Rusaw's honored on anniversary

Mr. and Mrs. E. (Bud) Rusaw celebrated their 25th wedding anniversary on Sunday, Nov. 1.

On Monday evening, 25 members of the Bethel Pentecostal Church gathered at the Rusaw home for a social evening in their honor. Rev. J. R. Coughlan acted as master of ceremonies and presented them with a silver serving tray from the congregation. Following the presentation games and songs were enjoyed by those present.

Mr. and Mrs. Rusaw were married in St. Walburg, Saskatchewan and have resided in Summerland for nine years. They have three children, Roy, Connie and Rita, and one grand child.

ANNUAL RATEPAYERS MEET ON NOVEMBER 25

Annual ratepayers meeting will be held on Wednesday, November 25. Reports will be given by members of the council and school board, with discussion on their reports and other municipal business.

Planning now on regional basis

Summerland will become part of the South Okanagan Regional Planning Board next January.

This move was approved by council Tuesday night. The municipality will join Penticton, Oliver, Osoyoos and Keremeos, and all the unorganized territories in school districts 14, 15, 16 and 77 in the regional board which is directed by John Northy of Penticton. Mr. Northy is a UBC graduate in town planning, and a member of the Planning Institute of B.C.

The large number of subdivisions and other municipal planning problems have led council to form the board which was organized last year. To date such planning problems that needed further study have gone to a Kelowna engineering firm for advice.

Under the new arrangement, the local planning commission, a body set up by council to study planning problems, will be called to meet twice a month. All plans submitted will be studied by this group before they go to council. Mr. Northy will be present at all these meetings in an advisory capacity. A member of council sits on the advisory planning board.

A member of council will also sit on the South Okanagan Regional Planning Board which meets four times a year to act

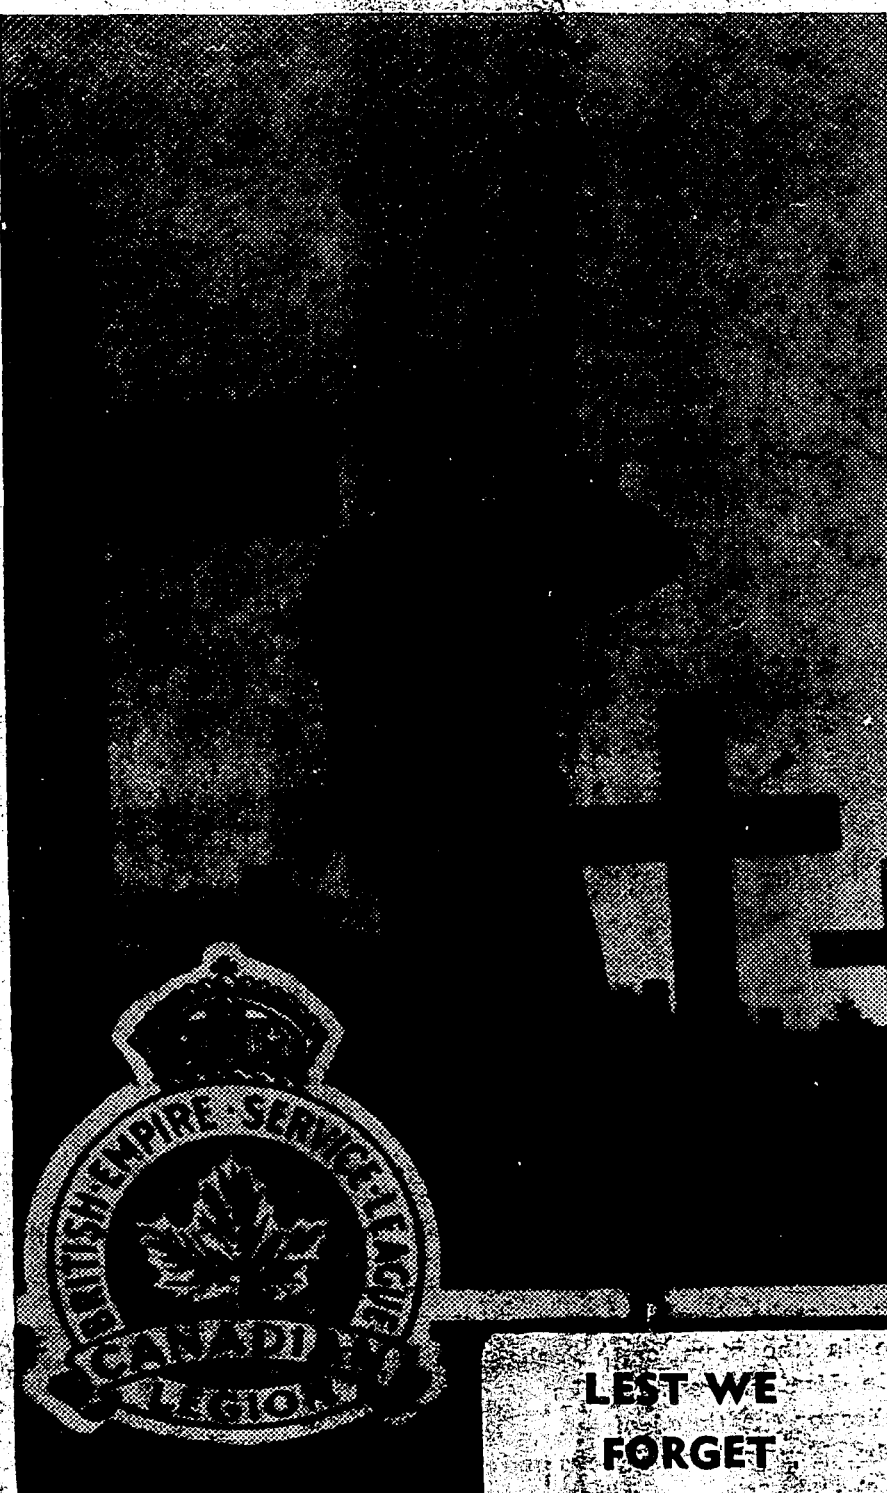

(continued on back page)

Police court

Appearing in Summerland police court on November 2, a Penticton juvenile pleaded guilty to charges of speeding and driving while under suspension. He was remanded in custody to November 10 for sentence.

On November 3, Andre Maurice Kerkhov, Kelowna, paid a voluntary fine of \$30 and costs on a charge of speeding. Also on November 3, Robert Leonard Eckhardt of Penticton was fined \$25 and costs for operating a motor vehicle without a muffler.

No serious damage was reported at Halloween. Some road signs were torn out, and there was the usual soaping of car and store windows.

LEST WE FORGET

The following poem, in honor of Remembrance Day, was written by Ivan E. Phillips, of Summerland. Mr. Phillips served in the British Army in World War I and in the Royal Air Force in World War II.

THOUGHTS ON REMEMBRANCE DAY

Let all who value freedom's way
Give thanks and pause — just once this "day"
With thoughts of those, "where'er we be"
Who gave their lives for liberty.

In this fair land of lake and hill
With sweeping plains, and woodlands still,
No foreign storm of steel has swept,
Or "mothers" for their children wept.

They marched away with song and jest
These generations of our best,
No thought had they of self, or gain,
Of death, or sickness, wounds, or pain.

Let us resolve with grateful heart
To do our best and play our part,
That nations great and nations small,
May live for each and each for all.

Moment of silence next Wednesday

On Wednesday, November 11, the people of Summerland will join with Canadians from coast to coast in observing Remembrance Day.

The parade will assemble at MacDonald School at 10:20 a.m. Sunday morning.

Rev. W. S. Beames of Naramata, Legion Padre, will conduct the service at the cenotaph assisted by other members of the Summerland ministry.

Legionnaires, Legion Ladies Auxiliary, Scouts, Cubs, Girl Guides and Brownies will take part in the parade. Veterans are requested to wear decorations.

The annual Poppy Day will be held on Saturday, November 7.

The annual Remembrance Day banquet will be held at 6:30 p.m. in the Rosedale Room of the Royal Canadian Legion. Tickets, \$1.75 each, are available at Smith and Hill, the

Legion Canteen, Summerland Es. 50 and Daniel's Grocery.

A dance will follow at 9 p.m. with \$1.50 per couple admission for those not at the banquet.

Wreaths for Remembrance Day may be purchased from K. Hickson, secretary-manager of Branch 22.

Reeve Norman Holmes has proclaimed November 5-11 as Remembrance Week in Summerland.

The reeve said: "I commend the vast amount of volunteer work and financial support the Legion gives to this community by scholarships, sponsorship of young people's sports and continuing dedication to the welfare of veterans."

"This year the Legion celebrates its 38th anniversary and increased support will bring new vitality to the Legion organization and greater benefits to many in our community".

Varied reactions to Walrod resignation

R. P. Walrod, general manager of B.C. Tree Fruits Ltd., Sun-Rype Products Ltd. and Canadian Food Distributors Ltd. has submitted his resignation from the Okanagan fruit growers' central selling agency.

In a statement released following his announcement, Mr. Walrod said: "The management of grower affairs in both the fresh and processing arms of the industry requires the making of innumerable decisions on a continuing basis over a wide field of operations.

"Decisions directly involving sales are and must be made by specialists in marketing.

"When a climate develops within the body politic of a co-operative, in which the soundest decisions can no longer be freely made by the management who serves it, then management must change or the co-operative concept is jeopardized. Such a situation has developed in the B.C. fruit industry."

The Tree Fruits board will meet in Kelowna November 17 to discuss the situation and the Sun-Rype board will meet on November 19 for the same purpose.

In commenting on Mr. Walrod's resignation, Charlie Bernhard, chairman of the Summerland local of the BCFG said

Urges support of Walrod

The Editor, The Summerland Review.

Dear Sir: Five minutes ago I listened to a radio announcement stating that Mr. R. P. Walrod has resigned from his position as General Manager of B.C. Tree Fruits Ltd. because of an apparent lack of confidence of growers. Much of the criticism of the management of Tree Fruits in recent months has borne a striking resemblance to the filibustering of an opposition party in parliament bent on destroying the party in power. Some criticism indeed has been about as irresponsible as vandalism in the park.

It is a farmer's established prerogative to be dissatisfied with the price paid to him for his produce and very often his dissatisfaction is justified. But when he demands that his selling agency pay a price satisfactory to him regardless of the limits prescribed by the economic climate of supply and demand then he is unreasonable and irresponsible.

It is a perennial practice in this fruit industry to blame management in each and every case where hind-sight may have improved on fore-sight. Such vindictive criticism has for years undermined management and worked to the detriment of our industry. The validity and value of a decision made by management in December cannot be intelligently denied months later when changed facts and circumstances have become apparent. Irresponsible criticism is too often popularly acceptable. It is something like the world's population explosion — it begets more of its own kind. I quote a short extract from an editorial in the Penticton Herald under date of October 29th:

"The heart of the industry, they're told, is in the neatly-carpeted Kelowna offices of the smartly-dressed men who wheel and deal in the world's fruit markets, jealously guarding a kind of marketing management mystique to which the insect and weather-bored grower can never be privy."

In these few brief lines there is a kaleidoscopic array of condemnatory insinuations, allegations and distortion, and all of them misleading.

Mr. Penticton Editor, you must

that he feels the fault lies with the BCFG executive and the policy they have developed to govern the selling agency.

A respected grower in Summerland, J. Y. Towgood, in a letter to the Review, said that both Tree Fruits and its management are highly regarded. He deplored a recent editorial in the Penticton Herald saying it was an array of condemnatory insinuations, allegations and distortion, and misleading.

Mr. Towgood's letter is printed below:

R. P. WALROD

know that B.C. Tree Fruits is not bureaucratic, that it is fully democratic. You must know that any grower is eligible to be elected by his fellow-growers to any position on the executive body and that any management official may be dismissed by that executive body. Surely, sir, you do an injustice to your readers' intelligence.

May I qualify myself? I have spent my entire adult life in the Okanagan as a fruit grower, retiring two years ago. I have been an interested spectator and participant through all the disorganized agonies of this industry as it struggled sometimes forward and sometimes falling back, but finally gaining that long delayed measure of security, 'Central Selling'. For many years I was active in the Summerland Local BCFG and as a delegate to annual conventions. For six years I was a member of the Apple Pooling Committee. To function properly that committee had to work very closely with the sales department of Tree Fruits enquiring into the sales policy and the reasons for making decisions.

Though now retired, I am, and always will be, very interested in the welfare of the fruit industry. Therefore I presume to make the following observations:

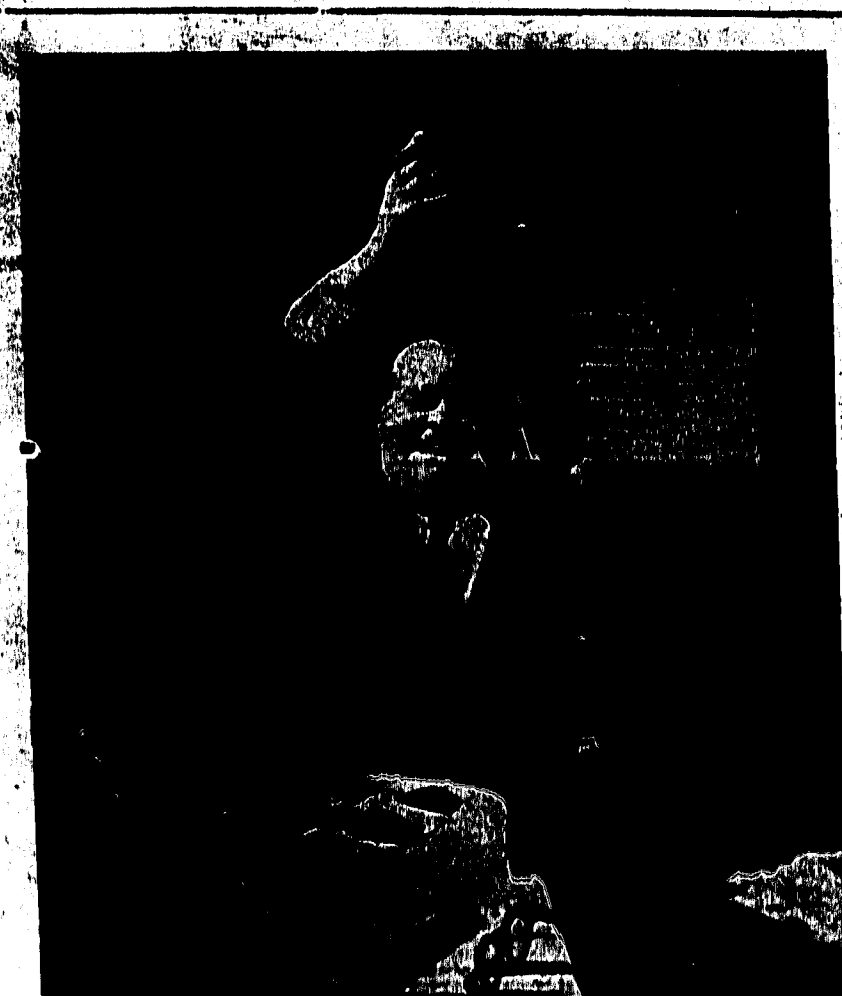

While working with the Pooling Committee I had an opportunity, not enjoyed by most growers, to learn how complex is the business of selling fruit on a national and international scale and against world-wide competition. It necessarily follows that alert and efficient management must build up on a day to day and year to year basis such a mass of technical knowledge as no grower, or grower-appointed executive, is able to fully understand. This is what the Penticton Herald refers to as 'A kind of marketing management mystique.'

We will all agree that this industry, requiring very distant marketing distribution, can only succeed if it has first class competent management.

I submit that both Tree Fruits and its management are highly regarded and even envied where ever they are known outside of our tree fruit area and where

As a reminder to one and all that November is National Apple Month across Canada, Premier W. A. C. Bennett shows how to do a little balancing act in front of camera. The Premier has sent gift packs of apples direct from his own riding in the Okanagan to Premiers of the other western provinces with a note urging them to 'help us celebrate National Apple Week in November'

Women's Page

Indecisive Driver Causes Highway Hassle

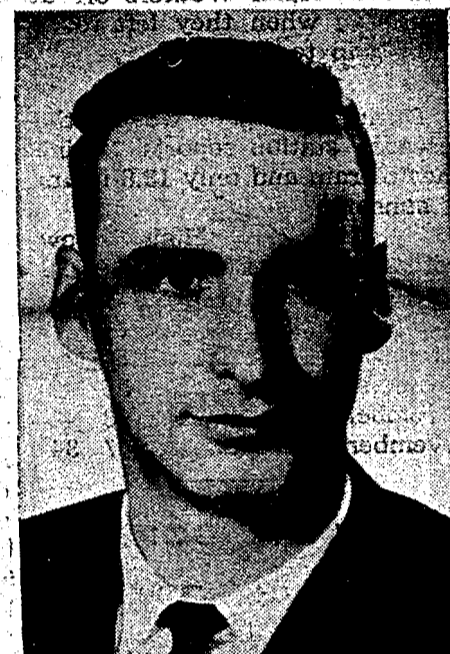

Canadians have always believed in plenty of freedom for everybody. It's in our blood to value things like freedom of religion, of speech, of the press, of sleeping in on Sundays if we want to.

Of course, some people do take unusual liberties with liberty. Like that woman who is always dashing around town. She was out for a drive last week and had a collision, with a man.

The policeman on the scene was a gentleman, so naturally he cross-examined the man first, about why he hadn't given the lady her half of the road. The man was pretty mad. He said he was ready to do just that as soon as he could figure out which half she wanted! Which is a good example of what comes of indecision.

Maybe Canadians are not always models of decision, but there is one thing a lot of us made up their minds about a long time ago — and kept it made up. That's the importance of saving regularly for the future at the Bank of Montreal.

A savings account at "My Bank," can mean so many things — an education fund for the children, help for the whole family if there's ever a rainy day, a down-payment fund on a new home. If you haven't yet started your own plan for regular saving, plan to visit the Summerland branch of the Bank of Montreal soon. Don Carmichael, the accountant there, will be glad to show you how easy it is — and how profitable — to operate a B of M savings account.

See the amazing Ashley Thermostatic Wood Burning Circulator

Read what Alaska Highway News says about them

"It is really hard to believe a wood stove could give so much satisfaction. The floors are kept warm, the heat is circulated, and there is no shaking of grates, pulling of coal forward, or flying ashes, or filling up the box with new wood. The drafts are controlled so the wood will burn for 12 to 18 hours without being refilled or disturbed."

HOLMES & WADE
Your Marshall-Wells Store

Concert features top vocalists

The date for the first Overture Concert of the 1964-65 season has been moved ahead to Saturday, November 14, from November 16 at the request of the artists. Summerland residents will thus be able to enjoy their first concert two days earlier than expected.

The Carillon Quartet includes Barbara Strathdee, soprano; Irene Looseberg, contralto; Jean Bonhomme, tenor; Maurice Brown, bass. In the tradition of the well-known chanticleers they will offer a varied program of operatic duos, trios, quartets and a few solos.

Part of the program will be staged: all of it will offer superb singing by these leading young Canadian vocalists.

Concert goers here will remember Miss Strathdee for her delightful concert last season.

Don Tait and Charlie Leinor have returned from a trip to Jasper via the Yellowhead Route.

Mrs. E. Bates of Chilliwack, former resident of Summerland received her Bachelor of Education degree at the UBC fall convocation.

Here are some novel decorations featuring rosy red apples suggested by the home economists of the Consumer Section, Canada Dept. of Agriculture.

The apple bouquet makes a perfect centerpiece; arrange apples in your favorite vase, surround with evergreen and holly.

The apple candlesticks are easy to make, just scoop out a hole in the stem end of the apple. Use different lengths of candles or the tiered effect.

The skier takes toothpicks and

a little imagination. They used carrots for skis and pickles for his face.

The apple rose makes a delightful centerpiece for the hors d'oeuvres tray. Starting from the bottom of the apple, peel the apple in a circular motion, making sure not to break the peel, leave peel attached at stem end. Arrange the apple peel in spiral layers. Dip the "rose" in lemon juice.

Apple slices dipped in lemon juice and arranged around a dish of your favorite cheese dip top off the decorations.

Comings & Goings

Mr. and Mrs. Gunnar Rasmussen and family have returned from a month's trip to Denmark.

Mr. and Mrs. Harvey Gundry of Watrus, Sask. have been visiting Mr. and Mrs. A C Logan.

Mr. and Mrs. Ray Leinor and daughter Betty have returned from a trip to Radium Hot Springs.

Mr. and Mrs. Eric Williams visited friends in Burns Lake over the week end.

Mr. and Mrs. E. Woolliams have returned from a week's holiday on Vancouver Island.

Mr. and Mrs. Arthur Morgan of Nelson were recent visitors with his mother, Mrs. Granville Morgan.

Mrs. Clarence Adolph returned on Saturday after spending a month visiting her daughters at Gull Lake and Calgary. While at Gull Lake she attended an old timers reunion.

Miss Carol Hackman and Miss Barbara Fudge left last week for Australia where they will teach for a year.

Bill Ward has left by boat for Australia where he expects to obtain employment in the mines.

Jim Eden visited his parents. Mr and Mrs. Harvey Eden on Friday prior to sailing for Australia where he will work.

Mr and Mrs. Arthur Mark of Vancouver were week end guests at the home of Mr. and Mrs. Norman Wrest. Some of the old time baseball players may recall Mr. Mark, as he played third base for the team in 1932.

SYMPHONY ORCHESTRA PREPARES FOR SEASON

The annual general meeting of the Okanagan Valley Symphony Society was held Sunday, October 25 at Penticton.

Work accomplished in the past year was reviewed briefly and the 1964-65 season is well underway with Sunday rehearsals being held regularly as planned.

Under the very able direction of Lieut. Leonard Camplin, director of the Royal Canadian Engineers' Band at Chilliwack, the orchestra has undertaken an especially busy year with plans to present a pre-Christmas concert in Penticton on December 13, in Kelowna on December 6 and in Vernon on December 7 and possibly in Oliver as well. These will be in addition to the regular spring concert series held annually.

Directors at large include D. Dunham of Summerland.

Summerland members of the Symphony Orchestra include Miss Maureen Griffiths, Louis Biczko, Ken Stewart and Dolmar Dunham.

NOTICE TO OVERTURE CONCERT MEMBERS

She's Everything But Patient

I get a few fan letters. About half of them are from dear, sweet, intelligent people who tell me they read the column faithfully, and like it.

About a quarter of them are from mutton-headed, wrong-minded, opinionated people who read the column faithfully and disagree with my politics, language and philosophy. The other quarter is made up of frantic chairmen of the program committees for various service clubs, wanting to know if I'll speak to their group on July 14th.

The answer to the last one is always no. I spoke to a service club once, and swore I'd never do it again. I have never had such an ignorant audience.

After spending a week preparing a speech, and driving fifty miles on a winter night, after a hard day's work, I was asked anxiously by the president if I could "keep it down to ten minutes or so."

About half the members were half-oiled and two or three went to sleep while I was being introduced. This is about standard. The president and secretary kept looking at their watches. Before the ritual "thank you" eight or ten members had slunk out. The president apologized, "they hafta go curling."

The minute the vote of thanks (in which the mover called me Mr. Wiley, the famous columnist) ended, the club came to life with tigerish intensity, and I sat there listening for three-quarters of an hour to them quibbling about whether they should spend fifty bucks on a donation to boys' hockey, which would get them a picture and a half a column in the local paper, or twenty five bucks on a donation to a scholarship fund, which would get them a paragraph. Guess which won.

However, as you have long since guessed, this committee has nothing to do with what I'm going to talk about. What I started out to say was that we

had a switch this week. My wife got a fan letter.

It was a lovely letter—warm kind, friendly, intelligent, and utterly mistaken.

In part, it reads, "I'm sure you must be a very patient woman and a very happy one, as I think I can tell from your husband's column he is a happy and contented man, and this is mainly all a wife needs to be happy herself. Perhaps?"

Bless you, dear lady, for that "perhaps". There's still hope for the reading public.

My wife is about as patient as Henry the Eighth, about as happy as Hamlet.

She's a good kid, basically but it's been a long time since she was on base. Or even knew what innings it was.

At least once a week, she's so depressed she says, "I just feel like jumping off the dock." I reply, "So who's stopping you?" She, old Patience, bellows, "You'd just love that, wouldn't you? You'd go right out and get married to some young flibbertigibbet who couldn't keep you in line." And so on.

She thinks she's smarter, financially, than the president of the Bank of Canada. But she never has any change for the milk bottles.

She claims she's so neurotic she can't sleep a wink, ever. I take her to a movie, she falls asleep in eight minutes, and it takes the combined efforts of me, the ticket taker, and the manager, to get her out of the theatre when it closes.

Last week she wanted to go to Africa and teach all the kids in the Congo how to play the piano with the proper finger movements. Next week she'll be bawling hell out of me because I haven't been bawling hell out of the kids about something or other.

Happy? No. Patient? It is to laugh. Interesting? Si. Attractive? Si. Nutty? Naturally. And perhaps that, dear lady, is why her husband is, as you put it, "a happy and contented man." Oy!

Toronto Telegram News Service

A letter to minor hockey fans

The Editor,
The Summerland Review.
Dear Sir:

With hockey in Summerland underway again for the 1964-65 season, it brings back many memories of the previous season and the wonderful showing that our Juveniles made in going to the B.C. finals. Had it not been for the support of the people of Summerland this club could never have achieved such an award.

My main reason for writing this letter is that in the past few weeks I have heard many comments regarding our Juveniles going to Penticton to play rather than playing in their own group in the town that gave them the support last year.

I can assure you it is not the wish of the Summerland Minor Hockey Association. But it is the wish of but a few individuals of our community. One of whom has admitted to me that he is not interested in the SMHA but only in the Penticton Juniors.

The SMHA has been asked by the manager of the Juniors to affiliate with the Juniors and he also wants the players given their releases. The SMHA has declined to do so for several reasons until December 31.

First, Summerland was never

informed that the team would carry Summerland's name. This was one man's idea.

Second: If these players are given a release and sign Junior cards and are dropped from the junior team they cannot play juvenile in Summerland.

Third: The coach and manager of the Summerland Juveniles offered to assist the juniors in loaning players. But seemingly this was not to the satisfaction of the juniors manager who still puts pressure on the SMHA for these players, even to the point of giving false deadlines for registration.

The fourth and most important reason: If SMHA should give these boys their release it would not be to the Junior Association because they do not have a president or an executive. This means that one individual would have control of these players.

There is no doubt in my mind that some of these players are of junior calibre and will make the team, but there are several who are not; yet they have been persuaded to sign junior cards. I don't feel we can blame the players involved. Some of the ridiculous things that have been promised these boys, I would be tempted to join myself.

Interested.

Report from Parliament

by Dave Pugh, MP

Good news for Okanagan-Boundary is the statement by the Prime Minister that the Queen Elizabeth II telescope will be built on Mount Kobau. This mountain overlooks Oliver and Osoyoos, and the present planned access will be to the Richter Pass Road. Looking into the future, the telescope will be of tremendous importance not only to Canada, but to our area. It will be a centre for research and will draw many eminent men and students. In addition, of course, there will be a steady stream of tourists, and picnic and parking facilities form part of the plan. It even could be that an ideal skiing site will be made readily accessible.

I have just walked out of our last flag committee meeting, and the report which we have prepared will be made public later today. This has been a long and arduous project. It has left little of the last six weeks for anything else, and, I should imagine, sets a record for attendance. Only on the rarest occasion did anyone miss even a portion of these all-important discussions. Differences of opinion were constantly aired, and there was plenty of give and take. For my part, I am glad it is over. This does not mean the flag question is settled. It is now up to the House of Commons. All Members who were chosen are rather proud of the fact that they formed part of this Committee, and while it has been a terrific strain, I wouldn't have missed it for anything. Our witnesses were of a high calibre, and because the hearings were secret, were able to talk most freely in their statements and answers to questions.

Lest We Forget

by Rev. Norman Tannar
They shall not grow old, as we who are left grow old.
Age shall not weary them, nor the years condemn,
At the going down of the sun and in the morning
We shall remember them.

— from "For the Fallen" by Laurence Brinyon.
For the next several years, most newspapers in their "50 Years Ago" and "25 Years Ago" columns will be recalling the events of the First World War and the Second World War respectively. These recalled events are meaningless unless here is added to them the flesh

and blood of thousand upon thousands of the young who died not only to make the world safe and free but also by their sacrifice showed the futility of war.

In the well-known verse by L. Brinyon printed above, the word "condemn" is in heavy type to draw attention to the fact that often in its place the word "condemn" is used. Condemn is to blame, or give judgement against; and condemn is to despise, or treat with disregard. The latter is probably the better word — "nor the years treat with disregard". This is the whole reason for observing November 11, Remembrance Day, that we do not treat with disregard those who fought for country and for peace.

SPORTS

Midgets win in opening game

The Summerland Midget hockey team played its initial game last Sunday, on home ice and defeated the Merritt Midgets 6-0. Goalie Dick Johnston got the shut-out with an excellent display of net-minding.

Jim Haddrell and Robin Agur each scored two goals with Gary Bullock and Barry Derosier picking up singles. Top assist man was Dale Jenner.

Next Sunday they will host the Okanagan champions from Kamloops. Game time is 12:45 and the boys are anxious to see a good crowd at the game.

Joe Bullock and Ernie Pushkarenko are coaching the young players.

Broncs lose to Vernon

The El Rancho Broncs went down to a 4-2 defeat by the Vernon Blades at the Penticton Arena last Friday night.

The Blades, smarting from a four game losing streak, were determined to put an end to that situation as they swarmed over the Broncs in no uncertain manner. The first period ended in a 1-1 tie but the second period saw Vernon put in three unanswered goals.

In the final period the Broncs turned on the pressure and succeeded in picking up another goal but it was too late to overcome the lead.

Scoring for the Broncs were Ken Lawson and Jimmy O'Neil.

This Friday, the Broncs meet Kamloops in Penticton arena, with a return game in Kamloops on Saturday.

Bill Croft tops in mixed 'spiel

The curling season got under way on Thursday evening with a mixed bonspiel of 20 local rinks. There were two divisions in the 'spiel, with the finals taking place Sunday.

In A division the Bill Croft rink took top honors from Harvey Eden, with Don Turnbull and Ed Lloyd finishing in third and fourth places.

Tops in B division was a rink skipped by K. Brakenridge as they were victorious over A. Etter. Al McIntosh finished in third, with S. Sakal fourth.

It was a very successful bonspiel, and the curlers are looking forward to an excellent season.

Bowling Results

The mixed bowling league commenced regular play two weeks ago with 24 teams entered. The league is divided into three divisions, A, B and C.

Leading the league at the end of the second week, are the Accidentals in A, the Mad 5 in B League and the Busy Bees in C League.

Ann Dean and Bill Austin rolled games of 312 and 319, respectively and had high three game totals of 711 and 766.

High team for the week was Borderlines with 3017.

In B division Dorothy Mayert topped the list with scores of 219 and 556. High men's score was rolled by Irvin Carty with 256, and Chuck Hill had a high three score of 636.

Ladies high single in C division went to Mary Parker, who scored 190, Phyllis Daines and Marie Davies shared the ladies high three games total with 518.

High team, Roamers, 2441.

Also in C division, Bob Newton took top place in both the men's high single and high three with 261 and 643.

PERFUME, COLOR, APPEALING IN FIRST MOULDED CANDLE

This article, the second in a series of seven, gives instructions for making your first moulded candle — one which can also be colored and perfumed if you wish.

Materials and utensils needed include two slabs of paraffin wax, stearic acid, ten inches of braided wicking, salad or cooking oil, adhesive tape or plasticine, coloring, perfume, a double boiler, foil pie plate, knife, small brush, dixie cup, knitting needle, scissors, straightened paper clip or small metal bar, rubber band, fork, ladle, and a spoon. Special dyes are available in "color buds" — small squares of wax with a high concentration of dye — which can be shaved for coloring candles. Oil-based perfumes are the only types which can be used in candle making since neither alcohol or water-based ones will mix with wax.

As with the block candles, protect your work area with newspapers, then break up the two blocks of paraffin wax in the double boiler and set to melt.

Oil the dixie cup with a swab of cotton dipped in oil and turn cup upside down to drain out any excess. Carefully measure and mark the centre of the cup's bottom and make a hole at this point just slightly larger than the wick diameter. Knot the wick and thread through the hole, pulling the knot up tight against the outside of the cup. Seal hole and knot with plasticine to prevent any leakage of hot wax.

Cut two small notches on opposite sides of the dixie cup's rim to hold the small metal rod, then pull wicking firmly over rod and down side of cup, fastening it there with the rubber band. Place mould on foil plate and before pouring wax make sure wick is centered in mould.

Spoon a little of your hot wax into the mould to ensure a positive seal in the bottom. Let it stand for several minutes to make sure there is no leakage and then fill cup to within one quarter inch of the top. As the candle cools, the wax will contract and form a hollow around the centre with air pockets below the top surface. Puncture this surface in a few places around the wick with knitting needle and refill with hot wax. Repeat until candle has even surface on top. Let candle harden for several hours then snip knot at bottom of cup and pull candle from mould by its wick.

For a colored, perfumed candle, add a few shavings of color bud to the melting wax. Test the wax's color by letting a drop or two fall on the foil plate, adding more color until the desired shade is obtained. Add a few drops of perfume, choosing a scent which will suit the color: a pine scent for instance, combines well with green candles. A particularly delightful effect can be achieved by dipping your wick in the scent you desire.

Plain candles can be decorated by "frosting" them. This is done by melting wax, omitting the stearic acid, then allowing it to cool until a film forms and beating it to a frothy texture. This may be done with a fork or an egg beater. A little color or a spoonful of sparkles can be added to the wax while it is melting. When the wax is fluffy and cooled, apply it to the candle with a spatula or knife blade. Sequins, sparkles, and other decorations can be pressed into the frosting before it hardens. For variety, mould the candle using one color of wax, and use a contrasting color for the frosting. The slab candle discussed in the first article is ideal for this glamorous frosting touch.

For additional information write to: The Candle Making Institute, P.O. Box 4080, Terminal A, Toronto 1, Ontario.

1st Summerland Troop

On Monday we had an excellent meeting with almost full turnout. Mr. Denike concluded his instructions on Ambulance Men's Badge and Mrs. Evans examined a number of boys on Personal Fitness Badge. She will be at the November 16 meeting to examine the rest and there will also be an examiner on November 16 for the Ambulance Man's Badge.

At the start of the meeting, five boys were invested, John Steuart, Rolly Dunn, Earl Milmore, Ken Ryman and Ken Haddrell. Leaping Wolf Badges were also presented to these boys by Cubmasters MacArthur and McKenzie.

Instruction period covered sign making and estimating of distances. The meeting concluded with an excellent sing song accompanied by Scoutmaster Wiens on his guitar.

There will not be a meeting next Monday on account of the Poppy Day activities and Remembrance Day Parade. The next troop meeting will be November 16.

Fourteen boys volunteered to sell poppies this Saturday for our sponsor, the Legion. The meeting place is the Health Centre at 9 a.m. with as much uniform showing as weather permits.

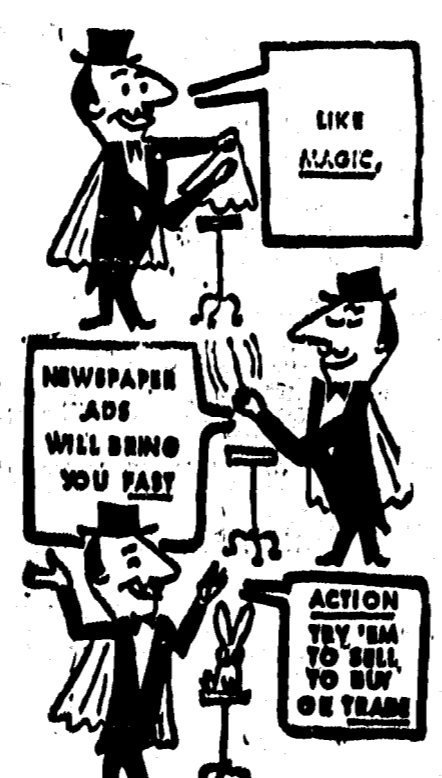

On Remembrance Day there will be a full troop turnout for the Cenotaph Service. Meet with as much uniform showing as weather permits at the school at 10:20 a.m.

Patrol points are Beavers 229, Eagles 220, Buffaloes 210 and Hawks 200. Duty patrol next meeting, Beavers.

D. V. Fisher, Scoutmaster

DEAR DORIS
advice from
Doris Clark

A Bride Must Have Her Day

DEAR DORIS — I would like to know whether or not my son or myself have any say as to the guest list for his wedding reception. We have relatives living near, also a few close friends that we would like to have attend. Does the bride's mother contact us in this regard or is it proper for me to advise her? Should my son's father be invited? We are separated but on friendly terms.

The bride's mother and I are not on very good terms and it is difficult to discuss anything, and I want to do the right thing (even if it is nothing). My daughter-in-law-to-be and I are on very good terms; however, she is not being consulted in any of the things pertaining to this reception either. She is afraid to ask her mother about anything in this line.

MOTHER OF THE GROOM
DEAR MOTHER — The bride and her mother invite the groom to supply a guest list covering his side of the family. His father may be invited, if you are friendly.

How on earth can the bride's mother hope for a happy affair if she and the bride aren't communicating? Hasn't she heard that it is the bride's day? I'd suggest you take the initiative in getting together with the bride, her mother and your son, for an informal hour at your home, one evening ahead of the wedding. Make it clear you want to help where you can, and bring up the business of invitations. Someone has to tell the bride.

DEAR DORIS — Do you think it is right for my father to read my diary? I know he did because he used a slang name for my girl which I have never told him, but it was in it. If I read one of his letters he'd read the riot act to me. Isn't a boy entitled to some privacy? I am 14.

DEAR SCOUT — Your privacy is just as important as his. If he wants you, his son, to be trustworthy, he should set a good example. He should not read your diary, nor your letters, nor listen in on your phone calls. Have you given him reason to suspect your behaviour?

DEAR DORIS — I've got myself into a real pickle and I don't know how to handle it.

I went with a boy for two years. We became quite close and free with ourselves when with each other. I permitted him to take some pictures of me that I'm not proud of. One of his enemies (a boy) got hold of one and is supposedly planning to send it to my parents to get back at my ex-boy friend. I asked my "ex" for the rest of them and he said he would think about it.

So what I'd like to know is whether I should tell my parents to prepare them for this and, if so, what am I going to say?

ASHAMED
DEAR ASHAMED — Better tell Mum. This is the only way to avoid anxiety about it. It was childish and cheap, but you're over it now, I take it?

Mum won't like it, and it won't be easy. At the same time, she was a teenager once, and doubtless did a few things she wasn't proud of afterwards.

Perhaps this one confidence will open the way for more serious and helpful discussions between you. Just tell her the truth — as you have told it to me.

Confidential to Pining For Him — Your steady is listening you down gently. Band practice every night, and army exercises, are good excuses, if love is blind enough not to see that a telephone is still within his reach!

Blood clinic
November 20

The annual Red Cross blood donor clinic will be in Summerland November 20.

The clinic will again be held in the United Church Hall from 1:30 to 4:30 p.m. and 6:30 to 9:30 p.m.

The Kiwanis Club will conduct a telephone canvass to urge residents to turn out to the clinic.

BACK WALROD

(continued from front page)

perspective allows for a truer evaluation.

I submit, and this is a principle applicable to any industry, that management cannot function properly when it is under repeated criticism and interference by growers and some of their elected executive.

It is my considered opinion that the senior management and sales department personnel have given to the industry a remarkable degree of sincere loyalty and, that in spite of ill-informed and unreasonable criticism. I agree that management must expect to receive any amount of reasonable and justifiable criticism made in a proper manner at a proper time. However, many growers and some of their elected executive have been so ill-advised as to use management for a scapegoat in expressing general discontent.

The resignation of Mr. Walrod, under these circumstances, is an alarming and dangerous blow to the present and future health of your grower organization.

There are other very valuable men who do responsible and efficient work for your organization. Beware lest you test their loyalty too far.

I know that there are, in the grower body, a few vociferous and persistent malcontents to whom reason and common sense is not an acceptable basis for thought and argument. However, I also know that there are a great many who have good judgement and common sense, but from whom little is heard and from whom no sensational headlines originate.

It is to this second and larger group that I appeal. Insist that your local call a general meeting.

Attend it and express your confidence in the General Manager of Tree Fruits, calling for his immediate reinstatement.

Resolve that in the future you will make your voice heard in order to check and control this tendency toward self-destruction.

Mr. Editor, I wish to thank you for being so generous with the space in your paper.

Jack Towgood

PLANNING

(continued from front page)

as an administrative group and set policy.

The regional planner has his office in Penticton with a deputy planner and a draftsman on his staff. He told the Review that about 30% of his time allotment for Summerland will be taken up with the twice monthly meetings, and the remainder of the time will be spent working on specific community problems brought about by the growth and changing economy of the community.

He said the community will also benefit from regional work in general which is being done for the valley.

CHRISTMAS BONUS

Mindful of the approaching Christmas season, the provincial government has given council permission to add a bonus to the recipients of welfare cheques. It will amount to \$5 for the head of the family and \$2 for other members.

Naramata play
coming here
December 4

The Naramata Players will present 'The Chiltern Hundreds' in Summerland on December 4. Sponsored by the Summerland Rotary Club, the play will be staged in the secondary school auditorium at 8 p.m.

Directed by Jim Onley of Summerland, the cast includes people, animals and birds in a rollicking comedy about the recent English election. Acting together for the first time are Diana Viero, Ben and Dalia Wall, David Mitchell, Brenda Booth, Kitty Wilson, Jim Onley and the Perfect Butler, Art Denby.

This is a real community project with Penticton Theatre Club helping with sets, costumes and make-up, and profits going towards a permanent curtain for Columbia Hall.

Performances will also be presented in Naramata and in Penticton.

Results of

contract bridge

The South Okanagan Bridge Club held its weekly session in the Rosedale Room on Monday.

Six tables were in attendance and the following teams were winners: 1. Mrs D. Stuart and R. Stuart, 2. (tied) Mrs. Maude Young and W. Evans and Mr and Mrs. Bert Berry; 4. Clare Elsey and Ben Trafford.

The club is hosting the Okanagan Unit session this Sunday at 2 p.m. in the Rosedale Room.

The Unit includes members of clubs from Revelstoke, Kamloops, Vernon, Kelowna, Grand Forks and South Okanagan.

All bridge players (members and non-members) are invited to bring a partner and play in this session.

The South Okanagan Club also invites members to its 2nd monthly Master Point Night on Monday, November 9 at 7:30 p.m. in the Rosedale Room.

The Corporation of the District of Summerland

Proclamation

Dear Fellow Citizens:

November 5th to 11th will be observed as REMEMBRANCE WEEK throughout Canada. It is a time of double significance for all of us. We recall with pride, and with deep compassion, the men and women who have died so bravely in the service of their country; we also are reminded of the great scope of the community services being carried on by surviving comrades who work through Royal Canadian Legion branches everywhere.

It is with considerable pride that I commend the vast amount of volunteer work and financial support the Legion gives to this community through scholarships, sponsorship of young people's sports and continuing dedication to the welfare of veterans.

The Canadian Legion is the largest service organization in numbers in the province. This year the Legion celebrates its 38th anniversary and increased support will bring new vitality to the Legion organization and greater benefits to many in our community.

Norman Holmes

REEVE

Under the Giant's Head

Three ambitious hikers, Ian Tait, Dale Paul and Raymond Davis, climbed Snow Mountain over the week end. They report about a foot of snow near the top.

18 building permits were issued in October for \$59,325. This is nearly the same as for the same month last year when 11 permits were issued for \$58,000.

Two dwelling permits were issued for \$45,000; two dwelling alteration permits for \$9,125; and two commercial alteration permits for \$5,200.

Building values are up by approximately \$37,000 this year. In the first 10 months of 1964 119 permits were issued for \$357,721; while in 1963, 107 permits were valued at \$320,830.

There was one moving permit issued in October, reported building inspector J. F. Khalembach.

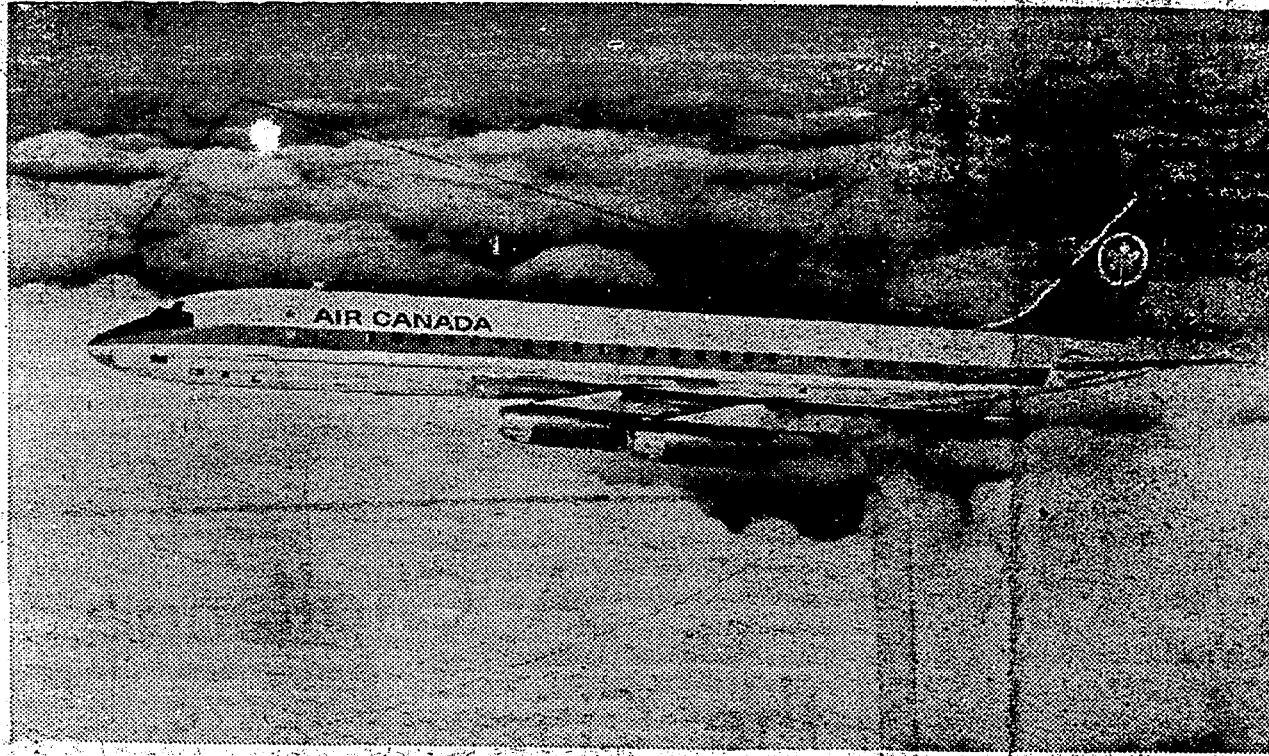

THE SUMMERLAND REVIEW

Thursday, November 12, 1964

Summerland, B.C.

Volume 19, No. 41

5c Per Copy

The first aircraft to appear in Air Canada's new livery, a DC-8 jet, carried Queen Elizabeth II home from Ottawa to London October 13 following her visit to Prince Edward Island, Quebec and the nation's capital. Air Canada's fleet of 16 Douglas DC-8s, 23 Vickers Vanguards and 39 Vickers Viscounts will all be repainted in the new colours during the coming months.

Police Court

It was a busy day in the Summerland police court Tuesday as five cases were heard before magistrate R. A. Johnston.

A voluntary fine of \$35 and costs was paid by Robert T. Johnson of Penticton, charged with crossing over double solid lines. The charge arose after Johnson had been involved in an accident on the Summerland hill on October 17.

A Penticton juvenile pleaded guilty to driving while under suspension, and of speeding within the municipality. He received six months probation on the first charge, and was fined \$25 on the second offence. The probation officer appeared in court with him.

Ronald Lahay of Penticton, was found guilty of allowing an unlicensed minor to drive his automobile. He was fined \$25 or in default 30 days. He was given time to pay the fine.

Nelson Irwin Fenton, Westban, and Darryl Kunkle, Oliver pleaded guilty to being minors in possession of liquor. They were each fined \$50 or in default 60 days. Time was allowed to pay the fines. They were picked up on the Garnett Valley road on Hallowe'en night.

War dead honored at Remembrance services

Despite cool weather and falling snow a large crowd attended the annual Remembrance Day services at the Cenotaph on Wednesday.

Legion members, Ladies Aux-

iliary, Scouts, Cubs, Girl Guides and Brownies took part in parade. They were led by the junior pipe band from Penticton. The school band played for the service.

Rev. W. S. Beames, Legion Padre, conducted the service, assisted by members of the Summerland ministry.

Steve Dunsdon was parade marshal and Legion president, Dr. Dugal MacGregor read the Roll of Honor.

The annual Remembrance Day banquet and dance was held in the Rosedale Room Wednesday evening.

A. F. Calder appointed as returning officer

A. F. Calder has been appointed returning officer for the December 12 municipal election. Nominations must be in by November 30 for the offices of two councillors and three school trustees.

Terms expire this year for councillors W. B. Powell and H. J. Barkwill, and for school trustees J. Bennet, W. S. Ritchie and Dr. J. Millmore.

It is expected that all the retiring councillors and school trustees will seek re-election.

Services today for Miss M. MacKenzie

Services were held Thursday, November 12, for Miss Muriel MacKenzie, age 41, who passed away in Powell River on Sunday. Miss MacKenzie had come to Summerland six years ago from Aspen Grove.

She is survived by two sisters, Mrs. Wilfred King of Summerland, and Mrs. R. R. Farrow of Powell River; two brothers, Gordon of Summerland, and Wallace of Peachland.

Rev. F. W. Haskins conducted funeral services in Summerland Baptist Church Thursday, at 2 p.m. Interment in family plot, Peachland Cemetery.

Roselawn Funeral Home, Richardson and Williams, directors, entrusted with arrangements.

Councillors veto raise in pay

Two of three petitions presented to municipal council recently were taken off the table for discussion last week. The petitions were presented by N. Abernethy and A. W. Rae.

The first petition asked council to consider larger remuneration for its members. Councillor W. B. Powell, in turning down the petition, remarked that the group makes every effort to stay within the budget, and since the budget was set earlier this year, no action would be taken on this petition.

On the second petition regarding council adopting a procedural by-law, clerk G. D. Smith said that such a by-law had been in preparation for some time. Regarding the municipal solicitor being present at council meetings, it was felt that the municipality had not grown to the extent to make this necessary.

The third petition regarding municipal ownership of the hospital was left for further discussion.

HOSPITAL MEETING

A public meeting to discuss the proposed new hospital will be held on December 2 or 4.

Amendments proposed in zoning by-law

A public meeting will be held on Tuesday, November 24 to consider 10 amendments to the zoning by-law. It will be in the municipal office at 7 p.m.

Persons whose property will be affected by such amendments may appear in person or by attorney or by petition. A copy of the proposed by-law and plans may be seen at the municipal office.

Descriptions of the properties to be rezoned are given in an advertisement on the back page of this issue.

A new line truck for the electrical department will be purchased early next year. Costing approximately \$25,000 the modern unit will have a hydraulic lift with a fibreglass bucket. The four ton truck has a seating capacity for three.

October accounts amounting to \$71,835 were presented on Tuesday night by Councillor J. Schaeffer.

A domestic water application was approved for a new building on Hastings Road, next to Karen's Beauty Salon, which will house the provincial government liquor store.

Electrical applications were approved for Patricia J. Harrison, W. Dymoski, G. Rasmussen, O. L. Godeats, H. R. Vanderburg and Smith and Hill.

Slides shown at Camera Club

There was an excellent turnout of members at the monthly meeting of the Camera Club on Monday evening.

Following a brief business session, two slide sets from the Color Photographic Association of Canada were shown. The first consisted of slides submitted by CPAC members in competition for the Stark Trophy. Three local photographers, D. M. Ramsay, Miss Enid Maynard and H. Simpson had slides in this series. The second set, entitled Let's Do Titles, was very interesting and instructive to anyone interested in that phase of photography.

Alan MacKenzie was appointed as chairman of a committee to organize the club's latest project, a series of slides with taped commentary entitled Our Fruit Industry.

The next meeting will be a guest night and social evening. It will be held in the Youth Centre on December 14 at 8 p.m.

Domestic water applications were approved for W. Dymoski and R. M. Abercrombie.

Local man moves up in C.P.R.

L. R. Smith has been appointed vice-president, eastern region, Canadian Pacific Railway, with headquarters in Toronto.

Mr. Smith, who has been vice-president, Pacific Region, with jurisdiction over Alberta and British Columbia matters for the past three years joined the railway in 1938 as an operator.

He was born in Summerland and received his education here. His father, Harold Smith, was orchard foreman at the research station for many years.

J. Y. TOWGOOD

— out for blood

Be a donor — do your part on Friday, November 20 at the Red Cross Blood Donor Clinic.

The clinic is open from 1:30 to 4:30 and 6:30 to 9:30 in the United Church Hall.

Blood donor committee chairman J. Y. Towgood said that the quota this year is 350 pints. But because of the smaller attendance last year, he hopes citizens will turn out in large numbers to far exceed that amount.

Attend the blood donor clinic — and bring a friend.

Douglas Lelerman (seated) and Pat Watson, two of CBC-TV's top public affairs producers have teamed up this fall to make Sunday nights some-

thing special on the network. The pair produce This Hour Has Seven Days, a new look in television journalism.

Tourist Facilities used by more visitors this year

The Chamber of Commerce held its first fall meeting on Thursday, November 3. Guest speaker was W. A. Gilmour, who reviewed the booklet dealing with the policies of the B.C. Chamber of Commerce.

In this publication the provincial body outlines its stand in regard to education, taxation, health and welfare, and many other government and private business policies that have a bearing on the general economy of this province. Mr. Gilmour outlined each item in the booklet and at the conclusion of his address called for questions from the members.

V. J. Charles gave a report on the operation of the tourist information booth on Highway 97. The number of tourists that

used the booth this year showed an increase of at least one-third over the previous summer. Mr. Charles did not think that enough local advertising was available, and suggested that a good map of this district should be considered. It was also suggested that signs pointing to the business centre of Summerland be erected at strategic points and that the present West Summerland signs be removed as the use of two town names was very confusing.

At the December meeting there will be nominations for new officers for the coming year. J. E. O'Mahoney, Lloyd Shannon and D. H. Hill were named as a nominating committee.

Barbara Strathdee, soprano; Irene Loosberg, contralto; Jean Bonhom, me, tenor; Maurice Brown, bass.

The first Overture Concert of the 1964-65 season will be held on Saturday, November 14 in the secondary school auditorium. The first program will see the Carillon Quartet present a selection of 15 pieces by four outstanding artists, Barbara Strathdee, soprano; Irene Loosberg, contralto; Jean Bonhom,

In the tradition of the well-known chanticleers they will offer a varied program of operatic duos, trios, quartets and a few solos.

Part of the program will be staged. The evening will offer superb singing by some of Canada's most promising young singers.

Stand up now

On November 30, nomination day will be held for two council seats and three school board seats. In the past few years Summerland has risen above the general public apathy for municipal elections, with contested seats in both council and school board. We hope that this year will be no exception.

Let us make it clear that we are not speaking against the retiring officials, most of whom will be seeking re-election. But we know that they would be the first to say they do not like to be elected by acclamation.

Civic elections are for the taxpayer in the municipality to contest. Have you ever thought of running for public office? It may be a good idea for you to give it some serious consideration. Your political influence or money is not needed. All that is required is a sincere desire to serve your community in an unselfish manner and help make it a better place to live.

Public apathy during civic nomination time is often as deplorable as during election time. If the average over the years will again be borne out, only three out of every ten Canadians will bother to vote... much less to stand for election.

A contested election also keeps the voter on his toes. The hotter the better. More important, it keeps the candidate on his toes, whether he is seeking a new office or re-election. There are many men (and women) in this community who would be ideally suited for public office, but have never been asked. They should come forward, you say? That might well be so, but human nature being what it is, encouragement from a good friend or neighbor is often all it takes.

An editorial in a national publication, 'Industry' has this to say about municipal elections:

"Water, sewage disposal, garbage collection, street construction and repair, lighting, police, fire, parks — such services are all vital to life as we know it. They may not be the last word in excitement, but we would be in a pretty poor state without them. Their provision is the business of municipal, or local government, and is therefore, our business.

"Nor should we forget that municipal business today is big business. The explosive postwar growth of our cities, towns and villages has meant an enormous expansion of these local government services. And where else have the huge sums necessary to finance this expansion come if not from taxes?

Thus, the mayors, Reeves, councillors and school trustees who serve their communities bear a heavy load. On their shoulders rests the responsibility to spend the tax mills both wisely and well."

Letter to Editor

False statements denied

The Editor,
The Summerland Review,
Dear Sir:

Since the Letter to the Editor, re juvenile hockey, in last weeks Review, is plainly pointed at me, by a chicken-hearted hero, who has neither the decency nor guts to sign his name, I feel it is my duty to reply to this person and others that think like him.

The facts are, four written releases were granted to players to go down to the prairies to play Junior hockey, three of them were of Juvenile age, one of them the son of the Summerland Minor Hockey Association president, which incidental is beside the point. Those boys wanted to play Junior hockey and this was certainly fine with the SMHA, but for the remaining four Juveniles to play Junior hockey for the Pentiction-Summerland Junior club, a home-town club, absolutely not, as one of them put it "not over my dead body". What's good for the goose should also be good for the gander.

As to me not having any interest in minor or any other hockey here in Summerland or any other place for that matter, is of course, sheer nonsense. My record speaks for itself. I wonder where this Johnny-comelately comes from.

Yes, I did ask the SMHA to affiliate, but they could not see

A plea for decency

by Rev F. W. Haskins

While on occasion there may be cause for complaint, our newspapers would not dare to publish the blasphemies and blatant sex contributions which appear in our magazines. Stories are printed in Canadian magazines which take the Lord's name in vain in casual and callous disregard of the law. Cancellation of subscriptions seem to be the only answer if one does not want magazines around the house which contain raw sexy articles.

There is a rising tide of protest against the sex diet dished out by the drama departments of the CBC. A garbage can has its place, but this is no reason why its contents should be minutely described in public. Magazines, radio and television media have a serious responsibility for whether they own up to it or not, they are important teaching mediums. There is no need to put up a great outcry against censorship because someone describes 'dirt' as 'dirt'.

Moral standards are essential to the national welfare. Why should people sheltering behind the slogan of 'freedom of expression' be permitted to ignore decency in what they produce on the national networks?

The output of undesirable sex diet is likely a passing phase. May it soon pass!

Christian teaching is expressed in the plea for decency in Philippians 4:8: Finally, brethren, whatsoever things are true; whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.

Underwriters hear cabinet minister

The South Okanagan Life Underwriters Association were hosts on October 30 to bankers, lawyers and accountants of the South Okanagan.

The Hon. Ralph Loffmark, addressed the gathering at a luncheon in the Prince Charles Motor Inn. His subjects, income tax and estate planning were of particular interest to nearly 70 listeners who attended.

Pentiction's mayor Maurice Finnerty welcomed the speaker and invited him back for further talks on political subjects with the Pentiction Chamber of Commerce.

the point in it. The procedure all over Canada is for Junior teams to have affiliates. Before I committed myself to organize a combined Junior team in this area, I had the assurance of full co-operation from the leading officers of the SMHA. I also asked to have one man appointed to be on the executive of the Junior club and Mr. Bill Pollock was named. By this stand, the control of the club was evenly divided with two men from here and two from Pentiction. Here I state quite frankly, as manager of a Junior club, I did not want a bunch of 'Nit Wits' to tell me how to run a Junior hockey club. Any way control of our club and players is not a one-man idea. Since the President of our club resigned, the Vice-President, Manager and Coach are the ones in control.

Regulation by the CAHA regarding a Juvenile, playing Junior hockey, can be released up to December 31, and then sign up with a Juvenile club not later than Junior 15. If, on the other hand, a Juvenile club is duly affiliated with a Junior club, then a Juvenile is even allowed to play three more games between December 31 and January 15, and still finish the season playing Juvenile hockey.

As to false deadlines, to sign a registration certificate, CAHA Rule H3 (a), page 52, reads: "Every player competing in games provided by the Assoc. shall be a member of a club or

team, which is a member of the Assoc., and shall, prior to competing in any exhibition, league or championship game, possess a CAHA registration certificate duly signed by the Branch Registrar, Mr. Temple in Victoria, for the current playing season." (b) "In case of infraction of this regulation the Branch or CAHA, officers, as applicable, may take any disciplinary action dictated by the circumstances".

As to the several players that may be dropped from the Junior team due to their not being good enough, they exist only in the distorted mind of the anonymous letter writer. The ridiculous promise of a B.C. Juvenile Championship for Summerland dangled in front of the eyes of fans and players compares very favourably with what we offered those boys, namely, due to their age and the inexperience of our new Junior club, they will have a tough time playing Junior hockey and could very well end up the season in the cellar of the league. Furthermore, any of the four players involved can, if he so wishes, start playing Juvenile tomorrow for the SMHA. We will give him his release without shedding any crocodile tears.

As to the anonymous letter writer joining up with our Junior club, brother, it takes more guts than what you have.

George Stoll, Manager,
Pentiction-Summerland Junior A Hockey Club.

SUGAR AND SPICE

by Bill Smiley

Retrospect On Remembrance

Is there any point in prolonging the observance of that middle-aged and melancholy occasion known as Remembrance Day?

They mean nothing to about eighty per cent of the several million immigrants to Canada since World War II. How would you feel about Remembrance Day if you were a former German tank commander, or an Italian ex-infantryman?

Both the world wars of this century are ancient history to school children, and the old cliches of the day — "sacrifice," "laid down their lives," "fought for freedom" — leave them solemn but uncomprehending.

And last, but not least, it interferes with business. Merchants will tell you, with tears as big as turnips in their eyes, that they'll go broke if they have to close upon November 11. Manufacturers will assure you that the one-day interruption of production will force them to the wall.

In view of all this, is there any sense in hanging on to this special day? Why not cut it down to a one-hour coffee break on Nov. 11th? Within a couple of years, this could be further reduced to a two-minute silence. And within a decade, the whole archaic business of remembering a few million dead men could be discarded.

Is there any meaning in it any more? I don't know how you feel, but my answer is a resounding, reactionary Yes! It is based not on facts, but on emotion.

I'm a sucker for Remembrance Day. There's something to mistle the eyes in the jaunty gallantry of the old vets as they try to match the swing they marched with 40 years ago, here a stiff leg swinging, there a pinned-up alcove.

And there's something almost equally touching in the vets of World War II. They straighten their backs, pull in

their pots, ignore their kids waving at them from the sidewalk, and for a few brief moments toss away 20-odd years and become tough Canadian troops, striding toward their destiny.

During the two-minute silence at the Cenotaph, I remember. I remember the two lads, a Canadian and a New Zealander, with whom I shared a tent in Normandy. Both shot down within three days.

I remember Frankie, English, 18. He had a baby face, a big grin and a run of bad luck. One day he dropped a 500-pound bomb, purely by accident, in a neighboring army camp, and the troops were rather hostile to airmen for a few weeks. Another time he was sent to England on the beer run. Flying back across the channel, he spotted two German fighters about to attack him, jettisoned his extra tanks and prepared to defend himself. The extra tanks, full of beer, went into the drink. The German fighters turned out to be two oil spoons on his windscreen. And he was nearly lynched when he arrived and told his story. His luck ran out one day. Hit by flak, he bailed out and his parachute failed to open.

I remember the dreary November day six of us carried a coffin up a bleak hillside to a stony cemetery in North Wales. It contained what they'd been able to scrape up of Paddy Burns, Australian, age 20, after he flew into a hill.

And I remember half a hundred others: roaring boys, laughing boys, timid boys, gay boys, and boys scared stiff.

And when the Last Post plays their sweet requiem in the still, autumn air, I'll be there, my face all crumpled and a lump as big as a boiled egg in my throat.

Scrap Remembrance Day? Not as long as I can still cry and there's free beer at the Legion Hall after the parade. Toronto Telegram News Service

Out of the Past

(From the files of The Review)
November, 1916

Two more cars of B.C. McIntosh apples recently reached Toronto. They are selling for \$2.35 and \$2 for grades one and two.

A. B. Elliott advertised winter suits for boys — \$5 to \$7.

Rock and mud slides were responsible for the late arrival of the coast train on Tuesday and Wednesday. There are more than three feet of snow in the high altitudes of the Coquihalla Pass.

The greatest landslide in the memory of the oldest resident took place during the past week when practically the entire side of the hill collapsed a little past Crescent Beach on the Peachland Highway.

Twenty-six thousand dollars has been distributed to growers by the Co-op this week. Final payments were: peaches 81c; Yellow Egg Plums \$1.05; Victoria Plums, \$1.11 per crate. Apple prices were: Red Astrachans 83c; Dutchess .9c; Hyslop Crab Apples 99c; Transcendent Crab Apples 50½c; Red June 89c. These prices are for fancy grades.

MOVING TO CALIFORNIA

Dr. and Mrs. V. J. Guttormsson and family will leave shortly to take up residence in California. Dr. Guttormsson has had a medical practice in the Schaeffer building for the past year.

DEAR DORIS

advice from Doris Clark

Don't Mourn The Christmas Away

DEAR DORIS — My husband passed away two months ago, and we have been told that it would not be proper to send Christmas cards or celebrate Christmas this year.

We certainly will not feel like celebrating, but with regard to the sending of cards, can you tell me what should be done about them, or about decorating the home? (We have a small child in the home.)

BEREAVED

DEAR BEREAVED — You don't have to celebrate. But being gloomy, holding up, suspending contact with the living, won't help anybody.

Your card this year could be a reassuring gesture to those friends who are concerned for you. For some, your personal message written in can convey appreciation for friendship through these trying weeks and months.

Decorate modestly. Have a tree, for your own sake and your child's, and look to the future for a fresh start.

DEAR DORIS — I am 14 and I'm going with a very nice boy. He told me he was going to buy me a black diamond necklace for my birthday. Of course I would like to have it; what girl in her right mind wouldn't? But my mother says it wouldn't be proper to accept it.

I understand this myself, but how do you tell a fellow who has been saving for a couple of months that you can't accept what he gets you for your birthday?

BLACK DIAMOND LOVER

DEAR LOVER — It just isn't proper for a girl 14 to accept a valuable gift from any boy. No lack of friendliness intended. Tell him so. Tell him before he buys it!

DEAR DORIS — At 16 I was living away from home with my sister; and went steady with a boy. Then when I found I was going to have his baby I moved in with him. I have been living with him ever since (three years) although the baby was stillborn.

He will never be able to marry me as he is already married. Yet he says if I ever leave him I will be a sorry girl when he finds me. I want to start over where he can't find me.

Is there any place for girls like me to get some help?

AFRAID

DEAR AFRAID — A man cannot have two wives. That let's you out. Any protest from him can be countered by police action.

Move in with your sister for now. Report any threats or abuse from your common-law husband to the police. Don't run away. Get a job. Seek counselling and steering from the local child care agency where you are.

DEAR DORIS — I am lonely, 45, hard of hearing, work on a farm. Because of my handicap I cannot make friends except in a bar, which is where I spend most of my spare time.

If I had a lady friend on whom I could shower my affection and eventually get married, life would be a lot happier for me.

ALMOST ALCOHOLIC

DEAR ALMOST — See the doctor first, for a better hearing aid. You are creative and can find a better hobby than beer; one that means mixing with the fair sex. Think success instead of a failure. And report back to me later.

Toronto Telegram News Service

Alexander Graham Bell speaks the first words ever heard over the telephone in this scene from *The Chord of Steel*, story of the great inventor's early life,

to be seen on CBC-TV's *The Serial*; on seven consecutive Thursdays throughout November and December. Bell is played by Paul Harding.

Comings & Goings

Week end visitors at the home of Mr. and Mrs. Keith Young were their daughter Joan of Vancouver and Miss Helene Cloutier of Quebec. Both girls are airline hostesses.

Mrs. Helen Miller has returned from a visit to Calgary. She motored out with her son in law and daughter, Mr. and Mrs. Fisher.

Mr. and Mrs. K. Charlton and three children of Bowden, Alberta have been visiting her parents, Mr. and Mrs. E. O. Mortimer.

Mr. and Mrs. Preston Mott and family were at the coast over the week end.

Visiting with Mr and Mrs. E. O. Mortimer are their son in law and daughter, Mr. and Mrs. T. Kanstra and three children of Hinton, Alberta.

Councillors H. J. Barkwill and W. B. Powell are on a fishing trip in northern B.C.

Mr. and Mrs. J. S. Kirk left this week for a winter holiday in California.

Mr and Mrs. Frank Nicholls left last week for a holiday in California.

Mrs. Ed. Scheirer of Peach Valley has returned from the wedding of her niece at Ponoka, Alberta.

Newlyweds feted on arrival here

A suprise party for Mr. George Wade and his bride, the former Mrs Fred Grey of Flin Flon, Manitoba, was co-hosted by Mr and Mrs Colin Mann and Mr and Mrs Colin Campbell at the home of the latter in Prairie Valley last Friday evening. The honored couple was presented with gifts of fruit, jam and jelly.

Guests were friends and former residents of Flin Flon and included: Mr and Mrs Cece Wade, Mr and Mrs Norman Holmes, Mr and Mrs Don Cristante, Mr and Mrs Carl Finch, Mrs. Wm. Croft, Mrs Cook and Mr. Wm. Eyre, all of Summerland; Mr and Mrs Paul Sedlack, Mr and Mrs. Tamas, Mr and Mrs Fred Smith, all of Penticton; and Mr. and Mrs Howard Brown of Kelowna.

Mr and Mrs. Wade are making their home in Summerland.

J. Graham's honored on 25th anniversary

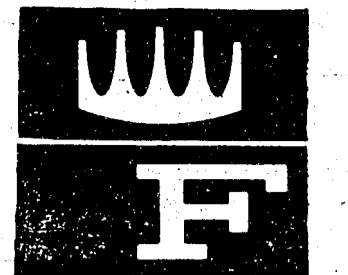

About 40 friends gathered at Shady Nook on November 4 to help celebrate the 25th wedding anniversary of Mr. and Mrs. J. Graham.

Rev. J. James of Kelowna was master of ceremonies. Mr J. Mott showed slides of the past where the Graham's were features. Rev. and Mrs James sang a piece composed by Rev James for the occasion and Mrs N. Buddingh gave an impromptu speech.

Mr and Mrs Graham were presented with a tray of silver by those present.

Hostesses were Mrs J. Mott, Mrs N. Buddingh, Miss Florence Taylor, Miss Lela Weese and Mrs. Howard DeWitt.

Out of town guests were Rev and Mrs J. James of Kelowna and Mr and Mrs W. Wright of Rutland.

3 act comedy here Dec. 11

An evening of excellent entertainment will be provided on December 11 at the secondary school auditorium when the Summerland Players present a rollicking comedy, *Me and My Shadow*, by Vincent Barnett.

The play is under the direction of Mrs. Earle Doeder and members of the cast are Maureen Roberge, Sandy Mott, Lorraine Smith, Maureen Griffiths, Gwen O'Leary, Ben Draper and Preston Mott.

Mr. and Mrs. Herb Waterhouse are in charge of stage management. Dave Driedger is publicity agent.

There are 21 players in the Summerland Players, operating under the night school classes. They are planning a one act play for entry in the Drama Festival next spring.

More tips on Candle-making

In this article, the third in a series of seven, a milk carton becomes the mould for both plain and fancy candles. Using the same basic techniques plus a few simple tricks, truly fascinating results can be achieved.

Materials and utensils needed to make these candles include two pounds of paraffin wax for each quart carton candle (one pound for a pint-sized carton) a thoroughly cleaned and dried carton, an old or inexpensive taper candle the height of the carton to be used, a square of aluminum foil, several trays of ice cubes, salad or cooking oil, a double boiler, foil plate, knife, scissors, small metal rod or paper clip, long knitting needle, elastic band, stearic acid, tape, plasticine, wicking, and the desired coloring and perfume.

Set wax to melting in the double boiler while you cover up your work area. Oil mould and turn upside down to drain out excess. As wax melts, add coloring and perfume. Reinforce the milk carton either by wrapping with tape around top and bottom, or by cutting out several square holed cardboard doughnuts traced from the bottom of the carton. These should be placed every few inches up the mould to prevent sagging when hot wax is poured into it.

For the basic candle, prepare the mould as for the dixie cup candle. Cut wicking six or seven inches longer than height of carton, knot and pull through a hole punctured in the centre of the bottom. Reinforce the knot with tape or plasticine, and if bottom of carton is flat, make a plasticine base to allow for bulge of knot, so that carton will stand in an upright position. Cut notches to hold metal rod and pull wicking firmly over rod and side of carton, fastening it in place with the rubber band.

When wax has melted, pour half an inch of wax into the mould to test for leaks and then fill mould to within one quarter inch of metal rod. Puncture holes around the wick as it cools to release trapped air and ladle in hot wax until centre is filled. Let candle set overnight before cutting off the bottom knot and pulling the candle out by its wick.

Stones from old costume jewelry, small pins with fancy heads; buttons, small brooches or earrings are ideal for decorating the finished candle.

Foil produces an unusual decorative effect in another candle which requires the same mould preparation as the basic candle, but uses a taper instead of a wick. Trim the bottom of the taper the same height as the carton and secure it by pulling the exposed wick through a centered hole in the bottom. Hold the taper in an upright position then tie the wick at the top of the taper around the metal rod held in the notches at the top of mould. Cut the foil into three-inch by four-inch pieces, crumple, and scatter these around the taper.

Gradually fill the mould with wax, making sure that the foil remains up against the outside of the mould so that it will be exposed on the finished candle. Puncture and refill air pockets as required around the wick and allow to set overnight before removing from mould.

The beautiful lacey candle is made on the same principle as the foil candle, but substitutes ice for foil. Fill the mould with cracked ice cubes and pour in wax until filled. The heat of the wax melts the ice and produces a delicate, lacey effect in the candle. Pour off ice-water before removing candle from mould.

For additional information write to: The Candle Making Institute, P.O. Box 4080, Terminal A, Toronto 1, Ontario.

Bible Society plans drive

We saw the church winning victories for Christ among the Saora people of the hills of India, where these people are emerging from the darkness of animism into the light of truth and hope, declared Rev. J. A. Raymond Tingley, Vancouver, secretary for B.C. of the Canadian Bible Society, speaking in Summerland United Church recently at a rally of all of the churches, conducted by Rev. P. K. Louie, assisted by Rev. Frank Haskins.

Mr Tingley, who early this year travelled around the world in the interests of the Bible Society, gave an illustrated address of The Church in the Changing East. It portrayed the tremendous pressures, movements and revolutions in the lands of Asia and the Middle East where millions of people are seeking the truth that will make them free. He spoke of the desperate hunger in lands like India where 60 percent of the people have an income per day of about 4c, and can have the Scriptures only if they are made available at a mere fraction of their cost. A Hindi Bible costing \$3, is sold for much less than \$1 and a Gospel costing 10c is sold for 2c.

Mr. Tingley 'od of meeting Rev. Kenneth Knight, a former minister in Summerland, and travelling with him up into the hills for a meeting with Rev. David Hayward, formerly of Kelowna, who is the missionary among the Saoras.

J. S. Mott is president of the Summerland branch of the Bible Society, while Howard DeWitt is secretary and Cyril Stent is treasurer. Other members of the executive are Mrs. R. Wilburn, Wilfred King, P. R. Gayton and Lloyd Miller. The ministers are vice-presidents.

In all of the churches, it was announced, there will be an appeal for funds to help the Society in B.C. achieve its all-time high objective of \$130,000.

Kamloops swamp Midgets 11-1

Summerland Midgets dropped an 11-1 decision to Kamloops on Sunday afternoon, and coach Joe Bullock offers no alibi for the defeat.

In the first period the teams looked fairly evenly matched, although Kamloops scored four unanswered goals. But in the second period things changed rapidly, and the local lads, with only two lines of players, were unable to keep up the pace against the fast skating Kamloops club.

Four more pucks went by goalie Dick Johnson, who was replaced in the third period by Dale Stevenson. However, the change didn't help, as Kamloops again scored four times.

The lone Summerland goal was scored in the second period by Jim Jenner, with assists going to Gary Bullock and Robin Agur.

Next game for the midget team is November 22, when they travel to Merritt.

Juniors hustle; but lose in overtime

The Penticton-Summerland Broncos forced the league leading Kamloops Rockets into overtime in the game in Penticton on Friday night, but were unable to keep up the pace against the Kamloops club in the extra period. They dropped the game by a score of 8-5.

Ernie Pushkareno played on outstanding game in goal for the Broncos, while Don Carlstrom was a tower of strength on defence. Goal getters for the Broncos were Ray Picco, Jim O'Neil, Don Carlstrom, Larry Palino and Marvin Maier.

In a return match on Saturday night the Broncos dropped a 6-3 decision to the still unbeaten Rockets. No overtime was needed in this contest as Kamloops banged in three unanswered goals in the third period. Ray Pico scored twice for the Broncos, with a single going to Jimmy O'Neil.

This Friday the Broncos meet Kelowna in Penticton.

BOWLING RESULTS

In the mixed bowling league this week the Accidental team retained first place in A division with 10 points, two ahead of their nearest rivals, the Borderlines.

Ladies' high single game and high three total were rolled by Mildred Stein with scores of 262 and 592. Norm Campbell took the men's high single with a brilliant game of 367 and a high three score of 838.

High team for the week was the Outcasts with 2950.

The Mad 5 occupy top spot in B Division with nine points. Ladies high single and high three went to Bernice Carty with scores of 254 and 611. Earl Deeder took the men's high single with 347 and Don Puddy rolled high three score of 691.

High team was the Mad 5 with 2650 points.

The Busy Bees top the C Division with 10 points.

Doreen Moore had ladies high single game of 226, the high three total going to Barb Roberts with 572. No 300 games were rolled in C Division this week, but Hugo Harks came close with a game of 293. He also took the men's high three total with 729.

High team was the Weavers with 2587 points.

Pins are awarded for scores of 300-324; 325-349; 350-400; and so far the following players have received the awards: 300 pins, Vern Cousins, Ann Dean, Bill Austin, Norm Campbell; 325 pins, Oscar Nilson, Len Jackson, Earl Deeder; 350 pins, Norm Campbell.

Trail Riders review successful activities

Summerland Trail Riders held a general meeting recently at the home of Alice and Bud Bye.

The main discussion was the summarizing of the summer shows that the Trail Riders took part in, from Armstrong to Osoyoos.

The Trail Riders have done well this year bringing home three trophies a cup and 67 ribbons. The three trophies were brought home by Alan Jenkins, Ron Reinertson and Beverley Bye. The cup was won by Edith Johnson.

The trail rides are now at an end for this year, but it was decided to have a fun-day in the spring to get horses and riders in shape for next summer's shows.

What's your stand on registering life insurance policies to claim certain income tax deductions?

Mr. Campbell

If it's possible, I'm all for it!

Interviewer

You'll be pleased to know you may register any Mutual Life policy, except Term, under the Income Tax Act. Subject to certain limitations, the savings portion of your premium can then be deducted from your taxable income each year.

Mr. Campbell

It seems to me that everybody should know about this!

Interviewer

You're right! Particularly people who are building a pension for themselves. Even people now contributing to a company pension plan may qualify for further tax relief.

Mr. Campbell

Look, I'd like to check into this before I file my 1964 return. Where can I get complete information?

Interviewer

Just call your nearest Mutual Life representative.

Students honor war dead at assembly on Tuesday

A special assembly for Remembrance Day was held in the secondary school Tuesday afternoon. Dr. Dugal MacGregor, president of Royal Canadian Legion, branch 22, was in attendance and also Rev. F. W. Haskins who spoke to the students concerning the meaning of Remembrance Day.

On Thursday, parents of the students of the secondary school are asked to come to the school to pick up the first report cards for the year. All teachers will be in attendance, and in the past parents coming to pick up their boys or girls report cards have appreciated the opportunity to meet and talk to their students' teachers. Cards may be picked up from 3:45 to 5:15 and from 7:00 to 8:30 in the secondary school auditorium.

The grade 10 classes attended lectures at the research station Tuesday morning in connection with their Introductory Science course. An application of their studies in genetics was illustrated by Mr. Lapins and Mr. Denby, who discussed breeding of new varieties of fruits and vegetables.

BAPTIST CHURCH OBSERVING ANNIVERSARY

Major D. O. Knipfel, a former minister of the Baptist Church will be guest speaker at the 59th anniversary services of the Summerland Baptist Church next Sunday. Major Knipfel, who is now stationed in Vancouver, left Summerland to enter the chaplaincy service with the armed forces. He has served in Korea and Germany.

A tour of the fruit processing laboratory under Mr. Atkinson's direction provided the students with an insight into the application of chemistry to industry in this area.

Mr. Greenhough, Mr. Puddy and Mr. McCuaig accompanied the students.

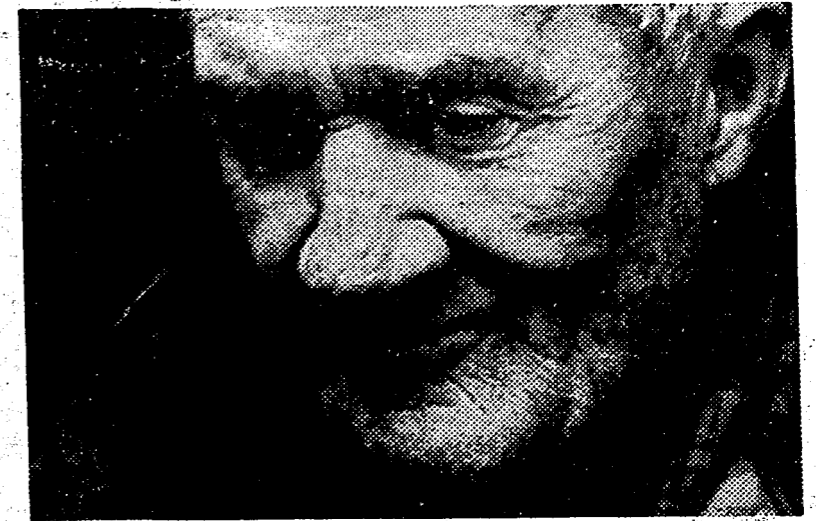

IMPEESA IMPS FROM TROUT CREEK

The First Trout Creek Pack got underway last Friday after overcoming several difficulties which threatened to terminate the Pack activities. We are now underway again but it was necessary to change the meeting time and place. In future, the Pack will meet in the Youth Centre from 6:45 to 8 p.m. on Fridays. The floor in the Youth Centre is smooth and it is suggested that rubber soled shoes be worn to eliminate the hazard of slipping and falling.

It is registration time again. The fees are \$2 which includes registration in the Boy Scout Association, medical insurance on Cub activities and a subscription to our magazine, The Canadian Boy. Please get them in as soon as possible.

The Pack is now recruiting and will accept boys who will be eight years old before January 1, 1965 and are under 10 years and reside in Trout Creek. — J. M. McArthur, Cubmaster

FACES OF THE FRASER

Andy McGuire — an 80 year old prospector — is a man who makes his living from The Fraser. For most of his life he has dailly panned for gold, operating a sluice on the river. The story of the Mighty Fraser can be seen through the eyes of the people who inhabit its shores on "Canada 98" on the CBC television network at 8:30 p.m., Wednesday, November 25th. (Check your local listings).

Public Notice

Re: Zoning By-law No. 1032

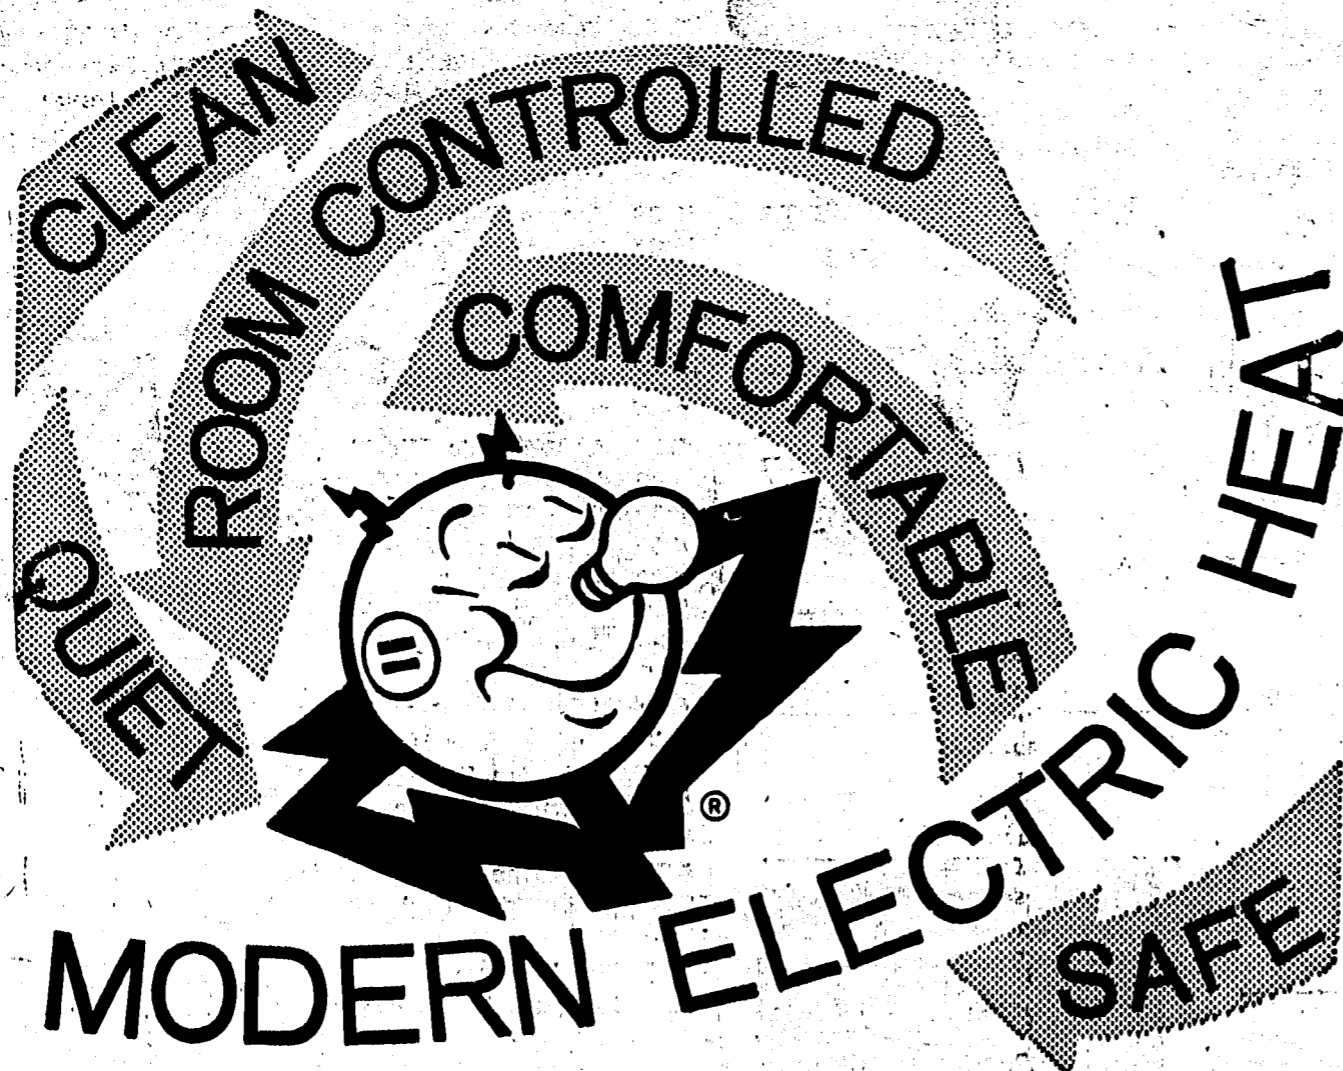

PUBLIC NOTICE is hereby given that a public hearing will be held in the Municipal Office, Summerland, B.C. at 7:00 p.m. on Tuesday, November 24, 1964, on proposed By-law No. 1032 to consider the following amendments to the Zoning By-law.

1. To rezone Lot 2 and Lot 3, Block 12, District Lot 455, Plan 157, Hospital Hill, to R-1, Single Family Residential.
2. To rezone Lot 2, District Lot 508, Plan 3808, Giant's Head Road to R-1, Single Family Residential.
3. To rezone that part of Lot 1, shown on Plan B. 4939, District Lot 3640, Plan 1645, Municipal Yards, Jubilee Street, to I-1, Industrial Distribution.
4. To rezone Lot 2, District Lot 3640, Plan 1645, Jubilee Street, to I-1, Industrial Distribution.
5. To rezone Lot 3, District Lot 3640, Plan 1645, Jubilee Street, to I-1, Industrial Distribution.
6. To rezone Amended Lot 4 (130919F), District Lot 3640, Plan 1645, Jubilee Street, to I-1 Industrial Distribution.
7. To rezone Parcel "Z", District Lot 3640, Plan 1645, except Parcel "A" of Plan 1645, Jubilee Street, to I-1, Industrial Distribution.
8. To rezone Parcel "A", District Lot 3640, Plan 1645, Jubilee Street, to I-1, Industrial Distribution.
9. To rezone Lot 5, District Lot 3640, Plan 1645, Except that part included within the boundaries of Plan B 5376, Jubilee Street, to I-1; Industrial Distribution.
10. To rezone part of Lot 30 part, District Lot 473, Plan 147, Giant's Head Road, to R-1; Single Family Residential.

All persons whose property will be affected by such Zoning By-law may appear in person or by Attorney or by petition. A copy of proposed By-law No. 1032 and plans may be seen at the Municipal Office.

Dated at Summerland, B.C. this 12th day of November, 1964.

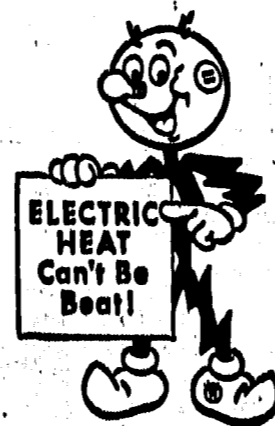

G. D. SMITH,
Municipal Clerk

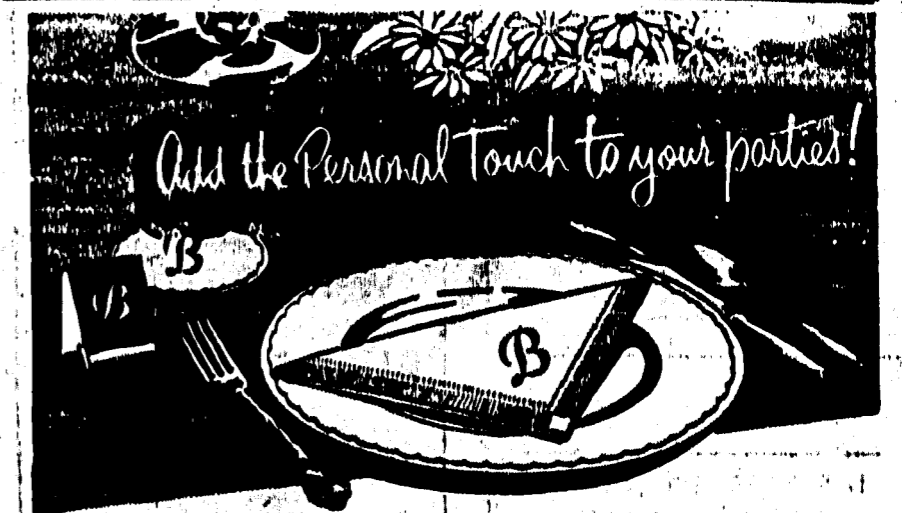

Why Settle For Anything Less Modern Than Flameless Electric Heat!

Grandpa's methods were fine for his day, but we've come a long way since then! Nowadays it's Flameless Electric Heat for carefree living. Total Electric Heat Living begins with Electric Heating—with sheer comfort that's safe, silent, dustless and draft-free. It's efficient heat because every bit of electricity is immediately converted into heat—right where it is needed. Rooms are not too hot or too cold, but are kept at the temperature selected on the thermostats. This mild comfortable heat is without fumes, gases or smoke. Drafts associated with colds and discomfort are eliminated and the desired humidity is easily maintained.

Check the many advantages and space saving features of Electric Heating—they will mean better living the year round for your family. So—why settle for anything less modern than Flameless Electric Heat.

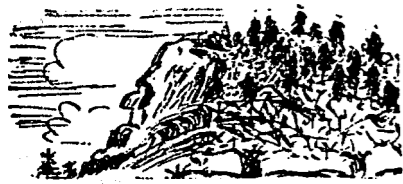

USE **Flameless Electric heating**

The Summerland Review

Under the Giant's Head

Mrs M. M. Stephens, the only surviving charter member of the Summerland Baptist Church, was honored on Sunday in a special ceremony noting the 59th anniversary of the church.

Results of contract bridge

In the regular meeting Monday of the South Okanagan Contract Bridge Club, the first place went to F. W. Brodie and D. Morgan
2. Mrs P. Lackey and Mrs K. Moyls
3. Mr and Mrs J. R. Stewart
4. Dr. and Mrs W. Evans
5. (tied) W. Hepperle and C. Elsey, and I. Gartrell and E. Hall.

LAUGH OF THE WEEK

"Yes, I throw myself wholeheartedly into every task I undertake."
"Have you ever tried digging a well?"

Hunter, 90; gets his deer

When a person is within a month of being ninety years of age, he is usually content to take life a little easier. Not so with Jack Ellis, a resident of Parkdale Place, who celebrates his 90th birthday in December.

On Sunday morning he and Andy Kalemach drove up to Ackland Mountain, left the car at nine o'clock and returned at four o'clock with a three-point buck.

Mr. Ellis said he was tired when they got home, but the next day he was just as spry as ever.

Enthusiastic reception for first Overture Concert

by Madeleine Alstead

The season of 1964-65 for the Summerland Overture Concert Association was inaugurated in splendid style with the appearance of the Carillon Quartet on Saturday evening in the secondary school auditorium.

The four singers, Barbara Strathdee, soprano; Darlene Hirst, mezzo-soprano; Garnet Brooks, tenor; and Maurice Brown, bass; were a most stimulating and satisfying group, all with lovely voices magnificently produced, and all with marked dramatic ability. This was well illustrated in the interesting and varied program of selections from many operas and presenting the singers in solos, duets and quartets. Tra-

gedy, drama and comedy held the stage. These young singers are all leading members of the Canadian Opera Company and were chosen personally by its leader, Herman Gelger-Torel. He was pleased to present some of his fine singers, all Canadian and Canadian trained, in this type of vocal ensemble to Canadian audience across the continent.

Sincere appreciation must be given to the accomplished accompanist to the quartet, Dr. George Brough, who has travelled with them many times on these tours. He will be remembered for his outstanding work when the Opera company presented Orpheus and the Underworld in Oliver.

A capacity audience was most enthusiastic about this type of program which offered something for everyone. Many of the numbers were dramatized, creating the mood of the opera selected.

Perhaps one of the most engaging numbers was the miniature choral opera, Speak Up, by Zaninelli, a family comedy, sung by the quartet in English. It was most amusing and fine diction gave us every word.

The Summerland audience, always so happy with Gilbert and Sullivan, was delighted with the singing of the madrial from the Mikado, so expertly performed by the quartet. To comment on single numbers is difficult as all were so different and so thoroughly enjoyable. The program, which began with eight Gypsy songs by Brahms concluded with several folk songs and a spiritual, all sung by the quartet.

With such an outstanding performance, with such fine voic-

es so brilliantly produced, one cannot help feeling that musically Canada is coming of age. We shall hope to hear the Carillon Quartet again.

After the concert a reception was held in the domestic science room to which everyone was invited to meet and talk with our interesting and talented visitors.

THE SUMMERLAND REVIEW

Greenwood new Sun-rype manager

S. J. Land, president of the board of directors of Sun-Rype Products Ltd. has announced that the Board has appointed Ian F. Greenwood to take over the position of general manager of the firm. This appointment was made following the acceptance of R. P. Walrod's resignation at a meeting of the Board on November 12.

Mr Greenwood has been with the firm for 11 years and has held the position of Assistant

General Manager for much of the time.

In a statement this week, the Board of Directors of Sun-Rype Products Ltd. said they accepted Mr. Walrod's resignation with regret. They said they wished to express their thanks and appreciation to Mr. Walrod for all his efforts and hard work in the past but felt their decision in this matter is in the best interests of all concerned.

Decision on Walrod referred to next year

In a letter to the Directors of B.C. Tree Fruits Ltd. on November 2, the general manager, R. P. Walrod submitted his resignation to take effect at the convenience of the Board and stating that he would expect to be relieved of all responsibilities not later than April 1, 1965.

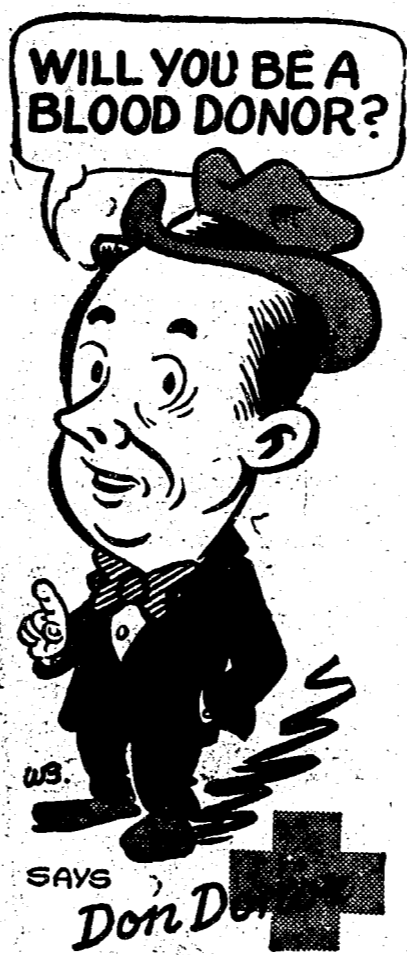

Mr. Walrod stated that in view of the lack of confidence in him which has developed within the grower body he felt he could no longer serve effectively in his position.

After meeting on November 17 to discuss the resignation, the board of directors said that the arrangements for the management of a company of the size and complexity of B.C. Tree Fruits Ltd., together with its subsidiary Canadian Fruit Distributors Ltd. are not to be made

lightly or without full consideration and should be made with reasonable expectation of continuity, which involves general grower confidence and support.

In view of the fact that the annual convention of the BC-FGA is only two months away, at which time the terms of all present directors of B. C. Tree Fruits expires, the directors decided to refer the whole matter of Mr. Walrod's resignation to the incoming Board and recommend that the incoming Board give the matter the highest priority immediately following the convention.

The present Board stated that it accepts full responsibility for all decisions by B.C. Tree Fruits during the past season.

FRIDAY, NOVEMBER 20
UNITED CHURCH HALL
1:30 to 4:30 and 6:30 to 9:30

The Kiwanis Club, under chairman Lockie McKilligan is conducting a telephone canvass of previous donors this week. But if you are not phoned, or are willing to donate for the first time, please turn out on Friday.

Chairman of the various committees working to make this annual blood donor clinic a success, include Mrs. Jan McGuigan, in charge of nurses; Mrs. Rex Chapman, kitchen; Mrs. H. R. J. Richards, reception; and Mrs. N. O. Solly, registration.

Accident causes \$600 damage

An accident on Quinpool Road at 6 a.m. on Monday caused \$600 damage to a truck owned by Walter R. S. Chapman.

Mr. Chapman was proceeding east on Quinpool, when some items on the seat fell to the floor. In attempting to recover them, he lost control of the truck and struck a telephone pole.

No charges were laid.

Planners oppose school addition

Councillor Jim Schaeffer reported Tuesday night that the Planning Commission and town planner Gordon Hirtle are opposed to the school board's purchase of the Dunham property for future school expansion. He asked that a letter be sent to the school board advising them of this opposition. Increase of the school area in the middle of a built-up area was the reason for the opposition.

A petition presented recently by Norman Abernethy and A. W. Rae asking for municipal ownership of the Summerland hospital was refused. It was reported that there are 65 hospitals in B.C. and only three are municipally owned. Government control of Summerland hospitals was given through the BCHIS it was stated.

Purchase of a sander for \$1400 was authorized.

J. Khalemach was officially appointed building inspector, a position he has been filling since the retirement of Roy Angus.

Council will stay away from skunks. Mrs. Grace Turnbull, who asked that action be taken against the animals, in lower Summerland was referred to the provincial game department.

Council will write to the CPR asking if something can be done to clear up the confusing shipping situation coming from the railway's still having a West Summerland and Summerland

address, when the post office address is now just Summerland.

An estimate will be obtained of the cost of making the exit road from the Austin subdivision on Hospital Hill safer. The action was requested by two subdivision residents, John Cooke and P. R. Andrew

Councillor W. S. Ritchie who is attending the waste disposal school at the research station stated that it has been pointed out that there could be trouble on Summerland beaches if steps are not taken to control waste disposal into Okanagan Lake.

RATEPAYER MEETINGS

The annual report of council and school board to the ratepayers will be presented at a meeting in the secondary school auditorium Wednesday November 25 at 8 p.m.

A special meeting of the rate payers called to discuss the hospital money bylaw has been called for Wednesday December 2 in the school auditorium.

Services Friday for L. Lockhart

Leo Canfield Lockhart passed away in Summerland Hospital, Tuesday, November 17, at the age of 74 years.

He is survived by his wife, Ethel of Summerland; and one brother, Elmer of Swan River, Manitoba.

Funeral services will be conducted from Summerland United Church on Friday, November 20 at 2:30 p.m. with Rev. P. K. Louie officiating.

Interment to follow at Swan River, Manitoba on Monday, November 23.

Wright's Funeral Home entrusted with arrangements.

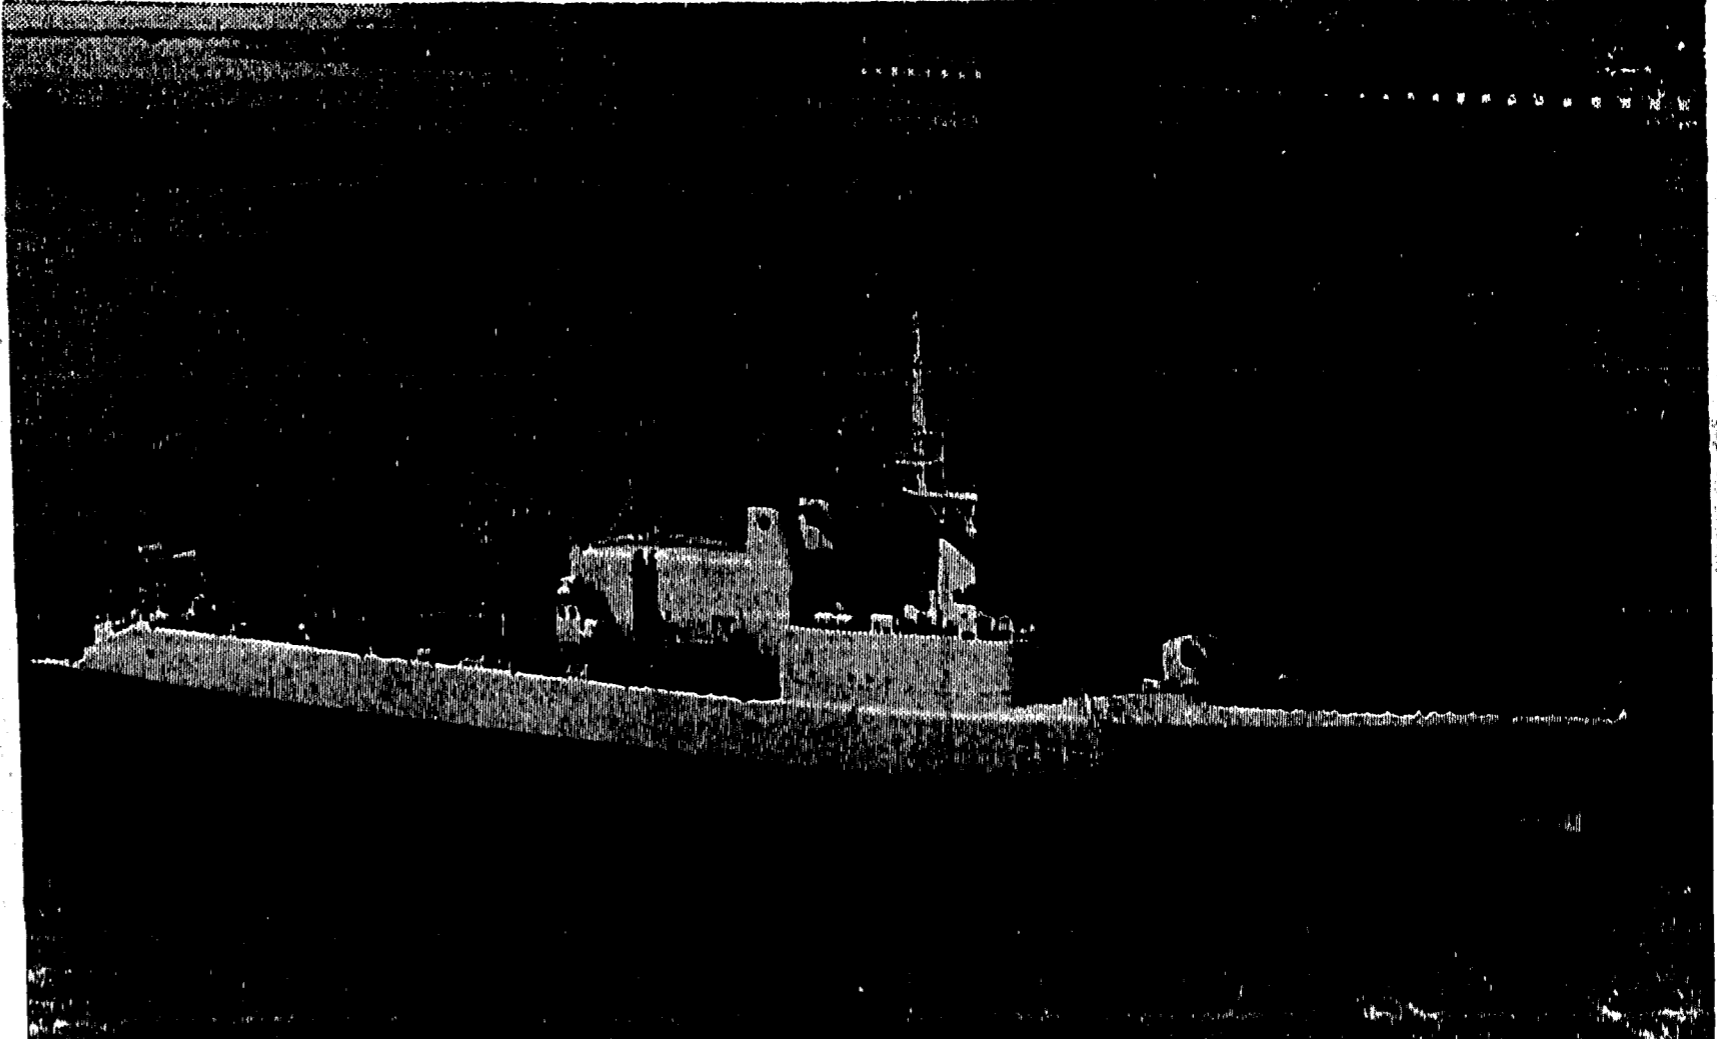

Police Court

In police court on Tuesday, Frank Josef Redl paid a voluntary fine of \$25 and costs for operating a motor vehicle without insurance.

Survey underway for regional college

The enthusiasm of Okanagan Valley school trustees towards establishing a regional college in the Okanagan is continuing in high gear with the announcement by Dr. Frederic Giles, professor of higher education and co-ordinator of college relations, University of Washington, of his acceptance to bring in a team of four faculty members to the valley on December 16 to start a site selection study and report.

Submission of briefs to Dr. Giles and his team will be welcomed from the public at large, over and above those which are expected to be presented by the valley school boards.

Chairman of the the valley regional college committee, Mr. Frank Venables, will set up a number of committees to assist Dr. Giles in his quest on a three phase site study which will cover the general area of a college, the actual location and curriculum.

Walter A. Marchbank, district superintendent of schools, South Okanagan School District, will head up a committee of valley district superintendents who will bring in facts and figures in such areas as number of schools, types, locations, road mileages, summer and winter driving conditions, areas offering grade XIII, potential numbers, for grade XIII, a follow-up on graduates, schools projected, industries existing and projected.

The same committee, under the chairmanship this time of George Nelson, district superintendent of schools, Salmon Arm and Enderby School Districts, is charged with studying curriculum to be offered in the college. This committee is expected to draw on school principals, leaders of industry and others for the type and length of courses to be offered.

A third committee of secretary-treasurers under the leadership of Dick Sladen, South Okanagan School District, will start to develop a framework of general terms of reference leading towards a form of agreement to be signed by the ten participating school boards after placement of the plebiscite on the question of the college before the electors in 1965. Such agreement in a broad sense to contain provisions "as acceptable as possible to all students" remembering for example that conditions for all students will not be the same — some will have to commute, some will have to have residence accommodation while others will not be affected by either.

'Genie' now at work

Aladdin's "Genie" came to Vancouver today and it will soon be making big changes in banking service around the city.

"Genie" is the name of the Bank of Montreal's fully-integrated system of machines and computers which make use of electronic speeds to clear cheques and post ledgers.

The bank's Vancouver "Genie Centre" goes into operation today and will eventually service 60 offices in the district.

The installation will operate around the clock, with deposit slips, cheques and statements moving between branches and the centre by automobile.

The name "Genie" is derived from the tale of Aladdin's lamp and signifies "GENERates Information Electronically". The name was suggested by G. R. Filiter, manager of the B of M's office at Yarmouth, N.S., in a staff contest at the time of the bank's first Genie centre was opened in Montreal last year.

The new Vancouver centre is the bank's third in a chain of similar installations which will ultimately be located in major cities across Canada.

Canadians like to write lots of cheques. In fact, they write more per capita than any other

people in the world.

This is the main reason why Canadian banks have had to turn to automation, according to J. D. Cameron, manager of the Vancouver "Genie Centre".

"Today, our customers are writing twice as many cheques as they were ten years ago and by 1970 it's predicted that the Canadian banking system will have to deal with more than a billion items a year.

Key to operation of the Vancouver "Genie Centre" is a set of strange-looking numerals, known as "Magnetic Ink Character Recognition" symbols.

Printed on cheques and deposit slips in ink containing iron oxide particles, these MICR figures become magnetized as they are processed on sorting equipment. The figures have been given their odd shapes so that each one could carry a distinctive amount and arrangement of iron oxide particles which can be "read" by the sorting machine.

Before the new electronic equipment could be used the bank had to ensure that a high percentage of cheques for customers' current and personal checking accounts were magnetically "encoded" and personalized so as to adapt them for automated banking.

Public Notice

Re: Zoning By-law No. 1032

PUBLIC NOTICE is hereby given that a public hearing will be held in the Municipal Office, Summerland, B.C. at 7:00 p.m. on Tuesday, November 24, 1964, on proposed By-law No. 1032 to consider the following amendments to the Zoning By-law.

1. To rezone Lot 2 and Lot 3, Block 12, District Lot 455, Plan 157, Hospital Hill, to R-1, Single Family Residential.
2. To rezone Lot 2, District Lot 509, Plan 3808, Giant's Head Road to R-1, Single Family Residential.
3. To rezone that part of Lot 1, shown on Plan B. 4939, District Lot 3640, Plan 1645, Municipal Yards, Jubilee Street, to I-1, Industrial Distribution.
4. To rezone Lot 2, District Lot 3640, Plan 1645, Jubilee Street, to I-1, Industrial Distribution.
5. To rezone Lot 3, District Lot 3640, Plan 1645, Jubilee Street, to I-1, Industrial Distribution.
6. To rezone Amended Lot 4 (130919F), District Lot 3640, Plan 1645, Jubilee Street, to I-1 Industrial Distribution.
7. To rezone Parcel "Z", District Lot 3640, Plan 1645, except Parcel "A" of Plan 1645, Jubilee Street, to I-1, Industrial Distribution.
8. To rezone Parcel "A", District Lot 3640, Plan 1645, Jubilee Street, to I-1, Industrial Distribution.
9. To rezone Lot 5, District Lot 3640, Plan 1645, Except that part included within the boundaries of Plan B 5376, Jubilee Street, to I-1, Industrial Distribution.
10. To rezone part of Lot 30 part, District Lot 473, Plan 147, Giant's Head Road, to R-1, Single Family Residential.

All persons whose property will be affected by such Zoning By-law may appear in person or by Attorney or by petition. A copy of proposed By-law No. 1032 and plans may be seen at the Municipal Office.

Dated at Summerland, B.C. this 12th day of November, 1964.

It's not too early

This is the time of the year when one's thoughts turn to Christmas and all the good things it represents.

But this is also the time of the year when the electorate — and those intending to be elected — should give a serious thought to the up-coming December elections.

And let's face it — there's less than a month left before we start trooping to the polls. Or should we use the work trickling, as it perhaps better indicates the turnout at municipal polls.

The fault for this may be on both sides of the fence.

Municipal and government officials are quick to place the blame on the electorate. Apathy and disinterest are the words most often attributed to Canadian voters.

It seems to us that election candidates should do a little soul-searching of their own.

One of the main troubles with the elections, it seems, is that many candidates start thinking about them too late.

Some incumbents have the annoying habit of not declaring their intentions until "five minutes before closing". This leaves the electorate guessing, and does not give the candidate any advantage.

At the same time, would-be candidates want to know what sort of competition to expect. So they, too, keep mum until the last minute.

This practice doesn't help enlighten the voters. And it certainly doesn't encourage the average person to cherish the principles of democracy.

Speaking locally, there will be two council seats and three school board positions contested in December.

Councilors up for re-election are W. B. Rowell and H. J. Barkwill. Mr. Barkwill has declared he will seek re-election, and Mr. Powell is still undecided. A possible new candidate has been mentioned in coffee shop rumors.

On the school board, of the three incumbents, W. S. Ritchie, Dr. J. Miltimore and J. Bennet, only Mr. Ritchie has declared he is seeking re-election. Dr. Miltimore is currently out of town on a business trip. No other candidates have stepped forward yet.

The conclusion is obvious — with the election practically around the corner, it certainly isn't too early for all incumbents whose terms expire this year to announce their intentions right now, and for those who will be aspiring to announce their intentions too.

Many moulds, such as bowls, jelly moulds, and dishes make attractive candles, but because their bottoms cannot be pierced as with cardboard moulds, the "pipe" method of wick insertion is used. Instructions for this method of insertion are given in this fourth of a series of seven articles on candle making.

The snowball candle is ideal for experimenting with this method, which in addition to the basic candle making equipment, will require a rigid plastic or copper pipe about half an inch in diameter. In addition you will need two cardboard discs, one slightly larger in diameter than the top of the mould, the other about one inch in diameter, wicking cut just more than twice the height of the candle to be made; and a cork to fit tightly into the pipe.

The amount of wax required will of course depend on the size of the mould. This can be determined by measuring contents using water, and allowing one pound of wax for each pint then doubling this amount to make the two candles required for the spherical snowball shape.

Set wax to melt in double boiler, add stearic acid, and color and perfume if desired. Oil mould, and turn over to drain out any excess. Force cork into one end of pipe and make hole in large cardboard circle just large enough for pipe to pass through. Pour about one inch of wax into mould, centre corked end of pipe in wax and slip cardboard disc over pipe and down into top of mould. This will hold pipe firmly in place while wax sets — about half an hour.

Remove cardboard and fill mould with hot wax then replace disc and allow wax to set, periodically puncturing and refilling as candle cools. Allow six to eight hours for setting then remove candle from mould, pull cork from pipe and pour hot water through it until it can be pulled from candle. Make a second candle the same way.

When both halves are complete, thread wick through a hole made in the centre of the small cardboard disc, knotting wick to prevent it from slipping through. Slip wick through one half of candle, and if necessary tape disc to candle to make a good seal.

Pour a little hot wax into hole, allow to set, then fill hole completely. Spoon a little hot wax over the flat top, thread second half of candle, and press two halves together. Fill hole in top half with hot wax. A needle pushed horizontally through the tightened wick at top of candle will hold it centered until set. Puncture and refill hollows as necessary.

The completed candle can be given a smooth finish by dipping into melted wax, or a frosted finish can be added to give a better shape if the mould used did not produce a perfect ball.

Using this basic method a snowman candle can be made using three different sized moulds. Prepare all six parts of candle before inserting wick. This candle too, can be either dipped or frosted, and have appropriate decorations added when complete.

The "driftwood" candle uses yet another method of wick insertion. Pour a candle eight to ten inches in height and two to three inches in diameter using a tube from a roll of foil or wax paper. Cool the two ends of the candle with ice until firm enough to grasp and remove candle from mould (which may mean destroying the mould). Holding the two candle ends, pull apart with a twisting motion. Allow the halves to set until firm, then heat a long knitting needle and force gently through centre of candle to make hole for wick.

By using a twisting motion, the candles are given a free-form shape — each unique. Sparkle along the spiral ribs will further enhance the candles' beautiful, flowing lines.

Letter to the Editor

The Editor,
The Summerland Review.
Dear Sir:

It would appear from the letter in last week's paper, that Mr. Stoll feels the shoe fits.

It would also appear from the childish adjectives used by him, that the truth hurts.

If you should compare the two letters you will see where there isn't anything he denies, although his letter is headed such.

It must make the people of Penticton and Summerland feel great to know they are all a bunch of Nit Wits.

With whom do you walk?

by Rev. M. Schultz

We all have companions. Friends with whom we associate, sharing our pleasures, ideas and hardships. You can tell a lot about a person simply by knowing whom he has chosen as his companions. We cannot help it, our lives are altered by our friendships.

The disciples had spent nearly three years in the company of Jesus. Then suddenly came Calvary, he was gone and they felt empty and defeated. On the evening of the third day, two dejected men walked from Jerusalem to Emmaus. They were joined by an unknown fellow traveller. As they walked they talked and the sojourner opened to them the scriptures and showed how the promised Messiah must give his life "a ransom for the salvation of many". Their understanding grew, then at the end of the journey their eyes were opened and they saw that it was Christ himself, the risen Christ, who had walked with them. Ten they said: "Did not our heart burn within us, while he talked with us." We need some heart-burning companionships.

A short time later, two supposedly ignorant fishermen stood up and made such a startling defence of Jesus' Messiahship that even the learned lawyers and priests were silenced. The Bible says: "they marvelled; and they took knowledge of them that they had been with Jesus".

We need to walk with Christ for a life-changing companionship. As He promised: "Abide in me and I will abide in you". With whom do you walk?

This being my last letter regarding this matter, let me again point out a few facts. Regardless of what Mr. Stoll may say:

1. Juvenile players cannot come back to Juniors at any time once they have been given a release and sign Junior cards.

2. Registration can be done as late as February 10, of 1965.

3. Juvenile players from Summerland cannot play for Penticton Juniors without the consent of the Summerland Minor Hockey Association, which Mr. Stoll did not receive.

May I thank the Summerland Review for space in its paper. Still Interested.

SUGAR AND SPICE

by Bill Smiley

Speak French And Be Slapped

Do you think those separatists in Quebec might shut up about the whole thing if all the rest of us learned to speak French fluently enough to give them a good cussing out in their native tongue?

If this is a solution, let's get cracking. But I don't think it can be accomplished under our present system of learning the language. We are getting a great many teachers of French these days who can actually speak the language. But the system prevents them from passing it along to others.

As a prominent educator said the other day, "We take kids from immigrant families who speak poor English. We teach them French badly, encourage them to forget their native tongue, whatever it is, and wind up with youngsters who are illiterate in three languages."

I know from experience. My mother had to go to a French-speaking school as a child. She learned the language with the ease all children have in grasping a tongue. All her life she could rattle it off like a habitant.

On the other hand, I studied French for five years in high school and four years in University. Nine years. Enough time, you'd think, to learn to speak French backwards. And that is exactly how I speak it.

Perhaps the worst feature of the teaching of French in this country is the false confidence it engenders after exposure to a few years of it. You can spiel off a couple of sentences without stumbling, and you begin to think you're a regular Maurice Chevalier.

I remember one time in Brussels. My young brother was with me. The only French he knew was crude, useless stuff like, "Bebe, je t'aime" and "Voulez-vous de bully-beef ou des nylons?"

In contrast, I had a solid grounding of high school French, and had been living on the continent for a couple of months, speaking the real thing.

So we met this young lady and her friend. She was belle, but

her pal was beaucoup. This was my chance. In my impeccable Grade 12 French, I stepped up to the doll and informed her of her ravishing beauty, her ineffable form, and her distinguished intelligence. She listened courteously, turned to her friend, and shrugged hugely. My brother said, "Come on, babe", and away they marched arm in arm. I was left to follow with the fat one.

A similar experience caused me to forswear French for life. It occurred in Lille, France, soon after the city had been liberated from the Germans.

It happened in a night club. The locals were very happy about liberation and the troops were very happy about the locals. Everyone was dancing with the French girls, even their French boy friends were beaming.

I spotted a lulu, dark, charming, intelligent enough to appreciate the fact that I, almost alone among the invaders, spoke fluent French. As I approached the table, she smiled a welcome, and her escort, a handsome French lad, jumped up, grinned, and shook hands.

So, in my flawless French, I asked her for a dance. At least I'll swear that's what I asked her. She turned white and slapped my face. Her boy friend simultaneously turned red and tried to kick me in the groin.

I still don't know what I said to her, but I've never taken a chance since. On the rare occasions nowadays, when I have enough money to eat in a place where the menu is in French, I study it carefully for ten minutes or so, then inform the waiter in pure Canadian English, that I'll have the roast beef. There's always Rosbif.

The only solution is to teach our kids French when they're learning to speak English. That way, little boys will avoid having their faces slapped for no earthly reason. And little girls will learn to say "Non" and "Oui" and "Peut-etre" in two languages.

It contains the winter issue of the magazine, plus a scenic and floral diary featuring 26 of the best colour pictures from Beautiful British Columbia Magazine as well as writing space for every day of the year.

**Legion conducts
essay contest
on Remembrance**

Legion president Dr. Dugal MacGregor presented prizes for a Royal Canadian Legion sponsored essay contest on "How Remembrance Day Should Be Observed" at a special school Remembrance Day assembly last week.

Winners in the junior division, grades 8 and 9, were Marianne Simpson, first, prize of \$10 and Shelia Smith, second prize of \$5.

In the senior division, grades 10, 11 and 12 the first prize of \$10 went to Robin Barkwill and second prize of \$5 to Marjorie Porritt.

First prize winners in each zone are sent to the zone for adjudication with other zone entries. Winner in the zone goes to the provincial finals with a first prize of \$100. A dominion final, of provincial winners is conducted with a first prize of \$100.

Women's Page

**WA Tea
features
flower sale**

Lovely bouquets of chrysanthemums and other flowers for sale were featured at the tea and bazaar held last Saturday by the Afternoon Branch of St. Stephen's Anglican WA in the parish hall.

Mrs J. Y. Towgood, president, was general convener and also welcomed the guests.

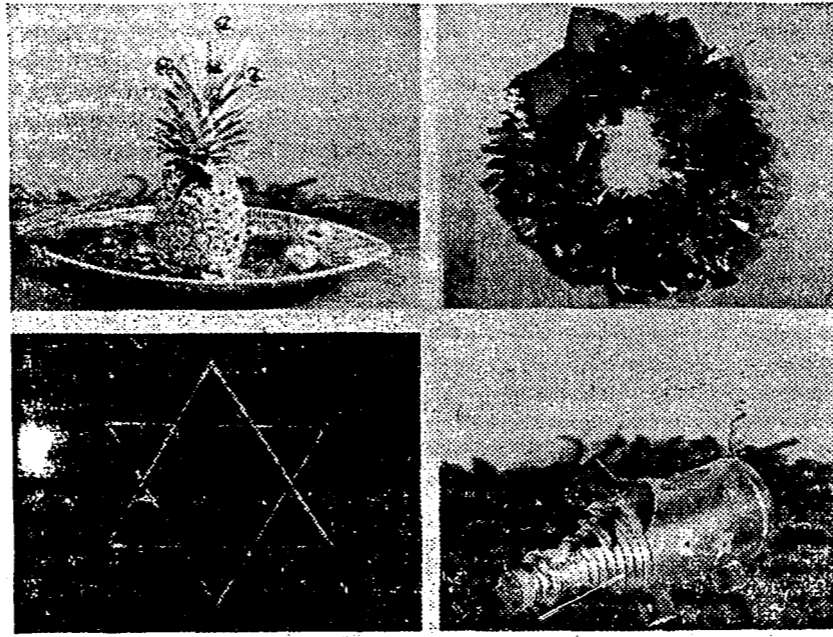

Rev. Norman Tannar spoke at the opening of the bazaar.

Assisting in the home baking table were Mrs Hubert Ward, Mrs. Walter Cook and Mrs Lydia Johnston.

Helping with the needlework were Mrs I. Phillips, Mrs Gladys Chadburn and Mrs W. Borton.

Mrs. Oliver and Mrs. Bingham looked after the flower stall.

Mrs Ellen Porter was kitchen convener assisted by Mrs Ted Dunsdon, Mrs. Taylor, Mrs C. A. Adams, Mrs T B. Washington, Mrs H. P. Barr and Miss Louise Dunsdon.

Christmas decorations and gifts can be made from simple materials, then sprayed with gold lacquer to give them an opulent look.

Upper left: Hospitality Pineapple: Body of pineapple is sprayed and sequins pinned to the pineapple eyes. Wire-strung beads are tucked among green leaves as finishing touch.

Lower left: Star: Two triangles made from paper, drinking straws are glued together, then sprayed gold. While still wet, sprinkle with glitter or sequins.

Upper right: Plastic Wreath:

Six inch strips of polythene are tied tightly to wire coat hanger hoop, then sprayed liberally with gold spray. Plastic ribbon bow is only trim on this wreath, which is suitable for either indoor or outdoor use.

Lower right: Piggy Bank: Polythene bottle that bleach comes in can be converted into piggy bank. Body of pig is sprayed with spray. Stubby corks become legs, a pipe cleaner twists into a curlycue tail and the neck of the bottle serves as the snout. Tiny felt flowers can be glued here and there. Features are also made of felt.

**Probation officer
informs WI of
work in community**

The weather being in a fairly pleasant mood on Friday, November 13, a good representation of the Women's Institute were at the Parish Hall to hear Todd Lee speak of his work.

As a provincial probation officer for the South Okanagan and Similkameen, Mr. Lee handles a far bigger case load than statistical plans would show. He said that an officer is able to solve many problems without bringing the cases into court. Very often it is due to the leniency of those who have been victimized, but still want to give the offender a second chance. Mr. Lee explained the inner workings of a Family Court and stated that most cases are held in-camera.

In Summerland, youth guidance and family counsel is free to anyone who desires it, by contacting Miss K. Davis at her office in the municipal hall.

In recent months the waiting list of children for adoption has been greatly reduced, as there has been a new attitude towards people who really want a child to share their home. Financial status of foster homes is not as important as the happiness and security the prospective home can give to someone else's unwanted child. On behalf of the members, Mrs S. A. MacDonald thanked Mr Lee for so ably widening our knowledge of an important facet of local life.

With the president, Mrs Inch in the chair, the business meeting was opened by each member answering the roll call by mentioning their favorite past-time.

Committee reports were received, and members were asked to continue knitting wool squares

to make afghans for the needy. Also, used stamps are still welcome for the Solarium collection.

Mrs. Rumball read a letter of thanks from the Vancouver depot of UNESCO for the many cartons of used clothing recently taken to the coast for the WI by Joe McLachlan.

The proposed new Summerland hospital was mentioned and many views in favor of it were expressed. All were urged to get out and vote in December. The WI has been earmarking hundreds of dollars with the hope that before very long they will be used to help provide furnishings for a new hospital.

Mrs Ritchie was delegated to form a committee to receive suggestions from members as to what fair-sized project that they would favor putting WI funds towards in the future.

All committee heads were asked to bring a written report of their committee's work to the secretary at the annual meeting in December.

A delicious tea, convened by Mrs A. Holler concluded a very interesting meeting.

The Powell Beach Motel at Trout Creek has received notification of its appointment as a Canadian Automobile Association recommended motel. It is now one of the family of prestige establishments recommended to eight million CAA and AAA-affiliated members.

The sign shown above is recognized by the public at large as a symbol of quality accommodation and service and many travel exclusively by this sign. The Powell Beach Motel, built this summer by Mr and Mrs. B. L. Smith, is the first motel in Summerland to receive the CAA recommendation.

Daily or monthly reservations may be arranged through Mr. and Mrs. Hornby, managers, at 494-4444 or through the L & L Motel at 494-8431.

DEAR DORIS
advice from
Doris Clark

A 'New Deal' In Marriage

DEAR DORIS - I'm afraid my marriage is on the rocks. I love my husband and he says he loves me, but he treats me awful, not wanting me to touch him or hug him. We have one child.

I know his mother talks about me. While I travel 40 miles to work every day he goes to their home for dinner.

He is a mama's boy and I want us to leave here and start on our own somewhere else. He tells me a wife should go wherever her husband goes.

Agreed, but not when it is just down the road from his family, who are always coming to see him!

READY TO QUIT

DEAR READY - Marriage calls for a new deal; for an environment in which a man and his wife start off "Even-Stephen", with sleeves rolled up, and a determination to make a go of things. Their reliance on each other includes "forsaking all others", even though for some it is a rude jolt to let go of the apron strings.

A new start in a new spot would help him take a new look at you. Then I'd prescribe quitting work for a while, in favor of child care and preparing hubby's dinner.

It could turn the tide which would lift your ship of matrimony clear of those rocks!

DEAR DORIS - I am 11 years old and in grade seven as I was accelerated. Other girls in my grade are 14 and 15, which is quite common.

They all smoke in toilets and ask me to join them. As I think it is very stupid to smoke at my age, what should my answer be when they ask me to string

along? Others know they smoke. **ALONE**

DEAR ALONE - Daniel stood alone. And many other great people of history. Your friends feel smart, then guilty; then secretly worried at your aloofness.

You and I know it is the opposite to smart to do anything which endangers health. No need to explain yourself. No need to criticize them. Just say, "No, thank you."

DEAR DORIS - My problem is blackheads all over my face. I have tried nearly everything but can't seem to get rid of them. **TROUBLED**

DEAR TROUBLED - Send me a five-cent-stamped, self-addressed envelope and ten cents, for my leaflet on adolescent acne. Treatment includes special attention to diet, exercise, health measures and skin care, all of which is outlined in detail.

Confidential to Insulted - Inviting your date to come in and up to your sister's apartment meant just one thing to him - you wanted to go "all the way" with him. When he found there was no one home, he proceeded to neck with you.

Still no holds barred! So getting seemed in order. Then you got panicky and called a halt. To him this was unfair. Emotionally and physically he was worked up and ready for a passionate embrace. And it was your fault.

Write in for my list of books on sex and dating, which have helped many girls understand these things better. Then keep out of situations where such things can happen.

SCHOOL NEWS

Honor groups from grades 8 to 12 have been announced at the end of the first term report.

Grade 8 honors' winners were Shelia Smith, Judy Bonthoux; Anne Miltimore; Lesley Ryga; Lynn Gartrell; Marianne Simpson, Marvin Barg; Ken Roberge; Gary Davis; grade 9: Joan Holler; Patty Stevenson; Gina Storey; Linda Murphy; Connie Roberge, Doug Goddard; Ken Lee; Tom Randall and Harold Hockley.

Grade 10 winners were Diu-wie Wouters, Jane Miltimore; Debbie Stoney; Carol Shannon; Kathleen Tavender; Sherylin Shenton and Susan Wilson.

Grade 11: Richard Johnston. Grade 12: Linda Charles, Betty Shenton; John Bennest; George McMechan and Bill Shannon.

Comings and Goings

Mr. and Mrs. A. E McKay, 349 Sexsmith Road, Richmond were recent visitors with their son and daughter-in-law Mr and Mrs K. A. McKay, Westwold; and an uncle, R. M. Tilton at Trepanier. Mrs. McKay also spent a day with a lifetime friend, Mrs J. N. McGinness at the home of Mrs Don Agur in Summerland.

Major and Mrs. Don Knipfel were guests at the home of the Rev. and Mrs. F. W Haskins over the week end. Major Knipfel, who is an army chaplain stationed in Vancouver, is a former minister here.

Mr. and Mrs. A. Calder have returned from a visit with their son in Vancouver.

Out of the Past

(From the files of The Review)

November, 1916

Students in all the three years of high school have completed their mid-term exams. Results were:

Preliminary: L. Simpson, H. Steuart, L. Hargraves, Ida Shields, J. Gayton, A. Smith, R. Barnes; B. Munn, M. Munro, B. Taylor and M. Bentley.

Advanced Junior: F. Lister, J. Ritchie, C. Henderson, M. Hatfield, D. Tingley, G. Eisey, K. Brown; I. Carefoot, G. Bowering, J. Babbitt and A. Brown.

Advanced: S. Hallock, B. Bristow, R. Eisey, R. Harrison, D. Ritchie, E. Lister and D. McIntyre

The provincial government is calling for tenders for the erection of a new primary school at Trout Creek.

A Glasgow cable says: A car of Okanagan apples arrived here in excellent condition. Jonathans are selling wholesale at \$3.75; McIntosh Reds \$3.45; and Canada Balwin \$3.35

Extremes of temperatures seem to be the only thing possible at the Central School. The shivering cold is preferred to the heat as served up on Wednesday. For a time excitement ran high as boiling water and steam burst forth under pressure and shook the building like an earthquake.

Coyotes are unusually plentiful and are coming right in among the houses. This morning, W. M. Wright, when driving home from Garnett Valley, shot one and missed another.

T. B. Young is advertising the best screened Princeton lump coal for \$7.50 per ton.

BOWLING RESULTS

In the A Division of the bowling league the Accidentals still occupy top place with 18 points, two ahead of the Outcasts. Ladies' high single game ent to Beryl Flebbe with 274. Earl Bryden rolled at 223 to take the men's high single, and Ernie Harrison had a high three total of 741. High team for the week, Outcasts, 3047 pins.

In B Division the Mad 5 hold a comfortable lead over the MPS with 13 points. Dorothy Mayert took ladies' high single and high three in this division scoring 241 and 555, while the men's high single and high three were rolled by Chuck Hill with 240 and 702. High team, Has Beens with 2586.

High team in C Division is Bob MacDonald's Pinchoppers. They now have 13 points, one up on the second-place Havel Knots. Joan Flebbe with a game of 201 took ladies high single, while Barbara Roberts took the ladies' high three for the second consecutive week, scoring 503. Top men's single was 268 bowled by Hugo Harks. B. Newton, bowling 598, took the men's high three total. High team, Pinchoppers, 2497.

Wonderful World

It's 40 years since the very first Winter Olympic Games were held—at Chamonix, France, in 1924. In those 40 years France has become the skiing country par excellence, and has established a total of 109 winter sports and winter tourist centers.

Towering over these centers is Europe's highest summit, 15,771 feet high Mont Blanc. And whisking skiers to within a few thousand feet of this soaring summit is the world's highest tourist teleferic (cable car). And once skiers have taken the teleferic to a height of 12,605 feet, they have the choice of either continuing the ride across the gleaming glacial Vallee Blanche, or skiing down the valley itself, an exhilarating, breath-taking 12 mile swoop.

FRANCE ITALY
Mont Blanc
← 7.2 miles →

The newest wonder of France's wondrous winter wonderlands is the Mont Blanc Tunnel. The world's longest vehicular tunnel, will in 1965 open up a 7 1/4-mile shortcut between France and Italy. Traffic to the French Alps will be increasing yearly as interest heightens in the next Winter Olympic Games to be held in Grenoble in 1968.

Money Can Work Hard For You If You Give It A Real Chance

Did you know that the Summerland branch of the Bank of Montreal is equipped to help you start a safe and successful investment program to make spare cash do a real job of work for your future?

It's true. Buying and selling of securities is one of the many helpful services offered by the B of M. When you want investment information, the manager will be glad to put his knowledge of the security markets at your disposal. Indeed, he will call on his head office securities department, if need be. Then, when you have made a decision, the Bank will attend to all the details in both the buying and selling of any securities.

The state of your current income and savings will best determine the scale of your investment program. But from time to time it's a good idea to take stock of your situation by reviewing your holdings. As a result of market changes, on which your bank manager can provide full information, it might be advisable and profitable for you to sell certain securities and buy others.

Either way, you can always be sure of getting helpful information and convenient service at the Summerland branch of the Bank of Montreal. And anything you discuss with Jock Johnston, the manager, or any of his staff, will be in absolute confidence, of course.

OWN YOUR OWN HOME

THREE BEDROOM HOME
Large living room with hardwood floors, plaster walls throughout, 4 piece bathroom, oil furnace. Full basement. Domestic water. \$10,000. See us for terms.

SPORTS

Selinger gains eight points

Juveniles tie, lose

1st Summerland Troop

This coming Saturday is the day set for the annual Christmas tree cutting. The trees (approximately 200) are sent to a Vancouver Troop which sells them, and the profit is split between the two Troops. The project is under direction of Mr. Sandy Fenwick. Six Scouts have volunteered and six fathers are asked to volunteer. Meet with Swede saws or pruning saws at the Youth Centre at 9 a.m. Saturday. Cutting will be back of James Lake and the job should be done by noon.

Next Monday night the meeting will take place at Barkwill's Cannery to bundle the trees. Boys are advised to dress warmly as the work will be done outside. There will also be an opportunity at the cannery to pass the Personal Fitness Badge tests for those who haven't had an opportunity. The tests will also be given for the Ambulance Man's Badge. We hope to have refreshments after the meeting.

We had our first perfect attendance meeting on Monday. Patrol scores are Beavers 278, Eagles 267, Buffaloes 251 and Hawks 236.

— D. V. Fisher, Scoutmaster.

Summerland Juveniles played two games over the week end, at Salmon Arm on Saturday and on Sunday they entertained the Merritt Juveniles here.

Salmon Arm won by a score of 5-4 in a fast hard-checking game. Selinger scored three goals with Dwaine Wertz getting the fourth. Assists went to Parkinson with two. Eleven penalties were handed out.

In Sunday's game the boys got off to a slow start but came back strong to take the lead 6-5 in the third period. Merritt scored again late in the third period to tie the score.

Summerland fans saw Larry Young out for both games and Biagioni and Anderson out for two periods of the Sunday game.

Goals against Merritt were scored by Selinger (4), Biagioni (2). Assists went to Parkinson and Anderson with two each, and one each to Selinger and Campbell.

MIDGETS MEET MERRITT

The Midget hockey team had a rest over the week end. On Sunday they travel to Merritt in a regular league game.

IMPEESA IMPS
FROM TROUT CREEK

On Wednesday, November 11, the Pack attended the Remembrance Day services at the Cenotaph.

The Pack was out in full strength for the second meeting at the Youth Centre last Friday. Three boys, Angus and Rodney Hickson and Michael Prokopenko joined the Pack as New Chums. The Pack is recruiting now and will accept boys who will be eight years of age by January 1, are not over 10 years of age and reside in Trout Creek. Phone J. M. McArthur, 494-8226. We will not recruit again until next spring.

Because the boy leaders had reached the age limit for Cubs and had gone to Scouts or left the Pack, new Six leaders were appointed subject to confirmation. The new Six leaders are: Red Sixer: Grant Gale, Second: Chris McIntosh; Yellow Sixer: Alan Fisher, Second: Eric Munn, Black Sixer: Jon Spalding, Second: Wade MacGregor.

The Pack's annual bottle drive in Trout Creek will be held on Saturday, November 20. Proceeds will be used for operating expenses such as hall rent and the purchase of training equipment. All help will be greatly appreciated.

We will need every Cub for the bottle drive so let's have a 100% turnout Saturday.

— J. M. McArthur, Cubmaster.

Curling News

Curling is moving into top gear now, with over 70 rinks entered in the various leagues.

Eight senior men rinks and 13 school rinks have active leagues. There are 24 rinks in the men's league. Six Penticton rinks use the ice every Sunday afternoon.

At 2 p.m. this Sunday, a team of senior curlers will meet a rink from Kelowna, skipped by Mr. Hobbs, the senior representative in the Brier.

In one of his games this week Harvey Eden had a six-ender laid against him by Fred Kato's rink.

DISTRICT PRESIDENT WILL ADDRESS WCTU

At the WCTU meeting November 24, the special guest speaker will be Mrs. J. W. Reeves, district president. She will report on the many activities of the temperance group. The meeting will be held at 7:30 p.m. in the Summerland Baptist Church parlors.

Not one, but two Great Profiles are displayed here by Wayne and Shuster. On CBC television this year, the boys are seen in four Wayne and Shuster Hour variety shows. In addition, Canada's top comics will be hosts and commentators for a series of six programs about the great film comedians. Both series on the Monday night Show of the Week hour.

Broncs drop two against Kelowna

The Penticton-Summerland El Rango Broncs did little to improve their position in the Junior Hockey League last week as they dropped two games to the Kelowna Buckaroos.

In the first contest played in Kelowna they went down to a 4-2 defeat in a battle that saw 27 penalties handed out by the referees. On their home ice on Friday they made a valiant attempt to stop the Kelowna club but finished on the short end of a 3-2 score.

The first period ended with

a 2-1 lead but the Buckaroos got two unanswered goals in the second period. Although the Broncs put on a tremendous drive in the final 20 minutes, outshooting Kelowna 11-4, they were unable to put the equalizer in the net.

Ken Kasabuchi and Don Evans scored for the Broncs with two and one respectively.

Latest statistics show Kamloops in top place in the league with 18 points. Kelowna has 14 and Penticton-Summerland and Vernon each have four.

Meet Mr. A.B.C.

- He Works for our Advertisers

He is one of the experienced circulation auditors on the staff of the Audit Bureau of Circulations.* Just as a bank examiner makes a periodic check of the records of your bank—so does Mr. A.B.C. visit our office at regular intervals to make an exacting inspection and audit of our circulation records. The circulation facts thus obtained are condensed in easy-to-read audit reports which tell our advertisers: How much circulation we have; where it goes; how it was obtained; and many other FACTS that tell advertisers what they get for their money when they advertise in this newspaper.

*The Audit Bureau of Circulations, of which this newspaper is a member, is a cooperative, nonprofit association of nearly 4,000 advertisers, advertising agencies and publishers. Organized in 1914, A.B.C. brought order out of advertising chaos by establishing a definition for paid circulation, rules and standards for auditing and reporting the circulations of newspapers and periodicals.

CORPORATION OF SUMMERLAND

Public Notice

A meeting of the Ratepayers of the Municipality will be held in the

High School Auditorium, Summerland

Wednesday, Dec. 2

at 8:00 p.m.

for the consideration of the Summerland Hospital Bylaw, 1964

G. D. SMITH,

Municipal Clerk.

The Corporation of the District of SUMMERLAND

Notice of Election

Public Notice is hereby given to the Electors of the Municipality of Summerland that I require the presence of the said Electors at the Municipal Office; Summerland; B.C. on the

30th day of November, 1964

at the hour of 10 o'clock in the forenoon

For the purpose of electing persons to represent them as

Councillors

and School Trustees

The mode of nomination of candidates shall be as follows:

Candidates shall be nominated in writing by two duly qualified electors of the municipality. The nomination paper shall be delivered to the Returning Officer at any time between the date of this notice and noon of the day of nomination. The nomination paper may be in the form prescribed in the "Municipal Act" and shall state the name, residence and occupation of the person nominated in such manner as to sufficiently identify such candidate. The nomination paper shall be subscribed to by the candidate.

In the event of a poll being necessary, such poll will be opened at the

Municipal office;
Summerland, B.C.

on the

12th day of December, 1964

between the hours of 8 a.m. and 8 p.m.;

of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at Summerland, B.C., this 18th day of November, 1964.

A. F. Calder
Returning Officer.

JOAN YOUNG

daughter of Mr and Mrs. Keith Young of Summerland, was a recent graduate at a cabin attendant's course held by Canadian Pacific Airlines at Vancouver airport. Joan will commence her flying career as a stewardess on CPA domestic routes and will later serve on international flights.

No complaint on re-zoning

Again apathy, or perhaps no complaints was indicated Tuesday night when council met to consider a number of amendments to the zoning by-law. No one showed up to protest or to praise.

At the regular council meeting which followed, Councillor W S Ritchie reported on the OKVMA meeting held in Revelstoke recently. Mr Ritchie said that it is likely valley municipalities will probably use of wage conciliator this year when working out wage agreements.

The councillor also reported on the South Okanagan Health Unit meeting held here last week. Councillor W B Powell asked if the group could look into the possibility of making fluorine tables available through the Health Centre.

G E Baynes who owns lake front property in Trout Creek, asked to have the zoning category changed from multiple dwelling to single family category. The town planning commission and planner Gordon Hirtle had earlier this year voted against making the change.

Council decided to have the area reviewed again by the South Okanagan regional planner, Gordon Northy when he takes over the planning duties in January.

Because of flooding problems from Prairie Creek, council will assist residents of the South Prairie Valley Road area in widening the creek.

Residents of the area and the corporation will share 50-50 in the cost of bulldozing and improving the flow of Prairie Creek.

Reward offered for information on sign damagers

A reward of \$100 will be offered for any person who gives information leading to a conviction of the persons who are deliberately smashing municipal signs. Council was told that replacing the signs costs several hundred dollars a year, and the signs are sometimes smashed only a few days after they are replaced.

It is felt that only a small group of hoodlums are involved in the stupid practice of smashing the signs by ramming a car into the posts. Extra patrols will be made to catch the offenders.

At Farville in eastern France, home of the RCAE's 5 Air Movements Unit (AMU), Sergeant D. B. Crumback, son-in-law of Mr and Mrs Joe Burnell of Summerland, checks a passenger list with a French customs and immigration official at the air terminal. The AMU is responsible for the proper documentation and handling of all material and personnel moving between the Air Division and Canada, and between the three wings of the Division and other points in Europe. Sgt. Crumback has been serving with Canada's NATO Air Division since August 1963.

Meeting called to give information on hospital by-law

Does Summerland need a new hospital? How much will it cost? How much will it raise our taxes? Would it be cheaper to join the Penticton Hospital district? What services will the new hospital provide?

These and other questions will be answered at a meeting next Wednesday called by the municipal council and hospital board.

Representatives will outline the proposed new hospital, outline financing and explain the advantages offered by a modern 28 bed hospital.

Figures released by the hospital board show that the hospital will cost \$790,000, with \$340,000 being the municipal share. This will increase taxes by 4 mills (or approximately 10 per cent. But, because of the home owner grant, which is to

be increased to \$100 next year, it is estimated that 31 per cent of Summerland taxpayers will only pay the minimum \$1.00

The first tax increase would not occur until October, 1966.

It has been estimated that joining the Penticton hospital district on the same basis as Peachland belongs to Kelowna hospital district, would incur the same tax increase, if not higher.

We urge you to attend the hospital by-law meeting next Wednesday at 8 p.m in the secondary school auditorium and learn the facts about the proposed new hospital.

Steady progress is indicated in stewardship report

Summerland ratepayers were conspicuous by their absence at the annual ratepayers meeting held last night. Only a handful took the time and showed interest enough to hear council and the school board explain their year's activities and future plans.

School board chairman John Bennest told the meeting that an addition to the Trout Creek school is contemplated for next year. There will be one class room and an activity room. It would be built under the present money referendum.

He said that the survey asked for by the junior college committee will be held shortly.

Mrs B. Liebert asked about costs of renting the secondary school auditorium. She said that the Overture Concert Association is presently paying \$50 per night for the use of the hall for its concerts, plus an additional fee of \$15 for putting up and taking down the chairs. She felt this rate was high. Mr Bennest said he would investigate the rent charges.

School enrolment was reported at 1,216 students, an increase of 45 over last year.

Councillor Walter Powell outlined council's progress to date in securing aid under the ARDA program. He said the first phase of the proposed work on the irrigation system (that of renewing the large mains) is now drafted and in the hands of the provincial government. This phase will cost \$127,000, borne equally by the federal, provincial and municipal governments. Mr Powell explained it would likely be done over a continuing period.

Mr. Powell said that the proposed flow valve control by-law will make it compulsory for all water users to have control valves on their sprinkler heads. This will equalize existing pres-

sure, especially under peak loads.

Councillor W. S. Ritchie paid tribute to the municipal crew for its excellent work on the parks and beaches during the past summer.

Mr Ritchie said that the new Paradise Flate cemetery will be opened soon.

Forty new homes were provided with electricity this year. Electric heat continues to gain in popularity with 53 homes putting in space heat.

Because of many homes changing over to modern heating methods, the fire department had a quiet year. Councillor H J Barkwill reported. The ambulance purchased last year has now made 145 calls.

When asked by Norman Abernethy what his opinion was of municipal ownership of hospitals, Mr Barkwill replied that he felt the present setup, of a society-operated hospital to be entirely proper and satisfactory. He stated that the vast majority of BC hospitals are operated in this manner and that the Summerland hospital board is made up of dedicated and capable people.

Councillor Jim Schaeffer, in presenting the municipal budget for 1964, pointed out that welfare payments to the end of October amounted to over \$55,000, of which the municipal portion was \$12,000.

Mr. Schaeffer also presented the civil defence report in the absence of co-ordinator Ivan Phillips.

Librarian Mrs J Dunsdon said that Summerland readers are making full use of the regional library, with over 200 new registrations this year.

A new \$25,000 line truck for the electrical department will be purchased from surplus electrical funds.

Under the Giant's Head

Sunshine was done to only .09 hours during all of last week reports the research station with .08 inches of rain recorded.

At the Red Cross Blood Donor Clinic held in the United Church Hall last Friday, 263 pints of blood were donated, approximately the same as the previous year.

THIS IS APPLE WEEK

Did you know that the Spartan apple is Summerland's own apple. It originated from a cross between McIntosh and Newtown made by Dr. Palmer at the Summerland Experimental Farm in 1926. Selection of this variety was made by A. J Mann in 1934.

The McIntosh apple is truly Canada's own. It originated as a chance seedling on the farm of John McIntosh, Dundas County, Ontario, about 1780. The original tree lived for 112 years

Growers re-elect Bernhardt, seek action on survey

Summerland local of the BCFGA will meet next Tuesday to hear a report from B.C. Tree Fruits and to discuss resolutions which will be presented at the January convention in Vernon.

The local met last Wednesday and elected Charles Bernhardt president for another term, with Jim Dunsdon vice president and Brian Liebert secretary-treasurer. Delegates elected to the BCFGA convention were Colin McKenzie, Adam Huvá, Rob Towgood and John Caldwell. Alternates are Doug Grant, George Stoll; F. R. Ganzfeld; Harvey Edan, Bob Smith and Ernie Doherty.

Hans Stoll was nominated for the BC Fruit Board and Mr Bernhardt for the BCFGA executive.

Some growers stated that they were concerned with the proposed survey of the fruit selling organization which the growers had asked for earlier this year.

The original plan was to hire a business consultant firm to go over the entire fruit marketing process and to make recommendations to the growers in the hopes that improvements can be found. It is understood that the BCFGA executive has decided to withhold the survey until after a discussion at the convention in January.

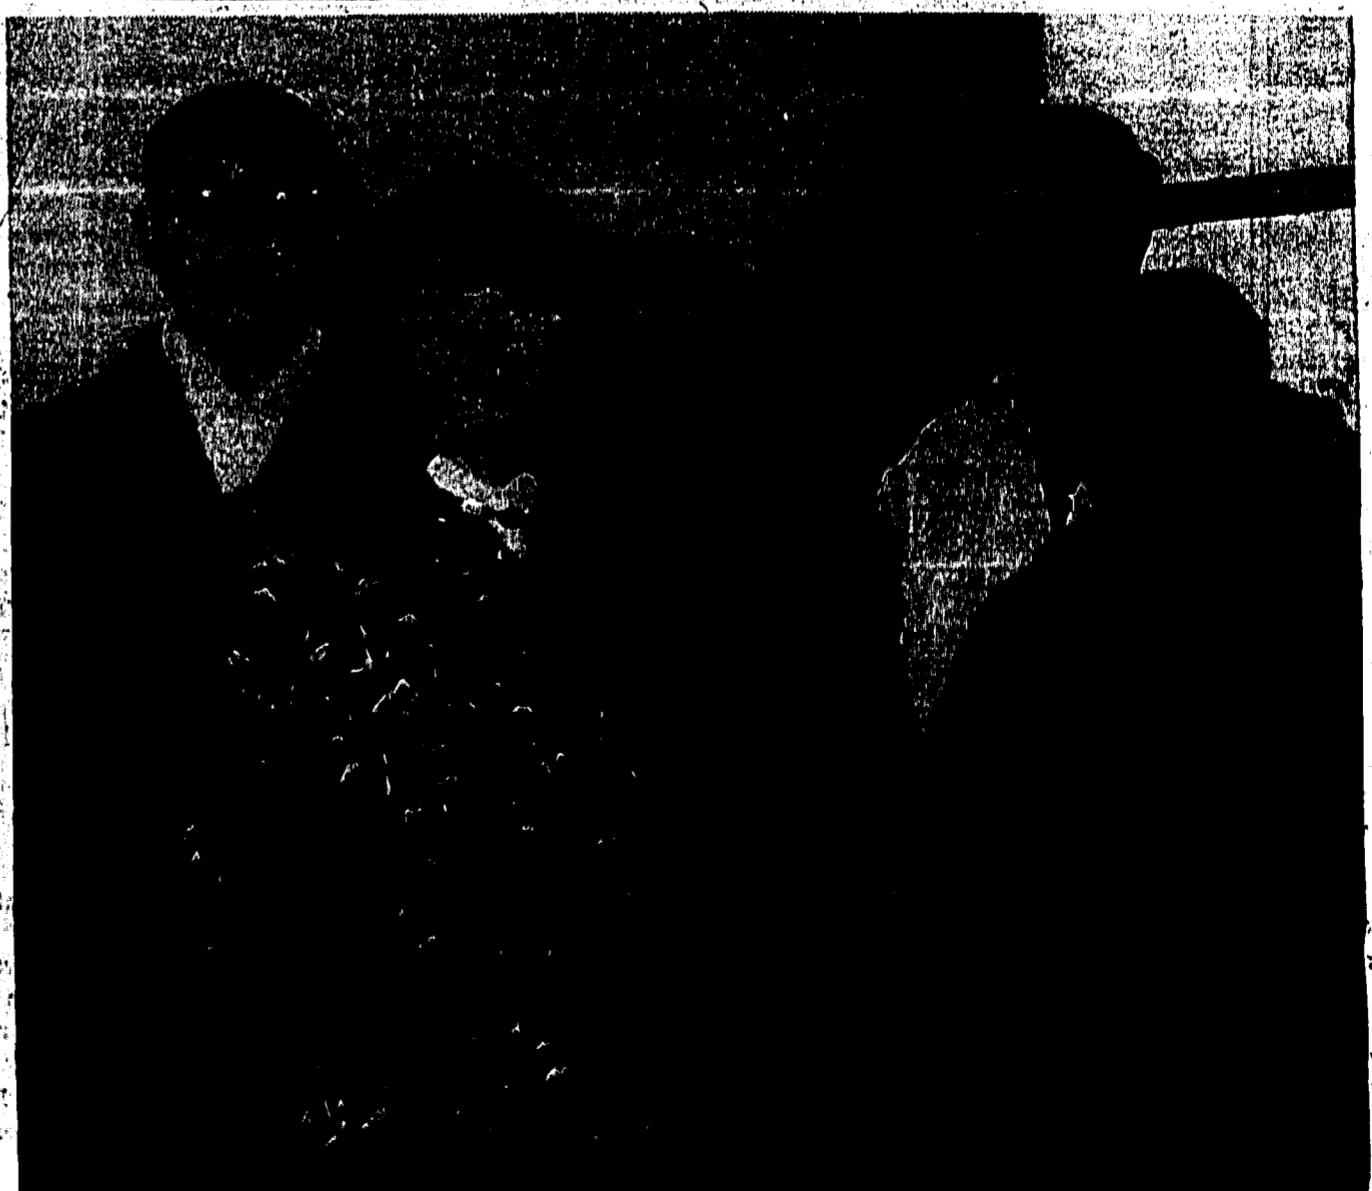

One grower told the Review that he hopes the survey can be conducted as soon as possible. He said that this is possibly the first honest attempt to find a solution for the grower in his dilemma of insufficient returns for his product. He said that it would also tend to put the selling organization back into a position of confidence with the growers.

In October a committee was called to draw up the terms of reference for the survey. Mr Bernhardt represented the Summerland local. Of prime importance the group decided was:

- 1 Clarification of the objectives and aims of the marketing agency.
- 2 Establishment of appropriate means of measuring the effectiveness of the marketing agency in achieving these aims.
- 3 Appraisal of marketing measures and procedures including means of obtaining factual data for use in assessing market trends and potential.
- 4 Review of administrative organization and procedure within the marketing agency for the purpose of assessing operational effectiveness.

At the meeting next Tuesday, a report on BC Tree Fruits will be presented by John Coe of Penticton. Al Claridge of Oyama who is seeking the presidency of the BCFGA in January, will address the group.

District horticulturist A. W. Watt will speak on problems in fruit growing and will show colored slides of his recent trip to Europe.

Four students from Chelan, Washington were recently in Summerland taking part in the Rotary sponsored student exchange. They were Wes Franklin, Joyce Eicharn, Mickey Green and Jean

Sapp. Here they are shown with Rotarians Walter M. Wright and Don Agur, before taking a tour of Giant's Head Mountain in Mr. Agur's Jeep.

Victoria, B.C. Mailings 1964

ON HONORS LIST

Ikuye Ouchida, a junior student at Wheaton College, Illinois, has been named to the scholastic honor list earning year honors for the 1963-64 academic year. Ouchida is the daughter of Mr. and Mrs. Takeshi Ouchida of Summerland.

ELECTED VICE-PRESIDENT

John Tamblin, principal of the Summerland secondary school was elected vice-president of the Okanagan Valley Teachers Association at the group's annual meeting in Kelowna on Saturday.

by David Pugh, MP

After three tries, the government has finally managed to get the pension plan before the House of Commons. It has now been approved in principle, and a special committee will go into it most thoroughly before bringing it back to the House. As the Plan itself is most detailed, this Committee will have a tough job. I have spoken to a great many people, and there are certain basic fears: Will the plan cost too much? Will it be successful if provinces such as Quebec do not join in? Will the old age pensioner be protected, and will the building up of the huge investment funds in the provinces harm Canadian economy in the long run?

Strangely enough, there is a good deal of election talk but

I find no basis for it just now. Actually, the business of the House seems to be going along fairly well, and this refutes any charge of obstruction which you may have heard. Approval of government spending is one large bit of incompleting business. When this is passed, we will still be well ahead of previous Parliaments for time actually spent on this all-important subject. Election talk is a hardy perennial on Parliament Hill, and usually can be discounted. There is one thing that Canada does not need at the present time and that is another election. The only possible excuse would be over the flag, and it is out of the question that this should be the basis for an election.

Redistribution of the constituencies went through quickly

The Corporation of the District of Summerland
By-law No. 1033

A BY-LAW OF THE CORPORATION OF THE DISTRICT OF SUMMERLAND IN THE PROVINCE OF BRITISH COLUMBIA (HEREINAFTER CALLED THE "CORPORATION") TO ENABLE THE CORPORATION TO RAISE, BY WAY OF LOAN, THE SUM OF THREE HUNDRED AND FORTY THOUSAND DOLLARS FOR THE PURPOSE OF MAKING A GRANT TO THE SUMMERLAND HOSPITAL SOCIETY IN ORDER TO ENABLE THE SUMMERLAND HOSPITAL SOCIETY TO CONSTRUCT AND EQUIP AN ACUTE GENERAL HOSPITAL.

WHEREAS the Summerland Hospital Society has applied to the said Corporation for a Grant of Three Hundred and Forty Thousand Dollars (\$340,000.00) in order to enable the said Summerland Hospital Society to construct and equip an Acute General Hospital within the Corporate limits of the Corporation, the said sum being the contribution required by The Province of British Columbia, of the Summerland Hospital Society as its share of the capital cost of construction and equipment of the acute General Hospital;

AND WHEREAS the Summerland Hospital Society has received the written approval of the Minister of Health Services and Hospital Insurance for the Province of British Columbia for the construction of the said Hospital;

AND WHEREAS it is deemed desirable and expedient to grant the request of the said Summerland Hospital Society and to borrow the sum of Three Hundred and Forty Thousand Dollars (\$340,000.00), which is the amount of the debt intended to be created by this By-law, for the object of making a Grant to the said Summerland Hospital Society in order to enable the said Summerland Hospital Society to construct and equip the said acute General Hospital;

AND WHEREAS the amount of the assessed value for general municipal purposes of the Taxable land and improvements within the Corporation for the current year and the two years immediately preceding the current year is as follows:

1964	\$8,332,785.00
1963	\$8,048,105.00
1962	\$7,758,410.00

AND WHEREAS the amount of the existing debt of the Municipality as of the first day of November, A.D. 1964 is \$398,996.57, and none of the principal or interest is in arrears;

AND WHEREAS it is necessary for the purposes aforesaid to raise by way of loan on the credit of the Corporation the sum of Three Hundred and Forty Thousand Dollars (\$340,000.00) and to issue Debentures therefor payable as hereinafter provided;

AND WHEREAS the approval of the Inspector of Municipalities for the Province of British Columbia has been obtained;

AND WHEREAS the estimated lifetime of the construction by this By-law hereinafter authorized and described aforesaid is in excess of twenty years (20);

NOW THEREFORE the Municipal Council of The Corporation of the District of Summerland in open meeting assembled, ENACTS AS FOLLOWS:

1. That the Municipal Council of the said Corporation be and is hereby authorized to grant to the Summerland Hospital Society a sum not to exceed the sum of Three Hundred and Forty Thousand Dollars (\$340,000.00) for the purpose of enabling the said Summerland Hospital Society to construct and equip an acute General Hospital within the Corporate limits of the said Corporation.

2. That for the purpose aforesaid of granting Three Hundred and Forty Thousand Dollars (\$340,000.00) to the said Summerland Hospital Society, it shall be lawful for The Corporation of the District of Summerland to borrow on the credit of the said Corporation the sum of Three Hundred and Forty Thousand Dollars (\$340,000.00) and to issue Debentures for such sum with interest at Five and Three-quarter Per Cent (5¾%) per annum as hereinafter more particularly described.

3. That the Debentures authorized by this By-law shall be Serial Debentures and shall be dated the first (1st) day of July, A.D. 1965 and shall have attached thereto coupons for the payment of interest at the rate of Five and Three-quarter Per Cent (5¾%) per annum payable semi-annually on the first (1st) day of January and the first (1st) day of July in each year of the currency of the Debentures, and the principal of the said Debentures shall be repayable by annual instalments as follows:

\$ 8,000.00 on first of July, 1966
\$ 9,000.00 on first of July, 1967
\$10,000.00 on first of July, 1968
\$11,000.00 on first of July, 1969
\$12,000.00 on first of July, 1970
\$13,000.00 on first of July, 1971
\$14,000.00 on first of July, 1972
\$15,000.00 on first of July, 1973
\$16,000.00 on first of July, 1974
\$17,000.00 on first of July, 1975
\$18,000.00 on first of July, 1976
\$19,000.00 on first of July, 1977
\$20,000.00 on first of July, 1978
\$21,000.00 on first of July, 1979
\$21,000.00 on first of July, 1980
\$22,000.00 on first of July, 1981
\$23,000.00 on first of July, 1982
\$23,000.00 on first of July, 1983
\$24,000.00 on first of July, 1984
\$24,000.00 on first of July, 1985

4. That during the currency of the said Debentures the Corporation shall levy and raise by rate sufficient therefor over and above all other rates on all land and improvements subject to taxation for general Municipal purposes within the said Corporation at the same time and in the same manner as other rates in each of the years set out in paragraph three (3) hereof, the total amount required for repayment of principal and payment of interest as shown in Schedule "A" hereof in order to enable the said Corporation to make the annual repayment of principal and payments of interest required by the said Debentures.

5. That the said Debentures authorized to be issued pursuant to this By-law shall be in sums of not less than One Hundred Dollars (\$100.00) each.

6. The principal and interest of the said debentures authorized by this By-law shall be payable in lawful money of Canada at the Bank of Montreal in Summerland, B.C. and at the principal office of the Bank of Montreal in the cities of Victoria, B.C.; Vancouver, B.C.; Winnipeg, Manitoba; Toronto, Ontario; Ottawa, Ontario and Montreal, Quebec in Canada at the option of the holder, and it shall be so designated on the debentures and the interest coupons.

7. That the said Debentures shall be sealed with the Corporate Seal of The Corporation of the District of Summerland and shall be signed by the Reeve and Treasurer of the said Corporation, and coupons attached to the said Debentures shall bear the signatures of the said officers of the said Corporation and such signatures attached to the said coupons may be written, or may be stamped, printed, lithographed or be in other facsimile form.

8. That all or any of the said Debentures may contain or have endorsed thereon a provision for registration.

9. This By-law shall take effect on the date of adoption.

10. This By-law may be cited for all purposes as the "Summerland Hospital Aid By-law, 1964".

READ a first time by the Municipal Council of The Corporation of the District of Summerland the 17th day of November, 1964.

READ a second time by the Municipal Council of The Corporation of the District of Summerland the 17th day of November, 1964.

TAKE NOTICE that the above is a true copy of the proposed by-law upon which the vote of the owner-electors of the municipality will be taken at the MUNICIPAL OFFICE, SUMMERLAND, B.C. on Saturday, the Twelfth day of December, 1964, between the hours of eight o'clock in the forenoon and eight o'clock in the afternoon, and that Andrew F. Calder has been appointed Returning Officer for the purpose of taking and recording the vote of electors.

DATED at Summerland, B.C. this twenty-fourth day of November, 1964.

G. D. SMITH,
Municipal Clerk.

SUGAR AND SPICE

by Bill Smiley

Where Those Weekends Go

Like most teachers, I don't know what I'd do without my weekends. All right, I know. The hours are great, there are lots of holidays, and you're sure of your pay at the end of the month.

But believe it or not, it's an exhausting game. Baby-sitters have their moments of frenzy. Policemen sometimes get ulcers. To those two jobs, add the task of stuffing information daily into about 150 kids, most of whom can take it or leave it, and you can understand why teachers totter towards 4 p.m. Friday like camels lurching to that first oasis on the far side of the Gobi desert.

Every Friday, I come home, collapse, and wave feebly towards the decanter of Teachers' Highland Cream, a medicinal restorative made in Scotland for the sole purpose of salvaging sagging teachers.

As I lie there, gradually recovering, I allow myself to luxuriate in the idea of 48 hours without classes. "This weekend," I muse, "I'm going to get caught up. I'm going to mark all those essays, prepare those five tests, get my lessons ready for a whole week ahead. I'm also, by golly, going to get a good sleep tonight, go hunting Saturday afternoon, sleep in Sunday, and spend the rest of the day reading a good book."

Perhaps a verbatim report of the last lost weekend will give you an idea of the difference between dream and reality.

Friday evening, I'd just begun to regain my joie de vivre, with aid of the Highland Cream and a good dinner, when a colleague called. He wanted to discuss an academic problem: some kids had tried to set fire to his car on Hallowe'en.

It turned out that he was sagging a bit, too, and that he had a predilection for the Cream. A bad combination. I got to bed at 2.30 in the a.m. Oh, well, I could sleep Saturday morning. Essays would not be marked, but after all, a fella has to live a little.

At 7.30 a.m., in the dark already, my wife was shaking me.

She had the stomach flu. I had to drive the kids to the city, 200 miles round trip, for their music lesson.

Home at 4 p.m. Broth for the sick lady. Bake the last of the leaves. Prepare one of Old Dad's famous mixed grills: anything that will fry in a frying pan. This one had mushrooms, eggs, green peppers, a redolent remnant of steak, two Wieners, a tomato and a chunk of bologna. Tasty. Two hours of dish-washing.

Wandered wearily up to watch TV. Fell asleep. Woke at 11 p.m. Looking at wife, apparently dying. Downstairs to turn off lights. Find lights blazing, hi-fi blaring, kids in the act of lighting fire in fireplace.

"Get to bed!"

Two hours later, have taught Kim to waltz (waltzing is any form of dancing that doesn't have a frantic beat); Hugh and Kim have demonstrated, and I have been dragged into, the Monkey, The Frog, the Voodoo. The fire is burning low. We have all, simultaneously, smoked a pipeful of tobacco. (That's right. We all sat around and smoked pipes. What a lousy father!) But I can sleep in Sunday.

At 8.30 Kim is shaking me. "Dad, don't forget you're teaching in the Bible Class this morning." I teach the Bible Class. At 4 p.m., I go out and collect "pledge cards" for the church. Everybody is out for a drive, or hates the minister. Net result: I collect one pledge card out of seven - my own.

At 4.30 p.m., we all stand in the backyard, waving frantically to small airplane circling over house. Hugh is in it, up with a friend. His mother, up from death's door, is having kittens. "My baby! Up there! They'll crash!"

Prepare Sunday dinner. Wash dishes (kids have to do homework and practise). Reel to desk at 9 p.m. Fall asleep on elbows. Wake up at mid-night. Can't sleep until four a.m. Get up at 7.45. Scramble to school. And begin all over again.

Toronto Telegram News Service

The modern Gospel

by Rev. Norman W. Ion
'Beat Em Up', 'Pass Em Up', 'Lift Em Up', the parable of the Good Samaritan found in Luke 10:29-37 would no doubt be the parable Jesus would use today in speaking of the present state and nature of mankind.

The 'Beat Em Up' philosophers he called thieves. Christ made no effort to limit this activity to any specific group. Thievery is not only the act of entering at night or in the absence of an owner and taking that which does not lawfully belong to the taking person. Not giving honest value for payment received as well as not paying

enough for services rendered puts one in this class. In fact any unfair advantage, knowingly taken, constitutes beating or stealing.

The 'Pass Em Up' philosophers were persons who were thought to be righteous. Here the Master points out that even the leadership group is not immune to this evil philosophy. He teaches that recognition is only half the answer to a need. The culminating half is that we do when we can to meet the need. Can you and I as Christians (Christ-like persons) expect the world to follow an example they have never seen in practice. According to Isaiah 64:6, our filthy rags of self-righteousness will not meet His requirements of us.

'Lift Em Up' is the message Jesus taught and practiced. God had no obligation to send His Son to die for us. The Samaritan had no legal obligation to aid the beaten and ignored Jew either. But he, as we must, met the moral obligation that Christ has placed us under. He said: "Love your neighbor as yourself; do unto others as you would have them do unto you; for I have given you an example, that ye should do as I have done to you."

We are living in the modern world among the same basic needs that require the same remedy applied through the services of a Christ-like person. Are you and I the right kind of person applying the right remedy?

Letter to the editor

The Editor,
The Summerland Review.

Dear Sir:
In a letter to you earlier this year it was suggested that municipal ownership of the Summerland Hospital could be reasonably expected before another money-by-law for hospital purposes was put before the ratepayer. I understand from recent reports in your paper that some clear thinking taxpayers petitioned the Council for this very thing and the Council saw fit to refuse the petition.

Rights flow from responsibility in the same manner as rights carry obligations and responsibilities. In this case, where the taxpayer is asked to assume responsibility for \$340,000 of debt due he certainly has the right to ownership. If this right is denied him he most certainly has the right to refuse the responsibility. Indeed, I believe it is the duty of every ratepayer to reject the proposed money-by-law as long as his democratic right to ownership is denied him. It is really the only course open to him and he will not be fooled by such nonsense as protection through BC. HIS or what other municipalities do.

The reasons underlying council's refusal of a proper petition on this question is a matter of grave concern to all of us. There must be something behind council's apparent refusal to preserve the natural rights of the taxpayer. It seems to me there are possibly two real reasons or perhaps just one. I would think that either council is not entirely convinced that the proposed new hospital is economically sound and within the means of the ratepayer, or that council is not willing to accept the burden of responsibility that properly falls upon those who seek election to public office. In both instances it seems quite clear that the Council is prepared to abandon the interests and rights of the taxpayer and I would suggest that they have offered some pretty flimsy excuses for taking this position.

It might be well for the council to reflect on the stand taken by the Canadian Chamber of Commerce on matters such as this. In their statement of policy dated September 1964 they say, "We deplore and oppose government through delegated authority without adequate provision for the protection of the rights and liberties of citizens." Obviously the Canadian Chamber of Commerce believes wholeheartedly in the ancient democratic principle that those in office should not only be responsible but should be held responsible. If the policy of the Canadian Chamber of Commerce was adopted by all of us there would be little doubt that the council would treat similar matters so lightly.

Yours truly,
Heslod.

Editorials

For the birds

Farmers can rid their fields of pest birds with a chemical which triggers the "flock alarm" distress cry from birds that take the bait, reports The Financial Post.

Two new chemicals are available. Both are members of the pyridine family. A small quantity of grain is impregnated and scattered in the affected fields. Birds which eat the baited grain lose depth of vision. Their central nervous systems are affected and a axa sets in. Unable to fly, but conscious something is wrong, the birds cry piteously. These cries scare the rest of the flock. Tests indicate they never return.

In one Iowa test, grain fields were infested by 45,000 starlings. After the "flock alarm" was triggered with baited grain, only 2,000 birds remained in the area. The two chemicals used to bait the grain are selective and nontoxic to humans and pets. Their effect on the birds which have eaten them wears off.

The one big unanswered question, says The Financial Post, is this: If every farmer used the chemicals, where would all the birds go?

What's your stand on life insurance as an investment?

Miss Pepper
Investment? I thought you bought life insurance in case something went wrong.

Interviewer
You do. But it's not just protection.

Miss Pepper
If it isn't, what is it then?

Interviewer
An investment, too. Your Mutual Life policy can give you insurance protection until retirement age. Then the same policy can be used to provide a monthly income for as long as you live.

Miss Pepper
So it really is an investment. Funny, I had never thought about insurance that way. Where can I find out more about it?

Interviewer
Call your nearest Mutual Life representative.

Oil painting draw feature of bazaar

The annual Christmas Bazaar sponsored by the Evening Branch of St. Stephen's Anglican WA takes place on Saturday, December 5 at 2:30 in the parish hall.

Mrs James B. Roe is convenor. Guests will be greeted by the WA president, Mrs Clarence Adams; Mrs Norman Tannar, wife of the rector; and Mrs N. O. Solly, president of the WA in the Diocese of Kootenay.

The novelty booth, convened by Mrs Herb Waterhouse, will feature such items as Humpty-Dumpty cushions, stuffed animals, Barbie doll clothes and many other lovely Christmas gift items.

Table centrepieces will highlight the "decorations" table under the convenorship of Mrs E. C Bingham and Mrs A Inch. Greenery will be displayed by Mrs Norman Tannar and Mrs

D M Wright. Mrs Alex Watt will be selling aprons whilst Mrs Earle Wilson convenes the bake table. Mrs Stan Skippings is in charge of the tea tables with Mrs Robert Cuthbert as kitchen supervisor. The GA's, under Mrs T F Weeks will sell candy. Assisting with the decorating are Mrs Adrian Moys and Mrs Bert Berry.

Special feature will be the drawing for an oil painting, "Winter Landscape" by the well-known Summerland artist, Marjorie Lane, which Mrs Lane donated to the WA. A draw will also be held for a doll's crib donated by W. G Ferry.

Results of contract bridge

Winners at the South Okanagan Bridge Club play on Monday night were: 1. D Morgan and F Brodie; 2 (tied) Mr and Mrs T B Young; and G Horwood and R Hepperle; 4. N Gray and R Buchanan.

THIS IS APPLE WEEK

The first apple trees were planted in the Okanagan just over 100 years ago at Okanagan Mission by Fathers of the Oblate Order.

The Delicious apple originated as a chance seedling under a Bellflower tree in Peru, Iowa, about 1870.

The Golden Delicious apple originated as a chance seedling on a farm in West Virginia in 1893.

VISITS PARENTS

Miss Vicki McKee, who is attending the Kin Man College in Spokane, is home to spend the American Thanksgiving holiday with her parents, Mr and Mrs H R McKee.

WANTED

WANTED TO BUY: A two bedroom home situated fairly near the business section. Will consider a nice, well-built modern house. Contact H S Benner at the Bedrock Motel, Summerland

DEAR DORIS advice from Doris Clark

'Don't Date That Married Man'

DEAR DORIS — My daughter is 17. When she was 14 she fell in love with a boy four years older than her. I thought I was doing the right thing by not letting her go steady until she was 16, but by that time he was married to another girl.

You see, that other girl got pregnant and she blamed this boy. They went into court, he offered to pay the cost and give her a certain amount of money, but her mother forced them to get married. Now they are separated. He says that the baby is not his, and she admitted it in court.

He says he is still in love with my daughter and they are going together.

Now he plans to get a divorce and marry my daughter in two years. She is so much in love she can't see straight. What can I do?

BAFFLED

DEAR BAFFLED — Let's face facts: Your daughter is dating a married man. He still sees and supports his wife and one child. He let himself be pushed into marriage with a girl he did not love, on a trumped up accusation.

The divorce is only an idea right now; with its actual realization in great question. This kind of promise is made far oftener than it is kept.

You were right to object to steady dating at 14; and unless your daughter can show a more adult approach, I'd guess she is still unable to choose wisely. The young man is merely using her, and is in a perfect position to take advantage of her.

Don't nag. Show her this letter. And encourage her to pursue now interests with other young people of her acquaintance.

DEAR DORIS — Could you please tell me if a pensioner can continue to draw the pension pay while on vacation in Britain? If so, for how long could he stay away and still receive the allowance?

PENSIONER

DEAR PENSIONER — Yes. As long as he likes, once he has qualified for it through length of residence in Canada and has begun receiving it.

DEAR DORIS — Could you give me any information regarding ways in which I could strengthen my eyes? I am nearsighted, and minus my glasses I am practically blind. However, my appearance is much better without them.

Is there any type of food you could recommend that might help me?

Please do not tell me to find a pair of rims that will suit my face, because I definitely would like to get completely rid of my glasses, if that is possible.

FOUR EYES

DEAR FOUR EYES — My eye consultant says there is no physical way to remedy your particular eye difficulty, which is related to the curve of your eyeball. No food, no eye gymnastics can alter what nature started you off with.

But here's good news: your kind of nearsightedness is corrected wonderfully by contact lenses. Well worth saving up for and going through the stages of learning to wear them.

Confidential to Uncertain Widow — Love — the best kind — is liking, and sharing, and giving ground. If you see things eye to eye, you have a chance. I'm sending you my pamphlet entitled "What is Love?", hoping it will help. (Available to other readers for ten cents and a stamped, self-addressed envelope.)

The selection of a holder for a candle is of prime importance if the beauty of a candle is to be shown to its best advantage. In this article, the fifth in a series of seven on candle making, instructions are given for making a novel wax base and special party candles.

For the wax base, select a large dish with a flat bottom, ensuring that the top is wider than the bottom, so that base can be removed when set. Oil mould, or spray with silicone, and pour in half of the melted wax which should be coloured to match or contrast with the candle. Place candle you wish to display in hot wax making sure that it is upright then fill up remainder of mould with hot wax, and as it cools, add suitable decorations and trimmings.

Ideas for decorating a dinner or buffet table are limitless, and special party candles can be used to give your table a unique decor. A snowball candle makes an ideal centerpiece which can be used to hold condiments or confections by sticking toothpicks into the frosting before it hardens. Or you can make one large snowball for the table centre, and smaller ones for each place setting.

For a punch party, select a specially nice bowl to float a display of candles. Fill the bowl with colored water and make a number of small candles which will be free to drift around in it. To do this, oil a tray or two of muffin tins and pour half an inch of wax into each cup. Centre little birthday candles in these, or, after the wax has cooled, pierce the discs with a hot needle and thread a wick through them: Fancy little candles can be made by pouring wax one quarter, or one-half inch deep into a large tray and using cookie cutters to cut out candles when wax has almost set.

Candles for children's parties are simple to make requiring more imagination than skill. Here are two suggestions that will delight your little guests.

For the first candle use a small, fluted, individual size jelly mould, a teacup, and a cutting from the bottom of an old taper about six inches long. Remove wax from one end of taper until about one inch of wick is exposed. Pour a small amount of hot wax into oiled mould and centre taper — which should extend about two inches above rim of mould — in it. Fill mould an allow to harden.

Next, fill an oiled teacup about one-quarter full, allowing wax to become firm before placing section made in jelly mould into it. Jelly mould part of candle should protrude about half an inch above cup's rim. Fill remaining space in cup with hot wax and allow to cool, then remove candle from mould and dip in hot wax.

Another children's candle is a chimney; made in a pint-carton mould. Make a white candle as discussed in lesson three, and dip it in red wax two or three times. When the red wax has set, scratch a pattern of bricks into it allowing the white wax to show through. A little beaten wax can frost the top of the chimney like snow, and a dark green or black wax makes an ideal roof.

Set the chimney off-centre on the base and add a small Santa Claus figure, a reindeer or two, perhaps a little sock filled with tiny favors, and watch the eyes of wee guests light up when they come to the table!

For additional information write to: The Candle Making Institute, P.O. Box 4080, Terminal A, Toronto 1, Ontario

DR. JAMES MARSHALL HEADS HORTICULTURISTS

Dr. James Marshall was elected president of the Summerland Horticultural Society at its annual meeting last week. Mrs E. C. Bingham was named vice-president and Mrs Bob Burns secretary. Executive members are W F Ward, T S Manning, and A F Calder. E H Bennett was elected treasurer.

Aggregate money prizes awarded for those winning most points at parlor shows during the past year were won by Mrs Alex Inch, Miss Doreen Tait Mrs W F Ward, Mrs Bingham and Mrs Wally Harrison. They were given prizes donated by retiring president Lew Wright. Honorable mention went to Mrs Don Derosier, Mrs A D Wilson, Mrs H E Hanson and Mr Ward.

A parlor show of dried flowers was featured during the evening with driftwood arrangements and miniature arrangements. No fresh flowers were allowed.

Winners in class 1 were Miss Tait, Mrs Inch and Mrs W R Powell; class 2: Mrs Inch; class 3: Mrs Harrison, Miss Tait and Mrs Inch. Prizes were potted plants.

An interesting panel discussion followed with Dr Marshall as moderator and David Munn scorekeeper.

GAS

Clean, Safe, Dependable natural gas heating gives the healthiest and most comfortable heating possible. More families install gas heating because, budgetwise, it is the best buy. We will give comparative fuel costs free on application.

INLAND NATURAL GAS CO. LTD.

On December 12th, the Hospital Board asks you to vote on the by-law for your new 28-bed-hospital complete with maternity, surgical, out-patient and emergency departments.

The need for a new hospital was stressed after careful study was made by the Federal Government and on personal inspection by the Honorable Eric Martin, Minister of Health and Hospital Insurance.

How Much Will Summerland's Hospital Cost?

\$790,000.00

What Will the Cost Be to The Ratepayer?

\$340,000.00

How Will this Affect Taxes?

It will increase your taxes by 4 mills (or approximately 10%). Figures from the Municipality's tax roll show that in 1964 (taking the \$85.00 Home Owner's Grant into consideration) 19% of the ratepayers only paid \$1.00 in taxes.

Next year, the Home Owner Grant is to be increased to \$100.00 and it is estimated that 31% of the taxpayers will only pay \$1.00. Thus, it is readily seen that increased hardship will NOT exist for our older citizens who comprise a goodly portion of the 31%.

When will the First Tax Increase Occur?

October; 1966

If you have a question about your new hospital, attend the

RATEPAYERS MEETING

Being held to discuss the Hospital By-law on

WEDNESDAY, DECEMBER 2 at 8:00 p.m.

In the Secondary School Auditorium

HOUSEMANSHIP
No. 11 of a Series
6 Points to Check When Buying An Older House
Older homes appeal to buyers for many reasons: economy, space, developed grounds and often their location in a convenient neighbourhood. It is always wise to check the following points.

1. Is modernization of kitchen and bathrooms needed?
2. Is wiring adequate?
3. Would any repair be necessary on the structure?
4. Condition of heating system.
5. Condition of roof and gutters.
6. Is the insulation adequate?

This is one of a weekly series of articles on Housemanship designed to give you helpful pointers on buying, remodeling and maintaining a house.

SPORTS

Midgets on scoring spree at Merritt

The midget hockey team travelled to Merritt on Sunday and took a 7-2 victory over that club.

Things didn't start too well for the boys when Merritt scored a goal in the first 33 seconds of play. However, the local boys

settled down and scored four times in the first period, twice in the second and once more in the final 20 minutes.

Summerland goal getters were J. Jenner with two and R. Agur; G. Bullock; B. Derosier; J. Had-drell and Dale Jenner one each. Dick Johnson and Dale Stevenson shared the goal tending job and each boy allowed one goal to be scored.

It was a very clean game with only six minor penalties being handed out, three to each team.

On Saturday the team travels to Kamloops and Joe Bullock would appreciate hearing from anyone who is willing to supply transportation.

IMPEESA IMPS

The Pack is meeting at the Youth Centre, 6:45 to 8 p.m. on Fridays. Please note that the meeting starts 15 minutes later than in past years.

We are extremely pleased that Raymond Davis has returned. He is a big help as we are very short of leaders.

The Pack strength is increasing rapidly. Five new Chums have joined: Ronny Evans, Ricky Gurnett, Alan Clark, Howard and Ken Cooper. This makes a total of eight new boys and the Pack strength is now 17. However, we will take on a few more.

The registration fees of \$2.00 for 1964-65 are slow in coming in. The fee covers membership in the Boy Scouts Association, medical insurance and a subscription to our magazine, The Canadian Boy. Please get these fees in immediately otherwise it means much more work making out extra forms if you are late.

The bottle drive on Saturday was very successful. We thank the residents of Trout Creek who gave such splendid support. The proceeds will pay our hall rent for another year. Thanks also to the Cubs who turned out on a cold day and did a very fine job.

BOWLING RESULTS

Judging from last weeks bowling results, it looks as though the Accidentals will really have to attend to business if they intend to keep first place in the A Division, as the Outcasts are now tied with them with 14 points. The Borderlines are 3 points back of the leaders. May Ramsay, with a score of 303, took the ladies high single and Doris Senger had ladies' high three total of 657. Men's high single and high three went to Ernie Harrison with 304 and 722. High team. Outcasts with 3001 points.

In B Division the Mad 5 retained their lead with 15 points, two more than the MP's. In individual scoring Bernice Carty had a high single of 258 and a high three of 577. Don Puddy took the men's high single and high three scores with 289 and 728. High team for the week was the MP's with 2572.

The Pinchoppers continued to lead C Division with 15 points, followed by the Weavers with 13. Ladies' high single game was rolled by Monie Davis with 221 and Barbara Robert took the ladies high three with 586. A score of 330 gave the men's high game to Bob MacDonald and Bill Ramsay with 844 had men's high three. High team. Keglers with 2688.

In other bowling activities, the Senior Citizens bowl every Thursday night and a Junior League started play last Saturday afternoon.

BRONCS GAIN TIE IN VERNON GAME

In an up-hill battle all the way, the Penticton-Summerland El Rancho Broncs came up with a 2-2 tie with the Vernon Blades Saturday on Vernon ice.

They trailed the Blades 1-0 in the opening period, each club scored a single in the second, with a late third period goal by Jim O'Neil giving the Broncs the tie. Dwayne Biagoni counted the first Bronc goal.

Kamloops Rockets still lead the league, and will meet the El Rancho Broncs this Friday on Penticton ice.

Naramata play here Dec. 4

The Naramata Players, sponsored by the Summerland Rotary Club, will present the 3-act comedy, *The Chiltern Hundreds*, in the secondary school auditorium on Friday, December 4 at 8 p.m.

Director Jim Onley has stepped into the lead role of Beecham, the butler who turned politician and Mr Onley is already word-perfect and at home in the part which he played elsewhere several years ago.

The role of Lord Lister, the absent-minded Earl, is being filled by another well-known actor, Austin Lamb who is also familiar with this part which he had played previously in an Oliver production.

The part of Anthony, Lord Pym, son and heir to the Lister estate, is taken by David Mitchell and Brenda Boothe is his fiancée, Bessie, the maid,

who has ideas above her station; and Lord Cleghorn, the Labor candidate in the English election, are played by Delia and Ben Wall.

The character roles of Lady Caroline and Lady Lister are filled by Diana Viero and Kitty Wilson. Less active but equally important to the plot are Clara, the duck, a large fox — lent by Les Chartrand — and too many rabbits in the herbaceous borders around Lister Castle, Marian Boyd, and drye Gilman and John Denhome are in charge of back stage arrangements.

The comedy was recently presented at Penticton to a large and enthusiastic audience.

Orchard Notes

by A. W. Watt
District Horticulturist

Summerland growers will be interested to learn that the annual convention of the Washington State Horticultural Association will be held in Yakima on December 7-9.

A featured speaker will be Dr H. B. Tukey, former head of the department of horticulture, Michigan State University. Dr. Tukey is an authority on dwarf fruit trees and has travelled widely to fruit areas throughout the world.

The pest control section of the program will feature a panel discussion on compatibility of spray materials and their toxic effects on plants. Another panel will deal with biological control of pests.

Kinsmen Korner

A very informative talk on "The Tax Business and the Production of Liquor as carried out in Canada and the rest of the World" was given to the Kinsmen Club Tuesday night by Jack Clark.

At the initiation night meeting Kinsmen Dave Smith, Roy Rusaw, Richard Toevs and Sid Flebbe were initiated into the club. The ceremony was performed by Okanagan-Mainline Zone deputy governor George Sperle of Salmon Arm.

On Sunday members of the club were out on their annual Christmas tree hunt. Some excellent trees were cut and will be offered for sale to the public. Money from the sale of these trees is used for charitable purposes.

Winners of the best costume at the Kinsmen-Kinette supper and dance were Gord and Mildred Stein. Eddie Gale was the lucky ticket holder in the Kinsmen rifle raffle.

Thursday, November 19, 1964

DIVIDEND INCREASED AGAIN THIS YEAR

Announcement of a substantial increase in the scale of dividends to be paid policyholders in 1965, the tenth in the past 12 years, was made today by Mutual Life of Canada president, K. R. MacGregor.

The dividends to be paid to ordinary policyholders in 1965 will total \$17,900,000, an increase of \$1,400,000 over the amount paid in 1964.

The interest rate paid on ac-

cumulating dividends will be increased to five per cent.

Mr. MacGregor said that the increases have been made possible by the continuing favorable trend in company surplus earnings. He said that all Mutual Life dividends go to policyholders, and that since the company confines its operations to Canada it will be Canadians who will benefit from the increases.

CORPORATION OF SUMMERLAND

Re: Zoning By-law No. 1037

PUBLIC NOTICE is hereby given that a public hearing will be held in the Municipal Office, Summerland, B.C. at 7:00 p.m. on Tuesday, December 15, 1964 on proposed By-law No. 1037 to consider the following amendments to the Zoning By-law.

1. To rezone Lot 1, District Lot 455, Plan 314, Hospital Hill, to R-3, Multi-Family Residential.

All persons whose property will be affected by such Zoning By-law may appear in person or by Attorney or by Petition. A copy of proposed By-law No. 1037 and plans may be seen at the Municipal Office.

Dated at Summerland, B.C. this 25th day of November, 1964

G. D. SMITH,
Municipal Clerk.

The Corporation of the District of SUMMERLAND

Notice of Election

Public Notice is hereby given to the Electors of the Municipality of Summerland that I require the presence of the said Electors at the Municipal Office; Summerland; B.C. on the

30th day of November, 1964

at the hour of 10 o'clock in the forenoon

For the purpose of electing persons to represent them as

Councillors

and School Trustees

The mode of nomination of candidates shall be as follows:

Candidates shall be nominated in writing by two duly qualified electors of the municipality. The nomination paper shall be delivered to the Returning Officer at any time between the date of this notice and noon of the day of nomination. The nomination paper may be in the form prescribed in the "Municipal Act" and shall state the name, residence and occupation of the person nominated in such manner as to sufficiently identify such candidate. The nomination paper shall be subscribed to by the candidate.

In the event of a poll being necessary, such poll will be opened at the

Municipal office;
Summerland; B.C.

on the

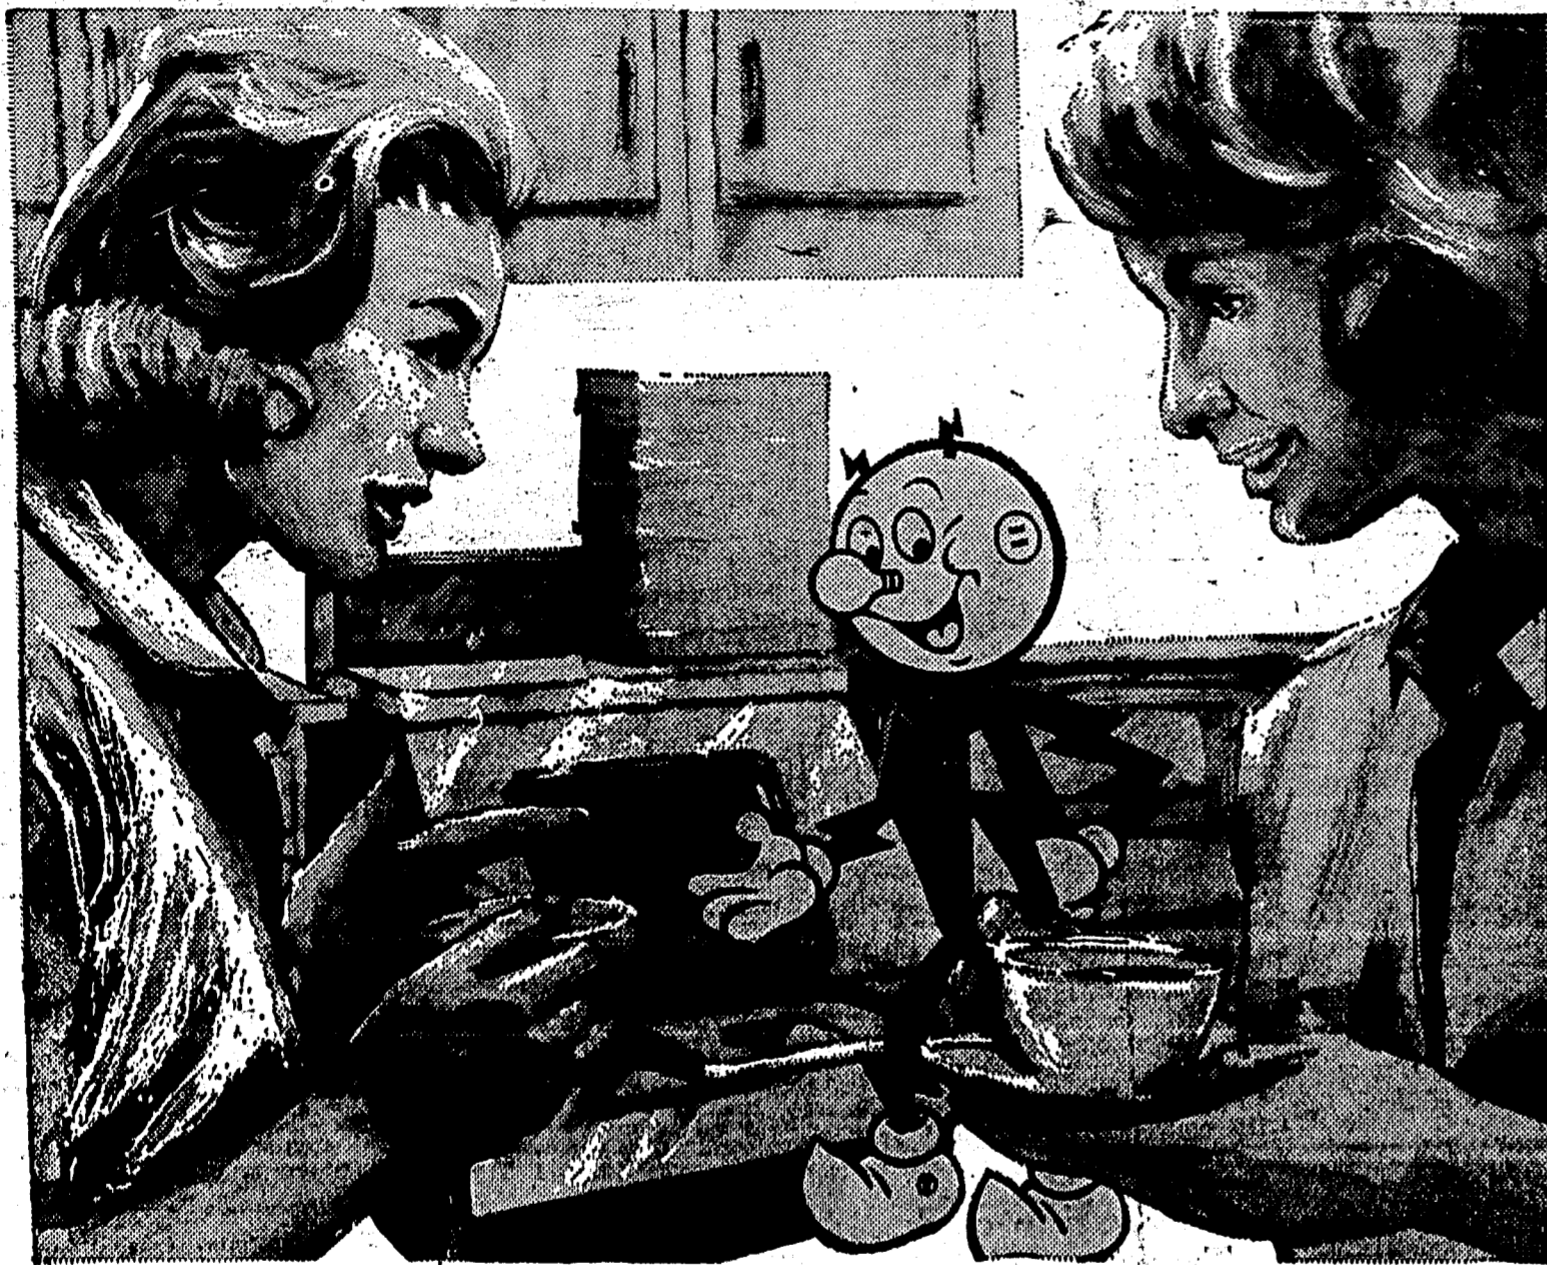

12th day of December, 1964

between the hours of 8 a.m. and 8 p.m.;

of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at Summerland, B.C., this 18th day of November, 1964.

A. F. Calder
Returning Officer.

"...and only electricity gives you flameless clothes drying..."

Gentle, even heat fluff-dries automatically — leaves your clothes soft, sweet smelling, fresh as spring time. No wonder modern homemakers are excited about Electric Clothes Dryers. Flameless Dryers are convenient, clean and economical to use.

Let Electricity take the worry and work out of your next washday — enjoy another convenience of Electric Living.
