

Under The Giant's Head

On Wednesday afternoon a number of motorists found that speeding through the Trout Creek 40 mph zone can be costly. A radar trap was set up early in the afternoon and in the space of a half hour five speeders fell into it. Each will appear in magistrate's court in due course.

The weather is becoming more like the Okanagan with 39.1 hours of sunshine during the past week.

Library: Notes from page two by Michael Farrell is a mighty novel of Ireland, set in a middle class Catholic Ireland of John Redmond's time, but roaming loosely over the history of the troubled times.

The Best Stories of Phyllis Bottome and a satire on American life, The Great Auk by Eckert round out a varied reading choice.

Winners in the South Okanagan Contract Bridge Club play on Monday were:

North-South: Ken McInnes and Bert Berry; W. Coventry and R. Phelps; J. R. Stewart and Dorothy Stwart; Mrs. A. Forsyth and V. Andrew

East-West: Jean Bennest and Joan Grimsdick; Mrs. A. Morgan and D. T. Morgan; Harvey Eden and J. Dunn; Muriel Holman and John Holman.

This is the season for violets and an African Violet Show and Tea is to be held at the IOOF Hall on Saturday afternoon starting at 2:30.

Violet fanciers are being invited to take their plants to this event. A quilt is to be drawn for and there will be door prizes as well.

Services for William Hockley

Family funeral services were conducted April 24 for William Hockley, 90 who died in Summerland Hospital April 22.

Mr Hockley was born in London, England and came to Canada in 1888. He had been a resident of Summerland for the past 38 years. He was predeceased by his wife in 1920.

He is survived by one son, Vernon of West Summerland; one brother Fred of Brandon, Manitoba and two grandchildren.

Rev. Norman Tannar officiated at the funeral services conducted at Wright's Funeral Home with interment in Peach Orchard Cemetery.

WEST SUMMERLAND NO LONGER

Postal name changed to Summerland

Blossom time in Summerland

The post office in West Summerland will handle all mail deliveries after the 29th of May. Shortly after that, as soon as changes in the post office dies and accounting can be made, the name will be changed to Summerland.

The present post office in Summerland will be closed, coinciding with the retirement of the present postmaster, Ivan Philipps. Those persons presently served by the lower town post office will receive their mail by rural delivery.

The information on postal changes was received in a letter from T. Bond, director of postal services, who indicated the changes would be made as soon as possible. Efforts are being made to establish a sub-post office in lower town.

Plan now for fall fair events

Officials of the Summerland Fall Fair at a recent meeting, suggested some changes in the prize list. They also recommended that home gardeners and others interested in the fruit and vegetable classes plan now for the September affair.

The 1964 list will lack the Winesap class.

The cabbage class will be divided into two parts, with a prize for green and red entries. There will be a new class for Spanish onions and also one for six onions.

Three classes for squash are being created; one for Hubbard; one for Acorn and a third for any other variety.

A class for eggs from bantam poultry will be included.

Good marks made at music festival

Tommy Rathjen, son of Rev. and Mrs. D. M. Rathjen, scored a hit and two wins at the Okanagan Valley Musical Festival in Penticton on Tuesday. Tommy was among the many competitors, and several winners that came from Summerland to Penticton for the annual event.

In making a hit both with adjudicator Leslie Regan and the audience, Tommy topped a class of a dozen entries in the under-11 pianoforte solo. He made 88 marks despite the fact he didn't use the pedal.

Later Tommy came off with top honors in the vocal solo boy or girl under ten class,

again with 88 points. In the pianoforte under ten class Eric Munn scored 83 marks only four from the top award. Leonard Geres won first in the under 12 piano class with 86 points. Judy Heales was third with 84.

Also on Tuesday, Margaret Johnson tallied 83 for third place in the girls under 12 vocal solo.

Philip Rathjen was one point off the top in the boys under 12 vocal solo. In Summerland was represented in the Bach piano solo open class by LaVerne Lynn who scored 92 for third place and Ruth Lapins who tallied 80.

Debbi Stoney and LaVerne Lynn received 80 and 78 in the under 18 modern music pianoforte solo.

There were eight from Summerland in the first class at the festival on Wednesday morning. This was the pianoforte solo (acoustic) under 12 years. Second with Graydon Ratzliff with 84, while David Gartrell was tied for third.

In the under 14 pianoforte (acoustic) Lynn Gartrell was first with 85 points. Marilyn James second with 84.

The Grades 4-7 School Choir placed third in its class with 164 points.

BCFGA starts leaf analysis service

The B.C. Fruit Growers Association decided recently to back a leaf analysis service in co-operation with the B.C. Department of Agriculture and the Summerland Research Station.

The 3-way arrangement has the BCFGPA paying the analysts salary and collecting a \$3 fee per sample; the district horticulturist taking leaf sample and giving the results to the grower; and the research station providing laboratory facilities.

At first, nitrogen analysis only will be made, but plans include zinc and magnesium analyses also in a year or two.

Leaf sampling is expected to begin about the beginning of July and continue through July and August.

Council briefs

At council Tuesday night, A. Kaczorowski of Penticton applied to establish a tent and trailer camp on three acres of the Fraser McDonald property on Wharf St. in Trout Creek.

The application will be examined by the town planner, William Wotton of Trout Creek asked to have his land rezoned into the mobile homes category, which also will be studied.

A long time annoyance to pedestrians and motorists came up at Tuesday's council meeting.

This is the case where a garden or orchard sprinkler not only dampens its owner's land, but generously dowses the roadside nearby. The matter was brought to council's attention in a letter from C. E. Hogg.

Retiring building and electrical inspector R. F. Angus was honored when Reeve Norman Holmes thanked him for his work during the past 18 years and presented him with an electric coffee percolator.

James M. Minifie is a man with a nose for news. He is full time correspondent for the CBC in Washington, providing regular live commentaries for CBC radio and television. A native of Burton, England, 63 year old Minifie came to Canada at an early age and studied at Regina College and the University of Saskatchewan. A Rhodes scholar, he graduated from Oxford in 1926. His reporting days go back to the very start of CBC news service in 1941.

Libraries honor retiring leader

Mrs. Muriel Ffoulkes, head librarian of Okanagan Regional Library is retiring in June after more than 25 years of library service.

When Mrs. Ffoulkes (then Miss Muriel Page) came from the east to set up a regional library, she found a large unorganized area, the roads and transportation poor when compared with the present day. With her amazing energy and far-sighted ideas and help from influential people, she soon had the nucleus of the present large organization of 55 libraries throughout the Okanagan, serviced by a travelling van which calls at small places every six weeks and at our own Summerland library and larger ones every three

weeks. In this way new books and exchanges keep the shelves well stocked with reading material.

As a gesture of appreciation and farewell, the library has a gift subscription so that many who have enjoyed our library may take part in presenting a parting gift to Mrs Ffoulkes.

Library Notes

by Kay Dunsdon

In the last few weeks so many new books have come to our library that space will not permit a review of each book, so a list is here with a few comments to explain the contents.

In the non-fiction, the Human Brain by Isaac Asimov, is a simplified, easy to read book on the brain and its functions. Atheism In Our Time by Lepp; and Moral Education in a Changing Society by Niblett; and The Four Prophets by Phillips are in the religious and philosophy section. Bushland and Seashore by Robin Hill is a lovely nature book accurately illustrating the Australian landscape and fauna.

Project Apollo by Alexander is science fiction about Man to the Moon, while the Palliser Expedition is exploring by the British-American explorers of 1857-1860 by Irene M. Spry.

Bird's Nests in Their Beards by William Stevenson, who is a journalist and roving reporter gives an on the spot account of Indonesia and her troubles. He tells of the beauty of the country and its people and of their complex political situation.

General Gordon's Khartoum Journal is interesting reading of the India of his time while in contrast is The Unpunished Crime by Alfreds Berzins, a study of Communist takeovers. The Complete Book of Home Remodeling by Watkins is full of new ideas and Practical Wood Carving and Gilding by Wheeler shows how to do it clearly.

From Fear Set Free is a delightful biography by Mrs. Sahgal of India; as is a precocious autobiography of the young Russian poet Yevtushenko.

On the fiction section Ann Bridges has her usual good tale to tell — The Dangerous Islands; and Compton-Burnett in God and His Gifts tells of an English family in Victorian times. Thy Tears Might Cease (Continued on back page)

Chela Matthison, young Vancouver actress who recently completed studies at Canada's National Theatre School in Montreal has her first television role, a starring one in More Joy in Heaven, a five episode dramatization of the Morley Callaghan novel on CBC TV's The Serial.

All of us want Something

Why not follow the example of three million Canadians from coast to coast who plan to get what they want by saving at the Bank of Montreal. By doing this, you will not only build a fund for your particular purpose, but you can use the B of M in many ways. We shall be glad to discuss any of our services with you.

A B of M savings account does three things for you.

It helps you to financial independence and enables you to get what you want by saving.

It helps you to build a good credit standing — makes it easier to borrow money when the need arises.

It builds confidence and peace of mind.
There is no substitute for saving - and you will like saving at the B of M.

We invite you to come in and open a savings account with us. One dollar of your money and three minutes of your time are all that are required to start your 'My Bank' success fund.

One more thing you will find important: it is literally true that when we grant personal loans - as we do every day - our decision is influenced to a great degree by whether or not the applicant has a satisfactory savings account with us.

More than three million Canadians deposit their funds at B of M branches from coast to coast, and Jock Johnston, manager, would be pleased to welcome you to West Summerland branch and "MY BANK".

Half is not enough

Here in the Okanagan where fruit is so important, we sometimes forget that half our income dollar in British Columbia comes from woods products, industries.

Let's take a look at this half dollar. Half a dollar bill is a hard thing to exchange in the market place. A dollar bill must be complete before it is readily acceptable. So it is with the economy of our province.

Imagine, if you can, a disaster in which, in one awful fire, all the forests of British Columbia were destroyed. When the ashes cooled, mining, farming and perhaps fishing could eventually continue. But how well would the country prosper with only half its vital resources? Our remaining half dollar would be depreciated indeed.

Impossible, you say; all our timber could never be destroyed at one time, and this is true. The point point we should all remember is that while half our income comes directly from forest products, the sources of the other half of our income (including fruit) also depend on the moderating and conserving influences of the forests. Pure water, soil moisture, soil stability, moderation of climate and our scenic beauty are prime assets totally dependent on forest influences.

If our woods economy is to prosper into the future every citizen has the responsibility and duty to ensure that fire is kept out of the woods. Our young people must be taught that while the forest provides a large measure of our livelihood, it also provides an almost limitless playground, to be enjoyed to the full and to be guarded against its enemy, fire.

Let us never forget that in British Columbia, one way or another, we are dependent on our forests for just about the whole of our income dollar.

home John came from

by Rev P. K. Louie

"There was a man sent from God whose name was John". You find this text in the Gospel of John, 1st chapter. This man was a rather unusual fellow for he spoke the word of God. He came preaching the baptism of repentance for the remission of sins and he preached with authority.

There are some other reasons why John the Baptist came. He had the privilege of being born in a home of praying parents, the greatest gift that any child can have — to hear his father and mother pray. Children learn everything at home. They learn good manners, honesty and spiritual values at home. They also learn to lie and cuss at home.

A father wrote a note to the school teacher: "My boy came home from school the other day swearing, I wonder where the 1 1/2 !?! he learned it from?" Every child in this country is learning righteousness or unrighteousness at

home. — And then John had the privilege of being born of parents who kept the commandments of God all the days of their lives. When you keep the commandments of God, you are keeping all the commandments of life. Usually children know whether we keep God's commandments or not.

Finally, Joan came from a home filled with holiness. Marriage is called holy matrimony; it is a sacred thing and that's the reason why parents ought to be filled with the holy spirit. Remember when you became a parent, you entered the holy of holies to help God in his order of creation to reproduce the race and you ought to go into the holy of holies with God to help him to redeem the race. The greatest opportunity you have is to witness to your children at home, and is the greatest heritage you can give them, for it shall make them adequate for all of life.

Meet Mr. A.B.C.

- He Works for our Advertisers

He is one of the experienced circulation auditors on the staff of the Audit Bureau of Circulations.* Just as a bank examiner makes a periodic check of the records of your bank—so does Mr. A.B.C. visit our office at regular intervals to make an exacting inspection and audit of our circulation records. The circulation facts thus obtained are condensed in easy-to-read audit reports which tell our advertisers: How much circulation we have; where it goes; how it was obtained; and many other FACTS that tell advertisers what they get for their money when they advertise in this newspaper.

*The Audit Bureau of Circulations, of which this newspaper is a member, is a cooperative, nonprofit association of nearly 4,000 advertisers, advertising agencies and publishers. Organized in 1914, A.B.C. brought order out of advertising chaos by establishing a definition for paid circulation, rules and standards for auditing and reporting the circulations of newspapers and periodicals.

Local girl married in Penticton ceremony

A pretty wedding was held at the United Church chapel, Penticton April 25 when Linda Faye, daughter of Mr and Mrs Peter Eden of Summerland became the bride of Albert Proulx, son of Mr and Mrs George Proulx of Penticton. The ceremony was late afternoon.

The bride was attired in a short length gown of pink lace over taffeta. She carried a bouquet of carnations and sweetheart roses and white accessories.

She was attended by Miss Marjorie DeWitt who wore a blue and white brocade and nylon net gown and carried a bouquet of carnations and sweet peas. Groomsman was Lloyd Sunderman of Penticton.

Following the ceremony the guests of honor and relatives gathered at the groom's home for a reception. The couple will make their home in Penticton.

Plays well received

Two plays were presented to a delighted audience in the secondary school auditorium last Friday.

The Summerland plays entry into the One-Act play festival in Vernon presented both well known and new actors. The one act play by John Kirkpatrick is called *Some Women Were Talking*. Because of the illness of Mrs H. Waterhouse, the director Mrs Peg Deeder took a part. Others in the play were Mrs. Ivy Mason; Mrs Gwendolyn O'Leary; Mrs. Maureen Rogerge; Miss Dorial Muncen and Herb Waterhouse.

The South Okanagan Drama Festival award winning play, *The Dyspeptic Ogre* was presented by the school drama club. The cast of 11 was directed by Pat Barkwill.

The club's second presentation was *Bluebeard*, directed by Mrs Marion Bouey.

Between plays the Melodiers entertained with musical numbers. They are directed by Mrs Alma Fudge with Mrs Dorothy Morgan-accompanist.

HOSPITAL AUXILIARY

TAG DAY SATURDAY

Final arrangements for the tag-day on Saturday were made by the Hospital Auxiliary at its monthly meeting on Monday. Vice president Miss Doreen Tait was in the chair.

Miss Tait reported on the Hospital Board meeting. The group decided to purchase a single burner hot plate for the hospital.

The representative to the Well-Women Clinic will be Mrs. W. Brown.

An excellent month was reported at the Thrift Shop.

Two student teachers from UBC, Miss Jean Holloway and Allan McCall, are teaching in the secondary school.

Museum Notes

Former reeve F. E. Atkinson now head of the Summerland Museum Society gained a new mode of learning at the meeting of the museum group on Tuesday. Members of the group pretended shock at his ignorance on what a potato plow is like.

Mr. Atkinson was certainly not alone in his ignorance. A number of other visitors and residents who saw the odd contrivance in the Farm and Garden lost week wanted to know what kind of a plow it was.

George Dunsdon, while working for the electrical department on a new line to Adam Huva's South Victoria Road property, unearthed the weird old plow. His brother Jack commandeered it for the museum.

Not only has the proposed museum obtained this unusual item, it now has another and one perhaps more historic. The bell that used to summon assemblies and similar functions

at the old Okanagan College, now known as High Acres has been presented to the museum by David Munn.

At Tuesday's meeting the plans for the projected children's library and museum wing to the library building were discussed. A letter suggesting this as a centennial project will be presented to the centennial committee.

The 80 piece Lewison high school band will play at the secondary school Monday. This popular group, which is considered tops in the Pacific Northwest was here seven years ago. They will arrive on Sunday night and will be billeted in local homes.

Impeessa Imps FROM TROUT CREEK

Now that we are on daylight saving time the Pack spent the entire April 28 meeting outdoors. The meeting started with the Sixes following a trail laid by Rann. The trail started from the Church of God and ended at Powell Beach. Although the Red Six was the last to start they were the first to finish and Yellow Six started first and arrived last. Apparently Rann got his directions reversed.

At Powell Beach the Sixes went on a scavenger hunt for natural objects, again the Red Six was out in front. Then the Sixes competed in an obstacle race and a ball game.

The Red Six won the monthly competition by soundly beating the other Sixes. Congratulations Reds, well done!

On Saturday May 2 the Pack climbed Giant's Head. The activities centered around observing nature and stalking games. We also examined the Christmas tree stumps cut by the Scouts on their tree farm and saw how a new tree formed on the old stump.

It is planned to hold the meetings for the rest of the year outdoors, so check with your Sixer so that you will know where the meeting is to be held.

Juniors vs Oliver in league opener

First junior ball game of the season takes place this Sunday, when the Summerland Junior Red Sox play host to Oliver. Game time is 2:00 p.m. in the Memorial Ball Park on Highway 97.

Starting line up for the Red Sox is: Joe Beggs catcher; George Walton pitcher; Don Kennedy 1st base; Ernie Pushkarenko 2nd base; Blaine Pollock short stop; Larry Dent, 3rd base; Jim Sheeley, Keith Macinnis and Harvey Martin, outfield.

Coach Joe Sheeley predicts that his team will have a good year, and could wind up on top of the league. Other teams in the league are Penticton, Oliver and Grand Forks.

To start the game on Sunday, Reeve Norman Holmes

will throw out the first ball. A concession stand will be in operation.

At Monday's meeting F. E. Atkinson gave the troop a short talk on the history of Summerland, starting first with the early history of B.C. and the routes of the fur traders. He then brought the history up to date starting with the settling of Trout Creek by J. Gartrell and Duncan Woods and coming up to the present. This talk was given in connection with the Pathfinders Badge.

For the rest of the meeting the boys played Capture the Flag up Giant's Head slope.

Next week the troop will meet at 6:45 p.m. at the Youth Centre and will proceed up by car to the Faulder Campsite to help prepare for the forthcoming International Camporee May 22 to 24. Wear hats, scarves, long pants and jackets. Bring mosquito nets or sheets. Refreshments of hot dogs will be served after work.

Patrol standings are Buffaloes 114; Hawks 104; Eagles 89 and Beavers 73.

Rev. J. Richardson, Dean of Carey Hall at UBC was a recent visitor with Rev. and Mrs. Frank W. Haskins.

While here he spoke to a young people at the United Church. This was a united effort by the local churches to give young people an insight into church work.

Winners at the Monday meeting of the South Okanagan Bridge Club were:

North-South: 1st, J. Phipps and C. Phipps; 2nd C. Eisey and W. Hepperle; 3rd, G. Hepperle and W. Evans.

East-West: 1st, J. Gumsdick and M. Nolan; 2nd, Mr and Mrs. A. J. Berry; 3rd, M. Gray and Mrs. A. Forsyth.

Next Monday's meeting has been cancelled because of the holiday.

Sgt. Larry Crawford, son of Mr. and Mrs. A. F. Crawford, who has been visiting his parents, has left for Colorado Springs where he will join the NORAD band. The band is now on a tour and are playing at the New York World Fair and at Carnegie Hall. They will then tour in Canada and appear in B.C. shortly.

The new Marjay Fashions, operated by Mrs. Alan Butler, will open in the former Valley Style Shop later this month. It will carry many of the popular lines of ladies' ready-to-wear which were featured in the Valley Style Shop.

Herb Waterhouse brought honors to the Summerland Players group when he won the best supporting actor award at the Vernon Drama Festival last week. The play, *Some Women Were Talking*, will be presented in Kelowna next Friday on an invitation from the Kelowna group.

School bands' annual concert this Friday

The Summerland Secondary School Bands will hold their annual band concert Friday, May 15, commencing at 8:00 p.m. The program will include selections by the Grade 8 band, Grade 9 band and the Senior band made up of students from Grades 9, 10, 11 and 12. Also on the program this year will be piano and brass duets by members of the bands.

This year the band has also taken to the field as a marching band. The students have been practising under the direction of their band director, Louis Bizzo, and the marching band will make its debut on May 18 at the Keremeos Rodeo.

New Arrivals

Born at Summerland General Hospital to:

Mr. and Mrs. Douglas Rumball, a boy, May 9.

Mr and Mrs. Dennis Kean, a girl, May 10.

Mr. and Mrs. Lloyd Gartrell, a girl, May 12.

Jose Pereira is the informal host of the musical program A Song For You seen on CBC television each Saturday. Each week the program introduces a guest singer to help out with what he describes as unpretentious living room entertainment.

Festivities, bargains, prizes offered during Lilac Day

Bargain prices and free draws will be featured by merchants in Summerland during the annual Lilac Day celebrations on Saturday, May 23.

This annual event when stores are decorated with lilacs attracts many shoppers to take advantage of the

bargain prices and special offers.

A special feature during the day will be an auction sale by the Kiwanis Club on the Smith and Hill lot. Donations of useable articles for the sale will be appreciated. Phone Harry Hackman or Jerry Hallquist for pickup.

Members of the Onward Circle of the United Church Women will hold a Lilac Day Tea in the IOOF Hall.

School Board honors Tingley on retirement

B. A. Tingley recently retired as secretary-treasurer of the Summerland School Board after 16 years of faithful and efficient service. Mr. and Mrs. Tingley were honored by the Board at a dinner at the Prince Charles in Penticton on May 6, when 40 friends and colleagues gathered to wish them well.

Among those present for this occasion were Mr. and Mrs. Tingley's daughter, Valerie (Mrs. Wm. Tunbridge) of Chilliwack; G. W. Graham Assistant Superintendent of Administration, and S. E. Espley, Comptroller of Expenditures, Department of Education, Victoria.

Greetings were expressed by E. E. Hyndman, Chief Inspector of Schools; Jim Green, of Vernon, representing the B.C. School District Secretary-Treasurers Association; and S. A. MacDonald, who for many years was principal of MacDonald School.

Ken Boothe, a trustee and former chairman of the Board, presented Mr. Tingley with a movie projector and screen, and extended an invitation to Mr. and Mrs. Tingley to attend the annual convention of the B.C. School Trustees Association to be held in Vancouver in October.

Residents protest re-zoning plan

Six letters protesting the possible rezoning of a Trout Creek property for a tent and trailer site were received by council Tuesday night.

The letters, from residents of the area, argued that depreciation of surrounding properties would result if the camp was built. Many of the writers suggested a camp site would be better located in the West Summerland area as there were more businesses to serve the camper.

The request for a rezoning of the property has been given to the town planner

and council will make a decision following his report.

A Penticton lawyer wrote council on behalf of a client stating that a recent sale of municipal property had not come up to the requirements for such sales. The property had been advertised but according to the letter the advertisement had been improperly worded (the upset price had not been given) and that it had not complied to the necessary time limit. The letter was turned over to the corporation's lawyer.

Building values continue to rise

Building totals for the current year here are still far ahead of those for the same period of 1963.

The total for the current year to the end of April is \$112,630 and for the same period of last year, \$78,455 although the actual number of permits for last year during this time was greater. There were 33 issued during the period for the current

year and 43 for 1963.

There were 13 permits issued in April this year, for a total value of \$34,850. Last year there were 16 permits for a total of \$33,975. A breakdown of these shows that during April this year three permits for new dwellings for a value of \$12,450 were issued, and eight for alterations and additions valued at \$4,400.

Summerland students win many events at Festival

A Summerland student walked off with the highest piano mark in the recent Valley Music Festival in Penticton. Lynn Gartrell, with a mark of 90 was awarded the Lavona Fleet Memorial Cup for highest mark in all Bach classes other than open.

The Helen Reeves Cup for two piano (under 16 and under 18) went to Marilyn James and Lynn Gartrell.

In the unity of the spirit

by Rev. Norman Tannar

When starting to prepare a sermon or writing an article I, like most ministers, have a text from which to spring. This Sunday is the Day of Pentecost or as more commonly called in the Anglican Church, Whitsunday. This Sunday presents my favorite text, 'And when the day of Pentecost was fully come, they were all with

one accord in one place.' (Acts 2:1). This is also the Church's birthday text, for it was the day of the outpouring of the Holy Spirit on that little band of apostles who then went out and turned the world upside down with the preaching of the Gospel of Jesus Christ.

This text is also the text of this age, although it has not been the text of every age, much to the Church's shame. But today the churches of a divided Christendom are beginning to draw together in talks and services, even joining to work together in the mission fields.

Churches of different denominations are experiencing a re-awakening of the Spirit of Unity, not a monolithic unity, but a unity of Spirit wherein each is a member of the Body of Christ.

Tolerance and understanding is the keynote, and the Christian today must realize the implication of the doctrine of the Brotherhood of Man not only in his own church and the church universal, but also in the world.

'He that saith he is in the light and hateth his brother is in darkness even until now,' reads 1 John 2:9 and again in 4:21-22 'If any man say, I love God, and hateth his brother, he is a liar for he that loveth not his brother whom he hath seen, how can he love God whom he hath not seen? And this commandment have we from Him, that he who loveth God love his brother also'.

The past cannot be changed, but the future is still in our power. Churches of the world unite, you have nothing to lose but your intolerance, worldliness and status quo.

Shower for

Linda Betuzzi

Miss Linda Betuzzi, who will become the bride of Roy DePourcq of Vernon in June, was honored at a bridal shower last Saturday night.

The living room of the home of Mrs. Bob Richards, who was one of the hostesses along with Mrs. T. Wilson, Mrs. S. Fabbri and Mrs. R. Gilbert was delightfully decorated with peach blossoms. The bride-to-be was presented with a lovely array of gifts by the almost 50 guests present.

Among the guests of honor were the bride-elect's mother Mrs. John Betuzzi and her sister, Miss Judy Betuzzi. Helping with the serving was Pat Richards of Summerland and Charlene and Heather Genovese of Westbank.

WORLD'S FAIR WONDERS

WHERE MONEY GROWS ON TREES

More than \$1,000,000 in cash can be seen on an international money tree at the New York World's Fair. The "foliage" consists of dollars, foreign currency and travelers cheques.

This money tree stands in front of the American Express pavilion, just inside the main entrance to the Fair. In this building people from all over the world buy traveler's cheques and cash personal checks. Information on New York hotels and travel information is also available.

The World's Fair in miniature is on view at the American Express pavilion, free of charge. The entire exposition can be seen at a glance. People study the whole Fair layout and plan the easy way to the exhibits.

Girls explain views on biculturalism

The program for the Women's Institute meeting on Friday was arranged by the Citizenship Committee and featured two students from Summerland secondary school giving their views on biculturalism and bilingualism. Linda Charles and Karen Gutormsson spoke on the pros and cons of these subjects. Interest of the audi-

ence was proven by the many questions asked. Mrs. S. A. MacDonald introduced the girls and thanked them for their interesting and educational program.

During the business meeting, the president, Mrs. A. Inch was in the chair. The secretary, Mrs. E. Tait announced that the display of Canadian Character dolls will be exhibited at the Fall Fair as a part of the Women's Institute section.

Roll call was answered by naming what country you would like to visit if you could have a holiday. Members named countries all over the world.

Mrs. E. Kinvig reported attending a meeting of the Cancer Society and asked members to attend a general meeting on May 28 at the high school. It is hoped to hold a Well Women's Registry in Summerland soon.

From the news magazine a tribute to Mrs. George Inglis, good citizen of the year, was read by Mrs. W. Rothwell.

Mrs. M. E. Collas reported attending the annual meeting of the CNIB and spoke of the work done for the blind.

A gift and card will be given to a member, Mrs. S. Procuronoff, who is leaving soon to make her home in Winnipeg. Mrs. Procuronoff has been an enthusiastic worker and will be missed by members and friends.

Mrs. A. Holler, delegate to the District Conference May 4, gave a very good report of the day's proceedings. The 1965 conference will be held at Kelowna.

A delicious tea was served by Mrs. Holler, Mrs. Will Brown, Mrs. E. Hookham, and Mrs. Joe McLachlan.

Special service bulletin for Mutual Life policyholders

Here's how Mutual Life can help you plan for your child's education

The value of a university education can't be figured in dollars and cents — but the cost can! If your child attends a university in your area today, the expense for books, tuition fees and clothes could come to about \$1,000 per year; away from home with room and board included, the cost would be about \$2,200 each year. Naturally, costs will vary depending on the area, the course taken, and the institution — but in every area costs are continually rising.

Your child could pay some of this expense himself . . . but probably not all of it. He will need your help. Most parents don't have this amount of cash available either, but you can if you plan for it!

Will you take the time to discuss this important matter with your Mutual Life representative? He can show you a plan for accumulating money through The Mutual Life which will guarantee funds for university education. The Plan will guarantee that the money will be available whether you live or die. This is the way thousands of our policyholders are building a guaranteed fund to enable their children to have a university education without financial worries. Call your Mutual Life of Canada representative and talk it over with him . . . or mail this coupon.

Over 150 boys in baseball day

Over 150 Summerland boys will take part in the annual baseball jamboree, Victoria Day, Monday, May 18 in the ball park on highway 97.

Games will start at 10 a.m. when there will be five Little League games.

Starting at 11:30 a.m., three Babe Ruth teams will put on an exhibition.

At 3:00 p.m., the Junior Red Sox will meet the Pen-

ticton Juniors.

Just before this game the draw will be held for three grocery hampers.

A concession booth will be in operation all day.

This annual event requires a great deal of preparation both by the boys and their managers, so it is hoped there will be a good turnout all day to cheer the various teams.

Red Sox start year with shutout

On Sunday the Summerland Red Sox opened the junior baseball season with a clear, clean-cut victory over the Oliver Juniors. The regular league game played in Summerland before a good opening day crowd ended with a 8-0 score.

Reeve Norman Holmes officially opened the season by saying a few words to the ball players and then throwing the first pitch (it was called a ball).

George Walton started on the mound for the Red Sox and went all the way. He had Oliver eating out of his hand all the way, limiting the southern team to four scratch singles.

Along the way, he was given great support by the Red Sox who played errorless ball. Outstanding in defence was Keith MacInnis, who made a one hand catch of a sinking line drive to center field that cut off an Oliver rally with two on and

two out. Joe Beggs caught an outstanding game. His calls were just about perfect and he threw out the only three Oliver runners that tried to steal.

On the offence, the Red Sox had a little trouble getting started and didn't score until the sixth inning. The big hitters were Peacosh with two singles and Beggs with a single and a double. Pushkerinko drove in three runs with a double in the seventh.

Next league action will be on Sunday when the Red Sox go to Grand Forks.

Top shooters at rifle meet

For the past five years the B.C. Inland Rifle Association's annual meet has been held on the West Bench at Penticton. This year, on May 17 and 18, the Summerland at the Garnett Valley rifle Club is sponsoring the event range.

It is one of the major sporting events in the Okanagan, and entries are expected from as far east as Calgary, and north to Prince George, also from clubs in the Fraser Valley and Vancouver. Many of Canada's finest marksmen will be taking part in the two day meet.

On the opening day matches will be held at the 200, 300 and 600 yard ranges, and on the second day the 200, 500 and 600 yard targets will be used. There are six trophies and souvenirs, as well as cash prizes for individual competition; also two challenge shields, cup and trophies for team shoots.

Visitors are welcome to attend the shoot, but a word of warning to hikers and riders, the road through the range will be closed while the meet is being held, so please co-operate. Do not attempt to ride, hike or drive over it next week end.

The local club held two work parties during the past week, so the targets are in excellent condition, and the range is all ready for the big affair.

Letter to the editor

The Editor,
The Summerland Review
Dear sir:

To whom it may concern, especially the citizens of Summerland. I love Summerland too!

I make no bones now about coming forward and saying that the loss or closing of the Summerland Post Office originated and was originated from West Summerland without any thought whatever of the inconvenience and discomfort of our aged and retired citizens. In fact they are

highly elated and jubilant in their achievement at depriving you of the Post Office you have enjoyed since Summerland was founded.

As you all know, I have been fighting this issue for many years. I also gave 6½ years of my life fighting for your freedom and mine on the continent of Europe to put down dictatorship, and now I find we have dictatorship right here in our own community.

It is a very sad state of affairs.

M. F. Daniels

ALL ABOUT Airports

In the early days of aviation when airplanes seemed to be lightly constructed, an airport was any old flat field. Airport buildings were a couple of rickety barns or sheds.

When flying became a multi-million dollar business, many cities built huge airport terminals. For years, however, many terminals were functional, but drab or even ugly places.

Modern airports are architectural showplaces. The futuristic, eye-appealing Trans World Flight Center, New York, features interiors filled with graceful, sweeping curves beneath a huge vaulted "umbrella." Versatile-but-sturdy metal lath and plaster construction was called for to fit the rigid designs of renowned architect, Eero Saarinen and famed designers Raymond Loewy/William Snaith, Inc.

Violations costly

When you go out in the woods this year be prepared for a rude surprise. Unless you abided solidly among the majority of hunters, fishermen and outdoorsmen who faithfully abide by the laws governing safety and conservation of forests and wild life, because the lawless paid a big bill last year for violations of B.C. fish and game laws and face the same penalties this year for such law breaking.

Just as a warning to the few who might get careless about the regulations here is the bill for last year.

A total of \$25,253.50 was levied against 923 persons. By far the largest number of charges came from carrying loaded firearms in vehicles, 277 persons were convicted during the year.

Among the common violations were: hunting or fishing without a licence (165); transporting animals of the deer family without evidence of sex (61); failing to properly lock game tags (45).

Twenty-two people were prosecuted for making false statements when applying for hunting or fishing licences.

Kiwanis notes

Tuesday night's meeting brought to light a very pleasing fact. The drive for funds for the Cancer Society is doing very well indeed. A comparison to date with the figures for last year shows that almost as much has been given by the public already and the drive is by no means finished yet. Last Tuesday and Wednesday evenings club members were out in force, each working in his allotted district, and is hoped to finish up the campaign tonight. Shortly after supper on Tuesday, members were once more out canvassing the districts and roads not covered last week. The boys of the Key Club came forward and canvassed with the men of the club. This was indeed a great help, and the club wishes to thank those boys who turned out and helped.

The drive is under the chairmanship of Bill Jamieson, and Bill is doing a fine job.

Walter Toews gave notice that on Tuesday, May 26 in the Co-op packinghouse, a father and children night will be held. All fathers will be looked for with all of their children. Make it a good night for the kids, fellows. Walter also gave notice that cars will leave the school grounds on Thursday evening at 5:30 p.m. sharp on route to Oliver for an inter-club meeting. It is hoped that a goodly number will be on hand.

Don't forget next week's meeting, same time and same place. We have advance notice that a good speaker will be present. Come and see and hear a person that you know very well.

Golf course, nursery outlined to Chamber

Two new businessmen in Summerland outlined their plans to the Chamber of Commerce meeting last Thursday.

Victor Parker said his new golf course, north of the ball park on highway 97, would be in operation next spring. Rock blasting is finished and four fairways are completed on the nine hole course.

Barry Wilson outlined plans

for a nursery, recently started in Paradise Hills. Ability to use mechanized production is brought about by growing the stock in gallon containers on top of the ground the year round in the first year of growing there are 90,000 tins to the acre. The plants are to be transported in the containers by truck to large commercial outlets on the prairies.

It was announced that after May 29 only one post office would serve this municipality and it would be called Summerland. Lower town residents will get their mail by rural delivery.

Reeve Norman Holmes thanked the Chamber committee of F. E. Atkinson, D. H. Hill and Councillor H. J. Barkwill who have been working on the change for he past two years.

The chamber passed a resolution endorsing the efforts of the Kelowna Chamber of Commerce to obtain pollution control of water in the Okanagan Valley.

Local boy

married at coast

Nancy Jean Graham of Vancouver became the bride of Kenneth Stoll on Saturday, May 9 at the St. Andrew United Church in Vancouver. The bride is the daughter of Mrs. G. A. Graham and the late Mr. Graham, former residents of Summerland, and the groom is the son of Mr and Mrs. Hans Stoll of Summerland.

The bride was given in marriage by her uncle, C. E. Clay. Her lovely white gown was fashioned from white lace poised over net and taffeta, with a dainty bouquet of red roses and carnations adding a touch of color.

Bridal attendants were Mrs. Dave Thompson as the matron of honor and Mrs. Jim McNabb as bridesmaid. Groomsman was Jim McNabb, formerly of Summerland.

Following the ceremony the bridal party received over 60 guests at the Arlington Hotel.

For a honeymoon trip to Banff the bride chose a pretty pink ensemble.

- He Works for our Advertisers

He is one of the experienced circulation auditors on the staff of the Audit Bureau of Circulations. Just as a bank examiner makes a periodic check of the records of your bank—so does Mr. A.B.C. visit our office at regular intervals to make an exacting inspection and audit of our circulation records. The circulation facts thus obtained are condensed in easy-to-read audit reports which tell our advertisers: How much circulation we have; where it goes; how it was obtained; and many other FACTS that tell advertisers what they get for their money when they advertise in this newspaper.

The Audit Bureau of Circulations, of which this newspaper is a member, is a cooperative, nonprofit association of nearly 4,000 advertisers, advertising agencies and publishers. Organized in 1914, A.B.C. brought order out of advertising chaos by establishing a definition for paid circulation; rules and standards for auditing and reporting the circulations of newspapers and periodicals.

Pirate Gold In Our Dollars Family Tree

No one knows for sure, but our modern dollar sign, \$, is believed to have originated with the figure 8 stamped on 'Pieces of Eight' which Long John Silver and others of his breed coveted as they scoured the seas in bygone days.

Whether this is a tall tale or a true one, we do know that the \$ sign was in use in the United States before the introduction of federal currency and before our own decimal monetary system began in 1853.

But more interesting to most of us than the \$ sign itself, are the figures that come after it, especially if those figures are in a savings account passbook from the Bank of Montreal. It's quite a thrill to watch them grow and grow as we save regularly. Interest payments of three percent also help to swell the amount.

It makes sense to save regularly at the B of M and it makes for success in life, too.

To start your own 'success fund', visit the West Summerland branch of the Bank of Montreal soon. Don Carmichael, the accountant there, will show you how easy it is to open a B of M savings account. It takes just three minutes and one dollar to start.

RCMP examine a car being pulled out of Okanagan Lake Monday afternoon at 1 p.m. which sent Michael Jolivet, a retired professor from Shawinigan Falls, Que. to Summerland Hospital.

Mr. Jolivet, driving south on Highway 97, in a car belonging to Mrs. Lydia Binz of Summerland was at the

foot of Summerland Hill when the right front wheel of the car swerved into the gravel on the side of the road. As he attempted to right the car, it went across the road, down the 15-foot bank and into the lake, landing with all four wheels in the air in three feet of water.

Dr. D. V. Fisher and F. M. Trussel, going north, witnessed the accident, and with the aid of Wm. Campbell of Surrey turned the car on its wheels. They pulled the driver out and lifted him to the bank where Earle Inglis gave him artificial respiration.

Mark 50 years of service

The Canada Department of Agriculture Research Station at Summerland celebrates 50 years of service to agriculturists in the Okanagan Valley and across Canada with special ceremonies on Wednesday, June 3.

The public is invited to attend the celebration which will include various exhibitions of the work done by the research departments from 1 to 3 p.m.

Featured speaker at 3 p.m. will be Dr. S. C. Barry, deputy federal minister of agriculture. He will be introduced

by Dr. J. A. Anderson, Director General of the Research Branch of the Canada Department of Agriculture.

Other speakers will include Frank X. Richter, provincial minister of agriculture; Dr. B. A. Eagles, Dean of Faculty of Agriculture at UBC; David Pugh, MP; A. R. Garrish, president of BCFGA and director of the B.C. Federation of Agriculture; and Dr. R. C. Linder, superintendent and plant pathologist, Tree Fruit Experiment Station at Washington State University.

Hospital Board meets supervisor

'We were very pleased with our meeting with A. E. Pitkethley, supervisor of hospital construction in B.C. Hospital Society chairman Les Rumball said today.

The hospital board and Dr. F. C. MacInnes met with the supervisor who authorized them to finalize work on plans and sketches for a new building, including a maternity wing.

Mr. Rumball said that the board will now start work on details of financing. He said that planning for the new hospital is now in very concrete stages.

In honor of the occasion the Queen's Printer has produced two attractive brochures. One gives the highlights and achievements of the Summerland station over the 50 years it has been in operation, outlining each department in detail and giving a brief rundown on its major contributions, both past and current. A picture section shows department members at work in the various sections and draws attention to the wide range of agricultural problems the research station is interested in.

A tourist guide to the station has also been prepared.

Commencement day for 50 students this Friday

Graduation exercises for 50 students will be held in the secondary school auditorium this Friday at 2 p.m.

Guest speaker will be Dr. Myrre Neveson, assistant professor at the Faculty of Education, UBC.

Valedictorian is Michael Lopatecki and class poet is John Rathjen.

The annual presentation of scholarships and bursaries will be made.

C of C to talk on Jr. college

At its regular meeting on Thursday, June 4 members of the Chamber of Commerce will discuss higher education in the Okanagan. The meeting will start with a dinner at 6:30 p.m. in the IOOF Hall.

Dr. Dugald MacGregor and John Kitson will outline plans and advancements made toward a junior college in the Okanagan, and present ideas on Summerland's part in the planning.

This will be the final regular meeting of the Chamber before the fall.

Fifty three take part in overnight trail ride

Summerland Trail Riders third annual overnight trail ride to Twin Lakes Guest Ranch was a huge success despite the cool windy weather.

It was the biggest trail ride held in the Okanagan for a number of years. With some 53 riders taking part, it was a colorful column travelling along mountain trails. Riders were present from Vernon, Vancouver, Oliver, Kelowna and Penticton.

The ride started at 9 a.m. and was joined by 21 Penticton riders at the Willie Armstrong Ranch. There the chuck truck was waiting with sandwiches, coffee and pop.

The ride started again at 1:30 and arrived at Twin Lakes Guest Ranch at 5:15 where it was given a warm welcome by Doug and Jean

Hadley. After a good hot supper the younger ones enjoyed a marshmallow roast and boating on the lake while the older ones enjoyed sitting around the fireplace.

The next morning the group started back at 9 a.m. arriving home at 5 p.m.

The two youngest riders were 7 year old Billy Chalmers and 9 year old Shirlene Potter of Summerland.

With the full support of the Penticton Riding Club, the trail ride was a huge success and with the continuing support of Penticton, and other clubs the annual overnight trail ride will get bigger and better each year.

All the trail riders are looking forward to next year's ride and the hospitality of the Twin Lakes Guest Ranch.

School of the Arts explained to PTA.

Mrs. W. G. Clough of Nar-amata, chairman of the program committee of the Okanagan School of the Arts, was guest speaker at the May meeting of Trout Creek PTA.

Mrs. Clough explained the courses planned and told of the interesting and highly trained instructors who will teach this summer July 6 to 25 in Penticton.

A move made in 1960, the first year of the Okanagan School, was shown to illustrate the school in action and the enrichment it brings to the valley.

Dr. D. L. McIntosh announced that he would be will-

ing to arrange car pools for the summer school and suggested anyone interested could contact him.

Students of Ray McNabb's Grade 5 and 6 class performed two selections of their choral speaking entry at the recent music festival.

President George Ryman announced that Mr. and Mrs. John Jardine have donated two trophies for proficiency to be awarded in Trout Creek school. Another trophy has been donated by Mr. and Mrs. Walter Rothwell. Each class in the school will now have a trophy for the student attaining highest proficiency.

The book prize for the greatest number of parents present was won by Ray McNabb's 5 and 6 class.

Sports day will be Friday, June 5. Mrs. A. Bombardier and her committee will arrange a refreshment booth.

New officers elected were Edson Miller honorary president; Mrs. George Wardle president; Ben Wittke vice-president; Mrs. D. V. Fisher secretary; Mrs. Gunnar Rasmussen treasurer; and directors: Mrs. A. Bombardier; Mrs. G. Novak; Mrs. S. W. Porritt; Mrs. Harry Killick; Ray McNabb and George Ryman.

Fruit blossoms grace United Church altar

Louise Elaine, daughter of Mr. and Mrs. Lloyd W. Shannon of Summerland was married to John Patrick Garrett, of Seattle, son of Mrs. Eric Richardson of Calgary and John Alexander Garrett of Vancouver, in a ceremony in Summerland United Church on May 9, at 5:30 p.m. Rev. P. K. Louie officiated.

The bride, given in marriage by her father, wore a formal full length wedding gown in an A-line style with a high neckline and a slight train. The dress had a fitted bodice with lily point sleeves and an Empire waistline with a satin band outlining it and the centre bow making an attractive contrast between the lace of the bodice and the skirt.

The church was decorated with orchard blossoms, tulips and narcissi for the double ring ceremony.

A single French tulle white flower held the four tiered chapel veil and the wedding bouquet was of red roses and stephanotis.

The bride carried a hankie borrowed from the groom's mother and wore a strand of cultured pearls, a gift of the groom.

The three attendants, Miss Phyllis Young of Vancouver, maid of honor and Miss Jeannette Gable, Vancouver and Miss Darlene Shannon, sister of the bride, as bridesmaids, were gowned identically in coral peau de soie satin, overskirted at the front. The bridesmaid's dresses had tiny sleeves and full bon pleats in back of the skirt overlapped to as overskirt in front. They wore matching wedding ring head-dresses and coral colored shoes and carried crescent-shaped bouquets of white carnations and white mums.

Kenneth Storey was organist.

William Stoddard of Revelstake was best man. The ushers were Billie Shannon of Summerland and Frank Maxwell of Vancouver.

At the reception held at the Yacht Club Mrs. Shannon received in a jacketed sheath gown of old rose colored lace over taffeta with white accessories and corsage. The groom's mother was in a linen sheath in gold color with a blue hat and wore

gardenias in her corsage.

For a honeymoon flight to Hawaii, the bride changed to an olive green Italian wool knit suit with a rough straw hat in darker green, beige accessories and a corsage of a single gardenia.

The young couple will make their home at 11050 First Ave N.E., Seattle

Out of town guests included Mr. and Mrs. Clifford Shannon, Kamloops; Mr. and Mrs. Clinton Purvis, Mr. and Mrs. John Ogren, Edmonton; Mr. and Mrs. Charles Vanouk and Wayne, Mr. and Mrs. Gordon Eilason, Brent, Corinne and Marshall, Wetaskiwin; Mrs. Bob Sharkey and Carmen, Mr. and Mrs. Otto Elbert and Dale, Gwynne, Alberta; Mr. and Mrs. Frank Young, Mrs. Cheryl Garrett, Mr. and Mrs. Bud Garrett, Mr. and Mrs. Les Stead, Mrs. Nettie L. Huggins, Bert Hall, John Broholm, Tom McGillivray, Miss Betty Owen, Miss Karen Orr, Mac Holroyde, Miss Eleanor and Miss Arlene Raincock, Mr. and Mrs. T. Larsen, Mrs. Lily Sullivan, Clayton Sullivan, Mr. and Mrs. Tom Sullivan, an aunt of the groom Miss Lillian Brown, Mrs. Marie Donald, all of Vancouver; Mr. and Mrs. G. Axworthy, Richard Crawford Penticton; Mr. and Mrs. Eric Richardson, Calgary; Miss Phyllis Young, Vancouver; Miss Carole Hackman, New Westminster; Mr. and Mrs. Harvey Mitchell of Kaleden.

Penticton artists display at library

The Summerland Library art section is currently showing paintings by amateur artists, Muriel Ferley and Marge Kipp of Penticton.

Mrs. Kipp's painting, Dusk has an ethereal quality and richness in color. She has carried this style into many of her works, where clarity of color and method of application has a fresh and impressionistic style.

Mrs. Ferley's works are a direct contrast with a romantic portrayal of ideas, particularly her figure canvases of mother and child.

Considered a good show, with paintings of a pleasing quality these works will be at the Summerland library for the next two weeks.

Comings and Goings

Mrs. Anne Johnson is spending two weeks at Britannia Beach with her son in law and daughter. While there she will attend the crowning of her granddaughter Leslie as Cooper Queen.

Clarence Lackey returned home Saturday after attending the funeral of his mother Mrs. J. A. Lackey at Gladstone, Manitoba.

Against sharpies

The smooth-tongued salesman with his well-rehearsed sales pitch, goes through his routine convincing the householder that only a fool would fail to sign up immediately for the money-saving wonder being offered. The householder is only a fool of course if he does sign immediately. Often it is only after the glow of the sales pitch wears off that he finds himself committed to buy something that he doesn't need, at a cost he can't really afford. Usually the item, of better quality, can be purchased at much lower overall cost at a local store.

Such salesmen continue to reap a harvest despite numerous warnings to householders to check first before signing. Any legitimate salesman will be happy to allow his customer time to check out his claims and compare prices and products. Only the fast-talking boys need to have that signature immediately.

Consideration is being given to some form of legislative protection for customers. What form this might take is still unknown; although there has been some suggestion to provide a 'thinking over' period of a few days which would allow the consumer to cancel out on a deal even after signing. Unfortunately in trying to legislate against shady operators, there is always the danger that we handicap our legitimate firms adding to red tape and often costs of operation. However we have no sympathy for the shady operator who can harm the consumer and the honest businessman and if legislation is necessary, then let's have it.

Former Summerland girl married in United Church

Trudine May, only daughter of Mr. and Mrs. Harvey L. Mitchell of Kaleden, former residents of Summerland, was united in marriage with David Gordon Boutwell of Edmonton, son of Mr. and Mrs. Jack Boutwell of Kelowna in a ceremony in Summerland United Church on May 16. Rev. P. K. Louie officiated.

The church was decorated in a pink and white theme with large white baskets of apple blossoms, peach blossoms and tulips for the ceremony, at 6:30 p.m.

The bride, given in marriage by her father, wore a white silk organza wedding gown embroidered with roses and fashioned with a sabrina neckline and lily point sleeves. The bouffant skirt was caught up in soft billows of tiny white bows. Her only jewelry was the groom's gift, a strand of pearls.

The below-shoulder length bridal veil of French scalloped net was held by a large silk organza petalled flower and she carried a cascading bouquet of pink Elf roses and lily of the valley.

She carried a lace edged hankie belonging to her maternal great-great grand mother and carried by each successive bride in the family.

Her five attendants were Mrs. Wayne Mitchell of Comox, matron of honor and sister in law of the bride; Miss Marilyn and Miss Jane Boutwell, sisters of the groom of Kelowna; and identical twin nieces of the bride, Debra and Donna Mitchell of Portage la Prairie, Manitoba.

They wore petal pink peau de soie short bell skirted gowns. The bodices were fashioned in self bound scooped necklines buttoned at the back with self-covered buttons to the waistline and had elbow length sleeves. The matron of honor and bridesmaids carried short cascade bouquets of blue carnations and the little flower girls held ribbon trimmed baskets of blue and white marguerites.

The senior attendants wore peau de soie pearl trimmed circlets with fly-away veils. The twins had tiny pink flowered halo headresses.

LAC Wayne Mitchell of Comox, brother of the bride was best man. Ushers were the groom's brother, Jim Boutwell and Jim Jones, of Kelowna.

Ken Storey played for the wedding and while the register was signed, Mrs. M. Elliott sang Love Shall Abide.

At the reception for 150 guests in the United Church Hall the bride's mother received wearing a screen printed pink brocade sheath with scalloped neckline, soft petalled deep rose cloche and gloves en tone. Her flowers were white carnations. The groom's mother wore an aqua linen sheath with white accessories and white flowers.

E. H. Bennett proposed the toast to the bride and William Millar of Kelowna, the bride's uncle was master of ceremonies. Telegrams of congratulations were received from Britannia Beach, Ft. Nelson; Ft. St. John and Nelson.

For a honeymoon motor trip to Oregon, the bride wore a pink wool suit with pink roses for her corsage, a matching flowered hat and brown accessories.

The young couple will make their home at 9602-124th Ave., Edmonton.

Open house was held at the Mitchell home at Kaleden following the reception and wedding banquet.

Among those present were the bride's four grandparents, Mr. and Mrs. E. E. Johnstone of Summerland; Mr and Mrs. L. L. Mitchell of Trepanier and the groom's grandfather, David Boyd of Kelowna.

Transferred to Vancouver Miss Joan Crawford, daughter of Mr. and Mrs. W. J. (Bill) Crawford of Trout Creek, has been transferred from the Penticton branch of the Bank of Montreal to the bank's main offices in Vancouver.

Walton's pitching beats Grand Forks

The Summerland Junior Red Sox defeated the Grand Forks Juniors in Summerland on Sunday by a score of 10-3 and gained revenge for the 6-1 beating they took the week before.

George Walton did the pitching for Summerland and held the hard hitting Grand Forks team to four scattered singles. He extended his scoreless innings to 19 and 2-3 before giving up three unearned runs in the fourth. As unearned runs do not count in the averages George has now pitched 25 innings without allowing an earned run.

The Red Sox showed in the first inning that they had found their batting eyes again but they didn't score until the second when a walk and four runs gave them

three runs. From then on it was all Summerland as they went on to pound out 14 hits off of two Grand Forks pitchers.

Peacosh with 3 for 5 including a triple; Beggs with a double and a single; Pushkerinko with a double and two singles and Sheeley with a double and a single were the big hitters for the Red Sox.

The next home game for the Red Sox will be against their old rivals from Penticton on Sunday, June 7.

Summerland hosts Inland Rifle Shoot

Fifty shooters attended the annual B.C. Inland Rifle Association shoot at the Garnett Valley rifle range May 17 and 18. The meet was most successful and weather conditions were very good, although occasional high winds tested the skill of the most experienced marksmen.

Clubs from Prince George, Vancouver, Kamloops, Vernon, Penticton, Kelowna and Summerland took part in the two day meet. Joe Giebault, a game warden from the Kootenays turned in an outstanding performance, shooting perfect scores of 50x50 at the 200 and 500 yard ranges of the second day. He captured the grand aggregate and all comers aggregate trophies in addition to other awards.

Much credit is due to Fred Dunsdon and his crew of target markers who did an excellent job in the butts, with very few delays. Harold Richardson, president of the Summerland club devoted a lot of time and energy in organizing the shoot and Walt Cousins, acting as range officer, kept the events moving very smoothly throughout the meet.

Following are the details of the individual and team scores:

200 yards, Price-Ellison Cup: J. H. Palmer 48.

300 yards, B.C. Dragoons Cup: J. P. Giebault 49.

600 yards, Cominco Cup: J. P. Giebault 48.

200 yards, Fish Lake and Summerland Cup: J. P. Giebault 50.

500 yards, Osborne-McPherson Memorial Cup: J. P. Giebault 50.

600 yards, City of Kamloops Cup: J. W. Lightburn 47.

Sweet Caporal Shield: J. W. Lightburn 141.

Summerland Shield: J. H. Palmer 94.

Coached Team Match, Coast vs Inland, City of Kamloops Challenge Cup, shot at 600

yards, Inland team.

All Comers Aggregate, late Lt. Gov. C. A. Banks Trophy: J. P. Giebault

Grand Aggregate, B. C. Government Trophy: J. P. Giebault 289.

High Tyro, late Lt. Gov. E. W. Hamber Trophy: P. Matty 281.

Militia Cup, Rocky Mountain Rangers' Cup for highest score in Grand Aggregate by any serving militiaman: WO2 J. E. Vecqueray 281.

B.C. Dragoons, Lt-Col. G. D. Johnson Trophy for junior-senior aggregate: Cdt. Lt. R. D. Hodgson and WO2 J. E. Vecqueray 484.

Rocky Mountain Rangers, Lt.-Col. J. A. McGowan Trophy for parent and offspring with highest combined score in Grand Aggregate: J. H. Palmer and B. Palmer 551.

Sixty years and over: E. W. Work 274.

Seventy years and over: C. R. Lee 263.

A total of 49 contestants shot over the two days; nine cadets or juniors, 15 tyros and 25 seniors. Four prizes were reserved in all matches for juniors and tyros and in the two aggregates, three prizes for each class.

Mac's Cafe Aces start season with three wins

The South Okanagan Senior Men's Softball League got underway last week, with teams from Summerland, Penticton and Osoyoos.

Mac's Cafe Aces are about the same team as last year with old reliables Al Hooker, Vern DeWitt, Warren Parker,

Robert Parker, Dave Davis, Carl Sheeley; Ernie Pushkerenko, S. Uchida. New players include Ken Beggs, Gordon Graber, Corporal Hunter. Manager is Joe Bullock.

Ken Pushkerenko will be back after he finishes his teaching term in June. Lost to the team is Bruce Lemke who is working out of town.

Mac's Cafe Aces were undefeated in their first three starts, defeating Penticton twice and Osoyoos once.

Next home game will be on Tuesday at the high school, greens at 7 p.m.

Lawn Mower Safety

Power lawn-mowers are built for safety and easy use. However, inattention and carelessness can cause accidents. Simple care and attention can prevent them. Protect yourself and others by following these safety steps:

- When starting your mower engine, be very careful to keep your feet well away from the blades.

- NEVER use a power lawn-mower that is not completely safe. Check and tighten all nuts, bolts and screws often to be sure.

- Treat electricity with respect. Never use a plug-in electric mower in the rain or when the grass is wet.

- Fuel can explode. Fill the fuel tank before starting the engine. Never add fuel when the engine is running.

J.W. Gilmour elected as Shippers director

The annual meeting of Okanagan Federated Shippers Association was held in the board room of B. C. Tree Fruits Ltd., Kelowna on May 21.

J. W. Gilmour, manager of the Summerland Co-operative Growers, was elected as a director to fill the vacancy left by the resignation last November of A. Bennie of Penticton.

W. Kinnard of Vernon was re-elected as president and G. R. Clarke of Rutland as vice president.

L. R. Stephens of Kelowna was again appointed secretary manager of the Association and Mrs. Freda Ayley,

assistant secretary-treasurer.

The various standing committees of the Federation reported on their activities for the 1963-64 season and a new committee, to be known as Production and Packaging Committee was set up to co-operate with the production department of B.C. Tree Fruits Ltd. in the matter of adoption of specifications for new packages and new production and quality control methods.

Impeassa Imps FROM TROUT CREEK

Since daylight saving time started the Pack has been meeting out of doors. The first meeting was a trail from the Church of God to Powell Beach. Since then the meetings have been held at Sorec. Consequently the instruction is now concentrated on the phases better adapted to the outdoors and the study of natural things. It should be remembered by the boys, and we hope the parents that for good progress the boy must practice some things at home. Tests that fall in the home activity class are cleanliness, growing things, reading, models. These tests will be taken in June. If any boys are interested in the Gardeners' Badge they should start now.

Jan Spalding brought some interesting masks and an owl carved from wood. Alan Fisher has been awarded his First Star, Jan and Alan also passed their Fire Fighting test.

The Two Star Cubs are working on their Scout Tenderfoot tests. If they work at these, they can be invested into Scouts soon after 'going up' to the Troop this fall, so get at it boys. Don McArthur is now working with and helping these Second Star Cubs.

The Red Six was slow in starting but they are out in front and may win the annual Six competition if they continue.

Meet Mr. A.B.C. - He Works for our Advertisers

He is one of the experienced circulation auditors on the staff of the Audit Bureau of Circulations.* Just as a bank examiner makes a periodic check of the records of your bank—so does Mr. A.B.C. visit our office at regular intervals to make an exacting inspection and audit of our circulation records. The circulation facts thus obtained are condensed in easy-to-read audit reports which tell our advertisers: How much circulation we have; where it goes; how it was obtained; and many other FACTS that tell advertisers what they get for their money when they advertise in this newspaper.

*The Audit Bureau of Circulations, of which this newspaper is a member, is a cooperative, nonprofit association of nearly 4,000 advertisers, advertising agencies and publishers. Organized in 1914, A.B.C. brought order out of advertising chaos by establishing: A definition for paid circulation; rules and standards for auditing and reporting the circulations of newspapers and periodicals.
