Summerland Pee Wees lost out in the valley finals over the week end to Vernon by a score of 5 to 3.

Local goals were by Ron Taylor, George Jenner and Ken Haddrell.

### Successful

#### ladies' bonspiel

Keeping up the tradition of wins on local ice, the Summerland lady curlers skipped by Florence Molnes won the A Event in the ladies bonspiel here last week, while another Summerland group, the Norma Lichtenwald rink, took second place.

In the B Event, Summerland's Gladys Smith rink was just edged out by the Lois Webb rink of Penticton. Penticton rinks won the D Event and a Kelowna crew C Event.

### Superintendent to address PTA

Guest speaker at the March 19 meeting of Trout Creek PTA will be L. A. Matheson district supt. of schools. The group will meet in the Trout Creek School at 8 pm.

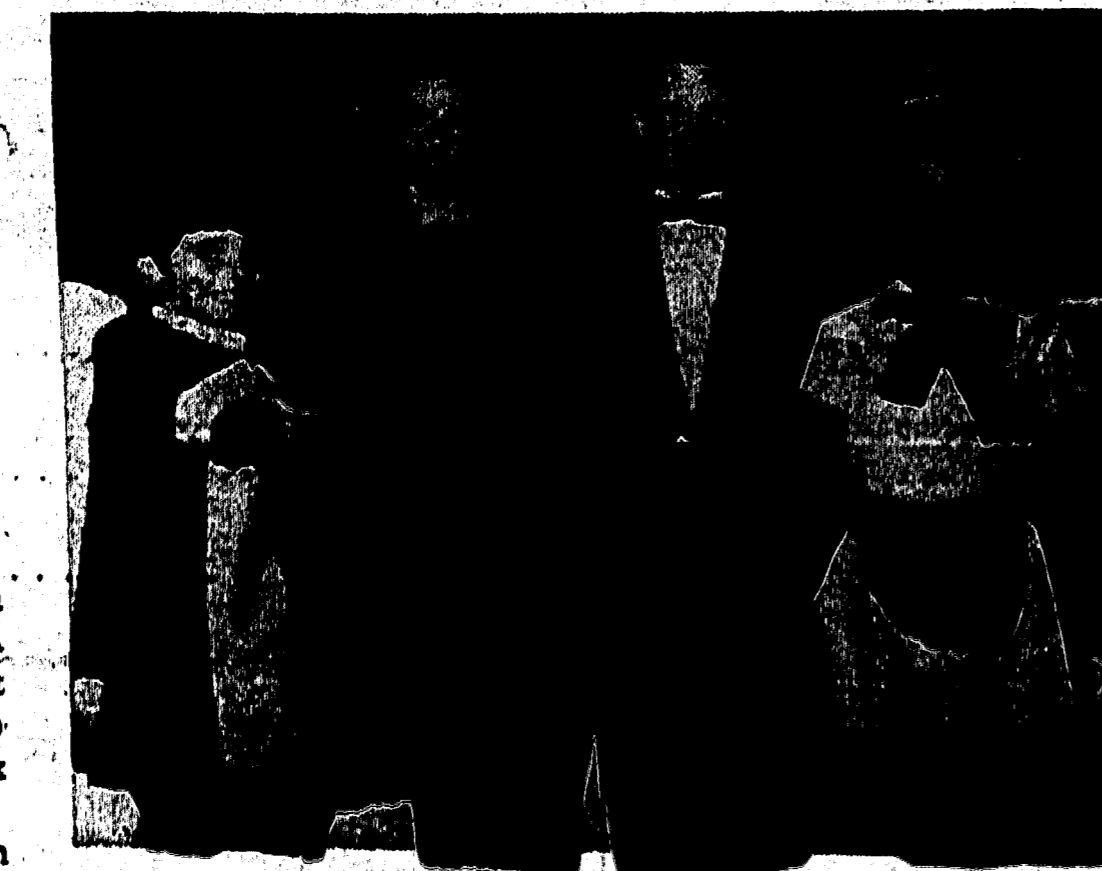

Mr. Matheson will talk on school administration and will clarify the relative roles of the superintendent and local school boards.

'Around the World in 80 Days' is the theme for the annual figure skating carnival Saturday. Here Anne Forster, Ross Fitzpatrick and Cathy West try on their costumes for the big night.

Rikka Guttormsson and Judi Steele invite you to come and watch the 120 performers.

Sheri Nistor, Cathy Minchin, Ricky Raizloff and Laurie Moore take a final practice swing along with the many club and valley champions who will take part in the show.

## Tourist developments present problems

Tourist development within the municipality has presented some problems to council recently. One of these concerns a new motel unit in the Trout Creek area; the other, a proposed tent and trailer establishment in the Peach Orchard district.

Council tabled a petition objecting to the proposed establishment of a motel on the highway in Trout Creek.

Reeve Norman Holmes, speaking of the petition signed by six Trout Creek property owners, said he felt that a new motel could be considered detrimental to property values as was contended.

Members of council, indicating they concurred, agreed that under the new zoning regulations for Summerland the area in question will be zoned for motel development, and will receive that designation when the bylaw is passed.

Late in 1963 John Lichtenwald informed council that he planned to utilize his Peach Orchard holding for a tent camp. This property is fairly close to Peach Orchard park and now is zoned for such use.

Under the new town plan, so far incomplete and not written into law, the property would not be in the correct zone for such use.

Council later received an objection to the proposal from a neighbor, who said the plan would devalue his holding,

and that it would be in the wrong location for such outlets in the overall development of the municipality.

Early in January this year Mr. Lichtenwald received a letter from the municipality indicating it was felt his development would be inadvisable. Town planner Gordon Hirtle pointed out a number of points that supported this, one being all tent-trailer development should be in proper areas, where they can be serviced. Drainage and sewage were other angles cited.

At this week's council meeting Frank Haar, as legal representative for Mr. Lichtenwald, asked reconsideration of the plan.

Mr. Haar pointed out that the holding is presently zoned to permit its development and nothing is "on the books" to prevent it.

Reeve Holmes asked that a report by the zoning commission and the sanitary inspector be prepared. Council will then give Mr. Lichtenwald's request full consideration.

## New box shook plant planned

Construction of a \$50,000 box factory has been announced by P. G. Agur, well known Summerland lumber man. This will put Summerland back into the box-shook business, which it lost when the old plant on Station Road was closed about two years ago.

The 4,000 square foot structure that will house the plant will be erected on the seven-acre municipal property near James Lake, if Mr. Agur and the municipal council can come to terms over the holding. The site has been available for sale for some time and the

real estate board of council has been asked to establish the upset price for it.

The area comes within the industrial zoning of the new town planning bylaw.

Completion of the plant and getting it into production for the current season is Mr. Agur's intention. Mr. Agur states he expects to hire at least 12 men initially. Expansion will depend upon markets and demand for both box shooks and the other wood products it is planned to manufacture in the new plant.

### NEXT STOP KIMBERLEY

## Thrilling juvenile win over New Westminster

The swift playing Summerland Legion Juveniles packed their bags this week end and headed for Kimberley for a shot at the provincial hockey title.

Originally, it had been expected they would only have to go as far as Trill, but in an upset victory, the Kimberley crew took the Trail team winning the right to meet Summerland in the finals.

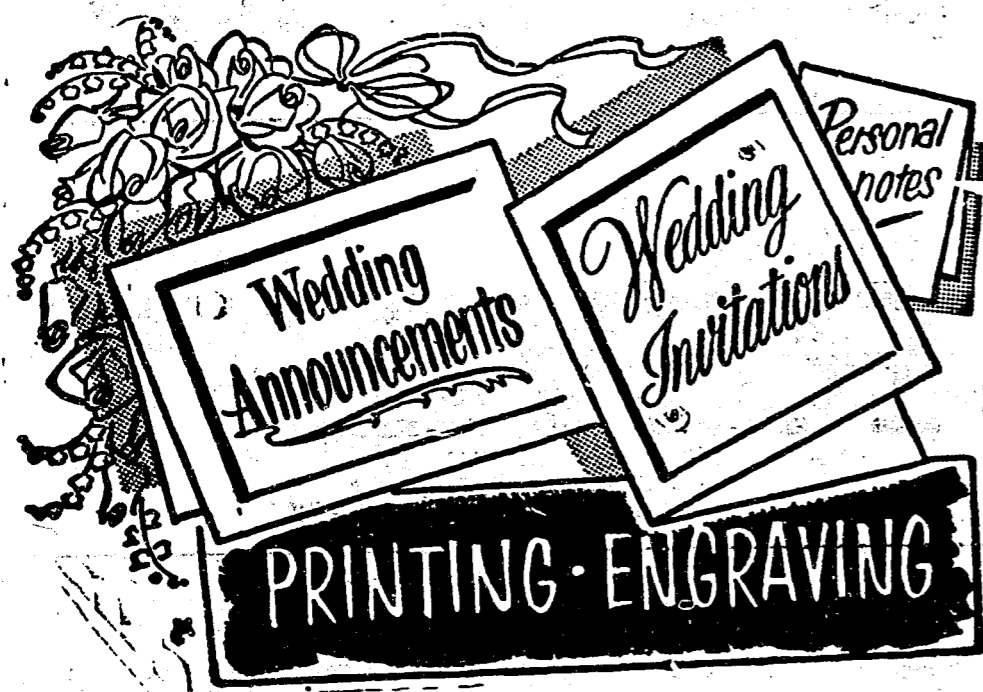

After their easy defeat of Dawson Creek for the northern title, the locals faced a far

different squad with the New Westminster squad. Cool, precision attacks and machine like play keyed the action of the visiting crew.

Time after time the vigorous defensive and offensive work by the locals landed them into difficulties — and costly penalties. Nevertheless, the scoring in that first contest was dog-dog throughout with a two all tie at the end of 40 minutes of play. The scoring started with McGladery's tally at eight minutes for New West

minster followed by a counter by Kevin Macneil of Summerland. But Summerland was unable to retain the lead even after they got it, as the smooth playing New Westminster squad poured on the heat and scored six times to the locals four.

Going into the second game with this deficit, the Summerland crew seemed in a doubtful spot to everyone but themselves. Their determination, if not the smoother play of the (Continued on back page)

## Married in Penticton

A large gathering was present at the Church of the Latter Day Saints in Penticton on Saturday, February 29, when Joyce Marilyn, daughter of Mr. and Mrs. George Lund of West Summerland became the bride of Frank Hiber Jarvis of West Summerland, son of Mr. and Mrs. W. H. Jarvis of Provo, Utah. Pastor Roy Sumi officiated.

The bride entered the church on the arm of her brother, John Lund. She wore a gown of white satin with lily point sleeves; her veil in the fingertip, over the face style, surmounted by a tiara of pearls.

She was attended by Lauretta Beth Patton of Seattle as matron and Gurina Lund of Kamloops, niece of the bride, was bridesmaid.

For the wedding, the bride's mother wore navy blue, with

white accessories. The church was decorated with baskets of daffodils and iris.

Elder George Guy Anderson of Safford, Arizona was the groomsman, the ushers being David Lund, brother of the bride and Al Bues of Penticton.

Following the ceremony a reception was held in the Rosedale Room with 120 present. Catering was by the Eagles Auxiliary with Mrs. Oscar Nilson hostess.

Attending from out of town were Mr. and Mrs. Wayne Patton of Seattle; Mrs. Rose Moroy of Blaine, Wash.; Mr. and Mrs. L. K. Rumley, Mr. and Mrs. J. C. Lund, David Lund, Mr. and Mrs. Maki, son, Al, of Vancouver; Mr. and Mrs. Jim Donald, Mary Ann and Alec of Kelowna.

The groom's gifts to the bride and to the bridesmaids were necklaces and earrings and to the groomsman, cuff links.

The young couple left on a honeymoon in Salt Lake City and were married in the Salt Lake Temple. Open house was held at the home of the groom's parents on March 6. The couple will make their home in Summerland.

## Victory supper for hockey players

Mr. and Mrs. John Selinger entertained all the Summerland juvenile hockey players and their girl friends, 42 young people on Sunday following the victory game.

## Pre-Natal Budgeting Cuts Baby's Fiscal Impact

It's a happy home when a new baby is on the way, and the parents to be are happier than ever when the extra costs involved are taken care of.

Mr. Jock Johnston, manager of the Summerland branch of the Bank of Montreal, suggests that many Canadian couples about to have their first child, often don't realize just how costly parenthood can be. Medical bills for Mom, the baby's layette, the furnishings for his room, and baby food are all expensive items.

That's why Mr. Johnston suggests it's a sound idea to plan ahead financially for your Great Expectations. Why not plan a B of M Stork Savings Account? Simply work out an estimate of the costs involved, divide the amount you'll need to save by the number of months remaining and deposit that amount in your B of M Stork Savings Account regularly each month.

Your local B of M has a useful folder on the subject called "Paying for your new baby". Why not drop in and pick up a copy, or, if you wish, phone Mr. Johnston, who will be glad to mail you one on request.

## MacDonald and Trout Creek Schools

### Primary Registration

## Take a bow, mothers

They are everywhere — the mothers at the arena during the preparations for the annual figure skating carnival, which occurs this Saturday. Last week while taking pictures of the young skaters, we found that every young performer had a mother assisting. They have been coming to the arena to help mastermind the preparations for the event. Some have done even more, helping with the record player and other items in the background. So before the carnival, when the spotlight will be on the youngsters, we'd like to put the spotlight on the mothers — and say thank you.

## Ah, telephones

The telephone is one of mankind's greatest blessings and one of his greatest curses.

Most people would agree that it would be very nearly impossible to get along without it, and yet there are times when the urge to rip the devilish instrument from its moorings and hurl it through the window is overwhelming.

And probably the most infuriating kind of call of all — except for the wrong number at 3 a.m. — is the advertising pitch made by phone.

The one which goes: "Mr. so and so? Congratulations, sir! You have just won such and such contest which entitles you to one free lesson of Indian wrestling. If you will drop down to the studio Monday arrangements can be made to sign up for the other nine lessons for only \$25."

This type of call, as we say, can be maddening. And there is not much which can be done about them. Telephone subscribers are quite literally at the mercy of anyone who has a dime.

However, up until now calls of this sort have been mercifully rare. Why, we don't know unless it is because even the type of mind which uses the phone for this purpose has grasped the obvious that far from gaining goodwill for his organization through this sort of advertising, he is building up ill will.

At any rate, there is worse to come.

Two men in California, of course, where else — have come up with a gimmick which may well drive us crazy before a defence is found. They have evolved a machine which can take a list of 50,000 telephone numbers, call them, tell when a voice answers, play a tape recorded message, say goodbye and hang up. Or call you back if the line is busy, or if you are out.

The possibilities are staggering. What about a political campaign, for example? Or a "message" urging you to buy Shunk's Toasty-Woasties?

The future looks grim, indeed with this latest assault on our privacy. Of course, one can always hang up until a better defence comes along, but that still leaves the householder in a frustrated, enraged state bordering on apoplexy. There is not much satisfaction in trying to "tell off" a recorded announcement.

What about a device which could be attached to a home telephone which would screen out calls such as these before they even ring?

Inventors: invent, please, before we all go out of our minds with this latest machine to plague us in our homes.

## Twin Piano team here on Monday

A rare musical treat, in the form of a husband and wife two piano team, will be featured at the next in the Overture Concert series. It will appear in the Summerland secondary school auditorium on March 16.

Nelson and Neal, who in private life are Mr. and Mrs. Harry Neal, differ from many concert duos in two respects. First, they travel by a specially constructed bus, taking their three children with them. Secondly, they perform on two pianos.

Piano duets on a single instrument are fairly common; laying duets on two instru-

ments — keeping shading, pitch, tone and mood aligned to form wholeness of music is distinctive. When two artists can do this, and win raves from all over the continent, then it becomes more than rare.

The two — he from Tennessee, she from Australia, met at the famed Curtis School of Music in the United States.

The two piano works they will play here, as elsewhere, will include some numbers seldom if ever heard by regular audiences, as these are the products of their endless research into their favorite form of music.

## The bread of life

by Rev. D. M. Rathjen

"I am the Bread of Life. This is the Bread which came down from heaven, that a man might eat thereof and not die." John, 6:48, 50.

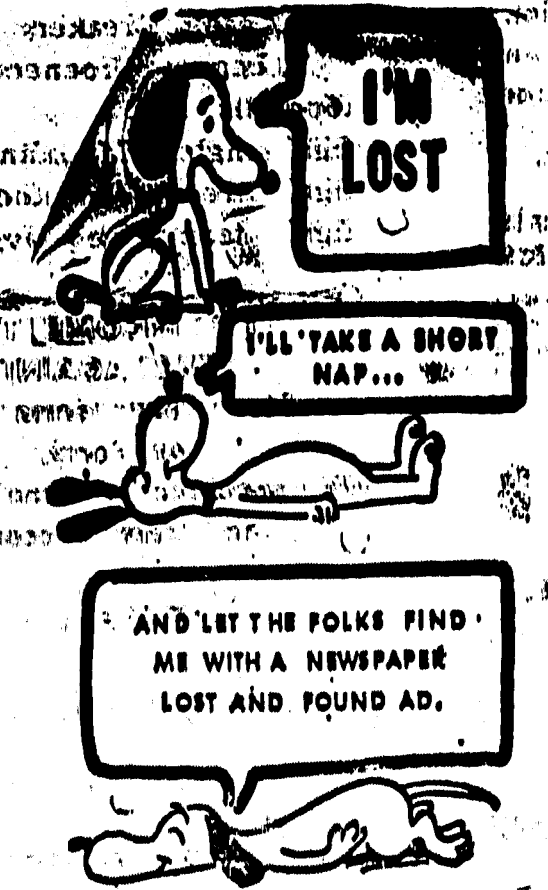

Bread is the common article of food on our tables. We recognize it as the "staff of life". Bread is the world's greatest physical need. In every land it is made in various forms from many different grains and is the staple food. We, in this land, are blessed with an abundant supply and are able to meet the need of much of the world.

In the above verses of Scripture Christ speaks of a corresponding need in our spiritual lives. He declares Himself to be the (spiritual) "Bread of Life", the Bread of God which cometh down from heaven and giveth life unto the world, (verse 33). He gave Himself on the cross "for the life of the world". (John 6:51)

Bread must be appropriated by each one, personally, to be of any benefit. It has to be eaten to sustain life. Jesus emphasized this fact in His discourse on the spiritual Bread of life (John 6:50). He said "eat thereof and not die, eat of this bread and live forever; Except ye eat, ye

have no life in you", etc

Faith in Christ is seen to be the means of appropriating this sustenance of spiritual life. "Verily, verily, I say unto you, he that believeth on Me hath everlasting life" (John 6:47). Partaking of Christ by faith gives us spiritual life and hope of resurrection to eternal life (John 6:40). Many have rejected Christ as the only source of life, to their eternal loss; but may we be as His disciples who said: "To whom shall we go? Thou hast the words of eternal life"

# Next stop Kimberley

(continued from front page)  
second game finally paid off.  
First, of all, in the first period there were two equalizing goals by Dwayne Biagioni and George Peacosh. Then Joe Beggs put the locals in the lead, while the fans roared approval. But the glory was not yet, for New Westminster came back to equal the tally at 7 all for the end of the first period.  
But immediately New Westminster knew this was a different team than they had faced the day previous, as

with only a minute and a half gone Beggs slapped in another shot to put Summerland in the lead. The score remained for the balance of the second, but as the third stanza opened, Ray Wallis levelled it for New Westminster.

The 8-all tie remained for some time, as Summerland fans hoped the Cinderella team would come through. Then it happened. Sandy Brown slipped the puck to marksman Peacosh, who made it good, for another leader, and before the end of the game, Biagioni decorated it with one for insurance, to end the series 10-6 for the locals.

A charter bus left for Kimberley Thursday morning and with it rode the dream of the Monarch Life trophy, emblematic of juvenile hockey supremacy in B.C.

An easy to fix casserole that is tasty, filling and can readily be expanded to serve a small family or an invasion of friends and relatives is the old favourite, macaroni and cheese — but with a difference.

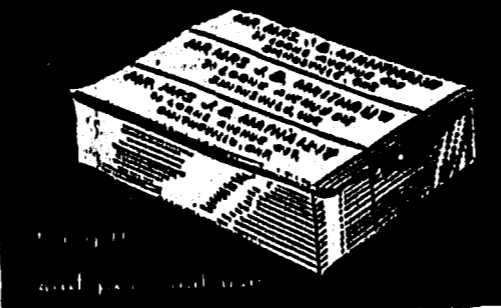

Served with green beans and buttered Italian bread, this is a menu that the cook can enjoy as much as her guests because it can be prepared while in advance and popped into the oven just 20 minutes before the meal.

1 cup uncooked elbow macaroni; 1½ cups boiling water  
2 tbsps. chopped green pepper ¼ tsp. oregano  
1 package tomato vegetable soup mix ½ tsp. sugar  
¾ cup chopped onion 1 small clove of onion  
1½ tbsps. olive oil

1 (7½ oz.) can tomato sauce, Powdered Parmesan cheese  
Cook macaroni according to package directions. Sauté green pepper, onion and garlic in olive oil. Add boiling water, soup mix, oregano, sugar and tomato sauce. Bring to the boil, simmer ten minutes. Combine sauce and cooked macaroni; pour into 1 to 2 quart casserole. Sprinkle with Parmesan cheese.

Bake in moderate (350 deg. F.) oven for 20 minutes. Serves 4 to 6 and may be doubled or tripled.

Mr and Mrs W. S. Rothwell have returned from a holiday in Escorido, California. On their way home they stopped at Santa Cruz and called on Mrs L. W. Rumball, Mrs E. R. Butler, the Jack Kirks and the Frank Nicolls. All of these will soon be returning to Summerland.

### Predicts good tourist season

Guest speaker at the Chamber of Commerce March meeting, Harry Patrick of Penticton, said that the association he heads, the Okanagan Similkameen Tourist Association hopes to have all accommodation in the area filled this summer.

Mr. Patrick answered questions on tourism from the audience and spoke on Penticton plans to attract more tourist dollars during all seasons of the year.

### Credit Union meets Wednesday

Summerland and District Credit Union will hold its annual meeting in the Rosedale Room of the Royal Canadian Legion on Wednesday, March 25. The function will be preceded by the usual pot luck supper.

Reports of directors and committees will be heard during the evening.

### Top performances in drama festival

At the 13th annual international drama festival held in Oliver March 11 to 13 eleven plays were in competition. Summerland Secondary School entered two — Bluebeard and The Dyspeptic Ogre. The latter, directed by Pat Barkwill was chosen as one of the best three plays presented and was called for the command performance Friday evening. After the performance, Mrs. M. Bouey and Pat Barkwill were presented with bouquets.

There are four coveted individual trophies awarded. Five of the Summerland players were among the candidates named for these. They were Neil Mason, Jacquie Mann, Louise Dunsdon, Ivan Sayers and Jeanette Perrin. Although none won a piece of silver, Neil, Louise and Jeanette were awarded distinguished performance scrolls.

The two plays will be presented in Summerland at an evening performance sometime toward the end of April.

## Well done, juveniles

Although you didn't bring back the cup, you played just as hard as if you had done so. What you did bring back to Summerland was the old spirit of 'never say die' that is the indication of a championship team. You also brought back thrilling moments to the minds and memories of all the home folks.

Your do or die spirit that never gave up even when the odds appeared darkest against you has been an inspiration to all in this community. It is something that the older folk will have to work hard to live up to.

The entire district was thrilled at your performances in Kimberley. Yes you did lose the final game but only after an heroic struggle that had all of us 'on our toes' throughout. The second game, of course, was one of the most exciting you played all season.

There's another season ahead, and we all sincerely hope you are planning to make a second bid to earn provincial honors for your home town. We are sure all will again back you to the hilt — and 1955 may well be your year to win.

## Wildlife films of Bella Coola

A series of wildlife motion pictures that are classed among the finest ever shown here will be held in the secondary school auditorium on Monday, March 23. These films were taken by Al Elsey, son of Mr and Mrs. Clare Elsey of Summerland. Al has been a professional big game guide and photographer for the past 13 years.

His pictures of the Bella Coola area and Rainbow Mountains, where he operated a hunting lodge, show the beauty of this rugged land and its wildlife.

As the films are of the habitat of the moose, deer and other wild animals, the two hour show is of particular value and interest to young people as well as their par-

ents. It is a live animal and fishing show, with no scenes from the many trips made by Mr. Elsey wherein a hunter shot an animal. But in place of this, the viewer is taken virtually into the daily life of the animals.

The showing is in five parts. The first film is Springtime and Steelhead showing scenery and fishing in the Bella Coola area. Next comes The Man and His Deer, a human interest film, showing how deer can be tamed and respond to kindness.

The others are Return of the Cariboo and White Water by Jet. The final film, The Bella Coola Indians and Their Food from the Sea, illustrates how the Indians catch fish and (Continued on back page)

White wings on the water — and colored ones — will soon again dot Okanagan Lake, as sailing craft take to the water. Such craft will have their southern valley headquarters at Evans Beach in Summerland. Those interested in sailing craft will learn more of it

from a film to be presented at The Studio, Trout Creek on Tuesday, March 24 at 8:00 pm. It is sponsored by the South Okanagan Sailing Association. Work has now commenced on the sailing group's clubhouse and lot shown in sketch above.

## Hospital meeting March 25

Annual meeting of the Summerland Hospital Society will be held in the Health Center on Wednesday, March 25 at 8 p.m.

Reports of the year's activities, as well as the future plans, will be forthcoming at this meeting.

In addition, there will be a guest speaker, Dr. D. F. Mor-

rison, (pathologist with the Okanagan Regional Laboratory who will outline the work of his division.

## Local growers featured on TV program Sunday

The newer techniques in peach growing and other pertinent information will be featured on CHBC TV this week end. The program will be on Country Calendar Sunday at 1:30 p.m.

The program will feature pruning and other items of current interest to peach producers.

Local growers interviewed include Bill McCutcheon, Rob Towgood, Eric Tait, M. Aoki, and A. Watt, provincial district horticulturist; and Dr. D. V. Fisher of the research station. Country Calendar is produced in Vancouver by Dick Boeking.

Mr. and Mrs. Alfred Ward of Grand Prairie, Alberta, are staying with his brother and sister in law, Mr. and Mrs. Walter Ward.

### TWO BUTLER BOYS

## Injured in car accident

Condition of Ken Butler, victim of a truck and car accident on Friday evening, was reported as improving on Wednesday. He remains unconscious and on the critical list suffering from multiple injuries.

Ken and his brother Malcolm were homeward bound on Friday evening when the accident occurred. They were within a half mile of Summerland's northern boundary, at about 6:45, when, on completing a turn their southbound car and a trailer truck which was proceeding north collided.

Cause of the accident has not yet been ascertained. But it was apparent that for some reason the car ran into the rear wheels of the trailer unit of the big transport, practically demolishing the front end of the 1955 Chevrolet.

Driver of the trailer unit, Norman George Smith of Vernon, was injured. Damage to the trailer was estimated at approximately \$3,000.

The two Summerland young men were taken to Summerland Hospital. Malcolm was suffering from minor injuries and shock, and has since been discharged from hospital.

The two boys are the sons of Mr. and Mrs. Alan Butler of Summerland.

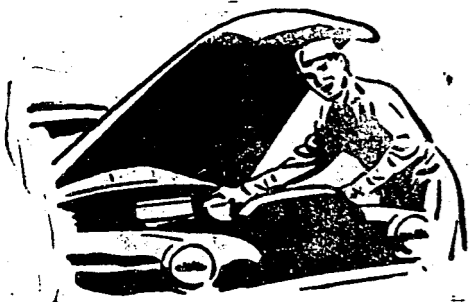

## Winners in elocution contest

Mrs. Graham Bouey (above) presents Hazel Lynn with an merit award in an elocution contest sponsored recently by the Summerland WCTU. At left Mrs. L. Hunt, presents a public speaking award to Tommy Rathjen. During the contest, held in the Pentecostal Church, piano solos were given by Graden Ratzlaff and Lynn Gartrell.

Mrs. George Inglis  
honored by WI

On Friday, March 13, members of the Women's Institute met in the Parish Hall with Mrs. Inch in the chair. Roll call was answered by naming something Irish for St. Patrick's month.

Then followed one of those rare but very pleasant tasks, when the president presented a life membership certificate to Mrs. George Inglis, who for over 40 years has been an untiring worker in the interests of Summerland's WI. With a few very suitable words of praise Mrs. Inch pinned a beautiful corsage on her and then led the members in a rousing chorus of For She's a Jolly Good Fellow. Last month the Chamber of Commerce honored her with the Reid Johnston Good Citizenship Cup and the members gave her a standing ovation for that also.

Reports were given by committee heads and Mrs. Kinvig presented a very informative report on the recent Cancer meeting.

Guest speaker was F. E. Atkinson who explained the aims and hopes and purpose of the promotion committee of the proposed Summerland museum and compared its value and cost to the community as a whole, to that of a suggested indoor swimming pool.

Many historical items relative to this district which should be of interest to present and future residents and tourists are being held in storage pending a suitable, safe building in which to display them is built. If any local person has any items they would

be interested in donating to a museum Jack Dunsdon would be glad to advise them about it.

Mrs. Barrs thanked the speaker and while tea was being served, Mr. Atkinson answered more pertinent questions showing the increasing interest in a museum as Summerland's proposed centennial project.

Socials

Mrs. Ken Walden of Edmonton is visiting for a month with her mother in law, Mrs. T. A. Walden.

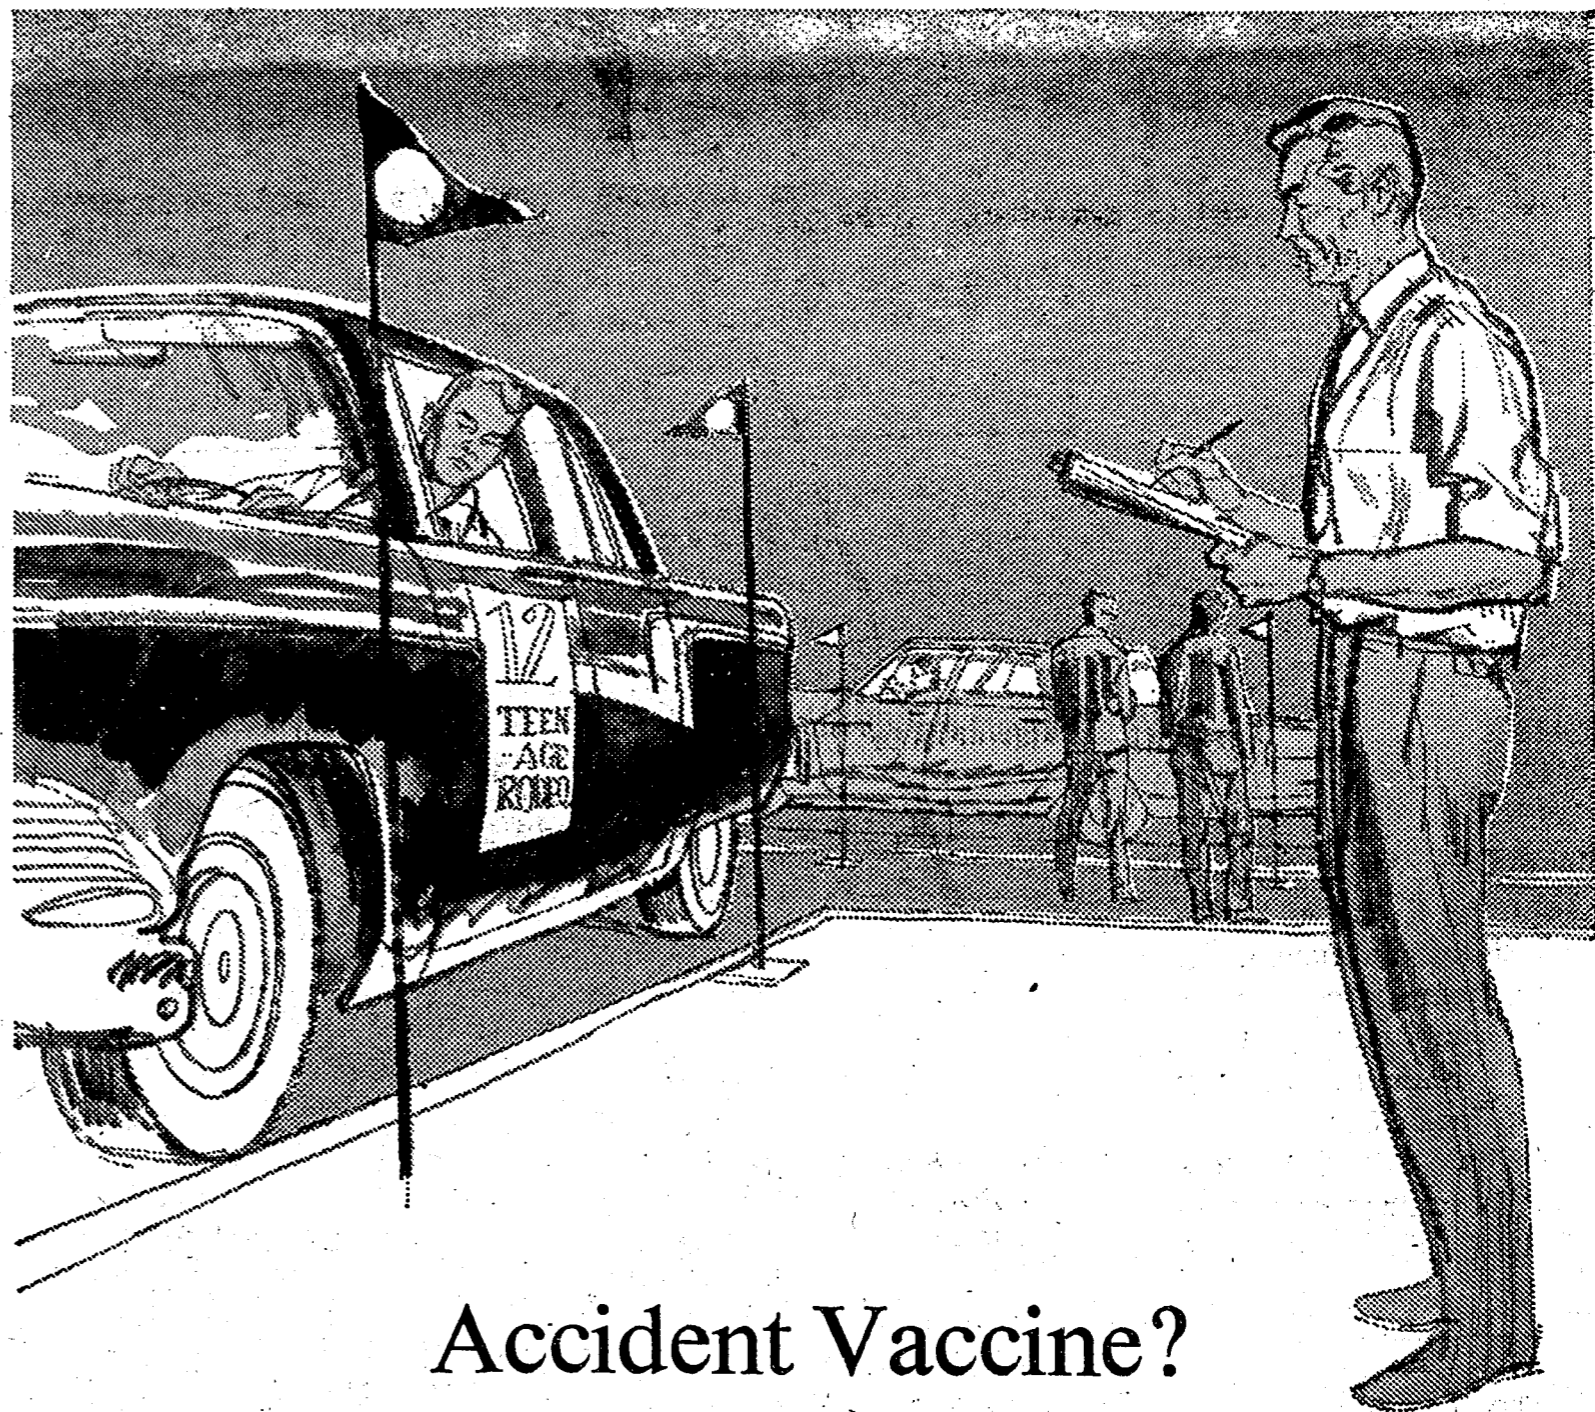

Over the week end Mrs. Dave Nisbitt of Kamloops visited her mother, Mrs. T. A. Walden.

Mrs. Gilman has returned from a holiday in Hawaii.

The infant daughter of Mr. and Mrs. George Ryman was given the names Kathryn Amy Louise at a baptismal service in the United Church Sunday morning.

Mrs. J. S. Wilson and Miss Rose Ryman have returned to Armstrong after spending several days with Mr. and Mrs. George Ryman.

Mrs. A. Bergman of New Westminster visited with her sister, Mrs. George Ryman and attended the baptismal service on Sunday morning.

Accident Vaccine?

WELL, NOT EXACTLY. Ten years ago, polio was a major killer of youth; today, vaccine has made the disease a comparative rarity. But, even when polio was claiming lives by the hundreds, traffic accidents were killing more people under 25 than any other single cause of death—and they still are.

Do we have an accident vaccine?

No. People can't be vaccinated against accidents, but the toll can be reduced through the teaching of cor-

rect driving habits—and safety habits—to our teen-age population at the formative stages in their lives.

This is what the automobile insurance business does through its sponsorship of the National Teen-age Safe Driving Championship—the culmination of a coast-to-coast series of safe driving competitions involving more than 30,000 young drivers in 225 Canadian communities each year.

# Juveniles try hard, but lose to Kimberley

Summerland Legion Juveniles went, saw and were conquered at Kimberley last week in their search for a provincial title.

The tally was 2-1 for Kimberley in the first game; 4-3 for Summerland in the second game after overtime; and in

the third it was Kimberley 6-3. The third game was the upset for Summerland as the Kimberley crew came out strong and took a lead that lasted them throughout the remainder of the contest.

From the outset of the second game it was Gene Peacock's game all the way, he tallying every score for the locals. But while Gene did the scoring, Ernie Pushkarenko

did the saving at the other end of the ice, and a whirlwind offensive and defensive play by the remainder of the team made for miracles.

No one could explain it, but there was a let down by Summerland at the first of the third and deciding game. And that was all that was needed to eclipse the local's chance of the big mug for juvenile hockey for 1964. The locals

staged a comeback but it was just too little and two late to do any good; for Kimberley had ended the first period with a 4-1 lead, retained it in the second, and again in the third, with each team tallying once in each stanza.

On their arrival home, Sunday night, the boys were given a rousing welcome by a large number of fans.

## Etter wins senior curling for sixth straight year

The Senior Mens Curling Club have again completed a successful season with seven rinks competing during the year.

In the round robin play off for the Hallquist Trophy, the Etter rink made a clean sweep with six wins. This makes the

sixth time he has skipped a rink to victory. On his rink were J. Stevenson, Ed Arkill, and Tom Ritchie. The Carter and Paterson rinks were runners up with two losses each. In the open 'spiel a rink with Del Carter skip, Bob Cuthbert, Gavin Paterson and Joe Stevenson made a creditable showing, placing second in the B Event. This rink also won the southern valley playoff in Penticton.

On winding up the season,

the members presented Harvey and Hilda Eden with a gift in recognition of their willing and cheerful help and every member hopes they will be back next fall.
