THE SUMMERLAND REVIEW - BULLETIN

Vol. 22 — No. 10 Thursday, April 6, 1967 SUMMERLAND, BRITISH COLUMBIA 8c per copy. subscription \$3.00

Two week Art Show at library

The paintings hanging in the Summerland Library for the next two weeks represent the work of a prominent Canadian artist, Gordon Smith. The show is made up of works on loan from private collections and art galleries. "Harbour Nocturne", a painting predominately blue, belongs to Mr. Pierre Berton. The artist demonstrates the skill with colour and form and his grouping of blues, oranges, reds, and greens produces works that are exciting and stimulating. Also alive with colour are examples of his recent Op Art.

Gordon Smith was born in England but received his Art training at Winnipeg, School of Art, Vancouver School of Art and California School of Fine Arts. He has exhibited at all the major galleries in Canada as well as galleries in the USA, Mexico, Poland, and Australia. His work is represented in many art galleries in Canada and Britain and in many prominent collections. At present Mr. Smith is a member of the Faculty of Education at UBC.

This exciting show is circulated by the Western Art Circuit and presented for your viewing by the Summerland Art Club.

Cancer month postponed here

Harry Hackman, President of the Summerland Cancer Society announced this week that they will carry on their campaign during May.

Nationally, April is "Conquer Cancer Month" but the local branch has chosen to postpone it one month to take advantage of daylight saving time for collecting funds.

Rotary Club still has apples for sale

Gordon Beggs announced at the Rotary meeting last week that they still have 300 boxes of apples to sell this year and that anyone interested should contact him in this regard.

Don Agur said they have been investigating the sign proposition on Giant's Head and have decided that the best way to do it is to have tubes welded to posts so tourists may look through the tubes and spot the various mountains in the area. Each tube will be indicated.

The "200" club winner last month was Bill Fell.

A new look this week

The Summerland Review — Bulletin has taken on a new look this week and we would appreciate any comments from readers and advertisers.

It is what is known as a tabloid size which we feel will be more convenient for the reader, in that news stories will be easier to find on a smaller page, and the advertisers will enjoy a greater impact.

The name change is a result of the amalgamation of the Bulletin and Review effective this week, giving complete recognition to two old institutions in Summerland.

It is the hope of Publisher Keith Bergh that the new size will prove to be more convenient for everyone.

PEACHLAND CENTENNIAL DAY

Here is one of the early Canadians, Mrs. W.B. Miller, centre, who received a Centennial Medallion from Reeve Harold Thwaite on Saturday. Her daughter Mrs. Dorothy Sanderson is on the right and her husband Gordon on the left. All were dressed in clothes of the early days.

Over five hundred served pancakes at Peachland feast

By Brenda Davies

PEACHLAND — Westbank was at the Peachland Centennial day celebrations Saturday in more than one way.

In addition to entering a chuckwagon to the parade they offered to take charge of a pancake brunch which started earlier than anticipated because the crowd surpassed estimates. They served almost 500 people in two hours.

Col. McKague's Centennial auction started at 1:30 and brought active bidding from a large crowd in the Athletic Hall.

Jack Garraway, tug-o-war-captain lined up a team of miners vs. loggers, the latter logged a better pull and won an oversized gold cup—a washing machine tub with welded pipe handles, of solid gold... sprayed.

Farmers in the crowd decided this could never do so they grabbed the rope in challenge—and won. They then proudly

rode through town holding the trophy high.

The Athletic Hall never held a larger crowd than assembled to witness the Hog calling contest under guidance of L Kraft. Contestants in this event were judged by actions of live hogs, penned in front of the stage.

One wise hog paid no attention to most of the callers but Michael Bawden with the aid of a tin bucket and a stick (he didn't hit the hog—only a pail) and got the attention of the animal. He got a crisp new five dollar bill for his effort.

Before a lively honky tonk dance, garters and beard growers were judged.

After a great flurry of skirts passing judges on the stage, the most beautiful garter was worn by Joan Cousins who displayed a lovely red rose and a most original creation was worn by Ruth Macaskill, Kelowna — former Peachland resident. A six gun was the feature of this garter.

Here is how the months of fun (??) growing beards went:

George Bates, full beard; Albert West, partial beard; Geo. Smith, mystery beard, (which was the nearest to a photograph placed in a secret spot Jan. 1); Archie Miller, best red and Archie Spence, best white; Dr. Brian Finemore and Collin McLoughlin tied for the best black.

Mr. and Mrs. Ed Green of Kimberley visited with Mr. and Mrs. E. E. White last week.

Mrs. Wilf Evans is home after a long stay in the hospital in Vancouver.

Oil company to be reprimanded

The Summerland Municipal Council had an application for a private school to deal with at their meeting Tuesday night.

The Seventh-day Adventist Reform Movement wishes to open a school of a missionary nature in their present building for people 'eight years and up'. Two families have moved in from Washington State in anticipation of the school and another is expected to follow soon.

Council held no objection, but felt they should be sure the building met with necessary standards and will contact the department of education.

DOGS NAIL CHICKENS

Jacob Geres lost six laying hens by a spotted dog. His claim for \$2.00 each will be paid.

As a result of council authorizing Dvaid Jones to clear the trees in the lane behind his property, Charles Glover offered to buy a strip so the curb and his shrubs would not be destroyed. The offer was declined.

Council said there was no reason for Jones to touch such property.

Blagborne was not able to find a stake or two at the location, council felt due to decision to cut trees in the lane behind his house, it was Jones' responsibility to find them.

A letter of protest was received from Ivy Mason for cutting of trees on Thornbur Street in Trout Creek. (A similar letter to the editor from Mrs. Mason is published elsewhere in this issue.)

Hill said it was dangerous and that a car had backed into a school bus on that street one time. Holmes said it is hard to please everyone. "We have had two requests to get it cleaned out."

STANDARD OIL BURNED

Councillor Barkwill took the Standard oil company to task. He said two or three years ago, council agreed to let them subdivide property to allow for 5-Corners Service Station (not owned by Standard) to go in and "they gave us assurance a motel would be built on remaining property — now it is nothing but a wilderness of stumps and trees—a real eyesore on the main highway", he said.

"These are things that make me look at subdivisions with a jaundice eye when they don't go ahead with plans", Barkwill said. "It is a case of misrepresentation."

The company will be contacted.

BUILDING UP

Construction is up \$101,775 over last year for the same period. The total now stands at \$213,975 so far this year. This report was given by building inspector John Khalembach.

The chief of welfare institution asked council for guidance on an application they received to operate a "boarding home for aged" in the old hospital. Khalembach inspected the building and found it to be sound and suitable. He estimated 24 guests could be accommodated but recommended another bathroom be added.

REGULATIONS DELAYED

The parking time for the downtown area has gone from 40 minutes to 30, back to 40 and this time the planning commission recommended a 45-minute limit.

The opinion around the council table was either 45 or 60 minutes but no decision was made, and won't be until a feasibility study of rental parking areas is made.

Here are two of 18 busy ladies who were "baking a cake" — the Centennial 150 pound birthday cake, at the United Church Hall on Tuesday morning. At left is Mrs. H S. Cann, a newcomer to Summerland and attending the second function of the UCW and Mrs. Blake Brandon.

It was made from a 100-year old recipe in a 100-year old cake mould. There were two hours of preparation on the part of Mrs. Spencers and Mrs. Munn and another two hours to bake the cake. It will be served to Summerland guests

Beware of vicious dog

Poundkeeper Jake Heichert is having trouble with dogs, especially in Trout Creek, and asked council to prosecute owners of dogs he could not catch.

Heichert said residents are willing to testify against one dog owner in Trout Creek that he's been unable to catch. He informed municipal clerk Gordon Smith that it is so vicious, that at times people cannot enter their own yards when the dog was there. Smith was asked to discuss it with municipal solicitor Frank Haar.

Office manager Gerry Goddard said they expect to be into the new computer system by July 1st if machines are available. He said their procedure and training of staff is on schedule.

Councillor Hill was asked by Penticton baseball interests how much it would cost to use the ball park this year if Summerland and Penticton combined to field a team.

Superintendent Blagborne said the only cost is the upkeep of toilet facilities and cleaning grounds. Reeve Holmes said he had heard that Penticton now plans to have their own team, but if the Summerland diamond was wanted, it would be for a nominal fee.

Barry Wilson attended council asking permission to use domestic water for irrigation because it is necessary to have it now, otherwise he would have to haul water. The irrigation water is scheduled to be turned on April 25.

"No reason why we can't supply water where we can in cases like this", was Holmes' remark and council agreed.

Councillor Powell reminded council of a plea made by Tom Whitfield at a council meeting some weeks ago, for room in Parkdale Place for him and Mrs. Whitfield.

Arrangements were made so they could move in, but they have now decided to wait a year.

Tony Matkovitch asked for reconsideration of his previous request to subdivide his property located just north east of Des Loan's home.

The request was refused in March because it did not follow the general plan and a dead-end road was shown on the plans. Planner Dave MacDonald, in his report, said land not of use for agriculture was not necessarily a sound reason for allowing subdividing as it could produce a sprawl condition.

Matkovitch said he only wished to subdivide the portion, 2.3 acres, that was of no use for agriculture — a condition con-

firmed by agricultural officials.

Hill asked if he realized how much it would cost to provide services to his property. After Holmes asked the same question, Matkovitch said he estimates about \$1,000 per lot. He proposes eight lots.

He was told it would be necessary to provide a "turn around" at the end of the street, the diameter of which must be no less than 80 feet in diameter.

"If he has two acres not suitable for agriculture" Powell said, "I think he should be able to go ahead. I don't like a hard and fast rule on this."

Matkovitch said he thought he could develop it and eventually get a return for himself and the municipality in taxes.

He was advised to talk to the district planner to see if they could come up with an acceptable plan.

Over bank -- into lake wrecks car

On April 1st at 6:15 a.m. a local juvenile was involved in an accident on Highway 97 south. The juvenile was proceeding south when his vehicle crossed the highway and over the bank into the lake. The car was a total wreck and the youth suffered an injured arm.

On Monday, April 3, Donald T. Middleton of Brenda Mines appeared before Magistrate R. Colver, Penticton and pleaded guilty to causing a disturbance in a public place. He was fined \$50 or in default seven days. He paid the fine. RCMP made the arrest Saturday in Peachland.

Orville C. Lewis of Prince George appeared before Magistrate Johnston Tuesday morning on a charge of having care and control of a vehicle while his ability to drive was impaired. He was remanded to April 28.

More help needed at thrift shop

The regular meeting of the Hospital Auxiliary was held on April 3 with Doreen Tait in the chair. There were 33 present.

Proceeds from the Thrift Shop for the month of March were \$420. There were 190 hours put in last month, but more help is needed here.

Members are urged to turn out to the work party April 20 at 7:00 p.m.

Proceeds from the auxiliary's tag day May 13 will be used for equipment. There were two baby spoons presented last month.

The next regular meeting will be held in Salmon Arm on May 3rd. The BCHA provincial convention is in Penticton this year during October, and Summerland and Oliver have been asked to act as co-hosts.

Drama Club will present program

"Gaslight Gaities" will be featured at the Summerland Secondary School Auditorium, depicting the years from 1812 to 1967.

There will be two scenes in a play called "The Tenth Word" and the second half will feature 100 Years of Song and Dance from 1867 to 1967.

There are about 30 students taking part in the show from Grades 7 to 12, all members of the school drama club.

Colorful parade marks Centennial

By KEITH BERGH

Not a single soul from Peachland and district slept late on Saturday morning. The day was too nice to waste for one reason, and another, they had to get into their costumes and downtown & see what proved to be one of the finest parades his Okanagan municipality has ever seen. This kicked off their day-long and night Centennial celebrations April 1st.

There were so many in the parade, the Marshall had difficulty lining them up in the parking area at the junction of Highway 97 and Beach Ave.

I was very effective. A group of Indians headed the parade—with plenty of full dress color—and the Centennial theme was carried throughout.

Summerland, Westbank, Kelowna and Revelstoke were in attendance and lending a great contribution to the cause.

Possibly what made the parade that much more impressive were the people watching—there were more in the dress of years ago than those in modern. There was every color of the rainbow... bonnets, cowboy and homesteader hats. Full skirts, short gay nineties skirts; boys in short pants; girl in colorful bloomers, — below frilly dresses.

There were loggers, miners, dudes, ruffians and what would a Peachland parade be without Ogopogo... pipe bands, brass bands, fiddlers and cowboys with guitars?

Oh yes, Summerland Kinsmen and Kinettes were there overflowing out of a Model T and Reeve Harold Thwaite escorted Peachland Teen Town Queen Pat Usher and lovely Glenna Todd in a Caddy convertible.

Westbank went further back with a chuckwagon advertising their Centennial program for June 30-July 1, and Revelstoke went the other way to the modern giving heir flying club a plug and Kelowna's Legion Pipe Band is good for any era.

A prospector (about eight years old) had a load of ore in his wagon and lumber truck was loaded with enough logs to build five homestead shanties or a modern split-level.

Oh yes — there were beards and very lovely garters surrounding instruments of beau-

ty. Peachland may be proud of their community efforts!

Cameras—cameras everywhere. Camera shops will have a booming business to replenish stocks after this day. If everyone there shot a roll of colored film it would represent a figure in the thousands of dollars.

No doubt all pictures turned out — the day was as pleasant as the mood.

Bowling Highlights

By Ron Kostelniuk

In LADIES league action, last week, Tiger Tails built up a big three point lead on Allsorts and Mojoes tied for second. Fourth spot Candy Kisses crept within one point of second. Wagon Wheels moved past Lemon Sours into ninth. Jawbreakers moved within one point of Lollipopers in their bid to escape the cellar, which they have occupied since Feb. 10th. The league is in its final week of regular bowling before playoffs get underway.

In MIXED league play, Narod, Hilltoppers, Mad 5 and Ed's Radio in MONDAY play; 5-Star Splinters, Greenwood Cleaners, and Keglers in TUESDAY; and Hasbeens, Vendors, Bud's, and Mac's in WEDNESDAY will fight it out for League Supremacy this week. The Mixed league banquet will be held on the 14th at the Youth Center. The dinner will be at 7:00 p.m. and dancing will be at 9:00 pm.

Here are the results of Ladies League action March 30-31:

Tiger Tails	29
Allsorts	26
Mojos	26
Candy Kisses	25
Sugar Plums	23
Cool Mints	23
Smarties	22
Humbugs	10
Wagon Wheels	14
Lemon Sours	13
Lollipopers	11
Jaw Breakers	10

High single: Barb Robert 264
high three: Beryle Flebbe 646;
high team: Tiger Tails 2152.

Minor Baseball having tough time --Support needed or else

The first meeting of the Summerland Minor Baseball Association was a flop according to President Ray Fitzpatrick. Only five people showed up on March 29 so they gave it up as a bad job.

They are going to try once more to get the ball rolling and ask all parents with children taking part in baseball to meet above Holmes and Wade tonight at 8:00 p.m. Fitzpatrick said that if more interest isn't shown, the organization will disband.

There were about 120 children taking part this year.

Couple exchange vows by father's bedside

A shower for Mrs. Gary Buchanan, nee Frances Kita, was held at the home of Mrs. H. Shigeyoshi last week.

Mr. and Mrs. Buchanan were married in January at the hospital bedside of the bride's father who was critically ill.

Hostesses for the miscellaneous shower were Mrs. Shigeyoshi, Mrs. Kimiyuki Arase, Mrs. Mas Inouye, Mrs. Jim Kawakami, Mrs. Masao Aoki and Mrs. Nobukatsu Aoki.

Among the guests were the bride's mother Mrs. Roy Kita, her grandmother Mrs. G. Tamagi and sister Helen Kita.

Also invited were Mrs. Min Kita, Mary Kita, Mrs. Edward Kita, Mrs. H. Makabayashi, Mrs. T. Tagami, Mrs. Sandy Jomori, Mrs. Roy Kuroda, Mrs. Frank Kuroda, Mrs. R. K. Yamabe, Amy Yamabe, Mrs. Tom Kato.

Mrs. George Furuya, Mrs. Jack Imayoshi, Mrs. Yoshio Aoki, Mrs. H. Wuensche, Mrs. F. Nakagawa, Mrs. George Tada, Mrs. T. Inaba, Mrs. B. Inaba, Mrs. M. Kita Sr., and Mrs. Sam Uegama.

The gifts were presented in a box decorated in an Easter theme, and following the opening of the gifts games were played and refreshments served.

LET'S GET NEWSY . . .

Mr. and Mrs. Donald O'Neil and daughter, Gail of Ottawa are visiting at the home of Mr. and Mrs. Ray Fitzpatrick.

Forty-two riders take part in trail ride

By Bev Bye

On Good Friday a trail ride, supper and sing-song was put on by Mr. and Mrs. Roy Potter and family. Despite the blizzard conditions of that morning 42 riders had turned out by 1:30 p.m. to on a two hour trail ride led by Roy Potter. It was a scenic ride that took in all area around Rattlesnake Mountain and back around Sandburn Lake.

After the ride the Trail Riders flooded into the Potters' home for what they thought was going to be a chilli-concarnie supper but it turned out to be a regular Smorgasbord.

After everyone thoroughly had enjoyed a second helping of food and desert, the Trail Riders showed their skill at singing. They were kept on tune by a guitar and an accordion. At 9 p.m. coffee and cake was served.

A big hardy thanks to the Potters for a wonderful day of fun.

Scouts to sell apples on Saturday

When a Boy Scout calls at your door Saturday, it will be to sell apples—participating in their annual "Apple Day" campaign.

The money will be used for all phases of Cub and Scout activities in Summerland including the 1st Summerland Cubs and Scouts and Trout Creek Cubs.

Canadian Weekly Newspaper Association Announces

a
centennial
essay
contest
for secondary school students

"MY RESPONSIBILITY AS A CANADIAN"

Attention Secondary School Students

You Can Win Cash Prizes \$20, \$10, \$5
or A TRIP TO OTTAWA

Every citizen of a nation bears a responsibility for the conduct and welfare of his country.

There is no more important group to whom the nation should listen than to its youth. It is her young people who will decide what kind of country this Canada of ours will be in the years to come.

As a prominent statesman told the people not long ago: "As citizens of this democracy, you are the rulers and the ruled, the law-givers and the law-abiding, the beginning and the end."

Because of your importance to the nation's future, we feel it is appropriate in this centennial year, that you have an opportunity to express your views on what you think your responsibilities are to your country.

And so, it is with pleasure we announce the

SUMMERLAND REVIEW BULLETIN
CENTENNIAL ESSAY CONTEST For Secondary School Students

So start today to write your essay on

"MY RESPONSIBILITY AS A CANADIAN"

The people who win will write because they have some ideas and want to express them. But for further motivation, there are prizes of \$25, \$10, and \$5 at the local level; more prizes if you win the Provincial competition and a trip to Ottawa plus more prizes for the National winner.

We'll print the best essays. Judges decisions are final.

HERE ARE THE RULES:

1. You must be attending a high school at the time the essay is submitted.
2. You may not be a member of the immediate family of an employee of this newspaper.
3. Your essay shouldn't be more than 750 words long. It would be helpful if it were typed or at least written legibly.
4. Essays must be received by this newspaper not later than April 30, 1967.

No. 7 of a series

YOU AND YOUR CAR INSURANCE

In the belief that education is an important step in accident prevention, READ & PRUDEN, in co-operation with the WAWANESA MUTUAL INSURANCE CO. and Canadian Handbook's Safety Guide Book, will present in the Review, a series of articles designed to improve your driving habits, and in so doing, become a safer driver and enjoy your driving more.

ASSIGNED RISK PLANS

These are simply a group endeavour by the automobile insurance companies to provide insurance to drivers who find it difficult to buy insurance on the open market from any company for any reason.

An application for automobile insurance to an agent or company is made in the ordinary way. If it does not result in a policy being issued, the procedure which results in assignment of the risk under The Assigned Risk Plan is automatically set in motion.

If anyone has been unable to obtain automobile insurance readily through the open market, he may apply to the Manager of the Assigned Risk Plan. Any insurance agent will make application for him. Through the Assigned Risk Plans, the insurance industry has, in effect undertaken to provide insurance to anyone to whom the government will grant a license or registration.

For the majority of applicants, insurance so obtained under the Assigned Risk Plan will cost exactly the same amount as if bought in the usual manner.

Those with a record of convictions or of accidents, will have surcharges on the premium according to the record. However by establishing a new and better record over a period of time, they may seek and obtain insurance at normal rates in the normal manner. No request to "go off the Plan" is required. As soon as anyone can get insurance in any other manner and at any price the A.R.P. is happy to forego any further dealings with an applicant.

A limited number of Safety Guide Books are available at.

IN MEMORIAM

BLAZEIKO — In loving memory of a beloved son, Lawrence, whom God took home at the age of 18, April 8, 1964. Little did we know when you kissed us goodbye at the door Your handsome and happy face We'd see no more. God works in a very strange way And no one knew you weren't to stay. We miss you so, our precious boy, The times we had, the fun and joy. But some day, dear son, when our work is done, We shall all be together In God's beautiful heaven. So dearly loved and sadly missed. —Mom and Dad, 10p1

MR. AND MRS. EUGENE CADWALLADER
Saturday, March 25th, Nancy Elizabeth Fudge became the bride of Eugene Cadwallader at a beautiful candlelight ceremony in Summerland United Church. See write-up in last week's Review. (Photo courtesy Killick Photography, Summerland).

Dr. Joe Gayton retires at coast

Dr. Joe Gayton, who received his early education in Summerland will retire in a couple of months as Vancouver's senior medical officer.

Born in New Brunswick, Dr. Gayton, 65, moved to Summerland with his parents in 1909 and got his initial schooling here.

After he received a McMaster arts degree from Brandon College and a medical degree from the University of Manitoba he spent two years in tuberculosis work in Manitoba when he moved to Castlegar in 1933.

He became medical health officer in Trail in 1936 and served in the same capacity at various B. C. points until 1954 when he moved to Vancouver

Eight tables took part in the Thursday night Bridge Play in Penticton. Results were:

North-south: 1. Mr. and Mrs. Ernie Field; 2. J. T. Garraway and W. Evans; 3. Don Weichel and Ken Beck;

Eas-west: 1. Miss E Hemming and Mrs. C. Kallwood; 2. Mrs. C. Smith and Mrs. G. Stromberg; 3. Mrs. G. Beck and Mrs. C. Weichel.

Monday night's Bridge play in Summerland also saw eight tables taking part. Results:

North-south: 1. Bert Berry and Frank Brodie; 2. Mrs. G. Foreman and J. T. Garraway; 3. Enid Maynard and Mrs. Edna Hall.

as assistant health officer until taking over that department in 1960.

PRIMARY REGISTRATION

Children who will be six years of age by December 31, 1967 and thus are eligible to start school in September 1967 should be registered in the elementary school offices the week of Monday, April 10 to Friday, April 14. Please present birth certificates or other proof of age at time of registration.

Board of School Trustees

Hort. Society hold meeting

The annual meeting of the Summerland Horticultural Society recently elected the following officers for 1967: Mr. Graham, president; Mr. Manning, vice-president; Mr. Bennett, treasurer; Mrs. J. Marshall, secretary. Executive members are: L. Wright, Doreen Tait, Mr. Woolliams, Mr. Ward, Mrs. Bingham and Mrs. DeRosier. Mr. J. Marshall is the past-president.

Dues are now payable for the Okanagan - Similkameen Parks project. The financial report showed a balance for 1966 of \$39.72 plus 1965 balance of \$61.46, total of \$101.18.

Cup for grand aggregate of flower shows was awarded to Mrs. Inch; second and third prizes to Miss Tait and Mrs. Bingham respectively.

Flower show winners were:
Class 1: Inch, Tait, Bingham;
Class 2: Manning, Inch, Tait;
Class 3: Tait, Bingham, Mr. M. Tait.

Mr. D. Munn showed slides of the Chelsea flower show and of the Great Houses of Britain. Mr. Munn was thanked for the films and entertainment provided throughout the year.

TEEN PULSE

By
GORDON STENNER

Dear Gordy: I like to keep an open mind on everything. Is this a mark of a mature teenager?—Just Wondering

Dear Just: If it means you're willing to hear both sides of a question before making up your mind, the answer is yes!

An "open mind" to some teens means the ability to save themselves the trouble of making decisions.

A teen once said to me, "there's two things I never talk about; religion and politics. They're too controversial."

Some teens have that attitude towards lots of things, including God.

The open mind is the committed mind! The 1967 "alive" teen is the committed teen. He is part of "he happening" twenty-four hours each day.

Commit your intelligence to answering these three questions. How did I get here? Why am I here? And where am I going?

Live dangerously for Christ! I dare you to! He gives absolute and open answers to all three questions. Be mature.

The first city water supply from an outside source

As were other cities of the ancient world, Jerusalem was deficient in an adequate water supply, and in order to correct this deficiency, King Hezekiah ordered a tunnel cut through a rocky hill on the city's edge to an outside lake, called the "pool" or reservoir into the heart of the city.

This engineering feat was performed in the year 727 B.C. and is the earliest known attempt to supply a city with water from a distant point.

The tunnel, nearly a third of a mile long, shows by inscriptions near its mouth that boring through the rock was begun at both ends at the same time. The inscription tells in detail how, lacking proper instruments, the workmen failed to meet in the middle of the tunnel, although they were so close together they could hear each other's pick blows. The point where the two forces of workmen finally did meet is still marked by a sharp angle in the tunnel, showing that they missed meeting by only three feet. Throughout the greater part of the work the men must have labored on their knees or even lying flat on their stomachs.

The pool itself was outside the city wall but was protected from invaders and enemies of the city, by being well within bow shot of the protecting wall.

Review Page

We hope you agree

This editorial is not to plead — but to bring before our readers some facts. We ask not for sympathy nor do we issue a demand for support. At this point — only a request to wait, — then judge.

We would like you to think, in the case of the Review purchasing the Bulletin, that it is not the larger swallowing up the smaller, indeed it could have been the other way around — but something had to happen.

Many Review readers know better than your editor that the Summerland Review has not been the most lucrative operation in Summerland. This was told to us by Tim Armstrong, a man that gave his heart and soul to the paper — an editor who gave his all to make Summerland a better community — but eventually for one reason or another, the pastures were greener elsewhere.

At the time Tim was here, possibly the future looked grim — it must have or he still would be here. The Review wants to be part of this growth. In ten years time, if the population has not doubled or over doubled, it will be a surprise.

So we stay. A community without a weekly newspaper is like one that suffered a flood and washed a corner of it away.

The Summerland Bulletin has given Summerland faithful service. It is not our intention to disrupt that service — it will be carried on. If the time comes, through the

judgement of our readers and advertisers that it could be amalgamated into one issue — we will do so, but not until.

We hope, during the past two years, that we have shown some indication of our desire to serve the community — it is a community well worth serving, working for and with — it is a pleasure. But the week-newspaper, like everything from the municipal to the smallest one-man stand, we must have money to operate — and we, like any other business, want a fair share for services rendered.

It was a case of either Summerland receiving only advertising and no local news and promotion — or having a news and editorial voice as well as an advertising media. It is our hope that Summerland will agree that both are important.

Before this move was made, many leading citizens in Summerland were consulted and they agreed, with no exception, that it was for the betterment of the community and ourselves, that an arrangement on one or the other had to come.

It is our desire to serve the community we ask no favors. It is our contention that we will be able to serve Summerland better under the present arrangement. It is not a case of monopoly, it is a case of economy. We hope you agree.

From Our Back Files

41 YEARS AGO . . .

Mrs. C. P. Evans arrived from Brandon and expects to spend the summer here. Miss Isabel Hogg, who has been spending the Easter holidays with her parents here, returned on Wednesday to Vancouver to resume her studies at the Sprott-Shaw business school. Miss Marion Beavis, who came down from Kelowna for the Easter holidays, has left to spend a few days at the Coast. Mrs. J. R. Conway has gone down to Penticton to spend a few days visiting Mrs. T. Behan. Miss Bessie McCallum returned to Vernon after a short visit here.

Capt. P. S. Roe went to Vancouver on a short business trip. Mr. Jas. Ritchie left Sunday on a short trip to Vancouver. Mrs. A. E. Smith, formerly Miss Enid Waterman, of Kelowna, is spending a few days with her mother, Mrs. M.

G. Wilson, Miss B. Long and Miss C. Bpchanan of Peachland, paid a short visit to Mrs. W. R. Shields. Work has commenced on the new packing house of Walters Limited. Mrs. James Wilson and Miss Stella Wilson are visiting Mrs. Gilbert Thornber in Kelowna over the Easter holidays. Miss Lena Snider of the teaching staff at Vancouver, is visiting her parents here.

42 YEARS AGO . . .

Miss Elaine Griffiths left on the noon train today for Vancouver, to spend the Easter holidays at her home there. K. M. Elliot left Sunday for Vancouver. Mr. and Mrs. J. Rutherford left on today's train to spend a week at the Coast. Mrs. W. Johnston returned Monday from a visit of several weeks in Ontario. Mrs. George Graham went up to Okanagan Centre to visit Mrs. J. L. Logie. She returned home Saturday.

BCFGA reports 825,133 boxes of apples unsold as of March 17

B.C. Tree Fruits Limited had marketed 4,587,999 boxes of apples as of March 17, leaving an unsold stock of 825,133 still on hand.

Sales are substantially above 1965 figure of the same date, but slightly down from 1964. Stocks on hand are appreciably above those on hand at the same time in 1964 and 1965.

Advances of 90 percent of the yardstick values have been made, and a total of \$1,101,310 advances made on process grades from B. C. Tree Fruits and Sun-Rype.

Returns for CA apples have ranged from 50 to 85 cents per packed box more than the same varieties in regular cold storage. CA storage costs are about 30 cents above normal cold storage.

A February apple promotion throughout Western Canada

proved highly successful, according to the marketing firm.

Natural beauty being destroyed

Editor, Review-Bulletin,
Sir:

May I, through your paper, express the concern felt by many residents over the loss of natural countryside in this area.

Other cities and villages, realizing the asset of trees have replanting programs. Vancouver has allocated \$40,000 this season for that purpose.

If for any reason it is necessary to remove trees and shrubs from roadsides, a policy of replanting with more suitable trees would show foresight and earn the gratitude of every visitor.

MARY LOPATECKI,
Trout Creek

LETTERS

Once beautiful Thornber Street

Editor, Review-Bulletin,
Sir:

May I please through our newspaper raise a small voice in defence of the countryside in which we until recently lived?

Why have people chosen to live in our community. There are of course, many reasons. Not the least of these reasons is its rural charm — a refuge from the harsh concrete anonymity of cities.

Our road is a sample of many local roads. It was delightful country lane. Until recently ferns and even Watercress grew under the well-loved birches, the alders, the majestic poplars. There were wild roses in profusion, snowberries, Oregon grape; a delight to the eye at every season of the year. A beautiful, beautiful country lane it was. It was.

Alas, year by year, little by little, its beauty has been destroyed. The watercress, the ferns went first, then the wild roses and the elderberry trees around which the children had their "houses". We were thankful the big lombardy poplars and the graceful birches were

still left to flourish along our road.

This week to my horror I find every tree has been sawn down, burned, annihilated! As I write this I can hear machinery tearing out the stumps, so there is no hope of our lovely trees sending up new shoots. Why? Why? Why are things harmless and lovely ruthlessly destroyed?

Are the chain saw, the bulldozer, the concrete mixer new all-powerful gods before which we are compelled to bow?

May we not enjoy NATURE . . . the trees, flowers, birds — that chain saws, bulldozers and concrete ruthlessly destroy? The destruction of our road, alas cannot be undone. Our road, is beautiful no more . . .

Please, may I put in a plea for other areas that road crews have not yet devastated?

Surely, dear Editor, more people value our community for its (remaining) rural charm than wish to reduce it to the denuded faceless efficiency of a barren concreted little town.

IVY MASON,
Summerland.

Important Announcement

This is Chamber of Commerce week across Canada.

The Summerland Chamber of Commerce asks you to join and give support to your organization. Annual dues are now payable — \$10.00 for business membership and \$5.00 for individual.

On Saturday, April 15th, a drive will be conducted by your executive so be prepared to give them your co-operation. A goal of 100 members is the aim for 1967. Help us reach this goal.

MEETING TO-NIGHT

The regular monthly meeting will be held tonight (Thursday), at 7 p.m. in the IOOF Hall.

Guest speaker, Mr. Jack Towgood: Subject, Impressions of Africa with color slides. Prospective new members welcome.

This is not a dinner meeting.

BRING THE FAMILY FOR A FITTING

There's room inside for a mother, father and three children. Come see it even if you don't have three children.

VOLKSWAGEN INTERIOR SALES Penticton

Queen Candidates present history of Summerland activities

The Queen candidates were introduced to the public at a program in the MacDonald School Auditorium on Friday when they all showed their talents in the field of public speaking. Maser of ceremonies was Dorothy Britton.

As an added feature Jim Marshall gave a brief history of the Summerland band which was founded in 1909, Jack Logie, he thought was the first leader. There were periods since that time when the organization was not active, but recently it has been formed again to take part in Centennial celebrations.

A pictorial review of twenty years of Royalty was presented by Mr. and Mrs. Ted Atkinson. Mrs. Joe McLachlan went to great pains to gather the many pictures and Harry Killick made the slides. The first Queen was Joan Nisbet in 1946.

A choir trained by Mrs. Paul Roberge sang and the old days of sport in Summerland was portrayed by local men dressed in uniforms used years ago.

Sharon May, who rushed back from her duties as secretary to the Regional Teen Town convention in Penticton spoke on the history of sailing and war canoe racing which was popular in the early 1900s. The club was organized by Jack Blewett.

Katy Evans talked on hockey and skating dating back to 1907 when an open air rink was made in the shadow of Giant's Head. Figure skating started there as well.

Linda Flebbe gave the history of the Women's Institute and Hospital Auxiliary. She recalled the days when the W.I. sent parcels to soldiers during World War I. Both organizations were organized in 1909. She outlined work done by the hospital auxiliary and said during the past 10 years they have raised \$40,000 for the hospital.

Sandy Stein spoke on golf and tennis. Tennis started in 1909 on two courts and a clubhouse on Jones Flat and has grown to be a popular sport with many accomplished players resulting.

Sandy said golf started at Crescent Beach with 7 holes—

but later moved to Paradise Flats in 1932 and carried on until the second war when there were a number of years there was no course until Summerland Ridge was developed north of town.

Elizabeth Orr recalled the early days of basketball when the Okanagan College and the Methodist Church hall was used (now Youth Centre). In those days, having facilities enough to hold the crowd was a factor. As near as she could find out, basketball started in 1914.

There was so much enthusiasm for basketball, there was one time the ministers postponed their week of prayer at play-off time. Summerland was the Intermediate B champion for B.C. in 1940.

Vivian Kinvig said lawn bowling was popular year ago started at the site of the Canadian Legion in 1919. Both young and old took part.

Ellen Davis said the Summerland Rifle Club started in 1909 and it was then located where the Suter's Tent & Trailer Camp is now, and they held

Thursday, April 6, 1967
Summerland Review Pg. 8

their meetings in the Anglican Church Parish Hall.

Crescent Beach was a popular spot years ago. Linda Flebbe said the first baseball diamond was there back in 1906. Football started the same year and had their field south of Main Street before there were buildings here.

The stage backdrop was in the sailing theme and made by the Summerland Art Club.

Five Dunsdons—a name that dates back to pioneer days, presented a hunting skit, appropriately dressed for the occasion which brought many laughs.

Mrs. Mildred Stein had to carry the full load in one skit when Joe McLachlan found out at the last minute he was too big for Keith Bergh's sailor suit. Although the owner was heavier then than now, he was not heavy enough. This was one time when a sailor missed a chance for a little loyemaking of a lovely lady.

BCFGA director Pierlot resigns, committee revisions announced

Mr. Hubert Pierlot, recently elected to the executive of the B.C. Fruit Growers' Assn. has found it necessary to resign his position because of work load between this and his responsibilities to Vernon Orchards Limited.

On March 9 the executive handled the annual committee revision and made the following changes:

Apple committee: Mr. J. W. Tims, Penticton replaced J. C. Clarke; Geoff Johnson of East Kelowna replaced John Kiene of East Kelowna and John Bullock, also of East Kelowna and a member of the executive, was made chairman of the apple committee.

It was felt that a big job faces this committee this year with its regular responsibilities and the McIntosh Study which was given priority the evening of the 9th.

Mike Dapavo becomes chairman of Cherry, Prune & Plum Committee;

Peach and Apricot Committee: Emil Morgenstern, Penticton replaces Hans Rhenish and Dan Roberts replaces the late George Elliott of Oliver;

Pear Committee: George Fraser, Osoyoos replaces C. Goodman;

Summer Apple Committee: Hubert Pierlot replaces J. Kosty;

Orchard Labour Committee: Ken Ellison's name has been removed at his request and the membership will be one less than formerly.

Soft Fruit Pooling Committee: Ron Bonnett, Oliver replaces John Luthy, Oliver.

Crop Insurance Committee: Sid Land becomes new chairman; Harry Byatt, Bill Ritchie, Hans Rhenish, Nigel Taylor and John Hext form the committee.

RECRUIT FARM LABOUR

Joe Callewaert of the Penticton Manpower Centre has made an initial trip into the North Central Interior of B. C. to recruit Indian labour for the coming work season "and reports a very successful mission. We are very pleased that Joe is tackling this problem this early in the year

Summerland riders on parade

By Bev Bye

Saturday morning the Summerland Trail Riders participated in the Peachland Centennial parade.

Sixteen horses and 30 Trail riders took part. Everyone was dressed in clothes from about 100 years ago and up to current styles.

The Summerland riders' section of the parade was led off by Charlie and Agatha Letts carrying the flag. They were followed by people decked out in beautiful centennial dress plus miners with pack horses, side-saddle riders, out-riders, Indians and trappers.

The parade started at the entrance to Peachland and con-

Summerland talent to mark Centennial with songs, plays

The rounds of Centennial functions continues. This time by actors, actresses and singers. And it is free.

The Centennial Committee feel it is going to be so popular, they have arranged to use the Summerland Secondary School Auditorium for two nights, Friday and Saturday, April 28 and 29.

On stage will be the Summerland Centennial Choir who have rehearsed for many weeks to bring the history of Canada in song under the direction of Bud Stuart. Then the Summerland Players, under the guidance of Alan Butler will present two plays suitable to the times.

It is sponsored by the Summerland Centennial Commission.

Summerland Review Pg. 9 Thursday, April 6, 1967

cluded at Blue Waters home day for a parade and everyone sites. It was a beautiful sunny had a wonderful time.

Conductor returns

The Okanagan Symphony Orchestra will present a Spring Pop Concert in the auditorium of the Secondary school Sunday April 9 at 8:00 p.m.

The concert is composed of good music which is popular with everyone who listens regularly to radio and TV, a spokesman said. "The music has been chosen for its 'listenability' and charm.

to present concert

Conductor will be Captain L. Camplin of the famed Chilliwack Royan Canadian Engineers army band that presented a concert in Summerland this winter.

Those from Summerland who form part of the orchestra are Delmar Dunham, Kenney Ryman, Marilyn Hanson and Mr. and Mrs. David Ashby.

Let's Get Newsy

Mr. and Mrs. Roger Forsyth and daughter, Ann have returned from a holiday in Palm Springs, California.

Mr. and Mrs. Len Shannon and Carol, Kathy and Lynn were at the Coast last week.

Dr. and Mrs. C. C. Strachan and family were in Vancouver last week.

Mr. and Mrs. J. Dobi and family were in Vancouver over the Easter holidays.

Mr. and Mrs. R. D. White have returned from Vancouver. Magistrate and Mrs. Reid Johnston have returned from three weeks in Hawaii and three weeks in Vancouver.

Mr. Ernest Pelford visited with Mr. and Mrs. Alex Inch last week.

Mr. and Mrs. Doug Wakefield and four children of Coquitlam visited with Mr. and Mrs. J. L. Borwn last week.

Mr. and Mrs. John Holman and Karen visited with relatives in Vancouver last week.

Mrs. May Gillespie and son, of Calgary were here to attend the wedding of Dorothy Inglis and Mr. Scott Young, and also to visit Mr. and Mrs. Orville Morphy and Mrs. G. Inglis.

Mr. and Mrs. Alec McKee of Hanley, Sask. visited with Mr. and Mrs. E. O. White.

Mr. and Mrs. Keith Haskins and three children of Clinton visited with Rev. and Mrs. F.W. Haskins last weekend.

Darlene Miller hosted by friends

A shower was held at the home of Mrs. G. D. Halvorson in honor of Miss Darlene Miller whose marriage to Mac Butler took place March 25. Mrs. J.J. Embree acted as co-hostess.

The gifts were presented to the guest of honor in a decorated clothes basket, and after the opening, games were played and refreshments served.

Invited guests, included Miss Linda Scott, Miss Edith Verity, Miss Barbara Miller, Miss Pat Miller, Mrs. F. E. Gibbs, Mrs. C. G. McDougald, Mrs. W. W. Davis, Mrs. Elizabeth Halvorson, Mrs. C. F. Miller, Mrs. E. L. Miller, Mrs. Alan Butler, Mrs. Simon Buddingh, Mrs. L. M. Embree, Mrs. E. H. Joy, Mrs. T. H. Joy and Mrs. John Bendig.

Mrs. Arthur Bombardier, Mrs. D. V. Fisher, Mrs. R. H. Smith, Mrs. G. A. Wardie and Mrs R. L. Miller.

COUNCIL BRIEFS

The Summerland Council had as guests Tuesday evening, leader Mrs. Sandy Fenwick and seven of the Summerland Company of Rangers.

They sat throughout most of the meeting.

The irrigation court of review was held with the following results: John Dunn reduced irrigation acreage by one acre; Walter Toevs had three lots near Trout Creek bridge changed to the block charge; the same thing was granted D. J. Spalding on four lots and Geo. Weber on two lots.

Councillor Hill said the municipal crew had finished an approach to the Brambley property and picked up many of the rocks and everyone concerned was satisfied.

Unauthorized signs will be taken down and anyone wishing a highway sign will have to apply to the municipal office. A finger type sign will be used of "reasonable size" and each application will be considered individually.

It was intimated that they would be in the form of directional signs, not of the commercial type.

The Chamber of Commerce asked Councillor Hill if Summerland would indicate the population on their signs to signify, by the amount of people living in the municipality, what services may be offered.

The Girl Guides were given permission to sell cookies in town Saturday, May 6 and the Hospital Society may hold their Tag Day Saturday, May 13.

The South Okanagan Health Unit has inspected the old hospital for a residence for the care of the aged.

They suggested that only the main floor be used for residential rooms and that an additional bathroom be provided in the

Lorraine Irvine, President of the Summerland Scandinavian Club is seen presenting a cheque for \$512.00 to Frank Haar, who is appearing on behalf of the Summerland Hospital Society. The presentation took place in the IOOF Hall during the Scandinavian Club's dance Saturday night. The Centennial Theme was used to decorate the hall. The Canadian Coat of Arms is seen in the background. All provinces Coats of Arms were also on display.

west wing. Redecoration, hand grips in bathrooms, new floor covering at some locations were suggested.

"Who is to finance these changes?" Barkwill asked.

Holmes said they are trying to find out what standards are necessary and they will go from there but said the reports are slow coming in.

Summerland town band for Centennial celebrations

For two and a half years Summerland has been without a Town Band. Owing to lack of interest the Band was retired and instruments and uniforms put into storage. But the

spirit is not lost — in this Centennial year the Band is being formed once more to provide a background of music at the Centennial celebrations in July.

Most of the former members got together for the first of a series of rehearsals to prepare for the limited number of performances planned. The number attending and the balance of instruments was satisfactory, and the sound produced was a pleasant surprise for Bandmaster Jim Grinder.

Although every effort has been made to contact all of the former members it is inevitable that someone has been missed. If so, the band would like to correct the omission and extend an invitation to all former Summerland bandsmen to attend the rehearsals in the high school auditorium at 8 p.m. on Wednesday.

High of 55 degrees

Spring seems on its way, as the month of March recorded 157.9 hours of sunshine in the Summerland district.

The highest temperature for the month was 55 degrees on March 8th, and lowest on March 4 and 11.

Average maximum was 46, mean minimum 31 with average temperature of 38.37.

These figures were released this week by the research station here.

Mrs. J. Roxborough, Vancouver, owner of a home and property on the lake at Trout Creek Point and Mr. Vern Johnston attended council expressing grave concern about condition of the beach and wanted a co-operative effort to do something about it.

The water is at a very low point, and without realizing they were infringing on anyone, they had started to open an access from their property to deeper water, with the idea that the water would flow onto the beach. Alarmed neighbors telephoned the municipal office and they were stopped.

They had letters signed by all but three homeowners stating they would be willing to co-operate in a project to increase the beach. They were from people living between the Frank Haar residence to Laidlaws. Two of the people could not be contacted by Mr. Johnston Tuesday, and the other conferred with Gordon Smith.

Johnston said they had checked and at the present time one can walk out in the water, and suddenly it drops off to a depth of 300 feet.

He said although they are taxed on waterfront property, the use is not there for swimming, boating or even sitting on the beach and it should be

attended immediately. He said there is a pollution problem developing.

Holmes agreed and said he heard one resident say they could not sit out in the patio for the smell from the lake.

Johnston said he believes the reason for the condition is the promontory extending into the water just north of the Haar property, and a four ft. channel beside it which is stopping water action to the south.

He said he understood the municipality had an access out into the lake that extended to the end of the promontory and suggested it be removed because it was apparently put in without council's blessing.

Council pointed out they have no foreshore authority but have been trying to get it for three or four years.

Johnston said an existing irrigation flume is the cause of silt coming on the beach as well.

He said he understood Rumballs had put a "spit" out in the lake that caused trouble for his neighbors to the south, but when found it was doing harm he took it out and now has "happy neighbors".

He suggested that a 1 to 10 slope may be an answer and to remove two sand bars that are surrounded by water but now exposed.

Superintendent Blagborne who has worked with Johnston on this, said the suggestion was reasonable and said they should work with the land department. He estimated the lake will be low for another month then it will rise quickly. Johnston and Blagborne will investigate.

Suggestions for tree program wanted

Mrs. Katy Madsen in a letter to council expressed concern about the number of trees being cut in the municipality, and asked council Tuesday to embark on a tree planting program.

Reeve Holmes said there have been many replanted in the parks, more than have been destroyed and better varieties.

Barkwill said he did not like trees cut down either, but asked that more constructive criticism be given by letter writers. Mrs. Madsen will be written, asking for "constructive suggestions" in the planting of trees.

"Let's ask for suggestions", Reeve Holmes said and recalled one time when an old tree fell and almost struck a tent. "We have to watch them when they start to rot."

"We don't get any advertising when they are planted", the Reeve went on. "we have replaced more than we have cut down."

Under The Giant's Head

By KEITH BERGH

I wonder what Clarence Lackey of the Yacht Club had to say about the pollution problem at council Tuesday night — or better yet I wonder what council is going to do about it? ... We scribes didn't get a chance to find out. At the suggestion of Councillors Barkwill and Hill, they went into committee.

Pollution isn't coming to Summerland — it's here. Possibly not to any great degree, but here it is and it will be more serious if someone doesn't do something about it. ... Possibly council has or will do something about it, but this we can't make public if the problems — so vital to the public — are discussed in closed session. There is power in the press — we are not enemies of council. I take responsibility myself for not doing more about the situation. Through the press it is brought to the attention of people

in government who are conscious of what the reporters are saying. As far as I know, possibly they don't know Summerland council is alarmed. It is quite true, and it is made plain that foreshore is not their responsibility, nor have they authority regarding legislation off foreshore — but who is going to show leadership and seek action if council doesn't? The Yacht Club? A hell of a good organization but I doubt if they will pack much weight in higher government circles.

Bob Evans has decided he'll stick with banking. He took Mac Butler's spot behind the wheel of the NOCA Dairy truck while Mac and his new wife Darlene were away on their honeymoon. ... Not that Bob is chicken or anything like that, but those milk cases got a little heavy by 10:00 a.m. when they had to be lifted out of the

truck — waist straight up and out. 'Tis a little heavier than a ball point pen. I am sure I'd have lasted about two lifts.

The Seventh-day Adventist congregation is cleaning up its yard around the premises and it looks like it will become a real credit to the community. With Giant's Head Park opening this summer — their property will really be on display.

It would seem there are few in Summerland who want to take up the challenge of the Klansmen Club by getting in on their beard growing contest. Course many of their own members are not participating which may be a factor ... so beard growing is not the thing for many — but everybody didn't grow beards in the olden days either. We hope everyone dresses. Please turn to Page 4, see "Giant's Head"

Ann Davies of Summerland presented with two 4-H honors

OKANAGAN FALLS — 4-H Club members from Summerland, Penicton, Oliver and Okanagan Falls, attended the regular monthly meeting in the Community Hall here Sunday, April 2, with Roland Dunn of Summerland chairing the meeting.

Ann Davies, Summerland, was presented with two certificates, one for public speaking at Cranbrook where she placed second, and the other one for passing a senior 4-H exam. The presentation was made by Ray Thomas, club leader.

Field days will be held Saturday, May 13 at Shingle Creek Ranch and on May 27 at Rock Creek.

After the business meeting, members adjourned to Lloyd Chapman's corrals, where a calf judging competition was held. Members taking part in this and to whom the 11-month-old calves belonged were Grant Thompson, Brian Thomas, Beverly Duncan and Luana Chapman. Supervising the judging and giving the final decision

NEGRO POPULATION

Negroes accounted for about 19 million, or approximately one-tenth of the U.S. population.

was assistant leader, Barry Rogers, Shingle Creek Ranch.

CLOSE TO SHOPPING

2 bedrooms plus extra bedroom space, full cabinet 14' x 11' kitchen, part basement. This well kept home is located close to schools and all facilities and is on a 60' x 176' level lot. Taxes only \$18.66 after H. O. Grant. Full asking price \$8,000 with \$2,000 or close offer as a down payment.

THIS PROPERTY WILL QUALIFY FOR THE PROVINCIAL HOME ACQUISITION GRANT. FULL PARTICULARS FROM:

TOM CAMPBELL, Evenings, Ph. 494-8044 — Summerland.

GIANT'S HEAD
(continued from Page 1)

ses in gay nineties costume on July 1st though.

Our hats are off to the municipal crew for gates they made in the shops during the winter. I mean the gates at the entrance to Giant's Head Park. They are dandy. A real credit to the project.

Eddie Lloyd is a good natured chap. But I am working hard to reverse that—at least I did last week. Mind you, it was not too bad—we got two of his real estate listings out of five right in last week's ad. He had a tough time explaining that a \$9 000 house was actually \$17-900.

Another winner of the "Irish Horse Derby" is from Summerland. That's two races in a row. I got \$300 last time and understand Herb Adams is going to get considerably more loot this round. Nice going Herb, nothing like bringing the chickens home to roost.

Some of the Peachland ladies are coming to Summerland on Saturday — in full Centennial dress. About a dozen of them I understand. What for? They just want to thank Summerland for the support they received on their Centennial day—and this is their way of doing it. Nice, eh?

LETTER

Exception taken to statement

Editor, Review-Bulletin,
Sir:

I was flabbergasted at the statement made by Councillor Barkwill at the council meeting last week about Standard Oil not living up to its obligations regarding property they own located just south of 5 Corner Service in Summerland.

I happen to know they have had opportunities to sell this land on two or three different occasions but because they did not feel the proposed businesses were of a type that would be a credit to the municipality they did not do so.

Having dealt with Standard for over 20 years we have found the mto be most cooperative in every way and I think they should have been contacted before such a public statement was made.

Attitudes such as this are possibly reason Summerland is not keeping up with the rest of the valley in industrial expansion.

Between L. A. Smith and myself we hold the first option on the property and I am sure by now we would have developed this property ourselves if we would have had co-operation from council when we first wanted to build at 5 Corners Service.

Brian Taylor top shooter

The Summerland Sporting Rifle Club, in the basement of Albert's Sport Shop, held the Junior wind-up shoot of the season Friday, with Brian Taylor walking off with top honors.

High aggregate for the season was Brian Taylor with a score of 2045-73x.

In second place, Lynne Shannon with 1982-50x.

Third place was Barry Harrison with 1566-24x.

Fourth went to Bryan Faasse, 1046-17x.

High score for the evening shoot was taken by Lynne Shannon — 99-4x.

Brian Taylor and Larry Dunsdon had to shoot off for second place, with Brian edging Larry out by one point.

No. 1 squad took top place in the games shoot. The sharpshooters in this team were: John Irvine, Lynne Shannon, Eunice Dunsdon, Brian Taylor, David Dunsdon, Gerry Huva.

The exciting evening ended with refreshments served by Wanda Coffey and Ev. Shannon.

The senior wind-up shoot was held Saturday with Harold Richardson and Louise Atkin-

son in first place.

Harold Richardson was high man with a perfect score of 300 out of 300, 19x out of 30.

Louise Atkinson topped the ladies with a 291-15x.

Jim Doherty and Len Shannon were neck and neck for second place, Jim with a 297-21x, Len with 297-18x.

Carol Shannon took the second high for ladies with 289-12x. The Shannon family did it again! The youngest member of the family, Lynne, competing with the adults, took third high for the ladies. Congratulations, Lynne!

High team for the evening was No. 1 squad as follows:

Alex Kalinin, Roy Bertram, Pat Burbee, Allan Schindell, Louise Atkinson, Carol Shannon—total agg. 1705-65x.

The consolation prizes were won by Lynn Dronsfield and Alex. Kalinin.

A buckskin case was raffled off during the evening and was won by Pat Burbee.

Wanda Coffey was given a vote of thanks and presented with a box of chocolates for her many kindnesses in helping with the shoots.

Arthur Turnbull awarded Canon Morris Scholarship

The President, and the Dean and Faculty of King's College, announced that Reverend Arthur Turnbull has been awarded the Canon W. S. H. Morris Scholarship. This scholarship was founded by Robert H. Morris, MD, of Boston, the present Chancellor of the University, in memory of Canon Morris his father, a graduate of the college, a scholar and parish priest in the Diocese of Nova Scotia for forty years. Its purpose is to enable the recipient to travel and; or study in Britain, the United States, or some other area outside the Atlantic provinces of Canada. On his return from abroad he is expected to serve for at least three years in the Atlantic area of the Anglican Church.

(Rev. Turnbull is the son of Mrs. Viola Turnbull and the late Mr. David Turnbull of Summerland.

COUNTY PARISH

Reverend Mr. Turnbull is both a student at King's and Deacon-in-charge of the Anglican Parish in the Herring Cove area. He was born, and received his early education, in British Columbia. In 1956 he joined the Canadian Army, and served with field units at Camp Gagetown from 1959 to 1963, in which latter year he entered King's College Divinity School. During his years at King's, Mr. Turnbull has been an active member of the Theological Society, and of King's Missionary Society. In 1964 he represented the Divinity School at the Canadian Theological Students' Conference in Montreal; and has been active with the Halifax Theological Students' Committee since its founding in 1965.

Under the pastoral training program of the college he served two years at All Saints Cathedral, and after being ordained deacon in May 1966 by Bishop Davis, he was placed in the Parish of Baddeck for the summer. In September, he was sent to the Parish of St. James, Her-

ring Cove, where he presently resides with his wife and two children.

Mr. Turnbull's special interests are directed toward family and home concerns; ecumenical relations; and the church's role in the modern world.

INDIAN DANCERS in strange masks swayed slowly to the deliberate beat of the Raven dance as an exquisitely carved 71-foot high totem pole was unveiled last week at the 1967 World Exhibition's Indians of Canada pavilion. The colorful Kwakiutl ceremony was per-

formed before Expo 67 Commissioner General, Pierre Dupuy; Minister of Indian Affairs, Arthur Laing; Indians of Canada pavilion Commissioner General, Chief Andrew Tanahokate Delisle and a crowd of attractive Indian hostesses, press and other officials.

Hockey banquet well attended

By Ron Kostelniuk

The annual Summerland Minor Hockey Association banquet was held Saturday night at the Youth Center with about 200 in attendance.

Head table guests included Rev. N. Tannar, representing Kiwanis; Doug Hill, representing Council Gordon Beggs, the past president of Minor Hockey Association; Gordon Day, representing Kinsmen; Charles Greenhough, representing Rotary; Jack Towgood, and Ken Anderson, president of the Minor Hockey Association.

Raffle winners were Betty Haddrell, first prize; Jack Raincock, second; Billy May, third; Allan Fisher, fourth; Beryle Flebbe, fifth; and Jim Haddrell, sixth.

Trophy winners were, for Gr. 1, Danny McAdam. Paul Roberge presented the trophy to Danny. Bob Rogers presented the Gr. 2 trophies to Tim Hill and Ian MacIntosh. Jim Campbell and Jim Haddrell presented the Atoms trophies to Mike Winter and Jim MacInnes; Frank Kuroda and Don Herminston presented the Pups trophies to John Irving and Randy Beggs. These trophies were for being the most improved players.

Trophies representing the "most valuable" players to their teams were presented. In Pee Wees, Elton Knuff and Frank Kuroda presented the trophies to Alvin Smith and Kenny Kuroda. In Bantoms, Dennis Nield presented the trophies to Gordon Flebbe and Jackie Bullock. Dave Hill was named winner by Don Wertz in Midgets. In Juveniles, president Anderson presented the trophy to Wayne Campbell and Jim Haddrell. Each player will share it for six months.

The Hankins trophy to the captain of the winning Pee Wees was presented to Bruce Gartrell by Elton Knuff. For the Bantoms it was presented to Ken Haddrell by Dennis Nield.

After the supper, Jack Towgood presented slides taken

Yacht Club having problems but discussed in committee

of the Summerland Yacht Club and vice-commodore Vic Smith told council of their future plans Tuesday night.

Schuman said they are in the process of improving the boat ramp and grounds.

He said they are getting one of their members to do the work with his equipment at a cost of \$300. One hundred dollars of this will be paid by giving him a life membership to the club.

They are opening a channel with a dragline because of the gradual fill-in by silt over the past three years. The same job was done three years ago.

Schuman said they realized that this would only be a temporary measure, but it was all they could afford at this time.

He asked council to assist in labor, materials and equipment this year in lieu of the usual grant of \$250. The matter will be referred to the budget.

The Commodore said they have an active board of directors, and hope to make good progress this year and end up "on the favorable side of the ledger."

A proper or a more permanent job would have to be done with a dredge and Superintendent Blagborne indicated there may be a possibility of one com-

ing to the area but recommended the action proposed by the club now would be advisable at this time.

Reeve Holmes said council should support the Yacht Club, because the ramp is used a lot by the general public, and without the ramp it means lost revenue for the Yacht Club.

A letter from the District Marine Agent asked if the municipality wished to renew the lease of the breakwater at the Yacht Club. This was done for a rate of 15% of moorage rental.

POLLUTION DANGER

Clarence Lackey, representing the Yacht Club expressed concern regarding the "scum" forming in the lake at that point and suggested there is a pollution problem.

He said boat owners have been taking their boats out of moorage for the last three years and if the situation is not stopped "we will never get rid of it except by physically hauling it out".

Reeve Holmes suggested he write pollution authorities in Victoria but before any conclusion was reached Councillor Barkwill said it should be discussed in committee so they could speak with more freedom. The press was not included in further discussions.

Fair standards discussed at Peachland Fair meeting

PEACHLAND — The Fall Fair Committee met last week at the home of Mrs. E. Sutherland. Judges are now being selected for the fruit division of the Fall Fair.

List of prizes received so far exceeds last year's and will be indicated on the new Fair list. Mrs. J. Hinter was appointed

when he was in Keyna. He showed different aspects of the country, including animals, mountains, tribes, cities, and other phases of Africa. The colour slides were informative and fascinating to watch.

entertainment chairman. It was suggested more use of local talent be made this year. Since it is Centennial year and the Fall Fair's fiftieth anniversary, all committee members and public in general may be asked to wear old-style costume. It was also felt that refreshments be served cafeteria style and all will be asked to bring old-fashioned home making items for a display. All these suggestions will be studied further.

Next meeting will be held at the Sutherland home Tuesday, May 2, 8 p.m. when fund raising projects will be discussed.

THE GATE TO GIANT'S HEAD PARK is a dandy. Many hours were spent on it during the winter months by the municipal crews. Dogwoods are white with red centres. The two Centennial symbols on each gate are gold and the gate itself black. The posts and aprons are made from native stone.

BRIDGE RESULTS

Monday night was Master point night for the Summerland Bridge Club. Twelve tables took part.

North-south: 1. Mr. and Mrs. R. Crosby; 2. Gordon Hepperle and R. G. Phelps; 3. Mrs. Edna Hall and Mrs. Ella Chamberlain; 4. Mrs. Paerl Lackey and Mrs. Doreen Moore; 5. Mrs. Iras Gartrell and Bill Hepperle;

East-west: 1. Mr. and Mrs. Dennis Purcell; 2. Mr. and Mrs. Ray Stewart; 3. V. Andrew and Bob Stewart; 4. W. G. Evans and J. T. Garraway; 5. Tony Holler and Frank Brodie.

Unit Bridge play was held in Vernon Sunday, April 9 with 15 tables taking part. There were two sections:

RED, North-south: 1. W. G. Coventry and K. Fifer, Kamloops; 2. Mrs. G. Thominson and Mrs. C. Stalker, Revelstoke; 3. Mr. and Mrs. C. H. Michelson, Vernon;

East-west: 1. Mrs. H. Genier and Mrs. B. Chrisholm, Vernon; 2. Mr. and Mrs. R. H. Bowman, Kelowna; 3. Mr. and Mrs. E. Field, Kelowna;

Green, North-south: 1. Mr. and Mrs. Ray Stewart, Penticton; 2. Bill Hepperle, Summerland and A. G. Hampson, Kelowna; 3. V. Andrew and R. Stewart, Kelowna; tied with Mr. and Mrs. Tom Hyde, Armstrong.

East-west: 1. Mr. and Mrs. G. Holmes, Kelowna; 2. Mr. and Mrs. S. Baillie, Vernon; 3. Mr. and Mrs. Dennis Purcell, Kelowna.

In Penticton April 6 results of six tables were as follows.

North-south: J. Garraway and W. Evans; Bert Berry and Jack Lockie; Frank Brodie and H. Derby;

East-west: Mr. and Mrs. Ed May; Mrs. H. Stromberg and Mrs. T. W. Hall; Mrs. Frank Brodie and Mrs. J. Campbell.

Friday night, the team of fours for Vernon was won by Mr. and Mrs. Dennis Purcell, first; and Bill Hepperle and Jack Garraway, second.

The Summerland group will celebrate their third birthday on April 24 and they will host a visitors night May 1 when all visitors will be welcomed.

There will be no charge made of visitors that evening.

Ed's 'Dark Horses' declared champs of mixed bowling league

By Ron Kostelniuk

In Mixed League bowling playoffs held last week, a "dark horse" team—Ed's Radio came out on top to win the league championship. Hasbeens of Wednesday group, and Tuesday's "Splinters" came in second and third. The champs of Monday, came up with 3742 total pins in three games, including a 300 by Ed Antonovitch; Hasbeens had 3263; and Splinters 3121. The Champs finished last in regular season play.

The champs knocked off Mad 5 while Narod were knocking off Hilltoppers in Monday playoffs. They then proceeded to upset Narod.

Splinters knocked off 5-Star, while Keglers upset Greenwood Cleaners before losing out to the Splinters in Tuesday playoffs.

Hasbeens eliminated Vendors and Mac's knocked off Bud's before bowling out to last year's champs in Wednesday playoffs.

Members of the championship team included Bernie Robert, Barb Robert, Elsie Antonovitch, Sharon Graham, and Ed Antonovitch. Members of the Hasbeens are Terry Farrow, Jean Harrison, Lou Flebbe, Beryle Flyebbe, and Ernie Harrison. Members of the Splinters include Jim Club, Bev Utter-

hagen, Lorna Hill, Jean Smith, and Don Tait. Joyce Dickinson spared for Smith. The finals were held April 7.

Ladies' League regular season ended with Tiger Tails winning the pennant. Allsorts finished in the runner-up spot; Mojoes in third; with three teams deadlocked for third. In the second division, Sugar Plums finished on top. Lollipopers jumped from 11th to a 9th place tie with Wagonwheels. Jaw Breakers were unable to escape the cellar.

Playoffs begin this week with the top six teams and the bottom six rolling off. Winners of each league will roll off for the grand championship. Here are the final standings of Ladies' League:

Tiger Tails	32
Allsorts	29
Mojoes	27
Candy Kisses	23
Cool Mints	26
Smarties	26
Sugar Plums	23
Humbugs	21
Wagon Wheels	15
Lollipopers	15
Lemon Sours	13
Jaw Breakers	11

High single and high three: Ann Bloomfield 273, 682. high team: Tiger Tails 2257.

First Okanagan showing of family life film in Peachland tonight

PEACHLAND — by Brenda Davies — Rev. Dr. R. D. Mitchell announced that the Peachland and District Chamber of Commerce has made all arrangements to show the Health Dept's Family life and education films, at 8 p.m. on Thursday the 13th of April in the Peachland Athletic Hall. Invitations have been sent to parents of children attending both Peachland and Westbank Schools. All other interested adults are also invited to attend.

The two films to be shown, "Boy to Man", "Girl to Woman", will take over 40 minutes time. This will be the first time these films have been viewed in the valley, and they deal with adolescence and the problems of growing up. After the showing a panel discussion will be held with members of the medical and teaching professions on hand to answer questions.

Scandinavian Club presents cheque for Hospital Society

The Summerland Hospital Society received a cheque from the Summerland Scandinavian Club Saturday night during their dance.

It was accepted by Summerland Hospital Society Vice-President, Frank Haar from Lorraine Irvine, President of the Club.

The money was raised through catering and dances that are attended by people from Kamloops to the Boarder. Mr. Haar had warm praise for the organization and thanked them for their excellent community spirit.

Mrs. Irvine said this is the second such donation they have made in Summerland. A similar amount was given to Parkdale Place at the time of construction.

SUMMERLAND Review — 7

Thursday, April 13, 1967

Only two months to go

Peachland have issued a challenge to Summerland without saying a single word — only with their enthusiasm and good spirit.

Those who attended their Centennial play will know what is meant — and incidentally it was done on a very limited budget too.

The budget, in the main consisted of some six hundred people who entered into the spirit of their centennial months ago and enthusiasm increased as the weeks went by to a great climax on April 1st. They are to be congratulated for a very good show. We know they enjoyed themselves and they are rest assured that their visitors did also.

Summerland's big day is just two and a half months away. The work on the park and road must be completed by June 15 because Ken Blagborne and his crew are going to have the road all oiled at that time and needs two weeks to soak in.

Summerland Centennial Committee got all excited at their meeting last week and things are piling up so fast they feel they will have to meet every week from now until July 1.

There are many organizations involved working towards their respective goals. There are groups such as the Centennial

Choir, Summerland Players and the Summerland Band who have organized, or possibly it would be more fair to say, reorganized to provide entertainment previous to and during the celebrations.

Service clubs, ladies organizations, lodges are all pitching in, doing their various designated tasks. All these involve, in total, hundreds of people. The Municipality and municipal staff have bent over backwards to help.

Programs have been arranged by the Centennial committee, in co-operation with respective groups. These will all receive wide publicity — and the admission, in most cases is free.

Your Centennial Committee want the participation of every citizen in Summerland, if not with willing hands, with moral support, encouragement and attendance to the various functions they will sponsor.

What is very important as far as participating organizations are concerned, is that there are only two months left to get our park all ready for the big day. Being human, we tend to leave too much until the last minute — and that last minute comes faster than we would like it to at times. Guess it is time for us all to get cracking.

FROM OUR FILES . . .

2 YEARS AGO

Miss Edith Bristow returned home Friday from Nakusp and she and her mother left Saturday noon for a visit to the coast.

Mr. Jack Harris spent Easter at his home here, having motored over from Princeton where he is employed in the bank.

Mrs. R. M. Ross went over to Castlebar on Tuesday, where she will visit for a time with her son and wife, Mr. and Mrs. George Ross.

Miss Marion Beavis and Miss League, teachers at the Kelowna school, are spending a few days at the home of the former. They plan to attend the convention at Penticton.

Miss Kathleen Brown is spending the Easter vacation at her home here.

Mr. and Mrs. V. M. Lockwood and family will move to their ranch in Garnett Valley next week.

Miss Dorothy Solly came in last Sunday to spend the holidays with her people.

Miss Elva Pirie is spending the Easter

vacation here with Miss Stella Wilson. Miss Pirie is now living in Kelowna.

41 YEARS AGO

Mrs. J. W. Rutherford and her sister, Miss Andrew, left on Thursday for a holiday at the Coast.

Mrs. M. Tait went out on Sunday to Duncan, B.C. for a holiday.

Mr. Cammie McAlpine arrived from Vancouver to spend a few days in town.

George Dewar came in from the Coast last Sunday to spend the week at his home here. He leaves again this Sunday to join a survey party and timber cruise to the Queen Charlotte Islands.

Mr. and Mrs. Stevenson have moved into the house recently vacated by Mr. and Mrs. A. Walden.

Miss M. Parmley of Penticton was a guest of Miss G. Shields on Sunday.

Mr. W. White went out to Vancouver to join Jimmy Gibbons and drive back some time next week.

ORCHARD RUN by Wally Smith Check for shrinking acres

Steady loss of fruit land to industrial and housing development in the Niagara peninsula is causing great concern to farmers, government officials, and economists in the province of Ontario.

The same problem, now developing in the Okanagan will reach serious proportions in a few years.

While good orchard land is being eaten away by this feature of "progress," the planners guiding the fortunes of our newly created regional district are preparing some guide lines although at present there is nothing they can do to stop it.

The trouble with this kind of planning is that it's all for the benefit of the own or village which will grow and expand into the rural area.

The planners have control over the sub-dividing of farm land for housing or commercial projects, and they want to make sure such subdividing, if allowed, will not be spread all over the map, and will fit in with the town's present street plans and service facilities.

Parks and playgrounds also come within the scope of the planners.

This planning is all to the good as far as the urban area is concerned, but there seems little prospect of the farm area reaping any benefit.

In Ontario's Niagara peninsula and in other densely populated areas the general pattern follows a steady erosion of farm lands as housing and industrial projects grow and spread. This results in heavier taxes on farm lands as the area fills up with more people and more facilities to serve them — facilities not needed in the production of farm crops.

This sort of thing adds to the farmer's expenses, but it does nothing to increase his production or to add a dollar to the net returns from his fruit.

It may be true the assessed dollar value of his farm has increased but this is only for taxation purposes.

A few whose land is adjacent to the town may be fortunate in being permitted to subdivide and sell lots at a profitable figure. The grower whose land is zoned as farm land is not allowed to subdivide.

He can sell it only as a farm, and his chance of doing so grows less and less as taxes go up with increased assessment and consequent lower net farm returns. He's stuck with it.

This is happening elsewhere and it could happen in the Okanagan unless something is done along the lines suggested by Robt. Nixon, opposition leader in the Ontario legislature.

He suggested that some agency should be established with power and authority to buy top farm land as it is put on the market, and rent it for agricultural purposes to save it from residential, commercial, and industrial purposes.

A monthly farm paper, The Grower, published in Toronto, has been advocating such a move for years.

I think most people will agree it is in the interest of the general public to preserve such farm land. Since the public stands to gain, the government is the proper body to institute & operate a preservation plan.

There doesn't seem to be any other way it can be done.

12 simple suggestions for spray & dust safety

Today's agricultural chemicals are made to provide a maximum of safety both to growers and to consumers. Like all tools however, care must be used in handling them.

These simple rules are published in the interest of maximum safety in the use of sprays and dusts for the control of agricultural pests.

1. Always read the label before using sprays or dusts. Note warnings and cautions each time before opening the containers.

2. Keep sprays and dusts out of the reach of children, pets and irresponsible people. They should be stored outside of the home, away from food and feed, and under lock and key.

3. Always store sprays and dusts in original containers and keep them tightly closed. Never keep them in anything but the original container.

4. Never smoke while spraying or dusting

5. Avoid inhaling sprays or dusts. When directed on the label, wear protective cloth-

ing and mask.

6. Do not spill sprays or dusts on the skin or clothing. If they are spilled, remove contaminated clothing IMMEDIATELY and wash thoroughly.

7. Wash hands and face and change to clean clothing after spraying or dusting. Also wash clothing each day before reuse.

8. Cover food and water containers when treating around livestock or pet areas. Do not contaminate fish ponds.

9. Use separate equipment for applying hormone-type herbicides in order to avoid accidental injury to susceptible plants.

10. Always dispose of empty containers so that they pose no hazard to humans, animals or valuable plants.

11. Observe label directions and cautions to keep residues on edible portions of plants within the limits permitted by law.

12. If symptoms of illness occur during or shortly after spraying or dusting, call a physician or get the patient to hospital immediately.

College Council waits new members

By KEITH BERGH
 KELOWNA — (Special): Although there was opposition from Okanagan Regional College Council member Alan Mickelson, the architects were given the green light to go ahead with all their plans for a new college up to the point where the actual site will make a difference. This was decided at their monthly meeting here on Monday evening.

Mickelson said this money should not be spent until they are sure they are going to have a Regional College and where.

Chas. Finch, Keremeos, pointed out that the government would not authorize any grants until sketch plans are made and they couldn't hold a referendum until all the facts are known.

Jas. Miltimore made the motion to go ahead with the architect's work to a point where the actual site must be involved.

School Superintendent F. J. Orme refrained from voting because he wanted to know if they were going to a referendum or not.

College President Norman Walker said they are making arrangements to meet with the mayors in the valley but some factors need to be sorted out to find a common ground for discussion.

Recent legislation permits eight new members to the council. These will be appointed by the Lieut-Governor in Council. Council will ask that a variety of people from indus-

try, labor, commerce, or professions be selected but they will not make recommendations as to who these people should be.

The lease payment of \$5,000 which was due April 1 was authorized to be paid. This will be valid until December 31st, 1967.

When the expanded council is formed, the executive committee said another look at the site should be made by a committee comprised mainly of new members.

Although this met with some opposition, Mr. Miltimore said more experienced members would no doubt come up with the same site while new councillors would re-appraise the situation.

Chairman Venables said there have been suggested second parties "getting a rake-off" on their real estate dealings.

"We deal directly with the Westbank syndicate which consists of 12 Indians", he said. "There is no one else involved".

PENTICTON A MUST
 Walker said Minister of Education Leslie Peterson indicated strongly that Penticton must be in before his department would authorize another plebiscite.

Penticton Trustee King was a guest and said the attitude had not changed in Penticton and that they are waiting for facts and figures. He said he wasn't criticizing; and realized there was much to do and was glad the college council was making progress.

Mrs. R. Moore was appointed part-time information officer. She will release news to the press between meetings.

Finch said they think part of the reason for failure of the last referendum was because they did not let the public know enough of what they were doing.

Mickelson thought it to be a waste of money.

Venables pointed out there was not much that could be done until the new members of council are appointed and urged Hon. Pat Jordan, Minister Without Portfolio, who sat in on the meeting, to do what she

could to have these members appointed as soon as possible. (The Minister of Education is away and will not return to Victoria until April 24 so nothing will be done before that time)

Chairman Venables told King they will give Penticton full priority when a complete council is appointed.

Pension, group life insurance and medical plans for present and future staff were discussed. Only one, the medical plan under MSA was approved.

The next meeting will be held May 8, possibly in larger quarters. The present board room was packed to the door at this week's meeting.

New light user regulations

When the new light rate by-law takes effect, the bills will be payable at the same time, but they will also be subject to service being cut off if not paid. In the past, service could be discontinued one month later.

This was revealed at Tuesday's council meeting, but Municipal Clerk Gordon Smith said customers will be warned by letter first.

"It will give landlords a better check on tenants", he said.

As the billing is now, users are given a discount if paid by the 20th of the month following service. In the future they will be billed on the discount rate, but have to pay a penalty if it is not paid by due date. This amounts to the same thing as far as the customer is concerned but the new method was adopted to suit their new book-keeping system.

Connection deposits will remain the same at \$10, but if the user has an electric range, it will be increased to \$15.

Meter checks were raised from \$2 to \$4. This means taking the meter out and often a trip to Penticton and reinstallation. If the meter is found to be faulty, the money is refunded.

LET'S GET NEWSY . . .

Mrs. Arthur O'Keefe, North Surrey, was a recent guest of Mr. and Mrs. Villeneuve.

Mr. and Mrs. Villeneuve were in Abbotsford to attend the wedding of Const. G. S. Bryce. While there, they were entertained by Mr. and Mrs. Lawrence Rempel, Mr. and Mrs. Gordon Bryce, Mr. and Mrs. Alex Buckowski, Mr. and Mrs. Wm. Sim, and Mrs. L. M. Gilbratti.

College council claim no guilt regarding statements

The Vernon College Committee has demanded a public apology of the Okanagan Regional College Council as a result of statements made to press and radio by chairman Frank Venables following the December referendum. This was disclosed at the monthly meeting of the council Monday in Kelowna.

The council took the attitude that it was not guilty of any statements directed to anyone that were damaging in any way and was not prepared to speak for any individual member of the council.

"To apologize would admit our guilt", one member argued. As a result, the following motion was passed.

"This Council has not held in the past, does not hold now and does not intend to hold in the future, has never expressed and does not intend to express any person or persons or organizations or committees of organizations who have or have not expressed views on the proposed Okanagan Regional College or the Okanagan Regional College Council.

"The Okanagan Regional College Council fully understands and respects the democratic right of any persons or organizations to express their views.

"Because of this the Okanagan Regional College Council does not understand that it is under any obligation to take any further action."

Drama Club's "Gaslight Gaieties" well presented

By Ron Kostelniuk
 On the 7th at the High School Auditorium, the Secondary

School Drama Club presented their program, "Gaslight Gaieties" to a large crowd.

Featured were the Drama Club, The Grannies, and the Centennial Belles Sue Lopatecki and Marlene Charles.

The program opened with a two act play, "The Tenth Word", showing scenes of 1812 and 1967. The play showed the different views and ideas over the two periods of time. Tanya Ryga was especially good. Others playing main parts were Sandra Dunn, Joan Holler, Lillian Tucker, Ann Ganzeveld, and Jane Foster.

After intermission, "One Hundred Years of Song and Dance" was enjoyed. Songs from the pre-1900's; Hungry Years, Second World War and the Fifties were presented. Tony Holler sang the Elvis Presley hit "Love Me Tender" and Sue Lopatecki and Marlene Charles did the Charleston and Go-Go dance acts.

At the end of the program Canada's Happy Birthday and Centennial Song were sung.

Master of ceremonies Keith King presented three Queens—Joan Holler of 1867, Rita Rusaw of 1967; and Pat Gillespie of 2067. The stage crew did an excellent job in decorating the stage and color lighting. It was a show well worth seeing.

NOTICE

Our electrical workers Union has called a strike of its members at 11:00 p.m., Tuesday, April 11.

During the strike West Kootenay Power will continue to serve its customers to the best of its ability.

Our customers will receive electricity as usual but there may be some delay in connecting new services.

West Kootenay Power and Light Company Ltd.

Fitting snugly into livingroom of modern apartment, newly developed gas-fired fireplace provides cozy warmth from decorative unit available in several colours.

Birth rate declines 6.3% in South Okanagan Health Unit

The Union Board of Health South Okanagan Unit during the year ending 1966 showed the birth rate declined by 64 births, a 6.3 per cent decrease in the entire area.

There were 123 births in School District No. 14 (Oliver-Osoyoos - Okanagan Falls) in 1966, which was equal to the number in the area in 1965. The birth rate in Canada was 19.7 during the year, and 17.2 in the Health Unit area. In 1965 there was a total of 76 illegitimate children born in the South Okanagan Health Unit while in 1966 there were 84.

The number of Indian babies born was 27 in the health unit area in 1966 and there were 13 illegitimate births.

The death rate for B.C. in 1966 was 8.8 per cent per 1,000 and for all of Canada 7.5 per cent per 1,000. The death rate for Canada was an all time low for the past 20 years.

In 1966, 621 deaths over the age of one occurred in the Health Unit in contrast to 576 in 1965. This is an increase of 7.9 per cent. The four leading causes of death were heart disease, cancer, cerebral vascular and accidents.

Golf lessons lead class attendance

An attendance report of night classes was presented to Summerland School Trustees last week.

There were 20 sewing sessions with an average attendance of 10.75; physical fitness, women 16 sessions with 10.3 taking average, Canadian history 11 sessions and an average of 31.4 students and orchard practice 18 sessions with an average of 28.9 attending.

The best record was set in the golfing department. There were six sessions with 45 taking part.

Antonovitch elected baseball president

The Summerland Minor Baseball Association took another run at their annual meeting last week and got a fair turnout, according to Past President Ray Fitzpatrick.

There were 19 parents at the meeting and four players. Registration day for the boys is Saturday, April 15 at Ed's Radio - TV.

Ed Antonovitch was named president; Frank Kuroda, vice-president; Mrs. Bob Chalmers, secretary, and Winn Potter, treasurer. Directors will be selected after registration.

Public rally at Summerland Baptist

A public rally of the Okanagan Baptist Association will be held in the Baptist Church next Monday at 8 p. m. Rev. Dan Wiebe of Nelson, Rev. Herb. Cassells of Trail, and Rev. J. C. Barton of Cranbrook will participate in the program. Moderator of the Association is Rev. Norman Hovland of Penticton.

Kelowna employment office to handle all Penticton area claims

Mr. L. T. Fraser, Regional Director of the Unemployment Insurance Commission in British Columbia and the Yukon, announced Monday that effective March 31 1967, the area serviced by the Penticton local office will be transferred to the jurisdiction of the Kelowna local office.

Mr. Fraser stated that there will be no disruption in payment of benefit to persons presently unemployed.

Car accidents in South Okanagan show increase over last year

The seven RCMP detachments in the South Okanagan Health Unit reported 1,520 accidents with 540 injuries and 29 deaths last year. Accidents increased by 326 in 1966.

In 1965 there were 66 injuries and four deaths while in '66 there were 59 injuries and one death in School District No. 14 (Oliver - Osoyoos - Okanagan Falls). The school district with a population 7,522 had 159 accidents in '65 while in 1966 there were 191.

Total property damage was estimated to be \$1,000,000 and the cost in death and injuries is estimated at a further \$2,000,000 last year in the South Okanagan Health Unit.

School District No. 77 (Summerland) with a population of 4,537 and 1,898 licensed vehicles reported 108 accidents, 51 injuries and six deaths in 1966. In 1965 there were 79 accidents, 25 injuries and only one death.

The highest accident rate in the unit was at Princeton with 140 accidents per 1,000 vehicles, and an accident rate of 4.3 per 100 accidents. Both these values were twice those observed for the whole health unit area at 56.8 and 1.9 respectively.

Dr. D. A. Clarke describes motor vehicle accidents as one of the major public health epidemics of modern times.

In his annual report to the South Okanagan Union Board of Health, the medical director said the accident rate in the health unit area is one of the highest in the western world.

IMPAIRED DRIVERS

In 1966, 238 drivers were convicted of impaired driving in the Health Unit area in contrast to 218 in 1965. (A gain of 9.2%). The Oliver area had a conviction rate of 13.5 per 1,000 crease of two convictions over

vehicles, which is twice the health unit value.

There were 4,686 impaired driver convictions in B. C. in 1966 with a rate of 5.7 per 1,000.

School District No. 77 Summerland reported five impaired driving convictions (rate per 1,000 was 2.6—lowest in the entire South Okanagan, and a decline from 1965.)

School District No. 14 (Oliver, Osoyoos, OK Falls) had 50 impaired driving convictions. The rate per 1,000 vehicles was 13.5. Total vehicle registrations 3,662). In Kelowna 94 drivers were convicted for a 5.9 rate; Penticton 70 convictions for a also a 5.9 per 1000 rate.

In 1965 School District No. 14 also reported the highest rate for impaired driving convictions (36 with a 10.9 rate, compared to a provincial rate of only 6.3 per 1,000.)

Ariel Spencers wed in Seattle

A wedding of interest to Summerland residents took place in Seattle, Wash., when Ariel Frances Spencers, daughter of Mr. and Mrs. Dan Spencers, Summerland, was united in marriage to Mr. Ewart Lynn Bowers of Seattle.

The double ring ceremony took place in the chapel of the First Methodist Church on April 1st, at 2:30 p.m. The bride who was given in marriage by her father, was lovely in a floor length crepe dress with a satin empire waist. Her net veil was of finger-tip length, and she carried a bouquet of red and white roses. The maid of honour was Mitzi Jomori, formerly of Summerland, who was gowned in a dress of pink, and carried white carnations. The best man was Richard Bowers, uncle of the groom. Music for the service was played by Maria Kjaer.

The reception was held at the home of the groom's aunt and uncle, where the bride's mother received, attired in a two-piece peach sheath, with a pink orchid corsage. Telegrams and telephone calls were received from Oregon and California. Out-of-town guests included Mr. and Mrs. Dan Spencers, and Danny of Summerland, and Miss Mitzi Jomori of Vancouver.

On their return, the happy couple will reside at 219 Belmont East, Seattle, Wash.

Canadian Weekly Newspaper Association Announces

Survey shows MacDonald School is in need of repairs

An engineering firm has made a structural survey of the old part of the Macdonald School and although the building is sound some safety measures must be taken. Before any renovations took place the school board was advised to call in an architect for guidance.

It was revealed at the board meeting last week that the open stair wells should be closed in, the wiring is very old, added to and patched in places and the heating system is not adequate.

Trustees decided to consult an architect before any decisions are made for any renovations or alterations.

The building committee had investigated costs of some improvements including new windows and panelling and shade screens in classrooms only, replacing all doors and hardware, install stair treads and insulation which came to an estimated total of \$21,500.

Building Committee chairman Bob Barkwill said classroom areas should not exceed 768 square feet but in the case of the Macdonald School eight are approximately 616 sq. ft. and two about 790 sq. ft.

"We can't use it as it is", Barkwill said, "we have been

warned."

Secretary-treasurer indicated they are in the process of preparing plans for a referendum in December.

Trustee Ken Boothe suggested they go slow on this one and said, "if it costs too much (to renovate) possibly we should build a new school."

The building committee will consult an architect and report back to the next board meeting on April 19.

"MY RESPONSIBILITY AS A CANADIAN"

Attention Secondary School Students

You Can Win Cash Prizes \$20, \$10, \$5 or A TRIP TO OTTAWA

Every citizen of a nation bears a responsibility for the conduct and welfare of his country.

There is no more important group to whom the nation should listen than to its youth. It is her young people who will decide what kind of country this Canada of ours will be in the years to come.

As a prominent statesman told the people not long ago: "As citizens of this democracy, you are the rulers and the ruled, the law-givers and the law-abiding, the beginning and the end."

Because of your importance to the nation's future, we feel it is appropriate in this centennial year, that you have an opportunity to express your views on what you think your responsibilities are to your country. And so, it is with pleasure we announce the

SUMMERLAND REVIEW BULLETIN
CENTENNIAL ESSAY CONTEST For Secondary School Students

So start today to write your essay on

"MY RESPONSIBILITY AS A CANADIAN"

The people who win will write because they have some ideas and want to express them. But for further motivation, there are prizes of \$25, \$10, and \$5 at the local level; more prizes if you win the Provincial competition and a trip to Ottawa plus more prizes for the National winner.

We'll print the best essays. Judges decisions are final.

HERE ARE THE RULES:

1. You must be attending a high school at the time the essay is submitted.
2. You may not be a member of the immediate family of an employee of this newspaper.
3. Your essay shouldn't be more than 750 words long. It would be helpful if it were typed or at least written legibly.
4. Essays must be received by this newspaper not later than April 30, 1967.

The Armorial Bearings of
THE CORPORATION OF THE DISTRICT OF SUMMERLAND
in the Province of British Columbia, Canada.

College of Arms
London

A. Colin Orr
Windsor Herald

Harry Killick no doubt has accomplished an excellent job of reproducing the new Summerland Coat of Arms recently accepted by the Summerland Municipal Council. Note the Giant's Head on the top. The pine and the fruit. All so much a part of the life of Summerland —

Photo by Killick Photography

AUDITOR'S REPORT

To the Reeve and Members of the Council,
The Corporation of the District of Summerland,
Summerland, B. C.

We have examined the balance sheet of the Corporation of the District of Summerland as at December 31, 1966 and the statement of revenue and expenditure for the year ended on that date and have obtained all the information and explanations we have required. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the accompanying balance sheet and statement of revenue and expenditure are properly drawn up in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year so as to exhibit a true and correct view of the state of the affairs of the Corporation as at December 31, 1966 and the results of its operations for the year ended on that date, according to the best of our information and explanations given to us and as shown by the books of the Corporation.

Dear Gordy: I am having a real problem trying to figure out what makes me tick. Sometimes I feel like I'm being poured into some kind of mould and I rebel. I want a real purpose in life but can't seem to find what it is. —SEVENTEEN

Dear Seventeen: Your problem is not new. We live in the "now" generation. There is the social pressure of conform and compromise. Many teens are trading goals for roles. Recently, a teen remarked, "Death is nature's way of saying slow down."

Remember the sinking of the nuclear sub "Thresher"? Scientists tell us that the pressure on the outside of the sub as greater than the pressure on the inside, therefore it collapsed.

Now, let's take a snapshot of Daniel, the teenager with a purpose!

Educated in the best schools, raised as a leader, the envy of his classmates, Daniel related every vent in his life to one, single goal.

Even when he was forced to march across burning-hot desert sands, chained arm and leg to other teen captives, he refused to compromise.

The secret of Daniels success is found in one statement: "Daniel purposed in his heart that he would not defile himself." Whether eating the king's meat or bowing down to pagan goals, Daniel's word could be counted on. He had made a vow.

With boldness he defied the king's orders, yet still found favor with the king. How? Daniel was consistent! His life proved what he said.

The king didn't agree with Daniel, but he did respect him.

Every teen can share with Daniel in his typical teenage enthusiasm. His secret was that he really believed God meant what He said.

The pressure on the inside was greater than the pressure on the outside!

New minimum wage orders announced

B. C. Minister of Labour L.R. Peterson recently announced that a Minimum Wage Order governing the Manufacturing and Mercantile Industries has been issued by the Board of Industrial Relations. The Order establishes a minimum wage of \$1.10 per hour from May 1, 1967 and \$1.25 per hour effective on May 1, 1968.

Peterson stated that the Order was issued following public hearings at which representatives of labour and management were given an opportunity to make their views known to the Board.

The minister also announced a minimum wage order governing the office occupation. The Order establishes a minimum wage of \$1.10 per hour from May 1, 1967, and \$1.25 per hour effective November 1, 1967.

Peachland News

PEACHLAND — Brian Flintoff and friend from SF University spent a weekend at the Flintoff home.

John Topham was home visiting his parents, Mr. and Mrs. C. Topham.

Visitors at Mr. and Mrs. Art Topham were their daughter and son-in-law, Mr. and Mrs. Bob Siegrist, from Kamloops.

Mr. and Mrs. R. West and two boys from Vancouver were in town to visit the former's father, Mr. Albert West.

Mrs. E. Lawley of Oliver visited Mrs. W. D. Miller.

Visitors at the J. Knoblauchs recently were Mr. and Mrs. R. Reneberg, Nakusp, and Mr. and Mrs. Oscar Knoblauch from Revelstoke.

Visitors at the Totem Inn taking in the Peachland Centennial celebrations were Mr. and Mrs. J. K. Stathers of Brenda Mines and Charlie Dean and Keith Colombo from Anak River Mines.

Mr. and Mrs. Ernie Ross and daughter Janice from Vancouver stayed at the Pin-cushion Bay while visiting the Vern Cousins. They were joined by their son Jason from Trail and the family took in the Centennial Day celebrations.

Mr. and Mrs. C. Leduke, former Peachlanders were visiting old friends and enjoying our Centennial Day festivities.

Ronnie Spackman returned to school in Calgary after visiting his aunt and uncle, Mr. and Mrs. George Smith.

Mr. and Mrs. J. K. Todd and family returned home after spending a few days visiting in Victoria and Vancouver, where Mrs. Todd attended the twenty-fifth annual re-union of her high school graduating class.

Mr. and Mrs. Paul Gluschenko and family are home again after spending a few days visiting the former's parents in Victoria.

Witnesses to gather at Vernon

Jehovah's Witnesses from Summerland will join about 1000 others from the Okanagan Boundary area this weekend in Vernon for the group's semi-annual convention for spiritual refreshment.

Mr. Ervin Felker, the presiding minister over about 50 Witnesses in the Summerland region, will act as Assistant Convention Supervisor.

"We hold these conventions regularly," said Mr. Felker, "to study the effectiveness of our public preaching activity and to discuss ways in which it can be improved. But we are not only concerned with promoting faith in God's Word among people on whom we call, we are primarily concerned with building a stronger, more enduring faith in ourselves."

"The main highlight of the convention will be the repeat showing of the colored film 'God Cannot Lie', on Sunday at 3 p.m. in the new Vernon Recreation and Convention Centre. This is the same film that was shown in the Summerland High School last fall to more than eleven hundred people," Felker added.

Summerland Band plans bottle 'blitz' on Saturday

The Summerland Secondary School Band will hold a bottle drive Saturday morning, April 15. If this bottle drive is successful, it will half finance this year's band trip, according to J. Grinder, band director.

The Secondary Band will take a Centennial trip around B.C.'s northern interior this year. The band plans to travel to Salmon Arm on May 4 where they will perform an evening concert. The Summerland Band, under the direction of Jim Grinder, and Salmon Arm Band, under the direction of Wally Robertson, will both perform at this concert.

May 5 the Summerland Band will travel to Lillooet via Kamloops and Cache Creek. Summerland will give a school concert and a public concert in

Lillooet. Lillooet has no band of its own and really appreciates visiting bands, Grinder said. Bob Cloke, the choral music director in Lillooet, is planning some fascinating activities for the Summerlanders. One of these activities is a gold panning expedition Saturday morning. (The band may even run into "Ma" Murray, editor of Lillooet's newspaper. Around noon Saturday the band will return home via the Fraser Canyon.

Rate reductions for natural gas users

Inland Natural Gas Co. Ltd. announced last week that effective May 1, natural gas rates for residential customers will be reduced.

This reduction follows three previous gas rate reductions in the last 17 months. The reductions have not, as yet, been in effect concurrently for an entire year, but, when they have been, and subject to normal weather conditions, there will be an estimated saving of \$700,000 per year to customers. This plus an estimated twelve months' saving of \$400,000 from the May 1 reduction, will mean an approximate annual saving to existing customers of \$1,100,000 over what they would have paid before any of the rate reductions were implemented.

The company has applied to the Public Utilities Commission for a certificate to extend natural gas service to Princeton, Falkland, Coldstream, Peachland, Westbank, Naramata and Midway this year.

Zone Commander thanks Peachland

PEACHLAND — Jim Fairley, retiring Zone Commander thanked the Peachland branch of the Royal Canadian Legion last week for excellent support during his four years of office.

C. C. Houghtaling was appointed delegate to the provincial convention in Kelowna May 6-10. L. Bawden is alternate official delegate.

It was reported that the anniversary party of the Legion branch had been a big success.

It was suggested that another flag pole be erected at the opposite corner from the present flag pole and that both be flown. J. G. Sanderson will look after this.

A letter of thanks was read from Sharon Mitchell, thanking the branch for sponsoring her as candidate for Centennial Queen, and expressed her appreciation for a gift she received.

Couples celebrate 40th anniversary

PEACHLAND — A double fortieth anniversary party was held the last week in March in Penticton. Celebrating their anniversaries were Mr. and Mrs. John Hinter of Peachland and Mr. Hinter's sister and brother-in-law, Mr. and Mrs. Leon Knapp of Penticton.

The party took place at the Knapp home. Youngest son of the Knapps, Wesley, was in attendance, but oldest son Herbert and family, only son of the Hinters were unable to come.

Many friends of both couples called on the memorable occasion.

HOUSEHOLD HINT

Add food coloring to plastic starch to make fingerpaint that washes out of clothes easily.

HOUSEHOLD HINT

One-half cup of ammonia added to a tub of hot sudsy water will help remove hard-to-wash stains from table linens.

PEACHLAND NEWS

PEACHLAND — Two Peachland residents are in the Kelowna Hospital—Mr. W. B. Sanderson and Mrs. A. Kopp.

A long-time resident and pioneer here, Mrs. W. D. Miller celebrated her 79th birthday on April 6 and received best wishes and gifts from B.C. and Alberta friends and relatives.

The Women's Institute 54th anniversary meeting will be on Friday, April 14 at the home of Mrs. W. Wilson. Guest speaker will be Dr. Edith Wells and all ladies in the area are invited to the meeting.

Mr. and Mrs. Robert Street and their two youngsters from Kelowna have purchased the Fleming house in Peachland.

Mr. and Mrs. C. Young from Prince Rupert are staying at the Pincushion Motel, while a new house is being built for them on Blue Waters subdivision.

Rotary Club wins attendance cup

The Summerland Rotary Club came home proud winners of the Attendance Cup when they attended the eleventh annual conference of District 506 at Yakima this past weekend. The cup is awarded for percentage of club membership attending, and distance travelled.

Those who attended were Mr. and Mrs. C. J. Bleasdale, Mr. and Mrs. Holman, Mrs. F.E. Atkinson, Mr. and Mrs. G. C. Johnston, Mr. and Mrs. Keath Marten, Mr. and Mrs. Francis Steuart, Mr. and Mrs. Cecil Wade, Mr. and Mrs. Les Rumball, Mr. and Mrs. Gordon Smith, and Mr. and Mrs. Harvey Wilson.

LET'S GET NEWSY . . .

Const. T. R. Bryce and Ken Kikikiwa of Stonewall, Manitoba are weekend guests of Mr. and Mrs. Villeneuve, Trout Creek Point.

Centennial

Things are piling up for the Summerland Centennial Committee so it was decided to hold meetings every week from now until celebration day, July 1st—when Giant's Head Park will be officially opened.

All preparations of the park must be complete by June 15 to give the oil on the new road an opportunity to soak in — so there are only two months left.

The committee has decided to request that the Centennial Queen be crowned July 1st as well as a pioneer queen, not yet named.

They will meet with the Royalty committee and the Kiwanis parade committee this week to decide, where in the program it should come.

The Ministerial Association will hold Centennial services on June 25, and the Anglican Ladies will use the Centennial theme at their annual Strawberry Social in mid-June.

Secondary School students under the direction of Fred Bevis have offered to make a suitable backdrop to be used for the various functions.

Chairman Jim Marshall has asked Mrs. Mary Orr to unveil the plaque at the summit of Giant's Head. She is the daughter of Penticton and Summerland's first white settlers. Her father, Mr. Fred Gartrell who lives in Trout Creek, came with his family to Penticton in 1885 and to Summerland two years later when he was five years old.

Keith Bergh, publisher of the Review-Bulletin announced that there will be a special Centennial issue published June 29, which will include histories of everything from organizations, businesses and municipality. A copy of the issue will be placed in the time capsule.

A granite boulder five feet by three feet has been selected by Bert Stent and his committee to be used for a cairn at the summit of Giant's Head. It will be set in a concrete base, which will also hold the time capsule. A suitable plaque will be placed on the cairn.

The Summerland Camera Club will present a pictorial "then and now" series of pictures on June 6 and 7.

Pictures of early days have been collected, and they take pictures of the same location as it looks today. The Macdonald School choir will also participate in this program to be held in the Secondary School Auditorium.

A tea will be held May 13 to honour the 81 pioneer Canadians now living in Summerland and eligible for Centennial Medallions. Chas. Bleasdale is in charge and will work in co-operation with the Municipality. It will take place in the Secondary School Auditorium.

Fred Bevis has offered to be in charge of the free treats for kiddies in Giant's Head Park on July 1.

The Camera Club is looking forward to the huge fireworks display in the evening of that day. They are thinking of offering a prize for the best color picture of the lights in the sky. It was not known if it would be restricted to members only.

Deer Struck on Summerland Hill

For the first time, a deer was hit on Summerland Hill. RCMP said that Phillip Campbell, Westbank, was travelling north Saturday when a deer jumped in front of his car and caused about \$200 damage. Mr. Campbell was not injured.

STATEMENT OF REVENUE AND EXPENDITURE
For the year ended December 31, 1966

AUDITORS' REPORT

To the Chairman and Members
Board of School Trustees of
School District No. 77 (Summerland)

We have examined the balance sheet of School District No. 77 (Summerland) as at December 31, 1966 and the statement of revenue and expenditure for the year ended on that date and have obtained all the information and explanations we have required. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statement of revenue and expenditure are properly drawn up in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year so as to exhibit a true and correct view of the affairs of the District as at December 31, 1966 and the result of its operations for the year ended on that date, according to the best of our information and the explanations given to us and as shown by the books of the District.

J. H. BENNEST, Chairman
J. B. HACK, Secretary-Treasurer

No comment on class size from local school officials

The size of Summerland classes for the future was discussed at the regular meeting of school trustees last week.

Secondary School Principal John Tamblin and School Superintendent Gordon Paton were noncommittal as to what Summerland teachers would do if a teacher was asked to teach a

classroom larger than 40 students.

It was decided at the BCTA convention Easter week that teachers would refuse to accept classrooms with more than 40 students.

Trustee Booth moved that the board direct principals not to form any classes of more than 40, without prior consultation with the board but the motion was lost.

Trustee John Bennest said no official notification of the BCTF resolution had been distributed and he felt it unwise to base their thinking on newspaper reports.

GROUND'S NOT LEVEL

Principal Tamblin, Trustees McIntosh and Barkwill with Secretary - treasurer Hack had inspected the new school grounds and found it drops 6 feet in 600 — too great to produce a track which calls for maximum drop of 1 in 1,000 according to olympic standards.

The board felt it would be too expensive to do this. It will be used for soccer and football. Barkwill said it will be seeded and watered this week.

WAIT A WHILE

The proposal to engage the two secondary school counsellors for an additional two weeks prior to September school opening, will be reviewed again at their next meeting.

Tamblin asked the board if a decision had been made, because the counsellors would like to make plans for the summer.

Boothe said he was not prepared to decide at this time because they do not know how much the school budget will cost the taxpayers or how much the government grants will be.

Mrs. John Kitson has returned from a month's visit with her sister Mrs. Ward Parsons, in Hollywood.

Walter Powell and Eric Tait are on a fishing trip to Bella Coola, this week.

Lt. and Mrs. R. S. Bruce and daughter, Patricia of Cobourg, Ontario are visiting at the homes of Mr. and Mrs. Ed Winter and Mrs. D. R. Bruce for the month of April.

YOU AND YOUR CAR INSURANCE

In the belief that education is an important step in accident prevention, READ & PRUDEN, in co-operation with the WAWANESA MUTUAL INSURANCE CO. and Canadian Handbook's Safety Guide Book, will present in the Review, a series of articles designed to improve your driving habits, and in so doing, become a safer driver and enjoy your driving more.

**Driving Habits separate the Men
from the Boys! -**

Young Drivers — It is an unfortunate fact that the group comprised by single male drivers under the age of 25 years of age, has compiled the worst driving record of any group. Comprising 15% of all drivers, they are involved in 30% of all accidents. Young women as a group have a better record. The cost of automobile insurance is kept in direct proportion to the number and cost of accidents involving each group of insured drivers in each section of Canada. Most Canadians think it only fair for each group to pay its own. Thus the under 25-age group of men is required to pay a higher premium than other groups. Some insurers offer discounts from the standard rate if the young driver has an accident free record and is an accredited graduate of an approved driving school.

No-Accident discount — Sometimes known as a preferred rating plan of insurance or a no-claims bonus, this simply means that a driver who has a clean record and no-claims registered against him, may qualify for a lower automobile insurance rate. Whether you qualify or not will come out in your answers to the questions on the insurance application form — Consult your agent!

If you have not had an accident in the past three years, most companies give you a 35 percent discount off the prevailing rate for your group and area, for third party liability and collision insurance, a 2-years' accident free record gets you 20% and 1-year accident free, 10% off.

A limited number of Safety Guide Books are available at.

Proposed opening dates for Big Game hunting announced

Proposed opening dates for the 1967 males-only big game hunting season in British Columbia were announced last week by the Fish and Wildlife Branch to assist the hunting public in planning their fall hunting activities.

Season length, antlerless seasons and game bird seasons will be published in the 1967 game regulations in July.

The abbreviation "M.A." in the table stands for management area.

There are municipal regulations and closures respecting hunting, and certain other areas of the province are closed to hunting. The public is urged to contact municipal authorities and conservation officers, and to consult the annual game regulations for specific details on closed areas and special hunting regulations.

Mule (Blacktail) Deer: April 1 M.A. 24; Aug. 12 M.A.'s 20, 21, 22, 23, 25 and 28; Aug. 26: M.A. 4; Sept. 2: M.A.'s 5, 8, 9, 10, 11, 13, 16, 17, 18 and 19; Sept. 9: M.A.'s 1, 2 and 3; Sept. 16: M.A.'s 6, 7, 14 and 15;

Grizzly Bear: April 1 to June 15: M.A.'s 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 25, 26, 27 and 28; Aug. 12: M.A.'s 20, 21, 22, 23, 25, 26, 27 and 28; Sept. 2: M.A.'s 4, 5, 8, 9, 10, 11, 13, 16, 17, 18 and 19; Sept. 9: M.A.'s 2 and 3; Sept. 16: M.A.'s 6, 7, 12

14 and 15;
Cougar: April 1 to March 31: M.A.'s 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27 and 28;

Wolf and Coyote: April 1 to March 31: M.A.'s 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27 & 28.

EXCEPTIONS:
M.A. 1, Elk, south of Highway No. 10, Oct. 7;
M.A. 2: Mule (Blacktail) Deer, Black Bear, Grizzly Bear, Cougar, Coyote, and Wolfe, Garibaldi Special Area, Nov. 1;
Mountain Goat, Garibaldi Special Area—no open season;

Mr. Hugo Hallquist passed away in the Summerland General Hospital on Sunday, April 9 at the age of 75 years. He has resided in Summerland for the past 10 years.

Surviving are his loving wife Gusta, Summerland; two sons, Gerald, Summerland; Roy in Burnaby; two daughters, (Hazel) Mrs. Mel Ducommun, Summerland; (Margaret) Mrs. Claud Usher, Burnaby; eight grandchildren; one brother and one sister, both in Minnesota.

Funeral services were conducted from the Summerland United Church, April 12, with Rev. Philip Louie officiating. Interment followed in Peach Orchard Cemetery; Wright's Funeral Home entrusted with arrangements.

M.A. 7: Mountain Goat—South of Hwy. 3, Sept. 29; west of Hwy. 5 Sept. 2; east of Hwy. 5 no open season.

M.A. 9: Black Bear and Grizzly Bear—the hunting of Black Bear and Grizzly Bear with bait is prohibited;

M.A. 10: Mountain Goat: west of Columbia and south of Hwy. 3—no open season;

Caribou—east of Columbia River, south and west of Kootenay Lake and River—no open season;

M.A. 10 and 11: Black Bear and Grizzly Bear—the hunting of Black Bear and Grizzly Bear with bait is prohibited.

M.A. 23: Black Bear—no open season on White Kermodei Bear.

NOW AVAILABLE BRITISH COLUMBIA HOME ACQUISITION GRANTS

A \$500 grant may be claimed under the terms of the Act Respecting Provincial Grants for Home Acquisition by those qualifying under the following general conditions:

1. You must have completed the construction or contracted to purchase a home or eligible apartment residence on or after April 1, 1966.
2. You must have been a resident of British Columbia for one year prior to the purchase or the completion of construction of your home.
3. You cannot have received Homeowners' Grants exceeding \$500 in total.
4. You must certify that this is to be your place of residence for the next 5 years.
5. Those wishing to apply write to the Eligibility Committee, Parliament Buildings, Victoria, British Columbia, or any Provincial Government Agent.

 PROVINCIAL ARCHIVES
 VICTORIA, B.C.

This "Travelling Gavel" was presented to Summerland Reeve N. Holmes by Penticton Mayor Maurice Finnerty on Monday afternoon at a special meeting of the Summerland council. The Gavel was especially carved for the Provincial Centennial Committee as its tribute to the municipalities and is being used officially constituted meetings of every municipality in B.C. Holmes then brought it to Peachland's Reeve Harold Thwaite and Thwaite on to Mayor Parkinson in Kelowna.

Reeve N. Holmes then brought it to Peachland's Reeve Harold Thwaite and Thwaite on to Mayor Parkinson in Kelowna.

Tax bill less than anticipated

Additional grants from the provincial government will save Summerland taxpayers \$47,987, or about five mills. This came as welcome news to the Summerland council at its meeting Monday afternoon.

The net school budget is \$650,685, of which the school district's share is \$263,876 representing an increase of 4.76 over last year. School district secretary Jim Hack had estimated the increase would be 9 mills before the recent adjustment made by the Department of Education.

The department assisted all those school districts where the 1967 budget increased more than five mills.

TRAVELLING GAVEL

The B.C. Centennial Committee's "Travelling Gavel" made its 79th stop on its journey around the province to visit every municipality in the province. At that time it has travelled 4,183 miles.

It was presented to Reeve Holmes by Acting Mayor John Coe of Penticton, and Holmes took it to Peachland municipal meeting that evening.

POLLUTION PROBLEM

Clarence Lackey, on behalf of the Summerland Yacht Club met with council in committee last week, to discuss the pollution problem at their lakeside location.

A letter will go to the Okanagan Pollution Control Board as well as to Pollution Control in Victoria, urging early attention to the problem. The Yacht Club also wrote to Victoria, explaining the conditions.

TRADE LICENCES

It was pointed out that there are tradesmen working within the municipality without a trade license. They come from outside points.

Following this up presented

a problem, but it was decided that Building Inspector John Khalembach would get names of subcontractors from the contractor when they apply for a building permit and pass the information on to the municipal office and they would take it from there.

Mrs. Katy Madsen and Mrs. L. Lopatecki, in a joint letter to council said they appreciated the fact that many trees were being planted in parks, but stressed they should also be planted along roadways. They suggested Honey Locust or White Birch for this purpose. The letter arose after a request by council to supply them with a tree planting program following complaints about trees being cut down in Trout Creek.

Municipal clerk Gordon Smith announced that Summerland is now in the Regional Hospital District.

OIL COMPANY REPLIES

Standard Oil Ltd. was written by council, asking what it proposes to do to improve its property immediately south of 5 Corners Service.

The property department answered saying it's looking into the matter now.

Geo. Geres will attend a Water and Wastes School seminar at UBC May 9-12.

Centennial tree is donated

Walter Ward has donated a metasequoia glyptostroboides tree, 6 ft. tall as his contribution to Summerland's Centennial project.

It is an ancient Chinese tree, related to the California giant sequoia and grows nearly 200 feet high.

Centennial chairman James Marshall said a suitable plaque will be placed near the tree.

Work proposed on lakeshore in Trout Creek by homeowners

If home owners in Trout Creek agree, there will be some steps taken to improve beach frontage from the F. Haars to Norris Laidlaws properties.

Vern Johnston speaking for one of the owners, Mrs. J. Roxborough, said they had a plan that they feel will work if they get the co-operation of all those in that area living on the lake.

The complaint was that the lake was too shallow at that point to be useful for swimming or boating and an offensive odor has developed due to stagnant water.

Johnston and Works Superintendent Blagborne had made a study of it and suggested that the beach be built up to the point of having a drop of one foot to ten feet. The fill would be brought in from a point starting at about 300 feet from the summer water line.

Johnston said Agur Logging has the equipment to do it but it would depend on the condition of the lakebottom as to

whether a bulldozer could do the job without getting bogged down.

Council gave them its support and contacted the lands department to that effect. The estimated cost of the project was set at \$1,600 and it would be borne by those owning property along that lakeshore.

Horticultural Society elect officers

Officers and committee chairmen for 1967 of the Summerland Horticultural Society were recently elected, and are as follows:

John Graham president; Tommy Manning, vice-president; Mrs. James Marshall, secretary; Ernie Bennett, treasurer; Committee chairmen are: Mrs. Burns, teas; Mrs. Inch, parlour shows; Mrs. Munn, show secretary; Ewart Woolllams, programs.

By KEITH BERGH

L. A. Smith may be retired but he hasn't stopped working—but he loves every minute of it and has a payday every day. His employer? ... Mother Nature. He is paid, not in money but in satisfaction and beauty.

You will know what I am talking about if you go and have a peek at his yard on Lakeshore Drive. He says he has had flowers blooming all winter out there—but I can't do it justice in words. Go have a look. Make a special trip, it will be worth it. He hasn't got signs up saying "Keep off the grass" 'cause it wouldn't do him any good—dogs don't read and he doesn't have any trouble with those who can.

Speaking of dogs—you know those new fangled conveyor belts dairy farms have—they

Under The Giant's Head

have them out in the Research Station barns to save the wear and tear on pitch forks. I am going to have one installed on my lawn on the off-chance that dogs would take the hint and use it. Possibly I could use overturned garbage cans for a come-on.

★ ★ ★

I understand both golf courses in Summerland are being used. A friend said he saw a couple of ladies out at the old course having a fine time. Apparently the old sign is still there so how can one blame them. Besides it's cheaper.

★ ★ ★ ★

We are going to put out a Centennial issue and need the help of many to gather information, pictures of old etc. We ask that each organization in the district appoint someone to

write a short history of its group and submit it to me or to the office. Any photos will be returned undamaged. But please we need your co-operation. Thanks.

★ ★ ★

Anyone going to Expo and hasn't accommodation yet? Ted Mortimer said he has a spot reserved but has changed his plans so he is offering them to anyone interested. Reservations are for May 8-12 inclusive for two people in the 4 Seasons Guest House. The cost is \$14 per day. Give Ted a ring at 4-8374 if you want them.

★ — ★

I see Sen. Robert Kennedy and his wife Ethel are doing their bit for the world population explosion. They took child number 10 home from the hospital last week.

Peachland Council Briefs

By BRENDA DAVIES

PEACHLAND — The municipal truck will pick up refuse during clean up week April 24 to 28. There will also be the regular pick-up for the domestic water area Thursday and a quarterly rural municipal collection Wednesday.

In other council news.

Mapping of domestic water system is being done.

James Laing, a plumber, said other municipalities engage plumbing inspectors to inspect plumbing installations according to standards of the national plumbing code. Geo. Smith was suggested for the position.

P. Spackman, adult advisor to Teen Town outlined the difficulty in hiring auxiliary policemen for dances and asked if it would be satisfactory if parents chaperoned dances when police is not available. Council agreed providing it is informed of the move.

Mr. and Mrs. G. F. Wallace and G. Smith asked for a new survey of part of Somerset Ave. Straightening the road would bring it in line and would give Miss F. Casey an access. It would also bring the gas line further away from the Smith home. Council agreed to survey the 300 ft. of road.

Council authorized borrowing of \$500 immediately and \$20,000 when necessary.

Mrs. G. Colby has consented to be the Red Cross campaign chairman for 1967.

L.B. Shaw and D. Shaw wish to purchase the lower portion of Laing Road from the municipality — approximately 1100 sq. ft. Council asked for \$1,000.

Two complaints about large pot holes on Princeton Ave. were received. Improvements will be made.

A taxpayer complained about extra charges for extra domestic water outlets. It was felt \$3.50 per month is too high. A lengthy discussion followed but no change in rates resulted.

Reeve Thwaite received complaints that there are no Peachland brochures in the Kelowna offices. The Chamber of Commerce will be contacted.

Reeve Thwaite and Councilor Beet were in favour of a 50 cent per capita grant to the Chamber of Commerce. But the other councillors held out for only 25 cents. The majority ruled . . . so the 25 cent per capita grant will be given.

The Chamber of Commerce and council will ask the RCMP to enforce municipal speed limits more strictly.

Plans for Block 490 re-plotting were approved and a meeting these property owners to discuss costs will be held Wednesday May 3 at 7:30 p.m.

Mrs. L. B. MacPherson and Mrs. S. Barnesfield asked for gravel and oil if possible on the roadway at 11th St. Mrs. MacPherson also requested sand on the beach in front of her property. The request will be considered in the new budget.

Mrs. Barnesfield's request for a street sign at 11 St. will be acted on immediately as two or three other signs are needed in the community.

D. C. Cousins complained about numerous cars parked in front of the boarding house cutting off lake view. Because they are parked in front of a residence, Council could do nothing.

Mrs. Ayres said dogs are chasing deer in Trepanier. She was told to notify RCMP and the game warden. Complaints

Peachland sends greetings to Governor General Michener

Peachland Reeve Harold Thwaite was presented the Centennial "Travelling Gavel" Monday night by Summerland's Reeve Norman Holmes.

The first official business done after receiving the gavel was to pass a motion to send a telegram to Canada's new Governor-General Roland Michener, wishing him well in his new position.

Peachland put much effort in the event — with many citizens turning out in full Centennial costume, men, women and children. There was a standing room only crowd in the chambers.

Thwaite thanked Holmes for bringing the gavel and thanked escort RCMP Const. Ted Lucas and the Summerland Detachment for doing such a fine job of policing the municipality.

Dr. Mitchell offered a prayer of thanks.

Marjorie Croil will present showing of art in Summerland

On Friday this week, Summerland Art Club presents to the public a showing of work of one of its members, Mrs. Marjorie Croil.

On display will be 35 pictures done during the last three years. Included are works in oil, collage, and paper batik, an interesting technique which Mrs. Croil has recently been exploring with much success. All the paintings are gay and lighthearted and are done in bright and pleasing color. After viewing the work of this popular artist it will be well understood why her work has consistently been given special mention at the many juried shows in the valley.

The public is invited to the Summerland Library this Friday between the hours of 2 and 9 p.m. for the opening of this show.

The club hopes to present the work of other members from

time to time during the coming year.

Peachland W.I. marks 54th birthday

PEACHLAND — Mrs. W. D. Miller, charter member was honoured at the 54th birthday meeting of the Women's Institute here Friday at the home of Mrs. W. Wilson. Mrs. K. Domi, president, presented the long-time member with a corsage to mark the occasion. The W. I. appointed Mrs. H.C. MacNeill as official delegate to the district convention in Oyama, May 8.

Some members will be able to attend the Westbank W. I. meeting May 9 in the Centennial costume.

It was also reported that the W.I.'s Peachland Centennial Queen candidate had been presented with a pair of ceramic totem poles with an inscription. The gift was made by Mrs. L. Ayres.

A feature of next month's meeting will be an exchange of plants. Mr. A. Watt, horticulturist will be invited as speaker at the May 12 meeting at Mrs. C. Heighway's home.

The W.I. will present resolutions on income tax, standard sizes of garments and pollution control at the May convention.

Speaker Dr. Edith Wells told of the joys and tribulations of work and homemaking in Jamaica's hot and wet climate; and of the sub-standard education system there.

Tea was served by the hostesses, and Mrs. W. D. Miller, cut a beautifully decorated birthday cake made by Mrs. K. Domi.

Peachland News ;

PEACHLAND — Visitors at the K. Domis are the latter's brother and sister-in-law, Mr. and Mrs. Tom Reilly of Monksville, Ont.

Visitors at the L. B. MacPherson's are their daughter and son-in-law, Mr. and Mrs. A. W. Graham from Cornell.

The United Church Women will hold a Spring Tea and Plant Sale on May 9, 2:30 p.m. in the church basement. The ladies will wear Centennial costumes at the event.

about dogs in the municipality have been received, but nothing can be done unless written complaints are filed with the municipal office.

Peachland Committee appreciates help

PEACHLAND — Ivor Jackson gave a financial report of the Centennial Day celebration April 1 at a Centennial committee meeting last week. All agreed that the day had been an overwhelming success—socially and financially, and help and participation by all in the community was gratifying.

Surplus funds will be used to pay \$297 owing on the Centennial stage.

Another load of topsoil has been ordered for the park project. L. G. Bawden was authorized to engage equipment to carry out other necessary work

Summerland Review — 3
Thursday, April 20, 1967

and transport the flagpole at Trepanier to Peachland.

It was also disclosed that a Centennial ball is being planned for this summer.

YOU AND YOUR CAR INSURANCE

In the belief that education is an important step in accident prevention, READ & PRUDEN, in co-operation with the WAWANESA MUTUAL INSURANCE CO. and Canadian Handbook's Safety Guide Book, will present in the Review, a series of articles designed to improve your driving habits, and in so doing, become a safer driver and enjoy your driving more.

ITS COMMON SENSE TO WANT PROTECTION!

Individually and collectively, motorists themselves determine how much they are going to spend each year to own and/or drive an automobile. We know we can pay more or less for different makes and models of cars. We know too that they depreciate in value as they become older and are worn and abused. It is common sense to want to protect our investment in every way we can.

In other words, how much we are going to spend each year is governed by the kind of car we drive and where and how we drive it!

Exactly the same factors govern the cost of insuring your automobile! The cost of your annual car insurance premium depends directly on the daily care or carelessness of you and your fellow drivers.

THE "HOW" OF INSURANCE RATES

The cost of automobile insurance is in direct proportion to the number and cost of accidents involving insured cars in each section of Canada, and varies widely from place to place depending on the hazards involved. Your own insurance costs, therefore, are in direct relation to the number and to the cost of accidents involving cars from your own registration area.

In determining the premium you pay for each type of insurance, several different factors are carefully considered. The main ones are:

1. **Where you Live** — Generally those people who live in a small town will pay less than those living in a large city. More accidents, per number of cars, occur in and around the city. Canada is divided, for car insurance purposes, into 44 different "rating areas" the costs of insurance in each area depend on the number and the severity of claims involving cars from that area.

2. **Your Age Group** — Statistics show that single men under 25 years of age have the worst driving records. They, therefore, pay the highest rates. Because the probabilities that they will be involved in a costly accident have been repeatedly shown to be greater when people under 25 own their own car, the rates are higher than if they just drive the family car now and then.

3. **Your Driving Record** — If you have not had an accident in the past three years, most companies give you a 35 percent discount off the prevailing rate for third liability and collision insurance for your group and for your area. If you have a two year accident free record you get a 20 percent reduction and for a one year "clean" record, 10 percent. Therefore, your own driving record plays an important part in the cost of your automobile insurance.

4. **Use of Your Car** — If your car is used mainly for business your rate is higher than if it is only used for pleasure, because the business car is basically driven more often at peak traffic periods and in congested areas. Therefore, it is more exposed to the risk of accidents than is the pleasure car. Driving to work, however, is not considered as business use.

A limited number of Safety Guide Books are available at.

Shout -- loud and clear

It is gratifying to know the Summerland Council is taking steps to bring the problem of pollution to the attention of Victoria.

It is true their hands are tied to a certain extent in that they have no authority of foreshore or to legislate regulations pertaining to the condition of the water, but some action has now been taken so we must keep harping until something is done.

The people of this community, and in particular the Yacht Club have a big investment in their property, on Lakeshore Drive and if present conditions persist, there will be few who will wish to moor their boats there.

We don't wish to push the panic button and get the story going around that Okanagan Lake is polluted — this is not the case. But there are specific locations that need attention and need it now if our investments are to be protected and to assure us of better conditions in the future.

As far as we can gather, our troubles are not to any great extent the result of industrial wastes, but rather stagnant water and moves to remedy this situation should forge ahead.

Council has a tiger by the tail and it is possible they will get the run-around from

one high government authority to another. But they must hold tough — stand their ground — make noise — get answers and action.

Although local government does not control foreshore or lakeshore — we all have an obligation to those people who are paying high taxes for the privilege of living on the lake — tax money from which we all receive benefit so it seems we must do more than pass it off as something we cannot do on a local level.

What the Summerland council wants is the control of foreshore which is only right and just. When and if they get it they will be in a direct position to right these wrongs. But in the meantime, all we can expect is for our elected representatives to get up on their high horses and continue to let senior governments know what we want loud and clear.

Millions of dollars are spent on highways, all conveniently routed to bring our tourists to our beautiful lakes, but few wheels will turn in our direction if we let our natural beauty deteriorate to the point they have in many other places in Canada.

Our lake is beautiful. But let's keep it that way — and we can if we take action now.

From Our Back Files

42 YEARS AGO . . .

J. C. Robson left on Sunday to return to his school in Rossland. Mr. and Mrs. J. Rutherford returned from a visit to Vancouver. Capt. and Mrs. Hatfield came up from Penticton and are visiting with Mr. and Mrs. Lee McLaughlin for a few days. Summerland Operatic Society presented "The Mikado" in the Senator Shatford Auditorium in Penticton last Friday evening to a full house and to Kelowna on Monday.

43 YEARS AGO . . .

Mrs. A. B. Elliott and Mrs. Schwass left for the coast on Thursday's train. They expect to be absent for some time. Mr. Mosey Marshall and Mrs. Bernard Taylor, both sophmores at U.B.C. are back in Summerland and expect to remain for the summer. It is reported that the box factory will open next week. Some difficulty is experienced in finding sufficient help owing to the present rush in orchard work.

LETTERS

Efforts are appreciated

The Summerland Review,
Dear Mr. Bergh:

My Committee has asked me to express to you our appreciation of the coverage that you have consistently given to the activities of the community in regard to this Centennial Year and particularly those culminating in the celebrations April 1st.

Undoubtedly the reports carried by the Review provided a measure of entertainment for all your readers but they have also done a lot to put this small community "on the map".

Naturally the people of Peachland are proud of their accomplishments on April 1st but my Committee is well aware of the valuable contribution made by the Review to the success of the programme.

Yours sincerely,

F. IVOR JACKSON,
Chairman,
Peachland Centennial
Committee

LETTER

S.A. war vets plan re-union

Editor, Summerland Review,
Sir:

Sixty-five years ago—May 31, 1902 peace was signed in South Africa, ending the four year war. This took place at Vereeniging, near Pretoria, Transvaal.

Augmenting the return of Canadian regiments, a large number of discharged servicemen emigrated to Canada and scattered abroad in every province. Their contribution to the well being of the land of their adoption has been significant. Whether as homesteaders farming their productive quarter sections or in city employments their loyalty to Crown and the country could never be questioned.

They served on school boards, municipal councils, in legislatures and in Parliament. In the stresses of war their experience was of supreme value when mobilization was forced upon us.

Now, 65 years has taken its

toll . . . not many of these fine men survive, but on Saturday, May 27th all S. A. war vets resident in the British Columbia Interior are invited to assemble at Vernon where the Royal Canadian Legion, Branch 25, will be host at a banquet and entertainment in their honor.

Veterans are requested to write a postcard to the undersigned, stating if they expect to attend. Being a Centennial affair, there will be special doings.

GUY BAGNALL,
3504 Barnard Ave.,
Vernon, B.C.

Kimball decides not to supply cable TV

The Review has received word from Mr. V. A. Kimball, who was negotiating with the Summerland council to supply cable television to the municipality that he has decided against it.

RED CROSS IN ACTION

More than 2½-million Canadians give freely of their time, effort or their blood to serve in a voluntary capacity for the Canadian Red Cross.

EXPLORER HENRY HUDSON IS WARNED of mutiny aboard his ship Discovery in a scene from "The Last Voyage of Henry Hudson", a half-hour film drama by the National Film Board. It tells of his search for the fabled passage to the Orient which ended in disaster but paved the way for settlement in Western Canada. Powys Thomas stars in the title role. The film is available to groups and individuals from film libraries and NFB distribution offices.

ORCHARD RUN by Wally Smith

Package insurance -- all or nothing

The government sponsored crop insurance plan is not going over very big with Okanagan fruit growers. Even some who took out insurance are not happy with it.

Evidence of this dissatisfaction was seen at a recent Southern District Council meeting when a resolution was passed asking a review of the basis of the program.

G. Alington of Kaleden was dissatisfied with the coverage provided. Mr. A. explained that his crop over the last 10 years averaged \$18,000. During the last five years it had fallen to an average of \$10,000.

It is on a basis of the last five years that crop insurance is calculated. The insured can get insurance for only 80 per cent of this amount which, in Mr. A.'s case, would be \$8,000.

With prospects of a \$16,000 crop this year Mr. A. says \$8,000 insurance is not enough. He would have to lose half his crop before he could collect a dollar. Other growers are in a similar situation.

Our own mutual insurance company which handles the new crop insurance will no longer issue hail insurance policies. Hail insurance is in the package deal that includes frost and other crop losses. A grower may want only half insurance on just a third of his crop, but the only way he can get it is to take the whole package.

★ ★ ★

The "stop-buying" program aimed at farm machinery, car and truck dealers could have a serious impact on all prairie business if the farmers go through with it.

Prairie farmers complain

farm machinery prices are too high. In protest they say: Do not buy new equipment, repair the old and make it do.

Saskatchewan is said to be the farm machinery people's richest Canadian market and accounts for 30 per cent of Canadian farm machinery sales.

One man fully equipped with today's machinery and knowledge of how to use it can farm 2000 acres of land, taking off 1300 acres of crop every year and have time for holidays and winter sports.

But he lives with the ever present spectre of drought and bankruptcy. What a contrast with prairie farming of 45 years ago (except for the spectre!).

In those days half a section (320 acres) was a fair sized farm. We cut the grain with a binder pulled by a 4-horse team; hand labor was used to stand the newly bound sheaves upright in groups called stooks. Later, when the threshing rig came around, human muscle was used to pitch the sheaves on a bundle wagon and pitch them off again into the grain separator.

Some outfits had a Stewart sheaf loader pulled by four horses. The loader moved along a row of stooks while rotating steel fingers at the front of its gaping maw grabbed the sheaves and carried them up an inclined elevator to be dropped into the bundle wagon that moved along with the machine.

Many inventors were working on a machine to stook the grain but nobody had developed a satisfactory working model by the time the combine and swather took over the job of grain harvesting.

BOWLING RESULTS

"B" League, Wagon Wheels held a slim 30 pin lead over Sugar Plums and an 8 pin lead over Lemon Sours. Jaw Breakers, in last place, are 238 pins of the pace.

The Spring League will get underway next week.

Here are the standings at the end of the first week of the Ladies Semi-finals:

"A" LEAGUE

Candy Kisses	2312
Smarties	2182
Mojos	2120
Allsorts	2101
Tiger Tails	2073
Cool Mints	2062

B LEAGUE

Wagon Wheels	2089
Sugar Plums	2059
Lollipopers	1962
Humbugs	1862
Jaw Breakers'	1851

In the first week of Ladies 'A' League, Candy Kisses held a 130 pin lead over second place Smarties. Cool Mints, in last place, are 250 pins down. In

SUMMERLAND REVIEW

Summerland talent at Kiwanis music festival

British Columbia's largest amateur music competition, the Kiwanis Music Festival, will take place April 24 - 29 at the Pacific National Exhibition when an estimated 12,000 performers in 345 classes will hear professional appraisal of their talents by six well-known British and Canadian adjudicators.

Though the majority of the competitors live in the Greater Vancouver area, the festival this year has attracted entries from the Fraser valley, Vancouver Island, Summerland, Seattle and Bellvue, Wash.

Summerland contestants entering are Lois Goodland, accordionist, Sandra Dunn who will be entering accordion and clarinet classes. Mary Foster is accompanying Sandra to act as her accompanist on the piano.

Eighty trophies and \$2,000 in scholarships will be awarded to the most outstanding competitors in voice, piano, bands and instruments, folk singing and sight reading. Newest in the roster of prizes is the Colonel George Peacock Award, a \$250 annual scholarship presented by the Kiwanis Club of Vancouver to the most outstanding vocal or instrumental solo contestant.

Manpower Centre extends hours

The Penticton office of the Canada Manpower Centre now offers full service during the noon hour—12 to 1 p.m. In addition to this, Mr. R. Johnston, Manager, announced that the office will be open, by appointment only, after 4:30 p.m.

Those who are unable to visit the office during regular working hours are invited to call at the office at noon or phone to request an appointment for interview after 4:30 p.m.

The Canada Manpower Centre located at 301, Main Street, Penticton, is open Monday through Friday. Phone 492-3848.

Regional District powers curtailed

Recent amendments to the Municipal Act affecting Regional Districts apparently give added assurance to rural areas and municipal areas that they will not be required to enter into some regional district functions without a favorable vote in individual areas.

Theoretically at least, the regional board previously had wider powers affecting the entire area, and conceivably could pass by-laws affecting residents of a rural area without

their explicit approval.

The old act provided for a by-law vote only where 10% of the registered voters in an electoral area petitioned for one to opt out of a service previously approved by the board.

The old act had been termed "government by defeat" by some, in that various by-laws could be passed, and could only be rejected if the required 10% of registered voters specifically protested.

Amendments were recently explained to regional district directors by Dave MacDonald of the Regional District Office.

Under the new regulations, regulatory functions of the regional district, such as planning and zoning, noxious weed control, building restrictions, etc., must now have the written approval of the representative of the electoral area involved.

Non-regulatory functions, such as construction of a community center, garbage collection service in a rural area, etc., must now be approved by referendum by 60% of the number of votes cast.

Felker thrilled with conference

"I never realized the Bible could be made so alive for our times", stated Mr. E. Felker, overseer of the Summerland congregation of Jehovah's Witnesses on returning home from a three-day assembly at Vernon. "It helped me to get a more vivid picture of God's purpose; something I won't forget for a long time."

Mr. Felker was referring to the color film entitled "God Cannot Lie" which was shown as a highlight to the three day faithbuilding assembly. Mr. Felker added: "This film was different from the commercial films in that it explained why mankind finds itself in such dire circumstances today and what the immediate future holds. It showed how this earth will soon be filled only with people who believe in and obey God."

Mr. Laurier Saumur, commentator at the film and overseer of eleven Assembly Districts in B. C. encouraged all 1,568 in attendance to begin plans to attend a much larger convention scheduled for Penticton June 28 to July 2.

Six new ministers symbolized their dedication to serve the Creator faithfully when they were baptized in water publicly Saturday afternoon.

Darilyn Ducommun accepts position

Mr. and Mrs. Mel Ducommun received word from their daughter, Darilyn, that she has accepted a position as Regional Director for the Red Cross Water Safety branch for the Kootenays.

Darilyn, a second year student at the University of Victoria was Director of swimming instruction in Summerland at Rotary Beach for the past two summers. She starts her summer duties on May 15 following some practice teaching in the MacDonald School. She will reside in Nelson.

A garden we can all plant

Here is a garden we can all plant:

Five rows of "peas": preparedness, promptness, perseverance, politeness and prayer;

Three rows of "squash": — squash gossip, squash criticism, squash indifference;

Five rows of "lettuce": let us be faithful, let us be unselfish, let us be loyal, let us love one another, let us be truthful.

And no garden is complete without "turnip": Turn up for church, turn up with a smile, turn up with a new idea, turn up with real determination.

Temperance Union seeks more members

Kamloops-Okanagan District convention of the Women's Christian Temperance Union in Penticton April 11 at First Baptist Church was chaired by district president Mrs. G. A. Fretwell and opening remarks given by Penticton Mayor M.P. Finnerty. Captain Wagner of the Salvation Army brought an inspiring message.

Reports from district officers indicated that good work was done and all are hoping for a better year ahead—each union plans to increase membership this year. Rev. N. Hovland presented good thoughts on liberty and freedom... "but our freedom ends where another person's begins".

Mrs. G. Hitchcock, provincial secretary gave members an insight into her busy schedule and the many new openings last year. She'll be a guest speaker here at the Pentecostal Church April 25 for Y o u t h

Temperance Education Week.

Resolutions passed last week included:

1. "Whereas the promotion of the use of liquor in recipes, constitutes a real danger to our society; we feel that good government, pledged to promote the health and welfare of our citizens, is failing to do so, in this respect — and we urge them to curtail this means of advertising liquor consumption.

2. "Viewing with alarm, the spread of obscene literature — We of the WCTU desire stricter investigation of books and magazines, and action to deal at the source—with this evil."

RICH FARM LAND

Some of the finest soil in the world exists in Iowa where more than 90 per cent of the land is devoted to farming.

Wildlife Branch evaluates worth of Okanagan game reserves

The Okanagan Regional office of the B.C. Fish and Wildlife Branch are continuing the examination of the values of the game reserves throughout the Region as game management devices.

Most game reserves were created in early years of Wildlife administration to serve as sanctuaries for production and supply of big game stocks in adjacent hunting areas. Experience has shown that reserves rarely served this purpose and in some cases the overabundance of these protected animals was causing considerable destruction of habitat, to their own detriment, say Fish and Wildlife officials.

Particular care is being taken to examine the uniqueness of the areas in terms of animal species present and in reference to the other recreational and resource uses.

Three brothers Game Reserve, south and west of Princeton, is currently being reassessed with the increasing complexities of wildlife management and hunting problems in mind.

Summerland Review

West Kootenay Power and Light Co. Ltd.

In order to keep our customers and the public informed of the critical situation which has developed in the matter of wage negotiations, the following report of events to date

1. Direct negotiations with Local 999, International Brotherhood of Electrical Workers, consisted mainly of a presentation of demands followed by a statement from the Union spokesman that unless the Company was prepared to agree to the Union's demands for parity with B.C. Hydro rates, there was no point in prolonging the talks and the parties should apply for services of a Conciliation Officer.
2. The Conciliation Officer, R. S. Raguin, appointed by the Minister of Labor November 15, 1966, endeavored to find common ground between the parties, but was soon faced with the same "parity or nothing" approach and made his report to the Minister recommending that a Conciliation Board be established.
3. The Conciliation Board consisted of B. W. Dysart, chairman, J. Kinnaid, Union nominee and C. G. Robson, Company nominee.
4. In consideration of the seriousness of the situation regarding the public and in view of the repeated Union statements that the B.C. Hydro settlement was the result of a compulsory Conciliation Board, the Company openly agreed prior to the Board hearings that they would accept their award as binding. The Union rejected this proposition.
5. The Board brought in a majority report signed by the Chairman and Company nominee, and a minority report or letter signed by the Union nominee. These are reproduced in full text below.

The following were the issues resolved by the parties during the course of the hearings:

1. Pensions.
2. Establishing procedure for time off for Union business.
3. Deduction of Union dues and assessments.
4. Change in wording of Article 15 of the collective agreement.
5. Safety Practices Committee.
6. Clarification of Article 19 B3.
7. New Article proposed by Company. Page 11, Exhibit 6
8. Change in Article 19B (1) as proposed by the Company.
9. Change in Article 16B (2) (a) as proposed by the Company.
10. Deletion of Classification 2nd. class helper from Schedule "A".

After giving careful consideration to the arguments advanced by both sides in respect to the remaining issues in dispute, the Board recommends that the existing collective agreement be renewed for a further period of two years subject to the following changes being made:

1. The existing agreement shall be amended to give effect to the changes in the agreement that were agreed upon directly by the parties at the Board hearing.
2. That the wages of the 1st. Class Lineman be increased as follows:

	Increase	New Rate
Effective Nov. 1, 1966	25c p.h.	\$3.71 p.h.
Effective May 1, 1967	20c p.h.	3.91 p.h.
Effective May 1, 1968	17c p.h.	4.08 p.h.
3. That the wages of all other classifications covered by the collective agreement be increased on the same dates and by the same percentages as the increases granted to linemen, the increases in each case to be calculated to the nearest cent per hour.
5. (a) That Article 17 Section A be amended so as to provide for a vacation with pay of three weeks for all employees with five or more and less than seventeen years of service with the company prior to the first day of January in any year.
 (b) That Article 17 Section A be further amended

6. The Company accepted the Board's report. The Union reject the report and subsequently conducted a strike vote which was carried by a substantial margin. The following table lists the wage rates which would result from the Board's award.

Classification	Effective Dates		
	Nov. 1, 1966	May 1, 1967	May 1, 1968
1st Class Helper	\$2.77	\$2.92	\$3.04

CONCILIATION BOARD REPORT

CONCILIATION BOARD REPORT

The Chief Executive Officer
Labour Relations Branch,
Department of Labour,

CONCILIATION BOARD REPORT

The Chief Executive Officer
Labour Relations Branch,
Department of Labour,
Victoria B.C.

IN THE MATTER OF A DISPUTE

BETWEEN:

WEST KOOTENAY POWER AND LIGHT CO. LTD.,
(Hereinafter referred to as the "Employer")

AND:

INTERNATIONAL BROTHERHOOD OF ELECTRICAL
WORKERS — LOCAL 999
(Hereinafter referred to as the "Union")

MEMBERS OF THE BOARD

B. W. Dysart Chairman
C. George Robson Member
J. Kinnaid Member

R. J. Gray, F. H. P. Dewdney, J. D. McMynn and A. A. Lambert appearing for the Company.

J. Cody, William Robinson, T. R. Hammond, W. R. Thompson, N. H. Murphy, R. Crain and W. Bonin appearing for the Union.

This was a Board of Conciliation appointed to endeavour to bring about agreement between the parties in relation to the matters in a dispute including the doing of all things it deems right and proper to induce the parties to come together themselves and effect a settlement, and

- (a) If successful to report its decision, or
- (b) If unsuccessful, to report its findings and recommendations to the Minister.

Both parties agreed the Board was properly constituted and had jurisdiction to hear the issues in disputes and make a report of the findings and recommendations.

The Board held hearings in Trail B.C. on January 20 and 21, 1967. Subsequently the Board held discussions with the parties on January 22, 1967 and deliberated on its findings in Vancouver, B.C. on January 31 and February 10 and 15, 1967.

The Board after hearing the parties conferred with the parties with respect to the issues remaining in dispute but were unable to resolve all of them.

3. That the wages of all other classifications covered by the collective agreement be increased on the same dates and by the same percentages as the increases granted to linemen, the increases in each case to be calculated to the nearest cent per hour.

5. (a) That Article 17 Section A be amended so as to provide for a vacation with pay of three weeks for all employees with five or more and less than seventeen years of service with the company prior to the first day of January in any year.
(b) That Article 17 Section A be further amended so as to provide for a vacation with pay of four weeks for all employees with seventeen or more years of service with the company prior to the first day of January in any year.

6. That the agreement be amended so as to provide for a term of two years commencing on November 1, 1966.

In addition to the foregoing the Board makes the following recommendations:

- 1. Group Assurance. That the parties investigate alternative plans that may provide better coverage at the same dollar cost to the employees and the company.
- 2. Apprenticeship and Training. That the parties study the feasibility of instituting an apprenticeship and training program.
- 3. Definitions and Jurisdictions. That the classification committee be reconvened and clearly define the job description of "Second Class Maintenance Man" and of all other persons employed within the Bargaining Unit.
- 4. Reclassification of Tradesmen. That the parties review the duties and responsibilities of the Garage Attendants under Article 19B (4) of the Agreement.

DATED at Vancouver, B.C.
this 15th day of February, A.D. 1967.

February 14th, 1967

Mr. B. W. Dysart,
Chairman of Conciliation Board,
West Kootenay Power and Light,
Local 999 I.B.E.W.,
P.O. Box 26,
Trail, B.C.
Dear Sir:

It is my opinion that the award rendered by the Board does not fully cover the bargaining points in dispute between the two parties.

The prime issue throughout the Union's presentation was parity with the electrical workers in similar operations in the Province of B.C.

The Board has considered one of the bargaining points and recommended parity on wages over the term of a two year agreement; however, as no commitment was made to the reduction of hours, the second main bargaining point, and one which has been recognized by a unanimous board award covering 90 per cent of the hourly paid utility workers in B.C. (i.e. B.C. Hydro), I must therefore dissent from the majority board award.

Yours truly,
J. KINNAID,
Business Mgr. and Financial Sec'y.

General Operator	\$3.72	\$3.92	\$4.09
Control Operator	\$4.28	\$4.51	\$4.70

INDUSTRY RELATIONS DIVISION

TADANAC SWITCHING STATION

Control Operator	\$3.95	\$4.16	\$4.34
------------------	--------	--------	--------

The annual wages represented by the classification of Helper would reach \$6,300 and that of Lineman would range between \$9,200 and \$10,500.

- 7. The Union gave the Company 48-hours strike notice at 3:00 p.m. Thursday, March 30, and struck at 7:00 a.m. on Wednesday, April 12.
- 8. Following requests from several sources for mediation, the Minister appointed Mr. Raguin to reconvene talks with the parties. These talks commenced Tuesday, April 4, but were unfruitful, and were adjourned by Mr. Raguin at Noon on April 6.
- 9. During these talks, the Company, through the Officer, indicated that they were prepared to consider some advancement of the dates of the wage increases recommended in the Board report.
- 10. The Union during these discussions insisted upon parity with B.C. Hydro rates and such parity was to include those items in the West Kootenay Power agreement which are more beneficial, such as employee's power rate, than comparable items under the Hydro contract. This insistence has effectively blocked meaningful negotiations.

The Company has maintained that parity with B.C. Hydro or any other Industry is not the only valid argument in our negotiations. The wage parity insisted upon would result in an increase in lineman's rate from \$3.46 to \$3.87 per hour effective November 1, 1966, and a further increase to \$4.08 per hour April 1, 1967, for a total of 62 cents per hour over six months. In addition, the Union insisted upon a further statutory holiday, additional annual vacation and overtime concessions.

The Company in its agreement to the Board award and subsequent proposals has endeavored to prevent a work stoppage. At the same time, it is convinced that its employees would be amongst the highest paid in the Province in terms of direct wages and other benefits.

Scouts, Cubs go over the top in sale of apples

Norman Abernethy, Group Committee Chairman of Summerland Scouts said the Apple Day they Sponsored was the "best ever". Phil Dunsdon was in charge and made all arrangements.

Twenty three parents of Cubs or Scouts each took two or three boys and they covered the whole municipality from 9:45 to 11:45 a.m.

The apples were good and public response was tremendous, Abernethy said. "The group committee were very pleased".

He said the proceeds of the Apple Day sale will go towards much needed new equipment for the boys.

The boys did their good deed for the day as well. They donated a large box of apples to the Parkdale Place and another to the hospital — which, needless to say was very much appreciated.

Summer School of the Arts to offer many new courses

Those attending the Summer School of the Arts this July will have the opportunity to practise one of the oldest techniques known to man. The Oriental art of Batik will be taught by instructor William A. Laux of aki Studios, Fauquier, B.C.

No skill in drawing or previous art experience is required for the course which is directed toward affording each student a personal experience of color. This year for the first time instruction will be given in tie-dyeing as well as Batik, and students will have the opportunity to make individual wall hangings or other decorative textiles of their own design.

Administrator Mrs. Holmes-Smith states there will be Pottery classes for ages from children to the adults and will be taught by Gillian Hodge and Frances Hatfield.

Gillian Hodge will teach the children's class. She has had a

great deal of experience in teaching pottery to youngsters having trained at the Calcutta School of Art at Calcutta, India as well as in England.

Frances Hatfield who will teach the teens and adults has apprenticed with Kjeld and Erica Deichmann of New Brunswick. She is a graduate of the Vancouver School of Art and has done post graduate studies with Hamada of Japan.

A fascinating course will be Puppety under the guidance of teacher Kathleen Bishopp who for a number of years was on the Summer School Faculty of the University of Saskatchewan.

Scripts will be developed by the students and attention will be given to the use of puppets in the fields of education and therapy as well as in the specific branches of entertainment such as television.

Registration forms are available by writing Box 141, Penticton and classes will be held from July 10th to the 29th.

LET'S GET NEWSY . . .

Mr. A. F. Wright, who is 95 years old, took his first plane ride last Monday, to Vancouver. Mr. Wright is going down to visit with his daughter-in-law.

Susan Kirkby, 5 year old daughter of Mr. and Mrs. Les Kirkby of Trout Creek, won three colouring books in a TV colouring contest recently.

Walter Powe and Eric Tait returned home from the Bella Coola country last Thursday with their limit of steelhead trout. The fish range up to 16 lbs. in weight, and the road and weather conditions were both extremely favourable. They travelled in a four-wheel drive vehicle.

Mr. Dennis Lackey, son of Mr. and Mrs. Clarence Lackey of Trout Creek, returned from a six-month tour of Europe last Thursday. While away, he visited Italy, Denmark, Spain, Holland, Switzerland, France and

other areas, ending up in England, where he boarded the Queen Mary to return home. Dennis plans to work for the Game department, fisheries branch for the summer months, then to resume studies at the University of Victoria in the fall.

Miss Sandra Dunn will be accompanying Mr. Kachie and two sons of Penticton when they compete in the Old-time Fiddlers contest which is to be held in Penticton Friday.

Maine McCutcheon is home from Sidney, Australia for a six-week visit with his parents, Mr. and Mrs. W. C. McCutcheon.

Magnus Tait, Miss Doreen Tait and Miss Nellie Holden were at Wenatchee over the weekend.

Ian Masters of Vancouver visited the Eric Tait's on Saturday.

Summerland Cancer Blitz on May 2

The Summerland Kiwanis Club will again sponsor the annual Cancer drive.

Kiwanian Walter Toevs announced Tuesday they will be covering the municipality in 'blitz' fashion in one evening — Tuesday, May 2 starting at 6:30 p.m. and they ask that everyone keep a porch light on that evening.

Harry Hackman, local Cancer Society president said "Summerland has an excellent record in its support of the annual Conquer Cancer campaign".

"I know that our people will again respond generously to the 1967 appeal", he said.

Summerland spring bride to reside in Vancouver.

The United Church in Summerland was the scene of a quiet wedding March 25, when Dorothy Irene Inglis, the fourth daughter of Mrs. R. Blanche Inglis, and Mr. E. R. Inglis, of Summerland, and Scott Allen Young, eldest son of Mrs. W. Young and the late Mr. Young of Calgary, were united in marriage. Rev. P. K. Louie performed the ceremony in a setting of tall white tapers and Easter Lilies.

The bride was lovely in a bouffant dress of nylon net and lace, with lily point sleeves, and square neck trimmed with seed pearls and sequins. Her head-dress was a tiny net cap with a fingertip veil. She carried a white lace covered Bible with rosebuds and satin streamers. Her brother Gilbert gave her away.

Her Matron-of-honour was Mrs. Bob Siliphant of Penticton, and bridesmaid was Heather Young, the groom's sister, and her junior bridesmaid was her sister, Bonnie Jean Inglis. Mrs. Siliphant was gowned in a floor length yellow taffeta Peu-de-soi, and the bridesmaids wore turquoise blue taffeta peu-de-soi. Their headdresses were Dior Bows of self material, and they carried blue and yellow carnations respectively.

Best man was Mr. Donald Gillespie of Calgary, and ushering duties were shared by Rick and Jim Inglis, brothers of the bride, and Bruce Young, brother of the groom.

The reception was held in the I.O.O.F. Hall, where the bride's mother received approximately 50 guests, members of the immediate families. She was dressed in a beige lace jacket dress, with blue accessories, and a pink carnation corsage.

The groom's mother who was gowned in a blue wool sheath jacket dress, with white accessories, and a pink carnation corsage, assisted her.

The bride's table was decorated with a 3-tiered wedding cake, made by her mother, and decorated by her aunt, Mrs. O. Morphy. Tall white tapers and red rosebuds flanked the cake.

The Master of ceremonies was Murray Mutch of Penticton, and Mr. Jack Brown of Summerland proposed the toast to the bride, responded to by the groom.

Telegrams were read from Calgary, Mrs. Fortin of Vernon said grace before the wedding party and guests sat down to a buffet supper. Miss Betty Brown was in charge of the guest book.

For the honeymoon trip to Spokane and Coulee Dam, the bride changed into a pink three piece linen suit with white accessories. On their return the happy couple will reside in Vancouver.

Out-of-town guests were from Calgary, Vancouver, Haney, Vernon, Kelowna, Westbank, Kelvington, Sask.; Montreal, Princeton and Penticton.

Let's Get Newsy

Mrs. Vera Barrs has returned from Vancouver where she spent several months visiting with relatives.

Mr. and Mrs. E. O. White returned Thursday from Vancouver, where they visited with their daughter Mrs. Gerald Andrews, Mr. Andrews, and family.

Mrs. Joe MacLachlan and her mother, Mrs. Lydia Johnson are leaving on a trip to Ontario. Mrs. MacLachlan will go on to Montreal to attend Expo.

Home after many experiences

Last Thursday was a lucky day for Mr. and Mrs. Emil Bonthoux, when their daughter Dianne surprised them by arriving home from a three and half year stay in England. During her stay she took trips to Belgium, Spain, France, Holland; Switzerland; coming back to England between these trips to work to earn enough to go on the next jaunt.

Dianne's plans for the future are uncertain at present but she will be staying in Canada.

Chain store slated for Summerland plan to open this summer

After many weeks of wondering and waiting, the mystery of what is going in at the west end of Main Street on the former Smith and Hill property has come to light.

The Review learned early this week that the Shop-Easy chain are going ahead with building plans as quickly as possible and hope to have their doors open for business this summer.

According to the plans, the store will be 7,200 sq. ft. with parking area to the north of the building for 20 cars.

They will use every square foot of property they can by clearing the bank behind the building as much as possible. According to the engineer on the job, Harold Forsythe, retaining walls will be used.

SUMMERLAND, B.C.

Centennial Committee outlines tentative program for July first

The Summerland Centennial Committee met with the Kiwanis Parade Committee and the Royalty Committee to discuss the program July 1, Centennial Day.

Although plans may change between now and the big day, it is thought that the Japanese Lantern will be dedicated at 10:30 a.m. on the new hospital grounds. The parade will take off at 1:00 p.m. followed by the Queen Crowning ceremony at 2:00 o'clock in the Memorial Park.

The chamber of Commerce has been appointed to be the traffic committee and they will work with police. They will also make cars and drivers available to accommodate people not wishing to drive up the mountain, or do not have a ride. The meeting place will be the Memorial Park and cars will proceed shortly after the Queen Crowning ceremony is over.

It is expected the official opening of the park will take place about 4:00 or 4:30 p.m., and the fireworks display about 10:30, weather permitting.

All these plans are tentative and are subject to change.

The Royalty committee was asked by chairman Jim Marshall to give some thought to selecting a "Pioneer Queen", what role she should play and who should be in charge of this portion of the program.

Municipal Works Superintendent Ken Blagborne said the road to the park is ready for oiling, topsoil has been placed where necessary for planting and the holes for the fence posts at the summit are drilled.

The boulder to be used for a

cairn is on the site and municipal crews were going ahead with the preparation of the base. The time capsule will be placed in the base.

Mr. Marshall said the Horticultural Society was ready to go ahead with the tree planting program.

Don Agur of the Rotary Club has suggested view tubes be welded right to the posts surrounding the summit and this idea was accepted by the committee.

The tubes will be pointing to places of interest, each properly indicated with a sign designating the point of interest.

Marshall praised the work done by the municipal crews and in particular Ken Blagborne who has co-operated so well.

The Royalty Committee was told to drop in on any of the Centennial meetings held each Wednesday at 7 p. m. if they have any requests or problems. They will be held in the Municipal office when possible, otherwise in the offices of B. C. Shippers Ltd.

Cake recipe used is 100 years old

The United Church Women have the Centennial Cake baked, ready for the eating on Centennial Day. The 150 pounds will be cut in about half ounce pieces and served to people attending Summerland's function July 1.

The recipe was in use 100 years ago, and was passed down to the Munn family by their grandmother Mrs. McCurdy who resided in Windsor, Nova Scotia.

Community mourns passing of pioneer

Mr. Arthur William (Nebbie) Nisbet passed away in Summerland Friday, April 14 at the age of 72 years.

Born in Dublin, Ireland he came to Canada in 1912 to work for The Dominion Bank, transferring to Summerland in 1919. He worked for Walters Ltd. for 30 years. A Past Master of Summerland Masonic Lodge No. 56 A F and AF, past president of Rotary and a member of The Royal Canadian Legion Branch No. 22, serving overseas in World War I.

Surviving are his loving wife Babe, Summerland; three daughters (Kay) Mrs. D. Denny, McMinnville, Oregon; (Joan) Mrs. A. Walker Kelowna and Marjorie, Kamloops; 12 grandchildren. He was predeceased by a son, Patrick in 1947.

Funeral services were conducted from St. Stephen's Anglican Church, April 17 with the Rev. Norman Tannar officiating. Interment was in the Anglican Church cemetery. The Wright's Funeral Home entrusted with arrangements.

B.C.S.T.A. explains problems of student-teacher ratio improvement

In recent months there has been increasing publicity given to the demands of teachers in British Columbia for the elimination of all classes in the public schools with more than forty students. The British Columbia School Trustees Association has prepared the following outline of the problem with definitions of the terms used, to help the public to understand the situation and the continuing action of school boards to ensure a steady improvement in our education system.

Q.—What is "teacher entitlement"?

In the Public Schools Act, which governs the operation of the school system in B. C., there is a formula which is used to determine the share of school cost borne by the Provincial Government. According to this formula, a district is "entitled" to a certain number of teachers, depending on the number of students enrolled in each school. The operating grants from the Provincial Government to the district are based on the number of teachers to which they are entitled.

Q.—What is the "pupil-teacher ratio"?

The pupil-teacher ratio is the number of students in a school related to the total number of teachers on staff.

Q.—What is "class size"?

This is the actual number of students in each class.

Q.—How does the pupil-teacher ratio relate to entitlement?

On a day-to-day basis they are not directly related but in the long run, changes in the entitlement formula would affect the pupil-teacher ratio. Generally school boards strive for the best educational situation possible. The Public Schools Act does not set down how many teachers a board may hire, but it does determine how many teachers will be recognized for grant purposes. If a school board hires a teacher above the entitlement formula it does not receive a grant from the Provincial Government in respect to that teacher. In other words, the over-entitlement teacher is completely a charge against the local taxpayer, both for salary and for operating expenses.

Q.—Who determines "entitlement"?

This is a decision made by the Provincial Government based on the level of financial support which it wishes to give to the public school system.

Q.—What determines the pupil-teacher ratio?

If the pupil-teacher ratio is to exceed the entitlement formula, it is the decision of the school board based on advice from its District Superintendent and other professional staff.

Q.—Who determines class size?

Within the limits above, the actual decision on the size of a particular class is made by the principal of the school.

Q.—What is the basis for this decision?

The decision of the principal in allocating students and teachers to a particular class is based on the educational requirements of the children and the abilities of the teachers. For instance, the principal may feel that it is desirable to have one Grade 6 class of 25 slow learning children under a teacher

with special ability in this direction and 41 average children in another Grade 6 class.

Q.—Do the statistics bear this out?

According to statistics prepared by the Department of Education in January, 1967, there are only 258 classes in all of B. C. with more than 40 students. Of the schools where those classes are located, 39 have an overall pupil-teacher ratio of less than 25 to 1; 247 have an overall pupil-teacher ratio of less than 35 to 1 and there are no schools with an overall ratio of more than 39 to 1. This would indicate that the large classes come about through a particular situation in the individual school, probably the result of a local emergency such as a sudden increase in pupil population.

What is the overall class size situation in the Province?

The official figures indicate that there are 13,886 classes in the schools in B. C. Of these, 1,382 or 10% have less than 20 pupils in a class; 1,318 classes have between 20 and 25 pupils. The majority of classes, 8,184 (59%) have between 25 and 35 students and 2,744 have between 36 and 40 students. This means that 98.1% of classes in the Province have less than 40 students.

Q.—Can classes over 40 students be eliminated?

Yes. The school boards could issue a directive to all school principals that they are not to form any classes with more than 40 students. This would eliminate these classes immediately.

Q.—Would this improve the classroom situation?

No, quite the contrary, it would force principals into conforming to a rule which is contrary to their judgement as to the most effective use of the staff and facilities at their disposal. It would produce more classes which include children from different grades and hamper the effectiveness of special classes which now have a smaller class size.

Q.—What are school boards doing about this problem?

There are two things which stand in the way of a spectacular change in the pupil-teacher ratio: firstly the supply of teachers and secondly the money needed for capital construction and operating costs. Trustees, through the B. C. School Trustees Association, are actively engaged in recruiting teachers for B.C. and the boards are hiring additional staff as fast as they can.

The number of over-entitlement teachers in the Province rose from 452 in 1965-66 to 782 in 1966-67. This is over and above the increase in the teaching force needed to cover increase in pupil population. This means that 782 teachers' salaries and all the other operating expense related to them are a direct charge on the local taxpayer. These teachers are employed to reduce the pupil-teacher ratio to below the officially recognized level. Secondly, school boards are pressing the Provincial Government to change entitlement formula to allow them to be compensated for these additional teachers.

Another important point to be understood is that each additional teacher taken on staff must have a classroom, teaching supplies and equipment. This room must be cleaned, the

Summerland Review Page 13
Thursday, April 20, 1967

equipment maintained, secretarial help supplied, etc. In other words, each additional teacher not only means one additional salary but a proportionate increase in the entire operating cost of the district. School boards must be satisfied that, in the face of growing local opposition to soaring education costs, increase of such magnitude will produce a significant improvement in education in the district.

Trout Creek P.T.A. social evening

About 85 people attended the annual Trout Creek P.T.A. social evening.

Mr. Stan Barrett won the door prize.

Prizes for highs and lows were awarded to the following:
Bridge: Mr. and Mrs. Robert White, Mrs. Harry Hackman and Del Carter; whist: Mrs. Fraser, Mrs. Harrington;
Games: Mr. Edson Miller and Mr. Jake Poule.

Convenors Mrs. Alice May

and Mrs. Audrey Wardle were assisted by Mrs. Dorothy Morgan, Mrs. Muriel Proverbe, Mrs. Julie Bombardier, Mrs. Helen Bonthoux, Mrs. Doris Baron, Mrs. Isobel Halvorson and Mrs. D. Wittke.

Refreshments were convened by Mrs. Beulah Raincock and Mrs. Eileen Morphy assisted by Mrs. Tomi Aoki, Mrs. Beryl Gartrell and Mrs. F. L. Banhom.

Dr. Dave McMullen acted as master of ceremonies.

Southern B.C.

suitable for
bee production

Two years of testing have shown that honey bee colonies wintered in southern British Columbia can be used for package bee production.

The testing was carried out by Dr. Peter Pankiw, of the CDA Research Station at Beaverlodge, Alta., and by John Corner, B.C. Provincial Apiarist, working in co-operation with the Agassiz Research Station.

Dr. Pankiw says package bees can be successfully produced from local southern B.C. colonies or those brought in for the winter from Alberta and northern B.C. But it requires good management.

This would permit southern B.C. to support a small package bee industry to supply part of the demand in western Canada, which in 1966 exceeded 225,000 packages. The demand is expected to continue to increase.

Dr. Pankiw explains that the colony is a bee-making machine, headed by a high laying queen. To make 12 to 15 pounds of bees by May 1, careful attention must be paid to nutrition and disease control.

Colonies with young laying queens should be selected and each colony should be provided with at least 90 pounds of honey and four frames of pollen in the fall. Two pounds of pollen supplement per colony given in October, early March, and mid-April will also ensure there is no shortage of "bee bread".

Bridge Results

Eight tables took part in Thursday night's Bridge play in Penticton.

North-South: 1. Gordon Hepperle and Mrs. Ellen Field; 2. Mr. and Mrs. J. J. Woods of Sidney, B.C.; 3. W.G. Evans and J. T. Garraway.

East-West: 1. Mrs. T.W. Hall and Frank Brodie; 2. Mrs. Hazel Brodie and Mrs. Rose Campbell; 3. Mr. and Mrs. Murray Barnes.

In Bridge play in Summerland on Monday night, 10 tables took part.

North-south: 1. A. J. Berry and Jack Lockie; 2. Mr. and Mrs. J. J. Woods of Sidney; 3. J. T. Garraway and Bill Hepperle; 4. Mrs. Iras Gartrell and Gordon Hepperle.

East-west: 1. Mrs. Marg. Berry and Mrs. M. K. MacRae; 2. Mrs. Doreen Fredrickson and Mrs. Brigitta Fredrickson of Quesnel; 3. Mrs. Kay Moyls and Bert White; 4. Mr. and Mrs. Murray Barnes.

April 24 the Bridge Club will hold its third birthday party. Play will start at 7:30 sharp. Everyone welcome.

NATURE CYCLE

As more and more forest land is being used for recreation, it is interesting to note that the United States conducted a study on recreation trails. The recently completed nationwide trails study "Trails for America" — recommends 25 miles of hiking trails, 25 miles of bicycle trails, and 5 miles of horseback trails be provided for every 50,000 residents. It is expected that legislation to establish a Nationwide System of Trails based on the results of the study will be considered by the 90th Congress.

REAL ESTATE

BEAUTIFUL — NEAR TOWN

Had the day and the water been warmer, and this happened during school holidays the kids would have had a ball. But these conditions didn't exist when this hydrent on Victoria Road was struck by Mrs. Joe Akitt Wednesday morning. While pulling in to park, she got too close and broke the four inch cast pipe. Water flowed for about half an hour at the rate of 2,000 gallons per minute, before the crew had it under control. Note the stones on the sidewalk brought by the 140 pounds pressure of the water.

Eleven new members in Summerland Guides

A group of Mothers and Brownies watched last week as the Guide Company welcomed new members. Eleven aspiring Girl Guides participated in the "fly-up" ceremony. The Brownies to be presented were, Peggy Marles, Olwin Killick, Cheri Miltimore, Loretta Kropinski, Patty Naylor, Coleen Graham, Janice Impett, Heather Smith, Dianne Kita, Joyce Evans and Jean Lichtenwald.

The Brownie Maidens formed into four tribes, North, South, East West and the maidens wore an Indian headdress and performed a ritualistic w a r dance around the make believe campfire. Brown Owl Mrs. Naylor represented the 1st Summerland Pack, Mrs. J. Skipplings the 2nd and Mrs. Sharp the 3rd. Pack leaders Olwin Killick and Peggy Marles led the nine other Indian Maidens to the Toad stool and through a pathway of stones to Guide Comapny. Here the girls were challenged by the patrol leaders and presented to Madam Commissioner Mrs. Gladys Pool, who pinned "wings" on each girl.

The new Madam Commissioner welcomed the girls and explained the activities of summer camp to be held July 19-23 for Brownies, and July 23 - 30 for Guiders. Mrs. Pool then led the girls in the Centennial Prayer.

Mrs. J. Skipplings was presented with the Brown Owl Warrant, and Mrs. N. Rasmussen was given a Brownie Cup and Saucer in appreciation for many hours of time devoted to the Brownie Work.

Parents approve "family life" films

PEACHLAND — The majority of parents here voted in favor last week of a film on family life for showing to their children.

A good turnout of parents was present for the showing of the Department of Health film arranged by the Peachland Chamber of Commerce.

Mrs. Clark, Public Health Nurse introduced the films entitled "Girl to Woman" and "Boy to Man" — shown for the first time in the Okanagan. It explained the various stages of growth and glandular changes.

A question and answer period followed and a panel discussion was included. Panel members were Dr. D. Clark, Medical Health Officer for the South Okanagan Health Unit; Dr. B. Fimmamore, Mr. G. A. Reid, Peachland Elementary School Principal, Mrs. L. Ayres, housewife; Dr. R. D. Mitchell was moderator.

One panel member felt the subject under discussion should be taught in the home and not in school.

The producers of the film recommend it be shown to girls from the sixth grade on and to boys from the eighth grade on. The health nurse noted that some children 9 or 10 years old would benefit from the film while others not until they are 14 or older.

Dr. Clark said he would be pleased to show the films anywhere and provide qualified staff to groups of parents or parents and children.

recently presented to a number of Brownies: Connie Rasmussen received Knitters and toymakers badges; S h a r o n Cook, artist, art appreciation and athletic badges; Olwin Killick, a collectors badge; Linsey Laidlaw, a dancers badge; Roberta Klein, a skaters badge; Jane Spalding, dancers badge; Janice Taylor received a skaters badge; and Jennifer Kuzyk and Heather Blomfield w e r e proud recipients of the Golden Bar.

Need for band at Grade 7 questioned

Mrs. Paul Charles and Mrs. Bill Barkwill suggested to the school board last week that the new band program in Grade 7 may be working a hardship on some parents.

They made the suggestion that the program be discontinued or that students rent school-owned instruments or that the school board rent instruments for re-renting to students.

Superintendent Gordon Paton said the program was designed to find out earlier if a student had aptitude for band playing, rather than waiting until he reached the secondary school. He said students are not under any obligation to take part in band and that it was strictly voluntary.

There was no decision made.

IOOF Lodge presents cheque for hospital

IOOF Noble Grand Frank Carey and Rebekah Noble Grand Mrs. Blanche Ingles presented Les Rumball, president of the Summerland Hospital Society, a cheque for \$785 Friday evening to assist with ward equipment in the new hospital.

A draw was made the same evening, when members were enjoying a card party, for a Pixie Doll which was won by Mrs. Norman Abernethy and a cushion was won by Susan Beulah.

Here IOOF Noble Grand Frank Carey, left and Rebekah Noble Grand, Mrs. Blanche Ingles presented Hospital Society President a cheque for \$785.20 for the new hospital Friday night during a social evening. The men made individual contributions and the women raised money through catering raffles, teas and of course Dave McAlister's sourdough pancake supper. Rumball praised the group for the generous donation and said it would certainly assist in making patients more comfortable during their stay in the new hospital.

MacDonald School under study by Summerland School Trustees

Considerable time was spent discussing possible changes in the elementary school facilities at the school board meeting last week.

The board has been told it

must take safety measures in the MacDonald school.

School Superintendent Gordon Paton said in a prepared report to the board that it had a choice of placing a four or five classroom "neighborhood" primary school on a new location and upgrade present facilities in MacDonald school or add to MacDonald.

They decided to hold a special meeting on the matter after the building committee had an opportunity to study the situation further.

Kindergarten facilities as well as a room for retarded children will be considered, but doubt was expressed that they would be able to provide for a room for retarded children because it could not be authorized under present provincial legislation, unless there are ten students in that category. At present, seven are registered at Happyvale School, Penticton — but only six attend on a regular basis.

They will also consider improvements to the maintenance shop.

Possibility of getting a classroom for the retarded jointly with the Penticton school district was given consideration and will be investigated.

Future Queen serves tea

There will be an opportunity to view this year's queen candidates on Saturday afternoon at the Summerland Yacht Club where the Yacht Club Auxiliary is holding a tea and the girls will be serving.

By Keith Bergh

Marg Pruden has the all-time high at the Golf and Country Club . . . and it's still high as far as I know. She hit a ball high up in a pine tree and it stayed. How is that for an unplayable lie. (Now careful how you interpret lie . . . I mean she couldn't hit it or shake it down.)

★ ★ ★

I didn't know there was such a thing as an emergency haircut but this happened — to Fred Field — one of our friendly barbers. We were all having coffee and a gentleman came in all excited and said there was a sick man in the shop that needed a haircut right away . . . Fred took off.

★ ★ ★

There is possibly going to be

Regional District, slow process

Councillor Bill Barkwill, president of the Regional District told council Tuesday evening that organization is moving slowly. Any change in regulations or movements made, must be approved by Victoria.

"I hope we can get off the ground in hospital financing, otherwise we are not getting anywhere", he said.

He indicated they were bogged down on getting a by-law through on insect control in Kaleden; the rural boundaries, between Oliver and Osoyoos and the Osoyoos centennial project.

★ ★ ★

In other council business, Superintendent Ken Blagborne said the irrigation water is in the flume, except for a few laterals.

Star-Mix Paving Co. of Penticton was authorized to lay blacktop on municipal streets for the same price as last year. It was not disclosed which streets will be paved but the work will start next week.

Reeve Holmes praised all organizations for their efforts on Giant's Head Park and added, "everyone taking on a duty is doing an excellent job."

D. A. Clark, M.D., Medical Health Officer for the South Okanagan Health Unit said in a letter to council that trade wastes from the Cornwall Cannery is the cause of regrowth in the water at the Summerland Yacht Club and suggested a meeting be held with the Okanagan Pollution Control Board and that officials of Cornwall and the fish hatchery be invited to the meeting.

Doug Stuart, Penticton, President of the Okanagan Pollution Control Board will be contacted to set up such a meeting.

As a result of a letter from

council sent to the Pollution Control office in Victoria, they were informed an engineer from that department will be here later this spring to determine the scope of study required.

As a result of a report in the Review April 6, regarding the condition of the property owned by Standard Oil south of 5 Corners Service, quoting Councillor Barkwill that they had given council assurance a motel would be built on the property, a reply was read to council.

They said they were not in the motel business, but have and will encourage such a development. According to their files, there was no understanding to develop the property at the time the station was built.

Barkwill said, "they are avoiding the issue. Our concern is the mess of stumps on the property."

The industrial property owned by Summerland (Francis Stewart's orchard) will go up in price by at least \$175 because when considering the cost of development, the fact that B.C. Hydro poles would have to be moved was not considered. Estimated cost of this is \$2,458 according to Councillor Schaeffer.

Council plans on preparing a by-law for approval by referendum, for municipal garbage pick-up. Schaeffer hoped to have an area plan prepared by next week.

Barkwill's Cannery requested an increase from 220 volt power to 440 volts. The conversion will cost the cannery \$810 for additional equipment leading to its property.

Tyac Box Ltd. (Indel Industries Ltd.) notified council it

Austin Stanley dies

Mr. Austin Wilson Stanley passed away in Summerland General Hospital Wednesday, April 19 at the age of 57 years.

Surviving are his loving wife Vernetta, Summerland; 1 son Vernon, Nakusp; 4 daughters, (Eva) Mrs. E. Hawthorne, Castlegar; (Norma) Mrs. H. Command, Nakusp; Helen and Marilyn at home; 3 grandchildren; mother, Mrs. Eva Stanley, High Prairie, Alberta; 3 brothers; Clarence, McBride; Joseph, Nakusp; Ervin, Winnipeg; three sisters; Mrs. Edith Davies, Wainwright, Alta.; Mrs. Roy Johnson, Bow Island, Alta. and Mrs. Alex McLaughton, Camrose, Alta.

Funeral services were conducted from Summerland United Church, April 22 with Rev. Phillip Louie officiating.

Interment was in the Peach Orchard Cemetery. Wright's Funeral Home was entrusted with arrangements.

Under The Giant's Head

a lot of hollering about the Reeve and Councillors voting themselves a raise in pay but I am all for it. I happen to know how much time they spend on municipal business and they earn every dollar for it. Sure, I blast them for this and that every once in a while — when they make mistakes — and don't we all, but I work pretty close to them and happen to know their time and knowledge is worth it. Course they might be good for a cup of coffee in lieu of their raise.

★ ★ ★

CHBC's Hugh McLennan interviewed members of the Centennial Choir and the Summerland players this week — it was taped Monday for showing on Wednesday or Thursday. (I am stumbling through this column Tuesday night.) If you didn't

see it last night — have a look tonight but turn it off for the first minute or so — it's not so hot. I saw the play-back.

★ ★ ★

Now hear this! Go to hear and see the Summerland Centennial Choir and the Summerland Players either Friday or Saturday night in the Secondary School Auditorium at 8:00 p.m. There are only about 500 seats to fill and the admission is free so come early or your neighbor will. These performers have been working like a bunch of beavers for months preparing for this — and talk to any of them and they'll agree the last week has been hectic. I say we will fill it both nights and there will be people left over crying for another show.

Child adopted

Mr. and Mrs. F. E. Atkinson and Miss Dorothy Britton, of Summerland, have financially "adopted" Choi Miu Hing, a 10-year-old Chinese girl living in Hong Kong, through Foster Parents' Plan, P.O. Box 65, Station "B" Montreal.

The sponsoring means new hope and a chance in life for the child who otherwise appeared doomed to a life of helpless poverty in one of the world's depressed countries.

This endearing small pixie is a minute, but important, part of the struggling, brave, poverty-ridden world of refugee Hong Kong.

Miu Ching's father came to Hong Kong from China many years ago. He found work and as a man followed the custom of his people and returned to his native country to marry. Miu Hing's father returned to the Colony. Many years later his wife was able to get permission to bring the children and join him there—meantime, Miu Hing's father visited his family when he could. The father works in a haberdashery. It is a steady job but the wage is only \$29.82 a month.

Miu Hing has three brothers, Loy Shun (14), Po Wah (6), Kwong Wa (4) and a sister, Suk Hing (2). The mother has them to care for her home and the aged grandmother who is paralyzed from a serious illness, and bedridden. In spite of these heavy responsibilities, the mother still finds time to earn \$5.30 a month by doing piece-work at home.

Loy Shun should be in school but has found a job in a plastics factory, makes \$12.64 per month. Since he cannot attend school full time, Loy Shun goes to school after his day's work is done.

Miu Hing is in primary school, Po Wah in kindergarten. Schools are not free and have monthly tuition fees which alone are a heavy burden to a family as poor as this.

The total income, carefully handled, does little more than provide basic daily needs and help is needed. When the plight of the family was first made known to PLAN aid was immediately extended to Miu Hing by a generous Foster Parent, no longer able to sponsor her. This "adoption" assures

First tournament of year held Sunday at Sumac Ridge

The first tournament at the Sumac Ridge Golf and Country Club was a success. It was a mixed two ball foursome.

The "Big M" was too much of a handicap for his partner, Glenys Clark, as Ken Williams and Betty Vaive were the winners after a play-off against Norma Lichtenwald and Ernie Harrison.

Frustration set in on the first hole of the playoff when Norma's approach shot was lost. Betty says it's the first win she ever had and really, Williams isn't that good.

On each hole, both partners drive in this type of tournament, the best of which is used, then the teams play alternate shots.

In the whole game Robin Wright's drives were never used as his partner, M a r y Parker out-powered him. M e l Hyde was unusually quiet.

There were over 30 couples teed off from 9 to 11 a.m. Sunday, and they kept the course busy all day. A luncheon was served following p l a y, but most stayed to go another round . . . some had a tough time getting out of the lockers.

Prizes were given for almost everything. Here is the list:

Low gross, Ken Williams and Betty Vaive; high gross, Al Menu and Lil Nistor; l o n g drive, men: George Taylor; ladies: Marg Berry;

Longest putt, Harry Hackman; longest chip shot: Ken Nistor; closest to the pin (number 5): Louise Williams; hidden hole (7th), best: Ernie Har

benefits which are still very sorely needed.

Miu Hing is cute, polite and bright. She is in the 4th grade of primary school now. L a s t term she stood 12th n her class of 44.

From the \$16 monthly contribution, the child receives \$8 cash support plus clothing, medicines school fees etc. There is a full-time director a n d trained social workers to look after the welfare of the children in each of the eight countries where Plan operates — Korea, Hong Kong, Viet Nam; Greece, Colombia; Ecuador; Peru and the Philippines.

ison and Norma Lichtenwald with a 4 and wrost, Al Menu and Lil Nistor with a 16.

Captain Ken Nistor and vice-captain George Uzawa are arranging tournaments and events for the year — so watch next wek for the golf news. See you at the golf club.

LUCITE* HOUSE PAINT

Incredibly durable...so easy to use

Protects like a plastic shield . . . offers incredible durability *without* temporary surface shine of oil-base paints. Beautiful low-lustre finish dries to a tough, protective shield against extremes of weather.

Flows on easily, effortlessly. New LUCITE* House Paint is so easy to use it just flows from your brush with no tiring brush drag. And it dries to the touch in only one-half hour. So, dirt and bugs won't collect.

Covers almost any building material. Use LUCITE* on wood, brick, masonry, stucco, cement block. Needs no primer, if old paint is in good shape. Goes on over damp surfaces . . . no delay from dew or showers.

Quick and easy cleanup. Clean brushes, rollers with soap and water. No mess or bother with special solvents. LUCITE* can be thinned with water, too. Fresh paint spots wipe up with a damp sponge.

Summerland Review Page 4

Thursday, April 27, 1967

Time to have a look

Summerland will observe Clean-up Paint-up week next week and Peachland is doing the same thing this week. They are, in each case sponsored by the Chamber of Commerce in co-operation with the municipality.

It would be wise to take a check on hazards that do not show as well. We can all investigate a little to see if we have any fire traps in our homes and offices.

Homeowners are asked to participate to rid our homes of accumulated trash, old newspapers, and other combustibles which may have piled up during the winter. In doing this we perform two tasks at the same time. First, we make our homes cleaner and brighter places in which to live, and second, we get rid of unneeded things that are combustible, eliminating potential fire hazards.

Many of our residents are located considerable distances from the fire station so a spring clean-up is a must to assure fire safety.

Of course the outside appearance of your home, office, shop or retail outlet is important too.

Thousands of tourists will visit Summerland and Peachland again this year and that first impression is a lasting one. A neat clean appearance could mean a favorable decision to locate here.

We believe our town is much better in appearance than the average but this does not mean we couldn't improve. A little paint on the front of the store above that awning could make a big difference. Possibly your sign needs freshening up.

Next week is Clean-up Paint-up week. If everyone pitches in to do their bit it will be successful.

The municipal Council has agreed to haul old car bodies and abandoned cars to the nuisance ground at no charge provided they are placed close to a road or driveway so they can be loaded with a boom truck. Requests for such service will be taken at the Municipal office until Monday, May 1. Sounds like a good opportunity to get rid of those "big pieces" around the yard. There have set a limit of three car bodies per householder.

A worthwhile cause

Among the great expectations of the world is the day when man will have defeated cancer. No more stubborn, no more deadly enemy has existed in man's war against disease. No threat to his health and life has challenged him to more determined resistance.

We will have an opportunity to do our part in combating cancer by giving when Summerland Kiwanis Club members call on Tuesday evening.

The problem of cancer and its control remains one of the greatest challenges facing Canadians during our Centennial year. Only by combined efforts on the part of all Canadians can we come to grips with the problem.

The task of the Canadian Cancer Society is to raise the required four and three-quarter million dollars so they can consistently carry on the good work.

Canada has a fine record in the fight against the dreaded disease. A Canadian, Dr. R. M. Taylor was elected secretary general of the world Cancer Society. Advances in this field by our research people are well known throughout the world and this is made possible only by the generous contributions made in the past.

We can only applaud the efforts of organizations such as the Summerland Cancer Society and for the co-operation they are receiving from the Kiwanis Club — who are making this drive for funds. They are to be commended. — Now it is up to us.

Free bridge on Monday, Thursday

Summerland contract bridge members want to add to their membership list, according to publicity chairman Wilf Evans, so they are having a free night to give prospective members an opportunity to take part — then decide. The Penticton branch is doing the same.

According to Evans, there is always more interest created when they get new members. He should know! The Summerland club has grown from nothing to about 100 members in three years.

Newcomers and visitors will have free admission in the Rosedale Room, Summerland on Monday night and the same will hold true in the Heather Room of the Prince Charles on Thursday evening.

Evans says they have come a long way in three years and facilities now include two complete boards of plastic cards, all equipment necessary for contract bridge, they own 16 tables and have the only bridge

Bridge Results

Eight tables took part in last Thursday's Bridge party at Penticton:

North-south: 1. Bill Hepperle and Fred Evans; 2. Ray Stewart and Bert Berry; 3. Gordon Hepperle and Jack Garraway;
East-west: 1. Mr. and Mrs. Ed May; 2. Mrs. T. W. Hall, Ray Wilkinson; 3. Mr. and Mrs. A. E. McBryde.

In Summerland on April 24, 14 tables celebrated the third birthday party. There were two sections and the results were as follows:

RED SECTION
North-south: 1. Don Phelps and Bill Hepperle; 2. Mr. and Mrs. Dennis Purcell; 3. Claire Elsey and Bill Macklaine;
East-west: 1. Mr. and Mrs. A. E. McBryde; 2. Mr. V. Andreev and Mrs. Ethel Wilmot; 3. tie— Mrs. Doreen Frederickson and

library in the valley — one of the best in western Canada and U.S., headed by librarian Peggy MacRae.

They have from 8 to 12 tables in play each Monday night.

J. T. Garraway; with Mrs. Gert Lewis and Mrs. T. W. Hall;

GREEN SECTION
North-south: 1. Mr. and Mrs. Warren Wilkinson; 2. Dr. and Mrs. W. G. Evans; 3. Mrs. Eve Lander and Mrs. Ida VanAtta;
East-west: 1. Mr. and Mrs. W. Hughes-Games; 2. Mr. and Mrs. Harry Chamberlaine; 3. Enid Maynard and Warren Palmer.

In Kelowna on April 19 South Okanagan Players did well in Masters and Non-masters team of four.

1: J. T. Garraway and Dr. W. G. Evans; 2. Mrs. Lewis and Mrs. Chamberlaine; on third place team were: Wes and Eileen Funnell; 4th place team: Fred Evans and Granger Evans; on fifth, Vorn and Jean Oakes. Teams consisted of one team of Masters with over 20 Masters points, and one team under 20 Masters points.

The birthday party was a big success with buffet dinner and dancing to Wes Funnell's band. It's Masters point night this evening, the 27th, in Penticton.

New method helps determine timing for codling moth sprays

SUMMERLAND — Newer and more accurate methods have replaced the bait pan technique of trapping codling moths to determine timing of insecticide applications to control the pest, says Dr. H. F. Madsen, head of the entomology section of the CDA Research Station here.

The pans, baited with molasses or diamalt, were a nuisance to maintain and this method of trapping was of doubtful accuracy because it tended to attract old moths who had completed egg laying.

The latest methods make use of traps that literally exude female "sex appeal" or ones utilizing ultraviolet rays (blacklight). Studies at Summerland have shown that either method is far more effective than the bait pan technique in attracting greater numbers of moths, including younger ones, Dr. Madsen reports.

Much more accurate information can be obtained by using either sex or blacklight traps, making it possible to time spraying operations more precisely.

Work with blacklight traps at Summerland showed them to be reliable and good indicators of codling moth activity. But they do have one failing — they attract many kinds of night flying insects and this means a daily job of sorting out the codling moths from the other insect species collected in the traps.

Development of the "sex" trap is an offshoot of studies by Dr. M. D. Proverbs, of the Summerland station, on the sterility method of controlling

the moth. These studies showed that male moths were attracted from a considerable distance by a scent emitted by the females.

Live female moths are being used in traps to provide the lure. On entering a trap, the females become snared on a sticky coating covering the interior surfaces. This method of trapping is very effective at all times throughout a season, Dr. Madsen says.

Although very effective results have been obtained with the use of live females, this practice has one hitch — colonies of codling moths must be maintained in laboratories to provide the females needed for the traps.

Dr. Madsen is hopeful this problem may be solved in the not too distant future and he notes that scientists are now attempting to identify the chemical nature of the female scent as a step toward production of an artificial sex lure.

FROM FOUR TO 50,000

More than 50,000 Canadians follow the Mormon tradition. The Church of Jesus Christ of Latter Day Saints was founded in 1830. The faith was introduced into Canada by four United States elders at Ernestown, in Upper Canada, in 1832.

Women's Institute donates to new General Hospital

An interesting demonstration and instruction was given by Mrs. Phillips in crewel work and needle point at the April Women's Institute meeting attended by 31 members.

The Hospital Board in a letter expressed its thanks for a donation of \$512 to furnish a room. Also, \$10 was donated to the Summer School of Arts.

A one-minute silence was observed in memory of Mrs. D. Gilman, who passed away recently.

Mrs. J.L. Brown was appointed delegate to the district conference in Oyama on May 8; ten members also plan to attend.

Mrs. Wm. Brown offered the use of her home for a sewing bee in aid of the Unitarian Service Committee.

Members were reminded of home canning and baking competitions for the Fall Fair.

At the May 12 meeting Mrs. Jack Dunsdon will speak and show pictures on Centennial symbols and flags of the provinces.

Bowling Highlights

By Ron Kostelniuk

In Ladies' League semi finals finished last week, Candy Kisses won A League while Sugar Plums won B League. In A League, Candy Kisses were never headed of track as they won by 174 points over runner-up Mojoes. Smarties finished third, 11 points behind Mojoes. Tiger Tails, the League pennant winners finished last, and well back with 4074 points.

The members of the triumphant A League playoff winners are Marg Payment Betty Creighton, Mary Dickenson, and Lil Smith.

The members of the Tiger Tails, pennant winners, are Nan Thornthwaite, Jean Harrison May Rogers and Florence MacLachlan.

In B League, Sugar Plums beat out Wagon Wheels, first week leaders, by 189 points. Lollipoppers finished third; Lemon Sours fourth; Jaw Breakers slipped into fifth by 48 points; and Humbugs dropped to last spot. Members of the Sugar Plums are Elsie Howard, Jean Skippings, Mary McCauley and Irene Chatten.

Finals between the Candy Kisses and Sugar Plums will be played tonight and tomorrow with three games each night.

Spring League gets under this week. Ten teams are entered this year.

Here are the final results of the semi-finals of A and B League:

A LEAGUE	
Candy Kisses	4716
Mojoes	4545
Smarties	4534
All Sorts	4279
Cool Mints	4089
Tiger Tails	4074
B LEAGUE	
Sugar Plums	4129
Wagon Wheels	3940
Lollipoppers	3817
Lemon Sours	3809
Jaw Breakers	3683
Rumbugs	3635

C.W.L. officers re-elected

Mrs. Helen Schaeffer reported at the recent annual meeting of the Catholic Women's League that the entire executive had been returned to office by acclamation. Nomination convener Mrs. Schaeffer listed them as follows: Mrs. Rita Allen, president; Mrs. Julia Bombardier, 1st vice-president; Mrs. Helen Bonthous, 2nd vice-president, Mrs. Loret Simpson, 3rd vice-president; Mrs. Marg. Irvin, secretary; Mrs. Mary Lou McMechan, treasurer.

Convenors named were: Mrs. J. Bombardier, spiritual; Mrs. Mary Madden, education; Mrs. Helen Schaeffer, social action; Mrs. Mary Logie, citizenship; Mrs. H. Bonthoux, membership; Mrs. Loret Simpson, league magazine; Mrs. Margaret Gilbert, lunch; Mrs. Mary Ongaro, hospital visiting; Mrs. Allen will again be delegate to the convention in Grand Forks on May 4 to 6.

Phillip McMechan, president of CYO invited the ladies of the CWL to a few games of bowling. League members were happy to accept. Father Guinán addressed the meeting, and spoke on various subjects. A social hour followed.

Council hope to rent dredge from Harrison Hot Springs

Council inquired about the possibility of renting a dredge from the Village of Harrison Hot Springs and Municipal Clerk Gordon Smith read an encouraging reply Tuesday night.

The dredge will move 100 cubic yards per hour and can be transported by truck. They said they would rent it to Summerland but it is now being used to build an island for sewage disposal.

Although no rental rate was established, they estimated it would be about \$1,500 per month, plus the operator's wages.

Reeve Holmes said "this could be the answer to all our problems on the lake and I think we should investigate this further."

Councillor Powell agreed and asked that Smith write a letter expressing their interest in getting the equipment.

Holmes urges support in cancer drive Tuesday

In a proclamation announcing the Cancer drive here on Tuesday, May 2, Reeve Norm Holmes reminds citizens of the steady progress that is being made in the fight against cancer.

"We are reminded of the tremendous strides that are being made in the search for a cure for this disease which is second only to circulatory diseases as the major cause of death in Canada," he said.

The B.C.-Yukon Division of the Canadian Cancer Society will attempt to raise \$410,000 for research, education and welfare in the field of cancer.

British Columbia is already a world leader in some significant areas of cancer research and the preventative and diagnostic services available in the

province ensure the best possible treatment to the residents of this province who may be afflicted with cancer.

Leaders of government, labour and medical spokesmen have also joined in endorsing the annual Conquer Cancer campaign.

The drive will be conducted by the Summerland Kiwanis Club in a door to door blitz on Tuesday starting about 6:30. Residents are asked to leave porch lights on, and if possible have their donation ready when club members call.

LET'S GET NEWSY . . .

Mrs. M. L. Embree has returned from Saskatchewan, accompanied by her daughter, Marilyn who will visit her for two weeks before going on to the Coast.

Eight students bound for Montreal

Eight lucky Summerland Secondary School students have won a trip to Montreal this summer as part of the Federal/Provincial Youth Travel Program. The program started in 1964 and by the end of 1967 more than 12,600 students will have participated in it.

Summerland students participating are Grade 12 boys: Ray Chippendale, Wayne Campbell, Robin Agur first alternate and Dale Stevenson, second;

Grade 12 girls: Marlene Charles, Bev DeWitt; Dianne Bennett, first alternate and Sharon McIntosh, second;

Grade 11 boys: Tom Randall, Gary Smith; Rick Morrissey is first alternate and Mike Weeks is second;

Grade 11 girl: Connie Roberge, Ellen Davis; Linda Scott is first alternative and Carolyn Morris, second.

These young people along with 16 others from the Okanagan area will be supervised by Mr. and Mrs. W. R. Chalmers of Summerland. They'll leave here Monday, July 31 and travel to Kamloops by bus where they will meet the CNR train; and will return to Summerland Aug. 14. While away they will also spend some time at Expo, and also take a side trip to Ottawa. The students who will be visiting in this area are from Winnipeg.

Growers' Wine report healthy sales increase

Increased sales for an eight-month period during 1966 were announced by Brian H Roberts, President of Growers' Wine Company Limited, in the annual report just issued.

Roberts reported a profit, after taxes, of \$21,470, in spite of increased costs in labour and materials and no increase in product prices.

The company also absorbed interest charges on the purchase cost of the Beau Sejour Vineyards Ltd. in Okanagan Mission, and the building of a new winery, Castle Wine (Sask.) Ltd. in Moose Jaw. No subscribed capital was used and no stock issued, Roberts reported to the shareholders. All purchases were made from loaned capital.

With the start of the Saskatchewan winery, and with their first sales taking place recently, Roberts said there was a net loss from this operation due to development costs, but he predicted an encouraging sales picture for 1967.

The subsidiary company, Beau Sejour Vineyards Ltd., in spite of a setback in production from a frost crop damage

Special program at Free Methodist

The Summerland Free Methodist Church is presenting a deputation team from Mountain View Bible College of Didsbury, Alta., on April 27 at 7:30 p.m.

The program will include a musical program directed by Roger Moyer, and slides of campus life will also be shown.

The President, Rev. Edward Oke will give a devotional talk. This team is touring the Okanagan, and other B.C. points.

LET'S GET NEWSY . . .

Rev. and Mrs. W. R. Ashford of Salt Spring Island spent Friday in Summerland on their way to Edmonton.

in 1965, showed a healthy profit.

A number of new lines in the Beau Sejour and Ste. Michelle products were added in 1966 and have already captured a very satisfactory share of the market, Roberts added.

A statement about your accommodations in Montreal for Expo67

Expo 67 is bound to put heavy pressure on accommodations in Montreal. Nevertheless, LOGEXPO, the official Expo 67 accommodation bureau, assures every visitor a place to stay.

At peak periods you may not be able to get certain kinds of accommodation—downtown hotel rooms, for example. But even at these times, there will be sufficient alternative accommodation for everyone.

Over 79,000 rooms are available in all.

Private Homes. Over 30,000 hospitable Montrealers are welcoming visitors into their homes. RATES: from \$8 to \$14 a day for two people, \$10 to \$18 for three, or \$12 to \$22 for four. Efficiency Apartments, with kitchen facilities and maid service. RATES: \$18 to \$25 a day for two persons, plus \$3 a day for each additional person.

Hotels. There are still some vacancies in downtown hotels during some periods, also in resort hotels within easy reach of Expo 67. RATES: from \$12 to \$30 a day.

Tourist Homes. The position is similar to that of hotels and motels, with some vacancies in all periods. RATES: \$10 to \$18 (double occupancy).

Every room has been inspected and approved by an agency of the Government of Quebec, and a controlled rate established.

All you have to do to make a reservation is mail the coupon below to LOGEXPO. You will receive a reply in 7-10 days, followed by confirmation direct from the management of the hotel, etc., or the homeowner.

Or, phone (514) 397-8397 for immediate information and reservations.

Motels. Available in many periods, particularly early in the season, and after September 4th. RATES: \$12 to \$30 (double occupancy).

Motels (Trailer type) With kitchen facilities and maid service. RATES: from \$25 a day for two persons, \$30 a day for four, or \$49 a day for eight. Children under 12, free.

Trailer Sites, within easy driving distance of Expo 67, with 3-way hook-up. RATES: \$3.50 to \$5 a day.

Camp Sites. 20,000 sites, in 120 separate locations, in the area around Montreal. RATES: \$2.50 to \$3.50 a day.

All these accommodations are government-inspected, approved, and price-controlled.

N.B. Please fill out the coupon completely and mail it today.

New members in Brownies

The eight new Brownies recently enrolled in the 1st Summerland Brownie Pack are Kelly Uytterhaegen, Linda Kirkby, Teena Ogden; Lynn Martin; Karen Schaefer; Elizabeth Spalding; Chrissie Sandback, and Margta MacInnes.

All pack members were taken on a hike along Trout Creek as far as the research station, where they prepared an open fire and enjoyed a wiener roast. The members of the Elves were each presented with a souvenir handkerchief as participants of the leading six during the last months.

The other two Brownie Packs hope to have an enrolment in the near future. Wednesday and Friday packs meet once a week from 3:30 to 5 p.m. Each pack has a number of openings for new girls. Any girl 7 years of age and over interested in joining Brownies should immediately contact Mrs. M Laidlaw, 494-1485 or Mrs. G. Pool, 494-8209. Remember that "Cookie Day" is May 6. All girls should report in full uniform. Leaders will give further information as to time and place to meet for distribution of the cookies.

Fathers of Brownies and Guides will be contacted concerning the work party at 'Camp Meweta' Sunday, May 7. It is imperative that there is a good response to put grounds and buildings in repair. The only helpers available are fathers of these girls, and so it is

Council taken to task over subdivision judgement

The municipal council was taken to task Tuesday night at its regular meeting in a letter from D. L. McIntosh and J. M. Wilks who had their subdivision plans turned down in February.

Council and the planning commission turned the request down, because the two lots they wished to subdivide were nine inches short of the required frontage according to bylaw.

The reason they were short was because McIntosh and Wilks had given the municipality five feet for widening the road.

The last application was made in February and the municipal office informed them accordingly.

The developers then got legal advice and found that it was within the powers of council to permit the subdivision, contrary to the bylaw, by resolution. This was confirmed by municipal solicitor Frank Haar.

Regarding the refusal, the letter said, "Council did however suggest that we buy and acquire the little frontage we needed from the adjoining property owner. This suggestions astounded us. Here the Coun-

cil blithely suggested that we buy from our neighbor, at a cost of several hundred dollars (including land and legal fees) what we needed to replace land that the council had taken from us by a form of extortion."

When the property was subdivided into two parcels, it was approved with the provision that 5 feet be dedicated for road widening. Councillors admitted they did not realize at the time they refused the application that they could make allowances in the bylaw by resolution. The two lots involved are in Trout Creek. Council approved this request.

up them if they wish their daughter to attend camp this year. Please bring a saw, hammer and lunch. Regional ranger conference in Penticton last weekend was attended by Sheila Smith and Margo Clarke of Summerland. Madam Commissioner Mrs. G. Pool accompanied the girl.

Dancers pass examinations

Seven Summerland girls took examinations for the Royal Academy of Dancing recently. These youngsters, all pupils of the Canadian School of Ballet, were examined by Miss Basset-Smith, and the examinations were of the "Ballet in Education" Syllabus.

The girls were as follows:

Grade 1: Denise Kitsen and Colleen Gartrell passed plus; Elizabeth Spalding, high commended;

Grade 2: Lindsay Laidlaw, honours; Jane Spalding, passed plus; Shirley Fisher and Joy Chalmers, commended.

YOU AND YOUR CAR INSURANCE

In the belief that education is an important step in accident prevention, READ & PRUDEN, in co-operation with the WAWANESA MUTUAL INSURANCE CO. and Canadian Handbook's Safety Guide Book, will present in the Review, a series of articles designed to improve your driving habits, and in so doing, become a safer driver and enjoy your driving more.

STANDARD PROVISIONS IN POLICIES

In Canada there is a uniform or standard automobile insurance policy which all insurance companies must use. It may vary in appearance from one company to another, but its provisions will be the same. The application forms and any endorsement forms used are also standard. You should read your policy for full details, but here are some of its highlights.

This contract applies anywhere in Canada and the U.S.A. including Alaska. It does not apply overseas or in Mexico. If driving into Mexico you must arrange special insurance coverage at the border to cover you while in that country.

When you sell or trade your car, the existing insurance follows the policy owner, NOT the car and will protect the owner or driver of a newly acquired vehicle provided the insurer is notified within 14 days. This does not apply if the insured is a car dealer.

THE AUTOMOBILE INSURANCE POLICY

Your automobile insurance policy has three parts: Section A — Your legal liability to others resulting from the operation of your car.

Section B — our own medical expenses and those of passengers injured in your car.

Section C — Loss of or damage to your own car. You may buy any one or all of these coverages and a separate premium is calculated for each.

SUMMERLAND

Peachland may double in 4 years

PEACHLAND — A resume of a report of the preliminary engineering planning study was received by the Peachland Municipal Council.

The report accepts in broad principle planning proposals contained in a preliminary Development Study of the district undertaken in 1965 by Central Okanagan Regional Planning Board. The possible effect of Brenda Mines has been studied and an attempt has been made to indicate how the flexible Wheeler plan might be translated into a practical instrument for development.

The population of Peachland could double within four years if council follows a development policy designed to make the district more attractive than its neighbouring municipalities. New construction must be controlled in such a way that utility services (sewerage, water systems, etc.) keep pace with development.

Control can be achieved by a new subdivision regulation by-law, and it is recommended it be drafted and approved soon.

Estimated cost of sewerage works will be about \$229,000. It is essential that a substantial portion of the costs be recovered by frontage tax to encourage house construction. There are too many absentee land-owners in the district at the present time.

When the downtown waterfront and Bluewaters subdivision are fully developed further residential development may have to be located in the area north of Trepanier Creek or in upper Princeton Ave. area.

Council is faced with a challenge which calls for application of sound and practical planning principles, the success will be reflected in the economic and well being of the area.

Peachland Chamber to give tour rousing welcome

PEACHLAND — The visit of the Bluewaters tour was discussed at last week's executive meeting of the Chamber of Commerce. The tour, consisting of 42 top writers and photographers will stop for half an hour at 5:30 p.m. May 8 at the government park south of here.

Residents are urged to turn out in costume to entertain them and to serve refreshments. Peachland's Centennial Queen and Princesses and the other lovely Queen candidates will be in attendance.

A community picnic will be held after the visitors have left — so bring your hotdogs and join the fun.

Peachland expects decrease in mill rate this year

PEACHLAND — Reeve H. Thwaite, told council last week that the planing study undertaken by a Victoria engineering firm is complete and the report is in the municipal office and available to any resident wishing to read it. Council will study the recommenda-

tions. Indemnities for reeve and council will be raised; salaries of municipal office staff also be increased. \$15,000 will be allotted for the road improvement program. The mill rate will be decreased . . . if only a few points.

Regional District
(continued from Page 1)

will be increasing the horsepower output by 35 to a total of 185 h.p. No additional extensions will be necessary.

Consideration is being given to adopt nuisance and noise by-laws.

The following subdivisions and rezoning applications were approved: T. H. Bell, 9 lots; J. E. Miltimore, 4 lots; M. E. Tymm to subdivide a degree from his adjoining property to get access to the road; rezoning W. Dymoski property, being the lot south of the car wash from residential to industrial; George Dunn, two parcels; Wilks and McIntosh, two lots.

Dymoski is the owner of the property but the car wash requests to purchase it for further expansion.

The following adjustment of the Councillors' indemnity was made effective: The Reeve increased from \$1,500 per year to \$2,400 and councillors from \$700 to \$900.

Barkwill said he was content the way they were, but Hill said other people coming on council should be considered.

Council will be increased by two next year if an application is approved by Victoria, which is only a matter of form.

Members of council will be sporting new jackets with the Summerland Coat of Arms on them. This they thought was a good idea during the centennial year. They will be paid for by the councillors and reeve personally.

A resident, (name was not disclosed), will be given a reward of \$100 for information leading to the arrest and conviction of three youths who pleaded guilty in magistrate's court for stealing a quantity of copper wire from municipality. They were each given a 3-month jail sentence.

**Handmade Rugs on display
by Summerland Art Club**

Something unique in the Okanagan is being staged by the Summerland Art Club on Saturday, May 20th, in the IOOF Hall. This is a showing of handmade rugs.

from sumac, juniper root and other plants. Many of the backgrounds of her rugs are in the natural wool color after she has cleaned and carded it.

Mrs. Grule has sent samples of her work to Expo 67 for exhibit on invitation from the Canadian National Gallery's craft section.

The Art Club hopes, also, to show the 3 by 5 ft. wall hanging that has been hooked this past winter in the Craft Centre as a Canadian gift to the new Summerland Hospital. It depicts a local scene.

Any person who has a handmade rug and would like to exhibit at the May 20 rug show is invited to phone Mrs. Wilson at 494-1284, or Mrs. Babcock at 494-8105. They will arrange to have it called for if necessary.

The exhibit is part of the Club's centennial contribution to the community in that it features a revival of an earlier day craft.

Many of the rugs to be shown were started in the Craft Centre with help from instructors Mrs. Doney Wilson and Mrs. Margaret Babcock. Material in many cases was obtained from the Hospital Auxiliary Thrift Shop. Some of the designs represent original centennial themes.

Other mats to be shown are those of Mr. and Mrs. Al Shipton, Penticton who have been hooked by the latchet method and are based on authentic Canadian Indian designs.

Another exhibitor will be Mrs. Alfred Grule, Osoyoos who studied weaving at San Miguel, Mexico and her first rugs were woven in Mexican motifs. She dyes sheep's wool by using indigenous material

Has the Review found winners of a free trip to Expo for two

Croil Art exhibition enjoyed

Thirty-five works by local artist Marjorie Croil, comprise the art show at present hanging in Summerland Library. Opening night last Friday drew a large crowd which tested the capacity of the viewing facilities.

Mrs. Croil's versatility is evident in the wide range of media, technique, and subject matter; the ability to impress each work with the stamp of her own personality precludes fragmentation and lack of unity. The result is a show which has continuity with variety, harmony with contrast.

The spatial element in composition is one with which she has come to terms, and one which she manipulates both intuitively and consciously with gratifying results. In this respect the compressed nature of 'Townscape', the fluctuating space of 'Young Cottonwoods', and the organized recession between the latticework of 'Rushes', exemplify. The charm of 'Children', a small oil sketch owes something to her intuitive organization of space, as well as to its delightful rhythm and movement.

Of all the examples on display those of the batik section are, as a group, the most successful. The nature of the medium and its limitations have produced a response from the artist manifest in 'Bittern in The Rain', the outstanding work of the whole collection. Others of particular note in this section are, 'Across The Lake', 'Clowns', 'Alison', and 'Into'.

From 'Votives For Peace', a geometric collage, to the more representative 'The Fosbery Place', Mrs. Croil impresses with her questing curiosity and her ability to adapt materials, tools, and techniques. In order to record those qualities which she selects with discrimination and sensitiveness, she is prepared to experiment with a growing range of expressive means. A show well worth viewing.

Canadian weekly newspapers are seeking out a person whose birthday falls closest to the actual day — July 1, 1967.

The Review made the announcement in the "Giant's Head" column and received a nomination from Riverhurst, Saskatchewan from Charles Hugh Bryce on behalf of his uncle — William Kirkpatrick Bryce who was born on July 13, 1867, which could well be the winner!

Mr. Bryce is now living at the Captain Halstead's Salvation Army Eventide Home in Saskatoon, which was once his hometown.

He was a conductor on the Canada Great Eastern Railway out of Sudbury, a Boer War veteran and farmed at Beechey, Sask. where as Charles Bryce puts it he was a "manufacturer of 'blow dirt' depression caskets (buyer sets the price).

Ron Gadsby, Public Relations officer for Expo, has offered a trip to the world exhibition to the winner and a companion of his choice all expenses paid.

Mr. Bryce Jr., a Review subscriber, once worked in the Sunoka Maraschino Cherry plant as a steam engineer.

Kiwanis to operate summer bus

The Kiwanis Club of Summerland will run a bus for the Okanagan Summer School of the Arts students of Summerland. It is hoped enough students will be able to go to have four bus trips a day. Morning, noon, afternoon and evening runs are on the tentative schedule. This will accommodate all classes.

Enrolment for the school in Penticton is mounting and students interested should send in their registrations early. Last year late registrations did not have a choice of courses. There are also scholarships available locally. Altogether 19 courses are available, ranging from the sciences to the arts. Many of these are of interest to adults as well as young children.

SUMMERLAND REVIEW

**TEEN
PULSE**

By
**GORDON
STENNER**

DEAR GORDY: I don't ever expect to really know my parents. They aren't mean to me, but they just don't understand me. I'm getting to hate my parents and I don't want to. They treat me like I'm ten years old. I am seventeen. —HELP!

DEAR HELP: There is an answer to your age-old problem. And you have just answered it! If you expect to know your parents, you will. If not, you won't.

Recently, a young man told me that for the very first time in his life he had genuinely tried to understand his parents and talk to them.

Guess what happened! He was astounded at the response. Fears and frustrations, deeply buried for years disappeared! He had identified with his parents and overnight they became wonderful people to him.

Great, big, high walls of misunderstanding and complicated emotions blocking the road of communication, just collapsed and disintegrated.

The most outstanding Teenager who ever lived knew much more than his parents. But He willingly subjected His will to them in obedience. He identified with them.

There is no cheap substitute!

LET'S GET NEWSY . . .

Mrs. J. P. C. Atwood is spending several months in Philadelphia.

**Counselling service increased
in Summerland by two weeks**

Summerland school trustees have, for some time been considering additional counselling service for students, and it came to a head at their meeting last week when a resolution was passed to engage two counsellors for the last two weeks in September.

Trustee Ken Boothe voted negative on the motion because he was not convinced that this work could not be done during the latter part of June and due to the fact the anticipated cost of \$900 was not in the 1967 budget.

Superintendent Gordon Paton maintained that having the counsellors at the school for the last two weeks of the summer holidays would provide service to those students whose departmental examination results caused them program difficulties. Also, incoming students would be able to arrange their timetables without the pressures and confusion of the first week of settling into a new school.

Paton said the counsellors would not necessarily work a 1 a.m. to 4 p.m. day, but might find evenings more suitable because of those students in summer employment.

YELLOWKNIFE

Yellowknife largest and most developed community in Canada's North with a population of over 3,600, famous as a major gold-mining centre since 1935, was created a town in 1963.

**Prime Minister
supports Cancer**

Prime Minister Pearson issued the following statement in observance of Cancer month:

"Once more the Canadian Cancer Society is appealing to Canadians to support its humanitarian work and again it is my privilege to extend my wholehearted support of this campaign.

"The whole purpose of civilized existence is the maintenance and enhancement of human life. No effort is more fundamental to this purpose than the struggle against disease and illness.

"The battle against cancer has mobilized forces of laymen and scientists the world over in an effort to unlock the mysteries of this unrelenting foe of human life and happiness. In this struggle there are no boundaries.

"In Canada these efforts are organized by the Canadian Cancer Society and I hope as many Canadians as possible will again offer their support. It is an opportunity for every Canadian to make a personal contribution to this most important cause."

Three jailed for theft

April 21, Eric Joseph Clermont, of Victoria, and Roland Harold Lock and Donald Michael Rajacich of Summerland appeared before Magistrate Johnston, and were found guilty of theft over \$50. Each of the young men were given three-month prison sentences. The charge arose out of an incident on March 24, when they proceeded to the municipal gravel pit and cut copper wire from the power lines there.

On May 23 at 9:30 p.m. Roy Haynes struck a deer on Highway 97 seven miles north of Summerland. There was \$300 damage done to his car, but no injuries were sustained.

ORCHARD RUN by Wally Smith

Research man looks ahead

L. C. Cochran is a research chief with the U.S. Dept. of Agriculture. Last December he gave a talk at the annual meeting of the Washington State Horticultural Association, choosing as his subject "Current trends in fruit production and factors that influence them."

Dr. Cochran said: "In this fast moving world change is a cornerstone of progress which affects all facets of our way of life. The rate of change is continually increasing and our ability to adapt to change determines our very survival."

"It affects our style of living, the way we think, what we eat, our relationship with associates, and our contributions and our demands of society."

"How is this related to fruit production? The ultimate of the fruit we produce is the consumer, hence it must be tailored to his desires and his use. His desires are continually changing with the times, thus it is appropriate that we give some thought to these changes."

Dr. Cochran then touched on a few of the modern developments such as the automobile, airplane, rural electrification, home refrigeration, a whole new world of chemistry and its synthetic materials, antibiotic drugs, and other recent discoveries.

"Great advances have also taken place in agriculture," he continued. "I know you have heard the story many times of how one farmer today feeds himself and 29 others, whereas years ago with the tools and varieties he had he fed only 15 others beside himself."

"How has this been done? It isn't just happenstance. It is the result of combined development of many facets which affect production: new more productive varieties; improved disease, weed and pest control; improved mechanization of cultural practices, harvesting and handling; and orderly marketing."

New varieties mentioned included hybrid corn yielding up to 150 bushels per acre; Gaines wheat which has produced up to 200 bushels per acre; new vegetable varieties with disease resistance and quick freezing qualities.

"This brings us to fruits. There has been less change in the variety picture in fruit production than in other kinds of agriculture. In citrus the Navel and Valencia oranges, Marsh grapefruit and Eureka lemons still dominate the variety picture."

"Some new tangelos and tangerine hybrids have been introduced but these are strictly for the fresh-fruit trade."

"Pear varieties have not changed much. Bartlett and Anjou still dominate the variety list. Sweet and sour cherry varieties haven't changed much. Several new sweet cherry varieties resistant to rain cracking and to low winter temperatures have been introduced and have shown considerable promise. Cherry orchards, however, are long lived and the current industry is not expanding. "The apple variety picture has changed more than some

of the other fruits. If we consider apples simply as Red and Golden Delicious, McIntosh, Jonathan, York, Winesap, etc., the variety picture seems stable.

"The new plantings being made today however, are not the varieties of 20 years ago, but are new color sports, varieties with spur type fruiting, etc."

"In eastern United States a co-operative tri-state apple breeding program has scab-resistant selections in an advanced stage of evaluation."

"In the old days apple orchards were planted for the grandchildren. Today we must bring orchards into bearing early and experience has shown that they reach a peak at about 20-25 years, and generally should be replaced after 40 years."

Dr. Cochran presented figures showing fruit production in various parts of the world. Per capita consumption in the U. S. is declining, partly, he thinks, because the public is eating more meat and more synthetics. (Probably referring to synthetic drinks made of water, chemical flavoring and sweetening, and called orange drink, apple drink, and so forth.)

Dr. Cochran continues: "It is not the purpose of this report to furnish answers to specific problems, or to make specific recommendations. The following trends, however, seem clear-cut: a continuing increase in the volume of commercially processed foods at the table ready level; increased competition from synthetic and parti-

Beautiful day for the Summerland Riders' fun day

Summerland Trail Riders had their first fun day of the season on Sunday. Games began at 2 o'clock. There was a good turnout with about 35 horses and riders taking part. The beautiful sunny weather brought out spectators as well.

Results were as follows:

Stake race 13 and under: 1. Bud Gould and Frank Johnson; 2. Ron Bertram and Steve Dunsdon; 3. Dora Moilliet and Beryl Potter;

Pole Bending, 13 and under: 1. Shirley Pruden; 2. Edith Johnson; 3. Shirlene Potter; 4. Kelly Bennett;

Pole bending, 14 - 17 yrs.: 1. Linda Hardwick; 2. Madeline Moilliet; 3. Ken Dunsdon; 4. Lillian Tucker;

Pole bending, 18 yrs. and up: 1. Greg Pruden; 2. Alice Bye; 3. Beryl Potter; 4. Steve Dunsdon;

Three-legged sack race: 1. Madeline Moilliet and Linda Hardwick; 2. Ray Lenzie and Ken Dunsdon; 3. Edith Johnson and Shirley Pruden;

Three-legged sack race, adult: 1. Frank Johnson and Bud Goud; 2. Sunny Berg and Gail Mielke; 3. Greg Pruden and Bud Bye;

Hoop race: 1. Madeline Moilliet; 2. Greg Pruden; 3. Ken Dunsdon;

Barrel race, 13 yrs. and under: 1. Shirley Pruden; 2. Edith Johnson; 3. Shirlene Potter;

Barrel race, 14 to 17 yrs.: 1. Madeline Moilliet; 2. Linda Hardwick; 3. Ken Dunsdon; 4. Lillian Tucker.

Barrel racing, 18 yrs. and up: 1. Greg Pruden; 2. Alice Bye; 3. Gail Mielke; 4. Frank Johnson;

ally synthetic products; increased competition from fruit imports from areas with cheaper labour and production costs; and continued rising cost of production and marketing of domestic fruit crops."

Apple eating contest: 1. Ken Dunsdon and Ed Nield; 2. Madeline Moilliet and Linda Hardwick; 3. Sharon Potter and Lillian Tucker.

Coffee and doughnuts were served. The Trail Riders hope to be able to sponsor a fun day once a month until Fall, plus trail rides. Plans are underway for the Junior Horse Show on July 29 and 30.

At present there are over 90 members so it was decided at the general meeting to sponsor a Queen and two Princesses to preside at the junior show and other shows throughout the valley.

The over-night trail ride will be held July 2 and 3. It will be a "camp-out" again this year as it proved to be so popular last year. Participants will range between the ages of five and 75 years.

Camera Club explains program

Jack Morrow, President of the Summerland Camera Club outlined plans for their pictorial evening to the Centennial Committee last week.

It is scheduled for June 16-17 at the Secondary School.

Their historical journey begins by briefly touching on the Queen Victoria era and Confederation and pictures of the Prime Ministers of Canada, leading in to the origin of Summerland.

The club made slides from old photographs as far back as before Summerland existed and have taken pictures of the same location, in each case, as it appears today. The title of their series is "In the Shadow of the Giant's Head".

They have some early pictures of the Gartrell and Dunsdon families, taken during pioneer days. There are 300 pictures in all and the commentaries will be done, in some cases by descendants of early families. Special music will be on tape for the 90-minute program.

Morrow praised the work of Mrs. Channon Snow for the research she has done and for her efforts in obtaining old pictures.

He said the slide set has taken a year to compile while it should have taken about two years.

TEEN TOWN TO HELP

Forty Teen Town members have offered to make some

auxiliary trails on Giant's Head. They will be assisted by the Senior Curling Club.

The main trail is being laid out by the Kinsmen Club and will be known as the Centennial Trail, topped with silica gravel, donated and hauled to the site by Lloyd Miller.

Teen Town will route a Confederation Trail which will be a steep grade to the top and a Summerland Trail, which will take the form of a circle offering a beautiful view from the park.

"The real bright spot of the whole business has been the wonderful co-operation we have had from council and the municipal crew", chairman Jim Marshall said. "I love to deal with people without closed minds."

The cairn at the summit is placed on the proper base, and the fence up around danger points at the summit. The base for the flag pole is installed, the road is raked down and graded. All this has been done by the municipal crews.

LET'S GET NEWSY . . .

The Couples Club of the United Church held a social evening Thursday at the home of Mr. and Mrs. S. Caldwell. Badminton and bridge were played and a smorgasbord supper was enjoyed by all. Gifts were presented to Rev. and Mrs. P. K. Louie, who will be leaving for Duncan, V.I., in June.

Horticulture Society hears report on Centennial program

The regular meeting of the Summerland Horticultural Society was held on Tuesday, April 18th, with President John Graham in the chair.

During the business of the evening, it was decided that Mr. Bennett will be official delegate to the Okanagan Valley Horticultural Association business meeting, which is to be held in Kelowna on April 29th.

Dr. J. Marshall spoke on the Horticultural Society's contribution to the Centennial Program. Miss Doreen Tait is labelling the native trees and shrubs etc., Mr. W. G. Snow planted 200 native trees of various kinds at the park gates. W. Ward has planted a 6 ft. tree, a rare Chinese variety that is similar to our deciduous conifer, the larch. This tree could reach 200 feet in height.

A Parlour show was held and the winners were:—

Class 1 - April theme: 1. Mrs. Bingham, 2. Miss Tait, 3. Mrs. Inch.

Class 2 - Arrangement of spring bulbs: 1. Mrs. DeRosier, 2. Mrs. Inch, 3. Mrs. Bingham.

Class 3 - Arranged basket of flowering branches: 1. Mrs. Bingham, 2. Miss Tait, 3. Mrs. Inch.

LET'S GET NEWSY . . .

Mr. and Mrs. Herb Rice of Revelstoke have been visiting with Mrs. Dave Dickson and son Harry.

Calgary group in Summerland tonight

Forty students of the Baptist Leadership Training School of Calgary will visit Summerland this week and present a program of singing and messages at the Baptist Church on Thursday, April 27.

Sunday, April 30, eleven of the students will conduct a service in the Baptist Church at 7:30 p.m.

Testing of new grape varieties may bring greater plantings

SUMMERLAND — Grapes in Canada are climatically adapted to the growing conditions in the southern interior and coastal regions of British Columbia and to the Niagara Peninsula of Ontario.

GIANT'S HEAD

(continued from Page 1)

ing. Don't prove me wrong. If there is anything I hate it's being wrong . . . and I walk around in hate half the time.

Nice to see the school kids having their lunch in the Memorial Park again — but please don't leave so much evidence of your being there lying around on the green grass.

The Kinsmen have some kind of a "travelling log" they take around when visiting other clubs. I don't know the whole story or background of the log, but the Summerland boys converted it to sawdust (20 bags of it) when they visited their brothers in Penticton recently and dumped the whole works in the middle of the floor. I hope they left the empty sacks so Penticton could pass it on to another club. I understand Penticton had a "travelling stone" with them to Sumerland — in the form of sand. Sounds like fun.

Oh yes, thanks, Ray Turner of CHBC-TV for arranging the interview this week . . . and remember the Cancer "blitz" on Tuesday night courtesy Kiwanis Club.

LET'S GET NEWSY . . .

Mr. and Mrs. Gordon Robertson have returned from spending the winter months in Southern California.

Mr. and Mrs. J. Dronsfield are home after spending a holiday at Salt Spring Island.

Species and varieties that might otherwise be grown successfully are limited by winter cold and by insufficient accumulations of heat units during the growing seasons.

In general the American Vitis labrusca varieties (Concord, Campbell's Early, Niagara, etc) are adaptable to the Canadian climate, but they possess a "foxy" flavor and slip-skin texture unattractive to many people especially Europeans. On the other hand, the Old World grape referred to in the Bible and grown almost exclusively in central European and Mediterranean countries is of the species Vitis vinifera. It is represented by varieties such as Thompson Seedless, Flame Today, Black Hamburg, Riesling. They have a solid meaty texture, as opposed to the American slip-skins and have a delicate flavor and aroma that makes them suitable both for fresh consumption and for wine making.

Dr. D. V. Fisher of CDAs research station here, says that attempts at combining the hardiness and earliness of the American grapes with the quality of the European varieties, has led to thousands of hybrid varieties being developed in breeding programs centered mainly in France, Germany, New York and Ontario. A very careful evaluation of promising varieties resulting from these crosses is being carried out at the Summerland Research Station where about 125 varieties are currently under trial. These varieties are rated for hardiness, mildew resistance, ability to ripen within the limitations of B. C. Interior heat unit accumulations, suitability for consumption as fresh fruit, and for wine making.

The variety Bath, originated

in New York as a combination fresh fruit-wine grape, shows great promise and is widely planted. It is a blue grape of fine flavor, hardy, and a heavy yielder. Two other seedlings, Vineland 37022 and New York 12128, also appear promising as dual purpose varieties. Vineland 37022 is a good yielder of large bunches of greenish-yellow berries of excellent flavor and New York 12128 is a red-dish black grape with good yield, excellent texture and a pleasant, mild muscat flavor. Another black muscat-flavored hybrid of excellent flavor and hardiness but only medium yield, is New York Muscat.

Among hybrid varieties grown only for wine are Seibel 9549 and Foch, both black, very hardy and productive. Seibel 9549 in particular, has been extensively planted for the wine industry.

GRAPE SHORTAGE

The success of the 2000-acre B.C. grape industry, and the chances of further acreage expansion will depend largely upon selection of varieties adaptable to the climate of the area and to market needs. This will involve a long range variety testing and breeding program. There is no doubt fresh grape sales can be increased enormously through roadside stands and fresh fruit shipments. Furthermore, present supplies of grapes are far short of requirements to meet demands of the wine industry.

Bus available for School of Arts

School buses will be made available to those wishing to attend the Summer School of the Arts in Penticton. This was decided at the regular meeting of school trustees last week.

Secretary - treasurer Jim Hack said the cost per trip to operate the bus would be \$7 and it is anticipated four trips a day will be necessary. The cost will be paid by the passengers or by some other means, to the school district.

☆☆☆

All trustees indicated they would attend the Okanagan branch of BCSTA meeting in Penticton May 3.

In the past, school property and buildings have been appraised every three years, but in the future this will be done annually. The cost will be approximately the same.

As a result of recent legislation, school trustees may receive an honorarium of \$300 per year. It was decided to carry out this program next year. It is not provided for in the budget in 1967, although some school districts are making it effective immediately.

Board chairman John Benest gave a report of the last meeting of the Okanagan Regional College. (The details of the report were covered in a previous issue of the Review).
