## Basket Ballers split with Oliver

In basketball action over the weekend at Oliver on Friday, the Seniors edged out Oliver while the Oliver Juniors wiped out Summerland Junior boys.

The Senior Rockets trailed 13-4 after the first quarter; narrowed the margin to 17-22 at the half; pulled ahead 26-21 after three quarters and hung on in the final quarter.

Gerry Marsa and Bill Fitzpatrick led the Rockets with 10 points; Colley Eaton had 6; Ron Mayne 4; Ron Taylor 3; Don Johnson and Art Bolton 2. The win puts the Rockets in good position to finish second, behind Princeton, with two league games remaining. The Rockets have won four and lost two, both to Princeton.

The Juniors were white-washed 48-14. Herb DeWitt got a basket at the .09 second mark of the first quarter but Oliver roared back to take a 18-4 first quarter lead and never looked back, holding a 26.5 half-time lead. In the third quarter, Bob Tamblin fouled out with a half minute remaining. Herb DeWitt had 8 points; Les Allen and Jerry Johnson 2; Al Rasmussen and Tony Holler 1.

Final league action will see the Senior team travel to Kelowna Friday. They host Pentiction on Saturday. The Juniors travel to Westbank on Feb. 3 for an exhibition game.

Two of a kind. — The hilarious kind — are Fran Dowie and Louise Glennie who help the British Columbia Centennial Committee production, "The Best of Barkerville" keep moving along at high speed in tribute to the rip-roaring entertainment of the gold-rush days. They will be in the Summerland Secondary School February 18 at 8:00 p.m.

## Juniors top Pentiction

On Wednesday, Jan. 25 the Junior Girls' basketball team travelled to Pentiction and beat Pen-Hi 33 to 14. Patsy Norris led the Summerland team with 10 points.

## Brenda assists with P'land study

Reeve Harold Thwaite of Peachland disclosed this week that a meeting of Council and Brenda Mine officials was held recently. At this meeting a cheque for \$2,500 and a letter listing pertinent facts of development to date were presented. They reported that through the feasibility report on Brenda Mines will not be available until after Feb. 15, the final decision will not be made until March, some increase in services should be provided.

Brenda president, B. Brynson said, "As your municipality will be deluged with applications regarding residential subdivision, shopping centres, etc., we believe that your problem will be to rule on such applications with a minimum of delay, while at the same time, provide

for the most economic and attractive community.

"In recognition of your problem and the fact that it is primarily in consequence of our project, I would appreciate your acceptance of the cheque enclosed in the amount of \$2,500 to defray your costs of an engineering planning study. This offer is made free of conditions other than we expect you will commence the same immediately."

The cheque was accepted with gratitude by Reeve Thwaite on behalf of the Municipality.

A special council meeting was called by Reeve Thwaite, where the council voted unanimously to commission a Victoria engineering firm to start immediately with the planning study.

## Food poisoning did not kill pair

Mrs. Fredrick Hollinger and son Todd, who died Jan. 13th, were victims of carbon monoxide poisoning and not food poisoning said coroner, Dr. W.H.B. Munn on Saturday.

Mr. Munn said police laboratory technicians in Vancouver food that home preserves were not to blame for the deaths. He said that the pair apparently succumbed to fumes from a faulty furnace in their home and police consider the case closed.

It had been thought by authorities that the mother and son died as a result of eating home-canned vegetables. He also said that RCMP did not suspect carbon monoxide poisoning because "there was no smell of gas or smoke in the house."

## Neurological Assn. holds meeting

The South Okanagan branch of the Okanagan Neurological Association will meet Tuesday, Feb. 7 at 8 p.m. in the Medical Health Centre, Summerland.

Parents, relatives and friends of anyone with neurological disabilities are invited to attend. Mrs. D. MacEachan, executive director of the O.N.A. will speak to the meeting about the services now available and the plans for the future. Coffee will be served.

## Orchard tour to look at tree training methods

Summerland orchardists will take a look at pruning and tree training methods during a tour of several local orchards on the afternoon of Friday, February 3rd. Mold and hold pruning will be seen as well as some of the central leader, spindle bush and espalier systems used for training dwarf trees.

Growers interested in taking in this tour are asked to be at the District Horticulturist's office at 1:30 p.m., Friday, February 3rd.

# Officials protest removal of telephone headquarters

## Good Citizen Award to be announced tonight at banquet

Summerland's Good Citizen will be announced tonight at the Annual Banquet of the Chamber of Commerce in the IOOF Hall. The choice was made by the executive at a meeting held January 23. The recipient will be awarded the Reid Johnson Good Citizen Cup.

A former Summerland High School Principal during the mid-twenties, Kenneth Caple will be the guest speaker. He is now Director of the western division of the Canadian Broadcasting Corporation with offices in Vancouver.

The new executive will be installed, following a banquet beginning at 6:30. There will be a social half hour previous to the banquet.

President Eric Tait said there will be two members honored with life membership as well.

Banquet tickets are available from Read & Prudens.

## College Council revises budget

The Okanagan Regional College Council has withdrawn from its budget estimated expenditures for another referendum, according to Administrative Assistant D. W. Ford.

The budget has been revised after discussion with Mr. S. E. Espley, Comptroller of Expenditures, Department of Education and has been reduced as a result of discussion, by:

Removal of all salaries and other expenditures which were estimated in anticipation of a successful referendum;

Removal of all capital items which would become part of

the general costs if a referendum were successful.

With the passage of a successful referendum, capital costs can readily be paid, and at that time temporary borrowing will be made as necessary to cover salaries and other expenditures.

The revised budget will be passed to participating School Boards immediately for their consideration.

This revision will reduce the Summerland budget from \$14,000 in this department to about \$5,000, a decrease of about one mill.

## Heavy damages in accident

On Jan. 25 at 1:30 p.m. an accident occurred on Highway 97 just north of Peachland. Neil G. Witt of Peachland stopped on a side road just north of the Trepanier Bridge, then proceeded to cross the highway and into the path of a northbound vehicle driven by Leon E. Fitkie,

also of Peachland. Damages amounted to \$800 to \$900. No injuries were reported.

Neil Witt was charged with failing to yield the right of way.

Donald Tolle of Kelowna and J. G. Sanderson of Peachland were involved in an accident on Beach Avenue at the southern entrance to Peachland, on Jan. 26 at 11:45 a.m. As Tolle rounded the right curve, approach to the highway, his vehicle skidded on an icy spot and caused his vehicle to strike the left side of the Sanderson vehicle which was turning off the highway. Damages amounted to \$200. No injuries or charges resulted.

## Pentiction dumps Pee Wees

By RON KOSTELNIUK

In an exhibition game at the Arena Sunday, Pentiction Pee Wees dumped Summerland 11 to 5. They took a 3-0 first period lead and had an 8-0 second period lead before Ken Kuroda scored his first of two goals. Bruce Gartrell and Chalmers assisted. In the third, Summerland outscored the visitors 4-2. Kuroda from Gartrell; Raincock from Fisher; Irvine from Fisher; and Fisher from Gartrell accounted for the Summerland scoring. Smith and Ray Stevenson got penalties for Summerland. Stevenson and Pentiction's MacMillan got minors when they started roughing things up.

## Greg Pruden second best in B.C. School Curling

The Jim Armstrong rink from Esquimalt High School won the B.C. High School Curling championship at Kitimat over the weekend, and will represent B.C. in the Canadian High School Curling championships at Flin Flon, Man., Feb. 20.

The rink was undefeated in three games, beating Greg Pruden of Pentiction 6-6. Greg is the son of Mr. and Mrs. Howard Pruden of Summerland. Having received all his former education in Summerland, Greg is now attending Grade 13 in Pentiction.

Also beaten by the Esquimalt rink were Bob Smith of Fernie 7-6 and Grant McDonald of Whitehorse 12-7.

Pentiction had two wins and one loss. Whitehorse had one win and two losses, and Fernie had three losses.

Armstrong scored a double takeout against Pentiction after being three down. Pentiction had been a 0-7 winner against

Whitehorse in the first draw. In the crucial match against Pentiction, the Interior club scored three on the third end, and Armstrong was again in trouble.

Armstrong flanked the first end, then counted two with great draws in the second end. Pentiction scored three in the second end; three in the third end and one in the fourth before the Esquimalt skip came up with the big shot of the match in the fifth. The double take-out saved the day, and the trip to Manitoba was won.

## LET'S GET NEWSY...

Fred Kato skipped his crew to second in the first event in a Calgary Bonspiel over the weekend. Forty rinks were competing. They lost in the final for top money to a team from Magrath, Alberta. It was the annual Calgary Japanese bonspiel. Throwing third rocks was Frank Kuroda, second Sammy Irayoshi and Tom Jomori played lead.

## Good week for minor hockey

By Ron Kostelniuk  
The annual Minor Hockey Jamboree and 'Booster Ticket' night was the most successful ever held in Summerland, according to officials of the Summerland Minor Hockey Association. Over \$400 was raised from the sale of tickets and a good crowd witnessed a full night of hockey at the arena Saturday night. The ticket canvass was made in Summerland and Peachland.

The program was away at 7:00 p.m.

Wear and Ken Haddrell leading a procession of minor hockey players on the ice. Counsellor Doug Hill brought civic greetings on behalf of the Municipality.

The hockey program started with the pro-schoolers and the Grade 1 boys of 3 to 6 years, under coach Paul Roberge. There were 18 boys, including a 2 1/2 year-old.

The Grades 1 and 2 boys, under coaches Bob Rogers and Jim May, aged 6 and 7 followed. Ten boys were in this octo-

gory. The Atoms, aged 8 and 9, followed. These 25 boys were coached by Jim Haddrell and Jim Campbell.

The Pee-Wee pups, aged 10 and 11, coached by Don Hermanson and Frank Kuroda came next, followed by the Pee Wees, Bantams, Midgots, and Juveniles.

The raffle winners included: Don Fisher winning a TV table; Mrs. Jack Raincock, radio; Keith Graham the wood tray; Jim May the chip and dip set; Mrs. Betty Knuff the box of

toffee; Linda Scott and Mrs. Topham a box of chocolates each. Ticket number 28101 for a pillow is still unclaimed.

About 280 people from Peachland and Summerland attended the well-planned and entertaining evening. At 9:15 the RCMP team took on Joe Bullock's team but were defeated 8-3. Warren Parker scored two goals for the winners.

COMING UP... The Grand Forks Bantams will be playing in the Summerland arena on Sunday, Feb. 5th at 12:30 p.m.

## Recreation courses are available

A recreation activity workshop will be held in the Dr. Knox Senior Secondary School in Kelowna Feb. 17 and 18.

Those taking the course do not necessarily have to be leading in an activity, but they should be willing to think of leading in the future.

The Community Program Branch will pay 5 cents per mile for a car, but a car pool system from each centre is necessary. This will be paid to the local Recreation Commission who in turn will reimburse the owners of the cars.

It is suggested that candidates should only register for one of the courses offered and spend all of their time on that course. Each course will have

approximately 10 hours of instruction. A minimum of ten candidates are necessary before a course may be started.

The registration forms must be in by February 10 to Mr. Jon M. MacKinnon, Recreation Consultant, Court House, Kelowna. The forms are available from Mrs. Sheila White, Summerland.

The classes will be in the evening on Feb. 17 and all day on the 18th. A banquet on the following evening will be provided.

The following courses will be offered: Dressmaking, Millinery, Hobby Crafts, Make-up for Small Community Occasions, and the Philosophy of Coaching.

## Under The Giant's Head

By KEITH BERGH

The Summerland Business and Professional Services Association tried to hold a meeting last Thursday evening, but it flopped due to, apparently, no interest. Seven firms were represented out of the forty that were sent written notices of the date, place and time. They wanted to discuss summer store hours, a clean-up campaign and a sales promotion for the month of February, among other things. The association thought they were too few in numbers to make any decision so they went home.

In the past, we have heard the criticism that "only a select few on Main Street make all the decisions". It is not necessary that this be the case. If it is, it is the fault of the complainer — his vote is as big as any other, but he has to be at the meeting to vote. If someone doesn't make the decisions, for example on store hours, the municipality would be asked to step in to regulate them by by-law, a responsibility that is not — and should not, be theirs.

I wasn't present either — I was 2700 miles away, but from what I can gather, those attending were some of those who have been criticized for "running the whole show" in the past — but didn't this time. Now the question is, who will?

As I write this (Monday evening) I haven't seen Howard Shannon yet — we had him as "Your Phillips Dealer" in the Minor hockey spread last week.

He sells "RCA Victor", and he is going to remind me of this, and across the street, Ed Antonovitch, who has the sales pitch for Phillips is going to be annoyed for sending his customers over to Howard. And besides, Phillips isn't going to pay for any advertising under Howard's signature. As a matter of fact, I'm not sure either one of them will want to pay me for any of it — which is my big worry. To set the record straight, Howard sells Phillips and Ed, RCA. . . . I give up, I got it wrong again.

Congratulations to Summerland and Peachland for their support for Minor Hockey last week. No one appreciates it more than those who work so hard for the boys . . . to say nothing of the boys themselves.

Chamber of Commerce banquet tonight. Guest speaker, a former Summerland principal, Kenneth Caple, now director of the western division of the C.B.C. The Good Citizen will be announced and installation of officers will take place. Tickets are available (if there are any left) at Road and Prudens. Oh — by the way, if you haven't got your ticket for the Best of Barkerville scheduled for Feb. 18 you'd better call in at the same office. Overflow crowds have been experienced by this group of yesterday.

A reader of "Giant's Head" brought this to my attention. According to Canadian Press,

the CBC has purchased 107 color TV sets at a cost of about \$80,250 to allow officials to monitor programs at home or in offices. . . . Now I don't know, I may be unreasonable, but according to the last statistics I recall, 85 percent of the people of Canada have T.V. sets already. Kinda nice of Judy Lamars to buy sets (color, too) for these officials' recreation rooms. Possibly if we can all get ourselves classified as an official we could all get a free one. I am not that much sold on the color boob tube to trade mine in . . . but for free? — that is another story.

Saw Jim Roe in Montreal during the Expo tour that Peg and I were on over the weekend and he sends his greetings . . . by the way, Peg didn't come home with me. She stopped over to go to Edmonton to visit our daughter and son-in-law Heather and Bob Shyplka for a few days, then down to our old stamping grounds, Strathmore to yack with friends. . . . We are getting along fine at home — Kim and Jay wanted to cook supper Monday night, but I wanted to show them how it was done. . . . This was good for a laugh. Now I just watch — not by choice — I like cooking. . . . the results? That's something else.

Peachland Centennial enthusiasts talked me into growing a beard. It itches and Peg has threatened not to come home. You think you have troubles?

# Growth of Peachland keeps councillors busy

PEACHLAND — Fire Marshall, D. Carless attended the last council meeting to discuss the purchase of a tank truck as provided for in this year's budget. There are two for sale in the municipality. One for \$750 and another for \$300, but the latter would need new tires. It is also possible to have a blade mounted on the front of the truck, so it could be used as a snow plow. Council approved the purchase of the \$750 truck. The present panel truck now in use is to be offered for bids when the new one is ready for operation.

They are calling Peachland's bearded Councillor Jim Clements "Gabby Hayes" but it looks like a combination between Gabby and Charlie Chamberlain — that is if Jim can dance. Now he will likely use his favorite expression "Now wait a goddam minute" but that is how it looks from here. Below is a show of the Centennial garters. Second from the left is — well, would you believe Pearl Bailey? More information may be obtained from Ted Beet.

F. Topham Jr. discussed the subdivision of his property.

Owing to the terrain, some of the lots are smaller than 1/2 an acre though none are less than one-third. Pointing out that residential lots in the municipality must be 9,000 sq. ft. and this area will be residential after the subdivision, he asked for consideration of this. Topham stated that he had contacted the Health Unit on sewage disposal on this site lot and it meets with their requirements. Council approved his plan in principle.

E. Fleming inquired about the opening of Princess Ave., which would give him access to his top lots. Fleming was informed that a surveyor had already been contacted to give council an estimate for this, but they'd not received an estimate. When the word is received, council will contact people concerned.

Mr. Fleming requested information as to regulations on trailer hook-ups, and whether domestic water pipes will run near his property. He was asked to get in touch with G. Smith and also the Health Unit regarding sewage regulations and submit final plans to council.

A. MacKinnon's subdivision plans were again discussed and council approved in principle the plans as submitted.

Reeve Thwaite reported on a meeting with Mr. Wheeler of the Regional Planning Board. Wheeler has a copy of Peachland's zoning by-laws, and will revise them. With all the subdivision activity going on here, more use of the services offered by the board should be utilized. Council passed the following motion:

"In future all property owners submitting subdivision plans for approval be referred to the Regional Planning Board by letter of introduction, to obtain professional advice and direction, final disposal of the plan to remain in the hands of council."

B. C. Hydro in Westbank came up with a plan for lights on the Blue Waters calling for

four lights in this area, Councillor Stuart reported. Agreeing with Mrs. M. Powell's letter to council, read at the last meeting, Council approved the plan, and authorized to arrange installation as soon as possible. A letter from R. C. Seed requested that he be authorized to join up to the Shaw road when further development of his Trepanier subdivision is done. Council decided to refer this to the Regional Planning Board and abide by their decision.

H. C. MacNeill, Municipal clerk reported that a letter had been sent to all property owners in the area of the Plintoff property, inviting them to attend a meeting with the surveyor, to attempt to arrange a cost sharing scheme for a joint survey in the area. The meeting was held Jan. 31. MacNeill also reported that on checking the lease of the old Baptist Church with the Dept. of Highways, it definitely states that the municipality is responsible for all repairs.

Sidewalks on Beach A v. e. were discussed, Councillors Elstone and Stuart were appointed to make arrangements to have this work done under the winter works program.

The municipal clerk informed council that more help is needed in the municipal office at certain times. Council agreed to hire extra help one day a week when needed.

Elstone reported that work on curbing at the beach should be completed this week. Beet stated that a closer inspection of extra outlets for domestic water should be done in the near future. It was arranged that G. Smith be given the authority to make these inspections.

Thwaite disclosed that he received an invitation to attend the Vernon Winter Carnival, and that he and his wife will represent the municipality at the event. Council received a report from Mr. W. A. Kerr, partner in a Victoria engineering firm, stating the services needed if sudden increase in population should be planned for. Cost of these services would be on a day to day basis, but should not exceed \$5,000. Council filed this report for future reference.

# Sprayer maintenance topic of study at night school

Sprayer maintenance will be the topic at the Agriculture Night School to be held Monday, Feb. 6th at 8 p.m. in the Summerland Secondary School. Speaker will be Mr. Al McMechan, Agricultural Engineer at the Summerland Research Station.

prove most interesting and helpful.

There will be a demonstration of some maintenance procedures for sprayers and there will be components of many machines on display. With the Dormant spray season just around the corner, this could

# Hackman wins a second in Penticton

In the Penticton Men's Open Bonspiel, the Harry Hackman rink of Summerland placed 2nd in the D event. The rink won waffle irons.

This weekend, the Senior Men's Zone playdowns will be held in Summerland with four rinks competing.

# Travelers loose by close margin

The Summerland Travelers went down to defeat by a close 73-72 at the hands of Tonasket last Wednesday night. A penalty shot at the hoop made the difference.

The next home game in Summerland is with Osoyoos Wed., Feb. 8 in the Secondary School.

# PEACHLAND NEWS BRIEFS

PEACHLAND — At the Legion executive meeting it was decided that installation of new officers will not take place as planned on Feb. 3. Joint installation of both Legion and Auxiliary members will be held at the 40th anniversary celebrations March 17th.

Plans are completed for the Teen Town Sweetheart Tea on Friday, Feb. 10 at 3 p.m. in the Legion Hall. At this tea, members competing for Peachland Sweetheart of 1967 will serve tea to the general public and judges, (the identity of which is to be kept a secret). Everyone is welcome and good attendance is hoped for. Nominations are now all in with seven candidates in the competition, these are: Nancy Liston, Delores Wiberg, Beverly Spackman, Twyla Brooks, Dianne Rosner, Yvonne Small, and Patricia Usher.

# ORCHARD RUN by Wally Smith

## New approach to old problem

They call it integrated control, but on Monday's session of our 1967 Growers' Chautauqua Dr. H. F. Madsen said it was also variously known as balanced control, pest management, modified spray program and, by some growers, intelligent mismanagement.

At any rate by whatever name you call it the new problem is a method of making use of several means of attack, and timing that attack so that it will be most effective.

There was a time when the fruit grower knocked down the insect pests with a blast of poison spray, and when they built up again he would douse them with another blast of poison.

Succeeding generations of insects have developed resistance to many types of spray poisons. At the same time other insects that prey upon orchard pests have been wiped out or reduced to insignificant numbers.

Under integrated control or total approach, as Dr. Madsen calls it, the fruit grower doesn't depend upon spray alone. He makes full use of all the resources nature and man have provided in the way of predatory and parasitic insects; by using sprays that will be the least harmful to these forms of life; and by applying those sprays at the proper time.

No longer is it good enough to spray according to a fixed schedule. That could be very expensive and still give poor insect control.

Integrated control will require careful and perhaps frequent survey of the orchard to determine if there are useful predatory insects present; to keep a record of the increase or decrease of pests and predators during the growing season; to time sprays so as to knock down the pests while doing the least harm to the predators; to determine how the spray program affects both pests and predators.

All this is going to require more knowledge and training than the majority of growers possess, but the program could be widely adopted if the packing houses had men trained for the job.

This would cost money, but in the end it would save money. Dr. S. C. Hoyt, a research scientist from Wenatchee, said on Monday's Chautauqua program that several thousand acres in his district were operating under an integrated spray program with resulting savings of 40 to 50 percent of the cost of spraying.

If it is possible to make such substantial savings there would be more than enough money to pay the cost of field men.

B. C. Hydro in Westbank came up with a plan for lights on the Blue Waters calling for

# Peachland Legion Auxiliary officers

PEACHLAND — All 1966 officers of the Royal Canadian Legion Auxiliary were re-elected by acclamation for another year at the general meeting, and include Mrs. E. Chisholm, president; Mrs. J. R. Davies, vice-president; Mrs. A. Colman, secretary; Mrs. A. Oltmans, treasurer; and executive members: Mrs. L. B. Fulks, Mrs. W. Dunkin, Mrs. G. Swartz, and one change, Miss M. Coldham to serve in place of Mrs. C. H. Inglis who is unable to attend meetings owing to business commitments.

The auxiliary will serve at the Peachland Ladies bonspiel banquet Feb. 11.

Annual reports indicated that the auxiliary had had a very active and successful year.

# This Was A Time Of Great Trials

(Seventh Of A Series) By WALT McDAYTER

Canada in her infant years as a nation met and survived many a crisis. But these were just growing pains, part of the process of maturing into an adult.

In the years following Wilfrid Laurier's reign, the problems became far more critical and complex. Robert Borden and the Conservatives took power after Laurier, and he found himself saddled with the responsibility of plunging the country into World War I.

The challenge was ably met. Within two months, Borden's Minister of Militia, Sam Hughes, was training 33,000 volunteers at Valcartier, Que. On Oct. 14, 1914, they arrived in England as the first Canadian Division assembled. Before war's end, Canada would send a total of 619,636 men into battle.

Though the toll was terrible (Canada lost 60,661 men), the nation also gained considerably from the war. The Great War did much to industrialize the economy. We emerged from the war as an independent nation, signing the peace treaty separately, and with our own charter membership in the League of Nations. Canada gained autonomy in her foreign affairs.

But the conscription issue split the nation between English and French Canadians, and left a scar that remains to this day. In Quebec City, civilians in 1917 fought in the streets with soldiers, and four men died.

It was Arthur Meighen, while in Borden's Cabinet, who formulated the Military Service Act of 1917, which introduced conscription. Meighen succeeded Borden in 1920 as Prime Minister, but so unpopular was he that in the 1921 election, the Conservatives were abruptly shunted out of power. Meighen was back in office a few days in 1926, but was ousted in a constitution controversy.

Liberal Mackenzie King was our tenth prime minister, 1921. It was under his government

that in 1929 Canada experienced the shock of the Wall street stock crash and the world-wide depression. King called an election in 1930, but was defeated by the Tories under R. B. Bennett. Bennett found he had inherited financial chaos, severe urban unemployment, drought and catastrophic crop failure in Saskatchewan. He raised the tariff wall, and put farm credit under tight government supervision.

Mackenzie King was returned as prime minister in 1935, and in September, 1939, was confronted with a new challenge—World War II. King reacted with a highly efficient war program and a regimented economy. Conscription became an issue again. In 1940 King won the election promising there would be no drafting of men into the services, but by 1942 heavy casualty losses forced him to go to the nation with a plebiscite on conscription. Conscription was approved generally, although Quebec voted against it.

World War II ended, and in 1948 Louis St. Laurent succeeded King as Liberal leader and

Prime Minister W. L. Mackenzie King, right, and Louis St. Laurent sit together at the opening session of the U.N., 1946. St. Laurent succeeded King as PM two years later.

## CANADA'S CENTURY

A news background special on the Centennial of Confederation

Prime Minister. The Fascism of Germany and Italy had been defeated, but St. Laurent saw a new threat to world peace—Communism. He was one of the first national leaders to call for a regional alliance of nations to check the ambitions of Soviet Russia. On April 4, 1949, Canada was among the first 12 nations to sign the NATO treaty.

St. Laurent was defeated by John Diefenbaker due chiefly to the sensational "Pipe-line Debate" of 1957. The Liberals in turn chose Nobel Peace Prize winner Lester Pearson to head their party in January, 1958, and in the 1963 elections, Canadian voters made Pearson our 14th prime minister.

## POINT OF LAW

By A Practising Lawyer

(Written questions on legal points from readers are welcome. If possible they will be answered in this column. Letters must be brief, signed and your address shown. Send to 'Point of Law', c/o this newspaper.)

### DIVORCE LAWS

We have received numerous letters asking why the B. C. Legislature has not broadened the grounds for divorce—it being apparent that most persons would favour such a law now-a-days.

By our constitution, the provinces cannot legislate on divorce—only the federal parliament can do this. That they have avoided the subject like the plague is a matter of practical politics. There is no provincial divorce law at all in Quebec and Newfoundland.

I can hear the next question, "If this is true how is it that the provinces have different grounds for divorce?" Provincial law (generally speaking) remained as it was at the time each province came into union. In 1857 the British Parliament passed the divorce and matrimonial causes act which provided for the obtaining of a divorce by a husband on grounds of his wife's adultery, and for a wife on more restrictive grounds, the so called "double standard". In 1867 the (Colonial) law declared that the law of B.C. was as it stood according to the law of England as of November 19, 1858. B.C. joined Canada in 1871.

The Federal Parliament did indeed bestir itself in 1927 and passed an act which declared that any wife could obtain a divorce on grounds of her hus-

band's adultery—doing away with the double standard.

This however only operated in provinces where there was a divorce law to begin with. It had no effect in Quebec. Newfoundland came into the union later and is in the same position. Of course the British Parliament has long since 1857 broadened the grounds for divorce in Britain.

This week's column will discuss the general nature of a CONTRACT or AGREEMENT.

A contract is simply an agreement between two or more persons which is enforceable at law. Every day most persons make one or more contracts—every purchase at a store—every time we take a bus ride—every time we engage someone to perform some service for us—we enter into a contractual relationship.

Contracts may be entered into in five ways—in order of formality—1. Written under seal, 2. Written not under seal, 3. Oral, 4. Tacit, 5. By any combination of the above.

The text books differ a bit, but in general it may be said that a contract must have four essential ingredients: 1. Offer (someone must offer to do something, e.g. sell an object), 2. acceptance (someone else must accept the offer), 3. a seal or consideration—usually the payment of money, and 4. form—the terms must be ascertainable—in one of the five above ways.

If a contract is to be written and is of any complexity or deals with a matter worth a substantial sum of money, it is best to have it drawn by a lawyer.

### BRIDGE RESULTS

Ten tables were occupied on Thursday night at the weekly Bridge night held in Penticton. North-South: 1. Ellen Field and Iras Gartrell; 2. Bert Berry and Jack Lockie; 3. W. Evans and J. T. Garraway; 4. Ray Stewart and Ernie Field; East-West: 1. Mr. and Mrs. Ed May; 2. Mrs. Rose Campbell and Fred Lloyd; 3. Doug Honan and Edna Hall; 4. Mr. and Mrs. Dunc. Morgan.

There will be no further results from Summerland, as Jan. 30 was the first of a two-session Open Pairs Championship. The final session will take place on Feb. 6.

Results of the Unit Olympiad Trials held Jan. 29 have been released and are as follows:

First session: 1. Mr. and Mrs. W. Wilkinson, Kelowna 138.9; 2. Mrs. D. Seibolt, R. A. Flavell, Vernon, 135; 3. A. Hampson, W. Hepperle, Kel-Sum., 134.5; 4.

Mrs. K. R. Macdonald, Mrs. C. R. McLeod, Kamloops, 131.5; 5. Mrs. D. Sullivan, W. B. Hughes-Games, Kelowna, 126.5; 6. W. Coventry, R. G. Phelps, Kam-Kel., 125.5.

Second session: 1. A. Hampson, W. Hepperle, Kel-Sum., 134.5; 2. W. Coventry, R. G. Phelps, Kam-Kel., 133.1; 3. Mr. and Mrs. R. Stewart, Pent., 129; 4. Mrs. K. R. Macdonald, Mrs. C. R. McLeod, Kamloops, 128.5; 5. Mrs. M. Mackenzie, Mrs. J. D. McClymont, Kel., 128; 6. Mrs. E. Hall, Miss J. Bennest, Pent-Sum., 126.

Overall score: 1. A. Hampson and W. Hepperle, Kel-Sum. 289; 2. Mrs. K. R. Macdonald, Mrs. C. R. McLeod, Kamloops, 260; 3. W. Coventry, R. G. Phelps, Kam-Kel., 29; 4. Mr. and Mrs. W. Wilkinson, Kel., 254; 5. W. Martin, R. Varley, Vernon, 247; 6. Mr. and Mrs. R. Stewart, 241, Penticton.

### CANADA "DESTINED TO BUST UP" SAID ENGLISH WRITER IN 1881

A writer in the "London Truth", published in Britain in 1881 had this to say about the building of the CPR that was part of the deal to bring B. C. into the national setup:

"The Canadian Pacific Railway Company has begun to launch its bonds. A group of Montreal and New York bankers has undertaken to float \$10 million worth of the company's land grants bonds and the Bank of Montreal, with its usual courage, has taken one fourth of the entire loan.

"The Canadian Pacific Railway will run, if it is ever finished, through a country frost bound for seven or eight months of the year and will connect with the Western part of the Dominion, a province which embraces about as forbidding a country as any on the face of the earth.

"British Columbia is a barren, cold mountain that is not worth keeping . . . and ever since the gold rush fever died down the place has been going from bad to worse.

"Fifty railroads would not galvanize B. C. into prosperity. The much-touted Manitoba settlement will not hold out many years. Man and cattle are frozen to death in numbers that would startle the intending settler if he knew; and those who are not killed outright are often maimed for life by frost-bite.

"Its street nuisances kill people with malaria or drive them mad with plagues of insects . . . It is through a death-dealing region of this kind that the new railroad will run.

"Canada is one of the most over-rated countries but it is heartily loyal and makes loyalty pay.

"As for the country as a whole, it is poor and it is crushed with debt. Every province has a separate debt and a collection of shanties for a city. "One of these days when the debt load gets too heavy, Ontario is pretty certain to go over to the States . . . When that day comes the Dominion will disappear . . . The Dominion is, in short, a fraud all through and is destined to bust up like any other fraud."

### BANK FAILURES

By 1880 some thirty-eight banks, mostly operating locally or regionally, existed in Canada. Since the eve of the First World War the number of banks has been reduced to eight through failures, (the last of which was in 1923), mergers and amalgamations.

## Centennial Choir meets weekly

The Centennial Choir is shaping up, but Director Bud Stewart would like to have a few more.

Fifty-five signed up but not that many have turned up for any of the two practices they have held thus far. However he feels the slippery roads on Wednesday of last week effected the attendance as well as the Army Band Concert held the same night in the school.

They are practicing every Wednesday evening at 7:30 in the Music Room, (not the auditorium) of the Secondary School so anyone who is interested in singing should show up.

The Centennial committee have authorized Mr. Stewart to purchase music suitable for the occasion.

## Confederation Caravan to visit Okanagan centres in August

The 1967 Confederation Caravan is almost ready to roll over 5,169 miles of British Columbia roads, stopping at Oliver on Aug. 24. Osoyoos on the 23rd, Okanagan Falls on the 29th and will be on exhibit at Summerland on Aug. 30th.

This is a must for both young and old to visit as there is much to be seen in regards to Canada's development.

The motor caravan's route throughout the province is planned to supplement that of the Confederation Train, and will take the graphic exhibits on-wheels to population centres of from 400 to 100,000.

The Confederation Caravan was planned as a natural Centennial compliment to the Train, and will not duplicate Train stops.

The British Columbia tour will start at historic Langley on May 1, and conclude at Sparwood, Nov. 5.

The main theme of the colourful exhibits in the Caravan is essentially the same as that for the Confederation Train—the story of Canadian development—but there is greater flexibility with the Caravans, and greater emphasis can be placed on the "miniature fair" concept, with local Centennial celebrations centering around the eight Caravan trailer units.

## Expo is impressive

We had the privilege of getting a sneak preview of EXPO on Friday last. There is no doubt that this will be the greatest show ever staged since the beginning of time. There is little surprise in the fact they are getting requests for reservations from countries all over the world from India to Australia.

Philippe De Gaspe Beaudien, Director of Operations for Expo spoke to us in the Canadian Pavilion following the noon luncheon.

"If I were in your shoes, I would think of this exhibition as a great Canadian achievement which was not done by Americans, not by Europeans but by Canadians themselves. It is the greatest exhibition that has ever been held anywhere else in the world and it is happening here in Canada.

What is of interest to the average Canadian, is that they are making every effort to keep Expo within the reach, financially, of the maximum number of people. This is tough to do in this day of rising costs, but through provincial regulations, visitors cannot be fleeced by landlords. Food prices on the grounds will be controlled. The exhibitions are free and a train will speed you from one point of interest to the other. All this is included in the passports purchased at the gate or from various advance sales agencies throughout the country.

Beaudien said, "If I were in your shoes as editors of weekly newspapers of Canada, I would look upon this exhibition as a great opportunity to tell my readers that an exhibition such as this one will not happen again

## A bad public relations move

Summerland officials are outraged at the fact that the telephone maintenance crew, consisting of District Manager Bob Payment and Gordon Day are going to be amalgamated with the Penticton District Manager.

Reeve Holmes and Chamber of Commerce President Eric Tait feel this will result in inferior service and we tend to agree with them.

It is difficult to believe that when it is necessary for Summerland to have at least two full time men on the job, the service will be enhanced when their headquarters is moved further away.

There is little doubt that Bob and Gordie have spoiled us, in that they have gone, on many occasions, beyond the call of duty when subscribers have trouble with their telephone after hours. They will not be able to offer this service in the future. They will be just two of the many, working out of Penticton office. Where their duties will take them will not be known from one day to the next. Besides the truck and other equipment will not be in Summerland when

in Canada for several generations and it should not be missed whatever the cost, the inconvenience or the difficulties one may have to put up with to come to it."

These are persuasive words from a fellow who is so enthusiastic and sold on the merits of Expo, he has convinced more countries than in any other world exhibition in the past.

We can understand his enthusiasm having been there. It is geared to be educational as well as entertaining. One sees everything from buildings, to arts to entertainment, the like of which has never been congregated in one city since the beginning of time. Children from about grade 6 on should not miss it. It would be wonderful for every Canadian to see Expo.

It is unfortunate Montreal is so far away. Many will miss it because they cannot afford to fly their family out and there isn't sufficient time to make the trip by car. It would take some pushing to drive out and back in two weeks.

If you cannot spend at least a few days there, there is little point in going. There is so much to see. If you try to take it all in in a day (which is impossible) you will come away completely confused with little recollection of the exhibition. We found it takes a few hours to get your mind in a position to accept or believe what you see.

We suggest you budget for a trip. If you cannot afford the motel tab, throw a tent in the trunk of your car and take off. This is an opportunity that will only come once in our lifetime.

the days work is done, they will be in Penticton.

It would seem that a centre supporting 1500 phones with an estimated monthly income of \$15,000.00 and still growing, would call for a maintenance office.

However, Superintendent S. R. Murihead of Okanagan Telephone Co. told us the service will be better and we hope this will be the case, but if it proves not to be, it is hoped their decision will be reversed.

From where we sit now — it is a step backward, and a slap in the face to Summerland.

It is surprising that the move was made so quickly and without the knowledge of Municipal officials. It is surprising this would be done without at least talking it over with the council, seeking their opinion and reaction. Okanagan Telephones can say it is none of our business — and they are right and they could be right when they say they are going to better service. But it is good public relations for a monopoly utility company to at least not make it appear as if they are not taking advantage of their position.

## FROM OUR FILES . . .

### 41 YEARS AGO.

Mr Alan Cross, who has been a guest at the home of Mr. & Mrs. Stewart for the past few days, left on Saturday for the Coast.

Miss Marion Beavis spent the weekend at her home here, returning to Kelowna on Monday.

Mrs. H. Bristow & Miss Olive Bristow returned on Sunday from Vancouver where Mrs. Bristow has been for the past month. Miss Bristow went out last week.

Mrs. J.W. Dow, who has been a guest of Mr. & Mrs. S.A. MacDonald for sometime returned to Creston on Friday.

Mrs. Dan Lee arrived from the Cariboo on Wednesday and is staying at the home

of Mr. & Mrs. Miller in Faulder.

Mr. "Mike" Clay, manager of the Vancouver Normal Basketball team, which played here last night, is a former resident of Summerland and well known in the vicinity. Mr. Clay met many friends down here.

**42 YEARS AGO**  
George Foster returned this morning from a brief visit to the Coast.

A. McLachlan returned on Friday from a brief business visit to the Coast.

Miss Mildred Shields went up to Vernon on Monday morning, where she will spend a few days.

T. Croil returned Saturday night from Vernon, where he has spent several days at a meeting of the directors of the Association.

## Report From Parliament Hill

By **DAVID PUGH, M.P.**  
for Okanagan-Boundary

### Support Crop Insurance, urges M.P.

Mr. Diefenbaker's announcement last evening that he felt "There should be a National Leadership Convention at an early date — the earliest possible date," created quite a stir in Parliament. By implication, Mr. Diefenbaker indicated that he would again stand for leadership. At time of writing, his opposition has not yet been clearly established.

As I forecast last week, the actual business of the House has been completely dedicated to the Transportation Bill and its many facets. I mentioned the questions of just how much power the proposed Commission on Transportation should wield, and yesterday Mr. Plecker still relieved some of this apprehension with an amendment that the Commission would go to Cabinet for final authority should there be any alteration

between the railway and the Commission over decisions affecting property.

Western Progressive Conservative Members of Parliament succeeded in their effort to remove from the Transportation Bill the clause regarding a proposed review after three years, of freight rates on grain. The Government was defeated by one vote, in Committee, when this amendment was put forward by the Honourable Gordon Churchill.

The question of transportation in another form was again to the fore with the announcement that Parliament is considering enacting legislation which would force car manufacturers to include approximately 27 new safety features on automobiles by 1968. By taking this stand, the installa-

tion of safety features would be a continental effort, for if 27 new safety features were made compulsory, it would be 4 more than required in the U. S. It is hoped that this legislation will be only a start and that some of the present equipment on cars will also come under consideration for improvement. If this goal were to become North American in scope, it would certainly lessen the hazards of the highways. I am a member of the Committee on Justice and Legal Affairs, which is handling this legislation.

The Annual Meeting of the B. C. Fruit Growers' Association was held in Kelowna last week, and once more crop insurance was highlighted. The importance of the subject was thoroughly discussed, and individual growers will now be making their decision as to whether or not to join. From my point of view, serious consideration must be given, because if the plan is turned down it would seem to me unreasonable to expect Provincial and Federal Governments to lend aid in the event of any future disaster. Government would be more likely to say that they had provided a means of protection and that at that stage it was up to the growers.

An artist's sketch of the completed Western Canadian Pavilion at Expo '67, with the living fir trees projecting some 20 feet above the 40 foot structure. The trees are growing, projecting from a natural forest scene in the center of the structure. The 12,000 square feet of floor space is broken into ten "experience capsules", each depicting a resource of Western Canada and the

manner in which it is being developed. Presentation of these displays is done in a manner utilizing all the viewer's senses but that of taste, including sight, sound, temperature changes, vibration, smell and touch. The pavilion, designed to represent in cross-section the topography of the West, is roofed with thick cedar shakes and is of all-wood construction.

## Controlled accommodation rates at EXPO '67

By **KEITH BERGH**

I attended a briefing and a tour of Expo, in Montreal over the weekend. It was very impressive—so much so it is difficult to put in words what can be seen on the 1000 acres of islands on the St. Lawrence river near downtown Montreal. More on this will follow in future articles.

The one thing many readers are concerned about is accommodation and I asked me to check into the situation. Will it be available? If so, will we have to mortgage next year's grocery bill to pay for their visit to the greatest show the world has ever seen.

Expo officials are also concerned — not about the prices and availability of accommodation for the duration of the show, but it has come to their attention there are rumours all across Canada to the effect that there will be a shortage of beds, the cost of which will be beyond the average family and located so far from the grounds that most of the day will be spent driving to and fro.

Expo officials pleaded with some 200 weekly editors brought to the site, to tell their readers, there is no truth to the rumours.

There will be more accommodation available than people to occupy them. You name the amount you wish to pay and they promise none will be further from an Expo gate than a 45-minute drive.

A housing bureau has been set up called Logexpo and they say there will be upwards of five million beds available for the six month run, from April 28 to October 27. Even at peak periods, forecasts show 20 per cent more accommodation than will be required.

Facilities, ranging from hotel and motel rooms to apartments, dormitories, private homes, and trailer and camp sites will provide accommodation for 200,000 persons per day. They say, of the expected 165,000 daily visitors to Expo '67, it is estimated 25 per cent will be residents of Montreal and that 30 per cent will stay overnight with friends and re-

latives in the city. Only 45 per cent or 74,250 visitors will need daily lodgings.

They told us that even on peak days when up to 350,000 visitors are anticipated, there will be ample accommodation for the 157,500 who are expected to draw upon the pool of facilities.

Yes, Expo officials are worried. Not that they will not be ready. Not about the mechanics of running such a massive show. Not about the 30,000 people per hour they have promised to move about the grounds on their special train — but about these rumours regarding accommodation and costs of same now spreading across the country.

Now, about the cost of putting your head down after a day at Expo.

The rates will be set. A new law will formally recognize the creation of an agency, known as the Provincial Lodging Service for Expo '67 that has been in operation for four months and whose functions are three-fold: to make a survey of all accommodation available in the Montreal area for Expo visitors, to set maximum rates for such lodgings, and to co-operate with the directors of Expo in order that the greatest possible number of lodgings may be made available to travellers at suitable cost.

Certificates fixing the maximum rent for each lodging will be issued and must be conspicuously posted at all times. The landlords failing to comply will be subjected to a fine of \$200 or one month imprisonment for first offenders, or \$3,000 or two months for repeaters.

Logexpo has already reserved more than one million bed nights for Exhibition visitors ranging in price from \$10 to \$40 per day for hotel and apartment accommodation to \$2 to \$5 for dormitories and campsites.

They are providing free ser-

vice to handle requests for reservations from visitors. Just write to Logexpo, Expo '67, Administration and News Pavilion MacKay Pier, Montreal, Canada.

Requests should give full details of the dates, preferred price ranges and type of accommodations required, and should indicate the number of children in the party.

According to what they told us, they are bending over backwards to be of service in this regard. Their big fear is that visitors will be taken advantage of.

Our host, Don O'Donnell of their public relations department told me "Nothing will kill

## Few deer killed on Highway 97 this year

While the number of deer being seen this winter on the highway north of Summerland is much below the past two years, reports of two being hit during the weekend have come in to RCMP.

Elizabeth Noel Tarrant of Peachland reported damages to her car amounting to \$130 after striking a deer about one mile north of Summerland on Jan. 27.

Dave MacDermott of Penticton reported striking a deer about five miles south of Peachland on Sunday. Damage was under \$100.

Police said these are only the second and third reportable encounters with deer this year, while in the winter of 1964-65 there were 79 cases reported.

## PROTECT THE PUBLIC

The U.S. Public Health Service monitors the nation's air, water, soil and foods throughout the year for traces of pesticide poisoning.

Expo fester, if the hotel and motel operators are allowed to gouge our visitors." They are doing everything within their power to prevent this.

## More than 600 now registered at Notre Dame

Faculty and students at Notre Dame University of Nelson filed back into their classrooms last week after an absence of more than two weeks from their academic studies.

Students, totalling more than 600, registered for the second semester Thursday and Friday of last week.

Notre Dame's president, Rev. Aquinas Thomas, S.A., injured after he fell from a roof Dec. 16, has resumed his administrative duties. He was released from Kootenay Lake General Hospital Christmas Eve to attend midnight Mass.

Father Aquinas broke his arm after he slipped from the roof of a prefabricated building he was helping to reassemble on the University's campus. He fell between 10 and 15 feet from the single storey building, to the ground.

The four prefabricated buildings, which should be completed by the end of January, will become NDU's library, relieving the present overcrowded and scattered storage system.

## CLOSE CALL FOR ADAMS

John Adams was chosen the U.S.'s second president by the slim margin of three electoral votes, 71 to 68.

## Lost eyesight brought about development of Braille system

A man who lived about 100 years ago enabled today's blind children to read and write, points out the Canadian Council of the Blind now sponsoring White Canoe with the C.N.I.B.

The idea came about through the genius of Louis Braille who lost his sight when he was using in his father's harness when he accidentally slipped into his eyes. At the first school for the blind in France, a small organization opened only a few years earlier, Braille learned to read letters in raised type. But the method was not practical since the letters had to be very large in order to be felt clearly. One day a French military man visited the school and showed Louis a system of dots that could be read in the dark, which he had introduced as a military code. Braille saw at once the value of the system and set to work to apply the raised dot to the reading needs of the blind. Braille spent countless hours, often far into the night working on the project. After many years of persistence, Louis developed a practical system. It consisted of

different arrangements of six dots, similar to those on a set of dominos, to represent the letters of the alphabet. The dots are written by hand by pressing a pencil-like tool, the stylus, into a sheet of paper. They also be made by a specially devised Braille writer or printed on a press designed for the purpose.

The Braille system is flexible as language itself. It can be applied to any tongue, to music and even higher mathematics. Since Braille's day, various improvements in the code have been made in order to speed up reading and to facilitate writing. The system was accepted in America in 1860 and in the 1950's was adopted in more than 40 countries across the globe through the World Council for the Welfare of the Blind. Through this practical inheritance that spans the century, Braille made it possible for us to communicate effectively at a time when the printed word is the backbone of our economy. Braille's contribution to Canadian life truly a cause for celebration.

## NOTICE

NOTICE — Parents, relatives and friends of anyone with neurological disabilities are urged to attend the meeting Tuesday, Feb. 7 in the Medical Health Centre at Summerland, 8 p.m., sponsored by the South Okanagan Branch of the Okanagan Neurological Assn. Speaker to be Mrs. D. MacEachan, executive director of the O.N.A. Topic will be: services now available and plan for the future. 1c1

## Card Of Thanks

CARD OF THANKS  
The Summerland Minor Hockey Association wishes to thank the merchants for their advance publicity of our activities of Minor Hockey Week and to those who have assisted in various other ways to finance our organization. We also wish to thank the residents of Summerland and Peachland for the "Bostoer Ticket" support. It was all very much appreciated. 1c1

## BOWLING RESULTS

In mixed league, in Monday action "Us" roared back into first place, ahead of second place Die-Hards. A four-way jam-up in third place is ahead of Hilltoppers and Weaker 6, in the bottom two spots.

In Tuesday action, Fantastics moved ahead of Greenwood Cleaners by one point. Strugglers slipped to third. Keglers jumped from last spot ahead of Unpredictables and Splinters.

In Wednesday action, surging Bud's Garage moved alone in top spot ahead of Occidentals. Relatives dropped into a third place tie with Pointers. Hasbeens moved from a last place tie to move out in front of Mac's and Young St. 5.

In the Ladies' League, All Sorts and MoJos continued the tie for first in the twelve team loop. Wagon Wheels remain on the bottom. Here are the results of Jan. 16-20.

## 70 attend seminar held in Oliver

The new Kelowna plant of the White Trucks Mfg. Co. will be looking to Okanagan Valley machine shops and fabricators to provide many of the component parts for their production, a company spokesman said on Tuesday of last week in Oliver. He said the recent Canada-U.S. agreement on Auto and Truck manufacture and parts "almost forces" Canadian manufacture of many parts because of the potential tariff advantages.

Doug Robinson, Vice-president and General Manager of White Trucks Mfg. of Canada Ltd., gave this encouraging outlook to about 75 Valley and government representatives who attended the Machine Shop and Fabricators' Seminar there.

The seminar was sponsored by the Okanagan Regional Industrial Development Council in co-operation with the Oliver Chamber of Commerce and the Area Development Agency of the Department of Industry.

Speaking at a luncheon at the Reopel Hotel, Robinson said the "designation" of the Valley for federal aid, coupled with the Canada-U.S. trade agreement, had a "great effect" on White's decision to move to the Valley.

The plant, he explained, had originally been planned for the U.S. West Coast. He further explained that Eastern manufacturers had found truck requirements differ in the West from requirements in the East.

Initially the plant will manufacture about 10 trucks per day, and component parts requirements will offer potential advantage to Valley manufacturers... to supply both for the Kelowna operation and for other plants in the U.S. He said the trade agreement, in effect, gives an advantage to the company when many parts are manufactured in Canada. "It almost forces Truck and Auto Manufacturers to beat on your door to supply component parts", he told the delegates.

Robinson listed some of the types of component parts which the firm may seek in the Valley as Aluminum and malleable castings, truck seats, fabrications, wiring harnesses, fuel tanks, air tanks, fibreglass products, patented items, chassis springs, U-Bolts, Chrome-plating, and others.

He said the company expects to "get rolling" in about two or three months, and interested firms may contact him in Kelowna. The plant will build trucks in the \$15,000 to \$40,000 price range, with a payroll of about \$600,000 annually, and "expects to live in a state of expansion for the next ten years."

Representatives from Oliver machine shops, and the Trump plant, were in attendance. More than 70 representatives from all parts of the Okanagan Valley attended the Machine Shop and Fabricators Seminar held Tuesday in the Oliver Legion Hall.

The purpose of the seminar was to acquaint machine shop

## Sanderson wins junior bonspiel

PEACHLAND — The annual Junior Curling Bonspiel was held Saturday and Sunday in the curling rink and winners were: Gordon Sanderson rink, first; with Lillian Araki, Peter Brown and Yvonne Smalls; John Goldham rink, second, with Sherry Wig, Debbie Howes and Patrick Brown;

Doris Champion rink, third, with Helga Geisler, Larry Sunstrom and Tom Topham; David Gilliam, fourth, with Beverly Spackman, Dan Dunkin, and Jo-anne Pulks; Don Oakes, fifth, with Shirley Wayne, Twyla Brookes and Christine Emblton. Prizes for this bonspiel were donated by local merchants.

in co-operation with the Oliver Chamber of Commerce.

The speakers pointed out that there was a tremendous market in the manufacture of component parts and that many machine shops and fabricators could find contracts.

Government representatives pointed out that their departments have many facilities and contacts that they would offer to any who are seriously interested.

## Corporation of Summerland Re: Zoning By-law

Public Notice is hereby given that a Public Hearing will be held in the Municipal Council Room at 8:00 p.m. on Wednesday, February 15th, 1967 on a proposed by-law.

- (1) to replace the existing Zoning By-law number 1016 and amendments;
- (2) To remove the regulations regarding signs from the Zoning By-law;
- (3) to create new zoning classifications and areas on the Zoning Map.

Any person may appear at this hearing in person or by attorney or by letter. A copy of the proposed by-law may be seen at the Municipal Office.

Dated at Summerland this 30th day of January 1967.

G. D. Smith,  
Municipal Clerk.

## Noted speakers for convention

**VERGIL OLSON**  
... behaviour of youth

Many district teachers will be attending the Okanagan Valley Teachers' convention Feb. 10 and 11 in Vernon.

The theme of the convention will be Youth, the Social Setting of Youth and the role of the teacher as a youth leader. Outstanding speakers have been invited, with unusually rich backgrounds in youth work.

Stephen Lewis, 27, the youngest member of the Ontario Legislature from Toronto Scarborough West will speak.

He has been described as a scholar, debater, teacher and a bright young politician in a hurry — disturbed about the present and determined to influence the future.

**A. L. WELLS**  
... international scholar, farmer

The Rev. Russell Horsburg, United College, Winnipeg, possibly Canada's most controversial Christian Leader will be on hand. After years of church work with troubled youth and the "old guard" elements of society, he has strong views on the responsibilities of institutions such as church and school.

Vergil Olson, Ph.D. in Sociology from Washington State University will address the convention. This young sociologist has concentrated his studies on the behaviour of modern youth, their sub-culture, and the social and family forces that have such an impact on youth. He is on the State Board of the American Civil Liberties Union.

International scholar, A. L. Wells will speak. His qualifications are, teacher, writer, farmer, musician, historian and linguist.

He was educated in British and French schools, and in Bri-

**STEPHEN LEWIS**  
... influence future

Mrs. A. Roseborough is in Edmonton visiting relatives.

Squadron Leader Alan Kirk of Colorado Springs, Col. was here for a short visit with his parents, Mr. and Mrs. J. S. Kirk.

Mrs. Charles Bernhardt is at the coast visiting her father.

E. J. Harwood has returned to his home in Victoria after visiting the last three weeks here with his daughter, Mrs. Eric Smith and Mr. Smith.

The wind-up dinner of the Cornwall Cannery was held last Wednesday night in the Rosedale Room with the Legion Ladies Auxiliary catering.

**REV. RUSSEL HORSBURG**  
... strong views

tish, French, Spanish, Italian, and Canadian Universities. Over a period of years, he has taught in French, Latin American, Canadian and American universities.

A musician, he had given two concerts in the Salle Pleyel at the age of 20, under the baton of Pierre Monteux. An ardent writer, Dr. Wells has written three novels, eleven textbooks, a history of Canada, a history of the Caribbean and three books on English literature.

In sharp contrast to his scholarly record, Dr. Wells is proud of the fact that he has been a successful farmer. He will speak on the vitality and beauty of youth, and the excitement of education at this time in history.

Ninety-three people attended including the employees and their guests. Miss Mina Jean Smith of Peachland was mistress of ceremonies and presented two amusing skits. Dancing followed the dinner.

Mrs. Joe Akitt is a favorite with the Rotary Club members. The "200 Club" ticket was drawn Friday night with the name, Joe Akitt on it, but it was announced that his wife would get the loot.

**MORE TELEPHONES IN USE**  
Between 1952 and 1963, the number of telephones increased from 3,352,000 to 6,657,000 — an average of one for 2.9 persons.

## BCTF head recommends that teachers walk off the job

The executive director of the B. C. Teachers' Federation has recommended that teachers walk off the job next fall rather than teach classes of 40 or more pupils.

The decision made at the December meeting of the executive will be presented to the annual general meeting of the federation next Easter, for ratification.

The committee has also recommended that the federation pay the salaries of teachers who refuse to teach classes of 40 or more.

Teachers' Federation president Harley Robertson said students are the ones who suffer in large classes, because teachers cannot hope to give any of them the individual attention they need if they are to progress satisfactorily through the school system.

"Teachers are fed up with trying to do the impossible," he said. "They are expected to develop each child as an individ-

ual, yet B. C. has many of the largest classes in Canada. The situation is obviously absurd."

If the Easter annual meeting approves the recommendation, the BCTF will be committed to support any teacher who walks off the job rather than accept a class of 40 or more pupils. The decision to refuse the assignment would be up to the individual teacher.

BCTF objectives call for much smaller maximum class sizes: 25 in primary grades, 30 in regular grades, 24 in industrial education and home economics classes and 15 in selected classes of very high or very low ability.

### CANADIANS TALK A LOT

Canadians lead the rest of the world in the number of telephone conversations per capita. Recent figures show the estimated number of calls per annum on all systems to be 11,299,830,000, representing an average of 1,697 calls per telephone and 592 per person.

## Safety belts save two young drivers

Two young men on a car rally from Vancouver owe their lives today to seat belts, according to Summerland RCMP.

The vehicle driven by James Brian Tough, 25, of Vancouver went out of control on the icy surface of the back road to Princeton about 12 miles west of Summerland Saturday morning.

RCMP said the car failed to negotiate a sharp left hand curve and rolled down a 150-ft. embankment coming to rest on its wheels. The 1963 sports model was a total wreck, but Tough and his passenger Michael Bapty, 23, also of Vancouver, walked out of it.

## Sweetheart dance on February 9th

Teen Town will be holding their annual Sweetheart dance on Feb. 9th. The dance will be from 9 p.m. to 1:00 a.m. at the Youth Centre.

"The Shockers" from Vancouver will be playing. The six Sweetheart candidates are Shelley Erikson, Donna Biogioni, Sharon May, Judith Miles and Paty Stevenson.

PREMIER'S OFFICE  
Parliament Bldg.  
VICTORIA

The President and Vice-President of the Summerland Chamber of Commerce are being installed by Reeve Norman Holmes at their annual banquet last week. Vice-President Chas. Bernhardt is on the left, and President Eric Tait is repeating the oath of office with the Reeve.

## Two applications for cable T.V. received this week

### New hospital open to public inspection Sunday afternoon

People will have an opportunity to see the interior of the new Summerland Hospital on Sunday, February 11 from 1:00 to 4:00 p.m. Hospital Administrator Harvey Wilson said they have had a number of requests to see what will be behind the walls and ceilings of the building previous to this equipment being closed in. The suggestion for a pre-open house came from Narod Building Superintendent Bill Smith. Parents are requested to accompany their children.

### Parents' parking presents problem

Secretary-treasurer Jas. Hack told the board of school trustees that work is progressing well on the Dunham property with levelling. The topsoil was stripped, and excess dirt and rocks were hauled away to use for fill at Peach Orchard beach. The topsoil has been replaced and the grounds levelled. Trustee Barkwill expressed concern regarding the congested parking conditions in front of MacDonald School at 3 p.m. on school days. Hack will bring it to the attention of the Planning Commission. The Municipality will undertake the maintenance of the school grounds again this year. School maintenance supervisor E. Knuff, in his monthly report, said everything is going smoothly in his department, but he has changed some locations of duty of his staff. All five administrators of Summerland schools attended an administrator's workshop in Penticton, according to Superintendent Paton. He thanked Board chairman Jas. Miltimore for attending. It was reported to be very beneficial. Schools will be closed tomorrow so teachers may attend the Okanagan Valley Teachers' Association annual convention in Vernon. Some time was given to discuss the comprehensive report on counselling service presented by Superintendent Paton last month. He said four percent of the teaching time is spent on counselling. He pointed out that this was comparable to other schools. He said the amount of counselling for student varies according to need but he would like to see them talk to a counsellor one or two times a year on the average. "Some can get sufficient attention in guidance classes however," he said. McIntosh wondered about the possibility of a seminar for parents. Paton was requested to ask the teachers if they would think it beneficial to have a counsellor conduct a seminar for them to acquaint them with techniques in this field. Hack reported the Regional College has decreased their total budget from \$290,000 to \$113,076 by the removal of salaries anticipated should a referendum pass and by removing all capital expenses which automatically are picked up by a successful referendum. This decreases the Summerland portion from \$14,086 to \$5,484. The next meeting will be held on February 15.

After many years of waiting for cable television, two firms have now made application to serve Summerland with cables to produce the shows from U.S. and Canadian networks. The Summerland Municipal Council had the request by letter at their regular meeting on Tuesday evening, from Summerland Video Ltd., signed by V. A. Kimball and K-Tel Co. of Vancouver. Summerland Video requested the use of the existing telephone poles to string the cables. Reeve Holmes said they could possibly use them at the same rate of \$1.00 per pole per year, as Okanagan Telephones pay. The other firm wanted to place a tower on Giant's Head Mount ain.

Both companies will be requested to attend council to outline future plans. Council were in favor of cable TV coming in but wished their intentions clarified. Councillor Powell is chairman of the Parkdale Place committee and said he would have a look at the waiting list and discuss it with his committee. He was wondering about the recent thinking of council to expand the home, and when they planned on doing it. Reeve Holmes said they wanted to do it this year, but due to the tight money situation, they decided to table it, but he did not agree with the decision. "I would have no guilty conscience about spending a few dollars for our senior citizens", he stressed, "I don't think any Summerland citizens would mind spending money on an addition. I have always thought that. I think we should have another look at it." Councillor Powell is chairman of the Parkdale Place committee and said he would have a look at the waiting list and discuss it with his committee.

**In other council news:** Dr. J. Miltimore attended council and had written a letter, questioning the decision of council when they refused to allow him to subdivide his Trout Creek property. It was explained that the proposed street system was not acceptable but if he had the Regional Planner draw up one that was acceptable it would be passed. According to future planning, his application could not be approved because of re-zoning. "He applied prior to rezoning so it should not apply", Hill claimed. "This should make a difference." "I am surprised you didn't push the regional planner more", Hill said, "not that it was your duty to do so". Miltimore said he had telephoned him several times. "Get MacDonald (the regional planner) to draw up a plan that would be approved", Reeve Holmes suggested. This Miltimore will do.

**A REQUEST** from the Motor Vehicles branch to keep the office opened for the issuance of license plates on the last Saturday in the month was declined. They felt two months was plenty of time for motorists to get their licenses, and the last two days of the month are a Monday and Tuesday. **A LETTER** from the Chamber of Commerce requested flashing amber lights at each end of the planted in the centre of Main Street. The request was declined, but they would mark each end with fluorescent paint. The flashing lights would cost \$1,000. Powell said they'd take the planters out first—even if it cost nothing for lights. The planter has been hit twice in the past two years. RCMP had told Blagborne that anyone who would run into them would hit a pedestrian the way they are marked.

## Many attend Centennial Supper

Several carloads of Summerland old-timers attended the Centennial Supper and Concert in the Peach Bowl, Penticton, on Friday evening, Feb. 3, sponsored jointly by the Penticton Historical Society and Centennial Committee, the chairman being Mr. Victor Wilson. The room was decorated with museum items, and displays, and displays by Kaledon Elementary students. Each person took along a conversation piece. Mrs. Steve Cannings (the former Jean Munn of Summerland) played "O Canada" and background music on the very old harmonium formerly owned by the Summerland Baptist Church. It was a coincidence that the organist chosen discovered the instrument had originally belonged to her uncle and had quite a history. Other music was played on an old Edison phonograph by Mr. G. U. Waterman. A delicious buffet supper consisting of old-time favorites was served, and eaten at red and white gingham covered tables. There were matching serviettes, and handmade wooden bowls filled with apples were the centre pieces. After the toasts a program of music was provided by some of the members of the Light Opera of Penticton. As there were many in costumes, a fashion parade of the ladies took place. There were also many dapper gentlemen present in dress of long ago. Old friends from various places renewed acquaintances and the playing of "God Save the Queen" brought the enjoyable evening to a close.

### Ladies in the prizes at Penticton spiel

Four Ladies rinks from Summerland played in the Penticton Ladies' Open Bonspiel last weekend. Three of these rinks played in the finals. The Norma Leichenwald rink was second in the B event; Helen Tilbe rink won the C event; Hazel Ganzeveld was third in the C event and the Nettie Stoll rink took second in the D event.

### World War II veteran passes

Mr. Roy Seaman Johnson passed away in Vancouver on Jan. 29, at the age of 43 years. He served during World War II with the RCAF. Surviving are his mother and father, Mr. Peter Johnson, Summerland and Mrs. V. Johnson, Calgary; four brothers, Ernest in the Yukon, Waldemar in Revelstoke; Kenneth in Taber, Alta. and Clarence in Calgary; 5 sisters, Mrs. Anna Kozak, Summerland; Mrs. P. Ruppert of Youngstown, Alta.; Mrs. J. Rohl of Calgary; Mrs. E. Barry, Revelstoke and Mrs. R. Sheedy, in North Vancouver. Funeral services were conducted from Wright's Funeral Home, Feb. 2, with Rev. N. Tannar officiating. Interment was in Peach Orchard Cemetery. Royal Canadian Legion participated in graveside services and Wright's Funeral Home was entrusted with arrangements.

### January weather report from Summerland Research Station

A high of 48 degrees was reached on January 15th and 29th according to the climatological report as released by the Summerland Research Station. The low was 18, attained on January 6th and 7th. Mean maximum was 38.45, mean minimum 28.42 with an overall average of 33.44. There was 5.40 inches of snow and .33 inches of rain.

### Summerland bows to Osoyoos Rialtos

Osoyoos Rialtos kept their unbeaten win streak intact last week thumping Summerland Travelers 85-54 in Okanagan Sr. B Men's Basketball League action. The Rialtos jumped off to a 44-27 half-time lead and added 41 more points in the second half to gain the easy victory. Albin Hochsteiner and Mike Newman paced the southern hoopsters with 23 and 21 points respectively. Wayne Radies and Fred Marshall scored 14 points each to fill out the major Rialto marksmen. Summerland playing coach Don Puddy was high for the losers with 14 points while Ralph Henly and Dick Dunsdon netted 12 apiece. OSOYOOS RIALTOS (85) — Wight 2, Marshall 14, Hochsteiner 23, Radies 14, Yusep 1, Mattes 10, Newman 21. SUMMERLAND TRAVELERS (54) Puddy 14, Bell 4, Robertson, Christopherson 4, Henley 12, Dunsdon 12, Hoffman 8.

### SCRAP PARKS BOARD

There will no longer be a Parks Board. Council feel they are not keeping in close enough touch with what is going on so this responsibility will fall directly on the council in the future. Members of the Parks Board privately agreed it would be better. "Possibly this will be a step towards increasing council to the proper size", Powell said. **BY-LAW IN EFFECT** They will advertise to the effect that the irrigation flow control valve by-law will be in effect this year. **MR. AND MRS. Tom Whitfield**, Victoria Road, residents of Summerland since 1905, two years before the first council meeting was held, feel it is time they were allowed to go into Parkdale Place. Both are in their nineties. Mr. Whitfield told council their house is too large to look

### WATER BILLS

With the new office computer system, it is being considered to bill water every month rather than every three months. They would be programmed on their computer system as such, so it would not be required to make a special run of them. The planning commission recommended council adopt restrictions of barns and pens etc. as follows. That they be at least 25 feet from their lot line, and 75 ft. from adjoining property and with a 25 ft. setback from any road allowance. Council agreed to this. This applies only to agricultural zones. Bids for property consisting of 7 1/2 acres in Paradise Flats were opened. The seven tenders varied from \$2,400 to \$2,900 from John Dunn of Summerland. The high bid was accepted. Please turn to Page 6, see COUNCIL.

## Tom Ritchie "Good Citizen"

A man who has lived in Summerland for nine years and who has wasted no time in joining in the activities of the community is Summerland's Good Citizen of 1966. Tom Ritchie was presented the Reid Johnston Good Citizen Cup by Mr. Johnston at ceremonies held at the annual Chamber of Commerce dinner Thursday night. In the citation Mr. Johnston said that Mr. Ritchie "is a good citizen to all he could contact. He seeks out visitors, to get acquainted and help with their problems." Many tourists remember his guided tours of the area. He is a one man tour guide service. Mr. Ritchie has taken an active part in promoting municipal projects and was one of the originators of the idea for a shuffleboard court in the Memorial Park. The shuffleboard proved popular to both tourists and local citizens last summer and is expected to afford many more hours of fun in the sun with Mr. Ritchie busy introducing himself to people from far away. He showed keen interest in the Regional College and the new Summerland hospital, and worked hard towards their accomplishment.

Tom Ritchie has, in the past, been referred to as a "One man Chamber of Commerce", but now he is officially declared Summerland's Good Citizen by Reid Johnston, the donor of the cup, presented each year, since 1938. Other recipients of the high honor presented that evening were, Mr. and Mrs. F. E. Atkinson, Mrs. Marjorie Croll, Mrs. J. E. O'Mahony, Mrs. George Inglis, Dr. Don Fisher and Dave Taylor. The wife of the first Good Citizen back in 1938, Mrs. E. R. Butler was also present.

## Under The Giant's Head

By KEITH BERGH There is little visible reward in working for your community other than the satisfaction the community is a little better for it. Sometimes it is recognized as it was Thursday evening during the annual banquet of the Chamber of Commerce. Jack O'Mahoney and Alf McLachlan were named Life Members. This honour is not bestowed without reason. They are not handed out unless the recipients are deserving. We offer our humble congratulations to those two servants of Summerland. Nice to see Robin Agur is furthering his hockey career. He has been added to the lineup of the Penticton Broncos. This Summerland juvenile will make a worthwhile contribution to the Junior squad I'm sure. There is no doubt that tourism is a valuable economic factor to British Columbia. Figures recently released by the Department of Recreation and Conservation show a total of 7,152,356 tourists from in and out of province spent a total of \$267,203,500 in their travels last year. This is an increase of two million visitors and sixty-six million dollars over 1965. Some of our oldtimers possibly wince a little as they see the buildings at Smith & Hill going down one by one at the end of Main Street. Ed Hardwick has contracted to take them down as fast as time permits. Doug Hill will move to his new location on Victoria Rd. South. The office was built in the early 1900's where Jim Ritchie had a real estate business for a number of years. It was later a butcher shop but George Henry tells me when his firm (Smith & Henry) moved in about 1925 the office was vacant. Down through the years, buildings have been added to complete the complex of garages, storage sheds, work-shops etc. What next? I can't find out, but the property has been purchased by George Weston interests. That could mean almost anything. Congratulations to Tom Ritchie on his being chosen Summerland's Good Citizen for 1967. Tom is a retired farmer from the Peace River district of Alberta — but for the past nine years he has been a full-time booster of Summerland. It was unfortunate Mrs. Ritchie was not able to attend the presentation Thursday night. Unfortunately she was in the hospital. Dr. Blanchard Munn did some research after Chamber President Eric Tait said he was not sure when the Chamber of Commerce started. According to the "Story of Summerland", by Dr. F.W. Andrew, the Board of Trade, as it was called in those days was formed in 1908 with R. H. Agur as President, James Ritchie, vice-president and C. H. Cordy as secretary. That same year, the baseball team played from Penticton to Vernon without a defeat. In tennis, P. J. Dodwell was known all over the province. The Summerland Fruit Co. was formed and they curled on the reservoir. Dr. Andrew came to Summerland and the "Fenelon House" was opened as a hospital. The Summerland Review started business as a weekly newspaper... quite a year at that.

**BOWLING RESULTS**

In mixed league, in Monday action "Us" hung on to their three point lead while Latecomers moved into a second place tie with Die-Hards. Hilltoppers jumped ahead of Ed's Radio and Narod while Weaker 6 moved into a last place tie with Mad 5.

In Tuesday play, Fantastics held on to their one point lead on Greenwood Cleaners. Swingers moved ahead of Strugglers in third place. Unpredictables dropped into the cellar.

In Wednesday play, Occidentals moved into first place as Bud's slipped into a second place tie with Relatives. Fast climbing Hasbeens moved into a tie with Vendors while Mac's and Young St. 5 bring up the rear.

In Ladies league, Allsorts moved into undisputed possession of first place as Mojos dropped to second. A pile-up of dead-locked teams follow with Wagon Wheels still in last spot. Here are the results of Jan. 30-Feb. 3:

**MONDAY**

"Us" .....	14
Die-Hards .....	11
Latecomers .....	11
Hilltoppers .....	10
Ed's Radio .....	9
Narod .....	9
Mad 5 .....	8
Weaker 6 .....	8

High single: Marg Goetz 242, Warren Parker 315; high triple: Louise Smith 613, Earl Bryden 747; high average: Barb Robert 197; Erik Ek 220.

Team high single: Latecomers 1293; high triple: Weaker 6 3516.

**TUESDAY**

Fantastics .....	14
Greenwood .....	13
Swingers .....	12
Strugglers .....	10
5-Star .....	9
Splinters .....	8
Keglers .....	8
Unpredictables .....	6

High single: Edna Tewnton 258, Bill Ramsay 296; high triple: Norma Ryga 566; Bill Ramsay 755; high average: Lorraine Irvine 200; Bill Ramsay 237.

Team high single: Strugglers 1297; high triple: Splinters 3315

**WEDNESDAY**

Occidentals .....	13
Relatives .....	12
Bud's .....	12
Hasbeens .....	11
Vendors .....	11
Pointers .....	10
Mac's .....	7
Young St. 5 .....	5

High single: N a n Thornthwaite 288; Ernie Harrison 280; high triple: May Rogers 607; Barney Furuya 665; high average: Beryl Flebbe 207, Ernie Harrison 220.

Team high single and triple: Occidentals.

**LADIES**

Allsorts .....	12
Mojos .....	11
Candy Kisses .....	7
Tiger Tails .....	7
Cool Mints .....	7
Humbugs .....	6
Sugar Plums .....	5
Lollipopers .....	4
Jaw Breakers .....	4
Smarties .....	4
Lemonsours .....	3
Wagon Wheels .....	2

High single: Irma B. 304; high triple: Beryl Flebbe 693; high team: Mojos 2249.

**LET'S GET NEWSY . . .**  
Mr. and Mrs. James Struthers of Vernon were visiting Mrs. Struthers' sister, Miss Bertha Bristow over the weekend.

Mr. and Mrs. Mac Johnston of Merritt visited with Magistrate and Mrs. Reid Johnston, also Mrs. Johnston's mother, Mrs. W. R. Powell, over the weekend.

**Peachland chamber organized recently**

PEACHLAND — At a wind-up meeting of the brochure committee it was disclosed that sufficient money is on hand to have maps printed. Brochure sales are going well, and copies have been distributed in the U.S., at the coast, points along Rogers Pass, and in Alberta. More are still to be sent. Mr. Lyon proposed a vote of thanks be extended to Mrs. H. Thwaite for stenographic help given in preparation of material.

Chairman E. Beets opened a discussion on forming a Chamber of Commerce in Peachland. Various phases of Chamber work were explained, and all present agreed the organiza-

tion would be good for the community. Reeve Thwaite, said an active Chamber of Commerce would assist council in pointing out needs of the community. A suggestion from Westbank that Peachland join with their Chamber drew no favor, because Westbank is an unorganized territory and had different problems than a municipality.

Acting committee members elected were: H. Lyon, T. MacLaughlan, D. Pitman, C. Finlayson, and Mrs. L. Ayres. They will proceed with organizational work and report to the next meeting in the Municipal Hall on March 1st. Mr. Lyon now has the application forms for membership.

**Summerland couple exchange vows at Free Methodist Church**

Pink and white long stemmed carnations decorated the Free Methodist Church for the marriage of Laura May Sandbach to Gerald Richard Mosley.

The principals are the daughter of Mr. and Mrs. G. E. Sandbach of Summerland and the son of Mr. and Mrs. Harold Mosley, formerly of Summerland and now living in Australia.

The afternoon ceremony was performed by Rev. Cyril D. Fink, with music supplied by Mrs. Fink at the piano. Bob Killick sang "Because" during the signing of the register.

Given in marriage by her father, the bride was dressed in an afternoon length wedding gown of white satin with rose patterned lace overdress. A satin belt finished with a Dior bow at the front, complemented the classic lines of the dress.

Her chapel length veil of illusion net was held in place with a tiara of cultured pearls and diamante. She carried a bouquet of white carnations and red roses intertwined with trailing ivy and white satin rib-

bons. She later removed the centre of the bouquet for a corsage to be worn on her going-away outfit.

Her only attendant was Mrs. Ashley Austin of Summerland, who wore a turquoise suit with a corsage of pink carnations, and a fluffed feather hat en tone.

Best man was the groom's brother Edgar Mosley of Summerland, while ushering duties were shared by the bride's brothers David and Richard Sandbach of Sumerland.

For a reception at the Youth Centre, the bride's mother wore a floral printed dress in yellow and green featuring a pleated skirt, with a corsage of yellow 'mums.

Before leaving on a short honeymoon, the bride changed to a white dress of bonded fabric with a black lace overdress and a red rose corsage.

The happy couple will live in Vancouver.

Out of town guests included friends and relatives from Merritt, Princeton, and Okanagan Falls.

**Special speaker at Baptist Church**

Mr. Don Ford, educationalist, appointed to the staff of the proposed Okanagan Regional College will be guest speaker at the 7:30 p. m. service next Sunday in the Summerland Baptist Church. The young people of the Church are in charge of the service.

**LET'S GET NEWSY . . .**

Dr. and Mrs. C. C. Strachan and family have returned from a year in Athens, Greece.

Miss Lynne Dronsfeld was here from Vernon for a few days with her parents, Mr. and Mrs. J. H. Dronsfeld.

**Peachland man weds in Calgary will reside in Kelowna**

The Relief Society rooms in the Church of Jesus Christ of Latter Day Saints, Calgary, was the setting for the Jan. 21 evening wedding of Peggy Ann McGrundies to Daniel P a u l Culler.

The bride is the daughter of Mr. and Mrs. C. Timms, 139 27th Ave., Calgary. The groom is the son of Mr. and Mrs. Wallace MacKenzie of Peachland.

Bishop D. H. Leavitt officiated at the double-ring ceremony.

The bride was given in marriage by her father.

She wore a street-length dress of antique Italian lace over satin. The dress had long bell sleeves and single wide pleats in the front and back. A pink veil and a corsage of pink sweetheart roses complemented the dress.

Miss Marlene Merschner, the matron of honor, wore a long sleeve, street-length dress of royal blue lace. She wore a corsage of white carnations. The groom's brother, Carl H. Culler, of Champion, Alta., attended the groom. John Timms,

of Calgary, a brother of the bride, acted as an usher. Miss Marlene Usika sang "O Promise Me" during the signing of the register.

A reception for family members was held at the home of the bride's aunt and uncle, Mr. and Mrs. G. Hatch, of Calgary.

Mr. Timms acted as master of ceremonies. He proposed the toast to the bride and the groom replied.

Before she left on her honeymoon, the bride changed to a suit of maroon English tweed.

Mr. and Mrs. Culler will reside in Kelowna.

SUMMERLAND

### Former School Principal, Ken Cagle addresses Chamber of Commerce

Centennial was the theme throughout the Chamber of Commerce Annual dinner on Thursday night, but guest speaker Kenneth Cagle took the next 100 years instead of the past as his subject.

He said it was a pleasure to see the things accomplished in Summerland since he lived here. He noted the new hospital, the paved roads, the schools, general improvements to the town, and the imaginative centennial project, Giant's Head Park.

"These are the kind of things to spark other things in years to come," he said.

He touched on the changes brought about by mass production techniques. "Instead of a man wielding a hammer, he

now has learned how to handle enormous pieces of modern machinery.

"His level of education has to improve. This is why I hope the Okanagan Regional College becomes a reality, so your children can learn the technology needed, instead of wielding a hammer to break rock for highways."

He reminisced on the 10 years he spent here as principal of the High School as it was named then.

He said he was pleased so many of his former pupils had turned out to hear him speak.

In his introduction of Mr. Cagle, Bill Laidlaw told the audience the school had three classrooms and a chemistry lab in Mr. Cagle's time. He said Mr. Cagle was good for Summerland, bringing new ideas and a fresh approach to teaching.

His advanced teaching methods were soon used in schools throughout the province, he said, and his appreciation of the arts and drama here will long be remembered.

Mr. Cagle left Summerland in 1938, and went on to organize the adult education program and school broadcast programs. He is now B. C. director of the Canadian Broadcasting Corporation.

### FOREVER THANKS

By Rev. J. R. Coughlan

A young lad entered a mission in New York. "What is your story?" asked the mission worker.

"I am a boy from Philadelphia," replied the lad. I have stolen money from my father and the money is gone. I have not a friend in the world and no place to go."

"Go back to your father and home," encouraged the mission worker, to which the boy replied, "He will not receive me."

A letter was sent to the father by the Christian worker explaining the situation. A telephone call was received and the message was: "Tell the dear boy he is forgiven and I want him to come home."

And would our heavenly Father do less? Is there not forgiveness with Him?

Read David's words in Psalm 86:5—"For thou Lord art good and ready to forgive and plentiful in mercy unto them that call upon thee."

Referring to Jesus, Paul said to the Colossians "In whom we have redemption through his blood even the forgiveness of sins."

The Apostle Paul as he was uplifting Christ, stated "Be it known unto you therefore brethren that through this man (Jesus) is preached unto you the forgiveness of sins."

Our God is willing to forgive the sins of those who are willing to confess them and forsake them. John's inspired record reveals this fact. He records: "If we confess our sins He is faithful and just to forgive us our sins and to cleanse us from all unrighteousness."

You have sinned too greatly? Never! You are never beyond the means of God's forgiveness. He forgave Paul who was considered the chiefest of sinners. When a sinful woman turned to him in submission and love, Jesus was heard to say "Her sins which are many are forgiven."

Oh, the joy of true forgiveness! Blessed (or happy) is he whose transgression is forgiven; whose sin is covered."

Only God is able to forgive sins. Turn to Him with a contrite and humble spirit and experience the joy of sins forgiven.

### Boy Scouts to milk wild cows at Ice Stampede in Penticton

The Okanagan South District Boy Scouts of Canada will be staging their second annual ice stampede "Murder on Ice" as a feature of Boy Scout Week February 19 to 26.

The emphasis is on fun this year with activity on the ice of Penticton Memorial Arena Friday, February 24th from 7:30 to 9:00 p.m.

Cubs and Scouts from Penticton, Summerland, Naramata, Galeden, Causton and Keremeos will be competing for the trophies presently held by the 3rd Penticton Scouts (St. Saviour's) and the 5th Penticton Cubs (Moose Lodge).

As this is the second year for this event competition should be keen and there will be some activity on the ice every minute between the brief opening ceremonies and the presentation of trophies. Wild cow milking has been added to the program this year.

### BRIDGE RESULTS

Ten tables took part in the Open Pairs Bridge championships held on January 30.

1. Bill Hepperle and Don Phelps; 2. Mr. and Mrs. Ray Stewart; 3. V. Andreev and Bob Stewart; 4. Mr. and Mrs. Warren Wilkinson; 5. Mrs. Iras Gartrell and Frank Brodie; 6. Clare Elsey and Bill Mackclaine.

Eleven tables took part in Bridge Play on Monday night in the Rosedale Room of the Royal Canadian Legion.

1. Bill Hepperle and Don Phelps; 2. Gordon Hepperle and Mrs. Verna Crosby; 3. Mrs. Edna Hall and Doug Honan; 4. Bert Berry and Jack Lockie; 5. and 6. tied, Iras Gartrell and Frank Brodie; Mr. and Mrs. W. Wilkinson.

Winners of the Open Pairs Bridge Championships were: 1. Bill Hepperle and Don Phelps; 2. Mr. and Mrs. Ray Stewart; 3. Mr. and Mrs. Warren Wilkinson; 4. Mrs. Iras Gartrell and Frank Brodie; 5. Gordon Hepperle and Mrs. Verna Crosby; 6. Mr. V. Andreev and Bob Stewart.

Bridge play on Thursday evening in Penticton saw eight tables take part:

North-South: 1. and 2. tied, Mr. and Mrs. D. Morgan and Bill Hepperle and Fred Evans; 3. Mr. and Mrs. Ernie Field;

E-W: 1. Mr. and Mrs. A. McBride, 2. Mr. and Mrs. Ed May; 3. Frank Brodie and Ray Stewart.

EVERYONE WELCOME

### TEEN PULSE

By GORDON STENNER

DEAR GORDY: Please explain in detail what a friend is. —Unsigned.

Dear Unsigned: First, a friend is friendly. King Solomon tells us from personal experience that a teen "who has friends must show himself friendly".

Second, a friend is helpful. Iron sharpens iron, so a teen sharpens the conduct of his friend. A true friend will always be warm and personable.

Third, a friend is loyal. Someone has said that we live in an "age of reason". Others have interpreted our day as an "age of treason" or disloyalty.

The good king's wise sayings declare, "Better is a neighbour who is near in spirit than a brother who is far off in heart".

Last, a friend loves. True love is patient, kind, and endures misunderstanding. It is not jealous, boastful, arrogant or rude. It does not insist on its own way, nor is it irritable or resentful. It does not gloat over the wrongs of others.

### Two honored with life memberships

Two people who have been active in the chamber of commerce for many years, have been awarded life memberships in the Summerland organization.

President, Eric Tait, presented the awards to J. E. O'Mahoney, for many years hospital administrator, and to Alf McLachlan.

Mrs. McLachlan received the certificate for her husband who is at present in hospital. Corages were presented to Mrs. O'Mahoney and Mrs. McLachlan by Summerland Queen Rita Rusaw.

Among earlier recipients of life memberships, still living in Summerland, are Magnus Tait, Walter Wright, George Henry and J. R. Campbell.

## Expo may help solve problem

Although Canada is 100 years old, we still have the French speaking English speaking problem. We believe EXPO will do much towards the blending of the two cultures.

Many Canadians will be in Montreal for the first time. Most non-Quebecers will come home wondering what all the separatist fuss is all about. They will realize that the man on the street in Montreal is proud to be part of Canada. They will find taxi drivers willing to give them a commentary while driving through the city. The store clerks will be helpful, courteous and bilingual.

There will be those, English and French speaking Canadians who will not be receptive to each other — it will be ever thus. It seems that the Bilingual and Bicultural Commission has accentuated the problem, rather than soothing and healing

the wounds of the nation, at a cost of six million dollars to the Canadian taxpayer.

This commission has made public, problems the cultures as a whole never knew they had. They have pointed out isolated cases, which have been accepted as being wide spread — thus breeding more contempt.

When we were there, we were told more than once that British Columbia is more separatist than Quebec. And rumblings from Victoria to the effect that B.C. can do well without the rest of Canada does not bring about better relations.

At EXPO, the masses will have an opportunity to judge for themselves. If the Montreal public take the responsibility of being gracious hosts, and if visitors are willing to be receptive guests, much will have been done towards the solution. Remember, a smile is understood everywhere.

## A faithful servant...

"There is nothing more hopeless than lost causes".

These were the words of John Bennest when his fellow members of the Summerland School Board thanked him for his four years of service as our representative on the Okanagan Regional College.

No one was more disappointed than John when the college referendum did not pass in December. He has no doubt spent sleepless nights wondering what they could have done to turn the tide on December 10 in favor of a College in the Okanagan.

John has put in many unpaid hours working for the college over the past four years — he didn't mind doing it — in fact he enjoyed it very much. Although he has not said so, it would be reasonable to assume he has lost money as well as his time

when the college work took him away from his orchard so much. Meetings were called Bennest was telephoned — the orchard had to wait.

One doesn't have to talk to John long before the topic of conversation is education. He has made a study of it. He is concerned about the future of our children in this changing world.

Not John does not take the responsibility for the failure of the referendum on your shoulders. There were many factors involved, some that were beyond the scope of your responsibility.

There is no doubt in our mind that any action you took was done with honest conviction that it was for the good of the people and the education of those people. Your sincere efforts are appreciated.

## From Our Back Files

### 41 YEARS AGO

Mr. J. G. Davies left on Sunday for a short visit to the Coast, returning to Summerland on Thursday.

Miss Kathleen Nield came in on Sunday from Victoria, where she is in training at the Jubilee Hospital, for a three week visit.

Mr. Jack Logie is visiting friends at Okanagan Centre. He is expected to return tonight.

Mr. V. J. Bernard returned to Summerland from Vancouver on Monday. He has been there for the winter.

### 42 YEARS AGO

W. Johnston returned Friday from a short visit to the Coast.

Jas. Ritchie left on Monday on a business trip which will probably take him as far east as Minneapolis.

Percy Rand went down to the Coast on Sunday for a short visit.

Mrs. Walter Daniel, who has been visiting with her son, H. W. Daniel and Mrs. Daniel here, left on Sunday's train for her home in Vancouver.

Miss Dorothy Thompson went down to the Coast on Sunday's noon train.

## Top talent in Barkerville show

Fran Dowie, director of the "Best of Barkerville" show says that the latest addition to the cast, Miss Louise Glennie is one of those wonderful people who gives color and laughter to the world. It sometimes seems she does it without trying. Her nature is that uninhibited.

Who else do you know with a background like hers? She went to New York on a scholarship to study ethnic dances. She worked in the Turkish-Egyptian section of New York as an Armenian and French dancer. Then she went uptown as a discovery from the Marrakech market place. This time she used the name Nadyah Hari.

After five years, she returned to Vancouver for a holiday and was asked to play in Totem Theatre's production of East Lynne as a comedy maid. On hearing the first laugh, Nadyah Hari disappeared forever in a cloud of gawdy silk and grubby feet.

Since then Miss Glennie has done legit, musicals and revues in Toronto, Montreal, Chicago and London. While in England she attained an early ambition by working in the last Victorian music hall, the Players Theatre.

Coming back to Canada, she appeared with Pat O'Brian, then for the Playhouse Company's first season.

During the past summer she toured with the successful centennial show, "In the Rough". It was while playing Quosnel with that show that Fran Dowie saw Miss Glennie and when a replacement was needed in the cast, Louise Glennie was a natural choice. Her sense of comedy and professional experience strikes just the right note of fun to augment the antics of the now famous cast of Sid Williams, Tom Hawken, Ross Laidley, Charles Court, Franklin Johnson, Linda Collins, Gayle Howard, Norman Long, and Fran Dowie.

The Best of Barkerville will appear in Oliver at the SOSS

Summerland Chamber of Commerce President Eric Tait, right, is presenting a life membership to Jack O'Mahoney at their annual Banquet Thursday night. In the background from left to right Mr. and Mrs. Howard Hamilton and guest speaker Kenneth Caple, Western director for the CBC. Mr. Hamilton is President of the Pentiction Chamber. Life membership was also awarded to Alf McLachlan who was absent but Mrs. McLachlan accepted on his behalf.

It was a beautiful day on Saturday for this crew to proceed with tearing down buildings at Smith and Hill Ltd. This is the second one to go and one by one they will fall to make room for something not known at present. The property was purchased by Ensign Stores, a company owned by the George Weston empire. Smith and Hill will move to their new location on South Victoria Road. The office on the property is one of the oldest commercial buildings in Summerland.

### Pioneer B.C. woman passes away

Mrs. Suzannah Gutteridge passed away in Summerland General Hospital Tuesday, Jan. 31 at the age of 86 years. Born in Lake District, England, a daughter of one of Vancouver's founding families, Mrs. Gutteridge moved from Vancouver to Mission City in 1938, where she resided until 1960. She has been a resident of Summerland since that time.

A widow of the late Henry Gutteridge since 1945, she was predeceased by her first husband John Moscrop in 1939.

Surviving are two daughters, Mrs. Margaret Anne Solly and Mrs. E. Mary Nolan, both of Summerland; three grandchildren, Geoffrey, Prince George; (Anne) Mrs. Baillie of Edmonton, and Roger of Vancouver; also five great-grandchildren and one brother, Thomas Gibson, England.

Funeral services were held

from St. Stephen's Anglican Church, Feb. 3, with Rev. Norman Tannar officiating. Interment in the cemetery.

### Executive re-elected for another term

The Summerland Association for Handicapped Children supported a brief presented to the Summerland School District last week at their annual meeting. They proposed to have the children presently attending Happyvale School taught in the regular school in a special classroom, the teachers to be provided by the school district. Happyvale would then become a workshop.

The Summerland Association helps provide financial assistance for the bus which transports the Summerland children to the school.

The annual fund drive was down \$130 from last year to a total of \$620, President Rev. F. Haskins said.

Haskins, vice-president J. Prior, treasurer Mrs. Margaret Caldwell, secretary Mrs. Dorothy Sheeley, Directors are Mrs. Heather Geddes, Mrs. D. Wilson, Dr. Fred MacInnes and Bert Stent. Bert Simpson was appointed auditor.

### NEWSPAPERS CONTROLLED

In Canada's earliest days newspaper publishers were required to post a bond to insure that the contents of each issue of their papers would be submitted for official approval prior to publication.

# Changes needed for Happyvale School

Victor Wilson, president of the Pentiction and District Society for the Mentally Handicapped spoke to the Summerland School Trustees at their meeting last week. He also talked on behalf of the Summerland association, although Geo. Lane was the official Summerland representative.

Wilson said Happyvale School in Pentiction, is not large enough to meet the needs of a school and workshop. Reading from a prepared brief, he requested the school board take on the responsibility of schooling the children to age 18 and the associations could take over from there with workshop training.

They asked that the regular school system set aside a classroom within the school. Segregation is no longer a problem, he observed.

Of the 54 school districts in the province, 19 have taken over the responsibility of schooling the handicapped children.

"More help is needed now to help the retarded and the already harrassed parents. Must these children remain as se-

cond class citizens, existing on charity?" Wilson asked.

The Happyvale School was designed to handle 10 to 12 students, and it has now reached 16 and they expect two or three students in the future. They have one qualified teacher and one aid. They are in need of desks, classroom equipment, paper, books and supplies.

"We ask that you provide accommodation and teachers for children presently attending Happyvale School. We would ask that in your humanity and wisdom, you accept this submission, the takeover to be undertaken for the term to open September, 1967. In every respect we would help to co-ordinate the administration of such an undertaking."

There are two school districts involved that of Summerland and Pentiction. All students from both centres are transported by bus each day.

Eight of the Summerland Association and eight from the Pentiction group attended the meeting.

Wilson said they are not able to meet the needs of trained teachers.

## Winners announced for Junior Skating competition

The Summerland Figure Skating Club junior competition was held recently in the arena. Here are the final results:

- Beginners Girls: 1. Karen Witte; 2. Elaine Witte;
- Beginners Boys: 1. Peter Kuzyk, 2. John Esterbrooks;

# Season closes on winning note

**By Ron Kostelnik**  
In senior basketball action over the weekend the seniors took three out of four games. In Keremeos on Friday, the girls were stopped 32-26. Summerland had held a 17-16 lead at the half but the Keremeos girls roared back to win. Ghina Storey topped the visitors with 13 points; Bea Young had 6; Patty Stevenson and Katy Evans 3; and Bev. Bye 1. Young fouled out in the fourth quarter.

At home, against Penticton, Saturday, we whalloped the Peach City visitors 38-18. Summerland was in command from the opening minute of play and never let up. They had a 10-2 first quarter lead and coasted on to victory. They put the victory on ice by outscoring Penticton 13-3 in the third quarter.

Captain Bea Young and Bev Bye led the locals with 8 points; Katy Evans had 7; Ghina Storey 6; Jeanete Jacques 4; Donna Biogioni 3; Madeline Mollit 2. For Penticton Mary Mitchener had 10 points. The girls ended the season in a three-way tie for first with Keremeos and Penticton, each having won four and losing two.

The boys doubled the score 74-34 in Keremeos Friday. They had the hometowners at their mercy throughout the game as every one but Marvin Barg got into the scoring act. Keremeos only trailed 19-10 at the first

quarter but faltered and never were able to make a comeback. Ron Mayne and Bill Fitzpatrick led the Rockets with 14 points; Art Bolton had 9; Gord Lackey 8; Rod Akitt, Ken Madson, Gerry Marsh, and Don Johnson 4; Ron Taylor 7; Ray Davis, Phil McMechan and Colley Eaton 2. Carter and Thomas, with 8, were high men for Keremeos.

On Saturday, against Pen-Hi, a basket with 15 seconds by Art Bolton, in overtime gave the Rockets a 48-47 win. Lawrence Issac tied the score at 44-44 with three seconds left to play. Pen-Hi kept plugging away at Summerland's lead to force the overtime. Summerland led all the way as they finished the season in second spot with six wins and two losses, both at the hand of Princeton. Gerry Marsh led the Rockets with 15 points; Ron Mayne had 13; Bill Fitzpatrick 8; Art Bolton 4; Colley Eaton 4; Gord Lackey and Don Johnson 2. Issac had 22 points for Pen-Hi. Playoffs start on Saturday at the school. Summerland meets Keremeos and Princeton takes on Penticton. The Summerland games start at 12:30 p.m.

# Vote of thanks given former Regional College representative

A vote of thanks was given John Bennest by Summerland Trustees for his work on the Okanagan Regional College Council, as Summerland's representative.

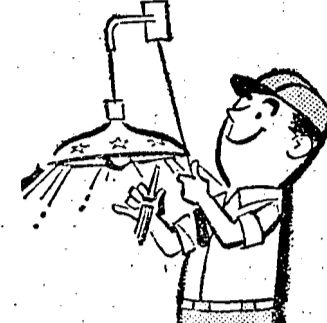

"John has given four years of hard work on the College Committee" Barkwill said. "Although we are not happy with the results, I know you fellows did your utmost. The board and the people of Summerland appreciate it."

Bennest said he had attended 40 meetings during the past year driving his own car, (10,000 miles) and 10 meetings traveling with other people.

He was on the publicity and the ways and means committees. He requested he be allowed to step down and was replaced by Chairman Jas. Miltimore.

"It is unfortunate he didn't carry on" Barkwill said. Bennest thanked the board, but said "There is nothing more hopeless than lost causes."

# Gas appliances lowest cause of fires in the home

Local gas company branch manager C. V. Fitzpatrick states that statistics just received from the Vancouver Fire Dept. show that causes of fires in that area are:

Oil burners 162; Defective Electric Wiring 45; Electric appliances and motors 195; Gas and Appliances 19.

He went on to say that natural gas is now the most widely used heating fuel in British Columbia and statistics from every fire department prove it to be without doubt definitely the safest. "Natural gas is like a thousand other things from which we benefit," he said, "and if normal good sense is used, there is absolutely no danger. Complete safety is built right into your gas heating equipment. An automatic pilot light ignites the main burner and in the event of pilot failure, the main gas valve au-

tomatically shuts off on the now universally used "fail-safe" principal."

"All Natural Gas installations in the South Okanagan have to be installed in accordance with strict government regulations and are subsequently inspected by the provincial government gas inspection department. Because of this," he said, "Natural Gas installations are usually of a much higher standard than most other heating fuels."

He went on to say, "Natural Gas itself, unlike the old manufactured gas used years ago, is non-poisonous. An experiment was conducted recently by the American Gas Association, where four men played cards for two hours in a room in which the atmosphere contained 25% Natural Gas, and showed absolutely no ill effects.

Piping systems are installed and tested with air pressure to approximately thirty times actual working pressure. Under normal operating conditions, even the smallest leak would be discernible because the local Gas Company odorizes Natural Gas to a point where less than 1% gas in air can be noticed."

The manager pointed out, "the products of combustion or vapours from burnt Natural Gas are even more harmless. They are composed of nitrogen which is in the air we breathe to start with, carbon-dioxide which is the gas used to carbonate softdrinks and also which plants thrive on and some water vapor.

Gas is a handy word and in many media reports it is used quite literally. A headline that reports a gas explosion may turn out to be gasoline

No, this is not Al Bissett's week to scare people, he just has a Peachland Centennial beard and it looks like he got a little camera shy. He is one of over 200 Peachland residents that will not shave (completely) until April 1st.

## Peachland Centennial Happenings

By BRENDA DAVIES  
PEACHLAND — Beard contestants here now number 221 and the "garter gals", 100.

Horst Giesler's Centennial Wild Bronc riding Sunday afternoon was a great success. Our local cowboy stayed on 3 1/2 seconds for a distance of 46 1/2 feet. Any other members of the community who would like to better this feat may do so, I understand, but only after making a donation to the centennial fund.

The UNbearded gentlemen of this town have a few more names to add to their list published in the Review last week. To date 25 have paid their dollar and pledged to shave every day until July 1st. The funds will go to swell the centennial fund. Signed up now are: N. Witt, O. Vance, C. O. Whinton, Chip McDonough, Vic MacWhinny, D. Dunn, W. B. Sanderson, W. Carr and W. Renfrew.

LET'S GET NEWSY . . .  
Mr. and Mrs. R. D. White and family spent the weekend in Victoria.

## Mother's March reaches objective

The Summerland Kinsmen Club has done many good works for district and provincial causes, and they added one more Wednesday of last week, when their wives and their lady friends conducted the annual Mother's March in aid of the Rehabilitation Fund of B. C.

They set a quota of \$1500 this year, and at this writing, it has been reached — plus 61 cents, and more is expected. At residences where no one was home, envelopes were left at the door, and these are still coming in.

The Summerland mother in charge was Mrs. Judy Puddy who reported a collection of \$1276.31, and in Peachland, it was Mrs. N. Bradbury who sent in \$224.30. Summerland Kinsmen supplied the cars and drivers.

The Kinsmen president had high praise for the mothers in this campaign, which marks up a record for this annual canvas in the district.

Recently, the Kinsmen donated \$50 to the Minor Hockey Association; \$10 to the care of retarded children; \$10 to the flood victims in Italy and \$60

towards the care of a child in Asia through the "Save the Children Fund."

### Russell Jays observe Golden Anniversary

Mr. and Mrs. Russell Jay celebrated their Golden Anniversary recently in Dawson Creek.

Married at St. Joachim's Roman Catholic Church in Edmonton fifty years ago, Mrs. Jay remained in Edmonton while her husband was overseas with the Canadian Army. After the war, the Jays homesteaded at Barrhead, Alberta, where they resided until 1943, when they moved with their family to Dawson Creek, B.C.

Mr. Jay was in the construction business for some years before returning to farming 8 miles from Dawson Creek. He opened the first motel in that town in later years.

He is now constructing an apartment building on Quinpoole Road in Summerland.

The Jays have three children, two sons and a daughter.

## Natural gas to power Expo '67 at Montreal

Before any location for a World's Fair can be approved, certain services should be made available. These include water, electricity, communications and natural gas — and the natural gas for Expo 67 in Montreal is being made available by the Quebec Natural Gas Corporation.

The four areas of Expo 67— Mackay Pier, Ile Verte, Ile Notre Dame, Le Ronde, making up the 710 acre site, now has a distribution system that makes natural gas available to every participant. The areas of Ile Notre Dame, Ile Verte and Ile Helen will contain some 27,000 feet of various size mains, giving a total volume of 375,000 cubic feet per hour. La Ronde, Expo's amusement area will make available 150,000 C F H through about 8,000 feet of piping. The total cost of the Expo owned main distribution system with services is now estimated at over a half million dollars.

Now, three months before Expo 67 opens, Tom Barnes, liaison officer between Quebec Gas Corporation and the Expo committee, reports that natural gas will be used for the bulk of space heating, water heating and cooking at Expo. Estimated figures show natural gas will be used in over 80 per cent of all Expo operated pavilions, 71 per cent of all buildings on the site, and over 90 per cent of all cooking requirements.

All the available land at Expo has been divided into lots; some to be used by participating nations, some for the Expo Theme areas (variations of the theme Man and his World) and some for Expo services and projects. The main entrance to Expo is Rendez-Vous 67 which will consume approximately 7,000 mcf of natural gas for heating, water heating and cooking.

One of the largest single users of natural gas will be the Expo Theme Buildings. With gas-fired duct furnaces incorp-

orated into the honeycombed structure more than 25,000 CFH will be used for all requirements.

## New member openings in the Summerland Guides and Brownies

Recently nine Brownies of the First Summerland Pack, under Brown Owl, Mrs. Naylor, had a full afternoon of travel. First they drove to Munson Mountain to investigate the formation of the Pentiction sign on the side of the mountain. They discovered that it is made of large letters gouged out of the hillside and filled with white pebbles.

They drove on to the base of Apex Mountain for a long hike. The party divided into two groups, one of which climbed to the top of a high hill and was successful in communicating with the other girls below with the aid of a Walkie Talkie, through which they sang "Oh Canada". The girls later joined forces and had a bonfire, over which they cooked their supper. These girls, working toward their Golden Hand, had a most enjoyable outing.

The annual Mother and Daughter banquet will be held on Feb. 21st. It is one of the means by which the girls will celebrate "Thinking Week", which commemorates the joint birthdays of Lord and Lady Baden Powell on Feb. 22nd. It is hoped that it will be an especially successful gathering in this Centennial year. On Feb. 22 too, all Brownies and Guides wear their uniforms as a mark of respect to their founders.

Madam Commissioners, Mrs. M. Laidlaw wishes to draw to the attention of the girls in the community that there are now a few openings for new mem-

bers in both Brownies and Guides.

The aims of Guiding should appeal to many girls. It allows them to form friendships through working together. Guiding trains girls in self reliance, initiative, and resourcefulness. It introduces a wide variety of interests by training girls in many skills. It also provides a very active outdoor programme with many opportunities to explore and travel throughout our beautiful country.

Any girl who is interested should contact Mrs. M. Laidlaw. Her phone number is 494-1485.

### COUNCIL

(continued from Page 1)  
A parking study conducted by the regional planners was presented. It was in the form of a booklet, but Councillor Hill said the "meat" of the brief was to cut the present parking limitations to 40 minutes from the present two hours to get downtown workers off downtown streets. It was tabled for further study.

A by-law controlling the use of lawn and garden sprinkling was given first reading. Control valves will be necessary on the lines.

An area from 6,000 sq. ft. to 14,500 sq. ft., one outlet producing two gallons per minute will be permitted and beyond that area up to half an acre, 4 gallons per min. will be allowed on two outlets. Anything over the half acre would be on irrigation.

There is no restrictions for inside domestic uses.

Powell said this is twice as much as orchardists are allowed to use in their orchards.

## Dogs harassing big game be shot destroyed, advises game branch

Owners of dogs were advised this week that dogs which are found running at large and harassing big game (including deer) may be destroyed by any Conservation Officer or Constable without liability to the officer or the Fish and Wildlife Branch.

Fish and Wildlife officials advise that there have been a number of cases of dogs harassing big game through the Southern Interior.

### Hallquist almost takes out champ's

The Jerry Hallquist rink did not with the B. C. finals in the British Consols competition in Prince George last week, but they almost defeated the Trail rink earlier in the competition.

The winning McGibbon rink had to go an extra end late in the final competition to sideline the Summerland crew who were one of seven non-zone winners to qualify for the finals.

With Hallquist were, Brian Eden third, Teunis Kwak second, and Peter Beulah lead. They played 13 games in the week-long bonspiel.

### Building permits for January

One building permit was issued in Summerland for the month of January, compared to five during January last year for a total of \$1,269. One new residence was authorized.

## THE BEST IN HEATING IS A LENNOX

Natural Gas Furnace Installed by BILL MARLES HEATING

It takes two to bring you the best in home Natural Gas heating. That's why LENNOX and MARLES have combined to bring you the finest in heating with a . . . LENNOX Natural Gas Furnace.

### ONLY LENNOX NATURAL GAS FURNACES BRING YOU

- Rugged baked-on high gloss enamel
- Quiet operation, no vibration
- Heavy steel casing
- Thoroughly insulated
- All automatic controls, motors, nozzles and other fittings are first line products
- Complete clean combustion
- Extra large filters, easily changed
- Sold only through authorized dealers, selected because they know the heating business.

We know that the finest furnace can give its best only when it is properly installed. We stand behind every LENNOX we install. Don't settle for less — buy . . . LENNOX. Sold, installed and serviced by Summerland's foremost heating contractor . . .

Bill Marles Heating  
PHONE 494-3111 — SUMMERLAND

### Recent resident answers last call

Mr. William Charles Forder-Smith passed away in the Summerland General Hospital Feb. 3, at the age of 64. A long-time resident of Creston and Crawford Bay, and recently of North Shore Nelson, Mr. Smith had resided in Summerland for the past six months. He was a member of Wardner Lodge No. 34, AF & AM, and a veteran of World War I.

Surviving are his loving wife, Lois, one daughter (Joan) Mrs. M. Welsh, both of Summerland, five grandchildren, one brother Allan of Nelson, and one sister, Mrs. Walter Schwebb, Salmon Arm.

Funeral services were held Feb. 7 at St. Stephen's Anglican Church, with Rev. Norman Tannar officiating. Interment was in the Anglican Church Cemetery.

Wright's Funeral Home was entrusted with arrangements.

### Hackman rink wins senior curling 'spiel

Harry Hackman of Summerland skipped his rink to the South Okanagan championship on Summerland ice over the weekend in Senior Men's competition with Kolowna, Grand Forks and Penticton. All curlers are over 55 years.

With Harry were Harvey Edon third, Loekie McKilligan second, and Allan Johnston in lead. They won four out of five games to take the honors. They now advance to the Northern zone Feb. 26 with playoffs in Kolowna. Winners there advance to Nelson for the provincial championship March 13 and 14 and on to Montreal later in that month for the Canadian finals.

There are more than 52,000 Reasons why INLAND NATURAL GAS has GOT to be the SAFEST\*

\*52,000 Students Attend 125 Gas Heated Schools in Inland's Service Area

## People who KNOW safety choose NATURAL GAS . . .

### SCHOOLS

More than 52,000 students attend Inland Natural Gas heated schools. Out of 125 schools in Inland's service area, 127 are heated comfortably and safely, thanks to modern natural gas.

### HOSPITALS

Most nurses and doctors work in gas heated hospitals. On Inland's system 94 out of 95 hospitals and many nursing homes, infirmaries and private hospitals rely on Natural Gas for safety, dependability and cleanliness.

### PUBLIC BUILDINGS

Natural gas is the choice of many fire halls as well as other civic, provincial and federal buildings. Numerous public buildings from banks to churches are heated economically with modern, automatic Natural Gas.

Why don't YOU . . . Call your INLAND Office Soon!

Ken Caple, director for the Western division of the C.B.C. was the guest speaker at the annual meeting of the Summerland Chamber of Commerce Thursday evening. Howard Hamilton, President of the Pentiction Chamber is seen left, and Eric Tait, Summerland President, right. Caple is a former Summerland school principal, during the late 20's and 30's.

## First presentation of Queen candidates will be on Saturday

The Summerland Queen Committee are taking the first steps towards the selection of Miss Summerland for 1967 on Saturday.

They will have the Grade 11 girls and their mothers in the Home Ec. room on Saturday morning at 10 a.m. and representatives of the sponsoring clubs will have an opportunity to choose their candidates over a cup of coffee, served by the girls.

There are 48 girls in the class from which the local clubs may choose. No announcements will be made at this gathering.

Summerland Review — 2  
Thursday, February 16, 1967

## Friday proclaimed school holiday

Friday has been proclaimed a holiday for all schools in Canada in commemoration of Sir John A. Macdonald, Father of Confederation, who was prime-minister of Canada from 1865 until his death in 1891, except for the five years Alexander MacKenzie was in power.

The birthdate of Sir John was January 11th, but as this date followed too close to the Christmas vacation the holiday date was moved ahead to this month.

Students in the entire provinces of Canada will observe a day free from the classrooms to celebrate this memorable occasion in centennial year.

## C of C dinner March 1 for initiation

PEACHLAND — The provisional officers elected by the newly-formed Peachland and District Chamber of Commerce on Friday, include: H. Lyon as president; Doug Pitman, 1st v.-president; T. McLaughlan, 2nd v.-president; Mrs. D. Houghtaling, secretary-treasurer.

Directors for various committees are G. Topham, Mrs. L. Ayres, L. V. Kraft, Dr. R. D. Mitchell, Des Careless.

Membership fees will be \$5 for individuals and \$10 for business and professional men.

Membership is open to everyone in the community.

An invitation dinner will be held Wednesday, March 1, at 6 p.m. in the Totem Inn Pioneer room. Tickets will be limited. Speakers have been invited from Vancouver, an official of Brenda Mines, and a member of the B.C. Chamber.

# Summerland in Pentiction Directory

At a meeting between telephone and Summerland officials last week, there was a feeling among Summerland Councillors, that it would be to the advantage of the district, if toll charges were removed, and Summerland be integrated with the Pentiction directory.

The gathering was called due to a change in policy, moving the Summerland headquarters and crew in to the Pentiction office.

Councillor Powell said the municipalities surrounding Vancouver are all in the one book and they could call without long distance charges from one

point to the other. "This is the modern trend, and I think you should consider it," he said.

Plant Superintendent W. Bowes, Vernon, said he didn't think Summerland would want it. "You would lose your identity," he said.

Superintendent S. R. Muirhead said they would like to do it, but it would cost a lot of money. Rates would increase because the capacity of the line would have to be increased. It is their experience, when the toll charge is taken away, the calls increase five times. "This all has to be paid for," he said. They said there was no way

of having toll free calls to Pentiction without Summerland being included in the Pentiction directory.

Joek Johnston said, "A number of years ago, there was talk of doing this, and the Chamber of Commerce and the Municipality fought it tooth and nail."

Reeve Holmes said he was angry when they included the Summerland ads in the Pentiction yellow pages, but agreed that Summerland would eventually become part of the white pages in the Pentiction directory. The only reservation he

had was that the municipality will lose their identity.

Muirhead said they are presently making a study of the Westbank district connecting with Kelowna, but the results will not be out for about a year.

Okanagan Falls, Kaleden and Naramata are toll free to Pentiction, but their rates are greater than that of Summerland.

Powell requested a copy of the rate structure of these points, in relation to Pentiction, and also for the Vancouver and connecting municipalities.

## Recipe for casserole for the Mothers & Daughters banquet

As a public service, we publish the recipe for the casserole mothers are to use for the Mothers and Daughters banquet to be held in the Youth Centre on Tuesday, Feb. 21 at 5:30 p.m.

### CHICKEN CASSEROLE

- 1 three pound chicken
- 2 medium onions
- 2 pounds frozen mixed vegetables
- 1 tin sliced mushrooms drained or one tin of mushroom soup
- 2 tablespoons of butter, flour to thicken, seasoning to taste,
- 1 baking powder biscuit recipe (double amount of shortening) grated cheese

This recipe may be started a day or two before if desired. Simmer chicken with sliced onion until tender. Remove all

meat from bones, cut into chunks, and cover with chicken broth. Cook vegetables and add with juice to chicken mixture. Blend in mushrooms, butter, and seasoning. Add enough flour to make a thin to medium mixture.

Roll out Baking Powdered Biscuit to ¼" thick, sprinkle with grated cheese. Roll up and slice ½" to make pinwheel style biscuits. Bake 35 min. at 425 degrees or until done.

## Regional District of Okanagan-Similkameen

# PUBLIC NOTICE

Public notice is hereby given that pursuant to subsection 7 of section 766 of the "Municipal Act" and at the request of the Regional Board, the Minister of Municipal Affairs intends to recommend to the Lieutenant-Governor in Council the issue of supplementary Letters Patent to the Regional District of Okanagan-Similkameen to provide as follows:-

"The regional district may, with respect to that part of the regional district not within a city, district, town or village, exercise the powers contained in clause (k) and clause (l) of section 870 of the "Municipal Act"."

And further, take notice that clause (k) of section 870 of the "Municipal Act" provides as follows:-

"The Council may by by-law require the owners or occupiers of real property, or their agents, to clear such property of brush, trees, noxious weeds, or other growths; and for providing that in default of such clearing the municipality, by its own workmen and others, may enter and effect such clearing at the expense of the person so defaulting; and for providing that the charges for so doing, if unpaid on the thirty-first day of December in any year, shall be added to and form part of the taxes payable in respect of that real property as taxes in arrear."

And further take notice that clause (l) of section 870 of the Municipal Act" provides as follows:-

"The council may by by-law require owners or occupiers of real property, or their agents, to prevent infestation by caterpillars and other noxious or destructive insects, and to clear such property of caterpillars and other noxious or destructive insects; and for providing that in default of destruction and clearing the municipality, by its workmen and others, may enter and effect such destruction and clearing at the expense of the person so defaulting; and for providing that the charges for so doing if unpaid on the thirty-first day of December in any year, shall be added to and form part of the taxes payable in respect of that real property as taxes in arrear."

Anyone wishing further information should contact the Planning Director, Regional District of Okanagan-Similkameen, 3-376 Main St., Pentiction, or the Minister of Municipal Affairs, Parliament Buildings, Victoria, B.C., not later than March 31, 1967.

DATED AT PENTICTON, B.C., THIS 9th DAY OF FEBRUARY, 1967.

"F. CROMPTON

Acting Secretary- Treasurer

## TEEN PULSE

By GORDON STENNER

Dear Gordy: Some Kids at our school take L.S.D. Are you for it? If not, why not?

—HIGH SCHOOLER.  
Dear High: The L.S.D. drug is termed a "psychedelic". This word means "mind-revealing, or consciousness - expanding". One has stated, "To sink in hell or soar angelic, you need a pinch of psychedelic."

Hippies and pushers promise a spanking "new world" of flashing lights, colorful patterns, vivid past memories, and identity.

A "trip" to this fabulous land for a dollar's worth of impregnated sugar cube, sounds pretty exciting to the uninformed.

While it MAY be possible to assist the alcoholic, psychotic, or hardened criminal through strict clinical use, it is far more probable to cause temporary insanity in most normal young people and adults, and often a profound desire to commit suicide.

To take L.S.D. is an absolute gamble with the unknown. For teens, it becomes just another escape from reality.

In this, L.S.D. and alcohol are relatives. They are both DRUGS!

Two thousand years ago, in the city of Galatia, people were taking drugs. And St. Paul wrote a letter to them.

He spoke of idol worship, impurity and witchcraft. He lumped them all in the same basket of "lack of control" sins.

"Witchcraft", according to historians, involved the use of any kind of drug with the power to "charm or fascinate". It also referred to the use of magic and sorcery.

Christ commands us to control our minds and bodies. He has given his wonderful Spirit to enable us to do so.

It is deeply thrilling to know that The Saviour can more than satisfy us. He is the savior of reality!

Teens who 'experiment' with Him, will find a lasting thrill!

## The real problem -- Skipped

Woa — let's not get our motors running too fast.

At a meeting with officials of the Okanagan Telephone Company last week, there were a surprising number of Summerland officials wanting to have us included in the Pentiction Telephone Directory.

We are not part of Pentiction yet — and it will take a lot of dirt and rock moving before we are. Smaller centres have a tough enough time keeping their name "on the map" so to speak, without stepping out and requesting it.

What kind of an impression would a prospective resident, manufacturer or industrialist have of Summerland if they were to see "For Summerland see Pentiction" when they want to call the Chamber of Commerce. Someone told them there was almost 5,000 people here. This they would question.

We are not in the same situation as Vancouver and bordering municipalities — their boundaries are almost co-terminous — it's difficult to see where Vancouver stops and neighboring municipalities begin. And their rates are higher.

It was said by Summerland officials, it was the modern trend. In these days of rising costs, the only trend that is modern is the one that is economical and still pro-

vides good service.

Telephone head, S.B. Muirhead said the amalgamation would cost the subscriber more money — so that kicks the economic angle out the window.

The advantage will only be to the businessman and a few private subscribers who call Pentiction a few times a day, but it will cost the average subscriber more according to Muirhead.

In a nutshell, private telephones will subsidize the business phones. Someone must pay the piper — like Muirhead said "You get something for nothing".

As far as service is concerned, having our name in the Pentiction book will not change that situation. Where service should be improved, is on our party lines. Cut the number on these lines in half and we would be doing something. No doubt this would mean more equipment and a bigger telephone bill — but we have little doubt that the subscriber would go for this.

This was mentioned at this meeting, but no answer was sought. This is our real problem. If you are on a party line you will know what we are talking about. Sometimes you wonder if the telephone is nothing but an ornament for everyone but you to talk through.

## Give from the heart... for the heart

February is "HEART MONTH" and people are being asked to not only take it to heart but give from the heart for the heart.

The B.C. Heart Foundation is conducting a drive for funds to carry on its vitally important and many projects connected with the research into the causes and cures of cardiovascular diseases.

The importance of this appeal may be judged by the annual toll of heart disease in Canada. In Canada 51 percent of all death is due to heart disease — the number one killer in our nation.

More than a million and a half Canadians, including 60,000 children, are affected with some form of the disease.

Despite this toll, research has paid tremendous dividends in the form of open heart surgery, new drugs, better diagnosis and treatment, and amazing advances in the rehabilitation of heart patients.

Still further advances will be made if we maintain the excellent research program now being financed by the Heart Foundation.

The goal for 1967 in B.C. is \$295,000. This can be reached by generous "giving from the heart from the heart."

## FROM OUR FILES...

### 41 YEARS AGO

Mr. H. McWilliams arrived in Summerland last Saturday and is a guest of Mr. D. Keen.

Miss Jessie Moffatt left on Tuesday morning for Neville, Sask. where she will teach in the public school.

Mr. C. A. Walter went out on Tuesday on a business trip to Calgary and Edmonton.

W. T. Hunter arrived home Thursday morning from Vancouver.

Mr. O. G. Smith went up to Armstrong on Saturday returning home on Monday.

Miss Laura McLachlan and Miss Eva Johnston are leaving next Tuesday to commence training at the Jubilee Hospital at Victoria.

### 42 YEARS AGO

C. M. Bender is leaving this week on a visit to Vancouver and the Fraser Valley.

Miss Pollock went out on Sunday's noon train, to visit her sister Mrs. A. H. Baker, at Terrace, B.C.

Miss Marjorie Beavis, of Kelowna school staff, spent last weekend at her home here. Gasoline is again selling at thirty-eight cents following a cut of short duration to thirty-five cents.

Miss Doris Jackson returned Tuesday morning from Nelson, where she has been attending school.

Miss Reeta Bender left on Tuesday morning for Edmonton where she plans taking up commercial work.

### BRIDGE RESULTS

Nine tables took part in the Thursday night Bridge play in Pentiction. Here are the results.

North-South: 1. Frank Brodie and Dunc. Morgan; 2. Jack Garraway and Wilf Evans; 3. and 4. Bill Hepperle and Fred Evans; Ray Stewart and E. Field;

East-West: 1. Stan Fuller and Mitch Hodge (Vancouver); 2. Muriel Osborne and Vicki Gibb; 3. Mr. and Mrs. Ed. M. A. y.; 4. Jean Bennet and Joan Grimsdick.

In the Unit Monthly Master Point Nights held in Kamloops on Sunday, Feb. 12, the results were as follows:

Green: tied for first and second were Mr. and Mrs. R. A. y Stewart (Pentiction); Gordon Hepperle (S'land) and Mrs. Edna Hall (Pont.); 3. Mrs. C. R. McLeod and Mrs. K. R. MacDonald (Kamloops);

East-West: 1. A. Lampman and D. Lions (Kamloops); 2. Curtis Lope and Miss Toni d'Alpo; 3. Gil Sollner and Brian Camp RED

North-South: 1. Wilf Evans and Jack Garraway (S'land and Peachland); 2. and 3. Dr. and Mrs. H. E. Hamer (Revelstoke); Mr. and Mrs. Ron Corbet (Vernon);

East-West: 1. Mr. and Mrs. Don Conti (Kamloops); 2. Mr. and Mrs. H. Boarsto (Vernon); 3. Mrs. M. K. McRae and Miss Jean Bennet;

Eight tables took part in the Monday night Bridge play for Master Points, in Summerland.

North-South: 1. Frank Brodie and Ray Stewart; 2. Mr. and Mrs. Dennis Purcell; 3. and 4. Gordon Hepperle and Mrs. V. Crosby; Bill Hepperle and Don Phelps.

East-West: 1. Mrs. McRae and Mrs. M. Berry; 2. V. Andrew and Ray Crosby; 3. Bill Mackclaine and Lloyd Johnston.

### LET'S GET NEWSY...

Chas. Bernhardt is in Ottawa Mr. and Mrs. R. D. White at this week attending a meeting of the Teachers' Convention of the Canadian Horticultural in Vernon Friday and Saturday.

# Okanagan Regional College chairman is re-elected

The charter chairman of the Okanagan Regional College was re-elected at their February meeting held in Kelowna Monday evening.

Frank Venables, Oliver, was given the vote of confidence and to assist him will be Chas. Finch, Keremeos who was elected vice-chairman.

Venables thanked the directors for the support in the past and for his re-election. He recognized the fact that there are differences among us, but they should be able to be ironed out.

College president Norman Walker was not present. He was involved in a car accident last weekend and was hospitalized.

A. D. Green, Salmon Arm, stressed that sketch plans will be necessary previous to the next referendum. These are now being insisted upon by the federal government, before grants will be released. Previous to the past referendum, only an "educated guess" was made, and accepted at Ottawa. Since then there has been a change in policy.

In order to do this, architects plans would be necessary, half of which was budgeted for in the 1967 budget, but the balance would mean deficit financing which would be considered in the 1968 budget.

If the next referendum passes, this would be included in capital expenses and taken up by this means. If it failed, it would be picked up by the participating school districts.

Alderman and school trustee A. C. Mickelson, Vernon and E. Dixon of Armstrong, voted for the expenditures already budgeted for, but had reservations about the balance.

Mickelson said he represented an area that voted 85 per cent against the referendum the last time, so he did not feel he could vote in favor of this motion. Dixon agreed.

Mickelson said it was thrown out due to lack of information, not that they did not want a college.

Pentiction School Board chairman Chas. Tyndall, attended the meeting and agreed with Mickelson.

Pentiction trustee, Avery King said "Pentiction did not vote against the concept of a college. It was lack of information that killed it".

Referring to the Armstrong and Vernon directors he said, "Now is the time to go ahead with courage. Get the facts and figures and put them before the people."

Director Dr. J. Miltimore asked how much of the architect's fees would be "down the drain" if the site were changed.

Architects in attendance said one-third of the first stage and half of the second would be lost. Sketch plan fees amount to \$52,000, which is 1.6 percent of the total.

No indication of a site change was shown, but if it was changed, the council would be forced to start again at the plebiscite stage.

At one stage, Green from Sal-

mon Arm said, "It looks like the college should be built among the four school districts from Kelowna south and forget about it". Green is the head of the building committee, and recommended the plan to go ahead with sketch plans be accepted.

A vote, taken to table the plan to go ahead with the second phase of sketch plans until the next meeting which was deadlocked. Chairman Venables voted with the motion.

The 1966 financial statement was presented. This will not be published in regional papers, but will be made available to the public at school district offices.

Excess of expenditures over revenue amounted to \$9,759.92.

A financing formula will now be studied by financial advisors from Pentiction, Vernon and Kelowna as well as the secretary-treasurer of these school districts and President Walker.

A later meeting will be called inviting mayors and Chamber of Commerce presidents in the valley.

## Telephone Service change

A new plan to effect economies in operation, and provide improved attention to service requirements will become effective immediately.

Customers are being provided with a list of telephone numbers to be used when there is a requirement for service, whether it be information, assistance, repairs or applications for installations, moves or changes. This information to customers will be forwarded together with monthly accounts, on or about Thursday, Feb. 16th.

Calls to the telephone numbers indicated will be FREE, and it is anticipated that proper usage will bring improved results.

## Valentine theme at W.I. gathering

A Valentine party was enjoyed by the members and guests of the Women's Institute following the regular meeting on Friday afternoon. Three games were played and the winners received prizes.

Hearts and flowers decorated the hall and added to the gaiety. Since this party was celebrating the founding of the Women's Institute a decorated cake bore the dates 1897-1967. Among the guests were Mrs. R. C. Palmer and Miss Corinne Matheson of Kelowna.

During the business meeting the president, Mrs. W. S. Rothwell was in the chair and welcomed the 27 members and all guests. The secretary, Mrs. E. O. White read a number of cards of thanks from members who had received a card, a greeting from Mrs. Frank Hunter, vacationing in California and a letter of thanks from the Solarium for used postage stamps.

Many lovely, useful articles were brought to the meeting for the Unitarian Service Committee. Anyone wishing to sew or knit for the U.S.C. may call Miss Ruth Dale for information.

Pennies for Friendship were collected and will go to support the work of the Associated Country Women of the World.

The next meeting will be held March 10th when the program will be in charge of the Health and Welfare Committee, Mrs. Eric Tait and Mrs. E. Kinzig. Guest speaker will be Mrs. Anna Mason of Pentiction, Senior Public Health Nurse of the South Okanagan.

## Exhibition of artistic photography by Art Club

In the Summerland Public Library starting Feb. 20, will be shown the "Photographs of Henry Kalen".

In this exhibition Henry Kalen, well known in Canada and U.S.A. for his outstanding Architectural Photography, show photographs of a personal creative nature in which he captures a moment of beauty of form and colour in nature, man made objects or a combination of both, making us aware of the richness of pattern, shape and colour in our surroundings. Mr. Kalen was born in Win-

ipeg in 1928. He has a Bachelor of Architecture degree from the University of Manitoba and has studied Art in the Institute of Design in Chicago. A group of his works was shown at the International Photographic Exhibition in New York in 1965. In 1966 he has had a one-man show in the School of Art at the University of Manitoba and a one-man show in the Fleet Gallery in Winnipeg.

This exhibition is the third of a group of showings brought to you by the Summerland Art Club as members of the Western Canada Art Circuit.

## NOTICE

Owners of dogs take notice that from March 1st, 1967 to April 30th, 1967 in that area of the Okanagan watershed lying between a line drawn East and West through Peachland and the 49th Parallel any Conservation Officer or Constable without liability may destroy any dog found running at large and harassing big game (deer)

Thursday, Feb. 16, the Summerland Secondary School will be the scene of the second Sweetheart Ball, sponsored by the school's Key Club. The dance is open to all SSS students and their guests. At the dance the announcement will be made of the choice for the Secondary School Sweetheart for 1967 and five grade 8 girls are vying for the title. Each of

the five junior girls' divisions has elected one Grade 8 girl to represent the division as a candidate.

As well as the popular band "The Ruins" which will be playing most of the night, the '67 edition of the school dance band, under the direction of Mr. Grinder, will also present a few numbers.

**Bantams win over Grand Forks Sunday afternoon**

(Held over from last week)  
By Ron Kostelnik

In exhibition hockey action against visiting Kelowna House League, Summerland Midgets played to a 6-6 tie. The score was 1-1 in the first as Greg Murphy, unassisted, scored at the 15:09 mark. In the second, Jim Jenner scored twice and Jim Campbell assisted by Dave Hill got a single for Summerland. On Jenner's first goal, Murray Keating and Brock Lucier drew assists. Keating and Garth Sherwood got the assists on Jenner's second.

In the third, Lucier, from Jenner, and Hill, from Campbell, accounted for Summerland's scoring. Glen Wertz was in goal for Summerland, and Tim MacDonald for the visitors.

The BANTOMS won a game (9-7) with Grand Forks at the Arena on Sunday afternoon. Grand Forks took a 2-1 first period lead on goals by Androssoff and Strukoff. Ed Mayert netted the only reply for Summerland with Ray Lenzi getting the assist.

In the second, Summerland outscored Grand Forks 5-1. Mayert, from Jack Bullock; Evans, from Dave Gartrell; Gord Glebbe, from Bullock; Jack Johnson, from Ken Haddrell; and Doug Nield accounted for the Summerland scoring. McParlon replied for the visitors. In the third, Grand Forks

outscored Summerland 4-3. Doug Forester, from Bart Stevenson; Mayert, from Bullock;

**Orchardist passes at the age of 61 years**

Roy S. Kita passed away in Penticton General Hospital on February 14th at the age of 61 years. Born in Kagoshima, Japan, he operated a business in Vancouver for 10 years prior to coming to Summerland, where he was an orchardist.

Surviving are his loving wife Miya, two daughters, (Francis), Mrs. Garry Buchanan, Vancouver, Helen at U.B.C.; one son, Stanley at home; parents Mr. and Mrs. Q. Kita, Summerland; one sister, Mary Sakae Kita; 3 brothers, Min, Summerland; Kiroshi, Montreal; Dr. Edward Kita, Richmond. He was predeceased by two brothers, Eric in 1946, and Alfred in 1948.

Prayers were held at the family home Wednesday evening. Funeral services will be held from the Summerland United Church this afternoon at 3 o'clock with Rev. P.K. Louie, and Rev. Harms of Kelowna, officiating. Interment will be in the Peach Orchard Cemetery. Wright's Funeral Home has been entrusted with arrangements.

Hunt for 1/2 Price Family Footwear

**Funeral for Mrs. Roy**  
Mrs. Ella Mae Angus, 68, beloved wife of Mr. Roy Angus of Summerland passed away suddenly in the Summerland Hospital on February 14.

A resident of Summerland for the past 26 years, she was born in Mansfield, Mass.

She was a nursing graduate of the Boston Children's Hospital, served with the Victorian Order of Nurses, Vancouver and in the Panama Canal zone. She was with the Red Cross in France during World War I.

Besides her loving husband, Roy, she is survived by one daughter, Jean Angus, Calgary, one brother, F. L. McCool, Ft. Lauderdale, Florida; one sister Alice McCool of South Hadley, Mass.

She was predeceased by a daughter Nancy in 1949. Funeral services will be held from the Summerland United

**Angus tomorrow**  
Church on Friday, Feb. 17 at 2:30 p.m. with Rev. Phillip K. Louie officiating. Interment to be in Peach Orchard Cemetery. Wright's Funeral Home has been entrusted with arrangements.

**A Christian Message**

Meaningful words  
By Rev. Norman Tanner

In this troubled world there is too much biased nationalism and narrow prejudiced racism. Originally this was not so in the ancient world and early Christian culture.

Into the New Testament came words from other cultures. F r o m the Hebrew, Shalom, w h i c h meant reconciliation, freedom and hope, translated Peace; from the Greek, Kyrios, which meant commander - in - chief, translated Lord; f r o m the Latin, sacrae, which meant the oath a Roman soldier took to obey his emperor, translated sacrament; and paganus, which meant one not in military service, a civilian, translated pagan.

In the New Testament the illustration of the soldier and military life is often used to describe the life of the Christian in the world. Read Ephesian 6:10-20. Putting on the full armour of God, the Christian soldier was to be shod with the preparation of the Gospel of Shalom (Peace). On entering this army of believers he made his sacrament (oath) to his Kyrios (Lord). Sacrament was eventually to be applied to the rite of Baptism which was the pledge of the Christian soldier to serve his commander, Jesus, the Lord. The pagani were the ones that did not join the army of believers, they were like civilians and hence pagans.

How different we use these words today! During this season of Lent, which comes from an old English root word meaning 'lengthen' and hence 'the time of lengthening days' or spring, may we use the Word of God to dispel all prejudice and biasness.

Some borrowed texts not in the Bible: "Vacant minds like vacant lots usually become a dumping ground for rubbish. No BRAIN is stronger than its weakest THINK."

**THE CORPORATION OF THE DISTRICT OF SUMMERLAND**

**Re: Flow Control Valves**

By-law No. 1074, regulating the use of irrigation water and the use of flow control valves is now in full force.

Clause Six (6) provides that where a springler irrigation system is used, every sprinkler head must be controlled by an approved flow control regulator; unless written permission has been received from the Municipal Council granting an exemption.

Growers are again reminded to order their flow control valves immediately so that the packing houses may have their orders delivered before May 1st.

Flow control valve regulations will be enforced this year, commencing May first, be sure your sprinkler equipment is equipped with flow control valves. Contact your packing house manager immediately.

"G. D. Smith",  
Municipal Clerk.

## NOTICES

### ENGAGEMENT

Mr. and Mrs. J. S. Peake of North Kamloops, B.C. are pleased to announce the engagement of their daughter, Sandra Jayne to Mr. Maurice Arthur Braniff, son of Mr. and Mrs. G. T. Braniff of Summerland, B. C. The wedding is to take place on Saturday, March 25 in the Mount Paul United Church in North Kamloops, B.C. 3c1

## Records broken at Summerland Library during January

Circulation of books at the Summerland branch of the Okanagan Regional Library in January surpassed any previous month since its opening.

Librarian Mrs. A. J. Dunsdon said figures reached a total of \$,069 compared to 2,838 for the same month a year ago.

Broken down into categories, she said there were 647 adult non-fiction books taken out and 1,713 fiction. In the junior section there were 709 books borrowed in the month.

A lot of new fiction books for adults have been brought in recently, she said, and this may account for at least part of the increase.

New shelves are being built and will give much more space for children's books. Mrs. Dunsdon said a quantity of new children's books has been ordered, to be available when the shelves are completed.

The exhibition of Toni Onley paintings now on display in the library will continue for one

## NOTICE

PROVINCE OF BRITISH COLUMBIA DEPARTMENT OF HIGHWAYS SOUTH OKANAGAN ELECTORAL DISTRICT ADVANCE WARNING OF LOAD RESTRICTIONS ON HIGHWAYS

During the spring break-up it will very likely be necessary to impose load restrictions on some roads, pursuant to Section 199 of the Motor Vehicle Act and Section 27 of the Highway Act. These restrictions may be imposed on short notice, and trucking and transportation companies should govern themselves accordingly, and are requested to take advantage of the present road conditions.

The restrictions will limit the axle loads of trucks and buses.

Vehicles with solid tires will be prohibited from using the Highways.

Your co-operation in the protection and elimination of damage to all roads would be appreciated.

A. L. FREEBAIRN, P. Eng. District Engineer

Court House, Kelowna, B. C. February 6, 1967. 3c1

## Deer killed by car north of Summerland

On Feb. 3 at 7 a.m. north of the Greta Ranch on Highway No. 97, an accident occurred when a car driven by R. Knol of Penticton struck a deer. Damages amounted to \$250 and there were no injuries or charges.

On Feb. 7, Robert E. MacDonald of Summerland appeared before Magistrate R. Johnston and pleaded guilty to a charge of driving without due care and attention. He was fined \$50 and his driver's license was suspended for 60 days. The charge arose from an accident Jan. 7 on Lakeshore Dr.

On Saturday, Frank Miller of no fixed address appeared before Magistrate Jennings in Penticton and pleaded guilty to a charge of being intoxicated in a public place. He was fined \$10 or in default 15 days.

Also appearing before Magistrate Jennings on Saturday in Penticton was Sandy W. Sands of Victoria. He pleaded guilty to a charge of causing a disturbance in a public place. He was fined \$100 or in default one month. The charge arose from an incident at the Bay View Motel in Peachland.

ance of Summerland Sweets Syrups and coffee. The purpose of the supper was to assist with the lodges hospital project and it was financially rewarding. Our thanks to all those who worked so hard and to the Elks lodge for the use of their grids.

## Roy Bertram Trail Rider President

The annual meeting of the Summerland Trail Riders was held on Thursday, Feb. 9 at the home of the Byes.

There were sixty people in attendance. The activities of

the past year were discussed and it was decided that 1966 was a very successful year of the Trail Riders.

The following officers were elected for 1967:

Roy Bertram, president; Bud Bye, vice-president; Dora Molllet, secretary; Agatha Lottis, treasurer; directors: Ken Dunsdon, Charlie Letts, Alice Bye, and Madeline Molllet;

Bev Bye, reporter; Monica Schaefer and Helen Charlmers, telephone committee; E t h e l Head, social convener; Steve Dunsdon, trail master;

Delegates to O.L.I.A. will be Roy Bertram, Roy Potter, Joe Oliver and Bud Bye.

The Trail Riders would like to welcome the Bennett family and Barry Derosier as new members to the club.

After the meeting, films of trail rides and horse shows were shown by Steve Dunsdon. Coffee and cake were enjoyed by all those present.

The Riders are planning an active and interesting year.

# Rockets new south Okanagan champs

**By Ron Kostelnik**  
In Senior Boys basketball action on Saturday, the Summerland Rockets won the South Okanagan playoffs and Princeton for the girls. The action was in Summerland.

The Rockets had an easy time in defeating Keremeos 44 to 29. They trailed only once, early in the game but after the first quarter were in command all the way.

They held a 25-12 half-time lead and coasted from there. Harris, with 10, and Pettypiece, with 7, led Keremeos while for the Rockets Gerry aMrsh had 8; Ron Taylor and Gord Lackey 6; Art Bolton 5; Ron Mayne and Don Johnson 4; Colley Eaton 3; Ken Madsen, Phil McMechan, Bill Fitzpatrick, and Rod Akitt 2.

Princeton beat Penticton 46-41 in the other semi-final. Two key men for Penticton, Lawrence Isaac who fouled out, and Bill Leighton, who had a bad game, made the difference.

In the final, Summerland led all the way in upsetting Princeton, who had been undefeated in nine previous league games.

playoff games, 62-59. The turning point was when the Rockets took a 25-17 lead in the second quarter and maintained that margin throughout the rest of the game. Trailing 46-38 after three quarters, Princeton put the pressure on and had narrowed the score to 56-55 with 2:20 left when Taylor made it 58-55. Colley Eaton sunk a basket to make the score 60-57 and Bill Fitzpatrick two foul shots, rounded out the scoring. The Rockets played a great defensive game, especially Ron Mayne.

For the Rockets, Eaton had 16; Fitzpatrick 15; Taylor 13; Marsh 11; Johnson 4; Mayne 2; Bolton 1. Costa had 17 for the Princeton team.

The Rockets travel to Rutland Saturday to take on the winners of the Northern and Central Zones.

**THE ROCKETTES**, however, were beaten 14-10 by Princeton in the championship girls game. The Rockettes won 20-14 from Pen-Hi in their first game, holding on to a 10-5 half-time lead. Bea Young led the attack with

## Fruit Stands Assn. report good year

8 points; Ghina Storey had 5; Katy Evans 4; and Bev Bye 3.

Princeton won their first game 27-19 over Keremeos. They overcame a 13-9 halftime deficit and put the game on ice by outscoring Keremeos 9-2 in the last quarter. Biagioni, with 7, was high scorer. For the losers, it was Ritchie with 5.

In the championship game, Princeton held a 7-6 halftime lead and increased to 14-10 at the end of the game. Had the Rockettes played their normal game they would have won hands down. For Summerland, Bev Bye and Ghina Storey had five. For Princeton, Brown led with six.

The Rockettes' final record for the season is 5 wins and 3 losses.

B. C. Interior Fruit Stands Association held a well-attended annual meeting at Penticton recently when several local operators were in attendance. It was disclosed by the B. C. Fruit Board inspectors that the produce sold on the stands was found to be of good quality and maturity. Although higher prices paid to the growers were reflected in increased retail prices, sales were generally good and produce well received by both the travelling and local public. With a one-year term to run on the board of directors are A. Campbell of Penticton, B. W. Menden of Keremeos, T. H. Holler of Summerland, T. O. N. Grywackeski of Vernon, and R. Stevens of Westbank.

**CABLES BURIED**

## Peachland news Roundup

### By BRENDA DAVIES

**PEACHLAND** — Mrs. R. D. Mitchell entertained the ladies of the United Church Women at their monthly meeting by showing beautiful slides of Scotland. A tea and bake sale will be held Feb. 24 in the Legion Hall at 2:30 p.m. All welcome.

**THE LADIES CURLING** bonspiel cancelled last week has been rescheduled for Friday, Saturday and Sunday, Feb. 17-19. A social event on the program will be a coffee party on Friday morning and banquet in the Legion Hall Saturday night.

**FRIENDS** of L. B. MacPherson will be glad to hear that Lorne is much improved. Kay MacPherson has returned from the coast.

Our Centennial chairman has

a problem! Ivor Jackson has mislaid a document. Several years ago he wrote the history of Peachland's municipal council, of which there are only 3 copies in existence—one in Victoria, one at the municipal office and his own. The latter he loaned to someone about six months ago. Will this person please return the copy to Ivor, as it is needed for reference in Centennial events.

Order at Summerland Review

# Inland makes application to supply gas in Peachland

By BRENDA DAVIES  
PEACHLAND — Attending last week's council meeting were D. G. Pratt, the Kelowna manager of Inland Natural Gas Co., R. E. Kadlec, chief engineer and J. B. Barker, district engineer. The company has applied for a certificate of Public Service and Necessity to supply natural gas to the municipality, and came to ask support. The gas would come via Summerland. Council voted to support the application.

the Regional Planning Board budget will be \$479.82. Last year's surplus was returned to the participants. The Council adopted the report. By-law No. 422, the dedication of Minto Street, was approved.

Beach Ave. past the school will be posted as a 20 m.p.h. zone.

An estimate to be obtained from Hirtle & Sparks on cost of drawing up a plan of domestic water lines is to be made. The request was made by the bailiff, George Smith.

Councillor Clements reported that the work on Ellison Ave. is completed for now but more may be done on this later.

A plan submitted by F. Topham, jr., asking for closure of a road which is not in use and transferring to the municipality, the road allowance now being used. Approval in principle was given.

R. C. Seed's agreement with Council to take water from the domestic water system was discussed and council decided to charge 20 cents per thousand gallons at the meter, with a minimum of \$4.50 per month. An annual "review of weights" clause will be added.

A letter from A. and J. Coldham, Trepanier, was read requesting that the municipal road adjoining their property be reviewed and brought up to the same condition as before water pipes were laid. Roads chairman Councillor Clements stated that this was the responsibility of R. C. Seed, and that he would look into the matter.

A letter from the chairman of the Centennial Committee, Ivor Jackson requested approval of the appointment of Mr. J. Norman Pratt, L. Kraft, and G. Topham, to the Centennial Committee. Approval was given.

A letter was read from J. K.

Todd, Trepanier, asking that brush on his property be removed, stating that it is a fire hazard. Councillor Elstone will look into it.

Council discussed the collecting in the Municipal Office of accounts for both B. C. Hydro and the Okanagan Telephone Co. The office staff claims that it takes approximately 2 hours per day and the money received by the municipality is not enough to cover costs. Letters will be sent to the companies asking for a substantial increase, otherwise Council may discontinue the service.

Councillor Clements presented a list of old-time residents of

## Summerland oldtimer dies at Salmon Arm

Word was received last week of the passing of the late Mrs. Mary B. Barnes, 94, of Salmon Arm. Mrs. Barnes was a resident of Summerland for 33 years before moving to Salmon Arm in 1947. Born in North London, England, Jan. 21, 1873, she came to Canada 54 years ago.

Mrs. Barnes played a very active part in the Anglican Church. She is survived by two daughters, Mrs. J. R. Graham, Salmon Arm, and Mrs. N. S. Lockyer, Victoria. There are seven grandchildren and seven great-grandchildren.

Funeral services were conducted Feb. 15th in St. John's Church, Salmon Arm. Burial took place in Mt. Ida Cemetery.

HUNT FOR  
1/2 PRICE FLATS

The pin-up boy from Peachland this week is Carl Mack whose claim to fame is he can grow a better crop of hair on his face than on his head. Below are some curling chickens, complete with bands who will be taking part in the Peachland ladies bonspiel this weekend. These particular chickens are banded with their Centennial Garters, What a ladies bonspiel without a few roosters around — so here they are — bantam roosters with grey and white trim

## Peachland Fall Fair Committee get arrangements into gear

PEACHLAND — 1967 is the Golden Jubilee of the Peachland Fall Fair, J. Hinter, president, disclosed at last week's annual meeting. The business meeting was preceded by a pot-luck supper for all members.

E. Sanders, treasurer reported that about \$50 more was in a bank account than last year. Mrs. J. Hinter, chairman of the Christmas Concert Committee reported a successful concert. A vote of thanks was given to Mrs. E. Sutherland, secretary, for all her work during the past year for for loan of her home for committee meetings.

Ivor Jackson took the chair for the election of officers. Officers are: Kurt Domi, president; Mary Smith, vice-president; Betty Sutherland, secretary; Mrs. J. Hinter, assistant secretary; E. Saunders, treasurer.

craft and ceramics. A chairman of the fruit section will be appointed at the next meeting. The Teen section will be discontinued and the junior section will be headed by Mrs. E. Neil.

Directors will be Mrs. W. Wilson, Mrs. Ivor Jackson, Mrs. J. R. Davies, Mrs. V. Cousins, Mrs. S. MacNeill and past president J. Hinter.

President Domi took the chair and offered a vote of thanks to the retiring chairman.

I. Jackson offered to mark all new chairs in the Athletic Hall.

Mrs. L. Ayres was appointed chairman of a committee to revise this year's Fair list. Each chairman of a section will participate on this committee, with a full list of changes to be available at the next meeting, which will be held at the home of Mrs. E. Sutherland, Vernon Ave., at 8 p.m., March 2nd.

## Peachland teentown announce sweetheart

PEACHLAND — The Legion Hall was decorated in the traditional Valentine theme for a Teen Town Sweetheart Tea on Friday. The seven contestants serving tea to those present included Twyla Brooks, Donna Lingor, Nancy Liston, Yvonne Smalls, Beverly Spackman, Pat Ushor and Deloris Wiberg.

Each girl gave a brief talk outlining her personal interests — which were well delivered.

It was disclosed that the judges for the contest had been Reeve H. Thwait, Ivor Jackson, Mrs. V. Cousins, Mrs. G. Smith and Mrs. E. Chisholm.

The Sweetheart will be announced at the dance in the Athletic Hall Saturday night.

Winner of the door prize, a cake plate, was Mrs. H. Wiberg.

## Second cable T.V. applicant assures council good service

The second firm wishing to supply cable television to Summerland residents was represented at the council meeting Tuesday night.

The owners of K-Tel Company, Vancouver, S. W. Witwicki and Jas. Stoddart said if their application was approved, they would immediately start to make a survey of the area, and guaranteed service to Summerland within the year. If their federal license came through in good time, it could be possible they would be ready to operate this summer.

Witwicki said they will not ask the subscribers for a n y payment until the installation was made, and they were satisfied with the picture they receive. He said they would bring in a good picture.

"Some signals in Pentiction are snowy I understand. This will not be the case here."

He said the hook-up charge would vary, depending how far they had to go off their main lines running down the streets, but there would be a minimum charge.

The charge would be determined by the number of subscribers they get. Some places would require 200 to 300 feet which would cost more than those on the main line. He estimated the average would be about \$50 but each would be charged according to conditions.

He estimated they would have about 500 hooked-up in two years. The installation cost will run about \$75,000. Stoddart and Witwicki have been connected with the Vancouver cable office for a number of years. The promised to purchase the best equipment available.

The two owners will install and operate the system themselves. If their application is accepted, they will move to Summerland.

Council feel they have a tough job to choose between the two T.V. suppliers. Summerland Video Ltd. made application last week.

They are now asking for proof of financial responsibility from the two firms. They said they must know that the people who get the franchise will be able to carry out their obligations.

**FM RADIO SIGNALS TOO**  
They will carry the A B C, NBC, CBS, and CBC channels and three FM radio stations—two of which will be from Spokane and one from Pentiction.

### Son to come to rescue of father

(Editor's note: The writer makes reference to the picture the Review published of his father from Peachland, who displayed his centennial beard in the issue of Feb. 9.)

Editor, Summerland Review, Sir:

With reference to the attached photo, I must admit that this is my father and we regret that he has been let run loose in your area these past months.

Up to now he has been quite harmless and I think that a kind word and the odd cool glass of beer will keep him quiet until we are able to get out to pick him up.

We will be out at the earliest possible date. Hoping that you can keep things under control.

Yours truly,  
C. A. BISSETT,  
Calgary, Alberta.

## Council not pleased with new telephone directory

The fact that Okanagan Telephone Company did not include the new streets and avenues in the new telephone book released this week drew plenty of fire from the municipal councilors at their meeting Tuesday.

Clerk Gordon Smith was under the impression that the telephone company would not make any changes in the addresses on the listings except where they have had a request for a change in service.

"This will take years", Councillor Hill said, "to make the complete change if that is their policy."

"This only adds to the existing confusion", Councillor Barkwill stated.

"I think we should register a strong protest", Hill demanded. Smith was requested to write a letter of protest to the telephone company.

Acting-Reeve Jas. Schaeffer was in the chair in the absence of Reeve Holmes.

### In other council news:

The request from the Summerland Centennial Commission to have the Japanese Lantern placed on the grounds of the new hospital was agreed upon by council, subject to the approval of the Hospital Board. Mr. Stapleford requested rezoning and subdividing the property adjacent to the old Rowcliffe Cannery. They plan to build six low-rental duplexes between the cannery and Garnett Valley Road.

He was informed he would have to go through the planning commission. As it stands, that area is zoned agricultural. He was told to discuss it with the building inspector and the regional planner. They are presently having blueprints made of the buildings. They will be two and three bedroom units.

### THANKS TO PENTICTON

Works Superintendent Ken Blagborne had words of praise for the Pentiction council for allowing them to rent their street sweeper for 10 hours this week. The main portion of town had a street cleaning on Monday—from Jubilee to Solly.

Blagborne reported on a meeting he attended in Lethbridge during the weekend of the Western Canadian Conservation Reclamation Association. He is a director of that organization.

He said he gained a new knowledge about the A R D A program, and said B.C. is ahead of Alberta in going ahead with projects. He said they are still in the feasibility studies stage in Alberta.

They are asking for a water study and in inventory of land and uses that water may be put to on the land.

He said their organization is very active in the four western provinces and thought arrangements would be made to bring national scope to the organization in the near future.

The Chamber of Commerce will be requested to arrange to have the signs at the south and north entrances to Summerland on Highway 97 repaired. They are the signs indicating the service clubs and organizations located in Summerland.

A department of highways engineer will be invited to a council meeting in the near future. Council expressed grave concern about the road access

north of the park on Highway 97 and wished to discuss this with him. Also the problem of the continuous stream now running from a creek and down through Zimmerman's Gulch, in Trout Creek.

Flow control valve restrictions were lifted for S. Blazeko and Alex Inch because their pressure on their irrigation system was not sufficient to warrant it.

J. P. Sheeley requested exemption as well stating in a letter he did not use the maximum number of outlets; he used it only from May to August and in any event he is on the end of the line. Because he had sufficient pressure on his line to require the valves the request was turned down.

I. Tada asked for exemption because he used an electric pump for pressure. The exemption was granted on a temporary basis until the pressure on his system is checked this summer.

Barkwill said council should take the Peach Orchard Park signs down on the Highway north of town. "I don't think we need to advertise Peach Or

chard Park, we get enough there now", he said.

The municipal assessment to the Regional District of \$4,861 was approved. It will be made in two payments. The first before April 15 and the balance before August 1.

A letter from Summerland Video Ltd., further to their application of Cable T.V. for Summerland said they hope to start making installations at an early date if council accepted their application. They said the top officials would be living in Summerland and promised to equal the service in Pentiction.

Wm. Head, Summerland, made application to rezone an area on Highway 97 in Trout Creek west of Emil Bonthoux to build a commercial building for his company, Sand Hill Saddle and Equipment Ltd.

This was denied on the recommendation of the regional planner and the planning commission. They said the access was not good from the safety standpoint, it is contrary to the general plan and that it is not in the proper zone. It is agricultural. They said it was not a good site for that type of property.

Mr. Head will be notified by mail that there are other locations available.

The company distributes cattle handling equipment throughout the province.

A request will be made to Inland Natural Gas to extend their lines to the Trout Creek area. The school is presently heating with propane, in anticipation of gas coming in the near future.

Approval was given C. Drummond to increase his welding and machine shop to the north with a building 24'x66'.

## Japanese garden may surround native lamp in hospital grounds

There will be added beauty to the grounds of the new Summerland General Hospital.

The Japanese Community is importing a lantern from Japan as previously announced but they have now indicated they wish to go further with their Centennial project.

After careful consideration with persons involved, it was decided by the Summerland Centennial Committee to recommend to the municipal council and hospital board, that the lantern should be placed in the grounds of the new hospital. The Japanese Association has offered to surround it with a Japanese garden as well.

Unofficial agreement has been assured by individual officials of the Hospital and municipality.

The lantern is made of granite, it is 10 feet high, three foot at the base and weighs 2 1/2 tons.

## Imayoshi accepts official invitation

The Summerland Centennial Commission's invitation to Rev. Kuteh Imayoshi, Kamloops, to offer the dedication prayer during the official opening of Giant's Head Park on July 1 was accepted with pleasure.

Rev. Imayoshi, said in a letter to the commission, "It will be an honor to have the opportunity to participate". He was born in Summerland and received his early education here.

This was revealed at a meeting of the commission Thursday night.

A request from chairman Jas. Marshall to have the Canadian Broadcasting Corporation or National Film Board shoot the Summerland dedication is be-

ing considered. Marshall wrote to Mr. Kenneth Caple, a former Summerland school principal, now the Western Director for the CBC, and he is looking into the possibility.

There was a request from the school to start a "Centennial Grove" in Giant's Head Park. Each graduating class in the future, would plant one tree.

This was accepted with the suggestion they work closely with the Summerland Horticultural Society who have taken the responsibility of the planting in the park.

Fred Bevis, staff member of the Secondary School has offered to have a large Maple

## Counselling now being considered

School Superintendent Gordon Paton told school trustees last week they are making a

MISS PAT USHER PEACHLAND SWEETHEART

Miss Pat Usher on Saturday was chosen Peachland's Teen Town Sweetheart for 1967. She is the daughter of Mr. and Mrs. Fred Usher, Westbank, and attending Grade 11 at the George Pringle Secondary School in Westbank. Pat will compete in the district and possibly provincial Teen Town contest at the coast. There were seven contestants.

study in an effort to provide additional counselling in the secondary school.

After talking to present counsellors and administrators, he said they seemed happy with the idea of counsellors being available to students during August. This has been carried out on a limited basis in the past, but now the trustees are considering providing salary for a teacher in that month in addition to the 10-month teaching term.

Paton said all agreed this would be beneficial. The idea of holding seminars on counselling is to be taken to the teaching staff for their reaction.

It was proposed that a series of evenings for parental help through counselling services of the school. This has been referred to a committee to investigate.

The Kelowna Teachers' Association has arranged a series of television programs on counselling to be aired during education week, March 6 to 10. R. McNabb, principal of the Trout Creek School said the Friday program has been left open and trustees agreed to find out if Summerland teachers would be interested in using this time.

McNabb said the programs have been set for 2:00 to 2:30 u.m. each day except Thursday when it would be at 5:00 p.m.

## Telephone workmen and truck will continue to work out of Summerland

Bob Payment, District Manager, Okanagan Telephones Ltd., Summerland, has been posted back to Summerland. Mr. Payment and Reeve Norman Holmes received this information by letter from the telephone company head office at Vernon.

Effective on February 1, Payment and his assistant Gordon Day were instructed to work out of Pentiction office. The Municipal Council and Chamber of Commerce protested this at a meeting with telephone officials, claiming service would suffer.

After careful consideration, Mr. S. R. Muirhead, company superintendent agreed and acted accordingly. One truck will also be left in Summerland and Payment, when necessary, will call for more men from the Pentiction office.

## Dr. Donald Fisher receives Scout Title

Six Boy Scout leaders and officials have won high service awards in an Honors and Awards list released this week in Ottawa by His Excellency General George P. Vanier, Governor-General of Canada, in his capacity as Chief Scout for Canada. Among them is Dr. Donald V. Fisher of Summerland.

summer to take a refresher course in leadership training.

### Lin Smith passes away at 72 years

A businessmna in Summerland passed away on February 18th at 72 years of age.

G. Lin Smith died in the Summerland Hospital after a lengthy illness.

Born in Victoria, he was in the garage business for many years in Vancouver before moving to Summerland where he purchased the L & L Motel eight years ago.

He was a veteran of World War I and a member of the Royal Canadian Legion, Vancouver and Summerland branches.

Surviving are his loving wife Lorene; five children, Richard, Hugh, and Patricia, Vancouver and Howard and Maureen at home. Ten grandchildren; one sister, Mrs. Leslie Best, Vancouver and a brother, Richard Stirling, Kelowna. He was predeceased by a son, Philip in World War II.

Funeral services were conducted from the Pentiction Funeral Chapel on Feb. 21 with Rev. Norman Tannar officiating. Interment was in the Lakeview Cemetery, Pentiction. The Wright Funeral Home was entrusted with arrangements.

Lloyd Gartrell has returned from a business trip to Montreal.

Dr. Donald Fisher at work in the Horticultural division of the Summerland Research Station. He has been given the High Service Award by Governor General George P. Vanier for his work in the Boy Scouts of Canada.

## No shaving for Kinsmen and friends until Centennial Day

It was only a matter of time. The board growing fever had to hit Summerland. It did. The Kinsmen Club are responsible.

This was decided at a meeting Tuesday night and the deadline to get in on the contest is March 15. But the Kinsmen are getting an early start. They didn't shave Wednesday morning.

Les Kirkby, Chuck Breen and Ed Robertson are in charge of the contest and will have a meeting to outline penalties and contest rules this week.

It will cost a dollar to get in the act, and once you are issued with a receipt, there is no turning back until July 1st or some penalty will be imposed — not yet devised. There will be various registration locations, one is the Review office. Arrangements for others will be made.

# Travelers take semi-final honors

The Summerland Travelers saved their best for last. They defeated the Pentiction Molsons two straight in a best of three semi-final series in the Okanagan International Senior "B" Men's Basketball League Wednesday night of last week, then the following night they downed Kamloops in an exhibition tilt in the Summerland gym.

Summerland turned Pentiction back 70-63 in the first game and came back with an 80-56 win to wrap up the series in Pentiction.

Summerland centre Dick Dunsdon earned 22 points while Don Puddy and Charlie Preen netted 16 and 12 points respectively. Other point-getters were Hoffman 11; Bell 9; Henley 4; Christopherson 4 and Robertson 2.

Now they need to sideline Osoyoos to gain the championship.

In Summerland Thursday evening, the Travelers played Kamloops in an exhibition game and sent them home on the short end of a 76 to 59 score. The individual high scor-

### Manager appreciates the fine support

Editor, Summerland Review, Sir:

The wonderful response of the people of Summerland toward their team, the Summerland Travelers, is most pleasing. In spite of a slow start, the Travelers have been constantly improving as shown in their recent wins over Pentiction. This means that during the playoffs with Osoyoos and the other Interior teams, the Summerland team will be well worth watching.

It will mean a great deal to the team, especially in their first year, to know they will continue to have good local support in attendance at their games. Certainly there is greater spirit shown by Summerland citizens for their team than has been the case in Pentiction.

R. D. WHITE, Manager,  
Okanagan League,  
R.R. 1, Summerland

ers were on the visitors club—Jarvis with 22 and Bate with 24, but it was not enough to offset the Summerland team effort. Don Puddy and Gerry Bell got 18 and 16 respectively and Rick Hoffman and Lloyd Christopherson 9 each, Dick Dunsdon 8, Ralph Henly 7, Larry Delo 5 and Rick Hoffman 4. They played without the services of a new club member—Charlie Preen who has been a great asset to the organization.

### LET'S GET NEWSY . . .

Born to Mr. and Mrs. Paul Liamana (nee Bonnie Ganzefeld) at St. Francis Hospital in Honolulu, Hawaii, on Feb. 12, 1967, a daughter—Roberta Mahealani.

Mr. and Mrs. Harry McKee have returned from a trip to the coast where they visited their family.

After a four-month holiday in the British Isles and Europe Miss Jo-Ann Ongaro has recently joined the staff of the Cranbrook Hospital. Enroute, she visited her many relatives in Italy and brother Max and family in Toronto.

Two TV programs of special

interest locally will be an interview with the Summerland Centennial Committee tonight at 6:55 p.m. on CHBC-TV; and a discussion on the formation of a Peachland Chamber of Commerce will be shown Monday at 6:50 p.m.

## NOTICE

Owners of dogs take notice that from March 1st, 1967 to April 30th, 1967 in that area of the Okanagan watershed lying between a line drawn East and West through Peachland and the 49th Parallel any Conservation Officer or Constable without liability may destroy any dog found running at large and harassing big game (deer)

J. Hatter, Director  
Fish and Wildlife Branch

Summerland volunteer firemen fought this fire for over half an hour before they were able to get the burning gas under control on Thursday morning. The 1966 car is owned by Tony Holder, Summerland. There was an estimated \$1,000 damage.

## \$1000 damage in stubborn car fire

A 1966 model Ford station Wagon was damaged by fire Thursday morning that will have a repair bill against it of an estimated \$1,000 before it will take to the road again.

Tony Holler, brought the car to Bud's Garage to have his trailer hitch welded. It was on the hoist and workmen were busy doing the job, when it went up in flames.

Bud Rusaw, garage owner said a spark hit the gas line which was made of plastic or synthetic material and burned a hole in it allowing gas to escape.

It was a dangerous situation for a few minutes while they lowered the hoist and pushed the car outside.

The Summerland Volunteer Fire Department fought the stubborn blaze for over a half an hour with water and Co2 before it was extinguished.

The fire spread to the upholstery and burned the wiring in the motor. Rusaw said the rear end assembly will have to be replaced.

Rusaw said that was the first time he had seen gas lines made of this material.

### LET'S GET NEWSY . . .

After spending two months here, Mr. and Mrs. Dick Blewett and family have returned to their home in Bella Coala.

Visiting with his family here for the weekend, was Basil Thornthwaite of Surrey.

## Rotary Club will sponsor three vocational scholarships annually

The Summerland Rotary Club has decided to offer an annual scholarship called the Centennial Scholarship to be offered to students taking the vocational course in the Summerland Secondary School.

Rotarians Alex Watt and Chas. Greenough have been looking into the possibility, and asked the membership to make a decision at their meeting last week.

It was decided that three \$100 scholarships would be offered each year. The terms of reference and qualifications will be decided by the Awards Committee. The members were in unanimous agreement when it was put to a vote.

# To Our . . . SUMMERLAND CUSTOMERS

We are reorganizing our service forces in order to effect economies and provide improved attention to service requirements in your area.

In order to assist us in this plan we are requesting your co-operation, effective immediately.

Please acquaint members of your household or business premises with the following telephone numbers to be dialled as required, depending on your service needs. These service calls are FREE, and we trust that proper useage will bring improved results. These telephone numbers appear in the white pages of your telephone directory which will be forwarded soon and will become effective 1 March, 1967.

Summerland Review — 3

## College Council forging ahead

The Regional College Council are forging ahead, thinking positively about getting the post-secondary educational institution for the Okanagan.

At their February meeting held in Kelowna last week, Penticton visitors and Vernon representatives felt the reason the December 10 referendum failed was due to lack of information. They said the people did not have enough information to make a proper decision.

This may or may not be the reason, but press, radio and TV had the same complaint so we would agree that it was a factor in the negative result.

However the blame for this can possibly be laid at the feet of both news media and the College Council. Vice-Chairman Charles Finch, Keremeos indicated to us there had been something to desire in the news reporting during the early stages of development.

In the past, precious little was gained from meetings. The information was sent out in the form of news releases that the media was expected to take verbatim to publish. This results in an element of suspicion, be it justified or not. It is nice to know this will not be the case in the future. When and if the news media and the college council gain the confidence in each other, there should be no problems.

Directors A.C. Mickelson, Vernon and E. Dixon of Armstrong made it clear they

want all the facts. They feel they are representing a portion of the Okanagan which voted strongly against the college last time around and that they should act accordingly.

We would suggest these men also have the responsibility to show the college council where they went wrong last time. Mickelson said they were not against a college, but the manner in which it was presented. Now he has the opportunity to give direction. He said he was pleased the press was allowed at the meeting. But he should also encourage the news media in the north to come too. This time, only Kelowna, Summerland, and Penticton reporters were present.

The aim now is to open the college in September 1969. Their schedule started February 1. There is a long way to go — the council have a lot of work to do.

Like Penticton School Trustee Avery King told the council. "Now is the time to go ahead with courage. Get the facts and figures and put them before people."

A financial committee made up of officials from the three cities are going to work to see what kind of a cost sharing plan they can come up with. There will be a meeting of Mayors, Chamber of Commerce Presidents and council members later.

Looks like we are heading in the right direction. If everyone goes into the thing with an open mind — there is no reason why we can't have a college to offer our children in 1969.

## Record tied in bonspiel entries

The number of entries tied the record established in 1963, last weekend when 64 rinks signed up for the annual Men's Open Bonspiel in Summerland.

This is the biggest collection of curlers of any 'spiel in the valley. Four sheets of ice were in the skating arena, and players had much praise for the condition Harvey Eden and John Khalebach got it in. There are three sheets in the curling rink.

The rink from the farthest point was one from Stettler, in Alberta. They didn't get in the prizes but had a wonderful time.

Another curler, Jerry Washington, a former Summerland resident now of Port Coquitlam came home for the three-day event.

Geo. Brochu, Penticton got first in the "A" event followed by Don Turnbull, Summerland and Merv Moxley and Al Truelove, both of Penticton.

Fred Wiltse, of the Granite Club took the "B" event followed by Ken Fulks, Peachland, Ted Wray, Penticton and Fred Waite, Kelowna.

In the "C" event it was a high school rink skipped by Tom Randall that took first.

### LET'S GET NEWSY . . .

Mrs. S. Jomori and Mr. and Mrs. Art Matsu flew to Japan last week where they will visit relatives and friends for the next two months. It is the first trip for Mrs. Matsu. Mrs. Jomori has not been back for forty years.

### PEACH SOCIALS

By Brenda Davies  
Mr. and Mrs. H. Peterson are home again after a few days holiday in Prince George visiting relatives and friends.

Visiting their parents here at the mid-term break from the universities were Jennifer Sanderson, Victoria; Margaret MacNeill and Brian Flintoff from Vancouver, and Fred Grey and John Topham from Nelson.

Arrangements have now been made for the Peachland annual men's Bonspiel this weekend — Feb. 24 to 26 at the rink. Despite several rumors to the contrary, the ice is in good condition, president Des Carless disclosed this week.

### ALICE BYE WINS AWARD

Alice Bye, of Paradise Flats, won the Blue Ribbon Hospitality award for her free time in helping young and old alike in the Trail Riders Club.

## Editta Bonaldi selected the Sweetheart of S'land Secondary

The Summerland Secondary School has a new Sweetheart for 1967. Editta Bonaldi, was the choice among five grade 8 contestants and was crowned by the retiring Sweetheart, Laura Davis.

Princesses named were Barbara May and Jean Wiloughby.

The five girls were brought to the stage by their escorts with Editta taking her place at the throne. Master of Ceremonies was Wayne MacInnes. Students danced to the music of "The Ruins" and the school dance band, under the direction of Mr. Grinder, played for a short time.

Other contestants were Shirley Pruden and Kathy Stringer.

## Summerland Art Club reviews activities during past year

Mrs. C. V. G. Morgan was re-elected president of the Summerland Art Club during its annual meeting Wednesday.

Others elected for the coming year were Mrs. George Lane, vice-president; Mrs. T.M. Croil, secretary and Mrs. Edith Scott, treasurer.

Directors include Mrs. J. M. McArthur, Mrs. A. J. Dunsdon, Mrs. Croil, Mrs. Lane, Mrs. Gladys Pool, Mrs. J. L. Mason, Mrs. Margaret Babcock, Mrs. Juergen-Hansen and Mrs. Wilson.

Mrs. Mason will be in charge of rentals of paintings, Mrs. McArthur publicity and on the show committee are Mrs. Dunsdon, Mrs. Croil, Mrs. John Tamblin and Mrs. Lane.

An impressive list of activities during the past year was reported by Mrs. Morgan.

Art shows including those of the Western Art Circuit, students from the secondary

schools, and groups of paintings by Sonia Cornwall and Charlotte Spencer were sponsored during the year.

The craft centre operated in conjunction with the Recreation Commission was well patronized, and rugmaking instructor Mrs. Doney Wilson reported 25 rugs were started during the year.

Other crafts taught included smocking, embroidery and copper tooling, and members of the art club attended to work at batik, oils and silk screening.

Mrs. Margaret Babcock assisted with the designing and hooking of rugs.

The club entered 15 pictures in a juried art show at Kelowna and of the 72 selected for the show, seven were from Summerland.

The Western Art Circuit show is on display in the library and will be there for two weeks.

It will be a selection of the photographic works of Henry Kalen with a variety of subjects taken from nature and man-made objects.

## Thanks for assistance

Editor, Summerland Review,  
Sir:

At the regular meeting of the Summerland Camera Club, on Monday evening, I was asked to send a note to you with our thanks for your co-operation in advertising our show "Concert in Colour".

We are indeed grateful for the publicity, and felt we had quite a good turnout, as a result.

(Mrs. R. G.) Grace Cuthbert,  
Secretary, Summerland Camera Club

## Bowling Highlights

By Ron Kostelnik

In Mixed League action last week, "Us" only picked up one point in MONDAY action. Narod moved into second spot, three points behind. Weaker 6 and Hilltoppers pulled into a third place tie with Latecomers. Ed's Radio moved into 5th to tie for last place.

In TUESDAY action, Fantastics increased their lead to three points over Swingers. Strugglers and Greenwood continued the fight for third. Unpredictables moved to within one point of Keglers in their bid to escape the cellar. Bev Formo had a great evening bowling games of 311, 320, and 351.

In WEDNESDAY play, Pointers moved into a first place tie with Occidentals. Hasbeens moved into a third place tie with Vendors. Young St. 5 remained in the cellar.

In LADIES LEAGUE, Allsorts closed the gap to one point between them and front running Mojoes. Tigertails moved into a third place tie with Cool Mints. Lollipopers and Wagon Wheels slipped into a tenth place tie, a point ahead of Jaw Breakers.

## Jean Charlton exchanges vows with Dennis Abbott of Penticton

Candlelight and baskets of white mums were the setting at St. Andrew's Presbyterian Church, Penticton, for the wedding of Jean Edith Charlton to Dennis Dale Abbott, Feb. 11.

The principals are the daughter of Mr. and Mrs. Nelson Charlton of Summerland, and the son of Mrs. Francis Abbott of Penticton, and the late Mr. Abbott.

The evening ceremony was performed by Rev. I. R. McKee, with music supplied by organist Mrs. William Swift of Penticton. Soloist was Mrs. Shirley Green of Summerland who sang The Wedding Prayer during the signing of the register.

Given in marriage by her father, the bride was radiant in a formal gown of peau de soie, styled with an Empire waistline and fitted A-line skirt. Draped from the shoulders was a long full train trimmed with Guipure lace. Similar lace was applied on the front of the gown.

Her chapel length veil of illusion net was secured with a circlet of seed pearls, and she carried a cascading bouquet of sweetheart roses.

Miss Jane Roughton of Vancouver was maid of honor and wore for the occasion a formal Empire styled gown of red velvet accented with white gloves and shoes.

Bridesmaids Sharon May and Janete Jacques, both of Summerland were similarly attired, and flower girl Karen Hooker, niece of the groom, wore a smaller version of the same

style gown.

All the attendants wore pearl necklaces, gifts from the bride and groom, and their headdresses were red velvet Dior bows with short veils of tulle. They carried bouquets fashioned of red velvet hearts centred with a white orchid and encircled by wide white lace.

The flower girl's headdress was a tiara of white flowers and she carried a basket of white flowers. Ring bearer was Sandy Elliott.

Best man was Ron Peret and ushering duties were performed by Howard Aichele and Tom Parkhurst all of Penticton.

For the reception at The Blue Boy, the bride's mother chose a coat and sheath ensemble of tangerine tapestry brocade with accessories of green and beige. Her corsage was yellow roses.

Assisting her was the mother of the groom who wore a dress and jacket suit of blue brocade with a pink hat and gloves, complemented by a corsage of pink carnations.

Master of ceremonies was Joe Henderson of Penticton and the toast to the bride was given by the bride's godfather, R. J. Alstead, formerly of Summerland and now living in Penticton.

For a honeymoon to southern points the bride changed to a two-piece white suit of tapestry brocade with black accessories. On their return they will reside in Penticton.

Out of town guests included friends and relatives from Vancouver, Kelowna, Kamloops and Regina.

Mr. and Mrs. Dennis Abbott

## Eleven student teachers to train in Summerland

School Superintendent Gordon Paton told the Summerland school trustees last week, he has been requested to place 78 student teachers in Penticton and Summerland.

Eleven of these will be the two elementary schools in Summerland. None will train in the secondary school.

The board requested permission of the department of Education to overspend their budget by \$1,200 so they may provide grants for two additional pupils scheduled to attend Happyvale School in Penticton.

Staff teacher, W. R. Chalmers, was given permission to

attend a workshop for education directors at Harrison Hot Springs during Easter holidays if he wishes to go.

Ray McNabb, principal of the Trout Creek school had requested a part-time librarian at the meeting last month, and was present to discuss this.

He said, setting up the reference books on the decimal system was only part of the job that must be done. Instruction must be given the children on the care and use of the books.

The Summerland Fire Brigade will host the annual Okanagan Valley fire college June 4. They were given permission to use the auditorium and kitchen facilities at no charge.

The Boy Scouts were given permission to use the front hall of the secondary school on April 8th for their annual Apple Day.

Chairman Dr. Jas. Milimore, Summerland's representative on the Regional College Council announced trustee Bennest has been appointed to the information committee of the council. The appointment was made at their February meeting in Kelowna. Bennest retired from the council this year after serving four years.

the film, and otherwise assisting the film crews.

Ryga has lived in Summerland about four years, and has contributed several plays to the Festival series.

The story is centered around a historic near-lynching at Kamloops in the 1860's and a cattle drive from Washington through the Okanagan and the Kamloops area to the then-booming centre of Barkerville.

## CBC crew filming drama at Junction Ranch near OK Falls

The Junction Ranch of Mr. and Mrs. Jim Leir near Okanagan Falls was the scene last week of the filming of a TV drama written by Summerland writer George Ryga.

The filming is being done by a CBC crew under producer

Don Eccleston, well-known in the Valley as a former TV announcer, and will be shown as part of the Centennial year series, "Where the Action Was".

The Leirs and other nearby residents are participating in some of the riding scenes in

## Plane delayed to return keys

Chas Bernhart is in Ottawa this week as the BCFGA delegate to the Canadian Horticultural Council convention.

His wife Evelyn took him to the Kelowna airport but she almost walked home.

About the time the plane was ready to take off, she realized Charlie had the car keys. After explaining to the ground crew it was a long walk home to Summerland they contacted the pilot who was just ready to take to the air.

The air crew got the keys from Charlie, the pilot shut his motors off, threw the keys out his window where one of the attendants picked them up and gave them to Evelyn.

Chas. no doubt glad he was heading east a while.

## YOU AND YOUR CAR INSURANCE

In the belief that education is an important step in accident prevention, READ & PRUDEN, in co-operation with the WAWANESA MUTUAL INSURANCE CO. and Canadian Handbook's Safety Guide Book, will present in the Review, a series of articles designed to improve your driving habits, and in so doing, become a safer driver and enjoy your driving more.

### RULES OF THE ROAD

Being a good driver is a very personal matter. Whether you are a motoring enthusiast or driving for convenience, there is true satisfaction in feeling that you are competent to master any situation that may arise. Confidence increases with knowledge!

A child can turn the ignition key or hold the steering wheel of a car, but it takes an adult mind to realize the responsibilities that go with safe guidance of such a powerful vehicle.

Drivers, of course, are examined upon their driving skills and knowledge of the law before they are licensed to operate a motor vehicle. However their responsibilities do not end with issuance of a driver's license. There is an implied obligation to increase one's skills and knowledge.

The safety conscious driver is sure of himself and of his car. He knows where he is going and what he is doing. He always allows a margin for errors of others. He keeps alert and is courteous to others.

Skillful driving requires not merely expert care and handling of the car itself, but a knowledge of the rules of the road and consideration for others. Although certain laws may vary from province to province and in different cities, there are many rules common to most every place you drive. Some of these rules are enforced by law and some are just common sense or matters of ordinary courtesy.

Learn the traffic laws to protect yourself and others from injury or loss! Ever stiffer fines and penalties are expected for traffic violations. So know your laws, your rights and your responsibilities!

Next week, 'Check list of the basic rules'

A limited number of Safety Guide Books are available at.

## Collecting dust noisy business

The new dust collection unit in the Summerland woodworking shops in the secondary school is doing the job required, but is making so much noise, the instructors cannot hear whether machinery in the room is operating properly while it is in use.

Trustee Bob Barkwill told the board last week he had met with a representative of the manufacturer, woodworking instructor Ed Danallanko and school maintenance supervisor Elton Knuff to discuss the problem.

It was decided they could do one of two things. Move the collection unit outside in which case the air would have to be ducted back in or build a wall around the machine where it

stands. The second alternative was the cheapest, but no guarantee of either way could be made. To enclose it, with insulation between double walls would cost approximately \$300. Secretary-treasurer Jas. Hack said the carpenter originally asked to do the job was not available so Mr. Knuff intended to start the enclosure immediately, which will mean labor costs would be less.

Other schools are having the same problem so Superintendent Gordon Paton asked that results of the experiment be sent to the Department of Education.

"Without this unit, the room becomes filled with dust", Barkwill noted, "particularly from the planer."

## Keen competition in Peachland school Valentine competition

Results of the Women's Institute - sponsored Valentine contest in the Peachland school were announced this week and they are listed in order of merit:

Grade 1: Dale Topham, David Draft, Matt Houghtaling;

Grade 2: Heather Folks, Jo Anne Houghtaling, Elizabeth Kraft;

Grade 3: Jeanette Johnston, Georg von Aschwege, Cindy Bates;

Grade 4: Leslie Miller, Linda Strachan, Kim Houghtaling;

Grade 5: Sandra McLaughlan, Heather Lyon, Kevin Todd;

Grade 6: Janice Mitchell, Kathryn McKinon, Joey Stump;

Grade 6 special: Gene Khalembach;

Grade 7: Patrick von Aschwege, Trudy Lingor, Waltraut Goetz.

The judges noted that there had been many good entries in the contest and it was difficult in a number of cases to decide on a winner.

It was felt the children put in a good deal of effort in the Valentines, and are well worth the judges' time and effort. The judges were I. Jackson, Mrs. J. G. Milroy and Mrs. John Hinder.

March being Education month, the W. I. plans to ask the principal and teachers of the school at Peachland to speak on education at the monthly meeting to be held at Mrs. L. B. Fulks' home, commencing at 2:30.

## Book circulation up 11.9 p.c. in 1966

At the annual general meeting of the Board of Management of the Okanagan Regional Library District held on Thursday, Feb. 16 in Kelowna, the following slate of officers was elected for the coming year:

Mrs. G.Y. French, Armstrong, chairman; Mr. J. S. Sykes, Keremeos Village, and School District No. 16 (Keremeos), vice-chairman; Mr. W. B. Hughes-Games, City of Kelowna, treasurer;

Executive officers include: Alderman F. O. McDonald, City of Penticon; Commissioner G. J. Sperle, Salmon Arm Village; Ald. W. Halina, City of Vernon; Mrs. H. A. Gilchrist, Coldstream; Mr. Frank Venables, School District No. 14 (South Okanagan).

### \$55,000 FOR BOOKS

In presenting the financial report for the year ending Dec. 31, 1966, the honorary treasurer Mr. W. B. Hughes-Games, Kelowna, disclosed that out of a total annual expenditure of \$200,382, \$55,761 was spent on the purchase of books, \$60,820 for branch expenses and \$83,447 on headquarters operating expenses. This spending has been in line with the budget passed by the annual general meeting in 1966.

In his annual report the Regional Librarian, W. P. Loftis, stated that there had been a considerable increase in the number of books borrowed

from libraries in the Okanagan bringing the grand total up to nearly three quarters of a million, an increase of 11.9 percent of the previous year. The number of books requested had increased 9 percent to a total of 15,861.

### FILM CIRCULATION UP

In the film department films circulated showed an increase of 26.7 percent and the aggregate audience which viewed these films increased approximately 60,000 to an all time high of 262,800, an increase of 29 percent.

"All these things" said Mr. Loftis "are things of which this Board and our staff can draw satisfaction, but let us not delude ourselves there is far, far more to be done than has ever been done in the past". The Librarian called for an energetic and imaginative attack by the Library Planning and Development Committee on the many faceted problems of library service in the Valley during 1967.

In pointing out some of the deficiencies in service the Librarian went on to point out the implementation of a five-year plan would be, perhaps, the most onerous task that has ever confronted this Board of Management.

### ORCHARD TIP

Tack a rubber pad to the bottom rung of your ladder. Then as you back down, you will know when you hit the last step.

By Brenda Davies  
PEACHLAND — A general organizational meeting of the newly-formed Peachland & District Chamber of Commerce was held last week in the Municipal Hall. The election of H. Lyon as president was confirmed as were the positions of the following: Doug Pitman, first vice-president; Tom McLaughlan, second vice-president; Mrs. D. Houghtaling, secretary-treasurer; and the following directors: G. Topham, Mrs. L. Ayres, L. V. Kraft, Dr. R. D. Mitchell, Des Carless; and nominations from the floor elected Dr. Brian Finimore, Pete Spackman and John Symonds.

Fifty-one memberships were processed by the acting membership chairman T. McLaughlan and Dr. R. D. Mitchell. Also present to offer advice on procedural matters was Mr. Bruce Winsby, director of the Kelowna Chamber of Commerce.

Changes in by-laws, obtained from parent organizations, will be made to fit local requirements. These set Feb. 1 as the end of the fiscal year; and the general meeting will be held quarterly — March, June, September and December.

Thirty-five members signed certification papers and those still wishing to have their names on the charter should phone Mrs. D. Houghtaling.

Winsby offered congratulations and reminded those present that you only get out what you put into your chamber.

H. Lyon thanked him for the help and disclosed that the inaugural dinner — smorgasbord style, March 1 will be held in the Totem Inn's Pioneer room. Tickets are now on sale.

A brief feature on the new Chamber of Commerce will be presented Monday at 6:50 p.m. on CHBC-TV.

## Slippery roads, the cause of two separate accidents

On February 15 at 7:15 a.m., Ernest Bobiy was travelling north on the Antlers Hill when he lost control of his vehicle due to the icy road surface. The vehicle went over a slight embankment, turned over, and came to rest upright. Estimated damages \$1,000. No injuries and no charges resulted.

Enid G. Anderson was travelling north on South Victoria Road at 9:00 a.m. on February 18 when she lost control of her vehicle on the icy curve causing her to strike a power pole. Damages amounted to \$150.00 There were no injuries and no charges were laid.

LET'S GET NEWSY . . .  
Mr. and Mrs. J. S. Kirk have returned from a week's visit in Vancouver.

Mr. and Mrs. Gordon Nixon are here from Ottawa to visit Mr. Nixon's sister, Mrs. Alex Watt, Mr. Watt and family.

Lil and Ken Nistor were in Edmonton over the weekend, to visit Mrs. Nistor's brother, who is leaving for Egypt with the Armed Forces.

Des Carless has this contribution to add to our gallery of Peachland bearded fellows this week. It is just as well that Des won't have to shave this weekend because he will be a busy boy keeping curlers happy during their bonspiel that starts Friday. He is the president of the Peachland Curling Club.

## Rockets fail to win championship Health program planned for

By Ron Kostelniuk  
The Summerland Rockets failed to win the Okanagan Basketball Championship Saturday at Rutland but they put up a good showing. Two buses made the trip to Rutland, including cheerleaders Joyce Dickinson, Marimae Allen, Janet Yeomans and Denise Benison. The Rockets lost the semi-final against Armstrong going down to a 46 - 45 defeat. They failed to put a basket in the final seven seconds of the game to pull it out. Bill Fitzpatrick made the score 2-0 on foul shots in the first quarter but the Saints, from Armstrong roared back and had an 18 - 8 lead at the quarter. The Rockets, trailing at one stage 22-8, closed the deficit to 24-18 at the half.

In the third, Fitzpatrick cut the score down to 26 - 22 and Gerry Marsh to 32 - 30. The Saints led 36-33 after three.

In the fourth, Ron Mayne tied and gave Summerland a one point lead on foul shots while Marsh made it 39-36 on foul shots. Mayne made it 43-42 Summerland but the Saints with two baskets snuffed out the Rockets. Marsh had a last second basket. The Rockets missed nine free shots.

For the Rockets, Marsh and Mayne had 12; Fitzpatrick 6; Johnson 4; Taylor 3; Davis and Akitt 2; and Eaton 4.

In the consolation game against Kamloops, the Rockets were in the game for the first quarter but fell back in the second and out of sight in the second half. Kamloops came from behind to tie the Rockets 10-10 in the first but took a 26 - 21 half-time lead and wound up winning 63-28. In the second half, the winning Sabres did everything right while the Rockets couldn't seem to do anything right. They showed no hustle after the heartbreaking loss to Armstrong in the first game.

Ray Davis was high man for Summerland with 6; Marsh and Mayne had 5; Eaton 4; Fitzpatrick, Akitt, Madsen, 2; Lackey

and Marvin Barg 1. Art Bolton didn't make the trip. Phil McMechan and Rick Morrissey failed to score in the two games.

Coach Puddy did a fine job in bringing the boys to the South Okanagan championship and deserves a tip of the hat. We would like to congratulate the Rockets on their fine showing this year and wish them the best for next year. They will be losing four players — Marsh, Fitzpatrick, Lackey and Akitt but next year's squad should go just as far as the Rockets did this year.

We would also like to congratulate the Rockettes this year, even though Princeton beat them in the South Zone finals. They will be losing Bev Bye and Bea Young.

## 'Best of Barkerville' plays to full house on Saturday night

A sell-out audience enjoyed the two and a half-hour show presented by the "Best of Barkerville" troupe in Summerland Saturday night. The seats were all sold prior to the performance sponsored by the Summerland Centennial Commission.

The actors were very pleased, not only with the number turning out because this has been the situation at every stop, but with the reception and enthusiasm they were receiving from the crowd.

"The audience reception tonight was a much better than average," show manager Franklin Johnson said after the show.

Director Fran Dowie had high praise for co-operation they received from Summerland. The Secondary School stage crew helped them set up, tear down and assisted with the stage setting during the performance.

Members of the Summerland

Players Club assisted the actors and actresses with changes during the show and the school drama club handed out programs and ushered the crowd to their seats.

## WHY WAIT FOR SPRING? DO IT NOW!

Get your tractor, sprayer or any of your farm equipment ready now to avoid the spring rush. Let us have them now while we both have time.

### Re: Flow Control Valves

By-law No. 1074, regulating the use of irrigation water and the use of flow control valves is now in full force.

Clause Six (6) provides that where a springler irrigation system is used, every sprinkler head must be controlled by an approved flow control regulator; unless written permission has been received from the Municipal Council granting an exemption.

Growers are again reminded to order their flow control valves immediately so that the packing houses may have their orders delivered before May 1st.

Flow control valve regulations will be enforced this year, commencing May first, be sure your sprinkler equipment is equipped with flow control valves. Contact your packing house manager immediately.

"G. D. Smith",  
Municipal Clerk.

# OLD AGE SECURITY PENSIONERS: DO YOU QUALIFY FOR THE GUARANTEED INCOME SUPPLEMENT?

By now you have received your application form and information booklet. Be sure to read the booklet carefully. If you qualify, apply early for your supplement. It will take some time to deal with the large number of applications. The sooner you apply the sooner you will have your first payment. Payments will be combined with your Old Age Security pension cheque. If you were entitled to a supplement as of January 1967, your first cheque to include the supplement will cover payment for each month back to January.

The new guaranteed income supplement is a monthly payment of \$30 which will be added to your \$75 Old Age Security pension if you have no other income. If you do have other income, but it is less than \$720 a year (\$60 a month), you still qualify for a supplement but on a reduced scale. This means that every Old Age Security pensioner in Canada is now guaranteed a monthly income of at least \$105. A married couple is guaranteed at least \$210 a month if both are Old Age Security pensioners. If you qualify, apply without delay. If you need help in filling out your application, contact your nearest Old Age Security, Canada Pension Plan or Income Tax Office. Addresses are listed in your booklet.
