SUMMERLAND, B.C., APRIL 2, 1910

Whole No. 87

WEDDING BELLS.

SMITH--FISHER.

A very interesting event took place at Trout Creek on the evening of Tuesday last, when Mr. Alexander George Smith was joined in the holy bonds of wedlock to Miss Johanna Preshaw Fisher, of Edinburgh, Scotland. The ceremony was solemnized at the home of Mr. and Mrs. Tom Beavis, who were indefatigable in their efforts to ensure the comfort of the wedding guests.

The bride, who arrived on Friday evening all the way from Bonnie Scotland, was charmingly attired in a gown of white silk with a veil to match, and a dainty spray of orange blossoms in her hair. To the sweet strains of the wedding march played by Mr. Percy T. Thornber she was conducted into the room by Mr. Alex. H. Steven, to whom had been entrusted the responsibility of bringing her all the way to Summerland. (Ahem!) The officiating clergyman was the Rev. Jas. Hood, Miss Chrissie Tait acting as bridesmaid, while the groom had the indispensable support of Mr. Gilbert Thornber.

After the nuptial ceremony was indissolubly performed the guests all sat down to a sumptuous repast, which reflected the greatest credit on Mrs. Beavis.

The evening afterwards was given up to song and sentiment, many of the guests eulogising the newly married couple in felicitous and none too measured terms.

They start on their new career in a neat little cottage built for them near the venue of Mr. Smith's work, where the good wishes of a large number of friends follow them; and it can safely be said that if expressions count for anything, then their married life will be long, prosperous and happy. The wedding presents were numerous and costly.

MILNE--NICHOLL.

At 1 Fonthill Road, Aberdeen, on the 16th February, by the Rev. John W. Coutts, Alexander Milne, fruit grower, of Summerland, British Columbia, to Agnes Forbes Nicholl, daughter of the late Peter F. Nicholl, of Aberdeen.

MOST SUCCESSFUL CONVENTION HELD

SUNDAY SCHOOL WORKERS RETURN TO THEIR HOMES. WELL PLEASED.

Officers and Department Heads Chosen for Ensuing Year---Convention Will be Held at Penticton Next Year.

The Sunday school convention of last week proved to be most successful and most helpful to interested Sunday school workers. Fifty-five delegates were in attendance from outside points, Summerland swelling the number to about a hundred.

The district secretary's report was very satisfactory in every respect. Thirty schools were reported in the district, with 240 teachers and 2200 scholars. A general advance was recorded especially in Home department and organized bible class work.

Provincial secretary Williamson gave an interesting general report on the work in the west. The Sunday schools in B. C., numbered 270, with an enrollment of about 23,000.

Much interest centred in the round table conferences. Miss E. Comyn Ching led the conference on Mission work in the S. S.; Miss Greenly the Home Department; Mrs. E. M. Ball, The Essentials of Good Primary Work.' Rev. W. C. Merritt, gave the address of the morning session entitled, "How we can train our future S. S. Teachers".

It was decided to recognize the world's Sunday S. S. day on the 22nd of May, on which day special children's services will be conducted.

The afternoon session opened by Rev. M. J. Allen. Rev. D. J. Welsh then gave an excellent paper on "The religious education of the adolescent." This paper was well received. A practical paper was given by Rev. I. W. Williamson, on "How to conduct a worker's meeting." He dealt first with a discussion of the lesson in hand and later with the problems arising out of S. S. work, giving a practical demonstration of how to run a S. S., using the conference members to fill the various offices.

Rev. W. C. Merritt read a paper on "How to study the bible."

The Resolutions committee brought down a number of recommendations, all of which were adopted.

An invitation was given the Eastern B. C. Sunday School Association to hold their next Convention at Vernon during the last week in October.

Officers were elected as follows:
Hon. Pres. Mr. A. L. Fortune, Enderby,
Pres., J. R. Brown, Summerland,
Vice Pres., Mr. Miller, Penticton,
Sec. Treas., Mr. J. C. Robson, Summerland,
Elementary, Mrs. F. H. Latimer, Penticton,
Adult Dept., Mr. C. S. Stevens, Summer'd,
Educational, Rev. C. S. White, Peachland,
Extension, Mrs. A. S. Cox, Kelowna,
Moral Reform, Dr. E. W. Sawyer, S'land,
Missions, Mrs. W. R. Rourke, Vernon,
Representative to Provincial Association,
Mr. J. J. Wallace, Summerland.

On the invitation of the Penticton people it was decided to hold the next convention at that place.

Dr. Osterhout, of Vernon gave a paper on the advantages of the new graded course.

The evening session commenced with a banquet in the Men's Club, after which an exhibition basket ball match was played between the College and Town, the latter being the victors. The spectators all thoroughly enjoyed the exhibition.

At the closing session a paper was read by Rev. D. G. McDonald, of Peachland and was followed by a paper by Rev. Mr. Merritt, on "The A. B. C., Movement" This was Mr. Merritt's third contribution and was considered by many to be one of the choicest features of the whole convention.

Throughout the convention everything went with precision and the greatest good-fellowship prevailed.

The delegates were all pleased with the sessions and delighted with the reception accorded them by the people of the district.

The regular meeting of the W.C.T.U. will be held on Monday afternoon at 3 o'clock in the parlour of the Men's Club.

A meeting of the members of the Football Club will be held at the Summerland Restaurant on Saturday evening at 8 o'clock.

PEACHLAND ABLAZE WITH ELECTRIC LIGHT

Hon. Price Ellison formally Opens New Era in the Sister Burgh of Peachland by Switching on the Lights for the First Time.

The bachelor's "At Home" on Wednesday last was one of the most successful functions of the kind ever held in Peachland. One of the features being the formal switching on of the electric lights for the first time.

The hall was well filled with a happy audience which thoroughly enjoyed the most excellent programme provided.

Early in the evening, the chairman, Mr. Grant Lang handed over the meeting to the municipal council. Reeve Lang briefly reviewed the public works undertaken and announced that Hon. Price Ellison would turn on the electric lights. This Mr. Ellison proceeded to do and then gave a very interesting speech for a few minutes, in

course of which, after congratulating Peachland on its progressiveness in installing electric light and domestic water systems, he intimated that the government had decided to continue the Glen road through to Princeton and also to continue lake shore road through the municipality.

These announcements were received with applause. Mr. J. M. Robinson, as the one who "turned on" the first kerosene lamp, was then called on for a few remarks.

He responded in his usual happy manner. It is quite evident that his stay in the east has not impaired his fluency to any extent.

The Bachelors are to be congratulated on the success of their evening, may there always be bachelors in Peachland.

News from Peachland

Mr. J. L. Elliott spent Wednesday in Kelowna.

Miss Jennie Lewis, who spent the winter at the coast, returned last week, and is delighted to be home once more.

Mr. Alfred Town set out for Winnipeg Wednesday morning to resume his business for the Summer.

Mr. George Needham has taken charge of Mr. Town's place for the summer.

Mrs. and Miss Seaton returned Wednesday from a trip to Kelowna.

Mr. Ferd. Aitkin spent a couple of days in Penticton this week.

Mr. Chas. Pope spent Easter with relatives here, returning to Vernon Tuesday morning.

Mrs. H. E. McCall is enjoying a visit from her old friends, Mr. and Mrs. George Hayes of Vancouver.

Mr. J. A. McNair of Vancouver is in town this week looking over the ground with a view to establishing a plant for the manufacture of cement water pipes. A bank of sand and fine gravel of the proper sort has been located near the beach and it is likely that the plant will be in operation inside of a month.

The Maud Moore came up Wednesday bringing the Hon. Price Ellison, Messrs. J. M. Robinson and Hamilton Lang.

Mr. Thomas McLaughlin is busy laying water pipes from mains to peoples houses. Mr. McLaughlin has 5000 feet of pipe and supplies on hand.

Miss O. E. Elliott of Armstrong spent Easter at her home here.

Mr. Mark Manchester is wearing a pleasant smile because of the way the electric lights behaved Wednesday evening. They were certainly very satisfactory and Mr. Manchester is certainly to be congratulated on the successful work of installation.

Good Friday and Easter Sunday were days of special rejoicing among the members of the Anglican Church on account of the formal opening of their handsome new place of worship. Special services were held on both occasions which were made bright by appropriate Festal Responses and Anthems. The Sunday evening service closed with a solemn Te Deum suitable to the hour. A description of the edifice will be published next week.

A Concert

will be given by

The Ladies Glee Club

assisted by

Mrs. K. Cleveland Huycke,

Soprano, and

Mr. Harold Dewar

Violin,

IN EMPIRE HALL

Thursday the 14th inst. at 8.

Admission 50c. All seats will be reserved.
The proceeds will be donated to the Ladies'
Auxiliary of the Hospital.

:: Naramata Notes ::

Mrs. T. H. Boothe spent the week end with friends in Summerland.

Mr. J. M. Robinson arrived from Toronto on Tuesday, after an absence of several months.

It is expected that Mr. Niblock's cottage will be ready for occupancy in the course of another week.

Quite a number of our town's folk took advantage of the special ferry service on Sunday to attend the special services across the lake.

Mrs. Harvard and children from Lacombe, Alta., came in this week to join her husband, who has assumed charge of Mr. Aikin's lot.

Mr. Harold Endacott cannot boast that his four horse team can remove mountains but he did demonstrate that they can remove houses. Did you see them do that little stunt for Mr. Wells last week?

The preparations for spring planting are in full swing. Many new lots are being put into shape and on the older propositions all blank spaces are being provided with new stock as soon as the trees arrive.

Mr. S. M. Pitman has been laid up recently on account of a neglected cut that threatened turning to a case of blood poisoning. However, prompt action has resulted in averting what might easily have been a long spell of sickness.

Rev. G. O. Fallis conducted a special Easter service here on the occasion of his last visit, preaching an appropriate sermon on the significance of the resurrection. A special anthem by Mesdames Hayward, Lyons, Williams, and Mr. A. G. Robertson, and also a solo, "Would you Believe," by Mrs. T. I. Williams, contributed toward the success of the service.

On Sunday evening the service in the Opera house under the direction of Mrs. Anna L. Gillespie was a pleasing ending to the Easter services. Mrs. Gillespie spoke from well known words found in the 14th chapter of Job: "If a man die shall he live again?" The address proper was amassing of evidence from the Bible and elsewhere for an affirmative answer to Job's query. The song service conducted by Mrs. Languedoc contributed much to the pleasure of the service, special features of which were the cornet solos of Mr. Kenyon and the songs by Messrs. Gillespie and Manchester.

NOW is the Time to buy

Land in Summerland.

There will be about \$200,000 expended in the district during the coming year. Inside of 18 months domestic water will be piped to the lots, electric trams running past, and with electric light and telephone systems land must be much higher than at present.

UNRIVALLED IN ITS BEAUTY, its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctilious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

Jack Woods has started a poultry ranch as a little side issue. He has adopted a modification of the Philo system.

A special meeting of the quarterly official board of the Methodist Church will be held on Monday afternoon at four.

Just think if Halley's comet should strike this old earth of ours next month. How will you feel if you have not paid your subscription? It will be too late to return and square up.

Rev. James Slimmons, of Honan, China, will deliver an address on mission work in China. Mr. Slimmons has been connected with Presbyterian missions in the Celestial Empire and is now home on furlough. The address will be delivered on Tuesday evening in the Methodist Church.

Mr. T. J. Smith is shipping his thoroughbred stallion Milverton from his winter quarters at Merritt to the Vancouver horse show, after which he will be shipped to Summerland where he will stay for the summer months.

Hon. Price Ellison was in town for a short time on Wednesday last and met a number of his friends and supporters at the hotel. In the afternoon he left on board the Maud Moore for Peachland, in company with J. M. Robinson.

At the close of the choir rehearsal on Thursday evening, the members of the Methodist Choir presented to Alex. Smith a wicker easy chair, accompanied with best wishes and congratulations for a long and happy married life.

On Wednesday morning, on the Switch-back Road just below Mr. Hogg's residence, a hundred lb. sack of bran dropped off Mr. Fosbery's rig. Mr. Fosbery would be pleased to know who removed it as he was back within the hour, but the bran had been too elusive and had fled.

The members of the municipal council and Mr. J. M. Robinson, manager of the Development Co. met together on Wednesday last in order to have a fully mutual understanding with regard to the agreements between them in connection with the probable taking over of the franchises by the municipality. The greater part of the morning was spent in discussion and the Reeve went on to Vernon the following day with Mr. Robinson to take up the matter with Mr. Billings of the firm of Billings & Cochrane.

The Summerland Review

BASEBALL ACTIVITY.

A number of baseball artists and their supporters met in the Men's club on Tuesday evening, and discussed the outlook for the coming season. A proposition was made whereby three gentlemen would take hold of the club and finance it as a business proposition. The matter was discussed at considerable length and it was the general opinion that it would be wiser to stay with the Men's club.

It was decided to sell club membership tickets at one dollar each and the required tickets are already printed. Another meeting will be held on Monday evening at which officers for the season will be elected and organization for the season completed.

The prospects for a team this year are fair, just how things will pan out is purely a matter for speculation. Of the old team Rev. R. J. McIntyre, Jack Blewitt, Mark Manchester, Jack Conway and Harry Glenie are out of the game for keeps—so they say. Of course there is a certain amount of new blood in the district which will possibly work in all right.

While it is disappointing to see the old timers drop out, it must still be remembered that no man is indispensable in this little world and there are just as good fish in the sea as ever came out of it. The record left behind by the old diamond dusters is a good one and the youngsters who take a hand in the game will need to remind themselves of the triumphs of their illustrious seniors and work hard to sustain their enviable reputation. The pace has been set for clean amateur sport. The Summerland team has won out in the contest for premier honors every year of its existence and has won by its own efforts not through the medium of a bunch of salaried heeleders. The 1910 team, it is hoped will get right into the game and dig and eventually have their names recorded among the illustrious "has-beens".

MEMORIAL SERVICE.

The memorial service in the Methodist church on Sunday evening in honor of the memory of the late Mrs. Adam Stark drew a large audience, the capacity of the church being taxed to the utmost.

The Easter thought was combined with the memorial service and the glories of the resurrection were unfolded. Rev. R. J. McIntyre took for his theme "Victory over Death."

The choir sang "He Shall Wipe Away All Tears," Mr. Beavis sang "Crossing the Bar" and a trio of ladies sang "Gone to her rest."

IS IT COMING AT LAST?

The report that the C.P.R. have decided to begin work this year at Merritt, Penticton and Midway, or what will be the extension of the Crow's Nest line is news we are tickled to hear. This not merely because of what it means in itself, but because of its collateral significance, for if the C.P.R. is getting busy in that direction we may be sure it is because they have to. Mr. Hill must be prodding them up with intentions which have somehow become known to them. The C.P.R. has so much opportunity to build on the prairies where freight accumulates faster than in the mountains, that nothing less than the fear of Mr. Hill's big spoon dipping into the trade of this valley would spur them on to such action.

This line will be of inestimable benefit to Summerland. It will bring us into close touch with the great coal fields of Nicola, and that will mean cheaper fuel. It will give us easy access to the coast and shorten the time for peach or man in reaching that market in an age when time is essentially money to the poor. It will place us on the greatest highway across this continent, for the C.P.R. would have built its main line this way in the first place, had it not been for the pressure of the Dominion Government, which feared having its main artery of transportation too near the American knife in case of trouble between the two countries.

It will give us a very direct route to the prairies, Winnipeg and St. Paul, cutting off nearly two hundred miles, to say nothing of the excursion north to Sicamous we now have to take in order to get out. It will have easier grades and consequently lessened charges of transportation. It will

give us direct access to the camps of the boundary country and it will give us what we have long been sighing for, a competition in transportation.

What is more, by the levies of the C.N.R. bill we shall have in addition some kind of check on the rapacity of corporations by reason of the parliamentary control of rates provided for this session.

In fact, in a few years we shall be on the main line of travel, and the flyers to the great cities will be passing by our doors. Yes, that rumour is good news to us and the money spent in the vicinity in railway construction will not prevent our feeling happy over it either. Add that to the civic programme and there should be "something doing" around Summerland this year.

A BLOW TO BOSSISM.

Speaker Joe Cannon was downed by the insurgent Republicans and Democrats some time ago in the American Congress. We were delighted to hear it, for unfortunately Uncle Joe represented one of the greatest abuses of power in the land, and when the bolters locked horns with him they played, in our judgment the part of real patriots.

During the past fifteen years it has become largely the custom to do parliamentary work in committee. This has arisen naturally, and perhaps unavoidably, since there is such a quantity of business to attend to in the affairs of so great a republic, that Congress would need to be in session all the time to attend to it, if every member were allowed to speak to every measure ad lib. as is the custom elsewhere, and as the custom used to be there.

To get around the difficulty increasing powers were put into the hands of the various committees, and as these veterans got accustomed to their work in all its details they gradually became, by virtue of their superior knowledge, supercilious in their bearing toward the House. At length the House itself began to be the tail on the dog. As the great committees wagged it so it went. All important business went before these great committees. Capitalists lobbied with them. In the corner things were fixed up and then good Republicans were expected to vote as directed in the report of the committee on pain of being read out of the party they were elected to support. To protest was to become an insurgent; to swallow what was given and to do it with a smile, became the chief duty of every Republican legislator, and his one hope of securing a few scraps from the

political mess for his constituents at home.

Now the evil spot in all this was not so much that larger powers had been given the more important committees: it lay in the fact that the appointment of the men on those committees lay with the Speaker absolutely. As the Speaker is elected by the party it followed that his appointments had to be good party men first. Then they had to naturally give good evidence that they would see things as they ought to be seen, which is of course as the speaker sees them; and so the powers of government came to rest very largely in the hands of one man, and the Republic came to be ruled by a Czar in the person of Mr. Speaker.

As for the small fry in the House their business is to look pretty and say nothing. As a sop to their constituents, however, they are allowed five minutes on occasion, but as the balance of the two hour oration is found in the Hansard, to which he proudly points ("applause" and "cries of 'hear, hear,'" being judiciously inserted throughout) his Wisconsin constituents naturally think that they have done the proper thing in sending such an influential and persuasive speaker to help make the laws of a great nation.

We are glad to see men like Folk, La Follette and others of their calibre have had the hardihood to buck up against the machine, and still more glad to see that they have broken the spell. By so doing they have incurred the severe displeasure of their party leaders in Washington. This will doubtless be found in the active hostility of the Republican plutocracy when nomination day comes around again, but we would fain hope there will be a sufficient quantity of the boasted free American spirit left among their constituents to see that they are re-elected with larger majorities than ever before. Woe to the state if they are not.

CARD OF THANKS.

Mr. Stark wishes, through the medium of the press, to express his thanks and appreciation of the support and sympathy generally shown him by the people of the district in his recent bereavement.

A. Richardson & Co. have just installed a Trimming Machine so that they will now be able to deliver their lumber in first-class shape. They have 1,250,000 feet of timber to cut this year and prospects are very good indeed.

Local News Items.

The hospital management would be pleased if those who have not paid up their promised donations would do so at once, as funds are immediately required to meet current expenses.

The Rev. A. G. Campbell has just been offered a professorship in a Rangoon Institution containing 700 students. Mr. Campbell has turned the offer down, as he prefers by far the climate of Summerland, and his interest is centred round the development of the town and college. He is expected back from his studies at Chicago about June.

Col. J. E. Caven, at one time manager of the Kansas City Daily Times and more recently manager and editor of the Denver (Col.) Evening Times, is in Summerland as the press representative of the Eckhardt Theatrical Company that play here Wednesday night April 6th. Mr. Caven was also war correspondent for the New York Herald during the war between China and Japan.

On Thursday, the 14th inst. there will be a musical evening under the auspices of the Hospital Ladies' Auxiliary. Tickets are now on sale at 50c. each, and seats can be booked at the Drug Store. Everybody ought to turn out to this affair, as a good programme will be presented and the proceeds will be devoted to providing furnishings for the hospital.

NARAMATA NOTES--continued.

Recent visitors to the upper lakes report quite a depth of snow in the vicinity, and a good thickness of ice.

The last card party of the season conducted under the auspices of the Athletic Association was a pleasing success. There were six tables and the scores made were of a high average. At the close the scoring of the various players for the four evenings were totalled up and the prizes awarded as follows: 1st lady, Mrs. C. W. Johnson; 1st gentleman, Mr. N. Mitchell. Consolations: 1st lady, Miss Wells; 1st gentleman, Mr. H. J. Wells. At the close a vote of thanks was tendered the young men for their part in providing these entertainments which have so helped to pass the season pleasantly.

JIM'S STORY.

The work and worry finished Jim, he couldn't stand the strain
Of thinking of the past, and trimming cheese;
So the undertaker put poor Jim below, and he'll remain
Till Gabriel's trump comes tooting o'er the trees.

HOME AGAIN.

Mr. Alex. Steven Returns Home After Enjoyable Trip to Bonnie Scotland.

Mr. Alex. Steven returned to Summerland on Good Friday last after a three month's visit to the old country. According to Alex.'s story, he certainly must have had the time of his life. Not only did he have a good time personally, but he did a lot of useful missionary work for B. C., and already the fruits of his labors are being made manifest by the influx of the most desirable class of immigrants. He brought out a number with him, all of whom have already gone to work. Others are coming.

The plan adopted for work in the old country was the visitation of the immigration offices and making it known that he was from British Columbia. Wherever he went he was besieged with enquiries about the west and in many cases the only hindrance to immediate emigration was a lack of the necessary money to make the break. There was apparently a large emigration to Australia, on account of assisted passages being given to that continent.

While looking into conditions and seeking the best object lesson to be used for prospective settlers, he found that one of the first questions asked was relative to the cost of living in the west, the general opinion apparently being that living was almost out of reach. As a matter of fact, he found the average wage in Scotland about \$5 a week, while here the average wage is about \$60 per month, approximating 300 per cent higher, while living in the west is only about 15 per cent in excess of the old country.

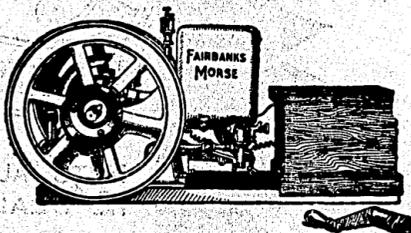

Part of Mr. Steven's time was spent with Mr. McKerracher, who runs the government seed waggon, and who is doing valliant service in the interests of Northwest immigration. Together they were kept busy, and were so besieged with enquirers that on several occasions they were compelled to move off.

Without doubt Aleck did good work. He was from one end of Scotland to the other and those who are coming, as a result of hearing "the gospel according to Aleck" come from every section of the land 'o cakes.

It is expected that Mrs. Steven will come along a little later in the season. Of course by Mrs. Steven, we mean Aleck's mother who will make her home with her sons, di-

viding her time between Summerland and Kaleden. However, Aleck says he hasn't had enough of Scotland yet, and won't be satisfied till he has made another trip.

Starting with the first of April, post offices are to be opened at Shingle Creek and Kaleden. The former will have a weekly service and the latter tri-weekly.

CALL AND INSPECT HER STOCK ON SHAGUINNESS AVENUE

Parisian Sage Cures Dandruff

If it don't the Summerland Drug Co. will give you your Money back.

Yes, Parisian Sage, the most invigorating hair restorer, cures dandruff and grows hair. The women of Canada, who have luxuriant hair, know it does, and that is why thousands of attractive women throughout the land are regularly using it.

For years this almost marvelous grower of lustrous and beautiful hair was confined to the elite of Europe and New York City, but about two years ago it was given to a select list of druggists, and to-day can be obtained in any city or town in America where society women of refinement dwell.

Parisian Sage is the most delightful hair tonic in the world. It makes the hair soft, lustrous and luxuriant in a few days. It is perfumed most daintily and is not sticky or greasy. It stops falling hair, cures dandruff and itching scalp in two weeks or money back.

The Drug Co. sells it for 50 cents a large bottle, and guarantees it, or direct, all charges prepaid, by Canadian makers, Giroux Mfg. Co., Fort Erie, Ont.

Provincial and General

A fruit show will be held at Nakusp next fall for the first time.

A large new fruit cannery is being erected in Kelowna.

Rossland has inaugurated a curfew bell system and all youngsters under 16 must be off the street at 8 p. m.

Hedley is after the scalps of ownerless dogs and the owners of dogs which are nuisances.

Kelowna has organized a lacrosse team and expects to have a swift bunch in the field.

Princeton people are discussing the advisability of starting a hospital in that town.

Revelstoke people will shortly vote on a by-law calling for the expenditure of \$30,000 on a new public school building.

Oxford defeated Cambridge at the historic boat race on the 23rd, by three and a half boat lengths.

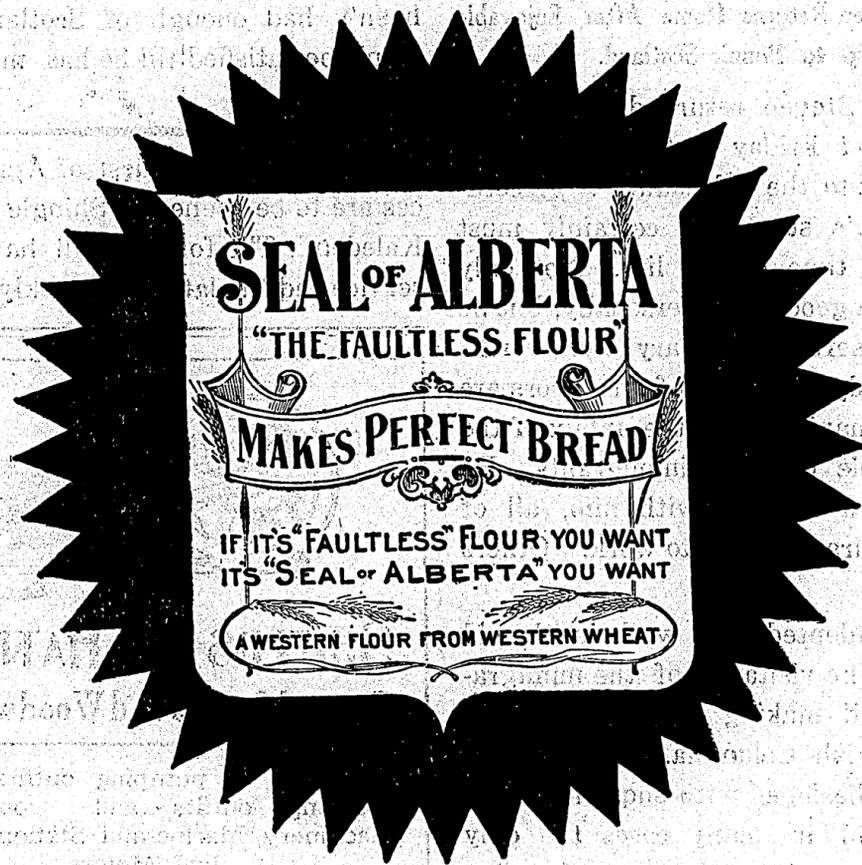

Mount Etna has been in violent eruption. Soldiers were set to work to dig trenches to carry off the molten lava. Several villages were saved only by great exertion.

Nels Johnson of Princeton committed suicide last week by placing a stick of dynamite under his head and lighting the fuse with a candle. The head was completely severed from the body.

Three men were instantly killed at the hydro-electric power dam. A huge boulder fell on them, killing them instantly, according to the Revelstoke Mail Herald.

Supporters of Premier Asquith are commenting favorably on his presentation of three resolutions aiming to curtail the veto power of the House of Lords. The premier gave notice in the Commons of the resolutions.

Maple sap saved a blazing house at Pharsalia, N. Y. on Good Friday. The owner, G. Fall, was boiling sugar sap when the roof caught fire. His cries brought neighbors to his assistance, and the fire was extinguished with several hundred quarts of maple sap from the storage tank.
