

Intermediate section receives awards at MacDonald school

In his opening remarks, Principal John Cooke welcomed parents and special guests including former staff members of MacDonald School. With him on the platform were Mr. John Bennest, Chairman of the Board of School Trustees; Mrs. Phil Smith, President of the Ladies' Auxiliary to the local branch of the Canadian Legion; and Mr. Harry Hackman, President of the local Kiwanis Club.

Mr. John Bennest brought greetings from the School Board to the students and staff. He commended them on the varied activities within the school.

The first part of the program consisted of the presentations of sports and other special awards.

Mr. Cooke praised the students for their athletic accomplishments during the year, particularly in winning the Southern Okanagan Valley Elementary School Track Meet for the third year in a row, but, as always, he stressed that he was more pleased with the good sportsmanship which they had shown than with the win itself. He also expressed his appreciation to the members of the staff who had given many extra hours to train the competitors and to the Vice-Principal, Mr. McMurray who was in charge of the over-all organization of the meet.

He stated that while interschool sport is important, it is in the day to day inter-house games, which permit all students to participate, that the greatest opportunity for development and enjoyment lies. Again he thanked the staff members who gave extra time before and after school and during noon hours in order to make these activities possible.

Before the presentation of awards Mr. Cooke mentioned that if any individual or organization wished to donate a cup or trophy it would be greatly appreciated, as in some cases awards had to be shared.

SPORTS AWARDS
Legion Softball Cup, which is donated by the Legion Auxiliary, was presented by Mrs. Phil Smith to Bart Stevenson and Sandra Kean on behalf of the Whites.

Shield for Track and Field— to Johnny Minardi and Shirley Pruden (Reds);

Soccer Cup— to Girls: Barbara Berry and Lea Emerson (Reds); Boys: David Dunsdon

LET'S GET NEWSY . . .

Irvine Adams has received word that two of his paintings, "Winter Afternoon" and "Clinging Ice", have been purchased by the Glenbow Foundation for permanent collection.

Mr and Mrs. O.R. Fitzpatrick had the latter's mother, Mrs. Mabel Preston of North Surrey and her brother, Al Preston and daughter from North Surrey, also son Dick of Vancouver and daughter and son-in-law Mr. and Mrs. Donald Pearson of Kitimat. Wendy and Barry Fitzpatrick returned with the Pearsons to spend the month of July in Kitimat.

Summerland Secondary School staff busy this summer

While the students of Summerland Secondary School are mainly relaxing during the summer months, the teaching staff of the school is going to be busy at various in-service training workshops and summer schools.

Six of the staff of the secondary school will be marking departmental examinations in Victoria during the first few weeks in July. These are Mr. Blake Brandon, Mr. Don Puddy, Mr. Ken McInnes, Mr. Charlie Greenhough, Mr. Peter Andrew and Mr. Pat Minchin. Five other members of the staff will be attending the seven-week summer session at U. B. C. These people are Mr. Grinder, Mr. Ed Danallanko, Mr. Dave Hamilton, Mr. Fred Verigin and Miss Gwen Rea.

Mr. John Tamblin will be acting as consultant at the Team Teaching and New Technology Workshop to be held at Eric Hamber School in Vancouver for the month of July. Mr. Bob Chalmers will be attending this workshop under the auspices of School District 77 and the Okanagan Valley Teachers' Association.

Mr. Ian McCuaig will be attending a Chemistry workshop in Vancouver, Mrs. Laura Reinterson a Social Studies workshop in Vancouver, Mr. Don Puddy a Biology workshop in Kelowna and Mr. Blake Brandon a Biology workshop in Burnaby.

Mr. and Mrs. Walter Charles of Edmonton were visiting with Mr. Vern Charles over the long weekend.

Mrs. Emil Olsen of Penoka, Alberta and Mrs. Ed Scheirer spent a week at the coast with Mr. and Mrs. L. Webber and family.

Crop and tree loss deadline July 31

Growers are reminded that anyone eligible for crop loss or tree loss due to the 1964 freeze must have the appropriate forms filled out by July 31, 1966.

Forms must be turned in to District Horticulturist John Price before the end of the month.

Summerland Review — Thursday, July 7, 1966

INLAND NATURAL GAS CO. LTD. Appointment

Mr. C. V. Fitzpatrick

Mr. J. A. McMahon, President, Inland Natural Gas Co. Ltd., is pleased to announce the appointment of Mr. C. V. Fitzpatrick to the position of Sales Promotion Manager. Mr. Fitzpatrick came to Canada after graduating from O'Brien College in Dublin. He joined Inland in 1957, worked initially in both Sales and Service capacities, being promoted to Branch Manager in Nelson in 1961 and is presently the Manager of the Company's Pentiction Branch. Mr. Fitzpatrick in addition to his new position as Sales Promotion Manager, will continue as Manager, Pentiction.

The Summerland School Board requests the cooperation of the public to

PLEASE!

Summerland Review — 3

Dedication to society

School is out for another year. It will be the last for some — it will be just another step towards greater heights for some — and a few are disappointed that they did not quite make the grade and look back at the years labors with mixed feelings. Some will move out on the open road of life or continue further with their scholastic endeavours.

To those who have, for one reason or another, have decided that "books are no longer for me" should take a good, hard look and honestly — honestly mind you, ask themselves, "am I doing the right thing?"

So much has been written in an effort to have our youth take full advantage of educational facilities, it would be futile to go on with repetitious statements. We only ask that you assess the situation as it is applied to yourself — make no weak excuses and go from there.

Then there are the teachers. Too many feel they are merely an essential force in

our society that are overpaid and under-worked.

This may be true in some cases — there are those in every profession. But we all recall some exceptional teachers who gave their all — those who are responsible for much of the success you enjoy today.

They instill a desire to absorb knowledge — a desire to become a useful citizen. They radiate interest in the day to day progress of their pupils and, whether the students know it or not, they follow their progress throughout life. They are people devoted to the profession.

We don't know all the teachers in Summerland, but it has been a fortunate experience to know there are those with such dedication among us. They get little public credit or publicity, and the latter only when pay scales are negotiated — and that publicity is usually bad.

The future of our children is shaped by these people — to them we owe a great deal.

FROM OUR FILES ...

41 YEARS AGO

With this issue of the Summerland Review, Mr. W. S. O'Beirne assumes control as Editor and Manager, succeeding Mr. R. E. White publisher of the paper for nearly 15 years, who has disposed of his entire interests in the property to become publisher of the Kamloops Sentinel.

Miss Mona Winter left on Saturday for a vacation in England. Miss Winter planned sailing today on the Montrose for Devonshire. After spending a time there she will visit London and the Isle of Man.

Miss Alice Limmer came in from Victoria last Sunday with her sister and niece, Mrs. C. Chittenden and the latter's daughter

Marjorie. They are visiting their sister, Mrs. Muir Stuart for about two weeks.

Misses Grace and Zanda Garnett are expected to arrive home within the next week. They are now spending a vacation in Calgary with relatives and plan to have a short visit to Banff before returning home.

Miss Ada Clark returned to her home in West Summerland last weekend after having spent a week vacation with friends in Peachland.

Miss Dorothy Clements (Peachland) left last week for the Coast to attend Summer School. She expects to continue with the Primary room in the Central School here next term.

Maxwell McKechnie answers last call

Maxwell McKechnie passed away in the Summerland General Hospital on June 28 at the age of 61 years.

Born in Goderich County, Ontario, he resided in Summerland for the past 27 years. He served with the RCAF during World War II.

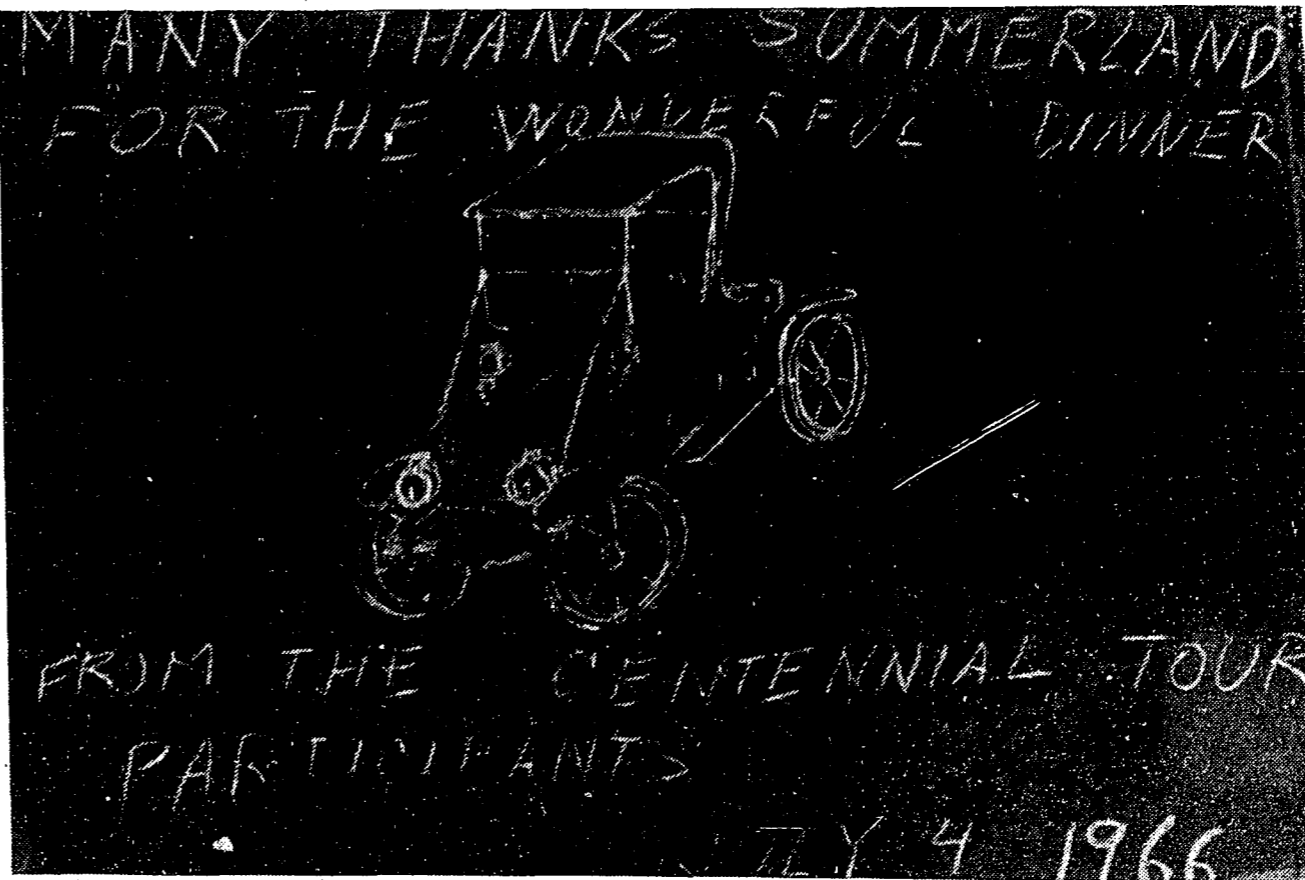

He is survived by his loving wife Lil, one daughter, Mrs. Maxine Brennan and two grandchildren all of Summerland; two sisters, Mrs. Bessie Christmas, Summerland and Mrs. Ruth Kimball, Sunburst, Montana.

Funeral services were conducted from St. Stephen's Anglican Church, Thursday, June 30 with Rev. Norman Tannar officiating. Interment in Peach Orchard Cemetery with graveside services conducted by the Royal Canadian Legion.

Wright's Funeral Home entrusted with arrangements.

LET'S GET NEWSY ...

Visitors with Mrs. V. C. Harper have been her daughter and family, Mr. and Mrs. O. I. Johnson of Trill and a friend, Mrs. C. F. Irwin of Saskatoon, Sask.

After the Centennial Tour left town, this blackboard was found in the Anglican Parish Hall Monday, expressing their thanks for Summerland hospitality. The group were very pleased with the treatment they received. The fact that it happened to be the only sunny day they had since leaving the coast didn't harm at all either.

B.C. Fruit Board bulletin deplures low prices at stands

A bulletin issued by the British Columbia Fruit Board deplures the fact that some growers have advertised in past years apples for \$1.00 a box and peaches at 99c per box.

These prices, the Fruit Board contends, are not sufficient to return even the cost of production let alone pay a grower for the extra labour involved in retailing his fruit.

They suggest that a more realistic price must be set and that all growers should have a standard price in selling to the public.

They have issued the following list for minimum prices for the sale of fruit at orchard, roadside stand and packing-house level:

SOFT FRUIT	
FOR:	per lb. p. box
Cherries	.25
Cherries (Jam)	.10
Apricots	.10 \$3.00
Peaches	.10 \$3.00
Prunes	.08 \$2.50
Plums	.12
Bartlett Pears	.10 \$3.00
"Small Pears"	\$.15

holiday overseas

Among teachers flying on the B. C. Teachers' charter flight to London this weekend will be Ray McNabb, principal of the Trout Creek School. While in Europe Mr. McNabb will tour the British Isles and visit in Athens, Greece.

LET'S GET NEWSY ...

Mr. and Mrs. Paul Laimana have returned to Hawaii after visiting Mrs. Laimana's parents Mr. and Mrs. F. R. Ganzveid of Summerland.

Credit Unions in B.C. record record growth

More than 250 delegates and visitors registered for the 37th annual convention of the B. C. Credit Union League at the Penticton Peach Bowl Convention Centre last month.

During 1965, it was reported, British Columbia credit unions expanded at a greater rate than ever before. Growth during 1965 was equal to the entire growth that was shown for the first 13 years of credit union operations in the province.

Membership in credit unions in 1965 reached the new all-time high of 256,240 — seven percent more than the 1964 total of 239,616.

Assets climbed by 17.7 percent to \$174.6 million.

Loans granted to credit union members totalled \$143.6 million—an increase of 11 percent over 1964.

Members' shares in credit unions totalled \$120.8 million; and demand deposits of credit union shareholders increased by 38 percent to \$11.8 million. Term deposits in credit unions at Dec. 31, 1965, totalled \$11.8 million, an increase of 92 percent over 1964.

Summerland resident for the past forty-five years passes

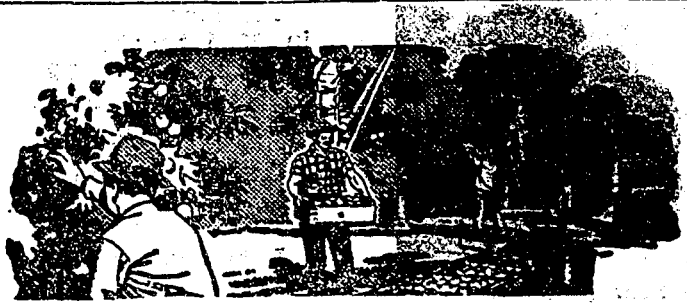

A resident of Summerland for 45 years, Mr. Ernest Archibald Nicholson passed away in the Summerland Hospital on June 27 at the age of 59 years. He was born in Yorkton, Sask.

He was employed at the Co-Op Packing House for twenty-five years.

Surviving are his beloved wife Olive and five children. Mrs. Judy Anderson of Edmonton and Harold, Robert, Donna and Marjorie at home.

Also one brother, K. A. Nicholson, Penticton; 2 sisters, Mrs. Fern Sallis, Penticton and Mrs.

Ethel Whitman, Rock Island, Quebec and one grandchild. Funeral services were conducted from the Summerland Baptist Church on June 30 with Rev. F. W. Haskins officiating. Interment in the Lakeview Cemetery, Penticton. Wright's Funeral Home were entrusted with arrangements.

ORCHARD RUN

By Wally Smith

Freight Rates Favor Wheat

One of the handicaps carried by Okanagan fruit growers is long distance from market, and consequent high freight charges to get their produce to the area where it will be used.

Eastern fruit growers have a large outlet almost at their back door, and they are also in a position to compete with us in the prairie provinces.

Okanagan growers do ship under a special freight rate, but the reduction is insignificant in comparison with low freight charges enjoyed by the wheat growers.

The Canadian wheat farmer ships his wheat to Vancouver for export at a tremendous savings over the regular freight charges, rates based upon the Crows' Nest agreement of 1898 made with the Canadian Pacific Railway. The C.N.R. must meet this competition with similar rates.

There would be loud cries of protest in Western Canada if wheat farmers had to pay the same rates on moving export wheat as do farmers just below the border in the United States.

Farmers in the Lethbridge, Alberta, district pay 1.2 cents a bushel for export wheat shipments to Vancouver. Farmers in the Shelby district of Montana state pay 40 cents a bushel for freighting grain about the same distance, to Seattle.

The charge from Havre, Montana to Seattle is 48.6 cents per bushel of wheat. From Medicine Hat to Vancouver, a com-

parable distance, costs our farmers 13.8 cents a bushel.

The Canadian rate from Regina to Vancouver is 15.6 cents a bushel. From Minot, North Dakota, to Seattle, about the same distance, the freight charge is 82 cents a bushel.

I think the original intention of the Crows' Nest agreement made 68 years ago was to compare the cost of water transportation to the eastern seaboard, and to create conditions favourable to the farming industry in the west and thus attract new immigrants to the country.

The agreement may have been a satisfactory one for all parties concerned 50 or 60 years ago, but today's economic changes have brought about a complete re-alignment of values. The rates fixed when the agreement was signed are all out of proportion today, and the railway company claims it is losing money on the deal. This is not hard to believe.

To recover some of this loss the company is closing spur lines, running fewer trains, curtailing passenger service, and cutting costs in every way possible—including holding or increasing freight rates on most other commodities.

The wheat grower is in the favorable position of having a written agreement and political weight to support him.

Fruit growers are few in number and have little or no influence with governments or railway people.

Queen Crowning on July 15th

The Summerland Royalty Committee met at the home of Mrs. Ted Atkinson on June 27 to honor Mrs. Jean Rowe whose husband has been transferred as publisher of the Swift Current Sun. Mrs. Atkinson presented Mrs. Rowe with an engraved silver spoon from the group. The Queen Crowning Ceremony will take place at the Memorial Park on Friday, July 15th at 8:30 p.m. The Summerland Rotary and Elks Clubs will sponsor. Bands start following the crownings. The queen will be crowned by the Summerland Firemen's Association. There will be booths in the park for the night. Any organization wishing to sponsor a booth or take part in any way please contact Mrs. Ted Atkinson, Phone 494-1495.

This year's Summerland Royalty Queen Rita Rusaw and Princesses Dianne Selinger and Pat Gellespie made their first public appearances at the Osoyoos Cherry Carnival July 1st.

Mr. and Mrs. Keith Haskins of Clinton who have been visiting Rev. and Mrs. F. Haskins, have gone to Nelson where Keith will attend Summer School. Mrs. Haskins and children will visit her father at Lethbridge.

Visitors with Mr. Harold Scott are Mr. and Mrs. L. A. Colpitts and son, Ross and daughter, Margaret of West Vancouver, also Valerie Davis of North Vancouver.

LET'S GET NEWSY

Visitors at the home of Mrs. May Campbell are Mr. and Mrs. Allan McCargar, Mr. and Mrs. Derek Winter and daughter Rhonda of McBride, B.C. and Miss Cherylann McCargar and Mr. Julius Toews of Clearbrook, B.C.

Mrs. Tony Guernier and two daughters of Ashcroft, have come to take up residence in the McCargar home in Prairie Valley.

Miss Kathy Barkwill and Miss Suzanne Blewett spent the weekend at the Williams Lake Stampede.

Holiday visitors at the home of Mr. and Mrs. Harry McKee were Mr. and Mrs. W. G. McKee and family of Vancouver. Summerland Review Page 4 Thursday, July 7, 1966

NEW LUCITE House Paint

Incredibly durable . . . so easy to use!

LUCITE is an entirely new house paint developed by Du Pont chemists after 25 years experience in acrylic plastics. Noticeably easy to apply, LUCITE dries to a beautiful, low-sheen finish that is far more resistant to weathering than regular linseed oil house paints. LUCITE needs no primer when repainting over firmly-adhering old paint. And no primer is required on new stucco and masonry finishes.

For moisture blistering problems, however, there is a special LUCITE system that provides an excellent solution: Remove the old paint down to bare wood, apply Du Pont Blister-Resistant Exterior Latex Primer, follow with LUCITE House Paint. Read the directions on the label for more detailed instructions.

DULUX Trim & Shutter Enamel is the perfect companion product for LUCITE House Paint. Use it for all outside wood or metal trim.

Mom Art by 'Iveen' termed an overwhelming success

(Contributed)

Those of you, who have seen Mom Art, an original by 'Iveen' (those who didn't make it will probably wish you had — how about that? We are expecting any day now to receive a letter asking us to please allow our Mom Abstract, an original by 'Iveen' go into the Cosmic Circuit and that seems appropriate to us as some of the names suggested are out of this world and some even suggested that our Mom Abstract should be.

Our panel of judges did with difficulty choose three suggested names which brought the greatest glee, but on second thought we decided to share the whole shebang with you.

Keeping in mind that 'Mom' had two sides — I hope everyone saw both of them, here are the three we thought best.

1. Pearson and Diefenbaker (ones as big a mess as the other)

Garbage Strike;
3. Who cares what it is! — Frame it.

And now for the others. Orbit, Help, Seattle Rattle, A-go-go, Yulp, Ivy League, Fantasy in-Eck, Frightful Freize, A night in the Ivy, Hang-over, the Life and Love of the Average

Okanagan Housewife, Poison Ivy, Messy Mix, How about we clean out the basement, the Answer is Art?, Yech, Grab & Paste, The Average Nut, If this is Art I'll Eat My Hat, Tomorrow Remember, Hrushish, Home Sweet Nightmare, Yesterday - Today - Tomorrow, Win Side Me, Well I'll be-Opp-7, Centen-nutty, My Sister, That all, Spring Nightmare, The Princess From Posy Dossy, Rhubarb, You've got to be kidding, Ugh, To be or not to be!

The Bees and the Petunias, Yeh-Yeh, Childs Art Gallery, Junk, Out of this World, Twentieth Century Blues, Hopeless, Calamity, Hell-a-Popping, Day horse or night mare, It's a mad mad mad world, What next, 4 Squares, Mondays Housework, Cleaning Out the Attic, Scrabble, Mad Moms Nightmare, The Greeks have a w o r d for it, Mars in the Springtime, Yech, Give it up, Who stole the honey?

Keep up the good work Iveen, I'm sure everyone will look forward to seeing more of your work.

All kidding aside everyone. Thank you for helping to make our Art Show the wonderful success that it was. We certainly enjoyed putting it on and hope that you enjoyed it

too, and we'll see you all again next year about the same time.

VISITORS AT REIDS
Mr. and Mrs. Bob Edwards and daughters, Sharon, Marjorie and son, Harvey of Vancouver, are presently visiting at the home of his sister and brother-in-law, Mr. and Mrs. Norman Reid.

Banking Bright Boys' Best Bet For The Future

"Bright, ambitious young men, looking for a career with a challenge, a satisfying salary and advancement opportunities, can find all of these things and many more in banking," Jock Johnson, manager of the Summerland branch of the Bank of Montreal said this week.

"Best evidence that anyone with intelligence and drive can really achieve distinction can be found in the rapid rise of today's top executives of the B of M," Mr. Johnson continued.

The bank's policy of promoting from within its own ranks gives every young man who enters banking today the chance of rising to a senior executive appointment. Ability is the only consideration.

Right from the start, the B of M puts young men on a training program that forms, in effect, a series of stepping-stones to the growing responsibilities and rewards that constitute success.

Variety is the keynote of this training, with every young banker spending time in as many posts as possible in the branch. Above all, the young B of M banker is encouraged to use his own abilities.

A chat with Mr. Johnson could be the introduction to a rewarding career in one of the most solidly established and respected fields of business today. Why not see him soon and ask him for a free copy of the B of M's careers booklet?

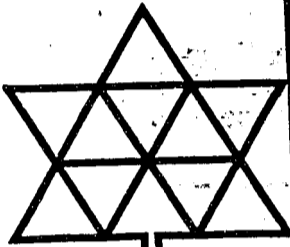

SLOW COACH TO VICTORIA from historic Barkerville in the Cariboo will travel 540 miles in two months as part of British Columbia's Centennial year celebrations. The British Columbia Centennial Stagecoach is an authentic replica of an Express coach of 100 years ago, when the crown colonies on Vancouver Island and the mainland were united. It was built by Bill Garrow of 100 Mile House. His father, Frank, an old-time carriage maker, resigned and made the upholstery. The stage-

coach is patterned after an actual coach which operated out of Barkerville in the glamorous gold rush days. It has iron leaf springs, is rust-red with tulip-yellow trim, black upholstery. The coach will be driven by its builder and Art Perrey, also of 100 Mile House, with their wives and families as passengers. Local Centennial Committees are arranging old-time receptions at frequent stops along the route.

— B.C. Centennial Committee. Photo

Centennial Report

1867 | 1967

by JOHN W. FISHER, CENTENNIAL COMMISSIONER

Before the end of this year a full-length Canadian feature film will be released to Great Britain, the United States and other countries. It is certain to encourage people to visit our country during the 1967 Centennial.

The film, called Helicopter Canada, an hour-long Panavista production for wide screens, will be shown in our own cinemas during 1967.

Helicopter Canada is the first full-length moving picture feature to be made entirely from a helicopter in-flight anywhere in the world. It is an exciting coast-to-coast color sweep of Canada — its geography, its wildlife, its people and ways of life. It is being produced by the National Film Board of Canada for and with the aid of the Centennial Commission. Peter Jones is the producer and Geo. Salverson is the script writer. The director-cameraman is Eugene "Jeep" Boyko of the National Film Board staff who had some interesting experiences filming this project across Canada from the open door of a helicopter.

Boyko was born in Saskatoon, has been a dishwasher, shipyard worker, private chauffeur in various parts of the country and he was a country-and-western singer in Saskatoon in 1937 when a broadcaster named Jack Wells tagged him with his nickname, Jeep, after a comic-strip creature.

In the 40's Boyko was a taxi driver in Vancouver when a passenger went on vacation leaving her camera in the cab. He used it to shoot a traffic accident and sold the picture to a local paper for \$5. This sent him into photography and he wound up at the National Film Board in 1941. Boyko's home, when he gets there, is in Lorraine, Quebec; he has a wife, one daughter, 10 and one son, 8.

By means of a Jeep Boyko's camera, background narration, dialogue and sound effects, the viewer in the cinema audience will be making a trip across the country, discovering Canada as though he were in that helicopter. The copter, during shooting, was able to get as close to the face of anything as its blades permitted and hovered from six to 600 feet.

Boyko spent more than a year on the filming — a good deal of the time 500 feet up in the air, crash helmet on head, hanging out the side of a French-built turbine helicopter (the Alouette). In one year he shot 98,000 feet of film and travelled from Newfoundland to Victoria. An anti-vibration mount for the camera was a French-made unit, first used in the making of the French films "The Red Balloon" and "Voyage in a Balloon". It permits a picture while hovering vibration is eliminated in this clever device.

In Toronto Boyko hovered a few feet above Nathan Phillips Square for a dynamic view of the new clam-shell city hall. He caught the Old Fort Henry wheelers, rising new buildings

stark against the prairie horizon.

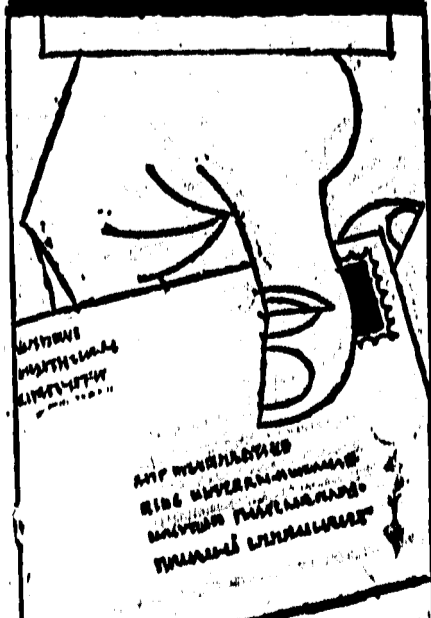

The helicopter camera shot the convoluted tubing and towers of a vast oil refinery complex at Edmonton, the delta of Saskatchewan River Valley; in Montreal the helicopter made forays around the new skyscrapers; in Saskatchewan it caught a fast-moving freight train travelling through a Prairie town, a truck leaving a high dust plume behind it, down a road to a lone elevator standing in western cities, the lush North Guard, at Kingston, doing its drill.

In Newfoundland the camera made contact with a lighthouse keeper and a ship's skipper seeking guidance into the harbor thus symbolizing the entry to Canada through her most eastern gateway.

mailing a letter?

Your envelope should have

- 1 correct postage in upper right corner
- 2 the name of person who should receive the letter
- 3 street number, street name, post office box or rural route number, A or apartment or business block and suite number
- 4 postage, based on rate shown below, in upper right corner
- 5 your name and complete address in upper left corner

A letter with the correct address is delivered right away — A letter with a wrong address takes longer on its way.

For postal information see your telephone book yellow pages

THERE'S ROOM TO GROW

One of the many advantages of living in our part of the world is the opportunity to grow.

This is where things will happen, this is where there is room to grow — upward and outward. The members of the Okanagan-Mainline Real Estate Board know this and they are growing with the area. Their job goes beyond the buying and selling of houses. They encourage people to invest here, they work with community leaders in making this an even better place to live, and they are at the root of much of the development around you. As they advise you on the purchase of a home, they also counsel industry on investing and locating in the Okanagan-Mainline area.

You can trust the people who adhere to the Code of Ethics of the Board. They're here to help you — to live and to grow.

For peace of mind, always place your property problems in the competent hands of a professional Realtor, a member of the

OKANAGAN-MAINLINE REAL ESTATE BOARD

These Summerland beauties may be in the back seat of a convertible, but they took no back seat to other Royalty in the Osyoos Cherry Carnival Parade on July 1. Thousands were lined up on the streets to view the annual parade. Miss Summerland Rita Rusaw is seen centre and Princess Dianne Selinger is on the left and Pat Gillespie right. This was their first out-of-town official visit.

NEWS FROM PEACHLAND

By **BRENDA DAVIES**
Peachland's new United Church Minister Rev. Dr. Robert Dawson Mitchell and Mrs. Mitchell arrived last week to take up residence at the Manse. Dr. Mitchell's last charge was at the Carnan United Church, Sardis, in the Fraser Valley. It is the first visit to the valley by the Mitchells and we hope they'll be very happy in their new home.

Visiting his parents over the holiday weekend was Richard Smith of Vancouver. Other visitors at the George Smith home were Sally Elliott, Lyle Shafer, Don Beetson, and Bob Shaw—all of Vancouver, and Mr. and Mrs. R. Allen and family from Carstairs, Alberta.

Visiting her daughter and her parents Mr. and Mrs. Ed Niel for a short while is Mrs. J. Rice from 100 Mile House.

Guests at the home of Mr. and Mrs. V. Cousins this weekend are Mr. and Mrs. R. Morris and family of Bridgeport, Wash. and Miss Sheila Smith from Haney.

Spending a few days with Mr. and Mrs. S. Elstone, last week was Mrs. Elstone's youngest daughter, Mrs. I. Toews of Golden.

Recent visitors at the home of Mr. and Mrs. J. E. Elhers were Mr. and Mrs. E. Lees from Salmo, B.C.

Visitors at the home of Mr. and Mrs. K. E. Elhers are the latter's sister and husband, Mr.

and Mrs. K. Rozumniak from Edmonton, also Mr. and Mrs. H. Buckowski from Edmonton and their son Nestor Buckowski from Port Alberni.

The Peachland A-Go-Go night that was to be held last Sunday at the outdoor stage had to be cancelled due to inclement weather. The show will be staged Sunday, July 10 at 8:00 pm. With extra attraction of a two-hour picture show after the concert, it is hoped that the weather will co-operate this time.

Guests at the Al Strachans over the holidays were their daughter and grandchildren — Mrs. J. Flannigan, Mitch and Kelly, Mr. and Mrs. K. Brey, Mr. R. Traub, all from Vancouver; Mr. and Mrs. B. Brennan and daughters Fay and Maureen of Victoria and Mrs. C. Flannigan and Calvin from Jedway, Queen Charlotte Islands.

Visiting Mr. and Mrs. George Swartz last weekend were Mr. and Mrs. T. Dunn from Vancouver.

Peachland Reeve and Councillors report on Victoria trip

Peachland — Reeve Thwaite and Councillor Clements have arrived back after their trip to Victoria. While there, they obtained interviews with most of the Provincial Ministers concerned, and received the following advice on Peachland's problems.

First interview of the visit was obtained with Mr. MacMurchie of the Provincial Parks branch to apply for the use of a dredge in the clean-up of Peachland's beaches. They were advised to make a formal application to the Department of Transport, Ottawa, as policy changes of this federal department were now in effect and this department now, not only keeps open navigable waters, but certain beach areas as well.

Mr. Jim Panton, director of the Provincial Recreation Program was approached on the matter of Peachland's Recreation grant being cut this year from \$300 to \$150. Facts and figures were discussed and Peachland Recreation Commission will get the usual \$300 this year.

The next interview was with Mr. Gaglardi, Highways Minister to discuss Princeton Ave. Mr. Gaglardi advised that council make an official request to the provincial government to take over this road as a second-

ary road. After receiving the request he would then be able to appoint his chief engineer to investigate.

Mr. Pearson, Solicitor-General was approached to discuss the possibility of having a special survey of the municipality. He was sympathetic to the survey problem and advised that if after the delegation saw the Surveyor General and still thought a special survey was the solution, council could make a formal application to his department.

The next interview was obtained with Mr. Andrews, Surveyor General and two of the minister's aids who were familiar with Peachland's survey problems. After a long discussion they advised that the solution for Peachland was to consider a "replotting" under Section 823 to 856 of the Municipal Act.

A detailed report of these interviews will be given at the July 13 council meeting and all residents interested are invited to attend.

Guests this week at the home of Mr. and Mrs. H. C. MacNeil are Mrs. M. Orr from Carman, Manitoba and Mrs. B. Bartley from Winnipeg, Man.

GRADUATED

Ronald Frederick Manning, son of Mr. and Mrs. T. S. Manning received his Bachelor of Education degree at U.B.C. Ronald has been on the teaching staff of the Montgomery Secondary School in Coquitlam for the past four years. He will continue to teach there this coming term.

Confederation Caravan will call here in 1967

Eight giant tractor trailer units, largest vehicles ever to use North American highways, will visit Oliver August, 24, 1967; Osoyoos, Aug. 23, Keremeos Aug. 2, and Okanagan Falls Aug. 29.

Eight giant tractor trailer units, largest vehicles ever to use North American highways, will visit Summerland, Aug. 30, 1967 and Wesbank Aug. 31.

On site in each community they will provide a "fair" covering roughly one acre.

On site in each community they will provide a "fair" covering roughly one acre.

It will be one of eight such Confederation Caravans which will criss-cross Canada during the 1967 Canadian Centennial Year, bringing colourful authentic historical displays and "re-enactments" to some 700 ci-

ties and villages, 99 of them in B.C.

The first of the specially designed and built caravans, consisting of eight 73-foot tractor trailer-units, went through five days of rigorous highway manoeuvring and on-site positioning recently in Ontario and Quebec. Leslie J. Maiden, Chief of the Confederation Train and Confederation Caravan projects for the Centennial Commission said that "all in all, the trial run was very successful. We are pleased with the performance of the equipment."

Exhibits in both the train and caravans will be based on authentic material relating to Canada's historical background and its varied cultural and technical achievements. The caravans will visit communities not served by the Confed-

eration Train.

Staying in each centre from one to eight days, the Confederation Caravans will be like a small fair. In many communities it is expected the visit of the caravan will be the major event around which local planning for Canadian Centennial celebrations will develop.

On arrival at each site the caravans will be arranged in a quadrangle. This formation will enable the public to pass through the exhibit trailers in sequence. Regional exhibits will be placed in the centre of the quadrangle as well as a small platform which will allow staging of local ceremonies and performances.

Total exhibition area to be covered by a full caravan, when in quadrangle position on a given site, will be about 40,000 square feet, almost the area of an average city block.

The caravans will be open to the public from 11:00 am. until 11:00 p.m. most days. A staff of 26 will accompany each caravan, as well as R.C.M.P. security personnel.

The tractor-trailers are unique in Canada with respect to design and capacity. Each

trailer is 50' long, 10' wide and 12½' high. They were built by Atco Industries of Calgary, Alta. The tractor units, which are 23' long, were built by Chrysler of Canada Ltd. Mech-ron Engineering of Ottawa were awarded the contract for the power units. The electronics for the caravans were designed by the Electrical and Electronics branch of the Department of Defence Production.

The first caravan is now in

Toronto where the exhibits are being installed by the Canadian Display and Exhibits Co. Ltd. It is also being painted with Centennial colors. The other seven caravans are to be delivered between now and Feb. 1, 1967.

Each caravan will be self-sufficient with its own power plant (to illuminate the displays, run the air conditioning units, etc.), its own first aid station, manager's office, workshop and storage facilities.

Growers invited to Field Day July 20

All growers are invited to a field day at the Summerland Research Station to mark 50 years of fruit research.

All growers and their families are invited for the special programme which starts at 1:00 p.m. Wednesday, July 20.

The highlight of the field day include remarks by the Acting Director and visitors from Ottawa, Victoria and Wenatchee.

A conducted tour will be held in which the following topics will be discussed: collar rot of apples, virus diseases, minor elements, BCFA leaf analysis service, malling stocks and pruning high density orchards, B-9 growth suppressant, trailer-picking and new fruit products.

Following the tour refreshments will be served on the lawns of the Research Station.

LET'S GET NEWSY

Mr. and Mrs. Robert McKay and family of North Vancouver have been guests of Mr. and Mrs. Frank Hunter.

Mr. and Mrs. Gordon Beers and family of Fairmont, Calif. are staying in their home on Beach Ave.

Dr. and Mrs. J. Hansen are on a trip to Alaska.

Dr. and Mrs. M. Mehuriuk are in Edmonton where Dr. Mehuriuk is taking a two-week course at the University.

Miss Karen Clark is home for a month's holiday from Jubilee Hospital in Victoria.

building costs when

If you plan on building on your own lot rather than buying from a builder the number of designs from which you can select are practically unlimited. This does not make the task any easier but it is perhaps more satisfying to know that the house you are going to live in was of your own selection. Plans are usually drawn on a quarter inch scale, that is, a quarter inch on the drawing equals one foot of the actual house.

It may take a little time for those looking at plans for the first time to picture the sketch as a full-size building. It often helps if paper cut-outs of your furniture, drawn on the same

designing house

quarter inch scale, are placed in the respective rooms on the drawings. This will give you a more accurate idea of the space provided in a given house design.

Keep in mind that normally the larger the house the greater the cost. A rough figure for the construction cost of a house is between 10 and 11 dollars a square foot for a bungalow, depending on the type and quality of materials involved; between eight and nine dollars per square foot of floor area for a two storey house. For a one-and-a-half storey house the cost is between nine and ten dollars, while the split level house will run a little higher.

A large gathering of residents of Peachland and district and tourists gathered at the Lakeside Stage in Peachland Sunday evening to witness the Peachland A-Go-Go show. Music was supplied by Brian Flintoff and his boys. The evening was rounded out by cartoons and a film.

Peachland Women's Institute entertain Senior Citizens

The Senior Citizens annual garden party was discussed at this week's meeting of Peachland's Women's Institute held Wednesday night at the home of Mrs. L. B. Fulks. Mrs. K. Domi was in the chair with eleven members and one guest, Mrs. Badlay of Winnipeg present. It was decided to hold this garden party at the home of Mr. and Mrs. W. Selwyn in the latter part of August, definite date to be set later. A committee to take charge of this was appointed, Mrs. J. Hinter, Mrs. L. Ayres, Mrs. H. C. MacNiell and Mrs. W. Selwyn.

A letter of thanks was read from the Fall Fair Committee thanking the W. I. for their donation to help with prizes.

An invitation was received from Molson, Wash., to attend the W. I. picnic July 9.

The secretary was instructed to send a letter of thanks to the Vernon office of the N.O. Co. for the donation of car-

tons that the W. I. are now selling, also a thank you letter to the Houston Co. for a donation of plant food. The plant food was sold to members at the meeting.

A letter received from the Centennial committee was again reviewed, after some discussion it was decided that a raffle would be the quickest

way to raise money for the Centennial at this time of the year. Mrs. L. Ayres and Mrs. W. Solwyn are to purchase a raffle prize and this will be drawn for at the regular meeting in September. Mrs. J. Hinter, Peachland's delegate to the W.I. Provincial Conference, gave a very interesting report. She told of the many worthwhile projects that the W. I. in B.C. is supporting. Mrs. Hinter also thanked the members for sending her on this visit. Mrs. Hinter answered questions from the floor and then passed around souvenirs and pictures she had brought back with her. Mrs. Domi thanked Mrs. Hinter for her informative report and a delicious lunch was served by the month hostesses.

The next meeting of the W.I. will be held in September.

LET'S GET NEWSY . . .
Mr. and Mrs. Chas. Smith of Port Coquitlam are spending this week with Mr. and Mrs. F. Schumann.

Holidaying at the summer camp of Mr. and Mrs. Ted Atkinson are Mrs. Helen Meadows and her children, David and Sharon, Mr. and Mrs. Ken Martin and their children, Kathy and Billy, all of Calgary, Alberta.

During his official visit to the Research Station at Summerland, Mr. J. D. Atkinson, Director of the Fruit Section of the Department of Scientific and Industrial Research at Auckland, New Zealand, will be the houseguest of Mr. and Mrs. F. E. Atkinson. George Strachan, former Summerlander, works with Mr. Atkinson in the field of Fruit and Vegetable Processing in Auckland.

Kitchen is important room in your new house

The kitchen more than any other room determines the buyer's choice of a particular house. This is because so much of the housewife's time is spent in the kitchen. A well-planned kitchen should be brightly lighted. It should be easily accessible from the delivery entrance at the side of the house or at the rear.

The modern kitchen is designed around the working area. Here, the stove, the sink and the refrigerator should be grouped in such a way that the kitchen work can be performed with a minimum of walking.

Because the kitchen floor will get more usage than any other part of the house except perhaps the hallway, the kitchen floor covering should be long lasting and easy to clean. Proper ventilation is important in the kitchen, not only to draw excessive heat and cooking odors, but also to prevent the accumulation of moisture and resulting condensation. A ventilator over the stove is not a luxury. Ample storage facilities should be provided for food, utensils, soaps, and cleaners, and all those useful household gadgets that make housework easier. A feature that the housewife and mother appreciates in a kitchen is to have it located where an eye can be kept on the children's play area outside.

Go-Go in P'Ind living it up

Tourists and residents gathered Sunday night at the Lakeside stage for the first live show of the season. The Peachland Jr. a Go-Go show.

Opening this entertainment were selections of Teen music by Brian Flintoff and his boys. Andria McLaughlin gave a very graceful performance of the Sleeping Beauty Ballet. The ever popular accordionist — Ricky Oakes, kept toes a tapping with his lively music. Bev Spackman danced the Hula and other dances she learned while on holiday in Hawaii last Easter and was accompanied in one number by Tony McLintock on the bongos.

A humorous skit Hillbilly House was narrated by Cindy Stuart; acting were Elaine Cousins, Shirley Stack, Sherry Stuart and Joy Spackman.

To finish up the evening's live show Brian Flintoff and his boys again played Go-Go music while Go-Go girls Bev

Spackman, Lilian Aracki, and Marina Davies chose E. McLintock, Colin McLaughlin and Pete Spackman as partners for the last dance.

MC. of the show was E. McLintock who will be seen next Saturday night when the third annual Peachland Follies will be staged with more hilarious acts than ever before.

After dark, a series of interesting films and cartoons were shown to end a very pleasant evening.

Mr. and Mrs. William Allen Roberts

Summerland parents go to Nassau to attend daughter's wedding

On Wednesday, July 6, at 5:30 p.m. the marriage of Mr. William Allen Roberts and Miss Elinor Joan Raincock was solemnized at Sacred Heart Church, Nassau. The bride, formerly of British Columbia, Canada, was given in marriage by her father Mr. Jack Raincock of Summerland, B.C.

The bride wore a floor length gown which featured an empire waistline and a slight train. The chapel length veil was secured by a lace and pearl tiar. The bride carried a bouquet of white orchids and stephanotis.

The two attendants were identically gowned in floor length gowns of peach-colored linen and wore picture hats decorated with roses and ribbon of the same colour. The maid of honour was Miss Paddy Roberts, sister of the groom, and the bridesmaid was Miss Arlene Raincock of Vancouver, B.C., sister of the bride. They both carried sprays of Talisman roses. Mr. Noel Roberts, cousin of the groom, was best man, and Mr. Andrew Albury was usher. During the signing of the register Mr. Gary Roberts, cousin of the groom, sang.

There ceremony was performed by the Rev. Andre Brisset who flew to Nassau from Andros for the occasion. The reception was held at the Montagu Beach Hotel. Receiving the guests were Mr. and Mrs. Jack Raincock, the bride's parents, and Mr. Allan L. Roberts, father of the groom. Mrs. Raincock wore an ensemble of beige lace with beige accessories, complimented by an orchid corsage. The bride's young brother, Master Michael Raincock, presided over the guest book. The beautifully-decorated three-tiered wedding cake was prepared by Mr. Anthony Dolan of the Montagu Beach Hotel.

Kiwanis to furnish hospital room

Mr. Harry Hackman, President of the Summerland Kiwanis Club said Monday, it is their intention to furnish one room at the new Summerland General Hospital.

The new institution was dedicated by Rev. Norman Tanner, and Reeve Norman Holmes turned the first sod during a ceremony Sunday afternoon.

Priority for Princeton Ave. paving

Reeve Thwaite reported to the regular meeting of the Peachland Council, on his visit to Victoria and read the letter received from Highways Minister Gaglardi stating the problems of Princeton Ave. are now being studied. Paving of Princeton was discussed and Reeve and Councillor Clements will seek an appointment with Mr. Freebourne in Kelowna, this week asking for a bid on this paving, otherwise they will use the \$4,000 grant from Victoria to have this paving done by a Contractor.

Councillor Clements stated that Princeton Ave. is now open to Merritt and even more traffic than ever can be expected. Councillor Sidebotham queried the spending of this grant at this time, and was informed that though we can hold off till next winter, it can be spent right now and this is when it is needed. Councillor Sidebotham also reported that a request by parents living on the Trepanier Bench for a school bus to go up the hill had been turned down until upper Trepanier roads are in better condition. Councillor Clements stated he knew those roads are in need of repairs but that aid should also be sought on this.

The Reeve has received word from Hirtle and Sparks that the Winton survey is now completed and a survey on Princeton needs only paper work to complete it. On the matter of beach clean-up Reeve Thwaite said the dredge has been applied for from Ottawa as he was advised in Victoria of this move. Councillor Clements reported that a 30-inch pipe has been used for a culvert at Dry Creek on the Trepanier Bench Road. Patching of bad spots will start

The inspection chamber and man-hole over the domestic water valve was discussed. As committee members had located most material needed, the clerk was instructed to contact G. Smith and have the job attended to soon. A Centennial Committee request for permission to have mural paintings on the concrete retaining wall south of town was discussed. Approval was given, and \$50 was allocated for paint.

A report on pumps not working properly on the domestic water system, was made by the Reeve and Councillor Beeth, who were authorized to spend up to \$250 to repair the equipment.

Councillor Sidebotham reported, he has ordered samples of chairs for the Municipal Hall and hopes to have them by the next meeting.

Subdivision plans submitted by H. Lingor were studied. The plans call for division of this property into three, with the access road to go in behind his present home. Councillors Elstone and Sidebotham were appointed to investigate and report back to council.

A letter and plans were received from R. Campitelli asking advice on the subdivision of his newly acquired property between Lippset and Bulea Ave. The clerk was instructed to send a letter and make an appointment for Councillor Elstone to view the property with the owner, and advise him as

to municipal requirements on subdivisions. Councillor Beet who is in charge of the domestic water department reported on a visit from Mr. Cain of the Dept. of Health, Victoria. One of Mr. Cain's recommendations was that the chlorine be introduced from the far side of the pump, not the present intake and that any help needed can be obtained from either him, or Summerland on municipal water problems.

After some discussion on the buying of an auxiliary grader blade, from E. A. Baptist, council authorized the purchase for \$60.

The mailing of the 1961 annual financial statements was discussed and was decided that these will not be mailed out to all ratepayers this year but will be available on request at the Municipal office.

A license application for water storage on Glen Lake was referred to council — who did not object.

Councillor Elstone reported that poison ivy is again showing up on the beach so weed killer will be used again, but it was suggested that the Experimental Farm in Summerland be contacted for advice.

A letter from the secretary of the Peachland Fall Fair Committee stated that as a result of a blitz and a donation from Teen Town they have the sum of \$176.85 for chairs in the Athletic Hall.

Council voted to match this total.

SYNDICATED
Mr. Stenner, author of 'Teen Pulse' column, will continue to write for the REVIEW immediately following the summer weeks. 'Teen Pulse', first to start in the REVIEW, will shortly appear in a number of weekly and daily newspapers in Canada and the United States. Plans to syndicate 'Teen Pulse' are now underway. The Stenners regret that they must leave Summerland. They wish to especially thank the youth group, 'Christian Olympic Youth', and to the School Board and Municipality of Summerland for their co-operation and assistance in community directed areas.

Stenner's will leave for U.S. shortly

Rev. Gordon Stenner and family are moving to the United States where he will become an associate minister of a most unique church. Having begun in a club house some four years ago with 14 adherents, their Lynnwood Free Methodist Church has grown in size to almost 800 constituents, requiring three separate morning worship services in almost a new premises. Mr. Stenner will be associated with the Rev. George Delamar, well-known throughout North American church circles as the author of the book 'GO!', revolutionary New Testament manual geared for twentieth century needs.

Summerland Review Page 4

CENTENNIAL REPORT

I wish the Centennial Commission could buy a ticket and the travel fare for every person in Canada to see Expo 67 next year. But I just don't have the budget to do that.

Millions of Canadians won't see Expo but most of those who can't make it to Montreal will be able to see some Centennial spectacular in the nearest city. Canada's leading events are shared by all parts of the country. It could be a performance of the Canadian Armed Forces Tattoo, one of the largest spectacles of its kind ever to be presented in North America. It could be the touring Centennial air show with thrilling flying by the Forces' formation aerobatic team of pilots specially picked for the 1967 celebrations.

Those living on or near the coasts and waterways will be able to see impressive naval assemblies on the majestic ships of Canada's forces and the navies of a number of other countries.

In major cities there will be dazzling performances on stage by top artists from Canada and abroad. There will be art shows and there will be sporting events such as the Pan American games at Winnipeg and the winter games in Quebec.

Proposed international events in Canada next year include: a balloon race across the prairies; world snowshoe championship meet and international ski jumping competitions near Ottawa; an international airshow at Abbotsford, B.C.; international motorcycle races near Toronto; world hydroplane championship races at Valleyfield, P.Q.; and a water skiing world championship meet at Sherbrooke, P. Q., to mention a few.

The point I make is that no one who can't afford that trip to Montreal should be disappointed about Centennial Year. In the realm of spectacular events there will be something to see in every major Canadian city.

The small towns as well, with visits by the touring Centennial Caravans carrying fascinating exhibits of Canadiana and their own community Centennial events, will be gay attractions during 1967.

For those unable to leave their own homes — even shut-ins — the year 1967 will be a special one. With our coast to coast radio and television communications of today all will be able to witness or listen to the great sporting events, see or hear Centennial performers, follow the 4,000 mile canoe race — in fact, they will be able to enjoy many of the events I mentioned above by electronic means. The Canadian Broadcasting Corporation has great plans for Centennial coverage and so have the magazines and newspapers of Canada.

tended to be top quality . . . or is the buyer asked to pay top price.

But the purchaser should know what he's buying, and he should be able to determine the quality without having to root down to the bottom layer.

Roadside sales in the Okanagan Valley are too important a source of cash income to allow the valley's reputation to be tarnished.

Reasonably good produce, fairly priced and fairly displayed, will return a good profit to the hundreds of stand operators and farmers who supplement their income in this manner. There is no need to fleece the customer.

Let us hope that the very few who may be inclined to deceive the buying public will consider the long-range effect. To-day's buyer of fruit may well be a regular customer for many years to come.

Roadside Robbers aren't welcome

Fruit stand operators and growers who foist off inferior and camouflaged fruit to our visitors will be doing our valley a serious injustice . . . and eventual loss of income to themselves.

Fortunately, most of the people in our area who sell fruit and vegetables direct to tourists give good value for the dollar they receive. Their produce is of reasonably farm quality, honestly packaged to represent a true picture of the quality, and priced fairly to give both good value to the buyer and a decent return to the seller.

Unfortunately, there are a few instances where this is not the case. The age-old trick of placing top quality fruit on top to view, and inferior quality culls at the bottom of the package or box, is a practice which no honest or sensible seller would consider.

Fruit and vegetables sold from stands and direct from farms is not necessarily in-

Not a good year for communism

Problems facing world communism continue to grow in number and, in some cases, in size as well. From setbacks in Italy to purges in China, from the food shortages in Russia to battlefield defeats in Vietnam, the Communist movement has found 1966 anything but a satisfactory year so far. It is by no means overoptimistic to say that, on balance, this year has been one of slip-slide rather than of progress in Marxism. Evidence of this can be seen in the following circumstances.

- The sensational and unprecedented changes which President Tito is now forcing through in Yugoslavia bespeak Belgrade's growing conviction that communism, as presently constituted, cannot successfully compete in the modern world.

- The spreading revolt within the Warsaw Pact community and led by Romania foreshadows greater and greater difficulty for Moscow in its efforts to control and direct the destinies of the other Eastern European Communist nations.

- Russia's continuing need to spend hundreds of millions of dollars buying grain from the capitalist world is open admission that the Kremlin cannot foresee the day when the Soviet Union, the world's largest country, can grow enough food for its by no means excessive population.

- The definite inability of the Communists to win a military victory in Vietnam, plus the continuing refusal of either Moscow or Peking to lend Hanoi massive military help brings the Communist world face to face with the possibility of a major loss in prestige.

- The ferocity of Communist China's

present purge and the ridiculousness of many of the charges being leveled against old-time Marxists not only underline the brutality of the Communist system but also lend credence to reports that Peking is desperately seeking scapegoats for massive failures abroad and disappointing shortfalls at home.

- The widespread setbacks suffered by the Communist Party in the recent Italian municipal elections (whereas in many cases gains had been looked for) is further indication of what has long been suspected: Communism has lost a lot of steam in Western Europe.

Against these setbacks can be set very few compensating victories. Although it is true that the world spotlight played briefly on Moscow during French President de Galle's visit there last month, it is also true that some ways have suggested that it was the French President who was exploiting Moscow and not vice versa. While Russia scored a heavy diplomatic victory at the Tashkent conference between India and Pakistan in early January, there have been few such victories since. Indeed, the worldwide disapproval at the harsh sentences recently given Soviet writers Daniel and Sin-yavsky have tended to destroy part of the goodwill which Russia had won at Tashkent.

At many points communism remains strong. At many other it remains dangerous. At still others it continues active. But there have been few, if any, postwar years during which communism has faced bigger problems than in 1966.

—The Christian Science Monitor

Summerland Review sponsors free Vancouver weekend

For the second year, the Summerland Review is sponsoring another free trip for two to Vancouver.

It was won last year by Dr. and Mrs. Dave McMullen of Summerland.

To become eligible to participate in a draw to be held late in August, you must purchase a subscription to the Review for at least one year. New subscriptions as well as renewals may take part.

The two lucky winners will fly via Canadian Pacific Airlines to Vancouver, and they will stay at the Sands Motor

Hotel on English Bay for a weekend of their choice. They will also enjoy steaks at Hy's Steak House at the Sands, and other meals will be enjoyed at the hotel restaurant.

Complimentary papers are also being given to tourists again this year.

Each week papers are delivered to the motels and to tent and trailer camps in the area. Total press run at the present time runs to 2400.

Summerland and Peachland is being blanketed with papers as well during our subscription campaign.

WEST KOOTENAY POWER

AIR FREIGHT 'TEST RUN' FOR B.C. CHERRIES

The first shipment of B.C. cherries to be airlifted to overseas markets was loaded on a 45-foot trailer for the first leg of the journey overland to Montreal airport. The boxes are stacked eleven high in the refrigerated trailer which has a special refrigeration unit to maintain the cherries at peak of perfection. The shipment have left Montreal airport Tuesday (July 19) en route for London, England, and Stockholm.

Sweden. The cherries arrived at their eventual destinations Wednesday, four days after initial loading at Kelowna. Eric W. Moore, General Manager of B.C. Tree Fruits Limited, says the 10,000 pound shipment is, "an exploratory 'test run' for us to base future marketing decisions on the feasibility of air freight for distance markets."

Cherries off to European market

The first shipment of B.C. cherries to be flown to offshore markets left here at the weekend. The cherries, destined for London, England, and Stockholm, Sweden, will travel across Canada by refrigerated truck trailer and be flown to their final destinations from Montreal.

Eric W. Moore, General Manager, B.C. Tree Fruits Limited, said, "geographically, we are virtually isolated from our world markets, and the shipment will serve as a 'test run' for us to base future marketing decisions on the feasibility of air freight for distant markets." He said the total travel time from Kelowna would be four days, and conceivably B.C. cherries could be shipped from the growing area to the consumer's table in world markets in less than one week.

The initial shipment of B.C.'s first airborne cherries was ap-

proximately 10,000 pounds, and travelled by road to Montreal in a 45 foot trailer with a special \$6,000 refrigeration unit, to maintain freshness and firmness. The shipment left Montreal by air, Tuesday, July 19. Commenting on the disposition of the 1966 cherry crop to date, Mr. Moore said, "our shipments at the end of last week stood at 114,675 boxes (20 pounds) compared with 112,588 boxes in 1964."

He said 1965 figures could not be used for a comparison as the total crop was abnormally low due to frost damage.

Let's Get Newsy

Recent guests of Mrs. F. A. Walden were her son and daughter-in-law, Mr. and Mrs. Frank Walden of West Vancouver.

Miss Anne Powell was home from Radium Hot Springs to spend the weekend with her parents, Mr. and Mrs. W. B. Powell.

Howard Morgan of Kelowna visited his mother, Mrs. Granville Morgan recently.

Mr. and Mrs. Ross Wilkinson and daughter, Laurie of Sarnia, Ont. visited Mr. and Mrs. Frank Hunter last week.

Mr. and Mrs. E. D. Nesbitt of Kamloops visited Mrs. Nesbitt's mother, Mrs. T. A. Walden last week. Eight friends from Yorkton, Sask. also stopped for a visit with Mrs. Walden.

Mr. and Mrs. B. Coxe, Valery and Barry have returned from a trip to the States and Alberta.

Mr. and Mrs. Michael Kitson of Grantham's Landing spent the weekend with his cousins, Mr. and Mrs. John Kitson.

Mr. and Mrs. J. F. Mason are here from Wales visiting their son and daughter-in-law, Dr. and Mrs. Jack Mason.

Dr. and Mrs. J. M. McArthur have returned from Victoria where they attended the wedding of their son, Murray.

Mr. and Mrs. Don Orr and Elizabeth are holidaying in the Gulf Islands.

Harry Wamsley of Invermere is visiting his mother, Mrs. C. M. Wamsley and his aunts, Misses Muriel and Violet Banks.

Miss M. Moorman of Edmonton is visiting her sister, Mrs. Bert Roseborough and Mr. Roseborough.

Rev. and Mrs. Charles Richmond are staying at their summer home at Peach Orchard.

Miss Mary and Miss Patricia Drake are here from Vancouver visiting their grandmother, Mrs. O. M. Wamsley and their aunts, the Misses Banks.

Mr. and Mrs. W. Crawford have sold their store at Trout Creek.

The Charles Dodwell family of Vancouver have returned to their home after spending two weeks at their cottage at Crescent Beach.

Mrs. Christine Agar of Los Angeles is visiting relatives and friends at Summerland and Penticton.

Mrs. A. D. Cameron of Brisbane, Queensland is visiting

her nephew, Don Agar and family. Mrs. Cameron is on her way home from a visit in Scotland.

Mr. and Mrs. Myles Dodwell of Calgary are holidaying at Crescent Beach.

Mr. and Mrs. Harry Whittcutt of Edmonds, Wash. have been visiting Mr. and Mrs. Harold Scott.

Visiting Mr and Mrs J. Schon are her sisters, Mrs. C. Brambrick, Tids, Alberta and Mrs. Mary Grant, Fort MacLeod, Alberta.

Chas. Barr, his wife and family, of Broadview, Sask., are visiting his parents, Mr. and Mrs. H. Barr, also Capt. Geo. Barr, his wife and family on their way to Winnipeg where he will be stationed.

Guests of Rev. and Mrs. Frank Haskins are their son, Rev. Bruce Haskins, his wife and family of Saskatchewan, for ten days.

Mr. and Mrs. Gordon Leonard of Vancouver visited with Mrs. R. Opley last week for a few days.

Mr. and Mrs. Jack Raincock and Michael returned last week from Nassau, Bahamas where they attended the wedding of their daughter, Elinor and Mr. Wm. Roberts, Nassau.

Mr. and Mrs. G. McNichol of Calgary and Mr. Art Kominsko of Castor, Alta. visited Mr. and Mrs. Wm. Engel for a few days recently.

Visiting last week with Mr. and Mrs. Wm. Engel were Mr. and Mrs. Peter Schollenberg of Port Couillard, and Mr. and Mrs. Harold Wolter and family of Vancouver.

Returning home this week after visiting Mr. and Mrs. Wm. Engel were, Mrs. Bertha Trouter of Regina, Mr. and Mrs. Ralph Loughheed of Benalto, Alta., Mr. and Mrs. R. Hubick, Edmonton and Mrs. Rosa Weher of Regina.

Mrs. Bud Green and boys return home today after having two weeks holiday in the Kootenays and Moyn Lake.

Miss Margaret Colter of Sedalia, Alta., visited with Mr. and Mrs. A. D. Glenn last week.

Mr. R. J. McDougall of Vancouver was a guest of Mr. and Mrs. J. P. Long.

Miss D'Arcy Cornwall of Vancouver is visiting her grandparents Mr. and Mrs. J.P. Long.

Mr. and Mrs. Ralph Taylor mark Fiftieth Wedding Anniversary

On Tuesday, July 19th Mr. and Mrs. Ralph Taylor celebrated their Golden wedding anniversary. Mr. Taylor was born in Saskatchewan and Mrs. Taylor in Ontario. They met in Fort Langley where both their families were pioneer residents. Mr. Taylor went back to Gainsborough, Sask. to farm and in 1916 his wife, then Ruby Coultree, went there to marry him. They had spent all their married life there until moving to Summerland in the spring of 1964.

Mr. and Mrs. Taylor have a family of 5; Bert of Mile 456 Alaska Highway, Gordon and Bob of Gainsborough and Hugh of Saskatoon; also one daughter, Jean Benan, Gainsborough. There are 19 grandchildren and one great-grandchild.

Here to celebrate the wedding is their daughter and son-in-law Mr and Mrs. Benan and Mr. Taylor's brother and sister-in-law Mr. and Mrs. Ken Taylor also of Gainsborough. Mrs. Taylor expected 2 sisters from Ladner and Vancouver to be here also.

Mr. and Mrs. Taylor are enjoying good health and a quite active in community affairs.

Family reunion at supper club

A family reunion was held on July 12 at the Cave Supper Club, featuring Mitzi Gaynor. Those of the family in attendance were Mr. and Mrs. Ron Robert, Mr. and Mrs. Roland Robert Jr. of Vancouver, Mr. and Mrs. Roland Robert Sr. of Red Deer and Mr. and Mrs. Bernie Robert of Summerland. Those unable to attend were Tom and family of Edmonton; Georgeette and family of Cold Lake, Alta.; and Janet and family.

INDIAN POPULATION

Canada's Indians are becoming more conscious of the importance of education to their future. In 1964, the Indian school population rose to 55,475, an increase of 4,926 over the previous year and double that of a decade earlier. Over 22,000, or more than 40 p.c. of the total Indian, school population attended non-Indian schools.

Shrine PNE Circus gets super rating

In this year of superlatives, only a Super-Circus would be good enough for the 1966 Pacific National Exhibition.

And this year's Shrine-PNE Circus, to be presented in the Forum August 26 through September 5, is the most super circus of them all.

All the excitement and exhilaration of the expected circus acts will be there — along with much, much more.

Acts never before seen in the Pacific Northwest will be featured — such as Beauty and The Beasts, in which a dazzling damsel does death-defying feats with the wildest animals of jungle and plain.

ATTRACTED BY FARMS

The rich agricultural lands of Canada have attracted thousands of immigrants. Between 1950 and 1964 reports were received by the Department of Citizenship and Immigration of the purchase by newcomers of 8,427 farms valued at \$123,136, 132. The majority of purchases — 5,450 — were made by Netherlanders.

This is a Centennial project for the Society to encourage the painting of old buildings within the Okanagan-Similkameen area. The object of the contest is to create public interest in these buildings and record them in pictures for posterity.

The contest is only open to amateurs and may be oil, water colour, pastel or whatever the artist chooses. They will be judged on their artistic merit. The historical interest of the picture will add to its value in any final decision.

All pictures will remain with the Okanagan Historical Society for a year for the purpose of exhibition in various Valley centres.

Entries from the Penticton - Summerland area are to be turned in to the branch president Mr. Victor Wilson, Naramata, or to the north they may go to Nigel R. C. Pooley of Kelowna. More information in

ORCHARD RUN

By Wally Smith

The Birds

It's quiet along our creek this year — quiet in the sense there is no war on against marauding beavers as there has been in some other, more troublesome years. There is no crash of falling trees, no warning slap of beaver tail on the water.

Of course there is a variety of noises coming from the birds — domestic ducks and geese, the songbirds that inhabit the bushland along the creek bank, the rattat-tat of the woodpecker, the screech of the kingfisher and the chattering of blackbirds that feast off my cherry trees nearby, and the periodic boom of the bird scarer in a neighboring orchard.

It's nice to hear this chorus of bird voices. But the beavers, thank goodness, are not in the neighborhood this year, and so my fruit trees are not menaced by the sharp chisel teeth of this web footed rodent.

Too many birds can be a menace too, but bird damage has never been such a serious problem as beaver damage.

Birds will eat some of the fruit off a tree — perhaps alot of it — but a pair of beavers will cut that tree down in one night's work.

Birds seem to be fairly plentiful this summer but some species such as the bluebird have been missing for several years.

The orchard is a dangerous place to raise a feathered family, but how is a bird to know man will come along with a diabolical machine and blast the trees with a poisonous fog?

How any nestling survive such an attack I'll never know, but some of them actually do.

Kingbirds nest in my pear and apple trees every year, and any intruders, human or feathered, beware of coming too close.

I usually find one or two humminbird nests built in an apple tree and about six feet above the ground on a sturdy limb. The nest is so small and so neatly molded it almost seems a part of the tree.

Before they are ready to fly the two occupants outgrow their quarters and bulge over

the sides of the nest.

Poorest nest builder is the mourning dove. Maybe that's why he cries so mournfully — he just can't get the hang of this nest-building business. A few small sticks and bits of coarse, dry grass or weed stalks gathered together in a flat, shapeless effort — and that's where your mourning dove raises a family. There isn't much to keep the youngsters from falling out; perhaps some of them do take a tumble.

One of our most interesting birds is the quail. They find good shelter in our bush land and, during a winter of deep snow, will come and eat grain placed close to the house.

Pheasants are now few in number. Yesterday while mowing in the orchard a hen pheasant was scurrying about as though to lure me away from her young brood. I wish she would keep her family away from the traffic.

Housing project should meet your requirements

When shopping for a home in a builder's project you will also be choosing a neighbourhood. It is important therefore that the project as well as the house you are planning to live in should meet certain standards of excellence. A builder can put up a good project on a site that does not offer too many advantages to begin with. On the other hand, excellent building sites have been downgraded by poorly designed housing projects. There are a number of key factors that determine a good project.

Streets should be laid out so as to discourage through traffic or speeding. However, they should not be so twisting and tortuous as to make it difficult to locate a particular street or address. A project with hydro poles at the rear of the buildings is more attractive than one with unsightly poles and wires strung along the street in front of the homes. Underground wiring, where this is feasible, gives a housing project a still dressier look.

Summer skaters to perform

The Summerland Summer Skating School is presenting "Concert on Ice" Friday, July 22 at 7:30 p.m. in the Summerland Arena. The public is invited to attend. There will be no charge to see this performance.

The Summer School has been operating during the past six summers, under the instruction of Mrs Dolores Troyer.

This year the school has attracted some 43 skaters from Claresholm, Peace River, Williams Lake, Kamloops, Pentiction and Summerland. There have been skaters from Seattle taking instruction here this year also.

About eight hours of instruction is offered a day, with the average skater receiving 3 to 4 hours. But some put in many more than four hours a day.

S'land paintings on display

The Summerland Art and Craft Club has had 25 paintings on exhibit at the Pentiction Community Arts Centre for the past three weeks. During this time the paintings have received many favorable comments from viewers.

They were exhibited through the invitation of the Pentiction Art Club.

"Charley's Aunt" second production of Pentiction Summer Theatre

That famous harum-scarum aunt of Charley's the one from Brazil where the nuts come from, will be kicking up "her" heels to the delight of Pentiction audiences when Brandon Thomas's Katzenjammer comedy called "Charley's Aunt" opens at the Pentiction Summer Theatre Monday, July 25th for a 12-performance run.

The complications which result from a young man masquerading as a maiden aunt have been written and rewritten in countless plots since the first opening of "Charley's Aunt" even before the turn of the century. The original, however, retains a freshness and spontaneity which defies imitation, and explains why it has been the most popular farce comedy in the English language for 60 years.

First performed in London in 1892, "Charley's Aunt" ran there continuously for four years, chalking up a run of 1,466 performances. It has been perennially played both here and abroad ever since, and at one time there were as many as 40 professional touring companies playing it throughout the world. As recently as 1940 Jose Ferrera revived the farce in New York and turned it into one of the biggest hits of that theatrical season. More recently, the Ray Bolger musical version called "Where's Charley?" ran for nearly two years on Broadway, beginning in 1948, before embarking on a sensationally successful nationwide tour. There's seemingly no end to the appeal of "Charley's Aunt".

In the current presentation, Johnny Sparks will be seen as Lord Fancourt Babberly, or just plain "Babbs", the Oxonian

Peachland Follies draws large crowd to Centennial stage

By BRENDA DAVIES
PEACHLAND—A large crowd of visitors and residents of the district attended Saturday night's show of the third annual Peachland Follies, which was held this year on the new Centennial lakeside stage. Acts taking part this year were not just local talent but included persons and groups from Calgary, Vancouver, Winnipeg and other parts of the valley.

Reeve Thwaite welcomed the audience. The well known summer visitor E. MacLintock was, as he has been for the last three years, the shows very popular M.C.

Starting the show were Go-Go girls Lillian Araki and Marina Davies, other dances were performed by Andria MacLaughlin, the ballet, and Bev Spackman, the Tahitian. A novelty Spanish number was staged by Ellen and ePete Spackman which was both colorful and lively.

Soloists for the evening were David Amor who entertained with piano selections both light classics and jazz, and a Vancouver visitor staying at Trepanier Bay, who blew a smooth sweet trombone.

The Bren - Mack Muckers led by Colin MacLaughlan sang popular old-time numbers, with two members of the group presenting a take-off on Rex Harrison's "Why don't the English teach their children how to

speak." A parody on "This Hour Has Seven Days" or "This Centennial Has Seven Plays" was given by the Peachland Players, with Jean Coldham as the reclining Gerda Munsinger. Ernie Smith, magician extraordinary with E. (Slim) Chisholm as his helper, performed feats of magic. Barry and Gramme Todd were cute in a novelty act as Tent Town Toppers.

Impersonation of radio and TV. favorite Mrs. Miller, by Pete Spackman with his rendition of "Downtown", had the audience in laughter, as did the encore, Gracie Fields ever-popular "I took my harp to a party".

Askit Hossa the bull fighter by Bob Krager and Emmanuel Hagel kept the crowd laughing as did Go Go girls old and new Slim and Birdie Chisholm, Jessie Swartz and an unknown Indian who held a scalping party in the act. Go Go girls Bev Spackman and Brenda Wentworth dancing showed how it's done.

Ted Beet's combo entertained and for the finale all performers gathered on stage to sing "Now is the Hour" to end a successful show.

Pete Spackman and E. MacLintock organizers of this annual affair thanked all who worked so hard, to make this show the best yet. Special thanks are due C. H. Inglis who loaned his P.A. equipment and also operated it efficiently.

Jennifer and Linda Sanderson of Peachland taken after swimming across Lake Okanagan.

Peachland sisters swim across Okanagan Lake Sunday

Peachland teenagers swam the Okanagan Lake on Sunday morning, July 24th. The sisters, Jennifer and Linda Sanderson, were accompanied by a boat with their father, J. G. Sanderson and an aunt, Mrs. O. Williamson of Edmonton.

Entering the water in front of Fulks store the completed their swim two hours and 15 minutes later, one mile north of the island.

Jennifer, who is eighteen, is the local swim instructor and Linda who is thirteen is working for her senior Red Cross swim badge this year. It is the first attempt at a long distance swim for both the girls. Congratulations, girls.

Catch of fish brought out from Penask Lake. A party of nine caught their limit for each of the days they were fishing.

Farm labour supply 'balanced' throughout Okanagan area

The Farm Labour situation in the following areas as of July 25th in the Okanagan is generally satisfactory throughout the valley, according to the Regional Co-ordinator of farm labour activities.

General situation: Cooler

A Cool Film Story

Did you know that high temperatures can adversely affect you color film? Your camera should be kept as cool as possible and should be carried on the floor of the car rather than on the rear parcel or in the dash compartment. Conditions of storage before the film is sold can affect the results. Manufacturers recommend that colour films be stored below 55 degrees. Why not buy your next colour film from Killick Photography, Summerland, where all color films are stored cool.

than normal weather conditions are delaying the apricot harvest in all areas — also slowing the ripening of the peach crop.

Karameos: Apricot harvest well underway — slow ripening labour supply and demand balanced — Adequate supply of help in the area.

Osoyoos: Thinning almost finished — Apricot harvest will be complete in about ten days. Adequate supply of pickers in the area for the present.

Oliver: No demand for thinners — Ample supply of pickers for apricot harvest — Onion harvest underway — Balanced labour supply and demand.

Penticton: Some calls for fully experienced thinners — Apricot picking now general — a few pickers needed but must be local residents as all orchard accommodation filled.

Summerland: Thinning now complete — Apricot harvest underway — sufficient help in the area for the present.

Kelowna: Cherry harvest almost finished — Possibly start apricot harvest next week — Few experienced apple thinners required — Supply and demand all other agricultural occupations balanced.

Rutland and Winfield: Same as Kelowna.

Another prize offered for Peachland Fall Fair

by Brenda Davies

Peachland's Community Fall Fair Committee met on Wednesday, July 20th. Another special prize of \$5.00 for the best plate of five tomatoes Peachland grown has been offered by an anonymous donor.

Mr. J. Hinter chairman of the Fall Fair Committee reported on council's offer to match dollar for dollar the money raised by the committee for new chairs for the Athletic Hall. Style and cost of the chairs was discussed. Mr. Hinter will attend the next council meeting when samples of chairs are expected to be on view.

The secretary was instructed to write letters of thanks to both Teen Town for their donation to the chair fund and to the W. I for their help with the

prize fund. After discussion, it was decided that the last year's judges be contacted and a report be given at the next meeting.

A list of merchants and businesses who donated to the Fair last year was discussed and a few more possible prospects be added. The secretary was instructed to write all on the list as soon as possible.

The next meeting of the committee will be held Wednesday August 17th at 8 p.m. in the Municipal Hall.

PEACHLAND SOCIAL NOTES

By BRENDA DAVIES

PEACHLAND — Visitors to the home of Mrs. Bruce Johnston on Beach Ave. this week were Mr. and Mrs. Cyril Power, Calif., accompanying them were their grandchildren from Vancouver.

Staying at the home of Mr. and Mrs. V Cousins this week are Mrs. Cousins' niece, Debbie Birklund and her friend Geraldine Traxler from Burnaby Lake. Geraldine will return home at the weekend but Debbie will stay for another two weeks.

On holiday at the home of Mr. and Mrs. E. Chisholm are the latter's daughter Mrs. H. Keppelthwaite and three children from Sundry, Alberta.

Boyd Topham spent his holiday visiting his parents Mr. and Mrs. A. Topham on Princeton Ave. Boyd, who has been employed at the Royal Bank in Cassiar, B.C. this last year, is being transferred to Richmond.

Recent visitors at the home of Mr. and Mrs. C. C. Heighway were Mrs. D. Beverly and son Phillip from Prince George and Mr. and Mrs. R. Paulson of Los Angeles.

Spending a few days visiting the Frank Bradleys last week were their daughter and husband Mr. and Mrs. Dave Lohman, Scotty and Marilyn from Mount Vernon, Wash. Visiting this week is another daughter and husband, Mr. and Mrs. Roy Hacker and family and Mr. Hacker's father Mr. J. Hacker from Clearwater.

Mr. and Mrs. H. Thwaite drove to Calgary last week to meet Mrs. Thwaite's sister Miss Helen Maxwell from Montreal. Miss Maxwell is spending her vacation with the Thwaites. Mrs. Tom Lott and family joined the reunion from San Mateo, Calif. this week so that the three sisters could be together again for the first visit in a long time.

Visitors at the home of Mr. and Mrs. A. Fintoff last week were Mr. and Mrs. Ralph Fintoff, their son Greg and Mrs. Fintoff's mother, Mrs. Padgett from Cloverdale, also Mr. and Mrs. S. McKage from Surrey. Staying for two weeks at the

home of Mr. and Mrs. H. Wilberg are their daughter and her husband, Mr. and Mrs. Don Buckham, Vancouver. Other visitors were Mr. Wiberg's sister and husband, Mr. and Mrs. Clyde Anderson and Shannon from Cloverdale.

Recent visitors at the home of Mr. and Mrs. W. Dunkin were Mr. Dunkin's sisters and her husbands, Mr. and Mrs. Roy Hutchinson and family from Hargreaves, Man., and Mr. and Mrs. J. Walsh of Maquette, Man.; Mrs. Dunkin's brother Bill MacNeil and his son Fred from Verdun, Man.; also Mrs. H. Dunn and Jackson from Wingham, Ont.; Mr. and Mrs. T. Robertson from Marquette, and Mr. and Mrs. T. Walsh, Vancouver. The Dunkins report a new way to entertain company — they took in a very enjoyable cruise of the lake starting at Penticton.

COLLECTION THURSDAY Residents are asked to remember that collection for the annual Legion Carnival will be held next Thursday. Your support is requested as in former years.

Fifty Witnesses to attend convention

Convention time for 50 Jehovah's Witnesses of the Summerland congregation has arrived. This year the 50 delegates from Summerland will be joining some 30,000 others from Alberta British Columbia and the Pacific Northwest for their annual district convention. They have arranged a 5-day meet in Empire Stadium, Vancouver, as part of a series of 20 assemblies in Canada, the British Isles, United States and Hawaii.

Mr. E. Felker, presiding minister of the Summerland congregation, reported, "We do not send just one representative or two. At our conventions entire families are welcome and expected to be present."

The highlight of the 5-day assembly, August 3-7, will be the discourse by the President of the Watch Tower Society, Mr. N. H. Knorr, on August 7, dealing with the subject, "What Has God's Kingdom Been Doing Since 1914?"

Peachland's Princeton Avenue paving to commence Monday

by Brenda Davies

Reeve Thwaite announced today that the long awaited paving of Princeton Avenue will get underway Monday. The Reeve asked that the local residents use the Beach-Lippsett cut-off to relieve the traffic problems and help completion of the work more quickly.

A MESSAGE TO WOMEN WHO WORK FROM THE DEPARTMENT OF LABOUR

Hon. Leslie R. Peterson, Q.C. Minister of Labour.

In 10 years the number of working women in British Columbia has risen by 60 per cent. They now number 190,000—more than one quarter of the total work force—and are making a major contribution to the economic life of this Province.

To assist women with problems relating to their employment the British Columbia Department of Labour has established a Women's Bureau.

It is concerned with the well-being of women in all types of work—industrial, mercantile, business and professional. It is a channel of communication between employees and employers, trade unions and the Department of Labour.

If you have a problem with regard to your employment—any problem—do not hesitate to contact:

The Director, Women's Bureau, Department of Labour, 411 Dunsmuir Street, Vancouver 3, B.C.

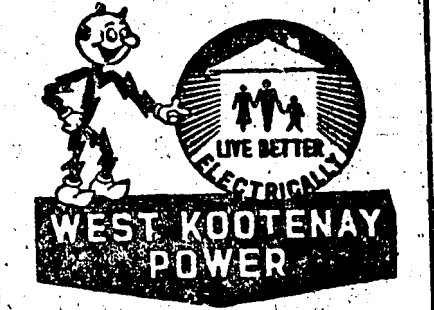

Mrs. Christine Waddell, Director, The Women's Bureau

..keeping COOL?

Then you are one of the smart people who will use an Electric Air Conditioner to keep your home cool and comfortable all summer long.

One Coming.. One Going....

Effective August 1st

Trout Creek Shell

WILL BE OWNED AND OPERATED BY DICK AND ALICE HALL WHO CAME TO SUMMERLAND FROM NEEDLES, B.C., WHERE THEY WERE IN BUSINESS FOR 15 YEARS.

The same fine service will be enjoyed by patrons of this little shopping centre.

John Stringer will still be in charge of our garage service. Dick and Alice look forward to meeting and doing business with you.

See you soon, Dick and Alice

The former owners, Bill and Myrtle Crawford wish to express their sincere appreciation for the patronage and friendship they received during their ten years of business at TROUT CREEK SHELL.

Myrtle says thank you to the many who have purchased her flower arrangements. She will continue to make these and they will be on display here and at MARJAY FASHIONS.

WE PASS THE BUSINESS ON TO DICK AND ALICE HALL WITH CONFIDENCE AND ASK OUR CUSTOMERS TO CONTINUE FAVORING THEM WITH THEIR PATRONAGE.

Many thanks Bill and Myrtle.
