

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMA

Vol. 2, No. 45

SUMMERLAND, B.C., JUNE 11 1910

Whole No. 97

SUMMERLAND TOWN COUNCIL.

UNIVERSITY COMMISSION TO VISIT SUMMERLAND.

Property of Delinquent Tax-payers to be Sold. A big Sheaf of Accounts Passed for Payment.

The Municipal Council met in regular assembly on Monday last; all the members were present with the exception of Coun. Gartrell who is under the doctor's care.

The minutes of the last meeting were approved and passed, and the following business was transacted:

A letter from Mr. J. M. Sutherland was read re batch of trout recently placed in the reservoir in Prairie Valley. The Clerk was authorized to thank the Dominion Government for the stocking of this reservoir, and instructions were given to Capt. Fison to see that a screen be placed at the intake of the flume from this sheet of water to prevent the fish escaping.

A letter was read from Messrs. Wilson and Bloomfield of Vancouver giving advice as to the constitution of the Board of Control.

The Bank of Montreal advised that the Royal Trust Company had accepted the Municipal Debentures for \$260,000 at 5 per cent less one half per cent, net at Summerland. A cash payment of \$150,000 will be made immediately the debentures are issued.

A letter was read from the Hon. Price Ellison to the effect that the university commission would sit in Vernon on the 8th inst and would travel to Summerland where he hoped they would be given a cordial reception. Arrangements were made for driving them around the district, and the College authorities were asked to entertain them to dinner.

The Medical Officer of Health reported there had been a few cases of scarletina, scarlet fever and measles during the month which had been attended to. In each case the residence had been fumigated and ultimately a clean bill of health given. He also reported having ordered the removal of a manure heap near a stable on Shaughnessy avenue.

It was resolved that the Municipal Collector be instructed to sell all lands on which the taxes had not been paid since the 30th December 1908, the sale to take place on the 24th day of August 1910 at 2 p. m. in the council chamber, Summerland, unless the said taxes are paid with all costs prior to that date.

A by-law was read for the first time to levy a rate of 10 mills to the dollar for 1910 for Municipal, School and Debenture purposes as follows;

- 4 mills for Municipal Purposes.
- 1½ mills for Debentures 1907.
- 3 mills for Debentures 1910.
- 1½ mills for School Purposes.

A request for free light and water was made on behalf of the hospital and this was granted by the Council.

It was resolved that the action of Reeve Agur in engaging the services of W. Simpson as weed inspector at his former salary be hereby endorsed.

The following accounts were passed and ordered to be paid :

MAKING HISTORY IN SUMMERLAND.

ARRIVAL OF FIRST FREIGHT CARS TO THE DISTRICT.

Great Interest Evinced at Their Arrival. Large Crowd on the Wharf. Optimism Rampant.

On Sunday last, about noon, the steamer York brought down the first barge load of cars to Summerland. These consisted of the piledriver, three cars for the workers and four others containing lumber, etc. They tied up at the wharf and a big crowd gathered to witness this historical arrival, which in years to come will be one of the events which they will tell the children.

No time was lost in getting to work, Mr. Gillespie, who has charge of the work under Mr. Jamieson the Engineer, is well known as a time maker, and first thing on Monday morning, whilst the town was asleep, they got under way and beached the barge near to the old wharf and immediately commenced operations. Tracks were laid, and the pile driver was safely esconced on the shores of the lake before the close of evening, three cars soon following. The other cars were unloaded by means of a steel hauser being attached to the engine on the piledriver, and the logs hauled off on to the shore, the whole barge being unloaded by Tuesday evening, and the following morning it was towed back to the landing by the York.

Work will now be rushed forward and cars in Summerland will be a very common sight in the near future. The barge is capable of bringing eight cars at a time, each with a capacity of 60,000 lbs., so that fuel during the next winter will no doubt consist chiefly of coal.

A rough diagram of the new wharf and dock is printed in this issue, and is supposed to be viewed from the lake, the station being fixed to come just about the end of the present old wharf. The cars will be run up the slip dock and across the wharf, the track running between the freight shed and packing house. There will also be a horse track running from the slip over the road and running parallel with it for some distance; here will be situate the cars not

in immediate use, and it will also be used for loaded cars which have to be emptied by one person or company.

If the wharf and buildings are put up with the same promptitude as was shewn in the unloading of the barge, then the long long dream will soon become an actual fact, and Summerland will grow quicker than ever were it possible so to do.

THE FRUIT PICKING PROBLEM.

This is at last receiving serious attention and a private individual as well as the Fruit Growers' Association are both going thoroughly into the matter, and it is hoped that it will be satisfactorily dealt with.

There is no doubt whatever about the fact that a lot of extra help will be required during the fruit picking season, and the quicker it is marketed, the better the condition in which it will arrive at its destination, and the more readily will the growers have cash for their produce.

An estimate of the men required is to be furnished just so soon as it is possible to form an approximate number, and each grower who will require help will please forward the number wanted to Mr. C. H. Cordy, along with particulars as to how long they can employ them, can they find them sleeping accommodation, board, etc. This information will be forwarded to Mr. R. M. Winslow, secretary of the B.C. Fruit Growers' Association, and ultimately dealt with.

A meeting dealing with the above question will be held on Monday evening in the Council Chamber at 8 o'clock.

THE CANNERY AT LAST.

Mr. T. J. Smith is at present in negotiations with the Kelowna Canning Company for the purchase of the plant which they recently discarded as being too small for their purpose this season and there is every prospect of the deal going through, so the district may still hope to see a cannery in readiness to handle the present year's crop. It will operate in the shed on the present wharf.

The Eckhardts once more delighted a Summerland audience on Thursday evening last. The entertainment was first class throughout, and especial mention ought to be made of the selection "Misere" from "Il Trovatore". The Eckhardts will ever be welcome in Summerland.

LOST, on Saturday evening last, between Balcom and Town, a waterproof. Finder kindly return to A. Agur, Balcom.

**Jack Conway and Grace Phinney Involved
This Time.**

A delightful wedding had place in the home of Mr. and Mrs. J. E. Phinney on Wednesday last, when their eldest daughter, Grace, was given in marriage to Mr. Jack Conway of the Summerland Supply Co.'s store. The ceremony was performed by Rev. H. G. Estabrook assisted by Rev. A. T. Robinson, in the presence of about fifty invited guests. When the fateful hour arrived the bride, very charming in bridal white and carrying a magnificent bouquet of roses, entered the room leaning upon the arm of her father, and attended by Hessie and Muriel Phinney and Ida and Eva Shields as flower girls, and Miss Myrtle Conway, sister of the groom, as maid of honour. Miss Conway was attired in cream satin and also carried a large bouquet of roses tied with satin ribbon. In an artificial arbor and under a floral bell both constructed of cyringia blossoms and Okanagan holly, the fateful words were spoken clearly and distinctly in that breathless silence of the spectators which usually characterizes the solemn performance of the marriage rite, and then ensued a grand rush of congratulations and hearty good wishes.

During the evening Mrs. R. C. Lipsett assisted Mrs. Phinney in receiving the guests, whose happiness was made complete by the exquisite collation served later.

In a nearby room a profusion of silverware, cut-glass and other valuable presents attested the esteem in which the young people are held by their Summerland friends.

At the close of the evening the bride and groom repaired to Mr. Conway's home, opposite Mr. G. A. McWilliams, where they will reside on returning from their honeymoon trip to the coast cities. Many good wishes follow them, but the boys down town mourn the loss of the fastest sprinter in the Okanagan, and a good all round athlete, for they say that when a fellow gets married he's no use as a sport any more.

W. E. Scott, Esq., Minister of Agriculture, has also been appointed as superintendent of the Farmers' Institutes.

TEACHERS WANTED.

Applications will be received up to July 2nd 1910 for the position of a teacher in any of the following schools in the Municipality of Summerland, viz:—Garnett Valley, Prairie Valley, Gartrolls and Summerland.

Local News Items.

Miss Dale with her neice Miss M. Bateman left on Monday on a visit to Miss Bateman's home in Vancouver.

Mr. C. N. Higgin has had to remove his houseboat from the old wharf to make way for the new dock, etc. It is now anchored in Peach Orchard bay.

Norman Phinney left on Monday morning for Greenwood where he has accepted a position with Russell Law & Co., General Merchants.

Crows are very prevalent just now especially in Peach Orchard, and those with shot guns ought to get busy as they are killing chickens and other young birds.

Mr. W. Watson has gone into partnership with C. N. Borton, and they will work together the plumbing and tinsmithing business.

A soft drink counter is being installed in the billiard room attached to the hotel. In connection with the billiards there is a prize put up for the largest break made on the table during the month.

The front part of the store which is now being removed piecemeal, and until recently occupied by the Supply Co., is to be placed just behind the hotel, and when finished will form a new wing containing twelve bedrooms, and the ground floor will be used as an extra dining room.

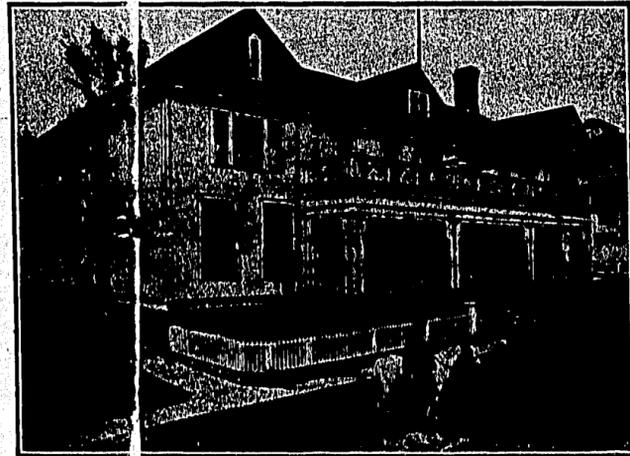

Jack Blewitt has received a consignment of canoes by Gorden of Lakefield. He procured nine in all and those which have been sold are highly spoken of by their owners. He has on hand three only two of which are of the racing type and one of the ordinary. In view of the many regattas which are to be held, it would be wise for intending purchasers to communicate with Jack right now, or they may be too late.

Mr. and Mrs. T. C. Orr of Toronto who have been in Summerland for the past few weeks will open a jewellery store on Saturday the 18th inst. They will work the business on behalf of Mr. J. Rowley of Toronto, Mrs. Orr's father. He is expected in Summerland in the fall. They will carry a full line of goods and repairs to watches and jewellery will receive every attention. Optical work will receive special attention, Mrs. Orr having had a large experience in this particular branch of the business.

Rates \$2 to \$3 Per Day.		Special Terms by Week or Month	

UNRIVALLED IN ITS BEAUTY, its location, and the excellence of its soil, is our new fruit land proposition on the west shore of Dog Lake in the sunny southern Okanagan Valley.

Here fronting on one of the finest inland sheets of water, with a full eastern exposure, and on which the sun shines forth in all its glorious splendor, are to be found hundreds of acres without stones, without timber, without alkali. Here the most punctillious fruit grower can be satisfied in the way of orchard land. One of the great outstanding features is that all irrigation and domestic water supply will come through a pressure pipe system.

DOES SUCH A PROPOSITION APPEAL TO YOU? If it does write us and we will only be too glad to give you all the desired information

JAMES RITCHIE - PARKDALE - SUMMERLAND

SUMMERLAND'S FRUIT CROP.

During the past week, Ben Hoy, assistant horticulturist, and J. L. Berkley of the Okanagan Fruit Union, were in the district for four days, going over the various orchards and studying the prospects of the crop. The approximate estimate at which they arrived is that there will be in all probability sufficient fruit to fill about one hundred cars, made up as follows ;

- Apricots - 2000 crates.
- Plums & Prunes - 2000 crates.
- Apples - 15000 boxes.
- Peaches - 66000 boxes.
- Cherries - 500 crates.

The Ladies Aid of the Presbyterian Church will hold an Ice Cream and Strawberry festival in Mr. Anderson's grove in Peach Orchard on Thursday 16th inst. at 7.30 sharp. The band will be in attendance.

The Rev. Frank E. Hardy, the new Methodist minister, is expected in on the 14th or 15th inst.

Mr. W. J. Walker, president of the British American Live Stock Association, will leave Vancouver next week on an extensive tour through Alberta and Saskatchewan as official representative of the Vancouver Exhibition Association. He will seek to secure the active co-operation of breeders of high-class horses and cattle.

\$100 REWARD will be paid to anyone giving information which will lead to the conviction of any person or persons stealing fruit from Mr. A. D. Adamson's Orchard, on Jones Flat.

SATURDAY, JUNE 11, 1910

THE PROVINCIAL UNIVERSITY.

The government of this province has determined to have a university. With most commendable statesmanship they have decided that when they do begin to build they will build something worthy the noble natural heritage with which we have been endowed. They will not mind a little extra expense and a cost that may seem appalling. That is what we like about them. There are times when to be economical is a crime. This is one of them. If the province has to do any saving the saving had much better be done at some other point. The field of knowledge is now so vast and the means of research so varied and expensive that a half equipped institution is of little use, though costly. Therefore those who go into that business should go into it with intent to "make a spoon or spoil a horn."

A university, it may be said, is not a college. A moderate outlay will build and equip an efficient college; but a university is a collection of colleges. Its various schools must give a training in law, arts, medicine and the various branches of applied science, to say nothing of theology.

To be worthy it must carry on post graduate work in the various fields of its activity. The bachelor's degree in arts or science is simply the beginning of its real curriculum. The college graduate is fitted merely to enter a university in the proper sense of the latter term. He is now supposed to know how to study and go on acquiring knowledge for himself. The professors simply guide him in his explorations.

To build and maintain an institution of that kind with its numerous museums,

libraries, laboratories and distinguished professors is a matter calling for an uncommonly long purse. Yet it must be done and done well, or else our very brightest men will go where they can obtain the very best training for their life's work in the various callings.

If Von Moltke was right when he said that Germany is ruled by one-third of the students in her universities, we may be sure that third does not include the lame ducklings of the schools. It is made up of the bright, ambitious men, such as in our own case would surely lift up their white wings and fly away to Chicago, Cornell, McGill or elsewhere, never to return if we do not give them a fair chance at home.

The province can not afford to be drained of its best blood year after year for the sake of a few millions spent now. It is often the case, as illustrated in the person of the present premier, that one man may be worth several millions to his country. One man well trained may save this province today or tomorrow more than the whole cost of the university. The man is therefore worth saving and keeping at home. There is always a place elsewhere for men of the sort to which we refer.

The government also shews its wisdom in having a commission of independent and unbiassed men from outside look over the province with a view to selecting a site for the provincial university. A smaller government would have placed it off hand down at the coast. This commission may have a different view. More than one state university has been placed outside the large centres. Some of the greatest universities on the continent, e. g., Michigan, Leland, Stanford and Cornell, are in small places, to say nothing of a brood of smaller institutions.

And so, when it comes to that, why shouldn't Summerland have a show for it? We will be on a trunk line of railway with connections, north and south, east and west. We will be twelve hours from Vancouver, have a healthful climate that makes out-door winter sports both possible and delightful, and have already made a start along educational lines. If the gentlemen of the commission decide on some point in the interior then we think they should certainly give Summerland's claims their most careful consideration.

TO RENT—from July 1st, the house presently occupied by Mr. J. C. Robson. \$15.00 per month. Apply Mr. A. Stark.

OKANAGAN SHOOT AT ARMSTRONG.

The fourth annual prize shoot of the Okanagan Rifle Association was held at Armstrong on the 1st 2nd and 3rd insts. There were 65 competitors including 11 members from Summerland. The local boys were out of their usual luck so far as cups went this trip, but secured their full share of the money prizes. The meet itself is generally acknowledged to have been one of the best ever held in the Province, the events being shot off, if anything, a little ahead of time, and the excellent manner in which the program was carried through spoke volumes for the untiring efforts of the popular president, Capt. Wolfenden.

Professional Gentlemen's Match.

It will be seen from the above results that the first prizes were well distributed among the several towns.

The school board trustees met on Monday last and transacted their usual business. It was reported that the question of the four-roomed school house upon the flat had been referred to Mr. James Miller, the inspector, for his report. Resignations from four teachers were received as follows:

Miss Ballantyne,	Garnett Valley.
Miss Young,	Prairie Valley.
Miss Hobbs,	Gartrell.
Miss Raleigh,	Summerland.

An Oliver Typewriter—the standard visible writer—the most highly perfected typewriter on the market—YOURS FOR 17 CENTS A DAY!

The typewriter whose conquest of the commercial world is a matter of business history—YOURS FOR 17 CENTS A DAY!

The typewriter that is equipped with scores of such conveniences as “The Balance Shift”—“The Ruling Device”—“The Double Release”—“The Locomotive Base”—“The Automatic Spacer”—“The Automatic Tabulator”—“The Disappearing Indicator”—“The Adjustable Paper Fingers”—“The Scientific Condensed Keyboard” all

Yours for 17 Cents a Day!

We announce this new sales plan recently, just to feel the pulse of the people.

Simply a small cash payment—then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded.

The demand comes from people of all classes, all ages, all occupations.

The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition: An impressive demonstration of the immense popularity of the Oliver Typewriter.

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

A Quarter of a Million People are Making Money

The **OLIVER** Typewriter
The Standard Visible Writer

The Oliver Typewriter is a money-maker, RIGHT FROM THE WORD “GO!” So easy to run that beginners soon get in the “expert” class! EARN as you LEARN. Let the machine pay the 17 CENTS A DAY—and all ABOVE that is YOURS.

Wherever you are, there’s work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably ABOVE those of many classes of workers!

‘An Oliver Typewriter in Every Home!’

That is our battle cry to-day. We have made the Oliver SUPREME IN USEFULNESS and absolutely INDISPENSABLE in BUSINESS. Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the home training of young people. An EDUCATOR as well as a MONEY maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver opportunity?

Write for further details of our easy offer and a free copy of the new Oliver catalog. Address

SCHOOL ATTENDANCE.

School	Enrolment	Average
Central, Division I.	42	36
Central, Division II.	34	25
Town School	26	18
Garnett Valley	13	11
Trout Creek	12	10
Prairie Valley	11	9

The work during last month was done from actual old examination papers, and the standing is as follows:

5th class: Ethel McIntyre, 78; Grace Logie, 74; Edith Thomson, 66; Annie Steuart 64.

Sen. 4th: Leimer Sherk, 75; Roscoe McWilliams, 72; Robert Munro, 72; Walter Mumm, 67; Marjorie Tingley, 67; Ralph Brown, 65; Jessie Mitchell, 64; Arnold Gayton, 64; George Dale, 63; Rina Thomson, 60; Harvey Phinney, 60; Rich Estabrook, 60; Eula Watson, 60; Gordon Ritchie, 60.

Jnr. 4th: Cleveland Stevens, 82; Marie Arkell, 76; Jean McIntyre, 75; James Ritchie, 70; Gordon Robertson, 69; Sydney McCulloch, 67; Ed. Logie, 66.

The entrance examination will be held on the 20th of present month, and all those in the foregoing sen. 4th. list will write on the examination.

BAND PROGRAMME.

The band will play in the bandstand on Thursday evenings instead of Saturdays as formerly. This move has been made necessary on account of a many members of the band not being able to get away on Saturday evenings.

The following programme will be rendered on Thursday evening, June 15, commencing at 8:30:

March, Inspection	-	Evans
Selection, Ireland	-	Godfrey
Gavotte, Loving Hearts	-	Brown
Valse, Fantastic	-	Zikoff
Selection, Scotland (by request)	Godfrey	
Intermezzo, Moonlight	-	Mackie
March, Commandery	-	Hall
The Maple Leaf and King.		
A. C. Pearce,	D. H. Watson,	
Bandmaster.	Manager	

The Okanagan Exhibition to be held at Vernon is planned on a big scale. The prospectus is published and copies may be procured at many offices in town. It consists of one hundred pages, and besides giving a complete list of classes and prizes furnishes some very interesting facts about the Okanagan district and British Columbia generally.

:: Naramata Notes ::

Mr. Francis of Peachland is assisting with the summer pruning for Mr. Niblock.

Mr. and Mrs. L. Block are spending the week-end at Kaleden.

The usual church services were held last Sunday, Rev. G. O. Fallis at 10 a. m., and Rev. H. A. Solly at 7 p. m.

The sight of a number of deer by different parties recently would point to the probability that game will be unusually plentiful this season.

June 23rd the date of our first regatta, promises to be a record breaker in point of numbers, and preparations are being made for the entertainment of a bumper crowd.

Master Avard McCullough received an ugly gash on his leg as a result of a flying missile striking him while a stump was being blown out.

A large number of ladies from town attended the meeting of the Unity Club held today (Friday) at the home of Mrs. R. C. Lipsett of Summerland. The party were conveyed across in the Naramata.

If we have not had a land of sunshine this week on account of the numerous showers, we may certainly speak of our fruit and flowers. The whole place seems dotted with immense beds of wild strawberries and wild roses, the stems of the latter often reaching to a height of from 8 to 10 ft.

The trustees are making an effort to secure an additional teacher in our school for next year. The present teacher, while doing faithful work, finds that the large number of classes are a serious hindrance toward the progress of the school as a whole. By all means let us have two teachers.

The band concert at three o'clock last Sunday, despite the unpleasant gale blowing down the lake, was an enjoyable feature of the day's entertainment. Toward the close of the program Mr. Robinson in a neat speech complimented the leader upon the high state of efficiency of the band, and acknowledged the subtle compliment paid him in the presentation of the "J. M. R." march, a really fine selection of the leader's own composition. Mr. Robinson also stated it as his wish that these sacred concerts become a fixture in our Sabbath entertainment, as he thought it best to avoid the wide open day on the one hand, and the narrow path of our Puritan fathers on the other. The next date for the appearance of this popular organization here is July 3rd.

ROUGH PLAN OF NEW WHARF & SLIP DOCK

MARKET REPORT.

Mr. Metcalf has issued his first report from the prairie provinces. He says that the present quotations for future delivery from Wanachee F. O. B. there, are as follows:

Peaches, per case,	45c
Prunes, per case,	40c
Apples, per box, No. 1,	80c.
Apples, per box, No. 2,	65c.
Pears, per box, No. 1,	\$1.00.
Pears, per box, No. 2,	90c.
Cherries, per box 10 lbs.,	50c. to 60c

He has been informed that a Mr. Griffen representing the American houses, had bought the output of strawberries on Wash-on Islands paying F. O. B. there \$1.50 per case.

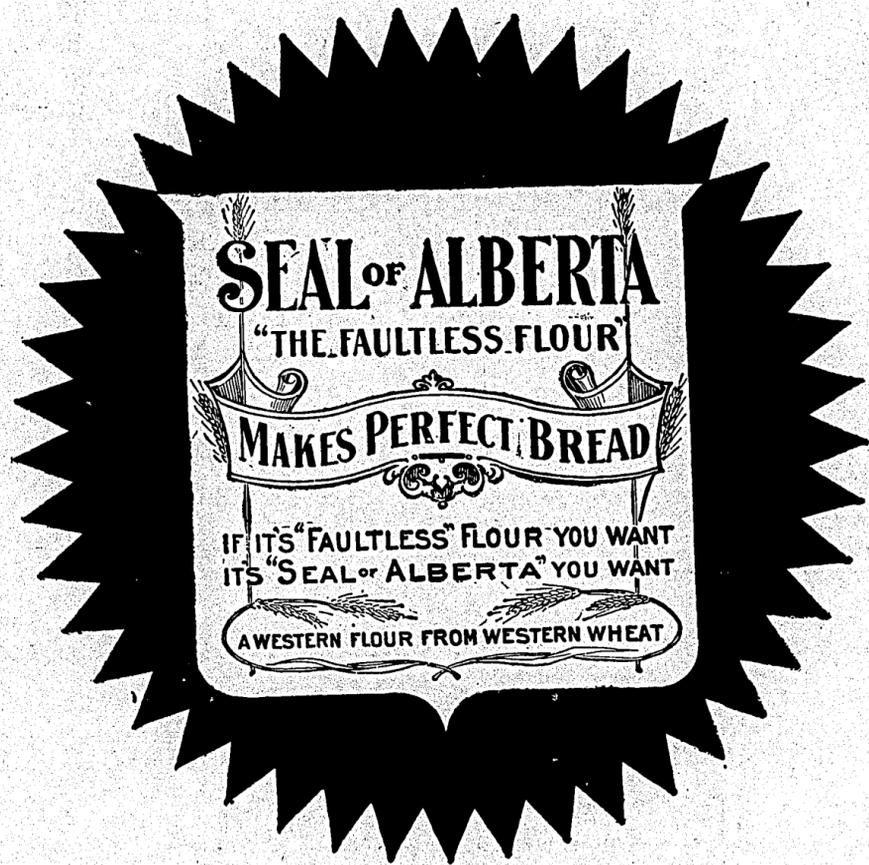

He states that carloads of strawberries are coming through from Spokane to Calgary by freight in four days. Freight rate \$1.00 per 100 lbs., duty 48c., icing 10c.

He advises fruit growers and shippers of B. C. to perfect their shipping facilities and marketing arrangements and to give the greatest care to all the details in putting up their fruits this season.

From the present reported heavy crop, the good and finished product will sell, while the poor and unfinished may go begging for a sale. Peaches are likely from recent reports to be an exceptionally large crop everywhere. This with the energetic efforts being put forth on the part of American growers and shippers to sell their products in these markets will have the tendency to reduce the price. He also advises growers and shippers to get quotations into the hands of wholesale and retail dealers with estimate of crop, and varieties for sale as soon as crop is assured.

There is a very determined effort on the part of jobbers everywhere here, operating through their Boards of Trade, to get the present tariff on fruit reduced from the American side. These efforts and agitation along this line are likely to be continued. Any action by the Dominion Government in this direction should be opposed by fruit growers east and west most energetically.

The bathing house has been removed from its old stand, and will be rechristened and baptized as the garage. It took unto itself wheels on Monday last, and was immediately transferred near the hotel where it will be transformed into its new character.

TAYLOR & CO.

No One To Be Disappointed.

Owing to the Delays in the Mails Hundreds of Applications for Shares did not reach the Executive Office until too late. Closing out date to be extended until July 16th, 1910.

COALINGA-EUREKA OIL COMPANY Inc.

From the volume of applications which have arrived at our office several days after the closing out date, May 28th, for shares in this Company at 25 cents per share, the executive body met and decided that it would be to the best interest of all concerned to fill these delayed orders and extend the same privilege to those at a distance, who could not see the advertisement, owing to lateness in issue of paper, in time to enable them to wire their order here by the closing out date, May 28th.

This is, therefore, a final opportunity for you to secure a block of stock in the Coalinga-Eureka Oil Company at 25 cents per share. No application received for less than 100 shares.

You must bear in mind, however, that no further extensions will be granted. Under no consideration will there be shares offered for sale by the Company after July 16th, at less than FIFTY CENTS per share. Do not delay, therefore, since the block to be sold at 25 cents is limited.

Since the last advertising announcement appeared in this paper, several new wells have come in with large volumes of oil in the Coalinga oil fields.

Shrewd, far-seeing investors, capitalists from all portions of the world, are thronging to Coalinga, the greatest oil field in the universe, until the district has become a veritable bee hive of men, young and old, anxious to take advantage of this great opportunity of making a maximum amount of money at the minimum of investment.

The oil fields of Coalinga are richer than the gold fields of the Yukon ever were. Do you know that

if you had invested \$100 at the inception of the following companies, you would have made:

Silver Tip	\$ 600
W. K.	1,000
Sterling	1,000
Premier	1,100
Monte Christo	1,120
Record	2,000
S. F. & McK.	2,400
Sauerdough	4,166
Lucile	5,000
San Joaquin	5,700
Peerless	6,350
Kern River	9,500
Central Oil	15,000

"Pinal" shares sold at 25 cents, they are now selling at \$25 and paying monthly dividends of 15 per cent, an income of \$60 per month on an investment of \$100. When the "Silver Tip" came in, the stock jumped over night from 66 cents to \$4 and has been paying monthly dividends of 10 per cent ever since.

Similar opportunities are open to you, but you must think for yourself, have the courage of your convictions and ACT.

Development work is being rushed forward on Well No. 1 of this property with the result that within a few weeks time the drill should be down to the oil levels, and the Coalinga Eureka Oil Company's property should be one of the biggest and most profitable propositions operating in the Coalinga fields.

The property is especially well situated, being adjacent to the largest producing properties in the Coalinga field. This means that our property must be immediately above the great oil pools.

For 25 cents you are able to acquire \$1.00 shares. The shares are non-assessable. When you have paid 25 cents per share you receive your certificate. No further demands can be made upon you.

The smallest block of stock is 100 shares, on which the terms are as follows:

WHAT YOUR MONEY WILL BUY.

Cash Plan (5 per cent deducted).		
\$23.75	will buy 100 shares	par value \$100
47.50	" 200 "	" 200
118.75	" 500 "	" 500
237.50	" 1000 "	" 1000

INSTALMENT PLAN		
\$10 cash & \$7.50 a month for 2 months buys 100 shares		
20	" 15.00	" " " " 200 "
30	" 22.50	" " " " 300 "
40	" 30.00	" " " " 400 "
50	" 37.00	" " " " 500 "
100	" 75.00	" " " " 1000 "

Prospectus and fuller information will be furnished on application.

In conclusion, reservation will be made in the order received, therefore, make your reservation at once, remitting for stock by cheque, draft, or money order.

Make all cheques, drafts and money orders payable to

RICH RED BLOOD.

You Will Never Have It as Long as You Have Dyspepsia.

Just as long as you have dyspepsia your food will not properly digest, and the nutritious elements in the food will not be extracted or absorbed, and impoverished or watery blood will follow.

This condition may not be apparent at first, but it will come just as sure as the sun will rise again.

Any stomach ailment, including all forms of indigestion, can be promptly cured by using Mi-o-na tablets, a scientific treatment unsurpassed.

It stops fermentation, belching of gas and taste of sour food almost at once.

The mighty power of Mi-o-na to invigorate and restore the stomach to perfect condition is known everywhere.

Mi-o-na cures by building up—by banishing the cause. For thin people it is a great flesh builder, because it causes the stomach to give more and purer nutrition to the blood. It cures sea and car sickness and vomiting of pregnancy almost immediately. The Summerland Drug Co. sells Mi-o-na for 50 cents a large box, and guarantees it to cure or money back.
