DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 1

SUMMERLAND, B. C., MAY 29, 1909

No. 43

## EMPIRE DAY CELEBRATION

### PASSES OFF SUCCESSFULLY

Many Visitors From Outside Points--Splendid Programme of Aquatic Sports in Forenoon and Formal Opening of Men's Club Building--Sports in Afternoon Lecture at Night. Special Sunday Sermons.

Empire day will long be remembered in Summerland as one of the brightest and best gala days ever held in the beautiful Okanagan Valley. The sky was cloudless and the faces of the large concourse of residents and visitors were just as cloudless. The people of the district were out in full force and in holiday attire. Hours before the time for the time set for the arrival of the boats and the commencement of the sports, a continuous procession of rigs was pouring towards the front. When the Aberdeen came in from the head of the lake, the Clovelley from Kelowna, the Naramata and Orillia from Naramata, each loaded with excursionists, the cheering of the home crowd on the wharf temporarily drowned out the sweet strains the band was producing.

The committee in charge of affairs had arrangements well in hand, and badges, admitting to the grounds were sold as the people passed, and plenty of vehicles were on hand to convey the crowd to the grounds. Throughout the day no accidents occurred to mar the harmony and good clean, healthy sport was the order.

#### AQUATIC SPORTS.

The forenoon was occupied by an interesting programme of boat races. The lake was in its very best humor, smooth as a mirror, with just enough breeze to make sailing possible, and a little fleet of yachts, like white winged birds made a pretty picture as they gracefully plied back and forth over the course. Canoes and row boats, propelled in all kinds of styles, fussy steam tugs and spluttering gasoline launches moved hither and thither with kaleidoscopic effect.

The newest feature for Summerland was

the exhibition war canoe race between teams representing the sister towns of Summerland and Naramata. The event was full of interest and the finish was so close as to leave it open to doubt as to which was the winner. The home crew was said to be a few inches ahead. Something will certainly be doing when the Naramata regatta takes place on the 17th.

The yacht sailing handicap was the most graceful event of the series and of the four competitors, Ed. Sawyer, with his nameless yacht came in an easy first, thus landing the coveted Stark cup. The wind dropped about the time the race was called and it seemed doubtful at one time whether the boats would finish within the allotted period. Of the four starters, only one finished within the time limit. Three other yachts were entered, but failed to show up at the starting point on time.

Other events and prize-winners were:

Double canoe race—1. Cruickshank and Glennie; 2. Baker and Nichol.

Mixed double canoe race—1. Miss Myrtle Conway and W. J. Nichol; 2. Miss Gwen. Robinson and H. Glennie.

Three in canoe—1. Cruickshank, Glennie and Blewitt; 2. Nichol, Baker and Walker. This was the finest race of the day and was hotly contested from start to finish. The victorious crew won out only by a very small margin.

Single canoe race—1. Blewitt; 2. Nichol.

The motor handicap aroused the greatest interest. There were six entries, and the winner, Mr. George Gartrell, covered the five mile course in forty-two minutes, winning out easily over a two and a half minute handicap. Conway's boat made excellent time, finishing third after a 4 1-2 minute handicap.

The handicaps and times were as follows:

G. Gartrell, 2 1-2 min., handicap, fin.	42 m.
F. Anderson, from go,	47 m.
J. Conway, 4 1-2 min.	45 3-4 m.
E. Garnett, 1-2 min.,	51 1-5 m.
A. Stark, 1-2 min	55 m.
B. Hatfield from go,	56 m.

The grounds in the afternoon were thronged with people anxious to witness the programme of sports.

#### FOOTBALL.

The football match between Vernon and the home team ended with a 1-0 score in favor of the former. The game was watched throughout with more or less weariness on the part of the spectators.

The teams were evenly matched but gave the initiated the impression that it was a scratch-up game. Anything approaching team play was conspicuous by its absence and the players showed a lamentable lack of training. There were a few clever players on both sides but they lacked anything approaching support. The visitors certainly put up the best game and it is entirely due to the excellent home defense that the score was not a great deal more one sided.

F. Mallett refereed the game impartially and the teams lined up as follows:

Summerland		Vernon
Baker	goal	Phair
McWilliams	full backs	Simms
Nelson	"	Nichols
F. Brind	half backs	Howie
McDougall	"	Feathers
C. Brind	"	Gaye
Adams	forwards	Munro
Atkinson	"	Seymour
Robinson	"	Ley
Conway	"	McWhiston
Moulton	"	Simmons

#### BASEBALL MATCH.

The baseball match, Kelowna vs Summerland was the most enjoyable feature of the afternoon sports and eleven innings had to be played in order to decide the question of supremacy. The score at the end of the ninth innings was 8 all and remained there until the 11th when the visitors rolled up two more runs and the locals failed to tally.

Mark Manchester and Fred Baker, the home battery, did good work, the former fanning out 14 as against the Kelowna

# The Summerland Review

pitcher's 6. It was not a Summerland day however and the locals showed a woeful lack of practise and form. The errors rolled up in bad shape, and the general feeling was that it was high time that the boys stopped trading on last year's reputation and got down to business. They can deliver the goods if they want to and they must get busy if the cup is to remain in Summerland.

Conway at short stop was not in good form having been hurt at the preceeding football matce, he was therefore replaced by Robinson, while LeGros, spare man was placed at centre field.

The game was pretty much Kelowna all the way until the fifth innings and two extra innings were played to score.

A good spirit prevailed throughout the game and good play on either side was recognized by the crowd. Following were the teams:

Kelowna		Summerland
Easton	P	Manchester
McMillan	C	Baker
Coe	1 B	Blewitt
Frame	1 B	McIntyre
McMillan	3 B	Clouston
Marinette	C F	Walker
Jamieson	R F	Glennie
Creelman	L F	Robinson
Pettigrew	S S	Conway

D. H. Watson umpired the game in his usual satisfactory manner.

## ATHLETIC SPORTS.

The athletic sports programme of the afternoon was unavoidably curtailed on account of the lateness of the hour. The events were however full of interest and some surprisingly good work was done.

The following is a list of events and prize winners:

Throwing the baseball—(ladies) Miss Gwen. Robinson.

Best lady rider—Miss Lillian Brown.

Hop step and jump—1. P. Kruger—36ft 4in; 2. Andrew Charlie—36ft.

High jump—1. Andrew Charlie—5ft; 2. P. Kruger—4ft 10in.

Relay race, one mile, three entries, Kelowna, Summerland, Indians—won by Summerland team.

100yards dash—1. Baker; 2. McWilliams.

## CLUB OPENING.

At 11:30 a. m. the formal opening of the club room took place. The building was open for inspection and is certainly a credit to the promoters. Short addresses were given by Revs. Kirby, Hood, Estabrook, McIntyre, Messrs. Moore and Walton (Vernon).

The chair was occupied by Mr. J. R. Brown, and his request for brevity was honored by the speakers, each of whom dealt with different phases of the work which the club aims to accomplish. The Intellectual, Educational, Spiritual, Social and Physical sides were touched upon and Mr. Moore extended a cordial welcome to the visitors from outside points.

## EVENING LECTURE.

In the evening, Rev. Mr. Kirby of Calgary gave an instructive lecture on "Rome the Eternal City." He introduced his audience to the former centre of the world's civilization and spoke of it as one of the three most famous cities of the world today representing as it does the centre of the world's art of the past and the centre of the great Roman Catholic power. The audience was taken by turns to the art galleries, the Colliseum, St. Peter's and finally to the Vatican where the lecturer and a number of others had the honor of an interview with His Holiness the Pope.

At the close of the lecture the prizes were presented to the successful competitors in the athletic events.

Quite a number of excursionists missed the boat in the evening and were compelled to remain in town over night. On Tuesday morning there were a number of young men limping around giving an idea of the strenuousness of their efforts of the previous day. Taking it all around Empire Day was a great success throughout.

## SUNDAY SERVICES.

The services on Sunday were no unimportant part of the club opening exercises, and the preacher of the day was Rev. Mr. Kerby of Calgary.

The subject of Mr. Kerby's morning sermon was taken from the text "Oh that I knew where I might find Him" in this representing the cry of a world seeking for light as little children in the night reaching out hands for someone to lead.

The main points in his eloquent and impressive message were: 1. We should believe in the truth; 2. We should seek for the truth—they that seek shall find. 3. We should rest upon truth, the only sure foundation; 4. We should hold fast the truth, holding fast only that which is good. This passage found its fullest interpretation in Jesus Christ who said "I am the way, the Truth and the Life." Few would deny that ther was a historic Jesus. He should be sought and would be found. The speaker appealed to the young men to hold fast to Jesus as Savior and companion in life if they would make a true success of life.

Mr. Kerby gave a very interesting address to the children of the Sunday school on the word "Bible" taking the letters and what each stood for.

In the evening Mr. Kerby, took for his theme the visit of Saul to the witch of Endor, and the warning given by the prophet Samuel. The sermon, as was the morning effort, was particularly directed towards young men, and the sorrow and anguish resultant on mis-spent years was emphasized. In connection with the visit of Saul to the witch—Mr. Kerby said that terrible as it was was for one who had been anointed by God's servant as had Israel's king, and had been the recipient of Divine favor, it was preferable for a man to deal with familiar spirits and thus express his belief in immortality and the future state rather than fall into the slough of agnosticism and infidelity. The best thing was to maintain a childlike faith in his mother's God and keep his armour bright.

The choir rendered special music throughout the day in a most acceptable manner.

## ELECTRIC RAILWAY PROJECT.

### May Have One Hundred Mile Electric Car Service in Valley Within Eighteen Months.

Construction of a 100-mile electric railway tapping the principal fruit-growing centres on both sides of Okanagan Lake is to be started shortly, says the Penticton Press. It will be completed within eighteen months. The enterprise, started by local capitalists, is said to have secured the financial support of the Earl of Aberdeen, viceroy of Ireland, who is the owner of the famous Coldstream ranch near Vernon. The new company was incorporated by special act at the last session of the provincial legislature.

According to Mr. John F. Langan of Chicago, who has just returned from a tour through Alberta and the Okanagan, the proposed line will greatly aid in the rapid collection of fruit at Vernon, which it is proposed to make the seat of a large fruit exchange. From Vernon the main line will run down the west side of the lake as far as Summerland, an important fruit-growing point. Another branch will extend down the east side of the same lake as far as Kelowna, a distance of nearly forty miles. The Shuswap Falls at the upper end of the valley and possibly the Okanagan Falls below Penticton will be harnessed in order to furnish the necessary energy for developing electricity.

WOMEN CONVENE

DELEGATES FROM VALLEY POINTS DISCUSS TEMPERANCE AND MORAL REFORM.

W. C. T. U. Convention in Summerland a Great Success---Much Business Transacted---Instructive Lecture by Mrs. A. T. Robinson.

The first women's convention ever held in Summerland was successfully carried out this week by the Okanagan Valley Branch of the Women's Christian Temperance Union. The convention was the fourth of its kind to be held in the Okanagan Valley, and proved a great success in every particular. The sessions were held in the Men's Club building, the bright airy auditorium being used for the sessions. Down below dining tables were arranged and a temporary kitchen fixed up, and meals were served to the delegates and a number of local friends. The greatest good fellowship prevailed and nothing occurred to in any way mar the harmony of the occasion.

For the business sessions the chair was occupied by the district president, Mrs. J. B. Robinson of Peachland. Twenty-two delegates were reported from outside points, all of whom were entertained by the ladies of the district at their homes.

The sessions were unusually well attended and the spirit of optimism and enthusiasm was unbounded.

Much valuable work was reported and the members felt a bond of sympathy and helpfulness which not only drew them closer together but augured well for the future. Greetings were received from Mrs. C. Spofford, provincial president, who could not be present on account of the recent death of her aged father. The secretary was instructed to write Mrs. Spofford a letter of condolence and assure her of the ready sympathy of the members. On account of the change made in the time of holding convention Dr. Spencer, superintendent of the Local Option League, could not be present. The convention was especially fortunate in securing Mrs. A. T. Robinson to assist, thereby aiding very materially in the success of the sessions.

OFFICERS ELECTED.

Officers for the ensuing year were elected as follows:

President—Mrs. (Dr.) Lipsett, Summerland.  
Vice President—Mrs. Geo. Bell, Enderby.  
Cor. Sec.—Mrs. (Rev.) Hood, Summerland.  
Rec. Sec.—Mrs. T. G. Wanless, Vernon.  
Treasurer—Mrs. Ball, Armstrong.

## News from Peachland

Mrs. Needham and Master Osburne spent Tuesday in Kelowna.

Rev. C. W. White was a passenger to Summerland on Monday's boat.

Mr. R. H. Robertson set out for Vancouver on Tuesday morning.

Mrs. Buchanan, mother of our two young athletes Tom and Jack, arrived from Edinburgh, Scotland, on Monday night. She was accompanied by three little folk, and has taken up her residence in Mr. W. A. Lang's house on Third Street.

Mr. R. Keeley, of Kelowna, surveyed a line for water pipes for town use from Trepannier Creek, less than quarter of a mile above the Lambley ranch house. It will give a fall of 175 feet. This is considered sufficient to give a good force for fire purposes in town.

Mr. Lloyd Afflick surprised some of his friends at least by dropping in here Tuesday afternoon. He came in from Vancouver after a few weeks of vigorous surveying work on Vancouver Island. He is on his way to Nelson.

The Ranchers' Glee Club held their concert last Friday evening, and from all points it was a success. A well filled house greeted the performers when the curtain was raised at 8:10 promptly, the advertised time, and the programme was carried through without a hitch. This in itself speaks volumes for the care and attention to detail by the leader, Mrs. Kellogg-Mitchel. The different items on the programme were rendered in a manner that bespoke careful training, and received well merited applause, and several recalls were received. Of the part singing the ladies' quartette, "In a still, small voice," by Mesdames Mitchel, J. L. Elliott, Creasy-Smith and Miss Keyes was probably the choice, though the old favorite "Come where the Lilies Bloom" and Gounod's "Praise ye the Father" were encored. Mrs. Kellogg-Mitchel's solo "Good-bye Summer" was beautifully sung, the audience showing their appreciation by a great burst of applause. Her encore "The Blue-bells of Scotland" reached the hearts of all the Scotch present. The first number on the second part was a couple of selections by "The Kitcheners' Band," under the baton of Mr. J. L. Vicary, who covered himself with glory by the way he conducted the band. At the conclusion of the concert the performers and their friends repaired to the home of Mr. and Mrs. C. G. Elliott and enjoyed cake and ice cream.

### ENTERTAINING THE ANGELS.

This week Summerland entertained the Okanagan Valley delegates to the district Woman's Christian Temperance Union.

Citizens who are interested in that organization will no doubt have esteemed the opportunity of showing hospitality to the visiting representatives a pleasurable obligation, not only because of the new and agreeable associations formed, but because such hospitality tends to cement friendship between the Okanagan communities and because the Union is in itself an institution not without use to the world.

The cavalier attitude sometimes manifested towards the White Ribbon Army as being merely a "wimmen's" affair, will hardly do when one thinks a second time about it. The fact is, the Union is an institution which appears to have "made good." It appears also to have come to stay. Thirty-five winters have not frozen it out nor have as many summers dried it up. It is now almost big enough to roll on by its own momentum. Fully half a million people bear its beautiful emblem, a white ribbon, in various parts of the earth, and in forty different countries and provinces it is organized for business.

People who identify the W.C.T.U. with poor, dear, crack-brained Carrie Nation and her tribe are not well informed. The Union was planned by a woman whom W. T. Stead called "The uncrowned Queen of America" and its finger prints are found, not only in such tender ministries to the fallen as glorify womanhood, but also on the stern anvils on which the laws of provinces, states and nations are hammered out.

The Union is the antecedent, if not the prolific mother of the Women's clubs of

America, and its members have done much preaching of temperance, but they did not stop with that. In this province they set afoot the present local option campaign which awhile ago proved of some concern to the government, and elsewhere they have been largely responsible for legislation which has directly affected the habits of many people. Every state in the republic to the south of us has, immediately through their efforts, laws requiring the study of scientific temperance in the public schools. They are responsible for the laws raising the age of consent and forbidding the sale of tobacco to minors. Therefore the saloon keeper and the tobacco trust do not love them. The first police matrons and most industrial homes for girls were secured through their agitations, as were many refuges for erring women and the homes for unemployed girls, and girls who find themselves stranded in strange cities, institutions which have done an immense amount of good to society.

In view of this, the Union seems to have won its spurs and earned the right to be around if it has a mind to. All Union members may not always be wise, but but then, who is? It is enough that they are seeking to make this world better as fast as the world, the flesh and a certain personage of malodorous reputation will allow them.

So if we cannot all have a chance to entertain the angels, let us at least entertain kindly thoughts of them. We can all have a chance to do that.

### "THE SHADOWS OF A GREAT CITY."

On Friday next, June 4th, Mrs. A. T. Robinson, F.R.S.G.S., will lecture in Empire Hall under the auspices of the Hospital Aid and I.G.G.C. organizations, on "The Shadows of a Great City."

The lecturer has qualified for her task by securing first hand information, having lived for some time among the conditions she describes in the notorious east end of London. The slums of Edinburgh, Glasgow and other great cities have also been to her the scenes of sociological investigation. The lecture, which is the first of a series of three to be given under the above auspices, will be illustrated with a fine set of stereopticon slides.

The Methodist pulpit on Sunday morning will be occupied by Rev. Dr. J. H. White, Supt. of Methodist Missions in B. C. In the evening Rev. R. J. McIntyre will conduct services in Naramata.

### WOMEN CONVENE (cont)

The various delegates were delighted with their reception and went away wishing they might have the pleasure of convening at Summerland some future time. Armstrong kindly extended an invitation to meet there in 1910, which was unanimously accepted.

### EVENING SESSION

The evening Convention session was well attended. The President, Mrs. J. B. Robinson of Peachland occupied the chair and after the opening exercises, Mrs. Mitchell of Peachland sang a solo and Mrs. (Rev.) Jas. Hood, on behalf of the local union warmly welcomed the visiting delegates to Summerland in an apt and pleasing manner. Rev. H. G. Estabrook presented a welcome on behalf of the churches, and the reply was made by Mrs. Fuller of Kelowna. After a duet by the Misses Brown, Mrs. A. T. Robinson was introduced by the President and gave an excellent lecture on

### "POSSIBILITIES AND PROBLEMS OF B.C."

In her own forceful and inimitable style Mrs. Robinson, at the outset, dealt with Canada as a whole, her wealth, varied resources and position with regard to the mother land. The resources of the provinces were enormous, but in B. C., all were apparently combined. At one time the Atlantic was the only medium of ocean trade and commerce, to day, the Pacific ocean, with its great fleets of passenger and trading vessel was vieing with the east for supremacy. B. C. boasted 396,000 square miles of territory and her trade, per capita was the largest in the world.

Her mines produced 64 per cent of the total output of the Dominion. Her fishing industry has surpassed that of the east and 33 per cent of the fish export was credited to this province.

B. C. was a land of golden opportunities, no one need go away to look for them. As one who had travelled the world over, carefully studying conditions, the speaker was prepared to state without fear of contradiction that no place in the world was more pregnant with possibilities than the gateway province of Canada. Along the line of immigration the lecturer condemned unrestricted admission of orientals and other foreigners into B. C., and also the drastic measures adopted by the Exclusion League. Half the difficulty however would be overcome, if all foreigners were compelled to conform to the customs and laws of the land and prohibited from working for less than the white man's wage.

The curse of the world was not liquor but—selfishness. Large employers of labor were invariably willing to adopt the cheapest method of accomplishing the work they had on hand.

Moral conditions as existing in many B. C., towns was deplored, as was the fact that there were 700 licensed liquor saloons in the province. The reason for the large number of licenses was obvious as a very large proportion of the men sitting in the license commissioners chairs were either hotel men or favorable to the liquor interests. In Abbotsford and other places the people had for years protested against the saloon, but at last had licensed houses forced upon them without any means of redress.

The conditions of loggers and laborers of all descriptions and the manner in which they are systematically robbed by saloon keepers who cashed their pay cheques and became wealthy on their ill-gotten gains, was depicted in sombre colors.

Capital was gradually coming to the side of temperance reform and many of the largest corporations of the land had refused to employ liquor users. In one year the liquor traffic cost the country \$154,000,000 while the revenue derived therefrom was only \$14,000,000.

The action of the government in withdrawing the promised plebiscite and instead appointing a royal commission was deplored and womans franchise was advocated as a means of overthrowing mere party politics and the election of men whose first business would be to see to it that righteous laws were enacted and the youth of the country was preserved from legalized evil.

A solo was then rendered by Miss Alice McDougall and the meeting adjourned.

**:: Naramata Notes ::**

The final carload of pipe for irrigation and domestic supply arrived last week.

Mr. B. R. Campbell, wife and family came in on Saturday from Vernon.

Mr. F. W. Law of Vancouver came in on Saturday's boat to spend a few days with his wife and child.

The Naramata Canoe arrived last Wednesday, and in it on the 24th, our boys proved too strong for the Summerland crew.

Dr. and Mrs. Matheson with a party of friends from Summerland paid us a brief visit on Sunday last.

Mr. J. T. Huggard, of Winnipeg, came in on Friday last to pay us a flying visit. He was much impressed by the amount of work done on the benches this spring.

On Friday last a party of young people drove up the hill to spend the evening with Mr. Carroll Aikins, and a very enjoyable time was spent by all.

Mr. Wm. Davies of Didsbury, Alta. arrived last Friday to look over his fruit lot. Whilst here he was the guest of Mr. Robinson.

Mr. and Mrs. J. M. Robinson went out for a ten days trip on Saturday morning to Calgary. Whilst away they expect to visit Spokane, and other points.

Mr. Wellband is at present on a visit to Fort McMurray, Athabasca, which is about one hundred miles north of Edmonton. Mrs. Wellband accompanied him as far as Calgary.

The Naramata Amateur Athletic Association held a meeting on Tuesday evening. Important business in regard to the forthcoming regatta on the 17th of June was attended to.

On Tuesday last the gasoline launch "Kaleden," which has been up on the stocks for a complete overhauling, was launched. It has been purchased by Mr. Jas. Ritchie for the new townsite on Dog Lake. For a short period she will take the ferry trips while repairs are being made on the Maude Moore.

On Monday last a large number of Naramata people journeyed across the lake to take in the Victoria Day celebration at Summerland. The committee in charge is to be congratulated upon the efficient way they ran off the various events and on the manner in which they handled the large crowd.

# The Summerland Review

## EMPIRE DAY ECHOES.

Better have another regatta. It is good to see some of the boys doing real work for a change.

Wasn't friend Kruger a swell in his jumping togs? The ladies turned green with envy.

Beastly tired but oh so happy, was the condition of the sports committee on Monday night.

What happened to the preacher's baseball duds? Better carry a needle and thread along in future.

Judging by the severe, hollow cough some of those launches must be consumptive.

Did anyone say it was dusty? Never mind we all need more sand.

If some young ladies are as good at batting as they are at throwing baseball, there should be a place for them on the team—it might help some.

Yes we got licked—but you bet they can't do it again.

The next wise move will be to have a water tap installed somewhere around the ball grounds.

A meeting of those interested in the Canoe club was held on Thursday evening when matters relative to the Naramata regatta were discussed. The war canoe crew is requested to be on hand this (Saturday) evening, for practise.

The Kelowna baseball nine is turning out sharply to practice three times a week, according to the Kelowna paper. The local diamond seems to be pretty quiet.

Tickets are selling well for "The Schoolmistress" and everything points to a successful and enjoyable evening's entertainment. The players have already won their spurs and the worthy object in view, the hospital, should be sufficient to commend it to the theatre going public.

## FRUIT PROSPECTS BLUE.

John Fox of Priest River paid a visit to the county seat Wednesday. Mr. Fox has lived in this section for 18 years and he states this is the most backward spring he has ever experienced in this country. "Ice has formed nights every night for the past week down at my place," said he, "and one morning the water pipe in my windmill was frozen up. My fruit trees are just beginning to put forth a few leaves. The season is backward fully three weeks over what it is usually."—Pend d' Oreille Review.

**UNRIVALLED IN ITS BEAUTY,** its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

**DOES SUCH A PROPOSITION APPEAL TO YOU?** If it does write us and we will only be too glad to give you all the desired information.

**JAMES RITCHIE - PARKDALE - SUMMERLAND**

## Weather Report

Abstract from weather records for April, 1909, kept at the Government Station, Balcom Ranch, Summerland, B.C.

April	Maximum		Minimum		Barometer Readings	Sunshine (Hours)	Rainfall (Inches)

## Provincial and General

Surveying for an additional thousand coke ovens for the Crow's Nest Pass Coal Company at Fernie has been completed, and it is intended to start building them as soon as possible, so as to have them ready for operation the latter part of this year. Much development work has been going on at the mines here, especially at Nos. 1 and 2. It is expected to get a large output from these two mines very shortly.

A fine of \$5 was imposed on A. J. Picton-Warlaw, of North Vancouver, for allowing his grounds to be used for Sunday professional baseball. The action was for infraction of the Lord's Day Act.

H. E. R. Smythe, was attacked and seriously injured by one of his cows on Thursday.—Revelstoke Mail Herald.

Statistics just compiled show that there were in 1906 59,100 Japanese subjects in the United States and of this number no less than 53 per cent were in California and neighboring states.

L. W. Shatford, M. P. P., left for Victoria on Saturday. From there he will proceed to New York.—Penticton Press.

A detachment of mounted police left Calgary for Canmore last Saturday to watch the striking miners who threaten to interfere if repairs to the coal mine are gone on with today. This mine was the scene of a violent explosion this week from some mysterious cause. The interior was wrecked.

Eli Verreau left at 7 o'clock on May 3rd on what will likely be his last trip down the river over the ice. He took a light sled, a horse and the mail. The old ice is still solid and safe, but the overflows are liable to be too deep for comfort in a few days. Verreau arrived from Eagle Sunday evening with a portion of his mail wet.—Dawson Daily News.

Alfred Shrubbs, the English champion runner, defeated St. Yves, the marathon champion from France, in a twenty-mile race. Shrubbs finished in 1 hour 4 minutes 25 seconds, nearly 700 yards ahead of St. Yves.

# PROTECT YOUR TREES

## WARNOCK'S TREE PAINT

These destroyers cannot live where trees have been treated with  
Pear Blight, Rabbits, Mice, Borers, Canker Worm, San Jose Scale, Oyster Shell, Bark Louse and Sun Scald. THE COST IS VERY SMALL. It will not wash off. One application protects for two years. Warnock's Tree Paint is not an experiment. It has stood the test for 5 years in all parts of the United States. It is an absolute Preventative and Cure for Pear Blight. We invite investigation. The Arkansas Experimental Station has used this tree paint for three years. November, 1907, they purchased 50 gallons for free distribution among leading orchards. Send for 16-page free booklet to  
Agent: C. H. CORDY, Summerland. G. R. LAWES, Enderby B.C. Sole Manufacturer for B.C.

## LOCAL NEWS

Mrs. Pratt and E. Pratt of Peachland, were guests at the hotel this week.

T. C. Polsen of Armstrong, was in Summerland on Monday.

C. H. Cordy was a passenger to Vernon on Tuesday on business connected with the Okanagan Fruit Exchange.

Improvements are being made to the sewerage system along the lake front. The movement is timely and will be appreciated by all who believe in careful sanitation.

Another issue of the Lyceum the Okanagan College journal is under way and promises to be quite up to the standard of previous numbers.

The capacity of the hotel is being taxed to the utmost for the past few weeks and Mr. Cancellor has had all his spare rooms occupied. He has secured rooms above the Fruit Company's building in order to accommodate the overflow.

Dr. Matheson of Kelowna was in town this week accompanied by his father who has recently arrived from Toronto on a visit to the Okanagan Valley. They left on Tuesday evening for Penticton returning the following morning to Kelowna.

The swallows which have been so active beneath the eaves of the hotel have been given orders to seek other accommodation. The birds have been dubbed nuisances and the nests are to be broken down and wire put up to prevent them from rebuilding their miniature village.

A merry party, embracing Dr. and Mrs. and Miss Gertrude Anguin, Mr. and Mrs. Seaman Hatfield, Miss Estabrook, the Misses Hayes, Messrs. H. Corbett, Geo. Christie and J. D. Harrison journeyed to Kaleden on Saturday and camped there until Monday. The picnickers all tell of a splendid time and are quite enthusiastic over the beauties of Kaleden.

T. Edwards of Woods Lake was a visitor in Summerland this week.

Prof. Denton is camping on his property below College Hill.

Dr. McIntyre is preparing to erect a dwelling house on his property on the flat.

Mr. E. W. Bateman returned to Winnipeg on Monday morning after a brief visit with relatives.

Miss Ruth Dale returned home on Tuesday after spending a few days with Miss Harvey of Kelowna.

Mr. Wilson, a recent arrival from the east who purchased J. Campbell's property just below College Hill, is preparing to erect a residence thereon.

Wha's catchin' fish? Many followers of Isaak Walton are, and good sport is the order of the day. On Saturday last a beauty weing 10lbs. was hauled out.

A. H. Hubbard of Nelson, with three ladies is canvassing the district and demonstrating the merits of a new brand of flour.

An approach is being built to the war canoe house in order to facilitate the removal and re-housing of the long boat. The crew met with a few difficulties along that line at the outset.

Mr. D. Craig and son B. Craig, arrived this week from Renfrew, Ontario, and will locate on Mr. Craig's property in Prairie Valley. Mr. Craig is the owner of a choice 7 acre property there and a bearing orchard.

Mr. Ruddick, a member of the Dairy Commission of Ottawa, paid a brief visit to Summerland on Tuesday. His business here was in connection with the enforcement of the Fruit Marks Act.

On Tuesday evening, a splendid series of photographs were on view in the Supply Company's window. They had vanished by Wednesday morning. No signature was attached, but the artist, whomsoever he be may congratulate himself upon being successful in procuring such typical views of the regatta.

**RIFLE ASSOCIATION.**

The leading scores on Saturday last at the rifle range were:

	200	500	600	Total
A. E. Nelson	31	32	30	93
O. Smith	27	31	27	85
M. Steuart	30	28	27	85
J. Dunsdon	27	30	26	83

On Empire Day, the Over Seas Mail Competition, which is open to all Rifle Associations in the Empire, was shot off, the eight highest marksmen constituting the team, which turned out to be:

W. Nelson	29	34	30	93
V. Taylor	31	33	29	93
H. Dunsdon	29	34	27	90
A. E. Nelson	29	32	28	89
B. Steuart	30	34	25	89
F. Munro	26	32	30	88
J. Dunsdon	31	30	26	87
M. Steuart	29	30	26	85

714

Col. Cartwright and Mr. E. R. Faulder kindly acted as Range officers.

On Tuesday next, 1st June, several members go up to Vernon to take part in a three days shoot of the Okanagan Rifle Association, and it is fully expected that Summerland will secure its usual share of cups and trophies. Members are reminded that entries have to be sent to the Secretary of the Okanagan Rifle Association at Vernon by Saturday, June 29th.

Rev. Mr. Wilson of Vancouver, will be the preacher at the Presbyterian service in the Methodist church on Sunday evening.

Baptist services will be held both morning and evening at the Front in Empire hall on Sunday and on the Flat at the usual hour in the afternoon. A business meeting will be held on Wednesday evening at which business of vital importance to the denomination will be discussed. The place of meeting will be announced at the Sunday services.

Prof. Perry has assumed his duties at the Kamloops High School and after his year's leave of absence has expired, hopes to return to Okanagan College.

**PIANOS AND ORGANS**

Those who want anything in the above lines can be supplied at right prices. I buy for cash direct from the manufacturer, and am therefore in a position to give close prices, especially for cash. Goods delivered to any station in the Valley.

Why should Summerland Fruit Lots be worth \$100.00 per acre?

???

Why? Because full bearing orchards in a good state of cultivation pay great dividends.

A stock or bond which pays dividends of \$60 a year is worth \$1000 so long as money is worth 6 per cent.

Anything else which will yield \$60 a year of income is worth \$1000.

**DIVIDENDS DETERMINE VALUES**

Orchard lots in Oregon often yield as high as \$1000 per acre.

If we say \$200 net returns per acre from a mature well-kept orchard, what is that acre worth by the rule that governs bank stocks?

This is the way they made us work it out in school according to Hamblin & Smith's Arithmetic:

\$6 is the interest on \$100 for one year

\$1 " "  $\frac{100}{6}$

\$200 " "  $\frac{200 \times 100}{6} = \$3333.33\frac{1}{3}$  Ans.

**CONSIDER THAT**

AND WRITE
