

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 14, No. 5, Whole No. 708

SUMMERLAND, B.C., FRIDAY, SEPTEMBER 2, 1921

\$2.50, Payable in Advance

KOOTENAY ELECTRICAL ENERGY WILL BE FLOWING THROUGH MUNICIPAL LINES THIS FALL

Municipality Definitely Arranges With Power Co. for Immediate Extension to Summerland.
Ten Year Contract Will Be Entered Into. Rate Will Be Three and a Quarter cents per KWH.

Summerland will have Kootenay power flowing through the lines of its electric light system by the latter part of November. The pole line route between Penticton and Summerland is being staked out this week, and Mr. Lorne Campbell, manager of the power company states that the construction gang will be put to work on the Summerland line immediately they reach Penticton from the south.

Learning that Mr. Campbell was in the Valley, Reeve White got into communication with him by phone on Saturday morning and arranged with him to come to Summerland to meet the Reeve and Council on the question of the proposed extension to Summerland. Mr. J. J. Warren accompanied Mr. Campbell and Electrical Engineer McKeever of Penticton also attended the meeting to act in an advisory capacity for the Municipality.

The rate of 3 1/4 cents per kwh. was not agreed upon until the question had been debated at some length. The original proposal of the power company was to charge 4 cents for light and 3 cents for power, which was the same rate as was then proposed for Penticton. Since then Penticton has closed with the power company for a light rate of 3 cents and a power rate of 3 cents up to 30,000 kwh. per month, above which the power rate would be 2 1/2 cents.

The Reeve held out for the same rate, stating that the promise had been made that Summerland's rate would be the same as Penticton. Mr. Warren contended that an additional charge should be made to cover interest and depreciation on the cost of extending the line to Summerland and Mr. Campbell proposed that the price should be 3 1/2 cents. As against this the Reeve, stating that he understood it was the intention of the company to build to Vernon, declared that the power company would not charge Vernon a higher rate than Penticton. This was practically admitted, but both the visiting gentlemen declared that the larger consumption in the Vernon district would justify this.

In view of the present inadequate municipal system it was impossible to determine just what the immediate increase in consumption of power would be. Mr. Warren took the view that Summerland will continue to grow rapidly and suggested a compromise on 3 1/4 cents, to which Mr. Campbell finally consented, and to which also the Municipality agreed. However, Mr. Warren added, when Summerland materially increases the (Continued on Page 4)

Eastern Growers are Warned to Watch B.C.

Unless Change in Packing is Made, Will Lose Fruit Trade.

Montreal.—Unless the fruit growers of Quebec and Ontario adopt more modern methods of packing, grading and marketing their fruit, they are extremely likely before long to find that British Columbia apple growers will have made serious inroads on their trade—inroads which have already got well under way, not only from British Columbia but also from the western states. This was the warning given the fruit growers of the province of Quebec by Professor W. T. Macoun of the Experimental Farm, Ottawa, in the course of an address on "Impressions of Western Activities."

C. A. Nash, of Toronto, records an experiment with the robin as a cutworm destroyer. One young robin, kept in confinement, ate 165 cutworms in a day. Had he been compelled to find his own food, he would probably have varied his diet somewhat, as he would not likely find so many cutworms.

LITTLE THEATRE IS GAINING FAVOR

Concert Recitals Given By Visiting Artists Receiving Great Applause.

Once again the fortunate people who were able to make the trip to the Little Theatre at Naramata on August 25th and 26th were given an artistic treat, when concert recitals were given by Dean Boyd Wells and Francis Armstrong.

The program was musical, and although only selections from the great masters were given, the performances of both the artists gained continued applause.

The items on the program, which consisted entirely of seventeenth and eighteenth century period music, were as follows:

August 25th—Sonata (E Major), Handel (1685-1759), adagio, allegro, largo, allegro; Fantasia Variations (XVI. Century theme), Saint Saens; Intermision; La Precieuse, Couperin (1668-1733); Chanson Louis XIII., Couperin (1668-1733); Sarabande, Sulzer (1686-1754); Rigaudon, Rameau (1683-1753); Sonata E Minor, Veracini, largo, minuet, gavotta, giga.

August 26th—Sonata (F Major), Mozart (1756-1791), allegretto, andante, rondo; Cancion de Amor, Skolnik; Prophet Bird, Schumann; Auer; Rondino, Vieuxtemps. Intermision. Nocturne Fantasia, Chopin; Sonata (F Major), Greig, allegro, andantino, allegro.

IMPROVEMENTS AT EXHIBITION GROUNDS NOW CONTEMPLATED.

At a meeting of the Summerland Agricultural Association held on Monday evening further plans for the carrying out of the exhibition program were discussed.

The Directors are anxious that the six districts as outlined by the Association should get their organizations going, and as a help to attain this end it was decided that some of the directors should visit the residents of the different districts and arrange with them as to whether they will make a district exhibit.

The grounds committee are preparing to get some work done on the grounds in front of the exhibition building. They intend to procure if possible the Municipal tractor and grader and with the co-operation of a "bee" to improve the road in the park so as to provide better facilities for car traffic in approaching and leaving the building.

VISITORS ENJOYED OUTING HERE.

A Penticton exchange has this to say of a pleasure party visiting Summerland from that town:

The C.D.s is a live organization of young men meeting periodically for mutual welfare under the guiding hand of Mr. W. J. Bryan, who looks upon the boys more in the light of a big family for whose well-being he alone is responsible. Once in a while the association takes an excursion when the opportunity offers, and their last outing was in the shape of a moonlight voyage on Okanagan lake as far as Summerland last Monday night.

At Summerland the young men—and those who accompanied them—made arrangements with a restaurant to serve coffee with the cakes and sandwiches which they had brought along with them, and a thoroughly enjoyable time was spent in this pastime. An orchestra had accompanied the party and the musicians enlivened the supper hour with the latest hits. A final serenade was given the Summerland people before the party embarked for home.

Government Guarantees Growers.

The New Zealand government has guaranteed fruit growers in that Dominion a net return of one penny per pound on fruit exported during the season of 1921. The guarantee is limited to 200,000 cases of approved varieties and classes of fruit. All fruit is to pass the government inspectors and comply with export and certain regulations.

YOUNG PEOPLE BID FELLOWSHIP MEMBERS ADIEU

A farewell social to the members of the Baptist Young People's Society who are leaving for teaching and college duties was held on Monday evening at the home of Mr. and Mrs. G. J. Coulter White.

A very happy arrangement had been made to transfer the friends by car from the Church so that most of the members were present, and altogether there was a large gathering of young people.

Games were played on the lawn during the early part of the evening, and later indoor games were introduced. Mr. and Mrs. Coulter White with their usual genial hospitality had provided refreshments for the young people. The Rev. James Dunlop in a few words on behalf of the Society "speeded the parting guests" and the singing of "Auld Lang Syne" brought to a close a very happy evening.

BROKEN HEAD WAS RESULT OF CAR RIDE

Nasty Accident in Prairie Valley and Passenger Hurt Badly.

A broken head and a smashed up car was the result of a beginner's attempt to drive a "Lizzie" on Tuesday.

The accident occurred at the shale pit in Prairie Valley near Major Hutton's residence when Thos. Cowan who had just purchased a Ford from T. B. Young, accompanied by Ted Cook, was taking a driving lesson from the latter. Neither party seem to know the reason of the catastrophe except that the driver apparently turned his wheels in the opposite direction to the way he desired to go, with the result that the car ran up the bank and turned completely over, smashing the new top and breaking the windshield, while the front of the radiator and a fender were put out of business, in addition to which Ted Cook, the passenger, was badly cut about the head.

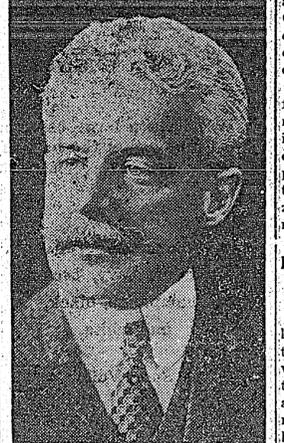

Interviewed, the latter stated that on seeing the blood he came to the conclusion that Mr. Cowan was the injured party, and not until he went down to the spring did he begin to feel hurt and find that it was himself that had received the wounds, and that Mr. Cowan had escaped entirely.

Mr. Cook was driven home in another car and his injuries attended to, and he is able to be about, although rather against the doctor's wishes. It seems to be the opinion of several that the route selected for the driving lesson was hardly suitable, and that a better road than the one used could be found.

Altogether a fatal accident was narrowly averted.

Mr. R. V. Agur attended a meeting of the executive of the B.C. Fruit Growers' Association at Salmon Arm this week.

WAS GUEST AT HOME, THEATRE

W. R. MacInnes, Vice-President C. P. R.

Upon the invitation of Mr. Carroll Aikins, Mr. MacInnes and Major Kirkpatrick, Assistant Freight Traffic Manager, Winnipeg, attended the concert recital at the Home Theatre, Naramata, last Thursday evening. With other C.P.R. officials they had been making an inspection of western lines, and came down the lake Thursday afternoon.

SUMMERLAND WINS IN TENNIS TOURNAMENT

Men's Doubles and Singles are Won by Local Players. Mixed Doubles by Coast.

The tennis tournament held at Penticton last week was strenuous and exciting throughout the three days of play, and created considerable interest, large numbers being present to see the different games. Summerland was well represented and managed to make an excellent showing in the results which are given below.

The local players declare that they had a good time and enjoyed themselves thoroughly through the kindness and courtesy of the Penticton people.

The Penticton Herald says: The Inter-Club invitation tournament played at the Penticton Tennis Club courts on Thursday, Friday and to-day got off to a good start on Thursday in fine weather. The first day's play saw the elimination of three local men from the singles by visiting players. Crane lost to Fortune of Salmon Arm, McNicoll was beaten by Dodwell of Summerland and Millar was disposed of by Russell also of Summerland.

Thursday's matches were for the most part decided in easy fashion, only one match going three sets. The most interesting and closely contested match of Thursday's play came in the mixed doubles bringing together a Vernon team, Miss Watson and Morrison, and a local pair, Mrs. Allen and Scott. After the first set 6-2 the local players took the next two 6-4, 6-4 and the match by playing brilliant tennis. Both teams gave a fine exhibition of steady tennis. The best match in the singles was the one between Dodwell and McNicoll, the former winning 6-4, 6-4 after McNicoll had led at 4-1 in each set. Some spectacular tennis was seen in this match, both players driving hard and accurately.

Dodwell and Theed of Summerland won two matches in the men's doubles, disposing of Fortune and Cornwall in straight sets and later in the afternoon winning from Blott and McNicoll of Penticton. This match was a very interesting one. The local pair, after losing the first set 6-0, found their game in the second and led at 5-2. They were unable to take the sixth game, Dodwell and Theed taking five straight games and the set 7-5.

(Continued on Page 6)

WILL MOVE POST OFFICE SHORTLY

Approval Obtained From Dept. New Cement Block is the Site Chosen.

That the approval of the Department at Ottawa had been obtained and that the West Summerland Post Office would be moved into more commodious quarters was the report obtained from Postmaster Bowering on Tuesday.

As soon as the premises are ready for occupation, Mr. Bowering will move into the new cement block being erected by W. C. Kelley to the east of the Bank of Montreal for the purpose of providing better facilities and accommodation for the citizens of this steadily growing community.

BAD BREAK IN ROAD TO HOSPITAL HILL MENDED

Over last week end the back road leading to Hospital Hill was closed to traffic. At the point at the north west corner of the Robinson property where the road crosses the road allowance running east and west north of the Robinson lot, the road bed collapsed leaving a big depression very dangerous to traffic.

This occurred early Saturday afternoon, the road giving way just behind the rear wheels of Mr. T. P. Thornber's car, but not too suddenly for him to escape. Foreman Tomlin investigated the break but could find no apparent source of the water which had undermined the road. In order that a similar break might not occur again, a culvert was put in on Monday and the road again opened to traffic.

BASKETBALL DANCE RECEIVES SUPPORT.

On Thursday the 25th about 125 people assembled at the Empire Hall to take part in the Basket Ball Dance, and with the Peck-Manchester Orchestra, tripped the "light fantastic" till about 1.30 a.m. Mr. E. E. Steers with his cabaret went to considerable trouble to accommodate the dancers, and certainly "did himself proud" in his efforts to give satisfaction.

Interviewed by a Review representative, Mr. Clay speaking for the Club stated that owing to there being no competition last year, there was not much to be done in the way of interesting sport lovers, but this year they are expecting a good player from the East and hope to place a pleasing program before the public. The aim of the players this year will be to win the cup, and then take a "crack" at the Coast, if it can be arranged and finances, with the support of interested basketball fans, will permit.

FINED TEN DOLLARS AND COURT COSTS

Charge of Excessive Speed was Sequel of Motor Accident.

A case of considerable interest locally was tried by Magistrate Hutton on Saturday at the Municipal Hall, when Mrs. T. C. Orr was charged with driving a motor at a "speed dangerous to life and limb of the public."

It was shown that at the time of the accident by which the son of Mr. T. P. Thornber was injured the motor was being driven slowly, and that the boy had passed in front of the motor but his turning around and recrossing the road led to his being injured, and that Mrs. Orr was on her right side of the street, and (Continued on Page 2)

APPLICATION WILL BE MADE TO INCREASE RATE

As shown by municipal records it is costing approximately nine dollars an acre to deliver water to the orchards of Summerland through the municipal irrigation system. At present the maximum irrigation rate that may be charged is five dollars per acre. This is much lower than is being charged anywhere else in the Valley with the knowledge of the local municipal authorities, \$10 and up to \$15 or higher being the general rate. The deficit now has to be made up by adding to the tax rate.

The Council will ask to be given the power to increase the irrigation rate and at the last meeting of the Council a resolution was put through to this effect. The Municipality of Penticton, the only municipality other than Summerland owning its irrigation system, was in practically the same position, and last year obtained power from the Water Board to increase the rates by five dollars per acre. Similar authority will be asked by Summerland, the maximum rate to be fixed by the Water Board.

Before this power is granted, the Water Board will fix a date on which it will sit here and hear arguments in support of the request of the municipality, and will also hear any arguments that may be advanced against it.

Uneasiness About B.C. Railway Situation

Unproductive Millions are Being Sunk in the Ill-Considered P.G.E.

Under the above caption The Financial Post says: The local railway situation in British Columbia is causing the business interests more uneasiness than any other issue they have to meet. More money will have to be put into the P.G.E. It is a hopeless proposition at present. The feeling prevails that the Government must build down to Ashcroft and connect with the National Railways. To operate the line from Clinton to Howell's Sound over three summits, each with a 2,002 grade and a ferry from Howell's Sound to Vancouver, is absolutely impracticable and will cost more than the traffic will produce for the entire line. When this railway is completed from Ashcroft to Port George and equipped, the province will have invested in it \$50,000,000 with an annual interest charge of (Continued on Page 6)

TWO KILLED, TWO INJURED IN WORST MOTOR ACCIDENT IN HISTORY OF OKANAGAN

SCHOOL STUDIES RESUME TUESDAY

Preparations Completed For Term. Davidson's Absence Provided For.

With the exception of a few minor details as to arranging accommodation at the High School, all preparations for starting another school term have been made and studies will commence on Tuesday, September 6th, Monday the 5th, Labor Day, being a holiday.

Teachers for all classes have been engaged, and the word "school" is once more heard amongst the vocabulary of the children's games as they anticipate the near approach of "lessons."

As announced last week Donald Davidson, teacher of Division II. in the Public School will not be able to take his place on the 6th, and Donald McIntyre has been engaged for a few weeks pending Mr. Davidson's return.

From information obtained in a letter to Principal MacDonald, The Review learns that Mr. Davidson has been in hospital for some time with blood poisoning in his right hand, on which he is obliged to keep hot salt solution, and altogether has had trouble with it for about a month, so that his holiday has not been the success he had anticipated. However it is to be hoped that he will be able to take up his duties shortly.

The following is a list of teachers and officials for the coming term:

High School—D. J. Welsh, Principal; C. Winfield Mathison, Science and Latin; Miss Miller, Assistant. Central School—S. A. MacDonald, Principal, D. Davidson, Miss B. Ball, Miss J. Nicholson, Miss R. Dale, Miss K. Elliott, Mrs. G. Denton, Miss F. M. Banks, Miss Harwood. Trout Creek School—Miss Grace Logie.

Trustees—J. Tait, Chairman, O. F. Zimmerman, S. F. Sharp, S. Dorkis.

T. J. Garnett having resigned, it has been decided not to hold an election for a temporary trustee until the end of the year as the time is too short, Mr. Garnett's term of office expiring at the end of the year, when another election would be necessary in any case.

RETAILERS DISCUSS ORIENTAL MENACE

Will Ask Dominion Government For Drastic Action.

Winnipeg.—Complete exclusion of Orientals as the only means of combating the Japanese and Chinese menace on the western coast and in other parts of Canada, was urged by George Hougham, of British Columbia, at the closing session of the Retail Merchants' Association convention. The convention then adopted his resolution asking that the viewpoint of each provincial branch be ascertained and that subsequently the retail merchants make representations to the Dominion Government for drastic action on the Oriental immigration question.

Mr. Hougham attacked the Oriental policy of "peaceful penetration," and gave an outline of conditions obtaining on the Pacific Coast in regard to Orientals.

The question of licensing mail order houses either in the municipality where they did business or in the province, was taken up, but it was decided that the association had no power to control this phase of business.

A resolution demanding that the press of Canada refrain from publishing articles that probably would be injurious to trade was withdrawn after Mr. Hougham declared that the Retail Merchants or any other class could not dictate to the editorial department of a newspaper.

It will be noticed from our advertising columns that Kenneth M. Elliott, who has been spending a vacation with his parents here, has decided to locate in Summerland and practice his profession of barrister and solicitor.

Faulty Steering Rod Precipitates Car Off Bridge Into Canyon at Power's Creek.

Geo. Dobson, Commercial Man and Hugh MacLaren, Lad of Seven, Killed. All Vancouver People.

Two persons were killed and two others injured on the Peachland-Westbank road on Tuesday afternoon in what was probably the worst motor accident in the history of the Valley.

Mr. Geo. Dobson of Vancouver was killed instantaneously and Hugh MacLaren, the six or seven year old son of Mr. H. MacLaren of Vancouver, died the next morning without recovering consciousness.

The party had left Kelowna but a short time before and were coming to Summerland and the accident occurred about 1 1/2 miles south of Westbank village, as the car was about to cross the bridge over Powers Creek, and it is apparent from later investigation that a faulty steering rod was the cause of the mishap. The road drops down a grade and turns as it approaches the bridge across Powers Creek Canyon, and it was the failure of the car to make this turn that resulted so disastrously. The car hit the railing of the bridge and plunged down some feet below, striking boulders, and according to one version, landing upside down with the occupants beneath, while according to another story told The Review the car fell upside down on a rock and rolled over on to its wheels coming to a standstill farther down in this position badly wrecked and with the front seat torn out.

Those in the car were Harry Godley, driver, salesman for the Simpsons Bed Co. of Vancouver, and Mr. H. MacLaren, manager of the same company, his little son whom he had brought with him hoping that the trip might improve his health, and Mr. Geo. Dobson, traveller for McLagan Furniture Co., Vancouver, who had joined the party but a few minutes before at Kelowna.

Mr. Dobson's head was terribly smashed in the fall, and death must have been instantaneous. The little boy suffered fractures of the skull and other injuries, and the other two were rendered unconscious. The first to recover was Mr. MacLaren and finding his little son unconscious he tried to revive him. Failing, and realizing Dobson's condition, Mr. MacLaren soon revived Godley, who was able to go back a mile and a half to Westbank and gave but slight information before he fainted. Dr. Buchanan of Peachland and Dr. Boyce of Kelowna were summoned and also Provincial Constable Graham, while a carload of travellers hurried to the scene of the accident.

In the meantime Mr. C. W. Little of the O.U.G. arrived from the south but was unable to render aid without further assistance. When the car from Westbank arrived, all were hurried to the hospital at Kelowna, and (Continued on Page 5)

Vocational, Not Geographical Vote

W. Ivens, M.P.P. for Manitoba, Outlines Scheme at Rialto Theatre.

That our present method of representation in parliament should be vocational instead of geographical was the tenor of the address given by William Ivens, M.P.P. in the Manitoba Legislature, at the Rialto Theatre last Monday evening, before an audience which about half filled the hall.

Mr. Ivens, who spoke of his imprisonment for taking part in the industrial disputes in Winnipeg a short while ago, set forth a scheme whereby all classes of workers would be represented in proportion to their numbers and gave considerable and interesting talk on the subject.

Amongst those who took part in the discussion which followed were W. C. Kelley, who pointed out that under Mr. Ivens' scheme women with their various present day occupations, especially as housekeepers, would (Continued on Page 5)

The Summerland Review

Established August, 1908.

Published at Summerland, B.C., every Friday by THE REVIEW PUBLISHING COMPANY, LIMITED
Ralph E. White, Editor and Manager

An independent family newspaper covering Peachland, Summerland and Naramata and adjacent districts.

Subscription Rates—In British Empire, in advance, \$2.50 per year; six months, \$1.40. To U.S.A. and other countries, \$3.00 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Press Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

FRIDAY, SEPTEMBER 2, 1921

With the passing of Sir Sam Hughes, the Dominion of Canada loses one of its outstanding figures in both political and military circles, and his death recalls very vividly the beginning of the Great War when Sir Sam, with his dominant spirit and indefatigable energy consummated one of the most stupendous military organizations ever attempted, and rising to the occasion of Britain's need, gathered together, equipped and loaded on to transports 33,000 Canadian soldiers within the short space of two months. Such a thing had never been done before and looking back it seems almost incredible, considering the almost insurmountable obstacles that he was up against, the principal factor being that there was no standing army and that raw recruits from city and country had to be licked into shape, before the project could be completed. However, it was done, and Canada thereby earned the undying gratitude of Great Britain for succor in the hour of need, such as we earnestly hope may never occur again.

Sir Sam Hughes was a man of many parts and although there were sayings and doings of his that were not agreeable to many people, still we have to admit that it would have been very hard to find his equal on the occasion referred to. Blunt and outspoken almost to rudeness, he had characteristics which appealed to many, and Canada in his death loses a loyal and patriotic citizen of no mean worth.

As the scars of war slowly heal, the Okanagan is coming back to some of its pre-war enjoyment of life, of which the successful regattas held this year and last bear witness. The communities round Okanagan Lake are fortunate in the possession of such a splendid sheet of water, and they should make the most of it. During the past few years the motor car has usurped the place of the launch and sail boat, but this should not be. Any place with a stretch of road can use motor cars, but Okanagan Lake is unique, with its wide expanse of water, its genial temperature—much warmer than most lakes in the West—for aquatic sports in the summer months, and its populous communities, which should furnish a new crop of swimming and diving exponents each year.

Once upon a time the regattas at Naramata and Summerland were welcome events and Okanagan Landing was a pioneer in such sports, and it is to be hoped the old-time spirit will return and that all these places will resume the holding of their water festivals and will join Kelowna and Penticton in making the most of the opportunities that their position on the lake affords. The presence of rowing fours and swimming and diving competitors from Vancouver and Nelson this year was a great encouragement, and a chain of regattas during July and August should prove a strong attraction to summer visitors from points less fortunately situated.

—Kelowna Courier.

They Say--

That the Queen of Spain is the best dressed queen in Europe.

That there is a movement in England to inaugurate a "Mothers' Day," a Canadian custom that is greatly admired by the people in the Old Country.

That hand painted heels are the latest fashion in dancing footwear, the more elaborate and gaudy the better.

That a bill brought before the French Senate to omit the word "obey" from the marriage service has called forth a storm of opposition.

That the soldiers of the British army are being instructed in choral singing to cure ailments of speech and aid respiration.

That the latest fashion fad in New York is the smart harness horse as a mark of distinction from automobiles, and before long fashionable avenues will have many perfectly appointed gigs, traps, and carriages. The most up-to-date society foible is to become a judge of good horse flesh.

That on the last visit of Mr. Justice W. A. McDonald to Penticton, he expressed disappointment that the city had no golf course.

That Dr. Frederick Bryant of Worcester, Mass., claims that cancer is neither hereditary, infectious, contagious, nor communicable, and attributes the disease to some form of irritating stimulation which can be prevented.

The Oroville Gazette says: Last week Wm. Gjerde caught an eight pound black bass in Osoyoos lake off Kelsey point, that measured 21 inches in length, one of the largest bass ever taken from the lake, and an exciting time he had landing that fish. When the fish struck Gjerde

realized that he had a whale on his hook, and as he was using an ordinary cheap-line he felt that the tackle could not stand the strain of fighting the leviathan of the deep, hence when the fish struck out in the lake Gjerde just let go of the pole. The bass towed the pole around for some time and Gjerde supposing that his victim was exhausted swam out to retrieve the pole. Gjerde discovered that the big fish still had fight in him, so he swam back to shore and let the fish do some more cruising around. Finally Gjerde made another trial and found that his catch was exhausted and managed to pull him ashore. The catch was well worth the patient, watchful waiting.

The Review Will Sell It For You—3 Cents per Word

Conditions Good With Crops Says Reports This Week

District Horticulturist W. T. Hunter reports as follows on Valley crop conditions in his weekly news letter to the press:

Salmon Arm and Main Line.
Transcendent crabs and Duchess are pretty well cleaned up. A light picking of Wealthies is being made in some orchards this week, but picking will not become general until the middle of next week.

Several good showers have fallen during the last few days and the fruit is beginning to take on colour fast. Plums, cucumbers, corn and tomatoes are moving out.

Vernon.
Transcendent crabs are about over. The quality has been excellent, much better than last year and the quantity has been slightly over the earlier estimates. Hyslops will be in the middle of next week. Wealthy picking has commenced and will be in full swing the first of the week.

Some prunes are moving from the Oyama section. The weather has been showery up until Wednesday of this week and the bright sunshine and the cool nights of the past few days has made a marked difference in the colour of the fruit. McIntosh are coloring well and where they have been sufficiently thinned on thrifty trees, are sizing well.

Cover crops are doing particularly well, and a considerably greater interest is being taken this year in the sowing of vetch and other legumes for cover crops than ever before.

Kelowna.

A steady rain fell on Tuesday, the 23rd inst., the soil has been fairly well soaked. Tomatoes have cracked slightly but are of good quality. Canning tomatoes are coming in well and without an early frost will make a good pack. Semi-ripes and greens are moving very slowly owing to congested market.

Transcendent crabs are finished, Hyslops will be ready in about eight days. First picking of Wealthies in, they are of good size but could show more colour. McIntosh should be a good crop, expected to be ready about September the 15th.

Bradshaw, Columbia and Ponds
Seedling plums will be ready in a few days.

Early peaches are over. Yellow St. John and Early Crawford now being shipped. Elbertas should be ready in about ten days, prospects good.

Only a few potatoes moving in mixed cars. Onions moving slowly in small quantities. No sale for carrots, cabbage, beets, cukes.

Cover crops of vetch and rye show in July and early August are showing up well in the orchards. There will be considerable acreage sown to cover crops this week. Some alfalfa is going in, some vetch, and for later sowing rye is being used.

Spring sown alfalfa has made a good stand in orchards where it received enough moisture.

Penticton and Keremeos.

In Keremeos section the weather has been showery for the past few days and has interfered slightly with picking. Flemish Beauty and Bartlett are about at the peak. Crabs and plums are also moving in considerable quantities. Apples are sizing well and showing a good deal of colour. The yield of potatoes does not promise to be as heavy as expected, although the quality will be good.

In Penticton district the early and mid season peaches are practically over, and some Elbertas may possibly come in towards the end of the month, which is earlier than usual.

Bartlett and Flemish Beauty pears are moving in quantity, Clapp's Favourite being about over. For the past two or three days the weather

has been showery and will help fall sown cover crops a great deal as well as apples.

The Bank of Montreal has summarized crop conditions throughout Canada as at August 25th as follows:

British Columbia.
More or less heavy and beneficial rains have fallen throughout the province with the exception of Ashcroft and Nicola districts where rain is badly needed. Reports indicate grains will be a good average crop; so far not adversely affected by rain. Roots are only fair and potatoes will not exceed 80 per cent. crop. In the Okanagan district apples may now exceed the 1919 output. Early varieties are overrunning estimates. Pears are 15 per cent. over 1919. Stone fruits are average. In other districts tree fruits are poor to average. Pasturage is only fair but is improving in some districts.

Prairie Provinces.
Edmonton District.—For a large percentage of wheat crop there are no reports of damage. Oat crop promises good yield.

Calgary District.—Conditions still favourable for cutting, which is about half done. Fair to average yield.

Lethbridge District.—Fifty per cent. wheat cut. Threshing under way in some districts. In the north-east and west the returns are disappointing. The south reports a good yield; late grains have profited by recent showers. Plenty of feed in south districts.

Saskatoon District.—With continued present good harvesting weather 60 per cent. wheat will be cut by the 27th. Seventy central points report all conditions favourable with high grade wheat expected, and yield ranging from 20 to 30 bushels.

Regina District.—Weather conditions ideal. Wheat cutting partly completed and threshing started. Returns satisfactory. Other grains good crop.

Winnipeg District.—Grains practically all cut and threshing well advanced; average wheat yield 15 bushels. Early market expected.

Province of Quebec.
Harvesting is practically completed in many districts and reports indicate that the cereal crop generally is light, probably 60 to 70 per cent. of average. Root crops and grass pasture have improved by recent rains. The yield of potatoes will be light.

Province of Ontario.

Harvesting is about completed. Reports are conflicting as to yield of grains. While some districts report good returns, in most cases grain is reported to be threshing out much lighter than had been expected and quality also is below anticipations. Corn is doing well and promises to be the most satisfactory crop of the season. Root crops and pastures have improved where rain has fallen. Potatoes generally are disappointing. Peaches are light; pears good; apples a poor crop on the whole. Second growth of hay is showing to advantage.

Maritime Provinces.

Harvesting operations are well under way but prospects point to a light crop of all cereals. While crops have been benefited by recent rains they are not expected to produce average yield. Grass pasture shows an improvement owing to recent rainfall. Apples are expected to be a fair crop. In Prince Edward Island recent rains have proved very beneficial to all crops, especially potatoes, and fair yield may be expected. Grass pasture shows a decided improvement.

FINED TEN DOLLARS AND COURT COSTS

(Continued from Page 1).

that she had shut off the gas feed, put on the brake and sounded the horn before the boy was struck by the motor. Mr. Duggan swore Mrs. Orr could not have avoided the accident, as the boy turned back on the street and ran directly in front of the motor.

The evidence of Mr. Steers and Mr. Morrow was to the effect that they had seen Mrs. Orr driving on Shaughnessy Avenue past Mr. Steer's restaurant shortly before the accident, and that they considered the motor was being driven at an excessive speed. This was contradicted by Mrs. Orr and Mrs. J. Rowley in evidence.

In summing up the evidence the Magistrate pointed out the seriousness of motors being driven at a fast speed on streets where people used them frequently, and also that there was far too much speeding by motorists on the streets of Summerland. He considered there were special circumstances in the case before him, and that Mrs. Orr had done everything possible to avoid any accident, and that the evidence showed the accident was almost unavoidable. Also that her record as an experienced driver was much in her favour. He held, however, that the balance of evidence showed she had been driving too fast on the street when passing the restaurant, and he would inflict a fine of \$10 and costs.

He also stated that the next case of speeding coming before him would be more severely dealt with and heavy fines inflicted. Motorists did not seem to be aware that speeding might bring a fine of \$300, and they would

do well to take warning to drive slowly on the populated streets. Mr. W. C. Kelley acted as Counsel for Mrs. Orr.

The Summerland Mercantile Co. LTD.

Peachland Doings

A Weekly Chronicle Furnished By Our Local Representative.

After a pleasant visit at Pentiction with her brother and family Mr. and Mrs. E. Law, Mrs. Vivian returned to her home on Tuesday morning of last week. She was accompanied by her little niece, Pearl Law, who visited here for the week, returning to Pentiction Saturday evening.

Friends and acquaintances here of Mr. J. L. Vicary were sorry to learn that through illness he had been obliged to go to Vancouver for special treatment for stomach trouble. He has been ailing for some weeks past. Mrs. Vicary accompanied him.

Mrs. Jones and daughter Miss McNeil of Edmonton were passengers south on Tuesday evening of last week after a short visit in Peachland.

Mr. John Brinson and Mr. Work paid a short visit down the lake last week, going by Tuesday evening's boat and returning on Thursday.

After a pleasant visit in Peachland for a short time, a guest of Miss Metcalf, Miss Graham left on Tuesday evening to return to Vancouver.

Little Miss Merle Iverson and her sister returned home to Naramata on Tuesday evening of last week after a short visit here with friends.

Passengers north to Kelowna on Wednesday morning of last week were Mr. W. White and Mrs. Lane. Mr. White returned on the evening boat.

After a pleasant visit spent down at Vancouver Master Hugh Dorland returned home on Wednesday of last week via K.V.R. and Lakeshore stage. He was accompanied by his aunt Mrs. Aylesworth of Vancouver, who comes to spend a portion of the summer here.

Mr. Trowsdale of Calgary, who has been residing here with his family on their vacation was a passenger north on Wednesday morning of last week.

The Rev. F. A. Coad was a passenger south on the Lakeshore stage on Wednesday morning last, bound for Pentiction, where he attended the Church District Meeting being held there. He returned on Thursday.

Passengers north on Thursday morning were Mrs. W. White and daughter Miss Ruth White, Mr. McDonald and daughter Mrs. A. J. Miller, the latter accompanied by Miss Bigger of Saanich, who has been paying them a visit here for a short time. Mr. McDonald was leaving en route for the Old Country.

After a pleasant visit here in the home of Mr. and Mrs. Allan Wilson, Mr. David Duke, railroad engineer running out of Field left for his home last week.

The Rev. I. and Mrs. Page motored up from Pentiction on Thursday of last week to spend a few days' vacation in the community and visit among some of the members of his congregation. While here they are making their headquarters at the home of Mr. and Mrs. R. Harrington.

Mr. P. N. Dorland has just recently completed his vacation period and has resumed his duties as mail clerk on the S.S. Steamous.

Prairie farmers are often heard to express wonder at how men in these western areas with small holdings of land can eke out a living, to say nothing of getting ahead. One of our citizens is proving that it is quite possible to make money off a very small acreage if it is gone at in a systematic way. This is Mr. H. H. Thompson of the Lake View Fruit Ranch, who specializes on garden produce and is having great success. He goes in for a number of novelties in various lines and recently made a shipment of an assortment of these novelties to Vancouver, which fact worked its way into the press; and as a consequence Mr. Thompson received the following letter from a large and reputable firm in Calgary: "Notice from the attached clipping taken from the 'Vancouver Province' that you have some other novelties. Would be glad to purchase a small lot of each variety from you, we of course, to buy them at your price. Shall be glad to receive them at your convenience. This not only applies to novelties mentioned in the write-up, but to any you may have during the next month or so."

The following is a list of the varieties shipped to this firm following their request: White Tomatoes—non-acid and inclined to be sweet, large yellow tomatoes and small yellow ones, rainbow or variegated tomatoes, lemon cucumbers, white egg plant, pimento, Burbank peppers, Burbank white cucumbers. Another novelty he is trying out but which he has not in large enough quantity to ship is tomato peppers. They are peppers in size and shape much like small tomatoes but of quite a bright

red colour, growing on rather a symmetrical bush and show up very prettily indeed. He is also trying out and testing four varieties of sweet potatoes with encouraging success. One variety though seems to excel all the others and had practically full size tubers by the middle of August. Mr. Thompson is able not only to give satisfaction at the various prairie points to which he ships but is able to compete on more local ground as the following extract from a letter he received from Kelowna will show: "The cantaloupes I got from you a fortnight ago were excellent. Could you send me up another dozen by express to-morrow or the first of the week?"

He is also growing yam and peanuts. It is quite an education and interesting to view the ground where this stuff is being produced. Mr. Thompson and his wife, who is entitled to a large share of the reward for their efforts, are very enterprising and energetic along these lines of production.

Mr. Bert Robinson was a passenger south on Thursday evening of last week en route for Oliver, where he expected to work for a time, but got in touch with a job which suited him better, being a job at Allan Grove, so he accepted it and has gone there to commence work.

Mr. and Mrs. Maben of Vancouver are spending a short holiday in the Okanagan and just now are guests at the home of Dr. and Mrs. Buchanan.

Mr. Crawford of Kelowna, bookseller and stationer, was a visitor in town last week, spending Thursday evening in town and returning by boat Friday morning.

Reeve and Mrs. R. J. Hogg were at home on Thursday afternoon of last week to visitors in Peachland and their hostesses. A very enjoyable afternoon was spent on the lawn, many of those present taking a turn on the tennis court.

J. Kudelka and son had the misfortune to lose a bunch of wood off the C.P.R. barge which they were loading at the Government wharf. When the load was put on the barge it started to take in water and soon began to sink. As soon as this was noticed help was summoned and they shifted the barge around to the side of the wharf with one end as close to shore as possible. However the end next to deep water sunk low enough that a number of cords of wood floated off and although efforts were made to check it and hold it with a quickly constructed boom there was a lot of it went adrift out of reach. The S.S. Okanagan came in and attached their pumping system, and floated the barge again after throwing some of the remaining wood off the sunk end of the barge on up the wharf again. The barge has since been loaded again ready for shipment.

There was a dance held in the Orange Hall on Thursday evening of last week with quite a gathering present. Among out-of-town persons present were Messrs. Dark and Leckie Jr. of Kelowna, who came down on the evening boat for the occasion, returning on the morning boat.

Miss Bessie Seaton returned to extend her visit to her sister Mrs. W. D. Miller at their ranch, after having spent a few days in town.

Mrs. Wright and Mrs. Becker left on Friday morning last to return to their home at Fort Saskatchewan, Alberta, after having enjoyed a very (Continued on Page 6)

Correspondence

The University of British Columbia. Vancouver, Canada. August 24, 1921.

The Editor, Review, Summerland, B.C.

Sir: The University of British Columbia is preparing for publication a War Book which will contain a brief summary of the war record of every member of the University, of McGill University College, and of Vancouver college, who enlisted for service in Canada or Overseas.

Considerable difficulty is being experienced in getting in touch with many of the former students, as well as the present undergraduates who are away from their homes for the summer.

May we, through your columns, ask all present and former students of these institutions who have received forms from the University to return them as soon as possible; and all those who have had military service, but have not received forms, to write for them at their earliest possible convenience. The information given by some of the students two years ago has been found to be insufficient in almost every case.

Former students who have not seen service will assist the work of the committee greatly if they will write the University to that effect. This will save us the time and the expense of securing their present addresses and circularizing them.

Communications should be addressed to The Editor, Roll of Service, The University of British Columbia, Vancouver.

Yours very truly,
H. T. J. COLEMAN,
Acting President.

Editor, Summerland Review,

Sir: As a newcomer to the Okanagan Valley I have found much to marvel at and admire. Amongst other things wonderful scenery, wonderful climate, and wonderful fruit. More enchanting still, I have discovered recently that all these natural wonders are supplemented by art—dramatic and musical art—which is also wonderful. Dwellers in remote country districts have seldom the opportunity of enjoying high class music and drama at their own door, so to speak.

NOTICE

Regarding Delinquent Taxes on Personal Property and Income.

NOTICE is hereby given that, under the provisions of the "Taxation Act," Collectors are empowered to enforce payment of all arrears of taxes due and outstanding on Lands, Personal Property, and Income by Tax Sale, distress proceedings, or by action in any Court of Law; and further take notice that unless payment is made forthwith of all such delinquent taxes action will be taken to collect same, together with interest and costs.

MARTIN S. MORRELL,
Provincial Collector,
Vernon Assessment District. 708

Fortunate indeed are they when they have, as in this instance, a building worthy of such performances, a well equipped, up-to-date theatre, beautiful and dignified in its interior decoration and proportion, an appropriate setting for the artistes who perform in it so delightfully from time to time.

Mr. Aikens is to be congratulated and honoured for having brought these things to pass. He is to be congratulated for insisting in patronizing only the best and most finished musical and dramatic art, and he is to be honored for putting such art within reach of the public—often, one does not doubt, at financial loss to himself.

For the sake of the well being of the whole community may we continue to continue the good work, and to receive from the public in ever larger measure the support he so worthily deserves.

Yours faithfully,
ENTHUSIAST.

EXPORTING ICE CREAM.

Vancouver.—Thousands of gallons of ice cream are being shipped every month from this port to China, the frozen dainty being forwarded in specially constructed containers holding about 500 gallons each. This fact was brought out in the course of an investigation to discover whether the prohibition era had any effect on the sale of ice cream and soft drinks.

What's a Guarantee?

Our idea of a guarantee is that the manufacturer who gives one—which hasn't any tags and loopholes—believes in his product. So much so that he stands ready to make good any loss suffered by the purchaser through defective material or workmanship.

It's mainly because of the guarantee that goes with them that we are selling and recommending Ames Holden "Auto-Shoes."

Of course, we know they give the cheapest mileage too—that they are dependable tires for any make of car, anywhere. But it's the guarantee that we talk about most. It's the straight and clean-cut, without time or mileage limits. It shifts our responsibility on to the manufacturer and he lives up to every letter of it. Come in and let us tell you about the guarantee that goes with

Naramata News

Current Events of Town and District

The Naramata Sunday School enjoyed its annual outing on Thursday, August 25th, motors and trucks carrying a happy holiday crowd of children, teachers, parents and friends down to the beautiful beach of Lake Skaha, where after a bounteous picnic lunch, the following programme of sports took place:

Children's race—1st Eileen Horswill, 2nd Sidney Horswill. Girls, 12 and under—1st Eileen Horswill, 2nd Lois Walters. Boys 12 and under—1st Howard Routh, 2nd Robt. Symons. Boys over 12—1st Stanley Allen, 2nd Roy Hunt. Girls over 12—1st Margaret Allen, 2nd Florrie Lyons. Men's race—1st Mr. Iversen, 2nd Mr. Horswill. Women's race—1st Mrs. Amaron, 2nd Mrs. Allen. Swimming race (boys)—1st R. Horswill, 2nd Cyril Rayner. Swimming race (girls)—1st Eileen Horswill, 2nd Margaret Allen. Underwater race (open)—1st Harry Roe, 2nd Margaret Allen.

After the picnic supper which followed, the motors and trucks picked up their crowds again, proceeding happily and noisily homeward.

Guests at the Naramata S.S. picnic at Skaha Lake, were Rev. Mr. and Mrs. Livingstone and Mrs. Angove, who motored down from Summerland to spend the day.

Mr. and Mrs. J. C. Lyons entertained a small company of friends on Tuesday evening in honor of their niece and nephew Mr. and Mrs. J. A. Lyons, who left for Winnipeg on Saturday morning by the K.V.R. Music was furnished by Mrs. Oakes, and supplemented by singing and games passed a pleasant evening.

Mr. Percy Elder, barrister, of Vancouver, and Mr. "Mickey" Mackay, well known ball player of the same place, spent a day in Naramata recently visiting old acquaintances, Mr. and Mrs. Campbell Robinson.

The Sunday Service at the Naramata Church was taken last Sunday by Mr. Smart, at one time a well known evangelist of Chicago, but now doing out door work at Summerland in the interest of his health. Mr. Smart preaches a sunny and optimistic gospel with compelling sincerity and was listened to with deep interest and attention.

Mrs. Mallory is absent from town on a short visit to Vancouver. Mr. Lester Mallory will leave shortly to attend school there, taking up his junior matriculation work.

Another student who will leave shortly to pursue his junior matriculation work elsewhere is Malsom Walters, who goes shortly to a school in California.

Dartlett and Flemish Beauty pears have been entering the packing house in large quantities this week. The late plums, Italian prunes, greengage and Wickson are coming in freely now, as well as Crawford peaches, and among apples the Wealthy and crabs.

WHERE ARE WE? WHO ARE WE? WHAT ARE WE?

Is there such a person as a Canadian? Such a ridiculous question! Of course there are Canadians, eight or nine millions of them! Wait! The Government of Canada says there is not. According to the official records there is not one Canadian among the entire eight or nine million inhabitants of this Dominion. Neither the premier of Canada nor any one of the premiers of the nine provinces is a Canadian. They may have born in Canada, and their parents and grandparents before them, but that makes no difference—they are not Canadians. The Government of Canada says so, and accordingly instructed its army of census officials to record the amazing fact.

Readers of the above may be skeptical of the truth of these assertions, but a little quiet enquiry and investigation on their part will soon establish the correctness of the statements made. When the census announcement is made shortly and the population of Canada is made known all you will know is that you are swinging on this globe by gravitation, that you are here, but you do not know whether you are going, but you are on your way. You will recollect that commencing June first the work of taking the decennial census of Canada was begun and enumerators began visiting the homes of the Dominion, armed with official forms and pencil in hand asking questions of all and sundry as to their names, age, place of birth.

FRUIT MARKETS EXTENSION

Efforts to Develop the Profitable Marketing of Fruits. Test Shipments Made.

The geographical position of the tender fruit districts in Canada is such that the same kinds of fruit in several of the states to the south are marketed earlier than the Canadian crop. The marketing season of some of the border states is practically the same as in Canada. For this reason no great effort has been made towards building up permanent markets in the United States for these fruits. Occasionally, however, when the crops of certain kinds of fruit are short in the border states, a profitable market is found.

Tender Fruits

The lack of organized marketing facilities in some provinces has resulted in a very uneven distribution of tender fruit in medium and big crop years, large markets being overstocked while others have been under-supplied. In order to obtain a wider and more equitable distribution of the crop, it is necessary that adequate marketing facilities be established, and the Fruit Branch, consistent with the duties assigned to it, has been co-operating with the provincial departments in promoting organization. It has also been deemed necessary that standard grades be adopted for tender fruits in open packages in order that greater stability may be given to the industry and the quantity shipped to long distance markets increased, thereby relieving the larger centres. Considerable attention has been given to this matter during the past year, and it is expected that grades will be adopted by fruit growers and the trade in the very near future. As the packing of fruit, loading of cars, and transportation are very important factors in the marketing of tender fruit, practical demonstrations are given by officers of the Fruit Branch in the proper methods of packing and loading. Test shipments have been made during the past year of various kinds of fruit in order to determine the best type of car for this movement. The results so far obtained have proved of great value and it is expected that further tests will be made during the present season.

Apple Exports

Canada's exportable surplus of apples shows great variations, dependent on the size of the crop in Canada and the United States. Of the crop of 1909, over one and one-half million barrels were exported, and the following year approximately one million barrels less. During the past season the exportable surplus was approximately 1,280,000 barrels. As the greater bulk of the exportable surplus of apples each year is shipped to the United Kingdom, the Dominion Government six years ago appointed a Fruit Trade Commissioner with headquarters at Liverpool, Eng., who, during the active shipping season devotes practically his whole time to promoting the interests of Canadian shippers both in the United Kingdom and on the Continent.

Market News Service

Through the publication of semi-monthly reports attention is called to the variety and size of apples preferred in the different markets, the possibilities of exporting other Canadian fruits, and all matters of special interest to fruit growers and shippers. Where circumstances warrant it, special reports are obtained for Canadian exporters. The prices at which Canadian apples and those from other countries which come into serious competition with Canadian

apples, are sold, are cabled by the Fruit Trade Commissioner to the Fruit Branch after each sale. These prices are circulated among growers, shippers and dealers through the Fruit Branch Telegraphic Market Newsletter, which is issued simultaneously twice weekly from Middleton, N.S., Ottawa, Ont., Winnipeg, Man., and Vancouver, B.C., during the heavy movement, and during the period of lighter movement from Ottawa on. Although the number of Canadian exporters compared with the number of growers is comparatively small, nevertheless as the prices obtained in the United Kingdom determine values in the domestic markets to a considerable extent, the cabled prices are of interest to all. During the past few years the cabled prices published have been in United Kingdom currency, but plans have now been made whereby the sale prices will be published in Canadian currency at the existing rate of exchange. In addition to the cabled prices for apples, the Telegraphic Market Newsletter contains wholesale prices of domestic fruit, as well as of potatoes and onions in the large markets of Canada. These reports are mailed free to anyone making application to the Fruit Branch, 21 Cliff Street, Ottawa. In conjunction with administration of the Inspection and Sale Act (Fruit Marks Act), the staff of fruit inspectors, located in all producing districts, give practical demonstrations of the proper methods of grading and packing for the various markets.—C. W. Baxter, Fruit Commissioner, in The Agricultural Gazette of Canada.

ALL SHE WANTED.

A young woman with three fair companions was on a trip to a neighboring town when the smell of smoke became perceptible. The man at the garage told them it was a hot box smoking. "It'll take me about 20 minutes to fix it," he said.

The owner stood watching him a minute as he got to work; then she said: "By the way, while you're about it, I wish you'd grind the valves, take up the foot brake and fill all the grease cups. You'll have to work lively. I'll give you just half an hour."

John crawled from under the car and stood up. "As long as you're in such a hurry, miss," he said grimly, "I reckon you'd better get your horn jacked up and run a new car under it."

MOVIES

For Friday and Saturday, September 2 and 3, the manager of the Rialto Theatre has been fortunate in receiving an extraordinary attraction. "Before the White Man Came" is the title of the motion picture production.

The special feature of this attraction is that the Chief and Princess White Elk are travelling with the production and present a magnificent prologue and epilogue, explaining each vital point of the authentic and interesting story as it is unfolded on the screen.

Chief White Elk is a graduate of three universities and is a master of seven languages. He is the chieftain of his own tribe, the Cherokees, and has appeared in public for the last 15 years lecturing and entertaining. He has a wonderfully silvery tenor voice of remarkable range and utilizes it in a selected program of new and popular songs. He will also offer a real Indian dance. The picture is a masterpiece of acting, every part played by a full-blooded Indian.

"Before the White Man Came" faithfully portrays the life of the red man of not so long ago when he was the undisputed monarch of the plains.

The picture is taken from one of the annals of the tribe and describes the love of "Big Elk," chief of the tribe for "Kaweena," "The Wolf," chief of an opposing tribe, in his rival and the action of the photoplay proves that even in those days the course of true love did not run smooth.

On Friday night Chief White Elk offers a handsome present to the lady in the audience, who in his estimation is the most charming.

Saturday there will be a special matinee for children. The Chief will conduct an educational and entertaining contest, and the children finding the nearest correct answers to his questions pertaining to the life of the red man "Before the White Man Came" will be awarded nice prizes.

KOOTENAY POWER SURE THIS FALL

(Continued from Page 1)

amount of "juice" required for power come to us, and we will take up the question of reduction in price with the Municipality.

A ten year contract will be entered into. This will be practically identical with the contract already arranged with Pentiction and will be drawn up at once by the company and submitted to the council for signature, subject to the approval of the ratepayers.

When the meeting assembled the Reeve pointed out that the Municipality would have to incur some expense in altering its lines to suit the new conditions, and that the Council was anxious to know just where it stood with respect to Kootenay power, so that it might be prepared to distribute the Kootenay "juice" as soon as it was available, and that the Council did not feel like going ahead with this work until some definite arrangement was had with the power company. Both Mr. Warren and Mr. Campbell expressed some doubt about being able to finance the extension to Summerland, but later in the afternoon Mr. Warren gave positive assurance that the money would be provided, and after an understanding was reached Mr. Campbell promised to assemble the material at once so that there would be no delay in bringing the power from Bonnington Falls to Summerland.

With the exception of Coun. Kirk there was a full representation of the Council in attendance at the meeting. Following the concluding of definite arrangements, instructions were given the Electrician to prepare a list of all necessary material together with cost of same and the cost of labor required to make the changes in the system. A preliminary estimate of about \$5,000 has already been made. The by-law to authorize this expenditure will be submitted to the ratepayers at the same time as the by-law confirming the contract with the power company.

SUMMERLAND WEATHER REPORT

Table with weather data including temperature, wind, and precipitation for various dates in August and September.

SUMMERLAND BAPTIST CHURCH Sunday, September 4th. Morning service at 10:30. Theme: Assurance of Love.

ST. ANDREW'S CHURCH West Summerland. Rev. W. A. ALEXANDER, Labor Sunday. Preaching service at 10:30 a.m.

St. Stephen's Church Services will be conducted next Sunday, Sept. 4th by Rev. J. Cleland of Vernon.

THE RIALTO

FRI. & SAT., SEPT. 2 & 3—Before The White Man Came. Nights: Children, 35c.; Adults, 55c.

SAT. SEPTEMBER 10—Ethel Clayton in The City Sparrow. Ethel Clayton displays not only marked emotional talent as an actress, but also proves a delightful dancer.

COMING: Alf's Button. The She Wolf. EMPRESS Special Attractions.

THURS., SEPT. 1—Brewster's Millions with FATTY ARBUCKLE. Young Brewster had to squander a Million Dollars in a year to win a bet.

FRI. & SAT., SEPT. 2 & 3—TOM MIX in THE UNTAMED. Tom always plays an interesting part and particularly in this film.

MON. & TUES., SEPT. 5 & 6—DOROTHY GISH in The Ghost in the Garret. This is a most amusing play from start to finish.

WED. & THURS., SEPT. 7 & 8—PECK'S BAD BOY with JACKIE COOGAN. A justly angry rancher living on the K.L.O. road would like the person who stole the big pumpkin from a field.

FRI. & SAT., SEPT. 9 & 10—Isobel, The Trail's End. COMING: Alf's Button. Dempsey-Carpentier Bout.

PASSING EVENTS LOCAL, PERSONAL, SOCIAL & OTHERWISE

Mr. and Mrs. Salter were visitors to Kelowna on Tuesday. John Steuart returned on Wednesday from a business trip to Alberta. Mr. G. J. Coulter White and Capt. Creese were both visitors to Penticton on Saturday.

The irrigation pumping plant at the Experimental Station is now working well, pumping 220 gallons a minute. W. W. McGill of Prince Rupert, who was a guest at the Elsey home for a week, returned to the Coast last Tuesday.

Coun. J. A. Kirk left on Sunday to represent the Municipality at the Municipal Convention held this week at Port Alberni. Miss Muriel French has been staying with her aunt, Mrs. Geo. Gartrell, and will return to her home at Vernon on Monday.

Mr. Bruce A. MacKinnon of Vernon came in on Thursday's boat to visit a few days with his brother, Mr. F. A. MacKinnon. Mr. C. W. Lees who was a visitor in town, returned to Kelowna on Saturday, taking with him Mr. W. H. Hayes to spend the week-end.

Mrs. Dyer, sister of Mrs. Harold English, and who resides at the Experimental Station, was taken to the hospital on Thursday the 25th for an operation for appendicitis. We clean or dye soiled or faded garments, house furnishings, etc. Let us mail you price list. Permanent Dye Works Ltd., 1641 4th Ave. West, Vancouver, B.C.

Mr. Fred Taylor, Dominion Immigration Agent, paid a hurried visit to Summerland, on his way from Nelson to the Coast, in order to settle some immigration matters here. Definite instructions have been received from Ottawa by inspectors this week that hauled apples must be shipped in economy crates, or if large they must be packed and shipped as "domestic."

A birthday in two families falling on the same day was the reason for a small corn-bake party given by the Gayton and Elsey families jointly on Monday evening, after which the friends present adjourned to the social being given at Mr. Coulter White's the same evening. Quite a large number of people took in the Saturday afternoon boat trip to Penticton from the Government wharf, among those noted being Mr. and Mrs. C. E. Bell, Mrs. F. E. Long, Mrs. P. Knowles and family, Miss Mary Hannah and Harold White.

RETAILERS LINING UP WITH GROWERS

A Move to Co-Operate With White B.C. Producers to Combat Yakima Oriental Growers.

At a meeting held last week in Vancouver the growers' section of the Retail Merchants' Association pledged its whole hearted support to the farmers of the province in the marketing of their produce, provided the farmers, by co-operative effort among themselves, would guarantee the grocers a graded and good article. No stipulation is made by the grocers as to price, that phase of the question being left to the farmers and the general state of the market.

Spending Thousands To Get Business

Something like fifty sacks of Eaton catalogues reached Grand Forks post office this week, says the Grand Forks Gazette. They number, roughly, six hundred, and each book with postage costs around \$2, so that shipment alone has cost this mail order house about \$1,200. These shipments are usually made twice a year, and in addition smaller special-sale catalogues are sent out at intervals, so that this firm spends upwards of \$2,400 a year for business accruing at Grand Forks.

RIALTO THEATRE To-day & Saturday

CHIEF WHITE ELK presents His One and Only All Indian Masterpiece BEFORE THE WHITE MAN CAME. The Chief Will Make a Presentation To Some Lady To-night IT MAY BE YOU CHILDREN'S PRIZE MATINEE Saturday.

Sounds A Warning To Banking Houses

Prominent Magazine of Business Tells Financiers They Are Making Mistake. "Forbes" business magazine of New York has issued a warning to the banks of the United States against the policy they are at present pursuing. As the same general line of action is taken by Canadian banking institutions the views of the magazine are equally applicable here.

to start building up. What are the facts? "When you should have been applying the brakes two years ago and 18 months ago, you were not only going ahead at breakneck speed yourselves, but were encouraging everyone else to do the same. Your actions then were shortsighted and courted disaster. Your actions today are again shortsighted and court disaster.

"You gentlemen deprecate any 'run' on your banks. When depositors become nervous and insist on withdrawing their money, you explain how it is impossible for a bank to liquidate its assets overnight, or in haste. Yet you have demanded that business liquidate its assets with undue haste regardless of the sacrifice entailed or the demoralization incurred.

"Our railroads have 400,000 idle cars. They don't point to this 'surplus' with pride and brag about how well fortified they are to take care of any business that may develop. The railroads, unlike many of you bankers, realize that an excess of idle cars like an excess of idle money, is a matter of regret, not for braggadocio. It spells widespread idleness. Taking away money from a concern that can use it legitimately and profitably is akin to taking away seed from a farmer or tools from a workman.

"You bankers were willing and eager to lend freely when prices were artificially high, but how many of you are willing and eager to lend today when many prices are artificially low, thus investing collateral with abundant safety? "Ten pounds of rubber can be purchased today for the cost of one pound during the height of the boom. Cotton, once above 40 cents, is now under 13 cents a pound. Sugar was as high as 30 cents retail; raw sugar is now well under 3 cents a pound in Cuba. A year ago wheat was above \$3 a bushel; it is now \$1.35. Corn was at \$1.90; it is now around 77c. Oats were \$1.28; now 47c. Flour was \$14.75; now \$8.75. Coffee is less than half its price of twelve months ago. Beef, pork, lard, eggs, butter, all have tumbled drastically. Copper was 19 cents a pound a year ago; it is now 12 1/2 cents. Print cloths were quoted at 15 1/2 cents a yard; the quotation today is 4 1/2 cents. Oil is going a-begging at \$1 a barrel.

"Let liquidation be enforced much longer and ruination will have to be faced. Business and employment can not be built up by building up bank reserves to unnecessary heights.

"Catalogues are the most expensive method of advertising; they are not given out in the big cities where the stores operate for that reason. Instead, the newspapers are used, because they are more effectual and more economical. And, moreover, during dull times like the present, the advertising appropriations are increased, not diminished."

Mr. A. T. Riley who was hurt while unloading some firewood last week, is still unable to be at work. Miss Ruth Dale, who has been spending a holiday at Brandon, Man., has returned to take up her duties when the school opens.

The Presbyterian Y.P.S. held a "cornfest" at Crescent Beach on Monday last and had a very enjoyable evening round a camp fire. Mr. John Tait, district fruit inspector, informs The Review that he has been notified from Head Office at Vernon that there will be no more trips to Wenatchee organized by the Department this season.

Mr. McLarty, Dominion Plant pathologist to be stationed at the Experimental Farm here is expected to arrive at Summerland on Saturday accompanied by his bride. Until the new house on the Farm is ready he will live in the Thornthwaite cottage at Trout Creek Point.

In pleasing contrast to recent influxes of Chinese, a number of girls and women arrived from the Coast on Saturday to work for the Dominion Cannery, who are making a manful effort to dispense with Oriental labour. If all large employers would take the same stand, the Oriental problem would quickly solve itself.—Kelowna Courier.

Attention of our readers is directed to the official announcement in our advertising columns issued by the Provincial Collector of Taxation, in which notice is given that payment of all arrears of taxes on Lands, Personal Property and Income will be immediately enforced. Those who have not already made settlement, would be well advised to attend to this matter at once.

"It is infinitely more important that you bankers cease concentrating upon the wiping out of the perfectly legitimate facilities extended you by the Federal Reserve Banks and turn your thoughts towards wiping out the already widespread unemployment, which, unless checked, is calculated to bring about a situation every citizen ought to bestir himself, without delay, to avert."

TWO KILLED; TWO INJURED IN MOTOR ACCIDENT.

(Continued from Page 1.) a message sent to Mrs. MacLaren at Vancouver, who caught the evening train and arrived here Wednesday morning and was hurried on to Kelowna past the wrecked car at the scene of the accident. Her little son had died but a short time before her arrival. Mr. MacLaren is still in the hospital, but Mr. Godley is able to be out.

VOCATIONAL, NOT GEOGRAPHICAL VOTE

(Continued from Page 1.) greatly outnumber the men, and for this reason would soon hold the balance of power, but Mr. Ivens in replying made the inference that under his method married women would not be allowed to vote. Mrs. W. C. W. Fosbery also spoke in favor of her own sex in this matter and the meeting closed with the feeling that a considerable amount had been learned by those both for and against the views held by the principal speaker.

Merchants Urged To Use Newspaper Space

Addressing the Dry Goods Section of the Retail Merchants' Association at its convention at Toronto, Mr. T. M. Humble, a well known advertising writer, placed emphasis on the value to merchants of newspaper advertising.

"Every reader of newspapers is a possible customer," he said. "Newspaper advertising," he continued, "costs less per actual thousand of people reached than any other form of publicity, not counting the prestige of your name appearing in a reputable newspaper. There never was a time in merchandising when newspaper advertising was more necessary or potent in its power to get business. Newspapers are the safest, surest and best means of reaching the greatest number of people."

Don't Think—We Know.

An English fruit weekly claims that the best flavored apple is Cox's Orange Pippin, as grown in England. Next to an English Cox, in its opinion, is the Cox from New Zealand. Wonder what the Cox growers of Nova Scotia and British Columbia, in which provinces this variety succeeds best in Canada, will think of that!

PEACHLAND DOINGS SUMMERLAND WINS TENNIS HONOURS

(Continued from page 3)
 pleasant visit in the community with Mr. and Mrs. Hackett.

Visitors leaving on Friday morning were Mr. and Mrs. Ramsbottom of Calgary who had been guests of Mr. and Mrs. Edgecombe, and Mr. and Mrs. McTaggart of Edmonton, Alberta, guests of Mrs. Huse.

Mr. A. J. McKenzie and family accompanied by their cousin Mrs. Cottle of Calgary and her little daughter Evelyn motored to Long Lake on Friday and enjoyed a picnic on the shore of the lake.

Mr. W. J. Robinson of Summerland was a visitor in town on Friday.

Reeve, R. J. Hogg left on Friday to represent Peachland at the Municipal Convention being held in Port Alberni on the 31st of August and the 1st of September.

Mr. Mangin was a passenger south on Friday evening, returning on Monday morning.

Mr. and Mrs. Latimer left on Friday to return to their home after a very pleasant visit with Mrs. Latimer's sister Mrs. Hugh Williams. Mr. Latimer is a hardware merchant of Kerrisdale.

Mr. and Mrs. Geo. Keyes are enjoying a visit from Mrs. Keyes' niece Miss Battel of Moose Jaw, an employee in the telegraph office in that city, who came in on Saturday evening last.

Mr. F. Whyte was in town last week end, having recently returned from Ottawa.

Mr. Edgecombe and daughter Miss Brenda spent Sunday in Naramata and Summerland where Mr. Edgecombe conducted Anglican services.

The Rev. F. A. Coad was assisted at the Sunday evening service last by Mr. C. G. Elliott who has been visiting with relatives here for a few weeks. Mr. Elliott taught school here in the early days and at any time there was a supply needed for the pulpit he was always ready to step in and fill the place quite ably. On this occasion he read the lesson for the evening and delivered the sermon. He left on Monday to resume teaching in Edmonton.

The Rev. Isaac Page of Penticton conducted service in the Baptist Church on Sunday afternoon.

Mr. John McDougald and Mrs. McDougald paid a visit to the family home in town on Sunday last, while Gordon also joined from Kelowna.

Mr. O. Keating's niece Mrs. Cochran who has been visiting her uncle for a few weeks has been joined by her husband who arrived on Monday morning.

Mr. H. E. and Mrs. L. D. McCall and visiting relatives from Calgary motored to Summerland on Monday to look over that district, and stopped at Crescent Beach for a picnic dinner en route home.

Mrs. Solly and family motored up from Summerland on Monday for a short visit with friends. She brought with her Mr. Edgecombe and his daughter Brenda who had gone down by boat on Saturday.

Uneasiness About B.C. Railway Situation

(Continued from Page 1).
 about \$3,000,000. Until such time as the northern part of the province develops, the operating deficits including upkeep of the line, will be \$1,000,000 a year, so that this ill conceived project is almost certain to cost British Columbia \$4,000,000 a year, or more than half the province's entire income at the outbreak of the war.

It is said that the Government is willing to consider any kind of a proposition to get rid of the road, or co-operate for private operation.

A Just Rebuke.

It was my custom in my youth, said a celebrated Persian writer, to rise from my sleep to watch, pray and read the Koran. One night, as I was thus engaged, my father, a man of practised virtue, awoke.

"Behold!" said I to him, "thy other children are lost in irreligious slumber, while I alone awake to praise God."

"Son of my soul," said he, "it were better for thee to be engaged in irreligious sleep than to wake to find fault with thy brethren."—The War Cry.

TUNBRIDGE & COLQUHOUN
 Barristers, Solicitors, Notaries, etc.
 WEST SUMMERLAND
 Mondays, Fridays, 2 p.m. to 5 p.m.

N. F. Tunbridge, B. A., (Oxon)
 M. M. Colquhoun

(Continued from Page 1).
 The summary of Thursday's play was as follows:

Men's Singles—Robertson best Berryman 6-0, 6-1; Dodwell beat McNicoll 6-4, 6-4; Fortune beat Crane 6-2, 6-3; Russell beat Millar 6-3, 6-3; Williams beat Belson, default; Fortune beat Russell 6-1, 6-4.

Men's Doubles—Robertson and Berryman won from Dart and Belson, default; Dodwell and Theed won from Fortune and Cornwall 6-2, 6-2 and from Blott and McNicoll 6-0, 7-5.

Ladies' Singles—Mrs. Seon won from Mrs. Brown 6-1, 6-0.

Ladies' Doubles—Mrs. Allen and Mrs. Brown won from Miss DeBeck and Mrs. Dunn 6-0, 6-2.

Mixed Doubles—Mrs. Hamilton and Robertson won from Mrs. Brown and Crane 6-1, 6-2; Mrs. Seon and Williams won from Mrs. Aolham and Faulder 6-1, 6-1; Mrs. Allen and Blott won from Mrs. Watson and Morrison 2-6, 6-4.

The Semi-Finals.

The semi-finals were completed on Friday, leaving the finals for this afternoon. Dodwell of Summerland and Fortune of Salmon Arm went through their respective sides of the men's singles draw without encountering very serious opposition, and meet in the final this afternoon. The other finalists are Mrs. Seon and Mrs. Watson in the ladies' singles, Dodwell and Theed versus Russell and Faulder in the men's doubles, Mrs. Seon and Williams versus Mrs. Hamilton and Robertson in the mixed doubles, and Mrs. Watson and Mrs. Seon versus Mrs. Brown and Mrs. Allen. The last mentioned team was the only Penticton one to reach the last round.

Friday's feature matches were played in the men's doubles and the ladies' singles. Russell and Faulder of Summerland had a hard fight to reach the final, defeating first White and Hvidt and then Crane and Millar, both local teams, after two close, exciting matches which both went to three sets. The first of these matches was the closest fought one of the tournament thus far. After the Summerland men had taken the first set 6-4, the local pair captured the second 9-7. The final set went to seven all before Russell and Faulder took the set 9-7.

In the ladies' singles Mrs. Allen, the Penticton champion, was beaten by Mrs. Watson of Vernon in the semi-final after a hard match, the deciding set going to 7-5 before being taken by Mrs. Watson. Both ladies played fine, steady tennis and the match attracted perhaps the greatest interest of the day. Mrs. Seon and Williams defeated Blott and Mrs. Allen in the mixed, 8-6, 6-3 in a well played match.

The summary of Friday's play was as follows:

Men's Singles.
 Robertson won from Cornwall 4-6, 6-2, 6-4; lost to Dodwell, 6-0, 6-0.
 Fortune won from Russell, 6-1, 6-4 and from White, 6-3, 6-3.
 White won from Williams 6-1, 7-5.
 Dodwell won from Morrison, 6-0, 6-3.

Ladies' Singles.
 Mrs. Seon beat Mrs. Hamilton, 6-1, 6-3.
 Mrs. Watson beat Mrs. Allen 6-4, 2-6, 7-5.

Men's Doubles.
 Dodwell and Theed won from Robertson and Berryman, 6-1, 6-2.
 Millar and Crane won from Williams and Morrison, 6-4, 7-5.
 Russell and Faulder won from White and Hvidt 6-4, 7-9, 9-7, and from Millar and Crane 6-3, 2-6, 6-2.

Mixed Doubles.
 Mrs. Hamilton and Robertson won from Mrs. Dunn and Berryman 6-1, 6-1.
 Mrs. Seon and Williams won from Mrs. Allen and Blot, 8-6, 6-3.

The summary of the finals on Saturday was as follows:
 Men's doubles—E. R. Faulder and R. G. Russell played P. G. Dodwell and E. F. Theed. The two first named had worked their way into the

Boy Scout Column
 1st SUMMERLAND TROOP B. P. SCOUTS
 Headquarters, The Gymnasium.
 Scoutmaster O. F. Zimmerman
 Meets every Friday evening at 7.30 p.m.

Last Friday the troop held a camp raid. Each camp was occupied by three patrols which in turn were divided into raiders and guards.

The guards were to catch the raiders of the opposing side while they were attempting to break into the camp. Any raider breaking in was allowed to go free.

We are in receipt from Ottawa of a new price list of uniforms. Owing to the difficulty of troops obtaining a standard uniform and also to bring the price within reach of all, Dominion Headquarters is taking full control of supplies. Shirts which formerly cost \$4.00 are now listed at \$1.35, while shorts have dropped from \$2.50 to 85c. These prices are available only to bona-fide scouts. We would advise all scouts to look over their uniforms and see if they are complete, as an order is to be sent this week.

Does the Trick.

Many weeks ago a citizen lost on the street a piece of ore which he valued very much. Last week he advertised for it in The Review and got the lost ore as a result.

Another had a chain taken from his wagon, left in the orchard overnight. A classified ad in The Review demanding its return brought back the chain.

These are but two of the many proofs that Review classified ads get RESULTS.

final after some very strenuous matches against players from nearly all the clubs in the Valley, also from Salmon Arm, Kamloops and Victoria, but they were out-matched by Dodwell and Theed who beat them 6-3, 6-2.

Men's singles—Won by P. G. Dodwell against R. Fortune of Salmon Arm, the score being 6-3, 6-1, 6-0.

Mixed doubles—Won by Robertson and Mrs. Hamilton of Victoria after a very strenuous and exciting match with M. P. Williams and Mrs. Seon of Vernon.

ANNOUNCEMENT

I have sold my auto repair and supply business at Summerland to Messrs. Nelson & Peckham.

I would thank my friends and patrons for the generous support accorded me.

To facilitate the closing up of this part of my business, I would ask that all accounts due to me be paid forthwith to Mr. W. C. Kelley, West Summerland.

I am still operating in Summerland the agencies for the McLaughlin and Chevrolet Companies, and anticipate being able now to give all my time and attention to this end of the business; while service on McLaughlin and Chevrolet cars will be a first consideration of my successors, Messrs. Nelson & Peckham, for whom I would ask a continuance of the support so generously given to me.
