses! The marvellous horses!

## Come to THE PNE!

At the 64 PNE you'll see Canada's best livestock - and there's so much more, too! The Shrine/PNE Circus, the exciting Empire Stadium Show, the new products and new ideas. Come to Vancouver for this wonderful PNE!

### Under the Giant's Head

During the past week the research station reports only a trace of rain and 83.5 hours of sunshine.

	High	Low
July 22	70	58
July 23	75	54
July 24	80	52
July 25	88	56
July 26	85	62
July 27	86	63
July 28	89	59

In the lost and found department at the RCMP office are three lawn chairs found in an orchard in the Prairie Valley area. Presumably someone had stopped for a rest under the trees and forgot their chairs.

Also waiting to be claimed is a 25 pound pail of heavy duty grease, which appears to have fallen from a truck on the Prairie Valley Road. Owner may claim at RCMP office.

Letter to a weekly paper. "Dear sir: When I subscribed a year ago you stated that if I was not satisfied at the end of the year I could have my money back. Well, I would like to have it back. On second thought, to save you trouble, you may apply it to my next year's subscription".

Ken Blagborne will give a paper on irrigation and concrete flumes at the Public Works' Association meeting in Cranbrook Sept. 16.

### Square dancers set for jamboree

Dancers swirling in bright costumes on the streets, or bobbing in bikinis off the beach, are part of the daily local color at Penticton during the annual square dance jamboree.

This year again the colorful show of dancers will be on the street every morning and in King's Park every evening from August 10-15.

### G. A. Gayton honored by school board

At the regular meeting of School District No. 77 (Summerland) held last Thursday, Dr. J. E. Milimore, trustee-elect, was welcomed as a member of the Board by chairman J. H. Bennest. Before taking his seat as trustee, Dr. Milimore took his Oath of Office and Oath of Allegiance, before the members of the Board.

C. Arnold Gayton, who retired recently as custodian in the Secondary School was present at the meeting, and was congratulated on his completion of 11 years of faithful service, and presented with some fishing equipment to mark this occasion.

The Board received a letter from the Dept. of Education indicating that approval had been received, authorizing the Board to hold a plebiscite to determine the wishes of the school district electorate in establishing a regional college in the Okanagan Valley.

The Board approved the purchase of new equipment to the amount of \$2,200 for the Physics 91 course which will commence at the secondary school in September.

# THE SUMMERLAND REVIEW

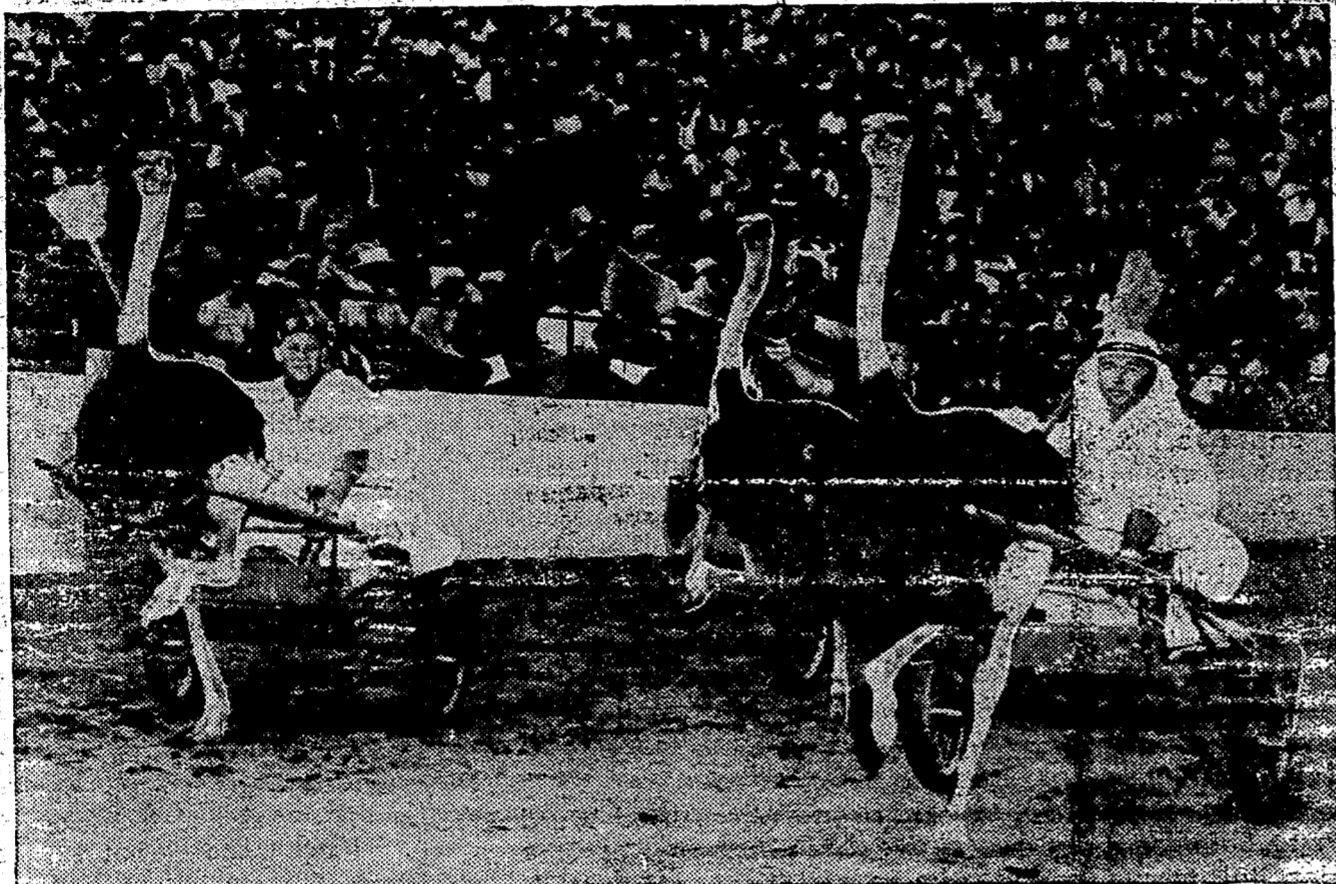

Thursday, July 30, 1964

West Summerland, B.C.

Volume 19, No. 24

## New Box Shook Factory Swings into production

Racing ostriches from California will be a daily feature attraction of the Empire Stadium Show at the PNE, Aug. 22 to Sept. 7. Birds weigh an average 300 pounds and are guided by brooms instead of reins.

Stadium Show also features a jet-propelled flying man, a flying car, a car crash thrill show, Hollywood comedians and the world famed Royal Canadian Navy's Sunset Ceremony.

The whine of big saws is once again heard on South Victoria Road, where the recently completed Tyac Box Company is now reaching peak production for this year. Built this spring at a total investment of \$50,000 the new box factory embodies all the latest in box shook manufacturing and handling.

Box shook is the material from which the boxes that carry a great deal of the fruit from the Okanagan are made. Although at one time in recent years, cardboard cartons seemed to be taking the place predominantly held by box shook, growers and packers are again turning to the wooden product and P. G. Agur, owner and operator of the new plant, is very confident of his future in this field.

Mr. Agur told the Review that he has other products under consideration with the object of lengthening the work season up to at least ten months.

Presently the plant is making shook for small boxes only, but Mr. Agur hopes to get

into the bulk bin business, although the late start this year has somewhat limited production plans.

The plant is now supplying boxes to almost all valley packing houses.

The staff of 12 men will be increased to 15 this season and some women will be added to the staff later to do the lighter work.

The building is situated near the James Lake industrial area.

The main plant is about 4,000 square feet in area and is equipped with new modern machines.

The lumber purchased for use in the factory comes from the valley, a large portion from Summerland mills.

The product is produced mostly from spruce, lodge pole pine, Ponderosa pine and fir. Mr. Agur feels the boxes must be produced from this grade of lumber in order to withstand the stresses placed on them.

A new innovation which will speed up production not only in the plant but in packing houses using the product, is the pallet system for transporting the boxes and stacking them in tiers.

## Junior Horse Show very successful affair

The Summerland Trail Riders, co-sponsored by the Elks Lodge, held a very successful Junior Horse Show Sunday, July 26. There was a good turnout of spectators and competitors, with 73 horses actively participating.

Some of these horses were ridden by more than one rider during the show, as many facilities bring two horses for three or four children to ride in the show.

### Ambulance records 114 calls

Since it was purchased one year ago, the Summerland ambulance has made 114 calls, Councillor H. J. Bark will reported at Tuesday night's council meeting.

Total revenue to date for the ambulance is \$1,002.90. Following a recommendation of works superintendent Ken Blagborne, council will purchase a Fisher-Porter chlorinating machine at a cost of \$7,300 plus installation. The new chlorinator building is finished and the installation is expected to be completed by November.

Councillor W. B. Powell was in the chair in the absence of Reeve Norman Holmes.

Each class was very well filled, with Western Pleasure having 42 entrants.

After getting off to a slow start, the tempo of the judging picked up, and the show finished on time.

A particular favorite, as last year, was the bareback equitation class, in which the rider is judged on his ability to manage the horse, his seat and use of hands while riding bareback. These young riders seem to enjoy riding bareback, as the bare back challenge for intermediate riders was also well filled.

In this class, the rider takes four jumps and bends around six poles while timed with a stop watch, best time winning. The horses take this course at a good speed, and the riders enjoy it and give a good display of horsemanship.

The jump courses were difficult, but there were several clear rounds in each class, and the riders appreciated the challenge.

Those responsible for the success of the day were: Roy Steele, show manager; Isabel Jeffery, show secretary; Whippers-in, Bob Chalmers and Charlie Letts; Ring Master, Allan Jenkins; Ring Clerk, Joan Grimsdick; and Clerks, Carol Reinertson, Agatha Letts, Beryl Potter.

Announcer was Lawrie Reinertson and the Ring Crew, Chester Reinertson,

Roy Potter, Bill Impett, Bill Potter and Don Hermiston. Carol Reinertson and Olive Bertram, wife of the Riding Club president, presented ribbons. Judge was Fred Day of Kamloops.

Mrs. Hilda Blazetko was first aid attendant, although there were no casualties.

This year's show was a great success, with a considerable increase in the number of horses participating. The club is looking forward to a still bigger and better show in 1965.

### Approval given to tent and trailer camp

A tent and trailer camp on Crescent Beach road received tentative approval from the council Tuesday night. Wilf Smith asked to make use of the property as a tourist attraction, saying that with some leveling and fill that almost three acres of land can be put into use.

Since part of the property is not zoned for the above use, council granted temporary permission, for this year only, to start work on the project. The owner hopes with a crash program to

catch the last half of the summer trade. He was advised to make a written submission to have the zoning changed.

Council will blacktop the entrance and exit roads to the property line of Branch 22, Royal Canadian Legion to join with the blacktopping to be done by the Legion on their property. A Legion delegation of president Dr. Dugal MacGregor and Bill Sherwood met with council to discuss the blacktopping.

## Increased traffic brings heavy police court docket

Increased summer traffic on Highway 97 has kept the police court docket full recently. Most of the offenders appearing before magistrate Reid Johnston are from out of town.

On July 10, Alfred Selman appeared on a charge of passing on a double solid line. Found guilty he was fined \$25 and costs. Edward S. Brown appeared on the same day charged with driving without due care and attention. He was fined \$25 and costs.

On July 14 Robert Allen Harrison of Vancouver was

fining \$25 and costs for passing in an unsafe place.

Also on the same day three Penticton minors were fined \$50 each for having liquor in their possession.

On July 15 Walter R. Thorpe was fined \$25 and costs for passing on a double solid line and on July 21 Harold A. Martin and Robert Howard Lawrence were both fined \$25 and costs for the same offence.

Douglas George Dickson appeared the same day charged with speeding and was fined \$20 and costs. A summerland man, Leo-

nard Roy Derosier appeared on a speeding charge and was fined \$25 and costs.

On July 21 Mrs. Nanci Elizabeth MacInnes was fined \$20 and costs for speeding.

On July 24 William Charleton Carruthers was fined \$20 and costs for speeding; and William Andrew Pexton of Peachland was fined \$100 and costs for driving while disqualified; and another Peachland man, John Jeffery Wilds was fined the same amount for the same offence.

Here's a spectacular broiled mushroom, tomatoes and sandwich to serve your guests outdoors. Just top barbecued minced beef with cheese, spread on a French loaf and broil.

## Comings & Goings

Misses Denise and Lynn Bennett are in Victoria visiting their sister, Mrs. Andrew Miller.

Mr. and Mrs. Ross Lott, Mr. Grant Lott and Mrs. Nettie Stewart of Belleville, Ontario are visiting their aunt, Mrs. Lott and cousins Lionel Fudge and Mr. and Mrs. J. P. Sheeley.

### Births

Born at Summerland General Hospital to:

Mr and Mrs. James Bennie, a girl, July 5.

Mr. and Mrs. M. James, a girl, July 7.

Mr. and Mrs. Don Puddy, a girl, July 13.

Mr. and Mrs. Albert Proulx, a boy, July 20.

Mr. and Mrs. Theodore Harms, a boy, July 20.

Mr. and Mrs. S. Payne of Edmonton visited Mrs. T. A. Walden last week.

Dave Nesbit of Kamloops visited Mrs. T. A. Walden over the week end.

Mr. and Mrs. George Hack are staying at Trepanier Lodge and visiting with Mrs. Hack and Mrs. McPherson.

Mr. and Mrs. Walter Ward received a visit from their son Bill before he left for the Yukon.

Mr. and Mrs. Alfred Ward have been guests at the home of Mr. and Mrs. Walter Ward.

Mr. and Mrs. A. McEachern have as visitors her brother in law and sister, Mr. and Mrs. Walter Chism of Edinborough, Scotland, who will stay for a month.

Mrs. Cormie McArthur and family of Dawson City are visiting her parents, Mr and Mrs. A. McEachern. Also at home are Alex McEachern and family of California.

Mr. and Mrs. D. Barker of Winnipeg visited recently with Mrs. G. Inglis.

Mr. and Mrs. Jack Morphy and Mr. and Mrs. Harry Barber and Dianna of Saskatoon were recent guests at the home of Mr and Mrs. O. Morphy.

Mrs. E. Cousins of Kelowna visited with Mrs. G. Inglis over the week end.

G. A. Pierson, flight engineer with the UCAF at Tacoma, Wash. has been visiting with his grandparents, Mr. and Mrs. V. M. Lockwood, prior to his transfer to Hawaii. He was accompanied by his wife and four children.

Mrs. Olaf Gronlund, Port Coquitlam, was a week end visitor with Mrs. Mary Thaxton.

## Dear Doris

Have a problem? Write to Canadian social worker Doris Clark in care of this newspaper.

**DEAR DORIS** - I have three children, seven, five and two. When we take them to see their grandparents, their two cousins are always there, one seven and the other nine.

What gets me is they are such good leaders! They are always showing me two how to do things, and always have good ideas. The older one is pretty bossy.

How can I bring mine up to be leaders? Or are there born leaders?

### PERPLEXED

**DEAR PERPLEXED** - Leaders are made, not born. Love, affection, encouragement, are the keywords. Not so much "Don't" as "Do try. I'll help you!" There's absolutely no substitute for companionship and confidence. Challenge them beyond their years and it's ten to one they'll come through.

**DEAR DORIS** - I had long hair which hung on my shoulders. All my friends just adored my hair. It was blonde. Now here's my problem: I got it cut off quite short and my boy friend said if I got my hair cut he'd leave me.

I've been going with him for two years and if I lose him I don't know what I'll do. Is there something that will make your hair grow quicker? (I saw an ad that guaranteed your hair to grow in seven days. Now I

can't seem to find it.)

### TERRIFIED

**DEAR TERRIFIED** - Sort of a reversal of the Samson-Dinah theme? If you've lost your power over him with your hair, he didn't love you anyway! Let him go. (P.S. Magic hair-growers are non-existent.)

**DEAR DORIS** - My brother is getting married in the fall. His fiancée asked me to be one of her bridesmaids. We are four married women, three in their twenties and I am 38. I thought that bridesmaids were usually single girls and the matron of honor a married woman.

It means my husband will be alone at the wedding ceremony. Would it be rude to refuse? I think it should be a younger woman. If I refuse what could I tell her?

### TOO OLD

**DEAR TOO OLD** - Don't refuse. She wants you in her wedding party and you should accept the compliment. Bridal attendants are not always young and unmarried. I can't imagine your husband minding when his wife shares the honors.

**TO HATE MY FACE** - Skillfully applied make-up can help highlight your best features and play down the not-so-good. Send in a stamped envelope and ten cents for the leaflet "Make-Up Magic," which tells how.

## The Cottage Fallacy

By BILL SMILEY  
Occasionally, I think how pleasant it would be to have a summer cottage. Just a cosy little place, on a lake, where a fellow could get away from it all; do a little quiet fishing and thinking. A spot to go on those long, lovely fall weekends, as well.

Fortunately, this manifestation of madness is brief. My well-developed sense of reality revives, and I breathe a little silent thanks that I have not been hooked.

A summer cottage, thirty years ago, was a joy to the heart, a balm to the nerves, a refuge from relatives, a source of spiritual rejuvenation.

Today it is almost guaranteed as an ulcer-maker, a nerve-wrecker, a spirit-smasher. It is an albatross around the neck of its owner, who winds up each season looking and feeling about as spry as the Ancient Mariner.

First, and perhaps worst, there is the sheer, shocking expense of the thing. A man could keep three mistresses swathed in mink for what a cottage costs him.

Thirty years ago, you bought a lot from a farmer, who thought you were out of your mind, for \$50. You had a local carpenter whack up a cottage for about \$400. For another \$35, you picked up a stove, some beds and a few other odds and sods of furniture, at auction sales. And you were in business.

Today you fork over about \$1500 for a lot, erect a modest cottage for another \$3500. And you're just beginning. It costs a year's salary to outfit the place. Then there's a well to dig, plumbing and hydro to install, and a boat to buy that is bigger than that of the guy next door.

In the old days, a man could keep his family in dignified comfort at the cottage for about ten bucks a week. That, gentle reader,

is eighty dollars for the whole summer. They got their fuel in the bush. They bought vegetables and milk, chickens and eggs, from the local farmer at prices that make one weep with rage today. Once a week, the family went into town and loaded up with grub, coal-oil for the lamps, and a round of ice-cream cones, for about eight dollars.

In these enlightened 1960's, keeping the family at the cottage is like watching blood pour out of an open wound. There's wood to buy for the fireplace, and gasoline for the boats, and hydro bills and taxes and repairs to the plumbing system. And there's the thrice-weekly swoop on the supermarket and booze outlets, to the tune of about thirty dollars a swoop.

But it's not only the financial aspect that appalls me. It's the communications and transportation progress that makes a cottage owner go around all summer with a severe facial twitch.

In the good old days, a man drove his family a hundred miles to the cottage and left them there until Labour Day. He didn't see or hear one of them for eight weeks. Those were, indeed, the golden days.

Nowadays, the poor guy has had a couple of long-distance calls telling him that the toilet is leaking and the kids all have pink eye and his wife has run out of money because she had quite a repair bill on the Volks after backing it into the boat trailer.

Then he's expected to drive a hundred miles Friday night in traffic that would make a bishop blaspheme. He arrives just before dark, to find that the pump has broken down, the kids have wracked up the boat, the baby has drowned but has been revived by artificial desperation, and the next-door neighbours, who never know enough to go home, have been invited in for a drink.

## BUBBLES without BOTTLES

Soda pop was given a boost around the 1830's when sweet syrups and other flavorings were added to the "soda water" first made in 1807. With the introduction of marble soda fountains at about 1855, soda pop soon became a popular favorite — particularly with the small fry.

Soda will be enjoyed any place, any time this summer. The high pressure problem of carbonated soda has been completely overcome by Continental Can, and new pull-tab soda pop cans will be going to the beach, to the country for picnics, and to children's parties.

You don't need an opener, and there's no danger of broken glass. And won't mother be surprised when she sees just how simple to open these pop-top cans are. They are a lot easier to store away than bottles, too.

## New books at the library

by Kay Dunsdon  
Among the new books which have come recently to our library, a fiction story based on true facts is Herod's Children by Ilse Aichinger, a very moving story of Jewish children living under great stress during a war. This is considered a classic in Europe and is translated from the German by Cornelia Schaeffer.

My Brother Jack by George Johnston, is a good story, based in Australia. It is written by a war correspondent for Time magazine, who now devotes his whole time to writing.

Factor's Wife, by Charity Blackstock, is set in the early 1800's in Scotland and deals with the Historic Clearances, when crofters were ruthlessly evicted, with extreme cruelty to wives and children.

If you are interested in Victorian antiques, a book by George Gutz is a good one to browse through. Tells of Victorian furniture, its appraisal and even re-finishing.

Porcelain Thru the Ages by George Savage tells in an interesting way the history of porcelain from ancient times. Savage is a recognized world authority on his subject. Another book that will be of help to parents this fall is Parents' Guide to New Mathematics. Here is the book to help dad or mother understand the modern methods being adopted throughout Canadian and American schools.

For juniors, The Children of Noisy Village by Astrid Lindgren is a tale full of fun and adventures beautifully illustrated by Iland Wickland. Several young readers have told us they enjoyed Judith of France by Margaret Leighton, a story for teen age girls. Monkey Island by Jane Rietveld and The Pup Who Became a Police Dog will be enjoyed by young readers.

We are still asking for the return of overdue books and will be phoning you, so we would appreciate your cooperation.

## Parliament Hill report

by Davo Pugh  
This could be the longest session of parliament in history. If we were putting through a great many items of legislation in a time of extraordinary change in the country, it might all be justified, but this is far from the case. Where legislation has been well prepared, it has been put through quickly, but in most instances legislation has had to be withdrawn or amended before becoming acceptable. It is a case of poor homework on the part of the government. Then, of course, the flag issue is complicating the situation — although to

date we have not actually spent too much time on it; however, the powers that be say that the question will be settled before summer recess, and as all parties feel fairly strongly, it now looks as though there will be no conclusion to this session during the summer.

Enjoying sunny Okanagan-Mainline?  
Investment is bright here, too.

The Okanagan-Kamloops has a big attraction for visitors. Warm, sunny climate, sparkling lakes and casual, friendly atmosphere make it an almost perfect vacation land.

But the Okanagan-Mainline area has another big attraction for visitors - it's an excellent place for investment. Land growth and rising real estate values mean property bought today will be worth more in the future. You have only to look at the licence plates on the cars you see in one day to realize the impact of the new major highways on the tourist industry. And more major highways leading to the Okanagan-Mainline area are under construction.

If you are considering investing in property, consider Okanagan-Mainline. Have a talk with a Realtor today. Remember, too, that through Multiple Listing, which commands the services of 215 salesmen and agents, your Realtor can provide you with details on every kind of property available in the Okanagan and Kamloops area. And his experience and specialized training enables him to advise you on your investment plans, too.

OKANAGAN-MAINLINE REAL ESTATE BOARD

Good still fishing at the far end.

**Agur Lake**  
No report.

**Headwaters**  
Good evening fishing.

**Beaver Lake**  
Good. Deer Hair or Nymph Fly.

**Bear Lake**  
Best in the evening on Wil-Leaf and Worm.

**Rose Valley Dam**  
Good still fishing.

**Some apple trees produce for century**

Although apple trees probably reach maximum productivity in 40 years, some live and give crops for nearly a century, observes R. P. Longley of the federal agricultural research station at Kentville, Nova Scotia.

But age eventually leads to their demise and other factors like winter kill take a continuing toll of trees, says the researcher who has completed a study of census data spanning several decades that give an impressive indication of the rate of disappearance of apple trees.

Tree disappearance in Canadian apple orchards amounted to 29 per cent during the decade ended with 1911. The percentages for successive 10 year periods are 12, 30, 59, 56 and 43.

The conclusion was that the proportion of young trees in an orchard should be kept at about one-third of the total number to allow a grower to continue at the same level of operation.

Beautiful Dorothy Harpell, singing star of CBC-TV's Keynotes, which originates in Edmonton, moves to a new day and time on the network. Keynotes is seen throughout the summer in an early evening time slot on Saturdays. Miss Harpell's distinctive song stylings and good looks mark her as a 'comer', as they say in show biz.

**A Good Business Buy**

**Chicken Ranch and Orchard**  
A money maker. Large, well built chicken house with over 7,000 square feet. Also storage and grading room for eggs. Some 3,000 laying chickens. Over 400 weekly customers. Plus 1/2 ton truck and a great deal of equipment. Also a few acres of pears.

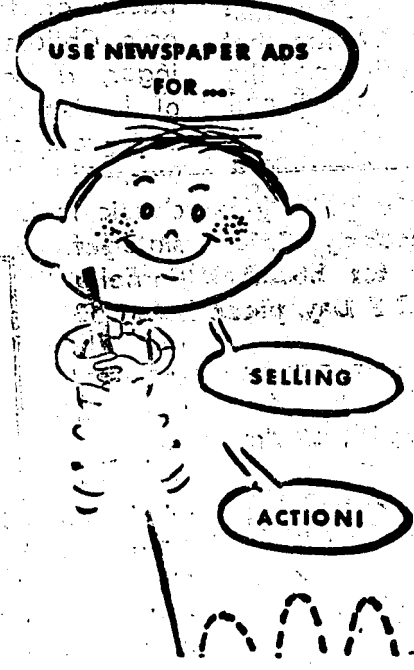

Two separate 2 bedroom houses, fully modern - 220 wiring, domestic water. Some finishing on one house, which is nearly new.

Producing over \$20,000 in eggs. A going business and a good buy for \$32,500, approx. 1/2 cash. MLS

**Three Bedroom Home**  
A beautiful home with nearly 1,300 square feet of living space. Garage. Wall to wall carpet, tile kitchen and bathroom. Living room has stone fireplace, double picture window. The finest finish throughout on large, well located lot. \$15,750, part terms can be arranged.

# Milady Votes For Independent Action

The ladies, bless 'em, have improved their lot a good deal since the days of the kitchen woodstove. Now bright, white appliances stand ready for their command; frozen foods are in the freezer; and little cans of pre-cooked goodies line the shelves.

Makes you wonder why they need a stove at all — a can-opener and a few candles to heat them might do fine!

Actually, all these kitchen improvements are a good thing. With fewer chores at the stove, milady has much more time to enjoy life, and who can blame her for taking advantage of progress? A wife should have independence; it makes for happiness all round.

Nowadays, if the modern wife wants to visit in the next city, she goes; if she feels a new hat coming on, she buys it without reference to the Master for every penny she wants to spend. That's financial independence. A wife likes to feel she hasn't lost all her independence to become 'just a housewife'.

You know, it's surprising how quickly this 'independent' feeling grows when she has her own Bank of Montreal savings account. She deposits small amounts regularly, and when she wants ready cash for a new hat or a pair of shoes, it's there at the B of M, with interest.

Why not visit the Summerland branch of the B of M soon? The accountant, Don Carmichael, will be glad to show you how easy it is — and how profitable, to open a B of M savings account.

## Timely Facts from the Fair

The first clock that we know anything about was the shadow clock built for King Thutmosis of Egypt about 1500 B.C. Made of three pieces of wood, this clock told time by measuring the length of a shadow thrown by the sun. Mechanical clocks were not invented until about 1300, 200 years before the discovery of America.

The first Swiss watches were made by the Huguenots around Geneva at the end of the 16th Century. Today, 47 million timepieces are made in Switzerland each year, 97% of which are exported.

Among some of the unusual timepieces on exhibit at the Swiss Watch Pavilion at the New York World's Fair are: the world's smallest watch — it's the size of a paper match-head; a \$25,000 watch with a case made of jewels set in a genuine moon meteorite; and the world's smallest self-winding timepiece — it's smaller than a dime.

Also Two Vacant Lots and One Waterfront Lot

Contact Roger A. Forsyth, Trout Creek

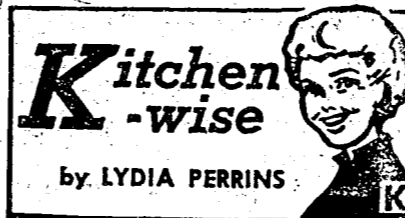

### Employment

situation bright

Favorable employment conditions existed throughout the month of July, reports Irvine Moss, manager of the Penticton National Employment office.

Increased demand occurred in the area during the past month for workers in the orchards, packing houses and service industries.

A similar buoyant economy is predicted for the month of August.

**Kitchen-wise**  
by LYDIA PERRINS

### Summer Entertaining

An attractive make-ahead salad for luncheon guests or summer supper buffet is prepared with shrimps and jellied tomato juice. Serve with soft, buttered rolls, or keep the calories low with Swedish crisp bread.

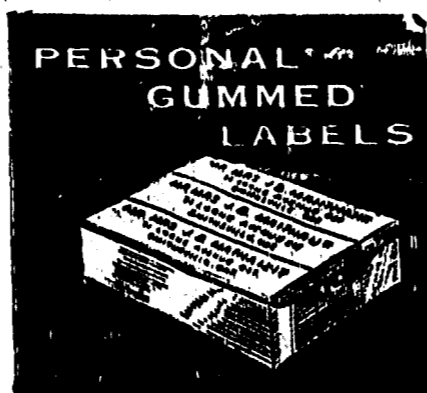

#### TOMATO SHRIMP ASPIC

1 envelope unflavored gelatin  
2 cups tomato juice  
1 tsp. sugar  
1 tsp. Lea & Perrins Worcestershire Sauce  
1 can (4 1/2 oz.) cleaned, deveined shrimp  
Salad greens and sliced cucumber  
Mayonnaise

Sprinkle gelatin over 1/2 cup cold tomato juice to soften. Heat remaining tomato juice to almost boiling; add softened gelatin, sugar and Lea & Perrins. Stir until gelatin is dissolved. Chill until slightly thickened. Drain shrimp; rinse in cold water and drain a second time. Fold into gelatin mixture. Turn into individual molds. Chill until set. Unmold on salad greens and garnish with cucumber. Serve with mayonnaise. (Makes 4 to 6 servings)

### Council briefs

The Summerland Elks lodge has purchased the former post office in Summerland (on the lake) with the intention of renovating it into a lodge building and a letter from their solicitor requested council to consider re-zoning this property to the correct category.
